Fische sich fressen? Ist das Meer am Ende? Wer sie erschuf, erschuf sie im Meer. Pflanzen und pflügen diese Fische im Meer? Werden sie fett durch Kaufen und Fressen der Dinge vom örtlichen Markt? Diese Tiere sind im Wasser. Was ist mit diesen Tieren los, daß sie sich so gegenseitig fressen? Ein weiser Mann sagte, ein weiser, kluger Mann, ein Mann, der den Befehl der Himmel einhielt, sagte: Nein, ein Mann von diesem Schiff mit den Attributen Shaytans spuckte ins Meer. Er machte das Meer schmutzig, und die Tiere fressen sich gegenseitig. Hier ist die Welt jetzt auch so geworden. Sie füllten die Erde mit Dreck. Allahs erster Befehl ist 'Seid sauber, beschützt euch gegenseitig.' Seid Diener Allahs und Ehre ist euer. Wenn nicht, werdet ihr einander auffressen, geradeso wie die Fische in diesem Meer. Es ist Dhulm, Ungerechtigkeit. Dhulm, Ungerechtigkeit, bringt Dhulumat, Dunkelheit. Islam erklärt alles. Dhulm zieht Dhulm an. Es ist Dhulumat, Dunkelheit. Und wenn die Dunkelheit fällt, weiß niemand mehr, was er tut. Wegen Dhulm sind die Kinder Adams jetzt in Dunkelheit. Sie akzeptierten das Licht nicht, das von den Himmeln herabkam, und bekämpfen sich jetzt gegenseitig. Laßt sie kämpfen, sagt Er von oben. Laßt sie. Sie sagten: Wir werden Gesetze machen. Wir üben Gerechtigkeit. Laßt sie! Sie taten das, und jetzt fressen sie einander auf, genau wie die Fische in diesem Meer sich gegenseitig auffraßen. Was ist los? fragten sie. Ein Ungehorsamer spuckte ins Meer. Die lebendigen Geschöpfe im Meer bekamen einen Schock und begannen, einander zu fressen.

O Kinder Adams, o Gläubige. O Gläubige und jene, die an den Propheten Jesus glauben, und die an den Propheten Moses glauben, werft diese Gewehre fort! Wenn ihr das nicht tut, wird Er (swt) Feuer auf euch herabregnen lassen von den Himmeln. Er (swt) ist Al-Qahhar, Er (swt) wird euch vernichten! Benehmt euch! Tötet den geehrten Menschen nicht, den Allah erschuf. Die Erde ist weit, sie ist genug für euch alle. "Inna Ardi Wasi`atun Fa'iyaya Fa`buduni" (29:56). Meine Erde ist eine weite, geräumige Erde. Übt Dienerschaft für Mich, lebt für Mich, sagt Janabu Rabbu l-`Izzat. Schande auf die Menschen, die nicht für ihren Herrn leben! Der Befehl kam für sie: Kämpft! Freßt einander auf! Und jetzt fressen sie einander auf. O unser Herr, vergib uns. O Shah Mardan, dein geliebter Freund ist der Bewunderer deiner Rede. Möge uns eine Macht gegeben werden. Mögen wir die Flagge der Himmel hissen und marschieren. Wir können vor der Ungerechtigkeit davonlaufen. Wenn du nicht vor der Unterdrückung davonläufst, werden die Anführer der Unterdrücker vernichtet. Möge Allah uns vergeben. Heute Nacht ist der erste Sha`ban al Muazzam. Allah weiß, mit was erfüllt er kommt. Wir sollten uns hüten! Wir sollten auf den

Befehl Allahs achten. Wenn nicht, gerade wie Korn zwischen den Mühlsteinen zerquetscht und zu Mehl wird, das werden sie jetzt machen. Tawba ya Rabbi. Tawba Astaghfirullah.
Willkommen, o Shah Mardan. Dein geliebter Freund bewundert deinen Ausdruck. Ma sha' Allah Kan wa ma lam Yasha'a lam Yakun. Tut das, da Allah der Allmächtige dem Propheten Sulayman das Sultanat gab, `ala Nabiyyina `alayhi s-Salatu wa s-Salam. Es gibt kein Sultanat wie seins. Er (swt) mag dieses Sultanat von euch nehmen und es den schäbigen Leuten geben, den Zigeunern, den Wölfen. Er mag es den Schlangen geben, sie alle, um euch zu vernichten. Sucht den Propheten Sulayman, dessen Befehle von Mensch und Djinn befolgt wurden. Sie brachten Mengen von Gold, wie er gefordert hatte und schütteten es vor ihn hin. Er stieß es mit den Füßen, der Prophet Sulayman. "Innahu min Sulayman wa innahu Bismillahi r-Rahmani r-Rahim" (27:30). Macht das Bismillah zu euerem Banner und marschiert! Niemand kann euch etwas antun. Mach weiter, o Shah Mardan. Bekleide uns mit diesem majestätischen Gewand. Mögen wir uns in das ehrenwerte Gewand des Islam hüllen. Geht nicht hinaus mit unbedecktem Kopf, Männer und Frauen.
Kennt euere Grenzen! Wenn nicht, werden sie euch beißen, fressen, in Stücke schneiden. "Wa idha l-Wuhushu Hushirat" (81:5). Die Zeichen des Qiyamah. Wuhush - Geschöpfe mit wilden Attributen werden kommen. Wilde, mit so einer Wildheit, die nie vorher aufgetreten ist. Er macht sie zu einer Plage für euch, und ihr freßt euch gegenseitig auf. Wie die Fische in diesem Meer erschienen, als sie sich gegenseitig fraßen, so werdet ihr sein.
O Rabbu l-Izzati wa l-`Azamat. Du bist Subhan, Du bist Sultan. Zu Ehren des Dieners, den Du liebst, zu Ehren Shah Mardans, haltet Ausschau nach den Armeen, die kommen werden mit Schwertern, Speeren in den Händen, die auf Pferden kommen werden, um dem Islam zu dienen, um den Unglauben zu zerstören. O Iraner, o Schiiten, o Alawiten, seht, was von den Himmeln kommen wird. Wenn nicht, wird Er eine andere Art von Armee senden, die euch erledigt.
Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. Sagt 'Hasbuna Allahu wa Ni`ma l-Wakil' und fürchtet euch nicht. Willkommen, o Shah Mardan. Sagen wir Bismillahi r-Rahmani r-Rahim, Bismillahi r-Rahmani r-Rahim. Wir können diese Rüstung tragen. Es wird keine Krankheiten und Probleme mehr geben, noch wird es Angriffe von den "Wuhush" auf euch geben. Es wird nicht einmal einen Löwen geben, der euch nicht fürchtet. Selbst Löwen fürchten diejenigen, die mit der Würde des Menschen bekleidet sind. Wisset das, nehmt das zur Kenntnis in bezug auf euere Lage, o Schwache. "Wa Khuliqa l-Insanu Da`ifan" (4:28). Wir wurden schwach geschaffen.

Fürchtet, fürchtet.. Die Schwachen vernichten die Schwachen, kann nicht sein. Eine Armee von den Himmeln kommt herab und wendet die Shariat Allahs auf der Erde an. Wer das nicht will, wird erledigt. Sie werden Futter für die "Wuhush".
Möge Allah uns schützen. Möge Allah uns nicht außerhalb Seiner Heiligen Ordnung sein lassen. Willkommen, o Shah Mardan, dein Wort ist Heilung für alle Probleme. O Geliebter, Shah Mardan. Mögest du uns unter deinem Banner aufnehmen. Erbittet das, o Iraner, o Alawiten, o Türken, o Inder, o Chinesen. Wir sind alle Allahs Diener. Niemand hat das Recht, einen anderen zu töten. Wenn ihr nicht hört, wird eine Nation kommen, die euch alle schlägt. Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. Sagt das und marschiert, fürchtet euch nicht. Fatiha.
Wenn jeder seine Rechte und Grenzen kennte, würde die Dunya wie das Paradies sein. Aber der wilde Mensch in dieser Zeit erkennt kein Recht und keine Gerechtigkeit an. Sie sagen: Alles ist für uns! Für mich, für mich, gerade wie eine Axt beim Schlagen eines Astes, sagen sie: Alles für mich! Es gibt Himmlische Gerechtigkeit, die Gerechtigkeit der Himmel. Sie wird alle ihre Rechte und auch ihre Grenzen lehren. Fatiha.

**Papiergeld ist Haram** oder **Wenn man Sajda vor einem Menschen macht, ist man noch lange kein Ungläubiger**

(HonorIsAHeavenlyDress, engl.)

Asalaamu alaykum Ya Sayyidi madad bismillah audu billahi minashaytan nir rajeem, bismillah hirRahmaan nirRaheem madad al haqq ya Rabb destur ya rijal Allah asalaamu alaykum mubarak

Segen sei auf euch, (heute ist) ein heiliger Tag, (in) einem heiligen Monat, vielleicht der heiligste Monat Rabil ul Awwal, in dem das Siegel der Propheten geradewegs aus den Himmeln in diese Welt gekommen ist um seinem Volk den Segen Allahs des Allmächtigen zu bringen. Wir müssen Allah dem Allmächtigen dankbar dafür sein, dass er uns geehrt und auserwählt hat, Teil des Volks von Sayyidina Muhammad (s) zu sein (steht auf). Das ist die größte Chance für uns (sitzt) Assalamu alaykum, wir sagen audubillahi.. und bismillahirrahmanirrahim.

Das ist ein (Ehren)Titel der Muslime durch ihr Sprechen und durch ihr Schreiben. Es ist ein Zeichen des Islams wenn du eine Person siehst, die audhubillahi... sagt. Du bist sein Zeuge, du bezeugst, dass er Mu'min ist. Und dasselbe gilt auch fürs Schreiben: Wenn du siehst, dass er auch seine Schreiben mit bismillah... beginnt, musst du anerkennen (wissen), dass dieser Muslim, dieser Gläubige ein Nachfolger des Siegels der Propheten ist und dass er von shaitanischen Tricks geschützt ist. Und er ein Nachfolger des Siegels der

Propheten ist, und du das ausüben kannst, was er dich lehrt. Ja und wir sagen dass die Menschen wissen müssen, dass sie Muslime sind. Audhubillahi... wenn du audhubillahi... sagst, mein Glaube ist es, wenn irgendeiner audhubillahi ... sagt und darum bittet, sprechen zu können, glaube ich nicht, dass derjenige nicht beschützt ist. Nein, er ist geschützt vor den Fallen von Shaitan.

Überall kommt Shaitan und versucht fasad zu machen, Verderbnis zu bringen. Und alle Verderben auf dieser Welt steht geschrieben, dass sie denjenigen Leuten passieren sollen, die nicht glauben, dass es Shaitan gibt. Was ist der Shaitan, und wie können wir es anstellen, dass er vorbeigeht, dass er weggeht? Ja, und dass es unmöglich für ihn ist, uns näher zu kommen oder uns eine Falle zu stellen, wo wir hineintreten? Wenn du dich in einer problematischen Lage befindest, sag audhubillahi... etwas schlechtes passiert mir gerade, weil ich mich nicht zu meinem Herrn flüchte vor den Tricks und Fallen von Shaitan, dem gefährlichsten Feind der Menschheit.

O Salafi ulemas, ihr versteht den heiligen Qur'an und der sagt... ina.. shaytana aduwuun tanveen it tazeem.. Allah warnt davor, dass der größte Feind Shaitan ist. Tazeem das bedeutet: gefährlichster Feind der Menschheit. Alle Schwierigkeiten kommen von Shaitan, er hat die Türen der Probleme geöffnet an dem Tag, als Allah befahl: Beugt euch nieder vor Adam.

Oh Salafi ulema, was sagt ihr? Ihr sagt, sajda zu machen sei verboten, das wissen wir. Aber ihr sagt auch, Allah swt würde nur Sajda vor Ihm selber erlauben? Und wenn eine Person sajda vor einem Menschen macht, sagt ihr, ist er ein Ungläubiger? Ihr könnt das aber nicht sagen, da (es zwei Arten von) sajda gibt: diejenige für die Gehorsamkeit der Dienerschaft gegenüber Allah und diejenige aus (takreem) hohen Respekt. Wenn ein Sohn aus Respekt vor seiner Mutter oder seinem Vater sajda macht, ist dies erlaubt. inamal amalu bin niyaat. Es kommt auf die Absicht an: (Wenn seine Absicht) der Respekt eines Kindes gegenüber seinen Eltern ist - das ist ok. (Hatschi) Vor sayidal haqq gaben die Kinder ihren Eltern den höchsten Respekt, aber nun wurde dieser Respekt hinweg genommen, keiner gibt mehr seinen Eltern Respekt. Es ist ein Befehl des Herrn der Himmeln, seinen Eltern Respekt zu zollen. Sajda ist für die takdir Anerkennung. Das ist ok. Allah fragt nie danach, wieso du vor deinen Eltern sajda gemacht hast. Er mag dich (zwar) danach fragen, wieso du dich vor deinen Eltern verbeugt hast, und du sagst: Weil du befohlen hast, den Eltern höchsten Respekt zu erweisen. Diese Form der Respekt Erweisung hat nichts mit Gottesdienst zu tun, (beides interferiert nicht miteinander). Aber die Leute haben den Respekt verloren, die Demokratie,

dieses dreckige System, hat die Leute dazu gebracht, ihren Respekt zu verlieren.

Allah hat das Ego erschaffen, das Nafs und sagte zu ihm: Komme (hierher) und gehe (dann wieder) zurück. (und das Ego) sagte, als es zurückging: wieso soll ich (nochmal) kommen? Statt den Befehlen von Allah zu gehorchen, machte das Ego immer das Gegenteil. Es sagte: Ich bin ich und du bist du (Ich gehöre zu mir und du gehörst zu dir), es gibt keinen Unterschied (zwischen uns). Deswegen sind die Leute nun so.

Allah befahl, diejenigen, die ihren Herrn wertschätzen (Ahlul ...), sollten selber auch geehrt werden. Das ist ein Ayat Karima. Nur das gibt euch Ehre, nicht die erfundenen Titel; wenn sie nicht von Allah geehrt werden, werden sie von nichts geehrt. Diese Ehre ist wie ein Kleid, das Kleid der Ehre. Das ist wirkliche Ehre. All das, was die Leute euch geben, Medaillen etc., gibt euch keine Ehre, diese Ehre reicht nur bis zum Stein, mit dem sein Sarg verschlossen wird, der seinen toten Körper beinhaltet.... danach ist es beendet - das Kleid der Ehre von Allah ist jedoch für die Ewigkeit.

Shaitan betrügt die Leute durch eine spezielles System, das ..., die Leute von Ost bis West benutzen das nun, das Shaitan ihnen gegeben hat. Sie rennen diesen erfundenen Titeln hinterher - das ist Dummheit, Ignoranz! Trachtet nach der göttlichen Ehre, aber die Leute rennen von Morgen bis Abend wie die anderen Kreaturen nach ihrer Versorgung, nichts denken sie darüber hinaus, außer wie sie ihre tägliche Versorgung bekommen können.

Das 2. Level (sind die) Leute, die sagen sie wären eure Bosse. Jeden Morgen laufen sie als erstes schnell zu ihrem Computer hin (um nachzuschauen), wie viel habe ich gestern verdient, gestern waren es 300 Mio. aber heute müssen wir mindestens 50 Mia. erreichen, um die Nr.1 auf dieser Welt zu werden, wie es uns von der Regierung gewährt wurde. Wir müssen uns mit dem Herrscher der USA treffen, sie haben eine ökonomische Krise, Krise, sie riefen mich an und haben mich darum gebeten, die US von gefährlichen Positionen zu retten. Ich frage nach diesem Typ, vom frühen Morgen bis zur Nachtzeit ist nichts in ihren Köpfen!

Sie haben so viele Instrumente (erfunden), so viele Instrumente, und das eine bringt den Leuten endlose Neuigkeiten, um sie glücklich zu machen. Aber die Leute achten nur darauf, welche zahl sie heute erreichen werden. Am ersten Tag (nehmen sie) eine 1 und setzen dahinter eine Null. Am 2. Tag müssen wir eine andere Null dahinter setzen, so werden es 100. Am dritten Tag setzen sie 2 Nullen dahinter und es wird 10.000. Alle Tresore der Bank of England sind voller Gold, das alles mir gehört, aber ich kann es nicht tragen, deshalb

gebe ich es all den (anderen) Banken, dass sie es für mich behalten, aber nun sind sie alle bankrott - am Ende.

Araber kehren sich nie um sowas, sie werfen mit unzähligen Rials um sich. Frühe waren das noch Silbermünzen. Oh ihr Salafi ulemas, ihr seid so jung, ihr wisst nicht, was in Saudi-Arabien vor 50 oder 60 Jahren los war. Zuerst hatten sie Silber- und Goldmünzen, doch jetzt haben sie es geändert, statt Münzen haben sie nun Papiergeld gedruckt, wo drauf steht: 5 Rial, 50 Rial, (Maulana tut so, als wenn er von einem Geldschein abliest), 500 Rial. Auf manchen schreiben sie 1000 Rial drauf. Oh, Salafi ulemas, was ist eure Meinung, warum sagt ihr nicht, dass Papiergeld haram ist, dass es keinen Wert besitzt? Ihr sagt, ihr wäret so achtsam, nur ja keinen Zins zu bekommen, warum betrügt ihr dann die Leute mit eurem Papiergeld? Fürchtet ihr sie nicht? Und behaltet das Gold in euren Tresoren und gibt den gewöhnlichen Leuten, die euch reich gemacht haben, Papier wo 1000 Rial draufsteht? Das ist haram!!

Keine Notwendigkeit, immer die Tarikats zu attackieren, zu sagen es ist halal, haram, dies wäre bida, das wäre bida. Warum sagt ihr sowas? Es kommt ein schweres Bombardement auf euch!! Ich bin nichts, aber eure Namen werden gerade aufgeschrieben. Die "sahibun intikaam" Pfeile der Bestrafung kommen auf euch, verbrennen euch. Das ist weil ihr sagt, man darf nicht „assalatu assalamu aleik“ sagen ... solche Dinge wären nicht munkar. Ihr könnt nicht sagen, dass „assalatu assalamu aleik“ munkar ist. Muwaja sharifa, das ist kein munkar. Allah sagt „walamu ana feekum Rasulullah“ ... mein Höchstgeehrter, Höchstgerühmter von Vorewigkeit zu Ewigkeit. Ich frage euch, Salafi ulemas, was steht auf dem heiligen Thron geschrieben?? Sie sagen vielleicht, das steht nur „La illaha illah la“ und vergessen das allerwichtigste: „MUHAMMADUR RASULLULAH“!!! (steht)

Allah wird sie bestrafen! Sie vergessen das wichtigste, (aber) sagen nicht, dass es haram ist, Papiergeld im Islam zu benutzen. Astaghfirullah, möge Allah uns vergeben. Ihr müsst verstehen, ihr müsst verstehen. Unsere gewählten Präsidenten, diejenigen an der Macht, werden bestraft werden, sie sollen ein Beispiel sein. Oh Muslime, ihr müsst das wissen, diese Ansprache hier wird per Video von Osten bis nach Westen übertragen. So viele Wahabi bekämpfen uns (jetzt), bekämpfen die Tarikatleute, warum beschäftigen sie sich nicht damit, dass Papiergeld haram, bida, shirk ist, dass es das nicht im Islam gibt?! Warum sagt ihr das nicht, ihr Wahabileute, Allahs Strafe möge euch treffen!!

(Sheikh Nazim Zindabar, Sheikh Nazim Zindabar!!)

Ich trage kein Papiergeld mit mir herum, nur dieses (holt einige Münzen hervor). Diese sind besser, im Wasser lösen sie sich nicht auf, du kannst es nicht schneiden. Oh, Tarikatleute, insbesondere da ich Naqshbandi bin, meine Lehren werden vom Osten bis zum Westen weitergetragen, wir werden siegreich sein!!!

Fatiha

Was ich sehe, ich sehe zu den safeer Himmeln, die mir sagen: Komm mit mir. Ich muss sagen, was wahr ist, und Allah vergibt mir, wenn ich ein Falscher sein sollte. Wenn ich ein Wahrhaftiger bin, wird Allah mich belohnen um der Ehre des Meistgeehrten willen, Sayydina Muhammad sas. (steht)

Adhan?

## Paradise Opens for Those Who Seek It

(dt. ParadiesIstOffenFürSucher)

Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd!
Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd!
Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Sayyidina Muhammadin `izzan wa sharafan nooran wa surooran. Alhamdullahi Rabbi 'l-`Alameen. Madad yaa Saahib al-Imdaad.
Yaa Kareem, yaa Rabbee. Yaa Rabb! Anta Rabb! Anta Rabbi 'l-`Alameen! (Mawlana Shaykh stands and sits) Wa subhanak la nuhsee thanaan `alayk kama athnayt `ala nafsik, “Glory be You, we have never praised You as you praised Yourself.”
As-salaamu `alaykum RijaalAllah... jannah. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.
As-salaamu `alaykum. Afshoo as-salaam baynakum. O our attenders throughout the east and west, may Allah forgive us.

O People! As-salaamu `alaykum. Blessings are coming with every word that Sayyidi 'l-Awwaleen wa ’l-Akhireen, the Seal of Prophets is just saying with honor. For 23 years those blessings have always been

raining. On whom? On his Companions (r), men and women. They have been honored to be with the Seal of Prophets (s), the most glorified one in the Divine Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Tooba! The biggest good tidings for those who are listening from Sahaabatihi 'l-kiraam, Companions of the Seal of Prophets, and Allah Almighty is not closing those blessings, they are always raining. Any time you are speaking and you are glorifying the Seal of Prophets (s), those blessings are coming on you also. Therefore, when you are saying, “As-salaamu `alaykum, alfu salaam,” say to each other, “As-salaamu `alaykum,” and don't use plastic words. We are trying to be obedient ones. (...)

From east and west, people are running. “Oh, to where are you running?” “To collect much more rubbish.” Everyone is running after zibal, rubbish, to make heaps. If it is a golden heap, it is rubbish also, but people running and then finished, empty. One of my schoolmasters entered a classroom to teach mathematics, looking (back and forth). All students ... now they lost it, and they make like a hedgehog? They lost it. Then they were combing their hair, now suflu, kuflu, the youngsters' heads are so ugly. Now it is a new fashion, half the hair must be green, and the second half must be red. Our schoolmaster used to say, “Such beautiful hair is on your head, but inside your head is empty!” Now people are like this. All nations, from first class to last class, have empty heads and they are running after dunya. For what? They like to make heaps of rubbish.

O People! Throughout the east and west, north to south, where are your teachers? Where are your `ulamas, scholars, in Islam, in Christianity, and in Judaism? Where are your scholars? Where? People are running after the rubbish of this world and you are not saying, "O People! You have not been created to collect dunya, but you have been created to be for the Lord of Heavens. You are not putting for inside, but only running after rubbish like a dog.”

"O hello, darling. Prepare tea for me before we eat something, because today I am so tired because I was reaching the top point of my goals that I was asking to reach today. I had no chance, I only caught a small heap."
“What is that?”
“It is rubbish of dunya.”
“Where can you find that rubbish?"
“O my darling! I may say to you, go to the WC (bathroom) and take more.”

This is dunya. No pope, rabbi or shaykh of Islam may say that is wrong. The challenge is to the whole world, with all people running after rubbish to make more rubbish heaps. If it is gold, rubbish, mashaa-Allah. They are saying, "We are reaching the last point of civilization." Mashaa-Allah, you are putting on an apron and running to collect more rubbish.

O People! That is the last point of Mankind, to reach their targets, to collect more WC collections. Congratulations for everyone! Popes, holy ones, rabbis, and `ulamas al-Azhar will be happy with this addressing. No one can say, "You are wrong, rubbish collector."

There are some big cars in London, written on them, "Transportation," and everyone is saying, "This rubbish is for me! You go to the WC and take more from there. We shall make pyramids! Yes, and I am trying to make mine the most high pyramid." We are speaking now about millions, quadrillions, and pentillions of people are finished. They are never asking for which purpose the Creator created us. People are drunk for collecting of rubbish and they are making so many colors of rubbish, to say, "Not only do I have yellow, black, and blue, I have red also! White belongs to Heavens, but I have other colors." They are making a conference for 24 hours (...) Congratulations, once again, to all nations! Congratulations for rubbish collectors! Shaytan is saying, "Ba ba ba, you are first, no one is reaching to me. Look at the Internet, no one is reaching (...) I am the first one."

It is not suitable for a person who is glorified in the Heavens to run after rubbish. The Lord of Heavens did not create people to live for the rubbish of dunya! Yaa Rabbee, Anta Rabb! Anta Rabb! Send us a person to teach us with such heavenly perfume.

Once upon a time, I was in Madinat a-Munawwara, as-salaat wa 's-salaam `alaa nabiyina, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) It may have been the season of Hajj. We were travelling and just coming to visit our Grandshaykh in his seclusion. One person came from India, whose age was 140 years, and his son was 90 years old. I was there also, and he was with Grandshaykh and kissing him and Grandshaykh said, "O Nazim! Look at that one; from his mouth is coming the best-smelling perfume." Look at billions and billions of people, their mouths are smelling like WC and the Angel of Death is coming and never likes that smoking, dirty smell. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. What are we going to do?

All people are running for saving more rubbish. Tawbah, astaghfirullah. That is the understanding of their civilization, to construct buildings with 70 floors, and another one competes, saying, "I will build 80 floors." Where are `ulamas in Islam? Why are they not warning them? No one is speaking, not Muslims, Christians, Jewish people and their rabbis. No one is opening their mouths to say, "O People! Don't try to collect more from the dirtiness and rubbish of this dunya." What shall we say? No one likes to say this.

May Allah forgive us and send us a holy guide for us, a holy imaam, to arrange our hearts and our understandings. All people are on the wrong understanding of Islam. Christianity and Judaism are leaving people to drink wine and eat pork. That is haraam, forbidden in Judaism, and Christianity. Also, Jesus Christ never ate pig! Can anyone bring an authority that Jesus Christ ate from pig's meat? No one can say that Moses drank wine and became drunk! It is never written in the Old Testament or in the New Testament, so why are they doing that? They will be asked in the Divinely Presence, "Why did you drink that? It is dirty! Was there any command from Me to you, O Jewish people, O Christian people, O Muslim people?" How are more than half of Muslims drinking? Is there any authority with them? They are finished, they are rubbish collectors!

O Mankind throughout the east and west! Look after holy books once again, and what they are saying to you. He, Almighty Allah, said: (Mawlana Shaykh stands)

••••• ••••••••• ••••••••• •••••••••• •••••• •••••••••••••

Wa maa khalaqta 'l-jinna wa 'l-ins illa li-ya`budoon. I have only created jinns and men that they may serve Me. (51:56)

(Mawlana Shaykh sits) If anyone understands, I am happy. Even if one person understands and keeps himself or herself from the rubbish of dunya, I am going to be happy, but people are running after Shaytan, a`oodhu billahi min ash-Shaytani 'r-rajeem! If we are going to speak up to next week, from next week to next month, from next month to next year, it is not going to finish. We must change our understanding about our beliefs, which are blessed for believers to eat and drink, but so many things are forbidden for believers, but we are not teaching that. If you are saying something, why are you not teaching in schools the holy books, the Holy Qur'an for mu`mins? They are saying, "O Shaykh, this is a school building, not a monastery, mosque or synagogue. If you like, go there and learn." That is their answer. They will be grabbed by their necks and their

heads will come in the WC!

May Allah forgive us. I think that it is more than enough. I am asking forgiveness for me and for you. And we are all sinners, asking the Lord of Heavens, send to us! Those good tidings just reached us, for Mahdi (a) to come first, and the second one who most nations like him and are keeping his ways, Dajjal, the Anti-Christ. And the whole world is also looking for Jesus Christ, `Isa (a) to come from Heavens and give to people what they have been needing. Whoever is asking for Paradise, the way to Paradise is opening. Those who are not asking for Paradise will quickly go to the Fire. May Allah forgive us.

O People! Tooboo il-Allah, we must ask for forgiveness! May Allah send us those true ones to change the ways of Mankind towards Paradise, or else all of us will be in the Fire. Wa min Allahi 't-tawfeeq.

All nations! Hear and take care for yourselves! O RijaalAllah, Holy Ones! Help us to take way rubbish from our hearts and to be good servants for our Creator, Allah Almighty. (Mawlana Shaykh stands and sits) Bi jahi nabi al-kareem.

Fatihah.

## Pardon Even a Fallen Tyrant, as Allah Can Also Punish You

Suhbah After Jumu`ah Prayers

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli wa sallim wa baarik `alaa habeebika al-Mustafa, Sayyidina wa nabiyyina Sayyidi 'l-Awwaleen wa 'l-Akhireen. Yaa Sayyidi 'l-Awwaleen wa 'l-Akhireen! ishfa` lanaa yaa Sayyidi 'l-Awwaleen wa 'l-Akhireen! Nahnu khata`oon narju shafa`atak yaa Sayyidee, yaa Rasoolullah. Thumma as-salaatu wa 's-salaam `alaa ashrafi 'l-anbiyaa wa 'l-mursaleen wa khudama'i shara`ihim. (Mawlana Shaykh sits) Thumma as-salaamu `alaykum yaa ashaabu 'n-nawba, Thumma qutb al-mutasarrif. Nahnu asbahna taagheen, `aseen, wa laahiq Bani Adam, laahiqeen bi shaytaan, laysa lahiqeen bi `ibaadati Rabbi l-`alameen.

O People! O Mankind! As-salaamu `alaykum! From east to west, from north to south, that is enough of drunkeness; leave that and turn back to your Creator, Allah Almighty (swt), (Mawlana Shaykh stands and sits) and try to remember that we gave our oath to Him that we are His servants. We gave that oath, but now we all look like people who are intoxicated from shaytanic drinks. I am saying, "Astaghfirullah," as the Seal of Prophets (s) said, "Seventy times I am asking forgiveness from my Lord." Now, who is remembering to ask forgiveness from their Creator? All Mankind is speedily running on the wrong way!

O People! O Mankind! Those who are attending and looking at our humble assembly here must hear, listen and obey our Creator, Who created us and sent orders for our benefit, not for people in the skies or devils, no. Those orders are for us to arrange an honorable, happy and sweet life here, and Allah Almighty will reward them after their death with a real life that will increase more and more.

O People! They are mostly making me address Muslim Arabs, who understand a little bit from Holy Qur'an because their language is Arabic. I am calling to them, "O Muslim Arabs! Come and keep Holy Qur'an! Come together and look at what Allah Almighty is saying! You must look once and then again and again, and don't follow Shaytan and its representatives."

The Seal of Prophets (s) said, "My nation will be divided into 73 sects" and everyone will give a meaning and interpretation. One group says, "That is our understanding," while the others say, "No," and then the next group says something else. If the Muslim Arabs are leaving Holy Qur'an, what can we do? Qur'an al-Kareem is enough for all what Mankind needs, hundreds or millions of times over, but the Seal of Prophets (s) said that those who followed it correctly in the Last Days were going to be considered strangers.

They are making me speak on a point that is important for the Muslim world. First of all, they left Allah Almighty's holy command that the Muslim world must have an Ameer al-Mu'mineen, Leader of the Believers. They must have one, and if there are two, the Lord of Heavens says, "Kill one, leave one." Now everyone in the Islamic world says, "I am suitable to be the king of the Arabs or the ameer of the Muslims." Do you understand?

First of all, the Egyptian people are such proud ones. Once I visited Egypt, before most of you were born. I was waiting for a train when a young shaykh came next to me and I asked, "From where are you coming?"

I said, "I am coming from the heavens."

"Why are you coming?"

"To make a cinema for people."

"Are you coming to make advice for people? O Shaykh, [don't] you know there are 150,000 `ulama here?!"

He knew I was an Ottoman shaykh, not a Turkish shaykh. I became so angry and said, “You say there are 150,000 `ulama? What about this fasaad, corruption, against Islam?”

Therefore, I am angry with the `ulama in al-Azhar in Egypt. I am now shouting at the Egyptian people because they read ahadeeth ash-shareef and aayat kareema, kalaam ar-Rasool and kalaam Allah. Therefore, I am addressing the Egyptian `ulama and the Egyptian people who have had so many troubles for the past year. These are not ending, because if you use the wrong medicine for an illness you can't be cured, it is impossible! They have troubles now and there are so many things happening in Egypt.

The last commander, the president, is almost 90 years old, and I see that he has been carried to court in a bed. I am now telling the Egyptian judges and `ulama, the scholars, that Allah Almighty says in Holy Qur'an that after you are 80 years old the angels do not write your actions. Why do you keep an 80-year-old person in court or as president? For what? Now they say he is 90 years or older, and at that age Allah Almighty brings back the angels that write our sins so that nothing is written down by them. I am reminding them that Allah (swt) forgives that person; perhaps he is not in his right mind and Allah Almighty says in Holy Qur`an that they have no responsibility. (Mawlana Shaykh stands)

••••••• ••••••••• ••••••••• ••••••••••• •••••• ••••• ••••••••••• ••••••••••• ••••• ••••••• ••••••• ••• ••••••• •••••••••••••

Wajazaau sayyiaatin sayyiaatun mithluhaa faman `afa wa aslaha fa-ajruhu `alaa ’Llaahi innahu laa yuhibbu azh-zhaalimeen. The recompense for an injury is an injury equal thereto, but if a person forgives and makes reconciliation, his reward is due from Allah, for (Allah) loves not those who do wrong. (Ash-Shura, 42:40)

(Mawlana Shaykh sits) Allah Almighty says that if anyone forgives his brother who does bad things toward him and resolves the issue between them, Allah Almighty will reward him. Therefore, shame on the `ulama! It is not right to load responsibility on him (Hosni Mubarak) for that, to look if he is doing right or wrong. Now they bring shame on themselves by bringing that person to court in a bed, accusing him and putting all the troubles on his shoulders. Hosni Mubarak doesn’t know his right side from his left side, and in court they are giving him the death sentence. Shame on the Egyptian people! After age 90 years, Allah (swt) is saying to the angels, "Go away, don’t write," and they are not writing. Why aren’t the Egyptian people asking for mercy for him? Where were you before, when he was 50 or 60 years old, and you could make that judgment? Why

then are you doing it now?

That is a shame for the Egyptian people! I am now speaking heavenly language, saying to leave that curse that came before you on Pharoah! If they do not forgive that person and let him go, there will come on you seven times more hardship and divine punishment from Heaven. For the last 24 hours my heart has been constantly occupied with this and I am angry now, and I am asking from the Awtaad of the saints, the Pillars of Egypt, who are the only ones keeping Egypt, why they are not intervening? If they punish him (Hosni Mubarak), the punishment of Pharaoh will come with a flood and it is written in our holy books that Egypt will be under water. If they do not forgive him and send him off, the flood will come; and Imam Sha`rani Hazratleri made a sign on the minaret to indicate how high that flood will rise!

This is a warning to all the people of Egypt, because one person may take all of them down! Everywhere there is oppression and people have no mercy in their hearts. May Allah (swt) forgive us.

O People! Ask forgiveness and leave such a thing behind. Leave it! Perhaps when you kill that person, floods will rise and take you and since last night my heart has feared this!

O People! We are on an island and I am addressing the Muslims on the Turkish side, who are forgetting obedience to their Lord. A flood might come on them and they will drown. My only hope is for the honor of a great Sahaabah (r) of Rasoolullah (s), Umm Hiraam binti Milhan, Allah (swt) will delay it. (Mawlana Shaykh stands and sits) If she were not here, they would drown.

O Cypriots! They are saying “the Turks” and “the Greeks,” but the Turks must say, "We are Muslims," and the Greeks must also say, "We are Christian believers." Judgment for this island is as the Lord and Creator of all Creation likes; He knows what He is going to do.

O People! Fear Allah Almighty, come and listen to His orders, and be obedient servants; if not, a punishment will come before the Day of Resurrection. May Allah (swt) forgive us. Astaghfirullah, astaghfirullah, astaghfirullah. Those who prevent people from reading their holy book, Qur’an al-Kareem, may be taken away.

O People! Listen and obey, and ask forgiveness from Allah Almighty for the honor of His Most Beloved One

who represents Him, from pre-Eternal to Eternal, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

# PASSING AWAY FROM LIMITATION and the EXISTENCE WITHOUT LIMITS

"Oh my Lord, I ask You to grant me understanding, and to enable me, Oh my Lord, to make others understand."
(A prayer of the Holy Prophet Muhammed, Peace be upon him)

Every time I address people I silently make this supplication, as I know that only he who himself understands can teach people anything useful. A visitor recently told me about a spiritual teacher whose lectures and writings were so difficult that only trained intellectuals could make sense of what he was saying. It is not a sign of a man's understanding that his teachings be incomprehensible; a man of understanding will always try to make himself well understood by using clear and straightforward speech, adjusting to the level of his audience, and he will try to address as broad an audience as possible, otherwise his words will be scattered with the winds.

Even Allah Almighty, the Lord of all creatures, the Master of existence, in all His Glory and Greatness condescends to the level of His creatures. This is called "Tanazzalat Subbani" or, as close as it can be translated, "the Condescension of Glory" (or "the Condescension of the Glorious One"). You may find Him Almighty with His creatures on every level.

If He was not with an ant, and knew not the conditions in which that ant lives and what are its needs, He could not, by definition be the Lord of that ant. He, the Lord of all, in His knowledge, is even with microscopic creatures; so that about mankind, the most distinguished of His creatures, is it saying too much to say that He is with us? “Does the Creator not know what He created?” asks the Lord, that we may understand His Omniscience, and that being the Lord of all creation does not detract from His being with each individual creature.

The Holy Prophets and their Inheritors in every age have been endowed with knowledge of Divine Realities which is hidden from the rest of humanity, and it is their main duty to make these realities comprehensible to mankind in general, and to individual people in whatever way possible, in accordance with the respective levels and capabilities of those people. As the teachers of humanity they have been granted the ability to communicate in this manner: to speak directly to people’s hearts.

This they have been granted from the Attributes of their Lord. But only Prophets and their true inheritors may find such flexibility available to them; for others it is very difficult to address anyone other than those who share with them a similar background and manner of perception. But Divine Teachers may be to every people what they need, may say what they need to hear; that is why people of varying backgrounds and ranks in life may all find peace with the same man and follow him.

A Concorde could never land on the roof of this building, but a helicopter could. Most scholars are like Concords: so proud of their immense wingspans, streamlined form and speed. Only a few statesmen and tycoons – men and women of distinction and endowed with great wealth – may enter and ride Concords. So scholars may speak and write for the appreciation of other scholars. Concords fly at tremendous speeds and require huge runways at international airports to land, but a helicopter can land anywhere, ever sometimes at sea, and can always hover in mid – air while lowering a lifeline to people trapped by a fire. So Divine Teachers are accessible to everyone in every situation. Whereas Concords

might even crash in a place where only helicopters can reach to rescue the survivors. Therefore, I am not leaving them on the tops of Himalaya Mountains, but bringing them to safety.

Seekers of truth must look for those qualities in a teacher who purports to be addressing subjects related to the Divine. Otherwise they will be pursuing useless studies, and, according to the Holy Prophet Muhammad (sal), a sign of a person's perfection in Islam is his abandonment of useless activities ("that which doesn't concern him").

Our guest mentioned that this scholar was addressing the topics of "Fana and Baqa", or "Annihilation and Permanence in the Divine". I think that no one except the one who have arrived at these Stations is qualified to speak of them, otherwise his description will be like that of a person who has never tasted honey trying to describe its taste from what he has read about it to others who have been deprived of honey. Or it will be like asking a little boy about the pleasures of a honeymoon... useless.

These topics are Oceans. When you melt, dissolving in the Unity Ocean of Allah Almighty, then you may understand the meaning of "Fani –fillah" (Annihilation in Allah). When you abandon your position as a being in existence, when you become as a drop of rain falling from the sky and are immersed and united in that Ocean of Divine Unity, then no one can ask where that drop has gone: the drop has become an Ocean.

As long as the drop is falling, it continues to say: "I am something", but when it reaches that Ocean, it looks and says: "Where am I? I am finished. I am with Him. I am here, but not here; only He is here, but I am now with Him. I am in His Ocean. I feel this, but no more can it be said that I am a drop: this drop has become an Ocean". That is only a very simple description of Annihilation in Allah.

"Baqa" or Permanence is to be with Him always. In such a Station your personality does not appear; what appears is only Divine Existence. You have been dressed in Divine Unity. That is the "Station of Unity", "Maqam at Tawhid". What Baqa means is that you will never lose sight, hearing, feeling, knowing, understanding – never, but they will be without limits.

We must try to attain these Stations, but the Way is difficult and requires severe training.

One of the aspects of that training is to try and see everything as proceeding from Him alone. This is the sixth pillar of faith in Islam: The belief that everything that happens in this world, the good and the bad alike, are from God. This is referred to as “Tawhid al Af’al” or “The Unity of Actions”. The way to begin to realize this point is to remember the source of all events, Allah Almighty, when events occur, and not to occupy one’s self with blaming or lauding those who are not really the causes of event, only the instruments of their occurrence. This means that if Ahmed comes and gives you a pound coin and then Fulan comes and slaps you and takes it away, you don’t think of Ahmed as the giver of the money, nor of Fulan as a thief. If you think like this you have fallen from that high level of faith. You must perceive the hand of Allah behind both hands – that which giveth and that which taketh away – as He is the creator of the actions of people.

When someone is generous or kind to you, you must remember that it was your Lord who sent him with that favor, and you must thank your Lord. But at the same time you are going to say: “Thank you” to that person, as without giving thanks to the carrier of that blessing your thanks to its origin is not going to be complete. Therefore the Holy Prophet Muhammad (sal) said: “Who thanks not people thanks not Allah”. Our Prophet Muhammad (sal), is advising us strongly that we should not allow our vision of unity to distract us from perfecting our politeness with our fellow men. But you are not forgetting that under any circumstances. And when you see that Ahmed has filled your hands with gold, you must say to him: “Oh Sheikh Ahmed, thank you so much! And firstly thanks to your Lord, who sent you with favors for me, and thank you for faithfully delivering what was entrusted to you”.

And when that robber Fulan comes, hits you and takes all the money, don’t be angry with him! Yes, the Divine Law, the Shariah, permits you to retrieve that money if you can, and prescribes a punishment to be meted out by the society as well, but if you are on the way of Unity, then you must regard that action as coming to you from Allah Almighty too. He Alone sent that man to rob you, because the Creator of every action is only One: Allah

Almighty.

It is not possible for all people to aspire to this high level of faith in which Allah's Hand is seen behind every event, this is why Allah Almighty in one verse of the Holy Quran, condones "a life for a life" in the case of murder, and goes on to call those who are capable of it to "turning the other cheek". These are the levels, respectively, of Shariah, the Law, and Tariqa, the Path. Based on this verse, therefore, the Islamic Law concerning murder is balanced, making concession for the normal human feelings for vengeance in the face of such an abominable crime. Islam allows for the execution of the duly convicted murderer, and in this way assuages the feelings of the close relatives, thus preventing extended blood feuds. The law also allows for the payment of blood money in lieu of execution, to be paid to the victim's close relatives. Lastly the verse calls those who are seeking the highest level of faith and unity of vision to forgiveness, saying: "And whoso forgives and promotes understanding, his reward is incumbent on his Lord".

What Allah is saying to seekers of absolute truth is: "Now forgive him, because I sent him to do that action". Then you realize that, in reality, there is no question of guilt nor need for revenge. But that is not the common level. That is the level to be striven for, and it is beyond us to forgive in such a manner because our egos are like volcanoes.

Now people may be very polite in their everyday dealings, as long as everyone behaves in accordance with their expectations and everything falls into place according to plan; but should, God forbid, the smallest thing go wrong – for example a small error in driving, even one that causes no accident – for such a small reason one may hear the ugliest obscenities pour from their mouths like a lava eruption. That ego makes people dangerously ill, and now that people are totally under their egos' command, where can you find the tolerance described in that Holy Verse of the Quran?

So much hate and frustration is pent up in people – I see it in their looks – and so often a scapegoat is sought upon whom to release that torrent, and the best, the tried and true scapegoat throughout the world is always the "foreigners"; so I am quick to assure people

here in the West: “We are just here as your guests. This is your homeland.” But is it? You can’t stay here either except in your graves. Your homeland is the grave, not above ground. Thank God, no one is begrudging us cemetery plots; no one is trying to prevent our being buried. The gravedigger wipes the dirt off his hands and goes away, and the Earth accepts us indiscriminately; but people on the Earth are busy making distinctions, and therefore, that high level of acceptance of actions as coming from God is rarely found. But He teaches us the lesson nonetheless, saying: “You must understand who I am: I am the Creator of people and their works: understand this, that you may attain peace and finally leave behind your quarrelsomeness.”

Once I was in Mecca with our Grandsheikh making Tawaf (circumambulating) the House of Allah, the Kaaba. Grandsheikh said to me: “Look up!” When I looked I saw above the heads of the people another group of worshippers performing their Tawaf; but these people were of a different class: calm, peaceful and graceful. They too were of mankind, not Angels, but they were the ones who had reached the level of seeing every action as issuing from Allah Almighty, therefore they left the level of earthly struggle.

But, meanwhile, back on the ground, amidst the throng, with those who lack such certainty, we were being pushed, shoved and trampled upon. Some groups locked arms and shoved straight through the crowd, full-speed ahead, sending all who were unfortunate enough to fall in their path flying through the air, like discarded banana peels. Elbows in my ribs, heels on my toes... but above us, and the ones who concur with Allah’s Will have no need for earth under their feet. Now, perhaps, you are thinking that such a thing is impossible, that I am telling a “tall tale”, but yet, when you are told that airplanes fly you think nothing of it. If man can make metal fly, cannot Allah make man fly? They are at peace with their Lord and with everything in creation, therefore, everything carries them.

So, we have been shown a higher way, the vision of Unity, and we have been asked to be patient with those events that are not to our liking, remembering their source. This is the best training for our egos. Undergo this training or you will struggle fruitlessly – up to the grave. We are being trained by our Lord to recognize the Unity of Actions, so that we can

come to understand the Unity of His Holy Names, which leads us to the knowledge of the Unity of His Holy Attributes; that knowledge will prepare us for that ultimate dive into the Unity Ocean of Allah Almighty's existence – essence. That is the final goal; that raindrop falls, and it will not emerge again ever – and it is content because it has just gained everything eternally, forever.

Therefore, Allah Almighty addresses mankind, saying: "Oh man, verily you are striving towards your Lord, and you will meet him". He Almighty is teaching us that all our striving on Earth, our running from East to west, here and there, night and day, is, unwittingly, nothing else than our race towards our Lord's endless Unity Ocean, but we can't now understand. Our souls long for our Lord, therefore we move, and there is nowhere to move save towards the One.

## Pay Back Your Ego and Learn

(Mawlana Shaykh stands.)

Dastoor Ya Sayyidee, madad!
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah
La ilaha illa-Llah, la ilaha illa-Llah, la ilaaha-Llah Muhammad Rasulullah, `alayhi salaatullah `alayhi salaamullah

La ilaha illa-Llah, la ilaha illa-Llah, la ilaaha illa-Llah, Muhammad habeebullah `alayhi salaatullah `alayhi salaamullah

O our Lord, forgive us, and bless your weak servants and we are saying thousands and thousands praisings and glory on your most honored servant, Sayyidina Muhammad (s.) For his honor, forgive us, O our Lord. Stand up, O people! Give your highest respect and glorifying and praising for the Lord of Heavens, for the Lord of whole creations from pre-Eternal up to Eternal.

(Mawlana Shaykh sits.)

Dastoor Ya RijaalAllah, madad. O Awliya, O holy ones, that you have an honor in heavenly presence of the Seal of Prophets. And we are asking from our master, that he is qutb of this planet; and the master's one-looking towards heavenly presence, another-looking for their missions, or for their importance. When that qutb looking for this planet, his looking for everything on it never making him to be occupied with anything (in order) to be in the heavenly presence of the Lord of Heavens.

•• ••••• ••• •••• •• ••• - "La yashghilhu shaani shaanun an shaan - one affair does not keep Him busy from attending another"; they are in perfection through their creation. Their spirituality or spiritual being can't leave it's position in the heavenly presence of the Lord of Heavens. And at the same time, they are using another position, that for arranging everything on this planet. Everything must be under their control! That is their honor. Their hearts never going to leave heavenly presence of the Lord of Heavens.

Therefore, the Lord of Heavens is saying: "qalbu 'l-mu'min ` arshullah - the Heart of the believer is the Throne of God." Their heavenly being, qalb, is not a piece of flesh. This is only to make our bodies to work as is necessary, to control everything. Therefore when heart is going to be a little bit upset, whole body getting to be upset. Therefore this piece of flesh, that is controlling everything for Mankind through their physical being, is under his control. Sending. Without someone sending, do you think that our blood can move or can know where it is going or what is it's importance? Some of our blood is running up to our heads and that is different from that coming to our eyes. And that power that our heart is using or sending; everything is in its real position. Everything just planned and can't be in a wrong way; must be 100 % in perfection. Who is sitting through your heart and controlling you? One holy one! The Lord of Heavens giving that authority to that one who is controlling Mankind on this planet. And at the same time, there are other holy ones under command of qutb, pole. There are others belonging to that one, to look for (after) every creation on earth. Can't be any wrong action, any wrong movement, any wrong being on it. Everything must be in its perfect position. When losing that perfection, man may fall sick, or no more control on his physical being and passing away. That power just taken up from that person; that person finishing here and going.

Therefore Allah Almighty is Subhaan. Allah, All Mighty. Everything is in highest position and highest perfection through every creation. Everything must be under a power station. Look, one atom. Do you think

that atom is moving by itself? And its creation is by itself ? Or a grant to it from outside. Or, they are preparing by themselves to be hydrogen atom, or oxygen atom, or iron atom? They are saying that there are 104 or 105 kinds of atoms. Do you think that they can't be more, or can't be less? Or in opposite. May be, an atom in an opposite direction. Two directions, up or down. By itself? And our scientists or chemists or physicist's are only knowing the Mendeleev system. The Lord of Heavens under a control? Mendeleev was saying that there should be 99 elements. Really 99, but they are trying to make it more. They can't do. No permission for them. Therefore they are trying to make one more and that is going to be an artificial atom. An artificial atom is an imitated being in existence. You can't do this. Therefore, they are taking the reasons of being an element; sometimes, if that power is taken from it, just disappearing. And Allah Almighty's power, qudrah; His Might, can't be in limits. That is what is musakhkhar, just granted to man to run in it; as a circle. "You may be in this," enjoy yourself. Allah may do whole world through one atom's circle and may say to all people: you do as you like here. This bigness that we are looking and seeing can be in limits through an atomic being. He is Allah!

O our listeners, use your minds. Think on it. To think for something through creation, Prophet (s) saying, •••• •••• ••• •• ••••• ••••• ••• - "tafakkaru sa`atin khayrun min ` ibaadati saba`eena sanah - to think for deepless limits of creation, even one hour is good for you than to make 70 years praying." Because you can pray heedlessly for 70 years and never understand anything the Lord of Heavens is saying. SubhaanAllah! Glory for Allah! O our Salafi `ulama, what do you think when Allah Almighty saying: ast`aidhubillah, ••••• •••••••• ••••••• ••••••••• •••••• •••••••••••• - "wa maa khalaqtu 'l-jinna wa 'l-insa illa li y`abudoon - I created Jinn and Mankind only to worship Me," (51:56.) Giving meanings of illa li y`abudoon, li y`arifoon, nihaayatu ` indahu li ya`rafoonee! I granted them such a power that with it they may reach through My Own Being's knowledges, m`arifah. Being, m`arifatullah: wa maa khalaqtu 'l-jinna wa 'l-insa illa li y`abudoon. That is one of the most important power oceans for creation, for Mankind; specially for Mankind: wa maa khalaqtu 'l-jinn wa 'l-ins. Why jinn is first and man second? I am asking them! To say something to me, but they can't say.

Therefore, we are using holy words of Allah Almighty, what He is saying. If you are not knowing, ••••••••• •••• •••••••• - "f 'as'al bihi khabeera - ask thou then about Him of any acquainted (with such things)." (25:59.) Nothing can be unknown in the level of servanthood. Closed for servants. You only know a servanthood level

that is necessary for yourself, t`azheeman; by glorifying the Lord. All knowledge that was granted through holy books to prophets and from prophets to common people, for what? To differentiate, li y`arifoon. That level for whole creation; level "`uqool," which means, those who are granted an understanding through their minds and mentalities. The summary of whole messengerhood or prophethood is on two points: one, the level of servants; they are granted a knowledge through heavenly ones; they are prophets. Teaching them about their existence, about their creation, about their missions. This teaching is one level and they are learning on it only. They must know this. Up (above this level,) is only for Allah and that, no one knows about. They are not responsible for that knowledge. We are only learning through prophets. Their prophecy is teaching people about themselves, about their beings, about their missions, about their purpose; for what they have been created. That level and not above it.

Li y`arifoon, means, I only created Jinn and Man for understanding their Creator; that there is a Creator who created us and He is always from pre-Eternal up to Eternal. He is an Unknown One. What we are knowing is only t`azheem, glorifying. We must know that there is a Sultan, but hawiyya, the identity of Sultan is impossible for us to know. We only must learn that there is our Lord and we must give our endless glorifying to Him. How can we do that? That is level of teaching: f 'as'al bihi khabeera. Common people are on that level. They are knowing nothing, therefore, the Lord of Heavens is sending us special or selected ones. Dressing such a power, that no one can be able to come close for understanding.

What are Salafi Ulema saying? What do you think the holy words that Allah Almighty is saying, mean. •••••••••••• •••••• •••••••••••••••• •••••• - W 'attaqullaha wa yu`allimukumullah - so fear God, for it is God That teaches you." (2:282) What does it mean? You are thinking that knowledge is only through the writing of any book? No, that book is not teaching you, but the teacher; specialised, chosen people, because they are keeping as they can carry, to make their last glorifying to Him. Then they should be granted from heavenly ones such a knowledge that common people can't reach. Therefore, 'ulema,' are learned people, not learning from books but their teacher. The Lord of Heavens is saying: w 'attaqullaha wa ` allimukumullah. (and) •••••••••••• ••••••• •••••••••• - "Ar-Rahmaan ` allama 'l-quraan - The Most Merciful, taught the Qur'an." (55:1,2) Not Jibreel. Bringing, but teaching; Who was teacher of Sayyidina Muhammad? (s.) His teacher was his Lord, Almighty Allah.

O People, try to learn. The worst label for man is to be ignorant. Written on millions of people, angels just

putting a label: "ignorant". And written for those whom asking to learn and they are paying something for learning, when you are going to school, paying fees. What they are paying? They are paying by giving their egos back and taking in front of their egos, noor, through their hearts. And the blood from their hearts is running everywhere with noor. If a person is not hearing in every cell, he can't learn anything from Allah Almighty's teaching. Every cell and everything in a cell; so many kinds of beings in a cell, they must be ready for understanding then they may understand something. Allah is teaching those people, not like ourselves hasharaat, the lowest level creatures. Allah Almighty is not teaching them. Teaching the best ones from people. Therefore, best ones they are prophets and through whole creation the best of bests, only Sayyidina Muhammad (s).

Allah is saying, ar-Rahmaan ` allama 'l-quraan. O our Salafi `ulama, where are you, where is your Lord? You are saying, "we are knowing Qur'an." Who is teaching you? You think that Allah is teaching you? He taught His most beloved one. Even Sayyidina Jibreel was learning from him because the most close one in Divine Presence, was Sayyidina Muhamamd (s.) Stand up!

O People, this is a deepless ocean. Such things. The Lord of Heavens is asking to change everything on earth now, because last days are approaching! The Day of Resurrection is coming and just granted, such pure people whom they are on steps of the Seal of Prophets. Learning and teaching. Last chance for Mankind! The Lord of Heavens is asking to clean them. Therefore two labels: on one label is written: "ignorant," second: "learned one."

Wa min Allahi 't-tawfeeq

Dome, dome, dome, dome 16x
Allah Allah, Allah Allah 4x

Forgive us! Fatiha.

40 minutes. This is an endless ocean, a little bit more and people can't carry. O Man, oceans, oceans, oceans. Through oceans, new appearances; through oceans, new visions; through oceans, new lightening territories. Allahu akbar, Allahu akbar! O People, don't waste your time with this dirty life. Why is it dirty? Because they are killing each other, that is the biggest sin. For a man to kill another man, biggest sin! Allah Almighty

saying: O bad servant, do you think that I ordered to you to kill someone and they are innocent? My Divine anger on you. I am sending on you if you killed one, to be killed up to end of the world, every moment.

N'audhubillah, O People don't kill, don't try to make new weapons for killing thousands and millions people. Allah Almighty should take his revenge for those people because they are oppressors and disobedient servants and they are the worst servants. May Allah forgive us. Fatiha

45? (yes) He knows, we don't know.

Welcome to you.

Muharram beginning Jumu`ah (Friday, 18 December).

I don’t know; He (swt,) Knows to speak. Allah Allah, Allah Allah, Subhaan Allah Sultaan Allah, Ya Rabbee shukr. Sajdah Allahu akbar

## Payment Is From Allah

Allah Almighty is Al-Qadir Al-Muqtadir. We are only a speck, smaller than a speck. The whole universe is smaller than a speck. Bismillahi r-Rahmani r-Rahim. We may say Bismillahi r- Rahmani r-Rahim. It is the highest honour for us. Allah Almighty makes us say His Beautiful Name- Bismillahi r-Rahmani r-Rahim, the Bismillah. How beautiful. There is no one who says the Bismillah & is left in troubles. This is enough as glad tidings. Therefore don't forget the Bismillah.

Saying Bismillahi r-Rahmani r-Rahim takes man out of every trouble. It saves us in dunya & it saves us in the akhirah also- Bismillahi r-Rahmani r-Rahim. O our Lord, You granted us the Bismillah. I am ashamed to say "Don't make us forget". Hasha. Allah Almighty does not make us forget the Bismillah. But because we are heedless, we fell into a state where we forgot it- we forgot the Bismillah. Aman Ya Rabbi. Don't let us forget the Bismillah, O Lord. It is the key to every goodness. The key to every goodness is Bismillahi r-Rahmani r-Rahim. Allah Almighty granted this. If nothing else comes down but only Bismillahi r-Rahmani r-Rahim comes the Bismillah is the key to all goodness.

The things in dunya have no value, zero. They are zero but the key which opens the doors of the Paradises is Bismillahi r-Rahmani r-Rahim. Who says Bismillahi r-Rahmani r-Rahim opens a door of Paradise. What a great blessing. Man - in this time all people, all of us - have fallen into an ocean of heedlessness & become bewildered. The Heavens whip us with all kinds of whips so that we pull ourselves together. Hasha. Allah is not in need of taking the whip in His Hand. With the great angels- there are all kinds of signs that descend with their orders with which He (swt) whips us. "Wake up! Wake up! Say Bismillahi r-Rahmani r-Rahim". O our Lord, there is no limit to Your Mercies. May You not leave us without taking our share from Your Mercies. He (swt) says "I don't do that. But you throw yourselves out of it, you make yourselves be left

without your share.

The key to the Mercies are sent to you- Bismillahi r-Rahmani r-Rahim. In dunya also what opens the doors to everything, what makes everything easy, & is the key to the Heavenly grants, is Bismillahi r-Rahmani r-Rahim. In Paradises also, what opens the door of every Paradise is thison the door of each Paradise is written Bismillahi r-Rahmani r-Rahim. Don't forget this. If you always say it on your tongue, the rest will come. The rest will come. There is no one who says the Bismillah & finds evil after it. Who says the Bismillah finds goodness. Who doesn't say it suffers all kinds of troubles & evils in his life. He suffers all kinds of calamities, accidents, punishments...

The Bismillah blocks all the accidents in dunya. The Heavens have opened now. They say "Heavy rains are coming. Snow comes down. Tornadoes come". He will stop it all, go to the mosque O Muslims, say Bismillahi r-Rahmani r-Rahim.

O our Lord Who is Rahman & Rahim, show Mercy to us. Forgive us, we are sinners. We mostly follow our egos. Because of the sins we commit, all kinds of things rain on us from the Heavens. We repent O Lord, forgive us O Lord. May You change it from the manifestation of Qahr/Wrath into Lutuf/Kindness. May our Winters be beautiful, Summers be beautiful. May our Springs not become Fall. May all our days be like Spring". Allah Almighty has such a grant for His servants. But there is no one now who raises his hands & says "Bismillahi r-Rahmani r- Rahim. We remember Your Holy Name, may You send down on us Your Mercies". They go out in the streets like the four-legged animals that run, wander around in the wild jungles- they go here, they go there.. They have lost their humanity, do not think about Who created them.

They shout in the streets. Why are you shouting in the streets? Go to the mosque. Things won't work out with your shouting in the streets. It comes down from the Heavens- everything can come down on your heads. Go to the mosque & say "O our Lord, we seek refuge in You. May these troubles go away from us. Accept our weak servanthood". Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim.

If one enters that beautiful mosque & says the Bismillah 7 times, the hurricanes go away immediately. Heavy rains go away, floods stop. It snows up to a point. Troubles & accidents are prevented. Allah Almighty says "These are My servants. Nothing should touch them". He (swt) says "My servants" but we don't say "our

Allah". Shame on us, very much shame on us that Allah Almighty says "My servants" & we can't open our mouths to say "O Allah! O our Creator. O our Lord. O our Sultan. O our Subhan. Forgive us. We are weak servants. Forgive us O Lord". Bismillahi r-Rahmani r-Rahim- If he says 7 times, He (swt) changes. He (swt) changes: His Rahman & Rahim Mercies open. If even a speck of it reaches, dunya becomes like a bed of roses.

But these people don't say, they don't say "O our Lord! O our Creator". They don't say "O You Who dress on us humanity, the dress of humanity, Who did not make us from the animals, from the 4-legged ones, Who granted us honour. We have become sinners, forgive us. May we come to Your Path. May we worship You. Having a Sultan like You, why should we have troubles? What can we worry about? Nothing. Nothing. Nothing.

Once upon a time a man listened to a sermon. The sermon said "Allah Almighty pays for who works for Him". And he kept it in his head. He went out to find a job. He couldn't find a job. He doesn't have a shop or a business either. He was a laborer. So he went to a labor market & sat there. He waited for someone to come & say "Come & do this work". The poor one returned his house. "What did you bring today?" asked his wife. He said "O my halal.." When he didn't find a job in that market he went straight to the mosque & sat there. In the mosque, till night time he sat, recited & prayed for whatever his munajat was. He performed prayer. Then he came home at night. She said "What did you do, o my halal?" He said "O my halal, I worked for someone who hasn't paid me yet". She said "Ok".

The next day he went to the labor market again. He looked, waited. No one said "Come & do this job for me". Again the poor one came to his home empty handed. "O my halal, what did you bring?" "I was not paid yet but I am hoping that I will be paid tomorrow" he said. She said "Ok". The wife should be like this, should respect her husband like this. "Ok. Ok my Effendi, ok. Allah Almighty knows the best, He doesn't leave us without".

On the third day he again went to the labor market. He waited, again nothing. Again he went to the mosque. "Today I may work in the mosque. I work for free but what to do?" he said. At night time that man, to not go home again empty handed.. In the old times we had napkins. They don't have it now anymore. Muslims would have white & red handkerchieves. Every Muslim had it. That way we would be recognized. Others would use black. We had red & white handkerchieves. They would put that handkerchief over their heads or

around their waists. So that man said, "What can I do? I may not go home empty handed". He took a handful of soil from the garden of the mosque & filled his handkerchief with it. So he brought it with him to his home. So he came home. He opened the door. He was ashamed to put that thing there, he didn't want to show his handkerchief filled with soil. He put the bag behind the door, he was ashamed. "Today I came again (empty handed).."

On that third day a man came to his door while he was still working. Working for Whom? For his Lord Almighty. The poor man came, as soon as he got in, the smell of beautiful food reached him. The poor ones had not eaten anything for 3 days. His wife is an "ahl al-hal" (content in every situation) person & so is he. "O Effendi, O agha" she said. "Who did you serve for 3 days that all these supplies came? He sent us everything we need. I cooked beautiful dishes for you". He was surprised, & forgot about that bag he brought, the bag he put behind the door. He was ashamed & said "At least I don't go empty handed, I fill the bag with soil & go like this". He was ashamed when she said it. "Let me go & empty that bag at least. I should empty it somewhere before my wife sees it". He tried to lift it, it would not move. It wouldn't move, his own bag. "Let me take it & empty it" he said. He took it to the garden thinking it is soil. When he poured it out it was all gold that came out.

"O my halal, for whom did you work that He sent us all these? He sent all the blessings to us- Whoever He is that employed you". She looked at the place where he poured out the bag- a bag of gold there! "What a Great One, what a rich One He is Who employed you, that in 3 days He made us rich like this. Our home, our place has become prosperous& joyful. He made us heavy with blessings". The poor one said "Whom I worked for 3 days is our Lord. I was in the mosque for the last 3 days. I couldn't find any work". Saying "O our Lord" they fell into sajda. "There is no end to Your Grants. This happened to us with the barakah of the Bismillahi r-Rahmani r- Rahim. O my halal, O my wife, Allah's service is better than everything else. Let us work for Allah".

Our lazy ones sit in the coffeshop saying "there is no work". Then go to the mosque, something will open for you. No, they can't do this. They got used to taking money from the government without doing anything. There is no working. There is no asking from Allah.They ask from the government. The government has no money. Then you will be left without any money too. If you go out to work for Allah, Allah Almighty shows you a job, opens a door. Even if he lived right next to the ocean an evil person cannot even catch 3 fish from

the morning till evening. But if such a man goes & says "O Lord, may You grant my share through this. I have no work. Grant my share from this" coming from the mosque & standing next to the ocean, he can fill his bag with fish. May Allah forgive us.

The Bismillah is the key to every goodness. Don't forget- Say the Bismillah & don't forget Allah. You should make sajda at least once. Don't sit or wander around in the coffeeshops. Perform your prayer on time & doors of rizq open for you wherever you go. O Muslims, we are very ignorant ones. We should pull ourselves together. If not, whip after whip will come. These are not my words. I am given a notice to warn you. Otherwise He (swt) can lift Turkey up like this & drop it upside down. If He likes, He can sink the Island of Cyprus down and the waters from up. Fear Allah! Know Allah. Beware of the disasters that will come from above. Beware of the troubles that will come out from the ground. Know Allah. Or else your coming days will be disaster.

This is a warning. Say the Bismillah & go out. Even if you can't do anything else, you can at least find a 5, or 10 lira banknote in front of you. Make shukur to Allah Almighty & go back to your home. May Allah grant us awareness. Allah grants but we don't wake up. They have become drunk, we have become a drunk nation. They drink, they smoke. The path to their lungs becomes like the smokestack of ships. The Nur is gone from their faces. Their strength is finished. Troubles walk all over them. We should say Allah. We should say Bismillah, should say Bismillahi r-Rahmani r-Rahim. O our Lord, may You treat us with Your Mercy. Forgive us O Allah. Send us Your servants who will make us walk on Your path. We are left helpless, O Lord. Forgive us. What can we do on behalf of them?

We may say Bismillahi r-Rahmani r-Rahim. May You protect us from disasters, from darkness. May the new generations know You, do Your service O Lord. The Power is with You. For the honour of Your Beloved, with the miracle of the Bismillah may these troubles go away from us. If these people say at least 40x in a day Bismillahi r-Rahmani r-Rahim Allah will change. The state wants to make money out of the brothels & bars. This is a shame. This is a shame. It is not suitable for a state to feed the pubs, brothels, these nightclubs etc, to get tax from them and rule in such a way. Running brothels & pubs is not suitable for governments. They should do clean works, protect their people. It can't be achieved by fighting, can't be achieved by drunkenness. It can't be with ignorance.

O our Lord, may You send us Your holy servants who will show us the rights ways, who will show Your ways Ya Rabbi. Al-Fatiha.

Allah der Allmächtige ist Al-Qadiru l-Muqtadir. Wir sind nur ein Fleck, kleiner als ein Fleck. Das ganze Universum ist kleiner als ein Fleck. Bismillahi r-Rahmani r-Rahim. Wir sagen Bismillahi r-Rahmani r-Rahim. Es ist die höchste Ehre für uns. Allah der Allmächtige läßt uns Seinen Schönen Namen sagen: Bismillahi r-Rahmani r-Rahim, das Bismillah. Wie schön! Niemand sagt das Bismillah und wird in Schwierigkeiten gelassen. Das reicht als gute Nachricht. Deshalb vergeßt das Bismillah nicht. Zu sagen Bismillahi r-Rahmani r-Rahim, holt den Menschen aus allen Problemen heraus. Es rettet uns in der Dunya und es rettet uns auch in der Akhirah. Bismillahi r-Rahmani r-Rahim.

Unser Herr, Du hast uns das Bismillah gewährt. Ich schäme mich zu sagen: Laß es uns nicht vergessen! Hasha. Allah der Allmächtige läßt uns das Bismillah nicht vergessen. Aber weil wir achtlos sind, verfielen wir in einen Zustand, in dem wir es vergaßen. Wir vergaßen das Bismillah. Aman ya Rabbi. Laß uns nicht das Bismillah vergessen, Herr. Es ist der Schlüssel zu allem Guten. Der Schlüssel zu allem Guten ist Bismillahi r-Rahmani r-Rahim. Allah der Allmächtige gewährte uns das. Wenn sonst nichts herunterkommt, sondern nur Bismillahi r- Rahmani r-Rahim kommt, ist das Bismillah der Schlüssel zu allem Guten. Die Dinge in der Dunya haben keinen Wert, Null. Sie sind Null, aber der Schlüssel, der die Tore des Paradieses öffnet, ist Bismillahi r-Rahmani r-Rahim. Wer sagt Bismillahi r-Rahmani r-Rahim, öffnet das Tor des Paradieses. Was für ein großer Segen.

Der Mensch, in dieser Zeit alle Leute, wir alle sind in einen Ozean der Achtlosigkeit gefallen und verwirrt worden. Die Himmel schlagen uns mit allen möglichen Peitschen, damit wir uns zusammenreißen. Hasha. Allah braucht die Peitsche nicht in die Hand zu nehmen. Mit den großen Engeln gibt es alle möglichen Zeichen, die herabkommen mit ihren Befehlen, mit denen Er (swt) uns peitscht. 'Wacht auf! Wacht auf! Sagt: Bismillahi r-Rahmani r-Rahim.' Unser Herr, es gibt kein Ende für Deine Gnaden. Mögest Du uns nicht lassen, ohne unseren Anteil an Deinen Gnaden zu nehmen. Er (swt) sagt: Ich tue das nicht. Aber ihr werft euch selbst hinaus, ihr bewirkt selbst, daß ihr ohne eueren Anteil bleibt. Der Schlüssel der Gnaden ist euch

gesandt: Bismillahi r-Rahmani r-Rahim. Auch in der Dunya ist, was die Tore zu allem öffnet, was alles leicht macht und der Schlüssel zu den himmlischen Gaben ist, Bismillahi r-Rahmani r-Rahim. In den Paradiesen auch, was das Tor jeden Paradieses öffnet, ist das. Auf dem Tor zu jedem Paradies steht geschrieben Bismillahi r-Rahmani r-Rahim. Vergeßt das nicht. Wenn ihr es immer mit der Zunge sagt, wird er Rest kommen. Der Rest wird kommen. Es gibt niemanden, der Bismillah sagt und Schlechtes für sich findet. Wer Bismillah sagt, findet Gutes. Wer es nicht sagt, erleidet alle möglichen Schwierigkeiten und Übel in seinem Leben. Er erleidet alle möglichen Unglücke, Unfälle, Strafen... Das Bismillah blockiert all die Unfälle in der Dunya.

Die Himmel haben sich jetzt geöffnet. Sie sagen: 'Schwere Regenfälle kommen. Schnee kommt herunter. Tornados kommen.' Er wird alles aufhalten. Geht in die Moschee, Muslime, sagt: Bismillahi r-Rahmani r-Rahim. O unser Herr, Der Rahman und Rahim ist, erweise uns Gnade. Vergib uns. Wir sind Sünder. Wir folgen meistens unserem Ego. Wegen der Sünden, die wir begehen, regnen alle möglichen Dinge von den Himmeln auf uns. Wir bereuen, o Herr, vergib uns, o Herr. Mögest Du es von der Manifestation von Qahr, Zorn, zu Lutuf, Gunst, wandeln. Mögen unsere Winter und unsere Sommer schön sein. Möge unser Frühling kein Herbst werden.

Mögen all unsere Tage wie Frühling sein. Allah der Allmächtige hat so eine Gabe für Seine Diener. Aber es gibt niemanden mehr jetzt, der seine Hände erhebt und sagt: Bismillahi r- Rahmani r-Rahim. Wir erinnern Deinen heiligen Namen, mögest Du Deine Gnaden auf uns senden. Sie gehen hinaus auf die Straßen wie die vierbeinigen Tiere, die laufen, in den Dschungeln herumwandern. Sie gehen hierhin und dorthin.. Sie haben ihre Menschlichkeit verloren, denken nicht daran, Wer sie erschuf. Sie schreien auf der Straße. Warum schreit ihr auf der Straße? Geht in die Moschee. Die Dinge klappen nicht mit eurem Schreien auf der Straße. Es kommt herunter von den Himmeln. Alles kann auf euere Köpfe herabkommen. Geht in die Moschee und sagt: 'O Herr, wir suchen Zuflucht bei Dir. Mögen diese Probleme von uns weggehen. Nimm unseren schwachen Dienst an.' Bismillahi r-Rahmani r-Rahim. Bismillahi r- Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Wenn man diese schöne Moschee betritt und 7x das Bismillah sagt, verschwinden die Hurrikane sofort. Schwere Regenfälle verschwinden, Fluten hören auf. Es schneit bis zu einem Punkt. Schwierigkeiten und Unfälle werden verhindert.

Allah der Allmächtige sagt: Dies sind Meine Diener. Nichts soll sie berühren. Er (swt) sagt 'Meine Diener',

aber wir sagen nicht 'unser Allah'. Schande auf uns, sehr viel Schande auf uns, daß Allah der Allmächtige sagt 'Meine Diener' und wir können nicht den Mund öffnen, um zu sagen: O Allah, unser Schöpfer, unser Herr, unser Sultan, unser Subhan, vergib uns. Wir sind schwache Diener. Vergib uns, Herr. Bismillahi r-Rahmani r-Rahim. Wenn er es 7x sagt, wandelt Er (swt) es. Er (swt) wandelt es. Seine Rahman und Rahim Gnaden öffnen. Selbst wenn es nur ein Punkt erreicht, wird die Dunya wie auf Rosen gebettet. Aber diese Leute sagen nicht: Unser Herr, unser Schöpfer. Sie sagen nicht: O Du, Der uns mit Menschlichkeit bekleidet, dem Kleid der Menschlichkeit, Der uns nicht von den Tieren, den vierbeinigen, machte, Der uns Ehre gewährte, wir sind Sünder geworden, vergib uns. Mögen wir zu Deinem Weg kommen. Mögen wir Dich anbeten.Wo wir doch eine Sultan wie Dich haben, warum sollten wir Probleme haben? Worüber könnten wir uns sorgen? Nichts. Nichts. Nichts.

Einmal hörte ein Mann einer Predigt zu. Die Predigt besagte: Allah der Allmächtige bezahlt den, der für Ihn arbeitet. Und er behielt es im Kopf. Er ging hinaus, um eine Arbeit zu finden. Er konnte keine Arbeit finden. Er hatte keinen Laden und auch kein Geschäft. Er war ein Arbeiter. So ging er zu einem Arbeitermarkt und saß dort. Er wartete auf jemanden, der kommen und sagen würde: Komm und mach diese Arbeit. Der Arme kehrte nach Hause zurück. 'Was hast du heute gebracht?' fragte seine Frau. Er sagte: 'O mein Halal...' Wenn er keine Arbeit fand auf diesem Markt, ging er direkt in die Moschee und saß dort. In der Moschee saß er bis zur Nacht, rezitierte und betete für was immer sein Munajat war. Er betete. Dann kam er nach Hause in der Nacht. Sie sagte: Was hast du gebracht, mein Halal?' Er sagte: 'O mein Halal, ich habe für jemanden gearbeitet, der mich noch nicht bezahlt hat.' Sie sagte: 'Okay.' Am nächsten Tag ging er wieder auf den Arbeitermarkt. Er guckte, wartete. Niemand sagte: Komm und mach diese Arbeit für mich. Wieder kam der Arme mit leeren Händen nach Hause. 'O mein Halal, was bringst du?' 'Ich bin noch nicht bezahlt worden, aber ich hoffe, daß ich morgen bezahlt werde', sagte er. Sie sagte: 'Okay.' Die Frau sollte so sein. Sie sollte ihren Mann so respektieren. Okay, Okay, mein Effendi, okay. Allah der Allmächtige weiß es am besten. Er läßt uns nicht ohne. Am dritten Tag ging er wieder zum Arbeitermarkt. Er wartete. Wieder nichts. Wieder ging er in die Moschee. Heute arbeite ich in der Moschee. Ich arbeite ohne Bezahlung, aber was soll ich tun? sagte er. In der Nacht, um nicht wieder mit leeren Händen nach Hause zu kommen... Früher hatten wir Tücher. Es gibt sie nicht mehr. Muslime hatten weiß-rote Tücher. Jeder Muslim hatte eins. Auf diese Weise wurden wir erkannt. Die anderen benutzten schwarze. Wir hatten rot-weiße Tücher. Sie taten dieses Tuch über den Kopf oder um die Taille. Also sagte sich dieser Mann: Was kann ich tun? Ich werde nicht mit leeren

Händen nach Hause gehen. Er nahm eine Handvoll Erde aus dem Garten der Moschee und füllte sein Tuch damit. So brachte er es mit nach Hause. So kam er nach Hause. Er öffnete die Tür. Er schämte sich, das Ding dorthin zu legen. Er wollte sein mit Erde gefülltes Tuch nicht zeigen. Er legte den Beutel hinter die Tür. Er schämte sich. Heute bin ich wieder mit leeren Händen gekommen.. An diesem dritten Tag war ein Mann an seine Tür gekommen, als er noch arbeitete. Arbeitete für Wen? Für seinen Allmächtigen Herrn. Der arme Mann kam, sobald er eingetreten war, drang der Geruch von gutem Essen zu ihm. Der Arme hatte seit 3 Tagen nichts gegessen. Seine Frau ist eine "Ahlu l- Hal" Person, zufrieden in jeder Situation, und er auch. 'O Effendi, o Agha,' sagte sie. 'Wem hast du 3 Tage lang gedient, daß all diese Vorräte kamen? Er sandte uns alles, was wir brauchen. Er hat wunderbare Gerichte für dich gekocht.'

Er war überrascht und vergaß den Beutel, den er gebracht hatte, den Beutel, den er hinter die Tür gelegt hatte. Er schämte sich und sagte: Wenigstens komme ich nicht mit leeren Händen, ich fülle den Beutel mit Erde und gehe so. Er schämte sich, als sie das sagte. Ich will gehen und wenigstens den Beutel ausleeren. Ich sollte ihn irgendwo ausleeren, bevor meine Frau ihn sieht. Er versuchte, ihn hochzuheben. Er konnte ihn nicht bewegen. Er bewegte sich nicht, sein eigener Beutel. Ich will ihn nehmen und leeren, sagte er. Er nahm ihn mit in den Garten in der Annahme, es sei Erde. Als er es ausschüttete, war alles Gold, was herauskam. 'O mein Halal, für wen hast du gearbeitet, daß er uns all das schickt? Er sandte uns all die Segnungen wer immer es ist, der dich anstellte.' Sie guckte auf die Stelle, wo der den Beutel ausleerte, ein Beutel voller Gold dort. 'Was für ein Großer, Reicher er ist, der dich eingestellt hat, daß er uns in 3 Tagen so reich gemacht hat. Unser Heim, unser Platz wurde so blühend und freudevoll. Er machte uns schwer mit Segnungen.' Der Arme sagte: 'Für Wen ich 3 Tage lang arbeitete, ist unser Herr. Ich war in der Moschee in den letzten 3 Tagen. Ich konnte keine Arbeit finden. Sie sagten 'O unser Herr' und fielen in Sajda. 'Deine Gaben sind ohne Ende. Das geschah uns mit der Barakah von Bismillahi r-Rahmani r-Rahim. Mein Halal, meine Frau, Allahs Dienst ist besser als alles andere. Laß uns für Allah arbeiten'.

Unsere Faulpelze sitzen in den Kaffeehäusern und sagen: Es gibt keine Arbeit. Dann geht in die Moschee. Etwas wird sich für euch öffnen. Nein, sie können das nicht. Sie sind daran gewöhnt, Geld von der Regierung zu nehmen, ohne etwas zu tun. Es gibt keine Arbeit. Es gibt kein Allah- Bitten. Sie bitten die Regierung. Die Regierung hat kein Geld. Dann bleibt ihr auch ohne Geld. Wenn ihr hinausgeht, um für Allah zu arbeiten, zeigt Allah der Allmächtige euch eine Arbeit, öffnet eine Tür. Selbst wenn er direkt am Meer leben würde,

könnte ein böser Mensch nicht einmal 3 Fische fangen vom Morgen bis zum Abend. Aber wenn so ein Mann geht und sagt: 'O Herr, mögest Du mir meinen Anteil dadurch geben. Ich habe keine Arbeit. Gib mir meinen Anteil davon', wenn er aus der Moschee kommt und am Meer steht, kann er seine Tasche mit Fisch füllen. Möge Allah uns vergeben. Das Bismillah ist der Schlüssel zu allem Guten. Vergeßt nicht: Sagt das Bismillah und vergeßt Allah nicht. Ihr solltet wenigstens einmal Sajda machen. Sitzt nicht oder wandert um die Kaffeehäuser herum. Macht das Gebet zu seiner Zeit und die Tür des Rizq öffnet sich für euch wo immer ihr hingeht. Muslime, wir sind sehr unwissend. Wir sollten uns zusammenreißen. Sonst kommt Peitsche nach Peitsche. Das sind nicht meine Worte. Ich gebe euch eine Nachricht, um euch zu warnen.

Sonst kann Er (swt) die Türkei so hochheben und verkehrt herum wieder fallen lassen. Wenn Er will, kann Er Zypern versenken und Wasser von oben. Fürchtet Allah! Kennt Allah. Hütet euch vor den Katastrophen, die von oben kommen. Hütet euch vor den Schwierigkeiten, die vom Boden kommen. Kennt Allah. Sonst werden euere künftigen Tage ein Verhängnis sein. Das ist eine Warnung. Sagt das Bismillah und geht hinaus. Selbst wenn ihr nichts anderes tun könnt könnt ihr wenigstens einen 5 oder 10 Lira Schein vor euch finden. Macht Shukur zu Allah und geht zurück nach Hause. Möge Allah uns Bewußtheit geben. Allah, Allah gibt, aber wir wachen nicht auf. Sie sind betrunken geworden. Wir sind eine betrunkene Nation geworden. Sie trinken, sie rauchen. Der Weg zu ihren Lungen wir wie der Schornstein von Schiffen. Das Nur ist aus ihren Gesichtern verschwunden. Ihre Kraft ist am Ende. Probleme überlaufen sie vollkommen. Wir sollten sagen 'Allah'. Wir sollten sagen 'Bismillah', Bismillahi r-Rahmani r-Rahim. O unser Herr, mögest Du uns mit Deiner Gnade behandeln. Vergib uns, o Allah. Sende uns Deine Diener, die uns dazu bringen, auf Deinem Weg zu gehen. Wir sind hilflos, o Herr. Vergib uns. Was können wir für sie tun? Wir können sagen: Bismillahi r-Rahmani r-Rahim. Mögest du uns vor Katastrophen und Dunkelheit bewahren. Mögen die neuen Generationen Dich kennen, Deinen Dienst tun, o Herr. Die Macht ist bei Dir. Zu Ehren Deines Geliebten, mit dem Wunder des Bismillah, mögen diese Probleme sich von uns entfernen. Wenn diese Menschen wenigstens 40x am Tag Bismillahi r-Rahmani r-Rahim sagen, wird Allah es wandeln. Der Staat will Geld verdienen mit den Bordellen und Bars. Das ist eine Schande. Das ist eine Schande. Es ist nicht angemessen für einen Staat, die Kneipen, Bordelle, diese Nachtclubs etc. zu ernähren, um Steueren von ihnen zu bekommen und auf diese Weise zu herrschen. Bordelle und Kneipen zu unterhalten, ist nicht angemessen für Regierungen. Sie sollten saubere Arbeiten machen und ihre Leute schützen. Es kann nicht erreicht werden durch Kämpfe. Es kann nicht erreicht werden durch Trunkenheit. Es kann nicht mit Ignoranz sein. Unser Herr, mögest Du uns Deine

heiligen Diener senden, die uns den rechten Weg weisen, ya Rabbi. Fatiha

# Peace

We praise the Lord of Heavens, the Lord of the children of Adam, the Lord of Adam, the Lord of Noah, the Lord of Abraham, the Lord of Moses, the Lord of Jesus Christ, the Lord of Buddha. May peace be upon all of them. He is Allah, the Almighty, the One who can do everything. There is no-one like Him. All the power is in His Hands. He can create billions such universes in less than a moment. He is also able to take away all the universes in less than a moment. He created man, He honoured man.

The physical structure of man is nothing, it is less than an atom. But our strength within the universe is, that the Lord Almighty gave us some of His Divine Light, so that we can understand, that we are only his servants. All the messengers had the one mission, to call us back to His Divine Presence. Before He created us, the Lord created the worlds, the Heavens and the angels. He then wanted to create a creature to be His Deputy, a creature which would be able to understand Divine Wisdom and to be his sincere servant. So He created mankind. The angels objected against this. They said, "Oh, our Lord, we have been praying and worshiping you for such a long time. We are your servants. Why are you creating new creatures which will be fighting against each other? They will be jealous of each other and kill each other. They will hate each other and do every possible evil. Why are you creating them?"

The Lord answered, "I know what I have created, don't object to what I do!" The angels knew what mankind

would do, but Allah choose us to be His Deputies, to be the mightiest in the universe. Just one of us is more valuable than the whole universe, because each one of us has been given a part of His Divine Soul. Because of that, we are more valuable than any other creature. Our physical body has been created of earth, but our spiritual body comes from Heaven.

Mankind has two personalities within him, one pulling to darkness, the other to light. This is the conflict of our physical and our spiritual beings. Whoever is able to control his physical desire through his spiritual power, can get harmony in himself. Without such a control there can be no harmony, and without harmony there can be no peace. If people do not establish their own individual peace, common peace is impossible. Everyone must find their own peace first. There are so many methods to reach that peace within ourselves, methods that have been used by the Holy Prophets and Holy People and which are all functioning until today. Whoever is interested in peace and in harmony, can follow any school within these methods, which have been passed from Heaven to earth.

Doves are asking for peace, but falcons and eagles don't. So what can we do? Can we defend peace with doves? No! We must be realistic and not live in illusions. We must try to be brave and see realities. If you are not able to bring white falcons as defenders of peace, you cannot do anything. Peace and war must be supported by power. Without power you cannot fight and you cannot have peace. You are trying to get peace without using power.

According to Heavenly Orders, we have been coded to establish peace on earth. We must try to establish a Divine Kingdom on earth by defeating evil and devils. As long as the doors of evil are open, it is difficult to reach peace, even individual peace. We need the peace within ourselves, but when we see something, it takes away the peace from our heart. When we hear something, it takes away the peace from our heart. So if we do not try to establish the Kingdom of Heavens, by destroying the Kingdom of Satan there is not much hope, that we will get peace.

You are asking for peace. Congratulations! You need power to do that. Take away the devils! If two terrorists would come through that door with machine-guns, our peace conference would be destroyed. I ask from the Lord to give you Divine Power, so that when devils look at you, they will escape.

## Peace comes only with the Sultans and Kings

As-salamu alaikum! Welcome to you. You are coming from far distances. You are not coming, but you have been sent to be here and this is a humble place. May Allah grant you from His endless Blessings. And we are saying: A'udhu bi-llahi mina shaitani rajim, Bismillahi r-Rahmani r-Rahim.

You must know who is your most dangerous and terrible enemy. If you are not knowing that, you can't be in safety here and Hereafter.

Meded, ya Sultanu-l Awlia, Meded, ya Rijalallah.

We are knowing nothing! And people they are not asking to know or to learn something and they are learning only, what Shaitan (is) teaching them. Shaitan (is) teaching them not to be good servants for their Creator, the Lord of Heavens. Shaitan (is) saying: "No, I am not worshipping and I am free. Free ones! If you like to be like me free, follow me!" And people (are) asking. People (are) asking: "How we can follow you?" And Shaitan (is) saying: "Follow me and try to be always followers of your ego. What your ego is asking, try to

fulfil it and you should be free ones. Look", (he is) saying, that he is free from East to West, from North to South; through Arabs, through Turks, through Russians, through Americans... "I have (a) free passport. I am free, everywhere I am going, coming. Try to be like me (so that) everywhere you can go. You should be so happy. Follow me!"

That is Shaitan's teaching for mankind, because Shaitan that is (the) most terrible and dangerous enemy that he was thinking that he should be Number 1 through universities (universes), through Heavens, through earth. And it was so hardly praying and trying to be through creatures Number 1, not to be anyone over its rank.

But when Allah Almighty created man and (was) giving to them (the) highest degree, (the) highest honour through creatures, Shaitan was so unhappy and greedy one, so terrible. He was saying: "Leave me, o Lord of Heavens, to be with them, till the last one to... Last Day. Let me to be free and let me to do, as I like to do for those creatures that You created them and honoured them to be Your caliphs, candidates." And the Lord of Heavens (was) saying: "That is for you. Look, I am giving power for My deputies. If they are using, what I am giving to them, no one can follow you. If they are not using, what I granted to them from the power of being deputies, if they are not using that, they should be donkeys of you! If they are not accepting to follow My Seal of Prophets that I am giving a power to them to know and to do their best, I am leaving them to you. Use them as your donkeys."

And Shaitan was sooo happy, so happy! But mankind, whom they are just honoured to be (the) deputies of Allah Almighty, when they are not using what Allah Almighty granted to them, then Shaitan (is) riding on them and making them its donkeys.

Now in front of mankind (there are) two possibilities. One possibility that is a grant of their Creator: to follow its Prophets and to follow them and to give

their highest respect and to accept to be servants of His divinely Presence. One party, those people, they should be rewarded here and Hereafter. But another group of mankind that they are not accepting to be (the) servants of (the) divinely Presence of their Creator, Shaitan (is) taking them: “You come, you come, you come, you come, you come...” Thousands, millions, billons (of) people (he is) gathering and saying to them: “Come with me! I am making you free for everything. Follow me and enjoy yourself, don’t listen anyone else. Follow me and enjoy!”

Therefore mostly those (people of) mankind they are just deceived. Deceived and they are thinking that when they are following Shaitan, they should be happy or they should reach (the) highest civilisation. Making Shaitan to say (?)... Those people, whom they are not accepting to be honoured servants of their Lord in His divinely Presence and they are happy to be donkeys for Shaitan, they are so happy and proud that they are free to do everything.

As countless men now they are believing for (in) a dirty life and they are saying that: “Now we reached the top of civilisation.” Man (is) using man, woman (is) using woman. Men (are) trying to be like women, women (are) asking to be like a man. And that is their top point of their civilisation! That (is) making divinely Anger to fall on them with heavenly Cursing. Now look; East and West, everywhere (is) in trouble. Killing, burning, no one (is) happy for their positions. They are asking something, that it is impossible to reach. But they are believing in Shaitan, not believing in Prophets.

Yes, everywhere there is trouble. Man (is) killing man, man (is) fighting with man and Allah Almighty (is) preventing (that). (He is) preventing His servants not to do bad things, dirty things, and He is saying: “If you are doing bad things and troubles on earth, I am giving your punishment (from) among yourselves. Then you should be ‘democratic’ people.” Democratic people. Yes, people (are) saying: “We must be different parties. Labour Party and then

Traders' party, then Poor People's Party, then Rich People's Party, and making... Shaitan (is) making them to be against each other and (he is) saying: "That is the best life, (the) best life position, life-style..."

They are thinking that what they are doing, it is (the) best way for civilisation. They are doing everything from badness and dirty things and (they are) saying: "Just we reached (the) top point of civilisation through democracy." Democracy must fall down; if mankind (is) asking to live peacefully, they must kick out that democracy. They must bring... Allah Almighty (is) never saying through His Holy Books that people they are coming and saying 'Parliaments' or 'Democracy' and doing this and that. Allah Almighty (is) sending His divinely Orders and you must follow! (He is) not leaving you to make earthly orders and making every kind of oppression on people and to kill poor and weak people and to be on top. That is (what happened at) the beginning of (the) French Revolution; (they were) taking (away the) power that (was) granted to Kings and Sultans; (they were) taking that and giving (the) power to people that they were worst ones on earth. They are coming out of (the) Bastille prison and doing such a thing that beasts never did it.

And now people yet they are running after that dirty way and they are cheating each other, saying: "That is a party on this way. That is a party in that way" and they are quarrelling. And one (is) coming on power; after a while saying some party that: "That person is not (a) good one, we must take him away and we must be on power point." Now that is.

As long as mankind (is) not kicking away shaitanic democracy, they never going to live peacefully and they (are) never going to be good ones or they (are) never going to reach Paradise.

People, particularly Muslims, I am sorry to say that Muslim countries they are not following (the) holy Orders of Heavens and they are making so many

Parliaments and they are bringing some nonsense orders and asking to make people under their feet and to continue on their 'sauk wa safa', to do everything and to be high life for them and to make people under their feet. And they are using every means to do that.

It (has been) mentioned through (the) Holy Quran that Allah Almighty (is) explaining the Pharaohs's rules. Pharaohs' rules Shaitan (was) telling to them: "You must put people under your feet, so that you should be on (the) top point, to do yourself like gods. Make people not to raise their heads or not to ask anything from their rights. Make their rights and heads under your feet."

That is (the) 21st century and everywhere you are finding (it in) this way. Allah Almighty (is) sending... only He may send heavenly Orders to His servants to live peacefully, but Shaitan (is) saying: "Don't believe. Do everything, as you like to be Number 1 and make the name 'highest civilisation'." Highest civilisation - and everywhere (is) burning, everywhere (is) in ruins, everywhere (is) in fire, everywhere (there is) crises.

Why you are not asking: "How we can treat this crises?" Come to me, I may say to you! I am (a) zero on (the) left(side), but I can show whole nations, whole mankind, how they may be able to treat (the) crises and (how) to live on earth peacefully. I am that one that may kill Shaitan! And I am (the) weakest servant! Shaitan (is) thinking that it is so powerful - no! No! The lowest level (one), (the) zero, may do, may do (something) on Shaitan and its followers (to be) under the ruins of Shaitan buildings.

O people, you must believe and you must follow (the) Holy Quran. And I am shouting first to Muslim countries, including our country also here. They (are) never taking any care for (the) religious factor through their laws. And if they are not taking care for (the) religious factor, they should be taken away. (There will be) no way for them to save themselves here and Hereafter.

May Allah send us from His divinely Presence (the one) that He promised us to be sent! And that one should take away whole Pharaohs' ways followers, Shaitan's ways followers, oppressors' ways followers. That one should take (them) away.
O people, welcome to you! You are only (a) handful people, but... This world (has) perhaps now 5 billion or 6 billon people and finally (they are) going to (be)come less, less, less... (They will be) killing themselves and (it will be) coming that huge number to a small number.

O people! Who (is) asking to be here in safety and in eternal life to be with his Lords - oh oh oh - divinely Presence, must follow heavenly Orders and kick that democracy outside and bring the Sultans and Kings that they are only asking to follow divinely Orders on earth.

May Allah forgive us and them. May Allah take away (the) cursing from people and put it on those cursed people. They should be taken away. O people, use your good will and your minds in (the) right way. Think (about) what you are... what you have heard, then you should be here and Hereafter in peace and enjoyment for eternity, for eternal life.

Allahu akbar, Allahu akbar, la ilaha ill-Allah, wa Allahu akbar, Allahu akbar wa li-llahi-l hamd...
Allahumma salli wa sallim 'ala Nabiyina Muhammad 'alayhi salam,salatan tadumu wa tughda ilay, mamara layali wa tula dawam... Al Fatiha.

## Peace comes with obedience

As-salamu alaikum! As-salamu alayna wa ‘ala ‘ibadika salihin. Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah! Bi barakati ‘ala Shahru Mubarak Ramadan Mubarak alhimna rushdana wa aisna min shurri anfusina, ya Rabb!

By the Name of Allah Almighty All-Most Merciful, Most Beneficent and most Magnificent. Meded, ya Rijalallah! Always ask heavenly Support! If no heavenly Support, our world can’t move. If no heavenly Support, (it is) no raining. If no heavenly Support, oceans (are) going to dry (up). If no heavenly Support, whole countries (are) going to be deserts. If no heavenly Support, mankind (is) going to finish, no live for them! Even we are rebellious ones, but Allah Almighty (is) granting; granting-Subhanallah, Glory to Allah!- from pre-eternal up to eternal.

O people, keep your obedience with your Lord Allah Almighty, the Lord of Heavens! Allah- jalla jalaluh- Allah, (the) most Glorious, He is not like His creatures! He is Creator, we are creatures. Try to keep high Adab with your Lord Allah Almighty. May Allah forgive us! O our Lord, we are rebellious, disobedient creatures. We are leaving our Lords Commands and (we are) following (the) orders of Sadanas, Shaitan- how

we can hope (for) peace on earth? It is impossible! But for the honour of (the) most Beloved one, Allah Almighty (is) granting from His endless Favour Oceans and He is looking what His servants (are) doing: if they are thankful, if they are saying: “No God, only You, o our Lord, Lord of Heavens, Lord for everything, You Allah! We are asking forgiveness! Forgive us!”

It is (a) holy month, Ramadan, (the) fasting month. For what we are fasting?

Fasting is a obedience; it is (the) most important obedience and worshipping and servanthood for Allah. First of all He, (the) Almighty, (is) calling His servants:

“O My servants, come and do servanthood! Leave everything and listen and hear, what your Creator (is) saying!” This Sound of calling people to servanthood, it is like waves, covering everywhere, reaching to everyone’s ears. Calling: “O My servants, come and give your obediency for Me! Come, keep My servanthood, because you are servants of Me, of Mine!” Calling! That announcement (is) never cutting. Every moment, every second, (it is) covering (the) whole world that announcement, saying: “O My deputies that I created you and just I honoured you and you promised to Me that you are going to keep My servanthood! O My servants, come and give your servanthood for My divinely Presence! If you are not hearing and listening, I am punishing you! Before you are going to death, before (you are) coming to Me, I am going to punish you!”

What is the easiest punishment? (The) easiest punishment! “I am punishing you with (the) easiest punishment. If you are not listening to Me, I am punishing you and that punishment it is so easiest, very simple. I am not giving big punishment to you, no. I am punishing you!” - O our Lord, You are our Lord, Your Command is Command and your Orders must be obeyed! You have rights to punish disobedient ones! - “I am punishing you, o disobedient servants, very very simple.” What is that?

If I may ask people- I may ask to Pope, I may ask to Patriarch, to Hakam Basi... what they should say? Perhaps this my speech may reach to their ears. I am asking to also Dalai Lama... who is riding on Lama... I am asking to you also: “What is that

punishment? (A) very simple punishment, (the) most carriable punishment?" "No, I am not giving, I am not giving big punishment, but (the) most carriable punishment!" Say, what it that, o Pope? There is also Sheikh ul Azhar, there is also Mufti of Mecca Mukarrama, there is Dalai Lama, there is Hakam Basi... I am asking and looking what it should be (the) most or lightest, (the) most carriable punishment?... Looking books... 70 years, 70 months they are not going to find...

It is one word that just heavenly Knowledge put in my heart, my Grandsheikh.

Yes, we may say now, because no one (is) able to say (the) much more carriable punishment for 21st century people. "Say!" "Yes, Sir!" (Allah is saying): "I am taking peace; (I am) taking up peace from earth to Heavens. No peace for them!" True?... True?...True?... That is most carriable one! No peace! (There is) no peace for any country, for any nation, for any level of people. No peace for governments, no peace for nation. Before nations they were fighting to neighbours, but now they are fighting (within) themselves. Yes. True? Eh! No peace through your cities. No peace through your homes. Which one may say that: "I am in peace through my home. I am in peace, living in peace with my family, with my children, with my neighbours, with my workers, with my business"? Who can say: "I am in peace"?

Which government may say: "We are happy with my nation"? Because nations going to be black sheep (and) white sheep. Black sheep (are) saying: "No, we must be on power, because our colour is better than yours!" (The) white sheep (are) saying: "No, we are more important that you! We are white ones, we can't carry you!" This (is a) sheep, that (is a) sheep!

Nations! Democracy, pocracy! "Hah? What happened?" "We are trying to take away someones! We must try to be Nr.1, Nr.1 on earth!" Americans (are) saying: "You are saying (this) to me and I am here? You are getting to be Nr. 1? What about for me, you are forgetting my majestic power!" Russians (are) saying: "No! Who are you? If I am roaring (?), you are going to die!" Haha! Yes, Sir? Merhaban, Ahlan wa Sahlan, ya Shahru Ramadan! No peace!

Yes, (it is) coming now: (There is) no peace even through yourself, with yourself! You are not in peace with yourself. Quarrelling! (There are) two poles through yourself: One belongs to

Heavens, one belongs to darkness. One belongs to (the) Lights of Heavens. They are quarrelling. (The) black one that we have through ourselves, that belongs to Shaitan, saying: “You must obey to me! I don’t like that you may obey to anyone, no! You must be my obedient servant! Kill and reach, burn and reach, destroy and reach, what I am asking!”

(There is) no peace through yourself, because you are not believing (in the) holy Orders of Heavens. You forget your Creator and that is the most carriable punishment (that) Allah (is) punishing you (with)! “...An yajalahum shayan faudika ba’adahum batha baad... (?)... Wa Huwa-l Qadiru an yabatha alaykum adhaban min fauqikum aw min tahta arjulikum aw yalbithakum shian faudika ba’adakum batha baad...”

Yes, through yourself! (He is) making you two blocks. Now (the) whole world (is) running to be on 2 poles, two camps. (The) Prophet (was) saying, “(The world is) going to be under 2 camps: one East, one West. One (is) believers, one (is) unbelievers, and they are going to punish each other.” No peace, no peace! Peace (is) taken up. It was once upon a time this world they were in peace, because they were hearing and listening (to the) heavenly Orders and obeying and Allah Almighty (was) granting them peace: trough themselves, through their countries, through East and West!

O people, listen and obey! Or, (if) not, you are going to be taken away! First- just taken up peace from earth. This Cyprus, (the) Turkish part, (there is) fighting a handful people: they are 9 parties (and they are) fighting by each other. Women (are) fighting to men, men (are) fighting to women. Women (are) fighting to women, men (are) fighting to men- everywhere (there is) fighting, no peace! Understanding my English or not?

Therefore I am asking: “What is the much more carriable, most simple punishment?”

When they are leaving not to listen (to the) heavenly Commands, Allah (is) punishing them: (He is) taking peace and they are getting to be like beasts, asking to kill, to drink their blood, asking to be Nr. 1 everywhere, asking to be (the) whole world under his command and (that) all of us (we are) going to be chairmen of Satan! (There is a) big

assembly for Shaitan and everyone (is) asking to be chairman there! Insha Allah I am not on chair; no chair; no one (is) giving to me to be chairman. They are saying: “Eh, dustbin! Throw him away!”

Everyone now (is) unhappy, no one (is) happy now! No one (is) happy! At least, when you are looking peoples’ misery, (that is) making you to be sorry, you can’t be happy. When you are looking that TV, (there is) no a(ny) good news, everything (is) making you to be, to fall in misery!

Therefore- you are reading newspapers; everything (you read is) giving to you a kind of misery, making you to be in troubles. Everything! You look like this- you can’t be happy, you may look like that- you can’t be happy. Through your home, you can’t be happy, through streets, you can’t be happy, (through) your country, (you are) not happy, (in) East and West, (you are) not happy! People, they are in trouble, no peace, no happiness, happiness (is) just taken up!

La ilaha ill-Allah, la ilaha ill-Allah, la ilaha ill-Allah! O our Lord! O our Lord, for the honour of this holy month, send us that (one that) You promised to Your most glorious deputy, (Your) most glorious beloved one! For this honour You promised to send us one (of Your servants), to take away from earth everything that belongs to Satan, Sadanas, and to bring Your holy Orders, to be on! O people, ask (this) through this holy month! Therefore, should be so many events going to be, coming, that a person can’t carry!

Ask from Allah Almighty not to see, not to hear and not to be touched from heavenly Revenge! This is a, perhaps may be last chance for whole nations through this holy month, (to see) what they are doing. May be (it is) going to increase crises and miseries and problems on earth, reaching to (the) top point, then going to explosion. May Allah forgive us!

O people, run to Allah! We must run to Allah, we must try to keep (the) holy Orders of Heavens as much as possible. Then you should be sheltered by heavenly Shelter. If not, nothing can shelter you! May Allah forgive us! O our Lord, Tauba, ya Rabbi, Tauba, ya

Rabbi, Tauba, Astaghfirullah! That is (a) holy month that helps you and (is) urging you and forcing you to keep (the) holy Orders of Allah Almighty. Make your willpower much more powerful, to keep (the) holy Orders of Heavens.

If you are not fasting, you are going to be destroyed... as dust, no one (is) asking (for it)... May Allah forgive us! O our Lord, Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah! Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah!
Bi jahi Nabiyika-l Karim, ya Allah, yubathu lana Malikan yukatil fi sabili... to take away satanic powers and to defeat them from Your servants and to be this world as You like- the flags of Islam, the flags of Tauhid, Unity, of (the) Lord of Heavens, everywhere. Amin! Fatiha!...

**Peace is Best!**

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli `alaa Sayyidina Muhammad wa `alaa aalihi wa saahbihi wa sallam, Sayyid al-awaleen wa'l-akhireen habeebi rabbi'l-`alameen, Thumma as-salaat wa 's-salaam `alaa saa'iri 'l-anbiyaa wa 'l-mursaleen wa aalihim ajma`een, ij`alhum fee maqam as-sidq, Ya Rabbee, bi jaahi Habeebika 'l-Mustafa arhamna w 'ahdina, w 'asqina, w 'aslih shaanana wa shaan al-muslimeem, bi-jaahi habeebika al-kareem, Ameen.

A`oodhu billah min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Thumma as-salaat was-salaam `alaa saa'ir il-anbiyaa wa ashaab an-nawba. As-salaam `alaykum yaa `ibaadullah koonoo `abdan lillah, `abeedan lillah! Be servants of Allah, slaves of Allah! (Mawlana Shaykh sits)

O People! Salaam `alaykum wa rahmatullahi wa barakaatuh. Our attenders! Try to be servants of your Lord the Creator, Allah Almighty (swt). (Mawlana Shaykh stands and sits) All Eternity is for Him, from pre-Eternal up to Eternal.

O People! Try to learn what it is necessary for you: first of all, to learn that the Lord of Heavens has created

everything on Earth and in Heavens, and that His Dominions are never-ending! You must teach to your children first that Allah Almighty created everything in existence and all of us are His servants to whom gave the most high honor! You must first teach your children that the Lord of Heavens granted us to be on Earth as His deputies, which is an endless honor for us! First you must learn who you are, Who created you, what are His commands and orders to us, and what is our mission of servanthood to Him.

••••• ••••••••• ••••••••• •••••••••• •••••• •••••••••••••

Wa maa khalaqtu ‘l-jinna wa ’l-insa illa li-y`abudoon.

I have only created jinn and men so that they may worship Me. (Surat adh-Dhariyat, 51:56)

The Lord of Heavens is saying “I created jinn and Mankind to serve Me.” Therefore, you must teach your children and everyone that we have been created for our Lord's servanthood! Who does not learn this is Shaytan's deputy, but there is endless honor granted from Allah Almighty if you keep servanthood to Him. If you do not learn this and uphold that honor, you will be servants and deputies of Shaytan! Now the whole world will be divided into two parts: who accept to be honored as servants of the Lord of Heavens, our Creator, and who do not accept. These days Shaytan runs stronger after Mankind to make them his servants and the majority of people are following him, asking to be his deputies, while only a handful of people accept to be servants of their Lord, Allah Almighty!

(Mawlana Shaykh stands) O our Lord! Accept our servanthood as we are running to You! O our Lord!

Protect us, as we are weak servants, and keep us to be Your servants forever! We seek that honor and nothing else! (Mawlana Shaykh sits)

The most high honor for us is to be His servants, for which He grants Paradise for all Eternity! Who does not accept will be sent to hells to remain there forever. Amaan yaa Rabb, because now people don’t know this and don’t keep their honor! Huuuu. Shaytan incites them to quarrel and fight each other, to be enemies to one another, as that will destroy everything here on Earth. Now every country, every territory serves Shaytan; whatever he orders them they ask to fulfill even more! His declaration to Mankind is to kill everyone and destroy everything on Earth, and now everywhere we see Mankind is prepared to do that. We are asking for

forgiveness.

Allah Almighty is saying:

••••••••••• ••••••

w ’as-sulhu khayr,

Peace is best (an-Nisaa, 4:128)

But Shaytan says to all Mankind, “No, fighting is best!” What for? Fighting, killing and destroying everything. Shaytan teaches to ignore Allah's Order for peace on Earth. The Lord of Heavens, our Creator, advises His servants, “Don't do harm or kill anyone!" That is forbidden! The Lord of Heavens says, “The punishment for killing someone (unjustly) is to be in Hellfire forever."

Allah Almighty is never happy about His creatures being harmed, and says, “O people! You must keep the best way to be the best ones." Who is on the best way is among the best ones in the Divine Presence. Who harms others, and who are killers or murderers are Shaytan’s servants and they will be punished in hells forever!

O Mankind! Come, listen and accept Allah Almighty's advice to you or you will regret!

O Rabbee! This is Your holy month, Muharram al-Haraam, and it is the first Friday. We are asking Allah Almighty to send us heavenly armies to take away Shaytan and its armies. We are waiting and expecting Mahdi (a) to come, and then Jesus Christ to come (a), and then there is going to be a sulh, peace on Earth!

Allah Almighty asks His servants to be peaceful and to live happy lives. Shaytan asks people to harm each other and destroy everything. May Allah forgive us, for the honor of this holy month in which He always gives His support for good ones. At the end of this Muharram al-Haraam, we are expecting ta`eed, heavenly support and blessings to reach good ones, the true servants of Allah, to reach the highest honor and to take away Shaytan and its followers.

O People! Hear and listen and obey what Allah Almighty says in the four holy books, including the last one,

Qur'an `Azheemu 'sh-shaan. May Allah forgive us. Look after yourselves once again, to know if you are following our Lord or following Shaytan and his agents.

May Allah forgive us and bless you and give you from His endless Mercy Oceans, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

Yaa Rabbee! Adkhilna bi-rahmatika ma`a `ibaadika 's-saaliheen ija`lana fee hirzika wa hifzhika wa kanafika wa amaanika. Ya Rabbee ya Allah. Nahnu `abeedika ad-du`afa, qawwi da`fana bi-iqbaalik as-saaliheen bi jaahi man anzalta `alayhi Suratu 'l-Fatihah.

O People! This short declaration is enough for everyone. You must learn what is necessary for you and not to read so many books (to find guidance). This is a summary of what they are making me address to you and to whole Mankind.

Fatihah.

## Peace Is Granted to Humanity When We Say, as-salaamu `alaykum

Dastoor, madad yaa RijaalAllah. (Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Mina 'l-azaali mina 'l-abaad. Anta' s-Sultan, Yaa Maaliku 'l-Mulk. Subhaansen, Sultaansen. You are Subhaan, You are Sultaan. Mutlaq, absolute sultanate, absolute praisings, absolute honors, absolute glorifying, absolute majesty are for You only, O our Lord! Subhansen, zid habeebaka. Give more honor and glory and majesty for your most beloved, most respected, most praised one, who represents Your Holy Name from beginning up to end, Sayyidina Muhammad (s)! You are "Ahad;" he is Muhammad (s)! (Mawlana Shaykh sits.)

Oh our guide, dastoor. We are asking your support for an understanding. You are our representative on ad-dunya daniya, world of the lowest level of creatures, and you are living on this dunya with lowest level creatures. Subhaan Allah, Sultaan Allah!

As-salaamu `alaykum our attenders through east and west on this planet. That is a heavenly grant for everyone. Every creature is asking to reach that honor to be addressed from heavens, As-salaamu `alaykum! Allah, Allah. Such honor granted to Mankind, to humanity, no one would be able to measure the value of saying, As-salaamu `alaykum. Allah, Allah.

O Our Attenders! Don't think that only a handful of attenders are listening to this heavenly addressing! Now everyone on this planet is thirsty to reach something from heavens coming to Earth. If we were not created as Man, that salaam would never reach us. For the honor of humans, salaam, "peace" is being transmitted to Earth and if Mankind had not been created, salaam (peace) would never come on Earth! For the honor of Mankind, peace comes to this plane, so that everyone may taste something from rahmat, heavenly mercy! They desire to reach that mercy in accordance their physical beings in this Creation. Allahu akbar!

Heavenly knowledge reaches some special, selected people, some chosen ones to whom heavenly knowledge reaches, and it has also reached me through my Grandshaykh (q).

We know the Lord of Heavens created four seasons on Earth, and of those seasons, spring is known for its rain; there is something very special about spring rain. Throughout the spring season--March, April and May--in these three months there is also the most valuable rain. Yet the most precious month of spring is April, and there is wisdom and reasons for that month being so special. It has been selected to have such a quality because the Seal of the Prophets (s), the most beloved one for whose honor all was created, was born in April! (Mawlana Shaykh stands.)

That is hidden knowledge and it carries hidden treasures that are hidden wisdoms. Of all twelve months, April is so beloved and the most valuable treasures are granted in that month. The Lord of Heavens sends rain from the heavens; such rain that reaches Earth and gives it new life. If it did not rain, Earth would dry out and nothing more would grow. It is well-known to heavenly, holy people that rain comes from under the Holy Throne. If it gives one drop, all that rain takes barakah, blessings from it, then that rain gives new life to everything. It changes them and takes terrible burdens from everything, particularly from Man. And whoever knows that secret wisdom will stand under that rain, allowing it to completely touch their bodies.

O Salafi `ulamas, marhaban. Do you know such things? I don't think you know only to say hadeethu 'n-nabawiyyatu 'sh-shareefa, and that this or that is mawdu` (fabricated), or da`eef (weak). No! You must try to

know something, and you must not judge everything, because judgment is ultimately for Allah Almighty! Allahu akbar, Allahu akbar, Allahu akbar! (Mawlana Shaykh stands and sits.) When those drops of April's rain fall, even the fishes in the oceans come up, opening their mouths to reach just one spot of that rain, opening and waiting. Allahu akbar! All Creation is waiting to reach that mawj, waves of mercy. This is such an example: when one person says, As-salaamu `alaykum, that salaam comes with such mercy that everything in Creation, everything on this planet looks and asks for more and more of the blessings to reach them; they are opening to receive it, like those fish. Allahu akbar!

But Mankind is so ignorant and heedless! That is the biggest heavenly grant to those living on this planet, and it is only for Mankind. Other creatures have not been granted this but still they are asking to reach something of that holy blessing that reaches Earth. Everything takes their share in existence and to them also comes an opening. It is not strange, (it is a fact) that when Prophet (s) says to a a dead person, As-salaamu `alayka, that person must stand up. Such a power is granted through salaam!

O People! Always say to each other, As-salaamu `alaykum wa rahmatullahi wa barakaatuh. Therefore, we say, As-salaamu `alaykum our attenders. This salaam is something else. They are making such a weak servant address all people through east and west through such instruments (Internet). The Lord of Heavens grants heavenly blessings to reach His most beloved one's nation. Therefore, He has ordered if a person arrives at meeting, he must say, As-salaamu `alaykum: that opens the doors of rahmah, mercy for people.

Everything asks for this mercy and blessing. Therefore, Sayyidina Muhammad (s) said, As-salaam qabl al-kalaam, "Say salaam before speaking." Don’t speak before giving salaam. Salaam is the first thing to make your meeting under heavenly protection. Because if you are not saying, as-salaam qabl al-kalaam, the most dangerous enemy of Mankind may join you. When you are saying, As-salaamu `alaykum, that salaam cannot reach Shaytan. And it ran up and said, "As-salaamu `alaykum." Iblees came and said, "As-salaamu `alaykum." The Seal of Prophets (s), the most glorified, who has been granted majesty, said, "O `adoowullah! O most mukrih, most hated one in the Divine Presence! Salaam belongs to us. We are not saying to you, 'Wa `alaykum as-salaam.' No! It is for us!"

Salaam is a powerful, honored word that is a heavenly address to people living on this planet.

O Salafi `ulamas! Marhaban. And we also direct our address to Azhar ash-Shareef `ulamas who are now becoming proud of such imitated titles, saying, "We are doctors." We are not doctors! Don't put that in front of your name, "Dr. Fulan, Doctor of Shari`ah." It is against Shari`atullah. Leave such imitated titles that will never give benefit to you here or Hereafter. No one on the Day of Resurrection honors you, and no salaam comes to you because of that! Therefore, they are making me to address all `ulamas who use such wrong, imitated titles. They practice Shari`ah according to their Salafi madhhabs. No, leave that! Be simple! Don't run after any imitated title, hoping that will give you honor. No, you maybe be a doctor, a professor or anything else. Yet that never gives you honor in the Divine Presence. The only honor you must learn and use and teach people, the most high honor for you, is obedience and service: to be a servant of your Lord.

Why are you not writing at the beginning of your names, "A humble servant of our Lord, Fulan (somebody)." Why are you not writing this? You are writing, "PhD." For what? Why do you not write at the beginning of your names, "A weak servant, hoping to be accepted in the Divine Presence as the weakest servant?" That gives honor to whoever writes it! And you are getting angry with such an old person. Why? If it is not true, say! Why Shi`a `ulamas are not writing it in front of their names? Instead, they write before their names ayatullah or hujjatullah or such a titles? Why they are not writing, "A weak servant asking to be accepted in the Divine Presence, as the weakest servant!" Because those titles give an imitated honor to you on this planet through people. Don't ask an honor from people. No, but you must look to yourself and teach people to say, "These people are destroying their spirituality with some imitated titles of no value!"

O People! Therefore, when you say, As-salaamu `alaykum, it gives you an honor from heaven, and through that honor comes mercy and rain over people, renewing their real beings, and they become stronger and stronger servants of the Lord. Why do you not begin your speeches by saying, "O my listeners, you are listening to a very weak servant of our Lord. Perhaps the Lord of Heavens will grant some real values, such that you will be happy with them here and Hereafter."

O `ulamas! You are the people of the 15th-century (hijrah year). You are writing, speaking and teaching, but you are not teaching such important points. What a waste! You are losing your heavenly chance because you are not applying these points to yourselves, nor are you passing them to people and teaching them! You are not wayl (warning) those people running to be known as big scholars, no! That has no value. Allah Almighty will ask you, "You're aim was to be the most well-known scholar, but why did you not ask to be a servant in

My Divine Presence?" He will question everyone who claims such things.

May Allah forgive us!

O People! Come and accept reality,then you will be happy. You will be granted heavenly grants here and Hereafter.

May Allah forgive us. As-salaamu `alaykum.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome 4x

Absolute Greatness is only for the Lord of `Arsh, the Holy Throne. Remember that, O people! May Allah forgive us.

Fatihah.

Hisham Effendi is not calling? Perhaps he is traveling.

## Peace on Earth

Everyone must believe in their Creator. I believe in the Lord of Heavens, the Creator of mankind. I am a servant of the Lord. Abdullah is my name, even though people call me Sheik Nazim. I don't think that a Muslim, a Christian, a Catholic, an Orthodox, a Methodist, a Buddhist, a Hindu or a Jew would refuse to be called a servant of their Lord. Bishops are servants, Sheiks are servants, the Pope is a servant, an Emperor is a servant, Sultans and Kings and Queens are servants. Everyone is a servant. No-one can pass over from being a servant to being a lord. There is only one who is a Lord. That is what we believe. We also believe that this life is temporary. There is an eternal permanent life. We believe in the eternity of the Lord. His Kingdom stretches from pre-eternity to eternity. It is never-ending.

We are now trying to take away the kingdom of satan and to establish the real Kingdom of Heavens on earth. As long as the satanic kingdom is enact there will be no peace. When the Kingdom of Heavens has been established on earth peace will come. Without that we will not be able to defeat the devils and overcome the evil. We are trying to achieve this in a general way within all religions.

## Peace Talk

The purpose of any religion and of any spiritual path is to help people to become peaceful. To become peaceful, to reach peace in this life. To reach peace within themselves firstly and then with others is the purpose of religious life and of any spiritual path. Everyone is looking for that. Everyone who is pursuing anything in this life, who wants anything, who desires anything, they only want to reach peace. They may call it happiness but it is the same.

Usually, we don't understand what happiness consists in. We think that happiness consists in getting what we want. "I want something, I run after it, and if I have it I am happy." But that is not true. If you look carefully at how it really is (because everyone can know, everyone has made so many attempts in their lives to reach happiness), you will see that happiness does not consist in getting what you want. Happiness consists in not having to run anymore.

To have what you wanted is no guarantee for not having to run anymore. If this were the case, then we would have been happy a long time ago, and we would also stay happy, but we don't. Why not? Have we never reached what we wanted to reach? Of course, we have. We may later say it didn't turn out the way we wanted it. But that is another story. When you got what you wanted, why weren't you happy? Or if you were really happy, what was it that made you happy? It is not the thing you wanted that made you happy. To think so is a

common error. We don't know how to be happy because we misplace our happiness in the thing we wanted. That is ignorance and foolishness. If we looked carefully, we would see that what makes us happy is that little moment where we don't want anymore. Then, at least for one moment, we are at peace. Nothing disturbs us, no ghosts are chasing us, no desires, nothing. If the only way to reach peace in this life were to reach the thing one wants, then all of us would be happy once and for all. But we don't understand where happiness lies. If we understood, we would stop running because we would know its place and what it consists in.

So we must ask. We must ask those who know: Where does peace lie? What does it consist of? How can we reach it? We must ask those who know. They are, firstly, Allah himself, and secondly, His Beloved Prophet, peace and blessings be upon him, and thirdly those who inherited his knowledge. We must ask them: "Can you tell us please, where and how we can reach peace?" They will not withhold advice. They are ready, waiting to be asked.

One of them, Abu Said Abu-l Khayr, one of the great friends of Allah, said: "If you are looking for peace amongst creatures, you will find quarrelling. And your quarrelling will not stop." Don't think that you will be able to reach peace through yourselves. Why do you look for it in that direction? If you want to quarrel, then look in that direction, look at each other and you will find it. Yet nobody wants to quarrel. They are all saying, 'We don't want it', but they are looking for it. How strange! What strange beings we are! There must be something wrong. We are saying one thing and look for its opposite. We are looking this way and walk that way. How come? Are there two inside us? Maybe there are two inside us, or we are two, not one with ourselves. Even with ourselves we are quarrelling. One of us says, "I am looking for peace and happiness", and the other one looks for trouble. Then we find ourselves somewhere between those two and say, "I don't understand, I'm looking for peace and all I find is trouble. How come?" Because we are ignorant ones. And not only ignorant, but also unwilling to listen. We don't like to pay attention to those who know and can give advice. We say, "I am looking for advice", but when someone gives advice, we don't listen. We argue instead, saying "Why did you say that? I don't agree."

So Abu Said said: If you are looking for peace and you are looking at people like yourselves, you will have a very long quarrel ahead of you. Now we all are familiar with what happened to Sidi Ahmed el Badawi in his search. We are all a little bit like Sidi Ahmad al-Badawi, not accepting help when help comes, wanting always to do everything by ourselves. When that Qutb (the Pole of his age) met Sidi Ahmad al- Badawi saying "I have

your key, the key for your happiness, take it from me!" And Sidi Ahmad said, "I'm not going to take it from you, only from Allah Himself." So the Qutb answered: "Good. If you are not taking it from me, let's leave it." And he left him. And everything left him with that Qutb. Everything he had ever learned went away until he did not even know Sura al-Fatiha (the Opening Verse). So these people say, "You don't have to take our advice. If you don't want it, leave it. It will only take you a longer time and some more hardships to learn, to understand, to listen". Everyone has his or her time to come around. Some take little time, some a long time, because they are very stubborn. Every heart has its time until it is soft, its time for softening. A hard heart does not return to its Creator. Only soft hearts return to their Lord. Because when we are born, we are born with soft hearts. Then, when we grow up our hearts grow hard. Some more, some less. But no heart returns different from the way it was made. If you are not making your heart soft in this life, then Allah will make it soft.

We are told: If you want peace and you don't want to quarrel within yourselves and with others, don't look in the direction of others. And don't even expect anything from them. If you expect peace from them and don't get it, don't complain. If you look at each other, it would be better, more sincere, to say " I don't expect any peace from you, I like to fight, I want to quarrel, I like to argue." That may not be nice, but at least we would not pretend that we are looking for peace. So, if we can't find peace from each other, from where does it come? Do you think it falls from the sky, or comes from underground? Quarrelling comes from ourselves, but peace must come from the One who is peaceful. Allah tells us, "If you are really friendly with each other, it is because of Our gift. We give you peace. So ask it from us. Look in Our direction when looking for it." Islam is the religion of truth, not of lies or illusions. It does not tell people that by themselves they are friendly. It says "You may pretend to be nice to each other", or you may prefer that it looks this way. But it is not true. So look for what is true. That is better for you, even if it does not fit your illusions.

From ourselves, nothing good comes. If we are left to ourselves, we are enemies to each other. If there is any goodness amongst us, any friendliness, any kindness, it is not from ourselves but from our Lord. If we knew this, we would be grateful to Him. We would admit that there is someone who sends us these things, someone who gives peace, who gives rest, who gives, who gives us happiness. Don't say, "That is Sufi talk, that is religious talk." It is the truth. Very simple. But for many people it is not convenient to admit this, because there is that other one in us who says, "Listen! Go for it! Go and shout, go and fight, and kill!" Then you are

in-between these voices, as usual.

You must understand the name Al-Salam (Peace). I am not called Al-Salam, no one here is. There is only One whose Name this is, and it is from Him that peace must come, not from anyone else. You may say, "Yes, I understand about al-Salam, I will look into it, tomorrow. Tomorrow, I will look into Allah's direction for peace, but today I am going to finish my quarrel. I am going to give back to them what they gave to me, and when I am finished with them. I will look for Allah. Tomorrow, I will be peaceful. I will say, 'O You who are the peaceful one, give me peace.'" But there is no tomorrow. That is only an idea for our minds, an invention. There is only now. And you must intend for now. If you look for peace, look for it now! If you say, "I am too weak to reach peace now by myself", that is true. We are all too weak to reach peace by ourselves, at any time.

Chinese people, who have very ancient wisdom, say that the worst thing that can happen to a human being is to die an untimely death. What is an untimely death? Does it mean that when you are only 25 and you have to die, that is untimely? No, untimely means something else. Everyone has his or her appointed time and that time is the right time, if they like it or not. That is not meant by dying an untimely death. It means: anytime, whatever the time is, when you have to die, and you are not ready. That is untimely. And a timely death, that is the best thing that can happen to a human being. So that, whenever the angel of death comes, he comes in time. Because one is ready. But we cannot be ready without having made ready, without preparation. When are you going to get ready? Tomorrow? Do you know your time, so you know that you have still time left? You must prepare yourself now, so you are ready to go to your Lord and be with Him, now. Not later. To prepare for being with Him means to turn towards Him in every respect.

Now, we are turning to Him for peace. We don't say, "I still have some unfinished business here." Maybe, you will never finish your business. Maybe, there will be no time to turn towards Him. No time for peace.

He is the One. And because He is the One, there is no conflict in Him or with Him. There is no opposition against the One, no quarrel. You can only oppose yourselves. Mawlana Sheikh Nazim, our master and guide, says very simple things very clearly. They are so simple and clear that we cannot hear them, if we are not simple and clear ourselves. He once said, "What does it mean to be a Muslim? A Muslim is someone who has promised his Lord never again to quarrel with Him." He says, "If I quarrel with You once, at that moment I stop being a Muslim. I am not submitting myself to Your Will." And, therefore, I am not in peace and not at

rest.

That is a promise. And as with all promises, we must ask for strength to keep them. Don't say, "I know myself, I am so weak, I am not promising anything." If you are a Muslim, you may be weak, but you promise. If you are saying "La ilaha ill-Allah", what do you mean? Abu Said Abu-l Khayr said: When you are saying these words, you say "I promise not to quarrel with You." You give baya' (swear allegiance) to your Lord, swearing allegiance to Him, promising never to oppose Him.

La ilaha ill-Allah, I am connected to You. If you think you are too weak, ask Him for His support. Or ask meded from those who are helpers. But you must promise. For the promise is the only way to reach what everyone wants to reach. To reach peace, to be at peace and at rest with yourselves.

Wa min Allah at-tawfiq
(And from Allah comes success)

## The Peak of Civilization in the 21st Century

A`oodhu billahi min ash-Shaytaani ‘r-rajim. Bismillahi 'r-Rahmaani 'r-Raheem. SubhaanAllah, the worst of enemies to Mankind is the ego, but people do not think and that is astonishing! SubhaanAllahi ‘l-`Aliyyu 'l-`Azheem. Laa ilaaha illa-Llah Sayyidina Muhammadan Rasoolullah.

(Mawlana Shaykh stands.) Yaa Rabbee! Spare us and grant us the strength to worship and obey You. Bestow upon Your Beloved Prophet more praises, more honor, and more heavenly lights and pleasure. If it was not for the association of rijaalAllah, the Men of Allah, life would not be; it would be a wasted life. (Mawlana Shaykh sits)

SubhaanAllah, human beings are seldom thankful! People think the life of dunya is to come and go, but only a few think about the reality of dunya and what it carries from different types of ferocious animals, some of which can fly, some swim, or some run. However, human beings in our time are no longer using their brains to think. Most people are being ridden by their egos and by Shaytan. Shame on most of them!

Allah (swt) said:

•••••• •••••••••••

khalaqa al-insaan. He created Man. (ar-Rahman, 55:3)

Allah (swt) created Adam, as He is the Creator. There is no Creator except Allah (swt); they do not think! The Prophet (s) said:

•••• •••• ••• •• ••••• ••••• •••

tafakkarru sa`atan khayrun min `ibaadati saba`een sannah. To remember Allah (swt) for one hour (contemplate or meditate) is better than seventy years of worship.

In these times people have left thinking and Shaytan made them take so many wrong ways for the sake of keeping them busy and away from the truth, and people think they were created or came to this world by chance! I am asking, did you come down in a basket from the skies? This is what they think. How is this possible? They have no reasoning and when there is no reasoning, human beings cannot succeed because thinking gives direction towards haqq and baatil, right or wrong. As soon as you think, you will find truth and be able to distinguish it from falsehood. If you contemplate, you will find out who is wrong and who is right, but now we are in a time where people have no reasoning. How could this be?

What do they think of this world? They do not teach them! Shaytan keeps them busy with things that have no taste. They filled the world with schools, but what do they teach? They teach nothing! They are just keeping people busy with things that do not concern them and have no meaning for them. The lowest level of what they do has no meaning. Originally, all human beings must leave what does not concern them, as the Prophet (s) said about the sign of a good Muslim:

•• ••• ••••• ••••• ••• •• •• •••••

Min husni islaam al-maruw tarku maa laa ya`neehu. From the perfection of one's Islam, is to leave matters that don't concern him.

People living in dunya now are not keeping themselves busy with what concerns them. On the contrary, Shaytan occupies them with forbidden things that harm and do not benefit them, yet they say, "Now the world has reached the top point of civilization!" Does 'Civilization' mean to keep people busy with what doesn't concern them? Shaytan makes them busy and the majority of them have become donkeys of Shaytan, working for him and not working for Allah (swt) or the Prophet (s). What is this foolishness? How can anyone

say, "We have reached the top point of civilization”? What have you reached? Most of you have become the donkeys of Shaytan, and you say, “We have reached the top point, we are working people.” No, you are working for Shaytan from west to east!

The Islamic world is also working for Shaytan and now no one cares to work for his Lord with the symbols of Islam that Allah has ordered! How can they say they have reached the peak, the highest point of civilization. What peak? When you become Shaytan’s donkey, have reached the highest point? When you become Shaytan’s donkey you say, “We have reached the highest point of development; no one before us has reached the level we have reached.”

The donkeys of Shaytan are unlimited in number. O you donkeys, the Quraysh [of the Era of Ignorance] of our time! In the past, people used to ride their egos and control it, but now you are letting Shaytan ride you! You have become the donkey of Shaytan and are proud, saying, “We reached the highest point of civilization.” Mashaa-Allah, what is your civilization? People are not doing any work for Allah (swt), or for the sake of the Prophet (s), for humanity, for civilization, and they say, “We have reached to the highest point of civilization.” Congratulations! Mashaa-Allah, congratulations that you have become the donkey of Shaytan! Now let him ride on you, O animal!

Shaytan has made people his donkeys from east to west. There are no Arabs, Turks, Muslims, Christians, Syriacs, or Jews left; they have all become Shaytan’s donkeys, not servants to Islamic Shari`ah. They are not asking to be servants to their Lord; they left worship to be in the station of donkeys, saying, “This station is the highest point of civilization,” the maqaam of the donkeys, and Shaytan is the donkey of the ego, so congratulations! You have become the donkey of Shaytan, or the donkey of your ego, or the donkey of your women! Welcome! Congratulations to the people of civilization, you now have your own teacher! Who is your teacher? Shaytan is your head teacher! They don't listen to prophets or saints and became workers for Shaytan and are proud of that station. If you ask them to serve their Lord, they say, "We have no time because we are busy serving the ‘donkeyness’ of Shaytan. We have no time or chance to get busy with the Orders of Heavens, the Orders of Heavenly Dominions! No, we are busy." This is their attribute! Na`oodhu billah!

•••• •••••••• ••••••••• ••••••• ••••••• ••••• ••••••• •••••••••• ••• ••••••• ••••••

Idh qaaloo li-nabiyyan lahum ib`ath lanaa malikan nuqaatil fee sabeelillah. The said, "Appoint for us a king and we will fight in Allah's Way!" (al-Baqarah, 2:246)

Allahuma laa takilnaa ilaa anfusina tarfa `aynin, “O our Lord, do not leave us to our egos even for a blink of an eye.” A blink of an eye is enough to make anyone the donkey of Shaytan. This is important; this association that we are speaking in has meanings about Earth and Heavens, and everything, but there is no one to listen or believe what we are saying.

O Arabs! O Believers! Why did you leave that honor and follow Shaytan and your egos and your desires to become hostages to your world? The Prophet (s) said:

•••••• •••• • •••••• ••••••

Ad-dunya jeefatun wa tulaabuhu kilaabuha. This dunya is like a carcass and its seekers are dogs!

"The world is deceiving and it is a carcass for dogs." May Allah forgive us, bi jaahi man anzalta `alayhi, Surat al-Fatihah.

These are inspirations coming from above, not from ourselves; they come to teach the truth and to explain our situation in the world now. Pity! Amaan yaa Rabbee, tawbah yaa Rabbee! What did the Prophet (s) say? Allahuma laa takilnaa ilaa anfusina tarfa `aynin, “O our Lord, do not leave us to our egos even for a blink of an eye.” Sadaqa rasoolullah, the Messenger (s) spoke the truth!

Fatihah.

## People Are Different Like Roses In A Garden

As-salaamu `alaykum. As-salaamu `alaykum! Marhaban! Ahlan wa sahlan! Marhaban, good tidings for Muslims! Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh stands) Yaa Rabbana, Rabb ighfir w 'arham wa Anta khayru 'r-rahimeen. (Mawlana Shaykh sits) Thumma as-salaat wa 's-salaam `alaa Sayyidi 'l-aawwaleen wa ’l-aakhireen, (Mawlana Shaykh stands) Sayyidina Muhammad wa `alaa aalihi wa saahbihi wa `alaa jamee`i 'l-anbiyaa wa 'l-mursaleen wa khudamaa'i shara`ihim wa `alaa `ibaadAllahi 's-saaliheen. (Mawlana Shaykh sits)

O People! As-salaamu `alaykum, from east to west, from north to south. Listen and try to understand and obey the holy commands of Allah Almighty. As long as people are not obeying the holy orders of Heavens, they will always be in never-ending troubles, in their physical beings and in their works. Everything is going to be as a spear piercing them and no one is going to be happy. Therefore, we are calling all Mankind from east to west, from north to south, to try to be obedient servants. If not, they can't reach any pleasure here or Hereafter. If a person is not making his Lord, Almighty Allah, pleased with him, his life here and Hereafter is going to be in troubles and he will be thrown into Trouble Valleys.

O People! Come and listen; we must listen and obey. If you are asking for happiness and pleasure, pleasement and Paradise, a sweet life here and Paradise on the Day of Resurrection, endlessly up to Eternity,

why are you not taking care? 21st century people are like drunk ones, never thinking, every 24 hours running after dunya, asking to be in pleasure here, but it is impossible. They are eating but not digesting, drinking but not tasting, and sleeping with tablets, which is not a sweet life. A sweet life is if he eats dry bread with salt and water, and his conscience is restful, or if he sleeps on a stone and he is happy. People are sleeping on such beds, but do not taste a good taste, and they are not in rest. They are always using drugs. When a person is using drugs, he is never tasting and he is like a dead person. For sleep there is a kind of rest granted from Paradise. Some people are sleeping and at the beginning of their sleep their spiritual being is taken by angels, going around. People take drugs to sleep, but they are like a dead body. The lives of believers and lovers of Allah and His most beloved servant, Sayyidina Muhammad (s) (Mawlana Shaykh stands and sits) are sweet when they awaken, and when they are sleeping, their lives are also sweet, but people are not understanding spirituality that gives pleasure to people.

In past times when people were working, they would clap and sing, "Ilahee, ilahee," heavenly singing, like tasbeeh, glorifying their Lord, and angels were descended and moved with them in such pleasement and pleasure. Now they are on tractors and there is no singing. Their ears are like deaf ones and that poisonous smoke is coming on them. They changed and are saying, "We are living in the time of technology, which is making our lives easy, not like before when people plowed with an ox." They are happy on a tractor, but because of that poisoned smoke, all night their heads and hearts are suffering in pain. That is their technology!

O People! Come back to nature! The Lord of Heavens is making nature madad, help you, so you must come back to nature. People are fighting nature with so many poisonous things. O Mankind living on this planet! You must change your life. Technology is killing you and daily it is giving much more trouble for you! O Western People! Hear and obey! Leave technology. O our heedless Muslim world! Don't follow western foolishness! Leave technology and come to nature! That is important. From east to west, you must listen and hear if you want a sweet life here and Hereafter.

La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem. Yaa Rabbee! Now Shaytan has established its kingdom and we must try to destroy it, to finish it! Allah Almighty made Mankind as brothers. (Mawlana Shaykh stands)

••• ••••••••• ••••••••• •••••• •••••••••••••• •••• •••••• ••••••••• •••••••••••••••• ••••••••• •••••••••••••

Yaa ayyuha 'n-naas inna khalaqnaakum min dhakarin wa untha wa ja`alnaakum shu`ooban wa qabaa'il. O Mankind! Verily We created you from male and female, and made you nations and tribes. (49:13)

(Mawlana Shaykh sits) Allah, Allah. Allah, Allah. And Allah Almighty granted people of every tribe or nation special characteristics. English people, German, Pakistani, Japanese, Turks, Kurdish, Azeri people, and everyone is granted something. The Lord of Heavens is asking to make this world in different colors, like a rose garden. You can't find a white rose fighting with a red rose. Countless other flowers are living altogether and not fighting, but what about Mankind, why do you fight and kill? It is not an honor! They say they reached the top point of civilization, but they are liars! What is their civilization, to send those missiles to destroy? They are burning everything, including so many creatures. Why? Have we been honored with that? Have we been ordered to kill, destroy, burn, and give trouble to each other? Is that "civilization"? Ptuuh (spit) on their civilization! But holy orders will take them away and a big cleaning is coming, because people are followers of Shaytan.

O People! Come, listen, obey, and follow the holy commands of Allah Almighty. (Mawlana Shaykh stands and sits.) May Allah forgive us, for the honor of the Seal of Prophets (s). Huuuuuu.

Fatihah.

Enough. Good tidings for listeners of heavenly orders, and bad tidings will come to those who are not following heavenly orders and pleasures. May Allah forgive us. Tawbah, yaa Rabbee.

Fatihah.

**People have everything except belief! Or: How to come closer to Allah Or: Teach what you know!**

As-salamu alaikum!

Once Khwaja Nasrudin - Allah blesses him... Destur, ya Sultanu-l Awliya! Meded, ya Rijalallah!

O our Lord, forgive us! O our Lord, send us your Blessings! If You are not happy from big mass of mankind, through themselves You have someones that You are happy and pleased with them. For their honour send us Your Blessings!
We are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. It is an association. An association (is) taking away from people wildness and their violence. To be together, coming from Heavens Blessings. If even two believers (are) coming together and (are) sitting for the sake of Allah Almighty, (it is) coming Blessings and Mercy. Therefore, we are here more than two people and we hope that for someones blessings (is) coming. Ask! If you like to be in pleasure and pleasement in divinely Presence even time by time, you must ask someones, whom they are closer to their Lord Allah Almighty, how (you are) going to be closer to our Creator, the Lord of Heavens? Someone may ask, yes...Meded, ya Sultanu-l Awliya!

(It is) simple and easy! If you are asking to be closer to Allah Almighty, you must try to be (far away) from your ego! You must run away from your ego, then you are going to be closer. If you are coming closer to your ego, you can't be able to be closer to Allah Almighty, no! Therefore, anyone asking to be closer from Allah Almighty: Run away from (your) ego, run away from your egoistic demands! Leave, then you should find yourself closer to Allah Almighty!
That is important and who is coming closer from Allah Almighty, he may reach everything here and Hereafter. But if that one (is) not closer to his Lord Almighty Allah, everything, every goodness, every pleasure, every peace, every hope, every beauty (is) running away from you. And in opposite: You, when you are running to Allah Almighty and asking His Pleasure and Pleasement, everything around yourself (is ) trying to make you pleased. No one (is) harming you, no, it is impossible! It is impossible!

If Allah Almighty (is) pleased with you and you are trying to make Allah Almighty to be pleased with you, how His creatures (are) trying to make you sad, hopeless? No, nothing (is) trying to make you in sadness, through sadness oceans, through darkness worlds! Your world that you are living in it, just (is) going to be ordered: "Oh, who is around My servant, everything, because I am pleased with My servant, you must try to make pleased My servant!" That is (His) Order! And then everything (is) trying to make you in pleasure, pleasement and peace. Nothing can give to you pleasure, if Allah Almighty (is) not ordering! Money- it means nothing! Richness should be nothing! (A) Kingdom (is) going to be nothing! Never (anything is) going to give you any pleasure and pleasement, if Allah Almighty (is) not ordering- that His Order (is) through everything! Atoms (are) hearing His Orders, and (they are) obeying! (A) Virus (is) listening, what its Creator (is) ordering. Its Creator (is) saying: "O My creature" and everything, it has a special name in (the) divine Presence! You can't find even an atom without a name, because the Lord of Heavens (is)

addressing to them: “Come into existence! Come, S., in existence, come, A., in existence. Come, M., in existence!” and they are coming. By their names (He is) calling (them)!

And you can't say: “How it can be?”

You must believe that your Lord may do everything that He asking to do or to be and (He is only) saying: “Be”, and (it is) being in existence. He may say: “O atoms”, and His divinely Addressing (is) to every atom: “O divinely Presences atoms” or: “Heavens atoms!” One after one He knows their names; He knows where they are, He knows for what they are in existence! Because He is (the) Creator! (The) Creator must know every creature that He created them, for what (He has created them)!

Without any wisdom, without any purpose, without a target, can’t be anything! An atom must be in existence for something! It knows! And when the Lord of Heavens, their Creator, (is) saying: “O My creatures”, they are saying: “Labbaik! O our Lord, we are ready, we are listening to You! What is Your Command?” “Listen and obey!” (This Order is) coming, because He is (the) Creator and He is (the) only One who can order, He is (the) only one who (is) making Rules.

(The) biggest mistake of mankind that is: They are asking to do rules by themselves. Man-made rules. Man-made rules (have) no value, no power! No one (is) listening, no one (is) obeying! But heavenly Orders that Allah Almighty only may order, His Orders must be heard, must be listened, must be obeyed! His Orders! (The) biggest mistake of mankind through (the) 21st century that is, that they are trying to make rules: “You (are) like me. What you are making, a rule, I can do another (rule) and I am not obliged to obey to you. Who are you? You are like me, (a) person, why I am going to be your servant? How I am going to be (an) obedient servant to you? What is more, (what is the) thing that you have more than me? No!”

Our whole mankind (is) on (the) same standard. Only someones (not)- that the Lord of Heavens (is) making some of His servants exception- that their creation (is) different, just different. How much different? 1oo % (they are) different for their existence! Those Wahabi people they are saying that: “What is (that) Prophet! He is like ourselves!” Ma sha Allah! Who said to you that (the) Prophet looks like you? No! 1oo % (he is) different (in) his creation, he has an exception, because he is closer or he must be closer to the Lord of Heavens, to hear and listen and obey and to bring (to the) common people (the) Rules of Heavens, (the) Rules of (the) Lord of Heavens.

That is (a) biggest mistake (of mankind), but in our days whole people they like to be like Nimrods, saying: “I am the Lord on earth!” Ha? Ya Maulayi! ... Ja. That is (a) biggest mistake... but they are forcing people: “You must obey to me!” “For what? Who are you? You are like myself. You are putting rules on me, because behind of you there is some foolish crowding ones, like wolves... and you are trying to make an order on me? No, I am not accepting!”
But when heavenly Power (is) coming, Rules from Heavens- (those), whom they are carrying that rules, they are just 1oo % different. What they are saying? They are saying: “O man, obey or you are going to be finished!” But people they are thinking that (there is) no any other one over themselves, (who) can order to them or (that) they may do everything as they like and (they are) making people to run on their imitated ways and they are falling into darkness, falling through depthless valleys.

The Lord of Heavens (is) calling every creation: “O My creatures! That one... that one... he is My servant. He is or she is keeping My Orders, hearing and listening and obeying, so that everything, you must give your honours to him and don’t harm him! Don’t harm him in any way, no! You can’t touch that one, no!”
That is the Order of Heavens to every atom through their names.
Therefore, safety for mankind is to obey to their Creator, to try to make their

Creator happy with them and pleased with them and then He (is) granting to them (from) His kinds... from His endless Mercy Oceans, from His endless pleasure Oceans, from His endless Pleasement Oceans, from endless Beauty Oceans, from endless, endless, endless, endless Oceans!

People must learn! They should learn or they are going to be garbage through dustbin, no value! No value, (so Allah Almighty is) making them (His creatures) to give every harm (to those people)... harm is not enough for that word 'asa' ... to make them (in) displeasure... If Allah Almighty (is) not saying: "Give your pleasure to My obedient servants", everything should attack on people. When unseen creatures (are) running and attacking on a man, even one (of them) may take that person from life to death!

O people, you must try to believe (in) your Lords Power and Possibility that His possibility (is) endless Oceans! Possibility... understanding?... He can do everything with His unlimited Powers! He can do everything and no one can stop the Lord of Heavens to do like this and to do like that!

We need to believe in Him! We have everything, except belief. People, they have everything from materials, only they lost spirituality and their Lords Commands. Therefore, they are day by day coming down. Day by day they are falling through (the) darkness of an endless well that no one can take them out, except, if the Lord of Heavens (is) sending to you a rope. That rope it is impossible to be cut off, always (it) is ready. Keep that rope, you should be saved and rewarded and honoured and glorified in His divinely Presence.

May Allah forgive us! For the honour of most honoured and glorified one on His divinely Presence, S.Muhammad sws, Fatiha... Ya Rabbi, Shukr!... Welcome to you!

I was speaking for Nasrudin Hoca, (a) very popular one that he was only one servant, but his spirituality (is) covering mankind through centuries from East to West. And he was just a learned person and (he was) trying to teach people

something that may be (of) too much benefit, maybe useful for people. He was advising to them. Once (he was) coming (to the) mosque and (he was) sitting... not like this.. (on the) official seat in (the) mosque... (he was) sitting and looking to people: “Ma sha Allah! Very good people, good crowding here... Yes, o my listeners! Are you knowing what I am teaching to you?” (And the) people (were) saying: “No, Sir we are not knowing what you are saying to us.” And he was saying: “If you are not knowing, for what I am saying to you something? Ehhh... ma’a Salaam!” “Oh!” (The) people (were) going away... “If you are not knowing, what I am saying, for what I am saying to you something?” They left. Next time... people (were) saying: “Nasrudin Hoca, our teacher, our advisor, he (is) never speaking, (He is) asking that question and we are saying: ‘We are not knowing’ and he is saying: ‘(It) doesn’t matter’. This time we must say: ‘We know’.” And (on the) second occasion Nasrudin Hoca (was) standing (there), looking: “Ma sha Allah! So many people here... As-salamu alaikum! Are you knowing, what I am saying to you? “They are saying: “Yes, Sir, we are knowing!” “If you are knowing, for what I am saying to you?” And people, they were astonished. They were saying: “This time we must say, some of ourselves: ‘We know’, some other say: ‘We don’t know’.” (On) a third occasion Molla Nasrudin (was) coming and sitting: “O, ma sha Allah! Good people... Are you knowing, what I am going to teach you?” These people (were) saying: “Yes, we are knowing” and another group (was) saying: “We are not knowing, Hoca Effendi, we are not knowing!” “Very good! Who (is) knowing, (they are) teaching unknowing people!”

I am coming and saying to you: “You know, what I am saying?”, but you are not answering, therefore I am addressing to walls, and (the) floor and (the) ceiling... What we shall do!... Yalla, go away! As-salamu alaikum...

Audhu bi-llahi mina shaitani rajim, Bsmillahir Rahmanir Rahim. Ya Rabbana, ya Rabbi-ghfir wa-rham wa Anta khairu Rahimin, innaka Afuwu Karim, tuhibbu-l afwa, fa-fuanna, ya Karim, bi jahi man arsaltahu Suratu-l Fatiha!

## A People He Loves

Welcome O beloved ones. Beloved ones! Welcome Shaykh Adnan Effendi. You have honoured us.
S.A.: We have been honoured.
M: May Allah (swt) increase you in Heavenly Lights, happiness & welcome in this world & in the Hereafter. May the angels come to you saying "salamun aleikum for what you have been patient with." Our Lord (jj) created us, granted us our provision, honoured us & bestowed His generosity on us. Welcome to you.
Every matter that does not start with Bismillah is cut off. It is cut off. Without Bismillah it is cut off. It is cut off.... All that shaytan wants is that people forget to say Bismillahi r-Rahmani r-Rahim. They forgot Bismillahi r-Rahmani r-Rahim and they fell down. They have no more value nor the honour that comes to them from Heavens. Who does not say Bismillahi r-Rahmani r-Rahim no honour comes on them from Heavens nor...nothing. He is left with nothing. People...Bismillahi r-Rahmani r-Rahim. Every matter that does not begin with Bismillah is cut off. People run in the streets screaming & shouting. They do not think of saying "Bismillahi r-Rahmani r-Rahim Bismillahi r-Rahmani r-Rahim Bismillahi r-Rahmani r-Rahim." So the angels come down on them.
They forgot. shaytan & his followers they stir them up. They stir them up and they shout like dogs, hasha! Like beasts. Is this the honour of Islam? "They have forgotten Allah so He has forgotten them" (9:67) Adnan Effendi. That's it. "Nasu Llaha..." They took for a Lord other than Allah (swt). Other than Allah (swt) who can claim to be a god for them? iblis, shaytan? "I will lead you to a life that you do not know." And all the teachings of shaytan people learned and taught it to their children and they left the teachings of Islam. They have no fortune, they can never have

it. They cannot be saved nor have success. They will not succeed, all of them will fail.
All the world now became soldiers for iblis. They put all their efforts to follow the steps of shaytan. "And follow not the footsteps of shaitan" (2:208) Allah (swt) ordered it. People, step by step, put all their efforts into following shaytan and his followers of all kinds. "Fasawfa Ya'ti Llahu Biqawmin Yuhibbuhum Wa Yuhibbunahu "(5:54) Allahu Akbar Sadaqa Llahu l 'Azim SubhanaHu wa Ta'ala. Allah (swt) will not leave them (the tyrants), He does not want to leave them. "Allah will bring a people whom He will love and they will love Him."(5:54) The Muslim world has fallen to the ground. Allah (swt) sent from the end of the world a tribe coming from Khorasan. They came from Khorasan. Allah Allah! Their Sultan when he was bathing, he drowned. He drowned in the river Euphrates (Iraq). His son took his throne, a small tribe. He was directed by our Sultan Al Anbiya' (saws).
He did not go to East, the East side of the world, but he went to the West. Because the worst enemies of Islam are those people who claim to be the people of the Book. I asked one of them, one of their knowledgeable ones, "how is your religion?" "Our religion, we believe in the father, in the son, & in the Holy Spirit." Is it not so?
S.A.: This is what they believe in.
M: Three deities. They know also, in Egypt. How do you see? You believe that there is the father, on his right hand is his son, and on his left hand is the Holy Spirit. Yes? And then, what do you think in your faith or your way of thinking, is there one who is the Lord of the worlds? You say that there is the father, the son & the Holy Spirit. How did the order come, the father sends his son to to be crucified? He sends his son to be crucified? What do you think of this? How is God sending his son to the world to be crucified? Is this how your mind works? (spit) on your way of thinking! Which father with all his powers will send his son to his enemies so they crucify him? And Allah (swt) says "but they killed him not, nor crucified him, but it seemed to them like that."(4:157)
This religion, the religion of Christianity, this religion from its roots is false, broken. And all their efforts are in... showing, showing off, showing off their religion with buildings, astonishing buildings, saying "look this is our religion." Churches, Cathedrals... I swore on the one who founded the Vatican. For what reason? The Prophet Isa (as) came from Bayt Lahm (Bethlehem). You moved its center to the Vatican and you placed a Holy one there. Who gave him holiness?

Who gave him holiness? Who made them holy? They sanctified one another. And therefore the Western people, the Christian world, from their extreme envy and stubbornness stood up against Islam until now. Until now, they do not consider Islam a religion of Allah (swt). Why?
You say that star, the North pole star, you claim there is something there. In front of you is the full moon, and you do not believe what is apparent on the full moon but you believe what is on the pole star. You have no logic, no mind nor balance. And therefore they did not spread except by their enmity to Islam. They stood up against Islam. But "Allah will protect you from people" (5:67) Allah (swt) informed His Beloved "don't fear. Jibril (as) will come." While the Prophet (saws) was in the cave of Thawr with S. Abu Bakr (as) on the Hijra, the Prophet (saws)told his friend "Don't fear Allah is with us." Rasul Al Qibriya' (saws) said this. His sword reaches from East to West.
Now shaytan taught them... Their teacher is the master shaytan. All that they call technology – meaning "knowledge inside the boat" (joke) nothing more. These are their ideas. Until now this is their idea, to remove Islam from the face of the earth. I said to them " you can only lick your hand, or under you." Tamam Shaykh al Islam! I get tired...especially the attenders.
Allah (swt) inspires wisdom on the tongue of the speakers according to the listener's capacity. And all of you are of high aspiration Especially Adnan Effendi is a hose that can swallow all the seas.... And it was thrown to my being a few words. I do not know but they are inspired to me. I say "my arabic is little" and the companions (ra) are laughing. The end of times no one is left to swear at the people, I am enough! And they laugh. Let the Shaykh swear, and I do! S. Adnan came & I am keeping the highest adab. He is a strong one. In this time it is enough for tonight, I got tired.
S.A. We were present in your company while visiting S. Rasulullah(saws) & S. Sayed Al Mu'minin Ya S.Omar Ibn Al Khattab, but instead you called him S.Omar ibn Al Hattab so he laughed & also the Prophet (saws).
M. Hattab, Khattab all the same! The letter H or Kh... Khattab! Yes They are laughing, the Shaykh is angry but they are still laughing.
Fatiha.

**Leute, die Er liebt**

---

Willkommen, ihr Geliebten. Geliebte! Willkommen, Shaykh Adnan Effendi. Du hast uns geehrt. SA: Wir sind geehrt. M: Möge Allah (swt) deine Himmlischen Lichter, dein Glück und Willkommen in dieser Welt und im Jenseits mehren. Mögen die Engel zu dir kommen und sagen, 'Salamun `alaykum für das, was du geduldig ertragen hast.' Unsere Herr (jj) hat uns erschaffen, uns unsere Versorgung gewährt und uns Seine Großzügigkeit erwiesen. Willkommen dir. Jede Angelegenheit, die nicht mit Bismillah beginnt, ist abgeschnitten. Sie ist abgeschnitten. Ohne Bismillah ist sie abgeschnitten. Sie ist abgeschnitten.. Alles, was Shaytan will, ist daß die Menschen vergessen, Bismillahi r-Rahmani r-Rahim zu sagen. Sie haben das Bismillahi r-Rahmani r-Rahim vergessen und sind gefallen. Sie haben keinen Wert und keine Ehre mehr, die ihnen von den Himmeln zukommt. Wer nicht Bismillahi r-Rahmani r-Rahim sagt, auf den kommt keine Ehre von den Himmeln noch... nichts. Es bleibt nichts für ihn übrig. Die Leute.. Bismillahi r-Rahmani r-Rahim. Jede Angelegenheit, die nicht mit Bismillah beginnt, ist abgeschnitten. Die Menschen laufen auf der Straße und kreischen und schreien. Sie denken nicht daran zu sagen Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. So kommen die Engel auf sie herab.

Sie haben es vergessen, Shaytan und seine Anhänger hetzen sie auf. Sie hetzen sie auf und sie heulen wie Hunde. Hasha! Wie wilde Tiere. Ist das die Ehre des Islam? 'Sie haben Allah vergessen, also hat Er sie vergessen' (9:67), Adnan Effendi. Das ist es. "Nasu Llaha.." Sie nahmen als Herrn andere als Allah (swt). Andere als Allah (swt), die beanspruchen, ein Gott für sie zu sein? Iblis, Shaytan? 'Ich werde euch zu einem Leben führen, das ihr nicht kennt.' Und all die Lehren Shaytans, die die Leute lernten und ihre Kinder lehrten, und sie verließen die Lehren des Islam. Sie haben kein Glück, können es nie haben. Sie können nicht gerettet werden, noch Erfolg haben. Sie werden keinen Erfolg haben, sie werden alle scheitern. Alle auf der ganzen Welt wurden jetzt Soldaten für Iblis. Sie verlegen ihre ganze Anstrengung darauf, den Fußstapfen Shaytans zu folgen. 'Und folgt nicht den Fußstapfen Shaytans' (2: 208). Allah (swt) befahl es. Die Leute, Schritt für Schritt, verlegen ihre ganzen Anstrengungen darauf, Shaytan und seinen Anhängern aller Arten zu folgen.

"Fasawfa Ya'ti Llahu Biqawmin Yuhibbuhum wa Yuhibbunahu" (5:54). Allahu Akbar Sadaqa Llahu l-`Azim Subhanahu wa Ta`ala. Allah (swt) wird sie nicht lassen, Er will sie nicht lassen.

'Allah wird Leute bringen, die Er liebt und die Ihn lieben' (5:54). Die Muslimwelt ist zu Boden gefallen. Allah (swt) sandte vom Ende der Welt ein Volk, das aus Khorasan kommt. Sie kommen aus Khorasan. Allah Allah! Ihr Sultan ertrank, als er badete. Er ertrank im Fluß Euphrat (im Irak). Sein Sohn übernahm den Thron, das bedeutet, es ist ein kleines Volk. Er stand unter dem Befehl unseres Sultan al-Anbiya' (saws). Er ging nicht nach Osten, auf die östliche Seite der Welt, sondern er ging nach Westen. Weil die schlimmsten Feinde des Islam jene Leute sind, die behaupten, Leute des Buches zu sein. Ich fragte einen von ihnen, einen ihrer Wissenden: 'Wie ist euere Religion?' 'Unsere Religion, wir glauben an den Vater, den Sohn und den Heiligen Geist.' Ist es nicht so? SA: Das ist, was sie glauben. M: Drei Gottheiten. Sie wissen das auch, in Ägypten. Wie seht ihr das? Ihr glaubt, daß es den Vater gibt, zur Rechten ist sein Sohn, und zur Linken ist der Heilige Geist. Ja? Und dann, was glaubt ihr in euerem Glauben oder euerer Denkweise, gibt es einen, der der Herr der Welten ist? Ihr sagt, daß es den Vater gibt, den Sohn und den Heiligen Geist. Wie kam der Befehl, der Vater sandte seinen Sohn, um gekreuzigt zu werden? Er sendet seinen Sohn, um gekreuzigt zu werden? Was denkt ihr darüber? Wie sendet Gott seinen Sohn in die Welt, um gekreuzigt zu werden? Ist es so, wie euer Verstand funktioniert (spuckt) in euerer Denkweise? Welcher Vater mit all seiner Macht wird seinen Sohn zu seinen Feinden senden, damit sie ihn kreuzigen?

Und Allah (swt) sagt, 'aber sie töteten ihn nicht, noch kreuzigten sie ihn, sondern es erschien ihnen so' (4:157). Diese Religion, die Religion des Christentums, ist an ihrer Wurzel falsch, gebrochen. Und ihre ganze Anstrengung besteht in.. Zeigen, Zurschaustellung, Zurschaustellung ihrer Religion mit Gebäuden, erstaunlichen Gebäuden. Sie sagen: 'Seht, dies ist unsere Religion.' Kirchen, Kathedralen.. Ich schimpfte auf den, der den Vatikan gründete. Aus welchem Grund? Der Prophet Isa (as) kam von Bayt Lahm (Bethlehem). Ihr verlegtet das Zentrum in den Vatikan und setztet einen Heiligen dorthin. Wer gab ihm Heiligkeit? Wer gab ihm Heiligkeit? Wer machte ihn heilig? Sie heiligten einen anderen. Und deshalb standen die westlichen Menschen, die christliche Welt, aus ihrem äußersten Neid und ihrem Starrsinn heraus bis jetzt gegen den Islam. Bis jetzt betrachten sie den Islam nicht als Religion Allahs (swt). Warum? Ihr sagt, dieser Stern, der Nordpolarstern, ihr behauptet, da ist etwas. Vor euch ist der Vollmond, und ihr glaubt nicht, was offensichtlich ist auf dem Vollmond, sondern ihr glaubt, was auf dem Polarstern ist. Ihr habt keine Logik, keinen Verstand, noch Ausgeglichenheit. Und deshalb verbreiteten sie sich

nur durch ihre Feindschaft zum Islam.
Sie standen gegen den Islam. Aber 'Allah wird euch vor den Menschen schützen' (5:67). Allah (swt) tat Seinem Geliebten kund: 'Fürchte dich nicht. Jibril (as) kommt.' Während der Prophet (saws) in der Höhle Thawr war mit S. Abu Bakr (as) auf der Hijra, sagte der Prophet (saws) seinem Freund: 'Fürchte dich nicht, Allah ist mit uns.' Rasul Al Qibriya' (saws) sagte das. Sein Schwert reichte von Ost nach West. Jetzt lehrte Shaytan sie.. Ihr Lehrer ist der Meister Shaytan. Alles, was sie Technologie nennen, das heißt 'Wissen im Boot' (Scherz), sonst nichts. Das sind ihre Ideen. Bis jetzt ist das ihre Idee, den Islam vom Angesicht der Erde zu tilgen. Ich sagte zu ihnen, 'ihr könnt nur euere Hände lecken oder unter euch.' Tamam, Shaykhu l-Islam! Ich bin müde.. besonders die Anwesenden. Allah (swt) inspiriert Weisheit auf die Zunge des Sprechenden gemäß des Fassungsvermögens der Zuhörer. Und ihr alle seid von hohem Streben, besonders Adnan Effendi ist ein Schlauch, der alle Meere schlucken kann.. Und es wurden ein paar Worte in mein Sein geworfen. Ich weiß nichts, aber sie wurden mir eingegeben. Ich sage, 'Mein Arabisch ist gering', und die Gefährten (ra) lachen. Am Ende der Zeit ist niemand mehr da, um auf die Leute zu schimpfen. Ich bin genug! Und sie lachen. Laßt den Shaykh schimpfen! Und das tue ich. S. Adnan kam, und ich wahre den höchsten Adab. Er ist stark. In dieser Zeit ist es genug für heute Nacht. Ich bin müde. SA: Wir waren dabei, als du S. Rasulullah (saws) und S. Sayed al-Mu'minin ya S. Omar Ibn al Khattab besuchtest, aber stattdessen nanntest du ihn S. Omar Ibn al Hattab, also lachte er und auch der Prophet (saws). M: Hattab, Khattab, alles dasselbe! Der Buchstabe H od Kh.. Khattab! Ja, sie lachen. Der Shaykh ist ärgerlich, aber sie lachen immer noch. Fatiha.

## People here in Cyprus are very 'himmetsiz'

...(I am shouting to our people here, in Cyprus.) They are very 'himmetsiz', they are never taking for any (heavenly) Command! If you are saying something for them, they are saying: "I don't care!" If you are not taking care, who is taking care for you, ya Shaitan?" "I don't care...!" They are not praying, they are not going to mosque! He may go to nightclub, he may go to casino, he may go everywhere that our egos (are) getting his freedom, they are doing everything, they never interesting (in) any heavenly Order. "We are not believing!"

Therefore I am shouting to them! And I am looking that through that Ramadan passed away...? Subhanallahi 'Aliyu-l 'Adhim...? (We are) praying Salatu-l Eid, and Allah Almighty (is) saying: "O My servants (are) coming to My obedience. O my Angels, just for the honour of My most beloved servant Muhammad sws, I am forgiving them, I am blessing them!" But big blame for those people that passed away one month and not fasting, not putting forehead on earth! I am fearing from Allah Almighty! O my Lord, forgive us and send us someone that he may be able to collect- not our physical bodies, no, send us someone, who may collect the hearts and souls of people, to collect them! If he is not

coming, we are finished...

May Allah forgive us! Allahu akbar, Allahu akbar, la ilaha ill-Allah, wa Allahu akbar, Allahu akbar wa li-llahi-l hamd...

## People must change their ways!

As-salamu alaikum! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. The worst and dangerous enemy for mankind, (for) the Children of Adam, you must teach first to your descendants, after teaching them: “Say: Allah, Allah, Allah...” ...Who is going to be his first speech Holy Name of Allah, we hope that at the end of their lives should be last word moving from their lips: “Allah, Allah, Allah...”

We must change our ways! From A to Z for Europeans, for Muslims- we must change everything also, according to Aliph, Ba, Ta... up to Ya. If not changing, whole people living on earth should be destroyed! They are destroying each other. Heavenly Cursing (is) approaching! You must leave Kufr, you must leave (the) wrong way, you must leave Kufars’ habits! We must change everything that we are wearing, eating, doing, reading- everything! Whole homes, homes of Nimrods, we must take them down! Ardu-llahi wasia’, Allah Almighty’s earth (is) so big, why you are making one over one? Why? Angels (are) calling those people and saying: “Why, the son of Adam, what is the reason that you are making your buildings higher, higher, higher? Are you going to follow the way of Nimrod? Are you claiming to be a Nimrod?” He was building such a huge towers, particularly (the) tower of Babylonia. Why? He was saying

(to) his Prime Minister- all Prime Minsters they much change their ways also- “O Haman, just build for me a huge tower! I like to get up and to look where is that Abraham’s Lord!”

Bismillahir Rahmanir Rahim, Bismillahir Rahmanir Rahim. People that they forget ‘Bismillahir Rahmanir Rahim’ (are) forgotten! Whom they (are) forgotten, coming on them cursing from Heavens and (that) cursing (is) not like cursing coming on those people, Qaum Nimrod: Assuriin, Kaldani, famous tribes... or Dijla... Dijla famous river... Dijla, Euphrates, Nil Mubarak and one more... (Tigris)... 4 rivers Amu Derya... They are saying that those 4 big rivers they are coming from Paradise... Therefore- people and Egyptian people, accepted to leave Shariatullah, taking away their Malik, Sultan, and accepting... who was representative of Shaitan, Shitani?... and what is the one before him? Lenin, Stalin, both of them, and Mao- they were representative of Nimrod and Shaitan. (Shaitan was) coming to Egypt through that Abdu-l Nasir, bringing Communism there and making his worst for Egyptian people, taking away what Allah (was) sending to people, bringing the pillars of (the) Sultanate of Shaitan.

Our people, they did it; Arabs (were) following them, they follow and they, all of them, (are) cursed! Iranian people also, they are under cursing- they are saying: “We are so much powerful”-, because (there is) no republic in Islam, no Parliament in Islam, no government cabinet! Sometimes I am hearing that someone (when he is) asking to urine, (is) saying: “I am going to (the) cabinet”... you heard it?... All of them now can’t be able to do anything for Allah, till they are coming to Shariatullah that from Heavens (is) coming! If they are not coming, cursing (is) coming after it! I am very fearful for this new year; (the) new year that it is (according to the) Hijri, (the) pilgrimage, calendar. There is (an) Islamic calendar, it is okay. Other calendars (have) no strong base- no base! No base- that is everything, as now in Christianity they are changing, as Shaitan (is) saying to them and then (it has) no value that European calendar, no! (But the) Islamic calendar (is) on a strong base. What is that strong base? The Seal of Prophets that just he (was) born through unknown deserts and (was) growing up (there). Europeans (are) no mind people, Christians more than them. It is forbidden for Non-Muslims to look (at) the base of Islam!

I am saying sometimes: “O people, what (is) saying your mentality, if someone (is) saying

(something) about Venus? (He) may say: ‘On Venus (there are) so high mountains and oceans and this and that’...” I am addressing to NASA. It is not really NASA, but it is ‘nasiya’, from ‘nasiya’, ‘nisyian’, ohhh, forgetting... forgot. Therefore they are saying (that) they are NASA people, forgetting everything that coming from Heavens. I am saying: “What is your opinion, if a person (is) saying: ‘(There is) something on Venus’ and you are saying: ‘Yes, yes, yes...’ and I am saying to you about on (the) moon, (about the) full moon, and you are saying: ‘We are not accepting (?)’.” That is their mentality? Europeans and Christians and Non-Muslims’ mentality (is) in such a way?

What is the nearest to our time? S.Muhammad sws! You are saying about (something) 4.ooo years ago, the names of Prophets. You are believing (in them) and that (even though) only their names (are) remaining through your books- and I don’t think that (there are) some people (who are) following them, no! And (you are) looking (the full moon) S.Muhammad sws- 2 billion people (are) following his way and (still) you are saying: “You are not (a) Prophet”? Ma sha Allah, what mentality! I am fighting them! I know their names! They know my name... but my pencil is writing something, (it) can’t be turned back! Therefore whole nations now they are responsible, because they are not thinking on it!

Jesus Christ is (a) Prophet and after him- peace be upon him- 6oo years (there was) coming another Prophet that just his name (is) blessed and (there were) good tidings about him. (He was) just granted to nations and you are saying: “He is not (a) Prophet”? Who should be Prophet now? Where is Jesus Christ’s Evangelo? We are not asking Evangelo for Mark, for John, for Mathew, for Luka! Once I went to (the) biggest shop in London, big, every kinds of books (there)... I am entering the (part)...that it is for Christianity books, I am saying: ”I am asking an Evengelo.” “Yes, Sir!” Quickly (they were) bringing 4 (books) to me. “What is that?” “This (is the) Evangelo for Lukas, this (the) Evangelo of Mathew, this (the) Evangelo of John and this (is the) Evangelo of Mark.” “I am asking (for the) Evangelo that just had been sent to Jesus Christ!” “We are sorry that this is our Holy Books...” “Finished! No need, because (the) Evangelo (was) not coming to Luka or Mathew or John or Mark, no, (the) Evangelo (was) coming to Jesus Christ. You may say: ‘He is son’ or other things- (this) doesn’

t matter for me, but I am asking: If Allah (was) sending Jesus Christ to save nations- what was with him? (The) Holy Book Mathew? John? Luka? Mark? How you are saying to me, how you are calling me to be Christian? The Lord of Heavens sent Jesus Christ and sent him (an) Evangelo- where is that Evangelo?" Finished! (It is) like a spring; just there is tap, but (there is) no more water coming. They are putting 1,2,3,4 pipes- even one of them (is) not running, never giving satisfaction!

Therefore- my addressing (is) to (the) whole world! Sometimes I am nothing, behind of One, zero. Sometimes they are making me in front of One- I am something that time! I am weak, perhaps two legs on the floor of (the) graveyard, but my words, no one can refuse it, no one can defend that ideas! Even though now Christians, Muslims, Jewish people, they have big foundations for their religions, but I am looking (that) not anyone may give anything to our spirituality! We are hungry and thirsty! Dunya (is) nothing! If (the) Pope thinks (about) what happened through 2ooo years (of) other Popes- he must think on it! Jewish people, now (it is) 15 centuries, yet they are not trying to say: "Muhammadun Rasulullah sws." Why? Anything is wrong? Anything (is) wrong in (the) Holy Quran? Say! Up to morning their heads (will be) going away! Now it is (a) very terrible time and should be used heavenly Powers and from earth people (are) going... as the Children of Israel; when they did (something) wrong, Allah Almighty (was) ordering to kill some of them that they did that wrong thing. Now therefore so many (of) that people (that) they are not coming to real belief, real Islam, they should be killed by each other. May Allah forgive us!

O people, come to yourself! And our new year, we are speaking on it, (the) thirstiest new year in Islam, beginning from the Holy Night, that 15th of Shaban Muazzam -not tonight, not tomorrow night, but after tomorrow night, the Night of Saturday night reaching to Sunday. Everything what is coming... therefore, o people, what is going to happen through this year up to (the) next Laylatu-l Baraat, (the) holy Night of Baraat, everything that should be on earth, written by the Will of our Lord, our Creator, should appear. Keep yourself! Keep yourself! No one can escape from heavenly Revenge! That (is) coming and finding them! May Allah forgive us! Prepare yourself for that night! Anywhere you can be and pray to Allah! If you can pray

100 Rakaats that night, Allah Almighty (is) giving to you, what it is best to you here and Hereafter! Try to be (the) servant of your Lord! That is (the) teachings of Islam and I don't think that other religions (are) saying that what I am saying is not true! Through whole Holy Books (it is) written: "O people, remind (remember) that you are servants!" May Allah forgive us and accept our (prayers)... Fatiha...

## Lecture people must listen and they must keep it

As-salamu alaikum... Audhubilahi minesh shaitana rajim...Bismillahi Rahmani Rahim Meded, ya Sultan-ul-Awliya...

It is an association, it is not a lecture. Lecture people must listen and they must keep it, they must learn, they must do, according to what they are learning. It is an obligation who attending for lecture. Lectures going to be mostly in universities, but association is something people may come, may visit, may hear and they are free to accept it or not. As a supermarket or such a thing, you may enter, you may look around, you are free to buy or not. We are putting here something from spirituality, who may be interested in it may look, may hear, may accept- free.

Therefore I am saying it is not a lecture, it is only a humble center, I am ashamed to say a center also. No, centers gives such a important place and through a center people think that an important person is in it... No, therefore I am saying flee market, like flee market, so simple... I am trying to be a simple one, trying to be also humble one... even though my ego asking to be first one. But I am saying: No, you are last one. First one it is not for you to be first one. Who is going to say I am first one if coming from Heavens a certificate that you are first one, he has forth to say I am first one, If not coming, why you say I am first one? Who accepting from you? Except you no one accepting you that you are first. It is important to be known. Everyone claiming to be

first one or to say I am first one, but only he is accepting. That is history of our egos, or our egos characteristics. No one accepting to be second one. Everyone claiming to be first one or trying to make people to accept him first one...

I was looking today at T.V. for Golden Jubilee for her Majesty Queen of England. It was a big exhibition of uniforms and clothes, that very rare you can catch such an exhibition in our days, no. And I don't think that should be another 5o years anniversary for a King or Queen. According to our information that is coming through Prophet's knowledge, reaching to me also, that no time for any king or queen to reach to make even silver Jubilee, can't be for anyone 5o years for kingdom to reach Golden Jubilee. Just finished. Therefore I was there to look to be a witness for the last Golden Jubilee just taking place on earth before Last Day, before Day of Judgment- just finished... There, our masters making me to look, to be witness, and I was looking, perhaps 1½ hours or 2 hours looking and seeing that it was... just I said a dressing exhibition... for men and women... from every rank, from every nation that invited also to attend Her Majesty Queens Golden Jubilee, and I was reached her grandfather's Jubilee... you don't know... Just I was attending her Majesty Queens Grandfather's Jubilee, and they gave to me, I was elementary school student, I have been given also a medal for that occasion... look... and her grandfather only reached for silver Jubilee, but that time no TV, even no radio. Only some pictures and it was so rare to reach to us, but it was a big ceremony in Nicosia and other cities also for that... Subhanallah... and then coming her father. After His Majesty Kind George the 5th and Indian Emperor he was. He passed away and coming his crown prince, His Majesty Edward the 8th. And he was not accepting the traditional rules that he must marry from royal family and he was in love with an ordinary lady and he was only for a short time before coronation, when he was insisting, he left his crown and to be king of England and Indian Emperor and went after that lady. Finished. Coming second, younger brother, His Majesty King George the 6th- and his coronation I was ready and I have been given also a medal for that occasion- that he passed away, and her Majesty Queen coming, perhaps coming like my age or less... must be 78, 79... in my age- same day my birthday with her Majesty Queen Elizabeth... Now from that time, coronation up today just passed 50 years... Allahu akbar... I am getting younger... look... I am not making this beard white in mill factory... As it is yesterday now in my eyes I am looking... 'God save the King', we were singing their national hymn... I prayed for him and for her now 50 years... Eh- American...? No king, no value... American... what is your value? England- Sultanante, Kingdom, royalty!...

What we were saying?... It was a gallery for every kind of clothes... brilliant display... and, o my attenders... this is like old comic show people sitting and laughing... but people are saying this is a center for most important international and universal mental house here... That is true, doesn't matter... All of you one kind of crazy ones, coming to me. I am first director or general director for this center or mental house. 'Mental house center' doesn't matter, I am accepting...

Millions of people crowded in London, that means people like Sultanate, Kingdom! Your President coming, going, and people think he is a municipal worker... Yes, President of US, if coming he is coming and getting through people, and people ask, if not knowing like me: 'Who is the President?' That he is sometimes putting a helmet for looking after mines and buildings... I am asking: 'Who is? That one is? Looks like foreman.' Sultanate- people like it! They showed that through their hearts there is this love and respect to their Queens and Kings, and everyone belonging to royal family also; people are very happy to look them and to salute them..., you are with your King or not? If not accepting, I am making a way to be thrown away from UK everyone, who is not accepting Her Majesty Queen there!

Democracy?... You find through your holy Books democracy? Who is saying this? Big cheating for people! All democratic people now this century going to finish and vanish..., you must be with her Majesty Queen! If your heart not saying, cheating me, I am throwing you over ice pole to be with bear... eating you... like hamburger!

Allah Allah... People enjoying with clothes, enjoying with their outlookings. That is our egos' aspect, egos' desire... everyone asking to show that he is first one or she is first one. And if those clothes are taken from them, what is remaining? Naked bodies never show a respect to anyone, no. People respect clothes, not giving respect to their real beings... Therefore ego asking- because ego only continues up to cemetery, no more-, enjoying with such imitated things, to show that he is someone or he is something, or she is something... We speak on characteristics of our egos. Everyone asking to be first one, Nr.1, and they are asking to show to people or to others through their clothes and medals that they are an important ones, VIP people... la haula wa la quwatta! That is the source of troubles on earth, because people leave real values and run after imitated and cheap, very cheap aspects...

May Allah forgive me and bless you... Therefore I am saying here is humble place- even my ego enjoying

himself by saying this is international mental house... With this also my ego happy! 'Doesn't matter', saying, 'even you must be first one, but you may be first crazy one. Doesn't matter, it is not first- I may be first crazy one on earth. I am asking only to be first one. I am first one for that purpose, it is enough. You may be mental house first one, doesn't matter.' Ego... terrible creature, dangerous creature, horrible creature! Eating everyone; eating kings, eating, and finishing emperors, finishing Presidents, finishing and eating everyone that claming they are VIP ones... finishing them. Only humble ones that they are not claiming to be anything, their egos can't eat them, even graveyard can't touch them. They should be through their graveyards as they are buried, and Day of Resurrection they should come like the day they were buried- never going to be durst. But others all going to be dust... O people, ask Allah! Ask Him!

I looked that ceremony, and Her Majesty Queen was sitting with Her full Adab, full good manners, never showing to be proud... humbly sitting on a chair, putting like this, standing up and she was keeping her face and keeping her majestic face and respect to her Lord, yes, like this and standing up and sitting like this... and it was a big lesson for my ego and for everyone, that what title we may have, we are... in front of our Lord we must be humble ones, must fall on our knees for respect for the Lord of Heavens, glorifying the Lord of Heavens. And only Sultanates and Kingdoms giving such a good manners to make people to give their respects one to each other, and then to learn that the highest position- whether to be King or Queen or Emperor or Empress, much more praised attribute for them to be humble in their Lord's divinely Presence. Democracy never teaching such things. Democratic countries you can't find good manners, that mentioned through holy Books, Old Testament, New Testament, and last Testament Holy Quran, because they are not using rules of holy Books. But Kings and Queens and Emperors and Empresses keep their high respect for their Lord through their holy Books. They are coming to their temples, or cathedrals, or Basilicas, and coming on their knees and showing to their people, citizens, that: 'I am also a servant of my Lord. Don't be proud come and get on your knees, fall on your knees for glorifying your Lord Allah Almighty'.

May Allah bless her Kingdom and grant her what is most acceptable faith in His divinely Presence, to grant her and her royal family from here up to Day of Resurrection, for the honor of the most honored Prophet Sayidinna Muhammad salallahu alayhi wa sallim. Fatiha...

If Sheikh Hisham Effendi Hazretleri approves of what we are saying, that means it is important... Therefore I am going to be important one, VIP... everywhere VIP, they are putting my name, only Cyprus, no... Leave to

ask to be VIP, leave them, leave your Lord makes you VIP, it is true, or people saying you are VIP no meaning. To be VIP is from Heavens... Welcome to you, Happy Birthday to me...

## 21st century people are following a computer mouse

Destur, ya Sayyidi, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah... Who is forgetting, going to be forgotten! Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is an association and associations (are) reminding people to remember what is important for them. Through associations you may understand about yourself, what is your mission here and what is your destination. They are saying: “Our destination is (that we are) going to live (for) a while, a short time, and then (we are) going to die.” (That is) their knowledge. All nations and their education programs (are) programming the destination of mankind up to death.

Now we are living in the 21st century and perhaps officially (there) may be 5o % (of the) people they are programmers of computers. Officially. Unofficially all nations, all youngsters, all generations, all youth their interest (s) through internets; they are running to make programs. I am surprising always what they are programming? Everyone is, (as they are) saying- ‘computer programmer’ and (there are) countless centers, youngsters (are) running and sitting each one in front of (a) computer and giving their whole care on it and I am looking what they are following?

Yesterday I was in hospital... by force... I was looking screen of that computer and doctor making such a thing, such a thing, I am following, I am looking, what he is following? I saw a small mouse, looking to it and that small mouse running like this, like that... Ya Rabbi, Subhanallahi- ‘Aliyu-l ‘Azim... 21st century people are followers of mouse! Tauba, Astaghfirullah! Is it not true? Everyone looking... this mouse is running like this, like that, running, coming... As in some airports, there are some cars, written on it: Follow me! When (an) aircraft (is) coming down and asking to know where (it should stop), (in) big airports, (there) must be a guide, (a car), written on it: Follow me! It is going in front and (the) plane (is) running after it, following.

Now 21st century people are following a mouse. What honour! Alhamdulillah, I never followed that mouse! And that mouse knowing German language also, knowing Pakistan language, Urdu, knowing English, knowing American, knowing Kurdish, knowing Italiano, knowing Erzurumi... this knowing, and following. Not speaking, but everyone understanding from it and following. Without that no one can do any program! I don’t know but I am looking, thinking, everywhere I am looking this, running away, running away. Before I was thinking that just coming on screen a fly, then looking, this is not on it, but in it running and saying: That is programmer... (The) whole world (is) running for programs, to make a program. ‘Programmer’- billions of people (are) asking to do programs, and each one (of them is) never happy to copy another one’s program, (but) everyone (is) asking to be independent for his program. This is well understood.

Now- as a summary- if you are looking the summary or essence of whole programs what it is, important is that point! What they are programming? What they are asking? They are programming for themselves or for others, on behalf of someone else, they are making that program and everyone asking to reach to an aim or target. They are asking to reach to that point, but when you are looking commonly, their wills, their desire is only for their temporary life. They are running through this circle, on that orbit, and their wills is to reach through their programs to a limit or target, but their physical beings desires or to reach their egoistic limits and targets, nothing else. Ya Allah, ya Allah, ya Allah!

We are so heedless, so ignorant! This is a big teaching for people to know! Billons of people (are) running after programs- what they are programming? They are trying to make a program for their temporary lives- anything else beyond that target, that (they are) interested only for their temporary life that belongs to their physical being. They are running on that area, on that circle, only for their egoistic targets or physical beings desires. The summary or essence for whole programs that is!

And we need something- a new program that it is beyond the limits of our physical being or egoistic targets. Beyond that. The Lord of Heavens programmed this life, but no one (is) asking to learn about that programs that it is for our real being. We said about our destination. People (are) running to now their destination, their knowledge (is about) when (they are) born up to (the) day of their death, this area, they are asking, and they are saying: “Our destination is to be born one day and another day we are going to die, to pass away. That is our destination. Our destination is just going to be put a full stop on it and finishing.” Beyond that no one (is) asking a new program for themselves. They left it and they are running after material aspects, and they are giving 1oo % their efforts only (for) their material aspects and beyond this it is heavy burden on everyone who are interested only (in) their material beings importance and material beings destination. And material always getting more heavy through the life of people.

Don’t think that the burden of our material being is going to be (the) same as we are three years old, then 1o years old, or then 15 years old, 2o years old and more- don’t think that that material burden is going to be same- no! When we are reaching, climbing through our lives (in) years, that heaviness of heavy burden is going to be much more heavy on ourselves. Therefore young ones (are) standing like this... old ones (are) coming like that... bowing... bowing down. For what? Material burden go to be heavy burden on themselves, making them to bow down. And that heavy burden of material aspects it is for common people (the) last point of their destination. When they are ground with heavy burdens, and finishing, they are saying: “Our destination is just finished.” Beyond this no one getting (any) interest, no one (is) asking any program about beyond our physical being.

And all Prophets coming- peace be upon them- and particularly the Seal of Prophets, S.Muhammad sws, just he brought programs for mankind (for) after this life, showing them that it is not finishing when you are vanishing and finishing through your physical being,(but) beyond (it) that there are other programs that have been sent from Heavens to common people, to interest or to be interested in that programs. Now 1oo % you may say people are never interesting for that programs, (that are) just brought, that had been sent from Heavens through Prophets to make people to know their real destinations. When their physical being (is) dying, disappearing, that programs through this life just finished, but coming another programs. As a child, a baby through his mother’s womb, its program is something, when coming out, being born, he is seeing and knowing another program waiting for him, (and it is) not (the) same program (as when) he was through his

mum's womb, no, just 1oo% different.

And this material life just had been crowned by spirituality, but people (are) never looking to that crown of honour on their heads and they are running for their donkeys' pleasures, and programming everything only for their donkeys, their rides, never taking any care for their honour, (for the) crown of honour that (was) just granted to them.

Therefore people now are in a very dangerous position. Their full care is for their physical being- nations, governments, common people, commonly and individually- everyone (is) making their program for their material being, no one is interesting beyond that and they should be taken away. They should be ground and taken away. Only whose interest (is) coming through their spiritual being, they should stay on earth and others (are) going to be like rubbish and (they) should be taken away, swept away.

People take your care, look after your real program that belong to your eternal life! Take your interest more and more for your real life, you should be happy. Subhanallahi-l 'Aliyu-l 'Azim, eternal, never ending life, its program (is) just thrown away and people (are) running on dustbin, leaving jewels, running to dustbins to enjoy themselves, and our physical being whom their interest (is) only in their physical being, their physical being (is) going to be like a dustbin. No any other value, dustbin, and then, when they are passing away, what they were carrying through that dustbin, very bad smelling coming out. They lost their chance to be for eternal life. They lost it, becoming dustbin through their graveyards. Quickly buried away. And now whole Non-Muslim world they are burying their dead bodies with coffin. (In) Islam, (in the) Muslim world, they are burying with their white clothes, but they are bad smelling, so bad, therefore they are closing the coffin and putting under earth and putting on it earth, not to come any bad smelling from that body.

May Allah forgive us and send us someone, someones to correct our lives, to correct our interests, and to wake up His servants, so that (those) who (are) awakening, (they are) coming to their Lord's servanthood. They are asking, (and) then Allah Almighty (is) dressing them the honour of being Caliphatullah, being deputies of Allah Almighty and (His) representatives. We are asking from Allah Almighty humbly His Blessings, to send us- before this world (is) going to be in ruins, in ashes- to reach us Mehdi a.s., to collect Muslims and to wake up Western countries from their heavy sleepiness to understand for what they have been created and what is their real program through their lives.

For the honour of the most honoured one in divinely Presence, S.Muhammad sws, Fatiha.

## People are Seeking to Leave Reality

As-salaamu `alaykum. Dastoor yaa RajaalAllah, madad. Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! Alfu salaat, alfu salaam `ala Sayyidina Muhammad Sayyidi ‘l-awwaleen wa 'l-akhireen wa `alaa aalihi wa sahbihi wat-tabi`eena bihim bi ihsaan ila yawmi ‘d-deen, ishfa` lana Yaa Rasoolullah.

Thumma as-salaam `ala jamee`il-anbiya wa ‘l-awliyaa as-saliheen, Yaa Rabbee ishfa`a lanaa ma`ahum. Thumma salaam `ala Sayyidina Qutb az-Aamaan, Sultan al-Awliyaa, who has been ordered to control everything on this planet. Madad, madad, madad Yaa Sayyidina, Yaa Hadrati ustaadh, Yaa Sayyidina Sultaan ‘l-Awliyaa.

O People! Listeners, as-salaamu ` alaykum. We are saying first of all, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Then we are saying bismillahi ‘r-Rahmaani ‘r-Raheem. Bismillahi ‘r-Rahmaani ‘r-Raheem is the biggest grant from the Lord of Heavens to Mankind on this world! We are asking heavenly support from that one, the Master of this world, to support us to make this declaration easy for understanding and easy for practicing.

O our listeners, it seems that the life of Mankind on this planet is like a football match! One side is with the

Prophet (s), one side with Shaytan. Shaytan is asking to make everyone football-people, and the Prophet is asking people to be against the football-people. Football-people are empty-heads. Like this football, you know? You must understand what comes to me to speak to you. I am one of you, nothing else, but they are putting a secret power, secret line to my heart, to my mind, to my tongue, to my actions, and they are using that. Here there is an instrument (camera) put to me and saying, “O my master, they are listening and keeping everything that you are speaking, but around you there are so many idiot ones, never listening, never understanding!”

As long as they are enjoying. Sometimes enjoyment is good but not all the time because it makes them maadhoor, excused. They are half donkeys, the upper looks a little bit like a man and lower, a donkey. Looking to me, not to forget anything (but) you are forgetting! I am also including myself with you. I am a shepherd, but a useless shepherd. A useful shepherd may carry a stick and then use like a sword for training people and then everything from goodness or badness is coming on them from above.

We are doing a very short association with you because you are tired. You are never tired when you are jumping, but all of you are getting tired for listening. Marhaban, welcome! What are you thinking? “What are we going to eat after this, where we must go.” No one is thinking where we are going after this life. Daily people are taken away, one, two, three and never taking any ibrah, wisdom. They are thinking, “Where can we going this afternoon or tonight or tomorrow?” They are thinking about the economic crisis. Before the economic crisis came, what did you do? You just wasted what was granted to you, and now you are thinking, thinking, thinking, and it is a problem of mathematics. Not everyone is going to bring a solution for a case like this. People are mostly not thinking and whoever is not thinking, they are at the level of animals, because animals don’t think. You can think but you are not using that ability and then you are falling. You are walking through a dangerous mine field, not looking where you are going and that can kill you. Now without thinking, people are working in the daytime and enjoying themselves at night.

O People! We are not coming to this life for enjoyment, no! We have been sent here to know something. We have been granted a mind and mentality, an ability that we can know and learn something for this life. But people are preferring to be drunk, not to be awakened ones. Day after day they are running to use more alcoholic drinks, getting drunk to lose themselves, stopping their abilities and losing their capacity to function. Therefore, it is a very dangerous time now. People are asking to leave their real being and run after

another being because they are not happy. They can't enjoy themselves in this life, therefore, they are running to change their position to another position. "We must leave this life and every problem in every moment, and go to another world to make ourselves free from any crisis that is giving us trouble. We are asking to change this situation and run away to another, imitated life." It is not a real life, but an imitated life.

Everywhere now, from east to west and north to south, they are asking, "How can we save ourselves?" and all of them are running after shaytanic tricks. Shaytan is catching them in his traps. When they are entering a trap, they think they will be restful. They are changing their lives, but it is going to be worse than before. That is the reason for wars. People are preparing for a big war that is mentioned through the holy books. Before the Holy Qur'an, they were saying, "Armageddon." The Holy Qur'an is saying, marhamatun kubrah. People are preparing themselves for the biggest curse that is going to come on them like hail!

O People! Don't think that we are at the beginning of life on this planet. We are the coming as the last nation. We are near the Day of Resurrection. Everything is giving trouble to People and they are not enjoying anything! They are running to die or to kill. All nations are preparing so many terrible weapons and nuclear power. They are enjoying killing, destroying, and giving harm to each other. When they are running that way, a heavenly command is coming to People! "If you are asking to kill and destroy each other with your weapons and this is your last desire or wish or target, then I am sending the power of shaking (earthquakes) on you. In only a minute or two or five, over six or seven degrees (points on the Richter Scale), it is beginning with your homes falling on you destroyed with Unseen powers. Now you can be happy because your only desire was to kill and to destroy."

Your Lord will send on you in five minutes, less or more, an earthquake with a power of seven degrees or more, from east to west and north to south, with such a power to destroy that no man will be left walking in the streets. And this is a sign of the Last Day! All prophets, particularly the Last Prophet, Sayyidina Muhammad (s), were warning that zinah, adultery, is going to increase and then heavenly anger will approach more powerfully.

O People! You will reach a point to say,

•••••• •••••••••• ayna 'l-mafar, "Where may we run?" (75:10)

People are surrounded everywhere by a terrible situation and they should ask, ayna 'l-mafar, “Where may we run?”
O People! You have been granted the highest honor through Creation, but you are not knowing that honor and you are not giving that highest respect. You forgot your Lord and He is leaving you like forgotten people, coming on you like rains.
O People! Change your way! This is not only for you but it is for whole nations. Your steps are on the wrong direction.
O People! Change your steps from wrong steps to right steps and you shall be protected, you shall be enlightened here and Hereafter.
O our Lord, forgive us. Send us from Your precious ones, honored ones, from Your servants, to correct our wrong steps so that heavenly cursing leaves us and heavenly blessings run on you, on ourselves!

May Allah forgives us for the honor of the most honored one in the Divine Presence, Sayyidina Muhammad (s)! (Mawlana stands and sits.)

(Mawlana recites salawaat.) Allahumma salli `ala Sayyidina Muhammadin an-nabiyyi 'l-ummiyy wa`ala aalihi wa saahbihi wa sallam.

Fatihah.

# People spend their time with useless things and Allah will ask us about what we did

By the name of Allah Almighty, most Merciful, most Beneficent and most Magnificent. May Allah give you from His divinely lights. If a person is not given divinely lights, that we may better say heavenly lights, he is going to be blind. If no lights through our eyes, we can't see, and everyone needs eyes to see what is around himself. And he needs also, to look into himself, another light that belongs to Heavens. Sun enlightening our world, so we can see. We are in need another sun belonging to our spiritual world, spiritual life and being, we are in need another sun that belongs to Heavens. And heavenly lights only come through the lines of prophets. Out of their lines you can't find heavenly lights, it is impossible. Therefore who is going to be with prophets, from their hearts running those lights to their hearts, and enlightening the person. And the line of prophets just began with the first man and first prophet S.Adam, one after one up to the Seal of Prophets. For every beginning must be an end, and prophecy just began with Adam alayhi salaw wa salam, peace be upon him, and ending with the Seal of Prophets S.Muhammad sws.

Jewish people can't say that prophecy just ended through Moses. They may say? They are not saying, because it is informed through the Old Testament that Allah Almighty informing through Moses the Children of Israel, that in future, when last days coming: 'I am sending to you a Prophet like Moses, from their cousins'. Not saying from them, but from the line of their cousins. They were Children of Ishaq, Jacob and twelve

tribes of Children of Israel. And Moses coming after that, after thousand years or more and he was informing that Allah Almighty is saying: 'I am sending to the Children of Israel before last days a prophet like you, like you but not from you, from the cousins, S. Ismail. Ishaq and Ismail. Ismail was the first son, and Ishaq was the second son. So that Moses was not saying that 'prophecy just finished with me'. No, even now Children of Israel looking someone that was given to them good tidings about that one, that they say 'Messiah'. The Orthodox of Israel people are looking for that. Others are not too much looking, modern Jewish people are not too much thinking on it, but Orthodox people that keep their ways so fanatically say that: 'We are expecting the Messiah that we have been given good tidings about that one'.

Then Jesus Christ also was never saying: 'I am the last one', but he was saying: 'I am going'- as they are believing: 'I am going to father', that is their words, we are not believing in it, but according to their gospels he was saying: 'I am going to father and father sending to you someone after me'. He was said 'Parakletos', they are not saying the real word that Jesus Christ was saying about him. This Parakletos is a Greek word. It is like to be Ahmad, praised one, or praising one. So that he was not saying: 'I am last one', but when S. Muhammad sws was coming, Allah Almighty informed him that: 'You are the last one', beginning with Adam and ending with Muhammad peace be upon them.

All prophets just coming with heavenly lights, if they are not bringing heavenly lights, no one can approach them, no. Therefore the lights of Heavens just reach to mankind on earth from first man up to S.Muhammad sws, and it is impossible before Judgment Day that lights to finish. That light must run through East and West, from North to South, must be. But as we are looking sometimes electricity, running power in wires, power on it, but if not taking this, it is not giving lights to you. You must use this transformator to make a way to bring here, when putting there, coming lights. But if not using this, you look and say no, no lights. If using it, you look, oh, where it was? It was hidden. And man is in need to find a way to heavenly lights. If not, he is going to be blind, and a person who doesn't reach heavenly lights is blind here and hereafter. And you can't find now that lights through universities and academies, because they don't take any care for heavenly knowledge or heavenly teachings. They don't give any value for the teachings of prophets, teachings of Heavens, they say No. Even the holy Name of Allah, you may say God, they may say dieu, deo, it is prevented and prohibited or forbidden to speak, to say the Name of God, or theo, dio or other words that people say. It is forbidden. For what?

That means heavenly lights you can't find through universities, through schools, secondary schools. From elementary schools even it is forbidden to speak on that heavenly knowledge, and they are learning everything that they may see through this sunlight. Sunlight, what showing to them, they say yes. When going to be nighttime, saying: 'Nothing'. When sun coming, shining, saying: 'Oh, there are so many things'. When darkness coming and covering everything, they say: 'Nothing'. Through darkness lights show what is in it. If no darkness you can't see stars. Must be darkness that you may see lights.

Therefore now people lost their ways. No more spirituality. Even through religious people, even through Muslim religious people, they are not asking, they ask only lights of this sun and nothing else. Not interesting in spirituality, Sufi ways, saying: No, because they are blind people. May Allah forgive me and bless you. It is a short but good association to be for everyone in Europe and Non-Muslim world, and Muslim world may take a benefit, because we have a line from lights of Heavens. I am claiming. Alhamdulillah, Allah Almighty not closing, not making it off, for yourself. If you are not coming, my light stopping, not going forward, and that is an association as I said that you are like a person coming to a supermarket, supermarket people are not forcing you that you must buy something, no. A person may come and look around. Some people take this and that and pay and get out. Some people come only for looking around what is here and there and empty going out. Don't be such a person that comes into a market, a big hypermarket or supermarket or mini market even, and not taking anything. That is an imperfection. A perfect person must try to take something. It is not necessary to buy the whole market, no. You may take from this and that, it is okay. May Allah grant to you from His divinely light to be in Paradise here and hereafter for the honour of the Seal of Prophets. Fatiha.

## THE PERCEPTION OF THE SUFIS and their WISE APPROACH

A Sufi Sheikh must have attained purification of his ego's characteristics to become a Sheikh. So, if he is subject to fits of anger he is not a real Sheikh, and his teachings will not affect people's hearts. Sometimes, however, Sheikhs do get angry, but their anger is a barrage directed against people's bad characteristics, not against them personally, and its intention is to help that person rid himself of a bad characteristic that is hindering his spiritual progress. Every bad characteristic presents itself to the Sheikh as a target – like the apple on the boy's head in the famous story of William Tell – and an authorized Sheikh will target this without harming the man himself.

Another difference between the anger of a Sheikh and common anger is that a Sheikh will never hold a grudge: he shoots his arrow at the target the moment a bad characteristic appears, and then it is over. Holding grudges is very, very dangerous for all people, for if it continues it becomes a dangerous illness that strikes to the very root of our faith and destroys it. Every time a person displays an objectionable characteristic you may shoot it down, but never assume that you will encounter that characteristic every time you meet that person. Don't say, "There is that person who

did such-and-such yesterday", because today that characteristic has not appeared, and perhaps he has rid himself of it, and you are wronging him in assuming otherwise.

Our Grandsheikh was following the Holy Prophet (sal) in that he never held grudges. If a bad characteristic would appear in a murid he would shoot at it immediately and directly, but with other people he used indirect methods of correcting faults; for it is very dangerous to criticize a person directly, as he may then hold a grudge against you, and we must not invite such a situation upon ourselves, or other people. Only Saints and small children up to the age of eleven may be able to accept criticism without holding a grudge. After children reach the age of twelve they lose this good quality. You may see small children fight, but when it passes it is over. Some few people never lose this good quality, but in our days it is almost inevitably lost.

When a saintly person meets someone he assumes the best and expects to encounter only goodwill, but most people are suspicious and anticipate evil when they meet a stranger. Our Grandsheikh never anticipated evil from anyone, but when he encountered it, he had divine permission to shoot. Most Sheikhs don't even use this method of direct criticism on their murids because of possible harmful reactions. Sheikh Sharafuddin once told our Grandsheikh: "If you don't apply poison to external wounds (i.e. medicine for external use only that would be poison if taken internally) our internally applied medicine might never work."

In the presence of truth the ego raises its head in rebellion, and we must put it down; that is a very delicate task, like surgery. A butcher may cut meat, but he can't perform surgery. The butcher has a knife and so does the surgeon, but what a difference between the two instruments! One of them is used for slaughtering and the other to prolong life. It is well known, no one becomes a qualified surgeon simply by reading medical books, but only by being an intern at the side of a master surgeon.

In our time, Muslims are approaching the illnesses they encounter in the West with a butcher's knife, and ignoring Allah's command to call people to truth with wisdom. The

Arabs in particular are to blame for the present situation, and most of the scholars from Arab countries are opposing our efforts. Why? Because they are coming with their butcher's knives intending to stab Westerners in the heart, and make sure that all the survivors run for their lives – and I am trying to prevent this. This enrages them, and though they can't accuse me of transgressing the religious law, they maintain, about Sufis in general that, "they are calling people to Islam, but have introduced so many innovations." Their criticisms stem from envy, that Sufi "surgeons" are so often successful in helping people get over their illnesses.

In a famous Hadith Qudsi, or Holy Tradition, Allah Almighty states that He Himself becomes the eyes, ears and hands of His Saints. So how should a Sufi Sheikh be oblivious to the needs of the people he encounters? Those Muslim preachers who come to the West without Divinely inspired hearing, vision and touch are surely blind, deaf and insensitive (but, unfortunately, not dumb).

Once upon a time there was a deaf person. Someone informed his wife that his neighbour was ill. She then communicated this to him through sign language, and he resolved to go and visit the neighbor, but knowing that he could not carry on a normal dialogue, he made the following plan for his visit. I may say 'How are you?' and he will reply, 'I'm feeling a little better'. Then I will say 'May Allah increase it (i.e. your recovery)', and he will say, 'thank you'. Then I will sit a while, and then ask him, 'Which doctor is attending to you?' and he will say the name of some respected physician and I will reply. 'He is a very good doctor, very suitable for your case'. Then I will sit a while more and ask, 'What medicine have you been taking?', and he will say the name of some drug and I will reply, 'It is very beneficial, keep taking it', then I will say my salams and go."

So, thus having a fixed scenario in his mind, off he went to the house of his neighbour, knocked on door and was admitted to the sick man's room. "How are you, oh my neighbor?", he asked. "I'm miserable", replied the sick man. "May Allah increase it", said the deaf man. This vexed the sick man, as you may well imagine. "Who is looking

after you?", asked the deaf man. "Izrail, the angel of death", replied the annoyed ill man. "An excellent physician, if he visits you, you should have nothing to worry about", said the deaf man. By now the sick man was furious. "What have you been taking as medicine?", said the deaf man. "Poison", retorted the enraged ill man. "That should be a very useful treatment for you. Now I must go, it has been nice visiting you", said the deaf man. "Go to hell". "Thank you very much, good bye."

People who occupy themselves with advising others in matters concerning their eternal lives should be people with open hearts, so that, through the eyes of their hearts they may perceive what is relevant and acceptable to the person they are advising. It is not useful just to ignore the fact that the understanding and mentality of people from a different cultural background are drastically different from your own. To be a spiritual advisor is not a question of obtaining degrees in that field, as one would obtain a diploma in chemistry or law; it is a question of subtle changes in the way one perceives people and events, so as to penetrate the defenses and arrive at the reality of a person's inner state. This profession requires a sharp diagnostic eye. You may be a pharmacist in charge of a whole depot of drugs, but you haven't the right to prescribe for ill people. Even if you know the drug required you may not know the dosage, and kill the patient with an overdose.

If we present the medicine to the patient in a form that makes it easier to swallow or taste better, should we be blamed? Is eating iron filings the only way to get iron into one's system? The Holy Prophet said: "I have been sent to approach people tactfully". The meaning of this Hadith is that there is no wisdom in meeting people's prejudices head-on.

Don't seek confrontation, but be wise like the ship's pilot who, when faced with a headwind does not set bow to it and let it push him back, but wisely tracks an indirect diagonal course that may be three times as long as the direct one, but can be pursued even in the face of such an unfavourable breeze, a course which will set him towards his goal.

The Holy Prophet never used the word “No”, but we are so busy pointing the finger and saying: “This is forbidden and that won’t do”. That is not our way, neither was it the way of the Prophet(sal), nor of the great Sufi Masters of history, and Islamic scholars blame the Sufis and call us “innovators”, claiming that our methods have no basis in the example set by the Holy Prophet (sal).

When a seed is newly planted and the first leaves spring forth, these leaves may look somewhat different than the ones that grow later. But we mustn’t cut the later-sprouting leaves, saying: “These leaves must be from a different seed”. Show me a plant that remains the same throughout its life, and I will show you a plastic plant. Islam was still a sapling in the Prophet’s time, and through history has matured into a huge tree whose branches reach from East to West. And even if there are thousands of branches spreading over all peoples and times, they are connected to the root and the main trunk.

Then after some years, a tree develops flowers and fruits as well as leaves. At that point shall we look askance at the whole of mankind as it imbibes the fragrance of the flowers of our tree and as men nourish themselves from the sweet fruits of our tree? Shall we reject fruits and flowers, clinging to a “leaves only” mentality, advocating the destruction of the flowers and fruits as innovations? True Islam is not like a hedge that requires a gardener’s clipper to keep it square, but it is like a miraculously expansive and fruit-bearing tree – a shelter for all and a source of every delicious fruit.

## Perfect Cleanliness to Enter Paradise

We have been ordered to reach a perfection within this life. Our physical body grows up to perfection and then it gets weaker and weaker until it finishes. But if you reach real perfection, spiritual perfection, it will be with you forever. You will find your Heavenly Stations according to the perfection you reached here. There will be endless rows in the Divine Presence, according to your perfection. If you have not reached any perfection here, there will not be any room for you to be there at all.

There are two kind of works which will give you perfection: first you must be clean. Not only your body and clothes, but the important part is to be clean of all our ego's dirty characteristics. If you are able to leave all that behind you, you will reach real cleanliness. The outer cleanliness is easy, but the dirt in your character is difficult. If you don't clean yourself from these during your lifetime, you will be cleaned by force in the last moments of this life. If that is not enough, the cleaning-up will continue in your grave. If that is not enough, the operation will continue on the Day of Resurrection. If that is not enough, you will fall down from the bridge over hell on your way to Paradise, to be cleaned there. The final place for cleaning up is hell. No one can pass through to Paradise without being clean. In this century every kind of dirtiness is planted within the character. This century has the most suitable season for the bad characteristics of the ego. In this century everybody is asking for ever more freedom and more and more bad characteristics are developing. Never at

any time has there been as many bad characteristics as in this century.

The system of governments is a very great foolishness. They let people do everything according to their egos. That is the definition of freedom. They are not trying to prevent bad actions, instead they only want to catch them. That is the worst system of governing people. The government should close all the doors and prevent crimes. But we have the worst satanic system operating on earth now. Islam demands all the doors of crime to be shut. That is a command. Islam prevents alcohol. It is the mother of every kind of crime. If it is prevented, so many people could rest. Instead the doors to alcohol are opened. In court the judges even uses alcohol as an excuse. People are pardoned from their crimes because of having been drunk. People are actually encouraged to commit crimes like this. Instead people attack Islam for not allowing alcohol! People who commit crimes while being drunk should not be pardoned. Instead they should be punished double and publicly. But these governments just let everything happen.

It is a perfect season to plant every kind of evil. One of the biggest illnesses of the century is pride. Everyone from small to big, men to women, are proud. We are also proud. Worshippers are proud. We are proud of our fasting, of our zikr, of our prayers, of our clothes... Mankind is using every reason to be proud, even though it is the worst characteristic. Sometimes when you stand up and pray an opening will come. The Lord has countless servants praying to Him, standing up and going into prostration. Grandsheik used to show me that there are really 5 directions. Towards the west there is a West End, not the one in London, but a real ending. There where the sun is setting there is a mosque which has been built by angels. It has 12000 entrances. From one door to the second entrance is a distance of three miles. That is the nearest one to our world. There are so many worlds. That Mosque in the west is so full with prayers 5 times a day. Imagine 1200 entrances with a walking distance of one hour between each of them, and it is full of praying people 5 times a day! This huge crowd of countless servants is still only a single drop in the ocean!

In spite of these realities we are proud of our prayers and we think we are giving something to Allah. All these countless servants who are praising their Creator. What can an ant give you? The Divine Treasures are full of glorification for the Creator. But everything we give to Him is so small within these countless worlds of creation. How great is Allah! We are nothing, so let us keep our ego down. When we are clean Allah will dress us. Take away those dirty clothes and let Allah dress you. It will make you happy and honourable in Heaven. They will see that it is the Lord Who has dressed you with His Divine Presence. Even if you prayed 20 million

rakats instead of 20 for Tarawih. Even if I would not only pray each rakat with one verse of the Quran, but with a whole chapter like some big Imams do, or if Allah would give you the power of reciting the whole Quran in each rakat, and you would be proud of what you did, you would be on the same level as satan. Don't think that you are giving Allah anything. He already has absolute glory. He is in endless glory oceans. Put yourself down. Pride eats your worshipping. There is an insect which eats clothes and books. Pride does the same to your worshipping. The moment you think you are important you have lost. To pray and to be proud is worse than not to pray at all. Whoever does not pray, but who is not proud, will be in a better situation than someone who comes into the Divine Presence being proud about his prayers. You must pray, because He has rights to be worshipped and glorified.

He can dress you, you are not allowed to dress yourself. Only He can. Whoever rises his head in pride will have something fall on it. No one can raise their head in the Divine Presence. Look what happened to satan! Adam put his head down and Allah raised him. That is a great lesson. Satan dressed himself to be the one to be glorified. That is why he fell.

Beware to let your ego tell you that you are this one or that one. You will fall down and no one will be able to help you until you have left your ego. This is a Holy Month and it has been designed for that purpose: to clean us. Beware of the tricks and traps of your ego. Such associations will give everyone attending it, who really wants to be a servant and glorify his lord, a strong foundation.

This is a basic teaching and training: whatever you do it will come back to you. Pride will destroy everything like it destroyed satan and every worshipping he had done in thousands of years. Come to the level of real servanthood and don't claim to be anything. Don't say that you are German, Italian, Turk, Kurdish, African, African-American, Ottoman, Pakistani, or the tallest...

## The Perfection of the Full Moon Cannot Be Matched

Yaa Rabbee. Dastoor yaa Sayyidee (Mawlana Shaykh stands ) Allahu Akbar, Allahu Akbar, Allahu Akbar, la ilaaha ill-Allahu w'Allahu Akbar, Allahu Akbar wa lillahi' l-hamd. Subhaan sen, Sultaan sen, Nahnu `abeeduk al-fuqara wa 'd-du`afa. Amidoona yaa Rabbana bi maddadin bi-jaahi Sayyidi 'l-aawwaleen wal-aakhireen, Sayyidina Muhammad! Zidhu yaa Rabbee `izzan wa sharafa nooran masroora ridwaana wa sultaanan. Wa li jami`ee al-anbiya'i wa 'l-mursaleen. Zidhu yaa Rabbee `izzan wa sharafa nooran wa suroora wa man tabi`ahum. Yaa Rabbana, Give Your blessings to them also! SubhaanAllah, SultaanAllah, SubhaanAllah, SultaanAllah. `AzeezAllah, KareemAllah. (Mawlana Shaykh sits)

Madad, thumma as-salaamu `alayka yaa Saahib al-Waqt, yaa Saahib al-Imdaad `ala 'l-ard fi 'd-dunya aawaliha ila aakhiriha. Yaa Mutasarrif feehim bi amr Saahib al-risaalat al-mutlaqa, Sayyidi 'l-aawwaleen wal-aakhireen, Sayyidina Muhammad. (Mawlana Shaykh stands and sits) Thumma as-salaamu `ala al-haadireen was-saami`een wa 'l-muti`een, wa 'l-muhibeen, wa 'l-`aamileen fee sabeelillah fee ridaa Rasoolullah!

O our Attenders! As-salaamu `alaykum. How are you? I think no one is hungry today. "O Shaykh, how can we be patient, not eating? We must eat! Every time we are getting a little bit hungry, we are calling for something from waiters." Ring!
"Yes, Sir."

"Please, one tea and also one cake, not such a heavy cake, maybe something like biscuits. Bring it to me."
"Yes, Sir, here." Drinking, and making like this (Mawlana Shaykh imitates someone eating).
"But I must enjoy myself. Bring some nuts. Better that I may make my mouth look like oxen, camels, or sheep." They are sitting and enjoying. We must enjoy ourselves also.
"Did you bring nuts and almonds? Some of them must be salty, some of them sweet. I must enjoy myself."

I don't think our attenders are doing this so much, but beyond our attenders, people's characteristics are now on the level of animals, never thinking of anything except eating and drinking.

Marhaban! Yaa Salafi `ulamas! As-salaamu `alaykum! Is it true? And we are now saying that it is only a warning, or you may say a teaching. You may say for nafassala, amusement. Yes. And say! A`oodhu billahi min ash-Shaytani 'r-rajeem. O people, whole people say A`oodhu billahi min ash-Shaytani 'r-rajeem. Because if you are not saying this, Shaytan will come and ride on you, and make you its ride, it's donkey. O people, don't be donkey of Shaytan! Say! A`oodhu billahi min ash-Shaytani 'r-rajeem. Shaytan is hearing. He is fearing and running away.

And say bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) That is our power! (Mawlana Shaykh sits) That is our power. Oh. Madad yaa Sultanu 'l-Awliyaa. Now we are coming to speak something, inshaa-Allah, to Salafi `ulamas. What is the mission of `ulama? Their mission must be to follow the Seal of Prophets' (s) way! They must try to follow the right path that the Seal of Prophets (s) is showing us to go on. What was the Seal of Prophet's (s) teaching method? The Holy Qur'an is saying, (Mawlana Shaykh stands) Asta`eedhu billah:

•••••• •••••••••••••• •••••••• •••••••••••• •••••••••••

inna arsalnaaka shaahidan wa mubashshiran wa nadheera, Verily we sent you as a witness and a bearer of good tidings and a warner. (al-Ahzaab, 33:45 & al-Fath 48:8)

It is like the sun in the skies, so clear (Mawlana Shaykh sits) inna arsalnaaka shaahida wa mubashiran wa nadheera. This is an endless ocean, but it is only to show that Majesty, Might, and the Most Glory belongs to the Creator. But they are speaking only these three words, or four? No. That is according to our understanding level.

••• ••••••• ••••••••• ••••• •••••••••••• ••••••• •••••••••••• ••••••••• ••••••••• ••••• ••••••• ••••••••• •••••••••• ••••••••••

Yaa ayyuha 'n-nabi. Inna arsalnaaka shaahida wa mubashshiraan wa nadheera. Wa daa`eean il 'Allahi bi idhnihi wa siraajan muneera, O Prophet! Verily, We have sent you as witness and a bearer of glad tidings and a warner, and as one who invites to Allah by His Leave, and as a lamp spreading light. (33:45-46)

SubhaanAllahi 'l-`Aliyyu 'l-`Adheem. Allahu Akbar! That holy verse is showing to entire Mankind the real mission, as well as the real being of the Seal of Prophets (s)! You must use your minds. Christian brothers and Jewish brothers, you must use your mentality and your wisdom. You know that you are Book-given people, given the Old Testament to the Children of Israel and the New Testament through Jesus Christ is for the Children of Israel also. It is saying that Allah Almighty is speaking to Sayyidina Musa, Moses, peace be upon him, making clear the prophecy and messsengerhood of Moses to the Children of Israel. Then time is going on. Today is not a copy from yesterday, and tomorrow is not going to be a photocopy of today. Everyday there are new appearances for everything. You are not the same one as yesterday, and tomorrow you are not going to be just as you are now. Huuu. Allahu Akbar!! (Mawlana Shaykh stands) Al-`azhaamatulillah, Allahu Akbar! (Mawlana Shaykh sits) All religions are based on ta`zheemu 'l-haqq, the glorifying of the Creator. Therefore, every day there is another appearance and with that comes another glorification of the Lord of Creation. You must understand.

O Salafi `ulamas, open your ears to hear and understand! The shuroot, conditions, at the time of Moses, peace be upon him, just changed at the time of Jesus Christ, peace be upon him. And at the time of the Seal of Prophets, Sayyidina Muhammad (s), (Mawlana Shaykh stands) everything just changed. (Mawlana Shaykh sits) Now we are living in a time that steps of people are not going endlessly. Because you know, O Salafi `ulamas, hillal, the crescent of Ramadan, for example, in it's first night, is a very thin crescent and then in the second night it is going to be more. Then in the third, fourth, and until the fifteenth of Ramadan, or of any other month, you are looking that it is a full moon with a perfect appearance. Adam (a) declared to people one page, and it was enough for his son. Then when he passed, coming on behalf of him was his son Seth (a), and that heavenly noor, light, was growing. Seth (a) was granted more than ten pages coming for people living on Earth. Then others were coming, coming, coming and people were getting more and more and more because they were in need; needy for a full moon.

In the appeareance of every prophet, heavenly lights were granted to people a little bit more, and then reaching to Moses (a). In his time there was a crescent, perhaps it was a half-crescent, but it was enough. Then Allah Almighty sent Jesus Christ (a), who came with other heavenly lights and tried to spread that noor among people with such powerful karaamat, miracles, bcause he was mubashshir, giving good tidings for the coming of the Seal of Prophets (s)! Therefore, he was granted such strong miracles with perfect understanding, that it would be impossible to refuse, because he was giving good tidings for the Last One, for the Best One, for the Perfect One!

And the Children of Israel could not carry that, not even a person giving good tidings, mubashshir. They said, "We are not accepting you," and they did what was worst for them: they tried to take away the mubashshir who is giving good tidings for the full moon! We are not saying they tried to "kill" him, but they were asking to take him away. They may take his physical being, but they can't touch his real being as it brings good tidings for the Last One. That is the reason the Children of Israel were asking for Moses (a) to be the last one, and not even for everyone, to be only for the Children of Israel! And the Lord of Heavens gave His Divinely Heavenly Grants to all nations, so why try prevent it? It can't be. And they did their worst for Jesus Christ (a). Allah Almighty took Jesus Christ (a) up and he disappeared. But to amuse themselves they brought a cross, put one person on it and said, "Now we killed him; he is finished!" Astaghfirullah.

Sayyidina Moses (peace be upon him) was very angry with the Children of Israel, saying, "Don't put anything from your understanding on revelations coming to me from Heavens! Why are you doing that? I am leaving you and going away!" He took them to the Sahara Desert, because Moses' teachings were not enough for the coming generations. The Seal of Prophets, Sayyidina Muhammad (s) came (Mawlana Shaykh stands and sits) as a full moon, a perfect form. After the full moon you cannot imagine there is another perfect form. Therefore, if all the nations continue up to Eternity that full moon is enough for everyone; no need to look at this or that one!

O our Listeners! Use your mentality a little bit. You must know that everyone is asking to learn something and you must ask, as Allah Almighty is saying: (Mawlana Shaykh stands)

••••••••• •••• ••••••••

Fasa'l bihi khabeeraa, Then ask about Him of any acquainted (with such things). (25:59)

O our Salafi `ulamas! Fasa'l bihi khabeeraa! Ayatul kareema or kalaamu 'n-naas? Holy verse or not? (Mawlana Shaykh sits) As you are claiming, "We are Salafi `ulamas," give me an explanation. More than an explanation, give me commentary about Fasa'l bihi khabeeraa! Who is Allah Almighty addressing? You are `ulamas, so tell us! Fasa'l bihi khabeeraa, three words like three oceans! This is important, three words from one holy verse. Say the meaning! I am knowing nothing, but you are claiming you are Salafi `ulamas. fasa'l; who is Allah Almighty addressing? Say, to Rasoolullah (s)! Allah Almighty is saying, `allamahu 'l-qur'an, `allamahu 'l -bayyaan, “Allah taught him the Qur'an, taught him expression.” He is rasool ath-thaqalayn, “Prophet of the two great masses (Man and jinn).” The Seal of Prophets (s) is the khitaab! Is Allah Almighty is addressing Rasoolullah, the Seal of Prophets (s)? Say! fasa'l. This addressing is to whom? Say! You are saying, "We are `ulamas." I am asking. fasa'l. To whom is the Holy Qur'an addressing? Say! Doctors of Shariah. Say! `ulamas of Azhar. Say! fasa'l, to whom is Allah Almighty is sending that holy verse? fasa'l bihi. That bihi is another ocean! SubhaanAllah, subhaanAllah. Sawal, you must ask for everything you need from someone who knows the beginning and the end, khabeer. Khabeer can't be naaqis, deficient; khabeer must be kaamil, perfect! fasa'l bihi khabeeraa!

O Salafi ‘ulamas! Do you think you follow someone who is khabeer, expert? And you ask about this holy verse, what does it mean, bihi? You may ask, because everything in existence is clear. If you find a key you may enter and know, but it is important to find who is carrying that key. Khabeer is carrying the key for opening khazaa'in, treasures of hidden treasures!

Say, “We know nothing." I am a humble servant advising you to find a khabeer, expert, and ask. Ask for me; I am nothing. First, ask for me also. The second, ask for you also. You may accept or refuse, it is not important. Ask first for that person; every day we are saying so many things, but we are not understanding. If you are not understanding, then there must be a person that can understand. You must ask and that person can explain to you. First, Salafi `ulamas, fasa'l, ask for me from those people that have a power of understanding and show you the personalities of people. May Allah forgive us. Astaghfirullah, astaghfirullah.

Fatihah.

(42 minutes)

(Mawlana Shaykh prays two raka'at Salat ash-Shukr)

Fatihah.

Mush yuhmal `ala walad sagheer hamal rajulun kabeer. laa, `ala mustawwa 'l-`aali yakoon... min husni Islam al-marru tarkahu ma la ya`neeh. It is not for a small boy to carry what a grown man carries. (This is) from the good character of Islam, to leave what doesn't concern him. May Allah forgive us.

## The Human Yearning for the Perfection of Pride

Dastoor, yaa RijaalAllah. A`oodhu billahi min ash-Shaytani ‘r-rajeem, bismillahi ‘r-Rahmaani ‘r-Raheem.

“Bismillahi ‘r-Rahmaani ‘r-Raheem” is a title which is in every book and which is said before every speech. If the blessed “bismillah” is not said, then the gathering becomes like a scavenger’s gathering and those sitting in the gathering become scavengers. Bismillahi ‘r-Rahmaani ‘r-Raheem. Allahu Akbar, Allahu Akbaru ‘l-Akbar!

Dastoor, yaa RijaalAllah. When I ask for support to speak from their words the battery is on, but when the battery is finished it is thrown away.

Dastoor, yaa RijaalAllah. At the moment you say this a connection is made. Its’ example is like a stream running freely without a blockage. The place where water is stored doesn’t stay for long, it gets over.

Our religion is the religion of haneef, it is open. “Haneef” means it has reached from the Heavens, to the servants of Allah. Whoever wants to reach that stream is saafee, clean. If he uses his mind to reach then it is definite that he will reach his goal. If a scholar’s knowledge is from the Heavens it never becomes less. They have reached the streams from Heavens. For the beginners it cuts down, but for those who have reached

those streams it never cuts, it only increases, not stopped by anything. We learn a lesson from the water of ZamZam in the middle of the desert. If you dig 1,000 feet, it never runs out; with Allah's Will it increases and never diminishes. If one thousand, one million, one billion, or one trillion people come to drink from it, it will suffice them!

••••••••••••••• ••• ••••••••• •••••••

Wa `allamnaahu min ladunnaa `ilma. And whom We had taught knowledge from Our own Presence. (Al-Kahf, 18:65)

Min ladunna is a special point. We do not judge the Master of Noble Prophets (s)! (Mawlana Shaykh stands and sits.) It is impossible to describe the greatness of his mission. Allahu Akbar! That is why no one can be at his level. Allah Jalla wa `alaa made him the Possessor of the Absolute Message, granted what no other had ever been given.

Prophet Moses (a) was proud of his knowledge, with his forty tablets (a camel's load) yet he found someone who had unprecedented knowledge as stated in Surah Al-Kahf's verses, describing his visit to one of Allah's servants whom Allah had taught from His divine knowledge.

••••••••• ••••••• ••••• •••••••••• •••••••••• •••••••• •••• •••••••• ••••••••••••••• ••• ••••••••• •••••••

Fa wajadaa `abdaan min `ibaadina ataynaahu rahmatan min `indina wa `allamnaahu min ladunna `ilma. So they found one of Our servants, on whom We had bestowed mercy from Ourselves and whom We had taught knowledge from Our Presence. (Al-Kahf, 18:65)

Min rahmatinaa means, "from Our mercy." Similarly, Allah states that He has sent Prophet Muhammad (s):

••••• •••••••••••••• •••••• •••••••• •••••••••••••

wa ma arsalnaaka illa rahmatan li 'l-`alameen. And We did not send you (Muhammad) except as a Mercy to the worlds." (Al-Anbiya, 21:107)

To enter such a drop of such an ocean one gains the gushing-forth of this ocean. Allah grants endless oceans from His knowledge. However, an ant gains a different measure of that knowledge from another creature, such as a whale. A small fish gains something and a big fish, a whale, gains something else from knowledge. A

fish wishes to drink from the whole ocean because it seeks to gain as much as possible from its possibilities.

Sayyidina Khidr (a) was granted from these oceans and no one was able to gain something directly from Allah without a medium, and as for the knowledge of min ladunna we don’t ask a medium.

**••••••••••••• ••••••• •••••••••••••**

w ’abtaghaw ilayhi ’l-waseelah. Seek the means of approach to Him. (Al-Ma`idah, 5:35)

The word “waasita” is a heavy word and it is not mentioned in the Holy Qur’an, but it is mentioned, “w ’abtaghaw ilayhi ’l-waseelah,” meaning, “If you wished to come closer to Him, then seek a means, otherwise it is not possible to reach without a means of transportation.” For example, if you wish to fly you need a plane. Allah Jalla wa `alaa says, “w ’abtaghaw ilayhi ’l-waseelah.” Here, servants of Allah are addressed and “ilayhi” is “My Beloved, My Messenger who represents Me.” Success is from Allah!

Fatihah.

This is a deep ocean.

Fatihah.

Human beings are proud and think themselves strong; they don’t humble themselves. Mankind seeks to be honored. The Prophet (s) was granted the real ocean of honor and greatness that he deserves. The Children of Adam also like to be honored. We don't want pride from our own egos, but for the sake of Allah, such as the one needed to enter the presence of a king. The human being likes pride for the sake of his own ego. He likes grandeur and greatness; that's why our egos are poisoned, but grandeur for the sake of Allah, on the other hand, is acceptable.

**•••••• •••••••••••••• ••• •••••••••••••• •••••••••••**

Wa lahu ‘l-kibriyaa fi ‘s-samaawaati w ‘l-ard. To Him be glory throughout the Heavens and the Earth. (Al-Jathiyah, 45:37)

We like grandeur and pride for ourselves for the sake of Allah, because we wish to be suited to be in the presence of the Glorious Lord in the right attire, just like a person who wears the best clothes when invited to

be in the presence of a king. This greatness and honor is hidden; this is reality. He made a secret inside us that we ask from Him greatness and honor for His sake!

Mawlana Shaykh Hisham: You have corrected the understandings, mashaa-Allah, Sayyidee. Pride used to be from the bad characteristics, but you highlighted the good side of this characteristic.

Mawlana Shaykh Nazim: SubhaanAllah, there is a secret in this. He is the One Who made this desire in our hearts, we didn't buy it from markets. He likes His servants to be dressed from the oceans of kibriyaa, grandeur. Allah dresses us from grandeur to be fit to be in His Presence. He likes that all His servants become kings. Allahu Akbar!

Fatihah.

Mawlana Shaykh Hisham: Let us stay inside the oceans of pride and grandeur. No one wrote about this. It's a fresh understanding of these characteristics.

Mawlana Shaykh Nazim: Fresh? Frais?

Mawlana Shaykh Hisham: Fraises, strawberries (in French) Mashaa-Allah, your speech is like the perfume of flowers and rayaaheen, basil!

Mawlana Shaykh Nazim: Allahu Akbar!

(Mawlana Shaykh prays two raka`ats.)

Mawlana Shaykh Hisham: Mashaa-Allah, Sayyidee. You spoke wonders, Sayyidee.

Mawlana Shaykh Nazim: These are wonders.

Mawlana Shaykh Hisham: What wonders, Sayyidee? You changed the notion of the word "pride," mashaa-Allah. This means that all the words have a different dimension according to saints. We never heard you speak on this topic.

Mawlana Shaykh Nazim: Tawbah, yaa Rabbee. Tawbah, yaa Rabbee.

Fatihah.

These are oceans, oceans.

Mawlana Shaykh Hisham: Oceans? Mawlana, you are the ocean from outer space, with no beginning and no ending for it! If the station of kibriyaa is like that, then what about other stations?

Mawlana Shaykh Nazim: Mashaa-Allah.They dressed with greatness and honor from the presence of the Prophet (s) at the station of Mi`raaj and at every moment he is dressed with kibriyaa.

# THE PERFECT METHOD amongst THE MILLIONS OF WRONG WAYS

When is a person going to find peace within himself? That is the question. Yes, that is the thing that our sister has in her heart.

Rivers run until they reach oceans, struggling, running, until reaching an ocean or a sea; then its over, finished. Whoever asks to find peace within himself must also reach an ocean or a sea or at least a lake; it doesn't matter, because a lake is also firm in its place. But everyone is moving and struggling. Therefore everyone is running here and there every day; they are struggling and running to and fro from morning to night and from night to morning.

There are two ways in which a person may find rest. One of them is through natural death. Until death a person struggles. When he dies his arms and legs are spread out and he is laid to rest and there is no more struggling. According to his station he has reached peace.

Yes his peace by natural death maybe only for his physical body as still he has not reached real peace in his Spirit. Therefore, we must ask for peace from both sides, for

our physical bodies and our spiritual bodies. Our physical bodies will reach to peace by death, natural death. Then the body is going to be in peace, no more movement, no more struggling. But we must look also after our soul, whether it has reached peace or not, whether struggling is still going in the soul or or not.

For this reason, the Prophet Muhammad (sal) said, “Die before you die.” This is what makes a person to reach to spiritual peace and satisfaction, to true peace and satisfaction. Our physical body may die, but as yet we haven’t attained our spiritual peace. Therefore, the one who is asking for real peace within himself must try the ways of those who have attained real peace in their spiritual bodies, and the Prophet’s advice to his nation, to ourselves, is to die before natural death comes upon us.

Only a few people may be equal in their bodily peace and spiritual peace because most people are destroying their spiritual peace by running after the physical body’s peace. It is impossible for a person, without reaching his spiritual peace, to reach to bodily peace until natural death comes. But even at the time of death there is no benefit at that time, because even if you find peace in your physical body your spiritual body is still struggling and suffering. Then, from the day of one’s death up to the Day of Resurrection, in your hayar barzakhi, the intermediate life between the eternal life and this world’s life, those troubles and struggles may still continue. Perhaps it may continue even on the Day of Resurrection, and it may be more than this also. One may be in hell, struggling and suffering for a period until he reaches to the Ocean that he was given in pre-eternity.

Therefore, the most important thing that we must know concerns our absolute peace and when and how is it going to be. Until you reach to that Ocean which Allah Almighty gave you in pre-eternity, you are going to struggle and suffer, and you may be in hell during this life and in the grave and on the Day of Resurrection, and then finally in hell itself also, because it is impossible to find peace without reaching your homeland in that Ocean. But then we are always still running and still struggling.

We give sufferings to ourselves because we use wrong methods to acquire peace or to reach peace. Sometimes scientists prepare a rocket to go up but it turns and falls back. Like this so many people are now using wrong methods, so that instead of going up, they come down – a crash landing, a falling back. Only some small fault, even a simple wrong thing, may do that. Therefore we must be very careful, when we use a method, as to whether it is perfect or not.

We are trying to give a perfect method to everyone who is asking to reach peace, to real peace, to real satisfaction because reaching to this peace and satisfaction is the destination of everybody. You may take a train from London up to Edinburgh and on your way there may be one hundred stations and at each station some people get out because everyone knows his destination. If you get out before Edinburgh you will not be satisfied, you will say, “Oh, we came to some other place. This is not our destination.” If you get struck and remain in that station, you are going to suffer forever because you have reached a wrong destination.

Therefore, we must know our destination, and then we must take a ticket to that station, not to a station before it nor after it. Both kinds of these people who lose their destinations, suffer here and in the hereafter. Therefore a person must do everything to save himself from arriving at the wrong station. He must do something or he must suffer long, in order to find a way to his original destination. It is therefore terrible and dangerous for a person not to look at his destination. He must look out for his destination and must use the right method to reach his destination otherwise he will not attain peace; he will never attain it.

In our time, people are using so many wrong methods. They do not understand, or they do not even know, where is the beginning and what is the end; just like a blind person does not understand where he is or to where he is going. Therefore guidance is necessary and the most important thing for a person throughout his life is to find a true guide. A true guide can be known when your soul is in peace and satisfaction with him. That is the sign, the real sign: to feel peace and satisfaction with him in your heart. If

you are still in doubt, hesitant, it means that something is wrong with that person and you must look for some other guide. If your heart is not in peace with his method, you must not follow that way. There are so many ways. You must try to find another guide and so on until you reach peace in your heart with that person. Then it should be all right for you.

Then this is the way to attain peace, to die before dying. This means that when you find a guide, you must be with him. You must not carry about a different personality from his but must agree to be one with him, one unit. You can't carry about another personality from your guide's; you must melt your personality in his personality and you must appear as himself. Then you will be all right.

Once a person came to a Grandsheikh and knocked at his door. The Grandsheikh asked,

"Who is there?"
"Ibrahim," the man said. "It is I."
"I, I, I, always saying I", said the Grandsheikh. "I?" the Grandsheikh answered "My place is only for one, not for two. Go away."

So that person had to go away. After one year however he tried again. He came and knocked at the door.
"Who is there?" the grandsheikh asked.
"You, you," he answered this time
"As you said, "You," you may now come in." replied the Grandsheikh.

Therefore, the first condition for a person who is asking to reach real peace is that he must give himself, all that he is carrying, to put it into his guide. His guide can take it and carry it. When you are going to be in your guide that is the way to reach to your destination.

Consider an airplane. It may hold one hundred or two hundred or even three hundred passengers, but when it flies you can see only one jet plane. You do not see the three

hundred persons inside it; you can see only that it is a plane, flying. The plane takes all those people into itself, finished. Therefore, when you take a guide to your destination, you can be in him; you can give yourself upto him. Your selfhood must be given up. You must consider yourself as a drop and when it reaches the Ocean there is no more drop – finished. You leave being that drop and you become the Ocean.

That is peace. When that drop falls into the Ocean, can you take it out, can you find it? Finished; it is all Ocean. Therefore, peace is not to be found without leaving your drop in that ocean. And your guide may be a lake or he may be a sea, but they all run into Oceans, also. That is important. When we say, “Die before you die,” this is the meaning of how can one die before his natural death.

“Is the one who was dead and then We brought him back to life, and made for him a light with which to walk among men, like the one who is in darkness from which he cannot emerge?” Quran 6:122.

You give your personality to your guide; yes, you throw your personality into your guide’s personality, and then you say, “I am no longer in existence,” finished. When you look at your guide, you see yourself in him and when he looks at you, he looks at himself, and we – we reached our spiritual peace. You may find it during your short lifetime in this life. But if you do not use true, correct methods and you go wrong, you will always go far away from peace. Instead of running toward Oceans, you will be running toward deserts.

Therefore, anyone who thinks about peace and happiness and satisfaction and pleasure and endless enjoyment must look after his spiritual life’s peace, and this is impossible for a person if he does not find an Ocean and run into it. To do this is so hard because our egos are always too proud to surrender. This is the most difficult proposition that can be made to our nafs; the most difficult thing for the nafs is to put its personality aside and agree to be with another’s. It holds onto its personality very strongly and it never likes to lose it.

Thus, we are fighting. Between our souls and our egos a fight is taking place. Our souls wanting to reach that Ocean and our egos saying, “No!” It is like a bottle containing water, which is thrown into the ocean. The water wants to reach the ocean but the bottle prevents it. Our nafs is just like that bottle, not agreeing to be broken in order to be nothing, and not wanting to let that water go to the ocean. This is the quarrel and fight that goes on between our soul and nafs. The one, who is successful in defeating his ego and making it agree to take the same personality of his guide, is the happy one and has reached to final peace – real peace, eternal peace, eternal happiness and eternal existence.

We take enjoyment from our existence. The greatest grant of our Lord to us is existence. But true existence may be gained only when we give up our false existence or being. If we give up our fani, transitory, temporary existence, we may acquire permanent existence. Inasmuch as we hold on to it strongly, not agreeing to give it up, it is difficult to reach the permanent and eternal existence.

Therefore we must try to reach our destination, and the one who reaches his destination has truly reached real existence, eternal existence. You must give this life in return for eternal life. Give this life in exchange for eternal existence. To the extent that we hold onto this temporary existence, true existence leaves us. Then natural death takes that temporary existence from us. But it may still be a long way for us yet to travel, a way of suffering, to reach eternal existence – through the grave and the Day of Resurrection or in hell so that we may reach the ultimate existence. But if you agree here, during this life, to use true methods that come from our Lord to His servants, it is the easiest and most simple way to reach real peace.

We are living during a time in which there are hundreds and thousands, may be millions of ways, but they are altogether wrong ways. The ways of suffering. These are perhaps ways that are taking people to a wrong destination and taking them to wrong stations and saying, “This is yours.” When that person takes out his address book and

looks it is the wrong destination. In our time there are millions of wrong ways.

Therefore, the one who is asking seriously about his destination must be serious concerning his guide and his guidance, or his life is going to be full of sufferings. And those sufferings will continue after he leaves his physical body because such sufferings belong to our souls and the soul is going to suffer because it has not reached to its Ocean. Until one reaches it, he must pass through so many wrong channels or wrong courses.

Finally, this is so important for anyone who is not drunk. Since people now in our time are mostly drunk – not only by drinking liquor and wine, but most of them are drinking and are going to be drunk on this world's life, for this temporary life's works and deeds and problems and troubles. Problems of livelihood particularly make people preoccupied with heavy conditions, and then they are like drunk people, with no time to look after themselves because they are struggling, they are fighting; no time for millions to ask for a guide. Thus, up to the end, their troubles continue, and when they die their bodily struggle is finished, their physical bodies are in peace, but not yet their souls. Their souls cannot reach their peace and happiness. Therefore their troubles and sufferings continue after death, also, until they reach to their true destinations in the Divine Presence.

Allah knows best how a person may reach his destination after death. When a person sees that he embarked at a wrong station he shall run this way and that in order to find a way to get out, but it is not that easy. Therefore, take your care as much as you can during this life if you are not drunken ones; if you are drunk, you can't take care, you can't look after anything. You may ask from your Lord. "O my Lord, I am asking from You. I am asking a guide to reach You, the Ocean of Oceans. I am asking for You".

Ask from Your Lord sincerely. When you ask sincerely, he may send to you one of His beloved servants to take you to your destination.

## Perfektion der Perfektion

Allah der Allmächtige krönt die Menschheit, kein anderes Geschöpf trägt die Krone, nur die Menschen. Nicht einmal die Engel. Und Er krönt einen jeden Menschen gleich: Männer müssen nicht schauen und sagen, Frauen seien geringer. Frauen müssen nicht schauen und sagen, Männer seien mehr. Er krönt euch mit Gottesdienst gleich – ihr müßt stolz darauf sein, Seine geehrten Diener zu sein. Allah der Allmächtige erschuf die Frauen aus jamal – Meeren von Schönheit, und Männer aus Kraft, aus kamal, Vollkommenheit. Keiner ist besser, ihr müßt das akzeptieren!
Wenn Er die Frauen nicht aus Schönheit gemacht hätte, die Männer nicht erreichen können, würden Männer sich niemals verlieben, und wenn Er die Männer nicht aus Vollkommenheit gemacht hätte, würden Frauen niemals unter ihren Schutz wollen. Wenn sie zusammenkommen, ist es die Vollkommenheit der Vollkommenheit. Er sagt „Kinder Adams“, nicht „Söhne Adams oder „Töchter Adams“. Nein, „Kinder Adams“.

Titel machen euch nicht besser, Positionen machen euch nicht besser. Versuche einfach nur, ein gesegneter Diener zu sein. Es gibt zwei Arten von Dienern, gesegnete Diener und verdammte Diener. Verdammte Diener kommen zu einem Ende, gesegnete Diener kommen niemals zu einem Ende. Bitte, ein gesegneter Diener zu sein: Beginn den Tag mit „la ilaha illa llah, Muhammadan Rasul Allah, o mein Herr! Laß mich diesen Tag in Deinem Göttlichen Dienst sein.“ Beende den Tag mit „la ilaha illa llah, Muhammadan Rasul Allah, o mein

Herr! Vergib mir wegen meines unvollkommenen Dienstes, und ich strebe danach, morgen in Deinem Dienst zu sein.“

Solltest du während des Schlafes sterben, dann bist du auf der Linie Göttlichen Dienstes bis zum Ende der Zeit. Und du sollst glücklich im Göttlichen Dienst sein. Sei glücklich! Wenn du nicht glücklich bist, denk an etwas, das dich glücklich macht! Alles endet auf dem Friedhof. Unbedeutend, wieviele Scheckbücher du in den Sarg tust, sie werden niemals einen Nutzen haben! ...

Wisset, daß ich einer bin, der niemals irgendeinen Teufel in Ruhe läßt, keinen einzigen Teufel auf Erden! Sie sind dabei, zu einem Ende gebracht zu werden! Teufel machen ... (Sheikh zieht an seinen Ohren und macht ein erstauntes Gesicht). Ich will dein Geschäft besuchen (ein anwesender Herr besitzt ein Antiquitätengeschäft), ein Schwert zu finden, der Teufel Schädel zu spalten.

## The Perfumed Breath of Those Who Constantly Remember God

Fatiha!

(Sultan praying two rakats)

Allahu Akbar, Allahu Akbar, Allahu Akbar La ilaha ill-Llah, Allahu Akbar, Allahu Akbar wa lillahi'l-hamd!

(Sultan stands)

O our Lord! Accept our servanthood for the honor of Your most honored one and we are saying, we are asking more glory for him saying, alfu 's-salaat alfu 's-salaam `alayka ya Sayyida 'l-awwaleen wa'l-akhireen wa `ala alika as-haabika wa atbai`ka ila yawm-id-deen.

O Rasulullah! We are asking your shafa'a, your intercession. (Arabic) In spite of those proud ones, they are full with dirtiness and they are coming and to saying some useless and dirty words for your rank in Divinely Presence.

O Ya Rasulullah! Give us your intercession and keep us under your hand, honored flag, liwaau 'l-hamd. We are so happy and our hearts so, so proud and happy and in enjoyment. Ya Sayidda 'l-awwaleen wa 'l-

akhireen! You are everywhere in spite of those Shaytan people, you are everywhere because everything without you can't be in existence. O our most beloved Prophet! You are real Messenger, you are most honored Messenger, you are only one who is in Divinely Presence more and more from pre-Eternal up to Eternal. And we are assaulting on Shaytans and we are saying A`udhu billahi mina 'sh-shaytanir-rajeem and we are taking our Heavenly sword that been granted to us, Bismillahi 'r-Rahmani 'r-Raheem.

(Sultan sits)

La ilaha ill-Llah., La ilaha ill-Llah., La ilaha ill-Llah., La ilaha ill-Llah. Muhammad Habeeb Allah `alayhi salaatullah `alayka salaatullah ya Habeeb Allah.

O people! We are weak ones. We are so weak creatures.

As-salaam `alaykum warahmatullah wa barakatuhu!

Try to be always under the Heavenly shelter here and Hereafter. O humble servants! Whom they are preferring to be ... not to be proud ones, the most important sign of servanthood that is humbleness. As much as we can be humble, the Lord of Heavens makes ourselves up, up, up! Don't be proud. You should be then with Fir'auns and with the armies of Nimrods; there is a stamp, Heavenly stamp (Arabic).

I am calling to my master who teaching us, and try to teach whole mankind how they must be servants, how is servanthood. And O people! O mankind! All of us from same tree of humanity. We have been granted such an honor from our Creator and we are asking that honor to be always! To continue something that the Lord of Heavens granting He is not taking it back! That is Heavenly qa'idah, Heavenly rule. If giving, not taking it back. But so many of ourselves making wrong things but wrong things may be washed, may be taken away. Ask our Lord's magfiraat, forgiveness. O Allah! Forgive us, and He is Ghafoorun and Ghafaarun. Ghafoor Who giving His forgiveness and He is Ghafaar, Endless Forgiveness Oceans.

O people! Leave your will, will power in front of the Will of the Lord of Heavens. But I am saying that is highest position to leave our will power to our Lord. That is an isti'lah, expression. (Sultan asks someone in audience, "Sleeping?!") As an isti'lah, expression we are saying, O Allah! Forgive us.

We must first addressing to our Lord then coming down, coming down, more humble, more humble, more

humble to say to your master that you belongs to him. Who is Master? Master is that one who leaving his will through the will of the Seal of Prophets Sallallahu Alayhi Wasallam and who is the Seal of Prophets? Who just left his will through his, not will, Will Oceans.

We must keep usool, traditional way that we must learn it. O people! Say I am nothing! Yes, you must say this. Some people saying, “How I can say that I am nothing? I was nothing? Or I am nothing? And I have such a power, a big belly! There is a golden chain (Sultan searching room for eyeglasses) and I have also, I have such a golden eyeglasses how I can say that I am nothing? And I am in existence with such a power.”

Those people they are learning through dragons’ schools. Who is dragon? Shaytan. Learning there. When putting this (Sultan puts on eyeglasses), "Yes sir! I am not something, I am everything, I am so powerful.” That is Shaytan. He has Shaytanic diplomas and putting this also (eyeglasses), big stomach, huh? Say! Belly! How you say this for me and I am sitting on a chair everywhere, or with golden, I am not putting my golden through case. Case? Not box, ordinary box...safe! (Sultan says to someone in audience, “Why you are saying case?”)

Because people they are thinking that I am putting my golden through safe, but I am putting inside the chair, no one hopes that it may be inside something, and I am sitting on golden, so powerful and hundreds of ships, saying through East and West, "How you are saying for me that I am not something? I am something and more than something. I may claim that I may be everything!"

That is the top point of pride! It is not true. If anyone forgetting his position falling into so many mistakes, and that mistakes taking that one to be with Shaytan because Shaytan was claiming and thinking that not I am something, no! I am all things, Shaytan saying! It was not happy to be something but he was claiming I am everything in existence.

Therefore, O people! Leave, not to be proud. Because the real sign of being a servant, the first condition for being a servant, to be humble. Humbleness making people to come closer to Heavenly beings or Heavenly beings running away from them. From them coming a bad smelling, very bad escaping. And sometimes that person when his passing time approaching, going to come out from his...through his breathing, coming so bad smelling. We are asking forgiveness.

And that one who was using Holy name of Allah Almighty's dhikr, his breathing coming to be so beautiful smelling!

Once we were with my master, Grandshaykh, in Madinatul Munawwara that the Seal of Prophets his Holy body was laying there. We were with my Grandshaykh and that year coming some pilgrims for visiting Holy place of the Holiest one's, Holiest body. One person he was 120 years and he coming and visiting our Grandshaykh who was 90 years. And Grandshaykh ordering me to embrace to that old one and I embraced him. (Grandshaykh said) “O Nazim Effendi! You smell something?” (Sultan says) “O my master! I am smelling him so beautiful breathing, so beautiful.” (Grandshaykh said) “You know what it is?” (Sultan says) “You know my master.” And he said that person never stopping his mouth to saying La ilaha ill-Llah, La ilaha ill-Llah, La ilaha ill-Llah, La ilaha ill-Llah... Even sleeping time, through his hand tasbih. Sleeping, American and America! Always saying La ilaha il Allah, La ilaha ill-Llah, La ilaha ill-Llah. That dhikr, Tawheed, we are saying to make Allah Almighty's Oneness, saying La ilaha ill-Llah,

La ilaha ill-Llah. That making his mouth and his inside so pure, so smelling as you are smelling rose.

Order from the Lord of Heavens to say His most beloved one, Sayiddina Muhammad (s) (Sultan stands).. Tahir turuq al-Quran wa'l-imaan clean the ways of Holy Quran by saying La ilaha ill-Llah, La ilaha ill-Llah, La ilaha ill-Llah even when they going to be buried, the earth that they are buried taking that good smell of rose.

Once I was in Damascus and government taking out one master that he lived only for his Lord and he was always mash’oor busy and occupied to say La ilaha ill-Llah. Just after 500 years, I was there, when they were opening his grave, he was laying with his white clothes. He is in Damascus. Shaykh Hassan al-Jibawi. And he has been taken from his tomb to another place perhaps it was one hundred steps. After one week or 10 days, I was passing there and I am looking what happened, they were making it down to open this grave. Small ones coming out running to me bringing full of hands from that one's graveyard saying, Shaykh! Smell this one! I am smelling and the earth that he was buried there 500 years it was smelling like a rose, like a rose! Taking and putting it in my pocket taking it home. It is in Damascus. Shaykh Hassan al-Jibawi. One of closer ones to most close one to his Lord Sayyidina Muhammad (s).

(Sultan stands)

Then I mean to say that their body going to be in such a position, giving such a good smelling. Holy Command tahiru turuq al-Quran wa'l-imaan, clean the ways of Holy Quran and Iman. With which thing, Ya Rasul Allah? Say daily at least hundred times La ilaha ill-Llah!

Those Shaytan, Salafi and Wahabi people saying a group of people sitting making dhikr: bid'ah bid'ah, bid'ah! That is their servanthood. Their servanthood not to Allah, they are so jealous to be said the name of Lord of Heavens or to be mentioned and to be granted with asalat wa salam. Ya Sayidda'l-awwaleen wa 'l-akhireen. They are so jealous people! Who preventing people to saying as-salaat wa's-salaam they are going to be, who preventing, they are going to be graduated by Shaytan's academy. They have Shaytanic academy PhD, O Shaykh Hisham, PhD O Shaykh Adnan, PhD so many doctors that they never like to be from ulama, they are saying we are doctor... Allah Almighty takes them away whom they are not knowing what is the honor of man, how coming honor to them they are not learning, they are not learning, they are so hard head people. That is not only blaming them because blaming them is from waajib, obligatory. We are saying this to make people wake up and look such a people they are not giving ta`zheem, respect, real respect to most respectful one in Divinely Presence; they are very jealous. As Shaytan was jealous from Sayiddina Adam, they are also very jealous from the Seal of Prophets.

O people! Come and listen. Don't be angry it is not good for you because if someone from masters being angry with you, you can't reach tomorrow early morning or early evening, you can be passed away.

I am nothing. I am so small, like what saying now, virus! I am less than virus. Virus making man to fear, and I am saying what fear? Why you are fearing from virus? O Shaykh! That is pig virus mmm pig virus mmm. We are not fearing from pig but we are fearing from its virus. You were so cesur brave, you were so brave, how now you are trembling and saying Ooooh, coming us we are fearing, where is the serum that putting against them. I am asking, ever you saw it? No. If you are not seeing how you are saying there is a virus? And your, qa'idah, your base that if you are not seeing it you are not accepting, how you are accepting pig, swine flu. Why you are making this trouble yourself? Close your doors not to enter in it! (Sultan laughs)

O Americans! Where are you? You are happy? You are unhappy with me? You must be happy with me because I am also from mankind. I am not from animal level. No! What is your level, I am on that level. I am

making you to think and I am making you to a little bit smiling. We can't smile. Laugh. We can't do. We are such an important ones. We are not like you, to make people to smile or laugh. It is best work you can do for people to make them to be happy by smiling and laughing. O Shaykh, from where you are coming such a way? I am coming from up! But you are coming from down!

May Allah forgive us! O people! Something they are making me to speak. I am not writing this to speak but I am leaving my will through Holy ones will and they are using my mouth, my tongue to speak to you. I am not looking books and writing to you but it is something to make you wake up before death coming and awakening! O people! May Allah forgives us. I am weak. I am not saying I am good one, no, but I am only making an ‘ikaaz warning, warner, warner, warner! Please forgive me then Allah forgives us, all of us. If you like, it is better, if not it doesn't matter.

Dome dome dome dome 4x

## PERFUME OF INTENSE ATTRACTION and the FASCINATING FLOWER FROM INDIA

Everyone should strive to become a friend of God, for the Lord never rebuffs the seeker of His intimacy. The main reason for attending a center such as this is to prepare yourself to attain that intimacy. No one can become a friend of God without also becoming a friend of His servants. The attainment of that familiarity and sympathy with the souls of His servants is proof of one's approach to sainthood, for it is easy to claim that one is a friend of God, but not so easy to be in harmony with people.

Perhaps now, during your time here at this center, you may feel closeness with your fellow seekers of truth, but when you return to your countries you will certainly find this harder to realize. When you truly attain the station of friend of God, everyone will be your friend. To succeed in attaining this closeness with people is a sign of one's admittance to the Divine Presence. I don't mean that you become physically attractive or attracted to them – this is not a physical attraction we are talking about – but an attraction through the hearts.

Our Grandsheikh once told me a tale about a flower of India that grows only in the most inaccessible places and is, furthermore, always surrounded by snakes. That flower has

such an overpoweringly beautiful fragrance that whoever wears it will be loved by one and all. I said to my Grandsheikh: “Oh my Master let me go in search of that flower”. He replied, “Oh Nazim Efendi, there is no need for you to go there, for as long as you are vigilant with your Lord after midnight – even for a short time – Allah Almighty will adorn you with an attraction seventy times more powerful than the attraction of that perfume. Even if you just arise during the last watch of the night when every one is asleep, and even if you don’t pray, this miracle will occur and you will become as attractive as that perfume”.

Whoever arises at that hour will certainly gain the good graces of his Lord, for that is the time when the Lord looks for the repentance of His servants. Therefore, I advise you all to awaken sometime during the last third of the night: even for five minutes. You must, however, be in a state of ritual purity. Then you must address your Lord: “Oh my lord, come to me, as I can’t come to You”. That prayer is enough to give you full protection for that day and makes you a friend of God.

People pass their days coming and going, but in the evening everyone returns to his or her darling. The Lord asks you to be with Him Alone, even for just five minutes in an intimate time of the late night. Who turns to his Lord in the night will find Him near, and will be able to rely upon him even in the midst of great and terrible events.

## About the Permission to Travel to Cyprus

M. If there is no danger in our area, they can come. It's difficult to come with children. Who is alone & mukallaf/responsible can come.
H.R. Ok, so people with children should not come?
M. No, no need. Because children distract their parents, take up their time. No need.
H.R. You said "no one should come" but now grown up, accountable ones with no children can come. So people without children can come if the area is safe?
M. Yes, ok.
H.R. Can they come if the situation here is good?
M. Yes, they can. If there is any danger here, they should not come. They should keep themselves in their own places. If the World War starts, everybody should stay in their own homes anyways. It is not the time to go here, there anymore. Let them wait until Ramadan. If the situation is suitable, they may come for 3-5 days and then leave. If they see that there is too much uproar & disturbance in those areas, then there is no need. They should keep their houses. They should continue making service in their dargahs. Shukur Allah. May Allah protect. He (swt) protects us as well. Fatiha. Are you able to understand?
H.R. We understand.

M. It is not an absolute necessity to come here, no. And the situation around is not quiet & peaceful either. Therefore one may end up coming & getting stuck here, may not be able to return.. You never know. So, no need until after the Eid. Ok. This is enough.
H.R. Shukran!

**Über die Erlaubnis, nach Zypern zu reisen**

Wenn keine Gefahr in unserem Gebiet besteht, können sie kommen. Es ist schwierig, mit Kindern zu kommen. Wer allein ist und mukallaf, verantwortlich, kann kommen.
H.R: Ok, also Leute mit Kindern sollten nicht kommen?
M: Nein, nicht notwendig. Weil Kinder ihre Eltern ablenken, sie beschäftigen. Nicht notwendig.
H.R: Du hast gesagt, keiner sollte kommen, aber jetzt können Erwachsene, Verantwortliche ohne Kinder kommen. Also Leute ohne Kinder können kommen, wenn das Gebiet sicher ist?
M: Ja, ok.
H.R: Können sie kommen, wenn die Lage hier gut ist?
M: Ja. Wenn Gefahr droht hier, sollten sie nicht kommen. Sie sollten sich an ihren eigenen Orten aufhalten. Wenn der Weltkrieg beginnt, sollte sowieso jeder im eigenen Heim bleiben. Es ist nicht mehr der Moment, hierhin und dorthin zu gehen. Sie sollen bis zum Ramadan warten. Wenn die Lage angemessen ist, können sie für 3-5 Tage kommen und dann wieder gehen. Wenn sie sehen, daß zu viel Aufruhr und Unruhe in diesem Gebiet herrscht, dann ist es nicht notwendig. Sie sollten zu Hause bleiben. Sie sollten weiterhin Dienst in ihren Dergahs leisten. Shukur Allah. Möge Allah schützen. Er (swt) schütze uns auch. Fatiha. Könnt ihr das verstehen?
H.R: Wir verstehen.
M: Es gibt keine unbedingte Notwendigkeit, hierher zu kommen. Und die Lage um uns herum ist auch nicht ruhig und friedlich. Deshalb könnte man am Ende kommen und hier festsitzen und nicht zurückkehren können. Man weiß nie. Also, nicht nötig bis nach dem Eid. Ok. Das reicht.
H.R: Shukran!

## The "Personality" of Allah

The realities of the human soul are unfathomable. Those realities are not subject of the limitations of time and space. Therefore, you shouldn't imagine that our existence is only of the duration of our brief lifespan – fifty, seventy or eighty years - and that we then disappear and exist no more. Don't imagine either that our realities are confined to these forms of flesh and bones. If you imagine for yourself such a limited existence, then, in reality, you are denying that your existence is real, as reality is eternal and unchanging.

The only thing changing in our lives is our outward form. It was created from dust and water, then caused to grow and become strong, then to shrivel and die. That form survives for its destined lifespan by means of air, water and food, then it reverts to dust and water, returning to its original form once it has performed its duty and fulfilled its usefulness. The soul was tied to it for a short time in accordance with the Lord's Will, and when it [the body] returns to its original form, the soul returns to its reality in the Divine Presence.

Don't imagine that the existence of such a vast universe with so many creatures in it, in any way contradicts or detracts from the Unity of Allah, such imaginings would be foolishness. Yes and you must know as well that everything has a distinct personality because Allah Almighty causes endlessly varying manifestations of His Divine Names to appear through his creatures.

*(Questioner) – Does Allah Almighty appear in bad people or only in good people?*

Sheikh Nazim; - in the sight of Allah Almighty all are His creatures. He Almighty created goodness and evil to test His servants. Through good people appear His Divine Attributes of Mercy and Beneficence; and through evil doers and tyrants are seen the reflections of His Attributes of Force, Power and Retribution. So, one kind of people are manifestations and so are the others. Allah Almighty has endless Divine Names, and every Name is a mirror that has reflections in creation.

*(Questioner) Then is there nothing bad or evil?*

Sheikh Nazim; In the sight of Allah this may be so, but you must know that Allah Almighty has ordered us to purse goodness and not evil, and He has made our obedience to this order as a test, a supreme test that is at the very heart of His having created us in this world in these forms. As His creatures, who find themselves in the midst of a world which He created in order to test our ability to distinguish good from evil and to follow goodness despite the attraction of evil that He has caused to be strong in us, it is our duty to stress the distinction between good and evil and not try to downgrade it or cloud it over.

So, our level, the level of all who find themselves in this world, is to distinguish. But the Creator is never in that situation, Far Exalted be He above all limitations.

You may follow the stream to its source. If we follow creation to the main source, we may find, coming from the same source, a stream gushing forth with sweet fresh water, and another, taking another course, salty and bitter. So, if you follow everything to its main source, that source is Allah; but right from the source the two streams part. This means that mankind, and we are always included in that category, no matter who we are and no matter what we accomplish, experience the distinction between the fresh and the salty.

He is the Creator. It is His to test His servants. He is Free. He is not under the command of anyone and He does what He wills according to His Own Wisdom. No one can command Him, but he commands all - and He commands us to do good and avoid evil.

*(Questioner) - But many people .., ask "Why does Allah create badness if He is supposedly so good?"*

Sheikh Nazim ; - they would be better off, much better off, not asking such questions! .... What daring they

exhibit in relation to their Lord, ... they are very bad mannered people indeed to ask of their Lord, “Why did You create evil?” Yes.

This life is full of every variety of good and bad, at every corner a chance to demonstrate your adherence to good or fall into temptation, every day many tests to face. And He Almighty declared: “I am going to try My servants.” – finished. You can’t ask why, as He has clearly said why:- to test His servants. If you can’t distinguish good from evil then you are on the level of animals, and you have no responsibility for your actions. But, if you lay claim to being intelligent, clever, learned, refined, perceptive, etc. then you must know that you are responsible, and that you must ultimately answer the question, “Why did you do evil?”

*(Questioner); Many people ask if Allah Almighty has foreordained everything …. how can we be responsible for our actions?*

Sheikh Nazim; ….. Years ago as I was walking with my Grandsheikh in Damascus, a football that some boys were playing with hit me on the head and knocked off my turban. I got very angry and turned around, shouting; “ Oh you miserable, misbehaved brat!” Grandsheihk said; “Oh Nazim Effendi, you have just lost your faith. How can you claim to believe that everything comes from Allah Almighty when you are ready to blame someone for something that hits you on the head? Do you not know that Allah is the Original Cause of that event? So why are you blinded by secondary causes? When that ball hit you why did you look to see which one threw it in order to quarrel with him? Do you not know that it is from Allah?” Then I recited the confession of faith to renew my faith.

The level of faith that our Grandsheikh was referring to is the level of prophets and saints. We are trying to attain to that level, and when men reach that level, peace will reign on earth. The reason for all trouble on earth, for all wars and suffering is that people have lost sight of their Lord’s Will behind all events. They have lost sight of the hand of the One Who is testing them through those events. They have stopped seeing events as tests from their Lord. Therefore they continue failing those tests.

## A Person's Value Corresponds to the Value he assigns to his Time

Time is the "Hand of God": it moves everything along its course towards its ordained destination. Some are able to comprehend the purport of the passage of time, and observe it with the eye of wisdom. Such people deal with time by grasping the reins of each passing day, utilizing their God-given vision to move their lives in the right direction.

Others perceive time in a distorted manner, like a person looking at a convex or a concave mirror. This malady of perception occurs because they are not reconciled to the "Hand of God", haven't understood the reason why God has confined us to the realm of time and space. He intends thereby only to give us a chance to perfect ourselves, to acquire Divine Attributes through our own efforts in a difficult situation, and thus prepare ourselves for the day of our reunion with our Lord.

In a Holy Tradition the Lord said: "The Children of Adam curse time, and I am time. In My Hand is the passage of day and night".

For those who have not yet understood this truth, time seems to behave in an erratic and disturbing way. The effect of this is to draw our attention to the need to change ourselves to feel in harmony with the passage of time, since time itself, obviously, will neither speed up nor slow down to accommodate our wishes. Our

perceiving our own problem with time is a mercy from God, for as a stomachache indicates the need for a change in eating habits, so does this malady awaken us to the need for adjustment of our lifestyle. For some people time seems to fly, carrying them along like helpless riders on the backs of stampeding horses, in a herd headed over a cliff. For others time seems to stand still as if it were bogged down in the mire.

First of all we must understand the value of time; how, once spent, it is irretrievable. If all the nations were to pool their resources to try and redeem even one second of the past (in order to change a catastrophic decision, for example) would they succeed? No, a mountain of treasure cannot bring back even a second of your life. So, time is precious beyond reckoning, but yet do people idly fritter away the hours, and seek means for gaining even more leisure time.

So many people (not only those who would be considered clinically manic-depressive) suffer from an inability to adapt to the passage of time in a way that accords them peace of mind.

The egos of very young people want to devour the whole world immediately. The feverish heat of the fulfillment of passions and the pursuit of pleasure makes time appear to fly by. So often, at this critical time in people's lives no prudence is exercised, and heeding the urges of the ego they expend all of their energy. Such unrestrained indulgence is the sure way to deplete one's energy quickly and foolishly for life is like a marathon run: it requires pacing: if you just sprint from the start you will collapse after a few hundred yards. Keeping back a reserve of energy calls for self-control and willpower attributes rare among the young.

For the most part very young people steer clear of spiritual paths: only when they suffer a "breakdown" do they come limping in here for 'servicing'. Hundreds of people come to me saying: "Oh Shaykh Efendi can you help me?" It is such a difficult task to help people who have expended all their energy uselessly and whose physical and mental powers are at a pitifully low level. Sometimes I am amazed at what I see, for these people are still, for the most part, quite young. Raising the dead is a miracle given only to Prophets, but as long as there are signs of life we hope to be able to arouse people from their coma-like states.

As a result of the excesses brought about by the manic state, its opposite, depression, manifests itself in these young people. Now time no longer flies, but drags along at a snail's pace. A depressed person wishes that time would again fly, but, on the contrary, minutes seem like hours, hours like days and days like weeks. Usually, people who lack useful outlets for their energies and feel unfulfilled are subject to these feelings. How foolish

it is for people to wish that their time would pass quickly, when, as we pointed out, time is like a priceless jewel.

In the Most Distinguished Naqshbandi Sufi Order we have a rule of thumb: A person's value corresponds to the value he assigns to his time. If you perceive your time to be a worthless burden that you hope will pass away quickly, then you are a burden on the face of the earth, and it would be better to be under it than on it. Why? Because you want only squandered one priceless treasure: your vital energy. Now that other priceless treasure, time, is not like wealth in your hands but like an immense pile of treasure underneath which you are buried. Be judicious with your vital energy so that the value of time may become manifest to you. When you keep your time like a diamond you will be exalted in the eyes of people and in the Divine Presence, here and hereafter.

There is a Sufi aphorism: "The Sufi is the child of his or her time". This means that the Sufi treats his or her time with the same veneration and respect due to his or her parents. Filial piety is a paramount duty in religion, and in the Sufi Way we are exhorted to honour our time as if we were honouring our mother and father. A true dervish will never waste a moment, but will catch it as a skilled jockey grabs the reins of his horse, applying his skill so that it runs in the right direction and at the right speed. Look in on a true dervish and you should find him or her occupied with something useful, never with detrimental or useless activities.

If a person can guide himself in such a manner he is on the road to perfection, because he knows what he must do. His heart's eyes will never be blind; he is keenly aware of the significance of all he encounters.

Our Grandshaykh used to say: "Oh people, how are you filling your days? Don't waste time, but strive to weave time and space with still so that you will leave an enduring legacy behind you in this world and be honoured thereby here and hereafter".

For followers of a Sufi Way wasting time either idly or in useless activity is the greatest sin. Guard your vital energy and your valuable time make every moment live.

Lahu Al Mulk wa Lahu Al Hamd Ya Rabbi Al Izzati wa Al 'Azama wa Al Jabarut, Sayyidina Muhammad (saws) 'Abduka wa Habibuka, wa Nabiyuka ila Jami' Al Khalaiq. Ya Rabbana Thabbitna 'Ala Al Haqq. Ya Rabbana thabbitna 'ala Al Islam, Din Al Islam Ya Rabbi ij'alna khaddamin bi Dinika Al Hanif, Ya Rabb! I apologize...I apologize. I don't have enough breath & I ask Allah (awj) that I may continue my words to say La Ilaha illa Allah Sayyidina Muhammad Rasulullah... Aleihi Al Salat wa al salam, "Honour the honourable ones."(Hadith) Are you translating?

S.H. Yes Sayyidi. I am sorry, that I cannot go down to welcome you... from the Prophet's (saws) children. So forgive me for this.
P.M.: It is an honour that I am in your presence here.
M: Now after this I will change the subject. "Honour the honourable ones." (Hadith) You learnt Arabic alphabet? The mother of believers was the teacher of S. Al Hasan & Al Hussein. He is from the family of the Prophet (saws), it became confirmed from our honourable Shaykhs. Hasananiyun (descendent from S. Al Hasan.) Al Hamdulillah our meeting is not official meeting. Official meetings under feet of whole Awliya'/Saints. They have no value. I think our Sayyid will be a leader holding the banner of the Indian lands, walking ahead and therefore I am advising him to take.. to take a banner, the banner of Islam. The banner of the Prophet (saws)....The banner of the Prophet (saws), the banner of Islam and the banner of S. Al Mahdi (as). Do not fear & do not be sad, and you are the victorious ones... Al Hamdulillah, Al Hamdulillah that we have been honoured by meeting you. I am poor...I am nothing. But my heart is full with love of the Seal of Prophets (saws). Mahdi (as) is going to come & defeat the anti-Christ & his illusions"(Hadith) There is news if Allah (swt) wants to hit a nation with difficulties, He (swt) takes away their mind so they do things that mindful people would not do. People have no minds anymore. It is not possible to fix this, except with the coming of Mahdi (as) who will correct the situation of all the world. When he (as) says "Allahu Akbar! Allahu Akbar! Allahu Akbar!" all the machines, all technology will stop. No plane will fly, and none of their top machines.... Wait, this is coming up soon... May Allah (swt) protect you, insha'Allah It will be Sayyidina from....The armies that will advance from the side of Hindustan will join Mahdi (as). I hope that you will be leader of these armies. "Honour the honourable ones" (Hadith) The Prophet (saws) said this, therefore as much as possible offer respect and love to them & I am under the feet of Ahl Al Bayt (Family of the Prophet saws). Allahu Akbar! Allahu Akbar wa Lillahi Al Hamd. It is in the near future, insha'Allah. Our Sayyid cannot carry and should not ask for any responsibilities now unless he is ordered by Sayyidina Al Mahdi (as). Hasaniyun (from S. Al Hasan)
P.M:I will always seek his prayers, I will always want his prayers with me.
M: His name is written, his name is written... his name is written.
P.M.: I have to go back, to Pakistan to save the people and the country.

S.H.: They are asking him to go back, because when he was ruling the country.. He is requested to go back to Pakistan & lead them according to Ahl AlSunna.
M: His heart may rest in peace because they want that he....He may take on ruling the country with no partner - this he may accept. Otherwise with a partner or parliament, no!
P.M.: Yes, a lot of dangers in Pakistan. But... Only if the power is in his hand he may accept. If not, then it is not necessary. There will be something.... Be patient... and he may give service to the poor. He may extend his support to the poor & the weak only. And he may not fear except from Al Haqq (swt) and the Prophet (saws). The time is coming soon, There are those who are looking over him, from Awliya' & Saintly pillars. So insha'Allah his ruling will spread to Delhi also.
S.H.: He was born there, in Delhi. He is fashionable...
P.M.: It is my honour that I am here & getting these words of wisdom & such prayers from you, & I was looking forward to it since long ago.
M: They just gave me news that 7 of these Awliya' are watching over him. "Inna Allaha Ya'muru Bil Adli Wa Al Ihsani Wa Ita'i Dhi Al-Qurb√°" (16:90) Do not fear, masha'Allah. You honoured us
P.M.: It is my honour to be here.
M: Honour, that one who sent your holiness to me, and I am just under your feet, Ahl Al Bayt.
P.M. No, it is my honour that your turban is on my head. It is.
M: 7 are being appointed to you for protection. He should not extend his support to any service except if it is coming from the people of Haqiqa, our honourable Masters. His service should be insha'Allah in the time of S. Al Mahdi (as), to gather the Indian people under the flag of Islam.
P.M.: I will always remember these words, they will be my guide for the future. Bismillah.... (Bayat) 100 times recite Hasbuna Allah wa Ni'ma Al Wakil. 100 times Allah Dhul Jalal. And his hand is empowered for the poor ones. He has, our Sayyid has a characteristic like the characteristic of Sayyidina Omar. Do not fear from the Russians or from the Chinese. They are under our feet. Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Subhana Rabbika Rabbi Al 'Izzati 'an ma Yasifun. P.M.: The honour is mine.

Insha'Allah like Adam & Hawwa their children will spread. Al Hamdulillah Ya Rabbi. If his excellency would like to stay, just our house is small for all his people, they do not leave him.

Al Hamdulillah he (the guest) never harmed anyone up to now. He is clean...Masha'Allah. I am looking only for Mahdi (as) to give my Bayat to him, and under... Words are endless, and he took what was for him. Have mercy on those in this world, & you'll be mercied from Who is in Heavens Do not fear.... The duas of all the Awliya' are on him. Fatiha. He is from the family of the Prophet (saws). Salam to everyone who asks, to everyone. Masha'Allah aleihum. Insha'Allah we see him on a horse.

**Pervez Musharraf Treffen mit Mawlana**

---

...Al Hamdulillah, Masha'Allah.
PM: Ich dachte, ich muß euch das übergeben.
SB: Das ist von Mawlana Shaykh als Geschenk für euch, Bismillah..für euch..
PM: Möge euer Alter 100 erreichen. Wir beten für euch. Es ist für euch und für euer Alter, 100

Jahre, lebt 100 Jahre.
M: Das ist für euch.
SB: Er möchte euch das zum Geschenk machen. Das ist sein...
PM: Es ehrt mich... Es ist eine Ehre für mich.
M: Ihr seid eine ehrenwerte Person und verwandt mit dem Propheten (saws). Ihr seid Sayyid... Es gebührt euch. Ihr könnt ihn benutzen für die Gebete in der Nacht. Ich hoffe, daß die Leute, alle Leute sollten nach einem Turban verlangen, weil das Sicherheit bedeutet, denn alles geschieht jetzt auf der Erde. Und am Tag der Auferstehung werden sie einen Stand haben. Benutzt diese grüne Farbe.
PM: Ein grüner Turban, ja. Grün ist auch unsere Nationalfarbe.
M: Bevor ihr mir die Ehre erwiest, sah ich euch im Traum, gerade eben nach Dhuhr.
PM: Es ehrt mich, wenn ihr das sagt.
M: Audhu Billahi mina sh-shaytani r-rajim, Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah. Wah'dahu La Sharika La, Lahu l-Mulk wa Lahu l-Hamd. Ya Rabbi l-Izzati wa l-'Azama wa l-Jabarut, Sayyidina Muhammad (saws) 'Abduka wa Habibuka wa Nabiyuka ila Jami' l-Khalaiq. Ya Rabbana Thabbitna 'Ala l-Haqq. Ya Rabbana Thabbitna 'Ala l-Islam, Din al-Islam, ya Rabbi Ij'alna Khaddamin bi Dinika l-Hanif, ya Rabb! Ich bitte um Verzeihung... Ich bitte um Verzeihung. Ich habe nicht genug Luft, und ich bitte Allah (awj), daß ich meine Rede fortsetzen kann, um zu sagen: La ilaha illa Allah, Sayyidina Muhammad Rasulullah 'Alayhi s-Salatu wa s-Salam. 'Ehrt die, denen Ehre gebührt' (Hadith). Übersetzt du?
SH: Ja, Sayyidi.
M: Es tut mir leid, daß ich nicht hinunterkommen konnte, um euch willkommen zu heißen, einen von den Kindern des Propheten (saws). Also verzeiht mir das.
PM: Es ehrt mich, hier in euerer Gegenwart zu sein.
M: Jetzt, nach dem, werde ich das Thema wechseln. 'Ehrt die, denen Ehre gebührt' (Hadith). Habt ihr das arabische Alphabet gelernt? Die Mutter der Gläubigen war die Lehrerin von S. Al Hasan und Al Hussein. Er ist von der Familie des Propheten (saws). Es wurde bestätigt von unseren ehrenwerten Shaykhs. Hasaniyyun (Nachkommen von S. Al Hasan). Al Hamdulillah, unser Treffen ist kein offizielles Treffen. Offizielle Treffen sind unter den Füßen aller Awliya', aller Heiligen. Sie haben keinen Wert. Ich glaube, unser Sayyid wird ein Führer sein, der das

Banner der Indischen Länder halten wird, voranschreitend. Deshalb rate ich ihm, ein Banner zu nehmen, das Banner des Islam, das Banner des Propheten (saws)... das Banner des Propheten (saws), das Banner des Islam und das Banner von S. Al Mahdi (as). Fürchtet euch nicht und seid nicht traurig, und ihr seid die Siegreichen. Alhamdulillah, Alhamdulillah, daß wir die Ehre haben, euch zu treffen. Ich bin arm... Ich bin nichts... Aber mein Herz ist voller Liebe für das Siegel der Propheten (saws). Er gehört zu den Nachkommen des Propheten (saws) und wird Mahdi (as) begegnen. Mein Herz ist voll. Ich erwarte ihn. 'S. Mahdi (as) wird kommen und den Anti-Christ und seine Illusionen besiegen' (Hadith).
Es gibt die Nachrichten, wenn Allah (swt) eine Nation mit Schwierigkeiten schlagen will, nimmt Er (swt) ihnen den Verstand, so daß sie Dinge tun, die Menschen mit Verstand nicht tun würden. Die Menschen haben keinen Verstand mehr. Es ist nicht möglich, das in Ordnung zu bringen, außer durch das Erscheinen von Mahdi (as), der die Situation zurechtrücken wird in der ganzen Welt. Wenn er (as) sagt: Allahu Akbar, Allahu Akbar, Allahu Akbar! werden alle Maschinen, wird die ganze Technologie aufhören. Kein Flugzeug wird fliegen und keine ihrer tollen Maschinen... Wartet, das wird bald geschehen... Möge Allah (swt) euch schützen, insha'Allah. Es wird sein Sayyidina von... Die Armeen, die vorrücken von seiten Hindustans, werden sich Mahdi (as) anschließen. Ich hoffe, daß ihr der Führer dieser Armeen sein werdet. 'Ehrt die, denen Ehre gebührt' (Hadith). Der Prophet (saws) sagte das, deshalb entbietet Respekt, so viel es geht, und liebt sie, und ich bin unter den Füßen von Ahlu l-Bayt, der Familie des Propheten (saws). Allahu Akbar! Allahu Akbar wa Lillahi l-Hamd. Es ist in der nahen Zukunft, insha'Allah. Unser Sayyid kann jetzt keine Verantwortung tragen und sollte nicht danach streben, wenn es ihm nicht von Sayyidina al Mahdi (as) befohlen wird. Hasaniyun, von S. Al Hasan.
PM: Ich werde immer seine Gebete suchen, ich möchte immer seine Gebete bei mir haben.
M: Sein Name steht geschrieben, sein Name steht geschrieben. Sein Name steht geschrieben.
PM: Ich muß zurück nach Pakistan, um die Menschen und das Land zu retten.
SH: Sie rufen ihn zurück, weil als er das Land regierte... Er wird aufgefordert, nach Pakistan zurückzugehen und sie gemäß Ahlu s-Sunna zu regieren.
M: Sein Herz möge in Frieden ruhen, weil sie wollen, daß er... Er kann die Herrschaft des Landes ohne Partner übernehmen. Das kann er annehmen. Sonst, mit einem Partner oder dem Parlament, nein!

PM: Ja, es gibt viele Gefahren in Pakistan. Aber...
M: Nur wenn die Macht in seiner Hand ist, darf er annehmen. Wenn nicht, ist es nicht notwendig. Es wird etwas kommen... Habt Geduld... Und er kann den Armen zu Diensten sein. Er kann seine Unterstützung der Armen und Schwachen ausweiten. Und er soll sich nicht fürchten außer vor Al Haqq (swt) und dem Propheten (saws). Die Zeit kommt bald. Es gibt jene, die über ihm wachen von den Awliya' und den Heiligen Stützen. Also, insha'Allah, wird seine Herrschaft sich bis nach Delhi ausdehnen.
SH: Er ist dort geboren, in Delhi.
M: Er ist elegant...
PM: Es ist mir eine Ehre, hier zu sein und diese Worte voller Weisheit und solche Gebete von euch zu bekommen, und ich hatte mich schon lange darauf gefreut.
M: Sie haben mir gerade die Nachricht überbracht, daß 7 dieser Awliya' über euch wachen. "Inna allah Ya'muru Bi l-Adli Wa l-Ihsani Wa Ita'i Dhi l-Qurba" (16:90). Habt keine Furcht, masha'Allah. Ihr habt uns geehrt.
PM: Es ist mir eine Ehre, hier zu sein.
M: Ehre demjenigen, der euere Heiligkeit zu mir gesandt hat, und ich bin unter eueren Füßen, Ahlu l-Bayt.
PM: Nein, es ist eine Ehre für mich, daß euer Turban auf meinem Kopf ist. Es ist so.
M: Sieben sind bestimmt für eueren Schutz. Er sollte seine Unterstützung auf keinen Dienst ausweiten, außer wenn er von den Menschen der Haqqiqa kommt, unseren ehrenwerten Meistern. Sein Dienst wird insha'Allah zur Zeit von S. al Mahdi (as) stattfinden, die Inder unter der Fahne des Islam zu versammeln.
PM: Ich werde diese Worte immer erinnern. Sie werden meine Führung sein in der Zukunft. Bismillah... (Bayat)
M: Rezitiert 100x Hasbuna Allah wa Ni'ma l-Wakil, 100x Allah Dhul Jalal. Und seine Hand ist ermächtigt für die Armen. Er, unser Sayyid, hat eine Eigenschaft wie die Eigenschaft von Sayyidina Omar. Fürchtet euch nicht vor den Russen oder vor den Chinesen. Sie sind unter unseren Füßen. Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Subhana Rabbika Rabbi l-'Izzati 'an ma Yasifun wa Salamun 'ala l-Mursalin wa l-Hamdulillahi r-Rabbi l-'Alamin. Bi Jahi Nabiyuka l-Karim... Fatiha. Vor einer Stunde sah ich euch in meinem

Traum, heute. Es war mir eine große Ehre.
PM: Die Ehre ist mein.
M: Er soll das nicht benutzen. Es ist ein Zeichen des Unglaubens. Ja, er sollte es nicht.
PM: Sehr selten, fast nie. Es gibt viele Menschen, die mich um Gebete bitten.
M: Ich bin... Die guten Männer sind für die guten Frauen. Fatiha, in euerem Land... Sie gehört auch zum Ahlu l-Bayt? Insha'Allah in dieser Welt und im Jenseits, Insha'Allah wie Adam und Hawwa, ihre Kinder werden sich ausbreiten. Alhamdulillah ya Rabbi. Wenn seine Exzellenz bleiben möchte, nur ist unser Haus klein für all seine Leute. Sie lassen ihn nicht.
PM: Nein, ich würde gern hier bleiben, dies ist der sicherste Ort, unter dem Schutz von...
M: Wir sind unter dem Schutz Allahs (swt) und des Propheten (saws). Rezitiert 100x Salawat auf den Propheten (saws). Shaykh Ali Hujwiri, Shaykh Ali Hujwiri... Ich habe ihn besucht, ich liebe ihn. Er ist wie ein Drachen...
PM: Er sorgt sehr gut für uns, S. Bahauddin.
SB: Ihr sorgt sehr gut für uns.
M: So muß es sein!
PM: Masha'Allah, ihr habt sehr, sehr gute Kinder. Eine gute Familie und natürlich eueren Schwiegersohn.
M: Er war schon bei Mawlana Shaykh (Abdullah Daghestani) seit er 9, 10 Jahre alt war. Bitte seine Wilayat mag er in seinem Herzen bewahren... Ich scheue mich vor ihm... Alhamdulillah er hat nie jemandem etwas zuleide getan bis jetzt. Er ist rein... Masha'Allah. Ich halte nur nach Mahdi (as) Ausschau, um ihm mein Bayat zu geben und unter... Worte sind unendlich. Und er nahm, was für ihn bestimmt war. Habt Mitleid mit denen auf dieser Welt und ihr werdet Mitleid erfahren von Dem, Der in den Himmeln ist. Fürchtet euch nicht... Die Duas aller Awliya' sind auf ihm. Fatiha. Er gehört zur Familie des Propheten (saws). Salam an alle, die danach fragen, an alle. Masha'Allah Alayhum. Insha'Allah sehen wir ihn auf einem Pferd.

## Pharaoh's Teaching

As-salamu Alaykum. Ay Yaran (beloved friends of) Shah Mardan. May our day and our work be good/blessed. May our end be a good one. May all evil be far from us. May the doors of goodness open for us. May the banners of the ummah of Prophet Muhammad (sws) be raised. May the oppressors fight amongst themselves. For the oppressed ones may Allah (swt) open Sham with His Grace and Generosity. May the doors of Sham open. As-salamu alaykum.
Ay Shah Mardan, Ay Yaran Shah Mardan. Dastur - To ask for support/help, is very important. Say - "Dastur" then say - Bismillahi r-Rahmani r-Rahim. It opens all doors of goodness, all doors of mercy, by saying - Bismillahi r-Rahmani r-Rahim. May Allah not let us forget to say it. He doesn't make us forget. There are angels who are continuously saying Basmala Sharifa. Their wird is Bismillahi r-Rahmani r-Rahim, Bismillahi r-Rahmani r-Rahim. Those in heavens and earth tremble from their majestic recitation of Basmala. Heavens and earth also tremble.
Go ahead O Shah Mardan, the field is yours. We are weak servants. A few people are sitting here. We are hoping for support/help from Shah Mardan. Dastur, O Shah Mardan. To mention your name is a great honour for us. To mention your holy name gives us great honour and power. It gives us strength. "Wa Khuliqa Al-Insanu Da'ifan" (4:28) Ay Yaran Shah Mardan, listen. "Wa Khuliqa l-Insanu Da'ifan" (4:28) Mankind was created weak. Allahumma qawwi da'fi fi ridak. Go ahead O Shah Mardan. Dua/supplication - "qawwi da'fi fi ridak". Man was created weak, but he has support/ reinforcement. Men are weak and have enemies. Envious ones cannot tolerate Man's honour, they are jealous. Ghirah (jealousy). That is why O Sahib al-Imdad, O Shah Mardan, we need help/support. Send your help to these weak people. Go ahead O Shah Mardan. Your Yaran love you. May this day be a good one, may it be blessed & honoured.
Allah (swt) has considered all good things to be suitable for the children of Adam. Bismillahi r-

Rahmani r-Rahim - it is the key that opens all doors of goodness. Allah (swt) considers all beautiful things to be suitable for the children of Adam. This is an important matter. Shah Mardan is declaring it. Allah (swt) has created mankind so honourable that all types of honour are suitable to Man. No matter how much you say or claim that someone is honourable, it can never reach the honour that Allah (swt) has given. Allah (swt) considers all types of honour to be suitable for the children of Adam. "Wa Laqad Karramna Bani Adam" (17:70) My Glorious Divinity, I swear by My Lordship that I have honoured the children of Adam. That means - I consider all beauty to be suitable for them. All the beauty cannot be above the honour that I gave. The honour that I gave mankind cannot be described; they are that honourable. Mankind are - Hazrati Insan. The honour that I gave mankind, no one can give honour that is above it. No.

O Shah Mardan, welcome! Your Yaran love you. We are waiting, this is the most important matter in Adab and in order to understand it, we must learn Adab (good manners). Who is mankind? He is the honoured khalifa/deputy who represents Allah (swt). There is no honour above this. Allah (swt) has given such an honour. Go ahead O Shah Mardan. Your Yaran love you, your beloved friends. O children of Adam, be aware of this; don't search for any other honour. Allah (swt) has honoured you with the dress of honour. Allah (swt) has honoured the children of Adam. There cannot be any honour above the honour Allah (swt) gave to mankind. Our Lord honoured us. Why are you searching for honour above that which Allah (swt) has granted? But satan is looking for an oppurtunity to separate them from this honour, satan is working hard to deprive them of this honour. That is satan's job. Satan is the master of jealousy. That is why its only concern is to take away mankind's honour. When honour is given by Allah (swt), then there is no honour above it. But satan is jealous of this and is working hard to deprive mankind of that honour.

There is a little story to teach a lesson - I walked a little, I walked a lot... then I looked and saw that... I only traveled the distance of one grain of wheat. When a person searches for honour by himself, and if that honour is other than the honour given by Allah (swt), after all his efforts, he will look and see that he didn't even finish a small distance. That means - if mankind, who is honoured by Allah (swt), searches for any other honour, it is a shame. Go ahead O Shah Mardan, your Yaran love you. You must know - "Wa Ma Khalaqtu l-Jinna Wa l-Insa illa

Liya'buduni" (51:56) Know O humans and jinn, I created you for My servanthood. And I have given My servants such an honour that no one can describe it. Divine honour - the honour given by Allah (swt). Satan is working hard to deprive people of this honour. And the reason for all the disasters/afflictions is that people follow satan and satan is trying to take away the Divine Honour that Allah (swt) gave.

The whole world today is boiling. "'In Turidu illa An Takuna Jabbaran" (28:19). What did Pharaoh say to Prophet Moses (as)? "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19). He says - Do you want to be Jabbar on earth? Jabbar (The Compeller) - the Absolute Compeller is Allah (swt). There are those whom satan is teaching, who are searching for an honour above this, who want to be Jabbar. But the attribute of Jabbar is for Allah (swt) only. Pharaoh addressed Moses (as) - "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19) “O Moses, if your only concern is to be Jabbar on earth, I claimed to be jabbar but I couldn't be it. At the end, when I was drowning in the sea, I said - "I have faith", and I proclaimed my servanthood. I proclaimed Your Name, Al-Jabbar, O my Lord, SubhanAllah.” Satan wants to make people tyrants, which means to want to rule over everything. You can't. The attribute of Jabbar belongs to Allah (swt). And those who claim to be Jabbar are just tyrants.

"Wa min ba'di Muluki l-Jababiratun."- after the kings will come the tyrants. Muluk/ kings are those people who are given power by Allah (swt) to use on earth. These are kings/ muluk. "Wa min ba'di Muluk.." The muluk/ kings are the ones with the right to rule. Allah (swt) has glorified kings to rule on earth. "As-Sultan dhilluLlahi fil ardi". Isn't that what is written at the grave of Sultan Akbaba? The Sultan is the shadow of Allah (swt) on earth. To be Jabbar belongs to Allah (swt) only. Servants/creation cannot be Jabbar. Those claiming to be Jabbar are tyrants - the oppressor of oppressors, most shameless among shameless ones, most ignorant among ignorant ones, worst traitor among traitors, most disgraced among disgraced ones. May Allah (swt) keep us away from that disgrace. Aman ya Rabbi.

"Ana 'abduka wabnu 'abdaik." Don't they say this in Hijaz/Saudi Arabia? Ji'tuka min biladin ba'idatin, bi dhunubin kathiratin. "Wa'fu 'anna wa Ghfir Lana wa Rhamna" (2:286) When running towards the Ka'ba, the Sultans who also wear ihram say - O my Lord, I am coming from far countries and running to You. "Wa'fu 'anna wa Ghfir Lana Wa Rhamna". O Jabbar, Jabbar as-Samawati wal-'Ardin, there is no Jabbar in heavens and earth other than our Lord.

Please accept us. We have dragged and brought our dirty ego to Your Presence. We brought it to the presence of Your Magnificent House. What great honour O Sheikh Mehmet. That is why to perform Hajj has greater honour than any other worship. I pulled and brought my disobedient ego. I tied up and brought my bad ego that is claiming to be Jabbar. Ji'tuka min biladin ba'idatin - I brought my terrible ego from far distances. And it (ego) is claiming to be Jabbar. (...)! (...)! The bad ego is making them to repeat. Ji'tuka min biladin ba'idatin, O my Lord, even kings and Sultans abandon the claim to be Jabbar when they come there. Labbayk Allahumma labbayk, labbayka la sharika laka labbayk, innal hamdah, wa n-ni'matah, laka wal mulk, la sharika lak. Ji'tuka min biladin ba'idatin, bi dhunubin kathira.

What is the height of all sins? Pharaoh told it to Moses (as) - O Moses - "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19). Pharaoh is warning him. He is saying - have you come to claim to be Jabbar? He considered himself Jabbar so he said - are you coming to claim to be jabbar like me? Don't be like me, be a servant to your Lord. Say - Ji'tuka min biladin ba'idatin, bi dhunubin kathira. Even Sultans say this. Ji'tuka min biladin ba'ida. From India, China, from east and west they are coming and saying - O our Lord, we came to You. Ji'tuka min biladin ba'idatin, bi dhunubi kathiratin Ya Rabbi. And to ask for His forgiveness. Who is Jabbar? It is Allah (swt). Those claiming to be Jabbar are satans. Satan taught Pharaoh. Satan said to him - you are Jabbar because you rule the land. When Prophet Moses (as) came - O Pharaoh, leave your title, be a servant to Allah (swt). Pharaoh said - You are coming to me and calling me to be servant to your Lord. And then - "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19). Pharaoh is teaching - O Moses do you want to be jabbar on this earth? Pharaoh said - I am al-Jabbar. He was very angry, furious. Pharaoh said - I am Jabbar. You came O Moses "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19). Do you want to be Jabbar on earth, O Moses? Hasha (never)! Prophet Moses was calling him to Allah (swt). And you are claiming to be Jabbar. To be Jabbar belongs to my Lord. But he is warning him. How is satan tricking mankind's ego? It says - be Jabbar. Be Jabbar. People now are calling Jabbar - dictator. I am the one, I will rule. The attribute of Jabbar is for Allah (swt) only. Pharaoh warned Moses (as). "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19). I am here and you are claiming to be jabbar? Pharaoh is warning Prophet Moses (as) in his own way - don't be Jabbar! To be Jabbar belongs to one only

and Pharaoh thought he was the one. He called himself Jabbar, but he wasn't. To be Jabbar is for Allah (swt).
"'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19). Are you wishing to be Jabbar on earth? No, I am al-Jabbar - Pharaoh said. And the world is upside down from everyone claiming to be jabbar. The situation of the world today is explained by the 2 words that Pharaoh said in his own way - "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19). To be Jabbar is for Allah (swt), Pharaoh thought himself the Jabbar. (...)! But he is addressing Prophet Moses (as). He said - do you want to be Jabbar on earth? To be Jabbar is for Allah (swt), He is the only One. Finally when he was drowning, Pharaoh called out - "O my Lord, You are Jabbar, not me." "Just now you came to your senses?" (said Allah). What kind of judgment he received after that, only Allah (swt) knows.
O Shah Mardan, the field is yours. A servant cannot be Jabbar. Jabbar is the attribute of Allah (swt). No one else can be. They claim to be jabbar but actually they are the donkeys of satan. Satan is tricking them with just a handful of straw - You will be (jabbar). "'In Turidu iIlla An Takuna Jabbaran Fi l-Ardi" (28:19). That is what Pharaoh said to the Prophet Moses (as). Do you want to be Jabbar on earth? Jabbar is only for Allah (swt). He is Subhan. And this is what is confusing people. People are thinking - I am Jabbar. They call it - dictator. They are the donkeys of satan. They are foolish people, mindless nations who are more satan than satan. Learn Adab. "Addabani Rabbi fa ahsana ta'dibi". My Lord mannered me - said the Prophet (sws).
The Holy Quran is all Adab. It is telling the story - Pharaoh said to Moses (as) - Are you going to be Jabbar? There can only be one Jabbar. And that is me. (...)! Jabbar is from the attribute of Greatness/Grandness of Allah (swt). Masha'Allah, go ahead O Shah Mardan. Let us be from those who understand your language. O our Lord, forgive us. You sent Your Habib (sws) to teach us the ways of Adab. Don't cut off that grant from us Ya Rabbi. Let's take our share from our Master, the Master of Creation (sws). He is the Master, but he never claimed to be Jabbar. 'Abduhu wa Rasuluhu sallAllahu 'alaihi wa sallam. O our Lord, forgive us. Rajab Shahrullah is associated with Your Name, with the manifestations of this holy month, send us a master who will lead Your servants to Your servanthood and teach them their limits. We are left without a master. He said - I will send. I won't leave this Rajab, I won't leave it to these rubbish ones. I will manner them, the whip is coming.

Because this is the era of tyrants. America is claiming to be Jabbar. Russia is not accepting that, China is saying - how can you say that when I am here. Japan is saying - I will crush your heads. India, China, all of them claim to be Jabbar. "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19) This whole cycle was explained -. "'In Turidu illa An Takuna Jabbaran Fi l-Ardi" (28:19). This is the point that has made all the children of Adam to go the wrong way. Pay attention to this, teach it, don't be afraid. You can destroy them, they cannot bring you down.

We are servants, we don't claim to be Jabbar. Masha'Allah O Shah Mardan. How nice he is teaching us. Everyone's concern is to be Jabbar, to rule the world. It can't be. Absolute Rule is for Allah Al-Jabbar (swt). Look at your manners. Don't be bad mannered. The Owner of heavens and earth is Allah Al-Jabbar (swt). O our Lord, send us Your holy servants who will teach us the ways of Adab. And may my children be among them too. Ya Rabbi we are weak. Qawwi da'fana fi ridak. What a beautiful saying. Shah Mardan's advice for his Yaran is so beautiful. This is a very rich sohbah, it is fit for my son because he is like a storm. When it blows, it will sweep away those with useless claims.

O our Lord, send us a Sultan. We are your weak servants. Ya Rabbi Qawwi da'fana fi ridak. Strengthen our weakness with Your satisfaction Ya Rabbi. We are weak servants. Great power and unlimited Greatness is Yours O our Lord. Masha'Allah la quwwata illa biLlah. We are Your weak servants Ya Rabbi. Send us a Sultan who will represent Your attribute of Jabbar. "Ab'ath Lana Malikan Nuqatil Fi Sabili Llahi" (2:246). Idh Qalu Li nabiyin Lahum "Ab`ath Lana Malikan Nuqatil Fi Sabili Llahi" (2:246). Send us a Sultan who will crush the heads of satans, who will follow Your way. He will come. He will turn those, who are doing these disgraceful things, into dust and smoke. A force/power is coming. This is Rajab Shahrullah. You are Subhan Ya Rabbi. Qawwi da'fi fi ridak. Ay Yaran Shah Mardan. Listen to Shah Mardan's words. How beautiful he explains. Understand? From here to there, from there to here.

May our hearts open and be content. May our bodies be strengthened. May our assemblies be joyful/festive. O our Lord, we are Your servants. O Shah Mardan, prepare your Yaran for the Presence of Allah (swt). Look for that honour. Don't reject that honour. Search for that honour. Don't be from tyrants! Be from kings and princes, not from tyrants. Amin Ya Rabbi. Ay Shah Mardan. You have granted us beautiful expressions/explanations. We have accepted your explanations. May a Sultan come to show us the ways of Adab. May a Sultan come who is

DhilluLlahi fil ard. They are the shadow of Allah on earth. They rule by Allah (swt). They worship for Allah, they go forward for the sake of Allah (swt). They live for Allah (swt), they don't work for dunya. They are honourable ones, like Shah Mardan. His special servants who are DhilluLlah - Allah's (swt) shadow on earth. May Allah (swt) send them to us. Qawwi da'fi fi ridak. Ya Rabbi You know best. Send them, our Lord, let us see them before we leave this world. We wish to serve them. Amin Amin. Wa salamun 'ala-l mursaleen. Khususan 'ala Sayyidal Mursaleen, Sayyidal awwalina wal akhireen. Wal-hamdu lillahi Rabbil 'Alameen. Rida'an lillah. Rida'an li Rasulillah sallAllahu alaihi wa sallam.
May our distress leave us. May our banners be raised Ya Rabbi, the banners of Islam. O Shah Mardan, you are a Sultan, you were dressed with a sultanate. May a Sultan come to hold our hand. May the soldiers of Allah come to punish oppressors and tyrants. And we hope to be with them so we will become mightier and stronger, so we can bring down falsehood. Aman Ya Rabbi, don't leave us to our bad ego. May we be from the Sultan's soldiers. Fatiha.
This association is suited to Sheikh Mehmet. He is full of power. Go ahead and don't be afraid, you will finish off all of them. May Hz. Yahya Effendi accept you.
Fatiha.

**Pharaos Lehre**

---

As-Salamu `alaykum. Ay Yaran, o geliebte Freunde Shah Mardans. Mögen unser Tag und unsere Arbeit gut sein. Möge unser Ende ein gutes sein. Möge alles Böse weit weg von uns sein. Mögen die Tore des Guten sich für uns öffnen. Mögen die Banner der Ummah des Propheten Muhammad (saws) gehißt werden. Mögen die Unterdrücker sich gegenseitig bekämpfen. Für die Unterdrückten möge Allah (swt) Sham öffnen mit Seiner Gnade und Großzügigkeit. Mögen die Tore Shams sich öffnen. As-Salamu `alaykum. Ay Shah Mardan, ay Yaran Shah Mardans. Dastur - Unterstützung zu erbitten, ist sehr wichtig. Sagt: Dastur! Dann sagt: Bismillahi r-Rahmani r-Rahim. Es öffnen sich alle Türen des Guten, alle Türen der Gnade, durch das Sagen: Bismillahi r-Rahmani r-Rahim. Möge Allah uns nicht vergessen lassen, es zu sagen. Er läßt es uns nicht vergessen. Es gibt Engel, die fortwährend die Basmala Sharifa sagen. Ihr Wird ist Bismillahi r-

Rahmani r-Rahim, Bismillahi r-Rahmani r-Rahim. Jene in den Himmeln und auf der Erde erzittern von ihrer majestätischen Rezitation der Basmala. Die Himmel und die Erde erzittern auch.
Mach weiter, o Shah Mardan, das Feld ist dein. Wir sind schwache Diener. Ein paar Leute sitzen hier. Wir hoffen auf Unterstützung von Shah Mardan. Dastur, o Shah Mardan. Deinen Namen zu nennen, ist eine große Ehre für uns. Deinen heiligen Namen zu nennen, gibt uns große Ehre und Macht. Es gibt uns Kraft.
"Wa Khuliqa l-Insanu Da`ifan" (4:28). Ay Yaran Shah Mardans, hört zu! "Wa Khuliqa l-Insanu Da`ifan" (4:28) - Die Menschheit wurde schwach erschaffen. Allahumma Qawwi Da`fi fi Ridak. Mach weiter, o Shah Mardan. Das Bittgebet: "Qawwi Da`fi fi Ridak". Der Mensch wurde schwach geschaffen, aber er hat Unterstützung. Die Menschen sind schwach und haben Feinde. Neidische können die Ehre des Menschen nicht ertragen. Sie sind eifersüchtig. Ghirah - Eifersucht. Deshalb, o Sahibu l-Imdad, o Shah Mardan, brauchen wir Unterstützung. Sende diesen schwachen Menschen deine Hilfe. Mach weiter, o Shah Mardan, deine Yaran lieben dich. Möge dieser Tag ein guter sein, möge er gesegnet und geehrt sein. Allah (swt) hat alle guten Dinge als für die Kinder Adams geeignet betrachtet. Bismillahi r-Rahmani r-Rahim ist der Schlüssel, der alle Türen des Guten öffnet. Allah (swt) betrachtet alle guten Dinge als geeignet für die Kinder Adams. Das ist eine wichtige Sache. Shah Mardan verkündet das. Allah (swt) hat die Menschheit so ehrenwert erschaffen, daß alle Arten von Ehre geeignet sind für den Menschen. Egal, wie sehr ihr sagt oder behauptet, daß jemand ehrenwert ist, es kann nie die Ehre erreichen, die Allah (swt) gegeben hat. Allah (swt) betrachtet alle Arten von Ehre als passend für die Kinder Adams.
"Wa Laqad Karramna Bani Adam" (17:70). Meine Glorreiche Göttlichkeit, Ich schwöre bei Meiner Herrschaft, daß Ich die Kinder Adams geehrt habe. Das bedeutet, ich betrachte jede Schönheit als passend für sie. Alle Schönheit kann nicht über der Ehre sein, die Ich gab. Die Ehre, die Ich der Menschheit gab, ist unbeschreiblich. Sie sind ehrenwert. Die Menschheit ist Hazrati Insan. Die Ehre, die ich der Menschheit gab, niemand kann Ehre geben, die darüber ist. Nein. O Shah Mardan, willkommen! Deine Yaran lieben dich. Wir warten, das ist die wichtigste Sache im Adab, und um sie zu verstehen, müssen wir Adab, gutes Benehmen, lernen. Wer ist der Mensch? Er ist der geehrte Khalifa, der Allah (swt) vertritt. Es gibt keine Ehre darüber. Allah (swt) hat solche Ehre gegeben. Mach weiter, o Shah Mardan. Deine Yaran lieben dich, deine geliebten Freunde. O Kinder Adams, seid dessen gewahr. Sucht nicht nach anderer Ehre. Allah

(swt) hat euch mit dem Ehrengewand geehrt. Allah (swt) hat die Kinder Adams geehrt. Es kann keine Ehre über der Ehre geben, die Allah (swt) der Menschheit gab. Unser Herr ehrte uns. Warum sucht ihr Ehre über der, die Allah (swt) gewährt hat? Aber Shaytan sucht eine Gelegenheit, sie von dieser Ehre zu trennen. Shaytan arbeitet hart daran, sie dieser Ehre zu berauben. Das ist Shaytans Arbeit. Shaytan ist der Meister der Eifersucht. Deshalb ist sein einziges Bestreben, die Ehre der Menschheit wegzunehmen. Wenn Ehre gegeben wird von Allah (swt), dann gibt es keine Ehre darüber. Aber Shaytan ist eifersüchtig darauf und arbeitet hart darn, die Menschheit dieser Ehre zu berauben.

Es gibt eine kleine Geschichte, um eine Lektion zu erteilen. Ich ging ein wenig, ich ging viel.. dann guckte ich und sah, daß ich nur die Entfernung eines Weizenkornes gegangen war. Wenn ein Mensch Ehre für sich sucht, und wenn diese Ehre etwas anderes ist als die Ehre, die Allah (swt) gab, wird er nach all seiner Anstrengung gucken und sehen, daß er nicht einmal eine kurze Entfernung bewältigte. Das bedeutet, daß es, wenn die Menschheit, die von Allah (swt) geehrt wurde, eine andere Art Ehre sucht, eine Schande ist. Mach weiter, o Shah Mardan, deine Yaran lieben dich. Ihr müßt wissen: "Wa ma Khalaqtu l-Jinna wa l-Insa illa Liya`buduni" (51:56). Wisset, o Menschen und Djinn, Ich erschuf euch für Meine Dienerschaft. Und Ich habe Meinen Dienern solche Ehre gegeben, daß sie niemand beschreiben kann. Göttliche Ehre, die Ehre, gegeben von Allah (swt). Shaytan arbeitet hart, um die Menschen dieser Ehre zu berauben. Und der Grund für alle Katastrophen ist, daß die Menschen Shaytan folgen, und Shaytan versucht, die Göttliche Ehre wegzunehmen, die Allah (swt) gegeben hat. Die ganze Welt heute kocht. "In Turidu illa an Takuna Jabbaran" - Du willst nur ein Tyrann werden (28:19). Was sagte Pharao zu dem Propheten Musa (as)? "In Turidu illa an Takuna Jabbaran fi l-Ardi" - Du willst nur ein Tyrann auf der Erde werden (28:19). Er sagt: Willst du Jabbar auf Erden sein? Jabbar (Der Erzwinger), der Absolute Erzwinger ist Allah (swt). Es gibt jene, die Shaytan unterrichtet, die eine Ehre, die höher ist, suchen, die Jabbar sein wollen. Aber das Attribut Jabbar ist nur für Allah (swt). Pharao wandte sich an Musa (as): "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). O Musa, dein einziges Bestreben ist, Jabbar auf Erden zu sein. Ich beanspruchte, Jabbar zu sein, aber ich konnte es nicht. Am Ende, als ich im Meer ertrank, sagte ich: Ich habe Glauben, und ich verkündete meine Dienerschaft. Ich verkündete Deinen Namen Al-Jabbar, o mein Herr, Subhan Allah. Shaytan will die Menschen zu Tyrannen machen, was bedeutet, über alles herrschen zu wollen.

Das könnt ihr nicht. Das Attribut Jabbar gehört Allah (swt). Und jene, die beanspruchen, Jabbar zu sein, sind nur Tyrannen. "Wa min ba`di Muluki l-Jababiratun" - nach den Königen kommen die Tyrannen. Die Könige sind jene Menschen, denen Macht gegeben wird von Allah (swt), um sie auf der Erde anzuwenden. Dies sind die Könige. "Wa min ba`di Muluk.." Die Könige sind diejenigen, die das Recht haben zu herrschen. Allah (swt) hat die Könige gepriesen, um auf der Erde zu herrschen. "As-Sultan Dhillullahi fi l-Ard". Ist das nicht das, was auf dem Grab des Sultan Akbaba steht? Der Sultan ist der Schatten Allahs (swt) auf Erden. Jabbar zu sein, gehört nur Allah (swt). Die Diener können nicht Jabbar sein. Jene, die beanspruchen, Jabbar zu sein, sind Tyrannen, die Unterdrücker der Unterdrücker, die Schamlosesten unter den Schamlosen, die Ignorantesten unter den Ignoranten, die schlimmsten Verräter unter den Verrätern, die Schändlichsten unter den Schändlichen. Möge Allah (swt) uns weit weg von dieser Schändlichkeit halten.
Aman ya Rabbi.
"Ana `Abduka Wabnu `Abdaik." Sagen sie das nicht im Hijaz? Ji`tuka min Biladin Ba`idatin, bi Dhunubin Kathiratin. "Wa`fu `anna wa Ghfir Lana wa Rhamna" - und verzeih uns und vergib uns und erbarme Dich unser (2:286). Wenn sie auf die Ka`ba zulaufen, sagen die Sultane, die auch Ihram tragen: O mein Herr, ich komme aus fernen Ländern und laufe zu Dir. "Wa`fu `anna wa Ghfir Lana wa Rhamna". O Jabbar, Jabbar as-Samawati wa l-Ard. Es gibt keinen Jabbar in den Himmeln und auf Erden, außer unserem Herrn. Bitte nimm uns an! Wir haben unser schmutziges Ego hergeschleppt und in Deine Gegenwart gebracht. Wir brachten es in die Gegenwart Deines Herrlichen Hauses. Was für eine große Ehre, o Shaykh Mehmet. Deshalb hat das Erfüllen der Hadj größere Ehre als jeder andere Gottesdienst. Ich schleppte und brachte mein ungehorsames Ego. Ich band es und brachte mein schlechtes Ego, das beansprucht, Jabbar zu sein. Ji`tuka min Biladin Ba`idatin - Ich brachte mein furchtbares Ego aus weiten Entfernungen. Und es beansprucht, Jabbar zu sein. (...)! (...)! Das schlechte Ego läßt sie wiederholen. Ji`tuka min Biladin Ba`idatin, o mein Herr, selbst Könige und Sultane geben den Anspruch, Jabbar zu sein, auf, wenn sie dorthin kommen. Labbayk, Allahumma labbayk, Labbayka la Sharika Laka labbayk, innal Hamdah wa n-Ni`matah, laka wa l-Mulk, la Sharika lak. Ji`tuka min Biladin Ba`idatin, bi Dhunubin Kathira.
Was ist die größte aller Sünden? Pharao sagt es Musa (as): O Musa, "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Pharao warnt ihn. Er sagt: Bist du gekommen mit dem Anspruch,

Jabbar zu sein? Er betrachtete sich selbst als Jabbar, also sagte er: Bist du gekommen mit dem Anspruch, Jabbar zu sein wie ich? Sei nicht wie ich, sei Diener deines Herrn. Sagt: Ji`tuka min Biladin Ba`idatin, bi Dhunubin Kathira. Selbst Sultane sagen das. Ji`tuka min Biladin Ba`ida. Von Indien, China, von Ost und West kommen sie und sagen: O unser Herr, wir sind zu Dir gekommen. Ji`tuka min Biladin Ba`idatin, bi Dhunubi Kathiran, ya Rabbi. Und um Seine Vergebung zu bitten. Wer ist Jabbar? Es ist Allah (swt). Jene, die beanspruchen, Jabbar zu sein, sind Shaytane. Shaytan lehrte Pharao. Shaytan sagte zu ihm: Du bist Jabbar, weil du das Land regierst. Als der Prophet Musa (as) kam, 'O Pharao, laß deinen Titel, sei Diener Allahs (swt)', sagte Pharao, 'Du kommst zu mir und rufst mich auf, Diener deines Herrn zu sein'. Und dann: "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Pharao lehrt: O Musa, willst du Jabbar sein auf dieser Erde? Pharao sagte: Ich bin al-Jabbar. Er war sehr verärgert, wütend. Pharao sagte: Ich bin Jabbar. Du kamst, o Musa, "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Willst du Jabbar sein auf Erden, o Musa? Hasha! Der Prophet Musa rief ihn zu Allah (swt). Und du beanspruchst, Jabbar zu sein. Jabbar zu sein, gehört zu meinem Herrn. Aber er warnt ihn. Wie betrügt Shaytan das Ego des Menschen? Er sagt: Sei Jabbar. Sei Jabbar. Die Menschen nennen Jabbar heute Diktator. Ich bin der eine, ich werde herrschen. Das Attribut von Jabbar ist nur für Allah (swt). Pharao warnte Musa (as). "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Ich bin hier, und du beanspruchst, Jabbar zu sein? Pharao warnt den Propheten Musa (as) auf seine eigene Weise: Sei kein Jabbar! Jabbar zu sein, gehört nur zu einem, und Pharao dachte, er sei der eine. Er nannte sich selbst Jabbar, aber er war es nicht. Jabbar zu sein, ist für Allah (swt). "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Wünscht du, Jabbar zu sein auf der Erde? Nein, Ich bin al-Jabbar, sagte Pharao. Und die Welt steht Kopf von jedermans Anspruch, Jabbar zu sein. Die Lage der Welt heute läßt sich erklären mit den zwei Worten, die Pharao auf seine eigene Weise sagte: "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Jabbar zu sein, ist für Allah (swt). Pharao dachte, er selbst sei der Jabbar. (...)! Aber er wendet sich an den Propheten Musa (as). Er sagte: Willst du Jabbar auf der Erde sein? Jabbar zu sein, ist für Allah (swt), Er ist der Einzige. Als er schließlich im Begriff war zu ertrinken, rief Pharao aus: O mein Herr, Du bist Jabbar, nicht ich. Gerade jetzt bist du zur Besinnung gekommen? Welche Art von Urteil er erhielt danach, weiß nur Allah (swt).

O Shah Mardan, das Feld ist dein. Ein Diener kann nicht Jabbar sein. Jabbar ist das Attribut Allahs (swt). Niemand anders kann es sein. Sie beanspruchen, Jabbar zu sein, aber tatsächlich sind sie die Esel Shaytans. Shaytan täuscht sie mit gerade mal einer Handvoll Stroh: Ihr werdet Jabbar sein. "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Das ist, was Pharao zu dem Propheten Musa (as) sagte. Willst du Jabbar auf der Erde sein? Jabbar ist nur für Allah (swt). Er ist Subhan. Und das ist, was die Menschen verwirrt. Die Menschen denken: Ich bin Jabbar. Sie nennen es Diktator. Sie sind die Esel Shaytans. Sie sind Dummköpfe, hirnlose Nationen, die mehr Shaytan sind als Shaytan. Lernt Adab. "Addabani Rabbi fa Ahsana Ta'dibi." Mein Herr gab mir gutes Benehmen, sagte der Prophet (saws). Der Heilige Quran ist ganz Adab. Er erzählt die Geschichte. Pharao sagte zu Musa (as): Wirst du Jabbar sein? Es kann nur einen Jabbar geben. Und das bin ich! (...)! Jabbar ist von den Attributen der Größe Allahs (swt). Ma sha' Allah, mach weiter, o Shah Mardan. Laß uns zu denen gehören, die deine Sprache verstehen. O unser Herr, vergib uns. Du sandtest Deinen Habib (saws), um uns die Weisen des Adab zu lehren. Schneide diese Gabe nicht von uns ab, ya Rabbi. Nehmen wir unseren Anteil von unserem Meister, dem Meister der Schöpfung. Er ist der Meister, aber er beanspruchte nie, Jabbar zu sein. `Abduhu wa Rasuluhu Sallallahu `alayhi wa Sallam.

O unser Herr, vergib uns. Rajab Shahrullah ist verbunden mit Deinem Namen, mit den Manifestationen dieses heiligen Monats, sende uns einen Meister,der Deine Diener zu Deiner Dienerschaft führt und sie ihre Grenzen lehrt. Wir sind ohne Meister geblieben. Er sagte: Ich werde senden. Ich werde den Rajab nicht diesen Lumpen überlassen. Ich werde ihnen Benehmen beibringen, die Peitsche kommt. Denn dies ist das Zeitalter der Tyrannen. Amerika beansprucht, Jabbar zu sein. Rußland erkennt das nicht an, China sagt: Wie könnt ihr das sagen, wo ich doch hier bin! Japan sagt: Ich werde euere Köpfe zerquetschen! Indien, China, sie alle beanspruchen, Jabbar zu sein. "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Dieser ganze Kreislauf wurde erklärt. "In Turidu illa an Takuna Jabbaran fi l-Ardi" (28:19). Das ist der Punkt, der dazu führte, daß alle Kinder Adams den falschen Weg einschlugen. Paßt auf, lehrt das, fürchtet euch nicht. Ihr könnt sie vernichten. Sie können euch nicht herunterbringen. Wir sind Diener. Wir beanspruchen nicht, Jabbar zu sein. Ma sha' Allah, o Shah Mardan. Wie schön er uns unterrichtet. Jedermans Sorge ist, Jabbar zu sein, die Welt zu regieren. Das kann nicht sein. Die Absolute Herrschaft ist für Allah Al-Jabbar (swt). Achtet auf euer Benehmen. Seid nicht unerzogen. Der Eigner der Himmel

und Erde ist Allah Al-Jabbar (swt). O unser Herr, sende uns Deine heiligen Diener, die uns die Weisen des Adab lehren. Und mögen meine Kinder auch unter ihnen sein.
Ya Rabbi, wir sind schwach. Qawwi Da'fana fi Ridak. Was für ein schöner Ausspruch. Shah Mardans Rat für seine Yaran ist so schön! Das ist ein sehr reiches Sohbat. Es paßt zu meinem Sohn, weil er wie ein Sturm ist. Wenn er bläst, wird er jene mit nutzlosen Ansprüchen hinwegfegen. O unser Herr, sende uns einen Sultan. Wir sind deine schwachen Diener. Ya Rabbi, Qawwi Da'fana fi Ridak. Stärke unsere Schwäche mit Deiner Zufriedenheit, ya Rabbi. Wir sind schwache Diener. Große Macht und grenzenlose Größe sind Dein, o unser Herr. Ma sha' Allah, la Quwwata illa Billah. Wir sind Deine schwachen Diener, ya Rabbi. Sende uns einen Sultan, der Dein Attribut Jabbar vertritt. "Ab`ath lana Malikan Nuqatil fi Sabilillahi" (2:246). "Idh Qalu li Nabiyin lahumu b`ath lana Malikan Nuqatil fi Sabilillahi" - Sie sagten zu einem Propheten unter ihnen: Setze für uns einen König ein, damit wir auf dem Weg Allahs kämpfen (2:246). Sende uns einen Sultan, der die Köpfe der Shaytane zermalmen wird, der Deinem Weg folgt. Er wird kommen. Er wird jene, die diese schändlichen Dinge tun, in Staub und Rauch verwandeln. Eine Macht ist im Anmarsch. Dies ist Rajab Shahrullah. Du bist Subhan, ya Rabbi. Qawwi Da'fi fi Ridak.
Ay Yaran Shah Mardans. Hört Shah Mardans Worten zu. Wie schön er es erklärt. Versteht ihr? Von hier nach da, von da nach hier. Mögen unsere Herzen sich öffnen und zufrieden sein. Mögen unsere Körper gestärkt werden. Mögen unsere Versammlungen voller Freude sein. O unser Herr, wir sind Deine Diener. O Shah Mardan, bereite deine Yaran auf die Gegenwart Allahs (swt) vor. Sucht diese Ehre. Weist diese Ehre nicht zurück. Sucht diese Ehre. Seid nicht einer der Tyrannen. Seid von den Königen und Prinzen, nicht von den Tyrannen. Amin ya Rabbi. Ay Shah Mardan. Du hast uns schöne Erklärungen gewährt. Wir haben deine Erklärungen angenommen. Möge ein Sultan kommen, um uns die Weisen des Adab zu zeigen. Möge ein Sultan kommen, der Dhillullahi fi l-Ard ist. Sie sind der Schatten Allahs auf Erden. Sie regieren mit Allah (swt). Sie beten Allah an, sie gehen voran um Allahs (swt) willen. Sie leben für Allah (swt). Sie arbeiten nicht für die Dunya. Sie sind ehrenwert, wie Shah Mardan. Seine besonderen Diener, die Dhillullah sind, Allahs (swt) Schatten auf Erden. Möge Allah (swt) sie zu uns senden. Qawwi Da'fi fi Ridak. Ya Rabbi, Du weißt es am besten. Sende sie, unser Herr, laß sie uns sehen, bevor wir diese Welt verlassen. Wir möchten ihnen dienen. Amin, Amin. Wa Salamun `ala l-Mursalin.

Khususan `ala Sayyida l-Mursalin, Sayyida l-Awwalina wa l-Akhirin. Wa l-Hamdulillahi Rabbi l-`Alamin. Rida'an Lillah. Rida'an li Rasulillah, Sallallahu `alayhi wa Sallam. Möge unsere Bedrängnis von uns gehen. Mögen unsere Banner gehißt werden, ya Rabbi, die Banner des Islam. O Shah Mardan, du bist ein Sultan, du wurdest mit einem Sultanat bekleidet. Möge unser Sultan kommen, um unsere Hand zu halten. Mögen die Soldaten Allahs kommen, um die Unterdrücker und Tyrannen zu strafen. Und wir hoffen, mit ihnen zu sein, damit wir mächtiger und stärker werden, damit wir die Falschheit herunterbringen können. Aman ya Rabbi, überlaß uns nicht unserem schlechten Ego. Mögen wir von den Soldaten des Sultans sein. Fatiha. Diese Versammlung ist passend für Shaykh Mehmet. Er ist voller Kraft. Mach weiter und fürchte dich nicht, du wirst sie alle erledigen. Möge Hz Yahya Effendi dich annehmen. Fatiha.

## The Dispute Among PhD's in Islam

The "scholars of Islam" who claim they are scholars are hiding what Allah has sent down (in the Holy Qur'an), and they are the first ones who are responsible (for that knowledge).

•••••••••••• •••••••• •••••••••••••

waqifoohum innahum mas'uloon. Stop them, for they will be asked. (37:24)

On the Day of Judgment they will be stopped because they are responsible. Allah Almighty will ask them, "Why did you not follow My orders, as I informed you through Sayyidi 'l-Awwaleen wa 'l-akhireen? Why did you not follow Me, as this responsibility will give you the most harsh punishment?" They did not enforce Shari`ah Muhammadiyya (s). They will be tortured on the Day of Resurrection, and they will be like thirsty beasts moving around a well. The most severe punishment will be for them! Curses on those who claim they have knowledge! Where is your knowledge? Do we narrate fables, or do we inform you about the words of Allah Almighty, All-Knowing?

If you claim you know then go ahead, tell them what you know and don't say to me, "Why are you informing?" I don't have an order. If asked who are the God-fearing, they say, "Those who do some practices," but you are doctors: Dr. Filler Alhery, Dr.Sultan Alhery, Dr. Filler Mashary.

“Dr. Filler, which doctor are you?

“We are doctors but we have learned to open hearts.”

“Are you from this kind?”

“No we imitate the wisdoms that came from the time of the Prophet (s).”

“We understand these and we are hard working on it.”

“The door for hard working was closed, we were not happy so we opened the sides of the closed door, and we enter and exit like germs.”

“Inform people to follow us and we will say to them we are doctors and we are diligent. Our understanding is good; we follow our desires because people are against the rules of Shari`ah of the time of the Prophet (s).”

Astaghfirullah. (Mawlana Shaykh stands and sits) That’s why they are against the wisdoms from the time of the Prophet (s), saying, “We should renew the rules of Shari`ah according to the understanding of this time. We have left the door of Shari`ah and opened the door, so we enter and exit, enter and exit. Be happy with us and applaud us! We say we are doctors and through our hard work we have agreed with the present time, the 21st century.” They don’t know that hard work over hard work won’t benefit them! A mountain over a mountain is possible, but hard work over hard work is not possible, it is unbearable! SubhaanAllah. Allah, Allah. Allahu Akbaru ‘l-Akbar.

This is the time of corruption and Allah Almighty has pointed to us and said:

•••••• •••• ••••••• •••••••• •••••••• ••••••• ••••••••• ••••• •••••••••• •••••••••••••

Walaw shaa rabbuka la-ja`ala ‘n-naasa ummatan waahidatan wa laa yazaaloona mukhtalifeen. If your Lord had so willed, He could have made Mankind one people, but they will not cease to dispute. (Hud, 11:118)

They say, “Our scholars are diligent,” and the great interpreters still differ with the nation in this time of tyrants. There is still a difference of opinion among them. The Afghans have their own fatwa, the non-Arabs have a different fatwa, and Pakistan has a different point of view to look at the nation. They have their

different ways, and they are happy with (Germany?). Sham and Baghdad are fighting. Egypt's scholars have different opinions.

This shows that they still have differences of opinion and the great interpreters say that they will have differences until the appearance of the Sahib al-Waqt, the absolute diligent one who will judge with his high hand like Sayyidina Muhammad (s), (Mawlana Shaykh stands) Saahib az-Zamaan, Mahdi (a). Until his arrival there will be differences, so now we don't have a hope that these people will come together and follow the Shari`ah of Allah (swt).

••••• •••••• ••••• •••••••••• •••••••••

Kullu hizbin bima ladayhim farihoon. Each party rejoices in that which is with itself. (al-Mu'minoon, 23:53)

It is finished, they do not agree on anything. Scholars will differ among themselves, interpreters, and great judges until Mahdi (a) comes.

The Ghawth az-Zamaan (q) was asked about Saahib az-Zamaan (q), "Which madhhab will he follow, O our master?" and he answered in a way to teach people, so that their hearts become content. At that time there will not be different madhabs, but they will agree on one person and follow his judgments as absolute, just as Saahib ash-Shari`ah gives judgment and if people do not agree they will not have any opinion until the appearance of Mahdi (a). However, they are still differing! Astaghfirullah.

Fatihah.

Mawlana Shaykh Hisham: Mawlana, you are tired because you opened this secret. Mashaa-Allah, this is a great secret.

Mawlana Shaykh Nazim: Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. O our Lord! Your forgiveness. O our Lord! Your forgiveness.

## Philosophie und Wirklichkeit

Ein Gast hat vor, nach Indien zu reisen.
Maulana sagt zu ihm: Hier haben wir ein Tonbandgerät. Heute ist es leicht für die Menschen, sie herzustellen, obwohl die Grundlagen am Anfang erst durch harte Arbeit entdeckt werden mußten. Jetzt ist es für den einzelnen nicht nötig, sie zusammenzusetzen, um jene Grundlagen zu verstehen. Indische und Chinesische Philosophie? Wir müssen jetzt nach dem besten Weg auf dieser Welt suchen, und du kannst nichts besseres als das Sufitum im Islam finden. Alle guten Dinge, auf die frühere Religionen hinweisen, finden sich in höchst vollkommener Weise im Sufitum. Wozu dient die Philosophie? Wenn es darauf eine Antwort gibt, müssen alle Philosophen in dieser Antwort übereinstimmen. Wenn sich die Bedeutung der Philosophie ändert, so läßt sich darauf kein Gebäude errichten. Philosophien haben so viele Bedeutungen, je nach Geist, Land oder dem Jahrhundert. Sie gehen vom Mittelpunkt weg, anstatt von außen zum Mittelpunkt vorzudringen.

Wir fragen nach dem Mittelpunkt, dem Hauptziel. Unter Philosophen kannst du kein Hauptziel finden. Sie ändern ihre Meinung, je nachdem ob sie einen gesättigten Bauch oder einen leeren haben, je nach Tages oder Nachtzeit, nach Jugend oder Alter, immer verschieden. Im Islam gibt es keine Philosophie. Im Islam gibt es Wirklichkeit: „la ilaha illa llah, Muhammadun rasulullah“. Kein Gott außer Allah, Muhammad ist der Gesandte Allahs. Philosophen sind Gefangene ihres Geistes. Wir müssen die Wand einreißen, die der Geist

vor uns aufstellt. In uns selbst und in unserem Leben sind so viele Dinge, die der Geist unmöglich lösen kann. Deshalb müssen wir glauben, daß unser Geist nicht ausreicht, um zu verstehen. Wir müssen spirituelle Kräfte nutzen. Wir haben Seelen, das Leben ist unser, und wir können sein Geheimnis nicht erklären, und auch nicht das des Todes. Wirkliche Ereignisse kannst du nicht leugnen. Welches ist das Geheimnis, das du erklären kannst? Aber da ist das Leben. Der Mensch ist stolz auf sein Wissen, das wie ein Tropfen im Meer ist. Wir müssen die Propheten annehmen. Alles in unserem Leben bewegt sich in Richtung Entwicklung und Steigerung. Heute studieren wir nicht mehr die Grundsätze der ersten Maschinen. Hat es in viertausend Jahren keine Entwicklung gegeben? Wozu schaust du nach Indischer Mystik, wenn der am meisten entwickelte Weg direkt vor dir ist?

## A Picture of The King

The subject that I am going to speak about is for the people of Egypt. In this evening of Juma of the month Subhana Allah about The Prophet (saws) said, "Ask favors from people with enlightened and good faces" (Hadith). Sadaka Rasulullah.

I ask from those of you who understand. Who has good understanding to bring a photo of King Faruk. (King of Egypt) The one, whom they went against him, the tyrants and they threw him out from his Kingdom. Bring his photo and put it in the middle. Then put the photo of the face of Abdul Nasir (first president of Egypt) then put the photo of A.Sadat. (second president of Egypt) Then put the photo of H. Mubarak. (third president of Egypt). And I ask the people of Egypt to judge who from them has an enlightened face. The person who reached the King never left empty handed. But these other ones.

These tyrants they sucked... the blood of people, until they rebelled against them. This is enough for us. I want a photo up of the King, who passed away Faruk, may Allah (swt) bless him. And he (the King) is innocent from all of what they accused him of. The people of Truth, they are witness that what they accused him of, was a false accusation. It was false & evil. The people of Egypt must know who is good for them; good for the people of Egypt. These people who made the parliament are from among them (tyrants). The Kingdom is what Allah (swt) Wants. The rest of the systems want shaytan. Those who support shaytan, are

tyrants. They destroy people (nations).

Kings! In any country that there is a King the people are happy and satisfied, while the rest are not. This inspiration came the evening of Juma, of Rabiy ul Akhir. The last Juma. Let them print the photos & distribute them among the people. Enogh! Those who oppose, Allah (awj) Will take revenge from them. Those who are taking side with a King are satisfied, happy in their life in this world and in the Hereafter. We ask from Allah (swt) to restore the thoughts of the Muslims so they may understand the Holy Hadith of the Prophet (saws) "Ask favors from people with enlightened and good faces".

Wa min Allah Al Tawfiq. It is enough for us, from a weak servant to narrate. This is enough to shake Egypt, insha'Allah. This is enough.

**Ein Bild des Königs**

---

Das Thema, über das ich sprechen werde, ist für das ägyptische Volk. An diesem Abend des Juma des Monats Rabiyu Thani, SubhanAllah, darüber, daß der Prophet (saws) sagte: "Erbittet Gefälligkeiten von Leuten mit erleuchteten und guten Gesichtern." (Hadith) Sadaka Rasulullah. Ich bitte diejenigen von euch, die verstehen, die gutes Verständnis haben, ein Photo von König Faruk (König von Ägypten) zu bringen, derjenige, gegen den die Tyrannen vorgingen und den sie aus seinem Königreich hinauswarfen. Bringt sein Photo und stellt es in die Mitte. Dann stellt ein Photo mit dem Gesicht Abdul Nasirs auf (erster Präsident Ägyptens), dann ein Photo von Anwar el Sadat (zweiter Präsident Ägyptens), dann ein Photo von Husni Mubarak (dritter Präsident Ägyptens). Und ich fordere das ägyptische Volk auf zu beurteilen, wer von ihnen ein erleuchtetes Gesicht hat. Die Person, die zum König gelangte, verließ ihn nie mit leeren Händen. Aber diese anderen, diese Tyrannen, saugten den Leuten das Blut aus, bis sie gegen sie aufstanden. Das ist genug für uns. Ich will ein Photo des Königs, der dahingegangen ist, Faruk, möge Allah (swt) ihn segnen. Und er (der König) ist unschuldig all dessen sie ihn beschuldigen. Die Leute der Wahrheit sind Zeugen, daß das, was sie ihm vorwarfen, eine falsche Beschuldigung war. Sie war falsch und übel. Das ägyptische Volk muß wissen, wer gut für sie ist, gut für das ägyptische Volk. Diese Leute, die das Parlament einrichteten, gehören zu ihnen (den Tyrannen). Das Königreich ist es, was Allah (swt) will. Die restlichen Systeme will Shaytan. Diejenigen, die Shaytan unterstützen, sind Tyrannen. Sie zerstören die Völker. Könige! In jedem Land, in dem ein König

ist, sind die Leute glücklich und zufrieden, während der Rest dies nicht ist. Diese Eingebung kam am Abend des Juma des Rabiyu l-Akhir, des letzten Juma. Sie sollen die Photos drucken und unter den Leuten verteilen. Genug! An denjenigen, die sich widersetzen wird Allah (awj) Rache nehmen. Diejenigen, die sich auf die Seite eines Königs stellen, sind zufrieden, glücklich mit ihrem Leben in dieser Welt und im Jenseits. Wir bitten Allah (swt) das Denken der Muslime wiederherzustellen, so daß sie den Heiligen Hadith des Propheten (saws) verstehen: "Erbittet Gefälligkeiten von den Leuten mit erleuchteten und guten Gesichtern." Wa min Allaha Tawfiq. Es ist genug für uns, für einen schwachen Diener zu erzählen. Das reicht aus, um Ägypten zu erschüttern, insha'Allah. Das ist genug.

Rabbana Taqabbal minna wa'fu'anna wa ghfir lana wa rhamna Wa Tub 'aleyna wa hdina wa rhamna, Allahuma Isqina-l Ghaytha Suqia Rahmah wa la taj'alna min al qanitin Huwwa lladhi Yunazzilu-l Ghaitha Min Ba'di Ma Qanatu Wa Yanshuru Rahmatahu, Wa Huwal 'Aziz-ul Hamid Ya Rabbi Ya Allah, appoint to us a King so we may fight in Allah's way." (2:246) Ya Rabbi Ya Allah Support Islam & Muslims with Sahib-ul Zaman S. Mahdi (as). Sultan, Allah (swt) supports him. Ya Rabbi Ya Allah! Make the banner of the Muslim people up! And the worst of unbelievers may their banners be way down! Make Islam appear. Bi Jahi Man Anzalta 'Aleyhi Surat-al Fatiha.

O brothers, for the reason of taking photographs, I am seeing that people for making photographs, they are leaving the Sunnah of the Prophet (saws). I am not happy with anyone who takes photograph, photograph, photograph. No meaning photograph. Therefore I am saying that you must not be occupied with photograph & leave the Sunnah. It is not true(way),I don't like photographs. One photograph is enough! All the time someone is coming & taking photograph! No meaning in this.

O people keep Shari'atullah! Keep the limits of Shari'ah. For you and for your families & children. We must keep Holy Orders of Heavens. Heavenly orders. You must be very keen for keeping Heavenly Orders. If not keeping the Lord of Heavens will never be happy with you. And you must ask what Allah Almighty likes from ourselves. You may do 'Ubudiyah/worshipping and leave wanting to take photographs always. No. This is important. For shaytan is making you occupied with something that it is not in the Shari'ah of Allah (swt). The Shari'ah of Allah (swt) says keep all Sunnah prayers & do not occupy yourself by taking photographs. I never like it. One is enough!

Salam Allahu aleykum! Allahu Akbar! Wa Lillahi l-Hamd. Waylun Liz-zalimin Woe to the oppressors! Waylun Liz-zalimin Woe to the oppressors! Who are making oppression on people they should come their heads down, down to 7th level of jahannam/hell. Who is making zulum/oppression they should be under the last layer of fire. Therefore I am also warning whole people who are doing zulum/oppression that Allah Almighty is going to take the revenge of (for) the mazlum (the oppressed) people who are killed. Why they are killing? Allah Almighty is saying "don't kill!" Therefore you must keep the Holy Orders from Heavens and you must catch the hands of zalim/oppressors.

We are Junud Allah/the armies of Allah (swt), not the army of Pakistan, Turkistan, or so on, no! We are Junud-Allah, the armies of Allah Almighty. That is the highest position and rank for ourselves. Keep Allah Almighty's orders. If anyone is asking to do oppression they should be killed as he killed! Keep yourselves, make zikr. Fatiha
I am up to here full with Heavenly Revenge! And whole awliya' are very angry of what shaytan people are making for mankind. Don't touch anyone and don't harm anyone! We are mankind. We have been honoured by the Lord of Heavens. To be honoured ones on earth. We are not ordered to kill one another. Keep anything that Allah Almighty is ordering. Salam Allah aleykum!

Bi Jahi Man Anzalta 'Aleyhi Surat-al Fatiha.

Oh Brüder, wegen des Fotografierens, ich sehe dass die Leute, um Fotos zu machen, die Sunnah des Propheten (saws) auslassen. Ich bin nicht glücklich mit irgendjemandem, der Fotos, Fotos, Fotos macht. Es hat keine Bedeutung, ein Foto. Deshalb sage ich, dass ihr nicht mit Fotografieren beschäftigt sein sollt und die Sunnah lassen sollt. Es ist nicht der richtige Weg, ich mag Fotos nicht. Ein Foto ist genug! Immerzu kommt jemand und macht ein Foto! Es liegt keine Bedeutung darin.

Oh Leute, haltet die Shari'atullah ein! Haltet die Grenzen der Shari'ah ein. Für euch und eure Familien und Kinder. Wir müssen die Heiligen Befehle der Himmel einhalten. Himmlische Befehle. Ihr müsst sehr eifrig damit sein, die Himmlischen Befehle einzuhalten. Wenn ihr sie nicht einhaltet, wird der Herr der Himmel nie glücklich mit euch sein. Und ihr müsst fragen, was Allah der Allmächtige von euch möchte. Ihr mögt 'Ubudiyah/Gottesdienst tun und für immer aufhören, Fotos machen zu wollen. Nein. Das ist wichtig. Denn Shaytan lässt euch beschäftigt sein mit etwas, das nicht Shari'ah von Allah ist (swt). Die Shari'ah von Allah (swt) sagt, haltet alle Sunnah Gebete ein und beschäftigt euch nicht damit, Fotos zu machen. Ich mag es niemals. Eins ist genug!

Salam Allahu aleykum! Allahu Akbar! Wa Lillahi l-Hamd. Waylun Liz-zalimin Wehe den Unterdrückern! Waylun Liz-zalimin Wehe den Unterdrückern! Wer Unterdrückung über die Leute bringt, ihre Köpfe sollen herunterkommen, herunter bis zur 7. Stufe des Jahannam/Hölle. Wer Unterdrückung begeht, diese sollen in der letzten Stufe des Feuers sein. Deshalb warne ich auch die Leute die Zulum/Unterdrückung begehen, dass Allah der Allmächtige die Rache für die Mazlum (Unterdrückten) nehmen wird, für die Leute die getötet worden sind. Warum töten sie? Allah der Allmächtige sagt "Tötet nicht!" Deshalb müsst ihr die Heiligen Befehle der Himmel einhalten, und ihr müsst die Hände der Zalim/ Unterdrücker einfangen.

Wir sind Junud von Allah, die Armee Allahs (swt), nicht die Armee Pakistans, Turkistans und so weiter, nein! Wir sind Junud-Allah, die Armeen von Allah dem Allmächtigen. Das ist die höchste Position und Rang für uns. Haltet die Befehle Allahs des Allmächtigen ein. Wenn jemand Unterdrückung begehen will, sollen sie getötet werden so wie sie getötet haben! Bleibt bei euch, macht Zikr. Fatiha. Ich bin bis hier voll mit Himmlischer Rache! Und alle Auliya sind sehr wütend, darüber was Shaytan mit der Menschheit macht. Fasst niemanden an und tut niemandem weh! Wir sind Menschen. Wir sind geehrt worden vom Herrn der Himmel. Geehrte zu sein auf dieser Erde. Uns wurde nicht befohlen, einander zu töten. Haltet euch an alles,

was Allah der Allmächtige befiehlt. Salam Allah aleykum!

## PLEASE ALLAH, NOTHING ELSE MATTERS

Ask for help from Holy-people who are near to you. Without Holy-people no-one can be successful. We need them here and hereafter. Don't listen to your ego, it always claims to be able to do everything, but it can't do anything. Our egos only have small batteries which cannot carry you. That is why Allah Almighty sent power-stations from Heaven to earth. All Holy-people are power-stations on earth. Connect yourself to them. Stop when you reach to them and turn off your engine. Stop smoking and turn off the engine! Come with your heart to the heart of the keeper of that station and take in.

Those who were sitting with the Prophet were connected from their heart to the heart of the Prophet. Like that the faith grows from the lowest level to the highest. It is the method of all prophets and particularily of the last one. His companions used to sit with him and come in touch with his heart completely. We are only imitators who are trying to do as they did. Even if we are not on that level we hope to also receive blessings by doing like the companions used to.

Allah Almighty is looking at us, so try to be with Him. The Prophet, may peace be with him, is also looking at you, so be with him. They are looking to see what we are doing and what our aim is. Allah Almighty is rewarding you according to your intentions. Allah knows why you are sitting there, He knows your intentions. "Oh, our Lord, you know. We have only come here to ask for more blessings and to be able to give

you more servanthood. We are trying to make you pleased with us. We want to know what we can do to make you pleased with us." Muhammad, may peace be with him, went to Ta'if to call the people there to their Lord, "Oh, people, come to your Lord, oh, people, come to Allah!" That was his mission, to call people to themselves.

All people will fall on their knees on the Day of Resurrection in fear of the Lord. Allah Almighty will adress Jesus Christ and said to him, "Oh, Jesus, are you that one who told people to worship you?" The way He speaks will be so heavy that anyone else would disappear at the sound. It will be like an accusation. "Oh, my Lord, you know what I said to them and you are a witness of what they did." No-one of the Prophets ever called their people to worship them. But Christians are liars and they are insisting to be so. They cannot say, that Jesus Christ told them to worship him! He is a servant of the Lord. Everyone must worship the Lord alone. There were 124000 prophets and all of them called their people to worship Allah.

The Christians are still insisting on this falsehood. But time is over now. Before the year 2000 there will be no more Christians, no more Judaism, only the ones who are calling to Allah, Islam. That will continue.

The Seal of Prophets, Sayyidina Muhammad was calling the people. He went from Mekka to call the people, but all of them did not accept him and they also made their young-ones to attack him with stones and injure his feet. He was so broken and he said, "Oh, my Lord, I am only asking for you to be pleased with me. That is all. If all people do not accept me and attack me, it doesn't matter. That does not make me worried. My worry is only not to make you dispeased with me. I only want you to be pleased with me!"

So people, you must try to make Allah Almighty pleased with you. So even if all the others are displeased with you, it doesn't matter! If a person wants to please Allah Almighty, and never expects others to be pleased with him, Allah will make the hearts of the others to be pleased with that person, he will be successful. If a person wants to please the hearts of others and doesn't care about pleasing others, then Allah Almighty makes those people not to be pleased with that person. If your aim is to please Allah, you will be 100% successful and you will be under His protection.

Allah Almighty shelters you. Everything can happen to you, but only those who are sheltered by Allah Almighty cannot be touched by things disturbing them. Muhammad, may peace be with him, was saying,

"When troubles fill the whole world and people are covered over their heads with troubles, when all the people will be in troubles, there will be a group of servants who will never be touched." People are now swimming in troubles, but Allah Almighty is putting those people in a position never to be touched by those troubles. Why don't you want to be one of those people? "These are my servants!" says Allah Almighty, "I am keeping them far away from troubles."
If Allah Almighty would send one of them through hell, hell would escape from them. He may even send one of them through a fire, and the fire would turn into a rose-garden. That is what He did for Abraham, may peace be with him. Those people who wanted to grieve Abraham so much gathered everything they could find in the jungle and made a huge fire. Allah Almighty sent Abraham into the fire and it turned into a rose-garden.

Believe in God, believe in Allah and then troubles and miseries will leave you. You will then be surrounded by Paradise even here, because you will have no fear and no sadness. You will be in safety and enjoyful. You will feel no sadness. Nothing will ever make you sad!

## Please discuss the idea of Property

Property in Islam - whoever pays for the rights of property may have it. As much as he is able to pay for - there is no hindrance for Muslims to own property or land. May buy, may have. There are no limits on property, as long as we say it is a grant from Allah Almighty to His servants. If Allah makes it possible for a person to buy, he may buy as much as he can afford.

*Question - What is his responsibility for the property?*

He is responsible in the Divine Presence, but in this world he is free to do with and to use his lands and property as he likes. If a person is unable to keep his lands and property intelligently and benefit from it and is in danger of losing the property or if he is wasting it his children may apply to court. The court may check and help that person or put government control on the property in order to save it and keep it for him and his children (not to take it from him).

If something is wrong with the owner and he is unable to look after the land or property, then the government may be empowered to help him - to keep everything for him; not taking it away from him by force, this is not allowed. In Islamic law, the government takes from all people who own land or farms or fields something from the crops and produce - Islamic rules order a proportion to be taken - otherwise the

owner is free.

From money, i.e. gold and silver, he should pay according to Islamic law the correct amount. For animals if he has flocks, sheep, cows, camels - he must pay every year.

It is a big sin to avoid paying or to prevent payment and not to give government and poor people their rights. There is no interest in Islam, but loans - you must be able to support poor people. Everyone must try to support poor people, as Allah Almighty says "I am making on my behalf rich people to look after my poor servants - so long as they are keeping my poor servants, I am keeping their riches, as long as they are not keeping poor ones, I am not looking after them." Therefore, rich Muslims are always looking after poor Muslims. Allah Almighty supports rich Muslims always. If they keep the rights of poor people from them by not giving, they should be punished by having their riches taken from them. Also, that money which they are keeping and not giving for the sake of Allah is going to punish them as if it were pieces of fire burning their bodies in their graves on the Day of Resurrection.

Therefore, rich Muslims try to keep poor Muslims, by helping and giving to them. A loan is more important and brings more reward than a sadaqa (charity alms giving). Sadaqa given gets for each one part, ten parts in return while for a loan - one part merits eighteen in return. To give a loan is more lovely to Allah Almighty. Yes, and no interest - a loan given without interest, takes a reward from Allah Almighty. Interest is not an Islamic, but an un-Islamic thing. We may keep and help poor Muslims with money and power as much as we can. In these days interest is going to be given by banks, big industrial companies, and trading companies. It is not that kind of Interest which Islam is speaking about. If one is dealing with banks, it is only investment premiums, only trading, business - not the same kind of interest which is mentioned in Holy Qur'an - riba (interest). It is a business and therefore we are not speaking against what banks give us for our money, because the bank is a trading company.

## To Drink from the Heavenly Pool of Kawthar

Dastoor yaa RijaalAllah, madad. As-salaamu `alaykum, yaa `ibaadAllah, yaa mu'mineen, yaa muslimeen! Koonoo `ibaadAllahi mukhliseen. Deceptive people are not acceptable in the Divine Presence. Madad, yaa rijaalAllah. (Mawlana Shaykh stands)

Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Was-salaat was-salaam `alaa Sayyidi 'l-Awwaleen wa 'l-`Akhireen, habeebi 'r-Rabbi 'l-`Alameen, noor al-`Arshillah. Yaa Sayyidee, yaa Rasoolullah, give us your intercession! We are a very weak ummah. Ishfa` lana, look after our weakness. We are in need of your intercession! Shafa`at, yaa RasoolAllah! Thumma salaam yaa Sayyidi 'l-Awwaleen wa 'l-`Akhireen. Fatihah. (Mawlana Shaykh sits)

Astaghfirullah. I am beginning to speak in Arabic and forgetting English, but you must try to understand something that is being sent from heavenly ones to my heart to speak to all nations, O Mankind, from east to west, from north to south. Therefore, we must first of all say, (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits) A`oodhu billahi min ash-Shaytani 'r-rajeem.

O People! Run away from Shaytan! If you are not running away from Shaytan, no one can save you, because Shaytan is insisting to be Shaytan. On the Day of Resurrection, Allah is the Judge and everyone's judgment

will finish. His justice covers everywhere and then people will either go to Paradise or Hell. SubhaanAllah Jalla wa `alaa. He will order the angels to bring Shaytan to the entrance of Paradise, and quickly the angels will bring Shaytan there and Allah will order, "O Adam! Come to the entrance of Paradise!" and he will come also. Then, Allah (swt) is ordering. Subhaan Sen! Sultan Sen! (Mawlana Shaykh stand and sits)

There will be one angel to address Shaytan, "Say to him that his Lord is giving you from His endless judgment and blessing, and saying that you may enter Paradise also, but He is only barring one type of person: whoever is not accepting My heavenly order to make sajdah!" But Shaytan will not make sajdah. "Now I am ordering that one that if he likes to enter Paradise, to make sajdah to Adam and get in! That is My heavenly order to that one: make sajdah and enter, and I will forgive him."

Shaytan is so stubborn, saying, "First I did not make sajdah, and now I will also not make sajdah!" And then Shaytan is put in the Hellfire. Time-by-time he is called to see if he will change, but he will never change as that is Shaytan's characteristic. Allah is ready to give His blessings and forgiveness to everyone if they say, "Forgive me, for the honor of Your most beloved one," and immediately He grants His blessings and forgiveness to that person!

O Mankind! You must understand who your boss is. From the time of Adam (a) up to the end of this world, your boss is Sayyidi 'l-Awwaleen wa 'l-akhireen, Sayyidina Muhammad (s)! (Mawlana Shaykh stands) To say, “Muhammadun Rasoolullah,” will be enough! (Mawlana Shaykh sits) However, now Shaytan is making all of Mankind follow him and not say, (Mawlana Shaykh stands) “Laa ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah (s)!” (Mawlana Shaykh sits) Shaytan will never accept to say this and, once again, it will be thrown to hells. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

Now all people living on Earth are no longer asking to say, "For the honor of that most honored one, forgive us!" Muslims are not even using tawassul (seeking means), and those Shaytani- Wahhabi people are not accepting to say, "O my Lord! Forgive me, for Your most honored one." Therefore, Allah Almighty is saying, "If you are not accepting him, I am putting all of you in the Fire until you say, ‘For the honor of the Seal of Prophets, Sayyidina Muhammad (s), forgive us!" Then Allah Almighty will say, "Yes, I forgive you, no more judgment, as you are saying this and asking for the sake of his honor, so I am forgiving you and opening the eight doors of rahmah, and you may enter."

Yaa `Ulama! ... (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem:

•••••• •••••••••••••• •••••••••••

Inna a`ataynaka ’l-kawthar. (Yaa Muhammad!) We have given you a lot. (al-Kawthar, 108:1)

(Mawlana Shaykh sits) O Scholars! To whom is Allah Almighty giving that river of Kawthar? It is not like your small one. I am saying this for you to understand the Greatness! I am trying to explain to all nations that al-Kawthar is a running river from Unseen Heavens. The Seal of Prophets is saying, "That is for me." Inna a`ataynaka ’l-kawthar. Allah granted that to him for the day when people will be thirsty, and even if they drink all the water on Earth, their thirst will not leave them until they drink from hawd al-Kawthar!

Yaa Sham `Ulama! Yaa Misri, Egyptian `Ulama! Why are you not saying to your people that the owner (of that heavenly river) is the one who is stamped as “the Seal of Prophets”? That is granted to him! Huuuuuu.

O Allah! Give us a chance to drink from that river that is granted to the Seal of Prophets (s)! There will be cups around the pool of Kawthar. In order to imagine its greatness, (we are saying that) even if one of those cups comes here, all treasures of dunya will not equal its value! Do you understand? It has been prepared by heavenly order that their number will be the number of the ummah of the Seal of Prophets (s). Everyone will find his or her name written there and may drink. Billions of people, subhaanAllah, will be running to reach to their cups and to drink from them! It is so big that you cannot imagine; billions of people may come and drink.

O our Lord! Akrimna, grant us to drink from that holy pool, Kawthar! Whoever drinks from that river will never be thirsty again, finished!

O `ulama, learned people, ahlu ‘l-`ilm, those who claim you are scholars! This will happen on the Day of Resurrection, but some here may also reach there, to look or taste. Allah Almighty is saying, “We granted this to you, O My beloved one, for your ummah, and if angels are bringing one drop, it will be enough for the whole ummah!" And yet they do not understand!

Allah Almighty, (Mawlana Shaykh stands and sits), has endless grants. If they are happy to drink, then they are preparing themselves for drinking. There are some people now that cannot drink even one drop from

dunya. If Allah Almighty sends only one drop from that holy river of Kawthar to the Pacific, Atlantic and Indian Oceans, they will be like honey, so sweet that no one can take more than one small spoon of it, finished.

O People! You must believe in your Creator, the Lord of Heavens! I can’t do anything! I am a weak servant, saying only what they are addressing to me. Don't say what we are saying about Kawthar is enough, no; if I speak from now up to the end of life, it can't finish.

O Mankind! You must believe this. If you believe in ghayb (the Unseen), you will be happy here and Hereafter. You will have a sweet life here and Jannat un-Na`eem there. If we open a little bit more, your minds are going to explode!

O People! Drink from that holy pool of Kawthar! Try to drink the taste of imaan here also, or you will be like dry trees. If it does not rain, that tree can't live or give its leaves, it can't open its flowers nor bear fruits.

O People! Whoever is asking for the real meanings for being from Mankind and the reason that thousands of prophets were sent, you will be happy here and Hereafter! Whoever drinks sweet water from trees, their fruits will be so sweet, but some of them are never sweet. Try to make your spiritual being drink from that pool of Kawthar, to be sweet, beautiful, healthy, and wealthy forever! You will be invited from the Divine Presence:

•••••••• ••••••• ••••• ••••• •••••••••••

Wallahu yad`u ila Dar as-Salaam. But Allah does call to the Abode of Peace. (Suratu ’l-Anbiya, 10:25)

Allah Almighty is inviting you to that Paradise called “Dar-as-Salaam” and from there, taking you to “Dar al-Jalaal,” and from there are countless paradises with different names and appearances and ornaments, ajaa`ib, astonishing! However, people are quarrelling with each other here and are never interested in spirituality. They are trying to be like wood, and after wood they are going to be coal, which has no value. May Allah forgive us.

O People! If we can speak from here up to the Last Day, they may make a weak servant to speak and it would be never-ending. We are asking forgiveness and blessings from our Lord, Almighty Allah, for the honor of the

Seal of Prophets (s).

Fatihah.

## Secrets of Pope Benedict's Visit

(Mawlana Shaykh stands.) Dastoor.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultan Allah.

Allahuma salli wa sallim wa baarik `alaa Habeebika Sayyidi 'l-Awwaleen wa 'l-Akhireen (s), Hadrat Rasoolullah, Sayyidina Muhammad wa `ala aalihi wa saahbihi ajma`een. Ameen.

Allah Allah. SubhaanAllah. Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh stands.) Yaa Rabbee, bismik al-Jaleel min al-azali 'l-abadi. (Mawlana Shaykh sits.) O our Lord! You are granting such endless honor, for us to be able to say, Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh stands and sits.)

Huuuuuu. As-salaamu `alaykum, first to `ibaadullahi 's-Saliheen, on whom every second heavenly Mercy Oceans rain, and they are asking, "O our Lord! Grant us more and more!" They are holy ones. For the honor of holy ones, the Lord of Creation is protecting this planet, and it is under the holy control of Qutb al-Mutasarrif, who has such authority, power, and honor to keep this planet. If he is not keeping, in less than a

second this world may run away from its orbit and no one knows to where, it will just disappear! One only, is able to control one, ten, one-hundred, one-thousand, ten-thousand, one-hundred-thousand nafs al-waqt, at the same time!

O Salafi `ulama! You are claiming you know everything and you know nothing! What is the Lord of Heavens saying? (Mawlana Shaykh stands.)

••••• ••••••••• •••••• ••••• ••••••••

Wa maa qadroollaha haqqa qadrih, No just estimate of Allah do they make. (al-Anaam, 6:91)

What I am saying is nothing!

••••••••• ••••••••• ••••• ••••••• ••••••• •••• ••••••• •••• •••• •••••••••

Innama amruhu itha arada shay'an an yaqoola lahu kun fayakoon, Verily, when He intends a thing, His Command is, 'be,' and it is! (YaSeen 36:82)

(Mawlana Shaykh sits.) If He is ordering one holy one to look after the whole universe whose ends you try to reach, that one is able to!

••••••••• •••••••••• ••••••••• Wa khuliqa 'l-insaanu da`eefa, "Man is created weak," (an-Nisaa, 4:28)

but an order is making that one powerful and a heavenly command is authorizing that one, "Look at everything in this universe," and he can look. Wa maa qadroollaha haqqa qadrih.

Why are you not saying this? Why are you not giving more and more knowledge about our Creator? That is what they are granting to a weakest servant to speak, but there are gigantic ones that no one other than them can reach those horizons! For every holy one there is going to be a horizon and his horizon may go on, but it can't be finished, because everything that belongs to the Lord of Heavens is endless, Eternal!

We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem, because Shaytan is quickly coming to make our understanding on a wrong direction. The true direction is only one and wrong directions are countless. Therefore, one day the Seal of Prophets (s) was sitting with his ashaab, Companions (r), making a line with a stick, and he said, "That is the Straight Way, it is one." Then on the right and left he made lines like this and

that, saying, "What I am showing are wrong ways, and wrong ways on the Straight Way are countless. The straight direction is only one, from Allah to Allah, from pre-Eternal up to Eternal. Wrong ways are what Shaytan makes people follow."

Therefore, you can find the desires of our egos to be countless. If there are a billion, trillion, or quadrillion men, there are a quadrillion different desires. SubhaanAllah. And who is making those quadrillion desires on wrong directions is Shaytan; it makes our ego think a different wish so that we live:

••••• •••••• ••••• ••••••• •••••••••••••

inna rabbee `ala siraatihim mustaqeem, Verily, it is my Lord that is on a straight Path. (11:56)

There is one Sirat al-Mustaqeem, Straight Path, going in a never-ending direction, from pre-Eternal up to Eternal, always on the right direction. But the wrong desires of people are countless. What you are thinking, he is not thinking. You can't know what he is thinking, or what the shaykh is thinking, or what the American, Shaykh Abdur Ra'uf is thinking: "If only I was in Damascus in the arms of my darlingggg." And everyone has a darling!

"O my darling, where are you?"
"I am here."
"O my darling, I can't see you! Come a little bit closer, so I may look at your beautiful face." He is 100-years-old and saying, "Beautiful!" (Mawlana Shaykh laughs.)

Everyone wants to find a darling for himself or herself, but they are asking on wrong diversions. You are teaching me (Shaykh Hisham); I forgot my Shakespeare and now my English is like an Irish market seller's English. SubhaanAllah. He is granting to His servants, li kulli Majnoonin Layla, "For every crazy one (Majnoon) there is a loved one (Layla)!" Hisham Effendi, Allah Allah. (Mawlana Shaykh laughs.)

Yes sir, I was meeting with His Holiness, the Pope. May the Lord of Heavens grant to him what His Holiness is asking! Here he is asking nothing, because he reached the top line, but I was looking to his face, and saw his eyes were searching for something else! I was looking at His Holiness, the Pope, (who is) not looking at this world and which thing he is dressing in, no! His Holiness' eyes were looking for something that common people can't understand, only one who is on that level may understand! Just I understood, and at that time I

embraced him and took away everything that was making His Holiness disturbed; it was just taken away.

Therefore, he was coming quickly and my heavenly power was also reaching, taking him. I was hugging His Holiness and he was light as a feather, coming heavy and going light! His Holiness was visiting Cyprus and he visited so many countries, but was asking to meet someone who may be a support for him. Throughout the east and west there was no one, but that one minute of time was enough!

Therefore, everyone is asking for something, but they are not knowing for what they are asking! Only some people whose hearts belong to heavens know what they are asking! His Holiness was asking to be free. From whom? Free from himself, and to rise towards the Heavens! Do you understand?

May Allah forgive us. Allah Allah, Allah Allah, Allah Allah. People asked, "What were you talking about with His Holiness?" I am saying to those people that I said to him, "Do you like to marry?"
And he was smiling and asked, "Are you happy with marriage?"
I said, "Never finished!"
He replied, "I am also saying to them, but people are never understanding about [the need for] marriage!"

But the real conversation was just one-hundred percent different, but we are speaking as, kalimun-naasa qadri `uqoolihim, “Talk to people according to their level of understanding.” Whatever is their thinking, what they are interested in, we are saying on their level, but higher up we can't say! And His Holiness may say something, but it is really about something else, because such people are asking to follow only one way, not like this or like that. They are asking to be on the right direction, not on the wrong direction. And people always like to run on wrong ways for enjoying their dirty egos and dirty desires.

O People! May Allah forgive us. Therefore, His Holiness was coming because he was asking for something for his original being, but yet our Salafi `ulama are not feeling such things! Therefore, they are asking, but not coming here! They are saying, "Who is that one?" Yes, I am nothing, but if you come near me you can understand what we have been granted! That is a speciality for some ones from human nature, and they have powers. Now His Holiness is taking powers and flying away! And I am saying, yes, towards your Lord's Divinely Presence, as he was saying when he was flying up.

It is important to find and to follow the right direction, that everything is asking to reach that unchangable

target. And the Lord of Heavens is asking from His servants only, "Ask for true ones! Be true ones and come to Me without your dirty desires! Throw away your dirty desires and come to Me with your pure, clean desires, or you can't reach anything here or Hereafter."

May Allah forgive us. O Hisham Effendi, it is a Deepless Ocean! It is not something that they are making a weak servant to speak, but it is a heavenly grant to make people wake up; that is it and that is true. And we are asking to be on that Right Way. And now all Mankind lost what they are asking. Therefore, they are killing each other, making problems and giving much more troubles for each other, and they are asking to give much more sufferings to each other! Their main aim is only to make people to fall into deepless miseries, and that is the wrong way!

Therefore, the whole world now is swimming in trouble and there remains no taste from life. And mostly people are asking to pass away from this dirty life to a clean life, and a clean life is only to make your direction to Heavens and heavenly beings so that you will be happy forever, up to Eternity, Eternally! May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.

(Mawlana Shaykh sings.)

Dome dome, dome dome, dome dome, dome dome 4x

Forgive us, O our Lord, for the honor of Your most beloved, glorified, praised, and mighty one in the whole Creation, Sayyidina Muhammad (s)! Allahu akbar. (Mawlana Shaykh stands and sits.)

Fatihah.

(Mawlana Shaykh prays two rakaats Salat ash-Shukr.)

Fatihah.

Shaykh Hisham Effendi telephoned? (Shaykh Hisham pretends to phone Mawlana Shaykh and they have a playful ‘phone conversation.’)

# POSITION OF PROPHET MUHAMMAD ON THE LAST DAY

The Last of the Prophets, Sayyidina Muhammad, Peace be Upon Him, is the most humble person of all mankind; no one can attain to his humbleness in the Divine Presence. Humility is the most beloved attribute of mankind in the eyes of Allah Almighty. To whatever extent we can be humble just so much is our Lord raising us higher; as much as a person is proud in front of his Lord, that much his Lord will debase him.

Allah Almighty raised His Beloved Muhammad to the highest ranks in the Divine Presence and entrusted him with the distribution of ranks to all mankind according to their need. The ranks of the various Prophets and Saints have been divided up and bestowed by Muhammad, and also, for believers in general, their ranks of faith (Iman) have been given by him. Allah Almighty has deputized the Prophet Muhammad to judge every creature, but he is never judging beyond that authority—that authority may extend to every creature but Allah Almighty is the Judge of Judges and He holds in His Hand judgment for all creatures including Muhammad. Grandsheikh was saying that Allah Almighty may open up to His Prophet the reality of being judge for all creatures on the Last Day. He will give to him authority to be judge for all people gathering on the Last Day in the Divine Presence. On that day, the Prophet's authority for judgment will appear. To know this is enough to know the honor belonging to our Prophet, who said in a hadith: "On that day Adam and all the Prophets will be under my flag. I am not saying this from pride, but only to inform you so you may believe

in what my Lord is giving me on the Last Day; on that day all Prophets will be under my flag by the order of Allah Almighty, and by His command I am informing you so that you may know every one's rank in the Divine Presence."

When Adam's soul was first blown into him, he looked up to the throne of Allah; later, when he sinned in Paradise and Allah Almighty sent him to Earth, he asked his Lord, "Oh my Lord, for the sake of Muhammad, forgive me." Allah Almighty asked him, "Oh Adam, how did you know Muhammad when yet he is not created?" "Oh my Lord, when my soul entered my body and I first opened my eyes, I looked to Your throne, where I saw written, "There is no god but Allah, and Muhammad is His Messenger" (La ilaha illallah, Muhammadun Rasulallah), and so I know that he must be the most beloved person to You Almighty and the most honorable of creatures that his name may be thus written alongside Yours. Allah Almighty answered Adam, "Yes, you are right, he is My beloved, and is so respectable in My sight that I created the whole Universe for his sake; if you ask Me for forgiveness for his sake, I shaIl forgive you and shall be merciful with your sons as well."

Allah Almighty will give authority to Muhammad on the Last Day. On that day Allah will judge everyone, and when He is finished with His judgment He will call Muhammad to the most praised station (al-Maqam-ul-Mahmud), which no one else can reach. Allah Almighty shall say, "Ask, and whatever you want shall be granted to you, for these people are now subject to your judgment." This is the meaning of the Qur'anic saying that Muhammad was not sent but as a mercy to the worlds.

# Power

As Muslims we have spiritual obligations as well as duties in this life. We must try to make a balance between the two. The spiritual exercises which you do for your Lord will give you energy for your practical life, that is if you can keep the power within you. It so easily escapes through your eyes, ears, speech and actions. It even runs away through our thoughts and through our hearts. We have so many holes which leak our spiritual power. The important part is not so much how we pray or meditate, it is essential to know how to keep the achieved spiritual power within you.

Everyone wants to get power. Politicians usually run after power most of all. They want to reach the climax of power. They all run on their own to get it. Once they have it they use it quickly and are drained just as fast. Whoever is supported spiritually will not waste power in such a way. Which is why all the sultans had spiritual leaders as supporters. They were in contact with them, they were listening to them and it made them successful. Nowadays politicians never listen to mystical advice, so they have no spiritual support and end up eating each other. It has no value. They call it democracy. It means that they take their power from the public, but that is not a firm base. The public is like an ocean, you cannot step on it, you will sink. All of them who want to be supported by the public are mistaken, because the public will never support a person forever. The public can be cheated or it can cheat. It can be cheated by politicians and in the same way be cheated by

them. If someone relies on the public, he will lose everything. Clemenceau had the complete support of the French people. They were ready to die for him, that is the kind of hero he was. Then they stopped voting for him and he died out of sadness. He trusted the public! Take Churchill, he did his best during both wars for the English people and then finally they decided to take Chamberlain instead, so Churchill also died disappointed and sad.

Whenever a politician relies on the public, and does not catch a support from a spiritual person, he can be considered to be very stupid. He will not stay in power.

## The Powerful Secrets Granted to Human Beings

As-salaamu `alaykum. They are from maashayikh al-kiram (Shaykh Adnan and Shaykh Hisham). I am ashamed to speak in their presence. Laa ilaha illa-Llah. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi ‘l-hamd! Subhaan Sen, yaa Rabb! Sultan Sen, yaa Rabb! Ahkaamu ‘l-Hakimeen Sensin, yaa Rabb! Allah, Allah. Zidh habeebika `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Alfu salaat, alfu salaam `alayka wa alaa `alika yaa Sayyidi 'l-Awwaleen wa ’l-akhireen. (Mawlana Shaykh sits)

Shaykh Adnan Effendi, Hisham Effendi.... I may kiss their hands! It is easy to kiss their hands. Yaa Rabbee!

O People! O Children of Adam! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

O Mankind! There are billions of (human beings among) Mankind and I am only one weak servant amongst billions of people. Sometimes people fear a virus; why must billions of people be afraid? I am not like a virus. If you take billions and billions of viruses, all of them can't be one man's size, but one of them is making people fear. You or others may say, "That person is only one and we will not pay attention to him!" They are such foolish ones.

You fear a virus and kill thousands of chickens and cows from your fear! (Allah Almighty is saying,) “You fear a virus and not Me!” Who is putting that secret power in that virus, making people fear it? If He is going to put (power) in one servant, that one may make the east of the world (migrate) to the west, yes!

All power is for the Creator! You are not creators, you are creatures. Creatures are also in Creation and they have a special position, yes. One of them may make east (move) to west, or to put west to east, or make some continents under the oceans, or bring something from under oceans up. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem! We are giving our oath that we are accepting our Creator as Lord of Heavens, Allah (swt)! (Mawlana Shaykh stands and sits) Now we are forgetting that just we gave our oath that we are His servants.

O People! Throughout the east and west, are you thinking even once about for which thing you are in existence? Is anyone asking? No one is asking, "Why am I here? How did I come here and for what have I been created? Who brought me to this life? What is the purpose? For what am I created and for what is all Mankind created and given a power in their minds to know something?" Why are we not using that secret power?

O Mankind! Everyone has that secret power and it is a grant from the Lord of Heavens, as-sirr, secret power! We have been granted this, and each one's secret power is different. Just as our out-looking (outer appearance) is different, so too are our inner lives, our inner positions different. You can’t find two to be the same, no! Are we using that? Mankind must think about it sometimes.

“Am I really a living one? Yes, I am a living one, but tomorrow I may be a non-living one.” That is a common question people may ask themselves. “Today I am here, tomorrow I don't know if I am going to be here, over the world or under it." People are not using this secret power. They are running after atomic reactors, devoting their minds to it. You are searching, searching, searching and bringing this cursed technology. Technology is cursed! If it was not cursed, it would only come from Heavens with the Lord's blessings! However, people are trying, trying, trying to advance technology, and atomic reactors are taking all their attention.

SubhaanAllah, all glory is for the Lord of Heavens! Up to 2011, they were thinking everything is okay and “under our control." Since one month or forty days, everything changed! Up to 2011, people thought, "We

may control everything on Earth through our technology." Technology was under their control but now people are saying, "No, (about your technology) we are not listening to you!" No one is asking for technology.

(Tyrants are saying,) "Why are you not obeying us? We were expecting your obedience to our laws."

(The people are saying,) "We were also waiting, and expecting that one day you would be obedient to our Lord, Who made you an authority to use us! But until now you have not changed your ways and you are saying, 'We have reached the top point of technology and no power can face us!' Therefore, up to today we were obedient to your orders, but now, up to the end we are not going to be held under your willpower! Your mentality is to not obey anyone, and we were under your control and obedient, but nothing lasts forever. We may go up to a certain point, but after some time cannot go beyond, that can't be. Therefore, now we have been ordered not to be under your commands, finished!"

That is making all countries, particularly the most developed ones like Japan, Germany, France, England, US .... Now people lost their mentalities, just reached down, down, down to a zero point. All nations are saying, "There is no longer a way for us to move." Wa li-kulli qawmin haad, "For people there is a limit."

Now the heavenly order for every power station on Earth is not to obey disobedient servants (tyrants, dictators)! If they are insisting (on the citizens' obedience to their tyranny) they are going to order those reactors to attack you. And when the attack is coming, not thousands or millions, but billions will pass away! That is well known through some secret "power people"; they know it. In one second that may poison this atmosphere and those who are protected will be in safety, but those for whom it is written to be taken away by heavenly revenge must (be finished).

O People! I am a weak servant and I have been ordered to make people wake up and remember what was their oath on the Day of Promises; they forgot it and they must be reminded! There will also come a very heavy, huge explosion that will lay dead those who hear it!

O Mankind! Beware and say, "O our Lord! Forgive us. O our Lord! We are asking for Your blessings." We must say this as it is mentioned in all holy books, and now the Last Days before the Day of Judgement are approaching so quickly! May Allah forgive us.

O People! Keep your adab, the high respect, for heavenly rules. Don't insist for anything beyond heavenly rules. Leave democracy, otherwise you will all pass away!

O People! Don't kill each other; it is forbidden. Don't say, "I am here, I don't like anyone else (to tell me what to do)." No, that was the way of Pharaoh, who said, ‘ana rabbukum al-`alaa, "I am your lord most high!" Now all people are saying, "I am god and others must obey me." Why? Why is the Libyan tyrant president or the Egyptian or Syrian tyrants saying this? What is the difference between common people and them? They come from the common people! If you (tyrants) are sitting on a chair with an imitated title, do you think you become something else? If so, don’t use the WC (toilet)! You are just like us, eating, drinking and going to the WC; that is your work! All people must be true slaves to Allah Almighty! May Allah forgive us.

O People! May Allah forgive me and forgive you in this holy month that is coming now. May Allah bless and forgive us, for the honor of the Seal of Prophets (s)! Allahuma salli `alaa Sayyidina Muhammad! (Mawlana Shaykh stands and sits)

Fatihah.

# The Power of Allah for His Holy Ones

Allahumma salli wa sallim ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tuhda ilayh, ma marra layali wa tula dawam...
Audhu bi-llahi mina shaitani rajim
Bismillahir Rahmanir Rahim
La haula wa la quwatta illa bi-llahi-l Aliyi-l Azim
Meded, ya Rijalallah!

Here is our brother Sheikh Gibril Fuad Haddad, (a) famous author and authority in holy Hadith and what (is) related (to it), (the) knowledge of Hadith al-Sharif. And we have been honoured with him through days, 3 days, 4 days, I don t know... (he is) asking something for an understanding about secret knowledge in Islam.

And we are saying:

By the Name of Allah Almighty most Merciful, most Magnificent and most Beneficent.

May Allah make us to say something that it should be as a guidance for whole mankind. He may do- Allah Almighty- an ant to talk and He, Almighty Allah, if He (is) asking to make through an ants language to address whole mankind, as it is mentioned in Holy Quran...

And we are saying:

Audhu bi-llahi mina shaitani rajim
Bismillahir Rahmanir Rahim.

O our Lord, forgive us, forgive Your weak servant, forgive Your Most Beloved Umma, his nation, we are in need (of) Your Blessings and we are asking also a support from (the) beloved ones that they are Awliya, as (with) support from them that we can be able to address to whole people.

And Islam (is) just coming with a message from (the) first time of (the) prophecy of the Seal of Prophets up to (its) end (and) therefore every addressing that (is) coming through (the) most beloved and glorified servant of Allah Sayyidina Muhammad, it is for whole nations of mankind.

And (this is) from his holy teachings to nations that: Allah Almighty, He likes His servants to be in love with His Awliyas, with His Holy Ones. That is a very important pillar in Islam: that Muslims must look after holy ones through the nation of Muhammad sallaLlahu alayhi wa sallam and to be in love with them, to give their love to them and (their) high respects also. That is one of (the) most important pillars that Islam (is) teaching mankind: O mankind! You must look (for) holy ones!

Who are the holy ones?

Once I was passing through Switzerland on my way to Germany and through that country there is a famous monastery on the way... and his name (is St.) Nikolas (von der Flühe). Always (when) I am passing, his spiritual being (is) asking from me to: Come down and visit me! (He is) a holy one; he was feeling a refreshment every time when I am passing through there and coming down and visiting him.

Once I was passing and coming, after visiting, coming down the stairs, I saw a person that he looks like that he must be a priest. I am saluting, (and) he is also greeting me and I am saying: Your holiness (are) looking after this holy place? and he was answering: I am sorry, O Sheikh, I am not a holy one.

Why?

You know why , (he was) saying. And I am saying: What about (the) Pope? And he said to me - I am not lying, insha Allah, I am speaking (the) truth! I am asking: What about (the) Pope, his Holiness?

Never! Never! Because , he was saying, (the) holy one (is the one) inside, that I am on his service here.

And he is signing to me, who is holy or not. I was ashamed to say: What about for me? I was fearing, not to say: You are also like...

O Sheikh, you know something. I know why you are coming here. I (have) never seen a Muslim authority or alim, scholar, or imam, coming and visiting here. Therefore I am understanding that you are not an ordinary one from those people.

I am saying: Allah knows. Why there are not holy ones?

O Sheikh, people that they are official, officiality sending away sincerity, and sincerity, when (it is) leaving a person, he can t be a holy one. One of (the) most important conditions (is) to be sincere, to be a holy one. Whole people, those people, they are all official people and through official people you can t find a holy one.

He was saying this. And I left him and passing and going.
Now we are coming to our speech that it is from heavenly powerful ones, from holy ones. They are saying that (the) first condition of (being) believers (is): they must look and they must try to find a holy one. Because Allah Almighty He loves His servants to love what He is loving them and they are Awliyas.

Secondly, another condition of believers - that now people all of them they left both sides: Muhabbatu-l Awliya, bughdu li-ad i-Llah. Two legs. And now people, second condition that they are saying that it is important for (an) improvement through spirituality, through heavenly levels: (the) first condition (is) to love that Allah loves them, (the) second (is) to make, to be, to hate from those people, that Allah (is) hating them.

I am sorry to say that, as we are saying from (the) heritage of (the) Prophet, just we are on it, that people 100 % through (the) Islamic world, they left them; they left Awliya-ullah, they left (the) holy ones and they (are) just fighting (the) holy ones and saying bad things about themselves. And, secondly, whole people (are) running after hateful ones; they are embracing (them) and Awliyas (are) kicking them out!

First happened this in (the) holy land, Hijaz: They destroyed even Sahabas (tombs) that Allah Almighty (is) happy with them here and

Hereafter and giving His Divinely Pleasement to them (saying): I am pleased with you!

We have an adab in Islam:
That person that he is an honored one and also he is a holy one, even... in our real adab we are not permitted even to touch their cats!

Even cats, no, that belongs... sometime cats (are) coming and (are) sitting on their Sajadah, (their prayer-)carpets, you can't do like this... because (it is) sitting nearby to that holy one! That (is) making (the) holy one unhappy.
How about their followers, or how about Prophet's beloved Sahaba, Companions?

And they are destroying (their tombs)! Allah (is) destroying their kingdoms! And everywhere that people (are) not asking Awliyaullah, holy ones, they should disappear, to be taken away, to be carried away!

I am looking today that TV and there is a program that American or Western technology (is) improving some planes (to fly) without a driver in it, by itself. And they are never be caught and their forms - so ajaib , so wonderful, how they are flying, bombing. And they are saying: Laser bombing. You know that, the last technology. (There is) coming a red laser on anything- uhhh! I am looking, I am trembling. Then Grandsheikh (was) saying to me: O Nazim Effendi, why you are trembling?

Ya Sayyidi, these are huge ones, we have nothing!

We have nothing? We have something! They have nothing, we have something! That (what) we (are) knowing, they are not knowing! Ya

lamuna zahira min hayati dunya. They are knowing something that belongs (to) this world, but we have something (that is) beyond this level of technology, we have something else! Do you remember?

Yes Sir!

That at the end of (the) Second (World) War that French Armies, they are bombarding Sham Sharif? And I showed you that from Mezze (the) French army (was) bombarding Damascus with biggest bombs. Just (one was) arriving to the tomb of Sayyidina Yahya, just coming on it, and just appeared a hand and (it was) taking this bomb and throwing (it) away. I showed you (this), why you are fearing? What is their technology?
That power that Allah Almighty sakhara lahum, (is) giving them a permission to do this, to do that, but they (are) never reaching over Heavens, they are always under Heavens. Whom they have Heavenly Powers, they are up, whom they are not granted, always (they are) down - don't worry!

(These words were) making through my heart a peace. Pleasure and peace. Now I am okay. I am not fearing what they are doing. You, when I am ordering to you: Make your finger like this, all of them (are) falling down!

But people, they are not understanding Islam, not understanding the power of (a) Wali! They (are) never understanding (the) Holy Power that (is) through Awliya, holy ones! And (the) Christian world (is) running and they are saying: We caught, Romans caught Jesus Christ and we are putting him on (the) cross. What about Awliyas of every time? And he was prepared...

That is some secret knowledge that we are speaking on it; you can't

find that through their books or other books. We are not making it more clear; but Jesus Christ, when he had been invited to rise up to Heavens, he was prepared; not even from one kilometer distance, can't be anyone to put one foot towards to him, to catch him! What they are thinking (about) Jesus Christ? Hah? What is that, no mind people! If (he) was using that power, opening, he may burn East and West, when he was ready with Archangel Gibril to take him up! They are understanding nothing!

Allah Almighty!
And I am saying also for Sayyiduna Hussein, radiallahu anhu, alayhi salam, that they are saying (they were) cutting his head. Do you think that he was alone there, (in) Kerbela? 70 Kings of Jinns with their countless armies (were) just surrounding that place! And just the soldiers of Yazid (were) just catching one, but they are not knowing wa lakin shubha lahum... He was not Sayyiduna Hussein!...

He was, Christians (are) saying: Jesus Christ (is the) lamb (of God)! Lamb! What lamb? Ya Shayatin, Sayyiduna Isa was lamb? Sayyiduna Hussein was not a dik , a goose, to be cut their heads!

This is a secret! Time is over now, they should understand, people! Through East and West this (is) not given permission to speak on it anyone, only Grandheikh. Therefore: ...Anna l-quwwata li-Llahi jami an. Sadaqa-Llahu-l Azim. True or not?...

May do Allah Almighty... When Nimrod (was) throwing Sayyidina Ibrahim sallaLlahu alayhi wa sallam - into fire, one ant was running. One person was looking that he is so quickly running: O small creature, to where you are running? Never answering. Then, after a while, he saw that (ant) coming out and coming back: O my

Lords servant, I can't answer you first time, because I was carrying through my mouth water to extinguish the fire of Nimrod!

Sadaq! That ant's answer 100 % it is okay! It was enough to take away, to extinguish (the) fire of Nimrod, that ant, what it is carrying trough its mouth! People (are) never understanding, Hisham Efendi. Yes. Subhanallahi Aliyi-l Azim wa l-quwwata li-Llahi jami an!

And now (not) understanding people what happened in ... that Americans throwing that... what is that country?... Perhaps one month before they are making 40 years or 50 years or 60 years anniversary of that place... Hiroshima!... What happened? Atomic bomb making Hiroshima down - up, up and down. Then they are understanding, what we are saying now: that it was carrying a man-made fly (plane) throwing on Hiroshima that atom (bomb). They are saying: Yes, okay.

But if I am saying that: Allah Almighty just extinguished the fire of Nimrod with an ants mouthful of water, they are saying: Oh! (It) can't be! That can be, and this can t be? What is that?

(The) first munkir , first deniers for Islam, (are) coming through Islam, at the end of the world, now. They are first munkir, deniers and they should be punished! Therefore they are killing each other through themselves. May Allah forgive us. I think that it is enough...

Fatiha, Allah yahfaz...

This professor coming to ask something for understanding - they are making me to speak on behalf of them. If he is not satisfied, I may send him to them...

## The Power of Bismillah and the Glory of `Arafat

(Mawlana Shaykh stands.)

Dastoor ya RijaalAllah, madad! Dastoor ya RijaalAllah, madad! If He is not taking us up, we can't stand up! As-salaamu `alaykum, O our listeners! First of all we are asking forgiveness through this holy night from our Lord, Allah Almighty. One of holiest nights, tonight that pilgrims going to reach Arafat, holy place in Hijaz, to be there. And we are standing up for the honor of this holy night, for glorifying our Lord with endless glorifying, according to possibility. And we are saying as whole pilgrims saying, Allahu akbar, Allahu akbar, la ilaaha illa-Llah! Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!

Endless takbir for the Lord of Heavens and also we are giving our most high respects to our Lord's most beloved, most honored one in His Divine Presence, Sayyidina Muhammad (s). We are asking forgiveness through this holy night and we are saying A`oodhu billahi min ash-Shaytaani 'r-rajeem! O our master, please give your protection that you have been granted. Through the most honored ones we have been granted such a power, to keep and to protect and to shelter everyone living on this planet. (Mawlana Shaykh sits.)

And we are asking, Bismillahi 'r-Rahmaani 'r-Raheem! O Mankind, you must try to learn to say Bismillahi 'r-Rahmaani 'r-Raheem and that giving a real relationship from your physical being to your heavenly spirit

being. Bismillahi ‘r-Rahmaani ‘r-Raheem when you are asking this here, we can’t say this, till our relationship being through heavens saying Bismillahi ‘r-Rahmaani ‘r-Raheem and the Lord of Creation is ordering to most honored one in His Divine Presence to hear and listen and grant what weak servants asking! Therefore, when we are saying Bismillahi ‘r-Rahmaani ‘r-Raheem, that is like an imitated words running through our tongues, and that Holy Names of Allah Almighty can’t be reaching common people’s levels. That must be from heavenly stations coming on master on this planet, and he is receiving according to his level through heavenly levels, because heavenly levels countless also. That reaching to everyone that just created before and also reaching to every new ones that going to come in existence.

Bismillahi ‘r-Rahmaani ‘r-Raheem, that is our real power springs or sources that making Mankind to stand up on this planet. Also our planet taking such a power that we are saying Bismillahi ‘r-Rahmaani ‘r-Raheem. Whole planet also singing and surrounded with beautiful singings of angels, they are saying Bismillahi ‘r-Rahmaani ‘r-Raheem, Bismillahi ‘r-Rahmaani ‘r-Raheem, Bismillahi ‘r-Rahmaani ‘r-Raheem that through smallest time period, this seven times going to be surrounding our planet. If not, our planet can’t move or going to be a dead one, as scientists they are running to understand something about Mars and looking only at rocks nothing else, because planets saying Bismillahi ‘r-Rahmaani ‘r-Raheem just finished! When finishing, it is going to be like a dead planet running through space.

Now our planet is a living planet and which thing making our planet to be alive? Allah Almighty’s holy Name that living people saying, Bismillahi ‘r-Rahmaani ‘r-Raheem! That power also coming it and making to walk, making our planet to be a living one. Are planets dying? Yes, planets dying also. When? When they are stopping and finishing to say Bismillahi ‘r-Rahmaani ‘r-Raheem. The master of that planet when finishing, that planet going to be dead one. But they are pushed or pulled with some others, some living ones in our solar system. Biggest power centre is Sun, (which has) not only one master, but perhaps 70,000 masters, that one of them on this planet. Seventy-thousand masters must be in charge for Sun; if not, Sun can’t move, can’t give energy, can’t give lights, can’t give colors, can’t give life, finishing! They are in charge.

That is something from heavenly knowledge that coming lowest level and up, and up, and up! There are countless masters surrounding this solar system from outside also, and making that to move in perfect condition; no any nuqsaan, wrong movement, just under such a heavy protection that no one can imagine! Our astronomers looking but not understanding this; the solar system, how moving by itself? Can’t be only

for this planet. Seventy-thousand powerful ones from heavenly beings carrying on for solar system. We can't say any number. And they are running according to holy command of Arsh, the holy command of Allah Almighty, and they never going to be mistaken. To where (running)? Going to unlimited oceans, that you can't find for that Unlimited Oceans any measure or any direction, to say east and west, north or south, front or back, no, no.

Giving their most high glorifying for their Lord, and running. You can't hear a heavy sound through your ears; if you can hear, your ears are not listening, and no more your physical being can carry. That is something beyond our knowledge, and our beings can't reach to first step of them. You can't ask how because if you are asking how, that should be coming to you, another addressing for that holy ones. Keep your understanding! Don't ask something beyond your understanding. Only we can say that as a child inside womb of mums, that baby never knowing anything, only he knows what is around himself, but never understanding anything before coming out and looking.

Therefore, Man also first surrounded as a first level surrounded on this planet, and beyond that surrounding there is another surrounding from one to the second one. You must be born in a different conditions. Every time you are asking to move up, you must be born with another appearance and preparing, another and passing up, coming and this that he passed away. They are going to be through Unseen Unknown Dominions and finishing, coming a new one. Then when you are reaching to everywhere and time is over, and you are asking, your being going up to higher station, and he must be born from that to the second one, third one, and more and more and more; every time you must be born with a new being that never going to be same as your hour of first being!

Allah! Giving way, giving way. Therefore, we are asking, O our master, please grant us something for understanding. And He (Allah) is saying, "O Mankind, beings on this planet! When you are finishing your period to be here, and you are leaving skeleton here, your suitable being on this planet taken up, and through that level you are going to be seen in another personality."

That it is impossible to be known till you are reaching there, now as much as you can say, it is impossible. Therefore, Allah Almighty giving to His most beloved and honored on night journey, to show him some secret beings that Mankind going to get up, showing to him till he was reaching most high level that beyond that no

one knowing, the most high station for our beings is the station of Archangel Gabriel (a). When you are reaching there, you must stop there; if you are passing, you are going to be burned in one of black holes or white holes also, and finishing. Therefore, Archangel Gabriel (a) was saying to the most honoured one (s) that one asking Gabriel (a), “Come with me,” and Gabriel was saying, “I can’t, because my personality or my manifestation reaching up to here. After this, my manifestation stopping and burning and finishing.” Because the lights that the Seal of Prophets (s) getting in, no anyone through Creation able to put one step on it. That is only for one, you can’t find there a second one, no, no.

When reaching the Seal of Prophets (s), other levels finishing and in the Lord’s Divine Presence only One reached, and the Lord of endless Divine Oceans belongs to him. (Asking,) “Who are you?” and only one can speak face-to-face to his Lord, to his Creator. (Asking,) “WHO ARE YOU?” and answer was from that one (s) above this level. Therefore, he (s) is saying, no one there except one, not two! Therefore, when the Seal of Prophets (s) was asked, “Who are you?” his answer was, “You can’t be there two; must be only One!”

May Allah forgive us and give us some understanding that is just surface of Unknown Territories, Unknown Oceans, Unknown Dominions; dominion that just going disappeared. That is Maqamu ‘t-Tawheed, to accept that only one, not a second one, whole for him (s), but he is not that ones, no. May Allah give us a good understanding. O Mankind, you are very important Creation, that you have been created and granted an understanding that even angels can’t reach that understanding! Therefore, O Mankind, keep your honor! Don’t loose your honor. Be deputies of the Lord of Heavens. When you are reaching that point, you should find yourself in Unknown Territories, Unknown Dominion, Unknown Oceans.

Oh, Oh, Ohhhh! We are not going to be a small fish; that it is only in one place through ocean but when real being servant, he knows about himself that he is everywhere with his Lord. May Allah forgive us, and we are asking from Allah Almighty to grant us for the honor of His most honored one’s intercession, through such a holy night to be dressed a good understanding that taking ourselves from Asfala saafileen, most down place, taking us to most high station! And this chance only just granted once to Mankind; don’t think that we are going into be granted once again to be passing through that levels, no, finished! Can’t be able to come back and to step forward; no, it is only once. Therefore, who reaching to his real being through heavenly levels, finished. Whom they are not reaching, they are going to disappear, disappearing and finishing. May Allah grants you through this holy night something for understanding about Allah Almighty’s Generosity and His

Power and His Capacity and His Ability and endless oceans that stand ourselves, to give us an understanding on this planet, and such countless planets through this space!

## The Power of Bismillahi 'r-Rahmaani 'r-Raheem

As-salamu `alaykum wa rahmatullahi wa barakatuh! It is a heavenly order that we must say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Shaytan is the most dangerous enemy for Mankind. All the wrong ways that people are running to are tricks of Shaytan, so don't forget to say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.

Shaytan is most the terrible enemy for Mankind. "O our Lord, how we can defend ourselves?" servants may ask. Before asking, He Almighty is saying, "O My most beloved one, say to them to take My heavenly sword against that Shaytan." What is that? Bismillahi 'r-Rahmaani 'r-Raheem! Yes. There is a most dangerous, terrible enemy; if we are using all nuclear bombs it will never harm Shaytan, no. Because Shaytan is fire and coming on him also fire. He is saying, "Doesn't matter." Really from Mankind, he is worst teacher that is teaching every badness, every evil and criminal, Shaytan is teaching. No material weapons are affecting on him, or harming him, no, no.

Therefore, we have another weapon that is heavenly! We have been granted from our Lord Almighty Allah the sword of bismillahi 'r-Rahmaani 'r-Raheem! Allahu akbar, Allahu akbar! `Azhamat ar-Rabb, the greatness, glory, and majesty of Allah Almighty is bismillahi 'r-Rahmaani 'r-Raheem! SubhaanAllah! What is in it no one knows! Bismillahi 'r-Rahmaani 'r-Raheem. First Allah Almighty created al-Lawh al-Mahfoozh,

the Preserved Tablet, then He created al-Qalam (Pen of Allah) that heavenly pencil and ordering, "O Pen, write on the Preserved Tablet!" and from Allah Almighty's addressing, haybat, glory of Allah, the qalam split and ink was flowing, and it was ready to write.

The holy Pen asked, "O my Lord, what am I going to write?"
"Write, Bismillahi 'r-Rahmaani 'r-Raheem!"

Qalamullah began to write and its bigness even you can't imagine! It wrote, bismillahi 'r-Rahmaani 'r-Raheem. For how long did Qalamullah, which belongs to heavens, write? Seven-hundred years! Nineteen letters, yes? Seven-hundred years everything in it, subhaanAllah wa `aadham al-Mulk, no one knows His Territory's greatness, no one knows! No one knows beginning, no one knows ending! He is Allah Almighty! (Mawlana Shaykh stands.) Subhaan sensin yaa Allah, subhaan sensin yaa Allah. (Mawlana Shaykh sits.)

Therefore, we have been ordered, "O My most beloved, most honored one in My Divine Presence, yaa Habeebi, yaa Muhammad! (Mawlana Shaykh stands and sits.) I am giving to you and your nation for defending themselves to try to say even once, bismillahi 'r-Rahmaani 'r-Raheem!"

But Shaytan is saying, "Don't say," because anytime anyone says, bismillahi 'r-Rahmaani 'r-Raheem, one spear is going in Shaytan's chest or from behind or cutting its head down! Therefore, he is very angry and very anxious for it not to be said by anyone, bismillahi 'r-Rahmaani 'r-Raheem. Say, bismillahi 'r-Rahmaani 'r-Raheem, and you will be in safety!!

O our Salafi `ulamas! Marhaban, marhaban, marhaban! Are you teaching such things to the ummah or you are going like materialistic people, not accepting spirituality and tasawwuf? They are not accepting tariqahs or working on our spirituality to make it easier to understand. But now your "doctors" are saying, bida`, bida`, bida`! We are saying something from Holy Qur'an. Don't say, "You are making it too big." There is no scale for showing the greatness of Qalamullah. Say! Why are you not saying to people? People are thirsty for spirituality because people are just fed up from technologia! Technologia is making people like machines! No sensibilty, never! People, all of them, are going to be materialist. All materialist people going to Jahannum, Hellfire.

Always our Jumu`ah imaams coming on minbar saying, "This group is good, that group is not good." They

are only speaking about materiality, not spirituality. Prophet (s) came to teach us materiality? No. Prophet (s) showed to all nations that without technologia people can live peacefully!!! Now biggest balaa`, cursing coming on people is from technologia. Therefore, when Mahdi (a) comes, first he is going to destroy all materialist things, all technologia! Allahu akbar!!! To destroy he is only saying, Allahu akbar! Nothing is going to remain from technologia; it will be removed.

O People! Come to spirituality! If not coming, you are going to be like material matters, and you will be underground, only dust! O our Lord! Give us, and grant us something from heavenly understanding!

And coming an answer now, "O My weak servant, you are asking to be given to all people a heavenly understanding, but all people are not even looking up. If they are not asking, for what am I giving? Anyone asking, I am giving, but they are not asking! They are asking everything from Shaytan and shaytanic representatives. All trouble here and all hells in the Hereafter are behind Shaytan!”

Why? Why are you refusing holy inabiyal hikmah, springs of wisdom? If anyone speaks (about spirituality), people make fun of them, saying, “What are you doing?" Shaytan is always against spirituality. Therefore, anyone against spiritually is a representative of Shaytan. Therefore, wa yuhadhikumullah, Allah Almighty is warning everyone! Therefore, I am saying there is a group of learned people who are naming themselves "Salafi `ulamas," are they only thirty people, or thirty-thousand people? What about us? These Salafi `ulamas are not knowing that Shari'atullah, that Allah Almighty is Guarantor for His holy books and Holy Qur'an and everything in it? But they are not making Holy Qur'an first and Akhirah, Day of Resurrection second. Holy Qur'an puts first what is your destination, opening ways to people to reach their destination! But people are not believing in their heavenly destinations. If not believing, their levels drop to levels of animals' world. We are not animals, we are Mankind! We have a special being. Our creation is a super creation granted to Mankind!

In the Qur'an-i-Kareem, Allah Almighty is saying to angels, "I am creating new creatures." Here "creating" means their beings are really in Allah Almighty's Power Oceans and Creation Oceans that were hidden. It means Allah Almighty is asking to bring them into existence, and angels are not knowing what it is, because no one knows what is hidden in Allah Almighty's Creation Oceans! He Almighty is saying, "I am sending, creating a new Creation that will be My deputies.” There is no rank over deputies! Deputy means khalifah, or

crown prince. Allah is `azaaliyoon, `abaadiyoon, from pre-Eternal to Eternal; there is no beginning and no end for Him, but He is granting such an honor for that new creation, Mankind. They were created and the Lord of Heavens said, "O My servants! I am creating you and sending you to dunya, beware! You have been created for your Lord. I created you for Me and created the world for you!"

O Salafi `ulamas! Is it not true? Are you saying such things? Are you not reading? Are you not knowing about such things? Why did Allah create Mankind, for dunya or for Himself?

O People! What are you doing? Everything you are doing is for dunya, nothing for your Lord, and Allah Almighty created you for His divinely service! Every Jumu`ah why are you not saying to the Muslim world first and then other nations, "O People! You are never created for dunya, but the Creator, the Lord of Heavens, created you for His divinely service." What are you doing? What is that foolishness? Why are you not taking care? And you know the hadith, ad-deenu naseeha, "Religion is advice!" Where is your naseeha, advice? Every week you are saying something that is not necessary!

And the most important point is:

••••••••• ••••••• •••••••••• ••••••• •••••••••••••• ••••• •••••••• •••••••• •••••••••• •••••• ••••••••••••

wa dhakkir fa inna 'dh-dhikra tanfa`u'l-mumineen, But teach (thy Message), for teaching benefits the Believers. (51:55)

Always insaan, Man, is forgetting, so remind them that they are not created for this world, but for their Creator, Allah Almighty! No greater honor can be imagined for a person than to be in Allah Almighty's service! We have been created for heavenly service, but we are leaving that and running to be servants for dunya, not only servants, but slaves!

O People! As-salaamu `alaykum! This is a heavenly grant for all nations from east and west, from north to south, to know about for what they have been created. First of all, it must be taught to people and their children for what they have been created and Who created them.

May Allah forgive me.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah
Sultan sensin, Sultan sensin.

Yaa Rabbee, send us a heavenly one to collect our hearts on Your love and obedience to You! We are looking for a sultan to come and defeat Shaytan and shaytanic groups from this world. O our Lord! Send us a sultan to raise the flags of Islam, heavenly flags on this planet, and to be under those flags here and to be under the holy flag on the Day of Resurrection, for the honor of Your most honored one in Your Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

Allahumma salli wa sallim `ala Nabiyyina Muhammad `alayhi 's-salaam

(O Allah pray and send peace on our Prophet Muhammad, upon him be peace)
Salaatan tadoomu wahtoohda `ilayh ma marra 'l-layaali wa toola 'd-dawaam
(praises everlasting to which all are guided, as long as the nights and as long as the days)

(Du`a) Fatihah.

## THE POWER OF CERTAINTY versus BOOK-LEARNED KNOWLEDGE

It is impossible for a person to leave evil and to take the right path unless his Lord helps him. Therefore, we must ask help, divine help, for everything. You can't take yourself away from evil if you do not ask for your Lord's help, and you can't put your step on a good way without asking help from your Lord. Therefore, when you are in need of leaving evil, you must ask divine help by saying, "A'udhu bil-Lahi min ash-Shaytannir-Rajim." That makes a protection, a fortress, for you. Any time you feel that Satan is approaching you, you must say, "O my Lord, Satan wants to make me his servant, to make me his follower. O my Lord, keep me away from him" – that sort of a meaning. Even if we say it only with our tongues, it gives benefit, if you say it with your hearts, it is so strong.

When you are asking to put your feet on the right path, you must say "Bismillah irRahman irRahim." In our time, if a person is asking to walk on the right path, one hundred Satans rush at him to catch his feet so that he cannot move them forward, and when you say "Bismilla hir Rahman nir Rahim," it takes them away and gives you power to walk on that straight path. Yes, that is true; "Bismilla hir Rahman nir Rahim"

is so powerful. That is the key to every miraculous power. To the extent that you may be certain of that, if you put your feet on water, you can walk on it. It is only certainty which can achieve that. Everyone knows something, but only a few people have certainty; knowledge may be for everyone but certainty is not.

Hasan al Basri, may Allah bless him, was a famous Imam and during his time there was Habib al Ajami. He was not an Arab: from Persia or from Bukhara, such a person, and he recited the Qur'an as we recite, not as Arabs recite. Habib al Ajami was an illiterate person also.

Once Imam Hasan al Basri came and saw Habib al Ajami praying the Maghrib prayer. When Hasan al Basri heard that that Sheikh was unable to say "Al-hamdu" but pronounced it "Elhemdu", he thought, "His recitation is not correct," and did not pray behind him; he prayed alone. Then Allah Almighty's Hatif ar Rabbani, divine voice, came (Allah Almighty sometimes "phones" some of His beloved people and they listen to what their Lord says) "Apart from that prayer which you did not pray behind Habib, I was going to accept all your prayers," Allah Almighty said through ilham, inspiration, and Hasan al Basri listened. "But you left that prayer. You are still looking at the words, not looking at the heart of the Imam, as to with whom his heart is. I look at the one who is Imam but I do not look at his recitation; I look at his heart. If his heart is with Me, that Imam is all right. If his heart is not with Me but is occupied with making his voice and his recitation beautiful, engaged with that and permitting his heart not be with Me, angels take that prayer to Me, But for the one whose heart is with Me when he prays, I accept his prayers directly without any intermediary".

Therefore, all prayers are of two kinds. One, of that sort of a person who is going to pray and when he says "Allahu Akbar," he casts everything aside and is with his Lord; Allah Almighty directly takes his prayers to his Divine Presence. But for the one who says "Allahu Akbar" and through his prayer, is traveling, selling and buying, going and coming, sleeping and awaking, eating and drinking, running after this and that, angels take his prayer to Allah, But Allah Almighty directly takes the prayers of those who are

with Him. “O Hasan al Basri, I would have accepted all of your prayers for the sake of the prayer that you left because of the way in which it was recited.” And Imam Hasan al Basri wept so much.

Once Imam Hasan al Basri was sitting near the Tigris River in Baghdad, waiting for the boat to come so as to cross over to the other side. Then Habib al Ajami came, saying, “O Ustad, my master, what are you waiting here for?” Hasan al Basri said, “I am waiting for the ferry boat, to cross from one side to the other.” “You are the Imam even so you sitting here waiting for that raft? Come and say ‘Bismillah’ and walk”. Then Habib said “Bismilla hir Rahman nir Rahim” and walked on the Tigris and passed over. It was then that Hasan al Basri cried, “This ‘Ajami, this foreigner, an illiterate person, is crossing the Tigris and I am sitting here!” Yes. Hasan “knew” what the power of “Bismilla hir Rahman nir Rahim” is, but that foreign person had certainty; Hasan didn’t have enough certainty to say “Bismilla hir Rahman nir Rahim” and to step on the water.

Therefore, we are in need of more certainty, more than knowledge. That is important. But in our time people always run after learning so much. What is the benefit? You may learn so much and you forget so much. But certainty never leaves you. Certainty is the seed of knowledge; you can plant it and it grows up.

Once when Habib-al’Ajami was sitting in front of his khaneqah, his takkiyah. Hasan al-Basri came running. Hasan said, “O Habib, hide me, because Hajjaj, the Calipha’s governor, is sending his soldiers to catch me. Hide me!” And Habib said. “Go inside and hide yourself”. Hasan went in and finding a place, hid himself. Then afterwards, soldiers came running, asking Habib, “Have you seen Hasan al-Basri?” “Yes, I saw him inside, He is inside.”

They went in and looked around, looking everywhere, everywhere, even going and peeping on Hasan al Basri’s head. He looked around in fear. Then the soldiers went out, saying to Habib, “Now aren’t you ashamed, telling a lie? Where is he? Hajjaj will

deal with the one who cooperates with Hasan al Basri, and that will be appropriate for you. You said that he was inside, are you not ashamed of lying!" "Inside, I am not lying. He is inside."

Once again they searched; they couldn't find him, then, very angry, the solders went away. Then Hasan al Basri came out. "O Sheikh, what is this? I came to you asking you to help me and you told the soldiers, 'Inside'."

"Yes Hasan, ya Imam najaut min sidq il-kalam – you were saved by my truth I told the truth and Allah protected you because I spoke truthfully. I said, "O my Lord, this Hasan al Basri, Your servant, came to me and said, "Hide me, keep me!" I can't protect him. I entrust him to You, giving him to You as my trust. You Protect him." I only said that and recited Ayat al-Kursi. For that reason the soldiers could not see him even (if they stood just in front of him).

Yes. If Allah Almighty protects His servant, it is all right. Awliya are deputies of our Lord Almighty. If a person runs to a wali and asks for protection, they may protect him, here and hereafter. Those are miracles for the awliya – miracles for anbiya.

We are in need of some certainty. Once again, Hasan al-Basri came to visit that Sheikh. When he arrived, Habib al Ajami, may Allah bless him, brought two loaves of bread, putting them in front of him as a courtesy to his guest. Just as he was beginning to eat, someone who was hungry came and asked for something for the sake of Allah. Then that Sheikh, Habib al-'Ajami, took back the loaves from Hasan al Basri and gave them to that person.

Then the Imam, Hasan al-Basri, said, "O Sheikh, you are a good person, but if you had some more knowledge of the Shari'ah it would have been better for you. You should know a little about the Shari'ah: you are in need of that." He meant to say, "One loaf for me and one for that person, not taking the two and giving them away".

The Sheikh did not say anything. After awhile someone came to the door. The Sheikh

ordered, “See who is there.” A murid went and looked, saying, “A person has brought a tray full of plates.” Then the Sheikh said, “Bring the tray here. Now Imam, eat.”

“You know so much,” the Sheikh said to Hasan al Basri, “but have little certainty. You must try to have more certainty.” Because he had certainty, that Sheikh knew that if he gave this for the sake of Allah, more than this must certainly come. “You were angry with me when I took the two leaves, giving them to that person. Look! If I had not given both of them, this would not have come. I am certain that when I give, Allah Almighty will return it at least tenfold.

Yes. Therefore, certainty gives more benefit to everyone, and we are in need of that. If there is no certainty, knowledge can never give benefit but is only like an ornament to enable people to say: “We are doctors and we are scholars”.

What is certainty? Someone said, “If I put my hand in the mouth of a dragon and my heart is all right, it is never going to be afraid that this dragon will bite my hand, no. I know with certainty that only if my Lord gives the order will it bite. Therefore, without doubt, if I were to put my hand there, I would not be afraid.”

Imam Sha’rani – he is of the people of tawwakul, those who trust in their Lord totally – said, “Once I was traveling and it was near Maghrib time. I saw a dome and walked toward it. When I entered it, I saw that there was a tomb in it, under the dome, in ruins.

“After a short while peasants came running, saying, “O Sheikh, you must not stay here but must come with us. Our village is nearby. This is a terrible place, particularly at night-time. So many snakes, big snakes, come out and if anyone sleeps here, in the morning we find only his bones, nothing else. They eat him; only bones are left. Therefore we are warning you not to sleep here”.

Then Imam Sh’arani, may Allah bless him, said to the peasants, “O my brothers, when you tell me that, I can’t move, I can’t take even one step out of this place. Because when you warned me about those big snakes, my ego was very afraid of them, and I

was so ashamed in front of my Lord because my nafs was so frightened of snakes and not fearing Allah Almighty but fearing snakes. Therefore I am not going with you. I can never accept your invitation. I must sleep here this night; it is better for such a ego that I be eaten by snakes. Therefore, it is impossible that I should leave this place."

Eh! The peasants said. "You know best, Sheikh, you are the Sheikh. We don't know. We are inviting you and we are also warning you about the snakes."

"Yes. Thank you very much. You go and I will be here this night. If, without saying anything about snakes, you had come and invited me officially, "Come with us." It would have been all right, I might have come. But since you say, "There are snakes, there is danger, this is a terrible place," I can't move even one step from here. So go away."

They went, and in the morning they hurried back with shovels to bury shat Sheikh's bones. And they saw that the Sheikh was sitting and making dhikr, and the snakes were, like wooden beams, beside him. When he lay down, they went around him; in that sandy place they made tracks, traveling around and hissing. And he was at rest. Yes; if you know your Lord and trust in Him, He protects you. If you are familiar with your Lord, everything is going to be familiar with you.

That is certainty. Important! And we must try to improve in certainty, not trying to retain so many verses of the Qur'an and so many hadiths; but if we can acquire the secret power in them, that will be certainty for us. Whoever has it, may give it. The one who has something, may give it, if he doesn't have it, how can he give? You ask bread from a person, for example. If he has it, he will give it to you; if not, he cannot give it.

Certainty is with the prophets; their certainty brought Gabriel to them from Heaven. And awliya, also; certainty is with them. You can acquire certainty from those people. All awliya have certainty; you can't find a wali without certainty. Therefore we are

asking our Lord to enable us to find one of them so that we can acquire certainty from them; they give certainty. There are some lamps of only five watts, and some others of one thousand or maybe even ten thousand watts. As much as a person needs, they give, as much as you ask, they give certainty. We are in need of that. May Allah bless you and forgive you, and grant us certainty from His beloved people.

## The power of Divine Love

In their inner life, people are in need, and with their souls they are in contact with my soul, so they come to me. I am doing nothing with my followers. I am only sending Divine Power to them without their knowing, which works through their personalities without harming them. The benefit of a Master is that he takes away bad characteristics in order to give good attributes to people. It needs a gardener to look after fruit trees and make them perfect.

Masters give perfection to Murids. To be like the Master is the perfection of a Murid. As much as you imitate your Master, following him step by step, you are going to be on the same level, but you are an imitation of him. I am making Murids follow me through their hearts, with love. I am not using force, but the power of Love.

## The Power of Love

(Sheikh Nazim led the assembly in calling on the Holy Name of Allah - ya Wadud – a Divine Name signifying God's all embracing Love)

There is nothing in all creation that the Creator, Allah Almighty, hates. Indeed it is impossible to be hated by Allah and to be in existence; one absolutely precludes the other. All creation appeared through His Divine Love. He loved them and they appeared; therefore everything in existence carries its share of Divine Love in it. When I say "everything", I mean everything from atoms and their parts – the very building- blocks of the universe – up to mankind. Yes, everything, even the smallest particles of matter, carry that Divine gift. As you know, the electrons of atoms revolve around the nuclei, and at enormous velocity. Someone told me that the famous scientist Albert Einstein once declared; "I have come to understand so much, but what I have never been able to fathom is what power gives the electrons the energy to orbit nuclei at such a speed. From where does such power come to them?"

We believe, and furthermore, have been granted certainty in our belief, that everything in existence has life, is living. For the sake of everyday reckoning we classify certain things, such as rocks, as inanimate objects, and recognise life only in plants, animals and human beings. But we believe that beyond these outward distinctions everything has life. Therefore, atoms, and their electrons that turn around the nuclei with such

speed as to baffle even the renowned Mr Einstein, are, in reality, alive. They are alive with the Divine Love Power that their Lord has granted them. That's what makes them spin at the speed of light. It is for those who have access to a realm of knowledge beyond science to say with certainty, that it is Allah Almighty, the Lord of the universe, who through His Holy Name "Al Wadud" ( the All-loving ) gives His Divine Love to everything in the universe. Those electrons, drunken with Divine Love, spin at such velocity around the nuclei. That is how the influence of Divine Love is manifested by them.

Science can neither prove nor deny this explanation, as this phenomenon is beyond their realm, and they cannot as much as offer a theory. But our hearts may be content with this explanation, as each and every one of us may try it himself within himself; for we all have the power of that Divine Love in our hearts ready to be contacted.

There is no one word in western languages that gives the full meaning of "Al Wadud". And even explanations don't do it justice, even though the west claims its knowledge to be superior and looks down disdainfully on every religious experience. And this Holy Name, the meaning of which cannot even be adequately expressed in advanced western languages, is the most suitable "Dhikr", the most suitable of all the Divine Names to repeat and meditate upon for people who see themselves as superior beings and as being above normal standards.

"Love," it is certainly not a concept that western culture is unfamiliar with, and undoubtedly most people lay claim to loving and being loved, to knowing the meaning of love, and to it being an important aspect of their lives, indeed the most important. But the love we refer to in connection with the Divine Name "al Wadud" is not the physical transitory love that is rapidly becoming the only meaning of love applicable to modern man; the love that one may find in the zoo. If you can't imagine a love other that what is on the level of animals, then you belong in the zoo. There is a real love, never changing, never dying love, and then there is temporary animal love. Both are in man through the wisdom of the Creator, but the permanent Love is the love given to man through the Divine Name "Al Wadud". To realise that love is the challenge and fulfilment of human existence - to come in contact with those love oceans, for He has given His Divine Love to His most honoured representatives in creation, mankind.

You may love a young lady for her youth, and when that youth departs you love her no more. That is false

love. Sometimes we may have both kinds of love simultaneously, but usually the physical overpowers the spiritual, so that it is never allowed to appear. But to reach the ultimate goal of human life we are in need of permanent love, and it is only the Lord of the universe who can grant it. Therefore, when we say “Ya Wadud” we are opening ourselves up to that Divine Love, asking our Lord to awaken that Love that knows no limitation, that is eternal and extends to all creation.

I have been ordered to teach and advise people to call on our Lord, saying “Ya Wadud”, as this will enable the sincere to attain real love of their Lord Almighty and to love everything around themselves. We must learn to love everything for the sake of the Love the Creator has for all His creation. And we are in utmost need to pray for such love, as, although it is the essence of all success in the way of spiritual purification, it has become almost extinct in our times. Therefore, suffering, disturbances, struggle, crises and chaos are continually on the rise.

What passes for human love nowadays is indeed a very far cry from real human love. Mostly people cling to it for two or three months then throw it away. You are saying “Oh my goddess”, and she is saying “Oh my god”, but look in again on them two or three months later and see what is left of that “true devotion” and “deep emotion.” That is the greatest cause of wretchedness in our times. For this reason I don’t refer to this century as a civilised one. Rather, the twentieth century is witnessing the destruction of civilisation, and every minute violence and misery are increasing. A society may be termed “civilised” when it provides the surrounding in which people may easily reach to the point of extending their permanent love to everyone. One shouldn’t be so proud of being a part of “Twentieth Century Civilisation”, for I really don’t consider such a violent and sick society to be civilised, and when I come here (London) I feel my hair standing on end from what I see. Such wildness! No familiarity! Everyone looking so suspiciously to each other!

Because of this acute situation in our times we must, first and foremost, seek to awaken permanent love. Practices, prayers and rules are of no use in this time without love. For people whose hearts have not regained contact with such love, the ego easily attaches itself to practices and uses them as a means to pin empty titles onto itself. Leave every practice that serves your vanity and strive for permanent love.

Where shall we start? Every person has a circle of friends, relations, acquaintances. Starting from those closest to us: wives and husbands, parents and children, brothers and sisters, we must be generous in giving

of our permanent love. How can we consider a person who cannot make peace with those nearest to him as civilised? If we could approach the level of permanent love that befits us, the world's courts would have to be closed down from a lack of suits: no complaining, no divorce, no wretchedness, no struggle.

Giving of our permanent love is the most important practice for our time. No one can say "I am not in need of practising it" - neither the speaker nor the listeners. Don't tell me that so-and–so is on such-and-such a level when he is tight-fisted with permanent love, withholding it even from those with whom he is most intimate.

The lower self of man, the selfish ego, never wants to give permanent love except to himself. I don't believe that such petty self love is all we have been created for. I believe that we have been created to love all creation. Man represents his Lord on earth and has the greatest reservoir of Divine Love within him; he can be a great means of expression for that Divine Love in this world. Indeed a fountain of love that every creature may drink from.

## The Power of Our Heavenly Greeting

(Sultan stands.)
Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! This is a holy month and takbeer gives us much more power, love, understanding and lights. Therefore, you may say as much as possible, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!

We are giving our most high honor, praise and glory to our Lord's deputy from pre-Eternal up to Eternal, Sayyidina Muhammad (s). He was granted such glory and praising, no one can know it. Give more respect and salutes for the most honored one in the Divine Presence, Sayyidina Muhammad (s). (Sultan sits.)

We are asking now for a heavenly support for addressing you and all Mankind, from the east to the west. I am nothing but they may grant a person who may only say, "I am nothing." If anyone is saying, "I am something," he will never be granted or given or enlightened. Therefore, we must look to that one who is respected from the heavens and he is also a deputy of the heavens. This globe or this earth, is so, so small... Huuu... a creation. It is so small from our Lords' creations and the Lord has countless creations through countless dominions and countless oceans through dominions. It is impossible to know the beginning of our Lord's Creation. You may ask to give a description about our Lords' creatures but it is impossible to know the

beginning or ending because everything that belongs to our Lord is unlimited. Everything that belongs to creatures is in limits. Even if oceans are granted to creatures, they are in limits. Unlimited Oceans belong to One Divine existence for which you can't find a beginning or an ending.

This world is going to be nothing but because we are creatures, in our sight, it is something. In the sight of heavenly beings it is nothing. Creation is like a river that is running but no one may see or know or understand from where it is coming or to where it is going. We are asking our master who is responsible for every happening on this planet, As-salaamu `alaykum, Ya man huwa mas'ool (the one responsible). We are only such an atom or less on this planet. The Creator knows the real purpose or reality of the planet coming into existence, because nothing is going to be without a meaning, or without a wisdom it can't be; everything must have some meaning. First of all, all creatures coming into existence must glorify their Creator, the Lord of Heavens. No one can be without glorifying and they must glorify!

That is coming in existence for every being on this planet or through this space. Space is not as empty as people are thinking. If empty, what does it mean? Empty, what is that? Something or nothing? If you say nothing, everything in it is nothing. If you say something, everything must be something. Everything must be for some reason or for some wisdom. It is just created for that purpose. Don't think that you are here now, ten or twenty people. All of us are (part of) Mankind, but the wisdom of your creation is not same as His Creation and wisdom for coming into existence. He is Allah, jalla jalaaluhu. SubhanAllah, Sultaan Allah. SubhaanAllah, Sultaan Allah. Endless glory and majesty and might for You, O our Lord.

Everything is making glorification and each one's glorifying is different from another. For example, water is from two atoms of hydrogen and one atom of oxygen. That is one atom, that is another atom; two atoms. Why are they not coming to be one? What is the reason? Hydrogen atoms, why they are not coming together as atoms? One is hydrogen and another is hydrogen, so why not coming to be a mass? Because you, Mankind, you are a man, and that is another man, but you are representing the Lord of Heavens, from His endless Power Oceans, representing one and that one, another. Therefore, atoms are same but their wisdoms are different. If same, they must come to everything and you should see a big gigantic being and you may ask, "What is this?" It is hydrogen, but not in such a way for all to be one. The Creator created every atom to be a witness for it's Lord. Your glorifying is different from that one's glorifying; even hydrogen, but their glorifying is just different.

O People! As-salaamu `alaykum. Give your minds for understanding. I am not a person that is speaking from my mindly production. Something, some grants from heavens making me to address you, to tell you, "Beware, don't run away! Beware not to be a person who is not thinking!" When the Day of Resurrection comes, people come in the Divine Presence, and Allah Almighty will order the angels to ask everyone from Mankind the first question:

"What did you learn?"
"Eh, I learned to drive cars..."
Hmm...once again.
"Yes sir, I learned to keep dogs."
"Hah, dogs? Which kind of dogs?"
"O my Lord's angels, they were a kind of dog people we were calling 'Churchill'."
"Churchill?"
"Yes, this one?"

That is not what the Lord of Heavens is going to ask His servants. The angels will question, "What did you learn? How many years you lived?"
"Eighty years."
"How long you lived?"
"Forty years."
"What did you learn?"

Don't say that I learned only to eat and to drink and to run after my hobby for this life. They will ask you, "What did you learn?" Are you never thinking who you are, how you are you, or what is your identity? Don't say 'my identity was a donkey or a dog or a horse.' No! They will ask you, "Who are you? What is your identity?"

O People! Now in all countries there are thousands of schools, universities, academies and more. I never heard them teaching students and asking them, "Who are you?" Anyone knowing a doctor or a professor asking such a question to his students now. And I never heard that if that student is not answering, then that

professor may say his identity: "O student, O guy, O young one, do you know who are you?" No answer. How are these people living through the 21st century. Never taking any interest to teach students, "O our students, you have been created as deputies of the Lord of Heavens and that is your identity." If you are asking a donkey, "Who are you?" the donkey may say, "I am a donkey," as he knows he is a donkey. If you are asking a man, "Who are you?" he may say, "I am a man." But, I am asking, "What is your identity and for what purpose are you in existence? Who is bringing you into existence? What is He saying about you? No, why are you not learning?"

O Professors, O Learned Ones! Why you are not teaching that Mankind on this planet was created only to be the successors of prophets and the servants of the Lord of Heavens? Why are you not teaching this everywhere? You are teaching "Darwin-Marwin". What is that foolishness? Say it! If you are not, you are carrying a big responsibility because you are claiming you know everything; because you are researchers. Why not make research on Mankind? You are even making research on the pig flu and trying to understand its identity. The whole world is running after that virus to know its identity. From where is it coming, what is that one or who is that one. Why are you not asking billions of people what their identity is?

But people, even religious ones are drunk in our days. They may be Christian, Muslim, Jewish or Buddhist but they are drunk ones. They are not researching on Who it is bringing them into existence. Why are they not making research on this, but instead are running after a virus to know where it is coming from, or how it is coming into existence. What is it's purpose? How it is going to be pig flu? And before that, they were saying there was chicken flu. What is the difference between this virus and that virus? They are trying to know something, but never reaching to know something about the virus. Leave that and look after yourself. Who are you? Who is giving you your identity? Who is giving to you that appearance and being? Who is that One? Why they are not making a research on it? They are making research on everything except themselves because Shaytan is never giving permission. "Don't look at yourself, don't ask about your identity, but try to know who is around yourself." What is that?

O People! As-salaamu `alaykum once again. This salaam protects you here and Hereafter because salaam is from the Lord of Heavens. One holy name of our Creator is as-Salaam. When you are saying as-salaamu `alaykum and another one is saying wa ` alaykum salaam, no virus can touch you. That is an armor granted from the heavens to all of Mankind. Say as-salaamu `alaykum and you should be in safety, protected and

sheltered from everything around yourself. That salaam makes for you a fort here, and after you are passing from this life you should be in it on safety. No need to make this vaccination! I am sorry that Muslims are believing and fearing from a virus, and running to take vaccinations. For what, O our learned people? How you are knowing your Lord? Why Allah Almighty ordered people, as-salaam qabl al-kalaam (say salaam before speaking)? You must say as-salaamu `alaykum for safety on you here and Hereafter.

Why are they? "Because, O Shaykh, their doctors are not understanding such things." I am asking, what they are fearing may come on their heads and take them away! As-salaamu `alaykum! It is one of the biggest grants from the Lord to believers. When you are saying as-salaamu `alaykum a Divine protection is coming on you. Say it, O my Listeners, Muslims. You are Muslims! Use it! Believe and do! You should be in safety. That is the meaning. Not to say good morning, bonjour, binsoui, guneydin, tunaydin, no! They never protecting you but when you are saying as-salaamu `alaykum, it gives you full protection here and Hereafter.

Allahu akbar, Allahu akbar, Allahu akbar. It is such a big grant from Allah Almighty to ourselves to say as-salaamu `alaykum. It takes away every heaviness, badness or harm when you are saying as-salaamu `alaykum. Wa `alaykum as-salaam wa rahmatullahi wa barakaatuh.

Allah, Allah, Allah, Allah.

This is the second period of ignorance. Once before when the Seal of Prophets, Sayyidina Muhammad (s), came, people were through darkness of ignorance and now once again another period of ignorance is coming. Everywhere there are hundreds and thousands of schools, high schools, universities, academies and more but people are ignorant because they are not teaching their Lord's identity, or their Lord's Divine attributes. That must be first. I am swearing at those people who are saying, "We are Muslims." Allah granted them power and they are not teaching Muslim children about their Creator. I am nothing. I am not asking anything from you. O Sultan, Mulook and Emperors, I am not asking. It is enough for me, my Lord's heavenly support on this planet and your ignorance under my feet and also Shaytan's sultanate under my feet! Say! Don't fear! May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Dome, dome, dome dome 12x

Fatihah.

(42 minutes)

O People! Try to learn, because we are here today and tomorrow we will be taken to an unknown territory. We are on this planet now. We are knowing something but tomorrow you must know that you are going to be taken to Unknown Territories. Try to do something and understand how you should be. A welcome tomorrow, welcoming you with good wishings, grants of the Lord. Or some angels carrying you away to a darkness, dark worlds, to Unknown Territories and you never coming back to see lights. You lose lights in this world now, and when you are closing your eyes, never opening and seeing a light or lightening.

Tawbah yae Rabbee. Forgive us, O our Lord! And bless ourselves for the honor of the most honored one through Your Divine Presence, Sayyidina Muhammad (s).

(45 minutes)

Tamaam! Alhamdulillah yaa Rabbee, shukr yaa Rabbee, shukr.

## The Power of Real Faith When No One But Allah is Watching

Our Grandsheikh is explaining to us what the power of real faith is and how strong it may be. He said that the power of real faith is such a power that would enable a man to be stranded alone on a desert island for forty days with a very beautiful girl without any indecent thought entering his heart in relation to that girl the power of real faith would bar him from even considering a for-bidden act with her. The presence or absence of purity of heart will become evident in such a trial. One may ask if such purity is within the capacity of the human being; purity that would prevent the normal animal urges from even entering the mind of a man alone with an attractive woman for such a long period of time. The answer to this question is, of course, yes: what if that girl was your daughter or sister, would it not then be natu-ral for even any normal man to be free of lustful intentions concerning that girl? For a man of real faith, that female stranger is no different than his daughter or sister, his heart is spotlessly clean.

You may ask yourself how you would stand up to the following trial: You are walking down the street of your hometown, along a dark alley, in the middle of the night, when suddenly a door opens and a very beautiful lady calls you to come inside; it is twelve o'clock midnight, and nobody is watch-ing what you will do. What is your ego going to lead you into? Will you fear Allah and leave her, or will you be pushed by your ego into doing a dirty action? If you can keep yourself in such a moment as this, then you may know that you are a real

believer in your Lord; for in such a situa-tion you would believe that no one is looking except your Lord, and your fear would be of Him alone, thus making that action acceptable in the Divine Presence.

We vowed on the Day of Promises (the day be-fore our creation when all the souls were taken in front of their Lord, and asked to recognise their Creator and promise their loyalty unto Him) to keep our faith in this manner; not to behave any differently whether there would be witnesses looking on or not. Now, here, in the presence of so many people, if a lovely lady were to walk in, you wouldn't look you'd be ashamed to look; but if no one else were here, would there be any change in your behaviour? If so, then you haven't yet attained to real faith. A real believer is always with his Lord, always aware of his Lord's Presence with him but it is not easy to reach this level. One may, however, more easily control oneself if one has a guide, and feels his presence alongside him, guiding him, not going away. When a person says, "This is my guide," then he believes that that person has the power to be with him all the time; if you can feel your Murshid with you always, it will give you power so that you will be able to feel your Lord's Presence with you. In this way Tariqats are leading people to real faith May Allah Al-mighty grant us that real faith, too!

## The Power of Nisf Sha`ban

Suhbah after Jumu`ah

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Allahu Akbar, Allahu Akbar, Allahu Akbar, wa lillahi ‘l hamd! Yaa Rabbee, yaa Allah! zidhu yaa Rabbee! A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

Madad, yaa Sultaan al-Awliya. Madad yaa RijalAllah. Yaa Rabbana w`afuw `anna w ’aghfir lanaa w ’arhamna w ’ansurna `ala ’l-qawmi’l-kaafireen, wa azhar Sayyidina al-Mahdi, ajaban-Allah, bi-jaahi nabiyyika wa`fu `anna w ’aghfir lanaa wa tub `alayna tubna wa raja'na.

O Our Attenders from east to west! A time is coming that all nations will run to hear a heavenly declaration, and therefore we are saying, “O People! Enough that you are drunk! Try to come, listen, and know." We must try to know. We are coming here and it is not suda, waste, not like we are leaves that are at times on trees and after a while fall to Earth and another time going to be past. We must know about ourselves: for what purpose and how we are here for a while and then we will disappear. Allah Almighty sends hundreds or thousands of chosen ones, those who have a relationship from Earth to Heavens, Malakoot, who inform and warn people as they know something about Mankind and everything around them.

And we are saying, “a`oodhu billahi min ash-Shaytani 'r-rajeem.” Always we must say, "O our Lord! We are running to You from Shaytan!" because Shaytan is running to make people not believe what prophets bring from Heavens. Prophets call, "O People! Come and believe," but Shaytan runs after people, saying, "Don't believe." Astaghfirullah..

People say, “This is like fairy tales from old times with no reality, so don't believe in them, just run after whatever your physical beings enjoy and don't think about anything else." Shaytan is using different names through which there is the same poison to make our understanding zero. Now entire nations are drunk, as Sayyidina `Ali (r) said, “People are sleeping and never awaken until death comes to them, then they are awake, asking what happened.”

Allah Almighty sends angels to them by the holy command of Heavens, who say, “O People! Don't ask what is happening as you were warned about it throughout your life, and you said it is a fairy tale from old times. Now time is over and we are taking your souls to your Maker, because this is not your true destination from where you originally came. We are taking you to that place.”

O People! We are reaching so near our destinations, about which the Seal of Prophets (s) informed us. The Day of Resurrection is so near and coming to you, so beware! Now we are living so much closer to the Last Day that the trumpet will soon be blown. Before, there were so many things you never believed, but now you see heavenly events as told to us by the prophets, now coming one after one.

Dastoor, yaa Sayyidi. Today is the 14th of Shabaan. It is a holy month, and the night of 15th of this holy month is going to be the most important night of the year, after the Night of Power. Maybe that, maybe this (is more important); only He knows! Prophets taught us about the Night of Bara`ah, when everyone’s destiny for the coming year is decided and written, what will happen to them individually and collectively.

Tonight is the beginning of the heavenly New Year, which begins on the Night of Bara`ah. Our fate is going to be written individually and commonly on the Preserved Tablet: who is coming to life and who is leaving this life for the Next Life. Names are written of those who will come to dunya, and their time in dunya is decided--forty years, thirty years, fifty years, ninety years, seventy years--and it is written for each person, and everything about his personal life. That will never change: who will come, who will die, what they will do, and

what will be for them in this world, both individually and commonly.

Now we are in the last part of the life of Mankind, through the 15th Islamic century running into the 16th century. According to our intentions, according to our work and actions, tonight we may change (what is written, because after that there will be) no changing.

People on Earth are of two kinds: some are in the positive groups and others are in the negative groups. The positive groups are believers running after good deeds, towards their Lord and towards the creatures of the Creator. They are useful ones. The other group, the negative people, never think about the approach of the Last Days and they only make trouble for people, killing them, causing suffering. One group is trying to help people, asking to make them happy. The second group, the negative ones, is always giving trouble and that makes them happy! Tonight the deeds of all people will be written to be either on the right hand (goodness) or on the left hand (sins).

O People! According to Prophet (s), tonight it is such an important night, so keep yourself with your Lord in a good condition, so you may reach your Lord's mercy, so you will be happy here and Hereafter. This is the first night, and tomorrow will be the first day of a new year for the whole world. It is not a Hijri year or Western-calendar year; it belongs to Heavens.

O People! Keep your physical being and your hearts clean for a new beginning. I fear that the bad actions of people and their worst intentions may carry them suddenly to a heavenly punishment. They may cause a heavenly revenge to come on them if they do not say, “O our Lord! You created us and we did so many wrong things, and You are the Only One to forgive what we did and to give us such good energy that we may become Your obedient servants!”

O People! This is important for tonight, as this may be the last last holy night for people, as next year the appearance of this world may be changed: it may be that from five people only one will survive and four will pass away! This is a curse, because people are running on Death's way. Therefore, whoever is going on that side may touch every kind of punishment and will stay according to heavenly knowledge. It may be only a handful people remain here. I don't think we are understanding that if a punishment happens on Earth, you would find it as an empty desert with no homes, trees, oceans, rains, and anything that pleases people will be taken away! Who remains, Allah Almighty will open for them another world.

A day will come when your world will be changed beyond recognition and people will ask, “Is this our dunya that we lived in?” It may be changed wholly and only a handful of people will remain who believe and give high respect to their Lord, while the rubbish of others will be swept away.

O People! What Allah Almighty is saying will happen, and I am asking forgiveness for me and for you. I am asking that our intentions will be good ones. May Allah forgive us and send us some leaders who may carry us on a safe way with which Allah will be happy; otherwise, understanding will be taken away.

O People! Today dunya, tomorrow the graveyard! Don't say, “I am rich,” or, “I am the richest one.” It will never give any benefit to you; only good deeds will benefit you with your Lord. Yaa Rabbana!

We are only Your servants. Don't leave us to Shaytan to become his servant! Whoever runs to Allah will be saved and whoever runs after Shaytan will be taken to Hellfire, astaghfirullah!

It is an ocean that we may speak up to next week or next year if given the power, but I am weak and you are weak, also. Ask for Allah Almighty's forgiveness and His endless Mercy Oceans. Ask for the honor of the Seal of Prophets (s), and that we may be saved from badness and from going to a bad destination after death!

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Subhan sen, Sultan sen, yaa Rabb!

You are Sultan! You are Subhaan! You are Rahmaan! O our Lord.

Ighfir lanaa maa madaa fee salif hayatuna! Give us Your forgiveness and send to us Your good people who may save us and change our lifestyles to become followers of Holy Qur’an and Holy Islam, for the honor of Rasoolullah, Sayyidina Muhammad (s)!

Allahuma salli `ala Sayyidina Muhammadin wa `aala alihi wa sahbihi wa sallim. 3x

Fatihah.

## The power of the Sheikh

The Holy Prophet sws used to pray: “Allahumma, la takilni ila nafsi tarfataini...Oh Lord, don’t leave me in the hands of my ego for even the blink of an eye.” If you are with your ego, it cuts you off from others, and then you are alone with the ego. To feel and think that you are alone makes you depressive; it destroys the personality, and you are in a helpless situation. Loneliness is the beginning of difficulties and suffering, physically and spiritually. If you are alone, you are unable to think clearly and realize the needs of other people. And if you are speaking to people, and you are not with your Sheikh, then you are like a blind man throwing stones, unable to reach your target.

Therefore you must ask: “Oh my Sheikh, I am asking to be with you. You are with me, but I am not with you. I will try to be with you.” If these two currents meet, the power will run. The more you are able to concentrate on his being with you, the more power reaches you from his side. If you are wholly with him, then he is in you, and you are your own Sheikh. That is the meaning of being with your Sheikh... His power will surround you as much as you are with him, and then you should reach to unlimited power, because the Sheikh is connected to the Prophet, and the Prophet is in the Divine Presence.

Be with your Sheikh, and you will lose neither power, knowledge, wisdom, patience, nor your life, because everything is with him. You are never alone, not even in deserts or on seas, even if you were the only human

being on earth. You will be most powerful among people; and even if the whole of mankind was coming against you, you wouldn't fear, because you are connected to the real power station. If anyone was to touch you, he would fall down.

The fact that this power exists makes our life easy and safe. There is no need to fear if we concentrate on our Sheikh. But if we forget him, hopelessness and depression, suffering and fear may come to us. Therefore take him with you, wherever you are going. Then he will lead and guide you in everything. Then you will understand what it means to be with the Prophet, to be with Allah. You will experience Fana ... you will vanish, and He will appear in you.

Those are the people about whom the Prophet said: "When you look to them, you look to Allah." If you are with your Sheikh, Shaitan will never conquer your heart. He can't enter because your Sheikh is there with you. May Allah make it easy for us to be with one of His servants who is in the Divine Presence... Fatiha.

## THE POWER OF THE SHEIKH surrounds and ENCOMPASSES THE WHOLE WORLD

Allah Almighty is ordering His servants to follow the steps of His friends, and to be with them. Therefore we should be like neighbours to blessed people with our physical body. Then we may be closer through our hearts.

If a pipe does not connect to a tap there will be no water from the tap. Spring water may reach to you through pipes. You must have pipes so that the tap can give water. Likewise all the Prophets, and Seyyidina Mohammed (sal) are carrying heavenly streams and mercy to our hearts. Therefore we must always keep connection to their Holy and pure hearts, in order to recieve wisdom from heavens. You may up reach to them and drink from their grand mercy streams.

Without the saints ( Awliya ), it is not possible to reach to this. You simply cannot reach to it. Allah Almighty made the Awliya to be His mercy springs. The one who reaches to them is going to be alive and to be a real living person. Those who is reach to Awliya, will reach to ever lasting life. How can we reach to Allah? This is so difficult. But to reach to His representative, is to be with Allah.

If a person does not reach to the Awliya, it is difficult to reach to blessings. There are common blessings which reach everyone, to even unbelievers, if not they wouldn't exist. But if you want to get much closer, you need another kind of blessing. The person who is heedless looses his expensive life and wastes his precious time. As for an authorized person, it is not important for him outwardly, but in reality, he is always with his Sheikh. He has a kind of telephone to his Sheikh, to see what news he may benefit from. This has nothing to do with our own will, but it is the will of the Sheikh, who is taking from the presence of the Holy Prophet Muhammad (sal). The Sheikh is always with the presence of the Prophet Muhammad (sal) whose reality is always with Allah (without there being any direction or place for this).

The servant who is asking to reach to the Divine Presence of Allah Almighty, of the Prophet Muhammad (sal) and of the Sheikh, must always keep his observation (Muraqaba - means attentive observation, or watchfulness ), on the Sheikh. You should always observe your sheikh, as he is always looking after you. He never leaves you. To observe means to know, that the sheikh is always with you, and that he is always watching you. The Murid is never alone.

Say, "Ya Allah," "Don't leave me alone with my ego." When the Murid is not with his Sheikh, he will be with his ego, and with shaitan, and the ego has millions of tricks to play on you. When the Murid keeps observation of the Sheikh (for one minute, a while, or as much as he can do), the sheikh will be with him, and in every situation, he will support him. The observation brings the support (Medad). If you are cutting off, then the Sheikh's support cuts off.

He supports the one who is walking on the way to Allah (as a car fills up its tank at a petrol station, before moving on). A real authorized person, has such a station to make you to reach to Allah Almighty. He is also taking from the presence of his Sheikh, who is taking from the presence of the Holy Prophet Muhammad (sal), who receives from the presence of Allah Almighty. If you cut this connection off, you will be left alone, and be like a tape recorder with finished batteries. Instead if you have support through a

cable, it will never cut off, or become less. Always it will continue and go on.

For how long do you want to stay with your ego? To observe the Sheikh is one of the most important things, so that you can always be with the Sheikh, and so that you may be able reach to the presence of the Holy Prophet Muhammad (sal). Then you will be able to observe the Prophet Muhammad (sal), and you may see that the eye of the Prophet Muhammad (sal) is looking at you, and that you come to know the meaning of the Quranic verse, which says that the Holy Prophet (sal) is among you. He is not absent. If there is no observation (Muraqaba), you will never see or feel anything.

Muraqaba makes the servant to hear things from the Sheikh, and he will see and watch events and things also. Then you may see the Reality of the Sheikh, whose power is surrounding the whole world (if he is a true one!). There are no borders. No. Not if the responsibility has been given to him, officially, by the Holy Prophet (sal). His power is always present, in every place, on the land and in the Oceans. Wherever you go he is present.

When you have a good connection, at first you will hear, (like a kind of Divine telephone to the Sheikh) and he will show you the way by what he tells you. After this, when the Murid becomes higher in his Maqam (station), he will begin to see also the Sheikh who is directing him with words. This is the highest level (from the Muraqaba of the Murid), until he climbs up to the observation of the Holy Prophet Muhammad (sal), whom he will first hear, until he gets higher and then, he will see the Prophet Muhammad (sal).

Of this state the greatest of the Holy ones used to say, “If we are not looking at the Holy Prophet Muhammad (sal) even for the blink of an eye, and if he is cut off from being directly in front of us, we would not count ourselves as being Muslims anymore.” This is because if a man is with his ego he is not a believer (no Iman). Until he is with Allah Almighty, the Holy Prophet Muhammad (sal) and the other Prophets, he will be cut off, and there will be nothing else to serve accept his ego. He would have made himself to be a servant of his ego until they will say of him. “Did you see the one who made his

own ego to be his God " (Al Quran). This person will no longer separate between what is allowed or forbidden. He will say, "I am free, and that which I want to do, I will do."

Therefore, the observation of the Sheikh, by the Murid, is the most important thing, for his improvement on the way and if not, his diesel or petrol will finish, and he will stand on the way without moving. When he insists that he doesn't want to think about his Sheikh, he will be left there.

These are some sensitive points which Shaitan and his supporters have interfered with, to cheat the ones who are on the way. They say that it is making partners with Allah (shirk) when one observes the Sheikh. It cannot be and is not shirk or unbelief (kufar). It is only that these people have no understanding about how to obtain a 'true state'. Muraqaba is for one on the way, and it is to be done always, until he reaches to the Divine Presence. Then he will be from one of those who have reached, and there will be nothing left in him of the worries of the world or of the hereafter. He will be in permanency.

This is a very precise and heavy lecture, and no one else in this time from the authorized people may speak about this, except our Grandsheik's representative. Tariqat is to have adab ( good manners), and is for guiding people to the highest level of adab. Becoming a true Murid, means being an accepted one, in the Prophet Muhammad's (sal) presence, and in the Divine Presence. "O Allah, give Your most Beloved servant more Majesty and Honour." Who does not making zikr has no lights, and the person who has no lights is blind. So the veils cannot be taken away.

## The Power Of The Spirit

As-Salam Alaikum ayyuhal hadhirun; our attending jama'at, our people, Muslims, who seek the acceptance of Allah Almighty. We may receive spiritual power. Marhaban. May your day be good, be blessed, be honoured. May your work go well. We should greet each other with Salam. As-Salam alaikum O believing servants of Allah. Our way is through Sohbat. And the meaning of Sohbat is advice; to inform what is beneficial and to say what is not beneficial. First of all, whatever our Prophet, Sultanu-l Anbiya (sas) said we follow his way. Our Prophet (sas) said... May Allah's Salatu Salam be upon him. The Pride of the Creation; who all the creation takes pride in, who all the creation praises, our Master who is Allah's Beloved. Sayyidi l-Awwalin wa-l Akhirin; the Master of the past and present ones, Allah's Beloved, Hz. Muhammad Mustafa ra Salawat. These morning sohbats are a beginning to give people a power; a spiritual power.
We may say first, upon the teaching of our Prophet: Bismillahi r-Rahmani r-Rahim. He (sas) says "Recite the Bismillah". And we are reciting it with the highest respect: Bismillahi r-Rahmani r-Rahim. Heavens and earths stand with the power of Bismillahi r-Rahmani r-Rahim. What are you? Man or animal? If you are man, you must learn. The Prophet (sas) says "If a day does not start with the Bismillah, fa huwa abtar, it is cut off". It is trash, or as an illustration it is like food that went bad. When you eat the food that went bad, it doesn't give you benefit but you get sick. Clean, where does cleanliness come from? It comes from spirituality. Man is honoured through his spirituality. Animals also have a life but they don't have the Ruh (spirit). Ruh is a grant of Allah Almighty to mankind. Man's Ruh is different, animal's life is different. Man's Ruh is filled with Qudrah, filled with power. Animals don't need this, animals are in service. They should serve. Who do they serve? They serve mankind. Animals don't have a service for themselves. Animals are created to serve Man. They are our servants. But Man is not in the service of

animals. Or we are not created for the service of dunya.
Asta'idhu Billah "Wa Ma Khalaqtu l-Jinna Wa l-Insa Illa Liya`buduni" (51:56). O Man! Hear and keep this way! Almighty Bari Allahu Dhul Jalal says that He (swt) created you: "And I created not the jinn and humans except that they should worship Me". O hojas, O scholars, O who claim to be hojas and scholars! Listen! You continuously read the Holy Quran. Don't you ever read this Verse? Allah Almighty says "I, Azim-ush-Shan, created men and jinn, only so that they worship Me. Because My servanthood is honour for them. I am not in need of their servanthood but there is honour for them if they worship Me. I am Azim-ush-Shan, I am Allahu Dhul Jalal. I am the Rabbul 'Izza. I am the Owner and the Master of Heavens and earths". Only Allah Almighty has the right to say "I am", you can't say "I am". Say "I am a servant of Allah", don't go around saying "I am me", then you will look human in appearance but be an animal inside. In appearance, he looks like a man. What is his sirah (secret)? Meaning, what is his way? His way, the way of today's people is being animals, is the way of animals. Honour belongs to Man. Where does this honour come from? The Lord of Heavens, Who created us, and when we do His servanthood, when we show the highest respect for Him and for His Orders, then there is honour for us.
We are not busy with eating grass and straw continuously like the four-legged level. This is not our occupation. "Wa Ma Min Dabbatin Fi l-'Ardi Illa `Ala Lalhi Rizquha" (11:6). There is provision for every living creation on earth. I grant the provision. What you call the smallest creature... What is it called which is smaller than microbe? Virus, even smaller than that. Since it is in existence it also has its share (from the provision). It will also receive its share. "Wa Ma Min Dabbati". What mankind sees as the smallest living creation is virus. Virus also has its food, its provision and its mission. There are the viruses for good and also the viruses that cause diseases. So Man's honour is with knowing and accepting his Lord. "I created you for My servanthood. I did not create you for dunya but for you to make My servanthood. If you don't listen, you get crushed. You don't have any goodness. It is impossible for a person who doesn't respect Me to ever find any goodness.
"Wa Ma Khalaqtu l-Jinna Wa l-Insa Illa Liya`buduni. I created men and jinn for My servanthood, so that they glorify Me. I granted them life, I granted them My blessings". But we don't teach this. We don't teach. What level do we become when we don't teach? The level that

doesn't learn is the level of animals. What is the beginning of learning? Say: Bismillahi r-Rahmani r-Rahim. This is its beginning. The first step of knowing the Lord is, you say Bismillahi r-Rahmani r-Rahim and find honour. You don't say it? You will be humiliated. Every kind of microbe will fall on you: "For what does he live? Why does he not perform his humanity although he is human? Let us attack him" There are all kind of diseases now. For what, for what are there all kinds of diseases? To punish and discipline, "to discipline who doesn't accept Me". There are countless diseases now. What causes disease? They call it virus, O son. Virus is a creature that has the smallest existence possible. And each one of them has a different mission. These viruses have as many affects as the number of the kinds of diseases there are. There are the viruses that cause disease as well as the ones that cure. You should straighten yourself, say Bismillahi r-Rahmani r-Rahim. Nothing can harm you. Bismillahi lladhi la yadurru ma`a Ismihi shay'un fi l-ardi wa la fi s-sama'i. Allahu Akbar!

O people! O scholars! Where are your minds? That Allah Almighty said: I created you and I also created nature to serve you in every way possible. When We say nature, whatever there is on earth from the plants or from the animals, I created all of them to give you benefit.". Now they invent all kinds of medicine. It has no benefit. Say Bismillahi r-Rahmani r-Rahim and drink water, you will be like a lion! What is the key point? To believe! "Ya Ayyuha lladhina Amanu Aminu BiLlahi" (4:136). O you who say "I believe". Have faith in Allah, believe. Believe! Who don't believe never find any goodness! They will have no goodness in dunya or in akhirah. Believe in Allah. You didn't come down from the sky in a basket. Believe. He (swt) created you from a drop of water in the mother's womb and makes you come out to dunya as man. You come out but why do you not think? "Fahal Min Mudhdhakirin" (54:17).

Is there anyone who thinks deeply? The Verse asks. How can he think? He lives a drinking life, he lives a drunk life. He gets up drunk and sleeps drunk. What good can you ask from such a man? Can he ever be saved from troubles? He can't.Then why don't you teach these? "It is forbidden to teach this". "Really? What else do you teach then?" "Now the schools are to teach what shaytan teaches". They call it school now, not maktab. Schools have no benefit or reality. They can't say "maktab, madrasa". They can't say because they removed them. Man learns, knows about his humanity in maktabs and madrasas. Is there any word in what these ones teach, that teaches them their humanity? There is not. Then how can you ever be Man? How can they

ever find comfort in this dunya?
Every country is in a chaos. For what? They scream. Why do you shout and scream? What is it that you shout at, call to? If you are Man, call to Who created you. Why don't you call to Allah? From where did you come out? You came out from your mother's womb. Why don't you think? Who created me in my mother's womb? I came out in a big noise and got out to dunya. He (swt) granted me all these blessings. Why don't you ask Who He (swt) is, O janabat ones?! Why don't you teach? "Well, we have schools". May you be destroyed with your schools! They don't teach the children, don't teach about their humanity. They don't inform them about their honour and humanity. Shame on them! It is a state where they are all drunk. And for this, dunya got out of control now. It is totally out of control. What you will teach is only one word! Our leaders now don't fear Allah and aren't ashamed before the Prophet (sas). It is only one word you need to say, is it that difficult for you to say Bismillahi r-Rahmani r-Rahim?
What are you? What have you become that you don't say the Ism Al-Jalil of Who created you? You don't say Bismillahi r-Rahmani r-Rahim, you don't teach it. Shame on you. What you eat and drink is haram for you! May it all be poison for you! Angels say like this. You don't say the Bismillah. Don't sleep! Open your eyes! They know and teach the way of every evil and dirtiness. Whatever there is that will occupy the people and prevent them from Allah's worship, they teach it, they make people do it. Other than that, they don't allow people to say "there is Allah (jj)". "Say Bismillahi r-Rahmani r-Rahim". "Why should we? It was in old times". It is the Name of Who created you. Say and Bismillahi r-Rahmani r-Rahim gives you honour, gives you power. If you kick the world, you can destroy it. You don't crush and are not crushed. You are a precious stone and not thrown away. Shame on our learned men as well as the unlearned ones who are left ignorant, that they are in coffee shops, in brothels, in bars, in every kind of dirtiness all day long. "What about the mosque?" "No, no mosque". "How come?" "I don't have time for it". You have no time in the 24 hours? You have no time to say a Bismillah? Shameless man. Say Bismillahi r-Rahmani r-Rahim and you do a goodness: It is the Great, Mighty Name of Allah. Remember Me and I grant you My every blessing. If not, just like how these meat grinders grind the meat that fall in it to pieces and turns it into ground meat, Allah will make dunya the same way for you also. He (swt) doesn't do it Himelf, He makes it done; makes you to do it to one

another: you kill, crush each other. You oppress one another, you insult one another. You enslave one another for your own pleasure, for your own rank. Shame on you!
Say Bismillahi r-Rahmani r-Rahim and you do a goodness. O our Lord, may You not deprive us of remembering Your Ism Al-Jalil. Kullu amrin dhi baalin lam yabtada bi Bismillah fa huwa abtar. Whichever important matter that you don't start with the Bismillah it is abtar, it is cut off, it won't succeed. Where are your scholars; Egypt, the Arab World, the Islamic world, Turks, Arabs, Iranians? Did Allah create you to kill the people? Or to show people the way of Allah, to make them love it and be happy with it? Hz. Mahdi will come, alayhi Salam. Wa ala Rasulullahi Salatu was-Salam. The Mercy rains at night. There is the sun at day time. May the servants be at rest. My servants acknowledge Me. They built mosques and filled the mosques, they are making sajda to Me. May Allah Almighty praise you like this. If you want the praise of Allah, say Bismillahi r-Rahmani r-Rahim.
Some say "Allah doesn't look at us". Are you looking at Allah? Are you looking to Allah's Order? Do you say the Bismillah even once aday? "Once a day? I don't even say it once a month" he says. If you don't say, you will suffer. They will suck your life from your vessels. May Allah not make a person be stuck in the hospitals. It is like they suck up their lives with a syringe. There is no one left who thinks, who teaches. And our hojas lost their mission also: they don't open their mouths and speak. The beginning of everything... Here, they read mawlid also... If the beginning of everything is the Name of Allah, its end is never cut off. Whichever work starts with the Bismillah, it succeeds. If not, it doesn't. Our very first lesson is this. Everything helps you: when you say the Bismillah, everything helps you. If you forget it, then everything is left closed for you. The Bismillah is such a treasure that even if you had as many years as the number of Heavens and earths you still couldn't finish speaking of it's honour: Bismillahi r-Rahmani r-Rahim. Bismillah. Nur comes to your face, health comes to your body. Your enemies disappear and what you eat becomes halal. You earn your livelihood easily.
"What does he do?" "He is unemployed". They say "There are no jobs". If dunya has no jobs, then why don't you look to the work of Who created you? Do you enter the mosque even once for the work of Who created you? They say "What will we do in the mosque?" Huge mosques are all empty. And coffee shops, brothels, bars, all the dirty places are full with people. They have all kinds of disgrace on them and yet ask "What will we do in the mosque?" "Make worship in the

mosque". "No, we don't believe such a thing". Then they will grind you like the meat put in a grinding machine. Ya Rabbi, O our Lord, You granted us intelligence and understanding. You sent us Your servants to show us these ways also. O Lord, may we not forget. Whoever forgot his Lord is forgotten. "Nasu llaha Fanasiyahum" (9:67). Is it not so? "Nasu Llaha Fanasiyahum". Such a nation will come that they have forgotten Allah and Allah has also forgotten them. Does Allah forget? Allah doesn't forget. But He (swt) leaves them to themselves: lets them struggle, run and scream in the streets. There is not even one among them who say "O our Lord" and go to mosque. There is no one who goes to their churches. They scream in the streets. This is no humanity.

Say Bismillahi r-Rahmani r-Rahim. Get up clean, and leave your home, you will find a job. Not just one, but Allah Almighty gives you ten jobs. Not ten, but 100 jobs. Does He (swt) leave His servant? "My servant didn't leave me. He said My Ism Al-Jalil. Let the doors open for him". They can't say the Bismillah. He gets out of his home dirty, janabat. They can never succeed. They will suffer. Therefore O our brothers in religion, O people! If you forget Allah Almighty, He (swt) leaves you on your own and you will be left desparate. Today all dunya is desparate. Why? They forgot their Allah. They can't say Bismillahi r-Rahmani r-Rahim. By the Name of Allah Almighty All- Merciful, Most Beneficient. I may tell you in English also. Say this! This is the Bismillah. By the Name of Allah Almighty All-Merciful. Most Beneficient, Most Merciful. You are Subhan O Lord! Make people get accustomed to this, at least its English. "No!" Then may you all vanish. Angels say like this. Angels say "May who doesn't say the Bismillah vanish. May they fight each other, may what they eat be as poison for them". Therefore neither their stomachs get full nor do their illnesses ever finish.

Say "Bismillahi r-Rahmani r-Rahim. O our Lord, we are Your weak servants. May You send us from Your holy servants one who will teach us this. This nation does not come to their senses unless they get the stick! Look, as if the sky is torn apart dunya is full with snow, hail, rain, floods, hurricanes, tornadoes, earthquakes...Dunya is full of these. The dunya is full with them and especially our people got stuck in it. Even the children became upside down in this: Accidents, afflictions, rain on people. Say "O Lord, save us! Send us Your servants who will save us. We forgot about our servanthood. May we do servanthood for You O Lord. Bismillahi r-Rahmani r-Rahim, we seek refuge in Your Ism Al-Jalil". Let us say this and see, if our life will change or not?

If you don't change your life, then they will change you! "How will they change, O Shaykh Effendi?" "Haven't you heard that an ape appeared and said 'man comes from apes'? So what will happen when it is said that man will change? They said 'We were apes and became Man'. What will happen now? He (swt) will turn you to apes when you are Man". People turned into apes now. If they see their faces in the mirror, they will get scared. Most of them look like apes. They continuously put makeup on their faces. They pull out their eyebrows. Don't sleep! They say "We may look beautiful".
No, it is finished. Since that priest told you"Man came from apes"... The man himself is an ape. Now who believes him, who follows him, who forgets Allah Almighty; Lord Almighty is turning them into apes. It is impossible to look at their faces. Look in the mirror and see your face! "Did I look like this?" It must be like this. Because since you came from apes, you will return to apes. You will leave dunya as an ape. Be Man! The rank of Man is with saying Bismillahi r-Rahmani r-Rahim. Say Bismillahi r-Rahmani r-Rahim and your face shines, enlightens, you gain strength. Whoever sees you may say "What a beautiful person, what a pure person, what a friendly person" for you. The Angels may also write you as a "clean servant".

But mankind has no goodness left after he forgot the Bismillah. They fight each other and they will even more. I want to help but from Above they say, "Don't". Let them fight each other. "'Aw Yalbisakum Shiya`aan Wa Yudhiqa Ba`dakum Ba'sa Ba`din" (6:65). I may not send down torment from the sky or from under their feet but for them to fight each other: "this is this party, this is another party..." One is a pig and the other is a dog. Can they ever make peace? They brought the people into this. And who is the one that brings? Shaytan. Shaytan does not make the people recite the Bismillah: "Don't recite! Don't recite!" Ok he may not recite but later he will suffer.
O our Lord, may You forgive us. We may say Bismillahi r-Rahmani r-Rahim. O our Lord! Bismillahi lladhi la yadurru ma`a Ismihi shay'un fi l-ardi wa la fi s-sama'i wa Huwa s-Sami`u l-Alim. Forgive us O Allah. Send us from such beautiful servants of Yours that they discipline us, they teach us the Bismillah. May our mosques be full with ones who make Your servanthood. May there not be any brothels, pubs, dirty places left. May there not be any jobless people left.May there not be any ugly men left. O Lord, You know. Tubna wa Raja'na Ilayk. Tawba Ya

Rabbi. Tawba Ya Rabbi, tawba Astaghfirullah. Fatiha.
This is an ocean. It won't finish even if it is said till the end of the world. Listen, AlHamdulillah. Stand like a lion. We are lions not dogs. There is not any creature which is not afraid from the lion. Be lion! Don't be a dog. Don't be in the category of those who wag their tails and run after their master for a bone. Be like the male lion! Let the world shake when you roar! O Lord, send us Your wali servants. Tawba Ya Rabbi, tawba Astaghfirullah. For the honour of Your Beloved, send us Your servants who will make us upon adab. Tubna wa raja'na ilayk. AlHamdulillah. Fatiha.
Dogs walk around wagging their tails. People now became the same, they walk around wagging their tails. They say "Is there no bread for me? No job for me?" "No, we have no jobs". Can this world ever be without jobs? But all of you want to have a title: Each one of you want to have a table, a phone, a telegraph, this machine, that machine... He may sit there crossing his legs and receive his monthly salary. What work do you do? Nothing! Fatiha.
O Allah forgive us. Don't say "I am jobless". If each one of them caught a bee, there are many things it can do. But he doesn't do. He wanders around in the streets with his hands in his pockets. These are the men who forgot about their humanity. May Allah forgive us. Fatiha.
This is advice. "Ad-dinu nasiha". Make advice. Amin Ya Rabbi. "La hayata liman tunadi" No matter how much you speak to a dead one, he has no answer! These people left the way of their ancestors, especially our nation. "We should be westernized and do whatever western people do". If the western people eat what is in the toilet, you will eat it too? Halal (permitted) is what You permit and haram (forbidden) is what You forbid. It is not taught. May not even one of those who don't teach remain. Fatiha.

O Lord You know. There are so many jobs on earth that it is countless, O son. But laziness closed the people like this. They want everything ready without any effort. "Say the Bismillah". "I won't". If you don't say, you will know its end. Aman Ya Rabbi, may You not make us from who forgets the Bismillah. Tawba Ya Rabbi, tawba. Affarin to those who listen. Marhaba, marhaba. May your day be good, be blessed, be beautiful. May it go with health and wellness. May accidents, afflictions be away from you that you said Bismilahi r-Rahmani r-Rahim. Angels say like this. Fatiha.

Merhaba yahu, how is this? Did you fall asleep? Allah Almighty will punish and discipline. Aman Ya Rabbi. We are astonished too. They made people forget their humanity. Everything they do, they teach, is to make us forget our humanity. But Man is even higher than the angels, Man's rank. What they strive for is to make it forgotten. They are shaytan's followers. This is enough. Fatiha.

## Die Macht des Geistes

---

As-Salamu Alaykum Ayyuha l-Hadhirun, anwesende Jama'at, unsere Leute, Muslime, die die Anerkennung Allahs des Allmächtigen suchen. Wir können geistige Macht empfangen. Marhaban. Möge euer Tag gut sein, gesegnet, geehrt. Möge euere Arbeit gut vorangehen. Wir sollten einander mit Salam grüßen. As-Salamu Alaykum, gläubige Diener Allahs. Unser Weg ist durch Sohbat, und die Bedeutung von Sohbat ist guter Rat, um mitzuteilen, was förderlich und um zu sagen, was nicht förderlich ist. Zuerst einmal, was immer unser Prophet, der Sultanu l-Anbiya (saws), sagte, wir folgen seinem Weg. Unser Prophet (saws) sagte.. Möge Allahs Salatu Salam auf ihm sein, dem Stolz der Schöpfung, auf den die ganze Schöpfung stolz ist, den die ganze Schöpfung preist, unseren Meister, der Allahs Geliebter ist, Sayyidi l-Awwalin wa l-Akhirin, dem Meister der Vergangenen und Gegenwärtigen, Allahs Geliebtem, Hz Muhammad Mustafa ra Salawat.
Diese Morgensohbats sind ein Anfang, um den Leuten Macht zu geben, geistige Macht. Wir sagen zuerst, auf die Lehre unseres Propheten hin: Bismillahi r-Rahmani r-Rahim. Er (saws) sagt: Rezitiert das Bismillah. Und wir rezitieren es mit dem höchsten Respekt: Bismillahi r-Rahmani r-Rahim. Himmel und Erden stehen mit der Macht von Bismillahi r-Rahmani r-Rahim. Was seid ihr? Menschen oder Tiere? Wenn ihr Menschen seid, müßt ihr lernen. Der Prophet (saws) sagt: Wenn ein Tag nicht mit dem Bismillah beginnt, "Fa Huwa Abtar", ist er abgeschnitten. Er ist Müll oder, als Illustration, er ist wie Essen, das schlecht geworden ist. Wenn du das Essen, das schlecht geworden ist, ißt, tut es nicht gut, sondern macht dich krank. Sauber, wo kommt Sauberkeit her? Sie kommt von der Geistigkeit. Der Mensch ist geehrt durch seine Geistigkeit. Tiere haben auch ein Leben, aber sie haben keinen Ruh, Geist. Ruh ist eine Gabe

Allahs des Allmächtigen für die Menschheit. Des Menschen Ruh ist eins, der Tiere Leben ist etwas anderes. Des Menschen Ruh ist voller Qudrah, voller Macht. Tiere brauchen das nicht, Tiere tun Dienst. Sie sollten dienen. Wem dienen sie? Sie dienen der Menschheit. Tiere haben keinen Dienst für sich selbst. Die Tiere sind geschaffen, um dem Menschen zu dienen. Sie sind unsere Diener. Aber der Mensch steht nicht im Dienst der Tiere. Oder wir wurden nicht geschaffen für den Dienst an der Dunya.
Asta'idhu Billah "Wa ma Khalaqtu l-Jinna wa l-Insa illa Liya`buduni" (51:56). O Mensch, höre und halte diesen Weg ein! Der Allmächtige Bari Allahu Dhu l-Jalal sagt, daß Er (swt) euch erschaffen hat. 'Und Ich erschuf die Djinn und Menschen nur, damit sie Mir dienen.' O Hodjas, Gelehrte, o die beanspruchen, Hodjas und Gelehrte zu sein! Hört! Ihr lest die ganze Zeit den Quran. Lest ihr nie diesen Vers? Allah der Allmächtige sagt: Ich, Azimu sh-Shan, erschuf Menschen und Djinn nur, damit sie Mir dienen, weil Meine Dienerschaft Ehre für sie bedeutet.

Ich brauche ihre Dienerschaft nicht, aber es bedeutet Ehre für sie, wenn sie Mir dienen. Ich bin Azimu sh-Shan. Ich bin Allahu Dhu l-Jalal. Ich bin der Rabbu l-Izza. Ich bin der Eigner und Meister von Himmel und Erden. Nur Allah der Allmächtige hat das Recht zu sagen 'Ich bin'. Ihr könnt nicht sagen 'Ich bin'. Sagt: Ich bin Diener Allahs. Geht nicht herum und sagt: Ich bin ich. Dann seht ihr äußerlich menschlich aus, seid aber innerlich Tiere. In der Erscheinung sieht er wie ein Mensch aus. Was ist sein Sirr, Geheimnis? Das heißt, was ist sein Weg? Sein Weg, der Weg der heutigen Menschen ist, Tier zu sein. Er ist der Weg der Tiere. Ehre gehört dem Menschen. Woher kommt diese Ehre? Der Herr der Himmel, Der uns erschuf.. und wenn wir Seinen Dienst tun, wenn wir Ihm und Seinen Befehlen den höchsten Respekt erweisen, dann gereicht uns das zur Ehre. Wir beschäftigen uns nicht ständig mit Gras- und Strohfressen wie die Vierbeiner-Ebene. Das ist nicht unsere Beschäftigung.
"Wa ma min Dabbatin fi l-Ardi illa `ala Allahi Rizquha" (11:6). Es gibt Versorgung für jedes lebende Geschöpf auf Erden. Ich gewähre die Versorgung. Wie heißt das kleinste Geschöpf.. Wie heißt das, was kleiner als eine Mikrobe ist? Ein Virus, sogar kleiner als das. Da er in der Existenz ist, hat er auch seinen Anteil. Er wird auch seinen Anteil bekommen. "Wa ma min Dabbati", was die Menschheit als die kleinste lebende Schöpfung ansieht, ist ein Virus. Der Virus hat auch sein Essen, seine Versorgung und seine Aufgabe. Es gibt Viren für Gutes und

auch die Viren, die Krankheit bringen. So liegt des Menschen Ehre darin, seinen Herrn zu kennen und anzunehmen. 'Ich erschuf euch für Meine Dienerschaft. Ich erschuf euch nicht für die Dunya, sondern um euch zu Meinen Dienern zu machen. Wenn ihr nicht hört, werdet ihr zermalmt. Ihr habt nichts Gutes. Es ist unmöglich für jemanden, der Mich nicht respektiert, jemals etwas Gutes zu finden. "Wa ma Khalaqtu l-Jinna wa l-Insa illa Liya`buduni". Ich erschuf Menschen und Djinn für Meine Dienerschaft, damit sie Mich preisen. Ich gab ihnen Leben, Ich gewährte ihnen Meine Segnungen.
Aber wir lehren das nicht. Wir lehren nicht. Welche Ebene werden wir, wenn wir nicht lehren? Die Ebene derer, die nicht lernen, ist die Ebene der Tiere. Was ist der Beginn des Lernens? Sagt Bismillahi r-Rahmani r-Rahim. Das ist der Anfang. Der erste Schritt, um den Herrn zu kennen, ist zu sagen Bismillahi r-Rahmani r-Rahim. Und ihr findet Ehre. Ihr sagt es nicht? Ihr werdet erniedrigt werden. Alle möglichen Mikroben werden auf euch fallen: Wozu lebt er? Warum übt er nicht seine Menschlichkeit aus, obwohl er menschlich ist? Laßt uns ihn angreifen! Es gibt jetzt alle möglichen Krankheiten. Wozu? Wozu gibt es alle möglichen Krankheiten? Um zu strafen und zu disziplinieren, 'um zu disziplinieren, wer Mich nicht akzeptiert. Es gibt unzählige Krankheiten jetzt. Was verursacht Krankheiten? Sie nennen es Virus, Sohn. Ein Virus ist ein Geschöpf, das die kleinstmögliche Existenz hat. Und jeder von ihnen hat eine andere Aufgabe. Diese Viren haben so viele Wirkungen wie die Anzahl der Krankheiten, die es gibt. Es gibt die Viren, die Krankheiten verursachen, wie auch solche, die heilen.
Ihr solltet euch aufrichten und Bismillahi r-Rahmani r-Rahim sagen. Nichts kann euch schaden. Bismillahi Lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i. Allahu Akbar!

Leute! Gelehrte! Wo ist euer Verstand? Allah der Allmächtige sagte: Ich erschuf euch und Ich erschuf auch die Natur, um euch zu dienen in jeder möglichen Weise. Wenn Wir 'Natur' sagen, was immer es auf der Erde gibt an Pflanzen oder Tieren, Ich erschuf sie alle, um euch Nutzen zu geben. Jetzt erfinden sie alle möglichen Medikamente. Es hat keinen Nutzen. Sagt Bismillahi r-Rahmani r-Rahim und trinkt Wasser. Ihr werdet Löwen sein! Was ist der Schlüssel? Zu glauben! "Ya Ayyuha Lladhina Amanu Aminu Billahi" (4:136). O ihr, die sagen 'Wir glauben', habt Glauben an Allah, glaubt! Glaubt! Die nicht glauben, werden nie etwas Gutes finden. Sie werden nichts Gutes haben in Dunya und Akhirah. Glaubt an Allah. Ihr seid nicht vom Himmel

herabgekommen in einem Korb. Glaubt. Er (swt) erschuf euch aus einem Wassertropfen im Mutterleib und läßt euch in die Dunya herauskommen als Mensch. Ihr kommt heraus, aber warum denkt ihr nicht? "Fahal min Mudhdhakirin" (54:17). Gibt es jemanden, der tief denkt? fragt der Vers. Wie kann er denken. Er lebt ein trinkendes Leben, er lebt ein betrunkenes Leben. Er steht betrunken auf und schläft betrunken ein. Was Gutes kann man von so einem Menschen erwarten? Kann er je vor Problemen geschützt werden? Nein.

Dann, warum lehrt ihr das nicht? Es ist verboten, das zu lehren. Wirklich? Was lehrt ihr denn sonst? Jetzt müssen die Gelehrten lehren, was Shaytan lehrt. Sie nennen es jetzt Schule, nicht Maktab. Schulen haben keinen Nutzen oder keine Wirklichkeit. Sie können nicht sagen Maktab, Madrasa. Sie können es nicht sagen, weil sie sie abgeschafft haben. Der Mensch lernt, erfährt von seiner Menschlichkeit in Maktabs und Madrasas. Gibt es ein Wort in dem, was diese lehren, das sie ihre Menschlichkeit lehrt? Nein. Wie könnt ihr dann jemals Mensch werden? Wie können sie jemals Trost finden in dieser Dunya? Jedes Land ist im Chaos. Wozu? Sie schreien. Warum schreit und kreischt ihr? Was ist es, das ihr anschreit, anruft? Wenn ihr Menschen seid, ruft Den an, Der euch erschuf! Warum ruft ihr nicht Allah an? Wo seid ihr herausgekommen? Ihr seid aus euerer Mutter Leib gekommen. Warum denkt ihr nicht? Wer erschuf mich im Leib meiner Mutter? Ich kam mit großem Geschrei heraus und kam in die Dunya. Er (swt) gewährte mir all diese Segnungen. Warum fragt ihr nicht, Wer Er (swt) ist, Janabat Leute? Warum lehrt ihr nicht? Nun, wir haben Schulen. Möget ihr zerstört werden mit eueren Schulen! Sie lehren die Kinder nicht, lehren sie nicht über ihre Menschlichkeit. Sie sagen ihnen nichts über ihre Ehre und Menschlichkeit. Schande auf sie!

Es ist ein Zustand, in dem sie alle betrunken sind. Und deshalb ist die Dunya jetzt außer Kontrolle geraten. Sie ist ganz außer Kontrolle. Was ihr lehren sollt, ist nur ein Wort. Unsere Führer fürchten Allah nicht und schämen sich nicht vor dem Propheten. Es ist nur ein Wort, das ihr sagen müßt. Ist es so schwer für euch, Bismillahi r-Rahmani r-Rahim zu sagen? Was seid ihr? Was ist aus euch geworden, daß ihr den Ismu l-Jalil Dessen, Der euch erschuf, nicht sagt? Ihr sagt nicht Bismillahi r-Rahmani r-Rahim. Ihr lehrt es nicht. Schande auf euch. Was ihr eßt und trinkt ist haram für euch! Möge es alles Gift für euch sein! Die Engel sagen das. Ihr sagt nicht das Bismillah. Schlaft nicht! Öffnet die Augen! Sie kennen und lehren den Weg jeden Übels und Schmutzes. Was immer es gibt, was die Menschen beschäftigt und sie von Allahs

Dienst abhält, lehren sie. Sie bringen die Menschen dazu, es zu tun. Ansonsten erlauben sie es den Menschen nicht zu sagen: Es gibt Allah (jj). Sagt Bismillahi r-Rahmani r-Rahim! Warum sollten wir? Das war in der alten Zeit. Es ist der Name Dessen, Der euch erschuf. Sagt Bismillahi r-Rahmani r-Rahim, es gibt euch Ehre, gibt euch Kraft. Wenn ihr die Erde anstoßt, könnt ihr sie zerstören. Ihr zerschlagt nicht und werdet nicht zerschlagen. Du bist ein Edelstein und wirst nicht weggeworfen.
Schande auf unsere gebildeten wie auch ungebildeten Menschen, die ignorant bleiben, die in Kaffeehäusern, Bordellen, Bars, in jeder Art von Schmutz sich aufhalten den ganzen Tag. Was ist mit der Moschee? Nein, nicht die Moschee. Wieso? Ich habe keine Zeit dafür. Ihr habt keine Zeit in 24 Stunden? Ihr habt keine Zeit, um ein Bismillah zu sagen? Schamloser Mensch. Sagt Bismillahi r-Rahmani r-Rahim, und ihr tut etwas Gutes. Es ist der Große, Mächtige Name Allahs. Erinnert Mich und Ich gewähre euch jede Meiner Segnungen. Sonst wird, gerade so wie ein Fleischwolf das Fleisch zerkleinert, das in Stücke geht und zu Hackfleisch wird, Allah die Dunya für euch genauso machen. Er (swt) macht es nicht Selbst, Er läßt es euch machen, läßt es euch miteinander machen: Ihr tötet, vernichtet euch gegenseitig. Ihr unterdrückt einander, ihr beschimpft einander. Ihr versklavt einander zu euerem eigenen Vergnügen, für eueren eigenen Rang. Schande auf euch! Sagt Bismillahi r-Rahmani r-Rahim, und ihr tut etwas Gutes. Unser Herr, mögest Du uns die Erinnerung Deines Ismu l-Jalil nicht entziehen.
"Kullu Amrin Dhi Baalin lam Yabtada bi Bismillah fa Huwa Abtar." Welche wichtige Sache auch immer ihr nicht mit dem Bismillah beginnt, ist Abtar, abgeschnitten. Sie wird keinen Erfolg haben. Wo seid ihr Gelehrte in Ägypten, der arabischen Welt, der islamischen Welt, Türken, Araber, Iraner? Hat Allah euch erschaffen, um Menschen zu töten? Oder um den Menschen den Weg zu Allah zu zeigen, ihn ihnen lieb und mit ihm glücklich zu machen? Hz Mahdi (as) kommt. Wa `ala Rasulullahi Salatu wa s-Salam. Die Gnade regnet in der Nacht. Es gibt die Sonne am Tag. Mögen die Diener ruhig sein, Meine Diener Mich würdigen. Sie bauten Moscheen und füllten die Moscheen. Sie machen Sajda vor Mir. Möge Allah der Allmächtige euch so preisen. Wenn ihr den Preis Allahs wollt, sagt Bismillahi r-Rahmani r-Rahim. Manche sagen: Allah schaut uns nicht an. Schaut ihr Allah an? Schaut ihr Allahs Befehle an? Sagt ihr das Bismillah wenigstens einmal am Tag? Einmal am Tag? Ich sage es nicht mal einmal im Monat, sagt er. Wenn ihr es nicht sagt, werdet ihr leiden. Sie werden euch das Leben aus den Adern

saugen. Möge Allah niemanden im Krankenhaus festsitzen lassen. Es ist, als ob sie ihr Leben mit einer Spritze aufsaugen.
Es gibt niemanden mehr, der denkt, der lehrt. Und unsere Hodjas haben auch ihre Aufgabe verloren: Sie öffnen nicht mehr den Mund zum Sprechen. Der Beginn von allem... Hier, sie lesen auch das Mawlid... Wenn der Beginn von allem der Name Allahs ist, wird das Ende nie abgeschnitten. Welche Arbeit auch immer mit dem Bismillah beginnt, hat Erfolg. Sonst nicht. Unsere allererste Lektion ist das. Alles hilft euch. Wenn ihr das Bismillah sagt, hilft euch alles. Wenn ihr es vergeßt, dann ist euch alles verschlossen. Das Bismillah ist so ein Schatz, daß ihr, selbst wenn ihr so viele Jahre hättet wie die Anzahl der Himmel und Erden, doch kein Ende finden könntet, um von seiner Ehre zu sprechen. Bismillahi r-Rahmani r-Rahim. Bismillah. Licht kommt auf euer Gesicht, Gesundheit kommt in eueren Körper. Euere Feinde verschwinden, und was ihr eßt, wird halal. Ihr verdient eueren Lebensunterhalt leicht. Was macht er? Er ist arbeitslos. Sie sagen, es gibt keine Arbeit. Wenn die Dunya keine Arbeit hat, warum guckt ihr dann nicht nach der Arbeit Dessen, Der euch erschuf? Betretet ihr auch nur einmal die Moschee für die Arbeit Dessen, Der euch erschuf? Sie sagen: Was sollen wir in der Moschee tun? Riesige Moscheen sind ganz leer. Und Kaffeehäuser, Bordelle und Bars, all die dreckigen Orte sind voller Leute. Sie haben jede Schande auf sich und trotzdem fragen sie: Was sollen wir in der Moschee tun? Betet in der Moschee! Nein, wir glauben nicht an so etwas. Dann werden sie euch wie Fleisch durchdrehen in einem Fleischwolf.
Ya Rabbi, unser Herr, Du gabst uns Intelligenz und Verstehen, Du sandtest uns Deine Diener, um uns diese Wege zu zeigen. O Herr, mögen wir nicht vergessen. Wer immer seinen Herrn vergißt, ist vergessen. "Nasu Llaha Fanasiyahum" (9:67). Ist es nicht so? "Nasu Llaha Fanasiyahum". So eine Nation wird kommen, die Allah vergessen haben und Allah hat sie auch vergessen. Vergißt Allah? Allah vergißt nicht. Aber Er (swt) überläßt sie sich selbst. Laßt sie sich abmühen, laufen und schreien auf der Straße. Es gibt nicht einen unter ihnen, der sagt, O unser Herr! und in die Moschee geht. Es gibt niemanden, der in ihre Kirchen geht. Sie schreien auf der Straße. Das ist keine Menschlichkeit. Sagt Bismillahi r-Rahmani r-Rahim. Reinigt euch und verlaßt euer Haus. Ihr werdet Arbeit finden. Nicht nur eine, sondern Allah der Allmächtige gibt euch 10 Jobs, nicht 10, 100 Jobs. Läßt Er (swt) Seinen Diener allein? 'Mein Diener hat Mich nicht verlassen. Er sagte Meinen Ismu l-Jalil. Laßt die Türen offen für ihn.' Sie können das

Bismillah nicht sagen. Er geht dreckig aus dem Haus, janabat. Sie können nie Erfolg haben. Sie werden leiden. Deshalb, o unsere Brüder in der Religion, Leute, wenn ihr Allah den Allmächtigen vergeßt, läßt Er (swt) euch allein, und ihr werdet verzweifeln.
Heute ist die ganze Dunya verzweifelt. Warum? Sie haben ihren Allah vergessen. Sie können nicht Bismillahi r-Rahmani r-Rahim sagen. Im Namen Allahs des Allmächtigen, des Allgnädigen, Allbarmherzigen. Ich sage es euch auch auf Englisch. Sagt es! Das ist das Bismillah. Im Namen Allahs des Allmächtigen, des Allgnädigen, Allbarmherzigen, Allgnädigen. Du bist Subhan, o Herr. Sorgt dafür, daß die Menschen sich daran gewöhnen, wenigstens auf Englisch. Nein! Dann mögt ihr alle verschwinden. Die Engel sagen das. Die Engel sagen: Möge, wer nicht das Bismillah sagt, verschwinden. Mögen sie einander bekämpfen, möge, was sie essen, Gift für sie sein. Deshalb werden weder ihre Mägen jemals voll, noch hören ihre Krankheiten auf. Sagt Bismillahi r-Rahmani r-Rahim. O unser Herr, wir sind Deine schwachen Diener. Mögest Du uns von Deinen heiligen Dienern einen senden, der uns das lehrt. Diese Nation kommt nicht zur Besinnung, wenn sie nicht den Stock kostet. Seht, als sei der Himmel entzweigerissen, ist die Dunya voller Schnee, Hagel, Regen, Fluten, Hurrikane, Tornados, Erdbeben.. Die Dunya ist voll davon. Die Dunya ist voll davon, und besonders unsere Leute blieben darin stecken. Selbst die Kinder kamen durcheinander darin: Unfälle, Heimsuchungen, Regen auf die Menschen. Sagt: O Herr, rette uns! Sende uns Deine Diener, die uns retten! Wir vergaßen unsere Dienerschaft. Mögen wir Dir dienen, o Herr. Bismillahi r-Rahmani r-Rahim. Wir suchen Zuflucht in Deinem Ismu l-Jalil.
Laßt uns dies sagen und sehen, ob sich unser Leben wandelt oder nicht! Wenn ihr euer Leben nicht ändert, dann werden sie euch ändern! Wie werden sie uns ändern, o Shaykh Effendi? Habt ihr nicht gehört, daß ein Affe erschien und sagte, der Mensch stammt vom Affen ab? Also, was wird geschehen, wenn es heißt, der Mensch wird sich ändern? Sie sagten: Wir waren Affen und wurden Menschen. Was wird jetzt geschehen? Er (swt) wird euch in Affen verwandeln, wenn ihr Menschen seid. Die Menschen wurden jetzt schon zu Affen. Wenn sie ihre Gesichter im Spiegel sehen, werden sie Angst bekommen. Die meisten von ihnen sehen wie Affen aus. Sie tun die ganze Zeit Make-up auf ihr Gesicht. Sie zupfen die Augenbrauen aus. Schlaft nicht! Sie sagen: Wir wollen schön aussehen. Nein, das ist jetzt zu Ende. Seit dieser Priester euch sagte: Der

Mensch kommt von den Affen.. Der Mann ist selbst ein Affe. Jetzt wird wer ihm glaubt, wer ihm folgt, wer Allah den Allmächtigen vergißt, vom Allmächtigen Herrn in Affen verwandelt. Es ist unmöglich, in ihre Gesichter zu gucken. Seht in den Spiegel und guckt auf euer Gesicht. Habe ich so ausgesehen? Es muß so sein. Da ihr von den Affen kommt, werdet ihr zu den Affen zurückkehren. Ihr werdet die Dunya als Affen verlassen. Seid Menschen!
Der Rang des Menschen ist mit dem Sagen von Bismillahi r-Rahmani r-Rahim. Sagt Bismillahi r-Rahmani r-Rahim und euere Gesichter leuchten, erleuchten, gewinnen Stärke. Wer immer euch sieht, mag sagen: Was für ein schöner Mensch, was für eine reine Person, was für eine freundliche Person! Die Engel mögen euch auch als 'reinen Diener' führen. Aber die Menschheit hat nichts Gutes mehr, nachdem sie das Bismillah vergaß. Sie bekämpfen einander und werden es noch mehr. Ich möchte helfen, aber von Oben sagen sie: Nicht! Laß sie einander bekämpfen. "Aw Yalbisakum Shiya`aan wa Yudhiqa Ba`dakum Ba'sa Ba`din" (6:65). Ich sende keine Pein vom Himmel herab oder von unter eueren Füßen, sondern für sie, sich gegenseitig zu bekämpfen. Das ist die Partei, das ist eine andere.. Einer ist ein Schwein und der andere ein Hund. Können sie je Frieden schließen? Sie haben die Menschen dahin gebracht. Und wer ist der, der das bringt? Shaytan. Shaytan läßt die Menschen nicht das Bismillah rezitieren. Rezitiert nicht! Rezitiert nicht! Okay, er rezitiert nicht, aber später leidet er.
O unser Herr, mögest Du uns vergeben. Wir sagen Bismillahi r-Rahmani r-Rahim. Unser Herr, Bismillahi Lladhi la Yadurru Ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-Alim. Vergib uns o Allah. Sende uns von Deinen so schönen Dienern, die uns disziplinieren, uns das Bismillah lehren. Mögen unsere Moscheen sich füllen mit denen, die Deinen Dienst tun. Möge es keine Bordelle, Kneipen, schmutzigen Orte mehr geben. Möge es keine arbeitslosen Menschen mehr geben. Möge es keine häßlichen Menschen mehr geben. Herr, Du weißt. Tubna wa Raja'na ilayk. Tawba ya Rabbi. Tawba ya Rabbi, Tawba Astaghfirullah. Fatiha. Dies ist ein Ozean. Er wird nicht enden, selbst wenn bis zum Ende der Welt gesprochen wird. Hört. Alhamdulillah. Steht wie Löwen. Wir sind Löwen, keine Hunde. Es gibt kein Geschöpf, das sich nicht vor den Löwen fürchtet. Seid Löwen! Seid keine Hunde. Seid nicht in der Kategorie jener, die mit dem Schwanz wedeln und hinter ihrem Meister herlaufen um einen Knochen. Seid wie die männlichen Löwen! Laßt die Welt erzittern, wenn ihr brüllt! O Herr, sende uns Deine Wali Diener. Tawba ya Rabbi, Tawba Astaghfirullah. Zu Ehren Deines Geliebten sende uns Deine

Diener, die uns im Adab gründen. Tubna wa Raja'na ilayk. Alhamdulillah. Fatiha.
Hunde laufen herum und wedeln mit dem Schwanz. Die Menschen sind jetzt auch so geworden. Sie laufen herum und wedeln mit dem Schwanz. Sie sagen: Gibt es kein Brot für mich? Keine Arbeit für mich? Nein, wir haben keine Arbeit. Kann diese Welt je ohne Arbeit sein? Aber ihr alle wollt Titel. Jeder von euch will einen Tisch, ein Telefon, einen Telegrafen, diese Maschine, jene Maschine.. Er sitzt da im Schneidersitz und empfängt sein monatliches Gehalt. Welche Arbeit macht er? Nichts! Fatiha. O Allah, vergib uns. Sagt nicht: Ich habe keine Arbeit. Wenn jeder von ihnen eine Biene finge, es gibt viele Dinge, die sie tun kann.. Aber er macht es nicht. Er wandert herum auf der Straße mit den Händen in der Tasche. Dieses sind die Menschen, die ihre Menschlichkeit vergessen haben. Möge Allah uns vergeben. Fatiha. Dies ist guter Rat. "Ad-Dinu Nasiha". Gebt guten Rat. Amin ya Rabbi. "La Hayata liman Tunadi". Egal, wieviel du zu einem Toten sprichst, er hat keine Antwort. Diese Menschen verließen den Weg ihrer Vorfahren, besonders unsere Nation. 'Wir sollten westlicher werden und tun, was die westlichen Leute tun.' Wenn die westlichen Leute essen, was im Klo ist, eßt ihr es dann auch? Halal ist, was Du erlaubt hast und haram ist, was Du verboten hast. Es wird nicht gelehrt. Möge nicht einer von denen, die nicht lehren, übrig bleiben. Fatiha.
O Herr, Du weißt. Es gibt so viel Arbeit auf der Erde, unermeßlich, Sohn. Aber Faulheit verschloß die Menschen so. Sie wollen alles ohne Anstrengung. Sagt das Bismillah. Nein. Wenn ihr es nicht sagt, ihr werdet das Ende kennenlernen. Aman ya Rabbi, mach uns nicht von denen, die das Bismillah vergessen. Tawba ya Rabbi. Affarin denen, die zuhören. Marhaba, Marhaba. Möge euer Tag gut sein, gesegnet, schön. Möge er gehen mit Gesundheit und Wohlbefinden. Mögen Unfälle, Heimsuchungen weit weg von euch sein, die gesagt haben Bismillahi r-Rahmani r-Rahim. Die Engel sagen das. Fatiha. Marhaba Yahu, wie ist das? Bist du eingeschlafen? Allah der Allmächtige wird strafen und disziplinieren. Aman ya Rabbi. Wir sind auch erstaunt. Sie ließen die Menschen ihre Menschlichkeit vergessen. Alles, was sie tun, lehren, ist, unsere Menschlichkeit vergessen zu lassen. Aber der Mensch ist sogar höher als die Engel, der Rang des Menschen. Was sie anstreben ist, es vergessen zu lassen. Sie sind Anhänger Shaytans. Das ist genug. Fatiha.

## The Power of Trusting in Prophet (s)

(Mawlana Shaykh stands.) Stand up for our Lord, for His Glory! He is our Creator; only one Creator, no any one else. And we are asking His forgiveness and His blessing, for the honor of the most honored one in His Divine Presence, Sayyidina Muhammad (s)! Yaa Rabbee sen bilirsen. Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Allahumma salli wa sallim wa baarik `ala Sayyidina Muhammad Sayyidi 'l-awwaleen wa 'l-akhireen, habeeba rabbi 'l-`alameen, zidhu yaa rabbee `izzan wa sharafan, nooran wa masroora, ridwaanan wa sultaana. (Mawlana Shaykh sits.)

O our Lord, we are Your weak servants. We are tiring. You know that we are going to finish and every finishing bringing a new beginning. We are saying, a`oodhu billahi min ash Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Holy words taking away the old being, bringing a new beginning. Therefore, use it.

O people! If you are asking (for) renewment, say, a`oodhu billahi min ash-Shaytaani 'r-rajeem, and coming a new 'newment', because (reciting) a`oodhu billahi min ash-Shaytaani 'r-rajeem taking what is no good for you, what is a penalty on you, what is a heaviness on you, and what is a burden on you. Shaytan coming and making itself on everyone so that that one is never going to be able to stand up, feeling through himself a heaviness; he thinks that the whole world is on his shoulders, so heaviness. When you are saying, a`oodhu

billahi min ash-Shaytaani ‘r-rajeem, Shaytan taking it back. You are getting free and a refreshing on you through whole organs. Inner or outer renewment coming because Shaytan’s heaviness taken up from you and you are feeling a refreshment from so heavy burden on you when you are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem.

Therefore, one of the great favors from Allah Almighty is that He granted us to say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. That heaviness is taken from you and you are feeling so safe! No one can harm you, because harming is coming from Shaytan. Harming is Shaytanic work, asking to harm everyone! Shaytan is asking to give harm for every creature, even asking to give some harm to an ant and Shaytan angry at why the ant is also glorifying its Creator. It has a tasbeeh, glorifying; therefore, Shaytan is unhappy with everything. When unhappy, trying to give a harm for everything.

Therefore, a`oodhu billahi min ash-Shaytaani ‘r-rajeem is a powerful grant from Allah Almighty! When you are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem, Shaytan is running away and everyone that belongs to Shaytan is running after Shaytan; Shaytan’s armies also escaping. Therefore, use it! Asta’idh billah! Seek refuge in Allah! Say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. O our Lord! We are running to You from every harming that is getting up, coming from Shaytan. When you are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem, everything that belongs to Shaytan for harming people, just coming down. It can’t be up, can’t reach that person even if surrounding that one quickly; when hearing, a`oodhu billahi min ash-Shaytaani ‘r-rajeem, just running down, leaving that person.

Therefore, it is a very wonderful to say, a`oodhu billah, meaning, “O our Lord, I am running to You.” From which one? Shaytaani ‘r-rajeem. What is Shaytaani ‘r-rajeem? “When you are coming to Me and asking protection from Me, how that one can harm you? Impossible. Say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem.” Allah Allah, Allah Allah.

Mostly people lost their ways. Many, many people are not understanding what means, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. If you can ask the pope, he can’t answer. If you can ask the bishops, cardinals or rabbis, they are not understanding such things. Also in Istanbul the Patriarchy is not understanding. If they were understanding, this world going to be quickly changed! But people never understanding and never keeping that holy word. Therefore, coming on Man a cursing and just riding on it another cursing, coming

another cursing, coming another cursing, so that the life of Man in our days, going to be uncarryable. Finished, because one cursing carrying another cursing, because people are not saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem.

What is Shaytan doing? Shaytan is putting a heavy burden on Man that no one can by himself, herself or itself, be able to take it away. Holy command saying, asta`idh billah. O People! When you are coming on a difficult position because of Shaytan, say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Ask Divine help, and coming to you and kicking Shaytan from your shoulders, throwing it away as from east to west! Important point, but people now are living in a period that is `uhdu jaahiliya, second period of ignorance.

Before the Seal of Prophets (s), the whole world was in dark ignorance. When the Seal of Prophets (s) came, they ran away for a while. This was going on for a period or in a limit, and Shaytan was never putting it’s sultanate on people. The coming of the Seal of Prophets (s) was defending believers from Shaytan putting his heaviness and darkness on a person. When he is putting, that person going to be an ignorant one, forgetting. SubhaanAllahi ‘l-`Aliyyi ‘l-`Azheem, from the time of the Seal of Prophets (s) up to today is fifteen centuries, and going to be weaker and weaker. People’s beliefs or people’s trust coming down and down and down; now people are not on the same level as before.

Since 100 years, people lost trust on their prophets; before their trust was much more. Anyone trusting Prophet (s) is a lucky one, a happy one, a successful one, and an accepted one in the Divine Presence. Who is trusting Prophet (s) will be helped and supported, a heavenly support will come on him. Whom not trusting Prophet (s), can’t be any support for him from heavens, it is impossible. Therefore, just 100 years now, that people beginning to lose their trust on their prophets. Before that in 1789, big French Revolution happened. Do you know that? Most people are not knowing. That is the beginning for people losing their trust through their prophets. When they lost it, just changed, becoming a revolution.

“Revolution” means people losing their trust on their prophets; it means they are losing their beliefs towards their Creator. If a person is losing his belief towards his Lord, then coming that cursing on them. They are saying, “What are prophets? For what we are following prophets? Leave them, we must look after ourselves.” They lost their real faith towards their Creator and beginning to say, “What prophets? Why you are going to hear them, or for what we are following them, or for what we are trusting them? No need.” (Mawlana makes

reference to “Ibn Buqa”.) This Arabic word means that time is coming of worst people, with no faith, no trust, and no honor for them. They will be on nations, making nations their donkeys, because nations going to lose their trust on their prophets and then after 100 years, at the beginning of 20th century, everything coming more clear.

People beginning to run after such a worst people who are saying, “Why you are believing or trusting on prophets; who are they?? We are not accepting them. They are like ourselves! Why you are trusting on their declarations or invitations? No, we are not accepting. We are not accepting!!” And beginning, beginning, beginning, coming day-by-day worst badness, and after, coming worst days. And now we are in it. People are not trusting their prophets. If no trust, no support. If a person not trusting their prophet, no support, finished: they are a carcass! As we are in it now, people never trusting to their prophets, never listening or hearing or following; they left it. When they left their trust on prophets, then as a punishment coming on them, that heavenly support never coming to them. Now they are on it. Now people they left their trust on holy ones and cursing coming on them. No any support and no one supporting another one now. Whole world, may be 6 billion or 7 billion people, everyone against the second one. Instead to give support to that one, they are doing their worst, everyone to second one, because no support from heavens.

O People! As-salaamu `alaykum. Hear and trust what Prophet (s) was saying. Trust what prophets said, then you will be supported by heavenly powers. Yes, the Seal of Prophets, Sayyidina Muhammad (s), was coming alone, and he was an orphan. His father passed away when his mother was pregnant with him (salawatullahi was-salaamu `alayk.) Then his mom passed away when he was six or seven years old. He was reaching to 40 years of age, then calling people, “O People! Come, come. I am going to say something to you. Come and listen.” People running for hearing what he was going to say. He was on Mt. Safa (in Mecca), calling people, “O People! I have been ordered by the Lord of Heavens to call you to say laa ilaaha illa-Llah Muhammadun Rasoolullah (s).”

Some of the Quraysh, powerful ones of his tribe, were so angry. Some of them asking to rush on him; some of them were trying to run away from him, and they were coming, mixing with each other. They were not knowing what they will say and that one saying, “O you must say this, laa ilaaha illa-Llah. You must say.” There was no one with him, only the Lord of Heavens ordered him to say, “Call and say to them, la ilaha illa-Llah!” Yes, what happened? He was one and alone, but heavenly support was coming on him. His declaration

and his calling whole nation, beginning to appear; appearing, appearing and appearing.

O People! Look and listen, and take wisdom and lesson. The Seal of Prophets (s) carried every heavy burden from his nation, but his Lord was with him. He never changed his direction to Allah, to Allah, to Allah. When he was saying, “O People! Come and listen to me. We are going to Allah, to Allah, to Allah! Trust me and Allah Almighty will support you.” Did Allah (swt) support that one or not? Yes, supported! People were trusting him and Allah supported them. So, so majestic being that the Seal of Prophets (s) just passed away. In the time of Sayyidina `Umar (Allah blesses him), through 25 years the Seal of Prophets’ (s) territory reaching from China to the Atlantic Ocean, up to Poitiers, because people trusted the Seal of Prophets (s) and Allah Almighty supported them and making so many empires to be under their feet!

O Listeners! What are you thinking? We are speaking the truth. I am looking and seeing the Islamic world is now under feet of unbelievers and their commanders and their leaders are following western leaders. Western leaders are making those no-mind leaders from the Islamic world to be their servants because they are not trusting the Seal of Prophets, Sayyidina Muhammad (s)!

O Wahhabi people and Salafi people! Teach your people that they must trust on their Prophet (s). But if anyone trusting, you are saying, “they are making shirk!” From where you are bringing that foolishness? You must trust the Seal of Prophets (s) for everything, and you must step on his steps or you will be like dust under the feet of Shaytan and its armies! Okay? It is a really important point. Trust His Prophet (s) and you will reach what you are asking, because when heavenly support coming, you can do everything and anything!

O People! Muslims who are saying, “We are Arabs, we are Turks, we are `ajami, we are this one, that one,” why are you not saying, “We are our Lords’ servants?” Why are you not saying this? Your being Turks or Iranians or Arabs is never giving you any support or any power! Say, “We are servants of the Lord of Heavens. We are believing His prophets, particularly the Seal of Prophets, the Last One, the most beloved one and the most glorified one, Sayyidina Muhammad (s)!”

May Allah forgive us. You must understand or you will be taken away! You are Iranian people saying, “We have such a nuclear power.” How you are Muslim? Why are you not trusting in Allah (swt), but trusting and saying, “We have nuclear bombs, we have such and such weapons.” One jinn may take the heads of your weapons and it is going to be nothing! Are you believing in jinns or not? If not believing, I may send one to

you! We may send jinns to anyone whom they are trusting on nuclear weapons, to make them as dust! You must believe in the power of the Lord of Heavens that has been granted to Muslims, to mu'mins, to the followers of the Seal of Prophets, Sayyidina Muhammad (s)! Allah bizi affet, forgive us.

Dome dome dome dome 4x

O our Lord! Forgive us and give Your most high beloved one, what he said, "Give us to believe and to be up, not down." Ameen!

Bi hurmati 'l-habeeb, bi hurmati 'l-Fatihah.

[45 minutes]

Tawbah yaa Rabbee. Fatihah.

## From Where Comes the Power to Move, to Live, and for Health?

(Mawlana Shaykh stands) A`udhu billahi min ash-Shaytani'r-rajim. Bismillahi'r-Rahmani'r-Rahim. Alhamdulillahi rabbi'l `alamin. w'as-salaat was salamu `alaykum Sayyidina Muhammad (s), Sayyid al-awwaleena wa'l-akhireen. Allahu akbar, Allahu akbar, Allahu akbar al-akbar! Subhanak allahumma wa bihamdik.. anta sultan Anta Subhaan, a`eeyna ...Help us, Ya Rabbana. Wa ya Sayyid al-awwaleena wa'l-akhireen. Ya Sayyidee ya Rasulullah! Help us, we are saying... We are asking your support for your ummah to take away shaytans and its sultanate to come down and to appear Islam, real Islam. (Mawlana Shaykh sits)

O people! Servants of the Lord Almighty Allah! He is the Lord of Creation from beginning up to end. One day just passed away. Our lives (are) passing. Don’t be cheated by Shaytan, (thinking) that you are going to live on this planet forever, no. Listen, and try to understand what heavenly declaration coming daily to every creature.

As salamu alaykum, O Believers! Believers have a value in the Divinely Presence.

O our Master! We are weak ones; we are powerful ones. Who is powerful? That one believing inexistence of the Creator; that is powerful. How we are saying we believe in His Existence if (there is) no existence? That means existence of the Creator (only). How we are going to be in existence? How it can be? Our existence is

not from our being, no! Our existence just granted to us. To be in existence is a grant to ourselves, and Who is that One granting us to be in existence? But people are drunk now, and ignorant and heedless: no-mind people.

How they are saying our existence is from our parents, we are asking. They are thinking their existence is from their mom and dad. That is the last point of being ignorant, to say our existence is from our parents, not from anyone else. That is foolishness! If your parents can give their children to be in existence, if they have such a power, why they are not keeping themselves in existence? But people are drunk, insisting to say, there is no Creator. It is the last point of foolishness, to be idiots, last point to be stupid, to be fools. How people are so stupid to say this? No-mind ones, the Creator just grants to you an organ through your head and making it to work and to understand. Why you are not using that? Your mentality is saying to you, your mentality is something that does not belong to material world, no. Never belongs.

For example, you may say for a car it is moving by its material being. People may say something is wrong with you, because their mentality is not accepting a car is moving by itself. Car in need something. It is not from material thing. If it was material car may move by itself, but it is not from material being, you can't see. You are putting a cup of tea that we are saying petrol, petrol, cup of tea (amount) you are putting in it and beginning to move? that doesn't not belong to material world. No, it is something else. If material may do itself to move through material power of material being; it is never going to go to a petrol station putting in it one liter of petrol! What is in it, maee? It is a water, maee, it is not like a rocks. Liquid, it is a liquid. No more. But what is in it, making, a cup of liquid to make a car move? How you can say a car by itself is moving? Tell me, what saying your mentality?

Man also. Do you think that through our physical being may move by itself? We are in need of something to eat and drinking that making us to move. If no our physical being can't do anyting, it is impossible. No any other orders can work without eating and drinking. As car needs to drink a liquid and moving, man just moving, by eating and drinking. Say, “Without eating and drinking I can move!” You must be a crazy one!

The point we must say to refuse so many no-mind people, so many ignorant people, insisting that no any relationship our bodies, out of our bodies. They are insisting to say we are mustaqil, independent; there is another word. (self-sufficient?) huh? So many people saying we are independent, we are not in need of

anything. But reality saying, you are saying lies! Because you are eating and drinking. Which thing coming from eating and drinking to you? You, a person, two meters high and hundred kilograms creature.

Hunger coming to finish you, to make you to fall down and to finish. Hunger. If I am bringing a cup of soup, drinking and standing up, what do you think? That secret power is through that soup, or through you or from another world coming? A horse or a donkey is like those people! A donkey is heavy worker, yes. Horse also heavy worker. When it is getting hungry, it is falling down. When you bring a handful of wheat or barley and they eat and drink a cup of water, it is standing up, carrying itself and you also. From where? O people, don't be ignorant! Don't be such a person living through his imagination, living imagination coming to Reality.

This is important, giving to you something, not something to eating or drinking, but the words that they are holy words, holy addressing, through holy books coming, and through our speech, passing to you and making you to stand up, to understand, to give your high glorifying, high, another word, to Allah. You are giving your most high respect to Allah! This word touching to you. Therefore, the Lord of Heavens sending prophets with some orders that those orders are heavenly beings. Heavenly orders never going to be like Man's orders or rules, or laws, no. Heavenly orders they have such a power that when speaking, (it is) touching to you, making you to believe; making you to move; making you to glorify your Lord Almighty, Allah. Words, because words addressing something through yourself, that is spirituality. Words not touching to your material being, no! Touching to your Unseen personality. You have another personality inside that another personality that they are saying it is "our spirit" or "our souls". We can't see it, but that is hukmetli, not only controlling more than this, governing, unseen power controlling and governing our physical being.

Don't think that this one cup of soup making you to stand up. No, but the Lord of Heavens making - more than making - creating such a structure for Man, that Words making him to move and to remove. If not giving, if not putting that secret power through that cup of tea, cup of milk, cup of soup, they are doing nothing to you.

O people, come and listen and believe! You must believe that that power is taking you to His Divinely and Heavenly Presence. If not, you are going to be only dust through your grave.

But 21st century people are never trying to understand. They are saying everything material. No more material—it cannot move without that secret power that just Allah Almighty putting through that strange

liquid, coming under Earth one or two kilometers, coming out and giving it to people to use, and run on Autobahn, and fly through skies. O people! Think on it, don't be donkeys! Don't be animals! Animals understand their power comes from barley, wheat or straw. What gives straw? Something the Lord of Creation putting in it and when eating that, getting power.

How it is possible to eat straw and stand up and run, and to carry? People are drunk! Every step coming on them a trouble, and trouble means a cursing coming. Now people are running away from their Lord's realities, therefore, on every step coming on their heads something they never like, destroying them, destroying their physical being. So many new inventions are asking to help people, but they can't do, they can't do; they're always unable. As much as they are bringing new inventions, the power of Mankind is coming down. They're saying, "Take this," bringing inventions, tablets, antibiotics, countless. But they can't help Mankind.

Therefore I am saying to whole people, come and listen to Reality! There is an Unseen Power with its secret ability! That one is a grant from heavens to you, that may give you something, may help you. Don't think that the names of antibiotics, so many kinds they are helping to you. No! Outlooking you are thinking that they are helping to you, no. Therefore, when the Lord of Heavens is taking that secret power, then taking from it so many kinds of antibiotics and other medicines can't help people, can't give any benefit to them, can't take away their troubles, because all of them new inventions, they are not believing the secret is coming from heavens. As long as they are not believing, the secret power of medication tadawee, is treating people, they never reaching to a treatment to be happy, no to be sahih, healthy. Healthiness, O people, you must understand! Healthy is from heavenly grant! As long as you are (in) rebellion to the Lord of Heavens, you can't reach any good result from hundreds of kinds of medicines! Never giving to you anything. O people, come and believe, if you like to be happy and healthy here and to be after your death, to reach to eternity. May Allah forgive us!

Ya Rabb! Through this holy month give us some power of understanding to follow Your holys orders and to believe in your existence, to give Your most high glorifying to You! O our Lord, forgive us! For the honor of this holy month and your most beloved, most honored servant, Sayyidina Muhammad (s) (stands in respect)!

(Mawlana Shaykh sings)

dumm, dumm, dumm, dumm 4x

O people, hear and obey! Listen and obey, should reach that singing giving to you a pleassure of paradise

dumm, dumm, dumm, dumm 4x

That gives to you so pleasure. You can't find anywhere else, O people

dumm, dumm, dumm, dumm 4x

O our Lord! Forgive us!

Today you are barley, enough for our donkeys. Donkeys say, "O shaykh, today it is enough! Tomorrow give us wheat, don't give us straw." Doesn't matter, but not to be straw, we may eat and enjoy. If you are asking to enjoy, follow heavenly orders, to reach heavenly secret power. Through it you can find pleasure, pleasement, you can find enjoyment, endless oceans! You may come in it and enjoying never-ending in the Mighty Presence! O people! Come and listen, come and understand every prophet calling people to that endless beauty oceans, endless happiness oceans, endless enjoyment oceans, endless knowledge oceans, endless endless endless oceans! O people! Come! Don't be homeless, the Lord of Heavens is calling you to Eternity, Eternity, Eternity!

dumm, dumm, dumm, dumm 4x
Ahhhh Eternity, ahhhh,
Eternal singings of heavens, ahhhhh
dumm, dumm, dumm, dumm 4x

OK?

Eh, ehhhhh, ehhhhhh, ehhhhhhhh
Only You, Huuuuu, huuuuuuuuuu
Only with You Eternity, O our Lord!
Huuuuu, huuuuuuuu

Like singings of Your angels
dumm, dumm, dumm, dumm 4x

45 minutes?

Fatiha.

## O Muslims! Pray for Khalifatullah to Come

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam Sayyidi 'l-Awwaleen wa'l-akhireen Sayyidina Muhammad (s). (Mawlana Shaykh sits)

A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. As-salaamu `alaykum, yaa RijaalAllah.

O People! Try to be good servants. It is a holy month, Mawlid an-Nabi or "Milad un-Nabi." Make salaatu 's-salaam for Sayyidi 'l-akhireen. We are happy that we have reached the most holy month, Rabi`u 'l-Awwal, and that Allah Almighty sent His most beloved servant, Sayyidina Muhammad (s) to be a Mercy for all Nations. (Mawlana Shaykh stands and sits)

O People! I am sorry to say that even the Muslim world is not following the advices of the Seal of Prophets (s) and now so many heavy punishments are coming on Mankind. Come and say, "Astaghfirullah, astaghfirullah wa atoobu ilayk, yaa Rabbana."

O People! According to the high command of Allah Almighty, awliya of the Muslim world are saying to

remind people that the Last Day is approaching and everyone is going to die. Where are they going? Everyone will pass and be in the Divine Presence of Allah Almighty, so try to live so that your face will have the light of Islam. Keep (maintain) yourself and keep your noor that Allah Almighty granted to you.

O People! Don't fight each other. Allah (swt) forbids killing His servants, and now tyrants are killing innocent Palestinians, Egyptians, Turkish, Syrians, Baghdadi and Asian people. They must ask Allah Almighty to send to you one of His heroes, His sultan to collect you under the holy flag of the Seal of Prophets (s)!

O People! Come and listen, bceause if you are not listening heavenly punishment is approaching day by day (and may befall you).

O Arab World! Come and ask for khalifatullah and give your oath to him and sit down and follow the holy orders of Heavens. There is no other way! We are in a very difficult time and Allah Almighty's punishment, little by little, is coming on people. They are saying, “We come from nature,” but Allah Almighty, Who created everything including nature, is cautioning you, “O People! Be cautious because the Last Day is approaching and everyone is going to pass away quickly until the end of the fifteenth century of Islam.”

May Allah (swt) forgive us. I am weak and I am asking from Allah Almighty’s Most Beloved Servant (s), for his honor, to reach good things. (...) I don't know, I don't know, I don't know. All awliya are asking to do something, but everything must reach its final point, moving there until everything will be by kun fayakoon, when Allah (swt) says, “Be!” and everything will be in its heavenly order.

Don't run after dunya, but run to reach your Lord's pleasure and nothing else. If He is pleased with you, you will be pleased forever; if He is not pleased with you, for infinity you will have troubles and lose your chance for Paradise!

O People! Pray for me and pray for everyone that we are able to reach to the brilliant days with Imam al-Mahdi (a), and with Jesus Christ, peace be upon him and the Seal of Prophet (s)! I am asking for forgiveness.

O Mankind! Keep the ways to reach the Seal of Prophets (s), and then you will be happy here and Hereafter.

May Allah Almighty forgive me, you and everyone. May Allah send us Imam al-Mahdi (a), may we ask the right ways and may Allah give His Mercy on me, you and Mankind, making Shaytan down. May Allah send us

His Mercy Oceans, of which one drop is enough!

As-salaamu `alaykum.

Fatihah.

## PRECIOUS IS YOUR PLEASURE and PLEASING YOU IS OUR GOAL

As He likes, means that with which He is going to be pleased. Take more care to be for your Lords pleasure. With every action and work, try to be much more concerned that Allah Almighty is pleased with you. This is the highest point of belief and of good manners. Such actions, although people may see are best, are best when intended only to make Allah Almighty pleased with you.

Don't think to try and please people. No. Never will this be important for you. Most clever ones only ask to please their Lord, and do what they do only for His pleasure. Our aim is that we reach to Allah Almighty's Divine Presence, and to hope that He is pleased with us. We must be prepared for this, and we must train for this also. To reach is a trust that we must carry, granted from Allah Almighty. If you make your Lord pleased with you, then you have reached to everything. This cannot be measured by any material value. Therefore run after your Lord's pleasure and try to please Him.

There are twenty-for hours in a day, are you sometimes at least thinking, that you must do something to make your Lord happy with you. Are you thinking about it? Mostly we are not making such a special desire by ourselves which is to think about your Lord and

to look for what you can do today, which is special. Yes. You do your official servant hood. You perform your five daily prayers, which is an order from Allah Almighty. Fasting is an order and to give charity is also an order from Allah Almighty. But over and above this, are you sitting and thinking that my Lord is looking to me, and expecting something special for Himself. Something to make Allah Almighty say, (not only on the day of resurrection, but everyday). “O my servant, I am happy with you.” You must think about it. It will give you much more honour.

Try to make everything for your Lords pleasure, try to make Him pleased with you, and try to give Him pleasure. He is not in need to be given pleasure, but He likes this from His servants that they try to give Him pleasure and in order to make Him happy with them. He is happy with you as long as you are happy.

Whoever is trying to make his Lord pleased, must be pleased. Whoever forgets, will be forgotten. Who does not forget, will not be forgotten. So don’t forget! Allah Almighty is saying, “O my servant, don’t forget me” (and) “I am with you but you are not with me.” And He says, “Try to be with me and you will find what you were not even expecting.” The biggest miracle granted to servants, is the ability to keep to servant hood, continuously. He does not like it when a servant does something today, and leaves it tomorrow, or if he does some service for two days and then on the third day runs away. Even if this service is short, if he keeps to it, Allah likes that servant. This is because He likes to give to that servant continuously. As long as He is seeing that His servant is looking to Him and asking for His pleasure and to please Him, and is working for that, it is continuously raining blessings on that servant. Yes, Allah Almighty is asking from His servant, to ask from His endless blessings.

Divine servant hood is servant hood for His Divine Presence, and it will never be a burden on you. We must ask that the blessings of Allah continue. If you have many taps, but you close every one, you will go without water. If you leave one of these taps open, then through that tap water will be coming to you. We are struggling with, and forcing our egos to keep to the servant hood for Allah Almighty. Even if you only do two

rakaats of salaat (prayer) everyday, or maybe one hundred times La ilaha illallah and one hundred times salawat, that will keep you in relationship with heavens, and endless blessings must fome on you. But if you leave it and close every tap, then no pleasure or pleasement will be granted to you from your Lord, Allah Almighty. As you are not giving Him pleasure, or asking to make Him pleased, with even such simple prayers, He is not going to make your life peaceful with happiness and pleasure. Accordingly as much as you like to be in a blessed and peaceful life, this is the way.

Try as much as possible to keep connection, through your servant hood, to Allah Almighty's Divine Presence. Allah gives much more from His heavenly lights to His friends, who are servants of His divine presence, and who make a lot of sajda (prostration).To make more prayers at night is impossible without enough desire and love through your heart for your Lord. (As well a big respect, hope and fear). It also requires great wisdom. Do you think that a car may move without fuel?

Don't pray to ask your Lord for more paradise and favours. No. Try to free yourself from that desire. Love your Lord, and ask only that He be pleased with you. When Allah is happy with your actions, character and manners, He will make you happy also. If not you can't be happy. Its important for a person to move on a way that makes Allah pleased with him. Not every way is accepted by Allah Almighty. No. There are endless numbers of ways which Allah doesn't accept. He doesn't like every which way that the servant goes, which is not asking for His pleasement. And every way that he goes, which is asking for the pleasure of Allah, is liked and welcomed by Allah Almighty. So we should check if it is for His pleasement, or not.

Allah is permanently watching His servant's actions and conditions, and it is obligatory for a servant to know, that He is always looking at every movement and action of the servant. Allah never leaves you. The one who is reaching, and asking to come closer to Allah, will find an easy way to the Divine Presence. He will be clothed with happiness. If the servant refuses to come closer, then hells will take him.

It is important in life, to ask to know, then to act. Ask, “For what have I been created?” Believe the answer, then occupy your ego with that purpose. To intend something for this life is nonsense. The person who lives for his Creator’s pleasure, is the clever one. Look for and at every occasion, in order to reach to a new act, that will bring you closer to the Divine Presence. May Allah make you successful, by making, Him, your Lord, be pleased with you.

Try to reach to please Him, so that He is pleased with you. If anyone is pleased with His Lord, everything will please him.

Likewise if a person is not making his Lord pleased with him, everything will be against him and enemies will run to kick him out.

Allah Almighty has said, “I will be pleased with you, when you are pleased with me.” (This was said to Musa (alai) on Mount Sinai about fourthousand years ago). This is so easy. “When you are happy with me, I am happy with you”. “When you love me, I love you.” This is big and timeless wisdom.

We are thankful to Allah Almighty for our good health, we also have a place to live in, we are eating, we have clothing, we have money, (and we are riding!). We have no reason to complain. We now say, “O Our Lord, we are pleased with you!” What about when things are not so good? What if He sends poverty or illness? We must also be happy with Him, then.

Even if we have any burdens or are in difficulty, we must say, “O our Lord, we are thankful.” “All praise to you.” “I am your servant.” At these times of difficulty it will be clear if you are happy with Allah Almighty or not. It is easy to say that you are happy with your Lord, then that means that He is happy with you. That is the wisdom of Musa (alai’s) revelation.

Hurry to make sajda, if you like your Lord to be pleased with you and if you wish to secure a safe end. Try as much as possible not to be heedless and try to be alert as

much as possible. One second of heedlessness may send you into a deep valley, thrown from the Divine Presence.

There are two ways. One is to be for the pleasure of Allah Almighty, the other to please your ego. There is no third way. All rights are for Allah only and every moment is also only for Allah. Not for the ego! Every breath should be for Allah, not for the ego. For your ego nothing! Yes.

The highest degree of belief, in the life of mankind, is to give the last decision, as first, to your Lord, and say, “Only I am for you my Lord, and everything I do is for you only.” “Every moment is for Your pleasure and every action I do, it is for You, O our Lord, to make you Happy.” Until this is our attitude we cannot live a good life.

Everyday, when you take your first step, when you place your foot on the ground, say, “O my Lord, I am stepping for you.” “Help me.” “With Your Divine Help, when you are pleased with me, I will be able to go against my ego, and even move huge mountains.” Yes, with Allah’s help you may do anything, and do it easily. So control your steps daily, and step by step, correct your steps, to reach to the Divine Pleasure of Allah Almighty.

Try to be for your Lord’s pleasure and pleasement. It will be forever. Whatever you do, do it for His pleasure, then He gives you pleasure. He likes this.

If His mercy oceans covers you from every direction, like a fish in an ocean is covered by the sea, no place ever dry, then you should be in perfect peace. To run away from His blessings and mercy oceans is like running away from green valleys full of water, to an unknown dessert. Our actions are like this, taking us away from streams of lights. Everything in this world was ordered to give you pleasure by the Lord of heavens, and not to give you problems. Whatever we are in need of should be ready and in front of us, so we are not to run after anything.

Allah said, “They are My servants, and they must be pleased with everything, and from

every direction they should be in pleasure, pleased with Me, so that I am pleased with them. Nothing may harm or hurt him, or give him sadness, no, only pleasure.”

## The Prediction of Grandshaykh `AbdAllah al-Fa'iz ad-Daghestani (q) to the late King `Abdullah

`Abdur-Rauf al-Yamani (q), head of the awliya from the seven holy ones, said, "Shaykh `AbdAllah, give me that money for your hijaz (travel). Your permission is only up to here, turn back." There, at that time the mufti was a Circassian and Grandshaykh `AbdAllah is from Daghestan and was his friend. He said to Grandshaykh, "King `Abdullah wants to see you." He agreed and went there.

King `Abdullah (r) did not like those who came to him with books and he often said, "That book you are reading, I can read as well! (However) a person who comes to me may speak to me directly, so that I may understand his knowledge." He (a guest) is your ancestor.

Grandshaykh `AbdAllah (q) was illiterate. The first time he sat with King `Abdullah, he said, "O Your Majesty, the King! You have an intention, but it is not the right time for it."

The king said, "How do you know this?"

Grandshaykh replied, "You had a dream; tell it to me."

King `Abdullah (r) said, "I had a dream in which I had plans to attack Haramayn ash-Shareefayn after the hajj season, to conquer it. But when I entered Rawdat ash-Shareef as an animal, a wild animal attacked me

and I didn't know how to save myself from it."

He is your ancestor (again indicating the person sitting near him).

Grandshaykh (q) explained the king's dream, saying, "As I mentioned, this is not the right time for it," and he later narrated, "He confirmed that."

The king replied, "What he says is true. If I had attacked they would have finished us."

Again Grandshaykh said, "Now is not the time for you, be patient."

Grandshaykh (q) gave him bay`a and returned from there. Afterwards, when I went there the following year, a mufti named `Umar Effendi Cherkessi came to Sham with his brother; King `Abdullah, peace be upon him, had sent them. At that time `AbdAllah Effendi (the king) said (to them), "I have my grandshaykh there, go to him for his instructions."

Grandshaykh (q) said, "Nazim Effendi, bring pen and paper." I brought that much white paper; he had me write in Turkish and he declared two matters. He said, "Regarding the first matter, he may discard that idea. The second matter of His Majesty, the King, is to advise him that there is no need for him to attend Jumu`ah or jama`at in the mosque." I wrote that and they may look for it in my papers. Shaykh Effendi (q) put his seal on it, and the mufti and his brother also signed it. I wrote it, as he called me. "No Jumu`ah and no jama`at for him either," he said. "He will not go to Jumu`ah nor will he be seen in jama`ah."

There was a movie shown here last night, in which King `Abdullah comes to Jerusalem and the head ones there said, "O Your Majesty, the King! Today is Jumu`ah, you have honored us here. We may pray Jumu`ah in Masjid al-Aqsa, if you order it so." The movie showed when he was coming with that crowd, Shaykh Effendi (q) said, "Don't go to Jumu`ah; no Jumu`ah for you!" That is my writing. I am not the witness, but I myself personally wrote it. He said, "Don't appear in Jumu`ah! And no need to appear in jama`ah either!"

The people are like this and that. I saw the Great One is coming with a huge crowd, and there was so much applause, but when he reached the door he saw someone firing a gun at him! One of these evil ones from these dogs aimed at him from the door! There is a dog-cursed one among them. There is no cursed one among Arabs, but evil non-Arab ones snuck in among them. They martyred the great king there!

These words we are speaking are strong and firm:

••••• •••••• ••••••• •••••••••• ••••••• •••••••••••• ••••••• ••••• ••••••••• ••••••• ••••••••• ••••• ••• ••••••• •••••••

Qaala dhaalika baynee wa baynaka ayyamaa ’l-ajalayni qadaytu falaa `udwaana `alayya w’Allahu `alaa maa naqoolu wakeel. He said, "Be that (the agreement) between me and you. Whichever of the two terms I fulfil, let there be no ill-will toward me. May Allah be a witness to what we say. (al-Qasas, 28:28)

I mean, they may not think these words we are speaking are from us. They can destroy forty kings! They are (vicious) hound dogs that should never be given a chance or they will do as they like.

Wa min Allahi 't-tawfeeq. May Allah send us Saahibu ‘l-Waqt. We cannot speak on his behalf.

Fatihah.

His Highness, the Prince was not born at that time.

(Guest: When you wrote that letter I was not born, but I was present when they martyred His Majesty, the King.)

I know. My letter is there. He may look at it from the archive.

(They stole so many things from the archive.)

I wrote it in Turkish; therefore, you can’t understand it (but it is there). The king can read it himself.

## Prepare yourselves for Paradise!

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.
(The) Prophet sws he was saying and everything from him, the Seal of Prophets, (the) most honoured and glorified one in (the) divinely Presence, S.Muhammad sws- Allah Almighty (is) giving His glorious respect to His most honoured servant, S.Muhammad sws.

If He is giving, what about for ourselves, if we are standing up? But there is some foolish, no mind, no Adab people, Wahabi people, when we are doing this, they are saying: “Shirk!” They are Mushriks! “Man kafara mu’min faqad kafara.” Who is making a Mu’min Kafir, he is going to be Kafir! If I can do, if I am able to stand up for the honour of that one up to (the) end of my life, it is nothing for the honour that Allah Almighty (is) giving to His most honoured servant S.Muhammad sws! But we are now in a time that is a period, (the) second ignorance time, (the) second ignorance.

One just passed away; it was before the time of the Seal of Prophets S.Rasulullah sws. Just he had been sent through a tribe that they were ignorant.

Everything they were doing, it was against (the) holy Commands of the Lord of Heavens. Shaitan was leading them. They lost (the) holy Books that Allah Almighty just sent to mankind to be guidance for them to His divinely Presence. Allah Almighty (is) saying- astaidhu billah- : “Inna li-llah wa inna ilayhi rajiun. We are coming from Allah Almighty, from His endless Territories just we had been sent and settled on this planet and we are going, coming back to Allah. Coming from Allah, going to Allah.

Now we are not knowing, how we are going to go Allah Almighty’s divinely Presence. That is the Day of Resurrection we are going to Him, to His divinely Presence. We don’t know anything! If they are not giving us to say something, we are ignorant ones- Meded, ya Sultanu-l Awliya! We don’t know, but the beloved ones, (the) holy ones, (the) Friends of Allah that (are) making me to address to people- not to you only, (but to people) through East and West- what they are giving to me, to my heart, I am going to speak to you and translate, or I am knowing nothing. Therefore listen and take your lessons! One verse, holy Verse from (the) Holy Quran (is) saying: “Inna li-llah wa inna ilayhi rajiun”, We are coming from Allah, going to Allah. That is very short translation.

Now you know that some people that they are commanders of nations, leaders of nations, and they are thinking that they are something, but they are nothing, but they... You know, o our brothers, you know that mirror... you know mirror? Don’t sleep! Mirror- if anyone (is) asking to look himself, (he is) putting that mirror and looking... “Better... looks like Adam Peygamber...” Yes, preparing such a people... sometimes they are making, inviting some people that they are also thinking that they are something- like that person who (m they are) leaders, whom (they are) leading nations- they are thinking that: “We are something!”

I am saying: “If you are something different from common people, why you are getting, going to be equal, going to (the) WC? Hah? If you are something else

from common people, why you are going to (the) WC, coming down? If you are something, you must not use (WC)! We are nothing, but you are something. We are nothing, we may go (to the) baitu-l raha, to take his rest.

“Eh, we are something.” Something! When (they are) calling (them): “Come!” “Yes Sir, just I must go to WC...” “No Sir, everyone here they are drunk people. I may bring a pot for you, no need there! Don’t move from your chair, because you are chairman... Or we may put a tube, put there... Don’t move, because you are something, people (will be) saying then (that) you are nothing. You are saying: ‘I am something’...”

Whole (people,) whom they are claiming: “We are something”, sometimes they are asking: “Yes Sir, I must get out a little, people may continue.” “Oh Sir, you are chairman, you are something here! Other people they are nothing, how you are leaving? We may bring this potty, you may sit down. (We are) putting (it) there, (you are) making in it, (and) when people they are going (to be) drunk, put (it) on their heads...”

Why I am making this? For understanding that whole people now they are thinking that they are something. Even (a) worker, (a) municipal worker that (is) brushing, sweeping. They are saying (to him): “Get away!” “You can’t say (anything) to me, because I am (a) municipal department worker. I have an honour! Who are you (that) you can say (this) to me?” He thinks that he is something also. From small ones to up! That is main object or main mission of Shaitan: To make people to think that: “You are something.” And he is nothing. No one (is) saying: “I am nothing”, everyone (is) claiming: “I am something, I am that one.”

O Sheikh, say (it) more clear, say that whole ones (are) claiming to be VIP. Ha! VIP- very important. Everyone (is) thinking that he is VIP, (a) very important person. Allah Allah... Sit down! I am forgetting when such a foolish one (is) moving there...

Everyone's target , man or woman: they are trying to be (a) VIP person. Everyone! Shaitan (is) saying: "You must be VIP also! Why they are VIP? They have 4 legs, more than you? How they are going to be VIP? He is like you, 4 legs?" "No." "Tail?" "No tail." "How they are claiming: 'We are VIP'? What is that?" Hassili kalam: Shaitan (is) trying to make everyone to claim that: 'I am VIP person', so that, o my listeners, I don't think that you are VIP people, coming here, no! First level people (are) coming to listen to me. VIPs, if they are coming, I am speaking another language for them, (so) that they should ask to escape! I am not leaving them: "Sit down and listen to me!"

Pharaoh that he was claiming: "I am your Lord" he was getting out to (the) toilet (every) 40 days once. That is through traditional knowledge. And he said: "Oh! People daily they are getting out 4o times. I am getting out 4o days once, therefore I am another one. I am not same, I am not on your level, therefore I am your Lord!" And everyone they are claiming now to be VIP.

For what so many universities, so many high schools, so many colleges, so many masterhood or doctorhood or muktorhood...? So many... X.! You have doctorhood? Eh... "Make as much as possible" Shaitan (is) saying to them "more and more universities!" Only their main target (is) to make people to claim that: "I am a doctor", "I am a professor", "I am such and such person".... They are not opening to make people to learn something and to work and to give their benefits to people, because hundred thousands of students, all of them they are asking to be official people, to be employed by (the) government and it is impossible. It is impossible, but they are reaching, only they are taking their diplomas, making like this, photograph... (to be seen) that: "We just graduated" and on their heads (they put a) black hat, I don't know what is that... (They are) putting (it) and saying: "Eh, now I am something"...

(The) main target of Shaitan (is) to make people to claim that: "We are something" and they are nothing! We are trying here to make people not to claim

that they are something! Fana-un fi-llah, fana-un fi Rasulillah, fana-un fi Awliya, fana-un fi themselves. They are knowing that we are coming from (the) earth, going to (the) earth, going back. Therefore they don't like Tariqats, because mainly Wahabi people, they are very rich ones, how they can be...

If (one is) coming to me to be nothing, I am giving (him) a brush: "Go (to the) toilet and clean it!" "Oh, what is that? I have such a position, not billions, trillions and you are saying to me: 'Take this brush and clean'? What is that? That is Shariat for yourself?" "Naam, I know Shariat, you don't know!" Anyone who can come for discussing for me, in front of me, I am teaching them- through East and West- because I am nothing! Everyone who (is) coming (and) they are claiming (that) they are something, I am making them nothing, therefore they are escaping.

O people, we are making a long introduction, then we must open (the) first page of our speech now... "Oh Sheikh, now you are asking to begin? Up to Asr...!" "Don't speak, we shall look what Sheikh (is) saying"... Yes Sir, that is (the) introduction. It is not too long! If I am going to make an introduction from this day, for today up to next week, (it is) never finishing. Next year- not finishing... But we are coming to say some words, then you may think on it. If you are understanding, what we are saying, you may do something for yourself.

Yes, VIP people, sometimes, or (from) time to time, they have some parties; parties for some occasions and they are creating so many reasons to make a night (a) Gala Night. What is that...? Happy Birthday Night... National Day Night...Crowning Night... winning our parties Democrats Party Win Nights... Aristocrat People Nights. Oh, it is not enough 365 nights, they can do every night so many!

I mean to say: they are sending some invitations, yes?- Not sending to me! "Who is that? Hah! No need such a person!"- Sending (an invitation) to special

people, private people, that his Majesty or his Excellency Bush, his Excellency President (is calling you)... Alhamdulillah, (it is) not written: “His Holiness (is) calling you”, no! (They are) calling people for such occasions to come for a dinner, (a) Gala Night... I (am) never understanding what is (this) Gala Night... “O Sheikh, even you don’t know cocktail?” “Hah, what is cocktail? Ya Hu- cock- kukurikoo, it is with tail and so many colours tail it has...” “You don’t know?” “I never been with such a people, they (are) never calling me to be with them through cocktail... .”

There is cocktail for every occasion. They may do it. They may do it even every week, yes? But Gala Night it is not so... some nights (are) special nights, it is not so quickly, but cocktail party... “Tonight there is a cocktail party in (the) HiIton Hotel” yes, for example, (the) Hilton... eh. Then (it is) written under that invitation (for) ladies, how they should dress and men, how they should dress. Yes? Ladies, as much as possible, if they may come naked, it is much better... but men, they must put under their (belly)... downstairs, they must (tie it), because so many ladies, it is... Cocktail party, for ladies, as much as possible décolleté... If they may come nighttime, when they are lying through their husbands, better for us!

Some old ones that (are) putting one eyeglass... “O my Darling”, and his wife also (is) 90 years... he is 95 and (he is) saying: “O my Darling, I like to dance with that one!” “You can’t do that! I may do with you!” “No, anyone else may go with you, may dance, but I am looking someone! I may go and ask” and two persons (are) keeping him, bringing (him) to that table, saying: “O Mademoiselle, o my Darling, you are so beautiful!” Because he is drunk, drunk, (he is) saying: “So beautiful! I like to dance with you!” “Thank you, Monsieur, but I am looking you can’t stand up by yourself, you need two persons...” “(It) doesn’t matter, Milady, I may dance with you! If you are looking (that) I am falling down, catch me and I catch you!”

This (is) another introduction, Tauba Astaghfirullah, Astaghfirullah al Azim wa atoubu ilayh... Doctor, you know better- American... Eh, Pakistan people Fukara, new learning, new learning and they are coming to cocktail, people, they are using also white flower, putting on their faces to be seen white... or (the) white Mademoiselles, Mrs., (is) not coming to dance with them... Ja?... Don't worry, you are not going there, you have (a) big heard, (they are) saying: "From where (is) coming this one, from (the) chapel?" Chapel, you know? (It is a) small church. When you are putting like this your turban, (they are) calling you inside...

They are doing this for such an occasion. That means: Men, they should use a suit in such a way, ladies, they are free. And then people (are) preparing themselves, men and women, to be as (it has been) ordered through their invitations. If not, (the) (doorkeeper) border (is) saying: "Where you are coming (to)? Here is not stable, you are not coming to cattle's place, you can't come in such a way, you must use that suit!" Making him to get away. That means: for that feast they have some conditions that: Not anyone with any suit may come here! (And so they are) preparing themselves for that occasion.

We are saying, now we are coming first what I am saying, making this, that you can understand: We are coming from Allah and going to Allah, jalla jallalahu wa jallat azamatuhu.. Sultan Sensin!... Whole Prophets (are) coming for teaching you, o mankind, the Day of Resurrection, how you should be in (the) divinely Presence! It is a long travelling to reach that point. "O people, the Day of Resurrection, Yaumu-l Qiyama, you should be in (the) divinely Presence- how you should be, we are coming to teach you that one!"

That is their missions, but people, they are following Shaitan, not following heavenly Messengers, therefore cursing (is) coming one after one, one after one... ever seen, ever heard cursing (is) coming on people. O people, follow Prophets and their inheritors, to learn tomorrow how you should be in (the)

divinely Presence. Not to go dirty in(to the) divinely Presence. Try to be clean in His divinely Presence, (the) divinely Presence of the Lord of Heavens!

May Allah forgive me! They are making me to speak in such a way that you can understand (the) final point: You must follow someone to teach you, how you should prepare yourself (for) that Day of Resurrection, Yaumu-l Qiyama, Yaumu-l Hashr wa karak (?), that the Lord of Heavens (is) going to make His Judgment Day, sending people to Paradise, sending people to Hells. Try to make your Lord happy with you, come clean to His divinely Presence, to be your way to Paradise! Don't go dirty and to be sent to Hells!

May Allah forgive me, forgive you, for the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha...
Allah Allah, Allah Allah, Allah Allah, Aziz Allah...
Allah Allah, Allah Allah, Allah Allah, Karim Allah...
Allah Allah, Allah Alah, Allah Allah, Subhan Allah...
Allah Allah, Allah Allah, Allah Allah, Sultan Allah. Sultan Sensin. Forgive us!
O our Lord, clean ourselves from shaitanic works, from shaitanic ways, from shaitanic ides, to be only for You! O our Lord, forgive us. Fatiha!

## THE PRESCRIPTION OF THE SHEIKH and practices differ ACCORDING TO THE INDIVIDUAL

The moment you come together with your guide, he will give you, just like a doctor gives you a prescription, the training necessary for you and your personality will be given. That is a secret between you and your guide. It could be suitable only for you and not for others.

Practices differ according to the individual. There are so many methods, and the teacher or guide may appoint for each follower an exercise that is suitable for him or her. Once the follower has received his practice he must follow it carefully to derive benefit from it. But when speaking about a practice we must clarify our intended meaning. Practices are of two kinds: those performed by the body, and those performed with the heart. In other words some practices are spiritual and others are physical.

The practice of the heart is the most important of all, more important than anything we may do with our physical bodies. The matter is really quite simple and easily understood. You may engage in a practice, be it the Islamic practice of prayer (Salat, Namaz), the practices introduced by Mr. Gurdjeff or any other practice – as long as it is

only a set of physical motions you can derive from it nothing for your soul. Mere physical practices cannot suffice you. After all your practicing you may find that you are unchanged, the same person you were before. Your personality, your inner characteristics, will change only when there is a change of heart.

The secrets of a man's heart are made evident through the personality and its characteristics. When a weed is pulled with little care, attention and knowledge, the root is left in and it grows back again. Physical practices without a practice of the heart are like this: the root of the problem always remains.

# THE PRICE OF BEING WITH ALLAH

Allah, Allah, Allah, Allah, subhan Allah... Our Zikr reaches from here up to the Divine Throne even though we are so small. Beside the greatness of this universe you are less than an atom, but Allah Almighty has given you the understanding to be able to know Allah. You are so small, but when you say, "Allah, Allah..." the greatest name, it reaches the Throne.

What is the benefit of being in an association with a sheik? The heart of the sheik is with his grandsheik. The heart of the grandsheik is with the heart of the Prophet. And the heart of the Prophet must be with Allah. That is how you can reach Allah. Our meeting takes us to His Divine Presence and blessings come on you.

Shah ul Naqshband is giving us from his lights. He was the main pillar of the most distinguished Naqshbandi Order. If a tent doesn't have a pillar in the centre, it will fall down. In the same way the main pillar of the Tariqat holds it up. And that is Shah ul Naqshband. People like him, who were very great, were also very anxious to be simple, or even unknown. They did not want to be famous. They only wanted to be in the Divine Presence of the Lord.

Whoever wants to be with Allah must pay. The price you pay when you come to this Priory is your ego. Your ego fights you. You have to push it and pull it to bring it here. Your ego would never come by himself.

Wherever you go, you have to pay. You will not find the same price everywhere. Some places are very cheap and some very expensive. Whoever wants to be with Allah must pay. He doesn't ask for money or gold or jewels. He wants a sacrifice. Make a sacrifice and come! What kind of sacrifice? A camel? Or a sheep or a cow? Or a goat or a cock? He doesn't need sacrifices like that. No! He wants your ego to be sacrificed.

When you have given your sacrifice, you may be with Allah. As long as you are with your ego, you cannot be with Allah. The Holy Quran gives everything, you can find everything in it, but we are speaking on our level, according to our understanding. The Holy Quran gives the Seal of Prophet something and it gives something else to another prophet. But other prophets cannot reach the oceans which the Seal of Prophet was granted with the Quran by Allah Almighty. A small vessel can pass through the Baltic, but it cannot move into the Atlantic. For that you need a transatlantic boat. In the same way, where the Seal of Prophets enter, the other prophets cannot enter. Where the prophets are entering, the companions cannot enter. Where they enter other holy people cannot. Scholars have another ocean of the Holy Quran which no others can swim in. We are the lowest level people for the understanding of the Quran.

That is why I am being asked to speak in a most simple way, so that people will understand easily. Sometimes people can come with another level and I can speak to them too, up to the level of Archangel Gabriel. Grandsheik can speak on all those levels, I am only translating his words to you. Even this what I am saying now is being given to me, I do not know in advance. They give me what you need.

Everything is in the Holy Quran. Allah has no partner. That means, there is no-one else in existence, except Him. He is the only Real-one existing. Our egos claim that they are also in existence. Allah doesn't accept to have a partner, so the ego has to go. Sacrifice your, and then go to Allah. That is a command from Allah Almighty.

It is wellknown that when the children of Israel were worshipping the golden calf, Allah Almighty was very angry with them. He ordered for them to be killed. They understood the meaning of it. But the way Holy-people understand this additionally, it is a command for all nations to sacrifice their ego to their Lord. But we are all full of ego. Everyone represents their ego instead of representing Allah Almighty.

Allah Almighty made the children of Adam his Calipha. That means you must represent the Lord of Heavens. You must be on behalf of the Lord of Heavens. You must be his representative. But no-one is representing

Allah, everyone wants to represent his ego! Shah ul Naqshband is bombarding our ego! In a million you cannot find one person who is representing the Lord. They are the Holy-ones and Allah Almighty is with them. That is the whole story. The Naqshbandis are calling all people to represent Allah Almighty. It is so simple, but so difficult.

May Allah forgive us and bless us. In the Greatness of Allah how can we claim to be anything? But if you sacrifice you will be something, you will be with Allah. When you represent Allah, Allah will represent you.

# Pride Denies Even the Miracles

A`udhu billahi min al-shaytan al-rajim.
Bismillah al-Rahman al-Rahim
La hawla wala quwwata illa billah al-Ali al-Azim
Allah, Allah! Subhan Allah.

This is a holy month and a holy day today. That it is [the] most important miracle, not only for the Seal of Prophets, but from [the] beginning up [to] today. How many thousands [of] Prophets! – they came and they have been sent by the Lord of Heavens; and each one, also, they have been granted miracles. Miracles: it is only [a] means to make people to [be] satisfied [with] what that person [is] claiming as his prophecy and his messengerhood, or for his message – that he has been sent by the Lord of heavens.

But always, people when they are under the hegemony or under the control of their egos, they were refusing. That is their egoistic characteristic. Because man – every man – they have ego, nafs. And nafs – [the] first characteristic of [the] ego is to be proud. That is the biggest cursing that [is] carrying on anyone! [It] is the worst characteristic, and [what] is easily making curses coming on their head: to be proud! And Allah Almighty never likes [for a servant] to be proud. [You are] a servant! A servant! [You] can't be proud!

But pride is most important characteristic of ego, to say: LA ILAHA ILLA ANA [No god except I]. [Addressing someone] X.! Don't sleep.... Astaghfirullah. That is kufr; that is shirk; beyond shirk also. Whoever says la ilaha illa ana [is] refusing the existence for the Lord of Heavens; not asking to be on an equal position with the Lord of Heavens, no; "la ilaha illa ana" – ha-ha! [It is the] worst characteristic that is making people to be thrown away from the Divine Presence. Servanthood. It is the main characteristic that the Lord of heavens [is] asking from His servants, from His creatures. He is asking: "Declare that you are My servants!" {ALASTU BI-RABBIKUM?} ["Am I not your Lord?"] [sheepish voice, broken posture:] {qalu bala} ["They said: yes."]

Am I your Lord? Their Creator. The greatness that was covering that assembly, ijtima` – no one can be able to [raise] their eyes a little bit up. [They were] saying: [meek voice, cowed posture] "Bala, bala." As is mentioned through Holy Qur'an – Do you recite Holy Qur'an? Hahaha. We are reciting [nodding head as if to mean "merely with the tongue"]. Asta`idhu billah. Say: {Wa rafa`na fawqahumu al-tur.} ["We raised above them the mount of Tur."] (4:54).

["Them" meaning] Yahud, Jews, the children of Israel. They're [the] first, [the] first or highest level to be refusing servanthood and to claim that they're something. Moses, peace be upon him, [was] bringing Holy Torah and asking from them: "That is your Lord's commands to you, O servants of our Lord." They [were] making: "mm, ah, er, uh, oh, wha, nn [stammering noises signifying stalling and denial], we're accepting, [but] from where you did you bring this....?"

{Wa rafa`n fawqahum al-tur!} [And We raised above them the Mount of Tur.] Allah Almighty, with His endless power, was taking the mount of Tur up like [an] umbrella: "[Are you] ACCEPTING OR NOT??" [Immediate prostrating gesture] [They were] falling down, accepting by force. They were so very fearful, making like this [prostrating] and like this [glancing up sideways] [to see] if the mountain is coming [down] on their heads! When when they are making sajda [today], they are doing also like this. Yet [today] they are [still] doing this.

Astaghfirullah al-`azim. By force, ego is going to accept! When the mountain was coming [back] to its place, again they were beginning to say, "Oh, why, why... maybe this was a dream?" And their children, their generations are saying, "It can't be, it can't be, for this [mountain] to get up, a huge mountain, to stand from its base, to get up [gesturing upwards] and to be there! [With mock-earnest nasal voice:] "Be-cause-gravi-ty-

ne-ver-accepts-such-a-thing!" Uh-huh. "Gravi-ty! Oh! Even this [Throws his tasbih in the air] must come down, must fall down!" They are not valuing what we are saying. Their ancestors are saying, "Don't say this." "[But] We were there!" "Perhaps you were dreaming this. Can't be! Bring a proof that a mountain can be taken up by itself or by someone that we are not believing, to be on your head like an umbrella. Perhaps you were dreaming or, [out] of fear, you were imagining a mountain may fall on ourselves.'"

The begininng of materialist philosophy, materialist principles. Materialism from our Iraelite brothers. All of us from the same root, but branches [are] different. And branches are going to be like brothers. Never accepting. Can't be. And Allah Almighty is showing, it is not only for Israelite people, but showing that everyone's ego is of the same type. No different. The characteristic of ego – asta`idhu billah: {Inna al-nafsa la-ammaratun bil-su'} "Truly, the soul ever commands evil" (12:53). Never, unchangeable characteristic for the ego: to order to you, ordering [you] not to believe in anything. Don't do anything for anyone else, only for me. I am – if you are asking for a lord, I am your lord. If you are asking for anyone to be worshipped, I am that one. Never changing from the beginning up to today, the ego. So proud! Even not accepting its Lord's existence, saying: "No. La ilaha illa ana"; astaghfirullah.

A`zamu al-bala' – that is carrying the biggest cursing on the people. Therefore the Lord of Heavens [is] asking to teach people, to train people, to give everyone's right to their owners. Your ego, what is right you must give. No more. If you are going to give more, you are going to be zalim – oppressor eating the rights of others. Coming for training people to know their rights. First, rights of the Lord of Heavens that created you and created everything. You must give first His rights. Not anyone else's. No. If you are passing, not looking that rights, don't ask that anyone is going to give rights to you, everyone is going to be oppressors for you.

Now people [are] in it; because they left heavenly orders, heavenly commands. Because they are like the first tribes of the children of Israel, they are saying la ilaha illa ana, and at least they were doing, to get a satisfaction through themselves, they are making a Golden Cow. Because common people [are] always asking to see something, to look to that one and to touch and to hear from that one. Our ego's characteristic. If leaving them as they were claiming, after a while, that idea is going to be changed. They should ask for something that they may look at, they may touch it, they may hear it, they may see that one. Because they are never going to be statisfied if they are not seeing, looking and touching. That is materialism that destroyed whole heavenly beliefs. And people [are] on it now. Therefore, cursing [is] every day coming on earth, today

one, tomorrow seven times, after tomorrow seven times [more] curses coming. Tomorrow, after tomorrow... double, double cursing coming.

What is your opinion for governments and nations? Every day they are coming into a better condition or everything getting worse, and worse, and worse? Bad situation growing up and troubles climbing, suffering climbing, and miseries coming through whole people.

La hawla wa la quwwata illa billah al-`ali al-azim. Yes. First man. He did a khata' - mistake. He did a mistake because he did according to his ego, and mostly egoistic character [is] through women. Through traditional knowledge, Allah Almighty is making the power of ego ten parts, giving one part for men, and to women nine parts. Then making `aql [intelligence] ten parts, giving nine parts to men and one part to women. Come and say to me: "Ee-qua-lee-tee" for women and men!

But people, they are drunk now. Drunk from their ignorance. Ignorance is a dark cloud – dukhan [smoke]. We can bring ta'wil [figurative interpretation]. For understanding, we may bring some words on some words [of] Holy Qur'an al-Karim. "That should be covered" [{But watch thou for the day when the sky will produce visible smoke that will envelop the people (44:10-11)}]: one of the big signs of Qiyamat, last days – [a] big sign that should be a smoke, a smoke that is going to be dark, covering the whole world from East to West, from North to South, and people – unbelievers are going to be like drunk ones, only that smoke, that darkness is never going to affect believers. Believers, they should have a majal, atmosphere, private atmosphere that you should be in it. You should be in a special situation [where] that is never touching to you - that smoke, poison, darkness, [is] never touching you.

We can bring an opening with another verse/words; and it is true, it should be, what Allah Almighty said: that dukhan, that smoke should cover all the world. It is Ok. It should be [that literal meaning] but also we may give an example. We may give a new teaching, a new understanding from that: that there should be on earth [such] darkness that every religion's light just extinguished, therefore the whole world is going to be in dark darkness. Only as stars through dark darkness of space, the skies – they are keeping their positions, their lights clearly – its is clear you can see them; also, Believers, through that dark darkness, poisoned darkness, they should be in safety; their faith, their beliefs' lights [are] going to be seen, and others [are] going to be unseen through [the] dark darkness of that smoke. Now people [are] in it.

It is an understanding [of Tafsir] also. And Allah Almighty knows, and His Prophet knows, and who[ever] the Prophet may give a light may understand. The Holy Qur'an is not an ordinary book. You can find everything in it. But people are never touching such mean[ing]s, or they aren't able to dive through the oceans of Holy Qur'an. Now, people through that dark darkness. And coming also, as it is informed – because this preparing that poisoned smoke. That, as Prophet's explanations [are] giving us, never harming Believers that darkness or that dark smoke cloud because they have lights of their faith keeping themselves. But others should be like drunk, or dying to pass away.

May Allah forgive me. We were speaking on [the] characteristic, the worst characteristic of our ego: to be proud. A proud person, fighting to his Lord. [Behind] every sin, every fighting, every evil [lies] that characteristic; because they are proud and they are fighting. Proud people are never accepting peace, either in themselves or in others. Therefore I am running to Allah from their sharr - from their harms, evils. I am asking protection, not to leave me to the hands of my dirty ego. That is the summary of Prophet's hadith sharif, good perfect advice: Allahumma la takilni ila nafsi tarfata `ayn. O my Lord, do not leave me in the hands of my ego, because to be in its hands means to fall into a dark darkness of egoistic dirty worlds, dirty situations.

May Allah forgive me and bless you for the honor of the most honored one who was teaching whole nations for their eternal lives, calling them to enlightened worlds, endless lightened worlds that the Lord of heavens prepared for them through their eternal lives, for Eternity, Eternity - Subhan Allah - Abadi, Sarmadi!

May Allah forgive me. Ya Rabbi, forgive us! For the honor of the most honored one whom You have honored with the Night-Journey and granted that which noone can grant to anyone else. From Your grants we are asking humbly for a protection and shelter from our dirty egoes and evil.

Amin.

For the honor of that one.
Bi-hurmat al-Fatiha.

## Prince Charles, Hero, Defender of Truth

May Allah the Almighty bless Her Majesty the Queen and give her the Divine Present: the most respected belief. Grant her and her Royal Family to be helpers and supporters of Islam.

We are seeing that Her Majesty's son His Royal Highness Prince Charles is always praising Islam. We never hear such praise from Muslim presidents. But Prince Charles, like a hero of Truth, accepts Truth and praises Islam. Whoever praises Islam must undoubtedly have Islam and Ihsan and Iman in his heart. May Allah bless him and make him this country's Muslim Sultan. Support him with your votes and with your prayers. Ask Allah the Almighty to support him and to put him in power soon so that he may be a Defender of Truth and a Defender of Islam. ## A Message to the Royal Family of Perak about His Royal Highness, The Late Prince Raja Ashman

Bismillahi ‘r-Rahmani ‘r-Raheem.

As-salaam `alaykum, yaa Sultanate of Malaysia, Perak Sultan. I am sending my greetings and I am knowing something, as I sent with my son, Shaykh Bahauddin, about His Holiness, Raja Ashman. He was not from people of dunya. His heart was always with his Lord, Allah Almighty, wa Rasoolullah (s)! He was so happy to be with such a people who belong or give fida, to sacrifice his soul for holy people and for the Seal of Prophets (s). He was so maqbool, an accepted one, among People of Heavens, and he has some secret services that are always going around the world from east to west and from west to east!

He was such a humble one, and his humbleness took him to such high ranks of the forty well-known ones. Therefore, he was taken away before Mahdi’s appearance and we hope that he will be seen when Mahdi (a) comes in such a way that carries heavy, heavenly responsibility for the Ummah; and therefore, he was seen in Damascus, the center of the forty holy ones. It is a high honor that very few people reached from a sultanate people (of royal blood) and we are happy that this grant from Rasoolullah (s) was granted to them, because they are belonging to his way, sulala, the family of Rasoolullah (s)!

And we hope that he is to be seen in the time of Mahdi (a), as before or more than before, he was taken for

some services that he can't carry while among people, and therefore, he was taken away and is now among holy people, where he is happy and holy and in pleasure to be with them! And he is always with his holy family of Rasool (s) and also his sultanate, Sultan of Perak, and all royalty and all nobility. He is sending his greetings to them and may be seen in that Mawlid, (where) seven people are going to see him. I don't know who, I know nothing, but we have been also ordered to be ready with forty ones, in that holy majlis. Therefore, they may come in different dressings and no one will know except who already know them. And if any one of them comes to be ready from among anyone's people, let him come to be ready (now)!

May Allah (swt) bless his royal family, and His Majesty, King Aslan Shah, and Raja Muda also. Allah blesses them! That gives them honor; it does not take honor from them. People of the forty sacrificed people are happy with the royal family of His Majesty the King, Azlan Shah Sultan of Perak. I am also giving my greetings to them as they are oolu'l-amr. I am kissing the hand of His Majesty the Sultan. We have an oath to keep sultans in Malaysia, wa bil-akhas, especially His Majesty, King Azlan Shah. May Allah bless all of them, and here and Hereafter may He take them to high ranks throughout this life and the Next Life, to be with the Prophet's caravan. If granted for me to be there, and with my jismaani hayyaat I was there; if not, our spiritual shaskhsiyya, personality, and forty others will and must be there, for the blessings of Perak Shah Sultan Azlan Shah and his royal family.

Allah Almighty blesses them and there will be no worry for them here in this world or in the Hereafter! They are giving to me their high respect, and I am nothing. They are giving that grant to me and I am blessed, asking shafa`ah for the entire royal family from my Lord, Almighty Allah, and from the Highest One in Creation, Sayyid al-Awwaleen wa 'l-Akhireen!

May Allah (swt) forgive me.

Salaam `alaykum to the Royal Family of Perak. Only I am saying to send one coconut tree and haha, they must be happy! When I was small one, my father sometimes brought one coconut, and when we got that it was like `Eid for us! So when the people Shaykh Nazim is asking bring one coconut, even with no teeth I must try it!

Salaam `alaykum. Be happy Your Majesty, King of Perak, Azlan Shah. No one has been granted as you have been granted! May Allah bless you and His Best One, Rasoolullah (s). May Allah Almighty give them more

honor and tumaaneena fi'l-qalb, satisfaction. Yes sir! That is my small bayanat, declaration for them. My greetings for everyone who has attended. All sultans and every sultan that is coming, that was granted to me when I was there, I am behind them, defending them, and I am kicking that which is against sultans. Try to be on the right way of Allah Almighty, about which He said to His Prophet (s):

••••••• •• •••• •• •••••

As-sultan zhillullah fi 'l-ard. The Sultan is the Shadow of Allah on earth. (at-Tabaraani and Bayhaqi)

(It is not for us to follow) democracy, and I am very angry with (those who do), and now heavenly revenge is coming on them! They may recite that which Allah Almighty is saying, Bismillahi 'r-Rahmani 'r-Raheem:

••• •••••••• •••••••• •••••••••• •••• •••••••••••• ••• ••••••••• •••• ••••••••• •••••••••••• •••••••••• •••••••••• ••• •••••••••• •••••• ••••••••••

Yaa ma`ashar al-jinni wa'l-insi in in istata`tum an tanfudhoo min aqtaari's-samawaati w 'al-ardi fa 'nfudhoo laa tanfudhoona illa bi-sultaan. O you assembly of jinns and men! If you can pass beyond the zones of the heavens and the earth, pass! Not without authority shall you be able to pass! (Surat ar-Rahmaan, 55:33)

Everyone that is against this, their mawqi`a maqaam, positions are coming down, down, down, and who is going to be with sultans, their maqaam, stations, are going to go up, up and up! thumma as-salaat wa 's-salaam `alaa rasool ath-thaqalayn! I am a weak servant of Allah, asking du`a of everyone, and may Allah bless you and the entire community of al-Habeeb (s).

al-Fatihah.

•An Seine Majestät Sultan Azlan Shah

---

Bismillahi r-Rahmani r-Rahim. As-salamu alaykum ya Sultanat von Malaysia, Perak Sultan. Ich sende meine Grüße, und ich weiß etwas, wie ich vorher meinem Sohn Shaykh Bahauddin gesagt habe, über Seine Heiligkeit Raja Ashman. Er gehörte nicht zu den Leuten der Dunya. Sein Herz war immer mit seinem Herrn Allah dem Allmächtigen. Für Rasulullah (saws), und er war so glücklich, mit solchen Leuten zu sein, die dazu gehören oder Opfer geben, ihre Seele für Heilige opfern und für das Siegel der Propheten (saws). Und er war

so mak'bul, anerkannt bei den Leuten der Himmel. Und er hat einige geheime Dienste, die immer in der Welt herumgehen von Ost nach West, von West nach Ost. Und er war so demütig. Und seine Demut brachte ihn in die hohen Ränge der 40 Leute, Maqam Arba'in. Sie sind wohlbekannt. Deshalb wurde er hinweggenommen vor Mahdi (as), und wir hoffen, daß er gesehen werden kann, wenn Mahdi (as) kommt. In der Weise, daß er schwere Himmlische Verantwortung trägt für die Ummah. Deshalb wurde er in Damaskus gesehen. Damaskus ist das Zentrum der 40 Heiligen. Und es ist eine hohe Ehre, die sehr wenige Leute erreichten von den Sultanatleuten. Und wir sind glücklich, daß diese Gabe von Rasulullah (saws) ihnen gegeben wurde, weil sie zu seinem Weg gehören, zur Sulala, Familie, von Rasulullah (saws). Und wir hoffen, daß er in der Zeit Mahdis (as) gesehen wird wie vorher oder mehr als vorher.

Er (Raja Ashman) wurde genommen für einige Dienste, die er nicht unter Leuten ausführen konnte. Er wurde von Heiligen hinweggenommen. Und er ist glücklich und heilig und voller Freude, mit ihnen zu sein. Und er ist immer mit seiner heiligen Familie Rasuls (saws) und auch mit seinem Sultanat, dem Sultan von Perak und allen Leuten, die dazu gehören, königliche Leute und edle Leute. Er sendet ihnen seine Grüße. Und vielleicht wird er gesehen während des Mawlid zu seinem 40. Tag. 7 Leute werden ihn sehen. Ich weiß nicht, wer. Ich weiß nichts. Ich weiß nichts, aber uns wurde auch befohlen, bereit zu sein, zu den 40 zu gehören in dieser Heiligen Majlis, in diesem Rat. Deshalb mögen sie in verschiedenen Kleidern kommen. Niemand weiß es, nur wer sie kennt. Wenn jemand bereit ist von den gemeinen Leuten, soll er kommen. Er soll kommen und bereit sein. Möge Allah (swt) seine Königliche Familie und seine Majestät den König Azlan Shah und Raja Muda auch segnen. Allah (swt) segne sie. Das verleiht ihnen Ehre, es nimmt ihnen keine Ehre. Die Leute der 40, die 40 Heiligen, 40 opfernde Leute. Sie sind glücklich mit der Königlichen Familie des majestätischen Königs Azlan Shah, des Sultans von Perak. Ich gebe auch ihnen meine Grüße, da sie Ulul Amr, muslimische Herrscher sind. Ich küsse die Hand seiner Majestät des Sultans, und wir müssen einen Eid einhalten, den Sultan in Malaysia zu erhalten, besonders seine Majestät den König Azlan Shah. Möge Allah • (swt) sie alle segnen und sie hierhin bringen und danach in hohe Ränge in diesem Leben und im nächsten Leben mit der Propheten-Kafila, Karawane, sein lassen... mit der Karawane.

Wenn mir gewährt wird, mit meinem physischen Körper dort zu sein... Mit meinem physischen Körper, werde ich dort sein. Wenn nicht, unsere geistige Persönlichkeit und 40 andere werden dort sein. Sie müssen dort sein. Um Azlan Shah zu segnen, den König von Perak. Sultan Azlan Shah und seine königliche Familie. Möge Allah (swt) sie segnen. Keine Beunruhigung für sie hier und im Jenseits. Sie geben mir ihren höchsten Respekt. Und ich bin nichts. Sie geben mir diese Gabe, und ich segne, erbitte von meinem Herrn dem

Allmächtigen Allah und vom höchsten in der Schöpfung, Sayyidi l-Awwalin wa l-Akhirin Shafa'at, Fürbitte, für die ganze heilige Familie. Möge Allah (swt) mir vergeben. As-salamu alaykum, königliche Familie von Perak. Ich bitte nur um eine Kokospalme. Als ich klein war, brachte mein Vater mir manchmal eine, und dieser Tag war wie ein Eid, ein Fest für uns. Deshalb muß ein Baum für Shaykh dort sein. Shaykh bittet darum, auch ohne Zähne, aber ich muß sie versuchen. As-salam...
Seid glücklich, euere Majestät König von Perak, Azlan Shah. Niemandem wurde gewährt, was euch gewährt wurde. Möge Allah (swt) euch segnen und seine Gesegneten sind glücklich... Rasulullah (saws). Möge Allah (swt) ihnen mehr Ehre und Zufriedenheit in ihre Herzen geben. Jawohl, mein Herr, das ist meine kleine Erklärung an sie. Meine Grüße an alle, die hadaru, anwesend sind. Es sind alle Sultane anwesend, und jeder Sultan, der kommt, gab mir, als ich dort war... ich bin hinter ihnen... hinter ihnen und den Sultanen. Ich verteidige die Sultane. Ich trete gegen alles, was gegen Sultane ist. Sie sollen versuchen, auf dem rechten Weg Allahs des Allmächtigen zu sein, über den Allah der Allmächtige zu Seinem Propheten (saws) sagte: Sultan Dhilullah Fil Arda. Schatten des Herrn der Himmel ist der Sultan. Nicht diese Demokratie. Ich bin sehr ärgerlich mit ihnen! Es kommt eine Himmlische Vergeltung auf sie herab. Sie mögen rezitieren, was Allah der Allmächtige sagt: "Bismillahi r-Rahmani r-Rahim. Ya Ma`shara l-Jinni wa l-Insi Ini Astata`tum an Tanfudhu Min Aqtari s-Samawati wa l-Ardi Fanfudhu La Tanfudhuna illa Bisultanin" (55:33). Jeder, der dagegen ist, deren Positionen werden heruntergebracht, herunter, herunter. Die mit Sultanen sind, deren Maqams, Stufen, werden hoch erhoben werden, hoch, hoch in die Himmel! As-salamu alaykum. Thumma Salat wa Salam Ala Rasul Thaqalain Sayyidina Muhammad. Ich bin ein schwacher Diener. Ich bitte um Duas von allen. Möge Allah (swt) euch segnen und euere Gemeinschaft, Ummatu l-Habibi (saws). Fatiha.

## Problems Start with the Rejection of Divine Servanthood

... We are just reaching, from the last three holy months, shahr al-Ramadan. Rajab is for Allah Almighty, Sha`ban is for the Seal of Prophets (s), and Ramadan is for Ummati Muhammad (s)!

That is our glorifying for our Lord, our Creator, Allah (swt). (...)

O People! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. The Lord of Heavens, the Creator of all Creation on Earth and in Heavens, everywhere, from the Eternal, the First and the Last, also. Eternal! No one knows what Eternity is. Allah (swt ), our Lord, He is ... frozen ... Madad, yaa RijaalAllah! Madad yaa Sayyidina, yaa Shakhoona! Madad al-Haqq!

We are asking for heavenly support to prepare our own beings. As you can't bring any description for our beings, how then are we going to ask about our Lord's existence? We are only knowing He is Lord of all Creation, from pre-Eternal up to Eternity. Our understanding of the Lord of Heavens is nothing, but we are trying to know what He created on Earth and in the Heavens. How are you asking about Him? But so many shaytanic agents are working to make our beliefs on the wrong way. You are bringing such a foolish question about the Lord of Heavens, but it is forbidden. First you must look after your own being on this planet. Do you understand anything about this universe? No, you can't know; you know nothing. So how are you trying

to jump from this to know the Creator? He is Creator and we are His creatures.

You may make a robot that looks like a man, but you can't ask that robot to say, "Who made me?" A robot can't ask that. If a robot never understands who is its maker, how are you going to ask about your Creator? Keep adab! But now people are on the wrong way, so proud, asking to run away from servanthood because they never like to be servants. Shaytan is blowing through them and through every creature, particularly Mankind, saying, "You must know everything and you are the only one who can be the owner, maker, or creator of everything."

Shaytan is making people reject servanthood. All troubles are coming from that point, because people are running away from servanthood. Why are they running away? Because they are saying, "We are special people on this planet," and they are not understanding servanthood. I am asking, "If you are so proud that you are not accepting to be for The One Who brought you to life, I ask, who is steering this planet?" Is anyone saying who is the driver for this planet? "We are looking, but can't find any instrument that drives it." No, you can't say, "This car is running and going in a direction by itself," or people will say, "Take this person to a mental hospital."

I am asking `ulama who have so many titles, do you know that nothing can run by itself? Is this dunya running without a driver? Do you think this? You must be majnoon, crazy. Daily we see the sun rise from the east. Who is driving it to the west, raising it up and then setting it down? How can you say the sun rises and sets by itself? If you say this, there must be something wrong with you.

This is such a fine point, that while we are sleeping our sun disappears through a black horizon and after awhile we see it rise in the opposite direction. Who is making that sun move in the day time and disappear at night time? People are drunk, particularly learned people; they only know how to deny that beyond the material aspects there is an unexpected power that makes everything move, particularly our sun. It moves in the early morning and then after Maghrib it sets down.

I am asking those people who are denying foolishly, and who cause others to deny, that beyond the material being there is something of Unseen Dominions. In those dominions there is another Creation and its power is making the sun move and making our world turn on its axis. Yaa Hu! How are they claiming that by itself our world is moving and knowing its way? Yaa Hu! You may answer that it does so in the way that a blind person

finds his way from the mosque to his home. However, at least he is keeping a stick in his hand and with that stick he finds his way. Is our sun carrying a stick?

Those materialistic people are no-mind unbelievers whose levels are under that of animals; they say the sun rises and sets by itself. I hope someone is coming when the Last Day approaches to look after such people and puts reins on them to lead them to a place and to keep them there. Those are shaytanic tricks to make people caught in shaytanic traps. That is the main point: now people are never thinking about reality, they are like animals whose owners lead them with reins. Now the whole world is on the reins of Shaytan, and whatever Shaytan says they agree, but whatever prophets say they reject. Allah Almighty is going to punish them and that punishment will begin before the Day of Resurrection. It may be the Lord of Heavens will change those people to have the face of a donkey and a tail like a fox, so that those who deny everything will be punished. Don't be astonished if some people are born with a tail a donkey! (...)

O People! Keep yourselves and fear your Lord. He may change the last people on Earth now, before Jesus Christ (a) comes, to make some of them look like bears or gorillas. Are you understanding? He is able to change them and He is warning, "O People! Maybe one day you will awaken and look in the mirror and see a monkey or a pig." Laa hawla wa laa quwatta illa billah.

All such wrong ideas are coming from Shaytan to western people, and I am sorry to say that the Islamic world is also running after such foolish ideas and now Muslims think like western people about the Lord of Heavens and His Creation. Maybe one day all of them will be changed! Allah, Allah!

O People! I am thinking that now, in this holy month of Ramadan, it may be a new beginning for this planet and that maybe something is going to appear against technology. The European monkeys are proud that they brought such foolish instruments and technology and did so many things with it. They believe in a 15-centimeter instrument and are so proud that they made so many things with their hands. The Lord of Heavens is giving them a chance to think about it, saying, "You are doing so many things, but there are perhaps a billion subjects you may keep. You are making that instrument and there are ten other pieces of knowledge that you are not keeping in your head!"

That is something for people to think about. How can they make an instrument and buy it for 10 pounds or

50 pounds or 500 piasters and so on? Yes, you are knowing this but you are not knowing that. How can they do this? Because you are veiled. That is not veiled; it may be seen, but you can't see it and they are making that instrument.

O People! Think about it and remember your honor, that you have been honored by your Creator. Try to make Him happy with you. Leave wrong ways and wrong ideas so the Lord of Heavens, your Creator, will be happy with you. If He is angry with you, you will be under the level of every creature.

This is the holy month of Ramadan and I don't know everything that is happening on Earth in this holy month, but if heavenly power waves come, they will take away everything and make them know nothing! That will perhaps occur this year or next year; it is so close now. When Imam al-Mahdi (a) comes, (Mawlana Shaykh stands) Allahu Akbar! Allahu Akbar! Allahu Akbar! (Mawlana Shaykh sits) he will stop everything associated with technology; finished. He will make them lower than the level of animals, taking away technology so they can never be proud afterwards. May Allah (swt) forgive us.

O People! Think on it. If anything is said now, write it and send it to this person who is declaring to the whole world, if you have such power to stop me from speaking. May Allah (swt) forgive us.

O People! Pray for yourself, pray for me and for all Mankind. Try to keep the honor of this holy month so you will be under protection both here and Hereafter, for the honor of the Seal of Prophets Sayyidina Muhammad (s)! (Mawlana Shaykh satnds and sits)

Fatihah.

## Prophecy: The first University

Mankind is divided into two kinds of people. One of them have their total interest in this world. They are like sheep, busy with what they are eating and drinking, only interested in their stomach, their physical body and how to deal with their physical desires.

Is there anyone here in the university who is studying for the love of knowledge? Or for the love of wisdom? No! Everyone wants to reach a level of this life, usually the top point. Everyone wants to be number one in this life, to be able to enjoy themselves much more than others. It has been my test for the last 80 years to have to watch people going in that direction. They only want to find ways in which to enjoy themselves even more and fulfil their physical desires more and more. There is only a handful, a minority, who are looking up.

I don't think that they are teaching about the history of prophets in the universities. There is no university which is interested in Heavenly Knowledge. They might be teaching philosophy, but not the philosophy of religions, the philosophy of prophets, the philosophy of Heavens. No! If the universities were teaching about prophets and about their historical events, they would find a different perspective than the one we are in.

Prophecy is the first institution on earth, the first school teaching people. All prophets came to teach people. Mankind is created without any knowledge, but they need knowledge. The Creator wants to teach them about

themselves and about Himself. Prophecy was the first university. Prophets came to teach people. What did they teach? Do you think that they came to teach badness and evil and make people suffer? Do you think that the Creator wanted His creatures to suffer? That is impossible! You, as a father, would you want your children to suffer? No! No-one wants their children to suffer. Everyone wants their children to be happy, successful and honoured in their life. You come to learn from your teachers how to be successful, happy and enjoyful in this life.

It is impossible for the Creator, Who created man, to let His creatures suffer. This is why He sent prophets and messengers with His Divine Messages to this world. All prophets came with messages for the salvation of mankind, for their happiness, honour, success and to prevent them from suffering. This much we know, and our minds agree on this point.

## The Prophet - Healer of hearts

The Holy Prophet said: "In the body of man there is a piece of flesh. If it is healthy, the whole body is healthy. This piece of flesh is the heart." The heart is most important, as it is the seat of man's reality, of his personality and character. The heart's health depends on faith.

Health comes through sincerity, illness through hypocrisy. Health comes through love of Allah, illness through love of Dunya. Health comes through contentedness, illness through greed. Health comes through gentleness, illness though anger. Health comes through the remembrance of the Lord, Dhikr, illness through heedlessness, forgetting Allah. Health means being with Allah, illness means to forget Allah and to be with Shaitan. There are so many spiritual illnesses of the heart: Hypocrisy, Shirk(Polytheism), showing-off, pride, greed, envy, jealousy, hatred, stubborness, love of this world, egoism, lying, back-biting, bad intentions... Whoever has any of these characteristics is ill and in need of treatment.

The Prophet came to cure hearts. There was no illness, physical or spiritual, which he could not heal. He cured his Companions, the Sahabas, and raised them in rank, so that they became like stars in the sky. Then the Sahabas became doctors themselves and cured others. Those who followed them, the Tabiin, became healers, too, and so on until today.

Every Saint, inheritor of the Prophet, has the ability to give medicine to people for physical and spiritual illnesses. If anyone wants to know about the condition of his heart, he must go to someone who knows. But nowadays, people are so proud that they think they can cure themselves. They accept neither Saints, nor scholars, nor other people of knowledge. But even a chief-doctor calls another doctor for help when he is ill. He doesn't stand in front of a mirror and cure himself. And it is a Divine Order to consult those who are always in the Divine Presence, because the answers that come to their heart are sent to them by Allah Himself.

## The Prophet (s) Holds Your Key

(Mawlana Shaykh stands.)

Dastoor ya Sayyidi, Madad ya Sultan al Awliya. La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Sayyidini Nabiyyina (s).
Welcome to you, our listeners. Welcome! Welcome, and we are saying, a`oodhu billahi min ash-Shaytani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem.
We must not be late. First we must say, a`oodhu billahi min ash-Shaytani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem.

O People! Don't make your hearts occupied with useless things. Hear and listen! O our holy one, O our master, master of this planet, qutubu 'z-zamaan, qutubu 'd-dunya. The pole star is never changing it's position. At night, you are looking and finding it at the same point; during the daytime, the morning, early morning you may look at the pole star and it is in the same position. Eastern people are looking and seeing that it is on the same position; Western people are looking and seeing that the pole star is in the same position the whole time.

When did time begin? Do you know? O our professors, do you know when time began? It is a very simple

question. When did time begin? They are very proud ones; they know everything! Say, when did time begin and how did time begin? What is it's beginning and what is going to be its end?

O People, listen. I am listening. I am not claiming that I am knowing something, no. But as our master for this planet is sending me some, not inspirations, coming from up to your instruments, yes, wavelength. If through material being and through material objects, there is going to be that connection, what about for our spiritual being; (does it not have) any connection with the heavens? We have been granted such a position that the Lord of Heavens is saying, "I am going to bring a new generation, a new Creation, a new creature that I am granting to those ones, to be My deputies."

Think on it, think on it, O People! O we are saying bismillahi ‘r-Rahmaani ‘r-Raheem. That is the key for opening every treasure, here and Hereafter. Bismillahi ‘r-Rahmaani ‘r-Raheem. If you are using bismillahi ‘r-Rahmaani ‘r-Raheem, that opens for you what you are asking to be opened. If you are not saying bismillahi ‘r-Rahmaani ‘r-Raheem, that can't be. If not only this world's people, if all the angels through the heavens are coming and asking to turn that key for opening, they can't do it.

O shaykh, what is behind that opening? What is there? Yes, now people through their imitated bodies. Imitated, it is not our real being. This is not our real being. There is for everything a real being and there is a most-high position that any creature may reach for understanding of itself, that is just a closed curtain. If you are asking about yourself before you are asking about your Lord, you must ask about yourself, because your real being is behind that curtain and the imitated one is here. Our beings on this planet are imitated; it is not our real being. It can't be that anyone is carrying his real being and is on this planet.

O `ulamas of the Salafis--laughter once again! I am saying and you are not understanding or answering. Where was our Creator's khitaab (address)? When our Creator, the Lord of Heavens asking people, "Mankind, who are you? Who am I? Who am I and who are you?" we answered, "You are our Lord, our Creator, and we are Your servants." That is our first oath that our real beings are hearing, looking and answering. Where did it happen? O Salafi `ulamas, what are they saying about where it happened, that our Lord is addressing whom, and what are they? We are saying to whom?

The Children of Adam, dhurriyah, Adam's generation, all of them are standing up. I am also asking the Salafi `ulama, what do you think, that when the Lord of Heavens, our Creator, addressed our real beings, (did they)

leave when they may be anywhere the Lord just appointed? I am asking about that one's dharrah, our souls, yes. The souls, what do you think: they were standing on their feet, sitting, or in sajdah? What was their position? A person who is praying to their Lord, are they standing up? This is a very fine and very important real reality. The first is from hidden knowledge, they were first standing up. Then they are going not to continue standing up in the Divine Presence, when He was asking, "Who are you? Who am I?" They can't keep themselves standing up; they are coming to ruk`oo,(bowing). In khitaab, heavenly addressing is coming to them. The third time, "Who are you? Who am I" They are finished and are running to sajdah.

How are they? Do they have an appearance, the same appearance or same positions for all? Our spiritual beings, were they all the same or with different appearances? Once they are teaching us now, the appearance on that day Allah Almighty was creating and asking Man, "Who am I and who are you?" Yes, they are going, going, going and finishing, they are running through their Lord's Oceans. That ocean is giving our positions. It is giving our Creation through the holy command of Allah Almighty. Don't think that what was on your right hand similar to me, or what is on the left hand is similar to the right hand. No, never. No one is looking and seeing the same appearance. It is an ocean for Creation and each one from those creatures have a special looking point, a special understanding level, and a special enlightened direction for them through that ocean.

Allahu akbar, Allahu akbar, Allahu akbar! (Allah is saying,) "You know nothing, you know nothing. We are knowing something." That is so simple now because the time is over now and the Day of Resurrection is coming. Just such knowledge is going to be granted to living ones to understand something. You may be in that Divine Presence and your head's appearance is a heavenly appearance, to your head it is something else, what our bodies are looking at is something else, and downstairs it is something else. They are not in the same position, no. If it was the same for everything, then you are going to be like a piece of wood: there is nothing on it. But we have 360 different organs, yes? Each organ is taking something else according to their creation, according to their original position. Therefore, they are sometimes making me ask some questions that no one can be able to know by reading books. This is because such a knowledge is running from the heavens to pure hearts and pure hearts have a special cleanliness, a special understanding. Your eyes understand something and your ears understand something else. The 360 different organs, each one must take their positions on that line, they must move.

I am asking Salafi `ulamas if people have feet, body organs, or what was it? This being, O Salafi `ulamas, is it

much more important than that being? This being has a material appearance, it can't carry for any second to be that appearance. Our spiritual being, you can't understand; we have it but we can't understand it. Do you think the car can understand it's motor? No. Do you have a motor for yourself or are you empty? There is a heart, it is a piece of meat. This flesh is knowing everything? No. It is only knowing about its muhimmah. It's job is nothing else. It is sending blood from the center of life to the whole body, to every cell; that is it's importance. But when the blood is running and reaching up to the last point of our physical being, its blood also does not know what they are doing or what is happening. When they are carrying the blood to organs, they are not knowing what is happening; they are only bringing blood to every organ. But what is its position? It doesn't know.

Therefore, the most important and honored creatures are the Children of Adam. Adam (as) is not looking according to his physical being, no. What is carrying it, our physical being? It is not. But the real reality is that the blood is running and reaching every cell. It is just different, as for everything there is something, some mission, some importance to make it up to its perfection. But people are not trained to know such special knowledge. They are knowing from the heavens and the heavens are sending such a knowledge through your holy books to special ones on this planet, and they are asking to give everything. If it is right, they know it. Therefore, we are saying to the Pole and the Pole may ask the Lord of Heavens. The Lord is asking whole Mankind, "Who am I and who are you?" Every spot of our blood is reaching one cell and is asking it, "Do you know from where this power is coming to you?" Every cell is making a sajdah, prostration, (answering,) "You, our Lord, are sending to us. We are looking to You, not what blood is sending to us!"

O People! Try to understand something about spirituality. It is more important for you to look after that than your physical being. To enjoy your physical being is the level of animals. Your level is over the level of angels. How are you making yourself down, down? You are getting so proud and enjoying yourself with such things.

Why are you not looking up? You are always looking at the Earth and sometimes, O shaykh, we are looking at what is happening through the skies in space.

Yes, we know there are so many billions of stars around the sun and we are looking and not understanding. The Lord of Heavens is never making something that you can't understand but, we are not using our power to know about ourselves. Therefore, the first question on the Day of Resurrection will be, "What have you

learned?" Look! How are you going to reply, or how are you answering? Who is asking that question? What are you going to say? "O our Lord, we were busy with our business and there was no time for us to find an empty time to look at what is happening through space." Leave your looking! (It is) nothing, but what is through heavens is written and Mankind has been informed through some special ones, whose beings are special beings, hazrati insaan (revered mankind). Man has been honored to be the master of this life. Why are you not going to learn from them? You are not going to learn by saying, "We are thinking"; thinking is not going to open realities to you. You should look for keys that have been granted to prophets. That key-keeper is your Prophet (s) and you are looking to another?

They are saying, "What is that? What is that?" That is, that we are living on the first level of our material being. When we are asking for more for spirituality, it is enough to carry us up, up, up, to the first level, second level, third level, fourth, fifth level, sixth level and seventh level. When you are asking, angels may carry you up to Sidratu 'l-Muntaha (the Lote-tree of the Utmost Boundary). That is the last point of material beings. Up (above that), you can't know until you clean yourself:

••••••••••• •••••••••

wa thiyaabaka fathahhir
And your garments do purify. (74:4)

One meaning, it is to clean your soul from every material aspect and come. We are dressing you with another dress that you may improve, up and up with these clothes. The dressing on Earth is always dirty. Clean it and then angels are coming and taking that dirty dressing from you, and dressing you in such a dress that you can move through those enlightened stations, one after one. You may improve through levels endlessly.

O People! Don't waste your time so much! You may be asking or working a little bit to reach something beyond this material world. We are looking only to material beings and we are not asking what is behind our material being. People, all of them have just occupied themselves through these material oceans, not anything else behind this. Therefore now, people time after time are not being able to taste something from spirituality and they are saying, "We are not interested in anything beyond our material life." This means that person is asking to stay always in the WC [water closet/bathroom], and the Lord of Heavens is saying, "Clean yourself. Don't use WC so much. Clean yourself, if you are asking to come to Me."

The whole world is like a WC. Nothing is given, but from material being it is finishing. And when the curtains from his eyes are opening, he will say, "If we were trying to reach something from that level, it should be best for us." Nothing is being given to people for their real beings. They are being made to run after it, to be in trouble, finished! When you are finishing, eyes opening and you are saying, “Oh! If we were trying to reach something from those levels, should be best for us.”

O People, O People! Beware not to fall through dark holes, black holes; try to reach white and brilliant holes so that you can be so happy and have endlessly enjoyment for yourself. You are reaching brilliant white holes and you are never going to be tired for your actions there. Try not to be tired here or Hereafter, to have your last station be enlightened positions. May Allah forgive us, and blessings for you.

O People! Sometimes they are speaking on such things that if we are understanding one word, it is going to be a key for opening other positions of our beings on this planet. May Allah forgive us!

Dome, dome, dome, dome 8x

O our Lord! We know nothing. Through this holy month, send us from darkness into enlightened territories to Your Heavenly Oceans.

Fatihah.

Whoever is accepting they may reach such a level in whole heavens, directing people to some aspects that they like to reach it.

(Sultan humming)

Fatihah.

## Prophets Knowledge is like pearls

As-salamu alaikum! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.
Allah Allah, Allah Allah, Allah Allah, Aziz Allah...
Allah Allah, Allah Allah, Allah Allah, Karim Allah,
Allah Allah, Allah Allah, Allah Allah, Subhanallah,
Allah Allah, Allah Allah, Allah Allah, Sultanallah! Ma sha Allah!
You must know that He is Sultan!

Astaghfirullah! Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah!
The holy Prophet was saying: “Talabu-l ‘ilmi fardun ‘ala kulli muslimin wa muslimat (To look for knowledge is obligatory for each muslim end each muslima).” The Seal of Prophets S.Muhammad sws, muallimu nasi-l khair, just he had been sent from Heavens to teach people what it is necessary for them to learn and to know and to act. That is his real mission: to teach people. That he is coming for teaching people to teach them what it is necessary to know and he was saying that to learn about his position and about who created him or who

created ‘Dunya wa ma fiha’. You must learn. That is real knowledge! Not real knowledge to make- what you are saying- to ask to know what it is not necessary to know, not obligatory on them.

Now people they are running after some no meaning efforts. Yesterday I was looking that Shaitans box TV, just I am looking, there was so many scorpions. Scorpions. One person that maybe his age like Dr.S. and he has so many assistants and he was keeping a microscope and taking some instrument, catching the tail of scorpion and taking its poison. Perhaps may be in a box 20 scorpions, less or more. I am saying: For what his? What they are learning? They are looking only what that creature, how it is carrying that poison and what is the power of that poison. And how- they are not saying how, but we must say- he was occupying himself with such a thing? And I am saying: “This person must lose his mind, because his effort (is) only to know that poison through that creature, what is the power, what is its effect. Never coming to that person to say: “Who is creating that creature?” and that creature (is) on (the) same level, on earth, and never asking: “That creature, how it has such a terrible poison?” That eating something on earth and another kind of insects, spiders, also eating, countless creatures on same area they are eating, and it is going to be for someone poison, for another one it is going to be a medicine.

We have a saying the rain of April (is) falling and every creature (is) asking to reach even one small drop from that April rain. “For what?” I am asking Grandsheikh and Grandsheikh was saying to me: “Because the rains coming through April (are) taking something also from Paradise.” It is a secret happening and secret event and you can’t think or you can’t learn anything the secret of that rain. (The) same rain (is) raining and some poison creatures- snakes, scorpions, spiders and such a poisoned creatures- they are asking to reach to that, from that drops and that drops (are) going to be through, in their stomachs going to be quickly changing into a poison! Through the mouth of a snake or dragon (they

are) going to be changing into a terrible poison!

And also through oceans; through oceans every creature (is) coming up, up (to) the surface of oceans and (they are) opening their mouth to reach one drop from that holy rains coming from Heavens and they are changing into pearls!
That is a knowledge that (is) reaching to mankind from Heavens through Prophets, but now so many foolish scholars, as I said to you, (are) catching the tail of (a) scorpion and (they are) taking some drops from its poison tail to look what it is.

Why you are not listening? It is not something that you have been ordered to learn, no! What heavenly Sources (are) bringing to you, realities, you must try to take your wisdoms from (the) Holy Books. Holy Books (are) full with wisdoms, but their knowledge it is going to be like something to be thrown into a rubbish, dustbin. Their knowledge, it is not real knowledge, it is a shaitanic way to occupy mankind from real reality and to make them to loose their minds, their capacities, their mentalities on something that it is rubbish. Rubbish, because they are not saying: “This from the Creator.”

And now people (are) occupied, all of them: “We are learning, our children just finished O level, E level, T level, K level, X level...” Then: “My son (is) going to university to be a doctor, to to be PHD...” What is that PHD!

Prophets knowledge that (is) reaching from Heavens, you must try to learn from that knowledge, not to occupy yourself (with) what (an) ant (is) eating, how it is carrying... if (an) ant (is) carrying a wheat seed, and it is too big, too heavy from its own being, how it is happening? That (kind of) knowledge...

One person was saying: “I am knowing everything, you can ask from me.” One person like this one... (was) saying: “O my master, so many years I am thinking on a thing, it is more important for me.” “What is that?” “I am asking to learn, if you are knowing everything, I am asking to you.” “Yes, you may ask.” “An ant, people they are wondering how (an) ant (is) carrying a heavy piece of wheat so

easily. (They) may ask (this). But I am asking to you something, it is (a) much more wonderful question and I like to know it, but no one (is) giving (me) a real answer." "What is that?" "You know that (an) ant (has) two parts, headside and backside. I was always looking and wondering (about) its intestines, if it is headside or backside..." "I never heard such a question or such an answer! I never... making me to change whole my knowledge now! O person, from where you are coming?" "I am coming from Bedouin, always I am with ants, I am looking this side and this side and what it is going to be(the) joining place, (is) on 0 point. How it is carrying this, not leaving this, as train leaving some wagons and running others..."

This is more important for that idiot person! (And) that (other) idiot person (was) asking to learn how, what is the power of scorpions (that is) making (a) person at least, if they are not dying, at least 24 hours (to be) shouting, crying, from that one spot, little spot from scorpion. This is much more important than ants!

People (are) working on something that it is, we are saying, 'malayani', useless. (The) Prophet (was) saying that sws: "Min husni islami barra tarkuhu-l malayani (?)." Now whole nations (are) making research and (they are) spending billions of Dollars, wasting their energy, their times and their richness after useless aspects, making research... What is that! If you are not believing in that scorpion, take (one) and put (it) on your hand, try it, it is better- why making like this? That person also (had a) white beard, that means, no mind...

You are coming to learn who created you. Where you were 1oo years ago? Anyone here (was) in existence? No. After 1oo years, where you are going to be? You are between two unexistence areas. This area (is) unexistence, and that (one) after it (is also) going to be (nonexistence)- how you are going to appear between unexistence areas? Ask this, learn this, and bow (to Him) who is making that, who (is) creating you in such a way! Use your minds on that, that is real

knowledge that is making you to reach the Creator of Heavens and Hells, the Creator of Heavens and Paradises, and universes and endless galaxies!

But people... (it is) easy to take a scorpion... what is (this), why you are wasting your time? Talabu-l ‘ilmi faridatun ‘ala kulli muslimin wa muslimat. I am sorry to say that now Muslim territories (are) also on (the)same way, wasting their times. (They are) running and following no mind western peoples minds, leaving (the) real sources of knowledge and wisdoms that (are) coming from Heavens, (and) then Allah Almighty (was) saying: “I am giving to you, o my Habib, (the) Holy Quran and wisdoms.”

Therefore they are falling in such a terrible situation (that) they (are) never knowing to get out. Because they fall in(to) a deepless well, they can’t touch anything to make them out, no. And they are not knowing what they are going to do.

I am a weakest servant I may say, I may give a real answer for them! And such things is a real knowledge, heavenly knowledge, that no one can be able to objet on it!

O people, you are coming to learn! Therefore, when you are passing away and you have been buried through your grave, angels (are) coming, asking for them: “What you learned?” First question: “What you learned?” “Man rabbuk? Who created you?” First question. “Who was leading you to the Lord of Creation? Who was that one? What you learnt that he has been granted (knowledge)?”

Don’t say... that is knowledge, knowledge since 15 centuries, don’t say that it is not, (that) it is unacceptable knowledge, no, you are wrong! Because... from the time of Pharaohs they are bringing golden, but they are not saying: “This is old gold, we must throw it away!” What Prophets (are) bringing, that is a real pearl of knowledge, you must come and hear and listen and obey, to be a perfect

one through creation.

May Allah forgive us for the honour of the most honoured one S.Muhammad sws,
Fatiha.

## O Prophet! Let Your Sandals Honor My Throne!

Dastoor yaa Sayyidee. (Mawlana Shaykh stands) Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah Sayyidina wa nabiyyina Muhammadun Rasoolullah (s) zidhu ya rabbee `izzan wa sharafa wa karaman wa maj-jada wa jam'an thumma salaatu was-salaam `ala jami`ee al-anbiya wa 'l-awliya wa `alayna ma`akum min rabbee samawati wa 'l-ardeen, narju rahmatullahi wa barakaatuh. (Mawlana Shaykh sits)

We know nothing. We know nothing. And we must try to learn, who is not learning anything, their value or their level is going to be on the level of animals. And Allah Almighty is honoring Mankind with such an honor that He never granted to any other creatures. That is our understanding level, beyond which we are not seeing anything. We may say only from a small drop from an endless ocean.

As-salaamu `alayka yaa Qutb al-Mutasarrif, Saahib al-`Asr, Saahib az-Zamaan. We are asking from your heavenly presence that is prepared for servants of our Lord. They are azi nadar, treasurers, and are calling to people day and night, "O People! Come and take from the endless treasures of your Lord, because you are deputies forever! Come and take more and more, and carry as much as possible!" You must be as eager as a sultan bringing a heap of golden treasure, but people are eager for dirty things.

We are addressing our attenders, especially to those who claim they are `ulama. They are not happy to be

ordinary `ulama, but they are bringing a new title for them, to be "Salafi `ulamas". That has never been used before by anyone in the Muslim world, to refer to themselves as, "Salafi `ulamas," but they are giving themselves that imitated title. It has never been mentioned through Islamic sources. “The ways of Salafi `ulama,” why are you claiming this? We have a judgment on the Day of Resurrection with you. Don’t claim something that you are never reaching! Which Salaaf as-Saalih is accepting you to be Salaaf as-Saalih? No one! But you are making that title for yourself and saying we must come together with you, Salafi `ulamas! And what about the others; what are their titles? Imitated titles, we have real titles, to be Salafi.

What is the Seal of Prophets, Sayyidina Muhammad (s) saying? (Mawlana Shaykh stands) B`ad an aqool a`oodhu billahi min ash-Shaytani 'r-rajeem. Whoever is claiming to be Salafi `ulamas, you must say first, a`oodhu billahi min ash-Shaytaan nir ‘r-rajeem. (Mawlana Shaykh sits) How many people are there? One hundred, one thousand, one million, ten million, a hundred million, or five-hundred million? I am asking. And you know that the Seal of Prophets (s) was saying, Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) Stand up for Allah, don’t worry! (Mawlana Shaykh sits) The Seal of Prophets (s) said:

••••• ••••• ••••••

`Alaykum bi 's-sawaadi 'l-`azhaam, Follow the majority.

What does it mean? You are accusing other `ulamas of not following Salaaf as-Saalih, that only you are, so just a handful of people in the whole world are following Salaaf as-Saalih? What about the thousands of `ulamas throughout the Islamic world? You are on the right way and they are on the wrong way? What is that pride? Allah never likes people to be proud. `Alaykum bi's-sawaadi 'l-`adhaam, "Follow the majority of the people."

The Seal of Prophets (s) is saying, "O People! O `ulamas! All of you are accused with something that you must try to remove from yourself." We are saying according to the holy command of the Seal of Prophets (s), Bismillahi 'r-Rahmaani 'r-Raheem, we are entering a new ocean that has never passed before. We are asking `ulamas that they understand and also make people understand. Now we are knowing nothing but, mu`allimu 'n-naasu 'l-khayr, the Teacher of Goodness to Mankind, who is he? That is the Seal of Prophets' (s) holy title! He is not an ordinary teacher. He is supported by Heavens; that is a real teacher. And he is saying, "I am coming from Heavens to be the best teacher for Mankind." Why is he saying "best teacher?" Because he

is coming to teach people what is good for them here and Hereafter, mu`allimu 'n-naasu 'l-khayr, maa huwa 'l-khayr.

Shaykh Hisham, that is a question. What is khayr? To dress in an expensive robe? To wear first-class glasses and make your beards fashionable? To drive a BMW? Why is that the most important? Or to use private planes with every comfort? Is that khayr? The Prophet for every Creation, that no one can reach or approach where he is putting his holy feet, in the Heavens and down on Earth. Living ones are never reaching to where the Seal of Prophets (s) is putting his na`alayn shareef, holy shoes. SubhaanAllah!

The Lord of Heavens is saying to remind people something. It is very important in our days, because there are coming such fashionable things. (Mawlana Shaykh holds a package with nahlayn shareef.) If Salafi `ulamas are seeing this, they will be on fire, so angry, shouting, “What is that? What is that?" We are saying, "na`alayn shareef." This is the most respected na`al, shoe or slipper of the Seal of Prophet (s). They will shout, "Bid`a, haraam!" If we show them, they are going to be on fire! This is showing ta’zeem wa tashreef for the Seal of Prophets (s)! Allah Almighty is glorifying and honoring him, because he passed Jibreel’s (a) station and went up with his slippers! He (s) asked to take them off, but the Lord of rabbul `arsh il-`azheem said, "Put your shoes on My Holy Throne to be honored with your step, and don’t take it away!"

Salafi `ulamas are very angry with this. Why? What happened? If Allah Almighty is glorifying him, why are you jealous? If at night an angel comes and gives you such a shape and puts it on your head, you will be very happy, saying, "I never used this, but a heavenly one came and put it on my head." You should be happy, not jealous, if Allah Almighty is saying to His most beloved, most majestic, and most praised one in His Divine Presence, "O My most beloved and glorified one! Put your steps on My Holy Throne, because you are much more valuable than `Arsh! That is `Arshullah, you are Habeebullah!" Sallahu `alayhi wa sallam. What we are saying is making me to think on it. Allah, Allah.

Respect endlessly, as there is no limit for respect. If Allah Almighty is giving respect to someone, it is immeasurable. But you are using that hattaa (head-cover) and that is what you understand about khayr. What is khayr? The Seal of Prophets (s), did He teach you to use such an instrument that can only reach rich ones, or mulook or sultans? Is the Seal of Prophets (s) saying that is real khayr, goodness? He is teaching you to use such things? He taught you to make a level for yourself from the level of common people! Allah, Allah.

Once upon a time; there is a story, but when we are saying "story", Salafi `ulamas get very angry. They say, “They are never knowing anything. We are not listening to such qassas." Allah Almighty is saying asta`eedhu billah, (Mawlana Shayh stands):

••••••••• ••••••••• •••••••••••• •••••••••••••••

faqsus al-qassas la`alahum yatafakaroon, Relate to them (yaa Muhammad) the story that perhaps they may think. (Al-A`araaf 7:176)

Is this ayatu 'l-kareemah or not? How are you refusing qissah? (Mawlana Shaykh sits) That is the holy command from Allah Almighty; am I bringing it from myself? Why are you not reciting that ayatu 'l-kareemah to mulook, to presidents, prime ministers, and shaykhs? Whay are you not reciting to them, O Salafi 'ulama? Go to jalaalatu 'l -malik and say one story of the Banu Isra`eel! But you are never accepting, because if you are saying qissah they will say you are a story teller! Allah is saying, faqsasu 'l-qassas, alif laam, imma yakoon lil-khaas, aw yakoon alif laam yusheer `ala 'l-ahad, wa `alal jins aw lil-`umoom yusheer, al-qassas, maa ja`alallah Subhaana wa ta`ala one kind of story, no. He may say any story is for what? Saying the reason also that, la`alahum yatakfaroon, “You may say any story,” for what? "To make people take some benefit, to think on it."

Therefore, I am telling now one story, qissah, at the the time of Iskandar, Alexander the Great. He reached India, the last point of his conquest. He asked to make a parade to show people his power, majesty, and might. People had never seen such a parade. His armies were passing with gold and silver armors, and precious stones and jewels. He was passing and looking. Behind him there was one person sitting, he had only a sarong. He was not facing the parade, but was looking back.

Alexander the Great held the reins of his horse and said, "Why are you not turning your face to look at my majesty?"
The man replied, "O Sikandar, the son of Philipos! Once upon a time I was interested in such things that we have every day. We have such a parades," and today we have these parades in Cyprus also. "I was so interested but one thing happened and I just left it."
Alexander the Great asked, “What is that?”
The man said, "Once I was walking from one village to reach another place, the darkness of the night was

decending. I thought to myself that dangerous and wild animals come out in the dark." Because at night, every badness and all kinds of shaytans are going to be around.

O Salafi `ulamas! The Seal of Prophets (s) is saying, "O People! ahbisoo awlaadukum ba`da ghuroob ish-shams, "Keep your children in homes after sunset." You are saying, "We have amr bi 'l-m`aroof!" Why you amr bi 'l-m`aroof wa 'n-nahya `an i'l-munkar people are not going around to make youngsters go to their homes? No such order from jalaalatul malik? Why are you not doing this? The Seal of Prophets (s) said, ahbisoo awlaadukum ba`da ghuroob ish-shams. “Keep your children in homes after sunset,” because it is the time of intishaar ash-shayateen, "Devils going out and around." You are not doing that, so you have a heavy responsibility.

O Salafi `ulamas! Look at what that faqeer is saying. “I was looking at that time to get some protection from the darkness, from zhulmatu 'l-layl, oppression of night, and wahshatu 'l-layl, wildness of night time. I saw one place that is using Indian ruhbaan, a monastery. I opened the door, entered, and looked for a place to rest. It was dark, but I found a place and thought to sleep there. I woke up in the morning, and the priest of that monastery came and looked at me, saying, 'Where are you from?' And I told him my story. The priest said, 'You know the story of the one that you were sleeping with? He is naked, do you know that one?' and I said, 'I don't know him.' He said, 'That is the king of this area. He passed away, they brought his dead body to be in this temple.' And then I saw him and thought, 'I am a beggar and that is the emperor. I see no difference between me and him!' From that day I am disgusted. When I saw that manzhar, view, I thought there is no difference between your king and a beggar! I was thinking, 'That king is different than me,' but I saw him and I were on the same level. Therefore, that interest in my heart just fell down."

Iskandar Kabeer, Alexander the Great, said, “You said the truth and I am never stepping more than this limit. I am moving back!” He was ashamed!

O Salafi `ulamas! You are so interested in such a society, you and your ladies, your daughters, your sons, your kings, your presidents, and your shaykhs, must take a lesson from this story. Allah Almighty is saying (Mawlana Shaykh stands) astaa'eedhu billah, faqsasu 'l-qassas l`alahum yatafakaroon, "relate to them the story for them to reflect upon." (59:21) (Mawlana Shaykh sits)

O Allah! Tawbah yaa Rabbee, amaan yaa Rabbee, that is all from our egos' tashji`a, encouragement. Our egos and Shaytan encourage us to run after such nonsense things!

O People! Come to Allah and do your best for Him! Try to make everything for the pleasure of Allah. Don't try and make your egos pleased with you and make Allah Almighty displeased with you.

Fatihah. May Allah forgive us.

O our Attenders! Come and listen before a slap comes on your heads; do not run away!

Fatihah.

## THE PROPHET'S TELEVISION CHANNEL

... I am looking our clients (are) getting more... how happened?... What happened, anything (is) happening in (the) universe? What about?... Allahu akbar!

Welcome to you, welcome! S., what happened in Ibiza? Anything happened that you are coming here also?

As-salamu alaikum, ‘ibadu Rahman, people, whom they are asking to make their Lord pleased with them! We are not coming here for Dunya! You have Dunya, you are coming here only for something... perhaps it is difficult to give a description on it, but it is something from your inside, pushing you or pulling you to be here...

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim!

(Sheikh is making a short Dhikr:) Bismillahir Rahmanir Rahim, Bismillahir Rahmanir Rahim... Ma sha Allah!

Meded, ya Sultanu-l Awliya! Meded, ya Rijalallah! What you are sending here...

It is an association. I am not claiming that I am knowing something, but Allah Almighty's good servants (are) keeping me, sending me to be here, to address to people. "Even", I am saying, "I don't know anything to say", but they are answering:

"We know, that you don't know, but we shall reach to your heart and from your heart (it is) reaching to your speech! We are controlling you, that is important! We are controlling you; if we are closing, you can't speak! If we are opening, (it is) coming to you and you can understand, (and) then people may understand something (also)."

And I am asking to be this meeting a holy Meeting!...

I am using telescope now... sometimes I am not looking, seeing watch... Yes Sir!... Subhanallahi-l 'Aliyu-l 'Adhim! When (the) heart is occupied with something else, this (spiritual connection is) cut down...

Keep your hearts with my heart! "Mina-l qalbi ila-l qalbi sabila..."; from heart to hearts there are so many ways or connections.

You are saying, you are using some (instruments), this telephones, for example; it is not connected. When you are looking, it is not connected with any material, but (even) without that connection, you can reach to anyone through East and West! It is now so simple or becoming this something normal! Everyone, when they are speaking, using this phone, never thinking on it: "How this is speaking? How I am hearing? How my sound from here (is) reaching to Far East, to Far West?" No one (is) thinking on it! Now it is going to be a very normal thing.

And at the beginning there was two small cups from copper, one wire; from here (one was) speaking and that line (was) taking (the sound) to (the) other (person)s ear and hearing! That was the beginning, but now just it reached to its highest position! That time people were surprising.

And I also; I first I saw it in (the palace of) his Majesty, Malaysian Sultan Perak-

ayadahullah, Allah gives him long life more power to carry on on his Sultanate!

I was there and Sultans Prince, Raja A., his Highness. There was (a call) and taking first one (of) such an instrument and he was speaking. I am getting so surprised! I am looking a small box and he was speaking and I was asking: “How it can be?” This (phone here) is same, but it was like one kilogram, so heavy, now it is so light! But yet, Subhanallah, ma fi nasib, no chance for me to learn where they are making, pressing or not pressing this.... “Come!” (I am) shouting, “I am not understanding, which part you are pressing...!” My grandson (is) coming, saying: “O my grandfather, Dede, here, here...!” “Where...?” Yet I am not learning...

Now they are making me to speak on that channel...

They have countless channels for speaking... every holy One he was a special channel, no one (is) going to be like the second one... Allah Almighty (is) creating everything (as) one, Allah Almighty (is) not making photocopy, no!

Never Allah Almighty (is) making copy, photocopy, no! Mubdi’! His Holy Name Mubdi’, that means, everything (that He is) bringing in existence, (there is) no any example before, no, (it is) new! Allahu akbar, Allahu akbar, Allahu akbar! Subhanallah! Therefore- (there are) countless channels for holy People- what about other people?

Other people, they are not preparing their channels, therefore they can’t hear, they can’t looking, they can’t see, they can’t hear!

What do you think? When (the) Prophet he was speaking... do you think that (the) most praised one, when he was addressing to people, (he was) only speaking? We are doing this! (There) must be a difference for (the) Prophet that he was always in connection with heavenly Beings, with Heavens! When he was speaking, as a professor- it is for an example for you- some professors (are) showing (something) on a board; from that side (the) machine (is) showing and he was explaining: ‘This, that, this, that...’

Do you think that (the) Prophet sws (was) speaking only? When he was speaking, bringing something from Heavens, he was also using that channel (and) showing them! (The) Sahaba, they were looking, when he was speaking about Heavens! As much as possible... or on their understanding (level) he was showing (them) also!

And don't think that all Sahabas understanding (was) on (the) same level, no!

Siddiq (was) looking, seeing something, S.Omar (was) looking, seeing something else, S. Uthman (was) looking, seeing something else, S.Ali- alayhi salam-, (when) he was speaking, he was looking and he was seeing something else!

People they (are) never understanding yet from Islam anything! From (the) real Islam, how was, it is, its beginning! Must show! "Laysa-l habaru ka-l ayam!" You can hear something, but when you are looking (on) TV, what I am saying... this (is) something else, that, without this (showing), it is something else! And according to their understanding level, through their spiritual power and highness, they are looking and understanding.

As in a... there is looking places to skies... observatories; everywhere there is so many buildings of telescopes, but every telescope is not on (the) same power!

I am remembering- just Allah Almighty (is) giving me (the) hobby to read, that is my hobby: I like to read... so many books I read!... And once I was looking (into) this astronomy (book), I was looking and reading that a huge telescope (had) just (been) put on service, but it was written next to that huge telescope: "Forbidden to look by eyes, naked eyes!"

That famous Alim, astronomer, one day (he was) coming and seeing that writing. Then (he was) looking around, seeing no one..., then (he was) approaching: "I must try, for what they are writing that writing there!" (He was) coming, and putting like this... and falling down! (He) fainted! Fainted, can't carry!... Understand? Even one second (he) can't carry to look there, (with the) naked eye, through that telescope!

What do you think? Prophets Companions can be able to look from (the) main channel, that it is for only the Seal of Prophets? Only he was showing them (something), and everyone according to their number of looking, they were looking and seeing and getting satisfied, 'mutmain'.

"Innahu kana dhaluman jahula..." Allah Almighty (is) saying that: "Man is so oppressor", that means, you can't imaging, you can't find a limit for man, when they are oppressors. And also 'jahula', 'mubaligh fi jahl', man also, it is their attribute, that they (are) never trying to learn more (than) what they are learning and they are so ignorant ones, you can't find a limit for their ignorance!

Therefore people now, they are not asking more. Everyone (is) saying: "It is enough for me! For what?" You are coming here to know more! You are going to be granted some seeds of knowledge; it may be open, when you are passing away from this station!

So many stations and so many channels you may reach, but people...

Shaitan (is) making them: "Don't try to know anything, only for your egoistic pleasures make everything!" Now, technology (is) working for what? (It is) working for your egoistic desires, nothing else! (There is that bird that is) on carcass coming, (it is) looking on it only! Look, go (and) look, hunt! (There are) countless creatures, you may reach to them! Why you are insisting on that carcass? Now people (are) on that point. They are using whole technology for their egoistic desires and pleasures, no more. Therefore their value (is) coming down, coming down, coming down, coming (and) reaching to (the) point of zero!

O people, that is a depthless ocean! You are welcome! You are asking something, we may, only we may using something, that you can be interested. That, according to your interesting, your understanding, (is) getting more, growing more and more... but people they are in (the) deepest level, never (it is) interesting them (the) reality through (the) channels, that every Prophet (was) coming with a new channel and (the) second Prophet

(was) coming (with) another channel and joining (those) two channels with the third one, with the fourth one... up to (the channel of the) Seal of Prophets!

May Allah forgive us and give us something for understanding! It is something that we have been granted. I know so many learned people, I met so many scientists, professors, philosophers, priests, bishops, hakams, Buddhist professor, but I am looking that they are only on (the) deepest point; they (are) never moving from their places or never asking more, because they are only looking and saying: “What you learned, it is more than enough for ourselves!” (They are) not asking more and more.

And Allah Almighty, He was ordering to His most beloved, most respected servant:

“Wa qul: Rabbi zidni ‘ilma! O My beloved one, only ask from Me more and more lightening through knowledge! Knowledge Oceans (are) neverending! Ask Me only for that! Don’t ask anything, don’t make any aspect, because the way to know Me (is) passing through according your knowledge and every knowledge, on every step, you are seeing something else!”

May Allah forgive us! For the honour of (the) most honoured one, S.Muhammad sws, Fatiha...

I am thinking now, as common people (are) thinking: “Ya Hu, we are fasting! When (is the) time (of Iftar) coming...?” Therefore I am using my telescope, looking... O Sheikh, just three hours, four hours more... So many people running after pleasure; they are not tasting another pleasure, only (the) physical beings pleasure! That is nothing! This, when you are going up, step by step... Therefore Allah Almighty (is) ordering: “Ask Me (for) more knowledge, that you should reach much more Lights and approaching (My Presence)...!”

May Allah give us a good understanding, ya Rabbi! Ya Rabbi, forgive us and (may Allah) bless you, Allah bless you! For the honour of most honoured one, Fatiha!

Allahumma salli wa sallim ‘ala Nabiyina Muhammad alayhi salam,

Salatan tadumu wa tughda ilayh, mamara laylali wa tula dawam!

Fatiha!

**Protect Yourself!**

Turkey is the successor of the Ottoman Empire, but these new Turks never want to accept this. The Ottoman Empire was the guardian of the Holy Quran and of Holy Islam. That is why they are trying to become Europeans. They refuse to follow the Holy Sharia, the Holy Rules which Allah sent through His Holy Prophet, the most praised Prophet, the most beloved servant Sayyidina Muhammad*.

They have not been following these Holy Rules for the last 70 years, instead they are trying to be Europeans. But Turks are Muslims and Europeans are Christians! Even though the Europeans don't want them, and are saying, "You are Muslims, you cannot be with us!", they still insist. That is the biggest mistake for these successors of the Ottoman Empire.

Since that time there are troubles all over the Muslim world. They will increase. Since the beginning, when the Prophet* was claiming there to be one god, the Christians could not agree. They want there to be three. As long as we do not agree to the father, the son and the holy spirit, they will not accept the new prophecy.

The Christian world was against Islam from the beginning, because they want their false belief to remain until the end of the world. If the concept of more than one god was true, the first prophet would have told his people this. Why was is never mentioned in any Holy Book or by any Holy Prophet before? Why didn't Adam

say so? Would they really have waited for 123 998 prophets until they proclaimed such an important fact? Christians claim that you cannot enter Paradise if you don't worship Jesus* too. Then what about all those millions and billions of people who have passed away? Why did the Almighty only send one son? They also say that the son is a lamb. So he is also a son of a sheep? Do they bring him from the highest station to the level of an animal?

They cannot prevent Islam from increasing. Churches are for sale, but never a mosque. We have turned the synagogue in Dalston into a mosque, the cathedral in Peckham into a mosque, this convent here in Tottenham into a mosque. I hope to be able to turn all churches into mosques. When I came to this country there we were only 3 people praying Juma with me, and now we fill three mosques every Friday.

We are sorry to say that there are so many crisis in Muslim countries; like in Turkey, Pakistan... But these countries are not following Islam properly!

Stay under the flag and the protection of the Holy Prophet* and you will be blessed here and in the hereafter!

## Proud Mankind’s Technology Just Reached Its End

As-salaamu `alaykum. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam `ala Sayyidi 'l-Awwaleen wa ’l-Akhireen, nabi akhiriz-zamaan Sayyidina wa Mawlana Muhammad wa aalihi wa saahbihi ajma`een wa man tabi`ahum bi-ihsaan ila yawm ad-deen.

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh sits)

O Attenders! O Mankind! Our attenders from east to west, from north to south, Allah Almighty gave all of Mankind honor and created them as the most honored ones among His creatures.

O People! Hear, listen, and obey. Try to believe in Who created you, your souls, and your physical beings; think on it, and give thanks to our Lord, our Creator! The most glory and most might are for Allah. Don't try to ask about His Existence. However, now people are drunk ones, never using their mentalities. Before asking about Allah Almighty's Being, ask about yourself! Do you know who you are or from where and how you came? What do you know about this life? Also, ask how you will leave this life. What is the real meaning of dying? Everyone is going to die, so ask, “How am I living and how will I die?”

People are not asking this, but rather, “Who is Allah? Where is He?” People living in the 21st century ask such foolish questions, even before asking about their own identities! He is The One Who created you!!! Do you know how you were created and reached this age, seeing, hearing, thinking, and understanding? Why aren’t you using your understanding to about know yourself, to ask, "Who am I? How am I here?" Allah, Allah. SubhaanAllah.

O People! Throughout east and west, from north to south, throughout continents and across oceans, since one week everything changed. Such huge and terrible events occurred, which you know about and are trembling! Just one week ago, last Friday, an unexpected event happened in the last point of continents in the Far East, where an ocean meets another continent.

The Pacific Ocean is vast. Sometimes, people question me in a way to show their knowledge. I know nothing, so I say, “I do not know, but you say you know everything, so tell me how many buckets of water are in that Pacific Ocean and from where is that water brought?” Why are they not thinking on it? They only know, "We come from Earth and return to Earth." Is that your full knowledge?

They say, "O Shaykh! We think the Atlantic Ocean has too many buckets of water compared to the Pacific Ocean, therefore, we are digging another place and taking buckets and putting them there. That is our knowledge."

La ilaaha illa-Llah! They are saying Earth, this globe, is like a football. How is the Pacific Ocean not falling down? They have no answer, but ask, "Who is Allah?" Leave that, and give me an answer! How is the Pacific Ocean keeping its waters? "We don't know." You don't know the answer! One week ago, perhaps there was too much water in the Pacific Ocean and not enough room for angels; therefore, it spread on Japan. Yes, there was too much water, so coming and taking.

What happened to Japan? In Japan, all they do is sit, sleep, eat, work, and think about creating new technology and what features it will have! Japan was the first nation to use nuclear power. Russia, China, even Germany and England are beneath Japan in nuclear development. Japan said, "I am the first in technology and through it we can do everything as we like." They did not say, “That is a power that Allah Almighty is giving authority for us to use; that is from our Lord.” Rather, they said, "We are bringing that

power through our minds and our own knowledge. We found it and are using it as we like." They did not attribute that power to Allah Almighty, and last week that tsunami came.

Pakistani people claim they are the cleverest ones, saying, "We know how to make such things," and Japan is saying, "No, we know more." Japan builds nuclear power there. Tawbah, astaghfirullahi l-`Azheem. One wave came from the Pacific Ocean and wooooo, it covered Japan!!!

O Our Scientists! Where are you, our proud, learned doctors and professors? You never think about such things. They may put a tower like Nimrood and say, "With this power, we can control everything on Earth as we like." SubhaanAllahi l-`Adheem.

Today one heavenly inspiration is coming to me, saying, "O Shaykh! What do you think about last week's event?" I see that from Friday up to Friday everything changed: their mentalities, their knowledge, and their controls on nature! Now they are examining their claims to have such massive nuclear power, and nuclear radiation (is leaking from their damaged reactors). Mankind was very proud to have reached such high power, saying, "With this power we can do as we like."

What happened? Today heavenly knowledge is coming because that nuclear radiation was making Mankind proud by showing power, but now their power has reached the last point. They claimed, "We may control everything on this Earth and will not allow anyone to control us!" They reached the last point of kufr, unbelief, then one tsunami took away their nuclear centers.

Some news is prompting me to pray two raka`ats, to thank the Lord of Heavens. I heard today that the German government ordered some nuclear radiation centers closed! That means they reached the top point and there is no more chance for them. They are beginning to destroy those power stations with their own hands (before it goes) out of their control. They reached the peak of technology and are beginning to come down; that means technology is defeated now and is beginning to come down to the zero point. That makes me so happy, muntahah! I reached the top point of being happy, because the pride of Mankind is now broken down and the German government has ordered reactors shut down!

Now there is no chance for Mankind to be proud or to trust technology. The German government ordered nuclear reactors closed, because when Mahdi (a) comes (Mawlana Shaykh stands) he will say, "Allahu Akbar.

Allahu Akbar. Allahu Akbar," and all nuclear and electric-based technology will finish! (Mawlana Shaykh sits)

Grandshaykh (q) said to me, "Nazim Effendi, when Mahdi (a) comes and says, 'Allahu Akbar. Allahu Akbar. Allahu Akbar,' all technology will come to the zero point." That is beginning now, which means the time of Mahdi (a) is approaching!

Alhamdulllah. Yaa Rabbee, shukr. Yaa Rabbee, shukr. Just now I am going to pray two raka`ats for this purpose, that this (era) is finishing. Alhamdulillah, technology has died! Now no one in government, professors, or scientists, can hope to control anything on Earth, and they must leave (acknowledge) every control to Heavens. There is no more control for people, and no more control for Shaytan and its followers, alhamdulillah, alhamdulillah, alhamdulillah!

O People! Throughout east and west, hear this message and keep yourselves (following heavenly orders), or another slap (disaster) will come and you will not know from where. Now they are saying radiation fallout in Japan is coming to California and they are asking to use iodine to prevent its harm. Even without radiation or nuclear acitivity (it is written that) people will fall down dead; billions are going to die, as Grandshaykh (q) said, "From five people, one will remain and four will die."

O People! Keep yourselves! (Mawlana Shaykh stands) Say, "Allahu Akbar! Allahu Akbar! Allahu Akbar wa lillahi 'l-hamd!" (Mawlana Shaykh sits) or else you will be taken away (with those who are condemned)! Don't say, "Libya has so many hundreds of people (and not that many have died)," or, "Japan has so many thousands of people (and only a fraction of their people were killed)," no, no! So many people are going to die: from five billion only one billion will remain. Keep your understanding (of these events)! If you do not understand it here, now, you will be made to understand it in your grave!

I am declaring this to the chief of Christianity, to my friend, His Holiness, the Pope, and to every religious leader. I am saying they should remind people that the Last Day, the Day of Resurrection, is coming.

O People! Come to Allah! Come and say, "O our Lord! We are Your weak servants. Give Your blessings to us. Send us someone to take our wrongs away and to bring good ones for us." Try to be good ones. Don't try to be with Shaytan; he is finished now, wa lillahi 'l-hamd!

O People! May Allah forgive us.

Fatihah.

In Germany five nuclear reactors were closed, never to be opened again. Those are the biggest good tidings! This must be heard throughout the east and west. All religious people, leaders, or sects of beliefs must declare this to their followers. If not, they will be the first to go away to the ocean, and the ocean is now ready to swallow entire continents! If a heavenly order commands the ocean, “Stand up five hundred meters and go on,” the five continents will be under water! Astaghfirullah, astaghfirullah, astaghfirullah. One tsunami needs only one second to cover five continents and all of them will be under water!

O People! Fear Allah, or you will be under that! It is not ordinary water; it’s temperature is not 30 or 40 degrees Celsius, it is 1,000 degrees Celsius! That will be like the black waves that came over Japan, and when that happens everything will melt, and you won’t find any bones or even a trace from Mankind as they will be inside the tsunami.

O People! Come to Allah, and fear Him! Cypriots, Turks, Russians, Libya, people of Hijaaz, everyone everywhere must fear. This is a very strong declaration and it is not coming from my mindly production. Amaan, yaa Rabbee. Amaan, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah!

Fatihah.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

What I am saying now is something you cannot imagine. They are making me speak on something that no one can think on it, taking away everything from your minds and suddenly coming, finishing.

O People! Keep your adab with Allah Almighty; if not, everything will be taken away. Allah, Allah. Amaan, yaa Rabbee. Tawbah, yaa Rabbee.

Fatihah.

I will pray two raka`ats now to thank Allah Almighty that technology is defeated and finished. This (suhbah) is very important.

Fatihah.

## Punishment for Terrorists and Oppressors

(Mawlana Shaykh stands.) Dastoor yaa RijaalAllah. Bismillah, la hawla wa la quwwata illa billahi ‘l-Aleeyu ‘l-Azheem. Yaa Sayyidee, madad. Bismillahi ‘r-Rahmaani ‘r-Raheem. La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah, Sayyidina Muhammadun Rasoolullah `alayhi salaatullah wa ‘s-salaam. Dastoor yaa RijaalAllah, dastoor yaa Sultanu ‘l-Awliya, dastoor. (Mawlana Shaykh sits.)

O our Lord, forgive us! We are asking your blessings here and Hereafter. We are weak servants and we need someone that may hold our hands and lead us for guiding us through these terrible, terrible situations all people are falling in. Nothing more useful for saving us from falling into troubles here and into hells after this life.

As-salaamu `alaykum. We are saying a`oodhu billahi min ash-Shataani ‘r-rajeem. Shaytan is the biggest trouble-maker and the teacher of trouble-making and now people are becoming trouble-makers, making trouble for themselves. Our activities and our lives now in such a way that people everywhere attracting troubles to come on themselves just as a magnet you are putting in a place and carrying everything iron around it. For what? Because they are hearing and listening and following shaytanic directives, nothing else, never saying,”There is a God that created us and so many prophets came to show true way from wrong way, ways guiding people to Paradise or carrying people to the fire, to hells!”

We are living in last part of life on this planet, or just entered the last period of dunya now. We are looking day-by-day; daily cursings coming on people to eat each other and people asking to kill everyone. What is that? Allah, Allah. O our Lord! (So much) killing, destroying - what is that foolishness? In the Islamic world Allah Almighty (swt) is saying, “O My servants, I am sending to you...” (...audio cut...) continents huge oceans on this, no one thinking. And all with no mind. (Turkish)

O Salafi `ulamas! Why you are not saying Who is putting that planet there and arranging everything on it? Only teaching not to accept anything from a being’s spirituality. We are only spiritual beings and they are saying,”No!” Who put this planet here, why are you not saying? Why are you not saying, ‘Allah, Jallah Jalaaluhu!’ Allahu akbar! (Mawlana stands.) SubhaanAllah! Sayyidina Muhammadan Rasoolullah (s)! Therefore, I am swearing and I only know to swear in Turkish as they are trying to follow atheists. If no God, who is putting that there? How are they saying this? I’m sorry to say that even the Islamic world (...audio cut...)

Salafi `ulama not accepting others. Where are you? Why are you not warning? What is going to happen is on your head! Allah Almighty is saying to Rasoolullah (s) to say through Holy Qur’an,”O People, you are just on the edge of a valley full of fire, but the Lord of Heavens is sending to you the Seal of Prophets with the last message to save you.” Where are the Arabs, who are saying they are Arabs? What are you understanding, Muslim `ulama from Egypt, Damascus, Hijaaz, Pakistan? And Pakistan saying,”No one can be like us Muslims, to put fire on our body and make an explosion.” That is Islam?

Where are their `ulama, I am only knowing Minhaj al-Qur’an `alim Muhammad Abdu 'r-Rahman (opposing suicide bombing), and (yet) so many saying they are learned `ulamas. What did you learn? Allah Almighty is saying:

••••• •••••••••••• ••••••••••••

wa laa taqtuloo anfusakum
nor kill (or destroy) yourselves. (4:29)

It is Arabic. What are you saying, O Salafi `ulamas? What Allah is saying, laa taqtuloo anfusakum, why are you not saying what it (really) means, to put bombs on their bodies, first killing themselves and then others?!

Why are you not saying it is haraam?! Whoever is doing this should be killed. Why are you not making fatwa that this is not Islam, to kill innocent people? Rasoolullah (s) did such a thing? What does it mean, to put bombs on people and killing? That is their fighting? Afghans no-mind people, Pakistan, `Ajam, and Turkey following them. What is that foolishness? Where are their `ulamas? What is Allah Almighty saying? First fatwa from Azhar ash-Shareef must be that whoever is killing themselves and others must be in the Hellfire forever! Who is denying the Holy Qur'an, how can he be a Muslim? No imaan!

What is that, to kill themselves? Everyday, people putting something on themselves and entering a hotel or a casino and exploding; that is Islam? Does Allah help them? I am a very weak servant, my stepping from here up to the door, but they are so big ones, claiming, "We are Salafi `ulama." I am addressing to those that never accepting other `ulamas. Give a fatwa that this is haraam; why you are not giving? Allah should punish them here and Hereafter!! We are asking the way of Rasoolullah (s)!!!

Shaykh Hisham in the khutbah today was speaking about, alladheena aamanu wa kanoo yattaqoon, "Those who believe and constantly guard against evil ..." (10:63) Taab`ikum, tasleemun, irshaadun. That ummah, instead of denying Wahabi ways is denying awliyaullah! How? Allah Almighty is giving honor to them; that is mawjood or mahfood? Awliyaullah are through ourselves, or no? Where are those awliyaullah, holy ones, whose hearts are always looking to the Lord of Heavens? Where? Now finished! Old ones are making Salafi `ulama to give fatwa for demolition, for awliya's tombs not to be known. Allah Almighty showing them even in Mecca al-Mukarramah and we are as if not to be known! Even shuhudaa `Uhud, Sahaabi Sayyidina Hamza (r), (they are) making his grave not to be known!! Why? Who is making that haraam? Allah is showing them where are awliyaullah and up to now, even in the time of the Prophet (s) they were destroying, not to be seen, not to be known. What is that foolishness? How you are fighting awliyaullah and Allah (swt) asking for awliyaullah to be known?!!

**•••• ••••• •••••••••• •••••• ••• •••••• •••••••••• ••••• •••• ••••••••••••**

alaa inna awliyaallahi la khawfun alayhim wa la hum yahzanoon
Behold, verily on the friends of Allah, there is no fear nor shall they grieve. (10:62)

Laa hawla wa laa quwwata! Therefore, one whip on non-Muslims and seventy whips should come as a punishment on Muslims! Astiadhu billaah the Qur'an Kareem is giving meanings by some verses:

••• ••••••• ••••••••• ••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuha ‘ l-ladheena aamanu ‘ttaqullaaha wa koonoo m`a as-sadiqeen
O ye who believe, fear Allah and be with those who are true (in word and deed.) (9:119)

Do you think when Allah Almighty is saying something, it is not to follow? Allah Almighty is addressing believers, Yaa ayyuha ‘ l-ladheena aamanu ‘ttaqullaaha,”You must fear from Allah Almighty and His cursing!” If asking how can we fear, He is saying, ”Don’t harm anything, even an ant without any proof. Don’t kill, don’t kill!” Allah is ordering to make people to live and not to be killed!! “I am creating them. How you are killing them?” You must think one day you must be killed also!

O People! If we are asking for a safe and happy life here and Hereafter, to be granted Paradise on the Day of Resurrection, you must follow beloved ones, awliyaullah, saints, holy ones. If not, all of you are going. Allah Almighty giving for everything a reality about that one. So many stories. Only Shaykh Hisham Effendi, even my reciting:

•••••• •••• ••••••• •••••••••••• •••••• ••••••• ••••• ••• •••••• •••••••••• •••••••••••••••

Bismillahi ‘r-Raahmani ‘r-Raheem.
wa jaa'a min aqsa 'l-madinati rajulun yasa`a qaala yaa qawmi ‘ttabi`u 'l-mursaleen.
Then there came running from the farthest part of the city a man saying, ”O my People! Obey the apostles.” (36:20)

Allah Almighty ordered two saints, holy ones, to call people to Islam, to believe in their Lord and His holy commands. They came to the city of Antioch but the people refused to believe them. Then Habeeb al-Najjar who had met them along the way came running, asking what happening, and they said the saints asking them to believe in a Lord other than their Lord, and they refused this message, threatening to kill the saints. Habeeb al-Najjar said,”O people, they are calling you to believe in the Right Path and you are being cruel?” So the men rushed on him and killed him. Then Allah Almighty was angry, and ordering the angels to come to the entrance of their fortress and making those angels to shout, ”Ohhhhhhhh,” and all of them like burned bodies, black, falling down and finishing!

••• ••••••• •••••• •••••••• ••••••••• ••••••• •••• ••••••••••

in kaanat illa sayhatan waahidatan fa idhaa hum khaamidoon
It was no more than a single mighty blast and behold, they were (like ashes) quenched and silent. (36:29)

Look, what was the reason? Because they were running on Habeeb al-Najjar, to kill him. Whoever was around killed him and the others were coming and stepping on his body. Then heavenly anger and cursing was coming on them, commanding that all of them should be killed.

If one person is going to agree with a person that is doing zhulm, oppressing, and saying it is good for them to be killed, have you created them that you are saying it is good for them to be killed?!! Therefore, fear surrounding all of those who are killing and so many hundreds, thousands, millions of people should be killed also!! And Allah Almighty is saying, wa la taqtuloo anfusakum, ”Nor kill (or destroy) yourselves.” (4:29)

Even though they are not shooting, they are saying it is good to let them die or be killed. You must find who is responsible, who is giving trouble to people, who is the oppressor and they should be killed, not innocent people, small ones, old ones or disabled ones!! What is their mistake? They are innocent ones, why are they being killed? Now a heavy revenge is coming, from six, only one should remain and five should be taken away. If the whole of them should be six-billion, only one-billion should remain and five-billion should be taken away. Angels are saying, don’t cry for them because they were denying the Holy Qur’an and holy orders.

O People! Try to be good ones, don’t be bad ones. Allah Almighty is asking that you should be good servants; He likes good servants, He never likes bad servants. Bad servants should be taken away. Allah, astaghfirullah. I am fearing from my nafs, not to be with them. Therefore, O people, ask forgiveness from Allah Almighty. If they are making me to speak, up to next Jumu`ah it will never finish!

What they are saying is not for saving people here and Hereafter, because they think everything is finishing here and (there is) no more (Hereafter) behind this life! Who killing themselves by their own will, and killing others, their punishment is going to be up to the Day of Resurrection!! Every second that one’s body should come together and there should be a new explosion for that one, up until the end of the world. I don’t know how many thousands or millions of times, it will not finish and they will be punished up to Day of Resurrection!! If you are killing with a revolver you will be killed with that up to the Day of Resurrection again and again, and also if killing by sword, you will be killed by the sword again and again.

Allah, Allah, Allah, tawbah yaa Rabbee, tawbah yaa Rabbee, (we) repent, O our Lord!
O Allah! Send us someone who may save us from oppressors, jababirah l`anatullahi `alayh.

Fatihah. May Allah (swt) forgive us.

## The Punishment Of The Grave

May you reach good days, insha Allahu r-Rahman. The Day of Judgement is coming closer, not going farther. Qiyamat is approaching.

Bismillahi r-Rahmani r-Rahim. A generation without Bismillah is living on earth now. They have forgotten Bismillah. Who forgets Bismillah will become forgotten. None of their doings succeed. Who says "Bismillahi r-Rahmani r-Rahim", his doings succeed. Who doesn't say it, his doings never, ever succeed. When they forget Bismillah, it means they have forgotten Allah. Those who forget Allah, their dunya as well as their akhirah is terrible. Aman ya Rabbi. May Allah Almighty not make us from them. Aman ya Rabbi. "Nasu Al-Laha Fa'ansahum" (59:19)

The Holy Verse, "Nasu Al-Laha Fa'ansahum". They forgot Allah & Allah left them as forgotten. There is no Divine Help, no Mercy descending on them. These rains that fall in the form of Wrath, these floods, snows, tornadoes, volcanoes, the roaring of oceans- all these are signs of Wrath, not signs of Mercy. This means that the Heavens are in a wrathful state towards the earth- The Heavens are furious. For this, "Yakunu l-mataru ghaidhan wa l-waladu ghaidhan". In the end of times, the children are very tough, no mannered & merciless- the people also. And the Heavens, what it says as "ghaidhan", is it not? It means severe, furious (without benefit). It doesn't come on their heads in a nice way but rather like "Take this!" take it...

Allah Almighty Who grants their rizq/ provisions, grants those who know Him an easy way. Because these ones don't know Allah they are struggling here, there - whole world & they can't find themselves, their stomachs are never filled. Neither their stomachs nor themselves are satisfied because they left Allah. Aman ya Rabbi tawba Ya Rabbi. Tawba Ya Rabbi, tawba Astaghfirullah. I say "May Allah not make us from them".

Tawba ya Rabbi, tawba ya Rabbi. Aman ya Rabbi. There is also what is beyond this- beyond this, there is the grave. To where will they run from the hardship of the grave? There is also the hardship of grave. We seek refuge in Allah. We bury the corpse & leave but the grave calls "Come to me. Come to me now..." The hardship of the grave.. Aman ya Rabbi. Aman ya Rabbi. The grave is either a hole of Hell Fire or a garden of Paradise. The graves of the people, 99% of the peoples' graves now are holes of hell fire. You close someone's grave & leave him there. It says "You come now". Aman ya Rabbi, May You forgive us, O Lord. May He (swt) send us the Master who will correct us. We are waiting. I am waiting for him. May we be corrected & find our graves as a garden from the gardens of Paradise. All the graves are full of snakes & centipedes. May Allah forgive us. Forgive us O Lord.

To the good days. May You not separate us from faith & religion O Lord. May You not separate us from Your Beloved's Way. May You not deprive us of Your Beloved's love. May You make us live with the love of Your Prophets, Saints. May we revive, carry Your flag O Lord. May You forgive us, not leave us to the hands of our dirty egos. Fatiha.
I don't fear death but am worried about what we will suffer in the grave. What will we find in our grave?
H.R. May Allah grant long life.
M. My fear is this. This is what I fear. What kind of sufferings one will go through in such a small place? Inside the grave, the grave is ordered: "Squeeze yourself". His bones cross each other like this inside the grave. It doesn't allow any outside sound. You can't see anything when you look. If you try to listen, you can't hear. You can't see his condition, aman ya Rabbi. Tawba ya Rabbi.
Everybody thinks it is a game- they think Islam is a simple matter. Or coming to this world, they think they came for playing. We came to dunya for a reason. Whoever brought us, He has a reason. We came here for something, not created for no reason. When we plant a tree, an olive tree, what is it for? For its olive. We are also created & from us it is the good deeds we perform. It is to respect & to love Allah Almighty, to keep His Orders. It is to find honour.
Ya Rabbi, tawba ya Rabbi. Fatiha.
May Allah not separate us from His good way. Allah Almighty says "Fahal Min Mudhdhakirin" (54:15). He says "Is there anyone who thinks on this?" They made us say, the Sultans are making us say. Is there anyone who thinks on this? "Mudhdhakirin" What does Mudhdhakir mean? "Hal Min Mudhdhakirin" Is there anyone who thinks on this, who understands this? Shame on us. Shame on us. Shame on us that we couldn't

serve our Lord. Shame on us. Shame on us...

•Möget ihr gute Tage erreichen, insha'Allahu r-Rahman. Der Gerichtstag kommt näher, entfernt sich nicht. Qiyamat nähert sich. Bismillahi r-Rahmani r-Rahim. Eine Generation ohne Bismillah lebt jetzt auf der Erde. Sie haben Bismillah vergessen. Wer Bismillah vergißt, wird vergessen werden. Keine ihrer Machenschaften hat Erfolg. Wer sagt "Bismillahi r-Rahmani r-Rahim", dessen Taten haben Erfolg. Wer es nicht sagt, dessen Taten werden nie und nimmer Erfolg haben. Wenn sie Bismillah vergessen haben, bedeutet das, daß sie Allah vergessen haben. Die, die Allah vergessen, deren Dunya und Akhira sind furchtbar. Aman ya Rabbi. Möge Allah der Allmächtige uns nicht einer von ihnen sein lassen. "Nasu l-Laha Fa'ansahum" (59:19). Der heilige Vers: "Nasu l-Lahu Fa'ansahum". Sie vergaßen Allah und Allah läßt sie vergessen sein. Keine Göttliche Hilfe und keine Gnade kommen auf sie herab.
Dieser Regen, der in der Form von Zorn fällt, diese Fluten, Schnee, Tornados, Vulkane, das Brausen der Ozeane, all dies sind Zeichen des Zorns, keine Zeichen von Gnade. Das bedeutet, die Himmel sind in einem Zustand des Zorns gegenüber der Erde. Die Himmel sind rasend. Deshalb, "Yakunu l-Mataru Ghaydhan wa l-Waladu Ghaydhan". Am Ende der Zeit sind die Kinder sehr hart, ungehobelt und gnadenlos, die Erwachsenen auch. Und die Himmel sind, wie es heißt, "ghaydhan", ist es nicht so? Es bedeutet heftig, rasend. Es kommt auf ihre Köpfe nicht auf nette Weise, sondern eher wie 'Nehmt das!' Nehmt es! Allah der Allmächtige, der ihr Rizq, ihre Versorgung, gewährt, gewährt denen, die Ihn kennen, einen leichten Weg. Weil jene Allah nicht kennen, mühen sie sich hier, dort - in der ganzen Welt, und können sich nicht finden, ihr Magen ist nie voll. Weder ihr Magen noch sie selbst sind zufrieden, weil sie Allah den Rücken gekehrt haben. Aman ya Rabbi, Tawba ya Rabbi. Tawba ya Rabbi, Tawba Astaghfirullah. Ich sage: Möge Allah uns

nicht einer der ihren sein lassen. Tawba ya Rabbi, Tawba ya Rabbi. Aman ya Rabbi.
Da ist auch noch das, was danach kommt, darüber hinaus gibt es noch das Grab. Wohin wollen sie laufen vor der Bedrängnis des Grabes? Es gibt auch die Bedrängnis des Grabes. Wir suchen Zuflucht bei Allah. Wir begraben den Leichnam und gehen, aber das Grab ruft: Komm zu mir! Komm zu mir jetzt... Die Bedrängnis des Grabes... Aman ya Rabbi. Aman ya Rabbi. Das Grab ist entweder ein Loch des Höllenfeuers oder ein Garten des Paradieses. 99 Prozent der Gräber der Menschen sind jetzt Löcher des Höllenfeuers. Ihr verschließt jemandes Grab und laßt ihn dort. Es sagt: Du kommst jetzt. Aman ya Rabbi. Mögest Du uns vergeben, o Herr. Möge Er (swt) uns den Meister senden, der uns zurechtweist. Wir warten. Ich warte auf ihn. Mögen wir rechtgeleitet werden und unsere Gräber als Gärten von den Paradiesgärten vorfinden. Alle Gräber sind voller Schlangen und Tausendfüßler. Möge Allah uns vergeben. Vergib uns, o Herr.

Zu guten Tagen. Mögest Du uns nicht vom Glauben und der Religion trennen, o Herr. Mögest Du uns nicht vom Weg Deines Geliebten trennen. Mögest Du uns nicht der Liebe Deines Geliebten berauben. Mögest Du uns mit der Liebe Deiner Propheten und Heiligen leben lassen. Mögen wir wiederbeleben, Deine Fahne tragen, o Herr. Mögest Du uns vergeben und uns nicht
in Händen unseres schmutzigen Egos lassen. Fatiha.

Ich fürchte den Tod nicht, aber sorge mich darum, was wir im Grab erleiden werden. Was werden wir in unserem Grab finden?

HR: Möge Allah dir ein langes Leben geben.

M: Meine Furcht ist das. Das ist, was ich fürchte. Welche Art von Leiden durchlebt man auf so engem Raum? Innerhalb des Grabes. Dem Grab wird befohlen: Drücke dich zusammen. Seine Knochen kreuzen sich so im Grab. Es läßt keinen äußeren Laut zu. Du kannst nichts sehen, wenn du guckst. Wenn du versuchst zu hören, kannst du nichts hören. Du kannst seinen Zustand nicht sehen. Aman ya Rabbi. Tawba ya Rabbi. Alle glauben, es sei ein Spiel. Sie glauben, der Islam sei eine einfache Sache. Oder in diese Welt zu kommen, glauben sie, sei zum Spielen.

Wir kamen in die Dunya aus einem Grund. Wer immer uns herbrachte, hatte einen Grund. Wir kamen hierher für etwas, nicht geschaffen ohne Grund. Wenn wir einen Baum pflanzen, einen Olivenbaum, wofür ist er? Wegen der Oliven. Wir wurden auch geschaffen und von uns sind es die guten Taten, die wir tun. Es ist,

um Allah den Allmächtigen zu respektieren und zu lieben, Seine Befehle einzuhalten. Es ist, um Ehre zu finden. Ya Rabbi, Tawba ya Rabbi. Fatiha. Möge Allah uns nicht von Seinem guten Weg trennen. Allah der Allmächtige sagt: "Fahal Min Muddakirin" (54:15). Er sagt: Gibt es irgendjemanden, der daran denkt? Sie veranlassen uns zu sprechen, die Sultane veranlassen uns zu sprechen. Gibt es irgendjemanden, der daran denkt? "Muddakirin". Was bedeutet Muddakir? "Hal Min Muddakir". Gibt es irgendjemanden, der daran denkt, der das versteht? Schande auf uns. Schande auf uns. Schande auf uns, daß wir unserem Herrn nicht dienen konnten. Schande auf uns. Schande auf uns...

## Pure Hearts

He, Who created and honoured mankind, wants them to be friendly, help each other, support each other, love each other, keep justice and the rights of each other. Even an ant has rights. The smallest creatures has rights.

If Allah the Almighty does not give His Permission, nothing can harm you or hurt you. But if you leave His Divine Service and start hurting others, He will let them hurt you. Even the smallest bacteria may kill you. It can enter your body and develop into an army of bacteria. But if you go on the right path and give the rights to the Creator, He will keep you and protect you. Everything will help you, and never harm you.

We are now in the 20th century. It is coming to an end and we are entering into the 2nd millennium. What are we doing? We, these 6 or 7 billion people on earth? Are we living for the service of the Lord or for satanic trips and traps: harming each other and trying to kill masses of people?

People are trying to kill millions in one go, destroying everything which mankind has built since thousands of years. Is that the civilisation you are so proud of? People have become slaves of technology. They are not on their knees in front of their Lord, but in front of technology, handmade technology! The second millennium is coming closer, and something else too: if we do not change our attributes, a curse will come. No power on earth can stop it. Everyday we see such terrible weapons on television which have been made by us, mankind,

to kill each other. We are cursed because of that.

Allah will not punish His disobedient people in the way He did in the past. Some were punished by a flood, some by earthquakes, some by winds, some by fire... Different kinds of punishment befell the people, and they were taken away. This nation will not be punished from above, but from within themselves.

People are in different groups, in different camps, becoming enemies of each other and killing each other. That is the punishment this time. There is a traditional rule: the one who kills will go to hell and so will the one who is killed. The one who is killed was intending to kill, but the other one was quicker. People with bad intentions must be punished. Pure hearts never carry bad intentions. Pure hearts never carry jealousy. Pure hearts never carry enmity. Pure hearts never carry hatred. Pure hearts never intend to harm others. Pure hearts cannot be against other people. Pure hearted people live only for their Lord. Bad people do not live for their Lord. They live for the sake of this world.

All of us have different forms, races and colours. As I was praying I had a vision of a meadow. Do you think that a meadow consisting only of green grass would be better than one with different kinds of flowers in it? No doubt the flowered one! Have you seen different kinds of flowers living side by side? Have you ever seen the yellow flower fighting the red flower? There are so many different flowers living friendly side by side in the meadow. But you, mankind, are unable to see the reality of different races and sexes and nations. Why can't you see the harmony, peace and enjoyment? Why aren't you trying to make a peaceful world?

## The Meaning of the Hadith: "Purify the Paths of the Holy Quran"

(Mawlana Shaykh stands.)

Allahu akbar, Allahu akbar, Allahu akbar la ilaaha illa-Llah, Allahu akbar, Allahu akbar wa lillahi'l-hamd! Alfu salaat alfu salaam alayka ya Sayyidil awwaleen wal akhireen. ameen, ishfa lana ya Sayyidil awwalieen wal akhireen, madad.
(Mawlana Shaykh sits.)

As-Salaamu `alaykum, O Mankind from east to west, from north to south! Ask for salamah, safety, each one, another each one, make it so frequently, always say As-Salaamu `alaykum. That is one of the biggest favors of our Lord, Allah Almighty. Forgive us yaa Rabbana, yaa Rabbana, bless us, grant us from endless Mercy Oceans. Forgive us and bless ourselves and protect our physical beings not to fall into dangerous positions through this life and the next one. And we are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem. That means beware of Shaytan because Shaytan is putting everywhere a trap and if you are not following the ways of heavens, you can be caught by anyone of the traps, they may catch you.

O People! This is a humble meeting, and it is a mercy from the Lord of Heavens to give us something from holy knowledge. Now knowledge is of so many kinds, countless books, countless knowledge they are writing,

but all of them belong to this life. Never getting any interest through such lessons or books, no any interest for people. They are leading whole nations, for what? Towards some aspects, temporary. They are trying to give such things, yes, just it has been put from east to west, from north to south, through continents, through oceans, so many sources of knowledge but all of them are only for this temporary life.

And Shaytan is always bring to people and saying, "Look what I am bringing to you. Come and take it." If anyone is saying, "What do you want for this selling?" Shaytan is saying, "No, it is free. I am not asking for anything. Only that you must look and you must carry and you must buy from materials." And people, SubhaanAllahi ‘l-`Aliyyi ‘l-`Azheem, endless glory for our Lord, Allah Almighty. (Mawlana stands and sits.) Subhaan sensin.

They are making, my masters to stand up when we are saying our Lord’s holy name. For what? They are saying that to make Wahhabi and Salafi `ulamas to be happy that, "Ohhh, Shaykh is standing up when he is saying Allah!" (Mawlana stands.) Allahu akbar! Saying, "O Shaykh, now coming a bit clever one and they are understanding what we are saying, and Shaykh asking to save himself from shirk; without "sheen" it is "sirk" (Turkish for "circus")! If you are on shirk, you are going to be on circus? (Laughter) They are looking to me. I am looking, yes, one of this saying to me, now Shaykh is speaking true. We must listen to him, but what he said about shirk? I don’t know what he means when he is saying, "shirk". And from shirk people carrying beasts and dirty animals. That means he is not respecting our understandings and our beliefs. Yes. Another thing that you are saying for Ahlu ‘s-Sunnah wa’l Jama`ah, "shirk".

When you are putting us into shirk, we are putting you into circus. Ok Shaykh Hisham? Sleeping? Wahhabi, Salafi `ulamas, all of them going to be in circus! Therefore, we stand up when we are saying Allah! (Mawlana stands.) I am an old one, if I can carry, I was standing up for our whole meeting, but I am such an old one, I can’t stand up. And it is more than waajib, it is fard, everytime that you are asking to say Allah, you must clean your tongues because the Seal of Prophets (s) was saying Taahiru turuqu 'l-Qur’an, yes? Are you `Arabiyy or Turkish? And with which ones that Prophet (s) saying this hadith? What does it mean?

Taahiru turuqu 'l-Qur’an - that means make the ways of Holy Qur’an that you are reciting, clean as much as possible, make your mouth clean because you are saying holy name and holy words, holy verses, holy surahs means Holy Qur’an you must clean. How are we cleaning? Yes you know that when we are eating pulau, rice

with meat, we are so shattered? Ones to eat big trays of kafta or to eat and you are saying we are cleaning, but sometimes you are only making such a thing (napkin) with your mouth. Prophet (s) is not saying clean your mouth when you are eating, lahmu shahm, oh my shaykh you are so...

Who is this one (uses eyeglasses) “Oh Shaykh Hisham Effendi. He is learning also to eat lahmu shahm (meat with fat) but my teeth are dentures and sometimes I can’t eat. Why not knowing? All of you educated. I don’t know French or English. I can’t, therefore, I am taking this and only swallowing and people thinking masha’Allah, Shaykh so quickly eating, going to finish our tray, don’t worry, never-ending! And don’t think that when Prophet (s) saying you may clean your mouth, it means with water or soap. Salafi people are saying, "We tried that detergent, it is so better for cleaning." And some of them use napkin and finished. Don’t think that when Prophet (s) was saying Tahir ul-turkal Qur’an, he was asking to clean your mouth with soap or detergent! (laughter) Prophet (s) means to clean your mouth with dhikr or holy names of your Lord Almighty!

Don’t use cigarettes, it is haraam! Why not saying? Making smoking mouth of that person like WC for Shaytan and this argeela, or also hookah (water pipe), makes your mouth also dirty! It is haraam, don’t use it! At least making the ways of Holy Qur’an to be in a bad smelling. That is a holy command, you must be clean and you must clean your mouth with which thing? "We are using, “O shaykh, your Arabic is very strange." Yes my Arabic is heavenly! What cleans the way of Holy Qur’an, you must know. Say to me! Making the ways of Holy Qur’an dhikrullah! Wa ladhikru al-lahi akbar! How you are saying when people making dhikr, "You are doing bida`, you are making shirk, you are on wrong way?"

From which giving authority of such a fatwa? Salafi `ulamas, sometimes you must use a little bit your mind for understanding. I am not from Arabian people. I am sorry for this, that my descendants coming from another tribe of Adam’s descendants , but you must be so happy that Allah Almighty honored you to be from the nation of the Prophet’s tribe, Sayyidina Muhammad (s). (Mawlana stands and sits)

Keep yourselves. For what means the way of Holy Qur’an? If you are not cleaning according to a real hadith coming to ourselves, that when a person asking to recite Holy Qur’an, coming an angel here, (mouth) to take it to heavens. But sometimes they are getting disturbed from bad smelling of that person and they are escaping!

And when angels escaping, coming quickly Shaytanic ones then cursing coming on them! When cursing coming on a person, he is going to be maheen (despicable), lowest level that going to be equal to the level of beasts, level of animals; is it a hadith or not? What saying Salafi `ulamas for this hadith or it is something invented? What are you saying? Salafi `ulamas, you are looking every time through Haram Makkah al-Mukarramah or Haram Madinatu 'l-Munawwarah that coming people from government armies, people dressing just dressing of western kafir peoples dressings. Why are you not saying that is haraam? You don't know this hadith? Or is it an imitated hadith? Why are you putting caps, how? How can you enter Haramayn Shareefayn your soldiers or your big rank people, putting on their heads zayi 'l-kuffaar `alam al-kuffaar that 1400 years `ulamas saying who dressing in the dressing of kuffar and mushriks going to be from them; why you are not saying?

Look in Hijaaz, they are never putting on their heads, sign of kufr. Whom they are keeping Shari`atullah, but some `ulamas from Arabs also, they are asking the dressing of western soldiers, western armies. I was happy with Sultan Qaboos (bin Said al-Said of Oman), that he was dressing in turban and zayi 'l-Islam, but finally I am looking and seeing that he is putting on his head a cap that belongs to the armies of non-Muslims and I was so sorry to see such a good amir or sultan at the end, they are showing his zayi 'l-kuffaar, dressing, as a dress of western army general. Shari`atullah never accepting. Khalifatu 'l-muslimeen, it is not for him; may hear, may listen, I am saying only true ones, I am not taking any care if they are (not preferring this), still we must say.

Therefore, I am shouting to Salafi `ulamas, why you are not saying? Why you are not making fw`az or your armies in holy land, Hijaaz. And why `ulamas of holy lands are not saying to their kings, "O our maliks, why you are using that, it is zayi 'l-kuffaar. It is not an honor for you to put a cap of western army's captains." Allah Almighty or Prophet (s) or any real Muslims are going to be happy with you. You are breaking the hearts of Muslims by putting caps of kafirs, haashaa! Why you are not saying? You are only coming and saying when we are making a circle of dhikr and saying bida`, bida`, bida`. From where bringing that bida`? And you are saying it is not permitted. How it can be?

All of you should be punished. You must be punished before you are going from this life, you are going to be punished!! I am only a weak servant, but our grandshaykh and awliyas are sending to my heart and I am

speaking on it, nothing else. If you are hearing, you should be happy. Not hearing, you should be regretting, yes. But just we are living in a time that people are in ikhtilaaf, differences, some of them are saying, "We have power to keep everything under our control," and weak ones saying, "If you are making this, we can't come to you in opposite way to say you are wrong, (or to say) you must not do this or that." You must follow Shari`atullah or Shari`atur-Rasool (s)! (Mawlana stands.) Stand up for the honor of Rasool (s) in spite of Salafi ``ulamas! Yes, that is important.

O People! We must learn, we must learn, we must try to learn. We must try to be real Muslims, real followers of prophets. If prophets passed away, we must follow their inheritors' ways, whom they are keeping Shari`atullah, holy ways just mentioned through Holy Qur'an and through holy ahadith of the Seal of Prophets (s) Don't play. Don't think these words are as a joking, no it is a reality. And you should be punished if you are not repenting and saying, tawbah, yaa Rabbee!

Everything that ala'mal kufr, everything that unbelievers are doing, it is forbidden for us to do. You can't do, Muslims can't do as western people or unbelievers ways, or non Muslims ways to follow them in any way. Keep your honor! We have been honored to be Muslims. Why you are not saying O Wahhabi peoples and you are quarrelling with Muslims and saying who making dhikr are going to be mushriks. May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah, SubhaanAllah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah

O People! Come to the ways of awliyas to be in safety here and Hereafter. O People! Come and listen, come and accept truth, or you are going to be repenting last moment and it is going to be useless.

## Purify Yourselves and Allah Will Give You Good Rulers!

Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam. (Du`a) A`oodhu billahi min ash-Shaytaani ‘r-rajim. Bismillahi ‘r-Rahmani ‘r-Raheem.

O People! Be the servants of Allah, We came to you, to say “be servants of Allah.” We want to relate to people the guidance of Prophet Muhammad, the Seal of Prophets (s).

O Servants of Allah! Worship and obey your Lord. We are living in the days of various fitna. We are at the end of time and this is the last of the nations.. There is no prophet after the Seal of Prophets (s). He is the First and the Last. He said, “I was given `Uloom 'l-Awwaleen wa ’l-Akhireen, Knowledge of the Beginnings and the Ends.” He knows everything from the beginning of Creation until the end of Creation. Since fifteen centuries he is the Prophet, upon him the highest praise and blessings. He has been given the knowledge of the past nations as well as the coming nations.

O Allah! Increase his honor and esteem, light, and happiness. He came as Rahmatali 'l-`Alameen, “Mercy to all Mankind”. He is not the reason for their suffering. His mission is to relieve his nation from suffering, and to save humanity and all Creation! It is the duty of every human being and particularly every Muslim to learn and take action according to the teachings and guidance of our Prophet (s), and the orders of Allah (swt), our

Creator.

Prophet (s) has informed us about the coming times, since his time until the end of time. Allah (swt) has given him a shining proof. Those who follow him will be safe and those who go against him will suffer in the Last Days. They will fall off the Straight Path into Hellfire. We are presenting this to every human being who is thinking about Prophet (s)! What was his character? What was his message? Allah (swt) has sent Prophet (s) as a messenger to His Creation. Those who do not know this are the followers of devils, and those who follow will win and be saved. Those who do not follow will fall into problems in this life and more problems in the Next Life.

Now the people of Egypt have fallen into problems between them and their leaders. Their leader is a devil, because they have followed the steps of the devil who has taken them down into endless and countless fatalities. The people of Egypt have now spread like wasps or drones, taking to the streets to change the government.

•••• •••••• ••• ••••••••• ••• •••••••• •••••• •••••••••••• ••• •••••••••••••

Inna Allaha laa yughayyiru ma bi qawmin hatta yughayyiroo maa bi anfusihim. Verily, God does not change men's condition unless they change their inner selves. (Ar-Ra`ad, 13:11)

They are going out into the streets, calling left and right. That is not the teaching of the Seal of Prophets (s), and you have gone against the teaching of Prophet (s). You want your leader to be correct, but did you check your state and that of people? Did you find them on the Right Path?

If they were on the Right Path, then your leader would be on the Right Path. If you do not change yourselves, even if you change your leaders seventy times, still, you will get worse ones. Listen to this! But most of you are listening to the devil and not to al-Haqq, Allah (swt)! This is the result.

•••••• •••••••• •••• •••• •••••••• ••••• ••• ••• ••••••

Follow the Truth and Allah will improve your rulers. You are taking to the streets like animals. That is not Islam. If you change your ruler, Mubarak, you will get another one worse and a third one even worse and so on. Astaghfirullah, wa yaa fawzan li ’l-mustaghfirreen.

Listen to Allah and you will be saved in this life and the Next. If you do not listen to Allah, His wrath will not be lifted from your heads. Who has put that ruler on you? Religion is adab, and adab brings people close to Allah. Sayyidina Adam (a) said:

•••••• •••••••• ••••••••• •••••••••• ••••• ••••• •••••••• ••••• •••••••••••••• •••••••••••••• •••• ••••••••••••••

Qaala rabbana zhalamna anfusana wa in lam taghfir lana wa tarhamna lanakoonanna min al-khasireen. The two of them [Adam and Eve] said, ‘O our Sustainer! We have sinned against ourselves, and unless You grant us forgiveness and bestow Your mercy upon us, we shall most certainly be lost!’ (Al-A`raf, 7:23)

O our Lord! You know our state. Improve and correct us. Get us out of this, the ego’s and Shaytan’s trap.

Fatihah.

## Purity of Heart: To Forgive and Forget and to be Immune to Vainglory

Once the Prophet Muhammad, upon whom be peace, was sitting with his companions, when, sighting from afar a man approaching, he said: "Oh my companions, if you want to behold one of the inhabitants of Paradise, look at that man who is now approaching". The man presently arrived and took his place among the congregation. The next day, and yet the next day after that, the Prophet delivered his companions the good tidings of that man's eternal felicity (without saying anything, however, to the man himself).

So often I have heard people lay claim to possessing pure hearts. Especially people who reject religion and mystical practices out of hand love to make such claims. We don't lay any such claims, but we believe that our Way is the way of purification, and that our efforts should set us in the right direction. Anyone who thinks of himself as a pure-hearted person should pay heed to this account and reexamine his claim in light of it.

This account has reached our time through Abdullah, the son of Umar, the second Khalipha of Islam. When Abdullah heard the Prophet laud that person three times he decided to follow him to his house and seek both his blessings and knowledge of exactly what means had led to his attaining such a high station of perfection in this life.

When Abdullah arrived at the man's home he knocked on his door and was welcomed in. The man asked

him: "May I inquire as to the purpose of your visit?" Then Ibn Umar related to the man what the Holy Prophet had said about him each of the three preceding days. The man said: "I know". Abdullah Ibn Umar continued: "Oh my brother, I would also like to be one of those fortunate people to have secured a place in paradise while still living in this world. What exactly have you done to attain such distinction in the Divine Presence? What kind of ascetic austerities have you undergone? What kinds of superrogatory acts of devotion have you performed?"

"Oh Abdullah, I don't worship more than you or anyone else does. My being given those good tidings is not a result either of my austerity or my devotions. There are, however, three attributes that I have cultivated and which I prize very much, as one would cherish rare pearls in his possession. First of all, every night as I lay in bed before sleeping I say to my Lord: "Oh my Lord, if any of Your servants has harmed me today, either with his hand or with his tongue, I have forgiven him with complete forgiveness, and will never raise a complaint against him to anyone nor to You, neither now nor on the Day of Judgement. You are my witness that I have forgiven them all: now and forever, here and hereafter."

I must ask all people who claim to be pure of heart: Can you forgive in such a manner? Or do you run to court over sixpence, reciprocate for a single word of abuse with a shower? When slapped do you turn the other cheek, or answer it with ten blows? Do you hold grudges over a long period of time? If you react in this manner to provocation you must know that you are cultivating filth and disease, not purity. Don't hold grudges, for their fruit is hatred and enmity. Where then is your purity?

Then Abdullah Ibn Umar said: "Hmmm... that is a very difficult attribute to emulate. Tell me the second attribute-that, perhaps, may be easier to aspire to". The man said: "Look, if I were given the whole world and its treasures, and if the people were to make obeisance to me, saying: 'We are making you our king and putting a huge royal treasury at your disposal. Please take your place now on the Imperial throne and order us to do what you like, your wish is our command', I would not be happy or gratified at all. And what is the sign that I really feel this way? That is the third attribute, and it confirms the second, is proof that I care nothing for wealth and power. For, if those same people were to come the next day, abuse me and kick me off the throne, saying, 'Go away! We don't accept such a foolish king who is not even happy at being crowned king nor pleased at having sovereignty over the whole world bestowed upon him, nor with vast wealth and treasures', I would not be sorry in the least, but greatly relieved".

Are such attributes so easy to attain that everyone should go around claiming to have purity of heart? If someone were to give us an ordinary house - forget about palaces - we would be happy, and certainly if they came the next day and claimed it back we would be sorry. So what about having the whole world at our command? Such renunciation is a sign that the topmost point of faith has been reached. Allah has said, "The material world is of less value to Me than the wing of a mosquito". That man had attained certainty of this, had taken this wisdom to heart and stopped coveting this world. The true believer will say: "Oh my Lord, as much as the material world is worth in Your sight, so let it be in mine".

## PURPOSE OF CREATION and THE OCEANS OF BEAUTY

Allah Almighty has said through His Holy Words:
"I was a Hidden Treasure and I loved Myself to be known so I created this whole creation that it may know Me.".

Pay heed to these words for although this is a brief statement, through it the Creator explains much about Himself, His Creation and the purpose of life. He says that He was, is and always will be a Hidden Treasure, a treasure without limits, and that He willed a creation into being, worthy of receiving endless grants of His Knowledge. Such a Lord may grant endlessly, but even such munificence does not mean that His creatures have encompassed any part of His Reality. We are fortunate to pertain to such a Creator and to glorify One whose Majesty is eternal and limitless, whose grants, described to us in their differing aspects, as Power, Beauty, Mercy, Wisdom, Knowledge and Penetrating Will, are constantly renewed so that our souls imbide ever fresh and invigorating refreshment.

Man was created in the heavenly realm, and then he and his wife were sent to live on earth. Allah Almighty sent man into his abode of temporality, but He sent paradise with

him. Who was paradise for Adam? – Eve. If the Lord had not sent our mother Eve with out father Adam, he would have exploded like a bomb, but he was able to console himself and find happiness, even in his abode of suffering, with his wife.

When Adam came to this earth, his Lord sent the knowledge of the Heavenly Realm with him – the very memory of it as a reality. Adam was empowered to establish a spiritual transmission to his descendents, but it soon became necessary to endow another man with a direct glimpse of that reality, so Seth was chosen as a recipient of prophetic revelation, and his spiritual power became a tributary to the original stream established by Adam. But, in fact, Seth received doubly, as what he inherited from Adam was then also his, as well as what he received directly. Then came Enoch (Idries), and in succeeding generations one-hundred and twenty four thousand Prophets were granted direct revelation streams to feed into the, by then huge river of Divine Light coming to them from earlier Prophets.

Some people may ask why Allah Almighty sent so many Prophets. Our Lord sent them because He loves to grant His servants gifts from His Divine Knowledge, Beauty, Mercy, Wisdom, Power and Penetrating Will endlessly, as He said, He wants and loved to make Himself known.

And even though the succession of prophet hood has spiraled to a climax, first with the advent of Jesus Christ, and then with the mission of the Seal of Prophets, Muhammed, (Peace be upon them all), whose duty it was to establish Divine Light throughout the world in a unified, universal way not possible in the earlier stages of the development of mankind, don’t think that access to Divine Knowledge is cut off. Never! The Prophets of God have always been the leaders of spiritually illuminated people on earth, those who have been given the task of guiding initiates and mankind at large. Every one of them brought spiritual energy to this world, energy which did not leave this realm when they did, but remained as a beacon of light through the obscurity of this life. This light is not, as it were, unembodied, but incorporated in at least one spiritual heir in every period of human history.

If a person seeks truth, Allah will lead him to such a beacon, to a meeting with an inheritor of a Prophet, whose particular guidance qualities suit his potentialities. These Inheritors are connected spiritually with the Prophet whom they represent, and, consequently, when you meet them and are prepared to receive the transmission, you may receive a “photocopy” in your spiritual body and establish direct contact with that Prophet – you will be invited to his assembly.

Once Moses was in Mount Sinai conversing with his Lord, and addressed Him, saying “Oh my Lord, have any of your servants been honoured with such intimate discourse as I have?” The Lord replied: “Oh Moses, have a look around you”. Moses looked around and saw the whole valley filled with Moses, all with long beards and staffs, looking at him as he looked back at them in amazement. Then the Lord addressed him: “Oh Moses, this is only a selection: there are more, but I only show you this small group to give you an idea of what power I have sent through you to the world.” He is Almighty Allah, certainly it is no great thing for Him to grant those who sincerely want to be like Moses, and follow in his footsteps, a spiritual power that emanates from Allah but to them through Moses.

During the Night Journey of the Prophet Muhammed and his ascension to the seven heavens, the Angel Gabriel accompanied him part of the way, though the seven heavens, but at a certain point stayed back in awe of the radiance of the Divine Countenance, fearing to approach further lest he burn. The Holy Prophet then ventured on alone and was shown by his Lord a huge gathering of people, also identical to himself, and the Lord told him: “These are the Saints of your Nation and My servants: “And no one knows the armies of the Lord except Him”. “Whose steps in your footsteps will partake of your honour and light.”

Therefore, a Grandsheikh sitting with his murids must be a means for those murids to attain light from the Prophet whom that Grandsheikh represents. It is impossible for a Grandsheikh to leave even the weakest of his murids without a share of that power, so

that he should attain to the same degree and honour as his Grandsheikh.

We have waded into an ocean of deep and secret knowledge, and as it is secret we are being signaled back to shore by the “lifeguard” lest we all drown.

## The Purpose of Mawlana Shaikh Hisham's Khalwat

Bismillahhir Rahmannir Rahim

There is permission. There is permission for Seclusion and practice for 40 days. But we have not been ordered to assign anyone other than Syaikh Hisham, to enter into a seclusion a complete one for 40 days. While leaving people and family and children to leave all dunya and country behind him completely and to welcome the service of Allah as much as possible.

In this year, they sent us signal for the servant who is poor for Allah is rich to say Shaikh Nazim who has the titles of Al-Haqqani An Naqshbandi, that I should commission one, Shaikh Hisham to enter into the 40 days service.

This year 1426 H ( Aug 2005 ) to be separated from dunya, children, family, country and work and to give his heart and to make himself available only for his Lord and for His service. I was informed In

this matter to commission One of the deputies of our Master The Sulthan of The Saints and the teacher of the ummah Syaikh Abdullah Ad Daghestani (May Allah raise his station continuously) that I should commission Syaikh Hisham Al-Kabbani , Who is known as Al-Haqqani, and who is also known as Madad ul - Haqq.

Allah is supporting him with a special support in order to sever disbelief from its roots.

And in order to open the way for TRUTH for the appointment of the TRUE ONE and for protecting the people of truth and to over power The kingdom of iblees, to cause its ruin.

I was given the signal and the glad tiding that I should commission one of the deputies of Mawlana Syaikh Abdullah Al Fa'is Ad Daghestani, Syaikh Hisham Al Kabbani Ar-Rabbani Al-Haqqani, to enter to seclude himself from the beginning of the month of Rajab al Murrajab until the 10th of Sha'aban al muazzam. As much as possible in terms of the perfection of the seclusion of Tawajjuh, of Suluk and of Qiyam, As much as possible to be in the service of the knowledge dispensing king.

That is why I called him to come here to our presence in order for me to give him such an assignment and according to our insight. He will assume the position for which a promise was made on the day of the promise and the covenant, to be in the service of the Lord over servants. To quell disbelief (kufur), to invalidate it, to ruin it and to destroy The kingdom of satan and abalisah (plural of iblees).

May Allah reveal him and support him with a special support. Tomorrow since the time is near for the blessed month, the month of Rajjab Al Murrajab 1426 H. With Allah's leave Shaikh Hisham will direct himself in obedience to what they have asked of us

and what we have received that we should cast this assignment upon his shoulders to carry the responsibility... . Carry and they saw our honorable Masters, that this important task is only suitable for Shaikh Hisham Al Kabbani and Ar-Rabbani.

That he should make himself available to achieve and to apply, and to pave the way for the appearance of the owner of time. And he should govern with the governance he is given according to what is required of him right before the time of Sayyidina Al Mahdi a.s. During his time and after his time we wish that Allah will facilitate this matter and we are reminding him that everything which the servant does solely for his Lord may He be glorified. Is made easy..easy which action is heavy. The one in which the ego takes its share in the action. This will make him tired and will be the cause for him not to receive support from the angelic realm to complete his service.

In summary he will intend after Asr prayer, next Thursday Fourth of the month answering. Yes sir fourth of the month, he will shower for the welcoming of the blessed month, the month of Rajjab Al Murrajab and he will enter with the intention of subduing the ego and it's evil from his self and from all the selves of the members of the ummah.

We want him to erase the evil of the egos form the servant and to free them up and to bring them to the service of certainly for Allah is the pure religion for the Lord.

In his seclusion he will be busy with his Master, my Master Shaikh Abdullah, the teacher of the ummah. Then he will ascend in the company of Mawlana Shaikh to the service of the prophet of the last

days the beloved of Allah, our Master Muhammad SAW. and he will then intend to raise the flag of peace between the east and the west.

And everyday he tends to a different matter. Then he will supplicate and ask for the ummah ... A Sultan as was indicated by the Lord of Glory when He said "Oh people from human and from jinn. If you are able to penetrate from the regions of the heavens and the earth then do it, you cannot penetrate without a Sultan."

There is no need to interpret the meaning of the word Sultan. It's meaning is apparent if there was any difficulty. In understanding a word we may then go to interpretation.

In this case everybody knows the meaning of the word Sultan or of except through a Sultan. Why then they want to interpret and add things by saying it means Sultan of knowledge? Why? Why they don't say Sultan of men, Sultan of the angelic realm, Sultan of the earth?

This must be for correcting what is happening on the face of the earth. This cannot be accomplished without a Sultan "Oh people from human and from jinn. If you are able to penetrate from the regions of the heavens and the earth then do it. You cannot penetrate without a Sultan."

The Sultan is the shadow of Allah on His earth. Whoever honors him, like this whoever honors him. And whoever humiliates him, Allah will humiliate him. Whoever honor him, Allah will honor him. Whoever honor the Sultan, Allah will honor him. And whoever humiliate him, Allah will humiliate him. This is the service, the one who enters it must...What I mean is that the focus ff this seclusion, is to ask for the Sultan. Because the people are under such hardship. That cannot be described, The likes of which have not been seen. And the people

are confused, they do not know how to get out of this difficulty. This difficulty is like being in a tunnel Tunnel? Tunnel tunnel? No way out except through a Sultan.

"The Sultan is the shadow of God in His Land." The people left him (the Sultan), and they followed the devils, and they fell into the trap. They do not know how to be delivered out from this dome or how to be delivered out from this difficulty.

This is the original purpose only to ask for this matter, we don't want anything else.

For what other purpose is this seclusion? Oh my Lord I seek refuge with Allah. When they said the children of Israel when they said to their prophet send us a king. So that we will struggle in Allah's way (Fisabilillah) in ordered to teach the servants. He did not mention that send us. Never they said.When they said to their prophet send us.

When they face hardship, the children of Israel, they went to their prophet. Those devils, they deny intercession through saints and prophets. This is the best example of intercession. Why didn't they, why did they go to their prophet. Why didn't they directly say "Oh our Lord, send us a king too."

They went to their prophet and asked send ask from your Lord. When they said to their prophet send us a king, your tongue is pure. You ask on our behalf from your Lord. We have made you our intercession (Wasilah). You ask from your Lord, to send us a king.

Who owns the land and the people? King. When they were righteous, the king was righteous. When they deviated, the people deviated.

That is it... we are.

Every, every night, in the last third, he will be in the station of intimate discourse with his Lord. Shaikh Hisham, when he finish the awrad and the Salawat. Salawat Awrad, he will be busy 24 hours. After the daily awrad at night, he should ask at the time of acceptance (of supplication) for Allah to send us a king. A king to struggle in Allah's way. His supplication will have the same effect as that of 124.000 Saints engaged in supplication for 40 days.

Asking The Lord of servants to send them a king. That is why we are sending Syaikh Hisham Effendi, whom we know very well. The others Saints, we do not know them.

For this purpose he must enter, not any other thing. Other things are not important.

He must ask this only the summary of the 40 days. And the real purpose is this consultation with the Prophet SAW.

He must be present, spiritually with the Prophet SAW , and ask ,"Oh ...Prophet of mercy, Oh... Prophet of mercy...,Oh Prophet of mercy, ask your Lord to send us a king so that we may struggle in Allah's way, Fisabilillah .

The one whom you gave us the glad tiding about," Oh Prophet of mercy, Ya Nabi Ya Rahmah, we are looking to see the results. What I advised him regarding his physicality.

So that he doesn't become weak. And for him to complete the service, so that he is not carrying too much. Too much or too little. The best of ways is the middle one.

I advised him regarding eating and drinking, whatever he does he does, and after that he asks "Oh our Lord, send us a king." Make it (the hardship) oh Allah, as if it didn't exist.

Oh our Lord erase their evil through your men. And it is for you. For you. For you oh my Lord. To sever, sever their roots, severed were the roots of the oppressors and praise be to the Lord of the worlds.

That is the main task. With which we are ordered, he will afterwards. Little by little receive openings in the seclusion. A little more and then more, will come to the seclusion.

This just now...Became apparent, the wisdom of this assignment of Shaikh Hisham in this year. The real purpose has just appeared with this step... now afterward he can do as he likes. Regarding this matter, in his task he will receive inspiration, continuously to his heart and he will answer them.

He will be like a tower for the airport. What they call it? Traffic control... what?

Beacon Menara. This is continuously turning, seeing in all directions. More inspirations will come, thoughts will also attack. But when thought attacks, he makes ablution and prays 2 cycles. In this matter, it is up to him to read the Holy Qur'an as much as possible to read more. He does not to read other books, because inspirations will be coming about the intricate meanings (of Qur'an).

He has permission to write them down. Of course an ocean knower of the unseen.

Because according to the signals we received, from the people of signals (vision).

We understood that the intensity of the hardship required for the appearance (of Mahdi as) has just happened. The people have reached their limits of hardship. From the intensity of oppression and darkness.

May Allah remove it from existences, the oppression, the transgression, the tyranny, the denial (of truth) through the blessings of the Prophet SAW and the sanctity of the Al Fatiha (MSN read Al Fatiha).

There is what you call it Hisham Effendi, continuously your heart will be in rabitha (connection) with us. A line running from our direction to you this is also important. The honorable connection (Rabithatu Sharifah)

## The Pursuit by Mankind of Useless Knowledge, and Their Disregard for Necessary Knowledge

(Mawlana Shaykh arrives at Shaykh Hisham's home in Lefke, and is received by the family and many murids. Speaking in Turkish.)

As-salamu `alaykum. (Mawlana looks at his watch) Ya Rabbee ... Ya Rabbee ... Ya Rabbee
As-salamu `alaykum. As-salamu `alaykum. Madad, ya Sultan al-Anbiya! Madad, ya Sultan al-Anbiya! Madad, ya RasulAllah! (Mawlana stands.) Madad, ya Sultan al-Anbiya! Madad ya habeeb Rabbi'l-`alameen. (Mawlana sits.)
A`udhu billahi mina 'sh-Shaytan ir-rajeem. Bismillah ir-Rahman ir-Raheem. Alhamdulillahi Rabbil-`alameen. As salatu was salamu `alayka Ya Sayyidina Muhammad, sayyid al-awaleen wal-akhireen. Welcome! Welcome! And we are saying ash-hadu alla ilaha illAllah, wa ash-hadu anna Sayyidina Muhammad sal'Allahu alayhi was sallam wa `abduhu wa habeebahu wa Rasuluhu, wa Safiyuhu, wa khaleelahu.
Maded, ya rijalAllah! Madad, ya RasulAllah, Sultan!

I am asking from Shaykh Hisham permission to speak, because now we are here under his nazhar, under his spiritual power (Shaykh Hisham blushing, embarassed). And we are in need, Lord of Heavens, they are in need (for) spiritual power. Therefore, there are some centers of Heavenly Power; the Lord of Heavens is not leaving Earth without a Heavenly Power Center.

Maddd, ya Sultan al-Awliya! Madad, ya RasulAllah!

I am nothing and I am not claiming that I am something, but according (to the) High Command of holy people, I am coming here to meet servants of our Lord Almighty. We are claiming to be servants for Allah Almighty, but mostly we are going to be in winned, maghloub, winned by our egoes by our egos, and our egos are never getting to be happy if you are claiming and asking to be servants of the Lord of Heavens! Lord of Heavens (is) sending heavenly support to Earth; if Heavenly Power was not coming on this Earth, it is going to be like Jupiter, and Saturn, and seven running stars Iy iyme? [na`m sayyidee]. His Heavenly Order just had been sent from heavens to this planet, and from that Heavenly Power life appeared on it (Earth), not like other planets that are only rocks. Some no-mind people or some people that they are claiming we must know everything for this space, and it is impossible, no possibility. But people are following Shaytan, and Shaytan is occupying them with something useless. But they are trying to know, to know but they are sloop, [their way] airway? Saloop? [method] Don't sleep Egytpian `alim. And from their activities, their spiritual power is going to be on zero point, and also their physical power is coming less, less, less, and going to be dust, nothing!

But they are trying to know what is their method, and they are asking to make stairs from here to space, and we are asking, what are you doing? And they are trying to reach space. How are they trying to build stairs to reach there? That is method? Those people un-normal people, no thinking they have nothing! And (they are) saying, "I am building this huge tower, we are going to build a huge shey, ne dirler, buniye tower, and to look." And I am saying to those people, "Oh people! Before you, Nimrod tried, and you are asking to try now? And he was saying to his grand wazir, O Haman!"

Dom, dom, dom, dom, dom, dom, dom, dom.

Coming that Pharoah (Nimrod) to test Abraham (a) if he is a true one or not. What can we do? Nimrod thinking he is the most clever one. "O your majesty we may build a tower of power. Tower of power." He said (Mawlana imitates), "Oh power! Power, oh power! Ohhhhh!"

Whole ashes, dom, dom, dom, dom, you Earth, dom, dom, dom, dom. Nimrod said (imitating), "This is very lovely beginning, yes, you are building a huge tower that is signing our power. Yes, building. I am going up to

look where is the Lord of Abraham, to find His palace and to fight to Him and to give a warning that if they are not reaching to Him, he may send a warning, ohhhhh, to the Lord of Heavens, I am sending to You a warning that I am coming to You! Make a way so that I may reach to You for fighting!"

Because country in space or any country to Nimrods or to Pharaohs must be won! We must go up. And he was reaching... knowledge, people now claiming "We are technology professors, we are scientists, and we must look what (is) happening through space." Therefore, (their thinking is) we must try to reach to space and look around. And that is a wrong idea, impossible to to build a tower and to reach to planets and beyond, universe, beyond our sey nedirler? Beyond our galaxy. But they are trying. But Shaytan is making them to try, to do something.

Allah, Allah.

And now people are wasting their egos on one Heavenly Power station, on one ray, and it has countless rays reaching, directed to Earth, (and) without this atmosphere this world is going to finish so quickly kharab eder. Destorying so quickly. They are trying to do this, but they are not asking another power station, because our Lord of Heavens separated Earth men and his wife in Paradise — not on Earth, in Paradise —and granting them a physical being: it was lying on Earth from Paradise! Not any movement, only a shape for Adam p.b.u.h., and upon the most glorified prophet, Sayyidina Muhammad (s), giving material life to his body, his suret, was lying there (on Earth when Adam was still in Paradise).

Shaytan was coming and looking to that original Sayyidina Adam, and it doesn't matter; it is not important for us. We may capture it. Then the Lord of Heavens giving to statue of Adam from Heavenly nafas, blowing, and this shape of Adam is standing up! That means without that power, Man is only like a statue. People are trying to make such a thing, but they are only making the shape of Man, but no one but the Lord of Heavens (can) give one from the Heavenly Breath for Adam, and Adam standing up! This is mentioned through whole holy books: Old Testament, New Testament, Psalms and the Holy Qur`an. (All) mentioned that if no Heavenly Breath, no one will be other than a statue. But people are not trying to understand that there is some power making Man to stand up, to grow up, to do something! They are not trying to understand that, they are only looking for what is on Mars! What do you want on Mars? If it is going to be Mars [made] from golden rocks, how we are going to bring golden rocks on Earth? Yessir, we may throw them up and they may

fall to earth.

They think that economical crisis, as I am saying, dom dom dom dom, dom dom dom dom.

They are going to go to .... because golden getting less, less, less on Earth and therefore, economical crisis is tied to this, and Americans (are) too much, mashaAllah, very clever ones! They are saying, “How much you need?” “We need 10 trillions.” “Too much.” “8 trillions.” “5 trillions.” ”Too much.” “Because it is so long distance they are going to bring it to you, but you must arrange Earth to come just under Mars, and then we will throw them up and just they come to earth.”

Then going like this, like that, without any benefit. First class, sending with big cases. People running then coming to look, what happened. If Allah Almighty is not giving to you, you cannot bring it from Heavens, (or) from space, (because) nothing coming to you! For example, if the Lord of Heavens closing the water springs, no more water running, what is making that for you? Bringing solution? Bringing the end of Lord of Heavens on Earth, but no mind!

Shaytan making them run for nothing, useless wasting their power and time, and Man must understand that we are in need of Heavenly Power! Without Heavenly Presence, we are nothing. We may disappear on this planet in a second if Heavenly Power is not reaching to you, but they are laughing! They are like asses, not thinking they are going to be ashes and dust.

That is biggest cheating from Shaytan to people, to waste every valuable aspects that they have been granted by the Lord of Heavens! They are waiting and finally, they are reaching to nothing, nothing!

O People! We are coming from every direction of this world; we are here handful [of] people, but such an instrument reaching from east to west. But what I am saying, it is something thrown to my understanding, on the way of my heart. I am not knowing anything, but something coming Heavenly (inspiration) to my heart, and the heart is Sultan!

(If we are) Taking that Heavenly Presence, we may understand. But people not taking that power. They are saying power is if you have much more golden, much more money. This is their thinking and running after wrong way. That is there only from Heavens to people. Try to reach Heavenly Power, that it is open for

everyone! It is not forbidden; (it is open to) every human from Lord of Heavens. If they are asking for Heavenly Presence from the Divinely Presence, they may reach to it. Ask! They are not asking! And every trouble that we are in now (is caused by) people leaving Heavenly Presence stations and running after material power stations.

O people! You must learn, 21st century people! You are only occupied by teknologia, but it is never giving satisfaction to you, no. A person can't be in satisfaction to have pleasures. Like Qarun, he had billions and billions from jewels, but never he was giving to him any support to be in life. No, finished, disappeared. O people! You are learning, but your learning is always against humanity! But even our religious people are never speaking on that subject; they are fearing, for what? They are saying they will be cut off from their salaries; they are saying this is not enough real logic, because he is never using his mind also. Only if they are using their minds, showing so many ways, but we are not using them also.

Therefore, people running to kill each other and to destroy everything on earth. And Lord of Heavens is saying, as-sulhu khayr. "Peace is best." That is the Lord's Command and advice of the Lord of Heavens! O people! Don't quarrel, don't fight, don't be troublemakers! Whole people now are troublemakers! How can this world going to be a good place for Mankind and Lord of Heavens, (if you are) trying to destroy everything on this planet? Peace is better that is heavenly order for all mankind. And asking for peace! How? We must change our minds now. If not, a cursing (will be) coming, cursing time from Heavens! If Heavenly cursing comes, (it will be) taking only troublemakers. Don't worry, be good ones, don't be a harming one for people, try to be a good one, don't be a bad one. Whole Heavenly Message from the Lord of Heavens is, "O My Servants! Be good ones, don't be bad ones!" But Shaytan saying, "Don't listen to Heavenly Messages, don't listen. To kill each other [is] better for you, to harm each other [is] better for you, to destroy each other [is] better for you!" Which one is true: to be good one or bad one? But people never making a difference between good one and bad one. How are you hoping the future of mankind on earth is a good one? We must change our steps, our minds, and we must take our steps back to good ones, (away from) bad ones.

Oh people! Come and follow good way, (there is) food for you here and Hereafter. O people! Don't go on that way, harming you, destroying you, your might on Earth, destroying every valuable thing on Earth! But people (are) drunk, drunk, looking and going? How it can be? How they will be saved? Look at the holy books of the messengers; look at the Heavenly Command of Allah! Was Allah saying, "Destroy everything, or kill

everything, or harm everyone”? That is the lesson. (Allah is saying) “O people! Come to Me! I like that you should be good ones! Oh people! Come and be My servants!” Lord of Heavens (is) calling people, “I am your Lord! I am your Creator! O people! Come to Me and be good ones! But people are saying, “No, we must follow Shaytan.”

Dom, dom, dom, dom.
This is my music is good,
Turayn, turayn, turayn, turayn,
Turayn, turayn, turayn, turayn.
This shall be our final point,
O people, message of Shaytan,
(Turkish)

(Asking mureeds) You are tired? (No, Sayyidee!) Then stand up and dance! (Mawlana laughs)

May Allah forgive us. At least we are finding such a way that it is only on the first level for Lord of Heavens. They think that because they speak on different levels that the levels of knowledge never ending! There is one level, there is another level on it. But because we are on first level and occupied only through our physical powers, that means we have been captured by physical powers and no more people getting interest for Heavenly beings. That is deficiency, mistake, try step-by-step, try to resist; you must defeat Shatanic ideas, you must say you will stop it, do not give me.

Before teknologia, people were so happy! Before teknologia coming and bringing every trouble, miseries. No, we are not in need. Teknologia people, they are eating with big pots? No, only small pots. Technology is making people’s stomachs to be smaller, saying, you must work too much, you must eat minimally. You like it? No. I like that I may work a little bit and eating too much! (Laughing) And your whole life asking to be happy and joyful, so many kinds of sounds making you like a drunk person, but you are saying, (singing), Dom, dom, dom, dom. It is enough! No need tablas (drums). No. I may sing to you... (Mawlana sings, again!)

I may sing to you
Only a small mind
You may sing so, so kindly

Thinking nothing for tomorrow

So many realities we are putting it on the understanding. If you are eating whole (bottles of) medicines it is harming you, but if you are using a small amount you should be happy. Therefore, I am not saying... (Mawlana hums!) eeyyyy, aaayyyyy, small stomach! (Ha!)

Insha-Allah, you are going to change because Heavens are asking that Mankind must change themselves, because the way that they are on it now, it is very terrible and dangerous and dark! Terrible! We must change that direction. We must fight Shaytan and Shaytanic works! We have some power, Heavenly People, to stop technology, when `Isa is coming, peace be upon him and upon the Seal of Prophets (s) - one command from jinns may take the heads of these nuclear bombs and it is going to be like my whistle (Mawlana blows whistle around his neck) finishing! And I am saying it is ok, may Allah give us from His Heavenly Powers, to destroy baatil [falsehood] and to make this Earth as a Paradise. InshaAllah, we hope that this message of Heavens is reaching to His weak servants.

Allah, Allah. Allah, Allah. Allah, Allah, `Azeez Allah!
Allah, Allah. Allah, Allah. Allah, Allah, KareemAllah!
Allah, Allah. Allah, Allah. Allah, Allah, Subhan Allah!
Allah, Allah. Allah, Allah. Allah, Allah, Sultan Allah!
Sultan sensin, Sultan sensin.

Everything has a power for meaning or for being in existence. Nothing can be in existence without carrying a power. Atoms carry huge power, even you can't see it or touch it, but it's carrying such a power that you can't imagine. Everything in existence is representing endless powers of the Lord of Heavens! O people! Try to know about your Lord only! This news is an important target for Lord of Heavens, must be. Everyone, Lord of Heavens, should understand something from prophets and from their followers, something of Heavenly Powers that is covering everything.

O people! This dunya, or planet, I'm asking those foolish people that they are running to find something on Mars, what about this world? This world, is it in an empty space or a full space? Is it running in an empty space or is something in it? Say it to me! It is going with feet or without feet, or is it turning with a turning

machine? Pushing it and someone pulling it? Say it to me! How? This world's movements are very precise and accurate. If I am saying that airplane (is) moving by itself, no one accepting this from you, they may say you are foolish, because it is driven by a pilot. I am asking, do you see in it pilots? No. And yet you know, the plane without a pilot can't move to any direction. What about this world? Without a pilot, how is it running around itself, same timer, orbit around the sun, and how it is running through solar system? Who is commanding? Say to me! Why you are running to know about Mars? Say to me now! But they are followers of Shaytan and graduated from Shaytanic schools. But to keep your mind and look at holy books, those books with their writing and trying to teach young ones, it is false and therefore, I am against education system that they are using now from beginning up to end. No reality in it, because they are not using holy books through their universities. Why? What is wrong with holy books, that you are not putting for your education system? Why you are preventing youngsters from learning holy books? What is the reason? They are graduates by Shaytanic people.

May Allah save us. Fatiha.
Adhan. (Mawlana stands)

We have so many things to say, and one century and if we may sit here, we may sit on never-ending sources of knowledge coming. And it is written through my heart and not stopping, only if I am getting to be tired they are closing, ... and when it is going to come down, they are closing. For everything there is a limit, a limit. You may be hungry (and) one, two cups, OK. If you are asking to eat big pots, you may eat and you may leave also. May Allah leave us hungry for our minds, and hungry to be on Divinely Knowledge through our hearts.

Ameen. Ameen. Fatiha.

**Putting On Airs!**

---

Subhanallah, Sultanallah Even if we stand up for the honour of our Lord for eternity; bow in Ruku and make sajdah forever, O our Lord, it would be like we did nothing to honour the Lord. You are Qadir Muqtadir, oh our Lord! MashaAllah. La quwwata illa billahil aliyyil azim. Blow on yourself, so the air of those who have the sacred breath may reach you.
Lets go! Where shall we go? Lets go to the Snowy Mountain. What is there? There is fresh air. It revives the people. Let's go there for at least one or two days, or for even a couple of hours, and breathe in the fresh air of the mountain. People say like this. They look for air and aura.
Ey yaran. Shah Mardan. Lets say Bismillahir rahmanir rahim. Be like a Dragon. Be strong as if you can knock down a mountain. If you grasp the cape of the Cyprus Island, you can pull it along.They are Rijalullah,they are the holy ones in the service of the Lord. Know this,may you understand. May our day be good. May our assembly be good. Ey yaran Shah Mardan Rikabi estere merdane bas. Ride your animal like a man. Make the animal you ride be in your air (obey you), not you be in its air. MashaAllah.
Let's say Bismillahir rahmanir rahim. Let's have some fresh air. Some say that "ooo he is putting on airs." Why does he have airs? Don't you see his manners, the way he walks? You see his size, his airs? What "airs" he has! Hasha minal hudur.What is the benefit of his airs if he lives a sinful life? How is the air around someone who is on the Snowy Mountain? Let's breathe in its air. People say,this man is putting on airs.Ya! He has airs! O Shah Mardan, you are the one for whom it's appropriate to put on airs/be proud. The servant of Allah who is Jalil will not be contemptable. The arena is yours, Shah Mardan.
Ey yaran Shah Mardan! Those who love Shah Mardan, come to the arena! People say for some people that they have airs. What airs do they have? Look at the airs he has! Where do his airs

come from?! He is the man of the king or sultan. He is in the service of the sultan, and who is more than he? We are servants of Shah Mardan,our airs come from this. We've his airs of course. The men of Shah Mardan, can bring down the world! Listen all those who are left without air, idiot ones! Those who walk on air - Listen, you idiots, who is the one who deserves to put on airs? "Look at him" they say "he has put on airs". Do you know him? Look the way he walks, his size. He is putting on airs! He has strong support to give him airs. He has strong support, that's why he has airs!

Shah Mardan, Sahib Dawran, Habibur-Rahman his excellency. He has airs; when he comes to the arena of men he has airs of his own. Where does his air come from? From his uncle's son(sas) from the beloved one of Allah(Habib Allah).That's why he has airs. Hay hay. Oh you idiot ones, you may easily fall and die. Allah(swt) let him collect his soldiers. These soldiers give him airs. He says, I am going to fight! Whom? Humans and jinn! You wish! Look to his airs! E what airs does he have? What do you rely on? Those soldiers in front or your weapons pointed towards the sky which are worth nothing? Their airs are worth nothing; he thinks his weapons have airs! shaytan is saying I will destroy, I will burn. Destroy if you can, burn if you can. You are satan - you put airs on. Do you think there is no Owner for this domain?! You think these people have nobody to protect them? You are going far beyond your limits. You may easily fall and die. Have airs (be proud), like Shah Mardan whose airs are completely different.
Hey the holy one, Shah Mardan! Habibur-Rahman. MashAllah. Here come the brave ones. Those taking their airs from the Holy ones are blessed. May your airs come from Shah Mardan. Haa. Airs coming from your weapons are useless. They will destroy you. If Shah Mardan commands, their cannons, weapons, armour tanks, will not work. Allahu Akbar wa lillahil Hamd. Ey Son of Adam, keep your limits. What is the most beautiful way that befits man? To know his limits.
Let’s say Bismillahir rahmanir rahim. Ey Shah Mardan, welcome to the arena. There is no person on Earth who will not fear from you. You have your own airs. Hay hay. He has his own airs. When he comes to the arena, the unbelievers who see him, even before he draws his Dhul Fiqar, find themselves defeated. Oh muslims, where are you? We are men of Ikhwan Muslimin (Muslim brothers). They don't know what they are talking about. We are Alawi. We are Shia.

Dont say like this. Which one of you is on the way of the Sultan(Shah Mardan)? Which one of you has the majesty of Shah Mardan? Shah Mardan has the Heybet(majesty) no one else has. Your cannons, weapons are like match sticks in front of him.
Fear Allah(swt)! Fearing from Allah gives you majesty. Come down and kiss his horse's stirrup. Oh our Sultan, your wish is our command! Say this to Shah Mardan. Where are you, Alawis? You are making big troubles using your bitter claims. What do you say? Ey Shah Mardan. Ey Habibur-Rahman, ay asadullahi l-Ghalib,(the victorious lion of Allah). We are proud of you. We are on your side. Say like this. Does any one of you say like this? Because his exellency, his holiness,Shah Mardan has his own airs! Why? He is the enemy of satan. He splits satan into two hundred pieces, a thousand pieces, leaving him paralyzed.
Who is with satan cannot be Alawi. Anyone who forgot DhikruLlah cannot be Shia. Who is showing hostility to the Ummah of the Beloved, is not a human being. They will be destroyed. Know whose side you are you on. Some say 'he is putting on airs'. Airs? Whose airs? He is the man of such an important person He has strong support, strong support?! That's why he is putting on airs. Don't you see his shoulder strap(epaulette)? Don't you see how proud he is with the cap he wears on his head? Why is he proud of the uniform which belongs to an unbeliever's military. Putting on airs for these things is worth nothing - only for appearance( to show off). Choose your side. MashaAllah. Shah Mardan is giving advice. Ey Yaran Shah Mardan. O male lion, Shah Mardan. Those who don't love him have no place in the human race. Those who don't respect him have no name in the arena. Respect him. Be on his side so that he takes his airs from such a lion who shakes the world. Being with him, you can of course take airs from him. Someone drinks, hits, makes trouble, then he says the arena is mine. You drunk one "Do you think that Shah Mardan is dead and buried?" He is the lion who is next to his Uncle's Son(Hz Muhammad (sas)). Be on his side so that you deserve to take on his airs. Of course the one on the side of Shah Mardan is getting airs from him.
Some other man is putting on airs. Who is he? He is the man of the president, or man of the director of customs, or of the governor general, or marshal, or admiral...So many made up ranks. Where did you find these foreign words? Why are you using foreign vocabulary? Admirals, being admirals and generals - They don't like to be Pasha. There is no Pasha in Egypt, nor in Hijaz, nor in Turkey, nor in Iran either. Take the title Pasha! Isn't there the title of Pasha in Islam? Yes

there is. It is a manly title. If the world bursts with a "boom"; they are the lions who remain steady. Be a lion you imitation Alawis, fake Shia. You have no value. There is no value if you are putting on such airs. If you think you found honour by killing people, extinguishing stoves, oppressing innocent people and destroying their homes - hell, may you go to hell. Neither admiral nor general are titles belonging to us. There is no general or admiral in Islam. We are not a made-up nation. We are coming from the nation of Abraham (Ibrahim).We are the lions on Earth. What is the imperial order to us? Innahu min Suleiman wa innahu Bismillahir rahmanir rahim. Stand up you fake alawi and fake shia, flying their jet fighters, destroying innocent people and homes. They are dishonourable people. They are on the side of shaytan. Oh those who are on the side of Shah Mardan,come and reveal yourselves. They say 'he is putting on airs'. Of course he is. He is the man of the sultan, or of pasha or of the prefect or of the governor. That is why he is putting on airs. MashaAllah, this is the level of their understanding. They say "we are leaders of Muslim Brothers" What about the others? Are they shaytan brothers. Shame. Why do you make divisions between people? Innamal mu'minuna ikhwatun. Janabul Haqq is saying, "All Muslims are brothers and sisters". You make divisions and call yourselves Muslim Brothers(ikhwan muslimin). Shame on you - be ashamed of yourselves. You have no fear of Allah!

Shah Mardan, Habibur-rahman, if only he shakes - the earth will be shaken by such a lion. Shah Mardan. Is anyone of you proud of him? Do Iranians say that they are on Shah Mardan's way? Do Alawis say that they are on his way? They don't because they are oppressors. They are fake. Their names are fake. They are on shaytan's way. They scatter fires from the sky onto innocent people who are in their homes. What kind of alawi are you? What kind of shia are you? Such a shame on you! Don't they know that above them there are heavenly armies of The Owner of the sky?

It is said that he is putting on airs. Does he have airs to put on? No, these airs are from Shah Mardan who has the right to put on airs. In this case, he has the right to step like a mardan(man) on Earth. Our Master Hz.Ali, Shah Mardan, when an unbeliever heard his name, he fell down. Oh Shah Mardan help us! Finish these fake ones who are oppressing innocent and weak people, with your Dhul Fiqar. They are firing from Earth. They are firing from the sky. Then they say "we are alawi, we are shia". Shame on them.

Which side are you on? Are you on Hz.Ali's side? Answer this you shia and alawis. You may not reach Ramadan. Choose your side. Now you are on shaytan's side. Hz.Ali is Shah Mardan. Is there any one like him who will be on his way? From far distances they came to rain fire onto the servants of Allah who are hiding in their homes. Then you walk around and say: I am human. I am president, I am leader, pasha... Putting airs on, giving themselves airs with such things... why is he walking on air? Yahu, he is the man of Bashar. What about the other one who is called Murshi or turshu in Egypt? He is putting on airs too. He has installed himself firmly in his seat! One day your seat may be broken on your head! Those who are taking airs from shaytan, will go to hell! Dont forget! We will have to account to our Lord for everything, account for every single day.

Know this you Iranian, you Alawi, Turks and Kurds - You don't think that Allah created them. The servants of Allah, these innocent servants, you are raining fire on them. You burn them. Torment by fire is only the right of Janabul Haqq. No one else has such a right. You can't burn with fire. You can't burn even a snake in fire. It can complain its Lord; "This servant of yours burned me in fire!" He wanted to kill me, and he burned me in fire, my Lord! I Punish him! Is this the civilization of the 21st century?

Where are those Christians whose prophet is Isa(as)? He said to his nation - if someone slaps your cheek turn the other side to him also. He(Isa(as)) taught the people good manners. His rank in the presence of Allah, is known by our Prophet (Hz.Muhammad (sas)). The people of the Prophet Jesus(as), those who follow him or not, we have faith that Isa is RuhuLlah. You even say more, but then you invent weapons to destroy servants of Allah and their homes. You say your weapons are putting on airs. America is putting on airs! In Korea people are bewildered by their even more confused leader who is shouting and screaming: "I will destroy, I will burn". Who do you think you are? Who are you? Whose side are you on? Everyone has a side. "We",they say,"are Koreans". China is backing us, Russia is backing us. That is why we are putting on airs, they say. We dont recognise America or Turks, nor India nor Japan, none of them. Do you?

You idiot, mindless people! You live in between two breaths, the one you take in and the one you take out. Euer Allah(cc) izin vermese, If Allah doesnt give permission, even if you pump air into him, he can't survive. He cant wake up, cant breathe in air. If Allah permits he can breath in. If He permits,the breath comes out. If He doesnt give permission... Haqq who is Khaliq-i

Jabbar and Qahhar let us stand up for His Honour! Do you think world is yours? No it isn't. Show us your title deed. Show us, give us a proof that Dunya is yours. Russia, China, America, Europe and Turks, those in Damascus who kill people, fake alawis, bring us your imperial order that you have permission to destroy children of Adam. If you don't fear from Allah.

Those who are taking sides, are also putting on airs, either airs from shaytan.... shaytan blows his airs into him! Why are those people who follow shaytan putting on airs? asked one. The holy one answered: They are putting on airs because they follow shaytan! What does shaytan do? When it farts it puts the gas in their mouths and noses. Burt,burt, burt Let its dirty gas inside those people, so they have airs coming from shaytan; they blow up like a balloon. They have a side. Because of their side, whose side? shaytan's side, shaytan keeps farting into their noses. When the smell comes they swell up to show off - we are this, we are that. Accept that you are shaytan! shaytan doesnt let them say this! Satanism only belongs to itself! it doesn't give its rank to anybody else. These heedless people are becoming, friends of shaytan. They want to take airs from it.

It is not so easy! Not easy! How are you going to pay so that it gives of its airs? What shall we do? - Burn, destroy, kill the children of Adam. Destroy their homes, hit their heads! Make a big fire on Earth. Then it says, "I will give you airs of mine". You can put on my airs. Stalin is shaytan, Hitler is shaytan, Mussolini is shaytan. There are more of them... They killed millions of people, not thinking Allah created them. Burned, destroyed. Then they came around showing off and boasting of their airs. One made his hands like this, another like this. Making shapes with their hands, they thought to put on airs in this way. Nowadays there are some people who want to follow them, putting airs on from them. shaytan's airs! They are putting on airs! Where do their airs come from? shaytan turned its back towards their noses, mouths, they became drunk with its bad smell. They say: we are Muslim brothers, we are alawi, we are shia - liars all of them. Shaytan captured their noses, continually farting - zart, zurt,fart,fart,all these who are boasting with its airs. To their mouths, to their noses, it is farting. Then they begin to walk on air. They think they are elevated saying; I will destroy, I will burn.

Hey!Hey! There is Allah(swt). There is Allah's Lion. He is Shah Mardan. If you are on his side, then your airs are coming from Haqq, and are deserved. If one doesn't take airs from Haqq(swt), he will take airs from shaytan's farts. They are not human but garbage, they are like the waste of

shaytan. They are putting on airs. Where do their airs come from? "We've weapons, missiles. We aim into the sky,then it turns to fall on people Why are you doing this? What is your reason? Why do you kill humans? Are you the one who gave them life? One day you will be caught? You will be set on fire like a barbecue, with your ally shaytan! You will be roasted on the fire, turned like a barbecue. You went far beyond the limits, you will burn.

Those leaders who are on shaytan's side, shaytan will laugh at you for he is made from fire but you are from earth. He will laugh at you, saying - they are the ones who were on my side. This one killed millions of people. This one burned so many people. The other one destroyed a nation, generation. You will have to come to account. Oh you who are leaders of your nation, do you have an answer when the Lord will ask, "why did you kill the ones I created"? The leader of America ,Obama, then, leaders of Russia, China, Your lives are caught between two breaths. You can easily fall down dead. No doctor can extend help! Watch your manners! Choose your side! Why are they boasting? Walking on air? Say Shah Mardan, may we listen! With the clothes they wear they are showing off. Their lives are between two breaths. What is this pride? You can easily fall down dead.

Oh people come to your senses! Be a man, a brave servant of the Lord! Open up in service of Shah Mardan. They drew their swords to protect people from the evils of shaytan! Angels came from heavens to finish the ones who were giving trouble to Man! MashaAllah la quwwata illa biLlah. Here is Shah Mardan, He will draw his sword against the fake ones, among Turks, Kurds, Alawis... among Shias, who became heedless, not knowing their Lord. Their heads and noses are high, but within a second, the Angel of Death can finish them. What is this pride for? We have already said that they have strong support!??!! They are the men of such people - this is why they have pride! Is there any power that is mightier than Allah!? Why don't you come to be Allah's servant, and in the service of Shah Mardan?

Did you get orders from Allah(swt) to kill? Did Allah say you to kill and destroy humans? Absolutely not. Then you will suffer from what you did! He is putting on airs. Those with airs, why are they like that? Because, such people and servants of such people they are putting on such airs! Why? He is the leader of a country which is as strong as a dragon! Putting on airs! Ee your side, ee our side...We are weak servants of Allah Almighty. We never hurt people, or let them hurt other people. We won't let them hurt people He is causing what trouble he can but his head

will be crushed under stones. We don't need weapons and cannons, but will catch his head, and crush it with stones. They are like an asp (snake), they are the shame of the children of Adam! The ones on their side are condemned too. They are giving each other airs!

How long are they going to put on airs? It is said - chicken, let's see you fly! The chicken is putting on airs. "Lets see you fly" they say to it. It jumps up a little, and falls down. It is a chicken. But a hawk, an eagle, a vulture are birds ruling the sky. Allah(swt) dressed them with this rank. They fly over the world and watch. MashAllah! Today in our world, who knows their limits, and keeps justice, and performs divine service according to their religion.

There is only one government, only one country that keeps justice according to its laws - the British Empire. Today there is no other country like Britain, to preserve justice - not Turk, not Kurd, neither Russia nor Japan! Oh Shah Mardan, you tell them. Tell them the truth. Tell them what is righteous(haqq).In our world today, Britain/England which used to be a huge empire from east to west, is still a state/commonwealth of Her Excellency. Keeping justice, still holding power in its hand. There is no other country who keeps justice like the British Empire. This is because, their head is respected, well regarded, beloved and Allah knows. They harm or hurt no one...

We were here (in Cyprus), we were a colony of the British Empire. After the Ottoman Empire, in this island, the British Empire was keeping justice, under a colony government. Only with five officers they were ruling the island. Five officers. In the whole island there were 250 police staff. People were safe and windows and doors were open, not locked. No one was abusing/assaulting the people. I remember times when the judge was to give the verdict of execution, he had broken the tip of his pencil. At the beginning of each year, the big court used to gather and the chief judge used to ask: Is there a murder case? Did someone kill another one? No. Is there a verdict of execution? No. Then he stood up...He was wearing a red cloak - here in Cyprus. These things I remember and know. These Cypriots can't remember.

In the palace in Sarayonu, the chief judge used to stand up. There were The Holy Quran and The Bible in front of him. He used to stand up and in his hand a pencil with which he would write the verdict of execution. He had broken the tip of it. Then he used to put his hand on the Bible and kiss it. There was such a ceremony/tradition. They still have it. In today's world I

announce that the British Empire is the only state that still keeps justice. Her Majesty the Queens' Empire. This is it, they are still number one. Awliyyaullah on Earth know them all. No matter how much things change on earth, the ceremonies of the British Empire don't change. Their respect for their head/queen doesn't change. I am asking long life for the Queen and a good fate/end.
We had the citizenship of Britain, after the Ottoman Empire. There wasn't injustice in Cyprus. Those ones who brought injustice to our island, may all of them burn in hell. We told you this much today. If we elaborate on this subject books can be written on it. There were district offices. There were 6 districts Let's not say more on this but about public order, and safety - that good manners used to be taught to people. Today in our world the one who keeps justice is still Her Majesty the Queen's Government. I know this. There are unchanged laws of Britain. They teach their people good manners. Where are the others? Others are garbage. They must vanish. Have you ever heard the British saying, I will burn. Allah knows the power which the British Empire has. Our Prophet knows too. Awliyyaullah know too, Others cannot know. She(Britain) seems to be silent but she is like a dragon.
When we were a child we used to say, and I really mean it, may Allah watch over them(royal family). They kept justice and are still keeping. Allah knows. Allah sees. Allah hears. The most honorable government in the world, that keeps justice, and gives value to her citizens is Her Majesty the Queen's government. He who has the citizenship in the British Empire, he is honoured. Everyone wants but cannot get. Others are putting on airs. Airs. Where do their airs come from? He is the man of an important man. To put on airs with pride is not a good attribute of a man and a servant.

Oh our Lord, grant us a state, which will let us be on Your way, bring & perform divine justice, which will serve Your servants and protect them. May you grant us such a state, so that people can be saved from oppressors. The Greeks and Turks on this island, were living in peace and comfort, but the ones who were giving trouble, they are now in their graves. Both on Greek side & Turkish side. They will give their own account to the Lord. We cannot interfere.
Putting on airs? For what? He is the man of that man. He is on that man's side. O you! Be a man of Allah Almighty. Then you will see yourself, when you walk everyone will think a lion is

passing by. We want humans to be like this. People who fear from Allah, and are embarrassed in front of the Lord. People became shameless because of this dirty democratic system. Neither Arabs nor Turks, have any goodness any more. Allah will send them someone who will deal and finish their wrong doings. A few men but they are giving big trouble. Damascus is burned, destroyed. Another oppressor from the Far East is saying I will burn, I will destroy! But you are caught between two breaths. How can you talk like this?

We are on the side of Shah Mardan. We are against oppression. We have the power to finish their oppression! Allah(jj), Allahu Akbar Allahu Akbar Allahu Akbar wa lillahil Hamd. Ya Rabbi. Shukur Ya Rabbi. Today, our talk was rather long. So many people were charged.The words of Shah Mardan are severe! I am warning those who are rejecting, may pass away by the sword of Sh. Mardan. They may not reach Ramadan! Amin,amin.Wa s-salamu ala l-mursalin, Hususan ala sayyidi l-mursalin. Wal Hamdu lillahir Rabbi l alamin. Lets recite Fatiha to present to Shah Mardan. May greetings go to his followers from his followers! The Master of the universe, our Prophet - may countless salatu salam (holy greetings) go to him. May he sends us one like Shah Mardan who will destroy oppressors. Amin, amin. Salamun ala l mursalin wal Hamdu lillahi Rabbul alamin.

Al-Fatiha.

## Puzzles

*Professor Nadhir Ahmad Sahib: "Inna a'radna l-amanata ... Was ist die Natur von amana, des „Vertrauens", das dem menschlichen Geschlecht angeboten wurde? War es der freie Wille des Menschen, war es ruh, Geist, oder war es der Qur'an selber oder das Licht Muhammads – "Nur Muhammad"? Seit zwanzig Jahren denke ich über diese Frage nach ..., ich wäre so dankbar, wenn Ihr ein paar Worte darüber sagen könntet ... "*

Bismillahi r-rahmani r-rahim. Die Antwort auf das, wonach du jetzt fragst, kam gerade während dieser Versammlung: von Anfang bis Ende. In Amerika war dieselbe Frage gestellt worden. Aber es ist ein Meer – wenn ihr nicht die verschiedenen Gesichtspunkte betrachtet, ist es schwierig zu verstehen. Es ist wie mit einem großen Stein: Wenn du ihn aufbrichst, um nur ein kleines Stückchen davon herauszunehmen, wirst du möglicherweise das ganze zerbrechen. Deshalb ist es so, daß die Antwort auf diese Frage im Verlaufe verschiedener Versammlungen kommt.

Du magst dich so verhalten wie ein Mensch, der sich auf einem sinkenden Schiff befunden hatte. Am Strand angekommen, wird dieser Schiffsbrüchige dort bleiben und darauf warten, daß die Wellen die Ladung Stück für Stück an Land schwemmen, die er dann mit sich fortträgt. Deshalb, Professor Nadhir Ahmad Sahib, trage, wann immer ein Stück dieser Antwort kommt, es mit dir fort – du kannst ein Buch daraus machen.

Wie wir sagten: Die Antwort kommt im Verlaufe mehrerer Versammlungen, denn gäben wir eine vollständige Antwort bei einem einzigen Treffen, bei einer Versammlung mit dem Sheikh, so würdest du diese Antwort nehmen und sagen: „Das ist genau das, was ich wollte“, aber mit dir forttragen könntest du sie nicht. Nur wenn der Sheikh ein Stück für dich abbricht, nur dann kannst du es tragen. Sie haben eine Antwort auf alles, es gibt keine Frage oder ein Problem ohne Lösung oder Antwort. Aber sie wird nicht in einer Sitzung gegeben, es wird in Teilen gewährt. Der edle Koran selbst ist so vielfach aufgeteilt, er hat dreißig Teile, 114 Kapitel (suras), 6666 Verse (ayats), und dann kommen Tausende und aber Tausende von Buchstaben. Doch kamen sie nicht an einem einzigen Tag herab. Allah der Allmächtige hätte sie mit einem Mal senden können, aber Er hielt es zurück und gab nur, was Er der Menschheit über einen Zeitraum von 23 Jahren zu geben wünschte.

Es gibt ein Spiel für Kinder, ein Bild, das in kleine Teile zerschnitten ist, ein Puzzle: Das Kind setzt ein Stück hier und ein anderes dort ein und versucht, ob die Teile in dieser oder jener Weise zusammenzupassen, bis das Bild vollständig geworden ist. So ist es mit dem Koran, dessen Verse innerhalb von 23 Jahren offenbart wurden. Der Engel Gabriel kam zum Propheten und sagte: „Setzte diesen Vers (ayat) hier und jenen dort ein ...“ Sie senden uns fortwährend, so Gott will, was wir wissen müssen, und was bekannt werden soll, davon kommt in einem fort. Wir können dies eine nehmen und hier einsetzen und ein anderes hierhin und dorthin, und mit der Zeit wird sich uns eine vollständige Schau eröffnen. Aber es ist schwierig, augenblicklich in einer Stunde ein Bild zu vervollständigen, vielleicht gelingt es euch in vierzig Tagen oder in mehr oder weniger Zeit, insha’allah. Al-fatiha.

## Qadama Sidq, True Steps Are for Allah

Dastoor, yaa Sayyidee. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

O our Lord! Zid habeebika `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana, Sayyidi 'l-Awwaleen wa 'l-Akhireen, habeebi rabbu 'l-alameen Sayyidina Muhammad! Shafqat, shafa`atak yaa Rasoolullah. Thumma as-salaat wa 's-salaam `ala jamee`i 'l-anbiyaa wa 'l-awliyaa wa `ala man tabi`ahum bi ihsaan ila yawmi 'd-deen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

O our Lord! Afaana w `afuw `ana w 'aghfir lanaa w 'arhamnaa. For the honor of this Holy Ramadan, we are asking forgiveness because we are such careless people, not giving enough care and respect for this holy month. I am sorry for myself and for everyone who is reaching such an honored month and taking nothing from its barakah, from its blessings. Those who are taking are also taking less, a little bit, and the grants of our Lord are endless. He is looking if His servants are running to Him. We said, Bismillahi 'r-Rahmani 'r-

Raheem, yes.

O our Attenders! Who are believing or not believing, those who believe are reaching unexpected blessings, and those who do not believe are losing from blessings and they are losing.

O People! Our Attenders! As-salaamu `alaykum. We lost so many heavenly pleasures, heavenly grants, heavenly treasures, and heavenly blessings, for what? For nothing! We are running after something that has no value and it is nothing! And it is an imitated pleasure, imitated grant, but we are losing real pleasure, real treasures, real divinely grants, for what? For nothing!

O our Salafi `ulamas! The holy order of Allah Almighty is, wa dhakkir, "Remind them!" (Mawlana Shaykh stands and sits)

••••••••• •••••••• ••••• ••••••••• ••••••• ••••••••• •••••••••••••

Fadhakkir inamaa anta mudhdhakkir lasta `alayhim bi-musaytir. And so (O Prophet), remind them; your task is only to remind. You are not one to manage (men's) affairs. (88:21-22)

Allah Almighty is saying about His most beloved servant, "We are sending you for all people to remind them." For what? Reminding them what is good for them and what is bad for them, and which thing will benefit them. People are running after benefits also, but those benefits in this life are nothing! But we have just also been given glad tidings through all prophets, particularly the Last Prophet, the most honored one. People are running after such benefits that are never giving any taste for them and they are leaving heavenly benefits that every moment and every second are giving to them pleasure, pleasement, beauty, and glorifying. They are leaving that and running after the benefit of this life that has no value.

If the Lord of Heavens is granting them something, it is like a person granted from one generous person gold, but he is giving to that person a paper, saying, "Take this paper and take what is written on it." And everything now that is paper has no value. Value is when he is taking that paper to the sultan and the sultan is saying to him, "Give to him one loaded camel of gold," or it is written, "Give who is coming to you ten camels loaded with diamonds." But you are taking this paper and just on it there is a stamp of the sultan and you go only with that.

Now, here we have been granted the authority that they have been granted from the Lord of Heavens such

treasures, and there is a stamp on it. Therefore, here now, we are taking so many papers written on it that, "This servant did his best according to My holy command and when he is coming to you, give to him his treasures." And when we are going to the Judgment Day, it is written, "That person just put in his life such things for Allah, and Allah Almighty is promising to him to be granted one or two-hundred, or a thousand treasures to be for him forever!"

O our Attenders! What are you doing?! You are saving papers in banks, putting it there, but nothing else. If you are using that for the honor of your Lord, Almighty Allah, He is promising, "Who is bringing that, give to him a real treasure." Where? In Paradise. Fadkhuloohaa khalideen. "O My servants! You gave everything for My honor and I grant to you now in this Paradise for everyone, treasures forever up to Eternity! Eternity!" Such a beautiful word! Azali, abadi, Eternal. Allah Allah, Eternal, never-ending! But peoples' mentalities are rotten! What Prophet (s) was saying, they are never accepting, but what Shaytan is saying to them, they accept! Therefore, their mentalities are going to be rotten. Thousands of people, millions, today just passed away from dunya to an unknown dunya. They left everything here and what they left, no one is taking anything to Eternity!

Wa dhakkir! Therefore, we have been ordered to remind people, to show them something that they are not seeing, looking but not seeing, knowing but not understanding, and doing but not for Eternity. And we have been ordered to work for Eternity, for our Eternal Life. Everything is bayna yadayy servants, everything is in front of servants, every honor is granted from the Lord of Heavens.

O People! This holy month was coming loaded with treasures for people to take, but people are not taking any care, saying, "I don't care, I am happy with my lifestyle, I am in pleasure, happy and in pleasure, I don't like such things," and he is losing! The holy command from Allah Almighty for those people that are saying for themselves, "We are `ulamas," or "We are Salafi `ulamas," they are not understanding. What are you giving from your knowledge to people? What we are saying now is knowledge, but it is valuable knowledge to wake people up, to save every moment of this life for Eternal Life. That is `ilm! That is what we have been ordered to teach people because they are heedless, mostly drunk, and mostly followers of Shaytan, thinking who follows Shaytan will be happy. And Shaytan is saying to them, "Don't believe in anything after your death; finished, everything is here in this life!"

That is the mentality of Mankind living now on this planet. Therefore, they are becoming dirty; their mentalities and their bodies are dirty. If they are going and cleaning themselves with the water of an ocean, they are not going to be clean ones!

Yes, it was a holy month once again reaching to us, bringing honor from the Heavens and saying, "O People! Come and dress with heavenly dressings, heavenly beauty, and heavenly pleasures, come and take every year for one month what the Lord of Heavens is sending us." People are saying, "No, we can't stop our lifestyle, we are going to eat and drink and do what our egos are going to be in pleasure and pleased with. We are running after it and we are not following that way."

Therefore, we are asking from the Lord of Heavens forgiveness, and also humbly I am asking for Allah Almighty to send us such people who may bring us good understanding. Our qualities are not so good because we are running after physical pleasures and never interested in real pleasures. Therefore, I am asking, "O our Lord! Send us those heavenly ones who are supported! O our Lord,them to send us." Because now everywhere is shaytanic sultanate cheating people. Some ones may correct our ways, as Holy Qur'an is saying, "Give us, O our Lord, qadama sidqin."

O our Salafi `ulamas! What does it mean, qadama sidq? Everyone has feet, but they don't have qadama sidq, a true step. Everyone has steps, but very few people are stepping on the right way; everyone is using their steps after Shaytan and its followers! And all Mankind now are in need to use what they have been granted of true steps; all of us have true steps but we are not using it, not stepping. The majority of people are stepping on wrong steps. Why are you not making it clear, Salafi `ulamas, when you are seeing a person stepping on wrong steps? Why are you not saying, "Those are wrong steps, come to true steps, qadama sidq." That is giving honor to people, here and Hereafter.

Allah Almighty likes that His servant may use qadama sidq, true steps that are leading him to the Lord of Heavens! But people are leaving that and using wrong steps, not using true steps and then people are crying. For what? For crises, for hurricanes, for fires, and for floods, so many. All of them are like a whip for making people to look at which steps they are using. Qadama sidq, true steps are for Allah, and wrong steps are for Shaytan. And look now, east and west, which feet are they using? They are using wrong steps. If they may use good steps, true steps, it will rain from Heavens blessings. Allah, Allah.

O People! We must look after ourselves, on which way we are going, on the heavenly way or shaytanic ways? Which feet are we using, true steps or wrong steps? Look and come and accept! So many people that are leaders, such as a captain of a ship knows where a ship is going, but ordinary laborers on a ship don't know about the wheel; not just anyone may know, but some ones may know. And those who are claiming they are `ulamas must look at which steps people are using, qadama sidqin or untrue steps?

It is the last day of Ramadan. May Allah forgive us for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

Marhaban, our attenders, good for you to follow Prophet's way but bad for you to follow Shaytan and its agents' way. Amaan yaa Rabbee, O our Lord, protect us! Yaa Rasoolullah, protect us. For your honor we are living, O Rasoolullah. Shafa`at yaa Rasoolullah, we are asking your intercession here and Hereafter. (Mawlana Shaykh stands and sits)

(40 minutes)

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

(1008 viewers) Going up, mashaa-Allah, yaa Rabbee. Mashaa-Allah, subhaan Allah, shukr yaa Allah.

(Mawlana Shaykh prays two raka`at Salat ash-Shukr)
Amaan, yaa Rabbee. Amaan, yaa Rabbee. Tawbah, yaa Rabbee.

Fatihah.

## Qadamu Sidqun

Marhaban Ya Shah-e Mardan. Marhaba. How beautiful. As-Salam alaikum O beloved friends of the Prophet (sas), O true friends of Shah-e Mardan. Shah-e Mardan! The lion who makes the creation tremble! Al-HamduliLlah. As-Salam alaikum ayyuhal hadirun, the attending beloved friends. The beloved ones are those who throw the love of dunya from their hearts and who are filled and overflowing with the love of Allah's Prophet and who are on his way, they are who are loved and beloved.

SalamuLlahu alaikum. Salam be upon you, Salam from our Lord be upon you. They are the ones who will be given Salam at the door of Paradise: "Salamun Qawlaan Mir Rabbir Rahimin". Allah! Angels welcome them at the doors of Paradise: "Salamun `Alaykum Bima Sabartum Fani`ma `Uqba d-Dari" (24:13). Come on in, the happy ones. Shukur Allah, O happy ones. The happy ones who keep the way of Shah-e Mardan, who carry his sword, who carry his love. Marhaban. Marhaban. Salam be upon you at the doors of Paradise: "Salamun `Alaykum Bima Sabartum". Who don't consider the trash of dunya, who don't take any care for the filth of dunya, who don't pay attention to the coercion of their egos, who keep the Haqq and who keep their feet firm on the way of Haqq. "Lahum Qadama Sidqin" (10:2). Who will be accepted in My Presence are "Lahum Qadama Sidqin".

Masha Allah! How beautiful, "who have sure steps". Who have twisted steps will go where shaytan goes, along with shaytan. But who will come to My Door, says Allah Almighty, "lahum qadamu sidqin": The steps they take are the "qadamu sidqin", the steps of righteousness. They have true steps, not twisted. Masha Allah. "Fani`ma `Uqba d-Dari". Angels will welcome them and invite them into the Paradises. Masha Allah.

As-Salam alaikum O true friends, O beloved ones. O who love the ones Allah loves. What we

can manage is only this. We can't go higher than this. We are weak people who want to be in the way of those whose steps are on Allah's Way. We want to walk in the footsteps of the lions who walk in the way of Allah. We should not go after the jackals who look for carcass. A holy one said "People are of two kinds: lions and jackals". Lions go hunting and hunt a clean animal. They don't eat leftovers because they are honourable. They don't eat anyone's leftover. This is the attribute of lions. And the lion of Allah is Sayyidina Ali, he is Shah-e Mardan. Did he ever run after dunya? Why should he? A lion is not a jackal. A jackal's job is different, a lion's job is different. The lion is the king of the jungle. When it roars, all creatures in the jungle cower in fear from its roaring because it is the lion. It doesn't joke.

As-Salam alaikum O beloved friends. O who love Shah-e Mardan, who love his way, Salam be upon you. We are also starting our day: AlhamduliLlahi lladhi ahyana ba`da ma amatana wa ilayhi n-nushur. Sleep is like half death. Many people sleep but can't get up. Shukur our Lord Who made us get up again. We performed ablution. We made sajda for our Lord, we made shukur. We glorified Him. Through whose way? Through the way of Shah-e Mardan. O lion of Allah! Shah-e Mardan Hz Ali ibn AbiTalib. Masha Allah. When Shah-e Mardan roars, the whole world shakes as in an earthquake. Masha Allah we have reached our new day. Allah Almighty made us get up.

The assembly of the beloved ones must be like the assembly of Shah-e Mardan. Shah-e Mardan, he is a lion. Seek his assembly! Seek the ones who represent him. Don't seek jackals, don't seek hyenas. Seek the lion so that you walk behind the lion. Sayyidina Ali (ra) is the Shah-e Mardan. May his honour come down upon us and we find honour.Let us say every morning: "Marhaba O Shah-e Mardan, marhaba. Ya Shah-e Mardan! We love you! We love your way. Although there are many who take wrong steps but you are forgiving, you forgive them". Those who are honoured in an assembly are the zawat, noble ones. "O Shaykh Effendi, what is zawat?" Zawat is what is not trash. Trash is different and noble ones are different. The people of this time are all like trash. There are no noble ones but all turned into trash. Why? Because they run after jackals, hyenas. Why should you run after them? Whose servant are you? There is no one who is not the servant of Rabbu-l 'Izza but the way of Shah-e Mardan is the way of brave ones, it is the way of men. It is the way of lions. Who keep this way are the honourable ones. These people don't know; they don't know where the honour is. The seat they sit on will collapse on their heads one

day, they don't know. The sultanate belongs to Shah-e Mardan, belongs to who goes in the way of Shah-e Mardan. Seek them, be with them. Be with lions. Don't be with jackals. Don't be with jackals, don't be with dogs either. Dogs eat what they can and then turn their back to urinate on it. Then other animals come and eat, finish it without paying attention to its urine. The honour belongs to the lion.

Al-mar'u ma'a man ahabba. A person is with the one, with the people he loves. Who loves the lion, who follow the lion sit at the table of the Sultan. He will be at the honorable table, in the palace of the lion. Other jackals eat carcass. Who go after them are carcass eaters. What is the carcass? Ad-dunya jeefah, dunya is a carcass. What is the value of who fight running after dunya? Carcass. Wlo loves carcass is carcass also. Who loves shaytan is shaytan. Who loves Shah-e Mardan is from him. Ya Rabbi, may we live with the love of Shah-e Mardan. We can't go further than this.

O beloved ones. O beloved friends, marhaban. Marhaban, how beautiful. How beautiful, how happy is this assembly of the beloved ones. How happy and joyful are their hearts. They say "We are so relieved. There is no heaviness left on us". May there be no heaviness on us, may our bodies be in health and safety and we run after the Order of our Lord. And we keep the way of Sultan. Keep the way of Shah-e Mardan and don't fear! Shah-e Mardan is in the Islamic World. Shah-e qaldan is in Europe. Shah-e Mardan is among the Muslims, in the Muslim World. Shahe qaldan. They are not mardan, they are who you can't know if one is a man or woman! May Allah protect us. Who go to their table will be with them; may be burned, destroyed with them.

O beloved ones, O beloved friends. Seek the assembly of the lion, seek the assembly of Shah-e Mardan. Find it, go to it so that you may be written with them. We are their people. Whose people, citizens are they? "Well, some are the citizens of UK, citizens of the US, citizens of Turkish Republic, citizens of Iran"...These are of no value. Are you from the people of Shah-e Mardan; Hz Ali, KarramaLlahu wajhah? Do you have an identity card from him? If you have, say! If not, you are also among the jackals. You are of no use. You only fill the streets. You shout and scream, because you don't know what you want.

Allah Almighty says "Wa Kunu Ma`a s-Sadiqina" (9:119). Allah Almighty says "Be with the ones who are on the way of Shah-e Mardan". And where are you? You don't know Arabic or Persian! This is the order of Allah Almighty: Allahu Dhul Jalal says "Be with the lions". Did He (swt) say

"Be with jackals"? "Wa Kunu Ma`a s-Sadiqina". Who is "sadiqin"? Who are the true ones? Who are with Shah-e Mardan. Don't run to the streets and dance men and women mixed one more time saying "it is nawrouz celebration"! If some rocks rain on your head, we don't interfere. If it snows on you, we don't interfere. If there are hurricanes, we don't interfere. If wolves appear around you, we don't interfere. Be with Shah-e Mardan. Shah-e Mardan never danced with women in the streets, doing dabke. He flew on his horse from East to West like the wind. Shah-e Mardan! Hz Ali, Ibn 'Amm Hz Rasul (sas). May our Salam be upon them. Give them Salam every morning when you wake up. They call themselves "Alawi", they call themselves "Irani". Do you say like this when you wake up in the morning: "As-Salam Alaika O Shah-e Mardan. May you accept us and we keep your way. May you send us the ones who will show us the way. There is Mahdi who comes from your line. He is a lion. He is a lion". He is a lion like his ancestor. He also is Shah-e Mardan, Mahdi (as) who will come. He will clean the liars, he will clean the ones who corrupt the religion and who spend time with dancing, playing.He will come with Dhulfiqqar in his hand. Dhulfiqqar...O Shah-e Mardan, O Shah-e Mardan. Dakhilak, we seek refuge with you. We are waiting for Hz Mahdi who is coming from your pure line and who will overcome them, who will destroy the sultanate of shaytan. There is no hope from the others. All of them are tyrants. They don't know what they are doing, they are not aware of their actions. They are in a drunk state of their egoes.

Keep the Way of Allah! Don't shave your beard and moustache! Don't wear trousers and jacket. Don't walk without a staff, without having a dagger in your belt. Don't carry guns. Don't carry guns. Carrying guns is not suitable for the brave men. They can make a man fall down along with his gun when they point at him. Allahu Akbarul Akbar. Allahu Akbarul Akbar. Allahu Akbarul Akbar. Ahlan wa Sahlan. Marhaban O beloved friends of Shah-e Mardan! We want such a nation that they will be on the way of Shah-e Mardan. We don't want empty claims, empty talks. I don't know, I am afraid that the parliament they sit in will collapse on those who make empty claims. Or I am afraid that its doors will get locked from outside and a fire will take place in it. I am saying this to those who are the "parliament people". One day, because you carry what Allah doesn't love over your heads (the portrait), because you don't have the signs of Allah's Ism Al-Jalil, Bismillahi r-Rahmani r-Rahim, written. If a horrible affliction comes on your heads one day in the parliament you sit in, the blame is yours. Take down that portrait and put

Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim is the heavenly protection for you, wear it around your neck. Put it on your door, in your car so that angels don't let an affliction come to the place where there is the Bismillah. They cover it, protect it or it will burn. A fire took place in Ankara, burning 700 shops. Who started that fire? Did one of these shops have the Bismillahi r-Rahmani r-Rahim sign? No. They don't have? Allah (jwa) will remove the ones without the Bismillah! When Shah-e Mardan swings his Dhulfiqqar at the ones who are arrogant and claim to be great, at least 100 heads will fly over it! Put down the statues, put down the portraits. Put the Bismillahi r-Rahmani r-Rahim so that you may be protected. If not they will go and never come back, especially the women. They will disappear. They will not be able to find the way to their homes. They will not be able to recognize their homes. It will come to this. We seek refuge in Allah.

O Egyptians! Don't go out! O Egyptian ladies, you understand the Holy Quran. What did Allah Almighty say to you? "Wa Qarna Fi Buyutikunna" (33:33). You go against it! You will get beaten, there is no end to the beatings you will get. The Nile will overflow because of its anger and Egypt will be flooded. What you see now is nothing compared to it. Let your scholars tell you. This is all in the books of the old scholars. All awliyas know that Egypt will be flooded and left under water. There are signs on the minarets of Egypt showing how high the water will rise. It will sweep. And when the water recedes, the crocodiles will eat what is remaining. They should leave these empty claims. They should be grateful, thankful for their situation and women should not go out in the streets. Who stay in their homes are under protection. For who go out, there is no turning back! That day is approaching. I don't know, it is in these days but is it one week later, one month later, or until Rajab? I don't know. They have the ones who know.

Fortunately Sayyidina Hussein who is the son of Shah-e Mardan is there and he is preventing it. He is preventing it. But there are evil ones who even try to ban his maqam. Crocodiles will eat them. Crocodiles will eat them. Crocodiles will eat who are enemies to awliyas. They should take heed. Crocodiles will appear inside the homes all so suddenly. Don't wait for them to come out of water, crocodiles will be found inside the homes and eat them. They should fear the crocodiles! They should not only expect crocodiles to be in the river Nile, they will appear in the houses. They will tear the ones who are enemies to awliyas, enemies to Ahl Al-Bait, into pieces and eat them in their homes. The water will drown them and also the crocodiles will eat them. O people

of Egypt! Don't run in the streets, go to mosques and beg. Go to the maqam of Sayyidina Hussein and beg. If you are arrogant, claiming "we are this, we are that" crocodiles will appear in your homes and eat you, will tear you to pieces!

This is also an instruction given to us today, it is from Shah-e Mardan. If you don't take heed, go on! A crocodile appears in the room while they are sitting on their seats, catches their legs and eats them up. Don't say "I am Ikhwan, I am this, I am that". Don't say "I came here with the votes". O scholars of Egypt! If you say I am lying, then may these crocodiles eat you also. If you don't declare this, waters drown you and crocodiles eat you up; you and your people also. Egypt is in danger. Aman Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah.

Marhaban O beloved ones. O who keep the way of those their Lord loves. You have a mission. And O who dance doing dabke! Wolves will eat you. Wolves come down from the mountains and eat you up. You have no place to run. O who say "We are Alawi, we are this, we are that". Wolves will appear from the mountains and eat you because you have no salah, no worship. You have no respect for Allah and His Prophet. Your claim is only "You, or me". If that parliament collapses on you, neither your prime minister nor your bottom minister can be saved.

We are only to warn: Remove the portrait and put the Bismillah! Don't say laws, etc...If you have your law, then the Heavens also have a law. The building collapses on you where you sit and a fire starts from another side and burns all of you alive. We are only warning. I don't know anything. O Shah-e Mardan! May you make us from those who are on your way. We love you more than ourselves, O Shah-e Mardan, Ali ibn Abi Talib. Masha Allah. Masha Allah. I am also informing about this because Rajab is coming and Rajab is Rajabun Ajaibun. Your scholars should tell you. If not, a crocodile appears in the room where they sit and swallows them. I am warning them: wherever they are, it is coming on them. The shouting, protesting of a few people has no importance. It will finish thousands, tens of thousands, hundreds of thousands. The Nile is coming on them. A water is coming to Egypt. They should stop playing, dancing. They should return to Allah. They should look to the pure Shari'at of the Prophet (sas). They should not say "We will make up dustur". Crocodiles eat them up in their homes. Before he finds a chance to do anything, they will catch him from his legs and swallow him; the head one who sits on the seat. These are a few words inspired to our heart. This is an address for the Turks as well as for the

Iranians and who call themselves Alawis. Dragons that will swallow all of them will appear. Beware! Their thing is not with any weapons. Once they swallow you you find yourselves in their belly. O beloved friends! O believers who are the beloved ones of Shah-e Mardan. Dress like him. Go to the ways of worship like he did. Fill your mosques. Make tawba and repent or your situation will be very difficult. I don't know how many people will remain in Egypt, in Iran, in Turkey and in Saudi Arabia. I heard that they are fighting. In the Sultanate of Saudi Arabia ladies are insisting to have driver licenses. Is that so? That means, if this idea is put in your heads, it is the work of shaytan.

Allah says to you "Wa Qarna Fi Buyutikunna". And you say "We don't accept, we will drive, we will go wherever we want to and do whatever we want to do". Ok. Ok. Ok... When you drive in the desert, some people will appear and finish the female drivers. Therefore I am warning them and I request from the King who is the ruler of Hijaz, to not give them this permission. If he does, first his own relatives will die from an accident. No one will be able to save them. Don't give this permission to women. Allah said for women "Stay in your houses". These ones want to get the permission to drive around. No! Shari'at doesn't allow this. If they still don't listen, they will suffer. Beasts will appear from the desert. They will make the cars upside down with one hit. Don't say our roads are paved. Don't say "we will drive around". Stay in your homes. They want to break the Order of Allah. They say "Give us license to drive". Allah tells you to stay in your homes and you force the King "give us license" If he gives permission, you will suffer. No one can save you.

May Allah forgive us. O our Lord, tawba. May You send us a Sultan from the children of Shah-e Mardan. Send us the Sultan who will stop this wildness, who will declare the pure Shari'at of the Prophet (sas). Send us the Sahibu-l Waqt. "After the kings, there will be tyrants" Who come after the kings are considered tyrants. They will be removed. "Then, a man from the Family of my House will come and fill the earth with justice just as it had been filled with transgression". I don't know anything. These are a few words that are inspired by our Sultan Shah-e Mardan. Who listens will be saved. Who don't listen... We have warned: they should not drive, His Majesty King of Hijaz should not give permission for it. Otherwise if an accident happens to the car he is in, then the blame will be on His Majesty the King. We are only to warn. Who wants to listen may listen. Who doesn't listen is not paying me a monthly salary anyways. What I eat is only a

bowl of soup. I don't have anything left to me of the pleasures of dunya. People still run after the pleasures of dunya. They want to be satisfied but they can't be. You can't ever be satisfied by eating carcass.
Allahu Akbar Allahu Akbar Allahu Akbar wa LilLahi-l Hamd. O Shah-e Mardan, draw your sword Dhulfiqqar and appear! This is what we want. Aman Ya Rabbi, You know. There are holy ones who make us speak. They keep quiet and put us in the middle. They say for me "He can shout, he can curse, the pen is lifted off him anyways". What can we do? We said what we should. Who accepts will be saved. Who don't accept will be lost and disappear either in an earthquake or in a flood or in a hurricane. Many of them will disappear like this. Think on this O Egyptians! Think on this O people of Hijaz! Think on it O people of the Emirates! Don't give permission for the ladies. Ladies should remain in their homes. If you allow them outside, you will be responsible for the calamities that will come and later you will regret and cry saying "I wish I hadn't given permission". Don't give permission O King of Hijaz! Don't give permission for ladies to drive. Then you will cry also.
Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. May You send on us the Sultan who will make us repent O Allah. May You send us the Master, may You send us Mahdi O Allah.
Bi hurmat al Habib, bi hurmat al-Fatiha.

Marhaban ya Shah-e Mardan. Marhaba. Wie schön! As-Salamu `alaykum, geliebte Freunde des Propheten (saws), wahre Freunde von Shah-e Mardan. Shah-e Mardan, der Löwe, der die Schöpfung erschüttert! Al-Hamdulillah. As-Salamu `alaykum Ayyuha l-Hadirun, die anwesenden geliebten Freunde. Die Geliebten sind jene, die die Liebe der Dunya aus ihrem Herzen werfen und erfüllt sind von und überfließen mit der Liebe von Allahs Propheten und derer, die auf seinem Weg sind. Sie sind die, die geliebt werden. SalamuLlahu `alaykum. Salam sei auf euch, Salam von euerem Herrn sei auf euch. Sie sind jene, denen Salam gegeben wird an der Tür des Paradieses: "Salamun Qawlaan mir Rabbir Rahim". Allah! Die Engel heißen sie willkommen an den Toren des Paradieses: "Salamun `alaykum bima Sabartum Fani`ma `Uqba d-

Dari" (24:13). Kommt herein, ihr Glücklichen. Shukur Allah, ihr Glücklichen. Die Glücklichen, die den Weg Shah-e Mardans einhalten, die sein Schwert tragen, die seine Liebe tragen. Marhaban. Marhaban. Salam sei auf euch an der Tür des Paradieses: "Salamun `alaykum bima Sabartum". Die den Müll der Dunya nicht in Betracht ziehen, die nicht auf den Schmutz der Dunya achten, die den Zwang ihres Egos nicht beachten, die das Haqq bewahren und ihre Füße fest auf dem Weg von Haqq halten.
"Lahum Qadama Sidqin" (10:2). Die in Meiner Göttlichen Gegenwart anerkannt werden, sind "Lahum Qadama Sidqin". Masha'Allah. Wie schön! 'Die einen wahrhaften Stand haben'. Die einen verdrehten Stand haben, gehen, wohin Shaytan geht, zusammen mit Shaytan. Aber wer an Meine Tür kommt, sagt Allah der Allmächtige, "Lahum Qadamun Sidqin". Die Schritte, die sie unternehmen, sind "Qadamu Sidqin", die Schritte sind rechtgeleitet. Sie haben wahre Schritte, nicht verdrehte. Masha'Allah. "Fani`ma `Uqba d-Dari". Die Engel werden sie willkommen heißen und ins Paradies einladen. Masha'Allah. As-Salamu `alaykum, wahre Freunde, Geliebte, die die lieben, die Allah liebt. Was wir handhaben können, ist nur das. Wir können nicht höher als das gehen. Wir sind schwache Menschen, die auf dem Weg jener sein wollen, deren Schritte auf Allahs Weg sind. Wir wollen in den Fußstapfen der Löwen gehen, die auf dem Weg Allahs gehen. Wir sollten nicht den Schakalen folgen, die nach Kadavern suchen. Ein Heiliger sagte: Die Menschen sind von zweierlei Art, Löwen und Schakale. Die Löwen gehen jagen und jagen ein sauberes Tier. Sie fressen nicht die Überreste, weil sie ehrbar sind. Sie fressen nicht die Überreste von jemand anders. Das ist das Attribut der Löwen. Und der Löwe Allahs ist Sayyidina Ali, er ist Shah-e Mardan. Lief er je der Dunya hinterher? Warum sollte er? Ein Löwe ist kein Schakal. Die Arbeit eines Schakals ist eins, die Arbeit eines Löwen ist anders. Der Löwe ist der König des Dschungels. Wenn er brüllt, ducken sich alle Geschöpfe im Dschungel vor Angst vor seinem Gebrüll, weil er der Löwe ist. Er scherzt nicht.

As-Salamu `alaykum, ihr geliebten Freunde, die, die Shah-e Mardan lieben, die seinen Weg lieben, Salam sei auf euch. Wir beginnen unseren Tag auch, "Al-Hamdulillahi Lladhi Ahyana Ba`da ma Amatana wa ilayhi n-Nushur". Schlaf ist wie ein halber Tod. Viele Menschen schlafen, können aber nicht aufstehen. Shukur unser Herr, Der uns wieder aufstehen ließ. Wir haben die Waschung gemacht. Wir machten Sajda vor unserem Herrn, wir machten Shukur. Wir priesen

Ihn. Auf welchem Weg? Auf dem Weg von Shah-e Mardan. O Löwe Allahs! Shah-e Mardan Hz Ali ibn Abi Talib. Masha'Allah. Wenn Shah-e Mardan brüllt, erschüttert es die ganze Welt wie bei einem Erdbeben. Masha'Allah, wir haben unseren neuen Tag erreicht. Allah der Allmächtige ließ uns aufstehen. Die Versammlung der Geliebten muß sein wie die Versammlung Shah-e Mardans. Shah-e Mardan, er ist ein Löwe. Sucht seine Versammlung! Sucht diejenigen, die ihn vertreten. Sucht nicht Schakale, sucht nicht Hyänen. Sucht die Löwen, so daß ihr hinter den Löwen geht. Sayyidina Ali (ra) ist der Shah-e Mardan. Möge seine Ehre auf uns herabkommen und mögen wir Ehre finden. Sagen wir jeden Morgen: 'Marhaba, ya Shah-e Mardan, Marhaba. Ya Shah-e Mardan! Wir lieben dich! Wir lieben deinen Weg. Obwohl es viele gibt, die falsche Schritte unternehmen, aber du vergibst, du vergibst ihnen.'

Jene, die in einer Versammlung geehrt sind, sind die Zawat, die Edlen. 'O Shaykh Effendi, was ist Zawat?' Zawat ist das, was kein Müll ist. Müll ist eins, die Edlen sind etwas anderes. Die Menschen dieser Zeit sind alle wie Müll. Es gibt keine Edlen, sondern alle wurden zu Müll. Warum? Weil sie hinter Schakalen und Hyänen herlaufen.Warum solltet ihr hinter ihnen herlaufen? Wessen Diener seid ihr? Es gibt niemanden, der nicht der Diener des Rabbu l-Izza ist, aber der Weg Shah-e Mardans ist der Weg der Mutigen. Es ist der Weg der Männer. Es ist der Weg der Löwen. Die diesen Weg einhalten, sind die Geehrten. Diese Menschen wissen es nicht. Sie wissen nicht, wo die Ehre ist. Der Sitz, auf dem sie sitzen, wird eines Tages auf ihren Köpfen zusammenbrechen. Sie wissen es nicht. Das Sultanat gehört Shah-e Mardan. Es gehört dem, der auf dem Weg Shah-e Mardans geht. Sucht sie, seid mit ihnen. Seid mit den Löwen. Seid nicht mit den Schakalen. Seid nicht mit den Schakalen. Seid auch nicht mit den Hunden. Hunde fressen, was sie können, und wenden sich dann um und pinkeln darauf. Dann kommen andere Tiere und fressen, beenden es, ohne auf den Urin zu achten. Die Ehre gehört dem Löwen. "Al-Mar'u ma`a man Ahabba". Ein Mensch ist mit dem, mit dem Menschen, den er liebt. Wer den Löwen liebt, wer dem Löwen folgt, sitzt am Tisch des Sultans. Er wird am ehrbaren Tisch sitzen im Palast des Löwen. Die anderen Schakale fressen Kadaver. Die hinter ihm herlaufen, sind Aasfresser. Was ist der Kadaver? "Ad-Dunya Jifah." - Die Dunya ist ein Kadaver. Was ist der Wert dessen, der kämpft und hinter der Dunya herläuft? Kadaver. Wer Kadaver liebt, ist auch ein Kadaver. Wer Shaytan liebt, ist auch Shaytan. Wer Shah-e Mardan liebt, gehört zu ihm. Ya Rabbi, mögen wir mit der Liebe Shah-e Mardans leben. Wir können nicht weiter gehen als das.

Geliebte, geliebte Freunde, Marhaban. Marhaban. Wie schön! Wie schön, wie glücklich ist diese Versammlung der Geliebten. Wie glücklich und freudevoll sind ihre Herzen. Sie sagen: 'Wir sind so erleichtert. Es ist keine Schwere mehr in uns.' Möge keine Schwere mehr auf uns sein. Möge unser Körper gesund und sicher sein und wir dem Befehl unseres Herrn nachlaufen und wir den Weg des Sultans einhalten. Haltet den Weg Shah-e Mardans ein und fürchtet euch nicht!
Shah-e Mardan ist in der Islamischen Welt. Shah-e Qaldan ist in Europa. Shah-e Mardan ist unter den Muslimen in der Muslimwelt. Shah-e Qaldan, sie sind nicht Mardan. Sie sind die, die nicht wissen können, ob einer Mann oder Frau ist! Möge Allah uns schützen! Die zu ihrem Tisch gehen, sind mit ihnen, mögen mit ihnen verbrannt, vernichtet werden. O Geliebte, geliebte Freunde. Sucht die Versammlung des Löwen, sucht die Versammlung von Shah-e Mardan. Findet sie, geht zu ihr, so daß ihr mit ihnen geschrieben sein werdet. Wir sind ihre Leute. Wessen Leute, Bürger sind sie? 'Nun, manche sind Bürger des Vereinigten Königreichs, Bürger der USA, Bürger der Türkischen Republik, Bürger des Iran'... Diese haben keinen Wert. Seid ihr von den Leuten Shah-e Mardans, Hz Alis, Karramallahu Wajhah? Habt ihr einen Personalausweis von ihm? Wenn ja, sagt es! Wenn nicht, seid ihr auch unter den Schakalen. Ihr seid für nichts gut. Ihr füllt nur die Straßen. Ihr schreit und kreischt, weil ihr nicht wißt, was ihr wollt. Allah der Allmächtige sagt: "Wa Kunu ma`a s-Sadiqina" (9:119). Allah der Allmächtige sagt: 'Seid mit denen, die auf dem Weg Shah-e Mardans sind'. Und wo seid ihr? Ihr könnt kein Arabisch oder Persisch!
Das ist der Befehl Allahs des Allmächtigen. Allahu Dhu l-Jalal sagt: Seid mit den Löwen! Hat Er (swt) gesagt: Seid mit den Schakalen? "Wa Kunu ma`a s-Sadiqina". Wer ist "Sadiqin"? Wer sind die Aufrichtigen? Die mit Shah-e Mardan sind. Lauft nicht auf die Straßen und tanzt, Männer und Frauen gemischt, noch ein einziges Mal, indem ihr sagt: Es ist die Nawruz Feier. Wenn Felsen auf euere Köpfe regnen, mischen wir uns nicht ein. Wenn es auf euch schneit, mischen wir uns nicht ein. Wenn es Hurrikane gibt, mischen wir uns nicht ein. Wenn Wölfe erscheinen um euch herum, mischen wir uns nicht ein. Seid mit Shah-e Mardan. Shah-e Mardan hat nie mit Frauen auf der Straße getanzt und Dabke gemacht. Er flog auf seinem Pferd von Ost nach West wie der Wind. Shah-e Mardan! Hz Ali, Ibn 'Amm Hz Rasul (saws). Möge unser Salam auf ihnen sein. Gebt ihnen Salam jeden Morgen, wenn ihr aufwacht. Sie nennen sich 'Alawi', sie nennen sich 'Irani'. Sagt ihr das, wenn ihr am Morgen aufwacht: 'As-Salamu `alayka o Shah-e Mardan.

Mögest du uns annehmen, und wir halten deinen Weg ein. Mögest du uns die senden, die uns den Weg zeigen.
Da ist Mahdi, der von deiner Linie kommt. Er ist ein Löwe. Er ist ein Löwe.' Er ist ein Löwe wie sein Vorfahre. Er ist auch Shah-e Mardan, Mahdi (as), der kommen wird. Er wird die Lügner reinigen, er wird die reinigen, die die Religion verderben und die ihre Zeit mit Tanzen und Spielen verbringen. Er wird mit Dhu l-Fiqqar in der Hand kommen. Dhu l-Fiqqar.. O Shah-e Mardan, o Shah-e Mardan. Dakhilak, wir suchen Zuflucht bei dir. Wir warten auf Hz Mahdi, der von deiner reinen Linie kommt und der sie überwältigen wird, der das Sultanat Shaytans zerstören wird. Es gibt keine Hoffnung auf die anderen. Sie sind alle Tyrannen. Sie wissen nicht, was sie tun. Sie sind sich ihres Handelns nicht bewußt. Sie sind in einem betrunkenen Zustand ihres Egos. Haltet den Weg Allahs ein! Rasiert euch nicht den Bart und Schnurrbart ab! Tragt nicht Hosen und Jacketts. Geht nicht ohne Stock, ohnen einen Dolch am Gürtel zu haben. Tragt keine Schußwaffen. Tragt keine Schußwaffen! Schußwaffen sind für tapfere Männer nicht angemessen. Sie können einen Mann zu Fall bringen zusammen mit seiner Pistole, wenn sie auf ihn deuten. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar.
Ahlan wa Sahlan. Marhaban, geliebte Freunde Shah-e Mardans! Wir wollen so eine Nation, die auf dem Weg Shah-e Mardans sind. Wir wollen keine leeren Versprechungen, leeres Gerede. Ich weiß nichts. Ich fürchte, daß das Parlament, in dem sie sitzen, über denen, die leere Versprechungen machen, zusammenbricht. Oder ich fürchte, daß seine Türen von außen verschlossen werden und innen drin ein Feuer ausbricht. Ich sage das denen, die 'Parlamentsleute' sind. Eines Tages.. weil ihr über den Köpfen tragt, was Allah nicht liebt (das Porträt), weil ihr die Zeichen von Allahs Ismu l-Jalil nicht geschrieben habt, Bismillahi r-Rahmani r-Rahim. Wenn eine furchtbare Heimsuchung auf euere Köpfe kommt eines Tages in dem Parlament, in dem ihr sitzt, ist es euere Schuld. Nehmt dieses Porträt herunter und hängt Bismillahi r-Rahmani r-Rahim auf. Bismillahi r-Rahmani r-Rahim ist der himmlische Schutz für euch, tragt es um eueren Hals, tut es auf euere Tür, in euer Auto, so daß die Engel keine Heimsuchung an dem Ort stattfinden lassen, wo das Bismillah ist. Sie bedecken ihn, schützen ihn, oder er wird brennen. Ein Feuer ereignete sich in Ankara und verbrannte 700 Läden. Wer hat das Feuer begonnen? Hatte einer dieser Läden das Bismillahi r-Rahmani r-Rahim Zeichen?

Nein. Sie hatten es nicht? Allah (jwa) beseitigt diejenigen ohne das Bismillah.
Wenn Shah-e Mardan sein Dhu l-Fiqqar schwingt gegen die, die arrogant sind und behaupten, groß zu sein, werden wenigstens 100 Köpfe darüber fliegen. Holt die Statuen herunter, holt die Porträts herunter. Hängt das Bismillahi r-Rahmani r-Rahim auf, so daß ihr geschützt seid. Sonst werden sie gehen und nie zurückkommen, besonders die Frauen. Sie werden verschwinden. Sie werden den Weg nach Hause nicht finden können. Sie werden ihre Häuser nicht wiedererkennen können. Es wird dazu kommen. Wir suchen Zuflucht bei Allah. Ägypter, geht nicht hinaus! Ägyptische Frauen, ihr versteht den Heiligen Quran. Was sagte Allah der Allmächtige zu euch? "Wa Qarna fi Buyutikunna" (33:33). Ihr geht dagegen! Ihr werdet geschlagen werden, Schläge ohne Ende werdet ihr bekommen. Der Nil wird über die Ufer treten wegen seines Ärgers und Ägypten wird überflutet werden. Was ihr jetzt seht, ist nichts im Vergleich dazu. Die Gelehrten mögen es euch erzählen. Das steht alles in den Büchern der alten Gelehrten. Alle Awliya wissen, daß Ägypten überflutet werden und unter Wasser sein wird. Es gibt Zeichen an den Minaretten Ägyptens, die zeigen, wie hoch das Wasser steigen wird. Es wird fegen. Und wenn das Wasser zurückgeht, fressen die Krokodile, was übrig ist. Sie sollten diese leeren Behauptungen sein lassen. Sie sollten dankbar sein, dankbar für ihre Situation und Frauen sollten nicht hinaus auf die Straßen gehen. Die in ihren Häusern bleiben, stehen unter Schutz. Für die, die hinausgehen, gibt es keine Rückkehr!
Dieser Tag nähert sich. Ich weiß nicht, es ist in diesen Tagen, aber ist es in einer Woche, in einem Monat oder bis Rajab? Ich weiß nicht. Sie haben die, die wissen. Zum Glück ist Sayyidina Hussein, der der Sohn von Shah-e Mardan ist, dort und verhindert das. Er verhindert das. Aber es gibt Üble, die versuchen, selbst sein Maqam zu verbannen. Krokodile werden sie fressen. Krokodile werden die fressen, die Feinde der Awliya sind. Sie sollten aufpassen. Krokodile werden ganz plötzlich in ihren Häusern erscheinen. Wartet nicht darauf, bis sie aus dem Wasser kommen. Krokodile werden in den Häusern gefunden werden und sie fressen. Sie sollten die Krokodile fürchten. Sie sollten nicht nur erwarten, daß Krokodile im Nil sein werden, sie werden in den Häusern auftauchen. Sie werden die, die Feinde der Awliya sind, Feinde von Ahlu l-Bayt, in Stücke reißen und in ihren Häusern fressen. Das Wasser wird sie ertränken und auch die Krokodile werden sie fressen. Leute Ägyptens, lauft nicht auf die Straßen, geht in die Moscheen und bittet. Geht zum Maqam von Sayyidina Hussein und bittet. Wenn ihr arrogant seid und

behauptet, 'Wir sind dies, wir sind das', werden Krokodile in eueren Häusern erscheinen und euch fressen, euch in Stücke reißen!
Das ist auch eine Anweisung, die uns heute gegeben wurde. Sie ist von Shah-e Mardan. Wenn ihr sie nicht ernst nehmt, macht so weiter! Ein Krokodil erscheint im Raum, während sie in ihren Sesseln sitzen, ergreift sie bei den Beinen und frißt sie auf. Sagt nicht, 'Ich bin Ikhwan, ich bin dies, ich bin das'. Sagt nicht, 'Ich kam hierher durch Wählerstimmen'. Gelehrte Ägyptens, wenn ihr sagt, ich lüge, dann werden diese Krokodile euch auch fressen. Wenn ihr das nicht erklärt, wird das Wasser euch ertränken und Krokodile euch fressen, euch und euere Leute auch. Ägypten ist in Gefahr. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Marhaban, Geliebte. O die, die die Wege jener einhalten, die ihr Herr liebt. Ihr habt eine Aufgabe. Und die tanzen und Dabke machen, werden Wölfe fressen. Wölfe kommen herunter von den Bergen und fressen euch auf. Ihr habt keinen Ort, zu dem ihr rennen könnt. O die sagen, 'Wir sind Alawiten, wir sind dies, wir sind das', Wölfe werden erscheinen von den Bergen und euch fressen, weil ihr kein Salah, keinen Gottesdienst habt. Ihr habt keinen Respekt für Allah und Seinen Propheten (saws). Euer Anspruch ist nur 'Ihr oder ich'.
Wenn dieses Parlament über euch einstürzt, kann weder euer Premierminister, noch euer Unterminister gerettet werden. Wir sind nur da, um zu warnen. Entfernt das Porträt und hängt das Bismillah auf! Sagt nicht 'Gesetze', etc... Wenn ihr euer Gesetz habt, dann haben auch die Himmel ihr Gesetz. Das Haus stürzt über euch ein, wo ihr sitzt, und ein Feuer beginnt von der anderen Seite und verbrennt alle bei lebendigem Leib. Wir warnen nur. Ich weiß nichts. O Shahe Mardan! Mögest du uns zu jemand machen, der auf deinem Weg ist. Wir lieben dich mehr als uns selbst, Shah-e Mardan, Ali ibn Abi Talib. Masha'Allah. Masha'Allah. Ich gebe dies auch bekannt, weil der Rajab kommt, und Rajab ist Rajabun Ajaibun. Euere Gelehrten sollten es euch sagen. Sonst erscheint ein Krokodil in dem Raum, wo sie sitzen, und verschluckt sie. Ich warne sie. Wo immer sie sind, es kommt über sie. Das Geschrei, der Protest einiger weniger Leute hat keine Wichtigkeit. Es wird Tausende, Zehntausende, Hunderttausende erledigen. Der Nil kommt über sie. Ein Wasser kommt nach Ägypten. Sie sollten aufhören zu spielen, zu tanzen. Sie sollten zu Allah zurückkehren. Sie sollten auf die reine Shari'at des Propheten (saws) schauen. Sie sollten nicht sagen: Wir erfinden eine Dustur. Krokodile fressen sie auf in ihren Häusern. Bevor er die Chance hat, etwas zu tun, ergreifen sie ihn bei den Beinen und verschlingen ihn. Das

Oberhaupt, das im Sessel sitzt.
Dies sind ein paar Worte, die meinem Herzen eingegeben wurden. Dies ist eine Ansprache für die Türken, wie auch für die Iraner und die, die sich Alawiten nennen. Drachen, die sie alle verschlingen, werden erscheinen. Hütet euch! Ihre Sache hängt nicht von irgendwelchen Waffen ab. Wenn sie dich einmal verschlungen haben, findest du dich in ihrem Bauch wieder. Geliebte Freunde, Gläubige, die die Geliebten Shah-e Mardans sind, kleidet euch wie er. Geht die Wege des Gottesdienstes wie er. Füllt die Moscheen. Macht Tawba und bereut oder euere Lage wird sehr schwer. Ich weiß nicht, wieviele Menschen in Ägypten noch bleiben werden, im Iran, in der Türkei und in Saudi Arabien. Ich hörte, daß sie kämpfen. Im Sultanat von Saudi Arabien bestehen Frauen darauf, einen Führerschein zu bekommen. Ist das so? Das bedeutet, wenn diese Idee in ihre Köpfe gepflanzt wurde, ist es das Werk Shaytans. Allah sagt euch: "Wa Qarna fi Buyutikunna". Und ihr sagt, 'Wir erkennen das nicht an. Wir wollen fahren, wir gehen, wohin wir wollen und tun, was wir wollen.' Okay, okay, okay. Wenn ihr in der Wüste fahrt, werden Leute erscheinen und die weiblichen Fahrer erledigen. Deshalb warne ich sie, und ich fordere vom König, der der Herrscher des Hijaz ist, ihnen nicht diese Erlaubnis zu geben. Sonst werden als erstes seine eigenen Verwandten bei einem Unfall umkommen. Niemand wird sie retten können. Gib den Frauen nicht diese Erlaubnis. Allah sagt für die Frauen: 'Bleibt in eueren Häusern'. Diese wollen die Erlaubnis, herumzufahren. Nein! Shari'at erlaubt das nicht.
Wenn sie trotzdem nicht hören, werden sie leiden. Wilde Tiere werden erscheinen aus der Wüste. Sie werden die Autos mit einem Schlag umwerfen. Sagt nicht, unsere Straßen sind gepflastert. Sagt nicht: Wir werden herumfahren. Bleibt zu Hause. Sie wollen die Ordnung Allahs brechen. Sie sagen: Gebt uns den Führerschein. Allah sagt euch, zu Hause zu bleiben, und ihr zwingt den König, 'Gib uns den Schein'. Wenn er die Erlaubnis gibt, werdet ihr leiden. Niemand kann euch retten. Möge Allah uns vergeben. Unser Herr, Tawba. Mögest Du uns einen Sultan von den Kindern Shah-e Mardans senden. Sende uns den Sultan, der diese Wildheit beenden wird, der die reine Shari'at des Propheten (saws) ausrufen wird. Sende uns den Sahibu l-Waqt. 'Nach den Königen wird es Tyrannen geben'. Die nach den Königen kommen, werden als Tyrannen angesehen. Sie werden entfernt. 'Dann kommt ein Mann von der Familie meines Hauses und wird die Erde mit Gerechtigkeit füllen, so wie sie mit Übertretung erfüllt war.' Ich weiß nichts. Dies sind ein paar Worte, die von unserem Sultan Shah-e Mardan inspiriert sind.

Wer zuhört, wird gerettet. Wer nicht zuhört, wir haben gewarnt. Sie sollten nicht fahren, Seine Majestät der König des Hijaz sollte die Erlaubnis dazu nicht geben. Sonst, wenn dem Auto ein Unfall passiert, in dem er ist, dann ist es die Schuld Seiner Majestät des Königs.
Wir warnen nur. Wer hören will, mag hören. Wer nicht hört, bezahlt mir sowieso kein monatliches Gehalt. Was ich esse, ist nur ein Teller Suppe. Ich habe nichts mehr von den Vergnügungen der Dunya. Die Menschen laufen noch den Vergnügungen der Dunya hinterher. Sie wollen zufrieden sein, aber sie können es nicht. Du kannst nie befriedigt werden vom Essen eines Kadavers. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. O Shah-e Mardan, zieh dein Schwert Dhu l-Fiqqar und erscheine! Das ist, was wir wollen. Aman ya Rabbi, Du weißt. Es sind Heilige, die uns zum Sprechen bringen. Sie verhalten sich still und stellen uns in die Mitte. Sie sagen über mich: 'Er kann schimpfen, das Schreibrohr ist sowieso von ihm aufgehoben.' Was können wir tun? Wir sagten, was wir sollten. Wer es annimmt, wird gerettet. Wer es nicht annimmt, ist verloren und verschwindet entweder in einem Erdbeben oder in einer Flut oder in einem Hurrikan. Viele von ihnen verschwinden so. Denkt daran, Ägypter! Denkt daran, Leute des Hijaz! Denkt daran, Leute der Emirate! Gebt den Frauen keine Erlaubnis. Frauen sollten zu Hause bleiben. Wenn ihr ihnen erlaubt, hinauszugehen, habt ihr die Verantwortung für das Unheil, das kommen wird, und später bereut ihr und weint und sagt: Ich wünschte, ich hätte keine Erlaubnis gegeben. Gib keine Erlaubnis, König des Hijaz! Gib keine Erlaubnis für die Frauen zu fahren. Denn du wirst auch weinen. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Mögest Du uns den Sultan senden, der uns zur Reue bringt, o Allah. Mögest Du uns den Meister senden, mögest Du uns Mahdi senden, o Allah. Bi Hurmati l-Habib, Bi Hurmati l-Fatiha.

## Qalbun Salim - The Pure Heart, that is the perfection which Allah Almighty wants from His servants to reach that perfection

In the Name of God, the Merciful, the Compassionate, the Merciful, the Compassionate, Who created all the universes and all things; the Lord of the heavens, the Lord of the Worlds, the Lord of the sons of Adam. We are his weak servants. Every time we are here in such a gathering, we are asking for our Lord's Divine help for ourselves.

We are in need of His Divine Help at every moment. You can't imagine a unit of time which is so small that You can't count it (you might say one millionth of a second, if you could make a second into a million parts) - you can't say that the whole universe is without need, in even such a small unit of time, of Divine Help. If during that time that Divine Help is cut off, that Divine Help for all the universes in existence, then all will disappear. No one can bring it back except its Creator, its Lord, God Almighty. Therefore you must ask for Divine Help for everything, for every time, for every occasion.

As much as you may be with Him, He will be with you. Yes. But you lose yourself and forget. Then that Divine Help goes from you and you are left in the hands of your ego. Therefore, we must always ask for Divine Help. Oh my Lord, don't leave us in the hands of our egos, because our ego is proud, so proud, saying, "I am not in need of anyone," while it is in need at every moment, never without need for that support. That is why we say, "There is no might and no power except with God, the Most High, the Almighty."

Religion, and particularly Islam, brings belief to people. It asks you, first of all, to believe in your Creator who brings you into existence, because no one is able to bring self into existence or keep self in existence. It is impossible for anyone to claim that he or she can bring self into existence or keep self in existence, so that we must believe that someone brings us into existence and also takes us from existence. We appear and then disappear. That is the main point of Islamic beliefs, as it was the main point for other religions - to make people believe in their Lord Almighty, who brings them into existence and keeps them in existence and then takes them away from existence.

Secondly, He brings them to His Divine Presence. Therefore, the most important fundamental for every religion, and, particularly in Islam, is to believe in God Almighty, and then to believe that He brings you into the next life, that He returns you to another life. That is the most important thing which every religion makes its followers or believers believe in - that there is God Almighty Who created all things, including the children of Adam, and that He is able to bring them back to life after death, to give them their lives again and to bring them into His Divine Presence. That must be the belief in every religion.

Then we do believe, Oh servants of our Lord, Oh humanity. We have been ordered to do something and to leave something. Every religion teaches people to do something and abstain from something. Without commands, it is not a religion, because we act, we work, we do things. Therefore, the Lord Almighty orders something for action, and all orders that we have been commanded to act upon give us honor (karamah). Every command that we have been ordered to carry out is to make us more honorable in the Divine Presence. We have also been asked to abstain from something, from such-and-such things. This is protection for ourselves, for safety. Anything for which our Lord says, "Abstain from it" is only for our safety here and for our Protection in the hereafter.

No one can object concerning those actions which are prohibited by Islam, claiming that this was useful and Islam prevented it. If he does he must be foolish. He must be a mad person. He must be an ignorant person. Who knows more about humanity than anyone else? Its Creator must know the most about humanity. Therefore, He knows best what is worst and most harmful and dishonorable for this life and the hereafter.

Every action that you do here takes a shape, takes a form, and reaches you after death. You must see

everything that you did in this life in front of you. Nothing is going to be lost. All your deeds are preserved for you. First of all, you are going to meet them when the door of your grave opens. Then you will meet everything that you did parading in front to of you. No one can see that except the owner of that grave, but your neighbours may come and look. So, then, we have been ordered to do something. God Almighty is going to look at everything that you did and to ask His servant about it.

Imam al-Ghazzali is one of the "King-sized" scholars and Imams in Islam who is known throughout the world. God Almighty gives honor to those people who are sincere with their Lord Almighty. We are following their way and accepting them. Imam al-Ghazzali wrote so many books; perhaps one lifetime is not enough to read his books - to read and to understand and to act on them, as well. He has a collection of books called Ihya Ulum al-Din (Revival of Religious Sciences). If all other Islamic books were destroyed and only those books remained, they would be enough to make everything in Islam clear. Yes, they are enough. Such peoples' hearts are always occupied with the Holy Qur'an and the Traditions (ahadith). God Almighty opens the springs of wisdom to them and gives them understanding of the Holy Qur'an and of Traditions. If a Tradition (hadith) consists of five words, we can read only five words. We can't make it six words. They may give meanings and understanding. They may understand from one Tradition (hadith) as much knowledge as a volume. According to your faith, you may receive meanings, you may receive more lights, from the verses of the Holy Qur'an and from the Traditions.

Then, Imam al-Ghazzali, may God bless him, was saying that when a person dies and is put into a coffin and people carry him to the grave - (before our time, people would carry the dead person on their shoulders to the cemetery. Now there are such gigantic cities that it is impossible to carry the coffin on their shoulders. They put the dead body into a car and quickly bring take it to the cemetery) - when that dead body is taken, the Lord asks that person forty questions; Imam al-Ghazzali says, forty different questions before the body arrives and is buried in the grave, questions which are only between the Lord and the dead person.

He says that the first question that God Almighty asks that person is, "O My servant, you always adorned yourself among people. You were very careful to look after yourself - how you dressed, fixing your hair, having so many things. You were careful to look handsome, beautiful and elegant among people, very careful, because people looked at you. But did you do anything to your heart for Me? You knew that I looked only at your heart, not at your outward appearance, what color your eyes were, or your skin color, whether you were

tall or short, black or white - no. I always looked at your heart. Did you ever think to yourself, 'My Lord is looking at my heart, I must keep it pure and adorned with excellent qualities! Did you ever think of that because I was looking, saying, "My Lord is looking at my heart. I must keep it excellent for Him"? "

That is the first question. It contains everything in itself. Is it enough for believers to be doing their best to illuminate their hearts, purify them - enough for them here and in the hereafter, as well? On the Day of Resurrection, God Almighty is not going to ask you what you brought of money or of sons or of property or of ranks - no. "Where is your heart? With which heart have you come to me? The purified heart, the golden heart (26 :89) - where is it? Give it to Me. That was what I was asking from you during your life." That is the main thing which is asked of everyone: Keep your heart pure and excellent and bring it to Me.

Then, according to your heart, your purified heart, everything will appear to you for the Eternal Life. You will look at your Lord's Eternal Lights and Endless beauties through your heart's mirror. You will see your Lord's beauties, Endless beauties, Endless Lights, through your heart. Therefore there will be ranks in the Divine Presence - first, second, third, fourth.

The first rank is for prophets (anbiya) and saints (awliya), and for those who reached true faith during their lives and then, according to the degree of their faith, they go into the Divine Presence. Whoever would like to in the first rank must first take care of his or her heart.

Now we are fasting. We are keeping our stomachs from eating and drinking, but mostly we are saying to our organs, 'You are free. " We are fasting only by not eating and drinking, but for our organs, as well. We are not commanding them and saying, "You must stop this, you must keep guard on your self. " We do not say this.

Then, there is still another kind of fasting. It is the most important fast, to free our hearts from everything except our Lord Almighty, to be with your Lord with your heart. If anything wrong comes through the hearts of such people, they say that we must wash ourselves as a person who is in a state of prescribed impurity washes. If any kind of thoughts of this world or of paradise and anything in it come to the heart, he must wash himself or herself. It means, "Oh My servant, you are occupying your heart with something other than Me. Your heart is for Me alone. I must always be there and you must be there with Me always. You may be with this world with your body but, Oh My servant, you must be with Me always with your heart."

If you say that this is impossible, your Lord does not speak except the Truth, the Real. If it were impossible, He would not say it, He would not request you to be with Him with your heart. It is possible, so that He asks His servants, "Oh My servants, you may be bodily, physically, in this world, going, coming, doing everything. But you must be with Me with your heart. Don't leave Me." The reason, He says, is, "Because I don't leave you. If I leave you, you will be nothing. If I am with you, you are all things. Don't leave Me!" For this reason, when people of the first rank think of something other than their Lord Almighty, they have been ordered to wash - to wash their bodies and then their hearts, washing them from every thought except their Lord.

That is perfection which God Almighty wants from His Servants. God wants His servants to reach that perfection. Islam brought the complete ways and methods for reaching that perfection so that Islam is perfection every way. Anyone who wants to reach that perfection must follow Islam and its methods and ways. To the extent that you can follow, you may take benefit, but you must make your goal that perfection. You must not agree to less than perfection. It is not an honor for a servant if his Lord gives him or her a chance to reach that perfection and he or she remains less than that. That is also the honor of Islam which it gives to people and to which it calls them.

We are asking forgiveness from God Almighty because we always want to stay down below, not going up, and saying "I seek forgiveness from God," (istighfar Allah) for everything that we are doing contrary to the commands of our Lord Almighty. We are also praising Him with the most high praises because He made us candidates for that perfection and asking for His Divine Help by saying, "Praise belongs to God and thanks be to God" (al-hamd Allah wa shukr Allah).

## Queen Of Sheba

Allahumma Anta Salam wa minka s-Salam wa ilayka ya'udu s-Salam; fa hayyina Rabbana bi ssalam wa-dkhilna l-jannata bi Lutfika wa Karamika Daraka Daru s-Salam. Ya Rabb. Welcome, O lovers of Shahu Mardan. Those who keep the way of Allah's Lion are the lovers of Shahu Mardan. The Lion of lions, Hazrati Shahu Mardan, grant us the dress of heybet(majesty) and health with which you have been dressed by Habibullah. O lovers of Shahu Mardan, masha Allah. Welcome O those who love Shahu Mardan. His gatherings don't have only 3 or 5 people. His gatherings reach from one end of the world to the other. Go on, Shahu Mardan, your lovers admire you. Your lovers are drunk with your love, muhabbat. O glorious Shahu Mardan, send us Madad, help. Welcome, O lovers, friends of Shahu Mardan. The gatherings of the lovers of Shah Mardan reach from West to East. Allahumma qawwi dha'fi fi Ridak. (Give us strength on the way to Your Satisfaction Ya Rabbi.)

Our Lord Jalla wa 'Ala grants us power through Shahu Mardan. Divine Grants reach those who listen to him; they become honoured and great, full of heybet (majesty). Janabi Haqq grants them from His Favours and hosts them. Go on O Shahu Mardan. He is speaking. He is starting. Let us begin. Let us say Bismillahi r-Rahmani r-Rahim. Alhamdulillah. Alhamdulillahi-lladhi sharrafana bi Bismillahir Rahmanir Rahim Praise be to Allah who honored us with Bismillahir-Rahmani r-Rahim - "alladhi innahu min Sulayman wa innahu Bismillahi r-Rahmani r-Rahim."(27:30)

Bilqis ruled over 7 states. History doesn't write about the greatness of her country. So much greatness was given to a woman. When we say woman, we mean, a female servant (of Allah). A man is a servant of Allah, a woman is a female servant. Men are being dressed with strength and majesty/azamet. May Allah increase the rank of the Queen of Sheba and assign the most

beautiful of Paradises to her. She was beautiful herself; you couldn't look at her face, so much beauty Janabi Haqq had given to her. Allahu Akbar. She ruled over 7 countries. Who looked at her, admired her and became like drunk from her majestic beauty. There is ordinary beauty and there is a majestic beauty that is given. The Queen of Sheba had both outer beauty and also a spiritual rank, so that 7 kings received majesty/heybet from her. The light on the face of the Queen of Sheba was amazing.

"Jituka min Saba'in bi naba'in yakin.(27:22) I have come to you from Saba with true tidings. The hoopoe was left confused. "Where (S. Sulayman) said, "Where have you been?" "O Prophet of Allah, O Prophet Sulayman, O Prophet and King Sulayman, Masha Allah, all the things I saw there!" "Where have you been O hoopoe?" "Jituka min saba'in bi naba'in yakin." (27:22) The hoopoe said: "I saw a state called Saba/Sheba. I saw the kingdom of the Queen of Sheba and I remained in astonishment" he said. "wa laha arshun azim." (27:23) "And she has mighty throne!" A throne means a saltanat (Dominion). A land without a throne is like rubbish. A country takes honour from the honour of its Sultan. She had such a magnificent throne! It was golden, pure gold. The Queen of Sheba sat on it. You couldn't look at her face; along with beauty she had nobility and heybet/majesty. She was a Queen.

If it (the Hoopoe) had said "a king" Prophet Sulayman would not have paid attention, no - "Go on. Leave it, it is not important." But it said: "Jituka min saba'in bi naba'in yakin." (27:22) The Queen of Sheba...! O people, you have become stupid now. Shaytan made you stupid. You don't read the Books Allah sent. In the Quran Azimu Shan - "fihi naba'un azim" - (In it is all the Great News). Everything is in the Quran Azimu Shan. Go on, O Shahu Mardan. Masha Allah.

He is king. Her throne was from gold. Looking from far it was shining like the sun. "Jituka min saba'in bi naba'in yakin." (27:22) Prophet Sulayman asked: "What is this greatness of theirs? Do they have any news ahead of us?" Such a magnificent throne - "Jituka min saba'in bi naba'in yakin." (27:22). A magnificent Sultan sits on a magnificent throne. A woman, a woman! Prophet Sulayman made a sign: "A woman on a throne... haa, that is strange. It has not been heard of until now that the Sultan on a throne is a woman. Who are we, who are we?" he said. "She has a golden throne..." From a distance of three days a strange shining was seen coming from that throne. Janabi Haqq is all-Powerful! He does what He wants. From a distance it shone like a sun, it says. Such a saltanate!

O you small people who boast of being 21st century people! Read! But don't read newspapers or magazines. Read those Books that came down from Heavens and that are holy. Janabi Allah has created a holiness inside of you, too. Mankind has holiness. When we say 'mankind' we don't mean animals! Janabi Haqq, in His divine Generosity, granted men to be Khalif/Deputy. Men became 'Khalifa'. Women cannot become 'Khalifa'. That is why it is said: "Ar-rijalu qawwamuna 'ala n-nisa." 4:34 (Men are the protectors of women). This is important to remember. But they dress up their women and let them go out. How can you do this? Just look at what happened in history. but you don't let them learn this, instead they only read newspapers. Report card, they call that paper in the childrens' hands. I am looking at it. Tasteless, useless stuff. Mankind has holiness - teach this! Who is man? Who is man?

Man is the magnificent creature that the Lord of Might has created Himself and has placed on the throne of 'Khalifat'. Man, 'Hazret Insan'. The angels call him nothing else but Hazret-i insan. Who is their Sultan? Hazret-i Rasul, the Master of the First and the Last, S. Muhammad, sallaLlahu 'alayhi wa sallam. People have become the toys of shaytan. Women also have a throne that befits them; but the place of women is not the street. The honourable maqam (place) of women is their homes. The Divine Order is: "Wa qarna fi buyutikunna." (33:33) Sit on the thrones of your homes. If you get out in the street, you become 'street-women'. A woman who walks around in the streets has no value. Women are delicate. What protects them is their homes. Doglike shaytans have made 21st century women dishonoured, shameless, without religion, without belief. They say: Men and women are the same. It cannot be! And even if the Queen of Sheba sits on a throne she doesn't have the honour a man has.

"Who is this Queen of Sheba who has a golden throne?" Prophet Sulayman got angry, masha Allah. Prophet Sulayman was beloved, Shahu Mardan is saying. How beautifully he speaks. If he told his stories the world would be amazed. Look, even the doctor (here) smiles... So, on the throne there was a Queen, meaning, a female Sultan ruling the country. Prophet Sulayman said: "A woman cannot be Sultan. Who is she? She has a golden throne. But one doesn't get his rank with gold." Qarun was loaded with gold. He became arrogant, important; his behaviour towards his Creator changed. He became proud and Allah buried him along with his pride. Allah Dhul Jalal!

No Prophet has ever come like Prophet Sulayman. She was sitting on a golden throne, but

Prophet Sulayman - 'ala nabiyyi 'alayhi salat wa salam... O Shahu Mardan, you give only a very short explanation. He says: "If I were to open this, you wouldn't be able to carry it. If I would open his state to you, you wouldn't be able to bear it." How many Sultans came and went in dunya? Sultans. Women didn't become Sultan. O our Lord, You are Sultan, You are Subhan. Of Janabi Haqq's Greatness Prophet Sulayman took one speck and people and jinn trembled. Allahu akbar. Allahu akbar. O my Lord, You know. Allah Allah. Shaytan doesn't hand us anything.

What they teach they call 'school report". I saw it. Tasteless and useless things. It is nothing; a lot of rubbish. O our Lord, we are needy servants. Take these needs far away from us on Your Path. We want to do Your service, O our Lord. Allah Allah Allah. Shaytan made them forget Allah and made man dishonoured. Man was honoured and it made man dishonoured. Shaytan is man's enemy! "Inna sh-shaytana lakum 'aduwwun. Fattakhidhuhu 'aduwwa." (35:6) "Shaytan is your enemy. He drives you towards evil. Don't take it as a friend. "Fattakhidhuhu 'aduwwa." (35:6) Know shaytan! It is your enemy. Shaytan has made people in our time dishonoured. It doesn't let them listen to Allah's Holy Words. Everywhere it pushes itself forward. Now everybody claims to be something and all people are more and more like this.

"In turidu illa an takuna jabbaran." (28:19) O Moses, do you want to rule everywhere on earth and become a tyrant, a dictator? "I want to rule everywhere." Even Pharaoh said this to Prophet Moses: "You come so forcefully." "In turidu illa an takuna jabbaran fi l-ardi." (28:19) "I am the one who overpowers", said Pharaoh, "I don't accept anyone else." This is where the fight started. Pharaoh said: "I am that one who overpowers here. I am the one who has all ruling power in my hands. Where have YOU come from?" "In turidu illa an takuna jabbaran fi l-ardi." (28:19) "Do you want to be a second one who overpowers?" "Ana l-Jabbar, (I am The Restorer) Ana l-Qahhar", (I am The Dominating) says our Lord Jalla wa 'Ala.

O Egyptian scholars, what do you understand from the Quran al-Karim? Why don't you teach the Quran al- Karim? Shame on those who don't mention the 'heybet' (majesty) of the Quran al-Karim. Go on, O Shahu Mardan; hit them on their heads, they are empty anyway. Let them get lost. Nobody among you understands the Quran al-Karim really.

Prophet Sulayman - 'ala nabiyyin 'alayhi salat wa salam - ruled over mankind and jinn. He sent a

letter, to the Queen of Sheba. It said: "Read." "What is this?" "Innahu min Sulayman wa innahu Bismillahi r-Rahmani r-Rahim." (27:30) When she said this, her throne broke and she fell down. She remained trembling. Know this and teach this. This is (real) knowledge. What a shame! These stupid governments mess up the life of the students they teach. They don't teach them what they need to learn. O Shahu Mardan, authorized by Shahu Risalet, O blessed one. Teach them! What should you teach them? Adab (Good Manners) Teach them Adab. This dunya is built on Adab. It is placed in order. If you lose this order, the scale is lost, is broken. And there you are - shaytan has messed up people now. When the Queen of Sheba read: "Innahu min Sulayman wa innahu Bismillahi r-Rahmani r-Rahim", her throne started to shake and she fell down. (She said:) "Aslamtu ma'a Sulayman." (I surrendered just like Sulayman.) When she saw the greatness of Prophet Sulayman. Outer greatness has no value. People tremble and fall in front of a Sultan who has been dressed with spiritual greatness.

Don't sleep! People nowadays are ignorant. They don't know their origin? They don't know who they are. Go on, O Shahu Mardan, how nice. Look at his greatness. We are weak. When the blessed ones speak, they will make dunya upside down. O son of man; may they dress you with the crown of greatness. Shaytan dresses you with a conical hat. May they dress you from Malakut with a hat of greatness. There are so many great ones in Islam. Nowadays they don't cover their head. They don't even put a hat, only some drunk ones sometimes. What Heavens has made suitable for Islam they call a turban. It is the 'amama' (turban) that the Master of Creation put on his head. Put the amama! Don't carry weapons. The unbelievers will be wiped away by the heybet (majesty) of Islam.

We have power! We have heybet from Allah. With what? With the Basmala. They fear and tremble. Why do they fear and tremble? Because if a believer says "Bismillahi r-Rahmani r-Rahim" the weapons that 7 states put their trust in will all become coal. O our Lord, you are Al-Qadir, Al-Muqtadir! Send us Your servants who represent the greatness of Islam. O scholars of Egypt, of Hijaz, of Iran and Turkey, wear the crown of Islam on your heads! Allahu akbar, Allahu akbar wa liLlahi l-hamd. O lovers of Shahu Mardan, May your words give us strength and confidence. We love you. We love you. One speck of your beauty, sweetness, heybet, and honour makes dunya upside down. Don't walk around bare-headed. Wear the crown of Islam that came down from Heavens. O women, don't walk around without headscarves. They will

hang you from your hair in the fire. Don't put make-up and go out, O women. Don't walk around in the streets. "Wa la tabarrajna tabarruja l-jahiliyyati l-ula." (33:33) Don't do what the ignorant are doing. "Wa qarna fi buyutikunna." (33:33) And protect yourselves in your homes. O our Lord, you are our Lord. Let us run to Your Path, O our Lord. A woman is a woman. A man is a man. The place of woman is one thing, the place of a man is another. A woman doesn't become a man. A man doesn't become a woman. The order of dunya is built on this. O our Lord, forgive us. "Dullani khayra d-dalila", the most beautiful guide. Shahu Mardan; he shows us the way. May your face be beautiful, may your body be healthy. May your mind and understanding be clean. May your life be 'hayyatun tayyiba'. May your maqam in the end be Paradise. Let us run to servanthood; let us run to the servanthood of our Sultan. O our Lord, send us the Sultan who will bring us to Your Path. Send us a lion. Send us someone from the descendants of Shahu Mardan. O our Lord, You are al-Qadir al-Muqtadir Send us Your blessed servants who will clean the earth of all dirtiness. Amin, Amin.
Wa salamun 'ala l-mursalin wa l-hamduliLlahi Rabbi l-'Alamin. Allahumma qawwi dha'fi fi ridak. Give us strength on Your Path, O my Lord, for the honour of Habibi Akram. May it be our destiny to wear his honourable turban and be under his honoured banner here and hereafter.
Fatiha.

## Questioning Erases Good Character

(Mawlana Shaykh stands.)
Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah. Allahu akbar, Allahu akbar wa lillahi ‘l-hamd, wa laka ‘l-minna yaa Rabbana ighfir lana maa madaa yaa waasi`ya 'l-karami!

For the honor of your most honored one from pre-eternal to Eternal, Sayyidina Muhammad (s), Sayyidi 'l-`alameen! Only He was granted to be Sayyidi 'l-kawnayn, most high through Creation. No one can reach his level. He is the only one in the Divine Presence. Others, their heavenly levels akhireen. Allah Almighty’s Will granted whole praising and glorifying only to Sayyidina Muhammad (s) from pre-Eternal up to Eternal and Eternity. No one can understand that except the Lord of Whole Creation. He granted something to His most beloved one, Sayyidina Muhammad (s.) Ya Sayyidi, Ya Rasoolullah we are also granting our most high salutes, our most high glorifying and praise that may be granted from creatures to you.
(Mawlana Shaykh sits.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah, Sultaan Allah, Sultaan Allah!

O our Master who is granted for looking after everything happening on this planet. O our Grandmaster, we are asking your support and help. Your help is heavenly help and heavenly help is to stand up on our feet for our Lord's glorifying and praising!

As-Salaamu `alaykum from east to west, those who are on this planet that was created by our Creator; those who are created through the will of the Lord of Creation!

O People! as-salaamu `alaykum once again, because every time we are saying to you as-salaamu `alaykum, it gives you honor. That is a heavenly salute for those who may accept it. Allah Almighty is granting them much more lights and honor. Therefore use it; say as-salaamu `alaykum. If you are not using it, you can't reach even one foot up from Earth. You will be on Earth; you will be under your feet. One day, your physical being is going to be taken under this Earth. Try for that time that the biggest grant from the Lord of Heavens to your holy being, your soul to be taken up to heavens, to find its holy station, and to be happy forever.

O People, as-salaamu `alaykum! I am reaching to you a happiness and honor and lights forever, up to Eternal.

O People! Run after Eternity! O so sweet word, Eternity! Eternity! azaliyoon abadiyoon. No one is knowing what is pre-Eternal, what is Eternal. No one is understanding "Eternity". Only one is understanding through Creation. The Creator is not in need of understanding, but on behalf of the Lord of Heavens, only one is understanding Eternity. So refreshing for our souls that word "Eternity", azaliyoon, abadiyoon, sarmadiyoon.

O People! Don't ask something that you are not understanding. People yet are not reaching the level of understanding, such meanings as "Eternity".

O People! Try to learn. You can't learn by yourself if no one teaching. Even that one who is granted a sign from Eternity, is not understanding by himself: the Lord of Eternity must teach.

O People! Try to understand. Don't ask questions; questions are not for your level. Do you think that the Seal of Prophets (s) any time he asked anything from Archangel Gabriel? No. Because he is on the top line of adab, good manners. A good-mannered person is never asking anything. Because, what is our capacity? Only our Lord knows. He knows, but who is that one who is representing the Lord of Heavens? The representative is

something and Who is granting to be His representative, that ocean no one can approach.

People are trying to ask so many questions. No good to ask questions. alladhee qussima laka haasil ladayk, ”What is granted to you from your Lord, your Creator, is just reaching to you.” Why asking? For what you are asking? You learned everything and remaining only one to ask? Why not asking about servanthood? But people now are so proud, they think that they know or can understand everything. Never! Never! No rights for a servant to ask something that is not for himself or for herself. They can’t ask. If a person is invited to a sultan’s presence, do you think that person asking something from sultan? (Shaykh Hisham, ‘No Sayyidee, laa adab.’) The majesty of the sultan preventing him from asking anything, even one word more than he has been permitted. But people now, no adab! Asking, “This for what? That for what?” That is your importance? Why you are asking? But you must learn everything. Everything finished about yourself, then you are coming to ask some questions.

No rights for human nature, the Children of Adam to ask, except (about) servanthood. But no adab now, asking, “What is this, what is that?” That person is going to be a representative of Shaytan because the first one questioning was Shaytan, no adab, asking his Creator, “Why You ordered for me to make sajdah?” That is adab for servanthood? He learned everything, but not understanding Old Testament, Psalms, New Testament, and Holy Qur’an, mentioning, “Why He is ordering me to bow to Adam?” Ptoo! (spit) Shaytan, go away! But a mighty punch from the Lord of Heavens is striking that one and sending away. “You asking to Me, ‘why’? How you can ask why? Who is giving you that authority to ask your Creator, ‘why’?” Now whole people have bad manners; they are saying, “Why He ordered this to us, why permitting this, not preventing that?” Who are you?

I bought a mirror here because so many people come to me saying, “O Shaykh, look after yourself good.” I am thinking to myself, ‘I must buy a mirror because so many people saying you must look after yourself.’ Ten times or more I am coming and looking. (Laughs) Better, maybe better. (Tweaking moustache) Some people put honey to make their moustaches up, you shall be like Wilhelm, emperor of Germany. (Laughs) Everyone, they are not looking in the mirror of reality, mirror of truth, mirror of honor, mirror of majesty. Asking so many questions. Don’t ask! Listen to holy command from the Lord of Heavens, your Creator! Who is Shaytan to ask from his Creator, “Why are you ordering me to make sajdah to Adam?”

Who are you? That is good manners? From east to west, Christians, Jews, everyone now is asking! No one is coming to me and asking, “O servant of our Lord, what do you think about someone that is making a speech?” Never understanding, saying, “What is your answer?” It is so simple: (my answer is) Everything that people are asking is nonsense! Why you are asking this? Why you are not asking only about servanthood, or how is a person getting in the Majestic Presence? He is asking, “Oh our king, why you are putting this there, why you are not putting down here?” What is going to be done for that person, not saying, “Your majesty,” the protocol of people quickly taking his hand, or by the neck carrying him out. First adab that Man must learn is good manners with his Creator! He must learn this.

Beyond this is not for him or for her asking. “Why Islam preventing women to show their faces?” I am saying, why you are asking to me? Ask Who ordered to you! I am not that One to answer to you. Ask Who ordered women to protect themselves from Mankind. Ask Him and take the answer. Do you think that you can understand everything? Never! Don’t speak and don’t ask! We are only servants. What we have been ordered, we must try to do, nothing else. If coming against heavenly orders you are going to be punished. You only can ask about servanthood and who is a servant.

The Seal of Prophets (s) is on the top point of servanthood, because the Lord of Heavens is saying, “I am only one Lord and that one, Sayyidina Muhammad (s), is My representative.” Allah is saying, “You must ask him, not Me. I taught him servanthood and if you are not learning from him and coming to Me, I am sending you away, throwing you out.” But people nowadays are getting proud, getting such instruments, looking at themselves, they are going to be such important ones. “I am important one and you are not important, you are nothing.” A person can’t be important in the Divine Presence until the Lord of Heavens is dressing that one through His servanthood. That one who is servant for their Lord and servant for Creation, is going to be an important one. Others are nothing, no value, garbage. Take it away.

If you are asking honor in the Divine Presence, you must keep His servanthood. Servanthood can only be learned through a prophet that belongs to heavens. They have been taught through heavens to address people and then those people learn. If you are asking, “Why this, why that?” you are not on the level of servanthood and no rights for anyone now to claim, “I am something.” No German, no English, no Turkish, no Arab, no French. Germans should be angry, saying we must be ‘those ones.’ No, Allah Almighty only created you and granted to you an honor to be His deputies, His representatives. First of all you must be a representative on

yourself, not `ala ’l-aakhireen, on other people.

Because you have a heavenly being, your soul belongs to heavenly positions and at the same time you have a physical being that belongs to earthly positions from Earth. The level of your physical being is on Earth and it is going to be in darkness. You must teach that one that belongs to darkness, “O my ego, the Lord of Heavens just enlightened you. Come out from darkness to enlightened levels of heavens.” That is first mission of the prophets, to call people, “Leave your ego and come out and join your heavenly being, to go up through enlightened worlds.” If you are not accepting then you are going to be put in a bag and tied and thrown through one black hole and finished.

Therefore, they are going to ask on the Day of Resurrection, “O our Lord, now we are looking and understanding. Let us to go back to dunya and to do our best for You.” But divinely address coming, “If I am sending you back again a hundred times, you should run after darkness. Therefore, once is enough. You take the weight with you and go in through black holes forever, finished. I am asking from My servants whom they are asking for light, lightening and enlightened worlds. I am granting to them because they were understanding, and using their understanding on that point. I am granting to them. You go away! You are having no chance to come back!”

O People! Try to understand something for your life! Don’t be such a Shaytan, asking, ‘Why, why, why?’ If answer coming to Shaytan, ‘Why he was ordered to bow to Adam,’ then that illness is never ending, coming another ‘why’ and another ‘why.’ Therefore, our tariqah, the most high tariqatu 'n-naqshbandiyyaati ‘l-`aliyyah, “the Most Distinguished Naqshbandi Sufi Order”, is showing people for their futures, here and Hereafter. Therefore, the most important, first condition that a Naqshbandi shaykh may teach and order to those people saying, “I like to be Naqshbandi” is this. If you truly want to be Naqshbandi, you must not ask, “Why!” and you must not say, “No!”

Any command comes to you, you must not say, “No, I am not doing it.” So many things you may see through east and west but you cannot ask, “Why happening this, why happened that?” That is the most important thing in all religions, and in the most distinguished religion, Islam!

Islam is preparing people for their Lord’s Divine Presence. Therefore, it is teaching, if coming to a sultan’s presence, follow that protocol and don’t ask anything; keep your tongue (silent)! If the sultan saying, then

you must answer, “Yes, as you like, Sultan.” And you know to say this to a man, so what then about your Lord, the Creator? Are you asking, “Why this, why that?” So now Mankind in the 21st Century are on point zero. They never understand for worshipping. They never understanding servanthood or what is real, good manners in the Divine Presence. Naqshbandi teaching is coming to teach people not to fight each other. It is coming to teach you to be best ones, so that you may be the best on the Day of Resurrection.

Dome Dome Dome Dome 4x

Allah says be happy, therefore I am making you to be happy!
Dome Dome Dome Dome 4x

May Allah (swt) forgives us and guides us through His beloved ones, the most distinguished ones from His servants, to teach us to be as He likes.

Fatihah.

(Mawlana Shaykh is so happy with Shaykh Hisham.) Welcome to you from east to west, serious person (Shaykh Hisham Effendi), never smiling; because I am also very serious one, therefore he is making me to smile a little bit. If I am smiling then whole world people must smile! Then when I am laughing, making rabbee •••••••• •••• ••••••• •••••••• wa annahu huwa adhaka wa abka, "That it is He Who granteth Laughter and Tears" (53:43) making me to laugh, then whole nations, ‘ha, ha, ha’ they must laugh! If not laughing now, through this life are never going to laugh.

## Questions To Christians

Bismillahir rahmanir rahim. Let's begin our day with Your beautiful Name. Grant us Don't take away from us the honor of saying Your Name. Those who lose this honor are no longer "Men". They await salvation from technology. We ask from Your Power. Can he stop? We can stop. If I say Basmala, the rocket will fall over their heads. Will be thrown somewhere else. We are big. We are a superpower! What is your superpower? You fly a plane. He can explode you until not even your ashes will fall on earth. Fear from your Lord! Say Bismillahir rahmanir rahim. You are a big man Is that how they thought you? This is democracy! It pushed you into a hole. You can't get out. You'll drown in it. Wrath is coming. Wrath! If there are 5 billion people,4 goes-1 will be left. Beware of this.

One small piece from this hit the heart of the recently retired Pope and with fear he said, better I don't carry other's burden. They can do what they want but I safely give my soul to my Lord. I will die as a servant to him. Titles to them. Congratulations to one who dared to say it. We have more arguement on this but we have no time now. O our Lord who is "Ya Rabbal Izzatal Azamati wal Jabarut." Allahu Akbar. We are the weak ones. irham dafana, Ya Rabbi. Our Lord we are nothing. For the sake of Muhammad (sas)- for whom You created the universe. Oh our Lord send us a Sultan! Demolish the kingdom of Shaytan. O our Lord send us a Sultan. Shaytan rules the world today, His kingdom. If you send a weak one he will destroy shaytan's kingdom. Send us a Sultan o our Lord. Who is Sultan? When he draws his sword- Bismillahir rahmanir rahim if he directs, east to west no one will have a head. He'll clean up. Wal Azamatu LiLlah. Wal Azamatu wal Kibriya'u Lillah. Allah. Oh our Lord! Forgive us! Tubna wa Rija'na Ilayk. Send us a Sultan our Lord! "Ib'as lana malikan nuqatil fi SabiliLlah" This order is for the Children of Israel. They said to the Prophet of that time - Idh qalu, Li Nabiyyin lahum.

ƒ∞srailogullarƒ±na dediler ki Peygamberlerine. "Ib'as lana malikan nuqatil fi Sabilillah."
Jews are also confused. They have no Sultan, have gone crazy. They are crazy for democracy
They are servant's of Shaytan. Your Lord is ordering you to seek a King. They said to their Prophet, Ib'as lana malikan nuqatil fi SabiliLlah. Who is here now? Israil is lying. Arabs lying. Turkish also. Christians are confused. "The Pope left! What are we going to do?" Ask him! Ask if this Pontif is from Heavens or the cardinals elected him? What is this? Council Assembly? What is this? Are you selecting a councillor? What does 'pontif' mean? Pope? They say "His Holiness". Yuceligi bu kadar senedir kendinde goremedigi icin Papa. The Pope said, " I changed my mind. I don't want these dresses. I want my Lord. I want to follow the path of Prophets. I want to be a servant to my Lord. I mustn't believe in cheers of crowds. They cannot save me! That's the right thinking. He said "I give up this world's belongings, the highest rank of the Catholic World. I had no pleasure, no spiritual satisfaction! I saw the world. I couldn't enter the spiritual world. I don't need this. I give up. May my Lord forgive me"
He said: "Adio." Let me go. There are plenty of cardinals. Cardinal etc these are fake titles. Don't believe them. Cardinal? Did Isa (as) have a cardinal? Were they Isa's (as) cardinals? The Apostles - Were the apostles of Isa (as) cardinals ? Were these apostles, each one of the apostles, taken up to the Heavens? St Paul, St George, Saint this etc etc How clever were they? They asked the great Prophet, Isa (as). Where are their brains? What is your Lord saying? Your Lord. Who is your Lord? Shaytan!. How can you dare to say to him, can Your Lord bring down food from heavens? Do you think heaven is a restaurant? Is it a cafeteria? What is this? They are mentally limited. They built a church for each one. One higher than the other... They adorned each one with jewels. Sainthood is not with jewels. Where are their brains They said "Your Lord". The Apostles were the closest 12 people and they said bring us food from heavens! Astaghfirullah. What logic? What, Who provides the sustenance for all? Does He not send from heavens? O Isa (as) say - "Hal yastati'u Rabbuka an yunazzila alayna ma'idatan mina s sama." Your Lord says: 12 Apostles and look what they are saying: "Your Lord". They couldn't say "Our Lord." Our Lord sends down food. Is there a cafeteria up there? Is there a restaurant up there? Is the food on earth not enough for your nafs so you ask from heavens? If you had strong faith they would call you up there. He would offer you a feast up there not send food from heavens. No brain! The essence of it all the Pope grasped one bit and .... Pontif Authority person who is saying

"I give up" There is no solution. We didn't understand, couldn't make others do so. No need for me to carry this eartly job. I don't want it. I want my title from heavens. Someone asked, I guess from the awliya of the time, a holy one asked the Pontif of the time. Asked what? Is Isa (as) a prophet or God or son of God? Some said that he is God. Some said he is the son of God. Some said the latter. OK said the Islamic 'alimi. OK said the holy one. Where was ƒ∞sa (as) before he came to the Earth? In the Heavens? Heavens? Heavens. Who was ? Ab, Ibn, Ruhul Qudus; Holy Spirit. Three? Isn't it? You call Isa (as) Ibnulllah-Son of God. If you call him Ibnullah Allah Dhul Jalal Ab - the Father. Allahu Dhul Jalal.

You call him son of God. If he is son of God, did God send His son so people could put him on a cross? Explain this! What kind of father would send his son to non believers so they could kill him on a cross? Does this make any sense? Is there any logic in this? He watched them kill His son ? Shame on you! Those people answered? No answer, no answer! If he is Ibnullah in the heavens. Did He send his Son to be killed on a cross? Shame on those not understanding Christianity. Pope said "I understand! and gave up. Whoever wants can answer this! We're Muslims. I'm asking - if Isa (as) is Ibnullah (son of God), Allah (jj) sent His son to be killed on a cross? Shame on you! This is no religion. This is a lie. That's what the last Pope realised. His Holiness, said "I give up" Because we have no answer. Allah(jj) Ab,- Father Son - Ibn, Ruhul Qudus (Holy Spirit). In the heavens, God sent His son to be killed? What logic? Oh Islamic Ulama why don't you speak up? Oh Ulama why are you not asking? I want an answer! If Ibnullah-son, did God send him to die on a cross? What a lie? What kind of religion? "Inna d dina Ind'Allahil Islam". Religion in the sight of Allah (jj) is Islam. May Allah (jj) forgive us.

Let's say Bismillahir rahmanir rahim. Oh our Lord, forgive us! Don't leave us to our bad nafs! His Holiness considered so much. He also taked to me.I have told him a few things which he keeps secret. Oh our Lord, forgive us. Astaghfirullah. Let's say Bismillahir rahmanir rahim, if not saying you sink into lies. Oh our Lord send us The Sultan to save Men. Shaytan is ruling Men. Shame. Curse Shaytan and those follow him! Forgive us, forgive us Astaghfirullah. Good tidings to reach the Kingdom of Islam. Shame to Turks, Persians, Arabs! They're not declaring the honor of Rasullullah (sas). They still say democracy. We seek the Sultan. Ib'athlana Malikan. Fatiha.

## Fragen an die Christen

Bismillahi r-Rahmani r-Rahim. Beginnen wir unseren Tag mit Deinem schönen Namen. Gewähre uns, nimm uns nicht die Ehre, Deinen Namen zu sagen. Die, die diese Ehre verlieren, sind keine Menschen mehr. Sie erwarten die Rettung von der Technologie. Wir erbitten Deine Macht. Kann er aufhalten? Wir können aufhalten. Wenn ich die Basmala sage, wird die Rakete auf ihre Köpfe fallen, wird woandershin geworfen. 'Wir sind groß. Wir sind eine Supermacht!' Was ist euere Supermacht? Ihr fliegt ein Flugzeug. Er kann euch explodieren lassen, bis nicht einmal euere Asche auf die Erde fällt. Fürchtet eueren Herrn! Sagt Bismillahi r-Rahmani r-Rahim. Du bist ein großer Mann. Ist das, wie sie dich gedacht haben? Das ist Demokratie! Sie stieß euch in ein Loch. Ihr könnt nicht herauskommen. Ihr werdet darin ertrinken. Zorn kommt. Zorn! Wenn es 5 Billionen Menschen gibt, 4 gehen, eine wird bleiben. Hütet euch davor. Ein kleines Stück davon traf das Herz des kürzlich zurückgetretenen Papstes und mit Furcht sagte er: Besser, ich trage nicht die Lasten anderer. Sie können tun, was sie wollen, aber ich gebe meine Seele in Sicherheit bei meinem Herrn. Ich werde als Sein Diener sterben. Titel für sie. Glückwunsch dem, der sich traute, das zu sagen. Wir haben mehr Argumente dazu, aber wir haben jetzt keine Zeit.
Unser Herr, der ist "Ya Rabba l-Izzata l-Azamati wa l-Jabarut". Allahu Akbar. Wir sind schwach. Irham Dafana, ya Rabbi. Unser Herr, wir sind nichts. Um Muhammads (saws) willen, für den Du das Universum erschaffen hast. O unser Herr, sende uns einen Sultan! Reiße das Königreich Shaytans nieder. Unser Herr, sende uns einen Sultan. Shaytan regiert die Welt heute, sein Königreich. Wenn ihr einen Schwachen sendet, wird er Shaytans Königreich zerstören. Sende uns einen Sultan, o unser Herr. Wer ist der Sultan? Wenn er sein Schwert zieht: Bismillahi r-Rahmani r-Rahim, wenn er es führt, wird in Ost und West niemand mehr einen Kopf haben. Er wird aufräumen. Wa l-Azamatu Lillah. Wa l-Azamatu wa l-Kibriya'u Lillah. Allah. Unser Herr, vergib uns! Tubna wa Rija'na ilayk. Sende uns einen Sultan, unser Herr! "Ib'as lana Malikan Nuqatil fi Sabilillah". Dieser Befehl ist für die Kinder Israels. Sie sagten zu dem Propheten jener Zeit, "Idh Qalu Li Nabiyyin lahum." Die Israeliten sagten zu ihrem Propheten. "Ib'as lana

Malikan Nuqatil fi Sabilillah." Die Juden sind auch verwirrt. Sie haben keinen Sultan, sind verrückt geworden. Sie sind verrückt nach der Demokratie. Sie sind Diener Shaytans. Euer Herr befiehlt euch, einen König zu suchen. Sie sagten zu ihrem Propheten: Ib'as lana Malikan Nuqatil fi Sabilillah. Wer ist jetzt hier? Israel lügt. Die Araber lügen. Die Türken auch.
Die Christen sind verwirrt. 'Der Papst ist gegangen! Was sollen wir tun?' Fragt ihn! Fragt, ob dieser Papst von den Himmeln ist oder die Kardinale ihn wählten. Was ist das? Konzilstreffen? Was ist das? Wählt ihr einen Kanzler? Was bedeutet 'Pontif'? Papst? Sie sagen 'Seine Heiligkeit'.

Seit Jahren kann der Papst die Herrlichkeit bei sich selbst nicht sehen. Der Papst sagte, 'Ich habe es mir anders überlegt. Ich will diese Gewänder nicht. Ich will meinen Herrn. Ich will dem Weg der Propheten folgen. Ich will ein Diener meines Herrn sein. Ich darf nicht an den Jubel der Massen glauben. Sie können mich nicht retten!' Das ist das richtige Denken. Er sagte, 'Ich gebe die Besitztümer dieser Welt auf, den höchsten Rang der katholischen Welt. Es gab mir kein Vergnügen, keine geistige Befriedigung! Ich sah die Welt. Ich konnte nicht in die geistige Welt eindringen. Ich brauche das nicht. Ich gebe auf. Möge mein Herr mir vergeben.' Er sagte 'Adio, laßt mich gehen. Es gibt eine Menge Kardinäle.' Kardinal etc., dies sind falsche Titel. Glaubt nicht an sie. Kardinal? Hatte Isa (as) einen Kardinal? Waren sie Isas (as) Kardinäle, die Apostel, waren die Apostel Isas (as) Kardinäle?
Wurden diese Apostel, jeder von ihnen, in die Himmel erhoben? St. Paul, St. Georg, Sankt dies und das.. Wie klug waren sie? Sie baten den großen Propheten Isa (as) -Wo ist ihr Gehirn? Was sagt euer Herr? Euer Herr. Wer ist euer Herr? Shaytan! Wie könnt ihr es wagen, zu ihm zu sagen: 'Kann dein Herr uns von den Himmeln Essen herabbringen?' Glaubt ihr der Himmel ist ein Restaurant? Ist es eine Cafeteria? Was ist das? Sie sind geistig beschränkt. Sie bauten eine Kirche für jeden von ihnen, eine höher als die andere. Sie schmückten jede mit Juwelen. Heiligkeit hat nichts mit Juwelen zu tun. Wo ist ihr Gehirn? Sie sagten 'Dein Herr'. Die Apostel waren die 12 nächsten Menschen, und sie sagten: Bring uns Essen von den Himmeln! Astaghfirullah. Welche Logik? Was? Der, Der für den Unterhalt aller sorgt, schickt Er nicht von den Himmeln? O Isa (as), sagten sie, "Hal Yastati`u Rabbuka an Yunazzila `alayna Ma'idatan mina s-Sama"? Euer Herr sagt: 12 Apostel und seht, was sie sagen: 'Dein Herr'. Sie konnten nicht sagen: 'Unser Herr'. Unser Herr sendet Nahrung herab. Gibt es eine Cafeteria dort oben? Ist ein

Restaurant da oben? Ist das Essen auf der Erde nicht genug für euer Nafs, so daß ihr es von den Himmeln verlangt? Hättet ihr starken Glauben, würden sie euch nach dort oben rufen. Er würde euch ein Festmahl anbieten dort oben, nicht von den Himmeln Essen senden. Kein Gehirn!
Von der Essenz des Ganzen verstand der Papst ein wenig und.. die päpstliche Autoritätsperson, die sagt: 'Ich gebe auf, es gibt keine Lösung. Wir haben nicht verstanden, konnten andere nicht verstehen lassen. Nicht nötig für mich, diesen irdischen Job zu tragen. Ich will es nicht. Ich will meinen Titel von den Himmeln.' Jemand fragte, ich nehme an von den Awliya der Zeit, ein Heiliger fragte den Pontif der Zeit. Fragte was? Ist Isa (as) ein Prophet oder Gott oder der Sohn Gottes? Manche sagten, er sei Gott. Manche sagten, er sei der Sohn Gottes. Manche sagten das letztere. Okay, sagte der islamische `Alim. Okay, sagte der Heilige. Wo war Isa (as), bevor er auf die Erde kam? In den Himmeln? In den Himmeln? Himmel. Wer war..? Ab, Ibn Ruhu l-Qudus, der Heilige Geist, drei, nicht wahr? Ihr nennt Isa (as) den Sohn Gottes, Ibnullah. Wenn ihr ihn Ibnullah nennt, Allahu Dhu l-Jalal ist Ab, der Vater, Allahu Dhu l-Jalal. Ihr nennt ihn den Sohn Gottes. Wenn er der Sohn Gottes ist, sandte Gott Seinen Sohn, damit die Menschen ihn ans Kreuz nageln konnten? Erklärt das! Was für ein Vater würde seinen Sohn den Ungläubigen senden, damit sie ihn an einem Kreuz töten könnten? Hat das einen Sinn? Gibt es eine Logik darin? Er sah ihnen zu, wie sie Seinen Sohn töteten? Schande auf euch! Diese Leute antworteten? Keine Antwort, keine Antwort! Wenn er Ibnullah ist in den Himmeln, sandte Er Seinen Sohn, um am Kreuz getötet zu werden?
Schande auf jene, die das Christentum nicht verstehen. Der Papst sagte, 'Ich verstehe!', und gab auf. Wer immer will, kann das beantworten. Wir sind Muslime. Ich frage, wenn Isa (as) der Sohn Gottes ist, sandte Allah (jj) Seinen Sohn, um an einem Kreuz getötet zu werden? Das ist keine Religion. Das ist eine Lüge. Das ist, was der letzte Papst merkte. Seine Heiligkeit sagte, 'Ich gebe auf', weil wir keine Antwort haben. Allah (jj), Ab - der Vater, Sohn - Ibn, Ruhu l-Qudus - der Heilige Geist. In den Himmeln sandte Gott Seinen Sohn, um getötet zu werden? Was für eine Logik? O islamische Ulama, warum erhebt ihr nicht die Stimme? O Ulama, warum fragt ihr nicht? Ich will eine Antwort. Ob Gott Ibnullah, den Sohn, sandte, damit er am Kreuz starb? Was für eine Lüge. Was für eine Religion! "Inna d-Dina `inda Allahi l-Islam". Die Religion aus der Sicht Allahs (jj) ist Islam. Möge Allah (jj) uns vergeben. Sagen wir, Bismillahi r-Rahmani r-Rahim. O unser Herr, vergib uns! Überlasse uns nicht unserem schlechten Nafs! Seine Heiligkeit

überlegte so viel. Er sprach auch mit mir. Ich sagte ihm ein paar Dinge, die er geheim hielt. O unser Herr, vergib uns. Astaghfirullah. Sagen wir Bismillahi r-Rahmani r-Rahim. Wenn ihr es nicht sagt, versinkt ihr in Lügen. O unser Herr, sende uns den Sultan, um die Menschen zu retten. Shaytan beherrscht die Menschen. Schande. Verflucht Shaytan und die, die ihm folgen! Vergib uns, vergib uns. Astaghfirullah. Gute Nachrichten, das Königreich des Islam zu erreichen. Schande auf Türken, Perser, Araber! Sie erklären nicht die Ehre Rasulullahs (saws). Sie sagen immer noch 'Demokratie'. Wir suchen den Sultan. Ib'as lana Malika. Fatiha.

## Quran & Dua

"He it is Who sent among the unlettered ones a Messenger from among themselves, reciting to them His Verses, purifying them and teaching them the Book and Al-Hikmah. And verily, they had been before in manifest error." (62:2).
"And He has sent him also to others among them who have not yet joined them. And He is the All-Mighty, the All-Wise." (62:3)
That is the Grace of Allah, which He bestows on whom He wills. "And Allah is the Owner of Mighty Grace." (62:4)

For the salamat-safety of the nation of Muhammad (saws); for these Zabaniyah in Sham to be expelled from there; for all who plague the Muslims- Europe, Asia -the Chinese unbelievers, Russian unbelievers, may they disappear. Either come to Islam or may you disappear. Aman Ya Rabbi.

May You not make us from them. Our Iman/faith is Your grant. Our faith is entrusted to You. The Holy Verses this holy servant of Yours read. May You dress us with the majesty & power of their treasures. O Angels of Al Rahman, may you dress us with them!

I may shake the world & destroy the sultanate of shaytan! It is more than enough for all saints and this

rubbish servant, the power is enough to destroy the dominion of not just one shaytan, but 1000 shaytan! We are at zero level but with what is granted to us, we can destroy.

Fatiha.

--

Er ist es, Der unter den Schriftunkundigen einen Gesandten von ihnen hat erstehen lassen, der ihnen Seine Zeichen verliest, sie läutert und sie das Buch und die Weisheit lehrt, oblgleich sie sich ja in deutlichem Irrtum befanden, (62:2) und andere vor ihnen, die sich ihnen noch nicht angeschlossen haben, und Er ist der Allmächtige und Allweise. (62:3) Das ist Allahs Huld, die Er gewährt, wem Er will. Und Allah besitzt große Huld. (62:4) Für die Sicherheit der Nation Muhammads (saws), für diese Zabaniyah in Sham, damit sie von dort vertrieben werden, für alle, die die Muslime verfolgen - Europa, Asien, die chinesischen und die Russischen Ungläubigen - mögen sie verschwinden, entweder zum Islam kommen oder verschwinden. Aman ya Rabbi. Mögest Du uns nicht zu ihnen gehören lassen, unser Iman ist Dein Geschenk. Unser Glaube ist uns von Dir anvertraut. Die Heiligen Verse, die dieser heilige Diener von Dir las, mögest Du uns mit der Majestät und Macht ihrer Schätze bekleiden. O Engel von Rahman, möget ihr uns mit ihnen bekleiden. Ich kann die Welt erschüttern und das Sultanat Shaytans zerstören! Es ist mehr als genug für alle Heiligen und diesen elenden Diener, die Macht reicht, um die Herrschaft nicht nur eines Shaytan, sondern 1000 Shaytanen zu zerstören. Wir sind Null, aber mit dem, was uns gewährt wird, können wir zerstören. Fatiha

## Holy Quran (was) coming from Heavens to the heart of the seal of Prophets

Destur, ya Sayyidi, Meded, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Allah Allah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is an association. The Seal of Prophets, (the) most honoured servant in (the) divinely Presence, S. Muhammad sws, Allah Almighty (was) addressing to him. (The) Holy Quran (was) coming from Heavens on his heart and (the) divinely Addressing (was) coming through himself to (all of) his nation. And his nation (is) all mankind- in his time and (everyone) up to (the) Last Day, the Day of Judgment, Resurrection Day. Allah Almighty (was) addressing to him and He was saying through his words (His divinely Message) to all mankind.

(A) Sultan (is) addressing (only) to one person for his royal commands, royal orders, royal rules. He is saying (his decisions) to the Grand Wezir and (then) that one is saying (it) to all (the) citizens of the Sultanate. There is no need for the Sultan to call everyone and to speak to them, no. One (person) is enough, (and) from (that) one (it is coming) to all. If that one is not there, then (it) can’t be (like that); (the) Sultan (is) never going to address to anyone, because His position is not suitable to come down; to come to the level of his citizens and to speak to them, no. Therefore Sultans were (always) keeping themselves; (they were) not coming through

people, through common people, because (a Sultan) he has a glory and greatness, which belongs to him only. When he is coming to the level of common people, he is going to loose his greatness and glory. Common people should say: “Oh, this one is also like ourselves. Why? What is his position to be over ourselves, and why we are bowing (ourselves) to be under his command? Why we are going to bow to him?”

Yes, you are not bowing to the Sultan, but you are bowing to the position of his royal existence. You are not bowing to that man, but (to him) whom he is representing- you are bowing to that one. The Sultan is representing the real royal one; he is representing the Lord of Heavens’ representative!

Therefore ignorant people were saying to everyone from Prophets and also to the last Prophet: “Oh, that one is like ourselves. He is going through streets, through markets, he is doing what we are doing- how he can be over our position?” They were not looking to his representation, that the Lord of Heavens (was) dressing him from His (own) Greatness and Glory. (Because of) his position you must bow to him, as when Allah Almighty created Adam and (He was) ordering to all angels: “Bow to Adam”- angels immediately were bowing. They were understanding his position, his essence, that Allah Almighty dressed him from His representation. Angels were knowing that just he had been dressed from Allah Almighty’s Glory. They were looking and seeing (that) and quickly (they were) running and bowing; they (were) never looking to his physical being, no. “Adam, just I created him. I am that One that created Adam with My Hands. This must be well-known through all creation.”

Allah Almighty never (was) giving that honour except to the father of mankind: to be made by His divinely Hands. Angels no, they are created by His Order, but Adam’s being Allah created it by his divinely Hands. That is glory, and that was only given to Adam. And after him, all of his generation was taking their shares from that honour. Angels are knowing that they have been created by the divinely Command (of Allah) to say: “Be”, and they were coming. They belong to Light Worlds. From divinely Lights they are coming. Through seconds billions and trillions of them are coming, no need for Allah Almighty to make them, their being with his divinely Hands. That is only granted to Adam. Dressing him from His Glory and putting from His divinely Crown on his head and angels were looking (that). When Allah Almighty was saying: “Bow to Adam”, immediately they were falling (down) and making Sajdah and bowing to him.

S.Yusuf a.s., Joseph, he had a dream when he was a young boy and through this dream he was seeing that

(his) twelve brothers, his father and mother were bowing to him. Why? That time that divinely crown was just dressed on his head therefore all others were seeing (that) and (they were) falling (into Sajdah) and bowing to Yusuf a.s. Not to his physical being, but (to) what he was representing- the Lord of Heaven's Glory. That Glory was just dressed to him, and they were falling down.

Shaitan was looking: "Oh, what is that?" (He was) objecting (to Allah's Will and Order) and (so the) first rebellious one, (the) first troublemaker for creation and the first rebellious one to his Lord was Shaitan. Because he was looking and saying: "Oh! This is a person (is) just created from clay! I am created from fire, (from the) flames of fire- how it can be for me to bow to a creation that (is) just created form clay?" That was his mentality, donkey's mentality we are saying. He was saying: "It can't be! I must be that one who should be bowed to. I am over his creation." He was seeing (only the) material of the being of Adam and himself also, (he was) not seeing which glory was dressed on Adam and that the divinely crown was put on his head. Then he was thrown away...

Therefore (a) Sultan is that one who is crowned and given glory, and they are only a few ones, selected ones, as (the) Prophets line; they are (also) elected and selected and chosen ones, (the) Prophets. And if anyone (is) objecting and saying, "Why? This person (is) like ourselves- going, coming, eating, drinking, marrying- what is the difference between ourselves? Why he is going to be bowed (to), (and) to be obeyed? For what? " they are not seeing the reason, what he is granted from the Lord of Heavens.

Now people in the 21st century are all looking to everyone (only) from their outlooking. And Shaitan just made people not to believe in any other being, in any other title for mankind and they are saying, "We are all same." No. You are all same by your physical being, but what you are representing it is not same. Chosen people, Prophets, they have been dressed Glory from Heavens, but you are not dressed (by that glory). You must look to the Prophet's position that he is coming and people (are) just ordered to be obedient to that one.

Before, up to end of the 19th century, the line of Kings and Sultans was going on, but Shaitan was working to make a false, to make Kingdoms (to be seen as) something no good. And he was trying to take away this line and to make people (believe that): "All of you, you may dress what Kings and Sultans were dressing." No! Their dressings are from Heavens! You may dress their clothes, but you are not (going to be) like Kings or Sultans that have been dressed Glory from Heavens. That is the main source for the troubles of mankind in

the 21st century, because everyone is trying to show themselves that they are something: “We are Kings, we are Queens, we are Sultans...” No. Man can’t give to another man an honour, no, it is impossible. Honour, real honour is a grant from the Lord of Heavens. That honour, real honour, is coming from Heavens, not from people. Don’t think that ‘President’, or ‘Prime Minster’ or ‘Minister’ or such a titles are giving a person a real honour. No! When you are taking their clothes, they are going to be nothing. When they are dressing (these clothes), they are thinking that they are something, but when they are taken from them, they are looking: “Oh, we are nothing...” Sometimes, when they are getting in (the) bathroom and looking (into the mirror)- now new fashion bathrooms have mirrors all around- they are getting in and looking this side, that side, that side... may speak to themselves (and say): “Oh, I am looking like nothing... How- if I am getting out in such a way- who is going to give an honour to ourselves? Quickly bring our clothes to cover our ugly being! So ugly! Quickly bring our royal clothes...” Not royal; that is given form Heavens to man and they are dressing hats... this way, that way...” Now people will respect us”... (They are) not respecting you, but respecting your imitated title... So that people now (are) running after imitated titles.

People can’t give to you a title, because (those) whom they are giving you a title, they are expecting also (that): “One day maybe we have been given also a title from people. We must try to make much more voting... Bring so many pheasants! Doesn’t matter!” It is no need to be learned people in this democracy. No need clever ones, no. No mind people also (count). Important is to bring thousands and thousands. People (are) never understand anything- (it) doesn’t matter, but is it written that: “Ohhh, voting for that person one million people! He must be dressed!” Millions of people can’t give anything to you. (The) real title (is that) which Allah Almighty (is) giving...

Shaitan was looking and asking to be honoured or to be given or granted that honour. What he did through angels? He was expecting the title (of deputy of Allah), (but) that title is a grant from Allah Almighty to His (chosen) servants (only) and (so) he was thrown away. Now people (are) working on that point... What we are saying, oh people- the honour of mankind, that is important.

And Allah Almighty is choosing one of mankind to be on behalf of Him Almighty (and) to address and to call people; giving to one only. He is not calling everyone to be granted a Book, as ignorant people were saying: “Why this Holy Book is just given to him? Why (it was) not coming to ourselves also?” That is their ignorance. Allah (is) calling one and dressing him and sending to him: “Say My Commands, My Orders to My servants!

If they are accepting, I am making everything to bow to them, because they are representing Me."

The Prophet sws was going out and he met one Bedouin, and he was saying: "Oh Abdullah, oh servant of my Lord. Do you like to believe in God, Allah Almighty, and in me (, His Prophet) and to be Muslim?" And the Bedouin was saying: "Who are you?" "I am (the) representative of the Lord of Heavens, Ana Muhammadun", sws, "Say: La ilaha ill-Allah, Muhammadur Rasulullah" sws. "Have you any evidence (for your claim)?" (was) asking that Bedouin and the Prophet was saying: "I have. Oh tree! Come to me!" That (palm-) tree was walking and coming in front of the Prophet and making Sajdah in front of him. Then (it was) standing up and the Prophet was saying: "Go to your own place" and it was going back and standing there. That Bedouin was saying: "Now I am believing that you are the representative of the Lord of Heavens. I am saying: La ilaha ill-Allah, Muhammadur Rasulullah" sws...

Yes, evidence...must be evidence! If you have been granted from Allah Almighty an order, you must (also) be granted that power. Trees they were bowing, animals they were coming and bowing in front of the Seal of Prophets. Common people were asking such evidence, to see and to look.

But (for those) whom they were working through their minds if he was reciting just one verse: "Bismillahir Rahmanir Rahim. Alif Lam Mim..." (it was) enough (for them to understand that) no on can say like this! Through any (other) book you can't find the 'heybet', (the) Greatness of the Lord's heavenly Book, heavenly addressing. To say: "Alif Lam Mim."...(was) making a man to come and to bow (to him) who (was) bringing that Holy Book, holy addressing. If he was not in such a way, how 15 centuries Islam is standing up in spite of all Shaitans and evil that are asking to take it away? But they are going to be taken away and Islam is standing up, from earth to Heavens!

May Allah forgive me and bless you. For the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

## Holy Qur'an Contains All Knowledge of Past and Future Events

Dastoor yaa Rabbee, madad! (Mawlana Shaykh stands) La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah Muhammadun Rasoolullah, alayhi 's-salaatu wa 's-salaam. Madad yaa Saahib al-Imdaad, madad yaa RijaalAllah, fee mithliha haadha ash-shahru shareef, shahru Shaban al-Mu`azzam zidhu yaa Rabbee. Ta`zeeman wa takreeman, zid habeebika fee haadha ash-shahru mubarak. Shaban al-Mua'zzam belongs to the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh sits)

Thumma 's-salaamu 'alayk yaa Saahib al-Imdaad, yaa Qutb al-Mutasarrif, yaa Saahib az-Zamaan. Amiddanaa yaa rijaali 'l-imdaad. Abidoona bi madadi malakoot fee mithla haadha shahru shareef Shaban al-Mua'zzam. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. We are running from the worst creature that is trying to make Mankind disobedient to their Lord, their Creator. And we are saying, Bismillahi 'r-Rahmani 'r-Raheem.(Mawlana Shaykh stands) May the heavenly sword be on the neck of Shaytan and its followers! (Mawlana Shaykh sits)

O our Attenders! As-salaamu `alaykum. It would be a great pleasure for Mankind to be attenders for such a heavenly declaration that all heavenly ones have been sent to make people in pleasure, by countless good tidings from Heavens. I am sorry that people are never interested in their ruhaaniyya, spiritual pleasure. Now in our days, people are followers of the worst one in Creation, running like rivers after the worst creature,

Shaytan. Allah! We will be happy if all of us become followers of pleasures, giving good tidings to all nations, but everyone is occupied by that worst one.

O our Attenders! Try to attend daily, even for one quarter-hour or half-an-hour, to take good tidings from heavenly ones; you should be happy and in pleasure. Try to be attenders for holy declarations coming through Heavens, reaching to you. O people! We are here today, but we don't know if tomorrow we are going to be on earth or under earth. What if there is no hope for you, or that you are not given a grant to live for 90 years or more, or perhaps you should be ma'zur, handicapped. But no one knows if their being is going to be for tomorrow. Why are you running after the material world? Why are you running to be in pleasure with material aspects? Why is Mankind not thinking about it? This is an important question. We do not know if we will be living on this planet tomorrow. Perhaps you will say, "Up to tomorrow, I shall enjoy myself," but no one can give you a guarantee for your life from material aspects. Don't be cheated by insurance companies saying, “We are guarantors for your life, for everything that may come.” What is that foolishness? But people are drunk, beginning from kings, down to every level of Mankind. They are not acknowledging they have been given that heavenly grant!

O our Salaaf as-Salih `ulamas! When I am saying, “Once upon a time, in the time of Bani Isra`eel, the time of Jesus Christ (a)...” Now new-fashion doctors, new-fashion Salafi `ulamas, and no-mind Wahhabi wolves, if a person may speak of a story from the past, they say, "Don't speak of it! That is Isra`eeliyaat (stories of prophets related by Jewish scholars).” What is Isra`eeliyaat? Do you know anything about Isra`eeliyaat? O those drunk ones! Don't you ever recite Holy Qur'an? You never understand that from the beginning up to the end, Holy Qur'an gives ahkbaarul qawm halmin madoo (news of the past nations). Don't you know that Holy Qur'an gives stories about past nations, particularly about Bani Isra`eel? Anyone who denies something that belongs to Bani Isra`eel, it is as if they are shooting on the holy verses of Holy Qur'an. But new-fashion doctors of Shari'ah, new fashion Salaaf us-Salih ‘ulama, and new-fashion, no-mind Wahhabi wolves and their founders and headmasters, are always objecting. If anyone is asking to say something from the time of Bani Isra`eel, they say, “Don’t! Leave that Banu Isra`eel.” How can it be? They are saying, “Qur'an al-Kareem is only for high-level people to understand. We are not accepting the stories of Children of Isra`eel.” Astaghfirullah. Why? Whoever is saying that is going to be kaafir (unbeliever)!

Why are you not saying, Salaafu s-Salih `ulamas? Every time you address people, why are you not bringing a

historic story from the time of Children of Isra`eel? You are so proud ones, saying, “We are not a class of story-telling people, we are all `ulamas.” And what you are saying no one is understanding. If I am saying one story, people are understanding and they may take the right way. But you are mixed with shaytanic ideas, not to accept anything from the time of Bani Isra`eel. Why? You must say! You cannot make Holy Qur'an into two parts, that in one part you can address people, teaching, and from the second part say, “No, that is no good.” Holy Qur'an is full with stories of past nations! Say, O Salafi `ulamas! How many prophets have been sent? Say! “Twenty-eight prophets, beginning from Adam (a), and ending with the Seal of Prophets, Sayyidina Muhammad (s)." (Mawlana Shaykh stands and sits) Yes, it is okay. But do you think that no other prophets have been sent? Say to me! I am examining you, your knowledge and your limits. The names of twenty-eight prophets have been mentioned, but as Allah Almighty (swt) says: (Mawlana Shaykh stands)

**••••••• •••• ••••••••• •••••••• ••••••••• •••• ••••• •••••••• •••••••••**

minhum man qasasna `alayk wa minhum man lam naqsus `alayk, Of them are those whom We told their stories to you, and among them are those whom We did not relate their stories to you. (40:78)

What do you think? Minhum man qasasna `alaykum. Why are you not saying to people qassasnahum, their life stories? Another question to Salafi ‘ulamas, what about the Seal of Prophets, Sayyidina Muhammad (s)? (Mawlana Shaykh stands) What do you think, that the Seal of Prophets (s) was knowing or not knowing? (Mawlana Shaykh sits) And heavenly addressing is coming directly to the Seal of Prophets, Sayyidi 'r-Rasool kiraam. Yes, minhum man qasasna `alayk is an ocean. Allah Almighty is saying, minhum man qasasna `alayk, “No one knows their numbers, but We sent prophets and messengers, some of them with their nations. We said about Musa (a), qasasna. We mentioned and We are teaching you about those stories for how many prophets and how many nations, how many ummahs passed away."

Do you know? You are reciting Qur'an only like this (motions running finger under words while reading), like small boys. No!

**•••••••••••••••• •••••••• •••••••••••••**

wa li yatadhakkar ulu'l al-baab, And that men of understanding may reflect. (38:29)

Allah (swt) is saying, “We are sending the Holy Qur'an for reflecting on it.” What is your opinion on those

prophets whom their news had been sent to the Seal of Prophets (s)? Some shaytanic people are saying, “We are not accepting except Holy Qur'an and hadeeth.” A`oodhu billah, a`oodhu billah! They are going to be fully graduated by Shaytan! Now there are so many shaytanic agencies for destroying the beliefs of Ahlu’l-Sunnah wa’l-Jama`ah. Yes, say, as you are ‘ulamas! Allah Almighty is saying to the Seal of Prophets (s), His most beloved one, Khaatam an-Nabiyyeen, Minhum man qasasna `alayk. This khitaab is not for you. It is for Allah Almighty's most beloved one in His Divine Presence and His eternal deputy, from pre-Eternal up to Eternal, Sayyid ar-Rasool, Sayyidina Muhammad (s). (Mawlana Shaykh stands) Allah Almighty is not speaking to anyone. No! Even Jibril (a) can't take directly from Allah Almighty; there must be a mediator. (Mawlana Shaykh sits) SubhaanAllah, SubhaanAllah. You are never happy to be said about ummatu 's-saalifah, past nations. Allah Almighty only granted to Sayyid ar-Rasool Kiraam (s), from prophets, to know their numbers. And He said to His most beloved one that Creation is created for his honor. "O My beloved one, glorified one in My Divinely Presence, I am giving you knowledge about the past time of anbiyas (prophets)." Wa minhum man lam naqsus `alayk, "From them are those whose stories we didn’t relate to you.”

O Salafi ‘ulamas! What is that? Why is Allah Almighty saying, wa minhum man lam naqsus `alayk? What is the maqsaadun aslee, main purpose? Why is Allah Almighty saying to the Seal of Prophets (s), wa minhum man lam naqsus `alayk? What is your opinion? You are not thinking about it. You cannot open these treasures because you are very proud ones, and for proud ones a heavenly opening never comes. Min hum man qasasna `alayk, “O My Beloved one, We granted you the news of past-time prophets and their knowledge, their happenings, their lives. You may say, minhum man qasasna `alayk." Why? Because Allah Almighty khassas, specialized those prophets to be only for Him, and all of those prophets whose names have not been mentioned belong to the Seal of Prophets (s) only, because his prophecy or messengerhood has no limits.

“Some of them,” the Lord of Heavens is saying to him, “are only for this planet and for these people. They are just a handful of people. There is no need to mention others. We are keeping that for you also because you are in charge of this whole Creation. You may also give what it is not for your ummah on this planet; but your ummah belongs to you. And for your honor We created countless and countless! Therefore, wa minhum man lam naqsus `alayk, 'Among them are those whom We did not relate their stories to you,' because there is no need for them on this planet. But the universe I created is for your honor, and no one knows their numbers,

their situations, their lives, except Me. That is for this ummah on this planet. But there are countless other Creations through My dominions and you are also teaching them."

People think that it is such a simple thing to be a prophet, or to be in charge of prophecy on this planet. And they think that it is so easy to live on it for a thousand years and then finishing. Therefore, now the time is over because the Day of Resurrection is just on our doors. And some realities also must be granted to the Seal of Prophets (s) and will be sent to all people now from east to west, from north to south, that they have never heard or thought about, to open their abilities and capacity to understand something for their Lord when Judgment Day is coming.

O People! My Arabic language is so bad, but if you are hearing, you may understand something. Our point, maqsad, is to give every greatness, every glory, every majesty to our Lord, to make you understand something. I was looking yesterday on an encyclopedia written about the galaxy of Andromeda. 200 years ago or more, people were seeing that Andromeda galaxy has a very small light and they were thinking it belongs to our galaxy at a far distance, and that it is one star. But after a while, Allah Almighty gave someone an authority on a telescope invented 150 years ago, to make them understand about His Creation. The astronomer looked at that star through the Milky Way, so small, thinking it belongs to the Milky Way. Sometimes it may close, sometimes it may open, because it was terrible for that light to reach directly to our eyes. They thought it was near our galaxy. That astronomer discovered that it was not belonging to our galaxy, but it was so far away, as they were saying, 12 million light years away. And it is so gigantic! They never expected it, but that opening came to teach people Who created them. And daily they are doing something with their knowledge about our galaxy and getting around it in such a way that you can't imagine.

Now, here we are, saying something about our Lord's endless, endless Creation, not the Milky Way only, but endless realities to teach people that our Lord has endless Power Oceans. You must understand that it is a preparation before the Day of Judgment comes. This is a small opening. Therefore, our attenders, professors or astronomers, or Salaaf us-Salih, or mashaykh Azhar ash-Shareef, don't be angry with me. But you must try to take something from the adhaamati Rabbil `Alameen, Allah (swt)! (Mawlana Shaykh stands) He is Sultan! He is Creator! The Last Day is approaching and therefore, we are here to say something. (Mawlana Shaykh sits) May Allah forgive us.

O People! Try to learn something. May our Lord forgive us. O our Lord! For the honor of Your most beloved, most honored, most glorified one's honor, forgive us and give us a new understanding of religions. They are saying "interfaith", but they are not speaking such things; they are speaking something that even ants are not understanding! Even small ants are never interested in interfaith speeches or their bayaan, declarations. Therefore, you must not be angry with me. You must say, "There must be something special for this age that only the Creator knows and who He is asking to know about such things." Come and say, (Mawlana Shaykh stands) "La ilaaha illa-Llah Muhammadun Rasoolullah ahyina mu'mineen, amitna mu'mina wahshur mu'mineen, yaa Rabb!" (Mawlana Shaykh sits)

Wa bayyid wujoohuna yaa Rabb, yaa Rabb. Bi-jaahi man anzalta `alayhi Surat al-Fatihah. "Revive us as believers and make us die as believers and resurrect us as believers, for the sake of the one on whom you revealed Surat al-Fatihah."

## What Is the Qutb al-Mutasarrif?

Dastoor yaa Sayyidee, Sultaan al-Anbiya. (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Laa ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah (s). Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Raghman `ala anf shayateen, shayateen min al-ins wa 'l-jinn fayakoon tahta aqdaamina. (Mawlana Shaykh sits.)

Say, a`oodhu billahi min ash-Shaytaani 'r-rajeem! Say, Bismillahi 'r-Rahmaani 'r-Raheem! (Mawlana Shaykh stands.) Al-`azhaamatulillah wal `izzattu lillah wal-jabarootu lillah, subhaanAllah. (Mawlana Shaykh sits.) And we are giving our salutes to all holy ones from Heavens and from Earth in east and west, from north to south. There must be holy ones, and they are victorious. Shaytan and its followers, students and successors are under my feet!! They feel that they can do something, or Shaytan is making them to believe that all the power is in his hands or under his tasarruf, control. What is Allah (swt) saying? (Mawlana Shaykh stands.)

••••• •••••••••• •••••• ••••••••

wa anna ‘l-quwatta lillahi jamee`an, And that Power is for Allah, altogether. (2:165)

(Mawlana Shaykh sits.)

What is Shaytan? What is Shaytan? But making itself so gigantic one and trying to make people to think that that is controlling everything on Earth. But even an ant, it can't be under Shaytan's control.

••••• •••••• •••••

Afillahi shakkun? Is there a doubt in Allah? (14:10)

Astaghfirullah. Allah, swt. This is a humble association, but through east and west only authorized one in our days for controlling whole world and controlling whole Mankind and not only controlling, but protecting. Protecting. One protector is more than enough for whole world. And we are saying salute to him, as-salaamu `alayka yaa Qutbu ‘l-Mutasarrif who controlling everything on Earth and under earth. On continents and also oceans just under control of that grand wali, Qutbu ‘l-Mutasarrif. But no need to use for Shaytan and its followers such a power. Yes. Allah Almighty giving control on that one Qutbu ‘l-Mutasarrif for warning whole nations, and the smallest creature, like virus that can't be seen under mighty microscope also. With that may threaten, terrifying, to make people to fear. Ordering one, one so small one, threatening whole world people with a small creature that you can't be able to see even under mighty microscope. And people trembling from that unseen creature; they are knowing that it is in existence but they can't see, can't touch, they can't take it away.

••••• •••••••••• •••••• ••••••••

anna ‘l-quwwata lillahi jamee`an, that to Allah belongs all power, (2:165)

Muqaabil. Muqaabil, accepted in front of that. Allah, swt, saying (Mawlana Shaykh stands.) Fa inna ‘l-quwwata lillahi jamee`an, "Truly the power is for God, all of it.” Yes. Powerful.

••••••• •••••••••• ••••••••

Wa khuliqa ‘l-insaana da`eefa, We have created man weak. (2:48)

Insaan just created weak and that meaning of weakness, no one knowing except our Creator. (Mawlana

Shaykh sits.) And everything under control; nothing going to be as it likes. No. Everything in existence must be controlled and under full control. One representative from heavenly holy ones on Earth controlling everything. Enough, more than enough to look from east to west, from north to south, on continents and under oceans. Everything must be under control of that one who representing Allah Almighty's endless Power Oceans.

But Shaytan making itself (appear) so powerful and people fearing. They are trembling from something that they can't be able to make it away from themselves. Because we have been created weak. Whole Power Oceans, Mighty Ocean, Mightiness for Allah Almighty. Everything under His control and one wali controlling everything according Allah Almighty's iradah, Will.

O Attenders! As-salaamu `alaykum. Some of them are attending only through windows, some of them are looking from up, and some of them from under my feet. They are trembling also, because this addressing is not easy. Such a one who has control, has the power to say, “Be!” and it comes in existence. Because Allah Almighty is never going to occupy His Mighty Oneness for such a thing that has no value.

O Salafi `ulamas! Marhaban! What's the news? Good news! Say to me how you are walking, how you are running, how you are looking, how you are speaking, how you are hearing, how you are thinking, and how you are trying to learn and to know? Say! It is a grant from Heavens or you have that by yourself? Say! You are claiming that you are teaching people. Teach them about themselves. How is a seed opening in the Earth and getting up? With which One's power are trees going to give their flowers? Say! How is Mankind running from east to west, from north to south? Say!

O Mankind!

••••• ••• ••• •••• •••• ••••• •••••• •••••••

Atahsabu annaka jirmun sagheer wa feeka intawa al-`alam al-kabeer, "You think you are a small particle, but within you is folded a larger world."

Like Sayyidina `Ali (r), a great `alim! SubhaanAllah.Give lights to people. Take them from darkness, take them from doubts and give them certainty. People are like this and like that (uncertain). Give them! Take from them doubt and give them certainty to know Who is controlling Creation and with Whose command

every creature is coming into existence!! Each human is an independent being through the universe! Mankind now is saying about the huge distances for the universe, that from here to there the speed of light needs one-billion years. But they are not understanding the real creation, Mankind. Who created Mankind and why making distances so that no one can calculate its years, its distances?

•• ••• •••• ••• ••• •••

Man `arafa nafsah faqad `arafa Rabbah, “Who knows himself, knows his Lord.”

Learn about yourself before asking about your Creator’s haqeeqat, Essence. Try to learn about yourself and leave that, because you can't move more than your limit to understand insaan, Mankind. He is the representative of the Creator of all Creation, when he is here (on this planet).

Why are they not explaining to people about the honor, the importance, the limits, and the kamaal (perfection), Perfection Oceans that have been granted to Man? Say! So that when you are knowing about yourself, you are going to bow (Mawlana Shaykh bows in ruku`) to Allah Almighty, not five times, but you are going to bow your forehead for the Lord of Creation up to the end, up to the end, up to Eternity. Eternity is a word that no one can understand; the real being of Eternity. Eternity gives real refreshment to people's hearts, to be happy and joyful. Such happiness and such countless Pleasure Oceans are opening to them. Allah Almighty is not in need of those oceans, no. All Creation is for His servants that have the honor to be mansoob, related (to Him as) His Creation. It is enough to be in existence! Therefore, everything is enjoying and everything is in enjoyment because they are in existence.

O Salafi `ulamas! Make people to wake up! It is not important to add numbers of raka`ats or faraa'id, obligations. It is so simple, small ones may know and learn this, but most important is the way that is carrying people to the Divinely Presence. And the ghayah is to reach Divinely Presence, and beyond that aim, you can't find any other aim, to reach the Heavenly Presence of the Lord of Heavens. SubhaanAllah. Azaliyyun-abadiyyun, from pre-Eternal up to Eternity, “Eternity for you, O My representatives in Creation." Allahu Akbar. Allahu Akbar!

Every cruelty and every ignorance is making people to be blind and making people to run in darkness. O Salafi `Ulamas! What did prophets bring? Say! What did they bring? Do you think that they were bringing that tray, as the disciples of Jesus Christ (a) were asking? Is that all the limits of their minds is asking from

such a big prophet, whose creation was miraculous from beginning up to end? Are you asking, "O Jesus, do you think that Who sent you to us may send us a tray?" What is that? Where are the Companions and where are the disciples of Jesus Christ? Where are their levels? Were the Companions (Mawlana Shaykh stands and sits) asking from the Seal of Prophets (s) at any time, "Yaa Rasoolullah! Do you think your Lord may send us a tray from Heavens?" Where is that nation around Sayyidina `Isa (a)? And look at the Sahaaba, Companions of the Seal of Prophets (s)! Why are you not saying, O Salafi `ulamas, doctors of Shari`ah and shaykhs of al-Azhar ash-Shareef? Why are you not making that point clear? And you are only saying that Allah Almighty sent to the disciples a tray with eleven kinds of food on it.

That was their material bodies' desires. They were not knowing what spiritual desires are. They are not reaching that. And you also, why are you not? All nations now are asking for a tray from Heavens for them. And we Muslims, ummat ul-Habeeb, are also asking. There is no other aim or desire for us except asking for trays for ourselves to enjoy our physical beings!! Why are you not making it clear to people? What were the disciples of Jesus Christ asking? And which Companions of the Seal of Prophet's asked, "Yaa Rasoolullah, pray for trays to come down for us!” If saying that, and the Seal of Prophets was asking, there would come trays up to the Day of Resurrection! But no one was asking for that, as their understanding was of the highest level. Instead, they were putting stones, and no one was asking, “Yaa Rasoolullah, pray to your Lord to send us trays of something to eat." That is the difference between the nation of Jesus Christ (a) and the nation of the Seal of Prophets (s).

But people are mostly occupied with themselves. Wahabi people have no minds; they are not understanding. I am not addressing to them, but I am addressing to Salafi `ulamas. Why are they not making clear to people such subjects, to make people wake up to take as much as possible before the Day of Resurrection? When the trumpet is blown, then finished! Or when our souls are getting out (of our bodies) that chance and everything is finished!

•• ••• ••••• ••••• •••• •• •• •••••

inna min husnu Islama 'l-mar'u tarkahu maa laa y`aneeh, From the proper Islam of a person, to leave alone what is not his business. (Narrated by Ahmad.)

Now mostly the ummah of the Seal of Prophets (s) is occupied with maa laa y`aneeh, something that is not

important for here or Hereafter, maa laa y`aneeh, something that is not necessary or giving any benefit to people! That is important, but say something about how Shaytan is directing learned people that are heedless ones, and they are not asking someone to take away heedlessness from them. Rather, they are saying, “We know everything!” but they are not knowing anything. May Allah forgive us.

People! Come and listen. We must listen and we must try to do our best for our Lord, Almighty Allah. O our Lord! Forgive us, and we ask for someone to come to wake us up from heedlessness before the Day of Judgment, the Day of Resurrection, to know and to be in the Divine Presence in pleasure and in lights. O our Lord, forgive us and send from Your endless Mercy Oceans for correcting our ways to Your Divine Presence.

Fatihah.

(42 minutes.) Thank you.

(Sultan prays two raka'ats Salat ash-Shukr.)

Fatihah.

**The Qutub Of Ceylon**

---

Don't fear. Don't go to any doctor. Hakim, Doctor... Recite this Holy Name in fajr prayer. In the "Huwa Allahu Alladhi", there is "Al-`Azizu-l Hakim" (59:24). He (swt) is the Doctor and the All-Wise.

As-Salamu Alaikum O sincere servants of Allah! Welcome to you. May our assembly be joyful. May our hearts be filled with Nur. May our bodies be charged with wellness. May we be charged with faith. This is what we want. May we be charged with faith.

As-Salamu Alaikum, O servants of Allah. We are weak servants. Glorifying our Lord is obligatory upon obligatory. Glorifying our Glorified Prophet (sas) is Allah's Order. Allahu Akbar Allahu Akbar Allahu Akbar wa Lillahi-l Hamd. Salatu Salam on the Beloved also. O Glorious Prophet, may you intercede and show compassion for us. This may be a short sohbat. We want our assembly to resemble the assembly of Allah's clean servants. For this we first say Bismillahi r-Rahmani r-Rahim. We may recite the Holy Name of the Majestic Lord, Almighty Allah. We may say Bismillahi r-Rahmani r-Rahim that we receive strength. We may receive strength. Allah Almighty (swt) created us and He (swt) is teaching us about His Self. He (swt) is teaching us who we are.

Bismillahi r-Rahmani r-Rahim is the first wird of mankind. It means when he is speaking it is the first thing when he opens his mouth. He (swt) collected His three Holy Names in the Bismillah: Bismillahi r-Rahmani r-Rahim and presented it to His servants. He (swt) granted us from His Holy Names: Bismillahi r-Rahmani r-Rahim. O My Beloved! "Iqra' Bismi Rabbika Alladhi Khalaqa" (96:1). O My Beloved! Recite the Holy Name of Your Lord Who created you and the creation, the Bismillahi r-Rahmani r-Rahim and I grant you honour, I grant you power. I grant you paradise. I make you see My Jamal (beauty)". Say: Bismillahi r-Rahmani r-Rahim. O our

Lord, may You grant us strength. Masha Allah. Masha Allahu kan wa ma lam yasha'a lam yakun: What Allah Almighty wants happens and what He (swt) doesn't want doesn't happen. This is a short sohbat. It is an advice according to our understanding. What is advice? It is to teach adab. When you advise, you teach adab. We may make an illustration for Man: let us say Man is a tree like a sycamore tree. Can you put the sycamore tree in your home? No, you can't. But when you cut it, shape it, arrange it and give it a form it can even enter the assembly of Sultans. Can a sycamore tree or an oak tree enter straight to the presence of Sultan? No, it can't. But when it is disciplined it can enter the assembly of Sultans. And no one can say "Yahu, why did you bring this sycamore here?". Only its name is left as sycamore. It was disciplined and came after this to the assembly of Sultan. It stands in the presence of Sultan.

They brought the sycamore from the wild and they cut it. They cut it up, smoothed it, shaped it, adorned it, decorated it, polished it to make it look beautiful and it came to the presence of Sultan. Man has the attribute of wildness in his creation. He has the "wild" attribute. There are masters who can smooth and discipline that attribute. "`Allama-l Insana Ma Lam Ya`lam" (96:5) Allah Almighty teaches man what he knows not: how should you discipline it? How can a sycamore in the wild be disciplined? Ask its expert. Ask its expert. And there is also a famous tree. What is its name, my respectable son-in-law? Ebony tree. It is maybe the most widely accepted tree among all other trees: ebony tree. Its timber is the leading one, the most widely accepted one. Subhan Allah that tree does not grow just anywhere, Hj Mehmet. It doesn't grow everywhere but only in certain places, Sarandib. This tree grows in the island of Ceylon. (Sri Lanka). It is the place where our ancestor Adam set foot. I love that holy island of Ceylon. This tree grows in that place. I even remember that...

Allah made this poor servant go all around East to West. Shukur to my Lord Almighty. O holy one! O holy one! Shaykh Osman, the Qutub of Ceylon. His maqam was in the jungle. He is a big awliya. He is in the jungle, on the island of Ceylon. There are not many people who know about his grave. Later it was discovered and they built his turba, his mosque there. So the holy one came into view: Shaykh Osman, the Qutub of Ceylon; the awliya who rules the island of Ceylon. Other than the believers who come to his presence, Kings and Sultans also, all of them come to the leg end of his maqam and visit. They kiss the leg-side of his tomb. He is a majestic one. Many times he gave us permisson and made me read khutba there. I love him, that holy one. Shaykh

Osman, right? You also visited him. He is majestic. He is their commander. Even Kings come and stand like this. Even the Buddhist people come and visit him, tremble in front of him like this. He is majestic.
In that country, Subhan Allah. The municipality made a ceremony. The municipality's... The location of their country is like the edge of earth. I think they call it madar (orbit). Their municipality had a garden. There were beautiful trees there. It is the Wisdom of Allah, that there was a ceremony that took place and the one who was the vizier there invited this weak servant also. The one who was the ruler of the Muslim population, he loved us. May Allah grant him wellness if he is alive, may his level be high if he passed away. In that ceremony if there were people coming from outside they would have a tree planted in that garden. Subhan Allah they invited this poor one also, and they had me plant a tree. What was that tree? The ebony tree. Now maybe it has grown into a
magnificent tree that my arms can't embrace it. And it is written on it: This tree is the tree planted by a weak servant of Allah who came from such place. An ebony tree.
Look, from where to where? From where to where we came? It is not from our memory or not from the memories we keep in our head but it is from him who grants us from his memories; Shaykh Osman Hz, The Qutub of Ceylon. I love him, I have respect for him. I have respect for him, I show him high respect. To show respect for what should be respected is the glory of Muslim. Who don't know about respect are the animals. Who claims "I am" is an animal... Who declares his servanthood and keeps his adab is Man. That holy one, they found his maqam in the jungle. He informed people about himself, he revealed himself and the Kings of that place... What is their belief?
S.M. Buddhist?
M. Even the Buddhist ones would come and stand before him trembling. Look at his magnificence. O people! Where are you? Where are you? You wear fancy dresses; you wear uniforms, you wear imitated medals. And what do you become in the end? You become zero, you become earth. Even if they build buildings like the pyramids of Pharaohs on top of you (your grave), you won't be visited. Maybe who come to visit you built an astonishing building, so they come to see it: the pyramids: "What an astonishing building!" No one asks about the one inside it. Who will ask? The one in it, they opened his grave and looked: impossible to look at his face!

You can't look at his face. No one comes to visit that one. Open, open the (grave of) the wali servant of Allah.
And they opened in Sham Al-Sharif, the 500 year old Shaykh Hassan al-Jibawi Hz. I was present there. They opened his grave to take him out and move to another place. The people of Sham made this mistake. Let them hear it, they ask "why did this come to us?" Shaykh Hassan al-Jibawi Hz, 500 years old. When they opened his grave, a smell of roses came from him. He was laying with his shroud, for 500 years. They took him to another place. He was not willing to move from his place, Hassan al-Jibawi Hz. O scholars of Egypt, scholars of Sham, scholars of Islambol, scholars of India, did you know about this? No!. "You destroyed my house and may your houses be destroyed" he cursed them. They took him to an old turba, which was a little far away. He was not happy with it. He was turning like this on peoples' fingers, in the square. People didn't understand what it meant: he didn't want to go there! Finally the people of Sham took and put him there by force and he said"you destroyed my house, may your houses be destroyed".
Don't touch the awliya! It is not a joke! Be with adab. "I sought in the assembly of the wise ones. Knowledge comes the last; only adab, only adab". You can come near with adab. "Addabani Rabbi" said our Prophet (sas). I wish we had the strength to remain standing for him. The holy one, our Shaykh Sultan al-Awliya Hz had been there, resided there (Sham) for maybe 30 years. I met my Shaykh there and was in his service, Sultanul Awliya Hz. May Allah sanctify his secret. They are making me speak because of the power of his holy spirituality. Otherwise what do I know? I have no value. One day, after... They destroyed that building (Sh Jibawi's), made it ruins. I was passing through it and the children came to me running. It was a market area, they came and said: "Ya Shaykh! Ya Shaykh! O Shaykh, smell!" They brought me a handful of earth in their hands, Hj Mehmet. They made me smell it:a smell of rose. A smell of rose in his earth.

Why don't you be like this, O people! These are who are Men. Not even the earth touches them. They make the place where they are buried an enlightened place, a happy place. Allah!
He said to me "Bismillahi r-Rahmani r-Rahim. O son", my Shaykh Hz, "Be careful! Don't look for knowledge in the assembly of wise ones, look for adab". That is what the holy ones told me, may Allah sanctify his secret. May Allah sanctify their secrets. Tawba Ya Rabbi. O people of

Sham, say tawba! He can throw the tyrants off them instantly. If he wants, he can also build his turba again in the same location.
They are from the servants Allah loves. They are granted from the miracles of Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. There is no end or limit to the miracles in it, O son. Say it and take from its miracle: the Bismillah. Say Bismillahi r-Rahmani r-Rahim and take. All awliyas have it. All of them say it: "Show respect for our Lord, not for us. Recite a Bismillah in our presence and we dress on you a dress: we may dress you a dress of power, a dress of majesty, a dress of beauty, a dress of holiness, a dress of faith. We may dress on you a dress from Malakut". Allahu Akbar! Allahu Akbar Allahu Akbar. They are bringing cannons, that they will make a war. Leave it! Leave these cannons and weapons. What is presented to you by our Prophet who is the Sultan of Prophets, whose glory is high (sas)? He (swt) informed you where the power is. The power is in Bismillahi r-Rahmani r-Rahim.
They will fight each other until they come to their senses. When will they come to their senses? Whenever they say Bismillahi r-Rahmani r-Rahim, they come to their senses. How can a nation who is informed about the Bismillah accept the protection of unbelievers? I heard they sent cannons to protect us. May it explode on their heads. If we came to the situation where we are in need of the protection of unbelievers it means we have no value left anymore. The power is with us. Say Bismillahi r-Rahmani r-Rahim.
The French entered Sham. They entered Sham in the Second World War, in the Second World War that they were walking towards the city center. There was Mithat Pasha bazaar. Whole Sham ran away. Who left their homes, shops ran to Siti Zainab. May Allah raise her honour; our mother, our Sultan. So they ran away towards that side. GrandShaykh Hz didn't move. He sent everyone in the house. His house was up on the hill, so he was sitting and looking. Right where the Mithat Pasha bazaar is, you know it. So the French soldiers passed the Mithat Pasha bazaar, they are coming to enter this side. And GrandShaykh Hz is watching. He sent away his household also, saying "You go, don't stay here". GrandShaykh Hz was watching from upstairs. It was a residence of old times, that they destroyed also. He looked like this. With one look, the French soldiers came all the way till... There is the grave of Bahlul there. It is in this corner, the bakery is here and the square is this side.You know it. So they came till that place, the Mithat Pasha bazaar, that they will walk to... Which side is it? They will walk to the square.

Grand shaykh said "I was sitting like this. Suddenly I saw that, although they came all the way there they turned back and started running away like animals who are whipped". I said Bismillahi r-Rahmani r-Rahim. A castle appeared in front of them, a terrifying castle. They started running one after another. They couldn't go one step further. O holy ones! While you are present there, we want to be protected under the cannons of unbelievers? What did they bring? What do they call it? Missile. What power does a missile have? They say "it can burn, destroy. The missile can burn and destroy..." Is a missile better than us? Does it have the power we have? "I burn all the missiles in the world" said the holy one who is the qutub there. "I can burn. But since you seek help from the missiles, struggle then. Fight each other".
Astaghfirullah. Astaghfirullah. O Ghani Sultan. You are Subhan our Lord. Allahu Akbar Allahu Akbar Allahu Akbar. There is the sword of Allah. His sword can reach from East to West. We don't fear. Allahu Akbar. Bismillahi r-Rahmani r-Rahim. How beautiful. How beautiful. Our hearts find relief. There is no fear. They ran away fearing from the weapons of unbelievers? Why should you fear? Sham...When the corruptions appear the heavenly protection is in Sham. There is heavenly protection in Sham. Don't move! Allahu Akbar Allahu Akbar Allahu Akbar wa Lillahi-l Hamd.
O our Lord, forgive us O Allah. May You make us also from the servants who say Bismillahi r-Rahmani r-Rahim, Your Holy Name. O foolish ones! O Muslim World! Stop fighting each other and call: Bismillahi r-Rahmani r-Rahim. May You make holy ones reach to help us" If He (swt) sends even one, he can make all upside down. They will run screaming in the streets like wild animals. This is not Islam. They are not on the Way of Islam. Hasha. Enter the mosque and call: "O our Lord! We came to You. For the honour of Your believing servants, for the awliyas who love You, turn away these wild ones from us. May You submit us into the hands of Your sincere servants. The treasures of Heavens and Earths belong to You. You are Who feeds us. You are Who dresses us. You are Who gives happiness. You give victory. O our Lord, You are! Bismillahi r-Rahmani r-Rahim". Say it and your magnificence rises. Your magnificence rises. Allimna. O holy ones, teach us. We can't directly say "O Lord,teach us". No, no, no... The teaching for us is "Say Bismillahir r-Rahmani r-Rahim and walk". No need for anything else.
Bismillahir r-Rahmani r-Rahim. Bismillahir r-Rahmani r-Rahim. You don't need any soldiers, any weapons, any police or any zaptieh. Who grants is Allah Almighty. But they don't accept

Allah and scream in the streets like wild animals. Neither Companions nor others in later times did this. For this they will be whipped until they know and say Bismillahir r-Rahmani r-Rahim. O Lord, may You not make us forget the Bismillah. Bismillahir r-Rahmani r-Rahim. Bismillahir r-Rahmani r-Rahim. For the honour of our Prophet (sas), for the honour of Bismillahir r-Rahmani r-Rahim, may Sham open and the Sultan enter. It is enough. O holy one who is the Qutub Al-Mutasarrif, O the holy forty ones appointed in Sham, it is enough. Open the doors. You take over the rule and bring the Sultan. May the hearts of whole world tremble! Amin amin wa salamun ala-l mursalin, wa Alhamdulillahi Rabbi-l Alamin. We may say Bismillahir r-Rahmani r-Rahim. Bismillahir r-Rahmani r-Rahim. Bismillahir r-Rahmani r-Rahim.

You are Subhan, Sultan O our Lord. For the honour of the Beloved whom You love, the flags of Islam may rise. We want this. We are weak. We are weak but we can handle it. Not that we can't, we can. There are how many of them in Sham? With one sign he can make it all upside down. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Ya Rabbi.Our sohbat today is this, be charged with iman! Don't be loaded with guns but be loaded with faith! Allahu Akbar Akkahu Akbar. La ilaha illa Allah wa Allahu Akbar Allahu Akbar.
Look to this and say this. "Ya Ghaliban Ghayra Maghlub. Ya Ghaliban Ghayra Maghlub. Ya Ghaliban Ghayra Maghlub". Say this and march, there is no power that can stand against you. Point to a plane and it falls down. We need faith, no any other thing. Tawba Ya Rabbi, tawba... O Lord forgive us, for the honour of Your Beloved. We want the blessings of those servants who are respected in Your side. May Sham open. May Sultan comes. May the Sultan who understands Sham come. May our children be among them too, may we go to Sham also. May we not be from the drowned ones. Don't look to what is destroyed. Dunya is to be destroyed, not to remain as it is. Huu Huu Huu... Huu Huu Huu...
Ya Ghaliban Ghayra Maghlub. You know,for the honour of Your Beloved. We are not at a position to address Allah Almighty or His Prophet directly. But I'm calling to the servants who stand in the first level and who Allah loves. People are fearing now, there are rocks coming, coming to dunya. May rocks fall on your heads! They say "rocks come to dunya". Who threw the rock? Can the rock move by itself without someone throwing it? But there is no one who thinks. They say "rocks come to earth, from this distance" Since it is coming from such long distance, it

must have gotten tired so it will land on your heads! Wa min Allahu tawfiq. Ya Rabbi tawba Ya Rabbi. Al-Fatiha.
May you give us strength O holy one who is the Qutbul Mutasarrif, O Ashab al-Nawba. We can't even say anything to the Great Prophet, how about saying to Allah Almighty? Aman Ya Rabbi, Aman Ya Rabbi. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. They say it, show it in the shaytan box: wind scorpions rain. Wind scorpions, they are huge. If they bite a man, it is deadly. Know Allah, learn about Allah, glorify Allah. La ilaha illa Allah hasni wa man dakhala hasni amin min adhabi. La ilaha illa Allah is My castle. Bismillahi r-Rahmani r-Rahim is its crown. Who says it will be safe from My Wrath in dunya and in akhirah. O our Lord, our Subhan. Listen and take wisdom, if you do it is for your benefit. Who listens is in safety. Who doesn't listen will suffer. Aman Ya Rabbi. Let us say "Huuu". Fatiha.
When He (swt) makes wind scorpions rain, if He make scorpions rain, it is worse. He (swt) can make scorpions rain also, or wind scorpions. Why is this happening? Come to your senses. If your home one day fills with wind scorpions don't get surprised. You can't be saved without making sajda. O little man, missiles or any other weapon cannot save you. Tawba Ya Rabbi, tawba Astaghfirullah. We may also make tawba. For the honour of Bismillahi r-Rahmani r-Rahim O Lord, for the honour of Your Beloved's beautiful face, send us a Master. Make us be under the Heavenly protection of Bismillahi r-Rahmani r-Rahim. Fatiha.

Did you read for me Hj Mehmet? Scare them but don't you fear. There are seven holy ones in Istanbul, and one of them is your uncle. There is power on them. But they are all closed now. I may stand up for Shaykh Mehmet Effendi Hz, I may stand up. He kissed my hand and ran quickly. Allah bless you, may you be from the great men. May you be from those awliyas.

**Der Qutub von Ceylon**

Fürchtet euch nicht. Geht nicht zu irgendeinem Arzt. Hakim, Doktor... Rezitiert diesen Heiligen Namen im Fajr Gebet. Im "Huwa Allahu Alladhi", kommt "Al-`Azizu-l Hakim" vor (59:24). Er (swt) ist der Doktor und der All-Weise. As-Salamu Alaikum oh aufrichtige Diener Allahs! Seid willkommen. Möge eure Versammlung

freudig sein. Mögen unsere Herzen mit Nur gefüllt sein. Mögen unsere Körper mit Wohlbefinden aufgeladen werden. Mögen wir aufgeladen werden mit Glauben. Das ist es was wir wollen. Mögen wir mit Glauben aufgeladen werden. As-Salamu Alaikum, oh Diener Allahs. Wir sind schwache Diener. Euren Herrn zu preisen ist Pflicht über Pflicht. Unseren Gepriesenen Propheten (sas) zu preisen, ist Allahs Befehl. Allahu Akbar Allahu Akbar Allahu Akbar wa Lillahi-l Hamd. Salatu Salam auch auf den Geliebten. Oh Glorreicher Prophet, mögest du Fürsprache einlegen und Mitgefühl für uns zeigen. Dies kann eine kurze Sohbat sein. Wir wollen dass unsere Versammlung der Versammlung Allahs reiner Diener gleicht. Deswegen sagen wir zuerst Bismillahi r-Rahmani r-Rahim. Wir mögen den Heiligen Namen des Majestätischen Herrn, Allah des Allmächtigen, rezitieren. Wir mögen Bismillahi r-Rahmani r-Rahim sagen, so dass wir Kraft bekommen. Wir mögen Kraft erhalten. Allah der Allmächtige (swt) erschuf uns und Er (swt) lehrt uns über Sein Selbst. Er (swt) lehrt uns, wer wir sind. Bismillahi r-Rahmani r-Rahim ist das erste Wird der Menschheit. Das bedeutet, wenn er spricht ist es das erste, wenn er seinen Mund öffnet. Er (swt) sammelte Seine drei Heiligen Namen im Bismillah: Bismillahi r-Rahmani r-Rahim und präsentierte es Seinen Dienern. Er (swt) gab und von Seinen Heiligen Namen: Bismillahi r-Rahmani r-Rahim. Oh Mein Geliebter! "Iqra' Bismi Rabbika Alladhi Khalaqa" (96:1). Oh Mein Geliebter! Rezitiere den Heiligen Namen Deines Herrn, Der dich erschaffen hat und die Schöpfung, das Bismillahi r-Rahmani r-Rahim und Ich gebe dir Ehre, Ich gebe dir Macht. Ich gewähre dir das Paradies. Ich lasse Dich Mein Jamal (Schönheit) sehen." Sagt: Bismillahi r-Rahmani r-Rahim. Oh unser Herr, mögest Du uns Kraft geben. Masha Allah. Masha Allahu kan wa ma lam yasha'a lam yakun: Was Allah der Allmächtige will, passiert und was Er (swt) nicht will, passiert nicht. Dies ist eine kurze Sohbat. Es ist ein Ratschlag gemäß unseres Verstehens. Was ist ein Ratschlag? Es ist das Lehren von Adab. Wenn du etwas rätst, lehrst du Adab. Wir veranschaulichen es für die Menschen: lasst uns sagen der Mensch ist ein Baum, wie eine Platane. Kannst du die Platane in dein Haus stellen? Nein, kannst du nicht. Aber wenn du sie fällst, sägst, ordnest und eine Form gibst, kann sie sogar die Versammlung eines Sultans betreten. Kann eine Platane oder eine Eiche direkt in die Präsenz eines Sultans treten? Nein, kann sie nicht. Aber wenn sie diszipliniert wird kann sie die Versammlung der Sultane betreten. Und niemand kann sagen, "Yahu, warum hast du diese Platane hergebracht?" Nur der Name bleibt noch als Platane. Sie wurde diszipliniert und danach kam sie zur Versammlung des Sultans. Sie steht in der Gegenwart des Sultans. Sie brachten die Platane aus der Wildnis und sie fällten sie. Sie zersägten sie, hobelten sie, glätteten sie, verzierten sie, dekorierten sie, polierten sie damit sie schön aussah und sie kam in die Gegenwart des Sultans. Der Mensch hat die Eigenschaft der Wildheit in seiner Erschaffung. Er hat die "wilde" Eigenschaft. Es gibt Meister, die

diese Eigenschaft glätten und disziplinieren können. "`Allama-l Insana Ma Lam Ya`lam" (96:5) Allah der Allmächtige lehrt den Menschen, was er nicht weiß: wie soll er diszipliniert werden? Wie kann eine wilde Platane diszipliniert werden? Frag ihren Experten. Fragt den Experten. Und es gibt noch einen berühmten Baum. Was ist sein Name, mein respektierter Schwiegersohn? Ebenholz. Er ist vielleicht der am meisten akzeptierte Baum unter allen Bäumen: Ebenholz. Sein Holz ist das führende, das am meisten verbreitete akzeptierte. Subhan Allah dieser Baum wächst nicht einfach irgendwo, Hj Mehmet. Er wächst nicht irgendwo, sondern nur an bestimmten Plätzen, Sarandib. Dieser Baum wächst auf der Insel Ceylon (Sri Lanka). Es ist der Ort wo unser Urahn Adam seinen Fuß hinsetzte. Ich liebe diese heilige Insel Ceylon. Dieser Baum wächst an diesem Ort. Ich erinnere mich sogar, das... Allah ließ diesen armen Diener überallhin von Ost bis West gehen. Shukur meinem Allmächtigen Herrn. Oh Heiliger! Oh Heiliger! Sheikh Osman, der Qutub von Ceylon. Sein Maqam war im Dschungel. Er ist ein großer Auliya. Er ist im Dschungel, auf der Insel Ceylon. Es gibt nicht viele Leute, die von seinem Grab wissen. Später wurde es gefunden und sie bauten seine Turba, seine Moschee dort. Also kam der Heilige in Sicht: Sheikh Osman, der Qutub von Ceylon; Der Auliya der die Insel Ceylon regiert. Ander als die Gläubige die in seine Gegenwart kommen, Könige und Sultane ebenfalls, sie alle kommen zur Fußseite seines Maqams und besuchen es. Sie küssen die Fußseite des Maqam und besuchen ihn. Viele Male gab er uns Erlaubnis und ließ mich dort die Khutba lesen. Ich liebe ihn, diesen Heiligen. Sheikh Osman, richtig? Du hast ihn auch besucht. Er ist majestätisch. Er ist ihr Kommandant. Sogar Könige kommen und stehen so. Selbst die Buddhisten kommen und besuchen ihn, zittern so vor ihm. Er ist majestätisch. In diesem Land, Subhan Allah. Die Gemeinde hat eine Zeremonie gemacht. Die Gemeinde... Die Lage ihres Landes ist wie der Rand der Erde. Ich glaube sie nennen es Madar (Orbit). Ihre Gemeinde hatte einen Garten. Dort waren wunderschöne Bäume. Es ist Allahs Weisheit, dass es dort eine Zeremonie gab die stattfand und derjenige, der dort Wesir war, diesen armen Diener auch einlud. Derjenige der der Herrscher der Muslimischen Bevölkerung war, er liebte uns. Möge Allah ihm Wohlbefinden geben wenn er am Leben ist, möge seine Stufe hoch sein wenn er verschieden ist. In dieser Zeremonie wurde, wenn Leute von außerhalb kamen, von ihnen ein Baum in dem Garten gepflanzt. Subhan Allah sie luden auch diesem Armen ein, und sie ließen mich einen Baum pflanzen. Was war das für ein Baum? Das Ebenholz. Vielleicht ist er jetzt zu einem so großartigen Baum gewachsen, dass meine Arme ihn nicht umschließen können. Und auf ihm steht geschrieben: Dieser Baum ist der Baum der von einem schwachen Diener Allahs gepflanzt wurde, der von solch einem Ort kam. Ein Ebenholz-Baum. Schaut, von wo bis wo? Von wo bis wo kamen wir? Es ist nicht von unseren Erinnerungen oder von den Erinnerungen, die wir in unserem Kopf

behalten, sondern es kommt von ihm, der uns von seinen Erinnerungen gibt: Sheikh Osman Hz, der Qutub von Ceylon. Ich liebe ihn, ich habe Respekt für ihn. Ich habe Respekt für ihn, ich zeige ihm hohen Respekt. Respekt für das zu zeigen, was respektiert werden soll ist die Glorie des Muslim. Wer nichts von Respekt weiß sind die Tiere. Wer behauptet "Ich bin" ist ein Tier... Wer seine Dienerschaft erklärt und seinen Adab einhält, ist ein Mensch. Dieser Heilige, sie fanden sein Maqam im Dschungel. Er informierte über sich, er zeigte sich und die Könige dieses Ortes... Was ist ihr Glaube? S.M. Buddhistisch? M.Selbst die Buddhisten kamen und standen zitternd vor ihm. Schaut auf diese Großartigkeit. Oh Leute! Wo seid ihr? Wo seid ihr? Ihr tragt modische Kleider, ihr tragt Uniformen, ihr tragt nachgemachte Medaillen. Und was werdet ihr letztendlich? Ihr werdet eine Null, ihr werdet zu Erde. Selbst wenn sie auf euch (euer Grab) Gebäude bauen wie die Pyramiden der Pharaos werdet ihr nicht besucht werden. Vielleicht bauten diejenigen, die euch besuchen, besuchten, ein erstaunliches Gebäude, so dass sie kommen um es zu sehen: die Pyramiden: "Welch erstaunliche Gebäude!" Niemand fragt nach dem der darin ist. Wer wird fragen? Der darin, sie öffneten sein Grab und schauten: unmöglich, sein Gesicht anzuschauen! Man kann sein Gesicht nicht ansehen. Niemand kommt, um denjenigen zu besuchen. Öffnet, öffnet (das Grab) die Wali Diener Allahs. Und sie öffneten in Sham Al-Sharif den 500 Jahre alten Sheikh Hassan al-Jibawi Hz. Ich war dabei. Sie öffneten sein Grab um ihn hinauszunehmen und an einen anderen Ort zu bringen. Die Leute von Sham machten diesen Fehler. Lasst sie es hören, sie fragen "Warum ist dies über uns gekommen?" Sheikh Hassan al-Jibawi Hz, 500 Jahre alt. Als sie sein Grab öffneten, kam ein Duft nach Rosen von ihm. Er lag mit seinem Leichentuch für 500 Jahre. Sie brachten ihn an einen anderen Ort. Er war nicht gewillt, seinen Ort zu verlassen, Hassan al-Jibawi Hz. Oh Gelehrte Ägyptens, Gelehrte von Sham, Gelehrte von Islambol, Gelehrte Indiens, wusstet ihr davon? Nein! "Ihr habt mein Haus zerstört, mögen eure Häuser zerstört werden" verfluchte er sie. Sie brachten ihn in eine alte Turba, die etwas weiter weg war. Er war nicht glücklich damit. Er drehte sich so in den Fingern der Leute, auf dem Platz. Die Leute verstanden nicht, was es bedeutete: er wollte nicht dorthin gehen! Schließlich nahmen die Leute von Sham ihn und brachten ihn mit Gewalt dorthin und er sagte "Ihr habt mein Haus zerstört, mögen eure Häuser zerstört werden!" Berührt die Auliya nicht! Es ist kein Scherz! Seid mit Adab. "Ich forschte in der Versammlung der Weisen. Wissen kommt als Letztes; nur Adab, nur Adab." Ihr könnt euch mit Adab nähern. "Addabani Rabbi" sagte unser Prophet (sas). Ich wünschte wir hätten die Kraft, für ihn stehen zu bleiben. Der Heilige, unser Sheikh Sultan al-Auliya Hz war dort, lebte dort (in Sham) für vielleicht 30 Jahre. Ich traf meinen Sheikh dort und war in seinem Dienst, Sultanul Auliya Hz möge Allah sein Geheimnis heiligen. Sie lassen mich sprechen wegen der Macht seiner heiligen Spiritualität. Was weiß

ich sonst? Ich habe keinen Wert. Einen Tag, nachdem... Sie zerstörten das Gebäude (Sh Jibawis), machten eine Ruine daraus. Ich ging daran vorbei und die Kinder kamen zu mir gerannt. Es war ein Maktplatz, sie kamen und sagten "Ya Sheikh! Ya Sheikh! Oh Sheikh, riech!" Sie brachten mir eine Handvoll Erde in ihren Händen, Hj Mehmet. Sie ließen mich riechen: ein Duft von Rosen. Ein Duft von Rosen in der Erde. Warum seid ihr nicht so, oh Leute! Dies sind diejenigen die Menschen sind. Nicht einmal die Erde berührt sie. Sie machen dein Platz wo sie begraben sind zu einem erleuchteten Platz, einem glücklichen Platz. Allah! Er sagte zu mir "Bismillahi r-Rahmani r-Rahim. Oh Sohn", mein Sheikh Hz, "Sei vorsichtig! Suche nicht nach Wissen in der Versammlung der Weisen, suche nach Adab." Das ist es was die Heiligen mir sagten, möge Allah ihr Geheimnis heiligen. Möge Allah ihre Geheimnisse heiligen. Tawba Ya Rabbi. Oh Leute von Sham, sagt Tawba! Er kann die Tyrannen sofort von ihnen wegwerfen. Wenn er will kann er auch seine Turba an demselben Ort wieder aufbauen. Sie sind von den Dienern die Allah liebt. Ihnen wurde von den Wundern des Bismillahi r-Rahmani r-Rahim gegeben. Bismillahi r-Rahmani r-Rahim Es gibt kein Ende oder keine Grenze der Wunder darin, oh Sohn. Sagt es und nehmt von seinen Wundern: das Bismillah. Sagt Bismillahi r-Rahmani r-Rahim und nehmt. Alle Auliya haben es. Alle von ihnen sagen es: "Zeigt Respekt für unseren Herrn, nicht für uns. Rezitiert das Bismillah in unserer Gegenwart und wir kleiden euch in ein Gewand: wir können euch in ein Gewand der Macht kleiden, ein Gewand der Majestät, ein Gewand der Schönheit, ein Gewand der Heiligkeit, ein Gewand des Glaubens. Wie können euch in ein Gewand der Malakut kleiden." Allahu Akbar! Allahu Akbar. Allahu Akbar. Sie bringen Kanonen, so dass sie einen Krieg machen werden. Lasst es! Lasst diese Kanonen und Waffen. Was wird euch von unserem Propheten, der Sultan der Propheten, dessen Ehre hoch ist (sas), präsentiert? Er informierte euch darüber wo die Macht ist. Die Macht liegt in Bismillahi r-Rahmani r-Rahim. Sie werden einander bekämpfen, bis sie zu Verstand kommen. Wann werden sie zu Verstand kommen? Wann immer sie Bismillahi r-Rahmani r-Rahim sagen, kommen sie zu Verstand. Wie kann ein Volk, das über das Bismillah Bescheid weiß, den Schutz von Ungläubigen akzeptieren? Ich hörte dass sie Kanonen schickten um uns zu beschützen. Mögen sie auf ihren Köpfen explodieren. Wenn wir in eine Lage gerieten, in der wir den Schutz der Ungläubigen benötigen, heißt das dass wir keinen Wert mehr haben. Die Macht ist mit uns. Sagt Bismillahi r-Rahmani r-Rahim. Die Franzosen sind in Sham eingetroffen. Sie haben Sham im Zweiten Weltkrieg betreten, im Zweiten Weltkrieg als sie Richtung Stadtzentrum marschierten. Dort war der Mithat Pasha Bazar. Ganz Sham rannte davon. Wer seine Häuser verließ, seine Geschäfte, rannte zu Siti Zainab. Möge Allah ihre Ehre erhöhen, unsere Mutter unser

Sultan. So rannten sie davon in diese Richtung. Großsheikh Hz bewegte sich nicht. Sie schickten alle ins Haus. Sein Haus war auf dem Hügel, also saß er und schaute. Genau dort wo der Mithat Pasha Bazar ist, ihr kennt es. Also gehen die Französischen Soldaten am Mithat Pasha Bazar vorbei, sie kommen um an dieser Seite hineinzugehen. Und Großsheikh Hz schaut zu. Sie schickten auch seinen Haushalt fort, sagten, "Geht ihr, bleibt nicht hier." Großsheikh Hz sah von oben zu. Es war ein Wohnsitz aus alter Zeit, den sie auch zerstörten. Er schaute so. Mit einem Blick kamen die Französischen Soldaten den ganzen Weg bis... Dort ist das Grab von Bahlul. Es ist an dieser Ecke, die Bäckerei ist dort und der Platz ist auf dieser Seite. Du kennst es. Also kamen sie bis zu diesem Platz, dem Mithat Pasha Bazar, zu dem sie laufen wollten... Welche Seite ist es? Sie wollten zum Platz laufen. Großsheikh sagte "Ich saß so da. Plötzlich sah ich, dass sie, obwohl sie den ganzen Weg hergekommen waren, sich umdrehten und begannen, davon zu laufen wie gepeitschte Tiere." Ich sagte Bismillahi r-Rahmani r-Rahim. Ein Schloss erschien vor ihnen, ein furchterregendes Schloss. Sie begannen, einer nach dem anderen, zu rennen. Sie konnten nicht einen Schritt weitergehen. Oh Heilige! Während ihr anwesend seid, wollen wir Schutz unter den Kanonen der Ungläubigen? Was haben sie gebracht? Wie nennen sie es? Raketen. Welche Kraft hat eine Rakete? Sie sagen "Sie kann zerstören, verbrennen. Die Rakete kann verbrennen und zerstören..." Ist eine Rakete besser als wir? Hat sie die Macht die wir haben? "Ich verbrennen alle Raketen auf der Welt" sagt der Heilige, der dort im Qutub ist. "Ich kann verbrennen. Aber ihr sucht Hilfe in den Raketen, also quält euch ab. Bekämpft einander." Astaghfirullah. Astaghfirullah. O Ghani Sultan. Du bist Subhan unser Herr. Allahu Akbar. Allahu Akbar. Allahu Akbar. Dort ist das Schwert Allahs. Sein Schwert kann von Ost bis West reichen. Wir haben keine Furcht. Allahu Akbar. Bismillahi r-Rahmani r-Rahim. Wie wunderbar. Wie wunderbar. Unsere Herzen finden Erleichterung. Es gibt keine Furcht. Sie rannten davon, die Waffen der Ungläubigen fürchtend? Warum sollt ihr euch fürchten? Sham... wenn das Verderben in Erscheinung tritt, ist der himmlische Schutz in Sham. Es gibt himmlischen Schutz in Sham. Bewegt euch nicht! Allahu Akbar Allahu Akbar Allahu Akbar wa Lillahi-l Hamd. Oh unser Herr, vergib uns oh Allah. Mögest Du uns auch von den Dienern sein lassen, sie Bismillahi r-Rahmani r-Rahim sagen, Deinen Heiligen Namen. Oh Dummköpfe! Oh Muslimische Welt! Hört auf, einander zu bekämpfen und ruft: "Bismillahi r-Rahmani r-Rahim. Mögest Du Heilige sein lassen, die uns erreichen um uns zu helfen." Wenn Er nur einen schickt, kann er alles umkehren. Sie werden schreiend wie Tiere in den Straßen laufen. Das ist nicht Islam. Sie sind nicht auf dem Weg des Islam. Hasha. Betretet die Moschee und ruft "Oh unser Herr! Wir sind zu Dir gekommen. Zu Ehren Deiner gläubigen Diener, für die Auliyas die Dich lieben, wende diese Wilden ab von uns. Mögest Du uns in die Hände Deiner aufrichtigen Diener geben. Die

Schätze der Himmel und der Erde gehören Dir. Du bist es Der uns ernährt. Du bist es Der uns kleidet. Du bist es Der uns Glückseligkeit gibt. Du gibst Triumph. Oh unser Herr, Du bist! Bismillahi r-Rahmani r-Rahim". Sag es und eure Herrlichkeit erhöht sich. Eure Herrlichkeit erhöht sich. Allimna. Oh Heilige, lehrt uns. Wir können nicht direkt sagen, "Oh Herr, lehre uns". Nein, nein, nein... Die Lehre für uns ist "Sag Bismillahi r-Rahmani r-Rahim und geh". Man braucht sonst nichts. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Ihr braucht keine Soldaten, keine Waffen, keine Polizei oder Kontrolleinheiten. Wer gibt ist Allah der Allmächtige. Aber sie akzeptieren Allah nicht und schreien in den Straßen wie wilde Tiere. Weder Gefährten noch andere in späteren Zeiten taten dies. Deshalb werden sie gepeitscht werden bis sie es wissen und Bismillahi r-Rahmani r-Rahim sagen. Oh Herr, mögest Du uns das Bismillahi nicht vergessen lassen. Bismillahir r-Rahmani r-Rahim. Bismillahir r-Rahmani r-Rahim. Zu Ehren unseres Propheten (sas), zu Ehren des Bismillahir r-Rahmani r-Rahim, möge Sham sich öffnen und der Sultan einziehen. Es ist genug. Oh Heiliger, der der Qutub Al-Mutasarrif ist, oh ihr vierzig Heiligen die ihr in Sham eingesetzt seid, es ist genug. Öffnet die Türen. Ihr übernehmt die Herrschaft und bringt den Sultan. Mögen die Herzen der ganzen Welt zittern! Amin amin wa salamun ala-l mursalin, wa Alhamdulillahi Rabbi-l Alamin. Wir mögen Bismillahir r-Rahmani r-Rahim sagen. Bismillahir r-Rahmani r-Rahim. Bismillahir r-Rahmani r-Rahim. Du bist Subhan, Sultan oh unser Herr. Zu Ehren des Geliebten den Du liebst, die Flagge des Islam möge aufsteigen. Das wollen wir. Wir sind schwach. Wir sind schwach aber wir können damit umgehen. Nicht dass wir nicht könnten, wir können. Wieviele von ihnen sind in Sham? Mit einem Zeichen kann er alles auf den Kopf stellen. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Ya Rabbi. Das ist unsere heutige Sohbat, seid aufgeladen mit Iman! Seid nicht mit Gewehren geladen sondern mit Glauben! Allahu Akbar Allahu Akbar. La ilaha illa Allah wa Allahu Akbar Allahu Akbar. Schaut dahin und sagt dies. "Ya Ghaliban Ghayra Maghlub. Ya Ghaliban Ghayra Maghlub. Ya Ghaliban Ghayra Maghlub." Sagt dies und marschiert, es gibt keine Kraft die euch standhalten kann. Zeigt auf ein Flugzeug und es stürzt herunter. Wir brauchen Glauben, nichts sonst. Tawba Ya Rabbi, tawba... Oh Herr vergib uns, zu Ehren Deines Geliebten. Wir wollen den Segen dieser Diener, die auf Deiner Seite respektiert sind. Möge Sham sich öffnen. Mögen Sultane kommen. Möge der Sultan, der Sham versteht, kommen. Mögen unsere Kinder unter ihnen sein, mögen wir auch nach Sham gehen. Mögen wir nicht von denen sein, die ertrinken. Schaut nicht darauf, was zerstört wurde. Die Dunya wird zerstört werden, wird nicht so bleiben wie sie ist. Huu Huu Huu... Huu Huu Huu... Ya Ghaliban Ghayra Maghlub. Du weißt, zu Ehren Deines Geliebten. Wir sind nicht in der Position, Allah den Allmächtigen oder Seinen Propheten direkt anzusprechen. Aber ich rufe die Diener an, die auf der ersten Stufe stehen und die

Allah liebt. Die Leute haben jetzt Angst, Felsen kommen, kommen auf die Dunya. Mögen Felsen auf ihre Köpfe fallen! Sie sagen "Felsen kommen zur Dunya". Wer warf den Felsen? Kann der Felsen sich selbst bewegen ohne dass ihn jemand wirft? Aber es gibt niemanden der nachdenkt. Sie sagen "Felsen kommen von der Erde, aus dieser Distanz". Wenn er aus solch einer Distanz kommt, muss er so müde geworden sein dass er auf euren Köpfen landen wird! Wa mi Allahu tawfiq. Ya Rabbi tawba Ya Rabbi. Al-Fatiha. Mögest Du uns Kraft geben, oh Heiliger des Qutbul Mutasarrif, O Ashab al-Nawba. Wir können nicht einmal etwas zu dem Großen Propheten sagen, wie sollen wir dann etwas zu Allah dem Allm. sagen? Aman Ya Rabbi, Aman Ya Rabbi, Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. Sie sagen es, zeigen es in Shaytans Box: Es regnet Walzenspinnen. Walzenspinnen (Verwandte d. Skorpions), sie sind riesig. Wenn sie einen Mann beißen ist es tödlich. Kennt Allah, lernt über Allah, preist Allah. La ilaha illa Allah hasni wa man dakhala hasni amin min adhabi. La ilaha illa Allah ist Mein Schloss. Bismillahi r-Rahmani r-Rahim ist seine Krone. Wer es sagt wir vor Meinem Zorn in Dunya und in Akhirat geschützt sein. Oh unser Herr, unser Subhan. Hört zu und nehmt Weisheit, es ist zu eurem Besten wenn ihr es tut. Wer zuhört ist in Sicherheit. Wer nicht zuhört wird leiden. Aman Ya Rabbi. Lasst uns "Huuu" sagen. Fatiha. Wenn Er (swt) Walzenspinnen regnen lässt, falls Er (swt) Skorpione regnen lässt ist es schlimmer. Er (swt) kann auch Skorpione regnen lassen, oder Walzenspinnen. Warum geschieht das? Kommt zu euren Sinnen. Wenn euer Haus eines Tages mit Walzenspinnen gefüllt ist, seid nicht überrascht. Ihr könnt nicht gerettet werden ohne Sajda. Oh kleiner Mann, Raketen oder andere Waffen können dich nicht retten. Tawba Ya Rabbi, tawba Astaghfirullah. Auch wir machen tawba. Zu Ehren des Bismillahi r-Rahmani r-Rahim. Oh Herr, zu Ehren des schönen Gesichts Deines Geliebten, schicke uns einen Meister. Lass uns unter dem Himmlischen Schutz des Bismillahi r-Rahmani r-Rahim sein. Fatiha. Hast du für mich gelesen, Hj Mehmet? Erschreck sie, aber du fürchte dich nicht. Es gibt sieben Heilige in Istanbul, und einer von ihnen ist dein Onkel. Es liegt Kraft auf ihnen. Aber nun sind sie alle verschlossen. Ich kann aufstehen für Sheikh Mehmet Efendi Hz, Ich darf aufstehen. Er küsste meine Hand und rannte schnell weg. Allah segne dich, mögest du von den großen Männern sein. Mögest du von diesen Auliya sein.

# "RabbunAllah, HasbunAllah"

(dt.: AtomwaffenSindKinderspielzeuge)

As-salaamu `alaykum `ibaadAllah. (Mawlana Shaykh stands) As-salaat wa 's-salaaam `alaa Sayyidina Muhammad wa `alaa aalihi wa sahbihi wa sallam wa `ala jamee`i 'l-anbiya wa 'l-mursaleen wa man tabi`ahum bi-ihsaanin ila yawmi 'd-deen. (Mawlana Shaykh sits)

O People! Hamdanlillah. O our Attenders! We are giving our most high glorifying to our Lord, Almighty Allah, and salutes and glorifying to His most beloved deputy, Sayyidi 'l-Awwaleen wa 'l-Akhireen, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Everything must be under the title of Bismillahi 'r-Rahmani 'r-Raheem. We are saying, Bismillahi 'r-Rahmani 'r-Raheem, and a`oodhu billahi min ash-Shaytaani 'r-rajeem.

O People! Run away from Shaytan! It is the best day, Jumu`ah, here and Hereafter. If you are asking for happiness here and Hereafter, keep respect for Jumu`ah.

O People! I am a weak one. Today I am coming here for Jumu`ah prayers, alhamdulillah. I am looking that people are attending Jumu`ah and running to dhikr. I am only giving a short advice today as they are sending

to me. First of all, I am sitting here and two words have just been granted to me. SubhaanAllah, the whole dunya is now under a heavy pressure or condition, among people and among each other. And from the Heavens, there are atharu ghadab, signs of anger, from the Lord of Heavens.

O People! How can we be in safety? I am just sitting here and it is coming to my heart to say this very easily. It is a hadeeth an-nabawiyyatu 'sh-shareefa, and all of the Children of Adam must listen because everyone is under a very heavy condition or heavy pressure! Coming under their feet are volcanoes and hurricanes, and don't think that hurricanes are only coming to America! Everything is going to be by heavenly order, "Go there and take them away!" Now people are trembling. Why? There may be an earthquake, no one knows if there may be a flood carrying everything away. There may be a hurricane and that is more difficult and more terrible, coming and taking everything. Now people are also afraid anywhere there are volcanoes. If people are under heavy fear from nuclear bombs, what is that? That is as a toy for children (compared to what Allah Almighty can send on them)! (Mawlana Shaykh laughs) A hurricane may come on a nuclear reactor and take them away. SubhaanAllah. Allah! Allahu Akbar! Allahu Akbar! HasbunAllah, RabbunAllah. HasbunAllah, RabbunAllah. HasbunAllah, RabbunAllah. (Mawlana Shaykh stands and sits) Laa ilaaha illa-Llah. Subhaan Sen. Sultaan Sen.

Ayyuhal `ulamas! Arab `ulamas, Hind `ulamas, Yemen `ulamas,Sham `ulamas, Baghdad `ulamas, Egypt `ulamas, Libya `ulamas! Hear, O `ulamas! I am not saying "Salafi `ulamas" now, finished! `Ulamas! I am trying to be rabbani, but I am weak. I am trying to follow them.

O People! Try to follow rabbaaniyeen, those who belong to the Lord of Heavens! Mashaa-Allah, mashaa-Allah. Grant us, yaa rijaalAllah! And I am speaking two words to all the people of the world. That is the wasiya, advice of the Seal of Prophets (s)!

SubhaanAllah! How this has come to me? I am not thinking on it, because everyone is asking for protection and the Seal of Prophets (s) is giving that to people. How can it be? Kaana Rasool salaat was salaam `alay, kaana ar-rasool salawaatullah wa salaamahu `alayh, maa naqatu wa raghu ibn `amuhu Sayyidina `Abbas. Hadeeth shareef, it is through our `ulamas, that Rasoolullah (s), (Mawlana Shaykh stands and sits) was ready and saying, "O my cousin! You are asking to be under Divine Protection here and Hereafter. Ahfizhillah yahfazhak, ‘Keep Allah, Allah keeps you.’ Kullu 'l-`uloom hunaak, ‘Every knowledge is here.’ Keep Allah

Almighty's high respect! Be respectful to Allah and Allah will protect you here and Hereafter. Don't worry! Finished!”

O `ulamas! Say this to your people throughout the east and west. O Christians! Say this to the chief ones, the Holy Pope! I am asking him to translate what I am saying, if it is true or not. If it is true, they must say to their nations, "O People! Keep the right way, safe way, clean way. You must leave this lifestyle that you are living now, as it is the worst. If you are asking to be in safety here and Hereafter, keep high respect for your Lord, Allah Almighty.” Allahu Akbar. (Mawlana Shaykh stands and sits)

Ayyuhal patriarchs and also the holy one, chief rabbi! If I am saying anything wrong, say, "Shaykh is speaking wrong." What is written in the Old Testament and New Testament? What is it teaching people? All holy books are teaching, "O People! Always be respectful and obedient in the Divinely Presence. Obedient ones will be saved, and for disobedient ones, there is only fear here and Hereafter."

This, I think, waaridun min as-samaa, divinely inspiration just reached to my heart. Can anyone say anything about this? It can't be! It can't be! All religions are calling people and all prophets were calling people: "O People! Be obedient servants for the Lord of Heavens and you will have a sweet life here and an Eternal Life there. Keep respect for your Lord and try to be obedient servants, and beware of being disobedient! Every trouble, azaab, every kind of punishment will come on those people who are disobedient!"

O Learned People! You must listen to this and you must try to make your people obedient servants! If you are insisting to be disobedient, you will always be in a fearful life. When punishment is coming to you, you will be in fear, and there will be no sweet life for them. But those who are obedient ones are sleeping, and never thinking that an earthquake might come on them, or a flood, fire or hurricane, as it will never touch them.

O People! Keep this advice. You know I am trying to be obedient and you are trying to be obedient ones. Don't leave disobedient ones to be your rulers; this is also very important. O Mankind! Don't leave disobedient ones and unbelievers to be your rulers. If you are in fear of them, you must say,

RabbunAllah HasbunAllah. RabbunAllah HasbunAllah.
RabbunAllah HasbunAllah. RabbunAllah HasbunAllah.
RabbunAllah HasbunAllah. RabbunAllah HasbunAllah.

RabbunAllah HasbunAllah. RabbunAllah HasbunAllah.

If all the people living, for example, in a country, were to say, RabbunAllah HasbunAllah, their tyrants must come down! If ahl 'ush-shaam (people of Damascus) are saying, RabbunAllah HasbunAllah, RabbunAllah HasbunAllah, RabbunAllah HasbunAllah, RabbunAllah HasbunAllah, RabbunAllah HasbunAllah, RabbunAllah HasbunAllah for forty days, that jabbaar, tyrant will come down! If ahlu 'l-Iraq (people of Iraq) are saying, RabbunAllah HasbunAllah, RabbunAllah HasbunAllah, RabbunAllah HasbunAllah; in forty days it shall be changed. If ahlu 'fars (people of Persia) are saying RabbunAllah HasbunAllah, RabbunAllah HasbunAllah, RabbunAllah HasbunAllah, Allah will change it in forty days, everywhere!

O People! We are giving you such a power that no one can expect! This power is over their nuclear powers! Yaa Rabbee, shukr. If Turks are also asking to be in safety and to remove jabaabira, tyrants, the whole nation must say:

RabbunAllah HasbunAllah. RabbunAllah HasbunAllah.
RabbunAllah HasbunAllah. RabbunAllah HasbunAllah.
RabbunAllah HasbunAllah. RabbunAllah HasbunAllah.
RabbunAllah HasbunAllah. RabbunAllah HasbunAllah.

Ay Rabbimiz! Anta `alam bi haalana, “O our Lord! You are fully aware of our state.”

Yaa musabbib al-haal wa 'l-ahwaal qawwiyy da`fana hatta nakoon mujtahideen fee ta`atika wa `ibadatik, “O Sender of Causes! Strengthen our weakness until we become hard workers in Your obedience and Your worship.”

Yaa Rabbi 'l-`izzat wa 'l-`azhamat bi jaahi nabbiyina, nabi ar-rahmah, Sayyidi 'l-Awwaleen wa ’l-Akhireen, bi hurmati 'l-Fatihah.

## Raabitah: Connect Your Heart

(Mawlana Shaykh stands.)

Dastoor ya RijaalAllah. Bismillahi 'r-Rahmaani 'r-Raheem. Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! O our Lord, we are praying and asking forgiveness. We are praying and asking Your blessings. O our Lord, grant us for the honor of the most honored one through Your Divine Presence, Sayyidina Muhammad (s). Allah zidhu `izzan wa sharafan wa nooran wa surooran, give him more and more and more, endlessly more. Alfu salaat, alfu salaam ya Rasoolullah, ya HabeebAllah. Ya Sultan al-Awliya, ashfa` lana, we are asking your intercession that we can save ourselves here and Hereafter. (Mawlana Shaykh sits.)

As-salaamu `alaykum ya `ibaadullah! Also I am saying to the master of our planet, Qutb az-Zamaan, the pole of this planet, and sending our humble respects to him and asking humbly support from his side to a weak servant for the Lord of Heavens, the Lord of Creation, the Lord of whole creatures! Then as-salaamu `alaykum our listeners! Who is coming from heart, entering to heart. Who is coming from our tongues, reaching to tongues and disappearing. Therefore, you must ask humbly that you should be granted by the Seal of Prophets (s) an understanding. If you are not asking understanding then we have been left to our very weak creation. What we can hear and what we can keep through our minds is according to be a servant

imprisoned in himself. That is going to be like a battery: the power that going to be through that instrument, when battery finishing that instrument dying.

Therefore, we are in need to reach a connection through one of heavenly masters, not to leave our batteries to finish. Their names are in holy books and in Holy Qur'an they are waasileen, means whom they reached real source that is never ending, they are not using that time battery, no. Who reached to heavenly power station and from that stations a line to their hearts, is waasileen, connected people. Now billions of people are living on this planet, but perhaps you can find some handful people that they should be waasileen, who are reaching heavenly power stations.

Therefore, we are in need... Huuu... to reach one station, one power station through heavenly levels. Dastoor ya RijaalAllah! And power of a person who reaching first level, that weakest position when getting second level, getting more powerful, third more powerful, fourth, fifth, sixth, and (at) seventh, full power reaching those people whom they have reached heavenly power stations and they are not in need to use batteries, finished!

O Mankind! If you are asking for reaching heavenly connection, you must ask, "Who can take my hand and taking me to that authorized one and making a connection finished?" Weakest one that he has a connection, if whole learned people bringing their knowledge besides his heavenly knowledge, going to be like a spot through an ocean, yes. That is a beginning for tonight’s association. Therefore, it is forbidden who are authorized to address people not to look from books, taking, no! But they have been granted a heavenly attribute that with that he may reach one of heavenly ones. And we are in need of such a knowledge now, because what people they are knowing now, they can't reach with this knowledge to reach first level of heavens. They must reach waasileen, whom they reached first level of heavens; that is raabitah, connection from heart to hearts. So many ignorant people are denying reality of raabitah! They are under zero, ignorant ones. Not after zero, under zero! No levels for who are denying raabitah.

Raabitah proving who reaching that connection, teaching or giving them a reality, that through raabitah you may reach heavenly levels. You can't reach by Concorde planes and you can't reach by rockets, no. Rockets going up but can’t reach a connection with anything and coming back. Connection only going to be through same-quality ones. Man making a raabitah connection with heavenly beings because we have spirituality and

we have souls. That souls belongs to the heavens; you can't touch it (because) no mass for them reaching.

Therefore, people whom they are using raabitah, asking a connection through their souls and through heavenly beings, they reached and raabitah is okay. But so many ignorant ones they are trying to deny. When you are denying raabitah you are denying prophecy, because every prophet must reach to angel of wahiyy, revelation. Without that raabitah, that connection that you can't touch it and you can’t see it, it is impossible to be on Earth a holy one! Whole holy ones must have a connection to heavenly beings, but it is not through their physical being, no. If you are asking to reach somewhere with your physical being by asking a raabitah from here up to moon, for example, you can't do that, you may going to be like ashes, physical being burning. If it is not burning, you can't reach that raabitah connection, because our physical beings are material beings from elements of this planet, and they are not in need such a being or its connection, its raabita to heavenly beings.

Raabitah from both sides must be on same quality. Man can’t be in raabitah with an angel because Man's manifestation is something, and angels' creation another kind. But Man has been granted from heavens such a power. That it is our souls, never belonging to material beings. That may connect our souls, may connect to an angel, but never our physical being going to be in connection. Even prophets, even the Seal of Prophet (s), when revelation coming, he was leaving his physical being and his original heavenly being was coming in raabitah, or can't carry (the revelation). This body can't carry, it will be burnt.

Therefore in Islam, raabitah is one of the most important realities and also most difficult for understanding.

••• •••••••• ••••••••• ••••••• ••••••••• •••••••••••• •••••••••••• •••••••••••• •••••• •••••••••••• ••••••••••••

Ya ayyuha 'lladheena aamanoo asbiroo wa saabiroo wa raabitoo w 'ataqullaha la`alakum tuflihoon. O ye who believe! Persevere in patience and constancy; vie in such perseverance; strengthen each other; and fear Allah. that ye may prosper. (Surat Aali-`Imraan, 3:200)

That is a holy command for raabitah. How they are denying raabitah? Holy Qur'an saying to use raabitah. Now we are sitting together and we are not in need a raabita when we are sitting face-to-face, but when you are absent how you can reach? To an absent being how our physical being going to reach that one? Can’t carry. We must then use our spirit being that belongs to heavens, that raabita. That is an important point that thousands of `ulama are not reaching to give an understanding or definition on it.

Therefore, as-salaamu `alaykum listeners! Don’t listen to me, I know nothing, but spirituality that it is a grant from heavens just trained through seclusions. Through seclusions may do our physical being to leave that power that it belongs to heavens and standing there like a rock, and our heavenly being just reaching there, that reaching. I saw yesterday a newspaper. It is their imagination, they said that one biggest telescope are reaching to some stars that distance from here or from our galaxy to that high stars and galaxies how long distance. I am surprising they are saying 15 billion light years, tawba astagfirullah! You understand it taking only eight minutes, seven minutes and light they are saying from sun up to here that distance that they are speaking on it 15 billion light years. Oh, oh. Either those people must be something wrong through their heads, or what is that? How they are reaching? They are cheating people.

If a person has a wisdom, through himself he may understand that huge distances are possible; we are not saying impossible, but possible. I am only objecting on that one's report and saying they are not knowing behind Sun that its lights coming here in seven minutes. They are unable to know behind sun what happening and it is so close to our Earth, only five or six minutes. How you are saying 15 billion light years distance? You are saying something, doesn’t matter. That showing `azhaamat il-khaaliq - the greatness of the Creator, because if they are reporting 15 billion light years, beyond that may be not billion, but trillion years' distance. If reaching there, you can reach another distance from that may be 1000 quadrillion light years!

Allahu akbar, Allahu akbar for reaching, but they are on wrong way, making that research not true, because our physical being never making a raabitah to stars. Only your soul that belong to heavens, through that you can reach such a distances and you are not in need 15 billion or 100 trillion or 1000 quadrillion light years, no! It is only ship shack. That raabitah that our learned people never understanding is something else, because their knowledge only through lines of books, and they can't get out from that lines. How they can reach through their mindly powers to such a distance? It is impossible, but our souls that belong to heavens in an eye-blink may be such a distance, passing through more and more!

O People! Try to understand something. What saying newspapers? Giving such a news that our minds can't carry, but our souls saying, "Yes, why not?" Because they haven’t any connection, heavenly connection nothing; they are always choosing material beings and its possibilities, and nothing else. But reality of raabitah most important thing through religions, and now our ignorant doctors or ignorant learned people

are saying, "No raabitah, no raabitah." How you are living on Earth and Allah saying. They are understanding Arabic? If not understanding, looking (to) their translations a little bit can give understanding.

Allah Allah. I am sorry to disturb you, but what we can do? Allah Allah, Subhan Allah. Allah Allah, Sultan Allah. If no raabitah connection from Earth to heavens, you are nothing, nothing knowing, nothing seeing, nothing hearing, and nothing understanding! La hawla wa la quwatta illa billahi 'l-`Aliyyi 'l-`Azheem. Allah Allah, Sultan Allah. `Azhamatu Rabbuna Jalla Jalaaluhu!

What we are saying is only one little spot from endless Power Oceans, qudratu ilaahi, Power Oceans for the Lord of Heavens. Don't use your mind, use your souls to be mu'min! By reading books you can't reach anything! Books only showing you how you can reach a raabitah, a connection through your heavenly being and if heavenly being not coming with your physical being, you are understanding nothing. Allahu akbar.

Ya Rabbee! You know we know nothing and we may say You are happy!

Dome dome dome dome

O People! O our listeners! Shanlik, (shining) in a dark night countless stars giving their lights and people coming and looking, and they are changing from being asking to reach to their real being. To reach that, such a things that we are saying, no, it is so beautiful! If an opening coming, our minds a little bit only for understanding around ourselves, but our soul's limits every time going to be more and more shanlik (shining). Sometimes like Christians are doing New Year's night fireworks and people making like this. When reaching with your soul beyond material being, oh, oh, so, so beautiful! Because you are running into Beauty Oceans! You can't imagine! That is barakah of raabitah! Don’t object on raabitah; it is the most important key for opening the secret treasures of heavens. Those people who are asking to reach something through space, we are asking dominions of oceans. What is space? Space is nothing! This whole our space, our universe going to be like a spot!

O People! Come and listen. Come and think on it. May Allah forgive us, and grant us a real faith for understanding.

Dome dome dome 4x

Fatihah.

They know to close it. Shukran. (335,000 viewers) As He likes; doesn’t matter. Even one hearing, doesn’t matter, it is good.

("Jewels Oceans," says Shaykh Adnan, praising the talk.)

I am speaking as a translator, as they make me to speak.

("This is the first opening on raabitah," says Shaykh Adnan.)

Without raabitah a man dies. Thank you! They like it? Salaam to Shaykh Hisham.

# Die Rache deines Herrn ist hart

(Engl.: VengenceOfYourLord)

Die Worte der Einheit, des Tawhid, 1000x La ilaha illa Allah. 1000x Salawat, Dalailu l-Khayrat und der Glorreiche Quran. Und mehr, am Tag.. im Monat des Rajab al Murajjab, dem gesegneten Monat Allahs (swt). Und es ist notwendig, Tawba zu sagen. Astaghfirullahu l-Azim wa Atubu ilayh. Wenn möglich, 70 - 700x zu rezitieren. Es wird die Ummah sehr schnell erleichtern mit Allahs (swt) Erlaubnis. Alle Sorgen werden von ihnen genommen werden, weil dies ein gesegneter Monat ist. Und er ist bezogen auf Allah (jwa). Es kam dieser Monat, er ist gesegnet mit Herrlichkeit. Göttlicher Herrlichkeit. Nicht irgendeine Herrlichkeit, sondern in diesem Jahr kam der Monat Rajab mit Göttlicher Herrlichkeit! Und wenn ein Monat mit Göttlicher Herrlichkeit beginnt,bedeutet das, daß der Herr der Himmel und Erde Seine (swt) Rache übt an denen, die die Diener Allahs (swt) töten ohne Grund und ohne Recht! Der Herr der Majestät wird Seine Rache üben an diesen Leuten.
Er (swt) gab einen Befehl, den ersten Befehl seit des Beginns dieses gesegneten Monats. Der Himmlische Befehl an die Leute der Erde, und besonders an die Muslimische Welt, eine Ansprache, eine Himmlische Ansprache lautet: 'Hört auf zu töten! Sonst "Inna Batsha Rabbika Lashadidun" (85:12) Er (swt) übt Rache! An denen, die nicht aufhören zu töten, wird Allah (awj) Rache üben. Das ist der erste Befehl, der am Abend

des gesegneten Monats Rajab al Murajjab gegeben wurde. Ihr Leute, hört auf zu töten, im allgemeinen, besonders an die Muslime gerichtet. Muslime, hört auf zu töten. Sonst wird der Herr der Himmel an euch Rache üben. Und Er (swt) warnt euch, und Haqq (swt) sagt: Fürwahr, die Rache eueres Herrn ist hart. (85:12) Möge Allah (swt) uns erhalten. Hört auf, beendet das Töten, sonst kommt sofort auf euch eine Rache! Eine harte Strafe von den Himmeln für alle Nationen. Er (swt) wird Rache üben! Subhanallah! Tubna wa Raja'na ilayk ya Rabbana! Tubna wa Raja'na ilayk ya Rabbana! Tub alayna ya Rabbana, Tub alayna ya Tawwab! Tub alayna ya Tawwab! Unterstütze uns mit Himmlischer Unterstützung, Herr der Himmel und der Erden. O unser Herr, um Deines großzügigen Propheten (saws) willen, Sayyidi l-Awwalin wa l-Akhirin, unterstütze uns mit Himmlischer Unterstützung. Wenn diese Tyrannen auf der Erde nicht aufhören, wenn sie nicht aufhören, wird eine schwere Strafe auf sie kommen. "Inna Batsha Rabbika Lashadidun" (85:12). Ich warne euch, Muslime. Ich bin ein schwacher Diener. Ich habe diese Warnung ausgesprochen vom Inhaber der Warnungen. Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! O unser Herr, gewähre uns Unterstützung von den Himmeln um Deines (swt) großzügigen Propheten (saws) willen. Fatiha.

Hört auf mit dem Töten und stellt die Situation zwischen euch richtig, Muslime, das ist der Befehl Allahs (swt). Und es ist ein Göttliches Dekret von den Himmeln. Stellt die Situation zwischen euch richtig. Das ist ein Befehl. Wenn ihr aufhörtet und das Töten laßt um Allahs (swt) Befehl willen, werdet ihr gerettet. Sonst 'Fürwahr, die Rache eures Herrn ist hart.' (85:12) Ein Schlag wird kommen, der nicht zurückgenommen werden kann, nie! Allah (swt) wird Seine Rache nehmen. "Inna Allahu Azizun Dhul-Intiqam." Aman ya Rabbi, tawba ya Rabbi. Ihr Leute, bereut vor Allah (swt) mit wahrer Reue, das wird euch retten. Fatiha. Diese Ansprache ist eine Himmlische Ansprache. Hört ihr zu und nehmt Weisheit an, weil wenn ihr Weisheit annehmt, ist euch das von Nutzen. Es nützt euch. Bismillahi r-Rahmani r-Rahim. Dies ist die erste Erklärung von den Befehlen der Himmel an die Leute auf der Erde im allgemeinen und besonders für die Muslime. Und ihr Könige, erhebt euch und steht ein für die machtvolle Shariat Allahs (swt). Sonst werdet ihr es bereuen und dann wird es euch nichts nützen. Versammelt euch um den Sultan, den Khalifa der Muslime auf Erden in unseren Tagen. Der angezeigte ist der König Abdullah, der König von Jordanien, der letzte der Hashemitischen Kinder. Die Hashemiten haben das meiste Recht, Sultan und Khalifa zu sein. Ich habe ihm mehrfach öffentlich Bayat, den Treueeid, gegeben. O Leute, bewegt euch, gebt ihm euer Bayat, und ihr werdet gerettet in dieser Welt und im Jenseits. Sonst habt ihr nirgends einen sicheren Platz, wo ihr Zuflucht findet. Man kann sich nirgendwo hinwenden außer an den Propheten (saws). Allahu Akbaru l-Akbar! Tawba ya

Rabbi, tawba. Ihr Leute in Ägypten, seid weise. Ihr Leute in Lybien, ihr Leute im Irak, ihr Leute in Sham, ihr Leute im Jemen, muslimische Welt, wacht auf und schaut auf die Worte Allahs (swt). Hört zu und nehmt Weisheit an. Wenn ihr Weisheit annehmt, wird euch das nützen. Allahu Akbaru l-Akbar! Ya Rabbi, Tawba ya Rabb. Tawba ya Rabbi, Tawba Astaghfirullah. Fatiha.
Hört auf zu kämpfen! O Mein Diener, sagt es ihnen. - O meine Nation, Astaghfirullah für mich und für euch und für die Gläubigen. Ya Rabbi Tub alayna Ya Tawwab, Tub alayna Ya Tawwab! Tub alayna ya Tawwab! Bittet um wahres Tawba, wahre Reue. Sagt 'Astaghfirullahu l-Azim wa Atubu ilayhi' 70x bis 700x jeden Tag, und ihr werdet vor den Flüchen dieser Welt und vor der Strafe des Jenseits gestraft werden. O Diener des Herrn, seid gehorsam und dem Herrn der Welten und Seinem Geliebten (saws) treu ergeben. Fatiha. Ihr Gelehrten der muslimischen Welt, gebt diese Erklärung ab, die von den Himmeln an die Leute der Erde gerichtet ist. Sie kommt am Beginn von Allahs (swt) Monats, dem Rajabu l-Murajjab. Der Monat Allahs (swt). Stellt euere Bedingung richtig und haltet euch auf der geraden Linie und haltet inne an eueren Grenzen, andernfalls wird Reue euch auch keinen Nutzen bringen. Wenn ihr nicht bereut und euch euerem Herrn Allah (jwa) wieder zuwendet, Tubna wa Raja'na ilayk ya Rabbana. Und haltet die 5 Gebete ein, und gebt an Zakat, was Allah der Allmächtige euch befohlen hat, und Sadaqa und richtet all euere Bemühungen darauf, Gutes zu tun. Häuft nicht den Reichtum dieser Welt an, sondern gebt von dieser Welt den Bedürftigen. Seid barmherzig mit denen, die auf der Erde sind, damit ihr in den Himmeln Barmherzigkeit erfahret. Allahu Akbaru l-Akbar! Fatiha.

# RACIAL EQUALITY

The different forms of mankind and different colours are according to different places and living areas, Allah Almighty is making suitable for their lives. White people, if they are going to live on the equator or in such countries, they can't be white, they must change. The conditions are never giving a chance for white-coloured people to live in African, in Asian, on the equator countries, because they are not powerful enough to carry the conditions of the equator. Allah created coloured people in that area to be suitable for the life conditions there, not to make them down by their colours. Also, white people are living near to the poles - in those areas the colour black is not suitable. Therefore, Allah Almighty is giving them white colour. If coloured people are living a long time on those areas, their generations also must change, are going to be changed, and so on. Everywhere Allah Almighty is giving a special colour, a special structure, to be suitable for their lives in that area.

Colours are not a reason for mankind to be more evolved or to give them more respect through their colours. No. No religion is saying this, but those who are changing their religion, their beliefs, they are doing coloured people down and white people up. Islam is saying, no - all people must be respected by being from human nature, not to be respected by their colours. No more should there be respect for white people because they are white and no respect for coloured people because they are not white people - Islam is saying no. Islam is

saying Allah Almighty is never looking to the colour of people or the outward appearance. You are carrying that this is beautiful, that is ugly, that is white, that is black; but Allah Almighty is looking to all His servants through their hearts, not through their forms or their colours or their shapes. You must understand Islam's highness. Maybe the Prophet is saying even a coloured person may be a sultan, a white person may be a servant - it is normal, it is all right.

Important for the deeds of mankind in the divine presence are their intentions, not their outward shapes - to say that is white, that is coloured, that is English, that is German, that is Arab, that is Turk. In the divine presence your deeds are important - if they are good or bad, not your colour, not your nationality, even not your beliefs; but your intentions through your beliefs and your intentions through your deeds. Allah Almighty is looking to your intentions and to your deeds and punishing or rewarding. Beware of the divine justice, O people. Don't cheat yourself or others with nonsense teachings, with nonsense sayings, with nonsense theories. Beware of the divine revenge.

Geht nicht hinaus ohne euer Haar zu bedecken. Geht nicht mit Männern, die nicht mit euch verwandt sind. Sonst werdet ihr bestraft. Zieht euch nicht schick an und schmückt euch nicht wenn ihr hinausgeht. Bescheidene, keusche Frauen schmücken sich nicht und gehen dann hinaus auf die Straße.

Bewegt/Wiegt eure Hüften nicht, wenn ihr geht! Und geht nicht allein hinaus. Sagt nicht, 'Ich habe einen Freund!' Und Jungen sollen nicht sagen, dass sie Freundinnen haben, oder sie werden impotent - beide werden nutzlos sein, das Mädchen und der Junge. Seid damit auch vorsichtig. Salamullahi Alaikum. **Rajab Shahrullah**

(Dt.: RajabSharullahDt)

...is Rajab-Month of Allah. We are waiting for it's tajalli/manifestation. We will see, with what kind of tajalli the power will come. The power will come for sure. Won't let them get away. Allah Almighty will not let them get away with their ill-mannered doings. The power is coming. O Beloved, pride & honour of whole Creation, Muhammad Mustafa (sas) Salawat.
S.B. Allahumma Salli ala Sayyidina Muhammad.
May these troubles go away from us. Allah Allah. Allah Allah. I am looking at this, this is Baytullah. It's tajalli is different.
S.B. Totally different.
M. O Nation of Muhammad (sas), good tidings. The arriving of the month of Rajab al Murajjab, Shahru-llah al-Muazzam. It is tomorrow night. It is coming with majesty. Because of that majesty, who is against the Muslims won't be able to hold guns in their hands. All of them will be destroyed. All will run away. All will perish, not knowing where they will find refuge. It is Sham al Sharif. A person who doesn't keep the respect of Sham, can't be there. It's Sultan will come, Sham al Sharif. Rajab-Shahrullah/ month of Allah (jwa) is coming with majesty.

I desire to be present there, in that Sham al Sharif as well. I want that I may live there & it's earth may accept me. Sham al Sharif, land of awliya & anbiyas. Ah, Sham. Ah, Sham. Ah, Sham. It is the land Allah Almighty loves. Divine Glance comes upon Sham al Sharif.

May that Divine Glance come upon us as well, I desire. O nation of Muhammad, mubarak. May the Month of Rajab be mubarak, that it is the month of Allah. May the Muslims have no fear. The tajallis of Allah Almighty's Power & Glory will start, will appear starting from tomorrow night. Who are against Islam will disappear, whether they are 1 or 70 sects. This month is coming with Magnificience, who are against Islam may beware.

O Muslims, show respect for this month. It is Rajab, the month of Allah, show respect. Glorify it, welcome it, so that you also become under the Divine protection of Allah. If not, all will perish. Not even one remains. Who are against Sham, who oppress in Sham, all of them will completely disappear. Rajab Shahrullah is coming with majesty. Coming with an azim/great majesty. It is an astonishing majesty, on it. It rises tomorrow evening. It rises tomorrow morning, Rajab Shahrullah. Allah Allah! People won't be able to hold guns because of the fear coming to their hearts from it's majesty. They will get out! Sham Shariff opens in this Rajab Shahrullah.

Allah will not prove me a liar, nor will His Glorious Prophet prove me a liar. This will happen. I am a person who is even lower than an ant. But there is this good tiding- Sham. Rajab is coming with majesty. Coming with a Heavenly Majesty, tomorrow night. They may beware, who hold guns in their hands against Islam may drop that gun & retreat. If not, they are responsible for what comes on their heads in this world. And they will be smashed in the torment of akhirat as well.

Aman Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. O Nation of Muhammad, may Rajab Shahrullah be mubarak for you. O people of Sham, Rajab ul Murajjab be mubarak for you. Don't you fear. Tomorrow morning, tadharru' & make dua. Don't go out making demonstrations. Sit with Allah & be with Allah at all times and make your munajat. Allah is the "muqallib al qulub/changer of the hearts". Allah Almighty is who has the Power/ Qudrat in His hand, He will change. Repent, make tawba for your doings. Their men also ran to the sins & rebelled to Allah in Sham. And their women also opened up. That is why this violence came on them, because they did things Allah is not pleased with! Because they didn't keep Allah's order & not keep

Sultan. Sham wants Sultan. This foolishness; that they collect people from markets, bazaars & say "this is president, this is minister", can't be!

Religion of Islam is High, it is the Order of Allah. Beware, the Sultan who will keep Allah's Order is coming. Pledge your allegiance to that Sultan. That Sultan is the last representative of Hashemite, Ahl ul Bayt; who has the power in his hand, King Abdullah- His Royal Highness. Follow him. He will make it all clean until Ramadan, Sham & all the other neighboring countries. As-Salamu Alaikum, O Ummat al Habib. Be careful with your prayers, be careful with salatu salam (of Prophet). Don't hold guns in your hand! There are angels from Heavens to protect us, for Sham al Sharif. There are guards around Sham al Sharif. There is Budala, Nujaba, Nuqaba. There are awliyas & group of jinns. There is a separate group of guards for Sham. Believe! Believe so that you can be saved. Don't rely on the gun in your hands. Rely on Allah Almighty. Have faith in the words His Beloved (sas) said, so that you can find safety. No harm touches you. Whoever wants to do harm, he will not survive the night.

Pay attention O people of Sham, and people living in it's territories- Hama, Homs, Aleppo, Deir ez-Zur, Lattakia. Wherever they are, the people of Islam, beware: "'Inna Batsha Rabbika Lashadidun" (85:12). You are Arabs, you understand. If you suffer the Wrath of Allah Almighty Batsha/Grip is severe. "'Inna Batsha Rabbika Lashadidun" (85:12). Beware, may we all beware. Tawba Ya Rabbi, tawba Astaghfirullah.

May You forgive us, O Allah. May You send from Your holy servants who will show us the way. May we be in safety/salamat, upon the Holy Prophet (sas) & his holy words. May You make us safe, for the honour of your Beloved (sas). May You also not cut our share/naseeb from Sham.

Wa min Allah at-tawfiq. As-Salamu Alaikum, O people of Sham. As-Salamu Alaikum, O bilad/territories of Sham. Beware of tyranny! O residents/suqqan of Syria. If not, "'Inna Batsha Rabbika Lashadidun" comes on you. A severity descending from Heavens come on you & make you scattered. Your cannons, planes, battleships become of no use. All your armies become useless. Beware. We are all Allah's servants. May Allah's servants keep each other. May they show respect to Allah & show mercy to His servants.

Fatiha. Wa min Allah at-tawfiq.

**Rajab Shahrullah**

(Engl.: RajabSharullah)

Rajab ist der Monat Allahs. Wir warten auf seine Tajalli. Wir werden sehen, mit welcher Art Tajalli die Macht kommt. Die Macht wird mit Sicherheit kommen. Sie werden nicht davonkommen. Allah der Allmächtige wird sie nicht davonkommen lassen mit ihren üblen Taten. Muhammad Mustafa (saws) ist der Stolz der gesamten Schöpfung. Salawat. S.B: Allahumma Salli ala Sayyidina Muhammad. M: Mögen diese Schwierigkeiten sich von uns entfernen. Allah Allah, Allah Allah. Ich schaue das an, das ist Baytilullah. Seine Tajalli sind anders. S. B: Vollkommen anders. M: O Nation Muhammads (saws). Der Monat Rajab al Murajjab, Shahrullah al-Muazzam, ist morgen Nacht. Er kommt mit Majestät. Wegen dieser Majestät werden die, die gegen die Muslime sind, nicht in der Lage sein, ihre Gewehre zu halten. Sie werden alle vernichtet. Alle werden weglaufen. All werden gehen, ohne zu wissen, wo sie Unterschlupf finden.
Es ist Sham al Sharif. Jemand, der den Respekt vor Sham nicht bewahrt, kann sich dort nicht aufhalten. Sein Sultan kommt, Sham al Sharif. Rajab, Shahrullah (jwa) kommt mit Majestät. Ich wünsche mir, dort in Sham al Sharif bereit zu stehen. Ich möchte dort leben, möge das Land mich annehmen. Sham al Sharif, das Land der Awliya und Anbiya. Ah, Sham. Ah, Sham. Ah, Sham. Es ist das Land, das Allah der Allmächtige liebt. Sein Himmlischer Blick fällt darauf. Der Himmlische Blick Shams mag auch auf uns fallen. O Nation

Muhammads, Mubarak! Möge der Monat Rajab mubarak sein. Es ist der Monat Allahs (swt). Mögen die Muslime keine Furcht haben. Die Tajalli der Macht und Herrlichkeit Allahs des Allmächtigen werden beginnen zu erscheinen von morgen Nacht an. Die gegen den Islam sind, werden verschwinden, wo immer sie sind, 1 oder 70 Sekten. Dieser Monat kommt mit Pracht. Wer gegen den Islam ist, hüte sich. O Muslime, zollt diesem Monat Respekt. Es ist Rajab, der Monat Allahs, zollt ihm Respekt. Preist ihn, heißt ihn willkommen, so daß ihr auch unter den Göttlichen Schutz Allahs (swt) kommt. Sonst wird alles zu Grunde gehen. Auch nicht einer bleibt. Wer gegen Sham ist, wer in Sham unterdrückt, sie alle werden vollkommen verschwinden. Rajab Shahrullah kommt mit Majestät. Er kommt mit Größe. Es ist eine erstaunliche Majestät. Sie erhebt sich morgen Abend. Er erhebt sich morgen früh, Rajab Shahrullah. Allah Allah! Die Leute werden ihre Gewehre nicht mehr halten können wegen der Furcht, die in ihre Herzen kommt, vor seiner Majestät. Sie werden herauskommen.

Sham Sharif öffnet sich in diesem Rajab Shahrullah. Allah wird mich nicht Lügen strafen, noch wird mich Sein glorreicher Prophet Lügen strafen. Dies wird geschehen. Ich bin jemand sogar noch tiefer als eine Ameise, aber es gibt gute Nachrichten. Rajab kommt mit Majestät. Er kommt mit einer Himmlischen Majestät, morgen Nacht. Sie sollen sich hüten, die Gewehre in der Hand haben gegen den Islam, sollen sie fallen lassen und sich zurückziehen. Sonst sind sie verantwortlich für das, was auf ihre Köpfe kommt in dieser Welt. Und sie werden auch unter der Pein der Akhirat zerschmettert. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. O Nation Muhammads, möge Rajab Shahrullah mubarak für dich sein. Leute von Sham, Rajab al Murajjab sei mubarak für euch. Habt keine Furcht. Morgen früh tadharru' und macht Dua. Geht nicht hinaus und demonstriert. Sitzt mit Allah (swt), seid mit Allah (swt) die ganze Zeit und macht euer munajat. Allah (swt) ist der "Muqallibu l-Qulub" - der Wandler der Herzen. Allah der Allmächtige hat die Macht - Qudrat. Er wird verändern. Bereut, macht Tawba für euere Taten. Ihre Männer liefen auch zu den Sünden und der Rebellion gegen Allah in Sham. Und ihre Frauen entblößten sich. Deshalb kam diese Gewalt auf sie, weil sie Dinge taten, die Allah (swt) nicht gefallen. Weil sie Allahs Befehl nicht einhielten und ihren Sultan nicht hielten. Sham will seinen Sultan. Diese Dummheit, daß sie Leute von den Märkten und Basaren einsammeln und sagen: Dieser ist Präsident, dieser ist Minister. Das kann nicht sein. Die Religion des Islam ist Groß. Es ist der Befehl Allahs (swt). Hütet euch, der Sultan, der Allahs (swt) Befehl einhält, kommt. Schwört diesem Sultan euere Treue, dem Sultan von Jordanien, dem letzten Vertreter der Hashemiten, Ahlu l-Bayt, der die Macht in der Hand hat, König Abdullah, Seine Königliche Hoheit. Folgt ihm. Er wird alles reinigen, Sham und all die benachbarten Länder.

As-Salamu Alaykum, Ummatu l-Habib. Seid achtsam mit eueren Gebeten. Seid achtsam mit Salatu Salam. Haltet keine Gewehre in der Hand. Es gibt Engel der Himmel, um uns zu beschützen, für Sham al Sharif. Es gibt Wächter um Sham al Sharif. Da ist Budala, Nujaba, Nukaba. Es gibt Awliya und Gruppen von Djinnen. Es gibt eine gesonderte Gruppe von Wächtern für Sham. Glaubt! Glaubt, damit ihr gerettet werden könnt. Verlaßt euch nicht auf das Gewehr in der Hand, verlaßt euch auf Allah (swt). Glaubt an die Worte Seines Geliebten (saws), daß ihr Sicherheit finden könnt. Wer immer Schaden anrichten will, wird die Nacht nicht überleben. Hütet euch und haltet euch zurück, ihr Leute von Sham, ihr Leute des Landes von Sham, Hamah, Hums, Halab, Ladhiqiyah. Wo immer sie sind, die Leute des Islam, hütet euch. "Inna Batsha Rabbika Lashadidun" (85:12) Ihr seid Araber, ihr versteht. Wenn ihr unter den Zorn Allahs (swt) fallt, ist der Batsha - Schlag - hart. "Inna Batsha Rabbika Lashadidun" (85:12). Hütet euch, mögen wir uns alle hüten. Tawba ya Rabbi, Tawba Astaghfirullah.
Mögest Du uns vergeben, o Allah. Mögest Du von Deinen heiligen Dienern jemanden senden, der uns den Weg zeigt. Mögen wir in Sicherheit sein, auf die Worte des heiligen Propheten (saws) hin. Mögest Du uns Sicherheit geben zu Ehren Deines Geliebten. Mögest Du auch nicht unseren Anteil von Sham abschneiden. Wa min Allaha Tawfiq. As-salamu alaykum, Leute von Sham. As-salamu alaykum, Gebiete von Sham. Hütet euch vor der Tyrannei, Bewohner von Syrien. Sonst kommt "Inna Batsha Rabbika Lashadidun" (85:12) auf euch. Eine Härte kommt von den Himmeln auf euch herab und treibt euch auseinander. Euere Kanonen, Flugzeuge, Kriegsschiffe werden nutzlos. Euere ganzen Armeen werden nutzlos. Hütet euch. Wir sind alle Diener Allahs. Mögen Allahs Diener einander bewahren. Mögen sie Allah Respekt zollen und Seinen Dienern gegenüber gnädig sein. Fatiha. Wa min Allaha t-Tawifq.

**Mit SHK Raja Muda**

(Engl.: RajaMuda)

Er sieht mehr wie Seine Majestät aus. Ich sah Seine Majestät vor vielleicht 25 Jahren. Er war gerade so, in London. Er saß so da am Kopfende und hieß mich hier sitzen, zu seiner Rechten. Aber das Haar Seiner Majestät war weiß. So sehr! So sehr! Und Marhum (Raja Ashman) saß so da. Raja Ashman, ein großer Tisch... Es war Seine Majestät, die sprach und so viele Fragen stellte, weil er muhaqqiq - eine Untersuchung anstellte. Und Seine Majestät war glücklich und vertraute uns Raja (Ashman) an und riet ihm, an uns festzuhalten. S.B: Mit dem Shaykh weiterzumachen. M: Alhamdulillah. Alhamdulillah erlangten wir Ehre bei der Familie Seiner Majestät, bei euch allen. Ich bin ein Mensch ohne Wert, aber... S.B: Astaghfirullah! M: in der Königlichen Familie erweisen sie mir Ehre. Ich bin ein so einfacher Mensch. Ich sehe mich manchmal in dem Spiegel dort. Seht, ich mache... (Grimassen). Manchmal setze ich den Turban so... Sehr gut! 10 Minuten gucke ich dort. La Hawla wa la Quwwata illa Billah!
Es ist eine Ehre von ehrenwerten Leuten. Zuerst gab mir Seine Majestät so viel Wertschätzung, so viel Ehre, daß ich beschämt war. Ich war beschämt, daß er mich zu seiner Rechten sitzen hieß bei so vielen Gelegenheiten. Und Seine Hoheit ist glücklich! Seine Hoheit ist glücklich, Marhum (Raja Ashman) Und manche Leute, manche Leute haben ihn in Damaskus gesehen. Seine geistige Macht ist auf der höchsten

Ebene. Und er schaute und lächelte. Er lächelte bei dem letzten Treffen hier und die Leute sagten: "Daulat Tuanku" - Göttliches Recht des Königs. Daulat Tuanku! Daulat Tuanku! Ich ging dort hin. Und er sagte: O unser Shaykh, nicht notwendig. Nein, du bist geehrt. Ehrenwerte majestätische Leute und es gibt ein Hadith: "Anzalu n-Nas Manazilahum." Tut Leute auf eine Ebene, wie es ihrer Ehre gebührt. Es tut mir leid, daß ich das vom Flohmarkt geholt habe. Flohmarkt. Ich bin auch ein Flohmarktbetreiber, aber das macht nichts. Subhana Allahu l-Aliy'u l-Azim! Wir sind geehrt worden. Ich bete schon immer, von Anfang an bis heute, und erbitte vom Herrn der Himmel und von Seinem Hochgeschätzten in Seiner Göttlichen Gegenwart, Sayyidina Muhammad (saws). Ihm (saws) zu Ehren stehe ich auf! Ich hoffe... Euer Besuch hat mich geehrt, und ich hoffe, daß dies, was auf mich kam, wieder vergeht, und ich möchte Seine Majestät und die Familie Seiner Majestät besuchen. Ihr seid ehrenwert. Insha'Allah! Insha'allah!
Masha'Allah, Raja Muda, Seine Hoheit ist gut. Gut! Und wird insha'Allah Wazir - Minister - sein, Wazir von Mahdi (as). Es werden 40 Könige, Sultane sein. Einer davon wird insha'Allah Seine Königliche Hoheit sein. Bitte, eine Armee. S. B: Versucht, in Perak eine Armee aufzubauen. Ein Rat von Mawlana Shaykh. M: Eine Armee. Der erste Befehl, der zu mir kommt, lautet, daß jeder König eine Armee hat, nicht nur für Paraden. Nein! Macht! Ich hoffe, daß Seine Hoheit... Euere Hoheit, ihr müßt die Volksherrschaft beenden! Es ist nichts da. Jetzt kommt die Macht zu Ihren Majestäten, den Königen. Und Seine Hoheit sollte auf dem Thron von ganz Malaysien sein. Andere werden folgen. Ich hoffe, daß Seine Hoheit Sultan über alle Sultane von Malaysien wird, masha'Allah! Ich hoffe, daß Euere Hoheit nicht müde ist. IHK: Nein, nein, wir sind nur müde von der Hitze. S.B: Wir wollen euch nicht ermüden. Mir geht es gut. M: Manchmal bin ich müde, aber heute gibt mir seine Himmat... S.B: wegen eueres Kommens habe ich Kraft und bin frisch heute. M: Ja, ja. S. B: Ihr seid so bescheiden, daß ihr kommt, um uns zu besuchen. M: Es beschämt mich, es beschämt mich. Es gibt einige Gründe...
Er ist in Damaskus. In Damaskus, Marhum (Raja Ashman). Um unserem Großshaykh nahe zu sein. Sein Maqam ist in Malaysien, aber in Wirklichkeit in Damaskus. Meistens wird er in Malaysien sein. Er ist der König von Malaysien auf dem Göttlichen Thron. Allah der Allmächtige bekleidet die Sultane, Dhill Allah, Allahs Schatten zu sein. Die Sultane sind der Schatten Allahs des Allmächtigen. Deshalb sind sie geehrt. Niemand kann dies und das sagen. Diese Ehre, die den Sultanen gewährt ist, Dhill Allah zu sein, stellt sie unter Himmlischen Schutz. Subhana Allahu l-Aliy'u l-Azim. Wir hatten gehofft, daß Seine Hoheit wenigstens 3 Tage bei uns bleibt. SHK: Nächstes Mal, insha'Allah. M: Es ist ein sehr bescheidener Ort hier für euch. Aber es ehrt uns so sehr. Allah (swt) gebe ihnen, Allah der Allmächtige schütze sie hier und im Jenseits und gebe

ihnen hohe Ehre. Oder die höchste Ehre unter den Sultanen. Und ich sende meine bescheidenen Salams an Seine Majestät Azlan Shah und Mami euerer Majestät. S.B: Tuanku Bainun. M: Ihr nehmt Schwere von der Königlichen Familie. Ihr nehmt.

Es gibt eine...Toma?... Ich mag sie.. ich mag sie! Ich ging immer damit nach Hause. O... sehr glücklich! sehr glücklich! Mein Enkel war einmal bei mir und wir machten Ziyarat, Heiligenbesuch. Aber er lief durch den Wald, durch den Dschungel. Er sah eine große Echse und lief zu mir. S.B: So verängstigt! M: Geistig besuchte ich sie immer, und Marhum (Raja Ashman) war sehr demütig. Er war so, daß die Waliya, Heilige, ihn beschützte. Und sie war ihm so ähnlich. Insha'Allah wird es unglaubliche Wunder in euerem Königreich geben. Ja, insha'Allah! Insha'Allah. Allahs Segen! SubhanAllah, vor vielleicht 26-27 Jahren war ich in London und kam aus meinem Zimmer, und es gab da einen kleinen Flur, wo Leute saßen. Ich ging hinein und sah jemanden mit langem Haar bei der Tür sitzen. Sie sagten mir, das ist ein Mitglied einer Königlichen Familien. "Niemand schämt sich? Ein königliches Familienmitglied bei der Tür sitzen zu lassen!" Ich gab ihm einen besonderen Platz. Er war so, mit langem Haar, so beschämt, Subhanallah, neben mir zu sitzen. Damals war ich sehr verärgert. Einer aus Königlicher Familie auf dem Boden! Ich kam herunter, und er saß da. Ich ließ ihn neben mir sitzen. Betet für ihn. Fatiha. Immer sehr glücklich, sehr glücklich! Sehr glücklich. Masha'Allah! Masha'Allah!

Nichts... Seine Hoheit hat viel Besseres, aber dies hat insha'Allah Rahma. Betet für ihn. Als ich Englisch lernte, ich war 7, 8 Jahre alt, lasen wir das Lesebuch Nr. 1. "A" Nummer eins, hier, Ajallakum Allah (swt). Dem A wurde "ss" hinzugefügt - Ass, Esel. Das war das erste Wort, das ich in Englisch lernte. Lesebuch 1. I und A und ss. Zu der Zeit war ich vielleicht 8 oder 9 Jahre alt. Subhana Allah! Shukran, wir sind sehr glücklich. Und wir sind sehr geehrt. Jederzeit sind sie hier willkommen. Ein kleiner Ort, insha'Allah, sind sie nicht unglücklich hier. SHK: Wir sind sehr glücklich. M: Alhamdulillah, Alhamdulillah. Salatu l-Juma mit Seiner Königlichen Hoheit im Gewand Baju Malayu, wenn ihr das Juma betet. S.B: Wenn ihr zum Juma Gebet geht, geht mit dem Baju Malayu. M: Es ist notwendig für Haibatu. Und die Leute machen hier oder hier.... so. Ich bin sehr glücklich! Allah (swt) mache euch glücklich und geehrt hier und im Jenseits. Ich bete für euch, für Euerer Hoheit Sirri, immer. Diese Welt ist im Wandel und die Macht kommt auf Seine Hoheit, Macht! Wirkliche Macht. Um zu herrschen, Insha'Allah, Rahmat! Ich war glücklich, daß Seine Hoheit und die Königliche Familie hier ist, aber ich hörte, sie sind nur 7 Stunden hier. Jederzeit, jederzeit... SHK: Insha'Allah nächstes Mal. M: Es ist ein kleiner Ort, aber ihre Demut ehrt diesen Ort. Möge Allah (swt) sie viel mehr ehren. Bismillahi r-Rahmani r-Rahim... Dua. Er ist einer von 40 (Heiligen). Er war... Deshalb wurde er in

Damaskus gesehen. Er geht auch immer, um Großshaykh einen Besuch abzustatten. Fatiha.
So viele Bücher. SHK: Auch unten in der Bibliothek. Die wir gerade gesehen haben. Es gibt so viele Bücher dort. M: Wir sind Träger von Büchern. Ich bin nur... Quran Karim... Jetzt bin ich auch ein wenig müde. Und Euere Hoheit und heilige Familie, Königliche Familie ehrt mich und nimmt von mir. Seine Hoheit, ihre Abstammungslinie reicht bis zum Propheten (saws). Ahlu l-Bayt. Fatiha. Masha'Allah. Daulat Tuanku! Göttliche Rechte des Königs. Daulat Tuanku! Daulat Tuanku! Tuanku. Hoch ihre Schwerter! SHK: As-salamu alaykum. M: Wa alaykum salam.

**Rajulun Rashid**

(Dt.: RajulunRashidDt)

Bismillah Al Rahman Al Rahim, for the Nation of the Prophet (saws) it shall be a blessed night, Laylatul Bara'a. Insha'Allah it shall be a key to open all doors for the Muslim people. Beginning with the 15th of the glorified Shaban we hope that it will be new tajalli/manifestation for the benefit of the Muslim servants. The Age of the tyrants is finished from this evening, with Allah's (swt) permission & with His order & support of Rasulullah (saws). We have reached the end for the Muslim people who have been carrying the tyranny because they did not follow the steps of the Prophet (saws). They left the laws of Heavens & followed the egoistic desires of non Muslims, until what happened happened among the Ummah.

Bismillah Al Rahman Al Rahim Rabbi Wa Rabbuna Allah (swt). The order of Allah (swt) O people! is for you to take your way, the way of righteousness. Allah (swt) Jalla Wa 'Alaa' made clear everything in the Holy Quran. One word, or two words or a verse or half a verse makes clear to people the balanced way. So people may not fall in destruction in this world and be punished in the Hereafter.

O Egyptian scholars! Also Muslim scholars. Subhana Allah! Allah (swt) awakens His servants. The Holy Quran is not a book of stories Hasha! What occured to the Egyptian people now and in previous times, all sorts of things! And people went on the way that is not the True way, but they followed their desires. People followed their desires and they took their own way which is a different way from The Magnificient Quran. And that's why all the corruption spread among the Egyptian people in the past century. Subhana Allah! Allah Allah! Allah Allah! All sorts of corruption happened because they followed their desires. Subhana Allah!

At the time of the Pharaoh the Pharaoh thought that they created the people and they took their way that was not the way of Haqq/Truth. At the time there were... In the palace... In the palace of the Pharaoh. There was a man, a sound believer, a rightly guided man & he said to them to the Pharaoh & who followed him from people. He said to them in the Holy Verse "Alaysa Minkum Rajulun Rashidun" (11:78) Right? The verse says "Is there not among you a single sound minded man?" (11:78) What is with you? There is not one man among you with a sound mind? No one with a sound mind? So that you had to take the many ways of shaytan. And among yourselves you argued & fell down in a situation that is not possible for you to get out of, this tight condition,except by following a man with a sound mind. "Alaysa Minkum Rajulun Rashidun" (11:78)

O Egyptian people! Look for a man with a sound mind. Do not say this one won the elections or that... This has no taste! No! We want that it is pointed to us & for our Lord (jwa) to order us with the words of that man who spoke to the Pharaoh & his followers. Who took their way, that is not the way of righteousness. And he said to them "Alaysa Minkum Rajulun Rashidun" (11:78) No one left? This is the Holy Quran O Egyptians! Why you are not looking for a sound minded man? Do you think that with elections you will get a sound minded man? Hasha! No way! A sound minded man he must be indicated, the man with a sound mind. Like that believer who in the Palace of the Pharaoh addressed the people about what they were doing... About what they were doing & said "what is this?" "What are these dealings that you are following? That are according to your desires? The desires do not conform with soundness/ right guidance. Desires do not bring soundness! Soundness is with a rightly guided man, look for him. Look for him!

"Alaysa Minkum Rajulun Rashidun" (11:78) What are you doing? Not one man left amongst you with a sound mind?

We are asking, I am a weak servant, and I am asking the Egyptian people. "Alaysa Minkum Rajulun Rashidun" (11:78) This is great! Allah (awj) does not tell stories. What! One man to save the Pharaoh's nation. He was astonished with their bad behaviours that no mind can accept & it is not possible for a sound man to accept what they were doing & he said to them, "Alaysa Minkum Rajulun Rashidun" (11:78) Why did Allah (swt) speak these words? The Holy Quran saves the children of Adam (as) from the evil of the devils. O human beings, O people! Look for a sound minded man, The Holy Quran is not a book of stories. This is enough for all mankind! They should ask "Is there not among you a sound minded man?" (11:78) Where is he? In England? Damascus, Russia, America? Hijaz, Iran, India, China? Look for a sound minded man! And say that person is a rightly guided man; he will point us to the right way!

So we shall be on the Siratal Mustaqima/straight way that Allah (jwa) is pleased with. The straight way. Every time The Prophet (saws)was setting the lines for prayer he used to say Istaqimu! Stand straight! This order we must know it & follow it and hold on to it.

Istaqimu/stand straight. He would look to the right & to the left. The highest honour is to stand straight. Ask for a man who is standing straight, he is a sound minded man.

Where are the scholars of Egypt, what do they understand from The Holy Quran? We ask the "Muslim Brotherhood" from where did they bring this name? Muslim Brotherhood, we ask the other group of Salafis from where did they bring that name & divided the Nation of the Beloved (saws) in groups. & every group has gone astray except one group, Ahl Al Sunnah wa Al Jamaat. These few words I wanted to say as they were inspired to my heart since a few days. O people! "Is there not among you a sound minded man?" (11:78) Why did Allah(awj) mention this in The Magnificent Quran? Is it a story? To teach servants to ask for a rightly guided man with a sound mind and his actions are straight & his heart is pure, and his steps are the steps of the Prophet (saws). Tawba Ya Rabbi, tawba astaghfirullah.

We ask our Lord that it may be a beginning for people to pay attention. For the Egyptians & all

the rest so they may understand the teachings of The Magnificent Quran. "Alaysa Minkum Rajulun Rashidun" (11:78) This question is up to Judgement Day. Who is that sound minded man? Can he be elected? Never! No! Allah Allah Subhana Allah! We hope from our Lord that it may be a beginning for a new Age that never occured before, starting from this blessed night, to arrange the matters of the nation & the angels may arrange & the righteous servants may also arrange. Tawba Ya Rabbi, tawba Ya Rabbi!

Let us understand the words of the Prophet (saws). Who understands from The Magnificent Quran, he understands. But this verse is very clear "Alaysa Minkum Rajulun Rashidun" (11:78) A sound minded man, could that be Abdul Nassir? Or others? Were they rightly guided men? If he was a sound minded man this would not be the end of Egypt after its Kings, to fall down to such level. I am sorry, I am sorry to say... I am sorry to say this about all the Muslim nations. They must ask "Alaysa Minkum Rajulun Rashidun" (11:78) Who is a rightly guided man? Bashar? Allahu Akbar! Allahu Akbar! Saddam? Abdul Nassir? The rest of them? Never! Turks, all of them are wrong! Because they did not ask for a rightly guided man. Now in the Muslim nations there is not a rightly guided man to ask him to straighten the nation!

O servants of Allah! O scholars! Astaghfirullah! Tawba Ya Rabbi, tawba... Tawba Ya Rabbi, tawba astaghfirullah. Pity for our scholars! Pity for the people who can understand! Why are they not reciting the Holy Verse "Alaysa Minkum Rajulun Rashidun" (11:78)? This is The Holy Quran! Make them ask for a sound minded man so they may be saved & rescued! If they do not ask for him they will perish & be taken away from existence.

I ask pardon from my Lord. This is a blessed night, the Laylatul Bara'a We ask from our Lord that it may be a new beginning to the nation of the Beloved (saws). Bi Hurmatil Habib Allah (saws). Fatiha.

Let the people ask for the sound minded one from their Lord. O Lord, send to us a man with a sound mind. I am a weak servant, I don't know anything. What was inspired to my heart I spoke it. May Allah (swt) forgive me & forgive you.

Fatiha.

**Rajulun Rashid**

(Engl.: RajulunRashid)

Bismillahi r-Rahmani r-Rahim. Für die Nation des Propheten (saws) wird dies eine gesegnete Nacht sein, Laylatu l-Bara'a. Insha'Allah wird es ein Schlüssel, um alle Türen für die Muslime zu öffnen. Mit Beginn des 15. des Gepriesenen Shaban hoffen wir auf neue Tajalli, Manifestationen, zum Wohle der muslimischen Diener. Das Zeitalter der Tyrannen ist vorbei seit heute Abend, mit Allahs (swt) Erlaubnis und auf Seinen Befehl hin und mit der Unterstützung Rasulullahs (saws). Wir haben das Ende erreicht für die Muslime, die die Tyrannei getragen haben, weil sie nicht den Fußstapfen des Propheten (saws) gefolgt sind. Sie kehrten den Gesetzen der Himmel den Rücken und folgten den egoistischen Gelüsten der Nicht-Muslime, bis das geschah in der Ummah, was geschah. Bismillahi r-Rahmani r-Rahim. Rabbi Wa Rabbuna Allah (swt). Ihr Leute, ihr müßt den Befehlen Allahs (swt) folgen, daß sie euch auf den rechten Weg führen. Allah (swt) Jalla Wa 'Alaa machte im Heiligen Quran alles deutlich. Ein Wort oder zwei Worte oder ein Vers oder ein halber Vers machen den Leuten den ausgewogenen Weg deutlich. Damit die Leute in dieser Welt nicht der Zerstörung verfallen und im Jenseits bestraft werden. Ihr ägyptischen Gelehrten! Auch ihr muslimischen Gelehrten! Subhanallah! Allah (swt) weckt

Seine Diener auf. Der Heilige Quran ist kein Geschichtenbuch. Hasha! Was geschah den Ägyptern jetzt und in vergangenen Zeiten! Alle Arten von Dingen! Und die Leute gingen den Weg, der nicht der Wahre Weg war, sondern sie folgten ihren Gelüsten. Die Leute folgten ihren Gelüsten und sie gingen ihren eigenen Weg, der sich vom Glorreichen Quran unterscheidet. Und deshalb verbreitete sich die ganze Verderbtheit unter den Ägyptern im vergangenen Jahrhundert. Subhanallah! Allah Allah, Allah Allah! Alle Arten von Verderbtheit geschah, weil sie ihren Gelüsten folgten. Subhanallah! Zur Zeit von Pharao glaubte der Pharao, daß er die Leute erschaffen hatte, und sie nahmen einen Weg, der nicht der Weg von Haqq, der Wahrheit, war. Zu der Zeit war im Palast, im Palast des Pharao ein Mann, ein aufrichtig Gläubiger, ein rechtgeleiteter Mann, der sagte zu ihnen, zum Pharao und denen, die ihm folgten von den Leuten, er sagte zu ihnen die Heiligen Verse: "Alaysa Minkum Rajulun Rashidun?" (11:78) Stimmt's? Der Vers lautet: 'Gibt es unter euch keinen Mann mit Verstand?' Was ist los mit euch? Gibt es nicht einen Mann unter euch mit Verstand? Nicht einen mit Verstand? So daß ihr die vielen Wege Shaytans einschlagen mußtet. Und untereinander strittet ihr und verfielt in eine Situation, aus der ihr nicht herauskommen könnt, aus dieser Zwangslage, wenn ihr nicht einem Mann mit Verstand folgt.

"Alaysa Minkum Rajulun Rashidun?" (11:78) Ihr Ägypter! Haltet Ausschau nach einem Mann mit Verstand. Sagt nicht: Dieser hat die Wahlen gewonnen oder jener.. Das hat keinen Geschmack! Nein! Wir wollen, daß wir darauf hingewiesen werden und unser Herr (jwa) uns befiehlt mit den Worten, die jener Mann zu Pharao und seinen Anhängern sprach. Die ihren Weg einschlugen, das ist nicht der Weg der Rechtschaffenheit. Und er sagte zu ihnen: "Alaysa Minkum Rajulun Rashidun?" (11:78) Niemand mehr da? Dies ist der Heilige Quran, ihr Ägypter! Warum sucht ihr nicht nach einem Mann mit Verstand? Glaubt ihr, daß ihr mit Wahlen einen Mann mit Verstand bekommt? Hasha! Unmöglich! Ein Mann mit Verstand muß bezeichnet werden, der Mann mit Verstand. Wie jener Gläubige, der im Palast des Pharao die Leute ansprach wegen dessen, was sie taten, wegen dessen, was sie taten, und sagte: Was ist das? "Was sind das für Handlungen, die ihr ausübt, die eueren Gelüsten folgen? Die Gelüste entsprechen nicht Rechtleitung und Tugendhaftigkeit. Gelüste bringen keine Tugendhaftigkeit. Tugendhaftigkeit findet man bei einem rechtgeleiteten Mann. Sucht nach ihm! Sucht nach ihm! "Alaysa Minkum Rajulun Rashidun?" (11:78) Was macht ihr? Ist keiner mehr übrig unter euch

mit gesundem Verstand? Wir fragen. Ich bin ein schwacher Diener, und ich frage die Ägypter. "Alaysa Minkum Rajulun Rashidun?" Das ist großartig! Allah (awj) erzählt keine Geschichten. Was! Ein Mann, um die Nation Pharaos zu retten. Er war überrascht von ihrem schlechten Benehmen, das kein Verstand anerkennen kann. Und es war unmöglich für einen gesunden Mann, anzuerkennen, was sie taten, und er sagte zu ihnen: "Alaysa Minkum Rajulun Rashidun?" Warum sagte Allah (swt) diese Worte? Der Heilige Quran errettet die Kinder Adams (as) vor dem Übel der Teufel. Ihr Menschen! Haltet Ausschau nach einem geistig gesunden Mann. Der Heilige Quran ist kein Geschichtenbuch. Das ist genug für die ganze Menschheit! Sie sollten fragen 'Ist unter euch nicht ein Mann mit Verstand?' Wo ist er? In England? Damaskus, Rußland, Amerika? Hijaz, Iran, Indien, China? Haltet Ausschau nach einem Mann mit Verstand! Und sagt, dieser Mensch ist rechtgeleitet. Er wird uns den rechten Weg weisen. Also werden wir auf dem Sirata l-Mustaqima, dem geraden Weg, sein, mit dem Allah (jwa) zufrieden ist. Der gerade Weg. Jedesmal, wenn der Prophet (saws) die Reihen für das Gebet aufstellte, sagte er: Istaqimu! Steht gerade! Diesen Befehl müssen wir kennen und ihm folgen und an ihm festhalten. Istaqimu - Steht gerade. Er schaute nach rechts und nach links. Die höchste Ehre ist es, gerade zu stehen. Sucht nach einem Mann, der gerade steht. Er ist ein Mann mit gesundem Verstand.
Wo sind die Gelehrten Ägyptens? Was verstehen sie vom Heiligen Quran? Wir fragen die "Muslimbruderschaft": Woher habt ihr diesen Namen? Muslimbruderschaft. Wir fragen die anderen Salafi-Gruppen, woher sie diese Namen haben, mit dem sie die Nation des Geliebten (saws) in Gruppen spalteten. Und alle Gruppen gehen in die Irre außer einer: Ahlu s-Sunnah wa l-Jamaat. Diese paar Worte wollte ich sagen, da sie in mein Herz gegeben wurden vor ein paar Tagen. Ihr Leute, 'gibt es nicht einen Mann unter euch mit Verstand?' Warum erwähnte Allah (swt) dies im Glorreichen Quran? Ist es eine Geschichte? Um die Diener zu lehren, nach einem rechtgeleiteten Mann mit einem gesunden Verstand zu suchen. Und seine Handlungen sind geradeaus, und sein Herz ist rein. Und seine Füße folgen den Fußstapfen des Propheten (saws). Tawba ya Rabbi, Tawba Astaghfirullah. Wir bitten unseren Herrn, daß dies der Beginn sei für die Leute, aufmerksam zu sein. Die Ägypter und alle anderen, damit sie die Lehren des Glorreichen Quran verstehen können.

"Alaysa Minkum Rajulun Rashidun?" Diese Frage stellt sich bis zum Tag des Gerichts. Wer ist

dieser Mann mit Verstand? Kann er gewählt werden? Niemals! Nein! Allah Allah Subhanallah! Wir hoffen von Allah, daß es der Beginn eines neuen Zeitalters ist, das noch nie da gewesen ist, beginnend mit dieser gesegneten Nacht, um die Angelegenheiten der Nation zu regeln, und Engel mögen Vorkehrungen treffen und die rechtgleiteten Diener auch. Tawba ya Rabbi, Tawba ya Rabbi. Laß uns die Worte des Propheten (saws) verstehen. Wer den Glorreichen Quran versteht, versteht. Aber dieser Vers ist sehr deutlich: "Alaysa Minkum Rajulun Rashidun?" Ein Mann mit gesundem Verstand, könnte das Abdul Nassir sein? Oder die anderen? Waren sie rechtgeleitete Männer? Wäre er ein Mann mit Verstand gewesen, wäre das Ende Ägyptens nicht so gewesen nach den Königen, auf so ein Niveau zu sinken. Ich muß leider sagen, ich muß das leider über alle Muslimländer sagen. Sie müssen fragen: "Alaysa Minkum Rajulun Rashidun?" Wer ist ein rechtgeleiteter Mann? Bashar? Allahu Akbar! Allahu Akbar! Saddam? Abdul Nassir? Die übrigen? Niemals! Die Türken, sie alle haben unrecht, weil sie nicht nach einem rechtgeleiteten Mann suchen. Jetzt ist in der Nation der Muslime kein rechtgeleiteter Mann, den man bitten könnte, die Nation auszurichten. Ihr Diener Allahs! Ihr Gelehrten! Astaghfirullah! Tawba ya Rabbi, Tawba... Tawba ya Rabbi, Tawba Astaghfirullah.
Schade für die Gelehrten! Schade für die Leute, die verstehen können. Warum rezitieren sie nicht die Heiligen Verse: "Alaysa Minkum Rajulun Rashidun?" Das ist der Heilige Quran! Bringt sie dazu, um einen Mann mit Verstand zu bitten, damit sie gerettet werden! Wenn sie nicht darum bitten, werden sie vernichtet und aus der Existenz entfernt. Ich bitte meinen Herrn um Vergebung. Dies ist eine gesegnete Nacht, Laylatu l-Bara'a. Wir bitten unseren Herrn, daß sie ein neuer Anfang für die Nation des Geliebten (saws) wird. Bi Hurmati l-Habib Allah (saws). Fatiha. Die Leute sollen ihren Herrn um den Mann mit Verstand bitten. O Herr, sende uns einen Mann mit Verstand. Ich bin ein schwacher Diener. Ich weiß nichts. Was in mein Herz gegeben wurde, habe ich gesagt. Möge Allah (swt) mir und euch vergeben. Fatiha.

## Benefits For Those Who Fast Ramadan

Dastoor yaa Sayyidee. (Mawlana Shaykh stands) Allahu Akbar. Allahu Akbar. Allahu Akbar, laa ilaaha ill-Allahu Allahu Akbar, Allahu Akbar wa lillahi 'l-hamd. Subhaan sen yaa Rabb, Sultaan sen yaa Rabb. Irham da`fana, irham zuldana bi jahi sayyidi 'l-awaleen wa 'l-akhireen, bi jaahi habeebika al-Mustafa zidhu yaa Rabbee `izzan wa sharafa nooran wa masroora wa ridwaanan wa sultaana fee mithliha hadha shahr as-shareef Ramadan Mubarak. Yaa Rabb.

And we are saying, `Aoodhu billahi min ash-Shaytaani 'r-rajeem, Bismillahi 'r-Rahmaani 'r-Raheem,! Bismillahi 'r-Rahmaani 'r-Raheem,! Bismillahi 'r-Rahmaani 'r-Raheem! Bismillahir 'r-Rahmaani 'r-Raheem! Bismillahi r'-Rahmaani 'r-Raheem! Bismillahi 'r-Rahmaani 'r-Raheem! wa bihi nasta`een. As-saalatu wa salaam `ala sayyidi 'l-awaleen wa 'l-akhireen wa `ala sayyida 'l-anbiya wa 'l-mursaleen wa man tabi`ahum bi ihsaanin ila yawmi 'd-deen wa `ala rijaalallah ashaabu tawbati min ahli 'l-ardeen (Mawlana Shaykh sits) Yaa Rabbee, yaa Rabbee.

O our Attenders! As-salaamu `alaykum. Today is going to be fifth of shahr mubarak, Ramadan Kareem. We are asking for more blessings. First of all, we are asking for forgiveness. O Seal of Prophets, Sayyidi 'l-Awaleen wa 'l-Akhireen! We are asking your intercession in the Divine Presence that we should be forgiven, as we need forgiveness.

When heavenly forgiveness is coming, heaviness on our physical being is just taken away, and also when forgiveness is coming our spiritual being is getting in pleasure. People are asking for both of them, people are asking for a healthy body and also asking for inner pleasure in themselves.That is a real desire that a person may ask, to be healthy with their physical being and to be in pleasure in their minds, in their hearts, in their physical beings. For the honor of the holy month, we hope that who is asking for most aims, as much as we may give much more attention for heavenly pleasure, we may be granted in this holy month, and daily you can find in yourself an opening.

O our Salafi `ulamas! Marhaban, marhaban, marhaban!

O our Attenders! Don't be heedless ones; leave being heedless, enough! Don't be drunk with this dirty life!

O Salafi `ulamas! Say, if it is not dirty. It is dirty! This holy month is carrying you from dirtiness. If you are not fasting, you are going to the WC (bathroom) perhaps ten times or more, but when you are fasting, you may visit a very important center of Mankind, without which they can't live. If kings are living in big, very magnificent palaces, there is still for everyone a line to use the WC. If living in most beautiful castle, and they are sitting, from the WC coming brrrng, "We are sitting here on the sultan's throne, I am sitting and it is not time to leave so many people, all important ones, those who have imitated uniforms, sitting here, it is not time, but that brrng, brrng, “Come to me, leave the throne and come to sit on a very, very dirty place! Come, because even if you are king, there is dirtiness in you. Throw it away to be restful."

O our Attenders! They are making me to speak on the lowest standard for the understanding of no-mind people, because you are not taking any care to run to be like angels, but you are running to be like animal world's members! You may be kings, queens, presidents, first ladies, but all of you are trying to be on such ranks and when your stomach is calling, grr, grr, you must answer that call!

One says, "I must be excused some minutes, I am just going and coming."

Says the other, "What happened for our president?"

He said that an important person is asking for a very special meeting. Therefore, we must postpone this

meeting for five minutes."

O our Attenders! You are on that level! It is written on so many factories, "Produced Here." What is our physical being's production? Say, Salafi `ulamas! Why are you not saying what is produced by our physical being? This is a humble meeting, but the Lord of Heavens is asking to listen from east to west to real things! We are not covering, but we are opening that cover for Mankind to know about themselves, man `arifa nafsaha, “Who knows himself.”

Our Salafi `ulamas! Why are you not saying where the production of Mankind is? It is in the WC. Write on it, "Produced by Salafi `ulamas." You are thinking that it is easy? For what are we saying this; that our physical being is producing daily for the WC? Shameful, very shameful! You, our attenders from every level, can anyone object on it, saying it is not true? You must know that our physical beings' production is in the WC. It is a blame for all of Mankind that is running after that production, never thinking anything about heavenly objects. Mankind is to blame! Therefore, this is coming to make it clear, clarifying for Mankind that they should understand.

O Mankind on every level! You must try to visit the WC center less. It is a blame for Mankind not to try to go to the Divinely Presence, to visit mosques, churches, synagogues or temples. They are not thinking about that point or going to those places that belong to Allah (swt), but you are going to that very small, short place, the WC, perhaps ten times daily.

"Where are you going?"

"I am going to meet a very important one."

"Where, O my darling?"

"You know, I must visit the WC. Something is happening today because we just drank too much whiskey, or we took a little bit more spirits. Therefore, O my darling, it is making me visit this important center for Mankind."

"O my darling! You are never going to church?"

"If the WC center calls me, I can't go!"

O Shaykh Hisham! Also you must remind people a little bit for understanding about what are their missions, from the highest level of this dirty life down to its lowest level, eating and drinking, then a very important meeting in the WC center!

O our Salafi `ulamas! How are you? You must say such things because Man has two kinds of understandings: one kind belongs to heavenly subjects, and the second understanding is for their animal's positions, yes. You must make it clear. Don't blame, laa tastahee, "Don't be ashamed," if you are saying such things.

It is Holy Ramadan. Holy, trying to make people holy. Why has it been said "Holy Ramadan?" Because making people to approach holy levels of Heavens! When you make eating and drinking the lowest level, your spirituality gets up, higher, higher, higher. If someone may reach on that level, he may hear glorifying of angels for the Lord of Heavens! Such things are not written in your books, but the Lord of Heavens is asking to make it clear for understanding, and you must understand! Eat as it is necessary, and don't drink more than you are in need. Therefore, Holy Ramadan is granting to servants a "holiness." People are going to be in the Ramadan more holy ones. Try to be that! In daytime you are so light, so in pleasure, that your physical being is going to be in rest. And your understanding, your mentality is coming to be much more mukammal, perfect. We are saying a holy word of the Seal of Prophets (s).

O our Attenders! Particularly our Salafi `ulamas! The hadith, Prophet's holy words, what is he saying? People now are 99% sick ones. Everyone has such a different illness or sickness, that countless hospitals are not enough for curing them. Doctors are not enough to reach people and give them health. Health is a heavenly grant given from heavenly ones! Don't ask healthiness from Earth! That is the biggest mistake for Mankind, and why they are unhealthy ones, because they are asking to be healthy through material aspects. They are thinking that if they are going to America or London they will find health. And their houses, their appearance are not so beautiful, no, so simple. People, particularly Arabian people, are running and you will find entrances of Harley Street with countless doctors. They are asking health from that place. It is a pity for Muslims to run and ask for health from unbelievers or non-Muslim places; it is the biggest shame!

O our Salafiyoon! Why are you not saying? Wahaabiyoon are of no mind, so leave them. It is suitable for them to be in mental houses. But are you saying you are "Salafi `ulamas," so why are you not reminding

people about this? And Allah Almighty is saying wa dhakkir, remind them! To whom? "Remind My servants." (Mawlana Shaykh stands and sits) What is "to remind"? Say, about fasting in this month, a very famous hadeeth ash-shareef! Why are you not reminding them? The Seal of Prophets (Mawlana Shaykh stands) is saying, soomoo tasahoo, “Fast and be healthy.” Is anything wrong? Say! Why are you not saying to mulook, ummarra, shaykhs and rich ones? Why are they running to non-Muslim territories to ask for healthiness? What is that foolishness? That is your imaan? (Mawlana Shaykh sits) Enough. Soomoo tasahoo, if you are asking healthiness, "Fast," soomoo, and be healthy!

O our Attenders! Where are you? Working to fill the WC center? If you work and don't come to listen to follow holy commands of Heavens, still you must follow, or you will be between hospitals and WC centers. May Allah forgive us. I think it is enough. I am shouting to my ego and asking with tablets and medicines comes "healthiness?" And so many people coming and saying, "O Shaykh! Don't fast, you are taking medicine. Don’t fast!" Is medicine giving me health or is it a heavenly grant for following the Seal of Prophet's brilliant way? It is the safe way and taking from me sickness, and giving to me healthiness.

"Oh Shaykh, it is Ramadan, stop it!" So many Shaytan’s agents coming to me and saying, "O Shaykh, you are not healthy, your health is not suitable.” They say doctors say, “Eat." For what? For visiting the WC too much?

Alhamdulillah, alhamdulillah. Shari`ah is saying pencils that are writing against myself (90 years), but I have reached a level that they are not writing. And therefore, I am fasting. Alhamdulillah, going to be better than if I am not fasting, yes! Fasting and anything wrong? No. And you are thinking I am down, no. Sadaqa Rasoolullah, his declaration is from heavens, it is 100% true. I am feeling much more active in my physical being. Mashaa-Allah. May Allah forgive us.

O our Attenders! If you are not fasting, tomorrow the doctor may say to you, "You can't eat anything except boiled rice,” or, “You must not drink too much,” or, “You must not eat meat and delicious food." Keep this heavenly order and be in pleasure here and Hereafter! Fasting is giving pleasure to our physical being because it is a heavenly grant coming on us and our physical being becomes happy from that! May Allah forgive us.

Yaa Rabbee, yaa Rabbee. Grant us someone to guide people for their happiness here and Hereafter! Yaa

Rabb, send us a sultan. We are fed up with democracy and their governments. Send us a sultan who is in the shadow of heavenly ones, so we may follow them and be happy. If not, we are never going to be happy here or in pleasure in the Next Life.

Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah, astaghfirullah.

Fatihah

(45 minutes) Mashaa-Allah.

## Ramadan Is the Month of Cleanliness

(Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah, Kareem Allah, Subhaan Allah, Sultaan Allah. Subhaan Allah, Sultaan Allah, Subhaan Allah, Sultaan Allah. Yaa Rabbee zid habeebika `izzan wa sharafan nooran wa surooran, wa ridwaana wa sultaanan fee haadha 'sh-shahri 'sh-shareef. Shahru Ramadan al-mubarak. Ij`ala yaa Rabbee mubarakan lana li-`ibaadika ad-du`afa yaa Rabbee. ummanaa bi-fadlik wa rhamatik wa anwaarik yaa rabbee. Bi jaahi nabiyyika'l-Mustafa bi jaahi saa'ir al-anbiyaa wal-awliyaa. Naqoolu a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh sits). As-salaamu `alaykum our Attenders! As-salaamu `alaykum yaa Rijaalallah alladheena hum yuraaghiboon `ibaadullah fee hayati 'd-dunya wa 'l-`izzu wa 'sh-sharaf yawm al-qiyamah fee yawm al-ard. Ohhhh. (Mawlana Shaykh stands) Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh sits)

O our Attenders! This is the holiest month, Shahru r-Ramadan Mubarak! Marhaban yaa Shahru r-Rahmah! Marhaban yaa shahr al-ikraam! Marhaban yaa shahr al-in`am! Marhaban, Marhaban li-ummati Muhammad (s) wa sharafa wa karam. Allahuma ija`lna tahta liwaa'ihi dunya wa fee yawm al-qiyamah! Allah, Allah.

It is a humble majlis, association. We are not claiming that we know and we are teaching people, no. We are

trying to be humble servants, to be accepted in the Divinely Presence of our Lord, (Mawlana Shaykh stands) Allah Almighty, to be a weak, humble servant; that is what we are running after. (Mawlana Shaykh sits)

O People! Don't think we are sitting here to make a show, claiming that we are VIP people, no. We are trying to be, as the Seal of Prophets is saying about a simple ummah, simple wahid. Ash`ath aghbar, “dusty and disheveled,” that if we are looking at the out-looking (appearance) of that person, it is giving nothing to you. Appearance, that ash`ath, his clothes will be very simple. They are not dirty, but old. Say "old," musta`mal, “used, worn.” One clothes that it is very, very simple, only covering his body. And that person is never asking to be a VIP, using so brilliant clothes. He never asks to be known, also. His intention or his main target or aim is only to be a weak servant in the Divinely Presence. And he is ashamed to claim to be in the Divinely Presence. No, he never sees himself as ahlan li-hadha, deserving. Nothing through this life is interesting him, not clothes, cars, ladies, houses, work or business. He is never interested in any aspect of dunya. Therefore, he is never taking any care for his dressing. Aghbara, ash`ath.

He is always ashamed to come among people. Ashamed from what? Ashamed of his dirty ego! As a person, he has only one donkey to go everywhere and doing its dirty, making its owner to be ashamed. Therefore, that person is so mahjoom, ashamed to come among people, saying, "I must get out. All these people are clean, but I am not a clean one." But the meaning of cleanliness to that person is something else than what common people understand.

O Salafi `ulamas! Marhaban! We are trying to be simple ones, because everything above simplicity is a show or something that our egos are asking for, waseela, a chance to show their cleanliness. That is the meaning for common people. But this one who is asking to escape from people due to his dirtiness, he thinks that his ride is so dirty. Everywhere it goes, it is making a dirtiness and ashaming. Therefore, he is ashamed to come among common people. He is mahju, so ashamed! That one is a most acceptable one in the Divinely Presence, much more than those who are taking so much care for their outlooking and never look after their egos that, in every moment, are making dirtiness everywhere! Now, people are on such a way.

O our Attenders! This applies to me. If you like, if you are seeing yourself clean, you know it, and I don't know. But I am trying to be a most weak servant, and I am a dirty one! But people are running to cover the dirtiness of their egos and then try to show that their egos are so beautiful, so tamaam, perfect. People's

himmah, efforts, are always to cover their egoistic dirtiness and to show other people, "Oh, we are such clean, VIP ones." Where is Shari`atullah and on which way we are going? Sulook. Allah Almighty is asking, man salaka tareeqan yabtaghi ridaa-Allah, “Who went seeking the Way, desiring Allah's Pleasure,” must be clean. Whoever is asking holy pleasure or holy pleasement from his Lord must try to be clean ones. Cleanliness is not as we are learning or understanding. Don't think that cleanliness comes with our robes, our clothes, or to use so many different ornaments, no. That is wrong! Cleanliness of a person should appear when he is passing from this life, then their cleanliness is going to be understood. When they are putting your dead body on that table for washing, why do that? every command of heavenly Shari`ah gives something to people to learn and understand. Muslims wash their dead bodies and put different kinds of perfumes. SubhaanAllah! There are some whose dead bodies have good smells; that is a good one, who was trying to make for his Lord in his life, because the Lord of Heavens is asking from us to be clean, taahir baytee.

O our Salafi `ulamas, taahir baytee, “Clean My House.” Baytee has so many meanings in Arabic, and that is such an important order.

O `ulamas! So many things in Shari`ah we are not understanding and we are unable to teach people. Taahir baytee? Allahu Akbar. If that building was built by Sayyidina Ibraheem and Sayyidina Isma`eel (a) and Allah Almighty is saying this is the House of the Lord, Ka`abatullah, and to give your highest respect for that, then what about Man? Man is more shareef, more honored than Ka`aba. (Mawlana Shaykh stands) About Mankind, Allah (swt) said, khalaqtu bi yadayy, “I created with My Hands,” and ordering Shaytan to get out. "I am building this. I am creating! How you are coming and saying, ‘That is no good and I must be the first one.’ This one I created with My Divinely Hands!" (Mawlana Shaykh sits).

Is the Holy Qur'an not saying this? Allah was blaming Shaytan when he was doing ijtinaab, refusing, to make sajdah to Adam (a). Allah said, "I am creating with my Hands." No one can know about Allah Almighty’s Hands. Dont say that Allah has no Hands! How can it be? Like this (puts Hands to sides), Allah has no Hands? How can it be? Think of a person with no Hands, and then think of a person with Hands. Which one is perfect? And you are refusing bi yadillah (by Allah's Hands)?! `Ulamas are making so many taweel, (interpretation), not commentaries, but interpretations!

Allah Almighty, He is saying; "khalaqtu bi yadayy." " I have created with My Hands." He knows, He has

Hands, but we can't know. Only you can know (something), but you can't know the kayfiyya, "the actual state", how His Hands (actually are). Leave that! Ask for yourself, how are your Hands? Allahu Akbar.

Man was given from His honor because when He created, He said, "I am Creator. I created Man." How you are not making sajdah? (Mawlana Shaykh slaps his hands) This is a slap on the faces of those people whose understanding is so narrow! Taahir baytee. Did He build Man, or another one? Allah Almighty is building Man and giving a heavenly order, taahir baytee, mush bayt hadeek, hadeek surah, asal with you, "Not this house over there (Ka'aba); that house is only a picture. This house (human being) is the source."

O Arab kings! Are you understanding? O `ulamas Azhar ash-Shareef, are you understanding? All `ulamas and doctors, are you understanding? But you are not thinking on it for understanding; you are trying to make more khatm, khatm ash-shareef daily, but you are not asking to enter such meanings.

As an example, a huge mountain has rivers and springs, not running from everywhere, but only from one way. Therefore, Allah Almighty creates and gives something from His Divinely understanding to people, to come and drink from that spring, for all Mankind is created because of Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits). If He wasn't created, no one would be knowing about the Lord's existence! No one was going to be created if Sayyidina Rasoolullah was not created, so no one would know anything. That is an example: from a gigantic mountain comes one spring or hanafiyya, one tap. Drink from that for understanding. Almighty Allah sent the Seal of Prophets (s) so people may drink from his springs and understand what it means to be Allah Almighty's creatures and deputies!

The holy command is, taahir baytee, "Clean My House!" That command is only for Sayyidina `Ibraheem, peace be upon him, and Sayyidina Rasoolullah (s). But another meaning is that everyone has a Ka`aba or secret of Ka`aba in themselves, because they are also created by the Lord of Heavens. Taahir! wa thiyaabaka fa-taahhir, "Be clean!" People now are understanding that washing themselves and using perfumes is making them clean. No, that artificial. When you are put on that table and they was your dead body, some of them will emit a perfume, raa'iha, such a beautiful smell. Some of them now are putting camphor and other perfumes to cover the bad smell of Muslims' dead bodies (from sins)!

What about Christians, what about Jewish people? Jews, are they also washing? I have never heard. I must say, and they are ordering to say, because if they are taking off that dead one's clothes, no one would be able

to stay there, they will run away. Therefore, they are washing their dead with their clothes so no one is smelling.

That one, ash`ath aghbar, occupies himself to be a clean one. What is cleanliness and what is dirtiness? Dirtiness is our ego's dirtiness, giving off that dirty smell. Even now a for majority of people, you can't stay at their burial because of the intense bad smell that comes out, but they are putting so many buildings and making ornaments to honor that one! That person was not trying to clean himself and he passed away, so he is dirty and his dirtiness continues up to the Day of Resurrection. When he stands up in his grave, people will run away from that dirty smell!

O People! This holy month is coming for you to clean yourselves!

O Salafi `ulamas! Warn people not to be dirty! This is a big grant from Lord of Heavens, that you can clean yourself by fasting, praying, and by giving for the sake of Allah!

O People! Ramadan Kareem, Ramadan Mubarak. May Allah forgive me and forgive you, yaa Rabbee, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

## Ramadan Prepares Us for the Divine Invitation

Allah Allah, Allah Allah, Allah Allah RabbunAllah, HasbunAllah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.
Subhaan Sen! Sultaan Sen! You are Subhaan! You are Sultan!

Give much more honor for the most praised and glorified one in Your Divine Presence, Sayyidina Muhammad (s)! And we are sending our salaams to everyone from awliyas and anbiyas, for holy ones, and asking from them heavenly support so that we will be victorious against Shaytan and its armies. May Allah send them away from His servants! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem (Mawlana Shaykh sits)

Say, "We are nothing!" Don't give a value for yourself. No, leave it and be a simple one. And we are saying also, as-salaamu `ala Saahib az-Zamaan, and also we are sending our salaams to that one who is looking after everything on this planet and arranging everything according to the Heavenly Scales.

O People! Welcome to you! O our attenders, how are you today? Say, alhamdulillah. We are reaching the end

of the holy month, and we should be happy by making `Eid Mubarak, we are looking for that day that we should say to each other `Eid Mubarak. For what? Today we are happy, there are not any prohibitions. That means now we are reaching to make `Eid happy, that we may be free for 24 hours and there are not any prohibitions for us. We can eat and drink for 24 hours! Ohhh! Such big, good news. Good news. Because we were in trouble because of fasting, we are not eating or drinking or something else, everything is going to be forbidden or prohibited for our egos. Now after two days it is going to be `Eid. `Eid Mubarak! For what are you happy? Because we are going to be free for eating and drinking and jumping? That is your lifestyle, because you are living only for eating and drinking and jumping, that is your life philosophy or your lifestyle.

As-salaamu `alaykum, O our Attenders! In this holy month we have been called to practice not eating and drinking, and not to give any enjoyment for our egoistic demands, it is prohibited. Everything that our ego is asking and enjoying, in this holy month it was forbidden. Now we are making `Eid, `Eid Mubarak. That means in one month we were tying our donkeys, our rides, and our donkeys were very sad for fasting because they always like to eat and drink and to make enjoyment freely, because the lifestyle for common people is to look after the pleasure of our physical being. And now people are living and they are trying to give pleasure to their rides, to their physical beings. That is the majority of people's enjoyment, to be joyful and to be in pleasure. And when they are fasting, it is going to be impossible to eat and to drink and to enjoy our physical being.

Therefore, Shaytan is making people, saying, "Don't fast, don't fast, continue to enjoy your ride (animal identity)! You must always look at what your animal identity is asking. Keep that way, that is good for you. Always be awakened, to make sure your demands are not prevented. What you are asking, you must always reach. You must try to make your animal identity happy. Don't look for your spiritual being, don't take care for it; take much more care to make your animal identity happy." Therefore, people are not fasting. Also, they are arguing or fighting with those people who are fasting, saying, "For what are you not eating and drinking? Why are you going to prevent your egoistic demands and pleasure? What does it mean not to eat and not to drink?" That is Shaytan's way to make people not fast.

SubhaanAllah, all glory is for our Lord, Allah Almighty, (Mawlana Shaykh stands and sits) Who created Man and He gave them a mind for understanding. Those who are not coming to understand prefer their levels to be the levels of animals. Animals are in the meadow, from early morning up to late sunset, eating,

eating. They know they have been created for eating and drinking. But what about Man? For what are they created? If they think they have been created only for eating and drinking, their levels are going to be the same as animals, and there is no honor for animals. But people are saying, "We have reached the last or the highest level of life," not thinking that what they reached is the last level of animals! What is their understanding about themselves? What is between themselves and the animal's scale? What is the difference between humans' and animals' levels? And people are preparing now, because 21st-century people are never taking any care for heavenly orders; they are going to be 100% material beings, nothing else.

That mentality is making ignorant Muslims not fast in Holy Ramadan! They think like animals, concerned only with eating, drinking, and enjoyment. "Enjoy yourself now!" They are not thinking to change their levels from animal's levels to heavenly levels, saying, "no, we are also like other creatures, free to eat, drink, and enjoy ourselves." That point is from the beginning of Adam, up to today! Fasting is a heavenly order to prophets and all their nations. You must fast if you are asking to be holy ones, belonging to Heavens. If you are not doing this, you are coming down to the level of animals.

O our Attenders! As-salaamu `alaykum. Think on it. Don't say, "I can't fast," because you can! If you are not fasting, a flood may take everything from you and leave you in hunger; that is isbaaree, fasting by holy order from the heavenly ones. Who asks to eat and drink during Ramadan (and not fast) may lose everything for drinking and eating. How are they fasting? If not fasting, another form of fasting is coming, ijbaaree, by force!

O People! You are not on the level of animals; you have been granted some heavenly specialties. You must try to make clear the difference between being human and being an animal! All prophets were coming to teach, "O People! You have not been created for dunya, only for eating and drinking and enjoying. You have been created for the servanthood of the Lord of Heavens, the Lord of all Creation, which is an honor, to make Mankind have full respect for their Creator!"

O Salafi 'ulamas! Marhaban. What is your opinion about the Lord of Heavens, Allah (swt)? What do you think? Is He eating or drinking? What is your opinion? He is not eating or drinking, nor in need of food and drink, no. He is the Lord! He is not in need of anything. "Lordship" is the highest position that we can understand about the Lord of Heavens. Allah Almighty's identity, no one knows; only He is knowing Himself. No one from any Creation may understand. But the Lord of Heavens is asking to prepare His deputies whom

He created on Earth, because they have been invited on the Day that no one knows about. And the Lord of Heavens is sending His deputies an invitation, "Come to Me! I shall grant you something that no one knows." He is calling His servants, who are coming with their real beings that belong to Heavens; they are not coming for that divine invitation through this earthly being, no.

Man is invited, but how are they going there? That is an Ocean! If they are opening this Ocean up to the end of this world, it is never finishing! But don't think that Allah Almighty's grant, the Day of Invitation, has ever passed away before (it happened). Therefore, Man must be prepared for that invitation to the Divine Presence! But no one knows on which level will they be there and on which style and level will they be accepted in the Divine Presence. Here in this life, we are practicing for that, a very simple practicing for an order is coming, "O My servants! Fast for the Day I am inviting you to My Divine Presence. Prepare yourself for that Day as I am inviting you. I am not calling you with your identity on this planet, it is changed." This is a practice, to acknowledge that Man is not created for eating and drinking or its enjoyment. But after this level in the Divine Presence, they are going to be present. It is impossible to speak on it and, therefore, prophets never reveal that meaning.

That fasting is a preparation for Mankind for that Day, when they will be invited to the Divine Presence, for the Lord of Heavens to grant them so many things! maa laa aynun ra'at wa laa udhunun sami`at wa laa khatara `ala qalbi bashar (what no eye has seen, no ear has heard and has never come to the heart of a man). Every time in the Divine Presence, Allah Almighty is granting His servants so many heavenly pleasures that their eyes and ears are filled with endless pleasure, that so many things are a heavenly grant from Allah Almighty to His servants, and they remember nothing else! Such a heavenly grant is promised through heavenly ones to Mankind, particularly prophets, who informed their nations for coming days after this life.

O People! Before our time, believers were happy when Ramadan Mubarak arrived and they were so sad when it finished. Because our souls never tasted such sweetness and they were crying when this holy month was leaving us and we are reaching to another ocean. The Ocean of Holy Ramadan is something else. It is not like the honor of other months and the taste and pleasure of other months. Therefore, believers were looking for Holy Ramadan to come and they were so happy. And at the end of this holy month they were crying, because their souls can't reach more than this after the end of Holy Ramadan.

O our Salafi 'ulamas! Make it much more clear about the holy month of Ramadan, for people to take care and be happy and in pleasure to be in Holy Ramadan, fasting and praying and praising and granting to people! As much as they are granting to others, the Lord of Heavens is granting them much more.

O People! Say, "O our Lord, forgive us. O our Lord! Grant us to be Your sincere servants. Grant us from Your Hidden Treasures, to make our souls in endless happiness and to reach some new grants from our Creator, Allah Almighty!" For the honor of His most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

Allah, Allah. (45 minutes) MashaAllah. (973 viewers) Alhamdulillah. Allahuma salli `ala Sayyidina Muhammad (s)! May Allah forgive us and grant us from His endless pleasures.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## Rat an zwei junge Soldaten

Im Anschluß an die Sohbet vom 15. Oktober 2001 (siehe Lichtblick Nr. 130) fragte der Scheikh zwei junge Soldaten, denen er die Geschichte vom betrügerischen Parfümverkäufer erzählt hatte, nach ihren Namen, ihrer Herkunft, Beruf und Familienstand. Dabei stellte sich heraus, daß einer der beiden ein noch unverheirateter, kurdischstämmiger Imam war.

Der Scheikh sprach: Ein Esel mag mit einem goldbeschlagenen Sattel geschmückt sein. Man wird fragen: „Was ist der Wert?“ Der Sattel hat einen Wert, doch der Esel bleibt ein Esel, auch wenn du ihm einen goldgeschmückten Sattel auflegst. Der Wert eines Menschen ist der Wert, den er bei Allah besitzt, egal ob er Amerikaner, Engländer, Türke, Kurde oder Araber ist. Am jüngsten Tage wird geschaut, was du bringst, und dementsprechend wird Urteil über dich gefällt. Die Kurden waren die Soldaten des Padischah. Die anatolischen Soldaten waren es, die Rumeli (die europäischen Gebiete des Osmanischen Reiches, heute Westtürkei, Griechenland und Balkan) eroberten. Auf drei Kontinenten stellten sie die Kavallerie der Sultane. Die Zerstörung des Osmanischen Reiches wurde von den Klöstern Rumelis aus betrieben. Hätten sie nur gewollt, die anatolischen Truppen wären bis nach Wien vorgedrungen, doch der Padischah gab dafür keine Erlaubnis. Und der Wille Allahs war „innahu hamidun majid“, das Sultanat bestand nur bis zum Sultan ‘Abdul Hamid. Der letzte war zwar Sultan ‘Abdul Majid, doch der besaß keinerlei wirkliche Macht mehr. Bleibt auf dem richtigen, dem geraden Weg, möge Schaitan euch nichts anhaben können. (Zu dem Imam:)

Heirate erst und dann wende dich dem Mihrab zu, ein Imam sollte unbedingt verheiratet sein. Sobald ihr euren Militärdienst beendet habt, sucht euch eine Frau, um von der Milch zu trinken, die Allah für euch halal (erlaubt) gemacht hat! An alle Anwesenden gewandt fragte der Scheikh: „Solch eine Geschichte habt ihr wohl noch nicht gehört?“ „Jeden Tag, seit fünfzig Jahren, seit ich Euch kenne, bringt Ihr immer neue Geschichten, mein Sultan“, bemerkte voller Bewunderung einer der an Scheikh Efendis Seite ergrauten Schüler. „Entsprechend der Situation kommen die Geschichten, so wie in einem Restaurant auch jeden Tag neues Essen serviert wird, wer fragt denn nach dem Essen von gestern?“ Wa min Allah at-Taufiq

## Reaching Eternity through Obedience and Servanthood

(Baya`)

May Allah give you a happy life to be pleased here and Hereafter. Keep Allah, and Allah Almighty will keep you. Be with Allah and then Shaytan will run away. Give respect to everyone, and everyone will respect you. Be lovely for everyone and everyone will become lovely towards you, and you will be happy here and Hereafter.

Try to make people happy, and try to be servants only for your Lord, the Creator, Allah Almighty. If you are not going to be His servants, Shaytan will quickly carry you and make you his slaves or servants. May Allah forgive us.

Thank you for your visit. I am a very weak servant. I feel ashamed that people come here from long distances to see me. I am such a weak person. May Allah Almighty grant you beyond all your khayal, imagination, to be in safety here and Hereafter.

O my beloved followers! You must know that “Bismillahi 'r-Rahmaani 'r-Raheem” is the beginning of Creation, and it continues from pre-Eternal up to the Eternal! I am a weak servant, and therefore I am asking

for you to be honored with servanthood of our Creator. You must know that we are not created to look at or to work for this world. Everyone is working, yet the clock of this world is ticking! Our lives are going on, but one day they will stop. We will leave everything and will be taken to the graveyard.

Allah Almighty sent 124,000 prophets to teach people that they are created for the Lord of Heavens. When we come to this planet, our most important wazeefa, practice, throughout our lives should be to be servants for our Creator, nothing else! And He will be happy when we try to fulfill our responsibility as a servant. To be the servant for the Lord of Heavens gives us honor. To be servants for this planet does not give us anything!

All the prophets came to remind people that they have been created and sent to this planet for His obedience. Try to be obedient servants and your life will be happy here and Hereafter. Now we can see that this world is falling into a dark, black hole. They are falling in it and they do not know how they will be saved. They are ghafil, heedless people, because the Lord of Heavens sent thousands of prophets to give an understanding to people.

According to our beliefs, we know that two angels will come and ask us, “What did you understand throughout your life?” Yes, there will be an examination or a test. They will ask everyone, “What did you understand in these 50, 60, 80, 90 or 100 years? What did you understand during your life?” What shall our answer be? What will we say? Will we say, “I understood how I may cheat people and become richer in the stock market? I went there every day to look that one day we lost, the second day we went up!” Will you be thinking that, “Oh! I forgot to bring my credit card here (in the grave)! How did I come here? How am I sleeping here?” The angels will ask, “What have you brought?” Will you say, “This credit card! Take it and take my money from there!” There is no result of all this!

If we do not understand, and if our understanding reaches only to the point of material aspects, then we have lost! But above material aspects, we have spirituality and heavenly aspects. Try to reach heavenly aspects as that will continue up to Eternity. Therefore, I like this word, “Eternity!” I feel so happy to say, “Eternity!” It sounds so beautiful and hopeful. It gives me so much joy, satisfaction and pleasure to say, “Eternity!”

O our Lord! We are asking for Your Eternity! What is this? Homes, gardens, big buildings, what do they give to you? They give you trouble, not satisfaction. O People! Try to be for your Lord’s servanthood. Try to

understand the meaning of coming here, what did the Lord of Heavens create us for? May Allah forgive us.

Thank you for coming here. I don't think that anyone can reject these words, no! All prophets came to remind people about this. I am a weak servant and you are coming here. You did not know about me, but your spirituality came in contact with my spirituality. Therefore, you have come. You are welcome, very welcome! I ask the Lord of Heavens to send His blessings upon you. Thank you. As-salaamu `alaykum and a happy journey!

Some of them (visitors) are like my sons and some of them are like my grandsons and their children. Welcome!

## Reaching to Unity

Grandsheikh once spoke to me about Jafar as-Sadiq r.a. from the Golden Chain of the Naqshibandi Silsilla. He was a descendant of the Prophet. When he was worshipping, he was absent from himself, going into the Divine Presence. The value of worship is in that Presence. As much as you are with yourself, you are far away from real worship; you are a servant to youself. Being absent from yourself means coming to Unity, 'Tawhid'. When you are present in the Divine Presence, all powers are present with you. There is no heedlessness, you don't forget anything. When you are with your ego, you may forget something in the prayer. The purpose of all worship is only to make you absent from yourself and present in the Divine Presence. As much as you are with yourself, there is no real unity.

## Struggle To Reach Unity Oceans of Our Lord

(Mawlana Shaykh stands.) Dastoor, yaa RijaalAllah.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Alfu alfu salaat, alfu alfu salaam `alayka yaa Sayyidi 'l-awwaleen wa'l-aakhireen. Allahumma zidhu `izzan wa sharafan wa nooran wa surooran wa ridwaanan wa sultaana. Habeebak! Habeebana, habeebi Rabbi 'l-`alameen min al-azal ila 'l-abad Sayyidi 'l-awwaleen wa'l-aakhireen, Sayyidina Muhammad salla-Allahu `alayhi wa `ala aalihi wa saahbihi wa sallam. (Mawlana Shaykh sits.)

As-salaamu `alaykum our attenders, listeners, happy people, handsome people, and beautiful people! As-salaamu `alaykum Children of Adam! As-salaamu `alaykum yaa Ummat ul-Habeeb salaatullah `alayh. As-salaamu `alaykum yaa taaifat ul-jinn min Ummati Muhammad (s). As-salaamu `alaykum yaa Sayyidee, yaa Sultanu 'l-Awliyaa, madadik! We are asking your holy support and we are intending to do something that is important and we are beginning by saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Allah Allah, Allah Allah. So sweet sentence, so sweet words to say, bismillahi 'r-

Rahmani 'r-Raheem. Allah Allah, Allah Allah, Allah Allah!

O People! Taste min al-aarin jilaan and say, bismillahi 'r-Rahmani 'r-Raheem! Bismillahi 'r-Rahmani 'r-Raheem! Allahu akbar! Shukr, yaa Rabbee. Countless thanks to You, O our Lord! You granted us to say, bismillahi 'r-Rahmani 'r-Raheem. Allah Allah, Allah Allah.

O our Grandshaykh! Let us to say something that may be a reason of awakening for nations, yes. What is Allah Almighty saying, O Salafi `ulamas, hal min mudakkir, any reminder? Holy Qur'an is Endless Oceans in Endless Dominions of the Lord of Creation, hal min mudhakirin? Allah Almighty is ordering to recite Holy Qur'an and every time you are reciting, something must be granted to you, O Mankind!

We are beginning with bismillahi 'r-Rahmani 'r-Raheem, alhamdulilahi rabbi 'l-`alameen, (Suratu 'l-Fatihah) and ending with mina 'l-jinnati wa 'l-nas. (Suratu 'l-Naas). Every time you are making a full reciting, khatam, a finishing, from beginning up to end you are reciting Holy Qur'an, every time you must look for something, you must reach something from veiled realities, and you can find it in the Holy Qur'an. Allahu akbar! And His holy book, also, that belongs to our Lord is akbar, through all holy books it is akbar. The greatest heavenly book is the Holy Qur'an. You may find in Holy Qur'an everything. Holy Qur'an is showing past times, perhaps reaching from pre-Eternal and reaching also to Eternal, Holy Qur'an. Because that Holy Qur'an is the holy words of the Lord of Creation.

O Salafi `ulamas! Do you know over the word "rabb" a higher word? You may say, "We can't know." We are saying in the English language "Lord." That is a holy name of Allah Almighty that belongs to our understanding levels. Therefore, every prophet just granted some holy name from holy names that are secret, hidden ones. Don't think that everything from heavens is open to people. There are seven heavens; why is it not 70, or 700, or 7000 levels? Why stopping at seven heavens? Sab`a samaawati wa araadi.

O `ulamas! We must not say for ourselves, "We are `ulamas," but it is more suitable to say we are taalib, learners, asking for more knowledge. Up to where? Allah Almighty is addressing to all Mankind, because He granted us something special in our being that only He knows its real position. That is ego. As much as you are giving, asking more. Therefore, common people in this world are never getting satisfied. If you are giving to him one palace, he is asking for a second one. If you are giving a country, he is asking for another one. If

you are giving to Mankind a continent, he is asking for another continent. If you are giving this whole world, he is asking, "I like another." That is a big grant also from Allah Almighty to His deputies. And our position is to be deputies, the lowest level for us! And then we are asking more and more, •••• ••• •••••••• hal min mazeed, "Is there more?"

Therefore, if Mankind is going to be able to put reins on their rides, nothing can stop them from asking more and more. But now we have been granted reins to know our limits, our matlab: the reins that catch us is death. Death is finally making our egos to stop, at least to come a little bit down, not to ask from something from maa siwaa, that means other than the Lord of Heavens, maa siwaa Huwa (whatever is other than He). Allah Almighty is granting such a position or such a talab, request, asking and running after maa siwaa. Beyond dominions of Allah, they are asking to reach, to reach, to reach, but holy Shari'at is reining them to know their limits. Allah Almighty is granting, but granting as a Sultan. That Sultan has Unlimited Dominions and giving slowly to Mankind, because they have been chosen to be deputies of the Lord of Heavens, and as such, they must have such a position or such a special being not to ask for more from maa siwaa. Not asking for dominions, but asking for the Lord of Dominions! Therefore, to be deputies is the highest level that may reach creatures. Angels are for Mankind, or for deputies as servants, all malakoot, angels world, angels dominions are for Mankind. Allah Almighty is not in need, haasha, impossible!

O all `ulamas from east, from west, from Muslims, from book-given `ulamas, you must try to reach to a level that in that level just going to appear such a dominion that you will say, "Ohhhh enough, enough, enough, enough," no more asking. As a river is running for what? To reach oceans. When reaching to its ocean it is saying, "Enough, enough, enough."

O People! Now we are like atoms. You know, O Salafi `ulamas, what the Lord of Heavens is saying? (Mawlana Shaykh stands.)

••• •••••••• •••••••••••• ••••••• ••••••• ••••• ••••••• ••••••• ••••••••••••

Yaa ayyuhal insaanu innaka kaadihun ila rabbika kadhan fa mulaaqiyyah. You, verily, O Man, are working toward your Lord a work which you will meet (in His presence). (84:6)

(Mawlana Shaykh sits.) That may give a khulaassah, summary for what we are saying now, that Mankind's reality or real being is asking to reach to their Lord's dominions and to disappear in Unity Oceans of the Lord

of Heavens! Until you are reaching, you are in trouble. When you are reaching, you are going to be an ocean!

O Salafi `ulamas! You must understand and you must try to make people understand about themselves. And when you are making people to understand something for themselves, there going to appear the secret of halaal and haraam! Orders or forbidden things, because orders taking you to oceans of dominions, but forbidden things making you not to reach to oceans of dominions. And if you are not reaching oceans of dominions of the Lord of Heavens, going to disappear. Wal mootu, death coming heavenly order for those people and when they are taken away, their ways from real way to oceans taken out and finishing. And then they are finishing, it means it is impossible to come once again to what they have been granted. That is naaru 'l-hasra, hellfire. They will be regretting that they lost their chance.

O Salafi `ulamas! Teach people that their real aspect is their Lord's Dominion Oceans are always under divinely appearance. You are looking and seeing on those oceans, real waves, real levels of pleasure of real pleasement, and you will see real lightening on it, showing you the real being aspects of the Lord of Heavens! May Allah forgive us.

O People! We must try a little bit to leave to be servants of our egos. It is a big blame for a person to leave the sultan's service and to occupy himself by looking at his donkey. Now all people are donkeys' servants, leaving servanthood of their Lord. How is this world going to be in pleasure? How will be their future in endless Enlightened Dominions?

O People! Allah Almighty's dominion is full with servants giving their whole beings for their Lord's divinely service. Try! If you are asking to be in safety and in pleasure and to be enlightened ones here and Hereafter, come and ask what the Holy Qur'an is asking to teach to you.

O Salafi `ulamas! Please say to them. They are saying, "That shaykh is saying something that we are not understanding." No, you can understand, but your egos are saying, "We are not understanding." Your real being of heavenly appearance is understanding and going to be happy, only your egos are going to be unhappy. Leave your ego and come to your real being that you have been granted from the Lord of Heavens, from pre-Eternal up to Eternal. May Allah forgive us!

Fatihah.

(34 minutes.) Enough, powerful coming, enough.

(592 people.)

Because it is Sunday night, people they are playing. (Mawlana Shaykh imitates dancing) Mashaa-Allah. May Allah forgive us.
Hisham Effendi not calling? May open to Shaykh Hisham telephone!

(Mawlana Shaykh speaks to Hajjah Naziha on the phone. Shaykh Hisham in Washington. Mawlana says in Turkish, "I feel happy when Shaykh Hisham is calling after suhbah.")

## Real vs. Synthetic Knowledge

Discussion at Breakfast with Shaykh Hisham

(Translated from Arabic)

Scholars used to have real knowledge. There are two types of knowledge: one of the tongue, the other from the heart. Real knowledge is transferred from heart to heart, but knowledge coming from the tongue is imitational and plastic. Now they are using plastic knowledge and not seeking the real source of the material. It is not understood. However, whether real or not, they don't even care to seek the real knowledge from the imitational one, which is cheap, as everything is cheap nowadays. Millions of factories today manufacture such imitated products such as synthetic diamonds. People also have also become fake, like plastic. There is a difference between real and unreal ones. Now the honor of human beings has come under the feet those who only appear good or respected (but whom are not); the others are rubbish.This is how they judge people. Humans beings have become like talking animals!

La ilaha illa-Llah Muhammadan Rasoolullah! Wa min Allahi 't-tawfeeq, bi hurmati 'l-habeeb, bi hurmati 'l-Fatihah.

(Translated from Turkish)

Nothing will go back to how it was before. Some say after this storm comes to an end, everything will go back to normal, as it was, but they are wrong. This will cover the whole world, not only the Arab lands. It is impossible otherwise. Prophet’s (s) ummah's punishment will take place in dunya; there won't be anything left (to judge them for) in Akhirah!

## Real doctors

Who is a real doctor? He is the one saving people from bad characteristics, giving them good attributes. Ordinary physicians save people from temporary death, but a bad character may cause eternal death. As much as people are not interested in eternal life, so many troubles are raining on them. As much as they are interested in eternal life, troubles are going away.

It is important for a physician to have inspiration to make a diagnosis. As much as a physician has a pure heart, he easily understands sickness, and prescribes a medicine. This is possible if he is beyond the love of money, only thinking of helping people and lightening suffering. Then Allah takes the veil from his heart and then he is successful. By helping people, Allah will help you. Most lovely to Allah is someone helping others. It is an honour for everyone. We must intend everyday to help others, not to help ourselves, and then Allah will help us. And His help is enough. If every person on earth gathered to help you, they couldn't do what He can. He gives pleasure, safety and satisfaction. You can't buy it. This is only for sincere servants.
You must ask for power from Allah Almighty's Power Oceans so that you can be able to help His servants.

## Real inspirations

In order to distinguish real inspiration from stray thoughts and the whisperings of Shaitan, wait and see whether that inspiration recurs or not. Divine Inspiration is not going to leave you until you do it. It will come to your heart repeatedly. Badness and wrong suggestions from the nafs and devils, stray thoughts, will not persist. And even if evil whisperings do persist, it will become clear that they are not good by a kind of disturbance you feel in your heart. If it is an inspiration, there is never going to be a doubt in your heart. You will find absolute satisfaction. But if it is from the ego, your conscience will not be at rest.

# Realities Hidden in Mathematics Oceans

Mawlana stands.

Allahu Akbar, Allahu Akbar, ant-Allah ant-Allah, Subhanallah, Sultanallah.

You are our Creator, we are your weak servants. O our Lord give us from Your endless blessings, forgive us we are always doing wrong things but You are forgiving.You are forgiving oceans for ourselves. Don't give us from punishment. We are weak servants. Whole praising and all glory for You, You are our Lord we are happy for that we have reached through Your endless blessings the end of this holy month. That it is one of Your biggest present to Your most beloved one's nation. We are happy, we are full with honor, we are full with Your blessings o our Lord! You are Sultan and You are Majestic and most glorious. We are trying to give to You as much as possible from our salutes. Heavenly salutes Divinely salutes. You have been granted by your Lord our humanity. You have granted whole nations from Your Divinely glory. Countless and endless blessings on you.

Countless and endless glory for you and whole dominions' blessings on you, O Seal of Prophets, that is your title for ourselves,but your title in Divinely Presence, no one knows except that One, that only One. Divine dominions granted to you eternal glory and eternal majesty, just you have been granted by your Lord Allah

Almighty. Ya Rabbee, give to him more and more, O our Lord. Give to him endless praisings and glory O our Divine One.

O our master, that you are following the steps of Heavens, asking to reach Divinely Presence of that one who had been granted by his Lord endless blessings from Divinely Presence. We are only asking from Divinely One from our capacity and our ability. You can't give to an ant what you are giving to an elephant. It is too much, too much therefore we are asking something like an atom from Heavenly Presence of most beloved one's dominions and we are saying A`udhu Billahi min as-Shaytan ir-rajeem. That is an order. (Mawlana sits)

That is His order, Almighty's order. O My people, run to Me because your worst enemy running after you to make you to put in a black hole. Heh heh, black hole very important, very important. O people, try not to fall into black hole and black hole's darkness dominions, no one knows. Not to fall one of that dark black holes. If you falling in it, can't be a second chance for you to come in existence. Therefore, look where you are putting your feet or where you are stepping!

A`udhu Billahi min as-Shaytan ir-rajeem. Big black hole, Shaytan. Don't approach to Shaytan, if approaching, swallowing...don't give to him. Give your mind to me. Big hole, big black hole, that is Shaytan, if taking down, no other chance to come in existence or to reach to enlighten beings. Enlighted beings Allah creating. He is Creator. Enlighted worlds, try to get in it.

When you are going to leave this life and taking out or taken out, look which hole you are going to be taken. If you are lucky one, you are entering through enlighted holes but it is not holes. Holes is a heavy word and fearful, but this, that is enlighted. When you are entering in it, endless dominions of enlighted territories and oceans you may find there. No measuring, no one knows beginning and ending. Try that you can run in such a dominion for understanding, we are saying enlighted hole. It is not hole, it is just different 100% ffom black holes. May Allah protecting ourselves. If getting in it no getting an end and they should be there forever, finishing and they should be in a terrible position.

Therefore, ....means giving good tidings and black holes, naziran, that means whole prophets they are belonging to enlighted worlds, calling O people follow us, reaching endless dominions of enlighted worlds. Come and follow me. beware not to fall into black hole. that black hole that making anyone falling in it one part from that darkness world, and finishing...up to eternal. Come and accept, O people, eternal life! eternity

through that enlighted dominions giving you more and more lights, giving to you more and more unexpected territories, you never seen or heard or knowing about that ones. Come and follow us, the Seal of Prophets saying, come to me to the lighted dominions.

O our Lord, you can only say His holy name (stands) Allahu Akbar, Allahu Akbar, Allahu Akbar. This is the last day of holy Ramadan, that holy command from Heavens reaching to our planet. Don't think it is one planet. countless, countless. Creation like stream, getting out and running, running. Some of them running through enlighted dominions, some others running after black holes that people there knowing that black holes... finishing, finishing, swallowing. No any chance to come back for reaching enlighted dominions, enlighted oceans of dominions.

O people! O people! Assalamu alaykum. I know nothing, but it's a grant from our master that he is responsible for this world. Master, he is captain, pilot. So many helping in plane, but one, one it is captain, pilot. Yes? (na'am, captain) Captain on this planet, there is one as there is one pole star that never moving east or west or north or south. Fixed. This for each planet, there is one for countless planets, not planets, countless, countless galaxies. Each galaxy, no computer may add them... what is unique, He is Lord Creator, means never stopping His creation creating, creating, creating. On this planet there is captain who looking for everything, countless command for ...our small planet belongs to that one, never changing pole star. He is that one what sending someones' hearts or their understanding, to know and to follow.

I am nothing and we are nothing, but some ways from Heavenly dominions reaching to masters of creation and their command reaching. They are so small ones, but for directing people not to fall into, into, what saying? trap (tricks and traps) trap of black ones, black holes. Sending these planets, how it is moving no one knows. Only that one knows, captain, he knows and he is making its way. O people, today last day of holy Ramadan, glory to Allah Almighty! we are so small beings but granting us big understanding. Therefore, Allah granting mankind to be His deputies, physically so small but giving us such big understanding.

You are perhaps less than an atom but your understanding so big therefore, rabbi in time of Prophet, the Seal of Prophets (s), most glorified one in the Divinely Presence. Jewish people asking, "O Muhammad, can you tell us about our spirit? (soul) soul, soul... what is soul?" and Holy Command coming,and saying, 'you can't understand'. That is coming from the Lord's command, that is something from the Lord's will. Another level.

There is a level of creation, only the Lord saying... Be and it will Be. No one can understand the secret power, that only going to be the Lord's representative, to be for the Lord of Heavens deputy. Who is deputy? He never needs for a deputy, but for giving this highest honor among whole creation, from (eternal) up to eternal, pre Eternal up to Eternal. Highest honor that granted any creation, that level be level muntaha (absolute) no, this level highest, last horizon that may reach anything from creation. Last horizon, beyond that no one can find a way. We have been granted therefore saying for rabbis, you can't ask this, you never going to understand it. Leave this, that is Lord's Heavenly statement. Yes? O the Lord's whole creation, you can't ask this, you can't understand it. Stop there. That is only His holy command, to say 'Be' and it come in existence. No one can understand that last level.

And today we are reaching the last day of holy Ramadan, and as we saying, I know nothing but can only understand the spiritual relationship of such levels of spiritual worlds, making me to speak something that myself or you never knowing. No one (can) spoke on it before also. Therefore, Subhanallah, whole glory, absolute glory for Allah, He is keeping that secret.

Today, people so proud for their knowledge and showing them something through space. Knowing nothing. Space can be space. What is it? majestic, gigantic, another star? Galaxies, coming and disappearing, they reached. The Lord of Heavens making them to look and to understand through their arithmetical authority that they have been granted and they are not looking and seeing this, but through their ? (calculations, arithmetic,) mathematic authority making them to looking and seeing but not understanding. There is one number, may be this a key for opening countless openings ...what is that number? ...that is, for space from this countless energy power you can't imagine and going to be under control of nineteen kinds of powerful beings. That may be, not may be, but that nineteen numbers opening countless haqiqat, more than realities (truths) true? opening countless and endless majal, dominions. That nineteen is such a powerful number that everything on this world and through this space and through endless dominions of Heavens, this nineteen, number nineteen, giving, giving, giving from unknown through endless realities.

Therefore, not seeing through telescopes, no! Looking and seeing through that number that opening high mathematic knowledge openings. Mathematics is endless oceans. Mathematics, if you are entering, you can't find a beach, if digging you can't find an end. Allah! that is mussakhkar... just, just that number granted for

man's understanding, to look and to find such a very, very secret points of this being of this worlds universe. They are... small understanding people, they are joking with people and saying, "O the beginning of this universe was only one atom and coming from Big Bang." That is only for small ones. They know it is baatil, false but they are saying it to come peoples understanding upside down. Lord's creation from pre Eternal up to Eternal... how you prove? but they are graduated by Shaytan.

May He forgives us but this is last day of holy Ramadan and we hope that our Lord forgives us from every wrong imagining, every wrong thinking, actions, actings. We are asking, O our Lord, give us, grant us something, some knowledge for Your creation. we can ask from you, O our Lord, grant in this last day endless mercy oceans and blessings. Don't let us to be those people who coming your cursings and send us someone teaching and coming in front of You with our faces shining and happy.

dome dome dome dome dome dome dome dome

(50 min)

**The Reality Behind Illness**

Ya RijaalAllah, madadikum!

As-salaam `alaykum our listeners As-salaam `alaykum `ibaadullah, as-salaam `alaykum servants of our Lord. We are all servants. We must know that we are servants.

Allah Allah, Allah Allah, Allah Allah, Allah Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah subhanAllah
Allah Allah, SubhanAllah
Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah Sultan Allah

From pre-eternal up to eternal, O our Lord. You are Lord. Absolute Lordship only for You. Nothing in existence, You are the only One. You are Creator. If You are not creating nothing coming to be in existence.

Madad ya RijaalAllah. O Holy Ones! O precious Ones! O diamonds. O rubies! O pearls! Give us from your holy powers. O precious ones!

Huuuuw. Give us heavenly powers that you have been granted by the Lord of Heavens, and you can support; only you can support. No other creatures can be able to support. And we are asking your support, heavenly support. If you are not supporting us, we cant speak; we can't say anything; we can't do anything. O precious ones! O pearls from servants of our Lord!

Servanthood (is) highest honor that we have been granted by our Creator, the Lord of creation. O people!

Say: a`udhu billah min ash-shaytan ir-rajeem. Say that you are running away from evil and devils.

Run away! It is not your honor to be with devils. And it is not your honor to occupy yourselves by evil, O our Lord's most expensive, most selected creatures. It is not your honor to work for devils. It is not your honor to occupy yourselves for evil. O precious ones!

Hear and listen! If you are asking your Creator's Pleasure with you, try to do good things that giving pleasure, first of all to creatures. Try to do lovely things so that every creature may run to you and giving their congratulations to you; giving their thanks to you, and honoring you. That is the ways of the Lord's messengers. That is very good, very important.

Therefore say, "O our Lord! We are running away from evil and devils because it is not honor for honored one to work for evil and devils." Take care for you! (ask) "What I am doing? My doings gives me an honor; gives to me what I am doing, giving to creatures an honor?"

You must think if your works giving honor to nature; you must think what you are doing or your doings giving lights to this planet?

Come and think on it. That "(Is) what I am doing giving an honor to nature and everything that living on it?" Look if giving to you honor what you are doing, the Lord of heavens asking to grant to you honor. When the Lord of heavens giving to you honor, when you are doing something that something giving honor to everything around yourself; giving honor to that planet; because so many millions of creatures they are going heavy burden on shoulders of this planet, dunya.

Because what they are doing from bad things; dishonored things, that dishonored things giving to earth so heavy burden and asking, this earth, to throw them away from its shoulders.

O people! Think on it. And try to do honorable services that giving to you honor in the Divinely Presence. Try to do that . Think on it!

Don't complain from so many things that happening around yourself. You must know that if you are doing honorable works, honorable actings, honorable actings and doings, that gives you honor. And if not, a heaviness comes on you, landing on your being; landing on your head; landing on your heart; landing on your

physical being. Because what you are doing something that it is not honorable actings, coming and settling through your head, through your heart, through your physical being.

Now people ninety-nine percent they are complaining. They are not happy. Complaining everyone - they are saying, “O my head!” So many ones saying, “O my heart!” So many millions saying, “O my stomach!” So many millions saying, “O my back!” So many millions they are saying not stand up, coming down. That is important for them. But they are not asking the reason: “what is the reason?” they are not asking.

They are only looking a material look through people and beyond that physical being, nothing. And they are (thinking that they are only) physical beings just ta-aththara affected from material reasons.

No, it is not a material reason making you to be unrest or making you to complain or making you to be sick or making you to be in imagination (awhaam) they are thinking like this and thinking like that and saying “that reason making me unrest; that reason making me unhappy. That reason making me not to be (not) restful, that reason, that reason.”

People are runninng behind reasons and that reason never troubling a person if the Lord of heavens not punishing that servant. Because that servant occupying himself with such a dirty thinkings; with dirty ideas; with dishonored works, that is the main reason for that person to be unrest(ful) and they are looking to find a reason through material reasons, or physical reasons. They never thinking that dishonorable works, actings, going to be headache for them or to make them to be unhappy; to be in troubles; to be in pains; to be in such a trouble.

O people! Now listen to me! I am only a weak servant and I am only translating to you some realities, and it is not from me but it is something heavenly reaching to my heart to address to you.

Whole troubles, whole miseries, main reason is that that one (is) working or doing dishonorable things. They are occupying their physical being with such a dirty doings, dirty works, that making them to be in troubles, to be in miseries, to be unhappy, to be in negative way through their mentalities, through their hearts. That is so simple. That is from beginning of Adam Alayhissalam up to day that has never changed - (that ) rule.

(Allah saying: ) “O people! If you are not following honored way, and if you are not doing honored actings, I

am sending on you somethings to make you to always in troubles."

There is misery oceans, suffering oceans, for those whom they are not looking and taking honorable works, honorable aspects that just now whole world they are atheist people, they are not believing in such a thing that I speak on it. Then this heavy burden coming on them and then even the air we are breathing, air that it is poisoned.

Think on it.

Everywhere they are saying "So many so many illnesses! So many troubles." Their real reason they are saying is coming from dirty air, what they are saying poison heva, (air) not nadheef (pure), poisoned air everywhere. What you are breathing is poisoned air. Full, from east to west (and) from north to south and people yet Shaytaan sending them to be in big cities to breathe more and more poison atmosphere to be falling in much more troubles. Countless doctors, countless hospitals; endless deva, medicines. Never giving a rest to people's physical being and if physical being going to under that heavy pressure their mentality also going to be frozen. They are not understanding and they can't think on it. Because they are running away from their Lord and they are running away from honorable works and honorable actions, and coming running, going through black black oceans, black oceans that poisoned oceans they are falling in it. Therefore people as much as coming new medicines, hundreds and thousands of physicians, hundreds of hospitals, never giving to them a satisfaction; never giving them a real rest and real health.

Real health just finished now on earth.

O people! Come to me. I am weakest servant and I am calling you to truth. Use what Prophet (s) saying and what prophets bringing from heavens through their holy messages. Come and keep that holy messages from heavens to be your lives in safety, in pleasure, in goodness, in lights, in restful. If you are not doing this you are going to be ground with every kind of miseries, and troubles should rain on you. You are going to finish.

May Allah forgives us!

O people! It is a very important association that just I have been granted today from my spiritual center that I am belonging to them and I have been ordered to warn whole nations and also they are making me to show

them the right way for save themselves, physicallly and spiritually.

Dumm, dumm, dumm, dumm, dumm,

That happiness just finished. So many kinds of music, never taking away from people that troubles. They are getting in it and getting out same.

(singing)
O people! You must know
... iyyy uuuh kulllu maa...
O people you must learn that is ...
Baa bee boo kullu maa baa bee boo
You must follow the ways of heaven, O people
Don't run away
Don't run after Shaytaanic ways
Dishonored works making you always carrying
you always to come down through darkness oceans
Through misery oceans, through suffering oceans
Tastanaani talmanti kullu maa taa tee too
Saysunanee salaanee salmaanee saa see soo
Kull maa soo saa see soo
O people!
Try to hear heavenly singings
through your souls
And hearts

Allah, Allah, Allah, Allah Allah, Allah Allah Allah, Alllah Allah, Allah Allah Allah Allah Allah Huwa Allah Allah Allah Huwa Allah

As-salaam `alaykum.

Ok?

Allahu akbar, Allahu akbar la ilaha ill-Llah. shukr Ya Rasulullah.

Ya Sayyid al-awaleen wal-akhireen, as-salaatu wa’s-salaamu `alayk.
Ya rijaalullah amadana bi madadikum.

## Reality in the Divine Presence Never Changes

Dastoor ya Sayyidee, madad.

(Mawlana Shaykh stands.) Stand up for the honor of the Seal of Prophets. We are saying Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! (Mawlana sits.)

From pre-Eternal up to Eternal, we like to say this that you may be holy ones. We are going to be dressed a dress of honor from heavenly levels. O People! Beware, don’t lose your precious life. Don’t lose your being through this life. Try to reach more and more glory and honors from heavenly levels. O our Lord! Forgive us and bless us. We are weak servants and we are giving our most high honors to the most honored one in the Divine Presence, Sayyidina Muhammad (s). O our Lord! Zidhu, give more and more and more to Your most beloved one through Your Divine Presence. Alfu salaat, alfu salaam `alayka wa `ala aalika wa ashaabika...ila yawmu ‘d-deen.

We are asking from Allah Almighty to grant much more honor to the most high one in the Divine Presence, and also to be decorated by ornaments for the honor of this night. We hope that the Lord of Heavens grants us also from the honor of this holy night. That is most perfect. There can’t be any imperfection. Everything must be perfect. Allah Almighty likes everything that His servant is doing to be perfect. You are the only one

who can do intercession in the Divine Presence; his declarations are through his teachings, because the Seal of Prophets (s) is the teacher for everything on this planet!

Forgive us and grant us from the holy levels of heavens! We are happy and we have been honored to be here through such a holy meeting. Not only this planet but countless planets and countless worlds. Countless dominions are full with creatures. You can't add them. An association; and we hope that they should grant us much more honors through that heavenly declaration which we are representing. The holiness of heavens on this planet.

Now we are coming and asking from the master, from the guide of this world, the pole for this planet. You can't send a car without a steering wheel; there must be one. Everything that the Lord of Heavens is doing is well known through the Seal of Prophets' ahadeeth. How they should reach to their heavenly beings or how they should reach their holy beings. You can't reach to them. Everything that the Lord of Heavens is doing is just perfect. Now; one of His deputies on this planet had been dressed with a wazeefah, a mission. It is just granted. That mission that he had been dressed with must be perfect. It can't be imperfect. Therefore, such heavenly ones have a perfection granted to them from heavens. They have been dressed and also just granted power. As much as they may need, the power is going with them. It is never leaving them. If that power is leaving them, this falling down as nothing and coming to the point of zero. But when that heavenly power going beside of that one or through that one, there must be perfection for reaching to his mission. May Allah grant us, for the honor of the Seal of Prophets, something to understand.

We are working on it. They are working to teach Mankind about their holy beings. Everyone is just granted a physical being, but at the same time they have been granted another being. That being is going to be heavenly being. It is everything that all the Prophets coming to teach people and finally, the Seal of Prophets (s) coming to teach people. Yes, sir! When they are reaching to their holy beings; we shall come on that point. Someone is asking and answers are coming. I am directing that question to the master of this world. He must know everything that we can ask. We are saying, whole greetings to you, O our master.

The greetings that we are saying to the master of this world are not material greetings. They are not greetings from a physical being to another physical being. But, when we are saying, "Greetings on you," we are asking for greetings from heavens to reach him. And when we are asking, he is also sending us from his real

heavenly being some rays of heavenly lights. They are reaching our hearts, to make it to work and to understand.

O People, who are asking to hear something else. Every night it must be something else. Even, every hour it may be something else; through every minute it may be a special reaching and understanding coming to you. And in less time, the smallest time; there is something new coming through that smallest part of time. There are minutes and seconds. Though you may go down you can't find an end when you are dividing time. You can't find an end. That is the Greatness of the Lord of Creation. Yes. He is granting us new understandings every time. New ones are coming every moment and every second. This one never going to be same as that because Allah Almighty never making a photocopy. No!

Therefore, all minutes or seconds have a special being; with a special understanding, special lightening, special wisdoms. He is Lord of Creation. Everything that you can imagine and beyond that imagination, the Lord of Heavens may bring. New ones, new ones, new ones. Even when we are saying "new", the second "new" is not the same as the first "new." We are reaching one level and you are saying it is a new level. Then the Lord's command is to take you from that level to another level. It is not the same. Everything, even the word, "new" is changing. How many words can you speak for giving an explanation on "new." You may say two or three different words for understanding but when the Lord of Heavens giving a new "new," the new "new" has another name. It has another meaning, another understanding and it has other lightenings. La yashbahu shay'an, nothing can be similar for the Lord's Being. Mukhtalif, everything is in contrary to what we are knowing. That is Allah. Allahu akbar! Bismillahi 'r-Rahmaani 'r-Raheem. Ya Rabbee laka 'l-hamd. Shukr ya Rabbee.

We are in need more and more. You can't say that His existence is different if He is not giving what creation needs in every moment, or second, or third. His existence is just different for everything in this existence. (Mawlana expresses his awe of Allah (swt)). In every minute or in every second, no need to be changed; may be in its same position but another being coming. You may be astonished from that and over that another understanding is coming. Another world or another level of life; that is never going to be same or similar to what you are in. Allahu akbar, Allahu akbar, Allahu akbar. This thing(s) that we are granted to say to people is a teaching and training for an understanding that is getting up and up. Wider and higher, wider and higher, wider and higher. You are going to be astonished what is happening. He is Allah Almighty! Everything must

be new!

Therefore words in Arabic, kullu jadeedun, ladheedhun, every new one is going to be much more tasteful. Allah Almighty never coming through matooq or to be surrounded. No! Leaving Him; everything that belongs to Him is on heavens. Seven heavens. How many heavens is each heaven representing? Countless heavens through each heaven. We are knowing Seven heavens but you can't reach an end through each level of heavens. You can't reach an end, adding the numbers through the heavens from heavens.

You must be happy. O People, come and listen. (Whom) they are coming from holy words of the Seal of Prophets. We are not reaching to the Holy Qur'an. The Holy Qur'an is only opening for the Seal of Prophets. The Lord granted it to him, hand by hand. What about Jibra'eel (a)? Jibra'eel was only as a shaahid; witnessing. The Lord of Heavens was granting to Jibra'eel and his holy being. And Jibra'il's holy being bringing it to the first level figure of the Seal of Prophets on this planet. And Qur'an Kareem, holy book descending, coming. What do you think about Jibra'il (a)? Where is his station? In the Divine Presence? Yes. Or on Earth? Where he is coming for bringing Holy Qur'an to the Seal of Prophets? Is he coming from his real station, coming down? What do you think? He is in the Divine Presence like this? If that command is coming, he is leaving and coming on Earth from Sidratu 'l-Muntaha, (the Lote-Tree of the Furthest Limit)? How? So many secret knowledges that people can't be able to open until their physical being is going to be melted, finished. When finishing you can understand. Only one figure coming on Earth in front of Prophet (s) by the holy command of Allah Almighty. And don't think that the Prophet's real being is on Earth. No.

You now have a small camera. You are looking and it is showing. You are here, speaking, moving, sitting and standing. But... you are not here; but also you are here. Moving and speaking. How it can be in such a way? At least, for understanding through that machine, you are going to appear as people but your real being is not there. Therefore, when revelation coming don't think that Archangel Jibra'eel with his greatness is coming on Earth and sitting with the Prophet. Only that surah, picture is there. You are looking and seeing here; real being is there. Can't move, impossible. Impossible for the Seal of Prophet (s) and other prophets who are always in the Divine and heavenly Presence to leave that and to come on Earth. No. What is just shown is as that machine is showing you. Jibra'eel has hundreds and hundreds of wings; that is the greatness of wings; you may put on it such and such planets, like our planet and never feeling or getting to be heavy on him. That is reality. That is from that reality; a looking, an appearance. Therefore, appearances are countless. But real

reality in the Divine Presence can't move. Can't move and we are here. What we are saying is always for the Greatness of the Lord of Heavens. You are thirsty and you are drinking one cup of water and at the same time your whole body is leaving to be thirsty. How it can be?

And new teachings are coming for making heavenly positions more clear because we are reaching the end of the period on this planet. Last Days are approaching and this is a new opening. Before no, but now it is opening. Forty years ago such instruments were never in existence. Understanding for it now, but at that time we were not using such things because it was not open. Now every secret ocean(s) is getting to be open through an atom for Mankind. And that atom is going to be as an ocean for Mankind.

O People! Beware! Shaytan is trying to reach to peoples' minds and to spoil the understanding of Mankind; so that they are not understanding anything for the Greatness of the Lord of Heavens who created Man. And to make people to ask, "How!" Where is Allah!" If you are saying, "With you," he is saying, "No." How you can say no? If not there, how you are going to be in life; going, coming, eating, drinking and understanding. By yourself? It can't be. We are not seeing, coming from outside but our relationship is coming from heavens. Mankind's relationship is always through heavens.

O People! Try to collect heavenly inspirations. heavenly inspirations come to you to give an opening for new understanding through endless levels of understanding. That is our mission. He created and He is asking His creatures to know their real identity. Real identity can't be known through yourself; may be through your connection; through your real being through heavens. May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah

Dome, dome, dome, dome 8x

With heavenly music, realities reaching to our real being and you are going to be so happy, in pleasure and in lights, you can't bring any description on it.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah

Allah Allah, Allah Allah, Allah Allah , Sultaan Allah

Dome, dome, dome, dome 4x

If a person is reaching such a level it is because he is enlightened and granted a holy taste from heavens. If he had been thrown through Hell he is never changing, never understanding what fire making on his physical being. Thanks to our grandshaykh also and the Seal of Prophets (s), Allah (swt) gives more and more honors and we are making our sajdah for the Lord of Heavens, our Creator.

Allahu akbar, Allahu akbar.

Fatihah.

## Reality of "The Renaissance"

(Mawlana Shaykh stands) Allah Allah, Allah Allah, Allah Allah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Sayyidina wa Nabiyyina wa Mawlana Muhammadun Rasoolullah (s). Allahuma thabitna `ala al-Haqq. Yaa Rabb al-`izzati wa'l-`Azhamati wa'l-Jabaroot. Yaa Rabb! Aghithna bi-nasrin min `indik. Allahuma salli wa sallim wa baarik `ala habeebika wa nabeeyika, Sayyidi 'l-Awwaleen wa ’l-Akhireen, Sayyidina Muhammad Mustafa (s) wa `alaa aalihi wa sahbihi wa man tabi`ahum bi ihsaanin ila Yawm ad-Deen. Yaa Rabb! Aghithna bin-nasri min `indik. Yaa Rabbi 'l-`Alameen. Thumma as-salaatu wa 's-salaam `ala Khaatim al-anbiya wa 'l-mursaleen wa ashaabi 'n-nawbati fee hadhihi ad-dunya. Yaa Rabb! Aghithna bi-nasrin min `indak yaa Rabbi 'l-`Alameen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh sits)

As-salaamu `alaykum, yaa Qutb al-Mutasarrif. As-salaamu `alaykum, yaa `ibaadAllah as-saaliheen wa rahmatullahi wa barakaatuh `alayna wa `alayhum.

As-salaamu `alaykum, attenders of this humble meeting, those who are asking to know something, to learn and to act. As-salaamu `alaykum! O our Lord, give them such power that they will be happy by using that power for a heavenly sake, which is carrying them to Allah Almighty's pleasure, so they will reach it. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands and sits) It is

a very, very small salute or respect for our Lord's orders. We are trying to give on the lowest level a t`azeem, glorification, for the smallest rule, the smallest order.

O our Salafi `ulamas! You are claiming you are `ulamas. What are you teaching people? Say! Wahabis are no-mind people, leave them, come to me. I am nothing, but Wahabi people are claiming that they are such important ones because they are putting `aja'iboo 'sh-shakil, an amazing beard and putting nothing on their heads. They are never putting anything because there is nothing inside their heads also. It is empty, empty. Therefore, they are saying, "For what should we put something on our heads? Leave our heads to be nothing on it." Because, I am saying, there is nothing inside as well, empty, empty. They are using new fashioned clothes also. Some of them are also using ties and golden rings on their hands. And they are keeping their forms just to be seen by western people, to show that they are following western fashions.

They say, "Come to us, because we are not such fanatics, but Shaykh Nazim and his followers are fanatics! We are fashionable people coming to America, to Europe, and to western countries, and we believe that we have reached the top level of civilization. We are not fanatics as Shaykh Nazim. He is making dhikr, saying, 'Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.' We are so modern and polite. Shaykh Nazim and his followers are trying to bring old Islamic fashions but we are trying to renew Islam, just as Europe did in the Middle Ages, when people stood up and got involved in the Renaissance!"

A heavy bombarding on Shaytan and its followers! Europeans were following their old-fashioned religions, living a humble life, but Shaytan is always making its agents among nations. They said, "These popes and churches are keeping you to be as you were before 1,000 years ago. No, you must improve from one level to another level. Churches, popes, and bishops prevent you and we ask that you change your lifestyle with new lifestyles." And they told people, "You are sleeping, never asking to wake up and look around at what is in this world. This world is just a grant from the Lord of Heavens, and therefore, you must try to take as much as possible from this world's pleasures! Churches are making you to always follow old-fashioned ways and making you sleep, not looking for pleasures for this life, always saying, 'There is Paradise, there is Hell,' and you are imprisoning yourselves at a very narrow level. Really there are endless distances for your lives the Lord of Heavens is opening to you. Get in! Take your pleasure! Don't follow churches, popes, patriarchs or rabbis, no! You must try to open. Wake up, O people! Renaissance means that quruunu l-wustah, Middle Ages-people are all sleeping, not looking at the pleasures of this life. Therefore, we must wake up. We must

wake them up.”

The Renaissance was taking everything from the authorities of holy ones who were calling to the Kingdom of Heavens, saying, "Leave that Kingdom of Heavens! Come, that we may establish the Kingdom of Heavens on this planet." That is "the Renaissance". And who was their teacher? Shaytan! Its teachings are, "Leave Jesus' (a) teachings, leave Moses' (a) teachings, leave the Seal of Prophet's (s) teachings. Come and wake up, look at this life's pleasures, and don’t follow such an untrue calling from churches or holy ones. Wake up!" That is the meaning of Renaissance. And now that is finished. Every nation in Europe, in the Christian world, is standing up and rushing on churches and taking authority from holy ones, and it giving to tamtheel, representatives of Shaytan. That is the meaning of Renaissance! These words have never been written in any book. Now it is time to make clear for all nations the meaning of Renaissance, in which billions of people were killed, and by dying everything is finishing, so it doesn't matter. But after the killing and dying, mostly they were denying every holy order and heavenly command, and they were just thrown into Hell.

Now in the same way there is fitnah in Islam, changing goodness to badness. Fitnah, trouble, is bringing shuqook, doubts to the minds of people. That happened in the Renaissance, the days of devils. Devils asked to come in power and they did their worst, they never did their best. Now, Wahabis are running on the same steps, saying, "We are not accepting old-fashioned people, because they say they are tariqat people, following Sufism." Therefore, Wahabis say, "Sufism prevents you from improving and reaching much more pleasure in your life!" That fitnah, trouble, that began with Muhammad Abdul Wahab Najdi. He opened the door of fitna, and said to the Islamic world, “You are on the wrong way because you are following Sufi ways.” And for Sufi people, the most important aim is to reach heavenly stations! They are never asking for dunya, as it is the lowest level of life.

That person was saying, "No. I am teaching you some new teachings that you must leave old-fashioned ways. They are giving their most respect to someone, and making them to be respected." Yes. If no respect, no Islam!

•• •• •••• •••••• • •• •••• •••••• •••• •••

Man lam yuwwaqqir kabeerina wa laa yarham sagheerana fa laysa minna. Who doesn’t respect our elders and who doesn't give mercy to our young ones is not from us. ~Muslim

What does it mean? Say! Wahabi `ulamas! Wahabi `ulamas are no-mind people. But, Salafi `ulamas, is that a hadith or am I bringing it from my knowledge? What are you saying? Man lam yuwwaqqir kabeerina wa laa yarham sagheerana fa laysa minna. And you are trying to change everything in Islam, that the Seal of Prophets (s) was saying, "You must give your high respect for respected ones." And who is the most respected one in Islam? Say! Who is the most respected one in Islam? (Mawlana Shaykh stands) Say! Sayyidi 'l-Awwaleen wa 'l-`Akhireen, Sayyidina Muhammad (s)! Say, if there is anyone more respected than Sayyidina Muhammad (s)! You know that respect! You are mulook or you are imaams! (Mawlana Shaykh sits) Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. How are you claiming you know hadith and Holy Qur'an? How are you claiming you are Muslims? That is hadith, "kabbir, kubbir!" "Give your high respect (to those who are in respected positions)." Man lam yuwwaqqir kabeerina. What does tawqeer mean? You are not understanding? Give your high respect to whom? To those who are the respected ones in Islam, because they are on the way of the Seal of Prophets (s)!

Therefore, how was Muhammad ibn Abdul Wahab fighting the hadith of the Seal of Prophets (s), that he said, Tawqeer, tawqeer! "Give your high respects to those who are respected by heavenly ones." Muhammad ibn Abdul Wahab said, "No! We are not accepting anyone to be respected! We are muwwahhid, we are saying, 'Respect is only for Allah!'"

Allah Almighty is Glorious! His Majesty, His Glory, and His Might has no limits! We said it or not, "He is Allah Almighty"! Takbeer for Him! To say (Mawlana Shaykh stands ) Allahu Akbar, Allahu Akbar. Laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Takbeer is for Allah, tawqeer for His servants who are keeping the real way of the Seal of Prophets (s)! (Mawlana Shaykh sits) SubhaanAllah. Laa ilaaha illa-Llah.

Muhammad Ibn Abdul Wahab began to kill muwwaqar ones who are respected among the ummah. He killed them, and then came to them and said, "In the cemeteries are respected ones? Take their tombs away! Don't leave anything for them, there is no tawqeer for them!" Prophet (s) is saying, man lam yuwwaqqir kabeerina. How are you doing this? If it was munkar, abhorred actions, why are you leaving the holy tomb of the Seal of Prophets (s) in Madinatu 'l-Munawwara, why aren't you destroying it? Come and destroy!! Your madhhab is wrong madhhab, not wrong only but a shaytanic madhhab! May Allah forgive us! That is balaa, the biggest

cursing on the ummah, and those no-mind Wahabi people are following them, saying, ”No tawqeer, no respect to anyone else, only for Allah.” Yaa Allah. Allahu Akbar al-Akbar!

We are speaking about the level of Mankind. If you are saying, "All of us are on the same level," then what does (the hadith):

•••••••• •••••••• •••••••••••••

anzila 'n-naasu manaazilahum (give people the respect they are due) mean? (Mawlana Shaykh stands) "Put people in their proper positions, give them their due,” wa li-kullin darajaat, "And to each a rank."

We are not on the same level, wa li-kullin darajaat. How are you saying that all of Mankind and mu`mins are on the same level? No! It is wrong! (Mawlana Shaykh sits) Allah Almighty is saying, Wa li-kullin darajaat. How are Wahabis saying, "no darajaat"? And Rasool (s) is saying! (Mawlana Shaykh stands) You are not knowing hadeeth un-nabi ash-shareef (s),

•••••••• •••••••• •••••••••••••

anzila 'n-naasa manazilahum. Give people the respect due their stations.

What is the meaning? (Mawlana Shaykh sits)

Allahu Akbar `alaa man takabbara wa tajabbar. (Allah is greater than the proud ones and the tyrants).

Wa afsaadan nafs, afsaloo nafs! They are doing Renaissance in Islam also, with Muhammad ibn Abdul Wahab al-Najdi. But now it is finished, nothing. Now they are struggling to bring their a`qaaida 'l-baatila, false beliefs, but no one is accepting. They are finished. It is as a field; when first growing it is green, but after a while it is going to turn yellow. As much as you are giving water or fertilizing it will never be green. Therefore, they are trying now to bring what they did before, but it is impossible. They are wasting billions, but they can’t do anything or change their colors, finished. Therefore, O Salafiyoon, beware from batsh Allah, “Allah’s fearsome revenge.”

••••• •••••• ••••••• •••••••••

Inna batsha rabbika la-shadeed. Truly strong is the Grip (and Power) of thy Lord. (85:12)

Aataakum fursa, (you were given a chance) but you use it in a wrong way and you must fear, inna batsha

rabbika la-shadeed. Amaan yaa Rabb.

May Allah forgive us. Forgive us! Give us someone who will be sultan on the ummah. Bi jaahi man anzalta alayhi Surat al-Fatihah.

People must accept what is true and what is wrong. They must know, they must know. They may do everything; I am a weak servant here and I can do nothing, but they are claiming they have powers, armies, air forces and so many things, but they can't do anything. Haqq is up and baatil is down!

Fatihah.

## Reality of Values of Life

A life spent on nonsense things which will be finished when you die, has no value. Don't waste this life on nonsense titles, nonsense properties and nonsense values. All that will stay here when you go into your grave. It is the biggest foolishness of mankind to fight and quarrel about values of no sense. Billions of people are lying underground who have wasted their lives like this. Do you think that if someone gives you a chequebook it will be useful there? In this life a chequebook can make you a king, but in the grave you can have ten of them and it is rubbish. People are running after rubbish.

Everyone has to accept realities. One reality is that we are living and our life will end in the graveyard. Whatever you have collected will be rubbish.

## Real Knowledge is Heavenly Knowledge

Madad ya Sultan, madad ya Rijaal. Allahu akbar kabeera, alhamdulillah katheera subhaanAllah wa bihamdihi bukratan wa aseela. La ilaaha illa-Llah, La illaaha illa-Llah, La ilaaha illa-Llah, Sayyidina Habiballah Muhammad (saw). Whole praisings, whole glory for our Lord Allah Almighty. If He granting to anyone, no one can prevent it. And Allah Almighty just honored His most beloved one through His Divinely Presence, Sayyidina Muhammad (s), alfu salaat alfu salaam `ala Sayyidina Muhammadin wa `ala aalihi was Sahaabati wa sallam. We are asking for your intercession, Ya Rasulullah (s). We are asking you to make you to be happy with us. Help us, your talab request is never going to be refused. (Mawlana sits)

And we are asking our masters support, that he is the master of our planet. He is directing it on its orbit, as well as the orbit of the solar system as well as our galaxy, going on. But through everyone, there are some others masters. And our master, he has such power to look after our planet. And Allah Almighty is honoring his deputies whom they reached to be real deputies for representing a real deputy. Granting to them such a heavenly power, and whole heavenly powers beside of divinely level going to disappear, because absolute Kingdom, absolute Territories, absolute Dominions, absolute Oceans, absolute endless countless kinds of Creation.

We are now on our planet. It is so big through our sights, but it is going to be less than an atom. That through

atom, there is big difference. Yes. They are moving smaller and making an atom. They are so small, but in our sight, it is so big. Countless, they are saying that we are balancing heaviness of this planet. That is like fairy tales. If that is their imagination, it is not reality. Because it is impossible for a man to bring a number about the weight of this planet. You must have a balance in two places. One you may put our planet and you may put as a measure a second one and to look its weight. But people saying us such a thing. Doesn't matter dhaalik mablaghahum mina'l-`ilmi - that is according to their very small knowledge, they are trying to give something for people's understanding. If a person may think on it, he may understand something.

And I am surprised always that the speed of this planet. How much it is or how many miles through a second it is moving? I never heard such an answer for such a question. What is its speed? Even a small car there is a speed meter. People looking and understanding. But this, even one of smallest heavenly being, this world. But it is impossible for anyone to say its speed through not second, not third, not fourth, not fifth and you may go up, up, up. And time, we are dividing it smaller, smaller, and smaller. As much as you can imagine, time going to be divided. It is azamatullah, that is holy greatness of the Lord of Heavens.

We are not speaking about that for Divinely Levels, it is impossible. Therefore, impossible is forbidden. Don't try. But we are only asking to those people whom they are claiming, "We are understanding only positive knowledge." And therefore, I am asking those heedless people, "What do you say about our planets speed through a second, or through a minute, or through an hour, or through one day?" No one can say an exact answer. That means what they are claiming and saying that, "We only understand positive knowledge." If it is true for them, I am asking beyond their positive knowledge something to say to answer. And they are so foolish ones, even they can't know a speed through a second for our planet.

They are claiming that the beginning of the universe... With which authority you are saying this? What is this foolishness? How can you say this "that Big Bang" Who giving that name? They are laughing at people and cheating people. To make people not to look up, always to look down. They are not knowing that only animals are looking down, not anyone looking up. Except Bani Adam, mankind. How are you saying this? And your looking. Up to where are you looking? So foolish people.

I read on a newspaper just one week ago, that the biggest telescope in America, Pallmore, they are reaching through universe deeply points and catching something. They are saying. That just becoming a big explosion

there. And they are claiming that our telescopes or radioactive telescopes, catching something from that explosion. And they are saying the time of that explosion for reaching to our place just 15 billion light years. What is that foolishness? How they are saying? How can it be? La ilaaha illa-Llah, la ilaaha illa-Llah. O Shaytan is deceiving them. To say 15 billion light years from sun. Its rays reaching through five minutes and between ourselves 150 million kilometres. What you are saying? 15 billion light years? You are saying, claiming that we just captured that happening. What is that foolishness? Allahu akbar, Allahu akbar.

Leave that. Therefore I am saying, if in such a distance you can reach some being there, that its distance is 15 billion light years. How you are reaching and saying this huge universe was just only one atom then it exploded and all these happenings come after? This, nobodies head can carry. What is that foolishness? How are you saying this? And I may show you, I shall look at that newspaper that giving this news. I am asking to show you. I am not saying lies, no. But they are liars to say from the beginning of this univers.e it was only one atom and exploded, and coming such a huge.... Mentality never accepting such a foolishness. One atom, how can include such a big universe? From where bringing? Through that Big Bang? How bringing such a huge and terrible distances? They are liars, they are servants of Shaytan, not servants, slaves. And worst is slaves, la hawla wa la quwatta.

Now we are speaking something to open through mentalities of people a small hole for understanding. We are not doing anything. And insisting those foolish ones whom they are saying, “We are only following positive knowledge.” That is your positive knowledge. Are you not ashamed to say this? No shame because they are not believers. Because they are followers of Shaytan, Shaytan’s students. What we are asking let them to give a through their shaytans or through their reports, how it happened. All imagination. And they are making their imagination as a reality. Subhaanallahi 'l-`aliyyu 'l-`adheem.

O our Lord, keep our faith and our understanding and our minds on real reality. We are trying to give people only this point to find a way to reality. And reality needs real power for reaching to that point. They are so proud ones, they are forgetting that their knowledge, what they are saying now perhaps they may be 40 years or 50 years old, 60 ears old. But later on, they should find that their knowledge is going to melt. Melting, melting, when they are reaching to 80, 90 years, if you are asking,

“What is your name?”

“Huh? My name? One moment. Hmm, ha, my name is John Bilton.” (Looking in papers.)
“You don’t know your name?”
“I know but sometimes I am busy and not remembering, therefore I am writing it here. If anyone asking ‘what is your name? I am quickly looking that I am a Christian priest or my name is cheif rabbi but what was their name?”

Making their knowledge finally on zero point. You are happy? They must put their heads on earth with highest respect and with highest glory for their Creator. That is their honor. Not to write their names on papers and when you are asking,

“Who are you?”
“Who am I? Oh my darling, what was my name?”
“Huh, you are asking?"
"I shall look. I am looking. O my darling, how old are you?”
“I don’t know, I forgot. Only you know it?”
“Yes sure I know it. O my darling we married since 50 years. Oh yes, 50 years of you and 50 years mine, becoming 100 years."
"Yes, you are so clever. Because you were very important scholar through highest academies.”
“Yes, O my darling.”
“O sir, who is your wife?”
“My wife, O my darling, who was my...”
“O my darling, you are forgetting me and looking to another one? Hah?”
“No, I am not saying this, but I just forgot what was your name.”
“My name? I am 50 years your wife and you don’t know my name! Ptuh.”

Happy? Their knowledge is coming down, because they are inheriting their knowledge from Shaytan. Therefore it is becoming less, less, less. At the end, they know nothing. Forgetting everything, but whom their knowledge is heavenly knowledge, they are like lions sitting not knowing anything but people thinking he is knowing everything. That is the power of prophecy. Prophets' powers never getting less, but getting more and more and more. Because they are coming more closer towards heavenly levels, and they are going to be granted from Heavens such a power that belongs to their spirituality.

O people, say la ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah, Muhammadun Rasoolullah (s). We are giving our most respect for Allah Almighty's deputy Rasulullah (s). O People, don't follow Shaytan. Finally you are going to forget everything, and you are forgetting yourself. You may ask,

"O my darling, do you know that before I reached 80 years of age, what I was?"
"O my darling, what you are asking this?"
"Because it is coming to my memory as if I was a donkey. Because at 80 years I changed to be a man."
"What are you saying? O my darling, you lost your mind. You lost your knowledge. Why are you saying this?"
"Yes, it is a real reality. I think my darling, and you, I am remembering that you were a female cat."
"Hah? I was a female cat, and you are a donkey?"
"That is our knowledge that we reached now the top of knowledge."
"I don't think that. O my darling look at me."
"I am looking at you."
"Look to me! I am here, not there. You are looking at that lady, and not looking at me? You lost your memory, O my darling."
"Kallaa, Never I lost it, but perhaps you lost it."
"I lost it?"
"No, you lost it."
"I...! Where is my stick?"
"No, no, no, don't get angry. O my darling, I am trying you if you are knowing positive knowledge."
"Yes, you are becoming on negative knowledge level, but I am on the level of positive knowledge."
"Perhaps tonight you are saying such a thing. Tomorrow, perhaps you are going to change."
"O my darling, I think so because night time everything is going to be changed and morning time, sun rising."
"How is sun rising, O my darling?"
"Our positive knowledge professors, they are saying that nighttime some powers tying the sun and taking it down, down, down through darkness. Therefore going everything of our memory going to be in darkness. But tomorrow morning, our positive knowledge professors, they are saying that some other creatures tying sun from up and they are saying, 'hello maula hello mawla'. Like this they are praying and carrying it (the sun) up. And when the is sun rising, our lives is getting up, and we are getting in a new space. Every day our space

just changed.”
“O my darling, you are going to be a philosopher more than professors, learned ones. You are seeing such things.”
“Yes, my darling. Night time, I am using like this (putting glasses on one way). Daytime, I'm using like (turn glasses upside down) that to make a difference between night and day.”
“You are so clever. My darling, if you were not so clever I wouldn't have married you.”
“I am very happy that I married to you and you know nothing and I know everything.”
“What you are saying? I am teaching you and you are saying I know nothing?”
“Because, O my darling, we are learning through academies, and academies are teaching their students what positive knowledge is from negative knowledge representing nighttime and knowledge representing daytime. And sometimes we are mixing, between darkness and light and you must not take care. Thank you. O my darling, you may go.”
“No, I am not going. I am sitting here to wait for my husband to come. Hah, when did you come? Welcome to you sir, when did you come?”
“I was just here, but I am looking because I lost my eyeglasses. We may go." Holding each other's hands and singing and going out.

That is the last days of the lives of the positive knowledge people. O People, real knowledge gives people more power, more lights, more pleasure, more power. Yes sir. And positive knowledge that coming is from Shaytan. They are making us in such a way. But real knowledge, I think that it is heavenly knowledge and when their last days are approaching they are going like roaring lions.

May Allah (swt) forgive us. What we shall do? Sometimes I must make theatre to make people happy. As-salaamu `alaykum, O my listeners. How are you? Tonight you are not sleeping, like the other nights, you were so sleepy. Saying for what you are tiring of Reality. Open your eyes and your hearts. Opening and heavenly lights coming and dressing on you. And you never shall forgetting. You are never going to be an old one, you should always be a young one.

May Allah (swt) forgive us.

Dome dome dome dome 8x

If that one man may say to his wife, his wife should fall and she should be so happy, but he doesn't know. I am teaching all people, say with me.

Fatihah

44 minutes, one minute we may say once again.

Huuu Huuu Huuu Huu Hu
Huuu Huuu Huuu Hu
heyyyyyy heyyyyyy heyyyy Huuu

This jinns, jinns tasbeeh. They are singing I said, to Shaykh Adnan. He is happy. I was tired, now I am getting fresh.

## REAL LOVE IS FOREVER as it is FOR THE SAKE OF ALLAH

Our Grandsheikh Abdullah is speaking (is sending to my heart) about love. There was one mureed in Daghestan who was on a high degree of love, a strong lover of Allah and the Prophet Muhammad (sal). He was saying about the love between people and that so many people are liking one another but that we cannot accept this love until it is tested to be true or not. A love that is true for only seven days, or seven months, or seven years and then on the eighth goes away, that is not love. How is that love described? You may see in your friend a no good word or action, and become angry with him and cut that love. Any love ending in enmity is not real love. We must love for the sake of Allah, then there is always forgiveness, and a love that is never ending. Real love must be forever.

If I like you and you are grinding me in a mill, and if it is possible for me to come out whole – after suffering all that crushing, if my love for you changes, it is not real love. Who is in love for the sake of Allah, will be on Mimbars of Light on the Last Day, says the Prophet Muhammad (sal). All people will ask, “Who are these, Prophets?” Angels will answer: “No, they are lovers for the sake of Allah.” If love is for this life and the ego’

s enjoyment, then it is no real love. An important characteristic for believers is to love for the sake of Allah, even if it be to love only one person.

Our Grandsheikh said to me that there were two mureeds in his homeland who would sometimes meet and assault one another with words – saying to each other all manner of things. Then they would look to each other's heart to see if there came any effect from the cursing, but no change. Next, with their hands they would slap each other until they got tired then they would sit down and blow on their hands. Still, not changing in love. Finally they would beat each other with sticks, until they fell down, then they would laugh together. Here Satan would become very angry and run away. To be like this is the highest degree of love, and for Awliya (saints) their love never changes, come what may from people. This is the love that Tariqat teaches us to endure. If one gets angry, it means, no real love in his heart. We must accept the faults of people, as we all have so many faults. We must be tolerant and compassionate.

Our Grandsheikh says if a man loves a person, he never sees any disliked thing; every thing is perfect, his features, his speaking and actions. By practicing, you may be on that station. Like Layla and Majnun, he loved everything belonging to her, her dogs, her village, including even the stones. Perfect love results in looking to a person and seeing all perfection. For a lover, nothing can be disliked in his beloved; if we see people in perfection, we will like them. Because everyone is unique in His creation, there is complete and special perfection with him. Even physically, each one is a special individual. This is from Allah's endless power, to make everyone unique. Looking with these eyes, our hearts must incline to at least be friends with everybody. Then everybody also comes to us with friendship, and then friendship will lead to love. As much as we are loving people, we are strong in love for the Lord. Look always at people's perfection and search for their good actions. Allah orders, don't look at people's faults, it brings you to hate and enmity. You will come down to these same faults. You must keep your eyes.

## What ist the real purpose of knowledge?

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Destur, ya Sayyidi, Meded!

It is an association...Professor X.- who is professor? He is that one who, if he (is) asked, may answer for everything. If not, he is not professor...Ya Allah, ya Allah...’Alimna, ya Rabbi! Subhanaka, la ‘ilma lana illa ma ‘alamtana...’Ilm, knowledge- if Allah Almighty (is) giving to His servant, he may know. That is ‘ilmu nafia that gives benefit. ‘Ilm must give benefit, it is not a zinat, a decoration, no! ‘Ilm, knowledge, (is) just a grant from Allah Almighty to make a way to His divinely Presence. That is (the) real purpose of knowledge. Why we are learning?

Now people (are) learning only for Dunya. It is not knowledge. Everything that you are studying and learning- what is your target? To reach to Dunya. And you are (already) in Dunya, but you are asking more Dunya, much more. If I have 1o $ today, tomorrow I must reach to 1oo. What is the way to reach to 1oo $? I must look...I am trying to learn the way that I can reach to 1ooo $. Then, Shaitan (is) saying: “No, you must try to reach 1o.ooo $ and look what is the way (to it).” Everything, every knowledge that it is not good knowledge (is) from Shaitan. Shaitan (is) teaching people to reach much more from Dunya and (he is) urging them and whipping them. As a car rider (is) whipping horses, Shaitan is whipping people to reach much more

from Dunya.

Therefore (the) Prophet was saying: “Allahumma inni asaluka ‘ilman nafian”, asking from Allah Almighty: “O my Lord, I am asking from You real knowledge making me to be much closer to Your divinely Presence.” (And) another prayer from Rasul sws, saying: “Allahumma, inni audhu bika mina ‘ilma la yanfa”, “O my Lord, I am running to you from such learning that makes me to run away from You and to run after Dunya.”

Where is our people now? Whole world? Listening to Allah? Asking Allah or asking Dunya? “Innahum la yuflihun”...If they continue on that way they never reach anything good for them here or Hereafter; they are loosing everything that Allah Almighty (is) promising: (He is) promising His servants eternity, eternal life. But Shaitan (is) calling people to something that is only going to be imagining.

Now today here (there are) so many people, may be in different ages; may be 1o years, 12, 2o, 3o, 4o, 5o, 6o, 7o, 8o, (that one there) 9o...Yes, so many years passed- now what is remaining with you from so many years? Just you are living in that moment now and after a while this also (is) taken to unexisted worlds, that unexisted means: imagination.

You may do a fire, (and) you may put on (that) fire so many things: from wood, from furniture, so many things you may put on it, and leave (it). After one hour come and see what is remaining there? Ashes, finished, where is that what you put there? And now time (is) taking everything from you, burning, making (it) ashes, and coming a storm and ashes...(get blown all over the place)... and when He is asking, the Lord of Heavens, this globe, our planet, if He is ordering to be explosion from its centre like this...through space- after seconds you never find even atoms, just (gone)... because what (is) keeping (the) atoms in their existence is such an Order, the Order from Allah Almighty, to keep atoms(‘ system:) in center the nucleus and around it (there are the) electrons. To keep this system. If Allah Almighty is not keeping, if His Order (is) not keeping (it), atoms (are) going to disappear. (The) electrons are going away and also (the nucleus) is going away and disappearing.

And (the) whole world also with His Order (only is) keeping each one the other. When His Order is saying: “Leave and go as you are coming from where you are coming. Go, return back” and in seconds, (even) less

than seconds, 1/3 (of a second), 1/4, 1/5- (it) is going to disappear.

If He is ordering to (the) universe: “Come back in your real position” - that they are (all) coming from (His) Power Oceans- coming and finishing, (and there is going to be) nothing in space, finished, and space (is) remaining in its original situation- dark darkness, nothing in it. If He is ordering, coming this space (to be) full with stars and galaxies and suns. When He orders: “Come (back)! As you came in existence come back” (it is disappearing). And space (is) only a dark darkness. No one is knowing what is space; from where (it is) beginning, up to where (it is) ending and from where (are) coming these things in it, because satanic teaching (is) preventing them to ask or to learn or to teach such things.

Everything (that is) taking (you) away from Allah Almighty is satanic teachings and people now just fell in it. No one is happy now, no one (is) in peace now. Exceptions (are) never changing the general situation. There is exceptions, but it is not commonly. Commonly people are ignorant, they are not learning, and (they are) following Shaitan, shaitanic teachings- ‘ilma la yanfa”, that is some learnings that (are) never giving benefit to their holders here or Hereafter.

Therefore we are asking from Allah Almighty: “Ya Rabbi, let us to reach from Your Grant that You granted to Your respected and honoured servants, Your messengers, particularly the Seal of Prophets, S. Muhammad sws. You granted to him from real knowledge that (is) bringing man in(to) perfection, making them to be Your servants, preparing them for that perfection and to reach their Lord’s pleasement and pleasure. We are asking from that!”

And it is now just closed down and (there are) only satanic teachings around the world, making people to be much more violent, to be much more far away from their real being, to make them to run away (from) what they have been created for- as we (are) created for Allah Almighty’s divinely Presence (to be His) servants. We have been honoured to be for His divinely Presence servants, and (for) servanthood. People they are not learning servanthood for their Creator, for their Lord. They are running to learn satanic knowledge and they are respecting Shaitan and they are (even) worshipping Shaitan. And (that is) everywhere now... When Allah Almighty sent S.Nuh to his nation, (and he was) calling people to Allah , to their Lord, their Creator, they were running away, not accepting. They were saying: “We are knowing our way. Our teachings (are) just opposite (to) your teachings. We are happy with our teachings and (we are) not following you.” And Allah

Almighty (was) sending (a) flood on them and everywhere, (on) every step from earth (it was) coming (up) fountains and from up also (was) coming rain and (the) flood was coming and taking they away- everything.

Now it is (the) same, but in another way. Now everywhere you are going there are fountains of troubles and problems- everywhere! Look, (the) whole world (is) full! (On) every step you should find a problem, trouble. People just graduated by Shaitan to be trouble makers- men, women, old ones, young ones, learned ones, ignorant ones- all of them (are) trouble makers, just graduated.

Look that Shaitan's box (television) to see how people (are) running through streets! Everywhere (there is) trouble! No one (is) in rest, no one (is) in peace, no one is hopeful, all of them (they are) hopeless. They are drowning in trouble oceans, because everyone (is) making a trouble! No one is keeping himself not to do a trouble, everyone (is) becoming (a) trouble maker, pouring their troubles and people from East to West, from North to South just drowned through that trouble oceans of miseries and problems and sufferings, no one (is in peace)!

Therefore people run to be drunk ones- for forgetting these troubles, to forget it, they are running to be drunk. So many kinds of spirits and drugs they are using. For what? To forget it, not to feel their troubles. As doctors are giving for a patient, (when there is) too much paining, drugs. It is not (a) cure, only (they are) giving them pain killers, (it is) not (something) to take away (their) sickness or illness. Now people (are) running to drugs, running at least for smoking and spirits everywhere. For what? Not to feel (their) pain! Everything (is) pain killer.

O people- come on (the) true way! Come and ask from true ones! Don't think that true ones just finished, no! True ones (are) never going to finish, but they are hidden. Hiding themselves. They are hidden. If you are asking (for them), you can find. If not asking, you can't find. Because everyone coming in front of you (is) representative of Shaitan. If you are carefully looking (for true ones), you can find (them) through East and West.

Therefore the Prophet was signing: "Utlubu 'ilma wa law bi Sin." O people, you should ask, you may ask real knowledge that (is) saving you from troubles, from devils here and from Hells through the Last Day. To learn that knowledge, if you can find (it even in China) that farest distance - that time China was farest country- you must run and learn. And knowledge is not through books! If (knowledge was) through books, Prophet

was saying: “Bring from that knowledge from China through books and learn here.” (But) he is signing that: “You must go (to someone) who has such knowledge. Man (is) teaching you, not book teaching you! You can take knowledge from those people that their heart is full with that knowledge. You don’t think that you can read books and you can learn. No! Therefore (he was) signing: “...wa law bi Sin- If that one that knows that knowledge (is) in China, you must go to him, to learn from him.” Now Wahabi people say: “No need, you may read books, and you may learn.”

O people! Come (to the) true way and ask true ones, if you like to be happy and in peace here and Hereafter and to make your Lord Allah Almighty pleased with you! If not- everyone is just buried (alone) through his grave and no one can help another one through graves.

May Allah forgive me and bless you. I am saying (this) to whole (of) mankind and it is something, it is knowledge from (the) four Holy Books, particularly from (the) Holy Quran ( through (the) most beloved servant of Allah Almighty, (the) most honoured one- (that) just had been sent to him (the) last Message, (the) Holy Quran- to be for that one servants and asking knowledge from him and (from) his successors, successors for Prophet sws...bi hurmati-l Fatiha.

## Real Sultanate (is) for Allah only

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...By the name of Allah Almighty, most Merciful, most Beneficent and most Magnificent.

Glory be to Allah, Subhan Allah, Sultan Allah- (the) real Sultanate (is) for Allah only and He is Sultan, everything belongs to Him... Everything is from His creation, He (is) creating (everything), bringing (it) from unknown worlds and sending (it) to other unknown worlds and (these) worlds also belong to Him.

An appearance on (a) mirror, or better than (a) mirror we may say (about the) screen of a TV. You may look and see on the screen of a TV (things) from East to West, from North to South, so many countries, oceans, mountains, jungles, animals, and unknown areas, different colours of people and everyone (is) just appearing in his private or special looking. You can’t find a person to be similar to a second one. (For) everyone(‘s creation) (Allah Almighty) is using two eyes, one nose, one mouth, two ears, one head, one face. And (through) these elements (that He is) using-eyes, nose, mouth and ears- (the faces of people are coming to be) in countless appearances. How many people (there are)- their nose is going to be different, their eyes may be different, their ears may be different, their mouth may be different, and then (you are) looking (and seeing that it is) going to be (a) different face, Allahu akbar!

Do you think a painter, an artist that (is) painting, (he) may be able to paint more than we can say 7o (different) faces? 7o different faces do you think he may paint? It is difficult. Perhaps seven faces he may paint, then he is going to wonder for the eight face or wondering how he may do another painting for ten (different faces) or more. (It is) so difficult! That is the meaning that man's capacity, ability is going to be nothing, but Allah Almighty's Power (is) bringing millions and billions (of) people not to be similar. Each one (is) in another shape, form or design. He is 'Musawwir', that means, Designer. He is Designer and endless, countless designs He may do, Allahu akbar!

The Power of Allah Almighty and His Ability or Capacity (is) to do everything. He is not in need to think for designing, no. You must think and then you may draw, you may make a design. But He Almighty Allah is doing everything by His Order. What is His Order, to say: "Be!" When He is ordering for being something and saying: "Be", that must appear. If He is saying: "Don't be", then everything is going to disappear. And He is Designer with His unlimited Power.

He is designing daily (the) lives of people. How many billions of people living on earth now, on world, worldwide continents, worldwide oceans and countless creatures on it, and the design of this world today is not similar or same that was yesterday. No, that design (is) just finished, coming today another design. (And) designs with countless activities, actings, works, appearances, today (are) never going to be similar to yesterdays design, no. Today's works (are) just 1oo % different; (there is) no way to keep something from yesterday as it is today, no, (it) just passed away, and tomorrow (is also) coming another appearance of creation or designing on earth that is not going to be same as todays, no, everything is changing. And you are looking in TV so many things passing, going, passing, going- coming and going.

I was looking TV first time coming to Cyprus. First time people were looking that big box and appearing (in it) so many things, (and) one pheasant was getting up and going (to the) back(side of the TV) and looking (if) anyone (is) behind it..."Where is this that person? Not inside!" "Inside." "But I am not seeing." I am saying: "That is closed"... People were thinking that someone is inside. Now everyone (is) knowing that (that) screen is bring so many countless appearances and when you are closing that one, making (it) off, nothing is coming in appearance.

And, Subhanallah- Allah Almighty (is) giving an authority to man to use one power- electricity. If this is not

running in it, nothing is going to appear. And we also have much more perfection. This TV is (a) man made instrument; we are making it. Allah Almighty is giving a power to man for using, some authority from this nature (and) that is electricity. The life of 21st century's technology (is) on this power, electricity, that no one (is) knowing what it is. If (there is) running something from one (side to the other and) what is running, they are not knowing. If they are saying this beyond moving not moving must be taken away (?). This (which is) never ending running, (this) something in it, that is (a) secret power that Allah Almighty just granted man to use for his benefit. But Shaitan (is) making man not to use (it) for their benefit but to use (it) to harm someones other ones. Whole technology is only used for Shaitanic purposes. Everywhere technology (is) asking much more power from electricity to destroy and to kill and to do to harm people, because Shaitan (is) teaching them: "You must harm people. Don't give your benefit to people, but as much as possible harm people!"

That is (the) shaitanic way and Allah Almighty is saying: " O My servants! Try to give as much as possible your best (and) do your best for everything!" That is heavenly teaching, but Shaitan is saying: "No, try to make everything for harming people, to destroy everything on earth, not to give peace to people. Make them to be in fear!" That is shaitanic and whole religions are coming to make people to be good servants to Allah and good ones to each other. That is (the) summary of heavenly messages that the Lord of Heavens is saying: "Oh My servants- that I am accepting your servanthood in My divinely Presence- try to be excellent servants for Me!" How? What do you think?

If a person is just employed for (the service of) a Sultan or a King- do you think that that person is not trying to do his best for the Sultan? Or (that) he is never taking any care? (No, but) he is trying to make (the) Sultan or King to be much more pleased with him. That is (what) our mentality (is) saying- (so) what about for Allah? For to be the servant of (a) King, an obedient servant of (a) King, those people are asking to continue to do their best for their King or Sultan, to make him pleased with them. I never heard (that) a person (is) doing against this (and) to do his worst, because when he is making his worst, he is going to be kicked out. That is not (what) our mentality or our mind (is) saying (to) us: Be (the) worst one for His service. Never saying! But our mentality is saying: Try to be much more obedient and trustworthy in his royal presence.

What about for Allah that He created you? Why you are not taking care for His servanthood? You think that 21st century people are obedient servants for their Lord or (they are) thinking on it? Never, you can't find

(anyone); only a handful people to be on that way and others (are) saying: “I don’t care. I don’t care for service for divinely service.” “What is your care?” “I am taking care for my teacher who is giving to me PhD, doctor Shaitan.” Shaitan (is) becoming doctor now, PhD. (In the) 21st century Sadanas (is) becoming Doctor. PhD, Masterhood (he is) giving now. Who is following him, (he is) giving to them that diploma, honour, (the) honour to be his best employees, to be (his) best servants. But (really they are) not servants, they are (his) slaves! Slavery is something, and servanthood is something else. Servanthood is giving honour to (a) person, slavery (is) taking honour from people. And Shaitan just made (the) whole nation (of Muhammad sws) through the 21st century to be his slaves and (there is) slavery everywhere; what Shaitan is saying they are following. They are never taking any respect for their Creator, the Lord of Heavens.

What do you think, what is going to be (the future) for these people? And we are speaking on an important point: that from (the) beginning of prophecy Prophets teaching is only on two pillars: One (is that they are) calling people to try to be best servants for their Lord, and (the) second (is that they are calling people) to be good ones to teach other and to give their best to everyone. As much as possible you must give your best to every creature, even you must not harm anything. We are looking an ant- if you are asking to kill it, it is running away, fearing to be killed. Without harming you are running to kill (it)? And He created that one and it has a private position through creation. Nothing is created for nothing, everything (is) created for something, for some purposes. You can’t say: “Why this is created?” No. You don’t know, but the Creator is knowing and therefore He is creating that.

People (are) on (the) wrong way, they are following shaitanic teachings that (are) saying: “As much as possible harm people, give trouble to them, be trouble makers”, because (the) first troublemaker who was (it)? (The) first troublemaker was Shaitan, Sadanas. When Allah Almighty was ordering: “Bow to Adam” he was saying: “No”, making trouble, making trouble through whole angels. Angels were ashaming (for) what he did in (the) divinely Presence, saying “no”. And (the) first troublemaker Shaitan and every kind of troublemakers are Shaitans, Sadanas. That is shaitanic teaching that is bringing the whole world now on the edge of Hell.

O people! You have been ordered to be from mankind! Keep you honour and your honour is to be best servants in divinely Presence and when you are going to be best servants for the Lord of Heavens (it is) coming on you blessings and (these) blessings (are) giving life to this earth and everything on it. But if you

are not giving your servanthood to your Lord, cursing (is) coming and cursing (is) giving harm to everything on earth. May Allah forgive us!

Once S.Musa was passing through a village and (he was) entering and finding a spring running, so cold and sweet water. Just he drank and (he was) making ablution and he was so keen to be there, happy and passing through. Everything (was) green, areas, meadows, people's faces (were) shining, their animals, cattle so happy, so healthy and so clean weather breathing, Everything (was) okay, he was so happy. He passed.

After a while he was thinking to come and to see once again that village and he came and (he was) looking: "Where is that village? I am coming (to) a wrong place? What happened? But I know that I (was) coming through that same way, (and there is) no any other village in that area. But what happened? (the) spring (is) no more running, (there is) no more water, no more people in it and (all the) trees (are) just dried and everything (is) in ruins! And he was saying: "O my Lord, what happened? You know what happened to such a people here, where they went (and) how their village was destroyed?" And Allah Almighty was answering: "O Musa, it is the same village. But once (there) was coming a person who was never taking any care for My obedience and servanthood. He came and he was drinking from this water and he was entering passing through and my divinely Anger was on him. My divinely Anger and Cursing was coming on that person and (on the) people who were welcoming such a person (and) I was making to dry that spring and to be everything dry. I was taking My blessings for them and cursing was coming on them. This is the same village that you have been here before."

(And) now- what you are saying? Everyone (is) never taking any care for their Lord's obedience. Everyone is running away, everyone is thinking only for their Dunya, this life, nothing else. They are never taking care for their Lord's obedience, they (are) never taking care to be a good servant of Allah Almighty and therefore cursing (is) coming on them. Every time you are looking this TV (you see) explosion, explosion, explosion... people dying, earth quakes, floods, storms and fires and also countless illnesses coming on people, one (is) finishing (and) another one (is) coming, one (is) finishing, (and) another unknown cursing (is) coming on them.

Therefore the way of mankind to be saved from heavenly cursing and to reach heavenly blessings is that they must say: "Our way now is (the) wrong way. We must change this wrong way to right way" or all of them are

going to finish. And now just began a cleaning. (It) just began and everyone who is not taking care for their souls to be clean, they should be taken away. Not only (a few): “Ohhh, ten people died, fifteen people died, hundred people died...” - leave that! Even “millions” (are) never going (to be) a real account of people (that are going to) die when (the heavenly) cursing (is) coming now!

I am running to Allah, to His shelter to be sheltered, because billions of people are going to die now. Billions, not millions! From 6 one (is) remaining and 5 (are) going to be taken away. He knows! He knows who is harming people, who is harmful for people and (He is) taking them away. Good ones (are) remaining, bad ones (are) going away...

May Allah forgive us and give us a good understanding for heavenly Messages! It is written also in the Old Testament, (in the) New Testament, in (the) Psalms and finally in the last Message from Heavens, the holy Quran. (They are) saying (the) same point to people: to be good servants, not to be Shaitan’s followers. May Allah forgive us to be in safety!

For the honour of the most honoured one in the divinely Presence, S.Muhammad sws, Fatiha.

## Recognise Your Size!

Don't joke with children or with people who have no mind or who are ignorant or crazy. If people do not understand your joke, don't attempt. Jokes can be good as an entertainment within a meeting to keep it alive, it can take your attention from one channel to another keeping you awake. It is a method of all prophets, to give comfort to their attendees.

Never meet for longer than 3 hours. Make an interruption by renewing your wudu, praying and then sitting down again. Anything lasting for more than 3 hours is heavy for people. It is like feeding a baby even when it is full, to the extent that it will vomit. Our hearts and minds are in limits. If you give too much, you will waste wisdom. There will be no benefit. More than 3 hours are prohibited in the Naqshbandi Tariqat. So many people are not keeping this rule. They start meetings after sunset and stay together until sunrise. This is not according to our order. It is part of good manners not to overburden people. Even on Leila-t-ul-Qadir, the shortest of all nights, I go and rest for just half an hour. Only if I get an order to be awake and not to be here, but according to the Prophet's (s) order to go to the Heavenly Presence, I will put a representative of my spiritual power into the room, or into the mosque, and I will be where I have to be.

Imam Razam used to recite the whole Quran within 2 rakats every night. According to the power that you have been given, you can even pray the whole Quran within one rakat. What would you think of a person who

prays 100 rakats in one night and completes the Quran in each rakat? Or of someone who prays 1000 rakats with 7 Qurans in each rakat? People like that are special servants in the Divine Presence, they can do that. Some of them pray 100.000 rakats every night, in each one 10 times the Quran. What about servants who pray one million rakats every night and in every rakat 100 Qurans? Don't ask if it is possible, or not. It is. Allah is greater, He has servants who are even able to do more than this, they can pray a billion rakats with 1000 Qurans in each. I only speak about facts which are within the limits of possibility. A trillion rakats and in each rakat a million Qurans, and it is nothing in Divine Presence! These people are full of fear of Allah and are increasing their service into infinity. Even if you put 1000 zeros after one, or 10.000 zeros after one, all full of power to be able to pray rakats to Allah, it will still only be like a spot in the Divine Presence, or smaller than that.

It teaches mankind not to be proud. Muslims in our days think that praying 5 times is a reason to be proud. They are proud of their charities, of their zikr, of their fasting, or with their hajj... If you had the size of the Seven Heavens, what could an ant give you? What can we give Allah? All Tariqats train their people to be humble and to use their actual size. People see themselves bigger than they are and think they are giants.

## Refuting "There Is No God"

(Mawlana Shaykh stands.) Dastoor yaa Sayyidee. Allahu akbar, Allahu akbar, Allahu akbar, laa ilaaha illa-Llah. Allahu akbar, Allahu akbar wa lillahi 'l-hamd. Sall-Allahu `alayhi wa-sallam, Habeeb. As-salaamu `alaykum! Madad, yaa Sultanu 'l-Awliyaa. O our master, Master of this world. We are asking forgiveness first that you, our master, ask forgiveness on behalf of all of us, from the Seal of Prophets, sall-Allahu `alayhi was-sallam. We know nothing, only what you, Sultanu 'l-Awliya, belongs to this world. How many Sultanu 'l-Awliya? Countless, because Allah Almighty is creating everything on the most perfect position. Everything must be on perfection, even where an ant is must be known by the master of this world, the qutb.

As-salaamu `alaykum, our listeners! Don't be like me, heedless ones. You must make it a little up. When you are going a little bit up, what we may need is coming more clear from heavens. Heavenly appearance is coming according to our purification. All good ones from east to west, are holy, happy people mashaa-Allah. Marhaban, marhaban! O good ones! Try to be from good ones and it is a pity not to be from good ones. Tooba, good tidings for those who are from good ones, and (all of you) try to be from good ones!

As-salaamu `alaykum! Give your attention for a short time. Our masters are not making a long association, because people are mostly occupied through their egoistic personality. 'Egoistic' means most people are on a bad level. People now are mostly on a dirty level. If on a dirty level, what are they bringing there for an

example from this life when they are going to be on Yawm al-’Ard (the Day of Presenting [deeds])? Before our time, village people were working and planting so many things from fruits and vegetables, barley and wheat, and our old custom through the years was to have a fair every month. Those people were bringing to the fair what they were preparing for the citizens coming, looking and buying. They were so careful to bring the best ones (produce) for selling there at the fair, and not bringing what is not best; they kept that for their children and family to eat.

O Salafi `ulamas! What is the name of that plain after nufkh as-soor (blowing of the Trumpet), the Last Day when people are coming to the big plain, ardu 'l-mahshar (the Gathering Plain). Everyone is coming and seeing what they brought, because the Lord of Heavens is ordering the angels, “See what My servants have brought today for this plain!” So many people are going to be ashamed when they are putting their materials there because they are not bringing only the best. And Yawm al-`Ard, saying, “All people come for showing, for looking, for being ashamed, or to be proud of what you brought.”

O People, You must believe!! Don’t be drunk ones, don’t be like no-mind ones, don’t be like animals that don’t understand anything. You must think, and prepare what you are bringing to the Day of the Fair. Try to bring to the Day of Resurrection the good things that you prepared. Believe in Allah Almighty, He created you! Don’t follow shaytanic ideas that are saying, “no God.” If no god, Who is bringing this Creation from nothing, from Unseen centers? Who may bring and put in existence? If no one is bringing, is it coming by itself? That is (for) no-mind people and I am sorry to say that if their civilization is making them deny the Creator (then) people have reached the last level of civilization. If civilization is saying to you, “No god,” or if civilization is saying to you, “No Manufacturer,” that is the deepest point of ignorance. How they can say?

People have said for thousands of years, “We are servants of God,” and now you are saying, “No god.” That is your civilization? And now, you are not putting holy books through schools and universities to certify that there is a god and we are His servants and He is our Creator. If there is no Creator, take the words, “creation,” “creatures,” and “Creator” away from dictionaries. Why you are using these words if you are saying this is not true; that no one is creating this to come into existence. What is that foolishness? The most perfect one in existence is Man. Is he coming by himself? If no male and female, Man is not coming? How is this? Why they are not using? All governments and nations, what is this education? Why you are teaching people that this is happening by itself and not by God? People now are saying, “I am making and bringing in existence and

making to go away." When you are making that command to come in existence, how are you surrendering after a while?

People now are asking to live too much; they never like to die, to pass away. If everything is through your hands, why you are crying? Why you are getting older and then falling down, dying? If you are bringing into existence, give a proof and show something! Now they are saying, "No god." What is that foolishness? If no god, how you are going to come in existence? "I am bringing into existence." Very good, if you are, then are you wanting to live forever? They are wanting to be young ones. Who is making old ones? The One making you to be old ones, send away that One. Then old ones are falling down and finished. If you are bringing into existence, then do it! Why you are making those big lies and falling into trouble? Then if it is in your hands, why you are falling down and passing away?

Now it is the time of drunk people, drinking and getting more drunk. "Drunk" means they haven't any control on their minds, on their understanding, on their wills, on anything. A drunk person has no will; he has lost his will and can't do anything. He is never understanding what he is doing. And this point makes cursing to come on this planet. They are sending missiles or rockets. From far away, we are seeing our world like a football. What do you think about that? Who is making that planet like a football? You are seeing continents and oceans and seeing countless creatures from man to animals and plants. Why you are not saying, "Who is putting this football like a globe there?" Why you are not asking if that globe is by itself? You are saying that planets are moving and turning around and running on orbits and that orbits are also moving around the sun and the sun is moving also. Who is making this? Is everything by itself? What is that foolishness?

Who is making this, preventing for people? If people are saying, "Yes," it means their level is under the level of animals. Animals can't think. Who made you to exist also created you to think! To think is the key for every closed door. You may open it by thinking and your thinking is according to your capacity. Not everyone's thinking is on the same level; so many different levels, different thinkings and different understandings. Everyone's thinking is just different. You can think, Who is giving you that? Who granted you to think? Is it from yourself or it is coming from outside? Who made you to think? What you are reading is from outside (you) and perhaps it makes you think, but if you look to books to make you to think, that (knowledge) also belongs to someone else, not to you. You cannot think, because you are knowing nothing!

•• •••• ••••••••• ••••••••• •••••••••••• •••••••••••• ••• •••••••••••• •••••••• •••••••••••• •••••••• ••••••••••••

Qul hal yastawi ‘lladheena ya`lamoona w 'alladheena laa ya`alamoon. innama yatadhakkaru oolu ‘l-albaab. Say, “Are they equal, those who know and those who do not know?” It is those endued with understanding that receive admonition. (39:9)

Salafi ‘ulamas, why you are not making a commentary from the holy book, the last and most honored, most powerful one, the Holy Qur’an? Why you are not saying to people what is only in Holy Qur’an? You are saying, “No making salaam on Prophet, don’t make dhikr of Allah, Allah.” Or is your holy book only saying that it is okay, that beyond your knowledge nothing else?

•••••••• ••••• ••• •••••• •••••••

Wa fawqa kulli dhi `ilmin `aleem! and over every lord of knowledge there is one more knowing. (12:76)

Don’t say, “We are last ones or most high-level learned people, that we are knowing and we are teaching, so you must follow us.” That is batil, false. And we are asking Salafi `ulamas, hal yastawoon alladheena ya`lamooona walladheena laa ya`alamoon? That means some people are knowing and some people are not knowing. That is not a condition that one person is knowing everything, and some are not knowing. Wa fawqa kulli dhi `ilmin aleem. Don’t be proud of what you are knowing, there are some whose levels are up.

•••••••• ••••• ••• •••••• •••••••

Wa fawqa kulli dhi `ilmin `aleem. Above every knower, there is a greater knower. (12:76)

And we have to declare haqa’iq (facts) to people. Why you are not saying to Americans, to Russians, to Christians, “O People! don’t think that what you are doing is the top level of knowledge and beyond it, no knowledge.” You must say to them, that if they are knowing something, there is someone whose level is higher and higher and higher. What is going on is without stopping and without a limit. Every time, every day, every hour, every minute new knowledge is coming. Knowledge Oceans; that is the knowledge of the Creator. Creation is not in limits, and learning and knowledge also are never going to be in limits. (There are) new creations and new levels of knowledge. The level of understanding and knowledge of 20th century people is different to the level of people through the 19th century. Therefore, you must not be proud, saying, “We are Salafi `ulamas and others are not understanding.” No! That is the biggest ignorance. I may ask you, “Do you know your weight, how many pounds?” Say to me, “I don’t know. I must look on a scale.” How can you say,

“We are `alim.” That means, no one knows everything. But (there are) levels on levels and people are just climbing and climbing.

Don’t make knowledge a square place, closing it and putting the key in your pocket. “What we know, no one knows.” No, that is not true. You must learn, hal yastawi ‘lladheena ya`lamooona walladheena laa ya`alamoon. Ya lamoona, the levels of knowing and knowledge are countless. Don’t make knowledge under your inhisar, confinement. Only words you are knowing, “Can’t be anyone knowing beyond that place, beyond us.” Knowing, ya `alamoon, beyond that, y `aalamoon. What you are knowing is something, but beyond that, on the second level, is ignorance. Don’t make knowledge in a circle, to be for you only and no one may come in. No, it is countless oceans. ‘Ilm, knowledge, says something and gives a way for others also. Therefore:

•••••• ••••• •• ••••• ••• •••••

utlub al `ilm min al-mahdi il al-laahad. Seek knowledge from the cradle to the grave.

Sometimes Europeans are knowing more and Eastern people are knowing nothing, and sometimes Western people are knowing nothing and Eastern people are knowing more. Hal yastawi ‘lladheena ya`lamooona walladheena laa ya`alamoon, that means there are never-ending oceans for learning. You must learn and what you are learning helps you for ma`rifatullah. What you are learning is not for your personal knowing, but you are learning heavenly knowledge for giving away.

On Earth we are blind people, not knowing what atmosphere there is after. What is the meaning of space? (In Arabic fadaa, space.) What is in existence? Billions of galaxies means there is going to be something, so how are saying there is nothing? The levels of oceans are just different, red one, blue one, green one, yellow one, brown one, white one, black one; each one has some identity. What is making white color? Who is making yellow or blue color? Who is making men and women?

O People! Try to learn something and don’t run away like (Ayatu 'l-Kareemah):

•••••• ••••••••••••••• ••••••• ••• •••••••••••

humurun mustanfirah, farrat min qaswarah. frightened asses Fleeing from a lion! (74:50-51)

People now, are running away from reality, like donkeys running away from lions. Try to be lions, not donkeys! May Allah forgives us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultan Allah.

## Regiments of Believers in Paradise

(Mawlana Shaykh stands.) Allah, Allah.

Dastoor yaa Sayyidee, yaa Sultan al-Awliya. Madad, yaa RijaalAllah.

Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan `abduhu wa habeebuhu wa rasooluh (s). Awda`na hadhihi 'l-kalimatayn `indak, yaa Sayyidee, yaa Rasoolullah, wa hum lana wadi`atun yawma 'l-qiyamah yaa man arsalahullahu ta`ala rahmatan lil-`alameen. (Mawlana Shaykh sits.) Allah Allah, SubhaanAllah. Allah Allah, Sultan Allah. Allah Allah, `Azeez Allah. Allah Allah, SubhaanAllah. Allah Allah, Allah Allah, Sultan Allah. Allahu akbar wa lillahi 'l-hamd! Madad yaa RijaalAllah, madad yaa Saahib al Imdaad, yaa Sultaan al-Awliya, yaa Hadrati Shaykhuna Sultaan al-Awliya, madad, madad, madad!

And we are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Welcome to you! Welcome to those people who are coming to the way of Paradise. Angels are saying, “Welcome, welcome, welcome!” Angels are giving salutes and salaams to whom coming on the way reaching to Paradise. Welcome! Angels welcoming then Sayyidina Ridwaan (a), who is the angel looking for whole Paradises, Sayyidina Ridwaan, peace be upon him, is opening eight doors, entrances for servants of the Lord of Heavens saying, “Welcome, welcome, welcome!"

If the whole nation of Sayyidina Muhammad (s) (Mawlana Shaykh stands.) is not entering one-after-one, but if whole ummati Muhammad (s) may be on one line, no need for one going and second one going after him, no. Coming on the Day of Resurrection, the Day of Judgment, whole nations from Adam (a), whole nations going to be 120 saff, lines. One part of 120 lines, 40 is going to be for whole nations from Adam (a). And for the Seal of Prophets, Sayyidi ‘r-rusuli ‘l-Kiraam, going to be 80 lines; 80 regiments belong to the Seal of Prophets (s)! And really all of them are under his holy flag, the Liwaa’i 'l-Hamd. And finally going whole prophets and their nations and whom they are believing in their prophets going like this, coming in front of entrance, and when Ridwaan (a), who is kapi bekliyim, the entrance of Paradise is under his control, he is opening. First Rasoolullah (s) coming and Ridwaan (a) asking, “Who is coming?” They are saying, “Coming Sayyidina Muhammad,” and Ridwaan (a) is saying, “Just I have been ordered not to open to anyone before you, O Habeebullah!”

Huuu, Huuuu. Opening, and his nation and whole other nations beginning from Adam (a), they are on one line when opening, no waiting for one to pass and second, but everyone just moving in it and everyone, subhaanahu wa ta`ala, whole glory for the Lord of Heavens, making for everyone to come in and everyone looking that he is putting his foot in his Paradise, finished! Everyone just entered to their Paradise, billions of people at the same time, when the doors of Paradise opening and saying, “Bismillahi ‘r-Rahmaani ‘r-Raheem!” and everyone reaching and putting his foot into his Paradise, no one else there. That is his territory! Allahu akbar, Allahu abkaral-akbar! Who is getting in, O Mankind, you must know that dirty feet can’t put itself in Paradise, (only) clean feet may enter because there can’t be in Paradise any dirtiness and never getting in a dirty foot, no!

O People! Clean yourselves; if you are not cleaning, you can't enter Paradise. Paradise is so pure, so clean, that no one can put his dirty feet for entering. Therefore, billions of people will be taken to hells when they are passing on the Bridge of Siraat. If not clean, paat, paat, paat, falling down to Fire for cleaning.

O People! Beware and take care not to go to Paradise with dirty feet. No, no, no! At least, O people, when you are sleeping, wash your feet. Make a wudu and if you are passing night time not reaching morning they are looking that one's feet just washed and angels dealing with him with another dealing. Allahu Akbar! Allah Akbar! O Mankind! You are rolling, rolling in the dirtiness of this life and you are asking to get in Paradise.

Can't be! You should be cleaned until you are going in! Paradise is the place of clean people.

O our Lord! Let us to be clean ones in this world and to get out of this world clean. Where we can find clean ones now? When you are going to wash a dead body there is coming a so-bad smelling. Oooh! Angels in that grave (saying), "Come here! What is that dirtiness with you? You are not knowing how to clean yourself? We shall clean you up to the Day of Resurrection. We are cleaning you. Bring fire from four jaanib, sides, and coming fire, fire, fire. That is for you so that you will be clean up to the Day of Resurrection and this is first cleanliness.

## Über die Reinheit des Herzens

Wir haben das Ende des Ramadan erreicht und jedes Ende ist ein neuer Anfang, Allah der Allmächtige besitzt das vollkommene Wissen über das Wesen der Menschen, denn er ist unser Schöpfer. Er schuf die Zeit und teilte sie ein in Jahre, Monate, Wochen und Tage, und ebenso erschuf er die unterschiedlichen Jahreszeiten. Dies ist ein Geschenk des Herrn für uns.
Er hätte die Welt genauso als eine statische Oberfläche schaffen können und nicht als einen Globus, der sich dreht. Er hätte genauso gut nur einen Tag schaffen können, eine Sonne, die aufgeht an Tag von Adam und untergeht, wenn die Zeit des Gerichts gekommen ist.
Aber solche Lebensumstände wären für uns Menschen zu schwer zu ertragen. Niemand ist in der Lage, sich bessere Bedingungen von Zeit und Raum für uns Menschen auszudenken, es ist auf vollendete Weise arrangiert. Würde ein Jahr nur einen Monat dauern, wäre das kaum auszuhalten, doch Gott der Allmächtige schuf das Jahr mit 365 Tagen.
Im heiligen Koran erscheint das Wort Monat Shahan genau 12 mal und das Wort für Tag, yourn, wird 365 mal genannt.

Nun endet der heilige Ramadan und es kommt ein neuer Anfang. Wir erhoffen mit jedem neuen Anfang einen neuen Segen. Es gibt einen Ausspruch, der sagt:“ Mit jedem neuen Anfang erfährt der

Mensch eine Erquickung, eine Erneuerung in sich selbst.
Das gilt auch für jeden neuen Monat, jedes neue Jahr und jeden neuen Tag. Jeder neue Morgen bringt Erquickung und Frieden mit sich und eine neue Kraft, die sich zum Abend hin allmählich verbraucht. Und jede Nacht birgt in sich eine Erneuerung für uns im Schlaf läßt Gott uns uns selbst erneuern.
Die Seelen derjenigen, die mit reinem Körper und reinem Herzen schlafen können in der Nacht das Antlitz des Allmächtigen sehen. Sie werden zum göttlichen Thron gebracht. Wessen Körper und Herz gereinigt ist während der Nacht, der ist eingeladen und hat die Erlaubnis in Sajda, in Anbetung zu sein, bis zum Erwachen, wo die Seele desjenigen in den Körper zurückkehrt. Diese Sajda wird für den Menschen aufgeschrieben werden. Die Voraussetzung dafür ist ein gereinigter Körper und ein reines Herz.

In unserer Zeit erklären viele Leute, daß sie zwar keine praktizierenden Gläubigen sind, aber ein reines Herz haben. Shaitan, der Teufel, hat ihnen das eingeflüstert. Denn ohne Gebete kann niemandes Herz rein sein. Wenn ein Mensch niemals daran denkt, seinem Schöpfer seinen Respekt zu erzeugen, wie kann er dann vorgeben, reinen Herzens zu sein? Ist sein Herz rein, hat er ein Verlangen danach, seinem Schöpfer zu danken und ihn zu lobpreisen. Hat er das Verlangen nicht, wie kann er dann von Reinheit des Herzens sprechen. Das ist das erste Zeichen, daß wir unserem Herrn gegenüber Respekt zeigen.

Der Prophet, Friede sei mit ihm, saß einmal mit seinen Gefährten zusammen und sprach zu ihnen: ,,Wenn einer von euch jemanden sehen will, der ins Paradies gehört, so seht euch diesen an, der da kommt.“ Und die Gefährten sahen einen Mann kommen, der sich zu

ihnen setzte. An den folgenden zwei Tagen geschah das gleiche.
Der Mann kam, nachdem der Prophet von ihm als einem, der ins Paradies gehört, gesprochen hatte. Dreimal sprach er so von ihm. Alle, die vorgeben, reinen Herzens zu sein, sollten diese Geschichte aufmerksam hören. Der Sohn des Kalifen Omar, Abdallah, der uns die Geschichte überliefert hat, berichtet, daß er ging, den Mann aufzusuchen, um herauszufinden, wie er lebte, wie er handelte, welche Eigenschaften er hatte. Er wollte von diesem Vorbild für sich selbst lernen er kam zu seinem Haus, klopfte an und der Mann hieß ihn willkommen. Er erzählte ihm den Grund seines Besuches und was der Prophet über ihn geäußert hatte. Und der Mann sagte: ,,Ich weiß.“ Der Sohn des Kalifen Omar entgegnete ihm: ,,Oh Bruder, ich möchte auch Einer von denen sein, die ins Paradies gehören. Sag mir, durch welche Gebete und welches Handeln hast du das erreicht?

,,Oh Abdallah Sohn des Omar " antwortete der Mann, ,,ich mache nicht mehr als du, ich bete nicht mehr als irgend ein anderer, nur achte ich auf einiges. Es sind drei Dinge, die ich sorgsam beibehalte. Jeden Abend bevor ich schlafen gehe, sage ich zu meinem Herrn ‚Oh mein Herr, wenn irgend einer Deiner Diener mich heute verletzt hat, sei es durch seine Hand oder durch seine Zunge, ich vergebe ihnen Und ich werde mich bei niemandem über keinen von ihnen beklagen, und auch nicht vor Deiner göttlichen Gegenwart. Niemals will ich mich darüber beklagen, weder in diesem Leben noch im nächsten. Du sollst mein Zeuge sein, daß ich ihnen wirklich vergebe.‘
Und Abdallah mußte zugeben, daß dies sehr schwer einzuhalten sei.

Ich frage diejenigen, die vorgeben, daß ihr Herz rein ist, ob sie

dazu in der Lage sind.
Wegen der geringsten Kleinigkeit, vor allem was das Geld betrifft rennen sie zum Gericht; und wenn einer ein Wort gegen sie sagt, so sagen sie zehn; und wenn sie einen Schlag einstecken müssen, so geben sie zehn zurück. Das Ergebnis ist, daß in ihren Herzen Feindschaft wächst. Sie vergessen nie etwas.

Es ist das Zeichen der Reinheit des Herzens, keine schlechten Dinge in seinem Herzen zu bewahren. Dies zu tun ist etwas Übles und Schmutziges. Wenn euer Herz rein ist, wie könnt ihr dann häßliche Gedanken darin bewahren und Feindschaft und Haß wachsen lassen anderen Menschen gegenüber? Schon die Gefährten des Propheten gaben zu, daß dies schwer ist. Was ist dann erst mit uns selbst?
Und Abdallah, der Sohn des Omar, fragte nach der zweiten Sache, die der Mann beherzigte. Der Mann fuhr fort:“ Wenn mir die ganze Welt mit ihren Schätzen gegeben würde, und die Leute würden mich zum König machen, und alle Kostbarkeiten würden mir dargeboten, und man ließe mich auf einem goldenen Thron sitzen — es bereitete mir kein Vergnügen, ich finde keine Befriedigung darin. Was ist der Beweis für eine solche Einstellung, der Dunja, der Welt und ihren Verlockungen gegenüber?
Wenn am nächsten Tag die Menschen kämen und mich von meinem goldenen Thron stießen, und mir alles wieder nähmen, so würde es mir um nichts leid tun. Ob mir etwas von dieser Welt gegeben oder genommen wird, es ist ohne Bedeutung und Wert für mich, weil es mein Herz unberührt läßt.

Das ist Reinheit und der Sohn des Omar fand beides gleich schwer.
Es zeigt uns die höchste Stufe der Glaubenskraft. Dieser Mann wusste mit völliger Gewissheit, was den Wert der Dunja ausmacht, de

Allah der Allmächtige ihr gab und der geringer ist als der Flügel einer Mücke. Und. diesen Wert sollte sie für einen wahren Gläubigen haben und nicht mehr als das. Ein wahrer Gläubiger sagt:“ Mein Herr, ich werde der Dunja, der Welt des äußeren Scheins, keinen größeren Wert geben als Du es tust.“
Dies ist der Weg der Reinheit der Herzen. Versucht es nur selbst. Prüft euch. selbst, ob euer Herz nicht angefüllt ist mit Liebe zu dieser Welt, oder findet ihr es voll von Liebe zur Maula, der jenseitigen Welt.
Macht eine Bilanz jeder von euch und besonders diejenigen unter euch, die sich selbst für bedeutsam halten.

Und nun der dritte wichtige Punkt, auf den uns auch unser Großscheich besonders hinweist. Wir alle haben unserem Herrn, Gott dem Allmächtigen versprochen, daß wir Gläubige sein werden in diesem Leben, daß wir sagen werden: ‘wir glauben an Dich.‘ Dies ist absolut vorrangig und wichtig, die erste Säule Bedingung im Glauben jeder Religion. Es ist das, was der Prophet Friede sei mit ihm die Menschen gelehrt hat, ‚ihr müsst an einen Gott glauben, ‘amen to billah‘.
Wir waren in der göttlichen Gegenwart, am Tag der Versprechungen, in der anderen Welt, wo Gott der Allmächtige die ganze Menschheit versammelte und sie fragte:“ Bin Ich nicht Euer Herr? ,,, und die Seelen antworteten:“ amen to billah, wir glauben an Dich, Unseren Herrn.“ Und es wurde ihnen verkündet, daß sie geprüft werden würden Aber hier versagt jeder von uns.
Der Großscheich sprach zu mir über das Minimum an Glauben, den wir Allah, dem Allmächtigen versprochen haben. Wenn du auf dem niedrigsten Glaubensstand. bist, so wie er in der göttlichen Gegenwart angenommen wird, unter welchem es keinen Glauben, sondern nur

Imitation geben kann, so kannst du diesen auf folgende Weise über — prüfen:

Du strandest als Schiffbrüchiger auf einer einsamen Insel, wo außer dir sich nur noch eine einzige Person befindet, eine junge, sehr schöne Frau, die dir begegnet. Kommt auch nur ein Gedanke an eine sexuelle Verbindung auf, so hast du das niedrigste Niveau noch nicht erreicht. So einfach ist das. —

Du brauchst gar nicht entsprechend zu handeln, sondern ein Gedanke dieser Art in deinem Herzen, dieses Mädchen betreffend, ist schon genug. Zeigen sich bei dir Gedanken und Gefühle sexueller Natur, ist kein Iman, kein echter Glaube vorhanden.
Versteht ihr das, in Bezug auf die Reinheit des Herzens?
Wenn diese Frau eure Tochter ist, eure Schwester, oder eine nahe Verwandte, habt ihr solche Empfindungen nicht, die unehrenhaft sind und hässlich.
Wenn ihr durch die Stadt geht, dann lasst ihr eure Blicke schweifen eure Augen erreichen eure Objekte wenn eure Hände sie erreichen könnten....
Ihr könnt euch selbst niemals beherrschen lernen, wenn ihr nicht daran denkt, daß euer Herr euch sieht. Gott der Allmächtige sagt: Ich bin mit euren Augen.“ Er weiß, wohin ihr eure Augen wendet und welche Gedanken durch euer Herz gehen. Ihr sollt Gläubige sein. Das ist Reinheit des Herzens, meine Blicke zu zügeln und meine Hände bei mir zu halten. Richtet ihr euch nicht danach, so wird es euch mehr und mehr hinabziehen.
Prüft euch. Sagt nicht: ‚ich bin gläubig‘ wir versuchen, Gläubige zu sein. Wir versuchen, das niedrigste Niveau zu erreichen.
Wenn ihr es erreicht habt, dann könnt ihr dieser Welt einen Tritt

geben, und euch auf eurer Bahn in die nächste mit ganz anderer Geschwindigkeit fortbewegen durch die wahre, die echte Kraft des Glaubens denn dann werdet ihr in das Gewand eines wahren Ergebenen eures Herrn gekleidet sein. Wir müssen demütig sein und es versuchen. Es ist vonnöten, demütig zu sein, denn ihr seid nichts. Denkt nicht, daß ihr irgendetwas oder irgendjemand seid. Ihr seid nichts.

Wir bitten Gott um Vergebung und bitten Ihn, den Schmutz von unseren Herzen zu nehmen — ohne seinen Segen ist es zu schwer. Eure Absicht bringt euch den göttlichen Segen. Wenn ihr den festen Willen habt, euch von allem Schmutz zu reinigen, der in euren Herzen ist, und nach Reinheit verlangt, so wird Allah der Allmächtige sie euch geben. Er wird euch segnen. Richtet euer Gesicht auf die Kaaba und euer Herz auf den Herrn der Kaaba und ihr werdet seine wahren Ergebenen werden.

**Reinigt euch!**

Dastur ya Sultan al-Aulia, Dastur ya Sultan al-Aulia maddad ya rijalAllah A´udhu billahi min a-schaytani-rajim Bismillahi-Rahmani-Rahim La haula wa la quwwata illa billahi l-´Aliyyu l-´Azim Nur wer rein ist, kann eintreten ins Paradies! Für schmutzige Leute ist es unmöglich. Wir sind verbunden mit den Himmeln, unsere Seelen stammen von dort. Die Seelen sind rein, der Schmutz erreicht niemals die Seelen. Sie gehören himmlischen Gefilden an, sie können nicht schmutzig sein. Unser materielles Wesen jedoch ist aus Erde erschaffen und unsere Seelen sind nur darauf montiert worden. (Maulana zieht seine Taschenuhr aus der Tasche) Dies ist eine Uhr, sie besteht aus so vielen Einzelteilen, die in einer Fabrik hergestellt und dann, eins nach dem anderen, zusammenmontiert werden, jedes Teil kommt an seinen speziellen Platz. So wird unsere Seele auf unser materielles Wesen aufgesetzt und dieses materielle Wesen kann Schmutz aufnehmen. Aus diesem Grunde sind wir mukallaf , verantwortlich für die Aufgabe, unser Reittier sauber zu halten. Der Sinn aller göttlich offenbarten Gesetze und Regeln und aller himmlischen Gebote ist es, unser materielles Wesen rein zu machen, denn wenn es nicht rein ist, wird unsere Seele niemals glücklich und zufrieden sein können. Allah der Allmächtige hat den Menschen in einer Weise erschaffen wie kein anderes Geschöpf. Wir sind besondere Wesen, ganz spezielle Geschöpfe, wir sind dafür spezialisiert, Diener zu sein. Und die Perfektion des Mensch-Seins ist es, ihr Reittier so rein zu machen wie seinen Reiter. Die Seelen der Menschen sind nicht die einzigen Seelen, die Allah erschaffen hat, die Engel sind allesamt Seelenwesen, Ruhaniyyat, sie können

niemals unrein werden, sie sind unschuldige Wesen, die den Himmeln angehören. Auf der Erde hingegen gibt es diese spezialisierten Geschöpfe. Glaubt jedoch nicht, daß diese Erde der einzige Lebensraum für die Kinder Adams sei. Nur eine Erde mit einer Handvoll von Menschen darauf erschaffen zu haben, wäre der Allmacht, Majestät und unbeschreiblichen Herrlichkeit Allahs nicht angemessen. Sayyid Ahmad ar-Rifa´i, Scheikh Ahmad ar-Rifa´i al-Kabir war einer der Auliya – und von den Auliya gibt es nicht zwei, die auf ein und derselben Rangstufe wären, „ ... wa li-kullin daraja ...“ , sie müssen unterschiedlich sein. Und den Auliya die danach streben, Allah immer näher zu sein, werden ihnen eigene, spezielle Stufen und Stationen in der göttlichen Gegenwart gewährt. Wenn wir von der göttlichen Gegenwart sprechen, dann müssen wir uns bewußt sein, daß, wenn alle Geschöpfe zusammenkämen und ihren gesamten Verstand und ihre ganze Vorstellungskraft zusammenbrächten, sie dennoch an der Aufgabe scheitern würden, die göttliche Gegenwart zu begreifen, denn jedesmal, wenn sie versuchen würden, sich der göttlichen Gegenwart anzunähern müßten sie feststellen, daß sie sich im Verhältnis zu ihr nicht vom Fleck bewegt haben und immer noch gleich weit davon entfernt sind. Sie würden ewig auf der Stelle treten, ihre Fähigkeit, die göttliche Gegenwart zu bewerten und zu verstehen entspräche Null. Wenn es möglich wäre, wenn ihr fähig wäret, von der Null zur Eins zu gelangen, dann könntet ihr beginnen, ein wirkliches Verständnis der göttlichen Stellung zu erlangen, doch dieses Gebiet zu betreten ist den Geschöpfen nicht möglich, es ist ein Sperrgebiet, ein verbotenes Gelände. Ihr könnt mehr und mehr und noch mehr nehmen, aber ihr werdet niemals (die Zahl) Eins erreichen können und euch immer nur im Bereich der Null bewegen, euer Verständnis wird immer im Bereich von Null bleiben. Denn dies ist genug für euch, es ist die Obergrenze dessen, wozu Geschöpfe fähig sind, sie können über den Bereich von Null hinaus nicht weiter vordringen. Dies ist etwas, das zu den tiefen Bedeutungen des heiligen Qur’an gehört, die mit dem Erscheinen von al-Mahdi – auf ihm sei der Segen Allahs – offenbar werden, die al-Mahdi eröffnen wird: Die Menschen glauben, Allah der Allmächtige besäße nur eine Erde auf der Seine Diener leben und Er wartete darauf, daß der Jüngste Tag anbricht und daß Er dann zum Gericht über Seine Diener erscheint und, wenn es vorüber ist und die einen ins Paradies und die anderen in die Hölle gehen Sein Buch schließt und sich erhebt. Das sind menschliche Phantasien! Selbst gelehrte Leute haben solche begrenzten Vorstellungen, doch derartige Vorstellungen entsprechen niemals der Wirklichkeit. Wirklichkeit ist etwas ganz anderes! Doch die Menschen gelangen niemals über den Bereich ihrer Vorstellungen hinaus zum Verständnis des wirklichen Wesens der göttlichen Gegenwart. Und wir sprechen hier von der göttlichen Gegenwart, nicht von Seinem göttlichen Wesen. Dies sind also alles unsere Vorstellungen und diese sind nur Hilfsmittel für uns, um etwas zu verstehen. Sayyid Ahmad ar-Rifa´i,

Scheikh Ahmad ar-Rifa´i al-Kabir , einer der großen Auliya, hat eine besondere Rangstufe in der heiligen Gegenwart des Propheten – Allah segne ihn und schenke ihm Frieden -, so wie jeder Heilige, jeder Wali, eine spezielle Stufe in der heiligen Gegenwart des Propheten – Allah segne ihn und schenke ihm Frieden – besitzt. Er sagte: „Ich erreichte aufgrund der mir verliehenen spirituellen Autorität, Fähigkeit und Macht himmlische Stationen und als ich im vierten der sieben Himmel angelangte, entdeckte ich ein Meer, das in meinem Gesichtsfeld auftauchte, ein gewaltiges Meer. Ich richtete meine ganze spirituelle Autorität und Macht auf dieses Meer, um seinen Ursprung und sein Ende zu erfassen, doch es war unmöglich. Und als ich mit meiner spirituellen Autorität dieses Meer näher betrachtete sah ich, daß es kein gewöhnliches Meer war, so wie die Meere in unserer Welt, die aus Wasser bestehen, sondern es aus unzähligen Sandkörnern bestand. Und als ich meine spirituelle Autorität auf die einzelnen Sandkörner richtete, mich ihnen immer weiter näherte und sie immer genauer betrachtete und schließlich ein einzelnes von ihnen erkennen konnte, stellte ich fest, daß jedes dieser Sandkörner wie unsere Erde war, eine Erde ähnlich der unseren, voller Geschöpfe. Und da waren auch die Kinder Adams, jedoch waren es nicht die Kinder unseres Adam.“

Allah! Ihr müßt Allah verherrlichen und lobpreisen! Die Handlungen Allahs des Allmächtigen sind qadimi, ewig, und Er hat gesagt: „Ich erschaffe!“ Meint ihr, Er habe nur eine Erde erschaffen? Nur einen Adam? Sein Erschaffen hört niemals auf! Es geht immer weiter. Es ist nicht, wie die kleingläubigen Christen in ihren heiligen Schriften schreiben, daß der Herr der Himmel die Erde und alles was darauf ist Tag für Tag erschuf und dann am Sabbat, am Samstag, müde war und sich ausruhte. (Maulana lacht.) SubhanAllah al-´Aliyu l-´Azim! Sagen sie das nicht: ‚Er war müde und Er ruhte sich aus.’? Hascha! Zu behaupten, der Herr der Himmel werde müde. Wie kann Er müde werden, was ist das für ein Unsinn? Allah wird müde? Das hieße ja zu behaupten, daß Er von irgend jemandem Kraft bekäme und wenn diese zu Ende wäre müßte diese (Maulana lacht), so wie bei unseren Gasflaschen, wenn sie leer sind, wieder aufgefüllt werden. Was ist das für ein Blödsinn! Und trotzdem lesen sie jeden Tag, daß Er alles an sechs Tagen gemacht hat und dann müde war und einen Ruhetag einlegen mußte und deshalb ist Samstag (bei den Juden) Ruhetag. Wie kann das sein? Allah wird müde? A´udhu billahi! Ihr müßt Allah viel mehr, endlose Ehrerbietung erweisen! Wenn ihr behauptet, Er sei müde geworden und habe sich ausruhen müssen, wo bleibt da die Ehrerbietung? Deshalb ist von ihrer Spiritualität nichts mehr übrig. Ihre Kirchen und Kathedralen sind äußerlich so imposant aber wenn ihr hineingeht sind sie leer. Allah! Wir lobpreisen Allah! Jedes dieser Sandkörner war wie unsere Erde und voller Kinder Adams oder, besser gesagt, den Kindern Adams ähnlichen Geschöpfen. Ihr müßt euch das vorstellen: Jedes dieser Sandkörner ist erfüllt mit allen Arten von Geschöpfen, allesamt beherrscht von

diesen, den Kindern Adams ähnlichen Wesen. Stellt euch dieses gewaltige Meer aus Sandkörnern vor, und von all diesen unzähligen Sandkörnern gibt es keine zwei, die gleich, die hundertprozentig identisch sind. Sie sind alle vollkommen unterschiedlich von einander. Allahu akbar! Und dies ist etwas, das einem Wali eröffnet wurde, einem Heiligen: Scheikh Ahmad ar-Rifa´i al-Kabir. Und was denkt ihr, was all den anderen Auliya und Anbiya und schließlich dem Siegel der Propheten – Allah segne ihn und sie und schenke ihm und ihnen Frieden – eröffnet wurde? Und all dies bewegt sich innerhalb der Grenzen der Schöpfung, ohne je im Geringsten das Wesen des Schöpfers zu beeinflussen. Es bedarf nur eines einzigen Befehls, um all dies in Erscheinung treten zu lassen: „Sei!“ und schon erlangt es seine Existenz. Doch Allah gibt niemals irgend etwas von sich Selbst an sie ab und diese Geschöpfe fügen Allah niemals irgend etwas hinzu! Lobpreis sei Allah! Wir sprachen darüber, daß wir rein sein müssen. Unser materielles Wesen wird schmutzig, doch wir müssen sauber und rein werden um solche Rangstufen erreichen zu können, die nur für dich (Maulana zeigt auf einen der Anwesenden) bestimmt sind, hundertprozentig für dich. Du hast nichts damit zu tun, was Scheikh Ahmad gegeben wurde, nein! ´Azamat, die gewaltige Macht und Herrlichkeit Allahs verlangt Reinheit. Wenn ihr nicht rein seid, könnt ihr nicht die Moschee betreten, wie könnt ihr erwarten, in die göttliche Gegenwart zu gelangen, wenn ihr nicht rein seid? „ ... wa thiyabaka fatahhir!“ bezieht sich in Wirklichkeit auf das thaub (Gewand), in das unsere Seele gekleidet ist, dies (Maulana zeigt auf seine Kleider) ist nur nachgemacht, unecht; der Befehl Allahs an den Propheten – Allah segne ihn und schenke ihm Frieden – und durch Seinen Geliebten an die gesamte Menschheit gerichtet: „ ... wa thiyabaka fatahhir!“ bedeutet: „Reinigt euer materielles Wesen bevor ihr zu Mir kommt!“ „Oder Ich reinige euch auf eine andere Weise! Denn schließlich müßt ihr in meine göttliche Gegenwart kommen, doch Ich muß euch vorher, mit Hilfe einer anderen Methode als der, die Ich euch auf der Erde befohlen habe, reinigen. Dort war es so einfach aber jetzt muß Ich eine andere Methode anwenden, um euch zu reinigen.“ Möge Allah uns vergeben! O ihr Menschen, versucht rein zu sein! Rein von allen schmutzigen Begierden eures materiellen Wesens. Alles Verlangen eures materiellen Wesens ist unrein und wenn ihr euch nicht selbst reinigt, müßt ihr mit anderen Mitteln behandelt werden, um schließlich in die göttliche Gegenwart zu kommen. Möge Allah uns vergeben und uns durch Seine reinen Menschen Rechtleitung schicken! Möge Er uns nicht in den Klauen von Tyrannen lassen! Wir bitten Ihn voller Demut und Bescheidenheit, Ihn, den Einzigen, der alles auf der Erde ändern kann, auch unser physisches und materielles Wesen rein zu machen! Um der Ehre des Meistgeehrten in Seiner göttlichen Gegenwart, Sayyidina Muhammad, willen, al-Fatiha Sie (die spirituellen Meister) sagen: „Denk nicht darüber nach: ‚Was soll ich den Leuten erzählen?’, das ist nicht dein Problem. Du bist nur wie ein

Wasserhahn, versuch nicht, dir selber etwas auszudenken, dreh einfach den Hahn auf und sprich! Mach' dir keine Sorgen! Egal ob vor dir fünfzig Leute sitzen oder fünfzig Tausend oder fünfzig Millionen oder fünfzig Milliarden, mach' dir keine Sorgen, was wir ihnen geben ist ihnen nie zuvor gegeben worden. Sprich! Und niemand kann dagegen dies oder jenes einwenden. Möge Allah uns vergeben und euch segnen, bi-rahmatika ya Allah, al-Fatiha

## DIE REISE DES TAGES

Jeden Morgen erwachen wir, um auf eine neue Reise zu gehen. Sie dauert nur einen Tag, vom Morgen zum Abend. Dann ruhen wir bis zum nächsten Morgen. Wenn ihr erwacht, schaut euch nach dem um, was euch voranbringt auf eurem Weg.
Der Zweck dieser Ratschläge ist zu zeigen, was euch nutzt und was euch schadet. Dies ist auch das Ziel der Aussprüche des Propheten – Allahs Segen und Friede seien auf ihm - und aller Verse des Qur'ân. Mit allen Heiligen Büchern ist es so. Niemals bringt Allah der Allmächtige Seine Diener zu Schaden, niemals läßt Er sie hilflos. Aber die Leute glauben, sie bedürften der Ermahnungen Gottes, der Empfehlungen der Propheten und der Ratschläge der Gottesfreunde, der Heiligen, nicht.

Ihr selbstsüchtiges Ich redet ihnen das ein. Es besteht auf der Erfüllung seiner eigenen Wünsche, und dabei sind ihm die heiligen Gebote im Wege. Es will sein Vergnügen hier und jetzt, versucht, die Ratschläge Gottes zu umgehen, und weiß nicht einmal, daß selbst dies nur mit Gottes Erlaubnis möglich ist. Würde Allah uns auch nur für eine Sekunde unserem Ich überlassen, so wären wir in der größten Gefahr. Denn dieses Ich findet Vergnügen nur an dem, was uns schadet.

Hilfe kommt von der Weisheit Allahs des Allmächtigen, von der Weisheit Seiner Propheten und von der Weisheit der Erben der Propheten, der Heiligen. Im Islam findet sich das erstens im Buch Gottes, dem

Heiligen Qur'ân, zweitens in den ahadith, den Aussprüchen des Propheten -Allahs Segen und Friede seien auf ihm - und drittens in den Aussprüchen der Meister.

Der Heilige Qur'ân besteht aus 6666 Versen, und es gibt Tausende und aber Tausende von Aussprüchen des Propheten, die von seinen Begleitern, den Sahâbas, bewahrt und behütet und an die nächsten Generationen weitergegeben wurden.

Wenn jemand auch nur einen Vers des Qur'ân oder einen Ausspruch des Propheten - Allahs Segen und Friede seien auf ihm - wirklich behält, also immer im Gedächtnis bewahrt, bedenkt und danach handelt, dann genügt das für sein ganzes Leben. Er braucht keinen zweiten. Warum gibt es dann solch eine große Zahl? Weil der Islam weit ist, weil er für jeden Menschen, und nicht nur für Araber, Türken oder Bewohner des Orients, einen eigenen, spezifischen Weg zum Paradies bereithält.

Die Verse des Qur'ân und die Aussprüche des Propheten – Allah segne ihn und schenke ihm Frieden - und seiner Erben sind wie Goldminen. Jeder dieser Aussprüche ist eine Mine der Weisheit, die beides enthält, das Wissen für die Anfänger auf dem Pfad Gottes und das Wissen für diejenigen, die dem Ziel nahe sind. Jeder von ihnen enthält so viel Wissen, daß einer allein es gar nicht erfassen kann. Daraus erwächst die Achtung, die ihnen entgegengebracht wird. Was darin geehrt wird, ist das Wissen.

Dies ist ein Wesenszug des Islam im Allgemeinen. Wissen ehrt uns im Angesicht Gottes. Denn dadurch erkennen die Diener ihren Herrn. Und in dem Maße, wie ihr Wissen von der Größe und Majestät Allahs des Allmächtigen wächst, wächst ihre Ehrfurcht, steigert sich ihr Lobpreis Gottes.

Wenn ein Diener seinen Herrn lobpreist, wenn er Ihn rühmt, schenkt ihm Allah Segen. Dieser Segen kommt auf ihn, weil er etwas tut, dessen sein Herr nicht bedarf und das Ihm weder etwas hinzufügt noch von Ihm wegnimmt. Im Grunde kann der Diener seinen Herrn gar nicht rühmen und lobpreisen. Denn Allah ist majestätisch über alle Maßen und von Ewigkeit zu Ewigkeit. Würden die ganze Menschheit und alle Engel Allah den Allmächtigen lobpreisen, so fügte das Seiner Herrlichkeit doch nicht ein Tüpfelchen hinzu. Deshalb ist der Lobpreis, mit dem ein Diener seinen Herrn lobpreist in Wirklichkeit der Lobpreis, mit dem sein Herr ihn, den Diener, lobpreist.

Sagst du: subhânAllah - gepriesen sei Allah - dann preist dich Gott der Allmächtige. In dem Maße, wie wir

geben, wird uns gegeben. Alle Geschöpfe preisen Ihn, denn Er brachte sie aus dem Nichts hervor. Nicht eines kommt hervor, ohne seinen Herrn zu preisen. Menschen, Tiere, Bäume, Steine, die Erde, die Himmel, die Wolken, die Wasser, die Atome, alle preisen sie Ihn, denn ohne Ihn wären sie nicht. Und je mehr sie Ihn preisen, desto mehr Wissen wird ihnen gegeben, und je mehr Wissen ihnen gegeben wird, desto größer wird ihr Lobpreis.

Beide, ein gewöhnlicher Mensch und ein Heiliger, preisen Gott, und doch ist der Gottesdienst des einen nicht wie der des anderen. Denn der Rang des Dienens wird gemessen am Wissen des Dieners. In dem Maße, wie ihr Qur'ânverse oder Aussprüche des Propheten wirklich lernt und behaltet und befolgt, in dem Maße wächst euer Wissen. So steigert sich euer Lobpreis. Und so nimmt das Licht zu, das auf euren Standplatz in der Gegenwart Gottes fällt. Die Bedeutungen eröffnen sich, und das nimmt kein Ende, solange der Lobpreis Gottes andauert.

Der Befehl Allahs des Allmächtigen an seine Diener, Ihn zu lobpreisen, ist ein Geschenk an sie. Er hat ihnen befohlen, Ihn zu preisen, und Er hat ihnen damit die Möglichkeit eröffnet, selbst gepriesen zu sein in Seinem Angesicht. Wenn sie die ersten Verse des Qur'ân aufsagen, wenn sie sagen: a'ûdhu billâhi minna sch-schaytâni-r rajîm, dann preisen sie Allah, und wenn sie sagen: Bismillâhi-Rahmâni-Rahim, dann ist das eine Lobpreisung. Wenn wir sagen: al-hamdulillâhi rabbi l-´âlamîn, preisen wir, ar-Rahmâni-Rahîm, wir preisen Dich, mâliki-y yaumi-d îin, wir preisen Dich, iyyâka na´budu wa iyyâka nast´în, wir preisen Dich, ihdina-s sirât al-mustaqîm, wir preisen Dich, sirât alladhîna an´amta ´alayhim, ghayri-l maghdûbi ´alayhim wa la-d dâllîn, wir preisen Allah den Allmächtigen. Amin.

Jeder Lobpreis, jede Anbetung, jede Bedeutung, die uns eröffnet wird, ist ein Weg, der uns zu den Meeren göttlichen Wissens, göttlicher Weisheit, göttlicher Schönheit führt. Wichtig ist nur der Lobpreis. Er ist der Schlüssel, der den Dienern ihre Stellung im Angesicht Gottes verleiht.

Wer seinen Herrn preist, wird von Ihm gepriesen und wird ein Ort göttlichen Wirkens für andere Menschen. Er wird zu einem „âyatun min ayâtillâh“, einem Wunder-Zeichen von den Wunder-Zeichen Allahs.

**Reite dein Pferd!**

Audhu billahi mina sh-shaitani rrajim bismillahi r-rahmani r-rahim. La hawla wa la quwwata illa billahi l-‘aliyyi l-‘azim. Bewahre unsere Seelen davor, in die Hände unseres Egos zu fallen. O Allah, beschütze unsere Seelen vor Shaitan und seinen Werken. Wir müssen beständig um Schutz bitten und „Audhu billahi mina sh-shaitani r-rajim“ sagen. Wahrhaft geht es darum, Allah den Allmächtigen um Schutz zu bitten. Tariqatuna ss-ssuhba wa l-khairu fi l-jam‘iyya. Es ist ein Ozean, der unseren Seelen Unterstützung gibt. Und der unseren Seelen Kraft gibt, damit sie sich gegen die Stürme und Angriffe Shaitans und seiner Anhänger verteidigen können. Denn Shaitan läßt niemanden frei, nicht einen unter den Menschen kannst du finden, mit dem nicht ein Shaitan ist.
Von den Menschen gibt es eine bestimmte Anzahl, und von den Shaitanen dieselbe Anzahl, die durch den großen Shaitan gelenkt werden. Er dirigiert alle Shaitane – die kleinen. Ein großer aber, der sich dem heiligen Befehl widersetzt hat, sich gegen den Befehl Allahs des Allmächtigen aufgelehnt hat, das ist die Nummer eins der Shaitane. Und einem jeden schickt er einen Shaitan. Und du kannst niemanden finden, der nicht von Shaitan bestürmt und angegriffen wird.

Und der Prophet sagte, der Friede sei auf ihm: „Selbst für mich gab es einen Shaitan, aber Allah Allmächtige ließ ihn sich mir ergeben. Und ich behielt diesen, und er wurde zu einem ergebenen Diener für mich. Ich tat es, damit er mein Diener wurde. Er akzeptierte mich und wurde Muslim.“ Das sagte der Prophet, und er sagte

etwas darüber, man müsse das nehmen, was notwenig für einen zu nehmen sei. Das heißt: „O meine Gemeinde, o meine Umma, ihr müßt versuchen, euren Shaitan dazu zu bringen, sich euch zu ergeben und euer ergebener Diener zu werden.“ Denn Allah der Allmächtige tut niemals etwas, das den Menschen schadet. Aber jeder mag einen Quadratkopf fragen, warum Er uns Shaitan sandte, warum Er uns nicht ohne Shaitan sein läßt. Ja. Hätte Allah der Allmächtige nicht unsere Egos erschaffen, hätte er nicht Shaitan auf uns gesandt. Da wir Egos haben, läßt Allah der Allmächtige Shaitan Seine Diener bestürmen und angreifen. Denn Shaitan hat auch gewaltige Kraft. Du wirst nicht in der Lage sein, Shaitans Kraft zu bändigen oder zu kontrollieren; jene Kraft ist dazu da, dir zu helfen, zu himmlischen Stationen aufzusteigen. Und ohne Shaitan kannst du nicht zu den Himmeln aufsteigen. Du bliebest nur auf der Erde.

Und einer fragte, warum wir unsere Egos hätten, wo sie doch so schrecklich und gefährlich sind und gegen uns arbeiten. Wir sagen, daß in Wahrheit das Nafs, das Ego, nicht dazu da ist, uns zu schaden. Nein. Es ist wie eine elektrische Leitung – ohne Plastikumhüllung ist sie schädlich, und wenn es schädlich ist, sagst du: „Wir können es nicht anfassen, und so können wir es nicht nutzen.“ Und wenn du so bleibst, ohne diese Kraft zu nutzen, wird dir eine große Gelegenheit entgehen, die Allah der Allmächtige dir gewährt hatte. Auf dieser Leitung ohne Ummantelung liegt kein Schutz. So muß diese Leitung einen Schutz für uns haben, damit wir sie anfassen können und die Kraft in ihr uns nicht überkommt. Wenn du sagst: „Warum ist dieses schädliche Kabel darin? Laß es weg!“, und wenn diese Leitung in dieser Plastikumhüllung weggenommen würde, was bedeutete das? Daß du jene gewaltige Kraft verloren hast. Uns wurde dieses Ego, Nafs, gewährt, es ist eine große Gabe von Allah dem Allmächtigen an uns. Der Prophet, auf dem der Friede sei, sagte: „Dies ist dein Pferd, auf daß du auf ihm reitest und erreichst.“ Du fragst, warum das Ego uns aufgesetzt worden ist, und wir sagen, hätten wir kein Ego, Nafs, wären wir wie Engel. Aber Allah der Allmächtige wollte ein neues Wesen erschaffen, und es sollte hundert Prozent verschieden sein von den Engeln. Das hat bestimmte Gründe, Zwecke und Weisheiten. Und Er erschuf Adam und gab ihm Nafs, und hätte er ihm kein Nafs gegeben, wäre Adam dasselbe wie die Engel. Und ohne Nafs, ohne dieses Pferd, könntest du nicht die Ehre erreichen, die Allah der Allmächtige jenen Wesen gewährte, die ein Ego, Nafs, besitzen. Dies ist eine große Weisheit, die es zu verstehen gilt. Ihr müßt verstehen!

Ihr dürft nicht sagen: „Warum Shaitan?“ oder: „Warum Nafs?“ Beide helfen dir, zu den sieben Himmeln aufzusteigen, bis zum heiligen Maqam [...] Ohne sie kannst du nicht hinaufreichen. Deshalb zielen alle

Überlieferungen des Propheten æ, alle Tariqas, die Weisheit von Schari‘a und Tariqa darauf, dich in die Lage zu versetzen, diese gewaltige Kraft unter Kontrolle zu bringen. So daß du sie benutzen kannst, die sieben Himmel zu erreichen. Wenn nicht, kann es dich umbringen, dich zerstören, so wie eine Leitung ohne Plastikumhüllung töten kann – jene gewaltige Kraft. Aber in Wirklichkeit suchen die Menschen während des ganzen Jahrhunderts hindurch nicht danach, zu verstehen, warum uns ein Ego gegeben wurde.

Und wir sollen nicht fragen: „Warum wurde uns das gegeben?“ Es ist nicht, daß uns bloß etwas gegeben wurde, sondern es ist eine Gewährung von Allah dem Allmächtigen. Denn Allah der Allmächtige fordert dich auf: „Benutze es und komm zu Mir.“ So erging es Sultan al-‘Arifin, Bayazid Bistami, als er vor Allah den Allmächtigen und die Göttliche Gegenwart gelangte, da bat Er ihn, in die Göttliche Gegenwart einzutreten und sagte: „O Bayazid, nun laß dein Nafs und komm zu Mir.“ Das ist der Hauptzweck des Nafs: dich zu befähigen, von der untersten zur höchsten Stufe zu gelangen, so wie jemand mit dem Flugzeug eine Höhe zu erreichen vermag, die er möchte ... # THE RELATIONSHIP BETWEEN ISLAM, HINDUISM AND BUDDHISM

And for Hinduism and Buddhism we are not saying that they are heavenly religions - they are such preliminary beliefs which belong to very old times. They are like idol-worshippers. Therefore, we do not find any relationship between Islam and Buddhism or Hinduism, not any relationship, because they are mostly based on imagination and idol-worshippers. We are not accepting.

Do not accept any other faith, Islam is the best. If any religion or any type of belief is better than Islam, then people may choose. Islam brings a discipline, a perfect discipline, physically and spiritually, here and in the hereafter. Everyone knows that no-one likes to be under a perfect discipline, every time our ego is asking to be more free, to do everything. Therefore, even though Islam is the best, people try to run away from Islam. They may ask Buddhism, Hinduism or Zen - they are not doing anything but putting their hands together and kneeling down in front of statues and that's all. After that they are free to do everything and when they want to worship they come to the statue of Buddha and catch their hands and come on knees and say what they are saying - that is enough for them. Therefore, Hinduism may find millions of people, Buddhism may find millions of people to follow their ways, so easy - there is no authority or discipline on their followers saying do this, don't do that.

Islam is concerned with every moment of the life of mankind, Islam is giving a perfect discipline for the life of

mankind from the beginning of their birth and before birth, from marriage time up to the end of their lives. Islam is bringing a perfect discipline for the whole life of mankind. Therefore, people never like to follow Islam, because at any moment you can't find any freedom for them to act according to their satanic ideas or satanic freedom, Islam is never giving them a chance.

## Religion Is Only for Training People in Good Manners

...that is our beliefs, and must be out beliefs in such a way, that if a mosquito cannot move its wings without the Will of the Lord Almighty, what about mankind that they are not believers in heavenly messages, that they may do something by themselves.

They can't do. If Allah Almighty leaving, may do, may do something; if not even whole armies of world, other nations, they can't do anything.

Heh! It was enough or it is enough only to say, the Lord of Heavens, for teknologia, or to say to new bombs: "Stop and don't do anything!"

Finished. Finished. Finished. But We are not trying to understand something. Maybe at least we must know, we must believer that the Creator everything that He is asking to be or not to be, to say "Be!" and coming in existence. And if saying "don't be!" just disappearing.

Correct, O Muslim communities, nation of Sayyidina Muhammad (s), that if Allah Almighty ordering for something to be or not to be, must be!

But Muslims beliefs going to be on deepest lowest level, lowest level a Muslim must believe that everything by

Holy Order, by Holy Command of heavens may be or not to be.

That is the reason the Prophet (s) was saying, "coming some days that should remain from Islam only its name and nothing else."

You must believe that real command for everything coming from heavens and Allah Almighty, He is not, He is not, heh, we may say "empty" to look after your weapons, to look after your armies, no.

No He is not looking. He may order one creature, to make those proud nations living thru 21st century to make them to trembling, to tremble, haha, yes.

Now everyone hearing everywhere just heard and known that we are saying "pig flu, pig flu". What is that pig flu and you have such huge huge weapons? O 21st Century people, you have so huge armies and huge weapons that may destroy this world into pieces, you think so, but Allah Almighty putting in front of you a pig flu and its reason is only that flu they are saying coming from microbes, virus? Wireless? Eh, wireless also. You need such a things, but they are not in need to use such instruments - that virus is taking directly from its Creator and it knows for what it is in existence.

That if Allah willing may do something.

If you are asking, "For what your Creator created you, O virus? Tell me, I can't see you, I can hear you, I can't touch, but tell me what is the secret power of secret of secrets through yourself that mankind they are so powerful but they are fearing from you. What is the reason?"

And it (the virus) may say, "Ooooh..." I am asking, ?? I am asking him if that virus has eyes to look. It saying, "I am not a virus to know." But making Baba Tahseen, trembling from that virus if coming. I am saying "don't fear, if it is coming walking, may bite you and you may fall down and then you should be not exists one. But if virus coming riding on horse or donkey or coming on camel or coming with plane, don't fear."

You understand? Never understanding. Hehe. Why you are fearing from virus? Fear from that One who creating it and sending on proud mankind and they are running away from it but they are not seeing it but saying, "Our scientists they are doctors, saying that it is a very dangerous virus, that we can't fight them and

we must run away."

But we are asking to run away but they are saying “it is running before ourselves to that place we are running on it.” Understanding? Never understanding.

Abdur Rauf, understanding? (you know best)

Show me a balena, whale, asking "from where coming that virus?" It may know but you can't know. O people, fear from your Creator and try to give most high Respect and Glory and Majesty for your Lord Almighty Allah that He may be the only One to protect you from that virus.

Yes, we are saying this because mankind is saying, "We are mighty ones."

"Why you are claiming that you have mighty powers?"

“Because we have such and such an instruments and we are so proud and powerful with such a instruments.”

Ay, I am saying "if you have such a powerful things why not running on that virus to send jet planes?" Try it!

Abdul Haqq! Abdur Rauf! Try it. Surround them with jet planes that they have might powers. Send on that virus such a miraculous power that your are claiming to take that away.

Religion (is) only for training people and to give to them a politeness and to give them a good characteristics, to grant to them whole good good characteristics. That is purpose of religion.

Try to be a good one for your Lord Almighty Allah, for your most most respected Prophet Sayyidina Muhammad (s) and try to keep their ways because coming some days you should be taken away from this life to another life. Try to use your mind and your knowledge for an understanding that why you are in existence and why you are on this planet and who is that One bringing you from nothing to be something, o people!

O people!

Keep your Lord's most high respect. Give to Him that He Almighty may protects you and may shelters you here and hereafter.

We are weak ones. We are coming only two weeks once the Day of most holiest day for whole nations, day of pleasure, day of honor, day of majesty, day of glory, the Day Jumah, Day Jumah, May Allah forgives us and gives us a good understanding and to be His...His Huuuuuuuuw, weak servants.

May Allah forgives us and grants you from His Endless Mercy Oceans for the honor of the most honored one Sayyidina Muhammad (s).

Salam `alaykum.

Allahuma salli `ala Sayyidina Muhammadin an-Nabee'il-Ummee wa `ala aalihi wa sahbihi wa sallim.

## Religion is good advice

AlHamdulillah. May Allah make us come together for goodness. Welcome to you. "Sabah ribahu" they said. Is it not so? Everything is gained in the morning. The day opens - The Heavenly grants of Allah Almighty reach to the servants, reach to the mountains & stones. It starts to close at night.

We may say, Audhu Billahi min al shaytan al rajim. May Allah protect us from the evil of shaytan. May He protect us from following the dirty ego. What can the people do? Our way is "Ad-dinu nasiha". Did we say the Basmala? Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim is a pillar from earth to the Heavens. It is an honour for the people. It is descended upon this Ummah. Bismillahi r-Rahmani r-Rahim. All the Prophets know it, alaihum selam. You came in safety. May our day start in safety & be closed in safety. O our Lord, may You send us from Your servants one who will teach us to keep Your way with Your Heavenly Grants. What can we do?

"Ad-dinu nasiha". Religion is advice. And what is advice? Allah Almighty wants goodness for the servants and through the means of advice directs them to the way He accepts. First of all, our Prophet (sas) who is the Sultan of Prophets, honoured this world being entrusted with the mission of advice. Bismillahi r-Rahmani r-Rahim. Rabbi Yassir wa la tu'assir. Rabbi tammim bil khair. May You make our service, our service of servanthood, come to be easy today. May we not face difficulties, find difficulties in our way when serving You as Your servants O Lord. Rabbi tammim bil khair- may we complete this day in goodness. Ya Rabbi, Shukur. Shukur to You. May we refrain from sins & being disobedient to Allah Almighty. May we refrain. Allah Allah..Allah Allah..Allah Allah..

Ad-dinu nasiha. Religion means the advice which shows people the path they should walk on. If there is no institution of advice in a country, that country is in the hand of shaytan. It is ridiculed & mocked by shaytan. May Allah protect us from the evil of shaytan, from the evil of the ego & its desires. When a person follows his desires, shaytan finishes him, leaves no goodness for him.

Today's people don't know for what they are created. For what are we created? For Whom are we created? What are we created to do? This is not taught. When it is not taught, then people can't know. "Ad-dinu nasiha". Advice teaches people for what they have been created & what they are responsible to do. This is the first thing that people should know- For whom are we working? For whom are we working in dunya? For whom are we running & striving & working in dunya? "For whom are we working? We work for ourselves" they say. Here, the first thing to be taught is, we are created in this dunya to make service for Allah Dhul Jalal Hz. Not to be the servant of our own egos.

We are created to make honoured service to Allah Dhul Jalal. They are not teaching this. Shaytan intervened & messed it up. He says to the people "No! You should live for yourself". Why should I live for me? What is its value- what is the value of me living for myself? I should live for such a One that an honour comes to me from Him; that he dresses me with the dress of honour, with the dress of glory, with the dress of heavenly grants. May we be lateef/gentle, nice, beautiful. Allah Almighty wants a beautiful service. No, they don't teach this. "No, we live for ourselves".

Because they live for themselves, they have become like "mushatta". Do you know what mushatta is? They become like shabak (monkey). Shabak. "What is shabak, Shaykh Effendi?" "Do you not know shabak? Look into the mirror & see who shabak is". It is your ego. They look like this (into the mirror). Especially the female species of mankind when they will go out, they dress up from the morning till noon & go out in the afternoon- To show herself, to look beautiful.

To look beautiful, to be beautiful is a grant from Allah. It is not with all kinds of makeup you put on your face- not with blushes, powders, lotions..It is not with the dresses you wear. Sometimes

they make their hair like the hair of goats, sometimes it looks like the hair of the dogs. Some others make their hair like other animals whose attributes they carry. Why should you do your hair? What will you become? What is it that you'll show? She spends her day, her life with fashion, makeup & dressing up... And she leaves it all without gaining anything. For whom did she work? For her blind ego. And she dies without satisfying her blind ego & becoming uglier.

Those who are servants to their Lord & say "we live for Allah", there is Nur in their faces, there is joy & happiness in their hearts. There is hope. For the others there is no hope. You die & it is all finished. O Lord, may You forgive us. "Dullani khaira d-daleela"- we should find good guides that they tell us "Do you live for your ego or do you live for Allah?" But there is no one left who lives for Allah. Everybody lives for his ego, to satisfy his blind ego; lives to dress their no value titles, to show himself & to praise himself.

May Allah save the people from these ibtilas/calamities. May He send us a Master. We are left without a Master. Ad-dinu nasihat. There is no one left to give people advice. Shame on us... We are here today & tomorrow we disappear. "Where did he go?" "They buried him to the graveyard, he disappeared". Huuuuu Rabbi la Yazal. May Allah grant us understanding. We live for Allah & everything opens in front of us. People are striving for their own egos & no door opens for them. All of them went bankrupt. There is no Nur left on their faces, no health left in their bodies. They have no mind left in their heads. Most people say "O my heart" & go through heart surgery. No, it gives trouble. Say Allah, your heart beats saying "Allah". Listen to your heart. Say Allah & look if there will be any problem. And there is a new fashion now, they rip apart their hearts, do surgery. Heart surgery.. Can the heart recover with surgery? It recovers with saying Allah. We should say Allah, both by heart & by tongue. La ilaha illa Allah, la ilaha illa Anta Subhanak! Subhanak! You are Sultan, You are Subhan O our Lord" call Him like this.

We are weak servants. Qawwi da'fana farid ak Ya rabbi. We couldn't do anything. And day by day dunya... because the people of this century are striving to satisfy their own egos. They don't strive to keep the right & adab of Allah (jj). They don't strive to keep the right & adab of His Prophet (sas). The purpose of them is for servanthood but they forgot this- they forgot being servants to Allah & they are being slaves to their own egos. They have become slaves. They have

become slaves. And the ego wants to mount man & once it does, it starts whipping.

Everywhere is filled with diseases. Aman ya Rabbi, may You not makes us catch these diseases. O Bait al-'Atiq, Assalamu Alaika. Allahumma zid baitika haza, ta'zeeman wa tashreefan wa takreeman, wa mahabatan wa birran, O Lord". Inside the Kaaba al-Muazzama, it is a treasure. For this, say every morning "O Lord, may You dress on us the dress of faith from the treasures of Kaaba. Dress on us the dress of health & wellness. Dress on us the dress of knowledge, the dress of adab Ya Jalil"

This came to my heart today, Shaykh Mehmet Effendi you know this. Make them recite this sometimes, they never recite this. Ya Latif-an lam tazal Ultuf bina feema nazal. Innaka Latif-un lam tazal, bi lutfika awadtana. Ya Rabbi, amin khawfana. ya Rabbi, amin khawfana. Ya Rabbi, amin khawfana. Fa'fu anna Ya Karim. Do you know this? Teach this to people. This is very strong- it came this morning. Ya Latif-an lam tazal Ultuf bina feema nazal. Innaka Latif-un lam tazal, bi lutfika awadtana. Ya Rabbi, amin khawfana. Ya Rabbi, amin khawfana. I learned this one when I was in Homs Shaykh Mehmet Effendi. In the mosque of Khalid ibn al-Walid (ra), the muazzin would recite this aloud in fajr prayer. Ya Latif-an lam tazal Ultuf bina feema nazal. Innaka Latif-un lam tazal, bi lutfika awadtana. Ya Rabbi, amin khawfana. Ya Rabbi, amin khawfana. Fa'fu anna Ya Karim.

You know this by heart? Make them recite this, O son. We can't do anything either. We can't do anything either.. Tawba, we make tawba. What can we do? Ya Rabbi, amin khawfana. Ya Rabbi, amin khawfana. Fa'fu anna Ya Karim.

His one leg was disabled, poor one- the muazzin. His voice was strong. With his crippled leg he would climb the huge minaret at fajr & recite the adhan. He would walk like this. His disability was more than Abu Rajab's. May Allah bless his soul. Sometimes when he was not there I would climb the minaret. My voice was good too. They wouldn't realize that it was me, my voice would come out like his voice upstairs. They would hear it from the castle. Look to who makes it heard- O holy one, Khalid ibn al-Walid Hz.

We have many sins.. I have many sins, I am naughty one. Pray for me also. That Allah Almighty

may not crush the servants. What can we do? Thousands of shukur for my situation. How many times the Prophet (s) invited us to his holy presence. With the barakah of my Shaykh Sultanul Awliya I reached to Sham from Homs. I found our Sultan in Sham. The Sultan in Istanbul sent me there. May you be servants to the Sultans. I strived but what could I do? I couldn't do anything. O Allah, may You send us a Master. O Allah, may You send us a Master. Ya Latif-an lam tazal Ultuf bina feema nazal. Innaka Latif-un lam tazal, bi lutfika awadtana. Ya Rabbi, amin khawfana. Ya Rabbi, amin khawfana. If these people recited this, neither Bashar nor any nashar can do anything to them. What comes on them would be scattered & taken away.

We have power, it is not that we don't have power, but there is no permission yet. Everyone's mind is on something else. Ya Rabbi, tawba ya Rabbi. May our today be khair. May our every day be khair. Recite always "Ya Latif-an lam tazal". Recite & have them recite. We will be like lions, bi idhni Allah, Bi hurmati Habib (sas). Our children are entrusted to You, the nations of the Beloved, all of them. Ya Rabbi, You know.

Fatiha.

## Religion ist guter Rat

---

Al Hamdulillah. Möge Allah uns zusammenkommen lassen für Gutes. Willkommen. "Sabah Ribahu", sagten sie. Ist es nicht so? Alles wird am Morgen gewonnen. Der Tag öffnet sich, die himmlischen Gaben Allahs des Allmächtigen erreichen die Diener, erreichen die Berge und Steine. Es beginnt zu schließen in der Nacht. Wir sagen: Audhu Billahi mina sh-shaytani r-rajim. Möge Allah uns vor dem Übel Shaytans schützen. Möge Er uns davor schützen, dem schmutzigen Ego zu folgen. Was können die Menschen tun? Unser Weg ist "Ad-Dinu Nasiha". Haben wir die Basmala gesagt? Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim ist ein Pfeiler von der Erde zu den Himmeln. Es ist eine Ehre für die Menschen. Es ist herabgekommen auf diese Ummah. Bismillahi r-Rahmani r-Rahim. Alle Propheten wußten es,

`alayhum Salam. Du kamst in Sicherheit. Möge unser Tag in Sicherheit beginnen und in Sicherheit enden. O unser Herr, mögest Du uns von Deinen Dienern einen senden, der uns lehrt, Deinen Weg einzuhalten mit Deinen himmlischen Gaben. Was können wir tun?
"Ad-Dinu Nasiha." Religion ist guter Rat. Und was ist guter Rat? Allah der Allmächtige will Gutes für die Diener und vermittels guten Rates führt Er sie auf den Weg, den Er anerkennt. Zuerst einmal ehrte unser Prophet (saws), der der Sultan der Propheten ist diese Welt dadurch, daß ihm die für uns selbst, sagen sie. Hier ist das erste, was gelehrt werden muß, daß wir in dieser Dunya geschaffen wurden, um Allah Dhu l-Jalal Hz Dienst zu leisten, nicht, um der Diener unseres eigenen Egos zu sein. Wir wurden geschaffen, um ehrenvollen Dienst an Allah Dhul Jalal zu leisten.
Sie lehren das nicht. Shaytan griff ein und brachte es durcheinander. Er sagt den Leuten: Nein! Ihr solltet für euch selbst leben. Warum sollte ich für mich leben? Was ist sein Wert, was ist es Wert, für mich selbst zu leben? Ich sollte für so Einen leben, von Dem mir Ehre zukommt, Der mich mit dem Ehrenkleid bekleidet, mit dem Kleid des Ruhmes, mit dem Kleid der himmlischen Gaben. Mögen wir latif, sanft, nett, schön sein. Allah der Allmächtige will einen schönen Dienst. Nein, sie lehren das nicht. Nein, wir leben für uns selbst. Weil sie für sich selbst leben, sind sie wie "Mushatta" geworden. Wißt ihr, was Mushatta ist? Sie sind wie Shabak, Affen, geworden. Shabak. Was ist Shabak, Shaykh Effendi? Weißt du, was Shabak ist? Guck in den Spiegel und du siehst, was Shabak ist. Es ist dein Ego. Sie gucken so in den Spiegel. Besonder die weibliche Spezie der Menschheit, wenn sie ausgehen wollen, machen sie sich hübsch vom Morgen bis zum Mittag und gehen am Nachmittag aus, um sich zu zeigen, um schön auszusehen.
Schön auszusehen, schön zu sein, ist eine Gabe Allahs. Es kommt nicht von allen Arten von Makeup, das du ins Gesicht schmierst, nicht von Rouge, Puder, Lotionen.. Es ist nicht das Kleid, was du trägst. Manchmal machen sie sich das Haar wie Ziegenhaar, manchmal sieht es aus wie das Haar von Hunden. Manch andere machen ihre Haare wie andere Tiere, deren Attribute sie tragen. Warum solltest du dein Haar machen? Was wirst du werden? Was wirst du zeigen? Sie verbringt ihren Tag, ihr Leben mit Mode, Makeup und Sich-Zurechtmachen. Und sie läßt alles, ohne irgendetwas zu gewinnen. Für wen hat sie gearbeitet? Für ihr blindes Ego. Und sie stirbt, ohne ihr blindes Ego zu befriedigen, und wird häßlicher. Jene, die Diener ihres Herrn sind und sagen 'Wir leben für Allah', auf deren Gesichtern ist Nur, es ist Freude und Glück in ihren

Herzen. Es ist Hoffnung da. Für die anderen gibt es keine Hoffnung. Du stirbst und alles ist zu Ende. O Herr, mögest Du uns vergeben.
"Dullani Khayra d-Dalila" - Wir sollten gute Führer finden, die uns sagen 'Lebt ihr für euer Ego oder lebt ihr für Allah?' Aber es gibt niemanden mehr, der für Allah lebt. Jeder lebt für sein Ego, um sein blindes Ego zu befriedigen, um seine wertlosen Titel zu führen, um sich zu zeigen und sich selbst zu loben. Möge Allah die Menschen vor diesen Ibtilas, Unglücken retten. Möge Er uns einen Meister senden. Wir sind ohne Meister. Ad-Dinu Nasihat. Es gibt niemanden mehr, der den Menschen guten Rat gibt. Schande auf uns... Wir sind heute hier, und morgen verschwinden wir. Wo ist er hingegangen? Sie haben ihn auf dem Friedhof begraben, er ist fort. Huuuu Rabbi la Yazal. Möge Allah uns Verstehen gewähren. Wir leben für Allah, und alles öffnet sich vor uns. Die Menschen streben für ihr eigenes Ego und keine Tür öffnet sich für sie. Sie sind alle bankrott. Es gibt kein Nur mehr auf ihren Gesichtern, keine Gesundheit in ihren Körpern. Sie haben keinen Verstand mehr im Kopf. Die meisten sagen 'O mein Herz' und durchlaufen Herzchirurgie. Nein, es macht Probleme. Sagt 'Allah'. Euer Herz schlägt und sagt 'Allah'. Hört auf euer Herz. Sagt 'Allah' und seht, ob es irgendwelche Probleme gibt.
Und es gibt jetzt eine Neue Mode, ihre Herzen aufzureißen, zu operieren. Herzchirurgie.. Kann das Herz mit Chirurgie gesunden? Es gesundet, wenn es 'Allah' sagt. Wir sollten 'Allah' sagen, mit dem Herzen und der Zunge. La ilaha illa Allah, la ilaha illa Anta Subhanak! Subhanak! Du bist Sultan, Du bist Subhan, o unser Herr! Ruft Ihn so an. Wir sind schwache Diener. Qawwi Da'fana fi Ridak, ya Rabbi. Wir konnten nichts tun. Und Tag für Tag die Dunya... weil die Menschen dieses Jahrhunderts danach streben, ihr eigenes Ego zu befriedigen. Sie streben nicht danach, die Rechte und den Adab für Allah (jj) zu bewahren. Sie streben nicht danach, die Rechte und den Adab Seines Propheten (saws) zu bewahren. Ihr Zweck ist die Dienerschaft, aber sie haben das vergessen. Sie haben vergessen, Diener Allahs zu sein und sind Sklaven ihres eigenen Egos geworden. Sie sind Sklaven geworden. Sie sind Sklaven geworden, und das Ego will auf dem Menschen reiten, und dann beginnt es, ihn zu peitschen. Überall ist alles voller Krankheiten. Aman ya Rabbi, mögest Du uns nicht diese Krankheiten bekommen lassen.
O Baytu l-'Atiq, As-Salamu Alayka. Allahumma zid Baytika hadha, Ta'ziman wa Tashrifan wa Takriman wa Mahabatan wa Birran, o Herr. In der Kaaba al-Muazzama gibt es einen Schatz. Deshalb sagt jeden Morgen: 'O Herr, mögest Du uns mit dem Gewand des Glaubens von den

Schätzen der Kaaba bekleiden. Bekleide uns mit dem Gewand von Gesundheit und Wohlbefinden. Bekleide uns mit dem Gewand des Wissens, dem Gewand des Adab ya Jalil.' Das kam heute in mein Herz. Sh. Mehmet Effendi, du weißt das. Laß es sie manchmal rezitieren. Sie rezitieren das nie. Ya Latifan lam tazal. Ultuf bina fima nazal. Innaka Latifun lam tazal, bi Lutfika Awadtana. Ya Rabbi, Amin Khawfana. Ya Rabbi, Amin Khawfana. Ya Rabbi, Aman Khawfana. Fa`fu anna ya Karim. Kennst du das? Lehre es die Leute. Das ist sehr stark. Es kam mir heute Morgen. Ya Latifan lam tazal. Ultuf bina fima nazal. Innaka Latifun lam tazal, bi Lutfika Awadtana. Ya Rabbi, Amin Khawfana. Ya Rabbi, Amin Khawfana.

Ich lernte das, als ich in Homs war, Shaykh Mehmet Effendi. In der Moschee von Khalid ibn al-Walid (ra) rezitierte der Muazzin das laut im Fajr Gebet. Ya Latifan lam tazal. Ultuf bina fima nazal. Innaka Latifun lam tazal, bi Lutfika Awadtana. Ya Rabbi, Amin Khawfana. Ya Rabbi, Amin Khawfana. Fa'fu anna ya Karim. Kannst du das auswendig? Laß sie das rezitieren, Sohn. Wir können auch nichts machen. Wir können auch nichts machen. Tawba, wir machen Tawba. Was können wir tun? Ya Rabbi, Amin Khawfana. Ya Rabbi, Amin Khawfana. Fa'fu anna ya Karim. Sein eines Bein war verkrüppelt, der Arme, der Muazzin. Sein Stimme war stark. Mit seinem verkrüppelten Bein kletterte er auf das riesige Minarett zum Fajr und rief den Adhan. Er ging so. Sein Behinderung war größer als die von Abu Rajab. Möge Allah seine Seele segnen. Manchmal, wenn er nicht da war, kletterte ich auf das Minarett. Meine Stimme war auch gut. Sie bemerkten, daß ich es war, meine Stimme kam heraus wie seine Stimme oben. Sie hörten es von der Burg. Sieh, wer es hörbar macht. O Heiliger, Khalid ibn al-Walid Hz. Wir haben viele Sünden.. Ich habe viele Sünden, ich bin ungezogen. Bete auch für mich. Daß Allah der Allmächtige die Diener nicht zerschmettert. Was können wir tun? Tausende Shukur für meine Lage. Wie viele Male lud uns der Prophet (s) in seine heilige Gegenwart.

Mit der Barakah von meinem Shaykh Sultanu l-Awliya erreichte ich Sham von Homs aus. Ich fand unseren Sultan in Sham. Der Sultan in Istanbul sandte mich dorthin. Möget ihr Diener der Sultane sein. Ich strengte mich an, aber was konnte ich tun? Ich konnte nichts tun. O Allah, mögest Du uns einen Meister senden. O Allah, mögest Du uns einen Meister senden. Ya Latifan lam tazal. Ultuf bina fima nazal. Innaka Latifun lam tazal, bi Lutfika Awadtana. Ya Rabbi, Amin Khawfana. Ya Rabbi, Amin Khawfana. Wenn diese Menschen das rezitieren würden, könnte weder Bashar noch irgendein Nashar ihnen etwas tun. Was auf sie kommt, würde zerstreut und

weggenommen werden. Wir haben Macht. Es ist nicht so, daß wir keine Macht haben, aber es gibt noch keine Erlaubnis. Jedermans Gedanken sind auf etwas anderes gerichtet. Ya Rabbi, Tawba ya Rabbi. Möge unser Heute khayr sein. Möge jeder unserer Tag khayr sein. Rezitiere immer "Ya Latifan lam tazal". Rezitiere und laß sie rezitieren. Wir werden wie Löwen sein, bi Idhni Allah, bi Hurmati Habib (saws). Unsere Kinder sind Dir anvertraut, die Nation des Geliebten, sie alle. Ya Rabbi, Du weißt. Fatiha.

## Remember Me; I Remember You

We may say Bismillahi r-Rahmani r-Rahim. May Allah (jwa) not make us without religion, may He not make us without understanding either. Our tongues should say "Allah". Our tongues should say Salawat for the pure Prophet Ahmad-i Muhammad Mustafa (sas). Our tongues should always recite Salawat for the Beloved of Allah Almighty, recite the Salawat al-Sharif.

And we may say: "Kullu amrin dhi baalin lam yabda'a fihi bi Bismillah, fa huwa abtar". For every matter... The saying of "dhi baalin" is for teaching us. What is the meaning of "dhi baal"? An important, valuable matter. What suits the believer is to perform beautiful deeds, good deeds.

"Dhi baal" is the matter which has value. Allah Almighty orders us this: "Do beautiful acts, perform good deeds". "Dhi baal" which means something that has a value. What suits the believer is to do clean things. The glory of the believer is in doing beautiful actions, doing beautiful service, doing beautiful deeds, doing beautiful servanthood. Because servanthood requires beautiful service. A servant is who makes good service. Who strives to do foolish, meaningless things is far away from servanthood. The things a servant does are solid and firm.

He doesn't do a rotten thing. Why? Because he will say the Bismillah. When he says the Bismillah, the service he does is clean, it is firm. A believer's work can't be corrupt. It will be clean. He has Nur on his face and joy in his heart. A believer does not live a sad life. A believer is happy. A believer is the owner of good deeds and he is in the first class when making service for Allah Almighty.

May Allah not remove us from His servanthood. Bismillahi r-Rahmani r-Rahim. O our Lord,

may You forgive us. Don't make us to forget! Don't make us forget to remember Your Holy Name. "Nasu Al-Laha Fanasiyahum" (9:67). They forgot Allah and Allah leaves them forgotten. Who runs away from Allah becomes forgotten. A person who Allah forgot cannot find goodness.

A nation which doesn't accept Allah cannot find goodness. A person who does not keep the Order of Allah before everything else cannot find goodness. What does he become? He becomes the animal of shaytan. Shaytan bridles and mounts that person. When you say Bismillahir-Rahmanir-Rahim, shaytan can't put a bridle on you. Shaytan wants to make Man animal to himself. One he makes man an animal, he makes him do all kinds of dirty things. Men who do dirty, dishonoured things is the animal of shaytan. A person with a dark face is the animal of shaytan. A person who has a clean face with Nur is the servant of his Lord, is from the nation of our Prophet (sas). You should be careful with this.

This should be taught: With which deed does Man's face shine? Which deed darkens the faces of people? The faces of people today; 99 percent of them are dark. They are dark. Who looks at their faces finds no goodness. Who works for them has no goodness. Aman Ya Rabbi. Aman Ya Rabbi; may our Lord save us from being animals to shaytan. Allah Almighty sent us His Most Beloved so that we know our way, our street and attain to the acceptance of our Lord Almighty. They are strong: Whenever a nation kept Allah, then Allah kept them. Whosoever does not keep Allah, Allah Almighty leaves them. "Nasu Al-Laha Fanasiyahum". Who forgets Allah becomes forgotten.

Say, Allah! How should we say? Say Bismillahi r-Rahmani r-Rahim. When you get up, when you sit, when you work, when you do your everything: say Bismillahi r-Rahmani r-Rahim. Put the Bismillah signs inside your home. Put everywhere Bismillahi r-Rahmani r-Rahim signs and don't fear. Neither stones rain on you nor do you get stuck under snow or are taken prisoner by the enemy. Bismillahi r-Rahmani r-Rahim, we should hang its signs everywhere. And also the "Adab Ya Hu" signs. Adab; the value and honour of Man is measured by however much adab he has.

When it says "Adab Ya Hu!" be ashamed O Man. Don't forget your Lord. This is what adab is. Who forgets his Lord has no adab. He is zero. He or she is ugly. No matter how much makeup

she puts on her face, she can't be beautiful. The beauty Allah Almighty grants does not fade off a man's face. The beauty on the face of those who don't forget Allah is the same until they go down to their graves.

In the grave when angels come, they recognize them. They recognize their Nur and question accordingly. There is Nur on the faces of those who don't forget Allah and there is joy in their hearts. There is happiness. Their every work succeeds. Aman Ya Rabbi. Who moves away from adab are all fighting each other. What they do is only to oppress, to kill, to burn, to destroy each other. May Allah forgive us. Allah did not create us to kill each other but to be believers. When we become believers, the sword is lifted off us. Otherwise Qahar (Wrath) sword comes and the sword of wrath ruins the people. O our Lord, may You make us from those who always remember You, who never forget You.

How can you forget, how can you forget Who created you? Why don't you recite the Bismillah? Why don't you teach the Bismillah? You put portraits and make people show respect for the portraits. You don't remember Allah Dhul Jalal and don't recite the Bismillah but you put portraits, statues, idols, stones everywhere, stand in front of them and worship them. This is a shame for the people; to forget the One Who created them is not suitable for the mankind. Man's honour is for his Lord Who Granted him the honour, Who Created him. May Allah make us from those who always remember their Lord. Don't forget the Bismillah. Otherwise he has no value. Everything he does goes wrong. They always fight each other. These are who forget Allah.

Allah Almighty says "Fadhkuruni 'Adhkurkum" (2:152). Don't forget me and I will not forget you. I don't forget you but some of them I feast with My blessings, I don't leave them. And some of them I leave forgotten. I forget those who forget Me; I don't forget but leave them as forgotten". Because he doesn't accept Who created him, does not remember His Holy Name.

They don't recite the Bismillah even once. They don't ever make sajda. Shame on them. We are not able to teach these things. They distort the minds of our children with all kinds of unnecessary, stupid, complicated things and drive them to shaytan's way. Shame on those people that they don't make the children walk towards Allah. They cannot teach the life that Allah

accepts. They make them wander far away from it. A person who forgets his Lord has no value left. Therefore let us say Bismillahi r-Rahmani r-Rahim. Don't forget: O son, don't forget Allah or else you will be forgotten later.

If you seek Allah's help, say Bismillahi r-Rahmani r-Rahim and Allah helps you in your every work. "This one may help, that one may help..." It is not true. Say Allah and He (swt) sends you His servants who will help you, sends you His honoured servants. He (swt) sends His majestic servants, He (swt) informs you about His awliyas and your every work becomes right. But they don't teach these things and whole world has fallen into a madness. It is the year of 2013 in their calendar. Dunya today has fallen into its darkest era ever. Why? Because people don't say Allah.

They make people forget Allah and they whip the horse of shaytan! Shame on you, O people of the 21st century: Allah knows how many centuries passed but it is in the calculation they know. The people of the 21st century, collect yourselves, pull yourselves together. Know the purpose of your life. Know Who brought you into existence. Don't forget about His servanthood and you won't be forgotten, in dunya as well as in akhirah.

May You send us from Your servants who will teach us Your ways. Send us Your sincere servants who will defeat shaytan O Lord. If they say "Be!", it will be and will not be if they say "Don't be!". Allah Almighty has such awliyas. If they say "Stop!", it stops and carries on if they say "Carry on". They forgot the awliyas. They forgot the Prophets. Yahu this man even forgot Allah! How can he ask about the Prophet (sas)? How can he ask about the awliyas? The one they follow is shaytan.

Therefore each country established a building without a foundation and now it has collapsed over their heads. It collapsed on the whole world because what they built is a rotten building. In one quake all of them collapsed, whole world. Because unless Allah Almighty keeps you, no matter what you build, it will collapse on your head. And the world collapsed, they call it the 21st century. Dunya collapsed on the people of this century. They can't pull themselves out from under it either. Of course you can't. What will pull you out is the Will of Allah Almighty.

When He (swt) said "Fall down", whole world fell down: fell down over these disobedient,

denying and unbelieving people. And now, they are trying to remove that debris. No, you can't. Because the debris is like a mountain and your power is like that of an ant. What turns the ant into an elephant is the power of Allah. What makes an elephant like an ant is again Him (swt).

Step firmly! Step into the stirrup of the horse like a man! Rule over your ego fully so that Allah helps you. Allah Almighty knows where you are going and knows that you are following shaytan too. He (swt) leaves you and shaytan makes you ragged. Today's mankind is ridiculed by shaytan and they have become the animal of shaytan. Come to yourself O Man! Say "I am Man" and if you are man, don't do evil. All the people in whole world learn evil, want to do evil and they sink themselves sink as well as make others sink also. O Lord, tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. "Fadhkuruni 'Adhkurkum": Remember Me and I protect you with My Mercies and remember you. "Fadhkuruni 'Adhkurkum Wa Ashkuru Li": Be grateful (make shukur) to Me, "Wa La Takfuruni": Don't deny Me" says Allah Almighty.

What kind of a man are you that you don't know what you do. Who doesn't know what he does is an animal. How can it be that man doesn't know what he does? But your doings are like this. Before they would say like this: "You do too much but because all you do is evil tie up your pants and then do it. It comes down between your legs! What is it that you are doing?" So this is what the whole world is doing. And everyone keeps quiet. But this, my voice will be heard, in the East and in the West! Because I have the intention to serve Allah and am determined to destroy the sultanate of shaytan, even in this old age of mine. Allah supports us, His (swt) Great Prophet (sas) guides us.

How beautiful is Islam. What a clean path Islam is. Every clean, pure act is in Islam. Every dirty life condition is in unbelief and in forgetting Allah. O our Lord, may You forgive us. I am weak O Lord. I am weak O Lord. Qawwi dha'fi fi ridaq. I am crying; I am crying to myself. I am sad & crying because of the troubles that those who misguided the people caused, loaded on the nations. I am sad and crying because of what mankind is suffering through. But mankind has fallen into such a state that they are welcoming what shaytan makes them do and they forget Allah Almighty. Aman Ya Rabbi. Tawba Ya Rabbi, we ask tawba O Allah on their behalf also.

Tawba Ya Rabbi. We started with Bismillahi r-Rahmani r-Rahim and we finish with Bismillahi r-Rahmanir- Rahim. May our grave be filled with Nur and may our destination be paradise. O our Lord, may You forgive us O Allah. Wa Al Hamdulillahi Rabbil 'Alamin, wal 'aqibatul lil muttaqin. Fala `udwana 'Illa `ala az-zalimina. May You not make us from the oppressors. Don't leave us in the hands of oppressors either O Lord.

It is Rabiul Awwal, the holy month of Mawlid al-Sharif. It has been three days since it started. May our strength and joy be more. Allah Almighty is with the true ones. Allah Almighty is not with the people who are twisted. Twisted people are with shaytan. How do you tell if one is twisted? Because he is without the Bismillah! The way of a person without the Bismillah is twisted, it doesn't succeed. It is a dead end road, it is dead. They will be finished, destroyed.

O Lord, send us the Master. Send us the ones who will teach us our religion, who will teach us our servanthood for You, who will make us keep the adab of our Prophet(s) O Lord. You are Subhan, You are Sultan O our Lord. You are the Subhan, You are the Sultan. Say this and don't fear. Ya Rabbi, tubna wa raja'na ilayk. O Lord, may You make our end a good end. O Lord, I am weak. Send us the Master O Lord, send us the Master who will execute Your Order. You sent a Sultan but now the dunya is left without a Sultan. Send us a Sultan.

Who is Sultan? The man who starts with Bismillahi r-Rahmani r-Rahim is Sultan. Who worship the portraits, statues, they become soldiers to shaytan in the way of shaytan. Who say Allah are the soldiers of Allah (swt), of His Beloved (sas). May the Great Prophet (sas) forgive us. He is Al-Shafi' and Al-Mushaffa' in the Divine Presence of Allah Almighty; He (sas) intercedes and his intercession is accepted. Read the Mawlid al-Sharif in this holy month. Read so that Mercy rains on you. If not they will suffer much more. May Allah not make us from those who go astray.

Who go astray are animals to shaytan. O Lord, You forgive us. You send us the Master, send us a Sultan O Lord! Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah.

We repent for ourselves too. We repent for everyone and for ourselves also,we should say tawba Astaghfirullah. We should say Bismillahi r-Rahmani r-Rahim. We should make sajda even if it is two rakats. Don't drink! Troubles come on your head. Don't smoke! You catch a disease that

can't be cured. Don't eat the dirty things! They suffer troubles that can't be cured. O our Lord, may You forgive us. Send us a Sultan O our Lord. For the honour of Your Beloved, for Your Beloved may You send us, that we see him also. Our children see him also. May our homes be joyous. May you recite the Holy Quran in your homes. May Nur come and calamities go away from our homes! May Nur rain on us. O people, pull yourselves together! Or else this wheel of life will chop you up, finish you and throw you away. Aman Ya Rabbi, forgive us. Send us the Master. Wa min Allah at-tawfiq. We may say Bismillahi r-Rahmani r-Rahim.

"Whoever remembers the Name of Allah first, Allah makes his every doing easy for him". How beautiful! How beautiful! Allah straightens the work of who says Allah. The work of who doesn't say it is all corrupt. When Sultan Mahmud one day was passing through a place, he saw two blind men sitting together. One of them was saying "Ya Ma'bud! Ya Ma'bud!" And the other one was saying "Ya Mahmud, Ya Mahmud, Ya Mahmud". Both of them are blind, and both beg from the people.

They live with what people give. So Sultan Mahmud said "Fill a chicken with gold and send it to that one who says Ya Mahmud". And they sent. He was saying Mahmud and the other saying Ma'bud. He said to give it to the one who says Mahmud. And they gave. He looked at it and said "O friend, they brought me something but I am full. It is something like a chicken but I am full. Give me a few coins and I give it to you, you eat it". He also struggled to understand what it is and found out it is chicken. He gave a few coins and took it. Then he saw that it is full with gold inside.

He took it to his house and came back again and sat. The other one was saying "Ya Mahmud, Ya Mahmud, Ya Mahmud" (in a weak voice). The other one's work succeeded, so he was saying even more "Ya Ma'bud! Ya Ma'bud! Ya Mabud". He was saying it strongly. "What happened to them?" the Sultan asked. "One of them, that one who says Ya Mahmud, agains calls Ya Mahmud". "What about the other one?" "The other one calls in a strong voice". He filled a duck with gold inside and sent. Again he had it prepared and sent. To that one who calls "Ya Mahmud" he sent. Again that one looked, "O my friend, again they brought me something similar but I am full. Whatever you can give, give me its equivalent and take this". He was ready

from last time so he checked: it is full. He took and said "Take this, I give you more this time". He took and left that place, went to his home.

Sultan Mahmud was investigating what happened. They said "The situation is the same". He said "Ok. Bring me that one who says Ya Mahmud". So they brought him. He said "O poor servant of Allah, you are calling to me and I granted you gifts so many times but you are still begging there". He then said "Take this one to my treasury and put a shovel in his hand so he shovels the treasury. Whatever amount he shovels, give it to him". So they took him to the treasury, and the Sultan was watching. They said to him "Take a shovel and shovel". And that poor one cannot see so he held the shovel from the wrong side and when he shoveled like this, only a few things remained on it.

At that time Sultan Mahmud said: "If Ma'bud does not grant, what can Mahmud do?" (famous saying) These ones now too, strive like this but they hold the shovel by the wrong end. No one has money in his pocket. For 40 years the Sultan of the Ottomans ruled a state which was seven times greater than Turkey is now and every one had gold in his pocket. Now people have paper in their pocket. This is the power of Sultan and this is the work of other imitated states. They don't even have paper in their pocket. They can't even provide enough paper for the people, let alone gold. Because that Sultan was with Allah. These are with shaytan - whole world.

May Allah forgive us. Fatiha.

## Erinnert euch an Mich; Ich erinnere Mich an euch

---

Wir sagen Bismillahi r-Rahmani r-Rahim. Möge Allah (jwa) uns nicht ohne Religion sein lassen, möge Er uns auch nicht ohne Verständnis sein lassen. Unsere Zungen sollten "Allah" sagen. Unsere Zungen sollten Salawat für den reinen Propheten sagen, Ahmad-i Muhammad Mustafa (sas). Unsere Zungen sollten immerzu Salawat für den Geliebten Allahs des Allm. rezitieren, das Salawat al-Sharif rezitieren. Und wir mögen sagen: "Kullu amrin dhi baalin lam yabda'a fihi bi Bismillah, fa huwa abtar". Für jede Sache... Der

Ausdruck "Dhi baalin" dient dazu, uns zu lehren. Was ist die Bedeutung von "Dhi baal"? Eine wichtige, bedeutungsvolle Sache. Was zu dem Gläubigen passt ist, schöne Taten, gute Taten zu vollbringen. "Dhi baal" ist die Sache, die Wert hat. Allah der Allmächtige befiehlt uns dies: "Macht schöne Dinge, tut gute Taten." "Dhi baal" bedeutet etwas, das Wert hat. Was zu dem Gläubigen passt, sind reine Taten. Die Glorie des Gläubigen liegt in schönen Werken, schöne Dienste zu leisten, schöne Taten zu vollbringen, schöne Dienerschaft zu leisten. Denn Dienerschaft verlangt einen schönen Dienst. Ein Diener ist der, der gute Dienste verrichtet. Wer nach dummen, bedeutungslosen Dingen strebt ist weit weg von Dienerschaft. Die Dinge die ein Diener tut sind fest und solide. Er tut nichts verdorbenes. Warum? Weil er Bismillah sagen wird. Wenn er Bismillah sagt, ist der Dienst den er macht rein, es ist sicher. Die Arbeit eines Gläubigen kann nicht verdorben sein. Es wird rein sein. Er hat Nur auf seinem Gesicht und Freude in seinem Herzen. Ein Gläubiger lebt kein trauriges Leben. Ein Gläubiger ist glücklich. Ein Gläubiger ist der Besitzer von guten Taten und er ist erstklassig wenn er Dienste für Allah den Allmächtigen tut. Möge Allah uns nicht aus Seiner Dienerschaft entlassen. Bismillahi r-Rahmani r-Rahim. Oh unser Herr, mögest Du uns vergeben. Lass uns nicht vergessen! Lass uns nicht vergessen, uns Deines Heiligen Namens zu erinnern. "Nasu Al-Laha Fanasiyahum" (9:67). Sie haben Allah vergessen und Allah hat sie auch vergessen- Wer vor Allah davonrennt wird vergessen. Eine Person die von Allah vergessen wurde, kann nichts Gutes finden.

Ein Volk was Allah nicht akzeptiert kann nichts Gutes finden. Eine Person die die Befehle von Allah vor allem anderen einhält, kann nichts Gutes finden. Was wird aus ihr? Sie wird zu einem Tier Shaytans. Shaytan zäumt und besteigt diese Person. Wenn du Bismillahi r-Rahmani r-Rahim sagst, kann Shaytan dir keinen Zaum anlegen. Shaytan will den Menschen zu seinem Tier machen. Wenn er den Mensch einmal zu einem Tier gemacht hat, lässt er ihn alle Arten schmutziger Dinge tun. Menschen, die schmutzige, ehrlose Dinge tun, sind Tiere Shaytans. Eine Person mit einem dunklen Gesicht ist das Tier Shaytans. Eine Person mit einem reinen Gesicht, mit Nur, ist der Diener seines Herrn, ist von dem Volk unseres Propheten (sas). Ihr solltet damit vorsichtig sein. Dies soll gelehrt werden: Durch welche Tat leuchtet das Gesicht des Menschen? Welche Tat verdunkelt das Gesicht der Menschen? Von den Gesichtern der Leute heute sind 99 Prozent dunkel. Sie sind dunkel. Wer in ihre Gesichter schaut, findet nichts Gutes. Wer für sie arbeitet findet nichts Gutes. Aman Ya Rabbi. Aman Ya Rabbi; möge unser Herr uns davor schützen, Tiere Shaytans zu werden. Allah der Allmächtige, schicke uns deinen Meistgeliebten, so dass wir unseren Weg wissen, unsere Straße, und nach der Akzeptanz unseres Allmächtigen Herrn streben. Sie sind stark: Wann immer ein Volk mit Allah

war, war Allah mit ihnen. Wer immer nicht mit Allah ist, den verlässt Allah der Allmächtige. "Nasu Al-Laha Fanasiyahum". Wer Allah vergisst der wird vergessen. Sagt, Allah! Was sollen wir sagen? Sagt Bismillahi r-Rahmani r-Rahim. Wenn ihr aufsteht, wenn ihr sitzt, wenn ihr arbeitet, bei allem was ihr tut, sagt Bismillahi r-Rahmani r-Rahim. Hängt die Bismillah Zeichen in euren Häusern auf. Stellt überall Schilder mit Bismillah auf und fürchtet euch nicht. Weder werden Steine auf euch regnen, noch werdet ihr unter Schnee begraben oder vom Feind gefangen genommen werden. Bismillahi r-Rahmani r-Rahim, wir sollten die Schilder überall aufhängen. Und auch "Adab Ya Hu" Schilder.

Adab; der Wert und die Ehre des Menschen wird daran gemessen, wieviel Adab er hat. Wenn es "Adab Ya Hu" heißt, schämt euch oh Menschen! Vergesst euren Herrn nicht. Das ist Adab. Wer seinen Herrn vergisst hat keinen Adab. Er ist Null. Er oder sie ist hässlich. Egal wieviel Make up sie auf ihr Gesicht tut, sie kann nicht hübsch sein. Die Schönheit die Allah der Allmächtige gibt, verschwindet nicht aus dem Gesicht eines Menschen. Die Schönheit auf den Gesichtern derer, die Allah nicht vergessen bleibt gleich, bis sie in ihre Gräber hinuntersteigen. Wenn die Engel im Grab kommen, erkennen sie sie. Sie erkennen ihr Nur und befragen sie dementsprechend. Es ist Nur auf den Gesichtern derer, die Allah nicht vergessen und es ist Freude in ihren Herzen. Dort ist Glück. All ihre Arbeit ist erfolgreich. Aman Ya Rabbi. Wer sich vom Adab entfernt bekämpft einander. Was sie tun ist nur unterdrücken, töten, verbrennen, sich gegenseitig vernichten. Möge Allah uns vergeben. Allah hat uns nicht erschaffen um uns gegenseitig zu töten, sondern um Gläubige zu sein. Wenn wir Gläubige werden, wird das Schwert von uns genommen. Sonst kommen die Schwerter des Qahar (Zorns) und die Schwerter des Zorns zerstören die Leute. Oh unser Herr, lass uns von denen sein, die sich Deiner immer erinnern, die Dich nie vergessen. Wie kannst du vergessen, wie kannst du vergessen Wer dich erschaffen hat? Warum rezitiert ihr nicht das Bismillah? Warum lehrt ihr nicht das Bismillah? Ihr hängt Bilder auf und lasst die Leute ehrfürchtig zu den Bildern sein. Ihr erinnert euch nicht an Allah Dhul Jalal und sagt nicht Bismillah, aber ihr stellt Portraits, Statuen, Idole, Steine überall auf und steht vor ihnen und betet sie an. Das ist eine Schande für die Leute, Denjenigen zu vergessen, Der sie erschaffen hat ist nicht richtig für die Menschheit. Die Ehre des Menschen ist für seinen Herrn, Der ihm die Ehre gegeben hat, Der ihn erschaffen hat. Möge Allah uns von denen sein lassen, die sich immer an ihren Herrn erinnern. Vergesst nicht das Bismillah. Sonst hat man keinen Wert. Alles was man tut geht schief. Sie bekämpfen einander immerzu. Das sind die, die Allah vergessen haben. Allah der Allmächtige sagt "Fadhkuruni 'Adhkurkum" (2:152). Vergesst Mich nicht und Ich werde euch nicht vergessen. Ich vergesse

euch nicht, aber manche beschenke Ich mit Meinem Segen, Ich verlasse sie nicht. Und manche von ihnen verlasse Ich. Ich vergesse die, die Mich vergessen; Ich vergesse sie nicht aber Ich verlasse sie." Denn er akzeptiert nicht, Wer ihn erschaffen hat, erinnert sich nicht an Seinen Heiligen Namen. Sie sagen nicht einmal Bismillah. Sie machen nicht einmal Sajda. Schande über sie. Wir sind nicht in der Lage, diese Dinge zu lehren. Sie verdrehen den Verstand unserer Kinder mit allen Arten von unnötigen, dummen, komplizierten Dingen und treiben sie auf den Weg Shaytans. Schande über diese Leute, dass sie ihre Kinder nicht zu Allah gehen lassen. Sie können nicht das Leben lehren, das Allah akzeptiert. Sie lassen sie weit davon weg wandern. Eine Person die ihren Herrn vergisst hat keinen Wert mehr.

Deswegen lasst uns Bismillahi r-Rahmani r-Rahim sagen. Vergesst nicht: Oh Sohn, vergiss Allah nicht, oder du wirst später vergessen. Wenn ihr Allahs Hilfe sucht, sagt Bismillahi r-Rahmani r-Rahim und Allah hilft euch bei jeder Arbeit. "Dieser kann helfen, jener kann helfen..." Es ist nicht wahr. Sag Allah und Er (swt) schickt euch Seine Diener, die euch helfen werden, schickt euch Seine ehrenvollen Diener. Er (swt) schickt Seine majestätischen Diener. Er (swt) informiert euch über Seine Auliya und jedes eurer Werke wird richtig. Aber sie lehren diese Dinge nicht und die ganze Welt ist in eine Verrücktheit verfallen. Es ist das Jahr 2013 in ihrem Kalender. Die Dunya ist in die dunkelste Ära aller Zeiten gestürzt. Warum? Weil die Leute nicht Allah sagen. Sie lassen die Leute Allah vergessen und peitschen das Pferd Shaytans! Schande über euch, o Leute des 21. Jahrhunderts: Allah weiß wieviele Jahrhunderte vergangen sind, aber das ist die Berechnung die sie kennen. Die Leute des 21. Jahrhunderts, sammelt euch, reißt euch zusammen. Kennt den Grund eures Lebens. Wisst, Wer euch in die Existenz gebracht hat. Vergesst nicht Seine Dienerschaft und ihr werdet nicht vergessen sein, in Dunya sowie im Akhirat. Mögest Du uns einen Deiner Diener schicken, der uns Deine Wege lehren wird. Schicke uns Deine aufrichtigen Diener die Shaytan besiegen werden, oh Herr. Wenn sie sagen "Sei!" wird es sein, und es wird nicht sein wenn sie sagen "Sei nicht!". Allah der Allmächtige hat solch Auliya. Wenn sie sagen "Stop!" dann stoppt es, und es geht weiter wenn sie sagen "Mach weiter." Sie haben die Auliya vergessen. Sie haben die Propheten vergessen. Yahu dieser Mann haben sogar Allah vergessen! Wie kann er über den Propheten (sas) fragen? Wie kann er über die Auliya fragen? Derjenige dem sie folgen ist Shaytan. Deswegen hat jedes Land ein Gebäude ohne Fundament errichtet, und jetzt ist es über ihren Köpfen eingestürzt. Auf der ganzen Welt ist es eingestürzt, denn was sie gebaut haben ist ein morsches Gebäude. In einem Erdbeben sind alle eingestürzt, die ganze Welt. Denn wenn Allah der Allmächtige nicht mit euch ist, wird alles auf euren Kopf einstürzen, egal was ihr baut. Und die Welt stürzt ein, sie nennen es

das 21. Jahrhundert. Die Dunya stürzt auf die Leute dieses Jahrhunderts ein. Sie können sich selbst nicht mehr darunter heraus befreien. Natürlich kann man das nicht. Was euch herausholen wird ist der Wille Allahs des Allmächtigen. Als Er (swt) sagte, "Stürz ein", stürzte die ganze Welt ein: stürzte ein über diese ungehorsamen, ablehnenden und ungläubigen Leute. Und versuchen sie, die Trümmer wegzuräumen. Nein, das könnt ihr nicht. Denn die Trümmer sind wie ein Berg, und eure Kraft ist wie die einer Ameise. Was die Ameise zu einem Elefanten werden lässt ist die Kraft Allahs. Was einen Elefanten wie eine Ameise werden lässt, ist wieder Er (swt). Geht sicher! Steigt in die Steigbügel des Pferdes wie ein Mann! Herrscht über euer Ego, so dass Allah euch hilft. Allah der Allmächtige weiß, wohin ihr geht und weiß auch, dass ihr Shaytan folgt. Er (swt) verlässt euch und Shaytan lässt euch zerlumpen. Die Menschheit heute ist von Shaytan lächerlich gemacht, und sie ist zu einem Tier Shaytans geworden. Kommt zu euch selbst oh Menschen! Sagt "Ich bin ein Mann", und wenn ihr ein Mann seid, tut nichts Böses. Alle Menschen auf der Welt lernen Böses, wollen Böses tun und sie versenken sich genau wie sie andere zum sinken bringen. Oh Herr, tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. "Fadhkuruni 'Adhkurkum": Erinnert euch an Mich und Ich beschütze euch mit Meinen Gnaden und erinnere Mich an euch. "Fadhkuruni 'Adhkurkum Wa Ashkuru Li": Seid Mir dankbar (macht shukur), "Wa La Takfuruni; Lehnt Mich nicht ab" sagt Allah der Allmächtige. Was für Männer seid ihr, dass ihr nicht wisst was ihr zu tun habt.

Wer nicht weiß was er zu tun hat ist ein Tier. Wie kann es sein dass ein Mann nicht weiß was er tut? Aber eure Taten sind so. Früher sagten sie: "Du machst zuviel, aber weil alles was du tust böse ist, zieh deine Hose hoch und mach es dann. Es kommt zwischen deinen Beinen herunter! Was ist es das du machst?" Das ist es was die ganze Welt tut. Und jeder schweigt darüber. Aber das, meine Stimme wird im Osten und Westen gehört werden! Denn ich habe die Absicht, Allah zu dienen und bin dazu bestimmt, das Sultanat Shaytans zu zerstören, selbst in meinem hohen Alter. Allah unterstützt uns, Sein (swt) Großer Prophet (sas) führt uns. Wie schön ist Islam. Was für ein sauberer Weg ist Islam. Jede reine, saubere Handlung ist im Islam. Jede schmutzige Lebensbedingung liegt im Unglauben und im Vergessen Allahs. Oh unser Herr, mögest Du uns vergeben. Ich bin schwach oh Herr. Ich bin schwach oh Herr. Qawwi dha'fi fi ridaq. Ich weine; Ich weine für mich allein. Ich bin traurig und weine wegen der Probleme das diese Leute auf die Völker gebracht haben, die die Leute fehlgeleitet haben. Ich bin traurig und weine wegen dem, was die Menschheit durchleidet. Aber die Menschheit ist in solch einen Zustand verfallen dass sie willkommen heißen, was Shaytan sie tun lässt und sie vergessen Allah den Allmächtigen. Aman Ya Rabbi. Tawba Ya Rabbi, wir bitten um Tawba Oh Allah, auch

um ihretwillen. Tawba Ya Rabbi. Wir begannen mit Bismillahi r-Rahmani r-Rahim und wir enden mit Bismillahi r-Rahmani r-Rahim. Möge unser Grab mit Nur gefüllt sein und möge unser Ziel das Paradies sein. Oh unser Herr, mögest Du uns vergeben Oh Allah. Wa Al Hamdulillahi Rabbil 'Alamin, wal 'aqibatul lil muttaqin. Fala `udwana 'Illa `ala az-zalimina. Lass uns nicht von den Unterdrückern sein. Überlass uns nicht den Händen der Unterdrücker, oh Herr. Es ist Rabiul Awwal, der heilige Monat von Maulid al-Sharif. Vor drei Tagen hat er begonnen.

Möge unsere Kraft und unsere Freude mehr werden. Allah der Allmächtige ist mit den wahrhaftigen. Allah der Allmächtige ist nicht mit den Leuten die verdreht sind. Verdrehte Leute sind mit Shaytan. Wie weißt du ob jemand verdreht ist? Weil er ohne Bismillah ist! Der Weg einer Person ohne Bismillah ist verdreht, er ist nicht erfolgreich. Es ist eine Sackgasse, es ist tot. Sie werden vernichtet werden, beendet. Oh Herr, schicke uns den Meister. Schicke uns diejenigen die uns unsere Religion lehren werden, die uns unsere Dienerschaft für Dich lehren werden, die uns den Adab unserer Propheten (s) einhalten lassen oh Herr. Du bist Subhan, Du bist Sultan oh unser Herr. Du bist Subhan, Du bist der Sultan. Sagt das und hebt keine Angst. Ya Rabbi, tubna wa raja'na ilayk. Oh Herr, mögest Du unser Ende ein gutes Ende sein lassen. Oh Herr, ich bin schwach. Schicke uns den Meister oh Herr, schicke uns den Meister der Deinen Befehl ausführen wird. Du sandtest einen Sultan aber nun ist die Welt ohne Sultan. Schicke uns einen Sultan. Wer ist Sultan? Der Mann der mit Bismillahi r-Rahmani r-Rahim beginnt, ist Sultan. Wer die Portraits, die Statuen anbetet, wird zum Soldat Shaytans auf dem Weg Shaytans. Wer Allah sagt ist der Soldat Allahs (swt), Seines Geliebten (sas). Möge der Große Prophet (sas) uns vergeben. Er ist Al-Shafi' und Al-Mushaffa' in der Göttlichen Gegenwart Allahs des Allmächtigen; Er (sas) hält Fürsprache und seine Fürsprache ist akzeptiert. Lest in diesem Heiligen Monat das Maulid al-Sharif. Lest so dass die Gnade auf euch strömt. Wenn nicht dann werden sie noch viel mehr leiden. Möge Allah uns nicht von denen sein lassen, die fehlgehen.

Wer fehlgeht ist ein Tier Shaytans. Oh Herr, vergib Du uns. Schicke Du uns den Meister, schicke uns einen Sultan oh Herr! Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. Wir bereuen auch für uns selbst. Wir bereuen für jeden und auch für uns selbst, wir sollten tawba Astaghfirullah sagen. Wir sollten auch Bismillahi r-Rahmani r-Rahim sagen. Wir sollten Sajda machen, auch wenn es nur zwei Rakats sind. Trinkt nicht! Schwierigkeiten kommen auf eure Köpfe. Raucht nicht! Ihr könnt Krankheiten bekommen, die nicht heilbar sind. Esst keine schmutzigen Dinge! Ihr werdet an Dingen leiden die unheilbar sind. Oh unser Herr, mögest

Du uns vergeben. Schicke uns einen Sultan oh unser Herr. Zu Ehren Deines Geliebten, für Deinen Geliebten mögest Du uns senden, dass wir ihn auch sehen. Dass unsere Kinder ihn auch sehen. Mögen unsere Heime voll Freude sein. Möget ihr den Heiligen Koran in euren Häusern rezitieren. Möge Nur kommen und Unglück von euren Häusern fernbleiben! Möge Nur auf uns regnen. Oh Leute, reißt euch zusammen! Andernfalls wird euch das Rad des Lebens zerschneiden, euch vernichten und wegwerfen. Aman Ya Rabbi, vergib uns. Schicke uns den Meister. Wa mi Allah at-tawfiq. Wir mögen Bismillahi r-Rahmani r-Rahim sagen. "Wer sich zuerst an den Namen Allahs erinnert, für den macht Allah all seine Taten leicht." Wie wunderschön! Wie schön! Allah begradigt die Werke derer, die Allah sagen. Die Werke derer, die es nicht sagen sind alle verdorben. Als Sultan Mahmud eines Tages einen Platz überquerte, sah er zwei blinde Männer zusammen sitzen. Einer von ihnen sagte "Ya Ma'bud" Ya Ma'bud!" Und der andere sagte "Ya Mahmud, Ya Mahmud, Ya Mahmud." Beide von ihnen waren blind, und bettelten von den Leuten. Sie lebten davon was die Leute ihnen gaben. Also sagte Sultan Mahmud "Füllt ein Huhn mit Gold und schickt es zu demjenigen, der Mahmud sagt." Und sie schickten es. Er sagte Mahmud und andere sagte Ma'bud. Er sagte, gebt es demjenigen der Mahmud sagt. Und sie gaben es. Er schaute es an und sagte "Oh Freund, sie brachten mir etwas aber ich bin satt. Es ist etwas wie ein Hühnchen aber ich bin satt. Gebt mir ein paar Münzen und ich gebe es dir, damit du es isst." Es war für ihn nicht leicht herauszufinde was es war, und er fand heraus dass es Huhn war. Er gab ein paar Münzen und nahm es. Dann sah er dass es innen mit Gold gefüllt war. Er bracht es in sein Haus und kam wieder zurück und setzte sich. Der andere sagte "Ya Mahmud, Ya Mahmud, Ya Mahmud" (mit schwacher Stimme). Das Werk des anderen war erfolgreich, deshalb sagte er umso mehr "Ya Ma'bud! Ya Ma'bud! Ya Ma'bud!". Er sagte es laut. "Was ist mit ihnen passiert?" fragte der Sultan. "Einer von ihnen, derjenige der Ya Mahmud sagte, sagt immer noch Ya Mahmud". "Was ist mit dem anderen?" "Der andere ruft mit einer lauten Stimme." Er ließ eine Ente mit Gold füllen und schicken. Er ließ es noch einmal zubereiten und schicken. Er schickte es zu demjenigen, der "Ya Mahmd" ruft. Derjenige schaut wieder, "Oh mein Freund, sie haben mir wieder etwas ähnliches gebracht aber ich bin satt. Was immer du geben kannst, gib mir etwas gleichwertiges und nimm dies." Er war bereit vom letzten Mal und deshalb schaute er nach: es ist gefüllt. Er nahm es und sagte "Nimm das, ich gebe dir diesmal mehr."

Er nahm es und verließ den Platz und ging nach Hause. Sultan Mahmud ließ erforschen was passiert war. Sie sagten "Die Situation ist die gleiche." Er sagte "Also gut." Bringt mir denjenigen der Ya Mahmud sagt". Also brachten sie ihn. Er sagte "Oh armer Diener Allahs, du rufst mich und ich gab dir so viele Gaben so viele

Male, aber immer noch bettelst du mich dort an." Dann sagte er "Bringt diesen zu meiner Schatzkammer und gebt ihm eine Schaufel in die Hand, so dass er in der Schatzkammer schippen kann. Wieviel auch immer er schaufelt das gebt ihr ihm." So brachten sie ihn in die Schatzkammer und der Sultan schaute zu. Sie sagten zu ihm "Nimm eine Schaufel und schaufel." Und der Arme kann nichts sehen, also hält er die Schaufel falsch herum und als er so schaufelte, blieb nur wenig auf der Schaufel liegen. Da sagte Sultan Mahmud: "Wenn Ma'bud nichts gibt, was kann Mahmud dann tun?" (bekanntes Sprichwort). Diese bemühen sich nun auch, aber sie halten die Schaufel am falschen Ende. Niemand hat Geld in der Tasche. Für 40 Jahre regierten die Sultane der Osmanen einen Staat, der siebenmal so groß war wie die Türkei heute und jeder hatte Gold in seiner Tasche. Nun haben die Leute Papier in ihren Taschen. Das ist die Macht des Sultans und dies ist die Arbeit der anderen imitierten Staaten. Sie haben nicht einmal Papier in ihren Taschen. Sie können nicht einmal genug Papier für die Leute besorgen, geschweige denn Gold. Denn der Sultan war mit Allah. Diese sind mit Shaytan - die ganze Welt. Möge Allah uns vergeben. Fatiha.

## Remember Your Lord and He Will Be Pleased With You

As-salaamu `alaykum, ayyuhal humaqaa. Tawbah, astaghfirullah. Astaghfirullah. As-salaamu `alaykum. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultan Allah.
(Mawlana Shaykh sits.)

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. We are saying to all attenders, as-salaamu `alaykum. Salaam is from heavens, not from people that are saying this to each other. Salaam brings peace from heavens to those people who are saying, "As-salaamu `alaykum," and others are saying, "Wa `alaykum as-salaam." That is a heavenly gift for us and it is bringing peace for believers. Anyone who accepts and says, "Wa `alaykum as-salaam," those heavenly blessings are just running on them and they are going to be happy. Dunya is Daar al-Bala`, the Abode of Misfortunes. This dunya is not a place for making people to be in pleasure, because dunya is sijjn al-mu'min, a prison for believers who are believing in the eternal Next Life. They will take some pleasure, but others are not taking any pleasure, and this salaam gives

pleasure to our body as well as our spiritual being.

We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. We are running away from Shaytan and its trips and traps. Shaytan is our worst enemy, always asking to make human nature not to be happy here and Hereafter. It has so many trips and traps, and people are just running after Shaytan, falling in a trap and never tasting pleasure in this life. Allah Almighty is granting to believers a satisfaction in their hearts and it is, (Mawlana Shaykh stands.) asta`eedh billah:

••••• •••••••• •••••• •••••••••••• •••••••••••

`alaa bi dhikrillahi tatma'inna al-quloob. Verily with the remembrance of Allah the hearts are brought in satisfaction. (13:28)

(Mawlana Shaykh sits.) That is a big good tiding for believers who are making dhikr, always remembering their Creator, and trying to make their Lord pleased with them; the most important aim for Mankind is to make their Creator pleased with them. If you can do that, you have reached Eternal, and you will be in Allah Almighty's paradises created for those servants who tried to make their Creator happy and pleased with them. That is the most important thing. If you are not doing that, you will be a carcass under the ground and Allah's order is to cover their bodies with Earth and not to come that carcass smell. All prophets were calling people, "O People! O servants of Allah Almighty! Come and try to make your Creator pleased with you." If you are making your Creator pleased with you, your whole life here and Hereafter, will be as we are saying sa`adat ad-darayn, "happiness in the two abodes." Those who are trying to make their Lord pleased with them, in this life they will also have pleasure and after they are leaving this life they will reach to an endless pleasement and pleasure! After leaving this muwaqqat, temporary life, they will be happy here and Hereafter.

Our pleasure is a grant from Allah Almighty to us; if He is granting, you will be pleased and in pleasure. If He is not giving, the whole world and everything in it can't give you any pleasure. Perhaps, time by time there is coming to them sadness. When Shaytan is making people fall in sins and they are thinking they are enjoying, then coming from left hand and saying, "Now you are very happy and in pleasure, but tomorrow you are going to die," then finishing everything. But now people are all falling in Heedless Oceans; ghaflat, they are heedless people, asking a pleasure in this world and it is impossible!

O People! Come and try to make your Lord pleased with you, then you will be in pleasure here and Hereafter. Try to do good things, that is the honor of Mankind. Don't give trouble to other people, that is snakes, cobras, and wild animals' characteristics. Be gentle and generous and also give respect and honor to everyone. Be gentle for every creature. It is forbidden even to kill an ant if it is not giving harm to you.

O People! Now the whole world is running out from the level of humanity to the level of wild creatures, happy when they are giving harm to people. That is the wrong way! All governments are on the wrong way!

May Allah forgive us. It is enough. Just Shaykh Adnan Effendi was explaining about Laylatu 'l-Mi`raj; if we are speaking up to next week, it is never ending. (Shaykh Hisham Effendi spoke about it.)

(Shaykh Hisham Effendi: Alhamdulillah Sayyidee, you made us twins, me and my brother Shaykh Adnan.)

Fatihah.

Huuuuuu.

# Remember Your Lord in These Holy Days

(WirExistierenNur1Augenblick, dt.)

(Mawlana Shaykh stands) Labbayk Allahuma labbayk! Labbayk Allah shareeka laka! Labbayk! Inna 'l-hamda wa ni`amata, laka wa 'l-mulk, la shareeka lak! “Here I am at Your Service, O Allah! Here I am at Your Service! Here I am Allah at Your Service, and You have no partner! Here I am at Your Service! Yours is (all) praise and favor and dominion! You have no partner!”

Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! ...wa sall 'Llahu `ala Sayyidina Muhammad (s) wa `alaa aalihi wa saahbihi ajma`een wa man tabi`ahum bi ihsaan.... A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh sits)

O our Attenders! As-salaamu `alaykum, ayyuha 'l-hadiroon, and a heavenly salute to those people who believe in their Creator, the Lord of Heavens, Allahu Dhul-Jalaal (swt)! (Mawlana Shaykh stands and sits) Alfu, alfu salaat, alfu alfu salaam, thousands and thousands of glory and majesty on that one for whose honor, majesty and glory everything was created, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

O our Attenders! As-salaamu `alaykum, and may heavenly blessings be on you who are living for their Lord's servanthood.

O People! We have not been created to enjoy our egos and its pleasures, which are nothing! The honor that we have been granted is for glorifying and honoring the real deputy of Allah Almighty, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Allah Almighty is not in need of our glorifying or honoring! What is that? The Dominions of Allah Almighty are endless, countless. This whole world and everything in it is going to be less than an atom in the Endless Dominions of the Lord of Heavens!

Honor is just granted from the Lord of Heavens to you. The Lord of Heavens is asking to give you honor, and He is asking from His servants to give their most high glorifying and honoring to His Majestic, Divinely Being. What are we doing? We are doing nothing! We are like drunken ones. We are running after the enjoyment of our egos, and for what? What is that? And this whole world is appearing from beginning up to end, and like this it is finished! For us it is years, centuries, and hundreds and thousands of years, and like a spark it is finishing!! Allahu Akbar, Jalla Jalaaluh.

O People! We are in holy days and Allah Almighty granted us to give much more honor and glorifying to you, and to us. Don't be drunk!

O Mankind! From east to west, wake up! Ask Who created you, and ask what He is asking from you! Try to learn for what purpose He sent to you from His deputies and messengers from the Heavens! Animals know, but now people living in the 21st century are not asking. You are not trying to learn Who is bringing us into existence and Who is taking us from this existence, disappearing. We appear for a short time and after that we disappear! All people are between appearance and disappearance, finished! Yesterday all of you were like that, small ones or smaller, and all of us came from the womb of our mothers. They are saying, "He was born weighing 3 kg. That one is born weighing 4 kg." Sometimes they are saying, "Oh twins are coming, 3 kg each, 6 kg." Who is bringing them, and how are they coming? Ptuuh (spit) on those Shaytan people, agents of Diablo, saying, "There is no Creator." They are under my feet!!!

Don't follow them, and don't go to their schools! Go to those schools that are teaching heavenly teachings. It is haraam, forbidden to make universities! They are saying it is "Positive Knowledge" and they are the biggest liars, la`natullah, Allah's curse on them! The biggest blame is on Muslim countries that are opening

universities such as “King Fahd University.” What is that university? What are they teaching? They are teaching "There is no god," astaghfirullah! Why are you making those Shaytan centers? A big blame and cursing is on them, in Turkey, Baghdad,..... Hijaaz, Egypt, Libya, Arab countries, and Sudan. They do not fear Allah Almighty and Qur'an `azheemu 'sh-shaan just came from the Heavens to the Seal of Prophets (s). You must take your knowledge from the Holy Qur’an, not from western, dirty thinking!

O People! From east to west, I am shouting to you! If anything is happening to you, there is no excuse for you! Everything is in the Holy Qur’an, but some of those people are blamed, and Allah Almighty is saying:

•••••• •••••••••••• ••••• •••••••••

dhalika mablaghahum min al-`ilm, That is the limit of their knowledge. (an-Najm, 53:20)

They are reaching under the lowest level, not asking to come out of darkness to enlightened worlds and enlightened universes, but they always like to be underground in the darkness of dark worlds.

O People! What are you doing? One says, "I am now finishing Oxford and I am going to majestaire." Kharra `alayhum, “Crap on them!” Arabs may understand. Majestaire, kharra `alayhum. And Mankind is hoping to be in safety, in enjoyment, in happiness or to live a sweet life on this planet, never! Never! Close down those universities! Arab kings, presidents and dictators, close down those universities and open the knowledge of Holy Qur'an from Heavens! That is your safe way to Paradise, and to live a sweet life here also, or your life is going to be poisoned. May Allah forgive us.

O People! Enough. We are living now in the holy days of Dhul-Hijjah, and people are running to the Lord's House, Ka`aba Mu`azhzhamah. Why are they going there, for it to be said “Hajji Ahmed,” “Hajji Mehmet”? Astaghfirullahi 'l-`Azheem. Tawbah, astaghfirullah. They are shaving their beards and mustaches, saying, "We are 'Hajji'." You look like women! How are you going to be Hajji? From where are you bringing proof that you may shave your beard? And I am calling to Allah, "O our Lord! Make them not to come without a beard, to be like my grandmother!" Say, “Ameen!!!” (Mawlana Shaykh laughs)

As-salaamu `alaykum! Allah, yaa Rabbee, Allah! Amaan, yaa Rabb! Ab`ath lana malikan, iba`th lana sultanan, and sultan yaduluna `alayk wa yakhrub sultanat ash-Shaytan, everywhere from east to west, west to east, south to north, “Peace be upon you, safety of our Lord, send to us a king who will show us the way

and destroy the kingdom of Shaytan." May Allah forgive you and forgive me.

Fatihah.

Mashaa-Allah.

(Baya` and shahadah)

## O people, remember your oath on the Day of Promises!

As-salamu alaikum. Salamullah alaikum wa rahmatahu wa ridwanuh...Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah. Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded! Rasulullah- peace be upon him-, he was saying: “Ad-dinu nasihat”, therefore (nasihat, good advice) it is (the) most important pillar for Islam to stand up. If that pillar (is) broken down, (there is) no more Islam. Therefore now (there is) no more Islam, because that pillar (is) just broken down.

Allah Almighty (was) sending Islam and it is His biggest grant to His servants, dini-llah, the religion of Allah. He granted His servants to be servants. For what? For what Islam (is) coming? Islam (is) coming to teach people that they are servants and they must keep (the) heavenly Orders of Allah Almighty. When they are not taking care to keep heavenly Rules, they are going down, down, and till (they are) reaching to ‘raya’, the deepest and most terrible place of fire! Now people they left dini-llah, the heavenly faith that all of us just (we were) giving our oath the Day of Promising. Before coming to this life and dressing

our souls this clay bodies, our souls they were free through the endless Territories of Allah Almighty and He ordered to (the) souls that: “I created you! Are you accepting that I am your Creator?” All of them (were) saying: “Bela, yes o our Lord, You are our Creator!” Then: “Are you giving your promising that you are My servants?” Whole souls they are saying: “Bela, yes, our Lord, we are Your servants. We are only Your servants, not to anyone else! We are Your servants!” Whole souls (were) saying this. “Alastu bi rabbikum? Qalu Bela!” “O My servants! Are you accepting Me that I am your Lord, the Creator?” and whole souls they are saying: “Yes, that is our oath.” ”Giving your oath that I am your Lord and you are My servants.” Everyone (was) saying: “Yes, o our Creator, You are our Lord and we are Your servants.”

True or wrong what we are saying? This is a declaration for whole nations now from here. I am asking... I am zero, behind one, but when they are putting me in front of one, I am going to be full power! Now I am behind one, zero. If making me (in) front, I may take this world from its orbit, throwing it away. We have power, when I am going to be in front of one. Now I am behind, zero, zero...

I am sorry to say that whole nations they are running after nationality, running after some foolish ideas, that just they are taking that foolish ideas from Shaitan, Sadana. They are making Sadana as their Lord, they (are) never listening any other one, they are saying only: “Sadana is our everything!” And people now they are in endless troubles, endless problems, endless miseries, they are in (the) worst position- from (the) beginning of this life on earth up today. Now people they are on (the) worst position, can’t be more than this!

And it is as whole Prophets they were saying and the Seal of Prophets- sws and upon other Prophets- about (the) Antichrist: “(The) Antichrist (is) just that one who (is the) representative of Shaitan! Full!” And Shaitans target is to take everyone from their Lord and to bring (them) to Dajjal, to (the) Antichrist.

Shaitan (is) trying to do that one. And finally Shaitan (is) making, when people they are no hope, when people (are) going to be hopeless, they are looking and running to find someone to save themselves, because they are now, they are in such a position (that) whole nations, whole governments, whole states (are) hopeless, they can't find any way to save themselves or their people! Look, every day! And Shaitan (is) now saying: "Now it is (the) best time to involve among the Children of Adam as a Saviour; to show myself as their Saviour and that I am carrying them to Hells here and Hereafter! Now!"
And whole nations, whole people, they are denying the existence of the Lord, their Creator.

I was surprising: Those people, whom they are so silent people, you can see, Buddhist people. Buddhist people, sooo, may be seen they are so humble people, showing themselves best people, showing themselves that they are only for their Lord, showing themselves that they are only servants of their Lord, and they were claiming that Buddha (is) their Lord- Astaghfirullah- and they were claiming that we are (?) of Buddha. I must swear to them: "You are going to be-what saying?... beasts! Worse than wild animals!" Buddhist people, they were thinking that they are so peaceful people, putting such a things here and here... (over the shoulder) and now I am looking through that Shaitan's wizard box TV, (that) they are running through streets. Hundreds of thousands Buddhist people (are) running like beasts- how it can be? To where they are calling people? To run to streets? What they are asking? Do you think that they are not happy with their ways? Looks like this, unhappy! They are unhappy, therefore they are running. For what? What they are asking?

Buddha (was) always sitting like this, thinking... "Not coming to my head"... sometimes sleeping, sometimes sitting down, sometimes standing up. They saw that Buddha running through streets and calling people: "Come with me to reach Himalayan"?... or what is that country up, under Tibet also... Nepal?...So many

honey there, they are saying. Take honey, bring to Sheikh to make me happy, why they are calling? Nepal honey, you know? So many honey! Bring to me, no teeth for me, why running (through) streets? And what is the country on Himalayan? Pakistan people! Say!... So many noble people coming, that is over the mountains of Himalaya... Kashmir... that they are always quarrelling (over) that country. They are leaving that places also, they are asking- Buddhist people- to reach Kashmir, to reach Tibet, to reach Bukhara...

You try to be servant of your Creator! Only you are claiming that you are calling people to Buddha. For what? Buddha giving to you Tibet or China or Bukhara or Kashmir, hah? How you are claiming they are Buddhist people? They are running on streets like Lamas... a kind of animal living in America... It is not true! What was your oath to your Lord? To be servants to Him or servants to countries? All on wrong way, they lost their ways! I am saying for Buddhist people. I am blaming them that they are saying: “We are not eating, only a little bit grass, vegetables. We are not eating, we are not eating meat, because meat making people to be like beast.” “What about what you are doing? You are eating vegetables and you are going to be also like beasts!”

There is their chief, Dalai Lama... what is his name? He is ordering them to run on streets? If he is ordering, he is wrong also!

Once he sent to me in London a person to make interview with me. I am looking, (he was) putting this (microphone and camera), everything... “I am coming on behalf Dalai Lama to make a speech with you.” I am saying: “I am not, you are not on my level to speak to you! Say to your teacher, he may come to me. I may give lessons, not one Dalai Lama, 7o Dalai Lamas may give their lessons, don’t speak to me! He may come and anyone who asking, may come!” I am zero, behind one, but when they are putting (me) in front of one, I may swallow (the) whole world and everyone in it. It is not difficult for us!

Their chief (is) ordering them to run through streets? What they are asking? They are claiming: “We are only for our Lord.” If you are only for your Lord, why you are running trough streets, what you are asking? Ask from your Lord! Don’t ask from governments! Governments, eh, each kind of Shaitan (is) going to be governments!

O people, wake up, before a heavenly Punishment (is) coming on you, wake up! Keep your position, or (there will be) no shelter, except the Lords Shelter! Nothing can shelter you, but only your Lord’s shelter!

That person in Iraq, (that) he was saying: “I am your Lord” for people, he did underground like big cities, for sheltering himself and big treasures. What happened? What happened, o people? Wake up! If Allah Almighty’s Revenge (is) coming, (there is) no shelter for you! Try to be Allah Almighty’s servants, as we were giving our oath to Him: “You are our Creator and we are Your servants!”

I heard that his Holiness Pope he went- I don’t know (to) which country he went?... Australia... “What he did?” I am asking, “For what he is going?” People (are) saying: “He is going to bring peace to people.” Hmmm. Eh, capital for his Holiness. What he did? Why he is going to Australia? From his throne he may call people. He must call (them to) what I am saying now, he can’t say anything else! He must say: “O people, remember your oath that you are giving your oath to your Creator: You are His servants and (therefore) be servants!” He said such a things? No! May come to Cyprus! May come...!

Yes, o people, I am sorry. I am only shouting to my bad ego and I am putting my ego in front of me and I am swearing on it. You are free to keep, what we are saying to you or not. You are free!

There was a holy person at the time of Haroun ar-Rashid, perhaps 1ooo years ago or more... People (had) never seen that one that (he was) smiling or laughing, but one day people (were) coming and saying to (the) Caliph: “Just we met Bahlul

Dana (and) he was laughing!" "Quickly bring him to me!" (the) Caliph (was) saying. (They were) bringing (him) and (the Caliph was) saying: "O my brother! Never I have seen you that you are smiling or laughing. What happened?" "Oh! O our Sultan, just today I was in (the) slaughtering place and I am looking so many sheep or goats just hanged by themselves and then I was happy and I am laughing, because I was thinking that I am going to be responsible for other ones, I was so sad, but now I looked that everyone just hanged through their legs up, therefore people, what they are doing, it is not for me, no!"

Therefore you must take your care for yourself. You are servant- try to keep your servanthood. Don't look this, that, what they are doing, no, you must try to look and to arrange yourself and to be a good servant, to keep your oath with your Lord Almighty Allah and (then) Allah (is) going to be happy with you! If He is going to be happy with you, everyone (is) going to be happy with you, here and Hereafter!

For the honour of the most glorified servant of the Lord Allah Almighty, S.Muhammad sws, Fatiha.

## Renaissance of The Devil

Salam aleikum, astaghfirullah Al 'Azim wa atubu Ilayhi. We are living in the most difficult days. Support us O Sultan Al Awliya'. Allah (swt) said "and follow not the footsteps of shaytan, Verily, he is to you an avowed enemy" (2:168) Thousands of salats & salams to the Master of beginning & end, the generous Prophet, the Prophet of the end of times, the Beloved of Allah (swt), Rasulullah (saws). Zid'hu Ya Rabbi 'Izzan wa Sharafan, Ridwanan wa Sultanan. And salats & salams on all the Prophets (as) and all the saints of Allah (swt). We ask our Lord that soon there may be an opening from Allah (awj).

The Prophet (saws) came with a white Sharia, enlightened Sharia, Sharia Ahmadiya. There was no doubt that it is a sign from Allah (swt) sent to mankind to grant them great honour. The worst enemy for human beings who is he? For human beings, it is shaytan. It is the worst enemy to the Prophet (saws) and to his nation & all mankind, and he has thousands & thousands of ways, tricks & traps to deceive the children of Adam (as) and to make them all fall from the presence of Allah (awj). And he makes their lives to be a hardship in this world and their Hereafter to be tortuous. And he, shaytan has uncountable ways & traps to catch and he is never tired of putting all his efforts. And Shah Naqshbandi, may Allah(swt) raise his station, used to say, "I searched to

see where shaytan & his tribe sleep even for 5 minutes, I couldn't find it." The jealousy he has towards mankind and it's for the sake of making them fall from the eyes of Allah (swt) & to make them of the people of hellfire. This is his target. May Allah (swt) punish him. And he has thousands & thousand of tricks and traps, to catch....

Subhana Allah! From the time of Adam (as) he started to corrupt the children of Adam (as) and make them see the world from a side showing them that it is beautiful from this side and like this he catches them & makes them fall into endless hardships. And people run after him & do not listen to the words of Al Haqq (swt). Shaytan is the enemy of Sayidina Adam (as), then became the enemy to all the Prophets (as) until he reached the time of the Master of beginning & end, Sayidina Muhammad (saws). Corruption of people, corruption... corruption.. The Prophets (as) called people to goodness, but he (shaytan) called people to corruption...And he shows the ones who do goodness as if they are the corrupt ones. And shows the rest of people, the corrupt ones, that they are the good ones. The Muslim people, the ones who pray, are the corrupt ones & a group that is against the Prophets (as) they are the good ones. But they are the corrupt ones. They say that you are the corrupt ones, "Verily! They are the ones who make corruption."(2:12) This is Holy Quran.

It has reached to that point and the Prophet (saws) showed... the Prophet (saws) of the end of times up to our days now, he... Astaghfirullah! he (shaytan) put all his efforts, the maximum effort to make division between the children of Adam (as) and he reached his target. In our days now shaytan laughs. He is happy that he made between the children of Adam(as) thousands & thousands of tricks to the point that they are killing one another & going against Allah's (awj) orders. I am sorry that the nation of the Beloved (saws) is listening to the corruption of shaytan & they are not listening to the advice of the Master of Prophets (saws).

"And hold fast, all of you together, to the Rope of Allah (swt)" (3:103) These are the words of Allah (jwa). shaytan says "no, no..." be divided, so everyone of you may be on his own throne, his kingdom... & happened what happened. Subhana Allah Al 'Aliyi Al 'Azim. Many are the reasons from the side of shaytan, many excuses he invented to the children of Adam (as). And the biggest curse that has fallen on people & they are in it, or they are afflicted by it, is this technology. This

destroyed the world. It destroyed the world & shaytan put all his efforts on everyone so you may prepare things to kill one another. And he succeeded in all the world. At the end he put all his effort to divide the Muslims and make them corrupt & enemies to each other. And Allah (swt) says "Innama Al-Mu'uminuna Ikhwatun" (The believers are but brothers) (49:10) Do not be enemies to one another, be brothers. Be brothers, o servants of the Lord. They did not listen & so we reached to what is happening in our days . I am sorry, for what happened from the Muslims between the Muslims.

The catastrophes, It's astonishing... all human beings whether believers or non believers (asking) "how can we find a way to correct these situations." We tell them, "since you are following the footsteps of shaytan there is no way out for you except hell fire in this world & in the Hereafter. Until you change your steps and you follow the footsteps of the Prophets (as)... Prophets (as) and you follow...until you follow the steps of the Master of beginning & end, you have no way out of the massacres that are happening, because this is the matter of shaytan. "Do this, do that" this is the order of shaytan. And people do not think "The believers are but brothers." (49:10) Everyone will harvest the fruit of his actions. Bring good deeds Allah (swt) will whiten your faces. Do not follow shaytan, your faces will be blackened. That's it! But there is no one anymore asking questions about the reasons for the events that are happening.

Subhana Allah! And... people, first of all the nation of the Beloved (saws), are betrayed from betrayed.... from the enemies of Islam. First of all shaytan entered from the door of the Renaissance. Renewing everything, renewing thoughts renewing the way of thinking, renewing the actions & movements. "You must not follow what has passed. Bring everything new. Control the world specially control from this Renaissance, the Muslim people." This is the first big curse that appeared among them for the sake of destroying Islam. Destroying Islam & the last point made the Prince Sharif of Makka Al Muqarrama, they betrayed him. They betrayed him with a thousand tricks until the Khilafa of Islam came to an end & afterwards formed maybe 40 states. Everyone claims himself "me, me, me!" And this is the result, people became people.... are divided among each other.

First of all the Renaissance started the corruption between them not intending to corrupt

themselves, but intending it for Islam. And they betrayed the High state (Ottoman Empire) with the Tanzimat, Faraman Tanzimat (reorganization decree) "leave what you were using and bring Tanzimat." (new reorganization decrees) Is there a better code than Sharia? But they deceived them and it started... they have no mind. The youngsters were sent from Asitana to Europe to learn & what have they learnt? They learnt how to destroy Islam. They were called Jon-Turk (Young Turk) Jon-Turk, you know? Yes. They started.. they infiltrated the minds of the youngsters and it became a group, the Jon-Turk. It means the "new Turks". They left the ummah. They left declaring that "we are the nation of the Beloved!" And claimed nationalism, which the Prophet (saws) cursed - to claim nationalism. They infiltrated until they reached fitna/corruption between the Arabs. They said to the Arabs "how come you are living under the ruling of a man who is not from amongst you?" They listened until they became divided.

We were Turkish Muslims, we used to kiss the hem of the clothes of the Muslim Arabs because they are from the descendents of the Prophet (saws). But they deceived & caused enmity within the essence of Islam. First the Arab Muslims, secondly the holder of the sword to defend Islam, the Muslim Turks, the Ottomans. They caused endless corruption between the Arabs and also between the Turks. "Leave calling yourselves Ottomans, & be Turks." But originally we were the nation of the Beloved (saws). We use to say "we are the descendents of Adam(as) & from Ummata Muhammad(saws)" Now this one is Jordanian, that one Iraqi, Kurdish, Turkish, Charkasi, Egyptian, Libyan Egyptian. This is the result of what we are in today. They left respecting Islam & who is holding onto Islam. They turned against them. What have they done the Jon-Turk with the Ottoman? Same thing they did, the Muslim Brotherhood.

What is this Muslim Brotherhood? Are we the brothers of shaytans? Never! For what do they bring these titles? How can you say "Muslim Brotherhood"? Why this division? What does it mean? It is not in accordance with the Holy Sharia. Is there Muslim Brotherhood? "The believers are but brothers" (49:10) And what happened, happened.... Respect for the people of.. People left respect... they left respecting the people worthy of respect, the great servants of the Lord. They left them, kicked them away & lost respect for them & brought instead of them the disobedient ones who are following shaytan. That shaytan does not order with justice. O Lord

support us! Support us O servants of the Lord! And take the revenge... Take the revenge for the Islamic world. Send and appoint on the disobedient ones each other, and so there would be no trace of them, nor their name. We are the Muslims. Our flag is the Muslim Banner. There are 40 states now. Each one has a different banner.

Allahu Akbar.... Unify the lines of Islam. O my Lord send us a king so we may fight in the Your way. Our Prophet (saws) promised that Sayidina Al Mahdi (as) will come. Until the appearance of Mahdi (as) there will be trouble among the Arabs. It has been said specifically that there will be fighting between the Arabs just before the appearance of Al Mahdi (as). And it is happening. They removed respect for the Prophets (as) and the saints & the martyrs and the honourable Sahaba. They have fallen down. O Sheikh! Not a single one went to Sayid Khalid Ibn Al Walid, and told him "O Sayidina, you are the owner here. We are helpless. Take our revenge from them. No! In one second he would have done it, but not one went to ask. Baghdad is burning. Not one person went to say "O Sayidina Baz (Jilani) take revenge for us from those criminals. No one. Not even the Turks. Allah, Allah, Allah...Allahu.

We are awaiting the victory from Allah (swt). We hope that the one who was promised by the Master of beginning and end appears, appears with the sword of Al Haqq! It will be a sword from the Throne. Hums is burning. Why you stood up? Go to the Master of Hums, Sayidina Khaled Ibn Al Walid, Saif-Allah! Tell him that we are helpless. Sultan. He will order you to enter your homes and will say, "I will carry responsibility for you. This is news. Tell them O Shaykh. If they were coming to me saying "O Sultan!" I would have satisfied not just one state, the whole world would be satisfied. Last night he appeared on a horse and he was indicating to me about these nations. If they came to me O Shaykh, it would be enough. Enough for the whole world, Masha Allah.

They created a war amongst them. No success for them! Organize yourselves. Straighten up, Allah (swt) will support you, and His Prophet (saws). Allah Allah Allah... Allah send them to speak to me... But people stopped obeying and followed the steps of shaytan. Allah says not to follow shaytan's steps. Let them! O Shaykh, let them! If they don't follow Allah's way, they have no way to be saved! Let them! Let them do whatever they do! You take your children and enter

your homes. Close your doors and be there with your Lord and don't fear! Whoever enters his house and closes his door is in safety. These are the words of the Prophet (saws). Don’t carry a weapon. Not necessary. There is Sultan Khaled Ibn Al Walid. Allah's sword!

I was in Hums in the year 1945. The disbelieving, obscene French were bombarding... Bombarding the country. Then came one rocket on the minaret of the Mosque of Khalid Ibn Al Walid. I witnessed this event! I was there, a poor Dervish. He was angry! Sultan! It didn't pass through. They were bombarding Hayy Allah, in the begining of the year 1945! At the end of World War II. In two hours, the ones who were bombarding were French, from the side of Aleppo came the English troups with their heavy tanks, went upwards. I was waiting they entered & finish! Finish! They have power.

But they think that these Saints, the honored Sahaba are like them, no no no! They have a true honour in the eyes of the Prophet (saws). Ya Sayidi Ya Rasulallah Send us a King to fight for Your sake. This talk can continue from now to Maghrib. But I am a weak servant. Your Highness The Prince, for his heart to be in contentment be with the good servants of Allah (swt), and He will protect you. As much as you can, don't be with the low ones - you won't have any luck in this Dunya nor in Akhira.

Tawba ya Rabbi, tawba astaghfirullah O people, enter your homes, and leave weapons. Whoever closes his door, if he has one power, we have ten times that power. Let them enter and leave. Don't fight, don't fight. Allah Allah, send us a King Mahdi (as), to arrange the affairs of Islam and the world affairs. Ya Rabbi, we are innocent of disbelief and what disbelievers did! We forsake them ya Rabbi. Let their power be strong amongst them, not upon us!

Tawba Ya Rabbi O our Sayidatina Ummu Hiram inform the Prophet (saws), I am a weak servant... Allah Allah Allah Allah Jalla Jalalu Allah (swt) Jallat Azamatu Allah. Jallat Qudratu Allah Ya Rabb, Fatiha.

## Iconoclastic Imagination Versus The Rendezvous with Reality

In the Name of Allah Almighty, the Most Merciful, Most Beneficent and Most Munificent. There is Reality and there is Imagination. Imagination can never be Reality and we find that man lives mostly in imagination, for it is so easy, so beautiful and so peaceful for a person to live his life though his imagination. However, our lives are important and they cannot be built on imagination. Yes, you can't base your life on imagination. Therefore it is necessary for Mankind to look for Reality. Perhaps, at the beginning of our lives, we let our egos lead us through imagination. Later on, as we progress through our life, we begin to understand that we cannot build our life on this foundation of imagination. Therefore, at the beginning of one's life, one may be excused, but it is not for ever that we can follow our imagination. Sometimes, we can say that women are excused. So many people are following imagination. Buddhists, Christians, Jews all of them, they have now left Reality and are following a way to do as they like. Is this not true?

The Lord says, "As you like", but we must say, "O People, believe in Reality, even if you live in imagination, for that is best for you". You are insisting to keep to your imagination, yes, even if you keep to your imagination, one day, when your eyes open you will find that Reality

is the opposite of your imagination and you will find a way and path that you can never imagine. Therefore our brothers and sisters are all asking for Reality. Yes, we may ask for Reality because everything must carry Reality in the end.

Even, for Buddhism there must be a Reality, because there are so many millions of people who are inquiring and going about and following it. But they are not asking as to what is the Reality in Religion, because there are so many imaginations, for example, like beating a drum which makes that Reality disappear. However, through Buddhism there must be a Reality. Imagination is only a cover, it is like a person who comes to search for a treasure and some people in the locality divert the treasure hunter with his map, to various other points, so that he does not find the treasure. The people of the locality cover this place and show the wrong place and as a result, that treasure hunter never finds it. However the people of the locality know that the treasure is somewhere and are waiting for this person to go away so that they may look for it later on. This is what has happened for over three thousand years because Shaithan was misleading millions and billions of people about Lord Buddha, by never letting people find out the Reality in Buddhism and the Reality of its teachings. These teachings are there, but they are covered with imagination. If the lock is shown to you, the key is not given. If the key is given, the lock is not shown. Such things are done to misguide people who look for the Reality of Buddhism.

Yes, as I said earlier, there is a Reality in Buddhism. There is Reality in all ancient beliefs, because man was created and beliefs were planted in their hearts. They must believe in something because without beliefs, no one can live. There are so many people who believe in non-belief. They are unbelievers and they believe in non-belief. This is also a kind of belief. They say, “We do not believe in anything, our belief is not to believe in anything.” Yes, atheism is their type of belief, for they do believe in that. So I say that everyone has to have a belief in something or another. It may be right belief or wrong belief.

The personality of the Buddha has disappeared through perplexity and mystification. Shaitan is mystifying his personality and after three thousand years, you can’t make out a clear personality as to when and where it ends. This is because it is Shaitan’s target to make

confusion by way of mystification and for its true teachings to lose its Reality. Therefore Buddha was a real personality. He gave his teachings to people but he never told people to worship him. He was not a foolish one to say that, “I am the one who created the Worlds”, or “I am that Supreme Power, who is governing Universes”, and he was not such a one to claim his power from super galaxies upto the creation of atoms. He never claimed to command or look after anything. No person, unless he has a small mentality, will agree with such wisdoms. It is impossible for Buddha, being a man of food and drink, of breath and sleep, of growth and death, to claim to be such a Supreme, Great Power. How can he claim such a thing? How is it possible for such an ordinary person to have such Supreme Power? In the first instance, such Supreme Power will destroy his own body, as the body cannot take such a Supreme Power in itself. If that power comes externally, the body will vanish and be destroyed. It must mean that the body is under the control of a Supreme Power and that Supreme Power is covering him from every direction both outside and inside. It should command him, control him and cover him from every side and every direction. What is that power? If that power is controlling him, only then can he be a representative of that Supreme Power.

Today, they will not accept that Buddha was a representative of that Supreme Power. Buddhiest people do not accept the fact that Buddha was a representative of that Supreme Power. They are only claiming that Buddha was the Supreme Power in himself. If he was a source of all Supreme Power, then that is imagination. It is against the Spirit of Reality and when we speak of Reality, some Buddhist brothers may or may not accept this Reality. Everyone has freedom in accepting Reality. Their acceptance or refusal is never going to change this Reality. They can never be able to make the Buddha the main source of Supreme Power. If he was the source of Supreme Power, he should be able to make the many status of his image to move, to look and to see. If he was the source of Supreme Power he should be able to put power through his statues and there will be no need to put a lamp or light in front of these images. It should be, by itself at least, able to give a glow of light to all his statues. However, this is imagination. There is a Supreme Power commanding and controlling everything and that Supreme Power must be above our imagination.

Even Christians are falling into Iconoclastic Imagination. They imagine so many images of Jesus Christ and of his Mother. Today, in the West, you do not have the image of the unclothed, crucified Christ on a cross, outside their churches. Their statues have changed to more attractive personality symbols for Christianity. They feel ashamed to make people to believe in a person who has been crucified on a cross. Therefore even in Sri Lanka, in the new churches, we may never find images of Christ on a cross. They are changing their imagination to portray the image of Christ to be a representative of Supreme Power. They now want to show Christ in perhaps more magnificent forms. They put a crown on his head and put the world or a globe in his hands to make it more attractive to people. In Sri Lanka, perhaps they may try to attract Buddhist people by saying that all the images of the Buddha are always sleeping, but look at our King, he is King of the world. Look at his new image!

Therefore Christians have also been living in imagination for over two thousand years. They are not able to separate Reality from Christianity. Real Christians know that they are following imagination today and this imagination is creating the rituals that they follow. They seem to be happy for the present, but as Seyyedina Ali (may Allah bless him) once said, “Mostly people are sleeping throughout their lives in this world, and they only wake up when they are dying”. What he means to say is that most people are sleeping in this life with their imagination and are not searching for Truth or Reality. They like to live with their imagination and try to be happy in this life, but this situation cannot go on for ever. When death comes, they must open their eyes and when they open their eyes, they will see something else. Then they should see Reality, and only at that time will they be surprised to look at the truth of Reality. Therefore, temporarily, people seem to be happy today, practicing their imagination, making statues, icons, and statues and performing rituals in front of them. Islam is a ‘Reality Seller.’ We Muslims are not imagination Salesmen. We say, “La ilaha Illallah: There is no God but Allah, the Only Supreme Power”. We say that all people were created from one source, from One Supreme Power.

Science, Knowledge and Astronomy are committed to reveal this Reality. Knowledge has come to us that the whole structure of this Universe is of the same structure that you find in

every atom. The first creation of the Universe is the same structure that you find through the atom. It is the main source for the structure of this huge Universe and other Universes. It is the same for the gigantic Galaxies, upto the smallest thing in creation, the main building source is the minute atom. Who is commanding the atom or commanding the gigantic Galaxies? By the way of knowledge and Science, you can see that ultimately all of them are controlled by just One Supreme Power. It is impossible to have two Supreme Powers.

When you say Supreme Power, it cannot share that power with any other power. If any other power is sharing that power, it cannot and will not be a Supreme Power. It is our belief that the Supreme Power is controlling everything, but it is never controlled. We say that Allah Almighty is that Supreme Power and that there is no one else controlling Him. This is Reality and we are asking people through their positive Science and Knowledge to believe in this important point, that everything is controlled by a Supreme Power. Even when you look at the more than ten billion huge galaxies moving in one direction, you cannot find any galaxies moving against each other and all of them are moving in the same direction and not one is moving against another so as to collide with each other. You can find an excellent, most perfect traffic throughout the galaxies.

When the Seal of Prophets (Sal) was on his night journey of Mihraj and watching the parade of the angels in the Heavens, he asked Archangel Jibreel (alai) “From where they are coming and to where they are going.” Archangel Jibreel (alai) replied that from the time he was created, he has seen this huge row of Angels passing like lightning and that he does not know when they began or when they will end or finish. Allah Almighty says, “They are My soldiers and no one knows the number of my servants or Angels and no one knows the limits of My territory. I am that One who has Supreme Power and I am that One who creates and governs the movements of all Galaxies, to follow a direction, and in My Hands is that Real Supreme Power”. Nothing can be against that direction and here, even on Earth, there is a direction to follow. No one can go against the Supreme Power that controls the Earth and everything that is out of Earth and throughout Space.

This is Reality. We in Islam are not calling people to believe in imagination. Whoever, who

wants to be happy with Reality may come to us and understand. If not, they may play like small children with their imaginations and wait until death opens their eyes to Reality. We cannot accept that Buddha claimed that Supreme Power was in his hands. He could not have said this. If he had said this, we must ask the Buddha as to whom he was concentrating on, meditating and worshipping. Where was he really running to and how was he reaching to that Supreme Power's Divine Presence? He was asking for this Supreme Power's Divine Presence, but people of wrong understanding make the Buddha their target. People became narrow in understanding through this very short area of the understanding and they should come out and see what is the Reality in the Buddha. Buddha was only a servant of his Lord, Allah Almighty. Buddha was always meditating and asking to guide people towards this Divine Presence of Allah Almighty – the controller of Supreme Power. However, today we only see followers making it a business of making statues in this short life and wasting their precious lives on the rituals of imagination. We are sorry that even today people are still insisting on their wrong imagination. If they ask for Reality, they must leave all their images and must ask to find through their hearts, the representatives of the Supreme Power. If they can really find in their hearts that representative they can reach out of time and space.

The reality of Buddha was to teach people to get out of this time and space and when he was meditating, closing his eyes he was teaching people by saying, "O people, you must try to get out from the prison of this life, from the prison of your physical bodies and you must try to reach the Supreme Power's Divine Presence". If you can do that, you should be happy and when you are in real happiness, you are going to be free. Free from all the heavy burdens of this life and only then will you reach out of time and space. You must follow the way of Reality because you cannot be free from time and space when you follow the way of imagination. You will carry the heavy burdens of life as long as you are not out of time and space.

The Lord, Allah Almighty wants to make your burdens of life lighter for He never likes to place heavy burdens on His servants. He wants to make His servants' burdens more and more light, like the soul, without weight. When you are going to be as light as your soul, He will carry

you from your physical bodies to Divine Territories. He may take you to the real target of the purpose of this life and that is to be taken to the presence of the Supreme Power and Divinity and from Divinity to his Endless Kingdom and to find yourself in His Divine – His Supreme Presence. That was and that is the real target of the Buddha. He was asking people not to make themselves imprisoned with the status of imagination.

Masha Allah, I am asking forgiveness for me and for you from all types of wrong-thinking people and asking for Divine Lights to make it easy for His servants to find Reality and to leave imagination. Bi Hurmatil Habeeb, Bi Hurmatil Fathiha.

## Renew Yourself for Your Lord

(Mawlana Shaykh stands.)

Astaghfirullah, dastoor Ya Sayyidi, madad. As-salamu `alaykum, O our listeners. Don't listen to me, I know nothing, but you must try to hear, listen and obey the One who is granting us an understanding from His endless Mercy Oceans and asking us to be obedient servants. We may stand up for His glory and say, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar wa lillahi 'l-hamd!

We are giving our most high respects to that most honored one in His Divine Presence, Sayyidina Muhammad (s.) Alfu salaat, alfu salaam alayka yaa Sayyidi 'l-awwaleen wa 'l-akhireen (master of the earliest and latest creations). You are Nabee, Prophet from pre-Eternal up to Eternal. All creations are giving you their salutes and most high respects. Please, yaa Sayyidi 'l awwaleen wa 'l-akhireen, O our most beloved Rasool, give us from your intercession! That gives us honor here and Hereafter, forever. (Mawlana Shaykh sits.)

O People! I am hearing and also you try to hear heavenly addressing to make you an honored one. Who is asking to be an honored servant must try to hear, listen and obey. That gives you an honor that is going to be more and more and never coming down and giving you honor forever. We are asking from our master, the

master of this planet, dunya, to look after us. We are asking the heavenly support of the grandmaster of this planet. There are so many masters on this planet, but only one is the most high and reaching to a heavenly level. He is the only one in the heavenly presence of the Seal of Prophets, Sayyidina Muhammad (s.)

We are saying, along with other people, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. All the time Shaytan is trying to harm Mankind and his mission is to give trouble to people. Those who listen to him are always falling in Trouble Oceans; always falling through oceans of miseries and suffering. We are therefore saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. O our Lord, please give us Your protection, not to fall through Shaytan’s traps; if they catch someone it is so difficult to save himself! Therefore, don’t forget to say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem, to run away from Shaytan and shaytanic actings, efforts, and works.

What is the sign of Shaytanic traps? First, Shaytan is showing you that it is a best being for Mankind and calling you, “Come here and you will be happy forever and find endless enjoyment.” This is the first trap of Shaytan to catch people. Shaytan has countless traps, because there are now seven billion people. How many traps Shaytan is using? First Shaytan says, “O People you must leave old things. You must “renew” your minds, your way of thinking. You must leave everything that you were doing.”

“Therefore, O Mr. John, what do you think? New Year coming and bringing so many new things; so many new fashions, and you should look after new fashionable things. You must now change everything that you are using from clothes, eating, living, housewares; you must change your cars, your minds, and everything that belongs to Year 2009. You must renew yourselves.” That is the first teaching. Therefore, you think, “Yes, a new year is coming and we must renew ourselves in every way of living, and every sulook, maslak.”

If you are going on this highway, you must change direction along another one, for example, “If you like to be free ones and become most understanding ones about your life ... you must change everything from the beginning up to end, from A to Z.” In cars they have a book, A to Z. Shaytan is urging, “O People! First you must try to change your understanding (of) the way you look at everything, as new circumstances coming. You must try to arrange your lives in a different fashion.”

O People! all those living on this planet; from small ones up to old ones, you are all thinking now and saying “a New Year”, but it is really not going to be new; it is going to be old, not new. Why saying new? You must be happy like me, a person who is going to turn ninety this year. What happiness it brings me because I am now

going to be a new one! Our lives on this planet going to be new. 2009 will become an old year, and 2010 the new year, which means we are also going to be new ones.

(Mawlana Shaykh imitates a conversation.)

“O my darling, what do you think of my thinking?”
“O my darling, I never understood what you are saying. Each year we are coming down and you are saying to me you are getting younger.”
“O my darling, don’t make (fun of) my pleasure! New year is coming and I am going to be younger, and you are saying the opposite—that I am getting older! No older, you must say always New Year is coming and a ‘renewment’ coming to ourselves.”
“You are believing in this?”
Another old one saying, “O my friend, what is your darling saying?”
“My darling is saying that when New Year comes, we are getting younger because we are getting new.”

It is the worst Shaytanic teaching for Mankind, that you are getting younger and younger! Every year whatever is new is going to be old, and when another year comes, it is a new year!

“O my darling, a happy New Year to you.”
“Oh, this is what it means?”
“Yes, I am very happy that I am reaching a new life through this old year. I am becoming new, a new man to me.”
“I am looking at you as you are using two sticks, yet you are saying, ‘I am getting younger.’ What is that, O my darling?”
“My darling, leave that and look now, there is show. When I am dressing like this, new fashion clothes, I am getting new and fresh.”
‘‘Which one you are saying I must use? (Mawlana looks through a monocle.) “Which one? This one?”

Until he sees this one, ten ones going and coming. His darling is saying, “New year and new fashion, I am getting to be like a pretty, eighteen-year-old girl that night.”

“I think that you have something wrong in your mind!”

“You can never, never say this to me! I believe that the New Year is bringing a new man to me.”
“If you are not happy with me, I am going to look for another one - for new marriage.”
“Hah! New marriage? If you are asking a new marriage because you are getting younger, what about for me? I am also going to look another one. But I must use another perspective to look which one is suitable for me. They are running so quickly, I can’t catch one of them to say that I am asking marriage from you.”
“Don’t say this. They may come to you, when you are showing your golden chains. When you are showing this diamond worth $100,000 they should run to you and should say, ‘O my darling I love you. Please give this ring.’ I think that is worth ten dollars!”
“Hah! Ten dollars? I am not a worker to use ten dollar diamond. This is $100,000.”
“Please, O my darling, give this to me, because you are getting younger and it is suitable for us as our new marriage gift.”
“Yes sir, I may do this. When the year is okay, I shall give you, raghman `ala anfiha, inspite of her wish.”

Apes can be cheated quickly and Shaytan is making people (to be) like apes, cheating them, saying, “You are getting ‘renewing’; the New Year gives you a ‘renewment’.” First teaching of Shaytan for Mankind, cheating them, “You are getting younger. It is New Year, therefore, you must not use old-fashion things.”

Everything inside, we may put outside, and we must bring new furniture, (then thinking,) “Oh, I am getting younger.”

O People! Beware of Shaytan, cheating you in everything and making you not to think of dying and of death. Once upon a time your fathers and mothers were... (Mawlana coughs.) Shaytan is not happy with me, making me to not say what he is doing with people! They are thinking that a ’renewment’ coming. They are never thinking that their last day is coming, because for everyone, there is a last day. There is no more life after that last day for them on this planet, and they should be taken by force or by surrendering.

A`oodhu billahi min ash-Shaytaani ‘r-rajeem, is a holy command from heavens to all nations through every prophet. It was sent as a warning, “O People! Don’t listen to Shaytan, it is cheating you and you will regret it.”

A` oodhu billahi min ash-Shaytaani ‘r-rajeem. You must beware of Shaytan, it’s orders and ideas; changing every year, but bringing the same point, that takes Man into darkness. Shaytan’s thinking and main point is

to take people from enlightened worlds to dark worlds. As mentioned through heavenly knowledge in holy books, the Lord of Heavens sent every prophet as a warner. All prophets were warners bringing 124,000 reminders to all Mankind, because biggest harm coming to people from shaytanic cheating.

O People! Now after fifteen days a new year is coming. Don't be cheated! Look at what your Creator, the Lord of Heavens, is saying and what He is asking from you: to be new always for His heavenly service.

O my listeners! Don't listen to me but listen to His holy and heavenly messages through prophets. What He is saying, "O My servants, don't forget that you are My servants, and I am asking best servanthood from you. O My servants, you are refusing to be My servants and occupying yourselves with nonsense through this life. What is that 'renewment'? How you are asking 'renewment' when you see daily, thousands, millions of people running away from this life to other, unknown territories? Why are you not thinking on it?

O my listeners! Make your ego believe in holy commands of the Lord of Heavens, and follow these commands: you will be honored. As long as you are hearing and obeying Shaytan, you are losing your honor and you are going to be dishonored. As long as you are trying to follow His heavenly services, you should reach a position that gives you honor-over-honor, life-over-life, lights-over-lights, happiness-on-happiness. You should find the best from everything! That is the honor of being from Mankind. The Lord of Heavens granting them that honor, because He is saying, "You are My servants. I am accepting you to be My servants through My heavenly levels, through My heavens."

People now are only hearing and asking to follow the shaytanic teachings that are coming through PhD people, doctors and professors. All of them first in line, listening to Shaytan, saying, "You are true." If someone is saying to them, "Listen to what the Lord of Heavens is saying," they are never happy, instead when hearing Shaytan and shaytanic nonsense and dirty things, they are very happy!

The holy command from Allah Almighty is, "Don't eat dirty things! O People! You are created clean and I am granting to you clean foods for your physical being. Keep my enjoyful grants, it is for your honor. I am forbidding you to eat and drink dirty things, because only pigs eating dirtiness, even their dirt they are eating. Don't eat pigs, because they are dirty."

The Lord of Heavens is saying to human nature, "I am creating you clean and offering you clean things and I

am ordering you to use clean things. Don't eat and drink dirty things. I made for you clean food and clean drinks. If you are not listening to Me and eating and drinking dirty things, you are losing your heavenly appearance on the Day of Resurrection and are coming like dogs and pigs, that are eating their dirtiness also." You should come like this, but where are people, (are they) ever hearing or listening or asking to keep that order? When they are passing away, they will find themselves through dirty sewage channels saying, "What is that?!!" That is what you were eating through your life: sleep in it, eat and drink it. Allah (swt) protects us!

O People! Use your minds and try to hear, to listen and to obey your Lord's holy commands. You will be best ones in Divine Presence! You will be rewarded such grants that no one before is seeing, hearing or knowing!

O People! Be patient. Be patient against your egos, be patient against the demands of Shaytan and you will be happy here and Hereafter.

This is well-known knowledge. People just caught through shaytanic tricks and traps that are ready and you can find them everywhere. Tricks that are catching people and putting through traps. (Shaytan says,) "Be free ones!" Everywhere people are saying, "We need freedom." Freedom for what? Real freedom is to be free from Shaytan and from your ego and it's demands. Leave them, so that you will be (truly) free ones! If not, 'freedom' has no meaning and you are being ridden by Shaytan, like a man riding his donkey. Shaytan is riding on you and sending you everywhere that is not clean, but dirty.

Think on it! This is an important warning for everyone nowadays, because a year has passed that was full of troubles, miseries, and sufferings. As they are saying, the coming year would be a new period of time, one new year. Beware, and keep yourself from falling through oceans of troubles and miseries in the coming year. Don't just prepare yourself for one night or one day, dressing in beautiful clothes and having so many foods, eating dancing and singing. That is not for you! What your Lord is asking for you is to be clean ones and prepare yourselves. A day will come, your last day, when you will be taken from this life to another unknown distance. May Allah forgive us.

O People! ad-deena 'n-naseehat, "Religion is to give good advice" to people. All prophets did this as much as they could, but people never liked their advice and went against them, killing them or sending them away. Finally, heavenly punishment and cursing came on them, finishing them and making them disappear. May

Allah protect us!

Give time for your Lord's advice. Hear heavenly advising and try to be even a weak servant. We are weak servants, (but) try to keep it. At least if we can't keep servanthood fully, we must try as much as possible to do something; everything that would make our Lord pleased with us. If you are pleasing your Lord, He will make you pleased also. If you make everything for the sake of pleasing the Divine Presence, the Lord of Heavens would make you to be joyful, here and Hereafter.

We are asking forgiveness from Allah Almighty for the most honored one, Sayyidina Muhammad (s), Ya Rabbee.

Fatihah.

(51 minutes)

May Allah forgive us. This is a warning for all Mankind before cursing is coming. Protect yourself!

Fatihah.

## REPENTANCE IS THE KEY

Shaitan says that he is destroying everything of the children of Adam. He is destroying their good actions and he makes them to fall into sins. But at the same time they are also destroying all of his deeds by repenting. "I am the one who makes the sons of Adam to fall into sins and these sins destroy them, but they are also destroying me by repenting." That is why repentance is the most important exercise for followers of a tariqat. Repentance cleans the servants from their sins. The Prophet sws. said, "I ask for forgiveness at least 70 times a day." If he says it 70 times a day, then how many times must we say it? Even if we say it 70 000 times, it is still nothing. He is innocent, and he says it 70 times. Then what about our people?

So Prophets, holy-ones and everyone must give repentance. Every problem which comes has its solution in repentance. So many people come and tell me so many problems, problems of all kinds. The solution is with repentance.

Nuh, may peace be upon him, was calling his people to Allah for 950 years. He was telling his nation to repent to their Lord. We are not innocent people. We are common people who are running into sins. We cannot exist without sins. So we always have guilt. If a person is a mechanic, do you think he can be clean. Is that possible? It can't be. And we are now sinners, so we must have guilt. Nuh, alehi salam, was calling out to his people and telling them to repent. "Oh, people ask for forgiveness from Allah Almighty!" If there is no

rain, then the repentance will open up the doors of mercy to you. It will support and grant you everything; plants, land, fruits, sons, anything of this world. What ever you ask for will be given to you when you say, "Astaghfirullah". Every door which is locked and closed to you will be opened by the blessings that will come on you when you ask for forgiveness.

Allah Almighty says, "Oh, my beloved Habib, ya Mustafa Muhammad, I will not forsake thy nation as long as they are with you." "And what will happen after me?" "As long as they are repenting, I will not forsake them." Now I am seeing that everyone here in Pakistan and in Turkistan are complaining. There are so many pressures here, you know, because you are living in it. There is no common love and no blessing. And still we don't say, "Astaghfirullah". The whole nation must say it. If you don't start, you will fall even further down and you will be even more crushed. It will not stop. The key is to say, "Astaghfirullah", to repent.

## REPITITION OF NAMES increases THE LOVE FOR THE NAMED

GIVING AND TAKING LOVE WITH SALAWAATH

Allah Almighty has honoured us by making us to be from the nation of His beloved Prophet Seyyadina Muhammed (sal). We are in need to increase our iman (certitude of belief) in the existence of Allah Almighty and His unity. It is obligatory for a person coming into Islam to be a witness of the existence of the unity of Allah Almighty. This is why he must say, “la ilaha illallah”. This will not be complete until he also says, “Muhammad ur Rasoolullah.” This means that he witnesses also that Seyyadina Muhammed (sal) is the Messenger, Prophet and servant of Allah. We say this with our tongues but the real station of iman is when this is planted in our hearts. This is like planting a seed in our hearts.

When we plant “la ilaha illah Muhammad ur Rasoolullah” in our hearts we are planting the seeds of iman in our hearts and therefore we must take care of it. We must look after it and make it grow so that it becomes as big as a tree which gives flowers and then fruits. This is when we take benefit from our iman and also others may benefit through our iman. Real believers love to benefit others. This is why we say that real

believers (moomins) are not living for themselves but that they live for others.

This is why real iman belongs to the attributes of the Prophet Muhammed (sal) because one of his main attributes was to live for others rather than live for himself. When the Prophet (sal) was born his lips were moving and he was saying, “ummathi, ummathi, ummathi”. He was asking for his nation with his first words and he continued to live his whole life still asking for his nation. When he was passing away and leaving this life, even at that time, he was asking Allah Almighty for his ummath (nation). Even in the Divine Presence he will be asking Allah Almighty for his nation. Even on the day of resurrection he will ask for his nation. He shall still ask for his nation at maksha arafa – through meezan (scale). On the siraat (bridge) he shall ask for his umma. He shall also ask for them at the entrance to paradise. This is why we say that Rasoolullah (sal) lived for others and not for himself.

The followers of the Prophet (sal) too are living for the nation of the Prophet (sal) and not for themselves. When the tree of iman grows in heart of a person, it gives its fruits to him and also to everyone who comes to see him. What gives power to the tree of iman to the hearts is love. Love for Allah and love for the Prophet Muhammed (sal) This is Muhabbat ur Rasoolullah. If there is no love then no iman grows. First love for Allah enters through the hearts and then comes iman. Then love for Rasoolullah (sal). This love gives power to iman. If this love is missing, iman can never grow. This is a very important thing to know because if you do not know this you cannot reach to Rasoolullah (sal) and Allah Almighty.

There is a hadis that says, “Man-Ahaba-shai’an-asfala-Zikrahu”. When a person love someone very much he loves to mention this person’s name repeatedly and always think of that person. When you repeatedly mention the name of the person you love and constantly remember that person then more love comes into your heart. Similarly when a person mentions and repeats the name “Allah Allah” more love for Allah Almighty comes into this person’s heart. When this servant (abid) makes this zikr Allah Almighty looks and says, “My servant is calling My name and making zikr on

Me (remembering Me). He is calling Me by My greatest and holiest name “Allah Allah”. What is he asking from Me?” Allah Almighty knows what His servant is asking. This is so even though the servant may not know. When you say, “Allah Allah Allah” or “Haq Haq Haq” or “Hu Hu Hu” or “Ya kaiyoom” or any other holy name, Divine Appearances come from that holy name that you are mentioning.

Divine Mercy and Divine Appearances come into our hearts from the holy names that we mention and He knows that we are in need of His love. You cannot however reach to the love of Allah Almighty unless you first reach to the love of Rasoolullah (sal). You will not be able to approach the love for Allah Almighty, if you do not have love for His most beloved one.

The love in the heart of the Prophet (sal) is very immense and powerful. It has great force. It is like a big waterfall. You may have seen water falling down from the mountain which we call a waterfall. This is nothing compared to the love that runs through the heart of Seyyadina Muhammed (sal). Put your fingers into your ear and listen. You hear the sound as if from a waterfall. This only a small example that I am giving to you today in order that you may understand the love that runs through the heart of the Prophet (sal). This is from the Divine Love Force.

No one can carry this great force of love. All prophets took love from the heart of Prophet (sal) and so did all the Sahaba (companions). The saints (awliya) too take this love from the heart of the Prophet (sal). It is this love that the awliya send through their hearts to the hearts of their followers – the love of Muhammad (sal).

This is why we are ordered to say salawaath-sending blessings on the Prophet (sal). Every time that you send (salawaath) he is taking love (muhabba) and giving love. You will not find through any other thing blessings than through love. If you are growing in love it means that you are taking more baraka (blessings) from Allah Almighty. This is why when a person says salawaath on Prophet (sal) he approaches closer to Rasoolullah (sal).

The Prophet (sal) gives them more love and they are also taking more love from the Prophet (sal) and thereby reaching to the love of Allah Almighty. They are taking this through the love of Rasoolullah (sal) without whom no one can reach to the love of Allah Almighty (Muhabbathullah).

It is not possible for one to reach to the love of Allah Almighty without reaching through the love of Prophet (sal). It is impossible. Therefore when you are saying, “la ilaha illallah”, we say, “Muhammad ur Rasoolullah” and when you say “Allah Allah”, we say “Allahumma salli ala muhammadin wa ala a’li muhammadin wa salli.” Without salawaath Allah Almighty does not accept our Zikr. Therefore every time we say zikr we must also say salawaath on the Prophet (sal).

Now some empty headed people who have the characteristics of the Jews which is enviousness are refusing to say salawaath. The Jews were the most envious people to Rasoolullah (sal). They are also ignorant. Now these envious people are going against the Prophet (sal) and selling their iman or belief for money. They are against the recitation of salawaath and also against the love for the Prophet (sal). They say that muhabbath Rasoolullah (sal) or love for the Prophet (sal) is shirk. Shirk means associating partners with Allah. They are mushrik – those that associates partners with Allah-because they are rejecting Rasoolullah (sal) and by doing this only feeding their egos.

Without love for Rasoolullah (sal) how can iman go through our hearts? So many people during our days do not understand this point. They are very reluctant to say salawaath to Prophet (sal). Since we belong to “Ahlul Sunna Wa Jamm’ath” we are keeping our ways with love for Rasoolullah (sal). These bad people however have lost their way and now are following Shaitan. They are following Dajjal and going against Rasoolullah (sal) and they are on the wrong way. They are asking all Muslims not to love Rasoolullah (sal) and not to recite salawaath on him. If there is no salawaaths no barakah. All blessings are for salawaath. That is Hijaza and we will

keep to it up to the end both here and the hereafter in our fight against these foolish ones.

## The Required Knowledge

May our days be good days. As-Salamu Alaikum. Salamullahu Alaikum. May Allah Almighty's Salam/Peace descend upon the nation of the Beloved. May it descend upon us, may we be refreshed. May our himmat/striving be plenty. May this day of ours be blessed. As-Salamu Alaikum O Muslims. Salams to you. May the Salam of Allah Almighty, the intercession of the Prophet (sas) be upon us, be upon all of us. May the Heavenly Glance of our Umm Hiram Sultan be upon us also. And may today be good & blessed.

Let us say, Bismillahi r-Rahmani r-Rahim. We start with the Bismillah, end with the Bismillah. How beautiful. Man, ashraf al-makhluq. The most honoured one among the creatures is man. Shukur that He (swt) Who created us, created us as man. There are so many other kinds of creatures. We may say Bismillahi r-Rahmani r-Rahim. What a beautiful, what a sweet, what an honoured word is this- Bismillahi r-Rahmani r-Rahim. To be able to mention the Holy Name of our Lord Who is Rahman & Rahim- what a great honour is this. Allahu Akbar. Allahumma qawwi da'fana fi ridak. O Lord, I am Your weak servant. May this weakness of mine go away through Your way. We find strength & know that we are created for You. This is the knowledge, the 'ilm that the people must learn. Shukur Allah that He (swt) made us among His creation the most honoured one.

"Khalaqtu-l-khalqa li ya'buduni. I created this mankind so that they worship Me, so that they know Me. I am their Lord". Insan, ashraf al-makhluq. The most honoured one- there are all kinds of creatures that Allah Almighty created but man is the most honoured one. Man is the most honoured one among all the creatures. For all this honour, man should at least say "Shukur

Ya Rabbi that You created us as man. That You honoured us & talked to us, addressed us. You sent us Prophets & spoke to us through them. You sent us Books. The Books give us honour. All the realities are in the Books You sent- The Bible, Torah, Zabur & the Holy Quran, the most honored book, The Quran came. The most honoured Prophet, whom Allah created as the most high & sent to mankind, is our Prophet, Hz Muhammad Mustafa (sas). How beautiful. How beautiful, what a happiness.

"Fahal Min Mudhdhakirin" (54:17) Allah Almighty says in Holy Quran "Is there anyone who thinks?" Is it not so? "Fahal Min Mudhdhakirin" It says "Is there no one who thinks deeply, not in a shallow way?" People, think deeply! There is the night & there is the day. He (swt) makes you sleep at night & makes you get up in the day time. And He (swt) says "I arranged this earth for you. You may live there". "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa 'Illa Li Ya`buduni" (51:56) I created you; O men & O jinns! I created you to worship Me only. I created you for My service, for My worship. Everything else is empty & in vain. May you live for Me, your lives be for Me.

Don't do anything for yourselves. Work for Me that I pay you. "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa 'Illa Li Ya`buduni". "Ma 'Uridu Minhum Min Rizqin Wa Ma 'Uridu 'An Yut`imuni" (51:57) I don't seek from you any provision. I am the guarantor for your provision. No matter how much you work, the work you do for yourself has no result. Some grains grow but come to be empty. They grow tall but turn out to be empty inside. The life & power I granted you, if you live it for Me, the servanthood you plant & perform comes out to be full. I grant you its reward- I grant you in dunya as well as in akhirah I grant you eternally.

Why do you not say Bismillahi r-Rahmani r-Rahim? Let it be known that "O our Lord, we live for You, we work for You. We live to make You pleased with us. We are at Your service O Lord". "Ma 'Uridu Minhum Min Rizqin Wa Ma 'Uridu 'An Yut`imuni- I seek not any provision from them nor do I ask that they should feed Me". It is Me who grants your food & drink. I make it come down from the Heavens". He (swt) says "From the Heavens, I make them come down from My treasures" It comes down from the Heavens. If Allah Almighty closes the doors of Heavens what can people eat? Try with your technology or whatever-ology! Go ahead & try, when He (swt) closes above, what can your technology do? If it doesn't rain, it can't bring it. If it

rains, it can't stop it. What power do you have, O little man? Why don't you think on this? Who doesn't think on this... Who thinks is man. Who doesn't think is animal.

Well, people prefer to be animals. "Let me enjoy, take pleasure as I like.." The value & honour of the man who claims this is like filth, just as the animal eats from its front & drops from its behind. So the actions of these people are like this- they turned into ones with animal attributes. Just like how the animal drops its filth, it has no other concern- eating & dropping its filth. And for man, to eat & then to empty everything inside him into the WC, this is not humanity. To eat, drink & to pour out what you eat & drink into WC- if this is humanity, there is no honour in this.

"Ma 'Uridu Minhum Min Rizqin- I don't seek provision from you. Work for Me. I am your Sultan. I am your Creator, I am Who keeps you alive. I am Who takes away your souls. Live for Me". Here, this is the law of the life. This is the summary of what the Prophets said: "Live for Me. I will be the guarantor for your everything. I will leave no troubles or sufferings for you. I will be the guarantor for your everything. Live for Me, O man!" This is in Turkish & in Arabic, this is in every language. There are so many religions. Prophets came, saying "We are Prophets. We are declaring to you Allah's Words". And finally in the Holy Quran, Allah Almighty declares: "I created you for My service. You should worship Me. I don't want anything else".

They said to Prophet Jesus (as), his disciples- the 12 who believed in him, they said, "Send down to us a table spread from the Heavens & we will believe you, and our hearts will be in peace". "Did you not believe yet?" says Prophet Jesus. "We believe but we want to see it with our own eyes. Send down to us a table spread from the Heavens". What can you do? The Prophet speaks according to their capacity. He made dua & the maidah/table spread descended. You wait for a table to come down from the Heavens & you eat it- your servanthood is not completed with this.

You search for your provision on the earth. I will grant you your provision on earth, don't expect it to come from the Heavens. I send down My Mercy upon you from the Heavens & you find everything on earth. Ask from Me. Don't wait for a table already spread to come to you, work. Worship Me. And for your worship, I will provide you with everything you need. A comfortable, sweet life- hayatu tayyibah.

I appoint a very sweet life for you where you have no troubles, no miseries, no sufferings, no problems. But you go off the way. You leave the way I show you. When you go off the way, you have endless troubles. No doctors or judges can find a remedy for you. Come to Me. I have the remedy for all your troubles- it is in My worship. Worship Me, be servants for Me. Whatever it is that you need, I will provide you with it ready". The people of this time don't have this mentality or thinking that we are speaking of. All their concern is to satisfy their animalistic desires- "Let us drink & eat. Let us dress up & go out". This is the animal attribute. The attribute of man is to please His Lord. We are created for this: Please Him & see how Allah Almighty makes us live. O Lord, may You forgive us. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim.

For the honour of your Beloved O Lord, may You send us from Your powerful servants who will teach us these things. We are left ignorant. We are left without Sultan. Send us the Sultan, O Lord. May You send us servants You love, that they teach & show us these ways O Lord.

Therefore in the old times, on the doors of the people would be written "Adab Ya Hu!". This is the adab. The people other than this have no adab. And a person with no adab has no value. O Lord, may You forgive us for the honour of Your Beloved, O Lord. We can't do anything. Ya Muhawwil al-hawli wal-ahwal. O Allah Who turns people from one state to another, may You grant us the best state. May we dress with the dress of servanthood. May we dress the dress of Your honoured service O Lord. May we not be ridiculed by shaytan, may we not be shaytan's animal.

We want from Allah Almighty because Allah Almighty wants it like this. He (swt) says "Work for Me". Mankind now has become animals. They say "No, we become animals to shaytan. We don't know any other thing". Ok, eat each other. Chew on each other. Your dunya will be ruined & your akhirah will be torment. Aman Ya Rabbi. Tawba Ya Rabbi. O people! O who sit in the coffeshops! O who walk dogs in the streets at night! Think about Who created you & take care. If you are here in dunya today, tomorrow you are in the grave. You will learn what happens in the grave then.

Aman Ya Rabbi Tawba Ya Rabbi. May You forgive us O Allah. May You grant us repentance,

may You accept us to Your servanthood O Lord. The most honorable service is Your servanthood. You granted us this honour. May You accept us with Your Generosity Ya Rabbi.

Amin Amin, wa salamun 'alal Mursalin. walHamdulillahi Rabbil 'Alamin. We said Bismillahi r-Rahmani r-Rahim. When you say Bismillahir-Rahmani r-Rahim Allah Almighty makes that day prosperous for you, doesn't make you run after dunya. He (swt) grants your provision for a small service. Otherwise shaytan makes you an animal. You day as well as your night is ruined. Your life will have no taste and no goodness. O Allah may You forgive us, may You grant us strength O Lord. May Your lions come & show us the way. We are left like this, O Lord. You are Subhan, You are Sultan O our Lord. We have become weak, Ya Rabbi. People prefer to be animals to shaytan and refuse to be servants to You.

What can we do? The world has turned into this. They have become the animals of shaytan & are fighting each other. If they were servants to Allah, their lives would be the hayatu tayyibathe beautiful, clean life. It would be an honoured life. Tawba Ya Rabbi, Tawba Ya Rabbi. Tawba Astaghfirullah. May today's doors of khair open to us. May the barakah of Mawlid al-Sharif come on us.

Ya Muhawwil al-hawli wal-ahwal. hawwil halana ila ahsani halin. O Lord Who changes one state for another, may our state today be good. May You accept us to Your service O Lord. O our Lord! O our Lord! You are Subhan, You are Sultan. We are Your helpless servants. May You send us firm Sultans O Lord. Sultans are already all firm ones. Where there is no Sultan, people are animals there. Where there is Sultan, people have an honour & appreciation. We may say Bismillahi r-Rahmani r-Rahim. Ya Rabbi Ya Rabbi, may You send us Your holy servants who will save us from being servants to this dunya,from being animals to shaytan May You send us, show us Your majestic servants O Lord.

Ya Rabbi Tawba Ya Rabbi, Tawba Ya Rabbi. Tawba Astaghfirullah. We may say"Ashadu an la ilaha illa Allah wa ashadu anna Sayyidina Muhammadun Abduhu wa Rasuluhu (sas). "Faktubna Ma`a Ash-Shahidina" (3:53) May You write us from them O Lord. Al Fatiha. May it be mubarak.

Ok, O son. Ya Rabbi Shukur, Ya Rabbi Shukur, Ya Rabbi Shukur. Send Salams to all who ask. Ya Rabbi. La ilaha illa Allah, Sayyidina Muhammad Rasulullah (sas)..

## Das erforderliche Wissen

---

Mögen unser Tage gute Tage sein. As-Salamu Alaykum. Salamullahu Alaykum. Möge Allahs des Allmächtigen Salam, Frieden, auf die Nation des Geliebten herabkommen. Möge er auf uns herabkommen, mögen wir erfrischt werden. Möge unsere Himmat, unser Streben, reichlich sein. Möge dieser unser Tag gesegnet sein. As-Salamu Alaykum, Muslime. Salams für euch. Möge der Salam von Allah dem Allmächtigen, die Fürsprache des Propheten (saws) auf uns sein, auf uns allen. Möge der himmlische Blick unserer Umm Hiram Sultan auch auf uns sein. Und möge heute gut und gesegnet sein. Laßt uns sagen: Bismillahi r-Rahmani r-Rahim. Wir beginnen mit dem Bismillah, enden mit dem Bismillah. Wie schön! Der Mensch, Ashrafu l-Makhluq. Der am meisten geehrte unter den Geschöpfen ist der Mensch. Shukur, daß Er (swt), Der uns geschaffen hat, uns als Menschen erschuf. Es gibt so viele andere Arten von Geschöpfen.

Wir dürfen sagen: Bismillahi r-Rahmani r-Rahim. Was für ein schönes, was für ein süßes, was für ein geehrtes Wort ist das: Bismillahi r-Rahmani r-Rahim. Fähig zu sein, den heiligen Namen unseres Herrn, Der Rahman und Rahim ist, auszusprechen, was für eine große Ehre ist das. "Allahumma Qawwi Da'fana fi Ridak". O Herr, ich bin Dein schwacher Diener. Möge diese meine Schwäche auf Deinem Weg verschwinden. Wir finden Stärke und wissen, daß wir für Dich geschaffen worden sind. Das ist das Wissen, das 'Ilm, das die Menschen lernen müssen. Shukur Allah, daß Er (swt) uns unter Seiner Schöpfung zu den Geehrtesten machte. "Khalaqtu l-Khalqa li Ya`buduni." Ich erschuf diese Menschheit, damit sie Mich anbeten, damit sie Mich kennen. Ich bin ihr Herr. Insan, Ashrafu l-Makhluq. Der Geehrteste - es gibt alle Arten von

Geschöpfen, die Allah der Allmächtige geschaffen hat, aber der Mensch ist der Geehrteste. Der Mensch ist der Geehrteste unter allen Geschöpfen. Für all diese Ehre sollte der Mensch wenigstens sagen 'Shukur ya Rabbi, daß Du uns als Mensch geschaffen hast, daß Du uns geehrt hast und zu uns gesprochen hast.

Du hast uns Propheten gesandt und durch sie mit uns gesprochen. Du hast uns Bücher gesandt. Die Bücher geben uns Ehre. Alle Wirklichkeiten sind in den Büchern, die Du gesandt hast: die Bibel, die Torah, Zabur und der Heilige Quran, das geehrteste Buch. Der Quran kam. Der geehrteste Prophet (saws), den Allah geschaffen hat als den höchsten und ihn der Menschheit gesandt hat, ist unser Prophet, Hz Muhammad Mustafa (saws). Wie schön! Wie schön, was für ein Glück! "Fahal min Mudh'dhakkirin" (54:17). Allah der Allmächtige sagt im Heiligen Quran: 'Gibt es irgendjemanden, der denkt?' Ist es nicht so? "Fahal min Mudh'dhakkirin" Es heißt: Gibt es nicht einen, der tief denkt, nicht in oberflächlicher Weise? Leute, denkt tiefgehend! Es gibt die Nacht, und es gibt den Tag. Er (swt) läßt dich in der Nacht schlafen, und Er läßt dich am Tag aufstehen. Und Er (swt) sagt: 'Ich ordnete diese Erde für dich. Du kannst dort leben.' "Wa ma Khalaqtu l-Jinna wa l-'Insa illa li Ya`buduni" (51:56). Ich erschuf euch, Menschen und Djinn, Ich erschuf euch, damit ihr nur Mich anbetet. Ich erschuf euch für Meinen Dienst, für Meine Anbetung. Alles andere ist leer und vergebens. Möget ihr für Mich leben, euer Leben sei für Mich. Tut nichts für euch selbst. Arbeitet für Mich, damit Ich euch bezahlen kann. "Wa ma Khalaqtu l-Jinna wa l-Insa illa li Ya`buduni".

"Ma 'Uridu minhum min Rizqin wa ma 'Uridu 'an Yut`imuni" (51:57). Ich suche von euch keine Versorgung. Ich bin der Garant für euere Versorgung. Egal wieviel ihr arbeitet, die Arbeit, die ihr für euch selbst tut, hat kein Ergebnis. Manche Körner wachsen, aber sind leer. Sie wachsen hoch, aber es zeigt sich, daß sie innen leer sind. Das Leben und die Kraft, die Ich euch gab, wenn ihr sie für Mich lebt, kommt die Dienerschaft, die ihr pflanzt und ausführt, voll hervor. Ich gewähre euch ihren Lohn, ich gewähre ihn in der Dunya sowie in der Akhirah, Ich gebe euch auf ewig. Warum sagt ihr nicht: Bismillahi r-Rahmani r-Rahim? Laßt es bekannt werden: O unser Herr, wir leben für Dich, wir arbeiten für Dich. Wir leben, um Dich mit uns zufrieden zu machen. Wir stehen Dir zu Diensten, o Herr. "Ma 'Uridu minhum min Rizqin wa ma 'Uridu 'an

Yut`imuni" - Ich suche keine Versorgung von ihnen, noch bitte ich, daß sie Mich speisen. Ich bin es, der euch Essen und Trinken gibt. Ich lasse es von den Himmeln herabkommen. Er (swt) sagt: Von den Himmeln, Ich lasse es herunterkommen von Meinen Schätzen. Es kommt von den Himmeln. Wenn Allah der Allmächtige die Tore der Himmel schließt, was können die Menschen essen? Versucht mit euerer Technologie oder was immer -ologie! Nur zu, versucht es! Wenn Er oben verschließt, was kann euere Technologie tun? Wenn es nicht regnet, kann sie es nicht hervorbringen. Wenn es regnet, kann sie es nicht aufhalten. Welche Macht hast du, kleiner Mensch? Warum denkst du nicht darüber nach?

Wer nicht darüber nachdenkt... Wer denkt, ist der Mensch. Wer nicht denkt, ist Tier. Menschen ziehen es jetzt vor, Tiere zu sein. Laßt mich Spaß haben, mich vergnügen, wie ich will.. Der Wert und die Ehre des Menschen, der das beansprucht, ist wie Dreck, genau wie Tiere vorne fressen und von hinten fallen lassen. Die Handlungen dieser Menschen sind so: sie verwandelten sich in solche mit Tierattributen. Gerade so, wie das Tier seinen Dreck fallen läßt.. Es hat keine andere Sorge, essen und seinen Dreck fallen lassen. Und für den Menschen, zu essen und dann alles in ihm ins WC zu leeren, das ist keine Menschlichkeit. Zu essen und trinken und was du gegessen und getrunken hast, auszugießen ins WC, wenn das Menschlichkeit ist, gibt es keine Ehre darin. "Ma 'Uridu minhum min Rizqin" - Ich suche keine Versorgung von euch. Arbeitet für Mich. Ich bin euer Sultan. Ich bin euer Schöpfer. Ich bin Der, Der euch am Leben erhält. Ich bin Der, Der euere Seelen hinwegnimmt. Lebt für Mich. Hier, das ist das Gesetz des Lebens. Das ist das Resümee dessen, was die Propheten gesagt haben: Lebt für Mich. Ich bin der Garant für alles von euch. Ich lasse keine Schwierigkeiten oder Leiden für euch bestehen. Ich bin der Garant für alles von euch. Lebe für Mich, Mensch! Das ist in Türkisch und in Arabisch. Das ist in jeder Sprache. Es gibt so viele Religionen. Propheten kamen und sagten: Wir sind Propheten. Wir erklären vor euch Allahs Worte. Und endlich, im Heiligen Quran, erklärt Allah der Allmächtige: Ich erschuf euch für Meinen Dienst. Ihr sollt Mich anbeten. Ich will nichts anderes. Sie sagten zum Propheten Jesus (as), seine Jünger, die 12, die an ihn glaubten, sie sagten: 'Sende einen gedeckten Tisch von den Himmeln zu uns herab, und wir werden dir glauben, und unsere Herzen werden im Frieden sein.' Glaubt ihr noch nicht?' sagte der Prophet Jesus. 'Wir glauben, aber wir wollen es mit eigenen Augen sehen. Sende einen gedeckten Tisch von den Himmeln

herab.' Was kannst du tun? Der Prophet spricht gemäß ihres Fassungsvermögens. Er machte ein Dua und der Ma'ida, der gedeckte Tisch, kam herab. Ihr wartet auf einen Tisch, der von den Himmeln herabkommt und von dem ihr eßt - euere Dienerschaft ist damit nicht vollständig. Ihr sucht euere Versorgung auf der Erde. Ich gewähre euch euere Versorgung auf der Erde, erwartet nicht, daß sie von den Himmeln kommt. Ich sende Meine Gnade von den Himmeln auf euch herab, und ihr findet alles auf der Erde. Erbittet von Mir. Wartet nicht darauf, daß ein schon gedeckter Tisch zu euch kommt. Arbeitet, betet Mich an, und für euere Anbetung versorge Ich euch mit allem, was ihr braucht, ein komfortables, süßes Leben - "Hayatu Tayyibah". Ich bestimme ein sehr süßes Leben für euch, wo ihr keine Schwierigkeiten, kein Elend, kein Leid, keine Probleme haben werdet.

Aber ihr entfernt euch vom Weg, ihr verlaßt den Weg, den Ich euch zeige. Wenn ihr euch vom Weg entfernt, habt ihr unendliche Schwierigkeiten. Kein Arzt oder Richter kann ein Mittel für euch finden. Kommt zu Mir. Ich habe das Mittel für all euere Probleme: Es ist Meine Dienerschaft. Betet Mich an, seid Meine Diener. Was immer es ist, was ihr braucht, Ich werde euch damit versorgen. Die Menschen dieser Zeit haben diese Mentalität oder dieses Denken nicht, von dem wir sprechen. Ihr ganzes Bestreben ist, ihre animalischen Begierden zu befriedigen - Laßt uns trinken und essen. Wir wollen uns schick machen und ausgehen. Das sind die Tierattribute. Das Attribut des Menschen ist, Seinem Herrn zu gefallen. Wir wurden dafür geschaffen: Ihm zu gefallen und zu sehen, wie Allah der Allmächtige uns leben läßt.
O Herr, mögest Du uns vergeben. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Zu Ehren Deines Geliebten, o Herr, mögest Du uns von Deinen mächtigen Dienern senden, die uns diese Dinge lehren. Wir sind unwissend. Wir sind ohne Sultan zurückgeblieben. Sende uns einen Sultan, o Herr. Mögest Du uns Diener senden, die Du liebst, daß sie uns lehren und diese Wege zeigen, o Herr. Deshalb stand in alten Zeiten an den Türen der Leute geschrieben "Adab Ya Hu". Das ist der Adab. Menschen, die anders sind als das, haben keinen Adab. Und jemand ohne Adab hat keinen Wert. O Herr, mögest Du uns vergeben zu Ehren Deines Geliebten, o Herr. Wir können nichts tun. Ya Muhawwil al-Hawli wa l-Ahwal. O Allah Der die Menschen von einem Zustand zum anderen wandelt, mögest Du uns den besten Zustand gewähren. Laß uns das Gewand der Dienerschaft tragen. Laß uns das Gewand Deines geehrten

Dienstes tragen, o Herr. Laß uns nicht verhöhnt werden von Shaytan, laß uns nicht Shaytans Tier sein. Wir wollen von Allah dem Allmächtigen, weil Allah der Allmächtige es so will. Er (swt) sagt, 'Arbeite für Mich'. Die Menschen sind jetzt Tiere geworden. Sie sagen: 'Nein, wir sind Tiere für Shaytan. Wir kennen nichts anderes.' Okay, eßt einander. Kaut aufeinander. Euere Dunya wird ruiniert sein und euere Akhirah Qälerei. Aman ya Rabbi. Tawba ya Rabbi. Leute, die in den Kaffeehäusern sitzen, die Hunde in den Straßen Gassi führen bei Nacht. Denkt darüber nach, Wer euch erschaffen hat, und hütet euch. Wenn ihr auch heute hier in der Dunya seid, morgen seid ihr im Grab. Ihr werdet dann erfahren, was im Grab geschieht. Aman ya Rabbi. Tawba ya Rabbi.

Mögest Du uns vergeben, Allah. Mögest Du uns Reue gewähren, mögest Du uns in Deiner Dienerschaft annehmen, o Herr. Der ehrenwerteste Dienst ist Deine Dienerschaft. Du hast uns diese Ehre gewährt. Mögest Du uns mit Deiner Großzügigkeit annehmen ya Rabbi. Amin Amin, wa Salamun `ala l-Mursalin. Wa l-Hamdulillahi Rabbi l-Alamin. Wir sagten: Bismillahi r-Rahmani r-Rahim. Wenn ihr sagt: Bismillahi r-Rahmani r-Rahim, macht Allah der Allmächtige diesen Tag erfolgreich für euch. Er läßt euch nicht der Dunya hinterherlaufen. Er (swt) gewährt euch Versorgung für einen kleinen Dienst. Sonst macht Shaytan euch zu seinem Tier. Euer Tag sowie euere Nacht sind ruiniert. Euer Leben hat keinen Geschmack und nichts Gutes. O Allah, mögest Du uns vergeben, mögest Du uns Stärke gewähren, o Herr. Mögen Deine Löwen kommen und uns den Weg zeigen. Wir sind so zurückgelassen, o Herr. Du bist Subhan, Du bist Sultan, o unser Herr. Wir sind schwach geworden, ya Rabbi. Die Menschen ziehen es vor, Tiere von Shaytan zu sein, und weigern sich, Deine Diener zu sein. Was können wir tun? Die Welt ist so geworden. Sie sind die Tiere Shaytans geworden und kämpfen gegeneinander. Wenn sie Diener Allahs wären, würde ihr Leben das "Hayyatu Tayyiba" sein, das schöne, saubere Leben. Es würde ein geehrtes Leben sein. Tawba ya Rabbi, Tawba ya Rabbi. Tawba Astaghfirullah. Mögen sich die heutigen Türen des Khayr für uns öffnen. Möge die Barakah des Mawlidu sh-Sharif auf uns kommen. Ya Muhawwilu l-Hawli wa l-Ahwal. "Hawwil Halana ila Ahsani Halin." O Herr, Der einen Zustand in den anderen verwandelt. Möge unser Zustand heute gut sein. Mögest Du uns in Deinen Dienst aufnehmen. O unser Herr, o unser Herr! Du bist Subhan, Du bist Sultan. Wir sind Deine hilflosen Diener. Mögest Du uns feste Sultane senden, o Herr.

Sultane sind schon fest. Wo es keine Sultane gibt, dort sind die Menschen Tiere. Wo es einen Sultan gibt, haben die Menschen Ehre und Wertschätzung. Wir dürfen sagen: Bismillahi r-Rahmani r-Rahim. Ya Rabbi, ya Rabbi, mögest Du uns Deine heiligen Diener senden, die uns davor retten, Diener dieser Dunya und Tiere von Shaytan zu sein. Mögest Du uns Deine majestätischen Diener senden und zeigen. Ya Rabbi Tawba, ya Rabbi Tawba, ya Rabbi Tawba, Astaghfirullah. Wir dürfen sagen: Ash'hadu an la ilaha illa Allah wa ash'hadu anna Sayyidana Muhammadun Abduhu wa Rasuluhu (saws). "Faktubna ma`a sh-Shahidina" (3:53). Mögest Du uns als zu ihnen gehörig bestimmen. Al Fatiha. Möge es mubarak sein.

Lies für mich, o Mehmet. Salamun Qawlan min Rabbir-Rahim. Salamun Qawlan min Rabbir-Rahim. Ich gebe dir Erlaubnis. Lies es für wen du willst 7x. Mit der Erlaubnis Allahs kommt diesem das zu Gute, und er kommt auf den Weg der Dienerschaft. Sende Salams. Okay, Sohn. Ya Rabbi Shukur, ya Rabbi Shukur, ya Rabbi Shukur. Sendet Salams zu allen, die darum bitten Ya Rabbi. La ilaha illa Allah, Sayyiduna Muhammad Rasulullah (saws).

# The Rescue of the Oppressed

(Dt.: RettungDerUnterdrückten)

Allahu Akbar, Allahu Akbar, La Ilaha illa Allah! Wa Allahu Akbar Allahu Akbar Wa Lillahi Al Hamd. O people fear Allah (swt)! Otherwise you will have a punishment that is not possible to remove in this world or in the Hereafter. Thumma Al Salat wa Salam Alayhi, Ya Sayyidi Al Awwalin wa Al Akhirin, Ya Sayyidi Ya Rasulallah Shafaat Ya Rasulallah! We are saying Audhu Billah min al shaytan al rajim Bismillah Al Rahman Al Rahim. Every matter that does not begin with Bismillah it is never successful.

The order to the Prophet "Wa Dhakkir! Fa'inna Adh-Dhikra Tanfa`u Al-Mu'uminina"(51:55) O Muhammad (saws). "Wa Dhakkir! Wa Dhakkir!" (Remind, remind) Don't you understand O Egyptians & the rest of the Arabs? "And remind, for verily, the reminding profits the believers." (51:55) Al Hamdulillah we are believers. And every order that comes from the side of our Prophet (saws) we listen to it & obey. O Arabs! O believers! And who has authority on the nation.

Listen & take wisdom. If you take wisdom then pay attention & inform people. O Mufti of the Mosque of Al Az'har. The honourable Mufti Effendi (religious leader) Allah (swt) honoured him

to be the Mufti of Al Az'har Al Sharif, the Mufti of Egypt. And his fatwas/legal opinions, no doubt are ongoing & not rejected. I am a poor & weak servant, weak servant. Sometimes I am given inspirations that are necessary for the whole ummah & are necessary for the people with legal opinions, to give their legal opinion and to order the believers with their fatwa/legal opinion.

Subhana Allah Al 'Aliyi Al 'Azim. I received something or an inspiration in my heart. It is indicating a matter that in Islam has great importance. What is it? I am a weak servant, I do not know anything. But these inspirations sometimes.... This inspiration Subhana Allah! It has such an importance. "Frame", what does it mean? Frame... Like the title... meaning this, when I get an inspiration about an important matter, we say "Preface" or "Title" is better. Its title has a great importance. Maybe no one thought about it from the Muslim nations & the nations & the Muftis about this point. An inspiration came to me saying....Its title is "To rescue the oppressed." Rescue the oppressed.

I want to ask the people who give Islamic ruling is it obligatory, is it a sunnah or is it if we like, to rescue the oppressed? It is a matter that has a great importance especially in our times now. In our days now, we want to make use of it. The people who... The people who have power, the ones with authority, they must rescue the Muslims. It is a duty & an obligation. The ones who do not take this matter seriously they will fall in the hands of the oppressors. This is an important matter for the Muslim nation, especially the Arab nations. I am asking the head of the legal opinion, Mufti Effendi of Al Az'har Al Sharif. We should do as we like or is it an obligation on us to rescue the oppressed?

This is an important matter, we do not want anything else. We ask "are there oppressed people?" Yes! You cannot count how many they are. And they are asking for help. They say "where are our rights! Or where are our leaders, or where is Islam to save us from the hands of the oppressors?" Thousands of people, millions of people are screaming, shouting, calling "O our Lord is there someone who can save us from this hardship that we have fallen into in the hands of the oppressors? Rescue us! Save us!"

This is Haqq. Egyptians know this or they do not know? The Turks they do not know? The scholars of Sham they do not know? Ajam... Iraq they do not know? Hijaz/ Saudi Arabia they do not know? To rescue the oppressed, is an obligation or not? Or is it left to us to do as we like? Who has power to rescue the oppressed from the hands of the oppressors & does not, he is rejected in this world & will be thrown in hell in the Hereafter. This is the most important of matters that was inspired to me since 2 days, since Jumaa/Friday. To remind all the Muslim nations that have power that the Muslims in the Land of Sham are oppressed, they have nothing.

This means they do not have power to throw away the oppressors & are waiting for "who will rescue us!" "O who can save the desperate ones! O who can save the desperate ones! Rescue us!" They are calling like this.

Where are you O people of Egypt, people of Saudi Arabia, people of Iraq, the people of hypocracy, Libya & the rest of the Muslim countries? Where are you? And also Iran, why they are not looking at the slaughtering of the oppressed that are in the hand of the oppressors & they are not saving them? This is a very important matter! This attracts Divine anger on them. The wrath, a wrath from Heavens, shall come upon them. One day their situation will be like the oppressed in the land of Sham. This is a warning to all Muslim nations to answer, to rescue the oppressed in the land of Sham. This is a very important matter. Maybe it never came to anyone's mind but this is an order, it is an order of Shariat, an order of the Prophet(sas), a Heavenly inspiration to "rescue the oppressed". It is an obligation on us.

If it possible to save them and we do not rescue them, then comes on us a punishment from Heavens in this world or in the Hereafter. This is an important matter. This Jumaa may be the last Jumaa for the blessed month, the glorified Shaban. After the night of Bara'at it was inspired to my heart, & since two days, to remind the Muslim world, the Kings and the leaders and all the Muslims, to rescue the oppressed from the hands of the oppressor. Where are you! Where are you? You are busy with "I want to be president, no I want you want to be president." Is this it? This is a Heavenly order from Allah (swt)? Or is it to rescue the oppressed?

This is a very clear Shariat ruling to rescue the oppressed from the hand of the oppressors. To

rescue the oppressed seeking help. They are asking help: "Who can save us from the hands of the oppressors. Allah's (swt) curse is on them - Those who are oppressing & those who have power and authority & are just watching and are not paying attention to us, and they are leaving us in the hands of the worst of unbelievers. They are saying this & that. They are against Islam anyway. Meaning that all the powerful nations, they are non Muslims. And they are happy since the Muslim people are fighting & killing each other. And they (powerful nations) want to erase from existence the Muslim Religion. No way! It is impossible, it is impossible. Even if 70 powerful nations it is impossible for them to defeat Islam. Allah (swt) is the Victorious over all! Allah (swt) is with us! O Muslims! O scholars! O fatwa people! O leaders! O kings where are you? Today you are in the world. Tomorrow you'll be under the ground in your graves and Allah (swt) will ask you "why you did not use your power against the unbelievers who were, oppressing My believing servants?"

Is this enough for you Egyptians, people of Fatwa in Egypt, in Turkey? In Turkey the Turks say "I don't know Arabic." Who knows Arabic, Saudi Arabia, and they are silent. Iraq and they are silent. Baghdad also they are silent. Also Jordan is silent. The Jordanian Kings have the authority for the Islamic Khilafa. We must support Sultan Abdullah against all the unbelievers and support him till the order of Allah (swt) reaches him with absolute victory over disbelief forever. Then only Islam remains, the religion of Islam, the Religion of Haqq, up to Judgement Day.

O Muslims, O scholars! This is a reminder for you. I am not reading this, but it is inspired to my heart. This last Jumaa, it came very, very strong and who does not pay attention to this, will come on them a punishment that they may not reach the end of Ramadan. This is "And remind, for verily, the reminding profits the believers."(51:55). This is a warning to the ummat in general, to the Turks, Iran, Iraq, the Arab Kings, the Saudi people, Sudan, all of them are responsible. They are carrying a great responsibility. So, Allah's order to His Beloved is "Remind, O My... O My beloved Muhammad (saws), Stand up and warn! Stand up and warn! Stand up and warn! Warn and don't fear.

Allah's Prophet (saws) came not holding a sword. And today, the name of Islam is in the lives of 3 millions of people who say La Ilaha Illa Allah Muhammad Rasullah (saws). Where is India?

Where are Russian Muslims? Where are Afghani Muslims, Iranian Muslims? India, China, in East and West. What are they doing? What are they thinking? All of them just think "I want to be president." "No, you be president." The punishment is coming on you in a few days. O you, the ones who carry the responsibility of the Ummat even the least responsibility, you will be punished by Allah's (swt) permission, the Lord of Heavens.

Allahu Akbar! Allah's (swt) orders prevail. Allah is the Conqueror! Whoever is with Allah, will conquer. Otherwise coming upon you, what is harder than what came upon Sham! He will burn you with all types of weapons! Nuclear! Atomic. So take your caution, you are warned. O responsible ones, O Kings, and leaders, the ones who are carrying the responsibility for the nations, the responsibility of Islam, the Religion of Islam, you have to support the Khalifa, the station of Khilafa from the descendants of the Prophet (saws). He is existing, and waiting your support to teach those tyrants a lesson immediately! Long live King Abdullah. He is supported from Heavens and awaiting the support of the people of Islam in the east and west.

Go O Sultan to Sham! It is open for you. You are the Sultan for Sham don't fear. Only fear Allah (swt) and no one else! Al Hamdulillah, I have informed. Whoever understands good for them! And whomever doesn't understand, all the types of punishment will come upon them! You will regret and no regrets will benefit you at the last moment!

O our Lord save us & support us with Sahib Al Zaman. Support Sahib Al Zaman. Our Khalifa is Sultan Abdullah, from the descendants of the Prophet (saws). O my Lord, support him! Support him with the support of Heavens so that he can get revenge on all disbelievers. Don't fear, even if you are 5 people only, you are the prevailing ones! O Muslims, O good Muslims, Astaghfirullah.

O my Lord, I have declared! I have declared. O my Master Rasulullah, I have declared. We are asking Your forgiveness Tawba Ya Rabbi, Tawba Astaghfirullah. Don't play games with Islam. O non Muslims, don't play. Don't think that Islam is on falsehood! No! Hasha! Coming after it a great and serious power, not from earth, no, but from Heavens! You will regret and be erased from the face of the earth as a group.

Allah, Allah, Allah.. Judgement Day won't come before two great groups fight. A great war will

be between them. They claim the same thing. This is a Hadith about Armagedon, and the opening of Constantinople In 6 months, and in the 7th, the Anti-Christ will come. The Sahib az-Zaman will erase the Anti-Christ and those with him. Tawba Ya Rabbi, Tawba Astaghfirullah. Tawba Ya Rabb. A weak servant Ya Rabbi, strengthen our weakness with Your content O our Lord. O people of Egypt, leave arguing amongst yourselves. You say "this one wants to be president" We don't want this.

We want to save those calling for help! O saviour of the helpless save us! O saviour of the helpless, save us O our Lord! Save us our Lord! If You don't save us, Who will save us our Lord! If You don't save us, who will save us. We don't have any saviour But You, O our Lord!

Fatiha.

Tawba Ya Rabbi. Assalamu Alaykum.

Think O believers, O our presidents, or else! Death is close to you! Allah Allahu Akbar. We repent and return to You our Lord.

Fatiha.

My Arabic is very little but, you O scholars understand what I mean. Give Bay'at to the Khalifa and walk behind him. You will prevail over all the world from East to West! Because Allah (swt) is with you! Allah (swt) is with us. Subhanahu Wa Ta'ala, Ya Rabbi.
Fatiha. Thank you....

## Respect All Human Beings for Who Created Them

(Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.
Salli `ala Sultan al-Anbiya. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. (Mawlana Shaykh sits.)

Dastoor yaa RijaalAllah, madad. As-salaamu `alaykum! As-salaamu `alayna wa `ala 'l-muslimeen wa 'l-mu'mineen wa `ala Sayyidi 'l-Awwaleen wa'l-Akhireen. We are saying dastoor, yaa RijaalAllah, wa minka yaa Saahibu 'l-Imdaad!

As-salaamu `alaykum yaa haadiroon, those who are attending, who are the Children of Adam, in the east and west, in the north and south. `Ismaa wa asiya (?), holy order from the Seal of Prophets (s), most beloved, most glorified, most honored, Sayyidi 'l-Awwaleen wa 'l-Akhireen, Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) wa sahaabatihi ajma`een.

O People! It is a humble meeting and we have been ordered to be here. Who is keeping Allah's responsibility, He is ordering. Their order is not by writing or by phoning, but it is from their holy stations which is reaching and making a line to anyone's heart. It is a grant from Allah Almighty. He may say, "This one, quickly, that one is prepared to take and to give, to receive and then to grant." Therefore, everyone from Mankind is under holy khitaab, addressing; more than addressing, they are under holy power that is reaching from heavens to our world. And that power may reach to anyone, and he may speak.

We must believe, that is most important thing! And we are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. If you are asking protection from Shaytan you must say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Then if anyone forgets to say, Bismillahi 'r-Rahmaani 'r-Raheem, that means he forgot our Lord, the Lord of Creation, then finished! It may be such a balloon, but if a needle pokes it, poof! Anyone who forgets Who created him, her, or it, finished! "It" means nature; their level is under the level of Mankind. All Mankind is mumayyaz, a distinguished existence in Creation. Mankind is the exception of all creatures, accepted and honored.

The Lord of Heavens is saying, (Mawlana Shaykh stands.) Bismillahi'r-Rahmaani'r-Raheem, wa laqad karamna Bani Adam. "We have honored human beings." (al-Isra, 17:70) (Mawlana Shaykh sits.). That is a holy verse that Allah Almighty is sending through His prophets, but the most powerful addressing or inspiration are coming to the Seal of Prophets (s), yes, Shaykh Adnan Effendi. All prophets were knowing that Allah Almighty accepted and honored the Children of Adam. That is just mentioned through every revelation coming from heavens to prophets, just reaching to Sayyidina Adam (a), and coming to Sayyidina Nuh (a) and to Sayyidina Ibrahim (a), peace be upon them, and to Sayyidina Yaqub (a) and the twelve tribes. One of them belongs to prophets only, and the second one belongs to Sayyidina Isma`il (a). All prophets, from the Old Testament to the New Testament, are knowing the honor of Mankind. But absolute power about Mankind and their positions is only granted to the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

I am ashamed on behalf of all Mankind and their learned people, `ulamas of Ahlu'l-Sunnah wa'l-Jama`ah. Also I am ashamed on behalf of those who are saying, "We are Shi`a `ulamas." I am ashamed on behalf of Shi`a and other sects in the Islamic world. And then I am ashamed on behalf of Christians, and I am ashamed also on behalf of Jewish people from their `ulamas, and I am ashamed for those who are saying,

"We are Salafi `ulamas." For what? Because up to today, I am not hearing from anyone of those people who are claiming they are `ulamas, learned people, muftis, or doctors, or pope and cardinals, and also from rabbis. Why are they not saying this holy verse which mentioned in the Old Testament and New Testament? Also, that is showing the highest honor granted to all creatures in Creation, only for Mankind. Why are they not saying? Why?

I am just nothing; I am on the lowest level. I was trying to learn something from someone who was from those people that Allah Almighty ordered to be with them:

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuha'l-ladheena amanu kunu ma’a s-saadiqeen, O believers, fear Allah and be with the trustworthy people (in word and deed). (9:119)

And 40 years I was with him to learn, and in 40 years he was giving to me 7000 associations! Every association was also about Mankind and the honors of Mankind. And in the whole Holy Qur'an, that verse is showing and pointing also to the honor of Mankind! Asta`eedhu billah:

•••••••• •••••••••• ••••• ••••• •••••••••••••••• ••• •••••••• ••••••••••••

wa laqad karamna Bani Adam, We have honored human beings. (al-Isra, 17:70)

For forty years I was hearing that point from him, and he tried to do that. He was such a planter, planting in my heart the honor and their levels through all of Creation.

The Lord of Heavens is saying, but people are not taking any care about themselves because they are not guided by true ones! Those who are claiming they are guiders are not understanding from where they must begin. If you are not knowing about yourself, about your value, you are not taking any care for yourself and for others also. Everyone in the Divinely Presence is respectable and honored! Don't look at the appearance of Man, no!

•• •••• ••••• •••••• •• •••• ••• ••••• ••• ••• ••••••• •••• •••• ••• •••••• •••• •••••••. ••••

Inna Allaha laa yandhuru ila suwarikum, wa laa ila ajsaamikum wa laakin yanzhuru ila quloobikum wa ila a`malikum, Allah gives no concern to your appearances nor your bodies, but He only looks to what is in your heart and to your actions.

Hadith nabawi shareef, that Allah Almighty is not looking at your appearance or what you are dressing, no! But Allah Almighty is looking at your hearts. Where is it? With which thing your heart is occupied?

O `ulamas from Ahlu ’s-Sunnah, Shi'a and other sects and Salafi `ulamas and then Christians, and before Christianity, Judaism. Are you knowing what Sayyidina Musa (a) said about the honor of Mankind? Open the Old Testament and say to me. Allah Almighty is never creating anything without giving a description of them. And He created Man and sent for them His holy books. For what? To teach people about their identities, their personalities. Say, chief rabbi! Where is that verse? O Christians, say. Chief rabbi and His Holiness, the Pope, say what is written in the New Testament about Man and their honor?

And Ahlu’l-Sunnah wa’l-Jama`ah and Ahl Shi`a `ulama. Ahl Shi`a `ulama if they are knowing the value of one Man, they would not curse Sayyidina Abu Bakr (q), Sayyidina `Umar (r) or Sayyidina `Uthman (r). You must say something through your heart or:

••••• •••••• ••••••• •••••••••

inna batsha rabbika la-shadeed, Truly strong is the Grip (and Power) of thy Lord. (85:12)

Keep your tongue from the Seal of Prophets (s) companions (r)! Keep your tongue or a time may come now to be cut down! Making Islam for swearing at Sahaaba (r), that is not in Islam! Look at what is written about all Mankind in the Holy Qur'an! If you are reciting Holy Qur'an, Shi`a `ulama, Christian `ulama, Salaf us-Saalih `ulama, `ulama Bani Israel, say the value of human beings! I am the weakest one but I can make this world shake! Therefore, we must learn about ourselves; don't look at what we are dressing, don't look at your color, don't look at your outer appearance, no!

Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah. May Allah (swt) forgive us. Therefore, I am asking, O our Lord, forgive me and forgive all of us. People think that I am swearing at them, no. Essence is something and our actions are something else. Essence is under heavenly protection. Don't touch the essence, don't touch it. But some are speaking and not looking at the essence of Mankind, and mixing goodness with badness. We have a real being that Allah Almighty granted us and He ordered people, "You must give your respect to each other, you must give honor to everyone," because their essence is so sacred. Keep yourself and try to learn this! When you are learning this, then peace is coming. If you are not knowing this, you are killing

each other and no peace will be on this world!

May Allah (swt) forgive me and forgive you.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

O People! All of us must try to learn and to know what they are making me to speak to you about. It is such an ocean which is never ending, from the beginning of this dunya up to the end. But we must try to reach it for that is an ocean! Therefore, don't think that what I am saying here is something. Look for you and for your brothers and sisters in Islam. Keep their honor and values, and that makes the Creator happy with you, and happy with us, yes. But to whom am I swearing? I am swearing to Shaytan and those who are running after Shaytan!

May Allah (swt) grant us from His Heavenly Presence a sultan of Islam! The Islamic world is now in chaos; no one is knowing its limits and no one is knowing its deepness. And they are trying to bring a solution for the Muslim world, which is impossible because they are on the wrong way! Allah Almighty orders one sultan to be in the Islamic world, who should be obeyed and requires baya`, initiation to him. (then there will be) no Palestinians, no Iraqian, no Iranian, no Turkish one, no Saudi, no Masri, no Libyi, no Jazaiya, no Yemeni, no Afghani, no Pakistani, everywhere, and middle continent of Asia, Uzbekistan, no. One sultan! Until they are coming, that is a heavenly order.

I am saying to all `ulamas, that is true or not? Holy Qur'an is saying that if two come and quarrel to be the sultan, take away one and keep one. Now they are bringing democracy and countless parties. From where? How are they understanding the Holy Qur'an? Therefore, until they have learned, a whip on them and they will be going down, never going to stand up one of them! Astaghfirullah.

Fatihah.

## RESPECT THE WORD OF The LORD!

The top point of dirtiness and disobedience on earth is being reached. No respect for the Holy Commands of Allah Almighty is left. No-one, neither of the Muslim world nor the non-Muslim world is taking care. Yes, even the Muslim world say officially that they are servants of Allah, but they never keep the respect for the orders of Allah Almighty. They are doing such bad things and at the same time they think they are doing so good things. We are asking for cleanliness throughout this Holy Month. May Allah make us clean. If we ask for it, He may give it to us. If our hearts are not clean, our work will also not be clean. All our work is the fruit of our intentions. If our intentions grow within a clean heart, they will be good. The fruit will be good works and good deeds. If our hearts are dirty our intentions will be dirty and the fruit of it will be dirty works, bad works.

This is our best month of the year. Allah Almighty is giving mankind a last chance. Believers in particular should take care to clean themselves and to ask for forgiveness and Divine Support. We may be a handful of people and we do not have armies or navies or fleets or airforces or rockets or missiles. We don't have anything but prayers to praise the Lord Almighty Allah.

So many prophets, may peace be upon them, came to their people and mostly their people did not want to accept what they were saying, except for a handful of people. Allah Almighty always supported those handful

of people. We must be with good people. We must try to clean our intentions then the Heavenly Support will reach to us and it will take away the dirtiness from the whole world.

Don't be like dry trees. Spring is coming now. It means life will come back to the trees, if they haven't dried. Dry trees cannot get anything. We are now in a Holy Season. Let it affect your hearts. Whoever does not feel it, must cry because they will be like dry wood which will be cut and put into the fire to burn. If you do not feel anything in this Holy Month something will come to cut you, to finish you.

May Allah give us good feelings so that we may smell the Divine Will which is raining from heavens and going around the whole world. Whoever will say, 'La illaha illala, Muhammadun Rasul Allah' or, 'La illaha illala, Musa Rasul Allah' or, 'La illaha illala Isa Rasul Allah' or, 'La illaha illala Ibrahim Rasul Allah' will be protected here and in the hereafter.

Don't be fanatics, try to be servants. Don't be rough, that would be from your egos. Put your egos down and the Word of the Lord up. That is important. If you can do that, then you will find yourself amongst the first class of believers and you will be accepted and beloved by the Lord of Heavens Almighty Allah. As long as you are not putting the word of the Lord up you are not a servant and you are not giving full respect to the Lord. How can you be respectful to the Lord without putting His Word up? How can you pretend to be respectful when you are putting His Word down?

It is a training in the Holy Month to ask Allah Almighty, 'Please let me be able to keep your word up within myself, always!' May Allah forgive us and give us health physically and spiritually.

## The Responsibilities of the Poles (Aqtaab) and Unexpected Events in Space

Fatihah.
Dastoor yaa rijaalAllah, madad.
(Mawlana stands.) La ilaaha illa-Llah, la ilaaha illa Llah, la ilaaha illa-Llah la ilaha illa-Llah. Subhaanahu wa ta`ala, yaa Rabbana salli was sallam Sayyidi ‘l-awwaleen wa ‘l-akhireen, Sayyidina Muhammad (s)
O our Lord, our Creator! You are granting us such an honor, no one knows its real value. It is a rare honor that we have been granted, laka 'l-hamd yaa Rabbana yaa Rabbi ‘l `aalameen, yaa Rabbana, yaa Rabbi ‘l-`aalameen. (Mawlana sits.)

We are sending through our Grandshaykh (q), who is responsible for every happening among Mankind in this world. There is another one who is responsible for the world of animals, another one looking after every plant that is growing on Earth, another one responsible for oceans, another one responsible for rain and snow and everything happening in the skies closer to our planet. There is another one who is responsible for making the planet on its real direction, as it has been ordered to reach to that point. There are servants who are looking after all beings and happenings on this planet through every creature: animal world, plant world, rain and snow. Yes, all of them are appointed through the heavenly assembly, only their position is different. They are commanding not just one planet, but for our level, many planets are going to be their responsibility.

That is the beginning for our holy meeting.

O People, as-salaamu `alaykum. O listeners, try to be a listener for our level, what is it that is going to happen, what has just happened. Knowledge gives you honor, and when it is getting wider, your understanding going to be on such a way, not stopping.

As-salaamu `alaykum, all Mankind! If you are listening, just gaining, if you are not listening, losing. But we have been sent here for reaching more and more enlightened positions of what is happening and also what is going to happen on and around this planet. People are thinking as it shows from far away, that our planet is like a football. They are looking and seeing nothing, as their simple looking is showing them this planet only as a planet, yes. But they are not knowing which things are surrounding it and how this huge planet is being controlled. The control of this planet is so sensitive, so fine.

Countless authorities around this planet are responsible for controlling this. Therefore, its moving is never going in a wrong way or coming out, just under the direction and control of special beings who are directing it. Those looking after it must be from Mankind, or from jinns under the control of Mankind, the protectors of this planet. And above that are angels who have a high responsibility for this planet; and having their directions are therefore, never losing anyone and know about their actions or missions. People are looking and thinking about a globe running on its orbit. Yes, it is going around in an orbit and at the same time moving around the sun, which is responsible for every planet running around its orbit, and each one is having a different speed, some of them running slowly, some of them with much more speed, and some running most speedily.

It is a system that people are only looking at and seeing but not thinking about. Countless, countless positions for this, we are saying “solar system” and it is not yet clear what in solar system is from other moving globes. They are knowing seven or nine planets orbit around the sun, because the sun is sultan, and sultan can’t be only for seven or eight or nine globes, no. But with our physical ability, it is impossible to see, to look at those ones. And there is so (great) darkness on the orbit of the sun; dark darkness. Only what is granted to people to know is seven or nine planets. Others, are running also with solar system, that no one is knowing the real measure of the solar system, from where it is beginning or up to where it is reaching. That muharrik (moving) no one knows how many orbits are running around the sun, but our looking power can’t reach. Only those

people whom they have been granted an authority from heavenly ones have granted such an authority for looking.

Therefore, people now looking and they are saying seven or eight or nine (planets). That is the last limit of their understanding, yet they are looking, looking, looking. We are looking and seeing according to our physical being. The authority is reaching to that one, but beyond that, the sun is sultan. The sultan can't only be for seven stars, no. Running under every star or planet are countless planets, globes and global systems but we can't carry this if it is going to be open, •••••••• ••••••• •••••• - fa-buhitalladhee kafr (Thereupon he who was bent on denying the truth remained dumbfounded, 2:258) astonishing. They are making us to say such a things, to make Man's understanding wider. For what? For the coming days when such unexpected events are going to appear and be seen through space. And the solar system is going to be only as a spot and going down also, becoming smaller, smaller, smaller and then finishing and entering into Power Oceans, going there as a raindrop and when reaching the oceans, disappearing, finishing. And for everything there is a beginning and ending, and every creation shows people `adhaamatu 'l-Khaaliq, the greatness of the Creator.

O People, we are wasting our grant on heavenly levels, a grant from their Lord for understanding. Don't think that understanding is going to stop, no! Always getting more and more and more because the Lord of Heavens is enlightening His friends, His awliya, to know, to taste, to be happy, to be thankful, to be in pleasure and to be in endless lights from the Divine Presence. Therefore, Allah Almighty is raising His awliyaa that they may look and see, as much as the Lord of Heavens makes them to know, to hear, to see, and to understand.

O Salafi `ulama, what do you say now? As much as the Lord of Heavens is giving His elected and selected servants, His chosen ones. You are saying that you are `ulama, but I am saying something on this point to you and it is so well known, but no one is opening any page on this point in order to teach people. Sayyidina `Umar, Allah's praisings on him, was on the minbar addressing people for khutbatu 'l-jumu`ah. This is a famous happening. Do you know it? Yes, you know it. Why are you not remarking on such a special being, one who has been granted a special honor in Islam, Sayyidina `Umar? He was addressing the taabi`i 't-Taabi`een and suddenly, his out-looking (appearance) just changed and the Sahaaba were surprised that it was not the same `Umar they were looking at, but he had just been changed and dressed by some heavenly appearance, heavenly lights. They were looking to see what was happening and in the khutbah he was

shouting, saying, Yaa Saariya ‘t-al-jabal! “O Saariya! Take care behind the mountain!” SubhaanAllah, like a person looking with a huge telescope, but it wasn’t a telescope, he was just seeing Saariyah (commander of the Muslim army) and saying, Saariya ‘t-al-jabal, Saariya ‘t-al-jabal, Saariya ‘t-al-jabal.

What does it prove was happening? I am asking Salafi `ulama, because they are saying, “Our level is above all `ulama.” I am asking, is this information not true? (What means khabar, ‘news’? I am not an Arab like you...) “Saariyah, if you are in distance, take your care behind mountain!" That one was seeing Sayyidina `Umar’s warning. What is important is, is this something that never happened? It happened in front of hundreds of Sahaaba (r)!!!

This proves everyone may reach to that point, to Lord of Creation; on Earth they may see heavens! Don’t say can’t be! We are saying through the Holy Qur’an as shaahid, witness, as they have such a power for looking so far away through distances, we have such an ability to hear from heavens, to look and to listen also!! That is lawh al-bushra. Sayyidina `Umar was on the first level of awliyaa and the power of the awliyaa coming after them is not on the same level that the Sahaaba (r) were granted. How did they reach it? They were taking it from the center of power (Mawlana stands), from Sayyidina Muhammad (s).

O People! Try to learn and through your short life try to reach something that will be forever for you! You are wasting your life doing that which will never giving you anything, it will finish. Asking for everything you are reaching in dunya, “Where is it? We wasted our whole life to reach that!? Where is it?” And the angels will answer back, “Look in the WC (bathroom) and you shall find it there.” And those who are working for heavens, Allah Almighty will grant them such an honor you can’t imagine it!

Therefore, I am shouting and they are making me to shout. I know nothing, but I am coming to say, “O People, don’t waste your lives over such activities through dunya, the result you will find through WC.” I am only a muhazzir, one who is warning. May Allah forgive us.

O People! Think on it. Don’t kill each other; that is not your honor, to kill. The Lord of Heavens (swt) says, “Don’t kill, but make people to live.”

O our Lord! Send us such a high-quality one to teach us, to show us realities, real positions about ourselves, that make us to reach Your heavenly grant. O People, say, astaghfirullah, astaghfirullah, astaghfirullah,

astaghfirullah, Yaa Rabbee! O our Lord, forgive us, forgive us, forgive us, forgive us!

(Mawlana Shaykh sings.)
A`oodhu billahi min ash-Shaytani ‘r-rajeem.
Bismillahi ‘r-Rahmani ‘r-Raheem.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

## Wake Up to the Responsibility of Your Divine Servanthood!

(Mawlana Shaykh stands) laa ilaaha illa-Llah,, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammadur Rasoolullah `alayhi salaatullah, `alayhi salaamullah, wa `ala saairi 'l-anbiyaa wa 'l-mursaleen, wa aalin kulli ajma`een, wa `anni 't-tabi'eena lahum, wa salaamu `alaykum yaa `ibaadAllahi 's-saaliheen. (Mawlana Shaykh sits)

Dastoor. Thumma as-salaamu `alayk yaa Saahib az-Zamaan, thumma as-salaamu `alayk yaa Qutb al-Zamaan, thumma as-salaamu `alayk yaa Qutb al-Mutassarrif, thumma as-salaamu `alaykum yaa as-haab al-nawbah min ahli 's-samawaati wa 'l-araadeen. Allahumma rawid `abdik fee ridaak. yaa Rabbee.

The holy command of The Lord of Heavens is, “Leave Shaytan and come to Me!” And we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. That means we are leaving Shaytan and saying, "O our Lord! Keep Shaytan away." And we are saying (Mawlana Shaykh stands), Bismillahi 'r-Rahmaani 'r-Raheem, Bismillahi 'r-Rahmaani 'r-Raheem, Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh sits).

O our Attenders! Welcome to you! If you are attending you are gaining, and if you are not attending you are losing. Whoever wants to reach heavenly treasures, come and ask! If you are not interested in heavenly treasures, it may be that you are going to die and become fertilizer. Not just one, but there must be billions

who must hear, must listen, and must obey! If you are saying you are servants, then you must hear the heavenly news, and you must listen and try to take a share from that heavenly address. Come and obey! We must obey and we must try to be obedient servants. You can't find any better honor for yourself than to be an obedient servant. When the Lord of Heavens is happy with you, He is dressing that honored dressing upon you. Expensive dresses are for dunya people, whose aim is only dunya. When you pass away they take these dresses, put a white cloth and say, "Enough, more than enough!"

O our Attenders! Are you understanding? If you are not understanding, something from heavenly warnings may reach you. You may wake up with pains in your stomach, your head, in your lower or upper sides, if you are not understanding. They are coming to you, and you wake up and shout, "Where are the tablets to stop this pain?" Useless! If there is no order from heavenly ones to give you a benefit, then even if you are taking a handful of tablets it is impossible to stop that pain!

O People! Use your minds. They are not making me to sit here to make a theater (performance) for you, no! We are sitting here for understanding, and to follow what we are understanding. So many times they are making such a weak servant to wake you up. Wake up!

O Salafi `ulamas! You are giving yourselves a special title that is not true. You must try to wake people up; that is your mission, nothing else! This is a holy order from the Lord of Heavens, "O My prophets! Make My servants wake up. Give them such advice that they will wake up before pains come to them, waking them!" There are two kinds of waking up. One kind of waking up is for your heavenly servanthood and the second kind of waking up comes to people when they are waking up with heavy pains, with such bad conditions for themselves or their families, their children, and they are not going to taste any good taste. When they are sleeping, they are awakened, as some reason is giving trouble to you.

O People, try to wake up for your servanthood; nothing is more important, without exception! If you do what is obligatory for you, then you may put your head down to sleep, and the angels will say, "Sleep well." Angels are waiting for you, keeping Shaytan away from touching you. They say, "Sleep happily, sleep with enjoyment, sleep with pleasure." Up to the time of heavenly service, to midnight and after it, leaving you to sleep so smoothly, as small babies are sleeping, but only if you hear and obey!

O Salafi `ulamas! Teach people how they must sleep. They answer, "We are `ulamas, so important! We do

not occupy ourselves with how Mankind sleeps!" How? (Mawlana Shaykh stands) The Seal of Prophets (s) said, Ad-deenu naseeha, "Religion is advice." (Mawlana Shaykh sits) Naseeha, advice, is for the benefit of Mankind. O Salafi `ulamas! You must say how they should sleep: silently, happily, and in satisfaction? Why are you not saying? "No, we are saying ahadeeth ash-shareefah, so many of them coming from books, one after the other. But we are not doing this everyday." No! Wa dhakkir, and remind them! This means you must at every moment try to wake servants up, to keep them from falling into wells of troubles.

O People! As-salaamu 'alaykum. Don't be angry; what is being said is first for me and then for you! Say, Salafi `ulamas, how was the life of the Seal of Prophets (s) and what is Allah Almighty saying? (Mawlana Shaykh stands)

•••••• ••••• •••••• ••• ••••••• ••••••• •••••••• ••••••• • •••••• ••••• ••••••• ••••••• •••••••••••• ••••••• •••••••• ••••••• ••••••• •

laqad kaana lakum fee rasoolullahi uswatun hasanatun liman kaana yarjoo allaha wa 'l-yawma 'l-'akhira wa dhakara allaha katheera. Indeed in the Messenger of Allah you have an excellent example, for who hopes in (the Meeting with) Allah and the Last Day, and remembers Allah often. (al-Ahzab, 33:21)

(Mawlana Shaykh sits) Is that an ayatu 'l-kareemah, a holy verse or not? Why aren't you calling people to follow Rasoolullah (s), making him a best symbol for the life of people? Why was Allah Almighty saying this, wa lakum fee rasoolullahi uswatun hasanat? Who are those for whom the Lord of Heavens was saying, lakum, “for you”? O People, "for you!" As long as Mankind is living on this planet, they should be addressed through that holy verse, as that gives a model for all Mankind. Don't say, "We are high life people who follow western models and 21st century fashions for everything." Leave that and follow this!

O Salafi `ulamas! Why are you not saying to your mulook, who are giving money to you? Why are you not waking them up? Where was the Seal of Prophets (s) living? What was he sleeping on? He was sleeping on a hasir, straw mat, taking such a peaceful, enjoyful sleep. You are sleeping on first-class fashion beds with beautiful ladies, but you can't reach what the Seal of Prophets (s) reached. Why is Allah Almighty saying, wa lakum fee rasoolullahi uswatun hasanat? To what does this apply? Say, for everything! You must follow him, you must use him as the model for your lives! When you say, "The life of the Seal of Prophets (s) is the model and we are following him," then you may reach satisfaction; nothing will touch you or give you trouble! Then

we may sleep with full pleasement, in peace. Angels will say to you, "As-salaamu `alaykum, O followers of the Seal of Prophets (s)! Peace be upon you and sleep well, and wake up with full satisfaction and full pleasure." Your physical body will take its rights and become so happy, and will make sajdah for Allah Almighty and say, "Allahu Akbar!"

That is Allah's grant to us. Why are you not following? Ad-deenu naseeha, religion is good advice! Why are you not giving that advice to Muslims? This holy verse is enough for you to be in pleasure for your entire life, in honor and peace! Why are you not teaching this to people? Allah Almighty is going to ask `ulamas, Hal balaghat, "Did you convey the message?" The Lord of Heavens will ask of anbiyaa, prophets. Allah Almighty will say to Sayyidina 'Isa (a), (Mawlana Shaykh stands)

•••••• ••••• ••••••• ••• •••••• ••••• •••••••• ••••••• •••••• ••••••••• •••••••••••• ••••••••• ••••••••• •••• ••••• ••••••• ••••• •••••••••••• ••• ••••••• ••• •••• ••••••• ••• •••••• ••• •••••• • •••• ••••• ••••••• •• •••••• ••••••••• •• •••••••• ••• ••• ••••••• ••••• •••••••• ••• ••• •••••••• ••••••• •••••• •••••••• •••••••••••

wa 'idh qaala allaahu yaa `eesá 'bna maryama a'anta qulta li '-naasi attakhidhoonee wa ummiya ilahayni min doonillahi qaala sub•aanaka maa yakoonu lee an aqoola maa laysa lee bi•aqqin in kuntu qultuhu faqad `alimtahu ta`lamu maa fee nafsee wa laa a`lamu maa fee nafsika innaka anta `allaamu al-ghuyoob. And (remember) when Allah will say (on the Day of Resurrection), "O 'Isa, son of Maryam! Did you say to men, 'Worship me and my mother as two gods besides Allah?'" He will say,"Glory be to You! It was not for me to say what I had no right. Had I said such a thing, You would surely have known it. You know what is in my inner -self, though I do not know what is in Yours! Truly only You are the Knower of all that is Hidden and Unseen. (Al-Ma'idah 5:116)

A'anta qulta li 'n-naasi attakhidhoonee wa ummiya ilahayni min doonillah, "Did you say to people to take yourself and your mother as gods other than Allah?" (Mawlana Shaykh sits) 'a'anta qulta, from the weight of `azhamat, the glory of this address, Jesus Christ (a) is going to disappear, (Mawlana Shaykh bows his head) and say, "O my Lord! You know what I said to them!" If the anbiyaa are going to be asked in such a way, then what about you, who say, "We are Salafi `ulamas." Angels are asking why are you not waking the servants of Allah Almighty for His heavenly servanthood? Allah Almighty will ask, "Why are you not teaching how they should live, and which one should be a model for the life of Mankind? Why are you not making it clear?"

I am asking the al-Azhar `ulamas also. Some of them are such no-mind people, there is a fitnah, corruption, in Farengistan, France. It is Shaytan's place, where they are making a qanoon, law, that a Muslim woman must not cover her face. What is that? And some al-Azhar `ulamas are saying that is correct! How are they going to answer on the Day of Resurrection, saying that law and order of the French government is true! How are they saying that this shaytanic fatwah is true? (...) Therefore, that one who claims he is a big `alim is making a big mistake and he is jaahil, ignorant. Allah Almighty will punish him, as He is closing the baab al-fitnah, the door of corruption. Shame on who is supporting the French government; they are not Muslim people. Non-Muslim people may not put their law against Muslim law. I am sorry to say that, because I am very angry. If he does not apologize, heavenly law will throw a heavenly lightning on his head and he will not live longer. May Allah forgive us.

O People! No one can change Shari`atullah, holy laws and orders of Allah Almighty! Yaa Rabb, O our Lord, forgive us! Send us one who can teach real Islam to Your servants. Where are you (what is your position), Salafi `ulamas, and why are you not refusing and objecting on what that ‘alim, that doctor is saying? If you are not refusing his fatwah, then you are going to be shareeki-jurum, partners in this crime, and you will share the penalty for it.

Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah. Allah, Allah! Forgive us, yaa Rabbee! Send us someone to correct everything. The people who have destroyed your Shari`ah may be taken away, and those who keep the Shari`atullah may come for the honor of the Seal of Prophets, Sayyidina Muhammed (s)! (Mawlana Shaykh stands and sits)

Fatihah.

## The Responsibility of Nations Is on Their Leaders

Yaa Rabbee. Madad yaa RijaalAllah. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Thumma salaat was salaam `ala Sayyidi 'l-Awwaleen wa 'l-`Akhireen, Sayyidi 'l-Habeeb, Sayyidina Muhammad (s). Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, ridwaanan wa sultaana. Wa `ala aalihi wa as-haabihi wa `ala jamee` il-anbiya wal-mursaleen wa man tabi`ahum bi ihsaani `ila Yawm ad-Deen. Wa salaam `alayka yaa Sahibu 'l-Asr, yaa Sahibu 'l-Imdaad, yaa Qutb al-Mutasarrif. ...bi jaahi nabi Allah al-kareem, Sayyidi 'l-Awwaleen wa 'l-`Akhireen. (Mawlana Shaykh sits)

A`oodhu billahi min ash-Shaytani 'r-rajeem. Huuu. Huuu. Huuu. Yaa Rabbana qawi da`fana fee ridaak. laa matloob wa la maqsood illa rida-Allah.

O our attenders! As-salaamu `alaykum. Don't be drunk ones and don't be heedless ones! Try to be awakened ones, because every minute or second that is passing is never coming back. Say, A`oodhu billahi min ash-Shaytani 'r-rajeem. You must run from shaytanic ways. Shaytan is calling Mankind to follow its ways and its

ways are all wrong ways! Shaytan is making so many advertisements that make people drunk and thinking it is true, saying, "We must try it." Then when they try it, they are caught in the traps of Shaytan, and it has countless traps. Therefore, try not to be caught by any shaytanic traps, and say, Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh stands) O our Lord! We are asking for Your protection, (Mawlana Shaykh sits) for the honor of the Seal of Prophets (s). Come and listen everyone, from east and west! If you are hearing something against humanity, wake me up and say, "O our Lord's servant, wake up!" I am happy if anyone is saying, "O my Lord's servant! Beware of what you are saying, what you are doing is wrong. Beware not to fall in a trap from the countless traps of Shaytan!"

O our Attenders! Beware of Shaytan, for it is not going to run after simple or common people, no.

O Salafi `ulamas! Marhaban. You are `ulamas, so you must know something. What is coming to me I am saying, and you my find it in your books, in your knowledge. You must look if it is true or not because if everything is not acceptable to our mentalities also, it is not from the Right Way of Islam. Islam is calling to the way of safety and never calling people to a dangerous way. Only Shaytan is calling people to a dangerous way, to make all of them fall into Suffering Oceans here, and to fall into the Fire on the Day of Judgment! That is important. Therefore, you must look to where everything is carrying you. Don't say this or that, but you must use your mentality as a scale for understanding, because every good understanding reaches people according to their beliefs in and their trust for that one who is giving them something. If you are not going to trust a person, you will never buy a diamond from them! You must trust a true one, because Mankind is never happy to be cheated, always asking for something that is true and giving some benefit. If not, Mankind will never asking for anything!

Who is asking for a diamond does not go to a grocery shop or a flea market to look for something valuable, but asking, "Where can we find a diamond?" A true one will say, "O my friend! This is a real diamond and that is a only imitation crystal; you must know. That one's price is one-million dollars, and this one is only ten dollars." Therefore, you must look to who is speaking to you and what he is giving you, a real diamond or an ordinary crystal stone. All prophets were coming with real diamonds, but their people were saying, "That is not a real." What were they asking for? If anyone is showing to them a crystal, it has no value, but they said, "Come to me; I have so many and I shall give them to you very cheap! He is asking one thousand, but I am happy if you are giving ten euros only, so come to me." If you look like this, people will say, "That is a very

important diamond. The First Lady puts on her hand a very special diamond, and sometimes she puts a crystal also."

But all prophets were bringing heavenly diamonds, not from Earth. Therefore, their diamonds are always valuable, and no one can bring the real price of that diamond because it is heavenly. But people now are not looking at what is heavenly; they are happy with what they are finding in front of them from crystals, saying, "That is a diamond, that is crystal, and it doesn't matter. In our sight it is the same." That is the mentality of our Salafi `ulamas, yes. And now all peoples' mentality is the mentality of donkeys. They are running after so many anti-Christ ones like Marx, Darwin, Lennon, and so many. Also in Near-East countries there are tyrants who say, "Ohh! What are they bringing?" What they are bringing is from WC, but Shaytan is cheating them! You must use a heavenly scale, O Salafi `ulamas!

This is something I have been ordered to speak on now, for understanding. We know that mulook, kings and sultans, have a real station according to their earthly ranks. Therefore, we are asking to follow them. People are following their Number One's way. Number One may be a king, sultan, Shaytan, president, or prime minister; it may be this or that. What is a reality that holy Shari`ah is warning people? You, Salaaf as-Saalih, look and hear what the Seal of Prophets (s) was saying! You are never speaking on that declaration of Prophet (s), or what he is giving you from heavenly knowledge; you are always making it on this side or that side, and running after nothing!

What was Prophet (s) saying for that condition? Do you know? You are claiming that you know hadith, but do you know what it means, what is was the purpose of the Seal of Prophets? You are not looking to that one. Now just holy ones are reminding me to speak on one hadith, the holy saying of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands) He is saying, "Say, 'Bismillahi 'r-Rahmani 'r-Raheem.' Don't worry.

••••• ••• ••• ••••••

an-naasu `ala deeni mulookihim. People are on the religion of their kings.

(Mawlana Shaykh sits)

Have you ever heard that hadith? Salafi `ulamas, are you never passing through your reading of hadith and

seeing if that is a real hadith or imitated, or do you think that I am imitating something? What is your opinion of that hadeeth ash-shareef the Seal of Prophets (s) was saying: an-naasu `ala deeni mulookihim, "People are on the same characteristics of their king's understanding or acting?." There is an ocean of knowledge in that hadeeth ash-shareef! It means every king, every sultan, is following a way according to their capacity or understanding, and saying, "That is a real way of life and must be my nation's true way to Paradise." An-naasu `ala deeni mulookihim. That means there are several kinds of rulers ways' that they are thinking are true ways, and when their citizens are looking, they are saying, "Our king is going on that way, so it must be a true way and we must follow." If a king or sultan is on true way, his nation, his citizens must follow him. And if he is on a wrong way, people are also saying, "Oh! Our sultan is doing this, that means it is good way, and we must follow it and run after his habits, to make our lives like our king's way."

There is an ocean of knowledge in it. An-naasu `ala deeni mulookihim. Therefore, the biggest responsibility for nations is on the rulers; if rulers are on the wrong way, their citizens are on wrong way. If their rulers are on the Right Way, their citizens are on the Right Way.

O Salaf as-Saalih! Which of you are reminding in khutbat al-Jumu`ah that hadeeth ash-shareef? That is so important! That means people can't be on the True Way until their kings or sultans are on the True Way. If a sultan is never keeping heavenly orders, no one is keeping holy orders, and the biggest responsibility is going to be on the necks of the sultans! Don't think that to be a king gives us some chance to save ourselves, no! Allah Almighty will say, "O My bad servant! I dressed you to be king over My servants! Therefore, why are you not keeping the True Way? Why are you leaving your people to follow shaytanic ways? Come here!" What will their answer be? Why are you not saying every Jumu`ah in khutbah, "O our king! Be a true one, be only one face, be on istiqaamah, the Straight Way."

Why are you not saying this in Jumu`ah khutbah? Perhaps one hundred times I was going to be in Haraam ash-Shareef and hearing khutbah, the imam al-Jumu`ah, the khateeb al-Jumu`ah, but I never heard from them to warn people and warn also mulook to say, "O our malik, beware and fear from our Lord's revenge on you because you are not listening or you are not giving an order to say every Jumu`ah, 'O our sultan, O our malik, be on the right way, kun mustaqeeman! Kun mastaqeeman! Be on the right direction, never follow your feelings and your egoistic desires, leave them and be on the right way so that Allah Almighty is going to be happy with you!'"

Why are you not saying this in khutbat al-Jumu`ah, and Allah Almighty is saying, wa dhakkir, "And remind (them)!" From who are you fearing, His Majesty or jalaalatu 'l-malik? Don't fear him, but fear Allah Almighty! (Mawlana Shaykh stands) O People! You must fear from Allah Almighty only! (Mawlana Shaykh sits)

Yes, we must say the truth, because if the lifestyles of our sultans and presidents are going to be like non-Muslims, it is one of the biggest munkar against Shari`atullah. Today those people who are taking western lifestyles must know they may be happy for one day, two days, or one month, two months, one year, two years, but after that heavenly revenge will reach them, as Allah Almighty is saying, "O My servants, you must only fear from Me, not from anyone else, no. Follow My orders, don't follow wrong ones' ways." All democracy is on the wrong way; that is a wrong style of life that Islam is never accepting! And now all Islamic states are running to be like western people, saying, "We are democratic." What is democratic?? Is it from Heavens? Is it written in the Holy Qur'an? Are you not ashamed to say, "Democracy." Where Shari`atullah? Khif min Allah, yaa shayaateen! May Allah forgive us.

Fatihah.

(38 minutes) Enough. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

Fatihah.

I am fearing that heavenly revenge is approaching the whole world, and I am running to Allah Almighty's sheltering! I am a weak servant, only as the Seal of Prophets (s) was saying to all nations, "I am only warning you from heavenly revenge." That is it; I am nothing. I am angry with my ego also, this anger is not for you. I am putting my ego in front of me and swearing at it and attacking it! If kings, sultans, are happy with their egos, they know how to answer on the Day of Resurrection. Astaghfirullah.

Fatihah.

(658) Alhamdulillah.

## Restoring One Sunnah Can Save the World

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Thumma salaamu `alaykum yaa `ibaadAllah as-Saaliheen. Tub `alayna yaa Rabbana. Give Your forgiveness, we are weak servants. Give from Your Love Oceans to make your weak servants stand up for Your Glorifying! (Mawlana Shaykh sits)

Shukr yaa Rabbee, shukr yaa Rabbee, shukr yaa Rabbee! Countless thanks, countless praise is for You from pre-Eternal up to Eternal, for Glorifying to You. You are Glorifying. It is not coming from anyone, You are Glorifying Yourself.

O our Teachers! You must give a little bit of understanding! And before anything comes of understanding, you must say, a`oodhu billahi min ash-Shaytani 'r-rajeem.

O People! Run away from Shaytan and say a`oodhu billahi min ash-Shaytani 'r-rajeem. (Mawlana Shaykh stands), Bismillahi 'r-Rahmani 'r-Raheem, Bismillahi 'r-Rahmani 'r-Raheem, Bismillahi 'r-Rahmani 'r-

Raheem! It gives us new life, new power, new light! (Mawlana Shaykh sits)

Thumma 's-salaam `alayka yaa Saahib az-Zamaan, and our salutes to the Qutbu 'l-Mutasarrif of this dunya, who is sheltering believers, and who is protector of Allah Almighty's servants. Yes. And our salutes to every holy one. Who is a holy one? Do you know, our Attenders? You don't know! And I am also asking for more vision and knowledge about holy ones, holy people.

O our Attenders! As-salaamu `alaykum. Where are you? What are you thinking? Are you thinking about dunya? Whoever is thinking about dunya, those thoughts are dirty. Don't cover your understanding with dirtiness, but try to reach a clean understanding. That understanding cleans your physical being and gives power to your spiritual being. Cleanliness is the most important thing for the life of Man on this planet. The first obligation is cleanliness. You must be clean in order to understand. If you are not clean, you will never understand. Be clean and then you may understand. But as long as people are running after the dirty life on this planet, they will never reach a pure understanding, and their level will be under that of animals. How can that be?

O Salafi `ulamas! It must be! What do you understand of what Allah is saying in the Holy Qur'an? (Mawlana Shaykh stands) He is saying and addressing some, Ast`eedhu billah:

•••••••••••• •••••••••••••• •••• •••• •••••••

oolaa'ika ka'l-an`am bal hum addal. They are like cattle, nay, even lower. (Al-A'raaf 7:179)

(Mawlana Shaykh sits)

Do you understand this, or are you never thinking about it? Three or four holy words in one holy verse is for our understanding. If it were not intended for us to take a heavenly understanding, then He would never send a holy verse. If a person is not understanding, he is mahroom, deprived, which means he is putting a barrier between himself and his target. Therefore, take away that barrier between yourself and the level at which you may understand something. Why does Allah Almighty say, Ast`eedhu billah oolaa'ika ka'l-an`am bal hum addal? Who are they? Salafi `ulamas, say! Are you accepting this description for yourselves? Wahhabi `ulamas, are you accepting that level? Say! Holy Qur'an is for all time, it is not changing, but your understanding will be changed! What is Allah Almighty's khitaab, addressing, "oolaaika?" Who are they? Say!

You say you are `ulamas. That holy verse is addressed to someone, "oolaa'ika." Who are they? Make it clear to your people. Why are you not making it clear?

Ooolaa'ika ka'l-an`am, those who live only to eat and drink and for a sexual life; their level is the level of an`am, animals. They are like zoo people! That holy address is making a distinction between humanity and the animals' world. Of Mankind, some are coming to the level of humanity. humanity gives honor to people. But to be on the level of animals is not honor. You are leaving what is granted to you from heavenly honor and following your egoistic demands. Today ninety-nine percent of people are running after their animalistic desires, kicking away humanity, and humanity is what gives honor to Mankind. Who are coming to their human side have been honored; who are coming to their animal side, there is no honor for them.

A horse may be among animals, it is perhaps on 'top style'. People are running after dogs, but dogs haven't been granted any honor. Everyone likes horses more than other animals, although there are so many kinds of animals. But among animals, the one, yuthnee `alayhi, most praised and given respect, given a speciality and high rank in the animals' world, is the horse. Why? The horse carries sultans, and riding on it are emperors and noble, people. Do you ever see a king riding on a donkey? Do you see that? Never. There is an honor granted to horses, but they belong to animals' world. They can't live in the majestic halls of the majestic king; the last point for them is the entrance of a huge palace. They can't be inside, only up to the entrance.

I was wishing or asking that people keep horses instead of dogs. The horse is a noble animal; the dog is at the lowest level. And I am sorry to say that most people like to be on the level of dogs. I am sorry that they are making themselves on the level of dogs, a dirty animal. A horse gives a person ha’ya, a good appearance, and azamah, it gives glory. Therefore, glorious ones, kings, emperors and sultans, are always using horses. Now people left the high scale, the heavenly grant for them to keep horses. They left that level; they are coming down and keeping cars, cars, cars. Cars are never giving honor to people. But people now, their scales are wrong. Shaytan is cheating people and saying, "Leave horses and come to take cars." Nobility like that of horses was never granted to any other animal. The lion is never said to be a "noble lion". For a tiger, they are never going to say, "noble tiger" and the donkey is never going to be a "noble donkey". But Shaytan turns people’s mentality upside down.

O People! Come and try to be noble ones here and Hereafter. There is one holy hadith that our `ulamas

know. You are `ulamas, so why aren't you advising mulook to ride on horses? Why? You must say, "O Jalaalatuh (Majesty), you must use a noble animal that comes from Paradise." Yes. There is no other animal inside but the horse. That is an honor that is granted to Mankind. Why aren't you saying? Tell the truth! But you are not saying it because your mentality is running after WC cars. You are riding in such a thing. And you `ulamas, you must also ride on that most noble animal of the animals' world. But I am sorry to say again that today's no-mind people, bad-characteristic people are only using horses for gambling. They are cheating people's mentalities. Horses were not created for gambling!

O People! Use your minds and try to understand something good! O Salafi `ulamas, why aren't you saying this to your people? Why aren't you giving advice to mulook, kings, "O our Majesty, you must ride on a horse; it is much more ihtishaam, honor, and it looks much more majestic when you are riding on horses. And a horse is going like this (Mawlana Shaykh moves up and down) That is very good, very good. Why are you leaving sunnatu 'n-mashoora (famous sunnah)?"

O our Salafi `ulamas! What was the Seal of Prophets saying? (Mawlana Shaykh stands)

•• ••• •••• •• ••• ••••••

Bismillahi 'r-Rahmani 'r-Raheem. Man taraka sunnatee lan yanaal shafa`atee. Who leaves my sunnah, my intercession will not reach them.

••• ••• •• •••• •••• •••

Ma raghaba `an sunnatee fa laysa minnee. Who leaves my sunnah is not from me.

True or not? Where are you, Wahhabi people? Why aren't you riding on horses? All of you are riding in BMWs or Rolls Royce. Why are you doing that? That is hadeeth an-nabi. But they are saying, "I haven't enough money to buy a horse. If I buy a horse, those bad governments are not making a place on the streets for them. They are making car stations." (Mawlana Shaykh sits)

This is from the barakah of Holy Ramadan. Say to his His Majesty, King Abdullah, may Allah support him, "Stop hiding yourself! Go out on horses, with your swords also. That is sultanate, kingdom, that is a royal show. Use it!" His Majesty, King of Hijaz, should ride on a horse and go out with flags, with so many of his soldiers with him, all on horses. That gives him honor, and if he leaves the sunnah, there is a threat. Keep

horses, O mulook! Sultan Qabus, Sultan Oman, Sultan Qatar, Sultan Salateen Emirates, Salateen Sultan of so many Arab territories. Leave the automobile! When you are coming down they will kiss your hands, saying, "O our kings, use cars. Leave that horse." No! Say to them you use horses to make economical justice for all people. They may be happy and israaf, waste will end, finishing the world-wide economic crisis. It will come down. One command, one sunnah, if all nations followed it, there would be no more worries for them and the economic crisis will finish. That is: ••••• •••••ad-deenu naseeha, "Religion is advice." Why aren't you saying this to them?

O Salafi `ulamas! Is it wrong what we are saying? What do you think? Wahhabi people are not letting you ride on horses. Leave Wahhabis and ride your horses! When you are riding on horses from the palace, people are saying, "Mashaa-Allah! Happiness for our sultan, long life, happy life and majestic life for our sultan." Yes sir, they are saying something for people to wake up, and that is one sunnah. They are arranging the whole world with one sunnah!

And also, leave those dogs, those dirty ones, leave them and look after poor people. If not, there may come a never-known disease to dogs that they pass to their owners and millions of people may die! Such a sign has just appeared on the Heavenly Tablets, that from dogs may come such a dirty illness for which no one can find its cure. Don't keep dogs, keep horses! That is today's declaration for all nations! Believers or unbelievers, followers of heavenly orders or followers of Shaytan, keep what has been ordered. That is a warning coming to you. Perhaps something more is coming. Those floods are a sign of heavenly anger. If you are not coming to understand, if you are not coming to the right way of being a member of human nature, then a dirty illness will come from dogs to people and there will be no cure for them.

May Allah forgive us. Hear and obey. If not, you know what may happen.

Fatihah.

(44 minutes) Mashaa-Allah, they are taking care. Alhamdulillah, alhamdulillah, that is an important declaration for all nations. They are accepting this in the Old Testament, New Testament, and Holy Qur'an. May Allah forgive us.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

**Qisas Ghrayri l-Muslimin**

---

Dastur Ya Rijal Allah, madad! For the occasion of the sorrowful events it is our duty to give advice to the Muslims. Because the Prophet (saws) said "Religion is advice." Although it is not welcomed, but my conscience forces me to speak a few words for the sake of the legacy of the Master of beginning and end, Sayyidina Muhammad (saws). "Religion is advice." Subhana Allah Al 'Aliy Al 'Azim, Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar!

O Muslims, I am your brother, a weak servant. But my conscience did not leave me till I speak to the Muslim world. As the Prophet (saws) said, "Religion is advice." I am sorry, that there are no more people who give advice to the Ummah and people are left in the hands of the lowest kind of people Sufaha. You understand the meaning of the word Sufaha? Safih means the worse of people. They are the ones who have no mind and do not have goodwill. The Prophet (saws) says, Allahu Akbar! Allahu Akbar, Allahu Akbar wa Lillahi Al Hamd.

O Arabs, welcome to you. My Arabic is little but you must understand about what the Prophet (saws), what he (saws) says. The Prophet (saws) of the end of times, the Beloved of the Most Merciful, the pride of all creation, the Master of beginning & end. "If matters are not in the hands of the rightful ones, wait for the last hour." Arabic or Turkish? If it is Turkish translate it to Arabic. If it is Arabic then you understand. Allah Allah! If the matters are not in the hands of the rightful ones, other than the rightful ones, means? The Sufaha. Sufaha/lowest kind of people who are not honoured by Allah (swt) nor by the Prophet (saws). Safih, sufaha/lowest people.

Listen & take wisdom, "And I free not myself from the blame.." (12:53) as Prophet Yusuf (as) said "And I do not free myself from blame. Verily, the ego is inclined to evil" (12:53) He is a Prophet

(as), free from blame, then how are the rest of people? And the Prophet (saws) says "listen & take wisdom and if you take wisdom you will benefit." Listen! Listen... The words of Allah (swt), the orders of Allah (jj). I wish to stand up every second, but I became weak and I ask my Lord (jj) to have mercy on me since I cannot give enough honour to our Lord Al Haqq (swt) and His Prophet (saws). I am sorry about the events that have fallen and are continuing to fall on the Arab countries.

The point of our words is, as the Prophet (saws) says, "listen and take wisdom O Muslims." O Muslim world, the Prophet (saws) said "There is no harming nor reciprocating harm, in Islam." Finish! Finish.... These are only two words but, they can teach the whole world; teach them lessons, educate them & give them manners. What did we say "La darar wa la dirar fil Islam." True? Yes, Haqq. What have you done? What have you done, in the Muslim countries? They stood up, the Muslims.. May Allah (swt) have mercy on us, forgive us. We don't accept what happened.

We have a word... translate it "if a dog ate shit, it could never dirty the ocean. We have a Turkish Muslim saying "if a dog ate shit that does not make the ocean dirty." One dog, ate shit would the ocean of Islam the Prophet (saws) whom all the worlds stand to honour, get dirty? That dog ate shit! How is my Arabic O Muslim Arabs? You like it? One dog ate filth, filthiness it is not appropriate to say it, so we say he, the pimp ate shit, (bad insult) Why do we have to punish him? (film maker) For the sake of this dog, his words, if a dog ate shit would a sea, an ocean get any dirt? Hasha! Hasha! Let what he ate, eat him. What does it have to do with us?

To stand up... the Muslim nations, all the people stood up and made aggressive demonstrations. And therefore we say that the Prophet (saws) says "There is no harming nor reciprocating harm, in Islam." Who listens to the words of the Prophet? They listen to the words of shaytan. That dog ate dirt and for him, millions of people went out & spread in the streets. They did not spread for what is happening in the Muslim countries, in the land of Sham. "The Land of Sham is Kinanat-Allah" treasure house of Allah (Hadith Qudsi). With this commotion and, for the sake of these shaytans, for something like this, it is easy, but it is not for (Sham).

Shame on them. Shame on who provokes fitna in the Muslim nations. To cause harm and the Prophet (saws) says "There is no harming nor reciprocating harm, in Islam" Do you listen? Let him eat his own shit. Why dirty the world with the words of that shaytan? That shaytan is a devil, curses will come on him. For what he did millions of people stood up destroying & burning. Whether for the sake of truth or not, you do not do things that are forbidden in Islam "La darar wa la dirar fil Islam." Who has done all this badness is a filthy dog. if he ate dirt, it will never dirty the ocean.... Once you stand up with your own mind to answer him back in this manner you made dirt to touch... to dirty you from East to West. Islam became in the eyes of the world like a beast, a beast who harms and harms the rights of people.

Where are the Muslims? Not one person spoke about this honourable Hadith "La darar wa la dirar fil Islam." What made it permissible for you to burn, to violate the property of people and harm them? And for Muslims it is forbidden for us to do harm. "There is no harming nor reciprocating harm, in Islam" the Sharia says, the Mighty Sharia says that on the Day of Resurrection, Yawm Al Qisas, Allah (jwa) will not leave the rights of any man, everyone will be given his due rights. The harshest rights that will be exacted from a person, are the rights of... the rights of the non-Muslims. These ones will not forgive & will say "O our Lord we do not accept his apology. We will take of his faith to make us accept." The harshest matters on Judgement Day will be this.

And therefore Muslims respected the non-Muslims, their honour, their wealth and their souls. This is the reality. And therefore throughout the centuries the non-Muslims lived in the Muslim countries, happy & proud; keeping their religions according to their beliefs. Churches nor Synagogues, never did Islam touch them. Synagogues.... History witnesses the justice in Islam. The purity of Islam, the honour of Islam. Who taught them to do like this? Millions of people like beasts did things that the mighty Sharia forbade them to and threatened them on Judgement Day that the harshest judgement will be on them for oppressing People of the Book... There must be punishment!

Where are our scholars? Don't they know these things? So someone like myself must speak. Al Hamdulillah Who honored me with long age, and ornamented me with reason and Islam and

awareness. Especially the bombs that they are making, they are forbidden from the start! Allah (swt) does not approve of this, not our Lord, nor His Beloved! And not the conscience of anyone who has a conscience!

O Muslims, leave the biggest of forbidden things! Return back to the path of Allah. The Lord of Glory revealed to his Prophets (as) and especially the Prophet (saws) of the end of times. He taught us everything. But we didn't learn anything! We only learned what the disbelievers and obscene people are doing! And we are walking on their path! God Forbid! There are true Muslims amongst us. They are the men of Allah! If they say Allahu Akbar nothing will work anymore! Not bombs, not planes and not ... They would stop!

Where are the Muslims? Where are the Muslims? No harming anyone, and no harming one's self! Look at the integrity of Islam, the dignity of Islam, the dignity of Muslims! O Muslims, did you learn these things from the fools among the disbelievers and obscene ones? You learned from them & you left the path of Islam, the manners of Islam, and took their path! And so, Allah (swt) paid you back with your own hands!

Nauzu Billah Ya Rabbi! Ya Rasulullah Forgive us. Send us a king Ya Rasulallah, to fight for the sake of Allah (swt). That's what we wish for! We wish for a king! No king remaining! All kings are busy with themselves! They left the path of Haqq. They left the advice of the Prophet (saws). O Muslims, return because this way is blocked and it is a path of destruction. If you continue on it not a single one of you will remain! Allah (jwa) says (swt) Astaizzu Billah "Qul Huwa Al-Qadiru `Al√° An Yab`atha Alaykum `Adhaban Min Fawqikum Aw Min Tahti Arjulikum" (6:65) And the Prophet (saws) said Aman Ya Rabbi. "Don't send upon my nation punishment from Heavens or from beneath their feet. But if they continue going along the path of these devils The Holy Verse Aw Yalbisakum Shiya`an Wa Yudhiqa Ba`dakum Ba'sa Ba`din" (6:65) Return back! Return back to the mighty Sharia O Muslims, and if you don't return back, then "Verily the Vengence of your Lord is severe!" (85:12)

Take your care! O Muslims in the east and west. I wouldn't say a word but this is something I was ordered to do, to speak to the Muslim World to return back to Islam, to the Order of Allah!

And Allah will defend the believers. Sadaqa Allahu Al Azim Ya Rabbi, we repent and return back to You.Ya Rasulallah tawba Ya Rasulallah Tawba Ya Rabbi. Send us a King Ya Rabbi. to fight for Allah's sake. O our Lord Subhansin Sultansin... Send us a king. Send us the promised King, Mahdi (as) to save us from the hands of disbelievers, obscene and ignorant and unjust ones. Aman Ya Rabbi. Tawba Ya Rabbi. Tawba Ya Rabbi.

O Muslims forgive me. If I make a mistake, ask your Lord to forgive me. I am a weak servant. If I make a mistake, He and His Prophet (saws) will punish me. And if I didn't make a mistake then you are determined! Allah will punish you!

Thanks be to Allah (swt). Thanks be to Allah, and to His Prophet thanks and praising. Allah..Allah We are ashamed in front of our Prophet, Ya Rabbana forgive us O Master of beginning and end, intercede for us intercession! Send us a king to unite us, Unite all the Muslims who....O you granted us a good news Ya Sayyidi, Ya Rasulallah, after will come.... "after the tyrants, a man from my family, who will fill earth with fairness & justice as it was filled with unfairness & oppression." The Prophet was asked, "who will lead after you O Prophet?" He said, "there will be after me Khalifas." and after the Khalifas? "after Khalifas Princes, then after princes Kings, then after kings tyrants." "Be wary O servants of Allah (swt) from following tyrants! Or there will come upon you what will come upon the tyrants!"

Tawba Ya Rabbi We repent and return back to You. I want to witness Mahdi (as), Sultan of the Muslim world and of all the world! Be prepared to receive Mahdi (as) - no other for you! No salvation for you without Mahdi (as)! May Allah (swt) support him, make him appear, and answer our prayers.

For the honor of His Prophet (saws) Fatiha.

## Rette unsere Seelen

Du bist Herr, wir sind Diener. Wir bitten um Verzeihung bei Dir, unserem Herrn. Wir rufen Dich. Du kannst uns geben, worum wir bitten. Gib uns das, was für uns am besten ist, wir wissen es nicht. Wir denken, etwas ist gut, und es ist das Schlechteste für uns. Hilf, daß unser Glaube wächst. Rette unsere Seelen.

Nun erreichen uns SOS-Signale aus der ganzen Welt, weil die Menschen Hilfeschreie an ihren Herrn richten. Das sind die Schreie der Seele. So ist die allgemeine Lage. Die Menschen brauchen einen Retter, nicht nur für einzelne Situationen, sondern einen großen Retter, weil die Arbeit groß ist, so schwierig, wie sie in Jahrhunderten nicht war. Noch nie war die Lage der Menschen so schwierig wie jetzt. Wenn die Menschheit in der Not nach ihrem Herrn ruft, dann schickt Er einen Retter. Größe ist allein für Allah. Wir sind klein, aber wenn Er einem Seiner einfachen Diener von Seiner Größe gibt, dann ist das ganze Universum für diesen wie ein kleiner Fleck. Das ist Sein Geschenk, und Seinen göttlichen Eigenschaften gemäß schenkt Er einigen Seiner Diener von Seiner Gnade. Nur Der ist groß, Der diese Kraft verleiht. Unsere Größe ist wie nichts. Wer glaubt schon, daß eine Ameise den Eiffel-Turm gebaut hat? Glaubt ihr, daß ein Mensch dieses Universum erschaffen und es tragen könnte? Wir müssen weg von unserer Phantasie und die Realität anschauen und uns unserem Schöpfer zuwenden. Wir sind so klein. Der Mensch ist angesichts des Universums kleiner als ein Atom, und doch ist der Mensch ein wunderbares Geschöpf, denn der Herr hat ihm ein großes Geschenk gegeben. Wir sehen die Sterne im Weltraum, die für das größte Teleskop nicht mehr als ein Streichholz sind.

Es gibt kein Maß für das Ausmaß der Galaxien.

Darum hat die Größe keine meßbare Größe, und unsere Größe ist nicht physisch meßbar, sonst wären die Tiere "die Größten." Größe kommt durch die Gnade des Herrn. Nun will der Mensch mit seinem satanischen Ego die Größe der Menschheit zerstören. Die Aufgabe aller Heiligen ist es, die Seelen der Menschen zu retten. Dies ist ein bescheidener Ort, der sich um die Rettung der Seelen bemüht, auch wenn viele Besucher hier dies nicht wissen und sich mehr am Physischen orientieren. Niemand sagt: "O Scheich, rette meine Seele." Alle kommen mit ihren Problemen zu mir. Aber wenn die Seele in Sicherheit ist, gibt es kein Leid mehr. Sucht nach jemandem, der eure Seele retten kann, so wie der Patient auf seinen Arzt hört. Alle wollen, daß man ihr Leben rettet, aber nicht ihre Seelen. Die Rettung der Seele garantiert das Leben. Bittet darum, daß eure Seele gerettet wird. Dann werdet ihr euer Ziel erreichen, vom "Wasser des Lebens" zu trinken. Alles Leben kommt aus dem Wasser. Es gibt ein anderes Wasser, das ewiges Leben gibt, und es fließt durch die Herzen der Heiligen. Sucht das Wasser nicht in Dächern, Felsen, Wäldern, Baumstämmen; sucht es in den Herzen der Heiligen und Propheten. Trinkt von ihnen, und ihr bekommt das ewige Leben, ewige Jugend, ewige Freuden, ewige Ozeane der Liebe und der Schönheit und der Weisheit und der Barmherzigkeit und der Gnade und des Lebens und des Lichtes und der Freude und der Ehre in der Göttlichen Gegenwart.

Dies ist ein einfacher Rat für Anfänger. Mehr als das können wir für gewöhnlich nicht geben, weil eine Ameise keinen Elephanten tragen kann. In jener Vollkommenheit könnt ihr das Universium tragen. Ein Heiliger trägt das ganze Universum, ohne daß es eine Last ist für sie oder für ihn. Das ist wahre Gleichberechtigung. Es gibt nicht "mehr" oder "weniger" Vollkommenheit; sie ist wie der Vollmond, dem die Vollkommenheit gegeben ist. So ist Männern und Frauen Vollkommenheit versprochen. Unsere Seelen sind auf der gleichen Ebene. Jeder hat seine eigene Vollkommenheit. Und auch hierüber zu sprechen ist ein Gnadengeschenk. Verschiedenheit in der Geschlechtlichkeit ist göttliche Weisheit, und die Geschlechter verhelfen sich gegenseitig zur Vollkommenheit. Allein kommen weder Mann noch Frau zur Vollkommenheit. Wasser kommt aus Wasserstoff und Sauerstoff. Darum gibt es zwei Geschlechter, die sich gegenseitig brauchen und allein keine Freude haben. Der Herr ist zufrieden mit euch, Er läßt die Sonne scheinen. Bist du glücklich mit deiner Frau? "Es ist schwierig." Ohne Schwierigkeiten keine Süße!

Möge Allah euch segnen, damit ihr nicht mit leeren Händen von hier weggeht. Nehmt die wertvollen Diamanten des Herrn, die ihr nur bei einigen wenigen findet und die euch Ruhe und Friede geben.

Du bist Herr. Bitte vergib uns und schenk uns gutes Verstehen.

## Return and Seek the Light

People forgot their Lord, so Allah also forgot them.

••••••• •••••• •••••••••••••

Nasoo Allaha fanasiyahum, They have forgotten Allah, so He has forgotten them. (At-Tawbah, 9:67)

It is a holy verse. Bismillahi ‘r-Rahmani ‘r-Raheem. Everything is mentioned in the Holy Qur’an, what has passed and what is yet to come. The Holy Qur’an is naatiqiyun, which means it is not seized by time, but rather it is for every era!

Our way is association and the good is in the gathering. Nothing has remained in the Islamic world now; therefore, who can be heard, listened to and obeyed? What I mean is, people are still there but they and the awliyaa have disappeared in this time so that it has become a field for tyrants only. May the curse of Allah be upon them!

The order/judgment of Allah is not changed or modified. All these groups that follow their own desires will be defeated, no doubt. Hisham Effendi! If the whole world gathers against the Truth and denies the followers of Truth, then they will be defeated because the Truth is always elevated and nothing can be higher!

Therefore, had the Muslims not stood against Islam they would have been victorious.

••• ••••••••• •••••••••••• ••••••• ••••••••• ••••• •••• •••••• •••••••••• •••••••••••••

Alif. Lam. Meem. Ghulibati ‘r-Rum fi adnaa ‘l-`ardi wa hum min ba`di ghalabihim sayaghliboon. Alif. Lam. Meem. The Roman Empire has been defeated in a land close by, but they, (even) after (this) defeat of theirs, will soon be victorious. (Ar-Rum, 30:1-3)

Sadaq-Allahu 'l-`azheem. It points to the time we are in. Madad yaa Sultaan al-Awliyaa. Even though the believers who are present were very few in that verse, it is mentioned who will be victorious. The Rum were defeated, by those who were mushrikeen, ascribing partners to Allah, after which they were victorious.

All these groups who believe in Allah and His Messenger and those who follow the Shari`ah are seen as defeated, but in spite of that Allah (swt) will support them against those who defeated them. These are good tidings in this time of tyrants. It is seen that the tyrants now are successful over the Muslims. Even if it is apparent from the outside that they are victorious, soon they will be defeated. The words of the people of the Truth will rise because their words are the words of Allah and the words of Allah are the highest! Let others do whatever they want to do.

••••••••• ••• ••••••••• ••••••• ••••• •••••••••••• •••••••

`amaloo maa shi’tum innahu bimaa ta`maloona baseer. Do what you will as verily He sees (clearly) all that you do. (al-Fussilat, 41:40)

let them do what they want but they should know that one day the Truth will become clear and they will be under the feet. From the first level they will fall down to the lowest, to zero level.

Qur’an is naatiqiyun and it informs about the events that will take place in the last era. Don’t fear.

••••••••• ••••• ••••••••• •••••• ••••••••• ••••• ••••••••• •••••••••• ••••• •••• ••• •••••• ••••••• ••••••••••••

Wa ’sbir wa ma sabruka illa bil-Lahi wa laa tahzan `alayhim wa laa taku fee dayqin mimma yamkuroon. And do thou be patient, for thy patience is but from God, nor grieve over them, and distress not thyself because of their plots. (an-Nahl, 16:127)

(Mawlana Shaykh stands)

••••• •••••• •••• ••••••••• ••••••••• •••••••••••• ••• ••••••••••••

Inn Allah ma`a ‘Lladhina at-taqaw wa ‘Lladhina hum muhsinoon. For God is with those who restrain themselves, and those who do good. (an-Nahl, 16:128)

(Mawlana Shaykh sits) Finished! If anyone likes to be victorious forever then he will be with Allah, Who will give him the good tidings, “Truly Allah is with those who fear Him and those who do good.”

SubhaanAllah! Let it be; let them do whatever they want to do, `aamalu ma shi’tum, but they will be questioned about every work they did and will be judged according to their actions. Allah (swt) judges with justice and Truth, and on the Day of Judgment He will say, “This is your work, so this will be your punishment.”

Then you will learn when you will be thrown in Hellfire. When you are taught your lesson, then you will be taken from the lowest level to the highest, but if you don’t learn you will stay with the People of the Fire forever, for Eternity!

The Glorious Qur’an, mashaa-Allah, has all the knowledge and the Truth that cannot be comprehended by human beings, except the one who has permission may speak. If they believe then it is good for them and, if not, Allah will take them away from the face of the Earth.

Allah Almighty is Jaleelun Akbaru ‘l-Akbar! He will not descend to take revenge from those unbelievers; an atom can take revenge on them and remove them, so there is no need for an army.

The Kingdom of Allah cannot be counted, it is endless, Subhanahu wa Ta`ala, Glorified and Almighty be He!

From what we are in, no one can prove himself as innocent because his ego is the base or spring of sins, oppression, and disobedience to Allah (swt). That is the material of the ego.

••••• •••••••• ••••••••• ••••••• ••••••• ••••••

Faman ya`mal mithaqaala dharratin khayran yaraah. Whoever does one atom of goodness will see it. (az-Zalzalah, 99:7)

Listen to the advice from Heavens for human beings, and do not follow your egoistic desires or you will be destroyed. Destruction has many meanings: destruction of the ego, destruction of humans, destruction in the world and in the Hereafter, destruction before passing away and after also.

The types of people in this world, subhaanAllah! Allah Almighty sent prophets and the Last of All Prophets, Sayyidi 'l-Awwaleen wa ’l-Akhireen (s), Master of the First and of the Lasts, was sent with the balance of Haqq. Any action that a person does individually or in a group is weighed and judged on the balance of Haqq. There is no action which is without any reward or punishment. For every work there is reward or punishment, either good or bad. The bad ones will not reach what they like here or Hereafter, and the good ones will and also they will find what they like in front of them.

SubhaanAllah! Ask from Allah to make you firm on the True Path. Whatever is opposing this will be thrown away so that something else comes in its place and protects them. When inaayatullah, protection from Allah comes, the servant is not in need to manufacture anything or to fight with it. If Allah Almighty gives you something, the whole world cannot come against you. You will be able to throw them in the valley of destruction, which is known as a black hole, finished! No news will come from them and they will be taken away.

The person who destroys himself does whatever he likes: `amal ma shi’tum. In the end they will be either in the world of light or the world of black holes, removed here and Hereafter.

Wisdoms are with our Lord. His divine grants and the reason of His grants to His servant is that they have himmah, zeal, as they seek Him. The disobedient cannot find pleasure, rather there is only bitterness for them. They disappear from the Creation and never come back again except for Ahlu ’l-Iqrar, the Owner of Truth. They are protected by Allah Almighty for Eternity, to the extent that no one knows about.

May Allah open our chests for us and widen our understanding, and show us the Light so we may walk with it, here and Hereafter! Return and seek that Light! It is a divine order, subhaanAllah, a holy verse:

…… ……. …… …… …… ……. …… …… …… … …… …… ……

Yawma yaqoolu ‘l-munafiqoona wa ‘l-munafiqaatu li ’Lladhina amanoo anzuroona naqtabis min noorikum qeela arji`u wara’akum faltmisoo nooran faduriba baynahum bisoorin lahu baabun baatinuhu fihi ar-rahmatu wa zhahiruhu min qibalihi al-`adhaab. One day will the hypocrites, men and women, say to the believers, "Wait for us! Let us borrow (a light) from your light!" It will be said, "Turn ye back to your rear! Then seek a light (where ye can)!" So a wall will be put up between them, with a gate therein. Within it will be mercy throughout, and without it, all alongside, will be (wrath and) punishment! (al-Hadid, 57:13)

He asks His servant to follow the light, saying, “Don’t come to Me without the Light. If you come to Me without the light, I will throw you in the Fire.” Those who come with light will be guided to the Heavens and the world of Malakoot, (Heavenly Dominion) to the world of Jabaroot (Dominion of Divine Grandeur) and higher.

The order for everyone from the beginning up to the end is, faltamisoo noora. This is the target from the Lord of Heavens and the Earth, Whose addressing and words are continuous, for Eternity. He is asking from His servants to follow the Light, but people only understand this dirty world and they run to reach things which have no value before the Lord Almighty.

Allah Almighty wants to see whether His servant will come with Light or not. This is the order from Allah Almighty from the beginning until the end, and the prophets gave this message, “O People! Follow the light.” Did the people understand this? No. They only understand to run after dunya and that their hearts will be content with whatever is related to the world. They want to collect from the worldly pleasures, which are nothing!

O People! Faltamisu noora! Don’t run after anything other than noor, because it has no value before the Lord of Honor and Might, (Mawlana Shaykh stands) Glorified and Almighty is He. O our Lord! Make us firm on the path of Truth and grant us understanding for the sake of Your Holy Prophet (s), to keep our steps and follow the Light, and to return to You with the Light. O Lord of the Heavens and the Earth!

Fatihah.

## O Muslims! Return to the Islamic Ways!

Suhbah after Jumu`ah

As-salaamu `alaykum! Shaykh Hisham Effendi is tired because he was making khutbah and khutbatu mashaa-Allah, maa bayn al-mashaariq wal-maghaarib yusm`aa. Shaykh `Abdus-Salaam, he did a du`a, maqbool inshaa-Allah! Maa baqiyya, never remaining anything to say, only dancing here. If I am standing up people may be very happy to dance, but it doesn't matter! (laughter)

Ayyuha 'l-ghaafiloon! Ayyuha 'l-humaqaa! O idiot ones from east to west! Allah, Allah. We are asking forgiveness from our Lord, our Creator, for the honor of the most honored one in His Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands) Shafa`at yaa Rasoolullah (s)! (Mawlana Shaykh sits)

As-salaamu `alaykum! And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem, humbly asking protection from the Heavenly Presence, as everyone there is an accepted one on their levels. They are making me address people from east to west, from north to south, to wake people up because now people are drunk. By drinking, their physical beings never understand anything; they remain at the level of animals. There is no thinking on the level of animals; they only enjoy themselves by eating and drinking. And now people are coming to the level of animals and their importance is only to eat, drink, and

enjoy. That is the common level of Mankind who are living just near the Day of Resurrection, yes. Nothing is more important for them except eating, drinking, dressing, riding, and enjoying their physical beings. All their care is only to make their physical being enjoy as much as possible. To reach that level they are quarrelling and fighting among themselves, so their physical being is going to be happy and they may take as much pleasure as possible.

•• •••• •••• ••• ••••

man tashabbah bi-qawmin fa huwa minhum. Who imitates a people is from them. (Muslim)

O Salafi `ulama! Marhaban, marhaban! Don't you know that hadith nabawiyyatu ’sh-shareef, man tashabbah bi-qawmin fa huwa minhum? Do you know it or are you saying that it is also false? Oh you are such big `ulama, and you know too much, but you are never giving meanings for such a hadith, man tashabbah bi-qawmin fa huwa minhum. I never heard the Salafi `ulama, or doctors of Shari`ah, or Azhari Shareef `ulama speak about the hadith shareef that gives an exact meaning and shows a Straight Path as mentioned in the first surah in the Holy Qur'an.

Allah Almighty is saying and wants to teach His creatures, Mankind. He wants to give that honor to them, to be His deputies on Earth. But are the Salafi `ulama not reciting Fatihatu ‘sh-Shareefah? What was He saying? How Allah Almighty is saying and teaching, O our Lord, ihdina ‘s-Siraat al-Mustaqeem, “Guide us on the Straight Path,” and that means, siraata ‘l-ladheena an`amta `alayhim, "the path of those with whom You are pleased.” That means there is a group of people who are keeping wasiyat Allah, heavenly advice. Allah Almighty is teaching, "O My servants! Hear, listen and obey. Ask Me to make you on the ways of siraata ‘l-ladheena an`amta `alayhim, the ways that I granted as a heavenly grant, and no one can grant what I am granting."

That holy hadith shareef, man tashabbah bi-qawmin fa huwa minhum, is for people that are asking to do everything as those chosen ones are keeping. The Seal of Prophets (s) was saying, man tashabbah bi-qawmin fa huwa minhum. They know we are weak people and can't do as chosen ones of Mankind are doing, keeping the full rights and most praised ways for their Lord. But at least we must try to do something as those ones are doing. Therefore, “Who imitates a people is one of them.”

Man may make himself happy temporarily by trying to imitate what the people of western countries or the

non-Muslim world are doing. From the Muslim world also, if you can find one percent (who are keeping an Islamic lifestyle) you would be happy. But mostly people are trying to imitate the non-Muslim world. That is forbidden for Muslims! This point is so important and our `ulama are never taking any care to wake up the Muslim world or teaching how Muslims should be; not to imitate the non-Muslim world! It is not an honor for Muslims to try to imitate the lives of the non-Muslim world.

I never heard Salafi `ulama, other `ulama, or doctors of Shari`ah say, man tashabbah bi-qawmin fa huwa minhum. They are leaving Islamic sources and going to learn Islam from universities like Sorbonne, London, Toronto, Berlin, or Cambridge. For what?!! Are they putting Islamic flags on their buildings? What are their flags? Are they flags of Islam? Why are you going to ask for honor by belonging to them and saying, "We have a Sorbonne certificate." What is the value if they are not saying la ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah (s)? (Mawlana Shaykh stands and sits) If they are not saying this then what is their value?

People now are without any mind! The “learned” Muslims have never really learned. If they were learned, then first they must learn about the unreachable distance, the honor of Islam; it is not on Earth, it is on a distance up to the skies. The honor that can't be reached with any means, it is only a grant for Muslim servants. Yes! It is an ocean! If we are going to speak on it, I think they will say, "Oh, my head aches." Tomorrow when you are entering your graveyard, you will know what is suda. When angels are coming and putting you in an iron coffin that is hot like fire, then you will know what are the graveyard’s conditions. You are going learn what is coming to you at that time.

Don't shout here, but you must say, “O People! man tashabbah bi-qawmin fa huwa minhum.” And `aalamu ‘l-Islam, the Islamic world is just following the steps of the non-Muslim world. If Allah Almighty asks you, "O useless one! What did you teach My servants?" Are you not ashamed to make people run after non-Muslim lifestyles? Say! That is a very important point, man tashabbah bi-qawmin fa huwa minhum. Now all the people are running to be like western people, and that is baatil, false, never accepted! It can't be accepted! If they are placing their left foot first, you must step with the right foot, in everything.

But now we are finished. Everyone is happy to be muqallid, to imitate European, American or Russian lifestyles. Tomorrow you will find a Russian style, Chinese style, European style, and then American style in your graveyard.

And the imaam will call, "Oh ulkul, man kharaja mina ‘d-daara ‘d-dunya ila ‘d-daari ‘l-akhirati shaahidan an laa ilaaha illa-Llah wa ashadu anna Muhammadun Rasoolullah.” (Mawlana Shaykh stands and sits)

And angels will say, kadhibta, "You are a liar!"

The two angels that are recording everything for you, the Kiraam al-Kaatibeen will come as witnesses. They are coming, if not today then tomorrow; if not this month, then next month. If not this year, then next year or the end of your life, where you will be taken to the graveyard and angels will be waiting for you, asking.

O People! Be Muslims and follow the ways of Muslims that the Seal of Prophets (s) brought from Heavens as your lifestyle. Where is your lifestyle, O Salafi `ulama, O mulook, kings? Where is the Islamic lifestyle in your palaces? Allah Almighty will ask! May Allah forgive us.

Today is the first Jumu`ah, first Friday for holy month Rajabu Shahru-Llah. Try to come, step-by-step, back to the ways of Islamic life, and you will be saved here and Hereafter. If not, you will be punished before dying, in your graveyard, on the Day of Resurrection, and in Hell. May Allah forgive us. As-salaamu `alaykum!

Fatihah.

(addressing Shaykh Hisham) Barakaatak yaa Shaykh.

Allah, Allah. Tawbah yaa Rabbee. Tawbah yaa Rabbee. Tawbah, astaghfirullah! Fatihah.

Yaa Rabbee.

Therefore, I am trying to bring horses and not to ride on American cars or English Ford cars or German Mercedes or, what’s that name, VW? They are not finding any other name, only saying WC! Tawbah, astaghfirullah, Tawbah, astaghfirullah! (Mawlana Shaykh laughs.) Marhaban, O Salafi `ulama.

Fatihah.

## Revive Your Spiritual Life

Not every man is human. Humanity is an honourable title, not everyone has a right to have it. This is why prophets were sent to us: to change our nature from being animals to becoming humans.

Whoever is a follower of Heavenly Teachings will get power in their souls and will reach levels which can be called human. Whoever does not follow Heavenly Teachings will experience that their souls will get weaker and weaker and they will never be able to change their animal nature. On the contrary, the weakness will grow and they will become worse and worse.

We all have an animalistic nature: we eat, drink, get married and have physical desires. If someone only lives for the sake of eating, drinking and sexual desires, he is on the same level as an animal. You cannot trust such a person, he can bite you at any moment.

This is why we need the teachings of prophets on every step of the education: starting at the level of kindergarten children have to learn Heavenly Knowledge. Tell them which characteristics are good, which belong to humans and which are like animals. You must continue this education right up to university. Even professors should learn such things. Their title means nothing if they don't change their animalistic nature. In Heaven they will not be asked for their title, they will be asked for their level of humanity and if they have

done all they could to become better persons while on earth.

Everyone will die. Our souls come from Heaven brought to us by an angel. In the same way an angel will bring our soul back when we die. When they reach the first of Seven Heavens, they will be asked, "Has this person changed his animalistic nature, or remained the same?" If he hasn't changed he will be kicked down. The doors of Heavens are not open to the ones who have lived like animals. This rule applies to everyone, whether they are English, French, Christian, Muslim, Jewish or Buddhist. It is only interesting if the person has changed his nature, or not.

It is honourable to be a human, but animals will be kicked down again. Everyone must try because everyone will die and will be taken up. Jesus* is looking out for his nation, Muhammad* is looking for his nation, Moses* is looking for his. All of them are in Heaven. Only Jesus Christ* has his physical body there with him too, the Lord took him up to Heavens exactly the way he was. The other prophets have their physical beings in the graveyard in their tombs. Only their spiritual body is in Heaven. All of them look out when someone new is coming, to see which nation he belongs to. Then the prophet in charge of that nation has to check him but very often he cannot accept the level of the people coming.

We must change our animalistic nature. We must try to take more care of our humanity and to improve from day to day. On our last day we must try to be the best. We are beginners and our goal should be to become the best.

People nowadays think that just because they reached the 20th century, they have become angels. They want to continue in the same way into the next century just drinking, eating and enjoying themselves sexually. They do not consider to enter the new century in a clean way. They are preparing to transfer all the dirt of this century into the next. But according to Heavenly Knowledge that is impossible. The 21st century will not be dirty. It is enough that people in this century have made everything so dirty. Whoever have the intention of taking such a dirty life style with them into the next century, will not reach that century. So many dirty illnesses, actions, beliefs and ideas are filling up this century.

I saw a writing on the wall in Peckham, 'Save our school!' I do understand what they want to say, but I don't understand why they don't write, 'Save our children!' instead, because that is the most important thing.

I saw another writing today, 'It is better to kill your speed than to kill a child!' People in this century are so worried about their physical death, they don't take any precautions for their spiritual life. They don't care whether they are alive spiritually, or not, and they do not care whether their children are. This is the case in all western societies, not only in England, and our foolish Muslim countries are trying to copy it.

It is the source of every problem, crisis, war and evil. People are letting the satanic kingdom prosper and they are encouraging everyone to join in. At the same time they claim to have reached the top of civilisation. What a lie!

From the animalistic point of view we are all alive. Prophets and holy people came to revive the spiritual part of us and make us able to enter Heavens.

# RIDE YOUR EGO to REACH TO THE DIVINE PRESENCE

May Allah not leave us in the hands of our dirty ego. Beware of your ego. It is your biggest enemy, cutting off your way to Allah. It says, “Serve me,” “Bow to me,” and “Leave every will and desire except for mine.” “I am everything, and your are my slave.”

Worship and fasting is to take away your ego. To make it weak, then die. This is because as long as your ego gives orders, and you are working under its command, you wont be able to reach to anything from the Divine Presence. There is only one Sultan and you must be His servant.

Tariqat is training for reaching to good manners. You must forget and oppose your ego, and then accept and be happy with the Will of your Lord. Don’t be heedless of glorifying your Lord, because then you will be imprisoned by your dirty ego, like a lion in a cage. For every moment that you are heedless, some damage or punishment comes to you. Even a short moment may become a curse on you.

All people are so friendly with their egos. They ask of it, “What are you ordering?” “O my ego, O my sultan,” “Whatever you want, Whatever you wish, I must prepare it for

you” “I am your slave and you are my Sultan.”Finally, they will die, and their bodies will have a bad smell. The ego is a fully foolish one, but he is introducing himself as a mighty one. It says, “You must obey me,” “I don’t like any partner.” “I am the first and I am the last for you.” “All respect and praise that you give must be for me.” People are mostly lazy, and they are following their ego. (which is the laziest one amongst creatures.)

Your physical being cannot reach to the vastness of the world. But your spiritual being, that is something else. As much as we grant it more, from heavenly worlds, our spiritual being may reach to this vastness. In the beginning, when Allah Almighty created our nafs, He said, “Go forward,” and the nafs went back. That is its nature, never to accept its Lords commands. Allah Almighty honoured man to be His servants, and his nafs always comes in the way, to prevent him from obeying his Lord.

Every Prophet, brought methods from Allah Almighty, for training our ego so that we can say, “O my Lord, I surrender to you.” But your ego says to Allah, “No, I will not surrender.” When Allah asked our ego, “Who are you?”, the ego answered, “I am myself, and you are yourself.” “You are You, and I am myself.” So Allah Almighty ordered for the ego to be put in fire for one thousand years. He then took the ego out and asked it the same question. The ego replied, “You are You and I am that me.” So he was ordered to be put into the cold hell for one thousand years, after which he was asked, “Who are you?” and it answered in the same way as before. Then it was ordered to be put into the valley of hunger for one thousand years, after which he was again called and asked again this same question, and this time it replied, “You are my Lord, and I am your servant.”

The ego always says, “I have Lordship.” Lordship is only for Allah. We are servants, but we do not want to declare that we are such! The Prophet Muhammad (sal) brought the order from Allah for fasting. When it comers to hunger the ego comes down, and says, “No longer am I claiming to be Lord in front of you.” “I am your weak servant, and you are my Lord.” The one who can’t control himself, is terrible and dangerous.

Fasting gives you the capability to put control on your ego, so that it listens to you. You may say, “do” and it does, or say, “Stop,” and it stops. Therefore, from the beginning up to the end, fasting is the main pillar of servanthood. Without it no one may reach to be a real servant, because the ego is always winning otherwise. It takes a ride on your back and says, “Follow me.”

Keep control of yourself, and try to have control of your ego. May Allah forgive us and give us the power and capability to control our ego’s.

If Allah Almighty ordered for us to take a feather, or a flower, five times a day inside a mosque, or even just from one room to another, the ego would still object and say, “It is difficult,” and, “For what is this?” Your ego makes you to fear. It says, “I can’t control anger.” To swallow it at the beginning seems so difficult, but if you persist with the intention to swallow it, it will finally make you happy. You will say, “Ooh, it is so sweet, to keep myself from the harm of anger.”

Allah is asking that we move up to heavenly levels, from worldly levels. The ego, enjoys worldly things, not spiritual things. (As the night does not benefit from the sun). Turn your body to face Qibla, and your soul to face heavens (Allah). The biggest favour from Allah is to be able to enter His divine presence. This is our last wish and hope.

Ask to take away your ego, and what it is looking to. Stop asking to enjoy this world. He knows when we spend our physical power, for something which is not for Him, but for our ego’s happiness. We do this during the whole day, but our egos are never content.

As much as you are working for your ego that much will be the burden you carry and it will be heavy. We do countless acts for the ego, and the ego ends up saying, “Ahh! what have you done for me?” Even if you were to work twenty-four hours a day to satisfy your ego, he will still say that you are a lazy one.

If anyone were to give for Allah, what they give for their ego, they would be able to fly. You are more than a slave of your ego, but it says that you take no care for it. It is very

important to know that your ego (nafs) will never be pleased with you. But if you were to do just a small part of what you have been doing for your ego, for Allah instead, He will give you pleasure, satisfaction and hope through your heart, which will then run through your entire physical body. Which means your physical body will never die, or go to dust. In the grave it will never smell bad, and you will arrive on Judgment Day with the same body you had in this life. The will not be for others.. It will be known who the real believers, in Divine Service, were and who were for the service of their ego's.

The one who is spending his life's powers for Divine Service will be honoured. My Grandsheikh Abdullah said that people are either asking to manifest themselves, or to vanish themselves. This is the summary of all shariats (heavenly laws). Take good care of this. Every person is doing one of these two things. Making his ego to grow up, or making it to vanish. What a person does is either the manifestation of his own existence, or the vanishing of his own existence. Everyone's ego likes to manifest its existence, and it uses every possibility to bring itself into existence and say, "I am here." The other choice is to vanish from your own existence. But mostly people, we may say ninety-nine from one hundred, prefer to manifest themselves.

Allah Almighty desires from His servants, that they make themselves to vanish (Ifna'al-Wujud) You have to choose between these two things- to be with your animal, or to be with your Lord. The person who loves to manifest his ego can be thrown away with the rubbish. He is useless. Why do you think people are reluctant to come into Tariqat?

If you stay with yourself, you can't enter the Real Presence. Verily the God-fearing are in paradises, with rivers flowing, in a position of sincerity, in the presence of The All Powerful King (Quran). Al-Muktadi. The All Powerful. This name of Allah has an unreachable meaning, even to all Prophets, or by the power of all Awliya and Jinn.

How many people have up to date died with their egos, and were buried with their animal? When you agree to leave your ego, our Grandsheikh will say, "Most welcome to our tariqat." To enter the Holy Prophet Muhammad's (sal) presence, it is obligatory to

vanish your ego. For purpose do you think you are making zikr, keeping to your awrad, praying at night and fasting in the day? Still the evil and dirty ego sits on your back and with every step you take, it says, “I am here, I am here, I am here.” Therefore you are on the lowest level.

Manifestation (ithbat) or Vanishing (ifna) the ego is the point. The murid should decide between one of these two. If he leaves his ego, he will be with his Sheikh, with the Holy Prophet Muhammad (sal) and with Allah Almighty. In the Human there is nafs (ego). The animals have nafs also, but their nafs are only for controlling themselves and their off spring. The animal’s nafs is used as an instinct. Without it they would not even be able to eat. The wish or desire, to eat, drink, and to continue their species, comes from nafs.

But the ego (nafs) is a test for humankind, so that they may win high stations, (or not). Who resists the ego reaches to higher Sriritual Stations- Maqams. There is something to gain. Everyone must ask for more power to save their spirituality and souls from their egos imprisonment. The ego is assaulting our spiritual being and is never leaving it to take heavenly support, or to reach to the level of Real Believers. Therefore we are in need at occasion, to ask for much more support, and food for our spirituality. Our Naqshabandi way is not for everyone, because not everyone can hold it. To become a Naqshabandi, you must wage war with and break down your nafs, making it to be zero.

If anyone takes their nafs under their control, they will be called, “Come.” Only a mindless person will insist to go with his donkey to the presence of the Sultan. You cannot! You must leave your nafs. When you say that you have finished with existing, then you can go. Millions of people are saying that they are Naqshbandi, but if you touch them just a little bit, they kick. If you come from behind or in front, they kick and bite! If you don’t leave your donkey, you cannot become Naqshbandi, which is a hard discipline, and nothing less. (So you are not there).

If you are representing you own nafs, there is nothing to take, and they might as well

send you to the stable, to be with the horses and donkeys, who are stamping on the ground, and moving their heads around. Don't kick other people. Don't argue and fight with people, and don't interfere with other peoples affairs. Be busy with your own nafs. Don't say that you are better than anyone. Anyone who says this belongs in the stable.

You must accept all people. People of every kind. Allah is creating as He likes, and He can create anyone in any way. So you must look to the Creator and like what He has created. Allah liked it and created it, so you must say that you like it also. You must bring down your nafs. You don't know who is who and what secrets they have.

If someone is tied to his nafs, we may easily see their bad side. But you must forget that and look inside for the jewel. Don't just accept the bad side and look to the reality of the nafs. Remember the jewel. Don't say that you don't like someone. If you look carefully, you have the same things too. Allah will say, "You rejected that servant, when you also had the same values."You rejected him, but you couldn't even throw those same things awayfrom yourself. Be busy to find the goodness in each other. Then the way to Allah becomes closer and shorter. You may reach. The doors will be opened for you. If not you will remain with your ego (nafs).

If Allah did not give value to that person, He would not have created him. It is not the way to find someone's bad things and to bring them out. This does not free you from your nafs. Don't think that in the presence of Allah you are more valuable. All people are against each other, not liking each other, jealous of each other, or enemies of each other. But in reality they are all the same.

Don't let your nafs get in front of you, or they will take you to the sewers, to become a rat. All Prophets invited people to a clean and honourable life. Your egos are like rats that say, "What are we doing in clean water?" "Our water is sewage."

Twentieth century people are against Prophets, especially the Last Prophet Muhammad (sal), because he is inviting us to clean waters. All people are making themselves to be high up, and not on the earth. They claim, "I am higher than you", and the other one

says, “No, I am higher than you.” Both of them are speaking through their egos only. People of this life are competing amongst themselves, to be higher in the material world. Allah Almighty does not likes this. No. He likes that we compete with each other for being closer to His Divine Presence.

Simple life gives satisfaction to the soul. We must be happy to sleep on the floor. We must be happy to be altogether. We must be happy to walk, and we must be happy with what we are facing from other people. I am trying to change the power, from the hands of your ego, to your spirituality.

Really our nafs (ego) was created not to harm ourselves. No. It is like an electric cable without the protective covering and this may harm you. You cannot touch it and you cannot use it. Therefore you lose the big chance which Allah Almighty grants to you. But with protection we may touch it. If were to ask, “Why is that harmful wire inside,?” and that if you take it out from the plastic, it would have no more use”, then you would have lost that huge power. Our ego (nafs), is such a big grant from Allah Almighty. The Prophet Muhammad (sal) was saying that it is your horse, which you may ride on, to wherever you want to reach.

It may take you up to the highest point of creation, but yet you ask, “Why is an ego put inside us?”

If we had no ego, we would be like angels. But Allah Almighty was asking to create a new creature, one hundred percent different from Angels. (For a reason, purpose and wisdom.) So He created Adam (alai) and gave him nafs. If He had not have given him nafs, Adam would have been the same as the Angels. Without this nafs, without this horse, you cannot reach to the honour which Allah Almighty granted, to those creatures who have nafs. This is a big wisdom, that must be understood.

Allal Almighty says, “Use your ego (nafs), and come to me.”

When Abu Yazid Al-Bistami (ral), reached to the Divine Presence, and asked to enter,

Allah Almighty said, “O Abu Yazid, now leave your nafs and come to me.” Which also means the main purpose of nafs, is to make you to reach from the lowest level to the highest level. Like a plane takes a person to the destination that they like. If a plane takes you from here to Germany, you cannot then ask the plane to take you to your bedroom. No. The plane says to you that you must come down and walk. It says, “I can’t come.” “My limit finishes here.” “Leave me and go.” Therefore anyone asking to reach to the Divine Presence must use his or her nafs as a horse. But when entering to your Lords Divine Presence, He says, “Leave your horse outside, then come.”Your horse is your nafs. You can’t enter inside a palace to the Royal Presence with your horse. No.

If you are able to use your nafs, it will be your servant, up to the Divine Presence. When you arrive howerver, its importance is finished, and you may tell it to go back. (As a plane does, to take new passengers.) The ego is the wildest and most disobedient creature ever created. It has the worst characteristics, which represent the whole animal world within itself. Animals which live close to people, animals from the jungle, and the most terrible and dangerous animals. Their characteristics, all put together, are given to our ego.

No creature is more powerful than our ego, and no creature is more useful also. It may take us from the lowest level, to the highest. Yes, it is so dangerous and powerful, and its work is also important. No other means may take mankind from the lowest level to the highest. Allah created nafs and gave them to man and Allah never creates without wisdom. He said, “I created the children of Adam (alai) to be My Deputies.”

You know that a Sultan, when he is among his solders, will ride the fastest, most powerful horse (not an old one, or a female one). This is because he is the Sultan. Allah Almighty gave his Deputies, the children of Adam, a most powerful and important steed to ride. He put them on the lowest level, on earth, and said, “Come to me.”This is why the Prophet (sal) said, “Your ego is your ride”.

This wisdom is enough for the whole of mankind to understand themelves. But people do not understand, so they fall under the lowest level. They only understand how to eat, drink and enjoy themselves. No one understands. That important ride, was not granted to you only for it to eat, drink and enjoy. No! The Sultan is expecting that you ride on it and come to him. That is the biggest problem in the life of mankind.

All people are occupied with their horse. They are making it happy by eating, drinking and enjoying, as much as possible. But no one is asking to ride on it and arrive. Perhaps from ten thousand people, you may find one who understands the wisdom of the ego.

The Prophet Muhammad (sal) was riding on his heavenly ride, the Buraq, on his Night Journey. When he reached to the Divine Presence, he asked Gibril (alai), “Is there also such a ride for my ummah? Gibril answered, “Yes.” “And if they ride on it, they may also arrive, and reach to what you are reaching.” So then, that dangerous and powerful one, our ego, is our Buraq. But people do not understand, and they are not using it. All Prophets were calling people in this direction. Do you understand?!

It is the door or entrance to Al Wisdom. You may go inside and take every power. If not, you will remain under the hegemony of your ego, which will grind you, and make you to finally be dust through the cemetery. But those knights, who are riding their horses, through the cemetery, the earth will not grind them, and they will arrive on the day of resurrection with the same body, which will shine like the sun. The person who uses his mind should reach to that station. Why are you waiting?! The Sultan is looking after you. Why not prepare yourself for His Divine Presence?

Allah Almighty hears everything, and He is looks and sees who you are, and what your intention or purpose is. When you are objecting, He understands that your ego is claiming to be number one through all creatures, and that it wants all its commands to be obeyed. That is the secret to the hidden reality of your ego, when it asks, “Why did this happen?” What it means through heavens, is that servant, is asking that Lordship

be for himself. He is not happy with the Lordship of the Lord of the Heavens and he believes that he can think more perfectly. He says, “What I am thinking regarding that situation is better than what happened.” Astagfirullah!

Those who always blame other people, and who do not like their actions and attributes, are the slaves of their egos. Someone who is asking for a way to perfection, must begin to blame himself, and look to his own imperfections, without looking to the imperfections of others. Only an imperfect one may look and see imperfection around himself. Who has imperfection, sees in everyone imperfection, except for himself. This is selfishness.

You must try to correct yourself. When you have corrected yourself and reached to perfection, you will only blame yourself. (Your ego or nafs). We hope not to live for our pleasure, but for Allah’s pleasure. We like life for Allah, not for our egos. No. If I am asking to live for my ego, I would rather pass away, but for Allah, I like to live.

Always ask for protection from your ego (nafs). We have been created weak and our ego carries us, as it likes. The ego in everyone’s physical being represents Shaitan. When one leaves childhood, and enters into maturity, the Lord of heavens says, “Now you must be my servant.” “Follow.” Shaitan says, “Don’t follow,” and he has a better chance of being obeyed, because he addresses your physical desires, and says, “You shall fulfill unlimited desires, don’t listen to those who say, don’t do this and that. I say, absolute freedom for you, even until you die.” Our biggest enemy is Shaitan, and his representative through yourself, which is your ego. Beware of shaitan. Beware of your ego.

Shaitan is asking to mix up our good thoughts and inspirations, which come to our hearts. When we want to do something good, Shaitan wants to destroy it, so that we don’t benefit. (or raise our level of development, which is endless). Shaitan makes you do the opposite of Divine Laws. It cheats you again and again, and you say that it does not. Terrible! You say, “I am ok,” “In perfection.” Astagfirullah!

For every step, there will be so many obstacles, preventing you from reaching to

Reality. When it is difficult to reach Reality, Shaitan quickly finds a way to cheat you. (with artificial things and mind productions.) He teaches people, and tells them, “This is Reality.” If we do not break the chains of desire, then always we shall be slaves. If you are a slave of your ego, then automatically you are a slave for dunya, Shaitan, and your physical desires. It cannot be only for the ego, because they are all connected. If one is catching hold of you as a slave, then you are a slave of them all. If you are freed and saved from your ego, then you cannot be cheated by Shaitan, and then you will not be heedless enough to fall into the hands of your ego. When your say, “Auzo billahi mina shaitan ir rajim,”( I seek refuge in Allah from the cursed Shaitan), it really means, that you are asking Allah Almighty for protection.

## Riding The Horse

Salamun Alaikum, all those who are present. Ay yaran Shah Mardan, May your day be good. May your affairs be good. May we end up with goodness. Let's say Bismillahi r-Rahmani r-Rahim May blessings come upon us! Let's live for Allah(jj)! Let's perform servanthood to Allah! There is nothing beyond this! There is nothing beyond our Lord's Pleasure! The way of pleasing our Lord passes through the Sultanu l-Anbiya. If you can please our Prophet(sws), Janabul Haqq is pleased with you. Radi Allahu 'anhum wa Radu 'Anh. RadiAllahu 'anhum wa Radu 'anh. Allah(jj) is pleased with them. That is why the companions of our Prophet are all, RadiAllahu 'anhum. Janabul Haqq is pleased with them; Wa Radu 'Anhu. and they are pleased with their Lord. O our Lord, if we can't be pleased with You, who else can we be pleased with?
Ay yaran Shah Mardan! Marhaba. May you be in prosperity. Marhaba. May you not be in poverty. May our day come with happiness. Let's say Bismillahi r-Rahmani r-Rahim, Basmala Sharif. SubhanAllah. It is the key for all the treasures. Shah Mardan, is declaring to his friends that, if you recite Basmala Sharif, all the doors of goodness open. RadiAllahu 'anhum wa radu 'anh. When we mention the Name of the Lord, Jalla wa 'Ala, RadiAllahu 'anhum, Allah(jj) is pleased with us. "Nasu Allaha Fanasiyahum."(9:67) What is the biggest problem, may it be far away from us? It is to forget Allah Dhul Jalal. Please go on Shah Mardan, your friends admire you. With your holy words, relief comes, our beings revive, distress goes away and our honor increases.
Please Shah Mardan go on, the arena is yours. We kiss your feet and stirrup. We ask help from you! Ask help from great people. Demand help from the owner of great door. Please Shah Mardan go on! He who asks for help, in which way should he ask? The way of adab(manners). The way of adab is the key for all the treasury. It is adab that makes us approach Allah Dhul

Jalal, to His Habib Kibriya, to Shah Mardan. Ill mannered ones are expelled. Good mannered ones are accepted. That is why, Our Prophet (saws) declared, "Addabani Rabbi". He didn't say "Allamani" but "Addabani". One of the holy ones in old times said: "I searched through the assemblies of wisdom, wisdom is last, Adab/good manners comes first, adab first." One cannot approach the Lord with knowledge but one can approach with adab.
Allah(jj) showed us the best manners in His Habib(sws). Shah Mardan learned from the Prophet and told his ummah of these manners. Allahumma Zid'hu 'Izzan wa Sharafan, Nuran wa Sururan, wa Ridwanan wa Sultanan. Allah Allah Allah Allah. A Human, when he forgets his humanity, becomes a satan. Today's people have forgotten their humanity. Whenever humanity is forgotten, either human or satanic ... Human or satan? satan is a kind of creation. The deputy that Janabul Haqq created, is different. He has the highest rank. The Deputy, the children of Adam are assigned as deputies, as a new creation. satan was among the Angels but it was rebellious to its Lord when it wasn't given what it asked for. It wanted the rank (of deputy). -"No! I don't have to give this to you". "I give to whoever I want. You are given the station established for you. Don't interfere in My business" the Lord said. Don't interfere in My business. Allah Dhul Jalal Jalla Jalaluhu, Jalla 'Azamatuhu: "Don't interfere in My business". "You are a servant. If you interfere, you will be deprived of servanthood."
satan was persistent. It said, "I will interfere. "I should have been the one given that rank. You didn't give it to me." “Go away. You learned knowledge but not manners” (the Lord said). Janabul Haqq said to the Angels to kick (shaytan) away from His door. They kicked satan out. In this Presence, in My Presence there cannot be rebels. "The Command is Mine. The Judgement is Mine" "Al Hukm Lillahi Al 'Aliyu l-Kabir." Allahu Akbar. People keep forgetting. They think judgement is theirs. No! There are so many Mighty Angels but they tremble in front of the Mightiness of Allah(jj). They tremble with fear not to be expelled from the Divine Presence. satan behaved very badly. It said 'me'. - "Don't speak in My Presence. "I am Your Lord who created you. "I have granted this much to you! "You didn't accept My Sovereignty, but you claim your own sovereignty, no!"
To train people with manners; this is showing the honor of mankind. "Wa Laqad Karramna Bani Adama".(17:70) He doesn't say Bani Jinn...or, doesn't say Angels either. The respected rank that is not given to anyone else, honor and Sultanate, Allah said: I gave to My servant Adam

whom I created. All Angels are ordered to prostrate. All prostrated and said: You are our Lord. You are, "Fa'alun Lima Yuridu" (11:107) "You do as You like. The absolute Judgment is Yours, O Lord. Who are we to go against You, O Lord! May You forgive us!" They trembled. satan was a servant. It wanted to go beyond servanthood. What is there beyond servanthood, Hajji? In the presence of Allah, what is there beyond servanthood? O My servants fear Me! "Inna 'Ardi Wasi'atun Fa'iyaya Fa'buduni" (29:56) Allahu Akbar. How beautiful! The Majestic addressing! Notice this Hajji! Look to the Majesty of the Qur'an Al-Karim!

Allah Dhul Jalal, Aman Ya Rabbi! Tawba Ya Rabbi! Who are we? Who are we? One who knows his limits is the one who has wisdom. Unless we know ourselves, we have no value, my son! Know yourselves. Rabbul Izzat, Janabul Haqq, says: "I am Your Lord, so worship Me. "I am your Lord, worship Me." Our Lord is the Possessor of Absolute Mightiness. Allah, Allah! Wisdom is essential before knowledge. Ma'rifatullah (Divine knowledge). Where does Ma'rifat lead to? To Adab, Sheikh Mehmet Effendi! Watch this! These are the main principles. On the basis of this, humans have said either our Lord or our ego. Who are you? Please go on Shah Mardan, inform these people who we are, these so-called humans! O Shah Mardan! your friends admire you! How beautifully you are speaking! May our hearts open! May our bodies revive. "Therefore worship Me."(29:56) "Certainly, spacious is My earth." (29:56) "My Divine throne is wide". When the Divine throne is said to be wide, it means there are no limits. "Deity/Divinity only suits Me. I am your Lord. You are My servants". This reality must be known. One must know this or else he will go where satan goes. Please Shah Mardan go on. He rides his horse to the arena. When Shah Mardan rides to the arena, there can't be a rider to oppose him. He used to ride on Duldul, Sheikh Mehmet Effendi. He wasn't riding a horse but Duldul. Duldul (a mule), hasha animal...An animal between a donkey and a horse. He used to ride it. Why? Because it was good enough for him. Pride comes to the one who rides a horse. That is why Sultans ride horses but not donkeys.

Who has the right to ride a horse? He who can ride his ego, can ride a horse. They are Sultans. But one doesn't become important by riding a horse. That is, riding a horse doesn't make one a Sultan. A horse is a sign pointing to the Sultan. The horse is the majestic one among all creatures. That is why every Sultan rode a horse. They didn't ride donkeys. Hasha minal hudur. Sultans didn't ride donkeys. No! They rode horses. Riding horses, has two meanings. One

meaning is that the robe of sovereignty has been assumed. Second meaning is that he was able to ride (take control of) his ego, and was rewarded. The Sultan rides a horse. Who is Sultan? He is the one who rides the donkey of his ego. Not every horse rider is a Sultan.

Ay yaran Shah Mardan, MashAllah! Ya! If every horse rider is Sultan, there would be many of them. No! Not everyone can be a Sultan. One who can ride the animal of the ego becomes a Sultan, then a horse is given to him. One can't ride a horse before riding a donkey. Before breaking the pride of the ego's donkey, no one can be Sultan. Watch this word! Please Shah Mardan go on. Without taming the donkey of the ego, one can't be a Sultan. He can't ride a horse unless he is Sultan. The horse has been created among all creatures, for the sanctified children of Adam, for their service, honor, and as a sign of Sultanate. MashaAllah. Please Shah Mardan go on. Allah Allah. satan was riding donkey.

Janab Allah created the Prophet Adam. He created the horse too. This horse belongs to you. satan was riding a donkey. satan said, it didn't want its donkey. It wanted to ride the horse. This is where the conflict comes from. "I don't want to ride a donkey. You created him (Adam), You gave him Sultanate, as a sign of Sultanate You created the horse and placed him on the horse. I am still on a donkey" satan says. The donkey is for you since you are a donkey Hasha minal hudur, satan! It is your station that donkey is set for you. It doesn't like to ride a donkey. It said I don't like these words. It said I don't like. May dogs listen, hasha minal hudur. It doesn't make a difference if an unbeliever likes it or not. Nobility, sultanate is for the children of Adam who have faith. It is not given to everyone. Angels didn't object but prostrated immediately. They said "This is Sultan".

Other than Divine Sultanate, the Sultan Allah Dhul Jalal created for ruling the Earth is different. Divine Sultanate, is Janab Rabul Izzat's whose Majesty is unlimited. The Sultanate on Earth is given to Adam. He created the horse. He said ride the horse and rule on His behalf. What is the cause of the troubles people are facing? Hajji Mehmet. "I don't like it. I don't obey the Shariah Allah sent. It said, I don't like. It must be said, may the donkey leave dirt on its head. Shaytan said I don't like, I don't like. May the donkey leave its dirt on what shaytan likes. Hasha minal hudur. O Allah! Our Lord whose Mightiness and Magnificence are unlimited. "Fa'alun Lima Yuridu" (11:107) You do what You like, You are the Lord. Who are we to speak in Your Presence?

Not everyone riding a horse is a Sultan. There are many people riding donkeys, and so they became donkeys. Most of the people today are riding donkeys, Hajji Mehmet. By riding a donkey, what have they become like? They became donkeys. They bray, scream, kick each other, and fight. They have lost their humanity and they became donkeys. If they were on a human level, the rank given to them by Janab Allah, is to be deputies on Earth. What does this mean? Sheikh Mehmet, listen carefully! "Wa Idh Qala Rabbuka Lil mala'ikati Inni Ja'ilun Fi l-Ardi Khalifatan"(2:30) Angels bent their heads downwards. Allah! Allah Dhul Jalal Ya Rabbi! You do as you like. Who are we? That is why it is said: "One who knows his limits is the one who has wisdom". People passed beyond their limits, beyond all limits. They have lost their value. Given Sultanate, people didn't like it, but when satan called them to its way, saying to act as it did, what they did, turned the world into a fireball. "Wa La Taqtulu Anfusakum" (4:29) Do not kill each other! Illa bil Haqq. Except when it is deserved. This is the order of Shariat! You cannot interfere beyond this. O our Lord, Jalla Jalaluhu Jallat 'Azamatuhu wala Ilaha Ghayruhu. You are Subhan. You are Subhan, You are Sultan. Give us strength, O Lord! May we not depart from Your way, Ya Rabbi! May we not struggle for the world! May we busy ourselves with servanthood. Please Shah Mardan go on. Yes, we were not created for serving the world. People are heedless of this. They became servants of dunya. Being servants of dunya, they have lost their honor. Today's people have no honor! In the Angelic Realm, today's people have no honor. They are dishonorable creatures. Aman Ya Rabbi. Aman Ya Rabbi.O Shah Mardan, your words are complete truth.

When service & servanthood to the Lord is forgotten, what value does a human have? One gains no value by riding a horse, wearing gold ornamented dresses, living in golden palaces. Only when you guard your adab to the One who has created you - as the Prophet (saws), said: "addabani Rabbi", how well he taught manners to us. My Lord gave me manners. That is why "Adab Ya Hu" used to be written and hung everywhere. Watch this! May everyone learn it and hang this statement in their homes. It reminds people of their humanity. It reminds people of the sacred duty of humanity! "Adab Ya Hu". Watch your manners to Allah(jj)! Watch Adab! - No I won't keep adab. I won't ride a donkey, I will ride a horse But you don't deserve to ride a horse. You are incapable of controlling even a donkey. You can't dominate your donkey! How can you want the Sultan's ride? How can you claim the Sultan's ride? You are incapable of controlling

your own donkey! The Sovereignty, that will prevail in the Angelic realm, how could it be given to you? Tawba Ya Rabbi, tawba astagfirullah!

Give us strength Shah Mardan, Masha'Allah! How beautifully he is expressing it! What beautiful information! This is the trouble into which people have sunk, Sheikh Mehmet Effendi! They claim a empty honor and a pointless sovereignty. No! Ay Yaran Shah Mardan! He says to learn! Ay yaran Shah Mardan, the holy one, Shah Mardan says to learn adab. "Addabani Rabbi". Teach Adab my son - not knowledge but teach people adab (manners) first! When our Prophet said "Addabani Rabbi", the Glorious Prophet, the Sultanul Anbiya our Prophet(sws), points to learning adab. The station of Divine familiarity (nearness) is for them. Ill-mannered ones can't enter through that door. Where do they enter? The barn. Who is interested in straw and barley is sent to the barn. The Sultan goes to the palace. His horse is sent to the barn. Today's people left the Sultan. They only think of the pleasure of the donkey they are riding (their ego). Shame on them!

O our Lord forgive us! The first thing to learn is adab (good manners), Adab. With adab one gets nearness to the Lord (qurbiyat). "Addabani Rabbi" He didn't say "'Allamani". However, "'Allama l-Insana Ma Lam Ya'lam."(96:5) The good mannered one (the Prophet) taught the people what they didn't know. Our Prophet, Master of the universe, what he taught is being learned. "Has taught man that which he knew not." (96:5) Al Quran Al Karim is an ocean. The treasures hidden in that ocean are limitless. Sheikh Mehmet Effendi, this is the addressing of Shah Mardan! The ones like Shah Mardan exist in every century! Be lion-like! Be a lion. Don't be a cat! There are vermin who are cat-like but presume themselves to be lions. A lion is a lion. Be a lion, he says! Who can be lion-like? Good-mannered ones. Good-mannered ones are the lions who stand at the Sultan's door. Appreciate those who keep Adab; they are the guests at the Palace of Unity! May Allah grant this to us also!

Go to the ones who teach adab! There are a lot of teachers of knowledge. Who gives straw are many but who gives treasure are scarce. Watch it! May health and strength come to our bodies with these words. May these words give power to our minds. If only they kick the world, it would go like a ball, from east to west. They are the representatives of the Angelic realm, they are the ones who are Deputies. O our Lord forgive us! Ay Shah Mardan. Your friends admire you! May

we say it everyday, it will give our bodies health! May we say it, hear it! We will get strength! May we get control over our ego, our donkey of an ego. If you can't take control of it, you can't control anything else. Those who can't dominate their ego have no value. Those running in the streets are all slaves, donkeys of their egos. Tawba Ya Rabbi, tawba astagfirullah!

How well Shah Mardan informed his friends. They used to say yaran. The assembly of sohbat; Sheikh Effendi (Grand sheikh) used to say, if two come together it is the order of Tariqat for them to talk for a while. Let one speak, and the other take benefit. "Tanzilu l-Rahma". Mercy will descend on them. O our Lord! May the burden on us leave. May we open up on Your way. Let not us to be like the cat, lazy cat! Only lions are suitable for Your Door! Grant us to be at the doors of lions! Although we are not lions, may we listen to lions at their doors. May we be their friends! Success is from Janabul Haqq! Special Salat & Salam to Rasulullah and those who are on his way.

O our Lord, who let us reach this holy month, we ask You for the strength of Rajab Shahrullah, which carries Your Majestic Name. Raise the banners of Islam! May we rid ourselves of the rule of those ignorant ones who consider themselves high. Give us the power to defeat those ones, O Lord! This month carries Your Majestic Name. May those who oppress your servants finish each other. May they be punished by means of each other. You are, "Hakamun Adil" - The One Who judges with Justice. The Absolute Judgment belongs to Janabul Haqq. This month carries Your Majestic Name. It is Rajab Shahrullah! To finish the oppressors, we wait for the support of Heavens. We are looking for support on earth. We haven't found those who are appropriate for us. We want to find them, be with them and crush the oppressors. May it not be us but they, themselves, who crush each other. May their punishment not come from our hand!

SallatAllahu... May they fight each other. Tawba Ya Rabbi, tawba..

Let the banners of Islam be raised! Those who are slaves of their ego, who say the world is ours, may the world burst on their heads! Tawba Ya Rabbi, tawba astagfirullah! Huu Rabbi. Give us strength Ya Rabbi. Those servants at Your Door, who are never tired of Your service, never helpless, make us like them. Wa Salamun 'Ala l-Mursalin, Khususan 'Ala Sayyid l-Mursalin, Wa Alhamdu liLlahi Rabbi l-Alamin. Fatiha.

May You take us to Mahdi(as). May our children reach him too Ya Rabbi. May we be Your "Junudullah" (soldiers of Allah). May we be "Jundun min Junudullah". Fatiha.

## Reiten zu Pferde

Salamun `alaykum, all jene, die anwesend sind. Ay Yaran Shah Mardans, möge euer Tag gut sein. Mögen euere Angelegenheiten gut sein. Mögen wir im Guten enden. Sagen wir: Bismillahi r-Rahmani r-Rahim. Mögen Segnungen auf uns herabkommen! Leben wir für Allah (jj)! Dienen wir Allah! Es gibt nichts, was höher ist! Es gibt nichts Höheres als das Wohlgefallen unseres Herrn. Der Weg, unserem Herrn zu gefallen, geht durch den Sultanu l-Anbiya. Wenn du unserem Propheten (saws) gefallen kannst, ist Janabu l-Haqq zufrieden mit dir. Radi Allahu `anhum wa Radu `anh. Radi Allahu `anhum wa Radu `anh. Allah (jj) ist zufrieden mit ihnen. Deshalb sind die Gefährten unseres Propheten alle Radi Allahu `anhum. Janabu l-Haqq ist zufrieden mit ihnen. Wa Radu `anh. Und sie sind zufrieden mit ihrem Herrn. O unser Herr, wenn wir nicht mit Dir zufrieden sein können, mit wem können wir zufrieden sein? Ay Yaran Shah Mardans! Marhaba. Möget ihr gedeihen. Marhaba. Möget ihr nicht in Armut sein. Möge unser Tag mit Glück kommen. Sagen wir: Bismillahi r-Rahmani r-Rahim. Basmala Sharif. Subhan Allah. Es ist der Schlüssel zu allen Schätzen. Shah Mardan erklärt seinen Freunden das: Wenn ihr die Basmala Sharif rezitiert, öffnen sich alle Türen des Guten. Radi Allahu `anhum wa Radu `anh. Wenn wir den Namen des Herrn, Jalla wa `Ala, nennen, Radi Allahu `anhum, ist Allah (jj) mit uns zufrieden. "Nasu Allaha Fanasiyahum" (9:67). Was ist das größte Problem, möge es weit weg von uns sein? Es ist, Allah Dhu l-Jalal zu vergessen. Bitte mach weiter, Shah Mardan. Deine Freunde bewundern dich. Mit deinen heiligen Worten kommt Erleichterung, unser Sein belebt sich, Sorgen gehen weg, und unsere Ehre nimmt zu. Bitte Shah Mardan, mach weiter, die Arena ist dein. Wir küssen deine Füße und deine Steigbügel. Wir bitten dich um Hilfe! Bittet große Menschen um Hilfe. Verlangt Hilfe vom Besitzer einer großen Tür. Bitte Shah Mardan, mach weiter! Er, der um Hilfe bittet, in welcher Weise sollte er bitten? In der Weise des Adab. Die Weise des Adab ist der Schlüssel für alle Schätze. Es ist Adab, der uns veranlaßt, uns Allah Dhu l-Jalal zu nähern, Seinem Habib Kibriya, Shah Mardan. Schlecht-Erzogene werden ausgestoßen. Gut-Erzogene werden angenommen. Deshalb erklärte unser Prophet (saws): "Addabani Rabbi". Er sagte nicht "Allamani", sondern "Addabani". Einer der Heiligen der alten Zeit sagte: Ich suchte in den Versammlungen der Weisheit,

Weisheit ist das letzte, Adab kommt zuerst, Adab zuerst. Man kann sich dem Herrn nicht mit Wissen nähern, aber man kann sich nähern mit Adab. Allah (jj) zeigte uns das beste Benehmen in Seinem Habib (saws). Shah Mardan lernte vom Propheten und erzählte seiner Ummah von diesem Benehmen. Allahumma Zid'hu `Izzan wa Sharafan, Nuran wa Sururan wa Ridwanan wa Sultanan. Allah Allah, Allah Allah.

Ein Mensch, wenn er sein Mensch-Sein vergißt, wird ein Shaytan. Die heutigen Menschen haben ihr Mensch-Sein vergessen. Wenn immer das Mensch-Sein vergessen wird, entweder menschlich oder shaytanisch, Mensch oder Shaytan? Shaytan ist eine Form der Schöpfung. Der Vertreter, den Janabu l-Haqq erschuf, ist anders. Er hat den höchsten Rang. Der Vertreter, die Kinder Adams sind als Vertreter bestimmt, als eine neue Schöpfung. Shaytan gehörte zu den Engeln, aber er war rebellisch gegen seinen Herrn, als er nicht bekam, was er wollte. Er wollte die Rangstufe des Vertreters. 'Nein, Ich habe das nicht, um es dir zu geben. Ich gebe, wem immer Ich will. Dir wird die Stufe gegeben, die eingerichtet wurde für dich. Misch dich nicht in Mein Geschäft ein', sagte der Herr. Misch dich nicht in Meine Angelegenheiten ein. Allah Dhu l-Jalal Jalla Jalaluhu, Jalla `Azamatuhu: Misch dich nicht in Meine Angelegenheiten ein. Du bist Diener. Wenn du dich einmischt, wird dir die Dienerschaft entzogen. Shaytan war hartnäckig. Er sagte: Ich werde mich einmischen. 'Ich hätte der sein müssen, dem dieser Rang gegeben wurde. Du hast ihn mir nicht gegeben!' 'Geh weg! Du hast Wissen erworben, aber kein Benehmen.' Janabu l-Haqq sagte den Engeln, ihn wegzustoßen von Seiner Tür. Sie warfen Shaytan hinaus. In dieser Gegenwart, "In Meiner Gegenwart kann es keine Rebellen geben.' Der Befehl ist Mein. Das Urteil ist Mein! "Al Hukm Lillahi l-`Aliyu l-Kabir." Allahu Akbar. Die Menschen vergessen immer wieder. Sie denken, das Urteil ist ihres. Nein! Es gibt so viele Mächtige Engel, aber sie erzittern vor der Mächtigkeit Allahs (jj). Sie zittern aus Furcht, aus der Göttlichen Gegenwart verstoßen zu werden. Shaytan benahm sich sehr schlecht. Er sagte 'Ich'. Sprich nicht in Meiner Gegenwart. Ich bin Dein Herr, Der dich erschaffen hat. Ich habe dir so viel geschenkt. Du hast Meine Herrschaft nicht anerkannt, sondern du beanspruchst deine eigene Herrschaft. Nein! Den Menschen Manieren beizubringen, das zeigt die Ehre der Menschheit. "Wa Laqad Karramna Bani Adam" (17:70). Er sagt nicht "Bani Djinn".. oder Er sagt auch nicht 'Engel'. Der respektierte Rang, der niemand anders gegeben wurde, Ehre und Sultanat. Allah sagte: Ich gab Meinem Diener Adam, den Ich erschuf. Allen Engeln wurde befohlen, sich vor ihm niederzuwerfen. Alle

warfen sich nieder und sagten: Du bist unser Herr. "Fa`alun lima Yuridu" - Er tut, was Er will (11:107). 'Du tust, was Du willst. Das Absolute Urteil ist Dein, o Herr. Wer sind wir, uns gegen Dich zu stellen, o Herr! Mögest Du uns vergeben!' Sie zitterten.

Shaytan war Diener. Er wollte die Dienerschaft überwinden. Was ist jenseits der Dienerschaft, Hajji? In der Gegenwart Allahs, was ist jenseits der Dienerschaft? O Meine Diener, fürchtet Mich! "Inna Ardi Wasi`atun Fa'iyyaya Fa`buduni" (29:56). Allahu Akbar. Wie schön! Die Majestätische Ansprache. Beachte das, Hajji! Sieh die Majestät des Quranu l-Karim! Allah Dhu l-Jalal, Aman ya Rabbi! Tawba ya Rabbi! Wer sind wir? Wer sind wir? Einer, der seine Grenzen kennt, ist der, der Weisheit hat. Bis wir uns nicht selbst kennen, haben wir keinen Wert, mein Sohn! Kennt euch selbst! Rabbu l-`Izzat, Janabu l-Haqq sagt: "Ich bin Euer Herr, also betet Mich an! Ich bin euer Herr, betet Mich an! Unser Herr ist der Eigner der Absoluten Mächtigkeit. Allah Allah! Weisheit ist unerläßlich vor dem Wissen. Ma`rifatullah - Göttliches Wissen. Wohin führt Ma`rifat? Zu Adab, Shaykh Mehmet Effendi. Beachtet das! Dies sind die Hauptrichtlinien. Auf dieser Grundlage haben die Menschen entweder 'unser Herr' oder 'unser Ego' gesagt. Wer seid ihr? Bitte mach weiter, Shah Mardan. Informiere diese Menschen, wer sie sind, diese sogenannten Menschen! O Shah Mardan! Deine Freunde bewundern dich! Wie schön sprichts du! Mögen unsere Herzen sich öffnen! Mögen unsere Körper sich beleben! 'Deshalb betet Mich an' (29:56). 'Meine Erde ist weit' (29:56). Mein Göttlicher Thron ist weit. Wenn der Göttliche Thron weit sein soll, bedeutet das, es gibt keine Grenzen. Göttlichkeit geziemt nur Mir. Ich bin der Herr. Ihr seid Meine Diener. Diese Wirklichkeit muß bekannt sein. Man muß das wissen, sonst geht er, wohin Shaytan geht.

Bitte Shah Mardan, mach weiter. Er reitet sein Pferd in die Arena. Wenn Shah Mardan in die Arena reitet, kann es keinen Reiter geben, der ihm widersteht. Er pflegte auf Duldul zu reiten, Shaykh Mehmet Effendi. Er ritt nicht auf einem Pferd, sondern auf Duldul. Duldul, einem Maultier, ein Tier zwischen Esel und Pferd. Er pflegte auf ihm zu reiten. Warum? Weil es gut genug für ihn war. Stolz kommt zu dem, der auf einem Pferd reitet. Deshalb reiten Sultane Pferde, aber keine Esel. Wer hat das Recht, ein Pferd zu reiten? Der, der sein Ego reiten kann, kann ein Pferd reiten. Sie sind Sultane. Aber man wird nicht wichtig durch das Reiten auf einem Pferd. Das heißt, auf einem Pferd zu reiten, macht einen nicht zum Sultan. Ein Pferd ist ein Zeichen, das auf den Sultan weist. Das Pferd ist das majestätische unter allen Geschöpfen. Deshalb ritt jeder

Sultan ein Pferd. Sie ritten keine Esel. Hasha mina l-Hudur. Sultane ritten keine Esel. Nein! Sie ritten Pferde. Pferde zu reiten, hat zwei Bedeutungen. Eine Bedeutung ist, daß das Gewand der Herrschaft übernommen wurde. Die zweite Bedeutung ist, daß er fähig war, sein Ego zu kontrollieren, und belohnt wurde. Der Sultan reitet ein Pferd. Wer ist Sultan? Es ist derjenige, der den Esel seines Egos reitet. Nicht jeder Reiter zu Pferd ist ein Sultan. Ay Yaran Shah Mardans, ma sha' Allah! Ya! Wenn jeder Reiter zu Pferde ein Sultan wäre, gäbe es viele von ihnen. Nein! Nicht jeder kann Sultan sein. Einer, der das Tier des Egos reiten kann, wird Sultan, dann wird ihm ein Pferd gegeben.

Man kann kein Pferd reiten, bevor man einen Esel reitet. Bevor er nicht den Stolz von des Egos Esel gebrochen hat, kann niemand Sultan sein. Achtet auf diese Worte! Bitte Shah Mardan, mach weiter. Ohne den Esel des Egos zu zähmen, kann man kein Sultan sein. Er kann kein Pferd reiten, wenn er kein Sultan ist. Das Pferd wurde geschaffen unter allen Geschöpfen für die geheiligten Kinder Adams, ihnen zu Diensten, als Ehrung und als Zeichen des Sultanats. Ma sha' Allah. Bitte Shah Mardan, mach weiter. Allah Allah. Shaytan ritt einen Esel. Janabu Allah erschuf den Propheten Adam. Er erschuf auch das Pferd. Dieses Pferd gehört euch. Shaytan ritt einen Esel. Shaytan sagte, er wollte den Esel nicht. Er wollte das Pferd reiten. Daher kommt der Konflikt. Ich will keinen Esel reiten. Du hast ihn geschaffen, Du gabst ihm das Sultanat, als Zeichen des Sultanats erschufst Du das Pferd und setztest ihn darauf. Ich bin immer noch auf dem Esel, sagte Shaytan. Der Esel ist für dich, da du ein Esel bist. Hasha mina l-Hudur, Shaytan! Es ist deine Stufe, dieser Esel ist bestimmt für dich. Er mag keinen Esel reiten. Er sagt, Ich mag diese Worte nicht. Er sagt, Es gefällt mir nicht. Mögen Hunde zuhören, hasha mina l-Hudur. Es macht keinen Unterschied, ob ein Ungläubiger es mag oder nicht. Adel, Sultanat ist für die Kinder Adams, die Glauben haben. Es wird nicht jedem gegeben. Die Engel widersprachen nicht, sondern warfen sich sofort nieder. Sie sagten: Dies ist der Sultan.

Anders als das Göttliche Sultanat ist das Sultanat, das Allah Dhu l-Jalal schuf, um die Erde zu regieren. Es ist anders. Das Göttliche Sultanat ist Janab Rabbu l-`Izzats, dessen Majestät unbegrenzt ist. Das Sultanat auf der Erde wurde Adam gegeben. Er erschuf das Pferd. Er sagte, reite das Pferd und herrsche in Seinem Namen. Was ist der Grund für die Probleme, denen die Menschen gegenüberstehen, Hajji Mehmet? 'Es gefällt mir nicht. Ich gehorche der Shariat nicht, die Allah gesandt hat.' Er sagte: Es gefällt mir nicht. Es muß gesagt werden, möge der Esel Dreck

auf seinem Kopf lassen. Shaytan sagte: Es gefällt mir nicht. Es gefällt mir nicht. Möge der Esel seinen Dreck auf dem lassen, was Shaytan gefällt. Hasha mina l-Hudur. O Allah! Unser Herr, dessen Mächtigkeit und Herrlichkeit unbegrenzt sind. "Fa`alun Lima Yuridu" (11:107). Du machst, was dir gefällt, Du bist der Herr. Wer sind wir, in Deiner Gegenwart zu sprechen? Nicht jeder, der ein Pferd reitet, ist ein Sultan. Es gibt viele, die reiten Esel, und so werden sie Esel. Die meisten Menschen heute reiten auf Eseln, Hadji Mehmet. Dadurch, daß sie einen Esel reiten, sind sie was geworden? Sie wurden Esel. Sie machen I-A, schreien, stoßen sich gegenseitig und kämpfen. Sie haben ihr Mensch-Sein verloren und wurden Esel. Wären sie auf einer menschlichen Stufe, würde der Rang, der ihnen gegeben würde von Janab Allah, der des Stellvertreters auf Erden sein.

Was heißt das? Shaykh Mehmet, hör genau zu! "Wa Idh Qala Rabbuka Li l-Mala'ikati Inni Ja`ilun fi l-Ardi Khalifatan" - Und als dein Herr zu den Engeln sprach: Wahrlich, Ich werde auf der Erde einen Nachfolger einsetzen (2:30). Die Engel beugten ihre Köpfe nieder. Allah, Allah Dhu l-Jalal ya Rabbi! Du tust, was Du willst. Wer sind wir? Deshalb heißt es: Einer, der seine Grenzen kennt, ist derjenige, der Weisheit hat. Die Menschen haben ihre Grenzen, alle Grenzen überschritten. Sie haben ihren Wert verloren. Als ihnen das Sultanat gegeben wurde, gefiel es den Leuten nicht, aber als Shaytan sie zu seinem Weg rief und ihnen sagte, zu handeln wie er, verwandelte, was sie taten, die Welt in einen Feuerball. "Wa la Taqtulu Anfusakum" (4:29). Tötet einander nicht! "Illa bi l-Haqq" - Außer mit Recht. Das ist der Befehl der Shariat. Du kannst darüber hinaus nicht eingreifen. O unser Herr, Jalla Jalaluhu Jallat `Azamatuhu wa la ilaha Ghayruhu. Du bist Subhan. Du bist Subhan, Du bist Sultan. Gib uns Kraft, o Herr! Mögen wir nicht von Deinem Weg abweichen, ya Rabbi! Mögen wir uns nicht um die Welt mühen. Mögen wir uns mit der Dienerschaft beschäftigen. Bitte Shah Mardan, mach weiter. Ja, wir wurden nicht geschaffen, um der Welt zu dienen. Die Menschen sind dessen achtlos. Sie wurden die Diener der Dunya. Dadurch, daß sie Diener der Dunya sind, haben sie ihre Ehre verloren. Die heutigen Menschen haben keine Ehre! Im engelhaften Bereich haben die heutigen Menschen keine Ehre. Sie sind unehrenhafte Geschöpfe. Aman ya Rabbi. Aman ya Rabbi.

O Shah Mardan, deine Worte sind die vollkommene Wahrheit. Wenn Dienst und Dienerschaft an dem Herrn vergessen werden, welchen Wert hat ein Mensch noch? Man gewinnt keinen Wert

durch das Reiten hoch zu Roß, durch das Tragen goldbestickter Kleider, durch das Leben in goldenen Palästen. Nur wenn ihr den Adab wahrt dem Einen gegenüber, Der euch erschuf, wie der Prophet (saws) sagte: "Addabani Rabbi". Wie gut er uns Adab lehrte! Mein Herr gab mir gutes Benehmen. Deshalb schrieb man früher "Adab Ya Hu" und hängte es überall auf. Achtet darauf! Möge es jeder lernen und diese Aussage in seinem Haus aufhängen. Es gemahnt die Menschen an ihr Mensch-Sein. Es gemahnt die Menschen an die heilige Pflicht des Mensch-Seins! "Adab Ya Hu". Achtet auf euer Benehmen Allah (jj) gegenüber! Achtet auf Adab! Nein, ich wahre keinen Adab. Ich reite keinen Esel. Ich reite ein Pferd. Aber du verdienst es nicht, ein Pferd zu reiten. Du bist nicht einmal fähig, einen Esel zu kontrollieren. Du kannst deinen Esel nicht beherrschen! Wie kannst du das Reittier des Sultans wollen? Wie kannst du das Reittier des Sultans beanspruchen? Du bist unfähig, deinen eigenen Esel zu kontrollieren! Die Oberhoheit, die im engelhaften Bereich vorherrscht, wie könnte sie dir gegeben werden? Tawba ya Rabbi, Tawba Astaghfirullah.

Gibt uns Kraft, Shah Mardan, ma sha' Allah! Wie schön er es ausdrückt! Was für schöne Informationen! Das ist das Problem, in das die Menschen geraten sind, Shaykh Mehmet Effendi! Sie beanspruchen eine leere Ehre und eine sinnlose Oberhoheit. Nein! Ay Yaran Shah Mardans! Er sagt, ihr sollt lernen! Ay Yaran Shah Mardans, der Heilige, Shah Mardan, sagt, ihr sollt Adab lernen. "Addabani Rabbi". Lehre Adab, mein Sohn, nicht Wissen, sondern lehre die Menschen zuerst Adab! Als unser Prophet sagte "Addabani Rabbi", der glorreiche Prophet, der Sultanu l-Anbiya, unser Prophet (saws) deutet auf das Lernen von Adab. Die Stufe der Göttlichen Vertrautheit ist für sie. Schlecht-Erzogene können durch diese Tür nicht eintreten. Wo treten sie ein?

In den Stall. Wer sich für Stroh und Gerste interessiert, wird in den Stall geschickt. Der Sultan geht in den Palast. Sein Pferd wird in den Stall geschickt. Die heutigen Menschen haben den Sultan verlassen. Sie denken nur an das Vergnügen des Esels, den sie reiten, ihr Ego. Schande auf sie! O unser Herr, vergib uns. Das erste, was zu lernen ist, ist Adab, gutes Benehmen. Adab. Mit Adab gewinnt man Nähe zum Herrn, Qurbiyat. "Addabani Rabbi". Er sagte nicht "Allamani". Jedoch, "Allama l-Insana ma lam Ya`lam" (96:5). Der Gut-Erzogene, der Prophet, lehrte die Menschen, was sie nicht wußten. Unser Prophet, Meister des Universums, was er lehrte, wird gelernt. Er lehrte den Menschen, was er nicht wußte (96:5).

Al Quranu l-Karim ist ein Ozean. Die Schätze, die in diesem Ozean verborgen sind, sind grenzenlos.

Shaykh Mehmet Effendi, dies ist die Ansprache Shah Mardans. Diejenigen wie Shah Mardan gibt es in jedem Jahrhundert. Seid wie Löwen! Seid Löwen. Seid keine Katzen. Es gibt Ungeziefer, das katzenähnlich ist, aber sich anmaßt, Löwen zu sein. Ein Löwe ist ein Löwe. Seid Löwen, sagt er! Wer kann wie ein Löwe sein? Gut-Erzogene. Gut-Erzogene sind die Löwen, die an der Tür des Sultans stehen. Würdigt die, die den Adab wahren. Sie sind die Gäste im Palast der Einheit. Möge Allah uns das auch gewähren! Geht zu denen, die Adab lehren! Es gibt eine Menge Lehrer des Wissens. Die Stroh geben, sind viele, aber die Schätze geben, sind selten. Paßt auf! Mögen Gesundheit und Kraft zu unseren Körpern kommen mit diesen Worten. Mögen diese Worte unserem Verstand Kraft geben. Wenn sie nur die Welt anstießen, würde sie wie ein Ball von Ost nach West schießen. Sie sind die Vertreter des engelhaften Bereiches. Sie sind diejenigen, die Stellvertreter sind. O unser Herr, vergib uns! Ay Shah Mardan. Deine Freunde bewundern dich. Mögen wir es jeden Tag sagen, es gibt unseren Körpern Gesundheit. Mögen wir es sagen, hört es! Wir bekommen Kraft!

Mögen wir die Kontrolle über unser Ego bekommen, unseren Esel eines Egos. Wenn du es nicht unter Kontrolle bringst, kannst du nichts anderes kontrollieren. Jene, die ihr Ego nicht beherrschen können, haben keinen Wert. Jene, die durch die Straßen laufen, sind alles Sklaven, Esel ihrer Egos. Tawba ya Rabbi, Tawba Astaghfirullah! Wie gut Shah Mardan seine Freunde informiert. Sie pflegten Yaran zu sagen. Die Versammlung des Sohbats. Shaykh Effendi (Großshaykh) pflegte zu sagen: Wenn zwei zusammenkommen, ist es der Befehl der Tariqat für sie, eine Weile zu reden. Einer soll sprechen, und der andere zieht Nutzen daraus. "Tanzilu r-Rahma". Gnade wird auf sie herabkommen. O unser Herr, möge die Last von uns gehen. Mögen wir uns öffnen auf Deinem Weg. Laß uns nicht wie die Katze sein, die faule Katze. Nur Löwen sind angemessen an Deiner Tür. Gewähre uns, an den Türen von Löwen zu sein. Obwohl wir keine Löwen sind, mögen wir Löwen an ihren Türen zuhören. Mögen wir ihre Freunde sein! Erfolg ist von Janabu l-Haqq! Besonderes Salat und Salam für Rasulullah und jene, die auf seinem Weg sind. O unser Herr, Der uns diesen heiligen Monat erreichen ließ, wir bitten Dich um die Stärke des Rajab Shahrullah, der Deinen Majestätischen Namen trägt. Hißt die Banner des Islam! Mögen wir uns von der Herrschaft dieser Ignoranten befreien, die sich selbst als hoch betrachten! Gib uns die Macht, diese zu besiegen, o Herr! Dieser Monat trägt Deinen Majestätischen Namen. Mögen jene, die Deine Diener unterdrücken, sich gegenseitig erledigen. Mögen sie bestraft werden

einer vermittels des anderen. Du bist "Hakamun Adil" - Derjenige, Der richtet mit Gerechtigkeit. Das Absolute Urteil gehört Janabu l-Haqq. Dieser Monat trägt Deinen Majestätischen Namen. Es ist Rajab Shahrullah. Um die Unterdrücker zu erledigen, warten wir auf die Unterstützung der Himmel. Wir suchen Unterstützung auf der Erde. Wir haben diejenigen, die richtig für uns sind, nicht gefunden. Wir wollen sie finden, mit ihnen sein und die Unterdrücker vernichten. Mögen nicht wir es sein, sondern sie selbst, die sich gegenseitig vernichten. Möge ihre Bestrafung nicht von unserer Hand kommen! Sallat Allah.. Mögen sie sich gegenseitig bekämpfen! Tawba ya Rabbi, Tawba.. Laßt die Banner des Islam hissen! Jene, die Sklaven ihres Egos sind, die sagen, die Welt ist unser, möge diese Welt auf ihren Köpfen platzen! Tawba ya Rabbi, Tawba Astaghfirullah! Huu Rabbi. Gib uns Kraft, ya Rabbi. Jene Diener an deiner Tür, die nie müde werden, Dir zu dienen, nie hilflos, mach uns wie sie! Wa Salamun `ala l-Mursalin, Khususan `ala Sayyidi l-Mursalin. Wa l-Hamdulillahi Rabbi l-`Alamin. Fatiha. Mögest Du uns zu Mahdi (as) tragen. Mögen unsere Kinder ihn auch erreichen, ya Rabbi. Mögen wir Deine "Jundullah" (Soldaten) sein. Mögen wir "Jundun min Jundullah" sein. Fatiha.

## The Righteous One’s Day

Jamali ba Kamali, with the honor of your honorable Habib (sws) and the honor of the honorable Awliya don't deprive us of their pleasure, Ay Rabbun Jalil. You are Rabbun Jalil (Majestic Lord.) He doesn't make his servants zalil (wretched). Shukr Ya Rabbi, Fatiha Malikul Quddusu s-Salamu l-Mu'uminu l-Muhayminu l-Azizu l-Jabbaru l-Mutakabbir Subhana Allahi Amma Yushrikun (59:23) Huwa Allahu l-Khaliqu l-Bariu l-Musawwiru Lahu l-Asmau l-Husna Yusabbihu Lahu Ma Fis-Samawati Wal Ard Wa Huwa l-Azizu l-Hakim (59:24) Huwa alAwwalu wal akhiru wa dh-Dhahiru wal batin wa huwa bikulli shayin alim Ay Rabbi, your lutf (kindness) has no limit or boundaries Ya Rabbim, from your ocean of kindness... we certainly have a share from it also; we are weak Qawwi da'fana fi Ridak - give us strength on the path to your satisfaction, our Mawla, so we wont be disgraced. Who's disgraced? The one who follows his ego. The one who runs after satan is rezil (disgraceful) Ay Rabbim, Ya Rabbana Ijalna fi Hifdhika wa Amanika Ya Rabbi, Ya Rabbim.
We want to swim in your ocean of Mercy Bismillahir Rahmanir Rahim. We want to dive in your oceans. I don't know. Those are the oceans of Jamalullah, oceans of Allah's Beauty. Allahumma Salli wa Sallim wa Barik Ala Habibika Muhammad Sayyidil Awwalin wal Akhirin Muhammad al-Mustafa I should stand up, Ay Rabbim forgive us. Ay Rabbim forgive us. Fatiha.
Tawba Ya Rabbi, Tawba Ya Rabbi Tawba Astaghfirullah - forgive us our Lord. Marhaba O Believers - O believers, the ones with light on their faces, Marhaba to them. O beloved ones, Marhaba to you. Today is a new day, a day coming with a new manifestation; a brand new day, not a day that was used before. Today is a different, new day. Khallaqun Adheem, His Greatness is never ending. He is the Creator, stand up!
Give us strength, our Mawla. Yawm ... the day of good/righteous ones; it's the day of the good/righteous ones. Today the good/righteous are happy. Who is a good/righteous one? The one who recognizes his Lord . Who is good/righteous? The one who mentions Allah's (swt) dignified Name... Bismillahir Rahmanir Rahim Ay, Ya Ma'shar al Jinni wal Ins oh people and jinn Look, what there is. We said Bismillahir Rahmanir Rahim. The dress of greatness is being dressed. What am I? I am rubbish. if you say, Bismillahir Rahmanir Rahim, dignity will come on you. If they say, "destroy the world", I will destroy it. I am nothing, I am like dirt; however, will power... was given to our Master (sws), and from him, it can reach to whomever he wishes. If he says, "destroy", like a ball... the earth will be thrown off its axis, everything will be upside down and in its place He'll create another one.
He is the Creator, our Lord is the Creator. Hal min Khaliqin Ghayrullah Aman Ya Rabbi, Aman Ya Rabbi. Hasha thumma kalla. Who can claim that he is a creator? Very well, if you claim that you are a creator... then create a world as big as this world. Well that is too big.

Create something the size of a particle. But that is too small, I can't see it. That means, unlimited greatness... is under the order of Allah (swt). Kun Fayakun Idha Arada Shay'aan An Yaqula Lahu Kun Fayakunu (36:82) Whatever our Lord wants, He says, "Be" and right away... before letter 'kaf' reaches letter 'nun' it will happen. Allahu Dhul Jalal (swt) O our Lord, today... let today be the day satan is crushed so he does not bother us, so he stays away from us.
Very well My servant, if that is what you want... then say La ilaha illaAllah Hasni say La ilaha illaAllah, because it is My castle. Wa man dakhala hasni amina min adhabi. He entered My castle, "dakheelak", accept us our Lord. The enemy behind us wants to destroy us. Protect us our Lord. If that is so, then enter My castle. My castle is: La ilaha illaAllah. No one can conquer that castle. Whoever tries to prevent saying La ilaha illaLlah, I turn him to dust and smoke. I throw them away; neither their name nor their honor is left, besides, they don't have a name or any honor anyway. Allahu Allah Allahu Allah Allahu Allah Allahu Rabbi Allahu Rabbi Allahu Rabbi, Hasbun Allah Hasbun Allah Hasbun Allah wa ni'mal wakil. MashaAllah, we have reached the day of good/righteous ones, oh beloved ones.
Listen, Listen! so that your eyes and heart will open, and you will be clean and relieved. My work... what work do you have? You want your work to go smoothly, but what? Are you asking for dua (prayers) for collecting manure? Go do your work. What work is it? Collecting trash? The one running after a carcass should be ashamed. He should be ashamed to say, "Ya Rabbi, give me this and that". ilahi Anta Maqsudi ilahi Anta maqsudi wa ridaka matlubi O our Lord, our beautiful Lord my desire is You (Allah swt). I do not desire anything other than You. I am wanting You and what You want - this is my purpose. On which way do You want me to be, O my Lord? 1000 salutes.
One soldier in front of a corporal, if the corporal says something... he stands gives salute and says, "as you order". It is military training. How does a soldier address a corporal who is higher rank than he is? He can't even speak to the other ones and to the corporal, 'as you say, as you order'. But he is a person just like you, but his name is corporal or sergeant, or munazim. when you stand in front of him and he says something to you... you say "as you order my commander". Yes, you say it very nicely. This military is to train man. You will be trained. Your life should be based on organization and order. You cannot do whatever you want, the ones who do that are in the jungle. it said, be a soldier, why? military service breaks the 'dryness' of the ego.

It is training, what does it teach? "As you command, my captain" - what nice manners. Do military service for 3 days; send them, but not too long. Don't make them to be fed up and bored with it. Don't make them rebellious.
They are humans like you. Train them, so when they leave, they know who's above and below (in rank). To know who's above and respect them; to know who's below and have mercy for them To protect, to defend the weak and greet those above them with respect - this is humanity, this is a soldier. Soldiers are not for oppressing people. No. Soldiers, if there is someone above them... how to respect them, which orders they must obey... These are the things the military teaches. The ones above should not oppress, shouldn't force the lower ones to rebel; this is the meaning & summary of military If you abuse peoples' children... if you say, I have the right by law and abuse them. "Why did you oppress them?" they will ask you and then a punishment will come to you. If you are oppressing, ask where will Allah overcome you? If he wants, he will make you crushed under peoples' feet or under cars. If he wants, in airplanes or at school. If he wants, outside of school. Don't oppress people! If you do, one day Allah (swt) will make you crushed. The arabs say, Man Dakka Dukka. Whoever hits, he will also be hit. To force (Jabbar) is not good. The attribute, Jabbar, belongs to Allah (swt). Man cannot be Al Jabbar(the Compeller). Man must be good mannered, must be merciful, must be cultured and good mannered; must have faith. There cannot be a soldier without faith. Soldiers without faith are from satan's regiment. They are useless, if they hear 'Boom' they will fall down. Be the soldiers of Allah (swt). Who's soldiers are you? I'm a soldier for the Republic. What is this Republic? May a wasp sting your tongue! Why don't you say, we are soldiers for Allah. I am my Lord's soldier. Who are you fighting against? I am fighting against the bad ones. Who are you fighting against? I am fighting oppressors. Who are you fighting against? I am fighting those following satan. Don't touch oppressed ones. Don't let them say o or something falls on your head. Either your head will break or your hand or arm or, inside your airplane you will burn to ashes - you won't be recognizable.

Officer, all these... Pashas - what happened? They all burned to ashes and what happened to their ranks?
Oh Sheikh, are you becoming senile? No, I am not senile... am I that old that you are calling me senile...? No. Who was driving the plane? There was one captain. There was some doubt about

him. How? Did he not know his job? He knew, sheikh but... a slap came from the sky because they became proud - I am a sir, I am pasha; saying, I am this and that, a general 'meneral'. Lightening and fire came from above. Is it helicopter or holicopter or airplane, as soon as it was hit... it was destroyed, burnt, and finished. This is what happened, they say. O commanders of the army, pashas- don't be proud! Don't be proud! Yes, yesterday you were wearing the Ottoman uniform - the Ottomans, who were for 1000 years... carrying the banner of Islam. And you carry the flag of Turkish Republic that is why you should fear Allah (swt). You're not raising the banner of Allah. You're not ordering them to - and it is the banner of our grandfathers. It is the banner given to them by our Lord. It has honor. It is the banner of: La ilaha illaLlah Sayyidina Muhammadur Rasulullah.

Did you teach this? No you didn't, but... A'iddu lahum abda. We respect and take note of what they say, then we hit them on the head. At that time, Pharaoh also said at the end, 'I am a god.' He followed satan. He claimed godliness. Finally, when drowning in the sea, "Oh my Lord... I was Your servant and I didn't know it... Forgive me o my Lord," he started to scream. Al ama. I was waiting for this time to confess. You wait until they hit you on the head? Why didn't you use the mind given you? Why didn't you say, O my Lord. "No, I became drunk with my uniform". The soldiers of today... they look at the stars on their shoulders or the swords... or the crowns, and think themselves to have prestige. Well, I am saying take them off for one day. They make so many ceremonies, and... they wear the most fancy uniforms.

One day, one... crazy man was looking... and saw a very proud person coming... the leader, a sir or pasha, whatever. Right in the middle of the assembly and ceremony... When the pasha stood in salute, he came close by... and pulled his pants down and pulled off his jacket and took off his hat. What happened? The pasha is left in the arena with underwear and shirt. Where this come from oh pasha? All of a sudden someone came... the pasha wasn't thinking straight due to the ceremony and didn't notice... in all the excitement, he pulled his pants came off;his uniform came off. He was left there like a stork. O son what's this?Quickly bring him somehthing. Don't you have a coat that you can wear, a blanket? What blanket? In the middle of the ceremony, are we going to carry bed and blankets for you? Well, a crazy person came. Well, where is he? Is there anyone who is not crazy there? You made everyone crazy; from your greatness and pride... from seeing yourself (like this) What? General. They don't say, mushir or ferik, those are old

expressions. According to new expressions, he is a pasha, a general. Now why is he sitting on the floor? Well, everything is in the open (naked). The fellow has left, what will we do? But who did this? Look right and left. A man showed up, undressed him and made him sit; he had a secret. Can Allah (swt) make it happen? Yes He can. Be afraid from Allah (swt). Don't become proud.

In the past, that is what they would tell the Sultan when they came out to Friday ceremonies. The people would shout: "Long live the Sultan." Another group says: "My Sultan, don't be proud; greater than you is Allah." When they said that, the Sultan would bow his head, like this. These ones don't allow anyone to say, either the name of Sultan or of Allah. One day, if they leave them with underwear and shirt during ceremony... not at all... Should they ask, how did this happen? Their noses are up high. They don't put on their heads what our grandfathers put and... they put on their heads what the enemies of Islam wear and for that they think we are something. You are nothing! You will see, someone will come out of nowhere... and leave you in the middle of the ceremony in underwear and shirt.
Don't say I am prime minister, I am president. Don't say, I am leader of military, commander of army. You are human. Don't be proud of your dress. Those who are proud of their dress have no mind, no idea, no will - just a dry/tasteless show, nothing else. If they hear 'boom' they will all disappear. Fear Allah (swt)! Make people say, Allahu Akbar. Why don't you make them say during ceremonies, Allahu Akbar Allahu Akbar La ilaha illaAllah Hu Allahu Akbar Allahu Akbar wa lillahi l Hamd?
O kings! The kings and princes of Arabs, Turk's presidents, Iran's made-up presidents, why don't you say to your soldiers, Allahu Akbar Allahu Akbar La ilaha illaLlahu Allahu Akbar. Look, it is being said with an oath. Allahu Akbar, it is being said, wa liLlahi l-hamd. Bow down, prostrate to our Lord, right here,don't look for a prayer rug, with your uniform, quickly go down in prostration, if not... they will leave you there like a little chick that doesn't have feathers yet. Adab, that is what a holy person said in the assembly of wise ones - My only request, knowledge was the last... meaning: Every level comes later except adab, except good manners. Learn and get used to this! Why were they afraid of our grandfathers... the kafir (disbelievers) of the west? Because of their good manners, their good manners towards their Lord.
If Christians had minds, would they bring their God from heaven to hang on cross? They say, we

have a religion. Is this how your religion is? Where was Jesus? In heaven. Who is he? Allah's son. Hasha Very well, then what happened? Did his father get angry with him? No. He just sent him to earth, he was sent down to earth. And then? Can something that his father doesn't want, happen? No. His father, since he was his father... his father sent him to earth so you can hang him on cross? Spit on you and the falsehood you believe in. The old pope left, a new one came. I wil ask the new one too. Was Jesus Christ in heaven? Or was he on earth? In heaven. Very well, next to who? He sat next to Allah (swt) Very well, who is Allah (swt)? His father. Astaghfirullah Hasha thumma kalla. That cannot be, but that is what you believe. Does Allah (swt) not have any power, if that was His son, to protect him as He wishes? Allah. Leave Allah (swt)... Would you send your son out of your palace... and send him to the guillotine? Would the king of the palace send his own son to be beheaded by guillotine? Or send him to be hanged? Or send him to be crucified on cross? What kind of false belief is this?

Well, the cardinals are saying this. Those cardinals have no mind, no idea, because they are wearing dresses. What is pope? What is it to you? You, who call Jesus Christ the son of Allah (swt) - well, if he is Allah's son, Allah (swt) sent His son to earth... to be hung on a cross? What kind of false belief is this? You're not ashamed? You raise your nose to Islam, shame on you. Let your most learned man come and tell me. The words being said here are words of Haqq. Those who don't listen, one day Allah (swt) will bring them to this state.
I am an old man at this old age. I am a weak servant, but they are making me speak. My words... are words from the divine Books. Don't say this is not there, this is not there. Allah sent His son to earth - is that what they say? Yes, very well... ask the leader of the Copts... Did Allah (swt) send His son to earth to be hung on a cross? What's this religion of yours? You're not ashamed to say you have a religion? The Allah (jj) that you recognize... but you couldn't get to know Him. Let's say as you do... it is His son...o Leader of Aqbat!.. you send your son to the people... this sacrifice is your way? Take him and hang him, forgive him - would he say this? O leader of Aqbat, tell me. Answer. If Jesus is the son of Allah (swt)... would He send him and say, "Oh other people that I created... take him and hang him on a cross"? Well, what fault did Jesus have to be hung on a cross? Why was he going to be crucified? Allah (swt), just out of nowhere, sent Jesus, the one you call His son... sent him to earth to be crucified?

And then says whoever worships and kisses this cross, I will save them. That Allah that you recognize, Allah (jj)... the God that you recognize, if He was a God... would He give his son as a sacrifice? To whom is He sacrificing him to? For you? For rubbish people like you? He's sacrificing his son? What kind of talk is this? A Sultan wouldn't give his own servant and you are claiming Jesus is the son of Allah (swt). Your noses are as high towards Muslims as Mt. Qaf. Do you have any intelligent work, Aqbat? Tell me. There isn't. There isn't. But a whip is coming for the soldiers whose noses are up high like the Qaf mountain and for the mindless non-Muslims whose noses are high up like Qaf mountain such a whip is coming that will teach them manners. O our Lord, forgive us. O Allah forgive us, forgive us for these confused ways. Now they are searching for someone to carry on this way. What's there to carry on? The road is finished. The Pope said, "It has no end. All these years I was here and I didn't understand anything. If I tell them what I understood, they'll tell me I left their religion and... you don't deserve this job. I'll leave and they can bring whoever they want. I didn't understand this matter, but the Sheikh told me. The Sheikh said the truth, it is not crooked. That's why I can't persist on the crooked way. My hand, arm, body are all fine.. My mind and thoughts are fine. I'm not afraid of anyone. They all respect me... I don't want what they love and respect. I want the Lord of the heavens and earth to be pleased with me. I repented and gave it up." Allahu Allah Allahu Allah Allahu Allah Allahu Allah. Rabbun Majid. Rabbun Majid, Allahu Akbar.

Get your head straight... I am a sir, a pasha... Don't say, I am a pope, 'mope', 'tope'. In one day He will make you nothing. What can I do, they're making me speak; and I'm just translating what they say. O people with noses high like Qaf mt, who claim greatness. O ignorant people, those claiming greatness from the dresses they wear, if you had a mind, you wouldn't run after made-up titles. You see, one country put all its high ranking people in prison, locked up inside, like the prison rats. Yahu, we were this and that..There's no we were this and that. Go inside, one holy person pleaded with them. He said, don't let these people stay inside... these ones at least had military training. An answer came that they were too proud. They said, in order to break their pride, we threw them inside.

Let us be from the ones who understand. We are nothing. What can we do? Don't look at the one who is speaking, but at the one making him speak. For the blessings of Basmala, send us a master, O Allah. Tawba Ya Rabbi. I repent for them and for myself.

Fatiha

## The Righteous Ruler of Egypt

Mawlana Shaykh Nazim: Dastoor yaa Sayyidee, madad. Last night they showed a picture from Egypt (of late King Farouk); they are searching for a man to be their president. Yaa Hu! There is a head and a leg for the nation. Before the emergence of those devils and tyrants, all the countries were ruled by sultans, since the time of Prophet (s) until the end of 1945, when they started taking away sultans and bringing the worst kinds of people (in their place). That is their character and it is mentioned in the Glorious Qur'an:

••••• ••••••• •••••••••• •••••• ••••••••• •••• •••••••••••• ••••••• •••••••••

amaa naraaka ittaba`aka illa alladheena hum ardhilunaa baadiya ar-rayi. We see (in) thee nothing but a man like ourselves: Nor do we see that any follow thee but the meanest among us, (Surah Hud, 11:27)

The people have been beaten by the sword of oppression because of taking presidents for themselves. What happened? Although, as per the expression of Allah (swt), "They are our lowest people," people themselves have used their minds and also decided, "Our leaders are from are our worst kind of people!"

Mawlana Shaykh Hisham: They woke up.

Mawlana Shaykh Nazim: The anger of Allah is upon them because of their mistakes and the mistakes of their

parents. They have taken the worst of people as their presidents and now they have become aware that those tyrants are the “worst kind” of people and from the lowest class of people. I am sorry to be saying these words to the people of Egypt, but it is well deserved. For thousands of years they had kings and sultans who were not the worst of people; they had an honorable origin and lineage whereas those tyrants have no origin or lineage. They are all evil. May Allah conquer them!

The people of Egypt claim that they are a center for Islamic sciences. I once visited Egypt, from Lattakia to Port Said, during the time of the first tyrant, Gamal Abdul Nasser. The people were on the ground. Before we reached our destination, one traveller, an honorable scholar whose origin was Turkish and his wife was from Limassol, invited us, “Please come in. You are foreigners.” We entered his house. He brought from behind a curtain some dried bread and sprinkled water on it. Then he brought “white cheese,” which was mainly salt and very little cheese. He said, “Please eat.” We ate and spent the night, then went to our scholar. While we were walking in the town we were waiting for a train. I was dressed like this, in dervish style.

One young man, a scholar, maybe 30-years-old or less, asked us, “Where are you from, Shaykh?”

I said, “From Sham.”

The young man asked, “Are you European?”

I answered, “I am not European, but from European lands.”

He answered, “O Shaykh! Here we have 150,000 graduates of al-Azhar.”

I said to him, “You are talking this way? What is all this corruption in your country?”

That is how it was. The scholars were perhaps three hundred thousand, but they did not understand anything from the realities of Qur’an.

Look, the first tyrant took over and now the current tyrant has been controlling them for 30 years. People were patient and then they exploded and said, “Leave, you devil! We do not want you!” This man (Hosni Mubarak) waited until the anger of people would calm down, but he saw that it did not stop, so he said, “I have left you and am going to live here like a normal citizen.” He left. Now the people of Egypt are confused,

asking, “What should we do? This man is gone. Who will be our leader? Who will it be?” What is this? Those tyrants left no mind for them to understand and no thought for them to think!

Allah (swt) ordered through His Prophet, Muhammad (s):

••• •••• •••• ••• •••• •••• ••••, •• •••• •• •••• •• •• •• •••

Qaala rasoolullahi (s) inna-Llaha qad `ataa kulli dhee haqqin haqqah. Rasoolullah (s) said, “Verily Allah has given to each his right.” (Ibn Majah, Ahmad)

Who among you ruled your land for the past 100, 150 or 200 years, before those tyrants? Khedive, who first followed the Ottoman sultans and caliphate when the sons of Muhammad Ali Pasha ruled. There is no thought to think that was their right! “Give each his right.” Why are they searching? Last night they brought a picture (of late King Farouk of Egypt). They should spread and publish this picture in all centers in Egypt and among all Egyptians because they are searching, and write on it the Qur’anic verse:

•••••• ••• •••••• ••••••

Dhalika maa kunna nabghee. That is what we were seeking! (Surat al-Kahf, 18:64)

It is only natural as per the Qur’anic story of Prophet Moses (a). Do not look for someone else. Look! (Mawlana Shaykh holds the photo) Do not look for someone else, as this is the righteous owner! Give each his right. This is the righteous owner who tried as much as possible to maintain justice and goodness among you, but you were not happy, so Allah put you under the oppression of tyrants! Now you have thrown away your tyrants and are looking for a ruler. This is the one. Look! He has good origins. His eyes and his stomach are satisfied. He is a Sayyid (from Ahlu ‘l-Bayt) and son of a Sayyid from his mother’s side.

Mawlana Shaykh Hisham: Aamanna wa sadaqna, yaa Sayyidee. We believe and we trust you, O our Master.

Mawlana Shaykh Nazim: If you look for someone else you will never find a replacement until the end of time!

## Rights

We have entered the days when Sayyidina Al Mahdi (as) will rule. It is not possible to deprive the Muslim of his rights and who does, will be taken away to the Hereafter. Everyone will appreciate their rights, will be thankful to their Lord and praise their Prophet (saws). Fatiha.
Therefore who has a right it will be his due right, it will not be taken back. Haqqun, there are rights due to their owners. And conditions cannot be corrected till Judgement Day. "Give to everyone his due rights." (Hadith) For the Kings, they took the rights of Kings and Allah (swt) beat them! He (swt) beat them to the point that they could not button their shirts. Let them give back the rights to the King and their situation will be corrected. Otherwise up to Judgement Day there is no improvement. Allah's (swt) orders are firm Judgements..from The Owner of judgements.
This is an advice, if people do not give back the rights to Kings, nothing will be corrected. In Egypt, even if they brought and changed 100 leaders, it is not possible for them to succeed. It would be a struggle and revolution like the past one. This is a servant and that is a servant. If one servant is victorious over another one his ego is like the other one. A servant can never meet the leadership as the Kings. These people are servants, they were honoured with abundance with the presence of the Kings. They rejected them and Allah (swt)... kicked them out, and threw them away from His Divine Door. These ones they are kicked out, because they do not keep the rights of the servants.
The rights of the servants are important. Give them their rights, because if they are not given their rights until Judgement Day, that person will dwell in hell forever. Naudhu Billah! Let the people of Egypt understand. If they do not understand the whip will not be lifted from them. The whip is nothing but a sword will also come. The sword will not be lifted from them untill they

return the rights to Kings. Tawba Ya Rabbi, tawba astaghfirullah. Fatiha.
The treasury of Egypt was equivalent to 7 countries treasuries. These shaytans that kicked out the King, they destroyed the country. May Allah (swt) punish them. And people are ignorant, they are not following the Holy Sharia'. And blame & responsibility will be on them on Judgement Day, Allah (awj) will be angry with them. Give back the rights to the one to whom they are rightly due. If you do not give it back, you will never succeed, no you will not succeed. They will never be successful in this world or in the Hereafter.

**Rechte**

---

Wir haben die Tage erreicht, wenn Sayyidina Al Mahdi (as) herrschen wird. Es ist nicht möglich, den Muslim seiner Rechte zu berauben, und wer es tut, wird hinweggenommen werden ins Jenseits. Alle werden ihre Rechte würdigen, werden ihrem Herrn dankbar sein und ihren Propheten (saws) preisen. Fatiha. Deshalb, wer ein Recht hat, es wird das ihm zustehende Recht sein, es wird nicht zurückgenommen werden. Haqqun, es gibt Rechte, die ihren Eignern zustehen. Und Bedingungen können nicht berichtigt werden bis zum Gerichtstag. 'Gebt jedem sein ihm zustehendes Recht.' (Hadith) Für die Könige, sie nahmen den Königen ihre Rechte, und Allah (swt) schlug sie! Er (swt) schlug sie bis zu dem Punkt, daß sie ihr Hemd nicht mehr zuknöpfen konnten. Laßt sie dem König die Rechte zurückgeben, und ihre Situation wird berichtigt werden. Sonst gibt es bis zum Gerichtstag keine Verbesserung. Allahs (swt) Befehle sind fest, Urteile.. vom Eigner der Urteile. Dies ist ein Rat: Wenn die Menschen den Königen nicht die Rechte zurückgeben, wird nichts berichtigt werden.
In Ägypten, auch wenn sie 100 Führer brächten und auswechselten, ist es nicht möglich für sie, Erfolg zu haben. Es wäre ein Kampf und Revolution wie die letzte. Dies ist ein Diener und jenes ist ein Diener. Wenn ein Diener siegreich ist über einen anderen, ist sein Ego wie das des anderen. Ein Diener kann nie die Führerschaft erfüllen wie die Könige. Diese Leute sind Diener. Sie wurden geehrt mit Überfülle in der Gegenwart der Könige. Sie wiesen sie zurück, und Allah (swt).. verstieß sie und vertrieb sie von Seiner Göttlichen Tür. Diese warfen sie hinaus, weil sie

die Rechte der Diener nicht wahren. Die Rechte der Diener sind wichtig. Gebt ihnen ihre Rechte, weil wenn ihnen ihre Rechte nicht gegeben werden bis zum Gerichtstag, wird diese Person für immer in der Hölle leben. Naudhu Billah! Laßt die Menschen in Ägypten verstehen. Wenn sie nicht verstehen, wird die Peitsche nicht von ihnen aufgehoben werden. Die Peitsche ist nichts, aber ein Schwert wird auch kommen. Das Schwert wird nicht von ihnen aufgehoben werden, bis sie den Königen ihre Rechte wiedergeben.
Tawba ya Rabbi, Tawba Astaghfirullah. Fatiha. Der Staatsschatz Ägyptens entsprach dem Staatsschatz von 7 Ländern. Diese Shaytane, die den König hinauswarfen, zerstörten das Land. Möge Allah (swt) sie strafen. Und die Menschen sind ignorant. Sie folgen nicht der Heiligen Shariat. Und Schuld und Verantwortung wird auf ihnen sein am Gerichtstag. Allah (awj) wird zornig auf sie sein. Gebt die Rechte dem zurück, dem sie rechtmäßig zustehen. Wenn ihr sie nicht zurückgebt, werdet ihr nie Erfolg haben. Nein, ihr werdet keinen Erfolg haben. Sie werden nie Erfolg haben in dieser Welt oder im Jenseits.

## The Rights of the Lord

Allah supports those who have good intentions in their hearts. So many people come and complain about their situations and I understand that they are not getting Divine Support. If you get Divine Support everything will be all right. Everyone who complains about their situations must once more have a look at their habits and find out what kind of relationship they are having with their Lord.

When a car stops it is important to see what is wrong with the machine. If you do not find the mistake you will not be able to move. Make a check-up! So many people make check-ups with their physical beings, but they do not bother about their spiritual being, about their relationship with their Lord.

Allah supports true ones, He will never let them down. He supports His trustworthy ones because they are the inheritors of the Prophet* who are always in Divine Service. If anyone wants to improve their situation and save themselves, they must make their Divine Service their priority.

As long as you are giving more value to this worldly life and putting your Divine Service in second place, you are not a true and trustworthy one. It is the most important lesson for mankind.

When you are given honour you are also given responsi-bility. In an empire the King and Queen deserve the

highest respect because they carry the highest responsibility. Those who carry responsibility will be asked, "Did you use your authority to urge my servants to give me the highest respect?" It is not easy to be a king, a queen, a governor or a minister. Allah will ask them first, "Oh my servant, I dressed you in majestic clothes and people were respecting you and bowing to you. If I had not dressed you no-one would listen to you, you would be like others. I chose you. Have you used your power to call people to my Divine Service?"

Someone who is responsible for 10 people or more will come into the Divine Presence on Judgement Day. Allah will ask these 10 people, "My servant was responsible for you. Did he give you your rights and urge you to give your highest respect to me?" If these people say that he did his best, he will be blessed.

If people now would do a referendum in all the countries of the world asking that question, I do not think that people would give their governments a good report. Governments are only concerned about giving their people work, make them earn money and pay income tax. That is the priority of every government. They do not ask what their citizens are doing in respect of the rights of their Lord. They only ask for human rights. What about the rights of the Lord of Heavens?

We need to make a U-turn. The direction we are on is the worst and most dangerous. One day London might be gone. One day Paris may be gone. One day the whole of the Western civilisation might be gone. One day the whole of the Oriental civilisation might be gone. One day everything on earth might be in ruins and people's bodies burnt. Satan and his devils will be the only ones laughing. Allah the Almighty is giving His first chance to governments. They may issue laws for people to obey. Just like cameras catch you speeding and the governments punish you if you do. In the same way governments could prevent evil, but they are not using that power. This is why they will be the first ones to be punished.

We cannot do anything for our children and save them from the hands of devils. If you try, the governments will even tell you off. Children must be free! What foolishness is this? Which religion is saying this? We are under the control of devils and the devils will destroy us. Governments should give their Divine Service first and then the other services. Every department, factory and schools should first give their high respect and then start their work. If not, no blessings will come on earth. This applies from east to west, from north to south.

Everyday when you open the television there are bad news. I don't like to see it. It makes me sad and can

occupy my heart for several days. It makes you lose your peace. I never advise people who are worshipping to watch news. It will take away the peace in their hearts.

This is Holy Ramadan, a month of peace. But only the ones who are fasting will know this. Those who do not respect and keep the rights of this Holy Month, will not ever get to know this peace. Those who know this peace should try to extend it until after Ramadan and keep it for their whole life.

People ask for peace through material aspects. Don't think that richness gives you peace, that gold and jewels will bring you peace, that beauty or youth will give you peace. It is temporary. The time of your youth is not permanent. Every day you will lose a bit of it. It cannot give you peace. As long as you are dependent on material aspects you will have a heavy burden which will make you weaker and weaker, like someone loading himself with a heavy stone. Materials make people like a carton, unable to taste this life.

Try to achieve peace through spiritual aspects. The strongest of which you can find in this month. You will feel day and night that you are for Allah. In the daytime you are fasting for Him, in the night you are praying for Him. Feed you spirituality instead of your animal, your ego. Your soul belongs to Heavens, feed it through spiritual ways just this one month. During 11 months you are looking after your physical bodies. Give this one month to Him!

## May Rijaal-Allah Save Us from Tyranny!

Yaa RijaalAllah! SubhaanAllah, Hisham Efendi and Adnan Efendi. Our way is association and goodness is in gatherings. Today it came to my heart and occurred to my mind, subhaanAllahi 'l-Aliyyi 'l-`Azheem. (Mawlana sings) RijaalAllah a`eenoona bi `awnillah, "Men of God! Support us with the support of Allah."

Mawlana Shaykh Hisham: RijaalAllah a'eenoona bi `awnillah wa koonoo `awnan lana billah ahsaa nahdha bi fadli 'l-Lah.

Those shaytans, Wahhabis and their followers, and those who call themselves "Salafi", and shayaateen have tried their best to make people forget RijaalAllah. This Shaytan directed the groups of Salafis and Wahhabis and their followers to forget RijaalAllah. It is in the holy hadith that because of them rain will fall, with them you will be victorious, and with them you will be provided with provisions; because of them you will be victorious. This is the `aqeedah, doctrine, of Ahlu 's-Sunnah wa 'l-Jama`ah. In spite of that, they closed down and corrupted the doctrines of the Muslims and subhaanAllah, they fall in the traps of Shaytan.

This is important. Shaytan put that worst thing in their hearts and they became the worst of all Creation, the lowest of the low. They worked hard so the ummah may forget their saints!

•••• ••••• •••••••••• •••••• ••• •••••• •••••••••• ••••• •••• •••••••••••

Alaa inna awliyaullahi laa khawfan `alayhim wa laa hum yahzanoon. Behold! Verily on the friends of God there is no fear, nor shall they grieve. (Surat al-Anbiya, 10:62)

Those shayateen all fight against this verse! Why did Allah (swt) praise them?

••••••••• •••••••• •••••••••• •••••••••••

Alladheena aamanoo wa kaanoo yattaqoon. Al-ladheena aamanoo wa kaanoo yattaqoon. Lahumu'l-bushra fi 'l-hayaati 'd-dunya wa fi 'l-akhirah. Those who believe and constantly guard against evil, for them are glad tidings, in the life of the present and in the Hereafter. (Surah Yunus, 10:63-64)

It's astonishing Hisham Effendi. Allah praises His awliyaa, saints. Is it not like this? And He, al-Haqq (swt), ordered:

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

yaa ayyhulladheena aamanoo ittaqoollaha wa koonoo ma`a as-saadiqeen. Be with those who are trustworthy (in word and deed). (Surat at-Tawbah, 9:119)

Yet people followed the liars, those shaytans of men and jinn, until He drowned them in curses because they fell in the traps of Shaytan. People of the Islamic world, while standing or sitting, are killing each other, and Allah has forbidden the blood of a believer for a believer. How is this?

••••• •••••••••••• ••••••••••••

Wa laa taqtuloo anfusakum. Nor kill (or destroy) yourselves. (An-Nisa, 4:29)

The orders are clear. I am sorry to say that the Arabs are reciting Qur'an in the two holy places, Mecca and Madinah, in Egypt and in Sham, and they don't understand wa laa taqtuloo anfusakum. How can you kill a believer? O Qadhafi! O Mubarak! O Ali majnoon! O Bashar! O People of Egypt! O People of Libya! O People of Tunis! O People of Iraq! O People of Sham! Their sunnah is the sunnah of Arabs, but their hearts are like the hearts of wolves. It is in the hadeeth.

What will be their answer, if the Lord of Might and Honor asks them? He will not address them directly, no! Only the angels will talk with them. The addressing of the Haqq (swt) to the servant is such an honor that no

one can know, and He will not give this honor to them! He will make the angels question and judge them.

Bayazid, Sultan al-`Arifeen, may Allah raise his rank, said all the people will be scared on Judgment Day, and during the Great Judgment everyone will tremble in fear. But he used to say, “I only want to hear my Almighty Lord call me, ‘O Aba Yazeed! Come for your accounting.’ I am waiting to hear this addressing from my Lord Almighty; to hear my name is enough for me. If after that He throws me into Hellfire, it will not burn or torture me; nothing will hurt me from all the seven hells, as from the happiness and joy that my Lord addressed me, nothing will affect my happiness. The reason of my happiness has made the fire of Hell cool.”

They don’t teach such things to people, they don’t value rijaalAllah, and because of this curses are falling on the ummah, starting from the people of Turkey, Sham, Iraq, Hijaaz, Egypt, Libya, Tunis, and Algeria. This is the curse that came upon all the Muslims in Iran, Afghanistan, India and China, and because of this Allah is punishing them. Allah (swt) praises and grants special honor to His awliyaa, so why do you not appreciate them? All these groups are with shaytans. A separate fire is designated for them!

It is not up to me to prepare this suhbah. It is a very important suhbah, and the result, Hisham Efendi and Adnan Efendi, I didn’t hear until now.

O People of Iraq! O People of Egypt! O People of Sham! Why are you fighting the armies from above? O People of Homs! Among you is Sayyidina Khalid ibn Waleed (r), so why do you not go to him? Who is the shaykh protecting Sham? Shaykh Ruslan (q) is protecting the whole of Sham! Visit him and say, “O our Master! Take care of us and look at us!” However, they all have become the followers of Wahhabis and the Salafi doctrine. It does not suit them to be considered as followers of Islam. What does the Prophet (s) say? Akrimoo kareema qawm, “Be generous with a nation’s hospitable leaders.”

Did you hear this before, O people of Iraq, you traitors? You should go to the sultan, Sayyidina `Abdul-Qadir Jilani (q), and tell him, “You are the sultan! Rid us from the evil of men and jinn.” Did they go to him?

Mawlana Shaykh Hisham: They destroyed (his maqaam).

Mawlana Shaykh Nazim: Yes, they destroyed. “O Shaykh Nazim! In an instant things can change, I don’t need an army from you. The armies of the Heavens and the Earth are under the control of Sayyidi 'l-Awwaleen wa

’l-Akhireen (s).” It is in the holy verse:

••••••••• •••••••••• •••••• •••••••• ••••••••• ••••••••• •••••••••• •••••• •••••••••• •••••••••• •••• ••••••• ••••••••••••••• ••••• •••••••••••• ••• •••••••••••• •••••••• •••••••••••• •••••• ••••• •••••••••••••• ••••••••••• ••••• ••• •••••••••••• •••••••••••••• •••••••••••••• •••• •••••••••••• •••••• •••••••••••••• •••••••• ••••••••••• ••••• ••••• •••••••••••••• ••••••••••••

Wa laqad nasarakum Allahu bi Badrin wa antun adhillatun fa’t-taqoollaha la`alakum tashkuroon. Idh taqoolu l ‘l-mu`mineena alan yakfeekum an yumiddukum rabbukum bi-thalaathat alfin min min al-malaaikati munzileena balaa in tasbiroo wa tataqoo wa yaatookum min fawrihim hadha yumdidkum Rabbukum bi khamsati aalaafin min al-malaaikati musawameen. God had helped you at Badr, when you were a contemptible little force; then fear God, thus May you show your gratitude. Remember you said to the Faithful, "Is it not enough for you that God should help you with three thousand angels (specially) sent down?” Yeah, if you remain firm, and act aright, even if the enemy should rush here on you in hot haste, your Lord would help you with five thousand angels making a terrific onslaught. (Surat Aali-`Imraan, 3:123-125)

O Arabs! Five thousand angels descended from the sky. They will come with Mahdi (a). How do you read the Holy Qur’an? Shame on you that you don’t understand! Did the five thousand descend? Then why are three thousand angels mentioned? “He will support you in the future with five thousand angels with turbans.” The Arabs denied to leave a tail of the turban, tasweem, and this is the first order. They insist on doing against what the Prophet (s) used to do, and not one of them goes to Halab to visit Sayyidina Zakaria (a). Why don’t the people of Sham visit Sayyidina Yahya (a) and Sayyidina Muhyiddin ibn `Arabi (q)? There are 100,000 maqaams of the Sahaabah; in Homs there are six hundred or more, and their master, Sayyidina Khalid ibn Waleed (r). Why don’t they visit there and say, “O our Master! You are our leader! Save us from all of these people; remove every last one of them!”

••••••••• ••• •••••••••••• ••••••••• •••••••••••• •••••••••• •••••••••••••• ••••••••• ••••••••••••

Wa alqa fee qulubihim ar-ru`b yukhriboona buyootahum bi-aydihim wa aydiyyi ’l-mumineen. But the (Wrath of) Allah came to them from quarters from which they little expected (it), and cast terror into their hearts, so that they destroyed their dwellings by their own hands and the hands of the Believers... (Surat al-Hashr, 59:2)

By asking the saints, Allah (swt) will make them tremble and defeat them with a look from Sayfullah, Sayyidina Khalid ibn Waleed (r)! Shaykh Ahmad al-Badawi was an Arab Bedouin. He respected and honored

Allah a lot; therefore, the veil from his eyes was removed. When he saw me, he made tea for me to drink.. May Allah bless him.

Laa ilaaha illa-Llah Muhammadun Rasoolullah (s). With awliyaa you will be successful, so why don't you seek them? People of Halab, Baghdad, Sham and Palestine! Why don't you go to their maqaams? How many maqaams are there? Sayyidina Musa (a) is also there; why don't they go?

O, Prophet of Allah (s)! Your nation has hurt us, fought us, and killed us. You are our protector! Please look after us.

Mawlana Shaykh Hisham: They have changed, Sayyidee.

They have changed too much. They have hurt others, the followers of sunnah. They changed the doctrines of Ahlu 's-Sunnah wa 'l-Jama`ah and Ahlu 'l-Haqeeqah. "And entertain the kind folk among you." It is not necessary that the folk should be alive. The Qur'an is an ocean, O Shaykh Hisham! That's why the people are being hurt. `Amalaakum `umaalukum. Your deeds are your representatives.

Tawbah, yaa Rabbee. Tawbah, yaa Rabbee.

Fatihah.

## Roboter und Obelisken

Bismillahi r-rahmani r-rahim, la haula wa la quwwata illa billahi l-‘aliyyi l-‘azim. Tariqatuna sohba wa l-khairu fi l-jami‘a Dies ist eine Beschreibung für tariqa. So viele Leute fragen mich: „Was ist Tariqa? Was ist das? Warum ist das notwendig?“ Und so viele Leute verstehen niemals, daß Tariqa eine Disziplin bedeutet. Sie geben ihrem Nafs, ihrem Ego, die Art von Freiheit, die Tiere für sich nehmen. Deshalb sage ich, daß sie zur Welt der Tier gehören, auch wenn sie zwei Beine haben, denn sie wollen solch eine Freiheit wie die Tiere im Dschungel. Sie akzeptieren keine Disziplin, nein! Sie sind frei, streifen durch den Dschungel, überall. Alle schlechten Eigenschaften erscheinen in Tieren, sie zeigen einander keine Barmherzigkeit, kennen keine Gerechtigkeit, keine Liebe, keinen Respekt. Die Menschen heutzutage nehmen für sich in Anspruch, die Spitze der Zivilisation erreicht zu haben – aber sie sind Lügner. Sie führen die Menschen dahin, einander weder Liebe noch Mitleid noch Respekt noch Barmherzigkeit noch Gerechtigkeit zu zeigen. Wenn eine Gemeinschaft ihren Respekt, ihre gegenseitige Liebe, Mitleid, Freundlichkeit und Barmherzigkeit verliert, so wird der Wert dieser Gemeinschaft auf die Stufe der Dschungel-Bewohner, auf die der Tierwelt herabkommen. Das ist es, was sie so stolz „Wir haben die Spitze der Zivilisation erreicht“ nennen. Sie sind Lügner! Das ist das europäische Verständnis von Zivilisation, sie ziehen nicht die wahren Werte der menschlichen Natur in Betracht, die eine Gemeinschaft besitzen kann. Sie haben Zivilisation mit Technologie verbunden. Sie unterweisen Menschen von ihrem Gesichtspunkt aus, gemäß ihrer Gesinnung. Sie stellen ihre

Kultur auf die Stufe der höchsten Kultur und setzen „höchste Technologie“ mit „höchster Zivilisation“ gleich Das ist ihr Maß, ihr Kriterium, und nichts anderes. Sie erzählen Leuten, sie gehörten zur „zweiten Welt“ oder daß sie „Dritte- Welt-Menschen“ seien. – Wir Türken wissen nicht mehr, zu welcher Welt wir denn nun gehören. Ihre neueste Auffassung ist, den Zivilisationsgrad eines Volkes nach der Stufe seiner technischen Entwicklung zu ermessen. Für sie muß der technologisch am weitesten entwickelte der am höchsten zivilisierte sein. Sie liegen damit so falsch! Technologie ist in Wirklichkeit der gefährlichste Feind der menschlichen Natur, das schrecklichste Gegenmacht zu den Werten der Menschlichkeit. Durch die Technologie werden die Menschen in Roboter verwandelt, gelenkt durch Fernsteuerung. Die westliche hightech Zivilisation versucht ihre eigenen Leute zu nichts anderem als Robotern zu machen, gelenkt durch Fernsteuerung. Dies ist ihre endgültige Absicht, ihre Stufe des Verständnisses, die sie zu vollenden und wahr zu machen trachten. Sie würden gern alle Menschen unter die Kontrolle eines einzigen Individuums bringen; wenn er auf einen Knopf drückt, sollen die Leute so laufen, wenn er auf einen anderen drückt, sollen die Leute so laufen. Und wenn er dazu noch auf einen anderen oder zwei Knöpfe drückt, werden diese beiden Gruppen aufeinander losgehen und zusammenkrachen – das ist das letzte Ziel der westlichen Zivilisation, ihr letztes Ziel. Dies versuchen sie zu tun: alle unter die Kontolle einer Person zu stellen, die schrecklich wild und gewalttätig sein wird. Die Europäer sind am Ende. Und unsere verrückten Muslime versuchen, sie einzuholen, sie laufen ihnen hinterher, um zu erreichen, was sie erreicht haben, ohne zu denken. La haula wa la quwwata illa billah ... Das ist die Zukunft des Lebens im 21. Jahrhundert. Wenn der Herr der Himmel, der diesen Planeten erschaffen und die Menschheit darauf gesetzt und sie mit göttlichen Attributen geehrt hat, nicht eingreift, wenn kein Eingreifen von den Himmeln die Erde erreicht, dann werden ihre Ideen die Menschen dazu bringen, auf diesem Weg zu beharren, was zum Ende der Menschheit auf Erden führen würde. Aber ich glaube nicht, daß sie bis zu diesem Punkt kommen werden. Nein! Zu ihren Ideen gehört, daß sie ein sehr tiefes Loch graben mit dem Plan, die gesamte Menschheit dort hineinfallen zu lassen und es zuzudecken, aber Allah der Allmächtige sagt: wa makaru wa makara-llah. Allah der Allmächtige sagt: „Jene, die das tun, sind Stellvertreter Scheitans, und Scheitan ist der größte Feind der gesamten Menschheit. Sie versuchen, alle Menschen dieses Planeten zu übernehmen, um sie zum Verschwinden zu bringen, so daß nur noch eine Gruppe von Wesen zurückbleibt, die zu ihnen gehört, selbst wenn es nur eine Handvoll Leute wäre, und alle anderen wären unter der Erde begraben. Das ist ihr Betrug, und sie versuchen, alle menschlichen Wesen zu bedrohen. Deshalb: Die Nationen haben ihre Kulturen verloren, die muslimische Welt hat ihre Kultur verloren, die östliche Kultur gibt es nicht mehr. Auch die Europäer haben ihre Kulturen verloren, die

von der Christenheit getragen wurden – Ende. Es ist so wie bei jemandem, der Essen zum Munde führt: Als erstes steckt er es in seinen Mund, dann bereitet er es vor, daß es heruntergeschluckt werden kann. Dies ist die Zeit, da Satan und seine Armeen, seine Abgeordneten, Nachfahren und Unterstützer die islamische Kultur zerstören wollen und sie vorbereiten, verschlungen zu werden. Oder vielleicht ist sie bereits verschluckt worden. Die europäische Kultur, auf der Grundlage des Christentums, ihre Kultur hat sie ebenso verlassen; sie ist vorbereitet, heruntergeschluckt zu werden. Dann wird eine Steinsäule errichtet werden – diese Arten von Steinsäulen sind überall zu finden, aber die Leute haben keine Ahnung, was sie bedeuten – wißt ihr es? In Europa gibt es jede Menge davon, wie einfache Steinblöcke, Monumente. Aber es ist ein geheimes Zeichen dafür, daß alles vom Osten bis zum Westen endet und daß Scheitan und seine Armeen als Gewinner erscheinen und sagen werden: „Wir treffen Vorbereitungen für alle, die zur muslimischen Welt und der Christenheit gehören (...). Dieser Stein ist aus der Zeit von (...), er kam zuerst aus Ägypten. In Istanbul gibt es auch so einen – einen Obelisken – mathalla, aber niemand kennt sein Geheimnis. Überall sind sie zu finden, Zeichen des großen Scheitans, der soviel Haß für die Menschheit hat. Aus seinem Haß für Adam und seine Kinder bereitet er diese Steinsäule vor, sie bereiten sie für euch vor, ihr Schlafmützen. Es gibt einen in Beirut und in Damaskus; in Istanbul gibt es einen, den sie aus Ägypten herbeibrachten und an einem großen, bekannten Platz in der Stadt aufstellten. O Leute, was sagt ihr dazu? Der Kern der Wirklichkeit ist, die Menschen aufzuwekken, wahre Zivilisation dient nicht dazu, die Menschheit auf diesem Obelisken sitzen zu lassen; das ist ihre Zivilisation. Die Türken schlafen, die Araber schlafen, alle Nationen sind eingeschlafen, keiner schaut oder paßt auf. Sie sagen nur: „Das macht nichts, ich störe mich nicht daran.“ Allah der Allmächtige warnt Seine Diener: „Nehmt euch in acht vor Scheitan, innahu min amali shaytan tajtanibu!“ O ihr Leute, das geheime Übel läuft euch nach, um euch einzufagen und auf diesen Obelisken zu setzen, was Teil von Scheitans Anstrengung ist – gebt acht. „Fa hal antum muntahun? Wollt ihr dem nicht ein Ende setzen, Scheitan und seinen scheitanischen Anstrengungen zu folgen?“ Allah der Allmächtige warnt Seine Diener, aber sie achten niemals auf die Warnungen ihres Herrn. Demgemäß ist die Zeit jetzt vorbei, sie warten nur noch auf den Befehl, als erstes die islamische Welt, dann die christliche Welt herunterzuschlucken, dann eine andere Gruppe, die zwischen der islamischen und der christlichen Welt bestehen bleibt, dessen Name von beiden gehaßt wird – nicht nötig, ihren Namen auszusprechen. Wenn ihr nicht Esel seid, so solltet ihr verstehen, wenn ihr aber Esel seid – was sollen wir da machen? Morgen werdet ihr verstehen. Es ist genug für euch, ob ihr versteht oder nicht, möge Allah uns beschützen. Aber Er sagt: „Fa firu ila llah, o Menschen, lauft zu Mir, lauft zu Mir, lauft nicht weg von Mir, sondern zu Mir, fa firu ila llah,

Ich warne euch nur vor Scheitan und seinen Anstrengungen im Bösen, seinen schlechten Machenschaften und korrupten Ideen. Wenn ihr zu Mir kommt, so kann Ich euch beschützen; niemand anderer als Ich kann euch Schutz geben.“ Möge Allah der Allmächtige uns Schutz gewähren und es geben, daß wir in Bälde mit Sayyidina Mahdi und Sayyidina ‘Isa æ zusammen sind. Jene, die weder Christen noch Muslime sind, sind Feinde Sayyidina ‘Isas, wie sie auch ebenso unglücklich mit Sayyidina Mahdi sind – möge der Friede auf ihnen beiden sein. Wir erwarten, daß Sayyidina Mahdi uns schnell erreichen wird im Laufe dieses Jahrhunderts sowie auch Sayyidina ‘Isa. Jene dritte Gruppe von Leuten, die weder Christen noch Muslime sind, glauben nicht an Sayyidina ‘Isa æ oder Sayyidina Muhammad (s.a.s.). Sie sind Feinde der Menschheit und wollen alles vernichten außer sich selbst. Möge Allah die Ungläubigen bekämpfen und den Teufeln nicht erlauben, die Menschheit weiterhin in dieser Weise zu vernichten. Allah Allah Allah ...

## Do You Need a Rocket to Reach Mars?

Laa hawla wa laa quwwata illa billah. Bismillahi ‘r-Rahmani ‘r-Raheem. Salaam on all prophets; they have been sent from Heavens to teach people what is that.

Temporary life is this dunya; permanent life is never-ending. The first lesson of the Prophet (s) is, “O People! You are here for a temporary time and after this is Eternal Life. Come accept and follow heavenly orders to live eternally. Don’t run after this dunya as it will end!”

The first lesson is to say, “Laa ilaaha illa-Llah Sayyidina Muhammadan Rasoolullah,” but Shaytan makes people (forget this and) run after dunya, which is temporary, ending. Throughout east and west, from north to south, in the Islamic world and the non-Muslim world, now no one teaches their young people that first you must say, “Laa ilaaha illa-Llah.” The first lesson you must learn is that we have been created by the holy command of Allah Almighty and were settled on this planet (for a reason).

O People! Life on this planet is temporary and every moment will finally end in silence and stop. Mashaa-Allah, they are running... I may say that Americans are no-mind people. Their behavior is ajaa`ib, strange, that they run after things that have no meaning, such as going to Mars! For what? What is there? Is this world not enough for them? You can see it is a desert, so for what are they going there, spending five billion

dollars? That money is then finished for nothing!

If they are in their rooms and their doors close on them for one hour (trapping them), they would say, “How can I get out?” Therefore, how they are going up to Mars? First of all they should ask, “Who put Mars there?” Before you go there, learn that Mars was not there by itself. Why are you not asking about that? You must learn about that One, then you must ask, “Please, You Who put Mars in this orbit! O Creator of Mars! We are asking permission to go up and look at it.”

People are drunk (with pride). They said, “We put the American flag there,” but one angel could make it fall. Allahu Akbar! People have lost their intelligence.

Before you were born, I know in Damascus in a newspaper there reported a rocket had just reached to the Moon. Allahu Akbar, but for what? People said, “People went to the Moon.” I asked, “Did they come back?” They said, “Yes, they came back.” What did they bring? Donkey’s dirtiness! (Laughter) And they thought they would bring gold! They said, “It was very surprising, we did not see any donkeys there!”

(...) Coming and asking me, also. Silly people. How are they living there and how are they getting out? The Lord of Heavens is asking to show you something. Why are they not going? When they came out, why did they not run to the Pope or a to rabbi and ask, “For what? How it can be?” I don't know. Like this, thirty-three people (miners) can’t live for thirty-three meters (below ground), except the Lord of Heavens was showing something: why are you sending your people under the mountain? “No, we are waiting for a shaykh to bring them out for free!”

People now are drunk and not knowing about such a thing, wasting their energies and capacities, and losing everything. What is going to happen there on Mars? What will they bring? Astaghfirullah, they are not thinking about the capacity of the power of Man. They may go without using that rocket!! It is so easy. May Allah forgive us. Astaghfirullah.

Wa min Allahi 't-tawfeeq, bi hurmati 'l-habeeb, bi hurmati 'l-Fatihah. (du`a)

## Islam Is Not Rooted within Four Walls!

Yaa Rabbee! Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `AzeezAllah.
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah.
Allah Allah, Allah Allah, Allah Allah, SultaanAllah.

Ash-hadu an laa ilaaha illa-Llah wahdahu laa shareeka lah wa ash-hadu anna sayyidina wa mawlana Muhammadan`abduhu wa habeebuhu wa rasooluh. Zidhu yaa Rabbee `izzan wa sharafa nooran wa suroora min al-azali ila 'l-abad. (Mawlana Shaykh sits.)

We are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. All thanks to our Creator, the Lord of Creation, that He granted us to say, Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands.) Bismillahi 'r-Rahmaani 'r-Raheem. Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh sits.) The biggest grant from the Lord of Heavens to His servants is to grant them to say, Bismillahi 'r-Rahmaani 'r-Raheem! That honor is more than enough for all Mankind!

They are saying, As-salaamu `alaykum yaa `ibaadullah as-saaliheen, as-salaam `alayna min `ibaadullah as-saaliheen! We are asking from our Lord, from His endless grants, to make us happy servants. Allah Almighty

is asking His servants (Mawlana Shaykh stands), "O My servants, be happy, be happy with Me. (Mawlana Shaykh sits) I am your Lord. Follow My most beloved, most praised, most glorified, and most majestic deputy. Be happy with him that he may grant to you everything on behalf of Me, from My endless treasures from pre-Eternal up to Eternal. My grants are reaching to all Creation through that selected one in My Divinely Presence, from pre-Eternal up to Eternal." Countless thanks to our most beloved Prophet (s), that r through his generosity we are reaching everything here and Hereafter!

O our attenders! As-salaamu `alaykum. Yes, be attenders from one of the attenders. Don't lose the chance that you have been granted, being in existence. Be thankful ones every time, every moment, and every second. Be grateful to your Lord. Yes, the Lord of Heavens is asking you to be His chosen creatures honored to be deputies on Earth.

O Salafi `ulamas! Wahabi people are never understanding; leave them. They are blocked in four walls. They know only how to say, "Mushrik, haraam, bida`, kufr." They imprison themselves in those four walls and understanding is taken away from them. They never learn or they never understand except to say haraam (forbidden), shirk (polytheism), kufr (unbelief), bida` (harmful innovation). With anything else, there is no way for Mankind! I am not addressing them they are not qaabil-e-khitaab, "worthy to be addressed." You may speak to a cat, but it is never understanding. And between the Arabs, that is a group of people who have been locked between four walls; they are never understanding, and there is no opening for them, so we are speaking to understanding ones. I am not directing my words to those people who are not understanding. The Seal of Prophets (s) was saying, kallimu 'n-naasa `ala qadra `uqoolihim, “You must address people according to their understanding level.”

Why are you wasting your effort for a small one, to make him understand mathematics? It is impossible, because they cannot understand what mathematics is: every knowledge is built on the highest degree of mathematics. Without it, no knowledge can have a base. This huge world is based on mathematics. This huge solar system, our galaxy, is a small one, but it is also a very small point, because the universe and people are asking to reach the limits of the universe; they are trying, but through their knowledge they are not going to be able to reach the ends of it. But advanced mathematics is taking people from being nothing, and giving power and making their understanding bigger, bigger, bigger. High mathematics. And only a handful of people may reach that understanding of the huge show in space. And high mathematics may take the

smallest-minded ones to the limits of this universe, what they describe as, "Reaching the limits of this universe."

What do you think, O learned people, scholars? Do you think that there is only one universe? But high mathematics may take them to a horizon about which we may say, “Now, it is the last limit of this universe.” And in this universe it is impossible to know by thinking, but you may use high mathematics to make a way beyond this universe also. But high mathematics are also going to stop in one limit and he is saying, "I am surrendering. I am surrendering. I am unable to move even one millimeter beyond this. I am finishing." That is the authority granted to Mankind through knowledge of mathematics. They can't imagine or know, but mathematics may show them something.

And now, therefore, the Seal of Prophets (s) was saying, kallimu 'n-nasa ala qadra `uqulihim, “You may say to people according to their capacities." But the knowledge granted to the Seal of Prophets (s), no other prophet can reach or understand even `Alam al-Malakoot, not even people of heavenly levels coming to touch divine levels, because divine realities are stopping. Therefore, Archangel Gabriel stopped when he reached the limit of understanding, and Prophet (s) said to him, “Come with me, O Gabriel.”
And he said, “That is the last of my limits. If I am forcing myself to advance up to this limit even less than a millimeter, a million times I am going to be burned and I am not going to return once again.” That is `azhamatullah, the Greatness of Allah Almighty!

Now because people are so proud with their knowledge, they are taking advantage to address all authorities of knowledge, and they are so proud! Therefore, we are going to speak to them with such a language that they will raise their hands in the air and say, "We surrender to the Lord of Heavens, the Lord of Creation." Why are we saying this? Yes, they are speaking according to our capacity because the holy order of the Seal of Prophets (s) is saying, “Speak to people according to their level, don't go up, they can't carry.”

Look around on this planet; it is going to be nothing beside the bigness and huge creations around our planet. We are going to say, "We have surrendered to Who can bring these countless universes. Who is bringing, we are surrendering and making sajdah, bowing to Him!" (Mawlana Shaykh bows in ruku`.)

They are making me speak to people. Now so many things can be said to people, but mostly for such a subject, people are really ignorant ones, not understanding. And if a person has no understanding and makes

a limit for himself that, "I have just reached the end of knowledge," or saying that, "I just understand the last limit of this universe," they are falling down, and are never understanding. Beyond that, everyone's understanding is becoming different, different, different. Subhanallahi 'l-`Aliyyu 'l-`Azheem, every knowledge is taking people through Creation and every Creation is taking people to their Creator! Every knowledge must take people to their Creator! If there is no Creator, there is no mathematics, no physics, no science, no botany, no life's realities, and then Man's real being can't be known.

So many subjects, countless. But Wahabi people are imprisoning themselves in four walls: shirk, kufr, bida` and haraam, understanding on this small area alone. Therefore, leave them! Don't waste time with them. If a donkey may understand, they may understand. Perhaps a donkey may understand, but they are going to be a`need, stubborn ones. Donkeys are accepting, but Wahabis are stubborn people, not accepting. Leave them! qaabil-e-khitaab deyil, "not receiving or accepting." And thanks to the Lord, they only remain as a handful of people, no more. But sometimes they are looking and saying, "These people never know except to accuse people, 'You are kaafir, you are making bida`, you are mushrik, and you are making haraam!'" No way! What is that?

What do you think? Why was the Seal of Prophets (s) working for 23 years if it was a summary of deen al-Haqq that Allah Almighty was sending, if it was only four points, putting people in a square-walled building. Why was the Prophet (s) coming for 23 years and teaching, for what? Therefore, leave them there with their limits of understanding! They may shout and accuse people of so many things; don't listen! You cannot speak to them to make them understand something, so leave them! May Allah forgive us and we are asking for them also to find a real way for realities, to know everything in this life that is guiding all of them them to the Creator of this world, these affairs, and what is happening. Leave them there; don't waste time with them.

You follow the ways of Sultan al-Anbiya, King of all Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) Therefore, he was saying, •••• ••••• ••• ••• •••••• nukallimu 'n-naasa ala qadra `uqulihim. "We speak to people according to the level of their capacities." Don't waste time. Therefore, we are only speaking to perhaps a handful of people, and it is enough. To find a handful people for understanding is enough, and leave the others! They have levels according to their understanding and they will continue on their ways here and Hereafter, they are never getting out. They are imprisoned people in themselves. They are imprisoning themselves by themselves, and Man is in need to open! All prophets came for the opening of people. But if

they are going to be like Bani Isra`eel `ulamas, saying, •••••••••• •••••••••• •••••• wa qaaloo quloobuna ghulf, “Our hearts are blocked,” (2:88) if they are accepting this, it means don't waste your time. If you are finding an open heart, get in, but if they are closing themselves then why waste time, leave them! They have ••••••••• ••••••••• wa li kullin darajaat, and to every one are levels (6:132) and that means wa li kullin darakaat also. Fee darajaat means to take people up to heavenly, enlightened worlds and universes, and others to darakaat, dark worlds. May Allah forgive us.

O People! So many things to speak about, endless, countless, but they are granting to our listeners to open something of a new understanding, to save them from dark worlds, to take them to enlightened worlds. And that is the mission of all prophets, because they were in dark worlds and Allah Almighty was sending His selected ones for taking people from darkness to enlightened worlds. If they are saying, “We are not accepting the enlightened worlds, we are happy in our dark universes, we are happy,” leave them. May Allah forgive us. You may say a hundred years, a thousand years, one million years, one billion years, for the greatness of the Lord, our Creator is never-ending!

May Allah grant us for the honor of the Seal of Prophets (s) that is bringing us lights from the heavens to make our darkness enlightened. Thanks to Allah Almighty for His endless grants.

## Royal Garments Do Not Give Real Honor

Dastoor yaa Sayyidi Madad. (Mawlana Shaykh stands). Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Sayyidina 'l-`Alameen Muhammadun Rasoolullah (s). Allah, Allah. Zidhu yaa Rabbee `izzan wa sharaafan noorun wa surooran, imaanan as-sultaan. Thumma as-salaatu wa 's-salaamu `alaa Sayyid al-anbiya wa 'l-mursaleen. Amaan tabi`ahum saahib yawmi 'd-deen wa 's-salaamu `alayk yaa Saahib az-Zamaan yaa Qutb al-Mutasarrif `alaa hadhihi 'l-dunya `alaa aalih. And we are saying, A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh sits). Allah!

O our Attenders! As-salaamu 'alaykum. Follow everything carefully, so that you don't lose some of this precious speech that may give you a sweet life here, and in the Eternal Life, after this imitated life. Life is sweet; therefore, people are asking live forever, but it is impossible! Everything that we are looking at and learning about finally leads people to ask for an Eternal Life. But life on this planet is not for Eternity, no. Eternity is just a basheer, giver of good tidings, about Eternal Life.

This life is an example for living ones, that every person tastes how it is to live. Even if you look at an ant and you come to kill it, it escapes, because it is happy to be in existence. You must not kll it; it has a right for living up to a limit and it understands about its creation. Man does not understand, but even a small ant understands life's pleasure and about being in existence. It knows Who brought it into being, and it has a

tasbeeh and glorifies its Lord because it is so happy the Lord of Heavens granted it to be in existence! Therefore, for its farhat and masroor, pleasure and pleasement, to be in existence is giving it such a pleasure that never-ending glorifying comes from it! Blame to Mankind, blame to everyone, that everything in existence is teaching Mankind but we are not learning! Why not? Because we are not following heavenly ones, but we are following Shaytan and its descendants. Blame to Mankind!

O Salafi `ulamas! Marhaban. Why are you not saying such things, are you not knowing this? You claim, "We are knowing too much," but you are heedless about what is necessary to teach people. Yes, you must make it clear for people what is an honorable life because if they don't know they have been honored, there is no honorable life for them here and in the Hereafter. Teach people! Say, "O People! At least you must learn about your honorable existence. You have been honored among heavenly ones by being honorable ones on this planet." An ant knows; are you not knowing? But you are not teaching people?! How are you saying, "We are `ulamas." An ant knows its honor is glorifies its Creator:

••••• •••• •••••• •••••• ••••••••• •••••••••••

wa min min shayin illa yusabihu bihamdih. And there is not a thing but celebrates His praise! (17:44)

Why is the ant making that glorification? Glorifying is giving honor to that one. They have been honored by knowing they have been granted a heavenly grant on Earth. Therefore, they are running, racing up to the end to glorify their Creator!

O Man! Why are you not glorifying? Why are you not saying, Alhamdulillahi Rabbi 'l-`Alameen! (Mawlana Shaykh stands and sits). It is because your`ulamas are not teaching you! Until the end, Rasoolallah (s) taught his Companions (r) about their honor; they were honored ones or not? You are asking for honor through your clothes, but the Sahaabah, Companions of the Prophet (s), never asked honor through their clothes, but they were happy, even though their responsibility was for the whole ummah that was to come after them. They were honored and such happy, pleased ones! Such big pleasure blessed them, even when they did not find food to eat, or such an abundance of clothes as we wear now. Yet, they were so happy with endless pleasure. Sahaabah radhiallahu `anhum, may Allah be well pleased with them!

I heard news today that Persian `ulamas are saying, "O People! We must give everyone's rights." Sahaabah,

the Companions of the Seal of Prophets (s), gave up everything for the Seal of Prophets (s), including their souls. They have been granted heavenly honors, about which the Lord of Heavens says, "I am happy with them, and they are happy with Me." Some people through centuries did not accept this and put a scale of their own and saying, "This one is good, this one is not good." And the current imaam, religious leader, in Iran is saying, "Stop swearing at the Seal of Prophet's (s) Companions because they have been honored! The Seal of Prophets (s) is saying for them "radhiAllahu `anhu, may Allah be well pleased with them," and the Seal of Prophets (s) is also pleased with them, so stop it, because the time of Mehdi (a) is just beginning and he is not going to be happy with you!"

••••••• •••••• •••••••• ••••••••• ••••••

RadiAllahu `anhum wa radoo `anhu. Allah well-pleased with them, and they with Allah (5:119)

The Sahaabah (r) did not seek honor with their ornaments or beautiful dressing or amazing clothes. Now people are asking for honor through their amazing clothes, even holy people are saying, "We are holy ones," and they are happy with their amazing clothes. Is it not true?

O Salafi `ulamas! Why are you not teaching your listeners and your followers that we have been honored, all of us, to be in existence? Even an ant knows this and glorifies its Lord. What about you? How many times are kings glorifying Allah Almighty, saying, "SubhaanAllah, SubhaanAllah, SubhaanAllah, Allah is the most glorious!" Even after prayers in the Haramayn Shareefayn, the holy prestincts of the Ka`aba, they are not sitting to make that praise, SubhaanAllah, SubhaanAllah, SubhaanAllah, but are leaving quickly. Sit in the mihraab, it is Maqaam ar-Rasool, the place of Sayyidina Muhammad (s)! Sit there with people as much as you can and say SubhaanAllah (repeats in singing voice). Why you are not saying SultaanAllah, SultaanAllah, SultaanAllah, "Allah is the King"? Why are you disappearing from the mihraab ar-Rasool (s) so quickly? Stay there and make thousands of people recite, SultaanAllah, SultaanAllah, SultaanAllah, SubhaanAllah, SultaanAllah, SultaanAllah, SultaanAllah! Do you think Allah Almighty will be angry from this? If not, then why are you saying, 'Bid`a, bid`a?' Shaytan is tying those people outside the Holy Sanctuary, saying, "Enough, come out quickly! That is not sunnah, that is bid`a!" What is outside? Why are you going so quickly? Staying there is rahmah, blessings.

O Salafi `ulamas! Why are you not saying to your imams, “Don't be in a hurry to come out! As long as you can be inside Haramayn ash-Shareefayn is an honor for you. As long as you can do it, you should!” How is this

bid'a ? Say, SubhaanAllah, SultaanAllah, then Allah Almighty will dress you from Heavens every time. Try to be the last one to go out of the Haramayn ash-Shareefayn, not to be the first one to run away. How are you (calling yourself) imaam? How are you Salafi `ulamas? That is the way of Wahhabi no-mind people! Allah sawfa yantaqim minkum, “Allah will destroy you!” Soon Allah Almighty will take power from you and bring ones who are weak in their body but strong in spirituality, to the Haramayn ash-Shareefayn, and you will be thrown away! May Allah forgive us. O our Lord! Tawbah, yaa Rabb!

O Salafi `ulamas! You are never saying, SubhaanAllah, SultaanAllah. Why? And from every direction now, from Heavens also, are coming aafaat, afflictions, from up and down, from everywhere. And now people fear from earthquakes, hurricanes, floods and unexpected poison rivers that are running. Allahu Akbar! Aman, yaa Rabbee!

O People! Whoever is full with pride, leave that pride and dress in old dressings and come to your Lord's Divine Presence. If a person comes to your home with a good dressing and asks for money, you will say, "You are not a poor person, so I am not giving." But if a person comes with old clothes and says, “Give something for the Sake of Allah,” you might give. You also are dressing with that model dressing and never coming to ask Allah Almighty!

O our Attenders! You must ask, and you must try to learn something about servanthood. They claim to be "Salafi `ulamas," but they are not making anything clear about servanthood. Even mulook must come and sit down with people, as the Seal of Prophets (s) was sat with his ummah, dressing as they were dressing. Why are our mulook not coming to be with all the people? What is the difference between common people and you? You are appointing yourself as princes and royalty. Leave that level and come to the level of servanthood, then you will be granted heavenly honors. If not, people will never give you any real honor. Tawbah yaa Rabbee!

Fatihah

## The Royal Garments for Sultan Selim IV

(A mureed brings two handmade garments and a tarboosh [man's headcap], examined by Mawlana Shaykh Nazim.)

(Mawlana Shaykh Nazim stands.) Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Yaa Rabbee! With Your mighty power and greatness, the zeal that You have granted Islam in this holy night, may the Sultan of Islam be dressed in this royal garment so that Your Shari`ah will transpire! O our Lord! You are Qaadiru 'l-Muqtadir! We are weak. We made preparations and now we are asking for a sultan from Your divine generosity for the sake of Your Beloved, the Sahaabah 'l-Kiraam, and the Ottomans, yaa Rabb!

Fatihah.

(Mawlana Shaykh Nazim sits.)

Guest: This is Sultan Reshad Khan's original sword belt; the sword goes here. With your barakah, we found a sword that was used in battles by a soldier in the time of Sultan`Abdul Hamid Khan. We couldn't bring it with us since it is a historical and invaluable Ottoman relic, but with your barakah we will be able to ship it to

Germany. Here is a picture of it. It is the same exact sword carried in ceremonies by Sultan Reshad Khan and Sultan `Abdul Hamid Khan.

Mawlana Shaykh Nazim: Mashaa-Allah, very nice!

Guest: Here are the pants that go with it. With Allah's permission, it exhibits a majestic appearance. We used the highest quality products and it is completely hand-crafted.

Mawlana Shaykh Nazim: How old is the head craftsman?

Guest: The tailor is forty years old. The lady head tailor is also forty, the same lady who repaired the holy mantle of the Prophet (s), Hirka-i Shareef. At the same time, when she was 13 years old, she embroidered the cloth covering the Holy Ka`bah. Nine ladies worked on this day and night, and with your barakah it was completed in 45 days! Some said it is absolutely impossible for something like this to be finished in less than nine months; they thought we were lying. Mawlana, we brought these here as a trust and have transferred them to you. Inshaa-Allah, you like them.

Mawlana Shaykh Nazim: Allahu Akbar! Whole nations are going to stand up! This belongs to the Sultan of the End of Times. Let us make takbeer! (Mawlana Shaykh Nazim stands.) Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Yaa Rabbee, You have presented this royal garment on this sacred night; also send us that one who will be dressed in it! For the sake of our Beloved One, send us Sultan Selim who will profess and revive Your Shari`ah, yaa Rabbee! (Mawlana Shaykh Nazim sits.)

Fatihah.

Aferin, well done! Now this is what people want, what they are asking for. This clothing has been sanctified on this holy night (Laylat al-Raghaib) and inshaa-Allah our sultan, Sultan Selim Khan, will wear it. Fatihah. He is a very tall person.

Guest: (Holds up the two garments.) Is the red one just the way you want it?

Mawlana Shaykh Nazim: The red one is for when he sits on the throne and the black one is when he will wear

his coat of arms. We will have him wear this one first, before the other. He will wear the black clothing at the Kilic Merasimi, the ritual of donning the sword, after which he will wear the red one when he ascends to his throne. Inshaa-Allah, the power to gather the ummah is granted to him and that is our hope, as these items were brought to us on such a holy night!

Fatihah.

Preserve these royal garments well, as they will be transferred to the veliaht, heir to the throne, Sultan Selim. May it appear on him! After being dressed, he will appear to the Europeans. He will be dressed there and it will be announced, “Restore our rights!” This is what came to our hearts. May Allah and His Beloved One be well pleased with you. Yaa Rabbee, this is all that we were able to do; we have no power beyond this point as all might and power is Yours. Yaa Rabbee! For the sake of Your Beloved, dress Sultan Selim and bring him out so he may revive Your Shari`ah. Allah, Allah!

Fatihah.

Have the ladies seen this? It is handmade. (Mawlana Shaykh Nazim calls his daughter, Hajjah Rukiyyah.)

Mawlana Shaykh Nazim: Hajjah Rukiyyah, look at these! Inshaa-Allah for the sake of this blessed night, may the Sultan of End of Times be dressed in it. It came right on time. The tajjalli has changed tonight. Now the whole Muslim world is obligated to plea to him. (...) Allahu Akbar! (Mawlana Shaykh addresses someone in the room.) You must ask on behalf of the German Empire, as their turn has also come. To all of them will be the establishment of kingdoms and dirty ones will be taken away. (...)

For now you may preserve these here, but when you are heading back take them with you. Perhaps on 27 Rajab, the Night of Mir`aaj, he will be dressed in it and it will be made known; otherwise, the ceremony will be left for 15 Shaaban, the Night of Bara`ah, which is more excellent as it is the beginning of the new spiritual year, indicating a new beginning. Therefore, we are going to guard him well, so he may announce the right of khilafah which belongs in the hands of the Ottomans; it is not given to Arabs or non-Arabs. No one will be able to take away khilafah from him!

The Arabs will also stand up. The Amir of Hijaz, Shareef Hussayn, also wanted it, but Sultan Vahyettin did

not give it to him. So when it is not given, no one can appoint himself as the khalifah. It is in his hands and he is Sultan Selim! Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, wa lillahi 'l-hamd! Thanks to Allah that it came at the right time (in holy Rajab, when amazing things happen).

May Allah be well pleased with those whose hearts He has turned, to have them prepare this for the sultan. Now there is no one left from the Ottomans except Sultan Ibnu Sultan Ibnu Sultan, Sultan Selim! Allahu Akbar, wa lillahi 'l-hamd! It is from the order of our Prophet (s) as mentioned in his Hadeeth Shareef, “Sultan Selim will take from you and give it to another Sultan Selim who will hand it over to its real owner.”

So now there is nothing left for us to do; all of it will be carried out directly from above and this is all we can do. Anything beyond this point, we have transferred it onwards. The Ottomans will now unite and in Turkey there will be a big commotion. Not a single man will remain who will not want this to occur. It is full of zeal, full of zeal! Allahu Akbar!

Guest: Should we hold a big meeting and inform everyone?

Mawlana Shaykh Nazim: Of course, let everyone know. Inform those in Europe; they should all come and see the sultan with his uniform. Dress him and show him to them. He will be shown on the Night of Bara`ah, as that is the night for which we will prepare him, inshaa-Allah. Let him be seen in public! What Allah has vindicated no one can decline, not armies, nor nations or empires! Allah has appointed everything in their right times. Islam will come to light, whether you like it or not. Those who don’t like may go to Hell!

Guest: Sayyidee, Sultan Selim had told us that he would make his appearance in Ramadan sometime during `Eid ul-Fitr. But we will send him your message regarding the Night of Bara`ah.

Mawlana Shaykh Nazim: Now we will go with the instructions coming from above. The Night of Bara`ah is the beginning of it and he will enter Ramadan with it.

(Mawlana Shaykh Hisham enters the room.) Hisham Effendi! (Mawlana Shaykh Nazim stands.)

Mawlana Shaykh Hisham: As-salaamu `alaykum, Sayyidee.

Mawlana Shaykh Nazim: Wa `alaykum as-salaam. Bring the (royal garments) back so Hisham Effendi can

take a look at them.

Mawlana Shaykh Hisham: O mashaa-Allah, Sayyidee, it's beautiful, almost like original. Where did they make it? (In Marash, Turkey; it's handmade.)

Mawlana Shaykh Nazim: Look at its heybet, zeal!

Mawlana Shaykh Hisham: It's beautiful, Sayyidee; the fabric is very nice.

Guest: In reality, this embroidery is nine months of work, but with your barakah, nine ladies completed it within 45 days.

Mawlana Shaykh Hisham: Well, it's a dress for the sultan.

Mawlana Shaykh Nazim: For sure! It's not fake; look at the fabric. Hisham Effendi can immediately understand (the authenticity of fabric).

Guest: The tailor said it has 500,000 stitches.

Mawlana Shaykh Nazim: How do you like the red one?

Mawlana Shaykh Hisham: It's beautiful, Sayyidee.

Mawlana Shaykh Nazim: Red signifies the Divine Attribute Jalaal, Majesty.

Mawlana Shaykh Hisham: Your Honor must wear one of them; this is not something that is easy.

Mawlana Shaykh Nazim: This will ignite whole nations. Allahu Akbar! Allahu Akbar! Laylat ul-Ragahib, O Hisham Effendi!

Guest: It is made from Egyptian linen, which is known to be the best.

Mawlana Shaykh Nazim: Hisham Efendi is the first one who deserves to wear the taaj (crown) the most.

Guest: Alhamdulillah, it befits him.

(Mawlana Shaykh Nazim shows a picture of Sultan Selim to Mawlana Shaykh Hisham.)

Laylat al-Raghaib. This is the Holy Night of Desires, the first of Rajab, and in Rajab you see amazing things. Really that is so. May this become a firm reality in this month!

Fatihah.

As-Salamu `alaykum. Ay Yaran. Shah Mardan. Salam jenen, die Zuneigung für Shah Mardan haben, jene, die seinem Weg folgen und seinem Weg folgen wollen. Alhamdulillah, wir sind in guter Gesundheit aufgewacht. Shukur ist für Allah (swt), Salat und Salam seinem gepriesenen Habib (saws) und Shah Mardan. Dies ist eine Unterhaltung. Unsere Versammlung gründet auf Liebe. Liebe zieht Liebe an. Marhaba, ay Yaran Shah Mardan, Marhaba. Rezitieren wir Allahs Namen zuerst. Es ist verpflichtend vor jeder Tat für alle Diener. Wenn das so ist, laßt uns den Schlüssel für alle Schätze sagen, Bismillahi r-Rahmani r-Rahim. Sagen wir es, damit unsere Versammlung eine schöne, süße Versammlung wird. Unser Tag wird angenehm sein und unser Glaube stark und alle Sorgen weit weg. Diese Welt ist das Haus der Probleme. Diese Welt ist das Heim der Heimsuchungen. In dieser Welt gibt es immer und überall Unannehmlichkeiten, die zu den Menschen kommen. Diejenigen, die hinter dieser Welt herlaufen, jene, die versuchen, die Güter der Welt einzusammeln, oder jene, die versuchen, ein Sultanat in dieser Welt zu haben, für die ist es eine Last. Wer immer versucht, hinter dieser Welt herzulaufen, wird zerschmettert. Die Welt soll hinter euch herlaufen, lauft nicht hinter der Welt her. Nein. Ihr solltet das wissen. Fa'lam Annahu La ilaha illa Allah. Es gibt Einen Gott, Einen. Er ist vorewig und ewig, unser Herr. Preisen wir Ihn, rühmen Ihn, verherrlichen Ihn, heiligen Ihn, ohne Grenzen, Shukur Allah. Er weckte uns gesund auf, und wir bieten diese paar Worte der Versammlung Shah Mardans Yaran. Uns wurde diese Gelegenheit gegeben. Shukr. Ya Rabb, gümanimiz artsin. Sagen wir Bismillahi r-Rahmani r-Rahim, damit unsere Bedrängnis weggeht, damit unser Tag angenehm wird und uns nicht überwältigt. Die Welt vernichtet den, der hinter ihr herläuft. Diejenigen, die das nicht tun, rührt sie nicht an. Wenn Allah euch gibt, dürft ihr nehmen. Er gibt Seinem Diener von dieser Welt. Nimm und nutze es. Laß Mich sehen, wie du Meine Segnungen nutzt. Wofür

wirst du sie nutzen? Das ist eine wichtige Sache. Hört Shah Mardan zu. Wir werden auch zuhören, o Leute, die Shah Mardan lieben. Tausende und Abertausende Salat und Salam, Tausende, Millionen, Billionen Salat und Salam für Habibullah, so viel wie Schöpfung auf Erden und in den Himmeln! Shah Mardan, der Sohn des Onkels, Salat und Salam für Sarwari Kainat (saws). Jedes Salat, das du sagst, gibt dir mehr Erleichterung.

Wer ist unser Meister? Er ist der Meister des Universums. Wenn ihr ihn nicht anerkennt, seid ihr nicht menschlich, seid ihr Tiere. Hashakum. Wer ist der Meister des Universums? Der Meister des Universums ist Sayyidi Kainat, Muhammad Mustafa (saws). Salawat. Der Meister des Universums, unser Meister. Die ganze Schöpfung wurde für ihn geschaffen. Allah sagt, 'Nimm, o Mein Habib.' 'O mein Herr, ich brauche nichts anderes als Dich.' 'Gib, wem immer du willst. O Mein Habib, nimm.' Rasulullah bat nicht darum, seinen Liebenden zu geben. Es gibt ihnen Probleme. Möge Allah Schwierigkeiten von uns fernhalten. Er fragte nicht: Wem soll ich es geben? Der gepriesene Rasul (saws) sagte: Das einzige, was ich brauche, bist Du (Allah swt). O mein Herr, können wir etwas anderes ansehen als Dich? 'Ich gab euch die Welt zum Gebrauch, dem zu geben, der diese Welt will.' Möge sie eine Strafe für sie sein. Was wird diese Welt sein? Diese Welt ist eine Heimsuchung und ein Problem für die Menschen geworden. Sie hat die Menschen zerschmettert und ihnen ihre Menschlichkeit genommen. Jene, die hinter dieser Welt herlaufen, was ist aus ihnen geworden? Sie sind Teufel geworden. Jeden Tag feilscht Satan um diese Welt. 'Kommt und nehmt diese Welt von mir!' sagt er. Shaytan. Die Leute laufen hinter ihm her.

Ay Shah Mardan, erwähnen wir deine Lehren. Marhaba, Marhaba, geliebte Freunde Shah Mardans. Ihr seid so schön, voller Licht, ehrenwert, jene, die dem Weg Shah Mardans folgen. Es ist der Weg unseres Meisters (saws). Rezitiert den Ehrenwerten Namen Allahs (swt). Sagt Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Es wird rezitiert für reine Dinge. Du kannst die Basmala nicht für schmutzige Dinge rezitieren. Es ist Kufr. Rezitiert die Basmala für reine Dinge, für den Ehrenwerten Namen Allahs (jj), Der das Siegel von Himmeln und Erde hat. Ihr könnt die Basmala nicht für die Dunya rezitieren. Wenn ihr das tut, bedeutet das, daß ihr nicht bewußt seid, euch wurde nichts gewährt. Ihr könnt die Basmala nicht für die Dunya rezitieren, weil sie unrein ist. "Ad-Dunya Jifatun", sagte unser Prophet (saws). Die Welt ist ein Kadaver. Ihr könnt die Basmala nicht für einen Kadaver rezitieren. Hasha. Shah Mardan lehrt,

Ay Yaran, die ständigen Soldaten des Kampfplatzes, diejenigen, die sich dem Kampfplatz der Soldaten widmeten. Der Kampfplatz der Soldaten ist der Kampfplatz Shah Mardans. Shah Mardan, der Sohn des Onkels unseres Propheten (saws), ist Hz Ali (ra), Asadullahu l-Ghalib, Ali ibn Abu Talib, Allahs (jj) unbesiegter Löwe. Unser Meister, Hz Ali (ra).
Sagt: Er ist Shah Mardan! Warum zog er sein Schwert? Er zog sein Schwert nicht für die Dunya. Er zeigte jenen den Weg der Tapferkeit, die die Dunya zu einem Schrein machten, den sie anbeteten, jenen, die Kadaver einsammeln und keinen Wert haben. Er zog sein Schwert gegen sie. Bringt Ordnung in euere Köpfe. Füllt nicht die Toiletten! Euer Schöpfer erschuf euch nicht, um die Toiletten zu füllen. Hasha Thumma Kallaa. Khaliki Yazdan, der Schöpfer Allah (jj) erschuf euch nicht, um zu schlafen, um hinter einem Kadaver herzulaufen. Deshalb wurdet ihr nicht erschaffen. 'Ich erschuf den Menschen und gab ihm Meine Liebe', sagt Er. 'Ich will gegenseitige Liebe.' Wie schön! Das ist die Lehre Shah Mardans. Die Menschen sind jetzt alle unwissend. Sie wissen nicht, was sie wollen. Sie machen einfach weiter und graben einen Brunnen. Aber warum grabt ihr einen Brunnen? Eine Toilette war nicht genug. Also grabe ich noch eine, um sie zu füllen. Ist das euer einziger Job? Der, Der euch erschuf, erschuf Er euch, um Toiletten zu füllen? Hört und antwortet: Erschuf Allah (swt) diese Menschen, um Toiletten zu füllen? Fragen wir die, die beanspruchen, Gelehrte zu sein.
Ich frage auch die christliche Welt. Kam der Prophet Jesus (as) in diese Welt, um Toiletten zu füllen? Wurde er gesandt, um euch diesen Weg zu zeigen? Oder ist es der Weg der Himmel, den zu lehren er kam? Ihr sagt, Allahs (swt) 'Sohn', Hasha. Allah (jj) braucht kein Kind. Allah (jj) ist der Schöpfer. Er braucht überhaupt nichts. Es ist wegen der Lehre und Ausbildung des Menschen, rein zu sein, zu den Himmeln zu schauen. Kürzlich wählten sie einen neuen geistigen Führer, (die Menschen außerhalb der islamischen Welt). Von der Person, die sie wählten, zeigten sie Bilder überall, aber ich sah nie, daß er die Hände hob und zu Himmel emporschaute. Welchen Wert hat ein Mensch, wenn er nicht die Wege zu den Himmeln lehrt? O christliche Welt, wenn ihr nicht zum Himmel emporblickt und sagt, 'O unser Herr, Meister der Himmel und der Erde'.. wenn ihr Ihn nicht so ansprecht, was erwartet ihr, was Er für euch tut? Was wird Er euch geben? Jesus (as), ihr behauptet, daß er der Sohn Allahs (jj) ist. Allahs Sohn hat nichts zu suchen auf der Erde. Hasha! Allah (swt) hat keinen Sohn. Wie könnt ihr sagen, er ist von den Himmeln, wo es keinen Tod gibt?

Sandte Allah Seinen Sohn auf die Erde, eurem Glauben nach, um gekreuzigt zu werden? Was ist das für eine Dummheit? Ihr stellt immer Kreuze auf, welche Bedeutung hat das? Religion ist kein Spiel. Religion ist der Befehl Allahs, der von den Himmeln herabkam. Er sandte Jesus (as). Was sandte Er mit ihm? Injil, die Bibel. Wie nennen sie das Injil? Die Bibel. Die Bibel wurde von der Erde genommen, aber sie wurde von den Himmeln gebracht. Die Bibel.. 'Ich werde dich ans Kreuz hängen und dann die Leute es anbeten lassen.' Ist das, was in der Bibel geschrieben steht? Wie könnt ihr mit irgendetwas Erfolg haben? Shaytan hat euch zum Gespött gemacht. Hasha. Habt ihr einen geistigen Führer, der es akzeptieren würde, ans Kreuz gehängt zu werden statt Jesus (as)? Akzeptiert das jemand, oder sind euere Behauptungen leer? Unsere Religion ist Islam, die Gefährten (ra), Ruhi Fedak, ya Rasulullah (saws), sie sagten, Wir opfern uns für deinen Weg, ya Rasulullah (saws). Welcher der Jünger sagte zu Jesus (as): Laß mich am Kreuz hängen statt deiner? Keiner, weil es nicht stimmt. Ist irgendeine Wahrheit dabei? Ich sah niemanden seine Hände heben und aufschauen, nicht einmal den Papst. Wie kann das sein? Warum verdammen sie uns? Muslime und ihre Taten sind richtig. Sie werfen sich vor Allah (swt) nieder, ihre Befehle sind von den Himmeln. Allah (swt), Dessen Befehle überall befolgt werden, Der alles erschaffen hat, sie werfen sich vor Ihm nieder. Werfen sie sich vor irgendjemand nieder? Jesus (as), hat er sich niedergeworfen oder nicht? Sprecht. 'Nun, er ist ein Gott.' Okay, wenn er ein Gott ist, wirft er sich nicht nieder. Sehr gut. Wenn er ein Gott ist, wie kam er dann dazu, sich kreuzigen zu lassen? Ihr seht, diese Leute sind mit so bedeutungslosen Dingen wie diesen beschäftigt. Shaytan ließ sie den rechten Weg vergessen. Oberflächlich betrachtet, machen sie Zeremonien, läuten ständig Glocken, stellen Kreuze auf, versprühen Wasser.. Was sind diese Dinge? Sie mögen die Muslime nicht. Sie wollen sie nicht. Was haben wir gemacht? Wir sagen La ilaha illa Allah zum Eigner der Himmel und Erden, unserem Herrn. Warum sagt ihr nicht La ilaha illa Allah? Sie sagen es nicht. Nun denn, wer ist da? Wer ist Allah (jj)? Wer ist Allah für euch? Wer erschuf Jesus (as)? Warum sagt ihr es nicht? Steht das in der Bibel?

Aber vom Läuten der Glocken und dem Lärm der schreienden Menge wurde der Neue verwirrt. Er machte so mit einer Hand. Ihr erhebt nicht beide Hände zum Himmel? Ist Jesus (as) auf der Erde oder im Himmel? Sagt mir, wenn er im Himmel und nicht auf der Erde ist, warum ruft ihr

nicht: O Jesus!? Für wen läutet ihr die Glocken? Läuten sie Glocken im Himmel? Laßt die Spiele, seht auf die Wahrheit. Laßt die krummen Wege, seht auf das, was recht ist, sonst wird Shaytan euch mitnehmen. Shaytan hat jeden furchtbar gemacht. Ja, der Prophet Moses brachte die Tawrat, die Torah. Die Torah kam. Sagt sie, daß Jesus kommen wird und am Kreuz angeschlagen wird? Das Alte Testament hat recht. Es ist im Neuen Testament, daß sie Jesus (as) kreuzigen und daß sein sogenannter Vater es erlaubt. Seid wahrhaftig und werdet gerettet. Wenn ihr krumm seid, werdet ihr sinken. Islam, "Inna d-Dina `inda Allahi l-Islam". Islam ist die einzige Religion, die Allah (swt) anerkennt. Keine der anderen Religionen hat irgendeinen Wert. Hasha.

Wenn sie sagen, er ist ein Prophet, wie können sie ihn an ein Kreuz hängen? Wenn er ein Gott ist, wie können sie ihn kreuzigen? Was ist das für ein Unsinn? Dieser Sarkasmus ist schändlich. Sagte der Prophet Moses (as), Jesus wird kommen, und sie werden ihn an ein Kreuz hängen? Wer kreuzigte ihn? Dreckige Leute. Was ist das? Ihr müßt es sagen! Diejenigen, die nicht die Wahrheit sagen, sind Tiere ohne Zunge. Diejenigen, die nicht die Wahrheit sagen, haben keinen Wert für Allah (swt). Der Wertvolle ist derjenige, der die Wahrheit sagt. "Wa Kunu ma`a s-Sadiqin", sagt Allah. 'Seid mit den Aufrichtigen'. Der Herr der Himmel und Erde, der Herr von Menschen und Djinn, der Herr von Jesus und Moses, der Herr unseres Meisters und des Meisters des Universums (saws). 'Ich erschuf die Himmel und die Erde. Jesus und Moses sind Meine Propheten. Ich erschuf das Paradies und die Hölle. Glaubt an Mich. Hört auf die Propheten, die Ich sandte. Erfindet nicht Sachen.' Die christliche Religion ist von Anfang an ausgedacht. Manche sagen, wir sind Katholiken, andere sagen, Protestanten, manche sagen Orthodoxe, andere sagen Kopten. Wieviele Arten? Wo finden sie diese?

Kommt zur Wahrheit. Allah (swt) sagt: Seid aufrichtig, nicht krumm. Es gibt einen Krebs, der läuft seitwärts. Geht nicht so, geht geradeaus. Seid aufrichtig. Der Befehl, den alle Religionen die Menschen lehren, ist: Seid wahrhaftig. Sagt Allah! Qulu Allah Thumma Istaqim. Sagt Allah, dann seid aufrecht. Seid nicht so wie ein Krebs. Nein, Religion ist kein Spiel. Geistigkeit wird nicht von der Erde gegeben. Sie wird von den Himmeln gegeben. Jemand mit geistiger Kraft soll kommen. Geht zum Schiefen Turm von Pisa in Italien, und laßt ihn sagen, laßt ihn versuchen, den Turm gerade zu stellen, wenn er kann. Ich sage etwas: Wenn er sich nicht aufrichtet, werde ich sie vernichten. Wenn sie Macht haben.. Ich bin nichts, aber wenn ich sage,

'Sei aufrecht!', wird sich der Schiefe Turm aufrichten. Wenn ich sage, 'Seid wahrhaftig gegen Allah!', wenn sie es nicht sagen, wird es ihnen auf den Kopf fallen. Wenn sie Macht haben, sollen sie dorthin gehen. Sagt Allah (jj). Sagt: La ilaha illa Allah. Holt nicht das Kreuz hervor. Sagt Allah (jj). Sagt: La ilaha illa Allah, um euere Menschlichkeit unter Beweis zu stellen, um eueren Glauben zu bestätigen. Wenn ihr das nicht tut, diese erfundenen Dinge haben unsere Welt in dieses Dilemma gebracht. Möge Allah uns vergeben.

O Shah Mardan, wir wissen nichts. Sende uns etwas, damit wir verstehen und es den Leuten erklären. Er sagt mir gerade: Sag das nicht, es ist schon gelehrt worden. Der Meister der Welt wurde gesandt und lehrte es schon, aber die Menschen, übereinstimmend mit ihrem Verstand, haben die ohne Verstand es durcheinandergebracht in einen nicht wiederzuerkennenden Zustand. Wir gehörten zu der Religion, die von Allah (jj) anerkannt ist. "Inna d-Dina `inda Allahi l-Islam". Der Prophet Abraham (as) war von einer Muslimnation. Abraham sagte: Ich bin Muslim. Er sagte nicht: Ich bin Christ oder Jude. Abraham (as), warum nehmt ihr es nicht und lest? Sagt die Wahrheit, sonst mögt ihr innerhalb von 40 Tagen am Leben sein oder nicht. Wir hoffen, daß Allah uns nicht vom rechten Weg trennt. Laß uns zu denen gehören, die die Wahrheit anerkennen.
Unser Herr, sende uns einen Sultan, sende uns einen Meister, der uns die Religion lehrt, mit der Du zufrieden bist. Diese Leute folgen Shaytan. Überall geht es drunter und drüber. Unterdrückung, sie jagen und walzen einander nieder. Der Sultan wird die Unterdrücker strafen. Sie sollen kommen. Ay Shah Mardan, sende uns einen Sultan, um deines geliebten Habib (saws) willen. Laß ihn endlich kommen, einen Sultan. Wir sind verwirrt, unser Herr. "Ab`ath Lana Malikan Nuqatil fi Sabili" (2:246). Wa min Allahi t-Tawfiq. Ya Rabbi, Gläubige sind immer voller Freude. Wir haben keinen Kummer. Nein. Shukr Allah, wir glauben an Ihn. Wir glauben an unseren Schöpfer. Jesus, Moses, Abraham (as) sind alle Propheten. Wir sind von der Nation des Propheten des Zeitenendes, Habibullah. Es ist unsere Ehre, kommt und seid ehrbar, sonst macht Er sie auch fertig. Allah vergebe uns. Wir hoffen, daß Er uns nicht unserem schlechten Ego folgen läßt. Tawba ya Rabbi, Tawba ya Rabbi. Tawba Astaghfirullah. Ich bin ein schwacher Diener, ya Rabbi. Was kann ich tun? Die Ankündigung Habibi Kibriyas, von dem, was ich von Shah Mardan verstehe, würde ich gern sagen. Wir hoffen, mit dem Gewand von Macht und

Majestät bekleidet zu werden. Auch eine Ameise kann, wenn sie die Erde anstößt, sie wegfliegen lassen. Es ist in Seiner Hand Rabbu l-Izza, Allah, Meister von Himmel und Erde. Vergib uns, unser Herr. Sende uns einen Sultan. Fatiha. Möge Allah unsere Gebete annehmen.

Most majestic one, through creation.

Dastoor Ya Sultan al-Awliya, O master of this world! We are asking a heavenly support to kjnow, to understand to do as our Lord likes to be done.

May Allah bless you our listeners that you like to listen. Dont look to me but look who is making me to address to you.

Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, AllahAllah, Allah Allah, Allah Allah, Allah Allah SubhanAllah
Allah Allah, Allah Allah, Allah Allah Sultan Allah
Allah Allah, Sultan Allah
Allah Allah Allah Allah `Azeez Allah
Allah Allah Kareem Allah

As-salaamu `alaykum. O our listeners! Don't listen to me. I am like you, a weak servant, but try to hear the sound of heavens; the sound of messengers; the sound of saints; the sound of glorified ones. Hear and hear, and listen and obey. Try to be obedient ones. We must try.

Yes. As-saalaam `alaykum. Heavenly salute on you, O our Lord's deputies on earth.

O people! Are you thinking that the Lord of heavens He has only one world? What do you think, O people? O people! O mankind! Leave your nonsense thinkings; nonsense actings. Leave your nonsense efforts, O mankind! Come and use your efforts for heavenly aims.

Tomorrow you are going to be dust. Why you are wasting everything for nothing. Use your mind and think on it. You must say what you are doing. What you are doing? For what we are living? For what we are working? For what we are trying to reach? To where you are trying to reach, O mankind? I am asking!

For every level people, that they are on different levels, I am asking. First-level people, second-level people, third-level people. Fourth -level people. Fifth-level people. Sixth-level people. Seventh-level people.

This what we are speaking on it that the master making this weak servant to say and to give some explanation on it.

O people! We are speaking on seven levels, as seven heavens. Seven heavens. Heavens it is well-known above our heads, covering this planet. But you are looking and seeing only one cover daytime and one cover nighttime, over your heads. Covering you daytime a blue cover. You're looking but you are not interesting. For what this blue blanket, covering east and west and finally that blue cover disappearing and changing? Changing, this cover that we are looking and seeing it as a blue blanket, after sunset coming and covering our world another cover. It is a black cover. Through blue color, you are seeing. You are looking; you are running, coming, going, making, building, destroying, running. And asking to reach something. Just you are going to reach something that blue cover running away and coming a black cover. And you are saying, "O we must wait for another period, another opening from this black cover. And we may continue on it."

Yes, second day, in your beginning awakening, and asking to run after something, to reach, to reach. You have a kind of effort according to your demands and you are running, running and then you are looking and seeing black cover coming on earth and covering you also, you are going to be unseen one through that black cover.

I may ask, that running people, from sunrising when skies just wearing blue cover, from that time up to, til our world just covered by a black cover, I am asking, "O my friend! Today you were running from early morning up to late time of another world, that day never going to be same as night. I am asking you, O running one! What do you think, you reached to your target? Finished?"

You may say, "No sir. Yet I am not finishing but I am tired and black cover just covering our world and our physical being we are entering in another space. And whole that we did, whole day, now I am so tired and never reached to my target or to my wish today. And one day just passed away."

"O my friend! What about you are going to reach to your target after one week?"
"No sir."
"Do you think you can reach after one month and no more to run after it?"
"No sir."
"Do you think that your running to reach something, to reach something, do you think that now you are 20 years old, do you think that when you are going to be 30 years you may reach?"
"No sir."

“Do you think that you may reach to your target?” What is target? It is a secret secret desire through your heart; through your mind.
“Maybe when you are reaching to 40 years do you think that you are going to reach to your target?”
“No sir.”
“what about if you are reaching to 70 years, do you think that you reached your target?”
“Never sir.”
“Do you think that after 70 years what you can do? What you can be able to do? When you are young you are not reaching your target. After 70 years old do you think that same effort with you to ask and to reach?”
“No sir.”
“But, O man who reached 70 or 80 or 90 or 100 years, what about your efforts? They taking you to your target?”
“No sir.”
“Yes, you are speaking true but you may say something: that 'O my friend. I was running so many years perhaps 70 years or more, but I am looking myself that I am at the beginning, as a circle, beginning from one point and going on, going on, going on and coming on same spot, beginning.'"

You are beginning from zero and ending to zero.

This circle may be big, bigger, bigger, may be hundred years big circle. May be 1000 years, we may think on it. 1000 years you are beginning from zero and ending to zero. Or we may think that ten thousand years circle. We are beginning and running and running and running to reach to something. And finally you are coming and looking that you are on same point.

O people, I may say a very very important tale, historical tale and that it is written through holy books, through Old Testament, New Testament and through Holy Quran. A historical event. It is a big lesson for whole mankind. Because holy books giving to people anything that they may ask to know and to learn. They may ask. They should find its answer and they should reach to a place that they may see that that happening in front of their eyes. Yes, that is important event that happened and just informed through holy books.

When the children of Isra'eel they were getting against hoy commands of Allah, refusing for a city to conquer, qariya, the Lord of Heavens ordering to them “go and get in that huge city - it is for you" they are saying to

Moses, “We can't do that, O Moses! There is in that city gigantic people living. We cannot do that. If you like you and your Lord may open that area for us and we may come in.” And Allah Almighty punishing the Children of Isra'eel saying, “O Moses! If they are getting a rebellion or rebellious, rebellious my Holy Command, I am punishing them. I am imprisoning them through Desert of Sinai. I am giving a sentence for them, 40 years to be there. And Sayyidina Musa Sallallahu Alayhi Wasallam ordering them, “Come with me now. Leave that city, come with me, Allah Almighty punishing you and sentencing you through desert 40 years. Come with me now!”

No one can escape. They were following Moses, as flocks following its shepherd. Coming and landing that place. And Moses saying, “Allah Almighty just punished the Children of Israel to be here 40 years in prison.” They said, “Doesn’t matter. He may say but tonight we may escape, we may leave.” They were so proud and brave ones upon the Holy Command of heavens, huh? They slept and in the morning they are beginning, taking a way and saying, “no any guardians. No any around anything, it is open place. Why we are sitting here? We must go and we must get out.”

They are beginning the first day, from right hand and going, going, going, going, and they were saying, “O we are just saved ourselves from prison.” And they are reaching sunset time to a place to landing there for a rest, break for some time. They are looking, “O we are on same point that we began morning. We reached same place.” Tomorrow we must use another way. And tomorrow they were taking another way from that tent, going, going, going, going and sunset they are saying, “We must rest here, now and we may look what happening.” They are looking and seeing same place, same camping place for them. 40 years they were every day going to get out but they are finding themselves at the beginning.

In such a way man also they are trying, even hundred years or more or more or more to reach to some target or their targets or their desires and they are finding themselves on zero point.

O people! That is a reality. Finally you are going to reach the beginning of your life. You are coming from zero and turning back to be zero. Zero, you should under graveyard as a dust. O people! 21st century people. Be mind,.. mind your heads that you never going to reach your target. Everthing going, every effort should be finally zero except whom they are asking to reach to their Lord’s Divinely or Heavenly Present, whom they are happy for working for doing, for running, for asking, for loving to reach - those people. Those people they

should reach to their targets and others going to be dust underground; going to be dust. O people! Mind yourself. Look and think on it.

Enough to be drunk ones, O mankind! Europeans, Africans, Asians, American, Australians and other people. Mind yourself.

What we are saying it is important. Finally you are going to be dust. Therefore don't run after something that making you finally dust, but you must ask heavenly targets. Heavenly, heavenly wishings to reach to save yourselves from darkness of this short life and dirty life to reach with your souls through heavens. O people! Enough to be drunks. Come and listen. Come and think on it. Come and try to understand or should be too late when people putting you on coffin automobile, car. And you can't walk but by force they are putting you in a car and taking you. Even you are not asking to go, taking you to cemetery and putting you underground. Leaving you there and coming back.

Where is your targets? Where is your happiness and efforts to reach? Where you reached, O mankind? You reached to graveyard. Cemetery.

Don't forget. Come and leave to be drunk, you should be happy here and hereafter, making your Lord to be pleased with you and you should be welcomed to another world through heavens. Not to be buried under dark darkness worlds under your feet.

May Allah forgives us.

O people! Hear and obey. If not billions going to be repented but no benefit for them. MayAllah forgives me and forgives you also, O people!

As-salaamu `alaykum.

## `Eid ul-Fitr Suhbah

As-salaamu `alaykum! Laa ilaaha illa-Llah Muhammadan Rasoolullah fa quti`a daabirul-qawmi 'Lladheena zhalamoo.

`Eid Mubarak! We are asking Allah Almighty to give His heavenly support for Muslims, for the honor of Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) We are very weak.

Allah Almighty is calling, "O My servants! I created you and granted you to be My servants, an honor no one else can reach! O Mankind! (Mawlana Shaykh stands) I am sending you My most beloved servant, Sayyidina Muhammad (s) to be your prophet, to call you to My Divine Presence. I am promising all Mankind that whoever accepts to be from My most beloved servant's nation must run! That is an honor I never granted to any other of My servants. The highest servanthood I am granting to My most honored, most glorified servant who was granted majesty from My Divinely Presence to My most beloved deputy as Crown Prince to all nations, from pre-Eternal up to Eternal. Come and follow him and you will be granted power to look at My Divinely Beauty!"

Allahu Akbar! Allahu Akbar! Allahu Akbar!

“O My servants! If you follow him, you will come to Me! If you are not following him you are following Shaytan, who calls you to hells and punishment, to fall into huge fire mountains where you will be in the hands of huge and terrible angels in Hellfire!” (Mawlana Shaykh sits)

Yaa Rabbee! We are mostly running after our egos as we are so ignorant! O our Lord! Send us from your most beloved one in Your Divinely Presence what he promised You will send when people are losing their ways. That is Your promise. O our Lord! We lost the ways that lead us to Paradise! We are so ignorant ones that we have taken wrong ones as our leaders, and they are taking us to Hellfire, to endless difficulties, endless miseries, endless troubles and we are following them!

O Mankind! You left the ways to Paradise and followed Shaytan’s people that lead you to endless trouble oceans, and you will never be pleased here or be happy there! Those Shaytan people fill east and west; one of them can make people kill each other and the Lord of Heavens will never be happy with them! They are running after democracy and leaving Shari`atallah, Allah's holy orders, and therefore, daily they will fall more deeply into the darkness that covers east to west! Allah Almighty sends for us noor, heavenly lights to follow.

O Mankind! Now there are such heavy punishments that will take half the people living on Earth, and it makes them kill each other to give their punishment here!

O People! Repent! Come and listen to the Seal of Prophets (s), who is calling his nation and all people, aslim taslam, “Come to Islam!” Like the Holy Prophet’s letter to Qisra: “I am calling you to surrender to the Lord of Heavens, Who created you! Surrender to His orders and you will be in safety here and Hereafter; if not, you will be punished and no one can save you.”

O People! (If you follow wrong ways and beliefs) no idea, principle, or governing body may save you from divine punishment! Only those who are following the holy commands of Heavens will be saved and will reach the Divinely Presence, to enjoy pleasure and happiness forever!

O People! Come; if not, you will only bring punishment on yourself.

May Allah forgive us. This is Holy Eid al-Fitr. We try to be obedient, but we have committed so many wrong

acts and wrong dealings with people, and we are so lazy to keep heavenly orders. Today we are asking for forgiveness. At this moment, the Lord of Heavens is looking over His Divinely Throne, seeing people running to Eid prayers, and He is saying, “O Angels! Look! My servants are running to come and say, “Allahu Akbar, Allahu Akbar, Allahu Akbar wa lillahi ‘l-hamd! “My servants are making takbeer for Me! I forgive them for the honor of My most glorified, My most majestic, My most beloved deputy. He is My servant, whom I have dressed to be My deputy from pre-Eternal up to Eternal.”

O Nations! Come and believe reality and don’t follow shaytanic ways; it is not good and your honor will be taken away and you will be punished. Tawbah yaa Rabbee, tawbah astaghfirullah. Allahu Akbar, Allahu Akbar, Allahu Akbar wa lillahi ‘l-hamd!

Fatihah.

## Run to Allah

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim
Run to Allah! That is an order mentioned through the 54 Fard, commands, in Islam, which give the real structure of Islam. Before there were booklets in Arabic and in every language mentioning how a Muslim should be, how he must try to accord his life to the heavenly commands, the 54 Fard or obligations. It is coming to my heart to look to that book and to speak to you, so you can write one after one and make a booklet. That is necessary. There are obligations and they can't be changed, and you must arrange your life on that way or direction. One of these 54 commands, orders, obligations or advices for mankind is to run away from Shaitan and to run to Allah. That is one Fard: Every Muslim must run away from Shaitan, as well as from satanic works. You must try to leave every action that is well known to be for Shaitan and run away from it.

How many works are mentioned or written under the title of works of Shaitan, 'amalu shaitan'? The number mentioned through the Shariat, the holy commands of Heavens, is 800. It is forbidden for a Muslim to do them; all of them are

teachings of Shaitan, prohibited through the Schariat. And Shaitan is calling people in spite of the holy command of Allah not to do those works and he says: ’Do it, follow me.’

The summary of the holy command is: Run away from Shaitan and satanic works. It is obligatory, Fard, and therefore every Muslim must try to be enlightened through the holy commands of the Schariat, to know which work and acting belongs to Shaitan. A person who comes and says the Shahada: ‘La ilaha ill-Allah, Muhammad Rasulullah’, is enlightened, and he must try to keep that light, not to be extinguished. A mu’min, a believer, must try to be enlightened or to ask more enlightenment on his way; he must look and see and know where he is stepping, where he is putting his step.

Grandsheikh was telling me through some associations: ’Abdul Khaliq Ghujdawani, Sayidina- may we reach from his high spiritual power for protection and enlightenment- used to say: ’In 37 years I never stepped on dirt or jumped on it by accident.’’ He was showing and enlightening the whole Ummah, that who is asking Allah, it is not true for him to step on dirt. Dirt is not only a material dirtiness, but he meant to say: ‘I never left my ego to do a dirty work that is forbidden; I never followed Shaitan or listened to him to do the even smallest thing that is forbidden.’

That means he was never heedless, ghafil. The biggest danger for Muslims is to be heedless, individually or commonly. Allah is warning His servants not to be heedless, and the holy Prophet was asking through his prayers: ’Allahumma la ta’jalna mina ghafilin’, as a teaching for his Ummah. He said: ’O my nation, ask from Allah and say this Dua.’

In old times the Muezzin used to say this after the prayer and before the Tesbih, then they said: ‘Subhanallah’. Now they lost it; they leave everything and run after Shaitan. The Prophet was saying that we should ask from Allah

Almighty to keep us away from heedlessness, because it makes the biggest harm for the Muslims individually and commonly.

And the real reason for what is happening now is heedlessness; people are heedless, they never know what they are doing. No one keeps the balance of the Shariat through his efforts, works and words. Most people run after Shaitan and they think that they do a good thing. So many people do wrong things, and their ego is showing to them bad actings and bad efforts as good. And now Muslims fell into a depthless, dangerous valley; all of them think that their ways and directions are good and perfect.

Individually people ask to be western Muslims; and all Muslim countries and governments, states and their leaders think and run to be westernised Muslims. Westernised Muslim means: a Muslim, when he is going to be westernised, must be Kafir (unbeliever); no other way; to be westernised Muslim means to be finished. That is the foolishness of some agents of Shaitan who ask for reforms, a renewment in Islam. Who are you? How you are asking this? If there was the necessity for a renewment in Islam, Allah would know, and He may renew it. But He sent Islam through His most highly honoured last Prophet with the last message- how you are asking a renewment in Islam? What is that mentality among learned people, scholars in Islam, to ask a renewment in Islam for people?

The Prophet was saying: 'Islam is guidance.' If a person is going to be a guide, or something, like a book, is going to be guidance for a person, and that person is going to be guide for people, that means you must follow. The Prophet was saying: 'Islam is guidance from Heavens and the Lord of Heavens is asking people to follow His guidance, so that they may walk in His guidance.' And you say: 'This guidance must follow us; we are going to make another guidance'? What is that foolishness among doctors in Islam, that learn something, write some pages and then ask to make a new guidance for people. How it can be? That is Batil. Allah sent us His guidance that we may follow it. You can't change it- who are

you? You are a prophet of Allah? And all trouble comes after that bad idea. The Jews did it- they changed their books and the guidance of the Lord Almighty Allah according to their egoistic wishes or wills. And the Christians also were on the same way, the Jewish way, they did what Judaism did and changed also something from the originality of Christianity and now they finished. And the power is in Islam. They see that they can't do anything for Islam, because Islam is powerful, so they use a trick: They teach scholars and tell them: 'You must renew your book and the Shariat as we did.' But when we put our hand on Islam, its virginity just finishes.

Other religions did their worst for their holy Books, and they ask Muslims to do the same to make Muslims down. Therefore there are hundreds of doctors and their brain is washed, or rather their mind is dirtied. Every doctor is asking to do something to destroy Islam from inside. When they take the power from inside and put their hand, the virginity of Islam is finished, and then no one is asking for Islam.

People ask a virgin religion, a virgin belief. If men bring their ideas in it, there is no more virginity in that religion. Now Islam is in its virginity, but they are trying. At least they tell people: 'You must try to be modern, westernised Muslims.' When you surrender to western people, there is no more Islam. It has no more effect on Muslims, no more attraction- finished. For example: here are two iron pieces; but one is magnet, it may carry metal, the other can't carry. Now they can't be able to attract even one person; but Islam with its whole power may take...

We began to say something and ended in another way...It is an ocean...If we are going to continue on wrong decisions, if we follow our way heedlessly, it is going to be very dangerous finally. When Mehdi a.s. comes, he will cut the heads of 70 000 scholars!

There was a great man, Sayidinna Omar, who was dressed greatness by Allah Almighty, heybet. (And a man is never going to be great with his uniform, even if he dresses a grand uniform, because a uniform never gives greatness to a person. If you take it off, he should be an ordinary person. Greatness is something else.) Once there came a representative of the Byzantine Emperor to Medina Munawwara, an ambassador who represented the Caesar. He asked the people: 'Where is the palace of Khalifatu Rasul, Amir-ul-Mu'minin?' And they said to him: 'He was no palace.' 'So where is he sitting?' 'He is sitting in the Mosque usually, but now is the time of Kailula, midday, and he is sleeping now.' (Because the people were praying nighttime, working for Allah when others sleep, and they needed a rest through the daytime.) The emissary asked: 'Where is he sleeping?' 'He is sleeping in a garden of dates.' 'It can't be! Where?' 'Under the trees.' 'I must meet him, please guide me unto him.' And the people brought him up to that garden, where S.Omar was sleeping, and showed him to the ambassador from far: 'There he is sleeping.' The ambassador began to tremble and he said: 'I am that one who has been through the royal palaces of kings and emperors, but I never felt such a fear and trembled from what I am seeing now.' S.Omar was like a lion! Such is the greatness that Allah grants to His servants who keep His high respect; He dresses them that greatness- it is not with clothes.

Another great man dressed by Allah Almighty once saw Iblis resting, sitting with his feet crossed. He asked him: 'What are you doing? How you are sitting down and leave the Ummah to do everything as they like and you don't run after them to carry them to Hells?' 'Oh, I put my deputies to work now and I am resting.' 'Who are they?' 'Scholars, whose target is only Dunya, not Allah. Therefore they do their worst, worse than me, and I am resting now.'

In Turkey they have a new term for Ulema, for those people that lead the prayers in mosques: 'din Adam', religious man. It is such a suitable name for them. One of the great ones said to me once: 'O Sheikh Nazim, those people are 'din adam',

not Allah adam, not for Allah- why you try for them? No good comes from them. They destroy Islam, not building; they take people to Dunya, not to Allah.'

Once I was in Switzerland, visiting St. Nicolaus von der Fluehe, and there we met a priest. I said to him 'Your Holiness', but he said: 'I am not holy; it is this one, Nicolaus, who has holiness. I am sorry, I am only a priest.' I asked him: 'What about the Pope? He is His Holiness?' 'No', he said, even not accepting the Pope to be holy. They are all din adam, that means, not holy or heilig, but religious people. Therefore all of Dunya is in its worst time; ahlul dunya (wordly people) make Dunya and scholars under their feet. Holy people have power, but all of them disappeared, they ran away, they are veiled, and you can't find them.

There are hundreds and thousands of scholars, doctors, and 'din adam' to destroy the belief and the Shariatullah- and we need 'Allah adam', men of Allah. If you can find one, call me, we go there together. Those people don't say 'salat wa salam', they don't wear Sunnah and object on our brothers' and sisters' dressings, who are looking for Allah; they are not asking Dunya. If they were asking Dunya, they wouldn't come to my mental-house here, which is like the stable of horses. No, everyone lives in such beautiful buildings. But because they are asking to be for Allah, not for Dunya, therefore they are coming here. People are surprising why they come here- they ask Allah and come here. Some square-head people from Europe come and jump over here and go to India...

Who is asking Allah, may come here! These are not my words- finished; I must say the truth, that is my oath with Allah Almighty. Who is asking Allah, welcome, who is asking Dunya and Shaitan, may go to India, China, Europe, America. If you can find another place- I don't think you can now, it is closed; you may find only 'din adam', religious people. None of the Imams can be a Murshid, none of the politicians can be a Man of Allah.

To be a Man of Allah is an important subject...

**Run to Allah!**

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands.) Laa ilaaha illa-Allah. Laa ilaaha illa-Allah. Laa ilaaha illa-Allah Muhammadun Rasoolullah `alayhi salaatullah. Thumma as-salaamu `alayka Sayyidi 'l-Awwaleen wa'l-Akhireen. (Mawlana Shaykh sits.) Madad yaa RijaalAllah.

As-salaamu `alaykum, O Mankind throughout the east and west, from north to south, everyone on this planet. Welcome to you!! (Mawlana Shaykh laughs.) Be happy that we are in existence. If we were one atom, it would be countless honor for us to have been created. If we are not created there is no honor, nothing for us. Alhamdulillah that we are in existence and the Lord of Heavens just granted us such honor that no other creatures have been granted. No doubt everything takes a grant from their Creator, but Mankind has been granted the most high honor.

And we are asking for your full attention. And we are regarding from our responsible one who is looking after Mankind on Earth. He is responsible for all humanity. He is responsible. As-salaamu `alaykum, O holy one. You have been dressed in holiness by the Lord of Heavens and your holiness has not been given to you by Mankind. Whoever is given the title "Holiness" by Mankind, it has no value. Holiness is a heavenly grant. If He dresses a person, then that is a real holy one, not like our imitated titles, which give a person this and that.

And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Every badness, every trouble, every misery, and every suffering is on behalf of Shaytan and its generation. He has a generation?

O Salafi `ulamas, marhaban! What do you think? Does Shaytan have a generation or not? Yes, he has! Daily, as often as a newborn is coming, Shaytan is bringing forth its generation. No, if there are five-billion people now, there must be five-billion shaytans or more! He is calling to fire because Shaytan is created from fire and asking Mankind to come with him to fire, asking to make Mankind also a creation from fire. And people are running after Shaytan and asking from Shaytan's generation, thinking Shaytan is granting to them such a valuable thing. All technology is one spot of fire from Shaytan open to Mankind and from that fire they are making every kind of technology dependent on it. One spark is enough; that one spark will burn everything on Earth! But that one spark is under control, or Shaytan will burn all people in its fire.

A`jaa'ib, that is a very surprising thing, amazing. Shaytan may burn but it is given only one spark. Two sparks may burn everything for Mankind, but Shaytan is under control and Man is under heavenly protection. Some of them are asking to run out from under that protection, and fire is running on them. Therefore, now people are running to that shaytanic spark to take more power from it, but it is just the last limit given to those heedless people, and no more is going to be given. One spark is burning everything! But there is itfa'iyaat, “fire extinguisher,” fire department control, but that is nothing. There are responsible ones under the command of the responsible holy one on this Earth. They can't do more than this or everything is going to be burned and finished. Everything you can touch is burning. SubhaanAllah!

O People! As-salaamu `alaykum. Welcome to you, our attenders! I am the weakest one for protecting people, not to be mentioned, yes. So many ones are after that holy one's order, looking, looking, and also throwing arrows on them, arrows created from fire. Angels are sending on them from material arrows, touching them and making them useless, but Shaytan is quickly bringing other ones to destroy Mankind. First, physically asking to destroy them, and secondly, Shaytan is asking to destroy their honor. Are you saying such things to your people, Azhari `ulamas, to warn them or not? I never hear you. You must make clear some things that protect Muslims, and others also.

Yes, Shaytan is always running to destroy Mankind with its fires, yet there are some protectors under the command of that authorized one on Earth: anywhere that fire appears, they run to it.

•••••••••••• •••••••• •••••• •••••••• •••••• •••••••••••••

wa makaroo wa makarullahu w' Allahu khayru 'l-maakireena. They (unbelievers) planned evil and Allah also planned, and He is the best of planners. (3:54)

Shaytan and its generation are always making a trick, and countless tricks are sent on Mankind. You are not using nuclear bombs and such things, no, but they are sending such things on Man to destroy their real beings and real honor. Shaytan's goal is to take away Mankind's honor. (Mawlana Shaykh stands.) But Allah (swt) says, wa makaroo wa makara Allahu! (Mawlana Shaykh sits.) They never rest in their efforts to do something against Mankind, particularly against their humanity, as that gives Mankind honor. Shaytans are taking their aim on Mankind, physically and spiritually, using so many tricks that if you save yourself from one, you are caught by another one! But He Who creates Mankind and honors them, He Who makes deputies and cares for His most honored creatures, Mankind, Allahu khayru 'l-maakireena. Shaytan is doing his worst to destroy Mankind. Shaytan's tricks are never-ending, beginning with Adam and Eve in Paradise, using tricks to throw them out. And it followed them, when they landed on Earth and Shaytan threw itself on Earth after them!

When Allah Almighty created Adam (a), he was lying down as Allah Almighty's rooh, the secret power and secret honor, had not yet been given to Adam. He was like a statue. Shaytan looked at that newly-created form. He knocked like this (Mawlana knocks on shelf). He said, "It is not solid, it's empty!" Then he entered through the mouth of Adam (a) looking and turning everywhere and getting out. He said, "It is a new Creation, but it is empty, empty! It doesn't matter. If it is not solid, it is easier for me to take control of that new Creation." Therefore, Shaytan first said, "This is an empty one. I can control that new Creation."

Everyone, from their chest down is open. That means Shaytan has been given an authority to go around our bodies, running everywhere. And he said, "It doesn't matter, I can control it because it is an empty one." Therefore, wa makaroo, “They plan deceit.” Shaytan and its generation are always running against Man, from up to down. They are taking control of a new generation of Mankind from up and down. Shaytan is preparing countless tricks and traps to catch Mankind on his hook and carry them, but the Lord of Heavens says, "Wa makaroo!"

They are using countless hooks to take Mankind with them. They are created from fire, and this human form

is created from four elements, they are carrying them to fire. But the Lord of Heavens says, Wa makaroo wa makarullah, "They deceived and Allah (swt) deceived them." They may do this, but Allah Almighty never leaves Mankind in their hands, no! For every trick Shaytan uses, there comes heavenly protection stopping it. They are asking to trip you, but heavenly protection intervenes in their trips, and a heavenly defense comes, closing them.

Man is now coming under shaytanic trips. Shaytan is running from east to west, from north to south and he is so happy and proud that, "Just I am on Mankind, they are under my control." For all Mankind he may use so many of its followers and soldiers, Shaytan's soldiers. And for Man also, they are more powerful, but there are followers of Shaytan among them just sent against Mankind from Mankind. They are using countless followers to make Mankind under their control. But the Lord of Heavens says, "I am closing every one of Shaytan's trips, I am bringing a barrier in front of it and closing them." He says, Allahu khayrun haafidhun, "Allah is the Best Protector." He protects Mankind as He likes. Therefore, Shaytan is very careful and his hope is, "I aim to take one hundred percent of Mankind under my flag and take them to fire. I am of fire, to me it doesn't matter but when they come with me I put them into hells, into suffering."

One philosopher was making an argument saying that, "Fire gives no harm to fire." And a second one is saying, "Look, Man has been created from Earth, but Earth gives them trouble, and suffering." Shaytan says, "We are from fire, therefore we do not worry about fire, it can't cause us any suffering." That one philosopher said, "Therefore, we too will never be punished from the Earth." The second one took a stone and hit himself on the head, and said, "O my head! If your head suffers, Shaytan will also take the worst punishment, suffering; they will suffer from fire."

What we say now is to make our `ulamas say, "People! O people, beware of Shaytan! Shaytan is running after you, take care!" People say, "To where may we run from Shaytan's tricks and traps?" Allah Almighty says, (Mawlana Shaykh stands.)

•••••••• ••••• ••••••• fa Firru ila Allah, "Run to Allah!" (51:50)

(Mawlana Shaykh sits.) O people, run to Allah! You will be saved here and Hereafter!

Why you are not saying such things? Holy ones from the Jewish people, holy ones of Christianity, why are

you not saying that they should run to Allah? But I am sorry to say even Muslims are running after western people, hoping to be saved by western people, with western ways, running to western countries to be saved. They are wrong! Every one of the Muslim territories is trying to be a western state. This is one hundred per cent wrong. O `ulamas, why are you not saying this? You must warn people. Why are you running to western countries hoping to find a restful, happy life, a "high life?" Don't run to them.

Allah says, "O creatures, run to Me!" Prophet says, "Run to Allah!" Where will we find Allah? Run to His Holy Book, Qur'an adheem ash-Shaan, the Holy Sacred Qur'an, there you are going to find the ways to run to Allah. If you are not doing this, you will never be saved here and Hereafter. Because Shaytan's hegemony covers you and you will not be taken to your Lord's Divine Presence. May Allah forgive us.

Fatihah.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome 8x

Come to Allah! O people, where can you find Allah? Through His deputy, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) Where you find His deputy, you find Allah. (Mawlana Shaykh sits.)

(43 minutes.) Okay.

We are happy with you, our attenders, and we will break down shaytanic chains and make Shaytan and its workers to run away and never come back. We are bombarding them!

Shaykh Hisham Effendi is in Indonesia? (He is giving salaams.) Send my salaams.

(Mawlana Shaykh prays two raka`ats shukr.)

## Run to find your real identity

There are going to be unexpected events. Terrible, horrible, and fearful events, that no one can bring an explanation for... And there should be Divine Purposes and Wisdoms in those events. If one event is going to happen, after it there should be so many events coming immediately or suddenly... Up until today so many expected events have come, but now and in the future, even if people are thinking about coming events, everything should be unexpected. And this is a new beginning. A new period for Dunya is coming now...

From a very confused and complex life people should come back to a very simple life, as it was before, at the beginning. Life has reached a top point, with countless burdens and efforts for man, who in the 2oth century has reached to the height of his wishes. But suddenly a wave of unexpected power will come and destroy everything that people have reached to during two hundred years or more by science and technology- suddenly it all will vanish and disappear...

Therefore it is a time that people must try to get away from difficulties to a restful, comfortable and simple life. The complex life now in our days is bringing countless difficulties, because modern science and its inventions are causing people to cut themselves off from nature. That break between man and nature makes people very strange outwardly, as well as in their inner life. Their appearence is ugly, and their inner thinking or understanding is nonsense, useless, terrible...

This is a punishment from the Lord of the Heavens because man seperated, or ran away from, nature to an artificial life. Everything that surrounds people is artificial, and all artificial things are against nature. Nature never likes artificiality, and artificiality never likes nature... they are fighting. Now it is the end of a wild period full of violence... And the main creations of mankind which became rebellious against everything are named science and technology... That is what is happening around the whole world now in our days, and a terrible end is waiting for the rebels...

Big events are coming to destroy everything that makes mankind artificial. Technology has made people into artificial beings, and their real identity has left them. All of them are artificial. And they are also using artificial means, so that they can't do anything themselves anymore...

Therefore we are saying that man should run back to nature now, to save himself and to find his real identity, because men and women lost their real identities. All of them are dressed in artificial identities. That is why our foolish people here in Turkey use artificial names for themselves, leaving real names... this shows that they are finished...

Now day by day time is approaching an end that no one can be able to prevent. Everything must run to its last point, last station. The majority of people are going to vanish and finish because of unexpected events which should appear from East and West, from up and down, causing people to die or lose their mind. People are not going to find what they want to eat and drink, and they are going to lose their physical being. People will try to save themselves in two ways: first, they will try to save their physical being, and second, they will try to reach to their spiritual being. They must make a seperation, not for one side to involve in the other side, no. And they must give each side what it needs.

Therefore it is important now for everyone to try to be sometimes with their own selves, because people have been taken away from their real identities. It is now a big obligation for you to ask to come back to your real personality, to find your identity. Man doesn't know who he is, if he is an animal or an angel... wondering, but he never finds out what is his personality, his identity. This is terrible and very dangerous...

You must try daily for some minutes to be with yourself, to come to yourself. This is going to be a foundation for the life of mankind on earth after the year 2ooo, in the 3rd millennium...

Everyone must know what is his real value and must follow a new way after the destruction of humanities' qualities. And human beings, if they are not reaching in this very short period the special and valuable qualities that were granted to them by their Creator, they are going to sink down... If they quickly run and find them, they are going to be saved... May Allah forgive us... Fatiha.

## Run to Safety Under the Wings of Your Prophet!

Dastoor yaa Sayyidi, madad. (Mawlana Shaykh stands)

Allah.Allah, Allah Allah, Allah Allah, Azeez Allah
Allah.Allah, Allah Allah, Allah Allah, Kareem Allah
Allah.Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah.Allah, Allah Allah, Allah Allah, Sultaan Allah
Sultaan Sensin, Subhaan Sensin!

Zidh habeebika 'izzan wa karaman wa sharafan wa nooran masrooran wa ridhwanan, yaa Rabbi 'l-`Alameen wa man tabi`ahum bi ihsaan ila yawmi 'd-deen. Thumma 'salaatu wa 's-salaam `ala jamee`al-anbiya'i w 'al-mursaleen wa man tabi`ahum bi ihsaanin wa `ibaadillahi 's-saaliheen ila yawmi 'd-deen.

A`oodhu billahi min ash-Shaytani 'r-rajeem. O our Lord, we are asking forgiveness and blessings! We are weak servants. Give us more power for defending Islam, the Prophet of Islam, and to call people to Your servanthood. And according to Your order, we are saying, Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

Yaa Rabb, yaa Rabb. Thumma salaam `ala Saahib az-Zamaan, w 'as-salaam `ala Qutb az-Zamaan, who is looking after everything happening on this planet, yes. We must try to give our best regards and our respects for them because they are representing the Heavenly Kingdom on Earth. If they are not with us, it is going to be the worst situation for this planet and everything on it! They are protecting Mankind from shaytanic tricks and traps, and they are trying to wake up people for them not to be heedless, because when a person is heedless he will quickly fall in shaytanic traps!

O our Attenders! Therefore, we are saying give very sharp attention to what is going to be said to you, as it is not something from an earthly level, but a little bit up, that if a person is getting in a higher position he may look with a general overview from the east to the west. Therefore, they are not advising as a person who may be on the Earth and speaking. You may sit here and your vision covers a very short distance, but when you are going up, your vision is going to be wider, wider, wider. Therefore, you take much more care. And the Lord of Heavens may choose from His servants who to send to wake people up, and those He chooses will never be out of existence. They remain among Mankind, trying to wake up all people as we are in need to learn what is useful for us, and that will be daleel, a guide for us. The Lord of Heavens is making people learn for their benefit, because he who is not knowing anything about this life or about Mankind and their mission is like a blind person who may fall anytime in an unexpected trap.

Shaytan is the most dangerous enemy for Mankind! He puts his traps everywhere, like an enemy army places mines and their location is hidden or disguised, then suddenly someone may step on it and it explodes, finishing them. Shaytan plants his traps everywhere, even in unexpected areas where no one knows. Therefore, Allah Almighty orders believers to have some ones who are experts in understanding Shaytan's traps and who knows their locations. By yourself it is impossible to know, but you must have such a person who is expert and he may keep them. Therefore, the Lord of Heavens is saying: (Mawlana Shaykh stands)

••• ••••••• ••••••• ••••••• ••••••• •••••• •••••••• •••• ••••••••••••

Yaa ayyuhal-ladheena aamanu ittaqullah wa koonu ma` as-saadiqeen. O you who believe! Fear Allah and be with those who are trustworthy (in word and deed). (9:119)

(Mawlana Shaykh sits) Everything is given clearly in the Holy Qur'an for every occasion! They are saying, "O People! Why is Allah Almighty ordering you to be with true ones? Because they know protect you from the

trap for Mankind, as a hen protects her chickens under its wings, from cats and other animals. And therefore, with everything a believer looks at, he must take an advice, as we know from hadeeth an-Nabi (s), nazharahu hikmah, "consideration of wisdom;" if a believer is looking at something, he must know something about it or what is happening, not like a blind person. Therefore, we need to follow someone who knows if there is a danger for Mankind, and where Shaytan put its traps. We must look for such a person and come under his wings for protection, here and Hereafter.

SubhaanAllah. Allah Almighty is making everything clear in the Holy Qur'an and in sunnat un-Nabi! The Sahaabah (r) said, "When the fighting intensified and people feared for their lives, we ran to the Prophet (s)." Take your lesson from every hadeeth ash-shareef, not only just to read it and pass it on, no. Were those ahadeeth narrated for nothing? No, it can't be! Every hadith is for teaching ummat al-Habeeb, the Seal of Prophet's nation, because for every time it is going to be the last period of Mankind on this planet and after it Judgment Day, Yawm al-Qiyamah, is coming.

O Salafi `ulamas! Say, "O People! That hadeeth ash-shareef was narrated for what? You must do as the Companions; when they feared, they ran to Prophet (s), because when you arrive under his divinely wings, you will be in safety! Run to the Prophet (s)!! O People! Are you running?" Why are you not saying this, O Salafi `ulamas? As-salamu `ala man ittaba` al-huda, (peace be on those who follow the guidance). Why are you not making it clear for the ummah, for the nation of Sayyidina Muhammad, peace be upon him! (Mawlana Shaykh stands and sits)

O Salafi `ulamas! Why are you not making it clear that the safety and the guarantee for your lives, here and Hereafter, is to run to him, to be under his wings, to be under his holy flag? Where is the Holy Flag of the Seal of Prophets (s)? Why are you not bringing it out? Why are you not asking where it is? You say you know everything; then say what does it mean to be under the wings of the Holy Prophet (s)! When the Sahaabah felt fearful, they ran to Prophet. Why are you not saying to Muslims, and first to the people of Hijaaz, the people of jazeerat ul-Arab, the Arabian Peninsula? You are Arabs! Why are you not saying? And you are running, some of you to America, to Russia, to China, to Europe. Why? They say, "We must buy many more nuclear weapons. Technology of western countries is much more than what Americans have." And the Russians may say, "Our technology is up, with the technology of America." Why? Why? There is no shelter for Muslims on this planet! If there is no shelter here, do you think that you will find shelter in the Hereafter?

Why are you not raising the Holy Flag of the Seal of Prophets (s), saying, “This is the flag of the Seal of Prophets! Come under it and be in safety! The Prophet (s) is saying, 'O People! Run to me and be in safety here and Hereafter, with me. I am forever the guarantor for the best, highest life, here and Hereafter! Come to me! This is my flag.'"

O Salafi `ulamas! Why aren't you saying? Wahhabi people are never thinking, so don't mind them as they are going to be angry; it doesn't matter. For those who are angry there is a holy verse, mootoo bi-ghaythikum, “Die in your rage.” (Mawlana Shaykh stands and sits) That is ayatul-kareemah. If you are very angry at true ones and your heart is full with shaytanic anger, that anger will kill you. It is bad-du'a, a curse! It is not good, it is bad to go against them. The Lord of Heavens is saying, "If you are not happy with the realities from the Holy Qur'an, mootoo bi-ghaythikum." To whom is this addressing? You are Salafi `ulamas, say! It is only for the time of the Seal of Prophets, and after that Allah Almighty is angry with them and saying to them, "You may die with your dirty anger." ?

Now with the approach of the Last Days, heavenly anger is coming in the material being of people, who are full with anger up to here, because they are against the holy orders of Shari`atullah, saying, "We don't like the heavenly rules and will not follow them." They are falling into such a bad condition, and the angels are saying to them, mootoo bi-ghaythikum, "Die in your rage! Because you left the holy rules of the Heavens and brought new rules from your bad wishing and egoistic principles, and forced people to follow them, bringing trouble to them!" If such ones are not followed, they become very angry. In our days, in such a country, some get very angry because people are leaving their false rules and asking to come under a heavenly flag and heavenly rules. For them it has been said, mootoo bi-ghaythikum! It means, “You must die with your bad anger, and find your graveyard full with fire, and when you stand up on the Day of Resurrection, fire will cover you! You will come through flames, and stand up in your graves consumed by fires of your bad egos!"

O People! That is a heavenly warning to all Mankind! Come and listen to heavenly orders, to be in safety, because if you are not following heavenly orders, fire, troubles, crises, illness, nonsense beings, heavenly cursing and fire will follow you and burn you! Now people from east to west are in the worst situation, because fire from the Earth surrounds them, and also from the Heavens such a fire is coming that burns them from inside.

O our Attenders! Don't be foolish ones! Come and listen! What has been said is true, Haqq! Follow truth and you will be happy, here and Hereafter. If you change again and again from truth to falsehood, you will fall into your grave where fire is burning. Come to Islam, keep Islam, believe in Islam, and live in Islam! Then you will be happy here and Hereafter; otherwise, you will never find ladhat ul-hayaat (tastiness of this life), pleasure, here or Hereafter. May Allah forgive us. Tawbah, yaa Rabb.

Fatihah.

## Spiritual Maturity (Rushd) Is the Highest Attainment

(Mawlana Shaykh stands.) Yaa Kareem, yaa Sultan, madad. La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah. (Mawlana Shaykh sits.)

O Attenders, as salaamu `alaykum! Give a little bit of care when you are looking and asking to hear something. Give a little bit more care; cut yourself from everything that belongs to this world and come empty. If anyone is coming empty, they may fill it with heavenly powers. If you are coming full, what may they give to you? Because now we are in contact with heavenly beings and we are asking for heavenly support for all of us, not only the handful of people here. We, all of us, are in need and we are asking that heavenly support to give much, much, more power in growing heavenly power for ourselves.

This association is granting attenders heavenly support, giving much more power and making them to become closer to heavenly stations, yes. And as much as you are giving care, you are taking much more. If you are occupying yourself with something around yourself or through your life, you are going to be supported as you are asking. If you are giving whole care for yourself, you will take a full support. If you are occupying yourself, you may take half the support or you may take a tenth of the support. If you are never interested, you are taking nothing. Therefore, as much as you are giving your care and attention, you are taking more!

If you are in a place where there is heap of gold and silver and the holder is saying, “Take as much as you like. As much as you are taking, that is for you and it is free! If you can carry a heap of gold, get another,” still Allah Almighty is giving endlessly, wa ladayna mazeed, “And We have more to come.”

O Salafi `ulamas, kayfa haalik, “How are you?” As much as you are taking, you may understand. O hadari `ulamas! Say you are attenders, say you are listeners (admit it).

O People! Give more and take more! Give one and take ten; give ten and take a hundred; give a hundred and take a thousand; give a thousand and take one-hundred thousand; give one-hundred thousand and take one-million; give one-million and look for ten-million that comes to you! Why are you being so hasees, bakheel, miserly? Why? Anfiq bi-laa laa, “Donate endlessly.” Do you think that when you are giving, you lose your Lord's grant to you? No. Allah (swt) is giving for one, at least ten. Give ten, get one-hundred. Why are you not urging people to give?

O People! Give more and take double on double. Why? If you are believers, why are you saving through banks and treasuries, why? And there are people in need; why are you not giving? Give! Are you not trusting what Allah Almighty is saying to you? He is giving ten times more! I am shouting for kings, for presidents, for rich ones. Say! Don't save your money through banks' treasures. Don't occupy yourself with something else!

Why are you not urging rich ones, so many hundreds, thousands of rich ones in Saudi Arabia, in the Arab Peninsula, in Kuwait, Qatar, Dubai and where everyone has billions through banks! Why?! Give, and believe in your Lord's declaration, or believe in what He is promising to you! He is saying, wa ladayna mazeed, “And We have much more to come.” Mazeed is never coming down, there is never going to be less treasures. Why are you saving, saving, saving millions, ten millions? Millions of people can’t find something to eat, but you are eating lamb and delicious food. Why are you not sending? Send!

Once upon a time, and we must say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. The biggest treasure is for us to say, bismillahi 'r-Rahmaani 'r-Raheem.Take bismillahi 'r-Rahmaani 'r-Raheem from your saved money and give, bismillahi 'r-Rahmaani 'r-Raheem. Don't say, “It is going to be less, my treasures.” Yes, it may be less here, but it is growing up through akhirah, through the heavens. Why are you not saying? Getting these associations to make hearts hayyin layyin, soft and tender. Encourage them to give, give! Don't worry, don’t worry. Don’t say, “Our provision is coming less.” No. Man zaada lillah

zaadahullah, “Whoever donates in Allah's Way will be rewarded more by Him.” Who is giving for Allah more and more, the grant of Allah is getting more and more and more for you.

When you are lying in the coffin, finished, they are taking your ring, your earrings, your very, very expensive watch, taking it from your hand. Taking everything from you! They are not saying, “It was a king, we may leave this on him.” No, they are taking everything and you are going naked, with your body covered with ten yards of cloth.

O People! Before Judgment Day is coming and you have a chance to give for Allah, give, give, give, as it is coming through heavenly knowledge, this you must say, Salafi `ulamas, to all Wahhabi people that have treasures, to write in golden letters in front of their sitting place:

•••• ••••• ••• •••• •• •• ••••• ••••••

anfiq bilaal wa laa takhaaf man dha 'l-`arshi iqlaalan. Give without (saying) 'no' and do not fear from the Possessor of the Throne to be in loss.

That must be written! Don't say to me, “That is not fard, obligatory.” Now it is obligatory and you must give, you must give. You can’t save billions or trillions, you must give; that is haraam (to store wealth). Why are you not saying that storing wealth is bida`, against Shari`atullah?

Don’t say, “We are giving every year our zakaat.” What? Thirty-nine for yourself and one for Allah? Aren’t you ashamed to give thirty-nine for yourself and 1 for Allah? What is their mentality? Make it the opposite! Give for yourself one, for Allah thirty-nine. Wa laa takhaf man dha 'l-`arshi iqlaalan (do not fear from the Possessor of the Throne to be in loss.) that is holy shari`ah. ‘Abd, servant, and everything that he has belongs to himself, and everything that he is carrying, for his owner or for his master. Why are you not saying this, and Salafi `ulamas, you don’t know this? That judgment you are not knowing or you are knowing? Say to people, “Give thirty-nine for Allah and one for you.”

What are you going to say, that it is bida`? Shari’ah is the real adab of the servant for his sultan. Allah Almighty is granting to you, so give, and give, and give, because if you are giving, Allah Almighty is not making it less. Wa ladayna al-mazeed. Allah Almighty is saying on behalf of Himself, “Don't fear that when giving that you will get less of My treasures, no! I am the Lord of Heavens! I am the Lord of the Whole

Creation! I am that One that is giving what they are in need of, and My treasures are never getting less!”

Not even the size of an atom, what you give is not getting less. Because if it is getting less even one atom, then it is going to be finished. But what is in Allah Almighty's treasures is never-ending, never finishing. That is the reason why He is saying:

•••••••••••• •••••••

Wa ladayna al-mazeed. There will be more and more in Our Divine Presence (50:35)

“I will give you more and more in My Divine Presence.” Allah (swt) will reward you more as a result of your donation in His sake.” Why are you not giving that ayat? When servants have been granted from Endless Treasures through heavens, through Paradise, they are asking, hal min mazeed, “No more after this, O our Lord?” and the Lord of Heavens is saying, “Never-ending treasures, are for Me. No one knows, I am only knowing, I am the Lord of Everything. I am the Creator, and I have Endless Oceans from everything that is never-ending.” Hah.

• ••• ••••• •••••• •••••

Fa maa `inda Allahi baaq. What Allah owns and rewards you with is Everlasting. (16:96)

What Allah Almighty has is forever, from pre-Eternal up to Eternal, never-ending.

What it is empowered in this life is not going to be acted in akhirah, but in the Eternal Life. This is a temporary life; it may be a million years or a billion years, it may be more and more billions of years old. For all of them, a limit is written, but for Allah, al-mazeed is endless. You knowing nothing; you are knowing according to your ability, your capacity to understand.

O People! Give to Allah, keep for yourself a little bit. But say, “O my Lord, everything You granted to me from Your grants, I owe it to You. Who am I to say that I am giving?” Allah Almighty is saying, “Haadha a'taa'una, “This is My grant to you.” What you have is from My grant to you. O People! My grant is never-ending, never-ending. SubhaanAllah, subhaanAllah, subhaanAllah, subhaanAllah, subhaanAllah, subhaanAllah.

The worst characteristic of our egos is to be greedy, greedy, greedy. For what are you going to be greedy? Your Creator is saying, Is'al tu'ataa, “Ask as much as you can ask, and I will give to you.” Allahu akbar! Allahu

akbar! One who is rasheed (rightly guided) is never greedy. ar-Rushd (maturity, ripening) is the highest level of our good characteristics. Rasheed is he who understands something about what Allah Almighty is saying.

••••••• ••••••• ••••••• •••••• ••••••• ••••••• ••••••• ••••••• ••••••• ••••• ••••••• •••••••••••••••••• ••• ••••••••••••••• ••• •••••••••••• ••••••••••••

Wa idhaa sa'alaka `ibaadee `annee fa innee qareebun ujeebu da`wati 'd-daa`ee idhaa da`aani fa 'l-yastajeeboo lee w 'al-yu'minoo bee la`llahum yarshudoona. And when My servants ask you (O Muhammad) concerning Me, then (answer them), I am indeed near (to them by My Knowledge). I respond to the du`a of the supplicant when he calls on Me. So let them obey Me and believe in Me, so that they may be led aright. (Suratu 'l-Baqarah 2:186)

You are Arabs, you know this ayah, “O My servants, if you are asking something from Me, I am asking also; You must run to what I am ordering you, to make it.”

Imaan is to believe in Allah Almighty and our belief's are at the lowest level, lowest level, and to become raashidoon, Allah Almighty is asking His servants to reach the level of rasheed, as the Holy Qur'an is declaring:

••••••• ••••••• •••••• •••••••

Alaysa minkum rajulun rasheed. Is there not among you a single right-minded man?" (11:78)

Rasheed is the highest level that a person can reach ar-rushd. We are such useless ones! I am asking Allah Almighty that at least we may reach someone on the level of rushd, who is on the level to be 100%, kamaal, perfect from every jawaanib, sides, in all his behavior. Perfection. Alaysa feekum rajulun rasheed? “Isn't there a man among you who understands?” Rasheed understands such a thing. I am asking to Salafi `ulamas, Allah Almighty is asking to people, in Holy Qur'an also, alaysa feekum rajulun rasheed?

That one who asked was a believer, haneef, real belief. But he was hiding and saying, “O People! Alaysa feekum rajulun rasheed?” No one in his mind can understand about what the Lord of Heavens is sending. Maqaam ur-Rushd, Station of Maturity is the highest level servants can reach. Rushd, what does it mean? You must know; if not look in qaamoos, dictionary. If you are not finding look in tafseer, commentaries of Holy Quran. Don’t say, “This is shirk,” and don’t say, “This is kaafir.” No. Alladhee yafhamu 'l-katheer? “Isn't

there a person who understands me well?" Hundreds of thousands of ones are bringing from the Holy Qur'an and its endless treasures, lu'lu, pearls and diamonds. Why are you saying this is not a real diamond, it is only plastic? Don't say that!

If you are saying, Qul haatoo burhaanakum, "Bring your proofs," that is making my heart to be in satisfaction. If not, you should be responsible in the Divine Presence, and the Divine Presence is never accepting you, sending you to angels.

O People! Come and hear, come and listen to the endless oceans through the Holy Qur'an. It is always giving people a refreshment and giving a young power to them for understanding and to be in pleasure and to be pleased with such a hidden treasure from the Holy Qur'an.

May Allah (swt) forgive me and forgive whole listeners and Salafi `ulamas also, and give us hidden treasure of holy verses, endless hidden treasures through holy verses.

O People! Take your adab with the Holy Qur'an and take your adab with such people who are bringing such strange meanings full with such a power and lights, to take away from your faces darkness and give to you heavenly lights!

O my Lord, forgive me, and forgive Salafi `ulamas, yaa RasoolAllah! (Mawlana Shaykh stands and sits.)

Dome, dome, dome, dome 4x

(Mawlana sings in Turkish.)

Yaa Muhammad, canim arzular seni.
Dost Muhammad, canim pek sever seni.
Padischah konmaz saraya hane mamur olmadan
kenz açilmaz iol gönülden ta ki pür nur olmyinca

Translation:

Yaa Muhammad, my soul is yearning for you.

Yaa Muhammad, you are my true love.
A king is not put in a palace before it is adorned.
A heart's treasure is unlocked only when that heart is purified

Huu, huu, huuu, huuu, huuuuuuuuuuu.

Fatihah.

As-salaamu `alaykum. This is for tonight Allah's grant, subhaanAllah, subhaanAllah, subhaanAllah, ohhh, yaa Rabbee!

## The Sacred Month Of Dhul Qi’dah

Instructions for the blessed Month of Dhul Qa'da, first concerning the women the order of Allah (jwa) "Wa Qarna Fi Buyutikunna" (33:33) (And stay in your houses) If they go beyond their limt, then Divine Anger is on them, upon the women will be Divine Anger. The women must stay in their homes by Divine Order: "And stay in your(feminine) houses" (33:33). Those who go over the limit, Divine Anger comes on them & it will not end nor will any of them be saved in this world or in the Hereafter. Ya Rabbi grant us to be from the ones who listen, who obey & are thankful to our Lord & praise our Prophet (saws) and submit to him (saws). Thousands of praises on him (saws) in this world & in the Hereafter.

Men, after the Isha Prayer, should stay in their homes. It is not accepted in Sharia for men, after the Isha Prayer, be in the streets No! Allah's (swt) Anger will come on whoever does not keep this Order. Who finishes his work and accepts the few pennies Allah (swt) granted him - keeps what is needed for his home & keeps himself - especially it is forbidden for Muslims to smoke. If they smoke first of all their health will be in a bad condition. Secondly it will affect the economy of the house. Finished! There is no result because they overspend & do not hold to the grants of Allah (swt) and they follow their egoistic desires according to the instructions of devils. Leave smoking and narghille & stay in your homes after the Isha Prayer.

These are the instructions. If there is something wrong or any person says that the words of the Shaykh are wrong, Allah's (swt) Anger is on them. Allah's (swt) Anger is on them 7 times, Naudhu Billah!

Fatiha.

## Der Heilige Monat Dhul Qi'dah

---

Anweisungen für den gesegneten Monat Dhul Qa'da, zuerst einmal in Bezug auf die Frauen. Der Befehl Allahs (jwa):"Wa Qarna Fi Buyutikunna" (33:33) Und bleibt in eueren Häusern.Wenn sie ihre Grenzen überschreiten, dann kommt Göttlicher Zorn über sie. Über die Frauen wird Göttlicher Zorn kommen. Die Frauen müssen zu Hause bleiben nach Göttlichem Befehl: 'Und bleibt in eueren (feminin) Häusern' (33:33). Jene, die die die Grenzen überschreiten, über die wird Göttlicher Zorn kommen, und es wird nicht enden, noch wird einer von ihnen gerettet in dieser Welt und im Jenseits.Ya Rabbi, gewähre uns, einer von denen zu sein, die hören, die gehorchen und unserem Herrn dankbar sind und unseren Propheten (saws) preisen und uns ihm (saws) unterwerfen. Tausende von Lobpreisen auf ihn (saws) in dieser Welt und in der nächsten. Männer sollten nach dem Isha Gebet in ihren Häusern bleiben. Es wird nicht akzeptiert in der Sharia, daß Männer nach dem Isha Gebt draußen auf der Straße sind. Nein! Allahs (swt) Ärger wird auf die kommen, die diesen Befehl nicht einhalten. Wer seine Arbeit beendet und die paar Pfennige, die Allah (swt) ihm gewährt hat, annimmt, behält, was für sein Haus gebraucht wird und sich selbst bewahrt... Besonders ist es für die Muslime verboten zu rauchen. Wenn sie rauchen, gerät zuerst einmal ihre Gesundheit in einen schlechten Zustand. Zweitens wird es die Ökonomie des Hauses beeinflussen. Schluß! Es gibt kein Ergebnis, weil sie zuviel ausgeben und die Gaben Allahs (swt) nicht in Ehren halten. Und sie folgen ihren egoistischen Begierden nach den Anweisungen der Teufel. Laßt das Rauchen und Narghille und bleibt in euerem Haus nach dem Isha Gebet. Dieses sind die Anweisungen. Wenn etwas verkehrt ist oder jemand sagt, diese Worte des Shaykhs sind falsch, auf den kommt Allahs (swt) Zorn herab. Allahs (swt) Zorn ist auf ihnen 7x. Naudhu Billah! Fatiha.

## Sadaqa kommt zuerst in die Hand Allahs

Wer Respekt gibt, nimmt den Respekt, wer Liebe gibt, nimmt Liebe, wer Barmherzigkeit gibt, nimmt Barmherzigkeit, wer Leben gibt, nimmt Leben, wer Nahrung gibt, nimmt Nahrung, wer Wasser gibt, nimmt Wasser hinweg. Wer Geld gibt, nimmt Geld, wer Münzen gibt, nimmt sie auch wieder. Wer Nichts gibt, nimmt es auch wieder. Ja? Klar? He? Hahaha! Wer kommt, ist etwas, nimmt etwas und geht. Daher mußt du täglich etwas zur Göttlichen Gegenwart bringen. Du mußt etwas bringen. Immer – al-hamdu li-llah – versuchen wir, diese Regel einzuhalten.
Wenn ihr etwas gebt, ist es für Allah eines. Seine Göttliche Eigenschaft aber ist es, es dir wenigstens zehnfach zurückzugeben. Niemals weniger als das Zehnfache gibt er – als Minimum. Allahs des Allmächtigen Barmherzigkeit kennt keine Grenzen, wenn Er geben will. Daher muß der Diener etwas für Ihn tun oder etwas zu Ihm bringen. So kommt im Islam jeder Befehl in zwei Schritten: mit einem, etwas zu tun, und einem, etwas zu bringen. Etwas zu verrichten, das ist der Befehl, zu beten, sajda zu machen, und das zweite ist, Almosen zu zahlen. Versteht ihr? Täglich ergeht der heilige Befehl an Seine Diener, sajda zu machen und Almosen zu spenden.

Niemals wird der Befehl gegeben, sajda zu machen ohne die Anweisung, auch Almosen zu spenden. Auf zwei Beinen steigt ihr vorwärts hinauf, so ist es für Diener bedeutsam, diesen Befehl einzuhalten. Und seien es auch nur zwei raka‘at täglich, die müßt ihr tun für Allah den Glorreichen und wenigstens etwas geben. Das

sagte der Prophet œ: „Wenn du nichts findest, das du als Almosen geben könntest und nur eine Dattel hast, so teile sie in zwei Hälften; eine behalte für dich und die andere spende.“

Insofern erscheint der Islam in einer Vollkommenheit; ihr könnt keine andere Botschaft finden, die in solch einer Vollkommenheit erscheint. Sehr einfach, etwas für Allah zu tun, das ist, sich zu beugen, sajda zu machen. Und das zweite ist, für Allah Almosen zu spenden. Allah bedarf dessen nicht, aber Er bittet darum, in Seinem Namen euer Almosen jemandem zu spenden, der in Not sein mag. Denn der Islam erhebt sich auf der Grundlage von Mildtätigkeit. Du mußt geben. Du mußt lernen zu zahlen, du mußt lernen, um Allahs willen zu geben. Täglich, das ist für euch selbst.

Zu dem, was ihr gebt, lautet ein Prophetenwort: „Was ihr aus Mildtätigkeit gebt, kommt zuerst in die Hände des Herrn, Allahs des Allmächtigen.“ Einige Leute bitten darum, daß ihnen etwas gegeben wird, und sie müssen zahlen; aber geizige Leute geben und zeigen nicht, was sie gegeben haben. Sie machen so..., und niemand weiß, daß er so wenig zahlte. Sie wollen es heimlich geben. Und der Prophet sagte: „Du mußt wissen und daran glauben, daß dein Almosen als erstes in die Hände Allahs des Allmächtigen kommt. Er schaut danach, was wir jenem geben.“ Einmal begab es sich, daß Sayyida A’isha, Allah segne sie, die reine und geehrte und gesegnet Frau von Rasulullah, Allah segne ihn und schenke ihm Heil, birham, Geld, wusch – es war entweder Silber oder Gold. Sie säuberte es, tat Parfüm darauf und gab es dann. Und die Leute fragten: „O Mutter der Muslime, warum tust du das?“ Und sie antwortete: „Ich hörte Rasulullah, Allah segne ihn und schenke ihm Heil, sagen, sadaqa käme als erstes in die Hand von Rahma Allah, in Allahs Hände. Deshalb möchte ich, daß mein Almosen in einem sehr guten Zustand ist: sauber und mit gutem Geruch. Denn es kommt zuerst in die Hände Allahs!“ Ja, das ist wichtig! Deshalb sagen wir: Gib und nimm!

Warum sagt Allah: „Du mußt jeden Tag eine Wohltat tun?“ Weil Er Seinem Diener geben will, dir geben will. Er fragt danach. Aber die Leute machen mit ihren Händen so... Nicht geben, sondern es aufbewahren wollen sie, es horten, mehr und mehr und mehr und mehr. Was wird sein, wenn du Milliarden Dollars, Milliarden Pfund, Milliarden Franken, Milliarden Mark, Milliarden Münzen hast?

Allah der Allmächtige lehrt Seine Diener durch Seine heiligen Propheten wie Sayyidina Yusuf, jenen Joseph, der Friede sei auf ihm. Er war Schatzmeister in Ägypten. Und er erreichte alles an Schätzen und Rängen und Ehren dieser Welt. Aber was er schließlich sagte, war: „bismillahi rrahmani rrahim: rabbi quad ataitani mina

l-mulki – alles, o mein Herr, gewährtest Du mir; bismillahi rrahmani rrahim: rabbi quad ataitani mina l-mulki wa ‘allamtani min ta’wili l’ahadith – allein Du gewährtest mir, alles, was dieser Welt und ihrem Sultanat angehört. Du gewährtest mir ebenso von himmlischem Wissen, um die Bedeutungen der Sprache der Leute zu verstehen. Ich erreichte alles auf beiden Seiten, spirituell und weltlich, wie Schätze unter meinen Füßen. Und er sagte: „rabbi quad ataitani mina l-mulki wa ‘allamtani min ta’wili l-’ahadith, fatira s-samawati wa l-’ar¡ – Du, mein Herr, der Erschaffer von Himmeln und Erde. Fatira s-samawati wa l-’ar¡, anta waliyyi fi d-dunya wa l-akhira. Gleichwohl bedarf ich Deiner, daß Du, o Allmächtiger, nach mir schaust. Ich vertraue auf nichts, nicht auf diese Reichtümer oder was Du mir gewährtest in diesem Leben – anta waliyyi – Du bist der Beschützer, Ich bin Dein Sklave. Unter Deinem Befehl, unter Deinem Willen. Fatira s-samawati wa l-’ar¡, anta waliyyi fi d-dunya wa l-akhira. Du bist mein Beschützer.

Und da gibt es noch ein anderes Wort in Englisch? Benefactor. Du bist mein Beschützer, mein Wohltäter, höchster Beschützer. Anta waliyyi fi d-dunya wa l-akhira. Und er bat Allah den Allmächtigen: tawaffani musliman – Mein letzter Wille: Nimm meine Seele und übergib meine Seele an Dich. Damit sie zu Dir kommen kann. Laß mich zu Dir kommen, ohne ein Hindernis schwer wie Blei. Lasse mein Ego nicht, schwer wie Blei, verhindern, daß meine reine Seele Dich erreicht.

Tawaffani musliman wa ’alhiqni bi s-salihin. O Mein Herr, laß meine reine Seele Deine geliebten Diener erreichen. Deine gesegneten Diener, Deine geliebten Diener. Das ist nur etwas, und es kommt zu diesem Punkt. Dir mag von diesem Leben etwas gegeben werden, aber neben dem, was Sayyidina Yusuf gewährte, ist es nichts. Schau! Er gab alles und bat darum, Seine Göttliche Gegenwart zu erreichen, den Göttlichen Thron. Deshalb wird uns gelehrt, alles für Allah zu geben, um der Liebe unseres Herrn des Allmächtigen willen: dann seid willkommen. Möge Allah euch segnen und mir vergeben.

Allah allah, allah allah, allah allah, aziz allah – Allah allah, allah allah, allah allah, karim allah – Allah allah, allah allah, allah allah, subhan allah – Allah allah, allah allah, allah allah, sultan allah

## SADNESS OVER THE HOLY MONTH OF RAMADAN

This Holy Month is filled with sadness which has never been in such a way before. The Lord of the Universe is neither happy with Muslims nor with Christians. Muslims are very careless. The Muslim World is not asking what is happening to other Muslims. They do not want to do anything. Christians, who when they call people to Christianity, say that you will find kindness, mercy and love there, are at the same time doing the worst. They are slaughtering small-ones, old-ones and defenceless people. Allah Almighty's Divine Anger is approaching now. It will hit the Muslim world as much as the Christian world. That is why you must excuse my appearance, which is according to the circumstances: very heavy. So please don't occupy me too much with your small problems. Every big kind of problem is now falling on the people living in Bosnia. Compared to their difficulties our problems are nothing.

You must try to say, 'astafirullah' to ask for forgiveness from Allah that we are so careless concerning Muslims and non-Muslims. When there are innocent people we should take care, we should never be careless for any innocent people being slaughtered or raped. This is prohibited in all religions: in Christianity, in Judaism as well as in Islam. Whoever does it, is going against the Divine Rule of Allah Almighty. May Allah forgive us and send his Divine Support against the devil's kingdom which is now coming to the last point. I hope that with nothing else in our hand than prayer, our application to Allah Almighty to take away that

sadness from the Holy Month of Ramadan, will be accepted. For this we must say at least 1000 salawats between maghrib and isha, or 'la illaha illalah', or 'bismillahi rachmani rachim', or 'astaghfirullah alathim ala thubile' or 'qulu Allah u ahad'.

## Safar And The Drums Of Armageddon

It begins strongly, will start to sweep. Unbelief and all who are related to unbelief will be swept all or most of them. And Sham will open insha Allah. Al-Malhama (Armageddon) will take place on the plain of Amuq. Don't even ask about that great war on the Amuq plain, the great slaughter... And the way to Istanbul will open. "Mahdi (as) gives instructions but he himself is not apparent yet" GrandShaykh would say. Then, a power will come from Sham to Amuq plain & face the ones coming from up. Who he called "the yellows" are the Russians. Who comes from here are the Muslims. They will fight there. 80 divisions are on this side, 80 divisions are on the other sideunder 80 flags, 12 000 soldiers. Calculate- 80 times 12 000, stand in the upper part. And the same amount of soldiers come from here, from Sham, they are also 80 divisions. 80 divisions. Each division is 12 000 men. So approximately 1 million here & 1 million there will fight. It will be finished on the plain of Amuq.

I am fearing, I am fearing.. This violence, May Allah make us far from it, Sham will open like this. The Sultan will definitely come. The Sultan in Jordan will enter inside. Mahdi's (as) hand is on it but he, himself is not apparent yet. When the order comes, when Al-Malhama is over, Mahdi (as) will say 3 Takbirs. 3 Takbirs. All the technology that is present on earth now, all of it will stop. No ships, no planes, no tanks, no cannons, nothing will work.

Definitely with swords, the cavalry will arrive and no one knows from where they come. When Mahdi (as) says the Takbir, finished. It has arrived. I don't know what kind of appearances there are in this month but there will be many appearances...Ya Rabbi, may a new Islam rise in the month of Rabi-ul Awwal. "O Glorious Sultan! Step firmly into the stirrup of the horse!" There was a mounting stone for the Sultans in Topkapi Palace, that the Sultan (Hunkar) would come &

mount his horse from there when going to war. They would call him like this: "O Glorious Sultan, step firmly into the stirrup of the horse!" He steps into it like a lion, draws his sword & says "Ya Allahu Akbar!"

The Ottomans will come. They will come. They will welcome Mahdi (as) & will gird him with a sword in the tomb of Abu Ayyub Sultan. They will deliver the Caliphate & all the holy relics to him, Allahu Akbar!

There is an astonishing power now in dunya, since it (Safar) began.. It is all empty talk- they say Bashar, or shashar.. All of them - the chaos in Egypt, all these uprisings.. all of them will be cleared. The harmful ones will be finished & who remains firm is Ahlu Sunnah wal Jamaat. May Allah make us reach those days, for the honour of His Beloved Ya Rabbi. Let people carry flags. Let them ride horses. Let them ride horses.

I even want to ride a horse, but it is of no use. They made me ride a horse in Brunai- One person would hold me from this side & one person from this side so that the horse won't kick me off. So I rode the horse. I also have a picture riding the horse. Ya Rabbi, to the beautiful days.. There is violence, it will be cleaned. The Sultanate of shaytan will be destroyed. May it not be left till tomorrow, Fatiha.

Accepting unbelief is also unbelief. Therefore I want the unbelievers to be finished immediately... For al-Malhama, which our books inform us about- the Great War, all the nations now are on the move. Syria has been a vehicle. Russia is not troubled on account of Syria. No. What they want since Peter the Great is to enter the warm waters. They want to make their presence felt.

There is competition between the US & the Russians over the control of the world. "La Taqum Al Sa'at Hatta Taq'tatila Fi'atan 'Azimatan Takunu Baynahum Malhamatun Qubra Da'awahum Wahida". This is Hadith. The Hour will not appear until the world will be two sides & there will be a great battle between them. Both their claims are the same - the US wants to rule the world. Russia says "No, I will rule". It is two sides now. The war will take place, it is certain.

Our place is safe with the permission of Allah but I can't stay here now. There is a move for me

but I don't know yet. Insha Allah we may make a move because everywhere has become so astonishing. May we reach good days. May the month Safar al-Khair pass by destroying all unbelief. May Rabi-ul Awwal be our festival. This won't wait until the next month of Safar. That the heaviness of Safar may be lifted off me, I pray the 2 rakat Safar prayer. They may prayfrom 2 rakats up to 12 rakats at duha time (before noon). They may pray at midnight, may pray before midnight, may pray after two thirds of the night passes.

## Safar und die Trommeln Armageddons

---

Es beginnt stark, wird beginnen zu fegen. Der Unglauben und alle, die mit ihm in Verbindung stehen, werden alle oder die meisten von ihnen hinweggefegt werden. Und Sham wird sich öffnen, insha'Allah. Al Malhama - Armageddon - wird in der Ebene von Amuq stattfinden. Fragt lieber nicht nach dem großen Krieg in der Amuq Ebene, dem großen Gemetzel... Und der Weg nach Istanbul wird sich öffnen. 'Mahdi (as) gibt Anweisungen, aber er selbst ist noch nicht erschienen', sagte Großshaykh. Dann wird eine Macht von Sham kommen in die Amuq-Ebene und die konfrontieren, die von oben kommen. Die er 'die Gelben' nannte, sind die Russen. Die von hier kommen, sind die Muslime. Sie werden hier kämpfen. 80 Divisionen sind auf dieser Seite und 80 Divisionen auf der anderen Seite unter 80 Flaggen, 12.000 Soldaten. Rechnet: 80x 12.000 stehen im oberen Teil. Und dieselbe Anzahl von Soldaten kommen von hier, von Sham. Sie sind auch 80 Divisionen, 80 Divisionen. Jede Division hat 12.000 Männer. Also werden ungefähr 1 Million hier und 1 Million dort kämpfen. Es wird in der Amuq-Ebene beendet werden.

Ich fürchte, ich fürchte... Diese Gewalt, möge Allah uns von ihr fernhalten. Sham wird sich so öffnen. Der Sultan wird ganz bestimmt kommen. Der Sultan wird in Jordanien eintreten. Mahdis (as) Hand ist darin, aber er selbst ist noch nicht offenbar. Wenn der Befehl kommt, wenn Al-Malhama vorbei ist, wird Mahdi (as) 3 Takbir sagen. 3 Takbir. Die ganze Technologie, die jetzt auf der Erde vorhanden ist, wird stillstehen. Keine Schiffe, keine Flugzeuge, keine Panzer, keine Kanonen, nichts wird funktionieren. Ganz sicher wird die Kavallerie mit Schwertern ankommen,

niemand weiß, von wo sie kommt. Wenn Mahdi (as) die Takbir sagt, ist Schluß. Es ist da. Ich weiß nicht, welche Art Erscheinungen es gibt in diesem Monat, aber es wird viele Erscheinungen geben... Ya Rabbi. Möge ein neuer Islam sichtbar werden im Monat Rabiu l-Awwal.

'O Glorreicher Sultan, Steige fest in die Steigbügel des Pferdes!' Es gab einen Aufsitzstein für die Sultane im Topkapi Palast, zu dem der Sultan (Hunkar) kam und von dem aus er sein Pferd bestieg, wenn er in den Krieg zog. Sie riefen ihn so: 'O Glorreicher Sultan, steige fest in die Steigbügel des Pferdes!' Er steigt in sie wie ein Löwe, zieht das Schwert und sagt: 'Ya Allahu Akbar!' Die Osmanen werden kommen. Sie werden kommen. Sie werden Mahdi (as) willkommen heißen und ihm ein Schwert umgürten am Grab von Abu Ayyub Sultan. Sie werden das Kalifat und alle heiligen Reliquien ihm übergeben, Allahu Akbar!

Es ist jetzt eine erstaunliche Macht in der Dunya, seit es (Safar) begann... Es ist alles leeres Gerede. Sie sagen Bashar oder Shashar... Alles - das Chaos in Ägypten, all diese Aufstände.. alles wird geklärt werden. Die Gefährlichen werden erledigt sein und wer fest bleibt sind Ahlu swww. Sunnah wa l-Jamaat. Möge Allah uns diese Tage erreichen lassen zu Ehren Seines Geliebten ya Rabbi. Laßt die Menschen Fahnen tragen. Laßt sie auf Pferden reiten. Laßt sie auf Pferden reiten.. Ich möchte selbst ein Pferd reiten, aber es hat keinen Zweck. Sie brachten mich in Brunai dazu, auf einem Pferd zu reiten. Einer hielt mich von dieser Seite und einer von der anderen Seite, damit das Pferd mich nicht abwarf. Also ritt ich. Ich habe auch ein Bild davon, wie ich auf dem Pferd reite. Ya Rabbi, die schönen Tage..

Es wird Gewalt geben, Säuberung. Das Sultanat Shaytans wird zerstört werden. Möge es nicht bis morgen dauern. Fatiha. Unglauben anzuerkennen ist auch Unglauben. Deshalb will ich, daß die Ungläubigen sofort erledigt werden... Was Al-Malhama betrifft, über das uns die Bücher informieren, den großen Krieg, alle Nationen sind jetzt in Bewegung. Syrien ist ein Aufhänger gewesen. Rußland ist nicht in Sorge wegen Syrien. Nein. Was sie wollen seit Peter dem Großen ist ein Zugang zu den warmen Wassern. Sie wollen sich bemerkbar machen. Es gibt eine Rivalität zwischen den USA und den Russen bezüglich der Kontrolle der Welt. "La Taqumu s-Sa'at Hatta Taq'tatila Fi'atan 'Azimatan Takunu Baynahum Malhamtun Kubra Da'awahum Wahida". Das ist Hadith. Die Stunde wird nicht kommen, bis die Welt nicht zwei Seiten sind, und

es eine große Schlacht zwischen ihnen gibt. Ihrer beider Ansprüche sind gleich. Die USA wollen die Welt beherrschen. Die Russen sagen: 'Nein, wir herrschen.' Es sind jetzt zwei Seiten. Der Krieg wird stattfinden. Das ist sicher.

Unser Ort ist sicher mit der Erlaubnis Allahs (swt), aber ich kann jetzt nicht hier bleiben. Es gibt eine Bewegung für mich, aber ich weiß es noch nicht. Insha'Allah brechen wir auf, weil es überall so erstaunlich ist. Mögen wir gute Tage sehen. Möge der Monat Safar al Khayr vergehen mit der Vernichtung des Unglaubens. Möge Rabiu l-Awwal unser Fest sein. Das wird nicht warten bis zum nächsten Monat Safar. Daß die Schwere des Safar von mir aufgehoben werden möge, bete ich 2 Rakat Safar Gebet. Sie mögen von 2 Rakats bis zu 12 Rakats beten zur Duha-Zeit, am Vormittag. Sie mögen um Mitternacht beten oder vor Mitternacht oder nach zwei Dritteln der Nacht.

## Safar Talimat

Bismillahirrahmanirrahim.

Today is the beginning of the holy month of Safar, starting on the morning of Tuesday, and also the Solar Eclipse is one of the small signs of Judgement Day. It is difficult. You should say 3 times daily Shahada and 300 Isteghfar und daily give charity. Inshallah we hoped nothing should touch anybody and God's Willing, we hope that no one is harmed and that all problems and burdens stay away from us. This are the news. Is it 1432 from the migration of the prophet. 2011 from the christian calendar. The head of the pilgrimage calendar Allah makes our end in a good way and our days blessed.

You have to start prostration, paying sadaqa, and asking forgiveness (istighfar) 300 times a day. Don't forget the daily charity (sadaqa) no matter how small or big, it is still a sadaqa written for your benefit. It will be written for your goodness. These are the last days. Allah may forgive us.

Many signs of the End of Time have appeared. Thus people have to return to their humanity and those who have left pursuing knowing Allah, must resume on the path of knowing Him. These are the instructions of nowadays.

Fatiha

Sadaqa (charity) protects against problems, calamities, burdens and a bad ending. Don't let the day pass without paying out sadaqa and praying 2 rakaats daily. Istighfar (asking forgiveness) is at least 70 times, a must for rectifying your state, since the sacred angles' role is to protect those who follow instructions to make sujud (prostration), not those women and men who walk around bare-headed, we are not responsible for them. They must put something on their heads for their own protection. Only on Arafat can men expose their heads, but all other days they must cover their heads in glorification of the Lord, not just now, but always. Women with no exception must cover their heads, on Arafat or not, heed well these instructions. If you wanted to listen, then something must cover your heads first! May Allah make our state that of the best.

Fatiha

At any time a flood can sweep the country or an earth quake or also hurricans can destroy the whole country and there is also tsunami. That can also destroy the country, can bring it upside down. Fear God. Human beings, Make tauba, ask forgiveness and turn to God, turn to the way of warship. Later on you will be at peace, here and hereafter. Otherwise, what will come on your head, you will see. Allah makes us our way protected from the ego and its evil. Dont act in forbiddens, dont leave prostrations, this is an advice. Assalamu aleikum. Peace is the way to God, keep it and otherwise you will never experience safety and pressed(?).

**Safaru Khair - Insha Allah this month brings to these people who follow the holy Prophet sws and keep respect and love for his holy family, Ahlu-l Bait, goodness**

Wednesday is the beginning of Safaru Khair. Every day recite:
3 x Shahada and 3oo x Astaghfirullah and give Sadaqa for each one (of your family).

Insha Allah this month brings to these people who follow the holy Prophet sws and keep respect and love for his holy family, Ahlu-l Bait, goodness.
Don't worry about your future, no! Allah Almighty never going to be happy if His servants are sad for their future, no! But sadness and darkness and hopelessness is for those who escape from Allah. Who is going after the Prophet sws and Awliya, they should find something they never imagined, but those who escape from holy Prophet and his followers and Awliya they should find that they are not going to be happy, but to be always in sadness.
I was shouting yesterday, because some people bringing a new bed for me and I slept on it and they asked me how I am feeling, if last night I slept very well. 'Ya Hu', I am saying, 'the problem is not the bed. Problem is going to be with myself or yourself. It is not problem of bed. If I am healthy and I

am in peace, where I may out my head, I may sleep'. I was looking in TV some soldiers sleeping on their backs. So healthy sleep. Not asking beds, not asking blankets, no, like this sleeping. Allah protects them! I am saying: 'Problem is my health. If I am healthy, I may sleep everywhere and I am happy. But if not, anywhere I am not taking rest'.

And Grandsheikh bringing to my heart, reminding me, that now in whole world buildings are so comfortable. Every kind of comfortable furniture through homes, every kind of instruments making people to be comfortable through their homes. People before 5o to 6o years ago were cooking on wood. They were washing their plates with ashes, the clothes on riverside or in big buckets, for cleaning they were using brooms. For everything they were using their physical body's power, everything making by their hands. Going and bringing water from spring or well, carrying like this or putting on their heads and bringing and they were happy. So happy, never complaining.

But now people live in so comfortable homes, everything is ready, for them- even I am using a whistle to call people as you may use phone... you think these comfortable buildings, furniture and instruments give to people comfort life and satisfaction in home? I don't think anyone is sleeping without a pill, because they have problems either with their husbands, or their wives, or their children, or their neighbours or with their health, or small ones health, their health always changing, always going to doctors, to hospitals...every day so many kind of problems and troubles for them. These comfortable buildings and flats with everything in them, modern instruments, giving them a peace? You think? Never. Because they are not feeling rest through themselves, furniture and instruments never giving to them anything.

This is what I was saying: If I am healthy, it was good what I was sleeping on. It was not problem of my bed. But from their respect for me they think

‘We must bring a better furniture to sleep on it’ Allah gives them health and wealth.

Out looking comfortable flats or buildings and cars never going to give to you a life full with pleasure, no. All people are in sadness and fear. Alhamdulillah we are not...The future is for believers. Dark future for unbelievers. Alhamdulillah that you are not asking (such things) and you are happy here. It is a simple life...May Allah give to our hearts satisfaction and hope for the future...

We can’t carry even small pain anywhere...how we can be in hells? I am thinking and whole night I am asking forgiveness from Allah Almighty...

**Save humanity!**

Destur, ya Sayyidi, ya Sultanu-l Awliya!
A udhu bi-llahi mina shaytani rajim
Bismillahir Rahmanir Rahim
La haula wa la quwatta illa bi-llahi-l Aliyi-l Azim.
As-salamu alaikum! If you like translate, if you like, don t I don t know anymore...
Ashhadu an la ilaha ill-Allah wa ashhadu ana Sayyidina Muhammadan abduhu wa habibuhu wa rasuluh sallaLlahu alaihi wa sallam.

Audana hadhi kalimatain shahadatain indaka ya Rasulullah, wa hiya wadiyatun yaumu-l qiyama innaka la tukhlifu-l miad...
Amantu bi-llahi wa malaikatihi wa kutubihi wa rusulihi wa yaumi-l akhiri wa khairihi wa sharrihi mina-Llah wa ba thu bada-l maut.
Ashhadu an la ilaha ill-Allah wa ashadu ana S.Muhammadan abduhu wa habibuhu wa rasuluh!

I was saying to Sheikh Adnan for nasihat , to call you to obey

Heavenly Orders. Today he is moving, insha Allah, we hope that his baraka is going to be with us. Then- (it is) coming to me now some inspirations to address people; not only for you, but for whole mankind. And (the) main purpose (of) nasihat , advising, it is to save humanity! That is (a) very important point to be well-known: To save mankind, that mankind they have been ordered to keep the honour of mankind that it is humanity. That must be well-known, but I never heard from anyone to say this up today! For what (were) coming (the) Prophets? For what (were) coming Holy Books? What is the importance of Prophets and Awliya also, Saints? It is in such a short sentence: To save humanity!

From whom?
Asta idhu bi-llah: Inna shaytana lakum aduw, fattakhidhu aduwa! Allah Almighty (is) saying in His endless Greatness and endless Power and through His endless Greatness Oceans, through His endless Wisdom Oceans: O people, O My creatures! There is a dangerous enemy, (a) most terrible and dangerous enemy for you, that is Shaytan, Diabolo, or Sadanas - Allah Almighty makes that terrible enemy far away from ourselves! - Khudhu hizrakum (?)! Take your defence, because that terrible enemy (is) attacking on you! You can t expect from where, from which direction (it is) coming on you! (It is) so terrible, therefore take your guard! You must take your guard from that terrible, terrible enemy!

And Sadanas main target (is) to destroy humanity! Humanity is (the) highest level of creation on earth and Sadanas (is) asking to take humanity from its highest level (and) to bring (them) to (the) lowest level. Humanity (is) sailing through heavenly Lights and Sadanas (is) asking to bring humanity... to extinguish their Nur, their Lights, and

to bring them tahta sarra , underground, that is dark darkness! Dark darkness a udhu bi-llah! Its main target that is: to bring humanity from Heavenly Lights, Nur, to carry them, to take them, to put and to imprison them through that dark darkness! Na udhu bi-llah! Allah, ya Rabb!

And Allah Almighty (is) sending His beloved ones and (the) most beloved one Sayyidina Muhammadan sallaLlahu alaihi wa sallam, sending thousands of His blessed people, heavenly people, for saving humanity from the traps of Sadanas, Shaytan.

La haula wa la quwatta illa bi-llah! Everyone (was) coming, from Prophets, to save humanity, but Sadanas, Shaytan, (is) using countless tricks and (is) putting countless traps and (is) calling people: O people, follow me! I was looking and seeing through airports some small cars, written on it: Follow me and these big aircrafts (were) following... And Sadanas, big Sadanas, (is) one, but (there is) coming its generation. It is through our knowledge that (is) reaching to me also, that one leg (of his is) male, one leg (is) female and (it is) making itself by itself and (like this it is) bringing Shaytans! Na udhu bi-llah! Na udhu bi-llah!

Therefore that cursed one (is) urging people to make man with man, woman with woman. Dirtiest level! Thrown away from humanity! (Shaytan is) asking to carry them on that level! La haula wa la quwatta illa bi-llahi-l Aliyu-l Azim! But now (the) whole world (is) running after Sadanas; their nations, governments, they are running to keep Sadanas teachings and practisings everywhere! Everywhere now 21st century people they are making competition (with) each other, which one (of them is) going to be (the) first one to follow Sadanas! La haula wa la quwatta illa bi-llah!

And humanity (is) just finished; through (the) 21st century humanity just finished. (They are) just tied by Sadanas. As Pharaoh was tying slaves- one to the second one, (the) second one to the third one - now Sadanas (is) making whole nations, tying one (to the) second one. And through his hand (there is) a whip: Yallah! You must go this way! You must do this way, that way! For destroying humanity; (he is) making mankind to destroy their honours and now (there is) no honour for mankind on earth! No, no any honour for mankind, because they lost the level of humanity and (they are) falling; all of them just fell down. Aman, ya Rabbi!

What is the mission, whole Prophets mission? Only to save humanity, to keep (the) honour of humanity, nothing else, but even Popes, Patriarchs, Rabbis, Patans (?), Muslim Ulemas, they are not understanding yet (the) main purpose (of the sending of the Prophets). They are fighting to each other for this or that - look what we lost and try to save what we lost, to find it! Allah (was) sending all Prophets to save the honour of humanity, why you are fighting? You are fighting for what? Russian, Americans, Arabs, Israel, Iran, Pakistan, Hindistan, China, Turks - for what (you are) fighting? For whom you are fighting? To save humanity? What is that? No, they are saying: Democracy!

Therefore, now terrible days (are) coming! Therefore, (there is) going to reach to whole people, whom they are only slaves or labourers for Sadanas, coming now (a big hurricane)... People (are) saying: Ohhh, (there is) coming again a hurricane to America! That is nothing! Look now, what is coming (from) hurricane, how it is going to be! From 5 one (is) remaining. If (the) whole (of) mankind (is) 5 billions - 4 billions that hurricane, that Armageddon (is) coming (and) taking them

away! Only those, whom they are hearing and listening (to the) Holy Commands of Allah Almighty: Khudhu hizrakum! Take your defence, keep yourself, keep yourself! There is a word...danger...there is some red writings: Danger area! Don't approach! Danger!

What is another word?...Precaution...People uhhh, (they are) running on it! Who (is) running on it, (is) falling down! They are fearing from (that) hurricane, but they are not taking any precaution for Armageddon. Armageddon! For (that) hurricane people (are) trembling, but no one (is) thinking on that Armageddon s hurricane that should take (away) not millions, (but) billions! That is going to be! Only whom they are running to Allah... Allah only (is) sheltering! Who (is) running and asking (for a) Heavenly Shelter, they should be in safety!

Or... the nation of Ad, Qaumu Hud, how is the Ayatu Karima?... ...jabbaran anid... Qaumu Hud...what heybet ! Allah Almighty (was) ordering (the) Angel of Hurricanes to open a very small hole from that terrible hurricanes. (Then) ordered Allah Almighty to Sayyidina Hud to make a circle and to sit there and (also those,) whom they (were) believing in him, to be there. Yes, they were sitting. Therefore I was saying: (Only the) Heavenly Shelter may shelter you! Ad, they were (tall) like (the) Statue of Liberty, like this... people, jabbar ; they were saying: We are not fearing from anyone! (The hurricane was) taking them (up), putting from mouth (?), coming down, taking up and throwing down - finishing! Only whom they (were) sitting with Sayyidina Hud - (there was) coming this terrible hurricane - (for them it was) like (a breeze) from Paradise!

Now, O people, no one can save themselves with any means! (The) only shelter (is for) who is running to Allah!

Therefore it is a declaration to whole nations from here, from a humble place, for (all people)... Whole Prophets, they were sitting in a small place and speaking (to) some slaves, some weak people, but their declaration just (was) reaching to East and West. Here is a humble place; not I am thinking, but my yaqin , (my) certainty is, to reach to everyone one, (to) everywhere that declaration. If not, they are going to be taken away! Laylati-l Bara at (was) put on (the seal)- finished! May Allah forgive us!

This is (a) holy month, Ramadan; I don t think that through this holy month (there is) going to be something - for the honour of the Seal of Prophets and for his nation, but after Ramadan, I can t be able to give any guarantee to anyone! Who is against Sadanas, should be sheltered, whom they are running after those people, they should be under (the) Heavenly Revenge, (they are) going to be taken away. May Allah forgive us!

Just now (it is) coming from our Masters, Grandmasters, to address to you in the presence of a big Saint, Sheikh Adnan Effendi Hazretleri; he should be a witness (for) what we are saying here. Allah Huwa Ahkamu Hakimin; whom they are running away, (they are) never coming back; (those,) whom they are keeping their positions, their servanthood, whom they are trying to keep the level of servanthood, should be saved and sheltered. May Allah forgive me, forgive you!
O people, write big writings: O people, save humanity! O mankind, O mankind, try with your whole ability to save humanity! Who is running to save humanity, they should be under Heavenly Shelter, others should be taken away, finished! Fatiha...

(Put a) writing in Arabic, in Turkish, in English! Say: O people, save humanity! Don't follow Sadanas! Write (this) and put (it)

everywhere! People, they are running through streets, saying: We don t like war! No, it is not enough! (If) you don t like war, you must say: We are trying to save humanity from Sadanas and his followers!

Fatiha!...

This is important!

## The Safety of Sham (Damascus): You know now about Damascus

(Addressing Spanish group of murids on their departure)

You know now about Damascus. As long as you are going to be in Spain and there are no difficulties for Islam or through wars some difficult conditions, you must think about emmigration, because it is our Prophet's advice that if anything happening when last days approaching going to be difficult conditions for all people, especially for Muslims who live with Non-Muslims, because it is going to be a Big War among two parts of the world and all the world is going to be in two groups. That time everyone is going to think about themselves: 'Where we may go?' When going to be difficult conditions for staying in your home or homeland and you ask 'Where we can go for safety and freedom for our beliefs and our worshipping', if you face such difficult conditions and people ask to save only their souls, not thinking about their land, home, business, going to be people to ask only for their souls. That so many times happened through wars in our days also: people leave everything and carry as much as possible and escape. Then

you ask to where you can escape, where we can stop or land, may ask.

And Alhamdulillah, thanks to Allah Almighty, praising for Him, just He is ordering His most honoured Prophet Sayiddina Muhammad salallahu alayhi wassalim to advise his nation that if such difficult conditions come they may be in some place that there is going to be more safety for you and less fear and more satisfaction, more freedom to bring your obedience to Allah Almighty. That is Damascus. His advice is Damascus

X just prepared a collection of holy Hadith from Hadith books, as I said to him that I had seen one book saying about the honour of Damascus, Sham. He prepared it and perhaps he printed it also? To give everywhere so that Muslims may know about the honour of Damascus, the holy land.

Now you may go back to your homes, but always you must be ready for hearing what is going to happen. Perhaps going to be easy for people to land, to move, to come to Damascus. Even our island is so near, close to Syria, but perhaps may be no vessels to move through sea in safety. Normally no planes may fly, people from island to move to Turkey or Syrian beaches. You may find a way and come here.

X. and Y. are the first Muqaddim, group of people who come to Damascus and asking them to be here to be residents of the holy land of Damascus, as the Prophet sws was praising this holy land. And it should be for Mehdi aleyhi salam for all the Ummah (Nation of Islam) through every difficult position or condition that may be going to happen when last Days approaching. This you must keep.

And German people that so many Turkish brothers also from New Ottomans asking to come and move from Deutschland to any place that should be good for them and their children, because very bad conditions now through Europe. And especially in Germany, France, England and other western countries it is

so difficult for youngsters; very bad conditions destroy the new generation physically as well as spiritually. Therefore so many people ask also before wars happening and difficult conditions, asking to come here and to be resident here, as well as may be up to the time of Mehdi a.s.

These two groups of people, and in England also, some Turkish people asking to immigrate to Damascus, some more from Germany, brothers and sisters asking to come here to save their belief and honour and good positions. And through Italian brothers and sisters asking, from France, from Spain- so many brothers and sisters ask to move anywhere. They don't know where they can go and always ask me: 'Where we may go?' And I say: 'I said to them before that when I am going to look what is situation in Syria and Damascus, you must be patient. When I find a suitable condition for your immigration, I should call you.'

Now I am here 15 days in Syria and I am looking around to find a suitable land that we may establish a new city there with gardens and earth to make houses. Never putting in it iron or cement! I prevent anyone who is asking to bring cement in that place, to send them away. And I am intending to build a small village there from earth, mud. X. knows. He may do the plans- old style homes that may be through one month a person may enter his home. And should be in the middle of a land at least 2000 m2 a garden, and in the middle that simple building and around a wall from earth also, not to be seen inside. And you can keep also some animals, hens or goats- goats of Damascus are famous- one may give every day 2 kg milk. Then going to be easy for a simple person to live here.

And according to my opinion going to be about 5ooo Euro land and home. One type may be for 5 people, and then if asking bigger land, more than 2ooo m2, he may have and bigger building according to children. Always going to be kept two sides in home: one for ladies only, another side for men only. I

never like after this time that last days are coming, I don't like to make women with men. We must keep Shariat order as much as possible.

May begin from 5ooo Euro, means 4ooo $, and if you ask to make a bigger building, more rooms, more land, maybe 5ooo - 1o.ooo Euro. You may have 6ooo m2 garden and home in it, you may come and work, keep for building. You may be there, no need electricity. I don't like. Simple, to live with nature.

Even no need for medicine. If you are going to be friendly with nature, nature protects you. If you come like enemy to nature, nature fights you also. First fight: nature never likes cement. Nature hating, but it has no tongue to speak. A cement building is like a knife put through the cheat of a person. From earth to earth you must keep. If anyone wants to be with us in that conditions, if not- this world is so big, he may move East, West, North or South.

And we shall put every 1o.ooo m2 must be a mosque. And trough every 1o.ooo block must be. People must pray there. For Juma (Friday prayers) we may build according to the bigness of the land. Maybe two mosques or four for Juma, 1, 2, 3 or 4, so that people through their areas when hearing 'Allahu akbar', we don't use loudspeaker, no, must be a minaret and a person must get up and call Adhan there. Till beginning and finishing around people may be ready, through 5 minutes must reach from one position to come there.

Everyone must keep in garden fruit or vegetables or animals to be able to live without going to be needy except for such things that you may buy from city. Everything must be prepared through your homes and land. Even may be a way and should be small shops for small handcrafts that people commonly may be in need, not to go to city to look after. No. Simple life= happy life. Complex life brings difficulties. We must come back to simple life to live friendly with nature and Allah helps us. We are not happy to be crowded in

big cities. People just fed up to be through big cities, asking to run away. Only ignorant people ask to come to big cities. Big cities mean dirty life; difficult, unhappy, dishonoured, too busy, unrest life. Every badness there.We must escape.

Yesterday you saw that place? Good place. Now I am calling first the New Ottomans, because they are ready to move. Then one after one you may move, or till we call you, to find a place for you. Now going to be okay until coming more difficulties for your life.

School for Holy Quran, as Sheikh Adnan was saying: Institute of. for Holy Quran and its knowledge. What is necessary to be learned you may learn there. No need so many useless lessons and books to study and force yourself to learn and you are not learning or not using it in your life.

May Allah bless you, because you ask to follow the steps and the advice of the Holy Prophet sws, and he was saying: 'When last days approaching, best time to climb through mountains and to keep sheep and goats ad to live lonely there.' And it is going to be that moving from your homeland for some times to be here in Damascus. That Big War is coming, and then coming Mehdi and through his time wars, then Antichrist and wars, until Sayidinna Isa (Jesus) coming and fighting Jews and their Kufr, Christians' Kufr, and to take them away, and then to establish the Sultanate of Heavens belonging to Allah Almighty. Up to that time you may be here. Then the whole world is open for Muslims. If you like to continue here, it is for you, but if you like to go here and there, it is free for 4o years. After 4o years coming end of Sayidinna Isa and Day of Resurrection and time is finished, over.

May Allah bless you and keep you on His right path to be with Mehdi and to be saved from devils and Antichrist, to reach to Mehdi as well as to Sayidinna Isa, to be only for Allah, to live only for Allah, to do for

Allah, to die for Allah only. As people coming for pilgrimage- all coming to one destination.

(Al Fatihah)

## Safety in the Last Day is on Mountain-Tops

(Translated from Turkish)

The Prophet (s) said that in the Last Days, people will find safety on mountain-tops. Let them receive their provisions as they wander behind their flocks. Safety is on the mountains! You can no longer live in cities. How many times have I said this: move to the countryside; don't leave the village for the city, because the city's strike will be strong and many people will disappear; many of them will lose their lives, their children and their possessions.

We are saying this, however people are still piling up in the cities. And when they crowd the cities, theft, shamelessness, aggression, atheism, unbelief, dirtiness, and everything clashing with humanity would arise in those countries. People would perish behind it; it would affect both the sinful and the sinless--everyone coming in front of it.

That is why, how many times have I said: leave big cities behind before something happens to you! But to whom shall we say this? This means, there is something that will befall everyone--there is something.

The Prophet (s) said that the one who doesn't accept or listen to advice, his end will be in regret. He will feel

regret, but it will be too late. The Prophet (s) is advising us by saying, “Don’t leave the countryside; don’t flow from villages to the cities.” Places that are crowded have lots of incidents in them; every kind of immorality and even murder takes place. There is nothing you can gain by moving to the cities.

Find a bit of food in your village and try to manage; breathe in the clean air and spend your time in worship. The dirt of villages cannot be likened to that of the cities. Cities have become really dirty; that is why the arrows of Divine Revenge fell upon them. That is why you are seeing masses of people standing up (in protest). Why have people gathered around in those countries? They came leaving their homelands: Cairo, Tunisia, Algeria, Sudan, Philistine, Iraq, Turkey. They’re all in a mess! Why? Because they’re not listening to the words of the Prophet (s), they’re not accepting the advice of Allah (swt), and they are following Shaytan by flowing to the cities. Now they will suffer, because there is an old saying: “The one who rejects advice will bite his finger (in regret) and all 10 fingers will ache.”

Pay attention! Say this, but to whom? Something will befall you. Amaan yaa Rabbee. Don’t make us from those who have gone astray from the right path. If our foot is not on the Straight Path, (at least) let us crawl along it. And if we can’t even do that, then let us turn towards it. Tawbah yaa Rabbee, tawbah yaa Rabbee.

Fatihah.

Send us a savior who will save us, yaa Rabbee. You are the Owner of Power.

Fatihah.

When you load 1000 kg in a ship which can only take 100 kg, it would sink right away. Let’s say the capacity of a city is 40,000 or 50,000. If it exceeds that, the city would sink. Cities have no sense of limitation. Millions of people have piled up there; they don’t have minds or there aren’t any who can guide them.

The leaders! Ne halleri varsa gorsunler! They will say, “Whether they stay in the countryside or come to Cairo, whether they turn Cairo upside down, all that matters is how we are living happily in our palace. If they don’t like it, then they shouldn’t come to Cairo. Did we invite them here? They left their places and came. Now let them suffer!” Amaan yaa Rabbee. Tawbah astaghfirullah!

Fatihah.

Amaan yaa Rabbee. That will be enough.

The Prophet (s) said, “In the Last Days, people will be like uncontrollable animals attacking left and right, wherever it may be.” Now the situation they are in does not befit Islam. Some of them deserve it and some of them didn’t--they will go.

**Safety, peace and eternity are with Allah! Or: S.Muhammad sws - Saviour of all nations!**

As-salamu alaikum... wa rahmatullahi wa barakatuh!
We are happy that Allah Almighty created us and (He is) giving honour for these people that they are living now to be nation of S.Muhammad sws. That is an honour that all Prophets they were asking to be...to reach to that honour, but Allah granted to us. But it is pity that our people or whole world people that (are) living now, they (are) never speaking the name of S.Muhammad sws, that he is Saviour for all nations; from beginning, Adam, up to Yaumu-l Qiyama, Last Day, he is Saviour, here and Hereafter!

People (are) coming the Day of Resurrection... Allah Almighty first (is) killing them, everyone (is) going to die, must die, but Allah Almighty (is) keeping them from Last Day and He is that one who (is) fully able to bring all passed away, dead people that they are now through their graveyards, to make them to stand up, giving their souls once again. Without souls we are only earth, dust, clay. Allah created (the) first

man from clay and it was lying as a statue- no sense, no life; and Allah Almighty (was) blowing (in)to that clay from His divinely Soul and (it was) standing up. He gave and He may take it away, back. So that billions of people just lived on earth, lived and then they died, they passed away; coming and passing, coming and passing, till the number (of souls) that should come this life to be complete. When it is going to be complete, then Allah Almighty (is) ordering that Israfil to make trumpet and everything that (is) living on earth, on Heavens, they are going to fall down dead- (even) Angels (are) falling down- only (not) what Allah Almighty (is) asking not to fall.

Shaitan also going to die and Azrail, (the) Death Angel, (is) running after him to take his soul also. He was running away. When (he is) running away, he is finding Azrail in front of him. Coming another direction, running, finding him there. East- finding, West- finding, North- finding, South- finding him and taking (his) soul and he is falling down.

Then Allah Almighty (is) ordering to Death Angel: “You also, you must die! You must take your soul, through My Command- die!” And he was falling dead and he was saying: “If I was knowing the pain, when I am taking souls of people, (that it is) going to be so painful- I wasn’t (knowing, but), now I tasted! If I was knowing (before), I was never going to be able to take one soul!”

O people, death (is) coming! Don’t think you are created forever to be on this planet, no! It is only a short period that you may be here, then you must leave- another one (is) coming... the number that Allah Almighty (is) knowing... all souls should come here, then finishing. This earth also (is) going to be like a sandy place- from East to West, no any sign of life on it. No mankind, no animals, no trees- nature (is) going to be

a dry desert; from East you may look and see to West: a sandy place. Allah!

Then Allah Almighty (is) asking: “O mankind, you were claiming that ‘This for me, that (is) for you... this (is) for you, that (is) for me’..., (that) lands (are) for you or cities for you, even seas, oceans. You were fighting to say that ‘This (is) for me, (that is) for you’, you were never going to be happy, if (some)one (is) passing from your limit (even) one foot! You were fighting and you were claiming that just earth belongs to you! Now I am asking: Liman al Mulk al Yaum? O mankind, that you are going, you were fighting for lands, for everything on earth, saying: ‘This (is) for me’- now what you are saying? To whom (belongs) now that world? For what you were fighting? Anyone may say that (this) world now ‘It is for me’?” No one can say anything; Allah Almighty (is) answering (Himself): “Li-llahi-l Wahidu-l Qahhar! That is for Me and I am (the) Owner, I am (the) Creator! ...Say now!” No one (is) saying (anything)...

That Day (is) coming! On doors! Just we reached the last point of this period; (it is) going to finish and foolish people, foolish mankind (is) fighting yet that ‘This (is) for me, that (is) for you’!

English (are) asking (for that), Americans (are) asking, Russians (are) asking, Iranians also (are) asking... Hindus (are) asking, Chinese (are) asking. (The) Japanese (Are) saying: “What are you doing? I am here! Must be (the) whole world under my command, I must be (the) owner!” ... (Here Sheikh is sneezing and saying: “Shahidu-l Haqq! What we are saying it is true!”)...

No mind people; (they are) making troubles on earth, to reach much more land. It is only one handful, Cyprus also, they are fighting with Greeks, Turks. They are saying that: “No, Cyprus is for us!” Greeks

(are) saying: “No, you are liars! We have much more land, therefore Cyprus (is) for us!”

Palestinians also (are) so clever ones; they are also fighting through each other: Arabs, Muslims, and Palestinians- fighting to each other. For what? I am asking: For what? “To be (the) command to be for me! I must be leader, I must be President, I must be Nr.1 here!” Your name is Fetta, your name is Hummus... Hammas it was really Hummus, they are changing (it), not to be known that they are Hummus, saying: “Hammas. We are Hammas. Therefore, if we are going to be (the) owners, that time we are going to be Hummus; now we are not Hummus, we are Hammas...” Turks (are) fighting each other, Afghans (are) fighting each other, Arabs (are) fighting each other- for what? Looking every day, every hour, that so many people they are sending them, shooting them, killing them, and they are living, but never (they are) thinking for themselves that maybe a bullet comes on them and (is) taking them away... “No, no! We must be on Lebanon! (The) North (is) for us, (the) South for you, (the) Middle (is) for Shaitans...” They are making so no good things; they are thinking on it and they are spending- not spending, (but) wasting their lives- for nothing. For nothing!

O people, we are reaching the end of this period that Allah Almighty should call everyone for their Judgment! If you are not hearing and listening and obeying to your Creators Commands, then you should kill each other, you should eat some of you some others! O people, come and follow (the) holy Orders of Heavens!

This is not an addressing to you, in front of me, in Cyprus, in Lefke, for a handful of people, but my declaration (is) through East and West!
I am addressing to all mankind:
Use your minds and come and accept truth!

Till you are keeping holy Books' Orders... No crisis, no trouble, like in our days, but when they are changing everything against holy Books, particularly the Seal of Prophets' last Message, (the) Holy Quran, they fall in(to) a depthless well, they (are) never finding any way (out). Everyone (is) sitting: "Yes Sir, we are thinking to do something that you may be in peace." Another one (is) coming- they have so many like this- saying: "No, that is Shaitan, don't listen to him! What I am saying, you must listen to me!" Another (one is) coming, saying: "No, you are Iblis, we are not listening to you! You are against our idea life, modern life! We are modern people! We are never going to be such (like the people) before that they are never leading their life. We are modernized people and all of you (are) Shaitans!"

Everyone- from early morning up to early morning (of the) second day- everyone I am looking: coming a person, speaking... coming another one, speaking... coming another one... We have a saying: If by speaking you may do pillau, rice, if we are asking to do pillau by speaking, we were in need butter like oceans! So big amount butter must be, because everyone (is) speaking, speaking: "What we shall do this pillau, rice?... We can't reach, even (if) ocean bringing... Perhaps may be pillau to eat and to be happy...", but never (there is) going to be anything by their speaking! They are... what you are saying... insisting on shaitanic ideas, shaitanic teachings. Shaitan (is) saying: "No! Die and don't taste heavenly Teachings! No! I am carrying you to a safe life here and don't believe the life after this life!" That is their ideas now; they (are) never believing (in the) next life, eternal life, no. They are saying: "(The) only life (is) here." Let them go to Hell then, all of those, who are not believing in eternal life!

O people, if not today, tomorrow may reach (you) death! If not tomorrow,

next month. If not next month, next year! Must reach (you); (it is) running after you, death, must catch you! Don't escape from Allah! Run to Allah! Don't run way from Allah, run to Allah! Safety, peace, eternity (are) with Allah Almighty!

May Allah bless you and forgive us, and to be sincere servants! We must live for Allah, not for Dunya! Use your mentality, don't be cheated through Shaitan and shaitanic groups of people. They are on top, everywhere (they are) on top, forcing people not to believe in eternity. Eternity- so sweet word!

May Allah forgive us! For the honour of the most honoured one, respected servant, honoured servant, glorious servant for Allah Almighty, S.Muhammad sws, Fatiha!

## SAFETY STAGE and the TACTIC OF BLINDFOLDING

CONNECT TO AND REMEMBER YOUR SHEIKH AT LEAST ONCE A DAY

Blindfolding is a tactic sometimes used by those who lead people along terrifying mountain paths, a technique which insures the safe arrival of that traveler. Those guides know the areas they are leading their people through to be so high and dangerous that, were their eyes not blindfolded, they would be overcome with fear and fall down. The mountain guides, however, are so skilled and experienced and it is no trouble for them to cross those precipices and to lead others as well. After those dangerous paths have been successfully traversed in this condition, the guide removes the blindfold, and the traveler looks back in amazement, saying: “Did I really cross that?”

We have such terrifying crossings to make on our way. Therefore, it is also a tactic of the Guides of this Path – the Naqshabandi Path – to keep the follower’s eyes closed until he reaches “safety step”. Only when that point has been reached the full reality becomes clear to him. But, as of yet, there is no need of letting you see extraordinary things, indeed it would be dangerous to your continued development. Grandsheikh knows when you have made your “safety step” and removes the blindfold.

In order to progress toward the point of unveiling you can do nothing except to follow your Guide: his orders, his example, his manners. If you concentrate on following him you will proceed along the Path with him: to follow is important, nothing else.

Even if you can only manage to connect to and remember your Sheikh once a day, that will be enough for you to be written as his follower; it means that you have boarded that "train" and are still riding on it. As long as the train continues on towards its destination you will move towards yours as well. Even if you are not working as hard as you should for your spiritual life, it doesn't matter so much, for you are still aboard the train – and be you asleep on the floor of the third-class car: the train is moving and you are on it. What is important is to take a train.

Yes, even if you are asleep day and night you may progress, if you just keep up your connection with your Sheikh. Pointing to this fact is the saying of the Holy Prophet Muhammed (sal), that on the Last Day everyone will be raised up with his loved ones. So, the more you love your Sheikh, the more you should be able to follow his orders and his example in obedience to Allah Almighty and His Prophet. But even the laziest follower will not be left behind until he reaches his station. For if he is asleep, the conductor will come and wake him up, saying: "Wake up, wake up, we have arrived at your station." Then he will groggily reply: "What? Have we really arrived?" "Yes, take your baggage and go."

He Almighty knows your destination, and He leads you there by means of His beloved servants, servants who have been dispatched for your guidance and who must, therefore, know your destination as well. Allah's Prophet (sal) knows, Grandsheikh knows, the chief inspector knows and the conductor knows as well.

**The safe way is our way!**

Destur, ya Sayyidi, ya Sultanu-l Awliya. Meded, ya Rijalallah.
Audhu bi-llahi mina shaitanir rajim, Bismillahir Rahmanir Rahim!

Mostly people are coming from far distances and they are understanding English. Therefore, insha Allah, I am asking from our masters, particularly (the) master of masters, Sultanu-l Awliya, to support ourselves and to grant us something that maybe useful for me for you. We are saying: Ashadu an la ilaha illallah wa ashadu sayyidina muhammadan abduhu wa habibihu wa rasulu. This was well known kalimatu-l ikhlas. La ilaha ill-Allah, Muhammadan rasulullah. It is (the) biggest pleasure for a person to be able to say: 'La ilaha ill-Allah, Muhammadan Rasulullah'. There are millions of people they can't speak this. For us it is easy to say: 'La ilaha ill-Allah'...(short Dhikr:) La ilaha ill-Allah... la ilaha ill-Allah... la ilaha ill-Allah...

The biggest pleasure, (the) biggest treasure, for a person (is) to be able to say: 'La ilaha ill-Allah, Muhammadan Rasulullah'!

O people, it is a short life. As (the) Prophet- peace be upon him- was saying: “My Ummah’s life age is going to be between 60 and 70 years and (it is) very rare (for someone) to get up from 70 to 80, 90, and 100, very few.” It is a short life and we must try to reach something through our short life period, to collect some treasures.

Through all books it is written so many histories that they are giving to people good lessons. It is written through some Islamic books that once upon a time a caravan they are passing, asking to reach (from) one city to another. And they are not reaching, because just nighttime (was) coming and everyone (was) tired. They are giving a break to rest and people (were) landing they are asking to rest.

One person (was) coming and saying to them: “O people of (the) caravan. Do you know, where we are landed?”
“We are not seeing anything here, because it is so dark!”
“Yes, it is true, but I know- it (is) just mentioned through our old books- that (in) this valley could live precious stones like emerald, ruby, diamond, pearls, so many! Every piece of this land it is such a precious stone. O people, listen to me and try to take something from here!”
Some of them (were) saying: “Now we are so tired, we can’t be able to move, to look such a things. Doesn’t matter! We may sleep, we may take a rest”.

Some of them (were) believing in that person and trying to collect.
Some of them (were) collecting a lot of stones and some of them they are taking one handful, putting (it) in (their) pockets. They are in different situation and taking: So many people (were) taking, so many people (were) not taking. So many people (were) taking more, so many people (were) taking less. Some others (were) never taking.
And dawn time they are preparing for themselves to move and everyone

(was) taking, what it is necessary for them.

(They were) preparing themselves and beginning on their way. Till dawn (was) appearing and lights (were) coming, they are trying: “What was (it) we are collecting?” They are looking so beautiful precious stones. Some of them they are happy that they filled their bags, very happy! Some others are saying: “Why we left half (of the) bags empty, why we are not putting much more?” Some of them (were) saying: “Why we are taking only through our pockets?” And some others (were) saying: “(We were) even not taking one (single stone) from here!”

That is a good lesson for living people. That is an example of Dunya, life, our life on this planet, through this world.
And who was saying: “O people, wake up! O people wake up and fill, as much as you can, fill your bags, because this is a place filled with precious stones”?

Now we are living on this world and Allah Almighty (is) sending Anbiya, Prophets, and (the) Prophets (are) saying: “O people, look! Carry in, through your short life, as much as you can carry. Carry! What is that precious materials? That is ‘amaalu-l salih’ good deeds and servanthood, and to believe- Iman! Iman. Look and take as much as possible, because you should find it when dawn (is) coming and lights (are) getting up. You should know, what it was, you were collecting!”

But people mostly they are drunk. “Eh”, (they are) saying, “ what are we doing with these stones! Our bags are full with so many things, yet we are taking more stones? For what? No need. Then we are not listening to such a foolishness!” They are saying and never taking anything. Coming empty, going empty, yes, therefore we (are) now through darkness through this life. Prophets (are) coming and saying: ‘O people! Try to collect

much more precious servanthood to reach your Lord's pleasure, o people!" (They are) calling, (but) they are (saying): "Ehhh..." They are not believing in Akhirah.

Once upon a time (there were) coming some atheist people, unbelievers, and asking to visit Sayyidina Ali -Allah blessings him- and saying: "We are coming to visit you and to make a discuss."

Sayyidina Ali (was) saying: "Discuss- maybe, but argument- I don't accept it. Argument is forbidden, but (to) discuss something- it is okay." They are saying: "As you like. Say, o, you are Imam, Imam of Muslims. You are saying that there is another life beyond this life on earth. (That) this is a short life and beyond it there is an eternal life and you are believing such a thing and saying for something ' This is Halal' and 'That is Haram'. And you are also making so many prayings and fasting and doing so many things and you are giving trouble to yourselves- you are not living freely. Freedom (is) so, so beautiful. To be free- no Halal, no Haram. Everything Halal, no Haram- this is our philosophical ideas. And you are carrying so many difficulties- we are free! We are doing anything we like. What are you going to say?"

Sayyidina Ali (was) saying: "I am asking one question to you. You are saying that you are so happy through your life, because you are free to do anything, not preventing anything from your egos. Yes, (that) may be. And you are saying (that) we are carrying (a) heavy burden, because that is Haram, you must not do this and then we must pray, we must fast, we must do charity, we must hajj- such a things. Yes, o people, you are saying this", Sayyidina Ali (was) answering. "One question: Do you think (that there is) coming a day that that day you and we are going to be on (the) same point?" They are quickly understanding... (Countdown)...."Now it is everyone- good doing ones and bad doing ones- their lives (are)

coming day by day to reach to zero point. Yes?”

They are saying: “Yes.” That means you are going to be zero one day and we are also coming to be zero. What you was getting pleasure (from), doing everything, whenour lives (are) going to be zero, (is) finishing. Zero, finish!

And you are saying: ‘We tasted everything through our life.’ But that day all pleasure that you are running after, is going to be zero, finished. And what you are saying for ourselves, that: ´Oh, you are carrying so many heavy burdens to do this, to do that, from prayings´- also our burden (is) coming... coming... (and on the) last day (it is) going to be zero. That means you are going to be zero and we are also reaching to zero. Now, there is a question. A question. When you are going to be zero and we are going to be zero, zero (is) going to be equal (to) zero. You are not going to be able to reach something that should be for you. Also we are going to be zero and we can't carry anything also- after zero (there is) nothing. You are going (to be) zero, we are going (to be) zero. Yes?” “Yes, as you saying, we are accepting.”

“Now another question”, S. Ali (was) saying, “O unbelievers, o materialists people, atheist people! As you are saying, you are nothing beyond your life. You and ourselves (are) equal. But you must think: If we should find, what we are believing, we are going to reach endless pleasures. Think about yourselves, what is going (to come) to your heads!” And Hazrati Ali (was) making (on) their heads tak... tak... “What is going to come to your heads, to you, if there is Hells and Paradise? What should be your position? That time, if (there is) nothing from Hells and Paradise, you and me, we are going to be equal. But if there is Hells and Paradise, (as) they are believing, they are getting into Paradise and you are losing everything and you are going to Hells. Think on it!”

They are thinking and saying: “O Imam. You are so right! Your opinion, what you (are) saying, it is just 100% filling our mentalities. Now we are understanding that we must keep the safe way. (The) safe way (is) your way. (The) wrong way (is) our way! We are also saying: Ashadu an la ilaha ill-Allah, ill-Allah, ill-Allah, wa ashadu ana Sayyidina Muhammadan ´abduhu wa habibihu wa rasuluh, salla-llahu ´alayhi wa sallam!”

Fatiha.

## Sagt Audhubillahi und Bismillah

(Mawlana steht).

Allahu akbar, Allahu akbar la ilaha Allahu akbar wa lilahil hamd 2x
Allahumma salli wa salam wa barak ala s. Muhammad....Asalamu'alaykum!

Oh ihr Menschen, sagt Audhubillah ... Wer nach Schutz verlangt, muss Audhu sagen. Alles Schlechte, alle Teufel gehören zu Shaitan. Shaitan ist ihr Lehrer. Er zeigt immer Ungehorsamkeit gegenüber Allah der Allmächtige. Oh Leute, sagt Bismillah... das ist unser Schwert gegenüber unserem Ego, unser Schwert gegenüber Shaitan und unser Schwert auf dem Nacken des nächsten Teufels. Oh unser Großsheikh, du Meister dieser Welt, du Meister dieses Planeten, wir bitten dich um deine himmlischen Kräfte, um die Menschen zu erreichen, dass sie verantwortlich sein mögen in der himmlischen Gegenwart des Siegels der Propheten.

Oh Menschen, benutzt immer Audhu.. und Bismillah.., das ist unser Schutz, im Diesseits und im Jenseits. wer vergisst, dies zu sagen, wird in den himmlischen Stationen vergessen werden, sein Name wird niemals aufgeschrieben werden, wer nicht Bismillah... sagt, für den ist es unmöglich, seine himmlischen Stationen zu erreichen - oh, das ist wichtig! Aber die Menschen haben es vergessen. Die Menschen, insbesondere die

muslimische Welt haben es vergessen und haben damit ihre Chance verloren, dass die göttlichen Kräfte zu ihnen gelangen, indem sie Bismillah.. sagen. Unsere Zuhörer von Osten nach Westen, von Norden nach Süden, hört und gehorcht! Versucht, gehorsame Diener zu sein. Schaut nur, wie viele Staatsvertreter denkt ihr, sagen Bismillah.., wenn sie zu ihren Bürgern sprechen? wacht auf! Ich schäme mich, Schande über sie! Sie sagen, wir sind Präsidenten, Premierminister, Sultane, Könige, Emire - Ich habe es niemals von ihnen gehört - vielleicht sagen es einige, aber von den meisten habe ich nicht gehört, dass sie Bismillah.. sagen, wenn sie ihre Bürger ansprechen. Du musst es sagen, wenn nicht, bist du nicht geschützt vor Armageddon, es steht vor der Tür!

Fürchte dich nicht vor der Schweinegrippe, das ist gar nichts gegen das, was alle Propheten erwähnt haben, was kommen wird in den letzten Tagen, vor dem Tag des Jüngsten Gerichts: Der größte Krieg, wie ihn die Welt noch nie in ihrer Geschichte gesehen hat. So viele Menschen werden dahin scheiden, werden sterben. Himmlischer Ärger fällt auf ihre Köpfe hernieder und macht sie zu Staub, zu Asche. Nichts bleibt von ihnen über, nur Staub, nur Staub. Ja, und unsere muslimische Staaten versuchen nicht einmal, Bismillah.. zu sagen. (Sheikh macht ein kurzes Bismillah Dhikr) Du magst von Osten nach Westen gehen, und muslimische Gemeinschaften finden, die (einst) wie Flüsse aus unbekannten Wüsten nach Osten und Westen geströmt sind und gesagt haben: Bismillah .. (wieder ein kurzes Dhikr). Und Engel kommen, Engel kommen wenn waqatahul...

Diese Mushriks, die Götzenanbeter greifen den Islam an und und die Leute des Islam sagen mit ihrem Propheten Bismillah.., und Allah der Allmächtige schickt die Araber, die kennen ja die ayatul karim, musawibeen...

Als Rasulullah die Engel auf Pferden kommen sah, hatten sie die Enden des Turbans so gebunden wie ich, ein Ende hing heraus. An dem Ende des Turban hatten sie auch so ein Stück runter hängen wie hier (zeigt seinen Turban). Als sie die Engel auf ihren Pferden kommen sahen, bemerkten sie, dass ihre Turbanenden herunterhingen, und der Prophet sagte: malaikat salamu ... Die Araber sollten es doch eigentlich wissen, aber sie praktizieren es nicht, ziehen irgendwas auf ihren Kopf an. Aber das ist nicht gut für sie, das ist keine Sunna, sie sollten der Sunna, dem Weg des Siegels der Propheten folgen, aber sie tun es nicht, sie benutzen den Turban nicht. Dagegen werden sie sehr ärgerlich, wenn sie Turbane sehen. 1000-mal Schande auf sie, die das ablehnen, sie sollen (es) bereuen! Ein Turban ist ein Schutz, wer ein Turban auf dem Kopf hat, kann von

Höllenfeuer nicht berührt werden. Frauen, die ihren Kopf bedecken, die ein Kopftuch tragen und sich selbst zurückhalten, werden nicht angerührt werden vom Feuer. wer sich dagegen öffnet, wer sich preis gibt, wird als erstes hinweg genommen werden. Das sind die heiligen Befehle des Himmels, darauf müsst ihr aufpassen. Wer es nicht macht, wird ertränkt werden unter ... ohne Wert, weggeworfen, und ihre Seele kommen zu sijeen. Versteht ihr, was das ist? Das ist ein Gefängnis, dort werden sie von einer Art Mühle zu Staub gemahlen werden, zu Mehl!

Ihr müsst darauf achten und das befolgen, ihr Leute, zu was euch das Siegel der Propheten aufgerufen hat. Ich bin nur ein schwacher Warner. haltet euch zurück, schämt euch nicht für diese Leute, die den himmlischen Befehlen und den himmlischen Erscheinungen nicht folgen, weil diese himmlischen Erscheinungen nur für wahre Gläubige ist (mu'mins), Himmlische Engel auf diesem Weg. Ja Allahu akbar 2x. Oh, unser Herr, lasst uns nicht mit unseren schlechten Egos allein. Schlechte Egos folgen Shaitan und seid nicht wie Shaitan, (der sich weigerte) als Allah den Engeln befahl, vor Adam sajda zu machen. Salafi-Leute sagen, das Hände küssen haram wäre, was ist dann erst mit sajda? Sie sind doch Araber und lesen den heiligen Qur'an und wissen, dass Allah befahl, vor Adam Sajda zu machen.

Sie rufen immer mushrik, mushrik, wenn sie die Leute Hände küssen sehen. Aber nein, sie sind selber mushriks!! Wie sagt ihr noch gleich? Ihr Salafi-Gelehrten, ihr Wahabi-Gelehrten, ihr Doktoren, ihr PhD-Leute? Ihr seid doch alle zu stolz, um Hände zu küssen! Ihr sagt: "Wir können das nicht," und dabei macht ihr euch noch nicht mal unten herum sauber! Aber dann kommen sie und wollen mich belehren, wollen mir etwas beibringen! Ich bringe es euch bei, von Osten nach Westen lehre ich alle Leute. Sie nutzen noch nicht mal Wasser für ihr .. dubur .., sie benutzen Papier (warak) für die Toilette (und sagen): "Wir können das nicht berühren." Wartet nur, bis Shaitan euch berührt! Was sollen wir bloß noch sagen? Oh Leute! Die Engel schreiben dies nicht für mich auf. Sie schreiben nur gute Dinge auf; schlechte Dinge - macht nichts. Dieser Engel (der schlechtes aufschreibt) ist im Ruhestand.

Ich spreche die Wahrheit! Ja, Shaitan, Allah der Allmächtige befahl allen Engeln sajda zu machen, aber nur Shaitan sagte: „Ich mache es nicht, ich gehorche nicht.“ Was ist das? (Spricht mit Schülern) Adebsis? Malesh! Araber werden jetzt wohl sehr ärgerlich sein, ja, ja. Schaut auf Shaitan's Tabiyat, seine Sitte, seine Angewohnheit zu sagen: "Ich mache niemals sajda wie Adam, für Adam mache ich es nicht, nein." Und alle einhunderttausend Jahre befiehlt Allah der Allmächtige den Engeln, Shaitan aus der Hölle zu holen und ihn

(erneut) zu befragen: "Oh Iblis, mach sajda und betrete das Paradies," aber er sagt "Ich mache niemals sajda vor Adam, nein, nein," und so wird er wieder in die Hölle zurückgebracht - das ist Shaitans Sitte.

Also: Seid nicht wie Shaitan und sagt nicht immer wieder "Wir leben das moderne Leben, wir werden niemals das neue, moderne Leben verlassen, wir werden nicht das westliche Leben aufgeben, werden nicht zum Islam zurückkommen." Folgt nicht Shaitan! Achtet auf das heilige Kommando von Allah der Allmächtige! Oh ihr Menschen, ihr solltet glücklich für alle Zeiten sein! Das ewige Leben ist für euch!

Astaghfirullah 3x, tawba ya Rabbee 2x

Wir bitten unseren Herrn, wie unser meistgeehrten Prophet gebeten hat: Lasse uns nicht für einen Augenblick in den Händen unseres schlechten Egos. Mehr sage ich nicht und ich bitte um Schutz. Für den Schutz ist unser Schwert zu sagen: Audhu und Bismillah .. Bismillah ist unser Schwert, wir müssen es benutzen oder wir werden uns nicht retten können versucht deshalb, immer Audhu und Bismillah zu sagen. Wenn ihr nicht hört und gehorcht, wirst du sehen, was dir passiert, bevor die letzten Tage kommen, vor dem Tag des Jüngsten Gerichts.

Astaghfirullah 4x

Ich war in Medina munawara, und da war gerade eine Mondfinsternis, und ich hörte vom Minarett der heiligen Stadt einige seltsame Laute, und eine tiefe Stimme sagte: Astaghfirullah, Astaghfirullah, Astaghfirullah, Astaghfirullah. Ich hörte diese geheimnisvollen Stimmen. Ich war im Rückzug, es war der 15. Rajab, als diese Mondfinsternis eintrat, und diese Stimmen kamen vom Minarett des Grab des Propheten. Sie sagten: Astaghfirullah, Astaghfirullah, Astaghfirullah. Oh ihr Menschen, so viele Zeichen kommen und ihr müsst sagen Astaghfirullah, Astaghfirullah, Astaghfirullah. Das Siegel der Propheten sagte, dass er 70-mal täglich Astaghfirullah sprach. Was ist dann erst mit uns? 70.000-mal ist nicht genug für uns.

tawba ya rabbee.
(türkisch)
Fatiha!

Macht Adhan zum Asr, dann bete ich hier, ok?

## Story of Saint Barnabas

I am zero, I am zero on left side, no value. But Lord of Heavens asking to make zero to do something, (and) He may put behind 1, a zero, millions zero, (and it is of) no value. Behind 1, zero has no value. But in front of 1, zero gives something, it is a value. One zero is ten, two zero's is hundred, three zero's is thousand, four zeros is ten thousand, five zero's is hundred thousand! Try to be zero, and let be in the hand of the Almighty, so majestic! Let yourself in the hands of Majestic One, Almighty One—He gives you value! And if you try and find a way, and try and be a valuable thing, it is impossible, you are going to be zero's. If you giving yourself to your Creator, the Lord of Creation, it gives you value. They are trying to be something now, without coming to One, to approach to that One whom most Closest One! Keep your chance with that One to reach to Absolute Essence of the Lord of Heavens.

Right hand, right one. The Lord of Manifestation, the Lord of Existence, you must be one on the right hand, the right hand means you must be a right one. If you are not a right one, impossible for you to approach the Divinely Presence. Perhaps that one going to be in the presence of most dangerous enemy of Mankind, Shaytan.

(Member of Italian Parliament, Signor Marcello*, enters and is greeted by Mawlana Shaykh, and sits next to him.)

Of people, be right, therefore, be right and you may just give honor to us about this humble association, just coming respected servant of our Lord, coming for a visiting to our very humble association. Yes it is humble, humbleness is most involved number one characteristic from whole prophets. No any prophet going to be proud ones, because they are knowing something from Almighty Allah, something making them to be humble, and humbleness is highest honor for Mankind! Prophets they were humble ones. Proud ones in the Divinely Presence he said, “Ya Allah! You are wrong (astaghfirullah) because you created Adam and told me to make sajda to him, why? If you are ordering it was suitable to say for you to go to me.” Shaytan, very proud one. “Why you are saying to do to Adam? Who is Adam? At my level, he can’t reach to me! How you are ordering?” That is Shaytan’s way, making Allah Almighty ... unacceptable. That is wrong. But Shaytan was representing crime of whole creation—he was proud. And whole prophets are representing humbleness. Who is humble, the Lord of Heavens is raising him up, who is continuing to be proud, is making his level to be downstairs, deepest point for proud people.

Glory for the Lord of Heavens, now we are big, living in a time that everyone is asking to be something that may dress something from pride, it is wrong. While prophets coming for teaching people how they should be servants, if you are not understanding that you are a servant, it means you understanding nothing! How you can be on same level, on pride and the Lord of Heaven? He is Absolute Proud One. No one can be proud from creation, all of them we are servants. Therefore, the teachings of whole prophets, nothing but whole people, come and move to your Lord! But Shaytan saying to them, “Don’t listen them, listen to me because I am proud one among whole creation!”

You may ask (him) where is your level now, deepest level for Shaytan? We are saying something that we are all zeros and zero, no value for zero. But there is One. One. Zero, if you are putting on left hand, nothing, but if putting in front of one, you are taking to be 10, 100, 1000, 10000, 100000, 1000000, 10000000, 100000000 ... endless. Valuable, if you are asking, I am something with one, if I am going to be right of 1, that means rightness. Shaytanists are zero behind of 1! That was teaching of whole prophets, you can’t find any prophet to be proud one. They were representing humbleness of all creation. And as long as you may grant yourself in the Divine Presence as a humble one, the Lord of Heavens taking you up.

Therefore, who is giving to his Lord his humbleness from, how any times there is good days in Christianity?

Easter. If you are giving your humbleness through one year, two times or three times, who is doing daily his humbleness to Allah, saying, “I am your servant, O my Lord, O my Lord, O my Lord...” putting his forehead (sajda) he is going to be accepted in the Divine Presence.

We were living here with Greek people, they are Orthodox, Italians are Catholic and the Church just divided, east and west. West (went to the) Pope, east (went to) Archbishop Bartholomeos, and he is my friend. Church of Cyprus was independent here, because Byzantine Emperor just granted to Church of Cyprus independence, for what? Because of Saint Barnabas. You must know that one, St. Barnabas was a disciple of Jesus Christ, peace be upon him, and perhaps you may visit his tomb if you are staying here longer, you may send Your Excellency to look at ancient monastery in Cyprus and he was really there. Barnabas. And every time I am passing closer to his tomb, his spiritual power asking me “O shaykh, come and visit me” and I am going to his tomb, underground, very simple grave, over it there is a big dome on that place.

Because the archbishop he was living on that monastery, he dreamt a dream. In icons it is mentioned, it means your Excellency must go and look after that. ikon. Icon you are saying? ikon. That episcopus was sleeping and then dreaming that Io Barnabas waking him and saying, "O Bishop of island! Get up and look my tomb's place." And he was asking "'where is it?" and Saint Barnabas saying, "My tomb disappeared but it is under these olive trees, bring your laborers and dig and you can’t find it there."

And the archbishop was bringing whole laborers quickly and beginning at that place Io Barnabas showing to him, and he was like this (lying down, arms folded) and on his chest was a book. Archbishop taking that book from his chest and kissing and taking away, and then making his tomb there, making a monastery and taking that holy book, New Testament. Taking and directly riding on a ship and making his way to Byzantine Emperor. It is mentioned also on the walls (of the tomb) that happened and he gave that holy book to the Emperor and he was so happy!

And emperor dressing him as his dressing and also giving to him independence from Constantine monastery independent Church of Cyprus, not to be under Orthodox word or Catholic word, no, independent. He was emperor also giving for him to sign with red ink, no one may using up to today red ink on the name of anyone, only archbishop, he had been granted through Byzantine Emperor, signing with red ink.

Therefore Subhanallah, there belonging to all the Lord of Heavens making peace here, every time coming

down, spiritual power, I am going and coming down, it is like a cave and I am beginning also f`alam annahu la ilaha illAllah, la ilaha illAllah, la ilaha illAllah, la ilaha illAllah, la ilaha illAllah, la ilaha illAllah, la ilaha illAllah, la ilaha illAllah, Sayyidina Muhammad Rasulullah" he is very happy! I am happy also! Now my age is older than his age, he was in his 70s, and my age over his age. He was younger when he passed away.

(Mawlana Shaykh speaks with his guest)

He is our respected honorable guest. I am believing that no one can do something if the Lord of Heavens ordering to him. I am in the Divine Presence zero, and I hope that Signor Marcello he is in front of one, he has on his face lightening, lightening, first I am looking these icons, there is a sign of nur. Signor coming and there is nur coming and he is from noble people, all noble people that belongs to Rome, he is not an ordinary person. I am ordinary, but he has such a good quality that the Lord of Heavens sending him to a humble place to a zero person on the left hand, or else he may do his best for being in front of Divine Presence. He may say, "I met such a person, he is 90 and more." May (be his) intercession in the Divine Presence.

Yes sir, we are happy, our conversation going only one hour, less or more, for those brothers come from America, they are thinking that here there is some zero maybe in front of one, points to camera, this now giving to space, (speaks in Turkish, "They are sending this through the sky."). Subhanallah, sending His servant to a weak servant, but his family was right people, clean ones their blood, therefore, I have been honored and it is an unexpected visiting. Who am I? I am nothing! No value for me, but such a people that they are respected ones to come here, it is from my Lord's grant to me and everyone. May the Lord of Heavens grant to Signor to be his rise up, up, up. To be closer to the Lord of Heavens and to Jesus Christ, pbuh.

I hope that Jesus Christ's coming at the end of this world and we are approaching and to the end of life on this planet according to our knowledge in all holy books, Old Testament, New Testament, Psalms and Holy Qur`an. But I am weak one, and I hope to reach to those glorious days when Jesus Christ coming down. I like to look to his face, because divinely lights on his face. Therefore people thinking he is Lord, but (he is) representing Lord of Heavens with His lights on himself. People changing, understanding of people very short about Jesus Christ. Jesus Christ is a miraculous happening through creation, the Lord of Heavens granting to him. May Allah Almighty blessing who is believing in Jesus Christ and the prophets of Allah,

including the last prophet, Sayyidina Muhammad. Allah akbar.

Any questions? (Mawlana asks of Signor Marcello)

*Signor Marcello: I just wanted to see your face.*

He already showed himself to the one who wants to see him 60 years ago, but she left him and go. We are saying if a person going to marry he is going and looking bridegroom and bridegroom looking to him, to each other. If there is a kabul, accepted by both sides, it is ok. I am therefore saying anyone coming to meet me, I am thinking, "O my guest thinking me through your higher imagining someone else and when coming and looking ...(they are thinking) 'Oh, nothing that one. He is not what we are asking.'" But he (Signor Marcello) is good one, good quality one, bourgeoisie, means asabet. You have highness, noble people.

*Signor Marcello: There is no light except God's light and there is no light except given by God.*

InshaAllah he is granted, when someone granted nobleness from Lord of Heavens, therefore my soul is very happy, (and) as long as he may stay with us (he is) welcome. I am very happy because I am looking and Signor Marcello, (Signor Marcello: Call me whatever you like, call me what you want; you give me a name, if you like.)

(Mawlana names him) Ibrahim! Ibrahim is a powerful name, very powerful and very beloved name, as he is father of all prophets.

*Signor Marcello: He has to put his hand on my head. (smiling)*

(Mawlana Shaykh prays on his head, and Signor Marcello cries.)

(Speaking in Turkish. Mawlana says to second guest, "You also have beauty." They discuss more in Turkish)

It is impossible to meet to people here if their souls not getting a meeting in the spiritual world. My son was meeting with Signor Ibrahim, therefore that bringing Signor to meet me here. If he is not coming, I was going to him! (Mawlana laughs.)

*Signor Marcello jokes: But with an appointment!*

Here (people are coming) without appointment, like an inn! (Mawlana laughs.) Italian parliament, the Lord of Heavens giving to Signor Marcello, gives him much more power and should be so many changing now, coming days, because the time of Jesus Christ to come from heavens to earth is on limits.

*Signor Marcello: How can I be humble if they give me more power?*

You can't be granted a rank if you are not understanding the meaning of that rank, first class, second class, third class. If you are not ready, you are not passing from first to second. Therefore, you are going to prepare and there is now, you are going to be closer from heavenly positions because as I said, your ancestors are not official religious people, they are saints. Oh my dear one, I was passing from Germany to come back through Austria, and passing through Switzerland, there was a monastery on the way, St. Nicholas, a good building and buried there St. Nicholas. Every time I am passing, subhanallah, calling to Lord of Heavens, calling, "Come and visit me." I visited him and he is so happy, I am happy also, I am happy. Therefore, those people that they are asking belongs to Allah Almighty's Divine Presence, are not for dunya, for this life, but their Lord's divinely service.

I was visiting and coming down, one person, I look, he is coming towards me on same stairs, and I am giving salute to him and, "Are you priest here?" I say to him, "Your holiness." He said, "O shaykh, I am not holy one, holy one lying inside, I am not holy one." I asked, "If you are not holy one, what about pope of Rome?" He said, "No, he is not holy one; holy ones they lived in the jungle and worshipping to their Lord, throwing away this life and their lives coming together with the life of heavens. Therefore he is die inside. Therefore neither me or the pope are holy ones; we are official people." Officiality with holiness is impossible, one of them you must leave it and be an ordinary person, and your clothes never giving to you holiness. Holy people you may find in all clothes, and they are running from people, because people occupy themselves to be with their Lord's servants. Running away. Every time I am passing he was calling me! I am very happy with St. Nicholas!

(Mawlana is speaking to Signor Marcello.) Therefore, our precious guest, through his ancestors there is some I am looking, his spirituality appearing and closing, appearing then closing. On seventh level of your family (is) one holy one. And if he is not giving permission to say to me now, "I am sending my grandson to you now, look after him." And I am saying, I am nothing, how am I looking after him? Welcome, you are very welcome any time, it is not something of our will, but the will of the Lord of Heavens making Your Excellency

to come, once again, and don’t fear, don’t fear anyone. They may be fearful from Signor Marcello, (he says it’s a funny name) He is like my grandson. Anytime you are very welcome. Don't fear from anyone, Signor Ibrahim, Signor Ibrahim. Much more powerful name.

(Adhan, Salat al-Asr)

(Mawlana writing on back of his photo for Sr. Marcello, who reads inscription. Mawlana puts photo in envelope and gives to him.)

Thank you sir, now, Your Excellency, there is tea, coffee, and other drinks, not wine! (laughs), soup, as you like. You may come again.

(They discuss going to tomb of St. Barnabas. A woman appears with covered head, is introduced by Shaykh Hisham as one who works for the mayor of Rome.)

Signora Serena. Serena. Are you married, if not we marrying you two!

*Signora Serena: Yes, I am married.*

You understand what I am saying?

*Signora Serena: A little bit.*

You are theologian.

*Signora Serena: You are most important number in the world!*

All of them something but I am nothing. Yes, yes sir. We hope to see you before you leave the island. Welcome, very welcome. His spirituality, very light on the heart. He belongs more than earth, heavenly being, his spirituality, look after him.

*Signor Marcello: It is a big responsibility!*

When granted such a responsibility, the Lord of Heavens helping them. Don't worry, you can carry whole

world. Don't worry. Now in parliament, coming to be Prime Minister!

*Signor Marcello: This is too much for me; make it down, to be zero point five.*

But his zero on right hand. He is saying 10 is too much for me. I am saying 100 or 3 zeros, 1000 or 4 zeroes, 10,000, or ten thousand, liras. Still using liras?

*Signor Marcello: No more, now using Euros.*

Welcome to you sir. Masha-Allah.

*Signor Marcello: Just a little present for you (hands Mawlana Shaykh a gift).*

Thank you, thank you sir, and we shall give to them also tomorrow. If he comes third time, I may write this place on his name. (Shaykh Hisham explains, “He may give you the house!”)

*Signor Marcello (delighted): Maybe on the third time. Tomorrow is two times!*

(Mawlana speaks to a Turkish woman, who has some official position regarding St. Barnabas Tomb.)

* Signor Marcello, a member of the Italian Parliament, has read about Mawlana Shaykh Nazim in books and came to visit him before he went to see any body else, among his official appointments in Cyprus.

## SAINTS ADDRESS THE SOULS while SCHOLARS ADDRESS THE MIND

The Importance of Sohbet

Tariqatuna as-sohbet wa khairu fi jamiat'- The way of our Tariqat is association with the Sheikh and goodness lies in the congregation This is the root of our Tariqat. Allah Almighty made Shah Naqshaband the main pillar of the most distinguished Naqshabandi Order. He is one of the guides who take people on their way to the Divine Presence, so that they never lose their direction towards Allah Almighty. He was saying: "We are teaching people, so that they never lose their way, and their efforts never go without benefit."

It is a short way, a safe way, a happy way. Everyone is walking, moving by themselves, or time makes them move. So many people are not moving, only time makes them move. And at any moment they may reach to an end, as every beginning must have an end. The movement of people must stop one day, and then they will find themselves in front of two entrances. On one of them is written: 'The Way of Paradise', or the way on which people reach to the Divine Presence. On the second entrance is written: 'The Way of Hell', who steps through that entrance should be taken to Hell. There is no

safety on that way. It is a terrible end.

Day by day we are approaching that day. One more day has passed. It is going to be one day less, and the day will come when we reach to that entrance. The Naqshabandi Order is taking people in a direction, where their destination in the end will be Paradise. It is the way of the Prophets and the Saints. It is difficult for our egos but happiness for our souls. Everything that is going to be difficult for our egos finally should give us an enjoyment, a pleasure.

Most people are carried on the second way, and Shaitan is walking ahead of them with his devils and soldiers. Who follows that way finally should reach the entrance to Hell. Why are they going on that way? They are running after it, because their egos are enjoying that way.

If you are not using your will-power, your ego will take you in that dangerous direction. Every association in our Tariqat makes people to pay attention, so they don't follow their ego, but follow the way of the Saints and Prophets. Every association with the Sheikh gives a spiritual power to our soul, so that we may be able to use our will-power against our ego's will. If you are not taking power, spiritual power, it is difficult to prevent yourself from following your ego.

Therefore we are in need of those people who have spiritual power and who may also give support to our spirituality, so that we can be able to say to our physical demands, to our ego: "No, I am not following you, I am following the way of the Saints and Prophets!"

Every association gives that power secretly through your soul. Whether you know it or not, feel it or not, doesn't matter. But this power must be given through every association. It is not important, what we say, or what we hear. What are we saying here? Even if I am reading a newspaper, it doesn't matter. You are in the operation-room, and you are covered. What is important is to attend the association of the Sheikh, and his spiritual power will go through everyone. When you are sitting here,

blessings are coming from Heavens, coming from Allah Almighty, and those blessings make you powerful. We may say anything through our associations, and it doesn't matter. Even if you hear it or not, or you make yourself keep those orders or not. To be here, to attend the association of the Naqshabandi Order, gives you that spiritual power, which makes your soul to be stronger than your ego. Your spiritual power is increasing, so that you can use your will-power against your ego. You may even say: "I can never remember what sheikh says." Sheikh's address is not to your minds. Ulema and scholars address your mind; Awliya, Saints address your souls. Therefore, anytime when you are faced with something, what your soul has already caught and kept reaches you at that time and gives you that power.

Therefore association with the Sheikh is a most important pillar in the Naqshabandi Order. Always we are under the spiritual supervision of the Sheikh. But our physical body also has a right to visit him at least once a year. It may be every week, or every month, or once in 40 days, but don't make it longer than 40 days not to come for an association. This will keep a person going towards his destination, Paradise.

Now, in our days, there are going to be less and less people, who have been authorized in such a way. If they are not authorized and they are only imitating it gives power also, but when authorized people make association their full power comes through your hearts, and the heart is the station of the Sultan, the Throne of the Sultan. The Sultan's power runs around your physical body to take it towards its direction and destination.

The Seal of Prophets, Muhammad, (Peace be upon him) taught his companions, above all else association, by taking them as his companions, by entering them into association with him. Accordingly, the Inheritors of the Prophet, the Naqshabandi Masters, stress the importance of "Sohbet", association with the Sheik, as the essential pillar in the training of seekers. Shah Naqshaband, the illustrious Imam of the line of Masters that we follow, the Imam after whom the Path is named and without whom there would be no Naqshabandi Tariqat, always used to repeat in his assemblies: "Our Way

is Sohbet, association, and all good things result from congregating". He furthermore stated that if anyone attended an assembly of this way even for five or ten minutes, he would derive such immense spiritual benefit from that brief encounter so as to outweigh the benefits that would be gained by seven years of supererogatory worship.

Another important point to understand is that whenever any group of our brothers or sisters meet for the sake of Allah Almighty, unanimously joining their hearts with the Masters of this way, that meeting will attain to the level of an association with the kind of beneficial effects just described. Don't make the mistake of thinking that the only beneficial meeting is the one where the Sheik is physically in attendance. When our brothers or sisters meet, one of them must be the channel for inspiration to come from the Sheik, one must speak and the others listen; one must take from the Sheik and the others, through him from the Sheik. The Naqshanbandi Way is the Sufi Path adhering most closely to the practices of the Holy Prophet (Sal), and association in this manner was his way, and the way of his companions, as he always appointed a leader to preside in his absence.

If you cannot find anyone for association, even two Mureeds can come and sit together. They may say: "Audhu bi'llahi mina shaitani rajim, Bismillahir Rahmanir Rahim", and then one of them can say: "La ilaha illallah" , and the other one: "Muhammad Rasulu' llah"- and they may ask: "Oh our Lord, keep us on Your right path, the way of Your Anbiya and Awliya. Keep us and prevent Shaitan and devils from affecting us, protect us against their tricks and traps!". A few minutes is enough, and that mercy may cover them and protect them.

May Allah bless you and shelter your physical body and protect our souls from falling into the hands of devils. May He make a way for those who fall into their hands to save themselves. We are asking for real power for our Naqshibandi Order to collect people, and to move towards Allah Amighty's Divine Presence.

## SAINTS ARE THE SHELTERS FOR MANKIND and on VISITING THE TOMBS OF SAINTS

Allah Almighty is with His Beloved servant Muhammad, on whom be peace, and also with His Saints.. He says “Oh! Umma, of my Beloved servant Muhammad, on whom be peace. I want you to come to Me when you are feeling weak because you have been created weak. But My Beloved Saint, thou has completed the purpose of thy creation, therefore I am with you, always with you”. Therefore we must visit the Saints. They are Allah Almighty’s Beloved Ones with whom He is.

Therefore you must find Allah Almighty with the Saints because Allah Almighty is with them and they are with Him. Do not think that when a saint dies that he leaves Allah Almighty because he leaves the physical body. His Spiritual Body, his real being, is going to be with Allah Almighty, and will be obeying Him forever. Therefore visiting their Ziyarams (tombs) is like visiting Allah Almighty. Allah Almighty is with every Saint and every Moomin (true believer). But Allah Almighty is not with the kafirs because they do not believe in the concept of the Oneness of Allah Almighty and the Prophethood of Muhammad (sal) and also because they do bad, and because they have no space in their hearts for Allah Almighty.

The Moominullah and the Waliullah (the believer in Allah and the friend of Allah) are with Allah Almighty. Therefore whoever who visits the Saints is visiting Allah Almighty. No doubt. When Allah Almighty says “Come to Me when you are weak”, it really means “Come to My representative, My Beloved servant Muhammad, on whom be peace, or to My Beloved Saints. “

Allah Almighty also says “you may find My beloved servants at all times among yourselves as gems amongst stones. There must be such precious servants amongst mankind during every time. As you look for gems look for gems amongst mankind. Look for them and find them. People are risking their lives and going under the ground in search of these small stones which are known as gems. Therefore Allah Almighty is asking, “Why is it, that you are not looking for gems amongst my servants. Look for them. If you look you shall find them, and when you find them keep them with you because Allah Almighty is with them.

If Shaitan gives you trouble run to the Saints because when you are with a Saint of Allah Almighty, Shaitan runs away. There is a story in relation, to the Power of Saints. There was a big Alim (Islamic scholar) in the early days, who was very sick and was dying. When he was in this situation Shaitan approached him to cheat him. In the meantime, a Saint by the name of Ibrahim Min Sharri Rahmathullah, was coming to see this Alim, and as soon as this Saint reached to the door of this Alim‘s house the Alim said "Alhamdulillah, Shaitan just left me, when with your lights you came near me”.

Therefore remember that Shaitan escapes from every Saint because they are surrounded with Divine Lights, but blind people who’s hearts are closed can never see the Power of these lights. Both living and those who have now passed away are full of lights. The burial place of a saint is also full of lights. Blind people like the Wahabi people can never see these lights. Therefore they are trying to escape. The Saint says “Go away you blind person, why are you coming here?”

Allah Almighty makes everything in perfection. Allah Almighty knows, so he says “Ask

protection from Me, come running to Me through that door to the Divine Presence”.

Allah Almighty has showed us that all His Saints are those who reach safety here and in the hereafter. People cannot understand this. They are fighting and saying bad things about them because they are ignorant. Saints are the shelters for mankind, they are springs for mankind, they are safety for mankind, they are the saviours of mankind, they are Power stations for mankind and they are Mercy for mankind. They have been granted “Karamat”( Miracles). May Allah Almighty forgive us and help us, to find and to follow His Beloved servants.

## You Claim You are Salaaf us-Saalih

Dastoor yaa Sayyidee. (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah!
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah!
Subhaansen, Sultaansen. Zid habeebika Sayyidina Muhammad (s)`izzan wa sharafan nooran wa surooran sultaanan wa ridwaana wa man tabi`ahu bi ihsanin ila yawm id-deen. (Mawlana Shaykh sits.)

Thumma salaamu `alayk yaa Sahib az-Zamaan yaa man huwa mansoorun for everything through Mankind. As-salaamu `alayka yaa Qutbu 'l-Mutasarrif. As-salaamu `alaykum yaa RijaalAllah. As-salaamu `alaykum, yaa `ibaadullah.

Salute on you, our attenders.Today is dunya and tomorrow will be akhirah. No one from Mankind can be fearless. If they are going to be heedless, forgetting death and after death, they will be drunk ones. Who is awakened, will be fearful because no one knows after one minute what will happen. Yes.

As-salaamu `alaykum our attenders. Listen and hear! Hear and listen! And all of us should try to obey and to be all obedient ones. Who is going to be obedient will find satisfaction. And we are saying, a`oodhu billahi

min ash-Shaytani 'r-rajeem. O people, don't be cheated by Shaytan and don't give a way for Shaytan to come and to cheat you. Run after true ones; don't run after Shaytan and its agents. As-salaamu `alaykum yaa `ulama ahlu 'l-Islam from Azhar `ulamas or other `ulamas in the Islamic world, particularly those `ulamas who are claiming, "We are Salaaf us-Saalih." They are saying, "We are following the ways of Salaaf us-Saalih," which is a big claim, and all that their egos are asking greatness to come on them, yes. If they are saying this, it is a claim. They mean to say, "We are something," or, "We are some ones," meaning that their level is different than others and learned peoples' levels.

O people and O `ulamas who are claiming they are learned ones, yes, from Muslim world or non-Muslim world or learned people from the Old Testament and New Testament and Psalms. They are trying to give a level for themselves without taking any ishaarah, without taking some authority from heavens. It is much more for understanding, they are thinking that they have authority from heavens to say this. No, no! To give something to your being, that one being is a material and a physical being, and you have another being that is a spiritual being. Always, our physical being is asking something that they may touch, and they may reach it. Therefore, when a person is claiming, "I am something," that one is speaking on behalf of their ego's physical being. Their egoistic desires belong to the material world and to their physical being.

Man now living on Earth from the beginning up to today are always running after their egoistic beings, and their material beings represent their egos. And the ego is representative of Shaytan in everyone. Therefore, our egos are asking that we may reach something, even a little bit. Occupied something, this as a fuse, just cut. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. That ego is just representing Shaytan in us. And the ego is related to Shaytan and ego and our rides are always asking something from material demands, never getting to be happy if nothing is appearing on himself.

Therefore, soow al-adab, the worst manners from our egos is asking something for itself. They are never going to be happy with something that they can't touch. They like to see or to hear or to do something from material aspects. Therefore, people are running quickly for what? To reach something that may be seen, may be heard, maybe said and may be understood. That was Shaytan's bad manners and that is the reason everyone is running to reach something from material aspects for their egos.

O `ulamas! You are saying, "We are Salaafi `ulamas, on the ways of Salaaf us-Salih," which means you are

also from those people. But no one is taking a manshoor, none of you have reached a heavenly declaration and authority to say, "I am this one or that one." That claiming is going to be stamped from heavens. All of them are just trying to reach aspects to see, hear, and touch.

O Salaafi `ulamas! O Muslim learned people, and all those ones who have been granted holy books! You are seeing, you are claiming so many things that your prophets never said. We are speaking to the Muslim world and their `ulamas. Do you think, O `ulamas of the Muslim world, as some of you are saying, "We are followers of Salaaf us-Saalih." That means, "We are also from their representatives." Some of them are saying, "We are belonging, our knowledge is from Azhari 'sh-Shareef." Some of them may say, "We have a diploma of Shariat ul-Islam from Sorbonne or from Berlin or from Oxford or from Toronto or from Paris." Why are you saying this? Do you think that what you are seeing, or what you are claiming is giving you honor? That means that you are asking for something that you can touch, and that is never going to be inheritance, from Prophet (s)!

O Saudi `ulamas who are saying, "We are followers of Salaaf us-Saalih!" You are saying, "We are the real Salaaf us-Saalih," but no one genuinely from Salaaf us-Saalih is claiming, "We are on the ways of Salaaf ul-Saalih." Look, listen, and try to understand prophet's teachings, particularly the teachings of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) I standing because they are asking. The Seal of Prophets, Sayyidina Muhammad (s) said, akrimu kareema qawm, “Be hospitable, generous with a nation’s hospitable leaders.” You must give respect to that one whom Allah (swt) has honored in his nation, in his tribe, in his community. (Mawlana Shaykh sits.) The Seal of Prophets (s) was teaching all people.

They are making this weak servant to speak on some points that cause ummat ul-Habeeb to lose their haybat, glory, because they are not following what the Seal of Prophets was saying, teaching

•••• ••• •••• ••••• •••• ••• •••• ••••••

Ajlisu kamaa yajlisu'l-`abd wa aakul kamaa yaakul al-`abd. I sit like the servant sits, and I eat like the servant eats.

What do you think, O learned people? Do you think that the Seal of Prophets (s) was madah, praising himself? Where are such people saying, "I am a weak servant." And I am doing as the Seal of Prophets (s) was saying, ••••• ••••••• ad-deenu naseehah, “Religion is advice.” I am speaking as the Seal of Prophets (s) was

ordering and giving advice, not to say when I am speaking, "I am going to be something." That is enough for learned people not to say, "I am a doctor," or, "I have graduated from Sorbonne," or, "I am a follower of Salaaf us-Saalih." No, it is enough to say, "We are servants," who is working for people or helping people. Khaadim, servant, as the Seal of Prophets (s) taught his nation, "You must try and be like a servant."

Therefore, our speech is never going beyond our ears, just finishing in its place. I may ask our Christian brothers and their top-level religious people if they heard from Jesus Christ (a) to appoint cardinals, popes, bishops, or to bestow titles? Jesus Christ, peace be upon him, had twelve disciples. Did he say to one of them, "You are cardinal, you are bishop, you are patriarch, you are pope." No, he did not! Say from the nation of Jesus Christ, peace be upon him. And I may ask Israeli people and their holy people, did Sayyidina Musa (a) say, "You are a rabbi, you are up, you are down." They have so many steps to show themselves more and more to people. Religion is not to show people, "I am this one, I am that one." jihad ma`a an-nafsu, "Those preoccupied with the self," who are with their egos, everything they speak or write is smelling with egoism. The Lord of Heavens is saying that the ego is the worst one that has been created. It is always against heavenly orders.

O People! Don't make religion a show! A show is only satisfying and enjoying and giving pleasure to our egos. Leave that and you will be a servant. If not, Allah Almighty is never accepting your imitated titles, imitated claims, yes.

Now people are on the worst way because everyone is asking to be someone in their community. They are never accepting to be a smooth field. They are always asking to be high mountains. High mountains are only carrying snow. Smooth valleys are going to be green and are giving benefit to people. All battles, all fightings all troubles are after that egoistic desires. If anyone is saying, "I am a weak servant," how are you not saying that if Allah Almighty is saying, (Mawlana Shaykh stands.) jalla jallaluh,

•••••••• ••••••••••• •••••••• Wa khuliq al-insaanu da`eefah, “For Man was created weak.” (an-Nisaa 4:28)

Sadaq Allah ul-Adheem. Is it true? (Mawlana Shaykh sits.) What does it mean, Salaaf us-Saalih `ulamas, and doctors in the east and west? Sadaq Allahu l-`Azheem or not, when He is declaring to His servants, Wa khuliq al-insaanu da`eefah? We are weak ones, if there is no heavenly support, no one can step one step.

You must know that our movements on Earth, are they from our physical powers? Don't believe it. Don't think that what you are eating, one cup or two cups of food makes you able to know, to do, to see. This is also dark jahaala, ignorance. Everyone, even when I am making my hand like this (moves arm), don't think that what I am eating is giving this power to my muscles to take move them, no. Every moment must be from heavenly powers reaching. We cannot speak if we are not related to heavenly powers. People think, "We are living, we are moving, we are able to do this through material foods that are making us in such a a way." No, Man's ability is not from their eating or from material causes, no. Man's ability is from heavenly power! I cannot move this up (raises arm) without heavenly power here. And how we are claiming we are something?

May Allah (swt) forgive us, for the honor of that most honored one in the Divine Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) And we are trying to break down our ego's idols. That is the biggest ibtilaa, curse, to say, "I am doing, I am moving, I am running, I am thinking." No! When that power is taken from you, you will only be a shape, then you are going to be dust.

May Allah (swt) give us an understanding. This, if we can understand, we may give our respect to everyone and we will be running after peace. If not, trouble will be never-ending, fighting will be never-ending, crises never-ending, and whole troubles are never-ending, finished! That is the reason now our planet, dunya, is running into hells. Everywhere you are finding troubles, and no peace. For peace to come, you must understand your real beings and you must put everything in its original state, then heavenly peace is landing and this dunya is going in peace, or people are going to be slaves of Shaytan, in never-ending trouble. Tawbah yaa Rabbee. Tawbah yaa Rabbee.

Fatihah.

(Mawlana Shaykh prays two raka`ats shukr.)

## Shameful Contradictions of Salafi Ideology

Wahhabis are so strange. They say don't touch the (tomb walls) of our Prophet (s)! So (it means) the Black Stone, al-Hajar al-Aswad, is more precious for them than the Prophet (s) as they give salams to it. How can anyone stop whoever gives salaam to the Prophet (s)? How shameless are they? "Istilam" is to give salaam to the Black Stone, which they believe is okay, but giving salaam to the Prophet (s) (is not)! How shameless are they? May this practice go down with their ideology! They are bandits! (...)

We also give salaam to Ka`aba as well, as it is also the building for Sayyidina Ibrahim (a).

(They say) "Don't give salam to the Prophet (s)!" How ignorant are they? At the Jamaraat, the stoning of the devil (in Mina), Shaytan is there, on top of their heads, or is he not there? Is the Prophet (s) there? Wahabis are wrong, they have no brains! Not one of them spoke up.

## O Salafi `Ulama! Can You Describe the Seven Heavens?

(Mawlana Shaykh stands.)
Dastoor yaa Sayyidee, madad. Madad yaa Sultan al-Awliyaa! La ilaaha illa-Llah, la ilaaha illa Llah, la ilaaha illa Llah, Muhammadan Rasoolullah `alayhi 's-salaatullah. Thumma salaamu `alayka yaa Sayyidee, yaa Sahibu 'z-zamaan, yaa Qutbu 'z-zamaan as-salaamu `alayka, as-salaatullah wa 's-salaamu wa an aamadu aamad madadikum as-salaamu alayk yaa RijaalAllah bayn al-mashaariq wa 'l-maghaarib.

We are saying, `aoodhu billahi min ash-Shaytaan 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem, Bismillahi 'r-Rahmaani 'r-Raheem, Bismillahi 'r-Rahmaani 'r-Raheem, Allah Allah, subhanAllah, subhanAllah, SultaanAllah! (Mawlana Shaykh sits.)

As-salaamu `alaykum listeners, who are asking min khabar as-sam'aa, news of the heavens. O Salafi `ulama, why are you not saying, why are you not speaking to people about khabar as-sam'aa (news of heavens)? You are always occupying yourselves to look after people's `ayb, faults. Leave them! Come and say what is the news of the heavens. What are the heavens? What is there? What is the reality of the heavens that Allah Almighty is informing His creatures about; to Mankind, those on the top of Creation. Do you know any creature over the level of Mankind O Salafi `ulama? If you are knowing, say it and teach us. We are asking which book from the Holy Books, except for the Holy Qur'an, is in the the top position? Do you know any

holy book above the Holy Qur'an? Nothing. The Old Testament and New Testament were granted as heavenly messages to Mankind but are not reaching the level of the Holy Qur'an because no one can reach the level of that one who has been given the Holy Qur'an. (Mawlana stands.) Stand up! You must stand up for the honor of Sayyideena Muhammad (s)!

The Holy Qur'an is saying saba` samaawaat, "seven heavens". What is that? Are you knowing about as-samawaat? If you know and are not saying, then it is a big sin for `ulama, because they have given an oath that they will declare to people the holy words of the most holy book in the heavens: the Holy Qur'an from the Lord of Heavens, Allah Almighty. I am never hearing any Salafi or any other `ulama speaking on the heavens; all of them trying to say something that is not really asked, no! The Lord of Heavens, "Who is That One?".

First, you must know about the heavens and then you must ask, Who is bringing heavens into existence? What does it mean, "heavens"? You must teach people. Our master is granting a weak servant to address all people on Earth, not just a handful, but all who are under the umbrella of humanity, these words are addressing all of them. If these are addressing all, (then) you must say about heavens. The Holy Qur'an was granted to the Seal of Prophets (s), the most honored one. No one from any creature can reach his level and his station. What is his station, do you know? You know, but you are not saying what his station is. O Salafi `ulama, you are reciting the Holy Qur'an, O Salafi `ulama, you are speaking about it, but why are you not speaking about that one who was granted the Holy Qur'an? Who is that one? What is his position? You recite the Holy Qur'an. You find it or not? I have never heard you `ulama speak on that point.

And who is sending something to my heart and making me sit here and address people? It is not something prepared. Heavenly inspirations are just being sent, waaridaat but more than that, to see and to say, what is the position of the Seal of Prophets (s)! Who is that one? You must say! I may bring a book and first I am looking, who is the editor, and people giving value to that book according to it's editor. Like you, like me, people look and say, "Hmm, we know what he is saying." But you must say something that people can't say, "We know this." Therefore I am signing (highlighting) this, particularly for Salafi `ulama, because they are mudda`ee, claiming their knowledge top-level, and they can't accept over their knowledge anyone's knowledge. How you can say this? And Allah Almighty is saying, wa fawqa kulli dhee `ilmin `aleem, "But over all endued with knowledge is One, the All-Knowing." (12:76)

How can you cut the way of others and say you are on top point? Top point means beyond that is nothing. (You claim,) "No one can be like us, because we are Salafi `ulama, the others are Sunni!" Which ones are up? Salafi, Sunni or Shi`a `ulama? Make it clear. When you are reaching the top, what is your manzhar, the panorama you are looking and seeing. There is a minaret till you are reaching sharfa, a balcony with some small holes on the minaret, to let weather inside. Sometimes I was also going up to make adhaan and looking through these small holes, I could see but it is so narrow; a narrow panorama, but when you are going up to the balcony, manzhar is something else. You are looking through a small hole and claiming, "No one may see what I am seeing and no one is knowing what I'm knowing now, because I'm looking and seeing." You can look all around a balcony and your manzhar is endless, but they are looking and saying, "Maasha-Allah, I am reaching a station that no one else reaching, from where I see so many things." Therefore, the rank of `ulama is different according to their steps to heavens. They are going up and looking all around and seeing a panorama that belongs to the city. They are making me say such things with an example; they are speaking on something very small. But we are asking more now, (for example) what is behind that which we are looking and seeing? Because every glance is directing how far you can see in every direction.

Now we are coming to the heavens and the Lord of Heavens. What are the heavens? Are we in something material or are the heavens an unknown creation and situation? Are heavens just built from concrete, or iron, or mud, or wood, or metal? What are the heavens? And just mention to people that there are seven heavens!

Now they are speaking for the honor of the Seal of Prophets (s), that one who is bringing us mafhoom, an understanding of the heavens. We must say the t`aareef : the definition must be known by someone perfectly from every side. Allahu akbar, Allahu akbar! Who is that one that can explain to us more and more about the heavens? Only one, Sayyideena Muhammad (s). (Mawlana stands.) What is his personality? Who is that one? Why are you not saying? Make it clear for all people! Who is that one, who knows about the heavens and is authorized to speak on it? You Salafi `ulama!? From where is that knowledge coming to you? It is coming from the Seal of Prophets, Sayyideena Muhammad (s)! (Mawlana stands.) Who is that one? Say it, tell us!!!

Now I am attacking on Salafi `ulama or every `alim who is claiming they are `alim and they are not making clear the personality of the Seal of Prophets (s)! SubhaanAllah, Subhaanallah. Are you reciting the Holy Qur'an, O Salafi `ulama? Reciting? Did you reach even the lowest understanding for the personality of the Seal of Prophets (s)? You or so many `ulama on your level saying, (Mawlana stands.) "Sayyideena

Muhammad is just (as) I am, he is also." What is that foolishness?! What is that ignorance?! You are giving his identity to be as a postman carrying letters, going and giving!! So many new-fashion Salafi `ulama and countless doctors claiming they are "doctors of Shari`ah", I am asking them also: what is the personality of the Seal of Prophets (s)? Do you know? If you don't know, you are nothing! That personality that the Lord of Heavens dressed to him, Iblees was asking (for it) before, and he was hoping that dress should be his. That means Shaytan was knowing about the personality of the Seal of Prophets (s) and you are not knowing!! and saying, "Postman"? You and so many foolish ones, so many new-fashion "doctors of Shari`ah". Which Shari`ah? May be so many shaytanic ways. I am asking `ulama from east to west, from north to south, who is Muhammad? (Mawlana stands.) Say! And what is his personality or (beware, as Allah [swt] says), inna batsha Rabbika la-shadeed, "Your Lord's punishment is truly stern." (85:12)

Keep your no-value words!! Try to learn about Sayyideena Muhammad (s) or you leave to be `ulama, you can't be Muslims!! Therefore, first of all, the whole Muslim community, whole Muslim world, must teach their children and adults who is our Prophet (s). What have you learned what is the Holy Qur'an saying about that one? You must think on it. Don't worry, say and you should reach an honor; if not, you are going to be with Shaytan. The Lord of Heavens saying now, "Take care! Intabihoo!" O Salafi `ulama and doctors, you must say! You must know we are speaking from the Holy Qur'an, and this is not from my mind's productions. Holy Qur'an is saying about that one, astaidhubillah, (Mawlana stands) `asaa 'an yab`athaka Rabbuka maqaaman mahmooda, "Soon will your Lord raise you to a Station of Praise and Glory!" (17:79)

True or wrong?!! Arabic or Turkish? Newspapers or Allah's Word? Allah fee tazheemi 'n-Nabi. Anything we are speaking, (is it) out from Holy Qur'an? How (do you have) no ihtiraam, respect for that most glorified one? We are asking his intercession. Look! Allah is giving His most high respect and saying, asa an yab`athaka. Qaf liman? For whom, asaa 'an yab`athaka Rabbuka maqaaman mahmooda? To whom? To Moses or to Jesus Christ, or to Abraham, Noah, Yaqub, Yusuf or Ishaaq? For whom was this heavenly addressing kept? For whom Allah Almighty was saying??

Allahu akbar, Allahu akbar. This is an endless ocean and we getting in it, so difficult; therefore, we must stop it here. Not ocean, but oceans. O People!, you must be happy that you are from his (s) nation, that you have been granted the honors of past nations and past prophets. Allah, Allah. Shaytan making that one to say, "this is an ordinary person." You can't do that, it is kufr! Anyone else? Wrong-understanding Salafi people are

addressing to whole nations and I am nothing.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultanullah

Fatihah.

Dome, dome, dome, dome 8x

Allah Allah, `Azeez Allah! '

Fatihah!

Ameen, yaa Rabbee.

## Salam' gives safety to people - Salamullah gives safety on earth

Audhu bi-llahi minash-shaitan-ir-rajim, bismillah-ir-Rahman-ir-Rahim. As-Salamu 'alaikum! 'Salam' gives safety to people - Salamullah gives safety on earth. Rasulullah s.a.w.s, the last one (prophet), the most honoured one in the Divine Presence, Sayyedina Muhammad s.a.w.s said: "Salam is safety for people living on earth." No other word may be put instead of Salam. Salam brings 'Salamet' - safety - to people and also it brings peace. As-Ssalam! In Arabic, the meaning of 'Salam' is peace, and since 8o years, people in our (Islamic) countries are trying to change 'Salam' and put another artificial word instead of it. And they try to create hatred between Arabs and Turks. Hatred is very difficult and brings terrible results... and we say: Audhu bi-llahi minash-shaitan-ir-rajim - running from satanic works to Allah. That is a balance that every believer must use - even if they believe in Christianity or Judaism, they must also use the balance that Islam brought, and that is mentioned in all Holy Books. In all the Holy Books Allah Almighty has mentioned the signs and showed the work of Iblis, the work of Saitan or satanic works. For what purpose were all those Holy Books sent to - to protect people from Satan and his disease, from his terrible, horrible and violent teachings. To protect the servants of the Lord - that is the main purpose of Holy Books, which had been sent from Heavens to the prophets, and prophets were trying to teach people -because the most terrible enemy is Shaitan.

Now half of the world is saying for Saddam Hussein: “He is violent, (even) beyond that violence, he is wild and terrible for the whole world’s people. Therefore we must fight to him to protect people from his dangerous violence. Because, he has no balance. He never thinks anything good for his people. When anger controls him, he may do such terrible things - he may destroy millions of people, he may destroy countries, old civilizations or new ones - may take them away.” A sign for that person: ‘Beware of Saddam Hussein!’ “Therefore we are going to fight to him, to take him away, so we may save the whole world from his danger and keep people safe from his assaults and violence.” This is an example. And half of the nations are saying: “That is true, because he has so many things (weapons) hidden. If any nation would even touch him, he would use these weapons against that nation”.

He may only be a weak student from satanic university; graduated, but not yet attaining a ‘Dr.’ title. What about Shaitan then, who was the teacher first to Kabil (Cain, who killed his brother Abel), the first murderer Kabil? Shaitan taught him how he could kill his brother, how he can murder him. First lesson. Kabil - the first graduate person on earth from the satanic university. And Allah is saying: “Beware of Shaitan!” People write on their doors: ‘Beware dog!’ A dog is a weak creature, what more can it can do (than bark and bite)? Everywhere people put this sign: ‘Beware of dog!’ For protection from thieves or bad people, they use those dogs. But no one writes: ‘Beware of Shaitan!” Sometimes, in London, I said that to people putting up these signs; but people are saying: “How it can be? He is our best friend! We must not write ‘beware’. Instead of writing ‘Beware of Shaitan’, we must write ‘Be with our patron, our boss, Shaitan!’ “No, he is our biggest teacher. We have reached the top of civilization now through his teachings, so that we may use a little of his teachings and we may throw some poison or a chemical on a country and kill its people. Even ants can’t live there (anymore). How come you say this (Beware of Shaitan) for our best teacher who made us reach this (high point in ) civilization?”

There are some people who see green instead of red and red instead of green... Now people have put eyeglasses on peoples’ eyes to cheat them, and people think that they have reached the height of civilization. That is the biggest lie and cheating, the biggest trap for mankind. And people now say: “Our biggest friend Shaitan”, and try to do everything on behalf of him. And all works on earth now are on behalf of him, and all works now on earth in the name of civilization, are satanic works, satanic actions. From the beginning, starting from Adam (a.s), Allah Almighty has, one after the other, sent heavenly personalities to mankind,

Auliya, Prophets and Messengers to wake people up. Warning people from Shaitan; but people never take heed to these warnings from Allah Almighty, saying: “We are not listening to those words. Our boss is the best and his teachings are the best for mankind.”

And they have now reached a point that if they find a chance to make an explosion, they may burn the whole world. And they are now trembling - nations are trembling, people are trembling. They can’t sleep (in peace) now, finished! Because, the end is very quickly approaching - and ending in Armageddon. The whole effort of Shaitan was to divide the whole world in two parts and to start a big fight among them and to destroy mankind and everything that they have built in thousands of years. And now the whole world, Dunya, is running full speed towards that point. Satanic teachings and works - for mankind to fall in Hells here and in the hereafter...

Therefore we begin and say: Audhu bi-llahi minash- shaitan-ir-rajim. That is order from Allah Almighty. On every occasion you must say: Audhu bi-llahi minash-shaitan-ir-rajim. That means: “O my Lord, I am running away from satanic works, satanic teachings and actions. I am running to You, give me Your protection!” Therefore, you must now say at least 40 times daily: “O our Lord, shelter us, protect us and hide us from Shaitan and satanic works and from the people who represent Shaitan on earth.”

In the coming days now - I don’t know what will happen next week - but it should grind everything on earth... a terrible war! People say: ‘O Sheikh, (is there) going to be war? Is fighting going to take place?” They never think! They think that (it is going to be) like before, from 2nd World War up to today: Sometimes a fire (flares up) in the Far East, sometimes a fire in the Far West, sometimes in Europe, sometimes in the Middle East, sometimes in the West and sometimes in East (small, local wars). And they think that it is not going to affect other countries- that that fire is going to be extinguished in its place. They think that the war, that is going to begin soon - at the end of the Hijri year of Muslim calendar - is going to end in Dhul Hijj and then comes the new year according to the Muslim calendar: 1424.

After twenty days we have Muharram coming. Allah knows what is going to happen... Terrible! But people say: “Nothing much will happen, we may travel, we may go and come, we may think of making companies, of building factories, to do this and that.. To correct our economical crisis - we must think about it.” People have lost their minds. Shaitan is diverting their attention away from the main point. People for example here in

Cyprus - they think day and night only about Annan's plan, nothing else! Turkey is only thinking about what it is going to be like after the war, our economical crisis in Turkey just finished. And they say: " What will happen to our economy after this war?" Are they ever asking if they are even going to be there or not, living or not? Only thinking: "What we can do for our economy?!"

It is not important! Everything you did until now was according to satanic rules. You were never taking care of heavenly rules that raise people from the lowest, Asfala-Safileen, to the highest level. You are not interested (in heavenly rules), only in economy. People are only occupied with some non-important issues. Shaitan also (has?) satanic rules - everything they try to do is according to satanic rules. No more heavenly rules on earth. They must finish!

This world must be changed! The people living are going to be changed. Everything they built upon falseness will probably be destroyed and taken away. Impossible! Finished! ..taken (away)!

After one week, this operation may begin - it should be the biggest operation, like Noah's (a.s) operation. Noah's (a.s) operation was an operation to take away all false and its followers. Noah's (a.s) flood. And now, floods of fire are reaching everywhere to take away everything belonging to them. People don't care for divine rules on earth. Therefore, they should be taken up. We say: 'Audhu bi-llahi minash-shaitan-ir-rajim'. Calling Allah. "Come and I shall give you protection. Say: Bismillahi-r-Rahman-r-Rahim! My rule for people, first rule: Whatever you want to do, you must honour My Name and say: Bismillah-ir-Rahman-ir-Rahim." This means: O our Lord, we live for You, we work for You, we die for You, we ask only Your pleasure, not our personal pleasure, no! Only Your pleasure." Unless they say this, they are going to be killed. Who says this is going to be saved, others are going to be killed.

I don't know, (if) after one week, the biggest operation to take away falseness from earth is coming (starting) - to bring Divine Law and Rules on earth and to put them in action. First operation is for cleaning this world of everything that belongs to Batil, falseness, and after that, by the heavenly order, there is going to be a new operation. Those, who are asking only their Lord's satisfaction and pleasure, for them there is a new operation coming. First cleaning the world, then (re)building the whole world for those who live for Allah.

Who lives for Shaitan will be killed and taken away through that first operation Armageddon. Then come the people who live for Allah. They are the caliphs, deputies for Allah on earth and the earth is going to be

dressed with heavenly lights, as now the whole world is dressed with darkness and dirtiness from satanic operations and works. Everyday and everywhere there are satanic operations. TV isn't able to bring to our sight all those satanic operations taking place in the East and in the West - it is not enough! If you sit 24 hours, you won't be able to count all the satanic operations taking place against humanity on earth.

They must be taken away! Allah is protecting the Ummat-e-Muhammadi and those in the Ummah who are asking to live with Sayyedina Muhammad s.a.w.s, to be for Allah - they should be taken under protection and should be sheltered. But others, who run after Western countries and their falseness, should be taken away through another operation - by themselves, some of them with others, and taken away.

O people! Ask Allah Almighty from His endless favours to take us for the clean operation that is going to be done on earth and to be with Allah Almighty and His most beloved and most honoured one's way, and to be only for our Lord's divine service! No other service except divine service in Heavens, can give more safety and glory to servants. May Allah bless you and forgive me for the honour of that most honoured one...

People think that it is a joke from Bush with Prime Minister of England. Swearing at him and Bush. Everywhere people are swearing. They think it is up to Bush or Blair or anyone... No, Allah Almighty is asking to clean this world from dirtiness and all that is based on it! You only see sewage (filth) everywhere - you can't find anything clean, finished! Allah is making them to run to the Middle East, because the Middle East is where all revelations, all prophecy is coming from - holy land - from that area! Who is able to control that area, may control the whole earth. Therefore, there is huge power coming, and people never think! If it were only a small operation, why would Allah Almighty put in their hearts to send such a huge military power and army on Iraq?

People think that the main target is Iraq or its oil. It is such a nonsense idea, because if the main target were oil, America might have paid and bought all the oil. There would be no need to fight, because there is nothing preventing the sale of oil to America - it is open. But people never think on it! That is also a satanic trap saying one small... can't be! What are its oil reserves? For what are these gigantic states coming to fight? Their power is too much for Iraq. But beyond that, there is something else that Allah Almighty wants to do, so that whole nations may understand finally the reason for this big operation that never happened before and is never going to happen again afterwards. Finished! No more similar war after this war. Armageddon. That

is the meaning.

America is sending it's naval fleet to the Middle East. In case something happens, American citizens living there have been given identity cards. They may just phone and then helicopters would come and take them out of that area, first to the naval fleet and then away with the ships.

But this is man's arrangement to save their citizens. If they can do this, can't Allah Almighty do this? During those wars, whoever has an 'identity card' on which is written: 'This person belongs to Allah', should be taken (to safety). Shaitan is fire. Whoever is suitable for satanic identity - Shaitan is fire- they will be thrown into fire with Shaitan ... Therefore, don't worry! If you are for Allah and you have (His) identity card, then it is okay - you should be taken (to safety). Or (otherwise) - where you are going to hide yourself? They say: Saddam has prepares ten doubles (people looking like him)... never (can he escape)!

During the first operation - the flood of Noah (a.s) - people were saying: "We can run away from the flood and protect ourselves". But Allah was saying: "No protection today if I am not protecting. No one can protect himself from the flood!" And Noah's (a.s) son said: "I am going up to the highest mountain and the water of flood can never reach there!" And Allah made that peak to submerge 7o meters under water! 7o meters of water above it! Another one said: " I'll make a box of glass and hide in it and be saved" And when he was in it, Allah Almighty made him to urinate endlessly - so much that he drowned in his urine...

Allah! Don't fight against Allah, O people! But people never listen... Tauba, ya Rabbi, Astaghfirullah! Fatiha.

## Salam is for whom?

Audhu bi-llahi mina shaitani rajim...Salaam is for whom?
Once Rasulullah sws was sitting with his Shabas when the door was knocked. Rasulullah said to one of his companions: 'Go and look who is there.', and quickly that one ran to the door. When the Prophet was saying something, his companions were like arrows coming from the bow. Not like this... (moving slowly and hesitating) saying: Ohhh, maybe someone else will move, better. No. A Muslim must be in such a way for keeping the orders of Rasulullah sws, because his orders are the orders of Allah Almighty.

He couldn't speak if Allah didn't give to his tongue to speak and say something, because his tongue with the tongue of Allah Almighty. When the Prophet reached to 4o years the speech that belonged to him stopped, and he began to speak on behalf of Allah. There was no more Sayidina Muhammad-finished. The personality of that one who reached 4o years finished, and a new personality was coming to be Rasul. When Allah sent Archangel Gibrail a.s., the ordinary Muhammad sws finished. He reached another personality: to

be representative of Allah Almighty.

You must understand in such a way- it is the way of Ahl Sunnah wa Jamaat. Rasulullah is not an ordinary person as the Wahabis are saying, no. When Muhammad sws passed 4o years and the Archangel came to him, he dressed a heavenly dressing and his personality finished. So that he was saying: 'Who is looking to me, looks to my Lord, to Haqq.' You must understand, but I am sorry to say that first Arabs are not understanding, what he said: 'Who is looking to me, is looking to Haqq, to Allah Almighty.' Because his new personality was to be representative of the Lord for all creation. From pre-eternal up to eternal he is the representative of Allah Almighty. Ma sha Allah! This is an important subject.

Therefore his commands are the commands of Allah Almighty, his orders the orders of Heavens, coming from the Divine Presence through Archangel Gibrail. People say: 'It is Sunnah. Is it obligation, fard? It is only Sunnah.' And they are not taking care for Sunnah, making it down; first of all the Wahabis, second ignorant Muslims, and third the whole heedless islamic world. And Allah has made the name of Rasul high. Never his name is written under the Name of Allah, but on the same level. And the Wahabis are never putting the name of Rasul in the new buildings, only Allah, Allah, Allah. Where is Muhammad?! They say: 'He finished.' Allah makes them to finish!

Who is understanding that point is never going to be lazy or late for getting up for his orders- must be like an arrow leaving the bow! And if Rasul is asking their souls, they must throw their souls in front of him. If you are living for Allah, not for your ego, it is so easy to throw your soul to him.

Therefore that companion was running to the door to look who is there. He

looked and came back to the holy presence of Rasul sws, and he was trembling. Even he knew, but Rasul sws asked him: 'What is happening to you? Who is there?' 'Ya Rasulullah, I saw a creature that never before I saw such an ugly creature; and such hatred dressed on him.'

As long as Shaitan was obeying to Allah Almighty, he was dressed lights of Heavens and beauty. But when he became disobedient, getting against the command of his Lord, that heavenly dressing of heavenly lights was taken away from him and he was dressed the dressing of hatred and ugliness, so that no one can bear to look to him. That is a good lesson, a warning for everyone- disobediency brings ugliness on people. People try to show themselves beautiful and handsome and they use for that purpose so many cosmetic products. Men and women use are using that, and they are so heedless and ignorant, thinking that by painting their faces they are going to be beautiful and handsome. With their disobediency the beauty is just taken away from them. As much as they may use cosmetics, even a whole factory- never they are going to be attractive and bautiful. No mind people now in the 21st century. They don't know that to be beautiful is a grant of Allah Almighty to His servants for their obediency. Disobedient people quickly going to be so ugly, so that you can't look to them. And if you are looking, your stomach wants to turn and throw up. Shaitan is in such a way, among all creature no one can be more ugly than him, because the dressing of hatred is dressed on him, finished.

Look to the 21st century. There are 30 dirty leaders, just like the Prophet had informed, that 1oo% represent shaitanic works. Like Shaitan you cannot look to them, they are so dirty, so hated face, so bad looking, because they are representatives of Shaitan. The Prophet had informed his people: 'Before the last and big Dajjal should appear 30 Dajjals, dirty representatives of Shaitan.'

Especially at dawn heavenly lights are coming down. Those who get up and pray the night-prayer when other people sleep, will be dressed those lights and daytime their faces are going to be shining. Therefore you can't find a good person, a good Muslim, salih, sleeping that time, because Allah Almighty is making a big feast for His servants that time and who is awake and sitting for the feast is taking his share from it...This is another point...And it is clear now why Shaitan is so ugly and hated...

So the Prophet sws said: 'Let him come.', and the Sahaba called him in. He was in such a state like a dog when he is fearing, putting his tail between his legs, he was trembling, and greatness was on the Prophet. He said first of all: 'As-salamu alaika, ya Muhammad.' If he was saying 'Ya Rasulullah' it would be finished, but he never said it, like Abu Jahil, whose teacher was Shaitan. And so many people have Shaitan as their teacher, never saying salat wa salam for Rasulullah. They are the students of Shaitan.

The Prophet answered: 'Salaam belongs to me and those who believe in me.' He didn't say: 'Wa alaika salam', because if he would, he would fall down from the station of prophethood. If a Saint gives Salaam to Shaitan, he falls from the level of Sainthood. If a believer gives Salaam to Shaitan, he falls from the level of Iman. Rasulullah said: 'Salaam is only for Muslims, not for you and your followers.'

This is an important point to be made clear for whole nations: Salaam is for Rasulullah and his followers, not for Shaitan and his followers.

The evidence is that after the Ottoman Empire who was using to say 'Salaam alaikum' people in the Turkish republic are now saying: 'Gunaydin'- because Salaam is for the Ottomans, not for the people of the Turkish republic. The government changed it, instead of 'Salaam alaikum' they say: 'Good morning', because they left the way of Rasul, they are not following the prophets.

Quickly Allah changing... So if anyone says to you: 'Gunaydin', 'Good morning', 'Guten Tag'- say the same to him. What is suitable, Allah making them to change also...

If saying 'As-salamu alaikum', blessings from Heavens are coming. They left it. Now Turkey is drowning in a flood. That rain is not a blessing. Every day there is snow or rain as a sign of Anger from Heavens. Because when Salaam finihsed on earth, cursing was coming. 'As-salamu alaikum' means: 'Blessings and safety from Allah to you'. 'Wa alaika salaam' means: 'Same to you'. People are not saying this, and it brings blessings and mercy from Heavens. People are so heedless and ignorant, never thinking on such points...We were going to speak on something, but quickly they changed the page, bringing this important point...So many brothers and sisters from everywhere are coming here to my humble place- you are welcome to my humble mental-house- Therefore they make my tongue to speak on this. It is for all nations, for the whole islamic world. No one can object on this association and my advice... I am not preparing anything to speak- what they send, I must say. May Allah bless you and give you good understanding. Islam brought perfection. From every direction you may look- you will find perfection. In the St.Peter's Dom in Rome the Italian architects built so many columns. From each direction you see the same, there is nothing disturbing the vision, you may find perfection on it.

Islam is not 1oo% but perhaps 1ooo%, million % perfect. It is impossible to say for something: This is no good. But people hate Islam. Allah Almighty is saying: 'Oh my Beloved Servant, don't be sad about what they say against what you bring to them. They may know that it is perfect, but they have jealousy and envy through their egos, and that makes them to face you with enmity and refuse.' Now the whole world knows that Islam is pure and in its most perfect situation, but yet they have envy and jealousy in their heart,

and therefore they hate Islam. It cannot be that a perfect person looks to islam and says that it is not perfect.

May Allah show us the perfection in Islam, so that we may live with islam in a perfect way. May Allah bless you and forgive me. He is the King of kings- try to be His obedient servants. May Allah increase the honour of His most honoured servant and keep us on his way.

(Make copies of this speech and make people to listen to the cassette!)

## Salamun Alaykum

Dastur, ya Rijalullah, Madad Ey yaran Shahu Mardan AsSalamu alaykum, ya Shahu Mardan Enlist us among your lovers. We want to be enlisted among those who love and respect O Shahu Mardan. Let us say to the lovers of Shahu Mardan in our gathering: As-Salamu alaykum, may you be safe. Where does being safe/peaceful start? With Bismillahi r-Rahmani r-Rahim. Go on, Shahu Mardan, instruct us, teach us. You opened our gathering with the Dua for safety and this gathering is in your name O Shahu Mardan. O lovers of Shahu Mardan, welcome, let's listen. Shahu Mardan wants safety for us. He wants safety for the Children of Adam. Ey Shahu Mardan, let's hear your advice. Allah, Jallahu 'Ala, Subhana Hu wa Ta'ala. According to our condition, let us pay our respect to our Lord. Our Lord, who is The Majestic wants a majestic life for us. Let us say - O Shahu Mardan, go on - Janabul Haqq has written a majestic life for mankind. Why? Because Mankind is "Honoured", very honoured. Amongst those created, the highest rank of honour is for mankind. From where does this honour, come? First of all, it's coming from the respect of the Prophet (saw) who is beloved by The Lord of the Mighty Throne. Let us listen. O lovers of Shahu Mardan; he wants safety for us. Salam wa alaykum salam. What is Salam? To say Salam means to dress in the rank of honour that was given to man at creation. Because Janabi Haqq has made man the most honourable. Allah Allah! This is the point that man has forgotten or has not understood. In all of creation man is the most honourable one but he doesn't understand this. Go on O Shahu Mardan, let us listen. We want safety for the most honourable human being. As-Salamu alaykum, may Peace be upon you. May safety surround the lovers of Shahu Mardan present here. May nothing trouble you, may no problem bother you. Allah Dhul Jalal, Rabbu l-Izzat, has given such an honour to mankind. "wa khuliqa insanu daifa." and Man has been created weak Our structure is weak, but the power that makes this

structure move is coming from the Heavens. The reality/real being of man takes honour from the Heavens. Every gathering of Shahu Mardan is honoured. Who is there and listens, is being dressed with honour from Heavens. We are honoured. Why? Because we are lovers and friends of Shahu Mardan, Rahimur Rahman, who is the Asadullahi Ghalib, beloved by Janabul Haqq and His beloved Prophet (saw).

O Shahu Mardan, go on. May safety be for you. What is safety? A sohbat is coming according to today's manifestation. Let us pay attention! They don't give something old; it is new. Everything that is being said is new and fresh, beautiful and fine and honoured. Shahu Mardan is the deputy of the city of knowledge; its door-keeper, so the jewels he gives are the jewels that have been given to Habibullah. What is Salamat, safety? Allahu Akbar! It is the continuation of the honour given to man. To be safe means you have to protect the robe of honour that Janabul Haqq has dressed you with. This is safety. It includes in it the saying of "Salamun alaykum" of one believer to another, so that you will keep the dress of honour Allah dressed you with; so shaytan may not steal it from you. What shaytan tries to do is to take this dress of honour from us and make us a shaytan like itself. That is its aim.

Why is shaytan running after man? Out of jealousy of man. It is saying: "I will make the Children of Man like myself, meaning, I will make man a shaytan. "It is shaytan who became disobedient to its Lord. It revolted against its Lord. It made the first revolution ever. And it sank into the oppression of that rebellion. And it says: "Then I will make man like me. I will take the robes of honour off them so that they become like me. What should they be like? shaytans." Tawba ya Rabbi, Tawba, Astaghfirullah. Go on, O Shahu Mardan, may the Mercy of Ar-Rahman be upon you. Go on, your words are to expel the one who threatens man's honour. It is shaytan who threatens man's honour. When shaytan says "As-Salamu alaykum" it's intention is to steal your honour and make you like itself. Its worry all day long is how to make man also a shaytan like itself. Allah Allah! Subhanallah!

This is what 124.000 Prophets have said. It has been said in the Bible, the Torah, and the Psalms also - "Inna sh-shaytana lakum aduwwun." (35:6) Janabul Haqq is saying: "O people, verily shaytan is your enemy. Beware!" "Fasta'idhu billahi mina sh- shaytani r-rajim." (16:98) Beware; turn to Allah. The way towards Allah is the way of Shahu Mardan. And who shows that way to him? It is the way of the Habibullah, the Pride of Creation (sas). As-Salamu alaykum, be in

peace? What is salamat? To be good. What is salamat? Go on, ey Shahu Mardan. It starts with Bismillahi r-Rahmani r-Rahim. Say Bismillahi r-Rahmani r-Rahim and it protects the robe of honour with which you have been dressed from Heavens. If you don't say it, you are open/unprotected; shaytan steals it from you and makes you a shaytan too. That's why...Have you started? Go on O Shahu Mardan, your honour is high. You speak in the language we can understand.

What does Shahu Mardan want from us? He says, Be safe. How to be safe? What did the Master of Creation say that someone asking safety should do? It is in two words. The glory and honour of the Pride of Creation is so high that none can reach to where he reached. In the Mawlud Sharif it goes like this: "Shahu Risalet (King of the Prophets) stepped on the Throne." Shahu Risalet, the beloved of Janabul Haqq - O My beloved Habib, step on My Throne/Arsh so My Throne may be honoured by means of that. And on Mount Tur the Words of Janabul Haqq was coming from the blessed bush to Prophet Musa (as): "Come closer." But it is our Prophet who received the Addressing from the Owner of the Throne. He(swt) told Prophet Musa (as): "Fakhla' na'layk innaka bi l-wadi l-muqaddasi tuwa." (20:12) Do the Children of Israil not know this? They do. "Fakhla' na'layk", take off your sandals and come. This was the Addressing to the Prophet Musa (as) But the Addressing to our Prophet was: O My Beloved, step on My Throne. May your feet (shoes) be on it. I gave you an honour that I gave to no one else.

O people, where are you? Shahu Risalet was born and he stepped on the Throne. Our Prophet; this is his honour. O Prophet, O beloved of Allah. He is the Prophet who opened this to his Nation and his robe of honour was dressed on us also on that Holy Night. How should you protect this honour? What did the beloved of Allah, the Prophet (sas), say? "Aslim taslim." Come to Islam, surrender and find peace. This is Shahu Mardan's advice for us and it is the teachings of the Master of Creation for him. He reached the Throne of Allah Dhul Jalal and was told: "Step on My Throne. May your honour increase and its honour increase through you." This is a mighty ocean! Nobody can give a description and explanation of the Beloved of Allah. The lowest explanation is in this: "O My beloved, step (with shoes) on My Throne", while Prophet Musa (as) on Mount Sinai was told: "Fakhla' na'layk"; Take off your sandals and come like this."

O Jews, tribes of jews, O Banu Israil, is this written in the Torah or not? Say! Don't make it a secret, don't hide this! Don't be cheated by dunya and lose the life in hereafter. You were the

ones who gave Prophet Musa (as) the most headache! And still you do it; still you don’t accept reality.

Half of the world now, 2 Billion people, say: "La ilaha illaLlah, Muhammadu r-Rasulullah." O you who don’t say this; what is the power that makes 2 Billion people say: "La ilaha illaLlah Muhammadu r-Rasulullah"? A servant from the desert, a boy that grew up as an orphan, is the voice resonating in Heavens and Earth, saying: "O people, say 'La ilaha illaLlah. Come to Islam and be safe. Surrender to your Lord. Don't give in to shaytan." But they surrendered to shaytan. The Prophet of the end of Times, the beloved of Allah, says: "Aslim taslim; if you want peace here and hereafter, come to Islam." What did Islam bring? La ilaha illaLlah, Muhammadur Rasulullah. What is its order? Preserve the honour of man. "Aslim taslim"; come to Islam and find peace here and hereafter. This is a great ocean! Go on, O Shahu Mardan. How beautifully you say it, Shahu Mardan, Habibur Rahman.

Listen O followers of Shia, O imitated Alawi. Listen. What does Shahur Rusul, the Beloved of Allah, say? "Aslim taslim". Come to Islam and you will find safety from all troubles here and hereafter. If not, deep trouble will always rain on you. Islam is the way that shows man the way of peace/safety. Submit to Islam "taslim"& you will find salvation "aslim" here and hereafter. Go on, O Shahu Mardan; this is your place. He gave Salam. as-Salamun alaykum O lovers of Shahu Mardan. O friends of Shahu Mardan, may peace be upon you. You are safe here and hereafter. If not, you are useless. Aslim taslim. What is taslim? To find salvation from everything that troubles man. Those who say: La ilaha illaLlah, Muhammadu r-Rasulullah find salvation from all troubles. Aslim, submit to Islam; taslim, find salvation. Aslim taslim. Submit to Islam and find salvation.

Why these wars nowadays? Because of people who strive to kill Muslims. At least look at our name! It is not Nicholi or Nikola. It doesn't save us to be called like weak ones. O our Lord, don’t separate us from Islam. Janabul Haqq doesn't separate us from it, but shaytan pesters us. It cheats us and wants to take our miracle from us. The miracle we have is like a precious ring. If it is taken from us, then man falls into deep trouble. The troubles and sufferings of man now is that they don't say "La ilaha illaLlah, Muhammadur Rasulullah." If they would say it, they would be saved. Aslim, come to Islam, taslim. The Prophet of the End of Times, the Pride of Creation, had

the Risale-i Saadet (letter of the Prophet) written, when Janab Rabbul Izza said: "O My beloved, send Name-i Saadet ( letter of the Prophet)to the 7 Kings to inform them." So our Prophet sent an order to Heraclius, the Byzantine Emperor, who never lowered his head; he always looked like this...up and was a fat proud one. In the beginning of the Name-i Saadet (the letter) it was written: "O Governor of Byzantium Aslim taslim. Submit to Islam & find salvation." The honoured Name-i Sharif, the honoured letter, went out. What kind of Emperor was the Emperor of Byzantium? He was full with pride; someone who was full of vanity. He said: "What does he write? Aslim taslim; come to Islam & find salvation. We will not listen to this" and he tore up the letter. When this news reached the Prophet of the End Times, the Beloved of Allah, he said: "Just as he tore my letter (Name-i Saadet),may his land be torn to pieces; may his lands shatter." His Dua' made them fall apart. In Medinatu l-Munawwara he said: "Constantinople will defitely be conquered." Because of this pride and fury, my Nation will conquer the City of Constantinople. This Emperor who tore my Name-i Saadet will be wretched and exposed, and removed by the sword of Islam."

What was written at the beginning of the Name-i Saadet? "Aslim taslim; submit to Islam and find salvation." He said: "I won't" and he was removed. The people of today also follow shaytan and say: No. As long as they say "No" they will not find prosperity. Aslim taslim. Go on, O Shahu Mardan. Let us understand. Don’t sleep! You have to be awake. There is no heedlessness in Islam. There is being alert. The sleep we need to rest because of our nature is one thing, the sleep of heedlessness is something else. Don’t be unaware of Haqiqat/truth. Shahur Rusul, Habibullah, who stepped on the Throne, is telling people: "Aslim, submit to Islam"; surrender to Allah, and "taslim, find salvation." If not - that's why they are in this situation now. We have an expression for that: The world become "Matjaz" 'Matjaz' is the yeast of wine. They become like the dirtiness of that yeast. Matjaz (must) is the fluid left after pressing the grapes. What a pity for them!

Nowadays the Islamic world doesn't respect the Master of Creation. They think that they can protect themselves with the weapons they take from the western world. It is Allah Dhul Jalal who protects you, not the weapons you take from the western world. They don’t understand. Where are you, O scholars of Azhar Sharif, Scholars of Shamu Sharif, of Turkey, of Baghdad and Hijaz. Why don’t you say it openly? Do you fear from your Kings because they have connections with

the Christian world? All their hopes are to sell lamp oil to the Christian world, take money, make skyscapers and then be adulterous. Islam has honour! In Islam there are no dirty works. So: Aslim taslim. Islam protects you from all dirty works. Who has not submitted to Islam does improper things and eats wrong things.

We seek refuge in Allah. Go on, O Shahu Mardan, go on. Let us listen. "One day they will listen", Shahu Mardan says, but the Angels that come down from Heavens, the armies that are promised to the Prophet (saw) will come down to conquer. Power is in Islam; outside of it there is no power. In Islam, when a believer sincerely says "Ya Allah", all weapons stop functioning. There is such power in Islam. Where are you to say this, O Turkish scholars, O Egyptian Scholars, Sham Scholars, Scholars of Iran, Scholars of India and China? But they are afraid of China, Russia, America. What should you fear? Fear Allah so that He protects you. Fear Allah! Yaj'aluka fi hifzihi wa amanihi wa kanafihi Say "Allah" and Allah will protect you, keep you safe and near Him. Let them go forth, let them come out. What they do will bring trouble on themseves. Since they don’t say "La ilaha illaLlah Muhammadu r-Rasulullah" their wildness will increase and they will destroy one another. They will finish one another.

"O man!" - go on O Shahu Mardan - "O man, be ashamed in front of the One whose Order is in Heavens. Come to faith, come to Islam, and find salvation." This has come to inform us about salvation: Aslim taslim - come to Islam, surrender, and find salvation. Islam is the way of salvation. There is no salvation outside of it. O Shahu Mardan, go on. Oh, this sohbet of today is enough for 7 worlds. Take note of it, listen. Show respect to your Lord and His beloved ones so that your actions will be safe. Aslim taslim. O our Lord, Your beloved one has shown us Your beautiful ways. Send us Your beautiful servants who will teach us what he (sas) was shown. Make those far away from us who burn and destroy dunya; the students of shaytan's school. Success is with Allah.

O our Lord, forgive us. O Shahu Mardan, we have a lot of sins, we have a lot of faults. We repent, protect us, draw your sword. If they have war aircraft, Islam has the sword! Let them fear it! Wa min Allah at- tawfiq. O our Lord, forgive us. Tawba ya Rabbi, Tawba, Astaghfirullah. O Shahu Mardan, we give Salat wa Salam to you and to the Beloved, Habibullah. May there be salvation for us also. May we dress in the honoured dress of Islam, the dress of the majesty of Islam. If 70 people dressed in these robes came forth, they would conquer the world. Spiritual

power sweeps all material power away. O our Lord, forgive us. O Shahu Mardan we present the request for forgiveness to you. You are the one who will make our Tawba reach to the Divine Presence. May our spiritual and physical power increase. May our power become visible. May the truth of Islam be seen. Send us the Sahib, Master, O Lord. Fatiha.
1500 years ago our Prophet in his blessed Hadith informed us that before the appearance of Mahdi (as) there would be a solar eclipse and a lunar eclipse. Look and speak, O scholars of al-Azhar and Sham and Turkey. It is a sign for the coming of Mahdi(as) that at that time the Arab nations will go against each other and that there will be a solar eclipse as well as a total lunar eclipse. There will be a total solar eclipse. O my Lord, forgive us.
Fatiha.

Wir wollen Sicherheit für das ehrenhafteste menschliche Wesen. As-Salamu Alaykum, möge Friede mit dir sein. Möge Sicherheit die hier anwesenden Liebenden Shahu Mardans umgeben. Möge euch nichts bedrücken, möge kein Problem euch belasten. Allah Dhul Jalal, Rabbu l-Izzat, hat solch eine Ehre der Menschheit gegeben. “...wa khuliqa insanu daifa." Und der Mensch wurde schwach erschaffen. Unsere Struktur ist schwach, aber die Kraft die diese Struktur zum Bewegen bringt kommt von den Himmeln. Das reale/wahre Wesen des Menschen nimmt Ehre von den Himmeln. Jedes Treffen von Shahu Mardan ist geehrt. Wer dort ist und zuhört wird mit Ehre von den Himmeln gekleidet. Wir sind geehrt. Warum? Denn wir sind Liebende und Freunde von Shahu Mardan, Rahimu Rahman, der der Asadullah Ghalib ist, geliebt von Janabul Haqq und Seinem geliebten Propheten (saw). Oh Shah Mardan, mach weiter. Möge Sicherheit um dich sein. Was ist Sicherheit? Eine Sohbat kommt gemäß der heutigen Erscheinung. Lasst uns Acht geben! Sie geben nicht etwas altes; es ist neu. Alles was gesagt wird ist neu und frisch, wunderbar und fein und geehrt. Shahu Mardan ist der Statthalter der Stadt des Wissens; ihr Türsteher, also sind die Juwelen die er gibt, die Juwelen die Habibullah gegeben wurden. Was ist Salamat, Sicherheit? Allahu Akbar! Es ist die fortdauernde Ehre die dem Menschen gegeben wird. Sicher zu sein bedeutet, man muss das Gewand der Ehre beschützen, mit dem Janabul Haqq einen gekleidet hat. Das ist Sicherheit. Es beinhaltet das Sagen von "Salamun alaykum" von einem Gläubigen zum anderen, so dass ihr das Gewand der Ehre behaltet in das euch Allah gekleidet hat; so dass Shaytan es nicht von euch stehlen möge. Was Shaytan versucht ist, das Gewand der Ehre von uns zu nehmen und uns zu einem Shaytan wie es selbst zu machen. Das ist sein Ziel. Warum rennt Shaytan den Menschen hinterher? Aus Eifersucht auf die Menschen, es sagt: "Ich werde die Kinder der Menschen wie mich selbst machen, das heißt, ich werde die Menschen zu Shaytan machen." Es ist Shaytan das seinem Herrn gegenüber ungehorsam war. Es revoltierte gegen seinen Herrn. Es machte die erste Revolution überhaupt. Und es sank von dieser Rebellion in Unterdrückung. Und es sagte: "Dann werde ich die Menschen wie mich machen. Ich werde die Gewänder der Ehre von ihnen nehmen so dass sie so werden wie ich. Wie sollen sie sein? Shaytans." Tawba ya Rabbi, Tawba, Astaghfirullah. Mach weiter, oh Shah Mardan, möge die Gnade von Ar-Rahman auf dir sein. Mach weiter, deine Worte dienen dazu, denjenigen auszustoßen der die Ehre der Menschheit bedroht. Es ist Shaytan, der die Ehre der Menschen bedroht. Wenn Shaytan "As-Salamu alaykum" sagt, ist seine Absicht, eure Ehre zu stehlen und euch so wie es selbst zu machen. Es macht sich den ganzen Tag Sorgen darum, wie man den Menschen selbst zu einem Shaytan machen kann. Allah Allah! SubhanAllah! Das ist es was

124.000 Propheten gesagt haben. Es wurde in der Bibel gesagt, in der Thora, und auch in den Psalmen - "Inna sh-shaytana lakum aduwwun." (35:6). Janabul Haqq sagt, "Oh Leute, wahrlich, Shaytan ist euer Feind. Hütet euch!" "Fasta'idhu billahi mina sh- shaytani r-rajim." (16:98) Gebt acht; wendet euch Allah zu. Der Weg zu Allah ist der Weg Shahu Mardans. Und wer zeigt den Weg zu ihm? Es ist der Weg des Habibullah, des Prinzen der Schöpfung (sas). As-Salamu alaykum, Friede sei mit euch. Was ist Salamat? Gut zu sein. Was ist Salamat? Mach weiter, ey, Shahu Mardan. Es beginnt mit Bismillahi r-Rahmani r-Rahim. Sagt Bismillahi r-Rahmani r-Rahim und es beschützt das Gewand der Ehre mit dem ihr von den Himmeln bekleidet wurdet. Wenn ihr es nicht sagt, seid ihr offen/ ungeschützt; Shaytan stiehlt es von euch und macht euch ebenfalls zu einem Shaytan. Deshalb... Habt ihr angefangen? Fahre fort oh Shahu Mardan, deine Ehre ist hoch. Du sprichst auf einer Sprache, die wir verstehen können. Was möchte Shahu Mardan von uns? Er sagt, seid sicher. Wie sicher sein? Was sagte der Meister der Schöpfung, das man tun sollte, wenn man um Schutz bittet? Es sind zwei Worte. Der Ruhm und die Ehre des Prinzen der Schöpfung sind so hoch, dass niemand erreichen kann was er erreichte. Im Mawlud Sharif heißt es so: "Shahu Risalet (König der Propheten) betrat den Thron". Shahu Risalet, der Geliebte von Janabul Haqq - "Oh Mein geliebter Habib, tritt auf Meinen Thron/Arsh so dass Mein Thron dadurch geehrt werden wird". Und auf dem Berg Tur kamen die Worte von Janabul Haqq aus dem gesegnete Busch zu Prophet Musa (as): "Komm näher". Aber es ist unser Prophet, der die Ansprache von Besitzer des Throns erhalten hat. Er (swt) berichtete dem Propheten Musa (as): "Fakhla' na'layk innaka bi l-wadi l-muqaddasi tuwa." (20:12) Wissen die Kinder Israels dies? Das tun sie. "Fakhla' na'layk", ziehe deine Sandalen aus und komm. Das war die Ansprache an den Propheten Musa (as). Aber die Ansprache an unseren Propheten war: "Oh Mein Geliebter, tritt auf Meinen Thron. Mögen deine Füße (Schuhe) darauf sein. Ich gab dir eine Ehre, die Ich niemandem sonst gab." Oh Leute, wo seid ihr? Shahu Risale wurde geboren und er betrat den Thron. Unser Prophet; das ist seine Ehre. Oh Prophet, oh Geliebter Allahs. Er ist der Prophet der dies seinem Volk eröffnete, und sein Gewand der Ehre wurde auch uns in der Heiligen Nacht angelegt. Wie sollt ihr diese Ehre beschützen? Was sagte der Geliebte Allahs, der Prophet (sas)? "Aslim taslim". Kommt zum Islam, unterwerft euch und findet Frieden. Das ist der Ratschlag von Shahu Mardan für uns und es sind die Lehren des Meisters der Schöpfung für ihn. Er erreichte den Thron von Allah Dhul Jalal und ihm wurde gesagt: "Tritt auf Meinen Thron. Möge deine Ehre größer werden und seine Ehre durch dich größer werden." Das ist ein mächtiger Ozean! Niemand kann eine Beschreibung und Erklärung des Geliebten Allahs geben. Die niedrigste Erklärung ist dies: "Oh Mein Geliebter, tritt (mit Schuhen) auf Meinen Thron", währen dem Propheten Musa (as) auf dem Berg Sinai gesagt wurde: "Fakhla'

na'layk"; Zieh deine Sandalen aus und komm so". Oh Juden, Judenstämme, oh Banu Israil, steht es in der Thora geschrieben oder nicht? Sagt! Macht kein Geheimnis daraus, versteckt das nicht! Seid nicht betrogen durch die Dunya und verliert deshalb das Leben im Jenseits. Ihr wart diejenigen, die dem Propheten Musa (as) die größten Kopfschmerzen bereitet haben! Und ihr tut es immer noch; immer noch akzeptiert ihr die Realität nicht. Die halbe Welt, nun 2 Milliarden Menschen, sagt: "La ilaha illaLlah, Muhammadu r-Rasulullah." Oh ihr die ihr dies nicht sagt, was ist die Kraft, die 2 Milliarden Menschen sagen lässt: "La ilaha illaLlah, Muhammadu r-Rasulullah"? Ein Diener aus der Wüste, ein Junge der als Waise aufwuchs, seine Stimme hallt im Himmel und auf Erden, und sie sagt: "Oh Leute, sagt La ilaha illaLlah. Kommt zum Islam und seid sicher. Unterwerft euch eurem Herrn. Gebt Shatan nicht nach." Aber sie unterwarfen sich Shaytan. Der Prophet der Endzeit, der Geliebte Allahs, sagt: "Aslim taslim; wenn ihr Frieden hier und im Jenseits wollt, kommt zum Islam." Was brachte der Islam? La ilaha illaLlah, Muhammadur Rasulullah. Was ist sein Befehl? Bewahrt die Ehre der Menschheit. "Aslim taslim"; kommt zum Islam und findet Frieden hier und im Jenseits. Dies ist ein großer Ozean! Mach weiter, oh Shahu Mardan. Wie schön du es sagst, Shahu Mardan, Habibur Rahman. Hört zu oh Anhänger der Shia, oh nachgemachte Alawi. Hört zu. Was sagt Shahu Rusul, der Geliebte Allahs? "Aslim taslim". Kommt zum Islam und ihr werdet Schutz vor allen Übeln hier und im Jenseits finden. Wenn nicht, werden immerzu schwere Übel auf euch regnen. Islam ist der Weg, der dem Menschen den Weg des Friedens/Sicherheit zeigt. Unterwerft euch dem Islam, "taslim", und ihr werdet Seelenheil, "aslim", hier und im Jenseits erlangen. Mach weiter, oh Shahu Mardan; dies ist dein Platz. Er gab Salam. As-Salamu alaykum oh Liebende Shahu Mardans. Oh Freunde Shahu Mardans, möge Frieden mit euch sein. Ihr seid hier und im Jenseits sicher. Wenn nicht, seid ihr nutzlos. Aslim taslim. Was ist taslim? Rettung vor allem zu finden, was dem Menschen Schwierigkeiten bereitet. Diejenigen, die sagen: La ilaha illaLlah, Muhammadu r-Rasulullah, finden Heil und Rettung von allen Übeln. Aslim, Unterwerfung unter Islam; taslim, Seelenheil finden. Aslim taslim. Unterwerft euch unter Islam und findet Errettung, Seelenheil. Wozu diese Kriege heutzutage? Wegen Leuten, die danach streben, Muslime zu töten. Schaut zumindest auf unseren Namen! Es ist nicht Nicholi oder Nikola. Es rettet uns nicht, uns wie Schwache zu nennen. Oh unser Herr, trenne uns nicht vom Islam. Janabul Haqq trennt uns nicht davon, aber Shaytan bedrängt uns. Es betrügt uns und will uns unsere Wunder wegnehmen. Das Wunder das wir haben ist wie ein kostbarer Ring. Wenn es von uns genommen wird, geraten wir in große Schwierigkeiten. Die Schwierigkeiten und Leiden der Menschen nun liegen darin, dass sie nicht "La ilaha illaLlah, Muhammadur Rasulullah" sagen. Wenn sie es sagen würden, wären sie geschützt. Aslim, kommt zum Islam, taslim. Der Prophet der Endzeit, der Stolz der

Schöpfung, hatte den Risale-i Saadet (Brief des Propheten) schreiben lassen, als Janab Rabbul Izza sagte: "Oh Mein Geliebter, sende Name-i Saadet (Brief des Propheten) zu den 7 Königen, um sie zu informieren". Also sandte unser Prophet eine Anweisung an Heraklius, den Bytantinischen Kaiser, der sein Haupt nie senkte; er schaute immer so... hoch, und er war ein fetter Stolzer. Am Anfang des Name-i Saadet (des Briefs) war geschrieben: "Oh Herrscher von Byzanz. Aslim taslim. Unterwirf dich dem Islam und finde Heil." Der ehrenvolle Name-i Sharif, der ehrenvolle Brief, ging hinaus. Was für ein Kaiser war der Kaiser von Byzantium? Er war voll Stolz; jemand der voll Eitelkeit ist. Er sagte: "Was schreibt er? Aslim taslim; komm zum Islam und finde Seelenheil. Wir werden nicht darauf hören" und er zerriss den Brief. Als diese Nachricht den Propheten der Endzeit, den Geliebten Allahs, erreichte, sagte er: "So wie er meinen Brief (Name-i Saadet) zerrissen hat, so möge sein Land in Stücke gerissen werden; möge sein Land zerbrechen." Sein Dua ließ sie stürzen. In Medinatu l-Munawwara sagte er: "Konstantinopel wird definitiv erobert werden." Wegen seines Stolzes und seines Zorns, wird mein Volk die Stadt Konstantinopel erobern. Dieser Kaiser, der meinen Name-i Saadet zerrissen hat, wird erbärmlich und entblößt sein, und vom Schwert des Islam vernichtet werden." Was stand am Anfang des Name-i Saadet geschrieben? "Aslim taslim; kommt zum Islam und findet Seelenheil." Er sagte: Das werde ich nicht" und wurde beseitigt. Die Leute heute folgen ebenfalls Shaytan und sagen "Nein". Solange sie "Nein" sagen werden sie keinen Erfolg finden. Aslim taslim. Fahre fort, oh Shahu Mardan. Lasst uns verstehen. Schlaft nicht! Ihr müsst wach sein. Es gibt keine Achtlosigkeit im Islam. Es gibt Wachheit. Den Schlaf den wir brauchen aufgrund unserer Natur, um auszuruhen, ist eine Sache, der Schlaf der Unachtsamkeit ist etwas anderes. Seid nicht unachtsam gegenüber Haqiqat/der Wahrheit. Shahur Rusul, Habibullah, der den Thron betrat, sagt den Leuten: "Aslim, kommt zum Islam"; unterwerft euch Allah, und "taslim, findet Heil". Wenn nicht - das ist der Grund, weswegen sie jetzt in dieser Lage sind. Wir haben einen Ausdruck dafür: Die Welt ist zu "Matjaz" geworden. "Matjatz" ist die Hefe des Weins. Sie wurden wie der Schmutz von dieser Hefe. Matjaz (Most) ist die Flüssigkeit, die übrig bleibt wenn die Trauben gepresst wurden. Wie schade für sie! Heutzutage respektiert die Islamische Welt den Meister der Schöpfung nicht. Sie denken, dass sie sich mit den Waffen, die sie aus der Westlichen Welt nehmen, schützen können. Es ist Allah Dhul Jalal, der euch beschützt, nicht die Waffen die ihr vom Westen nehmt. Sie verstehen nicht. Wo seid ihr, oh Gelehrte von Azhar Sharif, Gelehrte von Shamu Sharif, von der Türkei, von Baghdad und Hijaz. Warum sagt ihr es nicht offen? Fürchtet ihr eure Könige, weil sie Verbindung zur Christlichen Welt haben? All ihr Hoffen liegt darin, das Lampenöl an die Christliche Welt zu verkaufen, Geld zu machen, Wolkenkratzer zu

bauen und dann Ehebruch zu begehen. Islam hat Ehre! Im Islam gibt es keine schmutzigen Werke. Also: Aslim taslim. Islam schützt euch vor allen schmutzigen Werken. Wer sich nicht dem Islam unterwirft, tut unzulässige Dinge und isst falsche Dinge. Wir suchen Zuflucht bei Allah. Mach weiter, oh Shahu Mardan, fahre fort. Lasst uns zuhören. "Eines Tages werden sie zuhören", sagt Shahu Mardan, aber die Engel die von den Himmeln herabkommen, die Armeen die dem Propheten (saw) versprochen sind, weden herabkommen um zu erobern. Kraft liegt im Islam; es gibt keine Kraft außerhalb davon. Im Islam, wenn ein Gläubiger aufrichtig "Ya Allah" sagt, hören alle Waffen auf, zu funktionieren. Solch eine Kraft gibt es im Islam. Wo sagt ihr das, oh Türkische Gelehrte, oh Ägyptische Gelehrte, oh Gelehrte von Sham, Gelehrte von Iran, Gelehrte aus Indien und China? Aber sie haben Angst vor China, Russland, Amerika... Warum sollt ihr Angst haben? Fürchtet Allah so dass Er euch beschützt. Fürchtet Allah! Yaj'aluka fi hifzihi wa amanihi wa kanafihi. Sagt "Allah" und Allah wird euch beschützen, euch sicher und Ihm nahe sein lassen. Lasst sie vorkommen, lasst sie herauskommen. Was sie tun wird auf sie selbst Übel bringen. Weil sie nicht "La ilaha illaLlah Muhammadu r-Rasulullah" sagen, wird ihre Wildheit zunehmen und sie werden sich gegenseitig vernichten. Sie werden sich gegenseitig zerstören. "Oh Mensch!" - mach weiter, Shah Mardan - "Oh Mensch, schäme dich vor Dem, Dessen Befehl Himmlisch ist. Komm zum Glauben, komm zum Islam und finde Seelenheil/ Rettung." Dies ist gekommen um uns über das Seelenheil zu informieren: Aslim taslim - kommt zum Islam, unterwerft euch und findet Seelenheil. Islam ist der Weg zum Heil. Es gibt keine Rettung außerhalb davon. Oh Shahu Mardan, mach weiter. Oh, diese Sohbat von heute ist genug für 7 Welten. Nehmt sie zur Kenntnis, hört zu. Zeigt euren Respekt für euren Herrn und Seine Geliebten, so dass eure Taten sicher sein werden. Aslim taslim. Oh unser Herr, Dein Geliebter hat uns Deine schönen Wege gezeigt. Sende uns Deine schönen Diener, die uns lehren werden, was ihm (sas) gezeigt wurde. Halte diejenigen weit fern von uns, die die Dunya verbrennen und zerstören; die Studenten von Shaytans Schule. Erfolg ist bei Allah. Oh unser Herr, vergib uns. Oh Shahu Mardan, wir haben viele Sünden, wir haben viele Fehler. Wir bereuen, beschütze uns, ziehe dein Schwert. Wenn sie Luftwaffen haben, der Islam hat das Schwert! Lasst sie es fürchten! Wa min Allah at- tawfiq. Oh unser Herr, vergib uns. Tawba ya Rabbi, Tawba, Astaghfirullah. Oh Shahu Mardan, wir geben Sala wa Salam zu dir und zum Geliebten, Habibullah. Möge es auch für uns Rettung und Heil geben. Mögen wir uns in das ehrenvolle Gewand des Islam kleiden, das Gewand der Majestät des Islam. Wenn 70 Leute in diesen Gewändern gekleidet hervorkämen, würden sie die Welt erobern. Die spirituelle Kraft fegt alle materielle Kraft fort. Oh unser Herr, vergib uns. Oh Shahu Mardan, wir bieten dir die Bitte um Vergebung dar. Du bist derjenige, der unsere Tawba die Göttliche Gegenwart erreichen lassen wird. Möge

unsere spirituelle und unsere physische Kraft zunehmen. Möge unsere Kraft sichtbar werden. Möge die Wahrheit des Islam gesehen werden. Schicke uns den Sahib, Meister, oh Herr. Fatiha. Vor 1500 Jahren informierte uns unser Prophet in seinem gesegneten Hadith darüber, dass vor dem Erscheinen Mahdis (as) eine Sonnenfinsternis und eine Mondfinsternis stattfinden würden. Schaut und sprecht, oh Gelehrte von al-Azhar und Sham und der Türkei. Es ist ein Zeichen für das Kommen Mahdis (as), dass zu der Zeit die Arabischen Völker gegeneinander vorgehen werden, und dass es sowohl eine Sonnenfinsternis als auch eine Mondfinsternis geben wird. Es wird eine totale Sonnenfinsternis geben. Oh mein Herr, vergib uns. Fatiha.

## The Gypsy Dance - Sandala Mandala System

The no mind people of this time, all of them are enemies to the Sultanate. What is put in all of their minds? An expression has come to me, let me say it & you may laugh a little. What is the attribute of the nations who rule the world today? Sandala Mandala (Turkish Cypriot folk dance). All these governing systems that they call "democracy" are Sandala Mandala, nothing else. They have no value. And it is for this reason that they have no value, these peoples' system turned into Sandala Mandala.

There was the state of Ottomans, majestic. Those who come after them are Sandala Mandala. Does this term not fit them very well? There is nothing right about them, none of them. If there is a small quake, all of them will collapse. We are hoping that our clever people take the rule & "ati kulli dhi haqqin haqqa", they return the rights of every rightful one. You want to erase the name of a glorious state of 700 years? How dare you? It is a big dare. You destroyed, you destroyed the Ottomans & what did you bring in their stead? You brought a Sandala Mandala State. Its name is not known- it has no glory & no name in any place. They have become beggars. The currency of our glorious ancestors was gold & silver- it was gold & silver Majidiya (coins). These ones are using paper. Paper, the numbers that are written on it have no meaning because it has no equivalent. Therefore this came to my heart today, that all this dishonourable system which they call democracy is the Sandala Mandala.

What is the Sandala Mandala? It is their system- the people are fighting, killing each other in Egypt. Why? To establish a Sandala Mandala state. Bring the Master of the country! Bring the Sultan who carries the honour of the state! You collect people from the streets! They are fighting

one another in Alexandria. They will fight even more. The old ones said: "Ahmad comes from Egypt & the sword is drenched in blood". Many things will take place. All nations, all countries are fed up with this ruling system of theirs because these ones don't know how to rule. They don't know how to rule. When one of them wants to buy a watermelon, he says to the man who sells it:

"You choose for me. You choose for me, I don't know how to pick the good ones. You choose & give me a good watermelon". Can these men who can't even pick a watermelon elect the one who will rule the country? We have a population of 80 million. Now you elect 500 people out of this 80 million & put there? And elect another 30 men out of this also for what they call the cabinet? The cabinet is also Sandala Mandala. There is no qualified man among them, none of them. But in the Sandala Mandala system, "you are the minister for sports. You are the minister for municipals. You are the minister of agriculture". And the man knows nothing about agriculture! "You are the minister for villagers". He doesn't know the needs of villains. He closed the mountains, forests, made the people miserable. He sent help to the Greeks when his people are hungry. Masha Allah! The doings of the Sandala Mandala goverment..

It is he who established this system in the beginning is the Sandala Mandala, doesn't know anything. He doesn't know anything at all. We fell into this situation today & still we can't wake up from this drunkenness. Insha Allah there are some movements now which will awaken. May Allah not make us from those who confirm this Sandala Mandala. We will leave it & reach a good state. We will leave it & become honoured. We will leave it & become glorious. Sultan, the Sultan is coming. When you say this word, Sultan, there is majesty even in its name.

They would make Juma ceremonies (when the Sultan goes to Juma prayer). These ones removed the Juma holiday & brought Sunday. Are we unbelievers? What relation do we have with sunday? What was wrong with our Juma holiday that we used for all this time- for 10 centuries, 15 centuries that, you are working half day on Friday & Saturday which belongs to the Jews. Sunday is for Christians. What do we have to do with this? They break us apart from our real personality because Ottomans had honour. Because of Ottoman's honour they didn't want them, wanted to destroy them. Now all of them regret. All of them regret now, can't find a way out of the mess. And how could they? They left the Sultanate & established a Sandala Mandala system.

What they call democracy is the Sandala Mandala.

"What is this Sandala Mandala, O Mawlana?" Well, I don't know its meaning. But the doings of these ones now are the Sandala Mandala. This democracy system is the Sandala Mandala. It's no good for anything else. No one knows what it is. Insha Allah soon they will come upside down because it has no foundation. It is shaking, it is shaking everywhere. Why did all the people run to the streets everywhere? They can't find what they are looking for. They can't find what they are looking for in this Sandala Mandala system. Each one coming to power comes to fill his own pocket. May Allah finish all men who are of this mentality. We are in need of a Sultan. And this will happen. There can't be any state other than Sultanate that can save us. The Sultanate, the family of Othman, May Allah grant them mercy and may those who ruined them be cursed.

Fatiha. He removed peoples' turban by force. He removed the fez they were putting on, by force. He hanged so many people (who opposed it). What was the need for it? He made the people wear hat by force & hanged thousands who opposed it. What government? Sandala Mandala. This is not the action of a sober man. May Allah make us far from them. His evil is on their heads. They still can't understand this.

We have no man who can think because of all this fighting, "this party, that party.." What party? What party is this? One nation, one Sultan. Fighting with many parties is the doing of shaytan-Sandala Mandala. Europe went corrupt also, US went corrupt also, Russia went corrupt also, whole Middle East went corrupt. They are left puzzled now about what to do. Leave the Sandala Mandala system. Come to Sultanate, bring your Sultan. That Sultan is the deputy of Allah on earth. Dhillullah, he is the shadow of Allah. These people are bewildered & puzzled. He says "I am banning" - he banned the (Ottoman) letters in one night & people were left puzzled, not knowing what to do. He says "It is prohibited, Ottoman alphabet is prohitibed." He had it changed so that our glorious history won't be known. He changed to "A, b, c..". Why? There was no need for it. He could have kept both. There were already people who could write, read Latin letters, or English language. They could use it. Why did you force the people who don't need it saying "you have to write with this only?" People don't know anything now. All of them are ignorant ones, they are not aware of their history.

Allah, Ya Rabbi. Ghani/Rich Sultan. May You send us a Sultan who will remove these junky Sandala Mandala groups. May You send us a Sultan who will declare Your glory, who will declare Your Beloved's honour, who will show great respect to Your Shariat. Amin Amin Amin..Fatiha.

Is this good? How is it? Can you keep this in your head? This opened to me like this when I was sitting but I think it it true. Yes?
H.F. Of course it is true.
M. My son in law is a lion Masha Allah, you also. It is different if he was wearing old Ottoman clothes, shalwars & put the Ottoman crown on his head & this outfit is different.
H.F. This is the Sandala Mandala outfit.
M. You like this term?
H.F. Very good. The outfit part also.
M. Yes, because of their system, whole world has become Sandala Mandala. How did it come to me all of a sudden, this Sandala Mandala? Ladies are also on Sandala Mandala, all of them. You like it? It came really nice. Fatiha.

If you speak of this, not for hours, days or months but for years still can't finish, O son. But it fit them very well! I don't know from where this Sandala Mandala came to me. All of them want the Sandala Mandala system, here it is, take it! Keep fighting each other. An opening soon O Lord, O Lord! Send the Sultan who will carry out the pure Shariat of Muhammad(s). May the Ottomans come O Lord! Fatiha.

This fit very well. It can't work with this Sandala Mandala system. Neither Cyprus, nor Turks, nor Russian, nor American..But the British keep the old system. The British did not leave their customs. The others made "football" & threw away their customs to garbage. Not even to garbage, they threw into WC. Tawba ya Rabbi. This Sandala Mandala term is very nice. The ladies also in Sandala Mandala say "we follow the fashion". "On which system are you?" "According to the Sandala Mandala system everyone will live following the fashion, with fashion clothes". This fashion is something that shaytan invented. They have made the women like

prostitutes & their men like pimps. What happened? Whole world is crushed & flattened in Sandala Mandala system. Tawba Ya Rabbi, tawba Astaghfirullah.

They (Sultans) would serve to the people but no more now. Just like an adze, they cut & pull everything to their own side. All who comes to power in the Sandala Mandala system are like adzes, cut towards their side. Nothing goes to the people. When he cuts, only to his side. Nothing to the other side. "...bashiru wala tunaffiru". Make the people happy, don't make them hate. People hate each other. What is this? This is the Sandala Mandala system. This has come out new, fresh. "There is no reading Quran in the Sandala Mandala system." Meaning, shaytan dominates at that time. No one reads Quran in the Sandala Mandala system. What do they read? They read curse & swearing at the ... who invented it. Whole people are cursing each other in the Sandala Mandala, aman ya Rabbi.

And this is also a strong sohbat, it makes the people astonished. They may post this. Ok. Allah bless you. We will remain until the Haqq comes insha Allah. They won't take me half way insha Allah. I will stay & make these ones' dirtiness wiped away and take bayat from Mahdi (as), then.. We will clean these insha Allah, these Sandala Mandala systems.

Ok, As-Salamu Alaikum wa Rahmatullahu wa Barakatuhu. La ilaha illa Allah, Sayyidina Muhammad Rasulullah. Ok son, long live!

**Sandala Mandala**

---

Die Leute ohne Verstand dieser Zeit sind alle Feinde des Sultanats. Was ist ihnen allen in den Kopf gesetzt worden? Ein Ausdruck ist mir gekommen, laßt mich ihn sagen, und ihr könnt ein wenig lachen. Was ist das Attribut der Nationen, die die Welt heute regieren? Sandala Mandala (Türkisch-zypriotischer Volkstanz). All diese Regierungssysteme, die sie 'Demokratie' nennen, sind Sandala Mandala, nichts anderes. Sie haben keinen Wert. Und aus dem Grund haben sie

keinen Wert, das System dieser Leute ist Sandala Mandala geworden. Es gab den Osmanischen Staat, majestätisch. Die, die nach ihnen kamen, sind Sandala Mandala. Paßt dieser Ausdruck nicht sehr gut auf sie? Es ist nichts richtig an ihnen, an keinem von ihnen. Wenn es eine kleine Erschütterung gibt, brechen sie alle zusammen. Wir hoffen, daß unsere klugen Leute die Herrschaft übernehmen und "Ati Kulli Dhi Haqqin Haqqa", jedem Rechtmäßigen sein Recht wiedergeben.

Ihr wollt den Namen eines glorreichen Staates von 700 Jahren auslöschen? Wie könnt ihr es wagen? Es ist ein großes Wagnis. Ihr habt die Osmanen vernichtet, und was habt ihr stattdessen gebracht? Ihr habt einen Sandala Mandala Staat gebracht. Sein Name ist nicht bekannt, er hat keinen Ruhm und keinen Namen an irgendeinem Ort. Sie sind Bettler geworden. Die Währung unserer glorreichen Vorfahren war Gold und Silber. Es waren Gold- und Silbermajidiya, Münzen. Diese benutzen Papier, Papier. Die Nummern, die darauf stehen, haben keine Bedeutung, weil es keinen Gegenwert gibt. Deshalb kam das heute in mein Herz, daß dieses ganze ehrlose System, das sie Demokratie nennen, Sandala Mandala ist. Was ist Sandala Mandala? Es ist ihr System: Die Menschen kämpfen und töten einander in Ägypten. Warum? Um einen Sandala Mandala Staat zu errichten. Bringt den Meister des Landes! Bringt den Sultan, der die Ehre des Staates trägt! Ihr lest Leute von der Straße auf! Sie bekämpfen einander in Alexandrien. Sie werden noch mehr kämpfen. Die Alten sagten: 'Ahmad kommt aus Ägypten, und sein Schwert ist in Blut getränkt.' Viele Dinge werden geschehen.

Alle Nationen, alle Länder haben die Nase voll von diesem Regierungssystem, von ihnen, weil diese Leute nicht wissen, wie man regiert. Sie wissen nicht, wie man herrscht. Wenn einer von ihnen eine Wassermelone kaufen will, sagt er zu dem Mann, der sie verkauft: 'Du wähle für mich. Wähle du für mich, ich weiß nicht, wie ich die Guten auswählen soll. Wähle du und gib mir eine gute Wassermelone.' Können diese Menschen, die nicht einmal eine Wassermelone auswählen können, den wählen, der das Land regieren wird? Wir haben eine Bevölkerung von 80 Millionen. Jetzt wählt ihr 500 Leute von diesen 80 Millionen und stellt sie dahin? Und wählt unter ihnen noch einmal 30 Männer aus für das, was sie Kabinett nennen? Das Kabinett ist auch Sandala Mandala. Es gibt keinen kompetenten Mann unter ihnen, nicht einen. Aber im Sandala Mandala System heißt es: 'Du bist der Minister für Sport. Du bist der Minister für die Gemeinden. Du bist der Minister für Landwirtschaft.' Und der Mann hat keine Ahnung von

Landwirtschaft! 'Du bist der Minister für Dörfler'.. Er kennt die Bedürfnisse der Dörfler gar nicht. Er sperrte die Berge und Wälder und machte die Leute elend. Er sandte Hilfe an die Griechen, als die Menschen hungerten. Masha'Allah! Die Taten der Sandala Mandala Regierung.. Er, der dieses System am Anfang einsetzte, das Sandala Mandala, weiß gar nichts. Er weiß überhaupt gar nichts. Wir sind in diese Situation geraten heute und doch können wir nicht aus dieser Betrunkenheit erwachen.

Insha'Allah gibt es jetzt Bewegungen, die erwecken werden. Möge Allah uns nicht von denen sein lassen, die dieses Sandala Mandala bestätigen. Wir werden ihm den Rücken kehren und einen guten Zustand erreichen. Wir werden es verlassen und geehrt werden. Wir werden es verlassen und glorreich werden. Der Sultan, der Sultan kommt. Wenn du dieses Wort sagst, Sultan, da ist sogar Majestät in seinem Namen. Sie machten Juma Zeremonien (wenn der Sultan zum Juma Gebet ging). Diese schafften den Juma Feiertag ab und brachten den Sonntag. Sind wir Ungläubige? Was haben wir mit dem Sonntag zu tun? Was stimmt nicht mit unserem Juma Feiertag, den wir die ganze Zeit, 10 Jahrhunderte, 15 Jahrhunderte benutzten? Du arbeitest den halben Tag am Freitag, und der Samstag gehört den Juden, der Sonntag ist für die Christen. Was haben wir damit zu tun? Sie brechen uns ab von unserer wahren Persönlichkeit, weil die Osmanen Ehre hatten. Wegen der Ehre der Osmanen wollten sie sie nicht. Sie wollten sie zerstören. Jetzt bereuen es alle. Alle bereuen es jetzt und können keinen Ausweg aus der Unordnung finden. Und wie könnten sie auch?

Sie verließen das Sultanat und errichteten ein Sandala Mandala System. Was sie Demokratie nennen, ist das Sandala Mandala. 'Was ist das Sandala Mandala, o Mawlana?' Nun, ich weiß die Bedeutung nicht. Aber die Machenschaften dieser Leute sind das Sandala Mandala. Dieses demokratische System ist das Sandala Mandala. Es taugt für nichts anderes. Niemand weiß, was es ist. Insha'Allah, wird bald das Unterste zu oberst gekehrt, weil es keine Grundlage hat. Es bebt, es bebt überall. Warum sind all die Leute überall auf die Straße gelaufen? Sie können nicht finden, was sie suchen. Sie können nicht finden, was sie suchen in dem Sandala Mandala System. Jeder, der an die Macht kommt, kommt, um seine Taschen zu füllen. Möge Allah alle Menschen erledigen, die diese Geisteshaltung haben. Wir brauchen einen Sultan. Und das wird geschehen. Es kann keinen anderen Staat geben als das Sultanat, um uns zu retten. Das Sultanat, die Familie der Osmanen, möge Allah ihnen Gnade erweisen, und mögen jene, die sie zerstörten,

verflucht sein. Fatiha.
Er nahm den Leuten den Turban mit Gewalt. Er nahm ihnen den Fez, den sie aufgesetzt hatten, mit Gewalt. Er hängte so viele Menschen (die sich dem widersetzten). Was war die Notwendigkeit dafür? Er zwang die Leute mit Gewalt, den Hut zu tragen, und hängte Tausende, die sich dem widersetzten. Welche Regierung? Sandala Mandala. Das sind keine Taten eines vernünftigen Mannes. Möge Allah uns von ihnen fernhalten. Sein Unheil ist auf ihren Köpfen. Sie können es immer noch nicht verstehen. Wir haben keinen Menschen, der denken kann, wegen all dem Kämpfen. Diese Partei, jene Partei... Welche Partei? Welche Partei ist das? Eine Nation, ein Sultan. Das Kämpfen zwischen vielen Parteien ist die Machenschaft Shaytans. Sandala Mandala. Europa wurde auch verdorben, die US wurden auch verdorben, Rußland wurde auch verdorben, der ganze Mittlere Osten wurde verdorben. Sie sind jetzt ratlos, was zu tun sei. Verlaßt das Sandala Mandala System. Kommt zum Sultanat, bringt eueren Sultan. Dieser Sultan ist der Stellvertreter Allahs auf Erden. Dhillullah, er ist der Schatten Allahs. Diese Leute sind verunsichert und ratlos. Er sagt: 'Ich verbiete'. Er verbot die Osmanischen Buchstaben in einer Nacht, und die Leute blieben ratlos zurück und wußten nicht, was tun. Er sagt: 'Es ist verboten, das Osmanische Alphabet ist verboten.' Er ließ es ändern, damit unsere glorreiche Geschichte nicht bekannt werde. Er änderte es zu 'A, B, C'. Warum? Es bestand keine Notwendigkeit dafür. Er hätte beides behalten können. Es gab schon Leute, die Lateinische Buchstaben schreiben und lesen konnten, oder die englische Sprache. Sie konnten sie gebrauchen. Warum zwangst du die Leute, die es nicht brauchten, und sagtest: Ihr dürft nur damit schreiben? Die Menschen wissen gar nichts mehr jetzt. Sie sind alle Unwissende. Sie sind sich ihrer Geschichte nicht bewußt.
