Allah, ya Rabbi. Ghani, der Reiche Sultan. Mögest Du uns einen Sultan senden, der diese lumpigen Sandala Mandala Gruppen beseitigt. Mögest Du uns einen Sultan senden, der Deine Glorie verkündet, der Deines Geliebten Ehre verkündet, der Deiner Shariat großen Respekt erweist. Amin Amin Amin... Fatiha. Ist das gut? Wie ist es? Könnt ihr das im Kopf behalten? Dies öffnete sich einfach so, als ich saß, aber ich glaube, es stimmt. Ja?
HF: Natürlich stimmt es.
M: Mein Schwiegersohn ist ein Löwe, masha'Allah. Du auch. Es wäre anders, wenn er die alte Osmanische Kleidung trüge, Shalwars und setzt ihm die Osmanische Krone auf, diese Kleidung

ist anders.
HF: Das ist die Sandala Mandala Kleidung.
M: Gefällt dir der Ausdruck?
HF: Sehr gut. Der Kleidungsteil auch.
M: Ja, wegen ihres Systems ist die ganze Welt Sandala Mandala
geworden. Wie kam es plötzlich zu mir, dieses Sandala Mandala? Die Damen sind auch Sandala Mandala, alle. Gefällt es euch? Es kam richtig gut. Fatiha. Wenn man davon spricht, geht das nicht Stunden, Tage oder Monate, sondern Jahre und immer noch kommt man zu keinem Ende, Sohn. Aber es paßt sehr gut zu ihnen! Ich weiß nicht, woher dieses Sandala Mandala zu mir kam. Sie alle wollen das Sandala Mandala System. Hier ist es, nehmt es! Kämpft immer weiter miteinander.
Eine Öffnung bald, o Herr, o Herr! Sende den Sultan, der die reine Shariat Muhammads (saws) ausführt. Mögen die Osmanen kommen, o Herr! Fatiha. Das paßt sehr gut. Es kann nicht funktionieren mit diesem Sandala Mandala System, weder in Zypern, noch bei den Türken, den Russen, den Amerikanern.. Aber die Briten bewahren das alte System. Die Briten haben ihre Tradition nicht verlassen. Die anderen machten Fußball und warfen ihre Bräuche in den Müll. Nicht einmal in den Müll, sie warfen sie ins WC. Tawba ya Rabbi. Dieser Sandala Mandala Begriff ist sehr gut. Die Damen im Sandala Mandala sagen: 'Wir folgen der Mode.' 'In welchem System seid ihr?' Nach dem Sandala Mandala System lebt jeder im Gefolge der Mode, mit modischer Kleidung. Diese Mode ist etwas, was Shaytan erfunden hat. Sie haben die Frauen wie Huren gemacht und ihre Männer wie Zuhälter. Was ist passiert? Die ganze Welt ist zerstört und platt gemacht im Sandala Mandala System. Tawba ya Rabbi, Tawba Astaghfirullah. Sie (die Sultane) dienten den Menschen, aber jetzt nicht mehr. Genau wie eine Hacke schneiden sie und ziehen alles auf ihre eigene Seite. Alle, die im Sandala Mandala System an die Macht kommen, sind wie Hacken, schneiden zu ihrer Seite. Nichts geht an die Menschen. Wenn er schneidet, dann nur zur eigenen Seite. Nichts zur anderen Seite. "...Bashiru wala Tunaffiru". Macht die Menschen glücklich, erweckt keinen Haß. Die Menschen hassen einander. Was ist das? Das ist das Sandala Mandala System. Das ist hervorgekommen, neu, frisch. 'Es gibt kein Quranlesen im Sandala Mandala System.' Das bedeutet, Shaytan dominiert zu der Zeit. Niemand liest Quran im

Sandala Mandala System. Was lesen sie? Sie lesen Flüche und schimpfen auf... die sie erfanden. Alle Leute verfluchen sich gegenseitig im Sandala Mandala. Aman ya Rabbi.
Und das ist auch ein starkes Sohbat. Es bringt die Leute zum Erstaunen. Sie sollen das senden. Okay. Allah segne euch. Wir bleiben, bis das Haqq kommt, insha'Allah. Sie werden mich nicht auf halbem Weg holen, insha'Allah. Ich werde bleiben und den Schmutz dieser Leute wegwischen und Bayat nehmen von Mahdi (as). Dann werden wir sie reinigen, insha'Allah, diese Sandala Mandala Systeme. Okay. As-Salamu Alaykum wa Rahmatullahu wa Barakatuhu. La ilaha illa Allah, Sayyidina Muhammad Rasulullah. Okay, Sohn, langes Leben!

## The Downfall of Satanic Pride

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat wa alfu salaam ala Sayyidi 'l-Awwaleen wa 'l-`Akhireen, habeeb ar-Rabbi 'l-Alameen, nabiyyiuna wa habeebuna wa shafi`una, Sayyidina Muhammad wa `alaa Sairi 'l-Anbiya wa 'l-Mursaleen wa man tabi`ahum bi ihsaanin ilaa yawmi 'd-deen. (Mawlana Shaykh sits) Dastoor yaa RijaalAllah, yaa Sahib az-Zamaan. Dastoor yaa Qutb al-Mutasarrif. Dastoor yaa awliyaaullah, madad!

We are weak ones, astaghfirullah. As-salaamu `alaykum, O servants of Allah, wa rahmatullahi wa barakaatuh. We are weak Children of Adam. al-Haqq (swt) said:

•••••••• ••••••••••• ••••••••

Wa khuliq al-insaanu da`eefa. Man is created weak. (An-Nisa, 4:28)

However, Shaytan blows into human beings and cheats them, saying, "You are powerful," then people think they really are strong. He inspires that in them and he has full knowledge of the natural sciences. Therefore, when the devil realized that Judgment Day is near, he prepared himself and said, "I must teach human beings something I know. I have to use all I have learned to corrupt human beings and lead them astray." He looked at who was ready to learn something from him so the fire of corruption may come on them and they will be

unable to put it out. He said, “And this is how I will take revenge on the Children of Adam, as I was thrown out of Heavens because of them!”

The first power Shaytan taught was through Thomas Edison; he opened for him the secret power of electricity and Edison said, “Oh! What is that?” That was the door Shaytan opened and he made them go through that door. The origin of all machines and technology is from that door, including electricity. So many inventions came out in our time now that the mind cannot accept, because Shaytan did not leave a chance to think how that happened. He opened so many doors to create more fitna, which leads to disbelief. Ever since, people have reached a limit to control that power. After entering that door, they were astonished and forgot their past, and found themselves in a time and place that made them forget from where they came.

Now they have reached a point where they cannot take further steps, and that also amazes them. At the beginning they were surprised with the power, and how they had reached the limit also surprised them. When the doors opened they did not know what to do: destroy this world or not? It is possible if one more step is taken this world will explode like a bomb! Now they have reached a situation where they are scared to go further and they are deep in astonishment, because they have experienced the world from its depth to the skies.

But their teacher is Shaytan, who intends for them all kinds of injustice and disease. His intention is to steal the dress of human beings and give them what he is dressed with. Now he has reached a limit and he fears the world may explode. He can blow up the world, but that is not his aim; as long as the humans are on Earth, his aim is for them to be diminished among Creation, and for their punishment to increase, to further spread his teachings among human beings!

As a result of Shaytan’s work, his students and followers are now confused. A few years ago human beings thought they had all the power in their hands and were capable of doing all that they wanted, but Allah, the Lord of the Heavens (swt), (Mawlana Shaykh stands) our Lord and Lord of the Worlds, (Mawlana Shaykh sits) ordered the Qutb al-mutasarrif in the world through the means of Rasool (s), (Mawlana Shaykh stands) Sayyidi ‘l-Awwaleena wa ‘l-Akhireen (Mawlana Shaykh sits) to now close a bit of that door on those human beings whose imagination has exceeded limits, to show them that they have nothing. That door was opened for them and from it various inventions came out. (Prophet (s) ordered,) “Close it a bit and show them they

are in disorder and that over them there is a mighty power which may show technology is nothing and they cannot do whatever they like."

The Lord of the Skies and the Lord of all the worlds, ordered one in charge in this world, by the intermediary to the Prophet (s) who is Qutb al-mutasarrif, to show them a little bit in the oceans so that they know what they really have. He ordered the malak al-muwwakal, the angel appointed for earthquakes, to shake a little. He shook the ocean a little, which also shook in Bahr al-Qudrah, the Oceans of Power, like an atom. The whole ocean became black and from under the ocean fire erupted. A mighty power appeared, which does not even amount to an atom. It hit Japan, whose people were so arrogant about their technology, which was more advanced than that of America, England, and Europe. There appeared less than an atom from the Oceans of Power, and it attacked them and made them bankrupt, then all Shaytan's efforts were bankrupt!

The Lord of Heavens says:

••••••• ••••• ••••••••• •••••••••••

faqaala anaa rabbukum al-`alaa. (Pharoah) saying, "I am your Lord Most High!" (An-Naziyat, 79:24)

••••• ••••••• •••••••• •••••• •••••••

inna rabbaka fa`aalun limaa yureed. Your Lord is the (sure) Accomplisher of what He plans. (al-Hud, 11:107)

It means, "You are my weak servants and I have absolute power over My Creation." Then the whole world that was previously arrogant with their technologies will come down to the point of zero. Allahu Akbar! Amaan, yaa Rabbee (Safety O our Lord) ! Allah, Allah.

O People! Consider what has happened in just moments! A huge wave of power which was only like an atom was sent. If two waves had been sent, they would have overtaken the whole world like the flood of Noah (a). Take wisdom from this! Because of their arrogance, their Lord will teach them a lesson. This happened as a result of a small drop of power in that ocean. If it had been doubled it would have overtaken China, Siberia, and Russia up to the Atlantic Ocean, then also America and the whole world! A moment or two longer and the whole world would have been under the water of Divine Might!

All the countries are proud of their technologies and are dependent on them. Shaytan inspires them, "Look

how well you can live with technology." Now their ears have come down (in shame). If that event had lasted a second or two longer, pointed at the world, perhaps no living creatues on Earth would remain! The oceans might have become poisonous and a person may never like its color. (Take care, as) it may come a second time and finish (this world)!

O People! Beware and take a lesson from this event, that your Lord is fa`aalun limaa yureed, yuhiyy wa yumeet, He does what He likes. So keep your manners, leave fighting with each other, leave divisions among yourselves, or He will bring a situation where all countries and all of you will be covered with the dirtiest, blackest, poisonous water. If the single drop enters a person's mouth, he will die, with no movement; from only a drop he is finished!

O People! Leave being enemies with each other. Allah (swt) said, kunoo `ibaadan, "Be servants." Allah, Allah. Leave enmity with each other and be brothers. Don't fight with each other. Try to give honor to your Lord's orders, if you like to be happy here and Hereafter or else one day will come when an army will target you.

O People living on this planet! Be sincere servants of Allah and do not hurt each other or your reward will be like what He did to Japan and all of the countries. This is important. Allah Almighty might bring a punishment even more severe than that, as Judgment Day has drawn nearer. Allah (swt) is collecting all His servants under one rule, which will be between the ruler and Him!

O Lord! We ask for Your forgiveness and pleasure. Sultan sen! Subhaan sen! We are nothing!

O People! Leave Shaytan, and follow the path of peace and safety that Sayyidi 'l-awwaleen wa 'l-akhireen (s) has announced. Be with Allah, and don't be with Shaytan. Yaa Rabbee! Yaa Allah! Yaa Rabbee! Yaa Allah! Send us a king who fights for Your sake and grant that we may become Your servants night and day, to honor Your orders. Yaa Rabbi 'l-`Izzati wa 'l-Azhamat wa 'l-Jabaroot!

Bi hurmati man anzalta `alayhi, Surati 'l-Fatihah.

## The Saved Group

Dastoor yaa Sayyidee, madad! (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah

O our Lord, give highest honor and glorifying for Your representative from pre-Eternal up to Eternal, Sayyidina Muhammad (s). Sayyidi 'l-awwaleen wa'l-akhireen, Sayyidina Muhammad (s), zidhu `izzan wa sharafan, nooran wa surooran, "Give him more dignity, honor, light, nobility and happiness." We are asking forgiveness, O our Lord, for his honor. We are asking much more power, much more chance to be for Your service. You know that we are weak servants. Forgive us and give us much more chance to run for Your heavenly service.(Mawlana Shaykh sits.)

As-salaamu `alaykum yaa Sayyidee, Qutb al-Mutassarif for this dunya. We are asking divinely support for kicking Shaytan, kicking that one from ourselves. And also we are asking much more power defending ourselves from our dirty egos and its demands or requests. That is important. If not coming that divinely help and support, we can't do anything. And we are humble servants coming together in such a place for

reminding people for what they have been created and also what is going to be their positions after this muwaqqat, temporary life. Life, it is so nice and such pleasure for everyone to be in existence.

That is so big grant from our Creator and we are here, we know that we are on this planet. We are for a short time and after tasting the enjoyment and sweetness for being in existence, to lose that it is so, so sorrowful position. After tasting taste of life, then suddenly to lose it, it is so heavy, endless sorrow for everyone. Therefore, we are trying to be in existence. In existence. We don't like, commonly, no one asking to lose his life. Everyone likes to be always a living one. But it is impossible because their creation just organized for a short life. We are a physical being, inner organs and outer, their body can't carry even one century, coming down, coming down, coming down!

Therefore, it is impossible for this life to be eternal, can't be. But Allah Almighty is not someone to show His servants something and making them to taste something and then cut off that pleasure from them; that is not from Allah Almighty's Divinely Attributes. This is a good mentality and good understanding for everyone who may think on it. Therefore we are saying now, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Every time Shaytan is coming and saying, “You are going to die, then you are going to be through your grave and your bones going to be dust. That is your final position. Don't believe that you should reach a permanent life, no!" And that is making people to be sad and more sad and more sad, and some people will not be able to carry this, killing themselves. May Allah protects us.

O People! Therefore we are saying, bismillahi 'r-Rahmaani 'r-Raheem. We are believers. Who is going to ask to save himself from a darkness in life, through that darkness we must know something. Madad, yaa RijaalAllah. What is making people to leave? That is the question we are asking.

O Salafi `ulamas! I am asking what is your opinion about our lives? What you are thinking? Which thing giving us to be happy and to be always in pleasure through this life? You know it? You must know, everyone must know one attribute that we have been granted that is going to be a real reason for Mankind to be happy and not to be sorrowful when his age going up, going up, going up, because sorrow cutting a person and killing a person from inside, not outside. Outside, for a while he may continue his life, perhaps enjoying, but after 50 and 60 years, sorrow is beginning to grind him. Which thing is going to save people?

O Salafi `ulamas, marhaban! Say! Say if the Lord of Heavens (swt) was not sending prophets, He Almighty

may grant to His servants one attribute that makes that person to be standing up like this, not to come down like that. Which thing is giving people energy of standing up? One word, say! Hope! Hope! What is Arabic? Amal. Therefore, never cutting away from Man, and people always they have tool al-amal, long hope. Like a 90-years-old person will say, "I may live more!" But why, for what you are asking to live more, for what? What is his aim asking for a long life? If he is asking a long life for dunya, he is going to die one day, but their hope makes them to stand up on this world and to complete their aims or for what they have been created. They are finding a power through themselves that they may live longer for something. Therefore, people are going to be on two different lines, one of them asking to reach Eternal life, but to reach fully. The second group of people, they like their hopes carrying them to dunya, to this temporary life for enjoying more and more. Both of them, they have hopes. One hope for believers, one for non-believers.

O People! Pope, Chief Rabbi, Dala'i Lama, hear and listen! Everyone must have a hope, but theirs is a good and true hope for true things. Another hope is not a good aim to reach. Like you are looking in a mirror, khayaal, imagining. One hope is running after a real being, another is carrying people to an imitated imagining. Therefore, hope is going to carry people to two parts, because that engine giving them power to move, same thing, but one of them carrying them to real hope and the other is not. They are putting one stone on another stone, looking in laboratories, looking what seeing, and they are finishing. But others with good hope, good tidings for them: when their souls smelling good smelling, real essence, they should be taken to direction of that aim. But second ones are not smelling that and their hopes are going to be cut, because they are saying when you die everything is finishing. When a person is thinking such a way, he is never going to be happy in this life.

The calendar is taking, one day passed away, one week passed away, one month passed away, one year passed away, ten years passed away and he is saying, “My hope for living is coming to zero point.” But believers have such a sensibility, moving with a real aim, with their hope, every day they say, “Now we are approaching to our real aim,” and day-by-day they are going to be happy. And saying all prophets that mu'mineen, believers, their last day is best day because imitated body going to be taken away and real being comes.

O People! This is giving to you real happiness and enjoyment and pleasure. We are addressing to whole Mankind because Mankind going to be into two parts: one real-hope people, second people with imitated aims. They are asking a long life, but one group of people have aims carrying them to their real aims.

Therefore, mu'mineen, whom they are believing to reach to their Creator's Mercy Oceans, they are beginning when they are reaching, going to be elder, elder, they are beginning to smell real good smell coming from real worlds. They are not dreaming, they are running on a true one and others are dreaming imitated dreamings, and unbelievers are sleeping, because they lost to reach to a level, what going to be clear for them why they are here and what they are going to be. One's hope is real and the other's hope is nonsense.

O People! Don't waste your efforts for imitated aims; it is not for you. O Pope, Your Holiness, listen! Whole Christian world may listen!

Once Jesus Christ (peace be upon him) was passing through lands and he met a person plowing his field, giving salute and asking him,
“Who are you?’”
"I am a farmer and I am plowing this land of mine.”
“This land is yours?"
"Yes, sir, it is mine."
Jesus Christ said, "O my Lord, You know best for whom is this land. Show us." And instantly that field was filled with so many people and everyone saying, “What? Why we are coming here?"
The farmer said, "This is my field."
"No, my field!" and the farmer is astonishing; he was very makhjool, ashaming.
"Look, everyone saying this field for him, how you are saying for you?"
"Who are you?"
"I am a servant of my Lord and I like to teach my nation. Everyone is quarreling, saying, 'This land is for me, not for you,' and you must know it is only for the Lord of Heavens." (Mawlana Shaykh stands and sits.)

King, maluks, how many passed away sitting on their sultanate throne, saying, “This country belongs to me.” And so many hundreds of kings, sultans saying, “This land is for me.”

O People! Don't be cheated. Therefore, I am saying to Salafi `ulamas to say such a naseeha, advice, for kings, for rich people and for common people, "O People! Don't worry, and don't run after this land because it is not for you. Finally it is going:

••••••• ••••••••• ••••••••• ••••••• •••••••••• ••••••••••••

limani 'l-mulku 'l-yawma lillahi 'l-Waahidi 'l-Qahhaar. Whose will be the dominion that Day? That of God, the One, the Irresistible! (40:17)

Finally, you are going to be buried, but it will last. Allah (swt) will ask, 'Who is belonging to whole continents and this land?' No one answers! Why not saying to your kings, to your mulooks, to your rich ones, 'That is not for you, malook, kings or rich ones or his relatives, no. That belongs to the Creator and you are only a renter for a while. Then we are leaving and another one coming and renting.'"

Don't be cheated. But what is the importance of `ulamas, what is their mission? Allah Almighty is saying! “O My beloved one, remind My servants about themselves through this life and after this life!" Why you are not saying, O Salafi `ulamas, for kings, for amirs, for shaykhs, for rich ones? Why you are not making? You are Arabs. Remind them. Why you are not saying, “O our malik, O our shaykh, O our rich ones, don't think that what you are carrying belongs to you. Why you are not reminding to them, “Allah granted to you millions and billions. Why you are putting in banks in caches? Why you are putting there? Do you think Allah granted to you to make treasures? Why not giving (to help the needy)? Now millions of people sleeping, shivering under the cold weather, no place to get in it; why you are keeping treasures, why you are not reminding? No, you are only saying, “Don't stand like this in Prophet's (s) honored presence, don't do that!” It is nothing! It is nothing, you should say to prevent it. Why you are not advising?

And millions, billions, quadrillions that Allah giving to you, oil to you and Allah giving gold. Why you are not going to do ma`roof, charities? Fill your whole world with your charities. Do you think you are going to die on hunger? No, but on wrong way. So many doctors of Shari`ah and so many Salafi `ulamas never open their mouth to say, “You must give, as coming through our holy books our Prophet’s advising to one Sahaabah (r), "Don't question who is asking you for you charity. Give and don't fear that the Lord of Heavens, the Lord of the Holy Throne, makes your money or your power down."

Now sometimes I know something. I am not an `alim like you. You have so many weapons but you are not knowing what weapon to be used for what purpose. We are poor ones, but we are fighting like the example of Sayyidina Dawud (a); one stone he sent on Jaloot (Goliath) and killed him. We have only one stone and you have so many weapons, but you are not knowing how to use it against Shaytan. Come and accept truth! Who

is accepting truth is mu'min. I am not knowing something but when I am speaking it has value because coming from Prophet (s). (Mawlana Shaykh stands.) Sayyidi 'l-awwaleen wa 'l-akhireen, Sayyidina Muhammad (s). Respect him! (Mawlana Shaykh sits.)

O our Lord, forgive us and give us good understanding not to follow shaytanic ideas, because Shaytan just covered from east to west, just changing people. They are finally going to be hopeless, and hopeless people going to fire, to hells, and hopeful people just thinking that Allah Almighty will forgive and send to Mercy Oceans. Forgive me, from that one that granted from pre-Eternal to Eternal. (Mawlana Shaykh stands and sits.)

Fatihah.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome Dome, dome, dome, dome 4x

Fatihah.

Shukria, thank you, danke schön.

(Mawlana Shaykh speaks with Mawlana Shaykh Hisham the on phone.)

Mashaa-Allah barakaatuh yaa shaykh, mashaa-Allah, mashaa-Allah. (Mawlana Shaykh is very happy.)

# SAVE YOURSELF FROM THE GREAT REVENGE, BE WITH BLESSED-ONES!

May Allah the Lord of Heavens bless our meeting. We are asking for His Forgiveness, first of all for me. If He forgives me it means that He is not angry with me. If He is angry with me, He will never bless us. That is why I am first of all asking for forgiveness from the Lord. If He sends his Servant to us, I hope it will be a spritual feast. We believe in Jesus Christ and that he received a spread table from Heavens. That was one of the miracles which he received. Nowadays we can ask and anytime the Lord may send a spiritual banquet to us. Everything is a Divine Banquet anyway, because originally everything comes from Heavens. It is not necessary to see the banquet coming down from Heavens, because what we really need in our days is a spiritual banquet. People are like robots, without hearts and feelings and they do not ask for any spiritual enjoyments. They are running after their physical demands and enjoyments, nothing else! That is why we need to have spiritual banquets. Very few meetings are prepared to welcome such a banquet. I hope that our humble meeting will prepare people to accept spiritual and heavenly banquets.

We are not claiming anything else than to be servants. Since the first man until today mankind has been created to be servants of their Lord, of the Creator. Can anyone claim anything else? The Lord Almighty is only asking servanthood from his creatures and He has the right to do so. If you have workers, would you just let them sit down and look at you and do nothing? What are you keeping them for? For service! In the same

way the Lord Almighty Allah created man for his Servanthood. He did not create us to go to work and then to go to pubs, instead of going to temples, synagogues, mosques! He created mankind for his Servanthood and for daily service. Writings on churches and cathedrals say 'Sunday service' or 'service for some occasions'. But they were built for daily services. People are never fed up to go to pubs, to go to casinos, discotheques or any other bad places. They are never fed up with that. But they never think to go to worship, to go for servanthood. That is the trouble.

All those people who are running away from servanthood are trouble-makers. The first trouble-maker was Satan. From all the creatures, all the angels, he was the one who did trouble. Whoever follows him is a trouble-maker. Who is happy with this situation? Since 20 years I am coming to London and every year I am seeing that peace is not growing, but trouble is. People are taking their hearts away. They are not using their hearts. They are also not using their minds and they are not using their will-power. They are trying to be on the level of animals, but we are not animals. We have been honoured to be mankind. The crisis is increasing. There are troubles, sufferings and fire everywhere.

We are too weak to do anything because the first responsibility is on the government. All governments are feeding trouble-makers. They are with them. They have so many laws and rules which are not being practised. We need powerful ones! The Christian world must have Kings! The Islamic world must have Sultans! Her Majesty the Queen is the Head of the Church of England, but it is only like a symbol. She cannot do anything. The Church of England has rules, but there is another parliament that does everything which is against Christianity. In the Islamic world the governments are doing everything against Islam. If all Bishops would come together... But we are not doing anything. Even if all the holy-men would come together, we couldn't do anything. It isn't even possible to ask parents to look after their children properly and to teach them Judaism, or Christianity or Islam. They can't do that, because the government is telling them not to. What kind of a situation is that? When I am seeing all this, I must say that the 20th century is the worst century, every belief has been destroyed. Atheist ideas are covering everything, it is taught in all the schools. How are troubles going to finish like this?

I hear from Jewish and Christian religious people that they want to make a co-ordination between themselves. I have been invited to some of them. When I went there and listened, I thought to myself that it is a useless meeting because the religious people do not have any power to remove anything. How should we co-

ordinate ourselves when we don't have any power to remove the evil? Everything is in the hands of the devils.

We are believers and we know that this world is going to reach its last days. It has come a long way. It has come from the first man Adam and it has passed so many stations and now it is reaching its last station. Everything is written in all the Holy Books: the Old Testament, the New Testament and the Holy Quran. The last days must come. The last station of this world is now approaching. This world is not going to remain for ever. No! We are not philosophers, we are believers. We believing that there is an end for this life on this earth. We do not believe what some scientists say, that the last day will come when the sun finishes. No! That is not real knowledge. It is all imagination, nothing else. Life will reach its last station, according to the Holy Books. We take our knowledge from the Holy Books. We are not scientists. No! All scientists nowadays are atheists. They say that we come from monkeys. We do not come from monkeys, we are from mankind. But those people are very happy to be monkeys and grandsons of monkeys. Do you accept that? What kind of honour is that, to be a monkey?

We take knowledge from Holy Books and according to that information the world now is going to be full of trouble. I am fearing the Divine Revenge which is mentioned in the Holy Books. From time to time nations are being taken away by Divine Revenge when they do not keep their services. If they do not keep Divine Revenge, they will be taken away. I am afraid of this, but whether I am afraid or not, this Divine Revenge will come in any case to take bad-ones away. Don't say that all Christians are good-ones. Don't say that all Christians are bad-ones. Don't say that all Muslims are good-ones. Don't say that all Muslims are bad-ones. Don't say that all the Jewish people are bad-ones. Don't say that all the Jewish people are good-ones. Every nation has good-ones and bad-ones. When the Divine Revenge comes now it will take the bad-ones and leave the good-ones.

After the Divine Revenge we are waiting for the blessings for the good-ones. That will be the time of Jesus Christ and the time of Mehdi Alehi Salam. In that time blessings will be everywhere and this world will be filled with blessed people. Cursed people will be taken away. We are trying to bring that message to people. That is our message to people: be with good-ones, don't be with bad-ones. When Allah Almighty ordered Moses to punish Karun, Moses said to his people, "Whoever is with me, can come with me. Whoever is with him, can go with him!" Then the Divine Punishment came and the people following Karun were destroyed. Nowadays everyone is responsible for themselves. Look which side you prefer. What are you choosing: to be

with good-ones or bad-ones? Don't say that you are this one or that one. Titles will not help. The Lord looks whether his servant is with the good servants or the bad-ones. Shaitan is also a servant, but a bad-one. No-one can escape being a servant. But Shaitan is a cursed servant. So whoever is with him is also cursed. Whoever goes with prophets, with saints and with good servants are blessed servants. May Allah forgive us and bless us.

"Please, Sheik, pray for us!"

I am praying, but the Lord is looking with whom his people are together. Praying is so easy. That is my job, to pray: "Oh, my Lord, bless our people!" But He will say, "Where are they standing? With which group are they standing? To whom are they giving their support? To me or to devils? If you ask me to bless devils, you are wrong! Let them be with blessed people, blessed servants, then I will accept your praying for them!"

Yes, you must be with blessed-ones. Like that, even if you are not praying, blessings will come on you too. But people are escaping from blessings. Cathedrals are empty and hospitals are full! Temples are empty but prisons are full! Mosques are empty but mental houses are full! Why? Mosques, temples and churches are blessed places and blessings come on them, but people are escaping. Curses come on prisons and mental hospitals. These are not good places. Curses and punishments come on them. If you would look after the blessed places, hospitals would be empty, prisons would be empty and mental houses would be empty. But we are leaving churches. Look! There is a gigantic church here which is empty. There are so many of them. Some are even put up for sale. I am sorry to say this St. Ann's Convent has also been destroyed. How? Before more than 100 nuns were living here and they were praying. But then nobody wanted to become a nun anymore and to come here. It was finished, destroyed. Because the new generation does not believe in anything. They are atheists. They only believe in eating, drinking and dancing. Isn't that so? Faith is decreasing. When people were blessed they were running to pray and the Lord would look and say, "Oh, my servant is coming to my service, is coming to worship me. My servant is respecting me, is praising me and thanking me!"

Where are people now? Do you think that the people in the pub are praising Allah? Or the people in the discotheques, cinemas or casinos? Because of this everyone has to do their best to be with blessed people. This convent will once more become a worshipping place. Even if it is a different kind of worshipping, it is

still for the Lord of Heavens. It is a good sign and it means that whoever built this convent was a blessed-one, because it did not end up in ruins or being taken over by the council to make rooms for playing or other foolish places. Thanks to the Lord that prayings are continuing here. Next year the main part of the convent will be repaired and next year we will find big rooms to be in. We hope so. May God bless you!

If you have any difficult question, the answers are in the Heavenly Books. These are the true answers. Real knowledge is in Holy Books, not in philosophy or science. Science can tell you how ants walk and how mice run. That is science! It cannot teach you anything concerning Heavens.

Everyday I am looking and crying when I see old people here who are thrown away. People are claiming that they are living in a civilisation. How can this be a civilisation when people are not looking after their father or mother or relative? They cannot give them any room but put them in an old people's home. Old people are blessed-ones, but I am told that it is oldfashioned to keep them and newfashioned to put them away! Of course they are given everything there, but inside they are always sad. But we cannot change these things. It is like a big and a small wheel. When the big wheel turns like in one direction, the small one cannot go in the opposite one. We are like the small one. We cannot go against the big one. The wheel of the governments turns like this and we must follow them. That is all.
"But what about God's Wheel?"

God's Wheel carries it all. That is why revenge is coming.

## Say: "Audhu bi-llahi mina-shaitani-rajim"

Say: "Audhu bi-llahi mina-shaitani-rajim". Not everyone can go against Shaitan (like S.Omar from whom Shaitan was escaping). Don't say that you are strong enough against him!

In reality Shaitan has no power. But even a small virus for example can kill a man tall and strong like a tree. And there are insects that sit on every dirt and then come on you to pass on the dirt. Don't say that you are stronger, no, it can destroy you. If you don't pay attention, even the weak Shaitan can harm you and make you loose your way, like he has done to all the people of the 21st century. With what they do, they follow him, they don't go against him, because they don't use: ‚Audhu bi-llahi mina-shaitani-rajim'. They forgot it- starting from the president and the general. Nobody who gives a talk in the islamic world starts with this word anymore. The world of Kufr anyway they don't use ‚Audhu...', but there are 4o to 5o islamic states and they don't say it either. They became proud and puffed up like a balloon- inside it is empty, full of air, and one needle

can make them to explode. Megalomania and egoism is going around, but greatness and glory, 'Azamet and Kibriya, are only for Allah... Man is born into the world as 5 kg, then they grow up to 1 ½ or 2 m, but after that, how much they can grow? And the Holy Prophet sws was surprising and he said: "Man is between pipi and kaka, two channels that excrete dirt- how can he be proud, when all the time dirtiness comes out of him?!

The Holy Prophet sws said: 'I am sitting like a slave and eating like a slave'. This word should be enough to make people human beings, not to give themselves any importance in the Presence of Allah. In the Shahada it says: ‚Muhammadan abduhu' first, and then'... wa rasuluh'. But people don't work for Allah, only for their ego, and they say that they don't have time for worshipping. For what you are created? But they have time to sit in the coffee-houses... And if they go to the mosque, they always look to the watch...

Who may control his ego, will get up. For this all Saints made sohbet- to make people human. If not, man is nothing else but a speaking animal. Who doesn't follow the Prophet will stay an animal, no matter which clothes he puts on. With clothes you don't change your characteristics. So many people will come with their animalistic attributes to Allah, because they didn't change. Then the veils will be taken from their eyes and they will be shown the film of their life and they will say if what they see there is a human being or an animal... Man is created to become a perfect human being, Insan Kamil, and to arrive like that in the Divine Presence! Nowadays everyone is against Islam, because it makes man human beings and strengthens their souls. Without strengthening your soul, you will not become a human being, because the animality is covering you.

There is no holiday in Islam. A Muslim is always on duty. Even on a Friday, after the prayer, they work. The Christians and Jews take a day or two off.

But that means that after the second day you have to start new to catch up with what you reached before. Until Wednesday you catch up, and Thursday you already prepare yourself for the weekend... No- in Islam there is continuity. Only at Bayram (Eid) there are three days free.

Without continuity also the children don't learn anything at school...

If the Egyptians themselves would have appreciated him they would have had support reaching them from Heavens to Earth, coming down. But they do not appreciate. They became a people with no religion nor faith. And they do not fear Allah (swt) and they have no love for His Prophet (sas). Nothing... "Wa La Tabarrajna Tabarruja Al-Jahiliyati Al Ula" (33:33) It is pointing that there will come another period of ignorance, a second one.
I was, O Shaykh Omar Sa'yid Effendi, maybe you were a young boy when I went to Egypt from Syria through Port Said. From Port Said, I went to Alexandria. From Alexandria, then I was going to Cairo. While I was waiting for the train, from that side came a man.. a young man, wearing a turban. He greeted me or not, I don't remember. He asked "from where are you?" "From Sham?" He said "O Shaykh, here in Egypt we have 300,000 wearing turbans." He said to me. My blood pressure went to my head! I told him "and with the 300.000 turbans you have so much corruption in your country." He ran away! Ran away... 300.000 he told me, scholars, for what do you come here. I told him..... this event happened maybe 50 years ago. I was upset & angry so I told him "for what is all this corruption if you have 300.000 people wearing turbans?" This was a long time ago. It was at the time of the first shaytan(Abdel Nasser). After him I do not know who came after him and governed. The one who got killed (Sadat). This is 60 years ago. What about the corruption now in Egypt? This is the fruit of what they did, this is what came on them. They left their religion, their beliefs, the respect to their Sultan. They are not paying attention and they say this "bida"/innovation - there is no such thing in Islam. Adab Ya Hu! We have Oh S.Omar Sa'iyd, adab/good manners from the highest Tariqa, and all the Tariqas also. Respect who is asking Ridwan Allah. Respect your teacher & respect your Shyakh. From respecting the Shaykh, you have to respect even his cat. This is written in the books. How the

Sultan of all Prophets (saws) - the son of his son (S. Hussein), a martyr Hz Sayyidina Al Hussein (as), is there present with them and they do not pay attention to him, do not visit him. They are forbidding visiting him. If they would have respected him, these curses would've not come down on Egypt. The corruption spread.

My Arabic is little. This is what we want to say and from here to the month of Ramadan, we would not finish.. I used to hear about Al Az'har so I went to see it. I saw all of them wearing ties, trousers & jackets. I thought that they were all wearing turbans like scholars, but no. They were formal, so it could not be said about them that they are students of Al Az'har Al Sharif. I saw the Turkish students there, all of them also - no turban & no jubba. The maximum of corruption! So on their heads are falling all these hardships. Tawba Ya Rabbi, tawba Ya Rabbi, tawba astaghfirullah. Tawba Ya Rabbina. The treasury of Egypt used to be equivalent to the treasuries of 7 countries. This is known. Now they are like this, begging. Shame on them! Tawba Ya Rabbi tawba..tawba May Allah (swt) forgive me... Fatiha.

Muhammad Ali Pasha from Kawala, (Albania) Ali Pasha, he was from Kawala he came and he took over the ruling and he built Cairo. And he gave to the soldiers of Napoleon a lesson In 'Akka. (Northern Israel). They do not know these things that are -how do you say- the old traditions that are remaining in my mind. I don't know anything. What can we say, I am weak. Ya Rabbi...O Sultan, Sayyidina Al Hussein (ra) O our Lord return to us our Kings. The Kings are the heads & the ones ruling now are the feet. The feet cannot be like the head, they are for walking.

Our way is through association & goodness is in the gatherings. We ask your forgiveness. People, they do not know how they are living, with whom! Sultan Sayyidina Al Hussein (ra). How can they become poor! We used to receive support from Egypt, not us supporting Egypt. The High Ottoman Empire used to get support from Egypt, power & glory. Subhana Allah, Fatiha.

There is a Sultan in Egypt, S. Hussein (ra). He is our Sayyid, our Sultan. To stand at his door and remain poor, cannot be. But they preferred disbelief and rejected the traditions of Islam. This punishment came upon their heads, curses came down. May Allah (swt) forgive us. They left the prayers, they left the ways of faith, they left the ways of Islam. Dancing, entertainment, playing music - this is how they tried to live, and this is what came upon them. Frangistan/western! They imitated Europeans & this curse came upon them. It is not befitting

the people of Egypt. Their scholars allowed the disbelievers to come and make corruption.
May Allah (swt) forgive us. Fatiha

Wenn die Ägypter selbst ihn geschätzt hätten, hätten sie Unterstützung von den Himmeln bekommen, herab auf die Erde, die sie erreicht hätte. Aber sie schätzen es nicht. Sie sind zu einem Volk geworden, das keine Religion und keinen Glauben hat. Und sie fürchten Allah (swt) nicht und haben keine Liebe zu Seinem Propheten (sas). Nichts... "Wa La Tabarrajna Tabarruja Al-Jahiliyati Al Ulá" (33:33) Es deutet darauf hin, dass eine andere Periode der Unwissenheit kommen wird, eine zweite. Ich war, oh Sheikh Omar Sa'yid Efendi, du warst vielleicht ein kleiner Junge als ich nach Ägypten ging von Syrien durch Port Said. Von Port Said ging ich nach Alexandria. Von Alexandria ging ich nach Kairo. Während ich auf den Zug wartete, kam von dieser Seite ein Mann... ein junger Mann, der einen Turban trug. Er grüßte mich oder nicht, ich erinnere mich nicht. Er fragte "Woher kommst du?" "Aus Sham?" Er sagte "Oh Sheikh, hier in Ägypten haben wir 300.000 Turbanträger." Das sagte er zu mir. Mein Blutdruck stieg in meinen Kopf! Ich sagte ihm, "und mit diesen 300.000 Turbanen habt ihr so viel Verderben in eurem Land." Er rannte davon! Rannte weg... 300.000 sagte er mir, Gelehrte, wozu kommt ihr hierher. Ich sagte ihm... diese Begebenheit passierte vor vielleicht 50 Jahren. Ich war wütend und zornig und deshalb sagte ich ihm "woher kommt all dieses Verderben wenn ihr 300.000 Leute habt, die Turbane tragen?" Das war vor einer langen Zeit. Es war zur Zeit des ersten Shaytans (Abdel Nasser). Nach ihm weiß ich nicht wer kam und regierte. Derjenige der umgebracht wurde (Sadat). Das war vor 60 Jahren. Was ist nun mit dem Verderben in Ägypten? Das sind die Früchte davon, was sie getan haben, das ist es was über sie kam. Sie haben ihre Religion verlassen, ihren Glauben, den Respekt für ihren Sultan. Sie achten nicht darauf, und sie sagen "Bida"/Erfindung - so etwas gibt es nicht im Islam. Adab Ya Hu! Wir haben oh S. Omar Sa'iyd, Adab/Gutes Benehmen von der höchsten Tariqat, und ebenso alle Tariqats. Respektiert diejenigen, die Ridwan Allah sein wollen. Respektiert eure Lehrer und respektiert euren Sheikh. Der Respekt des Sheikhs beinhaltet, dass ihr sogar seine Katze respektiert. Das ist in den Büchern geschrieben. Wie der Sultan aller Propheten (saws) - der Sohn seines Sohnes (S. Hussein), ein Märtyrer, Hz Sayyidina Al Hussein (as) ist dort mit ihm anwesend und sie achten

nicht auf ihn, sie besuchen ihn nicht. Sie verbieten, ihn zu besuchen. Wenn sie ihn respektiert hätten wären nicht diese Flüche auf Ägypten herabgekommen. Das Verderben breitet sich aus. Mein Arabisch ist so wenig. Das ist es was wir sagen wollen und von hier bis zum Monat Ramadan würden wir nicht aufhören. Ich hörte über die Al Azhar, also ging ich um sie mir anzusehen. Ich sah alle von ihnen einen Schlips tragen, Hosen und Jacketts. Ich dachte dass sie alle Turbane tragen, wie Gelehrte, aber nein. Sie waren formell, so dass nicht über sie gesagt werden konnte dass sie Studenten der Al Az'har Al Sharif sind. Ich sah auch türkische Studenten dort, auch so - ohne Turban und ohne Jubba. Der Höhepunkt des Verderbens! Deshalb fallen diese Bedrängnisse auf ihre Köpfe. Tawba Ya Rabbi, tawba Ya Rabbi, tawba astaghfirullah. Tawba Ya Rabbina. Der Schatz Ägyptens war einmal dem Schatz von 7 Ländern gleichwertig. Das ist bekannt. Nun sind sie so, betteln. Schande über sie! Tawba Ya Rabbi tawba..tawba Möge Allah (swt) mir vergeben... Fatiha. Muhammad Ali Pasha aus Kawala (Albanien); Ali Pasha, er kam aus Kawala und er kam und übernahm die Regierung und er baut Kairo. Und er erteilte den Soldaten Napoleons eine Lektion in 'Akka (Nordisrael). Sie kennen diese Dinge die, wie sagt man, die alten Traditionen sind, die in meinem Gedächtnis bleiben. Ich weiß nichts. Was können wir sagen, ich bin schwach. Ya Rabbi... Oh Sultan, Sayyidina Al Hussein (ra) Oh unser Herr, lass unsere Könige zu uns zurückkehren. Die Könige sind die Köpfe und die die nun regieren sind die Füße. Die Füße können nicht wie der Kopf sein, sie sind zum gehen da. Unser Weg liegt in der Gemeinschaft und Gutes liegt in der Versammlung. Wir bitten um Deine Vergebung. Die Leute, sie wissen nicht wie sie leben, mit wem! Sultan Sayyigina Al Hussein (ra). Wie können sie arm werden! Wir erhielten Unterstützung aus Ägypten, nicht wir unterstützten Ägypten. Das Hohe Osmanische Reich erhielt Unterstützung aus Ägypten, Kraft und Glorie. Subhana Allah, Fatiha. Es gibt einen Sultan in Ägypten, S. Hussein (ra). Er ist unser Sayyid, unser Sultan. Es kann nicht sein, dass man an seiner Tür steht und arm bleibt. Aber sie zogen den Unglauben vor und lehnten die Traditionen des Islam ab. Diese Bestrafung kommt auf ihre Köpfe, Flüche kamen herab. Möge Allah (swt) uns vergeben. Sie ließen die Gebete sein, sie verließen den Weg des Glaubens, sie verließen den Weg des Islam. Tanzen, Unterhaltung, Musik machen - das ist es wie sie versuchten, zu leben und das ist, was über sie kam. Frangistan/Der Westen: sie imitierten die Europäer und dieser Fluch kam auf sie. Es ziemt sich nicht für die Leute Ägyptens. Ihre Gelehrten erlaubten es, den Ungläubigen, zu kommen und Verderben zu stiften. Möge Allah (swt) uns vergeben. Fatiha.

## Schlaft nicht

Destur ya sayyidi, Madad ya Sultan ul Awwliya. Madad ya Rijal Allah. Audhu billahi mina shaitani-r-rajim. Bismillahi-r- Rahmani-r-Rahim.La hawla wa la quwata billahi l-azeem Shukr ya Rabbi, Shukr ya Rabbi, Shukr alhamdulillah. TAuba ya Rabbi, Tauba ya Rabbi, t Tauba astaghfirullah. Schlaft nicht. Du magst dir einbilden das der Thron von Allah auf dieser Galaxis steht, obwohl Er kein Thron benötigt. Du kannst nicht über ihn sagen das Er steht, liegt oder sitzt. Von unserer Schöpfung aus, wird das Einbildungsvermögen nie bis dort hineinreichen. Du bist nicht in der Lage, davon eine Beschreibung zu machen, Jede Beschreibung ist eine Schöpfung und es wäre dann wie du. Es ist unmöglich zwei Schöpfer zu haben, daß ist nur eine Beschreibung über unser Gespräch. Oh Allah, weck uns auf, weck sie auf damit sie zu uns kommen. Was denkst du? Wir mögen zu unserem Herr sagen, daß Er unser Schöpfer ist und das sein Willen überall hineinreicht. Wie ist das möglich? Der Allmächtige hat überall an unserem Körper Sinne gegeben und das aus seinem Willen heraus. Er hat sein Willen über die gesamte Schöpfung. Die Menschen müssen etwas über sich lernen, so daß sie nicht mehr von sich behaupten etwas zu sein.

Die Kraftozeane laufen durch die göttlichen Ozeane der Gnade. Aber die dummen Leute behaupten trotzdem weiter etwas zu sein, obwohl sie gestern noch krank im Bett gelegen haben und nichts zu melden hatten. Was ist das? Solche Ignoranz bedeckt die ganze Welt. Jeder behauptet einen freien willen zu haben, sie behaupten in der Lage zu sein alles zu tun. Zeigt mal, zu was ihr alles in der Lage seid.

Die Zeit der ersten Periode der Ignoranz ist vergangen, als das Siege s.s.w. gesandt wurde. Der Verstandt der Menschen wurde geöffnet, um etwas neues zu verstehen. Der geliebt Prophet s.s.w. wurde mit einem neuen Verstehen gesandt, das weder durch das alte noch neue Testament den Menschen gegeben hat. Durch dieses neue Bewußtsein, wurde die Welt geöffnet und beleuchtet. Dieser Wille und die ganze Weißheit kann und wird man nie verstehen, obwohl es nur ein Tropfen des göttlichen Ozeans ist. Dieses Licht ist jetzt so weit von uns entfernt und auch kleiner geworden, denn die Menschen sind mit anderen Sachen besetzt. Sie haben die Lehren des Propheten und die Taten der Sahabas vergessen. Jetzt sind wir in einer Zeit, wo die Leute den materiellen Aspekten hinterherlaufen und die Menschen und die Menschen sagen das sie keine himmlische Verbindung brauchen. Aber Allah bringt alles runter. Lette Woche war ganz New york stockduster. Was ist los? Wo doch die Menschen behaupten die Spitze der menschliche Erleuchtung erreicht zu haben. So viele geheime Kräfte gibt es in der Natur, aber uns sind so wenige davon bekannt. Diese Kräfte haben ganz viele Nimrods hervorgebracht, aber diese Zeit wird vorüber sein. Eines Tages wird Er den Schalter umstellen, er wird mit göttlichen Kleidern gekleidet sein.
Die Kraft von Allah kennt keiner, durch eine Person kann Er diesen Schalter schließen lassen, um uns zu zeigen das wir nichts sind. Der geliebte Prophet s.s.w. hat uns ein neues Verstehen gegeben, aber durch den Stolz der Leute, der sie glauben lassen hat das der Fortschritt ihr Kind sei. Wir erwarten ein Erwachen und wessen Herz nicht verrottet ist , wird merken welche Kraft fließt. Die Menschen glauben das der Mars sich von alleine bewegt.
Der Mars ist eine Materie, aber seine Bewegung gehört nicht zu seiner Materie. Darüber liegt Sein Willen. Wenn sich etwas bewegt, aber es sich nicht stoppen läßt, dann fehlt etwas und es würde nicht existieren. Möge Allah mir vergeben. Dies ist etwas, um unser Verstandcenter das Gehirn, zu öffnen. Denn die meisten benutzen ihr Gehirn nicht, manche vielleicht gerade mal 10%, daß würde reichen für unser Leben auf dieser Erde. Aber wieso erschafft Allah so ein großes Gehirn. Um den Rest als Müllsack zu benutzen. In Pakistan, haben die Esel die vor deren Rikschas gespannt sind, kleine Freßsäcke und bei jeder Rast spannen sie es um ihr Maul. Die Menschen laufen hinter solchen Säcken hinterher, sie interessieren sich nur um ihren Hunger und Durst zu stillen. Ist dies ein ehrenwertes Leben im 21. Jhr. Du kannst keinen finden, der in Ehre für seinen Herrn lebt,
Möge Allah uns gewähren mit den Leuten zu sein, die das Erbe des Siegel des Propheten besitzen. Für die Ehre der geehrtesten in göttlicher Gegenwart, Rasulullah s.s.w.

Fatiha

## The Difference Between Scholars and Those Who Truly Know

Dastoor yaa RijaalAllah, madad. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammad Rasoolullah, `alayhi salaatullah `alayhi salaamullah. O our Lord! Zidh habeebika, Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridhwaana, zidh wa baarik O our Lord, for all people who are following Your most beloved one's way and inaayat, guidance. (Mawlana Shaykh sits.)

A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem! As-salaamu `alaykum all people that are attending from east to west, as-salaamu `alaykum, heavenly blessings on you!

O People! Don't be cheated ones. Who are cheated, nothing can bring what they lost. We are giving our salaams to our responsible one for human nature on this planet. Welcome to everyone! We are welcoming also everyone who is attending for this holy association. I am a weak servant, I am m'amoor, ordered to address all Mankind, from east to west. Hear, listen, and obey! O Attenders! You will reach everything that makes you happy, here and Hereafter!

But whoever is not attending here, it is difficult for them to reach what they are asking. I am not saying Hereafter, because if they have a demand for Eternal life, they should give a short time in 24 hours, for the

Lord of Heavens. If they are not giving and never interested in what is going to happen beyond their lives, daily they are seeing, so many people were with us yesterday, but today they are not with us. At least, Mankind must give one or two minutes and must say, "So many people, hundreds, thousands, millions were on this planet; yesterday we were neighbors, but today they are not with us." At least they must use two minutes to think on it. They must say, "Who was bringing them yesterday, into this life, from nothing? And now, they too left this life and became nothing!" That is a very simple discussion within themselves, because sometimes everyone is discussing within themselves, "What is that? They were with us yesterday and today they left us? What happened to them? Who was carrying so many billions of people among us and (now) taken away, around us?"

O People! Don't think those who are running in the streets or boulevards occupied by Mankind today, were the same ones running yesterday on this boulevard. Yes? So simple, but glory to our Lord, Allah Almighty (swt). (Mawlana Shaykh stands and sits.) People lost their real mentalities, they are not using their real mentality and they are drunk. What is making Mankind to be drunk?! Do you think about that, O `ulamas? Learned people from every religion, for what purpose are you religious people?

O `ulamas of Ahlu ’s-Sunnah! Say, for what have you been scholars on this planet? O Shi`a `ulamas! What is your mission? You are attributing to yourselves the titles "Ayatullah" and "Hujjatullah," that such high ranks and honors you have been granted. I don't know this, but are very brilliant honors granted to you from heavens, or from people?!! Who gave to you those very brilliant titles? "Ayatullah" and "Hujjatullah," are high titles granted only to prophets, chosen ones. Those titles are very heavy titles. Do you think that you can put even a gram of weight on an ant? It can't carry the station of Ayatullah or Hujjatullah, or other heavenly ranks. Can you say if that is a grant from heavens or from people, or from a group of people? Say!!? And how are you accepting that title to be granted to you, saying you are Ayatullah or Hujjatullah? How can you say this? What is your proof that you are Ayatullah? Everything is from Allah Almighty (swt), as awliyaa are saying, wa fee kulli shayin lahu ayah, tadullu annahu wahidun (In everything there is a sign showing that He is One). This is Arabic or not, Salafi `ulamas? What are you saying? Everything has a holy verse applied to it. Wa fee kulli shayin lahu ayah. That means for everything there is going to be one ayah.

That is a big grant, perhaps the biggest grant from the Lord of Heavens to people, for them to understand, yes. And everything proves the Oneness of Allah (swt). Now learned people on this planet, in 21st century,

you are understanding as 20th century or 19th century people reaching the building stones, foundations. They are reaching two atoms!

We know the Seal of Prophets, Sayyidina Muhammad (s), (Mawlana Shaykh stands) who is granted `uloom al-Awwaleen wa'l-Akhireen, knowledge of everything that passed and everything to come. Everything is granted to the Seal of Prophets, Sayyidina Muhammad (s), but the non-Muslim world insists on not accepting his prophecy. Prophet Muhammad (s) was granted holy knowledge of the "Firsts and Lasts." (Mawlana Shaykh sits.) We are saying this for those who are saying they are learned, but who are not knowing because, there is a difference between learned ones and knowing ones. They are insisting not to accept the prophecy of Seal of Prophets (s) and they are not taking any care to make a research on his life. Why? O non-Muslim world, why are you not researching the life and personality of the Seal of Prophets (s)? And you are running through the darkness of past times, bringing some things, saying, "This is that and that is this."

You are going to the pyramids, making research, asking to learn about them. They were so serious about looking for what is in them and for centuries, so many years, they tried to find a way in. Finally, there was an unchangeable judgment. Talabanaa wajadanaa, "Who seeks Me will find Me." Anything that Mankind is asking, finally, an opening comes to them. They are searching a way into the pyramids and getting in. They are looking at their language and they are not knowing their letters, but Mankind has been granted such a big grant that if they are asking seriously, they will find. Those people are asking, looking, searching, researching, entering and finding mummies. Christian worlds' researchers came.

We are Muslims, we are not in need to make such research. We must research something else! Jesus Christ (pbuh) was not saying "O Christians, go to Egypt and look at what is in the pyramids." Prophet Yusuf (Joseph) (a) never approached the pyramids with that mentality. Ya`qoob (Jacob) (a) also was never looking and Sayyidina Musa (a) was not interested to look in it. But our Christian brothers have such a mentality, "We must look, we must learn everything." And, talabanaa, wajadanaa, they are asking and Allah is giving. Opening and entering, looking, "What is that?" Covering their noses, "What is this? Who is that one?" Making a research on that cadaver, "Who is that one? Who is that one? Who bringing this one here? Who is that one? From where, coming? We must understand." (Mawlana Shaykh laughs.) And so many hieroglyphic writings using every kind of animal, and they say, "What is this, what is that?"

There is a khaslat, habit, in Mankind to ask and to learn. SubhaanAllah. This habit is planted in their mentalities, not in their hearts. Hearts are knowing, but mentality must learn, must ask, must research, and then if their mentality is saying yes, then they are accepting what their hearts are saying.; if not, they are not accepting real news, real knowledge through their hearts. These people were coming and making a big research on a mummy, saying, "According to our research and this writing, that was Pharoah Ramses II." They may find, but from that point I am angry with the Christian world. For what are they running and reaching the bottom of pyramids, finding such cadavers, making so much research and saying this?

O People! Why are you not making research on the real personality of the Seal of Prophets (s) who was born in unknown deserts? A boy was born in unknown deserts, growing up to be 40 years old and saying, "O People! I am the Seal of Prophets! I am the first one with Adam (a)! I am the last one also with my Lord! Come and say this and accept the reality of laa ilaaha illa-Llah Muhammadun Rasoolullah (s)!" (Mawlana Shaykh stands and sits.)

Tawbah astaghfirullah. Why? And he was an orphan in Qawmu Jahiliyya, the Age of Ignorance. How was he standing up and saying that? "I have been sent from heavens to be the Seal of Prophets, to call people to the right understanding and right beliefs, that the Lord of Heavens sent before me 124,000 prophets and I am the Last One. And I am calling you to say, Laa ilaaha illa-Llah Muhammadun Rasoolullah (s)." (Mawlana Shaykh stands and sits.) It is not suitable, that one, his mawjoodiyyah, his existence is not enough?

(audio cut) ... Are you really ayatullah or are people giving to you or an assembly is giving to you that title? Ayaatu 'l-kareemah, haatoo burhaanakum, "Bring your proof," in kuntum saadiqeen, "If you are truthful." The Seal of Prophets (s) said, man ghashanaa falaysa minna, "Who cheats us cannot be part of us." Why are you not making general research on it? That means they are on the wrong way leading them to hells.

This is an ocean. We must stop it, if not we can continue to tomorrow, next week, or to the end of this year or to the end of dunya! So mulook (kings), you must give some effort. We are not in need to look after the personality of `Abd al-Wahhab; that personality belongs to him. We are asking Ahlu ’s-Sunnah `ulamas and Shi`a `ulamas to bring the personality of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands.) Stand up 100 times, stand up for the most honored among Creation a billion times! You must stand up! (Mawlana Shaykh sits). May Allah (swt) forgive us for the honor of that one.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

I am nothing. What they are saying to my heart, I am speaking.

Fatihah.

And I am asking forgiveness from my Lord and from the Beloved One the Seal of Prophets (s).
Zidhu ya Rabb, farhan wa surooran ridwaanan wa sultaana.

## SCIENTIFICALLY THE WHOLE WORLD CONSISTS OF SHADOWS

We are living on a globe. Don't think that it landed by itself here in space. Who can say that this globe would turn in this universe by itself? Is this what science is suggesting? How should it be able to run without any other power? Which scientist, philosopher or scholar can say such a thing? What is the power? Every galaxy moves. How do they do that? Additionally there is a sign on each star, "Keep your distance!" so there will not be an accident. Isn't that so? It is even said, that some galaxies are faster than others and then have to pass through the slow one. There are never any accidents. It is a very perfect traffic. Those atheists keep telling us, that no-one is controlling them! Without power? How could that be?

Everything in existence, all the galaxies, everything, is swimming in endless power oceans. Everything is fully covered with power. The power oceans are controlling them, but the power oceans are not Allah. It belongs to Allah. It means that space is full of power. Allah Almighty is showing His Endless Power Oceans. Every particle is covered with the Divine Power Ocean. Everything in the universe is protected inside and outside to be able to be in existence.

Today while I was praying Grandsheik was inspiring me to talk to you about this point: the emptiness of space. What is it? Is it something or nothing? If it is nothing, then everything in it must be nothing too. If it is something, then everything must be something too. It means, that there is no emptiness. It is not empty and

it is not full. No-one can give a description of it. Even the most developed science cannot give complete information about the atom. Some say it consists of so many pieces. Some call them electrons, some call it waves, some call it energy, some say this and some say that. It means, that when we come to the main particles of creation, which are atoms, the scientists cannot give us a full description. You cannot touch them. There are nuclei inside, but even these are not the final pieces. They cannot cut it down further than that, it means that matter finishes right there. You cannot say that you can touch an atom. so all these millions and trillions of atoms are just like shadows. When we come to the undivided particle, we find nothing, except the power of the Endless Power Oceans of Allah Almighty.

It is like the Sufis and the Holy-people say, that the world consists of shadows only. The only real existence belongs to Allah alone. Everything else is a shadow. That means nothing. Praised be He who is able to make shadows see, speak, smell, taste, know, feel, act and love. This is a Divine Act! We must try to come to ourself and to get to know about the endless greatness of Allah Almighty. We must glorify Him. These are a few first elementary spots to prepare you for Divine Knowledge. This year there is a small opening.

We are now here. In 50 years no-one will be here anymore. Today so many shadows are disappearing and new shadows are coming. You must know that you are nothing and your Lord is everything. Try to reach everything. Don't stay within yourself, within your own nothingness but run to Him. Try to return to His Endless Unity Oceans. That is why we say that He has no partners. Try to come to the unity oceans to be with Him, to be with His Real Existence which will be enjoyed endlessly forever. There you will be in love forever, in endless beauty oceans forever, in endless love oceans forever, in endless wisdom oceans forever, in endless power oceans endlessly and in mercy oceans forever. Prepare yourself! We are shadows and the time will come for our shadows to disappear. Try to turn to your Lord's Endless Unity Oceans and swim there endlessly forever. Endless, endless oceans...

May Allah bless you in this Holy Month. It is an ocean and this is enough for you to digest at the moment. This year some Saints are present at our meetings, some hidden ones who are also giving you some lights from their hearts to prepare you for the Divine Presence. An opening is coming to the whole world now through Islam and all the unbelief will come down slowly, slowy. Soon it will be sunk and only the sun of truth and reality will rise. No-one can stop it to rise. Even if it is the whole of technology tries to prevent the sun from rising, do you think that they can? Now the sun of truth, realty and Islam is rising. Even if they use

everything they cannot prevent it. The redness of dawn is clear. Since last month there is another appearance on earth and the sun of truth is coming to give its light and no-one can put a shadow on it or to cover it. You must be happy and hopeful. Don't be sad. No! There is no sadness for believers, only for atheists.

May Allah forgive us! We are asking for pardon, oh our Lord, we are your servants.

## Seclusion in the Maqaam of Sayyidina `Abdul Qadir al-Jilani (q)

The whole world is a picture-like appearance; its existence and non-existence are the same but its reality is from pre-Eternal to Eternal.

Forty years ago, my master ordered me into seclusion in Rajab and Sha`ban, at the maqaam of Sayyidina al-Baz, “the Red Hawk,” Sayyidina Abdul Qadir Jilani (q), in Baghdad. My master was invited to Madinatu 'l-Munawwara, may the most excellent blessings and peace be upon its inhabitants, and from there he ordered me into seclusion.

The day I arrived at that maqaam, some Jilani brothers from Kurdistan were there to visit Mawlana Shaykh al-Baz. That night I slept with the group, who said, “We are here to visit Sayyidina al-Baz for a few days and in the morning, inshaa-Allah, with his permission we will take leave to our country.” In the morning I came down to enter and I reached the middle of the open area. A man came to me. There was nothing on his head and he wore common people’s dress; he was not dressed like a dervish, and his height was the same as Shaykh Murad but he was stout.

He came to me from the side and said, “As-salaamu `alaykum, O Shaykh.”
I replied, “Wa `alaykum as-salaam.”
He asked, “Are you Shaykh Nazim?”
“Yes.”
“And you came from Damascus, Sham, for seclusion here?”
“Yes.”
“Last night in the gathering, my master signaled me, saying, ‘This is my son coming from Sham for seclusion in my maqaam; he is ordered and permitted to do seclusion here for forty days. He should not go outside and

his every need should be fulfilled here in this maqaam only.' O Shaykh Nazim! I am ordered and permitted to serve you for the duration of your stay here. While you are in your room, whatever you need I am here for you because you cannot speak to anyone."

I was in seclusion for forty days, and doing sulook, spiritual discipline or "wayfaring" for fifty days. When I completed what I was ordered, I sent a message to my master requesting to return to Sham.

Everyday that one brought me what I needed. He brought bread with lentil soup. Daily I came down at suhoor time, when one-third of the night remains. They had constructed a new building behind the maqaam of the Sultan. There I sat at the place of his feet from morning until `Isha, and no one was there. We completed it because of Allah's favor on us.

I am ashamed to say this, but you have opened this topic. When the order was fulfilled, I asked to return to Sham and that same man came to me on the last day.

I said, "O my master, my shaykh! My job is done and I ask your permission to return from where I came."
He said, "Yes, you are permitted to go, but I have a request. I only request from you the abaa, cloak, on which you used to pray and do worship."
I had brought it from Damascus for 120 Syrian dinars; it was an abaa for dervishes.
He asked, "I want this cloth from you," so I gave it to him.

He took it and saluted me, then took one step back, then a second and third step back, and vanished. This was from sultan; it was a great honor to be called by him as "my son," although how can I be his son? (Mawlana Shaykh laughs)

## O believers, this is the second Jumma in holy Ramadan

O believers, this is the second Jumma in holy Ramadan. Keep his respect as much as possible. Those who respect Allah and His Prophet and this month will be seperated from those, who don't. Allah is the Ruler and no one can oppose Him. Whom He defeats, no one can save.

The last Prophet had been sent 15 centuries ago. No other prophet had such a long period. He was the last one and his message is valid until the end of time. The Day of Judgment everyone will read his own book. People nowadays want to live like animals- without rules and laws or holy books. They want to do, as they like.

They mix men and women. If you say something to them, they will refuse what you say and call you backward, old-fashioned, and themselves they regard as progressed. What became of them?! Everything is upside down. Men and women cannot be distinguished anymore. How a man can be like a woman and a woman like a man? That is from Shaitan. Either all have to be women or all have to be men. Women dress like men and cut their hair...

There are angels who make a special tesbih. They say: 'Subhanallah, Who adorned men with a beard and women with their hair!' A beard makes a man full of heybet- can you imagine a lion without mane? He will look like an ape... And women have been beautified with their hair. But people are not happy the way they are created as a man or a woman, and they make operations to change themselves.

The worst thing is 'unisex'. Unisex means men and women can wear it, can have the same hairstyle etc. Curse will come on them from Heavens! Come to yourself, turn to Allah! The world of imagination is not like the world of Reality. So many thousands of years people lived and walked in the streets... One hundred years later none of us will be here anymore... Who built all these buildings- where are they now? Don't run after illusions, hayyal, but try to come closer to Allah. Everyone will surrender his soul to Azrail a.s.(the Angel of Death) He will take up the soul and the angels of the first Heavens will ask: 'O Azrail, who is that soul with you?' 'It is such-and such.'
Then, according to whether he is a believer or not the doors will be opened to him or not. One will be accpeted, another will be refused: 'He didn't do any goodness, he disn't respect Allah or the Ramadan- he is rejected.' They do what Allah has forbidden. They build houses over cemetries- that is Haram!

This is the year of selection- good and bad people will be seperated- the bad ones will go, those who fight Allah and leave the straight path. It will be a terrible death... Either you say: 'Allah!', or your soul will be taken out slowly, slowly...Take care of yourself. Man has a responsibility. Nowadays so many people don't respect Allah, and Allah is asking respect from us. Ask for forgiveness, make Sajdah! Let us make effort to be with Allah.

## Secret Desires

The first human beings, Adam* and Eve, had the duty to be representatives of the Lord on this planet. They were given a form made out of four elements and their creation was completed by the Lord giving them a part of His own Divine Soul. That is why we are the most honoured creation of all creatures. No-one else got that. We have been crowned in the Divine Presence to be His representatives. Everyone has the potential of being a deputy of the Lord of Heavens. That is the most important part of our creation.

Especially in this century people do not seem to be interested to know about themselves. They only want to know about all the details of nature; the minerals, animals, rocks... They even take ants and put them under the microscope to find out more.

Most people do not want to know about themselves, they are not interested in unseen worlds or unseen creatures. They do not want to know about Heavens. It is as if people want to crawl on their chest like snakes unable to get up, only interested in the material world and nothing beyond that. In the 20th century people are very happy to be such materialists. They are usually proud to be unbelievers. But it is because of this physical existence that man is suffering, not because of our souls. All problems and miseries belongs to our physical being. It represents our ego which belongs to darkness. Souls belong to the Heavenly Worlds, to light. There is no suffering there. All the troubles lie in darkness.

What should be the difference between our modern lives compared to the lives of people at the time of Jesus* , or even Noah*? Has any part of our body changed? Are we not the same creation? The Lord told us that He had created us in perfection! Put a human being next to an ape. Which form do you prefer? But some super-person is claiming that his grandparents were apes! No artist can imagine any form more beautiful than a man or a woman. Do you think that if we had wings it would be better? How would you move? Or what if you had 4 legs? No-one can imagine a more perfect form than the one we have!

A thousand years ago people were also eating plants and meat. They were enjoying themselves and getting married and having children. They were also fighting against each other with sticks and swords. They were trying to do their best in life. So what is the big difference? You are still planting, but with machines. You are hunting, but with guns. You are still getting married... In reality nothing has changed. Modern people want to enjoy themselves as much as possible. They are in such a hurry chasing the pleasures of physical enjoyments. Usually they have no balance in doing so. They have no control over their physical beings, so they harm and disturb their physical bodies. Everyone is fighting within themselves and with each other. Nations are fighting each other with modern weapons. That is the only difference. Why do people in the modern world want to know more about mysticism? They want to rescue themselves from physical destruction. Because your physical surroundings have increased, your need for spiritual relief is even greater. Remember, your soul comes from Heavens, just like the souls of our ancestors did. That is why there is a secret desire within everyone, whether they look at the sky in daytime or night-time, to get back to their Lord. Our souls yearn for it. We like flying, but flying by planes does not satisfy us. It is not enough and we are not happy when we are told to fasten our seat-belts. We want to fly.

Everyone would love to have the ability to fly. Highly spiritual people, holy-ones, can. Jesus* was lifted up to Heavens. He was demonstrating to his followers to overcome their physical heaviness and to use their spiritual powers to fly, like he did. There were so many examples of Holy People flying without planes or rockets. It is possible. Mysticism prepares man to fly, not only above the earth from east to west and north to south. No! Mankind should be trained to fly back to Heavens. The first condition is to be very light. Swallows can fly for many hours without getting tired and they can fly very high. Ducks can't.

There are seven Heavens. It is mentioned in Holy Books. Whoever wants to reach the last one must be light.

The heaviest material is our ego. It is that which ties us to this world. Our physical desires drag us down. Centuries ago nations were fighting and took slaves who were taken from one country to the next. To prevent them from escaping they had big iron balls around their ankles. We have endless desires which will never be satisfied, no matter how much we drink or eat.

Tomorrow the Holy Month of Ramadan is starting and we have been ordered to fast. This obligation was given to all nations, long before Islam. In Judaism there is a fast. In Christianity there was also fasting. But in our days people are weak in their faith and they are even weaker when it comes to practising their faiths. Many young Muslims will think that it is too difficult and they won't fast. What slaves of their own desires they are! They cannot even stop eating and drinking for a day. It is that which keeps people on earth. They cannot rise to Heavens, their physical needs are too strong.

In Christianity there are many monasteries. Their purpose is to bring people away from their physical desires and to make them ask for the ways to Heavens. But all this is lost. People are not interested to go to such places anymore. They are caught in their bodies and their souls are imprisoned.

Mysticism wants to teach people how to reach their Heavenly Positions in Divine Presence. Unless people sacrifice some of their physical desires instead of only reading in books about mysticism, they will keep on creeping on earth and not be able to reach Heavens. If anyone asks about mysticism and wants to follow the ways of mystics, they must try to find someone who is authorised to teach. If you really ask, such a person will be shown to you. When you have found him, keep him and give him your will. His Will must be your will.

## Secret Holy Morning Wind

Oh our Lord, one drop of your blessing is enough to change hells into Paradise.

He is Allah, the Great. The sun is rising and setting under His order. By His command it rains. By His command light and darkness appears. What is darkness? Who can describe it? Within darkness there is light. Who can see in darkness? Only He, and those who have been granted lights from Allah, can see through darkness. Dark colours represent power and greatness. In the Divine Kingdom there are dark colours. The only darkness in Paradise is the darkness in the eyes of ladies. When you look into their eyes you will look into endless power-stations.

Everything is under His command. When I look at the trees I wonder why their buds open when they do. They are receiving a secret command from Heavens. A secret morning wind is blown every morning to Muhammad*, greeting him. Then through his command it is passed on to nature, to the trees, to dress them in their magnificent appearance. They listen and obey. This wind comes to you too, but you are sleeping and you don't listen. The trees too are sleeping, but when the wind comes they wake up quickly. When they have woken up the Lord dresses them with their beauty. Oh mankind, why aren't you listening to the command of Allah the Almighty? When He dresses nature it is so beautiful that everyone who sees it gets pleasure out of it. Do you think that when people look at us it makes them happy? Why don't you please people? Because you

don't do it according to the inspiration which Allah gives you.

The most important thing is to be obedient. When you are obedient, you will be dressed with blessings. When a person dresses in that way his appearance will be familiar to everyone, people will feel at ease and will want to be with him. You, as humans, have many more rights to be familiar and friendly with people than trees have. You are much more perfect. But we have a dragon inside ourselves, satan, which causes people to escape. Prophets collect people to help them get rid of the dragon. When they have, they will be so familiar to us.

Ask for blessings, but you will never get any unless you are His obedient servant, not serving your own ego. Your ego is your dragon and it will make people run away from you. Listen to His addressing. It is written in the Holy Quran that Allah the Almighty created the original form representing you as you are in the spiritual world. When Allah created you, you were perfect. He asked you, "Am I your Lord? Are you accepting me as your Lord?" People answered, "Yes, You are Our Lord and we are your servants!"

That was the answer we all gave on the Day of Promises in the spiritual world. We accepted to obey His commands. Then when we came here we wanted to be the lord, instead of obeying him. We claim to have all these imitated titles, demanding to be the boss. We don't want to serve Him any more. In the ears of Holy People the promise everyone gave on the Day of Promises rings and they want to remind them to keep their promise. But our egos do not want to accept it, they want to be lords. If you can find a chance you will at least try to control one other person, or even a group of people, or to become the lord of a nation, or a lord of all nations. If you cannot find someone else to command, at least you want to be your own lord and not listen to anyone else. That is the biggest trouble for mankind. They do not want to listen to anyone.

This is why Sayyidina Muhammad* is a praised servant. He cannot be glorified, because he himself is a servant of the Lord and only One has Lordship. Try to stay on the level of serving your Lord and you will be rewarded with endless pleasures.

When Sayyidina Mehdi comes, more secrets of secrets from the Holy Quran like these, will be revealed, insha' Allah. The biggest happiness will be for those who will reach his time and be able to understand his teachings.

## The secret Kafir

If a man is not aware that Allah's Eyes are on him everywhere, all the time, that man is not a Mu'min, believer. You must imagine, in your heart, that Allah's Eyes are with you. If you forget this, you will be absent from your Lord, and present with your ego. The best actions come by keeping this in your mind.

If a man is doing an action that is not pleasing to Allah, His Prophet or Awliya, it means that he is considered a 'secret Kafir', a secret unbeliever. We have been ordered to clean ourselves of both evident and secret kufr. Therefore you must be careful about your openly visible acts as well as your secret acts. You must keep a balance with you with which to weigh your actions. You must look at each action that you do, or are about to do, and make sure that it will be pleasing to Allah, His Prophet and the Awliya. When you know that that action will bring pleasure to your Lord, the Prophet and the Awliya, you may do it. If not, you must leave it.

If a man balances his actions in this life, there will be no balancing for him on Judgement Day. Therefore the Prophet said: "It is more lovely to Allah if a man sits for an hour thinking and weighing of his actions, than if he prays for 7o years!" This is because you may erase your 7o years of worship with an act that Allah is not pleased with; but if you weigh of that action first, with your mind, you may be able to leave it, and escape its harm.

## The Secret of Life

The spiritual world and the material world are never separated. They are both in one case, just like it is impossible for a nail to separated from a finger. People who deny spirituality know nothing about mankind or about the reality of life, about the secret of life. We are living beings today, but tomorrow, or next week, or next month, or next year, we might not be alive anymore. When you think about this you have to reach a thought: what was it that made this body move yesterday and not today? What made it live yesterday and not today?

It is the secret of life. There is something hidden which enables people to do every action. Until today no one has been able to see or catch this secret power, the secret of life which gives people energy. No one has ever seen how this secret power gets into the body of the baby in the womb of the mother. No one can catch the escaping secret power of someone who is dying. That secret power is beyond our senses and beyond our knowledge.

Oxford is a huge university-city. What do they say about the life of man? What do they know about that? What do they know about death? Nothing! They are not interested to look into the secret of life and the secret of death, even though this is the most important point of knowledge. How does a person come to life and how does he come to death? Life and death! All sciences and all the knowledge of mankind stops right there.

There is only one source which can explain it: Heavenly Knowledge. Only Heavenly Knowledge can teach us the secret of life, the secret of death and the secret of being human.

Positive knowledge cannot deal with it. It can only experiment and declare. That is all. Positive knowledge has very clear limits, but that is all these huge universities deal with. They are in actual fact preventing the reality of creation and the reality of the Creator who has countless names for Himself. They even say that it is forbidden to mention the name of God in the university. It is forbidden to write the name of God in any book dealing with positive knowledge. They have such strong arguments to prevent it. If any professor would mention God, he would probably be summoned to the head of the university who would tell him to go to a church, to a mosque or to a synagogue with such subjects.

It is understandable that they do not want to deal with Heavenly Knowledge, because it is very difficult to combine it with positive knowledge. Positive knowledge will always be in limits, as it is a mind production. But Heavenly Knowledge is a production of Heavens. It has no limits. Universities should at least admit that they only produce knowledge about how to arrange physical lives. At the same time they should point out that beyond positive knowledge there is so much knowledge which cannot be dealt with using the same methods. They cannot be brought into the circle of positive knowledge. If you try to do it, you will be like someone who wants to bring the moon from the sky to earth to have a look at it. It is impossible, which why it is a very stupid idea to try to bring Heavenly Knowledge into the area of positive knowledge.

This is the main problem arising between scientists and religious people. It is a never-ending dispute, because the scholars of positive knowledge want to bring the moon down, check it and then give their opinion about it. They want to bring everything into the area of positive knowledge. Beliefs cannot come inside that area because you are dealing with the unseen, which you have to believe in. You cannot reach such knowledge within your physical being. You cannot touch these Heavenly Beings and this Heavenly Knowledge. If you want to bring something into the area of positive knowledge it will be like taking a photograph or a drawing and saying that it is like the original. A photograph cannot be like the person it is portraying. It is only a symbol. You can take a picture of the moon or the sun, but you can still not bring it into the laboratory.

Beliefs are beyond the area of positive knowledge which is why scholars of positive knowledge are fighting against it. They cannot reach it with their methods, so they deny it. But it should not be within their capacity

to deny something just because they cannot control it. They can judge subjects within their own area, not beyond. It is one of the biggest mistakes of the 19th century. Since the 17th century scholars of positive knowledge have declared that anything which cannot enter their microscope, does not exist. If they cannot see something, they deny it. It is the greatest stupidity to deny something which you cannot see. Positive knowledge can only find a drop in the ocean of existing knowledge. Compared to the existing reality you know nothing. You have to find everything in books. This is the lowest level of knowledge. A real scholar should be able to speak without having to look into a book, but our brain cannot carry it. A person can sit down and speak about his knowledge and maybe one, two, three or ten books can be written out of it. Maybe even 100. But there are millions of books that deal with positive knowledge. If you don't know them, you can be considered to be ignorant.

This only concerns the area of positive knowledge. Within every aspect of positive knowledge you can find an exit which leads you to the existence of the Lord, Almighty Allah. Every branch of positive knowledge has to reach the point which will enable people to see the existence of the Creator. We have a saying, telling us that every knowledge takes people to know the real source of that knowledge, which comes from the One. For example, if you use mathematics to its limits, it will lead you to the point of recognising that there is someone who created the huge brain of the ocean of mathematics. If you enter physics, it will be like another ocean and take you to the point of asking yourself, "Where does this huge ocean come from?". This knowledge cannot have been brought from the womb of our mothers. Or take medicine, such a huge ocean! No-one can claim that we have brought all that from the womb of our mother. It has been taken from outside. From where? Our Holy Book tells us, "I have taught first man all this!", and you think you have brought all this knowledge from yourself! From where? If He had not given it to you, even positive knowledge, from where would you have brought it?

It is such an important point, because it shows, that our scholars have to be humble. They have no reason to be proud. If I would ask them to sit down and write what they know, how many book would they be able to fill? Even if they are professors, doctors, or whatever! Where do they take the knowledge from? They are all using preserved knowledge which mankind has been saving for thousands of years.

This conflict has to finish in the second millennium. These realities will have to become known. It must be made public that knowledge comes as a grant from the Creator, from nowhere else.

This is the struggle which religious people always have with people of positive knowledge, and it harms the beliefs of common people who are caught in between. The church will tell them one thing and the university something else. These two must now come together and admit the existence of Heavenly Knowledge which is the seed of our positive knowledge. Every knowledge was first given to our Prophets and to Holy People. But within our last centuries satan has come and separated the two. When the beliefs of people are injured our faith will get weaker and weaker and chaos will increase; first within ourselves, then everywhere else.

We can see that this world is living in its darkest period so far. It is a chaos which no one is able to stop. No one can create peace on earth, because peace can only be established by peaceful people and people nowadays are not in peace individually. How can you then ask for peace? If people are not in peace, how can this country be in peace? You cannot have peace within yourself until your beliefs are strong and the connection with your spiritual being is in perfection. Then you will be in peace. But our physical body is running and imprisoning our spiritual being. So the fight continues between our spiritual being and our material being.

We need a new world and we hope that the coming century will be the best century. I do not think that the new generation will carry the dirty works and lives of their ancestors into the 21st century. We hope that you, youngsters, will be careful not to take the misery, evil and devilish kingdom into the 21st century. This is your responsibility. You must prevent it and put a barrier between good and evil. Give way to goodness and take away badness. May Allah bless you and forgive me.

## The Secret of The Most Distinguished Order

Audhu Billahi min ash-shaytani-r rajim Bismillahi-r Rahmani-r Rahim Madad Ya Sultan Al Anbiya' Sayyidi -l Awwalin wa -l Akhirin. Our way is through association & goodness is in the gathering. This is the principle of the Tariqatul Aliyya. The purpose of the sohbat is to educate the mureeds, it is not through hardship.
The Shaykhs, Bismillahi-r Rahmani-r Rahim, are of two kinds...the Shaykhs. There are some of them who are educators and some of them who are leaders. But the Shaykh of tarbiya/educator is much higher in greatness & power. They know the way. Without him they cannot reach and maybe may mislead themselves & others also. This Exalted Tariqah needs a perfect trainer to be able to lead the servants of the Lord to the way of Truth. Their number has decreased in these times. This means that their appearance is forbidden. It is forbidden for them to appear unless there is permission. They have to have permission to teach and to speak about the hidden matters, general and obvious matters in the Tariqatul Aliyya. We are living in this time...
Bismillahi-r Rahmani-r Rahim, there are 41 Tariqas, of which 40 of them have closed doors and only one Tariqah is open. That is the Tariqatu-n Naqshibandiyyatu-l Aliyya. If the Imams of the other Tariqas come, they must ask to be spiritually trained, to be completed by a perfect Shaykh in the Tariqatu-n Naqshibandiyyatu-l Aliyya, the exalted Naqshibandi Way. They must know this, if not they will remain at their level.
Mawlana Shaykh, Sultanu-l Awliya, whose name is mentioned in the golden chain of the Tariqatu-l Aliyya. He was the last one who carryied the greatest secret of the Tariqatu-n Naqshibandiyyatu-l Aliyya. He left us... left.. he left someone to continue the Tariqatu-l Aliyya. All the other ways are closed. You understand? They are closed. They were going down hill, now it is time to go up hill, but they have no power to go up, except the Naqshbandi Way. They must know, these jamat, the Shazili and the other Tariqas, that in our time now the power of the locomotive is with the Naqshibandis no one else. They must know and seek spiritual training. There is no one between East to West, Shazili or other Tariqas fit for this matter, because they have reached...

they have no power, they are sitting down eating, drinking and enjoying saying that they are Shazilyin or Qadiriyin or Rufa'iyin, or one of the 41 Tariqas. They like to be in this manner, thinking to reach what we reach but they cannot reach except with a locomotive. They found an easy way to walk, but if it's like this one going uphill what do we do? Sit here until a locomotive comes to move them & carry them. Otherwise it is not possible.

They say "come to us." We may go to any meeting from any of the Tariqas. They like to sit and make zikr enjoying the invitation that their Shaykh was like this & that. Yes your Shaykh was like this, but you are not in his footsteps. They became like pressed grapes, they became immersed in this world. We are now in a time where there are very few men; there are no more true men left, and all the Saints have disappeared. This is what they say, the Saints disappeared, they are not appearing.
These jamaat, they speak but they do not have the secret; the secret of the Tariqa they do not have it. If the way is easy to walk, when the time comes, like now, to go up - what do you call it? - the shift stick, they need the shift stick. I used to always sit next to the driver maybe for 60 years. I never knew when they put the gear up first shift, second or third. These jamaats are like that, they do not have a driver, each one tries for himself For what? With which Shaykh did you continue your training? Which one of them has permission? Who is giving you spiritual training? But they are like "who imitates a group of people becomes from them"(Hadith) "People will be resurrected with the one they love." (Hadith) They love, but they love their Tariqa more than the Tariqatul Aliyya. They remain there.
Let them enjoy what they have learnt & finish. But there is no engine that moves.. there is no engine that moves them. From East & West it is obvious that the our Naqshbandi Golden Chain ended with Mawlana Sultanu-l Awliya, Shaykh Abdullah Ad-Daghestani. The matter needs seriousness & who puts effort, gains. Everything their egos like they give to it, then they claim we are in this Tariqa like this. No! You are like someone going for a picnic. Let them, let one of them claim that he is a spiritual trainer. He would like to sit with them, we do not mind. He may give, but they, these jamaats, are not able to give anything to him. If they take any benefit from him they are very fortunate, otherwise if he attends with them & they gain nothing, they wasted time.
Shaykh, there are no more Shaykhs. The Saints have disappeared. All the Shaykhs, real Shaykhs are the Saints of Allah (swt). And they do not need to show themselves, and to call people to come to them, no. To visit with brothers and be together is permitted, no need to stop that. If he likes to visit them, visit them. But

if they want to give him, he has gold, while they have copper or tin. Tin! While he has gold, he has diamonds. This is a delicate point. The Saints have disappeared. Our Shaykh used to say "in Damascus there are 40 of them." Shaykh Effendi when he was on his way to the 'Umawi Mosque going through the suq Al Hamidiya, they were coming & Shaykh Effendi from the other direction, they used to change direction. They used to fear him, but Shaykh Effendi was never affected at all. He was filled fully with the True knowledge. He was not in need. the Saints of Allah (swt) are like this. They do not like that their spiritual states be revealed, never. There is no permission. 40 of them go to the 'Umawi mosque daily some of them they sit for half an hour, some for an hour, some of them for 20 minutes at Sayyidina Yahya (as). On our Prophet (saws) salats & salams. When they said he disappeared he disappeared, don't ask about him. Don't ask about him.

Because you do not have the balance to know him, no. Keep your manners with everyone, so no one can get hold of you.
They are the children of the Prophet (saws). He has a spiritual charisma, he attracts, therefore they like to be with him. There is no harm. He gives to them, but they do not give him anything. May Allah (swt) keep us firm on the way of Haqq. Because we do not want this world. It's finished. This world is a carcass, those who ask for it are dogs. No, we have thousands of followers! You are a servant and I am a servant. There is no more than this. If there is training in good manners, take from everyone, we do not mind but, if there is not, then do not waste time.
Masha'Allah! He is taking because of this, they like him to attend with them. We do not mind. Do not run away from them if they ask you or love you to attend with them. Bring them something it will make them happy, we do not mind. We do not forbid any person, and we are the poorest of people, the weakest one.
I am thinking now are the clouds pulled by an engine left & right or by a battery? This is what is occupying my thinking. I have a lot of time...
S.B.The Shaykh doesn't have a job.(joke)
M: While masha'Allah he is active. Let him think about it.
S.B. Does the cloud have an engine or not, or it has a hook to be pulled from?
This is my job, if they like "welcome!" If they do not, let them go. Go and search how the cloud moves, is it pulled or how does it move like this? I am looking, then one who is lacking of mind comes and asks about things that make me angry. Yahoo! I am thinking now "what are you thinking about O Shaykh?" "I am thinking about clouds." "Clouds?" Clouds...clouds Do they raise it up with a hook or with an engine?

S.B. This is what the Shaykh is thinking about.
M: I gave him permission, let him ask these things. Keep yourself occupied with these things. What can we do this is the highest. Some of the people when they appear from that side I swear at them. This is the teaching for the people of this time, they do not understand except with swearing language.
May Allah forgive me. The rest of the Saints laugh when I speak like this. They are happy when I speak like this. They are all sitting like this. "What are you thinking O Shaykh?" "I am thinking how many tons is the weight of that cloud." "You have no other work?" "No, I am retired. I am retired. I am thinking about weighing a cloud, putting it on a scale" "O Faqir, pardon me."

May Allah bestow His Generosity on you. Fatiha.

Audhu Billahi min ash-shaytani r-rajim Bismillahi -r Rahmani-r Rahim Madad Ya Sultan Al Anbiya' Sayyidi -l Awwalin wa -l Akhirin Unser Weg liegt in der Versammlung, und Gutes ist im Zusammenkommen. Das ist das Prinzip der Tariqatul Aliyya. Der Sinn der Sohbat ist es, die Murids zu lehren, es ist nicht durch Härte. Die Sheikhs, Bismillahi r-Rahmani r-Rahim, sind von zwei Sorten... die Sheikhs. Es gibt welche, die Ausbilder, Lehrer sind und welche, die Führer sind. Aber der Sheikh der Tarbiya/Ausbildung ist viel höher in Respekt und Macht. Sie kennen den Weg. Ohne ihn können sie ihn nicht erreichen und vielleicht leiten sie sich selbst und auch andere in die Irre. Diese Erhaben Tariqat braucht einen perfekten Trainer, der fähig ist, die Diener des Herrn auf dem Weg der Wahrheit zu führen. Ihre Anzahl hat in diesen Zeiten abgenommen. Das bedeutet, dass ihre Erscheinung verboten ist. Es ist für sie verboten, zu erscheinen, es sei denn es gibt Erlaubnis. Sie müssen Erlaubnis haben, um zu lehren und zu sprechen, über die verborgenen Dinge, allgemeine und offensichtliche Angelegenheiten der Tariqatul Aliyya. Wir leben in dieser Zeit... Bismillahi r-Rahmani r-Rahim, es gibt 41 Tariqats, von denen 40 verschlossene Türen haben und nur eine Tariqat ist offen. Das ist die Tariqatu-n Naqshibandiyyatu-l Aliyya. Wenn die Imams der anderen Tariqats kommen, müssen sie darum bitten, spirituell trainiert zu werden, von einem perfekten Sheikh der Tariqatu-n Naqshbaniyyatu-l Aliyya, des erhabenen Naqshibandi-Wegs vervollständigt zu werden. Sie müssen das wissen, sonst werden sie auf ihrem Niveau bleiben. Maulana Sheikh, Sultanu-l Awliya, dessen Name in der

Goldenen Kette der Tariqatu-l Aliyya erwähnt wird. Er war der letzte, der das größte Geheimnis der Tariqatu-l Naqshibandiyyatu-l Aliyya trug. Er ist von uns gegangen... von uns... er hinterließ jemanden, um die Tariqatu-l Aliyya fortzuführen. Alle anderen Wege sind verschlossen. Versteht ihr? Sie sind verschlossen. Sie gingen bergab, nun ist es Zeit, bergauf zu gehen, aber sie haben keine Kraft um bergauf zu gehen, außer den Weg der Naqshbandis. Sie müssen es wissen, diese Jamat, die Shazili und die anderen Tariqas, dass in unserer Zeit die Kraft der Lokomotive bei den Naqshibandis ist, nirgendwo sonst. Sie müssen es wissen und nach spirituellem Training suchen. Es gibt niemanden, zwischen Ost und West, Shazili oder andere Tariqas, die dafür befähigt sind, denn sie haben... sie haben keine Kraft, sie sitzen und essen und trinken und vergnügen sich, sie sagen dass sie Shazilyin oder Qadiriyin oder Rufa'iyin, oder einer der 41 Tariqats angehören. Sie möchten gerne so sein, denken dass sie erreichen was wir erreichen, aber sie können es nicht erreichen außer mit einer Lokomotive. Sie haben eine einfache Möglichkeit gefunden, zu gehen, aber wenn es so wie hier bergauf geht, was tun wir? Hier sitzen bis eine Lokomotive kommt um sie zu bewegen und sie zu tragen. Andernfalls ist es nicht möglich. Sie sagen "kommt zu uns". Wir können zu jedem anderen Treffen von jeder Tariqat gehen. Sie sitzen gern und machen Zikr, finden Gefallen an der Einladung dass ihr Sheikh so und so war. Ja, euer Sheikh war so, aber ihr seid nicht in seinen Fußstapfen. Sie sind wie gepresste Trauben geworden, sie sind versunken in dieser Welt. Wir sind nun in einer Zeit, wo es sehr wenige Menschen gibt; es gibt keine wahren Menschen mehr, und alle Heiligen sind verschwunden. Das ist es was sie sagen, die Heiligen verschwanden, sie erscheinen nicht. Diese Jamat spricht aber sie haben das Geheimnis nicht; das Geheimnis der Tariqat, sie haben es nicht. Wenn der Weg leicht zu gehen ist, wenn die Zeit kommt, wie jetzt, bergauf zu gehen - wie nennt ihr es? - den Schalthebel, sie brauchen den Schalthebel. Ich saß immer neben dem Fahrer für vielleicht 60 Jahre. Ich wusste nie, wann sie den Gang hochschalteten in den ersten, zweiten oder dritten. Diese Jamats sind so, sie haben keinen Fahrer, jeder versucht es selbst. Wozu? Mit welchem Sheikh habt ihr euer Training fortgesetzt? Welcher von ihnen hat Erlaubnis? Wer gibt euch spirituelles Training? Aber sie sind wie "Wer eine Gruppe nachahmt wird zu einem von ihnen"(Hadith). "Die Leute werden mit denen, die sie lieben, wiederauferweckt." (Hadith). Sie lieben, aber sie lieben ihre Tariqa mehr als die Tariqatul Aliyya. Sie bleiben dort. Lasst sie genießen was sie gelernt haben und Ende. Aber es gibt keine Maschine die sich bewegt... Es gibt keine Maschine, die sie bewegt. Von Ost und West ist es offensichtlich, dass unsere Goldene Kette der Naqshbandi mit Maulana Sultanu-l Auliya, Sheikh Abdullah Ad-Daghestani, endete. Die Sache braucht Ernsthaftigkeit und wer sich Mühe gibt, gewinnt. Alles was ihre Egos mögen, geben sie ihnen, dann behaupten sie sie wären in dieser Tariqat. Nein! Ihr seid wie jemand, der auf

ein Picknick geht. Lasst sie, lasst einen von ihnen behaupten dass er ein spiritueller Trainer ist. Er möchte sich mit ihnen hinsetzen, wir haben nichts dagegen. Er mag geben, aber sie, diese Jamats, sie können ihm nichts geben. Wenn sie irgendeinen Nutzen von ihm haben haben sie viel Glück, andernfalls wenn er mit ihnen teilnimmt und sie nichts gewinnen, verschwenden sie Zeit. Sheikh, es gibt keine Sheikhs mehr. Die Heiligen sind verschwunden. All die Sheikhs, die wahren Sheikhs sind die Heiligen Allahs (swt). Und sie brauchen sich nicht zu zeigen, und die Leute zu rufen, zu ihnen zu kommen, nein. Brüder zu besuchen und zusammen zu sein ist erlaubt, nicht nötig, das zu stoppen. Wenn er sie besuchen will, besuch sie. Aber wenn sie ihm etwas geben wollen, hat er Gold, während sie Kupfer oder Zinn haben. Zinn! Während er Gold hat, Diamanten hat. Das ist ein empfindlicher Punkt. Die Heiligen sind verschwunden. Unser Sheikh pflegte zu sagen "In Damaskus sind 40 von ihnen." Sheikh Efendi, als er auf seinem Weg zur 'Umawi Moschee war, ging er durch den Suq Al Hamidiya, sie kamen und Sheikh Efendi von der anderen Richtung, sie änderten ihre Richtung. Sie ängstigten ihn, aber Sheikh Efendi war nie betroffen. Er war gefüllt mit dem Wahren Wissen. Er war nicht bedürftig. Die Heiligen Allahs (swt) sind so. Sie mögen es nicht, dass ihre spirituellen Zustände enthüllt werden, niemals. Es gibt keine Erlaubnis. 40 von ihnen gehen täglich zur 'Umawi Moschee, manche von ihnen sitzen dort eine halbe Stunde, manche für eine Stunde, manche für 20 Minuten bei Sayyidina Yahya (as). Auf unseren Propheten (saws) Salats und Salams. Wenn sie sagen, er verschwand, er ist verschwunden, fragt nicht nach ihm. Fragt nicht nach ihm. Denn ihr habt nicht das Gleichgewicht um ihn zu kennen, nein. Haltet euer Benehmen ein gegenüber jedem, so dass niemand euch etwas anlasten kann. Sie sind die Kinder des Propheten (saws). Er hat ein spirituelles Charisma, er zieht an, deshalb wollen sie mit ihm sein. Darin liegt kein Übel. Er gibt ihnen, aber sie geben ihn gar nichts. Möge Allah (swt) und standhaft auf dem Weg des Haqq sein

lassen. Denn wir wollen nicht diese Welt. Sie ist am Ende. Diese Welt ist ein Kadaver, diejenigen die danach verlangen sind Hunde. Nein, wir haben tausende von Anhängern! Du bist ein Diener und ich bin ein Diener. Es ist mehr als das. Wenn es ein Training in gutem Benehmen gibt, nehmt von allen, es macht uns nichts, aber wenn es nichts gibt, dann verschwendet keine Zeit. MashaAllah! Er nimmt deshalb, sie mögen es mit ihm zusammen teilzunehmen. Wir haben nichts dagegen. Lauft nicht vor ihnen davon wenn sie euch fragen oder lieben, mit ihnen teilzunehmen. Gebt ihnen etwas das sie glücklich machen wird, wir haben nichts dagegen. Wir verbieten keine Person, und wir sind die ärmsten aller Leute, der schwächste. Ich denke nun, werden die Wolken von einer Maschine nach links und rechts gezogen oder von einer Batterie? Das ist es was mein Denken beschäftigt. Ich habe viel Zeit... S.B. Der Sheikh hat keine Arbeit. (Witz) M. Währenddessen ist

er aktiv mashaAllah. Lasst ihn darüber nachdenken. S.B. Hat die Wolke eine Maschine oder nicht, oder hat sie einen Haken an dem sie gezogen wird? M: Das ist mein Job, wenn es ihnen gefällt "Willkommen!" Wenn nicht, lasst sie gehen. Geht und forscht, wie die Wolke sich bewegt, wird sie gezogen oder wie bewegt sie sich so? Ich schaue, dann kommt einer mit Mangel an Verstand und fragt über Dinge dich mich wütend machen. Yahu! Ich denke nun "Worüber denkst du nach oh Sheikh?" "Ich denke über Wolken nach." "Wolken?" Wolken... Wolken. Bringen sie sie mit einem Haken oder mit einer Maschine nach oben? S.B. Das ist es, worüber der Sheikh nachdenkt. M: Ich gab ihm Erlaubnis, lasst ihn diese Dinge fragen. Haltet euch mit solchen Dingen beschäftigt. Was können wir tun, das ist das höchste. Manche Leute, wenn sie von dieser Seite erscheinen beschimpfe ich sie. Das ist die Lehre für die Leute dieser Zeit, sie verstehen nichts außer mit Schimpfwörtern. Möge Allah mir vergeben. Die restlichen Heiligen lachen wenn ich so spreche. Sie freuen sich wenn ich so rede. Sie alle sitzen so da. "Was denkst du oh Sheikh?" "Ich denke, wieviel Tonnen das Gewicht dieser Wolke wohl ist." "Hast du nichts anderes zu tun?" "Nein, ich bin pensioniert. Ich bin pensioniert. Ich denke darüber nach, eine Wolke zu wiegen, sie auf eine Waage zu tun." "Oh Faqir, entschuldige." Möge Allah euch Seine Großzügigkeit schenken. Fatiha.

## THE SECRET OF SAINTHOOD is to be IN HARMONY WITH THE DIVINE WILL

Knowledge is one thing and to live is something else. Allah Almighty sent His Prophets to teach people how they must live, how they must live as His servants; the real purpose was not just to give them only books for reciting. When Umm ul-Mu'minin, Sayyidatina 'Aisha (The Mother of the Believers, the Prophet's wife, 'Aisha, the daughter of Abu Bakr Siddiq) may Allah bless her, was asked about the Prophet's attributes, she replied, "Khuluquhu-l-Qur'an", ("His character (or conduct) was the Qur'an") his attributes were just like the Qur'an. You can't find the attributes of the Prophet, beloved Muhammad, (sal), deviating from the Holy Qur'an; whatever the Holy Qur'an indicates, you can find his attributes agreeing with it.

Therefore, Allah Almighty orders His servants, believers, to take His beloved Muhammad (sal), as their example. Thus, you must use the Prophet's attributes as examples for yourself, and you must know that he is the most perfect example for the Sons of Adam. You can look at the Prophet Muhammad (sal), from every direction and you will find him perfect from every direction. If we can be correct from only one direction (not from every direction) –even that is too remote for us, it may be sufficient for us. If we can

follow our Prophet, beloved Muhammad, (sal), in even one sunnah, it will be safety and pleasure and happiness and success for us forever. Therefore, insofar as we are trying to learn, that is good, but we must also try to act as much as we are able, and if we can do even one percent out of one hundred, it is a good thing for us.

What was our Prophet's main attribute? His main attribute, according to all the books of our knowledge, was that he was in perfect agreement with his Lord Almighty for everything, agreeing with his Lord on behalf of himself and everyone else. He was the perfect one in m'arifat, knowledge of his Lord; in knowledge of Allah, no one can reach the point that our Prophet, beloved Muhammad (sal), reached. He was an ocean of Divine Knowledge, and if we could take all the Divine Knowledge that all creatures have been given, including the knowledge of other prophets, of awliya, of angels, it is only a little drop in that ocean. They have only a little drop, and that little drop, compared to other creatures, is itself oceans.

Perfect knowledge among all creatures is for beloved Muhammad (sal), and therefore he was the first among all creatures to be in agreement with his Lord's actions and with his Lord's will in all matters. That is the most important characteristic a servant may have; to be in agreement with his Lord in everything. To the extent that we can approach that point, we will achieve perfect servanthood. But it is difficult. It is not an easy way; it is steep. Whoever is asking for his positions must be tried. Whoever wants easy things, easy is cheap; easy products are cheap products. But difficult products are expensive, precious.

Thus, that is our Prophet's main attribute: to be in agreement with his Lord for every action, seeing it as perfect. And once you step on that path, everything is going to be easy for you; therefore our level is always going to be above that of rebellious people. And people are of two groups, one group seeing, the other group blind people. Those to whom Allah Almighty gives from His Divine Lights can look and see Lawh-hul-Mahfudh, the Preserved Tablet (the heavenly record of Allah's decrees for all eternity). Those who can see that, are always going to be in agreement with every action of their

Lord Almighty; no objection. But those who do not see are always fighting with their Lord.

Therefore ‘Abdul Qadir Jilani, our master, may Allah bless him, a “king-sized” wali, said, “The one who makes objections against the divine orders being carried out, who makes objections to the divine will, falls into shirk,” association of partners with Allah. He is going to be like a partner to Allah Almighty because he says, “This is not right. I object to that point, I veto it.” ‘Abdul Qadir Sayyidi means that when someone says, “What is this? This is wrong,” he is going to be like a partner in Allah’s sovereignty, going against Him. Who is he? Why was Satan cast aside? That is the reason: objection to Allah’s will, so that everyone who goes against and objects to our Lord’s will is the same; at that moment he is the same as Iblis, as Satan. Therefore we must say, “Astaghfirullah, astaghfirullah may Allah forgive us. We repent and turn back to you, O Lord. How can I do this?” And ‘Abdul-Qadir Sayyidi said, “Maut ut-tauhid, maut ud-din, maut ul-iman” (“The death of tauhid (belief in the Oneness of Allah Almighty and His will is the sole primary cause of all that is or happens) is the death of the religion, the death of faith”) If someone opposes the judgment of the decrees of Allah – if, when Allah Almighty’s will is working, he tries to keep it back – that is dangerous for a believer because it will bring about the death of faith, the death of upholding the unity of Allah Almighty. We are Ahlat-Tauhid, People of Allah’s Unity. When you say “No” or “Why?” you become divided, without unity, because will and orders come only from the One.

Therefore, among the six pillars of faith in Islam, the sixth is so important. (The six fundamental beliefs in Islam are: belief in One God Almighty, in His angels, in His divinely-revealed scriptures, in His messengers or prophets, in the Day of Judgment and Heaven and Hell, and finally, in His decree or will as the ultimate casual force. Nothing can take place without His will and decree, nor can anything hold back what He has willed and decreed.) It shows unity and servanthood: we are servants and we are going to be in agreement with our Lord’s will. But, as we said, at our level, the common level, we are quarreling, we are fighting, and we are not real Muslims. A real Muslim is

the one who surrenders to his Lord's will; no more objections from him to his Lord. As his Lord says, he says. "As You like, O my Lord!"

For this reason, it is the highest degree and the main attribute of our Prophet Muhammad (sal), to agree with his Lord in everything. His heart was always in agreement with Allah Almighty, and his body also did as his Lord willed. Everything which appeared from the Prophet appeared according to his Lord's will. Therefore in Islam, we must practice first to be in a state of islam, to submit, not only to be obedient to orders. We are trying to be obedient to orders, but among orders the most important one is to agree with our Lord's will.

One day Satan came to the Prophet Muhammad (sal), and the Prophet asked him, "Which of my ummah will save himself from you?" Satan replied, "The one who is in agreement with his Lord. If his Lord leaves him in any situation and he says, "I agree with my Lord, no way for me with that member of the ummah." If anyone agrees and is satisfied with his situation, Satan says, "No way for me on that person." It means that, that person's attribute is in line with his Lord's attribute: if Allah says this, if our Lord's will orders this, I also agree with it.

It may be against our egos because our egos make objections, but our souls are never going to object to anything. Our souls are swimming in our Lord's Mercy Oceans, and they see everything as a manifestation of our Lord's Mercy Oceans, everything. They see the whole universe as swimming in Mercy Oceans. Thus, souls are perfect; they are pleased with their Lord. Only our egos are displeased, our egos make objections. Whoever is on friendly terms with his ego goes far away from his Lord Almighty; he is not going to make his Lord pleased with him. He is only trying to make his ego pleased, and you are never going to make it pleased with you. You can't find any limit to make your ego pleased with you: it always has objections. But if you keep with your soul you are in comfort, you are in peace and in pleasure.

Thus the Prophet, (sal), has informed us that there will be group of people among his

ummah such that even if there is every fitnah, every trouble, among the ummah, those troubles will never reach them; they are always above troubles. Who are they? They are those people who are always in agreement with their Lord. They always see themselves as swimming in Mercy Oceans. If anyone looks at himself and sees himself in Mercy Oceans, for what is he going to make objections and fall into troubles and miseries and sufferings?

Everyone is trying to keep orders, but the first order that makes us Muslim, is agreement with our Lord. We must be in agreement with Him. Our agreement already took place on the Day of Promises; we have already made it but now we are losing it. We gave our agreement that “You are our Lord and we are Your servants, and for everything we agree that it shall be as You like”. No one said, “I am going to act as I like” everyone gave his promise to his Lord that “I am going to be as You like, not as I like”. Happiness and peace is for those who are going to be in agreement with their Lord for everything, here and in the Hereafter.

We are practicing, and Allah Almighty is trying His servants. Everything in our lives is going to be a trial from Allah Almighty; by every means He tries us. By every means Allah Almighty looks to see if we are in agreement or are canceling that agreement. If your keep His agreement, He keeps His agreement; if you keep your promise, He is going to keep what He promised you: He tests you, in the mosque, in your home, with your brothers, with your wife, with your children, with your relatives, with your business, with your animals. You are being tried in your cat, in your dog. Yes. You must always be awake; maybe Allah Almighty is trying you with something and asking you to be in agreement with Him. Anything may happen in this Life, to you or to others. You must say, “As my Lord likes, I agree with my Lord.”

At night, when you get into your bed to sleep, you must ask forgiveness from your Lord Almighty, saying, “O my Lord, today I was such a guilty servant; I made so many objections to Your will. I ask for forgiveness. I am trying to be as You like, O my Lord. Keep me on my way, as You like.” And whoever keeps that adab, good manners, with

his Lord is going to be among His awliya. That is the way of the awliya, because they are wearing the main attribute of beloved Muhammad (sal) . That is the secret of all wilayah, sainthood.

## SECRET POWER OCEANS OF TARIQATS

Allah Almighty gives honour to mankind. It is the honour which the angels wanted to have. The honour which was given to Sayidina Adam and was given to every piece of creation, is a secret which only the Creator knows. It is impossible to find it with any kind of means. Even if man would invent an electronic microscope it would not be able to find that secret. The light of our eyes can never be enough to detect that little part. Just like the light of our eyes cannot see the stars or the sun or the moon in their greatness and in the way they are.

This smallest of all pieces cannot be cut into two pieces. If you try to cut it, it will be destroyed. Who brought that piece into existence? Allah Almighty! The piece itself must also know who brought it into existence, it has a knowledge. It can recognise its Creator. It is not a dead piece. That is why we can say that everything which is in existence is alive. But everything has different kinds of minds. The highest level of mind of all creatures belong to mankind and after that to animals and then to trees and plants. Then it also belongs to that which we are saying has no life: to the rocks and earth. If earth had no life, how could it give life to plants? If the earth was not carrying the secret of life, then how could it give life to plants? The earth is feeding their life. Without earth there would be no life for plants. The earth waits for the command of its Creator. When its Creator sends water on it, when the Lord sends rain on it, then it will move and give life.

That secret which Allah Almighty is sending, is the secret of life. It is sent through the rains and comes

together with the secret of earth and this is given to the plants. Every smallest piece and part of everything must know its Creator and must glorify its Creator. That means that everything has been given knowledge. But what Allah has given to earth is something, and what plants have been given, has not been given to the earth. What animals have been given has not been given to plants. What mankind has been given has not been given to animals. Even what mankind has been given has not been given to the angels.

That is why the honour of mankind is within that knowledge. Allah Almighty gave angels a lot of knowledge. But what He gave to Sayidina Adam was much more than the angels ever got. The horizon of the knowledge of Adam is over their horizon. They can never reach that. Allah Almighty honoured Sayidina Adam and appointed him and his children to be deputies. He made it possible for them to control everything. This is only possible through knowledge. Without that, this world cannot be controlled. Those who are controlling must have knowledge and through this knowledge they can control. If they don't have knowledge, they will have no authority. The knowledge which we need was first given to Adam. Allah Almighty taught Sayidina Adam the names of everything. When he gave a name to everything in creation, then he knew. To whoever that knowledge was handed on to, would have the secret power and be able to control everything in the universe. Allah Almighty has endless universes. When a candidate becomes a real deputy then Allah Almighty gives him a whole universe to be under his control. A whole universe...

When Allah Almighty wants to create, He only needs to say, "Be!". When He wants to give the servant who is going to be His real deputy a universe, He will only say, "Be!" and that universe will be ready and in existence. That servant will then be the deputy of Allah Almighty there and control. To control means that he will be like the sun, if there is no sun, there will be no life on earth. If the spiritual power of those ones would not be reaching to the universe, that universe would have no life. Those people, who are the real deputies give life, like the sun. They are granted the gift to be the controllers when they are able to control their egos. Whoever is able to control himself will be a real deputy.

He will be invited to the Holy Presence of the Prophet, who will dress him with the honour of being the real deputy. He will be dressed with the crown of being the real deputy and he will be granted to be like the sun giving Divine Light to everyone. Whoever is the deputy of this world will send his power to the sun to shine. If that is prevented, then no sun will shine, because the value and the importance in Divine Presence of that deputy is much more than the whole universe.

No-one can be able to control himself without coming and joining an authority for that purpose. If a person wants to be a doctor he must go to a doctor to learn. If someone wants to be an architect, he must join an architect. If he wants to be an advocate, then he must be with an advocate. Whoever wants to reach the real position of being the deputy must be trained in the hands of that authorised-one and then he should be able to control himself.

Shah ul Naqshiband was giving that power a little bit in each of his associations and he was preparing his followers to reach their real stations of being deputies. That is the meaning of tariqats. Tariqats take people to their real positions of being deputies. But the ignorant-ones do not understand. They think that tariqats are here to collect dunya. If a real authority of a tariqat looks at this world, he will throw it away for exchange of that secret.

Their way of looking is not like ours. The life within their eyes reaches to anyone and it must give from its secret power to that plant, or earth, or animal or human being. According to their needs, he will give them of his secret light. They do not look the way we do, therefore the Prophet was saying, "The looks of believers must be for wisdoms. They should look and take wisdoms from everything. Anything they see should feed them with wisdoms."

At all times the whole world is under the control of the holy-ones. They can be in different places at the same time. They may have different eyes within the people and within nature. These people of authority within the tariqat have the real positions of being deputies. That is the real tariqat. It is the way leading everyone to their position of being deputies. We do not come here to eat and to drink and to enjoy ourselves physically. Animals do that.

Every Prophet came to show their nation the oceans of power, the oceans of worlds. They came to show that and to bring them to that ocean of miraculous powers. They show people that above this nature there are extraordinary power oceans which are made clear in miracles. They are not only here to show this and to make people wonder about their miracles, they also want their followers to be interested in those powers which real deputies have been given. When anyone reaches his real position of being a deputy, he will be given miraculous powers. Don't think that the deputy who can control this universe only has physical powers.

The physical powers are nothing! But when we are dressed with the Divine Power of being deputies, then we are marvellous and magnificent beings.

The Prophet sws. gives such secret knowledge to the holy-ones and it is said that if a weak servant is crowned by being the deputy and the lights will appear, the lights of the stars and sun will be like candles. It will be as if it had disappeared. It is like when the sun shines a candle will be like nothing. Even if you put a million candles, it will disappear infront of the sun.

That is the huge power which is inside ourselves, in our hearts. This has been granted to us, but we need an opening. You cannot be able to reach that opening if you don't go through the way of the tariqat. If you don't follow a private training of the Holy Quran, of the tariqat, you will never be able to reach it. There are so many worlds in the skies but there is no light on them. There are enlightened ones but millions or billions of them have no light.

Common people are like that. They are not enlightened. They have not been given any light, they have not been opened. The people of tariqat are trying to get an opening, because Allah Almighty will ask, "Why are you coming without an opening? I sent you everything for your opening, why are you coming without it? What did you do all these years? Why didn't you open your treasures? Why didn't you reach your real being? Why are you coming like this?".

May Allah give us a good understanding so that we can follow. If a person is understanding that there are treasures in that direction, then you may go. If you don't believe and even if all people call you in that direction you will not go. That is why we are asking for good understanding from Allah Almighty to know what He has given us, and to get the desire in our hearts. Associations like these are only to give that desire in our hearts. If that desire comes into existence it will be so easy, you will ask and you will go. May Allah forgive us. Amin.

## The secret power of the 'Besmela'

All power is from Allah Almighty, and we must always ask for His support, because we are in need, we are weak ones.

Allah Almighty ordered His Beloved Prophet S.Muhammad sws. to inform his Ummah that anything that is not begun with His Holy Name : "Bismillahir Rahmanir Rahim", will never be supported by Allah; it means it will never give fruit, and it must fail... If you say Allah's Holy Name, you will take benefit from that action, and any harm, that may be in it will leave you. Whoever is feeling weak should say it, and power will come to his physical body and to his heart.

The Besmela is the most important key for opening all treasures in the Heavens and on earth, and for opening all forms of knowledge. Allah Almighty has put three thousand of His Holy Names in it: 1ooo Names that are known only to the Angels, 1ooo Names known by the Prophets, 999 Names contained in the 4 Holy Books, and His Greatest Name. All of these Names are contained in the Besmela...

Whoever is able to reach to the secret power of the Besmela should be dressed in miraculous powers. We, as servants of Allah, should say it at least 1oo times daily. If a person continues for 4o days, he should find some power, some changes in himself, especially if he says it one thousand times between Fajr and sunrise... From

unseen worlds, from Malakut beautiful views will appear to him. According to the thickness of the veils of his heart, from 1x 4o days, up to 7x 4o days, there should be an opening... If not, it means that his heart is too occupied with Dunya, and he should try to put Dunya last, and then try again. It is a rule which can't be wrong. Even in one day it may be opened, because it is so powerful...

Every time you say: "Bismillahir Rahmanir Rahim", it means that you are remembering the Lord: "Oh My Lord, I am remembering You!" And then Allah says: "Oh My servant, I am remembering you!"
Don't forget! If you forget, you will be forgotten.

## SECRET POWERS

Rushdie, Mao tse Tung ... all these secret powers entice people to come to them. They say, "Come, come! Come under my feet and kneel down!"

So you do not believe in secret powers? Do you not believe in the secret police, in the intelligence service? Mussolini also had a secret police... So there must be secret powers. There are secret powers in this electrical wire. Or can you see them? Sometimes it will produce light, sometimes fire, sometimes ice, sometimes sound. Sometimes it will be an engine, sometimes a computer, sometimes radar, sometimes a cleaner, sometimes a washer. Sometimes it will produce cold weather, sometimes it is a heater... All of this is produced with one thing: electricity. So what is that? It is like a tap which you can open or close. What power is it?

## Secrets of Other Galaxies

Discussion with a Guest Scientist

Welcome to you, sir! (Jokingly) I have been informed that you have discovered some galaxies and you are putting them up for sale and I am the first one from the buyers for that new one, because kullu jadeedun lazeez, because everything new is delicious! Do you understand? Which one is it?

(Guest: We have discovered that many stars in the universe have a planetary system comprised of about 2,000 planets going around stars, similar to the Sun. And we find more than 400 similar to Earth, and call them “Earth-like planets.” The last galaxy analysis shows that one galaxy can contain or fill 100 trillion oceans. So my question to you is, if there is such plentiful water that it can fill 100 trillion oceans and there are planets everywhere, is there life out there, because:)

••••••••••• •••• ••••••• ••••• •••••• •••••

wa ja`alna min al-maa'i kulla shay’in hayy. We made from water every living thing. (Al-Anbiya, 21:30)

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Asta`eedhu billah. First of all we are believers in our Lord, our Creator, and we believe there is only One Creator and no other, because

to create is only for One. If there is another one claiming to create, that would mean there are two Creators in existence, which is impossible! There is only One Creator, Whom we know or not, as we are His weak servants, and there are endless Creations.

The Lord's Qudratee, Allah's Mighty Power is only for One; there can't be another one. Therefore, everything Mankind observes of this planet and of what we are asking to reach deep in space is so limitless! After a while we are going to finish and anything we send into space, such as the spacecraft, is never going to reach an end, and it's turning place or reaching place is very, very short. Man can't even reach from this Earth to a second planet like Jupiter, qawakib, that is the nearest one and yet we are within the Sun's orbit and our authority is only to reach through that. When we are asking to pass beyond our sun's orbit, you cannot, because their positions are just different and our understanding is not suitable beyond our sun's orbit.

You may say as Bilqees, the Queen of Sheba, when she wanted an authority on the holy book that was granted to Sayyidina Sulayman (a); she was surprised that a majestic throne was also there. She looked at it and asked Sayyidina Sulayman, "Is what you are sitting on for you, because this looks the same as my majestic throne that I left!" She said, ka'anahu hoo, "It seems to be the same."

They are using measures; those measures and our senses are only for an understanding of Earth and what is on it. Regarding what is beyond it you might say, "ka'anahu hoo," but it is never the same! Therefore, everything astronomers are now looking at, seeking an understanding, they think it will be "ka'anahu hoo," the same, but never will they understand, as our measures are not going to work for that. On every step there is a new tajalli, manifestation, and it is just changing. Nothing is going to be as it was one second before, as everywhere it's position changes. Therefore, that's how it is and we are only going to say that everything is from Makhlooqaat Khaliq: the Lord is creating everything and everything is in another appearance, for another purpose, for another hikmah, wisdom!

Wisdom will be taken away, changed: it is not the same as it is always changing and must be changed. The only unchangeable is the Dhaat, Essence of Allah Almighty, the Creator, and everything else is always changing. Thaabit, Who is Unchanged, is Only One! Everything must be changing or then the Lord of Heavens would not be our Lord! Therefore, accept the Lord of Heavens, Who is unchangeable, and everything else is going to be changed, changed, changed!

Therefore, far away, if there is a galaxy that is going to seen, it is not as our galaxy. It has a unique name that belongs to that one only. Every galaxy has a unique name and everything in it is glorifying the Lord of Creation! The Creator may create water for every galaxy, but it is not like our water, as every galaxy has special beings exclusive to that galaxy, which is a sign of Wahdaniyyat al-Haqq, “the Oneness of Truth.” Every galaxy and everything in it has a special appearance, a special personality, and special water of a different color. Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Aman yaa Rabbee, Aman yaa Rabbee, ikhtafaa!

(Guest: Every point in this photo of space is a galaxy and this cube is of three-billion years, but the universe is fourteen-billion years old or more; it’s different. So every point here has a galaxy and unique water as you say, and unique properties.)

Each one has a special being.

(Guest: Each point here is a galaxy and there are like 500 million galaxies, and are they only a small part of the universe, with many more than these? Each one has half a trillion or one trillion stars and each star has many planets around it?)

There are countless galaxies; that is our authority to know, and each galaxy has a unique color, different manifestations and appearances, and powers. Allahu Akbar! And beyond 14 billion there is 100 billion years: they can't reach it! SubhaanAllah, SubhaanAllah ‘l-Adheem! Allahu Akbar, Allahu Akbar, Allahu Akbar! Afuwwu, Afuwwu yaa Allah, ma qadr Allah Haqqa qad ‘ree!

(Guest: In astronomy, “Cirrus” is mentioned. Why another planetary system is mentioned and not the Sun?)

What you are speaking of, every galaxy is just mazboot, connected with shayy`rah. None are going to be alone as they are all connected, shayy’rah, and no one can understand that; that is only for the Majesty of the Lord of Heavens. Ajaa`ib. Rabbu shayy`rah. La ha’d wa la hudood. That Divinely Power flows through all of them, ba`duhum li ba`ad. Wahid yakool ana laha...jahil insaan, yakool ana, ana.

(Guest: Thank you, Shaykh! Shukran! [kisses hand of Mawlana Shaykh])

## The Secrets of Numbers

Dastoor yaa Sayyidee, Madad yaa Sultaan. (Mawlana Shaykh stands.)

Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah w 'allahu akbar, Allahu akbar wa lillahi 'l-hamd! Madad yaa Sultan al-Awliya. Alfu-salaat, alfu salaam `alayka yaa `ala Sayyidi 'l-awwaleen wa 'l-akhireen. Ishf`a lana. We are asking your intercession, yaa Rasulullah (s) here and Hereafter, from pre-Eternal up to Eternal. We are asking to stand up for giving endless praise and glory to You, our Creator, and for our most beloved Prophet, Sayyidina Muhammad (s) to be given honor that no one has been given. (Mawlana Shaykh sits.)

As-salaamu ` alaykum! From east to west, for the whole of Mankind we are asking forgiveness for all from Allah Almighty, because they are also our Lord's deputies. Some of them are trying to reach a real position for being deputies, some are zhaalimun li-nafsih (oppressors of their selves.) They are not thinking on it, they are drunk ones. O our Lord, accept our excuse. You know everything, and we are running to You. Where are you going to find Him? (Mawlana Shaykh laughs.) We are saying we are running to our Lord, but where can we find Him? That is something that very, very few people may understand and may know, and they may run.

O Our Listeners! Good evening, marhaban (welcome)! Be pleased. Why are you not going to be pleased? Our

listeners, are you drunk? This is the third night of the New Year, yet you are drunk? You are not intending to come back to yourselves? Drunk ones are running away from themselves, leaving themselves and running to find themselves as drunk people. Where are you?! Are you in the west, east, north, or south? What are you asking to find? Yes, everyone is asking to find something, but what is that?

O Listeners! As-salaamu ` alaykum. I am a weak servant, perhaps the weakest servant, but when our responsibility is for everyone through existence, for His honor, we are running to Him, to find ourselves. O our listeners, did you find yourselves?

O Salafi `ulama! Marhaban. Did you find yourselves? It is a simple question. Why are you getting angry so quickly? O Wahabi `ulama also, did you find yourselves? Yes, it is a simple question that I am asking, and I need an answer, but no one can answer that question if he is not reaching the level of ma`rifah, knowledge above knowledge. Yes, I would like to know where I am. Do you think that you know where you are now? You are getting angry. So many questions they are leaving to a weakest servant to ask to you. I am not claiming I am something, but I like to ask that question. Where are you? Do you know about yourself? Who are you? You may say, "We are servants of our Lord," and I am saying you are liars! You may ask why; because you are servants of your egos, not servants of Allah. They are not servants, including myself; I am not a servant to my Lord as He likes, and therefore, I am asking forgiveness. Are you asking for forgiveness daily? I don't think so. You may say, "We can't find time to make istighfaar, to say astaghfirullah."

Are you not reading the Seal of Prophet's (s) sayings, ahadeeth? He was saying, "O my companions, my Nation, I am saying astaghfirullah at least 70 times daily." He used a number also, but you are thinking there is no number. There must be a number,

••••••••• •••••••• ••••••

`alayha tis`ati `ashr, Over it are 19, ( Al-Muddaththir, 74:30)

there is a secret in numbers, therefore Allah Almighty is saying, `alayha tis`ati `ashar. Why saying, or why you are not asking, "O our Lord, You are only saying 19 angels, why you are not making it to be 20?" Shaykh Hisham Effendi, why are they stopping `alayha tis`ati `ashar, "On it are nineteen angels?" alayha `ashroon (20) is absent? Number one, Abdur Ra`uf, number two Ishaaq, yes sir, number three Bahauddin, wonder... number four, Shaykh Hisham (“Yes sir!”) number five, nine? Nabeel (“That's me, yes sir!) I am here. Where is

19? Nineteen, I am here. Who is that one? Nineteen is Nizamuddin. No 20, absent? No one finding to complete 20? That is the question I am asking.

They are making me address those saying they are doctors, theologists, or `ulama, not ordinary `ulama, but Salafi `ulama! What are Salafi `ulama answering to what I am asking? Why is the Lord of Heavens stopping at "19" and not saying "20"? Is that the end of numbers? That means there are some secrets for every number and up to 19, each one has a secret. The secret of one can't be known by two, and the secret of two can't be known by three, and three's secret can't be known by four, and four's secret can't be known by five, and also the secret of seven can't be known by six, and six's secrets can't be known by five! Why? Allahu akbar, Allahu akbar! Why is Allah Almighty bringing this? And we must say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. O our Lord, protect us not to fall into shaytanic traps. Yes. SubhaanAllah, Sultan Allah. SubhaanAllah, Sultan Allah.

The Prophet was saying, "I am also asking for forgiveness 70 times daily." Why did he not say 60 or 80 times? Why was he not completing by 100 times, and if 100 times, why not completing 1000 times? Secrets through secrets, hidden treasures through every number. Also, for every dharrah, atom, there is a number. Without a number you cannot find any atoms. Allahu akbar, Allahu akbar, Allahu akbar al-akbar. SubhaanAllahu Ta`aala.

Wahabi `ulama who only learned to say, "Shirk, bid`a, haraam, kufr," leave that and enter through the secrets that are hidden through Unseen Oceans! In an ocean with countless kinds of fish, is every one the same as the second one? Is everyone's being in existence the same? Why are so many kinds of fish and creatures through oceans, for what? Why are there not only sharks, or only whales? So many kinds of fish and each one is different. Why is every one not going to be the same? If you are saying, "We are `ulama," sometime sending to you someone to make your knowledge on zero point, to remind you. Don't say you are Salafi `ulama but say, "We are taalibi `ilm (seekers of knowledge)." That is true.

Also, I am asking non-Muslims, what do you know about the realities of the heavens? Through your holy books, you may have some knowledge, so say to me! His Holiness the Pope, or His Holiness, the Chief Rabbi, what do you think is written about the Seven Heavens through your holy books, say! It is written. And then I am asking non-Muslims and their chiefs or heads, the ones who are claiming, "We are on the last level of

heavens," do you know any difference between Islamic understanding or Islamic knowledge about heavens and yours? Is it different, or is Islam also saying it is the same understanding? Do you think that you are knowing in a different way than what the Holy Qur'an is bringing about the Seven Heavens?

All holy books have mentioned about the Seven Heavens. What do you say, His Holiness the Pope, or His Holiness, the Chief Rabbi, about the Seal of Prophet's knowledge brought from heavens about heavens? What is the difference between your understanding through your holy books and the Holy Qur'an? Any difference? If no difference, why are you not coming to say, la ilaaha illa-Llaah Sayyidina Muhammadun Rasoolullah ? (Mawlana Shaykh stands and sits.) What is the matter, why you are not saying? Who sent Jesus Christ (a) also sent Noah (a)! Who sent Abraham also sent Isaac, Abraham, Ishmael, Jacob, and Job (a)!

O People! You must try to be humble, and it can't be given as an excuse to say that this is because the Holy Qur'an is bringing it! What the Holy Bible, Old Testament, New Testaments and Psalms are bringing from the heavens is mentioned through the Holy Qur'an also! Leave the messengers, but look to the holy books. If you are saying that only the Old Testament and New Testaments are holy books, what is your proof that the Holy Qur'an is not one of the holy books? Why? Which thinking or learning said to you that the Holy Qur'an is not coming from the heavens? What is your proof? We are accepting and saying the Old and New Testaments are from the Heavens! What about the third one? We are speaking on numbers.

Therefore, I am shouting to Salafi `ulama. Why are you not discussing this with the pope and the cardinals?! Why are you not making a debate between yourselves and the rabbis? The Lord of Heavens is saying, if you are saying something you must bring proof.

•••• •••••••• ••••••••••••• qul haattoo burhaanukum, "Say: Bring your proof!" (Al-Baqara, 2:111)

Yes, bring it, we may look! If you are saying, "We are looking at the pole star and seeing so many things," and if I am saying the moon is more clear to be known, how can you say the moon and its position are nothing, but what you are seeing through the pole star is true? Which mentality accepts from you to say that you are looking at the pole star, saying such and such. What about the moon? They are saying, "No, we are not accepting." That is nihaayatu'l- jahl, "the end (limit) of ignorance." It is the last point or horizon for their misunderstanding, and no mentality can accept their claims. They are saying, "We are looking on pole star, so many people going, coming," and we are saying, "Look at the moon!" and they are saying nothing is there.

How it can be?

According to their calendars, Jesus Christ was sent as a miraculous being 2000 years ago and everything that he did they are accepting as miraculous. And we are looking where he went, where he sat, what he was speaking, discussing or declaring his prophecy. What about the moon? The moon is more clear, but they are seeing and saying so many things about Venus or Mars, "What we are seeing so far away is true." And you are calling all people to come and accept that one who was a miraculous being. We are believing also, but not as you are understanding. The Lord of Heavens may create without a father. He created Adam and Eve with no father or mother. He only said, "Come in existence!" and coming one man and one woman.

Why are you insisting that Jesus Christ is the son of the Lord? Who is saying this? Do you think that Abraham (pbuh) said about Jesus, "Through my generation is coming a new prophet who is the son of our Lord"? Which holy book saying this? None! Do you think Moses said this about this one? No. How you are claiming? But people are not accepting a wrong thing. They are saying, "Wrong is going to be the opposite of our understanding." No, reality cannot be changed. You can dress it with everything, but that reality is never changing it's personality or identity. That was a man, and this is a man also! The Lord of Heavens created Sayyidina Adam (a), the first man, without a mother and father. Sayyidina Musa (a) came from a father and mother, like all other prophets. And our prophet, the Seal of Prophets (s), came from a man and a woman.

What is the specialty for Jesus Christ? If you are saying he is the son of God, why he was not mentioned through Adam's holy book? Why he was not mentioned through Noah's book, Abraham's book, Jacob's book, Isaac's book or Ishmael's books? Why did the Lord of Heavens hide him? If Jesus Christ is the son of God, why was He hiding him from the beginning and only making him to be in a time and people saying, "Oh (he has) no father; this must be son of God." With which authority are you saying this? No background for it through holy books. Why is it not mentioned, yet it is such an important point? (You claim) people must know that the Lord of Heavens has a son, to believe in him, and when you are believing in him, unbelievers rushing on him and killing him, crucifying him? (Sheikh Hisham Effendi, you are VIP one, I think so.) Why is He (God) hiding this? Why not declaring, "O My servant, I have a son also! If you are believing in Me, you must believe in my son also." Which prophet was saying this? Adam? Moses? From thousand of prophets, from where are you declaring, "This is the son of God?" He (God) was making His son as a lamb to be slaughtered?

O Christians! You must use your mentality or you are going to lose everything, because the mentality of Mankind is never accepting what you are saying. I am a weak servant, I am not knowing anything, and I am not claiming I am this one or that one, but making a comparison only. Give your answer. You are fearing that all Christians in western or European countries are running to Islam. You are worrying! Is Islam coming from under the Earth or coming from up (in heavens)? Why are you fearing? What command of Islam is against humanity? Say! If you are not saying, you must fear from your Lord.

Tawbah, yaa Rabbee (repentance, my Lord)! We are asking forgiveness for ourselves and for everyone whose thinking is wrong, to come and declare the truth that has been sent from the beginning up to the end. May Allah forgives us.

## Seeds of Wisdom from Sultan ul-Awliya

Mawlana Shaykh Advises Guests from Different Countries

May Allah the Almighty forgive us for every wrong acting, and blessings on all of you. Try to be servants of the Lord of Heavens, and you will be happy here and Hereafter. Al-Fatihah.

Pray to Allah (swt) and try to be His servants. We can't do anything, but we are trying to be good servants of the Lord of Heavens, Allah Almighty. Al-Fatihah. Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan `abduhu wa habeebuhu wa rasooluh (s). Allahuma thabitnaa `ala 'l-Haqq bi jaahi man anzalta `alayhi Surat al-Fatihah.

---

CHILDBIRTH/NEWBORNS

When your wife delivers your baby, you must slaughter two sheep; one for Shah Naqshband and the other for all awliya that are looking to make the baby perfect. Daily, give one sadaqa for her and one sadaqa for the baby; this is my advise don't worry.

---

HAJJ 1432

I have not given permission to say you may go. Every ne who goes may carry their own responsibility and they should not go for too long. If anything happens, they must quickly come back by bus, plane, car or by ships; they must move. Al-Fatihah.

The dunya is running to its final destination, therefore there are so many disturbances and problems, so keep yourself in your homes as we don't like people to run through streets; it is not good. The Lord of Heavens is never happy if you are asking something like that. Christians may go to churches or cathedrals, Muslims may go to their mosques, and Jewish people may go to their synagogues; everyone must run to their Lord's house. Streets are roads of Shaytan! They are no good and that is where troubles rise without coming down.

---

ANGER

To be angry quickly is the character of Pakistanis. When you awake for night prayers, after two rak`aats stand up (face qiblah) and say, "Yaa Haleem" one-hundred times.

---

NEW SHAHADAH

Your name and face are honored; your ancestors must have been nobles from the time of Louis XIV, so you are also a noble one. Say you believe: in the Lord of Heavens; in akhirah (the Afterlife); in all prophets sent from Heavens--Adam (a) to the Last Prophet, Sayyidina Muhammad (s)--on Judgment Day and in Heaven and Hell. All major religions accept this, but Christians and Jews do not believe in the Last Prophet, why?

This is our holy book, the Holy Qur’an. A pure, innocent man who reached 40 years, who had not been to school and had no teachers, said, “This message is from Heavens and it came to me just as it came to Jesus Christ, Moses, Abraham, Noah and all prophets.” But people are not coming to say this. When they gather they will see it is based on one belief. Say with me now, “Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna

Sayyidina Muhammadan `abduhu wa habeebuhu wa rasooluh." (Mawlana Shaykh stands and sits)

He is the Last Prophet. We are believing in all prophets and in all holy books; the Bible, the Psalms and the Holy Qur'an, and we surrender to the holy commands of Heavens: this is to be Muslim. We have been ordered to do good things and we are prohibited from bad things. Your name will be Abraham, "Ibraheem."

Fatihah.

Thank you for your visit, bienvenue! Come again. If you need something I shall give it to you, as you are a good one. (Mawlana Shaykh gives him currency). This is not real money, but gold is.

## Authorized persons see the whole world through a needle hole

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Who is (an) authorized person? (The one) who can look through the hole of a needle and may see (the) whole world! (An) authorized person, who (is) authorized by heavenly headquarters, they may look and see the whole world through a needle hole. That is an authorized person! You must look after that person. All others are cheating you!

May Allah forgive me and bless you! Oh our Lord, make this gathering a blessed gathering. If You are blessing... I don’t think when His blessings (are) reaching to a person, (he is not) to be changed; that gathering and that person must be blessed up to end. That is important! Therefore (those) who (are) coming to a Prophet and looking to him and accepting him, (the) blessings that (are) coming on (that) Prophet must be with them (also). A Prophet must carry blessings from Heavens, or it is impossible to reach attenders through themselves a satisfaction or to feel peace through themselves. Prophets and their inheritors are the only ones for the reason of whom blessings (are) coming on earth. Not for others, no, (it) can’t be!

Who may reach to an authorized person- (that) means (to someone who) belongs to Heavens, their relation

(is) with Heavens- who (is) reaching to such people, blessings (are) reaching to them. Don't ask blessings with other people, no, blessings (are) coming from Heavens. Don't ask blessings from earth, no, from up (it is) coming! Therefore you are looking (that) trees (are) asking to reach that blessings (and) therefore they are not asking to come down, but they are asking to come up, asking to reach (up). But people not taking their lessons from even plants- (that) they are growing up, not down, and asking to reach the blessings that come from Heavens. And you, we, we must look such people who are looking up.

About (the) Prophet- peace be upon him- the Holy Quran is saying: "Oh My beloved one, I am looking (for the right time to change the Qibla..." When (the) Qibla had been ordered (to be) towards Jerusalem, Quds-u Sharif, (the) Prophet sws was longing to (be the direction of Qibla the holy) Kaaba and always (the) Prophet's eyes were going up. He was looking up. (There is an) Ayatu Karima. He was looking up when (the) divinely Blessings (are) coming for changing the Qibla from Jerusalem to the Kaaba.

Blessed people's physical eyes are looking up as well as their real being is always looking up, asking to reach blessings from Heavens. Those who are always looking (down), like this, they are on the level of animals, they are belonging to the animals world, because animals are always looking down. You saw any cow, any sheep, any donkey or horse looking up? (No, they are) looking down to eat grass. (Those people) whose importance is only eating and drinking, their level (is) only (the) level of animals world, no more.

They are thinking on it only. 21st century people's civilization- what (it) did for mankind? (It is) bringing mankind from Heavens, from up, from (a) high (level) of humanity, carrying them to the level of animals. That is 21st centuries civilization- bringing mankind, carrying them from their real levels that that level is just honoured, (down). No any other creature reached to that level, only mankind! (But) Shaitan (is) making them, saying: "Come down! Here (there is) pleasure for you. Come down. Our level (is) so enjoyful, you should find peace, come down!" That is 21st century civilization- making mankind to come down, on level of animals. If they were only (like) dears, zebras, cows, giraffes, such people it was very good. But among them are (people who are like) leopards- leopards (are) very angry looking ones! Standing up and looking like this... jumping to reach...

Now people are saying: "Terrorists!" They are not terrorists, they are (like) wild animals on animal level. How can stop them cows, dears, giraffes and so many grass-eating animals? How they can protect themselves from

them and (the) whole world (is) now on that level. “Terrorist people”, they are saying, “(are) running here, running there, making their wildness, (in this) place, in that place, in unexpected places”, they are rushing and doing (harm), because (they are) representing (the) wildness of wild animals. Therefore- violence (is) climbing through violent ones. And all people (are) on that level, (only) very few ones (are) asking (and) saying: “Ya Hu- this is not our real level. Why we are here?” Sometimes (they are) blaming that one, blaming Israel, blaming Russia, blaming Chechnya, blaming Qaida, blaming Murabba, blaming square head people- blaming, blaming... ya Hu- why blaming? Why sitting with them? Change your situation! Get up from their level, come back to your real level. (If) you are asking to come to your real level- that Allah Almighty honoured that level- come back and He is saying: “Wa-llahu yu-aiyyin”- Allah is (the) Protector for people, for believers. Allah is saying, making His oath and saying: “I am defending My honoured servant, no one (else)!”

Once upon a time there was a Grandsheikh, a Saint, Waliullah. One person was asking to visit that one and (he was) coming and on his way he was fearing, because one lion was following him, running after him, and he was coming full with fear. (He was) visiting (the) Grandsheikh and after the visit he was asking to leave and he was saying: “Oh beloved one in divinely Presence! Through your area there is a lion, making me to fear!” (And the Grandsheikh took his cap and) said: “Take this (cap), put (it) on your head and go”, giving this (cap) to him. (He was) putting (it) on his head, getting out, the lion was looking and escaping. These people are lions (themselves)! Ask (the) lions of the Lord of Heaven for protection! No one (else) can protect you, no!

In Shamu Sharif- perhaps 4o years ago- there was one Sheikh Nuruddin. He was from the line of the Prophet, a Rifai Sheikh, a powerful one, he had heavenly powers also. He was very tall and wide. He was Grandsheikh’s father in law. He was coming and I was sitting with him also and he was telling me something from his past. He was saying to me:

“The first time when I was coming from Diarbakir or Al Aziz, through the center of Anatolia, to go to Medina, and I was 19 years old, I was burning with the Prophet’s holy Presence, to visit and I walked on my feet. Walking to reach to the Prophets honoured Maqam and I was running with my beloved one’s love, ‘Muhabbatu Rasul’, the love of the Prophet, I was running and people, caravans were going. We reached through the dessert and it was the time of Maghreb, the sun was setting and the caravan was sitting down to take their rest and they were going on in the night. We were there, we reached and I was looking there were

two ways: one through the hills of mountains, another around mountains, and it was desert. And I was looking (that) no one was asking to reach that way, through hills, all of them (were) asking to (go through the dessert) and I was saying: 'Why? This way is easy, shorter, but that one is longer.' The caravan people, Bedouins, were saying: 'Yes, we know it, but there are lions on that way, and it is dangerous, therefore we are asking to take the safe way.' I was saying: 'It doesn't matter, I may go (that way).' And darkness was coming and I was running, marching alone."

And he said to me: "Oh Nazim, Effendi, I was hurrying to pass and I was feeling that there was someone on front of me, also quickly rushing. I was trying to reach to that one. I was reciting the Sura Yasin along my way and I was hearing someone reciting the Sura TaHa. I was quickly running to reach to him and finally I reached and he was reciting TaHa, I was reciting Yasin. "As-salamu alaikum. " "Wa alaikum salaam." "Oh Abdullah! I was asking to reach to you and you are (faster) more than me" and I was seeing that his leg also was broken, but (still) I couldn't reach (to him). (And I said): "Oh my master, I heard that there are lions on this way. How you are passing through?" And that person was saying: "Oh my son, we are lions! Other lions fear from us. Don't worry, go (on)!"

Awliya! Those who are blessed through Heavens and they are for Allah, they are real lions! Real lions may protect you from others. People are asking shelter from governments, from security powers, from their armies- and he was passing! They are lions! Ask from that ones! As I said (in the story), if he is putting his hat on that person, lions can't reach, they can't approach to them, no, (they are) escaping like this, giving way. Now people forget heavenly lions! They are fearing from dragons and scorpions! Haha! That is a punishment, because they lost also to say: "As-salamu alaikum!"

This holy word (is) giving safety to people and other creatures they are knowing that this one is under protection. "As-salamu alaikum! As-salamu alaikum, ya 'Ibadallahi Salihien." When you are passing, say: "As-salamu alaikum, Ashabu Nauba." (Those) who are appointed for protecting Allah Almighty's sincere servants, they are keeping (them) and protecting (them).

People now lost (it); now they are not asking Awliya, they are denying Awliya, they are those foolish ones (who) are destroying their holy Maqams, holy places on themselves! How theses Awliya (are) going to protect them? (They are) leaving lions to eat them- not lions- lions are honoured animals- (but) others, no honoured

creatures, (are) eating them, (saying:) “No, leave them.” That is punishment, because mankind (is) not taking care for (the) Prophet’s respect and for Prophet’s inheritors respect. They are not honouring them, not giving their full respect to them.

Before living people were coming to be with them through their accommodation places and also they were asking protection from cursing; they were making their will to be buried around such lions that are (the) real Sultans on earth. Therefore around these beloved ones, honoured ones in the divinely Presence, you may see big cemeteries, because when (they are getting up on the) Day of Resurrection, they should have flags and their flags are reaching all (those) that are buried through their holy Maqam.

Now people, Muslims, they are only by name Muslims, and they are leaving what is going to be respected: (the) respect to the servant of the Lord, the respect to Prophets and the respect to the Prophet is respect for Allah Almighty. But Wahabi people are not understanding, because they are ‘mm-square-head’ people. A square-head may be a km square, but these people (only have a) mm square- (they are) imprisoned in that point.

May Allah take away badness from Muqmins and may He bless you through His blessed ones. For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## Seek Eternity and Limitless Paradises

(Mawlana Shaykh stands)

Dastoor ya Sayyidee, madad. Stand up for your Lord's glory! Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! All praising and all glory for our Lord, Almighty Allah, and presented to His most beloved and honored one in His Divine Presence, also glory and honor! May Allah forgive us. We are asking forgiveness, O our Lord, and asking Your blessings. We are so weak ones and we are asking endlessly salutes and greetings for Your most beloved one in Your Divine Presence, Sayyidina Muhammad (s). (Mawlana Shaykh sits.)

O yaa Rabb! O People! As-salaamu `alaykum. That salaam gives you salaamat, safety, here and Hereafter. O People! Give some time for listening heavenly announcement, that if you are listening and accepting, just taken over from your sufferings and miseries. And we are looking that everyone, now they are in sufferings and through misery, and they are just drowned. The whole world is just drowned through miseries and sufferings. Therefore, if you are asking hayyaatun tayyibah, to live here a good life for a period that has been granted to you, to be here in safety and in happiness and enjoyment, then say as-salaamu `alaykum, salute on believers from their Lord. That is one of the biggest grants of our Lord to take away heavy burdens from our shoulders.

O People! We are saying because we have been ordered to be in connection through heavenly beings that they are holy ones. Holiness is not by dressing in strange clothes or something strange on your heads, no. Holiness is a grant just put on your head like crowns for kings or emperors. Ask for that holiness, that Allah Almighty sending through His prophets, peace be upon them, and just had been sent after prophets whom they are following their ways. There is a way reaching to holy stations and there is another way that carries people through sewage channels. Therefore, holy people who are asking to reach the level of holiness are getting much more care and they are scaring not to fall into sewage channels. That is a way.

We are understanding here that whole prophets were saying (teaching about) the Day of Resurrection when people coming for their judgments. The Lord of Heavens giving His majestic judgment, sending people from mahsher, the place for the people landing there, standing and looking upon holy judgment of the Lord of Heavens. They are crowded there. After being under Divine Judgment, they will be ordered, “Now walk!” And everyone will reach to their private places or areas where they will be there forever. Now you are walking, and then they are walking on a very thin and very difficult bridge just put over fire. Who can pass on it, will reach Paradise, reaching their Lord’s pleasure, reaching to their Lord’s honor, reaching their Lord’s happiness! That is granted to them after passing on that bridge. That is the way of holy ones, who are keeping through this life their steps on holy way; they will be able to pass through or over that bridge, that very thin, very thin, very sharp, and very terrible to walk on it. But that is the way of holy ones whom through their lives preferring to walk on the ways of holy ones. They will pass through that holy bridge, reaching up to holy lands granted from the Lord of Heavens, and no one knows its limits, hudood, no one knowing.

SubhaanAllah! Glory to Allah Almighty! According to holy books, the last one entering Paradise just granted ten times (more) like this planet if you are making flat, and he should be so happy. But more than that happiness, because he was thinking, “If this territory is in limits, what about if I am going to be here forever? Do you think that I can be happy with an imitated paradise up to Eternal?” Something was coming something through his heart. The last one entering thinking, “What is ten times of this world?” Now it is so big for a person living here, but the Lord giving to that person that he may be remembering and asking, “O my Lord, our life in dunya was in limits because our lifes in limit, but here unlimited, eternal life. If you are granting us eternal life, this ten times dunya is nothing! We are looking more from Your majesty, majestic kingdom with never-ending dominions and oceans of creation!”

They (inhabitants of Paradise) are saying, “We are so big and this is nothing! We are asking, we hope this not only for us. With happiness we are hoping this Paradise must be as a sea and if growing, it is getting a tree, and from that tree in that garden taking seeds from fruits and making it more!”

And Divine Addressing (to them), “O My servant! Now be happy what I am granting to you. Don’t try to teach Me. Don’t try what I am asking to give to you a limit. Everything through Eternity is eternal. O My servant, (I am granting to you) that world ten times daily, ten times Paradise that I granted to you! Second day it should be double, third day you should find three times, fourth day you should find four times bigger! Be happy, in contentment. Don’t worry, I am the Lord! Don’t try to teach Me something. I am granting to you. Now today you are entering and you are seeing a big land, ten times of world, and tomorrow you should find it double ten times more, and third day you are going to find it thirty times bigger! O My, servant enjoy My endless favors!”

O People! That is a holy way. If anyone of you asking to reach those holy lands that day-by-day getting more and more, don’t think that it is going (to be only) three times bigger. When it is granted three times as the first grant, second day going to be twenty times, and third day from twenty times going to be ten times more. What is it going to be? Two-hundred times, and two-hundred times making it double. Fourth day you are going to find two-hundred times, four-hundred times bigger.

“My Lord, if I can reach to that?”
“If you are not reaching, how you are asking? What I granted to you, I know it. You should be happy, more happy. You are not going to say, ‘enough’; always you are going to say, hal min mazeed, ‘O my Lord, I am asking for more; I am not getting full from Your grants. O my Lord, give more and more and more.’“

O People! That is something that coming to me for declaring to whole nations and whole people. Mostly people now on this Earth are just mixed with miseries and sufferings; no taste for their lives, no one getting a pleasure for their permanent temporary life. You never taking any taste.

O People! Our Lord is calling us. Why are you not giving? Why are you not trying to give daily even five minutes for your Lord, Almighty Allah, for thanking and making sajdah for Him and thanking to your Lord? What is that foolishness from you? What is that ignorance from you? What is that your dirtiness? So big, you

are like rats living through sewage channels and not asking to get out. Why? And every day sufferings getting more and more on your shoulders and you are young ones beginning to come down, down, down. This is a very important message from heavenly levels.

O People! That is a warning as well as it is endlessly good tidings for you! Give some minutes for your Lord, for His pleasure, then He grants to you endlessly pleasure here and Hereafter. Ohhh, drinking through pubs, drinking through casinos, drinking through bad places, doing dirty things! It is not your honor, O Man, to do bad things! It is not honor of a deputy to take dirty things! It is blame to Mankind that they are only thinking how they are killing people, how they are giving trouble to people, how getting more trouble to people! That is your humanity? “Tuuuh” on such a humanity! Allah takes them (who are killing and giving trouble) away because Divine anger is approaching because you are living and reaching the last station of this planet and the Day of Resurrection is just approaching. You should be ashamed, most ashamed on the Day of Resurrection.

O People! Leave to drink because drunk makes you drunk and drunk’s level under the level of donkeys. If giving donkey to drink “talkie walkie” (laughter), Johnnie walkie, if you are giving a donkey to drink Johnnie Walker (whiskey), what drinking that whiskey? If giving to donkey, you, Man, humanity, that donkey not drinking, so how you are drinking?

“No, O our Shaykh, we are not drinking Johnnie Walker, we are drinking champagne.”
Chimpanzee? Put in front of chimpanzee, if drinking champagne, chimpanzee is a kind of ape, put and it should cry, “What is that?”
“O Shaykh, we are not drinking champagne, we are drinking vodka.”
Worst! Leave it in Russia. So many bears, give to him vodka and see if drinking or not. Bear not drinking. You are people, how you are drinking that? What is that foolishness?!
“O Shaykh, we are Greek people. We are accustomed to drink cognac. You never tasted it to know what is cognac. When drinking we are singing (Mawlana mimics a Greek singer.) That is Greek singing.

Come to me, O my black-eye's darling.
O my darling, black-eye's darling, come to me.
Just I am tappa, oh marhaba! How are you?

Greek people, you are happy? But Italians, I am not learning what they are drinking? Wine and also I forgot German people what they are drinking.
“O Shaykh, Germans drinking beer.”
What is beer?
“Beer is just made from barley.”
What? Barley, only donkeys like it. Or how you are making that beer from barley?
“You don’t know, you never taste this.”

I am not tasting. If donkey not tasting, how I can taste? Donkey never getting happy to drink that beer, how I am going to be happy to drink it? And then Arabs also drinking. What are they drinking? Arak, I know. You are Arab and not knowing. Making from dates and drinking. In Egypt making from dates and drinking. Turks now they are free, drinking everything, whatever coming they are drinking. Then? When a person drinking, no more their minds working; finished. When their minds are not working, they are cut off from humanity and reaching to level under the level of animals, because animals are not drinking. Leave to be drunk ones! Then one day you should be unhappy. Give some times for thinking, to learn for your beginning and for your end.

O People! May Allah forgive us. We are only asking that someone should be sent from heavens to correct our steps and the time is over for that one coming and Jesus Christ coming and then going to be Judgment Day! Keep your honor, O Mankind! Leave bad customs and try to reach good customs from holy ones because if no holy one, no way to eternal life, no Eternity for them.

May Allah forgive us, for the honor of most honored one in His Divine Presence, Sayyidina Muhammad (s). (Mawlana stands for honor of Prophet [s] and sits.) Yaa Rasulullah!

(Mawlana Shaykh sings.)
Dome dome dome dome 8x

Those are happy sounds from heavens coming to good ones hearing. Hear and listen, and enjoy with divine singings and music. You should be happy here and Hereafter. O our Lord, forgive us!

Fatihah.

(41 minutes)

Dome dome dome dome

Don’t be angry with me, O people! I am asking your happiness here and Hereafter and I am asking your pleasure in the Divine Presence that gives you endlessly honor with prophets, holy ones and angels. Try to be with them, not with yourself through sewage channels to be with rats and shaytans, Sadanas. May Allah protect us. Ameen.

Fatihah.
(43 minutes) Enough.

## Seek the Perfume of the Heavenly Rose

(Sultan stands to praise Allah)

Allahu Akbar wa li'Llahi l Hamd! Whole glory and whole praise for you, O, our Lord, our Creator! We are nothing; we are trying to give to You as much as possible, to give glory. You have absolute Glory Oceans, you have absolute Praising Oceans and your Dominion is endless through whole dominions. Countless creations and creatures giving, trying to give you countless praising and glorifying, and all of them besides Your absolute Glory Oceans, is nothing.

Please accept, Oh, our Lord, from your weak servants, that glorifying and countless praising. We are saying for Your most beloved one, through your Divinely Presence only one, Sayyidina Muhammad (s), that You created him and You just putting his holy name. You granted that holy name to him and putting in front of Your glorious Name, la Ilaha Ill-LlahMuhammad RasulAllah, only one. Countless salutes and majesty for You, O our Lord, our Creator! Give us something more to be able to grant to You, according to our capacity. We are saying Allahu Akbar, Allahu Akbar, la Ilaha Ill-Llah, w'Allahu Akbar, Allahu Akbar wa li'Lahi 'l-Hamd! As You are glorifying your most beloved one, we are saying, Allahumma salli ‘ala Sayyidina Muhammad! You created him first and he was the last, also. In spite of Wahhabi people, in spite of Salafi people, we are giving our highest respect and glorifying to Sayyidina Muhammad (s). O! No one who knows

his glory except glorious Allah Almighty, and we are saying through this holy month to be granted to us something, more understanding, O our Lord, for Your most beloved one. Let whole stars running to him to give their salutes to him, because that one, Sayyidina Muhammad (s), is Your absolute representative. No other can be Your representative through pre-Eternal up to Eternal!

O our Lord! Give him more and more glory and majesty! Give whole dominions to him! You are never in need of what you created, never, never, O Allah! Give your last glorifying that You are granting to anyone, through Your creatures, give that (to) the Seal of Prophets (s)! You gave it to him and You are giving through each second—or less than a second in time—as much as You are granting to him in pre-Eternal.

We are happy with you, Ya Rasulullah! Give us your intercession in the Divine Presence through this holy month. And we are asking protection, and saying, a`udhu biLlahi min ash-Shaytani ‘r-rajeem. Bismillahi’r-Rahmaani’r-Raheem, running away from Shaytan to your representative shelter. And we are saying, You granted us so big, so endless Mercy Oceans and You ordered to us say, Bismillahi’r-Rahmaani’r-Raheem!

Allahu Akbar, Allahu Akbar! We are happy, we are proud, what You granted us, give more, give more. We are hungry, and as much as you are granting, we are asking more and more of our Lord!

As-salaamu `alaykum to our listeners. (Sultan sits.)

O people try to occupy yourselves only for your Lords glorifying. So many prophets just arrived, O our Grand master, Grand Shaykh that you are our master, master for this planet. You are master, you have been granted from Heavenly grants and that grants making you to be holy ones, holy ones.

O mankind try to be holy one not to be like Qarun, Qarun that he was claiming I am most richest one on earth. And I am such a honoured that no one reached to my honour, and he was asked "which thing making you to be so proud O Qarun?" Because I have been given no same granting (to another). Grant, it is Heavenly treasures. For Heavenly treasure, you may say grants from Heaven. Earthly grants given to some people that eh.. no value for them. Allah Almighty giving, granting prophets and their followers from Holy Dominions that never taking that one back, that is grant!

Grant from the Lord that just given and never going to be taken back that is grant. Grant means Heavenly

grant. If Allah Almighty granting, granting from his Heavenly Dominions through Dominions, oceans of creation. That is grant when giving never taking it back,that is grant! But for Qarun as a person throwing in front of dog a bone. That bone making a dog so happy, so happy with that bone.
So many people now they are occupying themselves with dogs, dogs !! They are thinking that they have been created for looking after dogs or created for training dogs, or they are thinking that they have been created for eh.. servicing dogs. They are thinking that they have been created to be servants of dogs.

And look O people now from east to west particularly western people they are keeping dogs and serving them and giving everything for looking (after) dogs to make dogs happy. What is that? This is the last point of civilization 21st century civilization making people for dogs. Ha, ha!(chuckles). Ya Rabb, send us someone to correct us. Shaytan making 21st century to make people to follow dogs.... "O Shaykh yet you are not looking and seeing dogs and their masters getting out and dogs just tied with chains through their heads?" Dogs running like this and that man running after it like this and coming after it saying "O my darling, .. carrying me", that dog looking not understanding him. "O my servant let us understanding I need to get out to toilet". Hah!

This is the main street of people hooow, "hhoo, hwoo, I must go out, coming little bit here" and waiting his darling to making its eh.. toilet and then eh.. carrying its masters, such a thing with a brush and (sultan brushes with staff). "Finish my darling?". "Huff, huff finished!" Sweeping this and so happy, that is just point of their civilization. To be dogs' servants they never thinking to be servants of their Lord but running to be dogs' servants!! That is civilization? Allah takes them away! "O Shaykh don’t say this, that is our hobby!" You and your hobby may go to Jahannam. That is civilization? Such a hobby for you?

O my listeners, it is not from my word but it s something from Holy ones, to make you to wake up to learn and to be servants of your Creator, not to be servants for dogs and clean dogs and their dirty,.. to carry. That is civilization of 21st century people and they may be very angry with me, don’t be angry. Don’t be angry we are saying truth. The Lord of Heavens created you to be holy ones, not to be dirty ones! The Lord of heavens created you and sending to you (prophets); how you should be with your Lord, how you should be with His servanthood, not making you dogs dirty cleaners. Ashamed. You must (be) ashamed for yourself you are on the top level of creation. And dog deepest level how coming and cleaning dogs dirty? And they are so happy to be dogs servants and dogs dirty cleaners.

Once upon a time one person who is on a good level through society, he was informed that there is a Holy one through this city you may visit him. Yes I may visit doesn't matter. And they taking him to that Holy one he was sitting and looking and saying, "O my master please give to me your shirt, so eh.. dirty, a little bit Shaykh, dirty it is so dirty, please give it to me for washing, to make it clean".
That one he was asking him. "Yes I may give to you my shirt my Lord's servant, and you washing and bringing me a clean shirt, bringing me I shall dress it". After 10 days or one month you are coming and saying "O my master we mush wash it again", and giving to wash once again. "Yes sir! do you think, O my Lord's servant, do you think we have been created to wash clothes?" Every month bring after one week going to be dirty do you think we have been created for washing shirts, nothing else?

Look that ones idea, mentality and cleverness, saying every time getting to be dirty and nothing to do in this life only washing, washing leave us till finishing. That is their mentality. Holy one's saying because I have not such a free time from my Lord's worshipping, to make this every time I am washing and dressing. No, leave it!

And I heard from our Grand Shaykh he was saying "the companions of Prophet (s), if you are embracing them coming (scent of) perfume of rose (from) companions of Seal of Prophets."

Maybe Wahabi people angry with that, or Salafi because they everyday changing their hat. Everyday, sabah (morning) one, evening one, and making like this very happy so clean If they are putting one bottle of perfume form morning to evening leaving them because it is good perfume. But Sahaba, companions of Prophet (s), if you embracing them coming real perfume from their clothes. That is Heavenly perfume, that angels throwing on them. If I am saying Wahabi people should be very angry, that can't be dirty clothes only to be perfume of rose? Can't be, we are using look. Don't think who is going around Seal of Prophets (s) that he was only rose through creation that ...his good smelling is going from east far west.. Believe in it! O Wahabi people and Salafi people and their supporters, when Prophet (s) passing from one way people saying the Seal of Prophet (s) just passed through here. So beautiful!!

Where are those people whom giving their respect to the Seal of Prophets (s). They are never understanding even if they live thousands of years what is Seal of Prophets (s)? What his manzilatun? His station in Divinely Presence?" They are thinking to put perfume, putting on themselves, you are cheating people with artificial perfumes! But the seal of prophet was pouring, yafuur, coming from him, pouring, coming from him! He was

Real rose through creation!

O people O Muslims try to believe in him. Believe in the Seal of Prophets (s), most beloved in Divinely Presence. Try to believe in him,
to be value for you in Heavenly levels. May Allah forgives us.

O people, this is an ocean, it is enough. That is why we are saying:

Dumm dumm dumm dumm dumm dumm dumm dumm
Dumm dumm dumm dumm dumm dumm dumm dumm....

We are happy ones that we are believing in that Rose that giving its blossoms and perfumes from most down worlds up to highest level of Heavens. Be happy that you are believing so many things that it is only one drop from one ocean about that beloved one

O ya Rasul Allah, ya Habeeb Allah

Dumm dumm dumm dumm dumm dumm dumm dumm....
Happiness and enjoyment to those whom they are believing in you, O our Lord's most beloved one in his Divinely Presence.

Dumm dumm dumm dumm dumm dumm dumm dumm

That is Divinely thinking through Heavens for every second just singing angels and saying
Dumm dumm dumm dumm dumm dumm dumm dumm

Fatiha
(40 mins)
It is perfect number that making people to reach from one stage to another one,
dumm dumm dumm dumm
dumm dumm dumm dumm..(everyone joining Sultan singing)
dumm dumm dumm dumm.
Fatiha

(Subhan Allah almost 300,000 people)

## Seek all Provision from Your Lord!

(Mawlana Shaykh Nazim asks a visiting Bahraini shaykh to speak.)

[Guest: You are Mankind, made from flesh and blood and there is one part that is for remembering Allah, which is the heart. Allah (swt) made the shaykh our guide and a piece of our Prophet (s). Then pray on the Prophet (s), the brilliant sun, the first who will raise up from the Earth on Judgment Day, when he will ask Jibreel (a), "What day is this?" Jibreel (a) will say, "By Allah, the Earth will not open for anyone but you! This is Judgment Day." Then he will ask, "What happened to my ummah after me?" where the Prophet (s) said, "The `ulama of my ummah are like the prophets of Bani Israa'eel." So be happy about this gathering and this hadrah as this is one of those gatherings about which the Prophet (s) mentioned, "The angels will come looking for people who are gathering to remember Allah, and the Lord will ask them, 'For what are they gathered?' They will say, 'We came to people who are remembering You by tasbeeh, tahmeed and takbeer.' Allah will ask, 'What are they asking?' and they will say, 'They are asking for Paradise.' Then He will ask, 'Did they see it?' and they will say, 'By Allah, no!' He then will say, 'If they were to see it, they would be seeking it more and more.'" (This is such a gathering with this shaykh.) The Prophet (s) continued, "Allah (swt) will ask, 'What are they asking protection from?' and they will say, 'From the Fire.' He will ask, 'Did they see it?' and they will say, 'By Allah, no!' He will say, 'If they saw it they would be much more afraid of it.'" Allah swears by

Himself that they are forgiven and we are with this shaykh hoping for him to open the doors of his wisdom.) (Du`a) ]

Mawlana Shaykh Nazim: You did excellently; may Allah (swt) do His best for you.

(You reached me. Inshaa-Allah we will visit you more. In one hour we leave for Bahrain, so please pray for us, our children and our students; we intend to send them to see you.)

You made us happy! We are hoping for bukhuoor (incense) from Bahrain. No, oceans, oceans ...

O Servants of Allah! I am a weak servant. Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Sayyidina Muhammadan rasooluh. (Mawlana Shaykh stands). Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultanan wa ridhwaana. Ameen yaa Rabb. O Allah! Praise your prophet and increase him in light and happiness and honor! (Mawlana Shaykh sits)

Our shaykh will speak to you about some of what is necessary, and the most necessary thing for servants is to learn servanthood.

O People! Try to learn the way of servanthood from our grandshaykhs and don't be servants of Shaytan, because if anyone is following Shaytan he is not going to be a servant! Servanthood gives honor, but instead of making Mankind servants, Shaytan makes them slaves and, more than this, when he sees you are slaves, he changes you to another form and makes you donkeys. Slaves walk on two legs, but Shaytan is not happy with this so he changes you into donkeys on four legs, then puts a saddle on you and rides you! Now everyone from east to west and north to south are running to be donkeys for Shaytan, and I am sorry to say this is also happening in the Islamic world. Their leaders, governors and presidents represent Shaytan, who orders them, "Make them walk on four legs so you can ride on them!"

I am sorry and also angry, because it is not an honor for the Islamic world to change from Shari`atullah and ask for democracy! People are becoming ifreets (evil jinns) in Egypt, Libya, Tunis, Arabia, Yemen and Sham, all coming down because Shaytan makes people run to be his donkeys. They ask, "How can we make a living (without following that way)?"

Allah (swt) said, Ayyuha 'n-naas, wabtaghaw `inda rabbikum ar-rizq, "O Mankind! Seek your provision from

your Lord!”

O People! Seek your provision from Allah Almighty; `abooduh, worship Him, and ask for what is important. Allah yaqool, ayyuhal `arab atafham al-`arabi, O Arabs! Do you understand Arabic?

••••• ••••••••• ••••••••• •••••••••• •••••• •••••••••••••

Wa maa khalaqtu‘l-jinna wal-insa illa lI- y`abudoon. I have only created jinn and men so that they may worship Me. (Surat adh-Dhariyat, 51:56)

Worship Him and seek your provision from your Lord, Allah Almighty, even if you have an extreme need. They say, “We are one-hundred people asking to change our government so it will give us more barley,” like barley is given to donkeys! You work for a person and he pays you, so why aren’t you working for Allah (swt), Who says, “We didn’t create jinn and Mankind except to worship Me and to be My servants! I am paying you, so work for Me and don't run to others.”

Allah (swt) has given provision to all the creatures on Earth! He is ar-Razzaq, “The Provider,” and He is paying you! So why are you asking for democracy and throwing away Shari`atullah? O Arabs! We are non-Arabs and (you think) we don't understand anything. “O Arabs! What are you doing with My Book, what did you understand?” (They answer,) “We did this and that.” Where are the Arabs? Woe to them! It is an order to seek your provision from your Lord and worship Him, because that is your servanthood. They left that duty and now Allah is sending whips on them. They say nothing, but if they are not coming to the true way they will be given training that first comes on the Arabs!

First, fitna came on the Islamic world when the Turks left Shari`atullah, then the Arabs, and then one after another they left it. Did Allah (swt) send Shari`atullah for animals in the mountains to follow, or for Man?

I am asking people, you are weak servants, so how are you getting such courage? They say they are making a constitution and voting, but that is haraam. That is what the Arabs are doing, but where are the Wahabi people, the Ikhwaan or the Salafi people, to say this is haraam? Ptuuh, we spit on you! They are shayaateen and ifreets and they understand my language. Their main goal is to say, “Don't touch the Prophet's maqaam, his grave!" Why don’t you say it is haraam to put your hands on the Ka`aba, the House of the Lord (which is permitted at Haram ash-Shareef Baytullah)?

(Mawlana Shaykh stands) Allahuma salli `alaa Sayyidina Muhammad! (Mawlana Shaykh sits) The essential dome is Sayyidina Muhammad (s), so why aren't you turning your hearts to him? Because you don't know where qiblah is! The Salafis say, "Don't build quboor, tombs." Inshaa-Allah curses will fall on their heads! That is their way, but why aren't they saying that democracy, voting and elections are haraam? Isn't Allah (swt) sending Qur'an al-`Azheem ash-Shaan to recite on dead people, to go to tombs and read there? They will be punished more than other people, the Salafi donkeys! You are kissing the Black Stone and it is not haraam; you kiss Hajar al-Aswaad (the Black Stone), saying it is the sunnah of Prophet (s) and all prophets to kiss it. Is the Black Stone as honored as Mankind? How can this be?

Allah (swt) said:

**••••••• •••••••••• ••••• •••••**

wa laqad karamna Bani Adam. We have honored the Children of Adam. (al-'Israa, 17:70)

Kabbir, kubbir, give respect! Arabs are destroying Shari`atullah and Allah will give them the worst of punishments! They understand my English and my Arabic is also broken, but this shaykh from Bahrain has crossed oceans to come here. This suhbah is to remove the punishment from the ummah, although I am the weakest of servants, and this is for our masters from the Arabs! I am shy to speak in front of our master, the shaykh, and this suhbah is for his honor. I was tired and I didn't want to speak, but this honorable shaykh's himmah, his zeal and high effort, made me address all the Muslims. If anyone comes and says, "You are wrong," they will be like Qaroon, who was swallowed by the Earth!

May Allah forgive us. O shaykh, I am tired; it is enough. You have given me enough himmah, Shaykh Effendi, for me to speak and there is no rejecting what I said. Astaghfirullah, tubtu wa rajaatu illah. O Allah! Send a king to us so that we may struggle in the Way of Allah, as You said in Holy Qur'an:

**•••••• •••• ••••• •••••••• •••• ••••• •••••••••••• •••• •••••• •••••• •••• ••••••• •••••••• • •••••• ••••••• ••••• •••••• • ••••••••• ••• ••••••• •••••••**

Alam tara ila 'l-mala'i min banee israa'eela min ba`di Musa idh qaaloo li-nabiyyin lahumu 'b`ath lanaa malikan nuqaatil fee sabeelillah. Have you not thought about the group of the Children of Israel after (the time of) Moses, when they said to a prophet of theirs, "Appoint for us a king and we will fight in Allah's

Way." (al-Baqarah, 2:246)

A group among Bani Isra'eel asked their prophet to ask Allah to send a king to fight in the way of Allah, not a president and not a dictator! But now we don't want kings, as with democracy people think, "One day perhaps I will be president." You are going to be president and your wife is going to be the First Lady, but you are not going to be the First Man, because the First Lady will never accept you if she is not riding on you like a donkey! Iba`th lanaa malikan. The Qur'an is for Arabs, Turks and all the Muslims, and we are saying, "Send us a king!"

O People! You must look for a sultan because democracy, voting and elections are all falsehood and any man who follows that way will never rest. Yaa Allah `alamna al-adaab, O Allah! Teach us good manners. Prophet (s) said:

••••• ••• ••••• ••••••

Adaabanee rabbee fa ahsana taadeebee. Allah taught and trained me in good manners and perfected my good character.

You don't know who comes to our gatherings, and it is enough for us that you (our guest) brought your barakah and your words. Everyone is asking to be president, but that is not good; you are making a trick because there is no basis. It is not a real thing. Everyone is asking be the ruler and keep leadership within the family line, where the son will inherit from the father. If you know this, why did you take the sultans away?

May Allah forgive us! Yaa Sayyidee, yaa Rasoolullah. Yaa Rabb! Ashfa` lana.

Fatihah.

## Seek Sacred Knowledge from Heavenly Sources

Dastoor ya Sayyidee, madad ya RijaalAllah. Allahu akbar, Allahu akbar, la ilaha ill-Llah, Allahu Akbar, Allahu akbar wa lillahi 'l-hamd. Alfu 's-slaaam `alayk wa `ala aalika wa sahabatik wa `ala ummatik Ya Rasulullah. Ashfa` lana, give us your intercession for your ummah, for your nation. And we are giving our most high respect, as must as we can do for our Creator, Allah Almighty and to His Most Beloved and Glorified servant, Sayyidina Muhammad (s), that never created beforelike him anyone insan, or never going to be created after like him up to eternal. May Allah forgives us for the honor of Holy Ramadan. Just we are reaching, after two hours, we are reaching holiest month of the year. Marhaban, marhaban, Ya shahr al-rahmat, ya Shahr ramadan, ya Rabbee bi jaahi habeebik al-mustafa wa bi jaahi Ramadan forgive us and give your blessings on teh nation of the most beloved servant Sayyidina Muhammad, his nation. And we are saying a`udhu billahi min ash-shaytaan ir-rajeem and Bismillahi 'r-Rahmani 'r-Raheem and madad ya Sultan al-Awliya, asking holy support from heavens. If no holy support we are doing nothing. As-salaamu `alaykum! O our Lord's honored creatures. Our Lord's deputies.

The Holy Quran it is from pre-eternal up to eternal. Holy Quran. Holy Quran it is the Holy Words of our Lord Almighty Allah and it is for the nation of the Seal of Prophets, the most beloved one Sayyidina Muhammad (s) just granted to them to know their positions to know their destinations to know for what or for which

purpose for which thing that we have been created. As long as, O people, you are not knowing about yourself about your beginning, about your existence for a while on this planet and after a while we are disappearing. Yesterday there was millions of people living (that) today they are disappeared. Yesterday millions appeared in existence, and today passed away; they are not in existence.

That is the reason of Prophet's Holy Words that he is urging his nation to know from sacred knowledge. Sacred knowledge - the knowledge that people running after it it is nothing. Teaching them something but that teaching never giving to them an honor. Wwhen they are on this planet living ones and also after their disappearing from this world – disappearing and their knowledge going to be disappearing from beginning up to end.

That is not a knowledge that Prophet (s)saying to people it is a obligatory to know. To know Arabic, to know obligatory knowledge is just written on mankind to learn and to know what is that that heavenly order coming through the Seal of Prophets, and he is ordering and he is advising to whole nations that to learn it is an obligatory from heavens to you. Before everything it is an obligatory from heavens that mankind must learn and must know about themselves. It is not written on man to learn somethings from material world, to be a helper for their physical being. It is not the knowledge that people learning now. It is only they are asking through that knowledge to be help for their physical being. But it is not what the Prophet (s) saying to learn some knowledge that giving to you a pleasure through your life on this planet, no. It is not that real target, no!

The Knowledge that Prophet (s) making an obligatory on mankind on humanity it is not for our physical beings. You may know about your physical being but finally your are going to be dust and prophets never getting occupied with something that finally going to be nothing. Prophets they have `uluw ush-shaan - high positions, high ranks in Divinely Presence they are bringing knowledge from Heavenly Presence, from the Lord of heavens.

Don't think they are bringing some learnings from your physical being to make it happy and to do for your phusical being a pleasure or to make your physical beings life easier. Now everything that people learning as a knowledge it is only to make our physical being to be happy and to be enjoyful and to be in pleasure and to be in pleasement. Not because everything that belongs to our physical being only for a short time and finally

you are going to be dust.

[No sound]

Allahuma salli `ala Sayyidina Muhammad wa `ala aali Sayyidina Muhammad

...eating everything through you ?

Your ... “O my brother just I forget it. Let me to look in my books where it is written.” That means his memory going to be on level of zero. We are not asking to give our energy and activity and ability for something that finally going to be zero point. Therefore we are insisting on what prophets are saying, that it is firm thaabit, fixed knowledge that cannot be forgotten. No. That kind of knowledge coming to mankind through heavenly ones; from heavenly ones to holy ones they may give you something from heavenly knowledge. Therefore Prophet (s) saying, “O people! Ask real knowledge which you can learn that knowledge from holy ones.”

Man who is that holy ones they are some selected ones to be on heavenly levels. First of all the Lord of heavens granting some of chosen, some chosen ones, that they may be putting one foot on earth and second foot on heavens. They may take real knowledge from heavens. It is impossible to take a real knowledge from earth. Never, therefore people now going to release, releasing, going to finish. They are reaching to point of finishing their knowledge going to be on zero point.

If where they are beginning reaching on same point of the circle the same point you continue up up then down and down come and reaching first point that you began there. Their knowledge going, going and finally to point of zero. Is it true or not? Therefore the Prophet (s) was saying the insect that eating books like this, there is a reason that eating. That eating your knowledge till you are going to be at the beginning - emptying - beginning from emptiness and ending to emptiness. And it is impossible from heavenly one, from one prophet an order to them, “O people ask more knowledge; not knowledge that belongs to this dunya. No. It is not our material being. No! It is something else. That is something else that you are on it now."

It is coming to my heart to say to whole people, I am adressing to them: “you are beginning from zero and forgetting and making end to be zero also. Prophets not ordering people to do something that it is going to be nothing at the end. If you want to know something about this material life you are welcome also, but if you

want real knowledge you must follow heavenly one, teaching you and taking you from level of animals to levels of angels. You are reaching heavenly pleasures! O people! Don’t leave yourself to be occupied with material life - to be doctors; to be engineers; to be something; to know an authority in it. Finally your physical being going to be dust."

May Allah forgive us.

O people! coming a holy month. Holy month try and it is another grant from the Lord of Heavens that we may tadaarik, yatadaarak, we may use it that chance for ourselves through this holy month to learn something more about real knowledge, about reality, about real beings and their existence through heavens. Follow, follow, such a people, whom they have been granted from the Lord of heavens, through His messengers. Take real knowledge. I am sorry to say that no one is taking any care for any holy books and it is prevented to take a holy book through a university and to speak on it and that is the top point of being ignorant. Those people are finally going to be like a small child, knowing nothing. And my wasiya (advice) advice of heavens, through His Prophets, particularly heavenly advice to whole nations in our days, whom they are the nation of Muhammad (s) (stands) is to follow him; to follow his steps. They should reach to a level that you can't reach it, others going to be down.

O people!

Dumm, dumm, dumm.

That “dumm” means you must continue, researching reality through your short life. If you can reach to keep a hanta (circuit connection), chain, hook that you may hook on it, you should reach such levels that up to today people never reaching.

O people try to reach on that level to be with prophets, and with holy ones and with heavenly beings of angels. May Allah forgives us. Ameen!

It is a beginning for the honor of the holy month of Ramadan and I am looking what is coming if I am living and what is coming through this holy month as an important advice to wake up whole nations and to get up and not to be more drunk, drinking Shaytaan's wines. Leave that and come to truth.

May Allah forgives us.

(singing)

Huwww, Huuuw, Huww, Huuw, Huuwuwww, Huuuuuuw, Huww
Huuuw, Huuw, Huuuuuw, Huuw, Huuwww, Huuuuuw,
Huwww. You , Huwww, You You, Only One that One only You Our Lord.

**Seek the Light**

---

O Servants of Allah! As-salaamu `alaykum. Bismillahi 'r-Rahmani 'r-Raheem. May He (swt) dress us

from the power of the Bismillah. There are holy ones that Allah Almighty appointed for this, alhamdulillah. You can be a king or you can be a sultan but you are still a servant.

As-salaamu `alaykum. May the heavenly safety of Allah (swt) descend upon us. Dastoor, yaa RijaalAllah!

O holy servants of Allah! You are loaded with blessings. O you whom Allah loves! You are loaded with noor! Who is the Master (s) whom Allah loves? He is the Sultan of the prophets, Sayyidina Muhammad (s)! He came loaded with noor from the Malakoot. Allah, Allah! What an honor.

This is a suhbah. What is the order to us? When two believers meet they should have a suhbah, even if it is for the amount of time it takes to milk two sheep. Suhbah saves people from being wild and untamed. It saves them from being ridiculed by Shaytan. For this reason it is ordered, “Greet with salaam: ‘As-salaamu `alaykum,’ ‘wa `alaykum as-salaam.’” May Allah's Salaam descend upon us, may noor from the Great Prophet (s) fall on us and may the blessings of those who are on his way descend upon us. Whoever keeps the way has kept the way of Paradise. Whoever leaves that way is on the way of Hellfire!

Dastoor, yaa RijaalAllah! Don't do anything without dastoor, permission. Ask for dastoor. Dastoor is the grant of those who possess spiritual power, it is Allah Almighty's grant to them through our Prophet (s). When we say “dastoor,” there is noor that we will receive from him.

•••••••••••••• •••••

Faltamisoo nuraan.

Seek light. (Surat al-Hadeed, 57:13)

This is the Holy Qur’an. Did we say, Bismillahi 'r-Rahmaani 'r-Raheem? We did. The Bismillah is the Mercy Oceans which have no boundaries nor end. It has Ismullah al-`Azham (Allah's Greatest Name) in it. They ask, “Where should we look for the Ismullah al-`Azham?” Bismillahi ‘r-Rahmaani ‘r-Raheem. The Ismullah al-`Azham is in this: Bismillahi r-Rahmani r-Rahim. How beautiful, what an honor! He (swt) informed Mankind about it. The Bismillah is loaded with noor; it is Noor Oceans, Shaykh Mehmet Effendi.

O Attending Ones! O People, believers who are attending and who are listening! These suhbahs were spoken, or maybe they were not spoken, maybe they haven't reached us, but the awliyaullah who say words of Haqq have never been absent. Whoever cannot submit to Haqq cannot be a waliullah. Whoever submits to the Truth is the servant that Allah accepts. Whoever doesn't submit to the Truth is Shaytan's dog or he is Shaytan's donkey. We are seeking because Allah Almighty says (...) since we said the Bismillah, then it opens. Even if we spoke until Judgement Day, it wouldn’t finish. How can it?

••• ••••••••• ••••••• ••••• ••••• •••••• •••••

Maa `indakum yanfadu wa maa `indallaahi baaq.

What is with you must vanish, what is with Allah will endure. (Surat an-Nahl, 16:96)

Is it not so? “What is with you will finish and what is with Allah will be Everlasting.” Open your eyes, O you who are two-legged ones but run after what the four-legged ones do and try to be like them! Open your eyes and look to what is with Allah. Wa maa `indallaahi baaq, what is with Allah is Eternal. Al-Baqaa is the Attribute of Allah (swt). Therefore, ask from the One Who is al-Baaqi, The Everlasting! Al-Baaqi Hu Allah. Ask from Allah Dhu ‘l-Jalaal.

What does Allah Almighty say? He (swt) said to the Holy Pen, “Write, ‘Bismillahi 'r-Rahmaani 'r-Raheem.’” He (swt) said, “Bismillahi 'r-Rahmani 'r-Raheem.” I want to stand up each time I say it but may Allah Almighty forgive me because of my weakness. Always stand up when you remember the Holy Name of Allah

Almighty. The old sultans would stand up on their thrones when the Holy Name of Allah Almighty was mentioned, saying, “Amaan, yaa Rabbee! Who dresses on me this sultanate, I glorify You!” Is there anyone who thinks of this? Which king now says this? O Lord! Such sultans who would stand up on their thrones when the Holy Name of Allah Almighty was remembered, came and passed. They would stand up. The ones now sit without moving at all. What are you? What are you that you sit when the Holy Name of Allah Almighty is remembered?

“Why don't you stand up when you say the Bismillah?”

“Well, I am a ruler, I am a king, I am....”

“No! You are a servant. You are a servant. You are a servant. Whose servant are you? You are a servant of the Lord Almighty so then you should stand up in high respect for your Lord.”

When a sultan sits on his throne, and if a person comes and enters into his presence, does that person just greet him and find a place to sit or does he remain standing in full respect until the sultan says, “Sit,” until he gives him the sign to sit? Adab. Adab. What elevates a person is adab, O son!

Awliya said this about adab, I think it was Yunus Emre, may Allah sanctify his secret, who said, “I sought and asked in the assembly of the wise ones.” They said, “Knowledge comes last, only adab (first), only adab.” A person comes near to the great ones with adab, not with knowledge. They say about such a man, “He is a learned man but didn't learn adab. He is a brutish one.” Don't be brutish. Be effendi (well mannered). Know about good manners. What do the good manners of a person consist of? It is not with his wealth or the throne or chair he sits on. The value and honor of Man is with his adab. Be a person with good manners! Say! Say that knowledge comes last. He came with adab. For this the Prophet (s) (...) I may stand up. O Glorious Prophet! We should stand up for you even if it is thousands of times!

O Kings! When the name of that glorious Prophet is mentioned, stand up on your throne! Don't be proud! Maybe angels will take your soul as you sit on the throne and you will fall over and collapse. People will rush, saying, “What happened? His soul is gone and his body remains.” Think, O Kings! Don't be arrogant! The wrath of Heavens is coming on this Earth because they call it, “The 21st century.” How many thousands of years have passed, only Allah (swt) and the Sultan of the Prophets whom He informed know. The awliya

whom he (s) taught know. The awliya who keep his adab know. Say! Say, “Bismillahi 'r-Rahmaani 'r-Raheem,” and Allah Almighty will call you, “My servant who has adab.” Say, “Bismillahi 'r-Rahmaani 'r-Raheem,” and say it openly! Also above the throne on which you sit, put a sign of “Bismillahi 'r-Rahmaani 'r-Raheem.” This was his title.

Which country did Queen Balqis reign over? (Saba.) The Queen of Sheba. She was magnificent. There was no other person who had the magnificent sultanate that she had. To put her in her place, Prophet Sulayman (a), was it him? He sent his holy letter to her. What was his title? O Kings! O Scholars! O those who think of themselves highly and become arrogant! Be careful, what did he say in his holy letter?

••••••• ••• •••••••••••• ••••••••• •••••• ••••••• •••••••••••• •••••••••••

Innahu min Sulaymaan wa innahu Bismillahi 'r-Rahmani 'r-Raheem.

Verily it is from Sulaymaan and verily it begins with the Name of Allah, The Beneficent, The Merciful.

(Surat an-Naml, 27:30)

Is the verse not like this? A severe punishment is coming! Allah Almighty will discipline. The people of the 21st century have become mannerless, the learned ones as well as the uneducated ones. He (swt) will discipline them. They will be disciplined. I don't want, I have the authority, no king should sit on his throne without the Bismillah! He should stand in front of his throne and say, “Bismillahi 'r-Rahmaani 'r-Raheem.” Innahu min Sulaymaan wa innahu Bismillahi 'r-Rahmani 'r-Raheem.

Everyone in his presence should stand on their feet. He should establish such adab and have no fear. He should not fear! It is not that we don't have power! There is a wali who rules over the jinn. If he wants, he can hold him by his ears like this and throw him into the sea! Don't be proud! “I sell lamp oil.” A person cannot be great by selling lamp oil. Even if he has loads of gold worth millions or billions, he may not be considered a man. The value and honor of Man is with adab and the beginning of adab is “Bismillahi 'r-Rahmaani 'r-Raheem.” If you don't teach it, you go to Hellfire as well as those whom you teach.

Bismillahi 'r-Rahmaani 'r-Raheem. Say, “I am at Your Service, O our Lord,” and stand up on your feet. Allah Almighty says, “Faltamisoo nooran” (57:13) in the holy verse, the order. It says, “Then seek a light (noor)!”

Astonishing, astonishing. Where are our scholars? Where are our rulers? Where are the kings? Where are those who think highly of themselves? Where is what you seek? Allah Almighty told you, "Seek noor!" These people seek naar, fire! The people of this time are seeking fire, they are not seeking light. Their goal is to burn the world. What is the goal of all these huge, great nations? Their goal is that they want to rule over the whole world and they want to burn the whole world. Really? Who gave you this authority? They will be the first to go with the first cannon fired!

“Take shelter.”

“Where should we take shelter?”

Allah Almighty said, “Seek noor.”

Say, “Bismillahi 'r-Rahmaani 'r-Raheem,” so that you can take every noor from it. Allah Almighty said to the people, to the kings and to the servants, “O People! Laa ilaaha illa-Llah husnee! Wa man dakhala husnee, amin min adhaabee."

•••• •• ••• ••• •••• •••• ••• •••• •••• ••• •• •••••

Laa ilaaha illa-Llah husnee, wa man dakhala husnee, amin min adhaabee.

The Kalimat, “Laa ilaaha illa-Llah” is My Fortress. Whoever entered into My Fortress is safe from My Punishment. (Holy Hadith)

O Kings! Are you reciting this? It is forbidden! You can't say, “Laa ilaaha illa-Llah,” if three or five people gather in Haram al-Shareef and say, “Laa ilaaha illallah,” harmful ones come and say, “What are you doing? This is bid`a.” What is the business of those who can't distinguish between bid`a and fard? May they be taken away! May those who don't revoke this order be taken away in forty days!

Laa ilaaha illa-Llah hasnee, “Laa ilaaha illa-Llah is My castle,” wa man dakhala husnee, amin min `adhaabee. Start marching! They can fire cannons if they like. Say, “Laa ilaaha illa-Llah! Laa ilaaha illa-Llah! Laa ilaaha illa-Llah!” Don't even take a rifle in your hand. Say, “We are Muslims. May the cannons and planes that unbelievers invented explode on their own heads! Our power is spiritual.” Say, “Bismillahi 'r-Rahmaani 'r-

Raheem," then say, "Laa ilaaha illa-Llah! Laa ilaaha illa-Llah! Laa ilaaha illa-Llah Muhammadun Rasoolullah!"

You should change, O Kings, O Rulers! You should know your place! He (swt) says, "Laa ilaaha illa-Llah husnee, it is My castle," wa man dakhala husnee, amin min `adhaabee "They will be safe from My wrath. If I pull My wrath back, what is the value of the cannons others fire, or the weapons they may use?"

Say, O Muslims, "Laa ilaaha illa-Llah. Laa ilaaha illa-Llah," before you sit on your throne! O Kings! If you want an honorable life, if you want acceptance on the part of Allah, if you want noor, it is not up to your wish but it is Allah's Order: faltamisoo nooran. Allah says, "Seek Light!" The people of this time seek Hellfire. Shame on our humanity! May Allah forgive us. We may say, "Faltamisoo nooran." It is Allah's order to seek Light. The people have become of two kinds, Shaykh Mehmet Effendi: the People of Light and the People of Fire! The People of Light are brilliant and shiny in dunya also, and in Akhirah they will be dressed with noor in the Divine Presence. The People of Fire is the condition of those who don't accept Allah Almighty, who don't show Him due respect, and they are in fire and fear in dunya. At the least they have the fear of, "What will come on my head?" They threw a shoe at one man's head somewhere but he thought he was a great man! Greatness belongs to Allah Almighty, not to the servant. Allah dresses greatness on His servant. Don't ever fear if He (swt) dresses you, others fear from him, others are scared of him.

Now there are seven kingdoms in the land of Arabia. If they sit on their thrones without standing on their feet they will be taken in forty days. I don't know anything. In forty days, leave aside sitting on the throne, they will be buried, so they should be careful. This is a warning. Allah did not send you to search for petrol, or to search for uranium. Mankind is on the wrong way, especially those who claim to be Muslims! Allah Almighty informs us about what we should ask, "Faltamisoo nooran," seek it and search for it. This is what you should ask for in dunya.

On the Day of Judgement people will be in two categories: one is the People of Light and one is the People of Fire. The People of Light will go to Paradise and the People of Fire will go to Hellfire. Put yourself into one of these! Who doesn't learn this in forty days (...)

There are seven kings who rule now in the Islamic continent, in the Arabian Peninsula. If these ones don't pay attention to this, after forty days they will be left as takaoud. What is "takaoud"? It means the Angel of

Death will hit their chests with his hand and they will shout, “Reach! Something is happening to me.” Nothing is happening. There is no need to shout, nothing is happening. He came to take back what was entrusted to you. Whoever doesn't take precautions about these instructions in forty days, whether a king or a sultan, he will hit all of their chests, saying, “Return to me the Trust! You couldn't protect the Trust.” Allah Almighty entrusted you so that you might seek light but you sought fire. You didn't say, “Bismillahi 'r-Rahmaani 'r-Raheem. O our Lord! We are Your servants.”

You should stand like this even if you are the sultan of seven nations! In the old times sultans--our Ottoman ancestors who raised the flags of Islam for a thousand years--when they went to the tomb of Abu Ayyub Sultan (r), and they were magnificent ones, they would dismount their horses and kiss his doorstep. They had such respect because they knew that there is noor in the Sahaabah (r). From whom do you seek noor? From the Sahaabah.

Some people who came out recently destroyed the maqaams of those who have noor. May their dunya collapse on their heads! The jinn will be inflicted on them. There is the power now. Those who do these shameless things say, “We are Muslims,” and destroy the maqaams of the holy ones. They may not survive this Ramadan; they should either remove their hands or not even one of them will remain until Rajab, the month of Allah. This is also a warning. They should say, “Bismillahi 'r-Rahmaani 'r-Raheem.” They have the jealousy of Shaytan! Those who insult the awliya of Allah are shaytans.

Allah Almighty says:

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuhalladheena aamanoo ittaqoollaaha wa koonoo ma` as-saadiqeen.

O you who believe! Fear Allah and be with those who are pious (in word and deed).

(Surat at-Tawbah, 9:119)

How do you read the Qur’an? What kind of Muslims are these? He (swt) says, “Be with the true ones,” and who are they?

••••• •••••••••••• ••••••••• ••••••••• ••• ••••••• •••••• •••••••••••• •••• •••••••••

Wa laa tahsabanna ‘Lladheena qutiloo fee sabeelillaahi amwaatan bal ahyaaun

And never think of those who have been killed in the cause of Allah as dead. Rather, they are alive.

(Surat Aali `Imraan, 3-169)

Don't say “dead” for the people whom Allah loved. These shameless men go and destroy their maqaams. Jinn will attack them. They will make them into pieces and throw them into the sea. O Kings! I have respect for you. I have full respect but our declaration is different.

•••••••••••• ••••••• •••••••••••• ••••••• •••••••••••••••

Wa dhakkir fa inna ‘dh-dhikra tanfa`u ‘l-mu’mineen.

And remind (people), for reminding benefits the Believers. (Surat adh-Dhariyat, 51:55)

They make us say this and since they make us say it, then we say it. I am saying it to save them. We don't want sultanate or anything. What we want is the order of Subhaan, the order of al-Baari: faltamisoo nooran, “Seek noor!”

Where are you, O Muslims? You destroy the maqaams of those who have noor? May they be destroyed by themselves! They are Muslims by name. They destroyed the maqaams of those holy ones, and they burned their books. May they get burned! They will be caught by jinn, and all of them will go crazy! They won't even be able to be controlled with chains.

This is also a warning. Don't be deceived by him sitting quietly like this. There are so many of them, they sit quietly in front of the Ka`bah, but if one of them points like this with his finger, he can throw the West to the East and the East to the West! They have the power, they are the khalifatullah, they are the deputies on Earth. The Master of the Creation (s) is the Deputy of Allah Almighty. The others are those who received a secret from our Prophet (s) and all the other prophets (a). There are such holy ones. There are so many of them on Earth. If those people are not scared yet, when they sleep at night they should be careful in their beds. If a

black or red scorpion stings them, they will scream the place down from pain. This is also possible for the kings, so they should be careful. If they find such a thing in their beds, they should repent! Faltamisoo nooran, they should seek light. With what will you seek it? Say, “Bismillahi 'r-Rahmaani 'r-Raheem,” so that you can seek and you can find.

There is wrath to come! The sultanate of Shaytan will be destroyed regardless, so don't look to your weapons and cannons, look to the word that is being spoken. Allah Almighty does not tell us to prepare weapons and cannons. Faltamisoo nooran. He (swt) says, “Seek noor.”

•••••••••••• ••••• •••• •••••••••••• •••• ••••••••

Wa a`idda lahum mastata`tum min quwattin.

Against them make ready your strength to the utmost of your power. (Surat al-Anfaal, 8:60)

Quwwatin, power is not with weapons or cannons. What will scare the unbelievers is not weapons. They have the best of those, but the power for us will come from this noor. Who represents the noor is our Prophet (s). We show the highest respect for His order, faltamisoo nooran, and wa a`idda lahum mastata`tum min quwattin; you take the power from the Prophet (s) and from the People of Allah. If the People of Allah want, even the simplest one who stands in Allah's service, can throw the East of the world to the West and the West to the East. You should believe it! You should believe it! Your faith is not enough, because you forgot the “Bismillah.” Say, “Bismillahi 'r-Rahmaani 'r-Raheem,” and you'll be like a lion roaring on Earth. Innahu min Sulaymaan wa innahu Bismillahi 'r-Rahmani 'r-Raheem.

O our Lord! For the honor of Your Beloved, may You send us from Your holy ones to guide us. O Lord! May the ones who throw people in filth and destroy the Nation of Muhammad (s) disappear! May not even one of them remain! May not even one of those oppressors remain. Amaan, yaa Rabbee! Don't make us from the oppressors.

Allah says, “I won't. Whenever you remember My Name, I won't make you from the oppressors. Whenever you say, ‘Bismillahi 'r-Rahmaani 'r-Raheem,’ I won't make you from the oppressors. And for whoever are your enemies, I will send on them armies that will finish them.” Maa laa tarawn, “The armies you don't see

belong to Me.” (8:48)

••••••••• ••••••• •••••••••••••• •••••••••••

Wa lillaahi junoodu ’s-samawaati wa ‘l-`ard.

For to Allah belong the Forces of the Heavens and the Earth (Surat al-Fath, 48:7)

Who does it belong to? To Allah Dhu ‘l-Jalaal. I am a person who is zero. I have nothing, but it is coming. Since it is coming, there is permission to say it. We should say it. If there is anyone who comes against it, not even one of them will remain until Rajab. Tawbah, yaa Rabbee! Tawbah, yaa Rabbee! Our kings also should teach us Your Ways and Your Beloved's good manners. May Allah give these kings more power and more life and may Allah give them more blessings and more majesty. I pray for them. If not, I don't interfere.

Allah! Allah! Allah! Allah Hu Allah, Allah Hu Allah, Allah Hu Allah, Allah Hu Allah! You are Subhaan, our Lord! You are Subhaan, our Lord! May You forgive us. May You send us who will teach us these ways. This is also under the command of Your Beloved, Rasoolullah (s). What is under his command is different. Hu Rabbee laa yazal! Rabbuna lam yazal wa laa yazal. We should say, “Allah, Allah, Allah!

Which cannon can fall on them? The cannon will fall on the heads of the traitors. Azh-zhulmu laa yadoom, the oppression cannot last; if it does, it destroys. The oppressors life time will be short. Oppression cuts off their lifetime, they will be taken away. Leave the servants of Allah at rest, don't be a harmful creature. There are ones behind you who are watching you. There are thousands of waliullah who can hit you with the Bismillah. No need for a thousand, one of them is enough. One of them can overcome them.

O Lord! Forgive us. Tawbah, yaa Rabbee! Tawbah, astaghfirullah. We may say, “Bismillahi ‘r-Rahmaani ‘r-Raheem.” O our Lord! May You accept our weakness. What can we do?

Fatihah.

My anger is strong now. The jalaali, majestic manifestation is descending. Amaan, yaa Rabbee! Tawbah, yaa Rabbee! May Allah protect you, may He (swt) protect your children and all the children, people of Islam, yaa Rabbee!

Fatihah.

## al-Waseelah: Seek the Means of Approach

Madad yaa RijaalAllah. (Mawlana Shaykh stands.)

La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah wa 's-salaamu. Madad yaa Sultan al Awliyaa.

We are asking the Master of this world for support or something that will be useful for people and give them benefit. We are saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem. (Mawlana Shaykh sits.)

We are running away from Shaytan as he never likes to give Mankind any benefit. Shaytan's mission is only to try to make troubles, sufferings and miseries for people. He never likes Mankind to be happy. Therefore, we are saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem. O our Lord, please protect us. Allah Almighty is giving His protection for everything, but if He is asking to do something, He makes some means for it directly. No one can ever carry Allah Almighty's Appearance, from pre-Eternal up to Eternal and no one can reach His grants or protection directly. No one.

O Salafi `ulamas, you are reciting the Holy Qur'an. There is a verse in it. Are you knowing it? You don't know what you are speaking. You must understand and follow what is coming from the Heavens, quickly. Don't be

heedless. You must understand and act on what the Lord of Heavens is asking from His servants. We are speaking on something very important. And we are saying, Bismillahi ‘r-Rahmaani ‘r-Raheem. We are first saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem, and asking protection from Allah Almighty. No one can reach (Him) directly. Where is Allah (swt) Almighty? Where, we ask? It is a big blame for Mankind to ask directly from Allah Almighty! Therefore, Salafi 'ulamas, haadireen (attendees) are you ready for understanding? What is Allah Almighty saying? He is saying, asta`idhu billah, w 'abtaghoo ilayhi 'l-waseela.

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••••• ••••••• •••••••••••• •••••••••••• ••• ••••••••• •••••••••••• ••••••••••••

Yaa ayyuha 'l-ladheena aamanu 't-taqu 'l-Llaha wabtaghoo `ilayhi 'l-waseelata wa jaahidoo fee sabeelihi 'l-allakum tuflihoon. O you who believe! Do your duty to Allah! Seek the means of approach to Him and strive with might and main in His cause so you may prosper. (5:35)

You are munkir, you are not accepting waseelah (means of approach to Allah). He who is refusing waseelah is going to lose his belief about the Holy Qur'an. Concerning about wabtaghu 'ilayhi waseelah. Who is that 'ilayhi? Who is dameer? Who is that? Dameer is a closed meaning. Ask for reaching to your ma`arif, targets, or anything that you are asking to reach and you can't reach. As a person asking to fly but by can't fly himself must use a plane: that is a waseelah to take you from the Earth to skies. That is a waseelah. You are asking to reach the skies, but you can't do it by yourself. This is an example to make our minds more clear for understanding something. What is the target that is your pleasure to reach? "Yes, I like to be in the skies. That is my wish or my hobby. I like to reach my hobby to be happy!" A hobby makes people happy. Shakespeare is not knowing such things. (Mawlana laughs) A hobby is the secret demand through the souls of people. It is a very good description. Only heavenly ones can grant you everything. (Allah [swt] is saying,) "You can find everything through My Holy Book that I sent to you as My Last Message, with My Last Messenger. You can find this."

•••• •••••••••• ••• ••••••••• ••• ••••••

Ma farratna fi 'l-kitaab min shay. Nothing have We ommitted from the book. (6:38)

"I am that one who knows everything. You can ask me and I can answer," says a person sitting on a chair. "O our master, I have a simple question," says a simple person, standing up.

"What is that?"
"The hairs, I am wondering if we are adding them, going to come odd or even?"

English is a very strange language! From one side I am learning, from the second side I am forgetting! I am not knowing if I am too old. I am looking in the mirror, and saying, "No not yet, too much old one," and amusing. Sometimes I'm losing and sometimes remembering.

"Your hairs, odd or even?"
"I don't know. I am not adding them to say odd or even. I don't know," says the Salafi `alim.
"But you said that you know everything, now you are saying you don't know!"
"Ask another question."
"O our teacher," says another person standing up," I am wondering about an ant; an ant's body has two parts, a head side and a back side. I am wondering for a long time what side are the intestines of ant, head side or back side?"
"Sit down! What is this question?"
"I am wondering, and you are saying you know everything!"
"Two sides. Finish! What is that? Sit down."

Now people are saying they know everything, but they know nothing! Allah Almighty is (swt) saying, "Everything you can find in My holy book," ma farratna fi 'l-kitaabi min shay. Everything that you are wondering to know about so that your heart is getting satisfaction. Look! "I am not seeing." A blind one can't see. If you say there is a sun and a moon, they say, "I don't believe there is a sun or moon," because he is not looking and seeing. So, I am asking Salafi `ulamas, what does wabtaghoo mean? Allah Almighty is saying, "Ask!" Ibtighaa is a word that means a person is asking or he likes to reach that point, but he can't and he needs some means to make him to reach his wish. What is your ibtaghaa? What is the most interesting thing, that if you knew about it would make you happy, if you knew about it. You must really ask through your heart about something that you are in need of? "I like to fly." Wabtaghoo ilayhi 'l-waseelah.

Man cannot reach anything by himself. You must use some means, zhaahiran wa baatinan, that you can see or can't see. When Allah Almighty is showing what is your most high or most beloved pleasure to reach, 'ilayhi, what is that? Who is dameer? What is that secret? Say! Who is that One? Can anything else be asked

other than Allah, for reaching? Ilaahi anta maqsoodee, my God, You are my goal! No full-minded person is asking his Lord except for the muntahah, the last point beyond which is nothing! Beyond that nothing has any value!

Man's most high desire is to reach his Lord, his Creator, Who is bringing him from nothing into something! O Salafi `ulamas, are you coming by yourselves to dunya and coming for what? Do you know? Say to people! Wabtagha ilayhi. Who is dunya? Wa maa siwaa. Do you think that Allah Almighty ordering to you to run after this Creation or asking from you to reach to your Creator?

It is nothing. Ma siwa Allah. Everything except your Lord, they are like shadows. Shadow may be on earth. When the sun is shining you may see your shadow on earth, under your feet. There is another shadow for you that you may see yourself not like a shadow on earth. You may look to a mirror and through there you can see another being just looks like you but it is not you. So that you are saying, "I am asking to reach to that one's real being."

You understand? I am not asking to look through this mirror. I may see a beautiful lady on it, it is not enough for me when I am looking and asking to reach her. How you are going to reach?

O People! You must understand the Holy Qur'an! They are not understanding anything! W 'abtaghaw ilayhi, when you are looking in a mirror, ayna miratu 'l-haqiqah. Mirrors are of two kinds. One is showing through it not a real being. You are not asking that one, because when you are spreading your hands, you can't touch it. You are asking a mirror that when you are looking in it, you may reach to that one inside! And this is a mirror you are looking and seeing, yes. What do you think Salafi `ulama, any mirror for the Creator? No mirror? Must be mirror because without mirror you can't look to Him.

And you are asking to reach to Him. That is matlabul `alaa, the highest desire for Man, to reach what he is asking to reach. Because when he is reaching that One through the mirror. You are looking at yourself that you just disappeared and vanished, and there is that One only!

Holy Qur'an, some people may understand something from the past times from `ulamas, from awliyaas. Sometimes they are looking, sometimes they are reaching, sometimes someones they are being. When entering, finished, no more your personality, your personality just disappeared, you vanished. That is

matlabu 'l-`ala, highest desire that there is no end for it, no ending for that manzhar, vision! We were saying that how? What is the meaning of w 'abtaghaw ilayhi al-waseela? If you are asking to reach yourself, first of all you must have one mirror. That mirror is a waseelah, that means for you to look to you. Then so many realities, so many stages, so many stations, so many levels going up to reach and what you are asking to reach? Getting to a point where you are going to vanish, to lose yourself and looking what you are asking just vanished also!

What are we saying now? They are making me to speak on some point that was important. We were saying about Shaytan. Allah (swt) takes that away from His servants. Yes, Shaytan is the biggest enemy and we are in need to save ourselves from Shaytan's tricks and traps.

How it can be? One ayatu 'l-kareemah, holy verse that is coming to my heart to speak on it was, wattabi` sabeela man anaaba ilayy. Khitaab addressing one, and at the same time addressing for everyone! The summary of our speech that is coming to me is fa ata`ba sababa.... Nabi Musa, Sayyidina Dhul Kifl. He was wondering, how we can do when he was walking, running to his target? He was stepping: •••••••••• ••••••• fa atba` sababa, and so he chose the right means (18:85). SubhaanAllah is such an ocean. You can find for everything that Man is learning, that is the key. Through that key you can open everything, wa sakhara lakum maa fi 's-samawaati wa maa fi 'l-ard.

If not stepping, you can't reach. Step on which point? Fa atba` sababa. Therefore, this world, whole things just tied or linked to a reason. Without a reason, can't be anything and Nabi, Prophet Sayyidina Dhul Kifl was running to an aim. He was asking to reach to that point and stepping on steps of reasons. Therefore, this world is `alam ul-inkaan, possibility, everything can be if you are using sabab, reasons. Without reason, you can't reach any target here and Hereafter. 'Alam ul inkam, this world, or everything impossibility, but after this life, it is not possibility. Mumkin, and second is `alamu 'l-inkaan, mumkinaat, and `alamu 'l-inkaan. Possible and impossible.

Now dunya, everything on it linked for reasons. When Mahdi (a) coming, people using possibility. That is sunnatullah, everything on this sunnatullah means everything just linked for reasons. When Mahdi (a) coming, everything linked on qudratullah. Qudratullah, reason, know any reason for sunnatullah, no sunnatullah just on reasons. But Qudratullah no need for sabab and when Mahdi (a) is coming. (Mawlana

stands.) Alfu salaat, alfu salam ala khalifatullah Sayyidina Mahdi (a). (Mawlana sits.) Qudratullah, without reasons, "Kun fa yakoon!" That is the highest rank that a person may reach but can't reach that point, also if he is not using waseelah. Who asking to reach qudratullah, that he may say for anything, "Be!" and coming. That you must not use sabab, that's something else. Waseelah is something else.

May Allah forgive us and give us good understanding. That is an important explanation, perhaps some awliyaas just said about it, but now some high level awliyaas know that secret. And from that secret a little bit of drops they are sending now for preparing people for the coming of Mahdi (a) and his personality. That he is going to use, "Kun fa yakoon, Be! and it will be." Therefore, when he is coming, and saying Allahu akbar, Allahu akbar (Mawlana stands) technology and science finished. (Mawlana sits.)

May Allah forgives us.

Allah Allah, Allah Allah, Allah Allah `Azeez Allah
Allah Allah, Allah Allah, Allah Allah Kareem Allah
Allah Allah, Allah Allah, Allah Allah SubhaanAllah

Dome dome dome dome 8x

Bi hurmati 'l-Fatihah.

(50 minutes)

Too much! SubhaanAllah. Shukr Allah, shukr, shukr.

(Mawlana Shaykh Nazim speaks with Hajjah Nazihah on the phone.)

**Seek The Nur**

---

As-Salamu Alaikum O servants of Allah. Bismillahi r-Rahmani r-Rahim. May He (swt) dress us from the power of the Bismillah. There are holy ones Allah Almighty appointed for this, AlHamdulillah. You can be a King, you can be a Sultan but still you are a servant.
As-Salamu Alaikum. May the Heavenly safety of Allah descend upon us. Dastur Ya Rijal Allah, O holy servants of Allah. You are loaded with blessings. O you whom Allah loves, you are loaded with Nur. O who is the Master of whom Allah loves? Sultan of the Prophets, Sayyidina Muhammad (sas) is. He (sas) came loaded with Nur from the Malakut. Allah Allah. What an honour.
This is a sohbat. What is the order to us? When two believers meet they should have a sohbat even if it is for a time of milking two sheep. Sohbat saves people from being wild and untamed. It saves them from being ridiculed by shaytan. For this it is ordered: greet with Salam,"As- Salamu Alaikum". "Wa Alaikum as-Salam". May Allah's Salam descend upon us. May Nur from the Great Prophet (sas) fall on us. May the blessings of those who are on his way descend upon us. Who keeps the way have kept the way of Paradise. Who left that way are on the way of hell fire! Dastur Ya Rijal Allah! Don't do anything without dastur (permission). Ask for dastur. Dastur is the grant of those who possess spiritual power, it is Allah Almighty's grant to them through our Prophet (sas). When we say dastur, there is Nur that we will receive from him. Nur...
"Faltamisu Nuraan" (57:13) This is the Holy Quran. Did we say Bismillahi r-Rahmani r-Rahim? We did. The Bismillah is the Mercy Oceans which have no boundaries nor end. It is what has Al-Ism Al-'Adham (Allah's Greatest Name) in it. They ask about the Ism al-'Adham: Where should we look for the Ism Al-'Adham? Bismillahi r-Rahmani r-Rahim. The Ism Al-'Adham is in this. Bismillahi r-Rahmani r-Rahim. How beautiful, what an honour. He (swt) informed mankind

about it. The Bismillah is loaded with Nur. It is Nur oceans, Shaykh Mehmet Effendi.
O attending ones. O people, believers who are attending and who are listening. These sohbats were spoken, or maybe they were not spoken, maybe they haven't reached us but the awliya of Allah who will say the Haqq word have never been absent. Who can't submit to the Haqq (Truth) can't be waliullah (a friend of Allah). Who submits to the Truth is the servant Allah accepts. Who doesn't submit to the Truth is shaytan's dog. He is shaytan's donkey. We are seeking because Allah Almighty says...

Since we said the Bismillah, then it opens. Even if we spoke till the Judgement Day, it doesn't finish. How can it? "Ma `Indakum Yanfadu Wa Ma `Inda Allahi Baq" (16:96). Is it not so? "What is with you will finish,and what is with Allah will be everlasting". Open your eyes, O you who are two-legged ones but run after what the four-legged ones do and try to be like them! Open your eyes. Look to what is with Allah. "Wa Ma `Inda Allahi Baq". What is with Allah is eternal. Al-Baqa' (Immortality) is the Attribute of Allah. Therefore ask from Who is the Al-Baqi. Al-Baqi Hu Allah. Ask from Allah Dhul Jalal. What does Allah Almighty say? He (swt) said to the Holy Pen "Write Bismillahi r-Rahmani r-Rahim". He (swt) said "Bismillahi r-Rahmani r-Rahim".
I want to stand up each time I say it but may Allah Almighty forgive me because of my weakness. Always stand up when you remember the Holy Name of Allah Almighty. The old Sultans would stand up on their thrones when the Holy Name of Allah Almighty was mentioned: "Aman Ya Rabbi, Who dresses on me this sultanate, I glorify You!" Is there anyone who thinks of this? Which King now says this? "O Lord!" Such Sultans who would stand up on their thrones when the Holy Name of Allah Almighty was remembered, came and passed. They would stand up. The ones now sit without moving at all. What are you? What are you that you sit when the Holy Name of Allah Almighty is remembered? Why don't you stand up when you say the Bismillah? "Well, I am a Ruler, I am a King, I am..." No! You are a servant. You are a servant. You are a servant. Whose servant are you? You are a servant of the Lord Almighty. Then you should stand up in high respect for Your Lord.
When a sultan sits on his throne, if a person comes and enters in his presence, does that person just greet him and finds a place to sit or does he remain standing in full respect until the Sultan

says sit, until he gives him the sign to sit. Adab, adab, what elevates a person is adab O son. Awliyas said like this about adab. I think it was Yunus Emre, he said like this, may Allah sanctify his secret. "I sought and asked in the assembly of the wise ones. Knowledge comes last; only adab only adab". A person comes near to the great ones with adab, not with knowledge. They say for such a man "he is a learned man but didn't learn adab. He is a brutish one". Don't be brutish. Be Effendi (well mannered).

Know about good manners. What does the good manners of a person consist of? It is not with his wealth or nor the throne or chair he sits on. The value and honor of Man is with his adab. Be a person with good manners! Say! Say that knowledge comes last. He came with adab. For this the Prophet (sas)... I may stand up. O Glorious Prophet! We should stand up for you even if it is for 100 00 times! O Kings! When the name of that Glorious Prophet is mentioned, stand up on your throne! Don't be proud! Maybe angels take your soul on the throne as you sit and you fall over, you collapse. People rush "What happened?" His soul is gone and his body remains. Think O Kings! Don't be arrogant!

There is the Wrath of Heavens coming on this earth. Because, they call it the 21st century. How many thousand years passed only Allah (jwa) and the Sultan of the Prophets (sas) whom He informed know. The awliyas whom he (sas) taught know. The awliyas who keep his adab know. Say! Say Bismillahi r-Rahmani r-Rahim and Allah Almighty calls you, "My servant who has adab". Say Bismillahi r-Rahmani r-Rahim, say it openly! And also above the throne you sit, put a sign of Bismillahi r-Rahmani r-Rahim. This was his title. Balqis, the Queen Balqis... Which country's Queen was she?

S.M. Sheba.

M. The Queen of Sheba. She was magnificent. There was no other person who had the magnificent sultanate she had. To put her in her place, Prophet Sulaiman...was it him? He sent his holy letter to her. What was his title, O Kings, O scholars O those who think of themselves highly and become arrogant! Be careful! What did he say in his holy letter? "'Innahu Min Sulaymana Wa 'Innahu Bismillahi r-Rahmani r-Rahim" (27:30) Is the Verse not like this? A severe punishment is coming. Allah Almighty will discipline. The people of the 21st century became mannerless, the learned ones as well as the uneducated ones. He (swt) will discipline them. They should be disciplined. I don't want, I have the authority, no King should sit on his

throne without the Bismillah! He should stand in front of his throne and say Bismillahi r-Rahmani r-Rahim. "'Innahu Min Sulaymana Wa 'Innahu Bismillahi r-Rahmani r-Rahim". Everyone in his presence should stand on their feet. He should establish such an adab and have no fear. He should not fear! It is not that we don't have power! There is an awliya who rules over the jinn. If he wants, he can hold him by his ears like this and throw him into the sea! Don't be proud! "I sell lamp oil". A person cannot be great by selling lamp oil. Even if he has loads of gold worth millions, billions, he may not be considered as Man. The value and honour of Man is with adab. And the beginning of adab is Bismillahi r-Rahmani r-Rahim. If you don't teach it, you go to hell fire as well as those whom you teach.

Bismillahi r-Rahmani r-Rahim. Say "I am at Your Service, O our Lord" and stand up on your feet. Allah Almighty says "Faltamisu Nuraan" (57:13) The Holy Verse, the order. It says "Then seek a light (Nur)!" Astonishing. Astonishing. Where are our scholars? Where are our rulers? Where are the Kings? Where are those who think highly of themselves? Where is it what you seek? Allah Almighty told you "Seek Nur!". These people seek nar (fire)! The people of this time are seeking fire, they are not seeking light. Their goal is to burn the world. All these huge, great nations... What is their goal? Their goal is that they want to rule over the whole world and they want to burn the whole world. Really? Who gave you this authority? They will be the first to go with the first cannon fired! "Take shelter". "Where should we take shelter?"

Allah Almighty said "Seek Nur". Say Bismillahi r-Rahmani r-Rahim, that you can take every Nur from it. Allah Almighty said to the people; to the Kings and to the servants: "O people. La ilaha illa Allah hasni! Wa man dakhala hasni, amin min adhabi". O Kings, are you reciting this? It is forbidden! You can't say La ilaha illa Allah. If three or five people gather in Haram al-Sharif and say La ilaha illa Allah these harmful ones come and say "What are you doing? This is bid'ah". What is the business of who can't distinguish between bid'ah and fardh? May they be taken away! May those who don't revoke this order be taken away in 40 days!

La ilaha illa Allah hasni, is My castle. Wa man dakhala hasni, amin min adhabi. Start marching. They can fire cannons if they like. Say: La ilaha illa Allah. La ilaha illa Allah. La ilaha illa Allah. Don't even take a rifle in your hand. Say "We are Muslims. May the cannons, planes, that unbelievers invented explode on their own heads! Our power is spiritual". Say, Bismillahi r-Rahmani r-Rahim. Then say, La ilaha illa Allah. La ilaha illa Allah. La ilaha illa Allah.

Muhammad Rasulullah (sas). You should change O Kings, O rulers! You should know your place! La ilaha illa Allah hasni, it is My castle, He (swt) says. Wa man dakhala hasni, amin min adhabi. They will be safe from My wrath. If I pull My wrath back what is the value of the cannons others fire, or the weapons they may use?

Say O Muslims! La ilaha illa Allah. La ilaha illa Allah before you sit on your throne O Kings! If you want an honourable life, if you want acceptance on the part of Allah, if you want Nur... It is not up to your wish but an order, Allah's Order: "Faltamisu Nuraan" Allah says "Seek light!" The people of this time seek hellfire. Shame on our humanity. May Allah forgive us. We may say: "Faltamisu Nuraan". Allah's order, seek light. The people have become two kinds, Shaykh Mehmet Effendi, the people of light and the people of fire! The people of light are brilliant and shiny in dunya also. And in akhirah, they will be dressed with Nur in the Divine Presence. The people of fire is the condition of those who don't accept Allah Almighty, who don't show Him due respect. And they are in fire and fear in dunya. At the least they have the fear of "What will come on my head?" They threw a shoe at one man's head somewhere. But he thought of himself as a great man! Greatness belongs to Allah Almighty, not to the servant. Allah dresses greatness on His servant.

Don't ever fear if He (swt) dresses you. Others fear from him, others are scared of him. Now there are seven kingdoms in the land of Arabia. If they sit on their thrones without standing on their feet they will be taken in 40 days. I don't know anything. In 40 days, leave aside sitting on throne, they will be buried. So they should be careful. This is a warning. Allah did not send you to search for petrol, or to search for uranium. Mankind is on the wrong way, especially those who claim to be Muslims! Especially those who claim to be Muslims! Allah Almighty informs us about what we should ask: "Faltamisu Nuraan". Seek it, search for it. This is what you should ask for in dunya. On the Day of Judgement people will be in two categories: one is the people of light and one is the people of fire. And the people of light go to paradise and people of fire to hell fire. Put yourself into one of these! Who doesn't learn this in 40 days...

There are seven Kings who rule now in the Islamic continent, in this Arabic peninsula. If these ones don't pay attention to this, after 40 days they will be left as "takaoud". What is takaoud? It means the angel of death will hit their chest with his hand and they shout: "Reach! Something is happening to me". Nothing is happening. No need to shout. Nothing is happening. He came to

take back what is entrusted to you. Who doesn't take precautions about these instructions in 40 days, whether they are King or Sultan, he will hit all their chests saying "Return to me the trust! You couldn't protect the trust" Allah Almighty entrusted you so that you seek light but you sought fire. You didn't say "Bismillahi r-Rahmani r-Rahim. O our Lord, we are Your servants". You should stand like this even if you are the Sultan of seven nations!

In the old times Sultans, our Ottoman ancestors who raised the flags of Islam for 1000 years, when they went to the tomb of Abu Ayyub Sultan, they were magnificent ones but they would dismount their horse and kiss his doorstep. They had such a respect because they knew that there is Nur in the Sahaba. From whom do you seek the Nur? From the Sahabas. Some people who came out recently destroyed the maqams of those who have Nur. May their dunya collapse on their heads! The jinn will be inflicted on them. There is the power now. Who do these shameless things, who say "we are Muslims" and destroy the maqams of the Holy ones, they may not survive this Ramadan. They should either remove their hands or not even one of them will remain until Rajab, the month of Allah. This is also a warning.

They should say Bismillahi r-Rahmani r-Rahim. They have the jealousy of shaytan! They are shaytan, those who insult the awliya of Allah. Allah Almighty says "Wa Kunu Ma`a -s-Sadiqina" (9:119). How do you read the Quran? What kind of Muslim are these? He (swt) says "Be with the true ones". And who are they? "Wa La Tahsabanna Alladhina Qutilu Fi Sabili llahi 'Amwataan Bal 'Ahya'un" Don't say "dead" for the people whom Allah loved. These shameless men go and destroy their maqams. Jinn will attack them. They will make them into pieces and throw them into the sea.

O Kings! I have respect for you. I have full respect but our declaration is different. "Wa Dhakkir Fa'inna Adh-Dhikra Tanfa`u l-Mu'minina " Advice, because advice, reminding, profits them. They make us say this. Since they make us say, then we say it. I am saying it to save them. We don't want sultanate or anything. What we want is the Order of Subhan, the Order of Al-Bari Hz: "Faltamisu Nuraan". Seek Nur! Where are you O Muslims! You destroy the maqams of those who have Nur? May they, themselves be destroyed! And they are Muslim by name. They destroyed the maqams of those holy ones, they burned their books. May they get burned! They will be caught by jinn, all of them will go crazy! They won't even be able to be controlled with

chains. This is also a warning. Don't be deceived by him sitting quietly like this. There are so many of them, they sit quietly in front of the Ka'aba. If one of them points like this with his finger, he can throw the West to the East and the East to the West. They have power. They are the KhalifatuLlah, they are the deputies on earth. The Master of the Creation (sas) is the deputy of Allah Almighty. The others are those who received a secret from our Prophet (sas) and all the other Prophets (as). There are such holy ones. There are so many of them on earth.

Then, if these people are not scared yet, when they sleep at night they should be careful in their beds. A black scorpion, or a red scorpion; that when it stings, they scream the place down from pain. This is also possible for the Kings, they should be careful. If they find such a thing in their beds, they should repent! "Faltamisu Nuraan". They should seek light. With what will you seek it? Say Bismillahi r-Rahmani r-Rahim so that you can seek, you can find. There is Wrath to come. The sultanate of shaytan will be destroyed regardless. Don't look to your weapons, cannons. Look to the word that is being spoken. Allah Almighty does not tell us to prepare weapons, cannons. "Faltamisu Nuraan". He (swt) says "Seek Nur". "Wa 'A`iddu Lahum Ma Astata`tum Min Quwatin" (8:60). Quwatin, power is not with weapons or cannons. What will scare the unbelievers is not weapons. They have the best of those. But the power for us will come from this Nur. Who represents the Nur is our Prophet (sas). We show the highest respect for His Order: "Faltamisu Nuraan" and "Wa 'A`iddu Lahum Ma Astata`tum Min Quwatin". You take the power from the Prophet, from the people of Allah. If the people of Allah want, even the simplest one who stands in Allah's service, can throw the East of the world to the West and the West of it to the East. You should believe it!

You should believe it! Bacause your faith is not enough, because you forgot the Bismillah. Say Bismillahi r-Rahmani r-Rahim and you'll be like a lion roaring on earth. "'Innahu Min Sulaymana Wa 'Innahu Bismillahi r-Rahmani r-Rahim" O our Lord! For the honour of Your Beloved may You send us from Your holy ones to guide us O Lord! May the one who throws people in filth and destroys the nations of Muhammad(s) disappear! May not even one of them remain! May not even one of those oppressors remain. Aman Ya Rabbi! Don't make us from the oppressors. "I won't. Whenever you remember My Name, I don't make you from the oppressors. Whenever you say Bismillahi r-Rahmani r-Rahim, I don't make you from the oppressors. And for whoever are your enemies, I will send on them armies that will finish them". "Ma La

Tarawna". ""Ma La Tarawna" (8:48). The armies you don't see belong to Me. "Wa Lillahi Junudu s-Samawati Wa l-'Ardi". Who does it belong to? To Allah Dhul Jalal.
I am a person who is zero. I have nothing. But it is coming. Since it is coming, there is permission to say it. We should say it. If there is anyone who comes against it, not even one of them with remain till Rajab. Tawba Ya Rabbi, tawba Ya Rabbi. Our Kings also should teach us Your Ways and Your Beloved's good manners. And may Allah give these Kings more power and more life. May Allah give them more blessings, and more majesty. I pray for them. If not, I don't interfere.
Allah! Allah! Allah! Allah Hu Allah, Allah Hu Allah Allah Hu Allah, Allah Hu Allah. Allah! You are Subhan our Lord. You are Subhan our Lord. May You forgive us. May You send us who will teach us these ways. This is also under the command of Your Beloved, Rasulullah (sas). What is under his command is different. Huu Rabbi la yazal. Rabbuna lam yazal wa la yazal. We should say Allah Allah Allah! Which cannon can fall on them? The cannon will fall on the heads of the traitors. Ad-dhulmu la yadoum. The oppression cannot least. If it does, it destroys. The oppressors life time will be short. Oppression cuts off their life time, they will be taken away. Leave the servants of Allah at rest, don't be a harmful creature. There are ones behind you who are watching you. There are thousands of waliuLlah who can hit you with the Bismillah. No need for a thousand, one of them is enough. One of them can overcome them.

O Lord, forgive us. Tawba Ya Rabbi, tawba Astaghfirullah. We may say Bismillahi r-Rahmani r-Rahim. O our Lord! May You accept our weakness. What can we do? Al-Fatiha. My anger is strong now. The jalali, majestic manifestation is descending. Aman Ya Rabbi, tawba Ya Rabbi. May Allah protect you. May He(swt) protect your children; all the children, people of Islam Ya Rabbi.
Al-Fatiha.

**Sucht das Licht**

---

As-Salamu Alaykum, Diener Allahs. Bismillahi r-Rahmani r-Rahim. Möge Er (swt) uns mit der

Macht des Bismillah bekleiden. Es gibt Heilige, die Allah der Allmächtie dafür bestimmt hat, Alhamdulillah. Du kannst König sein, du kannst Sultan sein, aber du bist immer noch Diener. As-Salamu Alaykum. Möge die Himmlische Sicherheit Allahs auf uns herabkommen. Dastur ya Rijal Allah, heilige Diener Allahs. Ihr seid beladen mit Segnungen. O ihr, die Allah liebt, ihr seid geladen mit Licht. Wer ist der Meister derer, die Allah liebt? Der Sultan der Propheten, Sayyidina Muhammad (saws). Er (saws) kam geladen mit Licht von den Malakut. Allah Allah. Was für eine Ehre. Dies ist ein Sohbat. Was ist der Befehl an uns? Wenn zwei Gläubige sich begegnen, sollten sie ein Sohbat haben, selbst wenn es nur für die Zeit des Melkens zweier Schafe ist. Sohbat bewahrt die Menschen davor, wild und ungezähmt zu sein. Es bewahrt sie davor, von Shaytan verhöhnt zu werden. Deshalb wurde befohlen: Grüßt mit Salam: As-Salamu Alaykum. Wa Alaykumu s-Salam. Möge Allahs Salam auf uns herabkommen. Möge Licht vom großen Propheten (saws) auf uns fallen. Mögen die Segnungen derer, die auf seinem Weg sind, auf uns herabkommen.

Die den Weg einhalten, haben den Weg des Paradieses eingehalten. Die diesen Weg verlassen haben, sind auf dem Weg des Höllenfeuers. Dastur ya Rijal Allah! Macht nichts ohne Dastur, Erlaubnis. Bittet um Dastur. Dastur ist die Gabe derer, die geistige Macht besitzen. Es ist Allahs des Allmächtigen Gabe für sie durch unseren Propheten (saws). Wenn wir sagen 'Dastur', gibt es Licht, das wir von ihm empfangen. Nur... "Fa t-Tamisu Nuran" (57:13). Das ist der Heilige Quran. Haben wir Bismillahi r-Rahmani r-Rahim gesagt? Ja. Das Bismillah sind die Gnadenozeane, die keine Grenzen und kein Ende haben. Es ist das, was Al-Ismu l-'Adham in sich trägt, Allahs größten Namen. Sie fragen über den Ismu l-'Adham: Wo sollten wir nach dem Ismu l-'Adham suchen? Bismillahi r-Rahmani r-Rahim. Der Ismu l-'Adham ist darin. Bismillahi r-Rahmani r-Rahim. Wie schön! Welche Ehre! Er (swt) informierte die Menschheit darüber. Das Bismillah ist geladen mit Licht. Es sind Lichterozeane, Shaykh Mehmet Effendi. Anwesende, Leute, Gläubige, die teilnehmen und zuhören. Diese Sohbats wurden gesprochen, oder vielleicht wurden sie nicht gesprochen, vielleicht haben sie uns nicht erreicht, aber die Awliya Allahs, die das Haqq Wort sprechen, sind nie abwesend.

Wer sich Haqq, der Wahrheit, nicht fügen kann, kann kein Waliullah, kein Freund Allahs sein. Wer sich der Wahrheit fügt, ist der Diener, den Allah annimmt. Wer sich der Wahrheit nicht fügt, ist Shaytans Hund. Er ist Shaytans Esel. Wir suchen, weil Allah der Allmächtige sagt.. seit

wir das Bismillah gesagt haben, dann öffnet es sich. Selbst wenn wir bis zum Gerichtstag sprächen, kämen wir zu keinem Ende. Wie könnten wir? "Ma `indakum Yanfadu wa ma `inda Allahi Baq" (16:96). Ist es nicht so? 'Was euch angehört, wird enden, und was Allah angehört, wird andauern.' Öffnet die Augen, ihr, die ihr Zweibeiner seid, aber dem nachlauft, was die Vierbeiner tun, und versucht, wie sie zu sein! Öffnet die Augen. Seht auf das, was Allah angehört. "Wa ma `inda Allahi Baq". Was Allah angehört, ist ewig. Al-Baqa', Unsterblichkeit, ist das Attribut Allahs. Deshalb erbittet von Dem, Der Al-Baqi ist. Al-Baqi Hu Allah. Erbittet von Allah Dhu l-Jalal. Was sagt Allah der Allmächtige? Er (swt) sagte dem Heiligen Schreibrohr: Schreib Bismillahi r-Rahmani r-Rahim! Er (swt) sagte: Bismillahi r-Rahmani r-Rahim. Ich will jedes Mal aufstehen, wenn ich es sage, aber Allah der Allmächtige möge mir vergeben wegen meiner Schwäche. Steht immer auf, wenn ihr den Heiligen Namen Allahs des Allmächtigen erinnert.

Die alten Sultane standen auf von ihrem Thron, wenn der Heilige Name Allahs des Allmächtigen erwähnt wurde: 'Aman ya Rabbi, Der mich mit diesem Sultanat bekleidet hat, ich preise Dich!' Gibt es irgendjemanden, der daran denkt? Welcher König sagt das jetzt? 'O Herr!' Solche Sultane, die von ihren Thronen aufstanden, wenn der Heilige Name Allahs des Allmächtigen erinnert wurde, kamen und gingen. Sie standen auf. Die heutigen sitzen, ohne sich überhaupt zu bewegen. Was seid ihr? Was seid ihr, daß ihr sitzt, wenn der Heilige Name Allahs des Allmächtigen erinnert wird? Warum steht ihr nicht auf, wenn ihr das Bismillah sagt? 'Nun, ich bin ein Herrscher, ich bin König, ich bin..' Nein! Ihr seid Diener. Ihr seid Diener. Ihr seid Diener. Wessen Diener seid ihr? Ihr seid Diener des Allmächtigen Herrn. Dann solltet ihr aufstehen in hohem Respekt für Eueren Herrn. Wenn ein Sultan auf seinem Thron sitzt und jemand kommt und in seine Gegenwart eintritt, grüßt dieser Mensch ihn einfach und findet einen Platz zu sitzen oder bleibt er stehen in vollem Respekt, bis der Sultan sagt 'Sitz', bis er ihm das Zeichen zu sitzen gibt.

Adab, Adab. Was einen Menschen erhebt, ist Adab, mein Sohn. Awliya sagten das über den Adab. Ich glaube, es war Yunus Emre. Er sagte das, möge Allah sein Geheimnis heiligen. 'Ich suchte und fragte in der Versammlung der Weisen. Wissen kommt als letztes, nur Adab, nur Adab.' Ein Mensch nähert sich den Großen mit Adab, nicht mit Wissen. Sie sagen über so einen Menschen: Er ist ein gebildeter Mensch, aber er hat keinen Adab. Er ist roh. Seid nicht roh. Seid

Effendis, wohlgesittet. Wisset über gutes Benehmen Bescheid. In was besteht das gute Benehmen? Es hat nichts zu tun mit Reichtum oder dem Thron oder Stuhl, auf dem jemand sitzt. Der Wert und die Ehre eines Menschen ist in seinem Adab. Seid Menschen mit gutem Benehmen. Sagt, daß Wissen zuletzt kommt. Er kam mit Adab. Deshalb, der Prophet (saws)... Ich stehe auf. O glorreicher Prophet! Wir sollten aufstehen für dich, auch wenn es 100 000x ist! Könige! Wenn der Name dieses glorreichen Propheten erwähnt wird, erhebt euch von eueren Thronen! Seid nicht stolz! Vielleicht nehmen die Engel euere Seele auf dem Thron, wie ihr dort sitzt, und ihr fallt vornüber, ihr brecht zusammen. Die Leuten laufen. Was ist passiert? Seine Seele ist gegangen, und sein Körper bleibt. Denkt, ihr Könige! Seid nicht arrogant! Der Zorn der Himmel kommt auf diese Erde. Weil sie es das 21. Jahrhundert nennen. Wieviele tausend Jahre vergangen sind, wissen nur Allah (jwa) und der Sultan der Propheten (saws), den Er informiert hat. Die Awliya, die er (saws) lehrte, wissen es. Die Awliya, die seinen Adab einhalten, wissen es. Sag: Bismillahi r-Rahmani r-Rahim. Und Allah der Allmächtige nennt dich: Mein Diener, der Adab hat. Sag Bismillahi r-Rahmani r-Rahim, sag es offen! Und auch über den Thron, auf dem du sitzt, hänge ein Schild von Bismillahi r-Rahmani r-Rahim. Das ist sein Titel.
Bilqis, die Königin Bilqis.. Die Königin welchen Landes war sie? SM: Sheba. M: Die Königin von Sheba. Sie war herrlich. Es gab niemand anders, der so ein herrliches Sultanat hatte wie sie. Um ihr ihren Platz zuzuweisen, sandte der Prophet Sulayman.. war er es? Er sandte seinen heiligen Brief zu ihr. Was war sein Titel, ihr Könige, ihr Gelehrten, o jene, die von sich hoch denken und arrogant werden! Seid vorsichtig! Was sagte er in seinem heiligen Brief? "Innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim" (27:30). Ist der Vers nicht so? Eine strenge Strafe kommt. Allah der Allmächtige wird disziplinieren. Die Leute des 21. Jahrhunderts wurden rüpelhaft, die Gebildeten wie auch die Ungebildeten. Er (swt) wird sie disziplinieren. Sie sollten diszipliniert werden. Ich will nicht.. Ich habe die Autorität, kein König sollte auf seinem Thron sitzen ohne das Bismillah! Er sollte vor seinem Thron stehen und das Bismillah sagen. "Innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim." Jeder in seiner Gegenwart sollte auf den Füßen stehen. Er sollte solchen Adab begründen und keine Furcht haben. Er sollte keine Furcht haben!
Es ist nicht so, daß wir keine Macht haben! Es gibt einen Awliya, der über die Djinn herrscht. Wenn er will, kann er ihn so bei den Ohren halten und ins Meer werfen! Seid nicht stolz! 'Ich

verkaufe Lampenöl.' Ein Mensch kann nicht groß sein durch den Verkauf von Lampenöl. Selbst wenn er massenhaft Gold hat im Wert von Millionen, Billionen, mag er nicht als Mensch betrachtet werden. Der Wert und die Ehre des Menschen beruht auf Adab. Und der Beginn des Adab ist Bismillahi r-Rahmani r-Rahim. Wenn ihr es nicht lehrt, geht ihr ins Höllenfeuer, genau wie die, die ihr nicht lehrt. Bismillahi r-Rahmani r-Rahim. Sagt: Ich bin zu Diensten, o unser Herr. Und steht auf eueren Füßen. Allah der Allmächtige sagt: "Faltamisu Nuraan" (57:13). Die Heiligen Verse, der Befehl. Es heißt: Dann sucht ein Licht! Erstaunlich. Erstaunlich. Wo sind unsere Gelehrten? Wo sind unsere Herrscher? Wo sind die Könige? Wo sind all jene, die hoch von sich selbst denken? Wo ist das, was ihr sucht? Allah der Allmächtige sagt euch: Sucht Licht! Diese Leute suchen Feuer, Nar! Die Menschen dieser Zeit suchen Feuer. Sie suchen kein Licht. Ihr Ziel ist es, die Welt zu verbrennen. All diese gewaltigen, großen Nationen.. Was ist ihr Ziel? Ihr Ziel ist es, über die ganze Welt zu herrschen, und sie wollen die ganze Welt niederbrennen. Wirklich? Wer gab euch diese Autorität? Sie werden die ersten sein, die gehen, wenn die erste Kanone losgeht! Geht in Deckung! Wo sollten wir in Deckung gehen?
Allah der Allmächtige sagt: Sucht Licht. Sagt Bismillahi r-Rahmani r-Rahim, damit ihr alles Licht daher nehmen könnt. Allah der Allmächtige sagte den Leuten, den Königen und den Dienern: Leute, La ilaha illa Allah hasni! Wa man Dakhala hasni, Amin min Adhabi". Könige, rezitiert ihr das? Es ist verboten! Ihr könnt nicht sagen: La ilaha illa Allah. Wenn 3 oder 5 Leute sich im Haram ash-Sharif versammeln und sagen: La ilaha illa Allah, kommen diese Schändlichen und sagen: Was macht ihr da? Das ist bid'ah. Was ist die Sache dessen, der nicht zwischen bid'ah und fardh unterscheiden kann? Mögen sie weggenommen werden! Mögen jene, die diesen Befehl nicht widerrufen, in 40 Tagen hinweggenommen werden. La ilaha illa Allah hasni ist Meine Burg. Wa man Dakhala hasni, Amin min Adhabi. Beginnt zu marschieren. Sie können Kanonen abfeuern, wenn sie wollen. Sagt: La ilaha illa Allah. La ilaha illa Allah. La ilaha illa Allah. Nehmt nicht einmal ein Gewehr in die Hand! Sagt: Wir sind Muslime. Mögen die Kanonen, Flugzeuge, die die Ungläubigen erfanden, auf ihren eigenen Köpfen explodieren. Unsere Macht ist geistig. Sagt: Bismillahi r-Rahmani r-Rahim. Dann sagt: La ilaha illa Allah. La ilaha illa Allah. La ilaha illa Allah. Muhammad Rasulullah (saws). Ihr solltet euch wandeln, Könige, Herrscher! Ihr solltet eueren Platz kennen! La ilaha illa Allah hasni, es ist Meine Burg,

sagt Er (swt). Wa man Dakhala hasni, Amin min Adhabi. Sie werden sicher sein vor Meinem Zorn. Wenn Ich Meinen Zorn zurückziehe, was ist der Wert der Kanonen, die andere abfeuern, oder der Waffen, die sie benutzen mögen?

Sagt, o Muslime! La ilaha illa Allah. La ilaha illa Allah, bevor ihr euch auf eueren Thron setzt, Könige! Wenn ihr ein ehrenwertes Leben wollt,wenn ihr die Billigung von Seiten Allahs wollt, wenn ihr Licht wollt... Es hängt nicht von euerem Willen ab, sondern ist ein Befehl, Allahs Befehl: "Faltamisu Nuraan", sucht Licht! Die Menschen dieser Zeit suchen das Höllenfeuer. Schande auf unsere Menschlichkeit. Möge Allah uns vergeben. Wir mögen sagen: "Faltamisu Nuraan". Es ist Allahs Befehl, Licht zu suchen. Die Menschen sind von zwei Arten geworden, Shaykh Mehmet Effendi, Menschen des Lichts und Menschen des Feuers! Die Menschen des Lichts sind glänzend und leuchtend auch in der Dunya. Und in der Akhirah werden sie mit Licht in der Göttlichen Gegenwart bekleidet. Die Menschen des Feuers sind der Zustand jener, die Allah den Allmächtigen nicht anerkennen, die Ihm nicht den gemäßen Respekt erweisen. Und sie sind im Feuer und in Furcht in der Dunya. Zumindest haben sie die Furcht 'Was wird auf meinen Kopf kommen?' Sie warfen irgendwo einem Mann einen Schuh an den Kopf. Aber er dachte von sich selbst, er sei ein großer Mann. Größe gehört Allah dem Allmächtigen an, nicht dem Diener. Allah bekleidet Seinen Diener mit Größe. Fürchtet euch nie, wenn Er (swt) euch kleidet. Andere fürchten Ihn, andere haben Angst vor Ihm.

Jetzt gibt es sieben Königreiche im Land Arabien. Wenn sie auf ihrem Thron sitzen, ohne auf den Füßen zu stehen, werden sie in 40 Tagen hinweggenommen werden. Ich weiß nichts. In 40 Tagen, lassen wir das Sitzen auf dem Thron beiseite, werden sie im Grab sein. Also sollten sie vorsichtig sein. Dies ist eine Warnung. Allah sandte euch nicht, um nach Öl zu suchen oder um nach Uran zu suchen. Die Menschheit ist auf dem falschen Weg, besonders jene, die behaupten, Muslime zu sein. Besonders jene, die behaupten, Muslime zu sein! Allah der Allmächtige informiert uns darüber, was wir verlangen sollten: "Faltamisu Nuraan". Sucht es, forscht danach. Das ist, was ihr in der Dunya verlangen solltet. Am Gerichtstag werden die Menschen in zwei Kategorien sein: Eine sind die Menschen des Lichts und eine sind die Menschen des Feuers. Und die Menschen des Lichts gehen ins Paradies, und die Menschen des Feuers in die Hölle. Setzt euch selbst in eine von ihnen! Wer das nicht in 40 Tagen lernt.. Es gibt sieben Könige, die jetzt herrschen auf dem islamischen Kontinent, auf dieser arabischen Halbinsel. Wenn diese nicht

aufpassen, werden sie in 40 Tagen wie "Takaoud" sein. Was ist Takaoud? Es bedeutet, der Todesengel wird ihnen mit der Hand auf die Brust schlagen und sie schreien: Kommt! Etwas passiert mit mir! Nichts passiert. Nicht nötig zu schreien. Nichts passiert. Er kam, um das zurückzuholen, was dir anvertraut wurde. Wer keine Vorkehrungen triftt für diese Anweisungen, in 40 Tagen, ob sie nun König oder Sultan sind, wird er all ihre Brüste schlagen und sagen: Gebt mir das Unterpfand zurück. Ihr konntet es nicht schützen. Allah der Allmächtige betraute euch damit, Licht zu suchen, aber ihr suchtet das Feuer. Ihr sagtet nicht: Bismillahi r-Rahmani r-Rahim. Unser Herr, wir sind Deine Diener. Ihr solltet so stehen, selbst wenn ihr der Sultan von sieben Nationen wäret.

Wenn in den alten Zeiten die Sultane, unsere osmanischen Vorfahren, die die Fahne des Islam 1000 Jahre lang hochhielten, zum Grab von Abu Ayyub Sultan gingen, waren sie prächtig, aber sie stiegen vom Pferd und küßten seine Türschwelle. Sie hatten solchen Respekt, weil sie wußten, daß Licht in den Sahaba ist. Von wem sucht ihr das Licht? Von den Sahaba. Manche Leute, die kürzlich hervorkamen, zerstörten die Maqams jener, die Licht haben. Möge ihre Dunya über ihren Köpfen zusammenfallen! Die Djinn werden ihnen auferlegt werden. Es ist jetzt die Macht da. Die diese schamlosen Dinge tun, die sagen 'Wir sind Muslime' und die Maqams der Heiligen zerstören, werden diesen Ramadan nicht überleben. Sie sollten entweder die Hände zurückziehen oder nicht einer von ihnen wird bleiben bis Rajab, dem Monat Allahs. Die ist auch eine Warnung. Sie sollten sagen: Bismillahi r-Rahmani r-Rahim. Sie haben die Eifersucht Shaytans! Sie sind Shaytan, jene, die die Awliya Allah beleidigen. Allah der Allmächtige sagt: "Wa kunu ma`a s-Sadiqina" (9:119). Wie lest ihr den Quran? Was für Muslime sind diese? Er (swt) sagt: Seid mit den Aufrichtigen. Und wer sind sie? "Wa la Tahsabanna Alladhina Qutilu fi Sabili Llahi 'Amwataan bal 'Ahya'un". Sagt nicht 'tot' über die Menschen, die Allah liebt. Diese schamlosen Menschen gehen hin und zerstören ihre Maqams. Djinn werden sie angreifen. Sie werden sie zerstückeln und ins Meer werfen.

Könige! Ich respektiere euch. Ich habe vollen Respekt, aber unsere Erklärung ist anders. "Wa Dhakkir Fa'inna dh-Dhikra Tanfa`u l-Muminina". Guter Rat, weil guter Rat, Ermahnung, ihnen guttut. Sie veranlassen, daß wir das sagen. Da sie uns dazu veranlassen, sagen wir es. Ich sage es, um sie zu retten. Wir wollen kein Sultanat oder irgendetwas. Was wir wollen, ist die Ordnung Subhans, die Ordnung Al-Bari Hz's: "Faltamisu Nuraan". Sucht Licht! Wo seid ihr Muslime? Ihr

zerstört die Maqams jener, die Licht haben? Mögen sie, sie selbst, zerstört werden! Und sie sind Muslime dem Namen nach. Sie zerstörten die Maqams jener Heiligen, verbrannten ihre Bücher. Mögen sie verbrannt werden! Sie werden von Djinn gefangen werden, alle werden verrückt werden. Man wird sie nicht mal durch Ketten kontrollieren können. Dies ist auch eine Warnung. Laßt euch nicht täuschen von ihm, der so ruhig dasitzt. Es gibt so viele von ihnen. Sie sitzen ruhig vor der Ka'aba. Wenn einer von ihnen so mit dem Finger zeigt, kann er den Westen zum Osten werfen und den Osten zum Westen. Sie haben Macht. Sie sind die KhalifatuLlah, sie sind die Stellvertreter auf Erden. Der Meister der Schöpfung (saws) ist der Stellvertreter Allahs des Allmächtigen. Die anderen sind jene, die ein Geheimnis von unserem Propheten (saws) empfangen haben und all die anderen Propheten (as). Es gibt solche Heiligen. Es gibt so viele von ihnen auf der Erde.

Wenn diese Leute noch keine Angst haben, wenn sie nachts schlafen, sollten sie vorsichtig sein in ihren Betten. Ein schwarzer Skorpion oder ein roter Skorpion.. Wenn er sticht, kreischen sie den Ort zusammen vor Schmerz. Das ist auch für die Könige möglich. Sie sollten aufpassen. Wenn sie so ein Ding in ihrem Bett finden, sollten sie bereuen. "Faltamisu Nuraan". Sie sollten Licht suchen. Womit werdet ihr suchen? Sagt Bismillahi r-Rahmani r-Rahim, so daß ihr suchen könnt, finden könnt. Es wird Zorn kommen. Das Sultanat Shaytans wird rücksichtslos zerstört werden. Seht nicht eure Waffen, Kanonen an, seht auf das Wort, das gesprochen wird. Allah der Allmächtige sagt uns nicht, Waffen, Kanonen bereitzuhalten. "Faltamisu Nuraan". Er (swt) sagt: Sucht Licht. "Wa 'A`iddu lahum ma Astata`tum min Quwatin" (8:60). Quwatin, Macht, ist nicht mit Waffen oder Kanonen. Was die Ungläubigen das Fürchten lehrt, sind nicht die Waffen. Sie haben die besten davon. Aber die Macht für uns wird von diesem Licht kommen. Wer dieses Licht darstellt, ist unser Prophet (saws). Wir zeigen den höchsten Respekt für Seinen Befehl "Faltamisu Nuraan" und "Wa 'A`iddu lahum ma Astata`tum min Quwatin". Ihr nehmt die Macht vom Propheten, von den Menschen Allahs. Wenn die Menschen Allahs wollen, kann selbst der einfachste, der in Allahs Diensten steht, den Osten der Welt zum Westen werfen und den Westen zum Osten. Ihr solltet es glauben! Ihr solltet es glauben! Weil euer Glaube nicht ausreicht, weil ihr das Bismillah vergessen habt. Sagt Bismillahi r-Rahmani r-Rahim und ihr werdet wie ein brüllender Löwe auf Erden sein. "Innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim".

Unser Herr, zu Ehren Deines Geliebten mögest Du uns von Deinen Heiligen senden, um uns zu führen, o Herr. Möge der, der die Menschen in den Dreck wirft und die Nationen Muhammads (saws) zerstört, verschwinden! Möge auch nicht einer von ihnen übrig bleiben. Möge auch nicht einer dieser Unterdrücker verbleiben. Aman ya Rabbi. Laß uns nicht zu den Unterdrückern gehören. 'Das werde Ich nicht. Wann immer ihr Meinen Namen erinnert, lasse Ich euch nicht zu den Unterdrückern gehören. Wann immer ihr Bismillahi r-Rahmani r-Rahim sagt, lasse ich euch nicht zu den Unterdrückern gehören. Und für jeden euerer Feinde sende Ich Armeen über sie, die sie erledigen.' "Ma la Tarawna". "Ma la Tarawna" (8:48). Die Armeen, die ihr nicht seht, gehören Mir. "Wa Lillahi Junudu s-Samawati wa l-'Ard". Wem gehört es? Allah Dhu l-Jalal. Ich bin ein Mensch, der Null ist. Ich habe nichts. Aber es kommt. Da es kommt, gibt es Erlaubnis, es zu sagen. Wir sollten es sagen. Wenn jemand dagegen geht, wird nicht einmal einer von ihnen bleiben bis Rajab. Tawba ya Rabbi, Tawba ya Rabbi. Unsere Könige sollten uns auch Deine Wege und die guten Manieren Deines Geliebten lehren. Und möge Allah diesen Königen mehr Macht und Leben geben. Möge Allah ihnen mehr Segnungen geben und mehr Majestät. Ich bete für sie. Sonst mische ich mich nicht ein.

Allah Allah Allah! Allah Hu Allah, Allah Hu Allah! Allah Hu Allah, Allah Hu Allah! Allah! Du bist Subhan, unser Herr. Du bist Subhan, unser Herr. Mögest Du uns vergeben. Mögest Du uns einen senden, der uns diese Wege lehrt. Das ist auch unter dem Befehl Deines Geliebten, Rasulullah (saws). Was unter seinem Befehl ist, ist anders. Huu Rabbi la Yazal. Rabbuna lam Yazal wa la Yazal. Wir sollten sagen: Allah Allah Allah! Welche Kanone kann auf sie fallen? Die Kanone wird auf den Kopf der Verräter fallen. Adh-Dhulmu la Yadoum. Die Unterdrückung kann nicht andauern. Sonst zerstört sie. Die Lebenszeit der Unterdrücker wird kurz sein. Unterdrückung schneidet ihre Lebenszeit ab. Sie werden hinweggenommen. Laßt die Diener Allahs in Ruhe, seid keine schädlichen Geschöpfe. Es gibt welche hinter euch, die euch beobachten. Es gibt Tausende von Waliullah, die euch mit dem Bismillah schlagen können. Es sind nicht Tausende notwendig, einer von ihnen ist genug. Einer von ihnen kann sie überwältigen. O Herr, vergib uns. Tawba ya Rabbi, Tawba Astaghfirullah. Wir mögen sagen Bismillahi r-Rahmani r-Rahim. Unser Herr, mögest Du unsere Schwäche annehmen. Was können wir tun? Fatiha. Mein Ärger ist jetzt stark. Die Jalali, majestätische Erscheinung kommt

herab. Aman ya Rabbi, Tawba ya Rabbi. Möge Allah uns schützen. Möge Er (swt) unsere Kinder schützen, alle Kinder, Menschen des Islam, ya Rabbi. Al Fatiha.

**Seek The Petrol!**

---

Eridduna bi mededikum. Oh people whose hearts are filled with the love of Muhammad (SAW) blessed ones. La hizuna. Don't take us away from your glance. Grant us the beauties that were given to you. How nice. Assalamu aleikum. Oh friends of the Prophet. The Prophet's friends, Ashab at the first level. Then, saints, according to the level of affection in the Prophet's eye reaching the highest level. Let's ask blessing from them. They are fountains of life. Assalamu aleikum oh believers! Oh believers, oh honorable people, honorable people are believers. Dishonorable people are unbelievers. Dastur ya Rijalallah. Oh holy ones who occupy themselves in the service of Allah(swt) without thinking of anything else, watch us, teach us, May we learn. They say ok. Oh fellows, oh friends. Assalamu aleikum. Peace be upon you. What a nice beginning. Say it. Say it. You say everything else. Why don't you say this?
Assalamu aleikum. Oh friends of the Prophet (saws). Oh friends of the Prophet's friends. May you be honored. "Faltamisu Nura"(57:13) Look for Nur (Divine Light). "Run after the light" says Allah (swt). Hay hay,hay hay(as you wish my Lord) Assalamu aleikum. Oh friends! Wa aleikum salam. How nice, what a nice beginning! Let's learn. Oh those ones who love what the Prophet of Allah loves, may your day be khayr(good)and evil be far from you. May the doors of goodness be opened for you. Let's say Bismillahir rahmanir rahim. What a nice beginning, what a nice beginning. Let's say, may our day be good.
Ya Mufattihal Abwab iftah Lana Hayral Bab. Oh, the holy ones who have the keys of all doors in their hands, Open for us the doors of goodness. Say it ya Hu, say and get used to it. You're human. Don't be an animal. Distinguish yourself from an animal. Say,oh the holy ones who have the keys for the doors of goodness, may you open for us the doors of khayr(goodness)! Then ay yaran,ay friends, lets say, Bismillahir rahmanir rahim. May all doors of goodness open for us,

may our fears be far from us! May what we ask for be dressed on our hearts and bodies, on both our physical and spiritual beings. How beautiful, how beautiful the ones who begin their day with Basmala Sharif. How beautiful is the one who makes sajda (prostration) to his Lord. How ugly are the ones who don’t. They are dirty. Their appearance is bad. Their smell is bad. They`re vain. Dont`t be one of them.

Be clean amongst the clean ones. Praying fajr(morning prayer),we sit for the assembly of Yaran. Even the sultans were seeking and looking for awliya (saints) who made sohbat after fajr prayer. Some of them received them at their palaces; some of them, going around with their horses, some of them were going out in disguise to meet them. May I find one of the beloved ones of Allah (SWT) those who loved Allah (swt), and Allah too loved them. How nice. Love Me. Oh my servant, says Janabul Allah (swt). Study and learn. Al ma'ru ma'a man ahab. One will be with whom he loves. Who is to be loved the most on our level? The sincere servants of Allah . They are muhabbatullah (love of Allah). They are full with the love of Allah and love of Rasulullah. If they kick the earth, they'd make it go out of its orbit. Azameti Hudara - A drop from the greatness of Allah Almighty, can turn the world upside down, the earth, the land and the sky. Azamati (greatness) Hudara. Allah's (swt) greatness, its not an greatness that anyone can know. Allahu Akbar, Allahu Akbar Allahu Akber Allahu Akbar Wa lillahi l-Hamd.Say Takbir. You can destroy all the shaitans. Allahu Akbar Ala man takabbara wa tajabbar. Don't raise your nose, like a black donkey, be human. One day, they will break on your head the chair on which you're sitting. You will become ashamed. Prostrate in front of Allah. Be humble and show signs of servanthood.

Oh our Lord, oh our Lord. O our Lord, You are our Creator; in Your Presence we make Sajdah. Don't get up without making sajda, don't be without sajda. Say "Allah exists". If you do not say, He will destroy you. The high seat you sit on may be broken on your head. Azamati Hudara it is the word of Farisi Muslims. For the sake of Allah's greatness, aman Ya Rabbi, aman Ya Rabbi. What are we? We are like the dust of the earth. Like the dust. What are you proud of? Of the high seat you sit on? Or of the throne? One day they may break it on your head. So many of arrogant people were crushed. You saw and heard. Watch your manners (adab)! and say Aman ya Rabbi.

Ey Yaran, Oh friends, welcome. May you go in happiness. Who knows his Lord, even sitting on

a stone, becomes more dear than the one sitting on a throne. You are sitting on a throne, wanting to show greatness, with your guards, thrones, clothes. This is useless. When the greatness comes down on you from heavens, the ones who see you may tremble - Oh something is happening to me. Who is this person? Don't ask. Fear comes into my heart when I see him. Hay hay, fear comes. This is a poor servant of Allah but He dressed him with dress of heybet(majesty). Your gold and silver decorated dresses are useless for you, can't give you majesty, but this man wearing an old jubba (cloak) and a takkah(cap) with a turban wrapped around it, is someone accepted/appreciated in front of his Creator. It's a thousand times better than your golden crown. The crown he wears is the Prophet's crown.

Those who are called Hodjas, why don't you put Prophet's crown on your head? If they shaved the mane of the lion what would it be like? It wouldn't even look like a cat. Why do these hodjas shave their beards? Are they not ashamed from Allah, and nor from the Prophet (saw)? Why don't you put the crown of the Prophet on your head? Why don't you dress like the Prophet did? You don't but one day you will get it in the neck. It is changing. It is changing. The days of change are coming, coming with a whip.There are the ones coming from heavens with their whip! You can see their whip but not them. Fear from Allah! Don't say I am king, I am prince, I am president. Don't say I am on my throne. Keep your adab (manners)! Otherwise you will get a slap on your face, the shape of your face may change, you won't be able to move your arms & legs.

Fear Allah! Keep the way of our Prophet! Ey yaran, ey fukaralar, ey poor ones, ey friends,make friends with poor ones. Don't seek closeness to rich ones and leaders. Look for the ones who have light and are acceptable to their Lord, they may take your burden, may teach you. Say Bismillahir rahmanir rahim. With BismiLlahir Rahmanir Rahim you can shake the world. French armies were bombarding Damascus from the hills of Mazra. A bomb was coming towards the tomb of Sayyidina Yahya, when it came near, a hand came out of the tomb and threw it back to the hills of Mazra. You may believe it or not.The ones who believe win.The ones who dont lose. Be like a jewel. My Lord, I am your weak servant. I am looking for Your servants who can teach me adab! May You send us,our Lord! We are in the hands of tyrants, those who see themselves as giants. If only one of the Holy ones asks from his Lord to break the chair on their head, it will be broken. They will lie down dead. You must know that this is the

way, ey Yaran.
I am talking to you my daughter, may my daughter-in-law listen too. Mother-in-law is telling this for her daughter-in-law. I am telling something to my daughter so that my daughter in law may understand. I am not addressing them directly. Be clean, look for Light(Nur).What did Allah(swt) say we should look for? Ey scholars, ey princes, ey kings, What did Janab Allah say in Holy Quran that we should look for? You all read The Holy Quran. Allah(swt) commands: "Faltamisu Nura"(57:13) He is saying look for Light(noor). Is anyone of you looking for it? All of you are after Dunya(world). But the Dunya is a carcass. Going after carcass, you become carcass. Pity!
They are not wearing the crown of the Holy Prophet(sas) on their head. Nothing is on their head. New fashion, Hodjas are like movie stars. A movie star or Hodja(imam)?! Bre, hasha minal hudur, if you shave the mane of a lion, what does it look like? It looks like a monkey. Why don't these hodjas keep the Sunnah of our Prophet? Trousers,jackets and ties they wear. A tie which is a sign of Christianity! Those unreasonable Christians keep crucifying Prophet Isa, continually. Doesn't it represent this incident? Pretended to be. Be ashamed of yourselves! A Prophet has honor. Above all this, you call him god or, son of god and then you crucify him. What is this? Such an empty claim?
Aman yahu, ey our friend, teach us adab(manners). Our people are imitating them. Statues are everywhere. Who has ever found any benefit from statues? Go to Egypt and look! Mursi of Egypt or Mursi of Egypt. Have a look how the statues of the Pharaohs are sitting. A man is so small compared to those statues. What benefit did those statues give to Pharoah? You will leave behind a smelly dead body that, the washer will wish to keep away from. Allah is ordering to 'be clean', "ŸãWa Tatahharu" Wash yourselves and be clean. Whose divan,whose property are you in? Be clean! "Inama-l Mushrikina Najasan"(9:28)-Hypocrits are unclean. Those who leave Allah and make up other gods or idols to respect are unclean, dirty. They have no value.
Allah is ordering you, oh people, "Faltamisu Nura"(57:13)Look for Light(nur).Are any of you looking? Oh Sheikh Effendi, how?! We are looking for petrol! Allah(jj) orders "Faltamisu Nura"(57:13). Our Arabs, our Turks,are Faltamisu (looking for) petrol. Where is there petrol? They used to call petroleum. Looking for petrol! You are created to look for it? Iranians are

proud to be called oil tycoons. Princes, kings are proud of this too. 'We are petrol tycoons'they are saying. They became Petrol tycoons. Qadhafi was also saying "I am king of petrol". "I am number one in petrol business". Petrol became his curse. They killed him by hitting his head.
Oh people, specially kings and scholars, and princes, this addressing is to you: Is Allah saying "Faltamisu Petrol"? Strange! "Faltamisu Nura"(57:13). Allah says:Look for Divine Light. He doesnt say: Look for petrol,oil. Look for Divine Light which Allah gives you; light without petrol. Does the Sun uses petrol for its light? Where does the Sun get its energy? Each day is oil is filled into the Sun so that it can gives light? Why don't you think? Our Prophet (sas) said to reflect an hour is better than 7 years of worship -Tafakkur sa'atan Khayrun min Ibadatu Saba'ina Sanah. To think on these subjects,needs to be paid attention. You think, "I have seated myself on my fine chair, I'm not descending. "One day it will be broken on your head because you looked for seats of honour and petrol, but not Light. Your efforts are useless, you will have to leave in shame.
They leave Allah Jalla Jalaluhu Wa Jallat Azamatahu. They leave the orders of Allah, when Allah says"Faltamisu Nura"(57:13) Our people say "no,what shall we do with the Divine Light?" We are looking for oil and petrol. We will sell them and become rich, like Iranians. Iranians say: We are petrol tycoons - we became rich by selling petrol. You will be drowned in your petrol.
Oh people, "Hal Min Muddakir?" - Is there anyone among you who reflects? "Faltamisu Nura"(57:13). Look for Divine Light. Who are the owners of light? Our Holy Prophet(saw),who is the Sultan of all prophets. You must look for his light. Who has his light? Nur(divine light)that will revive you. Whoever sees you will tremble. One of the kings said: Who brought this man here? I cannot look at his face, I am trembling. That man is a simple dervish! If he is not rich why did you bring him here? These are not the ones looking for oil on Earth. These are the blessed ones who are looking for the treasures of heavens, so heavenly titles and divine light are dressed on them.
They are not like you. You will drown in your oil reserves. This petrol will be your curse. Leave it. All corruption is because of it but their mind is full with nothing else but oil. Petrol smells bad. They are happy with the smell of petrol. "We searched and found petrol." With petrol one does not become human. Allah has not created you to run after petrol. Faltamisu Zayt - search for oil Faltamisu Nift - search for petrol? He didnt say that but said - FaltamisuNura (57:13).O kings

dont you understand? O kings of the Arabs,does Allah order to search for petrol? Or does He order: "Faltamisu Nura"(57:13)? "Oh my servants look for divine light(noor)" Oh our Lord forgive us.

Lets say Bismillahir rahmanir rahim. There are the oceans of divine Light, oceans of divine Light. They say we did this & that. Whatever you did if it is not for Allah's sake it is useless. Your food, your seats, your palaces and mansions give you nothing. You may find yourself in horror! Seekers of Nur may go anywhere they want,no one can disturb them but those who look for petrol have many enemies. They want to make them fall because they want their place.

Look how beautiful! Ey yaran,ey friend! Ad-Dinu n-Nasihatu. Religion is good advice. They are making me to speak these words. They collect it from here and there and inspire it into my heart. I am not reading from the books to tell you but from what is poured into my heart. These words I tell you come from my heart where there are oceans of them. If you want the sultanate of Akhirat say Bismillahir rahmanir rahim. Oh our Lord enlighten our faces, give us strength. May we run after the honor of being a servant to You. May we not run after building mansions and palaces. May we tell of the beauties of being on Your way so that we may bring Your servants back to the right path. That is what we want.

The world has decieved so many people by saying I am yours but finally they found out differently - wrapped up inside a coffin, carried in a funeral ceremony, some with bands, some with songs, finally buried deep down into the black earth. What waits for you in the grave will not make you happy! Oh people if you are human, think on it. It is said: To reflect 1 hour is better than to be busy with dunya 70 years. This is how the doors will be opened for you. This is the Will of Allah(swt). Teach this.Our scholars are not saying anything.Ey people,ey Mursi, watch your chair not be broken on your head. O High ones of Iran, O those who destroyed Damascus,beware! One day your seats may be broken on your heads. Your dead body may be dragged in the streets because you have no divine Light & didnt look for it.

People seek the owners of divine Light. Who has it? "Faltamisu Nura"(57:13). The divine Light is within the Holy Ones (clean ones). Nur is within the holy ones who walk the way of the Holy Prophet. Dont take offense, I ask no wages, no salaries. I ask for The Divine Light. May Allah cast the divine Nur within us so that we will not be ugly and ashamed on the Day of Resurrection. We want to have lighted faces & clean hearts in the presence of Rabbul Alamin.

Oppressors are giving trouble. What they do is satan's business. May Allah keep them away. Come and say Akmaluddin Bey, where are you? Hearing me? Am I wrong? If you say I am wrong your grave will be ready the following day. Our people say there are some people with whom you must watch your manners and avoid hurting them. If you don't revenge comes from Heavens. Lightening, visible or invisible may strike you. Beware,beware! May Allah save us from our bad egos. Search for Nur and ask for it, Our Prophet Aleyhis Salatu ves Selam, brought the Light. You all read The Holy Quran. The Holy Quran is the ocean of Divine Light Why are you leaving it for something else? What is this fury and pride? Stop it. Obey the Divine Light Allah sent you!

Oh our Lord forgive us! Tawba Ya Rabbi!Send us the Sultan who will destroy the kingdom of satan. The Sultan who will give rights to those who have them. Injustice is everywhere. Oppression is drowning people. Oppression everywhere. Islamic world is like this. Unbeliever world is like this. Oh our Lord forgive us! Send us Your holy ones who will shed on us Your Divine Light. Send us Vaktin Sahibi,the Sultan, who will teach us Your Divine orders; who will open the ways of HabibAllah! Send us Mahdi(as) Ya Rabbi! Wa liLlahi l-Hamd. Ey yaran, ey friends, The ones making me speak gave me a bit of divine Anger. Dont take offense Make tawba(ask forgiveness), Recite at least 70 Astagfirullah. Say at least 40 times "Bismillahir rahmanir rahim." Pray your five daily prayers. You will be safe.

If you don't do this, you will be swept away. O ladies don't put on your makeup and fancy dresses and go around. If so, your smell will be very bad when you are being buried. Cover yourselves. Don't use wordly perfumes then the angels will bathe you in heavenly perfumes. What a nice smell! What a beautiful woman! Ladies for their husbands only, not for other men! Allah orders like this! If not keeping this advice you will become ugly!

Aman Ya Rabbi, tawba Ya Rabbi. We are waiting for Sultan! Sultan gonder, sahip gonder Mevlamƒ±z. Send us the Sultan who will keep us. O Habib Akramu Hurmatina Wa Bihurmati-l Fatiha

## Seek Your Sultan

Bismillahi r-Rahmani r-Rahim. Because of troubles in the Turkish Republic, I shall tell you some inspirations that have come to my heart. I am a weak servant of Allah (swt). I am one of those who know our recent history. Shukur Allah. My condition is due to my old age. We have information and also we have inspirations.

The other night, because of that Nawruz-Spring... people fought with each other in the eastern cities. I was sorry about this. Now, I want to say a couple of words. Don't look at who is speaking, look at Who is making me speak. Bismillahi r-Rahmani r-Rahim. Don't start anything without Bismillah. It is useless.

For how many days my condition wasn't good? I didn't have power to even talk. But with Allah Almighty's grace, with Shifa'at of his highness Sultan al Anbiya'... and prayer, support from Awliyas... I started to pull myself together a little bit. Insha Allah my hope is that I will destroy Kufr-unbelief and I will talk with Mahdi (as).

G: Amin insha Allah altogether.

Because of the chaos of Nawruz- Spring, some wisdom is coming to my heart. I'm a weak servant of Allah but we have inspirations. As my grandson... you studied law. I'm going to ask you some questions about this. I

shall give the answer inshallah. Now, you are a graduate of law school, our grandson. May Allah (swt) give all of us khayr. I have a question. What is the description of a government? What is the attribute of a government? What can a government do? I shall say and you listen then. The government... A government is an authority which protects the people, encourages them to treat each other with kindness, governs people and represents power. Is there anything wrong?

Haqq.

Because of the chaos in the Eastern cities, I felt sorry. Why isn't the government able to govern its people? Government has power and governs people. If it can't govern people, then it is not a government. When I look at that chaos, the government can't control people. Which means there's no government. A government has the power... to order people. It has police, soldiers, and the army. If you can't control people with all this power... you aren't considered as a state in a particular region. Which means Turkey lost its honor of being a government. What if all people rise up? A government has the power to govern its people. If not, then it is not a government. Turkey since it is establishment, couldn't govern its people. Before that, the Sultan had power, majesty, will-power. Turkey has neither power nor majesty, nor will-power. This is not a state.

The Ottoman Empire ruled people for 700 years, with the will-power of the Sultan. Everyone feared Sultan. Who fears the president, deputy, the parliament? Who respects the army? That means, Turkey lost its ability to be a state. All countries, which banished their Sultans, are in trouble. None of them can govern its people. "You are you, I am me" they say. Egypt, Libya, Tunusia, Algeria, Morocco, Syria is like that. Iraq, Iran is like that. All Arab Peninsula, all African people are like that. They don't have any power. "You are you, I am me" people say. Who are you? I go out in the streets, I burn, I destroy... I kill. If you can stop us, then do it.

Was it possible to do so, during the Sultanate? Impossible. Because the state was standing up with the Sultan. This democracy it's what they made from their mind. It's dirty, dirtiness everywhere they are trying to put it to rule them. You pass these things now! They are not saying anyone else is good, We are better than you. No Sultan! Then the Majesty of the Sultanate.. What they called this democracy is rubbish people. The one who has the will-power is 1000 levels higher. The will-power is with 1 person. The will-power of 100 people is not the same as this one person with power. In one class how many people rule? The teacher rules. Is anyone else there? If someone else interferes it messes everything. That is why until these people, who call for democracy,

shaytanic, mental production, they are following dunya & their dunya is not dunya & their Akhirat is not good.

My advice is that Turkey should quickly have their Sultan. It should act accordingly. The army should be under "Sarasker" that the Ottomans used. Just one "Saraskar". Sultan assigns & discharges him. He rules over the army. He is under the command of Sultan. When they don't bring this system back... Neither Turks, nor Greeks, nor Egyptians can find a ruler. This is the consequence. The government has now divided people. What is the power of the government. Turkey doesn't have power anymore. People on the streets are more powerful than the deputies. They go out with guns in their hands, knives on their bellies. Whatever you throw at them, they attack you. They .. you. Turkey with 80 million population... couldn't control the chaos in 1 city. What honor do you have? What do you have a parliament for? You said I'm better and lied to people. Can it ever be compared to the Ottomans?

The Sultan ruled with the army. People respected him. He ruled and protected its people. All governments, that are not built on religion, cannot be successful. All Africa is in chaos because of it. The whole world, Christian world, is also like this. All African people, brother killing brother. All nations are in chaos because there is no power to control them. No one with willpower. No power to stop them. What will you do? Try and I shall see your power. It's been 100 years since this republic could achieve anything. They brought a wrong system and that - This is my declaration. You can either inform Gul, or Ali... or you can inform Mr. Erdogan, or the parliament, or the in all cities, to the commanders of the army. The highest commander of the army... is in prison. Prisons are full, for what? Why do you imprison them? If you don't like them... if he is harmful, the order of Shariat is... to get rid of him or to send him to exile, finished. When he is in prison, he is unseen. Let's see if he can do something.

There is no law over Allah's Shariat. Impossible! I'm sorry, the people, who put this empire of 700 years... into such a condition, should fear Allah (swt). I want to inform Turkey about this in Turkish and the other countries... in their own language. Written or as an audio, whatever they do, they continue. People will find truth - why they are in this condition, they will find out and know. At that time the storm comes and everywhere is like the sea. Tawhid is from Allah (swt).

May Allah send us Saheeb, May He send us Sultan. Who is Sultan? Sultan is the shadow of Allah (swt), on earth. His shadow has majesty. Whose shadow are these people? Shadow of shaytan. May Allah forgive us.

This is our declaration. This is what's been given to our hearts. Declare it in Turkish, written or on TV. Declare to everyone. Let the whole world hear. If anyone says this is wrong, may he fall into trouble. Fatiha.

## Seek your Sustenance

The Holy Prophet advised his Nation to work for a living, though our stay in this world be only temporary. He advises us to seek out our sustenance, not to wait for it to find us. It is best for us to work for our livelihood, to engage ourselves in any type of work that does not transgress the Law, as the most tasteful of food is that earned with one's own hands. For man to seek his sustenance within the bounds of the Divine Law is most pleasing to our Lord, and is also conducive to good mental and physical health. So whoever is able-bodied must work. Don't argue that, since the sustenance of every creature is already destined for him you need neither pursue it nor avoid it - these are the excuses of lazy people - and Allah does not favour laziness. As long as you are in this world there must be some work that you can do with your hands.

King Solomon, who was both a Prophet and a Divinely Ordained Monarch was granted by his Lord opulence far beyond the imagination of even the richest man of our time, for Allah Almighty granted him knowledge of the exact location of all the treasures in the Earth, and also empowered him over armies of Jinn who not only guarded those treasures but would bring up any of them upon command. Solomon was also granted the power to discourse with the animals, and they too were his servants.

Even such a magnificent emperor as Solomon never in his life ate food except the proceeds from the sale of baskets he himself wove. Can we find such scrupulousness anywhere? King Solomon set an example for all of

his subjects, and people of all time by not using the wealth of the Nation for his personal needs. But nowadays, on the contrary, the government is expected to supply everyone's needs, so that many people, other than those who are truly handicapped or in need, unashamedly take government handouts and demand that they be increased. Don't be unemployed! Perhaps you can cheat the government, but you can't deceive Allah; and He Almighty punishes such people in this life by making that money a cause of discontent for them. No "barakah" comes from unearned money, and the result of such a life will be both physical and mental illness. Therefore, if you value your health and your sanity, eat from the work of your hands!

Sultan Abdul Hamid, the last Khalifa of the Ottoman Empire was a great personality of his time. By virtue of his great stamina and charisma he was able to not only hold together the crumbling empire, but to actually effect a kind of revival of spirit throughout the vast realm. He was the last ruler to be mentioned in sermons all across the Muslim World, and he was the last keeper of the holy relics of the Prophet which are in Istanbul.

In the midst of all the affairs of his empire that needed his attending to, he found time to engage in a craft and eat from the proceeds of that work. Not only this, but he never ascended his throne to attend to court until he had recited his Naqshbandi exercises and read a portion of the Qur'an and also of the prayer book Dalail-ul-Khairat, as well as praying the two sets of supererogatory prayers of the early morning. It is enough of a testimony to his strength to mention that he sat on the throne for thirtythree years in a time when most kings could not manage to retain their power for even ten years because of the many intrigues and the growing chaos of the times. The magnitude of his majesty was such that Kaiser Wilhelm II once said:

"I have met many monarchs and rulers in my life and have found them all to be my inferiors, or at best my equals, but when I entered the presence of Abdul Hamid I began to tremble."

The Holy Prophet once said: "You must work for your honest provision as if you are going to remain in this world forever, and for the afterlife as if you will die tomorrow".

Now why would the Prophet, whose mission it was to call to eternal life suggest that we work as if we will always be in this world? Because when hope for the life of the world is abandoned man will die. Hope for the future of this world and for our position in it is necessary for our being able to devote ourselves to our duties

in this life. Besides this, the Holy Prophet declared that man's good deeds live on after him in this world, through the benefit that future generations derive from them.

And with regard to the afterlife, the Holy Prophet was reminding us that we will cross that barrier, and it could be tomorrow, or even today: So, should we not be prepared? In order to put the matter in perspective, the Holy Prophet also said:

"Oh people you must consider how long you may remain in this world and work for it in accordance with the length of your stay; and you must consider as well how long you will be in the life of the hereafter and strive for it accordingly".

This saying may seem to contradict the previous one, for if you balance the time you will spend in this world against the time you will be in the hereafter, it will be nothing. Each of our Prophet's sayings is perfect; therefore, for those who would abandon their worldly duties, he has urged them to oppose this tendency by thinking of this world as eternal, so that they may give value to their duties. And for those who would pursue this world exclusively, the second measure: the time spent here against the time there, so that they may seek what is in fact eternal.

Sayyidina Ali related from the wisdom he gained from the Prophet, that exaggeration on the one hand, and the total abandonment, on the other, of any aspect of life is a sign of ignorance. Therefore, in this matter of balance between different aspects of effort we have been urged to seek equilibrium. And our Naqshbandi predecessors recommend the following division of our day: eight hours for prayer and devotions and eight hours for seeking our sustenance, (and time devoted to our families may be considered as devotion, as Allah has ordered us to attend to them). Following such guidelines, even people with heavy responsibilities may find time for both work and prayer, like King Solomon and Sultan Abdul Hamid.

Question: "What shall I do in my work situation where I am surrounded by people who are really antagonistic, and are always trying to drag me down to their level? Shall I be very short with them, reject their familiarity and just go about my business?"

The Sheikh answered: There is no wisdom in pointing out people's faults to them directly, nor in behaving in such a way that your disapproval becomes very obvious. All you may do is to make some very generalized

statements at an appropriate time without coming too close to directly attacking their actions or ideas, for there is nothing that the ego hates more than being blamed or accused.

All souls have wings, but the wings of sinners are broken, and they cannot fly until their wings heal, and that takes time. Meanwhile, they do not seek nests in high places-on roofs, mountains or trees - but crawl into the basement. Because they are imprisoned by their egos they remain in that dark surrounding, never seeing the light of day, only knowing artificial light. They may in time emerge from that dark basement, but if you make them angry with you they will become even more stubborn. Allah Almighty warned the Holy Prophet of the consequences of such an attitude when He said: "And if you were short-tempered, severe and hard-hearted they would flee from you". This verse indicates that only through exemplary tolerance and kindness can any impression be made on ill-mannered and badly educated people.

It is not Allah Almighty's way to punish people, not even tyrants, until a Divine Messenger has been sent to them, to offer them a better way than the way of tyranny on which they tread. The door to repentance and just dealing is open to everyone, and it was the duty of the Prophets and their Inheritors to beckon all towards that door; all the more so the tyrants, as their bad actions may adversely affect millions of people or the whole world!

The very word "Pharaoh" has become synonymous with "tyrant". Our Lord teaches us the proper way of trying to turn a tyrant away from his tyranny, when He ordered Moses and Aaron, peace be upon them, to: "Go unto Pharaoh and speak to him smoothly and politely, that perhaps he may be guided". Only later, when Pharaoh's intransigence became apparent, Moses was ordered to threaten him with divine wrath and to bring down divine retribution upon Pharaoh's people. According to this Divine Wisdom, it is wrong for a believer to confront anyone with bad manners and derision. We have not been ordered to be quarrelsome and scowling, cursing-and-swearing people.

Whenever our Grandsheikh would receive government officials, secret police or people who had come to his assembly to try and find fault, in order to oppose him, he, of course, could easily read their secret intentions. He always treated such people with especial kindness, showing them extraordinary respect and deference. The result was that they would feel ashamed of their previous insincere intentions and go away with a good feeling about Grandsheikh, resolving to treat him respectfully from then on. Our Grandsheikh's wife used to

warn us: "If you see Grandsheikh making a great fuss over a visitor, beware of that person!"

**Sehnsucht**

Für unseren Besucher bin ich ein seltsamer Mensch in seltsamen Kleidern. Er glaubt, mich heute zum ersten Mal zu sehen. Und er weiß nur, daß dieser Mensch Scheich Nazim genannt wird. Aber gerade so, wie ich ihm ein unbekanntes Wesen bin, ist er sich selbst unbekannt. Er weiß von sich im Grunde nur, was in seinem Ausweis steht: Geburtsdatum, Geburtsort, Name der Mutter, Name des Vaters, Beruf.

Wie soll nun jemand, der seine wahre Existenz nicht kennt, erst seinen Schöpfer kennen? Ich verüble es den Leuten nicht, wenn sie den göttlichen Wirklichkeiten und dem Sein des Schöpfers gegenüber blind sind, sind sie es ja doch auch sich selbst gegenüber. Kennten sie sich selbst, würden sie auch Gott kennen. Bisher weiß unser Freund nicht einmal, ob er etwas ist. Er sagt sich, "Vor hundert Jahren war ich nicht, und in hundert Jahren werde ich nicht sein; wie soll ich da sagen, ich sei etwas?" Zugleich kann er aber nicht verleugnen, daß er jetzt ein Gefühl von sich selber hat, daß er sich als lebendes Wesen fühlt.

Das Ende des physischen Körpers ist das Grab, der spirituelle Körper aber ist ein himmlisches Wesen, und sein Leben ist das wirkliche Leben. Der Körper ist wie ein Käfig und unsere Seele ein Vogel. Der Vogel kommt vom Himmel und tappt in den Käfig. Dort bleibt er gefangen, bis der Wächter kommt, die Türe öffnet und sagt: "Geh, du bist frei." Die Freunde Gottes, die Heiligen, erwarten mit Sehnsucht die Ankunft dieses Wächters, der sie ein für allemal aus dem Käfig entlassen wird. Die Achtlosen aber warten auf niemanden. Sie sagen: "Dieser Käfig ist großartig! Wir haben jede Menge zu essen und zu trinken und können überall herumhüpfen. Von der Schaukel der oberen Sitzstange hinunter zur unteren Sitzstange und wieder nach oben auf die Schaukel."

Alle aber, die sich in der diesseitigen Welt eingekerkert fühlen, sehen dem Augenblick der Befreiung mit Sehnsucht und Hoffnung entgegen. Sie wissen, daß alles in dieser Welt endlich ist und nur begrenzte

Zufriedenheit gibt. Zugleich schreit etwas in ihnen nach einer Welt ohne Grenzen, einer Freude ohne Ende. Der physische Körper kann darauf nicht antworten, er vermag diese Sehnsucht nicht zu stillen. Nur was in uns unendlich ist, kann das Unendliche erreichen. Das ist unser spirituelles Wesen.

Unendliche Sehnsucht unterscheidet den Menschen von anderen Geschöpfen. Ihnen wurde die spirituelle Kraft der Menschen nicht gegeben, ihr Verlangen ist auf ihre körperlichen Bedürfnisse beschränkt. Die unendliche Sehnsucht des Menschen hingegen stammt von dem ewigen, grenzenlosen Geist in ihm, stammt von der Kraft, mit der ihn der Schöpfer begabt hat, damit der Mensch Ihn, den Allmächtigen, erkenne.

Noch erhaschen wir nur einen Schimmer von der Größe des Schöpfers. Durch zwei kleine Fenster, durch die Pupillen unserer Augen, blicken wir in Ehrfurcht auf dieses Universum. Und doch ist das, was unsere Seele, durch das Gitterfenster des Körpers spähend, erblickt, fast nichts.

Wenn unser Blick sich weit öffnete, würde er das ganze Universum mit einem Male wahrnehmen. Solange wir im Bereich der Sinne bleiben, ist alles begrenzt. Öffnen sich jedoch unsere spirituellen Augen, ist keine Entfernung zu groß, kein Berg und keine Dunkelheit können sie aufhalten. Erst wenn der Käfig sich öffnet und die Seele ihre Freiheit wiedererlangt, verstehst du das Wort "grenzenlos" und kehrst in deine Heimat zurück.

Das Leid des Menschen rührt von seinem Versuch her. sein Verlangen, sein unendliches Verlangen, in einer Flut sinnlicher Genüsse zu ertränken. Statt zu versuchen, den Käfigen zu entfliehen, verlieren sich die Menschen an das. was sie im Käfig finden, und glauben so, frei zu sein. In Wirklichkeit aber sind sie an all die vergänglichen Erscheinungen dieser Welt gefesselt, und die schwerste Aufgabe ihres Lebens besteht in dem Versuch, sich davon zu befreien.

Es ist nun nicht möglich, der Besessenheit von Welt zu entkommen, ohne an ein ewiges Leben zu glauben. Wenn jemand nur das für wahr hält, was ihm seine Sinne vorgaukeln, wird er immer nach dem greifen, was sinnliches Vergnügen verspricht. Selbst wenn man ihm die Hände abhacken würde, versuchte er es noch mit seinen Armstümpfen zu fassen und festzuhalten. Ein solcher Mensch, der das ewige Leben leugnet, ist Sklave von allem. was ihn umgibt. Er ist wie ein Bewußtloser, der alles unternimmt, um nicht zu sich zu kommen. Er versteht nicht, was um ihn ist, und er versteht sich selbst nicht. Er verwechselt die unendliche Sehnsucht, die ihm sein Schöpfer gegeben hat, mit dem Verlangen nach den Dingen dieser Welt. Und er steht damit der

Erfüllung seines Verlangens selbst im Weg, weil er nicht sieht, daß es aus einem ganz anderen Bereich kommt. Deshalb sind die Leute in dieser Welt nie glücklich, sie mögen besitzen, so viel sie wollen.

Wer nach Frieden und Zufriedenheit des Herzens sucht, muß hart kämpfen, wie eine Rakete gegen die Anziehungskraft der Erde kämpft. Bildet euch nicht ein, daß dieser Friede ohne große Anstrengungen zu erreichen ist. Zuweilen tritt jemand auf, der behauptet, es geschafft zu haben. Aber es wird schnell deutlich, daß sein Erfolg sehr vergänglich ist. Der Schatten der Furcht jagt solche "Glücklichen", denn sie wissen nie, ob der folgende Tag nicht den Fall ihres Reiches, den Verlust ihrer Besitztümer bringt. Die Furcht nimmt allem, was sie tun, den Geschmack. Sie mordet und zerstört, und nichts in der Welt kann sie aufhalten.

Heute noch mag er König, mag sie Königin sein, aber wer kann für den nächsten Tag gutsprechen. Wer kann etwas anderes voraussagen als Verfall und Tod? Wer das Ewige leugnet, muß dem Elend verfallen. Die Leute feiern ihre Geburtstage. Aber was haben sie zu feiern? Ein weiteres Jahr ist an ihnen vorbeigerauscht wie Wasser unter einer Brücke, und kein Damm kann es aufhalten. Was feiern sie anderes als den Verlust eines weiteren Stücks aus ihrem dahinschwindenden Schatz. Jedes weiße Haar, das ihnen der Spiegel zeigt, ist wie ein Dolchstoß in ihre Herzen.

Ich schaue jeden Tag, ob noch schwarze Haare in meinem Bart übriggeblieben sind. Ich freue mich auf den Tag, da er ganz weiß sein wird. Warum? Weil es mir anzeigt, daß ich mich dem ewigen Leben nähere. Und ich habe mich auf den Sprung von dieser Welt zur nächsten vorbereitet. Jeder Gläubige erwartet diese Heimkunft mit großer Sehnsucht und Freude, genau wie unser Bruder hier nach zwei Monaten Abwesenheit von zu Hause sich darauf freut, zurückzukehren. Jeden Tag schaut er mich an in der Hoffnung, seinem Ziel näherzukommen. Und so, wie jeden Tag seine Sehnsucht nach Hause und den Lieben wächst, wünscht sich meine Seele täglich mehr, in das ewige Leben hinüberzuspringen. Sie sieht diesem Tag mit großer Freude entgegen, denn es wird für sie ein hoher Festtag sein. Ich bin bereit und lausche aufmerksam dem Ruf.

Habt ihr von Maulana Galalud-din Rumi, dem Großmeister des Ordens der Wirbelnden Derwische, gehört? In seinem Testament legte er nieder, daß die Leute bei seinem Tode nicht weinen und nicht wehklagen sollten. Er sagte, die Nacht seines Todes sei seine Hochzeitsnacht und seine Freude darüber sei größer als die Freude des Bräutigams, der in das Brautgemach geführt wird. Seinem Wunsch entsprechend wurde daher bei seiner Beerdigung eine Hochzeit gefeiert. Mit Trommeln und Flöten wurde er zu Grabe getragen.

Wir alle sind wie Fische, die aus dem Meer gezogen und aufs Trockene geworfen sind. Seht, wie sie herumspringen. Es sieht aus, als tanzten sie. Dabei sterben sie langsam. Wie sehr wünschen sie, in den Ozean zurückgeworfen zu werden. Auf diesen Tag warte ich. Auf den Tag, der mich von den Härten dieses Lebens befreit, an dem ich durch endlose Meere der Barmherzigkeit, Meere der Schönheit, Meere der Gnade, Meere des Wissens, eintauche in die Göttliche Gegenwart. Und daher möchte ich euch, meine Söhne und Töchter, sagen, wie ihr in diesem Leben und in alle Ewigkeit glücklich sein könnt.

**Die Sehnsucht nach dem Unendlichen**

Bismillahi-Rahmani-Rahim

Es gibt viele verschiedene Wege, um Menschen zu den zu Himmeln zu bringen. Diese Wege müssen den Fähigkeiten und Eigenschaften der Menschen entsprechen. Wir benutzen Methoden die dem jeweiligen Verständnis der Menschen und ihrem Glauben entsprechen. Diese richten sich nach ihrer individuellen Willenskraft. Entscheidend ist für den, der etwas erreichen will die Willenskraft. Deshalb schauen wir zuerst, auf welcher Stufe jemand ist, so daß wir ihn von seinem Ausgangspunkt schneller oder weniger schnell zu seiner himmlischen Station führen können.

Aus diesem Grunde fragen wir die Suchenden, ob sie bereit sind, sich einem Programm zu unterziehen, das sie zu ihren himmlischen Stationen führt. Die dazu erforderliche Willenskraft muß der Suchende selbst aufbringen, dann kann ihm der Meister des Weges entsprechend seiner Stufe etwas geben. Manchen gibt er am Anfang erst einmal nichts, weil zuerst bestimmte Eigenschaften in ihrem Inneren verändert werden müssen, damit sie frei werden emporzusteigen. Sufi-Meister müssen die geistigen Kräfte besitzen, die sie in die Lage versetzen, die Möglichkeiten und Fähigkeiten eines Menschen einzuschätzen, wenn sie ihn anschauen um ihm nicht mehr zu geben als er tragen kann, denn wenn jemandem zu viel aufgebürdet wird, kann es passieren, daß er in die Irre geht.

Unsere Stufe ist die Stufe der Suchenden, noch nicht einmal die der Anfänger. Wir müssen uns vorbereiten und versuchen, unsere Egos dazu zu bringen, keinen Widerstand gegen das zu leisten was wir erreichen möchten. Das größte Hindernis auf dem Weg ist für jeden sein Ego. Es will nicht, daß ihr nach den Himmeln strebt, weil es mit den niedrigsten Stufen verwachsen ist. Das Ego weiß, daß es, wenn ihr es hinter euch laßt, für immer zurückbleiben wird und nicht mehr in der Lage sein wird, euch zu kontrollieren. Deshalb ist dies

ein Kampf zwischen unserem Ego und unserer Seele und deshalb versuchen wir unsere Egos zu überlisten, damit sie keinen Widerstand mehr gegen unser Verlangen zu den Himmeln zu gelangen leisten. Wenn Ihr fähig seid, euch auf der untersten Stufe, der Stufe des Egos zu kontrollieren, wird es leicht, sich Schritt für Schritt in Richtung der Himmel zu verbessern.

Die Sufi-Meister geben Instruktionen, doch dann müßt ihr sie selbst in die Tat umsetzen. Wenn ihr etwas zu tun beabsichtigt, müßt ihr um meinen Beistand bitten und meine geistige Unterstützung wird mit euch sein. Wer nach himmlischen Wegen sucht, muß einen heiligen Menschen finden, der die Möglichkeiten und Fähigkeiten seiner Schüler einschätzen kann. Wenn ihr ihn gefunden habt und euer Herz hundertprozentig auf ihn vertraut, wird er euer Führer sein und euch empor geleiten wie eine Lokomotive an der Spitze eines Zuges, die fünfzig oder sechzig Waggons zieht. Manchmal wird noch eine zweite Lokomotive dahinter gekoppelt und dann geht es noch leichter.

Der erste Schritt besteht jedoch darin, die innere Sehnsucht nach den Himmeln zu entdecken. Wenn dies geschehen ist, wird euer Herr euch jemanden zuweisen, Er wird euch einigen derjenigen begegnen lassen, die den Weg kennen. Wenn ihr einen davon getroffen habt, könnt ihr euch an ihn ankoppeln und entspannen. An jedem Haltepunkt – wenn es nicht gerade eine U-Bahn-Strecke ist – erwarten euch zahllose Ausblicke, die ihr nie zuvor gesehen habt. Solange ihr euch aber nicht aus dem Tunnel des Egos herausgegraben habt, werdet ihr keine Visionen haben sondern euch weiter im unterirdischen Bereich bewegen. Wenn ihr euer Ego besiegt habt, werdet ihr neue Welten und neue Aussichten entdecken, die ihr nie zuvor gesehen habt.

Deshalb müsst ihr geduldig sein! Sagt nicht: „Ich sehe nichts, ich höre oder spüre nichts von diesen neuen Visionen, diesen neuen Klängen oder diesen neuen Erkenntnissen.“ Sagt so etwas nie! Vielleicht ist der Tunnel eures Egos nur ein kurzer Weg den ihr leicht durchgraben könnt und an dessen Ende euch grenzenlose Weiten erwarten, angefüllt mit wundersamen Dingen die all eure Vorstellungen übertreffen. Manche Menschen jedoch reisen ihr ganzes Leben bis an ihr Ende durch ihre Tunnel und finden keinen Ausweg daraus. Schließlich müssen jedoch auch sie in ihrem letzten Moment das Ende dieses Tunnels ihres Egos erreichen und daraus hervorbrechen und eine Öffnung finden.

Wir müssen geduldig sein, bis wir jemanden finden, der für unseren Weg der Richtige ist und auf den wir ganz vertrauen können um ihm zu folgen. Er wird uns helfen, uns aus den Klauen unserer Egos zu befreien.

Dann werden wir uns, heraus aus der Dunkelheit, hin zum Licht bewegen. Bemüht euch darum und achtet darauf, euren Platz in diesem Zug zu halten und der Tag wird kommen, an dem ihr - vielleicht morgens, vielleicht am Abend, es könnte jederzeit sein – hervorkommt, herausbrecht, zu einem neuen Leben, zu einer neuen Vision und zu einer neuen Welt. Das Dunkel wird verschwinden und ihr werdet das Licht finden. Zuerst müsst ihr die Sehnsucht in euren Herzen haben. Enwickelt sie und stärkt sie durch Zusammensein mit eurem geistigen Führer. Wenn die Lokomotive das Ziel erreicht, werdet auch ihr dort ankommen. Alle Meister bewegen sich in Richtung der Himmel und durch die sieben Himmel, doch zuerst müsst ihr den Tunnel eures Egos durchbrechen. Es gibt einundvierzig verschiedene Arten von Wegen. Sie alle sind Hilfsmittel um aus den Tunneln unserer Egos herauszubrechen. Wenn ihr die Tunnel verlaßt, werdet ihr feststellen, daß kein Verlangen nach Schlechtem mehr in euch ist, ihr werdet rein sein. In diesem Augenblick erlebt ihr die Süße des Lichtes, schmeckt ihr die Süße der Barmherzigkeit, die Süße der Schönheit, die Süße der Liebe, die Süße der Weisheit, die Süße der Willenskraft und die Süße der Vollkommenheit.

Bis dahin müßt ihr geduldig sein und folgen. Sagt nicht: „Oh wie lange soll ich noch folgen ohne irgendetwas zu sehen?“ Nein, der Tunnel ist entsprechend eurem jeweiligen Ego lang oder kurz. Möge Allah euch eure himmlischen Stationen erreichen lassen. Dann werdet ihr glücklich sein, vollkommen glücklich!

## Seid kleine gehorsame Diener

(Engl.: BeSmallServants)

As-salamu alaykum. Die Leute skandieren: Allahu Akbar, Allahu Akbar, La ilaha illa Allah. Wa Allahu Akbar, Allahu Akbar Wa Lillahi l-Hamd. Subhana Rabbi `Aliyil `ala l-Wahhab. Subhanaka! La uhsi thana'an `alayka. La ilaha illa Anta Subhanaka. Wa ghfirlana wa rhamna. Wa tub `alayna wahdina waskina. Wa slih sha'nana wa sha'nal muslimin wansurna `ala l-qawmi l-kafirin. "Rabbana ghfir lana wa li'akhwanina l-Ladhina Sabaquna bi l-Imani Wa la taj`al fi Qulubina Ghillaan Lilladhina 'Amanu Rabbana 'innaka Ra'ufun Rahimun." (59:10). Der Verstorbene war wie mein Sohn. Er war wie mein Sohn. Rahmatullahu `alayh. Allah gebe ihm von Seinen unendlichen Gnadenozeanen. Sein Vater war so, er nicht. Subhanallah. Subhanallah. Er fragte mich in der Nacht, in der er starb: 'Mein Shaykh weint nicht um mich.' Ich sagte ihm: 'Ich weine.' Und ich weinte die halbe Nacht um ihn. Er war so glücklich. Subhan Allah Al 'Aliy Al Azim. Du Armer.. Ridha an Lillahi t-Ta'ala al Fatiha! Zuerst für unseren Propheten (saws), dann für alle Propheten und Heiligen.
Mehmet! Wer kümmert sich jetzt um sie? Wer kümmert sich jetzt anstelle von Abdul Karim?
G: Luqman Hoja Effendi.

M: Ist er hier?
G: Nein.
M: Er ist dort.
G: Ja, in Amerika.
M: Ok, gut. Er ist Osmane. Osmane. Das sind alle, die in den USA sind.
G: Ja, die meisten kommen aus den USA. Mustafa Hoja ist der Stellvertreter in Deutschland.
M: Ok, sehr gut. Ich gebe auch Erlaubnis für euere Arbeit. Setzt sie fort. Versammelt sie. Es gibt nicht: Es ist dein Platz, dies ist mein Platz... Wir sind alle gehorsame Diener für Allah den Allmächtigen. Wir wollen nichts anderes. Wir bitten nur um Seine Vergebung. Wir sagen nicht: Ich bin dieser oder ich bin jener. Nein! Ich bin nichts. Sondern seit 80 Jahre küsse ich immer die Füße meines Großshaykhs, bis heute.
G: Ich küsse deine Füße im Namen von S. Abdul Karim.
M: Astaghfirullah! Allah (swt) gebe euch noch mehr Gelegenheit, auf dem rechten Weg zu sein, den er einzuhalten versuchte. Haltet die Flagge des Islam immer hoch. Laßt euch nicht einfallen zu sagen: Ich bin dieser. Ich bin jener. Nein. Wir sind alle gehorsame Diener. Allah.. Betet für mich. Ich bin schwach. Ich bin schwach. Ich bitte um Vergebung von meinem Herrn, Allah dem Allmächtigen. Fatiha.
G: Bitte bete, daß wir seine Arbeit fortsetzen können.
M: Ihr müßt den geraden Weg einhalten, den der Prophet (saws) brachte und den die Awliya einhalten. Nichts anderes. Wir alle müssen versuchen, kleine gehorsame Diener zu sein. Masha Allah. Allah (swt) gebe euch Licht. Ich bin zufrieden mit euch. Wie ihr es macht, gebe ich euch auch Ijazat, Erlaubnis, den Weg zu bewahren. Wenn jemand anders es gibt, könnt ihr es nehmen. Das macht nichts. Wir verlangen nur nach dem geraden Weg zum Heiligen Propheten (saws), zu den Heiligen. Sonst nichts.
G: Bismillahi r-Rahmani r-Rahim. Viele Leute haben Shaykh Abdul Karim, seine Leute und seine Arbeit verleumdet und gesagt, wir seien getrennt von euch. Aber betet...
M: Getrennt?
G: Wir sind nicht getrennt von euch.
G: Die Welt des Unglaubens behauptet, wir hätten uns von euch getrennt.
M: Nein, nein. Wir sind alle Diener. Naqshbandi Diener. Schluß. Wir verlangen nichts von der

Erde. Wir verlangen von den Himmeln unser Geschenk, unseren Lohn. Das ist es. Masha Allah, Masha Allah.
G: Insha'Allah wollen wir Sh. Abdul Karims Maqam in New York bauen.
M: Wo?
G: In der Osmanischen Dergah in NY. Dort ist Sh. Abdullah Daghestanis Maqam. Daneben insha'Allah.
M: Ok, ok. Kein Schaden. Er wird damit zufrieden sein. Insha'Allah wird er als der Meister dort bleiben. Sein Dienst ist angenommen. - Bist du Türke oder Deutscher?
G: Ich bin Türke, Osmane, insha'Allah.
M: Wirklich? Bist du Osmane? Von Menemen (Izmir)?
G: Giresun.
M: New York?
G: Ja, ich bin in New York.
M: Masha'Allah. Ihr alle habt Licht. Masha'Allah, Masha'Allah. Ihr mögt die heilige Flagge des Propheten (saws) hochhalten. Und bewahrt einer den anderen. Wenn ihr nicht auf mich hört, habe ich... Wo ist mein Stock? Mein Stock reicht von Ost nach West! Ich bin nichts, aber manchmal etwas! Irgendetwas, um was ihr bitten möchtet, bittet... Nein, nicht mich. Wer steht euch nun vor, wer wurde ernannt?
G: Luqman Effendi.
M: Luqman Effendi? Bittet ihn.
G: Ihr erkennt ihn als Vertreter an?
M: Wie könnte ich ihn nicht anerkennen? Sollen sie lieber mich als Vertreter einsetzen?
G: Wenn ihr es annehmt.
M: Es ist angenommen. Zollt Respekt und dient. Möge Allah euch voll machen und euere Majestät hochsteigen.
G: Allah segne euch. Allah gebe euch Gesundheit und Kraft.
M: Amin. Was können wir tun? Unsere Lage ist so. Betet für uns in dieser heiligen Nacht, der Nacht von Baraat. Von wo kommt er?
G: Er ist Grieche. Er baut eine Moschee dort.
M: Iraner? Er spricht Iranisch?

SN: Er ist Grieche, Sayyidi.

M: Grieche? (spricht Griechisch und macht Scherze) Athen?

G: Meine Mutter, ja.

M: Er hat Licht auf dem Gesicht. Sadiq, ein Aufrichtiger. Bewahrt euch alle. Wenn etwas ist, mögt ihr fragen, mögt ihr verstehen... Ihr könnt jeden fragen von den Naqshbandi. Es ist ok. Ich gebe es. Masha'Alla. (Spricht Griechisch und scherzt) Ich bin müde. Fatiha. Bismillahi r-Rahmani r-Rahim.

G: Das ist für Sh. Abdul Karim Effendi. (Süßigkeit)

M: Eßt ihr es. As-salamu alaykum.

## Seid mit der Natur

Sheikh Nazim spricht zu Besuchern in Zypern: Ohne Zweifel seid ihr gute Leute, akzeptiert in der Göttlichen Gegenwart. Shaitan und seine Anhänger sind unglücklich über euch. Aber Allah der Allmächtige und Sein geliebter Prophet (s.a.s.) und Gute unter den Muslimen, sie sind glücklich mit euch. Und auch stolz. Wir schauen auch auf euch, und unser Glaube wird stärker.
Wir wissen, daß es im Islam etwas gibt, das auf den Geist und die Herzen der Menschen einwirkt. Sie finden im Islam etwas – im echten Islam, nicht bei den Nachgemachten, sondern im wahren Islam –, das in der Ausübung des Islam durch Tariqats allein besteht. Ohne Tariqats ist niemand in der Lage, echten Islam auszuüben. Sie alle sind Nachgemachte. Und richtiger Islam gibt etwas in die Herzen der Menschen, Freude, Zuversicht, Zufriedenheit und Frieden. Wenn ihr das nicht finden würdet, kämt ihr nicht von Paris, aus dem Fernen Westen, von Amerika, von Venezuela, Argentinien oder Australien hierher; selbst von Neuseeland sind Leute hier. Von überall kommen Leute hierher, weil sie etwas spüren. Und das läßt unseren Glauben stärker sein. Dafür segnet Allah euch.

Wir mögen kommen und unseren Leuten Wohlgefallen geben, sie sind Muslime. Sie sind glücklich mit euch und stolz auf euch, und sie bitten darum, euch viel mehr Hilfe zu geben, so viel wie möglich. Unser Lebensstandard ist nicht wie der europäische. Und wir hegen nicht größere Sorgfalt, mehr Sorgfalt, um mehr Geld, sondern es ist ein Befehl unseres Propheten, einfach zu sein und unsere Egos nicht mit mehr Last zu

beladen. Die Egos fragen nach mehr von allem, ständig. Aber der Prophet sagt: „Seid einfach!“ Wer einfach ist, dessen Leben wird niemals schwierig sein. Keine Schwierigkeit, wenn ihr einfach lebt. Und ich sehe, daß das Leben unserer Besucher, die mit uns hier leben, sehr einfach ist. Selbst was unser häusliches Leben betrifft.

Einfachheit ist das beste für das Leben des Menschen. Denn Einfachheit läßt die Menschen mit der Natur sein. Und so sehr eine Person die Natur verläßt, gerät sie in Schwierigkeiten. Ein Freund mit der Natur zu sein, gibt unserem physischen Sein Behagen und Frieden.Wenn unser physisches Sein dabei ist, sich wohl zu fühlen, dann sind auch unsere Herzen dabei, sich noch wohler zu fühlen. Deshalb: Ich versuche nicht, moderne Häuser zu bauen oder moderne Möbel zu benutzen, nein. Nein. Die Leute sagen: „Wir bringen vielleicht dies, wir bringen vielleicht das.“ Laßt sie nah bei der Natur sein, indem sie freundlich mit der Natur umgehen. Deshalb schikke ich meistens die Leute und sage: „Geht in den Garten. Geht zu den Bäumen. Geht dorthin, seid freundlich.“ Die Leute denken, daß ich aus meinen Gästen Diener mache, ja. Ich habe genug Kraft, in einem Monat die Olivenernte zu machen oder andere Früchte zu sammeln. Ich tue das nicht. Mit drei Vorarbeitern schicke ich Leute: Geh, sammel. ...

Ja, es liegt Weisheit darin, das zu tun. Geh dorthin, sei freundlich, du magst dich hinsetzen, auf Bäume klettern, dich ausruhen, arbeiten. Und die Leute sagen, Imam Shafi, der große Imam, sagte: „Jeder muß täglich arbeiten, wenn er bezahlt wird, für mindestens zwei Piaster.“ Zwei Piaster, vor der Zeit war eine Münze einhundert Piaster wert. Zwei Piaster waren ausreichend. Als ich klein war, gab es das in diesem Land; ich werde es euch morgen zeigen, insha’allah. Da werde ich euch drei Piaster zeigen. Es ist ein sehr kleines Silberstück, eine silberne Münze, auf der ist nur geschrieben „drei Piaster“. Ich erinnere mich daran, daß die Leute vom Sonnenaufgang bis Sonnenuntergang arbeiteten, es gab kein Syndikat, keine Gewerkschaft für die Arbeiterschaft, für die Arbeiter.Von Sonnenaufgang bis Sonnenuntergang drei Piaster. Und es war genug für eine Familie, von diesen drei Piastern zu leben. Imam Shafi redet von mindestens zwei Piastern.

Ein Mensch muß etwas arbeiten, muß es tun, damit, was er ißt, halal ist. Damit Allah es für ihn halal macht. Allah gibt ihm Seinen Segen, wenn er seine zwei-Piaster-Arbeit macht.

Deshalb sage ich jeden Tag: „Bring meine Schuhe.“ Und Haji Anne sagt: „Wo gehst du hin?“ Ich sage: „Ich

gehe zur Arbeit.“ (Lacht.) Und ich sag, nur eine Stunde, macht nichts, eine Stunde ist eine Stunde, eine Stunde muß ich arbeiten heute. Und ich gehe herum, finde einige Früchte unter den Bäumen, ich sammel einige Oliven ein, steck sie in die Tasche, und meine Tasche wird ... oh ... Und wenn da ein trockener Zweig ist, schaue ich, schneide ich ihn, ich nehme etwas von der Erde, Nutzloses – es ist nur in unseren Augen nutzlos, für alles muß es jedoch Weisheiten geben, daß es in der Existenz ist. Das müßt ihr versuchen. Das läßt euch freundlich zur Natur sein, und die Natur ist beauftragt worden, vor Schaden zu schützen. Die Natur wird dieser Person niemals schaden. Jede Art von Bakterien, die dort leben, werden sie niemals berühren. Alles ist in Vollkommenheit im Islam. Al-hamdulillah. Und das ist eine Übung.

Ihr kommt hierher, von hohen Gebäuden mit modernen Möbeln, mit allem, und wenn ihr hierher kommt, fragt ihr: „Wo werde ich schlafen?“ „Im Gästehaus.“ Das Gästehaus: Zwei-Sterne-Gästehaus, mein Platz war früher ein Zwei-Sterne-Haus. Jetzt kommt Ahmet und will daraus ein Drei-Sterne-Haus machen. Und wir sind glücklich mit euch. Ich hoffe, daß ihr auch glücklich mit uns seid. Und so bitte ich Allah, daß die, die mit mir kommen, nicht in Schwierigkeiten sein werden, hier und hiernach.

Großsheikh Sheikh Sharafuddin sagte: „Die, die mit mir gehen, werden hiernach sehr glücklich sein.“ Und unser Großsheikh sagte: „Was die Dunya angeht, so bitte ich um nichts. ... Wer im Begriff ist, mit mir zu sein, der wird niemals in Schwierigkeiten sein, hier und hiernach.“ Insha’llah. Allah macht euch glücklich, hier und hiernach. Du‘a ... Surat ul-Fatiha.

## Seid nicht stolz

Dies ist eine kurze, jedoch wichtige Lektion, die wir auf unserem Weg brauchen. Unser Großsheikh sagt, daß Allah der Allmächtige niemandem erlaubt, große Worte aufgebracht und mit Stolz zu sprechen: „Ich werde dies tun, ich werde das tun...“ Prahlerei ist verboten. Wir kennen ein Sprichwort: „Große Stücke essen sollst du, große Worte reden aber nicht.“ Einmal saß da ein großer Sheikh, der sprach zu den Leuten: „O ihr Leute, ihr könnt mich nach allem befragen, bis hinauf zum göttlichen Thron.“ Da sagte ein Mann: „Als Adam auf die Erde hinabkam und seine Pilgerfahrt machte, wer rasierte da seinen Kopf, als er den Ihram ablegte?“ Der Sheikh konnte nicht antworten. Er war beschämt. Dann fragte ein anderer: „Der Körper einer Ameise hat zwei Teile, die durch ein kurzes Stück verbunden sind. Ist sein Magen im vorderen oder im hinteren Teil?“ Der Sheikh hatte solches nicht gelernt. Einige Leute sagen: „Ich kann das machen“, ohne zu sagen: „mit Allahs Macht“, so werden sie es niemals tun. Jeder muß wissen, daß Allah der Allmächtige der Größte ist, der endlose Macht, Willen und Wissen hat. Er lehrt uns, daß wir nichts wissen können, es sei denn, Er gibt das Wissen, daß wir nichts tun können, es sei denn, Er gibt die Kraft dazu. Behält man diese gute Art und Weise bei, so gibt Allah uns mehr Verlangen, Wissen und Kraft. Ein jeder, der stolz dreinblickt, muß am Ende beschämt sein.

## Seid wie Sterne am Himmel!

Frage: Sheikh Nazim, Sie widmen viel Ihrer Zeit dem Zweck, über das Osmanische Reich zu sprechen. Warum ist das in der heutigen Zeit wichtig? – Das Osmanische Reich war das am längsten fortwährende islamische Reich. Es dauerte über sieben Jahrhunderte an und hielt die Fahne des Islam hoch. Jeder Muslim sollte wissen, daß das Osmanische Reich der wichtigste errichtete Staat nach der Zeit der Sahaba war. Die Osmanen lebten nach der Scharia des Islam, nach den Heiligen Regeln, und sie dienten den Heiligsten Stätten von Mekka und Medina. Bis heute liegt das Kalifat in ihren Händen – bis zum Erscheinen von Mahdi. Dann wird er der Kalif sein, der Stellvertreter Allahs auf Erden. Wer immer den Islam annimmt sollte diese Dinge wissen und Allah bitten, daß Er ihnen das Recht gewährt, einen offiziellen Kalifen wieder zurückzuerhalten, damit er diese Welt in Seinem Namen regiert, indem er Seine Gebote befolgt. Frage: Was würde das für Auswirkungen auf die Regierungen haben? – Es würde die größten Auswirkungen haben. Denn die Fahne des Islam wird über allen anderen stehen. Der Kalif wird über alle anderen Sultane regieren. Frage: Es gibt andere Gruppierungen im Islam. Wie können Sie sagen, daß der Naqshbandi-Weg die höchste mystische Stufe erreicht hat? – Es sollte nur einen wahren Weg geben. Die anderen praktizieren andere Wege entsprechend ihrer Meinung. Ein Muslim sollte dem Weg folgen, den uns der Prophet Muhammad* von Allah überbrachte. Dies ist alles, was wir versuchen zu tun. Frage: Ihr Weg, den Islam zu lehren, scheint sehr viele westliche Menschen glücklich zu machen, weil Sie ihre Schüler von Stufe zu Stufe führen, sie

schrittweise gehen lehren. – Am Anfäng erwarte ich von denen, die den Islam annehmen, nur daß sie die Einheit Allahs und Seinen letzten Gesandten Sayyidina Muhammad* akzeptieren. Wenn sie diesen Punkt verstehen und ihre Herzen damit zufrieden sind, wollen sie automatisch mehr wissen über die Formen des Gebets und wie man dem Herrn dient. Sobald sie danach fragen, geben wir ihnen eine Übung nach der anderen. Am Anfang sehr einfache und allmählich auch kompliziertere. Dieses wird sie zum Verstehen und zum aufrichtigen Dienen hinführen. Es ist genau wie bei Lehrern, die beginnen, Kinder zu unterrichten. Im Kindergarten waren sie noch frei. Dann, in der Schule, mußten sie sich an die Umgebung und an die Atmosphäre gewöhnen. Bis sie dann Schritt für Schritt höheres Wissen gelehrt bekommen. Allah hat den Islam nicht an einem Tag oder in einer Nacht herabgesandt. Nein! Er sandte die Scharia, die Heiligen Gesetze, in einer Zeit von 23 Jahren. Deshalb verlangen wir nicht von einem Menschen, der gerade zum Islam gekommen ist, alles auf einmal zu tun. Sie könnten es nicht tragen. Es ist genug, daß sie damit beginnen, zu akzeptieren, daß es nur einen Gott gibt und daß Muhammad* Sein Gesandter ist. Frage: Es gibt hier in England einige Zentren von Ihnen und Sie kommen seit 22 Jahren regelmäßig hier her. Welche Bedeutung hat dies? Gibt es einen Zusammenhang mit der Tatsache, daß die königliche Familie in direkter Linie vom Propheten Muhammad* abstammt? – Als ich vor 22 Jahren das erste Mal nach London kam, habe ich in einer Kellerwohnung gelebt, alleine. Ich habe mein Leben dem Zweck gewidmet, Allah zufrieden zu machen. Der Herr des Himmels machte mich standhaft und brachte mich aus dieser Wohnung heraus. Er hat mir nun dieses prächtige alte Kloster gegeben. Er war zufrieden mit mir. Deshalb gab Er mir dieses Zentrum in London, in dieser prächtigen Stadt, die den Königen und Kaisern von Großbritannien gehört haben, die alle ihre Abstammung auf den Propheten Muhammad* zurückführen können. Frage: Die Medien in den USA sind sehr beschäftigt mit der englischen königlichen Familie. Können Sie uns sagen wer, lhrer Meinung nach, der künftige König von England sein wird? – Seine Königliche Hoheit Prinz Charles wird der König von Großbritannien und Amerika sein im 21. Jahrhundert. Er wird ein Kömg sein mit voller Autorität, nicht wie seine Mutter, ihre Majestät Königin Elizabeth II. Frage: Gibt es eine Botschaft, die Sie speziell an die Amerikaner richten möchten, bezüglich der schlechten und unmoralischen Dinge, die in Amerika passieren? – Achtet auf euch selbst, indem ihr ein starkes Fundament habt. Wenn ihr friedlich und glücklich in Amerika leben möchtet, dann seid dem Herrn gute Diener, reinigt euch selbst und was euch umgibt. So wird es, wo immer ihr seid, erleuchtet. Erleuchtete Menschen sind wie Sterne in der Nacht. Glaubt ihr, daß wenn wir alle Sterne an einen Platz bringen, der Himmel immer noch so schön aussehen würde? Es würde kein schöner Anblick sein. Wir möchten daß erleuchtete, gerechte, respektierte, gelehrte und mitfühlende Leute überall

sind, so daß die Vereinigten Staaten von Amerika der brillanteste Staat vom Osten bis zum Westen wird. Frage: Es gibt so viele Muslim- Gruppen in den USA, die die Rassen trennen ... Sollten die Muslime vereint sein? – Es liegt an Unwissenheit, daß die Rassen sich trennen. Entsprechend der Sichtweise, die Dinge zu sehen, entscheiden sie, wie man mit Menschen verschiedener Rassen und Farben umgeht. Nein! Der Herr des Himmels erschuf so viele Arten. Er erschuf einen Mann und eine Frau. Dann kamen all die Nationen und Rassen, rote, braune, gelbe ... Er kann alle Arten machen. Wir müssen glücklich und zufrieden sein mit uns. Eine bestimmte Rasse oder Hautfarbe zurückzuweisen bedeutet, gegen den Willen Allahs zu sein. Er hätte uns alle in einer Hautfarbe erschaffen können, aber Er hat es entsprechend der Göttlichen Weisheit gemacht. Wir heißen jedes Mitglied der Menschheit willkommen. Es ist dumm und zeugt von großer Ignoranz, einen Grund zu schaffen, um die Menschen wegen ihrer Hautfarbe und Rasse zu trennen. Der einzige Grund, um Unterschiede zwischen den Menschen zu machen, ist ihr Benehmen. Ich akzeptiere nicht, daß irgend jemand beurteilt, was er/ sie ist, bevor sie die Göttliche Gegenwart erreichen. Dort werden Waagen aufgestellt sein. Die Engel werden einen check-up mit jedem machen, um zu sehen, ob sie gut oder schlecht sind. Behauptet niemals von euch selbst, daß ihr zu diesen oder jenen gehört. Es ist euch nicht möglich, das zu wissen, bevor ihr die Göttliche Gegenwart erreicht habt. Erst dann wird es klar sein, wer ein guter Diener ist. Wenn ihr schlechte Diener wart, werdet ihr hinweggenommen. Niemand wird dort nach eurer Hautfarbe oder Rasse fragen. Die einzigen Dinge, die wichtig sein werden, sind eure Taten, euer Charakter, auf welche Weise ihr Gott gedient habt und wieviel Respekt ihr gezeigt habt. Nur dies wird Wert haben. Eure Farbe, euer Gewicht, eure Familie oder irgend etwas, das mit diesem Leben zu tun hat, wird nicht wichtig sein. Nur eure Aufrichtigkeit und die Art, wie ihr eurem Herrn gedient habt und euer Umgang mit der Schöpfung. Frage: Welchen Wert haben Frauen im Islam? Wie sollen sie respektiert werden? Wie wichtig ist das Heiraten? – Ich benutze das Wort Damen, nicht Frauen. Ich war sehr glücklich und erfreut, daß man hier in England an die Toiletten ‘Damen’ und ‘Herren’ schreibt. Seitdem die Labour-Regierung kam, wurde es geändert und man schrieb ‘Frauen’ und ‘Männer’. Der Respekt war weg. Im Islam benutzen wir das Wort ‘Dame’, weil unsere Mütter Damen sind. Dies gilt auch für unsere Ehefrauen, Tanten und Töchter. Wir möchten, daß man sie als ‘Damen’ anspricht und behandelt und sie sollen ihren Ehemann als ‘Herr’ ansprechen und so behandeln. Aber im 20. Jahrhundert ist dies verlorengegangen. Die Menschen haben keinen Respekt mehr. Ohne Respekt kann es keinen Frieden in einer Familie geben. Unsere Frauen sind Damen, Königinnen in unseren Häusern. Das ist der Befehl des Islam. Die Damen müssen ihren Ehemann respektieren als ihren König, auf die gleiche Art, wie eine Königin ihren König respektiert, wenn er kommt. Das ist wahrer Islam. Aber jetzt

leben wir in einer Zeit, in der sämtliche guten Manieren verloren gegangen sind und die Menschen ihr Schlechtestes untereinander tun. Ihr müßt eurer Frau gegenüber respektvoll sein und nie etwas tun, bevor ihr sie konsultiert habt. Dann gehört es sich für die Frau, zu sagen: “Wie du möchtest!” Möge Allah uns vergeben und uns von Seinen Meeren der Barmherzigkeit geben, indem Er uns Seinen aufrichtigen Diener schickt, um die Menschen auf den richtigen Weg zu führen. Eine Botschaft habe ich noch für die Afro-Amerikaner. Unser Prophet* liebte die dunkelfarbigen Menschen, besonders Bilal, welcher Befehlshaber seiner Armee war. So lieben auch wir sie sehr. In unseren Ländern gibt es viele Afrikaner, die dort seßhaft wurden, nachdem sie aus dem Hidschas zurückkamen. Seit meiner Kindheit lebte ich mit ihnen und liebe sie sehr. Sie sind aufrichtige Menschen und ihnen wurden einige Charaktereigenschaften gegeben, welche andere Rassen nicht besitzen. Sie sind Söhne von Ham, möge Allah sie unter die Flagge des Islam bringen, für immer. Sie werden sich in Amerika vermehren und mein Rat ist, nicht zu schnell ärgerlich zu werden und nicht aufzugeben. Sie sind demütig und einfach in ihrem Herzen. Sie können nicht stolz sein. Dies ist, warum der Teufel hinter ihnen her ist und versucht, sie ärgerlich zu machen mit den Leuten. Denkt nicht schlecht über andere und seid glücklich mit eurer Farbe, eurem Glauben, eurem Herrn und eurem Propheten*.
Warum wollen die Menschen der modernen Welt mehr wissen über Mystik? Sie wollen sich vor körperlicher Zerstörung retten. Eure physische Umgebung hat sich vermehrt, deshalb ist euer Bedarf an spiritueller Erleichterung noch größer als zuvor. Eure Seelen kommen von den Himmeln, genau wie die eurer Vorfahren. Daher kommt es, daß in jedem die geheime Sehnsucht ist, zum Herrn der Schöpfung zurückzukehren. Unsere Seelen sehnen sich danach.

**Sei mit deinem Scheich**

Im Namen Allahs des Allmächtigen, des Gnädigen, des Allbarmherzigen.
Was ist das Furchtbarste und Gefährlichste, das es gibt für einen Menschen?

Der Prophet, Friede sei mit ihm, sagte: ,,Oh mein Herr, lass mich nicht in den Händen meines Egos.“
Unser Großscheich sagte dazu: ,,Wenn euch euer Ego im Griff hat, dann seid ihr allein!“
Sich alleine, einsam zu fühlen, ist eine Strafe Gottes.
Meist werden die Menschen aus diesem Grund schwermütig.

Die Großscheichs kennen die genauen Ursachen für alles, sie sind die Heiler der Herzen. Wenn einem Menschen Weisheit gegeben wird, dann kennt er die Geheimnisse unseres physischen und unseres spirituellen Körpers. Die Menschen werden verrückt, wenn sie merken, daß sie alleine sind, abgeschnitten von den anderen, nur mit ihrem Ego.

Jetzt bin ich allein! Keiner kümmert sich um mich, Keiner will etwas von mir wissen, Keiner interessiert sich für mich. So zu denken macht langsam verrückt. Dies ist sehr gefährlich und schlimm.
Es zerstört die Persönlichkeit, macht die Menschen zu Sklaven, und lässt sie in Schwermut versinken.

In diesem Sinne ist die Hadith zu verstehen: ,,Oh mein Herr, lass mich

nicht für einen Augenblick in den Händen meines Egos.“ Das Ego ist wie ein Oktopus, der euch mit seinen Fangarmen umschlingt, ja ebenso grausig und die meisten Menschen sind so in seinem Griff. Kommt jemand, um dem zu helfen, der in die Fangarme des Oktopus geraten ist, so wird er schnell merken, daß es unmöglich ist, den anderen zu retten.

Wenn ein Mensch sich allein fühlt, ist er in der schwächsten und hilflosesten Lage und ihm sind die Hände gebunden.

Der Prophet, Friede sei mit ihm, rät uns, mit seinen geliebten Diener zu sein und nicht alleine zu bleiben. Wenn ihr mit einem solchen Menschen seid, kann euch euer Ego nichts anhaben. Es bekommt keine Gelegenheit euch zu verschlingen. Einsamkeit ist der Beginn von Schwierigkeiten und Elend, im physischen wie im spirituellen Bereich. Deshalb sollt ihr nicht alleine sein und vereinsamen. Deshalb ordnet die Sharia, das islamische Gesetz an, in Gemeinschaft zu sein, Menschen zu treffen, Kontakt zu anderen zu haben, in Beziehung zu Anderen zu sein. Dies ist ein Aspekt.
Der zweite ist, das wir, die wir am Anfang sind, darum bitten sollen, immer mit unserem Großscheich sein zu dürfen und nicht mit uns allein. Seid ihr einsam und allein, könnt ihr nicht klar denken und seid nicht in der Lage zu erkennen, was andere Menschen brauchen. Ihr seid dann wie ein Blinder, der mit Steinen wirft, oder der versucht zu schießen. Ein blinder Mann wird es nie schaffen, sein Ziel zu treffen.
Ihr könnt darüber sprechen, so viele Leute mögen darüber reden, aber sie wissen nicht, was vonnöten ist, wonach die Menschen wirklich verlangen. Es ist nicht notwendig, eine gewählte Sprache zu sprechen. Wichtig ist es, in der Lage zu sein, über das zu sprechen, was die Zuhörer brauchen. Ein Mensch fragt nach etwas, weil er es braucht.
Vielleicht möchte er die Antwort haben, ohne daß er fragen muß. Auf

diese Weise berührt es die Herzen der Zuhörer am meisten.

Fast alle Propheten handhabten es so. So oft kamen die Leute mit Fragen zu Saidina Rasullullah , Friede sei mit ihm, und ohne nach ihren Fragen zu fragen antwortete er. Er sagte: ,,Ihr kamt, mich zu fragen, dies ist die Antwort für dich, dies ist deine und diese ist für dich. Er gab allen ihre Antwort ohne zu fragen. Deshalb sagen wir, die Heiligen sind die Spione der Herzen. Geht sorgsam mit euren Herzen um Wenn die Heiligen danach sehen, wissen sie , wie es um euch steht. Aber es kümmert sie nicht so sehr, was in euren Herzen vorgeht. Deshalb bitten wir: ,,Oh mein Meister, wir bitten darum, mit dir sein zu dürfen. Du bist bei mir. Aber ich bin nicht bei dir. Ich versuche mit dir zu sein.“ Treffen diese zwei Bahnen zusammen, beginnt die Kraft zu wirken. Wenn du anfängst mit deinem Scheich zu sein, dann arbeitet seine Kraft. Du bist nicht mehr dir selbst überlassen. Nein, Du bist mit deinem Scheich und je mehr du dich auf seine Begleitung konzentrieren kannst, desto mehr Kraft wird dich von ihm erreichen. Das heißt es, mit seinem Scheich zu sein. Wenn du ganz mit deinem Scheich bist, dann ist er in dir und du bist dein Scheich. Und seine Kraft und Macht umgibt dich. Je mehr du es schaffst mit ihm zu sein, desto mehr wirst du eine unbegrenzte Kraft erreichen; denn sie sind mit dem Propheten verbunden, Friede sei mit ihm, und der Prophet ist in der Anwesenheit seines Herrn, Allahs des Allmächtigen. — Nichts wird der verlieren, der mit seinem Scheich ist; weder Kraft ,noch Wissen, noch Weisheit, noch von seiner Geduld, noch sein Leben. Alles ist ja bei seinem Scheich. Er ist nicht allein. Er mag in der Wüste sein, er mag auf den Meeren sein und selbst wenn er der Einzige auf diesem Planeten ist, wird er sich nicht alleine fühlen.
Und wenn er nicht einsam ist, ist er der Mächtigste unter allen Menschen. Wer dies erreicht hat, der wird von allen anderen, die dies

nicht erreicht haben, der Mächtigste sein. Selbst wenn es ihm passiert daß alle Menschen gegen ihn sind und ihn angreifen, so macht ihm das nichts, Es gibt keine Angst für ihn. Er ist mit den wahren Kraft-stationen verbunden und wer ihn nur anrührt, der fällt zu Boden und wird fortgeschleudert wie einer, der plötzlich an eine Million Volt angeschlossen ist. Er selbst ist dann zu einer solchen himmlischen Kraft-station geworden. So wie Jesus in jener Nacht der Himmelfahrt, wo die Römer, diese Dummen kamen, um ihn ans Kreuz zu hängen. Er war in einem Zustand wie eine Rakete kurz vor dem Start, 10 Billionen Volt umgaben ihn. Die ganze Stadt hätte er vernichten können. Eine Kraft wie 1 Million Wasserstoffbomben. Deshalb wurde er so schnell nach oben genommen. Er war von dieser Kraft umgeben, um sich mit der Geschwindigkeit von Millionen Lichtjahren von hier fortbewegen zu können und er fuhr nicht zum Mond!

Es wird von der Spinne berichtet, die ihr Netz vor die Höhle spann, in die der Prophet, Friede sei mit ihm, kam, als er nach Medina flüchtete. Es war keine Spinne. Sie hatte eine solche Kraft, daß ihr ganzes Netz unter einer Million Volt stand. Das war das Geheimnis. Und wenn jemand nur daran gerührt hätte, er wäre bis ans andere Ende der Welt geschleudert worden. i‘an sah nur eine Spinne in ihrem Netz vor dem Propheten; aber Allah, der Allmächtige spielt nicht. Und wenn die ganze Welt gekommen wäre, keiner hätte irgendjemandem, der mit dem Propheten war, irgendetwas anhaben können.

Es gibt so viele unwissende Menschen und Unwissenheit macht die Menschen zu Feinden der Guten und zu Feinden der Heiligen und Propheten.

Manche der Heiligen und Propheten gebrauchen ihre Macht und Kraft, andere nicht.

Mein Großscheich sprach zu mir darüber und zeigte mir einmal diese Macht. Es kamen Leute zu ihm, die ihm etwas antun wollten, sie waren bereit, ihn zu töten. Ich saß da und er sagte: ,,Paß auf" Und ich sah all diese Menschen auf uns zukommen und dann plötzlich sah ich nur noch kleine Ameisen und ich sah sie noch ihre kleinen Pistolen und Dolche tragen, mit denen sie hatten angreifen wollen. Ich hätte sie so mit einem Fuß zertreten können, aber ich tat es nicht. Die Tatsache, daß eine solche Nacht existiert, macht unser Leben leicht und beschützt und ohne Furcht, wenn wir uns nach den Lehren richten, denen wir folgen möchten und die uns sagen, daß unser Großscheich oder sein Vertreter, der eurem Herzen nächste, bei euch ist. Ihr könnt irgendwo, egal wo sein, nichts kann euch geschehen. Behaltet euren Scheich bei euch und vergesst ihn nie. Vergesst ihr ihn, dann kann die Angst zu euch kommen und die Hoffnungslosigkeit und Elend und Depression. Behaltet ihn bei euch, tragt ihn, tragt ihn mit euch. Er führt euch in allem. Und dann werdet ihr verstehen können, was es heißt, mit dem Propheten zu sein, immerzu.

Dann seid ihr in der Lage, mit eurem Herrn dem Allmächtigen, Allah zu sein. Seid ihr mit Ihm, wird euer Einzelsein verschwinden. Wenn ihr mit Allah seid, werdet ihr ‚fana' erleben, ausgelöscht werden und Allah der Allmächtige erscheint in euch.

Von solchen Menschen sagte der Prophet, Friede sei mit ihm; ,,Wenn ihr sie anseht, seht ihr Allah an."

Allah mache es euch leicht, mit Einem zu sein, der zu Seiner göttlichen Gegenwart gehört. Um nichts braucht ihr euch dann mehr zu sorgen. Seid in Kontakt, immer. So wie ein Drache, der seinen Schatz, den er bewacht, nicht aus den Augen lässt. Niemals. — Macht es ebenso, zu jeder Zeit und bei jeder Gelegenheit. Versucht immer mit eurem

Scheich zu sein. Bleibt nicht allein mit euch selbst! Denn ihr fühlt, daß ihr mit eurem Scheich seid, wird Shaitan niemals von eurem Herzen Besitz ergreifen können, Es gibt dann keinen Weg für Shaitan zu euch. Wenn euer Scheich mit euch ist, wie soll Shaitan zu euch kommen können?

Deshalb müssen wir uns vornehmen, immer mit ihm zu sein, mit unserem Scheich, mit unserem Großscheich. Nehmt euch das fest vor. Versuchen wir mit unserem Scheich zu sein, dann wird die Kraft von ihren Kraftstationen auf euch übertragen werden. Er ist immer mit uns. Versucht es.

## SEI MIT JEDEM ZUFRIEDEN; SAGE "ALHAMDULILLAH" ZU JEDEM

Ein Meer der Barmherzigkeit reicht von der Gegenwart in die ewige Vergangenheit und alles, was existiert, muß etwas von diesen Meeren der Barmherzigkeit in sich tragen. Jedes geschaffene Ding preist seinen Herrn, und für alles, was existiert, ob Tiere, Pflanzen oder Menschen müssen wir Allah danken, denn alles birgt etwas von den Meeren der Barmherzigkeit in sich.

Dies ist ein Punkt, auf den viele Gläubige nicht achten. Sie haben dies vergessen oder kümmern sich nicht darum. Wir müssen für immer dankbar sein, für alles, was Allah in diese Welt hineingesetzt hat. Jeder muß bedenken, wenn er etwas betrachtet, daß dieses Ding von den Meeren der Barmherzigkeit kommt, sonst wäre es nie geschaffen worden. Wir müssen selbst für uns unerwünschte Dinge 'Alhamdulillah' sagen, denn auch was wir nicht mögen, muß, solange es existiert, etwas von den Meeren der Barmherzigkeit in sich tragen.

Man muß daher für jedes Geschöpf 'Alhamdulillah' sagen. Die Menschen müssen dankbar füreinander sein. Alles, was uns unangenehm ist oder unliebsam, lehrt uns mit seiner Existenz, was Allah lieb ist. Es muß auch all die unbeliebten 'Lehrer' für uns geben, damit wir an ihnen sehen, an ihrem Äußeren oder Inneren, daß wir zusehen müssen, nicht so zu sein wie sie. Wenn einer unbeliebt ist, und du ihn nicht magst, sagt sein wirkliches Wesen zu dir: "Oh mein Bruder, sei nicht so wie ich." Und wir müssen ihm danken, denn er lehrt uns auf diese Weise, was lieb und was unlieb in der göttlichen Gegenwart ist. So müssen wir Allah für alles, was wir vorfinden, danken und 'Alhamdulillah' sagen. Und das wiederum bewirkt, daß jedesmal, wenn wir es

sagen die schweren Lasten leichter werden und schließlich ganz verschwinden und uns nichts mehr stören kann.

Das ist eine sehr wichtige Botschaft für jeden, da wir in diesem Leben nicht mit jedem zufrieden sein können. Mit etwas nicht zufrieden zu sein, bedeutet, daß man nicht genug Vollkommenheit besitzt. Es ist ein Zeichen von Unreife, mit dem einen glücklich und mit dem anderen unglücklich zu sein. Es ist eine schlechte Eigenschaft, die Unvollkommenheit beweist. Vollkommen ist, wer mit allen glücklich sein kann, für den beides gleich ist, so daß er auch für unliebsame Dinge 'Alhamdulillah' sagen kann. Dies ist vor allem dann wichtig, wenn einem ein unbeliebter Mensch begegnet. Sag 'Alhamdulillah', denn wenn er nicht da wäre, würde die Last, die er trägt, vielleicht auf deine Schultern gelegt werden. Die Kleider der Eigenschaften sind mannigfaltig, und das Kleid, mit dem Gott einen bekleidet, muß er in diesem Leben tragen.

Allah bekleidet alle seine Menschen mit einem geeigneten Kleid für seine Gegenwart. Wenn er jemanden unbeliebt macht, trägt dieser deshalb jene Last. Sag für die Person, die diese Last trägt, 'Alhamdulillah'. Wenn er es nicht akzeptiert hätte, würde ich es tragen müssen. Wer den einen schön kleidet, kleidet den anderen häßlich. Wer eine unbeliebte Form bekam, muß auch 'Alhamdulillah' sagen und auf die schauen, die noch schwerere Lasten tragen. Alhamdulillah, daß es all diese Millionen gibt. Denn jedes dieser Wesen gibt diesem Leben eine Zierde. Wenn es nicht existieren würde, wären unsere Lebensumstände schwieriger und mühsamer. Selbst eine Schlange ist ein Schmuck, dank dem Herrn, der dieses Ungetüm gemacht hat, denn alles kommt durch die Meere der Barmherzigkeit, um die Menschen auf dem Weg ihrer spirituellen Entwicklung zu fördern. Wenn du dein Adab bewahrst für alles Unliebsame, dann kommt dir dafür die göttliche Barmherzigkeit entgegen. Dann entsteht aus jeder Form und Erscheinung in deinem Herzen göttliche Weisheit. Selbst zu diesem Glas Wasser mußt du sagen: "Gepriesen sei Allah, Der Flüsse schuf, die voller Wasser sind und aus den Meeren der Barmherzigkeit strömen."

Trachtet danach, Vollkommenheit zu erreichen, schaut jedem ins Gesicht. Wenn Rasulullah (FSmi) auf seine Nation schaut, betrachtet er jeden mit dem gleichen Blick. Deshalb ordnen unsere Großscheichs an, jedem zu Ehren und für die Existenz von jedem, 'Alhamdulillah' zu sagen. Es mag dir nicht alles gefallen, doch alles Erschaffene ist notwendig für andere und erfüllt einen bestimmten Zweck. Sei glücklich mit jedem, auch wenn er sich schlecht verhält, denn Allah der Allmächtige hat viele Gründe, um von Seinen endlosem Meeren zu geben. Er benutzt so viele Dinge als Mittel und Überbringer, um von Seinen Meeren zu geben. Alles trägt

etwas Gutes in sich, und wenn du das verstanden hast, kannst du mit allem und jedem zufrieden sein. Wenn man 'Alhamdulillah' zu unliebsamen Dingen sagt, nimmt Allah dieses unliebsame Ding aus deiner eigenen Persönlichkeit weg. Selbst der Häßlichste schwimmt in Allahs Barmherzigkeit. Stört sie nicht, zeigt nicht eure Abneigung. Versucht, mit jedem glücklich zu sein, das ist das höchste Ziel der Menschheit. Es benötigt Übung und es geht nicht von heute auf morgen. Wenn du bei jeder Gelegenheit 'Alhamdulillah' sagst, wirst du nie Dunkelheit in deinem Herzen haben und mußt dein Ziel erreichen.

## "Sei nicht der Esel deines Esels!"

Sheikh wurde gebeten, eine Hochzeitszeremonie für zwei Paare zu vollziehen, die kürzlich die Shahada abgelegt hatten. Der erste Mensch war als „Gentleman“ erschaffen worden, so daß die erste Frau zur „First Lady“ wurde. Deshalb redete Adam seine Frau mit den Worten an: „O meine ehrenwerte Frau“, und er sagte, daß sie ihn anredete: „O mein ehrenwerter Mann.“ So ist es die erste Sunna, seine Frau hochzuachten, und für eine Frau, ihren Mann hochzuachten. Daran müßt ihr euch halten, denn alle, die die Göttliche Gegenwart erreichen wollen, müssen Disziplin halten. Ohne Disziplin ist es nicht möglich, in die Göttliche Gegenwart zu gelangen. Und es ist die erste Pflicht zwischen Männern und Frauen, sich gegenseitig zu achten und sich gegenseitig Wert zuzumessen, und auf Achtung folgt Liebe. Die, die sich achten, werden Liebende sein. Die gegenwärtigen Menschen alle haben dies vergessen. Niemand sagt: „O meine ehrenwerte Frau, meine Lady.“ Du mußt sagen: „Meine Lady“ – und was sagst du? „O mein ehrenwerter Mann“, „mein Gentleman“ – das mußt du sagen. Jener Befehl ist der erste Befehl und die erste Pflicht und Disziplin für Diener des Herrn der Himmel. Und jetzt machen wir mit dieser Heirat weiter ... Nach der Verheiratung fährt er fort – Der frisch verheiratete Bräutigam hatte gefragt: Wie können wir diese Teufel bezwingen? –: Es liegt an euch. Ihr seid damit geehrt worden, Bevollmäch- Photo aus: Trenker: Berge und Heimat, Gütersloh 1953. 2 tigte Allahs des Allmächtigen zu sein, und Er gab euch Willenskraft, benutzt sie und fürchtet euch nicht! Gebraucht eure Willenskraft und fürchtet euch nicht! Die Leute, die ihren guten Willen nicht benutzen, werden

notwenigerweise fallen. Wenn ich sage: „Tritt hier nicht hin, denn hier drunter ist ein Loch“, und er sagt: „Macht nichts“, so wird er hineinfallen müssen. Der Herr der Himmel sagt zu uns: „Tritt da nicht hin, du könntest fallen!“ Und du sagst: „Macht nichts, denn mein Ego möchte das gern.“ Eh! Wenn dein Ego das mag, dann fall, oder steige auf das Minarett und spring – weil dein Ego gern fliegen möchte. Wenn du aber keine Flügel hast, mußt du hinunterfallen. Was sollen wir tun? Die Leute denken, sie könnten glauben, was ihr Ego behauptet, daß, wenn man sich vom Tower in London hinabstürzt, wie eine Krähe werde fliegen können. Es gibt da einige Leute in unserem Land, ihr Name ist „Laz“ – und kaz heißt „Gans“, oder Ente? Gans. Wir sagen kaz für Gans. Und Laz meint: „Wenn kaz fliegen kann, so muß Laz auch fliegen“, und dann springt er. Der fliegen kann ist kaz, er aber ist Laz – dieser ist ein Mensch, jener ein Vogel. Wenn man keinen Unterschied zwischen Laz und kaz macht, zwischen Mensch und Gans, so wird jener hinabstürzen. Er wird sagen: „Wie kann das sein? Das ist kaz, ich bin Laz – es ist doch nur ein Buchstabe Unterschied; ich muß auch fliegen!“ Al-hamdu lillah, er stürzte sich vom Felsen ins Meer, in einen See – nichts passierte. Er schwamm und kam wieder heraus, aber er hatte gelernt, daß kaz wohl fliegen mag, nicht aber Laz. Das ist eine gute Lehre für einen jeden: Was dem Menschen zur Verfügung steht, das soll er nutzen, alles aber, was ihm nicht offensteht und untersagt oder verboten ist, von dem muß er wissen, daß ihn – oder sie – sicherlich ein Schaden treffen wird. Vielleicht sogar etwas Tödliches – benutze es nicht! Den Herrn der Himmel trifft kein Schaden, selbst wenn alle Menschen falsche Dinge täten, er trifft vielmehr die Menschen selbst. Deshalb bringt Er eine himmlische Disziplin und sagt: „Tut das nicht!“ Aber ihr benutzt nicht euren Verstand und euren guten Willen, so daß ihr Strafe auf euch zieht. Und diese Bestrafung kommt von euch selbst und trifft euch, sie ist nicht von Ihm gegen euch gerichtet, sondern kommt von euch selbst auf euch selbst! Nicht von Ihm, sondern von euch. Heutzutage sagen die Leute: „Wir sind frei!“ Nein, ihr seid nicht frei, ihr seid Sklaven eures Egos. Was euer Ego euch befiehlt, das befolgt ihr. Ihr seid stolz, eurem Herrn nicht zu folgen, vielmehr folgt ihr eurem Ego. Dem Herrn der Himmel nicht zu folgen, bedeutet, seinem Esel zu folgen, seinem Pferd, seinem Tier; denn das Ego repräsentiert unseren Esel, und Allah gab ihn uns, damit wir auf ihm reiten. Er wollte nicht, daß ihr der Esel eures Esels seid. Viele Leute, die meisten Menschen, sind die Esel ihrer Esel. Wenn es dir gelingt, dein Ego zu kontrollieren, dann hat es so eine Kraft, daß es dich vom Tiefsten zum Höchsten bringen kann. Doch mußt du es kontrollieren, das kraftgewaltige. Es ist nicht für nichts, sondern für etwas. Doch alle Menschen des heutigen 20. Jahrhunderts sind dabei, Esel ihres Esels zu sein, und sie sagen: „Wir sind frei!“ Wo seid ihr frei? Nein. Eh! – Wir sind frei – für’s Frühstück? Ah. Jeder macht sich seinen eigenen Weg? Nein. Da gibt es eine Disziplin, eine himmlische Disziplin. Als ich betete, hatte ich eine

Eingebung: Ich schaute auf Leute, verschiedene Farben, Formen, Kleider kommen auf mich zu. Es sieht aus, als hätte Ihre Majestät die Königin sie zu einer Gala-Nacht gebeten, und auf der Einladung steht geschrieben: „Frack erbeten“. Sie mögen so gehen, irgendwie? Nein. Aber jetzt wollen sie gern, so wie sie sind, aufsteigen. Das geht nicht. Raketen – wenn eine Person in eine Rakete geht, um hochzusteigen, wird diese Kleidung erlaubt sein – eh? Glaubst du das? Mit den Haaren so? Und wie ihr es mögt, Hüte zu tragen mit den Haaren so und Dingen darin? Wißt ihr, ob es ein Mann oder eine Frau ist? Aber sie sagen mir: „Du mußt uns akzeptieren, wie wir sind.“ Ja, ich akzeptiere, aber erlege euch meine Disziplin auf. Ich verlasse euch nicht einfach, wenn ihr die Shahada gesagt habt, nein! Ich komme auch mit einer Peitsche für eure Egos, die verwahre ich! Ich verstecke sie – zuerst für K. Und manchmal nehmen sie mich mit ins Krankenhaus zum Besuch einiger Patienten, und sie sagen: „Sheikh, sie haben das auf meine Wunde getan, dann dies hier und das ...“ Wozu ist das? Wofür – für diese Krankheit ist es gut, und bei einer Operation im Operationsraum wird der Arzt da, so wie er ist, eintreten? Aber heutzutage haben die Menschen schlechte Gewohnheiten, sie sprechen von Freiheit. Nicht Freiheit, Disziplin ist gefordert. Jeder muß das lernen, der es schaffen will. Wer es nicht will, bleibt ein Krokodil und sieht aus wie ein Krokodil. Danke schön für Eure Aufmerksamkeit. Aber wir sind jetzt am Anfang, wir sind Kindergarten- Leute – macht nichts. Wenn wir ein bißchen weiter kommen, dann halte ich meinen Stock für euch bereit.

## Tabarruj ul Jahiliyeti

We ask Allah (swt) that our gathering be blessed, I am a weak servant, blessed with the presence of Sayyid Malik Dahlan Al Quraishi, Original Quraishi. He is coming from the side of Sayyidina Ismail (as) directly coming to them, masha Allah. I am a poor servant, & we say Audhu Billah min al shaytan al rajim Bismillah Al Rahman Al Rahim. Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! O Lord, Subhansin, Sultansin. He (swt) does what He likes! O our Lord! We pray for the sake of this honourable guest, Insha'Allah it shall be a reason for an opening to the Muslim world, for the sake of his blessings. My heart, masha'Allah they poured in my heart things that up to the end of the world wouldn't finish! From the ocean of Prophet (saws), (our guest) is like a bucket as much as he takes it (the ocean) never finishes. I was not fit to speak but this was my thinking of myself, but He (swt) knows best. With the blessings of our Sayyidi, he may honour me even if he steps with his foot on my head. (The guest kisses Mawlana's feet) astaghfirullah, astaghfirullah...

Welcome to you, welcome to you. We have reached the most difficult period of time. Some things came to me, so I may speak about them. They are like this. And we are living in the most difficult times for Islam. But Allah Almighty wants us to renew our oath with Him (swt). With

Him (swt) means with His Beloved (saws). Until they renew their oath with Rasulullah, there is no hope for them. This is the first point for the Muslim world to be aware of & to apply. They must declare that "we are from the nation of the Beloved, and not Syrian, Lebanese, Iraqi Palestinian, Egyptian." Our honour is that we are part of the ummat of the Beloved (saws) of Allah (swt). Till they recognize this there is no way out for them.

Allah (swt) says "and do not display yourselves like in the forner times of ignorance" (33:33) This indicates that it is a passed period of time the first period of ignorance, but they will be under another period of ignorance. Wa La Tabarraju/and do not display yourselves, has a deep meaning. "Tabarruja Al-Jahiliyati Al-Ul√°" (33:33) Subahana Allah. Allah (swt) through His Beloved (saws) said that it is not appropriate to show off whether they are Egyptians, Saudis, Iraqi, Libyan. It is refused. That first period of ignorance every person was proud of themselves and their connections. The highest level of display of pride is to say "I am from the nation of the Beloved (saws)" Ya Rasulullah! Listen & take wisdom if you do, it will benefit you. There is no one who listens. There is no one left to listen to his words & orders. And many events took place. Subhana Allah!

Then after the first period of ignorance, it means that a second period of ignorance will come, and this is where we are now. It will be taken away. This second period of ignorance will also be taken away with a very strong power, from the Power of Prophethood Sahib Al Zaman al-Mahdi (as) Khalifa of Allah (swt) on the face of the earth. If he kicked this world with his foot it would go out of its orbit. That's how great it is. Everything has an appointed time. They have been given a chance.

The most evil thing worshipped is the desire of the ego. People have followed their ego, "if you see people following their egos and obeying it and every person only likes his own opinion, keep yourself." (Hadith) Subhana Allah. These are things that came to my heart by inspiration, or other means. It indicates the spread of corruption in the world. Allahu Akbar! But this situation has to end, because of the good tidings the Prophet (swas) gave. When he was asked "who will be in charge after you O Rasulullah?" he (saws) said "The Khalifas, Al Rashidin, Al Murshidin." "And after them O Rasulullah?" "Princes, Amir Al Mu'minin." "Then who will take care of the

Ummah?" "The Kings will rule it, these ones who place above their heads the Holy Quran and they glorify the sunnah of Rasulullah and the book of Allah (awj), these are the Kings." He is not a King, the one who is not master of himself. Astaghfirullah, astaghfirullah! "And after the Kings, it will be the last hour?" "After the kings, will come tyrants." The time of tyrants, we are in it now. And it cannot be described what happened among the ummah from the injustice & oppression. "Wa Ahsinu Inna Allaha Yuhibbu Al-Muhsinina" (2:195) They closed, they blocked.

I would like to ask the princes, kings & your scholars, what is the constitution of Islam? Every state says "we have a constitution. "What constitution? What is the constitution of Islam? Shaykh Mehmet Effendi what is the constitution of Islam? Every Friday at the end of the Khutba "Inna Allaha Ya'muru Bil-Adli Wa Al-'Ihsani Wa Ita'i Dhi Al-Qurba Wa Yanha `Ani Al-Fahsha'i Wa Al-Munkari" (16:90) Wa La Zikrullah Al Akbar! Allahu Akbar 'ala man takabbar wa tajabbar!

Where are our Kings, so they bring back the constitution of Islam and declare "Inna Allaha Ya'muru Bil-Adli Wa Al-'Ihsani Wa Ita'i Dhi Al-Qurba Wa Yanha `Ani Al-Fahsha'i Wa Al-Munkari Ya`izukum" (16:90) So you may remember. Every Juma for what reason they recite this and don't do it? This Holy verse, this is the constitution of Islam. All the Kings used to ask to recite it at the end of the Khutba, on Juma "Inna Allaha Ya'muru Bil-Adli Wa Al-'Ihsani Wa Ita'i Dhi Al-Qurba Wa Yanha Ani Al-Fahsha'i Wa Al-Munkari Ya`izukum La`allakum Tazakkaruna" (16:90) Wa La Zikru Allahu Akbar, Wa Allaha Ya'lam Ma Taf'alun."

This constitution is for which nation? Did they forget? No they did not forget, but their egos are in the highest stations & they claim that they are like Pharaohs - "we do what we like!" Never! Let the Muslim world declare the Muslim constitution "Inna Allaha Ya'muru Bil-Adli Wa Al Ihsani Wa Ita'i Dhi Al-Qurba Wa Yanha Ani Al-Fahsha'i Wa Al-Munkar"(16:90) They filled the world with evil and dirtiness. Where are your governments? Where did they put the constitution of Islam? Every Friday at the end of the Khutba they recite "Verily Allah (swt) orders to be just & do goodness & to give to kin and forbids evil & obscenity." (16:90) They filled the world with evil & dirtiness.

Where are our scholars? Where are our Princes? "Verily Allah (swt) orders to be just & do

goodness"(16:90). This is our constitution. O scholars, O scholars! O you who claim, O Princes & Kings, do you not understand Arabic? This is not enough for you as a constitution? They want to make a new constitution. Who are you? O donkeys of the world, never! You make a constitution for what? A donkey makes a constitution for another donkey? Audhu Billah. There is a constitution "Inna Allaha Ya'muru Bil-Adli Wal Ihsani Wa Ita'i Dhi Al-Qurba Wa Yanha Ani Al-Fahsha'i Wa Al-Munkari" (16:90) Wa La Zikrullah Akbar! Allah Allah!

This was in my heart & I wanted to speak of it. Also O Sayyid, it is a shame for the Muslims, especially in the land of Hijaz/Saudi Arabia. They have no other job except to organize the breaking of the fast schedule. At this time, their TV stations declare the time of breaking fast. This is not Islam! This is not Islam. Break your fast on a date. For what do we see in television millions of people breaking fast, masha'Allah! Masha'Allah! Good for them. Is this Islam? And there, there are Muslims being massacred by non Muslims & you say "we have opened masha'Allah, areas for Iftar/breaking fast, and we have gathered millions of people"? Millions of people, they have no mind.

In this time if we ask them for 5 Riyal, if they gather money and send it to the poor Muslims who fell into hardship it would have been more beneficial & much better. But people are directed towards outward things to show off, but the reality is hidden. They put in front of them a meal, but they do not see it. Come eat, this is Islam. This is your Islam? If you were asked 5 Ryals for these people being killed, fighting, these poor ones are destroyed, it would have been a thousand times better. On TV every night, they have the timetable for Iftar. For what is the time of Iftar necessary? One date is enough and there is nothing for these people who do not have water or anything? Shame on the Kings who are gathering millions of people and they have no mind nor feelings for the Muslims?

There are things more important than to be in the Haramain and fast & break their fast. This is not accepted. It is not accepted. Let any of the Saudi scholars, from Egypt, from all the Muslim nations, say for what do they this? For what? Go and take a shotgun, go. Your brothers are being killed, how can you eat & drink and be happy that you visited Baytullah & visited His Beloved (saws)? What is your answer? Where are your scholars? There aren't any. Shame, this is not

accepted by Rasulullah (saws), it is not accepted. There is no one to point out these matters? How did millions of people become without compassion, without mind, without understanding of Islam, without respect for Islam or glorification of Haqq & the orders of Allah (swt).

The constitution of Islam? Here is the constitution of Islam - "Inna Allaha Ya'muru Bil-Adli Wal Ihsani" (16:90) Why you do not give? In the Bayt there are maybe 2 million people, if he took from each person 10, it is 20 million dollars or Riyals. With it he could relieve the hunger of people & strengthen them also. And their enemies are throwing bombs on them and they have nothing but stones to throw back. Shame on the Muslim people. How are you going to answer in the Divine Presence in front of your Prophet (saws)? Allah! Allah! They are being killed and you are happy, for what buildings. They filled the world with buildings, no! Everything that is very abundant loses its value. It is refused. These are not my words, but this is what is inspired to me.

This is not accepted, not by any of them. Leave Iftar and go fight, spend & do your best. If you were doing good, no corruption, or killing or fighting would have happened. Allah...Rasulullah does not look at any of them, those who are visiting him. He does not look at any of them. These are not my words. These are not my words. These are the words of Haqq, True words. Allah (swt) will punish them, a severe punishment.

Ya Rabbi! For the sake of this Sayyid "Appoint to us a King so we may fight in Allah's (swt) way." (2:246) They read The Holy Quran & they don't understand anything. I am a non-Arab. But they are Arabs, it is their language. They don't understand the meaning? The Children of Israel went to their Prophet (as). "They said to their Prophet, appoint for us a King so we may fight in Allah's way" (2:246) How do you eat & break your fast? You have no shame while your brothers are being killed, even the little children? Where is your power. For what are you keeping your weapons? A handful of people went. They have dishonoured ummat al Habib in Sham. Subhana Allah! O the land of Sham is filled with Prophets (as). I ask your pardon. O the land of Sham is filled with Prophets (as) & Messengers.

The great people from the men of Allah (swt) they tell me, "O Shaykh, for a Prophet Messenger you must first stop, greet the Prophet (as) and ask permission & before entering at a distance of 7

days. The Prophet & Messenger S. Zakariya they've been shelling his Maqam. They have no shame! 7 Days distance away you have to stand up ask permission to enter...they are bombarding S. Zakariya (as). They have no shame, no morality, no faith. May god disgrace them! Rasulullah (saws), without permission how can you go to him? You are preparing for millions, so that people see them break the fast (on TV). What is the meaning of this? Millions of people are breaking fast - it has no value. O you who have a sound mind think & Princes, think. Think! and leave delicious foods and send power support.

But they didn't teach people what is good. This is the time is for going to the Haramain Al Sharifain? To walk the seven rings/tawaf? All of them have money and they are proudly displaying it: "We went to umra, to Hajj, to visit." Who can accept this? Ya Rabb. Ya Rabb Al Bayt, Ya Rabb Al Bayt, Ya Rabb Al Bayt support us for the sake of your honorable Prophet (saws), Master of begining and end, a Prophet & Messenger. Send us.... They are bombarding the land of Sham! And it is filled with Prophets (as). You must stop at a distance of 7 days.

Astaghfirullah, you need to stop, take permission and wait for a sign before you go. Sayyidina Zakariya (as) is a Prophet & Messenger. You are bombarding him! You have no shame? May Allah (jwa) take revenge on you. Shaytan is happy, but Prophet (saws) is sad! Stand up, O faithful believers. Leave off visiting the Prophet (sas) and the holy Harams. It is not a fard. Even the Fard/obligation should be delayed because of what is happening in the Muslim countries.

Disbelievers are riding the backs of Muslims, slaughtering them like the slaughtering of sheep and you are here preparing breakfast tables! Let them eat poison! But still people have an excuse: They don't have who can save them. Wake up and pay attention! They are eating and drinking. They are happy! Ask Sahib Al Maqam if he (saws) is accepting. They do not ask him. Princes don't ask, but their end is not good. Beware O Princes, O rich ones, Princes who built skyscrapers. The angels say if a building is higher than 2 floors, to where are you going O Nimrods? You like to be like Nimrod, building tower, towers for the sake of Dunya? Shame on you! But their end is not good.

Tawba ya Rabbi, I told a little. This was inspired to my heart O Sayyidi. May Allah (swt) bless

you. Is this the time of gathering people in the Haramain? While people are being slaughtered and left without food or water?! Shaytan is gathering them there so that they don't pay attention to what is happening in Sham! Shame on them! Shame on their princes, kings, and scholars! Allah! Allah. Think O people! From Muslims and non-Muslims.

May Allah (swt) reward you O Sayyidi. Ya Sayidi, you are the reason for this addressing. My heart has been busy for a few days Busy, busy, busy.... May Allah send an opening. Ya Rabbi, send us Sahib al Mahdi (as) that he may put our affairs in order O Lord. O Muslims, where are Turk Muslims, Non Arab Muslims, Indian and Chinese Muslims, African Muslims? Egypt where are you? 70 years I am waiting for Sahib al Mahdi (as). Allah (jwa) says, "La Taqnatu Min Rahmati" (Despair not of My Mercy) (39:53). I do not despair. 70 years I am waiting for Sahib Al Waqt (as), to take revenge for the Muslims from criminals. Allah. Tawba Ya Rabbi. Welcome. This is a Sayyid. Sayyid. Tamam. I have placed my trust with him. May Allah (swt) support him. Fatiha. It is in your hand now.

**O Allah! Send the heavenly Sultan to unite the Muslims!**

Ya Sayyid as-Sadat wa Nur al-Mawjoodaat, ya Man huwa al-malja'u liman massahu daymun wa ghammun wa alam. Ya aqrabal-wasa'ili ila-Allahi ta'ala wa ya aqwal-mustanad, attawasalu ila janabika-l-a’zam bi-hadhihi-s-saadaati, wa ahlillah, wa Ahli Baitika-l-Kiram, li-dafci durrin la yudfacu illa bi wasitatik, wa rafci daymin la yurfacu illa bi-dalaalatik, ya Sayyidi wa Mawlay, Ya Rasool Allah, Ya Rahmatan lil-calameen: Nabi sws, Siddiq, Salman, Qassim, Jacfar, Tayfur, Abul Hasan, Abu cAli, Yusuf, Abul cAbbas, cAbdul Khaliq, cArif, Mahmud, cAli, Muhammad Baba as-Samasi, Sayyid Amir Kulali, Khwaja Baha'uddin Naqshband, cAla'uddin, Yacqub, cUbaidullah, Muhammad az-Zahid, Darwish Muhammad, Khwaja-kal-Amkanaki, Muhammad al-Baqi, Ahmad al-Faruqi, Muhammad Macsum, Sayfuddin, Nur Muhammad, Habibullah, cAbdullah, Shaykh Khalid, Shaykh Ismacil, Khas Muhammad, Shaykh Muhammad Effendi al-Yaraghi, Sayyid Jamaluddin al-Ghumuqi al-Hussaini, Abu Ahmad as-Sughuri, Abu Muhammad al-Madani, Shaykh Sharafuddin ad-Daghestani, Sayyidi wa Maulayi Sultanu-l Awliya Sheikh Abdullah ad-Daghistani ‘ala-llahu ta’ala darajatihim daima!

That is our Chain, coming from (the) holy Prophet up to me, without any cutting.
That is (a) true Chain that (they are) saying 'Naqshibandi Mashayikh', Naqshibandi Masters, they are saying this (is the) 'Golden Chain'. From Prophet sws up today this (Chain is) never going to be cut down. And now 39 just passed away, all Grandsheikhs... For the Mehdi, S. Mehdi a.s., up to his time, should be a short time, that everything (is) going to be closed down and whole Awliyas they are hiding themselves by order of the Seal of Prophets sws. You may find through East and West so many people, they are saying they are Naqshibandi or Qadiri or Rifai or Mevlewi or Tijani or Shasili or..., but it is cut down; no one can carry that divinely Power to bring (it) to (the) people, therefore they are just stopped.

Through (the) Naqshibandi Tariqat also (there are) so many Naqshibandi people through East and West; they are Naqshibandi, but (there is) no more real Master, who (is) coming up to our Gransheikh Sheikh Abdul ad-Daghistani Sultanu-l Awliya. (It is) just closed down. I am not claiming that I am a Sheikh or I am a Mureed; I am ashaming to say (this), but (the) holy Order (is) coming from Rasulullah sws that our Grandsheikh closed down his Maqam. As a shop-keeper, last treasurer, who was keeping (the) treasures of (the) holy Treasures of people. Particularly Naqshibandi Masters, they are keeping (them), and they are closed down their treasures by (the) holy Command from heavenly Ones and they are also hidden ones. Hidden ones... But the last Sultan for Naqhsbandi Sheikh Abdullah ad-Daghistani Sheikhi wa Murshidi with Prophets Order just closed down his treasure, only saying, ordering to me, to put a chair... not like this chair... like a box that you are putting apples (in it) or pears or tomato... when it is going to be empty, they are saying: "Take this empty box, sit down here... look (that) no one can go in! You are responsible! Anyone asking for Naqshibandi Tariqat and Masters, they should come to this palace of Naqshibandi Masters.

Anyone asking to come and asking, say: 'It is closed down now, but what do you want?' 'We want some Dhikr for Naqshibandi.' 'We may give to you. Take this, daily do this, do that...till heavenly Order coming and you should be that time accepted or not or to be on your (position)... Where you are now, you may wait there, till this door opening. You should be prepared through that one that sitting now on a box. If he is signing, then doors opening, you

may come in. If he is not signing - that person, who is sitting on tomato box, carton... – Not like this something... if I am sitting like this, they are thinking for me that I am so important one... no, no! Carton or wooden box! – That one (is) signing and giving some orders for a preparation to come in. If you can do that, you can be inside, opening to you. If not, it is closed down. You may sit with him and you may speak up and down... it is okay... but you have a application to be Naqshbandi... accepted, accepted, but you are not yet prepared to come and to be a follower, real follower of (the) Naqshibandi way. Therefore you may sit with me or here also, doesn't matter... That is my position. People (are) thinking that I am a Master... 'Master' similar... not similar, but 'uydurma', imitated... Real ones... People coming and asking Sheikh. I am saying: "I am not Sheikh. If you are asking real Sheikh, go to cemeteries, to their Dergahs, you can find there, (in) their tombs and Maqams."

I have nothing to do now; I am looking (for the) holy Order. If (the) holy Order (is) coming, that one, who (is) sitting on (that) box, may change East of world to West, West of world to East! Zero on left hand, but if they are giving permission, putting that 1, who sitting on box after 1, he may do so many things you can't imagine But now they are putting that 1 to be on left hand. Left hand zero (is) zero. No value. But when you are putting 1 and putting zero, 1 zero = 10, 2 zero = 100, 3 zero = 1000, 4 zero = 10000, 5 zero = 100.000... zero, zero, zero... but with this 1! Then that 1 (is) giving power. But behind, that 1 (0,1...) - nothing... Eh! Beware, keep your tongues, don't speak against anyone! That one who (is) sitting on (the) box, (is) nothing; but keep your tongue, don't speak! If you (are) speaking, you can't carry his heavy burden and you may pass away... one day, second day, third day maybe on cemetery way...

Ya... O people, (the) Prophet (was) saying sws: "Salamu insan fi hifdhu-l lisan. O people, if you are asking to be in safety and under shelter, keep your tongue, don't speak! If you are asking to speak, use your tongue for Dhikr and Salat 'ala Nabi sws! That beginning to speak... this one like this, that one like that- you can't carry, something may touch you, never going to be happy. This I am saying for whole world people, because now (the) time of Mehdi a.s. (is) just beginning through this holy month Muharramu-l Haram and Kufr and everything, that or

everyone that they are against holy Shariat, should be taken away. Should be taken away and then Mehdi a.s. should come.

Before Mehdi a.s. coming, so many signs. Prophet sws just spoke on it. One of them that when time is over, Arab that they are saying some of them they are Suri or Libani or Iraki or Lybi or Saudi or Misri or Sudani or Liby or Jezairi... all these thing making Islam to be on several parties. Several parties. And Allah Almighty (was) warning Ummatu Muhammad sws: "If they are not keeping My Orders, I am going to punish them! And say, o My beloved one, what I can do for them!" Astaidhu bi-llah: "Wa Huwa-l Qadiru 'ala an yabatha alaikum adhaba min fauqikum..."

Allah jalla jalaluh (was) saying to His beloved one: "O My beloved one! If they are not following Shariat, heavenly Orders, I am able (with) full Power, to send on them a punishment from their head sides, from up, to send them My Punishment!"

And the holy Prophet (was) saying: "O my Lord, don't destroy my Ummah with such a punishment coming from their head side!" And Allah Almighty (was) sending again to His most beloved servant (His answer) and (was) saying: "... aw min tahti arjulikum... Or you must warn your Ummah: if they are not listening (to the) holy Orders of (the) Holy Quran, holy Orders of Heavens, (My) heavenly Anger (is) able, full(y) able, to send on them a punishment (from) under their feet!" Such an earthquake may destroy everything through not minutes, through seconds! Rasul sws, that he is Rahma li-l 'alamien, (was) saying: "O my Lord, don't destroy my Ummah with such a punishment coming (from) under their feet!"

I heard that before 3 or 5 years ago, an earthquake happened in China, in a city only, that they are saying more than 9o.ooo people through seconds just passed away! (Sichuan earthquake May 12th, 2008) And what happened from material damage, (what) happened through that city, they are saying, (was a damage of) 150 Billion Dollars, through seconds, what happened! You must fear from Allah! (He) may change East to West or East or West to East in seconds! Beware o people! And (the) Prophet was knowing (this) and (he was) saying: "O my Lord, don't destroy my Ummah (like this)!"

Allah Almighty (was) saying and warning: “O My Habib, o My beloved one. As long as they are coming against My holy Shariyat, I must punish them!”

“Wa huwa qadiru ‘ala an yabatha alaikum adhaban min fauqikum aw min tahti arjulikum aw yalbithakum shian yudika ba’adakum batha ba’ad (?)... Or I am making them so many groups and they are coming to fight each other.” Then (the) Prophet was saying (translating): “When the time of Mehdi coming and people they are not taking care for holy Commands, (Allah Almighty is saying), I am making them so many groups of people, they are going to fight each other... I am making them to taste the bitter(ness) of Punishment!” And Rasulullah sws was saying:

“Before Mehdi a.a. (is) coming, Arabs, kabaili-l arab, should be among themselves so many troubles, should be each one against (the) second one.” And that is what we are in it now! Because they left Shariatallah and they are saying: “We are following parliament system and we are following democracy.“ Is it written on Holy Quran this? (It is) written: Shariatallah! They left it and punishment just reached to them. Now what happening (in the) whole world they are looking and speaking and crying, but no way, till they must come to Shariatallah, to Shariatallah. Allah Subhana Hu wa ta’ala forgive us and we are asking what He promised us: To send a Sultan. If (the) Sultan (is) not coming, never going to be the positions of Muslims good, going always down, not going up. This is a something or (a) summary and I am speaking, as they are making me to speak, from (the) Holy Quran. No one can object on it, no:

We are oppressors and punishment comes! We may cry for innocent ones, but whom they are leading nations and whom they are leading countries, they can’t do anything. They can’t do anything, because Allah Almighty saying: “If you are going to be so many kind of states, I am not keeping you. I am ordering to you to be one hand!” Now there is (one) billion and 5oo or two billion Muslims. What is their value? What they can do? Nothing, because they are doing against (the) holy Orders of Heavens. May Allah forgive me. I am only a warner, warner, warner... except this I can’t do anything...

May Allah forgive us and send for whole nations whom they are in need some, a

new leader, not from earth, but heavenly, to save humanity. May Allah forgive us!

For the honour of (the) most honoured one, most glorified one, most beloved servant of Allah S.Muhammad sws! Fatiha!

## Send Us a Savior

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Dastoor. Madad. (Mawlana Shaykh stands). Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah Muhammadur Rasoolullah, `alayhi wa salaatullah wa salaamuh Allahuma zid nabiyyuka habeebika Sayyidina Muhammad (s) `izzan wa sharafan nooran wa surooran, farhan wa sultaana. (Mawlana Shaykh sits). Madad.

Thumma as-salaatu wa 's-salaam `alaa jami`i 'l-anbiyaa wa ‘l-mursaleen wa man tabi`ahum bi ihsaanin ila yawmi 'd-deen. And khusoosan, especially our salute for the controllers of this world, Qutb az-Zamaan and Qutb al-Mutasarrif, who are under Divine Command and who are doing their best for people and for Creation. As-salaamu Allahi `alaykum, to our attenders also. As-salaamu Allahi `alaykum. Yes, every time you say, As-salaamu Allahi `alaykum, blessings come from Heavens. When blessings are coming to you, they make you strong and powerful. Then you are an accepted one, an honored one, and a praised one. ( Mawlana Shaykh stands) As-salaamu `alaykum, Allahu Akbar, Allahu Akbar, Allahu Akbar. (Mawlana Shaykh sits)

O our Attenders! We are saying, as-salaamu `alaykum to who are on the lowest of the Heavens, highest from the Earth and going up; that is a level for common people. And all the prophets came to take them up, to stop them from accidentally falling down. They are aiming to take people up higher and higher.

O our Attenders! Hear and listen. Listen and try to understand. Understanding is a heavenly grant, to understand from holy ones' declarations. If they do not understand from holy addressing, then theirs is the level of animals. They are making me say, "level of donkeys." Try to save yourselves from being on a donkey's level. What is a donkey's level? We must speak on it, inshaa-Allah. And we are saying, A`oodhu billahi min ash-Shaytani 'r-rajeem. O our Lord, we are running to you, not to stay on the level of donkeys, because the level of animals is a shame for Mankind! To have come from Heavens and be on the level of donkeys is shameful for people. But they are not understanding, and carrying that is their responsibility. Every day I am asking, "O our Lord, give us a chance not to be at a donkey's level!" And I am fearing, as anytime we can be asked to leave this life and come up. I fear that when I am called, I fear leaving on the level of a donkey. That is shameful for Mankind! That is the real aim of all the prophets' teachings. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

And we are saying, Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh stands) O our Lord, open for this declaration, and open understanding for our attenders, for the honor of Your most honored servant! (Mawlana Shaykh sits) Allah, Allah. Allah, Allah. Now we give our salaam. After saying Bismillahi 'r-Rahmani 'r-Raheem, we say, as-salaamu Allahi `alaykum for common believers. And I have been ordered to speak, especially to those people whom claim they are Salafi `ulamas. Either you must teach someone, or someone must teach you! Don't say, "We just reached the level of honor, the level of understanding, the level of knowledge." We must try to do something for ummatu 'l-habeeb, the nation of the Seal of Prophets, (Mawlana Shaykh stands) peace be upon him. O our Lord, give him much more praising and honor. (Mawlana Shaykh sits)

Yes, we must try to do something for the benefit of the nation of the Seal of Prophets (s). It is important to give something to ummatu 'l-habeeb, the nation of the Seal of Prophets (s). If anyone is doing something, every day, drop by drop, it will make a lake and the lake will become a river. Therefore, we must try daily, at least, to give something to the nation of the Seal of Prophets (s). Give daily from your knowledge to people, even if it is just one drop; one drop to give them raghabaat, desire. Make common people ask for something. Try to waken their desire to take some benefit for themselves for here and Hereafter. `Ulamas' mission is coming from the heavenly ones. Heavenly ones are all the prophets, peace be upon them, because they are asking to give people some benefit. Things of benefit on this planet are like an ocean. Therefore, it is possible

that if we are asking a number of good things, we won't be able to add them, there are so many! Try to teach common people even one thing that gives benefit to them and the people around them. Why? Perhaps they are going to be that group of people who will be awakened with that! And you may say, "Wake up! Wake up, my brother! Wake up and look! So many jewels are in front of you. Take one of them!" And `ulama's mission is to try to wake up common people. O People! Come and say Bismillahi 'r-Rahmaani 'r-Raheem.

O People! Come and say, Allahu Akbaru 'l-Akbar! (Mawlana Shaykh stands) "Wake up! You are eating stones on this planet! Come and eat something from heavenly pleasures!" (Mawlana Shaykh sits) Don't think that because you are eating and drinking and dressing in new fashionable clothes, that will give you pleasure. You are riding in new fashionable cars or you are living in new palaces, but they are not giving you pleasure.

O Salafi `ulamas, you must say this, don't fear from mulook. No! You must speak haqq (truth). You must say, "You are king, you are sultan, you are president, but, O our king! Don't be cheated by such new things from this life, thinking these new clothes will give you pleasure, or being in your palaces will give you pleasure, or dancing and playing with beautiful girls and women will give you pleasure. No! Fear from Allah Almighty, that in an unexpected moment the tap will close and you are going to be like a dry spring! Instead of reaching pleasure, fear that you are going to be thrown from this life, not finding pleasure but only miseries! You may fall, even if you are living in palaces with beautiful ladies. You may be with them, but you are going to be thrown down in a world of darkness!"

Is it not true, Salafi `ulamas? Why you are not saying by which means Mankind may reach pleasure? Why you are not saying? Why you are not saying, "Don't be cheated, that so many beautiful suits are giving you pleasure." That one's understanding is less than the understanding of an ant. It is your daily mission, O Salafi `ulamas, because the Holy Command of Allah Almighty says, (Mawlana Shaykh stands)

••••••••• ••••••• •••••••••• ••••••• •••••••••••••

fa-dhakkir, fa inna 'dh-dhikra tanfa`u 'l-mu'mineen, So remind! For reminders benefit the believers. (51:55)

Why are you not keeping that order? That order is daily, monthly, or only for some occasions? No. Always you are fa-dhakkir. (Mawlana Shaykh sits) Fa-dhakkir. Allahu Akbar!

O Salafi `ulamas! And you have a heavy responsibility, because you are not teaching people how they can

reach pleasure here and Hereafter. That is your mission, not to say, "We are Salafi `ulamas," or, "We are doctors of Shari`ah." If you are doctors of Shari`ah, why are you not saying to people which things will keep them in pleasure? Say! You only know how to say, "We are Azhari `ulamas, we are doctors, we are VIPs." It is not enough. You will be punished, today in dunya, tomorrow in uqbah. Life is ending and we don't know when. Don't be cheated by Shaytan, his teachings and his mentalities. Don't be cheated by that. Look at what the Lord of Heavens sent through His most beloved one for his nation, to make his nation be in pleasure here and Hereafter. What are the aspects that keep us in pleasure? Do you know? If you do not know, then common people will never know! Therefore, we are not happy to be at the donkey's pleasure level. Leave a donkey's pleasure level and come to the pleasure level of Mankind: where they are trying to reach Real Pleasure, here and Hereafter. Why are you not saying? Shaykh Hisham Effendi? (Mawlana Shaykh Hisham replies, "They are afraid, Sayyidi.") Very important!

Therefore, people are fighting with each other. They are killing, making troubles, miseries, and battles. They are destroying and burning. For what? Because they are asking for pleasure! When they feel that they can't reach that pleasure, they become majnoon, mad. Then they are asking to kill, asking to burn, asking to destroy. That is not the level of Mankind! O People, through east and west! You must know it! Because all the prophets (a) were coming from Heavens to give you pleasure here and Hereafter! Sayyidina Abraham (a) never came to give to you pleasure for this life, but he was asking you to reach an endless pleasure through this life. And his sulaala, whole generation, hundreds and thousands prophets, all of them came to take you to the pleasure area, to keep you from falling into misery oceans, so that you do not to fall in a black hole. All prophets (a) surrounding their nations, wanted to stop them falling into black holes. But instead people are asking to run and to fall in black holes because their teacher, Shaytan, is making them! He says to them, "O people, that is a black hole. If you get in, you can find endless pleasures and endless enjoyment!" That is the biggest lie, and Shaytan is the biggest liar. But people are following him, and not following prophets!! What is that mentality?

And everybody is leaving human nature! Look at what you are doing! Is it good or bad? You are not using a scale. Allah Almighty is saying, (Mawlana Shaykh stands),

•••••••• ••••••••••••

Wa wad`a al-meezaan. He Placed the Scales. (Surah Ar-Rahman 55:7)

(Mawlana Shaykh sits). Wa wad`a al-meezaan, the Lord of Heavens has placed a scale to know what is good and what is bad, what is pleasure and what is misery. Why are you not using it? There is coming to you now antadhir. Antaadhiroo inna min al-muntaadhireen, a heavenly threat is coming to you now.

O People! Be a little bit patient about reaching the worst positions in your life! Wait, because you are not using a heavenly scale! Why are you not mentioning a heavenly scale to make people happy? For what did the Lord of Heavens put a scale? To make His servants be happy, yes or no? Why are you not speaking about the meezaan, of which the Lord of Heavens is saying:

•••••• ••••••••• ••• •••••••••••

allaa tatghaw fi 'l-meezaan. You shall not exceed (cheat) the measure. (Surah ar-Rahman, 55:8)

Keep mezaan; keep the scale true! Don't cheat on the scale, because you will end up with cursing coming on you. That is an important point.

O People! The Lord of Heavens is asking His servants to do their best, and He is granting enjoyment to His servants. Allah Almighty never likes His servants to be harmed or to be unhappy, to be in misery or to see them suffering. But when they are not hearing and listening to heavenly commands, they are throwing themselves in an endless black hole. A`oodhu billahi min ash-Shaytani 'r-rajeem. Now we are running to Allah Almighty to save ourselves. Christians are calling Jesus Christ their "savior." Why isn't the Christian world using Sayyidina `Isa, Christ, as a scale, based on what was he saying, "I am a savior." Saving people from what? From falling into a black hole. "I came to save you. Don’t have any discussions about my creation, it is not for you. My Lord is Creator, and Creation comes into existence as He likes. It is not your responsibility to occupy yourselves with how I was created. ‘Who am I? For what I am coming?’ This you must ask, but not to make a field of questioning. I am a savior. I came to save you, here and Hereafter. Look at what I am advising for you. That is important! It is not important to research my creation; that is not for you, nor to run after a cross. Accept that what happened, happened. But you must follow the way on which I am calling you, to make you happy here and Hereafter. Why are you occupying yourselves with, maa laa ya`neehi, none of your concern? It is not for you to discuss or to fight to each other about my creation. Look at my mission, to save my followers from Shaytan and shaytanic ways."

Our scale belongs to Heavens, Shaytan’s scale belongs to this world and you should be punished daily, for

years, for centuries, for discussing whether he was on the cross or not. "They made this cross for him and he was in miseries for this." It is not for you! What was his mission; that is important! His mission is to take his nation to the Divine Presence, pure, clean and honored.

May Allah forgive us. We must turn back from the wrong way. If not, Shaytan is going to carry people to black holes, which is fire. They will not be able to save themselves from the flames of that fire. Come and listen to this heavenly statement for all nations! Ameen yaa Rabb! Keep us on Your right way, not to be cheated by Shaytan. Khazahullah! May Allah make Shaytan disturbed, punished and thrown away!

O People! Be enemies of Shaytan. Try to be friends of prophets, friends of good ones, then you should be happy here and Hereafter. Correct your steps, O Mankind of the 21st Century! If not, you are authorizing your punishment! May Allah forgive us. Bi-jaahih yaa Rabbee man anzaltah `alayhi Surat al-Fatihah, "By the honor of the one to whom You Revealed al-Fatihah." Ameen.

May Allah forgive us and send us a savior. And all prophets are saviors, but particularly Jesus Christ, peace be upon him, is the also one of the main saviors. He will come. We hope he is on his way to Earth, to make everything clear about himself and for the Seal of Prophets (s) and for their Lord Almighty. (Mawlana Shaykh stands) Allahu Akbaru 'l-Akbar! Laa ilaaha illa Anta Subhaanak, Laa ilaaha illa Anta Subhaanak, Laa ilaaha illa Anta Subhaanak! "There is no God but You, Glory be to You!" Subhaanak! Subhaanak! O our Lord, forgive us! (Mawlana Shaykh sits).

Fatihah.

## Send your S.O.S. to Allah!

Allah Allah, Allah Allah, Allah Allah, Karim Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah,
Sultan Sensin! O our Lord, You are Sultan, everything (is) for You! We are Your creatures. By the Name of Allah Almighty All-Merciful, most Beneficent and most Magnificent. Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la hala wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim. Ya ‘Aliyu, ya ‘Adhim, adrikna, ya Allah, bi inayatika uzma!

Forgive us and bless our souls to be always through Your divinely Presence! Not to be on earth, to be in Heavens! We are forcing our souls to be on earth and our souls (are) asking to be up, through Heavens. That is our fighting! Fighting through ourselves.

Everyone- Destur, ya Sayyidi- (is) fighting through themselves. And (there is) fighting through our people, but really everyone (is) fighting in himself, in herself. If your spirituality (is) going to be victorious, peace (is) coming to ourselves. If not, it is impossible to reach peace through yourself, and if people they are not getting in peace through themselves, never (are they) going to be in peace among other people.

Heavens (are) asking our spirituality to reach to their heavenly Stations, but our material being (is) asking to carry ourselves to be on this world, on (the) material world. Therefore (there is) no peace. No peace, as long as you are making that fighting and our egos (are) running to be happy on earth. If they are running (after) this material aspects, it is impossible to reach to heavenly Stations. Heavenly Stations (are) asking from you to reach your private station. As everyone living on this planet, they are beginning their days as workers, then, when sunset (is) coming, everyone (is) asking to reach
to their homes, because Dunya (is) making them to be tired; (they are) tiring and asking a rest. And our real being also (is) getting to be tired (from the) attacks of our egos. Our egos (are) attacking, attacking on ourselves and making ourselves to be tired.

And Allah Almighty He is teaching His Prophets and Prophets (are) teaching common people, how they should be happy and restful. That is just received through heavenly Messages, through Prophets. If you are not following Prophets or not following the directions of Heavens that (are) correcting your life-style, you (are) never going to be rest. Yes, Allah Almighty created man and (He is) sending (man) on this planet and He put a program for our life-style. We have a program.

“Eh, Sheikh”, I am asking, “what are you doing?” Mr.Firdaus (is) saying:
“I am programmer.” “What program?” “Programmer.” “For what program?” “To go (to) Jakarta and to come to Malaysia, and to go to Burma, then to go
Singapora, then to go to China...” (where) that happened... Programming for people. That is nothing! That is such a program, it is not a heavenly Program! But... everyone (is) just granted a program for their lives, but people (are) throwing that programs and Shaitan (is) saying: “Come to me! Leave that, it is not (a) program. Your life program, it is with me, follow me! Follow me, I shall take you to an area that you should find your best program of your life, best life-style you should find there! You should be happy there, you should be very very very happy and full with pleasure! Come and follow me!”

What do you think now (of) people? Whole, 99 % and more, they are following the program

of Shaitan! “How are you Sir? Are you happy?” I am asking. “O Sheikh, where is that happiness!” “I think that you are billionaire!” “Yes Sir, I know it, but my billions (are) never giving to me a rest and peace and happiness and pleasure through myself...”

If all of you (are) going to be billionaires- do you think that you are going to be happy? People they are happy now? I am asking to East and West! I am (a) weakest servant, I am zero, nothing, but I am asking to whole nations, to all people: “Do you reach what promised to you Shaitan? A perfect life, full with pleasure? Do you think that people living through (the) 21st century, they reached that pleasure and high style life? I am asking! Say! Don’t be liar!” .. No...

Therefore time by time also coming heavenly Warning, as earthquake- Allahumma akhfadhna! Earthquake, or... what is this turning?... Cyclone... another name... hurricane...tornado... as a whip, to make people to wake up. Wake up, o people! Who (is) living on that planet, wake up and look and try to see reality! They are saying, now I am hearing that people (are) saying: “Oh, nature (is) getting to be no balance, o Sheikh!” “What happened?” “You are not hearing what happened in Burma or in China or in Turkey or in....” Turkey means that flying hen... big hen... you know it? Eating... that always thinking... not speaking, very silent... They are saying “Nature just lost its balance, therefore happening such a things and mankind can’t be able to save themselves from that attacks!”

Yet they are not coming to say: “The Lord of Heavens, your Creator, our Creator, (is) warning ourselves and (He is) saying: ‘O My servants, wake up, wake up! You are on wrong way, wake up and come to Me! Follow me, don’t follow Shaitan!” They are saying: “Eh, nature lost its balance...” Whole nations (are) not yet to come and to say: “O our Lord, our Creator, give Your Forgiveness and send us Your blessings!” They are not saying, they are so proud people. So proud people! Never asking to say:“We are created. The Lord of Heavens and earth, the Lord of Creation, He is doing everything!” Not yet coming to declare that declaration, nations and governments, and they are running from this side and another side and they are going to be people of mental-house... a little bit more cursing coming on earth, people (are) going to be crazy ones- they should loose their mind, they should loose everything of their feelings!

O people, o mankind, whom living through East and West, come and say: “O our Lord, You created us, give Your Mercy and save ourselves, save our spirits, souls!” Eh, people time by time, if something (is) happening, they are sending “SOS, SOS...” You know SOS? What does it mean? Save our soul. Yes, they know it. They are not calling to Allah! Sending that through East and West, saying “SOS”, and people saying: “Where are you?” “Just we are through the huge waves of oceans, save our souls, save ourselves!” Not saying: “O our Lord, save ourselves”, not sending to Allah, sending to people: “Send us some plane, some helicopter, some submarine, send us some huge ships to save ourselves, because our souls (are) going to finish, we are going to loose ourselves!” Why you are not asking to save your soul (Him), who created you and your soul? But people, they are drunk! May Allah forgive us! It is enough... May Allah send us some special servants, whom they can be able to carry people after themselves, whom they may do people to follow them with their high spirituality. O people, ask such a people to save yourself, your souls and your physical being.

For the honour of the Seal of Prophets S.Muhammad sws... Zidhu, ya Rabbi, izzan wa sharafa wa nuran wa surura wa ridwanan wa sultana, bi hurmati-l Fatiha...

I was so tired, on zero point, but orders from our Masters ordering (me) to address to you, what they are asking to say, to inform people. To make them to be awakened, we are speaking. I am not a lecturer, no, it is something that is coming through heavenly Masters through our heart, to speak on it. And we are speaking on the lowest level; our program (is) always on (the) lowest level to understand everyone something, because if we are going up a little bit, no one can understand... May Allah forgive us! For the honour of the most honoured one, most glorified one in His divinely Presence S.Muhammad sws, Fatiha.

# SENSE AND SENSIBILITY cannot CONFIRM CHRISTANITY

(CHRISTIANS KISS THE CROSS THAT KILLED CHRIST)

Audhu bi-llahi mina shaitani rajim, Audhu bi-llahi mina shaitani rajim, Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir-Rahim, Bismillahir Rahmanir-Rahim, Bismillahir Rahmanir-Rahim

Assalamu alaikum, servants of the Lord of Heavens. I am welcoming you for a new understanding about Islam. Islam is new. It is never going to be something that is old. It is always new. Madad ya Sultan ul Awliya. It is our understanding that is to blame because we are not trying to bring about a new understanding. Instead we are still trying to use the understanding of the people who have now passed away and who belong to the past times.

The Holy Quran too is always new. This is because it has to bring benefit to mankind. But people however do not understand this nor do they try to renew their understanding, which is still of the past. People think that the Holy Quran is an old book. Some people from mankind understand things upside down. These people have got their minds

blocked and their minds are not conducive to thinking and their heads are like rocks and getting even harder than rocks and they are not trying to make their understanding progress even if it be a little.

I hear that the Chief of the Western Church (the Pope) is so keen to dress Islam with a new dressing (Pope Benedict 16th's Regensburg Speech Sept, 12th 2006).
Their heads are like rocks. They think that with their dresses they are changing. If they are wearing something on their heads or on their shoulders they think that they are trying to become someone else. They are thinking that titles are giving them something and these titles have been invented by them. They think that the titles that they use like Catholics or Orthodox or Christian World are going to give them something from people. Recently the Chief of the Catholic Church was speaking something which was beyond our mentality and beyond our mind. What I mean is that our mentalities can never accept what they are saying. Still they claim that their ways are the most suitable for the minds and the understanding of people. This is hundred percent (100%) wrong.

How can they say these things and what is the principal behind it? I hear that the Pope has been saying that Islamic principals have been forced on the minds of people. That Islamic principals are making the minds of people to be hard and different. What he is meaning to say is that Islam is not suitable for the minds of people but that Christianity is more in keeping with the minds and mentality of the people. How can he say this? Which principal of Christianity is the mind or mentality of people accepting? For example whose mind or mentality will accept their claim that the Lord of Heavens was killed on a cross. How can a mind accept this? How can the people of the 21st century accept that God can be crucified? What stupidity is this? Still the Pope says that Christianity is closer to the understanding of the people than Islam is.

Who is giving the Pope this authority with which he speaks? Maybe someone will say that he is a crazy one or that he is so very old and therefore he is demented for saying such a wrong thing, for seeing wrong as right and right as wrong. He must be a crazy person. Some people are seeing red and some even look green because of what they say. How

can the Lord of Heavens be crucified by his creatures. What type of mentality will accept this? But still the Pope is finding a way to talk about this. Because of this understanding the Christians are making the cross everywhere and also making the cross to be sacred.

The axe is cutting a person's head and then the people take the axe and kiss it saying, "Oh axe you cut our Lord's head." Yes, they kiss the cross that killed Christ. This is their mentality. How can sane people accept this mentality? The only conclusion that people can have of the one who is having such a mentality is that he should be taken away. Yes the Pope should be taken away because it appears that he has lost his mind and mentality and people who have a sound mind or mentality cannot ever accept his words.

They also say that "Jesus is Lord", "Lord of creation". Was Jesus not carried in the womb of Mary? He was inside her womb with so many things, which are like sewage channels inside the womb. If you cut open the womb you will find that there are so many things inside the womb that makes it look like a sewage channel. Therefore their mentality is to say that the Lord of Heavens was for a period of nine months inside this sewage channel. This is what the Christians are claiming about the Lord of Heavens. This is their mentality and the Christians are claiming that their mentality is the most suitable for the human race.

Talking of what is suitable for the human mentality, there is still another point in the Christian principles which I would like to point out. From where does a child arrive into this world? Is it from the front side or the backside of the person giving birth. If one is to say it is from the backside this would be worse than if it is from the front side. Or is the child coming out of the mother's mouth. Jesus was born of Mary like other children were born.

Yet they say in this manner did the Lord of Heavens come to the Earth. This is the mentality that Christians claim is suitable to the human mind. Was Jesus a perfect man when he was born or was he a child? Virgin Mary was carrying him and showing him to people so it means that he was born a child. Funny it is, to say that the Lord of Heavens was a little baby like other children. Or are they now trying to say that he came out of his mother with a beard and say to her "Mary, I am your Lord so do Sajda and prostrate to

me”. Is this the mentality that Christianity claims is more suitable to the human mind than Islam is.

Then we come into yet another point. We know that mother Mary breast fed the child Jesus. This is their mentality that the Lord of Heavens has to be breast-fed. Very good. This is what the Pope means by Christianity being closer to the understanding of man. Yet again I would like to ask was the baby cleaned by the mother both in front and from behind (cleaning urine and faeces). If it is so as they claim then this child who is the Lord of Heavens was cleaned by his mother in this manner. Is this acceptable of the Lord of Heavens. Such is the mentality of Christianity and the Pope that they claim that the Lord of Heavens was born off a woman, born of Mariam. What is this nonsense? The most important characteristic of the Lord of Heavens is to be Powerful and not to be weak. It is impossible for God to be weak in front of His creatures. Is this true or is this false.

Why was Jesus running away from his persecutors if he was the Lord and had the Power of the Lord? Why was he trying to run away from his creatures? Lord means that He is the Creator. This means that he feared that his enemies would harm him. This is certainly not becoming of the Lord of Heavens. The Creator trying to escape from His creation is to say the least not of sound reasoning and still the Pope is claiming that Christianity is more in conformity with sense and sensibility. The Pope must be getting old and deteriorating in his mental health and therefore making everything upside down.

Then again there is still another point about Christianity that does not seen to be sensible to a person with a good mentality and mind. How can the Lord of Heavens be eating and drinking like others do. Even the angels are privileged enough not to eat and drink and still the Christians claim that the Lord of Heavens needed to eat and drink because Jesus ate and drank during his lifetime in this world. This is what Christianity teaches and it is shameful to teach such teachings. Yes, according to them the Lord of Heavens is even weaker than the angels and so needs to eat and drink. The Pope should be ashamed to state that Christianity is more in tune with the human mind and mentality than Islam.

I am also asking the Pope why is it that the Lord of Heavens that you believe in needs to go to the toilet. This cannot be if he is the Lord of Heavens. The Germans are also no mind people because they are taking the Pope to be for the German people and the Italians are also very sad with the new Pope because they want the Pope to be Italian after the Polish Pope. Who are the people who appoint the Pope? Is the Pope appointed by the Heavens or by the Cardinals? Was this title of Pope granted by the Heavens or was it given by the cardinals? This highest rank is granted by the Cardinals and not by the Heavens. Even so some of the Cardinals are against the appointment of this particular Pope. Some Cardinals say that he is good and some other Cardinals believe that he is not good. I am asking these Cardinals, “was your Lord eating and drinking?” and they answer, “yes, he was not an angel therefore he was eating and drinking.” Then I ask them, “does he need to go to the toilet because when someone eats and drinks something must also come out.” To this question they cannot answer, “no.” Yes it is blame on them for making the Lord of Heavens to enter the toilet. This then is their mentality and this too in this 21st century and still the Pope says that Christianity is more in keeping with sound mentality and mind than Islam. What can we say. Yes, what can we say. This means that they have lost their understanding and they have lost their mentality. Yes, they have lost their minds. They have also lost their knowledge. I do not know how else to describe them.

They are however saying so many things against the Seal of Prophets and still the Seal of Prophets never said “I am your Lord.” He was instead saying, “I am the servant of my Lord.” Christianity says that Jesus is the Lord of Heavens and Islam says that Muhammad is the servant of the Lord of Heavens, now which of these two statements seem like being more closer to the truth and understanding of the mind and mentality of mankind. But the Christains are not ashamed of saying such things and this is why the Islamic world is getting up and attacking them. Why is this? This is because Islam is the right way. They say that Islam was using the sword. Yes, we were ordered to use the sword against Shaitan and the Shaitanic groups who were against the truth. The followers of Shaitan have their ways and these ways are like the ways of dragons. We use the sword against

dragons and not against everyone. No. They are blaming us that we used the sword and say that Islam was spread by the sword.

Did Jesus Christ use a knife or a sword? It is forbidden in Christianity to use the sword, but then how are the Christians of today using the sword and have been using the sword for the past 2000 years. In Islam it is not forbidden to use the sword and therefore even if I were to carry a knife or use the sword it is allowed. But how can Christians use this when they have been forbidden to do so. They are killing each other today and have been doing so for the past 2000 years and yet it is forbidden for them to use the sword as Jesus never advocated the use of the sword. If they are real followers of Jesus Christ it is not possible for them to even carry a knife. But they are making all kinds of weapons that is used to kill people and to destroy humanity on earth. Yes, you can witness this now.

Why is the Pope not blaming all these Christian nations and instead blaming Islam? These nations are today killing and burning and destroying everything, but still the Pope is silent about these things and is blaming Islam saying that it was spread by the sword. The Pope is simply not speaking the truth. Islam did use the sword to take away tyrants and shaitanic groups in order to prevent these groups from harming people. We used it for this purpose. Why are they not blaming Moses, as he was using the sword. Why do they not blame David who was both a king and a Prophet. Did he not use the sword? But they attack Islam. Islam is perfect. In spite of these people attacking Islam, Islam remains as the perfect religion. These people are born to refuse Islam and to be enemies of Islam.

Allah Almighty gave power to the Seal of Prophet. Before he was born his father passed away and this was while he was still in the womb of his mother. His mother passed away when he was only four years old. He was an orphan and he had no armies, no power, no money, no treasures and everyone was attacking him when he began to preach Islam. They were asking to harm him and to defeat him. They were asking that he be killed. The Lord of Heavens told him, “Oh my most beloved one in my Divine Presence, don’t worry and don’t fear because I am with you and your religion shall cover the whole world. Even if it be for just one day I shall make the whole world accept Islam and to surrender to Me

and to declare your prophecy”.

I am however sorry to say that today the Muslims have been cheated by the Christians and they are now following the Christian world. They are now not using Islamic principles and are instead hurrying to become westernized Muslims. There cannot be westernized Muslims. Muslims are purely Muslims and they have principles, and these are the principles of Islam. Those who use these principles have been granted honour through this life and through their physical beings. They have also being granted spiritual powers. Yes, we also have spiritual power and when Jesus returns he is going to declare this power and to blame the Christians. May Allah forgive us and bless you for the honour of the most honoured one in His Divine Presence. Oh Allah, You know. Fathiha.

## How to Slay the Serpent of Desire

(Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah, Sayyidina wa Nabiyyuna Muhammadun Rasoolullah. Allahuma thabitna `ala Haqq. O our Lord! as-salaat wa 's-salaam `alaa Sayyid al-awaleen wa'l-akhireen Sayyidina Muhammad thumma as-salaat wa 's-salaam `alaa jamee`i al-anbiyaa wa 'l-awliyaa wa rijaalAllah wa man tabi`ahum bi ihsaan ila yawm ad-deen. Allah Allah, Allah Allah, Allah Allah, Allah Allah. As-salaamu `alaykum yaa `ibaadAllah! (Mawlana Shaykh sits) A`oodhu billahi min ash-Shaytani 'r-rajeem.

O our Attenders! As-salaamu `alaykum to our very busy attenders who are busy with dunya, for collecting from nonsense things to make cases of treasures. That is common peoples' importance; their interests are only in dunya. Dunya is just like a very huge serpent. We are feeding it, taking so much care of it, and it was a small, a mini serpent, like a mini car. And you are taking so much care for a small one and its eating, drinking, and looking after it until you have no other concern, only about that serpent. It is a serpent and you are a servant! That is the final life's program for Mankind. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. O our Lord! Protect us from that serpent. Finally, we are reaching that point. A`oodhu billahi min ash-Shaytani 'r-rajeem. And who knows about that serpent is running away from it, but those who do not know the real being of that serpent are coming and feeding it.

(Mawlana Shaykh stands) Say, Bismillahi 'r-Rahmani 'r-Raheem! That is a heavenly sword to kill that serpent. (Mawlana Shaykh sits) Bismillahi 'r-Rahmani 'r-Raheem!

All prophets with heavenly messages were worried, and they warned, "O People! Now it is small and you do not know what is that serpent's real being, and you are trying to feed it to make it a big one, but you can't find an end for its becoming bigger, bigger, bigger and reaching a limit, when you will say, 'We must stop feeding this!' Every time you feed it you become more astonished, saying, 'I am feeding this one but it is growing so slowly. Therefore, I must try to feed this one much more carefully.' And then you run to feed that small serpent." And Allah (swt) sent this to many prophets, who saw servants are occupying themselves for feeding that small serpent.

Allah Almighty is saying, "O People! Don't be servants of that serpent, but leave its servanthood and come to the oath that you made with your Lord, the Creator, and give your service to your Creator! Don't give your servanthood for that serpent. O People! You were never created to be servants of serpents, but you have been created and gave your oath that, 'O our Lord! We are Your servants and we are giving our oath that everything in this life we are running to fulfill our servanthood in front of the Divinely Presence.'"

But, Shaytan is saying, "O People! You must take care of that small serpent until it becomes a big serpent, and big serpents know the treasures under Earth. When it is growing, growing, growing, it will take you to treasures of this world. Therefore, take care for it and give your whole effort. Don't do anything except to make that serpent grow, so that when it reaches the last point of its bigness, it will take you on its back and dig in the Earth and bringing you to countless treasures that it was guarding." Shaytan's slogan for Mankind is, "O Mankind! Be servants for serpents and you will reach your treasure through that serpent!" That is a shaytanic slogan for all of Mankind.

So prophets warned, "O People! You are on the wrong way! It is not your real mission on Earth to be servants of serpents. That is baatil, false. This is taking you to hells, here and Hereafter, and your life on this planet is going to be poisoned. You are not finding free time or a free life for yourself, but you are going to be donkeys for serpents, looking after its pleasure and what it is asking from you, that you must be its permanent servants, because finally it is taking you to its treasures."

That is the slogan of 21st century people, "Don't be servants for the Lord of Heavens, but try to be servants for

serpents." Shaytan is blowing into peoples' minds and occupying their hearts with such foolish ideas and slogans, and people think it is true.
And Allah Almighty is saying, "O People! What are you doing?"
People are saying, "We are trying to be servants for our serpents because finally it is taking us to our hidden treasures."
And prophets said "O People! It is not your real position to be that small serpent's servant, no! We came to teach you and warn you, and remind you about your real mission! O People! We are calling you to be servants of your Lord, Allah Almighty."

All prophets came and spoke on behalf of the Lord of Heavens, the Creator, saying, "O People! What Shaytan is calling you to is dangerous, because when it is going to be bigger, it will swallow you! But Shaytan is making you to be servants for your serpents, your nafs." The serpent is our nafs, our egos. Prophets said, "O People! Don't believe in it; it is a small serpent and what you are serving it is going to be against you, until finally that small one is going to be a big serpent and swallow you. O People! Beware of Shaytan and your ego! Do not be servants of your serpents, your ego; that is not your true position from Heavens!"

All 124,000 prophets of Allah Almighty warned, "O People! Beware of serpents. Leave your serpent and try to be servants to The One Who created you and sent you here, Who fed and granted you everything, Who promised that if you are going to be real servants for your Lord, after death He will take you to Paradise, which is up to Eternity, never-ending!"

O Salafi `ulamas! What is your thinking on it, what has now been said for me to declare to people? Is anything wrong with it? Say! The Lord of Heavens is ordering, wa dhakkir, "Remind them!" Why are you not making it clear to people about their serpents? Why are you not warning sultans, umarra, mashayikh and rich ones, that they are very careful to feed their serpents? They are not sitting on a table, and asking from every kind of heavenly grant growing on this planet, but they are asking everything to make their serpents in pleasure. Everyone's mission is to look to what is best for feeding their serpent. Say! You are Salafi `ulamas, why are you not warning people about their serpents or are you not accepting that you have a serpent? You will be ignorant ones at that time! You are saying, "What we are asking in this life for ourselves is shahwat al-halaal. We are taking ourselves away from shahwat al-haraam but we are running to shahwat al-halaal, permitted desires, saying, 'We must eat from everything and take much more care for ourselves to be in

pleasure in this life!'"

O Salafi `ulamas! Why are you not warning your mulook, kings, sultans, shaykhs, and umaraa, saying, "O People! You think you are something else from common people." Yes, we may say you are like the cream on milk, thinking, "We are the highest cream, above others who are under the cream. We must eat delicious cream, and that liquid with nothing in it is for them to drink!" Why are you not reminding them? Allah will ask you, O those who claim to be Salafi `ulamas, "Why were you not warning people not to be servants of their serpents? Why were you not calling people to be servants of their Creator, the Lord of Heavens, Allah (swt)?"

(Mawlana Shaykh stands) O Salafi `ulamas! Where are you? You disappeared? Wahhabi people are no-mind ones, so leave them. But you who claim you are "Salafi `ulamas", why are you not saying? (Mawlana Shaykh sits)

Why are Wahhabi people running from east to west, to America, saying, "We are coming to bring Islam from east to west." What are you doing? They say, "We are doing our best for people," and their interests are not for Islam but their only interest is to make their egos much more happy through the freedom of western countries, because there no one asks what you are doing, but in Islamic countries they can't do what they are doing in western countries! What were they doing two or three days before? Some years ago Wahhabi people were making some negative creatures to make something that is making Islam through their eyes in a very bad position, they were going and assaulting on two towers, what is that? Is it Islam's order? Why? Is who does this from Ahlu 'l-Sunnah wa 'l-Jama`ah or from jama`at Wahhaabiyeen? Shame on them, making people against Islam! And the whole dunya is thinking that Islam is such wildness! And Islam means, "aslim, taslam, salamaat." Who is Muslim will be in safety from every bad thing and they are doing man sunna sunnatun sayiaatin falahu wizruha wa wizru man `amala bihi. hadeeth nabawi shareef.

O Salafi `ulamas! Who is feeding them money to be Wahhabi people? There are thousands and thousands in America, Europe, and other Christian countries. Is it true? Say! (Mawlana Shaykh stands) Allah (swt) is giving His judgment for you who did that terror!!! (Mawlana shaykh sits) Wildness, wildness, yes! We are not happy, but people are getting angry, getting repelled from Islam, and punishment is coming on those people who are supporting with dollars, euros, or pounds. Allah Almighty will ask you, O Salafi `ulamas, and will ask

your mulook also, why you are supporting them with money, supporting corruption, fasaad, making people not run to Islam! Their highest priority is to attack someone who comes to Ka`aba Mu`adhamma, sits in a circle, and says, Laa ilaaha illa-Llah. Laa ilaaha illa-Llah! Then they are quickly proclaiming that is bida`!

O Salafi `ulamas! Are you Muslim or non-Muslims? How are you giving a fatwa that if someone is saying, "Laa ilaaha illa-Llah" it is bida`? We are saying, O our Lord! You know what they are doing, so give Your punishment as You like, O our Lord, and keep us from their bad actions! We are running away from them and we are running to real Islam, that is bringing mercy, respect, and every good things to people so they may come to Islam!

Therefore, I am attacking on Wahhabi and Salafi `ulamas! Say, "O People! You are feeding your serpents, come and accept real Islam." Allah's order is to find someone who is saadiq. (Mawlana Shaykh stands) Asta`eedhu billah.

••• ••••••• ••••••••• ••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuhal-ladheena aamanu ittaqullah wa koonu ma` as-saadiqeen. O you who believe! Fear Allah and be with those who are trustworthy (in word and deed). (9:119)

Where may we find that saadiq? Show us and we may go to that one! (Mawlana Shaykh sits) May Allah forgive us.

O People! We are sad that even Muslims are not understanding real Islam, and they are not following the real principles of Islam. May Allah forgive us, for the honor of the most honored one here and Hereafter, Sayyidina Muhammad (s)! (Mawlana Shaykh sits)

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

(44 minutes) (999 viewers) Mashaa-Allah today is `Eid. Send my salaams! Shukranlillah.

(Mawlana Shaykh prays two raka`at Salat ash-Shukr.)

Fatihah.

## Servanthood Is Achieved through Humility

(Dt.: ErinnertEuchDassIhrDienerSeid)

(Mawlana Shaykh stands.) La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Muhammadun Rasulullah `alayhi salaatullah. (Mawlana Shaykh sits.)

As-salaamu `alaykum, yaa `IbaadAllah, O our Lord's servants! It is honor for you to come and to attend Jumu`ah praying. Jumu`ah praying, subhaanAllahi 'l-Aliyyi 'l-`Azheem, continues around this world. Now we prayed here holy Friday's prayer and the Lord of Heavens giving honor. Through seven days, most honored day is Friday, Jumu`ah. We are thanking Allah Almighty that He granted us to be present for this most holy day of the week and we are trying to do as much as possible according to our capacities or abilities.

Shukrulillah, all praising and thanks and honors and glories on His most beloved and honored Representative. I am ashamed to say "servant" for the Seal of Prophets (s). (The title) "servant" is suitable for us, but the Seal of Prophets, Sayyidina Muhammad (s), (Mawlana Shaykh stands) is the representative of Allah Almighty from pre-Eternal up to Eternal, not only for this world or Creation, but for every creation that the Lord of Heavens created! Who is representing Him? Jesus Christ? Sayyidina Nuh? Sayyidina Adam? No, if Sayyidina Adam (a) was representative, he wasn't going, and if he is not representing, you must know who

is the real representative of the Lord of the Whole Creation!

And we are saying, A`oodhu billahi mina Shaytani ‘r-rajeem. Bismillahi ‘r-Rahmani ‘r-Raheem. You must say this, it is the sign of servanthood to say, a`oodhu billahi mina Shaytani ‘r-rajeem. Bismillahi ‘r-Rahmani ‘r-Raheem. O Master, Grandshaykh, the controller of this planet, madad.

O People! Don’t think that Allah Almighty created only one world. He is Allah and the creation is never stopping, continuing from pre-Eternal up to Eternal. (Mawlana Shaykh stands.) No one knows the real meaning of Azaliyyun, (pre-Eternal to Eternal), Abadiyyun, (existing to Eternity; everlasting) and Sarmadiyyun (ever-living; eternal). Allahu akbar, O our Lord!

As-salaamu `alaykum. You are here? So many khayaal, thinkings occupying ourselves, saying, “When is Shaykh finishing this endless history, and endless histories for him, but we are getting hungry. We don’t think we can find kebab, so the famous cook at Shaykh’s dergah is daily cooking soup, soup, soup, soup, soup!”

When finishing (this suhbah) today, quickly he may run to the kebab tikka house! My teeth finished; I have dentures and can’t eat. Therefore you understand, “Shaykh has no teeth and he likes to drink soup everyday, morning soup, lunch soup.”

There is a very antique person coming from the Black Sea and he is saying, “Today you must drink soup, but we are putting in it some beans also to be more. Everyday give us meat to make us happy.”
And people sitting, looking to me saying, “You are having lunch?”
“Yes, everyday soup, soup. We are not like you! We are 90 years old and we are not asking to eat kebab!”

They have so many things through their mind, to remember this and that, putting mindly productions through their remembrance.

O People! Try to be for Allah, jallah jalaallahu! O servants, try to remember that you are servants. We have been created for servanthood! We are not created for eating and drinking. No! But people are thinking they are just created to eat ladheedh, delicious food from morning up to evening. That is an attribute of the world of animals. When you are looking at animals in a meadow, never taking their heads up. You saw any cow

looking this way (upward)?

Now people are saying they reached the top of civilization. It is not a civilization if it is going to be like cows and bulls. Bulls and cows always looking after what they are eating. Now people always looking after delicious food and dressing in skins of fox, and they are happy. Some of them are saying they like to dress in bearskin, that it is better. Foolish people like much more to eat sheep coming from oven, and shaykh of Kurdish people sitting like this and bringing big tureen (soup bowl) and putting head side of shaykh and shaykh making hands like this, now it is the time for fighting with hunger. Don't be angry—be hungry, doesn't matter. Yes, sir. That is all our peoples' attribute now: what you are eating, what you are drinking, what you are dressing.

Now mystery person saying, "O my darling, we must change our car, for new styles coming."
And he is very angry, saying, "Ptuu (spit)! Don't be foolish, our car is still good."
"If you are not changing, I am locking door where you are sleeping and bringing small dirty boys, putting on you to wake up."

Don't occupy yourself with animals' world; they are occupying themselves only for eating and drinking. Alhamdulillah, they are not in need to dress as we are dressing, no. All people, they are servants of the Lord of Heavens, and we must use servants' dressings, servants' eating, servants' attributes. The Seal of Prophets, Sayyidina Muhammad (s), (Mawlana Shaykh stands.) was saying, "I am sitting as a servant sitting, and I am eating as a servant eating." No pride. Be humble, because servanthood without humbleness is never accepted. He is not a servant who is making himself a proud person.

Shaytan always bothering heedless generations that are living now, saying, "O Youngsters! You must as much as possible be proud ones. Don't be humble, be proud." Therefore, 21st century ones are always running to be proud ones and not to be a humble ones. Therefore, now in the world people are in a very difficult situation. What is the reason? Because everyone asking to be a proud person and no one accepting to be a humble person! Therefore, from east to west, even in this country, Cyprus, so many universities. For what? To make youngsters proud ones. When they are getting proud, they are not accepting, saying, "No, we can't accept any job, we have a PhD." We are living in Lefke, a small town. Fifty years ago people were living here and they were looking to what Allah Almighty granted to them.

Fatihah.

**Servanthood is not only for Ramadan!**

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah... As-salamu alaikum! Are you hungry?... Fasting?... Ma sha Allah! Ma sha Allah! Eh, Allah Kabul eylesin! Allah, Subhanahu wa ta'ala, accepting our humble servanthood... As-salamu alaikum! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim.

O people, 'Ad-dinu nasihat'; our religion or whole religions or Islam (the) meaning (of it is) to give advice. What is advice? To call people to goodness, to call people to (a) best life here and (a) blessed and eternal life in Paradise, eternally!

Therefore all Prophets (were) coming- Meded, ya Sultanu-l Awliya- and (were) advising people, calling people: "O people, come! Come to me and listen to me!" And they were special people or they are not on our level people. People, some of them (are) belonging to Heavens, some others, their interest (is) for earth,
for Dunya. Some people, their interest (is) Heavens. And Allah Almighty (was) just taking (the) oath from (the) whole (of) mankind; before their creating, before they were coming

through this life, Allah Almighty (was) taking His Oath from (the) whole (of) mankind and from their souls and (He was) saying to them: “O My servants! Just I created you and I am your Lord. Are you accepting Me that I created you as your Lord?” All of them (were) saying: “Yes, o our Lord! We (are) accepting You as our Creator and we are Your servants. You are only Lord and we are servants to You!” “All of you (are) witnessing (this), everyone to (the) second one?

In front of My divinely Presence, all of you (are) going to be witness to each other?” They were saying: “Yes, our Lord, You are our Creator! You are our Lord and we are Your servants!” Eh. Then, what happened? When we were coming here, we were coming through (the) wombs of our mums and (we are) growing up and when we are reaching maturity, beginning to say our egos-awakening, standing up and saying that: “I am not accepting anything! I am accepting only (that) I am here and (that) my parents (were) bringing me to this life and beyond that I am not accepting anything! I am not accepting unseen worlds or unseen ‘varlik’, existence. I am not accepting; only I am accepting, what I am seeing!” That is the beginning of to be (the) follower of Shaitan! That is Shaitan teaching to them (to say) that: “Don’t accept anything! Accept only yourself! You must live, as you like, you must be free! You must not be as a servant, no, you must be, each of you, you must be your (own) Lord! Your ego must be accepted and you must accept that your Lord (is) our ego! Beyond that don’t accept (anything); unseen things, don’t accept!”

Therefore Allah Almighty, from the time of Adam a.s., (was) beginning to send some special people, sending from His Side Messengers, to make people to wake up, (saying): “O people, wake up! Don’t say (: ‘No’), don’t deny (the) unseen worlds and don’t deny (the) Last Day and (the) Day of Judgment, that you should be responsible for everything you did here, through this life!” But they are saying: “No, we are not understanding (anything about a) Last Day or Judgment Day or Day of Resurrection! We are not accepting such a things and that is ‘asatir’, fairy-tales...!”

Now- the Seal of Prophets was coming and he is saying what is necessary for mankind, because his nation is (the) last (one) of (the) nations and his nation (is) going to reach (the) Last Day, Yaumu-l Qiyama, (the) Last Day. In his period (it is) going to happen and reaching whole world to its last day. Therefore religion means: Calling people and making them to remind (remember); at least to say: “I am not reminding (remembering), but I am accepting.”... Here there is a handful people; you are coming from East, from West, from North, from South, for the occasion (of) Eid-ul Fitr; for the holy month you are coming here. And today is (the) second day of Eid. For (the) holy month (of) Ramadan you are coming here and we are trying also to remind you- and myself also with you- that servanthood is not only for Ramadan! Our servanthood (is) from (the)beginning up to (the) end of our life; we have been offered to be servants, obedient servants, to our Creator, to our Lord Almighty Allah.

You are coming here and it is a good proof for everyone that there is something (that is) reaching from man to man; that is spiritual reaching, spiritual relation(ship). We are not seeing wires, reaching to your hearts, no, but something from heart to heart (is) running! And you are coming here for that purpose! And 21st century’s foolish philosophers and materialist and atheist profs and doctors and scientists, they are trying to deny (it), but (there is) no any proof for them. This is a clear proof that (there is) going to be (something reaching) from one to another: with which way (you are coming here)? Not I am calling you: “Come here, Dr.X., Dr.Y.”, no, but sometimes like lightening (it is coming) through... Therefore their denying is foolishness and ignorance for them! This is clear!

Do you think that I sent to you email or cmail or kmail or vmail or amail or gmail or xmail or wmail or... 28, 29 letters... I am sending to you? But you are coming! That is (a) so clear proof, but these people they are like (a) Shaitan! Shaitan (was) looking and seeing and denying and (he was) becoming (a) cursed one! Therefore now- whole scientists and learnt people, whom they are not going to be, what we are saying, to accept, they are going to be accused and they are

going to be cursed ones! And (the) beginning of their cursing... “Kulli shayin ‘indahu bi niqdar... For everything there is a scale, there is a limit.” When (you are) reaching that limit, you can’t step more (ahead), (that is) the last limit for you! Their last limit was (that) they were trying to do something against the Creator’s, the Lord of Heavens’ Order! They tried.

I was hearing so nearly; I am not hearing such a foolishness (before)- that those foolish scientists and doctors and learnt people (are) trying to do something that it is against the Lord’s Will! Just one month before I am hearing that they did... so many years they are digging under (the) Alp Mountains, to make something there, because they put a foolish idea or foolish theory, they are saying: “(The) beginning of this universe, (the) beginning of it, (is) from one atom and that (was)
exploding and then happened, just what happened...” Yes, (the) Big Bang!
That theory is foolish (already) and then, to try something, as they are imagining, asking to do something, to look what (is) happening and that is (exceeding limits,) to attempt (to reach) from servanthood to Lordship’s Authority!

That is (something) that even Firaun (was) not thinking on it, to do that! They are each one equal (to) 70 Pharaos! Pharaoh (was) never thinking that: “I can do such a thing”, Pharaoh (was) never saying that: “This world (is) coming from (a) Big Bang.” Even Nimrod (was) not saying (this), Nero (was) not saying (this)! Who is saying (this)? Only Shaitan (is) saying (this)! And our profs now, our scientist (are) saying: “This imagining (is) very suitable! That we must say to people!” For what they are trying? They are trying not to say people (that): “There is God!” They are trying to make people to say: “No God!” That is their final target, not anything (else)!

And then- how many years they are digging under Switzerland? A huge tunnel! You never heard? Look! Humaka, he is saying to me I never heard. Really? From where coming? One idiot from London! I am hearing- how he is professor, not hearing?... So many humaka... And (this is the) last chance that they have been given, because

they were reaching their final point of their authority that after that limit it belongs to the Lord only, (the) Creator, the Lord of Creation, (the) Creator!

And they tried to make something as a proof that everyone may see or may hear, to make people to say: “No God!” When they were touching this point- before one month perhaps I heard this, that they did it- (there was) coming to me an order to send one unseen servant... They were trying to make it Sunday. That night (there was) coming to me (an) order: “Send on them one Jinn, to make this...”

I was very angry! They were saying: “Tomorrow we (are) doing this, we are doing that...” Before (the) sun (was) shining, that (Jinn) was reaching and making (the switch to) one side (down)...like this... And (when) they were coming to make (the experiment, they couldn’t switch the electricity on)... “What happened?” (Phoning each other...) “Hallo! Look, what happened! Open this power station!” “Yes, Sir, we are ready, we opened (the) power station also, but (there is) no answer!” “Ha?... What we shall say to people? We did such a bid advertising on it: ‘Today we are trying our Big Bang foolish theory’? How we shall say to people?” “I don’t know...” “How! We are 356 people, every day we were, one of us, was responsible... we must collect them!” “Yes, just reached to everyone!”

And they were astonishing, saying: ‘(It) can’t be! What is there?’ And the last one there he is saying: “O our brothers! Just I looked, when I am pressing that button, I was looking a very strange and huge creature that no one can imagine its design and my hands (were) beginning to (tremble, shake), like a ship on (an) ocean (that) can’t stop itself... I am ... and never happened!” And they (were) saying: “What we shall say to people?” “(We can say that) only one button we lost it and we are looking, where it fell down in that huge tunnel.. we can’t find (it); when we find it blablabla...!”

That is (the) last point that now (it is) going to be taken from them every

power, every power and soonerly (there is) coming another order that the Sahibu Zaman Mehdi a.s. (is) calling: “Allahu akbar, Allahu akbar, Allahu akbar!”, taking that authority (from them and there is) no more electricity and its power! (It will be) taken up from people the authority to use it, finished! Now they should see! They should see! They reached (the) last point! Therefore the Lord of Heavens sent one Command to that Saint that (the) whole world (is) under his authority, saying: “Keep them away! Keep them away and that, what We granted to them from electricity power, just take it back and this ‘Schalter’ (switch), make it down!” Finished! After a while that he is saying: “Allahu abkar!” that is going to finish!

O people, we are not created for nothing and we are not created from nothing! The Lord of Heavens created us and (He is) asking us to understand and to give our most high respect to His servanthood; to be His servants, to keep His Rules as a humble servant, yes! And finally- we are doing something and our Muslims also now they are very ignorant ones; they are thinking that when they are praying a month, (the) holy month (of) Ramadan, 20 Rakaat every night and we are fasting half a day or less, (that) we did something!

Just coming to me to remind me and yourself also, that when Allah Almighty created Archangel Gibril a.s. and (he was) putting in front of him (the) mirror of divinely Power- (a) mirror, (that he) may look in it and he may see himself... (That) mirror (is) not like our mirrors... When he was looking and seeing his beauty that (he had been) granted from Allah Almighty- (there is) no any other Angel like Archangel Gibril, (he is) so beautiful!- he (was) standing up and (he was) praying 2 Rakaat. Each Rakaat he was standing (for) 20.000 years! And when he was giving Salam, he was so happy, (thinking) that he did something for his Lord as a thankful servant, (and there was) coming (an addressing to him): “O My Archangel Gibril! Not 20.000 years- (even) if you can do 20.000 billion years on each Rakaat, it is (still) going to be in front of My Greatness nothing!” And he (was) falling (in)to Sajdah, Archangel Gibril.

And then Allah Almighty (was) giving good tidings for His most Beloved, most honoured Prophet S.Muhammad sws, saying that: “O Archangel Gibril, you did these 2 Rakaat 40.000 years. Coming, when (the) last days are approaching, (in the) last period of the life on earth, I am sending My most Beloved servants nation, they are going to be pray 2 Rakaat so quickly so quickly and they are not collecting their hearts that they are in front of their Lord, always (they are) thinking about Dunya also, but their 2 Rakaat it is going to be more precious in My divinely Presence! For what? What is the reason?” Without asking Archangel Gabriel, Allah Almighty (was) saying: “Because, o my servant Archangel Gabriel, you prayed on behalf of you, but they are praying on behalf of My Orders!, to keep My Orders!”

(That is) so important! You must know (that), o mankind! Who (is) ordering to you to make Sajdah and to pray, who (is) ordering to you? You must know that! (Allah Almighty was) saying to Archangel Gabriel: “You did it on behalf of you that you are so happy to see your beauty and Nur, but these people, my most Beloved ones Ummah, they are praying that I ordered to them: “Pray!”

O people! Leave ignorance and accept reality, if you like to be happy here and after here! To reach eternity and eternal life, keep your Lords Orders up! Don’t say: “I am not free now for praying!” No! Leave it and pray! Astaidh bi-llah: Ya Ayyuhal ladhina amanu, idha nudia li salati mi yaumu-l Cumati, fasau ila dhikrikllahi...” O people, when you are hearing that (they are) calling you for praying, immediately leave your work and run for his Service, for his servanthood!

O people, if you like to live happily here and with honor and to be in Paradise forever through eternal life, eternity, keep His Orders! If not, are going to be, you are never going to have any value. Animals dirt... that people going less than dirty of animals.

May Allah forgive us! As-salamu alaikum! Fatiha... EID MUBARAK!
O our Lord, keep our feet on Haqq, fix them, not to fall down. First Allah Almightys servanthood! He (has) not created you to be servants of Dunya, He created you to be His servants, that is all. No any Pope can put an objection on it, no any Rabbi can put any objection on it, no any religious head, head of religion, may put an obection on that point! They must put their heads down! I am putting....Pray for me that I can do my Sajdah... I am not happy to sit on chair and to pray doing my head... l like to put my forehead on earth for my Lord- you ask that He can take this... Fatiha...

Donkey language also I am very expert...for animals language... yallah!

## SERVANTHOOD IS THE HIGHEST LEVEL

We are servants. We are trying to be good servants, because we are not. But we must be good servants. Every command from the Holy Quran given to us by the Holy Prophet, the Praised Servant, were only given to make good servants out of us. Bad servants must try to be good servants, and good servants must try to be best servants. Can anyone object on that point? No! If anyone does, it must be Satan or Pharao or Nimrud or Abu Jahil. Whether we are men or women, we are all servants. Everyone must look after themselves and must give their decision or judgement themselves. How do you judge yourself? Maybe you have to say infront of others that you are a good-one, but when you are alone by yourself, discuss with your ego, "Oh, my ego, tell me truly, are you a good servant?" Do you think in your conscience that you are a good-one? You do this and that against the Holy Commands. You always try to break up Heavenly Orders. Do you still think that you are a good servant?

Our Grandsheik Shah ul Naqshband said, " Our Tariqat is the way of perfection, the way of good servanthood, the way of best servanthood! Nothing else!" You cannot ask for anything else. You must only ask for good servanthood. What he also said, is that our way is through association. It teaches you how to be a good servant. It is so nice! The way of prophets and of holy-ones and of the praised servant Sayidina Muhammad, may peace be upon him. It is the way of Jesus Christ and the way of Moses, may peace be upon them. It is the

way of Abraham, may peace be upon him and the way of David and Solomon, may peace be upon them. It is the way of Noah and the way of Adam. From the beginning to the end there were 124 000 prophets and this was their way: the way of servanthood, the way of good servanthood, of best servanthood. All of them were teachers. It is the way of Naqshbandis. It is also the way of other tariqats and the way of wisdoms and of Heavens. Nothing can be above the level of servanthood, only His Divine Being and that is one. There is no second, only one Divinity from pre-eternity to eternity being worshipped and everyone is His Servant!

On the Night of Power when the Lord of Heavens shows His Divine Lights on earth, everything in existence falls into prostration infront of His Divine Presence. He is only one, the Lord of Heavens, the Lord of Universes and the Lord of pre-eternity to eternity. No-one can be Lord, only one. All the others are servants. Jesus Christ never said, " I am the Lord!" Whoever says that are liars. He never said it! It is the biggest lie of the Christians to say such a thing. He only said, "I am the Lord's servant!" But the ego of people and Satan always ask not to obey and always asks to be disobedient because the ego claims itself to be the lord. But it cannot be. We must learn servanthood. We must train our ego to be a servant! Because the ego is a bad servant. Satan is a servant, but the worst one. Don't be with worst servants, don't be with bad servants! It is your honour to be able to be with good servants! Try to be with the prophets and their disciples and followers and companions and holy-ones. Don't be with Satan and Nimrod and Pharao and the enemies of the holy-ones. Don't be with devils, because they are bad servants. Good servants have shining lights coming out of them. When you see bad servants you will understand. They are closed. Don't be with bad-ones! That is the worst luck in the here and in the here-after.

We are sitting here and trying to make as a first step for our proud egos to be humble. It is a bombarding on our egos. They are such proud-ones. But nevertheless they are servants, bad servants, refusing to be good. We want them to come down. Come and settle on your level, don't put yourself higher than you are. That is all. We do not come here to England and to London to make a show. There is no need for that. We come here under the command and advice of the Holy-Ones, from the Masters who have already put their egos under their feet. We are here for awhile. It is an opening, a Mercy from Heavens that they send one of their Servants to be your servant. If anyone accepts to step down from up there and to land in the land of humbleness, they will be happy and pleased. They will reach pleasures which will last forever. They will reach Oceans of Lights, endless Oceans of Wisdoms, endless Oceans of Love, endless Oceans of Mercy, endless Oceans of Power and

endless Oceans of Pleasures. They will reach endless oceans, everyone a different one than the other. That is the real life with the Lord of Heavens. Tuba! No-one can translate that word because it is the final point of happiness. You will happy with your Lord and He will be pleased with you. May Allah forgive us!

## Focus on Your Only Goal: Servanthood

(Mawlana Shaykh stands) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammadan Rasoolullah, `alayhi salaatullah, `alayhi salaamullah min al-azali ila 'l-abad. Zidhu yaa Rabb sharafan wa `izzan noorun wa salaamun, thumma s-salaatu wa 's-salaam, `ala jami`ee al-anbiya wa 'l-mursaleen, wa aali kullin ajma`een, a man tabi`ahum bi ihsaan ila yawmi 'd-deen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Madad yaa RijaalAllah, madad yaa RijaalAllah,madad, madad! (Mawlana Shaykh sits)

O our Attenders! As-salaamu `alaykum. Whoever is attending to understand something, it is an honor for them, for me, and for everyone. Yes, whoever is attending, honor is given to them. Whoever is asking for honor must attend such meetings which give them an understanding and honor. Honor is only granted to people according to their understanding level. Students in the first class may be granted some honor, but those in the second class have been granted more; in third, fourth, and fifth class, as much as you are getting up you get more honor. Whoever is moving from his level and asking more, he will be granted more honor.

O our Salafi `ulamas! What is Allah Almighty saying? You are claiming you understand from Holy Qur'an. Now we are speaking on what is coming from heavenly waridaat, inspirations. It is not something we are mutaa'alatun kutub, reading from books. Here we are not sitting and speaking to people about what we

learned by reading or studying. No, we are simple people, calling, "O simple people! Come and attend something new!" Always everything new is tasty. Kullu jadeedin ladheedhun, every new thing is delicious! Or we may say, yawmun jadeed rizqun jadeed, "New day, new provisions." Therefore, we are asking and they are sending new provisions. At the market, everyday they want new productions to present to customers, to attract them. If the products are from yesterday, customers are asking for new items. That is a specialty granted to Man, to like new things for enjoyment. Therefore, yaumun jadeed rizkun jadeed, "New day, new provisions," every day a new appearance is coming, so take from that.

Therefore, we are sitting here, taking whatever is coming, and asking from new provisions. New provisions are not from books, but from heavenly appearances that come daily. This machine (live camera connected to the Internet) is making all Mankind see, giving them new ones daily. How is it happening? Wa huwa `ala kulli shay'in qadeer, "He is able to do all things!" Daily may come new provisions, because Allah Almighty has makdara, capability, and may send new things daily! We are sitting here to ask for new provisions, because people like new things.

O Salafi `ulamas! You know how people are running after new fashions and about old fashions they say, "No, we like new fashion!" In such a way heavenly appearances come to people, but they are not opening for them that center to hear, to listen and understand, no. The understanding level of those who passed away was something else, and understanding of the new generation is very different, so they are asking for a new understanding. And because you are not able to give new things to people for their understanding and mentality, they are saying it is old. You are `ulamas; if you claim you are Salafi or "Khalafi," it doesn't matter. What matters is, are you bringing new things for people to be happy ? They should run after you, but instead they are saying, "I don't care about what has passed away, new things are not coming, everything is from past times." Why? If it is Islam, then give your attention to it! Islam addresses our mentalities. Young people say, "Our level of understanding is different. Our mentalities are not like the past. We are asking for something to us content. If Islam can bring us contentment, welcome! If not, then it is not welcome."

A scholar must be able to address new mentalities of Mankind now. Today's mentalities are different from yesterday's mentalities, just as tomorrow's mentality is going to be changed. Now everyone is asking for new heavenly waridaat, inspirations. If Islam can't give people what they are asking for, then it is never going to be the Last Message and Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) "Last" means

everything that has been brought, up to the end of this life, even if people's lives may continue up to Eternal. We are not in need of a renewal, no! Islam is enough even if this life continues up to Eternity! Islam is eternal, from pre-Eternal up to Eternal, giving eternity to all nations. If this Creation runs from pre-Eternal up to Eternal, Islam is enough to give contentment to all people! Daily Islam brings a new understanding. The mentality of people is on one level, but Islam covers their levels and understanding. Every time, Islam is giving Mankind something above their understanding. That is important!

O `ulamas! You must be able to give people what they are going to be happy with. You should be able to give them contentment every time, throughout Eternity: that is Islam! If you don't know, then don't speak, but ask someone who knows. Asta`eedhu billah. (Mawlana Shaykh stands)

••••••••••• ••••••••• ••••••• •••••••••

Wa la sawfa yu`teeka rabbuka fa-tardaa. And We will give to you (O Prophet) and you will be pleased. (93:5)

(Mawlana Shaykh sits). Our belief is that Rasoolullah (s) is alive, not a dead one. No, the Seal of Prophets (s) is alive! If he dies, Islam is also dies. As long as Islam is standing up, it means that it's prophet is living! Is'al tu`taa, "ask, you will be given!" SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Whatever you are going to ask, you will be given. People may ask everything because they like to know everything, but it is forbidden for people to ask something which is not for them. Don't ask something which is not for you.

••• •••••••• ••••••••• •••••••• ••• •••••••••••• •••• •••••••• ••• •••••• •••••• •••••••••••

laa tas'al `an ashyaain in tubda lakum tasoowakum. O ye who believe! Ask not questions about things which, if made plain to you, may cause you trouble. (5:101)

You can't ask everything. Allah Almighty is saying: (Mawlana Shaykh stands)

lAa tas'al `an ashyaain in tubda lakum tasoowakum. Don't ask after things that if revealed to you, it will harm you.

You can't ask ask everything; only what is necessary for you, you may ask. And what is necessary for us to ask, know and learn? Mankind may ask, learn, and know, but what is their goal behind their questioning? They can't ask everything, it is prohibited. If you are asking something about your goal, you can ask, but if it is not concerning your goal, it is prohibited to ask. la tasa'l `an ashyaain in tubda lakum tasoowakum, you must not

ask. Because something which is not for your goal may make you sad, hopeless, or angry, or unhappy. Don't ask, don't ask!

For example, they are saying they are `ulamas. Once Jesus Christ, peace be upon him, was traveling and one person became his travel companion. They were walking and finally reached a place where there was a heap of bones, and they wondered are they animal's bones. The person who was in company with Jesus Christ (a) said, "Yaa Roohullah, O Holy Spirit! I will be happy to see the animal whose bones these are!"
Jesus Christ said to him, "Don't ask!"
The man replied, "You can do this, O Jesus Christ, because the Holy Spirit is with you."
Again Jesus Christ said, "Don't ask," but the man insisted.
"I am asking you to show me what kind of creature it was!"
Finally Jesus Christ said, qum bi idhnillah, "Stand up by the permission of Allah, stand up by the Name of Lord of Heavens! O bones, stand up and show yourself."

And suddenly, those bones were standing and coming together, and a very fearful creature appeared, like a giant, rushing towards that person and finishing him! And Jesus Christ said, "You asked something which is not for you, now take what you deserve."

And so many people are asking about what is not their goals. Why? La tasa'loo `an ashyaa, "Don't ask about things that are not suitable to know." It may be it will end like that man, so don't ask. That means a person may ask about their goal. And what is our main goal? It is servanthood to our Lord! About servanthood you may ask everything, but beyond that may harm you. Now people are running beyond their goals, asking to learn so many things which are not for their servanthood. Therefore, you are looking and seeing Mankind falling in Trouble Oceans: they never know the cause, but they should not ask about so many things that are not their goal, as that is not from servanthood. Now people are are falling like that person who was insisting, and then finally that animal stood up and ate him! Twenty-first century people are always asking; everywhere there are inquiry centers looking into this and that! For what? Have you been ordered to look at everything? You have been ordered only to learn about your real goal, and that is servanthood. Beyond that, if you are asking you will fall in a bottomless ocean, unable to save yourself.

Now the whole world is falling in such a whirlpool or coming near a black hole, asking, "What is in it? We

must look," looking inside and it is taking them down and they are disappearing. Don't look except at your goal, and your goal is servanthood!

O Mankind! Don't ask too much! (...) That is why the nations that have passed were destroyed. That is the cause of Mankind's problems and troubles, and the destruction of their goals. People are running after points where they are being cursed. Anyone who is asking beyond their goals will be cursed!

O People! Come and listen, don't ask this and that, be straight ones. The Lord of Heavens says, "You are My servants," and we are accepting our servanthood to Him. You may ask about servanthood and you will be happy, here and Hereafter! If not, you will be taken away and heavy burdens will come on you, and this world is going to be destroyed through your shaytanic groups from east to west, from north to south!

May Allah forgive us, and send us something to make clear everything that Mankind must keep and act on, to be happy here and in the Hereafter. May Allah forgive us for the honor of this holy month.

Fatihah.

## The Servant Of The Sultan

As-Salamu Alaikum O servants of Allah. There are two kinds of people. Our way is the way of sohbat/association. We may say Bismillahi r-Rahmani r-Rahim. What an honour, what a great honour it is to remember the Holy Nameof Allah. What a great honour, there is no end to it. We may say Bismillahi r-Rahmani r-Rahim. Allah, our Allah, You created us O Lord. And He (swt) sent Prophets to train us.

A pine tree, or an eucalyptus tree, or a sycamore tree is only a log. But when it is sawn, it comes out as clean board, as clean lumber. Or else, even if it is a 100 years that tree remains as a tree. But once it goes through the saw, it comes out as clean lumber. And you can use it in any form you like. The people also- Allah Almighty created them, for example like the trees. We may use the example of the trees. If they are disciplined, if they accept to be sawn like the trees, they become of some use. What is our use, what is our mission? Our mission in this world is to be servants to Allah. Say, Bismillahi r-Rahmani r-Rahim. Remember the Name of Allah- the Holy Name of Allah Dhul Jalal & have no fear. We have reached today. What should we do? There are two kinds of service. O Lord, how beautiful are the Prophets that You sent us. How beautiful the Awliyas, Anbiyas You sent us, to teach us everything.

I will give a lesson now. Look for Who makes me say it, not who says it. There are two kinds of people. One of them, one kind is the animal of shaytan- works for shaytan; he is the animal of shaytan. One kind serves Ar-Rahman. He is honoured. His situation is good, has no complaint because he works for the Sultan. How else can a person's situation be if he works for the Sultan? The most decent one is the situation of those who are at the Sultan's door & work for Him,

masha Allah. It is all smooth & clean, they have no complaints about their lives. Everything for them is ready & in order.

A tree.. Subhan Allah, a tree grows in a land. Who makes it to grow there? It's Lord, Jalla wa 'Ala. Man can only plant a stick on a farm, can't do anything other than this. After this, Who is that One Who disciplines it, Who makes it to root, to have branches, to blossom, adorned with fruits, with all kinds of fruits? What man does is only a stick. What do you do for what is beyond it O mankind? O mankind, why do you not say? You only plant a stick, or throw a seed. Who makes that seed to open? Whatever seed it is, that seed disappears. A grain of wheat falls to the ground.

After a while it opens. It turns into grass, turns into a crop. A grain disappears, gives an ear- from one to ten, from one to a hundred. Allah Almighty multiplies that one grain in any amount He likes. Wheat or barley comes out in many multiples like this. Man plants one grain but Allah Almighty doesn't grant only one for this one grain. That one grain disappears & gives seven spikes with the power of Allah Almighty. And that vanished grain of wheat or barley appears in each spike as 10s or 100s of grains- as He (swt) likes. Who does this? Allah (jj) does. If man makes service for his Lord that man is honoured. He has honour. Allah Almighty glorifies his every thing. In the old times there were people who owned farms, who owned villages. The villagers there would plow, plant their farms. It would both help that Agha that his farms are plowed and also those people that they receive their livelihood this way because they work for the Agha & the Agha does not leave them unpaid.

The same applies to mankind also. There are two kinds of people. One is the animal of shaytan & the other is the servant of the Sultan. Is there a third one? No. Today's people have all become the animals of shaytan. None of these people have a good service, today's people that they call the 21st century. There is what is before it also but they don't mention it. Since life on earth started, the order of the world is this way- People are either servants of Allah or animals of shaytan. Is there a 3rd class? No, two classes. One is the servant of Ar-Rahman, who is honoured with His service. Second is the kind who is the animal of shaytan- neither his stomach nor his self is ever satisfied. They can find no comfort nor do they live a sweet life. They fall into struggle, into humiliation & keep fighting one another. They keep killing, crushing each other. They finish

each other's honour. Who are they? Animals of shaytan.

Unfortunately today the whole world has become the animal of shaytan. Shaytan orders: "Hit, kill, oppress, take from them what they have, wear it out, take everything. Leave no religion, no faith, no honour & no virtue in them". Shaytan says "you are their god", he makes them say like this. And they think that it is true, so they walk according to the instructions of shaytan. Meaning shaytan made today's people all animals. They became the animals of shaytan. All their doings are shaytani. The people of the 21st century have no good actions. They have nothing to do with goodness. All of them are corrupted, disreputable, evil, low class ones.. They are not like men, they are not like animals either. Animals know what they should do. The people of today don't know what they are doing. And the calamity of all the world of today is because they became animals to shaytan. All of 21st century's people are animals of shaytan. They don't make service to Ar-Rahman. Shame on them. Thu/spit on those who leave Ar-Rahman & are animals to shaytan!

In today's world shaytan is doing as he likes, made all men animals for himself. O people, pull yourselves together! Look at the things happening. Is this humanity? No. The way things are going on earth now is human? No. Is it the clean life Allah ordered? No. What is it? Being animals to shaytan. All people- men & women, even the children, all of them walk on the path of being animals to shaytan, teach being animals to shaytan. It is all about this. Therefore beware, You will either become a servant to Ar-Rahman or an animal to shaytan. There is no other way, the people should know this. If they are servants to Ar Rahman, they are respected & valued. Their everything will be ready & beautiful. The violence & terror of today is whose order? Did Allah order for us such a life? Hasha. Allah Almighty is presenting us a clean, decent life. And shaytan says to the people: "No, don't listen to Him! Come after me, be my animal. I will give you such a life that you will be surprised". What is the name of that life? High society life. The high society.

"Shaykh Effendi, do you not know the high society?" "What high society? What is its translation? Animal of shaytan!" High society is the class in which shaytan turned the people to animals. What a beautiful illustration, what a beautiful expression. Who invented the high society?

Shaytan did. And shaytan is cheating people this way "High society, high society is exceptional". Yes, you are exceptional because you are animals of shaytan. Shame on you that you never make sajda. You never say Allah's Basmala. Those who have no Basmala on their side, they are made to be the animals of what shaytan called "the high society life". Shaytan gave its name: high society. That's how they call, high society life. "What is high society life?" "In the high society life, everything is allowed. We do everything we want, it is freedom. It is democracy".

And there is also democracy. "There is democracy. It is the time of democracy. Everybody is free. If he likes he can take off his underwear & urinate in the open space of the palace. Well, it is the high society life, he has the freedom to do it". Do you understand what we mean by the open space of the palace? Like the square you have in Taksim. He can take it off & urinate. You can't say "What are you doing?" "How can you ask me this? It is the time of freedom. I have the need to urinate so I will use here as WC". This is the high society life- the life shaytan makes his animals expect. Unfortunately the people of today, say 99%, are the animals of shaytan. They do what shaytan orders, do not even keep an order of Allah Dhul Jalal. It said "Leave them"- The order of the Heavens, "leave them. Since they have become high society people, let them fight one another". And they are doing this now- The people of the 21st century are fighting, killing each other. They don't know what they are doing. Is this humanity? No, it is not. What is it? This is being animals to shaytan.

Allah Almighty created man as man- created as the most honoured creature. He (swt) granted him honour. Shaytan says "No, don't listen to Him.Follow me. I make for you such a high society life that it makes you suffer all the way". So people- today's lesson is this- are of two kinds: either the animal of shaytan or servants of Ar-Rahman. May Allah not make us the animal of shaytan. Every dirty thing on earth is the doing of shaytan. Who is it that makes people get used to it? Shaytan. They learn what shaytan teaches but don't teach what Allah Almighty teaches. They don't learn either. Aman Ya Rabbi. Tawba Ya Rabbi. Tawba Astaghfirullah.

But beware O mankind! "'Inna Batsha Rabbika Lashadidun"(85:12) Your Lord's Grip is very severe. If it comes, it makes you all flattened, makes you crush each other, makes the earth like a desert. If He wants, He brings an affliction from the Heavens, may Allah protect us. If He wants

He makes the oceans overflow If He wants He opens up the Heavens & hundreds, thousands of tons of snow come down from above. From where does this snow come down? Snow. They can't get out of it. They can't protect themselves from it They can't find shelter-their houses collapse on their heads. They run out of food. O people! O people of the 21st century, think! Don't be an animal to shaytan. Be servants to ArRahman. This is the advice. Success is from Allah Almighty only.

May Allah not leave us in the hands of the dirty ego, in the hands of shaytan. What they call democracy is the life shaytan teaches. What they call Sultanate is the Order of Allah Almighty that Sultan is the chosen servant, clean man who represents Allah Almighty on earth. O Lord, You know. May You forgive us O Allah. May You forgive us, may You send us Your servants who will teach us these ways. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah.

O glorious Prophet, may you intercede for us. You taught us the best ways. We left all of it & are running to the way shaytan shows. Forgive us, O Glorious Prophet! Tawba. Say tawba, repent. Say "I will not be an animal to shaytan". Say everyday - this should be your dhikr. "O Lord, I won't be the animal of shaytan". Or frankly speaking "I will not be his donkey. I want Your servanthood, O Lord. Let me make service for You. May You make it easy for me, O Lord. Accept me into Your servanthood. Save me from being the animal of shaytan". Say this & you will be saved. If they don't say, they will fight each other. They will finish each other. Day by day worse ones, more troublesome ones will come on them. Because shaytan sits on their necks with full power: 1- democracy. 2- high society life. These finished the people- made them all corrupted, disreputable. And the people are drunk, they are not aware of anything.

These words that we are speaking, we speak whether they like it or not. Is there anyone paying me? I don't want anything from people. What we say is Haqq/Truth. O Lord, forgive us for the honour of the Beloved May the flags of the Beloved be raised. May You make us step firm in his way. May You make us from the clean servants. May You not make us from those filthy ones whom shaytan dirties. May You save us from being animals to shaytan, O Lord. Allah Allah. O Glorious Prophet, may you intercede for us. O our Umm Hiram Sultan, may you come to our rescue. O awliya of Allah, reach us. We ask your help to be saved from being animals to shaytan.

May Allah also make your stations higher. You have this power. May you send us a power which will put our lives in order. Bi Hurmat al Habib, bi Hurmat al-Fatiha. This came nicely. May Allah save us from being animals to shaytan. Is it true, Mehmet?

H.M. Amanna.

M. May Allah show you good days. May our day be good. Start your day by making sajda to Allah that our day be joyful & happy; that Allah protects you from all kinds of calamities. Ok, did you read for me Mehmet? May Allah grant you safety. Shukur Allah. O our Lord, may You send Mahdi (as) who will save us. May Your awliyas come to our rescue. We are left in the hands of shaytan. Aman Ya Rabbi, Tawba Ya Rabbi. Tawba Ya Rabbi, Tawba Astaghfirullah.

They sit all day in the coffeshops. Shaytan says "Sit". The adhan is recited but they don't get up to pray 2 rakats. Shaytan does not allow them. Hey! For whom are these mosques? Are they for the animals or for the men? If it is for the men why don't you go & pray 2 rakats? O our Lord, may You send from the awliyas those who are the glad tidings of Your Beloved & who will teach us our ways Ya Rabbi. Fatiha.

Allah bless you, good bye. We got hungry from speaking too. Long live Hj Mehmet. Step firmly. "O Glorious Sultan!", they would say like this for the Sultans. When he went up to the mounting stone to leave for war, they would bring the horse & the people would call like this: "O Glorious Sultan! Step into the stirrup of the horse firmly! Allah is with you. Ride!" Allahu Akbar, Allahu Akbar, Allahu Akbar...He leaves with applause. This is. May Allah grant us these days again. Ok son, go in safety.

## Sincere Servants are Dressed with Heavenly Beauty

(Mawlana Shaykh stands.) Bismillahi 'r-Rahmani 'r-Raheem, yaa Rijal Allah! Allahu akbar, Allahu akbar, la ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah, Sayyidina wa Nabiyyina Muhammadun Rasoolullah. Allahuma zidhu `izzan wa sharafan, nooran wa surooran wa ridwaanan wa sultaanan. (Allah, give him more honor and nobility and light and happiness and power.) (Mawlana Shaykh sits.)

Madad, yaa Sultan al-Awliya. We are asking heavenly support for addressing to servants of our Lord. May Allah (swt) grants us and His most beloved and honored servant, Sayyidina Muhammad (s) for his intercession, ask! (Mawlana Shaykh stands and sits.) We are asking a guide on this planet, guiding people to their Lord's Divine Presence, and we are saying, A`oodhu billahi min ash-Shaytaani ‘r-rajeem always. O People! Say this for every badness, for every trouble, because of troublemaker for Mankind, Shaytan. Ask protection from Shaytan's tricks and traps. Beware of Shaytan. He is so ugly one, if anyone may look his face now, he must fall down fainting, fainting from ugly appearance for Shaytan. A`oodhu billahi min ash-Shaytaani ‘r-rajeem.

Most ugly face is for Shaytan, and through Mankind also inherit from Shaytan's ugly face, yes, until ugliness is going to be naturally. That is something else, but after this there is an appearance, some people have handsome or beautiful faces, getting down and they are beginning to be seen as an ugly one. And people may

say, “This is a photograph how she was and how she is now." A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Ugly-face people are thrown away from every meeting and every majlis, gathering. They are going to be like a needle touching people, or you may say like a sabaarah, cactus, how people are taking care not to approach it because it gives trouble. So many people are going to be in such a way like cactus and shaking people. People asking to run away from them. Why those people? They are followers of Shaytan and their natural beauties leaving them and they are going to be like a cactus tree.

But mu'mins, believers, are those who keep their Lord's orders. They are obedient ones and obediency is dressing them. Even though they are getting older through their outlooking, people never going to be unhappy from them as they are not disturbing others. Their existence through an association giving people a heavenly pleasure. But whom they are followers of Shaytan, their existence through a community is giving people trouble, yes. Therefore, beauty, to be beautiful or handsome, physically going to be changed if they are not asking real beauty and handsomeness. Whom they are not asking, they are falling down. People are asking to run away from them because their faces taking something from Shaytan's appearance.

Look at young ones, for a while you may say "they are so beautiful" or "so handsome." This is a temporary level, but then they're reaching (maturity). Therefore, there is one knowledge reaching from the knowledge of prophets, particularly from the Seal of Prophets (s), that if a person is reaching forty years but yet he is not taking any care for his or her servanthood, Shaytan is kissing that one on forehead, saying, “O, I am so happy today that this one is never following heavenly ones! That means they are registered on my book. Write their name on my book. That means this one belongs to us, reaching to forty years and not coming to accept heavenly ways and heavenly orders. This one belongs to me now.” Shaytan is kissing their foreheads, both men and women. And at that time ugliness on their faces appears, more clear coming, and you are saying, "That person look like Shaytan."

O Allah! Protect us not to follow Shaytan! And if Shaytan kissing that person on forehead, no chance to come back on their ways, and it continues on that person's face until he is dying. Some one's faces are shining, even on a dead body. Some one's getting to be more ugly, coming on them dhulmat, darkness on their faces. SubhaanAllah, getting on them a very bad smelling. Sometimes people say, “We are burying that one, but bad smelling." And after weeks, months, sometimes coming and smelling that same bad smelling through that one’s grave. A`oodhu billah, a`oodhu billah. And some people saying that this Earth, teen, clay,

therefore, keeping body and it giving bad smell to people.

Some people are dying and their dead bodies coming so beautiful and good smell coming from them. I was in Damascus once, and people were changing a wali's tomb to another place and they opened him, coming same as day they buried him. Coming such good smelling and thousands of people smelling; they were taking the body like up to your home, same distance, and people smelling that good smelling. And I was passing after so many days and small ones bringing to me a handful of earth from that grave, and saying, “O Shaykh, smell this," and I am smelling and it was like ...[transmission lost 1.5 minutes]

A`oodhu billah. And their followers coming on same ugliness then, a little bit down, down, down. But famous ugliness for tyrants, whom they are never keeping holy books' orders, heavenly orders, those people never taking care for Holy Qur'an. And Allah Almighty dressing them in ugliness. Even their clothes may be beautiful dressings, but you can't look at their faces, so darkness on their faces and bad smelling coming to them.

Therefore, we are fighting against tyrants coming against Islam, and their followers particularly. And Hadari `ulamas, look to their faces; they are faces of tyrants. You can know who are tyrants, you can know which ones were bringing down good ones, that they are sultans. After sultans, all of them are representatives of Shaytan, their appearance is of Shaytan, they are speaking shaytanic, and their out-looking (appearance) is shaytanic. You must know this, I am speaking truth. And Hadari `ulamas , you must know this and followers whom they are followers of Shaytan, who are against sultans and bringing them down, are followers of Anti-Christ (Dajjal).

O People! Beware of tyrants! Don't give them support. People are supporting them, so they are saying, “We just voted, we are elected by our people that we are so powerful and we are best ones.” You are cheating people through the way of (rigging) elections! Why you are not saying, "O `ulamas of Turkey, of Damascus, of `Ajam, of Iraq ... Why you are not saying (such false) elections are baatil (false)?" And you are saying, “we are doing amr bi 'l-ma`roof wa 'n-nahiy `ani 'l-munkar (ordering the good and forbidding wrongdoing)." That is biggest munkar, to take away sultans and bringing tyrants.

khaaf min Allah, fear from Allah hadari `ulamas! But are only busy for adhaa, disturbing people, saying,

"Don't stand like this in front of the tomb of Prophet (s), don't open your hands like that.'" What is that? Nothing! Why you don't say, “Don't follow Shaytan or mumaththil, Shaytan's representatives.” Why you are not saying? You must be happy that Hijaz malik, (king of Hijaz) has no election. But so many states, perhaps forty, making elections.

Hadari `ulamas, so many people are coming for elections, making a heap of melons and saying to him, “Please select one, and we shall take.” He can't know, he can’t do! Most people are not knowing to select one bateekha, watermelon, so what about for a man? What you are saying? You are fearing from tyrants, but you are not fearing from Allah?

Salafi `ulamas! What are your main principles? Please write and send to me what you are doing for Islam. Please send to me and I am saying to whole Muslim world. But now is the time of tyrants, and Allah Almighty is sending one musharraf, honored one, to be on the sunnah of the Seal of Prophets (s) and will grant to him a heavenly power to take away those who are with the Anti-Christ, Dajjaal. If they are not doing, you will be responsible on the Day of Resurrection!

O People! Look what you are saying and look what they are saying against our speech, that we are not speaking from Shari`ah. We are speaking from Shari`ah and from Holy Qur'an, and whole troublemakers and Shaytan's representatives are tyrants and against Islam!! And Allah (swt) is sending someone to take away whole tyrants.

O whole Salafi `ulamas! You listen and hear! Look, kutub al-hadith, from books of holy hadith you may know this and you may understand. If you are using your understanding, you may understand. Look and give lights to people; if giving to people you will be honored here and Hereafter, or if you are with the tyrants you will be going to the Fire.

May Allah (swt) forgives us! Astaghfirullah, astaghfirullah, astaghfirullah.

(Mawlana sings Turkish song)

(Mawlana Shaykh stands.) Shafa`atak, Yaa Rasoolullah! We are seeking your intercession, Yaa Rasoolullah! Support, Yaa Rasoolullah! (Mawlana Shaykh sits.)

Fatihah.

(38 minutes)

It is an important declaration from heavens tonight. It is enough if they are asking for understanding; if not asking, going to reach graveyard, they are going to be tyrants and they shall be buried as tyrants.

O People! Try to follow the lights of the Seal of Prophets (s), lights of heavens. Don't remain through darkness of this life, as those who remain with Shaytan; they are tyrants. May Allah forgives us and make us on the way of servants, to save us and secondly, to take away Shaytan and it's followers, or nothing can be done now to change that situation and to change into good situation, no, no, no. We are in need for intercession, and Allah sending to take away whole tyrants.

Fatihah.

**O servants of football!**

Everyone asking to be chairmen bring everyone one chair, (and) all of you (are) going to be chairman- very happy?

I am happy not to be created (as a) donkey?You are happy that you are not donkeys?... You are happy? Alhamdulillah.

Destur, ya Sayyidi, ya Sultanu-l Awliya.

All (of) our people are happy not to be donkeys, but they are asking to be chairman, what we shall do?? Everyone- ma sha Allah, Subhanallah, Sultanallah, Meded ya Sultanu-l Awliya?

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

Don?t forget your Lord Almighty Allah!...

May Allah bless you? and Allah Almighty (is) feeding you and they are getting much more great? I am looking ants; ants they are eating, but

they are never getting to be (a) fat one. Why you are eating and getting like heavy oxes? What is the reason? That is the reason: they (the ants) are knowing that they have been created to make, to glorify their Lord. That (are) never asking or running after to enjoy themselves by eating or drinking. Their pleasure is to glorify to their Creator. Ants. But you, mankind, we, mankind and we are living- Destur, ya Sultanu-l Awliya- we are living, 21st century people, through 7 continents? 7 continents or 7o? People, we haven't any thinking for glorifying. You think that 21st century people (are) concerned? 21st century people, you think they are concerned for glorifying? For the sake of Allah say truth!

An ant (is) concerning that it is created for glorifying its Lord, its Creator- what about mankind? For the sake of Allah say true! How many people you are finding that they are concerning or interesting or thinking for glorifying their Lord, their Creator? What is our level that time through creation that we have been created to be khalifs for our Creator, to be khalifs, to be for Allah Almighty deputies.

Who is thinking on that point? What is nations? interest now? Men and women, mankind, what they are thinking or after which aim or target they are concerning or interesting or running on it? O Allah, forgive ourselves! Mankind (is) on (the) wrong way. Who is not interesting, if anyone (is) not thinking about Allah Almighty's glorifying, their level (is) going to be under the level of ants. People (are) thinking that they are (such) creatures, just created for eating and drinking and enjoying themselves. That is mankind's aims or purposes or that is what (is) their understanding (of) the reason of existence for mankind on the earth. Blame to mankind! Not one time, 70 times blame (to) such a foolish mankind that they are only thinking on eating, drinking and

enjoying themselves and (are) never interesting for glorifying their Creator.

And what you are expecting? What we are expecting from Allah Almighty's Favours? Yet the Lord of Heavens (is) giving everything that we are asking and leaving mankind to enjoy, but He is looking through His servants who is going to think for glorifying (That One) who created them and (who is) giving countless Favours to ourselves. That is (the) biggest cursing, the reason of cursing and heavenly Cursing, when (it is) coming (donw), (is) making them to finish. His Lord?s Anger, if (it is) coming on earth, (it is) taking (them) away; as a big plate of stone coming on another plate that on (the) first plate (there) may be on it so many ants or other creatures and (it is) falling on them plate and (they are) finishing. Now we are fearing; we are fearing that (the) divinely Anger (is) growing up and (that) may fall on mankind such a cursing (that is going) to take them away.

Don't be unhappy; don't be sorry that (the) TV (is) saying: "Just in Iraq daily 8o or 100 or hundreds or thousands people (are being) killed and taken away." No, that is nothing! But mankind, they are looking (now for) some biggest cursing from Heavens to fall on them, so that- as reached to me a knowledge from holy people- if (there are) now living on this planet 6 billion people, (there) may remain 1 billion and 5 billion (are) going to be taken away.

"O Sheikh, why you are saying this?" I am saying this, because I am looking that people (are) interesting in- which thing?... Say!... Football match! People (are) interesting (in the) World Cup. I have such cups in my house, I can give what is that foolishness! (The) whole world (is) sleeping with football, awakening with football and they are asking from Allah Almighty good days! (They are) running, billions of

people, for a brass cup and that brass also (is) imitated there is real copper, making like this? so important for their cups?

Ibrahim Adham- Allah bless him- he was Cihan Padishah; Padishah, King of Dunya, one of (the) richest Sultans. (It) just reaching to me also from Holy People about his richness (the information) that only for their flocks (his) shepherds they were using 12.000 dogs (that) each one (of them) had a golden chain. 12.000! How much should be his flocks? Such a Sultan! And he was also interested, his hobby was hunting. Once he was running after a deer and just he heard from his right hand ear a sound and (it was) addressing to him: "Ya Ibrahim Adham, do you think that you have been created for that?" Quickly (there was) coming another voice, (a) heavenly sound to his left side, saying addressing to him: "O Ibrahim Adham, or you have been ordered with this?" And he was quickly leaving that hunt and coming back.

And I am asking to whole mankind: Do you think that you (have been) created only for eating, drinking and enjoying? Nothing else? If (there is) nothing else, your value also (is) nothing else- nothing, no value for you! If you are saying: "No any other interest for my creation", also you are going to be nothing.

That two words he heard: "O Ibrahim Adham do you think that you have been created for hunting (or that you have been ordered for hunting)?" and I am asking to whole people: Do you think that you have been created (for) leave business people! Business people also they are saying: "Heeee!" making this football one! And big ones also: Prime Ministers or Ministers or such big people also they are coming and making: "Ohhh!", running (like) this, running (like) that? You have been created for this? And then, o people, people (are) thinking that- at least (there) must be 2 billion people looking after that TV screen? at

least 2 billion people (are) looking on it. Shaitan (is) making people to forget their honour and to forget that their honour (has) just granted to mankind, because they have been ordered to glorify their Lord. (Shaitan is) making them to forget it. For one football (the) whole world (is) getting up and sitting- that is blame to mankind, 7o times blame to mankind and the Lord of Heavens (is) looking to you, o mankind!

He should ask you (on the) Judgment Day: "O servant of shaitan, servant of football! You are not My servant, if you were My servant and keeping My service? I have honored you to be My servant in My divinely Presence and you are taking this honour and (you are) running (after) a football, running and not thinking anything?? What happened if that football team (was) just taking this cup? What (was) coming to you? What (it was) bringing to you? For what you are wasting your life energy and you are leaving (the) most precious time of your life and (you are) looking to that? For what? (There) should be a heavy Judgment for people! "O servant of shaitan", should say his Lord to that one, "o shaitans servant, you forget Me and you are running after a football, not doing anything of Me, not glorifying Me and you are running after this? Take this dirty servant (away)!" (They are) taking that one (away to be) with shaitan, taking them away. "I don't like to look to them. I am not accepting them! They (are) never glorifying Me, they forget Me, they forget My honour that I granted to them, take them away from My divine Presence!" Taking them away?

That time most people should say: "Oh, if we can be like animals", because animals (are) going to be dust, but we are not going to be dust; we are going to be sent to Hells for punishment!

Allah Almighty send us- we are in need someone from Heavens- (send us)

heavenly dressed people to appear and to take ourselves back again to our real position for glorifying our Lord. If not, mankind (is) going to finish here and to reach (a) bad, (a) worst punishment through Hells.

May Allah forgive me and forgive you and bless you! Ya Allah, Ant-Allah!

"Wa dhakkir!" the Lord of Heavens (was) saying to His most beloved servant S.Muhammad: "O My beloved one, most beloved one, remind My servants that I created them and I am asking to dress to them heavenly dressing of honour or heavenly honoured dressing to be for Me. But they run away from Me- take them away!"

O people, give the rights of your Lord Almighty Allah and try to make your egos (down), (try) to put reigns for your egos mouth and He (Allah Almighty) is asking (you) to make a control on your egos. If you are not making that control on your egos, (your) egos (are) taking you to Hells and to be here and Hereafter in bad conditions; (there will be) no taste for your life here and no any enjoyment for eternal life, for eternity.
(Try) not to loose eternity and eternal life!
May Allah forgive us! For the honour of the most honoured servant in His divine Presence, S.Muhammad sws, Fatiha.

## Seven Steps

Everything belongs to Him. He is the owner, He is the Creator, we are not. Don't run after dunya saying that you are the owner. This dunya does not belong to us.

We believe in Holy Books, not in the imagination of philosophers. This world has existed for 7000 years. Once, after the morning prayers, Muhammad* was asking if anyone had a dream. Someone stood up and said, "Last night I dreamt a very peaceful dream which made me so happy. I dreamt that I was in a huge plain, so big that you could not see where it began and where it ended. There was a mimbar there with 7 steps. (New reformers in Islam are now producing mimbars with 3 steps!) I saw that you, Muhammad*, was stepping up to sit on the 7th step."

"This is a sign that I am the Seal of Prophets. There will be no prophecy and no prophet after me. The 7 steps are a sign that dunya has the period of 7000 years for the children of Adam. I was sitting on the 7th step, a sign of the beginning of the 7th period of 1000 years."

"What will come after that?"

"The time which belongs to the End of Time."

This is the time we are in. Everything Muhammad* has informed us of, has happened. One Ramadan has just passed and now we are running to the second one, but we don't know if we will reach it, or in which condition we will be. The numbers of Ramadan are in limits, whether we will have 2000, 1500 or 1600, is arranged according to the Will of Allah. 1500 have passed. We will not have another 100. Every day there are new signs of the End of Time.

Even if you live 1000 years you will face death one day. Everyone must face the Angel of Death. Think about how you will meet him. He will come in two kinds of clothes. One is dressed in mercy, the other as a curse. You don't know which day you will be invited, don't say that you are not ready. Be ready for the Divine Presence, be prepared always!

Don't let your name be written on the list of bad servants. Such people will have never-ending sufferings. Dunya is running towards its last station. The second millennium is approaching with many changes. This is a Christian calendar. There are only 2 more years until the year 2000 when unexpected huge events will happen, terrible and horrible wars, because people are following satan and devils and are trying to make even more evil. The result is a Heavenly Punishment. Run to Allah, run to His Shelter! If He shelters you nothing will harm you here or in the hereafter.

## 70,000 Angels

We should be upon adab. May our assembly be an assembly of adab. Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah Sayyidina Muhammadun Rasulullah (sas). May You accept us to Your servanthood O Lord. May You also accept us to be from the nation of Your Beloved (sas). And may You make it easy for us to be as You want us to be. This is a sohbat assembly. It is a hasbihal. The scholars speak from the knowledge they have. And we may also speak from what comes to our hearts on the level of the common people. We want to be in the discipline of the holy ones who trained us. And they gave us the permission also to teach what they taught us. So we too speak to mankind with their permission. We have a saying in Turkish: Don't listen to who is speaking but listen to Who makes him speak. This is an important saying, it is really like this. "I sought in the assembly of the wise ones. Knowledge comes the last; only adab, only adab". Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah Sayyidina Muhammad Rasulullah (sas). Allah Almighty adorned our Prophet (sas) with the best of adab. There is no creation in the earth or in the Heavens who has the adab our Prophet (sas) has. Allah Almighty assigned it to him, He (swt) granted him this honour; "Teach My servants about this honour". The attribute of our Prophet (sas) is "mu'allimu nas al-khair". Our Prophet came to teach the people the way of goodness. How beautiful. How beautiful is the mission of our Prophet (sas). "`Allama l-'Insana Ma Lam Ya`lam" (96:5). "Al-Insan", alif lam lil ahd. Insan (Man) is one. Al-Insan al-Kamil, who stands in the Divine Presence of Allah Almighty is our Prophet (sas). He (swt) taught him. He (swt) taught him all that he didn't know. For what purpose are the things He (swt) taught him? To make mankind reach the level of Kamal (perfection). Mankind is in need of training. They need to be disciplined/trained. The secret of discipline lies in adab. And the secret of adab lies in Bismillahi r-Rahmani r-Rahim.

"Iqra' Bismi Rabbika Alladhi Khalaqa" (96:1). Start with the Bismillah and read, with the Holy Name of your Lord (jj). Start with the Holy Name of Allah Dhul Jalal Who created you: "Iqra' Bismi Rabbika Alladhi Khalaqa. Khalaqa l-Insana Min `Alaq. `Allama l-Insana Ma Lam Ya`lam". Is it not like this? We also want a Nur to descend here. The beginning of the day is the fajr prayer. Alhamdulillah we prayed the fajr prayer upon the Divine decree, upon the order of our Prophet (sas) for us. He (swt) granted us to pray. We prayed. For what did we pray? Our Prophet (sas) informed us about the highness of this order. "'Aqimi s-Salaata Liduluki sh-Shamsi" What is "duluk"? The beginning, in the beginning of the day.

Allah Almighty, Subhan Allah, collected all of them and put what is like oceans, what is like Mercy oceans into the Bismillah and said "O My Beloved, your nation... Just like how you are ordered to remember the Holy Name of your Lord, just like how I ordered you to recite My Holy Name, My Beautiful Name, you also instruct your nation so that they may be included in this address: "Iqra' Bismi Rabbika Alladhi Khalaqa". It is an address for every one. Remember the Holy Name of your Lord Dhat Al-Ajalli Ala'. What came, what descended? What descended with 70 000 angels? Bismillahi r-Rahmani r-Rahim. What a Sultanate! The Bismillah descended with 70 000 angels. I can't say beyond this. You say also! Stand on your feet when you say Bismillahi r-Rahmani r-Rahim: "O our Lord, we remembered Your Holy Name to glorify You. May You grant us from Your Divine Favors". Masha Allah. Masha Allah.
If a King enters an assembly, the ones in that assembly immediately stand up. When a Sultan comes into an assembly, is there anyone who sits? Everyone immediately stands up. When it is announced "Sultan is coming!" everyone immediately collects themselves, stands up and welcomes him. The angels that descended with the Bismillahi r-Rahmani r-Rahim are 70 000 as we know. It descended with such a Sultanate. Allahu Akbar! Allahu Akbar. Allahu Akbar. Subhan Allah. There is such a Sultanate in the Bismillah. 'Innahu Min Sulaymana Wa 'Innahu Bismi Llahi r-Rahmani r-Rahim" Allahu Akbar. What a magnificence. What we speak is not even a speckle. It can't even be the speckle in a speck. The Salam of Malakut comes upon who says Bismillahi r-Rahmani r-Rahim. Allahu Akbar.
Don't forget, O who go on the way of ignorance, leave the way of ignorance. Teach your children the Bismillahi r-Rahmani r-Rahim, that your dunya as well as your akhirah be

prosperous. The act of who says the Bismillah will never be cut off (abtar) in the end. It won't be fruitless. Who says "I said Bismillahi r-Rahmani r-Rahim but this thing didn't happen" is either ignorant, or an unbeliever, or an abtar (cut off) person. Shukur Allah. 70 000 angels brought down theBismillah on His Beloved with great respect to the Lord Almighty. And the order came "Read in the Name of Your Lord". Bismillahi r-Rahmani r-Rahim has been its title. It is the title of the Holy Quran: its highest Verse, the Verse that is read, that is known, that gives honour descended. With Bismillahi r-Rahmani r-Rahim, 70 000 angels descended. The horizon, the horizon of the Dominion has become invisible. It was submerged into the Nur of Malakut. For what? Because Bismillahi r-Rahmani r-Rahim is descending upon the Habibullah. 70 000 angels descended, all of them were magnificent angels. Masha Allah.

Therefore saying Bismillahi r-Rahmani r-Rahim gives man such a pleasure, such a power. An astonishing power. It gives familiarity, gives love, gives the yearning for Allah. It gives Nur. It gives whatever you asked for, Bismillahi r-Rahmani r-Rahim. He says "My work doesn't succeed". How can it? "How is your business?" "It is not going well, Shaykh Effendi". "How do you start your business?" "Well, we leave home and go to work. We open the office, sit and wait". "What else? What do you say when you open it?" "We don't say anything" If you don't say anything, then you sit like this! Bismillahi r-Rahmani r-Rahim is the key to the treasures of Earths and Heavens. This honour is enough for us. Say this and start your work. Then come tell me "my work didn't succeed". If so, it means who says this has no faith, has no belief. That person is like trash. Don't be trash, don't be wretched. Be honourable.

Man is of two kinds: the honoured man and the man who has no honour, who is wretched. The honourable and the wretched one. Honourable; who says Bismillahi r-Rahmani r-Rahim is honourable. Who doesn't say it is wretched. Such a person has no value. Do they teach this in their schools? No! "That person said like this..." Why do you teach what that person said? Why do you keep telling us this? "Well, here, we opened maktabs". "You didn't open maktab". "No, we opened schools". They would teach the Bismillah in maktabs. Do you make them say the Bismillah in your schools? No. Do the children learn anything? No. Actually they do, they learn games and entertainment. They learn bad manners, they learn disrespect. They become the men of tyrants without the Bismillah. They are of no good. They say: "We went to college". "What do you do?" "We are unemployed". Say the Bismillah, go out and you will find a job. Allah

Almighty did not leave any of His servants as idle ones.
"Kullu Insan Bima Ladayhim Farihuna" Is it not so? The servant is happy with whatever he is given by His Lord. How can you receive any reward without saying the Bismillah? When you forget the Bismillah, then you are a no-mannered, disrespectful person. If you are disrespectful, then you are given nothing but expelled from the door. Don't forget the Bismillah. Bismillahi r-Rahmani r-Rahim. O Kings, rulers and their like; let us say Sultan, the dunya Sultans who sit on their thrones in magnificence! Say Bismillahi r-Rahmani r-Rahim when you come to your throne. When you sit, catch your breath and then stand up. Say "As-Salamu Alaikum ayyuhal hadhirun, the servants who are present. May you be in safety. Listen! Fasma`un! Say! "'Innahu Min Sulaymana Wa 'Innahu Bismi Llahi r-Rahmani r-Rahimi" Prophet Sulaiman ruled over the dominion of dunya, (as). The East and West was under his command, men and jinn were following his orders. With what? "'Innahu Min Sulayman Wa 'Innahu Bismi Llahi r-Rahmani r-Rahim" There was the Bismillahir-Rahmanir-Rahim in his holy letter. He ruled over the men and jinn with it.
You forgot? You didn't. They didn't teach you. May who didn't teach you disappear! Who doesn't teach the Bismillah never finds goodness. They fight each other, and they will fight. There was a murder in this place, some another place another kind of killing took place... It is because there is no mercy in their hearts. Bismillahi r-Rahmani r-Rahim dresses us with the dress of compassion.
"How are you?" "I am feeling exhausted". "What do you do?" "I take pills". Leave these pills. These ones even made the Shaykh go crazy, making him swallow pills all the time. Now he is back to his strength and yelling at you. Instead Why don't you say Bismillahi r-Rahmani r-Rahim? Bismillahi Shafi, Bismillahi Kafi, Bismillahi Muafi, Bismillahi r-Rahmani r-Rahim. How beautiful, how beautiful, how beautiful. What a happiness it gives! And it leaves no idle person. It leaves no ugly person either. What is the concern of today's people, Shaykh Mehmet Effendi?

Women say "we should look beautiful" and men say "we should look handsome". Now peoples' whole concern is all about this. Men strive to be handsome. And women strive to be beautiful. This is not right, O son. It is not with putting makeup. They say "we exercise". I asked "What are you doing, why are you running?" He said "this is sport, Shaykh Effendi". I asked "What is its

benefit?" "For our body to be refreshed". Well, animals run around everyday too. Animals run around, so you also fall into the animal category. Aren't you ashamed to run outside in the streets in your underwear? Are you an animal, that you go around in the streets without underwear? Their women and men run around in their short underpants too. And they look to their right and left. "Did you say the Bismillah?" "No" "Then don't go too close to the sea, you may fall down" I said to one of them. I heard the next day that a man fell into the sea and they couldn't save him.

The Bismillah. Allahu Akbar. It is the Holy Word with which Allah Almighty protects His servants. It descended upon the Prophets and it permanently descended on us; the nation of Muhammad (sas). You should teach it. If you don't your efforts will be in vain and the children won't learn anything. "Well, we are like this". If you are like this, remain like this. You cannot get out of the animal world. Who don't say the Bismillah are in the animal world. Even animals have their own dhikr but the ignorant people have no holy word in their mouths. Swearing, dirty words, ugly talkings are full in their mouths. They have turned their mouths into a WC! Their every word is dirty. "Don't you have a good word?" "Here, I am speaking it" he says. What is this talking? You speak WC talking? Are these words suitable for you, that you curse and swear? Why don't you remember your Lord's Name, that you be clean? They say "this is called sports, we run". I look at them; some of them go fast, some of them go slow. Those who go fast are the ones like horse, the other slow ones are like donkeys. They are too, the poor ones, run like donkeys, not like horses.

We should come to humanity! Without saying the Bismillah man cannot pass through the humanity border. A Prophet cannot be Prophet without the Bismillah. A wali cannot be wali without the Bismillah. Man cannot be Man without reciting the Bismillah. O Kings! When you come to your throne, sit and then stand up on your feet: Bismillahi r-Rahmani r-Rahim. O our Lord, You dressed us in the dress of magnificence in dunya. We are Your weak servants O Lord. We are no different. We are weak servants. If the dresses we wear, the thrones we sit on give us greatness, then we don't want this greatness". He should stand up and say to his people who are present there "O jama'at! Listen to what the Glorious Lord said: "'Innahu Min Sulaymana Wa 'Innahu Bismi Llahi r-Rahmani r-Rahim." The Prophet Sulaiman who ruled men and jinn recited the Bismillah. Allahu Akbar.

The people have forgotten this. They have no jobs, no adab, no discipline, there is no goodness in their education either. O our Lord, tawba Ya Rabbi. Tawba Ya Rabbi. A person cannot dress in a wild attribute after saying the Bismillah. They claim to be humans. But men cut, kill other men. They are killing. What authority, what right do you have to kill, take the life that Allah granted? The Holy Quran specifies what the death penalty should be for. No one has the authority to kill people openly without a reason. Those who attack the people, who kill the servants of Allah without looking if they are young or old, who kill animals, insects, everything should stop. This is a warning for them from the Heavens because they are aiming at the target. They are aiming at the target because they don't fire with the Bismillah. If they fired with the Bismillah, it would serve them right. But because they don't fire with the Bismillah, it destroys whatever is in its way. They will suffer when they leave dunya. They will suffer inside the grave. May Allah not deprive us of the Nur of Bismillahi r-Rahmani r-Rahim. This is. Wa Dhakkir! It says "Remind". Fa'inna dh-Dhikra Tanfa`u l-Mu'minin. It profits the believers. If it doesn't profit, leave them! Let them fight each other. They will either be Man or be written as the wild animals in the jungles who, inside their graves, constantly follow them snakes, dragons. They will eat them, eat them, eat them... Their torment will be nonstop. May Allah protect us from it. O Man! Don't forget the Bismillah. If you forget the Bismillah, then don't forget about the grave. Tomorrow they may lay you inside the grave too. And on top of you they will pile two truck loads of earth. So make your answers ready under it. Say the Bismillah and be saved.
"Don't lie, don't eat what is haram", our old people would say like this. "Don't lie, don't eat what is haram, pray the five times and save yourself. And say the Bismillahi r-Rahmani r-Rahim". How beautiful. How beautiful are these words. May Allah not make us forget this. "Fala Tansa" (87:6). Allah Almighty says "Don't forget. Recite the Holy Quran, the Word of Allah". They teach all kinds of unnecessary, rubbish things at schools. The children don't understand and don't learn anything either. They will suffer inside the grave. "Come here you, now. What did you teach the children?" "Well, we taught what is given us by the government". "Where is your government?" "In such place". Not any other nation will suffer the torment and humiliation they will go through on the Day of Judgement. The lives of who try to replace Islam with something else will end in humiliation in dunya and inside the grave they will fall into fire and torment. Turn back from what you are doing and teach the Holy Quran. We don't need the English or

German language classes. They have waraqa in their hands, they call grade report. I look at it: There are Turkish, English, German, French...What are these things that they teach? "This is to deceive the people, to say 'look what we teach your children'". "How do you teach, for free?" "Of course not! How can it be for free?" "We milk them, teach them, and then give them their grade report: 'here, you are a good student, you are a beautiful student. You should study for this...'" I ask the children "What did you learn?" I ask them, for example "does the cloud come down from upstairs or go up from the earth?" No one can answer. They can't say "Cloud comes down from upstairs". Or they can't say "It comes up from downstairs". Some foolish ones say "Water vapors from the oceans form clouds..." If it is with water vapor from the sea, then it should be more in summer? It comes down with the Order of Allah! Millions of tons make the whole continent all white: it piles snow in inches, one meter, two meters...How does it go around upstairs in the sky, how does it descend? They don't teach. "Here, the snow comes. And it rains, it snows, it hails..." May it hail on their heads! It will drill holes in the heads of who don't teach about Allah, one day.

O Lord, may You send us Your beautiful servants who will teach us the beautiful servanthood You want from us. We may also say Bismillahi r-Rahmani r-Rahim, at least seven times. Or 40 times, or 70 times, or 100 times, say Bismillahi r-Rahmani r-Rahim and the closed doors open. Troubles will be lifted off you. Your Nur and wellness get more and more. Don't fear. Forgive us O Lord, for the honour of Your Beloved. Like this, they make us speak. How beautiful is the Bismillah. We may say Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Teach the children this. Tawba Ya Rabbi, tawba Astaghfirullah. May He (swt) not deprive us or our children of the miracles of the Bismillah. Teach it and don't fear. Wa min Allah at-tawfiq.
This is a sohbat. It is a word we speak for the common people. We have words to speak to others in a different way also. May Allah not shame us, O Lord. Tawba Ya Rabbi, tawba Ya Rabbi.
We may say Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. May Allah not make us forget it. O Kings! You also stand up on your feet after you sit on your throne and recite the Bismillah. Then you are in safety. Otherwise there is fear for you. There is fear for them too. Teach the Bismillah. Don't fear. May Allah not deprive us of the Bismillah. May we find strength. The Bismillah has the power to stop their weapons and

cannons, and even thousand times more. Allahu Akbar. Balqis did not fear from Sulaiman (as) but she feared from "Wa Innahu Bismillahi r-Rahmani r-Rahim". She didn't tremble from the soldiers of Prophet Sulaiman but from the Bismillah, and she surrendered. When the soldiers walk "Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim"...
Why don't you say the Bismillah instead of running and shouting in the streets? Why do you scream in the streets like animals who have broken free from barns? Go to the mosque! Say"O Lord, for the honour of Bismillahi r-Rahmani r-Rahim may You protect us!" You don't need any weapons or planes. It throws what the planes drop to other places, or make them turn back on themselves. Bismillahi r-Rahmani r-Rahim is the fountain of miracles. Wa min Allah at-tawfiq.
O Lord may You not shame us. Give us strength, we became weak ones. Tawba Ya Rabbi, tawba Ya Rabbi. Fatiha.
O scholars of Al-Azhar, o holy ones, why don't you make a fatwa? "Whoever sits there as the president, unless he says the Bismillah, his leadership is not accepted. He can't be a ruler over the people". Give a fatwa like this, write it: "Whoever among them doesn't say the Bismillah, he should not be obeyed. His evil corrupts the people". Give fatwa like this, don't fear.
Fatiha.

Wir sollten mit Adab sein. Möge unsere Versammlung eine Versammlung des Adab sein. Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah Sayyidina Muhammadun Rasulullah (sas). Mögest Du uns in Deiner Dienerschaft akzeptieren oh Herr. Mögest Du uns auch vom Volk Deines Geliebten (sas) akzeptieren. Und mögest Du es uns leicht machen, so zu sein wie Du uns haben willst. Dies ist eine Sohbat Versammlung. Es ist ein Hashibal. Die Gelehrten sprechen vom Wissen, das sie haben. Und wir dürfen auch sprechen, was in unser Herz kommt auf dem Niveau der gewöhnlichen Leute Wir wollen in der Disziplin der Heiligen sein, die uns trainiert haben. Und sie haben uns Erlaubnis gegeben, zu lehren, was sie uns lehrten. Also sprechen wir zur Menschheit mit ihrer Erlaubnis. Wir haben im Türkischen ein Sprichwort: Hört nicht dem zu der spricht, sondern hört Dem zu der ihn sprechen lässt. Das ist ein wichtiges Sprichwort, es ist wirklich so. "Ich forschte in den Versammlungen der Weisen. Wissen kommt zuletzt; nur Adab, nur Adab." Bismillahi r-Rahmani r-

Rahim. La ilaha illa Allah Sayyidina Muhammad Rasulullah (sas). Allah der Allmächtige hat unseren Propheten (sas) mit dem besten Adab geschmückt. Es gibt kein Geschöpf auf Erden oder in den Himmeln, das den Adab unseres Propheten (sas) besitzt. Allah der Allmächtige wies es ihm zu, Er (swt) gab ihm diese Ehre; "Lehre Meine Diener über diese Ehre". Die Eigenschaft unseres Propheten (sas) ist "mu'allimu nas al-khair". Unser Prophet kam um die Leute den Weg des Guten zu lehren. Wie wunderbar. Wir wunderschön ist die Mission unseres Propheten (sas). "`Allama l-'Insana Ma Lam Ya`lam" (96:5). "Al-Insan", alif lam lil ahd. Insan (der Mensch) ist eins. Al-Insan al-Kamil, der in der Göttlichen Gegenwart Allahs des Allmächtigen steht ist unser Prophet (sas). Er (swt) lehrte ihn. Er (swt) lehrte ihn alles, was er nicht wusste. Zu welchem Zweck dienen die Dinge, die Er (swt) ihn lehrte? Dazu, die Menschheit das Niveau des Kamal (Perfektion) erreichen zu lassen. Die Menschheit braucht Training. Sie müssen diszipliniert/trainiert werden. Das Geheimnis der Disziplin liegt im Adab. Und das Geheimnis von Adab liegt in Bismillahi r-Rahmani r-Rahim. "Iqra' Bismi Rabbika Alladhi Khalaqa" (96:1). Beginn mit Bismillah und lies, mit dem Heiligen Namen deines Herrn (jj). Beginne mit dem Heiligen Namen Allah Dhul Jalals, Der dich erschuf: "Iqra' Bismi Rabbika Alladhi Khalaqa. Khalaqa l-Insana Min `Alaq. `Allama l-Insana Ma Lam Ya`lam". Ist es nicht so? Wir wollen auch dass hier Nur herabkommt. Der Beginn des Tages ist das Fajr Gebet. Alhamdulillah, wir beteten das Fajr Gebet auf den göttlichen Befehl, auf Befehl unseres Propheten (sas) für uns. Er (swt) gewährte uns, zu beten. Wir beteten. Wofür beteten wir? Unser Prophet (saw) informierte uns über die Höhe seines Befehls. "'Aqimi s-Salaata Liduluki sh-Shamsi" Was ist "duluk"? Der Anfang, der Beginn des Tages. Allah der Allmächtige, Subhan Allah, sammelte sie und tat wie Ozeane, was ist wie Ozeane der Gnade, in das Bismillah hinein und sagte, "Mein Geliebter, dein Volk... So wie euch befohlen ist, euch an den Heiligen Namen eures Herrn zu erinnern, genau wie Ich euch befahl Meinen Heiligen Namen, Meinen Schönen Namen zu rezitieren, so weise ich dein Volk an, so dass sie in dieser Ansprache eingeschlossen sind: "Iqra' Bismi Rabbika Alladhi Khalaqa". Es ist eine Ansprache für jeden. Erinnert den Heiligen Namen eures Herrn Dhat Al-Ajalli Ala'. Was kam, was kam herab? Was kam herunter mit 70 000 Engeln? Bismillahi r-Rahmani r-Rahim. Welch ein Sultanat! Das Bismillah kam herab mit 70 000 Engeln. Ich kann darüber hinaus nichts sagen. Sagt ihr auch! Steht auf euren Füßen wenn ihr Bismillahi r-Rahmani r-Rahim sagt: "Oh unser Herr, wir erinnerten uns an Deinen Heiligen Namen um dich zu lobpreisen. Mögest Du uns von deinen Göttlichen Gefallen gewähren." Masha Allah. Masha Allah. Wenn ein König eine Versammlung betritt, stehen diejenigen in der Versammlung sofort auf. Wenn ein Sultan in eine Versammlung kommt, bleibt da jemand sitzen?

Jeder steht sofort auf. Wenn es angekündigt wird, "Der Sultan kommt!" sammeln sich alle zusammen, stehen auf und heißen ihn willkommen. Die Engel die mit Bismillahi r-Rahmani r-Rahim herabkamen sind 70 000 soweit wir wissen. Es kam mit solch einem Sultanat herunter. Allahu Akbar! Allahu Akbar. Allahu Akbar. Subhan Allah. Solch ein Sultanat liegt im Bismillah. 'Innahu Min Sulaymana Wa 'Innahu Bismi Llahi r-Rahmani r-Rahim" Allahu Akbar. Welche Großartigkeit. Was wir sprechen ist nicht einmal ein Flecken. Es kann nicht einmal ein Flecken in einem Flecken sein. Das Salam der Malakut kommt von denen, die Bismillahi r-Rahmani r-Rahim sagen. Allahu Akbar. Vergesst nicht, oh ihr die ihr auf dem Pfad der Unwissenheit geht, verlasst den Weg der Unwissenheit. Lehrt eure Kinder das Bismillahi r-Rahmani r-Rahim, so dass sowohl eure Dunya als auch euer Akhirat glücklich sein wird. Die Tat desjenigen, der Bismillah sagt wird letztendlich nie abgeschnitten sein (abtar). Es wird nicht unfruchtbar sein. Wer sagt "Ich sagte Bismillahi r-Rahmani r-Rahim, aber diese Sache ist nicht passiert" ist entweder unwissend, oder ein Ungläubiger, oder eine Abtar (abgeschnittene) Person. Shukur Allah. 70 000 Engel brachten das Bismillah auf Seinen Geliebten mit großem Respekt für Allah den Allmächtigen. Und der Befehl kam "Lies im Namen deines Herrn." Bismillahi r-Rahmani r-Rahim war sein Titel. Es ist der Titel des Heiligen Koran: es ist der höchste Vers, der Vers der gelesen wird, der bekannt ist, der Ehre bringt, kam herab. Mit Bismillahi r-Rahmani r-Rahim kamen 70 000 Engel herab. Der Horizont, der Horizont des Herrschaftsgebiets wurde unsichtbar. Es wurde eingetaucht ins Nur der Malakut. Weshalb? Weil Bismillahi r-Rahmani r-Rahim auf den Habibullah herabkommt. 70 000 Engel kamen herab, alle von ihnen waren prächtige Engel. Masha Allah. Deswegen gibt es dem Menschen solch eine Freude, solch eine Kraft, Bismillahi r-Rahmani r-Rahim zu sagen. Eine erstaunliche Kraft. Es gibt Vertrautheit, gibt Liebe, gibt die Sehnsucht nach Allah. Es gibt Nur. Es gibt alles worum du bittest, Bismillahi r-Rahmani r-Rahim. Er sagt "Meine Arbeit ist nicht erfolgreich". Wie kann sie es sein? "Wie läuft dein Geschäft?" "Es läuft nicht gut, Sheikh Efendi." "Wie beginnst du dein Geschäft?" "Nun, wir verlassen unser Haus und gehen zur Arbeit. Wir öffnen das Büro, sitzen und warten." "Was noch? Was sagt ihr, wenn ihr es öffnet?" "Wir sagen nichts" Wenn ihr nichts sagt, dann sitzt ihr so da! Bismillahi r-Rahmani r-Rahim ist der Schlüssel zu den Schätzen auf Himmel und Erde. Diese Ehre ist genug für uns. Sagt dies uns beginnt eure Arbeit. Dann kommt mir nicht mit "Meine Arbeit ist nicht erfolgreich." Wenn es so ist, bedeutet es dass der, der es sagt, kein Vertrauen hat, keinen Glauben. Diese Person ist wie Abfall. Seid nicht Abfall, seid kein Schurke. Seid ehrenhaft. Der Mensch ist zweierlei: Der ehrenhafte Mensch und der Mensch, der keine Ehre hat, der schurkenhaft ist. Der ehrenhafte und der schurkenhafte. Ehrenhaft; derjenige der Bismillahi r-Rahmani r-Rahim sagt ist ehrenhaft. Wer es nicht sagt ist schurkenhaft. Solch eine

Person hat keinen Wert. Lehren sie das in ihren Schulen? Nein! "Diese Person sagte so etwas..." Warum lehrt ihr, was diese Person sagte? Warum erzählt ihr uns immer weiter davon? "Nun, hier, wir eröffneten Maktabs". "Ihr habt keine Maktab eröffnet." "Nein, wir eröffneten Schulen." In den Maktabs würden sie das Bismillah lehren. Lasst ihr sie das Bismillah in euren Schulen sagen? Nein. Lernen die Kinder überhaupt etwas? Nein. Tatsächlich lernen sie wohl etwas, sie lernen Spiele und Vergnügen. Sie lernen schlechtes Benehmen, sie lernen Respektlosigkeit. Sie werden zu Menschen der Tyrannen ohne das Bismillah. Sie sind nichts Gutes. Sie sagen: "Wir sind zum College gegangen." "Was macht ihr?" "Wir sind arbeitslos." Sagt Bismillah, geht hinaus und ihr werdet eine Arbeit finden. Allah der Allmächtige hat keinen Seiner Diener Faulenzer sein lassen. "Kullu Insan Bima Ladayhim Farihuna" Ist es nicht so? Der Diener ist glücklich mit was immer Sein Herr ihm gibt. Wie kannst du irgendeine Belohnung bekommen, ohne Bismillah zu sagen? Wenn du das Bismillah vergisst, dann bist du eine Person ohne Benehmen, ohne Respekt. Wenn du respektlos bist, wird dir nichts gegeben außer dass du vor die Tür geworfen wirst. Vergesst das Bismillah nicht. Bismillahi r-Rahmani r-Rahim. Oh Könige, Regierende und dergleichen; lasst uns Sultan sagen, die Sultane der Dunya, die in ihrer Großartigkeit auf ihren Thronen sitzen! Sagt Bismillahi r-Rahmani r-Rahim, wenn ihr zu eurem Thron kommt. Wenn ihr sitzt, holt Atem und dann steht auf. Sagt "As-Salamu Alaikum ayyuhal hadhirun, die Diener die anwesend sind. Möget ihr in Sicherheit sein." Hört zu! Fasma´un! Sagt! "'Innahu Min Sulaymana Wa 'Innahu Bismi Llahi r-Rahmani r-Rahimi" Prophet Sulaiman (as) herrschte über das Herrschaftsgebiet der Dunya. Der Osten und der Westen waren unter seinem Kommando, Menschen und Jinn befolgten seine Befehle. Womit? "Innahu Min Sulayman Wa 'Innahu Bismi Llahi r-Rahmani r-Rahim" Das Bismillahi r-Rahmani r-Rahim war in seinem heiligen Brief. Er regierte damit über Mensch und Jinn. Habt ihr das vergessen? Das habt ihr nicht. Sie haben es euch nicht gelehrt. Mögen die, die es euch nicht gelehrt haben, verschwinden! Wer nicht Bismillah lehrt findet nichts Gutes. Sie bekämpfen einander, und sie werden kämpfen. Es gab dort einen Mord, einen anderen anderswo, eine andere Tötung fand statt... Das ist weil es keine Gnade in ihren Herzen gibt. Bismillahi r-Rahmani r-Rahim kleidet uns mit dem Gewand des Mitgefühls. "Wie geht es dir?" "Ich fühle mich erschöpft." "Was machst du?" "Ich nehme Pillen." Lasst diese Pillen. Diese machten sogar den Sheikh verrückt, ließen ihn die ganze Zeit Pillen schlucken. Nun ist er wieder bei Kräften und schreit euch an. Warum sagt ihr nicht Bismillahi r-Rahmani r-Rahim? Bismillahi Shafi, Bismillahi Kafi, Bismillahi Muafi, Bismillahi r-Rahmani r-Rahim. Wie wunderbar, wie wunderbar, wie wunderbar. Welch ein Glück es gibt! Und es lässt keine Faulenzer sein. Es lässt auch keine hässlichen Leute geben. Was ist die Sorge der Menschen heutem Sheikh Mehmet Efendi? Die Frauen

sagen "wir müssen schön aussehen" und Männer sagen "wir müssen gut aussehen". Nun ist das die ganze Sorge der Menschen. Die Männer streben nach gutem Aussehen. Und Frauen streben danach, schön zu sein. Das ist nicht richtig, oh Sohn. Es geht nicht mit dem auftragen von Make-up. Sie sagen "wir machen Sport".

Ich fragte sie "Was tut ihr, warum rennt ihr?" Er sagte "Das ist Sport, Sheikh Efendi." Ich fragte "Was ist der Nutzen?" "Damit unser Körper erfrischt wird". Nun, die Tiere rennen auch den ganzen Tag herum. Die Tiere rennen herum, also könnt ihr auch zur Kategorie der Tiere zählen. Schämt ihr euch nicht, draußen in der Straße in eurer Unterwäsche herumzulaufen? Seid ihr ein Tier, dass ihr in den Straßen herumlauft ohne Unterwäsche? Ihre Männer und Frauen laufen ebenfalls in ihren kurzen Unterhosen herum. Und sie schauen nach rechts und links. "Habt ihr Bismillah gesagt?" "Nein." "Dann geht nicht zu nah ans Meer, ihr könntet hineinfallen" sagte ich zu einem von ihnen. Am nächsten Tag hörte ich, dass ein Mann ins Meer gefallen war und sie ihn nicht retten konnten. Das Bismillah. Allahu Akbar. Es ist das Heilige Wort, mit dem Allah der Allmächtige Seine Diener beschützt. Es kam auf den Propheten herab und es kam permanent auf uns herab; das Volk Muhammads (sas). Ihr solltet es lehren. Wenn nicht, werden eure Bemühungen umsonst sein und eure Kinder werden nichts lernen. "Nun, wir sind so." Wenn ihr so seid, dann bleibt so. Ihr könnt nicht aus der Tierwelt heraus. Die die nicht Bismillah sagen sind in der Welt der Tiere. Selbst Tiere haben ihr eigenes Dhikr aber die unwissenden Leute haben kein heiliges Wort in ihren Mündern. Flüche, schmutzige Worte, hässliches Gerede, davon ist ihr Mund voll. Sie haben ihren Mund zum WC gemacht! Jedes ihrer Worte ist Schmutz. "Habt ihr kein gutes Wort?" "Hier, ich spreche es" sagt er. Was redet er? Sprichst du WC Sprache? Sind diese Worte angemessen für dich, dass du fluchst und schimpfst? Warum erinnerst du dich nicht an den Namen Deines Herrn, so dass du sauber wirst? Sie sagen "Das heißt Sport, wir laufen." Ich schaue sie an; manche von ihnen gehen schnell, manche gehen langsam. Die die schnell sind sind wie Pferde, die anderen langsamen sind wie Esel. Sie auch, die Armen, rennen wie Esel, nicht wie Pferde. Wir sollten zur Menschlichkeit kommen! Ohne Bismillah zu sagen kann der Mensch nicht die Grenze zur Menschlichkeit überschreiten. Ein Prophet kann kein Prophet sein ohne Bismillah. Ein Wali kann kein Wali sein ohne Bismillah. Der Mensch kann nicht Mensch sein ohne das Bismillah zu rezitieren. Oh Könige! Wenn ihr zu eurem Thron kommt, sitzt und dann stellt euch auf eure Füße: Bismillahi r-Rahmani r-Rahim. Oh unser Herr, Du hast uns in das Gewand der Großartigkeit in der Dunya gekleidet. Wir sind Deine schwachen Diener oh Herr. Wir sind nicht anders. Wir sind schwache Diener. Wenn uns die Kleider, die wir tragen, die Throne auf denen wir sitzen, Größe verleihen, dann wollen wir diese Größe nicht." Er sollte aufstehen und zu seinem

Volk, das dort anwesend ist sagen "Oh Jama'at! Hört auf das was der Glorreiche Herr sagt: "'Innahu Min Sulaymana Wa 'Innahu Bismi Llahi r-Rahmani r-Rahim." Der Prophet Sulaiman, der Mensch und Jinn beherrschte, rezitierte das Bismillah. Allahu Akbar. Die Leute haben das vergessen. Sie haben keine Arbeit, keinen Adab, keine Disziplin, es gibt auch nichts Gutes in ihrer Erziehung. Oh unser Herr, Tawba Ya Rabbi. Tawba Ya Rabbi. Eine Person kann nicht mit einer wilden Eigenschaft gekleidet werden, nachdem sie Bismillah gesagt hat. Sie behaupten, Menschen zu sein. Aber Menschen schneiden, töten andere Menschen. Sie töten. Welche Rechtfertigung, welches Recht habt ihr, zu töten, das Leben zu nehmen das Allah gegeben hat? Der Heilige Koran führt auf, wofür die Todesstrafe gilt. Niemand hat das Recht, eine andere Person ohne offensichtlichen Grund zu töten. Diejenigen die die Leute angreifen, die Allahs Diener töten, ohne zu schauen ob sie alt oder jung sind, die Tiere töten, Insekten, alles, sollen aufhören. Dies ist eine Himmlische Warnung, denn sie zielen auf die Zielscheibe. Sie zielen auf die Zielscheibe denn sie feuern nicht mit Bismillah. Wenn sie mit Bismillah feuern würden, würde es ihnen nützen. Aber weil sie ohne Bismillah feuern, zerstört es alles was in seinem Weg ist. Sie werden leiden wenn sie sie Dunya verlassen. Sie werden im Grab leiden. Möge Allah uns nicht das Nur des Bismillahi r-Rahmani r-Rahim entziehen. Das ist es. Wa Dhakkir! Es heißt "Erinnern". Fa'inna dh-Dhikra Tanfa`u l-Mu'minin. Es nützt den Gläubigen. Wenn es nicht nützt, lasst sie! Lasst sie einander bekämpfen. Wie werden entweder Menschen sein oder wilde Tiere in den Dschungeln, denen in ihren Gräbern immerzu Schlangen und Drachen folgen. Sie werden sie fressen, sie fressen, sie fressen... Ihre Folter wird endlos sein. Möge Allah uns davor beschützen. Oh Menschen! Vergesst nicht das Bismillah. Wenn ihr das Bismillah vergesst, dann vergesst nicht das Grab. Morgen könnten sie auch euch ins Grab legen. Und auf euch werden sie zwei Fuhren Erde aufhäufen. Also bereitet eure Antworten darunter vor. Sagt Bismillah und seid geschützt. "Lügt nicht, esst nicht was haram ist", unsere alten Leute sagten es so. "Lügt nicht, esst nicht was haram ist, betet die fünfmal und rettet euch. Und sagt Bismillahi r-Rahamni r-Rahim." Wie schön. Wie wunderschön diese Worte sind. Möge Allah uns das nicht vergessen lassen. "Fala Tansa" (87:6). Allah der Allmächtige sagt "Vergesst nicht. Rezitiert den Heiligen Koran, das Wort Allahs." Sie lehren all diese unnützen, blödsinnigen Dinge in den Schulen. Die Kinder verstehen nichts und lernen auch nichts. Sie werden im Grab leiden. "Komm jetzt her, du. Was hast du die Kinder gelehrt?" "Nun, wir haben sie das gelehrt was uns von der Regierung gegeben wurde." "Wo ist eure Regierung?" "In solch einem Ort." Kein anderes Volk wird die Folter und Erniedrigung erleiden, durch das sie am Tag des Gerichts gehen werden. Die Leben derer, die versuchen, Islam durch etwas anderes zu ersetzen, werden mit Erniedrigung in der Dunya enden, und im Grab werden sie in Feuer und Folter fallen. Wendet euch davon ab,

was ihr tut und lehrt den Heiligen Koran. Wir brauchen keinen englischen oder deutschen Sprachunterricht. Sie halten Waraqa in ihren Händen, sie nennen es Notenbericht. Ich schaue es an: Dort ist Türkisch, Englisch, Deutsch, Französisch... was sind diese Dinge, die sie lehren? "Das ist um die Leute zu betrügen, um zu sagen 'schau, was wir eure Kinder lehren'". "Wir lehrt ihr, umsonst?" "Natürlich nicht! Wie kann es umsonst sein?" "Wir melken sie, lehren sie und dann geben wir ihnen ihre Notenübersicht: 'hier, du bist ein guter Schüler, du bist ein schöner Schüler. Du solltest das studieren...'" Ich frage die Kinder, "Was habt ihr gelernt?" Ich frage sie zum Beispiel, "kommt die Wolke von oben herunter, oder steigt sie von der Erde hinauf?" Niemand kann antworten. Sie können nicht sagen "Wolken kommen von oben herunter." Oder sie können nicht sagen "Sie steigen von unten nach oben auf." Manche Dumme sagen "Wasser verdunstet von den Ozeanen und bildet Wolken..." Wenn es aus Wasserdampf entsteht vom Meer, sollte es dann im Sommer nicht mehr sein? Es kommt herab mit Allahs Befehl! Millionen Tonnen machen den ganzen Kontinent weiß: der Schnee häuft sich an in Handbreit, ein Meter, zwei Meter... Wie kommt er herauf in den Himmel, wie kommt er herunter? Das lehren sie nicht. "Hier, der Schnee kommt. Und es regnet, es schneit, es hagelt..." Möge es auf ihre Köpfe hageln! Es wird Löcher in die Köpfe derjenigen bohren, die nichts über Allah lehren, eines Tages. Oh Herr, mögest Du uns Deine schönen Diener senden, die uns die schöne Dienerschaft lehren werden die Du von uns verlangst. Wir sollten auch Bismillahi r-Rahmani r-Rahim sagen, zumindest sieben Mal. Oder 40 Mal, oder 70 Mal, oder 100 Mal, sagt Bismillahi r-Rahmani r-Rahim und die verschlossenen Türen öffnen sich. Schwierigkeiten werden von euch genommen. Euer Nur und euer Wohlergehen werden mehr und mehr. Fürchtet euch nicht. Vergib uns oh Herr, zu Ehren Deines Geliebten. So lassen sie uns sprechen. Wie schön ist das Bismillah. Wir mögen Bismillahi r-Rahmani r-Rahim sagen. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Lehrt das die Kinder. Tawba Ya Rabbi, tawba Astaghfirullah. Möge Er (swt) uns oder unseren Kindern nicht die Wunder des Bismillah entziehen. Lehrt es und fürchtet euch nicht. Wa min Allah at-tawfiq. Dies ist eine Sohbat. Es ist ein Wort das wir für die gewöhnlichen Leute sprechen. Wir haben auch Worte um zu anderen auf eine andere Weise zu sprechen. Möge Allah uns nicht beschämen, oh Herr. Tawba Ya Rabbi, tawba Ya Rabbi. Wir mögen Bismillahi r-Rahmani r-Rahim sagen. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Möge Allah es uns nicht vergessen lassen. Oh Könige! Steht ihr auch auf euren Füßen, nachdem ihr auf eurem Thron gesessen habt und rezitiert das Bismillah. Dann seid ihr in Sicherheit. Sonst gibt es Furcht für euch. Für sie gibt es ebenfalls Furcht. Lehrt das Bismillah. Fürchtet euch nicht. Möge Allah uns nicht das Bismillah entziehen. Mögen wir Kraft finden. Das Bismillah hat die Macht, ihre Waffen und Kanonen zu stoppen, und tausendmal

mehr. Allahu Akbar. Balqis fürchtete sich nicht vor Sulaiman, aber sie fürchtete sich vor "Wa Innahu Bismillahi r-Rahmani r-Rahim". Sie erzitterte nicht vor den Soldaten Prophet Sulaimans, sondern vor dem Bismillah, und dann ergab sie sich. Wenn die Soldaten maschieren, "Bismillahi r-Rahim r-Rahim. Bismillahi r-Rahim r-Rahim"... Warum sagt ihr nicht Bismillah anstatt in den Straßen zu laufen und zu schreien? Warum schreit ihr in den Straßen, wie Tiere die aus dem Stall ausgebrochen sind? Geht zur Moschee! Sagt, "Oh Herr, zu Ehren des Bismillahi r-Rahmani r-Rahim mögest Du uns beschützen!" Ihr braucht keine Waffen oder Flugzeuge. Es wirft das was die Flugzeuge abwerfen, an andere Orte, oder lässt es zurückfliegen auf sie selbst. Bismillahi r-Rahmani r-Rahim ist die Quelle der Wunder. Wa min Allah at-tawfiq. Oh Herr mögest Du uns nicht beschämen. Gib uns Kraft, wir sind schwach geworden. Tawba Ya Rabbi, tawba Ya Rabbi. Fatiha. Oh Gelehrte der Al-Azhar, oh Heilige, warum macht ihr keine Fatwa? "Wer immer dort als Präsident sitzt, dessen Führung ist nicht akzeptiert, bis er nicht Bismillah sagt. Er kann kein Herrscher über die Menschen sein." Gebt so eine Fatwa, schreibt es: "Wer immer von ihnen nicht Bismillah sagt, dem soll nicht gehorcht werden. Seine Bosheit verdirbt die Leute." Gebt solch eine Fatwa, fürchtet euch nicht. Fatiha.

## 70,000 Veils Before the Muhammadan Presence

Allah Allah Dastoor ya RijaalAllah.

(Mawlana Shaykh stands up)

Stand up. We must stand up for our Lord's praising.
Allahu akbar, Allahu akbar, Allahu akbar, Allahu akbar, Allahu akbar
Allahu Akbar wa ajjal wa `azham Rabbuna jalla wa `ala

Whole praisings and whole glory for the Lord of Creation, Allah Almighty. O our Lord! Forgive us. O our Lord! Blessing us, O our Lord! Let us to understand something and to follow, as we gave to You our oath that we are Your servants. Let us to be always Your servants, not follow anyone else and also we are giving our highest salutes and greetings and honoring to the Seal of Prophets, most beloved servant of Allah Almighty in His Divine Presence and His absolute deputy of Allah Almighty. Everything must give their salutes for the deputy of our Lord Allah Almighty.

One king must be. May be only one deputy, can't be two. And for Allah Almighty He has only one deputy. From pre-Eternal up to Eternal, can't be changed. Therefore, whole greetings, whole honoring, whole

glorifying and most high respects to that one. And for his honor Allah Almighty is creating whole Creation from pre-Eternal up to Eternal. And for his honor, Allah Almighty, He is not in need to be with anyone, but His deputy can't be alone. He is creature; that is Creator. Creator has no need for anything, but creature... Therefore to be uns, familiarity for His deputy, absolute deputy. Must be. Therefore, He created whole Creation for the honor of Muhammad (s)!!

(Mawlana Shaykh sits) Allah Allah, Allah Allah, Allah Allah

Peace be upon him. Whole greetings and glorifying that belongs to Creation just granted to him, and he is giving. He is an ocean that no one can understand his distance or his ocean's limits. Unlimited, also, for unlimited One. Absolute Unlimited One, His deputy had been granted also on his level, unlimited Creation. Creation, Allah Almighty granting always to him. That is a very fine point that may be understood only through the highest level of friends of the Prophet (s).

Dastoor. Astaghfirullah, astaghfirullah, astaghfirullah, astaghfirullah.

And according to high command of Allah Almighty. because there is high command, higher command, highest command! Highest command, only One! Ya Sayyidee, ya RasulAllah, countless salutes, countless honoring, and countless glory for you, from Allah Almighty to you. Our greetings or glorifying going to be like an atom or less through an endless Glory Ocean when Allah Almighty is granting to him. Where are you, Salafi ulema?! Where are you, Wahhabi people?! You can't carry to say, one ummah, "As-salaatu wa 's-salaamu `alayka yaa RasulAllah!"? You are not ashaming to say, "Haraam!"? But you are on a level that is going to be level of animals. And animals, they are not accepting them because animals are giving their honor to the Seal of Prophets (s). May Allah give us a good understanding. Understanding is a light granted from Allah Almighty to His most honored and glorified one in His Divine Presence.

Therefore, I am ashaming to say "servant" because on that level, king can't be with a servant. Sultan, how can he be sitting with his servant? No, can't be sitting with his servant. No! Must be granted such a highness and honor or glory that he may be in Divine Presence to speak to Him and He speaks to him. 'Ajaib (strange), people thinking that what they are learning is something. What is that? What you are learning ? If not learning such a point, that is very fine point, can't enter anyone with his physical being, even with their spirituality.

Once Sultan ul 'Arifin, Abu Yazid he was saying, "Once coming to me to approach from Haqiqatu 'l-Muhammadiyah, salawaat. I asked and answer coming, 'You can't be, you can't do that.'" Even though he was saying, "I intended to approach," his approach was just cut. "Just an opening coming to me, I am looking that Haqiqatu 'l-Muhammadiyah (s) surrounded by 70,000 oceans from noor." Protection from common creation, veiled Haqiqatu 'l-Muhammadiyah, veiled for everyone and for every creation, including Jibraa'eel (a), Mikaa'eel (a), Asraa'feel (a), `Azra'eel (a) and Hamalatu 'l-`Arsh (angels who carry the `Arsh) and all mala'ikah. Veiled, because if one opening, coming now. One curtain, if open. Abu Yazid asking to move towards first veil, and coming a heavenly announcement saying, "O Abu Yazid, qif (stop)! If one step more, you should be burnt and it is impossible to come to existence once again." This 70,000 veils towards Creation, towards creatures, veiled from Haqiqatu 'l-Muhammadiyah.

(Mawlana Shaykh stands) Alfu salaat, alfu salaam. We are saying nothing for your honor, forgive us.

(Mawlana Shaykh sits) Allah Allah.

Therefore, towards Creation. And also 70,000 for Divine Presence, it is also. He was veiled not to approach more than this, at least limit of his Lord, his Creator, Allah Almighty (swt). (Mawlana Shaykh stands, then sits) Those veils not like veils that are between Noor Muhammadi (s) and Creation, no. Each veil 70,000 to 70,000 for protection. He is Allah Almighty. (Mawlana Shaykh stands) Allahu akbar wa lillahi 'l-hamd! Ya Rabbuna! (Mawlana Shaykh sits) Allah Allah, Allah Allah, Allah Allah. La ilaaha illa-Llaah (Mawlana Shaykh stands) Sayyidina Muhammadun Rasoolullah (s). (Mawlana Shaykh sits)

Oooohhhh. We are losing a big chance, perhaps the biggest chance through this life. And people going to be through an ocean, never knowing its beginning or ending. They are not going to, each fish asking to be an ocean. Therefore, a fish, when it is through an ocean is opening its mouth. Not like this, open..

One wali was asking to another, "Why fish making this?"
Second one saying, "You are asking some question that you are not knowing?"
"Yes sir, I am knowing but I am asking to make it, through maqamat taqriq." (someone suggests "realisation") More than this.
Second one's level was higher; therefore, he was saying, "I am understanding something but your

understanding is over mine."
And he was saying, "Its intention, opening its mouth, is to swallow whole ocean. Asking to swallow whole ocean." That means, it is asking to be ocean. If it is swallowing, going to be ocean!

Fish teaching you, O Man! O heedless Mankind! Look at everything with wisdom eyes. That fish is asking to reach whole ocean, to take it. And you are never taking any care to reach more noor from heavenly lights. And always you are happy to be through darkness of sewage channels. Get out, O Mankind! Get out and look! Where are you? What is up?! When you are getting out, look around at where you are and how are you going to keep yourself through sewage channels? Mankind is on zero point, just falling through technologia, through Antichrist. They are coming down, down, down. And those dajjals, antichrists, calling them, "Come down, come down, you should find deepest points. You should find treasures. Come, come, come." Because treasures just hidden from common people under earth; earth is covering. Therefore, saying, "Come down, come down, come down and see what is for you." And saying to them, Shaytan's teaching saying to them, "Look at Qaroon (note: a wealthy and greedy oppressor, cousin of Sayyidina Musa [a]). Don't believe that he is under heavenly anger. No." Because he was so harees, eager to find treasures. Therefore, the Lord of Heavens is sending him down to look, to reach more treasures. Shaytan making that happen in a way that people are not taking any lesson from that one's final position. Saying, "No, no, no, he was collecting whole treasures on earth and now the Lord of Moses sending him down to look for more treasures. Because under your feet, countless treasures. Therefore, he had been granted to reach, under earth, treasures."

O People! Come and listen. Come and give your minds for understanding. Such an announcement just reaching through our century because the Last Day is approaching. Behind door. Just reached, behind door waiting a new opening. That was the reason. And, people, that small fish asking to reach whole ocean, teaching people, "Look I am running to take more and more from this ocean." And you, O Man, that you have been granted a chance for reaching heavenly treasures, why you are not taking care? You think that what Shaytan saying for Qaroon, it is a real announcement for you? No! It is that Shaytan is cheating, asking to cheat people not to give any desire to reach heavenly treasures, making their eyes only on earth and under earth. Look and take your lesson from small fish asking to reach. It can't reach, but you, O Man, O Man, you have a characteristic or you have an attribute from your Lord that you never going to be full. Always you are going to be hungry, and asking more, "Hal min mazeed? (Is there no more?) O our Lord, hal min mazeed?"

"Take My servant, more and more endless."

Huuuuuuu Allahu akbar wa lillahi 'l-hamd!

O People! Sharpen your understanding a little bit. Through holiness peoples' advisings, a little bit time give for your Lord. You should be happy when you are leaving this imitated life. It is not a real life here. That is imitated life. You can reach to real life behind of spiritual people. According to your spiritual levels you may reach and follow the Seal of Prophets (s). You should reach to such an oceans that whole oceans going to be like an atom. Allahu akbar. Allahu akbaru 'l-akbar.

O People! Listen. This is a 20 minutes or half an hour association. What we are saying, so weak and so simple things. But reality's glory, when you are reaching Glory Oceans you should find such a beauty, such an honor, such a lightening you can't imagine and you should run hal min mazeed. "No more, O our Lord!" Giving. "Take, take, take, take." Therefore, who is reaching Paradise, he is never getting full. Hunger, but hunger in Paradise not like our animal being's hunger. No! No. No. It is one chance given to people to come here and we are so lucky ones that we have been brought from Unknown Oceans on this planet. And the Lord of Heavens asking to grant us. Grant us as through holy words of prophets, particularly holy words of the Seal of Prophets Sayyidina Muhammad (s). (Mawlana Shaykh stands, then sits)

Allah Almighty saying, "These people on this planet, that when they have been granted some more things from na'im ul dunya, favors of this life, , they are saying, "Oh our Lord's karam, generosity," and He is saying, "O My servants, yet you have not reached dar ul karamati (abode of generosity). You have not reached yet the Paradise that I granted to you forever. Dar ul karamati that I am giving, giving, giving. My generosity you should find it, you should know it, you should taste it. You should enjoy it when you are coming to My dar ul karamati, generosity through My karam." Generosity now here, no, nothing. You should find there.

Therefore, Allah Almighty, when His servants coming through His Generosity Oceans, generosity dominions, you should see, you should taste, you should be enlightened, you should be honored, you should be enjoying endlessly. "Here nothing," saying Allah Almighty. "Therefore, don't be cheated for a very short life on this planet. I am inviting you to dar ul karamati, to My endless generosity Paradises, Jannatu na'im, you should find that there."

As-salaamu `alaykum, O our listeners. We are not beginning yet but time is over. Yet I am not speaking to you to say as-salaamu `alaykum and yet I am not saying a`oodhu billahi min ash-Shaytaani 'r-rajeem because that power from takbir and salute to the Prophet (s) making Sadanas, Shaytan to escape and that means a`oodhu billahi min ash-Shaytaani 'r-rajeem when coming so many real Power Oceans opening one spot, giving to me such a power as a bismillahi 'r-Rahmaani 'r-Raheem going give to you and we are saying bismillahi 'r-Rahmaani 'r-Raheem.

May Allah forgive us. Huuuuuuu. O our Lord, forgive us. We are heedless people, we are ignorant people, we are idiot ones if we are not understanding and thinking. O Baba di Roma, Pope of Rome! And where is cardinals? Where is Christian holy ones? Where are you, Chief Rabbi and other rabbis? If you are saying I am saying something wrong, say what is true. You say what is true, I shall listen. If not, listen. That is something from heavens to make people to leave to kill each other, to be suitable for dressing honor of deputy, "deputyness" in the Divine Presence.

O People! Try to prepare yourself. But we are now 24 hours, slaves for Shaytan, slaves for dunya. It is not true what technology teaching us, to run away from our Lord's Divine Presence. Technology is a trap from Shaytan to make the sons of Children of Adam to go with him to hells. Don't obey Shaytan but try to obey prophets, holy ones of the Lord of Heavens. May Allah forgive us.

Dome, dome, dome, dome 3x

Your forgiveness, O our Lord. Send us who can teach us truth, send us true ones whom they are knowing what is truth and let them to carry us to truths, to guide ourselves on truth. You are able for everything. We are weak ones. We need such special servants to be with us, for guiding us to real Reality.

Fatihah. (Mawlana hums a bit)

Last night we were laughing too much, tonight making you to think about something. Allah Almighty if asking to make His servants happy, may do and they are laughing. If He is asking to make them sad, they are crying. May Allah forgive us.

(45 minutes)

(Mawlana smiles) They know. We don't know. Subhaanallah. Thank you O Allah Almighty. Thanks to Allah

(Mawlana makes sajdah) Allahu akbar

Shukr yaa Rabbi. Amaan yaa Rabbi 3x

(325 viewers on livestream)

It is a working day, people are busy with dunya. Allah makes us to wake up. Wake up! Slowly east and west, north to south millions hearing now. Important, awliyahs also taking now and hearing. Welcome to you. Subhanallah

## Shadow Beings

Allah is the Great. Absolute greatness belongs to Him and absolute real existence belongs to Him. We are shadow beings. We are not real beings, but shadow beings. Not the kind of shadow which you can see when the sun is reflecting. You think that the image you see in the mirror is you, but you cannot touch it or feel it. When you disappear, so does the image. It does give you some understanding about yourself. If you would not see the reflection in the mirror, you would not know at all how you look. Your eyes can see everything except yourself. You can see your body, but your identity is in your face. This is why your identification on a photograph is always your face. You will not be known by your legs, hands or your belly!

You are known by your face. Someone once said, "If I look at the backside of a man's head, I can easily know about his mind, if he is clever or not." So then, what about his face? His face is like a book of his personality. By seeing his face I can understand everything. Nowadays when you buy a new machine you will get an instruction booklet with it. In the same way there are people who look with Divine Lights. Most people just look, they don't see. The ones who are able to see, must be equipped with Heavenly Lights, like Holy People. They look, see and recognise the identity of people, can tell you who you are and for which purpose you have been created. They are real guides, they have x-ray vision.

Your identity is on your face but you cannot see it. You need a mirror to be able to arrange your physical and

your spiritual life. For both sides you need a mirror, a guide. Without a mirror you are like a blind person. The mirror will make regular check-ups with you, physically and spiritually. People run to have check-ups on their physical bodies. But they only make very short check-ups on their spiritual beings. A spiritual check-up includes a physical one. It covers everything, like the atmosphere. If you are in it you can see your atmosphere, as well as your world. But if you are only in the world, that is all you will see. This is why the spiritual check-up is the most important one. But people are not interested in such things. They run to their physical check-up which gives them nothing.

We need to have a look at ourselves. When you do, you check-up the reality in which you are. You will find out what you need, should you be invited to the Divine Reality. The first mirror of checking-up our spiritual beings are prophets. After that their deputies, the companions. Then all the Holy People, the Saints. If you don't find any of those, you will come and go without knowing about yourself. You may be in the Divine Presence bringing a disliked image of yourself causing others to run away from you, hate you, swearing at you or even attacking and cursing you. The angels will ask you, why you didn't use your long life to have yourself checked. Allah is the real existence. He has no shadow. He is unique.

## Shah Mardan

Madad Madad, Madad Madad,Madad Madad Ya Sahiba-l Imdad. You have many servants O Lord, who can shake the world. If You order even an ant, an ant can shake the world too. As-Salam Alaikum Ya Shah-e Mardan. O Shah-e Mardan!If Shah-e Mardan kicks the world, he can throw it like a ball. He is also the Shah of all fields: Hz Ali ibn Abi Talib,RadiyaLlahu Anhu, KarramaLlahu wajhahu. Masha Allah. O Shah-e Mardan! There are the servants who will throwaway shaytan and the dirty things he does and make the earth clean.
Who is shaytan anyways? What power does shaytan have? He has no power but only a claim. He claims "I am this, I am that. I make them do this, I make them do that". You only make a mess!
My Lord (jj). Allahu Akbar! May we remember Your Name first, O Allah. Stand up. May we expand, may we find strength. Being lazy is for the unbelievers. Fear is for the unbelievers. Marhaban O Shah-e Mardan. He is the Shah of the brave ones and also the shah of the fields. He is the shah of the field of bravery: Sayyidina Ali, Shah-e Mardan. Men and jinns tremble hearing his name. Shah-e Mardan. Hz Ali ibn Abi Talib, RadiyaLlahu anhuwa KarramaLlahu wajhah. Masha Allah. Masha Allah. Subhan Allah. Madad Ya Shah-e Mardan!Reach us. We will destroy the unbelief!Shaytan is trembling. When he hears the name of Shah-e Mardan Sayyidina Alishaytan's all 32 bones tremble. Shaytan's claim is that "I am the shah of this field". Who are you? Even if there are 1 million shaytans like you, you have no value. O Shah-e Mardan. Hz Ali ibn Ab Talibin (ra). He is the son of our Prophet's uncle, he is the lion of the lions. Allah Allah!Allah Allah!Marhaban O Shah-e Mardan, and the Sultanu-l Maydan. He is the Shah-e Mardan and Shah-e Maydan also. O our Sayyidina Ali Effendi, lion of the lions! Ya Shah-e Mardan, Masha Allah. Dastur Ya Rijal Allah, dastur. We are remembering the name of

Shah-e Mardan who our Prophet loved. Pull yourself together! May today be a holy day. Welcome to you, O beloved ones, O beloved friends. This is the morning sohbat. May our hearts open, be they relieved. May we be filled with Nur; our external and internal. May our day be enlightened also, and fear be away from us. A person who knows Shah-e Mardan and who has love for him does not get stressed or left in hardships. Be careful! Don't make false claims, references (isnad), about Shah-e Mardan. He is such a lion that no one can be able to describe him. Many people say:"We belong to, we follow Hz Ali, the lion of Allah". They speak empty words. If they follow him, they would look human. They would run for worship and 'ibadah. They would not run after dunya. Who run after dunya don't follow Hz Ali. Sayyidina Ali never ran after dunya! O who call themselves "Alawi"!You are a thousand years away from being Alawi!Sayyidina Ali, AsaduLlahu Ghalib! He is the undefeatable lion of Allah!
Many people say "I am Alawi". This is an empty claim. The lion of Allah never. . . A lion never eats carcass. A lion eats what it hunts, doesn't eat what others hunt. Lion doesn't eat carcass either. A lion is a lion. How beautiful. Let us give Salam:O beloved friends, O our beloved ones. Who are the beloved ones? They are who love the lion of Allah. Who love the lion of Allah, they are the beloved ones. Masha Allah. Let us gain some honour at least with his name. They say "Alawi" but run after dunya. What is dunya? Dunya is carcass. They fight for dunya; Iranians, Kurds, Turks. They say "We are Alawis". What Alawi? Did the lion ever run after carcass?AsaduLlahu Ghalib!Hz Ali, ibn Abi Talib. Ah that holy one! What a beautiful, what a majestic lion is he! He will appear at the end of times and finish all the false Alawis and others. Marhaba O Shah-e Mardan. Ali ibn Abi Talib, the son of the Prophet's(sas) uncle. What did he teach you? Did he give you permission to dance, women and men mixed? Aren't you ashamed to do dabke, men and women together? Did Sayyidina Ali ever do it? From where did you invent this? Aren't you ashamed to say then "We are Alawi"? Hasha, thumma kalla! A beating will come on you because of your false claims. To make dabke and dance men and women mixed: if he taught you to do this, ok then, you have the right to do it.
What did Allah Almighty (jj) order for women? "Wa Qarna Fi Buyutikunna" (33:33). He (swt) said for women "Stay in your homes. Be the ladies of your homes. You are jewels, conceal yourselves. Don't present yourselves to the dirty, bad glances. Don't come into the sight of shameless men, or you will suffer in your graves". This is a bombardment on those who have

empty claims, saying "We are Alawi". It's the way of who don't know Shari'at. Shaytan invented so many things. Being "Alawi" is not what they do. Being Alawi is, if they are Alawis they don't sheathe their swords, don't dismount their horses and don't turn back to their homes without finishing the unbelievers. What is this empty talking? All people became Alawis. What Alawi? Hz Ali will give your punishment when Hz Mahdi (as) comes. You will get countless beatings. They dojam' gatherings men and women together. From where did you get this jam' gathering? Did Hz Ali ever do this? What is this disgrace? Fear Allah! Thunder bolts may fall on your head. You corrupt Allah's Shari'at and go after shaytan's invention? Did Sayyidina Ali dance doing dabke with women? Hasha! Sayyidina Ali chased the unbelievers riding on his horse. He chased the soldiers of shaytan. His mission was this. Sayyidina Ali, remember his name when you have ablution, Sayyidina Ali. Don't say "I am Alawi"!Sayyidina Ali will cut your head off. He will cut their heads off. Keep the Shari'at and don't do what Sayyidina Ali didn't do. Everywhere is filled with corruption, lies, deceits and the inventions of who follow shaytan. The five pillars of Islam: Prayer (Salat), fasting (sawm), hajj, zakat (Charity), iman (Shahada).

They have no prayers! They don't have on their heads what Sayyidina Ali put on his head. What they dress is the dress of Europeans. They look like unbelievers, they are proud of it. They wear jacket and trousers, they also wear the bridle around their necks which they call "tie". It is the bridle that shaytan invented to collect his followers. Why do you wear that tie? What does it mean? Did the lion of Allah wear tie? Did he wear hat? Did he wear jacket and trousers? Tell me! How are you Alawi? Sayyidina Ali, our Shah-e Mardan! He is the Nur of our eyes. Open your eyes! I will teach you all your lesson! One holy person can take care of the mall but they keep quiet, saying "Leave them, they are not worthy of addressing. They follow their egos, they are attached to shaytan".

Man tashabbaha bi qawmin fa huwa minhum. Our Prophet, Sultanu-l Anbiya (sas)says "Who a nation, a person resemble, he is from them". Do you have any man left wearing Islamic dress in the huge Ottoman land? Say! Where is the flag of Ottomans? Where is the alphabet of Ottomans? Where are the armies of Ottomans? Did the Ottoman armies dance with dabke? Did the lions of Ottomans who reached to Venice danced doing dabke? Or did they recite the Gulbank-e Muhammadi? Say for Allah, Kilicdaroglu! Your head is not covered. Your moustache is not proper. You shave and then you say, claim "I am this, I am that". With what right? Why

do you show up in public wearing a tie? Come and see the dress of Sayyidina Ali,Shah-e Mardan, put a dagger in your belt. What is a gun? A gun does not scare anyone but a dagger does. Our Prophet (sas) says "Carry the iron". What he means with the iron is not the iron you use in construction!
O you who say "We are Alawis". You build Nimrod towers reaching up to the sky and then say "We are Alawis". How many floors did the house Sayyidina Ali lived in have? You won't listen to these words? Sayyidina Ali said "I am coming!"Shah-e Mardan said like this, I heard it too. He said "I am coming. I am sharpening my sword. Because there will no heads left that my sword won't cut off! I am coming to clean the ones who leave the way of the Beloved of Allah, the Master of the Creation". Beware! You will be destroyed. Don't dance doing dabke one more time! Your names will be written. It is being written starting today. The names of all who do dabka will be written. Not one of them will reach S. Mahdi. They will never see the face of S. Ali, not in dunya or in in akhirah. You are the people who corrupted the Shari'at of Allah.
Did the Prophet dance doing dabke?Did S. Ali do dabke? How did you invent such things? They are people who don't fear Allah or who feel shame before the Prophet. They say we are Alawi. What Alawi? "Huwa Sammakumu Al-Muslimina" (22:78). Allah Almighty called you "Muslims",didn't call you Alawi or such. Why don't you say "We are Muslims"? "No, we are Alawi" they say. If you are Alawi, you get nothing in the end and also you will get beaten. There is anger coming now! It is approaching, it is approaching. O Shah-e Mardan. May you send us from your holy line, from your children who will make us walk in your way. I just received an annoucement from Shah-e Mardan now: "Mahdi is my son. He will do the things you said". Take measures, prepare your shroud. If you don't correct your way, you won't even be able to find a shroud. It won't be like the cannons they fire, if Sayyidina Ali calls out loud from East to West "Ya Allah! "Jalla Jalaluhu.

"O Glorious Prophet! May we be sacrificed in your way". He will march. Let Europe stand in his way, let US, let Russia stand in his way. Whichever nation is man enough, let them face him. This is a bombardment on who say "We are Alawi". Correct your way or Sayyidina Ali will make nine heads fly over his sword. Shah-e Mardan. Marhaba O Shah-e Mardan. We also have our chain reaching to him. I am ashamed to say but we also have a connection with the Shah-e

Mardan. A speck of that majesty and anger also reaches to this poor servant to call, to address. Islam is a fortress that can't be destroyed. Unbelievers are jealous of Islam. They invented all kinds of cannons. Not for each other but to remove Islam. But we removed Islam ourselves! We removed it but they will remove you, they will cut you off from your roots. They will cut the ones who remove the way of Allah from their roots.

Beware O shaved men! O who wear trousers and jacket and who wear tie! Who dress up and show off themselves in the parliaments. This is no joke. It is approaching. Sayyidina Ali cuts off 40 heads with one hit of his sword! O beloved ones, Marhaba. Let us say Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah hasni. Wa mandakhala hasni, amin min adhabi. La ilaha illa Allah is My strong castle, says Allah Almighty. Who enters in it will be saved, in dunya as well as in akhirah. Hear this word! Don't dance, don't dance like ladies belly dance!

Don't say "We are Alawi". Sayyidina Ali's sword stands on your neck, KarramaLlahu wajhahu. The lion of Allah. O Shah-e Mardan! How majestic are you. How majestic are you. Allah Almighty invited the Prophet (sas) in His Divine Presence on the Night of Mi'raj, the Divine Presence of the Lord of Heavens. Allah Almighty said "O My Beloved! O My Beloved. You went around My Malakut all this time and came here. Did you get any majesty come to you from anything?" "O our Lord Who knows everything. I didn't see anything majestic but only when I was called to Your Presence, I saw a lion there. I trembled with one look of that lion "said the Master of Both Worlds. "O My Beloved, do you know who he was?" "O Lord, You know". "That is the son of your uncle, Ali ibn Abu Talib. He is My special servant. It is the majesty that belongs to him! "His one look can destroy seven worlds! Our Prophet saw his majesty. He said "I saw a majestic lion. I had goose bumps in fear". "Did you know who he was? He is the son of your uncle. Sayyidina Ali". Sayyidina Ali did not go inside. He was at the door. Who was accepted in the Presence is our Prophet. O who say "we are Alawis", pull yourselves together! Or the sword of S. Ali's can make the heads fall from East to West in one swing.

O our Lord, our Subhan, our Sultan. May You make us from who keep Your way, don't make us from who go astray. O our beloved friends who are listening. Listen and you gain honour, you gain strength. Listen so that you don't run after the carcass of dunya. Let us say Allah! Ya Hu! May Salatu Salam be upon His Prophet. May it be easy for us to keep his Traditions. Who don't keep, who adorn their necks with ties, who shave their faces in the morning and in the evening,

you have no value. You have no value at all. The Sahibu-l Waqt who is coming will sweep and throw you away as the street cleaners do in the streets. Pull yourself together.

This is for everyone: Turks, Kurds, or Arabs. This is an address for all of us. O our Lord, may You forgive us. Shukur Allah. O beloved ones, O who love Shah-e Mardan. Get ready and attend. Be like Shah-e Mardan. Shah-e Mardan did not even hurt an ant of Allah. Is there anyone left that you didn't hurt? Is there anyone left that you are not enemies to? Then you claim "We are Alawis, we are Kurdish, we are Turkish" This has no value. Keep the way of Sayyidina Ali. It is the way of the Prophet. The way of the Prophet is the way of Allah. Shame to go to your parliament while your heads are uncovered. Shame to allow your women in your paliament. Is it allowed in the Shari'at of Allah to form a parliament with women? Did Sayyidina Ali dance doing dabka with women? What are you?
O Shah-e Mardan,I leave all of them to your judgement. May Allah not leave us to our dirty egoes. Wa LiLlah Al-Hamd. Marhaban O Shah-e Mardan. Marhaban O our beloved friends, O our beloved ones, O who accept the Truth. Let us say Bismillahi r-Rahmani r-Rahimand walk straight. If not, we become like trash. And there will come so many brooms to sweep the trash. May Allah not make us from that trash. May Allah make us from His honoured servants and from who follow them. Wa min Allahu tawfiq. Al-Fatiha.

**Shah Mardan**

Madad Madad, Madad Madad, Madad Madad ya Sahiba l-Imdad. Du hast viele Diener, o Herr, die die Welt erschüttern können. Wenn Du auch nur einer Ameise befiehlst, kann die Ameise die Welt erschüttern. As-Salamu `alaykum ya Shah-e Mardan. O Shah-e Mardan! Wenn Shah-e Mardan die Welt anstößt, kann er sie wie einen Ball werfen. Er ist auch der Shah aller Felder, Hz Ali ibn Abi Talib, Radiyallahu `anhu, Karramallahu Wajhu. Masha'Allah. O Shah-e Mardan! Es gibt die Diener, die Shaytan wegwerfen werden und die schmutzigen Dinge, die er macht, und die Erde reinigen. Wer ist Shaytan überhaupt? Welche Macht hat Shaytan? Er hat keine Macht, sondern nur einen Anspruch. Er behauptet, 'Ich bin dies, ich bin das. Ich bringe sie dazu, dies

und das zu tun.' Ihr macht nur eine Sauerei! Mein Herr (jj). Allahu Akbar! Mögen wir Deinen Namen zuerst erinnern, o Allah. Steht auf. Mögen wir uns ausdehnen, mögen wir Kraft finden. Faul zu sein, ist für die Ungläubigen. Furcht ist für die Ungläubigen. Marhaban, o Shah-e Mardan. Er ist der Shah der Tapferen und auch der Shah der Felder. Er ist der Shah des Feldes der Tapferkeit, Sayyidina Ali, Shah-e Mardan. Menschen und Djinn erzittern, wenn sie seinen Namen hören.

Shah-e Mardan. Hz Ali ibn Abi Talib, Radiyallahu `anhu wa Karramallahu Wajhah. Masha'Allah. Masha'Allah. Subhan Allah. Madad ya Shah-e Mardan! Komm zu uns. Wir werden den Unglauben zerstören! Shaytan zittert. Wenn er den Namen Shah-e Mardans, Sayyidina Ali, hört, zittern alle 32 Knochen Shaytans. Shaytans Anspruch ist: Ich bin der Shah dieses Feldes. Wer bist du? Selbst wenn es eine Million Shaytane wie dich gibt, habt ihr keinen Wert. O Shah-e Mardan. Hz Ali ibn Abi Talibin (ra). Er ist der Sohn des Onkels des Propheten. Er ist der Löwe der Löwen. Allah Allah! Allah Allah! Marhaban o Shah-e Mardan, und dem Sultanu l-Maydan. Er ist der Shah-e Mardan und auch der Shah-e Maydan. Unser Sayyidina Ali Effendi, Löwe der Löwen! Ya Shah-e Mardan, Masha'Allah. Dastur ya Rijal Allah, Dastur. Wir erinnern den Namen Shah-e Mardans, den unser Prophet liebte. Reißt euch zusammen! Möge heute ein heiliger Tag sein. Willkommen euch, Geliebte, geliebte Freunde. Dies ist das Morgensohbat. Möge unser Herz sich öffnen, erleichtert sein. Mögen wir mit Licht erfüllt werden, unser Äußeres und Inneres. Möge auch unser Tag erleuchtet sein und Furcht fern von uns.

Jemand, der Shah-e Mardan kennt und Liebe für ihn hat, wird nicht gestreßt und bleibt nicht im Elend. Seid vorsichtig! Stellt keine falschen Ansprüche, Bezüge (Isnad) über Shah-e Mardan. Er ist so ein Löwe, daß niemand in der Lage ist, ihn zu beschreiben. Viele Leute sagen: Wir gehören zu, wir folgen Hz Ali, dem Löwen Allahs. Sie sagen leere Worte. Wenn sie ihm wirklich folgten, würden sie menschlich aussehen. Sie würden zum Gottesdienst und zur Ibada eilen. Sie würden nicht der Dunya nachlaufen. Die der Dunya nachlaufen, folgen nicht Hz Ali. Sayyidina Ali lief der Dunya nie hinterher. O die sich Alawiten nennen, ihr seid tausend Jahre davon entfernt, Alawiten zu sein. Sayyidina Ali, Asadullahu Ghalib! Er ist der unbezwingbare Löwe Allahs! Viele Leute sagen 'Ich bin Alawit'. Das ist ein leerer Anspruch. Der Löwe Allahs... Ein Löwe frißt nie Kadaver. Ein Löwe frißt, was er jagt. Er frißt nicht, was andere jagen. Löwen fressen auch keinen Kadaver. Ein Löwe ist ein Löwe. Wie schön. Geben wir Salam! Geliebte Freunde,

unsere Geliebten. Wer sind die Geliebten? Sie sind die, die den Löwen Allahs lieben. Wer den Löwen Allahs liebt, sind die Geliebten. Masha'Allah. Gewinnen wir etwas Ehre wenigstens mit seinem Namen. Sie sagen 'Alawit', aber sie laufen der Dunya nach. Was ist Dunya? Dunya ist ein Kadaver. Sie kämpfen für die Dunya, Iraner, Kurden, Türken. Sie sagen, 'Wir sind Alawiten'. Was ist ein Alawit? Ist der Löwe je Kadavern nachgelaufen?

Asadullahu Ghalib! Hz Ali, ibn Abi Talib. Ah, dieser Heilige. Was für ein schöner, majestätischer Löwe er ist! Er wird am Zeitenende erscheinen und alle falschen Alawiten und andere erledigen. Marhaba, o Shah-e Mardan. Ali ibn Abi Talib, der Sohn des Onkels des Propheten (saws), was lehrte er euch? Gab er euch die Erlaubnis zu tanzen, Frauen und Männer gemischt? Schämt ihr euch nicht, Dabke zu machen, Männer und Frauen zusammen? Hat Sayyidina Ali das je getan? Woher habt ihr das erfunden? Schämt ihr euch nicht zu sagen, 'Wir sind Alawiten'? Hasha, thumma kalla! Schläge werden auf euch kommen wegen euerer falschen Ansprüche. Dabke zu tanzen und Männer und Frauen gemischt, wenn er euch lehrte, das zu tun, okay, dann habt ihr das Recht, es zu tun. Was befahl Allah der Allmächtige (jj) den Frauen? "Wa Qarna fi Buyutikunna" (33:33). Er (swt) sagte für Frauen: 'Bleibt in eueren Häusern. Seid die Frauen euerer Häuser. Ihr seid Juwelen, haltet euch verborgen. Zeigt euch nicht den schmutzigen, schlechten Blicken. Kommt nicht ins Blickfeld schamloser Männer oder ihr leidet in euerem Grab.'

Das ist ein Bombardement auf jene, die leere Ansprüche haben und sagen, 'Wir sind Alawiten'. Es ist der Weg jener,die die Shari'at nicht kennen. Shaytan hat so viele Dinge erfunden. Alawiten zu sein, stimmt nicht mit ihren Taten überein. Wenn sie Alawiten sind, stecken sie das Schwert nicht weg, steigen nicht vom Pferd und kehren nicht nach Hause zurück, ohne die Ungläubigen erledigt zu haben. Was ist dieses leere Gerede? Alle Leute wurden Alawiten. Was für Alawiten? Hz Ali wird euch strafen, wenn Hz Mahdi (as) kommt. Ihr werdet unzählige Schläge bekommen. Sie machen Jam' Zusammenkünfte, Männer und Frauen zusammen. Woher habt ihr diese Jam' Zusammenkünfte? Hat Hz Ali das je getan? Was ist das für eine Schande? Fürchtet Allah! Ein Gewitter kommt auf eueren Kopf. Ihr verderbt Allahs Shari'at und verfolgt Shaytans Erfindung? Tanzte Sayyidina Ali und machte Dabke mit Frauen? Hasha! Sayyidina Ali verfolgte die Ungläubigen auf dem Rücken seines Pferdes. Er jagte die Soldaten Shaytans. Seine Aufgabe war das. Sayyidina Ali, erinnert seinen Namen, wenn ihr die Waschung habt, S. Ali. Sagt nicht, 'Ich

bin Alawit'! Sayyidina Ali wird euch den Kopf abschlagen. Er wird ihre Köpfe abschlagen. Haltet die Shari'at ein und tut nicht das, was Sayyidina Ali nicht getan hat.

Alles ist erfüllt von Verderbtheit, Lügen, Betrug und den Erfindungen derer, die Shaytan folgen. Die fünf Säulen des Islam: Gebet (Salat), Fasten (Sawm), Hadj, Zakat, Iman (Shahada). Sie haben keine Gebete! Sie tragen nicht auf dem Kopf, was Sayyidina Ali auf den Kopf setzte. Was sie anziehen, ist die Kleidung der Europäer. Sie sehen aus wie Ungläubige. Sie sind stolz darauf. Sie tragen Jackett und Hose. Sie tragen auch das Zaumzeug um den Hals, was sie 'Schlips' nennen. Es ist das Zaumzeug, was Shaytan erfunden hat, um seine Anhänger zu versammeln. Warum tragt ihr Schlips? Was bedeutet das? Hat der Löwe Allahs Schlips getragen? Hat er einen Hut getragen? Hat er Jacketts und Hosen getragen? Sagt mir! Wie seid ihr Alawiten? Sayyidina Ali, unser Shah-e Mardan! Er ist das Licht unserer Augen. Öffnet die Augen! Ich werde euch alle eine Lektion erteilen! Ein Heiliger kann sich um sie alle kümmern, aber sie halten sich ruhig und sagen, 'Laßt sie. Sie sind es nicht wert, angesprochen zu werden. Sie folgen ihrem Ego. Sie sind mit Shaytan im Bund'.
Man Tashabbaha bi Qawmin fa Huwa Minhum. Unser Prophet, der Sultanu l-Anbiya (saws) sagt: 'Wer einer Nation, einer Person gleicht, gehört zu ihnen.' Habt ihr noch einen Mann in dem riesigen Osmanischen Land, der islamische Kleidung trägt? Sagt! Wo ist die Flagge der Osmanen? Wo ist das Alphabet der Osmanen? Wo sind die Armeen der Osmanen? Tanzten die osmanischen Armeen mit Dabke? Tanzten die Löwen der Osmanen, die bis Venedig kamen, und machten Dabke? Oder rezitierten sie das Gulbank-e Muhammadi? Sag es vor Allah, Kilicdaroglu! Dein Kopf ist nicht bedeckt. Dein Schnurrbart ist nicht ordentlich. Du rasierst dich, und dann behauptest du, 'Ich bin dies, ich bin das'. Mit welchem Recht? Warum zeigst du dich in der Öffentlichkeit mit Schlips? Komm und sieh die Kleidung Sayyidina Alis, Shah-e Mardans, mit einem Dolch im Gürtel. Was ist eine Schußwaffe? Eine Schußwaffen schüchtert niemanden ein, aber ein Dolch schon. Unser Prophet (saws) sagt: 'Trage das Eisen'. Was er mit Eisen meint, ist nicht das Eisen, was ihr zum Bauen benutzt.
Ihr, die ihr sagt, 'Wir sind Alawiten', ihr baut Nimrod Türme, die bis in den Himmel reichen, und sagt dann, 'Wir sind Alawiten'. Wieviele Stockwerke hatte das Haus, in dem Sayyidina Ali lebte? Ihr hört nicht auf diese Worte? Sayyidina Ali sagt, 'Ich komme!' Shah-e Mardan sagte das. Ich

habe es auch gehört. Er sagte: 'Ich komme. Ich schärfe mein Schwert. Weil es keine Köpfe mehr gibt, die mein Schwert nicht abschlägt! Ich komme, um die zu reinigen, die den Weg des Geliebten Allahs verlassen, des Meisters der Schöpfung.' Hütet euch! Ihr werdet vernichtet. Tanzt Dabke nicht noch ein einziges Mal! Ihre Namen sind aufgeschrieben. Das Aufschreiben beginnt heute. Die Namen aller, die Dabke tanzen, werden niedergeschrieben. Nicht einer von ihnen wird S. Mahdi erreichen. Sie werden das Gesicht S. Alis nie sehen, nicht in Dunya, nicht in Akhirah. Ihr seid die Leute, die die Shari`at Allahs verdarben. Tanzte der Prophet und machte Dabke? Machte S. Ali Dabke? Wie konntet ihr solche Dinge erfinden? Sie sind Leute, die Allah nicht fürchten oder sich vor dem Propheten schämen. Sie sagen, 'Wir sind Alawiten'. Was für Alawiten? "Huwa Sammakumu l-Muslimina" (22:78). Allah der Allmächtige nannte euch 'Muslime'. Er (swt) nannte euch nicht Alawiten oder so. Warum sagt ihr nicht, 'Wir sind Muslime'? 'Nein, wir sind Alawiten', sagen sie. Wenn ihr Alawiten seid, bekommt ihr am Ende nichts und werdet auch noch geschlagen. Es kommt Zorn jetzt! Er nähert sich, er nähert sich.
O Shah-e Mardan. Mögest du uns von deiner heiligen Linie, von deinen Kindern, den senden, der uns auf deinem Weg gehen läßt. Ich habe gerade eine Ankündigung erhalten von Shah-e Mardan: 'Mahdi ist mein Sohn. Er wird die Dinge tun, die du sagst.' Trefft Vorkehrungen, bereitet euer Leichentuch vor. Wenn ihr eueren Weg nicht berichtigt, werdet ihr kein Leichentuch finden können. Es wird nicht sein wie die Kanonen, die sie abfeuern, wenn Sayyidina Ali laut ruft von Ost nach West: "Ya Allah!" Jalla Jalaluhu. 'O glorreicher Prophet, mögen wir auf deinem Weg geopfert werden.' Er wird marschieren. Europa soll sich ihm ruhig entgegenstellen, die USA, Rußland. Welche Nation Manns genug ist, soll sich ihm entgegenstellen. Dies ist ein Bombardement auf die, die sagen, 'Wir sind Alawiten'. Berichtigt eueren Weg oder Sayyidina Ali wird neun Köpfe über sein Schwert fliegen lassen. Shah-e Mardan, Marhaba, Shah-e Mardan. Wir haben auch unsere Kette, die bis zu ihm reicht. Ich schäme mich, es zu sagen, aber wir haben auch eine Verbindung mit Shah-e Mardan. Ein Funken dieser Majestät und dieses Zorns reicht auch bis zu diesem armen Diener, um zu rufen.
Islam ist eine Festung, die nicht zerstört werden kann. Die Ungläubigen sind neidisch auf den Islam. Sie erfanden alle möglichen Kanonen, nicht für einander, sondern um den Islam zu entfernen. Aber wir entfernten den Islam selbst. Wir entfernten ihn, aber sie werden euch entfernen. Sie werden euch an den Wurzeln abschneiden. Sie werden die, die den Weg Allahs

entfernten, an der Wurzel abschneiden. Hütet euch, rasierte Männer! O die, die Hosen und Jacketts tragen und die Schlipse tragen! Die sich herausputzen und in den Parlamenten posieren. Dies ist kein Scherz. Es nähert sich. Sayyidina Ali schlägt 40 Köpfe ab mit einem Streich seines Schwertes! O Geliebte, Marhaba. Sagen wir Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah Hasni. Wa man Dakhala Hasni, Amin min Adhabi. La ilaha illa Allah ist Meine starke Burg, sagt Allah der Allmächtige. Wer sie betritt, wird gerettet in Dunya wie auch Akhirah. Hört dieses Wort! Tanzt nicht, tanzt nicht wie die Frauen, Bauchtanz! Sagt nicht, 'Wir sind Alawiten'. S. Alis Schwert sitzt euch im Nacken, Karramallahu Wajhahu.

Der Löwe Allahs. O Shah-e Mardan! Wie majestätisch bist du. Wie majestätisch bist du. Allah der Allmächtige lud den Propheten (saws) in Seine Göttliche Gegenwart in der Nacht der Mi'raj, in die Göttliche Gegenwart des Herrn der Himmel. Allah der Allmächtige sagte, 'O Mein Geliebter, o Mein Geliebter, du bist die ganze Zeit in Meinem Malakut herumgegangen und hierher gekommen. Ist von irgendetwas Majestät zu dir gekommen?' 'Unser Herr, Der alles weiß. Ich sah nichts Majestätisches, nur als ich in Deine Gegenwart gerufen wurde, sah ich einen Löwen dort. Ich erzitterte mit einem Blick auf diesen Löwen', sagte der Meister der beiden Welten. 'O Mein Geliebter, weißt du, wer das war?' 'Herr, Du weißt es.' 'Das ist der Sohn deines Onkels, Ali ibn Abi Talib. Er ist Mein besonderer Diener. Es ist die Majestät, die zu ihm gehört.' Ein Blick von ihm kann sieben Welten zerstören! Unser Prophet sah seine Majestät. Er sagte, 'Ich sah einen majestätischen Löwen. Ich hatte eine Gänsehaut vor Furcht.' 'Wußtest du, wer er war? Er ist der Sohn deines Onkels, Sayyidina Ali.' Sayyidina Ali ging nicht hinein. Er war an der Tür. Wer angenommen wurde in der Gegenwart, ist unser Prophet.

O die sagen, 'Wir sind Alawiten', reißt euch zusammen! Oder das Schwert S. Alis kann die Köpfe fallen lassen von Ost nach West in einem Schwung. Unser Herr, unser Subhan, unser Sultan. Mögest Du uns zu denen gehören lassen, die Deinen Weg einhalten. Laß uns nicht zu denen gehören, die in die Irre gehen. Unsere geliebten Freunde, die zuhören. Hört und ihr gewinnt Ehre, ihr gewinnt Kraft. Hört, so daß ihr nicht hinter dem Kadaver der Dunya herlauft. Sagen wir 'Allah'! Ya Hu! Möge Salatu Salam auf Seinem Propheten sein. Möge es leicht für uns sein, seine Tradition einzuhalten. Wer sie nicht einhält, die ihre Hälse mit Schlipsen schmücken, die ihre Gesichter am Morgen und am Abend rasieren, ihr habt keinen Wert. Ihr habt überhaupt keinen Wert. Der Sahibu l-Waqt, der kommt, wird fegen und euch wegwerfen, wie die

Straßenfeger auf den Straßen. Reißt euch zusammen. Das gilt für jeden: Türken, Kurden oder Araber. Das ist eine Ansprache für uns alle. Unser Herr, mögest Du uns vergeben. Shukur Allah. O Geliebte, o die Shah-e Mardan lieben, macht euch bereit und nehmt teil. Seid wie Shah-e Mardan.

Shah-e Mardan tat nicht einmal einer Ameise Allahs etwas zuleide. Gibt es noch irgendjemand, dem ihr kein Leid zugefügt habt? Gibt es noch irgendjemand, mit dem ihr nicht verfeindet seid? Dann beansprucht ihr, 'Wir sind Alawiten, wir sind Kurden, wir sind Türken.' Das hat keinen Wert. Haltet den Weg Sayyidina Alis ein. Es ist der Weg des Propheten. Der Weg des Propheten ist der Weg Allahs. Schämt euch, ins Parlament zu gehen, wenn euere Köpfe unbedeckt sind. Schämt euch, euere Frauen in euer Parlament zu lassen. Ist es erlaubt in der Shari'at Allahs, ein Parlament zu bilden mit Frauen? Tanzte Sayyidina Ali und machte Dabke mit Frauen? Was seid ihr? O Shah-e Mardan, ich überlasse sie alle deinem Urteil. Möge Allah uns nicht unserem schmutzigen Ego überlassen. Wa Lillahi l-Hamd. Marhaban, Shah-e Mardan. Marhaban, unsere geliebten Freunde, unsere Geliebten, die die Wahrheit anerkennen. Sagen wir Bismillahi r-Rahmani r-Rahim und gehen gerade. Wenn nicht, werden wir wie Müll. Und es werden so viele Besen kommen, um den Müll wegzufegen. Möge Allah uns nicht zu dem Müll gehören lassen. Möge Allah uns zu Seinen geehrten Dienern und denen, die ihnen folgen, gehören lassen. Wa min Allaha t-Tawfiq. Al-Fatiha.

**Shaitan and his spies are in fear.**

Bismillahir Rahmanir Rahim!

Allah takes away Shaitan from our meeting! Shaitan (is) coming to everywhere and spying, spying... Spying: “What they are doing?”, because... some other (of) his agents (he is) sending here: “Go and look, what they are doing with that Sheikh!” Spying! Who is spying, he is Shaitan! And Shaitan (is) cursed, cursed! Shaitan (is) sending his servants- not servants, his slaves: “Go and look, what they are doing there” and those people they are coming to look. “What Sheikh (is) saying? How Sheikh (is) gathering that people here? Perhaps Sheikh (is) asking to change not Cyprus, not Turkey, not Middle East, but Sheikh (is) intending to change our territory that I have a empire”, Shaitan (is) saying. His empire (is) through East to West, from North to South and he is very very (anxious), that: “Sheikh, even now he is alone, but we are looking that his intention is (a) big intention! He is intending to destroy our empire, that just spread from East to West, from North to South! Even I have so much power on earth, (and) I am looking everyone (is) following my orders, they are keeping my

rules, running after me, but Sheikh, (even) no one (is) following him, but yet I am in fear, because Sheikh may destroy my empire!”

And I am saying: “I am nothing but you are claiming (that) you are something, therefore I am going to destroy your empire, imperial, shaitanic imperial, Shaitans empire, spreading from East to West, from North to South!” Shaitan sends his people! They are coming and they are Shaitans slaves! (It follows a short passage in Turkish: They are checking out: ‘What Sheikh is saying?’ Tell them: ‘Sheikh will make Dua against you!’ ‘Has Sheikh really so much power?’ ‘No! But Allah also sent His weakest soldier to Nimrod, a mosquito, to destroy Nimrod.’ Therefore they are fearing now. We will destroy them! They have fear in their heart and so they will be destroyed! How can Islam (ever) be destroyed! Who is the owner of Islam! Allah!)

Allah, He is Sultan, Kings of Kings, and He is doing everything as HE likes! He used at the time of Nimrod mosquitos, now he may use (the) bird-flu (virus)... Ohhh! (He) may destroy (the) whole world with (it)... “Where it is? Inside or outside?” (He) may destroy (the) whole world with (the) bird-flu. They are saying: “We can’t see (it)”... and they are thinking that: “If we can catch that virus, we can kill it!”

Once upon a time in (a) Caucasian country there was... yet there are so many kinds of people in Caucasia, (in the) Caucasian mountains, (in) Dagestan... There was, in that country, living a tribe, their names ‘deli kartal’, that means, ‘crazy eagles’. They are famous to be such a idiot ones; their hearts so soft, so safety and so satisfaction through their hearts...

Once they were intending to build a mosque. They were some people that all of them (were) on (the) same level and they were ‘mahrum’ (deprived), they haven’t a person like Baba T.... they were so no chance to have such a person... They are asking to build a mosque and they are building... (Some people are getting

up to leave. Sheikh is saying in Turkish to them that it is very bad manners, ’adabsiz’, to leave the gathering after it has started. People should go before or stay. He is saying that they are Shaitans group).

They were building according to their knowledge. They build 4 walls and they were asking to build a big wood from East to West and asking to make on it other woods for making (the) roof. They were trying to complete it, bringing a big tree, making it okay, to put (it) like this. When they were putting (it), like this, (they were) looking: “It is not enough!” From here up to there, there was one yard less. They are saying: “It is not reaching from here to there, what we shall do?” (The) chief architect (was) saying: “O our brothers, we must take (it) from both sides, to make like this, to make like this- spreading, then putting, (and) it is okay!” “How we can do (that)?” “Now you must put this tree (in) water (for) 4o days. When it is going to be easy, we may (stretch it)- half people from here, half people from there, making, putting, and it is okay!” They were putting (it) in water (for) 4o days. Then, after 4o days, (they were) calling (the) people: “O people, come, we shall stretch for both sides! Half people from here, half people from here!” They were making so ropes, and: “Yes, yes! A little bit more!” This (was) coming like this... When (it was) coming like this, they were saying: “Ohhh! (It is) getting more!” and (the) architect (was) saying: “It is okay now, we shall try!” Yes. That time they forget that... they were putting like this, putting like that, and (they were) saying: “Ohhh! We stretched too much! Look! What we shall do?” “Doesn’t matter...!” Such people!...

One person from other tribe was bringing to them some pots, from clay. On his way his mule (was) fearing from something and making whole his jugs or pots, making down, broken. Then that person (was) thinking: “Oh! My whole capital just finished! I was thinking that I may sell it to that people and take much more money, but now I finished!” Then (was) coming to his mind Shaitan, saying:

“Don’t worry! Sit down and make it powder and fill your bags and go there and call people: ‘O people, come here! I am selling the medicine against flees! That jumping, for that, I am bringing good medicine to take them away!”

(And the) people (were) coming. (He was) selling one box, more, (getting) less, finishing. Then quickly he was leaving that town and running, running, before people (were) understanding that it is a trap or trick for them! And he was running. After a while (he was) looking that some people on their horses (were) running after him and he was quickly (running). Then they (were) reaching to him: “Ya Hu- why you are escaping?” “(I am) escaping, because I must do some work there!” “Yes, you may do! But we are coming to understand, how we may use that medicine for flees!” “Easy! You must catch (the) flee and open its mouth and... so easy! Catch flee, open its mouth and put in it, this (is) getting, dying!” One of them was little bit more clever, he was saying: “O our brother! If we can catch that flee without putting this, we may do like this (squeeze it) and can die! We can kill it!” He was saying: “Yes, it is also a way, but we are modernized doctors now and we are using (this)! We have some rights of animals. Perhaps you are not hearing: You must not give a trouble for animals, because they have rights! Therefore this (squeezing is) making too much (trouble) for them, therefore you must use (the) modern medicine system according to (the) animals rights company! You must catch! Or there is (the) court, defending on animals; one of them may go there and complain, then (they are) taking all of you to prison!” “Yes, we are accepting... “

Now I am saying also to those people, whom they are not saying ‘Allah’, whom they are not respecting heavenly Orders: Allah Almighty (is) going to make them to understand that atheism is a foolish idea! Atheists, they must know that the heavenly Cursing (is) coming on them! And He is not using what (He) used (in) the time of Nimrod- now (He is) sending to you (the) bird-flu virus! And here I am saying to them that- to (those) whom they are not saying ‘there is a Creator’

, that they are saying everything (is only) material, beyond material they are not accepting anything:

“Now you must catch that bird-flu virus, take a poison against (it), and put (that) in its mouth! (That is) making (it to be) destroy(ed) (and) you can save yourself or (that) virus (is) going to eat all of you- living or even not living! Nimrods armies- mosquitoes ate their flesh, (their) bones (were) remaining, but these bird-flu viruses (are) going to eat your bones also! Beware from Shaitan and keep yourself from heavenly Cursing! You are so weak one, don’t say that: ‘We have high technology’! In an instant the Lord of Heavens, who created Heavens and earth and everything living, may send His Cursing and destroy everything, leaving this world as a desert! Beware!”

Yes, Shaitan (is) sending some spies here: “What (is that) Sheikh saying?” “Sheikh (is) saying that Allah should destroy your technology and your powers, all of them, and take away from 6 billions 5 billion (people)! Sending (them) away and remaining one- that is news from Holy Books- remaining from 6 (only) 1, (and) 5 billions (are) finishing!”

Therefore, o people! If you are asking a shelter- (there is) no shelter, only (the) Shelter of the Lord of Heavens! Run under that Shelter! Don’t say: “We are powerful with our technology!” (He) may stop it! If cursing (is) coming from Heavens, may be cursed, may be taken away everything that He granted to man to use it and to be a good servant for their Creator! But they used their rights on wrong way! Then (the) heavenly Anger (is) preparing something... As He prepared for the nation of Noah: by flood (He was) destroying everything, remaining on earth only 85 persons! All of them just drowned! And people they are doing their worst now and Allah (is) asking from His servants only to do your best!

Abu Yazid, Sultanu-l Awliya Abu Yazid, was saying, when he had been asked: “What

is Islam?" Because Shaitan (is) making living people to run away from Islam, making them 'nefret', hating. If those people, Non-Muslim world, when they are hearing 'Islam', they are hating! So hating, (they are) running away! So many people (are) coming to me; they know that Tariqat is making them to improve through their spirituality and they are asking: "We are coming to you for our spirituality to be much more powerful- but without Islam!" I am saying: "(It) can't be! You are like a person asking to reach to clouds or to atmosphere without using airplane or without using rocket- it is impossible! You can hate from (that) rocket, but it is impossible for you to move from (the) earth to (the) atmosphere, to Heavens, without using it! You must use it!" And they are running away... Now- Islam is a grant from Allah Almighty and He is saying: "O My servants, come to Me and use Islam!"

Abu Yazid, Sultanu-l Arifin, (a) famous Saint in the skies of Heavens, he had been asked: "What is Islam?" And he was saying: "Two matters. One is to give your high respect for your Lords divinely Service. You must keep first His heavenly Rights with full respect, then the Lord of Heavens (is) dressing you honour and glory! This (is) one! And (the) second: Islam (is) saying: give your pity for every creature!" Therefore Islam (is) never giving a permit to a person, even for one ant, to kill it, without giving any harming (to) you! If (that ant is) not harming you, you can't kill it!

Now people (are) killing thousands of cows, millions of birds- for what? For what? It is not permitted through Holy Books: Old Testament, New Testament and Holy Quran! Never (it is) mentioned this, what you are doing, this! Then Allah (is) leaving them and sending on them another virus! Not (the) bird-flu (virus), but another kind (of) virus (He) may send, (which) may kill people through one day! Whole people! May Allah forgive us! O people, say: Astaghfirullah, Astaghfirullah, Astaghfirullah!

Therefore- they know, (the) spies of Shaitan, that: "Sheikh (is) intending to

destroy (the) shaitanic territory, (the) shaitanic empire!" Yes, that is my intention! May Allah give me a chance to destroy (the) empire of Shaitan, Shaitans territory!

For the honour of the most honoured one in the divine Presence S.Muhammad sws, Fatiha!

## Only Shaytan Causes Dissension and Fighting

Because the people from the middle of Europe, i.e., Hungary, Czechoslovakia, Romania and Ukraine, all of their men are very handsome and their ladies are first class.

A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.

(Bay`a) Allahuma thabitna `ala ’l-haqq, allahuma thabitna `ala ’l-haqq, allahuma thatbitna `alal Haqq.

Fatihah.

Mubarak! Congratulations! The Lord of Heavens, Allah the Creator, is only One. He created Man and made them into different nations and gave every nation a khusoosiyat, speciality. You (Ukrainian) have a speciality, he is Russian, he has a speciality and he (Chechen) has a speciality. There is only one Lord and countless servants, and all of us are only servants. We have been created to be the Lord’s servants.

But people are leaving that and they fight, because there is one, Shaytan, the devil, who is making people to be enemies. This is a big world and it is enough for all Mankind, but people are coming all together and fighting. It is not the truth! The Lord of Heavens likes His servants to live peacefully, not to quarrel or fight. But what shall we say?

Adam (a) had two sons, and Shaytan made enmity between the two brothers. The first killing on Earth was when Qabeel killed his brother, and still it is going on. The place where Qabeel killed Habeel is in Damascus on the mountain. I was looking and seeing that the blood of Habeel is running in that cave on that holy mountain; there are two rocks crying for Habil from that time up to now.

Beginning from that time, Shaytan has always made people sorry. A brother kills a brother and tribes kill tribes, nations kill other nations, and for what? One person from Germany, Hitler, followed Shaytan and he killed millions of people! Shaytan is always killing, perhaps hundreds of millions of people. Look at what Mussolini did. When WWII was beginning, I was (young) like you in 1939, finishing my secondary school at that time, then boom! Perhaps 500 million people were killed, for what? Shaytan (is always) preparing us to kill each other. I am sorry, but we can't do anything.

I am saying, "O my Lord! Send us someone from Heavens to stop people from fighting and killing and doing bad things. Jesus Christ (a) is coming, and from Muslims, Mahdi (a) is coming to keep people from fighting. Now what shall we do? We can't do anything. I am only asking Peel Meen (soup). (laughter) You know Peel Meen? He (guest) is a good one. He is from real Russians, their grandfathers belong to Csars... five generations up, and these are noble people. Mashaa-Allah.

But people are now like this (upside down), so what shall we do? Welcome to you! I am accepting you. If I have been granted something from the Lord of Heavens to save people, I am going to do that. To see you once is enough for me. May Allah forgive me. Give him my soup. What shall we do? Happy life for you, sweet life for you here and Paradise in the Hereafter. (Thank you very much). O my friend!

## Shaytan's Causes You to Forget Your Lord - Remember me

(Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, Muhammadan Rasoolullah. Muhammadan Habeebullah. Muhammad nooru `arshillah.

(Mawlana Shaykh sits.)

Dastoor yaa Sayyidee, yaa Sultanu 'l-Awliya. We are asking support from heavenly power stations; it may be less than an atom, because if that support is coming it is like a molecule that may take away everything from Earth, such is the power from heavenly stations! We are humbly asking for a heavenly support even less than an atom.

And we are saying now As-salaamu `alaykum, our attenders, and welcome to you, welcome to you, welcome to you! This is a heavenly good tiding for whoever is going to be an attender for a humble assembly that is coming. It is a very short, but sharp, address to all people. And we are asking forgiveness and saying, Astaghfirullah. And we are saying, a`oodhu billahi min ash-Shaytani ‘r-rajeem. You must remember to say, a`oodhu billahi min ash-Shaytani ‘r-rajeem. If you are doing something without saying, a`oodhu billahi min ash-Shaytani ‘r-rajeem, Shaytan is breaking what you are asking to do. You may build it and Shaytan is coming and destroying it. Shayyun thaabit! Something that you are asking to be fixed (firm), you must say,

a`oodhu billahi min ash-Shaytaani ‘r-rajeem. That is the base which is reaching to Earth. If not, they are saying, it is like such a building without a foundation, which is quickly going to be destroyed.

If you are asking to do something for your Lord's pleasure, you must say, a`oodhu billahi min ash-Shaytani ‘r-rajeem, "O my Lord, I am asking to bring to you something." For example, if you are cooking a meal and asking to take it to a person, and around you (are people who are) rushing on you, trying to dust or dirtiness in it, or to throw poison in it (from evil intentions), ask to be in your Lord's Heavenly Presence. Shaytan is ordering to his children, "Throw in it something not to go up with cleanliness," but when you say, a`oodhu billahi min ash-Shaytani ‘r-rajeem, then angels are preventing that badness and making them go away, and your pleasure is going to reach to heavenly stations. Then, what you are asking to be granted in the Heavenly Presence of the Lord of Heavens is clean. Therefore, if you are asking for a clean life, say, a`oodhu billahi min ash-Shaytani ‘r-rajeem.

O our Salafi `ulamas! Marhaban! You are saying such a thing? Is it not from Shari`ah or I am speaking out of Shari`atullah, what do you think? Yes, that is a very important point, because our worship of every kind is going to get up to the heavenly Presence of the Lord of Heavens. You must teach people to say, a`oodhu billahi min ash-Shaytani ‘r-rajeem. But Shaytan,

•••••••••• •••••••••••••

fa ansaahu 'sh-Shaaytan, “Shaytan made him forget.” (12:42)

This ayatu 'l-kareemah, what do you think of it, Salafi `ulamas? fa ansaahu 'sh-Shaaytan. That means this is an ocean to be awakened. fa ansaahu 'sh-Shaaytan. Two words, but it is such an ocean. Beware! Don't be heedless, because Shaytan may cheat you and be make you to forget. fa ansaahu 'sh-Shaaytan. From whom? Every night Salafi `ulamas are taking their shares from naseeha, advising. Now we are making this declaration from east to west for all `ulamas. fa ansaahu 'sh-Shaaytan. What is Shaytan making people to forget, that is an very important point, like an ocean! Fa ansaahu. Who is coming? What is that? Now we understand, Shaytan is coming to all Mankind trying to make believers forget.

What is that forgotten matter? First of all, Shaytan is trying to make people not remember that Allah Almighty is with them and looking at them, controlling them and ordering to be written about that person his position. First thing that Shaytan is trying to make people forget is to their Lord, their Creator so that they

are thinking, "We are free ones and no one is controlling us." Never remembering their Creator! If remembering, what is it going to be? If remembering that Allah Almighty is with him and that Allah Almighty is going to give His judgment for him, for every effort, every acting, every doing, then that one is forgetting. Then Shaytan just taking reins and putting reins on that person, riding like this, like that, then all people giving their reins to hands of Shaytan. Even imitated, highest-level people are forgetting Allah (swt). Every level of people are also forgetting and they are coming, down, down, down, to be fa ansaahu ash-Shaytan. First of all, he makes people not to remember that Allah Almighty is looking at them and knows they are going to do. And when a person is remembering that Allah (swt) he knows, "My Lord is with me." And he will be careful not to do something that his Lord is going to be unhappy with.

O Salafi `ulamas and other `ulamas also, you may bring commentary on this. fa ansaahu ash-Shaytan maa yaatee, “Shaytan made him forget about what is coming.” You must be reminders for the nation of the Seal of Prophets (s), Ummati Muhammad (s)! (Mawlana Shaykh stands and sits.) that Shaytan is making people not to remember that Allah Almighty is with them.

O People! What do you think, is there another god for you except Allah Almighty? (Mawlana Shaykh stands.) You are Allah Almighty! You are rabbuna! You are illahoon! (Mawlana Shaykh sits.) Ta`aalallahu `ama yushrikoon? Allahu akbar! Where are the Salafi `ulamas? Are you reminding people in such a way, or you are only saying, kufr, shirk,bida`, haraam? Why are you saying kufr, shirk, bida`, haraam on such subjects? Therefore, you are going to be muttaham, accused that you are following your egos, because your egos never like to open such a meaning to people!

We are like, fa ansaahu ash-Shaytan maa yaatee, “Shaytan made him forget about what is coming.” Shaytan may come to those people who are not thinking, they are heedless that Allah Almighty is with them. Then Shaytan is trying to make people to forget about their mission on Earth. For what we have been sent on this planet and born, day after day, billions of people? For what are they coming? Say, Salafi `ulamas and other `ulamas!! Why are you not saying? For what are billions of people coming from Unseen Worlds to this planet? For what? Why you are not opening those meanings? That is Holy Qur'an. You must say! You must say! For what coming children of Adam (a)? For what have they been sent to be on this planet, eighty years, seventy years? What is their mission? Why are you not guiding them on that meaning? Are you not knowing, Salafi `ulamas, as well as all `ulamas? For what purpose have we been sent here? What is the divinely

purpose? Say!

I am perhaps one-hundred-years now and I never heard from anyone, from `ulamas or khutabahs, learned people or scholars, to say what is the mission of people to come from Unseen Worlds to this world. Why you are not saying? Also, fa ansaahu 'sh-Shaytan. That means Shaytan wants you to forget. Say! "O People!! Daily people coming from Unseen World to this life. For what is their missions?" Say!! (Mawlana Shaykh stands.)

••••• ••••••••• ••••••••• •••••••••• •••••• •••••••••••••

famaa khalaqtu 'l-jinna wa 'l-insa illa liya`abudoon, I have created jinn and humans except that they become My servants. (51:56)

(Mawlana Shaykh sits.) That is our Lord's purpose!

You are `ulamas. I never heard any scholar or preacher to say this! Every Jumu`ah, every Friday you must remind, because that is a most important point: for people to know for what purpose they have been created and for what they have been sent here. For kings, shahs, presidents--mostly their titles are only for dunya, not for ahkirah--they are not knowing. And `alims, scholars must say it, say it again, say it again, say it again, another ayatul kareemah:

•••••••••• •••••• •••••••••••• •••••••••• ••••••••• ••••••••• •••••••

ati` Allah wa at`i ar-Rasula wa uli ‘l-amri minkum. Obey Allah, obey the Prophet, and obey those in authority among you. (4:59)

To be obedient servants for Allah Almighty, to be an obedient ummah for the Seal of Prophets (s), and to be good citizens of your government that has power on you to order or to prevent something, you must follow them!

First is to obey Allah Almighty, so first, Shaytan is trying to get Mankind to forget their Lord. Secondly, trying to forget the Seal of Prophets (s). Third, to forget, not to take any care for their obediency to their ruling governments! That (is directed to) sultans first, then coming down, down, down, having no honor, others having no honor, then even if imitating they can't reach. Fa ansaahu ash Shaytan. Shaytan just making people not to remember what Allah Almighty is saying, what His beloved, most glorified servant bringing from his

Lord and saying, making them to forget, forget it. That is fa ansaahu ash Shaytan. If a person is going to forget something, he must fall in endless troubles. In one second he may do something and he will repent for what he did.

O People!! Particularly `ulamas, wholly including Ahlu'l-Sunnah wa'l-Jama`ah and Salafi `ulamas, you must try to teach people of such subjects. If you are doing this then you are doing your best, or you will have a great responsibility. Don't be angry. If anything is wrong, say to jalaalatul maalik, His Excellency, the king, "This is wrong," or mufti, you may ask them if this is true or wrong. Alhamdulillah, I use my mind for understanding what is haqq and what is baatil. That is also a grant from heavens; quickly my conscience is showing if a person is on the true way, or cheating people, or if they are going on shaytanic ways. May Allah (swt) forgives us.

Dome dome dome dome, Dome dome dome dome 4x

O People! Ask for forgiveness. O People! Try to find a guide. Without guide, you can't go to hijaaz. How are you asking to go to Allah without a guide? You must have. Therefore, Sultan al-Bayazid (q) was saying, Man laa yakunu lahu shaykhun fashaykhuhu 'sh-shaytan , "Who has no guide to the true path has the devil as his guide." It means who he is with his Lord, Almighty Allah, is always reminding because he is saying, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah....

O Salafi `ulamas! You are saying that is bida`." What is bida`, to say "Allah"? Say, loudly or silently! Say! Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah. Haqq! You can't say that is bida`; you are wrong ones! Allah Almighty is throwing you away from holy lands! Time is over, now haqq (truth) must be clear and baatil (falsehood) must also be clear so that people know which way is safety and which way is dangerous.

Shukr yaa Rabbee, shukr yaa Rabbee, shukr yaa Rabbee.

Fatihah.

Okay? Shukr! Alhamdulillah.

**Shaitan always tries to distract people from prayers, and to make us to delay prayer from one occupation to the next**

Shaitan always tries to distract people from prayers, and to make us to delay prayer from one occupation to the next... People always want fresh food. It is the new fashion of proud people that they don't want to eat ready food. And what about Allah? To Him you send 'old food'? Immediately with the Adhan you have to go for prayers and leave everything. Whoever does what is displeasing to Allah, will finish.

Don't employ people who don't pray. Before building a factory you must build the mosque for it. Who doesn't pray and who doesn't call others to pray, they are My enemies, Allah says. And on the bridge there are 7 questions, one of them if you called others to pray. Nobody talks this anymore, because everyone is employed with a monthly salary.

Once AbuYazid Bistami was travelling. He came to a village where the people didn't know him. As it was time for prayer, he went to the mosque and prayed behind the Imam. After the prayer the Imam greeted him and asked: 'Who are you?' 'A servant of Allah.' 'Do you have a monthly salary? Gardens, shops, factories? How do you live?' 'I thought you are a Muslim, a Imam, and therefore I prayed behind you. But now that I see that you have doubts about my provision I found out that you have doubts in Allah. First of all before answering you, I have to repeat my prayers.' After the prayer he said to the Imam: 'Why you don't ask cats

and dogs how they are living? The One who provides food for them, He also provides food for AbuYazid.'

People have lost their faith. Since 6o years people come here and always they find bread and soup, and through the Baraka they bring I am also living. But people have been tied to their stomach and therefore they got confused...

These people come for a visit here today. They are from Turkey, and they keep charity for Muslims. He has a factory for steel pots. On earth they are 1st class makers. He sent so many to me... I am praying for him and I gave advice to him to keep. So many factories now bankrupt, only his standing up. He has 300 workers, looking after them, keeping them to pray. And I am insisting that he must not give a tolerance for whom is not praying. When they call Adhan you must stop the work... Let them say: 'Electricity cut- let us pray, until it comes back.'... War is cheating... Then, after prayer, you say: 'Look, electricity came back.'

After he sent the pots, he also sent what we are in need of: beans, sugar, rice, oil, fat, so many things, everything that we can cook here. He is Sahibu-l khayrat wa hasanat. As much as he is supporting Fukara, Allah supports him. If he sends one, Allah sends 10, if he sends 100, coming 1000 to him... And Sadaqa in Muharram is 10 x more valuable than in other months... Who is giving, his provision will never finish.

## Shaytan's Tricks Distract You from Your Heavenly Oath

(Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah
Subhaanak yaa Rabbana. Zid habeebak `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Thumma as-salaat wa 's-salam `alayk yaa Sayyidi 'l-Awwaleen wa 'l-`Akhireen, Sayyidina Muhammad (s) wa `ala jami` i 'l-anbiyaa wa 'l-awliyaa. Yaa Rabbana! Rabbi 'ghfir wa 'rham wa anta khayru 'r-Rahimeen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

Thumma as-salaamu `alayk, yaa Sayyiddee yaa Sultan al-Awliya, yaa Saahib az-Zamaan, yaa Qutb al-Mutasarrif. Our salutes to all holy ones! We are asking for forgiveness that we are not keeping the holy orders of Heavens. Everyone is running for this temporary life and people are never asking from where they are coming and to where they are going; they are like drunk ones. Drunk people are not asking, no. And a holy announcement is coming daily, "O People! Wake up! It is enough that you are heedless! Yesterday you were small ones, today your same being is changing, growing, growing, then reaching to a point and beginning to

come down, to come down, to come down, like the sun." SubhaanAllah!

O Salafi `ulamas! O Salaafiyoon! You must try to teach people; that is your mission. It is not your mission to dress in a different dressing, to be different in front of others, or to distinguish yourselves as people of another level, no. You are also from the same Mankind. To change your dressing is something that has no taste (useless). Mostly people are running to dress in different fashions of dressings. Therefore, in a market you are looking, if there are 100 shops, 90 of them are for dressing. And it is such junoon, madness, that a person is not taking care for his life. People think they must work, and they must accumulate more money, to be rich ones. For what? Rich people are all cheated, particularly their families; they and their children are coming in such a way that if it is possible, each hour they are asking to change into new-fashion clothes. Therefore, all markets are only for new-fashion clothes.

I was in America once upon a time, and there is a famous tailoring (designer) company; I forget its name. I heard that people from Japan are coming to that famous fashion shop to buy something to dress. People now are such drunk ones, only thinking how they will show themselves in a different appearance. In California is that famous fashion place and everywhere, go in our small island, go to markets and you will find that 90 percent are only for these new-fashion dressings, new-fashion clothes. They think if they are dressing in a new-fashion dressing, their outlooking is going to be changed. That means people lost their mentalities! They are dressing and coming in front of the mirror, making like this and like that, and look to your face, it is the same! Why are you looking at your clothes? But people also are not interested in their faces, but they are interested in what they are dressing, particularly women! Their most important aim is how they will dress, how they will be seen among people, how they are asking from people to look at their clothes. They are asking, if it is possible, in 24 hours they will wear 24 different dressings. Their mentality is just finished!

SubhaanAllah, all glory is for Allah Almighty! But it is not true for our people to run after new-fashions daily. They are asking to be the most-fashionable ladies, claiming, "I am that one." The Lord of Heavens is ordering His angels to ask, "O My servants! Do you think I created you for new-fashion dressings?" That is not the real aim for our Creation. Allah Almighty is never ordering through prophets, "O People! Come and dress daily in new fashions." Thousands of prophets were calling, "O People! Come for your Lord's worshipping. Try to give your best servanthood for your Creator, Almighty Allah!" SubhaanAllah.

O our Salaafiyoon, Salafi `ulamas! Are you coming to be humble for reminding people, "O People! Don't run after new fashions." Are you reminding them? Never! Because you are also following new-fashion clothes, new-fashion cars, new-fashion furniture, new-fashion eating and drinking. And Allah Almighty is saying: (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem.

••••••••• ••••• ••••••••

Wa 'drib lahum mathalan. And coin for them a similitude. (36:13)

(Mawlana Shaykh sits) Allah Almighty is saying to His chosen, heavenly, holy ones to call people to understand His holy order. People are never understanding if you do not give an example; with an example they may be interested and think on it. Daily Allah Almighty is reminding Mankind, "O People! Look at your lives; daily the sun is rising, so young, so brilliant, so beautiful, and rising, rising, rising, coming over your head, it's most perfect position." Yes? Allah Almighty is showing us daily as an example, "O People! You are born and you grow. For everyone there is a half a circle going on that curve. Your life is like the life of a sun, rising, rising, rising, and coming to the point of perfection! Then beginning to come down, down, down, down, down, and reaching to the sunset horizon."

At the beginning of its rising the sun is laughing, so bright. Then look at the time of sunset; it is crying, crying, crying, and disappearing! Everyday the Lord of Heavens is giving that lesson for people to understanding, but they are drunk. Wa 'drib lahum mathalan, "O Prophets! Show people examples for Mankind! Show them moments of the sun, born and rising as a young star coming on the middle of skies, so happy, then beginning to come down, down, down. It is never asking to come down, but angels are carrying it down, down, down; as a circle it is coming down and crying, crying, crying, but never giving any benefit to itself and then disappearing!"

Daily, Allah Almighty is showing His servants their lifestyles, that it was dressed in such brilliant dressing at the beginning then at the end just taken away that brilliant dress, and it is only a red circle, no shining, and crying about it's brilliance being taken away, and the magnificent show of the sun just disappeared. But people are not thinking! Daily that example is coming before Mankind. What shall we do? People lost their mentalities, because they are drunk, running after shaytanic theories, shaytanic fashions, shaytanic works, and they are thinking their sun is never setting! And everyone is like a sun and finally disappearing, never giving to them their billions or trillions or their fashionable dressing, fashionable homes, and fashionable

cars.

Once I was in New York and there was a meeting for some purpose in a hall upstairs. We were waiting, and they told us, "You must wait a little bit because the last floor's owner just passed away. We are taking it down." I saw that they made that person's dead body wrapped with other clothes and he was put in the corner of the lift, half standing, half his body was on the floor and they were taking that person. Oh, how did it happen, the owner of this building is in such a way? What happened? This huge building is for him and you are bringing him in such a way?!

People are drunk now, not thinking that any time they may leave this life and the course of their sun is just setting down. And our life's sun is setting when it was once shining, and they are never thinking! I am surprised that people are occupying themselves with nothing. They have been cheated by Shaytan and its followers. Fashionable people are all Shaytan's agents, servants, and advisers. Everything now is for cheating Mankind, to make them lose or be heedless, from where they are coming and to where they are going. That is the source of the main problem. It is not from an economical crisis; that is a lie! The real problem is that all people are just cheated by Shaytan making them to be drunk.

Sayyidina `Ali (q), the Seal of Prophets' (s) cousin, spoke from holy knowledge, "All people are sleeping." They are dreaming, occupied with dreams. Everyone has a special dream and they are running after it and finally they are understanding that their lives are only a dream and they are sleeping! Then they reach the end of their lives, awaken, and see reality!

O our Attenders! Don't run too much after dunya. That is an important example for you, that Allah Almighty is ordering prophets to address people and make them understand through an example, and the daily example is the sun. Everyone's life is like the sun, going up, coming to a perfect position, then coming less, less, losing its being. Finally their life's light is finishing and there is no more Mr. John, no more Mr. James, no more Mr. Richard, no more His Highness John, or no more kings, queens, presidents, first ladies, all are finished, taken away! Think on it.

O Salafi `ulamas! You must understand what Allah Almighty is saying, wa 'drib lahum mathalan. Lahum, who are saying, "We are scholars asking to teach people." For teaching people you must think on, wa 'drib lahum mathalan. You must find some examples for Mankind to put in front of their eyes, to understand. The

biggest example for the life of Mankind is the sun: it is born, rises, passes, and dies. If you are not doing this, that means you are never given any hikmat, no wisdom with you; then you and storytellers are on the same level!

O Wahabi people, Salafi people, and others! leave your claims and accept reality! You are not saving yourselves by dressing in different dressings, no! You must try to understand reality and your lives on this planet. May Allah forgive us for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(40 minutes) Alhamdulillah. (822) Alhamdulillah, and today is Saturday, mashaa-Allah. They are interested, our listeners. Don't listen to me, listen to heavenly wisdoms granted first to prophets and their real followers and then to their inheritors. It is not only for Muslims, it is a reality for everyone, a real declaration for all Mankind. They may say, "We are Christian,"or, "We are Jews," it is the same. Muslims are never changing. Buddhists are never changing. Every kind of people are on the same line. Our lives are the same. Think on it and you will be rewarded, or you will be punished because you wasted your opportunity and most valuable chance, and the jewels that you have been granted by prophets. It is a shame for Mankind.

O our Lord, forgive us and give us an understanding through Your holy ones!

Fatihah.

## Shaitanic teachings

May Allah take Shaitan far away from us... Those who get away from Shaitan, or Shaitan is getting away from them are lucky people. There are no more troubles for them. Troubles exist only because of him. He is a first-class trouble-maker. As long as you accept him and follow him, there must be troubles for you. If you don't want to fall into troubles, if you would like your life to be safe here and hereafter, don’t follow Shaitan... finished. It is so easy.

Shaitan is the number one enemy of mankind. He never likes you, but shows himself to you as your advisor. He came to the first Man and his Lady and entered Paradise, where they were living in full enjoyment and safety, and full blessings were on them. What more could they ask? And Shaitan came and said: "Come and follow me, I shall take you to a much more joyful place." When the first Man and his Lady followed him and took one step, a Divine Curse fell on them. And instead of enjoyment came sadness, instead of peace came fighting, instead of a restful and comfortable life came a life full of miseries and sufferings. Such is Shaitan’s advice...

He always comes to people and says: "Come and follow me, I will take you to another, much better stage of life, and you may reach more comfort, enjoyment and happiness, more wealth and health." And he is a liar. What can be better than Paradise?

When believers are passing from this life to real life in Paradise, their enjoyments there are increasing every day, not coming down and getting less and reaching zero as in this world. In Paradise your enjoyment, respect, lights, knowledge and wisdom in the Divine Presence are always increasing, day by day through Allah Almighty's blessings. He has endless Favour Oceans. Do you think He prepared those oceans for Himself? He is not in need of anything, He is Allah. He is creating, granting and giving these endless Oceans of Favours, Blessings and Mercy to you...

But Shaitan is coming and saying: "Come and follow me, I am taking you to the high-life, for a perfect enjoyment without any limits. I will make you, my followers, to be happy." And ignorant people are asking: "How can there be a perfect enjoyment?" And he says: "Look at what I did: I refused to obey my Lord, and then He granted me my freedom. Now I am free from obedience, worship, prayer and glorification. Only once I was disobedient, and now I am free and I do as I like. No one is calling me to come and pray and fast, no one is telling me to do this or that. Oh people, follow me."

Therefore freedom is passing through disobedience. Shaitan's teaching to people is: "Oh people, you must try to be free. The way to freedom is passing through disobedience, so don't follow anyone, but follow me. I am not telling you to obey me, no, because we are fighting obedience. But I am only advising you with a sweet word: follow me... Oh Europeans, Americans, anyone, I am not telling you to obey me, no, it is very heavy. I refused it, and now I have my own will, doing everything I want, and no one is questioning me: What are you doing or not doing? Perfect will-power is with me."

Hasbi Allahu wa niamal Wakil... Shaitan's teaching of freedom, to be free from Heavenly Commands, has taken away the minds of people in the 2oth century. They are asking for that freedom. He is advising them: "You are living on earth. Don't obey what is coming to you from the Heavens, telling you to do this and not to do that."

After that, people were coming and inventing human rights, granting you freedom, or, better: declaring freedom and ordering it to you, because human rights first declare that man is created free and must be free throughout his whole life, and no one can prevent his freedom... In what way free? That is shaitanic teaching. Therefore youngsters are saying now: "We don't need to follow Heavenly Commands. We must be free so we

can use our free will as we like."

The second shaitanic teaching is saying: "You must fight, as you fought Heavenly Teachings before, and be disobedient instead of obedient servants. Don't say 'servants', you are not servants. You are number one, most important people, all of you VIPs. How may a VIP be a servant, what is that?" They are very happy, saying: "Disobedience is our honour."

Oh people, human rights is Shaitan's teaching for 2oth century people, cheating them as he cheated the first Man and his Lady. He is saying: "You must be free from Heavenly Commands, not to be servants. Be disobedient. When you are going to be disobedient, they will not call you a servant, no. Then you have reached my level. I am not a servant. I am the king of disobedient people, and they are my supreme staff. I am sitting with them, getting up with them. I am always with them, because they are chosen ones, elected ones... Time by time we have elections also, to elect someone who is much closer to my shaitanic presence, like Trotzki, Mao, Mussolini, Hitler, this or that one, who are elected staff for me. I trained them like a trainer of a football-team, how to be against servanthood. And the 2oth century is under my hegemony, my kingdom is just established..."

Audhu bi'llah... I am asking for Divine Protection from Allah Almighty. If He is not sheltering us, nobody can. I hope that these shaitanic tricks and traps are going to finish, and that his authority will break down, and that in the 3rd millenium servanthood of Heavens will appear in the East and West... May Allah bless you and make everyone try to be a good servant for Allah's Divine Service.

From the first day of Muharram everything just changed. Spirituality is increasing, materialism is going down. Under each pillar of Shaitan's sultanate has been put TNT... We are awaiting the time for that building to come down... Shukr, ya Rabbi... Fatiha.

## Shaytan Is the Biggest Danger to Mankind

As salamu alaykum. (Mawlana Shaykh prays two raka`ats sunnah and makes du`a.)

Ahlan. Allah, Allah. Welcome to you, shahru Rajab, welcome. SubhanAllah, SubhanAllah, SultanAllah! SubhanAllah, SubhanAllah, SultanAllah! SubhanAllah, SubhanAllah, SultanAllah!

(Mawlana stands)

You are Subhan! You are Sultan! La ilaha illa anta, subhanaka inni kuntu minadh-dhalimeen! SubhanAllah, alhamdulillah, wa la ilaha illAllah, wa Allahu akbar! Ash-hadu ala ilaha illAllah wa ash-hadu anna Muhammadan wa `Abduhu, `Abduhu, `Abduhu, wa Habibuhu, from eternal up to eternal!

(Mawlana sits)

As salamu alaykum. As salamu alaykum, whole of human nature, may Allah forgive me and forgive you, and blessing you and blessing me also. I am a weak servant, (a) very, very, very, weak servant, and I am only hoping (for) blessings from my Lord, they will (...) they are those Heavens, there are whole universes, known or unknown.

Shaykh Hisham, welcome! (looks at Shaykh Hisham Effendi) You may say As-salamu `alaykum. They are given a short time through their days for Allah. This is a very simple meeting, and (a) very easy and simple association.

We are not claiming that we are something, no. We are (the) weakest creatures, and I also am knowing that we are weak creatures, only belonging to Mankind. We must say, must be (more than title) must be Allah in meetings (is the) head, to say, a `udhu billahi min ash-shaytan ir-rajeem. We must ask (for) protection from Allah Almighty, we must ask (for) protection from Shaytan's tricks and traps, and don't say, "I may depend (on) myself without asking anything from the Lord of Heavens." Who is claiming, that is false, because no one can be able to save himself or herself if the Lord of Heavens is not protecting him; you can't do anything!

You must say, a `udhu billahi min ash-shaytan ir-rajeem. But heedless people, ignorant people, proud ones may say "I'm not asking any protection from Lord of Heavens, I can do (it) myself, with my hands. I am depending (on) myself, not saying, a `udhu billahi min ash-shaytan ir-rajeem. That is from Shaytan! You must be humble, O Mankind. Shaytan (is the) most dangerous creature against Mankind. Therefore, Allah Almighty is ordering (us) through His servants, (to) be aware of Shaytan.

We are saying, a `udhu billahi min ash-shaytan ir-rajeem. In the association, they are saying, Bismillah ar-Rahman ar-Raheem, we are running to You (Allah) from that dirty creature, (who is) urging ourselves to be disobedient."

Shaytan's way is disobediency, and Heavenly Way is calling us to obediency. And people (are) never thinking, only that there is a positive power and negative power at the same time. And we are saying, "Bismillah ar-Rahman ar-Raheem." Its power is showing that, "O my Lord! We are weak ones and running to You, from (the) biggest and most dangerous creature attacking ourselves and calling us to disobediency!"

May Allah forgive us, and forgive me, and forgive you!

O Mankind, beware from worst creature that's against you. Madad, ya Sultan al-Awliya! And always we must ask (for) a spiritual support. Spiritual support is most important through our lives, and therefore, we have been ordered to ask (for) a spiritual support. If you already have a spiritual support and you are asking to use it, even coming zero kilometers, this is useless if you are not going to the petrol station.

You may say, ”Everything is OK, they are taking from the factory zero kilometers! Why am I going to the petrol station?” People may say, “Take your car and go!”

And he may receive (...) but every time (he is) turning some key in it, (the car is) never answering. Why? No petrol! No! Mankind is so foolish and never thinking! Mankind, now all of them are drunk, never thinking!

Heavenly support, something unseen; they are not believing in the Unseen, you know. Why Prophet was coming? Prophet (s) was coming to give that secret power to our physical being and the center of the physical being is your heart! Your heart! When you are coming in it, you are looking, (and) that it is not something that you are looking and touching, no! There is another heart that making you to live, to think, to move, to do, to run, to take, to live, to do your activities—a power center!

That heart is a fist of meat, flesh, it is doing nothing, it is only (for) circulation; it is important only to change our blood and to take (...) (in the) smallest sense, (the heart is) bringing something (and) taking something—that’s it.

But what about (all) that you are knowing, that you are feeling, that you are thinking, what you are imagining—from where that comes? You think it comes from that flesh? No, but people are thinking now that everything just belongs to our heart, (that the) heart (is) giving life, no! It is only a means that is used to make your physical being to stand up, but beyond that there are many things astonishing and surprising you! How am I speaking? You don’t give any description. How you are knowing something? You can’t be able to bring a description. How are we thinking? How we are running? How we are imagining? Such things are not belonging to our physical being—beyond our physical being, there is another being! Allahu akbar!

But people say we are knowing everything, but they are only knowing to invent some machines. This is their pride. They are doing this, (and) it is not important. Say to me, how we are imagining which power is forcing you to do something? Which kind of powers making you to think on it? Which powers bringing most (...) to be suitable? Can you say that multiplication calculator, how it is working? You can say to me? Never! And that is, subhanAllah, the glory for Allah, absolute glory for Allah. Keeping or hiding, hiding secret for such things, and only giving to appear, but no one can enter and may understand what it is.

We are sitting here and this instrument is taping our assembly, our meeting, and taking to America or Africa or UK or US—how this is? How this is going to be able going on, but you are not understanding. But now it is so simple, being (communication) through people. First I was looking (at a) phone. First of all, I saw it in Malaysia, one telephone, and our brother Raja Ashman showing me and saying, “This is a new phone, and you may speak to everywhere.”

I was astonished at how it can be? Yes, you are making and saying, “Here! Which one you are in need, look, he is now speaking to (that one).”

I was so astonished, because up to that time I was always using phones on a land line, but that day I was so astonished, (thinking) how can we? Now the whole world is full of such instruments that everyone can use, except me, I’m not carrying (cell phone). I don’t bother sending, and I am not using. (Mawlana Shaykh laughs, very delighted)

Power, is not something interesting me to reach people without wires. No, no. My interest is with Heavenly aspects. And Heavenly aspects that just represented through some ones, and looking to find such a people, that their hearts may be in contact with Heavenly aspects. If you are thinking this (is what) scientists or doctors or learned people are saying, it is impossible! It’s impossible.

Look what you are paying for phones. You are saying it’s impossible to reach to East and to West, but I’m saying I’m interested to reach Heavenly aspects.

I mean to say that Man is most difficult for understanding, or to be understood. O people! O our brothers and sisters, beware of Shaytan! Shaytan is making you to accept everything that’s showing to you what Shaytan (has?) such strange powers. And Shaytan (is) asking from you to be obedient to his orders, not to be obedient to anyone else. Saying, “I am teaching you so many things! But you must work for me, not anyone else!”

How it can be? you are asking. He says, “I am your teacher, teaching you such secret powers; therefore, I am asking you to be my obedient servant, not to be for anyone else obedient servant!”

This is the worst thing, negative powers, surrounding Mankind now and making them to be disobedient ones for their Lord. Therefore, you must always say, a`udhu billahi min ash-shaytan ir-rajeem.

And your Lord, He created everything, even Shaytan. If you are going to be obedient, your Creator may run to you such a power that you may be able to understand what is right and what is wrong, what is for you, and what is against our Lord.

And (the) main point of Shaytan is to make Man obedient servants for himself and disobedient ones for the Heavenly Creator always! Therefore, I am surprised that Mankind (is) never taking any care for that unknown being, and we are knowing Shaytan! They are saying, (...) so many names, never done, never. I know, but never they're not recognizing its identity. No one asking identity of Shaytan!

Everyone knows that there is a worst pole or there is someone always making Mankind to be disobedient. What is that one? No one trying to ask! Therefore, they are so friendly with Shaytan and (the) Shaytanic purpose. Everything now (throughout the) whole world just making their hands like this (Mawlana Shaykh throws hands up over his head) and saying (to Shaytan), "We surrender to you, as you like, we are under your command, we are obedient to you, you are our lord," and (this is) preventing people not to say (to Allah), "You are our Heavens and You are our Creator, and we are under Your Mercy and You are Heaven for us!"

And as long as people (are) making Shaytan their biggest Obedience Center, crisis, never-ending crisis (will occur), going from East to West, from North to South; but no one from our clever ones (is) thinking, "What is the reason?" because they are fearing from that negative power, that we are saying, that is Shaytan.

No one can be (having) enough courage with me to say, "Oh People, beware of Shaytan!" But they are writing here or there, even through churches, they are not writing anything in their place, "Oh People, beware of Shaytan!" And I don't think there is (s...) on the door of hopes, and all is written, "Beware of Shaytan." And I (am) never seeing through their holy books at the beginning to say, "O People, beware of Shaytan!"

For Shaytan is changing his face everywhere, taking another appearance. I want people... (Mawlana Shaykh reflects) they are mixing. No clean source now on Earth to give a real description for evil, and main source of evil, what it is. Therefore, now whole world is asking they are asking to destroy each other.

It is not an honor for Man to kill Man, or it is not an honor for Mankind to destroy buildings or through truth, no one (is) thinking on it. That is the risk: making so many new things, Shaytan, so that (he will) not to be

known (by making so many worldly distractions).

But a real Servant of the Lord may understand (by) only looking. And they are saying, that is Shaytanic thinking, asking to destroy humanity. Now 99 percent, everything (is) against humanity, to destroy humanity, and how you can do, one or two or three people, how can they save humanity? And we are in need only, there is someone from Allah Almighty's Servants, but as a punishment, because they are not using their goodwill and their understanding, Allah Almighty will take each one's share of Heavenly punishment through their lives!

O People, think on it! You are not thinking, and so many things come on your head, and you are not reflecting! O People, we are weak servants and I am not claiming that I am able to change (Mawlana Shaykh smiles). I'm not claiming that I may be able to threaten whole nations. But sometimes now, I am thinking one man, why (isn't it) enough for the threatening?

You are hearing now everywhere that they are saying, "Pig's Flu!" And they say there is a virus threatening whole Mankind. What is, are you saying, "We are powerful?" And the Lord of Heavens is making you to (be) threaten(ed) from one Pig Flu?!!

(Mawlana Shaykh laughs, imitating now) "I am coming through on sheeps... there is 6 here, 7 there... ." If they are going to be sick, making you to fear? This is a new level, saying, "We have complete control, everywhere on Earth." Who is that one?

So many centuries never have been heard that there is Pigs Flu. Maybe people have flu. What happened to flu coming to pigs also, and you are fearing? What is that? Where is your power that you are always (taking) from this technology, technology, technology? And gather your commandos to make attack on this and that. Where is all their power, coming though the virus, coming by plane, or one thing. (Mawlana Shaykh laughs)

(Speaking very sternly) O Mankind! You are not fearing the Lord of Heavens, and (that is) making you to run from a virus that you cannot see! And Pigs Flu (laughing with Shaykh Hisham Efendi) Then don't eat pigs! (speaking playfully now) I am warning whole Mankind who is eating pigs, why are you only running from Pigs Flu. (laughing)

Alhamdulillah! As salamu alaykum. (55minutes recorded)

(Mawlana Shaykh continues)

Dom, dom, dom, dom (humming) O my listeners, I am entertaining you! You think from the time I was young, I was always like this? (Mawlana Shaykh is bursting with delight!) When I was ten years old, a music teacher came, with an instrument, oud, like a guitar, and (Mawlana is strumming air guitar and singing in Turkish for several minutes!!!!)

Dom, dom, dom, dom.

Allah, Allah, Allah, Allah.

I am singing for the whole world, and I am nothing! Ha! (Mawlana is very delighted!)

People may say, “Shaykh is so old one.” Yes, sometime, because everything my mind is working like that, but every time I am going to think, “What about these flu people?” but sometimes I am not thinking. And I am saying a note here: if my Lord is protecting me (I am) OK. If He is not protecting, no one can protect me.

(Mawlana Shaykh hums a song of praise to Allah) Ya Hayy!

People can say, “Shaykh is old,” but I know it is 100% OK (Mawlana Shaykh points to his blessed head). Thank you for listening. Tomorrow I may inshaAllah to make singing for dancing whole world people! (Mawlana Shaykh laughs, very delighted!)

## Shaitan Keeps People Busy with One Problem After Another

Allahu Akbar, Allahu Akbar, la ilaha ill-Allah w'allahu Akbar. Allahu Akbar wa lillahi 'l-hamd. Allahuma salli wa sallim wa baarik ala Habeebika Sayyidina Muhammad, Sayyid al-awwaleen wa'l-akhireen... Fatiha.

Welcome my Lord's servants, welcome! Ummat al Habeeb, the nation of Sayiddina Muhammad (peace be upon him).

We are knowing nothing. If they are giving something to know, we may transporting from one to another. If they are not granting from Holy Knowledge to our hearts we can't speak. We are really seeker of knowledge. To know something and it is really we have been sent here for to know and to learn something. We are not coming, if you are coming only for eating and drinking, our level going to be level of animals. We are not thinking what they are eating and drinking...for their generation they are thinking only sexual desires and that is the level of animals. No more honour on that level, if they are going to be on same levels they are animals no more. But we have been created in another creation, and we are human beings. And we are saying A`udhu billahi mina 'sh-shaytanir-rajeem, Bismillahi 'r-Rahmani 'r-Raheem. That is a rank that granted from Heavens to mankind to say A`udhu billahi mina 'sh-shaytanir-rajeem Bismillahi 'r-Rahmani 'r-Raheem.

If we are not saying Bismillahi 'r-Rahmani 'r-Raheem, no value you for ourselves. That is honour granted to

mankind, and you are saying Bismillahi 'r-Rahmani 'r-Raheem and running from evil and devils to our Creator, to shelter ourselves from Shaytan and its Shaytanic levels, not to be on Shaytan's level. We said Bismillahi 'r-Rahmani 'r-Raheem it is...SubhanAllah, something coming, closing the line, tawbah astagfirullah.

Madad ya Sultan al-Awliya. We are in need to know our levels and to be improving. The stairs of getting closer from Heavenly present that we have been honoured by granting from Divinely Presence this is our honour. May Allah forgives us and blessings, we are in need to learn and to do something, according to our honours.

O people! Keep a way...I am not saying that I am knowing something but as a TV speaking and that instrument addressing to ourselves, we are hearing and we are not saying that this TV machine knowing so many things, no! Knowing nothing, but when it is suitable for addressing people, it is using a power, a secret power and that secret power running when you are pressing that button, speaks and showing, but really it's knowing nothing.

And we must try to be at least on that way, not to be under the level of TV. At least you must be on the level of TV. Leave yourself in front of Holy Centers, Heavenly Centers to come and to enter through your heart without hindrance, and biggest hindrance that preventing people not to reach to Heavenly position it is dunya, dunya, problems of dunya endlessly. Man creating for themselves through themselves, and their teacher is Shaytan.

Shaytan throwing so many things in front of mankind that people falling in a position that no time for them to look beyond their problems. Whole people running after so many problems and asking to find a solution. They are asking so many ways to find a solution, endlessly problems, one after one, one after one. Shaytan throwing in front of people, now doing whole world, Shaytan throwing in front of them everywhere, countless problems and it is all of them belonging to our stomachs. What I am going to eat and drink and dress and to live, that is no any other thing, and countlessly Shaytan throwing in front of them problems. One finishing, second throwing, finishing crisis, economical crisis. O that is like a big ocean ha ha, economical crisis, countless and endless. One finishing coming another one, and all of them for what? For to fill our stomachs, to eat much more delicious meals and to feed our donkeys. Anything else? Our importance only to think how

I can feed my donkey, to be my donkey, more pleased and to be in pleasure, how I can feed my donkey? And that is man's last goal? Yes. You may be on top level but you have possibility from every way for feeding your donkey, what happening? What happening? Nothing!

But Shaytan putting in front of mankind one after one, one after one endlessly problems. Family problems, community problems, nations problems, human problems ho ho ho, whole governments losing their minds how they can arrange this. Impossible, impossible! Because Shaytan throwing endlessly problems. Making a small drop as an ocean in front of people. O people...ooo what we shall do now, economical crisis what we can do, your economical crisis what doing for you?

The Lord of Heavens sending to you rains from skies from up sending to you and you can plant everything. As we were small ones in elementary school yet for example, 80 years ago I am remembering coming music, a musician person for music lessons, and he was sitting and putting his one foot on chair, and he was beginning to say (Mawlana singing in Turkish):

dumm, dumm, dumm,
dumm, dumm, dumm,
dumm, dumm, uncle farmer,
dumm, dumm, dumm, dumm...

Whole students we are after you also, some of them....(Mawlana imitating teacher and students singing)

Allahu Akbar (Adhan for Salatu ’l-`Asr in Lefke, Cyprus). Cut it for Adhan. (The Transcript has been cut short due to some interference with Livestream)

And their most important importance is what you are eating and drinking and up one step more people asking how we can enjoy ourselves by feeding our donkeys? And third they are running in a tunnel that they are not knowing or they are not tasting after that level, if they are eating most delicious food. First level a hungry person may eat dry bread and enjoy it. After that they may find an ordinary food and they are eating and they are happy enjoying themselves. After that level they are entering in a tunnel that waiters bringing to them most delicious food from every kind of food but on that level they never understanding what they are eating or what enjoyment coming to them. They are out of understanding, or they are out of their feelings,

what they are eating and if they are enjoying themselves or not. Finished, finished.

Now people, majority running to find even dry bread to eat. Another level people they are asking to eat something or that level that finishing their hunger and they are saying we are full now, bring another level of meals and after that when they are using prohibited drinks they are going to be out of their consciousness. They are finishing. What they are eating or drinking not anything they are knowing about it. One of them falling in that way, one another falling on that way, one another falling on tables, one another falling on their backs and a dirty looking coming on them.

Their crisis mostly people now on earth now on three stations, three levels. And the Lord of Heavens granting to them but they are saying "No! We must have thousands, hundred thousands, millions and millions of Dollars, Euros or Pounds or thousands of golden coins."

We are full now why running after this? And they are saying, "(it is a) very big crisis, what saying, in economical." What is that? It is big blame for mankind to fall on that stage and getting angry or feeling themselves hungry and feeling themselves not enjoying with anything of life because of problems of economical crisis. That is Shaytan throwing in front of them one after one problems and finished. Or people so easy so as we learned...

(Mawlana singing in Turkish)
Dumm, dumm, dumm,
dumm, dumm, dumm,
dumm, dumm, dumm,
dumm, dumm, dum...
old farmer,
you are planting wheat
that we are making from it
delicious breads
and we are
so happy.
And we are

praising you saying
cifti dayu, cifti dayu...(Mawlana singing)

We were small ones and we were learning such a thing. And now? Crisis! Economical crisis! American banks bankrupt ah! “How you say bankrupt? Banks falling on their heads?” “No sir, no sir, they are saying that some zeros in front of one getting less. It was 10 zeros, now coming to be 9 zeros and 9 coming to be 8 zeros then coming 8 zeros 7 zeros then coming 1 zero and after a while we are going to be only one....one euro...one dollar...In Switzerland also, they are also bankrupt.”

I am saying, “go on mountains and ask goats and sheep if they have any sorrowful thing for them and they are eating on mountains only dry grass or sometimes green grass and they are so happy!” Tuh on you that you are running after...dollars (?) O mankind! Go and learn happiness from sheep and goats. They are so happy on mountains eating thorns and they are so happy and on their necks there is rings also and running from side to another side. Teaching you: “O Man,” and saying to you “it is blame to you O mankind to think so wrong thinkings about yourself.

Look ourselves, we are only eating only thorns and dry grasses and dry leaves falling from trees and we are so happy. Look, our bodies we are giving to you our milk, we are giving to you our meats and we are so happy. You! Everything created for you, everything you can find and you are crying and saying ‘ehhh economical crisis!’”

You are not looking, everyday you must pass in front of a Church. Must be everyday one or two or more or less hearse bringing someone in coffins. Putting in front of you and saying that passed away and some people asking “what happened to them?” “Because, O my brother, he passed away because of economical crisis.” “How? What happened?” “Economical crisis!” “He was not eating something?” “Eating, but he was so sorrowful because his money coming from 10 zeros to 9 and from 9 coming to 8 and coming from 8, 7 that just poisoned his mind and his mind stopped and he falling down and looking people running after that person just passed away.” Doctors coming saying “what happened?” “Nothing happened” “He passed away because of hunger?” “No.” “Because of thirsty?” “No.” “But his stomach full. How then?”
“Grieving.” (Mawlana says, all of you sleeping! Tawba astagfirullah)

Grieving making him to die. Give that person a new book and write on it 10 zeros. You can write behind one,

so many zeros, you never taking any care and saying “I don’t care.” (e.g. 0000001) But when you are putting in front of one, you are taking so care, put more zeros that that person may be in rest (e.g. 100000000). Now he is very sorrowful lying in his coffin.

That is Shaytan’s dramatical history of mankind through 21st century. And I am saying, O people! Try to be free ones, not to be slaves for nonsense, nonsense crisis. You must be thankful that you are finding bread and eating and you are filling your stomach. Be happy. What benefit coming to you if whole banks and its capitals for you? What going to give to you? Nothing! Use your mind, O people! Don’t follow Shaytan. This is an advice from all advices of Prophets (peace be upon them). Keep yourself and don’t be sorrowful for zeros. Be thankful and the Lord of Heavens grants to you. If He is giving to you don’t keep it through banks stores, give for the sake of your Creator to needy people. Needy people. If you are giving needy people the Lord of Heavens grants to you compassion through your hearts, satisfaction grants to you. O people! Think on it from today up to tomorrow and send me some messages if I am true or wrong. If you are saying wrong, I am saying Lord takes your soul after tomorrow to cemetery! Ha Ha Ha.
(Mawlana singing) Fatiha.

They must be thankful servants then Lord gives to them contentment. Should be very sleepy, (saying) “I am sleeping and I am saying Oooo shaykh be happy!” I am saying for what? Because newspaper in New York, famous street, Wall Street, now they said “whole treasures in Wall Street belongs to you.” “Who saying this?” “All people they are writing but nothing in my pocket because you can’t carry.....”

We are making magic theatres also sometimes. Yes you may do also. Today all England banks on them just written on your name, O Sahib..... Thank you sir. Say thanks to Allah that granted to me whole banks, golden stores! (Mawlana singing)

That is for jinns singing ehhhhhh, ehhhhhh, ehhhhhhh. Be clever, don’t say anything against Shaykh, Shaykh may send on you black jinns to take you on the Himalayas Mountains, may do, yes, beware from Shaykh. Fatiha.

## Shaytan: Follow Me and Be Happy!

(Mawlana Shaykh stands.)

As salamu `alayk. Madad yaa Sultan al-Awliya, dastoor. La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Sayyidina Nabi Muhammadun Rasoolullah (s). RijaalAllah. (Mawlana Shaykh sits.)

O People! As-salaamu `alaykum, yaa `ibaadAllah, whom they are asking to know something, whom they are believing for real life after this life on this planet, as-salaamu `alaykum. Thumma salaamu `alayka, yaa Sultan al-Awliya. There must be for everything a commander. Who is commander? Commander, that is sultan. And we are giving our high respect also for our sultan of dunya; now everything that is going on is under his command. He is preparing everything through this life and on this planet he is responsible; there can't be anything by itself, everything must be controlled by the sultan of this planet. His command is going on and everything on this planet are following his holy command. Whoever are keeping holy commands are going to be holy ones. If they are not keeping or respecting holy ones' commands, no value, (it is) zibeel, garbage.

Yaa Rabb, O our Lord! You granted us countless, countless pleasures. Why are they saying "pleasures," because Man is always asking pleasure. Man never likes to be unhappy or to not be pleasement for him. He

likes pleasement and he also likes pleasure and he also likes to be happy here and Hereafter. Everyone is asking this, but when they are saying, some people are asking for a fruit without planting its trees. He is saying, “O, I am asking people, I am asking for an apricot, I am asking for a quince.” You are asking but you are not planting its tree to reach and to be happy. You are only saying through your tongue, “I like this, I like that.”

If you prepared yourself, a`oodhu billahi min ash-Shaytani ‘r-rajeem, ohhh we are running from Shaytan and shaytanic tricks and traps, and we are asking to run away from Shaytan’s tricks and traps. And we are asking something but he is listening to the teachings of Shaytan, shaytanic teachings. He thinks that makes him happy and that is taking him to his every target or every wish that he is asking. He thinks that Shaytan is speaking something and advising to him and mostly people are thinking that Shaytan’s leadership is the best leadership. How can it be? Thinking that shaytanic teachings are the best teachings for taking them from this dark life to a shining life, but what they are thinking is not true! It is wrong, but their egos are helping them, saying, “Oh, we must follow this because he is doing his best for us.”

What is that respect coming from Shaytan to people? Which people reached respect through following Shaytan? No one, not here or after this life! First of all Shaytan is saying, “There is one life, not a second life, just once. Therefore, follow me, I may take you to endless places of endless pleasure and endless enjoyment that you can’t imagine, that never reached by your imagination. I will take you to an endless paradise. I am such a free one.” Shaytan is saying he is a free one, and advising people, “Follow me and you should be free ones. I am doing everything as I like. I am not accepting any commander on myself. I am free, I am doing everything as I like, and your pleasure here is to do everything as you like that gives you happiness and pleasure.”

(Mawlana sings.)

Freedom, freedom, freedom, freedom. I am free.

That is Shaytan’s sultanate, pleasure and putting music in it.

(Mawlana Shaykh sings.)

Come to me
and you shall be free, free, free.
Don't listen to anyone else,
I am your most important adviser,
to listen to me,
You shall be free, free, free!

Now for the 21st century people, for every nation there is a national anthem. That is for Shaytan's language! What is that? Every country has a national anthem. You may look for every nation, they are singing:

We are free.
Freedom, freedom, freedom.
Dome, dome.
Freedom, freedom, freedom.
Dome, dome.

A person is saying, "You are asking freedom and I am showing it to you."
"Who are you?"
"I am that one whom whole nations are following, and I am making freedom free."

And that heedless one asking, "Where can I find that freedom? I like it too much. I am asking to be free from my wife. I like to be free from my husband. I like to be free from national service. I like to be free from any governments. I ask to be free, in a place that no one can reach me. I like to be free!"

And Shaytan is saying to that one, "If you like to be free, I am finding for you that place and there you can find your freedom and no one is refusing your freedom."

"Tell me, can you find me such a place?"
"Yes, because I am that free one! If all of you are under that holy command, you are not going to be able to find yourself that freedom, your main target."
"Where shall I find that freedom?"

“Come with me,” and Shaytan is taking his hand and bringing him to the WC (toilet). “You can’t find your freedom anywhere else. When you are inside, no one can come and give trouble to you. You may say, ‘Ahem! This is occupied.’ If you are asking for that freedom, you can find it in the WC. Outside, no one gives you freedom; no, it can’t be.”

And people are fighting to find a freedom, but they can’t reach it. Everywhere, people and nations, they are slaves. No freedom for them, no freedom! They are only slaves, and for slaves there is no freedom. Look at each country and state, they have so many rules, yes? You are going there to find your freedom, and you are finding at the beginning when you are asking to step in a free country, that people may think that they are free. And when people are coming, inside there is a hat (official), looking and saying, “Come, who are you?”

“I am from human nature, I am a person.”
“No, but to who do you belong, what is your identity?”
“I am from Cyprus.”
“No one from Cyprus here. Go away.”
“No?”
“I am controlling people here to let them in or to make them to go away.”

Shaytan is promising to them, “Follow me, do for me and I shall show you a freedom that no one can be able to take it from you.”

How may it be for my country? I will say to you, speaking about police control there. If you are asking full freedom you may be like a horse in front of a car, in old times they had carriages. We may tie you from everything around yourself, you are in front, and around back there is a carriage and you should be there, free. How is my freedom and your freedom going to be like a horse’s freedom? They are not needing to go to the WC, horse’s freedom. If you like you may be like donkeys, horses or bulls. It is okay, they are putting on your mouth reins, and taking also through their hands whips, and then saying to you, “Now you are free. If not doing what I am telling you to do, on your back is coming the whip.”

That is the freedom of 21st century people that Shaytan is teaching to you. Everywhere, for each step, you can’t do without coming to a stop point. What should we do? The Lord of Heavens created this whole world for you. We may move north to south, east to west, the Lord of Heavens just created this world for you to go

around. But they are saying, “No. We are not believing in this One, we are believing only our masters on earth.” How many masters are giving you freedom? One step, if you are not doing, taking you inside.

O Your Holiness, Pope, is it true what I am saying or not? Is it true or a lie? Who gave them authority to say, “You cannot go here, you can’t do this, or you can’t do that?” Which country, if I am coming to, so many people coming and saying, “O who are you?” And I am saying, “I am one servant of my Lord, I am coming in.”

“No, stop. Come under this machine, showing who you are. Who are you? You can’t pass under here from this way, under this machine you must go.”

That is freedom for the 21st century? And Allah Almighty created this world to be free; no one can take their freedom. Only Allah Almighty, with conditions, can make to be free. That is the order from the heavens, but 21st century people are saying, “You can’t pass there! Where is your passport? Where is your money? Where are your clothes?”

Yes, holy teachings from heavens, how are they ordering for Mankind to do or to be? This world belongs to Allah and He is giving freedom to His servants to go north and south, east and west. No one may say, “You can’t pass.” No, those are shaytanic teachings. But from one side Shaytan is saying, “O, 21st century people! Follow me and I am making you most happy people! You can go east to west, north to south. Follow me and no one can touch you!”

That is Shaytan’s advice to people and he is saying to rulers, “Make this rule, make that rule, make this rule, and make that rule, and take all freedom from everyone, except as you like to give freedom to people, you may use.” (Mawlana sings.)

Freedom, freedom, freedom, freedom.
Everywhere singing,
Freedom, freedom, freedom, freedom.

Where is freedom in this world? If I am asking to take sheep from here to the nearest point in Turkey or Damascus, or Lebanon, they (officials) are asking forty questions! Who is making you to prevent people to go from east and west?

O Salafi `ulamas! Are you understanding the Holy Qur'an? And in the holiest place in Mecca al-Mukarramah, how are you making so many police to ask for your passport? If not, they are preventing you. How are you making in these holy places, for your praying, how are you asking for a passport? You don't have such an authority! I am saying to Salafi `ulamas, who is preventing people to enter to holy places? And you are saying, "We are keeping Shar'iah." You are not keeping Shari'ah, you are keeping people from entering the Lord's House. Where is your authority? All of you are responsible in the Divine Presence.

•••••••••••••• ••••••••• •••••••• •••••••

li-yabloowakum ayyukum ahsanu`amala... That He may test which of you is best in deed. (67:2)

Perfect for dealing with Allah's servant? Now this house, written on my name title. Do you think (Haramayn ash-Shareefayn) in Mecca al-Mukarramah and Madinat al-Munawwarah, written on kings' names? How can they understand? How are they understanding? I am coming in the Divine Presence and making my complaint on them that they are not letting anyone in, making visas, making passports, making money! They are having a mind or not?

O People! Living in the 21st century, everything you are doing against the commands of heavens. Therefore, you will be punished. Jesus Christ coming and punishing Christians. Moses coming and punishing Jewish people. Don't say freedom is from Shaytan. Freedom? Allah Almighty just granting us freedom, you are saying this and this, and (neglecting) holy command, punishment on people. First on people is Shaytan, punish him! How can you punish Shaytan? You may find representatives of Shaytan and you may punish them because they are making people not to go on the right way and to go on wrong way.

May Allah forgives us. Send us to correct everything from this life that prevents people to follow the Seal of Prophets, Sayyidina Muhammad (s). Zidhu yaa Rabbee sharafan wa karaman. (Mawlana Shaykh stands and sits.) Tawbah, yaa Rabbee. Yaa Rabbee, yaa Rabbee, yaa Kareem.

(45 minutes)

They know what is making me to speak also, but I don't know. He knows.

Dome dome dome dome 8x

They are looking that one that makes people happy, therefore they are making me to say:

Dome dome dome dome 4x

As-salaamu `alaykum free ones. (Mawlana laughs.) Free ones! Ohh, yaa Rabbee.

(Mawlana Shaykh speaks with Hajjah Naziha on the phone.)

## Killing is Shaytan's Forbidden, Cursed Teaching

Suhbah After Salaat al-Jumu`ah

Yaa RijaalAllah, madad. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli wa sallim wa baarik `alaa afdali 'l-khalqi, ashrafi 'l-khalq habeebi 'l-Rabbi 'l-`alameen rasoolu 'th-thaqalayn Sayyidi 'l-Awwaleen wa 'l-Akhireen, Sayyidina Muhammad (s). (Mawlana Shaykh sits) Thumma 's-salaatu wa 's-salaam `alaa jam`iyy'il-anbiyaa wa' l-mursaleen wa `alaa `ibaadAllahi 's-saaliheen wa 'l-Aqtaab, wa 'l-Awtaad, wa 'l-Akhyaar, wa 'l-Budalaa, wa 'n-Nujabaa, wa 'n-Nuqabaa. Yaa RijaalAllah amidoona bi madadikum salaamullahi `alaykum yaa Sayyidee yaa Sultan al-Awliyaa, Shaykh `AbdAllah al-Fa`iz ad-Daghestani madad! Madad yaa RijaalAllah!

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Salaamullah to our attenders through the east and west.

O People! You and all of us are servants. Don't forget that death is following you like your shadow and when it comes, your soul will be taken away. Don't be arrogant and don't forget that we are not for dunya, we are for Eternity! Always say, "A`oodhu billahi min ash-Shaytani 'r-rajeem," and run away from Shaytan, the worst creature, because he is going to cheat you, saying, "You must live as you like." But your life is a very short

time and the Seal of Prophets (s) said, “The age of my nation is between 60 and 70 and then they will be taken away.” People are following Shaytan and not following the commands of Heavens, while the Heavens and heavenly ones call people to worship!

Shaytan is cheating you and the unbelievers, reaching people up until today, trying to make his hegemony on all of Mankind! I am sorry to say that we reached the time when all of the world's people are following Shaytan, leaving the prophets' safe ways that lead them to Paradise, to Jannat al-Firdaus. One command from Shaytan to Mankind is, "Die, kill, and murder! You may kill as much as you are able, and also prepare to die!" From east to west and north to south, this is Shaytan's order, and shame on Mankind for carrying it out, for very carefully trying to fulfill that order by killing themselves and others everywhere!

O Our Attenders! That is a shaytanic teaching, and everywhere there is fire and people killing each other. The Lord of Heavens is sending warnings, like a tsunami, earthquake or hurricane, but people are not taking care that He is not happy with what we are doing. He Almighty forbids people, saying, "Don't kill!" but people are running after Shaytan. If someone kills, his punishment is that he will remain in the Fire forever, and yet people are still killing. Keep yourselves! Life is a grant to us from the Lord of Heavens! O Murderers, who is giving to you the authority to kill? Allah (swt) says, "Don't kill," and for those who kill, He is taking His revenge on them from now until forever.

I am sorry to say that every day in Pakistan, Muslims are killing each other with bombs. What is that foolishness; are there no `ulama there to teach them? And secondly, the Arabs are doing it. Where does it say in our holy books to do that? Allah (swt) is telling us to be happy, and He will take His revenge on people. Who are they to say, "Someone will come to kill you in the worst way." Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. Madad, yaa Sayyidee! O our Lord! Send us a sultan to lead us to fulfill Your orders, to make people Your servants and not servants of Shaytan, because from east to west, north to south, slavery to Shaytan is bringing us to the worst and lowest level!

O People! We are calling the Egyptian, Syrian, Lebanese and Libyan people and all people in the Muslim territories, to recite Holy Qur'an and think about it. If I am wrong correct me, and if I am right, correct yourselves. We hope that Allah Almighty will send a sultan with a sultanate, and He will order him to be ameer in Egypt, Turkey, Libya and everywhere. We hope the Sultan al- Mu'mineen is coming; he is

authorized through His Lion, the Ottomans, and he must come and welcome Imam al Mahdi (a) in Istanbul.

But the price to reach these holy days is that millions of people will be taken away. If they don't come under heavenly protection they will be taken away, even if they were on Earth for a million years! Billions--those who are with Shaytan and those who run after him--will be taken away to the Fire!

O People! Ask forgiveness from your Lord! Ask for divine protection for the Believers. Leftist leaders will be taken to divine punishment. That is enough of being drunk! Come back to yourselves and see reality! If not, I am asking for forgiveness for myself, for you and for all the believers, because if we are not asking for forgiveness, mercy will never come. Ask for blessings and forgiveness so that the blessings can come to you.

Tawbah yaa Rabbee, astaghfirullah! Tawbah yaa Rabbee, astaghfirullah! Tawbah yaa Rabbee, astaghfirullah!

Yaa Rabbanaa! Send us someone who will save Your weak servants from the hands of Shaytan and its followers. Yaa Allah! We are weak servants. This is Safar al-khayr, and whatever is good comes down on believers in this month, and heavenly mightiness will come on the unbelievers in this month!

O People! Say shahadah three times:

Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan `abduhu wa rasooluh.

Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan `abduhu wa rasooluh.

Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan `abduhu wa rasooluh.

O our Lord! Forgive us and send someone to us from Your private and chosen people who can keep Your weak servants from falling into hells. Save us! O our Lord, save us! Tawbah yaa Rabbee! Tawbah yaa Rabbee! We are weak servants. Take away Shaytan's followers who lead people to the Fire, and send us powerful, enlightened ones, heavenly protected people to save us, for the sake of Your Most Beloved One, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Don't make trouble among Muslims by saying, "We are Wahabi, Salafi (or of some different sect)." Try to be obedient servants to our Lord, Who created us and sent the beloved Prophet, the Highest One in the Divine

Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

al-Fatihah. Allah!

## Shaytan's Final End

Meded ya Sultan! Meded ya rijaal Allah, Allah Allah kareem Allah

Allah Allah
as-salaamu `alaykum
Destur y a rijaal Allah, Meded ya rijaal Allah
by the name of Allah almighty, all merciful most beneficent most Munificent. You are our Lord our Creator. Give much more honor and glory to your most beloved one in divine presence seyidina Muhammad (s)
a'udhu billahi min 'ash-shaytaani 'r-rajeem
bismillahi 'r-rahmani 'r-raheem

We are weak servants, O our Lord! We are ashaming to ask from our Lord something, we can ask even from an atom. (An) atom it is enough, (an) authorized atom (is) enough to arrange everthing on this earth and to bring heavenly grants to whole people. An atom that people they are knowing that it is in existence but never seeing.

Therefore I am so ashaming. O our Lord give us an authorized one.

If you are not understanding from atom we may say that whole looking after this planet who* for a plane must be captain, if no captain, whole people doing nothing. Because captain - pilot - he is authorized one to lead and to make that plane to fly freely. Everyone's minds may accept this.

Astaghfirullah! Today from authorized people just a weak servant authorized also to speak to whole world's people. Not people (here). You are here (only a) handful (of) people: 100 people or 200 people, but we been have authorized to address whole people living on this planet. (Allahu akbar) It is so easy if Allah Almighty giving that authority to even give to an ant it is enough.

Today is last Friday last Jumah for holiest month. Ramadan mubarak praised granted from the Lord of heavens for this month a glory just granted such a authority also for this holy month. It is holiest month through year Holy Ramadan, the month of glory, month of blessings, month of forgiveness, month of blessings, month of heavenly grants.

O Ya Rabbee! So many people from last year upto day passed away and from this last days of Holy Ramadan perhaps billions people going to leave this life and to leave and asking to reach heavens, heavens. And we are asking humbly form our Lord Allah almighty to grant us from his endles forgiveness bec we are not able to give a real real respect and to give our most high blessings for this month but we are asking forgivenss from Allah almighty.

Subhan Allah everything when Last Days approaching beginning to be much more speedfully running to the Day of Resurrection.

O people! ! Try to be a acceptable or accepted servants in Divinely Presence and we may ask to reach more Holy Ramadans but you may reach 100 x more coming and asking to be granted one thousand Ramadans going to finish and you should be called back. "Come, come! Enough that you are on earth. Now leave your jism, body, there and come to me with your soul.

O people! one more Ramadan just passed away passing.

Allah knows how many Ramadans remaining up to the Day of Resurrection. He knows.

But finally everyone must leave. When they have been called come, you must come. You cannot say, "O I am

trying to build buildings; to establish new cities; to build new cities; we are trying to build a new life, give us more time! From heavens an answer coming, “O My servant! I am sending you to build high building s and to to save hundreds, thousands, millions or billions of treasure? Do you think I send to you on this world and that is your purpose or you are understanding only a to live longer and to collect much more treasure? Do you think I created you for that purpose?

Never, and (yet) we are so happy for saving treasures. But finally whole,... finally you are leaving everything and coming. O My servants you must know that you have been created and also honored to be My servants. There can’t be anything more valuable than to live as I like that you should be My servant.

It is not important. The Lord of heavens saying, “It is not My Order to you to make heaps of golden and treasure. I am never interesting (in that). My interest is that you must try to be My servant and to try to be a good servant.“

There is on heavens two tables - one side names written, and second side names written. The first table written on it the names of good servants; second table bad servants’ table, names of bad servants’ table. Look! Look where you are trying to be written your names: under good servants’ table or to be written bad ones. One table, so many names and written those people they are, they are just granted granted from their Lord such a honor. No one can give it to anyone servants that they are blessed ones blessed ones and second second servants that are cursed ones. Anything else whole holy books saying?

O people! Anything else? No. Why fighting with each other from dunya, daily people killing someone’s killing someone’s else. Why? That is heavenly order. No, what you are doing that your name just written under the table of cursed ones, and cursed ones, they should be taken with Sadanas to hell. (Turkish)

O people! Think on it! Don’t think only to reach more and more from dunya. Billions of people they are saying that “this planet belongs to me” but finally they left it everything here and ... “Come, come, come, come! O where are you running? Come! Everyone going to taste maut death. And finally Shaytan also going to taste of miraratul maut -bitterness of death. Everything just falling down with the trumpet of Israfeel Alayhissalam and finally remaining (only) Shaytan. Shaytan he is looking that every living one falling down, falling down. Their physical being there bodies without a sound, finished and then holy order from heavens

coming to Azra`eel Alayhissalam saying, “Reach to that disobedient servant and take its soul also!” And Shaytan running towards east escaping, and finding Azra`eel Alayhissalam infront of him asking to take his soul; running to west, running to save itself finding Azra`eel Alayhissalam ready to take its soul. Running east; running west; running north; running south. Everywhere looking and seeing angel Azra`eel Alayhissalam ready. O people! Where are you running away?

Think on it and try to be servants, good servants, to be written your names on the good ones’ table. If not you lost everything. Nothing giving to you any benefit. O whole mankind that you may hear you may listen what masters making a weak servant, to address to you to speak to you or advise to you think which book. Saying “Don’t worry! Do everything as you like and you are in safety. No one can say no one can say. Every book Christian book, Jewish people’s book, (those) that they are refusing Holy Quran but (even in) their holy books (it is) written what we are saying. Holy Quran, you must believe in the Holy Quran now and then, here and in the hereafter. But try to be a believer in the last message sent by the Lord of Heavens.

## Shaytan’s Recommendation Is Enjoy Everything

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam.

••••••••• ••••• •••••••••••• ••• ••• ••••••• ••••• •••• ••••••• •••••• ••••••••• ••••• •••••••••••• ••••• ••••••••••• •••••••••••• ••••• ••••••••• ••••••••••••••

Rabbana wa laa tuhammilna maa laa taaqata lanaa bihi waa`fu `annaa w ’aghfir lanaa w ’arhamna Anta Mawlanaa fansurnaa `alaa ‘l-qawmil kaafireen. Our Lord! Lay not on us a burden greater than we can bear. Blot out our sins and grant us forgiveness. Have mercy on us. You are our Protector! Help us against those who stand against faith. (al-Baqarah, 2:286)

Madad yaa Rijaalullah! Madad yaa ‘Ibaadullah, yaa Rijaalullah! A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

O Our attenders! As-salaamu `alaykum, salaamu’Llah `alaykum. We are asking forgiveness from our Lord, Allah Almighty, because about our Lord's commands we are such lazy and careless ones, and we are making big trouble for Mankind. From east to west, from west to south, there are five billion people or more, most of

whom are careless about the Holy Commands of Allah Almighty, which is the biggest blame for Mankind!

The One Who created us and granted us such honor and so many heavenly favors promised us that if we keep His orders, we will have honors forever. That is our honor in this life, that we may reach a happy life. People are running after a happy life, asking for an enjoyable, honored, unending life and no death, to be alive forever. That is Mankind's favor, but they are not upholding the way to reach that! Everything they ask for they may get, but they are being cheated by Shaytan and its followers by thinking their sweet life and happy life is only for a limited time!

The Lord of Heavens promised Mankind that if they keep true obedience, "I promise you a never-ending life." But Mankind is running after Shaytan and shaytanic ideas, saying, "Our life is only for a short time and no more." Shaytan is saying to them, "You must try as much as possible within the short span of your life, to taste everything. This is a short life, after which you will reach nothing!" This is a wrong idea that Shaytan makes people accept, and they say, “We will live only a very short time and after that we are going to be dust!”

O People! He Who created you doesn’t want you to be here for a short time and then to be dust; He likes to grant you a never-ending, enjoyable life! Therefore, try to not be cheated. Shaytan is the biggest liar and the biggest cheater who puts so many traps and countless tricks to cheat you! Don't believe what Shaytan tells you. After this life there will be never-ending life, either in Paradise or in Hell, as there are only two choices for Mankind. Therefore, use your minds and your mentalities! Believe that He Who created us knows all about Mankind, His servants, and He also knows the real purpose for which He created us! We have not been created to behave like animals, only to eat, drink, and reproduce; that is not Mankind’s real aspect and Allah Almighty never likes human beings to be like animals. No! Whoever says that is beneath the level of animals, and this belief brings so much trouble to people now.

The Lord of Heavens informed us through thousands of prophets, "O People! You have been created by the holy order of your Lord, Allah Almighty, Who says, “Be! Kun fayakoon,’ and you come into existence." You must try to know about your Creator and His Power, Majesty, Glory, and His Will. Use your minds a little bit and you may reach your real aspect and true aim. Try to learn about this; think on it! But I am sorry to say that even Muslim territories are not using real knowledge to teach their young people to know their Lord and Creator. They are following Shaytan, who is causing them to fall into hells.

There are more than five billion people who are unhappy, fighting and killing each other. There is no meaning or wisdom in them killing. What is the benefit for one man to kill another or to create such terrible weapons for killing? An ant does not say to other ants, “Kill that one!” But 21st century Mankind is now beneath animals. A very weak creature, the ant, never contemplates killing another ant, and human beings are plotting to kill all Mankind! Why? Is that an honor for Mankind? But now religious people have stopped speaking what is in all holy books, that for one man to kill another is the biggest sin and Allah (swt) will take His Revenge on murderers. You can’t kill even an ant without a reason!

Now people say we have reached the peak of civilization. If to kill each other is being “civilized,” we are saying, la`natullah `alayh, “The curse of Heavens be upon them!” They are real representatives of Shaytan! Mankind is now running to be representatives of Shaytan and are under its command, “Run to kill each other!” If you do that, what honor is for you here and Hereafter? May Allah forgive us.

O People! I am reminding you because you are not thinking on this! Angels from Heaven will take revenge on oppressors! We are asking our Lord to protect us from the influence of Shaytan's ideas and its ways. Shaytan will be happy if all Mankind kills each other, which is its highest goal!

O People! Why aren't you hearing your Lord's commands? He is saying to you, "Don't kill," and Shaytan is saying, “Kill!” How do we think we are perfect ones who have reached the high point of civilization? Therefore, heavenly anger is now coming on Mankind and people are trembling, saying, “There will be nothing left of our homes or anything we do!”

O People! Be fearful of Allah Almighty’s endless power! He can do anything, and we can do nothing! May Allah (swt) forgive us.

O People! You are welcome. We are asking Allah Almighty to save us from the hands of tyrants, to take them away and send us good ones with real knowledge and real aspects for our daily lives. And we are thanking Allah Almighty and His most beloved servant, Sayyidina Muhammad (s), wa sharafa wa karam. (Mawlana Shaykh stands and sits)

O People! May Allah (swt) forgive me and forgive you. I am asking forgiveness for me and for all His servants.

Fatihah.

## Where Are the Fatwas Against Shaytan's Sports?

Fatihah. As-salaamu `alaykum. Madad yaa Sayyidee, madad yaa RijaalAllah. Allah Allah. Yaa Rabbee, shukr. Yaa Rabbee, shukr. As-salaamu `alaykum. Ahlan wa sahlan, welcome. Bienvenidos. Mille grazie. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem.

O our Attenders! Try to attend good things and good purposes. Try to be good ones, as for good ones there are good tidings and for bad ones there are bad tidings. You know bad tidings? Good tidings are for good people. Bad tidings are for bad people. Allah, Allah. Allah, Allah. Therefore, on the Day of Resurrection, mumins are going to be welcomed by angels and granted with good tidings, "You will be in these paradises up to Eternity; you will enter, but never get out."

Sayyidina Adam (a) was in Paradise, but he and his wife were sent away. But those, after the Day of Resurrection, Judgment Day, who are granted to be among Paradise people, will be welcomed by angels, f 'adkhullooha khaalideen, "Enter O Believers, O mumins, O Allah Almighty's beloved servants, up to Eternity!" That is a good tiding. Angels will take bad people to hells by their hair, hands, and feet. Angels will have no mercy with them; they will be thrown into hells with the order, "Get in and never get out! Bad tidings for you!" Allah, yaa Rabbee! Yaa Rabbee. Yaa Rabbana ighfir lanaa w 'arhamnaa w `afuw `anaa.

O People! There is only one chance granted to Mankind. What is that chance? To be good ones or bad ones. There will be good tidings for those who are using their good will and good understanding, but those who are drunken ones, drinking the dirtiness of Shaytan and its followers will be received by angels who will say, "Get in and never come out!"

O People! It is so easy to understand our missions, our real being on this planet, to be in dunya. We have been sent from Heavens to this world, and the Lord of Heavens only asks of Mankind, "O Mankind! O Man! Human Nature! I am asking you to be good ones, that is My holy order to you. And I am warning you, don't be bad ones! I am going to be pleased with good ones, but I am not going to be pleased with the bad ones, because My Majestic Attribute is to be with good ones. I am asking My servants to follow My majestic way, to be good ones. That is a majestic order I am granting you from My endless Glory Oceans. And one spot of My Glory Oceans is enough for you, from pre-Eternal up to Eternal, and that small spot is going to become bigger, bigger, bigger."

O People! Is the anything wrong? For those who are understanding something, all prophets and all heavenly books and orders are asking from Mankind only one thing. "O Children of Adam, the Lord of Heavens is asking you to be good ones, not to be bad ones!" That is the real aim of all holy books, to make people good ones, those who are following the Lord of Heavens, our Creator. Bad ones are those who are following Shaytan. It is so simple, and people are writing so many theories, so many writings, reading, writing. I may ask Jesus Christ (a) if I am wrong, I may ask Sayyidina Musa (a) is my declaration wrong? O Sayyidina Ibrahim, O Sayyidina Adam, am I wrong? O Sayyidina Noah, am I wrong? People fight them, and they are calling to Paradise! People are saying, "We don't like Paradise, we like hells!"

People have left going to mosques, and they are making football arenas, because Shaytan is calling people, "Come and see! There is one goal, one football, come and see! You may look, and if that football enters the goal you may all cry out, 'Ooohhh! Look what happened!' Is there gold or silver raining on you? What happened that you are doing this (cheering for sports teams)? Shaytan is making 21st century people mad (insane), and mad ones are bad ones, because they are not really mad; they were created in perfection but they are using their creation in bad ways. Therefore, they are going to be cursed. They are not going to mosques or praying places, but millions of people are running to football. I ask, is there any news, and they say, "No Shaykh, no news, there is only football news." People are becoming mad; it is worse than being mad

ones. Some say, "O Shaykh, why are you blaming us? There is also football in Saudi Arabia!"

O our Salafi `ulamas! Where are you? Amr bi 'l-ma`roof! To play football, is that the order, or is it amr bi'l-ma`roof wa nahiyy `ani 'l-munkar? Why are you not saying? You only know how to say, "Bida`, haraam." For what? Because if we are getting in front of the holy tomb of the Seal of Prophets (s) making salawaat, you say, "Shirk!" Who saying to the Muslims, "Bida`, mushrik, haraam, kufr," where are those Salafi `ulamas? People in the Kingdom of Saudi Arabia, or in Hindustan, Turks, are saying, "Heyyyy, what happened?" Something is coming from up and Shaytan is making people foolish. Where are our Salaaf as-Saalih? Where is our jama`at amr bi 'l-ma`roof? How is the king of Hijaaz giving permission for football in the Holy Land? Where is amr bi 'l-ma`roof? If I am sitting in front of Ka`aba Mukarrama, saying, “Laa ilaaha illa-Llah, la ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, police are running with sticks. We are not haywaan to come at us with sticks! That is our right and we will ask for our rights on the Day of Resurrection!! Barabbuna min Haraam ash-Shareef. They are saying salawaat on Prophet (s) is bida`, but no one is speaking against football! Why? Because that is shaytanic and this is for Allah (swt)! May Allah forgive us.

O People! Why we are going down from ummat al-Islam? Why we are losing our values? Because we are following shaytanic, bad ones' ways, and leaving good ones' ways. Who is following bad ones' ways are bad people and will be thrown in hells! Follow the ways of prophets, peace be upon them, and follow their warathat al-anbiya, their inheritors, saints, the awliyaa. To be good ones, follow them.

This is Shabaan Mu`azzam. Rahmat, mercy is coming and Allah Almighty is looking if anyone is coming to mosques to be with good ones or not. All mosques are full of angels; even if no one is there angels are coming with their hadiyah, heavenly gifts, to give to those who are in mosques. If coming and seeing no one and going to look for them, if they find them in front of the TV watching football, bad tidings for them, because they are bad ones following Shaytan!

I am the weakest warner for all nations, that football is min amr ash-Shaytan. Why you are not making tafseer on what is amr ash-Shaytan? O Salafi `ulamas, O `ulamas amr bi 'l-ma`roof, O doctors of Shari`ah, doctors of Azhar ash-Shareef, why are you not opening the verse:

**••• ••••••• ••••••• ••••••• ••••••• ••••••• •••••••••••• •••••••••••• •••••••••••• •••••• ••••• •••••• •••••••••••• •••••••••••••• •••••••••••• ••••••••••••**

yaa ayyuha 'Lladheena aamanoo innama al-khamru w'almaysiru wa'l-ansaabu wa 'l-azlaamu rijsun min `amali 'sh-shaytaani fajtaniboohu. O you who believe! Intoxicants and gambling, (dedication of) stones, and (divination by) arrows are an abomination of Satan's handwork. (5:90)

O Muslim world! You will be punished. If there is one whip on the non-Muslim world, on the Muslim world there will will be seven! How may Allah Almighty help the Palestinian people that are asking for their rights and they are not giving the holy rights of Allah Almighty? Think on it, O Salafi `ulamas and doctors of Shari`ah! Say, one after another, what is min amr ash-Shaytan? I am asking you. I am going to be against you in the Divine Presence, saying, "O my Lord! That one was not teaching what is amr ash-Shaytan." Say to me, which `alim wrote a book explaining amr ash-Shaytan? And we know there are 500 good works, blessed actions, or efforts. There is that book. But I would like to see one of the Salafi `ulamas write a book on amr ash-Shaytan, but I have not yet found one.

Before, at the end of the time of khulafahs, the Ottoman Empire, maqaam khilafah was taken away and the time of `ahad al-jabaabira, the period of tyrants came.

O People! I was not thinking of speaking like this today, because I am not feeling too strong, but Allah Almighty, jala jalaalahu and His beloved one, Sayyidina Muhammad (s) wanted this reality to be told to all nations. If they are not accepting it, I hope that they won't reach to the next Ramadan. If they are not correcting their steps by the second Ramadan, they are going to finish. May Allah forgive us.

O People! They are coming from far distances that they may understand and take something to their people also. East and west, north to south, call people to be good ones, not to be bad ones.

O Allah! We are asking for heavenly support, and we are looking for an imaam, that one who is granted to Habeeb's ummah; he will be the last one, ma`rifatullah Mahdi (a), karamahullah. Yaa Rabbee, yaa Allah bi ja indak `alayhi sirri Surat al-Fatihah.

That is a very heavy bombarding, not from me, but from the barakat of Ahlu ’l-Bayt!

## Shaytan Teaches Man to Fight, Kill, and Cheat

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli wa salim wa baarik `alaa Sayyidi 'l-Awwaleen wa ’l-akhireen habeebi ‘r-Rabbi ‘l-`alameen, Sayyidina Muhammadin wa `alaa aalihi wa saahbihi ajma`een wa `alaa sa'iril-anbiya wa ’l-mursaleen wa man tabi`ahum bi-ihsaan ila yawmi ’d-deen wa `alayna ma`ahum, yaa Rabbi 'l-`Alameen. (Mawlana Shaykh sits)

O People! As-salaamu `alaykum. As-salaamu `alaykum man `alaa wajhil ard. As-salaamu `alaykum yaa `ibaadAllah, from east to west, from north to south, in oceans and continents. I am reminding you that we are running to the Last Day. May Allah grant us from His endless blessings. We are asking His forgiveness for every action or function that we do against holy laws from Heavens and we are saying, A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) Subhaana Maalik al-Mulk Dhu 'l-Jalaali wa 'l-Ikraam. rabbanaa ighfirlana wa tub `alayna. (Mawlana Shaykh sits) Madad, yaa Sultan al-Awliya.

O Our Attenders! Throughout the east and west, from north to south, you must remind yourselves that you are created only by the Lord of Heavens, by the Lord of Space, and known and unknown continents and dominions of the Lord of Heavens (swt). We have been granted such an honor that no one can imagine!

Therefore, the Lord of Heavens is saying, "O People! Think about yourselves! Try to learn who you are and what is your identity!" But people are trying to reach something from physical pleasures as their beliefs are based on that; it is their only belief.

They never think about themselves but only about the pleasure of their physical beings. For that purpose, Mankind is fighting. If you can be a president, or another is a worker or farmer or from common people, both of them think about filling their stomachs and that is their (purpose). From up to down, people are servants for their stomachs, only seeking pleasure in eating and drinking. But when you put a bite of food in your mouth, for one moment or less you take pleasure and then you swallow, finished!

You may eat an entire roasted lamb, but when it is finished there is no pleasure for you, no. You experience pleasure for some minutes and beyond that your pleasure is finished! However, whether people know this or not, the reality is in every 24 hours you may only experience pleasure for one, two or three hours and the reaming hours you do not taste pleasure; after that you may find more pleasure going to the WC!

What is the meaning of your identity, that you are on the top point of Creation? You have been granted an honor to be on the top point of pleasure in this world, either up or down. You are wasting energy if you are trying to reach something not in your hands; if you are constantly running after pleasure, which is not given to you continuously in 24 hours. You may experience the maximum pleasure with your wife, but only for a matter of seconds and after that your pleasure is cut. And yet people constantly chase the pleasures of eating, drinking, and women! If you ask a clever one or a learned person about their life, (he or she will say), “I am living only to be pleased and to be in pleasure, but I can’t keep it, everything is quickly running away and I am falling in such a a difficult position that is making me hopeless for reaching a continuous pleasure,” and the Creator, the Lord of Heavens is saying, “O People! I created you to be on Earth for some time and then I am calling you to Me. I am not sending you for playing, or to be slaves for the pleasures of your stomachs and private areas, no, you wasted it. I am sending a lot of heavenly ones to teach you some realities but you are not following them, you are following shaytanic ways.

Shaytan is saying, "You must run after your pleasure." Where is it in 24 hours? You may be a king or queen, but you cannot carry to be in pleasement continuously for 24 hours. Also, you are never going to be happy here forever, because you have been surrounded in this life by so many things giving you troubles, miseries or

sufferings. Therefore, you will never find a continuous pleasure, happiness or pleasement in this life.

Why are you quarrelling, fighting and giving trouble to yourself or others? That is wrong. Allah Almighty is saying, "Mostly My servants are not thinking about such wisdoms or they would reach a truly balanced life."

You can't reach balance by running after pleasure; let pleasure run after you, don't run after pleasure! It is elusive like your shadow: if you run after it you can't reach it and if you run away from it, you reach nothing. That is the life of Mankind on Earth. For what are you wasting your time and the Lord of Heavens is saying, "O My servants! Come and be with Me. I am the Creator. I am doing everything for My servants to be happy in a continuous life forever. I am promising them an eternal life, but you are wasting your time and running after nothing. I am calling you to reality but you are leaving reality and running after shadows!”

Shadows are not suitable for your personality or as your targets. For example, you may be in a beautiful garden and you may take a photograph of yourself in that garden but what is shown in that postal card is only a shadow. If you look at it, you may say, “That is me in such a beautiful place with food and beautiful ladies,” but it is only on a postal card. You are really here, not there.

O People! Think, and thinking will teach you so many things. If you are not learning from heavenly personalities, for example (...) but you can’t keep it, that postal card cannot impart to you that once upon a time you were there in enjoyment. Every day you can taste whatever your ego is running after, but the next day it is finished.

O People! Think on it and leave fighting and giving trouble to each other. Leave people in safety, kindness, and in pleasure. That is your official mission. Help people be restful and at ease, to be safe and in pleasure. That is the top point of humanity. Why are you leaving that, killing and giving endless trouble to each other?

O Mankind! That is not your mission, that is a shaytanic teaching, saying to you, "You must be Number One! President! Prime minister! King or queen!" But your mission is not to give people trouble and carry them to oceans of troubles.

O Number One’s everywhere! You must live for Allah Almighty, and your mission is to give the servants of your Lord a good life. You must try to make them in a good condition, to be in pleasure! That is the real

mission for you, but people now are saying, "We reached the top of civilization," and are a hundred-percent liars. Everyone who is going to be Number One in countries are only thinking about their egoistic desires, not about other people. Therefore, now an awakening is coming to common people and they are saying, "We are not happy with you (as our leader) because you are only looking after your pleasures and never looking at what we are in need of, or what we can do to reach a happy life and pleasement here and every grant of Allah Almighty. You are preventing us!"

Everywhere people are quarrelling for that purpose: wars, fighting, killing everywhere. Allah Almighty is not giving you authority to kill. He is ordering, "Keep people to live well and offer thanks to the Lord of Heavens, Who granted us this and that."

O People! All of you--including our people and myself--are running after the wrong way, hearing and listening to our egoistic desires, and not thinking about others, preparing so many huge weapons for killing everything on Earth. That is not our real mission; our real mission is to make peace everywhere, to make a sweet life for others here, and to be a good servant for our Lord!

O People! Listen and you may discuss it, but I don't think anyone can refuse what we are saying now. Who refuses is a second Shaytan and on the wrong way. Prophets are showing and teaching people the good, right and safe way to live, but Shaytan and its followers are calling people to a dark, difficult, useless life, making people run after some imagined civilization. May Allah forgive us.

O People! Come and try to accept what has been said now. I am not saying that I said this to you, what you are hearing, keep yourself and come to the limits of shaytanic ways and change your ways to safe ways. You will be happy here and Hereafter.

O People! Say, "Shukran lillah, thanks to Allah," Who is promising Eternal Life! May He give the most high respect to the Master of all Creation, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

## Shaytan Teaches You to Deny Your Lord

(Mawlana Shaykh stands.) Dastoor yaa Sayyidee, madad yaa RijaalAllah. Allah Allah, Allah Allah, Azeez Allah. Yaa Rabbi salli wa sallim wa baarik `alaa habeebika Sayyidi 'l-awwaleen wa'l-akhireen, Sayyidina Muhammadan (s) wasahbihi ajma'een. (Mawlana Shaykh sits.) Madad, madad yaa RijaalAllah.

As-salaamu `alaykum listeners, attenders; such a humble association.. Allah Allah! SubhaanAllah, SultaanAllah. Be ready, O attenders, to listen and ask from the Lord of Heavens to grant us power for keeping heavenly orders. Dastoor, O our Protector on this planet. And we say a`oodhu billahi min ash-Shaytaani 'r-rajeem, Bismillahi 'r-Rahmaani 'r-Raheem. Take the heavenly sword with your hands and truth because for Shaytan, from beginning up to end, his main target is to take truth away and to bring baatil, falsehood. You may say, truth is from true ones and false means "untrue." Okay? Say it! Yes sir, truth. Shaytan's main target is to change people's minds and understandings of the wrong way so that they will refuse truth and run after falsehood and wrong, untrue ways. May Allah (swt) protect us! It is adab to ask from our Lord, our Creator, but He Almighty appoints on behalf of heavenly levels one to look after everything on this planet and what is happening. We must ask, "O our Lord, give Your Divine Protection." Yes, this is a title, but it is also highest protocol. You can't forget the Lord of Creation; you must address (Him)!

As was before, there were passports from a colony of Cyprus, and on the first page was written, “On behalf of His Majesty the King, I am granting on behalf of the British Empire's Emperor." There was no "Majesty King" giving that one who had been appointed on behalf of the Emperor of British Kingdom!

Therefore, no one can do anything through his existence to make everything on himself, in himself, through himself, no! He must say, bismillahi ‘r-Rahmaani ‘r-Raheem. That is heavenly protocol that everyone must keep it. What he must do is say, “On behalf of my Lord's permission, on behalf of Himself I must do this or do that.” Shaytan is making to do away with this protocol. Shaytan is making these people’s understanding going to be an unknown one, none in existence, unknown. How you can say an unknown thing is going to be in existence, and whole shaytanic disease is to make people refuse the Creator, the real Owner Who is in existence! That is from Shaytan's traps to make.

I am reading so many books, so many times I am looking and they are speaking about heavenly happenings. Speaking about holy words of prophets (a), and their followers and their representatives, they are saying something as never going to be as a belief. They are thinking that the whole prophets' prophecy and their messages are from the limit of their positive knowledge. Shaytan is trying to teach people that if something you can't prove, don't accept it. "Positive knowledge." That you can't bring a proof of it, that is the limit and the beginning of shaytanic way.

Shaytan was trying on tribes of Children of Israel. Moses (a), a great personality through chains of prophecy, oolu 'l-azaam, one of the five highest prophets. From Tur Sina, Mount Sinai, he was bringing (commandments) to be with us, to be in satisfaction. But the real bringing is from the Lord of Heavens! Are we asking for proof or we are going continuously, we are bringing down from the Lord of Heavens?

Moses (a) was saying from Mount Sinai, from his Lord, “O my Lord, the Children of Israel are always objecting on what I am bringing to them. They are coming down saying, ‘Not divinely messages or divinely books.’”

Then Allah Almighty saying, “O Musa, look among yourselves and take some people who are more objecting ones, and they think that they are sending everything.” Even Moses (a) bringing something, they are thinking they are over our knowledge, they are doing this, objecting.

When Moses (a) was objecting, saying, “O my Lord,” Allah said, “Bring those seventy ones here and listen to my declaration, My holy verse to you. I know what it is going to be, but I am speaking on their understanding level so they may say, ‘Yes, I heard such a sound like thundering declaration and now we are in satisfaction.’ Bring them! Bring them here!"

And Moses (a) went and they said, “Yes, this one, this one, this one,” and seventy people went to Sinai. Allah Almighty addressed Moses (a), “Yes, yes.”

Moses (a) asked the people, “How are you, my honored? my believers? How are you now? Are you reaching a certainty that I am bringing from the Lord of Heavens? Are you okay now?" (Mawlana Shaykh laughs) Seventy saying, "O Moses, yes, I heard that declaration, that speaking, but to be in our hearts a tumaaneenah (reassurance), we are asking to reach a satisfaction to our hearts. That verse belongs to our Lord, we must look at him!”

Moses was so angry, full like a volcano, and saying, "O, it was not this among me and among you. We are only asking to hear! I can't ask my Lord, that you can look at him! I can't do!"

And Allah Almighty saying, "Don't worry, Moses, My prophet, don't be angry. Now I am making for them what they are asking."

(Mawlana Shaykh laughs) That is the beginning of "Positive Knowledge," (a school of thought that) if they are not seeing something, they are not accepting. Up to today in universities, if they are not seeing they are refusing, what foolishness! They are insisting it is in their books, that according to holy books (such as the) Torah, is a riwaaya, fairy tale. Up to today, they haven't any yaqeen, certainty on it. They are writing in such a way that, “Moses was claiming,” and they reach a conclusion that, “We are not accepting.” Even if they are accepting, they are putting in universities "holy books." They say no, what are "holy books?" What is the meaning of being "holy one?" What is "holiness?" What is the meaning of "inspirations?"

They are not accepting! Beginning that day (with Moses) they are asking, “Show us Who is speaking." They say, "Your Lord is speaking to you? Let us look at Him when he is addressing you!" If there comes an appearance (sign), they will also say, “Perhaps you are making sihr, magic. We are not in certainty that One is

speaking to you!" Now in the same way, universities, professors, and others are saying, "We must be in certainty if Old Testament, New Testament, or Holy Qur'an are revelations from heavens. We are asking, as we are learning now, what it is going to be for?"

How you are saying this? Why are you not taking care?! (It is so clear and simple, just as) three times two is six; three times three is nine, two times two is four. What is that? They are asking to know what is beyond their understanding. Their mindly production cannot give an understanding to them because their understanding is so little. It is more to say, “I am going and I am hearing, to see Allah (swt)!" If they are asking to see Allah (swt), coming a lightening on them until they finish objecting no more! Seventy people just passing away, lightening just burning them as a coal; even white ones, when lightening struck them they were as black as coal.

And Moses (a) was making sajdah, saying "O my Lord! You know about the Children of Israel, their characteristics. If I am going and seventy people have passed away, they will ask me, 'Where are our people? You killed them.’ O my Lord! For the greatness of Your most beloved one, for his honor, give them life." Throwing away, and Allah Almighty granting and they are coming (back to life).

O Salafi `ulamas! Am I saying something wrong? You are not saying anything about your universities teaching "Positive Knowledge." You can’t be able to say as you never have such courage to say to them, to have such knowledge through your university to teach holy books from heavenly knowledge to people. You are teaching atomic physics, electronical instruments, then atoms are the power center. What you are teaching, so many things? We are living in the time of technologia, what became the highest level of understanding for Mankind. They are writing this and teaching. Why you are not objecting? Why you are not teaching there and saying, “That is wrong, that bida`, that kufr!”

O People! Shaytan is teaching you to deny the Lord of Creation!!!! That is shaytanic education and Shaytan's understanding. O People! You must hear and accept, or coming on you divinely intaqamna (revenge), as in Holy Qur'an when Allah Almighty says, “And making Me to be angry, My divinely anger just taking them away, through:

•••••••• ••••••••• •••••••••••• •••••••• ••••••••••••••••• ••••••••••••

Falammaa aasafoonaa intaqamnaa minhum. when at length they provoked Us, We exacted retribution from

them (43:55)

falamma asafoonaa (their lack of repentance).” O People! So dangerous events are coming. If you would like to be in safety here and Hereafter, come and look for what is heavenly, from the Lord of Heavens, Who created you. O Mankind! Why He created you? Try to know it and give your highest respect and majesty and glory to your Lord.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah

Whole nations from east to west, from north to south, are you believing that the Lord of Heavens is Sultan, the King of Kings, and the Creator, Who has no partner? Come and believe! Only this can save you, nothing else. Troubles, miseries and sufferings are coming on people because of such wrong understandings of Mankind. Day-by-day approaching to this planet to take away everything on it.

Fatihah.

This addressing, khitab they are making me to speak is not only for Muslims, but for whole nations! They must take their care for such a heavenly knowledge or they should be taken away. Muslims, Christians, Jewish people and unbelievers, all people are responsible. They are not learning their responsibilities, and the rights of heavens will be taken away, with no chance for them to come in existence a second time! Forgive us, O our Lord!

Fatihah.

Therefore, I am calling to His Holiness the Pope, to His Holiness the Patriarch, to priests, to rabbis, to prevent heavenly anger from reaching to this planet or everything is going to be finished! Do your best, people, and if the Lord of Heavens is going to be happy with you, He may save you here and Hereafter, for the honor of most beloved one and for their honors.

## The Sham In The Mirror

There was a pub, an old pub. To keep the old pub, the British made the road change direction, it went this way. "The treacherous people of ours did not leave anything from the old. Look how British conserve the old" I said. The image of it is still in my head, in my heart. I can see it- The bar on that side, it is closed. A building from stone. The road didn't go this way because they would overlap, so they made the road go this way. Is there anything left that these ones didn't destroy? They would destroy this one too if they could. May Allah destroy them. They did this everywhere, everywhere..

In Sham also, they destroyed the huge Yelboga mosque of 1000 years. The people kept quiet about it. There are things to come on them. Shaykh Hassan Al-Jibawi Hz, they disturbed him too to change his place. In the time of French, the French governor of that region said "we should build this road but we need to remove this building from here". He (Jibawi Hz) came into his dream, the French commander who was ruling Sham at that time, "You & your soldiers come & remove me from here if you can" he said. He came into his dream. The next day the commander said "Stop, don't touch it" Now these traitors want to open up his maqam no matter what. Why? "We will make a road". To make a road, they destroyed his burial place. He didn't want to move from his place. He turned like this on their fingers. They didn't understand what it meant. "So what? We just take from here & move there". He said "Just as you destroyed my house so may your houses also be destroyed". He finished the square, it is all gone.

This is the awliya who was buried there for 500 years-Hassan al-Jibawi Hz. My first visit was to his maqam in Sham. GrandShaykh was there. 7 holy men came out from that maqam with their shrouds still on. And this..What was their name, the ones, the Grandshaykh's (Jibawi's)

grandchildren, what was their name? Suyufi. That one, the one from the Suyufi family came.

When he opened up the grave he found that holy one laying like this, with his shroud still on. When he did like this, he (Jibawi) said "I won't get up". And he (great grandson) said "It is the order of Ulul Amr". "May he collapse" he said & surrendered. So they took him to another place. Grandshaykh was not present there, I was not present either. He was turning on the fingers of those who carried him. He didn't want to move. He was carried to a distance which was from here to the mosque & buried there. "You destroyed my house. May your houses be destroyed" he said. They destroyed that square.

Look at the good manners of the British for keeping their old signs. Look at the treachery of our treacherous people. Tawba Ya Rabbi, Tawba Astaghfirullah. Such a great one. When Sultan Selim was going for Egypt campaign, he stopped his horse there. Sultan Selim asked "Which holy one lays here?" "There is Hassan al-Jibawi Hz here" they said. He dismounted his horse, went inside to visit. He asked for dua. He went to Egypt taking his dua otherwise he couldn't have conquered Egypt.

Such a holy one with great power, he got offended. He said, "You destroyed my house. May your houses be destroyed also". He swept that square with cannons & guns. Our Grandshaykh told me that the French attacked Sham at the end of the war- the French soldiers. And when coming to the square, there is Mithat Pasha. Our GrandShaykh said, "I was sitting like this.." There was a residence in the upper part, you don't know it. I sat in the residence & watched. There was no one in the streets. There was no one- no soldiers, no civilians, no women, no men..

From that Mithat Pasha market to here, a detachment of French soldiers were walking. "I am watching from up". GrandShaykh Hz had authority to act but he didn't say so. He said "I was looking from up. And I sent everyone from the house, only I stayed & was watching". O lion! Our Grandshaykh, Sultanul Awliya Hz was a lion. He said "I sat like this & watched. The French soldiers started to walk from Mithat Pasha to this side. They were coming to the square. When I was sitting, I saw that suddenly they started running backwards in such a way they couldn't come one step more to this side. There was Sultan there. The glance of the Sultan. Grandshaykh is also

Sultan. When he gave permission, they all scattered, couldn't take one more step into the square.

O holy one. Ah Sham al-Sharif, ah Sham al-Sharif. These people corrupted it. How beautiful were the people of Sham- all covered, good mannered, disciplined. "We are making our daughters soldiers" they say, Masha Allah. It is the doing of these treacherous ones & the people of Sham sleep. Why didn't you send your boys to the military school so they become soldiers instead you make girls wear military dresses in schools? Is military the job of women? "Wa Qarna Fi Buyutikunna" (33:33), "stay in your houses" says Allah Almighty Jalla Jalaluhu, Jalla Azamatuhu.

These shameless, evil ones said "we assigned numbers to the stones of Yelboga mosque & moved them.." And what did they do now in it's place? What do they call it?

S.M. Parking lot.

M. They turned it into a parking lot and left it. Neither Kuftora nor any other mufti could say anything about this. Not any imam could open his mouth. Now they made all the people there upside down. Fortunately we are on top of the mountain, no damage. The holy 40 saints, the holy 7 ones, Dhul-Kifl (As), Sultan al-Awliyas, Ibn Arabi Hz, Al-Nabulsi Hz, the Ashab al-Kahf/the Seven Sleepers, the great 40 ones... They didn't look that side because they had no business there. So it is such things, this treacherous one did not come on them for no reason. Atlas, they called him the head commander. That poor one was not even the bottom commander. How many times you went there, you & your wife.

S.M. Yes.

M. This one is helpless. This one is not ruling, he is ruled. You give the great land of Sham into the hands of an Alawi. How can this be? And no one cares, no one asks. Everybody is busy with trading, shopping, having fun, going around.. "If Sham is corrupted, then the whole world is corrupted". I am full with feelings inside but who am I? I am not even like a match. There are great ones above. There are great ones above but there is no order yet. No order yet, no order yet.

There are forty budalas, nujaba, nuqaba, awtad & akhiyars. There is a group of jinn that protects the surroundings of Sham. One of them could make them upside down. But he said "Don't touch them. Leave them. They filled Sham with concrete. They put statues everywhere and every- body kept quiet. Is Sham the place to put statues? And also, to deceive people they put a statue right under the Hamidiya market. They put the statue of Ayyubi. He cursed them.

No one knows these things, no one knows what the secret is. "Troubles don't come unless the servant goes wild". They became wild. They were all veiled like this. There could be no one opening her face from the people of Sham. And these ones made their daughters wear soldier uniforms & bearish men command them. You send your daughter to military school so she becomes a soldier? Allah Almighty says "Wa Qarna Fi Buyutikunna - Stay in your houses". Now all of them are being disciplined. Sham, one of the Holy ones would not even let them go into woodshed. He said "Leave them". Tawba Ya Rabbi, tawba Astaghfirullah.

They left no scholars, no madrasas, no foundations, no mufti maqam.. They entered everywhere, corrupted all of it. To threaten the people, they had Shaykh Mohammad Shami shot. He was a clean man. He had nothing, only to threaten the scholars. They had Kuftaro's son shot in Sham to threaten them, to keep their hearts busy with it. Shami Hz, the deceased Shami Hz, whoever shot him, for which reason did he shoot him? How they shot Kuftaro's son in Sham al-Sharif? To scare the ulamas, to make them back off. May Allah overpower them. May they not enter Sham one more time. Fatiha.

I lived in Cyprus until I was 20, and never went to a police station. We went out, still never had to go to a police station. Even UK is different, they never called me or anything. Turkey 100 times, Sham 1000 times- you do the math. I went to Beirut, you were with me. There was chaos here, we went to Beirut. Subhana Allah. On the border- I think it was the Sham or Aleppo border, whichever plane it was - These treacherous ones allowed your mother, you & Naziha. They allowed them to enter but didn't allow me. I never give them my blessings. And they were always following us, every day. They made us known as British. The passport office wrote me as British, so they thought I was British, constant investigations. I couldn't enter Sham, so I returned

to Beirut.

There was an uprising in Beirut again at that time. So I went to Amman from there. I went to Amman on my own. I stayed with Shaykh Ahmad Effendi. Then you came there, Naziha & you. May Allah grant you safety. We can't finish by speaking. They insulted Islam. They insulted the immigrants. The people of Sham didn't show love towards Islam & Muslims. The bandits here & in Turkey started again at that time. Alhamdulillah we passed through all of it & came here.

Alhamdulillah, insha Allah I will be with the Sultan who will enter Sham victorious. All of us will be insha Allah. You can write a book from these I speak.

S.M: Yes, many books masha Allah.

M. Yes, they are enemies to Islam, enemies to Muslims. The chief commander was sitting there like an animal, asking me "why did you come here?" "I came to live here". "What did you come here for?" "I make service here". He said "Ok, you may leave". He gives (visa) for 1 month, 15 days, you keep going back & forth. Finally they give us from those papers which allows 1 year of visa. But still many investigations, always following me thinking I am a British spy. They kicked out all of them. May they find their punishment wherever they go. O Lord, may You forgive us, forgive us.

Fatiha.

**Sham im Spiegel**

---

Es gab eine Kneipe, eine alte Kneipe. Um diese alte Kneipe zu bewahren, ließen die Briten die Straße umleiten. Sie ging da entlang. 'Unsere verräterischen Leute ließen nichts vom Alten stehen. Seht, wie die Briten das Alten bewahren', sagte ich. Das Bild davon ist mir immer noch im Kopf, im Herzen. Ich kann sie noch sehen, die Bar auf dieser Seite. Sie ist geschlossen. Ein Gebäude aus Stein. Die Straße ging nicht da entlang, weil sie sich überschnitten hätten. Also

führten sie die Straße da entlang. Gibt es irgendetwas, was jene nicht zerstört haben? Sie würden das auch zerstören, wenn sie könnten. Möge Allah sie zerstören. Sie haben das überall gemacht, überall... In Sham auch. Sie zerstörten die riesige Yelboga Moschee von 1000 Jahren. Sie schwiegen dazu. Es werden Dinge auf sie herabkommen.
Shaykh Hassan Al-Jibawi Hz störten sie auch, um seinen Platz zu wechseln. In der Zeit der Franzosen sagte der französische Gouverneur dieser Region: Wir sollten diese Straße bauen, aber wir müssen dieses Gebäude von hier entfernen. Er (Jibawi Hz) kam in den Traum des französischen Befehlshabers, der Sham zu der Zeit regierte: 'Ihr und euere Soldaten kommt und entfernt mich von her, wenn ihr könnt', sagte er. Er kam in seinen Traum. Am nächsten Tag sagte der Kommandeur: Halt, rührt es nicht an! Jetzt wollen diese Verräter sein Maqam öffnen, komme, was wolle. 'Wir machen eine Straße.' Dafür zerstörten sein Grab. Er wollte nicht von seinem Platz weg. Er drehte so auf ihren Fingern. Sie verstanden nicht, was es bedeutete. 'Na und? Wir nehmen ihn einfach von hier und bringen ihn dorthin.' Er sagte: 'So wie ihr mein Haus zerstört habt, so sollen euere Häuser auch zerstört werden.' Er erledigte den Platz. Es ist alles weg. Das ist der Awliya, der dort vor 500 Jahren beerdigt wurde, Hassan al Jibawi Hz.
Mein erster Besuch war zu seinem Maqam in Sham. Großshaykh war da. 7 heilige Männer kamen aus diesem Maqam noch mit ihren Leichentüchern. Und das... Wie hießen sie, Großshaykhs (Jibawis) Enkel, was war ihr Name? Suyufi. Dieser, der von der Suyufi Familie kam. Als er das Grab öffnete, fand er diesen Heiligen so liegen, noch mit seinem Leichentuch um. Als er so machte, sagte Jibawi: Ich stehe nicht auf. Und er (der Urenkel) sagte: Es ist der Befehl des Ulu l-Amr. Möge er zusammenbrechen, sagte er und gab auf. Also brachten sie ihn an einen anderen Platz. Großshaykh war nicht anwesend dort, ich war auch nicht da. Er drehte auf den Fingern jener, die ihn trugen. Er wollte nicht umziehen. Er wurde eine Strecke wie von hier bis zur Moschee getragen und dort begraben. Ihr habt mein Haus zerstört. Mögen euere Häuser auch zerstört werden, sagte er. Sie zerstörten diesen Platz. Seht euch die guten Manieren der Briten an für das Bewahren ihrer alten Zeiten. Seht auf den Verrat unserer tückischen Leute. Tawba ya Rabbi, Tawba Astaghfirullah. So ein großer. Als Sultan Selim auf seinen Ägyptenfeldzug ging, hielt er sein Pferd dort an. Sultan Selim fragte: Welcher Heilige liegt da? Da ist Hassan al-Jibawi Hz, sagten sie. Er stieg vom Pferd und ging hinein zum Besuch. Er bat um Dua. Er zog nach Ägypten und nahm das Dua mit, sonst hätte er Ägypten nicht erobern

können. So ein Heiliger mit großer Macht wurde verärgert. Er sagte: Ihr habt mein Haus zerstört. Mögen euere Häuser auch zerstört werden. Er fegte über diesen Platz mit Kanonen und Gewehren.
Unser Großshaykh sagte mir, daß die Franzosen Sham angriffen am Ende des Krieges, die französischen Soldaten. Und als sie zu dem Platz kamen, dort ist Mithat Pasha. Unser Großshaykh sagte: Ich saß so.. Es war eine Residenz im oberen Teil, du kennst sie nicht. Ich saß in der Residenz und schaute. Es war niemand auf der Straße. Es war niemand, keine Soldaten, keine Zivilisten, keine Frauen, keine Männer.. Von diesem Mithat Pasha Markt bis hier marschierte eine Abteilung französischer Soldaten. Ich sah von oben zu. Großshaykh Hz hatte Autorität zu handeln, aber sagte es nicht. Er sagte: Ich sah von oben zu. Und ich sandte alle aus dem Haus. Nur ich blieb und guckte. Ein Löwe! Unser Großshaykh Sultanu l-Awliya Hz war ein Löwe. Er sagte: Ich saß so da und guckte. Die französischen Soldaten begannen, vom Mithat Platz bis zu dieser Seite zu marschieren. Sie kamen an den Platz. Als ich da saß, sah ich, daß sie plötzlich rückwärts zu laufen begannen in einer Weise, daß sie keinen Schritt mehr zu dieser Seite kommen konnten. Der Sultan war da. Der Blick des Sultans. Großshaykh ist auch Sultan. Als er die Erlaubnis gab, zerstreuten sich alle. Sie konnten keinen Schritt mehr auf den Platz zu machen. O Heiliger.
Ah Shamu sh-Sharif, ah Shamu sh-Sharif. Diese Leute verdarben es. Wie schön waren die Menschen von Sham, alle bedeckt, wohlgesittet, diszipliniert. Wir machen unsere Töchter zu Soldaten, sagten sie. Masha'Allah. Es sind die Taten dieser Verräter, und die Menschen von Scham schlafen. Warum habt ihr nicht eure Jungen zur Militärschule geschickt, damit sie Soldaten werden, statt die Mädchen Militärkleidung tragen zu lassen in den Schulen? Ist das Militär die Aufgabe von Frauen? "Wa Qarna Fi Buyutikunna" (33:33), 'bleibt in eueren Häusern', sagt Allah der Allmächtige, Jalla Jalaluhu, Jalla Azamatuhu. Diese Schamlosen, Üblen sagten: Wir bestimmten Nummern für die Steine der Yelboga Moschee und bewegten sie.. Und was machten sie jetzt an ihrer Stelle? Wie nennen sie es? SM: Parkplatz. M: Sie machten einen Parkplatz daraus und ließen ihn. Weder Kuftora noch ein anderer Mufti konnte etwas darüber sagen. Kein Imam konnte den Mund aufmachen. Jetzt brachten sie alle Menschen dort durcheinander. Zum Glück sind wir oben auf dem Berg, kein Schaden. Die 40 Heiligen, die 7 Heiligen, Dhul Kifl (as), Sultanu l-Awliya, Ibn Arabi Hz, Al-Nabulsi Hz, die Ashabu l-Kahf, die

Sieben Schläfer, die großen 40.. Sie guckten nicht auf die andere Seite, weil sie dort nichts zu suchen hatten. So sind die Dinge.
Dieser Verräter kam nicht auf sie ohne Grund. Atlas nannten sie den Oberkommandierenden. Dieser Arme war nicht einmal der Unterkommandierende. Wie oft bis du dorthin gegangen, du und deine Frau. SM: Ja. M: Dieser ist hilflos. Dieser herrscht nicht, er wird beherrscht. Ihr gebt das große Land von Sham in die Hände eines Alawi. Wie kann das sein? Und niemand kümmert sich darum, keiner fragt. Alle sind beschäftigt mit Handel, Einkaufen, Spaß haben, Herumgehen.. 'Wenn Sham verdorben ist, dann ist die ganze Welt verdorben.' Ich bin voller Gefühle, aber wer bin ich? Ich bin nicht einmal ebenbürtig. Es gibt Große darüber. Es gibt Große darüber, aber es gibt noch keinen Befehl. Noch keinen Befehl, noch keinen Befehl. Es gibt 40 Budalas, Nujaba, Nuqaba, Awtad und Akhiyars. Es gibt eine Gruppe von Djinn, die die Umgebung von Sham beschützt. Einer von ihnen kann alles auf den Kopf stellen. Aber er sagt: Rühr sie nicht an. Laß sie. Sie haben Sham mit Beton gefüllt. Sie stellten überall Statuen auf und alle hielten den Mund. Ist Sham der Ort, um Statuen aufzustellen? Und auch um die Leute zu täuschen, stellten sie eine Statue genau unter dem Hamidiya Markt auf. Sie stellten die Statue von Ayyubi auf. Er verfluchte sie. Niemand weiß diese Dinge, niemand weiß, was das Geheimnis ist.
'Schwierigkeiten treten nicht auf, wenn der Diener nicht außer sich gerät. Sie wurden wild. Sie waren alle so verhüllt. Es konnte niemand ihr Gesicht vor den Leuten von Sham enthüllen. Und diese ließen ihre Töchter Soldatenuniformen tragen und von bärenhaften Männern kommandieren. Ihr schickt eure Tochter auf die Militärschule, damit sie Soldat wird? Allah der Allmächtige sagt: "Wa Qarna Fi Buyutikunna" - Bleibt in eueren Häusern. Jetzt werden alle diszipliniert. Sham, einer der Heiligen würde sie nicht einmal in einen Holzschuppen gehen lassen. Er sagte: 'Laßt sie'. Tawba ya Rabbi, Tawba Astaghfirullah. Sie ließen keine Gelehrten, keine Madrasen, keine Stiftungen, kein Mufti Maqam... Sie gingen überall hinein und verdarben sie alle. Um die Menschen einzuschüchtern, ließen sie Shaykh Muhammad Shami erschießen. Er war ein reiner Mann. Er hatte nichts, es war nur, um die Gelehrten einzuschüchtern. Sie ließen Kuftaros Sohn erschießen in Sham, um sie einzuschüchtern, um ihre Herzen damit zu beschäftigen. Shami Hz, der verstorbene Shami Hz, wer immer ihn erschoß, aus welchem Grund erschoß er ihn? Wie erschossen sie Kuftaros Sohn in Shamu sh-Sharif? Um die Ulama das Fürchten zu lehren, um sie zum Rückzug zu bewegen. Möge Allah sie überwältigen. Mögen sie

Sham nicht noch einmal betreten. Fatiha.
Ich lebte in Zypern, bis ich 20 war und ging nie zu einer Polizeiwache. Wir gingen hinaus, aber mußten nie auf eine Polizeiwache. Selbst das UK ist anders. Sie haben mich nie gerufen oder so. Die Türkei 100 mal, Sham 1000 mal, rechnet ihr das aus. Ich ging nach Beirut, du warst bei mir. Es war Chaos hier, wir gingen nach Beirut. Subhana Allah. An der Grenze, ich glaube, es war die Sham- oder Aleppo-Grenze, welches Flugzeug auch immer, diese Verräter erlaubten deiner Mutter, dir und Naziha, sie erlaubten euch einzureisen, aber mir erlaubten sie es nicht. Ich gebe ihnen nie meinen Segen. Und sie folgten uns immer, jeden Tag. Sie machten uns bekannt als Briten. Das Paßamt schrieb mich auf als Briten, so dachten sie, ich wäre Brite, ständige Nachforschungen. Ich konnte nicht in Sham einreisen, also kehrte ich nach Beirut zurück. Es gab wieder einen Aufstand in Beirut zu der Zeit. Also ging ich nach Amman von dort. Ich ging nach Amman allein. Ich wohnte bei Shaykh Ahmad Effendi. Dann kamt ihr dorthin, Naziha und du. Möge Allah euch Sicherheit geben. Wir könnten immer weiter reden. Sie beleidigten den Islam. Sie beleidigten die Einwanderer. Die Leute von Sham zeigten keine Liebe für den Islam und Muslime. Die Banditen hier und in der Türkei begannen wieder zu der Zeit. Alhamdulillah, wir durchlebten das alles und kamen wieder her.
Insha'Allah werde ich mit dem Sultan sein, der Sham siegreich betritt. Wir alle werden das, insha'Allah. Man kann ein Buch darüber schreiben. SM: Ja, viele Bücher. Masha'Allah. M: Ja, sie sind Feinde des Islam, Feinde der Muslime. Der Oberkommandierende saß dort wie ein Tier und fragte mich: Warum bist du hierher gekommen? Ich bin gekommen, um hier zu leben. Wofür bist du hierher gekommen? Ich mache Dienst hier. Er sagte: Okay, du kannst gehen. Er gab Visa für einen Monat, 15 Tage, du gehst immer wieder hin und her.. Schließlich gaben sie uns von diesen Papieren, die Einjahresvisa erlauben. Aber immer noch viele Nachforschungen. Sie folgten mir immer und dachten, ich sei ein britischer Spion. Sie warfen alle hinaus. Mögen sie ihre Strafe finden, wo immer sie gehen. O Herr, mögest Du uns vergeben. Vergib uns. Fatiha.

## We Are Ordered to Share Our Wealth with the Needy

(Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah wa salaamu, Khazaliqa as-salaamu alaykum yaa anbiya Allah, yaa `ibaadAllah as-saliheen, yaa rijalAllah amidoona bi madadikum. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem, laa hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem (Mawlana Shaykh sits)

Thumma salaamu `alayk yaa Sahib az-Zamaan. As-salaamu `alayk yaa Qutb az-Zamaan, as-salaamu alaykum yaa as-haab an-nawbah fee mashaariq wal `ard wa maghaaribihaa. (Mawlana Shaykh sings in Turkish)

Thumma as-salaamu `alaykum, our attenders! Mashaa-Allah, jama`tum, today too many, too much money you reached. You are happy today because you reached so many millions or billions of pounds, euros, or dollars also. Happy? What did you do for charity in this passing week? Say, "We did this, we did that." In the past all sultans made charities in their names, to make their names live up to the end of the world, for it to be said, "Allah is blessing them that they built that huge mosque for poor people, imaraat khanna, where poor people come to eat, drink, and rest." And they built so many schools with their own money as charity for the nation of the Seal of Prophets, peace be upon him, to learn and to do their best for their Lord, Almighty Allah.

Yes, there is a level of people whom prophets call, "Come to your servanthood! Try to do your best service for your Lord." They are the first level of people prophets called. Prophets called another group, saying, "You are also giving your charity for people, to lift their heaviness from them. That is a grant of the Lord of Heavens for the honor of His most honored servant." Yaa Rabbee, tawbah yaa Rabbee. A group of people have also been called to make charities for weak people, to make them happy.

O Salafi `ulamas! Marhaban! Kayfa shaafikum al-yawm? Are you happy? Happy! Allah Allah, SubhaanAllah. What do you think for hadeeth ash-shareef of the Seal of Prophets (s): (Mawlana Shaykh stands)

•••••• •• ••• •••••

Al-jazau min jins al-`amal, kama tadeerutun. Punishment/reward is from the aspect of work.

I know some ahadeeth also. (Mawlana Shaykh sits) That is very important and I am addressing to Salafi `ulamas who claim they are `ulamas, learned ones ordered to teach people. That is their mission; they must teach people, and say to them, al-jazau min jins al-`amal. There is jazaa'an hasanan, for good-doing ones, if they are doing good, they are rewarded with good. Anyone who is making his charity, making good services, Allah Almighty is not in need of our services but He is always asking, "O My servants, look after My weak servants. Yes, I may give to them, I may make some ones rich and some other ones are needy. Those who I granted power to do goodness and to make charities, I am leaving them and saying, 'O My rich servants! Look after weak ones, make your charity for them. O People! Deal with them with justice, `adl; keep justice. O My mighty servants and My rich servants! Look for and help My weak ones."

O Salafi `ulamas! Allah Almighty likes weak ones to be protected. He is Qadir, Muqtadir! He is able to do everything and His order is between kaf and noon. But you must think on it, You must give your naseeha, good advising to your kings, maliks, umaras, rich ones.

O People! Come and do something good. For the sake of your Lord, look after weak ones and grant them from your charities, to make them happy and make Allah Almighty thankful. For what? Allah Almighty granted you something and you are giving to others. We are so far away from the real meaning of being "good servants" for the Lord of Heavens! He granted you treasures to help others, not to keep storing them in safes, for what?

Allah Almighty is saying, "O My servants, don't save golden or silver, or jewels, but give, because I am happy when you are giving and I am angry when you are not giving."

This is a new opening for all nations, particularly the Muslim community. The Muslim community, whose whole ijtihad, efforts, are to make much more money, jewels and treasures! And Allah Almighty is able to make rain on some parts of continents, and wealthy Muslims seeing the news every night that millions need even a handful of rice, and they don't care, they are not taking care of them! They say, "O! We sent 20 million. Our malik just sent 50 million." It is nothing, because some of you have 50 billion, and some of you have trillions, some have quadrillions! For what?!! Why are our Salafi `ulamas not warning them, "O our mulook! O our kings and rich ones! Make your charities before you are buried under this world!" Why are they not saying, and Allah Almighty is ordering them, wa dhakkir "And remind them!"

O `ulamas! You are only claiming you are Salafi `ulamas. Say, which king among your kings is sending charity throughout east and west? Which one sent from his name one billion dollars? Let them send it, and then say, “Our king sent that amount.” If they are sending, they must make it clear for everyone to see, to be happy and pray for them, here and Hereafter! That is the most important point! But our `ulamas are only saying, "Blah, blah, blah (empty words)." Leave that and make charity! That is a holy command from Allah Almighty, not from me! I am nothing, but, alladhee antaqa kulla shay just antaqanee, "Who made everything speak is making me to speak!" Don't say, "That old one is saying this," no! What He is putting in my heart, I am addressing to all people!

Give your charities more and more, because a time is coming about which is mentioned in Shari`atullah, fee akhbaree `akhir az-zamaan, "news of Signs of the Last Days" of dunya. There is coming a day now, when people will accumulate so much gold, but people will not take from them, because Allah Almighty is sending to believers from His blessings. There just came for Jesus Christ one tray of food; is there only one tray in Heavens? But when the Last Day is approaching, Sayyidina Mahdi (a) must come, and then Allah Almighty will send trays like in time of Sayyidina `Isa (a), daily, because some people will say, astaghfirullah, "Is Allah Almighty so poor that He sends only one tray? What about other people through centuries?" He is asking to show His people that He is able to send trays anytime His servant opens his hands and says, "O my Lord! Send us from Your secret trays because I am busy worshiping You! I am busy serving You! Urzukna, give our

rizq, provisions," and Allah Almighty is sending in the time of Mahdi (a) and `Isa (a), daily coming to everyone's homes trays that it is impossible to bring to everyone!

(Mawlana Shaykh stands) Allah Almighty is jalaaluhu ghaniyun mutlaq fa`alun limaa yureed, "the Absolute Wealthiest, He is doing as He likes." (Mawlana Shaykh sits) That day is coming, and when it arrives, what will be the value of your gold you saved? Nothing, nothing!

O our Salafi `ulamas! Wa dhakkir, "and remind them," ummat al-Habeeb, the nation of the Seal of Prophets! They must try to increase their charities much more now, much more, much more, because soon no one is going to accept charity, saying, "We have and we don't need it." That time is approaching now! I don't know if it will happen in one year, two years, or three years when that heavenly ikraam, generosity, will appear from the Lord of Heavens. Give now and take heavenly grants now! If you are not giving, your wealth will be useless, for you and others!

O People! Allah Almighty is asking for good servanthood and from it, one part is for His majestic glory: to pray, pray, pray! And the second part is not for Him: give charity to the poor. Now the time is over. We hope that those days are approaching quickly and people will find in front of them such a position, such beings that they will be astonished. Give now! If you are not giving, you will weep on the Day of Resurrection, saying, "Why didn't I give more charity?" May Allah forgive us.

O People! It is good advice and a heavenly teaching, for me, for you, and for all believers. If someone does not believe, don't occupy yourself with them; look after yourself and ask for forgiveness and your Lord's blessing. May Allah bless us for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(35 minutes) (1011 viewers) Alhamdulillah, it is your barakah (CC2, who returned today). Alhamdulillah.

Allah Allah, Allah Allah, Allah Allah.

## This Shavval will be strong and heavy

The Tajalli now: '...wa kutiadabiu kaumi ladhina dhalamu...' This Shavval will be strong, heavy. Dhulm has reached to a limit, it will stop. It has already begun- the world will be cleaned from dhulm. No one from dhalim people will remain, their hands, feet and heads will be cut, because people have suffered too much from dhulm. And that is Allah's divine Justice; He says: 'I will send someone who will stop dhulm.' The world will be filled with justice, mercy and beauty. Who carries cruelty in his heart, his days are counted. He has made himself an aim, no matter where he is hiding. I didn't intend to speak much, but because of the intensity of dhulm there is like a fire burning in our heart- we want it to stop. My hope, and even more, my belief is that Allah will bring it to an end.

Also who agrees with the cruel actions of others makes himself guilty. It is like this with Bin Laden. They did terrible things, the buildings were full with people, To burn them there is no justification from Shariat or Tariqat. Who carries mercy and compassion in his heart, can never accpet something

like this. Bin Laden has agreed with these actions. How he can do that! Now he is looking for a place to hide himself. But Allah's Justice comes after people who are dhalim, not America or Germany, and His sword of Justice may take away all wrongdoers... ...That power is open now...The caliph will take his permission from the Sheikh-ul-Islam, and then move accordingly...

The light has gone from Bin Ladens face- he agreed with those actions, and no one can accept something like that. If he was right, Allah would help him- so it means he is not right. Now strictness is coming- dhalim people will be hit by Allah's soldiers.

'Unibersin shadid'- At any time there used to be one mighty nation- nowadays it is Americ, and everyone is fearing. The storm is coming... When the Children of Israel claimed to be the chosen people, Allah defeated them. When a nation becomes too proud, when they claim no one can defeat them, Allah makes them down by the hands of another nation. In our time America is bringing justice. It is a country where people from all nations live. And everyone get weapons from them... Many things will come on the heedless Muslims...

Democracy = pocracy- it means wild and harmful animals may live among people, as well as kafirs. But it is said that one should not let harmful animals and insects live in one's house!

Nero had a garden in his palace where he used to keep wild animals, running around freely. He used to keep them hungry, not feeding them, so the poor slaves that had to pass from one side to the other became their victims. He was watching from up how they were being eaten by the animals... He was mad! What we are saying is from the holy Quran. We are speaking the truth. S.Mehdi a.s. will come and destroy the dhalims. One out of seven will remain... We will not be in need of passports anymore to travel. We will fly

without airplanes, by our spiritual powers, everyone according to his own power will get up and watch from there. Those people are paradise people... Don't be a cruel one and you will reach to these days.

O Allah, accept us- we don't agree with this cruelty, dhulm. Make us from Your sincere servants.

**Stories from Shaykhs of Sham ash-Shareef**

To benefit all believers, Sayyidina Muhammad (s) said, “Eat and drink...” (Mawlana Shaykh Nazim says to his guest) As much as you eat and drink, the Prophet (s) is happy! It is a training in adab for the ummah, as the Prophet (s) often said, “I sit like the servant sits and I eat like the servants eats." This is a lesson in `uboodiyyah, servanthood, to all human beings, so they will not be proud, arrogant or oppressors! SubhaanAllah. Our sayyid (guest) knows such things and for our gathering to be blessed (I am saying this), for the barakah (of your visit)! The Prophet (s) said, adabanee rabbee, “My Lord granted me good manners,” he did not say, “My Lord taught me.” Therefore, to learn good manners is better than to learn knowledge.

There are no more good-mannered people, from East to West. Between the believers, the Muslims, we became those about whom the Prophet (s) said, “There will come a time where nothing will be left of Islam except its name and of religion except for its symbol." SubhaanAllah, there are no good manners left, the basis of our religion, as Prophet (s) describes it, "I sit as the servant sits," this is the teaching from Al-Haqq (swt) to him. What can we do? His Lord granted him good manners. Allah (swt) did not order him (to have good manners); Prophet (s) did not say, amaranee rabbee, "My Lord ordered me," rather, he said, adabanee rabbee, "My Lord granted me good manners."

With amr, “order,” comes force, but to be granted good manners is something else.

Allah (swt) likes servanthood from His servants. Allahu Akbar! The whole nation of the Beloved (s) has lost good manners, from their kings, their leaders and their scholars. Nobody is asking from the shaykhs because all their scholars have lost good manners. It is the attribute of the scholars (...) as mentioned in the Qur'an:

•••••••• ••••••• ••••••• •••• ••••••••• •••••••••••

Innamaa yakhshallaha min `ibaadihi 'l-`ulama. It is only those who have knowledge among His slaves that fear Allah. (35:28)

Where are these scholars? They don't know their right hand from their left, and all they aspire to is to fill their stomachs!

There was one from the scholars of Damascus who was "saahib ahwaal" (in spiritual states) and he was an imam in the mosque in a place called Marja which the devilish people destroyed. The imam was a very nice person with a light spirit, from the awqaf (Ministry of Religious Affairs). His name was `Abdul-Wahhab as-Salahi. He had spiritual states, he had glory, and his voice, mashaa-Allah! May Allah raise his power and station. Sometimes when a person dies, after forty days they bake some bread to distribute. Sometimes that imam is looking for me to tell me there is a meeting of the awqaf. I am looking then to see to what he is pointing, like saying, "Salaam `alaykum. There is a gathering more important than this one and I want to go there!" Nobody else in the gathering knew this signal. May Allah bless his soul. He was very nice and had good manners. SubhaanAllahi 'l-`Aliyyi 'l-`Azheem. Now there is nothing left except "khushubun musannadah," dry wood, there are no more (like him), as Allah (swt) in the Holy Qur'an:

••••••• •••••••••••• •••••••••• •••••••••••• ••••• ••••••••• •••••••• •••••••••••• •••••••••••• •••••• ••••••••••••

Wa idha ra'aytahum tu`jibuka ajsaamuhum wa in yaqooloo tasma` li-qawlihim ka-annahum khushubun musannadah. When you see them their bodies please you, but when they speak and you listen to their sayings, they are like propped-up timber. (al-Munafiqoon, 63:4)

May Allah (swt) forgive us and send us scholars from Shaam ash-Shareef, the land filled with shaykhs! Shaykh `Abdul-Wahhab as-Salahi had such glory and his voice was so loud. SubhaanAllah! Sometimes I came down to the market from Jabal Qasiyun to buy what was needed for my house, and when it was time to pray Zhuhr I went to his mosque. SubhaanAllah, not once did he lead the prayer, whether it was Zhuhr or

`Asr, but he appointed me to be imam. I always said, "No, you!" but he insisted, saying, "No, it must be you."

After the prayer, he used to take me by my hand to a room that was connected to the mosque so the visitors may come inside. At that time people were busy; they did not come and therefore he used to make a meal called “Chun-chun,” tomatoes, onions and eggs fried together. He himself fried them and he used two loaves of bread, and he brought it and always called me saying, "Shaykh Nazim, come!" He ate with me and whatever was needed financially he gave me because I was not employed; I had no real work so he used to give me something. May Allah bless his soul! Several times he used to come.

One day he came, and due to our situation we did not buy anything in the market. They used to weigh pieces of fabric then. Once I paid 20 Siryan for fabric and, may Allah bless the soul of the mother of my children (Hajjah Anne rahmatullah `alayhi), who was an excellent tailor. She made me a jubbah from that fabric.

Shaykh `Abdul-Wahhab asked me, “Who made this jubbah for you, Shaykh Nazim?"

I told him, "Your servant, the mother of my children." Astonishing, he liked it! He also bought a piece of fabric that was pre-cut and several tailors told him it was not enough fabric to make a jubbah.

Then he called, "O Umm Muhammad!" to the mother of my children.

She answered, "Yes, Sayyidee."

"Allah bless you! Please look at this piece of fabric I bought. All the tailors told me it is not enough to make a jubbah, but you fit for it.”

She replied, "As you like.” She measured him and tailored a jubba that was perfect for him. After that, he used to say, “The most famous tailor is Umm Muhammad!” the mother of my son, Muhammad (Shaykh Mehmet). May Allah bless her soul.

What can we do O Shaykh? May Allah bless you. May Allah forgive us and correct our situation. Do you know Shaykh Yahya as-Sabbagh from Shaam? You were not in his time. After `Isha prayer he left the mosque and upon reaching his home, he looked behind him and saw a long line of dogs had followed his steps. Then he called his wife and said, “Bring whatever food you can find in the house as my group is behind me,” and he

fed the long line of dogs! He was also a person with spiritual states and although he was illiterate, he used to give explanation of the words of Shaykh Muhiyudeen Ibn `Arabi (q).

When you enter the mosque of Muhiydeen Ibn `Arabi, the maqaam is on the left side. I often went there with my master, Shaykh `AbdAllah al-Fa'iz ad-Daghestani (q), for Jumu`ah prayers and I carried his shoes. After prayers, Shaykh Yahya as-Sabbagh sat on the left side near the maqaam of Sayyidina Muhiydeen Ibn `Arabi and did not go down. However, whenever Shaykh `AbdAllah (q) passed in front of him, he immediately stood up to greet him, and I never saw him reply to the greetings of Shaykh `AbdAllah (q) while sitting. He called those beside him, "Come quickly and help me stand up!" Also, Shaykh `Abd Allah al-Fa'iz ad-Daghestani (q) always greeted him while standing, never while sitting.

Once there was an invitation in one of our brother's house for someone who passed away, to which Shaykh `Abdul-Wahhab as-Salahi (q) took me. I entered and saw Shaykh Yahya as-Sabbagh (q) sitting there in his usual place. Once he asked me, "O young man! Who is your shaykh?"

I replied, "My master is Shaykh `AbdAllah al-Fa'iz ad-Daghestani."

He said, "Hold fast to him for he is the only one who meets with the Prophet (s) yaqzhatan, in a waking state, not in his dreams! Hold fast to him!"

May Allah raise his station and grant us benefit through him. When you mention the name of righteous ones, mercy descends on the meeting. Is it not true? Allah Allah!

My Lord, forgive us and grant us repentance and remove every burden from our bodies. These are your servants and they have come all the way here to give us honor.

You coming here has dressed us with honor, for which we can never give your proper due. They told me that a shaykh is coming from Bahrain. I said, "He is coming because he has been ordered to come." Welcome to him! You have honored us, mashaa-Allah! He is like my son. Look over there! (Mawlana Shaykh Nazim kisses his hand.) (laughter)

Guest: From now on I will always kiss this [my own] hand! Imam ar-Rufa`i used to say, "When I was far, I used to send my soul to kiss [the hand of the Prophet] in the World of Souls. For forty years, I've been

carrying the musk of the Prophet’s scent on my hand. Whoever likes to kiss the Prophet (s) may kiss my hand." So now whoever wants to kiss Mawlana Shaykh Nazim (q) may kiss my hand, because his scent will forever remain in my hand!

Bismillahi 'r-Rahmaani 'r-Raheem. We are asking for your du`a.

Guest: Praise be upon the most honorable Prophet, Sayyidina Muhammad (s) and those who follow him in goodness up to Judgment Day. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. O Allah! Bestow us with Your grants, praise our Prophet (s), our Master (s), and keep us firm on the right way. O Allah Almighty! Praise the soul of Sayyidina Muhammad (s)! Praise the body of Sayyidina Muhammad (s)! Praise the heart of Sayyidina Muhammad (s)! Praise the tomb of Prophet Muhammad (s)! Praise the Station of Sayyidina Muhammad (s) and his Family and Companions (r)! O Allah Almighty! Grant the perfect praising to our Prophet (s), a praising that may solve all problems and remove every difficulty. O Allah! Shower us with Your Mercy. For the sake of the Great Master, Mawlana Shaykh Nazim (q), forgive us and everyone, and the rest of the Muslims from East to West. Grant us and all those who are attending, those who have come with us and all Muslims, those living and deceased, from his secrets and his support, and make us from those who love him, and those who are keeping firm between his hands. Wa sallAllahu `alaa Sayyidina Muhammad, an-nabiyyi ’l-ummiyy wa `alaa aalihi wa sahbihi wa sallim, for the sake of the Beloved Prophet (s). al-Fatihah.

## The Sheikh And The Murid

Bismillahi r-Rahmani r-rahim The Basmala sh-Sharifa is the crown on our heads. The one who keeps it as his daily word can never be dishonoured in this world or in the Hereafter. In The Divine Presence also he cannot be dishonoured. Basmala sh-Sharifa. There is an astonishing power within it. That's why the unbeliever world's first attack was on the Basmala Al Sharifa. They heard about the secret of Basmala Al Sharifa but they were not able to enter in it. The station of the power & mightiness of Basmala sh-Sharifa, their imagination cannot even come close to it. They said this & that, it is not about that. Their imagination could not even come close to the power and the glory within Basmala Al Sharifa. That is why they first attacked to remove Basmala Al Sharifa.

There are the old cannons & the old bombs, there was a mechanism, there was a hole in the cannons where they use to put the gun powder to launch the bombs, without that hole & without the gun powder they were not able to shoot it. And also the mechanism in the hand grenades if you do not pull that pin, the bomb does not explode. The power was in that mechanism. They pull it, throw it & it explodes. The definition of that mechanism, I forgot it. Our way is through association and goodness is in the gatherings. Grand Sheikh use to say this always, our way... He took these words from Shah Naqshband Our way is through association & goodness is in the gatherings. Our way works through association. Once you do Sohbat - you throw the seeds, for example, if you do not water them & the mercy does not rain on them, the seeds rot & disappear. Our way, the origin of our way to move & to work is through association. Keep this always...on your mouth.

"Religion is advice" (Hadith) The Grand Sheikhs took from that ocean. Our religion is based on advice, it is an ocean. There are no limits for that ocean. Sheikh Effendi took from that ocean. Our way is through association, it came from that ocean. Our way does not work without association. Meaning a person on his own reciting awrad, he will never reach anywhere. For training the murids & to prepare them and to present them in The Divine Presence and to dress them with their station is through Sohbat. "Religion is advice." (Hadith) What is advice? It is to ask somebody's goodness & benefit. Advice... All the Prophets (as) came down with an advice. All of them were advising. Those who were accepting the advice they accepted, those who did not were rolling down to hell.

What keeps religion on its feet, is advice. That is why when 2 believers meet, they must give an association in the period of milking 2 goats. Believers when they meet they must speak. Leave empty talking. You can speak something but at least within it, there must be some advice in it.

To put an advice within the words. Advice.. it gives our words some power. It gives some sweetness to our faith. It gives some power & some strength, therefore "religion is advice." (Hadith) And our way is through association, from there Shah Naqshband took these words. Our way is the way of association; through giving talk & listening. Who knows how, speaks... And the others must listen.

To give & take. The Sheikh gives & the mureeds take. If not, if there is no Sheikh, there are no mureeds. The mureed does not know anything. The one who reaches the mureeds, is the Sheikh. How to reach them is through association. This is not through the stick. It is not by beating, by stick, but association with the guide is a thousand times more powerful than the stick. Sultan Al Awliya' used to say like this. Sheikh Abdullah Al Daghestani, our Sheikh, our Master, and the Grand Sheikhs, he is the last link of the Golden Chain of the Naqshibandi Sufi Order. He is the seal of the chain.

Who does not get his seal can never be a Sheikh and cannot be even a mureed, and will not understand anything to speak. Becoming logs of wood. If the wood does not go through the hands of the carpenter it remains a log. The only benefit is in the fireplace. But if it goes through

the hands of the carpenter then it is dressed with character. The wood first is taken from the tree & cut into timber. The timber according to the imagination & drawings of carpenter becomes various forms. They call him a carpenter. There are 2 kinds of carpenters. The first makes furniture the other one prepares timber, maybe windows & doors. That one cannot do the work of the carpenter for furniture. And the other one does not interfere in the work of the one who prepares timber.

It is like this. A person/Insan needs carving, otherwise he is like wild wood, if it sits 100 years it remains timber. But once it reaches the hands of the master carpenter that timber is transformed into many kinds of furniture. How many household furniture and even outdoors the carpenter can turn the wood into. But first it goes in the hands of the Master carpenter. Otherwise it sits 40 years as it is. Advice shapens the timber & the wood of our ego and the carpenter used to hold it & look if it is straight or not in the old times. The carpenter, then later if it is not straight he takes the file and smoothes it till it is straight and smooth. It needs a Master carpenter, the furniture.

From timber you can make so many things, and the timber comes from the trees. The trees, you can take the timber from it & that timber in the hands of the Master carpenter becomes something and gives some use to mankind at the same time; they like it & ornament it and take pride in it. And that hand craft continues & develops. He becomes a master of this handcraft...

And continues to carve & to file the mureeds & he looks. He looks like this, like that... till he is straight & soft. That is why Allah Almighty said "Fastaqim Kama Umirta" (Be straight as you are commanded, 11:112).
Prophet (saws) said "Surat Hud turned me gray." "Surat Hud turned me gray." Why? The majesty & glory of that Holy Verse turned the blessed beard of the Prophet (saws) into grey. Allahu Akbar! Allahu Akbar! O our Lord You know best. O our Lord You know best! Two people they may sit, greet each other and give some benefit to their beings. It gives benefit to both sides, no empty talking.

No empty work & no nonsense in Islam. In Islam the Tariqa has all the control & arrangement of everything that happens between the saints, the Sheikhs, and those who are following them from among the dervishes & mureeds. To be on the way it is in the Tariqa. Otherwise they remain like

wood, timber laying down. It is just timber. They are timber.

There! What can you say... "I am laying there as timber". "You are timber!" "And the furniture that reached the Palace of the Sultan came from me!" "O no, ask the furniture in the Palace that reached the Sultan how much treatment it went through before it reached the Palace of the Sultan. Otherwise they will carry the timber on their shoulders to the Palace of the Sultan. Ask the furniture in the Palace how much treatment it went through to be trained, to be fit for the honour of being furniture for the King. Therefore mankind is continuosly in need of training.

"Wa Dhakkir" (51:55) "Wa Dhakkir Fa'inna dh-Dhikra Tanfa`u l-Mu'minina"(51:55) They say sharpen, carve...remind. Every remembrance is similar to shaping, to soften & straighten the wood. "And remind for verily, the reminding profits the believers." (51:55) "And remind for verily, the reminding profits the believers." (51:55) Wa Min Allahi t Tawfiq, Fatiha.

We spoke about one spot only The writing that you can take from a small ink bottle is something, the writing of a bigger ink bottle is something else. And then the big barrel can write completely something else. The writing that you can take from a sea is different than the writing that you can take from an ocean. An ocean. A writing from an ocean is completely something else. O our Lord, we thank You. O our Lord thank You.

Bismillahi r-Rahmani r-rahim Das Basmala sh-Sharifa ist die Krone auf unseren Köpfen. Derjenige, der es als sein tägliches Wort benutzt kann weder in dieser Welt noch im Jenseits entehrt werden. Auch in der Göttlichen Gegenwart kann er niemals entehrt werden. Basmala sh-Sharifa. Es liegt eine erstaunliche Kraft darin. Deswegen war der erste Angriff aus der Welt der Ungläubigen auf das Basmala Al Sharifa. Sie hörten über das Geheimnis von Basmala Al Sharifa aber sie waren nicht in der Lage, es zu ergründen. Die Stufe der Kraft und Macht von Basmala Al Sharifa, ihre Vorstellungskraft kann sich dem nicht einmal annähern. Sie sagten dies und das, darum geht es nicht- Ihre Vorstellungskraft konnte nicht einmal in die Nähe der Kraft und des Ruhms des Basmala Al Sharifa kommen. Deshalb attackierten sie zuerst um das Basmala Al Sharifa

zu vernichten. Es gibt die alten Kanonen und die alten Bomben; es gab einen Mechanismus, in den Kanonen waren Löcher in die sie Schießpulver hineinfüllten um die Bomben zu zünden, ohne das Loch und ohne das Schießpulver waren sie nicht in der Lage, sie zu schießen. Und auch der Mechanismus der Handgranaten, wenn du den Stift nicht abziehst, explodiert die Bombe nicht. Die Kraft lag in dem Mechanismus. Sie ziehen es, werfen es und es explodiert. Ich habe die Definition des Mechanismus vergessen. Unser Weg liegt in der Gemeinschaft und Gutes liegt in der Versammlung. Großsheikh sagte dies immer, unser Weg... Er nahm diese Worte von Shah Naqshband. Unser Weg liegt in der Gemeinschaft und Gutes liegt in der Versammlung. Unser Weg funktioniert durch Gemeinschaft. Wenn du eine Sohbat gibst - du wirfst die Samen, zum Beispiel, wenn du sie nicht wässerst und keine Gnade auf sie regnet, dann verrotten die Samen und verschwinden. Unser Weg, der Ursprung der Arbeit und der Bewegung unseres Weges liegt in der Gemeinschaft. Behalte dies immer... in deinem Mund. "Religion ist Ratschlag" (Hadith). Die Großsheikhs nahmen dies aus diesem Ozean. Unsere Religion basiert auf Ratschlag, es ist ein Ozean. Es gibt keine Grenzen für diesen Ozean. Sheikh Efendi nahm aus diesem Ozean. Unser Weg liegt in der Gemeinschaft, das kam aus diesem Ozean. Unser Weg funktioniert nicht ohne Gemeinschaft. Das heißt, eine einzelne Person die Awrad rezitiert wird nie irgendwohin gelangen. Fürs Training der Murids, um sie vorzubereiten und in der Göttlichen Gegenwart vorzustellen, und sie mit ihrer Stufe auszuzeichnen, dazu dient die Sohbat. "Religion ist Ratschlag". (Hadith) Was ist Ratschlag? Es ist, nach jemandes Wohlergehen und Nutzen zu verlangen. Ratschlag... Alle Propheten (as) kamen mit Ratschlägen herunter. Alle von ihnen gaben Rat. Diejenigen die die Ratschläge akzeptierten, waren akzeptiert, die das nicht taten, wurden in die Hölle hinabgerollt. Was die Religion aufrecht hält ist Ratschlag. Deswegen müssen 2 Gläubige, wenn sie sich treffen, eine Sohbat von der Länge die es dauert, 2 Ziegen zu melken, geben. Wenn sich Gläubige treffen, müssen sie sprechen. Lasst leeres Gerede. Ihr könnt etwas sprechen, aber wenigstens muss etwas Rat darin sein. Ein Ratschlag in Worte gefasst. Ratschlag... Es gibt deinen Worten etwas Kraft. Es gibt etwas süßes zu eurem Glauben. Es gibt etwas Kraft und etwas Stärke, deshalb ist "Religion Ratschlag".

(Hadith) Und unser Weg liegt in der Gemeinschaft/ Sohbat, daher nahm Shah Naqshband diese Worte. Unser Weg ist der Weg der Sohbat; durch Reden und Zuhören. Wer weiß wie, spricht... Und die anderen müssen zuhören. Geben und nehmen. Der Sheikh gibt und die Murids nehmen. Wenn nicht, dann gibt es keinen Sheikh, gibt es keine Murids. Der Murid weiß nichts. Derjenige, der den Murid erreicht, ist der Sheikh. Sie erreichen sie durch Sohbat. Das ist nicht durch den Stock. Es geht nicht durch Schlagen mit dem Stock, sondern Sohbat mit dem Führer ist

tausendmal stärker als der Stock. Der Sultan Al Auliya sagte es so. Sheikh Abdullah Al Daghestani, unser Sheikh, unser Meister, und die Großsheikhs, er ist das letzte Glied in der Goldenen Kette des Naqshbandi Sufi Ordens. Er ist das Siegel der Kette. Wer sein Siegel nicht bekommt, kann niemals ein Sheikh sein, kann nicht einmal ein Murid sein, und wird nichts verstehen was gesprochen wird. Wird zu Baumstämmen. Wenn das Holz nicht durch die Hände eines Zimmermanns geht, bleibt es ein Stamm. Es nützt nur für die Feuerstelle. Aber wenn es durch die Hände eines Zimmermanns geht, dann wird sein Charakter geformt. Das Holz wird zuerst vom Baum genommen und in Bretter gesägt. Die Bretter bekommen je nach der Vorstellung und den Zeichnungen des Zimmermanns verschiedene Formen. Sie nennen ihn einen Zimmermann. Es gibt zwei Sorten von Zimmermännern. Der erste macht Möbel, der andere bearbeitet Bretter, macht vielleicht Fenster oder Türen. Dieser kann nicht die Arbeit des Zimmermanns der die Möbel baut machen. Und der andere mischt sich nicht in die Arbeit desjenigen, der die Bretter zuschneidet. So ist es. Eine Person/Insan braucht Schnitzarbeit, sonst bleibt sie wie wildes Holz, wenn es für 100 Jahre herumliegt bleiben es Bretter. Aber wenn es einmal die Hand des Zimmereimeisters erreicht, wird das Brett in viele Arten von Möbeln verwandelt. Wie viele Haushaltsmöbel und selbst draußen kann der Zimmermann aus dem Holz herstellen. Aber zuerst kommt es in die Hand des Zimmereimeisters. Sonst bleibt es für 40 Jahre so liegen wie es ist. Rat schleift das Brett und das Holz unseres Egos und der Zimmermann pflegte es zu halten und zu schauen, ob es gerade ist oder nicht, in den alten Zeiten. Wenn es nicht gerade ist nimmt der Zimmermann die Feile und glättet es bis es gerade und glatt ist. Die Möbel brauchen einen Zimmereimeister. Aus Brettern kann man so viele Dinge machen, und die Bretter kommen von den Bäumen. Die Bäume, von ihnen kann man Bretter bekommen und die Bretter werden in der Hand des Zimmermanns zu etwas und geben einen Nutzen für die Menschheit zur gleichen Zeit; sie mögen es und verzieren es und sind stolz darauf. Und dieses Handwerk besteht und entwickelt sich. Er wird ein Meister des Handwerks... Und feilt und schnitzt weiterhin die Murids, und er schaut. Er schaut so, und so... bist es gerade und weich ist. Deshalb sagt Allah der Allmächtige "Fastaqim Kama Umirta" (11:112) Der Prophet (saws) sagte "Die Sura Hud hat mich grau werden lassen." "Die Sura Hud hat mich grau gemacht." Warum? Die Majestät und die Glorie dieses Heiligen Verses hat den gesegneten Bart des Propheten (saws) grau werden lassen. Allahu Akbar! Allahu Akbar! Oh unser Herr, Du weißt es am besten.

Oh unser Herr, du weißt es am besten! Zwei Leute mögen miteinander sitzen, einander begrüßen und ihrem Dasein etwas Nutzen geben. Es gibt beiden Seiten einen Nutzen, kein leeres Gerede.

Keine leeren Werke und kein Nonsens im Islam. Im Islam hat die Tariqat die Kontrolle und das Arrangement von allem, was passiert zwischen den Heiligen, den Sheikhs, und denen die ihnen folgen von den Derwischen und Murids. Auf dem Weg zu sein ist in der Tariqat. Sonst bleiben sie wie Holz, Bretter die herumliegen. Es sind nur Bretter. Sie sind Bretter. Hier! Was könnt ihr sagen... "Ich liege hier wie ein Brett." "Du bist ein Brett!" "Und die Möbel die den Palast des Sultans erreicht haben sind von mir gekommen!" "Oh nein, fragt die Möbel im Palast,die den Sultan erreicht haben, durch wieviel Behandlungen sie gegangen sind bevor sie den Palast des Sultans erreichten. Andernfalls werden sie die Bretter auf ihren Schultern in den Palast des Sultans tragen. Fragt die Möbel im Palast, wieviel Behandlungen sie erhalten haben um trainiert zu werden, um als Möbel für den König geeignet zu sein. Daher braucht die Menschheit ständig Training. "Wa Dhakkir" (51:55) "Wa Dhakkir Fa'inna dh-Dhikra Tanfa`u l-Mu'minina"(51:55) Sie sagen schärfen, schnitzen... erinnern. Jedes Erinnern ist dem formen, weichmachen und begradigen des Holzes ähnlich. "Und fahre fort, sie zu ermahnen; wahrlich, die Ermahnung nützt den Gläubigen." (51:55). "Und fahre fort, sie zu ermahnen; wahrlich, die Ermahnung nützt den Gläubigen." (51:55). Wa Min Allahi t Tawfiq, Fatiha. Wir haben nur über einen Punkt gesprochen. Das Schreiben das du einer kleinen Flasche Tinte entnehmen kannst ist etwas, das Schreiben einer großen Flasche Tinte etwas anderes. Und das große Fass kann etwas komplett anderes schreiben. Das Schreiben dass du aus einem Meer nehmen kannst ist anders als das Schreiben das du aus einem Ozean entnimmst. Ein Ozean. Ein Schreiben aus einem Ozean ist etwas ganz anderes. Oh unser Herr, wir danken Dir. Oh unser Herr, Danke.

**Sultan Awliya Sheikh Abdullah ad-Daghistani & Jalaluddin Rumi (May Allah Almighty bless them both)**

"Sultan Awliya Sheikh Abdullah ad-Daghistani & Jalaluddin Rumi (May Allah Almighty bless them both). May God bless them both, give respect to everyone."

God Almighty teaches His people. Each one of the children of Adam can learn teachings from God Almighty. If we can put their hearts wholly in the Divine Presence, we can always learn teachings from God Almighty in the form of inspiration.

Revelation (wahy) is for prophets, because they put their hearts wholly in the Divine Presence. Their hearts were not occupied by this world or by anything except their Lord. They were not occupied by this world or by anything except their Lord. They were occupied by their Lord only. As God Almighty called them to his Divine Presence for his worship, they said, "Here we are, ready" (labbayk). Therefore, they faced their Lord's Divine Presence wholly through their hearts. The one who faced his Lord's Divine Presence most was the Seal of the Prophets, beloved Muhammad (saws). Then, to each one of God's servants, to the extent that they can put their hearts in the Divine Presence, inspiration is directed from the Divine Presence into their hearts. Sometimes it is easier for my heart for inspiration to come when I am awake and you put your hearts toward my heart. Then it is easy, translating from the Divine Presence to the Prophet (saws) and from the Prophet (saws) to the Grand Shaykh, and from Grand Shaykh's heart to my heart.

Today when I was praying an important point just appeared on the mirror of my heart to speak about. What is the Muslim's position in relation to others? When we say "others," it means toward all people excepting yourself. It is divided into so many parts, also. What is your position toward unbelievers or toward believers in other religions? Then, what is the position of men toward women and of women toward men? What is your position in relation to older people or younger people? What is your position toward rich people, toward poor people? What is your position toward learned people and toward ignorant people, toward peasants, toward every kind of people, and toward animals, toward plants, toward non-living things - toward all things that may be in existence?

We may gather everything into a word, into a saying that the Prophet (saws) spoke advising his nation, his community (ummah). The Prophet (saws) said, "My Lord taught me and gave me the best manners. whoever wants the best manners may take them from me, through me" (addabani rabbi fa ahsana tadibi). He himself informed us that he had been taught or had been given the best manners (adab), that one may have.

Therefore, O believers, we can learn all good manners through our beloved Prophet Muhammad (saws). Now, we are in need of knowing what are the best manners for coming face to face with people, for everyone according to his or her level, because we are all of us the same in creation, but we are different in our forms, in our capabilities or abilities or characteristics. Everyone carries something different. That is from our Lord's Greatness that He can make everyone to be only one of a kind. Everyone carries a different personality. That is a sign to you that you have been honored in the Divine Presence. No one can anticipate the real honors that everyone has been given by His Lord.

Now we have, throughout this life, by Divine Wisdom, different levels. Therefore, you can't consider human beings like a factory product, all in the same mold. No, because you, the children of Adam, have been created to be God Almighty's vicegerents. Each one of the children of Adam, man or woman, has a manifestation of God Almighty's Most Beautiful Names. They are each manifestations (madhahar) of one of the Most Beautiful Names of the Lord Almighty. You can't say that your Name is the same as the next one's. No matter how many individuals you can imagine from humanity, from among the children of Adam, no matter how many millions of human beings may come, each of them is going to manifest one different Most Beautiful Name from among the Names of God Almighty.

That is a general view for you about the children of Adam. Therefore, you may stand up for everyone who comes to you, respecting that person. You must see each one of the children of Adam, all of them, as being a manifestation of a Most Beautiful Name of your Lord Almighty. That is good manners (adab). You must acquire the excellent manners which God Almighty taught His Prophet.

However, we have lost that now. We are going so far from true Islam and the true excellent manners, and we are inventing something. This is innovation (bidah). We must look at every one of humanity with respect. Therefore, if a baby is born and opens its mouth, breathing, one-two-three, and dies, you must give a name to that child. You must wash the body and you must pray over it with respect. Even if the sultan came, he would pray over the child. If there were no one but the sultan, he must pray, must give respect, to the children of Adam. That baby is one of the children of Adam, yes? That is having good manners or the best manners. We must maintain this. We must make a grave for that baby, not just throw stones and dust on that body.

That is true Islam. You can't find this in any other path, in any religion except Islam - the excellent manners which give perfect respect to the children of Adam. One day a funeral procession was going by where the Prophet (saws) was sitting. when it came near, he stood up, teaching people manners. Someone said, "Oh Prophet of God, that person was an idol-worshipper (mushrik)." But still the Prophet (saws) remained standing.

It was not good manners for a person to say this to the prophet, (saws), but at the beginning it didn't matter because the Prophet was teaching his Companions (sahabah) step-by-step. They were reaching perfection. But it was unmannerly. Then that person regretted that be had reminded the Prophet (saws ) saying that this is the body of an idol-worshipper. The Prophet (saws) knew this. How would he have been a prophet if he didn't know'? You know and He doesn't know?

What did the Prophet (saws) say then? He said one word according to the common level of people, because the Prophet (saws) kept so much knowledge in his heart, and he gave common knowledge to common people and private, special knowledge to special people. Some other knowledge was for himself and some for His Lord Almighty alone. He only said, "I am standing because the angel of Death is going with him. I see that and am standing up." And that is a form of respect, also. He was indicating that he could give respect, even for dead bodies, for everyone. When the funeral procession goes by, we may look, we may stop, because the

dead body is not going alone. It is protected by angels, going with it, also. You must look and you must say, "Glory be to the Living One Who never dies" (subhana-l-Hayy al-ladhi la yamut). You must remember death and you must say that God Almighty alone never dies. Those are teachings for everyone from God Almighty to His beloved Prophet (saws) and to ourselves.

What is the measure of respect among people now, when we are claiming we have reached the peak of civilization? Rather, people are coming down. They have reached the lowest point of civilization, not the peak. No, the lowest. Islam comes with most high respect to our Lord, Almighty God, and out of respect for our Lord Almighty we respect His servants. We must respect them because everyone has been honored to be a vicegerent to our Lord Almighty and to be a manifestation of a Most Beautiful Name of our Lord, Almighty God.

Then, every trouble and every problem can be easily solved if we can do this for everyone, because the fruit of respect is respect. when you respect someone, you can find respect from that person to you, but when you are proud, trying to make him low, he will make you low, also. Therefore this world is now like a hell, people falling into it, everyday going down lower, because we have lost respect for the sake of God Almighty.

This is the excellent manners that the Prophet (saws) teaches believers in Islam. Our respect begins from the day of birth, from our birthday. Everyone has a birthday, not just certain people. But you must not think of giving some value to a person only on one day and then throw that away. No. Respect must continue from the birthday on. You must be trained, from the beginning to the end, to give respect. Islam brought respect to humanity, men and women. No faith has given rights to men and women except Islam. Islam bases itself on good manners or the best manners for men and women and the relationship between them, in respect for the sake of God Almighty only.

What makes our Lord pleased with us? Everyone must try to make his or her Lord pleased with him or her. That is the important thing for us throughout our lives. We must make Him pleased with us. If you are asking what thing makes God Almighty pleased with us, you must know it makes our Lord pleased with us to respect His servants. Give respect to everyone for the sake of your Lord and it is enough. He is going to be pleased with you.

I was, by my Lord's favor, with my Grand Shaykh, may God Almighty bless him, for forty years. He taught me and he gave respect to everyone who came to him. "Oh my son, give your respect to everyone because that makes your Lord pleased with you."

If a little child, three years old, four years old, two years old, came to his assembly, and if Grand Shaykh, may God Almighty bless him, was sitting he would get up for him, saying, "Welcome, ahlan wa sahlan." As we said, if that baby is born, taking three breaths and then dying, if no one else is there, the sultan and all statesmen must give their respects to him because he is a candidate for being a deputy of God Almighty.

That is what we have been given by our Grand Shaykh, may God Almighty bless him, and we are trying to give you also those good or best manners. And you must keep them. To the extent that you keep them, you are going to be happy and in peace within yourself. You will find satisfaction. You will be respected among creatures and among heavenly beings, as well. That is an honor for us.

Therefore, don't say that that such-and-such a person is a Christian, that one is Jewish, that is another kind; that is black that is white, that is red, that is yellow; that is rich, that is a peasant, that is a worker, that is a miner; that is a learned one, that is an unlearned one - no. You must look at everyone as a manifestation of one of your Lord's Most Beautiful Names, God Almighty looks at him or her through that Name. He or she is being trained under that Name. Therefore, everyone is perfect in that manifestation. Our Lord, God Almighty, gave to them from His Attributes and you must keep that respect for the sake of your Lord, God Almighty.

Once Jalal al-Din Rumi, a famous mystic among Grand Shaykhs was walking in the market place. A priest was approaching. When that priest saw that Jalal al-Din Rumi was coming, he bowed. Then Jalal al-Din Rumi bowed lower than that priest.

The one who has been given wisdom may understand what the meaning of this is. Knowledge you can find everywhere but wisdom is a grant from God Almighty to certain people, not for everyone. Therefore, God Almighty praises the one who has been given wisdom, saying that he has been given a great favor by his Lord Almighty.

Perhaps someone may object concerning such a Grand Shaykh. "Why, that is a priest and he is a Grand

Shaykh. Why did he bow like that, more than that priest? That priest is a humble person in front of such a Grand Shaykh." Who is grand? The one who is more humble than anyone else. He is grand. Grand is not the one who is proud of people. You must understand. That is the point. But the other thing that made Jalal al-Din Rumi bow lower than that priest was because he saw a manifestation of one of the Most Beautiful Names in that priest. Although he was a priest, he manifested one of God Almighty's Most Beautiful Names. Yes.

We are carrying so many sins concerning people and concerning ourselves, as well. We must ask forgiveness every time. May God Almighty bless you and forgive you and forgive us.

## SHEIK NAZIM MEETS A RABBI

Last year I was in London and I saw that on some cars it was written, 'Messiah is coming!'. It means that people are hopeless concerning their own capacity in arranging the hearts of people with love, respect, mercy and justice. It is written in the Holy Thora that when the children were supressed by Nebuchadnezzar they went to the Prophet Haskil and begged him to ask from the Lord to send a mighty King so that they would be able to save their faith, honour and respect amongst nations. Also so that they would be rescued from slavery in the hands of people who do not believe in one God but who believe in stars and other nonsense. So Allah Almighty sent them the Prophet David who was a King and a Prophet, may peace be upon him. With that Allah Almighty sent a life full of respect and honour to the children of Israel.

Nowadays when I see writings like that, I understand that even though our Jewish brothers have power everywhere, and they can do everything everywhere in every country, and even though they are not just a handful of people. Allah Almighty said in the Holy Quran that the intelligence and knowledge of the children of Israel is above others. They have been chosen above all other nations. In all fields Jewish people are the most intelligent ones; in knowledge, business, economy, architecture. Every new invention is in their hand. Technology is their head-production. Even though they can do all these things they are not happy and in confidence. The most unhappy ones are the Orthodox Jews. Nevertheless I am happy when I see them every

Saturday wearing their religious clothes which haven't changed in all these years. They are the ones who are asking for the Messiah.

We Muslims are also hopless when it comes to what our presidents or kings can do to bring their people to real understanding, love and justice and to give everyone their rights. That is why we too are looking for a spiritual person to come. We are also asking for the Messiah. Our Christian brothers are also unhappy they are also asking for someone, they want Jesus Christ to come. We also expect Jesus Christ to come. But before that we expect Mehdi to come.

As you know, we are living in a time where the control has been taken from the hands of the good-ones and it is in the hands of bad-ones. The kingdom of satan has been established from East to West. That is why you want to do something and so do I. But we have no possibilities in our hands. It is so difficult to reach anything without Heavenly Help. That is the whole problem now. All nations; Jewish, Christian and Muslim, are looking for Heavenly Help. If we have this intention, our Lord will be happy with us.

It is also mentioned in your traditional knowledge, that when Nimrod threw Abraham into the fire a small ant ran all the way from Basra to Damascus, because that is how far the fire could be seen, to put a drop of water into the fire and to stop it. Abraham was the father of prophets. Nimrod knew that one piece of wood would be enough to burn a person. But the personality of Abraham was big enough to fill the whole world, so that is how huge Nimrod saw him to be and he ordered his people to bring more and more and more wood. What he really wanted to burn was the unity of the Lord.

While the ant was running, someone asked him on the way where he was running to. The ant answered that he was running with some water to extinguish the fire of Nimrod. How could it be? When not even all the firebrigades of the world could extinguish it, what did the ant think he could do? But the ant pleased the Lord and the ant is mentioned in the Holy Books. The fire was unable to touch Abraham because he came with the Lights of the Lord and nothing was able to touch him.

In the same way our Lord will now award us according to our intentions. And what can we do? Even if two people truly love each other, that will make satan run away. Some people are used for goodness and some are used for evil. We ask our Lord that he may use us for his Way and for his Servanthood.

Rabbi: We hope to see you soon in Jerusalem.

Sheik Nazim: I hope and I would like very much. But that is up to the Lord of Jerusalem to make it possible for me to pass freely to visit the Holy Places. No-one can step inside without Divine Permission, not even Kings or Emperors. Thank God I was there 1948. I did a seclusion in Jerusalem.

Rabbi: It is a great distress to me, that brothers who are closest of all and who have so much in common and share so much, are kept apart. I hope that Allah will let me be one of the instruments of reconciliation.

Sheik Nazim: We say that when you put vinegar into honey, the taste is destroyed. In the same way, once you mix politics with religion, it will become one big WC. All the time during this conference I am hearing WC, WC, WC...(World Conference). Change the name! What is this WC?

Rabbi: Yes, we must be careful with words. Like Solomon says in his writings, there is no limit to words and books.

Sheik Nazim: There is no limit when you are in an association with enlightened people like yourself. May Allah increase your lights and enable you to see near and far. Because our brothers are using glasses to see far, they are not so interested in seeing that which is nearer to them. They try to see everything connected to Moses, but they are completely blind when it comes to Muhammad, may peace be upon them.

Rabbi: Some of my friends consider me to be a Muslim too.

Sheik Nazim: We are all Muslims, we are all submitted to the Will of the Lord. Originally everyone was a Muslim.

Rabbi: Abraham was a Muslim! But tell me, what is the problem with my shortsightedness? What is it that I should recognise and do not? If I have already recognised that Muhammad was a Propet who did bring truth to the world, is there anything else to be recognised?

Sheik Nazim: If anyone uses a method which makes the Lord to be pleased with him, then it is not necessary to say anything. If your conscience is in confidence, then that is enough. I am happy that you are using glasses to see what is near and to be able to see Muhammad, the Prophet of Allah. For us there is no problem

in saying that Moses was the Word of God and the Messenger of God.

Rabbi: Was Bahaullah, the Prophet of the Bahais a prophet, or not? He was a very wise man.

Sheik Nazim: There are so many wise people... That doesn't mean that they are all prophets! It is impossible that he is a prophet. You know from the Holy Thora that Moses informs us of the coming of the Messiah as a Prophet. That is true. There cannot others. Some people even proclaim Bahaullah to be God. What can we do?

Rabbi: That we will reject. But does Muhammad, the Seal of the Prophets, exclude any other Prophets coming after him?

Sheik Nazim: Yes! We believe that he is the Seal of Prophets and that when the Last Days approach there will be signs. These are mentioned in the Hadith, in the sayings. It says that there will be a great chaos into which people will fall, because the Heavenly Involvement will be taken away. People will not believe in anything anymore. There will be no respect for the Thora, or the Bible, or the Holy Quran. That will put the whole world into chaos. People say it an economical chaos, but that is a lie. It has to do with beliefs. People have lost the beliefs of the Holy Books. If everyone would take back their beliefs, all this would not happen.

We met here today because we have already met in the spiritual world. There is a connection between his soul and mine. This love cannot be taken away. Even if we separate on the physical level, we will still think about each other. My computer has registered him. He will never be lost. I will always know where he is. His eyes are so familiar. Eyes cannot hide the personality of people. That is why the people at the customs look you in the eyes.

In the Holy Quran it says, that nothing can touch us if it is not written. Nothing can harm us if the Lord of Heavens has written it for us. So don't worry. If it is written, no-one can prevent it. If it is not written, no-one can harm you. Some bullets have written names, some don't. If the name is written, then that bullet must reach that name. If it isn't, then all bullets can attack you at the same time, and nothing will happen.

Once during the time of Sayyidina Ali people were sitting under the tent. It was completely dark and someone came. People tried to recognise who it was. It was Sayyidina Ali. "How was it possible for you to come through the shootings without any protection?" Sayyidina Ali answered, "The Lord of Heavens has put

guardians in front, behind and around. He protects us. If the Lord wants anything to reach me, the guardians will make an opening. If not, nothing can touch me."

Rabbi: In the Psalm 91 we have exactly the same!

Sheik Nazim: Of course. That is what we call certainity. To know is one thing, to be certain something else. If you are certain you can put your foot on water in the Name of the Lord and you will be able to walk on it.

## SHEIK NAZIM MEETS BOSNIAN REFUGEES

Oh Lord, we know nothing and we can do nothing without your help. Through your help we can live, without you it is impossible. That means with You I am sitting, with You I am hearing, with You I am learning, with You I am learning. That is the meaning of Tauhid, of unity, to be with Him. We are only appointed and programmed by the Creator, Allah Almighty. The reason that I am now speaking to you and you are listening, is part of that programme.

Before we met here, we had a meeting in the spitiual world. If that meeting had not taken place, it would be impossible to come together here. If we meet once here, then it means that we met once there. If we meet a hundred times here, then it means that we met a hundred times in the spiritual world. If we come to an agreement here and we have love and respect for each other here, then it was the same there. The sign that this is so, is that our meetings here are not for a worldly sake, but for the sake of Allah Almighty. Whenever you meet for a purpose and gain, it will not be for the sake of Allah. Whatever you ask for you will be given. If you ask for a wordly gain, that is what you will get. If you ask for the blessings of Allah, that is what you will get. Which one do you think is better? To be paid by Allah Almighty, or by people?

That is the meaning of unity in our religion. May Allah forgive us and make us work only for Him and for His Divine Honour and His Divine Pleasure. You must only ask for that, for His Divine Honour. Try to make Him

pleased with you and that will make you pleased here and in the hereafter. If you try to please people you will get nothing. But if you try to please Allah, everyone must come to you and must be pleased with you. If not, it means that they are not good.

How is it possible that 1 1/2 billion people in this world have recognised Islam as a religion and still so many do not? We must be realistic, not fanatic and use our common sense. 1 1/2 billion people are now saying, 'La illaha illala, Muhammad Rasul Allah!'. Who was the first to say that? 15 centuries ago one person did. He did not have any armies when he was declaring this. He shouted to all nations, "I am bringing you a Heavenly Message and I have been sent by the Lord of Heavens and I am His Prophet and His Messenger, the last one. I am calling you to say, 'La illaha illala, Muhammad Rasul Allah!'. He was only one and he was living in a huge unknown desert. There were no radios, no TVs, no newspapers and no fax. He was a simple person. Nevertheless his command went through time and even today 5 times a day the muezzin in East and West call for prayer. 1 1/2 billion Muslims are listening and obeying. They get up, do their washing and pray in the way Muhammad taught them to do. How is it possible that people still do not consider him to be a prophet? If he was an ordinary person then how would it be possible for his command to still be alive after 15 centuries? I thought that Europeans are so clever and that they are able to use their mentality, but they aren't. They take ants, or even smaller creatures, put them on a glass and under a microscope to see how many antennaes they have on their heads. But they are never concerned to find out more about the personality of Muhammad, may peace be upon him. In 15 centuries they have still not even reached the stage of being curious about who he is. That is why I consider them to be spiritually dead.

I spent a few days with people at a conference but nothing spiritually happened there because most of them belong to dead religions. They now try to impress each other with their clothes or with their speeches. But they don't have anything to give because they belong to dead religions. Why did the Europeans lose their real values? Because their beliefs have finished. There is no more spiritual power, neither in Christianity nor in Judaism. They are all just concentrating on this life and its enjoyments. Now they have to sell their churches. Why? Because people don't come anymore. With the synagogues it is the same. The people are not connected with their hearts to their beliefs.

If people do not have any beliefs, their character will not be good and they will not value things. That is why we are now trying, according to our capacity to reach the people who want to get back their stolen values. At

the moment I am happy to see so many young people here and no fanatics, because in real Islam we do not have any fanaticism or terrorism or fundamentalism or liberalism or socialism or capitalism. Instead we have justice, respect, mercy and love. Without this the building of mankind cannot stand erect. That is why we must try to bring back justice, love, mery and respect. I am saying this as a summary. May Allah forgive us.

This speech is good for anyone who has some common sense. I don't want to waste my time with people who do not want to know. People who do not want to accept reality are ignorant. Allah said to His beloved Prophet not to waste his time with ignorant people because whichever miracle you show them they will still not believe in you. It is better to leave them if they don't understand. They only want to discuss. There are billions of people who want truth. Undoubtably you will be able to find someone whose mind you will be able to change from wrong to right.

We are now speaking about some knowledge which cannot be obtained through thinking. If you want to think about the beginning of mankind on this planet, you have to use your imagination. But we believe in the Holy Books and everything which is mentioned in the Holy Books is true. But if someone says that they do not believe in the Holy Books and we start talking about the beginning of mankind, they will have to fabricate something with their imagination. You can then only talk about your point of view. That is why we have to believe in what the Holy Books say about the beginning of this planet.

According to the Holy Books, man was first created in Heaven and then his woman was created through him. From this first couple come all the people of this planet. We all come from the same root, from the same parents. But the Creator is free. He was free and He is free and He will be free forever to create as He likes. No-one can prevent Him and no-one can give Him an opinion about the creation. Even if you are a father and a mother, you will never be able to give any description about the creation which is is the womb of your wife. You can give the description of a machine through the computer and you can give a complete description to a computer about a machine and from that the computer can create such a machine. A machine must obey its owner, but mankind cannot programme his own children. It means that mankind have nothing in their hands. The Ultimate Power controls everyone, men and women. This Supreme Power controls the whole community and everyone. No-one can deny the Creator. If they do, they must be wrong and have wrong ideas which are not based on knowledge. Still they think that they are in control of life and death. But they have no power whatsoever to create themselves or to stay in this life forever. When death comes to them they cannot

object.

It is an invisible power which cannot be seen or touched. There is a power which runs through space and you cannot see it. There are instruments which do. When you open them they know that there is a power coming. But what we are discussing nw, is that we have been created by someone. No-one has created himself and no-one can create his children. If anyone thinks they can, then they should be able to order their wife to produce a girl or a boy. But they cannot do that. The only thing they can do is to sleep with each other. Everything else they cannot influence. The Creator creates as He likes. He has created different colours and different sexes and different forms. It is all as He likes. You will never be able to fnd two people who are exactly similar to each other.

This is the base on which we can step when we want to speak about religion. First we must believe that we are creatures who have been created by the Lord of Heavens. We must respect the Creator for His Creation. You must respect the whole of mankind because the Lord of Heavens has created them. You mustn't say that you don't like someone or that you don't like the colour of someone or that you don't like the form of someone. The Creator created everyone in their right form. Real religions were brought through prophets and they were sent to every nation. They do not look if someone is white, red, yellow, brown or black. The teachings is only to call people to serve their Lord. One of the most important pillas is to respect the Creator and His Creation. So a first step of Islam for a beginner is to ask for everyone else to reach the same step of satisfaction, confidence and happiness. It is not allowed just to want to save oneself and to leave all the others. Like a person who was just carried by a flood and who finally reached a branch cannot just leave hundreds of people behind and not help them. He should at least try to save one of them.

So the teachings of the Prophet is to save people. Jesus Christ, may peace be upon him, had 12 disciples. After he rose to Heavens he sent them from East to West. After that millions of people joined the way of Jesus and were changed from ignorance and violence. His followers suffered so much in their mission, but still they did their best to save people.

Sayyidina Muhammad, may peace be upon him, left 124,000 companions after his death and all of them spread out in East and West. They were not spending their time sitting at his tomb to make zikr and to pray.

## SHEIK NAZIM MEETS HIS ROYAL HIGHNESS THE SULTAN OF AFGHANISTAN

The key is with your Majesty. If your people will not ask you to come back, they will never reach peace, because Allah Almighty demands for the sharia to be practised. Those 7 or 9 people who claim to be imams are only working for their own ego. If they are really mujahids, they would do it fo the sake of Allah. If they were real imams they would know that Your Majesty has to be in Afghanistan to put the sharia into action, because without a sultan, the sharia cannot function. Every one of them wants to be the president himself. But these people are all on the same level as everybody else, and Allah Almighty gives another level to sultans. He gives a special blessing to some of his servants. There are lights of the Prophet which is a gift of Allah Almighty. It doesn't matter how much we worship and pray, we can never reach the level of prophets. We can reach the level of holy-people, but not the one of the prophets. That is only for some of Allah's servants.

The lines of the sultans and the shahs are also special. They have been chosen fom Allah Almighty to be sultans. It is impossible for common people to be royal. They can reach the level of being a wezir, but after that no more.

How can these imams claim to be learned-ones. I will send them some information. If they are alims, religious learned-ones, they must know the hadith in which Muhammad, may peace be upon him, says, "

After the kings will come the tyrants!" In that way, a tyrant came after Your Majesty left the country. In the same way where-ever the Kings were defeated, like in Egypt, Iran, Libya, Jemen, Baghdad, Turkey, Russia, France, Germany, China and Abyssina, the worst people came to rule afterwards. So those people in your country who claim to be alims, are liars. I will come against them on the Day of Resurrection, because they have caused thousands of people to be killed without any reason. This is not happening for the sake of Allah. The best that they can do now, is to bring back Your Majesty and to ask you what your orders are and to say that they are ready to fulfil your orders. That would be the adab, the good Islamic behaviour and also the best adab of the learned-ones. But they are also tyrants!

Common people are not able to make the choice. We do not accept anything else than the sharia for Islam and the sharia says that the sultan must rule without any conditions. If they do not do this, they will suffer until Judgement Day, and perhaps they will all be killed. That is the Anger of Allah, and the Anger of Allah is not easy.

## Shaykh Nazim's Challenge to Whole World

(Mawlana Shaykh stands)

Stand up for the honor of the Lord of Heavens, our Creator rabbi 'l ‘alameen. You are Lord for everything! Only one Lord and others, others, whole they are servants. For the creation only One Lord, for whole beings only One Sultan. Therefore, stand up and try to give your most high praises, all glories for the Dominions for Allah, Almighty Allah. Allahu Akbar, Allahu Akbar, Allahu Akbar wa li' Llahi ’l-hamd!

And we are giving our high respect to His most respected one and most honored one Sayyidina Muhammad (s). We are standing up for his honor in spite of baatil people and no-understanding people and Shaytan's followers. I am standing up for that honored one who he is Sayyidina Muhammad (s). Endless blessings for him, endless honors for him, endless glory for him. Through creation, from pre-Eternal up to Eternal, most honor and mightiness and glory for Sayyidina Muhammad (s).

Allah is against those people that they are against our high respect for most respected one through Heavens and in Divinely Presence. For what? They are not taking care. For what? We know to Whom we are worshipping. We are not worshipping to Muhammad (s). We are worshipping his Lord and he is only one who calling people, whole creation and making to remind and to know and to learn that their Creator is only

One Allah, One Allah!

Sayyidina Muhammad (s) is not Allah and he wasn't calling to be servants for him (to Muhammad). No! No! We are saying ash-hadu an la ilaha ill-Llah wa ash-hadu anna Sayyidina Muhammadan `abduhu wa rasuluh. We know his position, that he is only servant. One servant for Allah Almighty and others' servanthood (compared) to the Seal of Prophet's going to be nothing. Alfu's-salaat, alfu's-salaam, endless praisings and glory for you, O Sayyidina Muhammad (s)! And they are saying, our masters who are following the Seal of Prophets step by step and have been dressed from the lights of that one who is just granted whole dominions! Allah is not in need for anything!

(Mawlana Shaykh sits)

I am trying to put this eyeglass not for reading. I am trying to search some secrets things. Can I see them or not? man tashabbah bi qawmin fahuwa minhum (who imitates a people is from them). That is, something that whole Grand ones and Holy ones; Grand ones whom they have been granted grandness from Allah Almighty. I am looking Dr. Saleem also putting. Yes, very important, putting, and asking to look and to see more deeply for something from oceans of haqiqah, realities oceans from the Creator, Allah Almighty.

(Mawlana Shaykh stands up)

Oh our Lord if we are standing up to end of our lives it is nothing and because You honored that one, that You granted grandness to that one, most honored one Sayyidina Muhammad (s) because You honored him, we are honoring. We are giving as much as possible according to our positions, our abilities, we are trying to give, and those Wahhabi people, jahannamiyoon and salafoon; they are also going to tire and because they are not giving honor that Allah Almighty just granted that honor.

(Mawlana Shaykh sits)

O People! Come and listen! If anyone saying it is wrong what we are saying, I am asking from the Lord of Heavens not to reach up to tomorrow! I am a weak servant, but I may do that prayer, I am asking. O my Lord, if anyone not giving full respect that You granted to him (s), whole glory and whole honor and whole dominions to be for him! Anyone that they are not accepting this from Muslim world, ...or any other nations,

(they are) not to reach up to next year, to be taken away! TO BE TAKEN AWAY! But I like to see that they are going down, down. They are going downstairs, to darkness dominions. And we are saying a`udhu billahi min ash-shaytani 'r-rajeem because so many, min al-jinn wa min an-naas as Allah Almighty saying, so many countless shaytans from mankind and from jinns also are running around mankind who are honored to be deputies of Allah Almighty.

I am asking, what does it mean deputy, O Wahhabi people? The Lord of Heavens first saying to angels, "I am going to bring in existence a new kind of creation, that up to now I am not making them to be in existence; I was hiding them. Now, I am saying to you that My Divinely Will asking to bring a new creation in existence and their titles and their honors should be "My deputies." Deputy! After deputy, no any other rank or title or honor may be granted to any creation.

O Wahhabi People! What do you think this? Tell me, is Allah making sharik for Him to make a deputy? What does it mean, "deputy", khalifah? Khalifah, in Arabic, is someone following someone who disappeared from existence. For example, if a king giving honor of being deputy for someone, that means "when I am going away, you should be on my throne, you should be as I am." In Arabic, deputy, means khalifah. For what Allah Almighty saying this? What does it mean, "deputy"? It means khalifah! Yakhluf maa qad salaf lahu (he takes over from who was before him). Tell me, what does it mean?? wa idh qaala rabbuka li' l-malaaikati innee ja`ilun fi 'l-ardi khalifah (2:29), tell me; you are Arabs, you are saying, "We know everything!" Is this wrong or true? Mata` (when) He said this. His declaration, when it was? And the existence of Allah Almighty from pre-Eternal up to Eternal, was He in need to do a khalifah? But He is also saying that verse, honored verse, giving such a knowledge, like Oceans.

Look, Allah Almighty is saying, innee ja`ilun. Ja`ilun is something; khaaliqun is something else. O Salafi People! Why Allah Almighty is not saying, innee khaaliqun, but saying inni ja`ilun? If you are not understanding, some people are understanding. Ja`ala means to be always in existence and khalq is something else. Why He said ja`il? That their existence was in pre-Eternal, they were in existence, but Allah Almighty not dressing them with the honor to be deputies. Just came the time when, "My Divinely Will asking to bring those secret ones through My Secret Oceans to appear. Just they were in My Dominions, mankind, they were through My Dominion's Oceans. Now I am asking to show that creature, to show himself, to know people, that the Lord of Heavens, He has a deputy, khalifah."

He is not saying khulafah (deputies)! What does it mean, O Arab scholars? `Ulama, what you are understanding? I am min al 'aajib, you are Arab. Write a book, write a risaalah (thesis), and send to me! If I am wrong, say to me! If you are saying I am true, then you must follow from heavenly knowledge to get up more high ranks through your heavenly positions, because subhanAllahi 'l-`aliyyi 'l-`adheem, men they have real beings! Our real beings is not on this Earth, no! If it was our real beings, we are not disappearing. That is only an experience or a show; they are going to be seen in existence on this planet. But we must have a real being. Nothing going to be absent when Allah is in existence! His Divinely Sultanate was in most perfect position. He was knowing what is happening. He is knowing everything that going to appear in existence, here and Hereafter, on Earth or in heavens. He was knowing that; it is no new thing in Divinely Presence.

O People! Those whom are claiming, "We are PhDs, we are doctors, or we are `ulama," tajaawazu 'l-hadd, (went beyond your limit). No, you are passing to an area that you are not understanding, and giving such objectings when real knowers, real learned people, whom they are knowing something, you are always objecting on them!

One person coming to me today and saying, "O Shaykh, I was in London and I am coming to mosque, and standing there, asking to come down.

One person saying to me, 'Who is that one?'"
There was a photograph on front of his seat.
He was answering, "My shaykh."
"Ah, is that one your Allah?" he asked.

What is that, Shaytan? That is Salafi people's `aqeedah? No shame to say this? If looking for a picture and you are accusing a person, and saying, "This is your Allah," what is that nonsense? They are teaching their followers in such a way? If they are seeing a picture in anyone's home or in their cars, and you are coming and accusing a person saying, "Your Allah this?" is it no shaming for them? That is their way? These Wahhabi people have false and wrong beliefs!! Yes! Anyone from those people who is saying we are on wrong way, and they are on true way, I AM CALLING THEM, I AM GOING UP THE HIGHEST BUILDING! Come with me and I am saying, "I am jumping from here. If I am wrong, I must die. If you are wrong, you must die. Come here!"

That is some people saying that we can't stop Salafi and Wahhabi people, because they are attacking our beliefs. What we can do? We never knowing any answer. I am saying everything just mentioned through Holy Qur`an. You must look to Holy Qur'an giving a much more clearness for everything, tawdeeh. You know, O Wahhabi people, O Salafi people that you are always blaming our Ahl us-Sunnah people! I am saying, if you are thinking that your way is true and our way is wrong, in Holy Qur`an just mentioned one from Yemen coming at the time of the Seal of Prophets (s), a group of holy people, and from the king of that country they heard about Sayyidina Muhammad (s). (Mawlana Shaykh stands in honor of Prophet [s] then sits)

Wahhabi people! They are coming and asking to come in Masjid an-Nabawi ash-shareef and Rasulullah (s) ordered Sahabah to open a way for them to come, and they were coming to make polemic with Rasul (s). What saying Rasulullah (s)? They are coming in a baatil, false way, and finally Rasulullah (s) knowing that those people are never leaving false and never understanding from truth! Then Jibraeel Alayhissalam just coming and bringing some holy verses through Surat Aali-`Imran. For that occasion, just coming Sayyidina Jibraeel Alayhissalam with 80 holy verses and leaving.

Last was saying, Allah Almighty ordering, "O my beloved one, they are not going to accept what you are saying. Tell them, 'O People! My Lord ordering to me (to say), "Tomorrow, this hour, you may come with your `ulama, with your women, with your children, and you may stand there. And I have been ordered to come in front of you myself, my grandsons, and who is from Ahlu 'l-Bayt, my holy family. And my Lord ordering to me to come there, in front two rows of people. And I am going to ask, 'O my Lord! Which column of two groups of these people is true, which one is true--You sign them, each one that they are not accepting reality that You are sending to me—they are never accepting—say, O my Lord! Send Your Ilahi ghadhab, heavenly punishment, cursing them! Let them to say also!'" And then they are coming with al-haybat (awe-inspiring appearance), glory that dressed Sayyidina Muhammad (s). (Mawlana Shaykh stands to honor Prophet (s), then sits.) Such a glory, `adhamah (greatness) with him, and power coming out from his holy body! They are saying, "Ya Muhammad! Leave us, we are not doing this. Leave us to go and we shall give to you what you are asking from dunya to be under your feet, and we are going. "

And I am saying to Wahhabi people, "Come with me to go up the Eiffel tower," and I am saying to my Lord, "If I am wrong, take my soul! I am jumping from here." If they do this they may come. And this is what I am

saying to them: if they have this courage and this braveness, I am going to a high building and throwing myself down, saying, "Oh my Lord, if I am on wrong way, take my soul!" I was thinking to make la`na (curse). I was asking instantly cursing to come on people. And I was thinking sometimes I may call his Holiness, the Pope, and I may call his Holiness, Patriarchy in Istanbul, and I may call all holy ones that people are dressing in such brilliant dressings. I am coming like this, a simple dervish,`abdun `ajiz (a weak servant). And I am calling Wahhabi people also! There is a leaning Tower of Pisa (in Italy). I was saying whichever one may put his hand and correct this, I am following him. Come here, try yourself! If anyone has such a power, I am ready to go there, (Mawlana Shaykh stands) and to say, "IN THE NAME OF MY LORD, STAND UP!" (Mawlana is very angry, then sits) Must come on true way! If thay can do, come. I am calling all the groups who are claiming they are on the right way. THEY ARE ON THE WRONG WAY! Come on the Tower of Pisa, and make it to stand up!"

I am coming and saying, “Oh Tower of Pisa, by the honor of Sayyidina Muhammad (s) (standing) STAND UP!!! STAND UP!!! STAND UP!!! MUST STAND UP!!! Anyone ready for this? I am here, flying there. Wahhabi people if you are not correcting you are under Divinely ghadhab, Divinely Anger may touch to you. (Mawlana Shaykh sits.)

(singing)

dome dome dome dome 4x

I am so happy! Wahhabi challenge! This is challenge for all nations, to all leaders of all nations. If I am wrong, Tower of Pisa may fall on my head! If you are wrong, Tower of Pisa may fall on your head, taking you away! Allah, Allah. Therefore my heart so happy to say to all nation through east and west, anyone they have courage, come with me if you are correct!

dome dome dome dome 4x

Only for Wahhabi, Salafi people I may do la`ana. Which ta'ifa (faction/side) is on baatil, la`anatullahi `alayhim. I am not in need to Pisa Tower. No, come here. I am praying two rak`ats and asking, "O my Lord, if they are on true way, keep them. If they are on wrong way, and I am on right way, curse them!" Not one of them ever going back. Anyone brave? Anyone brave? Haha! I am weakest one, I am ready. Come to holy city

al-Quds (Jerusalem) and to Prophet's (s) holiest mosque, calling Wahhabi and Salafi people in front of Ka`aba, and I am shouting, "The Lord of Ka`aba! I am weakest one, I am nothing, but if they are giving that power to me, I am changing this world from up-side down!!!!"

(Mawlana Shaykh singing)

dome dome dome dome 4x

Fatiha. Okay time? (46 minutes, Sayyidi) They know, and then they stop. (Mu'adham!)

Alhamdulillah, haadha min fadli rabbee this is my Lord's grant for the honor of His most honored one, His deputy, Sayyidina Muhammad (s).

(Mawlana Shaykh stands) Not Adam was deputy, deputy Rasulullah (s) (Mawlana Shaykh sits.)

Fatiha.

## Mawlana Sheikh Nazim's Du `a

(dt.: SheikhNazimsBittgebet)

The kind of service here is different. For it to go on, it must be from the will of Sayyidi 'l-Awwaleen wa 'l-Akhireen. (Mawlana Shaykh Nazim stands) Yaa Sayyidi 'l-Awwaleen wa 'l-Akhireen! If there is khidhmah, service (to be done), I'm requesting from you through your shafa`ah (to give me long) life. I request permission! I request strength so that I may destroy these lousy ones, Shaytan's sultanate! If you give no permission, then let me go! (Mawlana Shaykh sits)

## SHEIKHS TEST YOU and of THE INSPECTORS OF SHEIKHS

The most difficult thing in the world is for a person to leave the pursuit of vain fancies and to break he ego's ingrained bad habits; but it is a sign of a true way that it enables its followers to take such action against the ego. It is little wonder that materialistic people feel uneasy and their lower selves positively threatened by the Sufi Way, as it demands from its followers even more than mere adherence to the Divine Law. It demands that we leave our ego's will behind by accepting the leadership of a guide. Satan worshipped Allah for thousands of years but fell from his station in one instant when asked to submit to another creature and to follow him as his guide.

It is most difficult for the ego to obey anyone's advice, especially when that advice contradicts its own ideas and prevents it from seeking fulfillment of its desires. Whoever is sincerely seeking his Lord's Love must submit himself to one of his Lord's beloved servants; he must stop being self-willed in order to do the Will of his Creator. How can he know what his Creator wants of him? The Creator's Will is expressed through the will of those beloved servants. Don't imagine that those servants are serving their egos – no! Saints can only be Saints when their lower selves have been

defeated by their souls; then the way is open for the Holy Prophet Muhammed (sal) to impart the Secret of Sainthood. When a Sheikh orders his followers to do something or to abstain from it you must know that those orders come from the Holy Prophet Muhammed (sal), whose will is in total subservience to his Lord's command.

You must also know that the relationship between Sheikh and follower is a very delicate one that needs to be preserved with great care. It is a serious agreement between Sheikh and follower and involves responsibility on both sides. Yes, at the beginning it is easy to say: "Oh my Sheikh, I am accepting you and making my will subservient to yours." Then the Sheikh says: "Yes, I accept you." That is the easy part; but Grandsheikhs have been ordered to try their followers in order to ascertain whether they are trustworthy or not.

For forty years I have been following the Way of my Grandsheikh, trying to submit my will to his but it was so difficult! So many times he tried me, but through his spiritual powers he extended insight to me and kept me from falling. I remember one of the biggest tests of all. One day, near the beginning of my training, I was with Grandsheikh when he said to me: "Oh Sheikh Nazim, if you notice in my actions anything that conflicts with the outward Law or established practices of Islam, please inform me of it in private as soon as you get the chance. This is necessary as I am an unlettered person and you are a learned religious scholar. Therefore, I would appreciate if you would do me this service, as I wish to conform completely to all the laws and practices."

Quickly Divine Help reached out to me to prevent me from failing this difficult test, and I said: "Oh my Master, I am asking Allah to forgive me. He knows best that I have come here to learn, not to teach. You are my Sheikh, I am not your Sheikh." Grandsheikh was very pleased with this reply. That was his first trial of me, and an important one.

Are you looking down at your Sheikh, thinking that you can judge his actions? Are you appointing yourself the role of "Inspector of Sheikhs"? As of yet you are all "Inspectors of Sheikhs", "Guides of Sheikhs" and "Correctors of Sheikhs". What is the result? You

remain at your station and the Sheikh continues on towards his goal in the Divine Presence. This train is moving on: whoever has boarded it may be in connection with the Sheikh, may accompany him through every rank in the Divine Presence. But whoever objects to the train, or its engineer, its conductors, its passengers, its accommodations, etc., may get off and seek a different means of transportation, for this train carries no prisoners: no one is on it by force or against his will. Nor does the engineer permit the train to be hijacked and ordered to veer from its course or to stop on the tracks.

The train arrives at a station. Some people climb aboard and others get off: then the train moves on without delay.

## The Shelter of Bismillahi ‘r-Rahmaani ‘r-Raheem

(Mawlana Shaykh stands.)
Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd!
O our Lord! Forgive us and blessing us. We are weak servants, and we are needy as whole creatures are in need of Your blessings. O our Lord! Forgive us, and let us to try to make You pleased with us. We know that You are going to be pleased when we are giving our most respect and salutes on Your best and most honored one through Your Divine Presence; then may be Your beloved one’s blessings on the Children of Adam. Please forgive us!
(Mawlana shaykh sits.)

Allah, Allah. Whole praisings and glory first for our Lord, our Creator, and then on His most honored one through the Divine Presence. Then we are asking from Your endless Mercy Oceans for this holy month to run on Your weak servants. We are in need of heavenly support. Therefore, I am calling our master who is in charge for keeping this planet on its own final limit, yes. And we are saying a`oodhu billahi min ash-Shaytani ‘r-rajeem. We are running from every wrong thinking and from every wrong understandings, not to make our Lord unhappy with us. Therefore, we are asking humbly a protection from Sadanas’ tricks and traps, not to fall through Sadanas’ sewage channels because Sadanas only calling people to those dirty channels.

And we are saying a`oodhu billahi min ash-Shaytani ‘r-rajeem. O our Lord! Give us Your heavenly protection through Your most beloved one through Your Divine Presence! Then heavenly announcement coming to people when they are saying a`oodhu billahi min ash-Shaytani ‘r-rajeem, that we are running to You, O our Lord, from Sadanas and its tricks and traps.

There is coming an announcement from heavens, so many announcements coming, but Man is not taking any care to keep that wasaya (advice) that our Lord granting us from His heavenly levels to protect His deputies on Earth. That announcement coming and saying bismillahi ‘r-Rahmaani ‘r-Raheem. Who is asking a protection from Sadanas and its tricks, trips and traps may use this heavenly sword that granted to you, O Nation of Muhammad (s)! Let them say bismillahi ‘r-Rahmaani ‘r-Raheem, that protects them. Therefore, everything that we are intending to do, or to make, and we are asking efforts to be granted to ourselves, we must say bismillahi ‘r-Rahmaani ‘r-Raheem. When you are saying bismillahi ‘r-Rahmaani ‘r-Raheem no any permission for Sadanas (Satan) and its followers to harm you. That is a heavenly shelter for Mankind. When they are fearing from anything, they may say bismillahi ‘r-Rahmaani ‘r-Raheem then they are going to be protected and sheltered.

It is a big blame for believers to fear from a virus named by scientists and doctors as the “pig flu”. Big blame! They must be ashamed! They are fearing from the pig flu, from that virus that they can’t see it and never saying that virus, “I am pig virus, pig flu!” Never claiming that, “I can kill you!” The blame is to Mankind, to fear from pig flu! Where is Allah? Where is its Creator? Why you are not fearing from the Creator that created you, as well as created everything and through them that virus? You are not seeing, not touching, even you are not feeling, but you are giving such a name for that virus! Yes, even though may be that virus created by its Creator—because nothing can be in existence without the Creator’s creating—He must ask to be created such a virus as a punishment of Mankind, that their steps are wrong steps. Whole Mankind now living on this planet, they are on wrong steps.

Allah Almighty is saying go in this direction, that is safety for you. They are saying, “No, we must go back.” That is our ego’s characteristic. When the Lord of Heavens created our egos, nafs, He said to the ego, “Come!” and he (ego) was going back and the Lord of Heavens was saying, “Go!” and he (ego) is coming back. That is the characteristic of our egos: always they are asking to be what they are saying, and not what the Lord of

Heavens, our Creator, saying! Egos are fighting Allah. That means it is doing always what it is asking, never asking to follow its Creator's command. When they are coming in existence, going to be enemies for their Creator (because) what He is saying, making contrary.

Therefore, now peoples' egos are saying to them, "Oh, this virus is very terrible and dangerous." Put the Holy Qur'an and say bismillahi 'r-Rahmaani 'r-Raheem, and Fatihah as biggest disinfectant; finished! But you are bringing so many dirty principles you are inventing and putting in front of boys, and then you are fearing from virus flu and pig flu. If they are not taking care, taking their high respect for their Lord, may come dogs flu! Pigs living outside, but if coming dog flu that so many people may be kissing them, laying with them, eating with them, one (bite of food) for (their) dog, one for his owner's mouth, very dangerous! If coming that flu, it is going to be seven times more terrible than pig flu!

O People! Come and listen. Allah Almighty created you to be His servants and you are leaving that servanthood. Civilized Europeans, civilized western people, for what they are (called) civilization? They are servants of their dogs; 24 hours they are serving their dogs. Everything, every care (they are) taking for dogs and morning walking and once again evening walking for them. And they are speaking with their dogs, "O my darling, are you happy with me?"

(Mawlana Shaykh stands, upset.) What is this foolishness!? What is this civilization?! Allah created those people to be dogs' servants or for His servanthood??! What is that??! What is that?! Allah is unhappy with those who are keeping dogs (in their homes)! (Mawlana Shaykh sits.)

(He) may do, the Lord of Heavens, because dogs are from wild animals, running, hunting and eating meat. They are so wild, eating meat and bones also. Be fearful, whole Mankind! Particularly ...beware. Maybe one night that dogs are sleeping with you they may attack you on your throat, biting you, and killing you, may be! Because you are living a life that everything is possible and it is so possible, so easy, for the Creator to change dogs to be a jackal or a wolf and attacking its owner, biting and even killing (their owners). (Jackals, wolves and wild dogs may even) drink the blood; even eat the flesh, and even eat the bones.

Beware! I am not speaking on behalf of me, but I am a warner to all nations! Don't keep dogs (inside your homes)! Don't be servants for dogs, but try to be your Lord's servants, or divinely anger may come, so mighty, so strongly! Don't waste your life to be servants of dogs! Your honor is to be your Lord's servants. (This is a

divine) warning.

And one word I was speaking on, I was saying as-salaamu `alaykum - peace be upon you - O our listeners! That salaam (greeting) is a main pillar for protecting people from evil and devils. Keep what is written through the Old Testament, New Testament and in the Holy Qur'an. Understanding? If not understanding, one day you can understand, but as English people saying, "It should be too late, too late." Don't wait to be said for you, "too late"! Because your Lord's anger, if coming, no one can take it away, making you like earth or like dust.

I am not taking a salary, no salary for Man. I am a weak servant that our Grand Ones, that they have Grand Ones, means holy ones, who they are trying to keep their oath with their Lord. O our Lord, we are accepting that You are our Creator and we are Your servants, never changing!

O People! Leave dogs (to themselves). Leave dogs or they should bite you. If biting, no any medicine.

## SHOCKING MEANINGS in the KNOWLEDGE OF THE SAINTS

That is the advice of the Prophet Muhammed (sal) to everyone in the world who is trying to communicate with another person. In trying to make someone understand what you are saying you must perceive on what level this is possible and meet him there. There is no benefit in trying to teach first-graders calculus nor in teaching university students addition and subtraction.

During the Holy Prophet's (sal) Night Journey and his Ascension through the seven heavens to the Divine Presence, Allah Almighty bestowed upon him Divine Knowledge, and He taught the Prophet (sal) that there are three distinct categories into which this knowledge is divided. The first category of knowledge taught to him was to be shared commonly with all mankind. None of this knowledge is going to shock or disturb people: it is clear and straightforward, can be easily understood by even the simple mind, and it is expressed in a way people's minds can easily grasp. For example, when I tell you a tale I try to make sure that is contents corresponds to your own experiences so that you may benefit from it.

It is one of the miracles of the Holy Qur'an that everyone who reads it may understand

something from what he has read: it is not so cryptic or unclear that people should say: “I can’t understand”. But don’t imagine that the meaning of the Holy Qur’an is only what you have understood and no more! Even scholars must be careful not to make such an assumption, for the more we improve in our faith the sharper our minds become. The light of faith brightens our understanding.

If we can understand that our understanding increases with our faith, then we will never raise objections if we find anything in the Holy Qur’an that seems to conflict with what we see to be our better judgment. We must not draw hasty conclusions, but wait until enough of the Holy Qur’an’s limitless meanings are revealed to our minds the Qur’an contains Meaning Oceans and we must undergo training to be able to extract pearls from them. Before we assume that we know better than the Qur’an, or even that we know better than any person, we must pay heed to our Lord’s declaration: “Above every knower there is one who knows more”, and understand that our perception may be clouded, and that surely there exist people who are more knowledgeable and wise than we are. If common people and scholars alike heed this Quranic observation and understand that others may see and know what they don’t and can’t, then they will keep an open mind, and, at least, not attack those whose knowledge is of a different realm.

The second category of knowledge the Holy Prophet (sal) was instructed to reveal to initiates, to seekers of truth, in accordance with their thirst for deeper understanding. This knowledge was only for those who had become suitable recipients for extraordinary revelation that would only shock or confuse the uninitiated.

One Great Grandsheikh, Sheikh Muhyuddin Ibn al Arabi, may Allah bless him, received huge grants of knowledge of this category from the Holy Prophet (sal). He was one of the first to put into writing knowledge that had previously been passed on only orally and spiritually. As a result of this he was widely persecuted. Scholars used to be scandalized by his writings and say: “From where is he bringing these things? We have looked through the Holy Qur’an and the Traditions of the Holy Prophet (sal) but find nothing in them to support such heretical views.” This they were saying in the spirit of

those who, in his time, rejected the prophet hood of Muhammad, peace be upon him.

From where did that understanding come to Sheikh Muhyuddin? The Holy Prophet (sal) once said: “Beware of the perception of the true believer, for he sees with the light of Allah”. It was the light of strong faith, and the resulting clarity of perception and sharpness of intellect that enabled Sheikh Muhyuddin to delve into that “restricted area”. So, if you consider yourself to be seeker of truth, don’t be lazy or timid in your quest, but seek to benefit from the clues provided by those who received initiation into this second category of knowledge. Don’t be surprised that Sheikh Muhyuddin, Mevlana Rumi, Abu Yazid al Bistami, Shah Naqshaband or Grandsheikh Daghistani reveal knowledge that is beyond the pale of the outward or apparent understand of Islam. But don’t try to force such an understanding on those who are not seeking it, for it is not intended for all. Even the companions of the Prophet (sal), who loved him intensely and were always ready to sacrifice everything for him were not all able to receive knowledge of this type, and among those who were, some could receive more than others. Sayyidina Ali, the cousin and son-in-law of the Prophet (sal), was one of those who received the most in-depth knowledge; he once said to some of the other companions: “There are two categories of knowledge I received from the Holy Prophet (sal): one I reveal to you, and the other, were I to even intimate something of it, you would try to kill me.”

Whoever encounters a jewel but knows not the distinguishing characteristic of gems may think it to be part of a fossilized coke – bottle and throw it away. There is a famous diamond in Istanbul, perhaps one of the biggest and most valuable diamonds in the world. The story of this diamond may help illustrate my point. That diamond was originally found in a dustbin by a street sweeper. He put it in his pocket and brought it to a spoon-maker he knew. The spoon-maker saw that it could be valuable, so he offered the street sweeper a wooden spoon in exchange for the diamond. The street-sweeper was very happy with the trade, as, in those days it was a sign of distinction to carry a spoon in one’s belt-just as a cowboy carries a gun in his holster – and to always

be prepared in case rice or soup was served.

Then the spoon-maker took the diamond to a jeweler, who paid him a lot of money for it. The jeweler polished it and notified the Vizier about the existence of an extraordinary diamond. The Vizier brought it for a fortune and presented it to the Sultan, who had never seen its like. But to the street-sweeper its worth was equivalent only to one wooden spoon.

So, everyone receives what he needs on his level, and this was a Divine Order to the Prophet (sal): “Give to those who may receive”, and it is written in the Preserved Tablet who will be eligible for that knowledge.

The third category of knowledge is that which is between Allah and His Prophet (sal) to the exclusion of all others. This is the realm of the private confidence bestowed upon the Prophet (sal) by his Lord, and it is a depth of knowledge that distinguished him from and sets him above all of the Saints and learned people of his Nation.

Once we have understood this division of Islamic knowledge into three categories, and especially if we are faithful enough to develop penetrating vision and a share of esoteric knowledge, it should not be difficult for us to address people in accordance with their understanding. In his time the Holy Prophet (sal) was working mostly with a very coarse and unlearned class of people, and he addressed them, accordingly, in a manner suited to their mentality. He built their understanding, so to speak, from the bottom up, laying a strong base upon which to build; but for those of them whose hearts were receptive, their simple origins were no obstacle to their receiving grants of inner knowledge.

In his time, the Holy Prophet (sal) also addressed more learned people: delegations of Christian clergy from Yemen and Jewish Rabbis and scholars residing in Medina. He addressed them on their respective levels too, discussing his mission in accordance with the contents of their Holy Books. But knowledge of religious scripture is neither a condition for, nor a disqualification as pride and envy. So those who came with

sincerity and open hearts received amply, but those who came with prejudice could not be helped.

Our time also has its particular conditions and peoples. Certain words or methods may be acceptable to you but difficult for others. When the Holy Prophet (sal) applied this wisdom to his manner of approaching people, Islam spread both in the East and West quickly. Therefore, don't be oblivious to the reactions of those, whom you address, don't run up against a wall, gaining nothing in the process – except a bump on the head. Find common ground, then build on it step by step.

Islam derives its vitality from its inherent simplicity and universal principles. The basics may be practiced by all, irrespective of distinctions based on race, nationality, sex, age or cultural adherence, and it is in harmony with nature-with the nature of Man and with that of one Earth. But we must be worthy of understanding this and communicating it.

In our time elderly people may often be hard on youth for the way they behave, saying: "We never behaved so badly even when we were young". But they must remember what kinds of conditions and social norms those children are now being brought up in.

Similarly, practicing Muslims who are scrupulously observing the Law of Islam may be impatient with those who are slowly approaching Islam or whose hearts are drawn to a circle of believers, expecting those people to conform quickly. If this is the case, it is a sign that you have not yet understood anything, and that your practices are only blinders. If you are wise, you will expect or demand only very little in the way of conformity from newcomers. Don't try to load your burden on them – and if you are trying to shift your burden you must consider its causes. Don't worry about bringing people "in line" but rather concern yourself with making sure that your own practices are becoming a means for attaining inner peace and are not becoming an end in themselves. If your practice brings you inner peace and wisdom others will emulate those practices voluntarily.

The proper attitude is indicated in a saying of the Holy Prophet: “Make things easy for people, not difficult; give them good tidings and don’t drive them away”. Now, most Muslims are only driving Westerners farther away from Islam by ignoring the differences in the conditions they face. Such an attitude is a sign that they have deprived themselves of access to that second category of knowledge-wisdom-which brings with itself profound and penetrating vision; indeed, the blind are not even able to understand the first category of knowledge correctly. We ask our Lord to grant us understanding of the Way of Islam, and to help us know in which direction we must go.

## On the Shore of an Ocean of Universes

(Mawlana Shaykh stands)

Fatiha. Dastur, madad. Subhan Allah, Sultan Allah!

You are Sultan, You are Subhan, You are our Lord, our Creator. Allahu Akbar! Give us through this holy month Your blessings, O our Lord, to be clean ones. O our Lord! Give us from Your endless blessing oceans and grant us, and we are saying our countless praisings to Your most beloved one, Sayyidina Muhammad (s), to make down everyone who is following Shaytan, and those who are not giving praising and glory to Your most Glorious servant. O the Seal of Prophets! You are in the Divinely Presence from pre-Eternal up to Eternal. You are the King of Eternity, O our most praised Prophet! Your intercession is saving Your ummah, and countless creatures have been created for Your honour by the Lord of Heavens. The Lord of Heavens is creating everything and ornamenting this world and unknown worlds, the unknown dominions of Allah Almighty. Countless praisings on You, O our most beloved one, Sayyidina Muhammad (s).

(Mawlana Shaykh sits)

O people! Say with me, a`udhu billahi min ash-Shatani ‘r-rajeem. O Mankind! Run away from Shaytan just as

anyone may run away from a dragon. You must run away from Shaytan and also, O people, you must ask sheltering and ask guardian on you. And guardians, they are guardians of Heavens. There are two kinds of guardians: one kinds of guard belongs to Heavens and second guard are holy ones who are living on Earth, and they are trying to protect Mankind who are living on Earth.

Ask, O people, from a guardian of this planet, either a spiritual guardian and also guardians from Mankind. And say, O people, Bismillahi'r-Rahmani'r-Raheem. That is a much more powerful guardian for Mankind, only to say Bismillahi'r-Rahmani'r-Raheem. The power that is granted to Bismillahi'r-Rahmani'r-Raheem, all material weapons are going to be nothing! It is stopping every material weapon that they are calling nuclear power, nuclear missiles working with nuclear power. That just reached Mankind top of power, that may be giving living ones on Earth. The Lord of Heavens opening to them up to this point, beyond that they can't reach anything after that. Nuclear limit, that is last limit beyond every scene and never-ending power stations may put all nuclear power. The Lord of Heavens is Almighty, and Man is so proud with their nuclear powers! Nothing may stop it, to say one of holy ones, that they belong to heavenly stations, looking after everything on this planet, only one master is enough. But people are thinking that the Lord of Heavens only has one world. Countless, countless (worlds are His).

Once there was a great holy one, whose lineage belonging to Seal of Prophets (s), Ahmed ar-Rufa`i Kabeer. One gigantic power that was granted to him, he was for every holy one, may run from East to West in the blink of an eye! From Earth to heavens, in one unit of time they will be there. They are holy ones; that means their spiritual power taking them in its real being. Once he was arising from Earth towards heavens and he reached the fourth level of heavens, and stopping there with his heavenly power.

O people, Man is a creation which is impossible for anyone to understand their secrets through all creation. How it is no one knowing and he reached with his heavenly authority, he reached to 4th of heavens? On that level he was stopping because just appeared an ocean through this manzar, view or vision. Just appeared an ocean and looking with his spiritual power to understand, when is the beginning and when is ending of that ocean? And spiritual power is not like our material power, looking like this and seeing that it has beginning but can't reach to that beginning. And looking on his left side to see where ending that ocean, but can't be able.

A heavenly addressing, from another world addressing, coming to his hearing and a sound saying to Ahmad Rufa`i Kabeer - Allah bless him - "O Ahmad, approach more, come nearer, nearer, come, come a little bit more to see what is in it.”

With his spiritual power he was approaching more and more, until he reached and entered through that ocean. And he was looking, seeing that is not an ordinary ocean like on Earth, no. He was looking and seeing that ocean is from sand, a sand ocean, from beginning up to end, but never knowing where the beginning is and where it is ending. It appeared for him as an ocean of sand. He was most surprising, such a big ocean, standing by itself, nothing under it or over it, over the understanding.

Not same words using in every minaret there, every one has a different calling with different holy words, saying Allahu akbar, Allahu akbar, calling with different holy words, Allahu akbar. This is our adhan around the whole world, it’s the same. Their adhan through each minaret in another way, in another words. Allahu ta`zheem. That is for the Lord’s greatness and glory and majesty. Allah is never going one same, second one. Allahu akbar!!

Allahu akbar al-akbar! Just appeared this. That is one from these mighty oceans, not power oceans. Mighty, most mighty power oceans that coming as new creation in such an oceans. Such a new creations, not one grain of sand was same as the second one. This what we are saying perhaps adna, lowest, ta`zheem glorifiying of Allah Almighty. It is only one wali. What about countless holy ones? That is holy one, putting his feet in that ocean and hearing and looking where its mustaqar, where that ocean just put on it; it is impossible to know. And approaching to one and saying tubtu wa raja`tu ya rabbee, “I am sorry to ask or to think about You, our Lord."

As much as you are tahayyal imagining, bringing to you more and more that number beyond, endlessly. Allahu akbar! O people! Try to understand something for your Lord's greatness, and praising endless territories for Him, never-ending worlds, never-ending dominions for Allah Almighty. Allahu akbar, Allahu akbar! O our listeners, we are trying to say something, because if we were using something less , it is impossible to understand an understanding of our Lord's Greatness! It is impossible. Allahu akbar! allahu akbar al-akbar!

O people! Come and try to give your high and last point of glorifying to Allah, to be open to your hearts such

refreshment and pleasure and lights and beauty! Try to reach that point! That point is much more than enough, but we are occupied, occupied by Satan's callings. Satanic cheatings are making people not to be interested in such things. And if we are saying after this point, the beauty oceans that covering each one of that worlds through that sand ocean—Oof! Allahu akbar al-akbar!

O people! As salaam `alaykum wa rahmatullahi wa barakatuh! Come and listen and enjoy yourself! You are a mirror only and may reflect through your mirror something, something la yudhkar. never going to be mentioned. O people! You must be happy and enjoyful for coming days! And so honored and so refreshment and so beauty and so satisfaction and so ornaments and so unexpected designs that will appear! For millions or billions or trillions of years, you will not reach to see and to enjoy (such greatness)! Allahu Akbar!

This is the holy month. Why is Allah sending this holy month? We are coming from high station down to our level to say something. Why saying holy month? Why the Lord of Heavens granting to Ummati Muhammad (s) one month to be holy month? Because through this holy month going to be so quickly reaching from our material being to unexpected nur, lights oceans. And asking the Lord of Heavens that His servants may reach even one smallest part of this Light, to be a mirror for ourselves, and through that mirror you can be able to reach humbleness. And humbleness carrying you to reach holy ones table!

If no holy ones, you can't reach holy territories, and the Lord Almighty Allah is asking that His servants be holy ones. Because that holiness giving honor for us, particularly through this holiest month. This is holiest month and taking much more holiness through this month. Going to be your heart much more what you are saying, sagaf, purek, transparent. Never needing there this heavy material. This (flesh) is so heavy material. Therefore our heavy material likes heavy material and heaviest material on earth it is golden; therefore, our being asking to reach more heavy material. Our material being is asking, not our souls asking; souls never asking.

Perhaps our souls going to be what you are saying, our souls hating from material, and material hating also from our being. That is it chafaf, transparent. Heaviest material you can't carry it up, but without that you can reach up to the Divinely Presence, it is not so easy. You need to take away every heaviness then being chafaf, therefore all prophets are chafaf, transparent and our souls asking to be on that level. If looking on that level and seeing holy beings there. with this heavy body you cannot reach, but with your souls you can reach. May

Allah forgive you!

(Mawlana sings)

dumm dumm dumm dumm
dumm dumm dumm dumm
cifti dayis..
sen ekersin su bugdayi

Heavenly singing giving something from refreshment for heavens to people's ears. May Allah grants us.

As-salaam `alaykum.

## Should Muslims accept social conditions they are born to?

Answer - Muslims do not understand about themselves. What they are - Muslims or non-Muslims - they haven't yet decided for their lives. If they are Muslims - to keep Islamic society; or non-Muslims - to keep their society. Till they understand this, they cannot decide.

As long as they hesitate about whether or not to have a Muslim or non-Muslim society, they must try to look after themselves where they are living. They must arrange their social life suitably for that country. They must try to come from a Western social life into their original social lives. They must try to transfer themselves from Western life to Islamic social life and it is not easy. Mostly in Western countries, Muslims are under the heavy pressure of Western life and it is not easy to transfer their lives to Islamic lives. If they want 100% or 90% or even 50% of their social life to be Islamic, they must leave Western countries and return home. It is easier to arrange for themselves and adapt to Islamic life in Islamic countries.

That is our advice to Muslims living in non-Muslim countries. It is difficult to adapt Islamic life in Western countries. Even if they are fanatical about maintaining Islamic social practices, as parents, they are unable to keep these practices in their children. If they are unable to arrange their children's lives as they like, the family will break down. It is no good. The parents will be on one side and children on the other and every day and every time that gulf will widen.

Every time between parents and children that crack will become wider and wider. Then they will lose themselves finally. So, whoever wants to be in Islamic social life, may move from Western countries to Islamic territories. They should be pleased with a small amount of money for that purpose. If they want to obtain more wealth, more business, more money from Western countries, they must carry heavy responsibilities for themselves and for their children. Thank-you!

## Shukr and Dhikr are Wajib for all

Shukr and Dhikr are Wajib for all... Adhkuruni adhkurkum, washkuruli wa la takfurun...(?) is an order. Man forgets because of Dunya and his ego. Dhikr guides him. There are Dhakirin and Sahibu Irshad. The Sahibu Irshad, a Murshid, gives light from Malakut to those who are in darkness. The Prophet said: Beware of the believer, because he is walking in the light of Allah and see the open and the hidden, because they don't have veils anymore.

On the Day of Judgment people will ask those who have light how they reached to it, because they need light in the darkness. But it is too late. A servant must reach to the light here. And therefore Allah sent the Book and a light to the Prophet. Who reached that light came to faith, others stayed in the darkness of disbelief. The Sahabas took light from the Prophet, the Tabiin took from the Sahabas etc. Holy ones carry Nurullah. Up today Allah didn't leave the Ummah without light, and it will continue until Yaum ul Qiyama. Everyone takes as much light from holy ones as they need.

Everyone needs nasihat.(advice) So that if you make a wrong step you will remember and come back. But all people want to live as their egos like without asking the Will of Allah. That is the Bela coming on the Ummah. May Allah give us guidance: Allahumma ahdina fima hadayt...(Dua Qunut). Allah doesn't give 'izz to His enemies. We are making this Dua every morning, but we don't think about it. We are sleeping and we are in

the shadow, not in 'izz. The Jews do, as they like, and we follow Jewish fashions. May Allah guide us back to the true path and send us the one who brings us back to the Schariat. We have to show our power- there are so many Islamic states...

They don't give the true number for Muslims. They are 2 billion and they say 5x daily Shahada...

## Sieben Namen in den sieben Himmeln

Sheikh Nazim fragt einen Besucher: „Aus welchem Land kommst du?“ „Aus England.“ – „Wer ist dein Schutzheiliger dort?“„Der heilige Georg.“ – „Der heilige Georg... Kannst du ihn dir vorstellen?“ „Nicht sehr gut.“ – „Du hast keine Vorstellung von ihm!“
Jeder Mensch hat sieben Namen in den sieben Himmeln. Jeder auf der Erde hat sieben Namen – jeweils einer ist in einem der Himmel geschrieben. Manchmal sind die Namen, die wir uns geben, passend für uns, und wir haben weniger Probleme in unserem Leben, und manchmal sind unsere Namen nicht passend, und dann kommen so viele Probleme auf uns zu. Deshalb geben wir auf unserem Weg der Überlieferung einem neuen Erdenbürger, ihr oder ihm, einen Namen, wenn sieben Tage vergangen sind. Während dieser Zeit müssen die Eltern in sich gehen, um mit ihrem Herrn zu sein. Dann kommt eine Art Schwingung, eine Art himmlischer Schwingung zu dieser Person, und einer, die Mutter oder der Vater, sagt einen Namen. Ein Name kommt, und das ist ein wirklicher Name von ihren sieben Namen. Das wird ein passender Name für das Baby sein, für seine Familie und für sein Leben, so wird er Freude und Erfolg während seines Lebens finden. Heutzutage blicken die Leute nicht in ihre Herzen, und indem sie den Himmeln niemals irgendwelche Beachtung geben, glauben sie, bloß erdgebundene physische Wesen zu sein.

Aber wir sind nicht nur physisch – ja, unser physischer Körper gehört zur Erde, aber wir haben ein geistiges Wesen –, unsere Seele gehört zu den Himmeln, und ihr müßt versuchen, eine Verbindung durch die Himmel

zu euch zu knüpfen. Es ist der wichtigste Punkt im Leben eines Menschen, weil wir einer Verbindung zu den Himmeln bedürfen, und solche, die diese Verbindung erreichen, haben Glück, sie sind glückliche Leute, Leute voller Freude, friedliche, barmherzige und respektierte Leute. In unseren Tagen bitten die Leute nicht um es, sie haben kein Interesse an ihrer himmlischen Wesenheit – die meisten sind nur mit ihrem physischen Wesen beschäftigt. Unser physisches Wesen hält uns besetzt und erlaubt uns niemals himmlischen Kontakt. Deshalb nehmen die meisten Leute heute keinerlei Notiz von den Himmeln – sie schauen nur zu den Sternen am Himmel, aber fragen nicht, was hinter den Sternen ist. Was ist hinter der Dunkelheit? Was ist jenseits von Dunkelheit? Was ist das Dunkle, was ist das Licht? Bis wohin reicht das Dunkel, bis wohin reicht das Licht?

Ein an seinem spirituellen Wesen interessierter Mensch sollte fragen: Welchem Zweck dient Prophetentum, zu was wären die Propheten gut, zu was Heilige Bücher, Himmlische Botschaften und Botschafter? – solche Fragen könnten es sein. Wer so fragt, muß wissen, daß die Propheten den Himmeln zugehören. Mit den Himmeln ganz verbunden, sind sie von einer feineren Art als der unseres physischen Körpers. Sie haben ein besonderes Wesen, das sie in Verbindung mit den Himmeln sein und mit himmlischen Wesen verbunden sein läßt. Und wer brachte jene Verbindung aus den Himmeln zu den Propheten? – Der Erzengel Gabriel. Er wurde zu diesem Zweck erschaffen und darauf vorbereitet. An ihm als einzigem aus den Himmeln ist es, himmlische Botschaften himmlischen Botschaftern zu überbringen, jene Verbindung in ihre Herzen zu bringen. Es gibt einige Stellen in dieser Wand, durch die Licht einfällt, und eine himmlische Verbindung ohne den Erzengel Gabriel kann es nicht geben. Er bringt das den Propheten. Und ihre Seelen sind stets in den Himmeln, auch wenn ihre Körper hier sind, ihre Seelen sind stets in den Himmeln. Und sie sind wie Kraftwerke himmlischer Kraft; wenn du sie erreichst, zu ihren kommst und sie annimmst, so läuft ihre Kraft auch zu dir. Denn ihr Sinn ist es, uns himmlische Kraft zu bringen. Der Engel Gabriel kommt nicht zu einem jeden, denn es paßt nicht zu jedem, ein Prophet zu sein; es reicht, ein Kraftwerk zu haben, das alle erreichen können – nicht jedes Haus braucht einen eigenen Transformator, einer reicht für eine ganze Stadt. So kann ein Prophet, was zu ihm kommt, Hunderten, Tausenden, Millionen, Milliarden von Menschen weiterleiten, er kann diese große Kraft tragen
... Wer immer also himmlische Wesen oder die Himmel zu erreichen sucht, muß solche Leute suchen, denen es gewährt worden ist, mit himmlischen Kräften in Kontakt zu sein. Wenn du so eine Person erreichst, kommt himmlisches Licht zu dir, und keine Dunkelheit berührt mehr deinem Körper. Erleuchtet. Einige

Leute sehen so dunkel aus, wenn man ihnen ins Gesicht schaut – nicht Dunkelhäutige, nein –, es gibt so viele dunkle Helle, so viele Helle sind dunkel. Erleuchtung ist etwas, das von den Himmeln kommt, ein Bad in den Lichtern der sieben Himmel, den ersten zu erreichen, den zweiten, den dritten, vierten ... Und gemäß deiner Kraft, deinem Wunsch und Willen und gemäß deinem Bedürfnis wird dir diese Kraft gegeben werden. Wenn aber jemand nicht interessiert ist, wird er lichtlos sein, sein inneres Wesen wird in Dunkelheit, und jene Person wird unfähig sein, auch nur zu lächeln. Lächelnde Gesichter kommen von den Lichtern in einem selbst, deshalb ist das Lächeln ein Zeichen von Glückseligkeit und ein Zeichen für die Verbindung mit himmlischen Wesen. Und nach den Propheten muß es himmlische Wesen geben, die für immer unter den Menschen leben, und ein jeder, der um Licht bittet, mag darum bitten und sie erreichen.

Das Bedürfnis entspringt unserer Seele, denn unsere Seele strebt zu den Himmeln, wenn unser physischer Körper auch nie danach fragt – auf ihn wartet deshalb der Friedhof. Unser physischer Körper ist niemals freundlich zu unserer Seele. Und das ist der Grund dafür, daß, wenn ein passender himmlischer Name zu dir kommt, du Frieden und Freude verspürst: Selbst wenn es nur eine schwache Verbindung ist, ist es doch eine Verbindung. Von Geburt an empfindest du vielleicht eine Verbindung zu den Himmeln, wenn du einen passenden himmlischen Namen hast, einen deiner Namen, die in den sieben Himmeln geschrieben sind. Wenn du so glücklich bist, einen deiner wahren Namen aus den sieben Himmeln zu erlangen, bist du, wenn auch nur schwach, mit den Himmeln verbunden. Du wirst Seligkeit in dir finden und auch eine große Möglichkeit eines fortschreitenden Aufstiegs – so du einem Weg der Himmel folgst, was dir eine Verbindung durch Propheten und Heilige Bücher gibt. Wenn du ihnen folgst, solltest du schnell solch eine Stufe erreichen, und dein physischer Körper wird keine Macht mehr über deinen spirituellen Körper haben.
Du könntest wie ein Fisch sein, dem Ozean zurückgegeben, schwimmst du jetzt in ihm. Oder du bleibst der Vogel in einem Käfig, der entkommen möchte, entkommen. So ist es, daß die meisten Leute in Dunkelheit und Traurigkeit sind. Ich nicht – nein, das ist der Grund. Bitte darum, daß deine Verbindung stärker wird, dann werden viel mehr Lichter von den Himmeln kommen und dein Gesicht leuchten lassen. Du erstrahlst ... Es gibt einige Ikonen, die zeigen Heilige, umgeben von Lichtern. Das ist so, weil es so sein muß, daß heilige Menschen Lichter in ihren Gesichtern haben – es kann nicht anders sein, als daß sie leuchten. Und ihr mögt es erreichen, auch ihr mögt es erreichen.

<b>Wir leben jetzt in schwierigen Zeiten, so viele Ängste – Ängste um unser physisches Sein, denn unser

physischer Körper kann so leicht beeinträchtigt werden. Alles kann unseren physischen Körper beeinträchtigen, und Angst entspringt unserem physischen Sein, nicht unserem spirituellen. Nein, denn dieses ist immer in Freude, im Licht. </b>
Und die Menschen durchschwimmen Ozeane von Furcht. Und das ist ihr Fehler, daß sie nicht darum bitten, bei ihrem himmlischen Wesen Schutz vor der Angst zu finden – es gibt keine Angst in eurer Seele, keine Angst. Wir bedürfen jetzt mehr denn je der Spiritualität, und, wie wir sagten, finden wir Spiritualität durch die Propheten.

Bei „Harrods“ – carrots? Bei Harrods findest du alles, außer Spiritualität. Wenn du Geld hast, kannst du dort alles kaufen, nur Spiritualität, die wirst du da nicht finden. Du kannst kaufen, kaufen, kaufen und Autos damit füllen und allerlei Dinge nach Hause schikken, aber du wirst keine wahre Freude haben, keine echte Freude. Denn Freude kommt aus dem Herzen, aus eurer Spiritualität, und du findest sie an unbekannten Orten, bei unbekannten, unscheinbaren Leuten. Glaubst du, daß Schätze in Hochhäusern gefunden werden? Glaubst du, daß du an solchen Plätzen Schätze finden wirst? Nein. Leute suchen die Ruinen von alten Häusern durch, dort graben sie nach Schätzen. Aber niemand kommt jemals zu diesen neuen Gebäuden, um nach Schätzen zu suchen. Deshalb: Glaube nicht, daß offizielle Leute dir jene Kraft geben. Vielleicht sind bei einem, von dem wir sagen, er ist ein Bettler, diese Kräfte.

Niemand sagt, Jesus Christus habe sich wie ein Papst gekleidet oder wie ein Bischof oder ein Patriarch. Sie tragen bedeutende Kleidung; glaubt ihr, er hat sich derart gekleidet? Niemals – er kleidete sich so einfach, doch stand er rundherum in himmlischer Kraft. So viele Heilige erscheinen dem Standard entsprechend nur unzureichend gekleidet, aber sie sind voller Spiritualität – wenn sie deine Hand zu fassen bekommen, können sie dich wie einen Fußball von hier nach Jerusalem schleudern. Offizielle Personen aber haben nichts. Deshalb: Fragt nicht einen jeden nach Spiritualität. Es hat nichts mit Fanatismus zu tun; Titel sind nicht wichtig, nicht das, was man zu sein beansprucht, dieses oder jenes.

Wichtig ist, die geheime Kraft der Himmel mit sich zu haben. Es strömt von Herz zu Herz, diese Leute haben Kräfte, ein geheimer Strom fließt durch die Menschen und eilt zu dir, wenn du offen bist und darum bittest. Wenn du es wirklich brauchst und du den Herrn der Himmel bittest und erbittest, daß diese besonderen Wesen dich erreichen, dann vermögen sie einen Weg zu deinem Herzen zu finden – du spürst das vielleicht oder nicht. Ich sah eines Morgens jemanden, der versuchte, sein Auto zu starten, aber die Batterie war leer.

Jetzt müssen wir ein anderes Auto holen, um diesem Auto Kraft zu geben – und gibt der Mensch nicht auch eine Art von Kraft? Das sind spirituelle Wesen, Heilige, sie können geben, sie sind so voller Kraft. Die Leute der Himmel sind immer unter den Leuten, bewahrt daher eure Achtung gegenüber jedermann. Und eines Tages werden diese Heiligen euch erreichen und euren Herzen Erfrischung geben, eine Erfrischung, die niemals endet von hier an bis zum Ende.

## Sie sagen, der Mensch sei nur ein Tier

Shukr ya rabbi, tuba ya rabbi... Unsere Tariqat beruht auf der Versammlung mit dem Sheikh. Und diese Versammlung gibt den Menschen Kraft, die Last des Lebens zu tragen. Denn das Leben ist den Menschen Bürde genug. So wie ihr ohne Essen und Trinken nicht leben könnt, denn Essen und Trinken gibt eurem physischen Körper Kraft zum Leben, aufzustehen, so bedürfen auch unsere Seelen, mehr als unser physischer Körper, der Kraft, aber es ist nicht eine Kraft, die von Essen und Trinken kommt, denn unsere Seelen gehören zu den Himmeln. So muß auch die Kraft, die unsere Seelen brauchen, von den Himmeln kommen. Daher sandte Allah der Allmächtige gerade Propheten von den Himmeln. Von den Himmeln heißt, sie sind in Verbindung mit den Himmeln. Nicht jeder ist in Verbindung mit den Himmeln. Allein die Propheten sind es. Und ihre Struktur, spirituelle Struktur, ist von der gewöhnlicher Menschen verschieden, so daß sie in direkter Verbindung mit den Himmeln sein können. Sie bringen eine himmlische Kraft, der unsere Seelen bedürfen. Denn unsere Seelen gehören zu den Himmeln. Sie sind keine physischen Wesen. Nein.
Physische Wesen sind neu auf der Erde, und was die Erde ihnen an Essen und Trinken gibt, das ist es, dessen sie bedürfen. Die Seelen sind nicht von der Erde, sie gehören zu den Himmeln. Und der größte Fehler der Leute des 20. Jahrhunderts ist es, diesen Punkt nicht zu erklären. Immerzu denken sie, sie seien materielle Wesen, physische Wesen. Wir sind nicht nur materieller Körper, nein! Glaubst du, daß irgendein Auto von alleine fahren könnte ohne Kraftstoff? Niemals! Alles ist in Ordnung, aber wenn der benötigte Kraftstoff

nicht da ist, kann es nicht fahren. ... Aber die Leute sind so dumm. Sie sind Shaitane. Sie sind der Antichrist und seine Nachfolger. Denn die ganze Schwierigkeit der Menschheit kommt von dieser Sichtweise. Sie schauen und sagen: „Der Mensch ist nur ein Tier, ein materielles Ding.“ Und ihre Probleme müssen so durch materielle Dinge gelöst werden. Aber niemand bringt heute irgendeine Lösung für die Menschheit durch Materielles. Nein! Die gesamte Menschheit fällt geradezu in endlose Schwierigkeiten – endlose Probleme hat die Menschheit jetzt und die, die sie führen, die die Nationen führen. Sie suchen nur nach Lösungen für die Menschheit durch Materielles. Sie glauben, besonders orietalische dumme Leute und ihre Führer, sie glauben, daß jedes Problem, jede Krise durch materielle Dinge gelöst werden könne. Orientalische Leute sagen: „Unsere Leute haben keine Arbeit, kein Geld, und meistens sind sie arme Leute, finden nicht genug Nahrung, ihre Bäuche zu füllen, sich zu erfreuen...“ Essen und Trinken in einer vollkommenen Weise, das ist ihr Vergnügen.

Die orientalischen dummen Leute sagen auch: „Oh, wenn die Europäer dies sagen, muß man das akzeptieren. Wir sind hungrige Leute.“ Oder: „Wir geraten in Schwierigkeiten, und wenn wir unser Bäuche füllen und unser Geld sparen und alles zu essen und trinken haben, was wir mögen, bringen wir eine Gesamtlösung für unsere Probleme.“ Aber sie haben so unrecht. Denn die Europäer, westlichen Länder, fallen gerade jetzt in endlose Probleme und Schwierigkeiten, selbst wenn sie alles an Materiellem haben. Sie sind achtlos gegenüber den himmlischen Positionen der Menschheit. Sie sagen nicht, daß die Menschheit durch ihren phyischen Körper der Erde angehört, durch ihre Seelen aber zu den Himmeln. So daß wir unserem physischen Wesen durch Materielles Lösung bringen mögen, aber dem spirituellen Wesen Lösung bringen von den Himmeln. Aber dummerweise leugnen sie und verwerfen göttliche Kräfte, himmlische Positionen. Sie nehmen das niemals an. Sie sind materialistische Leute, sie sind Shaitan, Shaitans Nachfolger. Sie akzeptieren niemals himmlische Befehle, himmlische Gesetze. Sie sagen: „Wir müssen unsere Gesetze machen. Wir müssen Lösungen durch unsere verstandesmäßigen Verbindungen bringen.“ Solange sie dies sagen, fallen sie hinab.

O Leute, die Versammlung mit dem Sheikh gibt euch eine Erfrischung, gibt euch Kraft durch euer spirituelles Sein. Und führt dazu, daß ihr nicht hinabfallt, wenn ihr euch Problemen oder Schwierigkeiten gegenüberseht. Schwierigkeiten und Probleme umgeben jeden hier während seines Lebens. Ihr könnt nicht eine Person finden bis hinauf zu den Königen und Sultanen, angefangen von den Leuten der niedrigsten Stufe bis zur

Stufe der Sultane, die nicht von Schwierigkeiten umgeben ist: Kleine und Große, Reiche und Arme, Kraftvolle und Kraftlose, Landbewohner und Stadtbewohner. Starke Leute, schwache Leute, ungebildete Leute, studierte und gebildete Leute. Jeder, Männer und Frauen, Alte oder Junge, jeder ist während seines Lebens von irgendwelchen Problemen umgeben. Es gibt niemanden auf Erden, der keine Probleme hätte. Deshalb müßt ihr den Problemen so gegenübertreten, indem ihr eine seelische Lösung findet, in materiellen Ansichten jedoch könnt ihr keine Lösungen für spirituelle Probleme finden. Durch materialistische Ideen können die spirituellen Probleme nicht gelöst werden. Das ist falsch!

Das ist wie bei unserem Freund A. Schau, unser Freund ist sehr krank. Er kann nichts dazu sagen. Er ist ein Mensch, kein Tier, bringt ihn her. Macht nichts, du bist auch Doktor. Und er verabreicht etwas, und es wird schlimmer. Schlimmer, und er stirbt, und du sagst: „Was ist geschehen? Ich gab ihm etwas, und es half nicht, da gab ich ihm mehr, und er starb...“ Wenn die Menschheit Lösungen für spirituelle Probleme durch den Materialismus haben will, durch materialistische Gesetze, wird es ihnen wie mit A. gehen. Sie geben der Menschheit ein Rezept, und können damit töten. Die Leute des 20. Jahrhunderts sind tote Leute, oder sie töten Leute. Denn sie töten Leute in ihrem spirituellen Wesen. Die Leute können die Autorisierten nicht mehr verstehen oder oder ihnen in Sachen Spiritualität übrthsupt folgen. Niemals. Und die Leute des 20. Jahrhunderts sind in den Augen der Heiligen tote Leute, oder sie sagen, getötet durch Materialismus. Möge Allah uns vergeben. Und möge er uns verstehen machen. Was wir sagten, ist Wirklichkeit. Du mußt das bewahren. Du mußt verstehen! Möge Er für jede Art von Problemen der Menschheit eine Öffnung bringen. Doktor, hast du verstanden? Die Religionen sind für unsere Seelen, und wenn ihr die Religionen verlaßt, wenn ihr den Glauben verlaßt, wird es sich auch gegen unser physisches Sein richten und es töten.

Allah allah, allah allah, allah allah, aziz allah, allah allah, allah allah, allah allah, karim allah, allah allah, allah allah, allah allah, subhan allah, allah allah, allah allah, allah allah, sultan allah, fatiha

## In Everything There Is a Sign Indicating the Lord's Oneness

Dastoor yaa Sayiddee, madad yaa Sultan al-Awliya. (Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Your blessings, O our Lord, give Your most glorious, most praised, and most majestic blessings for Your most beloved one who was just created for every creation; the real reason for heavenly and majestic demands of the Lord of Heavens, the Seal of Prophets, Sayyidina Muhammad (s). And we are asking for all holy ones that are belonging to heavenly stations in this life, may Allah grant them much more honor and power. (Mawlana Shaykh sits.)

O people, our attenders, as-salaamu `alaykum wa rahmatullahi wa barakaatuh. Mashaa-Allah. First, coming from heavenly levels, praisings and honor on those people who know they are servants and they are humble ones and they know for what they have been created and they are taking much more care for their real missions. The mission of Mankind is only to be servants for their Creator, the Lord of Heavens. Allahu Akbar! (Mawlana Shaykh stands and sits.)

As-salaamu `alaykum, our attenders! O our attenders! Don't leave to be among yourselves spying people, because Shaytan is sending its spies for spying, "To look at what that one is speaking and what kind of wrong things he may say, and we may take that wrong one and make a show in the east and west." And I am saying that One who is making this servant to be here is putting heavenly protection on that one, so that your eyes are not able to see, your ears are not able to hear, or your tongues are not able to speak against heavenly declarations. May Allah Almighty grant us His divinely protection.

We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. O our Lord! Make us far away from Shaytan and its followers. As long as they are not asking to hear Truth, they are deaf ones. As long as they are not asking to see what is the true position, they are not looking, because they are blind ones. And their tongues can't speak, because they are unable to understand and to prevent real declarations for reaching to Mankind. Therefore, we are saying a`oodhu billahi min ash-Shaytani 'r-rajeem. That is our protection, surrounding us. When we are saying a`oodhu billahi min ash-Shaytani 'r-rajeem, they can't hear, they can't speak, and they can't understand. And their positions are under the levels of animals. They have eyes but they can't see. They have ears but they can't hear. They have tongues but they are not able to stand up and to be witnesses for Truth. And we are coming and Allah Almighty (Mawlana Shaykh stands.) is asking from His servants to be true ones and be true witnesses for Truth, Eternal Truth! (Mawlana Shaykh sits.)

Yes, we have only been created for seeing Truth, for hearing Truth, for witnessing Truth, and for understanding heavenly Truth. We have been offered what is a heavenly offer for Mankind. And we are saying bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands.) O our Lord, You are our Lord. Make us to understand, and to hear, and to be witnesses for real Truth. (Mawlana Shaykh sits.) Even animals, O people, all of them are witnessing Truth on their levels. And every atom is also witnessing.

Fa fee kulli shayin aayatun tadoolu annahu waahidun, that is a heavenly declaration... fa fee kulli shayin lahu ayah tadullu annahu waahidun. Saheeh? True? If you are accepting your Prophet (s) and his inheritors, they are not leaving you on mistakes, no. They are correcting you. Therefore, sometimes some inspirations are coming, and when we are saying it in another way. They are making it more clear for us because we are surrendering to them and they are responsible when they are putting such a weak servant for addressing nations. They have responsibility for that weak servant not to make mistakes, and they are correcting until they are understanding. Doesn't matter, you may put milk in a big pot, or in a small pot, or in a glass, or in a

cup, doesn't matter. Out-looking (appearance) is not important. What is important is what is really in it, that is important. It is important to make people to understand, to make like this, or make like that.

We are attenders and we are like students in primary school, small ones that the teacher is correcting, and therefore, sometimes we may say something, maybe its out-looking is different but what is contained in it is the same. You may drink water in your hand, you may drink water from a golden cup, you may drink water from an ordinary pot, or you may drink from a silver cup, the out-looking is not important, but what is inside is important.

Therefore, we are correcting, it doesn't matter. I know nothing, but they know and they are observing what we are saying and correcting it until people understand. But if people are attending such a meeting or association, coming and sitting, but renting their understanding somewhere else, to someone... what are they going to understand? Nothing. Therefore, be in your position every time that you have been asked to be in. There are so many instruments here and if those people are not taking care about them, they are not not working. But if they are taking care, the different models are not important, no. It is important to understand.

Therefore, our guides are looking at our positions. If you are coming here wholly, giving in such a way, and as they said, some of them are renting their understanding, because the center of understanding is not in here, (Mawlana points to his head) it is in the heart. That means their hearts are going and coming, making business east and west, then what will it mean if they are sitting here? What can they take? Nothing. If like this (holding a bell upside down) nothing can fill in it, but if coming like this (right side up) then taking. Make it more wide!

Man's physical capacity, his physical being is unimportant. Our physical being is so small, but our capacity for understanding reaches from east to west, from north to south, from Earth to Heavens! Therefore, we have been honored by the Lord of Heavens, Allah Almighty (Mawlana Shaykh stands.) with such a qualification that no other creature has been granted. That is one meaning of Allah's saying:
•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• •••••••••
wa idh qaala rabbuka li'l-malaa'ikati innee jaailun fil `ardi khalifah, Behold, thy Lord said to the angels: "I will create a vicegerent on earth." (2:30)

(Mawlana Shaykh sits.) a khalifah, to be deputy. That is the last point a creature may reach. Beyond that no

one is able to understand what Man is understanding. Not any other creation is reaching our ability, and our capacity has never been granted to any other creature. Al-`Azhamatu lillah! Allahu Akbar wa lillaahi `l-hamd.

Therefore, O people, try to learn. We must try to learn. But yet we are closed, there is no opening. If an opening comes, countless oceans in countless territories will open, all of them are signaling endless majesty, most high majesty, most high praising, most high mightiness that belongs to the Lord of Mankind, the Lord of all Creation. Our capacity is so big even if we are such small ones. Our capacity is covering the whole universe. If such a universe may be many, millions or trillions, or quadrillions, bigger, bigger, bigger than this universe, and we have such a power to reach to them, to cover them. Allahu Akbar! That is granted to us. Allahu Akbar! Subhaan Allah, Sultaan Allah, Kareem Allah. (Mawlana Shaykh stands and sits.)

Man is created knowing nothing. When we were born we were knowing nothing. Knowing, but it was not opened. We have been granted such a power for understanding, but if we look at our physical beings, we say it is impossible. Who is the Lord of Heavens? He is that One making the impossible, possible! Allahu Akbar! We have been granted such a power and not only power, we have also been granted authority on power, and we can use that power also.

O People! Hear and try to be under this heavenly appearance, coming here. Try to be with your spirituality. If you are using your physical capacity, you can't reach it. But Allah Almighty is sending His holy ones and the Seal of Prophets, Sayyidina Muhammad (s) (Mawlana Shaykh stands and sits.) to make a way or to make ways for Mankind to reach an opening. Who is coming and asking, prophets may open to them. The levels of the prophets, that which they are granting to people are according to the level of the people who are asking. And such realities you can't learn by reading books, no, no. You can reach to those oceans through heavenly ones. The prophets appear as Mankind but their real beings are from Heavens. Try to understand!

O People! They are coming with the keys for everyone's treasures, because everyone who has been granted such a grant from heavenly treasures must have the holy key; not an ordinary key, but a holy key, and the keys are in many different levels. Don't think that one key is opening everything, no. There are countless keys for everything from Divinely Presence Oceans, that will open for deputies, to show them something from the heavenly greatness of the Lord of Heavens. And beyond that, it will stop and there is only one for reaching the Divinely Presence and his position is just 100% different. He is only One. The Oneness of the Lord of all

Creation is never accepting two; it is One to one.

May Allah forgive us and grant us something for understanding. And they are making such a speech that perhaps it is difficult to find in books, and every holy book has mentioned this, but to come to it is mushkil, a problem. They are coming up to the entrance and using different keys but not opening it. There are special keys for every heavenly treasure granted to the deputies and they may use it with an angel, not alone. They may use that key with an angel or two or three or seven or 70, and according to their powers comes the power for opening. We know nothing! We know nothing! Heavenly knowledge is never-ending and because the Last Day is approaching, they are granting it now to taste something about Ilaahiyaat, Divinity, and under it are heavenly levels to make them prepared for what they can never imagine. They are thinking that this Creation is such an accident. May Allah forgive us and give us such an understanding that we may reach to the levels of Heavens, that from there we may move, continue, continue, continue. The servant asks, •••• ••• •••••••• Hal min mazeed? "Is there any more?" (50:30) And angels respond, "Yes, go and taste, go and understand, and go and enjoy!"

May Allah forgive us for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) We are asking for forgiveness and power to our souls for understanding.

Fatihah.

If you are not coming here, for what are you making me to speak?

(39 minutes.)

(Mawlana Shaykh prays two raka`ats Salaat ash-Shukr.)

## The sign of spiritual health

People with good characters are healthy in their spiritual lives. From the amount of a person's complains you may know how much bad characteristics there are that are left with him. When you finish all your complaining, you may know that you are healthy. No more bad character.

This is important, because a person with a good character, if he has no complaint, has patience; and that means he has real faith. When you can escape the pull of your bad characteristics, there are no troubles for you either, wether in this life or in the life hereafter. You must remember that this is going according to your Lord's Will. This is the key, the medicine for that illness. You must say: "Why I am complaining, when Allah Almighty has ordered this to be?" When you remember this, you will be satisfied with His Will and agree with it.

## Signs of a Murshid

The sign of a Murshid is that you are able to trust him. Your heart gives the signal and the heart is never mistaken. If a person is sitting with a true Murshid, he feels peace, rest and satisfaction, very happy. This is the sign. He forgets all of his troubles in his presence and feels just like a fish in the ocean. Why do people go to the sea-side? Because when they enter the water, they find rest and enjoyment. The soul is also asking for an ocean. In our lives we need one person who is like an ocean, so that our hearts can enjoy and be satisfied with that person.

We have such bad characteristics. We need someone to give us good attributes; and they do not come through reading books but through one's friends. By looking at a person's friends, you may know his character. A bad character is contagious, like a sickness. Therefore, Allah Almighty sent Prophets as medicine. Prophets are not Angels; they are of mankind, and know everything about human nature. Whoever sits with them absorbs good characteristics.

## The Signs of Divine Anger

We may glorify Allah Almighty. Allahu Akbar Allahu Akbar. La ilaha illa Allahu wa Allahu Akbar. Allahu Akbar wa lillah al Hamd. Then we may send salat & salam to His Glorious Prophet (sas). Alfu alfu salat alfu alfu salam alayka wa ala Ahlika wa Sahabatika, O You The best of Allah's Creation, O Master of the Prophets Sayyidina Muhammad (sas).
It has been obligatory for us to say a few words for our people who understand Turkish. Because our days have become astonishing days and astonishing events have taken place. And people started quarreling amongst each other. They become such that they seek to destroy one another. Wars & battles make people kill each other. Other than this, what people call 'natural disasters', earthquakes, tornadoes, fires, floods make everywhere upside down. The seas are boiling, boiling.

These conditions that we are in, especially the wars, are showing the hatred people have for each other. A man doesn't accept another man. But we are all creatures that Allah Almighty created. And the order to us is to respect & love one another. For us to respect & love each other means we respect & love Allah Almighty. Allah Almighty asks this: "O My servants, I created you. It is not like you descended from Heavens to earth in a basket/zambil. It is Me Who created you.

Believe properly. Say the Truth. Because shaytan is always pulling you from the truth to untrue ways, untrue beliefs". Why? Because shaytan is an enemy to man. He doesn't want people to find goodness. Whosoever follows shaytan, he will regret in the end. He will be destroyed, ruined. He has no dunya nor any akhirah left. O Muslims, O people who understand Turkish, man's honour is with his belief. He who believes, has honour. He who doesn't believe, has no honour. You may not like this. As you like, there is something to come on you.

This holy month that we are in now, is Ramadan Sharif. It is the holy month in which Muslims are ordered to fast. I am saying this to our people who understand Turkish. When this holy month comes, Allah Almighty says, "Fast, for Me. Pray, for Me. Do goodness/khayr, for yourselves". How many kinds of life are there? I am asking to who sits in coffee shops. How many kinds of life are there? "O Shaykh Effendi, how can we know how many kinds of life there are?" You know everything but don't know this? You studied all these years. You forgot all you studied. You have a claim: "We know everything". How many types of life, say! This is the question for all, to the one who is on top of you to the last one. I am a man who is zero. I am asking, how many types of life are there? "They didn't teach us that we can learn!" Who didn't teach, they were not taught either. Life; first is honourable life, second is shameful life. Is there a third one? I am asking all who understand Turkish. Is there a third life? Can't be. Either honoured life, or shameful life. The honoured life is for people who live with their honour, for people who know their honour. Shameful life is for those who forgot their humanity, who don't know what they are doing & who have turned into beasts.

Allah Almighty says with His Majesty, "Wa La Taqtulu Anfusakum" (4:29). "Do not kill each other. I am the Giver of life. It is the biggest sin, to kill a person. And especially, to kill the innocent ones." This is a matter that provokes Allah Almighty's Anger. Especially the killing of the innocent people, sinless people. This is the biggest sin. "I will punish them." He says. "I won't leave them". They are dishonoured people, that they kill people for no reason. They invented cannons, planes. It wasn't enough what they fired in the earth. In the sky they are throwing something called missiles, which is a device from hell. It doesn't leave any house, any man behind, doesn't leave children, doesn't leave old ones, doesn't leave any food. It doesn't

leave anything from humanity.

What kind of a civilization is this, that the people of this time say "we are civilized people"? Take this civilization of yours, it is of no use! Why is this wildness coming? These are the shaytanic philosophies of those who don't know their religion, their God, their Lord, their Prophet: "Kill, you have the right" No! Allah Almighty is prohibiting, preventing this. "Whosoever does good deeds, I will give his reward. If he does goodness, if he lives like a human, knows his Creator, knows his Prophet, I will give his reward. If not, I will give punishment. When My punishment comes, no one can stand against it".

It is heard everyday, the wars in dunya. It is different. There are the signs of Heavenly Anger. Allah Who rules over the Heavens is angry with the people in earth. It is Heavenly Anger, they don't listen to it. They are running after shaytan. Therefore He is giving earthquake from Heavens as a sign of His Anger. It wasn't heard before that there is an earthquake in the oceans. Earthquakes happen in the sea. Waves come from the sea, they take & wipe out the cities. You, why you can't stand against this with your technology, o little man! You have no power, even as an ant. Why do you not think? He can make a volcano explode & it makes everywhere upside down. Stop it if you can. Who lights the fire under the earth? Who explodes the mountains? It is seen everyday, they are signs of the Heavenly Anger. The signs of Allah's Anger are seen everyday. Because they are not keeping His orders. With tornadoes, floods, eathquakes, fires... Where is it from? It is the sign of the Anger, the Wrath, the Severity of Heavens towards the ones on earth.

You sit in coffee shops in the day of the holy month of Ramadan? Why don't you stand & go to the mosque? "I don't go". You don't go but there is something to come on you. What are you doing in coffeeshop? Allah created you to be coffee shop keepers? No mind people. They go out at night & wander around here there, in dirty places. Why don't you go to mosque? He doesn't think of it. If you don't think of it, He will make you think of it. This is a small island, let's say Cyprus. And also on a world scale, whole world is in fire. And it is not man made. The forests are burning. Where is that from? Is it from a match? Think, o man! Man thinks, animals don't think. What have you been created? Why do you sit in the coffee shops? Why don't you get up

to pray, to worship? To say "Aman ya Rabbi"? If Gemikonagi (Cyprus village) floods one day, who will save you? This is an address for the people here. This is the Wrath of Heavens. Come to your senses.

"I can move a mountain from it's place & make it fall on you. Beware!" There are all kinds of signs that the Sultanate in Heavens can send to mankind; many signs He will show to discipline them. Today is full with them. O man, beware! The Heavens are wrathful, angry! Suddenly a stone may fall on your head when you are passing by & you fall there. Tornadoes are coming. Can you stop them? You can't. They say "this city was flooded". It was not flooded for all these years. What happened now? Because they became bad mannered. They became bad mannered, they don't know the holy Ramadan.

"O Shaykh Effendi, we give iftar dinners". Who ordered you to give iftar dinners? You may look for poor ones & give to them. Not setting tables & giving iftar dinners. Who ordered you to do this? Go around & look, there are many people who don't even have a bit of food. Look for them. Give to them. "We are in Makkah or Madinah, in iftar dinner." Angels pour down these iftar dinners on your head! When people are killed, are hit under fire on that side, when they don't know where to take shelter, do you offer iftar dinner on this side? "That person gave iftar dinner" - Masha Allah! The ones you gave to, were they hungry? To show off, to display an iftar dinner? There is no such thing as iftar dinner in Islam. You eat in your home & give what is excess to the needy ones. They don't do this, especially our people who understand Turkish. They are directed towards the wrong path. "We give iftar dinner". Giving iftar dinners is not an order. There is order for you to give to needy ones who don't even have a bite to eat. Not setting tables & putting all kinds of food on it & say "we gave iftar dinner". No, no! Wrong way, this is the wrong way.

In this side a group of people, a tribe that is not certain whether they are human or not, they are making the holy land & everything in it upside down. And you keep quiet. You only struggle to support or kill a certain party. This can't be. Pull yourselves together O Turks & Arabs! La Hawla Wa La Quwwata illa BillAhil Aliyyil Azeem. Subhana Allahil Aliyyil Azim. We are not freeing our ego from the blame but we are obliged to speak the Truth, therefore we are saying.

The land of Sham, the land of Aleppo, the ones who put the land of Prophets under fire, can they find goodness? They can't! If what is happening to them today, comes on the people here what will they do? To where will they flee? "Fa`tabiru Ya 'Uli Al-'Absari" (59:2) Take warning O people! Take admonition O you who can see! If you don't take warning, then Allah Almighty makes you such that others take warning from you.

O Cypriots, O people of Turkey, O those who understand Turkish, Beware! This Holy Quran, Kalam al-Qadim are the words that show the ways to the people and inform them, give them the news whether they are dangerous or not. May you have control over yourselves. Who doesn't fast has no control over himself And who has no self control belongs to animals, is not of mankind. Finish, there are things to come on him. You are on this island. This island sunk into the sea 3 times. If He shakes it once & it goes underwater, to where will you flee? Which mountain you will climb?

O Turks who live in Cyprus, Turks who live in Turkey, Turks who are ashamed to say "we are Muslims"! When your daughters & boys walk in the streets bare naked how do you have honour? Disasters come on you for this reason. There are things to come on the nation who can't rule over their women & girls. He can make a flood & they all disappear in the water. Shame on the women who walk in the streets like bare naked and on those who can't rule over them.

May Allah forgive us. This is enough for today. Tawba ya Rabbi. This weather, no such weather (heat) would be seen in this season. This is from the signs of the Heavenly Anger. We are only to say. We don't have anything to do anyways. We are doing what we can. But this is a warning for who doesn't do what they can do.

O our Lord, forgive us. O our Lord, send us from Your men who will show us the right way. Tawba ya Rabbi. Tawba ya Rabbi. Tawba Astaghfirullah. Aman ya Rabbi. Send us a Master for the honour of Your Glorious Prophet Muhammad Mustafa (sas). Send us a Sultan who will teach us our humanity, Send us a Sultan to rule O Lord. You are Qadir al-Muqtadir. Forgive us O Lord, forgive us O Lord. Who doesn't listen, it may be they can't reach the end of Ramadan.

Fast, pray & repent. You get saved, or else the Anger of Heavens is near. It can sink this island & make it upside down. Tawba ya Rabbi. Aman ya Rabbi.

I can say this much. I am getting out of breath. May Allah forgive me. May Allah forgive me. Who can't rule over their women & boys are not men. And an illness will come on the women who don't listen to these words, for which there will be no cure. I told them about this as well, this news has reached us. Aman ya Rabbi. Tawba ya Rabbi, tawba Astaghfirullah. Aman ya Rabbi. Aman ya Rabbi, astaghfirullah.

Where are you O muftis, O judges, O Sermonisers? Speak, don't fear. This poor one, not one but my two feet are in the grave. Allah Almighty will call: "What have you done, O My servant?" He will ask me & ask you also. Fortunately we have here Umm Haram Sultan. The Mercy that descends on her supports us or else we would sink & die here. Come to your senses, o people! If not, you are to suffer. Aman ya Rabbi, tawba ya Rabbi, tawba Astaghfirullah. Fatiha.

I may understand & you may understand also. Stop the nightlife, o people or else. It is not halal/permitted for Europeans & haram/forbidden for us but it is haram for all, the nightlife. Give it up. Pray & enter your homes. Nothing comes on you, goodness comes. If not, you are to suffer. May Allah forgive us & forgive you also. What else can we say O Lord? Tawba ya Rabbi. Tawba ya Rabbi, tawba Astaghfirullah. Aman ya Rabbi. Alhamdulillah, for the barakah of our Umm Haram Sultan the disasters are withdrawing, or else He was going to make it sink long ago. If He destroys the mountains, to where will you flee, o little man? Tawba ya Rabbi.

All you can think of is to make buildings. All peoples minds & thoughts are occupied with adultery. "When the Day of Judgement is near" it says, why don't you say O hojas? "From the signs of the Hour, yaksurul bina & yaksurul zina- too much buildings & adultery" Why don't you say O Hojas, that "From the signs of the Hour, buildings & adultery will be widespread." Dunya is filled, why don't you warn? O government, why don't you call to the people? There are things to come on you. There are things to come on you.. This poor one said as much as he knew & he

warned. If I am alive tomorrow & it is destined, I may say again. I may say all kinds of it that we may pull ourselves together.

Fatiha.

## The Signs of Faith

(transl. from turkish)

Madad O Sultan al Anbiya, madad O Sultan al Awliya, madad O Rijal Allah. May Allah not leave us to our ego. Audhu Billahi min al shaytan al rajim, Bismillahi r-Rahmani r-Rahim. La Hawla wa la Quwwata illa Billah al Aliyyil al Azim. The Master of the Naqshbandi Tariqa, the Imam of the Tariqat Shah Naqshbandi Hz said: Tariqatuna sohbah wa l-khayri fil jami'a Our way is through association.

People are in need of tarbiyah-discipline. They are born wild & untamed by nature. They need to be tamed, disciplined. If you pay attention to his discipline he becomes insan al-kamil/the perfect man If you can't, then he becomes insan al-naqis/the imperfect man. A tree that grows in the mountains is different - its fruit is different, it's condition is different. Whereas a tree that a gardener grows with care & constant attention is different, its fruit is different. They spring up on the mountains on their own. It is created according to mountain conditions, so we call it a wild tree. When that tree is trained in the hands of a gardener, that same tree, when it accepts that discipline, its fruit also becomes more beautiful & becomes plenty.

Man is also wild by his nature, and needs discipline. And they accept discipline. If they did not accept discipline Allah Almighty would not send the prophets. Why did He send the prophets? For them to discipline the people, His servants. Who doesn't listen to the Prophets cannot be disciplined. And after the Prophets, if they don't listen to the awliyas who are the inheritors of the Prophets, they can't be disciplined.

What are the things that are valid in this world & in akhirah? It is adab/good manners. A person who has adab is accepted in dunya & in akhirah also. A person who has no adab is expelled from the assemblies of dunya also. Nobody wants him. A person who has no discipline, who lacks adab, people don't want him in dunya either. That one is considered to be mardud/rejected in akhirah also. And our Prophet (sas) disciplined his Companions with his pure sohbats. Islam witnessed the perfect man. And some bearish men allegedly spoke ill of Islam. They are wild ones, who have no understanding. What is untrue in Islam, that they can speak ill of it? But these bearish men attack because of their enmity towards Islam although they have no idea what it is. All the beauties are gathered in Islam. Islam has collected all the beauties in it. Islam has collected all the goodness. All beauty, all goodness, all khayr is collected in Islam. Islam rejects all badness. There is no badness in Islam & there is no tolerance for badness either. Badness cannot be tolerated because who tolerates badness also becomes a bad one. The meaning of tolerating badness is, that one also takes part in the sin- takes part in the badness of the bad ones. Therefore Islam collected all the beautiful things in it. Whatever is beautiful, it is in Islam. Whatever is bad, it is out of Islam. Who enters Islam finds all kinds of beauty, all kinds of good. Who goes out of Islam finds all kinds of badness, finds all kind of evil. Islam is perfect. And our Prophet (sas), by addressing them with his pure sohbats changed all their bad behaviours to good behaviours & all their bad characters to good characters.

If man didn't accept discipline, Allah Almighty was not going to send Prophets. Who follows the Prophet has become clean. Who follows the Prophet is dressed in all the beautiful attributes of Islam. Who follows our Prophet (sas) is purified from all badness. So it is for this, Islam came, for this- to purify the people from badness & to make them reach all the goodness. There is goodness in dunya & there is badness. There is good & there is evil. Islam attracts all the goodness like a magnet, the power of iman draws man towards goodness. All that remains outside of Islam, is bad.

Don't search for good outside of Islam. Every good thing belongs to Islam. Every good deed people do belongs to Islam. The Prophet (sas) said: Iman has 73 branches. The tree of iman has 73 branches. Whichever branch you hold on to, it takes you to paradise. The best of it is the

Kalima at-tayyiba/ pure word of "La ilaha illa Allah Muhammad Rasulullah (sas)”. This is the best, the highest of the iman branches. What is the lowest (branch) of iman? To remove the things that cause harm to people from the road such as a nail, broken glass, a thorn, nut shells, or a stone like this one. To remove something which blocks the way or causes harm to people from road is the lowest level of iman. If you see a man taking a thorn from the road putting it to the side, or taking a stone & putting it to the side - the word of our Prophet (sas): "don't call him an unbeliever". Even if there is nothing else he does, he has nothing to do with praying, etc if you only see him do this, you should accept that there is a sign of iman in him- this man has the lowest level of iman. Maybe he won't have the chance to bring this iman he has into being but it is possible that this iman which is hidden appears in his last breath. With this, that man passes with iman.

But it can't be the same- that man passing with iman & you spending your whole life with iman. "Wa Li-kullin Darajatun Mimma `Amilu" (6:132) For all there will be degrees according to what they did in the sight of Allah. He has a degree according to his actions. Ok, maybe he spent all his life in disobedience to Allah, maybe in disbelief, but in his last breath he said one "La ilaha illa Allah" & passed to iman. Now his level can't be the same with the level of a person who spent his whole life with iman. He enters the "paradise of saying 1 La ilaha illa Allah" & you, with the La ilaha illa Allah's, Kalimat at tahwid's, salawat ash sharif's dhikirs, thoughts, salats, reciting Quran & good works, you said or did how many million times the rank you receive is different than what he gets is for 1 La ilaha illaAllah. Meaning don't consider yourself equal to him, it is not equal.

Therefore don't say "he said one time La ilaha illa Allah in his last breath, never prayed, fasted, worshipped in his whole life & he will also enter paradise." Yahu the paradise he will enter is a 1 doored paradise. Yours is many thousand doored paradise. He will be given 1 palace, you will be given how many thousands of palaces. Can he be the same with you? He lost his chance, he wasted the chance. But Allah granted you the chance, you say it everyday every hour, all the time "La ilaha illa Allah Muhammad Rasulullah" you say. Yes, man accepts the discipline. And he reaches levels in the presence of Allah according to his discipline. The value of our deeds are with

your adab/good manners. The worship of a person who has good manners is different. The worship of a person who is weak in good manners is different. The address of a person who has good manners to Allah is different & the address of a person who doesn't know good manners, who is rough & unrefined to Allah is different.

So the Prophet (sas) disciplined his Companions like this. "Our way is also like this" says Shah al-Naqshband Hz "We also discipline our followers with sohbat & there is blessings in their gathering." Because Mercy descends upon the gatherings, falls upon such assemblies. Allah Almighty opens the doors of His Mercy for a jama'ah gathered for Him & His Mercy descends. There is Mercy that descends from the unseen world.

One day when the Prophet (sas) came, Sayyidatina Aisha (ra) ran & looked at his shoulders like this. "What are you looking at, O Aisha?" he asked. "It was raining too much. I am looking if your shirt got wet". "O Aisha, there is no cloud in the sky. When did you see it raining?" "There was a cloth that you put on your head, on your shoulders. I put it on my head" she said. "O Aisha, it was the Mercy descending from the Unseen World that you saw". The moment she put on the cloth that our Prophet (sas) had put on his holy head it was unveiled & appeared. S. Aisha saw the Mercies descending. There is Mercy descending from the Unseen world. Not everyone can see it. Who is blind cannot even see this rain unless he gets wet under it.

Mercy descends upon such gatherings, sohbat assemblies all the time. For this Shah an Naqshbandi Hz said "wa l-khayri fil jami'a" Mercy descends upon on a jama'ah that gathered for Allah. Who comes there ill, is cured. Who comes there troubled is saved from his trouble Who comes there with a disease leaves cleaned from it, he is saved from sorrow. Allah's Mercy descends there. Look, all these people are traveling here from far places. They cross continents coming here. Does Allah leave this unrewarded? We are not sitting here for free. These are not the men who come to eat my dry bread & soup. They eat very well; their food & drink are very good in their places. They eat dry bread & soup at my table. These people probably are not coming for this. You came all the way from Holland, Hj Orhan. Did you come to eat soup?

They have plenty of soup. There is this Mercy, Mercy is descending here. Therefore different

kinds of Mercies are descending on every gathering, taking away their troubles & giving them life. It is taking away their sorrows. Now I am looking, people put something like a horseshoe on their wrists. Ok, it is not a bracelet but something like a horseshoe. I ask them "What is this?" They say "Well, there is something in us called stress. That is why we wear this & it takes that thing from us". You never make sajdah. You are never present in sohbat or dhikr gatherings. When you wear that horseshoe, what is the benefit if you put it ot not? People don't know from where they can get benefit now. Hj Mehmet Effendi, is it not so?

If these little men knew about the benefits of this gathering for people or such gatherings they wouldn't gather anywhere else Everybody would be running to these gatherings, to listen to these sohbats. They would run to listen to the blessings Allah granted to Prophets, awliyas & leave, taking with them their share of it. But everybody has run to other places, searching help from other places. There is nothing behind other doors that can help you. Don't look to other doors, look to this one-the door of Allah. Ok, it is enough for you now. We may take care of these new converts who travel from long distances to come here, to see what is here.

Wa min Allah at-tawfiq, bi Hurmat al Fatiha.

## Die Zeichen des Glaubens

Madad ya Sultanu l-Anbiya, Madad ya Sultanu l-Awliya, Madad ya Rijal Allah. Möge Allah (swt) uns nicht unserem Ego überlassen. Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. La Hawla wa la Quwwata illa Billahi l-Aliyyi l-Azim. Der Meister der Naqshbandi Tariqat, der Imam der Tariqat, Shah Naqshbandi Hz sagte: "Tariqatuna Sohbah wa l-Khayri fi l-Jami'a." Unser Weg geht durch Vereinigung. Die Menschen brauchen Tarbiyah, Disziplin. Sie werden von Natur aus wild und ungezähmt geboren. Sie müssen gezähmt, diszipliniert werden. Wenn du seine Disziplin aufmerksam verfolgst, wird er Insanu l-Kamil, der vollkommene Mensch. Wenn nicht, wird er Insanu n-Naqis, der unvollkommene Mensch. Ein Baum, der in den Bergen wächst, ist anders, seine Früchte sind anders, seine Bedingungen sind

anders, als ein Baum, den ein Gärtner heranzieht mit Umsicht und ständiger Aufmerksamkeit. Seine Früchte sind anders. Sie kommen auf dem Berg von selbst hervor. Er wurde den Bergumständen entsprechend geschaffen. Also nennen wir ihn einen wilden Baum. Wenn dieser Baum in den Händen eines Gärtners gezogen wird, wird derselbe Baum, wenn er diese Disziplin annimmt, und auch seine Früchte, schöner und zahlreicher.

Der Mensch ist auch von Natur aus wild und braucht Disziplin. Und sie nehmen Disziplin an. Nähmen sie keine Disziplin an, würde Allah der Allmächtige keine Propheten senden. Warum sandte er die Propheten? Damit sie die Menschen, Seine Diener, disziplinierten. Wer nicht auf die Propheten hört, kann nicht diszipliniert werden. Und nach den Propheten, wenn sie nicht auf die Awliya hören, die die Erben der Propheten sind, können sie nicht diszipliniert werden. Was sind die Dinge, die gültig sind in dieser Welt und in der Akhirah? Es ist Adab, gutes Benehmen. Jemand, der Adab hat, wird in Dunya und Akhirah angenommen. Jemand, der keinen Adab hat, wird von den Versammlungen der Dunya vertrieben. Niemand will ihn. Jemanden, der keine Disziplin hat, dem Adab abgeht, wollen die Menschen der Dunya auch nicht. Dieser wird als auch in der Akhirah zurückgewiesen betrachtet. Und unser Prophet (saws) disziplinierte seine Gefährten mit seinen reinen Sohbats. Der Islam bezeugt den vollkommenen Menschen. Und einige tumbe Menschen sprachen anscheinend schlecht über den Islam. Sie sind Wilde, die keinen Verstand haben. Was ist unwahr im Islam, daß sie schlecht von ihm sprechen können? Aber diese tumben Menschen greifen an wegen ihrer Feindschaft zum Islam, obwohl sie keine Ahnung davon haben, was er ist.

Alles Schöne ist im Islam versammelt. Der Islam hat alles Schöne zusammengebracht. Der Islam hat alles Gute zusammengebracht. Alles Schöne, alles Gute, alles Khayr ist zusammengefaßt im Islam. Der Islam weist alles Schlechte zurück. Es gibt nichts Schlechtes im Islam, und es gibt auch keine Duldung des Schlechten. Das Schlechte kann nicht geduldet werden, denn wer Schlechtes duldet, wird selbst schlecht. Die Bedeutung davon, Schlechtes zu dulden, ist, daß man auch teilhat an der Sünde, teilnimmt am Schlechten des Schlechten. Deshalb versammelt der Islam alles Schöne in sich. Was immer schön ist, ist im Islam. Was immer schlecht ist, ist außerhalb des Islam. Wer in den Islam eintritt, findet alle Arten von Schönheit, alle Arten von

Gutem. Wer den Islam verläßt, findet alle Arten von Schlechtem, von Bösem. Der Islam ist vollkommen. Und unser Prophet (saws) verwandelte durch die Ansprache mit seinen reinen Sohbats all ihr schlechtes Benehmen in gutes Benehmen und all ihren schlechten Charakter in guten Charakter. Würde der Mensch keine Disziplin annehmen, hätte Allah der Allmächtige keine Propheten gesandt. Wer dem Propheten (saws) folgt, ist rein geworden. Wer dem Propheten folgt, ist bekleidet mit all den schönen Attributen des Islam. Wer unserem Propheten (saws) folgt, ist gereinigt von allem Schlechten.

Deshalb also kam der Islam, um die Menschen vom Schlechten zu reinigen und sie das Gute erreichen zu lassen. Es gibt in der Dunya Gutes und Schlechtes. Es gibt das Gute und das Schlechte. Der Islam zieht alles Gute an wie ein Magnet. Die Kraft des Iman zieht den Menschen zum Guten hin. Alles, was außerhalb des Islam bleibt, ist schlecht. Sucht nicht nach Gutem außerhalb des Islam. Alle guten Dinge gehören zum Islam. Jede gute Tat, die die Menschen tun, gehört zum Islam. Der Prophet (saws) sagte: Iman hat 73 Zweige. Der Baum des Iman hat 73 Zweige. An welchen Zweig auch immer du dich hältst, der bringt dich zum Islam. Das Beste daran ist das Kalima t-Tayyiba, das reine Wort, "La ilaha illa Allah Muhammadu Rasulullah (saws)". Das ist das Beste, der höchste der Zweige des Iman. Was ist der niedrigste Zweig des Islam? Die Dinge, die den Menschen Schaden zufügen, von der Straße zu entfernen, wie Nägel, Glasscherben, Dornen, Nußschalen oder Steine, so wie dieser. Etwas zu entfernen, das die Straße blockiert oder den Menschen schadet, ist die niederste Stufe des Iman. Wenn du einen Menschen siehst, der einen Dorn von der Straße nimmt und ihn an die Seite legt oder einen Stein nimmt und ihn an die Seite legt, gilt das Wort unseres Propheten (saws): 'Nennt ihn nicht einen Ungläubigen.'

Selbst wenn er sonst nichts tut, nichts mit Beten, etc. zu tun hat, wenn ihr ihn nur das tun seht, solltet ihr anerkennen, daß es ein Zeichen von Iman in ihm gibt. Dieser Mensch ist auf der niedersten Stufe von Iman. Vielleicht hat er nicht die Möglichkeit, diesen Iman, den er hat, in die Tat umzusetzen, aber es ist möglich, daß dieser Iman, der verborgen ist, im letzten Atemzug erscheint. Damit geht der Mensch mit Iman weiter. Aber es kann nicht dasselbe sein, jener Mann, der weitergeht mit Iman, und du, der sein ganzes Leben mit Iman verbracht hat. "Wa Likullin

Darajatun Mimma `Amilu" (6:132). Für alle wird es Rangstufen geben nach dem, was sie im Angesicht Allahs taten. Er hat eine Rangstufe in Übereinstimmung mit seinen Taten.

Okay, aber er verbrachte sein ganzes Leben im Ungehorsam gegen Allah, vielleicht im Unglauben, aber bei seinem letzten Atemzug sagt er ein "La ilaha illa Allah" und geht weiter zum Iman. Nun kann seine Stufe nicht dieselbe sein wie die von jemand, der sein ganzes Leben mit Iman verbracht hat. Er geht ein in das 'Paradies eines La ilaha illa Allah' und du mit den La ilaha illa Allahs, Kalimatu t-Tawhid, Salawatu sh-Sharifs, Dhikrs, Gedanken, Salats, Quranrezitationen und guten Taten, die du sagtest oder tatest wieviele Millionen Male. Der Rang, den du erhältst, ist anders als was er bekommt für ein La ilaha illa Allah. Das bedeutet, betrachte dich nicht als ihm gleichgestellt. Es ist nicht gleich. Deshalb sage nicht: 'Er hat einmal La ilaha illa Allah bei seinem letzten Atemzug gesagt, nie gebetet, gefastet, gedient in seinem ganzen Leben und er geht auch ins Paradies ein.' Yahu, das Paradies,in das er eingeht,ist ein ein-türiges Paradies. Deins ist ein viel-tausend-türiges Paradies. Ihm wird ein Palast, dir viele tausend Paläste gegeben. Kann er dasselbe sein wie du? Er hat seine Chance verloren, er vertat seine Chance. Aber Allah (swt) gewährte dir die Chance, du sagst es jeden Tag, jede Stunde, die ganze Zeit. "La ilaha illa Allah, Muhammadu Rasulullah", sagst du.

Ja, der Mensch erkennt die Disziplin an. Und er erreicht Stufen in der Gegenwart Allahs seiner Disziplin gemäß. Der Wert unserer Taten ist mit unserem Adab, dem guten Benehmen. Der Dienst von jemand, der gutes Benehmen hat, ist anders. Der Dienst von jemand, die schwach ist an gutem Benehmen, ist anders. Die Ansprache einer Person, die gutes Benehmen hat, durch Allah ist anders und die Ansprache einer Person, die kein gutes Benehmen kennt, die roh und ungehobelt zu Allah ist, ist anders. Also disziplinierte der Prophet (saws) seine Gefährten. 'Unser Weg ist so', sagt Shah an-Naqshband Hz. 'Wir disziplinieren unsere Anhänger auch mit Sohbat und Segen ist auf ihrer Versammlung.' Weil Gnade herabkommt auf die Versammlungen und auf solche Gruppen fällt. Allah der Allmächtige öffnet die Tore Seiner Gnade für eine Jama'a, die für Ihn zusammenkommt und Seine Gnade kommt herab. Es ist Gnade aus den unsichtbaren Welten.

Eines Tages, als der Prophet (saws) kam, lief S. Aisha (ra) und sah so auf seine Schultern. 'Auf

was guckst du, Aisha?' fragte er. 'Es hat so stark geregnet. Ich gucke, ob dein Hemd naß geworden ist.' 'O Aisha, es ist keine Wolke am Himmel. Wann hast du es regnen sehen?' 'Da war ein Tuch, das du auf dem Kopf und auf den Schultern hattest. Ich habe es mir auf den Kopf gelegt', sagte sie. 'O Aisha, es war die Gnade, die von den Unsichtbaren Welten herabkam, die du gesehen hast.' Als sie das Tuch, das der Prophet (saws) auf seinem Kopf hatte, sich auflegte, wurde es enthüllt und erschien. S. Aisha sah die Gnade herabkommen. Gnade kommt von den Unsichtbaren Welten herab. Nicht jeder kann sie sehen. Wer blind ist, kann nicht einmal diesen Regen sehen, wenn es nicht naß wird. Gnade kommt auf solche Versammlungen herab die ganze Zeit. Deshalb sagte Shah an-Naqshband Hz: "Wa l-Khayri fi l-Jami'a." Gnade kommt auf eine Jama'ah herab, die für Allah (swt) versammelt ist. Wer krank dorthin kommt, wird geheilt. Wer mit Problemen kommt, wird davor gerettet. Wer mit einer Krankheit kommt, geht gereinigt von ihr. Er wird frei von Kummer. Allahs Gnade kommt dort herab.

Seht, all diese Leute reisen hierher von entlegenen Orten. Sie durchqueren Kontinente, um hierher zu kommen. Läßt Allah das ohne Lohn? Wir sitzen hier nicht umsonst. Dies sind nicht die Menschen, die kommen, um mein trocken Brot und meine Suppe zu essen. Sie essen sehr gut. Ihr Essen und Trinken sind sehr gut an ihren Orten. Sie essen trockenes Brot und Suppe an meinem Tisch. Diese Leute kommen wahrscheinlich nicht deswegen. Du bist den ganzen Weg von Holland gekommen, Hj Orhan. Bist du zum Suppeessen gekommen? Sie haben eine Menge Suppe dort. Da ist die Gnade. Gnade kommt hier herab. Deshalb kommen verschiedene Arten von Gnade auf jede Versammlung herab und nehmen ihre Schwierigkeiten weg und geben ihnen Leben. Es ist das Wegnehmen des Kummers. Jetzt sehe ich, daß Leute etwas wie ein Hufeisen um das Handgelenk tun. Okay, es ist kein Armband, sondern etwas wie ein Hufeisen. Ich frage sie: 'Was ist das?' Sie sagen: 'Nun, da ist etwas in uns genannt Streß. Deshalb tragen wir das und es nimmt das von uns.' Ihr macht nie Sajdah. Ihr seid nie im Sohbat oder Dhikr Versammlungen. Wenn ihr das Hufeisen tragt, was ist der Nutzen, ob ihr es anlegt oder nicht?

Die Menschen wissen nicht, von wo sie jetzt Nutzen bekommen können. Hj Mehmet Effendi, ist es nicht so? Wüßten diese kleinen Menschen von dem Nutzen dieser Versammlungen, würden sie sich nirgendwo anders treffen. Jeder würde zu diesen Treffen eilen, um diese Sohbats zu

hören. Sie würden laufen, um die Segnungen zu hören, die Allah den Propheten und Awliya gewährte, und im Weggehen ihren Anteil davon mitnehmen. Aber alle sind nach anderen Orten gerannt, suchen Hilfe von anderen Orten. Es gibt nichts hinter anderen Türen, das euch helfen kann. Sucht nicht nach anderen Türen, schaut auf diese eine Tür Allahs (swt). Okay, es ist genug für euch jetzt. Wir kümmern uns um diese neuen Konvertiten, die von weit her kommen, um zu sehen, was es hier gibt. Wa min Allaha t-Tawfiq, bi Hurmati l-Fatiha.

## Signs of the End of Days

As-salaamu `alaykum. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah

Alfu salaat, alfu salaam `alaa Sayyidi 'l-Awwaleen wa ’l-`Akhireen, Sayyidina Muhammadan wa aalihi wa saahbihi wa sallim wa man tabi`ahum ila Yawm ad-Deen. (Mawlana Shaykh sits) A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Yaa Rabbee!

We must speak in English because so many people are coming from far distances, from beyond the oceans, from America, Australia, Singapore, Russia, England, France, Germany, Italy, Spain, and all groups of people living on Earth are sending someone on their behalf to hear, listen, understand, and give a report to their people. I am not calling anyone. I am only a weak servant, but a heavenly command from holy people is making me be here today to address this handful of people, and these instruments (cameras, Internet) are taking this address from east to west, from north to south.

I am only a weak servant like everyone else. Titles are given to people by people, but the real title that is an honored title comes from Heavens. Heavens is not looking at our clothes, but people living on Earth are looking to their dressings. They dress in so many fashions and are saying, "That is an honorable dressing." No, from Man to Man there can't be an honorable dressing. That is something that tailors or fashion designers make to cheat people, to run after that dressing, to gain much more materialism. The honor of real dresses comes from Heavens, but people are saying to those who wear it, "What is this?" People are kicking them from their assemblies and meetings, saying, "Ohhhh, go away!" You don't know that one is dressed in a heavenly dressing. But people now from east to west, north to south, and even in Muslim countries think that honor is granted to Man from Man, or from their clothes, or by what they are putting on their heads, or where they are sitting. They think if they sit on a chair, the chair is giving them honor. What is that? They are asking honor from a chair and not asking for honor from the Lord of Heavens. What is that foolishness? What are they learning? That is a shaytanic teaching. Therefore, there is never going to be (real honor), it is only for one, even His Majesty, the King and Her Majesty, the Queen are not sitting on one throne, they are making one here and one there.

O People! Try to learn about your creation. If you do not know yourself, what is the benefit of knowing so many things? You may fill hundreds or thousands of libraries with books, but who reads those books can't understand himself. You must try to know yourself. Yes, now everywhere they have so many universities for people. Before yesterday a director came to me and he said, "I am the director of a university and it has so many branches."
I said, "Say to me, what is the difference between your faculties."
He said, "We offer doctorates in medicine, law, engineering and chemistry."
I said to him, "And there is nothing teaching you about yourself." He was astonished. "You have ten, fifteen or twenty faculties teaching people, but I am sorry to say you are leaving the most important subject and not taking any care. You are teaching so many things."
And he was astonished and asked, "What is that?"
I said, "Are you teaching your students about themselves? Bring a definition for their being. You are not teaching them about themselves or to ask, 'Who are you?' or, 'Who am I?' And you are looking in the mirror and asking, 'Who is that one?' If you are saying, 'That is your self,' that means I am in such a way. Is there anything else? Nothing else! I am asking, 'Who am I?' Do you think I am that one? It is just an appearance in

a mirror, not giving my real identity."

That is the biggest blame and mistake of all countries. They left the most important knowledge that they must know, "Who am I?" You may say, "I am a lawyer, an educator, an engineer," but who are you and what is your real identity? All troubles from east to west, from north to south, and on all continents are from people fighting each other, and for what? They do not know and ask, "Why am I killing? Why am I making such terrible weapons?" For what? Is that your real mission in life, to kill each other, to destroy each other, to burn everything? Is that Man's real mission?

How are they saying, "We reached the top of civilization"? Is the top of civilization to burn everything, to kill everything, to make continents empty and to make cities in ruins? Is that their mission on Earth? Ptuu (spit) on them, and on those who are teaching them spit 70 times, because they are not teaching heavenly teachings! They are not teaching about the beginning of life on this Earth, nor about the special, chosen people who are calling them to something, the 124,000 people that came with heavenly messages. They are never teaching this because their knowledge is based on shaytanic teachings. Blame to them! And that is is the final point for them; Shaytan is preparing to kill everyone and destroy everything on Earth, to make it like the moon, an empty planet. You can't look at it. They are looking at the moon, seeing mountains and big places, deep valleys, saying, "We found some oceans, and we understood maybe there were also living plants, animals and such creations, but now we are see nothing."

Shaytan is now asking to make this world as the moon, not no one to live on it, no more life for plants, animals or Mankind, because shaytanic teachings, the biggest cursing on Earth, are teaching, "You must kill, burn, and destroy." But the one who kills and the one who is killed are human beings, and there is enough room for all nations, so why are you killing?

Now the biggest super powers on Earth are trying to fight. When they fight, there will be no more life on Earth. We have been informed of this event through prophecy, through heavenly messages. It was just reported and taught to people that everything that has a beginning must have an end, even if we were not witnesses at the beginning. There was a beginning and for every beginning there must be an end. The Last Prophet, the Seal of Messengers (s), (Mawlana Shaykh stands and sits) informed us that when time is over, when the Last Day is near and the Day of Judgment approaches, there will be so many very cursed Signs. One

of the Signs that will be at the end of the period of Mankind on this planet is a huge war. Life will not finish and the Judgment Day will not come except after a big war. Fi'atayn `azheematayn, the world is going to be in two camps, one camp against the other. When they assemble in two parties, there will be the biggest war, as they are saying, "Armageddon." From five billion people, four billion will die.

O People! That is approaching and it needs only one match. From the Far East, now they are trying to make that fire. If that fire appears, from every five people, four are going to be taken away and only one will remain.

O People! Come and listen, and say, "O our Lord, forgive us! O our Lord, grant us! O our Lord, send Shaytan and its agents away from our homelands!" It is now approaching. Two camps just happened now in the east and west; it needs only one match and boom (it will implode)! May Allah forgive us.

O People! Come and learn who you are and for which purpose you have been created on this planet that you have lived on for thousands of years. Come and teach. They are not teaching, and if they are not teaching, heavenly punishment will come, and only one match is making it like it never existed.

O People! Try to learn about yourselves. Who are you, and Who brought you from Unknown Worlds to this planet? Learn, and the Lord of Heavens, your Creator, will protect you. If not, you may look (at what will happen). I don't know. Today is Muharram, and Muharram is full of big events. People are making so many plans for this year and next year, but I don't think they will reach their purposes. In this very terrible month heavenly cursing is coming, because they are following Shaytan and Shaytan is the Cursed One. If they follow the Cursed One they will be taken away. May Allah forgive us.

O People! O People! O People! O Youngsters! Try to know about yourselves and Who brought you from unknown climates to this planet. May Allah forgive us.

O People! Astaghfirullah, astaghfirullah, astaghfirullah. I don't know what is going to happen up to next Jumu`ah. Terrible events are approaching. Keep to yourselves and keep your servanthood for your Creator. Give your most high respect and obediency; if not, you will be taken away. Yaa Rabbee! Anta Rabbuna! Anta Hasbuna! Anta Waliyyuna! Anta Mawlana! Bi jaahi nabiyyika al-kareem, Sayyidi 'l-awwaleen wa ’l-akhireen, bi hurmati 'l-Fatihah.

## There are signs on ways showing the direction

There are signs on ways showing the direction: Istanbul Ankara, Konya, Lefkosa, Girne...If someone is going to change the direction of the sign pointing to Berlin, Frankfurt, a person will not find it...

From the beginning of Dunya, since Adam a.s., Allah put signs pointing to Paradise. There are signs to Paradise, and Shaitan always tries to change the signs. Nowadays are all signs wrong. In 7ooo years, since Adam up today, has he diverted the signs and the people today are in such a confused state that they fell in a ditch and now they are in the dark and they don't now in which direction to go, because they followed the wrong signs. If Allah would not put also guides next to the signs, we had no responsibility. Because sometimes the traffic lights are not working, and one puts police there. Allah put with the signs someones that wait there and guard the signs and give information when the signs are diverted. If not, we had no responsibility. But Allah sent Adam and told him to stay there and read the signs and that Shaitan is behind him, always changes the signs. And to tell people that the sign was originally pointing in that direction.

Those who listen to you, will find safety. Don't look after those who don't ask you, 124ooo prophets were informed, shown the signs and guarded the signs. But Shaitan always changed the signs and who didn't listen to the prophets and said we look to the signs and follow them and don't wait for any message form Heavens. If there are rules in Heavens, let Him look after himself, we are governing the earth. We follow the signs, how

they point. You are like us, look like us, how do you know the signs are wrong? We don't follow you.

70 of the Quraisch said to the Prophet: Your way is wrong, our way is right. What happened? They were chopped into pieces and thrown into a dry well, and stones were thrown on them. Who followed the Prophet, there were 124ooo Sahabas. There is Eyub Sultan in Istanbul. How many Sultans were paying respect to him. He came from the desert and lived in Medina. He followed the Prophet. They called him Abu Eyub Ansari, calling him Sultan. People trembled in front of him. At his makam they take hashiyat and heybet. The 36 Ottoman Sultans of the 7oo year Empire took barakat there, taking off sword and crown. The Wahabis deny this barakat and so they don't take light and they got confused and they have problems here and will be punished in the hereafter. He was one Sahaba, reaching the conquisition of Istanbul under Fatih Sultan Mehmet.

The Sahabas who were not confused by Shaitan and who followed the truth of the Prophet opened East and West, a handful of people, coming from the desert. That time Iran was like Russia, an Empire, fire worshippers, representing the communist Russia. There was a Greek Kaiser in Istanbul, representing the America, Roman Empire. The Prophet sws gave news about the breakdown of their Empire, but they didn't believe. And the big Empire disappeared, because they didn't respect the invitation of the Prophet to Islam. He tore the letter of the Prophet. They tried to kill the Prophet. And the Prophet prayed that also their Empire should be broken. Kissra disappeared and their belief, but the Roman religion is still there until Jesus will come. They finished the fire worshippers, not the Christians. They will finish when Jesus comes.

One single person came up and called: I am sent from Allah, follow me, the signs have been diverted, their original direction is this. Who followed him, became to be called Sultan. Here we have Hala Sultan. The Muslims visit it and make Dua and ask for intercession. With her intercession this island continued until today. If only they had drawn that place within our borders. But Apostolos Andreos is here and they did a wrong thing. They changed the signs and made the people to fall into problems. All signs point in the wrong direction. In the 21st century all people walk in the wrong direction and fall into darkness and the biggest confusion in history.

The Jews are confused: What happened? With all our power, how did they hit us? They think the Arabs sent an airplane. They say: We don't know who send that. Like this an airplane? I was not going to watch this, but

my son in law called me to the Shaitan's wardrobe (TV room): Something is going on. One hitting, and everything was red. The Jews were surprised; they didn't think this could happen. They thought: No one is governing us. We have everything in our hands, the gold, media, everything, we do what we want. One blow and they are down. They didn't expect this. Did we go in the wrong direction, they ask? If they admitted that they are in the wrong direction, they would have to follow the Prophet's way. They ask: How can we get out? It is a one-way street, no way out. And in front there is a Bridge before Qiyamat. We go with ultimate speed, when we fly on that bridge, we are in trouble. After a little while it will be obvious.

Sheikh Hisham gave me news, June, July, August, up to September. I said we will see, if the signature is coming I will press more... Shaitan brought them to that bridge. Now the Awliyas hear his (Shaitans) laughter... what laughing. He is so much laughing and happy, that he brought them to the biggest trouble. The Dunya is going with highest speed towards the biggest trouble, the Bela, the war, the fire. It is finished. Did you hear that news? It is not a joke, it is finished. I am not reading from books and tell you news. I tell you what they send to me. Who likes it, may like it, who doesn't like it, may not like it. Amerika will go on that bridge, Russia, China, Japan, Israel blows the horn. The Jews, Christians and heedless Muslims... to Armageddon, Merhamet Kubra. Non stop, no U-turn.

I am saying: 'O Allah, You know, Your will goes on. Since they didn't listened to You, the people of the 21st century may go. Only those who call You, who know You and make Sajdah to You we ask.' The hukum is that everything is finished. And those who throw themselves out of the windows, are also finished. The modern fast trains go 3oo km per hour. They may go 5oo, it will not save them. Don't come near, or you will be finished...

After a while I may speak to you Europeans and it is not same what I said to our people, Muslim world and Turkish people, and their states- that nothing can be able to save them, impossible. The hukum is spoken. Now people ask: 'How we can come out of that mud and darkness? How did they bring us in here?' They say: 'Economical crises'. It is a lie. The root of that problem that they fell into that hole. And now there is no one to take them out. And Qiyamat is near. I am saying: 'I am calling here since 6o years: The signs are wrong, they are cheating you, they changed the signs'. They told me to shut up, preventing me from speaking. Okay, I don't speak anymore now. I didn't follow these signs.

Now they ask what to do. We will make an election. I say: 'You are in the ditch, he is also there. You will play in the ditch together'... Astaghfirullah, tubtu wa rajatu ila-llah...Allah, Allah... Sensin, Allah, Qadir mutlak, fa'alu lima yurid: Sensin. You give chance to those who don't listen to You, but then: (Sura Fajr) Innahum yakiduna kaida wa akidu kaida, wa mahilil kafirina amhilhum ruayda...This is a sharp sword. 'O Habibi, those who come against you and the religion of truth that you brought, they make traps and want to finish the religion, but I put a big trap for them and I give a little bit of chance to the Kafir, for a very little while, then will I do what I am doing.' No work, no power now... and still this still nothing. And they still have the pockets full of money to amuse themselves. And only a little while and we are approaching that bridge... The general view is this.

Ya Rabbi adkhilna fi Rahmatika maa' 'ibadika salihin. Ij'alna, ya Rabbi, wa-l muqminin, auladana, ikhwanana, akhwabana, ahbabana wa-l muqmin fi-l hirdhika wa-l hifthika wa amanika wa kalafika, ya Allah, wa Anta khairu Hafithin, ya Rabbi...bi jahi man arsaltahu rahmatan li-l 'alamin...Khafif, ya Rabbi, Innaka Afuu Karim, fafuanna, ya Karim... If You want You can stop it, but guidance, hidayet wa inayet, is from You. Your decision is truth, we don't interfere. However You decide, Your hukum is the best...You said that who is making mischief in the world you will punish them here in Dunya, and that the hukum for the Ummah of Ahmad is not left for Akhira but is finishing here in this Dunya. And therefore You are Arhama Rahim wa Ahkamu Hakimin, wa Khairu Nasirien wa Khairu Hafithin, Khairu Raziqin, ya Rabbi.

Just this is coming for our Turkish people, but I hope that today or tomorrow I may speak in another way for western people, what happened to them, who was cheating them, who was cheating mankind from beginning up today...Allah Allah, Allah Allah, Allah Allah, Aziz Allah...Kerim Allah..... Subhan Allah, Sultan Allah...Allah is Sultan, not the President of a Republic.

## The Silsila of Love or The Golden chain of Transmission of The Most Distinguished Naqshabandhi Sufi Order

This is a holy meeting (association) and this means that Allah Almighty and His Beloved Prophet Seyyedina Muhammad (Sal) are happy with this gathering. One kind of meeting makes Allah and His Prophet (Sal) pleased and happy. There is another kind of meeting which makes Allah and his messenger angry and displeased. This Meeting is one that makes Allah Almighty and His Rasool pleased because we are meeting here today to respect and gather for the sake of the love of Allah Almighty and His Rasool.

When you entered this masjid (mosque) you took ablution (wulu) and cleaned yourselves as this is the house of Allah and because you know that when a person comes to the mosque he comes to visit some one in the level of the heavens. Whoever gives respect will receive respect and you are coming here for the sake of the love of Allah Almighty and His beloved Prophet (Sal) and you are asking for the increase of your love towards them. Therefore everyone who comes into a masjid must ask from His Lord Almighty Allah to increase his love for Allah Almighty and his Beloved Prophet (Sal), because the masjid is the place in which you can find the love of Allah Almighty.

Yes, it is not possible to find the love of Allah Almighty in the market place. The love

market of Allah Almighty's love is the masjid. Therefore whoever comes to the mosque must ask for the love of Allah Almighty to be given to him. Almighty Allah is happy when His servants who come in to a masjid ask for more love. "Man – ahabba – shaiyan – aksara – zikrahu".

Prophet Rasoolullah (Sal) says that when a person loves someone and repeats his name remembering him and respecting him and particularly when this repetition is done in increasing quantities, then this is the sign and connection of the love of that person to the other (the one whose name is repeated) so that this love may increase. Therefore when a servant is asking for more love from Allah Almighty he should make more Zikr (repetitive remembrance) of the Holy Names of Allah Almighty and the more Zikr that he does, Allah Almighty grants him more love through that Zikr.

All the Prophets came to this world to teach people how they should make Zikr for the Lord Almighty Allah. The Seal of Prophets, also came to teach people how they should respect and love their Lord by remembering His Holy Names by this method of making Zikr.

The Sahaba - i – kiram (Companions of the Prophet) also followed this method of Zikr and became beloved ones in the Divine Presence. They also taught these methods of Zikr to the Muslims who came after them. These methods of Zikr have now reached to us and we in Tariqats are following this way.

We of the Naqshabandiya Tariqa are following the way of Siddiq ul Akbar Seyyedina Abu Bakr Siddique (Ral) (the greatest lover of the Prophet Muhammad ( Habibullah), Abu Bakr Siddique (Ral) was taught this method of Zikr directly by the Prophet. Abu Bakr Siddique (Ral) taught this method to Salman al Faris and gave hijaza (permission) to Salman. ## Simple Healing

A tree can't be a bad tree but conditions make that free bad. A tree never asking to make bad fruit a tree tries to give a good fruit to people. Yes? But sometimes that fruit going to be no good, because something coming to that tree when the fruit was in blossoms coming something from outside, an insect, and putting something in it, making that fruit not to be good fruit.

Give your attention my English not so good you must listen clearly, carefully, for understanding. What is coming when I am praying, (before the meeting), this coming to me for addressing our sisters and brothers attending our humble meeting. It is a humble meeting, in this, it was a stable before! "A garage" - A garage! another kind of stable for cars (laughter).

We have a saying, treasures, you can't find through beautiful buildings, treasures you can find through RUINS, Ruins. Ruined cities you may find it. No one coming and asking through hugh skyscrapers - no one coming and looking, asking a treasure from that buildings. But who asking treasure - going around - from old time - ruins there digging and finding. Therefore this is a humble, humble place but good people. Like treasures, Alhamdulilla (All Praise to Allah) I am happy. I am happy this, it came to me to speak on such a subject that for symbolising something with that tree and its' fruits. No any tree asking to be a bad tree asking to be bad tree. Originally trees they're good ones. And no any tree asking to give people bad fruits but trying

to give best fruits. But something coming from outside to them - making that tree to be ill and to be it's fruits - no good. And man through their structures, through their beings they have perfection. At least what is tree carrying of perfection must be with everyone in perfection. Who created man, created man, created man to be in a perfection to be good ones.

Everyone when they're like this boy (points) you can't say bad boy, bad ones, no. He is good one but when growing, growing to be bad one or good one. Someone keeping that goodness with themselves, growing with that, some of them loosing it and are affected everything that surrounding him and becoming a bad one. None going to be by creation a bad creation, no. But circumstances or conditions around people going to make people good ones or bad ones. You know mushroom. Mushroom - some of them are poisonous, some of them you may eat, poison ones they are when growing in a place that should be a poison there. By any snake or such a insect living there from it's poison, that growing and quickly killing who eating. Because around that mushroom - poison. Some of them clean areas you may take, you may eat, you may enjoy. And people also now it is a huge city London - do you think that everywhere is clean? Good for youngsters, or poisoned areas - too many! None can say that 100% every foot square clean and no poison in London - or other cities also same. That is the reason that mostly people are poisoned - because of the circumstances surrounding him and growing through themselves. You may send your child, this boy, going to elementary school that one - yesterday in Bury, there was a big advertisement. One older boy offering us drugs. Please save us small ones, you saw that advertising? Asking that shaitan to poison this one and they are saying S.O.S. that means save our souls they are asking.

Where is good ones? Where is good ones? Were is government here. Where is authorised people looking after youngsters. Is it a good sign? I was very sad when I saw this and I can't reach to those people to give them any help. They are asking help from you and you're not giving. What is you're healing? He said to me that I am meeting with healing people. If you are putting on everyone ten healers, they're not getting to be good ones. Yes, that is biggest problem and we are claiming that we are living in 20th Century and we are very proud that we have civilisations. What is their fault that we are giving to poison those small ones, they're clean ones - making them dirty. They're healthy ones and we are going to poison them Why? Why government not catching the heads of those devils? How you're living in hands of those clean ones.

It is most important point now that they're mentioning to me to speak in front of our sisters brothers, my

sons, my daughters. Very terrible conditions, very terrible and we're preparing ourselves for welcoming the 21st Century, with such a people we are welcoming? With drug dealers, with drug drinkers, we are going to welcome the 21st Century. That foolishness. Where are your professors, where are your doctors, where are your statesmen where they are? where are your philosophers? where are your psychiatrists. Where are your healers? Where are they to save these clean ones? They are shouting, asking help! To save them. Older ones offering them to use these drugs. No control on people, how they are governments? You are happy with this situation? Parents can't do anything you're sending those to elementary school and older ones saying drink this. Either with something cheating or by force also, they are making them to use that poison. Every time satanic powers to act and Holy powers - silence, - because people together all of them then coming one power holy power from them. Holy power is important, than whole technology. They move it, they help people with power. One, one one like 40 taps if running each one by itself never going to make a mill stone turn. But if 40 taps water bringing in a arc a tunnel make better. Therefore these good people whom they are asking to help people, they must be at least 40 ones. Forty ones together. Then their power going to join to their power a heavenly power. Heavenly power means holy mans power. Men or women forty must be to move altogether to tell people with their spiritual power. That forty ones power may move one spirituality to run through all of them. If not doing them only one tap, what is going to do this, and mill never turning.

Yes sir I am happy to see good faces, clean faces, young people around myself and no old ones only that one old I am not old. Only one and all of you young ones. That means there is new opening. A new horizon going to open. Sometimes clouds closing horizon. After a while going to rise and coming to our view a horizon with sun shining. Very sweet view this mostly going to be sun setting and you feel very good feeling looking to that horizon. It is an opening. Now I am looking they are not coming to ask holy ones power to help them. As long as you are not asking a help from holy ones they are not permitted to help you. Everyone after so many things happening they're going to doctors, psychiatrists and healing people or to this or to that, but it is always too late and (they carn't help people) - repeat -if you are not using holy power - holy power people - if you are not asking - come and help us it is impossible to do anything - psychiatrists or other doctors or even statesmen or teachers or Masters or armies - they can't do anything.

Only way for saving youngsters is to look after holy powers. And up to today I am not meeting someone whom they are coming and asking a help to stop a such foolish currents, terrible currents dirty currents.

They're always running after doctors, after psychiatrists, and if one psychiatrist going to heal people if he is not able to protect himself after a while he is going to be the same as that one also. Because physical power can't be able to protect him if he hasn't power with spirituality that person quickly running to psychiatrist also. I was always advising to them not to listen daily more than, if it is too much 7 years but 3 is enough. Not to continue long that way, if it is necessary 7 it is enough. But 3 years must stop it if he but protected by a spiritual power. Comes on him some disease from those people, he can't be able to heal himself or anyone else, it is terrible.

Oh our brothers and sisters but I am looking you are not like my brothers and sisters, you are like my sons and daughters. You must to join powers to each other not to be alone. And as through traditional knowledge a person alone can't be able to reach a holy power but 40 persons joining any seeing through yourselves a new opening a new horizon for mankind that 21st Century approaching and we hope that we should reach to that new horizon a lighter, and lighter and brighter horizons that we may be in it. This dark, dark century. Dark century, very dark century. Dark, dark century. We are going to leave it our back and we hope to reach then enlightened century.

May Allah Blessings You and forgive me.

Thank you for your attention I think that it is short but it is enough to say new opening for our my sons and daughters. Yes, Happy. It may be understood. I hope.

# The Singing of Angels Will Make the Children of Adam to Pass Away

A`udhu billahi min ash-shaytani ’r-rajeem
Bismillahi ’r-Rahmani ’r-Raheem
Dastoor ya rijaalAllah madad. Madad!
Holy Ones, madad. Our holy masters.

(Mawlana stands up)

Welcome. Allahu Akbaru Allahu Akbar, la ilaha ill-Llah, Allahu Akbar, Allahu akbar, wa lillahi’l-hamd

That is our honor that granted by our Creator. And we are giving our high respect to His most respectful and honored, glorified servant and His Deputy and who (is) representing the Lord of heavens, theLord of creation, from pre-eternal up to eternal. We are giving high respect to him and asking his intercession here and hereafter. Alfu ’s-salaat alfu ’s-salaam, endlessly our greetings on him as long as Allah Almighty honoring him and greeting him (stands) Sayyidina Muhammad (s).

It is an honor for a weak servant like me - weakest servant - to address My Lord's servants. I am knowing nothing but if my holy master sending me something for addressing people it is ok, even an ant can address

to you and gives to you honor. As-salaamu `alaykum, peace on you, whole servants of Allah, whom they are giving their high respect, highest respect and endless glorifying and endless greetings, endless majesty to our Creator, Allah Almighty. Allah Almighty: (stands ) we are standing up for His Honor that He created us and granting us endless Mercy Oceans to be His servants; to know Him and to give our most high glorifying, most and majestic addressings to Him, Almighty Allah. He may grant us a tireless life that we can stand up from beginning up to end for His Majestic Presence.

O people! Listen and obey and take your Lord's endless blessing oceans. Listen and obey and reach our Lord's endless Glory Oceans. Everything in His Divinely Presence, endlessly from pre-eternal up to eternal. Eternity. O people! Come and ask eternity. So sweet word to say “eternity”. Allah Allah, no one can give a person such a pleasure Alayhissalam to say "eternity". That is biggest, biggest grant from our Lord to His servants. He is so Majestic that granting to His creatures eternal life and promising them eternity. Allah Allah. So sweet word: “eternity”. O people! Run after eternity.

Huuuuuw. Here we are like sparkling, a small light, sparkling and He Almighty from His Majestic Lightening Oceans, endless oceans, He is granting to His weak servants and saying, "O My servants, come to me and take from My endless Lightening Oceans.” Each one of that oceans (is) majestic and most glorified. Through that oceans one spot of lightening may give life such a universe thousands and thousands ones. He is Allah Almighty is Great and His Greatness (is) Mighty Greatness. His Greatness (is) Majestic Greatness. His Great most and endless Glorified Oceans’ Greatness. Absolute Greatness for Our Lord Almighty Allah. O people! Come and run to Him and fall into sajda, bow yourself in front of His endless Greatness (Mawlana bows), Majestic Oceans. And say, "O our Lord! We surrender to You. You created us. You granted us everything and we are giving everything to You and we are trying to give everything as a grant from You to You.”

O people! O mankind. Don't fear for surrendering to Your Lord. People running away now from surrendering. Shaytan urging them that "you must run away from the Lord of heavens and you must not be ever surrendered to that One." “Surrendering” - that is the meaning of Islam.Therefore it is most high honor for mankind, that their Lord, their Creator asking from them, "O people! Surrender." As He was asking for, from every prophet and particularly from Abraham Alayhissalam the father of prophets, saying to him, "Surrender O My servant! Surrender to Me and be a Muslim." Therefore first surrendering one that named as a surrender(er) is Abraham, peace be upon him, Our Lord's Friend. Friend. He became, accepting Allah to be

His Friend, (and His) Friendship. And giving to him from His heavenly love (and) when Abraham tasting that Heavenly Taste, he was runninng and moving to his Lord Almighty Allah Who granted to him to be Friend from the Lord of heavens, friendship.

Masha-Allah.

And Abraham, peace be upon him, the Friend of Allah, that friendship so high, so high honor that no one can understand that friendship except the Seal of Prophets Sayyidina Muhammad (s). Whole respects to him, to the Seal of Prophets Sayyidina Muhammad(s) (stands in respect). Please O glorified Prophet we are asking your intercession here and hereafter. That is our honor. Try to give your respect, your High respect, ...(sound cut)... the Lord of Creation is One, no second one. No wife. He is only One.

Through that ascension, through Divinely Presence, he only can know and understand, that word only, to be (in the) Divinely Presence. That is only for one. No second one to reach to that position, to reach heavenly position, no one excpet the Seal of Prophets Sayyidina Muhammad (s), peace be upon him. Whole glory, whole magnificent lightenings, whole majesty that just granted from the Lord of heavens and the Lord of the Divinely Beings - that is Sayyidina Muhammad peace be upon him. No a second one. Others on the line of heavenly position, but Divinely (position) only for one.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Sultan Allah.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.

Whole angels they are singing and if one of them making his singing and glorifying through his singing, if it was, if it can be possible for hearing, the sons of Adam, they should fall down as dead bodies, leaving their bodies and riding on their spirits, their souls, rides to reach to the stage of heavens. And they are going not to ask anything, any treasures, any materials. They are leaving, they are running away, they are running to hear that holy singings from heavens. O people! Let us go to reach that stations that you should forget everything from materials; you should run away from... from treasures. If whole world full with diamonds and pearls and emeralds and full with rubies you are going to kick them away but asking to hear that holy singing through angels, through heavens.

O people! Don't waste your.... your precious lives, precious lives, don't live to pass away and you are losing endless glorifying from heavens.
O people! Now reduce your running. Now reduce your speed a little bit less for understanding the pleasure, endless pleasure from heavens that whom they are tasting, even one second, they should kick away whole world. If maybe golden or from ruby, no value. When they are reaching to a level and appearing to you from real reality, you are running on it to reach and to enjoy yourself and to give your high respect (to) the Lord of Creation.

O people! Please reduce now your speed. Enough you are running after dunya, because dunya is like a carcass. Don't run after it, but run to reach heavenly stations to be granted endless pleasure, endless beauty, endless peace, endless lights, endless pleasures, endless enjoyment, endless lightenings, everything endless through that level. Run on it. Leave this imitated life and leave this short time of life to make it full enjoyment for your egoes. Leave your egoistic enjoyments and run after spiritual enjoyments; heavenly enjoyments. Run after it, you should be happy and in safety and in endless pleasure that time.

May Allah grants us His ... Huuuu, endless Mercy Oceans; grants us a small spot for understanding it is enough to leave everything and run after that station of enjoyment; station of pleasures; station of lightenings; station of majestic beings. May Allah forgives us and send us someone to make our faces to turn to reality and to leave this imitated life and to run after a real life through angels, through Mercy Oceans, through lightening oceans, through Mercy Oceans, through endless Beauty Oceans.

May Allah forgives us.
Allah Allah, Allah Allah, Allah Allah, Allah Allah,
Allah Allah, SubhanAllah.

Whole Glory, Whole Majesty, Whole Greatness
Whole Honors, Only for You, O our Lord.
let us to reach to Your,
to Your heavenly positions
for an understading

for your being to reach to the stage of
and the Seal of Prophet
Sayyidina Muhammad

He is the only one
to carry you
to the Lightening levels,
to know and to see,
Try O man,
Try O man

Dumm, dumm, dumm,
Try! O that man,
Try! O that man,
to reach heavenly stages
through lightenings
coming from heavens,
daily on that planet,
that you are running on it
for reaching something
but it is only nothing,

come and surrender, O man
to your Lord and try to be His honorable servants
here and hereafter
You may reach to His Pleasure
He can give to you endless pleasures.
Or you are going to pass away
and you are being dust, dust, dust

may Allah forgives us,

may Allah grants us such a life
that is very real life
O people, come and surrender
to the Lord of heavens,
to be in His heavenly, heavenly Presence
to be forever in His Heavenly Majestic
Majestic Beings pleasure

Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah
Subhan Allah, Sultan Allah, Subhan Allah, Sultan Allah,

O our Lord, do ourselves to be happy with You,
not to be happy with eating and drinking and dressing.
O our Lord, keep ourselves on Your right way.
To be always happy and in pleasure,
here and hereafter.

Ooooh, Huuuuw, huuuuuuuuuuuuw. Hwuuuuuuuuuuuuuuu, Huwwww.
Huwwww, Huuuuuuuw, Huwuuwww. Huwwww,

## Prophet (s): I Sit Like a Servant and Eat Like a Servant

Bismillahi ‘r-Rahmaani ‘r-Raheem. Dastoor yaa Sayyidee. (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

You are the only Sultan, King of kings! No other king! Only You are King! O our Lord, forgive us for the honor of the most honored one in Your Divinely Presence Sayyidina Muhammad (s). Yaa Rabb, give to him victory in this fight with Shaytan and its followers. (Mawlana Shaykh sits.)

As-salaamu `alayka, yaa Sultanul Awliyaa, that you are responsible for every happening on this planet, on dunya. Allah Almighty grants to you much more power for the honor of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

O Our Attenders! As-salaamu `alaykum wa rahmatullahi wa barakaatuh! Accept that holy salaam from heavens and try to reach heavenly Mercy Oceans. Yes. And we are saying, a`oodhu billahi min ash-Shaytaani

‘r-rajeem.

O Salafi `ulamas! Who is qati` at-tareeq, thief? Who is the one cutting ways of mu'mins or cutting the ways of Mankind, so they do not reach a safe area of Mercy Oceans of the Lord of all Creation? That is the most important point that we must try to make clear for Mankind! And we are saying, bismillahi ‘r-Rahmaani ‘r-Raheem; that is a heavenly sword we are taking. Whoever is sitting on the way reaching to the Divine Presence, that is our sword, to cut their heads and to take them away! We are now addressing all religious people according to their customs. This one is a weak servant and I am not carrying any title. The biggest title for Mankind is to reach the level of servanthood and to be accepted by the Lord of Heavens as His servant. Yes!

Therefore, we are addressing first `ulamas of the Muslim world and particularly those who are given some specialty, who are saying, "We are Salafi `ulamas." But they cannot give an explanation for what they want to say to people through that title because it is an imitated title. They are saying, "We are Salafi `ulamas." What does that mean, “Salafi `ulamas”? What is their specialty? What is their thing and what are they asking to do?

And then we are addressing all `ulamas from the Islamic world, from east to west, from north to south. You must say what is the highest position or most precious honor for Mankind? Sat to me, `ulama' ul Islam, learned people of Islamic world!!! What is the highest position and rank and title of honor for Muslims? Say to me! What is that? You are knowing or not knowing? Then I am going to learned people among Christians, yes, learned people who are giving themselves some titles that Jesus Christ never gave to himself. Therefore, first of all, I am asking Muslim `ulamas. Say!! Which title is most acceptable through the Divine Presence? Say to me!!! We may ask, (but you give) no answer. Everything that Mankind must know, must keep, and must try to do, what is that? The Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) He mentioned in one hadith, and if I am missing something you may correct it.

•••• ••• •••• ••••• •••• ••• •••• ••••••

Ajlis kamaa yajlisu al -`abd wa aakul kamaa yaakulu al-`abd. I sit as a servant sits and I eat as the servan eats.

It is true according to your knowledge; is not accepted? No, it is true. You must find, Ajlis kamaa yajlisu al -`abd wa aakul kamaa yaakulu al-`abd. That lesson the Seal of Prophets (s) is teaching people is enough for all nations. Why is he saying this? Why? You may ask what it means, Ajlis kamaa yajlisu al -`abd wa aakul

kamaa yaakulu al-`abd. Why did he say this? What was his maqsad, aim? First of all, you may say leave this and pass away. Now, those four or five words are giving a complete and wide meaning, first making clear his mission, and then showing and asking everyone to recognize that he is only a servant!

O Our Christian Brothers! You are making Jesus Christ to be on heavens, to be son of God. Astaghfirullah. But I am asking the chiefs of Christianity, Catholics and Orthodox or other sects, what or who is giving you this authority to make Jesus Christ Allah Almighty's son? Is any verse coming from heavens in the Old Testament or New Testament? In the Old Testament, if it was someone who was coming as a son of God, it was daroori, necessary to be mentioned by the first prophet and the first man, Adam. He would have said, "The son of God is coming, so pray to him." Is it mentioned through holy nooks? From where they are bringing such a thing?

Lan yastankir al-`abdu an yakuna `abdan lillaahi. “A servant of Allah does not deny servanthood to Him.”

The Lord of Heavens is saying, "Jesus Christ is never going to escape being a servant of his Lord!" Yes, it is so clear! Why are they saying that? It means that Jesus Christ never claimed, "I am your God and I am second; my Father is first god and I am the second god." That Cant be!!!! the heavenly declaration that began with Adam (a) up to the Seal of Prophets (s) all said, "We are servants of your Lord! O our nation, we are only servants of our Lord and we are calling you to be servants of your Lord." And these four words that the Seal of Prophets (s) was saying were include all aims of prophecy, saying, "I am sitting like a servant and I am eating like a servant." It is so clear. From where you are bringing so many things, so many titles? And the Seal of Prophets (s) was saying, "I am servant of my Lord. Therefore, I am sitting as a servant, I am eating as a servant." That is giving a straight direction for nations, for all Mankind, that he means, "You must try to be like me, because all of you are only servants. Don't bring imitated titles as you are cheating yourself!"

Therefore, what we are saying now, it belongs also to the Muslim world because they are bringing so many titles for themselves. Those titles are imitated things. Who may prefer a plastic diamond instead of real diamond? Anyone? There must be something wrong with them! Therefore, you are making such thrones, such clothes, such crowns. What you are doing is giving yourself imitated titles, because when that one dies, taken from them their thrones, their clothes, crowns and titles, finished. Allahu akbar! Allahu akbar! All nations, all religions are going on wrong way, following shaytanic, imitated ideas that have no value, and they

are leaving holy books and running after shaytanic writings.

Therefore we are saying, as they are granting to me, to speak: O `ulamas! O pope! O patriarch, bishops and rabbis! What is your mission? That's an important question. What have you been ordered to do? Don't say, "We are Muslims, we are Christians, we are Jewish people." No! What is your mission? You must stop on straight way and you must put up a fence from east to west, so when people are coming they are prevented from going after shaytanic teachings. They are protectors to stop people reaching to Shaytan and shaytanic aspects. That is our only responsibility, to prevent people to go after or to follow Shaytan! All nations must know this through their religious people. Religious people must make all people not to follow shaytanic ways, but they are keeping them away not to fall into troubles, into hells, not to fall into them in this life. But people lost the main purpose from `ulamas, from rabbis, from popes not saying, “O People! Don't go this way because you will fall into endless troubles in this life and for Eternal Life you are losing your chance!”

Now we are addressing to Salafi `ulamas. What are you doing? Are you preventing people not to follow shaytanic ways? Say! Say! And I am asking shareefu 'l `ulamas, what you are doing? Say, “O People! You are on the wrong way.” If as shareefu 'l `ulamas you can say, “Are you on the right way? If not, then the life you are living is now taking you to fire." Why are you not saying? You are not on right way? O `ulamas, O rabbis, why are you not fighting with Shaytan and instead you are fighting Mankind? No.

(That is the cause of ) all troubles and all miseries and all crises coming! The main reason that the chiefs of religion are not saying to people, “Beware!” I am looking at so many houses, and written on the entrance, "Beware of dog." It is a warning. And what do you think is most harmful to Mankind, a dog or Shaytan? Why are we not writing everywhere, "Beware of Shaytan"? People are running after Shatan and not heavenly ways. What are you doing? Allah Almighty first will ask you, `ulamas, rabbis, patriarchs, pope, and His Judgment will be very dangerous and terrible. Rabbis will be asked, “What did you do? Why are you not preventing your people from following Shaytan?” The `ulamas will be asked, “Why are you not saying to ummah, 'beware of Shaytan?'” At least you must order, O `ulamas from every nation, you must say to people to have the writing, “a`oodhu billahi min ash-Shaytaani ‘r-rajeem" and another writing, “bismillahi ‘r-Rahmaani ‘r-Raheem" that means, "O our Lord, we are running away from Shaytan and running to You, to be Your servants! O our Lord, protect us."

O People! Insaaf, be fair! You must be true ones with your conscience; don't try to cheat your conscience. Therefore, there are some holy words of the Seal of Prophet (s),

••••• •••• ••• ••••• •••••••••••

istafti qalbak wa in aftuka 'l-maftoon,' "You must ask your conscience, even if learned people say you can do something."

Don't be happy with their permissions; you must ask your conscience! If your conscience is saying, 'good,' follow it. If it is saying, 'not good,' don't follow it. Therefore, all nations must ask their conscience in doing everything, if they are happy and in satisfaction then do it and if not, don't do it.

O People! Don't be unhappy with me, but be unhappy with Shaytan saying, (Mawlana Shaykh stands)

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Wa koonoo m`aa as-saadiqeen, Be among those who are righteous. (9:119)

(Mawlana Shaykh sits.) You will be with true ones; if you are going with them you will be happy and your face should be enlightened and you are going with them to the Divinely Presence. May Allah (swt) forgive us.

Fatihah.

Dome dome dome dome, Dome dome dome dome 4x

May Allah forgive us.

Fatihah.

(43 minutes)

## About the Situation in Sham (Syria) and Its Causes

Al-haqq ya`loo wa laa yu`la `alayh, “The truth is always up and nothing can defeat it”. I will go to the area no doubt about that, until they come under one flag. “Enter therein in safety”, no doubt about that, enough! This is from the people of Sham. Shaykh, it is written there (points upward) that the awliyaa are walking.

Mawlana Shaykh Hisham: Where is “there”?

Mawlana Shaykh: There (up). Whatever is written over there, we have to wait (until they) walk.

Mawlana Shaykh Hisham: By “there” do you mean the Lawh al-Mahfouzh (the Preserved Tablets), Sayyidee?

Mawlana Shaykh Nazim: Can the Lawh al-Mahfouzh be changed?

Mawlana Shaykh Hisham: Allahu Akbar! It cannot be changed or cleared.

Adatullah, adatullah, that is Allah’s constant way. If Sham becomes corrupt the whole world will be corrupt, as the Holy Qur'an shows, asta`eedhu billah, for women:

•••• •••• •••••••••• ••••• ••• •••••••• ••••••••• •••••••• •••• •••••••••• •••• ••• •••••• •••••••••••• •••• ••••••••••••

••••••• ••••••••• ••••••••• •••••• ••••••

Qul huwa ’l-qaadiru `aalaa an yab`atha `alaykum `adhaaban min fawqikum aw min tahti arjulikum aw yalbisakum shiya`an wa yudheeqa ba`dakum basa ba`din. Say: "He hath power to send calamities on you, from above and below, or to cover you with confusion in party strife, giving you a taste of mutual vengeance - each from the other." (Surat al-An`am, 6:65)

Mankind is ilaahee, divine, from the Heavens. O mankind! If you did not keep to the Straight Path, siraatu ’l-mustaqeem; if some among you went crooked or followed your own desires, Allah does not leave you (to that) as He is al-Qadir, The All-Powerful, and He can bring disasters/punishment from above you! And Jibreel (a) came and it was in the holy verses where he was said, “O Messenger, withdraw back.” But he said, “Amaan, yaa Rabbee! Do not destroy my ummah by punishing them from above,” as it came upon prior nations. And later Jibreel (a) came with the verse: Say, “He has power to send calamities on you from above or from under your feet.” (6:65) Just like in Japan: a punishment that destroys completely and is impossible to run from! Amaan, yaa Rabbee (keep us safe, O our Lord)! Ummatee, ummatee wa ummata (My Nation, my Nation! was the Prophet’s [s] appeal). And Allah Almighty responds, “O My Beloved! They have to be punished or “or to cover you with confusion in party strife.” They split into groups and that is another form or punishment.

••••• •••••••••••• ••••••••• •••••••••••••••• •••••••••

wa laa tabarrajna tabarajj al-jahiliyyati 'l-oola. Stay in your homes and do not decorate yourselves like the decoration of the first era of Ignorance. (Al-Ahzab, 33:33)

Look at the people of Sham: all the women are going out, showing off (their beauty). How were they before?

Mawlana Shaykh Hisham: They used to cover modestly.

“or to cover you with confusion in party strife,” This is a kind of punishment for the people of Sham, Egypt, Libya, Tunis, Palestine, Yemen, Iraq, Turkey, Africa, and Iran as well.

Allah said:

••••• •••••• •••••••• ••••••••••••

Inna hadha siraatee mustaqeema, “I have given you this Straight Way (which will lead you to Me).” (Surat al-

An`am, 6:163)

It is a straight path, it doesn't go right or left. There is no doubt about the punishment for those who go astray from the path of Haqq, it must be accomplished. And it is as our Lord likes and pleases.

`Amaalukum `umaalukum, "your works are your earnings." Grandshaykh always used to say this. One morning he was in the mihrab, and he said to sit down and they started Boom, Boom, Boom. Grandshaykh said to me "They have started." (meaning a military takeover of the government). (Turkish)... (Hajjah Naziha: Amin al-Hafizh) Then after that came the incident of Atlas from the people of Homs. It means the time between these incidents was like 20 years, maybe 20 different presidents. (Hajjah Naziha: the sect in power) No wonder about the people of Sham not even one of them came to power, `amaalukum `umaalukum.

Their (people of Sham) concern is with the worldly life, with trade and manufacturing, the French started military schools in Latakia, in Homs and possibly even in Damascus. And the people of Sham didn't send even one of their sons to go there, they all took over (the governing party). Ahl as-Sunnah were able but they were not happy that their sons may learn in the army about war. They were busy with their worldly life, trading and manufacturing, they didn't leave any field open, and then Alawiyeen took over.

I was at Homs in the year 1940-44, the students from the military school, madrasa harbiya, wearing the kalpak hats to identify them at the school for warfare (we didn't see one Sunni in the School of Warfare, not in Latakia, not in Homs and not in Damascus) and also they didn't care about the Kurdish people, they didn't give attention to them and didn't give them their citizenship, identity, so that's why they didn't accept even one of them to be in the madrasa. Hisham Effendi, the ones in power didn't fear except the Kurdish people who made them shake completely. Those in power didn't fear except the Kurds. They did not fear the Arabs and if they had entered (the school) they would have finished them off, from the memories of their fathers even.

wa yalbisakum shiya`an wa yudheeqa ba`dakum basa ba`din. If they change and repent Allah will change their situation.

Their only concern was with trade. And they prevented people of Daniyya to enter the military school. All these groups of people were stopped in their places and prevented to enter, due to that embargo. How many

groups were among them Druze, Shi`a, Orthodox, Armenians, Maronites, all kinds of different shapes and sizes, they all are humans. If they had lightened the embargo (of non-Sunnis) it would have been easy for Ahlu ‘s-Sunnah. They prevented them, therefore `amaalukum `umaalukum, your rulers are as your actions.

This is the time of quietude and the time of keeping at home. May Allah protect us from the corruption of last days. Bismillahi ‘r-Rahmani ‘r-Raheem. Amaan, safety is from Sahib ar-Risala (the Prophet [s]). If one stays at home and locks it he will be safe and sound. Like Meccatu 'l-Mukarrama, if one enters the Haram ash-Shareef he will also be safe and similarly if someone enters the home of someone he will be safe. If no one is in the house and a person enters and locks the door, he will be safe and sound.

These demonstrations are not from Shari`ah. These groups of people, we are not happy with them. Allah said:

•••••••••••• ••••• •••• •••••••••••• •••• ••••••• ••••• •••••••• ••••••••• •••••••••••• •••• ••••••• •••••• •••••••••••••• ••••••••••• ••• ••••••••• ••• ••••••••••••••••

Wa a`iddoo lahum m ’astata`tum min quwwatin wamin ribaati ’-lkhayli turhiboona bihi `aduww ’Allaahi wa `aduwwakum wa aakhireen min doonihim la ta`alamoonahum. Make ready for them all thou canst of (armed) force and of horses tethered, that thereby ye may dismay the enemy of Allah and your enemy, and others beside them whom ye know not. (Surat al-Anfal, 8:60)

This is mentioned in the Holy Qur’an as to how to deal with such situations.

## The 6th Pillar of Faith

Whenever something is wrong in a person, everything around him appears wrong to him. When he is all right within himself, the world appears all right to him. The world is created perfectly by our Creator. If something appears wrong to you, you must ask yourself: “What is wrong in me that I see this as wrong? Oh my nafs, you are wrong!”

This is the highest degree of faith, and the highest degree of belief in the goodness of the Creator. Allah is not creating anything wrong or imperfect. At the essence of everything, if we could but see it, there is perfection. Until we behave correctly with our Lord, it is impossible for our actions, our family, our neighbours to behave correctly with us. It is impossible to find a better situation than that which exists today, for those who are ready. You cannot wish for things to be as they used to be, nor for the way that they might be. The conditions that we are in now are perfect, most suitable for us. Allah Almighty is giving as much of His mercy as we need; as much as we are able to carry.

Real faith is like that: to believe that all actions, whether from goodness, or from badness, are from Allah Almighty. If we believe this, we must be patient with each other’s actions. Allah is trying our faith, each of us with others.

The Prophet sws said: “People will deal with you according to your actions.” If you are good and someone intends you harm, Allah will defend you. You must be honourable to all, good, respectful, merciful, generous and think well of all. We must be patient with all people because we believe that no one comes to us without our Lord’s Will. Therefore, there is no enmity in Islam. We have been ordered to do goodness. Anyone can return goodness for goodness; but only a few people can return goodness for badness.

## Slay Your Dragon and Become a Saint Like Saint George (Khidr Alayhissalam)

Bismillahi 'r-Rahmani 'r-Raheem Fatiha! Destur ya rijaal Allah, meded!
Allahu akbar, Allahu akbar, Allahu akbar! Ya Malika ’l-mulk! Ya Dhul Jalaali wa’l-Ikraam!

Holy ones! Give us from your endless blessings, and O our Lord You created us to give what we are in need here and hereafter. You are so generous. No any limit for Your Generosity. O our Lord Who created everything from pre-eternal to eternal! Your creation is running (on), O our Lord. Forgive us. We are weak ones. We are in need every second and less of a second (for) Your support. You are giving life. If not we are dead bodies. O our Lord! You created us. For the honor of this holy month for the honor of the most beloved one, the most glorified one and for the honor of Your most majestic one’s honor, for that one, forgive us and give us strength to make us as You like.

Sometimes it is so easy and sometimes most difficult to do as You like. You can make it easy according to the intentions of Your servants. O our Lord! You are our Sultan. You are Subhaan! Give us from Your endless blessings, for the honor of most beloved one Sayyidina Muhammad (s). We are asking for his honor - in spite of Wahabi people and Salafi people. You granted to that one that no one can grant what You granted Sayyidina Muhammad (s). In spite of Shaytaan, in spite of devils, Allah may make them under the seventh levels of dark worlds.

O our master, who is following the way, holy way, enlighted way, with true steps, O our master. We are asking from your holy powers to make ourselves enough strong for following your ways, O beloved ones. Don't leave us to run on dark ways; on Sataanic ways. Whole Glory, whole Majesty, whole Dominions for You O our Lord! And we are saying A`udhu billahi min as Shaytaani 'r-Rajeem, running to your from Shaytaan and its followers and we are asking from heavens, a spiritual heavenly sword, and we are saying Bismillahi 'r-Rahmani 'r-Raheem. Who coming under that spiritual sword never going to be down or to be worst one. Always who saying Bismillahi 'r-Rahmani 'r-Raheem he is up. Who not saying, all of them down. And we are saying to whole listeners, as-salaamu `alaykum.

I am a weak one. And my master, who has been permitted to make me to address whole nations through east and west, O my master! Don't leave me in the hands of Shaytaans and Shaytaanic powers. we must be powerful and we are asking power and we are enough powerful. Not Shaytaan and Shaytaanic groups, (they) are always weak and we are always powerful.

Istaghfirullah, asking forgiveness (sits).

O people! I am a weak one. I am a very weak servant. But when the honor of most honored in Divine Present, for the honor of Sayyidina Muhammad (s), whole salutes from heavens on him, we are enough powerful. We are not weak ones. We are powerful one as well as most honored ones wings on ourselves here protected and sheltered and enjoyed and enlighted. O people! ! Come and hear. I am weakest one but when from enlighted worlds through the master of this world, coming a Divinely Support, I may be most as powerful or strongest one on earth. but now I am nothing. I am not asking to make a show for myself. No. Whole show I can do for my master and he may do for Most Glorious One's show and Most Glorious One, he may do show for the Creator of whole creation, hahah.

I am only trying to make a show as an ant making a show, hehe. My ability or capacity less than that ant. But I am trying to make a show. I can't reach up, only I can reach to my master's ocean, to come a little bit closer and asking to show people about holy ones power and honor. Particularly now you are, O people! In the holiest month, Ramadan. Blessed month. And through this blessed month I am trying to reach something from spirituality. Through spirituality I am asking to reach the level of holy ones, that holy ones they are

blessed ones. Blessed ones and O people! If you are not going to reach blessings from heavens through your whole life, what is the benefit of your existence here? What does it mean? It means nothing nothing!

Why? Why you are not asking "Am I in existence to be nothing? To be like a dust?" It is big blame, O people! if I am not asking that question, "For what I am in existence? What is the main aim of my being in existence? For what I have been granted eyes, ears, tongue, hands, feet and a perfect figure." Yes, man just created on a perfect figure. No any other created as a man. The creation of man it is perfect. SubhanAllah, the Glory to Allah!

What is bu bizi temsin (representative) eh I mean to say that word to you. Ahsani taqweem. cok guzel bir kalima var. ahsana taqweem that word that I am asking effendim, this building mutasawwar, designer. I am looking that word but all of you never giving your attention. Who designed ourselves? Who Designed? Who is designer of man, and our design is best design, yes? Ahsani taqweem. He, someone designing you through your mom's womb. Who is that one? Why giving two ears, two eyes, one head, two hands, two feet? O big ones! O who claiming that they are Numer One, Number One through nations!

SubhanAllah, Glory to Allah, that I am always thinking that there is "First Lady" but why there is not "First Gentleman"? What is the reason? Who can give the wisdom of that why they are saying First Lady? For example first lady of mamon, US, cumhuriye espide, ne diyordir. Why not saying for His Excellency Obama, "First Gentleman" but for his lady they are saying "First Lady"? Because man's understanding over the understanding of ladies and ladies they are always happy to be first ones, number one. But man never taking care for that. Yes, both of them coming from the wombs of their moms. Do you think that angels writing on man only "man" and on girl writing "First Lady"? Written through the wombs of moms for their girl babies "Ladies"? No. Why we are going that way I don't know. Yes, I know sometimes. Sometimes I don't know. but it is an important point.

"Ya Shaykh come and say to us."
"Yah. I am not claiming that I am a shaykh, no."

I am zero shaykh. Ama, but no one accepting to be zero, everyone accepting to be something and everyone asking to try the top point of undurma, (fake) imitated gurursumuz, everyone asking to be something but everyone whom they are asking to be something their titles all of them it is imitated, not real. Real titles in

Divinely Present.

But ladies they are happy to be something and according desires of ladies, theire men are asking also to show that "we are also Number One." You are “First Lady" but I am number one through US. therefore if I am going to be number one I must dress morning dressing and afternoon dressing and night dressing and to use morning car and then official car and then charming car, then I am coming. YaHu all this belongs to cars or your clothes? What about you? You are not. Yesterday you werew walking on street selling and buying and shouting. Today when you are dressing a dressing you think you changed yoruself? no. But Satan cheating his, its, followers and making them to try for reaching empty titles or imitated personalities.

No, the Lord of heavens who created you, creating you on a perfect shape, figure. Look that One. and then always you should be number one among creation. But if you are not thinking Who granted to you who is figure, designer, for you, for what granted that to you , you must think on it.

Designer of man on same womb, desiging some babies as a man. Desigining some babies as a baby girl or baby boy. As He likes. You are not putting your will there to say “I must be figure of man.” Or “I must be figure of lady.” Or no one can say, “I must be red color or white color or ? color or green color.”

“O Shaykh we are never hearing of green color man!”
“Yes, we must be. You are not looking east and west. Say to top people that you must do and you must look and find green men also.”

Yes there is green men, it is true. there is green man. Only one, but he is not also, his face green, but that is then Christians saying St. George, but we are saying Khidr Alayhissalam . Green man, chevalier St. George.

Always in his hand he is killing a dragon. Very good timsal. It is very very important symbol that they are making a figure on a horse through his hand a spear and killing a dragon. So many people they are taking only looking to that figure, but really that figure asking to teach people.

O people! That one who is a famous personality through creation, through his hand with a spear killing a giant gigantic dragon.

O people! Look what does it mean? It means that St. George going to be a saint because he killed that dragon

that it is, yumathil, representing our egoes. Killing and going to bury the same. O people! ! Enought to carry your feelings that belongs all of them to your dragon. Leave that feelings and kill that one then everyone going to be a St. George, a blessed one in the Divine Presence. And that Green Man is only one. And asking to teach people "O people! Til your most terrible enemy, the dragon is killed...but you are not taking any care of it.

O people! this is an ocean and our masters making me to speak on first level, O people!

As everyone knows that every prophet they were sitting on earth, not on thrones. There are some exceptions, doesn't matter, but commmonly whole prophets sitting on earth with poor people, weak people, native people, and aseer, (slaves) slave people. They were sitting with those people and that not taking honor from them but giving honor because they are trying to give something to our Lord's creatures. They tried to make people best ones, not the worst ones. Who is working for their egoes and no other aim for them is except their dragons. Therefore don’t try to be “First Lady" or “Number One” in America, in Turkey, in England, in Russia.

Who is first one? Who is best one? Don’t think that every first one going to be best one. Every... thinking first one. First one they claim but it is not important. Important is that one who is claiming to be best one. Are you best one? Give answer to me. To be “First One” if making you best one, bravo, capitol to you. If not then it is a very dangerous situation to be “First Lady"or “Number One” through nations. No. You are asking our honor in Divinely Presence. Yes, you may claim, “I am first one on earth” but on heavens do you think your name written under tables of best ones?

Old Testament, New Testament, Psalms and Holy Quran what saying? What are they teaching people? Teaching them to be best ones or worst ones? Say! Popes say! Archbishops say! Patriarchs say! Presidents say! Philosophers say! Hindus say! Buddhists you may say! The Lord of heavens asking from you to be first ones or best ones? That is the main source of troubles on earth.

May Allah forgives us. I don’t know but they are making me to speak to address whole people from east to west from north to sourth. If I am saying wrong they may say what is true. if I am on wrong way they may show me true way. May Allah forgives me and forgives all mankind not to follow Satanic teachings. Please come and try to learn heavenly ways. Listen. Top-station people come and try to teach your children how they

should be best ones in the Divinely Presence. First ones and best ones, try to be best one for the honor of most honored one in Divine Presence, Sayyidina Muhammad (s).

**O you sleeping people- wake up and make Dhikr for Allah, Daim Allah!**

O you sleeping people- wake up and make Dhikr for Allah, Daim Allah! There is two kinds of sleep- one is unconscious, the other conscious...
Without saying ‚Bismillahi-r-Rahmani-r-Rahim' everything is bad, without head. It makes you to be with Shaitan, not with Allah. Who is saying 'Bismillahi-r-Rahmani-r-Rahim' means to say: 'O Allah, I am asking to be with You.' The reason for every crises is that people forget to say the Besmela, and therefore they forget Allah. Nothing of what they do is successful. And the angels are cursing those who are leaving Allah. Ta'ziman wa takdiran- what a power Allah has given us with the Besmela! Its power is without limits, you can do everything with it; it is an endless power ocean...But people nowadays rely on machines and they measure their power in horse power. Depensing on what is to do they use more or less powerful motors for their machines. And depending on the purpose and depending on how much is needed, when using the Besmela, power is sent from the endless power oceans. So there are some people who may play with Dunya like with a ball, when they say the Besmela, or they may make the moon to turn with their

spiritual power...It is a source that has been opened to us. Who doesn't take from it, has no success, gets no help.

The Ottomans were ruling for 7oo years. Now people finished everything in 8o years...To rule is not a child's play. The Ottomans were respecting the Holy Quran and they were praying... Now they don't know any more religion, justice or mercy. They removed the Besmela. With which right? And we are the grandchildren of the Ottomans. They used to write the Besmela everywhere. Now there is no more foundation. All ways are closed. The power that opens the way in the Tariqat is also coming through the Besmela.

Use ‚Bismillahi-r-Rahmani-r-Rahim' for everything, no matter what you are doing and you will always be powerful. If not- neither America nor Russia can help you... If everything continues like this in this country, soon they will print 5o.ooo.ooo Lira notes or more... But we hope that the situation will not reach beyond the 2o.ooo.ooo Lira notes... After 2oo2 the world-map will change... You don't see- like when the sky is covered with clouds...

The Middle East is the most precious area in the world- Sham and its surroundings are full of Barakat, the Prophet said, including Bait-ul-Maqdis. The world map, the countries and the governments will change, and also people will change soon, until Muharram. I am expecting the appearance of a mighty power, that will destroy Kufr and dhulm.

Who is asking to do goodness, must use 'Bismillahi-r-Rahmani-r-Rahim', individually and commonly, as a nation. Otherwise you cannot do anything. May Allah grant us a good end. We say the Besmela and trust in Allah. Nimrod was asking the prophet Ibrahim a.s.: 'Where are the armies of your Lord?' 'Just wait, they are coming', Ibrahim replied, and just a big black cloud full with moscitos was approaching, and they finished the whole army of Nimrod... That was the will of Allah... And then there is also lightening

from the skies, coming on people... Coming, but the ear cannot hear anything, and people fall down dead....

May Allah save us from the fire... Ya Muhauli hauli wa-l ahwal, hauli halina ila ahsani hal!

## The sleep of the tyrant is his worship

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

If you are understanding, why you are sitting on front of me? X.! Understanding?...They are all sleeping...

(In Turkish:) ”There is a proverb: ‘Naumu dhalim ‘ibada’- the sleep of the tyrant is his worship. That is why you shouldn’t wake him up; you will save people from his cruelty, because when he is getting up, he will do some cruelty. As long as he is sleeping, it is written for him like worship.

Each ego is dhalim, cruel, and the degree of its cruelty is according to the chance you give it. If you give it much opportunity, it will be a big tyrant and do a big bela. For example a street-sweeper. You tell him: “Sweep here” and he is saying: “No, I will sweep there.” He is also showing his ego, he thinks he is someone. What is speaking is his ego.

Today there is a handful of people here from all over the world. I am thanking to Allah that with this meeting we are imprisoning their egos for one hour, or for half and hour, because otherwise, when they go out, their egos only do badness. So this is also a favour for us. Don’t give a chance to your ego! “Fa iza fagharta fansab,

(wa ila Rabbika faghab)”- if you are free from one work, occupation, occupy yourself with something else, don’t leave your donkey free, because if you leave it, it will kite or kick or do some other trouble. Therefore: ‘Fa iza fagharta fansab!’

When you finish one service, do some other service, don’t stop, or the ego will do evil. This is important. In Islam there is no being unoccupied. No one is sitting around unoccupied, without work, the hands in the pockets, a cigarette in their mouth, smoking in the streets or in the coffeehouse. This is not Islam, this is not being human. Outside Islam people don’t become human, people become like wild animals. May Allah not leave us in the hands of our ego and not let us give a chance to our ego! Because we are not yet saved from our egos, we are not yet free! Who is reaching to freedom, they are Mujahids! Who is riding on their ego, they are Mujahids. We are still feeding our egos.
It is beginning in childhood, from 3 years old, that they say: “I like this, I don’t like that, I want to do this, I don’t want to do that, I like to do this, I don’t like to do that”...

This so-called ‘freedom’ is a Bela, coming from America.

(In English) There is a philosopher in America, who was putting in front of people: “Leave children in peace, let them do, as they like, don’t touch” and he is also giving to women freedom, he has a school... very famous one, saying. “You must leave children to grow as they like. Don’t make them to be threatened, don’t say this, that, no. Leave them to grow as they like.” That opening doors to youngsters, doors of discipline, taking away and saying: “You are free! Do everything as you like! “ That is his school and on that people (are) running; first America opening, making people, particularly small ones, to do as they like. And now they can’t stop people, because without discipline just they (have) grown (up) and (now) you must have as the number of man (police) for keeping youngsters not to do bad things, not to do violence and it is impossible! This is.

And they are saying after this ‘democracy’, democracy means: people, everyone may do as they like, everyone may live their life as they like. How it can be! And this is the fruits of that philosopher’s way, new life system. (It) just reached to (the) ends of this world, East to West, North to South. Therefore governments (are) preventing teachers, schoolmasters, even not to take like this (his ear), or to make like that... saying: “No, it is forbidden. You must keep children and they must do everything as they like, to show what they are keeping through their creation wisdom.” And bringing (that)... That is the limit of Shaitan’s desire: to reach to that

level. When they reached... Shaitan (is) now (is) sitting on his throne, saying: “I worked so hard and now I must have my rest, because (there are now) so many of my representatives, no need (for me). Now I am very happy. I am looking how (they are) killing each other, how they are bombing each other, how they are burning, destroying everything. I am very happy!”

And also big cigarette putting... Freud! That is the top point foolish one to make people in worst position and situation! One person, Freud, giving freedom (to) women, (to) children, (to) youngsters- they must do as they like, and they may live as they like! Now all governments (are) thinking: “Ohhh, how we can save ourselves now? Finished!” As long as Freud and his foolish opinions, satanic opinions (are) in act, you can’t reach (a) peace, no. And nafs, our ego, (is) saying: “Oh, ‘Eidu-l Akbar, biggest pleasure for us, to run like this, like that! We are playing everywhere... We are measuring everywhere your ‘member’... Suitable this or suitable that?” Freedom! Someone saying: “Come, measure”, someone saying: “I must measure.” Freud’s philosophy this! Ibahiyun- everything permitted! What they are doing, it is free, Ibahiyun, they are out of (the) discipline of religions.

And that bad idea, bad philosopher’s teachings (are) just going through secret ways, through Christianity and (through) Judaism and now (it is) running through the arteries of Islam, to say: “You may do everything, you must give freedom (to) your youngsters, (to your) people!” Finished! No more heavenly discipline on earth now, no! They are saying: “No!” They are not accepting heavenly Discipline, no. What do your think?

Governments (are) helping Shaitan; governments and Presidents and Ministers and Prime Ministers and Chancellors- everyone (is) accepting Freud’s philosophy and asking to run and they are saying in Turkish language ‘Cagdas’, in English ‘the age of freedom’, in Arabic ‘hurriya’. ‘Hurriya in barriya’, not in cities, no. ‘Barriya’ only living animals. Without hindrance to do everything belongs only to animals’ world, not for mankind; on (the) human level (there) can’t be unlimited freedom. No, you can’t reach to the level of humanity without using discipline! But commonly people they are running not to be under a discipline. Therefore first they destroyed (the) discipline of religions on people, beginning from 1789 in France. They were saying: “No more discipline for people! Open the doors of (the) Bastille Prison! Why you imprisoned our brothers, let them out!” and inside (there were) all wolves, scorpions, tigers, dragons, and worst violent ones, inside, in prison.

(There was) one mistake from the time of monarchy. They did some wrong thing, a mistake, big mistake: That, when they were catching some scorpion and dragon or wolf or bear or fox, (they were) imprisoning them, keeping them. Ottoman Sultans they were doing the best, because they were following (the) heavenly Order: Such a scorpion, even an officer, such a person that was keeping an area from security powers, he had an authority to cut heads, instantly, without asking, if (he was) seeing a scorpion. Not to take that (one) and put (him) in (the) jail, no, instantly his head finished. “Take away, throw away!”

(It was the) biggest mistake from Louis 16th to keep (the) Bastille Prison. For what? What is your hope from scorpions? What is your hope from bears, what is your hope from wolves? Do you think they are changing their nature or their behaviour? Why keeping (them)? You think one day (a) scorpion (is) going to be (a) silkworm? What is your hope for scorpion? To come to be silkworm? No! You think a bear (is) going to be a cow? Why keeping? Do you think that... what is your opinion to keep a snake, a dragon? Perhaps- it was written on Holy Books that this snake was the guardian on Paradise entrance and (that) then he opened, giving way for Shaitan to enter Paradise. But, as Adam repented and coming in his original form, if that King was saying: “That snake I am keeping in Bastille Prison; perhaps one day it is going to be changed into an Angel...” Do you think such a thing? There is such a possibility? For that keeping them inside, those Shaitans, those monsters who were putting even small children under (the) Guillotine and cutting!

Wrong thing they were doing! Holy Orders, Commands that Christians must use, are the Holy Torah’s Commands about Dunya. In Evangelos no, but they must use the heavenly Orders that Allah Almighty just sent to Moses, (in the) Old Testament. (In the) New Testament no. But in Islam (there are) coming Orders for whole people, for Dunya and for Akhirat. They were not listening- King Louis 16th – and (he was) keeping them, and one Shaitan (was) coming, opening (the) door and sending out hundreds and thousands of such... What you think (it) should be if zoo garden’s entrance (was) broken? What should be London, what should be Paris, Washington, New York, Malaysia? They are saying: “We are friends with our people, jungle people, therefore they can’t touch us...”.

Everything that (is) against heavenly Orders must be punished! That is punishment, coming: thousands of Asilzades, thousands of royal people even small babies (they were) putting under Guillotine, cutting. You must take care! And now Shaitan (is) just giving that freedom through Freud. They are not listening to Holy Books, but listening to Freud, what he said, giving full freedom, (and) now even (the) ‘superpowers’ are

wondering: “How we can be able to keep ourselves?” They are trembling: From which hole they are coming out, from which direction they may fall on them, they are never knowing!

Listen and keep yourself! Keep heavenly Orders, if you are asking safety. Don’t give freedom to your children, to your wife, to your husband, to yourself more than what Allah Almighty just granted to you. If you are jumping beyond, everything is going to be against you and cursing area, the area beyond the area of loyalty beginning area of cursing. (On the) area, the field of loyalty, raining blessings, beyond that falling on them cursing.

May Allah forgive me and bless you for the honour of the most honoured one in divine Presence, S. Muhammad sws, Fatiha.

**Small illnesses for small sins, big illnesses for big sins...**

May Allah not deprive us of the faiz of Ramadan...To say Bismillahi-r-Rahmani-r-Rahim in holy Ramadan is not like saying it in the other months. Every good deed, salih amal, counts 7o times in this month. Ramadan is the month of gathering precious 'jewels and gold', because Allah is paying for the good deeds fauq-ul 'ala.

In every night the blessings are different, the thirty nights are like thirty springs- each one different from the other. Allah has so many sources, He is Jalla Jalaluhu...They think it is a joke...Don't go around without having Wudhu!

Shukr, ya Rabbi! Let us to say and praise Your mighty Name with our tongues: ‚Allah, ya Jalil...Allah, dhul Jalal!'

They envy us for making Dhikr and mentioning His Name...Shukr...Shukr...Shukr! Don't be afraid! Who is saying Shukr will not fall on the Sirat,Bridge, nor will he fall into hell, and he will not die from a terrible illness. Illness escapes from a

grateful person who says Shukr...

So for saying Bismillahi-r-Rahmani-r-Rahim once there is a seventy-fold reward. Everything what you do in Ramadan is precious and full of blessings. What is given during this month from rewards is not given in all the other months... So give and don't be afraid- Allah will give to you...

The nation that Allah gave most knowledge to is the nation of the Children of Israel. With their knowledge and the inventions they make they are above all other nations. No one is ahead of them. Now there are even tea-machines that produce seven different kinds of tea...The Jews also invented the paper-money and now we have the credit-cards. They are so close to Shaitan, first-class friends of Shaitan, and he whisperes into them what they should do... In old times buying and selling was done with Salawat and Besmela, and buyer as well as seller took their share of the blessings. And the goods never finished. You can still see the blessings in Mekka: after the night-prayer millions of people do their shopping, but in the morning you see the shops full like before, nothing is missing. The goods go and come. That is because of the Baraka that Allah gave to this place... Now there is paper instead of gold and silver...

Allah is saying: ‚What you give for My sake, I am not accepting, but I give it back to you ten-fold'. There are five kinds of Sadaqa: One kind is rewarded 1:1, another one is rewarded 1:1o, another 1:7o, the fourth kind is rewarded 1:7oo and for one kind of Sadaqa there is endless reward from Allah Almighty Himself.

1:1 is for Haram-money, the money for example that is gained in banks, because to take interest is not allowed in Islam. And you have to know what to do with that money. There was one rich Arab in London who received millions of pounds Sterling for the money he put in the bank. He refused to

take it, because he said in Islam it is not allowed, but the bank said they couldn't take it back. Then that rich man took the money and donated it for the restauration of a cathedral in England... The reward for Sadaqa from Haram-money is 1:1.

If you give to someone who comes to your door to beg, your reward is 1:1o. If you give to poor neighbours, your reward is 1:7o. If you give to poor relatives, the reward is 1:7oo. Endless reward is for those who give money to strengthen Islam, to make it to stand up and to keep it strong. That reward is not written by the angels but by Allah Almighty Himself with His Hand of Power. For example the money can be used to build or keep Mosques, Dergahs, Madresas, Waqifs. As it is Allah, Who gave to you- why do you fear to give?

Allah says: ‚I am sending provision in unknown and unexpected ways to My servant'. Therefore Allah doesn't want employees in mosques- it is His attribute to provide for His servants in His way. They should not eat from the Bait-ul-Mal. Don't tie yourself in regard to payment- tie yourself to Allah! But we are running after rubbish of Dunya and collect it. Collect jewels instead! May Allah give us a mind orientated toward Akhirat. If we don't look after Akhirat first, the mind also doesn't function in Dunya... The proof: If our mind was functioning well, this world would be like paradise.

**So Flee To Allah (51:50)**

Dastur Ya Rijal Allah. Madad, Madad. O Shah Mardan Sahib Maydan, Habibur Rahman. Go ahead, the assembly is yours. Your Yaran are waiting for you. They want some advice from you, advice that raises people higher. It gives people honor. Go ahead, O Shah Mardan. Your Yaran are waiting for you. May our day and our work be good. May our end be a good one. May our life on earth and our life in the hereafter be nice. May our day be filled with lights, and our lives filled with lights.

O Shah Mardan, your Yaran are waiting for you. Your words are jewels. Not the physical jewels, they are spiritual jewels. Those spiritual jewels that will give you honor in the Presence of Allah(swt) and Rasulullah (sws). O people! Search for honor! Strive to be honorable. Run after honor. O Shah Mardan, what is that honor? Your advice to us gives us honor. It gives to your Yaran the honor of faith. Let's say- Bismillahi r-Rahmani r-Rahim and take honor. Honor is what Allah (swt) gave to the people He created. It is a rank that no one can appreciate its value. Go ahead O Shah Mardan, your Yaran are waiting. Let's start, let's say - Bismillahi r-Rahmani r-Rahim. If you want to gain honor, say - Bismillahi r-Rahmani r-Rahim. O Shah Mardan This is the saying you granted us, it is giving us honor. Those who don't get honor are rubbish. In this world, the one who strives to get honor, is honorable. We have been sent to earth, to get honor, to find honor on earth.

Go ahead O Shah Mardan. Your words are jewels. Don't run after rocks or dirt. And don't run after this world, which is a carcass. That is not honor. The riches of dunya (this world), the honor of dunya...is not honor. Dunya doesn't give you honor. What honor can dunya give you? There is no honor in dunya. Honor belongs to akhira (hereafter). And we have been sent to dunya to search for this honor. To get that honor. We have been sent to dunya to take that honor. The

Absolute Ownership of honor has been given to the Prophet (sws). Those who want honor should join the way of Shah Mardan because his way is the way of Habibullah (sws). If you don't search for that, then what is your value? Manure. Manure. That person has no value. What value does manure have? Take honor. "Wa Laqad Karramna Bani Adam" (17:70) Allah said. For the sake of My Glory, I have honored the children of Adam. I made them honorable, and no one can know the value of their honor other than Me. Then, the ones I inform know.

The letter 'Lam" is for certainty, right? The word Qad is also for confirmation. "Karramna" shows the extent of honor. And this is the greatest expression: For the sake of My Glory I have given the children of Adam such a rank, I gave them such an honor, no one can know. Run after that honor. Strive to get that honor. What is in dunya? What is there in dunya? Dunya is a carcass. There is nothing to gain if you run after it. Search for honor on earth. Don't look for gold. Don't look for silver. Don't look for palaces. Search for honor in dunya. Run after the honor that was given to you. "Wa Laqad Karramna Bani Adam" (17:70) Allah says - For the sake of My glory, I have honored mankind. This honor and grants, only Allah (swt) knows their reality. And the Prophet (sws) knows how much Allah (swt) has informed him. And Shah Mardan knows from what the Prophet has informed him.

Walk behind Shah Mardan. If a crow is your guide, what will you find? You'll find a carcass. And this jewel, who knows its value? Honor...whatever Allah (swt) informed the Sultan of Prophets, the Pride of the creation (sws), he knows. And what he knows, the companions know according to their levels. This is important. If your guide is a crow, you'll find a carcass. It runs to carcasses. Well, dunya is a carcass. Don't run after it. Dunya doesn't give you honor. Go ahead O Shah Mardan. Shah Mardan speaks Haqq/ truth. They don't run after carcasses. Why run after it? Those running after carcasses are jackals. He will be a wild animal like that. Who will run after carcasses? Dogs. Hasha min al huzur.

The ranks that you will gain, the jewels that you will gain - don't search for them from wolves and jackals. Prophets know about Divine honor as much as they were informed. They also know the greatness of this rank according to their levels. They only know how much Allah gave them, they can't know more. In Allah's Presence, the honor given to mankind, only the One who gave it knows. Allah (swt) gave it. He knows the reality of mankind's honor. O people, be humans! Don't be jackals, wolves, or bears. Don't be a fox or hyena. They look for carcasses. What you

should search for is the One who gave you this rank - the person dressed with divine ranks knows. Allah (swt) gave that rank. He said: I will make them My deputies. Make me (deputy) - said Satan. I(swt) don't do as you like. I do whatever I want. "Fa'alun Lima Yurid" (11:107) I do what I want. No one can interfere. Angels said: Make us (Your deputy). It isn't your job says Allah). This rank...I will create a new creation to be My khalifa/ deputies. I will dress them with such a dress of honor no one can comprehend it. People will be like that - Hazrat Insan. The title given for people is, Hazrat insan. What a great rank. Hazrat insan doesn't run after carcass. He stands in the presence of his Lord who gave him that rank.

Go ahead O Shah Mardan. Explain so they will understand. The people of today have become so strange. What kind of strange? They think a ruby and a black stone are the same. A ruby is also a stone but not from the stones under your feet. Humans are also a creation but their creation, their rank, is to be deputies for Allah (swt) on earth. This rank is not apparent to anyone. All creation and angels, they all said - Make us (deputies) Ya Rabbi. Make us. "Nahnu Nusabbihu Bihamdika Wa Nuqaddisu" (2:30) We glorify You with praises/thanks and sanctify You, this is our job. Give us that rank. No, this is My deputy. I cannot give that rank to anyone else. Shame on those people who cannot appreciate this.

People now have forgotten their humanity. What do you become if you forget humanity? An animal. Either you are human or an animal. Those who forgot humanity, what have they become? Animals. Don't be an animal, be a human. A human is the one who is the creation that Allah (swt) dressed with the greatest rank. Allah (swt) didn't give anyone else that rank. Why are you running after manure? Today, the world has become bankrupt. Why bankrupt? Because they don't know why they've been created. No one knows. They are not searching or asking for holiness. Humans are holy creatures. Go ahead O Shah Mardan. The ones carrying holiness. Allah said - I will give this holiness to the new creation I will create. Angels said - give it to us Ya Rabbi. It can't be, your job is different, their job is different. People must get to know themselves. The people of today have forgotten their humanity. They don't ask - Why have I been created? They don't ask - Have I been created to eat and drink? They are not asking. To kill one another, to burn and destroy - Is this why we were created? They are not asking. They are only eating satan's poisonous dirty things. They have become satans. They have become satans. What is Allah (swt) doing? Allah (swt) is teaching us a lesson. If you leave the right way, if you leave the

right way, if you don't guard your honor, then what value do you have? People of today don't know the honor of being human. What is happening? A whip is coming from heavens.
They are hearing and saying in satan's box (TV) - there has been a tornado in such and such place. What is a tornado? It isn't like a hurricane. It isn't like a storm either. A tornado is worse than a hurricane. What is being done is a warning? It is being sent. People today they have everything. They claim to have power; they are making claims but actually they have nothing. A hurricane is coming from heavens. They call it a tornado. It doesn't leave houses intact, it doesn't leave houses or anything behind. Strange! Why don't you stop it? Why is it happening? Who is sending it? A black cloud is coming. They are giving warnings many days before. The people are saying - a tornado is coming. Well, what are you doing? The tornado is coming but what precautions are you taking? We have none. There is nothing we can do. We cannot withstand it, but it is coming. We can't oppose it, it comes with force. It didn't leave any houses in the place called America.
They said - a tornado is coming, dark black. It destroyed the land. Why don't you stop it? You have all this science, all these weapons. You claim to be so smart. Why don't you build something to stand against it. They can't. They can't stand against it. People are helpless. Allah (swt) is the Able One. He is al-Qadir al-Muqtadir. (All Powerful) If you don't admit this, your homes will be turned upside down. A tornado came and turned America upside down. Where can you escape? There is no place to escape. Allah is telling you where to escape - "Fafirru ila Allahi" (51:50) O those who are afraid, run to Allah (swt). You don't have the power to oppose or stop it. The tornado is coming, hurricane is coming. The flood is coming. Is there anything you can do? No. If there isn't, then acknowledge your weakness.
O Shah Mardan. A weak servant, weak servant, helpless servant, confess your weakness and respect Allah (swt). Prostrate (sajdah) to Him. If you don't prostrate - iblis also opposed the order to prostrate. It didn't make sajdah. It was kicked out, gone. It became satan. It says - the whole world is mine. Well, take it and wear it on your head. What can satan do? It is just playing ball. Satan is playing a ball game with the people. Strange. They can't think. The people of 21st century cannot think that there is a force of evil and that this force of evil is a flood that you cannot withstand. It is a tornado. It is coming down as a force of evil. It sweeps away everything

in its path, it takes and throws away. What are people doing? They can't do anything. They surrender to the floods.

O people! O Shah Mardan, go ahead. O people, search for a holy person. A person that when he opens his hands and makes a sign, he will destroy tornados, oppression, and all disasters. Are there people like this? Yes there are but you have become drunk. All the people of 21st century are drunk. They cannot comprehend. You should know. If you don't, you will be hit on the head. And now they are being hit. They are hitting the most arrogant country, America. They are whipping it because corruption is coming from there. They want to wear the attribute of Greatness. Greatness is only for Allah (swt). No one else can wear that attribute. They can only be dressed as a servant. Wear the dress of servanthood, don't try to wear Greatness. And this is what they do not know. Everywhere is upside down. Well, we made weapons. What is your weapon? Go ahead (speak) O Shah Mardan. Go ahead O Shah Mardan. The world is going to be in disarray, chaos. You don't have the power to stop it. At that time - "Aslim taslam" - Come to Islam, and find salvation. You can't find salvation outside of Islam. Other religions...are there any other religions left?

The people who worship satan, make fun of the heads of other religions and of spiritual people. They are also making fun of spiritual leaders. The people of the 21st century, there is no one left whom they consider honorable. No one left. There are no honorable people left on earth. Well, you should think - "ad-dinu nasihah". Religion is advice. Either you listen, or a tornado will come and take you away. A tornado will come from the skies; a tornado will cause people to turn against each other and it won't leave their houses intact nor will it let them live.

"Addabani Rabbi fa ahsana tadibi" The people of the 21st century need Adab (to have spiritual manners). They have everything except Adab. They are shameless (without adab). They don't recognize their elders nor their Creator. Everything is for their own pleasure. They are enjoying. No. Then a whip will come and strike. O Shah Mardan, what did Sultanul Anbiya (sws) say? "Aslim taslam"- Come to Islam, and find salvation. You don't go because satan ties you to its rope and pulls you. Satan has made the people of today satans. Satan is very happy. It's very joyful. Why? It is blowing and a tornado is coming. The seas are overflowing. The ice glaciers are moving. There is a tornado, hurricane coming from heavens. People cannot handle it.

"Ad-dinu nasihah" - religion is advice. Acknowledge Allah (swt), find salvation. If you don't

acknowledge, you'll fall into afflictions. Naudhu Billah. They are making fun of everything, even spiritual leaders. The world of Christianity is just having fun, enjoying. If their spiritual leaders do something, they start to say - "How can this be?" "Is this from jinn or satans?" Well, the one asking this is himself jinn/satan. Beware of satan. That is why Islam came. The order - "Fasta'idh Billahi Mina sh-Shaytani r-Rajim" (16:98) Seek refuge in Allah from the cursed satan. Satan is everywhere. Protect yourself. If it touches you, it will make you a satan too. People's human characteristics have become satanic characteristics. No one is asking or knowing about the value and dignity of being human, it is forgotten. That is why there is no humanity left on earth. When there is no humanity left, he is like an animal who walks off the road and his master whips him and the people of today are being hit like that.

Go ahead O Shah Mardan. Then let's say - "Fafirru ila Allahi" (51:50) Run to Alah (swt). Say - Bismillahi r-Rahmani r-Rahim. So He can bring you to salvation. You are not saying it, you won't be saved. Allah (swt) has given us a mind. We are not using our minds. The honor of mankind is by their minds. A mind is given, but people are not using it. When they are not using it, the honor of their humanity leaves them and they become satanic. O Shah Mardan, your Yaran are listening to you. Give us some of your holy power so we can defeat satan and get rid of evil. Let's run to the way of goodness.

May Allah forgive us. May our honor increase. Success is from Allah (swt). O those who are supposedly scholars, use your knowledge. Listen to Shah Mardan. Your Humanity - protect the honor of being human. This is what is wanted of you. Protect the honor of being from mankind. If not, you are wild. And for wild ones, there is a stick that will come down on them, and a sword. May Allah forgive us. Ya Rabbi we are weak servants, send us a Sahib (master). May the Sultan, that Your Habib (sws) gave good news about, come. May a Sultan come to teach/ train these people. Ya Rabbi You are al-Qadir al-Muqtadir. We are waiting for the coming Sultan. Amin ya Rabbi. We hope to reach to the time of that blessed Sultan. Let's keep the way of Allah (swt). Let's fight satan, let's get rid of evil. Wherever there is evil, let's get rid of it. This is our job now. This is the duty of people today: Get rid of evil, proclaim war against evil. This is what is important: Not fighting one another, but fighting against evil and satan. Let's proclaim war against all badness. Let's proclaim war against satan who made us forget our humanity. There will be no disasters coming from above, nor will any troubles on earth reach us. O our lord,

Subhansin. O Shah Mardan, your Yaran love/ admire you. May Sahib az-Zaman (as) reach us and may a Sultan come who will make us live like humans so satan won't control us. Shame on people who are being controlled by satan on earth today. Evil is ruling the people. Get rid of evil. Don't be afraid.
Success is from Allah (swt). Tawbah ya Rabbi. Go ahead O Shah Mardan, the field is yours. Write our names among your Yaran, your beloved friends. We hope to reach to good days. We hope to pull out evil by the roots. Amin wa salamun 'ala l-Mursaleen khususan 'ala Sayyidi l-Mursaleen Wa l-Hamdu lillahi Rabbi l-'Alameen. Fatiha. You must defeat the force of evil, so earth will be like Paradise. If people don't proclaim war against evil, they will suffer. They will be outside of humanity and become satans. May Allah protect us from being satans. O Shah Mardan, go ahead, the field is yours.
Fatiha.

**Flieht darum zu Allah (51:50)**

Dastur ya Rijal Allah. Madad, Madad. O Shah Mardan, Sahib Maydan, Habibu r-Rahmani, fang an, die Versammlung ist dein. Deine Yaran warten auf dich. Sie wollen guten Rat von dir, Rat, der die Menschen erhebt. Es gibt den Menschen Ehre. Fang an, o Shah Mardan. Deine Yaran warten auf dich. Mögen unser Tag und unsere Arbeit gut sein. Möge unser Ende ein gutes sein. Möge unser Leben auf der Erde und unser Leben im Jenseits schön sein. Möge unser Tag mit Lichtern erfüllt sein und unser Leben mit Lichtern erfüllt sein. O Shah Mardan, deine Yaran warten auf dich. Deine Worte sind Juwelen. Nicht die physischen Juwelen, sie sind geistige Juwelen, diese geistigen Juwelen, die euch Ehre geben in der Gegenwart Allahs (swt) und Rasulullahs (saws). O Leute, Sucht Ehre! Strebt danach, ehrbar zu sein. Lauft hinter der Ehre her. O Shah Mardan, was ist diese Ehre? Dein guter Rat gibt uns Ehre. Er gibt deinen Yaran die Ehre des Glaubens. Sagen wir Bismillahi r-Rahmani r-Rahim und nehmen Ehre. Ehre ist, was Allah (swt) den Menschen gab, die Er erschuf. Es ist ein Rang, dessen Wert niemand abschätzen kann. Mach weiter, o Shah Mardan, deine Yaran warten.
Beginnen wir, sagen wir Bismillahi r-Rahmani r-Rahim. Wenn ihr Ehre gewinnen wollt, sagt

Bismillahi r-Rahmani r-Rahim. O Shah Mardan, dies sind die Worte, die du uns gewährt hast. Sie geben uns Ehre. Diejenigen, die keine Ehre erwerben, sind Abfall. In dieser Welt ist derjenige, der danach strebt, Ehre zu gewinnen, ehrenwert. Wir sind auf die Erde gesandt worden, um Ehre zu gewinnen, um Ehre zu finden auf der Erde. Mach weiter, o Shah Mardan, deine Worte sind Juwelen. Lauft nicht hinter Steinen her oder Dreck. Und lauft nicht hinter dieser Welt her, die ein Kadaver ist. Das ist keine Ehre. Die Reichtümer der Dunya, die Ehre der Dunya ist keine Ehre. Die Dunya gibt euch keine Ehre. Welche Ehre kann euch die Dunya geben? Es gibt keine Ehre in der Dunya. Ehre gehört zur Akhira, dem Jenseits. Und wir wurden zur Dunya gesandt, um diese Ehre zu suchen, um diese Ehre zu bekommen. Wir wurden zur Dunya gesandt, um diese Ehre zu nehmen. Der Absolute Besitz der Ehre ist dem Propheten (saws) gegeben worden. Diejenigen, die Ehre wollen, sollten dem Weg Shah Mardans folgen, weil sein Weg der Weg Habibullahs (saws) ist. Wenn ihr nicht danach sucht, was ist dann euer Wert? Dung. Dung. Dieser Mensch hat keinen Wert. Welchen Wert hat Dung?

Nehmt Ehre. "Wa Laqad Karramna Bani Adam" (17:70), sagte Allah. Um Meiner Herrlichkeit willen habe Ich die Kinder Adams geehrt. Ich machte sie ehrenwert, und niemand kann den Wert ihrer Ehre wissen außer Mir. Dann, diejenigen, die Ich jetzt informiere: Der Buchstabe "Lam" steht für Gewißheit, nicht wahr? Das Wort "Qad" ist auch da zur Bestätigung. "Karramna" zeigt das Ausmaß der Ehre. Und das ist der größte Ausdruck. Um Meiner Herrlichkeit willen gab Ich den Kindern Adams so einen Rang. Ich gab ihnen so eine Ehre, die niemand wissen kann. Lauft hinter der Ehre her. Strebt danach, diese Ehre zu gewinnen. Was ist in der Dunya? Was gibt es in der Dunya? Die Dunya ist ein Kadaver. Es gibt nichts zu gewinnen, wenn ihr hinter ihr herlauft. Sucht nach Ehre in der Welt. Sucht nicht nach Gold. Sucht nicht nach Silber. Sucht nicht nach Palästen. Sucht nach Ehre in der Dunya. Lauft der Ehre hinterher, die euch gegeben wurde. "Wa Laqad Karramna Bani Adam" (17:70), sagt Allah. Um Meiner Herrlichkeit willen, habe Ich die Menschheit geehrt. Diese Ehre und diese Gaben, nur Allah (swt) kennt ihre Wirklichkeit. Und der Prophet (saws) weiß so viel, wie Allah (swt) ihm mitgeteilt hat. Und Shah Mardan weiß das, was der Prophet (saws) ihm mitgeteilt hat. Geht hinter Shah Mardan. Wenn eine Krähe dein Führer ist, was wirst du finden? Du wirst einen Kadaver finden. Und dieses Juwel, wer kennt seinen Wert? Ehre... Was immer Allah (swt) dem Sultan der Propheten, dem Stolz der Schöpfung (saws) mitteilte, weiß er. Und was er weiß, wissen die Gefährten je nach ihrer Stufe. Das ist

wichtig. Wenn dein Führer eine Krähe ist, wirst du einen Kadaver finden. Sie läuft zu Kadavern. Nun, die Dunya ist ein Kadaver. Lauft nicht hinter ihr her. Die Dunya gibt euch keine Ehre. Mach weiter, o Shah Mardan. Shah Mardan spricht Haqq, Wahrheit. Sie laufen nicht Kadavern hinterher. Warum hinter ihnen herlaufen? Jene, die hinter Kadavern herlaufen, sind Schakale. Er wird so ein wildes Tier sein. Wer läuft hinter Kadavern her? Hunde. Hasha mina l-Hudhur. Die Ränge, die du erwirbst, die Juwelen, die du erwirbst, such nicht nach ihnen bei Wölfen und Schakalen. Die Propheten wissen über Göttliche Ehre so viel, wie ihnen mitgeteilt wurde. Sie kennen auch die Größe dieses Ranges je nach ihrer Stufe. Sie wissen nur so viel, wie Allah (swt) ihnen gab. Sie können nicht mehr wissen. In Allahs Gegenwart kennt die Ehre, die der Menschheit gegeben wurde, nur Der, Der sie gab. Allah (swt) gab sie. Er kennt die Wirklichkeit der Ehre der Menschheit. O Leute, o Menschen! Seid keine Schakale, Wölfe oder Bären. Seide keine Füchse oder Hyänen. Sie suchen nach Kadavern. Wonach ihr suchen solltet, ist Der Eine, Der euch diesen Rang gab. Derjenige, der mit Göttlichen Rängen bekleidet wurde, weiß es. Allah (swt) gab diesen Rang. Er sagte: Ich mache sie zu Meinen Vertretern. Mach mich zum Vertreter, sagte Shaytan. Ich (swt) tue nicht das, was du willst. Ich tue, was immer Ich will. "Fa`alun Lima Yurid" (11:107). Ich tue, was Ich will. Niemand kann sich einmischen. Die Engel sagten: Mach uns zu Deinen Stellvertretern. Das ist nicht euere Aufgabe, sagte Allah. Dieser Rang, ich werde eine neue Schöpfung erschaffen, die Mein Khalifa sein soll. Ich werde sie mit so einem Ehrenkleid bekleiden, das niemand verstehen kann.

Die Leute werden so sein: Hazrat Insan. Der Titel, der den Menschen gegeben wurde, ist Hazrat Insan. Was für ein hoher Rang. Hazrat Insan läuft nicht Kadavern hinterher. Er steht in der Gegenwart seines Herrn, der ihm diesen Rang gab. Mach weiter, o Shah Mardan. Erkläre es, so daß sie es verstehen. Die Menschen von heute sind merkwürdig geworden. Welche Art von merkwürdig? Sie glauben, ein Rubin und ein schwarzer Stein sind das Gleiche. Ein Rubin ist auch ein Stein, aber nicht von den Steinen unter deinen Füßen. Menschen sind auch eine Schöpfung, aber ihre Schöpfung, ihr Rang ist, Stellvertreter Allahs (swt) auf Erden zu sein. Dieser Rang ist niemandem offensichtlich. Alle Schöpfung und Engel sagten: Mach uns zu Stellvertretern ya Rabbi. Mach uns dazu. "Nahnu Nusabbihu Bihamdika wa Nuqaddisu" (2:30). Wir preisen Dich mit Lobpreis und heiligen Dich. Das ist unsere Aufgabe. Gib uns diesen Rang. Nein, dies ist Mein Stellvertreter. Ich kann diesen Rang niemand anders geben. Schande auf die Menschen, die das

nicht würdigen können. Die Menschen haben jetzt ihr Mensch-Sein vergessen. Was wirst du, wenn du dein Mensch-Sein vergißt? Ein Tier. Entweder du bist ein Mensch oder ein Tier. Jene, die das Mensch-Sein vergessen, was sind sie geworden? Tiere. Seid keine Tiere, seid Menschen! Ein Mensch ist die Schöpfung, die Allah (swt) mit dem höchsten Rang bekleidet hat. Allah (swt) gab niemand anders diesen Rang. Warum lauft ihr Dung hinterher?

Heute ist die Welt verderbt geworden. Warum verderbt? Weil sie nicht wissen, warum sie erschaffen wurden. Niemand weiß es. Sie suchen keine Heiligkeit oder verlangen danach. Die Menschen sind heilige Geschöpfe. Mach weiter, o Shah Mardan. Diejenigen, die Heiligkeit tragen. Allah sagte: Ich werde diese Heiligkeit der neuen Schöpfung, die Ich erschaffen werde, geben. Die Engel sagten: Gib sie uns ya Rabbi. Es kann nicht sein, euere Aufgabe ist anders, ihre Aufgabe ist anders. Die Menschen müssen dazu kommen, sich selbst zu kennen. Die Menschen von heute haben ihr Mensch-Sein vergessen. Sie fragen nicht: Warum wurde ich erschaffen? Sie fragen nicht: Bin ich geschaffen worden, um zu essen und zu trinken? Sie fragen nicht. Um einander zu töten, um zu verbrennen und zu zerstören, sind wir deshalb erschaffen worden? Sie fragen nicht danach. Sie essen nur Shaytans giftige, schmutzige Dinge. Sie sind Shaytane geworden. Sie sind Shaytane geworden. Was macht Allah (swt)? Allah (swt) erteilt uns eine Lektion.

Wenn ihr den rechten Weg verlaßt, wenn ihr den rechten Weg verlaßt, wenn ihr euere Ehre nicht hütet, welchen Wert habt ihr dann? Die Menschen von heute kennen nicht die Ehre des Mensch-Seins. Was geschieht? Ein Peitsche kommt von den Himmeln.

Sie hören und sagen in der Shaytanskiste (TV), daß es einen Tornado in dem-und-dem Ort gegeben hat. Was ist ein Tornado? Er ist nicht wie ein Hurrikan. Er ist auch nicht wie ein Sturm. Ein Tornado ist schlimmer als ein Hurrikan. Was geschieht, ist eine Warnung. Es wird gesandt. Die Menschen heute haben alles. Sie behaupten, sie hätten Macht. Sie stellen Behauptungen auf, aber tatsächlich haben sie nichts. Ein Hurrikan kommt von den Himmeln. Sie nennen es einen Tornado. Er läßt Häuser nicht unbeschädigt, er läßt keine Häuser oder etwas anderes übrig. Außergewöhnlich! Warum haltet ihr ihn nicht auf? Warum geschieht das? Wer sendet es? Eine schwarze Wolke kommt. Sie geben viele Tage vorher Warnungen heraus. Die Menschen sagen: Ein Tornado kommt. Nun, was macht ihr? Ein Tornado kommt, aber welche Vorkehrungen trefft ihr? Keine. Es gibt nichts, was wir tun können. Wir können ihm nicht standhalten, aber er kommt. Wir können uns nicht gegen ihn stellen. Er kommt mit Macht. Er ließ kein Haus stehen an diesem

Ort, genannt Amerika. Sie sagten: Ein Tornado kommt, ganz schwarz. Er verwüstete das Land. Warum habt ihr ihn nicht aufgehalten. Ihr habt diese ganze Naturwissenschaft, alle diese Waffen. Ihr beansprucht, klug zu sein. Warum baut ihr nicht etwas, um euch zur Wehr zu setzen? Sie können es nicht. Sie können nichts dagegen setzen. Die Menschen sind hilflos.

Allah ist der Fähige. Er ist al-Qadiru l-Muqtadir, der Allmächtige. Wenn ihr das nicht eingesteht, werden euere Häuser auf den Kopf gestellt. Ein Tornado kam und stellte Amerika auf den Kopf. Wohin könnt ihr entkommen? Es gibt keinen Ort zu entkommen. Allah sagt euch,wohin ihr fliehen könnt: "Fafirru ila Allah" (51:50). O jene, die sich fürchten, lauft zu Allah (swt). Ihr habt nicht die Macht, euch dagegen zu stellen oder es aufzuhalten. Der Tornado kommt, der Hurrikan kommt. Die Flut kommt. Gibt es etwas, was ihr tun könnt? Nein. Wenn das so ist, gesteht euere Schwäche ein. O Shah Mardan. Ein schwacher Diener, ein schwacher, hilfloser Diener. Bekennt euere Schwäche und respektiert Allah (swt). Werft euch vor Ihm nieder. Wenn ihr euch nicht niederwerft.. Iblis widersetzte sich auch dem Befehl sich niederzuwerfen. Er machte keine Sajdah. Er wurde verstoßen, weg. Er wurde Shaytan. Er sagt: Die ganze Welt ist mein. Nun, nimm sie und trage sie auf dem Kopf. Was kann Shaytan tun? Er spielt einfach Ball. Shaytan spielt ein Ballspiel mit den Menschen. Merkwürdig. Sie können nicht denken. Die Menschen des 21. Jahrhunderts können nicht denken, daß es eine Kraft des Bösen gibt und daß diese Kraft des Bösen eine Flut ist, der ihr nicht standhalten könnt. Es ist ein Tornado. Es kommt herunter als eine Kraft des Bösen. Es fegt alles auf seinem Weg hinweg. Es nimmt und wirft es weg. Was machen die Menschen? Sie können nichts tun. Sie ergeben sich den Fluten.

O Leute. O Shah Mardan, mach weiter. O Leute, sucht nach einem Heiligen. Jemand, der, wenn er die Hände öffnet und ein Zeichen macht, Tornados, Unterdrückung und alle Unglücke zerstört. Gibt es solche Menschen? Ja. Aber ihr seid betrunken geworden. Alle Menschen des 21. Jahrhunderts sind betrunken. Sie können nicht verstehen. Ihr solltet es wissen. Wenn nicht, werdet ihr auf den Kopf geschlagen. Und jetzt werden sie geschlagen. Sie schlagen das arroganteste Land, Amerika. Sie peitschen es, weil Verderbtheit von da kommt. Sie wollen das Attribut der Größe tragen. Größe gehört nur Allah (swt). Niemand sonst kann dieses Attribut tragen. Sie können nur als Diener gekleidet sein. Tragt das Gewand der Dienerschaft, versucht nicht, Größe zu tragen. Und das ist, was sie nicht wissen. Alles steht auf dem Kopf. Nun, wir machten Waffen.

Was ist euere Waffe? Mach weiter, o Shah Mardan. Mach weiter, o Shah Mardan. Die Welt ist in Unordnung, Chaos. Ihr habt nicht die Macht, dem Einhalt zu gebieten. Zu der Zeit - "Aslim Taslam" - kommt zum Islam und findet Rettung. Ihr könnt keine Rettung finden außerhalb des Islam. Andere Religionen, gibt es noch andere Religionen? Die Menschen, die Shaytan anbeten, machen sich über die Führer anderer Religionen und über geistige Menschen lustig. Sie machen sich auch über geistige Führer lustig. Die Menschen des 21. Jahrhunderts, es gibt niemanden mehr, den sie als ehrenwert ansehen. Niemand mehr. Es gibt keine ehrenwerten Menschen mehr auf der Erde. Nun, ihr solltet nachdenken. "Ad-Dinu Nasiha." Religion ist guter Rat. Entweder ihr hört oder ein Tornado kommt und nimmt euch hinweg. Ein Tornado wird kommen von den Himmeln, ein Tornado wird dafür sorgen, daß die Menschen sich gegeneinander wenden, und er wird ihre Häuser nicht unversehrt lassen, noch wird er sie am Leben lassen.
"Addabani Rabbi fa Ahsana Tadibi". Die Menschen des 21. Jahrhunderts brauchen Adab. Sie haben alles außer Adab. Sie sind schamlos. Sie erkennen ihre Älteren nicht an, noch ihren Schöpfer. Alles ist für ihr eigenes Vergnügen. Sie amüsieren sich. Nein. Dann kommt eine Peitsche und schlägt zu. O Shah Mardan, was sagte Sultanu l-Anbiya (saws)? "Aslim Taslam" - Kommt zum Islam und findet Rettung. Ihr kommt nicht, weil Shaytan euch an seine Seile bindet und zieht. Shaytan hat die Menschen von heute zu Shaytanen gemacht. Shaytan ist sehr glücklich. Er ist voller Freude. Warum? Es bläst, und ein Tornado kommt. Die Meere fließen über.
Die Gletscher bewegen sich. Ein Tornado, Hurrikan kommt von den Himmeln. Die Menschen können damit nicht umgehen. "Ad-Dinu Nasiha" - Religion ist guter Rat. Erkennt Allah (swt) an, findet Rettung. Wenn ihr Ihn nicht anerkennt, geratet ihr in Bedrängnis. Na`udhu Billah! Sie machen sich über alles lustig, sogar über geistige Führer. Die Welt des Christentums hat einfach Spaß, amüsiert sich. Wenn ihre geistigen Führer etwas tun, sagen sie: Wie kann das sein? Ist das von den Djinn oder von Shaytan? Nun, derjenige, der das fragt, ist selbst ein Djinn, ein Shaytan. Hütet euch vor Shaytan. Deshalb kam der Islam. Der Befehl: "Fasta'idh Billahi mina sh-Shaytani r-rajim" (16:98) - Sucht Zuflucht bei Allah vor dem verfluchten Shaytan. Shaytan ist überall. Schützt euch. Wenn er euch berührt, macht er euch auch zu einem Shaytan.
Die menschlichen Eigenschaften der Leute sind zu shaytanischen Eigenschaften geworden. Niemand fragt oder weiß etwas über den Wert und die Würde des Menschen. Es ist vergessen. Deshalb gibt es kein Mensch-Sein mehr auf der Erde. Wenn es kein Mensch-Sein mehr gibt, ist er

wie ein Tier, das von der Straße abkommt und sein Meister peitscht ihn. Und die Menschen von heute werden genau so geschlagen. Mach weiter, o Shah Mardan. Dann sagen wir: "Fafirru ila Allah" (51:50). Lauft zu Allah (swt). Sagt: Bismillahi r-Rahmani r-Rahim. So daß Er euch retten kann. Ihr sagt es nicht, ihr werdet nicht gerettet. Allah (swt) hat uns Verstand gegeben. Wir benutzen nicht unseren Verstand. Die Ehre des Menschen kommt von ihrem Verstand. Ein Verstand wird gegeben, aber die Menschen benutzen ihn nicht. Wenn sie ihn nicht benutzen, verläßt die Ehre ihres Mensch-Seins sie, und sie werden shaytanisch. O Shah Mardan, deine Yaran hören dir zu. Gib uns etwas von deiner heiligen Macht, damit wir Shaytan besiegen und uns vom Bösen befreien können. Laßt uns zum Weg des Guten laufen. Möge Allah uns vergeben. Möge unsere Ehre zunehmen. Erfolg ist von Allah (swt). O jene, die angeblich Gelehrte sind, benutzt euer Wissen. Hört Shah Mardan zu. Euer Mensch-Sein, schützt die Ehre des Mensch-Seins. Das wird von euch erwartet. Schützt die Ehre des Mensch-Seins. Wenn nicht, seid ihr wild. Und für Wilde ist der Stock da, der auf sie niedergehen wird, und ein Schwert. Möge Allah uns vergeben Ya Rabbi, wir sind schwache Diener. Sende uns einen Meister.

Möge der Sultan, über den Dein Habib (saws) gute Nachrichten gab, kommen. Möge ein Sultan kommen, um diese Leute zu unterrichten. Ya Rabbi, Du bist al-Qadiru l-Muqtadir. Wir warten auf die Ankunft des Sultans. Amin ya Rabbi. Wir hoffen, die Zeit dieses gesegneten Sultans zu erreichen. Halten wir den Weg Allahs (swt) ein. Bekämpfen wir Shaytan, entledigen wir uns des Bösen. Wo immer es Böses gibt, entledigen wir uns dessen. Dies ist jetzt unsere Aufgabe. Dies ist die Pflicht der Menschen heute: Befreit euch vom Bösen, erklärt dem Bösen den Krieg. Das ist wichtig: Kämpft nicht gegeneinander, sondern kämpft gegen das Böse und Shaytan. Erklären wir allem Schlechten den Krieg. Erklären wir Shaytan den Krieg, der uns unser Mensch-Sein vergessen ließ. Es werden keine Unglücke von oben kommen, noch Schwierigkeiten auf Erden uns erreichen. O unser Herr, Subhansin. O Shah Mardan, deine Yaran lieben dich. Möge der Sahibu z-Zaman zu uns kommen, und möge ein Sultan kommen, der uns wie Menschen leben läßt, so daß Shaytan uns nicht kontrolliert. Schande auf die Menschen, die heute auf der Erde von Shaytan kontrolliert werden. Das Böse beherrscht die Menschen. Entledigt euch des Bösen. Fürchtet euch nicht. Erfolg ist von Allah (swt). Tawba ya Rabbi. Mach weiter, Shah Mardan, das Feld ist dein. Schreibe unsere Namen unter deine Yaran, deine geliebten Freunde. Wir hoffen, gute Tage zu erreichen. Wir hoffen, das Böse mit den Wurzeln auszureißen. Amin wa Salamun

`ala l-Mursalin. Khususan `ala Sayyidi l-Mursalin wa l-Hamdulillahi Rabbi l-`Alamin. Fatiha. Ihr müßt die Macht des Bösen besiegen, damit die Erde wie das Paradies wird. Wenn die Menschen dem Bösen nicht den Krieg erklären, werden sie leiden. Sie werden außerhalb des Mensch-Seins sein und Shaytane werden. Möge Allah uns davor schützen, Shaytane zu sein. O Shah Mardan, mach weiter, das Feld ist dein. Fatiha.

## The sohba of the salihin is to bring the attenders to perfection

The sohba of the salihin is to bring the attenders to perfection, kemal, everyone to his station. Only Allah has absolute perfection. Shaitan always wants to divide people, Allah wants to unite them, but people don't follow Him. Allah wants to join the hearts, but the Ummah doesn't listen to His Words and therefore Allah doesn't help them... May Allah make us from those who understand and apply their knowledge.

## The Sohbat Of The Zero

As-salamu ‘aleykum, ya hadirun. As-salamu ‘aleykum, ey yaran Shah-i Mardan. May our day be a blessed one. The great holy month of Sha’ban, which has been sanctified in Allah Almighty's Presence, which has been elevated in rank and value. May the blessings of the holy month of Sha’ban be dressed upon us, too. Of the majestic manifestations of the great month of Sha’ban, may we, too, be given a share.

Come to us, O Shah-i Mardan. Habibu r-Rahman. Ey yaran Shah-i Mardan. Our path is the path of Allah. Our business is Allah Almighty's servanthood. When you are asked, "What is your occupation?" say: "I work for Allah." Don't say, I am out of work. Come to us, O Shah-i Mardan. Everyone is struck with awe at your words. May the honour of this great holy month of Sha’ban be dressed upon us. May it be dressed upon our outward aspect and our inner aspect, too. O Shah-i Mardan, Habibu r-Rahman. Shah-i Mardan, those who admire you, those who love you; those who love you, who admire you. Ey Shah-i Mardan your lovers are struck with admiration for you. Admiring you for your honour, for your light, for your adab, those who love you. Count us also among those who are with you. masha'Allah kan, wa ma lam yasha' lam yakun. What Allah wishes comes to pass, what He does not wish, will not happen. Let us ask, and Allah will grant it.

Now Shah-i Mardan is speaking this: Kunu ma’ Allah, be with Allah. O those of you who love me, who regard us highly and who admire our path: you must live for Allah so that you might be given more honour. You must join the path of the Beloved to whom the Lord of Glory has given His Love; on his path let us travel. Let us find honour on it. Come to us, O Shah-i Mardan! Let this day be a good day for us, by the blessing of your prayers. Let us find honour in what you address to us. Thanks be to You, O Lord. May our eyes and countenance be given Light. May

our body be given health. The month of Sha’ban the Grand has arrived. It is a month which has been made great in the Divine Presence of Allah Almighty, a blessed month.

Come, O Shah-i Mardan, the words you speak are accepted, and your adab is exalted. O Nation of Muhammad, ta’allamu, learn. You must learn. A farmer learns farming from his father. A gardener learns gardening from his father. A servant learns his servanthood from Allah's servants. What is our occupation? Our occupation is Allah's servanthood, our service of the Lord. Therefore, come to us, O Shah-i Mardan, your lovers are struck with awe of you. Let us begin, let us begin, in the Name of Allah. Whatever you begin, begin it in the Name of Allah. Write for Allah, speak for Allah. Work for Allah, walk for Allah, move for Allah. Leave the path of shaytan, O sons of Adam!

Allahu Akbar, Allahu Akbar, Allahu Akbar wa li-llahi l-hamd. The son of Adam finds honour with reciting takbir, with Allahu Akbar he finds dignity. Constantly say: Allahu akbar, Allahu Akbar. Our Lord is Allah, our Prophet is the glorious Muhammad. Inspire us, O our Lord. Let Him inspire us with good things, our Lord of the Heavens and the Earths. He wishes it, He calls us to become His servants. Come, O Shah-i Mardan, O lion of Lions. From his dignity Your creation trembled. He who was made grand in Allah's Presence, Shah-i Mardan, pay attention to him, learn from him, ta’allamu. "fa inna l-‘ilma faridatun ‘ala kulli mu'minin wa mu'mina", Knowledge was made an obligation on every believing man and woman, on every Muslim man and woman.

Learn! What shall you learn? First, you must learn about yourself. Who are you, who am I? Eh, look in the mirror and find out. When you look into a mirror, do you learn about yourself? When you look in the mirror, you see a shape. Who is that? If there is no mirror, man cannot see himself, he cannot know himself, cannot become acquainted with himself, cannot understand. He cannot serve. So first you must learn who you are. "Identity" they call it nowadays, your identity card. The official looks at it, then he looks at its owner, and says, yes, you are that person. If that man does not confirm that you are that person, that person cannot know himself, he does not know his identity. Because a person cannot by himself look at himself. He needs a mirror, he looks in the mirror and sees: That must be me, that is who I am. If he has no mirror, he cannot know himself.

Come, O Shah-i Mardan, Habibu r-Rahman. Let us have a good day. Our day today, is the

second, the third day of the great, blessed month of Sha’ban, masha'Allah. Sha’banu shahri, the month of Sha’ban is my month. Allahu Akbar, give takbir. Allahu Akbar, give takbir. Allahu Akbar, Allahu Akbar wa li-llahi l-hamd. Everyone, mankind and Jinn, tremble before him who gives takbir. Therefore, give takbir. Allahu Akbar. Allahu Akbar, Allahu Akbar wa li-llahi lhamd. Come, O Shah-i Mardan, today is the third day of the great month of Sha’ban. May your high-minded himma reach to us. Let us find out, for whom we were created. Let us get to know our identity, who we are.

If there is no mirror, a person cannot know himself. No. When he looks into a mirror, he says: That must be me. He knows himself from a mirror. He should have a mirror with him, a mirror, so that in the Divine Presence he might know what he is, and who he is, and what he may be living for. So that he might know this unique feature. What are you and who are you, and what is your occupation? This is Shah-i Mardan's teaching. O Shah-i Mardan, who is the Master of the Field, who is in awe of his Lord. Let us listen to you. Ta’allamu, learn! Knowledge is an obligation for both men and women, he says. As much as he needs, as much knowledge as he needs to make himself known to himself - that is obligatory for everyone. Who am I? If you can't find an answer, they will lead you away and tie you up in the donkey stable. If you yourself do not know who you are, they will put you in the stable. You will know yourself.

Come to us, O Shah-i Mardan, your words are lovely. He says, Man must realize that he is human. He sees an image, a picture he sees and says: Heh, so that must be me... That is your form. It is an image, a photograph of you. But where is the original of what is shown in the photograph? Yes, if the original subject of the photograph is not known, of what use is it? In that case, what does identity mean? It is not clear who he is. You must learn about your own identity. Bismillahi r-Rahmani r-Rahim. Marhaban. Marhaban, ey yaran Shah-i Mardan! Let us know, let us find out, let us get to know ourselves. He who does not know himself is an animal. You are a human being. Your identity is not the identity of animals. Your identity is another, animals have a different identity.

Talabu l 'ilmi faridatun ‘ala kulli muminin wa mumina" - talabu l-‘ilm, the search for knowledge is obligatory for every man and woman. Do we fulfill the duty of this obligation? How should we fulfill it, how should we get to know? Man cannot see himself. Only when there is a mirror he says: So that one there is me. Who can this possibly be? It is you. How strange! So, that is me.

Come in front of the mirror and have a look. Turn and look at yourself from all sides. So this is me. If you don't know this - he who doesn't know his own identity, is an animal. Speak, O Shah-i Mardan, Habibu r-Rahman, you are the Leader of Brave Men. Your way can lead man to his own humanity. What are we in need of? Since we are human beings, where is our humanity? You need a master to lead you to yourself, who will lead you towards yourself. You are an unknown, unrecognized being. But you need a master who will take you to this existence, who will take you to yourself.

That is exactly what mankind today has lost. They strive in vain. They study and learn for years and years. You studied for so many years, received some kind of certificate, some diploma or other. Have all your studies brought you any closer to yourself? You read many volumes of books, but does anything you read bring you any closer to yourself? That is the art, that is what needs to be learnt. Shah-i Mardan is necessary in order to teach us this. He will take you to yourself. O you people living in this world! Which one of you has reached to himself? You are far from yourself, very, very far from yourself. Come closer. Reach to your true identity, come closer. It should be known who you really are, you must know this. You need Shah-i Mardan who will teach this to you. Eh, they study until their heads throb, then they are given a piece of paper, a certificate. Does that certificate, does all that you have studied, bring you any closer to yourself?

O all you people, all you who are regarded as scholars! This is a question. Have you learnt any knowledge that will take you to yourself? Eh, he has not taken that kind of course. He has never met anybody who teaches such courses. Eh, if you have never seen one, then you are an unknown being that has not yet discovered itself. O you people! Search for such knowledge that will take you towards your humanity. O Shah-i Mardan, come and speak to us. Through studying alone, he cannot progress. By constantly staring at a stone, man cannot learn about himself. It is our duty to find out about ourselves. What is life like for one who does not know himself? His life is zero. A beast eats and drinks; that man is of that category as well. A donkey eats and drinks, and it knows about its being a donkey.

Eh, man also eats and drinks, but what does he know about his own self? Does he know himself? Where have all these creatures come from? This existence, who gave it to me? Do you have an

answer? Who am I? Is your identity defined by your physical existence? Or do you reach to some spiritual power? If you had no spiritual power, you would resemble the donkeys in their stable. You must know your own self.

Allahu Akbaru l-Akbar. Come, O Shah-i Mardan. Come, O beloved friends, let us speak: Bismillahi r-Rahmani, Bismillahi r-Rahmani r-Rahim. The key to all hidden truths lies in Bismillahi r-Rahmani r-Rahim. Formerly, the very first thing children were taught to say was: Bismillahi r-Rahmani r-Rahim. Even if he did not know its meaning, he would receive blessings from it. Bismillahi r-Rahmani r-Rahim. One who says Bismillahi r-Rahmani r-Rahim throughout his life, his face will be lovely to look at. His deeds will be righteous, he will be loving and lovable, he will love and be well beloved. He who cannot feel love, will not be loved in return. He who cannot feel love is not a human being. Man, he is the most highly honoured human being. He is very, very precious. But nowadays, after the first age of ignorance, after the jahiliyat ul-'ula, people have entered the second age of ignorance. They no longer ask: Who are we? They just run in the streets.

Eh, what are you running for? What are you looking for, by running in the streets? Is there anybody there, he should say to the people running in the streets. Why are you running? What are you looking for by running in the streets? Is it food or drink? Everybody eats and drinks, even animals have their allotted provisions. Why, then, are you running, what is it you want? O you people of the 21st century, these are important questions. If you can give an answer, you are the greatest of all scholars. Why am I running around in the street? As soon as I awake, I get up and begin to run around. What are you running after, what is it that you want? Are you looking for something to eat? Everybody has that. So what else is it that makes you run around like that? I need to get my certificate. No. Does your certificate fill your stomach? Does it give you any honour? Because that certificate did not make you known to yourself. It does not identify you to yourself.

Eh, what is a person who doesn't know himself looking for? What he is looking for is zero. What is zero? That is the question. Ask the most knowledgeable person: What is zero? He will answer you: Zero is, zero is the mark of nothing. So if you place the digit 1 before it, what does it become? It turns into 10. That has a meaning for you. If you add another zero to it, it will give you yet another meaning. A one in front, followed by zero and another zero and another.. People

become confused. If we take away the 1, what will be left over? Zero is left.

Eh, you must understand, understand your own condition. If there is no number one, you are zero. Who is number one? Ask this. If you cannot answer this question, what good is all that you have read and studied? For what is all your struggle? For nothing. You are zero. If you add a 1, you become 10. If you add another zero, two zeros it becomes 100, if you add three it becomes 1000. What sort of mystery is this? In this zero, what miracle lies in its being zero? Is there a miracle in being a zero? There must be a kind of miracle there, if you place a zero after the 1, and it becomes a 10. Allah Allah. A zero after the 1 has a certain value. If you place a zero after the 1 it becomes 10. Eh, so what is zero? Zero is the absence of something. If you add two zeros, you get 100. How did it get to be 100, what is 100?

Ask, O man! O you philosophers, ask! What is it that the mindless people who upset the world nowadays are running after? It is zero. So, describe zero to me. Describe zero to me, you cannot do so. Come, O Shah-i Mardan. Come, so that we might understand. Let us understand and know. Zero, ha! A zero following the foundation of your existence makes you into 10. Two zeros make you into 100. And you proceed from there. If I add 10 zeros, you get a number you cannot read, that is to say, you cannot identify it. Two zeros after the 1, that we can understand. 3 million, 4 trillion, quadrilions centillion, hexillions and so forth. It goes on and on. Eh, so how far does it go? Ask yourself, O man. We placed a zero after the 1 and you became big. One zero after a 1 makes 10, your value is 10. If you place two more zeros there, your value will be 1000. If you put 3 zeros, it will be 1000. It grows in value. Eh, if there is no 1, what remains in the universe? Zero is left.

O proud people of the 21st century, answer this. Don't say, I have my diploma. Understand these words I am speaking to you. Number 1, when does it gain in value? If you place a zero behind it, it assumes a value. If you place two zeros, its value increases. Add many more zeros, and man can no longer comprehend it. Zero wants to perfect you. Where are you, O scholars, O Islamic ‘ulama? Speak up. Let the European scholars and ‘ulama speak up. Come, O Shah-i Mardan! your beloved friends are in awe of you, explain to us.

So, man is made from zero. If there is no 1, man is at zero. If you put 10 zeros, 10 zeros will give you no identity. If you take away the 1, and put 100 zeros, it still gives you nothing. The only thing giving you value is the 1. What is there other than 1? There is zero, nothing. O man, open

up and learn! This is an important point. If you say "I", of what does your self consist? Get on a pair of scales, let them weigh you, like they weigh an animal. I weigh 60 kg, 70 kg, he says, I weigh 100 kg. What is your value? Your body has the weight of an ox, is that what gives you your value? How is that? It does not reach to the root of the matter. Man, he is the most honoured human being. He possesses a certain honour. With this honour he finds his worth in the heavenly realm. If he loses that honour, there is no place for him in the Kingdom of Heaven. They will kick him out. He who rises up, will be with 1. Who sinks down, will be with zero. The true dimension of man is to rise upwards. To sink downwards signals his unworthiness.

These issues are good for waking people up a bit - the power of thought, we call it, by way of activating our intellectual systems. Shah-i Mardan is giving us training. Tell me, then, what is your proof for your existence? Bismillahi r-Rahmani r-Rahim. That is your proof for your existence. But you do not present this. You are lower than the animals. Say: Bismillahi r-Rahmani r-Rahim. Your honour will grow and not decrease. O our Lord, You have sent us, in order to teach us our identity, the Sultan of all Your Prophets. You have sent his representative, Shah-i Mardan. What a beautiful expression you used! You are either zero, or you are 1. You are zero. If there is no 1, there can be no 10. If there is no 1, there can be no 2. If there is no 1, there can be no 3. If there is no 1, there can be no 5. A strange, wonderful science. Learn this.

There is no end to the mysteries contained in the human being. Do not make such a big fuss, O people! Because you are zero. If you do not know that you are zero, you have no honour. Man, the most highly honoured human being. "ya ayyuha l-insanu, ma gharraka bi-rabbika l-karim" (82:6) What is it that makes you proud, that deceives you into arrogance? Is the reason for your opposing the Lord the zero that is in you? He has Existence, He is not zero. Zero - that is you.

O our Lord, You have sent us the Sultan of Prophets to teach us the ways of adab. Let us learn them, let us be filled and enlightened by them. Let us say Allahu Akbar. Let us say: Bismillahi r-Rahmani r-Rahim. Let us begin, let us go ahead. O our Lord, forgive us. For the sake of the great month of Sha’ban, let us desist from hurting, killing, burning and destroying each other. It is Your command: "wa la taqtulu anfusakum" (4:29) O My servants, do not kill one another. The Injil, Tawrat, Zabur and the Glorious Qur'an all announce this command of Allah. Do not kill, He says. Bring to life. Raise them up. If you have killed, you are lowered down to zero. If you rise up, then you will have value.

Subhan Allah, Sultan Allah. O our Lord, a word they can understand, here Shah-i Mardan speaks to his own beloved friends. If only we, too, were able to understand! Let us make an effort, let us be there in his assembly. Ey yaran Shah-i Mardan. How lovely you are, how acceptable! You are acceptable in this world, as well as in the hereafter. O our Lord, forgive us. For the sake of Habib-i Mujtaba, for the sake of Habib-i Mustafa, let the gates be opened, O Lord. So that mankind might find his honour. Man finds his honour within himself. He finds it when he realizes that he is zero.

O Shah-i Mardan, draw your sword, Dhu l-Fiqar! Strike those who are trying to make people into zeros! Subhan Allah, Sultan Allah. O our Lord, forgive us. The blessed Shah-i Mardan teaches us. Let us learn from him, insha'Allah. What will you learn? You will learn adab. "addabani Rabbi", be well-mannered. Learn your adab, everything lies in that. al-Fatiha.

May Allah raise us together with those of good manner, don't walk with ill-mannered ones, lest you become ill-mannered yourself. Go with the accepted servants of the Lord so you might become acceptable. Stay with those who have beauty, so that you, too, may become beautiful. Do not go with donkeys, lest you, too, become a donkey.

Let us partake of the blessings of this great month of Sha’ban. Let us walk in the path of those who are accepted in the Divine Presence. Let us say: Bismillahi r-Rahmani r-Rahim. al-Fatiha.

This is the sohba about zero. This is the sohba of zero. Allahu Akbar, Allahu Akbar Allahu Akbar wa li-llahi l-hamd.

al-Fatiha.

## Sohbet for Argentina

(As-salamu alaikum, Last night I asked the Sheikh if he had any message for the group in Argentina. We were in the television-room having tea after Isha. He was very nice and he gave a small sohbet, and he said that you should also spread this message like you are doing with the sohbets:)

"Bismillahi-r-Rahmani-r-Rahim, Naqshibandi brothers and sisters of the Muslim community in Argentina!

First of all we are thanking to Allah Almighty that we are accepting Him, our Lord, and also we are thankful to Allah Almighty that we are from the nation of Muhammad sws.

We are servants for Allah Almighty as well as everyone from mankind including prophets and saints and angels- they are servants for the divinely service of Allah Almighty.

We are believing that everything is in the hands of Allah Almighty, everything that is happening on earth He is knowing and He is arranging for

everyone's destination.

Our advice to our brothers and sisters in Islam is to believe that Allah Almighty is guiding believers for a good direction, a good ending, here and hereafter, to Paradise.

We are believing that the most important point (item) for believers is obediency, worshipping and servanthood for Allah Almighty. That is our life-principle. So first of all everyone must take care of their responsibility through their lives, and it is as we said: Obediency, worshipping and servanthood to Allah Almighty.

Secondly: We have been offered to look and to run after or take our provision, rizq, that Allah Almighty just granted to us, and the way to reach to our provision is through crafts, trading and agriculture.

These are three ways that we may reach to our provision easily and in a Halal way. And you may find so many kinds of works through crafts and business and agriculture. These three ways give benefit to yourself as well as to other people. And that is the best way for our provision: to give benefit to us and to others.

Beyond these three ways we are not interesting in anything else like to be employed by the government, in offices or companies. No. But the way that we are offering to our brothers and sisters is a free way. Like this everyone can be free to reach to their provision in a Halal way, and if anything is happening, it will not affect our brothers and sisters in the Tariqat.
I heard about Argentina, that the economical level of the government fell down to the lowest level and they became bancrupt.

Therefore you must keep your positions, trusting in Allah Almighty, that you should be in a good position even the government is bancrupt and the big

companies closed down. You must be very careful not to involve in things that common people do in the streets against the government, harming people, perhaps killing or injuring them, burning or stealing people's property.

We must not do that. We are seeing these actions as prohibited actions, that have been prohibited through the Taurah, the Old Testament and the New Testament, as well as through the Holy Quran. Those who are saying that they are Christians must not do that- they must not harm people's soul, property or business. They must keep it- as every religion is keeping the rights of people. What is not yours, you cannot touch. That is the right of people on each other.

Therefore this is the common advice for all nations living in Argentina: Don't do such prohibited actions, because Allah Almighty is never going to be happy with such evil things. The rights of people must be protected by everyone. And everyone's right must be protected by everyone. If not, there is never going to be a good result, and there is not going to be a solution to save Argentina from this worst position.

And our advice to our brothers and sisters in the Naqshibandi order is to keep Allah Almighty's favours carefully- not to waste. Wasting brought those heavy circumstances for the people, because they wasted millions and billions of Dollars for nothing. If they were using it for something (beneficial), never this curse had come on them. But because they wasted His favours, the Lord of Heavens is punishing them now. That is a cursing from Heavens, not a blessing (what is happening). Also people were doing disliked and prohibited things, that are cursed, and therefore the Lord of Heavens is sending cursing on them.

The must say: 'Pardon to our Lord'- then Allah Almighty may change. As long as they are not saying this, the people of Argentina will fall down further.

If, instead of burning, stealing and destroying shops and markets, people come on their knees ad say: 'O our Lord, forgive us! Pardon to you!', their Lord quickly may change their bad conditions to good conditions.

This is an advice for our brothers and sisters that belong to our Tariqat, as well as for all Argentinian people, as they are all our Lord's servants: They must be good servants, followers of the prophets and the holy books, not followers of Shaitan and devils. This is a warning, a heavenly warning to them. If they take care, they should be saved. If not, they will be destroyed. Blessings are on those who follow the prophets, peace be upon all of them!

The door to our provision is not closed. Look birds- they have no market, no salary, no money, no work. Every morning I am seeing the birds in the sky, the ravens. First they check the walnut-tree. They take from the nuts, throwing them down, and when they are broken, they come and eat them. Allah Almighty is never leaving them to be hungry, no. And they are created for the honour of mankind. Every creatures finds its provisions- so what about mankind?! It is Allah who is giving the provision to His servants.

People are going to leave the big cities now and will slowly come to the countryside... Argentina is such a rich country, it is five times as big as Turkey with a population of only 16 million people. They have so many animals, jungles, endless fields, trees- they may find something to eat. They may hunt rabbits, may make Kebab from them and eat them without salt and bread. It will be a diet for their bodies- never getting fat...

But people are accustomed to everything to come to them. No, that is finished. These markets and supermarkets are not coming back... People must come to nature. Nature will feed them, by the permission of Allah (bi idhni-llah).

From now, if they have rented houses in the capital Buenos Aires, they may

move slowly out of that huge city and may try to build small villages with ten or more families, with houses from wood. They may make small gardens and keep goats, sheep or cows, and they must keep hens, because it is summertime for them. Until winter I hope that a change will come to all nations. One after one all nations will reach to the same point like Argentina. Argentina opened the door of foolishness, and so many nations are going to fall into it also, one after the other...

That crises is not economical, but a crises of people's life-principles, because they left the principles of life that are mentioned in the holy books and they follow the principles of devils- satanic principles. All of this brought them to that point...

Alhamdulillah- here we have no crises! Daily one hundred people are eating and always there is food left, no matter how many people are eating. And the food is even increasing with Allah's permission... And it is Allah who makes you satisfied (not the food)... Everything is coming to us, nothing is missing..."

(When I told him that people were not coming to the Dhikr because of the troubles, he said:)

'Do they think that when they leave the Dhikr, trouble is finishing? No- getting more!'

(He also said that there is no need to make the same Dhikr that we do in the evenings, because it is heavy. He said it is enough what we are doing here.)

# THE SOLAR ECLIPSE IS A SIGN OF APPROACHING PUNISHMENT

There is going to be an eclipse tomorrow. The Arabs are using one word for a solar eclipse and another world for the lunar eclipse. The Turkish people use one word for both eclipses. This word is “tutulmasi” and this is so easy. No thing in existence can do anything by itself. Everything is under the Dominion of Heavens. Dominion is more than malakut. Allah is Al Muhaymin ‘ala-l mulk wa-l malakut. Therefore this is a very big happening through the sky and space. The sun will lose some of its light coming through to Earth either partially or completely.

So many people say so many things about this. The Seal of Prophets too gave some information on this. He did not however give a detailed description or definition about this. This is because he was not authorized or ordered by Allah Almighty to give details about everything that is to happen. Therefore he did not give complete and full information regarding this. What was important from the Prophet (sal)’s point of view was to call people to servanthood. As an example a person who looks after the palace of the sultan does not give full descriptions of the construction of the palace but instead only gives the necessary information about the palace to a person who

inquires. The Prophet (sal) has been asked to give important information on servanthood to his Lord and therefore detailed information of some events like the eclipse was not mentioned by the Prophet (sal).

Allah Almighty says that there are seven heavens and seven earths. We know it as east and west or eastern countries or western countries. Now Shaitan is making people to lose the importance of what they have been called earlier. This is like a servant cleaning with a broom and then putting the broom away and saying that this is not true.

The Prophet (sal) knew everything about creation. He knew more than anyone else. Perhaps everyone else was taking all the real information from him. The Prophet (sal) knew the reality of everything. Regarding the eclipses the Prophet (sal) was saying, “there are solar eclipses and lunar eclipses” but he did not bring a full description on them. He only described what was necessary. Perhaps he may say, “it is a happening which only Allah Almighty knows.” As to what a solar eclipse or what a lunar eclipse is he did not described. He did not say that the shadow of the moon is falling on the sun or the shadow of the sun is falling on the moon and this is why these eclipses take place. No he was not giving details. He was only saying that the eclipse of the sun or the eclipse of the moon are of the big signs of the Power Attributes of Allah Almighty.

A big sign that He is the only one who can make this happen through space, to let it be light for a while and darkness for awhile and when the darkness disappears the light appears. Therefore he was asking, “when there is light where is the darkness and when there is the darkness, where is the light?” The knowledge of this is known only by Allah Almighty. He has also given special knowledge about this to Seyyadina Muhammed (sal). He was saying that this is ‘min ayati-llah’ that is to say a sign from the Greatness of Allah Almighty and His mighty Attributes and that no one can prevent it or have any influence on it. He said only this and this is what was important for his servants. He is the only one who can command the darkness to come on the sun and

to cover it and therafter from darkness to make it bright again. This also so where the moon is concerned.

We have never been asked to get deeply involved in finding out why the eclipses take place or to go very deep into this. It is forbidden. You must use heavenly knowledge to find the real cause of everything. Nothing else. But they now say so many things and forget the most important thing. The important thing is that nothing can move by itself or do something by itself. But Shaitanic teaching says to people don't ask anything about that type of knowledge, you must say that the moon's shadow is falling on the earth or the sun's shadow is falling on the moon and this is how an eclipse occurs.

They give you so many interpretations on this and they finally say that it is going to be an eclipse of the sun or an eclipse of the moon and they also say that it is of creation. They never say that it is something that is happening and taking effect from outside. They are giving so many reasons for the eclipse of the sun and the moon but never that Someone is making that happen.

We however are looking and we see that the Prophet (sal) was saying that there are some signs for this. It is not empty. It cannot be. There must be some reasons behind this that Allah Almighty is trying to show mankind, asking to show His endless power oceans in order to make people to bow to His servanthood and to take care. This is the main purpose for the big signs from Allah Almighty's endless power oceans.

People are expecting an eclipse tomorrow. Tomorrow is going to be the last Wednesday of Safaru-l Khair. It is not a coincidence. This is happening for some reason. Allah says We are sending our heavenly signs to make people to come to the level of servanthood. Not to try to go above servanthood. There is only Lordship. Lordship is only for Him and it is only one and everyone else is for servanthood. Allah Almighty is asking them to know that only He can do all things. Oh people if you are doing something wrong, you must fear your Lord Allah Almighty as a punishment may

come either here or hereafter. There must be a warning of this. This is the warning. This warning is given when people leave the right path and follow wrong ways. Allah Almighty is then saying, “I am going to punish my servants.” This is a sign that punishment is approaching mankind.

I heard today from my son-in-law that another eclipse like this after this particular one shall only come again after 55 or 60 years. This means that it is a punishment or a sign of a punishment that is approaching mankind on earth for their bad actions. This is coming and will happen. After this happens for the next 55 years it will not be happening as at that time there will only be true ones on this earth. Therefore there is no need to warn them “you are on the wrong way, therefore correct your ways.” Therefore after this eclipse for the next 55 years or 60 years another eclipse of the sun is not going to take place. It is only after this that another eclipse will take place.

I am getting good tidings that the time of Imam uz Zaman Mahdi Sahib uz Zaman is just about to appear because this is a sign for his appearance - “zuhur”. The eclipse of the sun is a big sign. There is also going to happen an eclipse of the moon but the more important sign is that Allah Almighty is trying to make His servants to wake up and to look at themselves to make them to think on what they are doing as an appearance of an eclipse of the sun is a heavenly order that there shall appear something as a punishment. It can be earthquakes or tsunamis. The sign is that punishment is approaching.

Make your Tauba (repentance). We are not talking about the thin lines that they say are running across continents. They are old stories and there is no reality in them. May Allah forgive us and protect you from the last day’s punishments. We are waiting for the good days with Mahdi (alai) who is the Imam uz Zaman. We are waiting also for every bad thing and falsehood to be taken away. We are waiting for the good days and for the good works of people. We are waiting for enlightened days and enlightened nights. May Allah forgive us.

People now are fearing and running away from their homes and putting up tents elswhere but no one knows the time of that misfortune or earthquake. They may expect it to be on the last day of safarul khair. If it is not happening on that day then it might happen on the next day. If it still not happening on the next day then may be one it will happen one week after this or may be one month after this or may be even one year after this and then suddenly that punishment may appear. Therefore we asking for forgiveness and that Allah Almighty protect you and us and shelters us both here and in the hereafter. For the honour of the most honoured one in his Divine Presence Seyyadina Munammed (sal). Fathiha.

## Adams descendents: Some obeying some not

Destur, ya Sayyidi, ya Sultanu-l Awliya, ya Rasulullah, Meded, Hasbi Allahu wa niamal Wakil, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Man, mankind, people, when Adam alayhi salat wa salam was landing on earth and his generation (was) spreading around this world, becoming some of them were coming to obey to their Father’s. They were trying to keep that heavenly Commands on earth, (but) some (others) of them were refusing to obey heavenly Commands and the generation of Adam a.s. (was) coming to be into two parts: one part (of his children were) obeying (the) holy Commands that he a.s. just had brought to his generation, and some others (were) making themselves free and saying that: “We are not following your Commands. We are not believing what you are saying and our feelings (are) giving to us to be free ones. We are asking freedom, we never like to be under any command, no- we like to be free ones!” So that people (were) going to be into two parties: one of them (was) asking to keep holy Commands and the second party (was) asking to be free from any Command that had been sent from Heavens to the first Prophet S.Adam a.s.

When Shaitan was thrown out and kicked down on earth, he was swearing and saying: “Oh, the Lord of Heavens! Just (Your) cursing (is) coming on me for the reason of the Children of Adam and I am going to take my revenge from his generation. I am going to run after them to prevent them not to follow Your Commands, heavenly Orders! I shall try, as much as possible, to make them not to listen (to) Your holy Commands. That cursing on me must come on them also!” And when he (was) thrown away from Heavens (and) landing on earth, from that day up today, he never rested, he never slept, he never tired, saying: “I must follow everyone from Adam’s children not to be obedient ones, (but) to be cursed ones! You are giving to them the honour to be Your representatives on earth, but I am going to run after them, not to accept to be Your representatives, but I shall make them to follow me, to be my representatives!” (And the) divinely Command (was) just addressing to (that) cursed one: ”You can do anything, if you can do. Go, Demon, and try to do what you are asking to do with them. Who is following you, with you I am catching (both of) you finally and I am putting (both of) you in fire!”

And he was beginning his importance. How he was going to do this? He was so Shaitan, so dangerous ideas, to make servants of Allah not to obey to Him Almighty. How he was successful? He was saying: “Oh children of Adam, look! Those people who are obeying to Adam, they are not free ones; they can’t do, as they like! I am calling you to be with me! I am taking (away) every order that (is) making you to be servants, (and) I am making for you an earth, a free life. Freedom for you! Come with me and live as you like! I am putting my flag that (is) written on it: Freedom! Let Adam and his obedient children to keep Orders; that is a heavy burden on them, they can’t live as they like, leave them to be suffered, to make themselves always under a control and they are preventing their desires”, because there is a heavenly Order for your desires: some of them it is okay, Halal, granted to you, and (the) second (kind of desires) is forbidden. “Who is coming with me, I am not ordering to you anything, no! I am opening for you a land that everyone may live as they like! No any obligation on you, nothing forbidden for you- nothing (is) forbidden (for those) who (are) following me!”

And from that time up today these two parties’ struggling continues, their fighting is going on, and satanic freedom is attracting people and people are running after Shaitan, because his attraction- that he is promising to people an unlimited freedom- (is) collecting people to run after him. From that time step-by-step, step-by-step people are running and asking ‘freedom’, unlimited freedom.

Now we are nearby to the Last Day of this life on this planet; we are approaching there, and you are looking

and seeing everywhere that (this) satanic freedom (has) reached to (the) top point, (the) top point of 'freedom'. Allah Almighty is making (a) ban on 8oo activities or movements or thinking in such a way; (and these) 8oo kinds of (the) satanic freedom table (board)- it is a table and it is written on it, just the Seal of Prophets brought it- it is (these) 8oo (forbidden) points that Shaitan is calling people to do them, to follow that 'freedoms'. It is just 8oo; can't be 801. The limit for mankind to do, (the number of) that cursed and worst movements or activities, (it is) reaching to 8oo. (There is) no more power to run after that point more, to ask more freedom. And we in our days just reached what Prophets had written on that table: 8oo forbidden works and activities. 1, 2, 3, 4, 5, ...every forbidden thing people now are making! Now it is for them the last point of freedom, under the flag of 'democracy'.

(The) democratic system (is) giving (to) people unlimited freedom to do everything, as they like. Nothing (is) forbidden! And people upstairs, up, people on (the) top point, (who have) unlimited freedom, they are giving much more courage to people. First they are making man to waste their precious lives with something that (has) no meaning- no any benefit (for it): billions of people Shaitan (is) making (to run after) football! What (is a) football? One ball! Billions of people- not millions-are running after that, wasting their lives for this! What is that? What is that foolishness? And, Subhanallah! I was angry with that always, because from small ones, (from) childhood, up to 3o years, people are drunk from football. I was so unhappy and I was throwing this bad desire that people (are) just running on it. Then, from our (spiritual) headquarters (they were) sending to me a message, saying:

"It is as you are saying (and) showing, that billions of people (are) just occupied with that football. Oh Sheikh of this time, you know, but we are saying to you- perhaps someone is asking: It is a very good idea (from) whom (was) bringing that football through (the) whole world. They are playing and occupying the heads of (those) people, whose heads (are) only like (that) football, nothing in it, empty heads. You must be thankful, because they have been occupied with that football. If it was not coming in acting, that football, those people, billions of people should run after worse activities that you can't find any way to save people! (Therefore) leave them, billons, even (if) through their lives (for) some hours daily or (the) whole day or weekly they are only thinking on football and (they are) looking on it! (They are) prevented from worse activities. Leave them, but say to them that this is a shaitanic activity that (is invented) to make people not to pray! They are occupied by football and football (is) preventing them to think anything else and they are forgetting their

servanthood in the divinely Presence and they are wasting their lives!”

But after this there are 799 other (things), that (are) harming humanity through their honours and destroying mankind physically and (also) destroying mankind spiritually. Full, under the umbrella of ‘democracy’.

People are running to make democracy- everyone must speak, everyone must be free, everyone (is) asking to live as he likes! But it is also a dream that (is) never going to be reality, no! They are taking up the flag of democracy and (they are) using it only for cheating people! (It is only) for (the benefit of) someones, (that they are) making (some of) common people to reach to their habits, to reach to their aims and (the majority of people) man commonly they are never given anything (of) what they are asking. (It is) never granted an absolute freedom, no, only (for) the headquarters for (that) bad system of world governing systems. It is only cheating people! They are 1st class liars, 1st class cheaters, 1st class wild people, 1st class violent people- no mercy with them, no justice with them, no any good quality with them, they are just (the) representatives of Shaitan! (The) head ones, not the feet ones! Feet ones (are) always kicked and cheated. That freedom (is) only for a few people. They like to do everything as they like, to use nations, to use men, to use women, for their bad, for their worst desires, for fulfilling (them). So that all nations, all mankind either (are) going to be the representatives of Allah or (they are) going to be cheated by devils and they are (the) representatives of (a) shaitanic life and (they are) running and running and never reaching to anything.

Oh people! We are making you to take care, it is a warning! People are every day crying and they are saying: “Ohhh, so many people (are) killed here”, “Ohhh, so many people are killed there!” We are looking that they are so sorry from bad events, but they (are) never asking what is the real reason and they are knowing nothing to stop it. If a physician (is) understanding what is (the) problem with his patient, (he) may cure that one. If he is not understanding, (there is) no cure (for the patient). Now (the) whole world is drunk and they never know how (they) should cure terrorism, never knowing how they should stop that violence on earth. I am saying: “Look (to) East and West- what you are finding? Your armies, your nuclear bombs, your tanks, your guns (are) never finishing that (terrorism), (but it is) growing up! It is like some grass- if (you are) cutting (it), after a while (it is) getting up (and growing again), because its roots (are) not taken away. Roots (are) enough (for it to grow, so that) after a while you are looking: “Ohhh, (but) we were thinking we finished it, now it is growing up (again)!”

If (you are) not reaching to (the) real cause (of a problem), (it is) impossible to finish (that violence) by guns, by planes, by rockets- you can't do anything! You must leave Shaitan! You must understand in which trap you fall; with which trick people are coming in (Shaitan's) trap you must know! You must know this, if not, (it is) impossible! All nations should die, but violence (is) never going to finish, until people understand (that) this is a shaitanic (that) they (are) making people to kill each other.

Allah (is) never ordering people to kill each other, but Shaitan (is) saying: "Kill and don't be sorry! Kill them, don't be sorry! Billions of people- let them half of it may die and then who (is) remaining, (they) may take their rest." No, they are like that harvest field- after a while (it is) going to stand up, as it was...Until people (are) leaving Shaitan terrorism is never going to be ended!

That is only we may say. Who can understand, may save themselves. If not- leave them, don't be sorry! (Allah Almighty was saying to the Prophet sws:) "Wa la tahsan alayhim! Oh My beloved one! Don't be sorry for those people, whom you (are) calling to Paradise and (instead) they (are) running to Hells and burning. Don't be sorry! You are calling them to Paradise, (but) they are refusing you and (they are) running to fire. Leave them burning!" Allah granted to His servants mind to use it and to obey through his mindly power; to choose (a) peaceful life with heavenly Commands, keeping heavenly Orders and being happy here and Hereafter. Who (is) refusing, (they) should be punished here and Hereafter. May Allah forgive us and bless you. That is only (what) we must understand.

Now we have no power in our hands. (The) power (is) through Shaitan and its representatives- we can't do anything. "Leave them- you are not responsible for those whom they are running to fire; fire should burn them! Oh My Beloved one, don't be sorry for them, and don't be let your heart to be in unrest, because they are making so many tricks and traps for you and your message. Don't worry, I am looking after them! They should find their punishment from each other. Leave them!"

Therefore- what we can do? We are waiting only (for the) heavenly Support (to) come for Allah Almighty's good servants, even (they) may be (only a) handful people. But, as the Prophet (was) saying: "If 12.ooo (people) from my nation (are) on (the) same heart, on (the) same way, no any power (is) making them away, (and) they should be victorious!" We are looking (for) that ones...May Allah make it hurry to come and to save Islam and Muslims from (the) hands of devils, (the) representatives of Shaitan. As soon as possible may

Allah grant us His divinely Support from Heavens for weak and poor Muslims!

For the honour of that most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## SOME SECRETS OF HIS DIVINE REALM

I am always asking Divine Help from my Lord so that I may clearly explain these important matters. Perhaps hundreds or thousands of people will listen to these words, and I am asking my Lord to grant them understanding and benefit, so that they may tread a straight path and escape from the traps of devils. This is a very high ideal, and everyone must have this ideal and purpose. We must try to help everyone, not only for the sake of our own salvation, but for that of all mankind. Allah Almighty is calling us to this way.

We are speaking about the holy verses (Ayat) of our Creator, Allah Almighty. According to our Grandsheikh's explanation, every verse is an endless independent ocean of meaning; you can take all things from that ocean. Even if we would absorb from the ocean of one ayat throughout all eternity, it would never be exhausted; they remain the same limitless oceans eternally.

Perhaps someone may ask, "For what did Allah create these eternal oceans?" We must know that Allah Almighty is never in need of anything, and therefore is creating all those oceans solely for the sake of His servants. The main attribute of Allah Almighty is His Being beyond need of anyone; but while He is never in need of anything, His creatures' main attribute is to be in need at every moment. The creature can never be above need of his Creator; if the Divine Help which keeps everything in existence was to be pulled out for even a second from the smallest atomic, particle, then that piece would cease to exist.

Now, you must know that Allah Almighty is the Creator, and He is forever creating. No one can define a limit or a beginning for His creation. He was creating from pre-eternity and will create forever. Eternity means 'outside of time'; Allah is the Creator, and He brought the Sons of Adam into time—but they originated outside of time. They are like a gigantic river: every creature coming from timelessness, from a world where time has no meaning, then entering into time and ultimately returning to eternity from whence he came. On both ends of the river's journey we find eternity.

We are all in need of those endless meaning oceans, and every creature is swimming in them, from his Lord's favors. The divine reason for His verses being such endless oceans is that we may say, "Our Lord has limitless sovereignty over His Realm." For such a realm there must be an infinity of servants, creatures, worshipers, angels and kingdoms. No one can fully understand his Lord; one may know a little regarding his Lord, but it is quite impossible to know all. He is the absolute solute King over His Kingdom, and there is no partner unto Him. When His servants know this they will say, "Oh my Lord, we are powerless." When they are thus recognizing and admitting their powerlessness, He gives them from His Divine Power and dresses them with it, which enables them to dive into those oceans and derive more and more benefit from Divine Wisdom and Knowledge.

Our Grandsheikh was saying that each Prophet and Saint has a special position and rank particular to him and unlike that of another. In accordance with their respective positions, they are taking Divine Wisdom and Knowledge from that ocean. What are they doing with this Knowledge and Wisdom? The more they take of it the more they are improving through Divine Lights, thus approaching their Lord's Divine Presence where they experience boundless pleasure in witnessing more beauty oceans from His Divine Face. Therefore, they have become obsessed with their Lord. If, for example, a thirsty person drinks salty water, he will demand more and more in a vain attempt to quench his thirst, and eventually , he will die. In the case of Prophets and Saints, they also ask to drink more and more of their Lord's beauty oceans; but contrary to the drinker of salt water, they become endlessly more satisfied as they drink and grow ever more pleased with their Lord's Presence, so that they pursue it tirelessly and will sacrifice all things for the sake of this Divine Favor.

The Prophets and Saints who sacrifice everything in this way are most wise and discerning, but those people who neglect that excellent and most valuable life, turning instead to this dirty life, are the most foolish of

people; they abandon eternal life in exchange for a bit of fading enjoyment.

## The Soul's food is Divine Light

The Prophets brought Divine Lights for our souls, which go through the hearts of people. Souls can only be fed by Nur, Divine Lights. There is no need for eating and drinking; their food is Lights. Everyone's soul is in need of Light. If they are not asking for Light today, they will ask for it tomorrow, or next month, next year or on their last day in Dunya. This is important: Souls are thirsty for the stream of Divine Lights. If there are no Lights, there is no Love. If Allah's Beauty Oceans can't be seen, no Love comes to His servants. Souls know that, and therefore they are asking for those Divine Lights. Through them, those Oceans become visible, and souls should be satisfied.

## Soul: The Electricity of our Body

When a lady is pregnant, a form of a human is created within 3 times 40 days. But it is only a piece of flesh, without any movement or any sign of life. Then suddenly its heart begins to beat and the body starts to move. That is now a new guest who has been sent to this world. It has not been sent from the material world, but from somewhere else. We cannot see it, but we know it as the spiritual world.

There are two worlds: the material and the spiritual. Finally the soul, which belongs to the spiritual world, comes into the body and the baby will develop quickly. He will prepare himself to come to this world, to be here; to grow, to know, to learn, to do, to feel and to understand. Then he must leave everything of this material world, even his body in which he has been for so many years, and go back.

No-one sees how the soul comes. No-one sees our souls leave, because they do not belong to this world. Can you see electricity? Can you cut it? It is something else. It is from the Divine Heavens. The soul is the electricity of our bodies. The power of electricity kills! The power of the soul keeps us alive!

## The Sound of Haqq must be heard in East and West!

Destur ya Sayydi, Meded. As-salamu alaikum!
About one week I am not enough strong to speak to you and people (are) rushing on me. Alhamdulillah, today a little bit my Lord granted (me) power for addressing to you. May Allah bless His most beloved servant, (His) most glorious servant S.Muhammad sws, that we are in existence through that one.

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

Allah Almighty first of all (is) warning: “O people, o My servants, beware (of) Shaitan!”

Up to day I (am) never looking and seeing a writing: ‘O people, beware (of) Shaitan’. But (in front of) so many houses you may find a writing: ‘Beware (of the) dog!’ That means (that) dogs (are) more, much more important than Shaitan. That means! They are saying: ‘Beware (of the) dog!’ Why (they are) not warning people, (those,) whom they are leaders or guides, to say to people: “Beware (of) Shaitan”? Therefore, we are asking to follow and to listen and to obey to our

Lords Advice. He created us and (He is) warning us: “Beware (of) Shaitan!” Now we are saying: Bismillahir Rahmanir Rahim, (the) first awakening. (The) first awakening is to say: Bismillahir Rahmanir Rahim. That prevents Shaitan to reach to you. We are weak people, coming here... through billions of people coming here a handful people, but the sound of Haqq may be heard through East and West, that the Lord (is) saying : “My servants, beware Shaitan!” If they are not hearing today, tomorrow (they) must hear, or after tomorrow, after tomorrow.

Today we are here a handful people from different places of this world, from different countries, different races, different colours, different languages... we are here, and today is a holiday. It is not good to say a ‘holy day’, but that is, for whole people, when they are not working, it is ‘holiday’.’ Holiday’ means to give yourself that day for holy tings, to make Allah Almighty happy with you. That is ‘holy’ day. Not those people that they are getting disobedient to their Lord and they are saying: “This is a holiday!” No, that is Shaitans holiday!

Now, today there is a speciality through East and West, including (the) Islamic world, including Muslims. For what? They are saying: “Today (is) the first of a new year!” What is new year, new born year? 2008. They are adding this. Today (is) 1st January of 2008. This happening that just before (to)day, last night, it was the last night, they are saying, for 2007. And people, I don’t know from where they are making such a things? Perhaps it was something in Christianity; they are saying: “That it is the birthnight or birthday of S.Isa a.s., Jesus Christ.”

Even Christians they are not coming all together to say: “That night was the birth night of Jesus Christ.” They are coming (to) each other with wrong ideas. Some of them (are) saying: “It was (the) 25th,” some (are) saying: “Just (it was the) 31st of January”, some others (are) saying another, another, another... and it is just clear... And every historian person they are knowing

that no one was expecting that should come such a person and he should be a prophet, just surrounded with ‘hawariq’, miraculous powers, miracles... No one (was) expecting and no one knowing that S.Maryam a.s. she was carrying a baby, no, because she was well-known that (she was) unmarried and she was just granted for the Lords service. Therefore it was impossible (for) anyone to follow her (to) where she was going and bringing that baby, no, in opposite. When they are hearing that, such a thing, they were so angry people. First of all their nation, Banu Israel, Children of Israel, (were) very angry. And there was Zakariya a.s.; they were accusing S.Zakariya- Astaghfirullah!

Therefore, (it was) never written through any history book that Jesus Christ (was) born on that night or that night. (There is) no any ‘delil’, proof. (There is) no proof for them! Therefore it is, from the base, it is nonsense, (it) can’t be believed such a thing! And historians, they never writing such a thing, if they are not... 100% or less or more satisfaction through their hearts. All of them after written and they are saying: “This night or that night.”

Yes, if they are accepting that, before time it was, if we are accepting that, it was a holy night. Holy night, not dancing night! Not to do every bad thing that Heavens (are) preventing and cursing! That is not such a night! If really it was that night, it was a holy night and they must come to their churches or their monasteries or everywhere that they are praying, Christians; they must come, they must do their thanks to Allah Almighty and to ask forgiveness! That was suitable (for) such a heavenly event (that) just happened, to say: “O our Lord, thanks that You sent us a guide to reach to Your divinely Presence!” That was suitable. But now... what they are doing? What they are doing! They are doing every cursed acting and they are saying: “This is a free night for us to do everything!”

Governments (are) coming to be drunk; governments (are) drunk (?), everywhere whole people, they are drunk, they are saying: “This night is

free to do everything. We can do everything!” Okay, you can do, but what about for Muslims? (In Turkish: Eh, we celebrated it in our house. We prepared a Turkey, prepard the table, we dressed new clothes, we danced, we congratulated each other for the new year, we did everything...no money is left in our pockets... we woke up in the dirt next morning... )

What about for (the) Muslims world?... S.!... Sleeping?...
For (the) Muslim world we are saying... they are
following (the) Christian world. And the Seal of Prophets was saying... in a paper, (on a) calendar, in one paper, it is written the meaning of one Hadith Sharif... I am saying (the) origin of (this) Hadith Nabawi Sharif sws, then (about its) meaning a little bit I may say, insha Allah... Bismillahir Rahmanir Rahim. Qla Nabi alayhi salat wa salam... Once the Seal of Prophets was saying to his companions: “O my companions”, ...(?) That is a ‘mujize’, miracle, that he is warning his nation from coming days (that) they are reaching... Rasulullah (was) saying:

“O my nation and o my companions! You are going to follow the ways of those people, first Jewish people, second Christians; both of them, they passed before you. (The) Old Testament for Jewish people, they left it. (The) New Testament, Christians, they are changing every kind, and they are doing every bad thing and (they are) saying: ‘That is true way, our nations (way)!’

O my nation, I am looking and seeing that you are running after Jewish and Christians ways, that it is Haram, prevented, Allah Almighty never likes it! (It is) never acceptable, but you are going to do, as they are doing, following them on their foot(step)s; where they are putting their foot, you are putting our foot there! Even... there is a creature, (it has) small legs, but you can see no any bones. Small feet. They are making their holes to get in safety from other creatures so narrow, only it may enter; because (it has) no bones, (it is) coming (in). If they are doing this, from those people, whom they (have been)

given holy books, you are going to follow them foot on foot; you are going to do, as they are doing!”

And you may see in streets people, their dressings; particularly young girl, what they are dressing, (is) so narrow, so narrow! Because it is new fashion. And (they are) sending (that)- Jewish and Christians- to (the) Islamic world, to do (it) and to dress (in such a way) and (they are) saying: “That is (the) new fashion and (it is) modern, modern life, this!”

That is Prophets informing ourselves. Is it alright or not? (The) Prophet was saying with a powerful speaking that: “You are going to do that! ‘Muhaqqaq’, no doubt, you are going to do!”

Before 15 centuries he was saying what we are in it now. And we are asking... and today, (in the) morning, I am asking: “What news? Any news?” and first, just as (we are) opening (the TV), (they are showing) from Baghdad, Baghdad, that people are living, killing and bombing... and they are all of them through streets, shouting, drinking, making every forbidden thing... Look! If I am saying to them: “Go, there is Sultan Gilani, Abdul Qadr Gilani -qaddassallahu sirruhu-l ‘ali! Go there and ask him, he is Sultan, he may send away every ‘mushrim’, criminal, may send them away through one night!” they are saying: “Ehhh, for what we are going? Yet you are believing in such a things?”

And they should be punished! (The) Arab world should be punished! (The) Islamic world should be punished! Just now trees (are) throwing their leaves, (and the) Islamic world (is) going to be like this... Beware, beware (of) Shaitan! Shaitan, (to) where (he is)bringing people? May Allah forgive us!
O our Lord, don’t write our names with such a people! Keep ourselves on Your right path! Amen, ya Allah!

That is a warning! Anyone listening, (it is) for himself! (If) not listening, his punishment for him or for her should be. May Allah forgive us and send us

such a people! If they are coming and finding... Also there is 4o powerful people on earth that may be their power like (the) power of Sayydine Gilani - Allah bless him. If you can find one of them, he may do as (he is) doing, Gilani Hazretleri... But they are not looking! They are saying: “This is (fairy-)tales”...

Therefore, today, Alhamdulillah, just I am warning my ego and all of you also here: Beware! When a heavenly Punishment (is) coming, it is so difficult to be taken away! If (it is) reaching, (it is) reaching and finishing them... May Allah forgive us! For the honour of the Seal of Prophets S.Muhammad sws wa alihi wa sahbihi... Fatiha!

## The Source of Wisdom is the Heart, not any Book

A wise man may utter words of wisdom, but once they are recorded they join the body of knowledge that is generally available to listeners and readers far and wide. Once words of wisdom have been transferred to the realm of knowledge through such mediums as books and tapes, they lose something essential. Of course one may derive so much benefit from them still, but they can't replace the draught of wisdom from the gushing source that source is the heart, and what comes from the heart of a wise man passes through his words directly into the heart of the seeker.

Where may one find wisdom? Not necessarily in the same place one would find a wealth of knowledge. A source of wisdom may be a Sheikh, a scholar or a professor, but may also be a plumber, a peasant or a totally illiterate person. Treasures are mostly sought in ruins not in modern skyscrapers; buried under layers of debris, not sitting in the open, lying on the counter. And when the searcher finds some broken pottery or bits and pieces of a treasure that serves to enlighten him as to the realities of what ho is excavating, he does not concern himself with the fact that these relics are not intact, for how could he expect to find that? And if you offer him brand new items from a supermarket that correspond in use to those ancient ones he found, he will not even consider your offer, and think you to be just joking, saying: "How do these two compare?"

Therefore, take wisdom wherever you may find it, and don't ask for titles or diplomas. Remember that your

Lord may grant you wisdom through any means, so don't turn your nose up at anyone, but take a look at what he is offering, and if it be from ruins or in a ruinous state you must be ready to salvage it. Wisdom belongs to the realm of the heart: once it has been grasped it is never lost. One of our Grandsheikhs, Abu-Yazid al-Bistami, once addressed seekers of knowledge as follows: "Oh scholars, you are carrying your knowledge like a horse carries a load of books, you are loaded down and ever tiring, and you know that the Holy Prophet said, 'Forgetfulness is the destroyer of knowledge'. As a termite comes and devours a piece of wood, so does time and age consume all you know. As long as you are in the hands of your egos your memory will decline with age, but the heart of hearts, once it has been awakened, strengthens with age.

The heart is a source of wisdom that never dries up; but beware if you have not sought and received divine powers, for in the end your cup, which now runneth over will be as dry as a bone." My Grandsheikh, may Allah bless him, was over one-hundred years old but his memory was remarkable. This wakefulness of mind was a result only of his spiritual condition, otherwise it it would have been impossible.

As I meet more and more Westerners I find that they are very avid readers of books. I have never seen people who read so much! Centuries ago Muslims used to read, but now all that remains is that some people read the Holy Qur'an, but when that practice is lost they usually stop reading altogether. But in the West, your hobby is reading, and perhaps, if you are seeking wisdom through books, you have asked yourself: "Perhaps I have read one-thousand books, and I hope to read another thousand yet, but for what? To what end am I reading and reading and reading?" Then it may occur to you that you are seeking something else through your reading, something that reading draws you close to, but cannot get you to. And when, as a result of this soul-searching you begin to read from books of Sufi knowledge, of the Prophet, of Abu Bakr and Ali, of Rumi, of Attar, you only feel your longing more strongly and feel that you are even thirstier. Through all this reading you have tasted only a trickle, just enough to know how sweet a spring this is. By now you must realize that books are not the best vessels for wisdom of the heart, for the heart itself is the vessel, and the precious draught is passed from heart to heart.

Where may such heart-springs be found in a time that has turned verdant fields into desert wastes
Wandering through huge desert wastes, how many of us may just happen to stumble upon an oasis? First you may stumble upon one-hundred mirages! But you must keep on, don't turn back saying, "I have found only illusions". No, no one said that you have embarked on an easy journey, so you must be perseverant. Because

of the immense challenge involved in this quest for inner wisdom, for finding the bubbling spring in the desert wastes, so many people choose to totally ignore this most important facet of human life, and either devote fhemselves to the pursuits of worldly gain, or, if "religiously inclined", to the accumulation of religious knowledge.

Imam al-Ghazzali, a world-famous figure in the history of Islam, was simultaneously a great scholar and a sufi master. He wrote so many books that, to read all of them in a lifetime is challenge enough. It is said about his master work, "Ihya-Ulum-ud-Din", "The Revival of Religious Sciences", that if aIl other books written by Islamic scholars throughout history were lost, this book alone would be enough to preserve all the essential knowledge of the centuries of Islam, and enough to keep Islam strong and vital. As his heart was opened to Divine Wisdom, he was able to expand our understanding of The Holy Qur'an and the Prophetic Traditions through his writings. According to Imam al-Ghazzali, when a person dies, he is as a sleeper who has awakened. When he thus passes from the world of images to the world of reality, he faces immediately an evaluation of his time in this life. Even before he is buried in his grave the Lord will put forty questions to him. The first and most important of these questions is, "Oh My servant, during your life you were so careful to care for your appearance, to ornament yourself for the sake of your fellow creatures: wearing fine clothes, and arranging your hair. But did you bother to arrange your heart for your meeting with Me? You knew that I am not concerned with your physical beauty, the colour of your hair or skin, or whether you are short or tall. You knew that I wanted from you only to purify your heart and to come to My presence prepared, with your heart turned towards Me and not back to that place which you have left, and which you knew you must eventually leave?"

In the Holy Qur'an, Allah Almighty declares: "A man cannot have two hearts in the hollow of his breast", therefore, the goal of all sufi endeavour is to rid the heart of extraneous pre-occupations, and turn towards Allah fully. This is the purification of the heart, and when this is accomplished, the ' light of Allah's eternal beauty will shine on and from the mirror of your heart.

This is why, for those who have attained the inner reality to live up to such a practice, the meaning of fasting is not only what it implies for the normal believer, i.e. abstinence from food, drink, indulgence and anger for a certain period of time, but the total absorption in the Divine Presence. Therefore, whenever a worldly whim seems to invade the heart of such people they consider themselves ritually impure and immediately take a

shower. That is the level of saints, it is a practice impossible to be undertaken by others- we would always be wet. Yes, the Lord is calling us saying: "Oh my servant, why are you trying to escape from Me? If I were to leave you for even one moment you would cease to exist."

## Die Oberherrschaft gehört wem?

Als sie widersprachen und sagten, die 'Absolute Oberherrschaft ist Allahs', sagten die Liberalen: Das ist eine bekannte Tatsache.. aber wie du sagtest..

M: Sie werden nicht erfolgreich sein, noch werden sie jemals erfolgreich sein. Es gibt keine Unterstützung für sie, ganz egal, was sie tun,
ganz egal, was sie tun. Niemals. Es gibt keinen Erfolg für sie. Nein. Hast du je eine Maschine gesehen, die mit Wasser statt Benzin läuft? Oder ohne Kraftstoff oder Diesel? Nein! Schluß. Schluß, es wird nicht funktionieren. Die Oberherrschaft - wem gehört sie, sagen sie?

SN: Sie sagen, sie gehöre dem Volk.

M: Sie werden vernichtet werden.

SN: Niemals! Die Oberherrschaft ist,
was der Allmächtige Herr Seinem Geliebten (saws) gewährte. Die Oberherrschaft kommt von den Himmeln, nicht von... Ein Fuß kann kein Kopf sein, und der Kopf kann kein Fuß sein. Das ist die Ursache der Verderbtheit. Laßt sie doch arbeiten, geschäftig sein - es wird ohne Ergebnis sein, weil eine Maschine nicht mit Wasser läuft. Oder ohne Kraftstoff oder Gas wird die Maschine nicht funktionieren. Schluß! Sie werden nie Erfolg haben. Sie werden nie Erfolg haben, nie! Diese Leute werden keinen Erfolg haben. Ich habe es mit dem Himmlischen Siegel besiegelt. Audhu Billah.

Jene, die sich ihren Meinungen unterwerfen, werden Ungläubige. Sie sagen, daß die Oberherrschaft dem Volk gehört. Haben sie keinen Herrn? Was ist das? Sie sind alle Ungläubige

geworden. Wenn sie dem Volk die Oberherrschaft geben, wer sind diese Leute? Naudhu Billah... Naudhu Billah... Möge Allah (swt) uns schützen. Wie oft haben sie es versucht... Und was alle Menschen auf der Welt in Schwierigkeiten stürzen ließ, ist, daß sie nicht zugeben, daß die Oberherrschaft dem Allmächtigen Herrn gehört. Sie werden nie Erfolg haben. Richtig... sie werden nie Erfolg haben. Es ist wie "La Yuflihuna" (10:69). "La Yuflihuna", sie werden keinen Erfolg haben. "Lan Yuflihuna", sie werden nie Erfolg haben. Niemals! Sollen sie es doch versuchen...

Sollen sie es versuchen. Sie verschwenden ihre Zeit, das ist alles. Sollen sie doch geschäftig sein, sie werden nie Erfolg haben. Wer die Oberherrschaft den Menschen gibt und den Herrn der Himmel vergißt, Der die Schöpfung erschuf... und sie geben sie den Menschen, das ist ihr Ende. Sie werden sich gegenseitig vertilgen. Naudhu Billah... Naudhu Billah... Die Menschen stürzten in Schwierigkeiten, weil sie den Ungläubigen folgten, und sie erreichten den Punkt, wo sie niemals Erfolg haben werden. Sollen sie doch geschäftig sein...

SN: Selbst die US sagten,
nachdem sie den Präsidenten gewählt hatten, daß ihr System nicht funktioniert und sie ein anderes System finden müßten.

M: Ein anderes System - das System der Himmel. Wenn sie
nicht die Oberherrschaft der Himmel anerkennen, werden sie nie Erfolg haben, nicht die Amerikaner, nicht die Russen, nicht die Chinesen, nicht die Türken, noch die Araber.

Allahumma ya Allah! Tubna wa Raja'na Ilayk. Wir bereuen und wenden uns Dir zu, o unser Herr. Wir hätten nie gedacht oder uns vorgestellt, wir hätten uns nie träumen lassen, daß die Muslime die Oberherrschaft, die sie von ihrem Herrn nehmen, an das Volk geben würden. Sag es auf Arabisch... Die Absolute Oberherrschaft gehört dem Herrn. SN: Als sie widersprachen, sagten sie: Wir sind alle Muslime und diese Sache (der Oberherrschaft Allahs) ist eine Tatsache, aber dies ist nur die Terminologie der Verfassung, daß die Oberherrschaft dem Volk gehört. Es ist Terminologie. M: Das Osmanische Reich bestand 700 Jahre und mehr. Sie regierten die Nation. Und das System der Nation gründete auf der Sharia' 800 Jahre lang. Als sie es erst einmal verlassen hatten, stürzten sie in Schwierigkeiten. "Fa`tabiru ya Uli l-Absari" (59:2). Die

Menschen haben keinen Verstand. Sie sind unwissend, unwissend. Sie sind die, die Gläubige waren und Ungläubige wurden. Das ist Unglauben, klarer Unglauben. Die Oberherrschaft den Menschen zu geben, ist klarer Unglauben.

Und sie werden nie Erfolg haben. Sollen sie es doch versuchen. Laßt sie einander vertilgen, sich gegenseitig bekämpfen. Es gibt keinen Erfolg für sie. Naudhu Billah. Ich hätte nie gedacht, daß die Araber, denen der Glorreiche Quran in ihrer Sprache gegeben wurde, in ihrer Muttersprache, daß sie den Heiligen Quran verleugnen würden, wo Allah (jwa) sagt: 'Und wer auch immer nicht mit dem urteilt, was Allah offenbart hat, das sind die Ungläubigen' (5:44). "Wa Man Lam Yahkum Bima Anzala Allahu Fa'ula'ika Humu l-Kafiruna" (5:44) "Wa Man Lam Yahkum Bima Anzala Allahu Fa'ula'ika Humu z-Zalimuna" (5:45). Das ist Türkisch oder Arabisch? Wie konnten sie das tun? Ihr müßt herrschen... regieren mit dem, was dem Geliebten gesandt wurde... dem Geliebten (saws). Der Heilige Quran wurde nicht gesandt für die Rezitatoren oder um auf Beerdigungen rezitiert zu werden. Nein. Hasha! Allah (swt) wird ihnen Manieren beibringen. Tawba ya Rabbi, Tawba... Deshalb brauchen wir jemanden, der erneuert, erneuert...

'Und nach mir kommen Khalifas..' sagte der Prophet (saws). Solche mit Ehre, Macht und Befähigung. 'Nach mir kommen Khalifas, und nach den Khalifas, Amire, und nach den Amiren, Könige, und nach den Königen, Tyrannen.' Diese Leute zählen zu den Tyrannen. Allah (swt) wird sie ausmerzen. 'Dann kommt ein Mann von meinem Haushalt, um die Erde mit Fairness und Gerechtigkeit zu füllen, wie sie mit Unterdrückung gefüllt war.' (Hadith) Laßt ihre Gelehrten sprechen. Laßt sie sagen, daß 'dieser Shaykh'... Ich bin kein Shaykh, ich bin ein schwacher Diener. Was ich von unseren Meistern gehört habe, spreche ich aus. Laßt sie das Buch "Jami' s-Saghir" aufschlagen von Imam Al Suyuti, und laßt sie zum Index zu den Buchstaben "Sayakun, Sayakun.." gehen - es wird sein... es wird sein. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Sie werden nie Erfolg haben. Und sie werden sich gegenseitig umbringen.

Allah (jmk) sagt: "Er ist Derjenige, Der fähig ist, euch Strafe von oben zu schicken.' (6:65). Der Prophet (saws) sagte: 'Aman, mein Herr, sende über meine Nation keine Strafe von den Himmeln.' oder 'Er ist Derjenige, Der fähig ist, euch Strafe von oben oder von unter eueren Füßen zu schicken' (6:65). Der Prophet (saws) bat: Aman ya Rabbi! 'Ich werde ihnen keine

Strafe von den Himmeln oder von der Erde schicken, aber wenn sie beharren... 'oder euch in Sekten durcheinanderbringen und die einen von euch die Gewalt der anderen kosten lassen' (6:65). "Aw Yalbisakum Shiya`an Wa Yudhiqa Ba`dakum Ba'sa Ba`din" (6:65). Das ist euere Strafe. Wo seid ihr Gelehrte, Ägypter? Ikhwan, Muslimbruderschaft oder Himarghi, Esel? Astaghfirullah, Astaghfirullah.

Dies ist eine Erklärung für Menschen im allgemeinen, aber besonders für die Muslimwelt. Es gibt einen Heiligen Vers: 'Allah wird Menschen bringen, die Er liebt und die Ihn lieben' (5:54). Sie werden kommen. Astaghfirullah, ich bereue und wende mich Allah (swt) zu. Bereut vor euerem Herrn, o Muslime. Ägypter, Ägypter... Alle Muslime müssen dazu zurückkehren, Allah (swt) und Seinem Propheten (saws) zu gehorchen, und den Heiligen Quran zu ihrer Verfassung machen. Es gibt für uns keine Verfassung außer dem Heiligen Quran. Die Gelehrten während des Osmanischen Reiches stellten eine Majalla, eine Verfassung, zusammen und wurden belohnt...

SN: Ein Lohn... In Frankreich gewährten sie für die Verfassung, genannt Al Majalla, Gold. Sie würdigten sie und die Muslime nicht! La Hawla wa la Quwwata illa Billah. Tawba ya Rabbi.. 'Bestimme für uns einen König, damit wir auf Allahs Weg kämpfen.' (2:246) Tawba ya Rabbi, wir bereuen und wenden uns zu Dir. Fatiha.

## Spain: Islam from within

One thousand years ago Islam came from the outside to Spain and then it was thrown out. Now Islam is coming back again. This time from the Spanish people themselves. You can tell the Muslims who have come from the outside to go back home again, because you are the hosts, the landlords of Spain. No-one can tell you to leave. They were Arabs who came here, and the Spanish Christians told them to go away. But the Lord is watching and is giving His Revenge. Your ancestors threw out the Muslims, but now their descendants are becoming Muslims. No-one can push you away. It is impossible. Al hamdulillah!

## The Special Position of the Spanish People in the Time of Mahdi

(Mawlana Shaykh speaks with mureed guests from Spain.)

Allahu, Allahu, Allahu Haqq!
Allahu, Allahu, Allahu Haqq!
Allahu, Allahu, Allahu Haqq.
Haqq al-Haqq subhaanahu wa Ta`alaa!
Allahuma thabitna` ala 'l-Haqq!

We are not saying we are Turkish, we are not Russians or English: we are ummati Muhammad! That is the highest honor. All people on the Day of Resurrection will be asking to be from the nation of the Seal of Prophets (s)! (Mawlana Shaykh stands and sits)

Only some nights there is a patrol, but with my body it is difficult; therefore, I only made patrol in Spain for three nights in holy Ramadan, to Andaluz, Alhambra. The flag of Mahdi (a) is there, although not everyone is seeing it, but from there people's hearts are coming to Islam. Those Spanish people are regiment Number One for Mahdi (a)! Seventy European regiments are passing in front of Mahdi (a) to come to Damascus. We are happy that you're hearts are running to Alhambra! In one night our soldiers from jinn may build ten

Alhambras, each of which will have a different ornamentation, tajalli, because it is Mahdi's (a) sign, that his is a miraculous time. They will not built brick by brick, but in one night they can build ten! You are also guardians on the border, because so many jinn are asking to come from across the sea to attack Mahdi (a) from behind, but Mahdi's (a) sword is like this, finishing them!

Fatihah.

Enough. May Allah Almighty grant to you to be with Mahdi (a) and then `Isa (a).

(We have five maqaams in Spain now.)

(Mawlana retrieves a Portuguese book from the shelf.) Who understands Portuguese? I was given this book a week ago and was looking inside, and my spirituality is taking refreshment just looking in it even though it is in Portuguese. So I give it to you who can understand, and through this book I hope many, many people will come to Islam. La ilaaha illa-Llah Muhammadun Rasoolullah.

Thank you for your visit. Pray for me, please. Muharram, for three months must be changing, inshaa-Allah, for the benefit of Muslims. Never a tyrant will return, finished. Allah (swt) is now sending those who will be with Mahdi (a). Pray for me, that I can reach to Mahdi (a)! Everything that Allah Almighty granted to me is exceptional, but I am only waiting for Mahdi (a), there is nothing else for me in this world, finished.

(We hope to be with you, Mawlana!)

Inshaa-Allah, if you ask for us you will find us, it must be, it must be. Send our salaams. May Allah protect you.

Fatihah.

Allahu, Allahu, Allahu Haqq. Haqq, subhaanahu wa Ta`alaa.

## When spirituality is getting happy, more support to your physical being

Destur ya Sayyidi, Ya Sultanu-l Awliya, Meded, ya Rijalallah, Destur, Meded, ya Sayyidi...Audhu bi-llahi mina shaitani rajim Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is an association and it is for our physical being a support, because associations (are) giving spiritual support to our physical being and associations are addressing to our spirituality. When your spirituality (is) getting happy, (it) gives much more support to your physical being. If you are not taking care for your spirituality, normally your physical being (is) always going down, down, down, and finishing.

This is a recorder. It is working in two ways: One, you may use it with batteries, but also it has two holes (so) that you may use a wire, connecting (it) to (the) central electric and from the central electric (is) coming power and it works; as long as this central electric is working, this is working (also). But if you are using batteries, you may use the recorder (only) until that battery is finished and the batteries power is also (is) slowly slowly coming down, coming less and less.

Therefore- a person may use his physical being and he is trusting on his physical being- working and running, and trying to do something and through their youth time it is okay. He thinks that he (will) never be in need any other power. He feels that his physical being is okay. And how he us understanding he may run like

horses, he may carry heavy loads as donkeys, and he may jump high jumping like chimpanzees, apes, that they are very proud: “Ohhh, first class sportsman”, they are saying. “We are preparing Olympics in Athens!”

First I was going and looking after such a place. It was at the beginning for 8o.ooo people, first 1936, when (it was) beginning (in the) Amphitheatre. I was standing there, saying: “Take a photograph that Sheikh also now he is first...” No one (else was) there. “(The) first medal (must be) for Sheikh to be there before other athletes”... Running people- particularly our African brothers- no one can reach to them! “From where you are learning?” I am asking. “From Gita, leopards. We learned to run looking Gitas. We learned from leopards. We learned from our countries and no one can reach to us.” “Jumping?” “We are learning from apes, jumping from tree to tree, high jumping! And faster from that leopard we are learning from them.” They are very happy when (they are) getting first, but (they are) not using this heavy things to take it up like this, like that... (then letting it) fall...weight-champion, they are never interesting. White people very much interesting in this...This (is) much better; (they) look like horses, but who (is) carrying that load (they) look like donkeys...

Subhanallahi-l ‘Aliyu-l ‘Azim, Glory to Allah! Everyone (is) running to show their powers and all of it is youth power, for a level. After that level your physical being is no more giving to support you, it is coming down, coming down and finished. (The) real support for our physical being that (is) never cut off, it is (coming) from our spiritual power. If that is giving to you support, you should be powerful and keeping your youth power as (if) you are 15 years and you may be 9o years!

But people now (are) thinking that (their) physical being can be supported only by material things; (they are) asking power from their physical being and they are using material things to give much more support to their physical being. (This is) never going to be useful, but making it to come down. Spirituality may take you up! A plane may fly; it is not flying by material things, no! That material (is) changing into another position, (so) that (the plane) may fly! If you are putting that petrol through a plane (and) you are asking (if it is) that petrol, (that is) making it as it is to fly- (it) can’t be! That petrol is coming (into the plane), changing its position and (it is) going to be another material, but it is not a seen material, no, you can’t touch it. When you are putting that petrol in the plane, you may touch it. When (the plane is) getting up, you can’t touch it, that power is just changed into another form; it is going to be like a spiritual being for that plane and making it to fly.

Therefore- if we are not asking from our physical being to be changed through our spiritual power into spirituality you can't reach a real power to do something from heavenly aspects or to reach a peace, to reach a hope, to reach a good position, better condition. If you are not using your spirituality, you can't reach aspects and never-ending powers. You can't reach!

Now people (are) not thinking on such aspects, but really we are in need for that. We need support, spiritual support, personally and commonly. People now through (the) 21st century (they are) not asking that support; they are thinking that material powers (are) enough for them. It is never going to be enough! You must use heavenly Power (from heavenly Power Stations) that these stations (are) very rare, but if you are asking, you can find someone that (is) leading you or guiding you to that power stations.

All Awliya that they are inheriting from Prophets, they are heavenly power stations on earth. If you are reaching to them, then they may give you that power to make you to reach to your heavenly stations. Or (else) you can't fly to that stations by planes, rockets, missiles and such things, no! Mostly all of them they may get up a little bit, then turning back down. No more (than this they) can carry people to high stations through Heavens, and man is in need to reach to Heavens, because Allah Almighty just granted to His servants a private seat, a private station to be there. You must ask: "How I can reach? With whom I can reach?" If a person (is) not using a plane, (he) can't move from one side to another side on this earth. They are beginning and ending on earth. What about if you are asking to reach your heavenly stations, that you are not asking to come back? You should be happy there, because (you) should be dressed the dress of honour of being servant for the divinely Presence, in His divinely Presence! That glorious station (is) giving to you glory, never ending (glory)!

People are drunk now, drunk with their materials and their trust (is) only for material aspects. They are thinking that material may support them for every target, but finally they are looking and seeing that their materials can't reach to them, (and) can't be able to support them. (There) may come a kind of virus through that person who was thinking that he is powerful and (the) richest one, or (that) he is (on the) highest position of his nation. He is thinking that such things should help him and (then) Allah Almighty (is) sending a virus and that person (is) looking for help from his soldiers, but soldiers can't help him. (He is) asking from his missiles: "Help me", they are saying: "We can't." Asking from his golden: "Help me", they are saying: "We can't." Asking from his jewels: "Help me against that virus! Just I am so weak in front of that unseen virus!"

One person was sitting with a King. He was a heavenly supported person and the King was sitting on his Throne. Allah Almighty (was) asking to show something to that King and (he was) leaving (a) fly (to come to him), coming there, making like this... running away... coming like that... making like this... (hitting), but the fly was never escaping. He was so angry and unrest, and saying. “For what these flies?” And that spiritual powerful person (was) saying: “Oh, command to them! Order them to get away!” And the King was saying: “I can’t.” “If you can’t be able to send away flies (and) you are so weak- how you are claiming: ‘I am so powerful one’, keeping in your hand a globe, (and in the) other hand your sword and on your head crown and even flies (are) never listening and obeying to you. Why you are going to be there, sitting (on that throne), such a proud person?”

This is a small fly. Smaller (than that) I said a virus may come, (then he is) calling all doctors, physicians and asking: “Help me and I should give to you everything!” And they are saying: “I tried everything for you, but we can’t do anything more!” No one (is) helping! If (you are) not asking help from Saints- that are (the) Sultans of Akhirat, Sultans for eternal life- if you are not going to look after them and to see them, to find them and ask help from them- your rank, your richness, your soldiers, your atomic bombs, your nuclear weapons, your aircrafts (are) never helping you! Oh Man! Don’t be proud! Come down, bow to Allah! Ask help from Him! If you are asking: “How we can reach to ask from Him?” we may say: “You must look after those people who are His servants. His servants they have such power to help you. (They) may take everything (away) that (is) hurting you, harming you, they may help you, they may take everything from you.”

Then that Wali (was) saying: “Look, oh King! I am ordering (now): Oh flies, get out!” And then, one after one, there was a hole, coming, coming, coming and going (out)...

”You are Sultan or I am? Look, flies (are) never keeping your order, (but they are) keeping my order! Because I am His servant, (they) must obey to me. But you are claming: ‘I am not servant, I am King’, and therefore they are not obeying to you!”

Everything is asking to teach people, but people are drunk, running after Shaitan and shaitanic teachings (are) never giving a way to them to learn heavenly knowledge. They are taking away heavenly Knowledge, traditional knowledge is thrown out of universities, academies and such places. (There are) all satanic teaching in it and satanic teachings are bringing people on the edge of cliffs- (they) should fall into fire...

May Allah forgive me and bless you, for the honour of the most honoured servant in His divinely Presence, S. Muhammad sws, Fatiha.

## Spiritual Monarchy

The English used to say that there were two kinds of people living in Cyprus: Muslims and Christians, not Greeks and Turks, but Muslims and Christians. All troubles of this century have been made dirty and so many wars have been fought in the name of nationalism. We have not been ordered to fight the People of the Book. Allah has granted them to be living with Muslims in the same villages and town without being attacked. Islam never touched them or harmed them.

When nationalism came all this changed. The same is happening on this island too: Scottish people are unhappy with English people, English people are unhappy with Scottish people. Irish people are unhappy with English people and the English people are unhappy with them too. The same in France: the people in the North are unhappy with the South and the other way around. The West Germans are unhappy with the East Germans. The people in Singapore are unhappy with the people in Malaysia. The Malaysians are unhappy with the Indonesians and they are unhappy with Brunei and Brunei is unhappy with Singapore! Iraq is unhappy with Southern Iraq. The Syrians are unhappy with Lebanon. South Lebanon is unhappy with North Lebanon. North Turkey is unhappy with South Turkey... all these partitions give so much trouble. It is what satan is asking for. The Labour Party is unhappy with the Conservatives...

A wisdom tells us that a believer cannot make the same mistake twice by putting his finger into a hole. If he

has done it once and a scorpion has bit him, he would not repeat it, unless there is something seriously wrong with him. How many times have the English people tried the Labour Party? Every time when they get angry with the Conservatives they do it again, even though the Labour Party will put them in a worse situation than the Conservatives did.

Neither the Conservatives nor the Labour Party will bring any solution, only a traditional Kingdom can. This applies to every country. Democracy is hypocrisy! Democracy is for you today, tomorrow for him... But the monarchy is there all the time, which is why they do not need to take as much as possible for themselves once they are in power. In a democracy the rulers will be changed so they will try to fill their pockets as much as possible. People are unhappy when I say this, but in a democracy you are allowed to say what you want. In a monarchy people will develop to their high positions, but in a democracy they will just be put there without having achieved anything. That is wrong. Kings and Caliphs have been trained all their lives for their position. But what can we say? They are advertising everywhere that democracy is good, but it isn't.

This is why Allah the Almighty is preparing the spirituality of the Caliphs and is making them much more powerful. The power of monarchy is in the hands of the sultan. He is responsible to protect the Divine Law here on earth. The spiritual leaders were more powerful than the sultan. If they said that he was not suitable for the umma, he would be taken away and killed. At the time of the Ottoman Empire this is how it was. If anyone tried to split up the Empire he would be killed.

It is mentioned in the Holy Quran that when the children of Israel were defeated by King Nebukhanezzed and he destroyed the Temple of Jerusalem, they ran to the prophet of the time and said, "Oh Messenger of God, please ask The Almighty to send us a King!". They were not asking for a president! They wanted someone to be able to control the whole country and who could help them to win against the enemies. They were asking Allah to elect their leader, their king. That is how it is written in the Holy Book.

You cannot be like the rulers. He must be on top. The children of Israel went to their Prophet to ask for intercession. Why didn't they ask Allah directly? People have no mind. They are denying intercession. So many young people are asking, "What is sheikh, what is wasila...? We must ask Allah directly..."

Ask! And look if He will answer your prayer! Why does it say in the Quran that the Children of Israel went to

their Prophet and asked him to ask Allah to send them a King, a Sultan. You are such weak people, heedless Muslims, too weak to follow that example. You go to the UN for Kashmere, to the UN for Cyprus, to the UN for Kosova, to the UN for Palestine... What is that? We should be ashamed that we are not asking the Prophet*. I am quoting the Quran, no-one can object on it. Allah is showing us the way for all problems. As long as we are not going to the Prophet* we will be going, coming, going, coming to the UN and waste a lot of shoes!

Let us ask the Prophet* to send us a Sultan. We hope that he is coming...

## Spiritual Places in UK Connected to Imam Mahdi (a)

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

... they reach to Paradise. Don't follow Shaytan or you will reach the Fire, here and Hereafter. Be a strong one in your beliefs, for we are Muslims and have been honored! Our religion is a true religion, and haqq is reaching Heavens! Among all the religions their false, wrong ways will reach hells. May Allah forgive us.

Fatihah.

(Mawlana Shaykh asks an attendee.) Are you from Nelson? (Yes) I like it and sometimes at night I am looking there. I'm not saying this to everyone, but then some people must know that Nelson has a spirituality that is the same, more or less, as Glastonbury. These are two places; the third is Winston Castle, and also Edinburgh. In seven places they have a special spirituality in England, so when Mahdi (a) comes all English people will say, "laa ilaaha illa-Llah, Muhammadan rasoolullah (s)."

May Allah forgive us and give you a chance to reach to Mahdi (a), and may Allah bless you!

Fatihah.

(Baya`, du'a.)

(Mureed tells Mawlana Shaykh: ... He is living in Norway and every Friday Prophet [s] is visiting him, not in a dream, and his uncle is preparing food for him and Prophet [s] is eating the food with him every Friday.")

(Mawlana Shaykh smiles.) He is the deputy of Holy Prophet (s) and he is coming to that one. Prophet (s) is sending him to pure, clean people. Shaykh Bayazid (q), from our masters, said to people, "I just prayed Jumu`ah in 12,000 places." Now, there are some awliya who are in 70,000 places at the same time, seen just as they actually are! That representative is coming because that person is a holy one. To whom is he coming?

(Mureed: To grandfather and a few other members.)

Now, this dunya can't carry Prophet's appearance; it is impossible. That one who is coming is as we said.

(Thank you.)

Thank you, too. Sometimes he is coming to his (...) and also one from Prophet (s) comes to be with their teacher and eat.

(Allahu Akbar!)

Don't worry. Therefore, it is going to be like a mental house!

(It is already!)

Mashaa-Allah.

## SPIRITUAL POSSIBILITIES to be ALWAYS TOGETHER

Annihilation of the Self - in Sheikh - in Rasool - in Allah

If Allah is willing (insha Allah), this is a technique which will be useful to all of you after I leave your physical presence and go away. You will be in need of this technique,

In this life, our physical meetings with each other shall be from time to time. It is not possible for a person to be always in the company of another person whether it be husband and wife, parents and children, brothers and sisters or amongst the most beloved ones. A person may desire never to be far away from his loved ones. However it is written that it shouldn't take place. Firaq means separation and everyone must meet and at sometime or other separate. As far as our physical bodies are concerned it is written that we cannot be always together. It is just not possible. However spiritually we have been given a power and technique through which anyone may ask for such a meeting.

This is possible because our spiritualities have a possibility to be in connection.

When we remember that person our spiritual being is capable of being in connection with that person. These connections have so many levels. Perfect Awliyas (Saints) are always in connection with Rasoolullah (Sal). Anytime they desire such a connection they should find themselves immediately in the Holy Presence of Rasoolullah (Sal). They never leave Rasoolullah's Spiritual Presence. This technique is known as Huzur Ma'Rasool – that is connection with the Holy Prophet Muhammad (sal). The people belonging to Tariqats are stepping in this direction in order to obtain such a connection.

As we are yet beginners we should first practice an easy way. This easy way is Huzur us Sheikh, that is to be in connection with your Sheikh. Anytime that you think of your Sheikh, you may say "I am in the Holy Presence of my Grandsheikh". At first you may not see him, but a feeling of his presence may be felt by you. These feelings are of various levels. A simple connection is to feel your Sheikh's presence always. Then gradually, you may come to the level of even feeling the breathing of your Sheikh. Then further on you may see your Sheikh in front of you making the Zikr "Allah", "Allah", and thereby giving power to you, and you look at him and follow him. Then you will be present with Sheikh for you entire life. Thereafter you should find yourself in the presence of the whole circle of the lovers of your Grandsheikh.

Then when that connection becomes perfect, you will be able to see your Sheikh sitting with you, coming with you, going with you, being with you, being in you and surrounding you. Then Sheikh shall be in you. You will then become changed through the personality of your Sheikh. This is known as Fana-u-fis-Sheikh (annihilation in Sheikh). You will leave your being and the personality and power of your Sheikh will appear through yourself. Then you become the representative of your Sheikh.

Then your Sheikh, through that personality will carry you to the Holy Presence of Rasoolullah (Sal). Then Rasoolullah (Sal) will dress you with his Spiritual Body and then you will become the representative of Rasoolullah (Sal). Rasoolullah is Zahir –

he appears through yourself. Then Rasoolullah (Sal), will take you to Huzur al Haq (the Presence of Truth), to the Divine Presence of Lord Allah Almighty.

Almighty Allah will then dress you with Divine Lights and you then become annihilated in Allah (Fana ul Filla). Then you will be leaving everything in your self, and Divine Lights will appear through yourself, and you will become Khaliphatullah (Representative of Allah). You shall then represent Allah through the Whole Universe and He shall give this power to you. Wa Saharalakum maa fi samawathi wa maa fil arli jameeyah – Holy Quran, tassaruf al tasliq – that is the power to be able to do everything throughout the whole of creation and through all the Universes according to His Divine Will. This is Khaliphatulla (Representative of Allah). All the laws and Shariat that have been sent down through the Prophets are to teach people and to guide people to this station. When you reach to the station of Khaliphatullah you would achieve the final aim of all Shariat and all Tariqats. But you are now so far away.

We are here only saying, that when your Sheikh's physical presence leaves you and if he is a Perfect Master (Murshidun Kamil), he must connect with everyone's spiritual being through himself and act as a bodyguard and move with that person always. That Sheikh should never leave any one taking Bayyath (initiation) with him without such a spiritual connection. He gives a telephone connection to you with a code number. It may be a little difficult for you to reach to that code number immediately, at first. He can reach to you anytime but for you to reach and connect to him it may take a little bit of practice. When you use this code number you can quickly communicate with him and make your connection.

Tariqats arrange this spiritual relationship among ourselves. Then gradually, with our spiritual guides and then on to our Rasool (Sal) and then finally up to our relationship with the Divine Presence.

However, the people of present day do not understand this. They are fighting

against Tariqats and refusing to accept them. They say that this is “Shirk” (associating partners with Allah Almighty). They are very foolish people. They never try to understand.

Therefore we may leave your presence but this connection that we gave to you when you took Bayyath reaches to all those who have been given this Bayyath. In the terminology of Tassawwaf (the sufi way), this connection is known as “Rabitah” or “Rabitat us Sheikh”. You can use it anytime and you will always find more power, more courage, more taste, more improvement and more development in your journey towards the Divine Presence. The Hijaazath (permission) to use this technique is given to all of you.

## The spiritual power of the heart

'Tariqatuna as-sohbet wa khairu fi jamiat'- The way of our Tariqat is association with the Sheikh and goodness lies in the congregation... This is the root of our Tariqat. Allah Almighty made Shah-u-Naqshiband the main pillar of the most distinguished Naqshibandi Order, and one of the guides that take people on their way to the Divine Presence, so that they are never going to lose their direction towards Allah Almighty or His teaching. He was saying: "We are teaching people, so that they never lose their way, and their efforts never go without benefit."

It is a short way, a safe way, a happy way. Everyone is walking, moving by themselves, or time makes them move. So many people are not moving, only time makes them move. And any moment they may reach to an end, as every beginning must have an end. The movement of people must stop one day, and then they will find themselves in front of two entrances. On one of them is written: 'The Way of Paradise', or the way on which people reach to the Divine Presence. On the second entrance is written: 'The Way of Hell', who steps through that entrance should be taken to Hell. There is no safety on that way. It is a terrible end.

Day by day we are approaching that... One more day has passed. It is going to be one day less, and the day will come when we reach to that entrance. The Naqshibandi Order is taking people in a direction, where their destination in the end will be Paradise. It is the way of the Prophets and the Saints, and their inheritors, the

Sahabas. It is difficult for our egos, but happiness for our souls. Everything that is going to be difficult for our egos finally should give us an enjoyment, a pleasure.

Most people are carried on the second way, and Shaitan is walking ahead of them with his devils and soldiers. Who follows them, finally should reach the entrance to Hell... Why are they going on that way? They are running after it, because their egos are enjoying that way...
If you are not using your will-power, your ego will take you in that dangerous direction... Every association in our Tariqat makes people to pay attention, so they don't follow their ego, but follow the way of the Saints and Prophets. Every association with the Sheikh gives a spiritual power to our soul, so that we may be able to use our will-power against our ego's will. If you are not taking power, spiritual power, it is difficult to prevent yourself from following your ego.

Therefore we are in need of those people who have spiritual power and who may also give support to our spirituality, so that we can be able to say to our physical demands, to our ego: "No, I am not following you, I am following the way of the Saints and Prophets!"

Every association gives that power secretly through your soul. Whether you know it or not, feel it or not, doesn't matter. But this power must be given through every association. And it is not important, what we say, or what we hear. What are we saying here? If I am reading a newspaper, it doesn't matter... You are in the operation-room, and you are covered... What is important is to attend the association of the Sheikh, and his spiritual power is going through everyone... When you are sitting here, blessings are coming from Heavens, coming from Allah Almighty, and those blessings make you powerful. We may say anything through our associations, it doesn't matter. You heard it or not, you make yourself keep those orders or not. But to be here, to attend the association of the Naqshibandi Order, gives you that spiritual power, making your soul to be stronger than your ego. Your spiritual power is increasing, so that you can use your will-power against your ego.

And you may say: "What Sheikh is saying, I can never remember."... Sheikh's address is not to your minds. Ulema, scholars, are addressing your mind; Awliya, Saints, are addressing your souls. Therefore, anytime when you are facing something, what your soul caught and kept reaches you at that time and gives you that power...

Therefore association with the Sheikh is a most important pillar in the Naqshibandi Order. Always we are under the spiritual supervision of the Sheikh. But our physical body also has a right to visit him at least once a year... It may be every week, or every month, or once in 4o days, but don't make it longer than 4o days not to come for an association. This period will keep a person going towards his destination, Paradise.
Now, in our days, there are going to be less and less people, who have been authorized in such a way. If they are not authorized and they are only imitating it gives power also, but when authorized people make association their full power comes through your hearts, and the heart is the station of the Sultan, the Throne of the Sultan. The Sultan's power runs around your physical body to take it towards its direction and destination.

If you are not finding anyone for association, even two Mureeds can come and sit together. They may say: "Audhu bi'llahi mina shaitani rajim, Bismillahir Rahmanir Rahim", and then one of them can say: "La ilaha ill' Allah" , and the other one: "Muhammad Rasulu'llah sws"- asking: "Oh our Lord, keep us on Your right path, the way of Your Anbiya and Awliya. Keep us and prevent Shaitan and devils from affecting us, protect us against their tricks and traps!"... A few minutes is enough, and that mercy may cover them and protect them.

May Allah bless you and shelter your physical body and protect our souls from falling into the hands of devils. May He make a way for those who fall into their hands to save themselves... And we are asking for real power for our Naqshibandi Order to collect people, and to move towards Allah Amighty's Divine Presence. Fatiha.

## Spiritual Protection

100x, Ya Ghaliban Ghayra Maghlub. Ya Ghaliban Ghayra Maghlub, Ya Ghaliban Ghayra Maghlub. This is also necessary now: it is like an order- Ya Ghaliban Ghayra Maghlub. And the other one is: Allah Dhu-l Jalal. Allah Dhu-l Jalal, Allah Dhu-l Jalal. From 40 to 100x. If they want to do more, they can do. Give permission to all of them. Ya Ghaliban Ghayra Maghlub & also Allah Dhu-l Jalal, Allah Dhu-l Jalal, Allah Dhu-l Jalal.. Ya Ghaliban Ghayra Maghlub - Allah's side cannot be defeated/maghlub. He Will crush the others. They are finished forever. May Allah watch over you & protect us. And it is the order of our Umm Haram Sultan, the instructions have arrived. We should pay attention to them & inshaAllah we will be within the circle of Heavenly protection. Fatiha.

You may go in safety & where you are there is safety. People should try to leave Istanbul if possible. If not they will suffer difficulties & it will be hard for them to be saved. May Allah help the people of Islam & make them victorious, Fatiha.

May they not leave doing 100x Salawat for the honour of our Prophet (sas). Allahumma Salli 'ala Muhammad wa 'ala A'li Muhammadin wa sallim. They should not leave doing the 100x Basmala. Nothing can save the people; if there is no Heavenly Protection, they are finished. May Allah forgive us, Fatiha.

May everyone keep supplies in their homes as much as they can do. It will be very difficult. They should keep some supplies in their homes. There are things to come on those who smoke. They should quit it or else they will not be able to find bread to eat either. We seek refuge in Allah. O Lord, may You make us reach the good days with Mahdi (as) & be honoured with his service.

May He make you reach Isa (as) also. Once I give my allegiance to holy Mahdi (as)... May Allah make us from the fortunate ones/Ahl al-Sa`adah, from the believers insha Allah. Amantu billah Ya Rabbi Ya Allah, we believe in You, we believe in Your Beloved, we believe in Your Booksbelieve in the Holy Quran. We are trying to keep Your orders & quit what You prohibited as much as we can. May You send us a helper Ya Rabbi Ya Allah, Ya Allah.. Fatiha.

Women should not go out if there is no necessity. Astaizubillah "And stay in your houses, and do not display yourselves like in the times of ignorance" (33:33) It follows as "And perform the prayers"? Ok, they should be careful with this. This is certain- Ladies should keep in their houses, should not go out if there is no necessity. They should refuse to work but rather sit in their homes where they are safe. We can't guarantee safety for who don't sit in their homes. "And stay in your houses" Prophet (sas) said. Who enters his home & closes his door is in safety. Shukur, ballaghna..I have given you permission to declare. Fatiha.

Record this, take note.. Or you take from this recording (Saltanat). There is permission to leave. Who come here visiting may complete his visit & return to his home. They should not stay here long. And also, there is no permission yet to come from outside because of world's current situation. Therefore the new visitors should wait to come till the 10th of Muharram. There is permission after the 10th of Muharram. Permission for before this has ended. They may stay where they are & take care of their dargahs & may they have no fear at all.

I will also say for the Turks, no need for them also to stay here without a necessity. They can go back to their places. Who wants to stay may stay, no harm. La ilaha illa Allah Sayyidina Muhammad.. It is Ok, insha Allah. Ya Rabbi Shukur, Ya Rabbi Shukur. Ya Rabbi Shukur, Ya Rabbi Shukur... Allah Dhu-l Jalal, Allah Dhu-l Jalal, Allah Dhu-l Jalal..They should get accustomed to saying this, they should recite this- Allah Dhu-l Jalal, Allah Dhu-l Jalal, Allah Dhu-l Jalal. The side You take & the Prophet (sas), is ghalib/victorious- Ya Ghaliban Ghayra Maghlub, Ya Ghaliban Ghayra Maghlub.

It is Ok. You may go, O son. Take care of your business. May you be in safety & insha Allah you will serve Mahdi (as) with the prmission of Allah, Masha Allah. Fatiha.

## Geistiger Schutz

100x Ya Ghaliban Ghayra Maghlub. Ya Ghaliban Ghayra Maghlub, Ya Ghaliban Ghayra Maghlub. Das ist jetzt auch notwendig. Es ist wie ein Befehl. Ya Ghaliban Ghayra Maghlub. Und der andere ist: Allah Dhu l-Jalal. Allah Dhu l-Jalal, Allah Dhu l-Jalal. Von 40x bis 100x. Wenn sie mehr machen wollen, können sie das tun. Gib die Erlaubnis für sie alle. Ya Ghaliba Ghayra Maghlub und auch Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal. La Ghaliban Ghayra Maghlub. Allahs Seite kann nicht besiegt, maghlub, werden. Er wird die anderen zerschmettern. Sie sind erledigt für immer. Möge Allah über dir wachen und uns schützen. Und es ist der Befehl von unserer Umm Haram Sultan, die Anordnungen sind angekommen. Wir sollten sie beachten und insha'Allah werden wir innerhalb des Kreises himmlischen Schutzes sein. Fatiha.

Du magst in Sicherheit gehen und wo du bist, ist Sicherheit. Die Menschen sollten versuchen, Istanbul zu verlassen, wenn möglich. Sonst werden sie Schwierigkeiten erleiden und es wird schwer für sie, gerettet zu werden. Möge Allah den Muslimen helfen und sie siegreich machen Fatiha. Sie sollen nicht aufhören mit 100x Salawat zu Ehren unseres Propheten (saws). Allahumma Salli 'ala Muhammad wa 'ala A'li Muhammadin wa sallim. Sie sollten nicht aufhören mit 100x Basmala. Nichts kann die Leute retten, wenn es keinen Himmlischen Schutz gibt, sind sie erledigt. Möge Allah uns vergeben. Fatiha. Jeder soll Vorräte in seinem Heim aufbewahren, so viel er kann. Es wird sehr schwierig. Sie sollten Vorräte in ihren Häusern aufbewahren. Es werden Dinge auf die kommen, die rauchen. Sie sollten damit aufhören, sonst werden sie nicht einmal Brot zu essen finden. Wir suchen Zuflucht bei Allah. Herr, laß uns die guten Tage mit Mahdi (as) erreichen und geehrt werden mit seinem Dienst. Möge Er euch auch Isa (as) erreichen lassen. Einmal werde ich dem heiligen Mahdi (as) meinen Treueeid leisten... Möge Allah uns zu den Glücklichen gehören lassen, Ahlu s-Sa`adah, den Gläubigen, insha'Allah. Amantu Billah ya Rabbi ya Allah, wir glauben an Dich, wir glauben an Deinen Geliebten, wir glauben an Deine Bücher, wir glauben an den Heiligen Quran. Wir versuchen, Deine Befehle zu befolgen und

aufzugeben, was Du verboten hast, so viel wir können. Sende uns einen Helfer, ya Rabbi, ya Allah, ya Allah... Fatiha.

Frauen sollten nicht hinausgehen, wenn es nicht notwendig ist. Astaizubillah 'Und haltet euch in eueren Häusern auf und stellt euch nicht zur Schau wie in der Zeit der früheren Unwissenheit' (33:33). Es folgt 'Und verrichtet das Gebet'? Okay, sie sollten darauf achten. Das ist gewiß: Die Frauen sollten in ihren Häusern bleiben, und sollten nicht hinausgehen, wenn es nicht nötig ist. Sie sollten sich weigern zu arbeiten, sondern eher zu Hause sitzen, wo sie sicher sind. Wir können die Sicherheit nicht garantieren für die, die nicht zu Hause sitzen. 'Und bleibt in eueren Häusern', sagte der Prophet (saws). Wer sein Haus betritt und die Tür hinter sich schließt, ist in Sicherheit. Shukur, Ballagna..

Ich gebe dir die Erlaubnis, zu verkünden. Fatiha. Nehmt das auf, vermerkt es... oder nehmt es von dieser Aufnahme (Saltanat). Es gibt Erlaubnis zu gehen. Wer hierher zu Besuch kommt, soll seinen Besuch vollenden und nach Hause zurückkehren. Sie sollten nicht lange hier bleiben. Und es gibt noch keine Erlaubnis von außerhalb zu kommen wegen der gegenwärtigen Weltlage. Deshalb sollten die neuen Besucher bis zum 10. Muharram warten. Es gibt Erlaubnis nach dem 10. Muharram. Die Erlaubnis davor ist zu Ende. Sie sollen bleiben, wo sie sind, und ihre Dergahs hüten. Und sie sollen sich nicht fürchten. Ich sage auch zu den Türken, es ist nicht nötig, hier zu bleiben ohne Notwendigkeit. Sie können wieder zu ihren Orten gehen. Wer bleiben möchte, soll bleiben, kein Schaden. La ilaha illa Allah Sayyidina Muhammad.. Es ist okay, insha'Allah. Ya Rabbi Shukur, ya Rabbi Shukur. Ya Rabbi Shukur, ya Rabbi Shukur... Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal... Sie sollten sich daran gewöhnen, das zu sagen, sie sollten das rezitieren: Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal. Die Seite, auf der Du bist und der Prophet (saws) ist ghalib, siegreich. Ya Ghaliban Ghayra Maghlub, ya Ghaliban Ghayra Maghlub. Es ist okay. Du magst gehen, Sohn. Kümmere dich um deine Angelegenheiten. Du magst in Sicherheit gehen und insha'Allah wirst du Mahdi (as) dienen mit der Erlaubnis Allahs, masha'Allah. Fatiha.

## Spiritual Tawaaf

(Indonesian Mureeds Visit Sultan al-Awliya)

Fatihah.

My grandfather was Qadiri (shows photo). He lived to be almost a hundred years old. He lived in Larnaca and was a shaykh at the maqaam of Hala Sultan. Every day when he opened the place at dawn, he saw Hala Sultan standing under the flag on the minbar and then entering into her maqaam. These are my uncles (in photo).

Yes sir, welcome! Welcome!

(Mureeds: We are going for Hajj, with my son; with my father.)

Look, don't be late after Hajj as I don't know what is going to happen in Muharram; perhaps there will be terrible harakaat, events. Therefore, finish and quickly come back; don’t be late, finish and go back home, yes. May Allah bless you.

(Bay`a)

Fatihah.

Give my salaam to al-munajah people. May Allah protect them, inshaa-Allah, with your barakah. When my physical being had more strength, I used to sometimes go there (to Hijaz), but now only through spiritual power I make tawaaf, but nothing else as I am weak.

(Mashaa-Allah, that is more than enough!)

You might see a donkey there! (laughter)

## SPORT IN ISLAM

Then, in those hours you may do some exercises, I mean sports, not watching football matches on television - that is not sport. Islam is keen on sports and urging people to be always moving - first to walk and to breathe and to be out of cities, in the countryside - Muslims should have spacious places to live in, big houses, big places, big gardens, not imprisoned in huge cities. Islam orders people freedom of movement but 20th century civilisation imprisons people in matchbox concrete buildings, giving them big trouble and helping to destroy mankind physically, mentally and spiritually. Huge buildings are killing mankind, huge cities are killing mankind, destroying everything. Therefore, until they come to the rule of Islam they are will not be happy, healthy or wealthy. Individual and common, criminal activities will never end.

Therefore, Islam is against big crowding. Islam is ordering people to be in spacious houses, in the countryside, big gardens, to move, to walk. When they are finishing their work, they may work in their gardens, in their fields, in their homes, in their shops, in their small factories - to do more for the sake of Allah, walking and working to give more energy to spend for the purposes of charity, not to waste their energies running through the streets, quarrelling and fighting with each other or sitting down and getting big bellies in front of the TV. That is not Islam.

Walking and working are the best sports, to move our bodies. Islam, individually or collectively, urges people

to make sport, like hunting, riding horses, swimming, (but not in dirty seas, with thousands of people - that harms people physically, mentally and spiritually, making people down, not up, not such swimming). Running, wrestling (not boxing, killing, hurting, destroying). Skiing in mountains, shooting. All those sports should be for everyone, they must do the best one according to their ability, their capacity. Everyone should have a horse or even a donkey and keep animals for good purposes.

No Football. Football is not sport, it only harms people - eleven people running too much, their hearts getting bigger and then one day after twenty-five years or thirty years they drop dead; if not that, their bodies are carrying too much from heavy running, their hearts can't carry them and suddenly they are going to die. Therefore, it is prohibited, it is not sport.

In such a way Islam urges people - what could be better than riding, shooting and walking in the countryside, in the mountains - the best sports for improving the physical body and making the mind pure from bad thoughts. Because Allah Almighty created man from earth and therefore man is drawn to earth. When he is working with earth, he feels best, feels happiness, feels pleasure. Therefore, it is more important for governments to allow people to have even a small piece of land for themselves to occupy themselves with earth - not to be occupied in pubs, in coffee shops, in bad meeting places. Islam is ordering governments to use people, to use believers for good things, not for bad things, not for bad activities - that is prohibited.

Just this morning I was thinking of discussing that madness Western people have for sports, they are saying sports. Only a handful of people are taking part and yet millions are watching them and saying, "we are making sport." What is that foolishness? It is no longer sports, it is going to be a trap for mankind from devils making them fall into it, making people against each other without any reason, making people disturbed and wasting people's energy, people's time, people's lives without any benefit, but harming them and becomming a big waste for mankind. Yet they are saying, we are doing sports. What is that sport? Eleven on one side, eleven on another side running after a ball and millions are becoming angry, becoming enemies, becoming mad, killing, not knowing what they are doing with such mindless action, mindless crowds, stopping being mankind. That is the trouble.

# THE SPREAD OF ISLAM

Question - Western people describe Islam as violent and say that Islam was spread by the sword.

ANSWER - They are blaming Muslims for carrying swords. We say yes, we carried swords. But what about Christians?

The first Christians who belonged to Jesus Christ never carried swords. The Roman emperors, Ceasars, threw them to the lions and gladiators and killed them, because they had no order to carry swords.

Were they true Christians or are the ones nowadays Christians? If they are the real Christians, who did not carry swords and surrendered to lions, etc. - why are the ones now using not swords, but nuclear bombs to kill billions? Which prophet, which beliefs of Christianity give them the authority to make such weapons? What is their excuse? Lambs in front of lions did not carry swords, like Jesus. What about nowadays? Do they believe in Jesus or in Shaitan? Their teacher is Shaitan, not Jesus - Jesus Christ denies them, refuses them, throws them away, those who make bombs and say we are Christians. They are liars, not Christians. They blame Islam for carrying swords - what is their authority for those weapons? It is not enough for them on earth that they go up to space to throw fire on people. What is their authority for that from their religion?

They blame Islam. We are Muslims, we have been ordered to carry swords against devils, not to use swords on good people. Which good people did Islam kill? You may carry a sword only against devils. If you don't carry a weapon or sword in the jungle how can you defend yourself? No-one can refuse to allow a person to carry a sword in self-defence.

Prophet Muhammad (pbuh), for the thirteen years he was in Mecca, he and his followers didn't even carry a knife. They never touched the idol-worshippers who made every disturbance against the believers and the Prophet. For three years they boycotted the believers, threw them out of their homes and put them in the desert without food or water. The Muslims didn't take up arms against them after thirteen years. No sword.

Then they wanted to murder the Prophet (pbuh) and he migrated to Medina and while he and his companions were there, the murderers pursued them. Should they be like lambs - kill me, come and kill me? What is it? What should they do? Still not take up swords? Let the idol-worshippers come and kill them? Are Christians asking to be like that? No. Christians are wrong if they think we can't defend our souls. It is a right for us. No-one can blame Islam.

When they came from Mecca to Medina to kill Muslims, then Allah Almighty ordered: "Take sword and kill them, O Muhammad (pbuh)!" That is the reason. Every time Islam is becoming strong, Christian and Jewish people are beginning to fight them. After the idol-worshippers, then should the Muslims allow the Christians and Jews to come and kill them? No. We are not going to be lambs for Christians or Jews. That is the reason Islam took the sword and began to fight against devils and wrong ones from Christians and Jews. Up to this time and we shall continue. We are going to keep sword and Jesus, when he returns, will come with sword. They will see and I am waiting.

Q - Very often in Europe the spread of Islam is attributed to the sword. Why do you believe Islam spread so rapidly so far, and so many disparate cultures were able to take up Islam?

A - They think that now there are one billion Muslims and one billion others with swords standing on them saying "Keep Islam!"? What is that foolishness? What is that foolish question? What is that foolish belief from Christians? Yes, such foolishness. If Islam is only standing up with sword, it means for billion or more Muslims now living and on everyone one angel must be with sword, keeping them say "La illaha illallah or I am cutting your head".

Today, such foolish beliefs for Christians. They have lost their mentalities when they are asking that question. If that time happened, with sword, sword must be for destroying dogs.

## Rabiu-l Awwal, spring – New light, New life!

Destur, ya Rijalallah, Meded. As-salamu alaikum! Ashadu an la ilaha, wahdahu la sharikallah, wa ashadu ana S.Muhammadan ‘abduhu wa habibuhu wa Rasuluh salawatullahi ta’ala alayhi wa sallim. A’udhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim. Destur, ya Rijalallah, Meded, Meded, Meded! Bismillahi r-Rahmani r-Rahim.

You are looking that trees (in) winter-time look like dry woods. Maybe three months or more. And when (the) spring (is) coming... What (is) coming through spring? You are looking and seeing anything? No. But trees they are knowing; they are waiting, they are expecting that Blessings from Heavens to earth. And that - we are thinking - trees just dried and finishing, because no leaves on it, no flowers on it,
no fruits on it, but when (the) spring (is) coming... Which thing (is) coming through spring?

We are seeing nothing, but those trees and flowers and plants they know: That is something from Heavens, reaching to earth, to give earth its ‘zina’, its ornaments. Coming (and we are) looking: They are awakening or they are coming to a new life, a new birth-day for them. And they are looking up to Heavens. Looking. They are understanding that (there is) coming to them a new life, a new dressing, a new pleasure, a new lights. They are understanding and they are showing what (is) coming

from Heavens. As much as you can
put water under that trees, (they are) giving nothing; (but) they are looking and waiting (for the) heavenly Breathing, a breath from Heavens. That heavenly Breathing (is) giving light, giving life for them.

O people, don't think that I am knowing something - I am knowing nothing! But when heavenly Blessing (is) coming to (the) Sea l of Prophets, then (it is) running to the hearts of his followers, Awliya, Saints. Then they are looking and sending (that) heavenly Breathing and Blessings through open hearts and they (people) are getting a new life through their hearts. And those people they are (those), whom
their hearts (are) never dying, when peoples' hearts (are) dying and getting to be dust, earth.

Now we are trying to keep the holy Way of the holy Prophet or (the) holiest one, or (the) most glorious one or (the) more honoured one and (the) most beloved one in (the) divinely Presence. What that one - who (is the one that it was) created everything for his Honour by the Creator, the Lord of Heavens and Universe – (is) sending that heavenly Breathings through the hearts of those people – whom their hearts (are) always occupied by their Lords Dhikr.

Their hearts (are) always asking to be with their Creator Allah Almighty (and then the heavenly Breathing is) coming and (it is) granted to such hearts to give (them) life, new life. (This is) for those people, whom they are asking (for) and believing (in) Heavens and asking to reach Heavens and asking to be in (the) divinely Presence, on Heavens. That blessings, it is only for those people!

Now we are looking and seeing that (the) whole (of) mankind living on earth through - as their calendar (is saying) – (the) 21st century – but Allah knows the beginning of mankind's life on earth – (is like dry). Now, they are saying, (it is the) 21st century through their calendars and we are reaching today through our Islamic calendar - that (it is) based on a reality - that (it) is (a) new month, Rabiu-l Awwal, (the) first, spring. That when (the) whole (of) Dunya, (the) whole world, they were dried and they were like dead ones, then Allah Almighty, His Will, (was) sending His last Deputy, Representative, Allah's Representative S.Muhammad sws, to

reach (the) last period of mankind's life on earth. To reach to them with his divinely Breathings, to give to them a new life, to grant to them from their Creator, from the Lord of Heavens, a heavenly Breathing that that heavenly Breathing (is) giving mankind a new life. As through spring time (there is) coming from Heavens what it is necessary for nature, just Allah Almighty (was) sending His last Messenger S.Muhammad sws – Huuu! – to give a new life to His servants, that they are reaching (the) last period of their life period on earth, to be prepared for reaching (the) divinely Presence, the Day of Resurrection.

Just he (S.Muhammad sws) had been sent and he did his best for mankind and he gave to everyone; giving to every level of people what they are in need, to make them to be prepared to reach the Day of Resurrection through their Lords divinely Presence. That was his mission! We are not saying as (the) Christian world (is) saying that Jesus Christ (was) coming and giving his holy Soul to be a sacrifice for man, no, it was not his mission! His mission, Jesus Christ's mission, was only to give good tidings for (the) coming Prophet who was or who is the most glorious, most beloved, most honoured one in his Lords divinely Presence. Jesus Christ's mission was to give that good tidings! And the
Seal of Prophets' mission, that (he) is S.Muhmmad sws – Destur, ya Sayyidi! (here Maulana is standing up) – (was) to prepare (the) whole (of) mankind (and) to dress them heavenly Dressings for reaching their Lords divinely Presence. That is 'Muntaha' - the top point of missions. Through whole Prophets, (the) top mission was (the) mission of the Seal Prophets - (the) most glorious one, (the) most honoured (one), (the) most beloved one in (the) divinely Presence, which (the) whole creation was created for his honour! What was his honour? We are saying '(the) most honoured (one)'. With which thing he had been honoured?

(He is the most honoured), because his honour, the Seal of Prophets S.Muhammad's honour, (is) directly coming from his Lord, the Lord of Heavens, the Lord of Universes, the Lord of... from pre-eternal up to eternal. Allah Almighty's honour, that was his honour! No anyone else reached that honour, except him. And (it was) just granted to other Prophets also from that mission, from the divinely Lights; through that ones glorious teachings, reaching to whole Prophets. And now we reached for that most glorious ones birth-month, birthday, birth month

Rabiu-l Awwal. And (it is) just going to be now 15 centuries, 15 centuries and that one who (was) born through unknown deserts, unknown areas, he was born as an orphan from his father's side and mother's side. (It happened in an) unknown peoples' country or city or tribe. So (many) thousands of Kings, Emperors, just passed away – and they were so proud ones, they did so many things; but now their names (are) remaining on (the) unknown table of mankind's Kings and Emperors. But that one, the Seal of Prophets, that through unknown deserts (he was) born... And that one (also), if he hasn't (been) donated or (been) supported through Heavens, he was going to be such (as those) other people - dying, passing away, (and) no one (was) knowing about him. But what happened?

Now 15 centuries just passed from that glorious one's birthday. What do you think - he is living or (an) unknown person? He is living! He is not (an) unknown person, he is (a) well-known one through East and West, from North to South. 'Ghamen', in spite of whole nations his flag (is) up and his name (is on the) top point through Heavens and his holy name (is) well-known through East and West. But - some people (are) accepting and glorifying him, obeying him and following his heavenly divinely Laws, and a second party, group of nations, they are knowing, but they are so jealous ones. They may be jealous, they may die on their jealousy, but the honour of the Seal of Prophets (will) always (be) shining like (a) sun on skies!

Be proud, o Muslims! Don't think that technology (is) giving honour to people, no, but heavenly Blessings (is) giving to you honour! You must know (this)! Who (is) accepting heavenly Blessings, (is) going (to be), they are, to be accepted and honoured servants in (the) divinely Presence. And others that they are not accepting (him), they are following the way of Sadanas, Shaitan. Shaitan (is) never giving man honour, but he is trying to make mankind like himself, Shaitan.

And now mostly people they are getting so proud to be with Shaitan. They left (the) right way of that most beloved and glorified ones way, who was calling people to Heavens, to their Lords divinely Presence. But Shaitan (is) trying to make mankind like itself, to be Shaitans. And now you look; everywhere, 24 hours, TVs (are) showing people (and) that people (are) just becoming each one like one Shaitan. And when mankind (is) accepting to be Shaitan, (there is) no peace here or no peace after death. O people, o people, be thankful to Allah

Almighty and beware, (not) to be Shaitans. Because mostly, 99 % (of the) people, they are now Shaitans, Sadanas, never following the Seal of Prophets. Therefore Allah Almighty, the Creator, (is) leaving them to kill each other, to destroy each other, not to live in peace here or Hereafter. May Allah forgive us!

O people, ask forgiveness! Ask forgiveness, that we are trying to follow (the) technology period and technology (is) making people to be Shaitans. May Allah forgive us and send us from His divinely Presence (him,) that he was promised to believers, (to) the Seal of Prophets nation, (as it is said that:)

“At the end of the world they should be among oppressors, tyrants, and they are making people each one to be one Shaitan.” O people, beware (not) to be Shaitan! If you are not taking care, you should be unhappy here and after death (in a) much more difficult, difficult punishments that (it is) Hells.

May Allah forgive us! O people, keep the honour of the Seal of Prophets and to keep his honour is to follow his blessed Way. O Allah, Subhanak, Subhanak, Subhanak! Irham ‘ibadaka duafa, ya Rabbana... khudh bi aydina, ya Rabbana! Send us someone that You promised to take our hand to (guide us toward) You, to Your divine Presence, (to be) clean ones, clean ones and (with) peaceful faces and hearts, to say the Lord of the creation: “O My servant!”

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Subhan Allah,
Allah Allah, Allah Allah, Allah Allah, Karim Allah,
Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah!

Nahna abiduka. Bi jahi nabiyika-l karim, ya rabb, adkhilna fi rahmatika ma’a ‘ibadika salihin wa la takilna ila anfusina wa la iyaidni (?) li shayatin. Ya Rabb, irham dhullana, irham adafana (?), irhamna, irhamna wa tub alayna, wa-hdina wa-sqina, wa-slih shanana wa shana-l muslimin, fansurna ‘ala-l kaumi-l dhalimin, wansur sultanana, sultana-l muslimin, sultana-l insi wa-l jinn S. ## The spring of Islam is coming - be defenders of Truth!

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim,
La haula wa la quwatta illa bi-llahi-l ´Aliyu-l ´Adhim.
Meded ya Sultanu-l Awliya!

This is (the) last Sunday of (the) passing Hijri Calender. Just 1428 years (are) going to pass and we hope that it should be Tuesday (the) last day. Wednesday should be for new Hijri calendars first day for (the) holy month Muharram, beginning. May Allah forgive us!

Allah Almighty (is) asking His servants to (do) servanthood to Him Almighty, but now people that they are living on earth, maybe 6 billion people, even through 6 billion people, if we can find 60 million that they are trying to be servants for the Lord of Heavens, for our Creator, we should be happy! But, including me also, we are not trying to be a good servant for our Lord. Everyone now (is) trying to be servants of Shaitan! And Shaitan is our most terrible and dangerous enemy, but people (are) saying: “No, no, perhaps that is our first, (our) best friend, we will be with him! What he is calling us (to do), we are finding a

refreshment, we are finding a pleasure, therefore we are trying to follow him!”

Turks (are) in such a way, Arabs (are) in such a way, Pakistan (is) in such a way, Iran (is) in such a way, Iraq (is) in such a way, Syria (is) in such a way, Egypt (is) in such a way- (the) whole Islamic World, they are saying: “We must follow (the) shaitanic way and we must try to be best follower for Shaitan!” They are not saying ‘Shaitan’, (but:) “Our king, our most important leader...”

Every leader that (is) leading people now through (the) 21st century, all leaders (are) just graduated by Shaitan. They should be unhappy, that I am saying this... Yes, it is true! Lanata-llah li kadhibin! Allah (is) cursing, who (is) lying- we are not lying! Insha Allah I am not cheating you, I am not calling you to a dark way, I am only asking every time: “O our Lord, keep ourselves on Your enlightened Way!” Enlightened. (There is) two ways: (The) enlightened ways to Paradise, (and the) dark way, leading people to Hells. And up today that problems (are) climbing, climbing...

But I am looking that they reached the limits of this period! This period that it is mentioned through our... there is a limit for every period. This is the period of tyrants, that (is) just mentioned through (the) Holy Quran and through the sayings, Hadith of Rasulullah sws. (The) Prophet was saying sws: “I am walking on a way, I am looking what is in front of me, to where (is) reaching my way, and also I am leading or I am guiding my followers on an enlightened way, leading you to Paradise.” And anyone that (is) following the Seal of Prophets, they are on (an) enlightened way here, leading them to Paradise. Who is coming opposite...

Everywhere there is elections: elections in Kenya, elections in Argentina, elections in Pakistan, elections in Turkey... Eh, Somalia, internal wars... everywhere (there are) some people on power, some people oppositions. That is a scenario, (a) shaitanic scenario, making people (to say): “You are on power, we

are oppositions! Today they are in power, but we must not be silent, when they are in power, we must run on streets, saying: ‘Oh, you are wrong people, you must come down, we must come on power!” When they are coming on power, these people whom coming now to be opposition, coming now and they are beginning: “Eh, you are all wrong...!” To fire! Allah (is) cursing you! Ha sha! Therefore (there is) no rest for people. When coming oppositions (in power), power people before (are) getting against them, coming on streets... (streets are) never going to be empty! That is the time of tyrants, because they are never listening (to) heavenly Orders, they are never taking care for the Commands of the Lord of Heavens!

When there were Sultans or Kings or Emperors, (there was) no opposition, but the beasts, violent animals, they were in Bastille Castle. When that (was) opening, coming opposition. Up today their descendants (are) never ending!
But the Lord of Heavens just put a limit for them also, not to be forever (that) they are going on that way, no! And we hope that the beginning of this new calendar, Hijri calendar, (is) going to be (their) last limit and (that) they can’t put one more step on their way! Now they are going to come ‘kahgari’... coming, coming, coming down...

You may imagine a circle. (These) people, they reach that point and good people they are (on) the last point of this situation, under the dirty feet of those tyrants. But this (wheel is) always turning, not like (a line) going (straight), (but) like this... Some of them (it is) taking up, some of them (are coming) from up to down. Now they reached (the) top point.

You know, I don’t know, sometimes... you are drivers, all of you (are) driving cars... There is an (instrument), showing how is your speed, metro, coming... If it is 100 kms, as much as you (press the pedal), but putting this, can’t be 100 101. 200 is 200, no more. Now their period (is) never going to be more, but they are making this (pushing the pedal), uhhh, trying to make (it) more! (There is)

no more! The top point (has) just moved now. They are down and we (are) beginning to get up, they are beginning to get down. And this circle, can't be changed its way, no this! Therefore we are, I hope that this new calendar, (the) Islamic calendar, 1429, (is) going to be (the) beginning of tyrants finishing, (that they are) beginning to come down, their power (is) going to be less, less, less, less and our power (is) beginning to get up! (The power of the) true ones!

Therefore my advice to you (is) to be Truth defenders! What is true, you must ask! Truth (is) coming from Heavens, Shaitan (is) on earth, shaitanic rules for tyrants. Don't be defenders of shaitanic ways or regimes! Try to be defenders of Heavens, heavenly Truth! If you are doing (that), you should be in safety here and Hereafter. If you are not doing that, then their final station should be through Hells.

May Allah forgive us! People, now it is winter time. Whole trees they are leaving their leaves (and they are) sleeping, sleeping till spring-time. Spring-time (the) holy Command (is) coming to nature: "Wake up! Just winter passed away, wake up!" and this water by its Lords Command (is) beginning to move through (the) trees that you are saying: "These trees, they are now just dried." They are thinking that (the trees are) dry and they are intending to cut them, but that time the holy Command (is) coming from Heavens to nature: "Walk through the veins of trees by your Lords Command!" And (it is) beginning, and (it is) beginning to be seen buds. (Those) people (are) saying: "You must not leave this; we must take that buds away!" (It) can't be! (The) holy Command just arrived, they are awakening, no one can make them once again to sleep!

Now (we are) in that days! I hope that (the) beginning of (the) Islamic calendar, Hijra calendar, (there is) going to be coming (that) Command from Heavens to nature: "Wake up! By your Lords command, wake up!" And that (what) people (were) thinking (has) died, (is) beginning to awaken!

Ma sha Allah! (It) should be in such a way that people they are thinking they are living in Paradise. That is a short time, but it should be on earth (the) appearance of Paradise that Dajjal, Antichrist, and his group should be taken away, (and there) should remain only believers. Whom they are sincere believers, they should remain and (the) majority should be taken away. Keep yourself! I am nothing, but, as our holy Prophet and heavenly Orders (are) saying to make people to wake up, that is an 'intibah', (a) warning, (a) warning to stand up. That means: don't lie on railway, because (the) train (is) coming and who (it is) finding on its way, (it is) cutting! Wake up! (But people are) saying: "No, nothing, we are rest here...." (And the train is coming:) Uhhhhh.... Time is over!

May Allah forgive us! And- use your minds and think on your position! Think: "What I am doing?" Think: "For whom I am working? For my Lord, His Pleasure, or I am working to make Shaitan pleased with me?" Look! Keep that balance, you should be safe, if not, you are going to finish. May be, a handful people may remain, doesn't matter. Allah Almighty (was) sending (a) flood at the time of Noah- a.s. and on our most precious Prophet sws. That time Allah (was) sending (a) flood and taking only one handful people, they are not reaching, their numbers, to 1oo, they only landed in (the) Arch. From that, look, billions of people (are) coming from that people.

Therefore now Allah Almighty (is) sending not (a) flood of water, but sending fire! Every nation (is) preparing more power, more fire, to destroy inside and outside. No mercy through their hearts, finished! No justice, no mercy! They are going to finish! Finishing, then Allah Almighty (is) sending new ones, new ones! In a handful years you should find this world full with believers, whom they are saying: La ilaha ill-Allah... (Sheikh is making a short Dhikr:...) La ilaha ill-Allah, Sayyiduna wa Nabiyuna Muhammadur Rasulullah.

May Allah guide us to His enlightened Way to Paradise! Be patient, don't run on

streets, don’t join to those people, or you are taking your punishment on yourselves! Cursing (is) coming on those people (that) they are running on streets. I am sorry to say like Pakistan people, they are Muslims, they are running on streets and (are) shouting. I am saying: “Why? You are Muslims, why (you are) running on ways? Why (you are) not going to mosques, to say: ‘ Oh ya Rabbi, ya Rabbana, save ourselves!’ What you are running on streets, how you are Muslims?“ That people- turbans, long beards... for what this? What is that politics? Politics (is) shaitanic, everywhere, destroying. But people (are) running on ways. Ya Hu, there is mosques, go and say: “O our Lord, (save ourselves)!”

Tauba ya Rabbi! Ya Muhaula-l hauli wa-l ahwal, hauli halina ila ahsani hal!
Ya Mustahat salihin, ya Mustahat salihin, ya Mustahat salihin,
aslih shanana wa shana-l Muslimin, fansura ‘ala-l kaumi-l kafirin,
wansur Sultanana, Sultanu-l Muslimin, Sultana-l insi wal jinn, S.Mehdi a.s.,
asharahu-llah, ajallahu-llah, ayadahu-llah, akramahu-llah, azamahu-llah,
bi jahi Nabiyi-l karim, bi hurmati-l Fatiha!

## Springtime for Islam

Trees, that are losing their leaves in winter, even if you put water or fertilizer on them will not get green at that time because it is not the season...

What Allah has planted, it will not die. They are thinking that Islam is finished, that the Holy Prophet was an ordinary person. It is winter for Islam now, and they are thinking that everything green is finished, but the seasons are changing, and when the winter is finished, the green comes out of the earth again. What has been sleeping under the earth according to Allah's order, will come up. Even if they should try to prevent this happening, it is not possible. It is nature's law, and after the first snowdrops more and more flowers will appear. So no matter how much they are shouting and making bad things and laws against Islam now, the time has come. The spring of Islam cannot be prevented...

And they are wondering: Who is doing that, how it is happening?... Yes, look for that One and find Him... Fatiha.

## The Star of Al Saud

(Dt.: SternDerAlSauds)

Bismillahi r-Rahmani r-Rahim, An inspiration came to my heart about the loss (passing away) of the Crown Prince. (Prince Nayef bin Abdul Aziz Al Saud) May Allah's (swt) Mercy be on him. A few words came to my heart and I would like to share & speak about what has been inspired to my heart concerning the Crown Prince.

We say Audhu Billahi min al shaytan al rajim, Bismillahi r- Rahmani r-Rahim. Allahu Akbar Al Akbar! Subhana Allah! The news was given last night about the passing away of the Crown Prince of the Saudi family and for this reason what was inspired to my heart I would like to share it with the Muslims, the believers and all the people. And all of us are servants of our Lord (jwa) Subhanahu wa Taala. Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar!

The news spread rapidly about the passing away of the Crown Prince Al Saud. And what has been inspired to my heart is that he was, Subhana Allah! among the sons of Saud he was a bright star. There was no one like him. Subhana Allah! This is the inspiration that came to the heart of a weak servant. May Allah (swt) have Mercy on his soul & on us.

We are living in the blessed months. The first one is Rajab, " the month of Allah & Shaaban is my (sas) month, and Ramadan is the month of my nation." Subhana Allah the greatest months. Rajab, the month of Rajab, because it is Rajabul Fard/Unique and therefore it said that Rajab is the month of Allah (swt). It is not equal to any other month. It is called the month of Allah (swt). Not Ramadan nor Shaaban nor any of the other months. This month is a glorified & exalted month. It's honour can't be quantified by any measurement. Shaban is my (sas) month. Rajabun Ajaibun! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Subhanahu wa Taala.

The news has spread immediately about the passing away of the Crown Prince of Al Saud. They said & I heard that he was a shining star among the Saudis. There was no one like him. This is how they describe him. He was a great person among the family of Saud. He is praised. "and who dies in a foreign country is considered Shahid/martyr". Then he... Subhana Allah! died in a foreign country & therefore is considered Shahid/martyr, on the blessed night of Laylatul Miraj. No one of the Saudi family has reached this station. Masha'Allah to him. He was peaceful & calm, his personality was soft. He never harmed anyone, that praising is from Heavens.

Haqq (swt) says "Kullu Nafsin Dha'iqatu Al-Mawti Thumma Ilayna Turja`una"(29:57) "everyone must taste death then onto Us you shall return" (29:57) His soul was taken on Laylatul Mi'raj. This is a special thing was granted to him. Among the Saud family not one Prince nor a King, nor a Sultan has ever reached this level. This praising no one has reached it in Laylatul Miraj. Subhana Allah! O people, O believers, Allah (jwa) says "everyone must taste death then onto Us you shall return" (29:57) And he is different. Every one of the Kings requested to be buried in their own countries, their city is Ryad, except for him. He requested to be prayed on in the Haram of Makka Al Mukarrama. And that he may be buried in Makka Al Mukarrama. No one has reached this level.

He has never harmed anyone nor has anyone ever complained against him. But he was limited.. there was no power left in his hands. If his life was longer he would have given the Kingdom to the rightful owners from the household of the Prophet (saws). He had the intention. In Laylatul Miraj, the night before yesterday Awliya' Allah (swt) were informed about what he was thinking: to give the Kingdom (of Saudi Arabia) to its rightful owners. Like the believers must give the amanat to its owners, Makka Mukarrama & Madina Al

Munawwara are with the Saudi family now as a trust. He is the one who was inspired in his heart to give the Kingdom back to its rightful owners as it was shown to him from Heavenly Orders. That Crown Prince was a lover of Truth & his love for Haqq/Truth was so as to give amanat/entrusted land back to its people. He was hiding this matter about giving everything back to its owners, but this was on his mind.

And in Laylatul Miraj the angels came down and took his soul so that his will be done, to pray Salat Al Janaza in Haram of Makka Al Mukarrama. He was a great man, this was his intention. He was taken and people cried for him, they cried for him. He has been buried this night in Makka Al Mukarrama. Yes! O Saudi family Allah (swt) is witness & His Prophet (saws) is witness to what the family of Saud has done. Whether they accept or not Allah (swt) will ask them about this. His intention was clear & it was to give back the land to its owners. This was kept in his heart, Subhana Allah! Allahu Akbar Al Akbar!

O Kings & leaders & Princes Haqq (swt) says "Kullu Nafsin Dha'iqatu Al-Mawti Thumma Ilayna Turja`una"(29:57) "Everyone of you will taste death & onto Me you shall return." (29:57) If they accept, the Lord of Bounty, the Lord of Heavens & Earths accepts only this servant from the family of Saud, who is prayed upon in the Haram of Makka & buried in Haram Al Sharif (Mecca).

Allah (jwa) says astaizzu Billah "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa Illa Liya`buduni"(51:56) I don't need from them provision or anything, except that they serve Me. I am a weak servant & my Arabic is weak as if I am illiterate, but in the middle of the night some inspirations came to my heart concerning him... He is pointing to me with his head like this. They dressed him with Divine Light, not like any other King was dressed. Allah (swt) blessed him that he may be prayed on in the Haram of Makka and that he may be buried in Makka Al Mukarrama.

Yes O Kings "Kullu Nafsin Dha'iqatu Al-Mawti"(29:57) death is written for everyone... And for each one of us, surely death will come to us. O Kings, Haqq (swt) says "And I created not the jinns & humans except they should worship Me"(51:56) And Haqq (swt) says "Liyabluwakum Ayyukum Ahsanu `Amalan..." (67:2) O Kings, what deeds are you doing? Allah (swt) looks to what you do & says "He may test which of you is best in deeds." (67:2) This is not my thinking, but my certainty, that Al Haqq (swt) wants what is rightly due to be returned to its owners. And from amongst Saudi family, he had the intention to give back the Kingdom to its rightful owners, to the household of the Prophet (saws).

"Liyabluwakum Ayyukum Ahsanu `Amalan..." (67:2) O people what are you doing? What do you do? They keep treasures like Qarun and it has no benefit for them. What benefits them is to spend! Spend, "give without saying no & don't fear that your wealth will decrease." O Kings what are you doing? The Beloved of Allah (sas) said: Spend O Bilal, and don't fear from the Lord of the Throne any decrease! This believer in one God, and loving to the family of the Prophet (saws), his intention was to give away all his treasures. He was prevented, but it reached! What he intended to do, reached God! Masha Allah.

O Kings take a lesson from this servant who had a good intention. Spend! and don't fear from the Lord of the Throne any decrease. He wanted to obey the verse that says"Liyabluwakum Ayyukum Ahsanu `Amalan..." (67:2) May God have Mercy on his soul. The people of Truth have no other king from the late kings of Aal Saud to praise and recommend except Prince Nayef! He took their praise, good for him! O sons of Saud, may God give you good rewards if you obey like him! Today in this world. Tomorrow in the afterlife. O people all Muslims in all Muslim countries, observe this lesson: Allah rewards his weak servant with the best reward, the best reward. We have treasures, of this world we don't need the rewards of Aal Saud or any other people! No! Dunya, for the good servants of Allah (swt), is under their feet!

I was told today to remind all people about the late Prince Nayif. Nayif, his face was shown to us. Nobody saw what we saw. The Saints of Makka Al Mukarrama showed us. No one else amongst Aal Saud was granted that except him. Allah (swt) blessed this servant. He had a good intention to give people their rights May God reward him with goodness, and may God reward you sons of Saud. Wait and obey God's orders! Be servants for Allah! Be rulers of yourselves. Be steadfast on the right way. Be the best of people! as Allah (jwa) honored you to test your deeds, to test your deeds and who does goodness amongst you.

Do you understand Arabic? Mine is weak O Kings! And I have no request from you. I reached the age of exemption

SN.:Those exempted by Allah (swt) the most merciful. Who are those exempted by Allah the most merciful must be of their age. I don't want from you anything except assuming goodness in us, and the people. Assume goodness in people. Be generous to people, If you are generous, it is for your own selves. If you are not generous, you keep God's Generosity away from yourselves too.

O Shaykhs of Egypt, Shaykhs of Sham, Shaykhs of Baghdad, East, and West, keep and think about these words, they don't come from books that we have, but these are inspirations, and he is happy & he blinked at me during his Janaza Prayer, like this. I don't want from you rewards or thanks. If I was preparing something to speak to the Muslim people... But I was strongly inspired and it forced me, from the Master of Prophets (saws), Master of begining & end, Rasullah(sas).

Ask them, he says, the Prophet (saws) of the end of times, "My Lord prays upon me, and they prevent prayers made upon me! and I am his opponent, on the Day of Judgement, O kings of Saud! Astaghfirullah, I repent to Allah (swt). I have declared, I declared & Allah (swt) is witnessing and the Prophet (saws) is witnessing and the angels are witnessing, I am a weak servant, two words & I get tired. And my Arabic is also little. I don't condole those who suggested that I remind the nation of the Prophet (saws) all of them. Those who took this advice, good for them. Those who neglected this advice, woe to them here and Hereafter.

Tawba Ya Rabbi Tawba Astaghfirullah, Tawba Ya Rabbi Tawba Ya Rabbi, Tawba Astaghfirullah. Give Your beloved, the Master of begining and end, light and happiness, and make him content here and in the Hereafter amongst all worlds, O Lord of the Great Throne. He knows what happens upon the Throne of the All Merciful. O sons of Saud! Appreciate your Prophet (saws)!

Al Fatiha.

## The State of Islam

Islam brought respect and mercy. We have lost them both now.

We are living during a time in which everything has changed and appears in an opposite form. Everything has been changed from its original state to another, a non-original state, you may say.

This holds true for Islam, as well. You can look at Islam and can see that in our time, our scholars or our statesmen are presenting Islam in a form which was not its original one. Everything now is going according to the desires of peoples' egos. Everyone says about Islam what he likes. Muslim statesmen and scholars are running out of Islam. They are saying what their egos want them to say, because everyone's ego wants Islam to be as he or she likes, so that in our time you can find thousands and thousands of descriptions of Islam.

All of them are wrong because they are changing Islam from its original form and giving some unheard of descriptions of it according to their egos' desires (hawa nafs). They say whatever their egos suggest to them about Islam. They do this in the name of Islam according to their egos' desires.

We reject all of them. There is the war between Iran and Iraq. That is proof of what we are saying now. This is not Islam, not from either side. We do not accept it. And everywhere you may find that people are not trying

to follow the original Islam, but making Islam follow them. That is the most dangerous, terrible way that people are going on.

We must follow the sunnah, the practice of the Prophet Muhammad (saws). To what was he calling people and for why was he fighting? He was only fighting with Haqq, Truth, Reality, against falsehood (batil). The claims of your ego are useless. Your ego is useless. Therefore, if peoples' hearts do not meet on one point, then it is useless, and that one point is one which Islam brought - monotheism, unity (tawhid). Everyone's thoughts must meet on that point of unity. In Islam, there it is not that one person thinks one thing and another person thinks something else with everyone going his or her own way. No. Everyone must meet on the point of monotheism, of unity.

We accept our Lord, Almighty God. We claim that we are His servants. Therefore, we must live in servant hood to Him and nothing else. Abu Yazid Bistami, may God bless him, said that we find Islam built on two fundamental, simple things. One of them is respect, most high respect, towards our Lord. The second is to care for, to be compassionate towards His servants and towards His creatures in general.

In everything that you do there must be respect for your Lord Almighty. That is the first thing that is to be considered in any action that a person may do. One must not do anything without giving respect to one's Lord, Almighty God. Therefore, Prophet Muhammad (saws) said that respect for your Lord is to begin everything by saying, "In the Name of God, the Merciful, the Compassionate, the Merciful, the Compassionate." That is the respect that you can give to your Lord at the beginning of every action. You must know that if He does not give permission or success to you, you can't be successful in any action. You can't even move your hands or your feet.

Then, you must care for, you must be Compassionate, to every creature. The Prophet (saws) said, "Even if you need to kill, do that kindly (ihsan), also." When you kill a sheep, a cow, a camel, a chicken, kill it kindly, God so orders, but people have lost that now. Even if you kill some harmful insect or animal, you must use something that doesn't give it too much pain. You must kill it instantly, and, therefore, it is prohibited to burn people or animals or insects. God prohibits it because only He may burn. No one may use fire to burn people - but now people are intending to burn the whole world and everyone in it, all nations. Earlier, weapons were only cold steel, swords and spears, but afterwards every weapon used fire to burn people. Now big bombs are

burning everything. Earlier very few people used fire for execution - it is forbidden (haram) in the Divine Law. If you are obliged to kill some harmful thing, don't burn it. Fire is only for cooking and for heat - that is all.

You must be compassionate. You must not even step on an ant without reason, because it also has life and when it sees you approaching to kill it, it runs away. It feels death and its pain. Therefore, it runs. It also glorifies its Lord. Therefore, you can't kill it if it has not harmed you. You can't kill it. If you kill it, you must bear the responsibility. Thus, Islam came with endless compassion for creatures, for everyone. Compassion is the correct word to describe Islam through the statements of the Friends of God (awliya).

When the angel Gabriel (as ) came to the Seal of the Prophets, beloved Muhammad (saws), for the last time, he said, "This is the last time that I will come to you to bring God's commands. Prophet hood is finished. I will bring no more message from heaven to prophets." The Prophet (saws) asked, "Will you ever come again to earth?" "I will come," angel Gabriel said, "but I will not bring anything. Rather I will come to take away something from the earth. I will come to take knowledge from the earth so that ignorance covers the whole world and people fall into those oceans of ignorance."

They are even claiming that there is no God. Instead of saying, "There is no god but God," they stop at saying, "There is no God." That is the highest point of ignorance. You can't find anything more ignorant than that. If a person knows everything, but does not know the Owner of himself and of the whole of the Universe, he is ignorant.

"I will come to take that away. I will come yet again to take blessings (barakah) from the earth," angel Gabriel said. You can find everything. People receive a lot of money, fill up their pockets, but still they say, "Not enough, not enough."

I remember there were three pence, three piasters of Queen Victoria, in Cyprus (Shaykh Nazim grew up in Cyprus during the period when it was a part of the British Empire). I can remember it quite well, a little piece of a silver coin, three piasters. It was enough for a person for one day; even for a family it was enough, that little silver coin. Some coins were even less than three piasters. There were some shepherds who for the whole day looked after sheep for one piaster. Their owner gave them a piece of bread and olives to eat and one piaster. Thirty piasters for a month, and they were happy.

Now, so many pounds! We were astonished when we were fifteen or sixteen years old, to see that some people went to London from Cyprus and they worked and said they got two pounds, three pounds, each week. Hah, so much money! "Each week or each month?" "No, each week - three pounds, four pounds, even five pounds." In Cyprus a famous officer made five pounds in a month. A policemen, for one-and-a-half pounds a month would go and come, go and come, not sitting down, not like the police in our time, six hours and then finished. No. From early to late or up to night, and sometimes the whole night, sometimes the whole day, they were working. One-and-a-half pounds and they were very pleased that they had a job. "We are policemen with uniforms and a fez." Yes, important people.

Then, angel Gabriel came and took away the blessings. He also came once again to take mercy from the hearts of people. It has been taken away, also. No more mercy. Yesterday I heard about something which shows the mentality of people for sports, for football. They injure so many people and leave them on the ground. Then they come and say, "You must play again. We want to watch." What mercy is in their hearts, those people? What is this? This is an example only, but more and more dangerous things are now going to happen because mercy has gone out of hearts. Every day you may take newspapers and look at what people are becoming - like robots, no more mercy, their hearts becoming rocks, never feeling. Islam fights against such things. Therefore its Prophet (saws) came with mercy and as a mercy.

"Will you come yet again?" the Prophet (saws) asked angel Gabriel.

"I will come once more," Angel Gabriel said, "to take modesty (haya) from the earth." Look outside now and see how men and women are dressing. In earlier times, mothers or grandmothers were ashamed to be in their bedrooms in such a way that people now dress outside. That is humanity, that is honour, this is modesty?

And this is the news from heaven which came to us fifteen centuries ago. What angel Gabriel, announced has come to us now. Yes, it is correct. No more knowledge that leads people to goodness and to honesty and to honour either here or in the hereafter. That is finished. People now are learning - learning for what?

Only to support the kingdom of Satan on earth. They are learning only that one thing, how they can support Satan's kingdom on this earth. That is all the knowledge that you can learn. Even religious schools are

bringing something from that satanic knowledge, putting it amidst true knowledge. For what? To make it ineffective, also. Yes, finished. Its power goes away. You can't find even religious schools or colleges giving pure knowledge heavenly knowledge, because Satan does not give permission for pure, heavenly knowledge, saying, "No. It is no good. You must mix up something else with that knowledge."

What is that knowledge? It is a heavenly knowledge, coming from God Almighty. We must accept that, not those - those are for Satan only, and support for his kingdom. Satan is so careful to do everything for himself. And as the Prophet (saws) informed us, it is now appearing. You must look at what you do.

Then, when we said that everyone is describing Islam according to his Satan, everyone has a Satan with himself, also. Therefore the future of this generation, these people, is bleak. You can't see any brightness or light. It is bleak, very bleak. God knows what things will appear amidst those bleak horizons, falling on people. There must be something, and that is a punishment that people will be given from themselves to each other.

Islam brought respect and mercy. We have lost both of them. In the Divine Presence, one life from among the children of Adam is more precious than the whole world, but we are making it less than a fly's. European people are laughing at Iran and Iraq, but they themselves are doing worse than that. Football is an example of what they are doing. It is only a small example, but if they can do that, it means that those people can do more than this. If that door opens to them, mercy is finished.

Therefore, the West can no longer laugh at the East nor the East at the West. When winter comes, the whole world is covered with snow. In such a way, now hearts are covered. No mercy enters into them. Islam says, "Don't kill." We say, "We must kill."

May God forgive us. We are asking forgiveness at every moment. If we give our wills into the hands of our enemies, or if we give our wills into the hands of satans, this is the result. You can't expect any other. Yes, I am looking at Cyprus now, also. The newspaper comes everyday. We are 100,000 or 200,000 people living in the Turkish part. Now there are fifteen parties and all of them quarrelling, seriously, fighting with each other, swearing, cursing everything. What is this? And we claim that we are Muslims! If we can find the chance to kill, we may kill each other there, also, but the Turkish government has put a strong power and holds people

by their hands, like this. And they say this is democracy.

That must be, yes. People can kill each other for the sake of democracy. That is the mentality of the twentieth century, because Satan says, "My kingdom can never continue without democracy" (that is, unlimited personal freedom which a democratic society permits becomes, inevitably, a tool of Satan). Therefore he urges people, "Take courage," urging people to have democracy. Everywhere it is written. I say that it means that you must be sufficiently brave to have democracy. They asked me, "Do you accept this?" giving me the ballot, and on it was written "Yes" or "No." I wrote on it "Yes for Islam." And from God is the Divine Help (wa min Allah at-tawfiq). It is time for prayer.

## The Station of Contentment- How to control anger

Who is the happiest person in this life? Who is the most satisfied? He who is satisfied with that station in life in which his Lord put him. It is the station of contentment- to look at everything and see that it is most suitable for him, and also for all. You must say: “This situation is most suitable for me because my Lord put me in this situation. It it were no good for me, He wouldn’t have put me in it.” We must believe that Allah Almighty desires goodness for us, always.

Don’t be a teacher to Allah. He knows best, and you don’t know anything. Don’t make any objections for anything; you are servants, you are slaves to Him, and He is Governor, Absolute King of the Universe.

You must know that all actions, all events, are not going to happen as we like them to happen. Nothing happens, no one can be as we like them to be; it is impossible. When you know this, you may keep yourself far away from anger, because anger is the result of thinking that you can have everything as you want it to be.

## The Station of Unity

"Oh my Lord, I ask You to grant me understanding, and to enable me, Oh my Lord, to make others understand."
(A prayer of the Holy Prophet Muhammed, Peace be upon him)

Every time I address people I silently make this supplication, as I know that only he who himself understands can teach people anything useful. A visitor recently told me about a spiritual teacher whose lectures and writings were so difficult that only trained intellectuals could make sense of what he was saying. It is not a sign of a man's understanding that his teachings be incomprehensible; a man of understanding will always try to make himself well understood by using clear and straightforward speech, adjusting to the level of his audience, and he will try to address as broad an audience as possible, otherwise his words will be scattered with the winds.

Even Allah Almighty, the Lord of all creatures, the Master of existence, in all His Glory and Greatness condescends to the level of His creatures. This is called "Tanazzulat Subhani" or, as close as it can be translated, "the Condescension of Glory" (or "the Condescension of the Glorious One"). You may find Him Almighty with His creatures on every level.

If He were not with an ant, and knew not the conditions in which that ant lives and what are its needs, He could not, by definition be the Lord of that ant. He, the Lord of all, in His knowledge, is even with microscopic creatures; so what about mankind, the most distinguished of His creatures, is it saying too much to say that He is with us? "Does the Creator not know what He created?" asks the Lord, that we may understand His Omniscience, and that being the Lord of all creation does not detract from His being with each individual creature.

The Holy Prophets and their Inheritors in every age have been endowed with knowledge of Divine Realities which is hidden from the rest of humanity, and it is their main duty to make these realities comprehensible to mankind in general, and to individual people in whatever way possible, in accordance with the respective levels and capabilities of those people. As the teachers of humanity they have been granted the ability to communicate in this manner: to speak directly to people's hearts.

This they have been granted from the Attributes of their Lord. But only Prophets and their true inheritors may find such flexibility available to them; for others it is very difficult to address anyone other than those who share with them a similar background and manner of perception. But Divine Teachers may be to every people what they need, may say what they need to hear; that is why people of varying backgrounds and ranks in life may all find peace with the same man and follow him.

A Concorde could never land on the roof of this building, but a helicopter could. Most scholars are like Concordes: so proud of their immense wingspans, streamlined form and speed. Only a few statesmen and tycoons - men and women of distinction and endowed with great wealth - may enter and ride Concordes. So scholars may speak and write for the appreciation of other scholars. Concordes fly at tremendous speeds and require huge runways at international airports to land, but a helicopter can land anywhere, even sometimes at sea, and can always hover in mid-air while lowering a lifeline to people trapped by a fire. So Divine Teachers are accessible to everyone in every situation, whereas Concordes might crash in a place where only helicopters can reach to rescue the survivors. Therefore, I am not leaving them on the tops of Himalaya mountains, but bringing them to safety.

Seekers of truth must look for those qualities in a teacher who purports to be addressing subjects related to the Divine. Otherwise they will be pursuing useless studies, and, according to the Holy Prophet, a sign of a

person's perfection in Islam is his abandonment of useless activities ("that which doesn't concern him").

Our guest mentioned that this scholar was addressing the topics of "Fana and Baqa" or "Annihilation and Permanence in the Divine". I think that no one except those who have arrived at these Stations is qualified to speak of them, otherwise his description will be like that of a person who has never tasted honey trying to describe its taste from what he has read about it to others who have been deprived of honey. Or it will be like asking a little boy about the pleasures of a honeymoon... useless.

These topics are Oceans. When you melt, dissolving in the Unity Ocean of Allah Almighty, then you may understand the meaning of "Fani-fillah" (Annihilation in Allah). When you abandon your position as a being in existence, when you become as a drop of rain falling from the sky and are immersed, united in that Ocean of Divine Unity, then no one can ask where that drop has gone: the drop became an Ocean.

As long as the drop is falling, it continues to say: "I am something", but when it reaches that Ocean, it looks and says: "Where am I? I am finished. I am with Him. I am here, but not here; only He is here, but I am now with Him. I am in His Ocean. I feel this, but no more can it be said that I am a drop: this drop has become an Ocean". That is only a very simple description of Annihilation in God.

"Baqa" or Permanence, is to be with Him always. In such a Station your personality does not appear; what appears is only Divine Existence. You have been dressed in Divine Unity. That is the "Station of Unity", "Maqam at-Tawhid". What Baqa means is that you will never lose sight, hearing, feeling, knowing, understanding - never, but they will be without limits. We must try to attain these Stations, but the Way is difficult and requires severe training.

One of the aspects of that training is to try and see everything as proceeding from Him Alone. This is the sixth pillar of faith in Islam: The belief that everything that happens in this world, the good and the bad alike, are from God. This is referred to as "Tawhid al-Af'al" or "The Unity of Actions". The way to begin to realize this point is to remember the source of all events, Allah Almighty, when events occur, and not to occupy one's self with blaming or lauding those who are not really the causes of events, only the instruments to their occurrence. This means that if Ahmed comes and gives you a pound coin and then Fulan comes and slaps you and takes it away, you don't think of Ahmed as the giver of the money, nor of Fulan as a thief. If you think like this you have fallen from that high level of faith. You must perceive the hand of Allah behind both hands -

that which giveth and that which taketh away as He is the creator of the actions of people.

When someone is generous or kind to you, you must remember that it was your Lord who sent him with that favour, and you must thank your Lord. But at the same time you are going to say: "Thank you" to that person, as without giving thanks to the carrier of that blessing your thanks to its origin is not going to be complete. Therefore the Holy Prophet said: "Who thanks not people thanks not Allah". Our Prophet, upon whom be peace, is advising us strongly that we should not allow our vision of unity to distract us from perfecting our politeness with our fellow men. But you know that it is your Lord who sent him, and you are not forgetting that under any circumstances. And when you see that Ahmed has filled your hands with gold, you must say to him: "Oh Sheikh Ahmed, thank you so much! And firstly thanks to your Lord, who sent you with favours for me, and thank you for faithfully delivering what was entrusted to you".

And when that robber Fulan comes, hits you and takes all the money, don't be angry with him! Yes, the Divine Law, the Shariah, permits you to retrieve that money if you can, and prescribes a Punishment to be meted out by the society as well, but if you are on the way of Unity, then you must regard that action as coming to you from Allah Almighty too. He Alone sent that man to rob you, because the Creator of every action is only One: Allah Almighty.

Because it is not possible for all people to aspire to this high level of faith in which God's Hand is seen behind every event, Allah Almighty in one verse of the Holy Qur'an, condones "a life for a life" in the case of murder, and goes on to call those who are capable of it to "turning the other cheek". These are the levels, respectively, of Shariah, the Law, and Tariqah, the Path. Based on this verse, therefore, the Islamic Law concerning murder is balanced, making concession for the normal human feelings for vengeance in the face of such an abominable crime. Islam allows for the execution of the duly convicted murderer, and in this way assuages the feelings of the close relatives, thus preventing extended blood-feuds. The law also allows for the payment of blood money in lieu of execution, to be paid to the victim's close relatives. Lastly the verse calls those who are seeking the highest level of faith and unity of vision to forgiveness, saying: "And whoso forgives and promotes understanding, his reward is incumbent on his Lord".

What Allah is saying to seekers of absolute truth is: "Now forgive him, because I sent him to do that action". Then you realize that, in reality, there is no question of guilt nor need for revenge. But that is not the common

level. That is the level to be striven for, and it is beyond us to forgive in such a manner because our egos are like volcanoes.

Now people may be very polite in their everyday dealings, as long as everyone behaves in accordance with their expectations and everything falls into place according to plan; but should, God forbid, the smallest thing go wrong - for example a small error in driving, even one that causes no accident - for such a small reason one may hear the ugliest obscenities pour from their mouths like a lava eruption. That ego makes people dangerously ill, and now that people are totally under their egos' command, where can you find the tolerance described in that Holy Verse of the Qur'an?

So much hate and frustration is pent up in people - I see it in their looks - and so often a scapegoat is sought upon whom to release that torrent, and the best, the tried and true scapegoat throughout the world is always the "foreigners"; so I am quick to assure people here in the West: "We are just here as your guests. This is your homeland." But is it? You can't stay here either except in your graves. Your homeland is the grave, not above ground. Thank God, no one is begrudging us cemetery plots, no one is trying to prevent our being buried. The gravedigger wipes the dirt off his hands and goes away, and the Earth accepts us indiscriminately; but people on the Earth are ... (???)

Once I was in Mecca with our Grandsheikh making Tawaf (circumambulating) the House of Allah, the Kaaba. Grandsheikh said to me: "Look up!" When I looked I saw above the heads of the people another group of worshippers performing their Tawaf; but these people were of a different class: calm, peaceful and graceful. They too were of mankind, not Angels, but they were the ones who had reached the level of seeing every action as issuing from Allah Almighty, therefore they left the level of earthly struggle.

But, meanwhile, back on the ground, amidst the throng, with those who lack such certainty, we were being pushed, shoved and trampled upon. Some groups locked arms and shoved straight through the crowd, full-speed ahead, sending all who were unfortunate enough to fall in their path flying through the air, like discarded banana peels. Elbows in my ribs, heels on my toes... but above us, the ones who concur with God's Will have no need for earth under their feet. Now, perhaps, you are thinking that such a thing is impossible, that I am telling a "tall tale", but Yet, when you are told that airplanes fly you think nothing of it. If man can make metal fly, cannot God make man fly? They are at peace with their Lord and with everything in creation,

therefore, everything carries them.

And so, we have been shown a higher way, the vision of Unity, and we have been asked to be patient with those events that are not to our liking, remembering their source. This is the best training for our egos. Undergo this training or you will struggle fruitlessly - up to the grave. We are being trained by our Lord to recognize the Unity of Actions, so that we can come to understand the Unity of His Holy Names, which leads us to the knowledge of the Unity of His Holy Attributes; that knowledge will prepare us for that ultimate dive into the Unity Ocean of Allah Almighty's existence - essence. That is the final goal: that raindrop falls, and it will not emerge again ever - and it is content because it has just gained everything eternally, forever.

Therefore, Allah Almighty addresses mankind, saying: "Oh man, verily you are striving towards your Lord, and you will meet Him". He Almighty is teaching us that all our striving on Earth, our running from East to West, here and there, night and day, is, unwittingly, nothing else than our race towards our Lord's endless Unity Ocean, but we can't now understand. Our souls long for our Lord, therefore we move, and there is nowhere to move save towards the One.

## Stay on the Way to Paradise

As-salamu alaikum. Ja'ana Allahu (?) wa iyakum mina-l muqminina muhlisin...
A'udhu bi-llahi mina shaitani rajim, Bismillahi r-Rahmani r-Rahim, la haula wa la quwwata illa bi-llahi-l 'Aliyi-'l 'Adhim.

O people, we are all servants of our Lord. Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah. Ask always from servants of the Lord support, spiritual support. But people they are running and asking (for a) material support. Material support never gives to you anything here or Hereafter. We are all servants for the Lord of Heavens and we are in need (of) heavenly Support, spiritual Support. That is most important for mankind, but mankind now they are heedless.

They are drunk, drunks! And that drunk(ennes)s (is) coming from drinking from (the) material world that we are running after it, to reach our wishings or willings, but it is nothing. Everyone (is) drinking now from Dunya, from Dunya's drinks that (are) making people drunk. And drunk, to be drunk, (is) carrying people from bad to worse, from worse to worst and therefore people now (are) not only drunk ones, no. Drunk ones was yesterday, but now today and coming days, people they are going to be crazy ones. Crazy ones, craziness going to cover whole people from East to West.

You may look what people they are doing. They are doing so many things that a full mind person (is) never going to be happy (to do). So many events, so many happenings (are) coming and we are hearing and we are saying: “For what they are doing this? A good mind person can’t do this. Who may loose his mind, who is going to loose his well willings, they may do such a things!” How you can accept a person to go in a place full with innocent people we may say and (he is) entering there and blasting himself? Putting bombs through himself and killing himself and same time they are killing so many innocent people? How that person (is) going to be (a) full mind person? He must be ‘majnun’, no mind person. How they are killing each other?

How people (are) running through streets like wild animals, shouting, destroying, burning, harming people, harming cities, harming markets? What is that? In which book they are learning such things? O people! Those people, who (are) harming mankind, they are followers the way of Shaitan. Their teacher is Shaitan. But they are insisting to follow it on the name of improvement: “We are now more civilized people.” ‘Tu’ on their civilisation. ‘Tu’ from today up to the end of world such a civilisation! (It) must be taken away! Ask from your Lord, because those beasts (are) harming everything, beginning from ants. They must be taken away.

Therefore we are saying (that) people they are not now drunk ones, but they are crazy ones, no mind people. They are trying to destroy everything. On the name which one? On the name of Shaitan. Allah Almighty (is) just preventing bad things. People living on earth now they are against Islam. But they are beasts, no mind people. What Islam (is) saying? “Don’t give harm to anyone, anything.” It is one ‘ta’alim’, one order, that Islam (is) ordering people: “O people, don’t give, don’t harm anyone. Beginning (with) yourself; don’t harm yourself or anything else.” That is a sentence of wisdom and it is enough to give Islam (the) highest price, because (it is) bringing that unchangeable order: “Don’t harm! Don’t give harm to people, give everyone’s rights!” But now whole people living on earth they are against Islam. For what?

Islam (is) ordering to them to do such a things? I am very sorry that people (are) getting on mosques and making such a wildness that beast they are not doing that. It is not Islam, they are not Islam, no! Their final station should be Hells. Allah (is) never ordering people to do

harming, to harm anything. That is Islam's principle that can save whole people - if they are listening: Don't harm yourself or anyone around yourself. Even someone (is) harming you, don't harm him! Leave to be beast that person! Islam (is) never accepting to be his followers beasts! 'Majanin'; people now they are like no mind people, crazy ones, fools, idiot ones that they are in need to be put into mental-houses. Mental-houses they are in need (of)!

Therefore they are fearing from Islam, because Islam (is) coming with (the) sword now! Full sword! Always they are, Non-Muslims they are not accepting (that) Islam (is) coming with (a) sword. Yes, Islam just came by sword, because so many beasts must be killed! But now Islam (is) standing in its station and (it is) looking, what Shaitan (is) doing on Non-Muslims.

Every trouble (is) coming from Non-Muslims. Islam (is) so pure, so sweet, so wonderful! (It is) taking people from (the) deepest position to (the) highest position. That is Islam. But if (there are) coming dragons, (Islam is also) keeping his sword! Now Islam (is) keeping its sword and (is) leaving those beasts that they are not Muslims, (that they are) burning themselves and killing themselves. Leave them! But it is not a good - oh oh oh... for Muslims to make trouble. Islam (is) preventing trouble-makers. No, never accepting!

Trouble-makers must leave communities! You must clean your community from beasts, from dragons, from serpents, from snakes. All of them (are) harming people. Islam (is) never happy to leave such a people. But now Islam (is)... only they are looking and Allah Almighty (is) saying: "O Muslims, keep your positions and I am going to give punishment for those beasts through themselves." Through themselves. May Allah forgive us.

O people, listen and understand. Understand and keep the way, ways of Paradises, ways of Heavens. We have been created for that! Not to be idiots or not to be fool ones, not to be crazy ones. Islam (is) ordering to its followers: "Keep the ways of Heavens. You should reach – Huuu! – (the) Mercy of Allah and (His) Blessings, if you are keeping yourself.

O people, don't follow shaitanic ways! "I am hearing that some young ones after Isha they are running through streets. I am not happy with that, I am not happy. What I am saying (are the) Commands of Heavens. Don't follow Shaitan and shaitanic ways, you should be happy here

and Hereafter. Don't be enemies to each other. And keep respect for each other and keep what Allah Almighty (is) giving to you from His endless Mercy Oceans. Be thankful to your Lord and ask His Forgiveness. It is not true for youngsters to go out after Isha. When they are going to be clean Salatu-l Isha, then Shaitan (is) saying: "Come and follow me. Come, we are going to enjoy ourselves with young men, young women!" It is not true. If they are insisting, (those) that (are) coming here and (they are) not listening (to the) Holy Commands, I have some... I may use something for them. Then they should be repented. But repenting is no good.

O young ones, keep yourself, because Shaitan (is) running after you! Keep your honour and keep your respect (for the) holy Commands of Allah Almighty. And keep Allah Almighty's Blessings to come on you. If you are not listening, heavenly Blessings (are) leaving you and (there is) coming on you so many bad situations, (that) whole people living on earth can't reach to you, can't save you, can't be able to save (you) from that conditions. O young ones, o young ones! It is honour for you to follow the way of Heavens. But Shaitan (is) so greedy (jealous), asking young ones to fall into fire, to lose their honours in divinely Presence.

O ones, who (are) coming from far distance! Shaitan (has) shaitanic places, dirty paces, dirty ones everywhere and this is a clean place and Shaitan (is) always coming to carry away even one of you and making you to follow him. No, keep your honour, keep your honour. There is young boys and girls, coming; yes, it is... I am not preventing, who (is) coming. But you must ask what is heavenly Orders for young ones from children.

Ask, what it is Halal and then you may establish your life and you may be people of Paradise. First of all prepare yourself that you can carry (the) responsibility for a marriage. You must know it, then you must ask. If it is okay, (if the) Shariat (is) giving to you a permission, we may do for you a marriage from both sides agreement. If not, you should be unhappy and you should be thrown into fire.

May Allah forgive us. I am hearing, what (is) happening. And also sometimes I am seeing and looking what (is) making Shaitan around yourself. I am warning everyone that they should follow heavenly Orders, not satanic ways. You are young ones, clean ones; live cleanly and leave Dunya clean and you should be with clean ones (on) the Day of Resurrection.

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Karim Allah,
Allah Allah, Allah Allah, Allah Allah, Subhan Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah. Fatiha.

**Der Stern Al-Sauds**

(Engl.: StarOfAlSaud)

Bismillahi r-Rahmani r-Rahim. Eine Eingebung kam in mein Herz über den Verlust, das Dahingehen, des Kronprinzen, Prinz Nayef bin Abdul Aziz al-Saud. Möge Allah (swt) gnädig mit ihm sein. Einige Worte kamen in mein Herz, und ich möchte eine Erklärung abgeben und über das sprechen, was in mein Herz gegeben wurde den Kronprinzen betreffend. Wir sagen: Audhu Billahi mina sh-shaytani r-rajim.Bismillahi r-Rahmani r-Rahim. Allahu Akbar Al Akbar! Subhana Allah! Die Nachricht kam gestern Nacht über das Dahinscheiden des Kronprinzen al-Saud. Und aus dem Grund würde ich gern erklären, was in mein Herz eingegeben wurde, für die Muslime und die Gläubigen und alle Leute. Und wir alle sind Diener unseres Herrn (jwa), Subhanahu wa Ta'ala. Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Die Nachricht des Dahinscheidens des Kronprinzen Aal Saud verbreitete sich schnell. Und was in mein Herz gegeben wurde, ist, daß er, Subhanallah!, ein heller Stern war! Es gibt niemanden wie er. Subhanallah! Das ist die Eingebung, die in das Herz eines schwachen Dieners kam. Möge Allah (swt) gnädig sein mit seiner Seele und mit uns. Wir leben in den gesegneten Monaten. Der erste ist "Rajab, der Monat Allahs (swt), und Shaaban ist mein Monat, und Ramadan ist der Monat meiner Nation.' Subhanallah die größten Monat ist Rajab, der Monat Rajab, weil er Rajabu l-Fard, einzigartig ist. Und deshalb heißt es, daß Rajab der Monat Allahs (swt) ist. Er gleicht keinem anderen Monat. Er wird der Monat Allahs (swt) genannt, weder Ramadan, noch Shaaban oder irgendein anderer Monat. Dieser Monat ist ein gepriesener und erhabener Monat. Er ist geehrt und kann mit keinem Maß gemessen werden. "Shaaban ist mein Monat". Rajabun Ajaibun! Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Subhanahu wa Ta'ala.

Die Nachricht des Dahinscheidens des Kronprinzen Aal Saud hat sich sofort verbreitet. Sie sagten und ich habe gehört, daß er ein strahlender Stern unter den Sauds war. Es ist keiner wie er. So beschreiben sie ihn. Er

war ein großer Mann in der Familie der Saud. Er wird gepriesen. 'Und wer in einem fremden Land stirbt, wird als Shahid - Märtyrer - angesehen.' Dann, Subhanallah!, starb er in einem fremden Land und wird deshalb als Shahid, Märtyrer, angesehen. Die gesegnete Nacht Laylatu l-Miraj. Niemand der Aal Saud Familie hat diese Stufe erreicht, Masha'Allah für ihn. Er war friedlich und ruhig. Seine Persönlichkeit war sanft. Er fügte niemandem Schaden zu. Dieser Preis kommt von den Himmeln. Haqq (swt) sagt: "Kullu Nafsin Dha'iqatu l-Mawti Thumma ilayna Turja'una" (29:57) 'Jeder muß den Tod kosten, dann werden sie zu Uns zurückkehren' (29:57). Seine Seele wurde in Laylatu l-Mi'raj genommen. Das ist eine Besonderheit, die ihm zuteil wurde. Unter den Aal Saud hat kein Prinz, noch König oder Sultan jemals diese Stufe erreicht. Diesen Preis hat niemand in Laylatu l-Mi'raj erreicht. Subhanallah! Ihr Leute, Gläubige, Allah (jwa) sagt: 'Jeder muß den Tod kosten, dann werden sie zu Uns zurückkehren'.

Und er hat eine Besonderheit: Jeder der Könige, forderte, in seinem Land begraben zu werden - seine Stadt ist Ryadh - nur er forderte, über ihm im Haram Makka Al Mukarrama zu beten und ihn im Haram Makka Al Mukarrama zu begraben. Niemand hat diese Stufe erreicht. Er hat nie jemandem Schaden zugefügt, noch hat sich jemals jemand über ihn beschwert. Aber er war begrenzt... Es gab keine Macht mehr in seinen Händen. Wäre sein Leben länger gewesen, hätte er das Königreich an seine rechtmäßigen Besitzer vom Haushalt des Propheten (saws) zurückgegeben. Er hatte die Absicht. In Laylatu l-Mi'raj, vorgestern Nacht, wurden die Awliya' Allahs (swt) darüber in Kenntnis gesetzt, was er dachte, das Königreich Saudi Arabien an seine rechtmäßigen Besitzer zurückzugeben, da die Gläubigen das Amanat an seine Leute geben müssen. Harami Makka Mukarrama und Madina Al Munawwara gehört der Aal Saud Familie jetzt treuhänderisch. Er ist derjenige, dessen Herz inspiriert war, das Königreich zurückzugeben an seine rechtmäßigen Besitzer, wie ihm von himmlischen Befehlen bedeutet wurde. Dieser Kronprinz liebte die Wahrheit, und seine Liebe zu Haqq, zur Wahrheit, war so, daß er das treuhänderisch verwaltete Land an seine Leute zurückgeben wollte. Er verbarg diese Sache des Zurückgebens an seine Besitzer, aber er hatte es im Sinn. Und in Laylatu l-Mi'raj kamen die Engel herab und nahmen seine Seele, so daß seinem Willen stattgegeben wird, das Salatu l-Janaza im Haram Al Makka Al Mukarrama zu beten. Er war ein großer Mann. Das war seine Absicht. Er wurde genommen, und die Leute weinten um ihn. Sie weinten um ihn. Er wurde diese Nacht begraben im Haram Al Makka Al Mukarrama.

Ja! Aal Saud Familie, Allah (swt) ist Zeuge und Sein Prophet (saws) ist Zeuge dessen, was die Saud Familie getan hat. Ob sie es anerkennen oder nicht, Allah (swt) wird sie dazu befragen. Seine Absicht war klar: das Land an seine Besitzer zurückzugeben. Das bewahrte er im Herzen, Subhanallah! Allahu Akbaru l-Akbar! Ihr

Könige, Führer, Prinzen, Haqq (swt) sagt: "Kullu Nafsin Dha'iqatu l-Mawti Thumma ilayna Turja`una" (29:57). 'Jeder von euch wird den Tod kosten, und zu Mir werdet ihr zurückgebracht.' Wenn sie das anerkennen, der Herr der Freigiebigkeit, der Herr der Himmel und Erden erkennt nur diesen Diener von der Familie der Aal Saud an, über ihm wird wird im Haram von Makka gebetet und er wird im Haram Al Sharif beerdigt. Allah (jwa) sagt, Astaizzu Billah: "Wa Ma Khalaqtu l-Jinna Wa l-'Insa illa Liya`buduni" (51:56). Ich brauche von ihnen keine Versorgung oder irgendetwas, außer daß sie Mir gehorchen.

Ich bin ein schwacher Diener, und mein Arabisch ist schwach, so als sei ich Analphabet, aber Mitten in der Nacht kam eine Eingebung in mein Herz ihn betreffend... Er deutet zu mir so mit dem Kopf. Sie bekleideten ihn mit Göttlichem Licht, wie kein anderer König bekleidet war. Allah (swt) segnete ihn, damit über ihm im Haram von Makka gebetet würde und er im Haram Al Makka Al Mukarrama beerdigt würde. Ja, ihr Könige "Kullu Nafsin Dha'iqatu l-Mawti" (29:57) - der Tod ist für jeden geschrieben... Und zu jedem von uns wird mit Sicherheit der Tod kommen. Ihr Könige, Haqq (swt) sagt: 'Und Ich erschuf die Djinn und die Menschen nur, damit sie Mich anbeten' (51:56). Und Haqq (swt) sagt: "Liyabluwakum Ayyukum Ahsanu `Amalan..." (67:2) Ihr Könige, welche Taten tut ihr? Allah (swt) sieht darauf, was ihr tut, und sagt: 'Er kann euch prüfen, welcher von euch der beste in Taten ist.' (67:2) Dies ist nicht meine Meinung, sondern meine Gewißheit, daß Al Haqq (swt) will, daß das, was rechtmäßig seinem Besitzer gehört, ihm zurückgegeben wird. Und von den Aal Saud hatte er die Absicht, das Königreich zurückzugeben an seine rechtmäßigen Besitzer, den Haushalt des Propheten (saws). "Liyabluwakum Ayyukum Ahsanu `Amalan..." (67:2).

Ihr Leute, was macht ihr? Was macht ihr? Sie horten Schätze wie Qarun und haben keinen Nutzen davon. Und was ihnen nützt, ist, zu geben! Gebt, 'gebt ohne nein zu sagen und fürchtet nicht, daß euer Reichtum abnehme.' Ihr Könige, was macht ihr? Allah (swt) sprach zu Seinem Geliebten (saws) zu sagen: 'Gib, oh Bilal, und fürchte vom Herrn des Thrones keine Erniedrigung!' Dieser Gläubige an Einen Gott und Liebende der Familie des Propheten (saws) beabsichtigte, all seine Schätze wegzugeben, aber er war daran gehindert, trotzdem kam es an! Was er zu tun beabsichtigte, erreichte Allah (swt)! Masha'Allah. Ihr Könige, lernt euere Lektion von diesem Diener, der eine gute Absicht hatte. Gebt! Und fürchtet vom Herrn des Thrones keine Erniedrigung. Er wollte dem Vers gehorchen, der sagt: "Liyabluwakum Ayyukum Ahsanu `Amalan". Möge Allah gnädig sein mit seiner Seele. Die Leute der Wahrheit haben keinen anderen König von den verstorbenen Königen der Aal Sauds zu preisen und zu befürworten außer Prinz Nayef! Er nahm ihren Preis, gut für ihn!

O Aal Saud, möge Allah (swt) euch guten Lohn geben, wenn ihr gehorcht wie er! Heute in dieser Welt, Dunya, morgen im nächsten Leben. Ihr Leute, alle Muslime in allen muslimischen Ländern, beachtet diese Lektion. Allah belohnt seinen schwachen Diener mit dem besten Lohn, dem besten Lohn. Wir haben Schätze. Wir brauchen den Lohn der Aal Sauds oder anderer Leute nicht! Nein! Dunya ist für die guten Diener Allahs (swt) unter ihren Füßen. Mir wurde heute gesagt, alle Leute zu ermahnen mit dem verstorbenen Prinzen Nayef. Nayef, mir wurde sein Gesicht gezeigt. Niemand hat gesehen, was ich sah. Die Heiligen von Makka Al Mukarrama haben es uns gezeigt. Niemand sonst von den Aal Saud wurde das gegeben, außer ihm. Allah (swt) segnete diesen Diener. Er hatte die gute Absicht, den Leuten ihre Rechte wiederzugeben. Möge Allah (swt) ihn mit Gutem belohnen, und möge Allah (swt) euch, Aal Saud, belohnen. Wartet und gehorcht Allahs (swt) Befehlen. Seid Diener Allahs! Seid Herrscher eueres Selbst. Seid standhaft auf dem rechten Weg. Seid die besten Leute, da Allah (jwa) euch damit ehrte, euere Taten zu prüfen, euere Taten zu prüfen, wer unter euch Gutes tut. Versteht ihr Arabisch? Meins ist schwach, ihr Könige!

Und ich habe keine Forderung von euerer Seite. Ich habe das Alter der Straffreiheit erreicht. SN: Jene, die von Allah (swt) freigestellt sind, Dem Höchst Barmherzigen. Wer sind die von Allah, dem Höchst Barmherzigen, Freigestellten? Sie haben ein bestimmtes Alter. Ich will von euch nur die Vermutung von Gutem in uns, und die Leute vermuten Gutes in den Leuten. Seid großzügig mit den Leuten. Wenn ihr großzügig seid, dient das euch selbst. Wenn ihr nicht großzügig seid, haltet ihr Allahs (swt) Großzügigkeit auch von euch selbst fern. Ihr Shaykhs von Ägypten, ihr Shaykhs von Sham, ihr Shaykhs von Baghdad, Ost und West, bewahrt diese Worte und denkt darüber nach. Sie kommen nicht von Büchern, die wir haben, sondern dies sind einfließende Eingebungen an uns, und er sagt, er haßt diejenigen, die die Augen schließen während seines Totengebetes. Ich will von euch keinen Lohn, noch Dank, hätte ich etwas vorbereitet, um zu den Muslimen zu sprechen. Aber ich war stark inspiriert, und das war ein Zwang auf mir vom Meister der Propheten (saws), dem Meister von Anfang und Ende, Rasulullah. Frage sie, sagt er, der Prophet (saws) des Zeitenendes, mein Herr betet über mir, und sie verhindern die Gebete, die über mir gemacht werden! Und ich bin sein Gegner am Tag des Gerichts, ihr Könige der Saud Astaghfirullah, ich bereue vor Allah (swt).
Ich habe es erklärt und Allah (swt) ist mein Zeuge, und der Prophet (saws) ist mein Zeuge, und die Engel sind meine Zeugen. Ich bin ein schwacher Diener. Zwei Worte, und ich werde müde. Und mein Arabisch ist auch gering. Ich kondoliere jene nicht, die vorschlugen, die Nation des Propheten (saws) zu ermahnen, sie alle. Jene, die diesen Rat annehmen, gut für sie, jene, die diesen Rat vernachlässigen, Weh über sie hier und im

Jenseits. Tawba ya Rabbi. Tawba Astaghfirullah. Tawba ya Rabbi. Tawba ya Rabbi. Tawba Astaghfirullah. Gib Deinem Geliebten, dem Meister von Anfang und Ende, Licht und Glück und mach ihn zufrieden hier und im Jenseits in allen Welten, o Herr des Großen Thrones. Er weiß, was geschieht auf dem Thron des Allbarmherzigen, o Aal Saud! Würdigt eueren Propheten (saws)! Al Fatiha.

## DER STERN MUHAMMADS

O unser Herr! Nähre unseren Glauben mit Deinem Segen. Laß uns Deine gesegneten Diener sein! Das ist, was wirklich wichtig ist. Es stehen so viele Dinge in den Heiligen Büchern. Sie enthalten Meere von Wissen. Und es gibt aber Tausende und Millionen von Büchern, die voll sind mit himmlischem Wissen, geschöpft aus dem Heiligen Qur‘ân. Wissen, von dem nichts existierte vor der Offenbarung des heiligen Qur‘âns, doch sobald er herabgesandt wurde, erschienen diese Meere von Wissen. Das alleine müßte für jeden einsichtigen Menschen Beweis genug sein zu glauben, daß der Qur‘ân vom Himmel gesandt wurde.

Es können unmöglich die Worte eines Menschen sein, es sind Worte Gottes. Vor der Berufung Sayyidinâ Muhammads œ war Arabien in der Dunkelheit der Unwissenheit gefangen. Es ist keine tiefere Dunkelheit vorstellbar als die, in der sich Arabien vor seinem Kommen befand. Die Araber waren ein unbekanntes Volk in einer unbekannten Wüste. Lediglich im Alten und Neuen Testament und in den Heiligen Schriften davor wurde erwähnt, daß das Siegel der Propheten, der Letzte Prophet, aus Arabien kommen werde.

Das Volk Israel wie auch die Christen waren in Erwartung von Neuigkeiten über sein Erscheinen. Ihre Augen und Ohren waren ständig Arabien zugewandt, um die erwartete Nachricht zu bekommen. Christen zogen sogar aus Damaskus fort und erreichten den Jemen, wo sie ein christliches Königreich errichteten. Der einzige Grund, warum sie sich dort aufhielten, war, daß sie das Siegel der Propheten erreichen wollten. Sie kamen nach Aden, um schnell jenen Propheten zu erreichen und sich ihm anzuschließen, sobald er geboren

wurde, und von seinem Volk und seiner Nation sein zu dürfen.
Sie hatten so viele Dinge über diesen Propheten gehört, über seine Größe und seine Ehre, und über die Ehre, die seiner Nation zukommen würde. Abraham und Moses und alle Proheten hatten ihn gepriesen, den von Allâh selbst Gepriesenen. (Muhammad bedeutet „Gepriesener“.) Juden kamen ebenfalls bis an die Grenzen der Stadt Medina. Auch sie waren getrieben von dem Wunsch, Neuigkeiten vom Erscheinen des Siegels der Propheten zu erreichen. Sie errichteten ihr Königreich in der Burg von Hybar.

So kamen Christen von Süden und Juden von Norden, um nach dem Propheten Ausschau zu halten, dessen Ankunft in Mekka erwartet wurde. Ein unbekanntes Volk in einer unbekannten Wüste war der Stamm des Siegels des Propheten. Nur das Volk der Schrift wußte von ihm mit Gewißheit. Ihr Wissen über das Kommen eines letzten Propheten war von unzweifelhafter Gewißheit. Sie beobachteten und kontrollierten jedes Neugeborere, damit sie ihn erkennen und ihm folgen könnten. Das war ihre Absicht. Als der Prophet œ geboren wurde, lief ein jüdischer Rabbi in Medina herum und rief: „O Leute, der Stern des Siegels der Propheten ist soeben erschienen. Der hellste aller Sterne ist gerade heute Nacht am Himmel erschienen.“ Das war jene Nacht, in der er in Mekka geboren wurde. Für jeden Menschen gibt es einen Stern, der aufgeht und scheint, sobald er geboren wird. Wenn jemand stirbt, so erlischt auch sein Stern. Jeder hat einen Stern am Himmel. Die Christen und Juden wußten von ihm und auch davon, daß sein Volk ignorant war. Sie versuchten, das Siegel der Propheten zu erreichen, um die letzte Botschaft vom Himmel von ihm in Empfang zu nehmen.

Die Gläubigen unter den Christen und Juden nahmen so viele Weisheiten vom Siegel der Propheten. Solange sie ihm folgten, kam immer mehr Gewißheit, mehr Zufriedenheit und Friede in ihre Herzen. Sie waren voller unendlicher Freude. Es war bekannt, daß jener Stamm vor dem Auftreten von Muhammad ein wildes Volk war, das sich nicht der Ehre würdig erwies, ein Teil der Menschheit zu sein. Jenes Wissen nun, das Muhammad überbrachte, erschien in jener Zeit und vermehrte sich und breitete sich nach Osten und Westen aus. Millionen Bücher wurden geschrieben über Qur‘an und Hadithe. Es sind endlose Meere von Wissen, und die Menschen schrieben darüber so viele Bände von Büchern. Es war eine Gnade von Allah dem Allmächtigen für alle Gläubigen, in den Heiligen Qur‘an zu schauen und daraus Wissen zu schöpfen. Wir nehmen daraus, was für uns notwendig ist.

Ein Schiff benutzt nur eine Linie, um auf dem Meer zu fahren. Es kann nicht zur selben Zeit den ganzen

Ozean benutzen. Auch wir haben von unserem Großsheikh so viele Meere von Wissen, doch wir benutzen jetzt nur, was nötig ist. Solange du ein rechter Gläubiger bist, lehrt Allâh der Allmächtige dich. Du mußt dich jeden Tag fragen: „Bin ich ein lobenswerter Diener? Bin ich ein gesegneter Diener?“ Es ist zweifellos das größte Glück für einen Menschen, wenn er fähig ist zu sagen, daß er am heutigen Tag ein gesegneter Diener ist. Vielleicht mag er die Absicht haben, bis ans Ende seines Lebens ein gesegneter Diener zu bleiben. Es ist wichtig für jeden Muslim zu versuchen, einer von den gesegneten Dienern zu sein. Es sind ihrer nicht Tausende oder Millionen von Leuten, sie sind sehr selten. Wenn du nach Rubinen suchst, wirst du sie nicht inmitten von gewöhnlichen Steinen finden. Ihr müßt versuchen, gesegnete Diener zu sein, und dazu müßt ihr gesegnete Diener Gottes finden. Wenn ihr einen der gesegneten Sheikhs und Gelehrten finden könnt, könnt ihr euch glücklich schätzen, denn ihr Wissen wird eure Herzen anfüllen, und es wird euch fähig machen, immer eure Dienerschaft gegenüber Allâh dem Allmächtigen zu erfüllen.

# The Stick For The Disobedient

(Dt.: AlAsaLimanAsa)

O servants of Allah (swt) you must follow the Book of Allah (swt) & the Sunnah of His Prophet (saws). Bismillah Al Rahman Al Rahim. O people of Egypt or people of the East & people of the West, the words of the Prophet (saws) are for everyone, for everyone. O nation of the Beloved! Of the attributes of the Prophet (saws) he teaches people goodness. If you learn, you shall be victorious in this world & in the Hereafter. If you do not learn, or you will be... in this world & in the Hereafter you will have the harshness of life. In the life of this world hardness & in the Hereafter the torment of hell. This is what the people of Haqiqa/Truth say. And we are the servants of the Lord & we say, Audhu Billah min al shaytan al rajim.

O servants of the Lord the greatest advice to Muslims from Allah (awj) is Fa Astaizzu Billah/take refuge in your Lord min al shaytan al rajim/from the accursed devil. People now they do not listen to the words of Allah (swt) and His Prophet (saws). And they are following their desires which drive them to waste in this world & in the Hereafter. This is what the Prophet (saws) says. Bismillah Al Rahman Al Rahim. O people, this means if you see stinginess prevail, egoistic desires followed, and everyone favouring his own opinion, then you must keep yourselves. This means that you leave them. And now we are in a period of time and who gave the news of it is the 'true speaker'. A true speaker who gave news about the past & also about the future: the

Prophet (saws).

Do as you like! If you listen to the words of the Prophet (saws) you will be victorious in this world & you will be saved from the exhaustion that shaytan places in front of you, or shaytans. And now people they think that they are.... on the Sirata Al-Mustaqima/ the Straight Way. Hasha! No! They are not on the Straight Way. Where are the scholars of Egypt to explain to them this matter, that the people of Egypt are not on the Straight Way? And Allah (swt) ordered the servants to recite in every Rakaat to be guided on Sirata Al-Mustaqima/ the Straight Way. Is democracy or parliament Sirata Al-Mustaqima/the Straight Way? And elections? And that every person is proud of their ideas? Is this what the Prophet (saws) instructed? What the Prophet (saws) instructed is by order of his Lord (jwa).

40 times everyday Allah (awj) ordered them to ask if they are on the Sirata Al-Mustaqima/Straight Way: "The Way of those on whom You have bestowed Your Grace" (1:7) The Prophets. Where is this, O scholars of Sham? Leave the majority of people, because you are the scholars. How are you going to stand on the Day of Judgment in front of Allah (awj)? "O My servants, what did you understand? I have sent to you Rasulan, A glorified Prophet (saws), To guide you to the True way. Everyday in Surat Al Fatiha, I taught you to say "Ahdina As-Sirata Al-Mustaqima" (1:6) "Sirata Al-Ladhina 'An`amta `Alayhim Ghayri Al-Maghdubi `Alayhim Wa La Ad-Dallina" (1:7) "Ahdina As-Sirata Al-Mustaqima (1:6) Sirata Al-Ladhina An`amta Alayhim..(1:7) and not on those on whom is Allah's (swt) Wrath. This everyday, for every matter, reciting a Fatiha is to ensure that matters will be on the Straight Way, "the Way of those on whom You have bestowed Your Grace; not the way of those who have earned Your Anger, nor of those who went astray" (1:7)

People are devided in 3, the followers of the first generations of Islam, of the Prophets (as) and who follow them. And secondly the ones who went astray and the ones on whom is Allah's (swt) anger and the ones who went astray. I don't know to which group the people of Egypt belong. Are they from the ones on whom is Allah's (swt) Anger? Or have they gone astray? I don't think that they are on the Straight Way. "Ahdina As-Sirata Al-Mustaqima" (1:6) "Sirata Al-Ladhina An`amta Alayhim..." (1:7) These are the words of Haqq. For whom are they? For animals, or for the nation of the Beloved? How is it "Guide us to the Straight Way" (1:6) "The Way of those on whom You have bestowed Your Grace...(1:7) Who are they? The Prophets (as) the true ones, the witnesses & the good ones. "Not those who have earned Your Anger" (1:7). These ones, are the Jews & the ones who went astray are, are the people of the book.... the Christians. They are following... the people

of Egypt they are following, they left the words of Allah (swt) and are following devils from people & jinn. How can they be victorious or succeed? They will not succeed. They will never succeed! These are the words of Allah (swt). They are not successful now, the Christians. They will not succeed are the Jews.

Where are we? We are following the Christians or the Jews? The ones who are following the ones on whom is Allah's (swt) anger & the ones who went astray. We hope to be victorious in this world and to be in front of Al Haqq (awj) with a bright face. How? How can it be like this? How, O people of Egypt? Where are their scholars, and they are Muslims? Astaghfirullah! "Ja'a Al-Haqqu Wa Zahaqa Al-Batilu" (17:81) "Truth has come and falsehood has vanished" (17:81) Truth came with the Prophet (saws) of the end of times, & falsehood has vanished. Everyone who is against... is against the Prophet (saws) of the end of times and does not accept his words. How do they think they will be successful?

This is the most astonishing thing that they call themselves Muslim Brotherhood. How can you, O Muslim Brotherhood, accept to go out to the squares of the cities and say, we are, we are.... the best to be ruling over you (Egyptian people)? How can this be? How do you believe in this? Democracy, parliament, elections - this is not in Islam. How do you say that you are Muslim Brotherhood? How do they say that they are Salafis? How can the majority of people say that they are Muslims? Audhu Billah!

O people! O people "Ajtanabu At-Taghuta" (39:17) (Avoid the tyrants) There are tyrants. But tyrants are not everlasting among people to oppress them. And people who are following their desires, like the Prophet (saws) says"If you see people following their egoistic desires, devils & their like... Then they hope to have success? And Allah (swt) says"They will never succeed". They will never succeed, those who follow the tyrants. It is not possible for them to have success. Therefore the people of Egypt their matter is up in the air. There is no result for them. May Allah (swt) save us.

This is now in all countries. O Egyptian scholars, Muslims, Muslim Brotherhoods & Salafis what do you understand from The Holy Quran? What do you understand from the message of the Prophet (saws)? How do you apply the words of Allah (swt) & His Prophet (saws)? I am sorry to be saying this, and I am a weak servant. My language is not Arabic. And what is understood from The Holy Quran is very clear & evident, like the light of the day. If you do not understand then you will never be successful. These are our words & I am a weak servant. I have reached the age of Itaq/over 80. I do not claim anything. I am a weak poor servant, but

an inspiration came to me to remind you. And who understands & accepts will be victoriuous & who does not accept, woe to them from what they are doing! Aman Ya Rabbi, tawba Ya Allah (swt). Tubna wa Raja'na Ilayk.

All The Holy Quran points to the preceding nations that all of them had Kings & Sultans. They do not have this rubbish of democracy. If you understand you'll be victorious,if you do not you will never succeed. Tawba Ya Rabbi! The Turks are like you. The people of Sham also are like you, Baghdad - all the Muslim countries are on your same way. Therefore you will never be successful.

"If you see stinginess prevail and each one favouring his personal opinion, then keep yourselves." (Hadith) This is an order, and woe to them for what they are doing. Astaghfirullah! Tubt Wa Raja't Ilayk. I am a weak servant ,weak. O my Lord forgive me. Forgive my Muslim brothers from the East & West of the world. Let them understand meanings of The Great Holy Quran from the East & West of the world. May they see what happened to the previous nations, from the Muslims, what happened and how they ended.

And Allah (swt), Allah Is the Forgiver & Most Merciful. Aman Ya Rabbi, tubna wa Raja'na Ilayk. .."Ab`ath Lana Malikan Nuqatil Fi Sabili Allahi" (2:246) "Min Bani Isra'ila Min Ba`di Musa Idh Qalu Linabyin Lahum" (2:246) They did not say to him send us a parliament, a president! You are Arabs. If you do not understand, O people of Egypt, the stick is ready! It will hit you. It will hit you because of your dissention & because you are rejecting the Orders of Allah (swt) & the recommendations of The Holy Quran.

Tawba Ya Rabbi, tawba astaghfirullah! I am weak servant O my Lord! Forgive me & forgive my brothers. Let us understand truly The Holy Quran. & Allah (swt) is witness on what we are saying. Hasbuna Allah wa Ni'ma Al Wakil. Fatiha.

This is a deep ocean. It does not end, but this is enough. What I spoke is enough. For this, may Allah (swt) forgive me & forgive you, O my brothers! Astaghfirullah for me & for you & victorious are the ones who ask pardon.

Fatiha.

## Stones

Marhaba O our attending brothers, our friends, our children, our brothers, the people of Sa'adah who have faith. Let us say Bismillahi r-Rahmani r-Rahim; open our assembly with the Bismillah and Nur comes upon us. Joy, relief come to our hearts. Nur comes down on our faces. May strength and power come to our organs through the Divine Grants of Allah Almighty. May honour come and Allah Almighty grant us power for honourable works. What can we do? Our Grandshaykh would say like this, and it is from Shah An-Naqshbandi Hz: When a believer meets another believer, they should make a sohbat, they should make a good talk. They should not be wild. One says Marhaba. Say "As-Salam Alaikum", greet with Salam and safety comes down on you. Say Marhaba, that Marhaba is the greeting of the people of Paradise for each other. Angels also say Marhaba to the believers. When you say Marhaba, you expand, you find relief.
We say Bismillahi r-Rahmani r-Rahim and a door opens. We don't know anything but with the barakah of Bismillahi r-Rahmani r-Rahim, a door opens. The Bismillah is the beginning of every goodness, and is the treasure of every goodness. Teach this. Teach this. What opens every closed door is Bismillahi r-Rahmani r-Rahim. The eight doors of the Paradise open with Bismillahi r-Rahmani r-Rahim. Who doesn't say Bismillahi r-Rahmani r-Rahim remains in dhulmat, he remains in darkness. There is no beauty in his face. There is no barakah in his doings. There is no goodness in him. His doings don't succeed. Troubles and illnesses never leave him. Whatever afflictions there are in dunya, may Allah keep them away from us, descend on the person who doesn't say the Bismillah. The Bismillah is like a shield in this way. It protects the believers. The Bismillah came for this.
Bismillahi r-Rahmani r-Rahim. Allah Almighty granted His Ism Al-Jalil, together with His three Ism Al-Jalils to the children of Adam. It is a Divine Grant. With the Name of Allah every act is

completed. Remember the Name of Allah first. Say Bismillahi r-Rahmani r-Rahim. The closed doors open. Do you want a comfortable life? The key to a comfortable life is Bismillahi r-Rahmani r-Rahim. There is no one who says Bismillahir- Rahmani r-Rahim and is left in hardship; there is no one who is left hungry, jobless or unmarried. Whatever intention or desire one has, it comes into existence with the Bismillah: Bismillahi r-Rahmani r-Rahim. Allah Almighty created all kinds of blessings for His servants. Each blessing has a different kind of benefit. When we were small ones, they showed us a kind of herb in the meadow. What did they say: "This is a bread tree". Have you ever heard of this? No. They say "This is a bread tree". It is a tree, it was a nice herb. It would grow in the meadow. Who eats it would get full. Who eats it would be comfortable. There are also such nabats. They call it "plant" in the imitated language.

It is wrong. The meadows have all kind of different nabats. Each one of them has a different benefit.
When does it give you benefit? Say Bismillahi r-Rahmani r-Rahim and it makes you not be in need of doctors. You won't have any stone or other thing left in your body. There is no surgery in Islam. If you will treat Muslims, say Bismillahi r-Rahmani r-Rahim seven times and blow it on him. His pain goes away. His discomfort goes away.The dress of the Nur of Bismillahi r-Rahmani r-Rahim may be dressed on you. Say Bismillahi r-Rahmani r-Rahim and your every organ revives. The heaviness on you may be lifted. You don't say "My head!", or "my other places". Who gets up with the Bismillah does not suffer from headache. If you don't say it, even if you take a handful of pills your troubles don't go away. You can't be saved from hardships. Allah Almighty granted us the key of treasures. Say Bismillahi r-Rahmani r-Rahim Yahu! It is the Ism al-Jalil of Who created you. Say it Yahu! Say "O My Lord! Let me remember Your Ism Al-Jalil and may You grant me: Bismillahi r-Rahmani r-Rahim. May the closed doors open Ya Rabbi. May our troubles go away Ya Rabbi". "Then O servant, accept Me and remember My Ism Al-Jalil. Who acts with My Ism Al-Jalil will not be deprived". Who is the deprived one? What will open the treasures of all kinds of blessings is Bismillahi r-Rahmani r-Rahim. Say this, remember Me. Remember Me, so that whatever I created may give you benefit. So that they keep you revived and you may be fresh. So that you may not be idle. So that your face may be enlightened. You won't need any powder, blush or shaving. Men have plucked their moustaches.

Do they have beard anyways? They have no beard and no moustache either. Nothing.
Allah Almighty dressed Nur on men, granted them as adornments. Man's moustache and beard are their adornments. Male lions have a mane. They are majestic. The female lion has no mane. Their appearances are different. Why should you not be the male lion? Allah Almighty made you as a lion against shaytan, against your ego. Why don't you stand like a lion? They are not being like lions but becoming the donkey of shaytan. "Get on us" they say to shaytan. "Make us go around". "Say what I say and I will make you go around". All the kinds of dirtiness there is on earth is in their mouths, on their faces, in their bellies, in their hearts... They have all kind of dirtiness. When you say Bismillahir-Rahmani r-Rahim you have no troubles left, all hospitals close. Doctors are left idle, they quit their professions and say "let us open a grocery shop instead." Instead of selling medicine, open a grocery shop. Collect the blessings of Allah and sell to those who can't collect them, so they eat and make shukur to Allah.
Bismillahi r-Rahmani r-Rahim. Ya Rabbi, may You dress on us the armour of the Bismillah so that shaytan can't command us. Would you like this? Yes, I would. Then say Bismillahi r-Rahmani r-Rahim and shaytan can't command you. How easy it is. If you don't say it, shaytan won't get off your neck. If you look at his face, you get disgusted. Your face becomes ugly, becomes black. It won't go away with blushes, with powders, with cremes, with shaving...Men look like women. Yahu you are man! Can a male lion and a female lion be the same? Why do you pluck the hair in your face? If it was not necessary would Allah Almighty give man moustache and beard? He (swt) wouldn't give at all and you would be like women too. Would you like to be a woman? No. If you don't want, why do you pluck the hair from your face? Why don't you keep them like the mane of male lions and you look majestic, shaytan will be scared from you. Now you are scared from shaytan.
Say Bismillahi r-Rahmani r-Rahim and your work succeeds. Say Bismillahi r-Rahmani r-Rahim and you get your health back. Say Bismillahi r-Rahmani r-Rahim and the door of treasures opens for you. Say Bismillahi r-Rahmani r-Rahim, make sajda to Your Lord and gain dignity. Blessings will come to your home. Evil will not live in your homes. Now people in their homes see each other like enemies, they see one another like snakes. Ladies see their husbands like this and husbands see their wives like this. And now also, what will erase this is Bismillahi r-Rahmani r-Rahim. Before ladies would say like "Go in safety, O Effendi. Bismillahi r-Rahmani r-Rahim,

here you go" and open the door for him. "Bismillahi r-Rahmani r-Rahim. Go in safety and come back in safety O servant of Allah. May you favor us". How beautiful was their manner. What a beautiful manner. They removed it. They made the value of women under peoples' feet. Men themselves made their value zero. Therefore they never find any goodness, they never reach any goodness.

There is a key for everything. The key to every treasure is Bismillahi r-Rahmani r-Rahim. Say it and walk. Don't say "I can't find a job, I am jobless". There are countless, endless jobs in dunya. "Well, we are working also". "What do you do?" "We go out for marching every night. We scream, shout. We swear at the government, we swear at anyone we come across". "What is it that you want?" "What we want is; whatever the ones before us wanted, we wanted such things too". The governments had no gold left in their hands anymore, had no silver left. And what did they do when they couldn't manage? They said "Let's print it on paper. This one is a 100, this is 1000. This is 50". This has no validity, this is clear lying. This is directly a deceit of shaytan. Remove all this, say Bismillahi r-Rahmani r-Rahim. So you can manage your life, you can keep good conduct with your Lord.

Say Bismillahi r-Rahmani r-Rahim. Pray, make sajda and go out of your house saying "O Lord, I seek my provision" and your provision falls right in front of you. You can find gold in front of you, or you can find precious stones in front of you. In the old times, a street cleaner was carrying the trash at night. When he emptied up the trash, he found something in the size of an egg. He turned it around and looked. "This can be something important but what is it? Let me take it" he said. They call now garbage man. So he took it and said "Let me ask what this is". He took it to the grocery shop and showed it to its owner. He said "This is a strange thing but I don't know what it is. Take it to my neighbor's shop". And that man was a spoon seller. He looked at it and realised it is a strong thing. He said to him: "I give you a spoon and you give this to me". He said "Ok, what can I do with it anyways? It is just a stone". He gave him a spoon and he left happy saying: "We found a spoon. A spoon appeared in the trash. It was a stone but we got a spoon for it, what can we do with a stone?".

And the man who took it said "Let us investigate what this is". The spoon seller took it to the jewelry shop. When he showed it to the jeweler, he said "This is a beautiful thing but you or I

can't do anything with it". And then the spoon seller said "You give me a spoon and take this stone so that it will have a use. Why should I keep it for nothing?" The jeweler realised that it was a diamond with no equal or match. He said "Let me give you two spoons". "I have no spouse, one spoon is enough for me also". He said "No, I give you two, that maybe you can use it for your spouse later". So the poor one took it and left. That man saw and realised what it was. So he took it to another jeweler. That jeweler looked and said "This is a diamond that has no match or equal". So from him it reached all the way to the Pasha of the time. And when the Pasha got it he was astonished and said "We may present this to the Sultan". When he presented that diamond which was the size of an egg, the Sultan was totally surprised. They call it the spoon seller's diamond. I don't know if it still exists or was stolen. We don't know. An authority may know.

That man saw a stone but not every stone is the same. That one is a stone and this one is a stone also. That stone's worth is this much, the worth of a black stone is under your feet. But this one is a diamond. It is a diamond. We are sent such a jewel that no diamond's value can be compared to it: Bismillahi r-Rahmani r-Rahim. Yet we leave it like that foolish garbage man, or spoon seller? This is not reasonable. There are the jewels which are the Grants of your Creator to you: there is gold, silver, valuable diamonds, ruby, emerald, zabarjad, pearl, diamond... You leave this and continue to sweep the streets? You still continue to be a garbage man? This is a shame for mankind. What opens the door of every treasure is Bismillahi r-Rahmani r-Rahim. It is a jewel that can give at least 1000 times more than the spoon seller diamond. You can't imagine what it can give at most. Now people don't know the value of the Bismillah. If they knew, the world would be at rest.

Bada'tu bi Bismillahi r-Rahmani r-Rahim. O our Lord! We started our work, our day,by remembering Your Ism Al-Jalil. Bismillahi r-Rahmani r-Rahim, may You provide for me O Lord. Provide for and feed my family, my children O Lord. I make a service and my family can live comfortably. Say Bismillahi r-Rahmani r-Rahim. Even if all the jewels in the world come together, they are zero compared to Bismillahi r-Rahmani r-Rahim. Who says Bismillahi r-Rahmani r-Rahim doesn't get sick. He has no troubles left, no debt left. But what can we do? Shaytan is pushing mankind, to keep them away from the servanthood of Allah. Be a servant to Allah: the Owner of the Heavens and earths, Who created you. Why don't you make sajda for

Him? Why don't you keep His Order? Why don't you say Bismillahi r-Rahmani r-Rahim? Say, so that the doors of every treasure may open for you.

O our Lord, may You send us the holy servants who will make us accustomed to this. May You send us the Sultans who will teach us these ways, who will make our people walk on this way O Lord. May we be in comfort. May we not be needy of any doctor or judge. Let us say Bismillahi r-Rahmani r-Rahim. How beautiful, how beautiful. O our Lord. Bismillahi r-Rahmanir-Rahim. Bismillahi lladhi la yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l`Alim. How beautiful, how beautiful. Everywhere is filled with pharmacies. But Allah Almighty created a cure for every trouble, every illness. They don't look to it and inside the capsules there are whatever Vitamins, or sulphates or vaccines... All kinds of things. Shaytan cheated people like this, made them miserable and dishonoured. And they're still running after shaytan.

Say Bismillahi r-Rahmani r-Rahim and Allah will grant you everything you need. He(swt) is already granting you everything. Make sajda for the Lord. O our Lord, don't deprive us of sajda. And may You send the servants, the Sultan who will teach these people the sajda. May You send the Sultan who will order us to say the Bismillah. May You keep those who are heedless of the Bismillah away from us. We may say Bismillahi r-Rahmani r-Rahim. How beautiful, how beautiful if we say Bismillahi r-Rahmani r-Rahim.

They make me speak with the barakah of the Bismillah when I have no strength. I am not reading you a book but we are saying what is in the book. Masha Allah to who listen and keep it. Otherwise they will run in the streets like animals that break free. Instead of screaming in the streets enter a mosque, or even if it is in the street say Bismillahi r-Rahmani r-Rahim, Bismillahi r-Rahmani r-Rahim and walk up and down. Enter a mosque and your every doing succeeds. But shaytan doesn't allow this. O our Lord! Remembering Your Ism Al-Jalil is the greatest honour for us. May You not let us forget it. May You not leave us in the hands of who have no Bismillah. May You set us free from the hands of who are slaves to shaytan O Lord. May our mosques be filled with the jama'at. May our homes be full with blessings. May our pockets be full with gold. May we be in health and wellness. May You not make us be in need of doctors or judges.

Ya Rabbi Ya Rabbi Ya Karim. For the honour of Your Beloved O Lord, for the honour of the Sultan of the Prophets, may You send us the Sultan who will teach us our way O Lord. You are Subhan. You are Sultan. May You send us one who will rule us on Your behalf, who says

Bismillahi r-Rahmani r-Rahim. All who don't say it will vanish. May Allah protect us from the dirty ego, from the evil of shaytan. If you want barakah, say Bismillahi r-Rahmani r-Rahim. If you want goodness, say Bismillahi r-Rahmani r-Rahim. If you want a comfortable life, say Bismillahi r-Rahmani r-Rahim. If you want peace in your home, say Bismillahi r-Rahmani r-Rahim. What can we say?
O Allah, forgive us. May You send us from Your holy servants who will teach us this. Send a Sultan O Lord. Send a Sultan O Lord. May this tiredness be lifted off us. Let us say Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi lladhi la yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim. Heavenly Grants descend on who recites Bismillahi r-Rahmani r-Rahim. His day goes well, he finds peace in his home and he finds comfort outside.
Fatiha.

Marhaba, unsere teilnehmenden Brüder, unsere Freunde, unsere Kinder, unsere Brüder, die Leute von Sa'adah, die Glauben haben. Sagen wir Bismillahi r-Rahmani r-Rahim, öffnen wir unsere Versammlung mit dem Bismillah, und Licht kommt auf uns. Freude, Erleichterung kommt zu unseren Herzen. Licht kommt auf unsere Gesichter herab. Möge Stärke und Kraft zu unseren Organen kommen durch die Göttlichen Gaben Allahs des Allmächtigen. Möge Ehre kommen und Allah der Allmächtige uns Kraft geben für ehrbare Arbeit. Was können wir tun? Unser Großshaykh pflegte dies zu sagen, und es ist von Shah n-Naqshbandi Hz: Wenn ein Gläubiger einen anderen Gläubigen trifft, sollten sie Sohbat machen. Sie sollten ein gutes Gespräch führen. Sie sollten nicht wild sein. Einer sagt "Marhaba". Sagt "As-Salamu `Alaykum". Grüßt mit Salam, und Schutz kommt auf euch herab. Sagt "Marhaba", denn "Marhaba" ist der Gruß der Menschen des Paradieses füreinander. Die Engel sagen auch "Marhaba" zu den Gläubigen. Wenn ihr "Marhaba" sagt, weitet ihr euch, findet ihr Erleichterung. Wir sagen Bismillahi r-Rahmani r-Rahim, und eine Tür öffnet sich. Wir wissen nichts, aber mit der Barakah von Bismillahi r-

Rahmani r-Rahim, öffnet sich eine Tür. Das Bismillah ist der Beginn von allem Guten und der Schatz von allem Guten. Lehrt das. Lehrt das. Was jede verschlossene Tür öffnet, ist Bismillahi r-Rahmani r-Rahim. Die acht Tore des Paradieses öffnen sich mit Bismillahi r-Rahmani r-Rahim. Wer nicht Bismillahi r-Rahmani r-Rahim sagt, bleibt in Dhulmat, bleibt in Dunkelheit. Es ist keine Schönheit auf seinem Gesicht. Es ist keine Barakah in seinem Tun. Es ist nichts Gutes in ihm. Sein Tun hat keinen Erfolg. Probleme und Krankheiten verlassen ihn nie. Welche Heimsuchungen auch immer es in der Dunya gibt, möge Allah sie von uns fernhalten, mögen sie auf den herabkommen, der nicht das Bismillah sagt. Das Bismillah ist wie ein Schild auf diesem Weg. Es schützt die Gläubigen. Das Bismillah kam dafür. Bismillahi r-Rahmani r-Rahim. Allah der Allmächtige gewährte Seinen Ismu l-Jalil zusammen mit Seinen drei Ismu l-Jalils den Kindern Adams. Es ist eine Göttliche Gabe. Mit dem Namen Allahs ist jede Handlung vollständig. Erinnert den Namen Allahs zuerst. Sagt Bismillahi r-Rahmani r-Rahim. Die verschlossenen Türen öffnen sich. Wollt ihr ein angenehmes Leben? Der Schlüssel zu einem angenehmen Leben ist Bismillahi r-Rahmani r-Rahim. Es gibt niemanden, der Bismillahi r-Rahmani r-Rahim sagt und in Bedrängnis gelassen wird. Es gibt niemanden, der hungrig gelassen wird, ohne Arbeit oder unverheiratet. Welche Absicht oder welchen Wunsch einer auch hat, es kommt in die Existenz mit dem Bismillah. Bismillahi r-Rahmani r-Rahim.

Allah der Allmächtige erschuf alle Arten von Segnungen für Seine Diener. Jede Segnung hat eine andere Art von Nutzen. Als wir klein waren, zeigten sie uns eine Art Kraut auf der Wiese. Was sagten sie? 'Das ist ein Brotbaum.' Habt ihr je davon gehört? Nein. Sie sagten: Das ist ein Brotbaum. Es ist ein Baum. Es war ein gutes Kraut. Es wuchs auf der Wiese. Wer es ißt, wird voll. Wer es ißt, wird behaglich. Es gibt auch solche Nabats. Sie nennen es 'Pflanze' in der gefälschten Sprache. Es ist falsch. Die Wiesen haben alle möglichen verschiedenen Nabats. Jedes von ihnen hat einen anderen Nutzen. Wann habt ihr Nutzen davon? Sagt Bismillahi r-Rahmani r-Rahim und es macht euch so, daß ihr keinen Arzt braucht. Ihr werdet keinen Stein oder so mehr in euerem Körper haben. Es gibt keine Chirurgie im Islam. Wenn ihr Muslime behandelt, sagt Bismillahi r-Rahmani r-Rahim 7x und blast es auf ihn. Seine Schmerzen verschwinden. Sein Unwohlsein verschwindet. Das Gewand des Lichts von Bismillahi r-Rahmani r-Rahim mag ihm angelegt werden. Sagt Bismillahi r-Rahmani r-Rahim, und jedes euerer Organe wird wiederbelebt. Die Schwere auf euch mag aufgehoben werden. Du sagts nicht

'Mein Kopf!' oder 'mein anderer Teil'. Wer mit dem Bismillah aufsteht, leidet nicht an Kopfschmerzen.
Wenn ihr es nicht sagt, auch wenn ihr eine Handvoll Pillen nehmt, werden euere Probleme nicht weggehen. Ihr könnt nicht von Leiden befreit werden. Allah der Allmächtige gewährte uns den Schlüssel der Schätze. Sagt Bismillahi r-Rahmani r-Rahim, Yahu! Es ist der Ismu l-Jalil Dessen, Der euch erschuf. Sagt es, Yahu! Sagt 'O Mein Herr! Erinnern wir Deinen Ismu l-Jalil und mögest Du mir Bismillahi r-Rahmani r-Rahim gewähren. Mögen die geschlossenen Türen sich öffnen ya Rabbi. Mögen unsere Probleme verschwinden ya Rabbi. 'Dann, o Diener, erkenne Mich an und erinnere Meinen Ismu l-Jalil. Wer nach Meinem Ismu l-Jalil handelt, wird nicht beraubt werden.' Wer ist der Beraubte? Was die Schätze aller möglichen Segnungen öffnen wird, ist Bismillahi r-Rahmani r-Rahim. Sagt das, erinnert Mich. Erinnert Mich, damit was immer Ich erschuf, euch Nutzen bringen kann. Damit sie euch wiederbelebt halten und ihr frisch seid, damit ihr nicht untätig sein möget. Damit euer Gesicht erleuchtet werde. Ihr werdet keinen Puder brauchen, kein Rouge und keine Rasur. Männer haben ihre Schnurrbärte ausgerupft. Haben sie überhaupt einen Bart? Sie haben keinen Bart und keinen Schnurrbart. Nichts. Allah der Allmächtige kleidete Licht auf die Männer und gab ihnen eine Zierde. Schnurrbart und Bart der Männer sind ihre Zierde. Männliche Löwen haben eine Mähne. Sie sind majestätisch. Der weibliche Löwe hat keine Mähne. Ihr Erscheinungsbild ist anders. Warum solltet ihr nicht der männliche Löwe sein? Allah der Allmächtige machte euch zu einem Löwen gegen Shaytan, gegen euer Ego. Warum steht ihr nicht wie ein Löwe?
Sie sind nicht wie Löwen, sondern wurden Esel Shaytans. Steig auf uns, sagen sie zu Shaytan. Laß uns im Kreis gehen. Sagt, was ich sage, und ich lassen euch im Kreis gehen. Alle Arten von Dreck, die es auf Erden gibt, sind in ihrem Mund, auf ihrem Gesicht, in ihrem Bauch, in ihrem Herzen. Sie haben alle Arten von Schmutz. Wenn ihr sagt Bismillahi r-Rahmani r-Rahim, habt ihr keine Probleme mehr. Alle Krankenhäuser schließen. Ärzte sind ohne Arbeit, sie geben ihren Job auf und sagen: Eröffnen wir einen Lebensmittelladen stattdessen! Statt Medizin zu verkaufen, eröffnet einen Lebensmittelladen. Sammelt die Segnungen Allahs und verkauft sie denen, die sie nicht sammeln können, damit sie essen und Shukur zu Allah machen. Bismillahi r-Rahmani r-Rahim. Ya Rabbi, mögest Du uns mit der Rüstung des Bismillah bekleiden, damit Shaytan uns nicht befehlen kann. Würde euch das gefallen? Ja. Dann sagt Bismillahi r-Rahmani

r-Rahim, und Shaytan kann euch nicht befehlen. Wie leicht ist das. Wenn ihr es nicht sagt, wird Shaytan euch nicht in Ruhe lassen. Wenn ihr in sein Gesicht seht, werdet ihr abgestoßen. Eurer Gesicht wird häßlich und schwarz. Es geht nicht weg mit Rouge, mit Pudern, mit Cremes, mit Rasieren.. Männer sehen wie Frauen aus. Yahu, ihr seid Männer! Können ein männlicher und ein weiblicher Löwe gleich sein? Warum zupft ihr das Haar in euerem Gesicht aus? Wäre es nicht nötig, würde Allah der Allmächtige dem Mann Schnurrbart und Bart geben? Er (swt) würde es nicht geben, und ihr wäret wie Frauen. Wäret ihr gerne Frauen? Nein. Wenn ihr nicht wollt, warum zupft ihr das Haar aus eurem Gesicht? Warum laßt ihr es nicht wie die Mähne des Löwen und seht majestätisch aus? Shaytan wird Angst vor euch haben. Jetzt habt ihr Angst vor Shaytan. Sagt Bismillahi r-Rahmani r-Rahim, und euere Arbeit hat Erfolg. Sagt Bismillahi r-Rahmani r-Rahim und ihr bekommt euere Gesundheit zurück. Sagt Bismillahi r-Rahmani r-Rahim, und die Tür der Schätze öffnet sich für euch. Sagt Bismillahi r-Rahmani r-Rahim, macht Sajda vor eurem Herrn und gewinnt Würde. Segnungen werden in euer Haus kommen. Das Böse wird in euerem Haus nicht leben. Jetzt betrachten sich die Menschen in ihren Häusern als Feinde. Sie betrachten einander wie Schlangen. Frauen sehen ihre Männer so, und Männer sehen ihre Frauen so. Und nun, was auch das auslöscht, ist Bismillahi r-Rahmani r-Rahim. Früher sagten die Frauen etwa: Geh mit Sicherheit, o Effendi. Bismillahi r-Rahmani r-Rahim, hier geh, und öffneten ihm die Tür. Bismillahi r-Rahmani r-Rahim, geh sicher und kommt sicher zurück. O Diener Allahs, mögest du uns bevorzugen. Wie schön war ihr Betragen. Was für eine schöne Art und Weise. Sie schafften es ab. Sie brachten den Wert der Frauen unter die Füße der Menschen. Männer selbst brachten ihren Wert auf null. Deshalb finden sie nichts Gutes. Sie erreichen nie etwas Gutes. Es gibt einen Schlüssel für alles. Der Schlüssel zu jedem Schatz ist Bismillahi r-Rahmani r-Rahim. Sagt es und geht. Sagt nicht: Ich kann keine Arbeit finden. Ich bin arbeitslos. Es gibt unzählige, unendlich viele Jobs in der Dunya.

Nun, wir arbeiten auch. Was macht ihr denn? Wir gehen jede Nacht zum Demonstrieren. Wir kreischen und schreien. Wir schimpfen auf die Regierung. Wir schimpfen auf jeden, dem wir begegnen. Was ist es, was ihr wollt? Was wir wollen, ist was immer die vor uns wollten. Wir wollten auch solche Dinge. Die Regierungen haben kein Gold mehr in der Hand, kein Silber mehr. Und was taten sie, wenn sie es nicht bewältigen konnten? Sie sagten: Drucken wir es auf Papier. Das ist ein Hunderter, das ein Tausender, das ein Fünfziger. Das hat keine Gültigkeit, das

ist eine klare Lüge. Das ist ein direkter Betrug Shaytans. Entfernt all das, sagt Bismillahi r-Rahmani r-Rahim. So könnt ihr euer Leben bewältigen, ihr könnt gutes Benehmen wahren mit euerem Herrn. Sagt Bismillahi r-Rahmani r-Rahim. Betet, macht Sajda und geht aus dem Haus und sagt: 'O Herr, ich suche meine Versorgung', und euere Versorgung fällt genau vor euch hin. Ihr könnt Gold vor euch finden oder ihr könnt Edelsteine vor euch finden.

In der alten Zeit trug ein Straßenkehrer in der Nacht Müll. Als er den Müll ausleerte, fand er etwas von der Größe eines Eies. Er drehte es um und guckte. 'Das kann etwas Wichtiges sein, aber was ist es? Ich will es nehmen', sagte er. Sie nennen es jetzt Müllmänner. Also nahm er es und sagte: Ich will fragen, was es ist. Er nahm es mit zum Lebensmittelladen und zeigte es dem Besitzer. Er sagte: Dies ist eine merkwürdige Sache, aber ich weiß nicht, was es ist. Bringt es zum Laden meines Nachbarn. Und dieser Mann war ein Löffelverkäufer. Er guckte darauf und bemerkte, es war ein starkes Ding. Er sagte zu ihm. Ich gebe dir einen Löffel, und du gibst mir das. Er sagte: Okay, was kann ich denn damit anfangen? Es ist einfach ein Stein. Er gab ihm einen Löffel, und er ging glücklich und sagte: Ich fand einen Löffel, ein Löffel erschien im Müll. Es war ein Stein, aber wir bekamen einen Löffel dafür. Was können wir mit einem Stein anfangen?

Und der Mann, der ihn nahm, sagte: Untersuchen wir, was es ist. Der Löffelverkäufer nahm ihn zum Juweliergeschäft. Als er ihn dem Juwelier zeigte, sagte er: Das ist ein schönes Ding, aber du oder ich können damit nichts anfangen. Und dann sagte der Löffelverkäufer: Du gib mir einen Löffel und nimm diesen Stein, damit er einen Nutzen hat. Warum sollte ich ihn für nichts aufbewahren? Der Juwelier merkte, daß es ein Diamant war, der nicht Seinesgleichen hatte. Er sagte: Ich gebe dir zwei Löffel. Ich habe keine Frau, ein Löffel reicht mir. Er sagte: Nein, ich gebe dir zwei. Vielleicht kannst du ihn später für deine Frau benutzen. Also nahm der Arme sie und ging. Dieser Mann sah und merkte, was es war. Also nahm er ihn mit zu einem anderen Juwelier. Dieser Juwelier guckte und sagte: Das ist ein Diamant, der nicht Seinesgleichen hat. Also gelangte er von ihm den ganzen Weg bis zum Pasha der Zeit. Und als der Pasha ihn bekam, war er erstaunt und sagte: Wir können ihn dem Sultan präsentieren. Als er diesen Diamanten präsentierte, der die Größe eines Eies hatte, war der Sultan vollkommen überrascht. Sie nennen ihn den Diamanten des Löffelverkäufers. Ich weiß nicht, ob es ihn noch gibt oder ob er gestohlen

wurde. Wir wissen es nicht. Eine Autorität mag es wissen.
Dieser Mann sah einen Stein, aber nicht jeder Stein ist gleich. Dies ist ein Stein und jenes ist auch ein Stein. Der Wert dieses Steins ist so viel, der Wert eines schwarzen Steins ist unter eueren Füßen. Aber dieser ist ein Diamant. Uns wurde so ein Juwel gesandt, der Wert keines Diamanten kann damit verglichen werden: Bismillahi r-Rahmani r-Rahim. Doch wir lassen ihn wie dieser dumme Müllmann oder der Löffelverkäufer? Das ist nicht vernünftig. Dort sind die Juwelen, die die Gaben deines Schöpfers an dich sind: Da ist Gold, Silber, wertvolle Diamanten, Rubine, Smaragde, Zabarjad, Perlen, Diamanten. Ihr laßt das und fegt weiter die Straßen? Ihr bleibt immer noch ein Müllmann? Das ist eine Schande für die Menschheit. Was die Tür zu jedem Schatz öffnet, ist Bismillahi r-Rahmani r-Rahim. Es ist ein Juwel, das wenigstens 1000x mehr geben kann als der Diamant des Löffelverkäufers. Ihr könnt euch nicht vorstellen, was es im Höchstfall geben kann. Jetzt kennen die Menschen den Wert des Bismillah nicht. Wüßten sie es, würde die Welt zur Ruhe kommen. Bada'tu bi Bismillahi r-Rahmani r-Rahim.
Unser Herr, wir begannen unsere Arbeit, unseren Tag mit der Erinnerung Deines Ismu l-Jalil, Bismillahi r-Rahmani r-Rahim, mögest Du für mich sorgen, o Herr. Sorge und ernähre meine Familie, meine Kinder, o Herr. Ich tue einen Dienst, und meine Familie kann angenehm leben.

Sagt Bismillahi r-Rahmani r-Rahim. Selbst wenn all die Juwelen in der Welt zusammenkämen, sind sie null im Vergleich mit Bismillahi r-Rahmani r-Rahim. Wer sagt Bismillahi r-Rahmani r-Rahim, wird nicht krank. Er hat keine Probleme mehr, keine Schulden. Aber was können wir tun. Shaytan bedrängt die Menschheit, um sie von der Dienerschaft Allahs fernzuhalten. Seid Diener Allahs, des Eigners von Himmeln und Erden, Der euch erschuf. Warum macht ihr keine Sajda für Ihn? Warum haltet ihr Seine Befehle nicht ein? Warum sagt ihr nicht Bismillahi r-Rahmani r-Rahim? Sagt es, damit die Türen aller Schätze sich für euch öffnen. Unser Herr, mögest Du uns die heiligen Diener senden, die uns daran gewöhnen. Mögest Du uns die Sultane senden, die uns diese Wege lehren, die unsere Leute auf diesem Weg gehen lassen, o Herr. Mögen wir getröstet sein. Mögen wir keinen Arzt oder Richter brauchen. Sagen wir Bismillahi r-Rahmani r-Rahim. Wie schön, wie schön! Unser Herr. Bismillahi r-Rahmani r-Rahim. Bismillahi Lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim. Wie schön, wie schön!

Überall ist alles voller Apotheken. Aber Allah der Allmächtige schuf Heilung für jedes Problem, jede Krankheit. Sie suchen sie nicht, und in den Kapseln gibt es was für Vitamine auch immer oder Sulfate oder Impfstoffe.. Alle möglichen Dinge. Shaytan täuschte die Menschen so, machte sie elend und entehrt. Und sie laufen Shaytan immer noch nach. Sagt Bismillahi r-Rahmani r-Rahim, und Allah gewährt euch alles, was ihr braucht. Er (swt) gewährt euch schon alles. Macht Sajda für den Herrn. Unser Herr, entziehe uns nicht die Sajda. Mögest Du uns die Diener senden, den Sultan, der diese Leute die Sajda lehrt. Mögest Du den Sultan senden, der uns befiehlt, das Bismillah zu sagen. Mögest Du jene, die das Bismillah nicht beachten, von uns fernhalten. Wir sagen Bismillahi r-Rahmani r-Rahim. Wie schön, wie schön, wenn wir sagen Bismillahi r-Rahmani r-Rahim. Sie lassen mich von der Barakah des Bismillah sprechen, wenn ich keine Kraft habe. Ich lese euch kein Buch vor, sondern wir sagen, was in dem Buch steht. Masha'Allah denen, die zuhören und es einhalten. Sonst laufen sie auf den Straßen herum wie Tiere, die sich losgerissen haben. Statt auf den Straßen zu schreien, geht in die Moscheen, oder selbst wenn es auf der Straße ist, sagt Bismillahi r-Rahmani r-Rahim, Bismillahi r-Rahmani r-Rahim und geht hin und her. Geht in eine Moschee und all euer Tun hat Erfolg. Aber Shaytan erlaubt das nicht. Unser Herr, Deinen Ismu l-Jalil zu erinnern, ist die größte Ehre für uns. Mögest Du es uns nicht vergessen lassen. Mögest Du uns nicht in den Händen derer lassen, die kein Bismillah haben. Mögest Du uns befreien aus den Händen derer, die Sklaven Shaytans sind, Herr. Mögen unsere Moscheen mit der Jama'at gefüllt sein. Mögen unsere Häuser mit Segnungen erfüllt sein. Mögen unsere Taschen voller Gold sein. Mögen wir gesund sein und uns wohl befinden. Mögest Du uns keine Ärzte oder Richter brauchen lassen. Ya Rabbi, ya Rabbi, ya Karim. Zu Ehren Deines Geliebten, o Herr, zu Ehren des Sultans der Propheten, mögest Du uns den Sultan senden, der uns unseren Weg lehrt, o Herr. Du bist Subhan, du bist Sultan. Mögest Du uns einen senden, der uns regiert in Deinem Namen, der sagt Bismillahi r-Rahmani r-Rahim. Alle, die es nicht sagen, verschwinden. Möge Allah uns vor dem schmutzigen Ego, vor dem Übel Shaytans schützen. Wenn ihr Barakah wollt, sagt Bismillahi r-Rahmani r-Rahim. Wenn ihr Gutes wollt, sagt Bismillahi r-Rahmani r-Rahim. Wenn ihr ein angenehmes Leben wollt, sagt Bismillahi r-Rahmani r-Rahim. Wenn ihr Frieden in euerem Heim wollt, sagt Bismillahi r-Rahmani r-Rahim. Was können wir sagen? O Allah, vergib uns. Mögest Du uns von Deinen heiligen Dienern senden, die uns das lehren. Sende einen Sultan, o Herr. Sende einen Sultan, o Herr. Möge diese

Müdigkeit von uns aufgehoben werden. Sagen wir Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi Lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim. Himmlische Gaben steigen auf die herab, die Bismillahi r-Rahmani r-Rahim sagen. Sein Tag geht gut, er findet Frieden in seinem Heim und er findet Behaglichkeit draußen. Fatiha.

## Who Will Be Stopped and Questioned

Dastoor. Astaghfirullah (Mawlana Shaykh stands) Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah Muhammadur Rasoolullah (s), ilaahee zidhu `izzan wa sharafan nooran wa surooran, wa ridwaanan wa sultaana. As-salaatu wa 's-salaam `alayka wa `alaa aalika wa sahabatika yaa khayra khalqillahi ajma`een wa Sayyidi 'l-anbiya'i wa 'l-mursaleen, wa `alayna wa 'l-muslimeen. ameen. (Mawlana Shaykh sits) Huuu. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) ismi shareef t`azheeman. Ismullah jala wa `alaa.We are standing up! (Mawlana Shaykh sits)

O our Attenders! From Mankind and from jinns and all creatures that are also preparing themselves for hearing and listening to what has been said, that is important. Give your salute also to that one who is controlling this dunya, this planet. Give to him salutes, as he has been honored by the Lord of Heavens, because he is such a person who prepared his spiritual being to reach a heavenly honor. To whom heavenly honor is reaching, we must try to give our honors. That is important, Shaykh Hisham Effendi: who has been given heavenly honors, the Lord of Heavens is asking every thing to give honor to he whom Allah Almighty has honored! (Mawlana Shaykh stands) All of them! Even atoms.

(Mawlana Shaykh sits) Who has been honored by the Lord of Heavens, that is `azheemun amr, `azheemu 'sh-shaan and such a big blessing! If Allah Almighty is honoring one servant, he must be honored by every thing,

and that honoring is coming to all who honored that one! But we are heedless, heedless, heedless! Who has been honored by heavenly honor, must be honored. That is a high level adab, Shaykh Hisham Effendi. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Absolute Glory for the Lord of Creation, the Creator. (Mawlana Shaykh stands) Allahu Akbar wa lillahi 'l-hamd (Mawlana Shaykh sits)

O our Attenders! Particularly Salaaf us-Saalih must know, when they are making a weak servant speak, the Lord of Heavens is not leaving that weak servant to say what he said yesterday; there is not a photocopy. That is important. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem! You must try to reach an understanding from endless blessings, day by day, more and more, so that heavenly grants are coming on us. They are making a weak servant address not a just handful of people, but from east to west and from north to south, so that they may hear and listen and obey! We are speaking to Salaaf us-Saalih until they are changing their names and until they say, "We are only servants of the Lord of Heavens, and also we are weak servants asking to know about our Creator, the Lord of Heavens, Who created us."

Change that title; that it is an imitated one as you are bringing that title, and it has no value. Who granted to you to say, "We are Salaaf us-Saalih, we are Salafiyyin." Who gave that title to you? You are going to be like Ahlu 'l-Fars (Persians), saying that for their learned people, they are ayatullah, some of them hujjatullah, and so on. And I am asking you, who granted to you such a heavy, honored title? From whom? Is it coming to you from heavens or is it given to you by people? The same thing I am asking Salafi people. Who is giving you that title? You are saying, "We are Salafiyyeen." With what authority are you saying for yourself? Who is giving authority to no-mind people to say, "We are Wahabi." Who is giving this to you? Is that title coming from heavens, or from your egos, or from people? Say! Everything that is not coming from heavens is sahda, false, not real. Sometimes with jewelry, they are making on tin a yellow color, saying it is a gold ring, but it is not; only they are coloring it, but people think that it is a gold ring. But after a while the color is going away and it appears that it is tin.

•••• ••••••• •••••••••••••• ••• ••••••• •••••••••••

Qul hattoo burhaanakum, Say! "Bring your proof!" (Surat Al-Naml, 27:64)

Bring forth your argument that you are Salafi, that you are at a level above other levels. You are looking that your level is the highest level and you feel other levels are doonakum, imitated, and that real being is only for

you. If you are not bringing that proof, you must change your name. ••• ••• ••• •• ••••• faman shadhdha shudhdha fi 'n-naar "Who went astray will taste fire.” (al-Haakim in his Mustadrak)

Why are you making yourself an imitated group and then saying, “We are a group of believers, followers of Salaaf us-Saalih.” Who granted you that honor? Say! Or, ••• •••• •••• •••• man ghashana fa laysa minna, “Who misleads (cheats) us is not from us.” (Mawlana Shaykh stands) Qaala Rasoolullah, a very important hadeeth ash-shareef. It is threatening (warning) people, not to leave the big mass (majority) of Islam, getting out from it.

And saying,"Those people are foolish ones and we are the right ones." (Mawlana Shaykh sits) Wahabi, how are you giving that name to yourself? Who is giving to you that authority to make a separation from the big mass of Muslim people, the majority? Who is giving that to you? Do you think that the big majority is on the wrong way and only you, a handful of people, are on the right way? Why are you claiming this? That hadeeth ash-shareef that is related from the Seal of Prophets (s) up until today is a very important and threatening (warning) hadith. Man ghashana fa laysa minna. You are cheating; you are cheating yourself or you are intending to cheat others!

There are so many proofs they are on the wrong way, and they will be punished here or in their tombs, or on the Day of Resurrection. They will be punished; they will be asked, and Allah azza wajal is never taking them in His Divine Presence to ask, but He is saying to angels: (Mawlana Shaykh stands)
••••••••••• •••••••• •••••••••••••
Waqifoohum innahum mas'ooloon. But stop them, for they are to be questioned. (As-Saffat, 37:24)

Is that not ayatul kareema? Who is “hum”? Those who are cheating people and leaving the big mass (majority) in Islam. (Mawlana Shaykh sits) waqifoohum, “Stop them.” Stop them and ask them, Innahum mas'ooloon. Allah (swt) is not saying, “I am asking.” He is saying, “I am sending to them angels, who are asking them on My behalf. I am asking them to make a judgment and send them to a level suitable for their egoistic situation.”

O Salaaf us-Saalih People! Try to be independent and try not to follow your egos, but to make your egos follow you. Prophets were sent for what? To make people leave their egos and egoistic desires and to carry them to what the Lord of Heavens, their Creator, is asking them to be and to follow. innahum mas'ooloon,

"They will be asked," and everyone is going to be asked, particularly Muslim Arabs will be asked, “What was your understanding?” Waqifoohum innahum mas'ooloon. About which thing are they going to be questioned? Angels will ask them if they followed heavenly ones or if they followed their egoistic way.

kharabu d-dunya bi ittiba` an-nafsul-`ammaara, an-nafsul-`ammaara bi 's-soow biyadi 'sh-Shaytan. People are not making any distinction about that verse. What does it mean? Waqifoohum (stop them); “hum,” what does it mean? Ask all those who are claiming, “We are such a people that with our understanding, there is no need for people to teach us or give us a new understanding. We understand everything.” Come here, and ask them, “Who were you following in your life period on dunya?” Say! Ask them, “Who did you hear and obey and follow?” If they bring their proofs that they followed their prophets, they will be taken from those aakhireen, other people. If not giving proof, y'Allah, Allah (swt) says, “Don't bring them to My Divine Presence.” And Allah Almighty's Divine Presence is not going to be occupied with questioning servants. No, no, no, no, no. One angel is enough to ask everything, in one moment also! Allah Almighty jalla jalaaluhu, (Mawlana Shaykh stands) Allahu Akbar al-Akbar `Azheemu 'sh-Shaan! (Mawlana Shaykh sits) Laa yushghilu shaanun `an shaan, “No affair occupies Him from another affair.” Allah (swt) appoints angels to stop and question them. And the angels' report is going to whom? The whole report for all the ummah is going to the Seal of Prophets (s)! Allah Almighty is not in need to look at what they are saying.

Astaghfirullah, astaghfirullah, astaghfirullah! Angels are asking, then they report to the Seal of Prophets (s), who already knows what his nation did! He is standing in the Divine Presence, saying, “O my Lord! That is my weak ummah. I am asking forgiveness for them.” That is shafa`atu 'l-`uzhmaa, the biggest intercession. He is making sajda and asking, “O my Lord! Forgive them and give them to me.” Therefore, O all nations, you must be on the last (highest) point of ihtiraam, respect to Allah Almighty's most beloved one, most glorified one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

And Allah (swt) is saying, “You look at them. Which ones you like to take to Paradise, take. Which ones you are asking to send to Fire, send.” And the Fire is not created without a wisdom. He is sending them there and then taking them to another place to clean them. There will be two groups of people on the Day of Resurrection: some of them are taken to eight Paradises and some of them are just questioned to give a good answer. Some of them, instead of doing their best did their worst. These are to be sent to the Fire, and then when they are cleaned they will be sent to another Paradise assigned to them. They are not going to be sent to

the Paradise for clean ones. Those that cleaned their real being, there is a special Paradise for them. Then the others that are going to be cleaned will be sent to another Paradise that is coming into existence by the holy command of Allah Almighty. (Mawlana Shaykh stands) He is saying, "'Kun fayakoon," and it is coming into existence so they can be sent there! (Mawlana Shaykh sits) Allah, Allah. Allah Almighty knows All Things!

We must try to be servants; we must try to learn something that is pure from our egoistic thoughts or egoistic ideas. No, they will be taken away. There is no way without questioning. After they are questioned, they are going to be cleaned and then they are going to a paradise that is prepared for their existence. The second ones, who are not cleaning themselves here, will be dealt with by such methods of cleaning and they will become in such a way that no effect will be on them from their egos or from shaytans. Cleaning and then general forgiveness comes on them. "For the honor of My most honored one, I am making you `ateeq." They will be under the title `Ateeq ur-Rahmaan, "Those saved by The Merciful." `Ateeq ur-Rahmaan is going (Mawlana gestures to get going), but the honor granted first is not going to be for them; that is from Allah Almighty's endless forgiveness, endless generosity and endless ridaa, satisfaction. Allah Almighty loves them and is granting to them!

The second ones who are not reaching that love during their lives on this planet will be punished, and that will be a cleaning for them. And they will be granted from endless Mercy Oceans only one spot, and there will be on it oceans and universes. By the holy command of Allah Almighty, they will be there. They will ask from those in the first group that entered the paradise that was prepared for them from Allah Almighty's endless generosity, that was granted to them to be there. And the second ones will be granted by Allah Almighty's `adlun ilaahiy, Absolute Judgment, that was granted to them. They are asking them, "Give us," and the people are saying, "It is not for you." The angels are saying, "You can't reach what they reached. They reached that in their worldly lives, but you are reaching from another way. This is for you, forever. You are not tasting what they are tasting, but it is for enough for you." Allahu Akbar wa lillahi 'l-hamd!

O Salaaf us-Saalih people and akhareen, others! You may look at Holy Qur'an and understand endless oceans of knowledge and desires, and endless respects to the Lord of Heavens, the Lord Almighty, the Creator. Try to be from those people and keep yourselves clean, here and until you reach the Divine Presence, on the Day of Resurrection. May Allah forgive us. Ameen.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

(Mawlana Shaykh sings)

Dome dome, dome dome, dome dome, dome dome 4x

Heavenly music is different than earthly music. Allah grants us to hear heavenly music, to be happy, taking everything from the hearts of people, every darkness and every suffering and misery. May Allah give them endless enjoyment and every happiness and every pleasure and pleasement. Allah, Allah.

Fatihah.

## And Stop Them, For They Shall Be Questioned (37:24)

Assalamu Alaykum O Attendees, Alayna wa Alaykum as-Salam. May our day be a good one, may our end be a good one. May the salam of the Heavens be upon us. We are weak. Qawwi Dha'fi fi Ridak. Give us strength on the way to Your Satisfaction Ya Rabbi. Assalamu Alaykum O attendees. Ay Yaran Shah Mardan, the Lion who makes the world tremble. Mashallah la Quwata illa biLlah. He is such a lion, if he strikes this earth with his Dhul Fiqqar (sword), it will divide into 2, because Shah Mardan's power is not physical power. His power comes from the sky. His power comes from Heavens. Go ahead (speak) O Shah Mardan. Mashallah la Quwata illa biLlah. Ay Yaran Shah Mardan. The ones following Allah's Lion's way, the ones who love him, this assembly is their assembly. Mashallah. Shukr (thanks) to Allah that...He made us from the Yaran, beloved ones of Shah Mardan. Come, listen, those who love the way of Shah Mardan. Listen to him. Don't look at who is talking, but at the one making him speak. Our assemblies are not prepared beforehand. Our assembly is not one that was prepared from before to be read.

This assembly is a spiritual one. Where does its spirituality come from? From Shah Mardan. He is an ocean of spirituality. If he gives one drop, a person can earn a high station. When we say that, it means in the presence of Allah (swt)...your value will increase. Go ahead, O Shah Mardan. Let's listen. O my Yaran, the ones who love us, let's say - Bismillahir RahmanirRahim - and get power. Our power is not from earth, it's from Heavens. If heedless ones could appreciate thispower, they wouldn't leave this assembly There are countless assemblies, in the name of Shah Mardan, Allah's (swt) Lion. What a holy/ blessed Lion. Mashallah la Quwata illa biLlah.

May our day be a good one,may our end be a good one. Inshallah we won't be tired. O Shah

Mardan, we don't get tired from listening to you. We find honor from listening to your honorable words. O Shah Mardan, we are asking for your blessings. We want to learn. Learning is not reading and writing. To learn is to have good manners, Adab. Whoever learns adab (good manners),that person will be accepted...in dunya (earth) & akhira (hereafter). O our Lord, for the sake of Shah Mardan, allow us to be from those accepted servants. Allow us to be from...Your Beloved's (sws) nation. Shah Mardan is telling us to pray like this, Allah's Beloved One, Habibullah's beloved one.

We want to be under his banner. There is on earth...and in akhira there is Liwa al-Hamd, it belongs to Allah's Beloved (sws). The guard at his door is Shah Mardan. O Sultan...look over us.

We want to learn what we don't know. What we are searching for on earth, what is it? We are searching for honor. What are we wasting? It is honor. Shah Mardan is informing us what we are wasting. What the Muslims of today are wasting is Adab. Adab. When one wastes adab, one is useless. Mankind finds honor with adab. Prophet (sws),Allah's Beloved one said - "Addabani Rabbi" -(My Lord imbued me with Adab) My Lord taught me adab. O Arabs, Iranians, O Muslims in Turkey, India, China, do you hear the words of our Glorious Prophet (sws)? He didn't say - Allamani (He taught me). Adab...with adab...such an adab...adab that wasn't given to anyone else. My Lord taught me adab.

O people, your honor is from your adab. The one without adab has no value, he is rubbish, he is a carcass, an animal, and even worse than that. A person's honor is with his adab. Today, Shah Mardan's Yaran, his beloved ones...there are beautiful sayings that he is telling them. What are they for? They are not for teaching about dunya -in the west there is this, in east there is that, in the north there is this, in the south there is that, in oceans... It's not for learning about this. Allah Allah. Why did he, Alayhi salatu wa salam, say it? Shah Mardan is informing us - Prophet (sws) said: Addabani Rabbi. The Adab that my Lord wanted He taught me. There is nothing beyond that. That is what Allah (swt) wants from His servants. He doesn't want gold, nor silver, nor dunya, nor universes. What Allah (swt) wants from us, is Adab. Adab for our Lord.

How can a person be human? With adab. That is why the Prophet (sws) said - Addabani Rabbi.

My Lord taught me, He taught me adab. What is in the west? In the east? What can be found in the oceans, in the skies? What's in the mountains, rocks, forests? He didn't teach these. There's no value in these things. He, Allah(swt), taught the most valuable thing to His Habib. Go ahead O Shah Mardan. Your words are true. Yes. What is the most valuable treasure? Come, O Shah Mardan, tell us. The most valuable treasure... whoever owns it will be the richest person, Adab... Adab... Respect. Love & Respect for the Lord and... Adab brings a servant forward. Leaving adab banishes you from His Presence. Don't be from the banished ones.

Go ahead O Shah Mardan. The field is yours. O Lion of Allah, Shah Mardan. The companions, in the presence of Prophet (sws), they were so still, as if a bird was sitting on their heads, they were sitting like that. They had the best adab. They listened to the Sultan. O if only we listened to that Sultan, we wouldn't fall into this punishment. Go ahead O Shah Mardan. This is what your Yaran want. Mankind has lost its honor. Why? They lost their adab, they didn't learn adab.

There are schools everywhere. Universities... are higher than schools, they claim, but there are no jewels. They are giving straw to the people. What are they teaching? Straw. Valuable jewels are inside the pearl shell. The shell protects the pearl inside it. The people of today... they're not searching for the pearl, they're running after its shell. They won't be men, they won't be human, they won't be honorable. And maybe their place will be lower than that of 4-legged animals.

Listen Ay Yaran Shah Mardan. Let's say Bismillahi r-Rahmani r-Rahim -The most important part of Adab. If they forget Basmala, they lose their humanity. That person loses the honor of being human. Animals don't say Basmala. Did you ever see an animal say Basmala? Allah Dhul Jalal gave Basmala to mankind. Bismillahi r-Rahmani r-Rahim. This honor was given by Rabbul Izzah, the Absolute Owner of Creation, everything is under His orders. When He says "Be" it will be. Rabbul Izzah's most valuable jewel is Adab. Who are you? Who am I? "You are You, I am me" said satan. The ego, the ego carries the essence of satan. When ego was created, it was asked: "Who are you, Who am I?" The dirty ego of man said: "You are You, I am me. "The ego showed this kind of boldness towards Allah (swt). And that is why, without...until a sword from heavens came down on the ego, it didn't accept. The sword came down from heavens - Sayfullah.

Before the sword of Shah Mardan came down people didn't understand humanity. They ran here and there, they didn't come to learn Adab. They came to collect the dirtiness/waste of dunya. Those are satan's instructions. satan says: collect this manure, waste, collect as much as you can. Well, you collected and did what? You piled it there and they dug a grave next to it and buried you there. What benefit did it have for you? Gold, jewels have no benefit for you. How did you come to the Presence of Allah (swt)? With Adab. "Addabani Rabbi." The best Adab is to know our Lord, to glorify our Lord. What is our job? Servanthood to our Lord.

Why were we created? "illa li ya'budun" I created them for My service. Then I will pay/ reward them. I will pay those who keep My servanthood. I will pay them eternally. You can live on earth, 20,50, 60, 70, 80, 90, 100 years, there is nothing dunya will pay you. However, those living for... Allah Dhul Jalal, they will be paid. Don't sleep. Go ahead, O Shah Mardan. Ay Yaran Shah Mardan, clean servants. Today, we woke up with Bismillahi r-Rahmani r-Rahim. What is our work? Our work is to serve the Sultan. Who is the Sultan? He is the Owner of heavens and earth, Allah Dhul Jalal. He is the Owner of heavens & earth. Who did you work for today? Did you work for the Owner of heavens & earth, the One who created you? Did you work for Him today? Go ahead, say O Shah Mardan. Tell those whom satan has tricked. Tell these people why they were created. To kill one another? The Adab... was taught by Allah (swt) to people. Is this found in adab -kill one another, burn and destroy the homes of one another?

O Shiite group, did Allah (swt) order you -to burn and destroy the homes of His servants, to kill His children, His servants? Is this how you are Muslims? O Alawi, fake Alawi, fake Shia, say for Allah (swt) -Did Allah (swt) create you to kill people, to destroy their homes? It is said - A believer is the brother of a believer. Whoever says - La ilaha illallah is a believer. He's your brother. How can you kill your brother? Are there no people other than you? Did satan create Sunnis? Ar-Rahman created you, did satan create those who are not from you? "Hal min khaliqin ghayrullah"(35:3) Is there a Creator other than Allah?

Allah (swt) said - 'I made oppression forbidden.' You are doing oppression. Is this your Adab? Allah (swt) is saying -I will question/ judge you. "Wa Qifuhum Innahum Masulun"(37:24) Isn't

this from Holy Quran? Or is it a saying from the air? Wa Qifuhum. On Judgement Day, when groups of people are passing, the angels, by the order of Allah (swt), will say to the passing groups - Wa Qifuhum/ Stop them! Innahum Masulun...will they be asked or not? O scholars. O those claiming to be Shia o those who consider themselves Alawi, is this Quran or made-up sayings?

Wa Qifuhum -Stop them. Don't let them pass because they will be questioned. You are not teaching this. Don't you read Quran O Shia? Wa Qifuhum. Will they stop the animals or people? Innahum Masulun. From the throne, from Allah's (swt) Almighty Voice, a call will come to the angels - Wa Qifuhum. Stop them. Because they will be questioned about what they did.

Let them answer, the head of Shia, the head of Alawi. "Wa Idha Al-Maw'udatu Su'ilat, Bi ayyi Dhanbin Qutilat" (81: 8,9). They will be asked about all these innocent people killed -For what sin were you killed? These children, women, men, innocent people, you kill them but on Judgment Day you will be addressed, Wa Qifuhum. Stop them O Angels. Stop them, they will be questioned. They think it is easy to say - I am Shia, I am Alawi. Were Shia/Alawi given an order from heavens to burn/destroy their homes? Which arhund gave you the fatwa to kill the servants of Allah, to burn & destroy homes, houses, villages? Which one gave you this fatwa? Shame on shia scholars, and alawi scholars. Fear Allah (swt). The addressing is for you -Wa Qifuhum. Don't let them pass, don't give them way because they will be questioned about what they did.

Judgment Day is the day everyone will be judged. Correct your selves. Stop killing immediately because the month of Allah is coming, Rajabul Murajjab. Shahrullah, Rajabis the month of Allah. Alimallah, If one drop of Divine Anger comes, no shia or alawi will be left on earth. Allah (swt) will afflict you with a nation that they will finish you off. A war is not needed.

Nimrod...Allah (swt) finished off Nimrod's army with mosquitos. Only their armor was left. Inside the armor, only their skeleton was left. He will make you like that. And you are coming from Nimrod's country. There is Allah (swt). There is His Prophet (sws) and there is Shah Mardan. They will question/ judge you. And you claim to believe in Shah Mardan but he will judge you.

Everyone is accountable for everything they do, whether it's good or bad. If you do good, you will find goodness. If you do evil, you will not get away with it. O Shia listen. O Bashar listen.

Prophet (sws) said -I swear by Allah (swt) that armies will be sent down to punish oppressors.

Allahu Akbar Allahu Akbar. It is coming, Rajab Shahrullah. Let's see how Allah (swt) will treat shia and alawi. Shia are fake and alawi are fake. Aman Ya Rabbi, Tawba Ya Rabbi. Go ahead O Shah Mardan. You are Allah's Lion. You speak truth. If there is something wrong, let them say. O Shah Mardan. Don't send us away from beneath your banner, because most will be sent away. The punishment of murderers is eternal hell. wa man yaqtul mu'minan fa jaza'uhu fi nari abada. The punishment of someone who kills a believer unjustly is to stay in hellfire eternally. Get your heads straight. The coming month is Allah's month. There's no joke. The scale will come down to give rights to who deserves; unjust ones will find their punishment.

Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Hasbun Allah wa ni'mal wakil. O blessed Shah Mardan, Tell these beautiful sayings to your Yaran, to your beloved ones. Those who listen go to paradise, those who don't listen go to hell. wa man qatalahu mu'minan fa jaza'uhu jahannamu khalidan. Who kills a believer unjustly is sentenced to eternal hell. Wait, it's coming. Shahrullah is coming. From which side will it shake you? Think. Either the earth will shake and your country will collapse on your heads or an army of soldiers from another creation will ruin you, and leave no trace of your existence.

Sahib az-Zaman who is the child of Shah Mardan, this is his addressing, Mahdi (as). The banner of Islam is one. There is no Iranian banner, Arab banner, Syrian banner, Turkish banner. There is one banner. What is written on it? La ilaha IlaLlah Muhammadur Rasulullah. What does it say -"Nasrun min Allahi wa fathun qarib (victory is Allah's & an opening is near) wa bashiril mu'minin"(good news for believers) it says. Listen and be saved. Today we set out, it is a new day. What can we do? Do good. Don't ask - What should we do? Allah (swt) is ordering His servant - Do good. Do something good. There are no boundaries/ limits to good things to do. And there are no limits to oppression. At least, stay the hand of the oppressor and don't give them opportunity to oppress.

That's why a Sultan will come. The glorious Ottomans, who ruled by Islam for 1,000 years, will come. The world is trembling when they hear the name - Ottoman. It is coming. They know the

way. They are the ones who read the adhan in the center of Europe. When the Ottoman army was saying adhan, the shia attacked them from this side, to break their mightiness, The armies that say Allahu Akbar. When Adhan Muhammadi was being recited at the gates of Vienna, you came and attacked from that side to try and break the Ottomans. You will be asked. Mahdi (as) is coming. O our Lord, forgive us, forgive us. They should quit immediately. If they persist, not one will remain.

O our Lord, You are al-Qadir al-Muqtadir. For the sake of Your Habib (sws), and for the sake of Shah Mardan, send down Your help/ support to us. We are Muslims. Whoever says -La ilaha illAllah Muhammadar Rasulullah, we cannot touch them. Those who don't say, they won't be safe from our sword. We are not shia or alawi. We are Muslims. Let them be alawi, shia. We are Muslims. The order for Prophet Abraham (as) was to be Muslim. We have no other claim. Raise the banner of Islam and go. Walk towards the disbelievers. Don't go to oppressed ones and destroy their homes. Your punishment is heavy. They are coming again, the Ottomans whom you don't like, who ruled with Islam for 1,000 years. They are coming. You can't stand against them, they're coming with armies. The banner is with them. The banner of the Prophet (sws) is with them. Were you ever given the banner of the Prophet (sws)? Ottomans are still keeping the sacred trusts. Go and take it from them.

O our Lord, You are al-Qadir al-Muqtadir. The month carrying your name, is Rajab Shahrullah. Let help/ support reach us O our Lord. O Shah Mardan, your supplication/ dua is accepted by Allah (swt). Sahib az-Zaman, Mahdi (as) will come from your children. And that is who the Ottomans are waiting for. They will give him the sacred trusts. Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Hasbun Allah wa ni'mal wakil. Forgive us our Lord. Whoever is right, Allah will support him. Unjust ones are finished. May our day and work be a good one.

May our end be a good one. La ilaha IlaLlah Sayyidina Muhammadur Rasulullah. We are not the enemies of whoever says that. But we are enemies to their satans. Wa min Allahi t-Tawfiq. O our Lord, give us strength. May the armies that will carry Your banner come Ya Rabbi.

Fatiha.

**Haltet sie an!**

As-Salamu `alaykum, Anwesende, `alayna wa `alaykumu s-Salam. Möge unser Tag ein guter sein. Möge unser Ende ein gutes sein. Möge das Salam der Himmel auf uns sein. Wir sind schwach. Qawwi Dha`fi fi Ridaq. Gibt uns Kraft auf dem Weg zu Deiner Zufriedenheit ya Rabbi. As-Salamu `alaykum, Anwesende. Ay Yaran Shah Mardans, des Löwen, der die Welt erzittern läßt. Ma sha' Allah la Quwwata illa Billah. Er ist so ein Löwe, wenn er diese Erde mit seinem Dhu l-Fiqar schlägt, teilt sie sich in zwei Teile, weil Shah Mardans Macht keine physische ist. Seine Macht kommt von den Himmeln. Seine Macht kommt von den Himmeln. Mach weiter, Shah Mardan. Ma sha' Allah la Quwwata illa Billah. Ay Yaran Shah Mardans, diejenigen, die dem Weg von Allahs Löwen folgen. Diejenigen, die ihn lieben, diese Versammlung ist ihre Versammlung. Ma sha' Allah. Shukr, Dank, sei Allah, daß Er uns von den Yaran gemacht hat, den Geliebten Shah Mardans. Kommt, hört, jene, die den Weg Shah Mardans lieben. Hört ihm zu. Schaut nicht auf den, der spricht, sondern auf den, der mich sprechen läßt. Unsere Versammlungen sind nicht vorab vorbereitet. Unsere Versammlung ist nicht eine, die vorher vorbereitet und dann verlesen wird. Diese Versammlung ist eine geistige. Woher kommt ihre Geistigkeit? Von Shah Mardan. Er ist ein Ozean an Geistigkeit. Wenn er einen Tropfen gibt, kann ein Mensch eine hohe Stufe gewinnen. Wenn wir das sagen, bedeutet das, daß in der Gegenwart Allahs (swt) euer Wert zunimmt.

Mach weiter, Shah Mardan. Hören wir zu. O meine Yaran, diejenigen, die uns lieben, sagen wir "Bismillahi r-Rahmani r-Rahim" und bekommen Macht. Unsere Macht ist nicht von der Erde, sie ist von den Himmeln. Könnten Achtlose diese Macht würdigen, würden sie diese Versammlung nicht verlassen. Es gibt unzählige Versammlungen im Namen Shah Mardans, Allahs (swt) Löwen. Was für ein heiliger, gesegneter Löwe. Ma sha' Allah la Quwwata illa Billah. Möge unser Tag ein guter sein. Möge unser Ende ein gutes sein. Insha' Allah werden wir nicht müde. O Shah Mardan, wir werden nicht müde, dir zuzuhören. Wir finden Ehre im Hören deiner ehrenwerten Worte. O Shah Mardan, wir bitten um deinen Segen. Wir wollen lernen. Lernen ist nicht lesen und schreiben. Zu lernen ist, gutes Benehmen zu haben, Adab. Wer immer Adab lernt, der wird

angenommen werden in Dunya und Akhira. O unser Herr, um Shah Mardans willen erlaube uns, zu diesen angenommenen Dienern zu gehören. Erlaube uns, zur Nation Deines Geliebten (saws) zu gehören. Shah Mardan sagt uns, daß wir so beten sollen, Allahs Geliebter, Habibullahs Geliebter. Wir wollen unter seinem Banner sein. Es gibt auf der Erde und in der Akhira Liwa al-Hamd. Es gehört Allahs Geliebtem (saws). Der Wächter an seiner Tür ist Shah Mardan. O Sultan, wache über uns. Wir wollen lernen, was wir nicht wissen.

Was wir suchen auf der Erde, was ist es? Wir suchen Ehre. Was verschwenden wir? Es ist Ehre. Shah Mardan informiert uns, was wir verschwenden. Was die Muslime von heute verschwenden, ist Adab. Adab. Wenn man Adab verschwendet, ist man nutzlos. Der Mensch findet Ehre mit Adab. Der Prophet (saws), Allahs Geliebter, sagte: "Addabani Rabbi" - Mein Herr erfüllte mich mit Adab. Mein Herr lehrte mich Adab. O Araber, Iraner, o Muslime in der Türkei, Indien, China, hört ihr die Worte unseres glorreichen Propheten (saws)? Er sagte nicht: "Allamani" - Er lehrte mich. Adab, mit Adab, solchem Adab, Adab, der niemand anders gegeben wurde. Mein Herr lehrte mich Adab. O Leute, euere Ehre kommt von euerem Adab. Derjenige ohne Adab hat keinen Wert. Er ist Abfall. Er ist ein Kadaver, ein Tier, und sogar schlimmer als das. Die Ehre eines Menschen ist mit seinem Adab. Heute, Shah Mardans Yaran, seine Geliebten, es sind schöne Worte, die er ihnen sagt. Wofür sind sie? Sie sind keine Lehre über die Dunya: Im Westen gibt es dies, im Osten gibt es das, im Norden gibt es jenes, im Süden gibt es dies, in den Ozeanen.. Es geht nicht darum, das zu lernen. Allah Allah. Warum sagte er, `Alayhi Salatu wa Salam, das?

Shah Mardan informierte uns, der Prophet (saws) sagte: "Addabani Rabbi". Den Adab, den mein Herr wollte, lehrte Er mich. Es gibt nichts darüber hinaus. Das ist, was Allah (swt) von Seinen Dienern will. Er will kein Gold, kein Silber, keine Dunya, keine Universen. Was Allah (swt) von uns will, ist Adab. Adab für unseren Herrn. Wie kann jemand Mensch sein? Mit Adab. Deshalb sagt der Prophet (saws): Addabani Rabbi. Mein Herr lehrte mich, Er lehrte mich Adab. Was ist im Westen? Im Osten? Was kann in den Ozeanen, in den Himmeln gefunden werden? Was ist in den Bergen, Felsen, Wäldern? Er lehrte das nicht. Es ist kein Wert in diesen Dingen. Er, Allah (swt) lehrte Seinen Habib das Wertvollste. Mach weiter, Shah Mardan. Deine Worte sind wahr. Ja. Was ist der wertvollste Schatz? Komm, o Shah Mardan, sag es uns. Der wertvollste Schatz, wer immer ihn besitzt, ist der reichste Mensch - Adab, Adab, Respekt. Liebe und Respekt für den

Herrn und Adab bringt einen Diener voran. Adab zu lassen, verbannt euch von Seiner Gegenwart. Seid nicht von den Verbannten. Mach weiter, Shah Mardan. Das Feld ist dein. O Löwe Allahs, Shah Mardan. Die Gefährten waren in der Gegenwart des Propheten (saws) so still, als säße ein Vogel auf ihren Köpfen. So saßen sie da. Sie hatten den besten Adab. Sie hörten dem Sultan zu. Würden wir nur diesem Sultan zuhören, würden wir nicht in diese Strafe fallen. Mach weiter, Shah Mardan. Dies ist, was deine Yaran wollen. Warum? Sie haben ihren Adab verloren. Sie haben keinen Adab gelernt. Es gibt Schulen überall. Universitäten sind höher als Schulen, behaupten sie, aber es gibt keine Juwelen. Sie geben den Leuten Stroh. Was lehren sie? Stroh. Wertvolle Juwelen sind im Perlengehäuse. Das Gehäuse schützt die Perle darin. Die Menschen von heute suchen nicht nach der Perle. Sie laufen hinter dem Gehäuse her. Sie werden keine Menschen, sie werden nicht menschlich, nicht ehrenwert sein. Und vielleicht wird ihr Platz niedriger sein als der der vierbeinigen Tiere. Hört, Ay Yaran Shah Mardans. Sagen wir Bismillahi r-Rahmani r-Rahim, den wichtigsten Teil des Adab. Wenn sie die Basmala vergessen, verlieren sie ihr Mensch-Sein. Diese Person verliert die Ehre des Mensch-Seins. Tiere sagen nicht Basmala. Habt ihr je ein Tier die Basmala sagen hören? Allah Dhu l-Jalal gab die Basmala der Menschheit. Bismillahi r-Rahmani r-Rahim. Diese Ehre wurde durch Rabbu l-`Izza gegeben, den Absoluten Eigner der Schöpfung. Alles steht unter Seinem Befehl. Wenn Er sagt 'Sei!', wird es sein. Rabbu l-`Izzas wertvollster Juwel ist Adab. 'Wer bist du? Wer bin Ich?' 'Du bist Du, ich bin ich', sagte Shaytan. Das Ego, das Ego trägt die Essenz Shaytans. Als das Ego erschaffen wurde, wurde es gefragt: 'Wer bist du? Wer bin Ich?' Das schmutzige Eog des Menschen sagte: 'Du bist Du, ich bin ich.' Das Ego zeigte diese Art von Dreistigkeit gegenüber Allah (swt). Und deshalb, ohne.. bis nicht ein Schwert von den Himmeln herabkam auf das Ego, akzeptierte es nicht. Das Schwert kam herab von den Himmeln, Sayfullah.

Bevor das Schwert Shah Mardans nicht herabkam, verstanden die Menschen das Mensch-Sein nicht. Sie liefen hierhin und dorthin. Sie kamen nicht, um Adab zu lernen. Sie kamen, um Schmutz der Dunya zu sammeln. Das sind Shaytans Anweisungen. Shaytan sagt: 'Sammelt Dung, Abfall, sammelt, so viel ihr könnt.' Nun, ihr habt gesammelt und tatet was? Ihr häuftet es dort auf, und sie gruben ein Grab daneben und begruben euch dort. Welchen Nutzen hatte es für euch? Gold, Juwelen haben keinen Nutzen für euch. Wie kommt ihr zur Gegenwart Allahs (swt)? Mit Adab. "Addabani Rabbi." Der beste Adab ist, unseren Herrn zu kennen, unseren

Herrn zu preisen. Was ist unsere Aufgabe? Dienerschaft für unseren Herrn. Warum wurden wir geschaffen? "illa li Ya`budun" - Ich erschuf sie für Meinen Dienst. Dann werde Ich sie belohnen. Ich werde die belohnen, die Meine Dienerschaft einhalten. Ich belohne sie ewiglich. Ihr könnt auf der Erde 20, 50, 60, 70, 80, 90, 100 Jahre leben, Dunya wird euch nichts bezahlen. Jedoch jene, die für Allah Dhu l-Jalal leben, werden bezahlt werden. Schlaft nicht. Mach weiter, Shah Mardan. Ay Yaran Shah Mardans, reine Diener.

Heute wachten wir auf mit Bismillahi r-Rahmani r-Rahim. Was ist unsere Arbeit? Unsere Arbeit ist, dem Sultan zu dienen. Wer ist der Sultan? Er ist der Eigner von Himmeln und Erde, Allah Dhu l-Jalal. Er ist der Eigner von Himmeln und Erde. Für wen habt ihr heute gearbeitet? Habt ihr für den Eigner von Himmeln und Erde gearbeitet, Den Einen, Der euch erschuf? Habt ihr heute für Ihn gearbeitet? Mach weiter, sprich, o Shah Mardan. Sage es denen, die Shaytan getäuscht hat. Sage diesen Menschen, warum sie erschaffen wurden. Um sich gegenseitig zu töten? Der Adab wurde die Menschen von Allah (swt) gelehrt. Findet man das im Adab: sich gegenseitig zu töten, die Häuser der anderen niederzubrennen und zu zerstören? O schiitische Gruppe, befahl euch Allah (swt), die Häuser Seiner Diener niederzubrennen und zu zerstören, Seine Kinder, Seine Diener zu töten? Ist das, wie ihr Muslime seid? O Alawiten, falsche Alawiten, falsche Schiiten, sagt für Allah: Hat Allah (swt) euch erschaffen, um Menschen zu töten, um ihre Häuser zu zerstören? Es heißt: Ein Gläubiger ist der Bruder eines Gläubigen. Wer immer sagt, La ilaha illa Allah, ist ein Gläubiger. Er ist euer Bruder. Wie könnt ihr eueren Bruder töten? Gibt es keine anderen Menschen als euch? Erschuf Shaytan die Sunniten? Ar-Rahman erschuf euch, erschuf Shaytan die, die nicht zu euch gehören? "Hal min Khaliqin Ghayrullah" (35:3)? Gibt es einen Schöpfer außer Allah? Allah (swt) sagte: Ich machte Unterdrückung verboten. Ihr seid Unterdrücker. Ist das euer Adab?

Allah (swt) sagt: Ich werde euch befragen. "Wa Qifuhum innahum Mas'ulun" (37:24). Ist das nicht aus dem Heiligen Quran? Oder ist es aus der Luft gegriffen? Wa Qifuhum. Am Gerichtstag werden, wenn die Gruppen der Menschen vorbeigehen, die Engel auf Befehl Allahs (swt) hin zu den vorbeigehenden Gruppen sagen: "Wa Qifuhum" - Haltet sie an! "Innahum Mas'ulun". Werden sie befragt oder nicht? O Gelehrte. O die, die behaupten, Schiiten zu sein, o die, die sich als Alawiten betrachten, ist dies Quran oder ausgedachte Sprüche? "Wa Qifuhum" - Haltet sie an! Laßt sie nicht durch, weil sie befragt werden. Ihr lehrt das nicht. Lest ihr nicht Quran, o Schiiten?

"Wa Qifuhum". Werden sie die Tiere anhalten oder die Menschen? "Innahum Mas'ulun". Vom Thron, mit Allahs (swt) Allmächtiger Stimme wird ein Ruf an die Engel erschallen: "Wa Qifuhum". Haltet sie an, weil sie befragt werden über das, was sie taten. Sie sollen antworten, das Oberhaupt der Schiiten, das Oberhaupt der Alawiten. "Wa idha l-Maw'udatun Su'ilat, Bi Ayyi Dhanbin Qutilat" (81:8,9). Sie werden befragt werden über all diese Unschuldigen, die getötet wurden. Für welche Sünde wurden sie getötet? Diese Kinder, Frauen, Männer, Unschuldigen, ihr tötet sie, aber am Gerichtstag werdet ihr angesprochen werden: "Wa Qifuhum". Haltet sie an, o Engel. Haltet sie an, sie werden befragt.

Sie denken, es ist leicht zu sagen, 'Ich bin Schiit', 'Ich bin Alawit'. Wurde den Schiiten und Alawiten ein Befehl von den Himmeln gegeben, ihre Häuser zu zerstören? Welcher Ayatollah gab euch das Fatwa, die Diener Allahs zu töten, ihre Häuser und Dörfer niederzubrennen und zu zerstören? Welcher gab euch dieses Fatwa? Schande auf die schiitischen Gelehrten und die alawitischen Gelehrten. Fürchtet Allah (swt). Die Ansprache ist für euch: "Wa Qifuhum". Laßt sie nicht durch, macht den Weg nicht frei, weil sie befragt werden über das, was sie taten. Der Gerichtstag ist der Tag, an dem jeder gerichtet wird. Korrigiert euch. Hört sofort auf zu töten, weil der Monat Allahs kommt, Rajabu l-Murajjab. Shahrullah, Rajab ist der Monat Allahs. Alimallah, wenn ein Tropfen Göttlichen Zornes kommt, wird kein Schiit oder Alawit mehr auf der Erde bleiben. Allah (swt) wird euch heimsuchen mit einer Nation, die euch erledigen wird. Ein Krieg ist nicht nötig. Nimrod, Allah (swt) erledigte Nimrods Armee mit Mücken. Nur ihre Rüstungen blieben übrig. In den Rüstungen waren nur noch ihre Skelette. Er wird euch so machen. Und ihr kommt aus Nimrods Land. Da ist Allah (swt), da ist Sein Prophet (saws) und da ist Shah Mardan. Sie werden euch befragen. Und ihr behauptet, ihr glaubt an Shah Mardan. Aber er wird euch richten.

Jeder ist verantwortlich für alles, was er tut, ob es gut oder schlecht ist. Wenn du Gutes tust, wirst du Gutes finden. Wenn du Böses tust, wirst du nicht damit davonkommen. O Schiiten, hört zu. O Bashar, hör zu. Der Prophet (saws) sagte: Ich schwöre bei Allah (swt), daß Armeen herabgesandt werden, um Unterdrücker zu bestrafen. Allahu Akbar, Allahu Akbar. Er kommt, Rajab Shahrullah. Sehen wir, wie Allah (swt) die Schiiten und Alawiten behandeln wird. Die Schiiten sind falsch, und die Alawiten sind falsch. Aman ya Rabbi, Tawba ya Rabbi. Mach weiter, o Shah

Mardan. Du bist Allahs Löwe. Du sprichst die Wahrheit. Wenn etwas nicht stimmt, sollen sie es sagen. O Shah Mardan, sende uns nicht weg von unter deinem Banner, weil die meisten weggeschickt werden. Die Strafe des Mörders ist ewige Hölle. "Wa man Yaqtu l-Mu'minan fa Jaza'uhu fi n-Nari Abada." Die Strafe für jemanden, der einen Gläubigen ungerechtfertigt tötet, ist, ewig im Höllenfeuer zu bleiben. Bringt euere Köpfe in Ordnung. Der kommende Monat ist der Monat Allahs. Es ist kein Scherz. Die Waagschale wird herabkommen, um dem die Rechte zu geben, der sie verdient. Ungerechte werden ihre Strafe finden. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Hasbun Allahu wa Ni`ma l-Wakil. O gesegneter Shah Mardan, erzähle diese schönen Worte deinen Yaran, deinen Geliebten. Jene, die hören, gehen ins Paradies, jene, die nicht hören, gehen zur Hölle. "Wa man Qatalahu Mu'minan fa Jaza'uhu Jahannamu Khalidan." Wer einen Gläubigen unrechtmäßig tötet, wird zu ewiger Hölle verurteilt.
Wartet. Es kommt. Shahrullah kommt. Von welcher Seite wird er euch erschüttern? Denkt. Entweder wird die Erde beben, und euer Land wird auf eueren Köpfen einstürzen, oder eine Armee von Soldaten einer anderen Schöpfung wird euch ruinieren und keine Spur von euerer Existenz lassen. Sahibu z-Zaman, der das Kind Shah Mardans ist, dies ist seine Ansprache, Mahdi (as). Das Banner des Islam ist eins. Es gibt kein iranisches Banner, arabisches Banner, syrisches Banner, türkisches Banner. Es gibt ein Banner. Was steht darauf geschrieben? La ilaha illa Allah, Muhammadu r-Rasulullah. Wie lautet es? "Nasrun min Allahi wa Fathun Qarib" - Sieg ist Allahs und eine Öffnung ist nah - "wa Bashiri l-Mu'minin" - gute Nachrichten für die Gläubigen. Hört und seid gerettet. Heute machen wir uns auf, es ist ein neuer Tag.Was können wir tun? Tut Gutes. Fragt nicht: Was sollten wir tun? Allah (swt) befiehlt Seinen Dienern: Tut Gutes. Tut etwas Gutes. Es gibt keine Grenzen dafür, gute Dinge zu tun. Und es gibt keine Grenzen für Unterdrückung. Wenigstens haltet die Hand der Unterdrücker auf und gebt ihnen keine Gelegenheit zu unterdrücken. Deshalb kommt ein Sultan. Die glorreichen Osmanen, die 1000 Jahre mit dem Islam regierten, werden kommen. Die Welt erzittert, wenn sie den Namen 'Osmanen' hören. Es kommt. Sie wissen den Weg. Sie sind diejenigen, die den Adhan im Zentrum Europas riefen. Als die osmanische Armee den Adhan rief, griffen die Schiiten sie von dieser Seite an, um ihre Mächtigkeit zu brechen, die Armeen, die sagten "Allahu Akbar". Vor den Toren Wiens kamt ihr und grifft von dieser Seite an, um zu versuchen, die Osmanen zu brechen. Ihr werdet befragt werden. Mahdi (as) kommt.

O unser Herr, vergib uns, vergib uns. Sie sollten sofort aufgeben. Wenn sie beharren, wird niemand übrig bleiben. O unser Herr, Du bist al-Qadir al-Muqtadir. Um Deines Habibs (saws) willen und um Shah Mardans willen, sende Deine Unterstützung für uns. Wir sind Muslime. Wer immer sagt, La ilaha illa Allah, Muhammadu r-Rasulullah, den können wir nicht anrühren. Die es nicht sagen, sind nicht sicher vor unserem Schwert. Wir sind keine Schiiten oder Alawiten. Wir sind Muslime. Laßt sie Alawiten, Schiiten sein. Wir sind Muslime. Der Befehl für den Propheten Ibrahim (as) war, Muslim zu sein. Wir haben keinen anderen Anspruch. Hebt das Banner des Islam hoch und geht. Geht auf die Ungläubigen zu. Geht nicht zu Unterdrückten und zerstört ihre Häuser. Euere Strafe ist schwer. Sie kommen wieder, die Osmanen, die ihr nicht mögt, die 1000 Jahre mit dem Islam regierten. Sie kommen. Ihr könnt gegen sie nicht bestehen. Sie kommen mit Armeen. Das Banner ist mit ihnen. Das Banner des Propheten (saws) ist mit ihnen. Wurde euch jemals das Banner des Propheten (saws) gegeben? Die Osmanen bewahren immer noch das heilige Unterpfand. Geht und nehmt es von ihnen. Unser Herr, Du bist Qadiru l-Muqtadir. Der Monat trägt Deinen Namen. Es ist Rajab Shahrullah. Laß uns Unterstützung zukommen, unser Herr. O Shah Mardan, dein Bittgebet ist angenommen von Allah (swt). Sahibu z-Zaman, Mahdi (as) wird kommen von deinen Kindern. Und darauf warten die Osmanen. Sie werden ihm das heilige Unterpfand geben. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Hasbun Allah wa Ni`ma l-Wakil. Vergib uns, unser Herr. Wer immer Recht hat, den wird Allah unterstützen. Die Ungerechten sind am Ende. Möge unser Tag und unsere Arbeit gut sein. Möge unser Ende gut sein. La ilaha illa Allah, Sayyidina Muhammadu r-Rasulullah. Wir sind nicht Feind dem, der das sagt. Aber wir sind Feinde ihrer Shaytane. Wa min Allahi t-Tawfiq. O unser Herr, gib uns Kraft. Mögen die Armeen, die Dein Banner tragen, kommen, ya Rabbi. Fatiha.

## Stop The Slaughter

As-salamu alaykum O those who are present. O loyal friends of Shah Mardan welcome, welcome. Holy & Honoured we came to the month of Rajab with goodness. May Allah Jalla wa 'Ala dress us with the goodness of it. Our way is through Sohbat. The real purpose of sohbat is to instruct & teach adab (manners).

As-salamu alaykum. O loyal friends of Shah Mardan. Lovers of Shah Mardan, real lovers who are truly connected to him, are saved. Fake ones will be thrown away like fake printed paper. Assalamu alaykum. O loyal friends of Shah Mardan. Let's give Salam. "As-salam qabl al-kalam" it is rule to say Salam before talking. Salam is to ask for salvation. Let's listen to Shah Mardan. We shall listen to Shah Mardan, the Lion of Allah Dhul-Jalal. We shall learn adab.

Today is an hounored day, the first day of the honoured month of Rajab, ShahruLlah is blessed. As-salamu alaykum. O loyal friends of Shah Mardan. The salam of today is different. May Allah give us strength, give us love give us faith, give us happiness, give us pleasure, give us honor. O our respected Mawla. Listen Shah Mardan is saying: today, is an honoured day, you should know. We shall know. Be blessed, we shall say to each other. When we say, Be blessed, blessing comes to us, the discomfort on us goes, our honour rises. We are not after earthly ranks. It is the contentment of Shah Mardan. O loyal friend, O those who are following the way of Shah Mardan, the ones who love him, who count on him. Be blessed in this month of Allah. Its blessings should come down to us. We shall listen. At the Divine court, they are the powerful ones. Shah Mardan and the lions similar to him, they are hounored servants. O Man, you also, if you join their convoy you will also be honoured.

O Shah Mardan The Beloved of Ar-Rahman My Lord's, our Lord's Beloved, is the Beloved's (saw) Beloved (ra). The holy month we were waiting for came, the month of Allah. Shah Mardan says: we shall ask for its blessing. He says, May it be blessed. O those who are related to us, who love us, give value to us, servants of Allah. He is not only for the Shias or only for the Alawis, Shah Mardan is for all of the ummah of Muhammad (saw). He's the crown on our heads. He also is to be congratulated. They dressed in the attribute of Al Hayy, dressed with the divine, celestial dresses of heavens, robed in the dresses of the skies. The followers of Shah Mardan are holy and reputable people. The Prophet (saw) called Shah Mardan (ra), The Lion of Allah.

What did he say? Shah Mardan is saying, first of all let's say as-salamu alaykum - Be in safety. A prayer of a mu'min for another mu'min won't be rejected. This is a beautiful instruction: A prayer of a believer for another believer is accepted. Sometimes it may not be accepted for the one asking but it will be granted if asked for another. That’s why praying for each other is the order of Janab-ul Rabbul Izza and it's an order declared to the Beloved (saw). Good prayers for each other are accepted. Sometimes it may not be proper for us, but proper for another. O loyal friends of Shah Mardan, let's say Bismillahi r-Rahmani r-Rahim. This is for the Human beings, dressed in the most honourable clothing of honour, presented to us, the Ummah of Muhammad (saw).

Bismillahi r-Rahmani r-Rahim. The honourable Basmala. The Creator of earth & heavens, Allah Dhul- Jalal's grant, which was a magnificent cloak sent just for him, saying, wear it. Someone goes to buy clothes for his children for Eid, to buy Eid clothes. May Allah grant us real Eids. Holding our hands, they were taking us to the clothes market. They would get the clothes for our height, for our age, for our strength. We would be dressed according to our height. Wearing suitable clothes. According to our condition buying this for our children - wishing they may be happy. O people of Ajam (non Arabs) O Shia people. O Alawi people. Our mothers & fathers on Eid, our mother's were not wandering in the streets, they were at home. Our fathers went to the shops & Bazaar to buy suitable clothes for our age, dressing us with the fitting cloth. Dress for Eid.

On holy days Janabul Rabbu l-'Izza is dressing His (swt) servants in suitable & honourable

clothes. Know this. Rajab is the month of Allah. Our Big Eid, When we congratulate each other the angels hold us by the hands and they dress us with the heavenly cloak of prosperity. That's why in the past, on Eid and holy days, people were dressing their children with new clothes according to their ability, in order to make them happy. Now on Eid, who do we congratulate? Prophet of the end of times(saw), we are greeting the Beloved of Allah (swt). This month we have the Night of Ragha'ib. On this night from the heavenly realm to this realm he (sas) came to his mother's womb. On the night of the Ragha'ib all existence and all the angels celebrated Eid. Heavens & earth - Let's take the earth: the earth, my son Mehmed, the earth became the base of Man; a place where they make decisions & will stay for a while. The earth is so huge. From the beginning of the world up to the end if all the people would gather and crowd next to each other they wouldn't fill up one of the five continents.

But Shah Mardan says: what is this wisdom for? A Sultan is great. Why do they say great? Because his domain is huge. Who has a huge domain is a great Sultan. According to his condition - smaller would be called a Sir. Man is dressed with the cloak of magnificence. Allah (swt) designated and honoured as "My representative" He said, a created creature. Listen to this! Give O Shah Mardan. Taliba r-Rida r-Rahman O Shah Mardan who is molded by love for the Prophet (sws), give to us, say what you want. Taking their child and going to the market to buy clothes for his child; clothes appropriate for his height; clothes according to his situation. That mother and father also were wearing clothes according to their ability. Today is Rajab's, the Month of Allah's Eid. It is Eid. Around the whole world it's Eid.

This month is a magnificent month. The most magnificent month is Rajab Shahrullah out of the three months. Then the month of the Prophet (sas), the Great Sha'ban. Then the month of the ummah, Ramadan sharif. Qawwi dha'fi fi ridak ya Rabbi give us strength. Let's listen to Shah Mardan. O people of Persia, I won’t say Shia, people of Persia, know that this month is the month Eid of this honoured ummah. Today is Eid. Beginning from the first day of Rajab, the month of Allah, till Sha'ban, Allahu Dhu l-Jalal presented this holy month as Eid. The month of Rajab is Eid for the ummah. Holy, for Allah, to honour Allah. For the honour of the month of Allah which Allah (swt) presented as Eid, leave your weapons. Stop the battle. Go after Satan.

Ruin Satan, overwhelm Satan. Who envies Man is satan, ruin it. Ruin its reign.

O Persian friends, Kurdish friends, Arab friends, Turkish friends, in Rajab, the Holy month of Allah, one banner descends from heaven. Those who are rejoicing this month, who show respect for Allah's month of Rajab Sharif, there is one great banner in the first layer of heaven under which they are being greeted. Janab Rabbu l- 'Izza watches the greetings of believers to other believers. O our Persian friends, O our Alawi friends, we are the ummah of Muhammad (sws). for the love of Allah (swt), for the love of Shah Mardan, - Stop the battle or else there are five thousand mounted angels waiting in heaven, one thousand arrived, five thousand waiting. They're awaiting the order of the Sultan of Prophets (sas), to land on earth. Who does not give honour is not taking care to honour Allah (swt). This is the month of Allah, the month that we celebrate as Eid, not a month for killing each other. The Nation of Muhammad is not a sacrificial animal.

O Priests and Rabbis O scholars of Persia say it! O Alawi scholars, say it! This month is month of Allah, honor it. If you don't, forces will come to overwhelm you because the Anger of heavens is increasing day by day. Believers are killing believers. This is shameful! It's neither part of the sect of Shia nor of the sect of Alawi. Don’t kill! Wala taqtuloo anfusakum (4:29) Don't kill each other. Man ahya sunnati ahyani. - Who keeps & follows my sunnah is like bringing me back to life. O Shah Mardan give to us. How beautifully you describe it. O Shia friends, O Alawi friends, don't say this one is Sunni, this one is Alawi, this one is Shia - show respect for the honour of the holy month of Allah. Stop the battle immediately! Stop the war immediately! For the honour of the Order of Allah. For the Honour of Allah stop the war immediately!

May you be forgiven. Say that we made a mistake. Forgive us O Allah. Then don't shoot, don't kill the ummah of Muhammad (saw). They are not lambs, they are not sacrificial animals. They have no price, nothing is a worthy equivalent to a precious believer. The gate of repentance is open. The month of Allah came, we shall repent. Leave weapons! Embrace each other. Greet the arrival of Allah's favor and His kindness reaching us because we follow Islam, we are Muslims. Be grateful & give thanks to Allah. May Allahu Azimu sh-Shan forgive us & also reward us. In the seventh heaven angels are ready. Five thousands angels are ready to land on earth.

Go ahead O Shah Mardan. Neither Persian scholars, scholars of Al-Azhar, nor scholars of Damascus give this explanation. Turkish scholars are anyway careless. They are in blindness, Their mouths have been shut for one hundred years. Turkish scholars aren't allowed to open their mouths, to open their mouths and say the Truth. Therefore they think they are rising but they are falling down like this. O scholars of Damascus, you did not teach. O Arhunds, O Persian Muslims, they didn't teach you. O Alawi scholars, they didn't teach you also and you also didn't teach your nation. Today is a holy day, a holy month. The month that Janabul Haqq called - My month. It is Rajab Shahrullah. For the honour of Allah Dhu l-Jalal, put down your weapons. Stop. If you don't you will be judged. You will be erased! You will be erased! Divine Anger is commanding the angels in heaven. They will land and strike. Neither your rockets nor bunkers will provide benefit for you.

O Our Lord You are Subhan, You are Sultan. The Possessor of Absolute Magnificence, the Owner of Eternal Might is Allah. Who are we though? Shame on you, who call yourselves scholars. You didn't tell the servants to revere Allah(swt). The servants are not able to honour the orders of their Lord (swt). They couldn't teach the ignorant people who are saying; 'oof! what is this?' After all, this is just what satan wants - that we argue with each other; that we make arguments about you or me. Saying you are Persian, I'm Turk, I'm Alawi, you are Sunni - made people to fight with each other. Stop it right now! If you don't, Armageddon is coming. The mass destruction of Man, declared the Prophet (sws) of the Last Times. Shah Mardan also declares this. On the plains of Amuq, there will be Armageddon. The Banu Asfar against the soldiers of Islam. Believers will battle communists, unbelievers. On the plains of Amuq, they will sink & will be gone in the mire. Beware! Fall back! Show respect. Angels are greeting the nation of Muhammad (sws), for the month of Allah, Rajab has come. O Allah, may our weakness depart from us.

O Allah give us wellness & health. O Allah give us faith. O Allah give us love. O Allah make us obedient. O Allah, give us servanthood. O Shah Mardan. Huu...Huu...Huu... How we have been kept in ignorance. Let us sacrifice our lives for the sake of Allah's way. Their battle is not for Allah's way. It is a dried up claim, they're following a dried out name. Run to the banner of the

Prophet (sws). Run to get under the banner of Shah Mardan. O Our Lord Laka l-Hamd - all praise to You. O our Lord send us Your Lions. Ya Rabb send us Shah Mardan. May our faces be white, may our hearts be pure. May we be together with clean faced ones at Your Court. May we come together & join under the banner of Your Habib (sws). O nation of Muhammad (sws) make an effort for this. Allahu Allahu Allahu Haqq.

All prophets will run to get under the banner of the Sultan of the Prophets on the Day of Judgment. First we should run to be under that banner. There is only one banner. There is Liwa ul-Hamd. On the Last Day we will run to it. Angels will reject lots of people. O Allah don't make us from those ones who are rejected. Shah Mardan is saying; O Ummah of Muhammad(sws), be prepared for this. Before your heads are cut off by the swords of angels, prepare yourselves. Terrible deeds will not finish with the cutting off of heads. They will suffer in the grave & they will suffer on the Day of Judgement. O Humans, look after the honour of Man.

Rajab Shahrullah shall be blessed for all of us. May we get stronger, more eager. All Humanity should run to get under the flag of al-Habib (sws) Amin amin, be blessed. wa salamun 'ala lmursaleen. Wa l-Hamdu lillahi Rabbi l-'alameen. Fatiha.

Everyone should listen to these words. These are the words that Shah Mardan is telling every morning. Listen & be saved. Fatiha

The prophet (sws) cursed nationalism. We are not from this nation or that nation - we are from the Ummah of Muhammad. This is our Honour, not in being Turk or Kurd, Arab or Persian is to be honoured. The Ummah of Muhammad (sws) Al-Hamdu lillah wa Shukru lillah. Say everyday a 100 times Shukr Ya Rabbi. Say, because You chose us as the Ummah of Muhammad. Save our faith because most of them perish without faith. Those who are struggling for nationalism there is no measure for how much beating they will get in the grave. Satan will be defeated. Islam will rise. Know this! Follow your Prophet, the Prophet of the End of Times & Shah Mardan so that you will be saved. Who doesn’t obey, obeys satan, follows satan. Not his dunya, nor his grave, nor his akhira will be favorable.
Fatiha.

**Beendet das Gemetzel!**

As-Salamu `alaykum, Anwesende. O getreue Freunde Shah Mardans, willkommen, willkommen. Heilig und geehrt, wir erreichten den Monat Rajab mit Gutem. Möge Allah, Jalla wa `Ala, uns mit dessen Gutem bekleiden. Unser Weg gründet auf Sohbat. Der wahre Zweck von Sohbat ist, anzuleiten und Adab zu lehren. As-Salamu `alaykum, o getreue Freunde Shah Mardans. Liebende Shah Mardans, wahre Liebende, die wirklich mit ihm verbunden sind, sind sicher. Falsche werden weggeworfen wie falsches bedrucktes Papier. As-Salamu `alaykum, o getreue Freunde Shah Mardans. Geben wir Salam. "As-Salamu Qablu l-Kalam". Es ist die Regel, Salam zu geben vor dem Sprechen. Salam dient dazu, um Rettung zu bitten. Hören wir Shah Mardan. Wir werden Shah Mardan, dem Löwen Allah Dhu l-Jalals, zuhören. Wir werden Adab lernen.
Heute ist ein geehrter Tag, der erste Tag des geehrten Monats Rajab Shahrullah ist gesegnet. As-Salamu `alaykum, o getreue Freunde Shah Mardans. Das Salam von heute ist anders. Möge Allah uns Kraft geben, Liebe geben, Glauben geben, Glück geben, Vergnügen geben, Ehre geben. O unser geachteter Mawla. Hört, Shah Mardan sagt: Heute ist ein geehrter Tag. Ihr solltet das wissen. Wir werden es wissen. Sei gesegnet, werden wir zueinander sagen. Wenn wir sagen, 'Sei gesegnet', kommen Segnungen auf uns herab, das Unbehagen geht, unsere Ehre steigt. Wir sind nicht hinter irdischen Rängen her. Es ist die Zufriedenheit Shah Mardans. O getreue Freunde, o die, die dem Weg Shah Mardans folgen, die, die ihn lieben, die auf ihn rechnen, seid gesegnet in diesem Monat Allahs. Seine Segnungen werden auf uns herabkommen. Wir werden hören. Am Göttlichen Gerichtshof sind sie die Mächtigen. Shah Mardan und die ihm ähnlichen Löwen. Sie sind geehrte Diener. O Mensch, auch du, wenn du dich ihrem Konvoi anschließt, wirst geehrt sein. O Shah Mardan, der Geliebte Rahmans, Meines Herrn, unseres Herrn Geliebter (saws) ist der Geliebte des Geliebten (ra).
Der heilige Monat, auf den wir gewartet haben, ist gekommen, der Monat Allahs. Shah Mardan sagt: Wir bitten um seinen Segen. Er sagt: Möge er gesegnet sein. O jene, die mit uns verbunden sind, die uns lieben, uns Wert beimessen, Diener Allahs, er ist nicht nur für die Schiiten oder nur für die Alawiten. Shah Mardan ist für alle der Ummah Muhammads (saws). Er ist die Krone auf

unseren Köpfen. Ihm muß auch gratuliert werden. Sie kleiden sich in die Attribute von Al Hayy, bekleidet mit den Göttlichen, Himmlischen Gewändern der Himmel, gehüllt in die Kleider des Himmels. Die Anhänger Shah Mardans sind heilige und respektable Menschen. Der Prophet (saws) nannte Shah Mardan (ra) den Löwen Allahs. Was sagte er? Shah Mardan sagt, zuerst einmal laßt uns sagen: As-Salamu `alaykum - Seid in Sicherheit. Ein Gebet eines Mu'min für einen anderen Mu'min wird nicht zurückgewiesen. Dies ist eine schöne Anweisung: Ein Gebet eines Gläubigen für einen anderen Gläubigen wird angenommen. Manchmal wird es nicht angenommen für den, der bittet, aber es wird angenommen, wenn jemand anders bittet. Deshalb ist das Beten füreinander der Befehl Janabu r-Rabbu l-`Izzas. Und es ist ein Befehl, der dem Geliebten (saws) verkündet wurde. Gute Gebete füreinander werden angenommen. Manchmal mag es nicht angemessen für uns sein, aber angemessen für einen anderen. O getreue Freunde Shah Mardans, sagen wir: Bismillahi r-Rahmani r-Rahim. Dies ist für die Menschen, die bekleidet sind mit den ehrenwertesten Ehrenkleidern, die uns angeboten wurden, die Ummah Muhammads (saws). Bismillahi r-Rahmani r-Rahim. Die ehrenwerte Basmala. Des Schöpfers von Erde und Himmeln, Allah Dhu l-Jalals Gabe, die ein herrlicher Mantel war, gesandt nur für ihn mit den Worten: Trage ihn!

Jemand geht, um Kleider zu kaufen für seine Kinder für das `Id, um `Id-Kleider zu kaufen. Möge Allah uns wahre `Ids gewähren. Uns an der Hand haltend, nahmen sie uns mit zum Kleidermarkt. Sie kauften die Kleider für unsere Größe, für unser Alter, für unsere Stärke. Wir wurden je nach unserer Größe eingekleidet, damit wir angemessene Kleidung trugen. Unseren Bedingungen entsprechend, kauften wir das für unsere Kinder und wünschten, daß sie glücklich sind. O Menschen von Ajam, Nicht-Araber, o Schiiten, o Alawiten, unsere Mütter und Väter am `Id, unsere Mütter liefen nicht auf der Straße herum, sie waren zu Hause. Unsere Väter gingen in die Läden und auf den Basar, um angemessene Kleider für unser Alter zu kaufen, und kleideten uns in passende Kleidung. Kleidung für das `Id. An heiligen Tagen kleidet Janabu r-Rabbu l-`Izza Seine Diener in angemessene und ehrenvolle Kleider. Wisset das. Rajab ist der Monat Allahs. Unser Großes `Id, wenn wir einander gratulieren, halten uns die Engel an der Hand und kleiden uns in den himmlischen Mantel des Wohlergehens. Deshalb kleideten in der Vergangenheit am `Id und an heiligen Tagen die Menschen ihre Kinder in neue Kleider, je nach ihren Möglichkeiten, um sie glücklich zu machen.

Jetzt am `Id, wem gratulieren wir? Dem Propheten des Zeitenendes (saws), wir grüßen den Geliebten Allahs (swt). In diesem Monat haben wir die Nacht von Ragha'ib. In dieser Nacht kam er (saws) aus dem himmlischen Bereich in diesen Bereich, in den Leib seiner Mutter. In der Nacht von Ragha'ib feiert die ganze Existenz und alle Engel das `Id. Himmel und Erde - nehmen wir die Erde. Die Erde, mein Sohn Mehmet, die Erde wurde der Stützpunkt des Menschen, ein Ort, an dem sie Entscheidungen treffen und für eine Weile bleiben. Die Erde ist so riesig. Vom Beginn der Welt bis zum Ende, wenn all die Menschen sich versammeln und nebeneinander drängen würden, würden sie nicht einen der fünf Kontinente füllen. Aber Shah Mardan sagt: Wozu dient diese Weisheit? Ein Sultan ist groß. Warum sagen sie groß? Weil sein Herrschaftsbereich riesig ist. Wer ein riesiges Herrschaftsgebiet hat, ist ein großer Sultan. Seiner Lage entsprechend, würde ein kleinerer Sir genannt werden. Der Mensch ist bekleidet mit dem Mantel der Herrlichkeit. Allahs (swt) auserwählter und als 'Mein Vertreter' geehrter, Er sagte, ein geschaffenes Geschöpf.. Hört euch das an! Gib es o Shah Mardan. Taliba r-Rida r-Rahman. O Shah Mardan, der geformt ist durch die Liebe für den Propheten (saws) gib uns, sag, was du willst.

Sie nahmen ihr Kind und gingen auf den Markt, um Kleider für ihr Kind zu kaufen, Kleider, die seiner Größe angemessen waren, Kleider, die zu seiner Situation paßten. Diese Mutter und dieser Vater trugen auch Kleider, die mit ihren Fähigkeiten übereinstimmten. Heute ist Rajab, der Monat von Allahs `Id. Es ist `Id. In der ganzen Welt ist `Id. Dieser Monat ist ein herrlicher Monat.

Der herrlichste Monat ist Rajab Shahrullah von diesen drei Monaten. Dann der Monat des Propheten (saws), der große Sha`ban. Dann der Monat der Ummah, Ramadan Sharif. Qawwi Dha'fi fi Ridak ya Rabbi, gib uns Kraft. Hören wir Shah Mardan zu. O Menschen in Persien, ich sage nicht Schia, Menschen in Persien, wisset, daß dieser Monat der `Id Monat dieser geehrten Ummah ist. Heute ist `Id. Vom ersten Tag des Rajab, des Monats Allahs, an bis zum Sha`ban, präsentierte Allah Dhu l-Jalal diesen heiligen Monat als `Id. Der Monat des Rajab ist `Id für die Ummah. Heilig, für Allah, um Allah zu ehren. Zu Ehren des Monats von Allah, den Allah (swt) als `Id präsentierte, laßt die Waffen ruhen. Beendet die Kämpfe. Verfolgt Shaytan. Vernichtet Shaytan, überwältigt Shaytan. Wer den Menschen beneidet, ist Shaytan, vernichtet ihn! Zerstört seine Herrschaft.

O persische Freunde, kurdische Freunde, arabische Freunde, türkische Freunde, im Rajab, dem heiligen Monat Allahs, kommt ein Banner vom Himmel herab. Jene, die in diesem Monat jubeln,

die Allahs Monat, Rajab Sharif, Respekt erweisen, es gibt ein großes Banner in der ersten Ebene der Himmel, unter dem sie begrüßt werden. Janab Rabbu l-`Izza sieht die Begrüßungen der Gläubigen für andere Gläubige. O unsere persischen Freunde, o unsere Alawi Freunde, wir sind die Ummah Muhammads (saws). Aus Liebe zu Allah (swt), aus Liebe zu Shah Mardan, beendet den Kampf! Oder sonst warten fünftausend berittene Engel in den Himmeln, eintausend kamen schon, fünftausend warten noch. Sie warten auf den Befehl des Sultans der Propheten (saws), auf der Erde zu landen. Wer keine Ehre gibt, trägt nicht dafür Sorge, Allah (swt) zu ehren. Dies ist der Monat Allahs, der Monat, den wir als `Id feiern, kein Monat, um sich gegenseitig umzubringen. Die Nation Muhammads ist kein Opfertier. O Priester und Rabbis, o Gelehrte Persiens, sagt es! O Alawi Gelehrte, sagt es! Dies ist der Monat Allahs, ehrt ihn! Sonst kommen Mächte, um euch zu überwältigen, weil der Zorn der Himmel von Tag zu Tag zunimmt. Gläubige töten Gläubige. Das ist schändlich! Es ist weder Teil der Sekte der Schiiten, noch der Sekte der Alawiten. Tötet nicht! "Wala Taqtulu Anfusakum" (4:29). Tötet einander nicht.
"Man Ahya Sunnati Ahyani" - Wer meine Sunnah einhält und ihr folgt, ist, als brächte er mich wieder ins Leben. O Shah Mardan, gib uns. Wie schön du es beschreibst! O Shia Freunde, o Alawi Freunde, sagt nicht, dieser ist Sunnit, dieser ist Alawit, dieser ist Schiit. Zeigt Respekt für die Ehre des heiligen Monats von Allah. Beendet den Kampf sofort! Beendet den Krieg sofort! Zu Ehren Allahs beendet den Krieg sofort! Möge euch vergeben werden. Sagt, wir haben einen Fehler gemacht. Vergib uns, o Allah. Dann schießt nicht, tötet nicht die Ummah Muhammads (saws). Sie sind keine Lämmer, sie sind keine Opfertiere. Sie haben keinen Preis, nichts ist ein angemessener Gegenwert für einen kostbaren Gläubigen. Das Tor der Reue ist offen. Der Monat Allahs kam. Wir sollen bereuen. Laßt die Waffen! Umarmt euch! Begrüßt die Ankunft von Allahs Wohltaten und Seiner Freundlichkeit, die uns erreichen, weil wir dem Islam folgen. Wir sind Muslime. Seid dankbar und dankt Allah. Möge Allah Azimu sh-Shan, uns vergeben und auch belohnen. Im siebten Himmel sind die Engel bereit. Fünftausend Engel sind bereit, auf der Erde zu landen. Mach weiter, Shah Mardan.
Weder persische Gelehrte, Gelehrte der Azhar, noch Gelehrte von Damaskus geben diese Erklärung. Türkische Gelehrte sind sowieso achtlos. Sie sind blind, ihre Münder sind verschlossen seit einhundert Jahren. Türkische Gelehrte dürfen den Mund nicht aufmachen, den Mund nicht aufmachen und die Wahrheit sagen. Deshalb glauben sie aufzusteigen, aber sie fallen herunter. O

Gelehrte von Damaskus, ihr lehrtet das nicht. O Ayatollahs, o persische Muslime, sie lehrten euch das nicht. O Alawi Gelehrte, sie lehrten euch auch nicht, und ihr lehrtet euere Nation auch nicht. Heute ist ein heiliger Tag, ein heiliger Monat. Der Monat, den Janabu l-Haqq 'Meinen Monat' nannte. Es ist Rajab Shahrulla. Zu Ehren Allah Dhu l-Jalals legt die Waffen nieder! Hört auf! Wenn nicht, werdet ihr gerichtet werden. Ihr werdet ausgelöscht! Ihr werdet ausgelöscht! Göttlicher Zorn befiehlt den Engeln in den Himmeln. Sie werden landen und zuschlagen. Weder euere Raketen, noch euere Bunker werden euch etwas nützen. O unser Herr, Du bist Subhan, Du bist Sultan. Der Eigner der Absoluten Herrlichkeit, der Eigner der Ewigen Macht ist Allah. Wer sind wir dagegen? Schande auf euch, die ihr euch selbst Gelehrte nennt. Ihr sagtet den Dienern nicht, daß sie Allah (swt) verehren sollen. Die Diener sind nicht fähig, die Befehle ihres Herrn (swt) zu würdigen. Sie konnten die Ignoranten nicht lehren, die sagen: 'Uff, was ist das?'

Im Grunde genommen, ist es das, was Shaytan will, daß wir miteinander streiten, daß wir Streitgespräche führen über dich und mich. Zu sagen, 'Du bist Perser', 'Ich bin Türke', 'Ich bin Alawit', 'Du bist Sunnit', bringt die Menschen dazu, gegeneinander zu kämpfen. Hört sofort auf! Wenn nicht, wird Armageddon kommen. Die Massenvernichtung des Menschen verkündete der Prophet der Letzten Zeit (saws). Shah Mardan verkündet das auch. In der Ebene von Amuq wird Armageddon stattfinden. Die Banu Asfar gegen die Soldaten des Islam. Gläubige werden kämpfen gegen Kommunisten, Ungläubige. In der Ebene von Amuq werden sie untergehen und im Sumpf verschwinden. Hütet euch! Zieht euch zurück! Zeigt Respekt! Die Engel grüßen die Nation Muhammads (saws), denn der Monat Allahs, Rajab, ist gekommen. O Allah, möge unsere Schwäche von uns gehen. O Allah, gib uns Wohlergehen und Gesundheit. O Allah, gib uns Glauben. O Allah, gib uns Liebe. O Allah, mach uns gehorsam. O Allah, gib uns Dienerschaft. O Shah Mardan. Huu.. Huu.. Huu.. Wie wir in Ignoranz gehalten wurden! Laßt uns unser Leben für den Weg Allahs opfern. Ihre Schlacht ist nicht für Allahs Weg. Es ist ein vertrockneter Anspruch. Sie folgen einem vertrockneten Namen.

Lauft zu dem Banner des Propheten (saws). Lauft, um unter das Banner Shah Mardans zu gelangen. O unser Herr, Laka l-Hamd - aller Preis sei Dir. O unser Herr, sende uns Deine Löwen. Ya Rabb, sende uns Shah Mardan. Mögen unsere Gesichter weiß sein, mögen unsere Herzen rein sein. Mögen wir mit denen zusammen sein, die reinen Gesichts sind, an Deinem Gerichtshof.

Mögen wir zusammenkommen unter dem Banner Deines Habib (saws). O Nation Muhammads (saws), unternehmt eine Anstrengung dafür. Allahu Allahu Allahu Haqq. Alle Propheten werden laufen, um unter das Banner des Sultans der Propheten zu gelangen am Gerichtstag. Zuerst sollten wir laufen, um unter diesem Banner zu sein. Es gibt nur ein Banner. Es ist Liwa'u l-Hamd. Am Letzten Tag werden wir dahin rennen. Die Engel werden viele Menschen zurückweisen. O Allah, laß uns nicht zu denen gehören, die zurückgewiesen werden. Shah Mardan sagt: O Ummah Muhammads (saws), sei darauf vorbereitet. Bevor euere Köpfe abgeschlagen werden von den Schwertern der Engel, macht euch bereit. Furchtbare Taten werden nicht erledigt durch das Abschlagen von Köpfen. Sie werden im Grab leiden, und sie werden am Gerichtstag leiden. O Menschen, sucht nach der Ehre des Menschen. Rajab Shahrullah wird gesegnet sein für uns alle. Mögen wir stärker werden, bereitwilliger. Die ganze Menschheit sollte laufen, um unter die Flagge al-Habibs (saws) zu gelangen.
Amin, Amin, seid gesegnet. Wa Salamun `ala l-Mursalin wa l-Hamdulillahi Rabbi l-`Alamin. Fatiha. Alle sollten diesen Worten lauschen. Dies sind die Worte, die Shah Mardan jeden Morgen spricht. Hört und seid in Sicherheit. Fatiha. Der Prophet (saws) verfluchte Nationalismus. Wir sind nicht von dieser Nation oder jener Nation, wir sind von der Ummah Muhammads. Das ist unsere Ehre, nicht, Türke oder Kurde zu sein, Araber oder Perser soll geehrt werden. Die Ummah Muhammads (saws). Al-Hamdulillah wa Shukrulillah. Sagt jeden Tag 100x Shukr ya Rabbi. Sagt es, weil Du hast uns als die Ummah Muhammads erwählt. Rette unseren Glauben, weil die meisten ohne Glauben zugrunde gehen. Jene, die für den Nationalismus kämpfen, es gibt kein Maß für die Schläge, die sie im Grab bekommen werden. Shaytan wird besiegt werden. Der Islam wird sich erheben. Wisset das! Folgt euerem Propheten, dem Propheten des Zeitenendes, und Shah Mardan, so daß ihr gerettet werdet. Wer nicht gehorcht, gehorcht Shaytan, folgt Shaytan. Weder seine Dunya, noch sein Grab, noch seine Akhira werden glücklich sein. Fatiha.

## A warning to the heads of nations: Stop wars and killing!

Destur, ya Rijalallah, Meded! Meded, ya Sultanu-l Awliya! Meded!
As-salamu alaikum, o mu'mins and mu'minas, welcome to you! From far distances you are coming; may Allah bless you and your descendants and ancestors and forgive me also. We are in need (of) Allah Almighty's Forgiveness.
And we are saying: A'udhu bi-llahi mina sh-shaitani r-rajim. We are running away from Shaitan, because Shaitan, that one, (he) is (the) worst enemy of mankind. We must run away from him!

And we are saying: Bismillahi r-Rahmani r-Rahim. That is (the) highest honour that we have been granted from Allah Almighty, to say: Bismillahi r-Rahmani r-Rahim. Who (is) going to say: Bismillahi r-Rahmanir r-Rahim, (he is) running to Allah and Allah Almighty (is) sheltering that servant from Shaitan and its bad actions.

Shaitan, the enemy of mankind, (he is) always running after mankind to call them on bad ways that everything that Shaitan (is) teaching people, it is against humanity. And Allah Almighty (is) sending His most beloved and most glorified,

(the) most honoured one in His divinely Presence S.Muhammmad sws ... (Here the Sheikh is standing up)... Ya Sayyidi, Meded! ... (They are) like two poles - positive and negative. (S.Muhammad sws, the) positive (pole, is) calling people to Paradise and (Shaitan, the) negative (pole, is) calling people and urging people to reach to Hells.

And people mostly they are running after Shaitan, because (the) shaitanic teaching it is suitable for our bad egos. (The) ego (is) like, just like or similar of (to) Shaitan. Shaitan (is) outside, and (the) ego (is) inside, (and) both of them (are) against humanity. We have been ordered to fight against Shaitan and “nafs”, our egos. If we are surrendering to them, they are taking us to Hells.

And Allah Almighty (was) sending His selected ones from (among) His servants, whom they are Prophets. (They were) taking Lights from (the) divinely Lights that Lights Allah (had) granted to His most beloved, most honoured, most glorified servant S.Muhammad sws. Who (is) running to him, (he is also) taking from that Lights, divinely Lights, heavenly Lights.

O people! (This is) something, that (is) coming to me to address to you. It is not only for a handful (of) people, but I am addressing for whole nations. (And it is) through (all) Holy Books; beginning from (the) Holy Pages that (were) granted (to) S.Adam - peace be upon him, then to Idris Nabi, then to Abraham - peace be upon them. Then coming Taura, Taura to S.Musa a.s., and then... coming Holy Book Taura, Old Testament, and (the) Evangelo, (the) Ingil, that (it) is (the) New Testament and just (was) given (the) Psalm (to) Daud a.s. Then, at the end of heavenly Messages, (it) just reached to (the) most honoured and glorified servant in (the) divinely Presence, that Allah Almighty (is) granting to him (on) the Day of Resurrection (the) “Maqamu-l Mahmoud”, (the) highest, highest position, highest station.

Just Allah Almighty (is) making that Station (for) only one through (His) creatures; through all mankind (he is the) chosen one for that highest, highest honoured, highest glorified Station “Maqamu-l Mahmoud”. When (it is) going to be (the) Last Day, Allah Almighty (is) calling: “O Muhammad, o My servant, o My most beloved one! That highest Station or Stage it is for you only, not anyone else! Come and stand up on that highest, highest Station, Maqamu-l Mahmoud!“ Salawatu-llah wa salamu alayh!

124.000 Prophets just Allah Almighty (was) sending; beginning from S.Adam pbuh and (with) the last and highest, (the) most honoured, most glorified Prophet, the Seal of Prophets S.Muhammad sws, (it was) finishing... Allah Allah... He is just honoured by his Lord, but now we are living in a time (where) even Muslims that they are saying: “La ilaha illa-Allah, Muhammad Rasulullah sws”, they are looking and saying, if anyone (is) giving (his) most high respect to S.Muhammad sws, they are refusing (that), saying: “No, (that is Shirk)” , saying: “No”!

(The) honours that (have been) granted from Allah Almighty, all of them, beside that (, which has been) granted to S.Muhammad sws, (is) going to be as a spot, but those no mind people they are saying that - if we are respecting the Seal of Prophets - we are doing partnership. No mind people! What (has been) granted (to) the Seal of Prophets... at least he is a man that Allah Almighty created him and granted to him that honour. But so many people from (the) Islamic World (are) quarrelling with Ahlu-l Sunnah, saying, if we are making that high respect: “It is not true, (it is) going to be Shirk!”

Oh no mind people! How (it) can be (that) one (man who has been) created by Allah Almighty (is going) to be His partner? But no mind! They are so ignorant ones; never understanding anything from the Kalimatu Shahada that Allah Almighty (is) ordering people to say, to accept and say: “Say: We are witnesses (of) the Oneness and Unity of Allah Almighty (La ilaha ill-Allah) and then (that) just He

granted among yourself (to) S.Muhammad sws (honour) as His most beloved, most honoured and glorified servant (Muhammad Rasulullah).” Allah (Almighty is) saying: “He is My servant!” As much as you can give to him from respect - that respect (is always) on limits. Besides Allah Almighty’s respect to S.Muhammad sws, (the) whole creation, what they can give (from) respect to S.Muhammad sws, it is nothing! But those square-head people they (are) never understanding and (they are) saying so many wrong things for Ahlu-l Sunnah wa Jamaat.
But we are on power! We are supported by heavenly Powers! We are not fearing what they are claiming and saying!

They know that there is (a) Hadith (saying) that: (There) may be a person (whom) you can see in old clothes (and) without shoes and (he has) nothing on his head; only (there) may be one piece of cloth for downstairs and over (his upper body there) may be one (piece of cloth) or not. But if that one (is) asking from Allah Almighty anything, Allah Almighty (is) granting (it to him) just that time! How we are saying about (the) Prophet, the Seal of Prophets sws, (the) most beloved one that (the) whole (of) creation (was) created (just) for his honour!

Those people, they are thinking that they can do something. They can’t do ‘something’, they can’t do anything! They are depending (relying) on their rockets, depending (relying) on their navies or so many bad weapons (that) they did it, they are saying: “No, we are so so powerful! We are... Never mind, what you are saying, we can do anything!” You can’t do anything!

One person – (such) as (the) Prophet was describing his outlooking, because you are looking (to) out(ward) dressings, you are not looking (to) the hearts of people. That one’s clothes (may be) only two pieces of clothes, you are looking (to) that, (but) his Creator (is) looking (to) his heart - if he (is) saying for Dunya: “Don’t turn from East to West, (but) come from West to East”, (it) may come!

I am warning whole people, whom they are trying to bring something against (the) divinely Laws and Orders! No, you can't find a way! Any time Allah Almighty may order to (the) Angel of Death, Archangel Azrail: "Take all of them! (Take their) souls!" And Archangel Azrail (is) never in need to use weapons or nuclear-heads. What is that nuclear-heads! On their heads - finishing. (He is) making: "Huuuuuu..." (and they are) finishing. But they are not believing... and who is not believing, (there is) no way for them here or Hereafter to be saved.

And we are warning everyone that their intent(ion) is no good. No good! They are asking to destroy and to kill millions, ten millions, perhaps billions (of) people with their rockets! I am nothing, but my warning is something! Before they are using that, we may... (Before they are) going to command to fire, to send up that rockets, they should die!

You can't touch, you can't kill the Children of Adam! Allah Almighty created them; (He is) not giving to you power and authority to kill innocent people with your rockets! Iranians, Israelis, East and West people - we are going to prevent them! Death (will be) reaching (to) them, before they are touching that button! May Allah forgive us. O people, Allahu akbar! Allahu akbar! Allah Subhana Hu wa ta'ala, Allah Almighty, no one knows what He is doing, but there is some divinely Orders' appearance (Tajalli); that appearance, (if it) is just reaching, changing everything on earth!

People they are fearing from rockets, coming from Iran. "Uhassir raisahum(?)" Don't touch, don't do, don't throw! If (you are) not listening, you are going (to finish), before that rocket (is) reaching you! And don't think that Heavens (is) without guardians! That guardians, if (they are) making like this... most powerful rockets (are finishing)...

I am warning and I am nothing! I am zero, behind one. (But) if I am coming (in) front of 1, I may do (something), I have power. Now I am zero, on left hand. If

(I am coming on the) right hand, we have power! Like... ten worlds like this, in one second may take them away, one 0. If two zeros, making more. If three zeros, making much more. Much more!

You must believe that Allah (is) Qadiru-l mutlak, muqtadirun ‘ala-l itrak (?). Understanding? Arabs! Arabs (are) fighting, (but) not for Allah! Not for Allah! Allah (is) never happy (with) who is not fighting for His honour!

If they are moving by shaitanic orders, heavenly Orders (are) saying: “Stop! Stop it! Keep (your rockets), or we are reaching to you (from) under your feet or (from) over your heads, (so) you are not knowing, where going your heads from your legs!” I am fearing from Allah! May Allah forgive me.

## The Storm Of Blood

As-Salamu alaykum, O lovers. "Al maru ma'a man ahabb." (A person will be with whom he loves) This is what the Shahu Anbiya said, 'alayhimu salatu wa salam: You will be with the one you love. So let us love the good ones in order to be with them. Let's say: Bismillahi r-Rahmani r-Rahim, the blessed words of our Lord. Let us speak the Basmala Sharif which has been given to the Ummah. Go on, O Shahu Mardan, the place is yours. Make your statement, and let us benefit from it. "WaLlahu Ghaniyu wa antumu l-fuqara." (Muhammad:38) Janabi Haqq is Rich and we, the servants, are the needy ones. Who is needy doesn't leave the door of the Sultan. And we are at the door of Shahu Mardan. We are weak; may he give us strength to listen to and keep (his advice).

O Shahu Mardan, Sahibu Maydan. O lion on the Way of Allah, Shahu Mardan, go on. May we benefit from it. Your words are giving strength to our body, power to our faith and knowledge, and health to our body. May our way be full of light, Nur. O Shahu Mardan, your lovers are waiting for you. Go on, so that we may benefit from your statement; may we benefit from it. May our outside be clean and may our inside also be clean and pure. Because we have been invited to an important Presence. "WaLlahu yad'u ila dari s-salami, wa yahdi man yasha'u ila siratin mustaqim." (Yunus:25) - Allah calls to the highest Paradise & guides whom He wills to a Straight Path. Allahu Dhul Jalal is inviting us to His Daru s-Salam. Janabi Allah is inviting us to the eternal Daru-s-Salam, Paradise.

Go on, O Shahu Mardan. Tell us, so we may understand. Daru-s-Salam is the Paradise to which the Lord of Might invites His servants. Masha Allah! He, the Lord of Might, is inviting us; our Lord, the Absolute Owner of Heavens and Earth, of Mulk (physical) Malakut (Spiritual &

Intellectual) & Jabarut (Invisible world). "WaLlahu yad'u ila Daru s-Salam." He is inviting you, O heedless one. If any useless one sends you an invitation you are so happy and say: "It is a big honour for us that this one has invited us." "And who is he inviting you?" "O, I don't know... the governor." "What use is that!" But he feels honoured: "There will be a meeting at the municipality and they have called me. "He is happy and says: "This means that I am valuable also..." Go on, O Shahu Mardan. Tell those small people who it is Who is inviting them: Allahu Dhul Jalal is inviting us.

Go on, Shahu Mardan. What a big honour - Daru-s-Salam. Allahu akbaru l-akbar! What a big honour is this. O lovers of Shahu Mardan, let us listen to Shahu Mardan. Allah Dhul Jalal is inviting you to Daru-s-Salam, the highest of the Paradises, but how do you receive this?! To go to the invitation of any useless one, people run like four-legged ones. If there is an association to which he is invited he likes it so much that he becomes like a four-legged one, and reaches there running. O ignorant ones, "waLlahu yad'u ila Daru s-Salam." Our Lord, Jallahu 'Ala, is inviting us to the Paradise of Daru s-Salam and we are not looking there? How ill-mannered, what a big disrespect. Allah is inviting; inviting to His Presence, the Daru s-Salam, the highest Paradise and you sneer at it. Where is your honour? "There is a municipality meeting. We are going there, we are invited. "They are so happy to go to such a lowest level meeting. They say: "If you go there, you have to dress up and prepare yourself."

O you mindless people, Allah is inviting you! And still you sneer at it like a four-legged one and escape? What is that! You say: "I am not coming" and look to the side. Nowadays there are wedding ceremonies. People say: "We are invited to a wedding ceremony. We are going there" and they put their best clothes to go there. O mindless people, ignorant ones. "WaLlahu yad'u ila Daru s-Salam." (Yunus:25) Janabi Allah is inviting you to the highest Paradise, Daru s-Salam, saying: "Come, O My servant", and you sneer at it. What kind of humanity is this? What kind of stupidity is this? What kind of ignorance is this? Go on, Shahu Mardan, hit them! Hit them on their heads. When they are put in their graves, these people, who accepted the invitation of Allah, will be received by the angels in their graves and those who didn't accept the invitation will be hit on their heads. There are the angels of wrath, saying, O this skull refused to go to the

invitation to the highest Paradise of the One who created him. you didn't accept His invitation! Hit the top of this skull.

The punishment in the grave is true. And the angels of wrath come and keep hitting his head. And his pain is not like a common headache. May Allah keep this fate from us. Know yourself, O man. Who has appreciated you, yani, who has made you honoured? He has honoured you with a special honour and invited you in, saying: "O My servant, welcome to My Daru s-Salam." But you refuse and sneer at it. What a pity for mankind. They are suffering because of their mindlessness and ignorance. Go on, O Shahu Mardan, speak, so that these people wake up before being dishonoured in their graves and disgraced on the Day of Judgment, and so that they don't follow shaytan. shaytan invites you to the toilets. He is inviting them, calling them to the WC "Welcome!" And what does it offer to those accepting its invitation? The filth in the toilets! People have become so idiotic. They don't hear the invitation of the Prophet of the End Times. He is inviting us by the Order of Allah(jj). The inviter is our Prophet (saw). Where is he inviting? To Daru s-Salam, the Presence of Allah Dhul Jalal. There is no greater idiocy than that of the people who refuse this invitation.

Go on, O Shahu Mardan. O Shahu Mardan, it is you who is telling us this. These are the people under your feet. People are escaping from righteous ones, from true ones. Who is a shaytan himself runs after shaytan. The mindless people are running after those who are more shaytanic. Let us say: Astaghfirullah, Tauba, O my Lord. Tauba, Astaghfirullah. This is a new day. "Yaumun jadid, rizqun jadid." (every day brings new things) In their invitations Sultans don't offer their guests the food of yesterday. In the palace every day a new table is laid. There they don't put old food. A Sultan is like that. And the Sultan of Sultans is Janabi Haqq. Every day He is laying a new table of provision: "Yaumun jadid, rizqun jadid." Don't sleep! Open your eyes, O people before angels take them out. Open your eyes, know your way.

Go on, O Shahu Mardan, the place is yours. Listen; keep the way of Allah's lion. Being Alawi or Shia is not based on empty words. Do you have a table to offer? Do you have "ma'ida" (table). What do you offer to humanity? A storm of blood. They brought a death-storm to people.

Is this Alawiism, is this Shiism? Did Hz Ali (ra), whom you call your beloved, bring blood and fire to Allah's servants? What a shame for Shias and also for Alawis. No, Hz Ali (ra) brought a (heavenly) table. At the 'palace' of Shahu Mardan every day a new table was coming. Subhanallah. Who were the lovers of Prophet 'Isa - 'ala nabiyina salatu wa salam? The "hawariyun", the disciples. They said: "O Allah's blessed one, O 'Isa." He was a Prophet who came from Heavens and was raised to Heavens. The disciples said: "We want a (heavenly) table from you." "Why?" "If you are Sultan, then you have a table of provision, too." "What do you want? Is it fish you want, is it bread, olives, or anything else? Take!" They didn't realise the Power of the One who orders in Heavens, the Creator of creation, Janabi Haqq; they didn't think it through...

Allah (jj), the Creator of Heavens and Earth, sent Prophet 'Isa to you and you say: "Will Allah, the Owner of Heavens and Earth, who has sent you send a table to us?" How ignorant! Has He opened a shop? Has He opened a shop in Heavens that you ask for a laid table from Him? Tuh! Shame on you! He who does not know what to ask for is an animal. And even an animal knows what it wants. It says: "I want straw, or barley, or hay..." But the people nowadays do not even want that! They don't know what they want. They eat the filth that shaytan brings. They eat shaytan's dirt and filth. They drink its filth, and then they say: "We are this and that..."

O, is it honour for you, O Shia, O Alawi, that you bring this storm of blood to people and walk over people like disaster hurricanes. Is this your honour - to bring death to people, to destroy their homes, to kill them. Is this your honour? What kind of Shia are you? Prophet 'Isa brought it down. At once it came down and he said: "Take and eat. Your mind is not good for anything else, so take this." Did Shahu Mardan tell these Alawi and Shia: "Bring death to people, bring fire to people, bring disaster to people, bring evil to people?" Let them answer, the Shias as well as the Alawis. What a shame on them that what they bring to people as a table is death and fire! They destroy and burn homes. Is this Alawism, is this Shiism? Allah will ask: "Wa idha lmaw'udatu su'ilat bi ayyi thanbin qutilat." (Takwir:8-9) The innocent dead will ask: "Why have we been killed? What was our sin?" they will say. Do small children and weak people expect death and fire from you?

O Shia, O Alawi! All of you are liars! Prophet 'Isa's disciples knew it and asked: "If possible, can your Lord send us a table from Heavens? "They asked for "Ikram" (provision),His Generosity. O, these Alawis and fake Shias say they appreciate Hz Ali (ra), Shahu Mardan. Where they go they bring fire and death and disaster. Has he told them this? Or has he said: "Help people, do 'ikram', be generous"? Where are these Shia scholars? Where are these Alawi scholars? Where they go they bring death and fire. Is this what people are waiting for? Shahu Mardan is saying: "What a pity, but my sword will cut them." Be careful! Know your limits! If not, your judgment will be very hard. As many people as you burnt and killed, as many times you will be burnt and killed (in your grave). You won't get away with it. Nobody will escape punishment for their actions.

Wake up, O Bashar. Wake up, O Persians! Humanity is awaiting a heavenly 'ikram' a heavenly offering from you. Your 'ikram' is awaited. People don't expect fire from you. They don't expect death from you. What have you done, O Shia? From where have you come to slaughter the people of Sham? Did the people of Sham expect this from you? O Apostate Alawis, do the common people, those poor ones, expect death from you? Do they expect from you that you let fire rain on their heads? But on your heads fire will rain! Allah will not leave you: La dhulm al yaum. There is no dhulm, no oppression in Janabi Haqq's Presence. "I have made dhulm Haram, forbidden to Myself", He says, therefore you also don't do dhulm." This is Allah's Order. If you don't listen, you will be made to listen.

O our Lord, forgive us. O our Lord, send us Your lions who are like Shahu Mardan. May those people who exceed Your limits, who step on Your Orders, who see dhulm as allowed, who remove justice, who kill Allah's servants and burn and destroy, find their punishment. Shahu Mardan will come! He will come with his banner. And from Khorasan alone 70.000 riders will come with him. All with green or black turbans... on horses... And in front of them come angels. That time 1000 angels came; 5000 are still waiting to come down. When the Order will be given, they will come down on Earth and kill the oppressors. This is not a game. O Bashar, O Persians, our work is not a game. You didn't give blood so that you can take blood. For each soul you took, your soul will be taken 7 times from you by the Angels of Wrath. Aman, O my Lord. Tauba, O

my Lord!

Go on, O Shahu Mardan, the place is yours. 70000 riders will come to educate them. They will come at sunrise. Beware! Allah doesn't sleep! "La ta'khudhuhu sinatun wa la naum." (Baqara:255) Neither slumber overtakes him, nor sleep. "...waLlahu Basirun bi l-'ibad." (Al Imran:15) He sees His servants, what they are doing, what is their work. "Hal jaza'u l-ihsani illa lihsan." (ArRahman:60) Go on, O Shahu Mardan, this is Allah's Speech. The payment for those who do ihsan/ good will be ihsan/goodness, too. And for those who don't, there will be the Sword of Divine Revenge. They will be straightened out. And we say this not only for Shias and Alawis. Prophet 'Isa (as) never held even a knife in his hand. But those who claim to be his nation, make the worst kind of weapons to finish the human race. If this is Christianity, let the Pope declare it. Let him say that it is Halal (permitted) what they are doing. Let him say that 'Isa (as) is happy about what they are doing. But he doesn't open his mouth.

Open your mouth and say the truth! Not to leave any human being in this world, the Christian world has started a competition in weapons. What right do they have? What right do they have to kill people? Did Prophet 'Isa (as) kill people? Let His Highness the Pope say: "Stop this, O those who accept the Prophet 'Isa (as) or else I will excommunicate you. Then you will be driven back and not enter Paradise." Did he say this? He didn't. He only makes like this... with his hand from his car. This is not it. Let them tell the Prophet 'Isa's (as) orders. Prophet 'Isa (as) came for the peace and safety of mankind. He didn't even carry a penknife. Which religion do their weapons suit? The religion of shaytan. It doesn't suit the religion of Allah.

What Persia does suits the religion of shaytan, what the Alawis do suits the religion of shaytan. Unless one is a shaytan one doesn't kill people unjustly, one doesn't burn and destroy homes and harvests. "InnaLlaha ya'muru bi l-adli wa l-ihsan." (Nahl:90) Janabi Mawla ordered justice and ihsan/ goodness, benefaction. What is their 'ihsan'? Fire and death. Does this suit them? O Bashar, say that Hz Ali (ra) accepts what I am doing. O Shia, you say it, too. Has Hz Ali (ra) ordered you to burn and destroy harvests and destroy homes? Does he accept this? Stop this or else... Rajab is the month of Allah; angels will come down from Heavens to teach you a lesson and punish you for what you do. Beware! Allah's servants' lives are not cheap And they are not

lambs for you to kill them with a knife.

Life came from Heavens. As servants you have no right to kill the servants of Allah. If you say "I will kill", you also will be killed! So beware! Rajab is the month of Allah. Allah's Revenge is coming closer. If there are maybe 7 billion people now on earth, 1 or 2 billion will remain; all the others will be swept away. "Wa ma dhalika 'ala-Llahi bi aziz. - And that is not hard for Allah. (35:17) It is nothing for Janabi Haqq to finish all of humanity in one moment. Once an illness appeared in old Persia. Look, listen! An illness came to one of its countries and on the first day 70.000 people died - not through cannons and guns. On the second day 70.000 more died. On the third day - it was in the land of Basra - no one was left to enter his house or open his door and go out. Fear Allah, O Persians, O Shias or Alawi Shias! Beware. If you have weapons, Allah can finish you even with mosquitoes. Beware!

O our Lord, we are needy. Those who kill Your servants without justice We refer to your sword, O Shahu Mardan. O those who call themselves Christian, who are of the so-called Christian faith. You also want to finish the human race with the weapons you make. But Allah Dhul Jalal will finish you! O our Lord, forgive us. This is the month that carries Your blessed Name. May the power of Islam, may its Banner rise. May the oppressors find their right; not their right, but what they deserve! O our Lord, forgive us. Tauba, O Lord, Tauba, O Lord, Tauba, Astaghfirullah. Fatiha.

Hz Ali - karramaLlahu wajhahu - is the Shahu Mardan. Those people who are courageous and generous are under his banner. If not, they are under the flag of shaytan. They will be finished. Aman, O my Lord. Tauba, O my Lord. Accept our repentance, O my Lord.

Fatiha.

As-Salamu `alaykum, o Liebende. "Al Maru ma`a man Ahabb" - Jemand ist mit dem, den er liebt. Das ist, was der Shahu Anbiya sagte, `alayhim Salatu wa Salam: Du wirst mit dem sein,

den du liebst. Also laßt uns die Guten lieben, um mit ihnen zu sein. Sagen wir Bismillahi r-Rahmani r-Rahim, die gesegneten Worte unseres Herrn. Sprechen wir die Basmala Sharif, die den Ummahs gegeben wurde. Mach weiter, o Shah Mardan, der Platz ist dein. Gib deine Erklärung ab und laß uns daraus Nutzen ziehen. "Wallahu Ghaniyu wa Antamu l-Fukara" (47:38).
Janabi Haqq ist reich und wir Diener sind die Bedürftigen. Wer bedürftig ist, verläßt nicht die Tür des Sultans. Und wir sind an der Tür von Shah Mardan. Wir sind schwach. Möge er uns Stärke geben, zu hören und zu bewahren. O Shah Mardan, Sahibu Maydan, o Löwe auf dem Weg Allahs, Shahu Mardan, mach weiter. Mögen wir daraus Nutzen ziehen. Deine Worte geben unserem Körper Kraft, unserem Glauben und unserem Wissen Macht und unserem Körper Gesundheit. Möge unser Weg voller Licht sein, Nur. O Shahu Mardan, deine Liebenden warten auf dich. Mach weiter, damit wir von deinen Erklärungen Nutzen ziehen. Mögen wir davon profitieren.
Möge unser Äußeres sauber sein, und möge unser Inneres auch sauber und rein sein, weil wir zu einer wichtigen Anwesenheit eingeladen wurden. "Wallahu Yada'u ila Daru Salam wa Yahdi man Yasha'u ila Siratun Mustaqim" (10:25) - Allah ruft zu den höchsten Paradiesen und führt, wen Er will, auf den Geraden Weg. Allah Dhu l-Jalal lädt uns zu Seinem Daru Salam ein. Janabi Allah lädt uns in sein ewiges Daru Salam, Paradies, ein. Mach weiter, o Shah Mardan. Sag es uns, damit wir verstehen. Daru Salam ist das Paradies, zu dem der Herr der Macht Seine Diener einlädt. Ma sha' Allah! Er, der Herr der Macht, lädt uns ein. Unser Herr, der Absolute Eigner der Himmel und der Erde, des Mulk (körperlich), des Malakut (geistig und intellektuell) und des Jabarut (unsichtbare Welt). "Wallahu Yada'u ila Daru Salam". Er lädt dich ein, Achtloser! Wenn irgendjemand Nutzloses dir eine Einladung schickt, bist du glücklich und sagst: Es ist eine große Ehre für uns, daß dieser uns eingeladen hat! Und wer ist er, der dich einlädt? O, ich weiß nicht.. Der Präsident. Wozu ist das gut? Aber er fühlt sich geehrt. 'Es gibt ein Treffen in der Stadtverwaltung, und sie haben mich gerufen! Er ist glücklich und sagt: Das bedeutet, daß ich auch einen Wert habe.. Mach weiter, o Shah Mardan. Sag diesen kleinen Leuten, wer es ist, Der sie einlädt! Allahu Dhu l-Jalal lädt uns ein! Mach weiter, Shahu Mardan. Was für eine große Ehre! Daru Salam! Allahu Akbaru l-Akbar! Was für eine große Ehre ist das!
O Liebende Shahu Mardans, hören wir Shahu Mardan zu. Allah Dhu l-Jalal lädt euch zum Daru Salam ein, dem höchsten der Paradiese, aber wie nehmt ihr das auf? Um zu der Einladung irgendeines

Nutzlosen zu gelangen, rennen die Leute wie Vierbeiner. Wenn es eine Versammlung gibt, und er ist eingeladen, gefällt es ihm so sehr, daß er wie ein Vierbeiner wird und schnell dorthin rennt. O Dummköpfe, "Wallahu Yada'u ila Daru Salam". Unser Herr, Jallahu `Ala, lädt uns in das Paradies Daru Salam ein, und wir gucken nicht dahin? Wie ungehobelt! Was für ein großer Mangel an Respekt! Allah lädt ein, lädt ein in Seine Gegenwart, das Daru Salam, das höchste Paradies, und ihr verspottet es! Wo ist euere Ehre? Es gibt ein Stadtverwaltungstreffen. Wir gehen dorthin, wir sind eingeladen! Sie sind so glücklich, zu so einem niederen Treffen zu gehen! Sie sagen: Wenn man dorthin geht, muß man sich schick machen und sich vorbereiten! O ihr Dummköpfe, Allah lädt euch ein! Und doch spottet ihr darüber wie ein Vierbeiner und flieht? Was ist das! Ihr sagt, 'Ich komme nicht', und guckt zur Seite. Heutzutage gibt es Hochzeitsfeiern. Die Leute sagen: Wir sind zu einer Hochzeitsfeier eingeladen. Wir gehen dorthin. Und sie ziehen ihre besten Kleider an, um dorthin zu gehen. O Hirnlose, Dummköpfe! "Wallahu Yada'u ila Daru Salam" (10:25). Janabi Allah lädt euch ins höchste Paradies ein, Daru Salam, und sagt: Komm, o Mein Diener! Und ihr grinst spöttisch darüber. Was für ein Mensch-Sein ist das! Was für eine Dummheit ist das! Was für eine Unwissenheit ist das! Mach weiter, Shahu Mardan, schlag sie! Schlag sie auf den Kopf!

Wenn sie in ihre Gräber gelegt werden, werden diese Menschen, die die Einladung Allahs angenommen haben, von den Engeln empfangen in ihren Gräbern, und jene, die die Einladung nicht angenommen haben, werden auf den Kopf geschlagen. Sie sind die Engel des Zorns und sagen: Dieser Schädel weigerte sich, zu der Einladung ins höchste Paradies des Einen, Der ihn erschuf, zu gehen. Du hast Seine Einladung nicht angenommen! Schlagt auf seinen Schädel! Die Bestrafung im Grab ist wahr! Und die Engel des Zorns kommen und schlagen immer wieder auf den Kopf! Der Schmerz ist nicht wie ein normaler Kopfschmerz. Möge Allah dieses Schicksal fern von uns halten. Lerne dich kennen, o Mensch! Wer hat dich gewürdigt? Wer hat dich geehrt? Er hat dich mit einer besonderen Ehre geehrt, und Er hat dich eingeladen und sagte: O Mein Diener, willkommen in Meinem Daru Salam! Aber du weigertest dich und spottetest darüber. Wie schade für die Menschheit! Sie leiden wegen ihrer Hirnlosigkeit und Ignoranz. Mach weiter, o Shah Mardan, sprich, damit diese Leute aufwachen, bevor sie entehrt werden in ihren Gräbern und schändlich werden am Gerichtstag, und damit sie nicht Shaytan folgen. Shaytan lädt sie zu den

Toiletten ein. Er lädt sie ein, ruft sie zu den WCs. Willkommen! Und was bietet er denen, die seine Einladung annehmen? Den Dreck der Toiletten! Die Menschen sind solche Dummköpfe geworden. Sie hören die Einladung des Propheten der Endzeit nicht. Er lädt uns ein auf Befehl von Allah (jj). Der Einladende ist unser Prophet (saws). Wohin lädt er uns ein? Zum Daru Salam, in die Gegenwart Allah Dhu l-Jalals. Es gibt keine größere Dummheit als die der Leute, die diese Einladung ablehnen. Mach weiter, o Shah Mardan. O Shah Mardan, du bist es, der uns das erzählt. Dies sind die Leute unter deinen Füßen. Die Leute laufen vor den Rechtgeleiteten davon, vor den Aufrichtigen. Wer selbst ein Shaytan ist, läuft hinter Shaytanen her. Die hirnlosen Leute laufen hinter denen her, die noch shaytanischer sind. Sagen wir: Astaghfirullah, Tawba o mein Herr. Tawba, Astaghfirullah.

Dies ist ein neuer Tag. "Yawmun Jadid, Rizqun Jadid" - Ein neuer Tag, neue Versorgung! Bei ihren Einladungen bieten die Sultane kein Essen von gestern an. Im Palast wird jeden Tag ein neuer Tisch gedeckt. Dort stellen sie kein altes Essen hin. Ein Sultan ist so. Und der Sultan der Sultane ist Janabi Haqq. Jeden Tag deckt Er einen neuen Tisch der Versorgung. "Yawmun Jadid, Rizqun Jadid". Schlaft nicht! Öffnet die Augen, o Menschen, bevor die Engel sie herausnehmen. Öffnet die Augen, erkennt eueren Weg! Mach weiter, o Shah Mardan, der Platz ist dein. Hört zu! Haltet den Weg von Allahs Löwen ein! Alawit zu sein oder Schiit gründet nicht auf leeren Worten. Habt ihr einen Tisch anzubieten? Habt ihr einen Tisch, Ma'ida? Was bietet ihr der Menschheit? Einen Blutstrom! Sie brachten den Menschen einen Todessturm. Ist das Alawitentum oder Schia? Brachte Hz Ali (ra), den ihr eueren Geliebten nennt, Blut und Feuer zu Allahs Dienern? Was für eine Schande für die Schiiten und auch für die Alawiten! Nein, Hz Ali (ra) brachte einen himmlischen Tisch. Im Palast Shah Mardans kam jeden Tag ein neuer Tisch. Subhanallah.

Wer waren die Liebenden des Propheten `Isa, `ala Nabiyina Salatu wa Salam? Die Hawariyun, die Jünger. Sie sagten: O Allahs Gesegneter, o `Isa. Er war ein Prophet, der von den Himmeln kam und wurde zu den Himmeln emporgehoben. Die Jünger sagten: Wir wollen einen himmlischen Tisch von dir! Warum? Wenn du Sultan bist, dann hast du auch einen Tisch der Versorgung. Was wollt ihr? Ist es Fisch, was ihr wollt? Ist es Brot, Oliven oder etwas anderes?

Nehmt! Sie bemerkten nicht die Macht des Einen, Der im Himmel befiehlt, des Schöpfers der Schöpfung, Janabi Haqq. Sie dachten es nicht durch. Allah (jj), der Schöpfer der Himmel und Erde, sandte den Propheten `Isa zu euch, und ihr sagt: Wird Allah, der Eigner der Himmel und

der Erde, Der dich gesandt hat, uns einen Tisch senden? Wie ignorant! Hat Er ein Geschäft eröffnet? Hat Er in den Himmeln ein Geschäft eröffnet, daß ihr einen gedeckten Tisch von ihm fordert? Ptu! Schande auf euch! Er, der nicht weiß,was er erbitten soll, ist ein Tier. Und selbst ein Tier weiß, was es will. Es sagt: Ich will Stroh oder Gerste oder Heu.. Aber die Menschen heutzutage wollen nicht einmal das! Sie wissen nicht, was sie wollen! Sie fressen den Dreck, den Shaytan bringt. Sie fressen Shaytans Dreck und Unrat. Sie trinken seinen Dreck, und dann sagen sie: Wir sind dies und das..

O, ist es eine Ehre für euch, o Schiiten, o Alawiten, daß ihr diese Blutströme über die Menschen bringt und über die Menschen hinweggeht wie Katastrophenhurrikane? Ist das euere Ehre, den Menschen den Tod zu bringen, ihre Häuser zu zerstören, sie zu töten? Ist das euere Ehre? Was für Schiiten seid ihr? Der Prophet `Isa brachte ihn herab. Er kam sofort herab, und er sagte: Nehmt und eßt. Euer Verstand reicht nicht für irgendetwas anderes. Also nehmt das. Sagte Shah Mardan zu diesen Alawiten und Schiiten: Bringt den Menschen den Tod, bringt den Menschen Feuer, bringt den Menschen Katastrophen, bringt den Menschen Böses? Laßt sie antworten, die Schiiten und auch die Alawiten! Was für eine Schande für sie, das, was sie den Menschen bringen als Tisch des Todes und des Feuers! Sie zerstören und verbrennen Häuser. Ist das Alawismus? Ist das Schia? Allah wird fragen: "Wa idha l-Maw'udatu Su'ilat bi Ayyi Thanbin Qutilat?"-

Und wenn das lebendig begrabene Mädchen gefragt wird: Für welches Verbrechen wurde es getötet? (81:8-9) Die unschuldig Getöteten werden fragen: Weshalb wurden wir getötet? Was war unsere Sünde? werden sie sagen. Erwarten kleine Kinder und schwache Menschen Tod und Feuer von euch? O Schiiten, o Alawiten, ihr seid alle Lügner! Die Jünger des Propheten `Isa wußten es und baten: Wenn möglich, kann dein Herr uns einen Tisch von den Himmeln senden? Sie baten um "Ikram", Versorgung, Seine Großzügigkeit. O diese Alawiten und falschen Schiiten sagen, sie würdigen Hz Ali (ra), Shah Mardan. Wohin sie gehen, bringen sie Feuer und Tod und Katastrophen. Hat er ihnen das aufgetragen? Oder hat er gesagt: Helft den Menschen, gebt "Ikram", seid großzügig!? Wo sind diese Shia Gelehrten? Wo sind diese Alawi Gelehrten? Wohin sie gehen, bringen sie Tod und Feuer. Ist es das, auf was die Menschen warten?

Shah Mardan sagt: Wie schade, aber mein Schwert wird sie schneiden. Paßt auf! Kennt euere Grenzen! Wenn nicht, wird euere Bestrafung sehr hart. So viele Menschen, wie ihr verbranntet und tötetet, so oft werdet ihr verbrannt und getötet im Grab. Ihr werdet damit nicht davonkommen.

Niemand entkommt der Strafe für seine Taten. Wach auf, o Bashar. Wacht auf, o Perser!
Die Menschheit wartet auf ein himmlisches "Ikram", ein himmlisches Angebot von euch. Euer Ikram wird erwartet. Die Menschen erwarten kein Feuer von euch. Sie erwarten nicht den Tod von euch. Was habt ihr getan, o Schiiten? Von wo seid ihr gekommen, um die Menschen von Sham abzuschlachten? Erwarteten die Menschen von Sham das von euch? O abtrünnige Alawiten, erwarten die gewöhnlichen Leute, diese Armen, den Tod von euch? Erwarten sie von euch, daß ihr Feuer auf ihr Köpfe regnen laßt? Aber auf euere Köpfe wird Feuer fallen! Allah wird euch nicht davonkommen lassen. "La Dhulmu l-Yawm". Es gibt kein Dhulm, keine Unterdrückung, in der Gegenwart Janabi Haqqs. 'Ich habe Mir Selbst Dhulm Haram, verboten, gemacht', sagt Er. 'Deshalb macht ihr auch kein Dhulm.' Das ist Allahs Befehl. Wenn ihr nicht hört, werdet ihr gezwungen werden zu hören. O unser Herr, vergib uns. O unser Herr, sende uns Deine Löwen, die wie Shah Mardan sind. Mögen diese Menschen, die Deine Grenzen überschreiten, die Deine Befehle mit Füßen treten, die Dhulm als erlaubt betrachten, die Gerechtigkeit abschaffen, die Allahs Diener töten und verbrennen und zerstören, ihre Strafe finden.
Shah Mardan wird kommen. Er wird mit seinem Banner kommen. Und von Khorasan werden allein 70.000 Reiter mit ihm kommen. Alle mit grünen oder schwarzen Turbanen.. auf Pferden.. Und vor ihnen kommen Engel. Damals kamen 1000 Engel, 5000 warten noch, um herabzukommen. Wenn der Befehl gegeben wird, werden sie auf die Erde herabkommen und die Unterdrücker töten. Das ist kein Spiel! O Bashar, o Perser, unsere Arbeit ist kein Spiel. Ihr gabt kein Blut, so daß ihr Blut nehmen könnt. Für jede Seele, die ihr nahmt, wird euere Seele 7x von euch genommen werden von den Engeln des Zorns. Aman, o mein Herr, Tawba, o mein Herr! Mach weiter, o Shah Mardan, der Platz ist dein. 70.000 Reiter werden kommen, um sie zu erziehen. Sie werden bei Sonnenaufgang kommen. Hütet euch! Allah schläft nicht! "La Ta'khudhuhu Sinatun wa la Nawm" (2:255). Weder Schlummer, noch Schlaf überkommt Ihn. "..Wallahu Basirun bi l-`Ibad" (3:15). Er sieht Seine Diener, was sie tun, was ihr Werk ist. "Hal Jaza'u l-Ihsan illa l-Ihsan" (55:60). Mach weiter, o Shah Mardan, dies ist Allahs Rede. Die Bezahlung für jene, die Ihsan, Gutes, tun wird auch Ihsan, Gutes, sein. Und für jene, die das nicht tun, wird das Schwert der Göttliche Rache da sein. Sie werden zurechtgestutzt werden. Und wir sagen das nicht nur für Schiiten und Alawiten.
Der Prophet `Isa (as) hielt niemals auch nur ein Messer in der Hand. Aber jene, die behaupten,

seine Nation zu sein, machen die schlimmsten Waffen, um die menschliche Rasse zu vernichten. Wenn das Christentum ist, soll der Papst das verkünden. Er soll sagen, daß es halal, erlaubt, ist, was sie tun. Er soll sagen, daß `Isa (as) glücklich darüber ist, was sie tun. Aber er macht den Mund nicht auf. Mach den Mund auf und sage die Wahrheit! Um nicht einen Menschen auf dieser Welt zu belassen, hat die christliche Welt einen Wettkampf in Waffen begonnen. Welches Recht habt ihr dazu? Welches Recht haben sie, Menschen zu töten? Hat der Prophet `Isa (as) Menschen getötet? Seine Heiligkeit der Papst soll sagen: Hört auf damit, o die, die den Propheten `Isa (as) anerkennen, oder ich werde euch exkommunizieren. Dann werdet ihr zurückgetrieben werden und das Paradies nicht betreten. Hat er das gesagt? Nein. Er macht nur so mit der Hand von seinem Auto aus. Darum geht es nicht. Sie sollen die Befehle des Propheten `Isa (as) bekanntmachen. Der Prophet `Isa (as) kam um des Friedens und der Sicherheit der Menschen willen. Er trug nicht einmal ein Taschenmesser. Welcher Religion geziemen ihre Waffen? Der Religion Shaytans. Es paßt nicht zur Religion Allahs. Was Persien tut, paßt zur Religion Shaytans. Was die Alawiten tun, paßt zur Religion Shaytans. Wenn man kein Shaytan ist, tötet man Menschen nicht ohne Recht, man verbrennt und zerstört ihre Häuser und Ernten nicht. "Inna Allaha Ya'muru bi l-Adli wa l-Ihsan" (16:90). Janabi Mawla befahl Gerechtigkeit und Ihsan, Gutes, Wohltätigkeit. Was ist ihr Ihsan? Feuer und Tod. Ist das angemessen für sie? O Bashar, sag: Hz Ali (ra) akzeptiert das, was ich tue. O Schiiten, sagt ihr es auch. Hat Hz Ali (ra) euch befohlen, Ernten zu verbrennen und zu zerstören und Häuser zu zerstören? Akzeptiert er das? Hört damit auf oder sonst.. Rajab ist der Monat Allahs. Engel kommen von den Himmeln herab, um euch eine Lektion zu erteilen und euch zu bestrafen für das, was ihr tut. Hütet euch! Das Leben von Allahs Dienern ist nicht billig. Und sie sind keine Lämmer für euch, um sie mit dem Messer zu töten. Das Leben kam von den Himmeln. Als Diener habt ihr kein Recht, die Diener Allahs zu töten. Wenn ihr sagt, 'Ich werde töten', werdet ihr auch getötet werden. Also hütet euch! Rajab ist der Monat Allahs. Allahs Rache kommt näher. Wenn es jetzt vielleicht 7 Billionen Menschen auf der Erde gibt, werden 1 oder 2 Billionen übrig bleiben. Alle anderen werden hinweggefegt werden. "Wa ma dhalika `ala Allahi bi`Aziz" - Und das ist nicht schwer für Allah (35:17). Es ist nichts für Janabi Haqq, die Menschheit in einem Moment zu erledigen. Einmal erschien eine Krankheit im alten Persien. Seht, hört zu! Eine Krankheit kam zu einem

seiner Länder, und am ersten Tag starben 70.000 Menschen. Nicht durch Kanonen und Gewehre. Am zweiten Tag starben wieder 70.000. Am dritten Tag, es war das Land von Basra, war niemand mehr übrig, um sein Haus zu betreten oder seine Tür zu öffnen und hinauszugehen. Fürchtet Allah, o Perser, o Schiiten oder Alawi Schiiten! Hütet euch! Wenn ihr auch Waffen habt, Allah kann euch selbst mit Mücken erledigen. Hütet euch! O unser Herr, wir sind bedürftig. Jene, die Deine Diener töten ohne Gerechtigkeit, empfehlen wir deinem Schwert, o Shah Mardan. O jene, die sich selbst Christen nennen, die zu dem sogenannten christlichen Glauben gehören, ihr wollt auch die menschliche Rasse auslöschen mit den Waffen, die ihr macht. Aber Allah Dhu l-Jalal wird euch erledigen! O unser Herr, vergib uns. Dies ist der Monat, der Deinen gesegneten Namen trägt. Möge die Macht des Islam, möge sein Banner sichtbar werden! Mögen die Unterdrücker ihr Recht finden, nicht ihr Recht, sondern was sie verdienen! O unser Herr, vergib uns. Tawba o Herr, Tawba o Herr, Tawba Astaghfirullah. Fatiha. Hz Ali, Karramallahu Wajhahu, ist Shah Mardan. Jene Menschen, die mutig und großzügig sind, sind unter seinem Banner. Wenn nicht, sind sie unter der Fahne Shaytans. Sie werden erledigt werden. Aman, o mein Herr. Tawba, o mein Herr. Nimm unsere Reue an, o mein Herr! Fatiha.

## A Straight Talking Man

May He (swt) deal with us with His Grants & Generosity. May He, Allah Almighty, deal with us with His Forgiveness. Innaka 'Afuwwun Tuhibbu'l 'afwa, fa'fu 'anna Ya Karim. This is the dua. O Our Lord, Innaka 'Afuwwun Karim. His forgiveness is plenty & there is no end to His Generosity. Fa'fu 'anna Ya Karim. We are being naughty. May You forgive us O Allah. We couldn't worship You as grown ups. May You forgive us O Allah. O Our Lord, may You send us from Your good servants who will show us the ways of good manners, for the honour of Your Beloved. The Beloved Prophet, alayhi afdalu salatu wa s-salam, taught us good manners but mankind is throwing these good manners aside & looking for other ways. Who leaves the right path cannot reach his destination, can't move forward either but falls into difficulties.

"'Anna Hadha Sirati Mustaqimaan" (6:153). Allah Almighty says "My Path is all straight. It is the safe path. This path I declared to you, informed you by My pure servants, My selected servants. You are not listening & you are going off the way". Allah Almighty does not want His servants to suffer troubles but the servants, themselves are rushing to it. They are rushing, leaving the straight path & saying, "we may go this way, that way.." What is the name of nations that are out of Shariat? Sandala Mandala. Sandala Mandala. And the people who rule them? They are also foolish & idiot ones at the same time.

What will he be when he leaves the clean path Allah shows & falls off the way? They are saying "We will make a constitution". What does constitution mean? With the old expression, they say "we will make Kanun-u Asasi. (The first Ottoman constitution) We don't want the orders You sent us". Masha Allah! How dare you say this to Allah Almighty? They say "We will make a

constitution". Who are you? Who are you, that you are saying "I will make constitution"? Is the Shariat Allah Almighty sent you not enough for you? Did it not suffice you that you say "I will make constitution on top of it. I will make Teskilat-i Asasiya. (Fundamental law of Turkish State) I am going to make constitution". Masha Allah! How dare you?

Therefore whole governments have become Sandala Mandala. They will fight one one another. Whosoever comes to power, to rule says "We will make a constitution". Allah sent, sent Shariat. He (swt) showed how mankind should live decently like men. You are saying "We don't want, we don't want this. It got old. We will do ourselves". Ok do & fall in it! For this whole world now is Sandala Mandala. They have nothing- they have no mind, no faith, no honour, nor do they have a head that knows what should be done. Empty, empty.. "But we want to elect.." Yahu, if there is a pile of watermelons, you say to the seller of the watermelons, "you pick one for me". Can the people who can't pick watermelon elect men? What shamelessness is this? How dare they? This is for nothing, this is in vain. This is the deception of shaytan. "You become this, you become that. We establish a union. You become the president. You become the 2nd president, the 3rd president. You become the minister of such & such.." It turned into a total mess. They fell into a situation now which is impossible to get out of. They can't find a way out except "bi habli min Allah". Who holds fast to the rope Allah Almighty sent can be saved from this dishonoured life & its humiliation. If not they will have no dunya nor any akhirah.

The pure Shariat al-Ahmadiyya. What shines all bright is the Ahmadiyya, on the name of the Prophet (sas). It is the Shariat of Islam. You should look to this. What you invented is Sandala Mandala. It has no good for anyone because you can't know. Allah Almighty knows the situation of every creature & grants accordingly. A bee can't understand the situation of an ant. Another bug won't understand the situation of a bee. And the bees also have a few kinds. There are some which make honey & some other which make poison. You are saying "No, I want to make the poison sweet, want to make the poison beautiful & give you that so you survive". Yahu really it is poison. What Allah Almighty sent will give you life, will give you honour. You will live a beautiful, clean life. Your life in dunya will be beautiful & in akhirah also Allah Almighty will grant you His eternal blessings. "No, we don't want!" They are saying "we don't want".

Astonishing, what kind of man are you? They say for what Allah Almighty sent "I don't want it, I don't want".

Once upon a time, the son of the Sultan saw a gypsy girl & fell in love with her. He wants no one but her. Her mother advises, the Sultana, his father the Sultan. But he says "I can't give up on her". He said "Ok, we may send to ask for this gypsy girl to take her. What can we do? We don't want to lose our son". The wazir said "Let's go & have a look". The wazir asked "Where are these gypsies?" "They live in the wild, in tents". He asked "Where is Hussain Agha Hz?" he said. "Where is his tent?" They said "Who is he asking for?" "Hussain Agha Hz". "Are you asking for crazy Hussain? Here he is in the tent." So he went there.

The Wazir called, "O Hussain Agha Hz. We have been given the immense privilege of asking for your honorable daughter's hand on behalf of the son of His Majesty the Sultan". Hussain answered, "What are you talking about? I have no daughter's hand to give! Get out of here. Get lost." The Wazir said, "But Hussain Agha Hz. His Highness the..." Before he could finish his sentence Hussain had kicked him out and was shouting after him, "Go away! Get lost!" Sad and confused, the Wazir rode away. A little while later he met a man who asked why he was so sad, He kissed the skirt of the wazir's coat while he was walking distractedly. He asked "O Sultan, why are you so sad like this?" He said "Our Sultan's son fell in love with a gypsy girl he wants her no matter what". "Then what happened?" "I went to see her father & he said "I have no daughter to give". So I am sad like this.." "Ok, leave it to me" he said.

The wazir had a spare horse with him. "May you let me use the horse & I will arrange it with these gypsies!" He mounted, spurred the horse onward & said "Bra gypsies! Bra gypsies! O foolish ones, O no mind ones.." He started swearing at them using all kind of bad attributes & shouting at them, he entered their place. The gypsies immediately said "Yes sir. O our Agha, what do you want? Why did you get angry like this?" "Where is that one whose daughter the prince liked & who said 'I won't give'? His name is Hussain?" "Are you asking for crazy Hussain? He is there". He immediately spurred his horse onward & rode there. "Bra crazy Hussain, where are you bra? O shameless one, get out!" he shouted. He got out of the tent trembling & said "Yes O Agha Hz". "Thu!" He spit on his face! He said "Good, our face is whitened with the spit of our

Agha". They don't wash their faces.

So he said "O shameless one, how come you call yourself Agha, O crazy Hussain? Our Sultan's Wazir came to ask for your daughter & you did like this?" "O Pasha, please..." He said "Take this horse, ride back & forth a little bit". "I was riding so fast" he said, "the horse was about to die". Hussain Aga goes & comes back, goes & comes back. His tongue is out from his exhaustion. He said "Stop!". "O Agha Hz, have mercy". "O shameless crazy Hussain, from where did you get this title Agha? Bra this, bra that..." he was swearing at him. He said "They came to ask for your daughter for our Sultan's son. He said "O Master, O our Agha. A person came to us & said something but we didn't understand what he said. Not a straight talking man like yourself came to me". You see? "Straight talking man, I am under your command". "Mount on the horse!" He made him sit on the back part of the horse, under all the dust cloud. "Please O Pasha, not a straight talking man came to me" he was saying.

Now all these Sandala Mandalas look for a straight talking man. These men can't be decent, can't grow into men. All are gypsy lineage. They are Sandala Mandala kind. They need a man who will teach them their lesson. And he is coming. The world has become like this- Like crazy Hussain who thinks of himself as Agha. "You are no Agha!" he said. His name is beautiful but he, himself is a foolish one, a gypsy. Just like this, the situation of the world became Sandala Mandala. "You do this, I do this..." Ok, take it & do! Wear it on your head! None of them can find a way out of it- Russians can't, Americans can't, Arabs, or Turks or Iranians can't. Neither blacks nor whites, neither China nor Japan can find a way out. Why? They need a straight talking man. The straight talking man is coming. He will give the declarations.

May Allah not make us beyond the circle of good manners. Ya Rabbi tawba. Tawba O Allah, tawba O Allah, tawba ya Rabbi. We want to keep the way of Your beautiful Prophet. May You send us holy servants of Yours who will teach us those ways O Lord. Our Umm Hiram Sultan, grant your tawassul on us. What should we do? Fatiha. This is, this is the news of today. You like it?

H.F. Very good.

M. This story is important- straight talking. O Lord, Lakal Hamd. Alhamdulillah. May Allah not leave us to our dirty egos. May He not leave us in the hands of no mannered ones either. May He also not leave us in the hands of oppressors & unbelievers. Allah Ya Rabbi. The earth can't accept it & volcanoes erupt. The earth can't accept & floods are coming. There is an attack from the Heavens as well as from the earth to overcome these wild ones, these gypsies, these Sandala Mandala ones. Aman ya Rabbi, tawba Astaghfirullah. Tawba Astaghfirullah. The oppression/zulm can't last. If it does, it destroys & burns.

May Allah protect us from their evil. May He not make us from the oppressors either. Aman ya Rabbi, tawba ya Rabbi. Tawba Astaghfirullah. May You send us Your majestic servant. O Lord, may he do to them as the Agha did. The whole world has become like gypsies. Gypsy market. May You send us the Master, may You send us our Sultan O Lord for the honour of Your Beloved. We are awaiting Sultan O Lord. We are left without a Sultan. We are left in the hands of those who don't know what they are doing. Sandala Mandala nations are established claiming to be real states & made everywhere corrupted. The earth doesn't accept anymore either, spewing fire. It rains from the Heavens like a flood because of the Anger of Heavens. And not even one person comes out & says: "This is a sign of Allah Almighty's Wrath. Aman ya Rabbi!"

Tawba ya Rabbi, Fatiha. May you see good days. May your end be on a good day. May you have a long life.

## The Struggle Between Good Ones and Bad Ones

(Mawlana standing)

We must stand up for highest respect for Our Lord Almighty Allah. If I can all my life standing up all my life for my Lord's honor it is nothing. And we are doing this at the beggining of the association and I am trying to teach some good manners that are important for servants of our Lord when His Name is just mentioned we can stand up, even one second, even one moment, as much as you can. That makes your Lord to behappy with us and he gives us a power that we can't imagine. Our standing up gives us good health, good mind, good thinking. Cleaning ourselves.

Therefore the benefits to stand up for honoring and resepecting and glorifying our Lord, even one moment it is much more acceptable through servants in the Divinely Presence, in Heavenly Presence therefore we are standing up and saying

Allahu Allah Allau Allah la ilaha ill-LLah.
Allahu Allah Allau Allah la ilaha ill-LLah.
Allahu Allah Allau Allah la ilaha ill-LLah.

Subhanak! Subhanak o Our Lrod, forgive us and bless us. We are ignorant ones, We are lazy ones; we are useless ones. We are not follwoing servanthood ways. O our Lord forgives us.

We may say Allahuma salli wa sallim `ala Nabiyyina Muhammad `alayhis-salaam, salaatan tadoomu wahtooda ilayh, ma marra al-layaali wa toola'd-dawwaam

That is our smallest or weakest respect to our most respected Prophet in the Divinely Presence. Divinely Presence only for him, not for anyone else.

Only for him. No any other maybe where our most honored Prophet where he put his holy step, no any other one through creation (amana wa sadaqna) only for him therefore we are asking from our most respected Prophet asking forgiveness also that we are not keeping his respect as it is, it must be.

O our listeners, through east and west.

I am a weak servant, perhaps weakest servant, and I am looking my ego that it is so dirty ego so disrespectful towards respected ones and I am asking support from awliyaullah to support me as a weakest servant and they are granting to me a very important position for addressing to mankind and I am weakest one. My ego dirtiest one and I am running to them and then I am running to Seal of Prophets, then asking from my Lord a protection to keep best manner towards Him Almighty and towards His most glorified and honored servant Sayyidina Muhammad (s) (standing).

Everything must be respected, Shaykh Adnan (amana wa sadaqna). Everything that created by the Holy Order of our Creator Allah Almighty, you must give their rights and you must keep your good manners with every creature, smallest one up to biggest one.

People living on earth and angels living through heavens. (amana wa sadaqna) and we must say a`udhu billahi mina ’sh-shaytaani ’r-rajeem - we are running from Shaytaan and its tricks and traps because he is teaching mankind worst teachings. He is, it is, urging people to be not good ones, teaching people to be always bad ones. But when Satan callling people and cheating them saying "I am making you excellent ones." And it is most liar one through creation, Shaytaan, and most cheater one for creatures.

Everything making in opposite, saying from good things that they are bad things and saying for bad manners

they are excellent ones.

And the Lord of heavens He likes His servants to be in excellent manners. Shaytaan making it to be most worst ones. Worst manners. Therefore always good ones quarrelling with bad ones. And everywhere bad ones asking to be on power whom they are, whom they are representatives or better than representatives, agents of Shaytaan. Agents of Shaytaan they are asking to destroy agents of Heavens, agents for the Seal of Prophets (s).

That agents, worst agents that just trained under Satanic subjects. Therefore from beginning up to end that quarreling between good ones and bad ones continuously going on (amana wa sadaqna).

Now we are living in a time that giving a perfect proof of what we are saying because now people living on earth they are getting to be to be two kinds of people: one kind they are asking to be good ones, to follow heavenly orders.

Second party from mankind they are running to Shaytaan and representing Shaytaan and asking to harm people, to harm good people. Therefore quarreling between mankind continuous, up to end (amana wa sadaqna). Yes.

And people now through 21st century they are as people before 21st century as they are fighting and quarreling and killing and destroying everything to each other, now it is going to continue.

So many states, states, they are trying to take over good people. They are asking to carry on and to take away good ones and to make satanic rules up and flags of heavens down. Shaytaan trying to do that only. Asking that “whole world must be my followers and my way is the most suitable for them." For what?" “Because I am training my followers to fight - to fight against good ones. And I am saying my followers, 'O people! You are best ones and you attack on that people that they are saying "we are believers in heavens, believers in messengers.”Tthey are really bad ones, O my followers. Rush on them, attack on them! Kill them! Don't give them any chance to be up. Try, O my followers" saying Shaytaan, "that they should be, they should be down and you are going to be up high."

Therefore now nations, through themselves and through in themselves, fighting to each other, particularly beginners for fighting they are followers of Shaytaan, and followers of Shaytaan, no mercy with them. They

are only asking to kill, to burn, to destroy everything. To change this world instead to be a Paradise to be hells. Beware O people!

Try to be good ones. and good ones they are only whom followers of the Sealof Prophets (s) that he was saying "Keep the serveants of your Lord, Keep creatures of your Lord. Be harmless for everything even for a smallest virus." Now there is a dangerous illness, they are saying, but it is (N1H1) N1H1. Saying. They are saying this going to destroy everything on earth and you must fight that.

They are not turning their faces to Divinely Presnece and saying "O our Lord! You are our Creator, and you are creating that virus and sending to Your creatures. Please, O our Lord, protect ourselves. We are trying to do our best for You, O our Lrod. Please protect ourselves."

And what we are saying, this battles, wars, continuously going on from beginning of mankind's life on earth and going to be ended til this dunya finishing. Never changing. beware of Shaytaan (a`udhubillahi min ash-shaytaan). They are are writing "Beware of dog." Why you are quarelling with priests and bishops? Why you are not writing on the walls of churches and big ney diyorler, abbeys, (cathedrals), cathedrals - why you are not writing on their walls "beware of Shaytaan" and (yet) you are writing "beware of dog" what am I going to do to make dogs?

That is our problem, that people they like to follow Satanic ways, Satanic orders, they are mostly for whole people it is so lovely, what Shaytaan teaching them, they are saying "lovely." But heavenly orders, they are saying "so disklied things" because touching their ego's ability, they are not leaving heavenly orders, never leaving our egoes to do everything as they like. No. We have been ordered to keep right way, not to harm anyone. If you are harming then coming on you someone harming you also.

Therefore whole nations, whole religions, they are saying, "O people! Be harmless." Shaytaan saying, "No. be harmful. Because I am so happy if you are harming each other, I am so happy. Make me happy, don't make your Creator to be happy with you." He says, "be harmless," and I am saying to you, "be harmful!"

Is it so, O bishops or popes or kackhems or doctors. In Islam is it also, what do you think, what we are saying is it true or wrong? What saying Shaytaan? why not sayting to people that Shaytaan saying, "O people ! follow me and try to be harmful ones." And on the second side prophets and the Seal of Prophets saying "O people!

Don’t harm people, be harmless." But you are not following the ways of the Seal of Prophets to be in peace and to be in goodness, to be in happiness, to be enjoyful, here and hereafter. You are saying, "No, we must harm people.” Everyone saying ," We must be harmful ones." Any harming coming to people Shaytaan saying, "O we are so happy that so many people just killed, passed away and their homes destroyed and their jungles burned and their farms jsut dried and their children just killed.

Shaytaan's group they are so happy, saying, "We must follow our king's order." Who is common people's king? Shaytaan! They are saying: “Shaytaan saying ‘be harmful’ and we must follow his words, his commands and then we should be happy and enjoyful.” From second side, all prophets saying, not only one, don’t discuss on personality of Prophets. What was their missions? Look. And give their values according to their missions. The mission of the Seal of Prophet Sayyidina Muhammad (s)...

(Adhan)

Innama bu`ithu li utimmu makaarim al-akhlaaq - I have been sent to teach people most high edeb. For what he was syaing this? Preparing people for highest characteristics. Because asta`eenu billah, w’Allahu yad`u ila daar as-salaam - Because we have been invited to the Divinely Presence. Allah Almighty inviting His servants and it is no good a harmful people to come in. First condition to be acceptable in Divinely Presence is to be harmless: Dont harm anything (amana wa sadaqna).

He created, Allah Almighty, created everything, and ordering to them, everyone, if they are not harming you, don't harm them.

sami`ta al-khabariyya. (al -aan)

Anything in creation, everything that not giving any adha, (harming) harming, you dont harm.

Shariah saying "kullu madurrin yuqtal - not harming leave on their ways. Till harming you doesn’t matter, kill it."

And Man that they have been created to be masters of this world, masters of life, that is a command heavy command. Special command: “O people! keep everything. dont give harm to anything.”

Before our time, some and then with new people , that they are edice yapilim, whom they are disguising, or they are not giving any ihtiram, (estirde, making fun,) anything if not harming you, leave on its way. If making harm, yes, you may kill it.

Because we have been created to be good ones, not to be bad ones. A good one never harming. A bad one always harming. That is Shariatullah. (khiyarikum fil jahiliyya khiyarikum fil-Islam.)

Holy command this: “you must try to be good ones.” Goods ones for everything. If you are harming someone without a reason you are not going to be a good one, you are going to be a bad one. “Try to be a good one,” that is the summary of messages of heavens. heavenly messages ordering "be gentle, be merciful, be ihtiraam, respectful. be musaamaha, (forgiving), tolerant. give your most tolerance to everyone then you should be in Divinely Presence a good servant (awliyaullah).

Who harming people they are (awliya Shaytaan) they are against Holy Orders of heavens and they have been thrown away from Divinely Presence. O people be harmless.

O people be merciful! O people, dont be cruel! O people, dont be a bad one! O people, dont be an oppressor (dhaalim). Dhaalim. Dhaalim that must be punished. Oppressor must be punished and no way for them bidoon punishment, to enter Paradise, no. And good ones, never going to be in hells. One good one can't be in hells, hells not accepting. saying, "For what you are coming, go away!" They are sending him away. Bad ones swallowing. Good ones, saying, “For what you are coming? This is not your way, your way over there.” And Paradises saying, “O you good one, respectful one to Your Lord's creatures, come to Me.”

O people, try to be good ones. Don’t follow Shaytaan, then you should be bad ones. And bad ones their destination is towards fires and hells and may Allah forgives us for the honor of the most beloved servant.

## Struggling In The Way Of Allah

As-Salam alaikum O beloved ones, O true friends. Who are the beloved ones (ahbab)? They are who have the love of Allah in their hearts. They are the ones who have the holy love of our Prophet (sas) in their hearts. These are the beloved ones. Who keeps dunya in his heart is not a beloved one. Marhaban, marhaban O true friends, O beloved friends! who have no dunya in their hearts. They are who have Allahu Dhul Jalal in their hearts; The One Who created them, Who keeps them alive, Who granted them the honour of iman, and they are who keep His Way; these are the beloved ones. Who say Allah! are the beloved ones. Who don't say are the shaytans. Those who are close to Allah win. Who are close to shaytan lose.

Marhaban! Angels say to you "Marhaban" in dunya also; after fajr prayer angels say "Marhaban, O holy servants who keep the Holy Order of our Lord. May your honour raise. Marhaba to you. May your day be good. May your end be in a good way. Divine Lights are shining on your face. May you suffer no hardships, no troubles, O you who keep the Order of Allah, the Tradition of His Prophet!" Allah Allah! Masha Allah. Madad Ya Rijal Allah. O who seek the Way of Allah, O who want Allah! The ones who love His Prophet have found the Way of Allah. Who can't keep the Beloved of Allah in their hearts are the men of shaytan, they are of no use.

Marhaba O beloved ones! May your day expand, may your hearts be filled with joy. May you receive happy news and may your hearts be in joy! May your work go well. What work do we have? When we say "may your work go well", it means your jahd (efforts) in the way of Allah. With what is the glory of a believer? With striving in the way of Allah! This is a believer: he strives in the way of Allah. The meaning of jahd (striving) is that he makes jihad. And the meaning of jihad is he gets on top of shaytan! Their hearts are filled with faith. They are our beloved ones. The believers are these ones: who say Allah! Allah... O our beloved ones,

marhaban. May you always open, be in expansion. You performed your salah and came for a sohbat, you are present here. May Allah give Nur to your hearts. May our Prophet intercede for you. May your works go right and may the barakah of angels also, the barakah of their glorifications, be upon you.

How beautiful. This assembly of ours is an assembly of beloved ones, not the assembly of shaytans. The beloved ones, how beautiful are the beloved ones. Angels also come and are present here: "These servants kept the Holy Order of Allah Almighty and came here to meet in a friendly, beloved assembly, to trade with each other". What trade yahu? Here is a market place, a shop? No, it is not. It is not. Their trading is: one says "I have diamond, you have emerald, this one has ruby, this one has zabarjad". We sit here for a trade of these, to say Allah! We sit here for this. Our assembly is not to make people forget Allah, but to remember Allah. Let us say: Allah Hu Allah, Allah Hu Allah, Allah Hu Allah. Allah Hu Allah. His Rasul is our Glorious Prophet. "Marhaba. May you open, may you be in joy". Angels address like this in such assemblies, Angels also say Marhaban for who come to meet each other for Allah. Angels are also present there. Angels are the ones who carry the Nur of Heavens. They bring to you from that Nur, and you won't suffer any hardship. And angels will be proud of you: "There is a beautiful smell here. Who is here?" they come down to see who is there and see that the beloved ones are there, which means these are the servants whose hearts are full with the love of Allah and RasuluLlah! Masha Allah.

May the Nur that comes down on them come down on us also. We sit here too. Their assemblies are surrounded with angels, are full of angels. Allah! Marhaba! May you open up. Angels say "Marhaba to you from us also. May you open up in dunya, may your graves also be spacious and a garden of paradise. May you end by meeting in Jannatu-l Ma'wa. O believers, we should show high respect for the Order of our Lord. "O Allah, Your Order is the most high. Who keeps Your Order is Your servant". "If the beginning of every act is in the Name of Allah, its end is never cutoff". Who says Allah in the beginning of his work; the work of who says the Ism Al-Jalil of Allah Almighty, Bismillahi r-Rahmani r-Rahim, never falls behind. The Bismillah makes it complete.

Come to your senses! We should come to our senses, all of us. We should seek the assemblies of the beloved ones. We should seek the assembly of beloved ones. Seek the assembly of beloved

ones. Don't wander around in the streets in vain. Seek the assembly of the beloved ones, go and you will be honoured there. Today is a new day, angels came full, full with Mercy. They came with the gifts of Malakut. Sit and ask from them, take your share from them. Don't look to your share in dunya, it is not naseeb, it is of no use. What angels bring are the jewels. The meetings of the people of dunya are trash and carcass.

Say Bismillahi r-Rahmani r-Rahim. Marhaba O beloved friends! O beloved ones, may your day be opened. May your hearts be in relief. May your love and yearning raise. May the love of Allah, the love of His Prophet give you life. May you be in Nur when you are leaving dunya and may your graves also be filled with Nur. May it not smell bad! Some people say,tell them the graves of most people stink,smell very bad . We can't pass near their graves after they are buried" Why? Because they smell very bad. Don't be from who smells bad, be from who smells good. They say for others "dirty odor". They call the smell of roses "rose fragrance". Take the fragrance of roses and smell it and your troubles will be lifted off you your heart will be filled with joy. Say Bismillahi r-Rahmani r-Rahim. O our Lord, tawba Ya Rabbi. Tawba Astaghfirullah. Tawba Astaghfirullah.

O beloved ones! We are present here today. Our hope from Allah Almighty and His Beloved is that whatever time is appointed for our lives, may the days of our life be spent beautifully. May they be spent without hardships, without troubles. May our bodies be in health and safety with the Heavenly Grants. May our work be in the service of our Allah. What is your work, your life, unless you make service for Allah? It is the life of a carcass! You don't look any better by plucking your beard. And women don't become beautiful by putting makeup. Beauty descends from Heavens to women and men, descends to believers. But you didn't ask from it! You sought beauty through makeup. Makeup can't give you beauty. Say Bismillahi r-Rahmani r-Rahim and look at your face in the mirror! We said Bismillahi r-Rahmani r-Rahim O Lord, may You accept it. May the hardships on us be lifted O beloved ones! May Allah and His Prophet Who made us gather and meet in dunya make us gather and meet in Paradises also, O our friends who have faith. We should say Allah. We should say Salawat on His Prophet.

As-Salam Alaikum. Come on in. Come on in. This is a Ma'ida - The disciples of Prophet Isa (as) asked a table spread from Heavens. We are not from those who ask a table from the Heavens! We ask from the Nurs, Majesty, Honour, Beauty, Familiarity of the Heavens. This is what we

want! But they said "May a table from Heavens came down". Look at what they asked, the people who Christians consider as saints! They said to S. Isa (as): May a table be sent down to us from Heavens. What comes down from Heavens is honour, is Nur, is the table of faith! Why don't you ask for this? The disciples couldn't find anything else to ask for but said: "May a table from Heavens be sent down to us. We will eat from it and our hearts will be in satisfaction". No, it is not your heart that will be satisfied but your animal is satisfied. They ate heartily. Where are the Companions of our Prophet and where are the disciples of S. Isa? The Companions said to our Prophet because they didn't eat anything maybe for one day, maybe for two days: "O RasuluLlah, we tied a rock to our stomachs so that the pain of our hunger does not bother us". Prophet (sas) lifted off his holy shirt and showed them; they had one stone but he had two stones tied on him! You should be like this. This is the Prophet of the End of Times. He is the one who teaches all the Prophets. All Prophets kiss his hand, they even kiss his feet.
O glorious Prophet! Who can be capable of showing the respect due your glory! It is a shame that who claims to be Muslim can't declare the value, the honour of our Prophet. They say "shirk". Their minds are captured by "shirk", the empty headed ones. Shaytan did on their empty heads. This Prophet..."Qul 'Innama 'Ana Basharun Mithlukum Yuha 'Ilayya" (41:6). "I am a human being like you in the apparent but my speciality is that I receive revelations from Heavens. Jibril brings me the Revelation of My Lord. I am like you in the apparent but my reality is different". O Glorious Prophet! Not even the Angels of the Seven Heavens can be enough to describe your reality, to speak of your reality. What can we say? Here, we are saying as much as our minds can reach. Who does not glorify the Prophet (sas) doesn't have iman. Who does not glorify the Prophet does not have iman. The ones who want to put down the level of our Prophet has no iman at all! Muhammadun Basharun, wa laysa kal bashari. Bal huwa yakootatun, wa l naasu min hajari. He is a human being but he is not a human being as you think he is. People are like black stones and he, our Prophet, is the ruby. He is the ruby of the Arsh! Glorify him! Where are your scholars? "Wa l naasu min hajari". People are under feet like stones. Our Prophet is the Master of Creation. He is who was object to the divine address of "O My Beloved!". Glorify him so that you be glorified.

"Sawfa yamuddukum bi saba`t 'alafin mina l-mala'ikati". He doesn't rely on what is on earth. He

is looking for the Help of Allah Almighty. 5000 (angels) came. He (swt) then says "I will send another 7000 also". Even one of them is enough but because people are eager to have plenty, He (swt) sends in great numbers. "Wa Sawfa yamuddukum Rabbukum bi saba`t 'alafin mina almala'ikati musawwimin". What it means with Musawwim is the end part of this turban hanging.

Angels came riding on their horses like this. Our Prophet left the end part of his holy turban hang loose and said "O My Companions! "nazal nazalatu-l malaikatu masawwimin" (The angels just descended with signs). What he means with musawwim is this end part, the end part of the turban. The Prophet (sas) saw the angels like this so he said this. They removed this also. They removed it also, turned into apes and still they dare to claim "We are scholars".

"Man tashabbaha bi-qawm fa-huwa minhum", is this not Hadith? Who looks like unbelievers becomes an unbeliever. Look like the Companions. The Sultan of Prophets (sas) let the end part of his turban hang loose and said: "Qad tasawwamat. Sawwamu fainnal malaaikata. Nazalatu-l malaikatu masawwimin". He said "They came with turbans and having marks like this". Do your scholars not know? They put takka on their heads. You are big scholars, why don't you put that mark of distinction (musawwimin), that Allah Almighty will grant you majesty? O Lord, You know. Our taswim (mark) is hanging the end part of our turbans loose and also our other mark is to say Bismillahi r-Rahmani r-Rahim. There is a meaning in it. The angels came musawwimin, and also descended saying the Bismillah. Is this not written in your books? It is. But you are attached to your women. You shaved your faces. You changed your clothes. You took off the appearance of the angels and put other things that you invented that have no value. The value and honour is in the dress of the angels of Allahu Dhul Jalal. As our Prophet (sas) dressed. This is what was written and ordered.

O beloved ones! O beloved friends. For this, in the old times villagers had their own handkerchiefs and they would roll it, put it on their head and pray like that. Shame on the Muslims now that they are afraid of the unbelievers. They are fighting each other. These are not Muslims, they are who worship dunya! Who worship dunya are who worship shaytan. And who worship shaytan are unbelievers. I am also saying this to the leaders, that whose head is not covered as the Prophet (sas) did with his holy turban , their faith can't save them. Put the crown of the Prophet (sas) on your head. Tasawwamu fainnal malaaikata qad tasawwamat. This is the order and it is not only for the Sahaba. It is not only for who descended at Badr, who descended

at Uhud. The address is for all of them: Tasawwamu. The angels descended like wind with turbans on their heads and the end part of their turban hanging loose down their backs. They crushed the enemy like a hurricane, like a tornado. What is your weapon? What weapons do you have? They are what the people who are enemies to Islam invented to destroy Islam! If one wali of Allah says "Allah!" once, he can destroy them all. We have power in us, we do. But they leave them so that they learn their lesson.

In Egypt there were 700 of them, of the holy ones. Only one of them can shake the whole world. But "Leave them so that they learn their lessons". This is Egypt! They are protesting because they can't find the pleasure they had before. That pleasure was in the time of the King, in the time of the Khedivate. They kicked him out thinking a good one comes but they got seven times worse. Now they are suffering the punishment of this. What bad did the Khedivate do to you? What evil did you see from him? It was an honorable state; Egypt had the treasures of seven states. Now you are in need of it. You will sell gas. I was about to tell them "Let them put pipes in the toilets and take the odor in there to sell it also, saying it is natural gas. And may they be drowned in it". Awliyas are angry, they are wrathful, they will destroy. The first enemy of Islam is the West. The Christian World has been jealous of Islam since it was born. The Jewish nation is worse than them. "What can we do to surpass Islam?" So they made the technology and now Muslims say "Please, give us from those weapons too". If one of you says "Allah!", he can destroy all of them. O scholars, scholars of Egypt, say! Say "this man is lying" about me and they bury you next day in your grave. They may say in Hijaz, or in other Islamic territories, they may say that "these words are not true. We will buy Europe's technology to be decent". You won't be decent but you become animals! There is wrath to come. There are 700 holy ones. Mamalik Al-Misr. They are in Egypt, they keep quiet. All of them say "Leave them, there is no one who calls to us. If they called to us, even one of us could make it upside down. These ones don't say "Ya Allah!", they don't call to Allah. Let them be crushed and disciplined".
O people of Egypt! O their scholars and learned ones! Take heed or you won't reach Rajab! The 700 holy ones there, are wrathful. We are nothing. We can't even be as the dust under the feet of those holy ones. They are dragons. Let alone Egypt, let alone this world, each one of them has the power to destroy 100 worlds. They have the power of Allah and the force of the Prophet!

The president of Iran went and kissed the coffin of the unbeliever. And he comes out to say "We are Muslims!" Shame on your Islam! That one who is the president of Iran, went under the coffin of the unbeliever. He didn't fear Allah, he wasn't ashamed in front of the Prophet. He was not ashamed before our S. Hassan and S. Hussein Effendis, he went and carried the coffin of the unbeliever on his shoulders. They call that man Ahmad Najad. May there not be any man to carry you! There is anger now in all awliyas, they became like dragons. They got very angry that a Muslim man goes and puts his shoulder under the coffin of an unbeliever and cries there. Where is Iran and where is Venezuela? What connection do we have with them? O scholars, the scholars of Azhar Al-Sharif! Why don't you open your mouth and speak? What do you fear? What do you fear from? You wait for money? Shame on you. Aman Ya Rabbi! What will open the doors of our treasures is Bismillahi r-Rahmani r-Rahim. Say it and don't fear, O beloved ones! O beloved friends!

The Wrath is coming but after it a sledgehammer will come down and explode the world! Mahdi (as) is ready to come. I don't know if he will come in Rajab, or before it or after it. But he will take many empty heads. He will not leave any tyrants, anyone who cheated the Muslims. You go from Iran all the way to that... What was the name of that country? You go to Venezuela, don't you have the honour of Islam? You go there and go under his coffin? Then you say "I am Muslim. We are Shi'a". What is Shi'a? Shi'a goes to unbelievers? Where are their Imams? They should give fatwa and say "This man has no iman". How can a Muslim leader go to the funeral of an unbeliever and go down under his coffin? What foolishness is this? There is wrath to come. They have the 12 Imams? The 12th Imam will crush them.

If Turks don't straighten, there is whip for them too. For the ones in Hijaz, all of them, for the ones in Egypt, all of them, it is coming. Aman Ya Rabbi, tawba Ya Rabbi. We should repent, turn back to the way of Allah and glorify His Beloved. Who consider his glorification shirk will leave dunya unbelievers, without iman. Allahu Dhul Jalal accepted His Beloved in the Arshu r-Rahman. "Step on My Arsh, O Beloved!" He (swt) accepted him in His Presence. There are men who consider the glorification for such a Prophet as unbelief. I think they will either live till the end of Rajab, or they will be finished by the end of Ramadan. Tawba Ya Rabbi, tawba Astaghfirullah.

There is wrath to come now. The awliyas got very angry with this man, that they call "Shi'a" and

they say "We are Muslims". Their president went under the coffin of that unbeliever, kissed it and cried? What kind of Islam is this? Which Imam among the 12 Imams can accept this, O Iranians? Do you have no mind at all? Which Imam from the 12 Imams can give fatwa for your leader to go to Paraguay or whichever one it is, that he goes under the coffin of its dead leader and cries for him? What happened that you go all the way from Iran to Paraguay? This is not showing respect for them. This is unbelief! Where are the Imams of Iran, Sadr this, Sadr that, how did you give fatwa for this? They don't fear Allah! But there is something to come.
We also take refuge in Allah from our dirty ego. They make us speak. We don't consider ourselves exempt from it but may Allah not give our ego the chance. May our end be in a good way. We will carry the flag of Islam. Who will carry the flag of Islam are only our great ancestors, the Ottomans. Ottomans will come and raise the flag of Islam. They will punish Arabs as well as Iranians. It is coming, approaching. I am a weak servant. I am a very weak servant. I don't even have the strength to speak but they make me speak, O beloved ones. O beloved friends, they make me speak. I don't have the strength to speak even one word.
Where is Ekmeleddin Bey, who calls himself the leader of Muslims? Let him say "This Shaykh lies". I am not a Shaykh but they call me Shaykh. Let him say this. He also won't survive Ramadan. There is the Wrath of Heavens, it is approaching. We seek refuge in Allah. O Lord, forgive us. O Lord, forgive us. Everything we do is wrong, corrupted. There is no respect for our Prophet. All of them will be taken. Tawba Ya Rabbi.
O Turks! O Kurds! O Arabs! All of you stand up and hold the flag of the Prophet. Allah will help you. Don't fear from the weapons, cannons of Europeans. Tawba ya Rabbi, tawba Ya Rabbi, tawba AstaghfiruLlah. Let us say O beloved ones, Bismillahi r-Rahmani r-Rahim. We ask the heavenly protection of the Bismillah, may He (swt) dress it on us also.
Amin Amin, wa Salamu 'ala l Mursalin. WalHamduliLlahi Rabbi-l Alamin, Al Fatiha.

**Sich mühen auf dem Weg Allahs**

---

As-Salamu Alaykum, ihr Geliebten, ihr wahren Freunde. Wer sind die Geliebten, Ahbab? Es sind die, die die Liebe Allahs in den Herzen haben. Es sind die, die die heilige Liebe unseres

Propheten (saws) im Herzen haben. Diese sind die Geliebten. Wer Dunya im Herzen bewahrt, ist kein Geliebter. Marhaban, Marhaban, geliebte Freunde, geliebte Freunde, die Dunya nicht im Herzen haben. Sie sind die, die Allahu Dhu l-Jalal im Herzen haben, Den, Der sie erschuf, Der sie am Leben erhält, Der ihnen die Gnade des Iman gewährte. Und sie sind die, die Seinen Weg einhalten. Diese sind die Geliebten. Die sagen "Allah", sind die Geliebten. Die es nicht sagen, sind die Shaytane. Die, die Allah nahe sind, gewinnen. Die, die Shaytan nahe sind, verlieren. Marhaban! Die Engel sagen auch in der Dunya "Marhaban" zu euch. Nach dem Fajr Gebet sagen die Engel: 'Marhaban, heilige Diener, die die Heiligen Befehle unseres Herrn einhalten. Möge euere Ehre steigen. Marhaba euch. Möge euer Tag gut sein. Möge euer Ende von guter Art sein. Göttliche Lichter leuchten auf eurem Gesicht. Möget ihr keine Härten, keine Probleme erleiden. O ihr, die die Befehle Allahs, die Tradition Seines Propheten einhalten!' Allah Allah! Masha'Allah. Madad ya Rijal Allah. O die den Weg Allahs suchen, o die Allah wollen! Die, die Seinen Propheten lieben, haben den Weg Allahs gefunden. Die, die den Geliebten Allahs nicht im Herzen bewahren können, sind die Männer Shaytans. Sie sind für nichts gut. Marhaba, Geliebte! Möge euer Tag sich erweitern, mögen euere Herzen mit Freude erfüllt werden. Möget ihr gute Nachrichten erhalten und euere Herzen voller Freude sein! Möge euere Arbeit gut vorangehen. Welche Arbeit haben wir? Wenn wir sagen, 'Möge euere Arbeit gut vorangehen', meint das euere Jahd, Anstrengung, auf dem Weg Allahs. Worin liegt der Ruhm eines Gläubigen? Im Streben auf dem Weg Allahs. Das ist ein Gläubiger: Er strebt auf dem Weg Allahs. Die Bedeutung von "Jahd", Streben, ist, daß er Jihad macht. Und die Bedeutung on "Jihad" ist, er überwältigt Shaytan! Ihre Herzen sind mit Glauben erfüllt. Sie sind unsere Geliebten. Die Gläubigen sind diese: die sagen "Allah"! Allah.. O unsere Geliebten, Marhaban. Möget ihr euch immer öffnen, in Ausdehnung sein. Ihr machtet euer Salah und kamt zu einem Sohbat. Ihr seid hier anwesend. Möge Allah Licht in euer Herz geben. Möge unser Prophet Fürsprache für euch einlegen. Mögen euere Werke gut gehen und möge die Barakah der Engel, die Barakah ihres Lobpreises auch auf euch sein. Wie schön!

Diese unsere Versammlung ist eine Versammlung der Geliebten, keine Versammlung von Shaytanen. Die Geliebten, wie schön sind die Geliebten! Engel kommen auch und sind hier anwesend: 'Diese Diener folgten dem Heiligen Befehl Allahs des Allmächtigen und kamen hierher, um sich in einer freundlichen, liebgewordenen Versammlung zu treffen, um miteinander

zu handeln.' Welcher Handel, Yahu? Hier ist ein Marktplatz, ein Geschäft? Nein. Nein. Ihr Handel ist: Einer sagt, 'Ich habe einen Diamanten, du hasten einen Smaragd, dieser hat einen Rubin, der hat einen Zabarjad.' Wir sitzen hier für einen Handel wie den, zu sagen Allah! Wir sitzen hier dafür. Unsere Versammlung geht nicht darum, die Menschen Allah vergessen zu lassen, sondern um Allah zu erinnern. Sagen wir: Allah Hu Allah, Allah Hu Allah, Allah Hu Allah. Allah Hu Allah. Sein Rasul ist unser glorreicher Prophet. 'Marhaba. Möget ihr euch öffnen, möget ihr voller Freude sein.' Die Engel sprechen so in derartigen Versammlungen. Die Engel sagen auch Marhaban zu denen, die kommen, um sich für Allah zu treffen. Die Engel sind auch dort anwesend. Die Engel sind die, die das Licht der Himmel tragen. Sie bringen euch von diesem Nur, und ihr werdet keine Härten erleiden. Und die Engel werden stolz auf euch sein. 'Hier ist ein wunderbarer Duft. Wer ist hier?' Sie kommen herunter, um zu sehen, wer dort ist, und um zu sehen, daß die Geliebten dort sind, was bedeutet, diese sind die Diener, deren Herzen voll sind mit der Liebe Allahs und Rasulullahs! Masha'Allah. Möge das Licht, das auf sie herabkommt, auch auf uns herabkommen. Wir sitzen hier auch. Ihre Versammlungen sind umgeben mit Engeln, sind voller Engel. Allah! Marhaba! Möget ihr euch öffnen. Die Engel sagen: 'Marhaba euch von uns. Möget ihr euch öffnen in der Dunya, mögen euere Gräber weit sein und ein Paradiesgarten. Möget ihr enden mit einem Treffen im Jannatu l-Ma'wa. Gläubige, wir sollten dem Befehl unseres Herrn hohen Respekt erweisen. 'O Allah, Dein Befehl ist der höchste. Wer Deinem Befehl folgt, ist Dein Diener.' 'Wenn der Beginn jeder Tat im Namen Allahs ist, ist das Ende nie abgeschnitten.' Wer "Allah" sagt am Beginn seiner Arbeit, die Arbeit dessen, der den Ismu l-Jalil Allahs des Allmächtigen sagt: Bismillahi r-Rahmani r-Rahim, gerät nie ins Hintertreffen. Das Bismillah macht es vollständig. Kommt zur Besinnung! Wir sollten zur Besinnung kommen, wir alle. Wir sollten die Versammlungen der Geliebten aufsuchen. Wir sollten die Versammlungen der Geliebten aufsuchen. Sucht die Versammlungen der Geliebten auf! Wandert nicht sinnlos auf der Straße herum. Sucht die Versammlungen der Geliebten, geht und ihr werdet dort geehrt werden.

Heute ist ein neuer Tag, die Engel kommen voll, voll mit Gnade. Sie kamen mit den Gaben des Malakut. Sitzt und bittet sie, nehmt eueren Anteil von ihnen. Schaut nicht auf eueren Anteil in der Dunya. Es ist nicht nasib. Es ist für nichts gut. Was die Engel bringen, sind Juwelen. Die Treffen der Leute der Dunya sind Müll und Kadaver. Sagt Bismillahi r-Rahmani r-Rahim.

Marhaba, geliebte Freunde! O Geliebte, möge euer Tag geöffnet werden. Mögen euere Herzen Erleichterung finden. Möge euer Lieben und euer Sehnen zunehmen. Möge die Liebe Allahs, die Liebe Seines Propheten euch Leben geben. Möget ihr im Licht sein, wenn ihr die Dunya verlaßt, und möge euer Grab auch mit Licht erfüllt sein. Möge es nicht schlecht riechen! Manche Leute sagen, sagt ihnen, die Gräber der meisten Leute stinken, riechen sehr schlecht. Wir können nicht nahe an ihren Gräbern vorbeigehen nach ihrer Beerdigung. Warum? Weil sie sehr schlecht riechen. Seid nicht von denen, die schlecht riechen, seid von denen die gut riechen. Sie sagen über andere, 'schlechter Geruch'. Sie nennen den Geruch der Rosen 'Rosenduft'. Nehmt den Rosenduft und riecht ihn und euere Probleme werden von euch aufgehoben werden, euer Herz wird mit Freude erfüllt sein. Sagt Bismillahi r-Rahmani r-Rahim. Unser Herr, Tawba ya Rabbi. Tawba Astaghfirullah. Tawba Astaghfirullah.

Geliebte! Wir sind heute hier anwesend. Unsere Hoffnung von Allah dem Allmächtigen und Seinem Geliebten ist, daß welche Zeit auch für unser Leben bestimmt ist, die Tage unseres Lebens schön verbracht werden. Mögen sie ohne Härten, ohne Probleme verbracht werden. Mögen unsere Körper gesund und sicher mit den Himmlischen Gaben sein. Möge unsere Arbeit im Dienste unseres Allahs sein. Was ist euere Arbeit, euer Leben, wenn ihr nicht Dienst für Allah tut? Es ist das Leben eines Kadavers! Ihr seht nicht besser aus, wenn ihr eueren Bart ausrupft. Und Frauen werden nicht schön, wenn sie Makeup anlegen. Schönheit kommt von den Himmeln herab zu Frauen und Männern, kommt zu den Gläubigen herab. Aber ihr habt nicht danach verlangt. Ihr habt Schönheit durch Makeup gesucht. Makeup kann euch keine Schönheit geben. Sagt Bismillahi r-Rahmani r-Rahim und guckt euer Gesicht im Spiegel an! Wir sagten Bismillahi r-Rahmani r-Rahim. O Herr, mögest Du es annehmen. Mögen die Härten von uns aufgehoben werden, o Geliebte! Möge Allah und Sein Prophet, die uns in der Dunya versammelt haben, uns auch in den Paradiesen versammeln lassen, o unsere Freunde, die Glauben haben. Wir sollten sagen "Allah". Wir sollten Salawat auf den Propheten machen.

As-Salamu Alaykum. Kommt herein. Kommt herein. Dies ist ein Ma`ida. Die Jünger des Propheten Isa (as) forderten einen gedeckten Tisch von den Himmeln. Wir gehören nicht zu denen, die einen Tisch von den Himmeln fordern. Wir erbitten von den Lichtern, der Majestät, Ehre, Schönheit, Vertrautheit der Himmel. Das ist, was wir wollen. Aber sie sagten: 'Möge ein Tisch von den Himmeln herabkommen.' Seht, was sie forderten, die Leute, die die Christen als

Heilige betrachten! Sie sagten zu S. Isa (as): Möge ein Tisch von den Himmeln zu uns herabgesandt werden. Was von den Himmeln herabkommt, ist Ehre, Licht, ist der Tisch des Glaubens! Warum erbittet ihr nicht das? Die Jünger konnten nichts anderes zu erbitten finden, sondern sagten: 'Möge ein Tisch von den Himmeln zu uns herabgesandt werden. Wir werden davon essen, und unsere Herzen werden zufrieden sein.' Nein, es ist nicht euer Herz, das zufrieden sein wird, sondern euer Tier. Sie aßen herzhaft. Wo sind die Gefährten unseres Propheten, und wo sind die Jünger S. Isas? Die Gefährten sagten zu unserem Propheten, weil sie vielleicht einen Tag oder zwei Tage nichts gegessen hatten: 'O Rasulullah, wir banden uns einen Stein um den Bauch, damit der Schmerz unseres Hungers uns nicht belästigt.' Der Prophet (saws) hob sein heiliges Hemd und zeigte ihnen: Sie hatten einen Stein, aber er hatte zwei Steine umgebunden. Ihr solltet so sein. Das ist der Prophet des Zeitenendes. Er ist der, der alle Propheten lehrt. Alle Propheten küssen ihm die Hand, sie küssen sogar seine Füße. O glorreicher Prophet! Wer kann dir den Respekt erweisen, der deiner Herrlichkeit gemäß ist! Es ist eine Schande, daß einer, der beansprucht, Muslim zu sein, den Wert der Ehre unseres Propheten nicht erklären kann. Sie sagen "Shirk". Ihr Verstand ist besessen von "Shirk", die Hohlköpfe! Shaytan machte auf ihre leeren Köpfe. Dieser Prophet... "Qul 'innama 'Ana Basharun Mithlukum Yuha Ilayya" (41:6). 'Ich bin ein Mensch wie ihr im Offensichtlichen, aber meine Besonderheit ist, daß ich Offenbarungen von den Himmeln empfange. Jibril bringt mir die Offenbarung meines Herrn. Ich bin wie ihr im Offensichtlichen, aber meine Wirklichkeit ist anders.' O glorreicher Prophet! Nicht einmal die Engel der Sieben Himmel können genug sein, um deine Wirklichkeit zu beschreiben, um über deine Wirklichkeit zu sprechen. Was können wir sagen? Hier, wir sagen so viel wie unser Verstand erfassen kann. Wer den Propheten (saws) nicht rühmt, hat keinen Iman. Wer den Propheten nicht rühmt, hat keinen Iman. Die die Stufe unseres Propheten herabsetzen wollen, haben gar keinen Iman! "Muhammadun Basharun wa Laysa kal Bashari. Bal Huwa Yakutatun, wa n-Nasu min Hajari." Er ist ein Mensch, aber er ist kein Mensch, wie ihr glaubt. Die Menschen sind wie schwarze Steine und er, unser Prophet, ist der Rubin. Er ist der Rubin des `Arsh! Preist ihn! Wo sind euere Gelehrten? "Wa n-Nasu min Hajari". Die Menschen sind unter den Füßen wie Steine. Unser Prophet ist der Meister der Schöpfung. Er ist es, der Ziel der Göttlichen Ansprache 'O Mein Geliebter' war. Preist ihn, damit ihr gepriesen werdet.

"Sawfa Yamuddukum bi Saba`t 'Alafin mina l-Mala'ikati." Er verläßt sich nicht auf das, was auf Erden ist. Er sucht nach der Hilfe Allahs des Allmächtigen. 5000 (Engel) kamen. Er (swt) sagt dann: 'Ich werde noch einmal 7000 senden.' Selbst einer von ihnen ist genug, aber weil die Menschen erpicht darauf sind, viel zu haben, sendet Er (swt) eine große Anzahl. "Wa Sawfa Yamuddukum Rabbukum bi Saba`t 'Alafin mina l-Mala'ikati Musawwimin". Was gemeint ist mit Musawwimin, ist das Ende dieses Turbans, das hängt. Die Engel kamen so auf dem Rücken ihrer Pferde. Unser Prophet ließ das Ende seines heiligen Turbans lose hängen und sagte: 'O meine Gefährten! "Nazal Nazalatu l-Mala'ikatu Masawwimin". Die Engel kamen gerade mit Zeichen herab. Was er meint mit Musawwim ist dieses Endteil, das Ende des Turbans. Der Prophet (saws) sah die Engel so, also sagte er das. Sie entfernten auch das. Sie entfernten auch das, verwandelten sich in Affen und immer noch wagen sie es zu beanspruchen: 'Wir sind Gelehrte.' "Man Tashabbaha bi Qawm fa Huwa minhum", ist das kein Hadith? Wer aussieht wie ein Ungläubiger wird ein Ungläubiger. Seht aus wie die Gefährten. Der Sultan der Propheten (saws) ließ das Endteil seines Turbans lose hängen und sagte: "Qad Tasawwamat. Sawwamu Fa'inna l-Mala'ikata. Nazalatu l-Mala'ikatu Masawwimin" - Die Engel sind mit Zeichen herabgekommen Er sagte: 'Sie kamen mit Turbanen und hatten solche Kennzeichen.'
Wissen euere Gelehrten das nicht? Sie tun sich Takka auf den Kopf. Ihr seid große Gelehrte, warum tragt ihr nicht dieses Zeichen der Unterscheidung, Musawwimin, damit Allah der Allmächtige euch Majestät gewährt? O Herr, Du weißt. Unser Taswim, Zeichen, ist das lose hängende Ende unseres Turbans und auch unser anderes Zeichen ist zu sagen Bismillahi r-Rahmani r-Rahim. Es ist eine Bedeutung darin. Die Engel kamen "musawwimin" und kamen auch herab mit dem Bismillah. Steht das nicht in eueren Büchern? Doch. Aber ihr seid an euere Frauen gebunden. Ihr habt euere Gesichter rasiert. Ihr habt euere Kleidung gewechselt. Ihr legtet die Erscheinungsform der Engel ab und legtet andere Dinge an, die ihr erfunden habt, die keinen Wert haben. Der Wert und die Ehre liegt im Gewand der Engel Allahu Dhu l-Jalals. Wie unser Prophet (saws) gekleidet war. Das ist, was geschrieben und befohlen ist. O Geliebter! O geliebte Freunde. Deshalb hatten in der alten Zeit die Dörfler ihre eigenen Taschentücher, und sie rollten sie auf, taten sie auf den Kopf und beteten so. Schande auf die Muslime jetzt, die Angst vor den Ungläubigen haben. Sie bekämpfen einander. Diese sind keine Muslime, sie sind die, die Dunya anbeten. Die die Dunya anbeten, sind die die Shaytan anbeten. Und die Shaytan anbeten, sind

Ungläubige.
Ich sage das auch zu den Führern, daß wessen Kopf nicht bedeckt ist, wie der Prophet (saws) es mit seinem heiligen Turban machte, ihr Glaube sie nicht retten kann. Setzt die Krone des Propheten (saws) auf eueren Kopf. Tasawwamu Fa'inna l-Mala'ikata Qad Tasawwamt. Das ist der Befehl, und es ist nicht nur für die Sahaba. Es ist nicht nur für die, die in Badr, in Uhud herunterkamen. Die Ansprache ist für sie alle: Tasawwamu. Die Engel kamen wie der Wind herab mit Turbanen auf dem Kopf und das Endteil ihrer Turbane lose den Rücken herabhängend. Sie vernichteten den Feind wie ein Hurrikan, wie ein Tornado. Was ist euere Waffe? Welche Waffen habt ihr? Es sind die, die die Feinde des Islam erfanden, um den Islam zu zerstören. Wenn ein Wali Allahs einmal sagt "Allah", kann er sie alle vernichten. Wir haben Macht in uns. Das haben wir. Aber sie lassen sie, damit sie ihre Lektion lernen. In Ägypten sind 700 von ihnen, von den Heiligen. Nur einer von ihnen kann die ganze Welt erschüttern. Aber 'Laßt sie, damit sie ihre Lektion lernen.' Das ist Ägypten! Sie protestieren, weil sie nicht das Vergnügen finden können, das sie vorher hatten. Dieses Vergnügen war in der Zeit des Königs, in der Zeit des Khedivats. Sie verstießen ihn in der Hoffnung, es käme ein Guter, aber sie wurden 7x schlimmer. Jetzt erleiden sie die Strafe dafür. Was hat der Khedive euch Schlechtes getan? Was habt ihr an Bösem von ihm gesehen? Es war ein ehrenwerter Staat. Ägypten hatte die Schätze von 7 Staaten. Jetzt braucht ihr sie. Ihr werdet Gas verkaufen. Ich war drauf und dran ihnen zu sagen: Verlegt Rohre in die Toiletten und nehmt den Geruch darin, um ihn auch zu verkaufen, und sagt, es ist natürliches Gas. Und mögen sie darin ertränkt werden.
Die Awliya sind ärgerlich. Sie sind voller Zorn. Sie werden zerstören. Der erste Feind des Islam ist der Westen. Die christliche Welt war neidisch auf den Islam seit seiner Geburt. Die jüdische Nation ist schlimmer als sie. 'Was können wir tun, um den Islam zu übertrumpfen?' Also machten sie die Technologie, und jetzt sagen die Muslime: 'Bitte, gebt uns auch von diesen Waffen. Wenn einer von euch sagt "Allah", kann er sie alle vernichten. O Gelehrte, Gelehrte Ägyptens, sprecht! Sagt, 'Dieser Mann lügt' über mich, und ihr werdet am nächsten Tag in euerem Grab beerdigt. Sie mögen im Hijaz oder in anderen islamischen Gebieten sagen, 'Diese Worte sind nicht wahr'. Wir kaufen europäische Technologie, um respektabel zu sein. Ihr werdet nicht respektabel, sondern ihr werdet Tiere. Es wird Zorn kommen. Es sind 700 Heilige. Mamalik Al-Misr. Sie sind in Ägypten, sie halten sich ruhig. Sie alle sagen: 'Laßt sie, es gibt

niemanden, der uns ruft. Würden sie uns anrufen, könnte auch nur einer von uns alles umwandeln. Diese sagen nicht "Ya Allah", sie rufen nicht Allah an. Laßt sie vernichtet und diszipliniert werden.' O Leute Ägyptens. O ihr Gelehrten und Gebildeten, beherzigt das oder ihr werdet Rajab nicht erreichen. Die 700 Heiligen dort sind voller Zorn. Wir sind nichts. Wir können nicht einmal wie der Staub unter den Füßen dieser Heiligen sein. Sie sind Drachen.

Abgesehen von Ägypten, abgesehen von dieser Welt, jeder einzelne von ihnen hat die Macht, 100 Welten zu zerstören. Sie haben die Macht Allahs und die Kraft des Propheten.
Der Präsident des Iran ging und küßte den Sarg des Ungläubigen. Und er kommt hervor und sagt: 'Wir sind Muslime!' Schande auf eueren Islam! Dieser, der der Präsident des Iran ist, ging unter den Sarg des Ungläubigen. Er fürchtete nicht Allah, er schämte sich nicht vor dem Propheten. Er schämte sich nicht vor unserem S. Hassan und S. Hussein Effendis, er ging und trug den Sarg des Ungläubigen auf den Schultern. Sie nennen diesen Mann Ahmad Najad. Möge es keinen Mann geben, dich zu tragen! Es ist jetzt Ärger in allen Awliya. Sie wurden wie Drachen. Sie wurden sehr böse, daß ein Muslim geht und seine Schulter unter den Sarg eines Ungläubigen tut und dort weint. Wo ist der Iran und wo ist Venezuela? Welche Verbindung haben wir mit ihnen? O Gelehrte, die Gelehrten der Azhar ash-Sharif! Warum macht ihr nicht den Mund auf und sprecht? Was fürchtet ihr? Wovor fürchtet ihr euch? Ihr wartet auf Geld? Schande auf euch. Aman ya Rabbi! Was die Türen zu unseren Schätzen öffnet, ist Bismillahi r-Rahmani r-Rahim. Sagt es und fürchtet euch nicht, o Geliebte. O geliebte Freunde!
Der Zorn kommt, aber danach kommt ein Vorschlaghammer herunter und bringt die Welt zum Explodieren! Mahdi (as) ist bereit zu kommen. Ich weiß nicht, ob er im Rajab kommt oder vorher oder hinterher. Aber er wird viele Hohlköpfe nehmen. Er wird keine Tyrannen übrig lassen, jeden, der die Muslime betrogen hat. Du gehst vom Iran den ganzen Weg bis zu diesem.. Wie hieß dieses Land? Du gehst nach Venezuela, hast du nicht die Ehre des Islam? Du gehst dahin und gehst unter seinen Sarg? Dann sagst du 'Ich bin Muslim. Wir sind Shi`a." Was ist Shi`a? Shi`a geht zu den Ungläubigen? Wo sind ihre Imame? Sie sollten Fatwa geben und sagen: 'Dieser Mann hat keinen Iman'. Wie kann ein Muslimführer zur Beerdigung eines Ungläubigen gehen und unter seinen Sarg gehen? Was für eine Dummheit ist das? Es wird Zorn kommen. Sie haben 12 Imame? Der 12. Imam wird sie vernichten. Wenn die Türken sich nicht ausrichten,

wird auch auf sie eine Peitsche kommen. Für die im Hijaz, sie alle, für die in Ägypten, sie alle, kommt sie. Aman ya Rabbi, Tawba ya Rabbi. Wir sollten bereuen, zurückkehren zum Weg Allahs und Seinen Geliebten lobpreisen. Wer seinen Lobpreis als Shirk betrachtet, wird die Dunya als Ungläubiger, ohne Iman verlassen. Allahu Dhu l-Jalal akzeptierte Seinen Geliebten auf dem `Arshu r-Rahman. 'Tritt auf Meinen `Arsh, o Geliebter!' Er (swt) nahm ihn an in Seiner Gegenwart. Es gibt Menschen, die betrachten den Lobpreis für so einen Propheten als Unglauben. Ich glaube, sie werden entweder bis zum Ende des Rajab leben oder sie werden bis zum Ende des Ramadan erledigt sein. Tawba ya Rabbi, Tawba Astaghfirullah.

Es kommt noch Zorn jetzt. Die Awliya sind sehr böse mit diesem Mann, der sich "Shi`a" nennt, die sagen 'Wir sind Muslime.' Ihr Präsident ging unter dem Sarg dieses Ungläubigen, küßte ihn und weinte? Welche Art von Islam ist das? Welcher Imam von den 12 Imamen kann das akzeptieren, Iraner? Habt ihr gar keinen Verstand? Welcher Imam von den 12 Imamen kann Fatwa geben für eueren Führer, nach Paraguay oder was immer zu gehen, unter den Sarg ihres toten Führers zu gehen und um ihn zu weinen? Was ist los, daß du den ganzen Weg von Iran bis nach Paraguay gehst? Das ist kein Respektbeweis für sie. Das ist Unglauben! Wo sind die Imame des Iran, Sadr dies, Sadr das, wie konntet ihr Fatwa dafür geben? Sie fürchten Allah nicht! Aber es wird etwas kommen. Wir nehmen auch Zuflucht bei Allah vor unserem schmutzigen Ego. Sie bringen uns zum Sprechen. Wir betrachten uns nicht als ausgenommen davon, aber möge Allah unserem Ego nicht die Chance geben. Möge unser Ende von guter Art sein. Wir werden die Fahne des Islam tragen. Wer die Fahne des Islam trug, waren nur unsere großen Vorfahren, die Osmanen. Die Osmanen werden kommen und die Fahne des Islam hissen. Sie werden die Araber strafen sowie die Iraner. Es kommt, es nähert sich. Ich bin ein schwacher Diener. Ich bin ein sehr schwacher Diener. Ich habe nicht mal die Kraft zu sprechen sondern sie lassen mich sprechen, o Geliebte, o geliebte Freunde, sie lassen mich sprechen. Ich habe nicht die Kraft zu sprechen, nicht mal ein Wort.

Wo ist Ekmeleddin Bey, der sich selbst Führer der Muslime nennt? Soll er sagen, 'Dieser Shaykh lügt.' Ich bin kein Shaykh, aber sie nennen mich Shaykh. Soll er das sagen. Er wird auch den Ramadan nicht überleben. Es gibt Zorn der Himmel. Er nähert sich. Wir suchen Zuflucht bei Allah. O Herr, vergib uns. O Herr, vergib uns. Alles, was wir tun, ist falsch, verderbt. Es gibt keinen Respekt vor unserem Propheten. Sie werden alle genommen. Tawba ya Rabbi. Türken,

Kurden, Araber, steht alle auf und haltet die Fahne des Propheten! Allah wird euch helfen. Fürchtet nicht die Waffen und Kanonen der Europäer. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Sagen wir, o Geliebte, Bismillahi r-Rahmani r-Rahim. Wir bitten um den himmlischen Schutz des Bismillah, möge Er (swt) uns damit bekleiden. Amin, Amin, wa Salamu `ala l-Mursalin. Wa l-Hamdulillahi Rabbi l-Alamin. Al Fatiha.

## Study of Holy Qur'an Is the Best Curriculum - The Trust of the Holy Qur'an

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultan Allah.
Alfu, alfu salaat, alfu, alfu salaam `ala Sayyidi 'l-awwaleen wa'l-aakhireen wa`ala aalihi wa saahbihi ajama`een. (Mawlana Shaykh sits.)

O our Attenders! As-salaamu `alaykum, to who are asking to hear some heavenly khitaab, addressing cleaning our ears, cleaning our minds, cleaning our hearts, cleaning our material being, our bodies. Therefore, O attenders, try to reach a happy life, a restful life, full with pleasures life, full with pleasement. Come and listen as you like, as you like! And we are asking for heavenly support from our responsible one. Everyone's lives on this planet, under the seas and oceans or over oceans or across continents or flying ones, everything, it is under that one's responsibility.

Therefore, we must keep adab with our representative, he who is our representative in heavenly levels, and he is sending from heavenly imdaad, support, heavenly powers that makes us to exist. If heavenly support is not reaching to anything, it is going to finish and vanish. Therefore, he has responsibility for everything in

existence in this dunya: on this planet, in oceans and through continents. Therefore, we are asking for that one's support for our weak personality. If he is not giving a support from heavens to our personality, (sound cut) then we are imitated ones going around this world. If a heavenly support is not coming to feed our real identity that belongs to heavens, then we are nothing!

Marhaban, welcome for everyone who asking to hear something, yes. Man has such a personality and they are asking to know, to learn, but Shaytan is trying to make all Mankind on this planet not to learn or to understand. And now as the Holy Qur'an is mentioning, we are in `ahdu 'l-jahiliyyah, an age of ignorance. Now we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem not to make our understanding in a wrong way. Shaytan and its followers, that dangerous enemy tries to make everyone’s speech that belongs to heavenly levels a misunderstanding! That is Shaytan's mission, yes!

The Holy Qur’an, the Old Testament and New Testament all have reached people. Those holy books are well known, making clear the truths sent from heavens to earth, yes. But Shaytan is coming in so many people's understanding, saying, “What do you think about that verse?" He may say, “That verse is a clear command,” because Allah Almighty is never sending something that cannot be understood. Only Allah Almighty is saying, •••••••••••• •••••••••••• la`allakum tadhakaroon , "That perhaps you might remember, that you might be admonished."

You must think on it, that every holy verse is bringing a gigantic ocean from its meanings, but you must not say that this is an ocean: in the ocean there are countless creatures, countless fishes, countless living units. That is a reality, but Shaytan is saying, “Don’t believe what they are saying, that this ocean contains countless creatures, and that Who created this ocean is also giving life to countless kinds of creation that you can’t imagine."

Even your imagination can’t reach the last point of what has been created in that ocean! But Shaytan is saying, “Look, but don’t believe that there are so many kinds of fish and other units!” When heavenly revelation reached prophets, and particularly the Seal of Prophets (s) and the Holy Qur’an was granted, Allah Almighty was saying so many things that if an ordinary one was looking, he will say, "We have not seen such a meaning before!" Your telescope is showing you a distance, and there is another more powerful telescope reaching deeper in space, revealing this and that, but with a naked eye you are looking (and cannot see it).

I remember when I was seven or eight years old, I was seeing small spots of stars, and we had at that time an oochak, a stick for cooking. We have such small things that we are putting in it fire and putting on it, an oven and it was like this (gestures). I was thinking it must be one of them, it was a small oven, that was my opinion according to my imagination. Then people were asking to look deep into space and invented telescopes. I am remember also the first telescope; it was like this, 1m and 50cm. In old books, particularly in encyclopedias, they are showing from beginning up to our days, and we humans are seeing it is such a gigantic, a`waalim, universe, so big. One of those astronomers was working and he has his value, he is a famous one working in the telescope center. Once he was looking around and looking at that gigantic one, but it is written on it a warning, "Please don't look with (naked) eyes at this." He knows. He said, "Now no one is here, even if they are warning it doesn't matter. I must try for myself." As soon as he was put his eyes and looked, he fainted. And people ran to him, asking what happened, and learned he was looking secretly through the telescope and he fell down!

Through such a telescope we also are looking and seeing so many things. Mankind has such a khusoosiyya, specialty, a thirst for knowledge. Then they launched satellites, putting telescopes on them and sending them up. Then they are astonished, ta`ajjab, when the photographs are coming, and saying what we are seeing and looking at it is nothing (compared to the vastness of the universe). In reality, it is only one foot in distance that they are looking and turning and so on. Man is asking to learn more and more. Holy books are coming and everyone may look in it and may understand something. But that is not the last limit for understanding, in holy books. But Shaytan is urging people to look at only the letters, what it is written: letters, ayaat, verses. Bismillahi 'r-Rahmaani 'r-Raheem. Alhamdulillahi rabbi 'l-`alameen. What are you understanding? All glory is endlessly for His Majesty, for the Lord of Creation. Nothing else is in it? Endless kalaamullah, Allah Almighty's heavenly words! And is it not coming from the highest position?

•••••••• ••••••••••• ••••••••••• •••••••••••

Wa laqad yassarnaa 'l-Qur'an li 'dh-dhikr, And We have indeed made the Qur'an easy to understand and remember. (54:15, 17, 22, 32, 40, 51)

"We are sending the Holy Qur'an to think on it." It is not just to look with the naked eye, no!

Don't be such a person who is yushaajir, arguing, saying "We do not believe what people are saying, that

there are so many creatures in that ocean, because we are not seeing." They are saying that shaytanic principle, to make people not believe anything if they don't see it hear it, or touch it! Therefore, they are saying, “That is only a huge water in this place, we are not accepting that there are so many things in it.” Shaytan is coming in front of holy books, saying to people , “Don’t believe what your prophet is saying! It has been taken from holy books. Don’t listen! Believe only in verses one-after-one; beyond that don’t say, 'yes, we believe.'”

La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. That is our attenders' big fault! Mankind will be questioned, "What have you learned from Holy Qur’an? Which holy command were you keeping? What is your understanding, come and say!" Therefore, Allah Almighty sent prophets and sent holy books to them, because only that prophet has authority to open that ocean to show people. But sometimes people are a'amaa, blind ones, not accepting, saying, “We are not seeing anything.” That is what our attenders do!

Tonight our teachers are making me to speak in such a way. I left Salafi `ulamas tonight, because they are responsible really to look over the kingdom, in schools, in colleges, in high schools, in universities, in academies, to see what the group is teaching their students about the Holy Qur'an. Why are they putting Holy Qur'an to a place that young ones cannot see, reach, open, read and understand? Therefore, Salafi `ulamas, they are first responsible in the Divinely Presence, because they are not taking care in programs or lessons. Is what they are teaching more important than Holy Qur'an's teachings? Why are they not looking? Maybe this, or His Majesty, the king, and his ministers or umarahs, all of them will be responsible because they are not teaching the Holy Qur'an! And everything they are teaching in universities and high colleges is nothing next to the oceans of the Holy Qur'an! It is nothing! I am sorry to say this. If a power is through my hand, I am going to close all of them, destroy them and bring (a curricula based on) Holy Qur'an for understanding. I am going to bring Holy Qur’an into teaching!

It may be that person is munaafiq, a hypocrite, or jaahil, ignorant, or Shaytan! I am sorry to say, in Islamic territories all of them are not putting Holy Qur'an as the first line of teaching. Therefore, not coming on them heavenly blessings, no blessings, never! I am shouting to Shaykh ul-Azhar, Shaykh ul-Islam in Damascus, Iran, Yemen, Pakistan, Turkistan, Libya, in Africa; in all countries I am asking, why are you not putting Holy Qur’an for teaching in first line (priority)? Why is that `ikhtiyaari, optional? It must be ijbaari, mandatory! I am asking all authorities over people and they are tawjeeh, directing their nations to anything other than

what Holy Qur'an is directing them. Therefore, on Islamic world also is coming cursing. If one curse comes to non-Muslims, then two are coming to Muslims!! And on Islamic territories coming to people one curse and ten on their leaders!! May Allah forgive us.

O People! We must try to teach people. We are saying Holy Qur'an only at al-Haramayni Ashrafayni (haram shareef at Mecca and Madinah), the two most sacred places for Muslims to read Holy Qur'an. No one is opening Holy Qur'an and saying, “That is oceans!" and to show them what is written. Bismillahi ‘r-Rahmaani ‘r-Raheem, what does it mean? Alhamdulillahi Rabbi 'l-`Alameen, what does it mean? Ar-Rahmaani 'r-Raheem, what does it mean? Maaliki yawmi 'd-deen, what does it mean? Iyyaka na`abudu wa iyyaka nasta`een, what does it mean? Who is that One? It is an important question that I may ask Salafi `ulamas, that kaaf, liman huwa, (the Kaf, from whom is it?). Why is it not saying iyyahu na`budu wa iyyahu nasta`een (to Him)? So many meanings are coming that if it has been said iyyahu you must bring about, Who is Hu? Iyyaka, "to Allah Almighty" iyyahu na`abudu badal iyyahu nasta`een. If it has been said, iyyahu, you must bring meaning. Who is that Hu if it is saying kaaf, who is that mukhaatab, to whom are we addressing, iyyakaa, kaaf? You must look to that one, why are you not saying iyyahu na`budu wa iyyahu nasta`een. You have such a knowledge, then say! Say what the Salaf us-Saliheen said!

Such a person, perhaps you may say kharfaan. But I am asking why are you not saying iyyaka na`budu badal iyyahu na`budu nasta`een? Because first there is, Alhamdulillahi Rabbi 'l-`Alameen Ar-Rahmaani 'r-Raheem, Maaliki yawm id-deen. For Who is this? Then coming, Iyyaka na`abudu wa iyyaka nasta`een. Bring a tafseer for understanding, like such an old and jaahil one is making my heart to be in satisfaction. I am asking don’t swear at me, no! It is free for understanding. If I am saying what has been permitted, you cannot say, "That is going out of Islam." What is bringing you to Islam, say to me! May Allah forgive us.

O People! Every training in schools are empty, faadee, useless. We are not asking for tiban, straw. We are asking for hanta, wheat. We are asking for seeds, but you are trying to give people straw. People are not animals! They are asking for seeds to eat because we are humans, not animals! Tawbah yaa Rabbee, yaa Rabbee, yaa Rabbee, tawbah astaghfirullah! Give us a good understanding to work only for You, to achieve Your servanthood. Forgive us! Send us one who will teach us what we promised to our Lord on the Day of Promises.

May Allah (swt) forgive us for the honor of the most honored one, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

Fatihah.

They are making me sad. Therefore, I am not able to say to you:

Dome, dome, dome, dome. 4x

Through Mamlaka (Kingdom) people are occupying themselves with shaytanic music and they are not asking to hear heavenly music!

(Mawlana continues to sing.)

Antallah, Allah Allah, Allah Allah,
Antallah, anta Rabee, Anta hasbee, yaa Allah!
Anta Rabbee, Anta hasbee, yaa Allah!

Fatihah.

(44 minutes) Alhamdulillah, yaa Rabbee.

(Mawlana Shaykh speaks to Shaykh Hisham and Hajjah Naziha on the phone.)

## Subhanallah, Sultan Allah!

By the Name of Allah Almighty, Most Beneficent and Most Magnificent. That is (a) very short meaning from 'Bimillahi r-Rahmani r-Rahim' or 'Bismillahi r-Rahmani r-Rahim', if you are asking to bring (the) understanding that 'Bismillahi r-Rahmani r-Rahim' (is) keeping in it - (even) if whole oceans (are) going to be ink and whole trees (are) going to be pens, it is not enough for saying about the meanings about meaning oceans from 'Bismillahi r-Rahmani r-Rahim'! Only we are saying - as mostly people (here are) understanding (the) English language and it is a very short meaning: By the Name of Allah Almighty, (the) Most Beneficent and Most Magnificent.

May Allah make you to understand and to follow. Whole Prophets (were) just coming to teach people, to show people the right way. That means, (the) right way (is) making people to reach Heavens and Heavens (is) leading people to (the) divine Presence of Allah Almighty. People now they forget it now, whole nations, and every operation through whole countries they are asking only Dunya; to reach much more money and to save much more money - Subhanallah! And they saved

trillions or quadrillions from Pounds, Dollars, Euros (and) what happened? Which benefit came to them?

You are understanding. You are now knowing that since 6 months or 5 months just happened a crises that (this) crises (is) just shaking (the) whole world and making whole people living on this earth to think on it. And they are now going to be hopeless from their saved moneys; they are saying: “Ohhh, our whole money just finished!” (It was the) biggest mistake for nations after the First (World) War to take away (the) real value that it is gold, here and Hereafter; to take it away and putting paper money. Paper money never happened even through old times that they are saying: “Those people they are not knowing anything.” But they are knowing the value, real value, that is gold and then silver. They are taking; after 1918 they are taking (gold and silver) away, putting a paper, writing on it, as they like something. Therefore now people that saved their moneys, now they are understanding: “What we did? We only did... we saved only papers, written on it some numbers! Really we were so foolish ones! How we are changing (the) real value golden and taking paper?”

Yes, whole Empires and their Emperors and also (the) last Ottoman Empire, who was carrying the Flag, (the) holy Flag of S.Muhammad sws! (Here Maulana stands up) You must stand up when his holy name (is) just mentioned! That is Adab from Islam: to give as much as possible respect and glory for the Seal of Prophets that everything (was) created for his honour! What Allah Almighty (was) saying? “...law laaka law ma khalaqtu al-aflaaq... O people, if I am not creating the holy Prophet, My most glorified Prophet, (I would not have created creation)! (The) most glorified Servant in My divinely Presence, he is Muhammad sws!” He says ‘Muhammad’, but we must say Sayyidina Muhammad sws! He is Allah, He may say: “He is My servant”, but we must say Sayyidina Muhammad sws!
Just Islam (is) coming to people to teach people, how they should be; how they should deal with their Lord Allah Almighty (and) how they should deal with His most beloved and glorified servant, (the) most honoured one in His divine

Presence.

How you must deal with him? “He is not” – (as) Allah (Almighty is) saying – “he is not as one of you, no! He is from you, but he is not like you! You are under (Heavens), ‘tahta sarra’, but he is on Heavens, in (the) divine Presence!” That it is impossible to anyone to reach that point. He was (the) most beloved, (the) most respected one, (the) most honoured one in (the) divine Presence.
Allah Almighty (was) saying for Moses, S.Musa a.s.: “Ya Musa, ‘ikhra nalayk innak bi-l wadi-l muqaddasi tuwa!” When S.Musa was hearing the Sound from Heavens through that tree, he was running on it, but (there was) coming (the) Order: “O Moses, take up your shoes and come nearer to Me!” Then, (in) the Night of Miraj, Ascension, he (S.Muhammad sws) reached to (the) holy Throne of Allah Almighty and he was taking, he was running to take (off) what he was carrying on his holy feet... - that (here on top of my turban) is the shape of his shoes... like this... - He asked to take (them) away and (the) divine Order (was coming): “Don’t take (your sandals off)! Step on (the) holy Throne! (The) holy Throne (is) going to be honoured with your step on it!”

(This is) written through (the) Old Testament, (the) New Testament and (the) Holy Quran! Now people they are
thinking that Prophets (were) coming to make them servants for Dunya, to make them collectors of golden or silver! “What are you doing?” “We collected (money)...” What are you doing! Your whole world (is) coming and going and (you are) seeing (that) so many Pharaohs they are saving tons of golden and they were making a will. Their will (was) to be put, to be buried with them (their gold), nearby to them. Now what happened? Thousands (of) years no one (is) getting to be able to enter and to see what is in it, through (the) pyramids. (Then) they are looking and seeing there mummies. You can’t look to their mummies; only the shape that (is) on their coffin you may look (at), but if (you are) coming and looking (at the mummie), you must escape! Perhaps
several nights you can’t be able to sleep from the bad shape for that mummy!

Ramses and others, so many Pharaohs... Tutankhamen... so many. You can't look (to) them! Yes. No benefit for them and they are also saving and closing and hiding their treasures, not to be used after them. That is.

People, Shaitan (is) making them to work for Dunya, to be not (just) servants, (but) slaves. And 21st century people, all of them, they are, including (the) Islamic World, they are, all of them, they are not going to be servants of their Lord, the Creator, Allah Almighty, but they are running to be slaves for Dunya, under (the) worst command of Shaitan! Shaitan - that is (in) English 'Satan'. Now (the) whole world, including (the) Islamic World, they are slaves for Dunya!

And (the) Prophet (was) saying, sws, S.Muhammad sws, that: "Shaitan every day (is) coming and shouting, saying: 'O people! I have a daughter. I like to make her your... one of you to be my son-in-law. Who is accepting?' Every day (he is) coming and saying: 'I have a very beautiful daughter. I like to marry her one of you. Which one (of you)?' They are asking: 'How we can (do it)?' 'I shall look today: which (one) of you (is) getting me to be happy with your slavery for me, then I shall make my beloved daughter to be your wife!' 'What is that?' 'Dunya!' 'Dunya!' Whole people (are) running after to be son-in-law of Shaitan! Pity! Pity!

And (it has) no value, this Dunya and (the) Prophet sws, Rasulullah, was saying: "... shurbatan ma..." Saydi Rusuli-l kiram, Saydi-l Awalin wa-l Akhirin, (was) saying that Dunya, (the) whole (of) Dunya, what it is (its) value in front of (the) divine Presence: "(Even) if (the) whole Dunya or its value (is) going to be (only the value of) one wing of (a) mosquito, I am not giving (it to) those creatures that I created and they are not accepting to be My servants. No value!"

He gave, but at the end of this period, what happened? Allah Almighty now ordered: "That is your last point that you may run to take from Dunya much more.

Even you have much more treasures than Karun - Karun finished (and) you should be also finishing!" Whole Dunya (is) not accepting to be servants of their Creator Allah Almighty! Allah Almighty jalla jalaluh! If we are going to stand up up to end of our life, it is nothing! He is Allah Almighty, we are servants, o people!

O people! We are living in (the) second period of 'jahiliya', ignorance. This (is it). Once, the first one, was (in) the time of S.Rasulullah sws and He (Allah Almighty) was ordering and saying (in) this period of ignorance: "O My beloved one! (I am) sending you to take away from My servants (ignorance); to open their minds as well as their hearts to know, who created them and what they have been (created for), for which thing they have been created and which thing (is) asking their Creator from them."

Now whole people (are) reaching a second period of ignorance. No one (is) asking, no one (is) asking (about) what Allah (is) saying: no Arabs, no Turks, no Iranians, no Russians... no America, no Africa, no East and West people. I am never hearing that people (are) running on streets, asking what is (the) Orders of Allah jalla jalaluh. They are running on streets, they are saying: "That is (a) 'demonstration'!" Who was (ever) looking and seeing 'demonstrations' in Islam? (In) whole Muslim countries Muslims (are) getting out on streets and (are) shouting! That demonstrations - in which Verse (of the Holy Quran) just Allah Almighty (is) giving permission (to do that)? Or which Hadith (of Rasulullah sws is) ordering to them to run through streets?

Or (is) Allah Almighty saying: "Come to Me! Come to Me! Masajid buyut Allah!" Arabs, they know (Arabic), but (they are) not understanding... like myself... I know it, but (I am) not understanding...Which 'Alim from East or West, from Arab or Ajam, may say that: "Allah amr", has ordered His servants to get out (on) streets, man and women, shouting, making (demonstration)? Where is their mosques? Mosques (are) for Allah Almighty. If you have something (that troubles you), get

in and make your Dua, what you are asking, in (the) mosque. Why you are... (shouting in streets)!

Now today it is Cuma; (in) so many countries, (in) so many thousands of mosques people (are) praying, and then one (is) shouting: “Oh Palestine...!”, one another (is) shouting (something else)... What (is) happening to Muslims (that they are) making demonstrations outside! Which Shariat (is) saying this? “We are (making demonstration)!” To whom you are shouting on streets?
You must come in (the) mosque and say: “O our Lord, You (alone) may save ourselves, we are so weak! ‘Irhamna’, give Your Mercy to Your believers! Give Your Support (to) Your servants, whom they are running to make You happy with them!”

This (is) written (to do) or (to do) shouting on streets, men and women? And particularly for women, what Allah Almighty (is) saying, o Arabs? You are understanding Arabic also, I think! What is the holy Command of Allah Almighty for women? Astaidhu bi-llah: “Wa qarna fi buyutikunna! You must keep yourself (in the) deepest place through your homes.” Not appearing through streets! It is not Islamic, (it is not the) Islamic way, never! Iranian women (are) coming out.

Arab women also they are coming (and) shouting. Turkish Muslim women (are) coming and shouting! Egyptians (are) coming and shouting. Where is Azhar? Where is (the) Sheikh of Azhar to say (something)? From whom he is afraid? From whom (he is) afraid? Why (is he) not saying (the) Truth? If (they are) not saying (the) Truth, Allah should give them (a) punishment! Don’t fear! If you are asking to fear, fear from your Creator, from Allah Almighty!

And (the) holy Prophet was saying sws: “Wa lan yaghlib min ummati idha ashar alf min qillat!” O Muslims, you know this Hadith Sharif that (goes): “If my Ummah, if they are coming 12.ooo (of them), even they may come with swords, it is enough to be victorious”? (This is) because (Allah is saying): “Victory, I am

that One who (is) giving victory!" Not your 'sawarih', rockets, no! Don't depend on your rockets, no! When two armies (are) coming (and are) facing each other, Allah Almighty, if He is going to be with that handful (of) people, their whole Dunya armies should be finished!

But our faith (is) going on (the) point zero, therefore we are asking from this or from that help: "Support us to make Jihad!" That is not Jihad! That is not Jihad! No, Jihad (is) for Allah Almighty and Allah Almighty, if He is supporting, which side (He is supporting), it is enough (His Support)! 2, 3 Muslims, if Allah Almighty (is) supporting them, 3 billions or 3o billions (of their enemies) should be taken away! Enough!

We must change our ways! We must change (our) western 'usul', habits, we must leave (them). (The) Muslim World must leave (that); (they) must come to the line that (the) Prophet sws was on it. If not, they are going to be also finishing.
It is not important for Allah Almighty, if He is taking away billions, no! He sent (the) flood of Noah, (saying): "Take (these people) away!" Only 80 people (were) saved and (their descendants are) coming (to be) billions now!

He is Allah! You must know who is Allah, as S.Muhammad, as (the) Prophet is teaching you, o people! O people, if not, you must be punished. Now Allah Almighty (is) making (a) Punishment among Islam and Non-Muslims! Non-Muslims (are) making (it among) themselves (and) Muslims among themselves, because they are not asking: "What Allah Almighty (is) asking from us to do?" Eh! If you are not asking (that), (a) heavenly Punishment (is) coming!

Astaidhu bi-llah: "Qul: Huwa-l Qadiru 'ala an yabathu alaikum adhaban min fauqikum aw min tahta arjulikum aw yalbisakum shi'an wa yudhdiqa ba'adakum ba'asa ba'ad andhar (?)"

"Must be My Punishment! I must sent (a) punishment, when they are not obeying to Me and (not) following My heavenly Orders. I am taking My divine Revenge; either

(I am) sending on them - as I sent (before) - something from Heavens on them, or I am making a punishment (to come from) under their feet." (The) Prophet was asking: "O my Lord, don't punish my nation as You punished some rebellions from other nations (before)!" But Allah Almighty (was) saying: "Yes, I am accepting, but if they are continuing on their way, (the) wrong way, I must punish them!

I am making (them) 'ahzab', so many parties, I am making and they are beginning to kill themselves among themselves." As happened through (the) Children of Israel, when they were worshipping (the Golden) Cow: Allah Almighty (was) giving their punishment through themselves. (Those), whom they are not worshipping (the) Cow, (He was) making them to kill all (of those who had been) worshipping (the) Cow. He is Allah! You must know! You must correct your steps!

You must not follow Shaitan! You must follow your Lord, Allah Almighty!

These words by divinely Help of Heavens we may continue. Up to next year, (up) to (the) end of this world (it is) not finishing, but you must try to take, what it is (the) summary, what is the 'jevher', (the) valuable part. Take it and you should be saved! Or (else you) should be punished. Should be punished! Small ones, they are going to Paradise, big ones, according to their actions, should be judged!

Keep yourself! Run to Allah! Don't follow Shaitan, run to Allah!

May Allah forgive us! O our Lord! O our Lord, I am a big sinner, asking Your Forgiveness, (because) I am not trying to be Your sincere servant! I wasted my life (and) I am asking Your holy Blessings, to forgive me, o My Lord, for the sake of Your most honourable, most glorified Prophet, as well as every (other) Prophet. (They are all) glorified and honoured, but the most glorified one, (the one) most closer to Allah Almighty, (he is) S.Muhammad sws!

Ya Rabbi, fafuana wa-ghfir lana wa tub alayna! Yabath lana Sahib, yabath lana

malikan yahkum ‘ala-l Islam wa kulla dunya mina-l maghrib ila-l mashriq! Send us a Sultan, o our Lord, because we lost our way. That one may carry ourselves (to) Your true Path, right Path, to reach to You and our faces (are) going to be shining, not coming on it darkness! Amin! Amin!

May Allah forgive me and bless you! For the honour of the most honoured one, S.Muhammad sws, Fatiha!

## Submit to the Scales of Heavenly Justice

Justice is the main pillar of society. Like a tent cannot stand without the main pole, life of mankind cannot exist without justice. If we lose justice, every good characteristic that we have been given, will be lost. That is why it is so essential to keep justice alive. If we kill justice, every goodness which has been given to mankind by Allah will be lost.

I have been travelling through this world during this century and I am observing that the life of mankind is getting more and more difficult. The crisis is increasing and so is the suffering of people. Some people just want to reduce this to an economical crisis, but that is not the point. People have never been as rich as they are at the moment. But making people think that it is economical, is part of the plan to show people the wrong direction.

There are some groups of secret devils who want to cheat whole nations. They are succeeding by putting blinkers on their eyes and making them only concentrate on the economical situation. This is such a great lie. The real reason for the crisis is that there is no justice amongst people. That is causing the trouble. The balance of real justice is lost, which is why everything is upside down. Don't ever think that real justice can be a mind-production. Whatever our minds produce to achieve justice, will only cause much more trouble. The real rules of justice can only come from Heavens. The Lord of Heavens can only be perfect enough to give

justice to his servants. There is no comparison of the rules of Allah to your own mind-productions.

These rules have been lost. Christians have lost it, the Jews lost it. Even Muslims lost it, although Allah gave endless treasures and proofs to them. Now they are in deeper trouble than the western world, because there is no justice. They are not using the rules of Heaven.

Europeans still cannot recognise Muhammad* as being a prophet, as having been sent by the Lord of Heavens. They look all the way to Venus, but they cannot see the moon. There were so many prophets in the Old Testament and they are all recognised, but the one who is closest to our time and who is accepted by nearly 2 billion people all over the world, is not. What foolishness!

Everyone must be given their rights, Allah has given everybody rights. No-one should be harmed. Whoever harms should be taken away. Democracy lets everybody live freely, every devil can do as they want. If they do get caught, they are put into a hotel with breakfast lunch and dinner, and even tea-time. Is this justice? It is like taking a wolf who has just killed a man, put it in a cage, feed it for a year and then say that it has become a good wolf. You will release it, it will run out and kill the next. You will put it into the cage for a second time, this for two years, and you will probably say that it needs company, so you give it a wife too. After two years they are left to go out and continue their killing. Is this justice? That is the main trouble. Devils must be taken away from the community. As long as people are cheated by devils, there cannot be any peace on earth. People must ask for real justice.

Judaism has no more power even though all the mind-productions of justice were brought by them. All 'isms' were brought by Jews, because no-one can think as well as they can. But they failed. That is why they too are asking for the Messiah to come, because they too are fed up. They tried all the 'isms' they could; capitalism, socialism, communism, liberalism...

Christians, who are following those 'isms' too, are fed-up and also want Jesus to come back. Only Muslims seem to think that they are so important that they can arrange everything. But they are doing nothing.

It is important for every person who belongs to the human family to ask for real justice. This cannot be achieved under the ruling of parliaments. Parties can do new justice programmes, but it will lead nowhere. They all have to submit to the Scales of Heavenly Justice, then they will have justice.

Until today we tried everything. This century is now coming to an end. I don't think that the 21st will be able to support such people. They will have to go. We hope that only selected ones who are clean in their hearts, minds, works and characters, who are trustworthy, will be part of the 21st century. You must ask for true, trustworthy and clean people. If not, it will be impossible for anyone at all to reach the 21st century. According to traditional knowledge that is the last century for mankind living on this planet. The Day of Resurrection will be in the 21st century. May Allah grant us good understanding, that is what we need. May His Blessings reach his servants.

People have been cheated in the biggest way by having been told that they have been saved from the hands of the kings. Now people think that they have been given the freedom of governing themselves. But that is a lie. There is no power in our hands. In the 19th century there was one person in power where there are now 1000. Once upon a time there was one shepherd, now there are a thousand. The people are on the same position, only the top has been changed.

Europeans have been given intelligence by Allah, a much bigger capacity of thinking and learning and doing. My advice to you, is to know this reality too: you are not under one king, but there are 1000 leading you. Here, in Germany, in France, in Italy... everywhere they are telling lies and the sufferings will increase until they go and Allah will send someone of his sincere servants to establish justice.

We need Heavenly Justice. Not the justice of these people who say one thing, but do the opposite. They are cruel oppressors. According to traditional knowledge this is the time of tyrants. All these governments are oppressors, may Allah take them away and not even leave one of them.

May Allah send us one sultan for all nations to establish the Kingdom of Heavens and to destroy the kingdom of satan. You must try to help by being supporters of the Divine Kingdom and not of the satanic kingdom. May Allah send one of his servants to carry people from darkness to light, from ignorance to real knowledge, from disobedience to obedience, from slavery to the service of Allah. May he take them from a suffering to a peaceful life.

## Sufism banned in Malaysia

Bad news for those who don't believe in Tariqat and wo don't believe in the Naqshbandi order. They are not going to be (there) more than a year in Malaysia. Who fights me, if I am fighting them, they are never going to be there after one year. Disappearing or no power or should die.

As-salamu alaikum, Malaysian brothers and sisters, welcome. I am asking what news from Malaysia you have, because I am hearing that some ignorant people dress the dress of scholars, but are really unbelievers and only working to reach from Dunya some more physical pleasure, not asking Akhirat or the ways of Allah, not asking heavenly stations. They are like these creatures that move on their chest on earth, like crocodiles. They are asking only for salary, high-class people to be for Dunya. They are only for Dunya, not for Allah. Therefore they are against people, who live for Allah, because they don't live for Allah, they live for Dunya. We are asking to live for Allah and they represent the darkness of this life. The Naqshbandi order is calling people to come out from the darkness of our egos and to reach

enlightened stations of Heavens.

I heard that they banned the Naqshbandi order as they banned before Dar-ul-Taqwa(?). They think we try to come to power for Dunya. That is their intentions, their last aim: to reach much more from Dunya. But we are not what they think. We are a handful of people or more, we do or we try to do our best for Allah Almighty and to be good servants for Allah Almighty.

Up today that I was there, 15 years or more I came to Malaysia first- no Naqshbandi person harming any person or giving trouble for government. What Naqshbandi did for them? What harm coming to these foolish scholars from Naqshbandi people? If they may say one of our brothers or sisters did something wrong, gave trouble to government, may say to me! With which right going to ban Naqshbandi order that belongs to me? And Naqshbandi- they can't cut them. Millions of people are Naqshbandi. And the Naqshbandi order was the real reason not to die beliefs of people through Soviet Union in 8o years.

If not for the Naqshbandi order, up today it was impossible to find Muslims there. Only for the power of the Naqshbandi order beliefs just lived through the hearts of Muslims. Through 8o years they couldn't reach to their hearts. They must ashame, these scholars that are so bad people, living for Shaitan. They can't prevent me or the Naqshbandi order in Malaysia. I make a complaint to the Prophet salallahu alayhi wasallim and they should find themselves where they are going to be after a while, one year.

Unashamed people. May Allah curse them. They may try to ban the way of Allah- they can't do this. Who is making this is going to die one after one. And you must keep your rights as Muslims that according to the high command of Allah Almighty we make Dhikr. No one can prevent us to do Dhikr. If we do

against their rules, may call us to court and we may say. If may ask, I may come there to show their ways, where they are going and my way, to where going on. May Allah bless you and curse them. In Germany, England, Russia, even unbelievers and Christians, they don't make a ban on Tariqats. Who they are these foolish and cursed people? From where bringing that foolish fatwa? No doubt it's from Shaitan. They should be with him in Hells soon.

## Sufi Tariqats: The Wings of Islam

We have two powers, one is a part of our physical body, the second is our spiritual being. The physical being uses batteries. When it eats and drinks it gets power. The second one does not need to eat or to drink. It works through Heavenly Power. Angels do not eat, drink or sleep, and still they never get tired. That kind of power comes to people through zikr. The more zikr you do, the more power you will get from Heaven. Step by step such a person will not need to eat, drink or sleep. Angels have been glorifying the Creator since beginning of time without ever stopping. They have been doing this for billions and trillions of years without tiring.

People nowadays have lost that source of power. They want to get their power from eating and drinking. They eat vitamins, elixirs... They exercise and think they are becoming powerful! They are not. As long as they are not interested in their spirituality all that is rubbish! All animals are more powerful than those kind of people. Mankind have lost their way. They are going in the wrong direction. If they would know the real source, if they would keep the right direction, their lives would be so easy, peaceful, enjoyful and happy.

The handful of people who are interested in spirituality are not enough for mankind. The majority of people are on the level of animals. Their only interest is how they should eat, drink, dress and enjoy themselves. If anyone wants to reach their spiritual powers, the only way is to make zikr, to invoke the Name of the Lord

constantly. This will bring them into the Divine Presence.

## Sufitum - ein Weg zum Himmel

Es tut mir leid, daß ich die Gäste hier beim Essen und Trinken gestört habe. Wir glauben, daß nichts so verläuft, wie wir es programmiert haben. Zweifellos ist dies eine programmierte Begegnung. Aber das Programm hat zwei Seiten, eine für euch und eine für mich. Vielleicht dauert dieses Programm bis neun oder halb zehn oder zehn, aber das "himmlische Programm" entsprach nicht dem Zeitpunkt, den wir angegeben hatten. Wir sind fast eine Stunde zu spät, was sollen wir tun? Soll Sein Wille geschehen oder unser Wille? Wir müssen Seinem Willen folgen, wenn wir dieses Leben in Frieden verbringen wollen. Wenn wir immer unserem Willen folgen wollen, müssen wir jeden Tag kämpfen, jede Stunde, jede Minute, in ständiger Kollision mit dem himmlischen Willen, ohne jemals Ruhe oder Frieden zu finden.

Sein Wille oder unser Wille?

Darum sind wir Gläubige und glauben an unseren Schöpfer. Die erste Bedingung des Diener-Seins ist, sich den Anordnungen unseres Herrn zu ergeben. Danach müssen wir versuchen, uns Seinem Willen zu unterwerfen. Die meisten unterwerfen sich Seinen Geboten, aber es ist so schwierig, von unserem Wollen abzulassen und etwas davon um Seinetwillen zu opfern, denn ein wirklicher Diener muß den Befehlen seines Herrn aus Liebe folgen, nicht durch Zwang. Wer seinem Befehl unter Zwang folgt, ist ein Sklave; wer aus Liebe gehorcht, ist ein Diener. Zweifellos ist der Unterschied zwischen einem Sklaven und einem Diener sehr groß. Für einen Sultan sind sein Großwesir und sein Premierminister Diener. Aber er hat auch Sklaven zu

Dienern, aber ein Sklave hat keine Ehre. Er handelt aus Angst vor seinem Herrn; denn wenn er keine Angst hätte, würde er weglaufen. Der Großwesir aber folgt den Befehlen des Sultan aus Liebe. Das gibt ihm Ehre und macht ihn vertrauenswürdig. Sklaven sind nicht vertrauenswürdig. Wenn wir also den heiligen Befehlen des Himmels aus Zwang gehorchen, dann ist unsere Stufe die eines Sklaven. Aber wenn wir aus Liebe gehorchen, sind wir Diener.

## Sufismus - Bestandteil jeder Religion

In dieser Veranstaltung geht es um Sufitum, und auf der Ankündigung lautet das Thema "Schönheit als Weg zur Erkenntnis im Sufismus". Sufitum (sophi ways) findet man im Judentum, im Christentum und im Islam. Es gibt keine himmlische Religion ohne Sufismus, denn in der Religion geht es nicht nur um die physische Seinsebene. Alle Religionen brachten Gebote, in denen für das irdische Leben der Menschen Regeln aufgestellt wurden, die für Gerechtigkeit sorgen in unserem Umgang miteinander auf der materiellen Ebene. Aber es ist die wichtigste Mission aller Religionen, den Dienern dabei zu helfen, ihre göttliche Stellung in der Göttlichen Gegenwart einzunehmen. Denn der Mensch verlangt nach einer Verbindung zum Himmel.

## Heimweh nach dem Himmel

Jeder schaut zum Himmel, bei Tag oder bei Nacht, und besonders nachts ist der Anblick des Himmels erhebend. Nicht der Körper, sondern die Seele fühlt sich von diesem großartigen Anblick angezogen. Ich glaube nicht, daß jemand diese Schönheit anschauen kann, ohne Sehnsucht nach ihr zu empfinden. Das heißt, daß wir tief in uns einen verborgenen Wunsch haben, der unsere Seele zu den Himmeln streben läßt. Und der Herr der Himmel, der den Menschen erschuf, weiß sehr wohl, wonach sich Sein Diener im Innersten sehnt. Wir sind Geschöpfe und haben etwas vom Himmel und etwas von der Erde. Mit der Erde verbindet uns das Stoffliche und mit dem Himmel die Seele. Und so wie jemand, der seit langem fern der Heimat ist und sich nach ihr zurücksehnt, so empfindet die Seele ein tiefes Heimweh nach ihrer eigentlichen Heimat, dem Himmel; und sie sucht nach einem Weg, zu dieser Heimat Verbindung aufzunehmen. Denn die Seele ist zu Hause in der geistigen Welt, in den Himmeln, und sie ist fortwährend auf der Suche nach dem Heimweg zu diesem himmlischen Ort. Und der Herr schickte Adam und Eva auf die Erde herab und sagte zu ihnen: "O Adam und Eva und ihr, die ihr deren Kinder seid, ich schicke euch nicht auf immer aus dem Paradies hinaus, sondern lasse die Tür zum Paradies geöffnet, und wenn jemand von euch hineinwill, ist er oder sie willkommen. Ich heiße meine Diener willkommen, nicht aber diejenigen, die Diener Satans sind."

## Himmlische Kraftwerke

Darum entsandte Er von Zeit zu Zeit bestimmte Diener mit besonderen Befugnissen und von außerordentlicher und erhabener Wesensart: Ein Prophet kann sehen, was wir nicht sehen, hören, was wir nicht hören, wissen, was wir nicht wissen können. Er kann fühlen, was wir nicht fühlen, kann schmecken, was wir nicht schmecken und tun, was wir nicht können. Propheten sind keine gewöhnlichen Menschen. Wenn sie so wären wie alle, dann hätte das Prophetentum nicht diese Bedeutung. Sie sind auserwählte und geehrte Menschen, da sie Umgang mit himmlischen Wesen haben. Wir haben alle vom Erzengel Gabriel gehört, der - wie ein Botschafter - vom Herrn der Himmel zu Seinen Propheten ging. Aber "Botschafter" ist nicht ganz zutreffend, er war vielmehr ein Gesandter. Wenn der Erzengel Gabriel zu den Propheten kam mit einer Botschaft vom Himmel, dann wurden sie zu Gesandten. Wäre er nicht zu ihnen gekommen, dann hätten sie keine Verbindung zum Himmel gehabt. Ihre Wesensart ist so kraftvoll. Wenn man 200 Volt Elektrizität in etwas hineingibt, was nur für 100 Volt gemacht ist, dann verbrennt es. Darum ist keiner von uns dafür geschaffen, dem Erzengel Gabriel zu begegnen. Aber jene besonderen Menschen können die göttliche "Elektrizität" verkraften, sie sind Kraftwerke des Himmels auf der Erde, und wenn jemand himmlischen Strom braucht, kann er sich an sie anschließen und auftanken.

## Das spirituelle Protokoll

Alle Religionen und alle Propheten sind Führer zum Himmel, und alle Propheten, die dieses Leben verließen, haben ihren himmlischen Ort erreicht. Sie hinterließen uns ihre Weisheit und ihren Lebenswandel, und wer spirituell vorankommen und ihre geistige Stufe im Himmel erreichen möchte, der mag ihrem Weg folgen. Jeder hat die Möglichkeit hierzu, der in die Göttliche Gegenwart des Herrn der Himmel eintreten möchte, und es ist nicht so schwierig wie bei unseren Königen hier, denen man sich nur unter Einhaltung des Protokolls nähern darf. Diese Protokolle braucht Er nicht; wenn Sein Diener zu Ihm möchte, ist er willkommen. Das Protokoll besteht darin, den Fußstapfen von spirituellen Menschen und von Heiligen zu folgen. Wer sich nur für das Diesseits interessiert, für Essen, Trinken und Tanzen, für körperliche Vergnügen, der ist auf der niedrigsten Stufe der Schöpfung, nämlich auf der animalischen Stufe, die die unterste ist. In der Welt der Tiere gibt es ja nichts außer Essen, Trinken und "Tanzen". Beim Menschen kommt dann noch hinzu, daß er Kleidung, Häuser, Autos, Flugzeuge, Schlösser, Juwelen und solche Dinge braucht. Darum müssen wir versuchen, von dieser untersten Stufe wegzukonmmen, um die Stufe der himmlischen Wesen zu

erreichen, weil wir die Ehre bekommen haben, himmlische Wesen zu sein. Wir versuchen darum, zu helfen, sei es auch nur einigen wenigen, indem wir ihnen einen Weg bereiten, auf dem sie zu ihrer wirklichen, himmlischen Stufe gelangen können. Ich bin einer von ihnen, von jenen Helfern, aber ich bin nur ein kleiner Lehrer.

## Freiheit und Depression

Ich denke, wir haben genug gesagt zu den Menschen, wenn sie die Realitäten akzeptieren, die aus dem Himmel zu den Menschen gekommen sind. Wir wollen nur Interesse für das Spirituelle in ihnen wecken, weil die meisten sich jetzt nur für ihre körperliche Seite und deren Wünsche interessieren und absolute Freiheit fordern; mehr und mehr versuchen sie, ihre physischen Begierden weitestgehend zu befriedigen. Das heißt: Freiheit für ihre Wünsche, während ihre Seele im Gefängnis ist. Je größere Freiheit man dem physischen Verlangen gibt, umso größer wird der Druck, der auf der Seele lastet, und dieser immer größer werdende seelische Druck ist einer der Hauptgründe für Depressionen, bei Frauen und Männern. Warum gibt es immer mehr Psychiater? Weil so viele Menschen Depressionen haben. Sie gehen zum Arzt und sagen, sie sind krank. Und wenn dieser dann alle möglichen Untersuchungen durchgeführt hat, findet er nichts und sagt: "Körperlich sind Sie ganz gesund." Der Patient fragt sich dann, wie das möglich ist, weil er sich ja krank fühlt. Aber der Grund dafür ist der Druck, der auf der Seele lastet und der die Seele be-"drückt". Und es ist der Wunsch nach Freiheit, der den Menschen unglücklich macht und die Störung verursacht. Wenn die Menschen diesen Irrweg nicht bald verlassen, dann wird die ganze Menschheit womöglich verrückt werden, und jeder wird sich in einer merkwürdigen Verfassung befinden.

## Die Rechte der Seele

Darum müssen wir ein Gleichgewicht halten: In dem Maße, wie wir uns körperliche Freuden gönnen und unsere physischen Anteile ausleben, so müssen wir auch der Seele ihr Recht geben - nämlich das Recht zu dienen -, indem wir versuchen, jeden Tag etwas vom Dienst an unserem Herrn auszuüben und uns so beleben und erfrischen. Auf diese Weise wird das Leben wiederbelebt. Möge Allah uns segnen und uns helfen, hierüber nachzudenken. Dies ist ein sehr wichtiges Thema im Leben des Menschen, denn die Unruhen und Probleme nehmen jeden Tag zu, da der Friede unseren Erdball verläßt. Wem es gelingt, die Richtung zu ändern und ein gesundes Gleichgewicht herzustellen zwischen seinem spirituellen und seinem physischen Leben, der ist in Sicherheit. Man braucht für alles einen Lehrer, und es gibt sehr viel zu lernen für

den Weg zum Himmel. Ihr müßt euch einen von den spirituellen Lehrern suchen, jemanden mit "himmlischer Autorität". Von ihnen können wir das lernen, was wir brauchen. Sie sind schwer zu finden, aber wenn man es sich vornimmt, muß man zu einem von ihnen gelangen. Vielleicht ist er ein ganz einfacher Mensch und unscheinbar, jemand, der nicht durch seine Erscheinung zu verstehen gibt, daß er ein Meister ist. Manchmal findet man unter den Menschen Schätze, verborgene Schätze, wie man sie oft in Ruinen findet. Niemand käme auf die Idee, in einem Hochhaus nach Schätzen zu suchen, wohl aber in einer zerfallenen alten Ruine. Das Äußere ist also nicht wichtig; jeder kann euch Weisheit geben. Wenn du von jemandem Weisheit bekommst, dann halte fest an ihm, denn Weisheit ist ein Schatz.

## Geistige Verbindungen

Möge Allah euch segnen, und danke für eure Aufmerksamkeit. Wir haben uns verspätet, und nun ist es schon fast zwölf Uhr. Unsere Rede dauert schon vierzig Minuten, und keine Schule oder Universität hält ihre Schüler länger fest. Ich bin unseren verehrten Zuhörern sehr dankbar, daß sie mir ihre volle Aufmerksamkeit geschenkt haben; sie haben mir ihre volle Konzentration gegeben, ohne sich im geringsten ablenken zu lassen. Das bedeutet, daß sie mit der Seele dabei waren, und dann ist meine Seele mit ihnen. Ich habe die Erlaubnis vom Himmel, ihnen zu helfen, hier und hiernach, im Diesseits und Jenseits. Wenn ich ins Paradies komme, werde ich nach ihnen Ausschau halten, und auch sie mögen dies tun, wenn sie ins Paradies kommen. Dieser hier ist Engländer, dieser Deutscher, dieser Spanier, dieser ist Holländer, jener aus dem Kaukasus, dort drüben sitzen Engländer, Spanier... Das bedeutet, daß die Menschen seelisch verbunden sind, und die Unterschiede, die sich durch Rasse, Nation oder Glauben ergeben, sind nicht wichtig. Die Liebe zu unserem Herrn bringt uns alle zusammen; der Respekt bringt uns zusammen, das Erbarmen bringt uns zusammen. Ich laufe ihnen nicht hinterher, sie kommen zu mir. Und es ist der Herr, der mich hierhin und dorthin bringt und mich zu eurem Diener macht, damit ich euch in Seine Göttliche Gegenwart führen kann. Nur Er ist Herr.

## Jenseits der Phantasien

Versucht bitte, euren Geist von Phantasien und Vorstellungen fernzuhalten und zu reinigen, denn die Wirklichkeit ist keine Phantasie. Was wir brauchen, ist Realität, keine Phantasien; die Wirklichkeit ist immer jenseits unserer Vorstellungskraft. Alles, was euch über den Herrn in den Sinn kommt, habt ihr selbst erschaffen, aber Er ist jenseits dieser Vorstellung. Dies ist der erste Schritt, um mehr über seinen Herrn zu erfahren. Der Herr läßt sich nicht auf einer Postkarte festhalten, das ist unmöglich. Darum müssen wir unser

Ego dazu zwingen, die Realität zu akzeptieren und jene Wahrheiten anzunehmen, die im Alten Testament, im Neuen Testament und im Heiligen Koran enthalten sind. Seid keine Fanatiker. Wenn die Wahrheit kommt, müssen wir sie annehmen. Unser Geist muß frei sein. Was gut ist, ist für uns; was schlecht ist, ist nicht für uns. Ich bedanke mich bei meiner Gastgeberin.

## Speak the Truth: Suicide is Haraam

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar wa lillahi ‘l-hamd. Allahu Akbar, on whoever is proud and arrogant! Alfu salaat, alfu salaam `alayk yaa habeebina, ashfa` lana, `inda al-mawla al-`Azheem.

O People! O Muslims! O Believers! Listen and obey the order. Listen to the order of Allah and obey it. Listen to the Words of Allah of the strong divine law that was delivered by the Beloved of Allah. Stand up in honor and glorification of the Beloved! (Mawlana Shaykh sits)

If Allah Almighty wants to make a donkey speak, He will make it speak with a clear tongue in classical language! I am a weak servant; I know nothing and I don't claim to be a scholar. No, I am a weak servant, but my hope is that the Lord of Power (swt) glorified be He, makes His Beloved (s) make a speech to the people of the ummah, from east to west, the ummah of da`wah and the ummah who accepted!

The Prophet (s) said, “O Allah! Don’t leave me to my nafs (ego) for the blink of an eye.” He is the prophet of men and jinn, who said, “O my Lord! Don’t leave me to my ego for the blink of an eye.” so what about the rest of Mankind? He also said, “My Lord taught me good conduct and perfected my adab.”

(...)

He makes known his message with the words, “I am the teacher of Mankind.” He didn’t say, “My Lord taught me,” but rather, “My Lord disciplined me.” (We cannot make progress) without good conduct. (First comes) discipline and then knowledge, as knowledge does not benefit (without discipline), if it were to benefit then Iblees would have benefited: he had a lot of knowledge but no adab. And he was proud of his knowledge, (previously) he was teacher to the angels, but he did not have adab. If he had adab, how would he break the law and disobey the Lord of Honor? Even if for a thousand years, we are obliged to worship our Lord in sajdah! (Mawlana Shaykh stands)

Shaykh Hisham Effendi, the highest, highest, highest, there is no limit to knowledge of the station of good conduct. With knowledge, Mankind reaches nothing, but with adab he reaches. If there are scholars among people and if there is a humble man who never sees himself as something, who makes his nafs under his feet, and his du`a is to ask, “O my Lord! Accept me to be a humble, weak servant with good manners in Your Presence,” the scholars were destroyed by their claims, their arrogance, and belief in their highness!

The Prophet (s) said, “My Lord disciplined me and He perfected my conduct.” The current ummah is in need of these words, and to spread them among the seekers of knowledge. Is seeking knowledge first or seeking adab is first? Ask the scholars which is more necessary: knowledge or adab? “My Lord disciplined/trained me,” and he (s) said from that direction, “O my Lord! Don’t leave me to my ego even for one instant!” This means that if a servant is left to his ego for the blink of an eye, then his end will be the same as Iblees’ end.

O Servants of Allah! Ask Allah to forgive you, “Ask for His forgiveness, for verily He was (and is) the Most Forgiving.”

In every time there is an understanding and for every understanding there are those to teach them the basics of worship. Whoever studies, must ensure that the results of his study are to make his ego accept that he is a servant. Don’t give any chance for any level of knowledge to lead to refusal of this order! All of us who studied anything, the first order is to keep our adab with our Lord, most High.

People have forgotten this. They don’t have adab; they have knowledge but no adab. And even if they fight other people, they are (also) fighting men of the ummah who are trying to teach them adab and how to make their efforts to discipline the ummah of the Beloved (s). But most people are the opposite of that.

That Prophet (s) of the last ummah said, “Don’t leave me to my ego for the blink of an eye.” O you who are arrogant! You who are stuck up, but you must be on good adab! Our Lord has disciplined and trained our Prophet (s). We are weak servants but it is obligatory when we remember His Name to stand and stand and stand and not to feel tired! Tiredness is from our body but it expands our chests and makes our souls joyful. Forgiveness is from our Lord.

O our Lord! Don’t leave us to our ego. If a human being is left to his nafs, he is either from (?) or from (?). (We know this) because of the story of Sayyidina Ibrahim (a). You need to ponder the people of knowledge. The thing that harmed Nimrod was when he said, “I am going to fight my Lord!” That is the same type of filthy way. And the same with Sayyidina Musa (a) and Pharaoh. When Musa said to him, “Make sajdah to our Lord,” Pharoah said, “I don’t know who that is.” And so crap on the heads of Nimrod and Pharoah, and on all tyrants in every time and place!

We are living in the time of fitna, which is now everywhere in the world without limit. The sad part is that the ones harmed are those going against the Muhammadan Constitution, Shari`ah, against the Divine Law and against Qur’an al-Majeed! And they have ordered me to recite the verse where the Lord of Might says:

••••• •••••••••••• ••••••••••••

Wa laa taqtuloo anfusakum. Nor kill (or destroy) yourselves. (An-Nisa, 4:29)

Do not kill yourselves! That is a word which enters there. What is the meaning of it? This is an absolute order; it does not accept any interpretation. “Do not kill yourselves.” And do they think now that one of them indicates on the immense prohibition of someone without having killed anyone? The affair of qisaas (retaliatory killing, ‘an eye for an eye’) is something else.

Secondly, regarding the verse, “Do not kill yourselves,” either one kills another or he kills himself; (it applies to) either meaning. If one kills himself it is suicide, and that is haraam; Allah forbade it. And today in our time suicide became a fashion, and hundreds of people are committing suicide. Who gave them permission for that? Where are (the edicts of) `ulama and kings? Who gave you permission to believe that suicide is permissible? Suicide, to kill oneself, is from the worst of behavior, from the way of the scorpion; when it loses hope of escaping its enemy it kills itself, that is its characteristic, which is despicable and forbidden.

Ask for the fatwa on the topic. Why they are allowing suicide when it is haraam? Why, for what reason? Who gave them fatwas for people to carry explosive belts, to enter and kill themselves and kill others in general?! Is that Islam? With that evil, despicable forbidden action you wish to paint the honored religion of Islam. Where are kings and scholars (to stand up against this injustice)? There are none left, and Allah is angry with them!

I want to see a fatwa from al-Azhar, from Sham, from Baghdad, from Turks, especially from Pakistan, by which justice are they killing in general, and calling it Shari`atullah, not announcing it is haraam? If that doesn't come, then one day they will be killed, not unjustly, but in the same way they are teaching or allowing, because the one who refrains from speaking the truth is a dumb Shaytan!

They became Shaytans, all the people of fatwa and Islam who are keeping quiet on the truth that suicide is forbidden. "Do not kill yourselves!" That is an important affair from the Master of all Affairs from Heaven to Earth! It came to me this morning to make it clear to His servants, to ask for their proof for what they are doing (suicide bombs). The punishment and curse of Allah (is on the silent ones) or else, if they want to escape from the punishment, they must not be silent! The one who is silent from speaking truth is a dumb Shaytan; they will be dressed on Judgment Day with an evil dress and they will be among the heaviest punishment as the hadith states, "The worst punishment on the Day of resurrection is for a learned scholar whose knowledge did not benefit him." And that one will be going around like an animal walking around the well to pull water.

My Arabic is little, but I am asking from who are givers of fatawa, to make clear and not to fear from people, but to fear from Allah (swt). Tawbah yaa Rabbee, astaghfirullah. If they did not hear these words that are heavenly inspirations, for them forty days (remain), and after forty days there is no more life for them. Qaddafi (Libya), Zardari (Pakistan). And so either they take what I am saying or they will not survive. Astaghfirullah. Haqq's turn has come and they have made me address all the people of knowledge, from east to west. All of them are in danger up to Ramadan or to the end of Ramadan, if (they are) not giving that message and teaching. That (knowledge) came to me, that not one of them will live!

Let them teach (Truth), whoever among them fears Allah; we have repented! O our Lord, don't leave us to our

egos for the blink of an eye! SubhaanAllah, we are your weak servants. Let the ummah be saved from these evil ones.

Fatihah.

Suicide is haraam and whoever does haraam must be punished! The meaning is, they will get what they deserve. Whoever kills himself by any means--may Allah protect us from that--up to Judgment Day that person will kill himself in every moment: kill himself, kill himself, kill himself again and again. In Barzakh his punishment begins in the grave, by whatever means he killed himself or herself; they will do that to themselves up to Judgment Day. So be on good conduct, O Muslims!

Let the ummah keep the orders of Allah, The Absolute Power! So that is to wrap up that subhat. And they must be strong on that: no one may explode themselves; that will be his punishment in the grave up to Judgment Day! It is a warning to the ummah of the Beloved. That is one of the worst sins, to kill oneself and whatever method he uses to kill himself and others will be happening to him up to Judgment Day.

O Allah! With Your support, send us a king who will raise up and rule by the strong Shari`ah of Allah! We are fed up with those kings and presidents and leaders. Send us a king who rules by Your Rules, our Lord! O our Lord! Don't leave us to our ego for the blink of an eye. Tawba, yaa Rabbee.

Fatihah.

Whoever kills himself by poison, gun, knife, etc., will be killed in the same way up to Judgment Day. Don't think like unbelievers, don't follow or accept their words, beliefs, or ways. Follow the strong Shari`ah of Allah (swt)!

Fatihah.

(Mawlana Shaykh Hisham: Masha-Allah Sayyidee. These are wonders and amazing.)

O Allah! Be Witness that I have given the message. Who heard it heard it, who didn't didn't.

(Mawlana Shaykh Hisham: And those who go out on demonstrations and are killed, is that in the category of

suicide?)

Mawlana Shaykh Nazim al-Haqqani: No, it is not. That is a different matter, where they are opposing falsehood and oppression they would die as shaheeds, martyrs, as they are in the middle of fitna.

(Mawlana Shaykh Hisham Kabbani: The prior Shaykh al-Azhar, Sayyid Tantawi, who was before the current one, made a fatwa that you may commit suicide, and then he changed it on the political order from above, and then rejected it again, and so on, playing with it due to politics. With that subject of adab and knowledge, you opened a new door! First is adab then `ilm. You cannot seek knowledge except with adab, in the gatherings of `arifeen, gnostics. They seek to be the most humble, that is the highest adab. That is why they say, “al-adab, yaa Huwa.” They don’t say, al-`ilm, yaa Hu.” You spoke for 45 or 50 minutes, Sayyidee. Grandshaykh was giving suhbat three hours with you. Your suhbat was long, Sayyidee.)

In order to translate it took longer.

(Mawlana Shaykh Hisham Kabbani: Grandshaykh did not give time to translate, he used to cut you in the middle of translation!)

## SULTAN UR RASOOL THE SHINING SUN across THE SHIMMERING STARS

And Lo! (O Muhammad), verily thou art of a Tremendous Nature (Holy Quran 68:4)

Bismilla hi Rahman ir Raheem. Honourable guests and attendees, muslims or any other believers in their Lord, welcome to the celebration of the Greatest One from pre-eternity to eternity of those who have been created. Who is he? He is the Mercy for all Mankind and for all creatures. He was the first to be created and it was for his honour that the whole of creation came into existence and still continues to come into existence. This celebration is a very humble celebration. We are celebrating the birthday of the Seal of Prophets, the last in the chain of Prophet hood.

When Almighty Allah sent Adam and Eve away from Paradise to Serendib (Sri Lanka), He promised to Adam and Eve that he would be sending to their children, His guidance, through His prophets. He promised to send His messengers for the purpose of inviting the children of Adam to His Paradise and to be honoured in His Divine Presence As he promised, He sent down 124,000 Prophets and this Prophet hood ended with the Seal of Prophets, Seyyadina Muhammad (Sal). Now it is his time and period. His period began from the first day of his birth by which he honoured this

world and would continue upto Qiyama, upto the Day of Resurrection. Automatically, everyone within this period of time became his “nation”. The nations of the other Prophets have ended and now it is the nation of the “Praised One” and the most Beloved One, Seyyadina Muhammad (peace be on him).

Mankind is left free by Almighty Allah to accept or to refuse, to believe or to deny. Almighty Allah granted to Mankind mind and willpower and because of this there is no need for Mankind to be forced into either acceptance or refusal. This is because our minds are sufficient to make clear to us as to what is true and what is false, what is haq and what is batil, and our hands and feet have not been tied up. Yes, we have been given Free Will, with which we can either accept the heavenly messengers, or not, and to distinguish between real guidance and falsehood. Now real guidance has come through the last one of the Prophets.

His name Muhammad means “the Praised One”. He is the Praised one from pre-eternity, from Alzil illal abad. There is no need for him to have the praising of the nations as he is praised by his Lord Almighty Allah Himself. What are we giving of praise and thanks to him? When you compare this praise with the praise and honour that Allah Almighty has given him and is giving him still, it is like an atom in a huge Ocean. Even if the whole of creation glorifies, honours and praises him it would only be like a little dot through an endless Ocean in comparison to what Allah Almighty gives him.

Allah Almighty is praising Muhammad (Sal) without end for the sake of his honour. Mankind however is heedless, ignorant or envious of the rights of that most Beloved One of Allah. They should all be in need of him and one day in need of his shafaah (intercession). We are all getting closer to the Day of Judgment (Yamul Qiyama). On this day our way will end, and the One who created Mankind will gather all of Mankind together and He will judge them. This will be his Divine Judgment which will be given to all nations, to all people and to all His servants. That will be the greatest day for the whole of Mankind (Yaum Arlul Akbar). This Day will be a reality for everyone and they will see on this Day about themselves and about others. Each one will be seen

through his own being. On that day there shall be no doubt. All the Prophets shall come in their ranks with their lights (Noor) like the stars and the Seal of Prophets will come like a Shining Sun and everyone's face will turn towards him and everyone's heart will ask from him. Lord Almighty Allah is hidden through His greatness and Muhammad (Sal) is the representative of Almighty Allah. On the day of Resurrection he is going to be "His Praised One", and Almighty Allah will call him to Maqam ul Mahmud (the Praised Station).

Mankind will be very repentant and ashamed on that day because they did nothing for that Beloved One and Praised One and because they did not respect him enough. Yes, he is beloved in the Divine Presence of the Lord Almighty Allah. As Allah Almighty loves him and granted him to be His Beloved One, He also likes his servants to make him their Beloved One.

Every year we celebrate his birthday very humbly. I am looking at the Islamic world and I see that with every passing year they are giving less respect to this Beloved One, because of their wrong understanding. Those who give less respect to him will lose their respect both here and in the hereafter.

Allah Almighty has made His beloved Muhammad (Sal) to represent Haqq and He asked His servants to be obedient to Allah Almighty. Allah Almighty is also asking His servants to love Muhammad (Sal) and to respect him as Seyyadina Muhammad (Sal) is the most respected and honoured servant of Allah. I heard that when Sri Lanka was a British Colony the muslims in Sri Lanka celebrated the birthday of Muhammad (Sal) in a grander and brighter way. They were decorating and celebrating with every type of beauty and ornaments and they were giving him their respect, most respectfully. It was like Eid (Festival), and even more than Eid every year. But today there are new fashioned reformers of Islam. They think that they are more knowledgeable than our Ulemas, but they are ignorant ones. They are so ignorant that they are not even able to distinguish between respecting and worshipping. They are so foolish that when someone is respected they say that it is "shirk" (associating

partners with Allah). They do not understand.

Respect is one thing and worship is something else. Today everyone knows whom we should worship and also they know how to respect Rasoolullah (Sal) because Allah Almighty ordered His servants to respect His Beloved Prophet. But these foolish ones are bringing bidaat (innovations) into Islam. They are making the Muslims into Mushriks and because of these people the weak Muslims are fearing to show their respect for the Prophet (Sal). They are so very fearful, and I am asking them “what is the reason that you are so afraid to show your respect to the Prophet by reciting Salawath. (recitation or prayer asking for blessing from Allah Almighty on the Prophet Muhammad on whom be peace.)

Allah gives Salawath to His Beloved Muhammad ceaselessly. You are only giving Salawath perhaps once daily, twice, ten times, hundred times, or may be a thousand times. But Allah Almighty’s Salawath is endless and is forever. It is everlasting and so do His Angels give Salawath to the Prophet (Sal). “How are you able to say, “don’t recite Salawath”. What is this foolishness from these reformers? That is unbelief (kufr) from them. Allah Almighty says, “Oh Moomins, say Salawath and give your respect to My Most Beloved and Most Praised One”. But they say, “No, don’t do it, it is haram (forbidden), it is bidaat”(innovation). What is this folly? The minds of people today are being dirtied by these reformers, and if not for this fact, this place would not be enough for the Muslims, who would have attended this celebration today. They are not even attending this humble celebration because of their fear.

Oh people, oh Moomins (true believers), you must understand what it is to give respect. At every Jumma, the Muezzin calls out “Innallahu wa malaikatahu yusalloona alan nabiyi” (Allah and His Angels send blessings on the Prophet). This is not only from Jumma to Jumma, but forever, endlessly. Allah Almighty’s praising is from the beginning. There was no one in existence even, when it began.

Therefore, we say that our Prophe t(sal) is not in need of our praise because Allah

Almighty, Innahu Wa hami-dun Majid – Himself is carrying by Himself glorification and also His Prophet (Sal) is praised and is glorified by his Lord Almighty Allah. These servants who do not say Salawath are so small, like ants, it doesn't matter. If they say Salawath and respect the Prophet they will be honoured. If not let them be like unto rubbish.

If we are to try to describe the greatness of Beloved Muhammad (Sal) during these celebrations, we will not be able to finish it even up to the end of the year or even up to the end of the world, because he was created to be the Master of the world (Seyyadul Alamin). He was created to be great, therefore he is great. You may understand this if you use your mind to think on this. You may see from his actions and then understand, whether he is great or not. Mankind must know who he was, and what he did. Yes they must know who he was, how he came, and how he lived and thereafter you may give your judgment about him. All Mankind will at sometime come to know about him. Ashadu Lilla, we are witnesses for Allah Almighty as Allah Almighty is witness for him, you should be witness of his greatness.

Rasoolullah shahid Allah Annahu, Rasoolullah Wa Kafa Billah Hi Shahida, Muhammadu Rasoolullah- As Allah is witness, even if all Mankind denies him it is not going to do any harm, yes, it des not matter. Only the witnessing of Allah is enough, more than enough. Allah says "I am witness that he is My representative, My servant, My messenger". These little men will some day come to declare his greatness. They must declare, because Mankind is in need of peace in this world and salvation in the next. It is not possible to establish peace here, and to have safety there, without declaring the greatness of Muhammad (peace be upon him), and without being a follower they cannot reach to any levels from among their aims. Muhammad is the Greatest One. Mankind must use their minds to think about him.

He was born fifteen centuries ago in an unknown desert. He was born to a tribe whose characteristic was to be Jahil (ignorant). Before he was born, when he was in the womb of his mother, his father died and he was orphaned. Four years after he

was born his mother also passed away and then he had neither father nor mother to look after him. He had only his Lord for his teacher and for his trainer. When he grew up to be forty years of age he was well known among his tribe to be Ameen (Trustworthy, True One). No one was ever wronged by him. He was never known to have lied to anyone nor to have harmed anyone. He was such a Diamond. He was such a pure creation. That alone is enough for Mankind to look at him with good eyes. Why don't they analyze the personality of Muhammad, Yes? Today they are analyzing everything. Why not analyze the personality of Muhammad (Sal)? Oh Mankind, what are you waiting for? Before you end up in ashes look at his great personality, so that it will give you peace, confidence and happiness. The East and West are going to be in ashes after the Third World War, and the ones who survive will be the ones sitting on top of ashes. Therefore Mankind is in need to analyze the personality of that one, as to what his tribe said about him, about his life up to his fortieth year. They may ask and they may inquire and then they may analyze his character as to how he lived.

When he was in his fortieth year he suddenly came up to his tribe, "Oh Mankind, I have been just ordered to declare to you the existence and the unity of your Lord Almighty Allah. Say, "La ilaha illallah (there is no God but Allah), La ilaha illallah, La ilaha illallah". The very sound of his "La ilaha illallah" is even heard upto date from the Far East to the Far West. Do you think that this is possible for just one person? How is it possible that his first declaration, his first order to Mankind, asking them to say "La ilaha illallah" is heard upto date between East and West making the world tremble? "La ilaha illallah", is continuously being repeated and never stops from the Far East to the far West.

As long as the Sun rises and sets and rises again, in every station that the Sun is at any given moment, the Azan (the call for prayers) is being called throughout the world and it never stops. There is not a moment in this world when the Azan is not being called out. The Muezzin (the one who calls for prayer) in Azan calls out "La ilaha

illallah. Ashadu an la ilaha illallah, Ash hadu anna Muhammadur Rasoolullah. Allahu Akbar, Allahu Akbar. La ilaha illallah Muhammadur Rasoolullah". This goes on continuously throughout the world from that time, upto date. Do you think that one person with his physical power can do this? Do you think about that? Yes, he must be a king-sized person to have been able to do that. He is a universal and unique personality to be able to do this up to date and up to eternity. Therefore he is the Greatest One. You may accept it or reject it. Those who accept this will be honoured, and there will be no more honour for those who do not accept this. They who do not accept this are like rubbish, like garbage. There is so much of garbage on earth now. There will be a big sweeper coming after the war to sweep away all this garbage, because Mankind is not giving their respect for the most respected and Praised One. Yes, upto to date and upto eternity there is going to be the sound of "La ilaha illallah Muhammdur Rasoolullah (Sal) in the earth and in the heavens. This is also written on the Divine Throne, and it is the Divine Seal through the heavens, the Arsh Kursi and everywhere.

Try to put that seal into your heart. When you put that seal through your heart you are going to attain to peace with yourself and around yourself, and it will become a shelter for you and be around you. May Allah forgive us for our bad understanding, and our bad actions for the sake of his Beloved Prophet, Muhammad (Sal). May Allah bless us and grant us good understanding and respect for his Praised Servant – Seyyadina Muhammad, peace be upon him. May Allah Almighty put through your hearts love and respect for His beloved Muhammad (Sal), and may He also give you the courage to be able to carry His message throughout the East and the West. Muhammad (Sal) is the Messenger of Almighty Allah for the whole of Mankind. He started to preach this message of Islam when he was forty years old. He did his best for Mankind. Everything is open for his sake to Mankind.

Before the advent of Islam the whole world was in darkness. He brought the Holy Quran from his Lord Almighty Allah. This Holy Book, Quran i Kareem, is the Mother of

all Books (Ummul Kitab). From this book came the Glorious and Majestic Civilization of Islam. When the civilization of Islam was at its height, Europe was in darkness and in ignorance. Islam came with the Lights of Knowledge – Real Knowledge. From that Holy Quran, millions of books have been written. In our days too more and more books are being written. People are reaching to endless knowledge from that book. Is it not sufficient for Mankind to look at the Holy Quran and see what it brought to Mankind? It is blame for Mankind for being so blind and not being able to see what the Holy Quran brought to Mankind, and what kind of Civilization it brought to Mankind? Upto today, no other Civilization .... (???)

The Prophet Muhammad (Sal) trained an ignorant community to become the best example for Mankind. He took them from the lowest level to the highest level. Even today Islam brings to Mankind the best ones. No other religion is able to bring such best persons as Islam brought and granted to Mankind.

I heard a couple of years ago an address to the world which was made by the Pope. This was the Pope's message to the world on the occasion of the 700th anniversary of Moulana Jalaludeen Rumi (a great saint of Islam). The Pope was praising Jalaludeen Rumi saying that he was such a huge personality and such a praiseworthy person. Jalaludeen is only one saint among the many saints in Islam. He was only one star in the sky of Islam. Moulana Jalaludeen Rumi had himself, said about the Prophet, "I am a slave to Beloved Muhammad (Sal)". Yes, the Pope is accepting Jalaludeen, accepting a star-Jalaludeen, but he is not able to look at the Sun-Muhammad (Sal). The Pope is not able to say anything about Muhammad (Sal) and his greatness but he talks about the greatness of Moulana Jalaludeen, and Moulana Jalaludeen was prepared and trained by the teachings of Prophet Muhammad (Sal).

Oh people, Muhammad, is the Greatest for ever. This celebration is only a humble one and I hope that it is accepted by Allah Almighty. We ask Allah Almighty for forgiveness as we are not doing our best for his Beloved Servant Muhammad (Sal). May Allah grant you His endless favours and peace. May He make in your hearts, love

and respect for His beloved ones, and may He make you real followers on the way of Muhammad (Sal). May Allah Almighty also make a way for the whole of Mankind to understand him and to follow in his steps, so that it will bring happiness, peace and everlasting real life, both here and in the hereafter to Mankind.

## Ey rahmati bol Padischah...O you Sultan full of blessings...May it rain!

Ey rahmati bol Padischah...O you Sultan full of blessings...May it rain!
The story of the ant and the Prophet Suleiman. When the Prophet crossed the way of the ant, he heard the ant complaining about his army, that was killing so many of the ants. The ant said: If I had the power, I would finish the son of Adam. The Prophet heard it and he smiled and excused him for talking in this way: He is talking so bravely, because he is with his wife and he wants to show off. And she likes it.

May Allah keep Shaitan away from us! Audhu bi-llahi mina shaitani rajim...This is a very strong weapon to bombard Shaitan. He is looking to hide himself under such bombardement through Audhu... Only he is not giving up. He says: Maybe it was just a joke. Let us try again. Now he is with his wife, let us try on her to cause fasad.

When you are with your wife, you are weak, you may be cheated. Adam a.s. would not have been cheated, but because of Hawa, who was urging him, he listened a little bit and ate a small piece of the apple... Don't listen to

your wife at home- her complaints and wants and desires are never ending. If you listen, you get into danger. All problems come, because men are listening to their wives... Shaitan is not more powerful than us, but because of our ego we get weak. And Shaitans aim is to bring people away from faith, sincerity and straightness, and doing goodness. He is trying to make us away from any good deeds that may bring us closer to Allah.

Our nation has come down to zero and Shaitan is happy... All Hocas have to wear the sign of Kufr now- the cravatte, and they are not allowed to have a beard, so they look like women. Even in Europe the priests are not wearing cravatte, but their special clothes. But they want to finish with us, because we had the Ottoman Empire. And they took away the Islam. But their days are counted! Therefore Shaitan and his followers are on alert now and in a hurry to destroy mankind and especially the Muslims, because they are against Shaitan. Shaitan is the ennemy of man and he was the reason that Adam was banned from Paradise and put on earth, the place where you find no peace or rest.

Once a Mureed of Grandsheikh Sharafudin invited him for a feast...

May his himmet and faiz be with us. You make me not to speak, but with his help I may speak. Even if I speak, no one is listening...On the straight path peace comes to the heart. Who is not at peace in my gathering may go somewhere else. But nowhere in East or West will you find a Sheikh or Alim now who may make you to be in peace.

Allah made me to travel East and West, I was in America and Japan, and everywhere they presented Sheikhs and Alims to me. None of them has the right to open his mouth. Anyone may come who claims to be authorized- priest or rabbi or anyone. I was in Sri Lanka in a huge Buddhist temple in Colombo. At the entrance I wanted to take off my shoes,

but they said for you no need. But how? If anyone comes to the mosque you leave them not to take off the shoes? So I took them off, and they liked it. One hour I spoke to them about Buddha. There was a professor who was specialized on Buddha and he was so astonished about the things I was telling them...

In one conference I met a rabbi who came with his bodyguards. I asked him: How you say you are a man of God and you rely on these people to protect you? The next day he came without them...

So anyone may come, president or pope. I will get up on the post-tower in England, or the Eiffel-tower in Paris and I will say: ‚Ya Allah!' and throw myself down. Anyone may come. I will call the pope to the tower of Pisa and say to him: If you are true, make this tower to be straight. Then I will say Shahada and make it straight...I am nothing now, but I have big ones as my support next to me. Now I can't do anything, I am only talking, but when the permission and order comes, I will have the power to do... Now I am only talking to entertain you...

After the dinner the Mureed said to Grandsheikh:' May our gathering not be empty. Let us make sohbet.' Grandsheikh asked: ‚Are you going to speak or we? If you are, we will listen to you, because really a gathering without sohbet is like the silence on a cemetery.' Even if two people sit together, one should speak and the other listen. Then power comes on their being together. ‚Ya Saiydi', said the Mureed, ‚in a gathering where you are, I cannot speak. I know what is your right. Whatever we can say, you passed all the stations of knowledge. So we will listen to you, because you are over us. What we can say is like Malayani compared to your words. Let us take faiz from your words.'

Grandsheikh said: ‚So let me ask you something first.

And you must say the truth. Are you listening to your wife at home or she is listening to you?' ‚Ya Saiydi', he said, ‚in general she is listening to me, but sometimes I am also listening to her.' ‚Then you cannot listen to us', Grandsheikh replied, ‚Even Adam listened only once to his wife and in that moment he didn't listen to Allah. He was Safiyullah, a prophet, and even he didn't listen to Allah. So who am I and who are you that you may listen to me?'

What I am saying, the women will not like. But who is my Mureed will listen to me and not to his ego. The nature of women is such. But the man looks to the words of Allah and His Prophet sws. If you look to your wife, your ego gets involved and raises its head. If you listen to Allah, the ego is down. So be kind and lenient towards your wives. They are created from a bent rib, and if you try to straighten them, they will break... It is difficult to be a man. Therefore we have all these problems in the families, among neighbours, and friends, because the men listen to the women.

You must consult with your Sheikh if there is any problem. This is important. If you do what I am saying we will all be like fish in the ocean. Shaitan is too happy if he can make fitna between husband and wife and between friends. And he will destroy mankind.

Today after Ishrak I went to rest and I was pulling the blanket over me because of the cold. I was remembering the pictures that I saw on television the night before: children in Afghanistan, hungry and freezing, having nothing. I was asking for them and at the same time I was thanking for what I have. Then through the direct line that I have to Grandsheikh an answer was coming: ‚O Nazim Effendi, why is all this coming on the people? It is because they were following bad ones'.

You may understand or not. They run after Shaitan who writes: Follow me, and

all governments and presidents, all people listen to him and follow him. And he leads them into misfortune. Billions of people will die. Allah is saying: ‚Kunu ma'a sadiqien', Be with the true ones. But nobody is understanding...

'Allah is the Ruler and His decision is made. He has spoken, so don't say anything'...

O Allah, we trust in You. Let us be from those who follow Your Prophet. Send us Your spiritually powerful servant..

## The Sultan Is The One Who Gives

As-Salam Alaikum ayyuhal hadirun. O servants who are attending and listening, O who love to listen, As-Salamu Alaikum. Salam be upon you. How beautiful are you. Bismillahi r-Rahmani r-Rahim. O my Allah, my beautiful Allah. Our Lord Who is the Rabbu-l Jalil. Jalil; Jalla Jalaluhu Amma Nawaluhu wa la Ilaha Ghayruhu. Subhanahu wa Ta'ala. Subbuhun Quddusun, Rabbu-l Mala'ikati war-Ruh. Asbahna wa asbahal Mulku LiLlah.
We reached the morning. We got up in health and safety with the Generous Grants of our Lord. And Mulk, the Mulk and Malakut of the Heavens and earths also reached the morning. Asbahna wa Asbahal Mulku LiLlah. Mulk belongs to its Owner. No one can say "This Mulk (domain) belongs to me". Al Mulku LiLlah. The Mulk belongs to Allah Almighty. It belongs to the Creator. Don't say "It is yours, it is mine!
"Tariqatuna s-sohbah wa 'l-khayru fi 'l- jam`iyyah. The holy ones, the awliyas said like this. Our way is through sohbat. It stands with sohbat. And goodness is in the gathering. There is no good in being scattered. Goodness is in being together and goodness is in being as one. Scattering is from shaytan. If you see a place where people are scattered, where there is no aggrement but there are fights, disputes, you can understand that, that assembly or that jama'at or that nation have strayed from the right path. Who rules over them is shaytan. Shaytan says: "Scatter, each one you should scatter. Each one of you see yourself in such a way, that sometimes it is said for such people "his nose is stuck up in the air". Be arrogant ones. Being arrogant and claiming to be great ones suits you well" says shaytan.
Now, our way is through sohbat. And our first word is Bismillahi r-Rahmani r-Rahim, it is remembering the Ism Al-Jalil of our Lord Jalla Jalaluhu. This is the most certain. The first word one should speak is to remember our Lord, to glorify our Lord. To make tasbih, taqdis, tamjid,

tahmid for Him. This is our mission. Whatever words that are revelaed to the servants to glorify our Lord, use them. Don't consider your Lord like yourselves. Don't be ignorant. Therefore first: Kullu amrin dhi baalin lam yubda' fihi bi'Bismillahi fa huwa abtar. Whichever work there is, that you want to do it and don't remember the Name of Allah, Allah forgets. "Nasu Llaha Fanasiyahum" (9:67). The Almighty Lord, Almighty Bari Hz leaves as forgotten, the ones who forget Allah. "Leave them to their own. If they don't respect Me they are not My servants. They are the dogs of shaytan. Leave them. Who respects Me who remembers My Ism Al-Jalil are My servants. Who doesn't remember, who doesn't say Allah are animals of shaytan. Leave them and let them suffer whatever comes on their heads".

"Allahumma yassir lana 'umurana". O our Lord,make our affairs easy for us. "Farrij qulubana". Dispel our anxieties. No one other than You can dispel. "Waqdi duyunana". Whatever our debt is, whatever is due from us, give us the strength to do it. What is our job? 'Ubudiyyah. It is performing Your worship and servanthood. O our Lord, make the ways to Your servanthood easy for us. How beautiful, what a beautiful adab. It is adab that gives man beauty. The beginning of adab is Bismillahi r-Rahmani r-Rahim. O Lord, may You not make us from who forget the Bismillah Ya Rabbi! Shame on them! Shame on those people that they don't remember the Ism Al-Jalil of Allah in their parliaments. They can't stand up and say "Bismillahi r-Rahmani r-Rahim. O attending jama'at. I stand up remembering the Ism Al-Jalil of our Lord. You stand up also. We are saying the Ism al-Jalal of Allahu Dhul Jalal. Say Bismillahi r-Rahmani r-Rahim and stand up".
We forgot so many things. We forgot or were made to forget. What was first made to be forgotten is Bismillahir r-Rahmani r-Rahim. Neither Arabs nor Turks say the Bismillah in any assembly or parliament. Shame on you. Then from whom will a power come to you? Why don't you say "Bismillahi r-Rahmani r-Rahim ayyuhal hadirun. O Allah's servants who are attending. Say Bismillahi r-Rahmani r-Rahim. Because who forget Allah will be forgotten. Say Bismillahi r-Rahmani r-Rahim. The key to all treasures is Bismillahi r-Rahmani r-Rahim. It can make the world upside down, can make the armies of shaytan upside down! It punishes them through each other. If not, the soldiers of Islam... The soldiers of Islam (frighten enemies)from a distance of two months' travel: "Nusirtu Bi r-Ru'abi maseerata Shahrain". Divine Help reaches me from a

distance of twomonths. This is the simplest thing: A power comes from the distance of two months. With what? With Bismillahi r-Rahmani r-Rahim. Allahu Akbar. Say: I drew my sword for Allah because Allah is Al-Akbar (The Greatest).

Our ancestors marched with Allahu Akbar and conquered from the East to West. A handful of men with black goats, the Karakecili tribe settled in a place. (The founder of Ottomans). They settled for Allah. They said "We are Allah's servants and we will conquer the whole world". With what will you conquer? With what will you conquer? "O son" he said. "O Sultan!" the first Sultan, Othman. "O Sultan Othman, draw your sword with the Bismillah for the honour of Rabbul 'Izza Who granted you the Sultanate. You are a handful men of Karakeceli tribe but draw your swords with Bismillahi r-Rahmani r-Rahim and you conquer the East and the West". And did they conquer? Yes, they did. He said "March! March in the Name of Allah! Draw your sword in the Name of Allah! Say the Bismillahi r-Rahmani r-Rahim, the Ism Al-Jalal of Allahu Dhul Jalal and your sword shines from the East to West, it strikes like the thunder! And you finish those who don't say it. It is haram for them to remain on earth. May you finish who worship the cross, the idols. May you finish them and declare the Oneness (Tawhid) of Allah Almighty.

May you say Bismillahir-Rahmanir-Rahim. O Lord, I drew this sword for You. He was told "March O My servant, march!" And a handful ones of Karakeceli tribe conquered from East to West for 700 years upon that Order. They crossed to the other side,Canakkale on two rafts and entered Europe. They made the Adhan Al-Muhammadi recited in the middle of Europe. They recited Gulbank-i Muhammadi: Allahu Akbar Allahu Akbar! Our army is always victorious. Allahu Akbar Allahu Akbar. O our Lord, we walk in Your Name". "You walk in My Name. Say Bismillahi r-Rahmani r-Rahim and march. There is no one who can defeat your sword". They were only a tribe of a handful of people. Teach this in history! Teach the children what you were in the past. From which way did you come?

Now you open your hands to everyone and say "Give us money". They overwhelm the people with taxes. The Sultan gave to his people, to the nation of Muhammad (sas) but didn't take from them. The Sultan is who gives, not who takes. These ones without the Bismillah, because they are without the Bismillah, ask anyone for help. "Help us, help us". Do you have no honour? Do you have no honour, that you ask help from Europe? Some ask from Europe, some ask from America, some ask from Africa... You have honour! Allah granted you honour. Allah granted

you such a sword that no one can stand against it. What is that sword? Bismillahi r-Rahmani r-Rahim. Say it and march!
Where are you O Muslim people? "Are there any Muslim people left? Which time do you live in? What is this "Muslim people" that you speak of? Where are the Muslim people?" They should be in the mosques, right? But there is no one in the mosques. The great capital, Istanbul which was stamped with the Ottoman's seal of honour; our ancestors sealed it with mosques. These ones filled it with brothels and pubs. Shame on them! There is no one who says Bismillahi r-Rahmani r-Rahim in their parliament and for this none of their doings succeed. Change this mentality! O who claim to be believers! Change your mentality. There is no faith in this way you are going. You filled everywhere with statues. Your ancestors conquered the world with and adorned it with the Adhan Al-Muhammadi (sas) and with mosques. And what are you doing? "Well, we are modern people". What are the needs of the modern men? To eat, drink and to do it on the third. The third one...Your ancestors walked saying Bismillahi r-Rahmani r-Rahim and opened like this. But now you don't even cover your private areas! Your private parts are in the open. You don't have the Bismillah. Your awrah is in the open,women and men. This is not suitable for this nation. And then you say "We are this, we are that..." Leave this talk! Look at your doings. "We did this, we did that...". You did this and that but it is running through your legs! To stop this humiliation you should first say the Bismillah, you should pull yourselves together. If not, people get sick of what runs through all of you and the whole world runs away from us, saying "These ones became beggars.
The Sultans of yesterday are expelled from their countries today. And today a group of people replaced them who open their hands to anyone". For what is all this? Because they forgot Bismillahi r-Rahmani r-Rahim. We will speak of it everyday. If we spoke about the Bismillah for 1000 years, we can't finish. "We also wear hats, Shaykh Effendi". "Where is the crown of Islam? Ask the President of Diyanat, ask your imams. All of them are shaved, wear jackets and trousers. They look like the Europeans. Actually they are not able to look like anyone!

Move O Muslims, move! Move a little bit that our nation stands. Our nations stands with Islam. Otherwise no value, whoever you see "Please help us a little bit". Power is in Islam. First teach this. There is no meaning in wearing uniforms and showing off. If one (holy person) shouts at

them, they will fall down in fear! Our ancestors conquered Famagusta here, they conquered so many lands. There is the Famagusta castle here, it is a solid castle. It was conquered in a year. The unbelievers set a wheel inside the castle of Famagusta. Whoever jumped in the castle, the wheel would cut his head off and he would fall, he would be martyred. This Canbolat Pasha, the holy martyr who is the pride and honour of Famagusta, he jumped on the wheel. He said Bismillah and jumped. Bismillahi r-Rahmani r-Rahim, the wheel hit and cut off his holy head. He didn't leave his holy head on the ground. He took it, put it under his arm and he fought until he castle was conquered carrying his holy head under his arm, until Famagusta was conquered. Then he laid down in his place. Now they built a museum there. Before it was a holy place where the believers used to visit. Now they built a museum on top of him. He is not happy with it. He is not happy at all.

For this, the doings of these Cypriots never succeed. "Ati kulli dhi haqqin haqqa". Give everyone their due rights. Give the rights of these martyrs. You don't give. If you don't give, you can't take. You have no honour, no dignity left. This, what we said, is only for Cyprus.

They conquered from East to West. They also entered the capital of Iran. The one who Iranians worshipped, that their belief was uncertain, whoever that person was opposing the Ottomans, he was defeated and ran away. From there, from Middle Asia all the way to the Atlantic Ocean. The Mediterranean was under our control. We ruled over the land. Who ruled over the seas was our army, our fleet. Where are you now? Weapons will come from the US to protect us. Shame on you! If you stand with the help of America, it is better you don't stand at all!

Listen to this O who have the power in their hands! Who say "we are this, we are that"! When you stand up in the parliament, do you say the Bismillah? Aren't you ashamed if you don't say it?How is this? Did the Sultans, who left you this heritage, do like you do? Were they without the Bismillah? They were with the Bismillah. You? Without the Bismillah. Can who are without Bismillah ever find goodness? They can't. Say then, Bismillahi r-Rahmani r-Rahim. O our Lord, may You grant us to remember Your Ism Al-Jalal. I am getting tired. I am getting angry but I can't do anything. Along with this, we hope that this coming generation will understand, seek and find these words that we speak and rule with it. They will destroy the unbelief. They will say Bismillahi r-Rahmani r-Rahim. We destroyed the idols with the Name of Allahu Dhul Jalal. We turned the churches into mosques, we carried the Nur of Islam from the East to West. We said

Allahu Akbar in the middle of Europe. We stopped the ringing of their bells. Our Gulbank, that it is the Gulbank-i Muhammadi: With the chants of "Allahu Akbar Allahu Akbar. Our army is always victorious".

We conquered, saying "La ilaha illa Allah". We landed in the middle of Europe. Our permission was up to there. After that we returned to our place. We returned to our place but a group came who were without the Bismillah and destroyed our Sultanate. Since they destroyed, may they be destroyed. May who don't say Allah not be able to pull themselves together. May who don't say Bismillahi r-Rahmani r-Rahim not have anything left. We call it jirnawuk, the cicada Jir jir jir jir, that bug chirps in August. Its glorification is this. And finally its skeleton remains only and its self disappears. It vanishes. They made us like this too; only our skeleton is left, our selves have disappeared. The ways of our ancestors disappeared, we don't think about them anymore. We don't respect them anymore. Their curse is upon us. O our Lord, don't make us from those who are without the Bismillah.

We may say Bismillahi r-Rahmani r-Rahim. "Ta'ala Jaddu Rabbina" (72:3). You are Subhan O Lord. Subhanaka llahumma wa bi Hamdika wa Tabaraka smuka wa Ta'ala Jadduka Wa Jalla Thanauka wa la Ilaha Ghayruka. Say this, draw your sword and march. Such a barrier is put in front of you that not even the soldiers of seven worlds can pass over it. O Lord forgive us. I want to explain, the power is with You O Lord. For the honour of Your Magnificence, for the honour of Your Beloved, may You send us Your servants who will make us reach the honour of Islam and carry the flags of Islam. We have become zero; we were the zero in front of one, now we are left as the zero behind one.

O our Lord, let us remember Your Ism Al-Jalil: Bismillahi r-Rahmani r-Rahim. Don't let us forget O Lord. Don't let us forget it O Lord. Don't make us from who are without the Bismillah. Say O people, Bismillahi r-Rahmani r-Rahim and march! You can conquer from East to West. If you don't say, you become zero. You become zero, you become zero below zero. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. O our Lord, may who prevents us from receiving Nur from Your Glorious Uluhiyyah (Divinity) be left without light. May their hands and legs not work. May we decorate everywhere with the flag of Islam, with the flags of La ilaha illa Allah Muhammadur Rasulullah which descended from the Heavens. O new generations!

Listen, understand, so that you will be granted an honour. Let us say Bismillahi r-Rahmani r-

Rahim. Our day opens with goodness. We may walk with goodness and find honour with the servanthood of our Lord. We may say Bismillahi r-Rahmani r-Rahim wa bihi nasta'in. Every kind of power comes from it. May You also grant us health and wellness and strength. Don't make us needy of anyone O Lord. Fatiha. Bismillahi r-Rahmani r-Rahim. I am getting tired. I am getting tired. Insha Allah I won't get tired! I say for myself "I am getting tired" but insha Allah who hold the flags that Allah Almighty sent will never get tired, or never fear or be fed up. They are His lions, the lions coming from the Heavens. Be a lion! Don't be a fox, don't be a jackal! Be a lion! That when you roar the whole jungle draws back with fear, runs away. "Turk" doesn't mean anything, but if they say "Muslim Turk" they will shake the world. They fear from it. May they suffer what they fear.

We will say Bismillahi r-Rahmani r-Rahim. May who doesn't allow people to say it die without faith! And who dies without faith will suffer in the grave. Aman Ya Rabbi, tawba Astaghfirullah. Shukur Allah. Rabbu-l Jalil Allah. Rabbu-l Jalil Jalla Jalaluhu Jallat Azamatuhu wa la Ilaha Ghayruhu. O the president of Diyanat. Remove this title and say its real name: the station of fatwa, the Mufti. Don't call it Diyanat. What is Diyanat? They can't even change this one word. Did this order (to keep it) come down from the Heavens? There will be no order left in your hands. Allah Almighty (swt) will change it. Al Fatiha.

Ashadu al la ilaha illaLlah w ashadu anna Sayyidina Muhammadun Abduhu wa Habibuhu wa Rasuluhu. We say it, our strength is up to here. For Whose Qudrah and Power there is no end, is Allah Almighty. He (swt) can make even an ant conquer the world if He wants and if He (swt) wants, elephants can do nothing. As-Salamu alaikum O servants of Allah, appreciate these words. If you don't, the Takbir will come. Open your eyes! You have been sleeping enough. Fatiha.

**Der Sultan ist der, der gibt**

As-Salamu Alaykum Ayyuha l-Hadirun. O Diener, die teilnehmen und zuhören, o die, die es lieben zuzuhören, As-Salamu Alaykum. Salam sei auf euch. Wie schön seid ihr. Bismillahi r-

Rahmani r-Rahim. O mein Allah, mein schöner Allah. Unser Herr, Der Rabbu l-Jalil ist. Jalil. Jalla Jalaluhu Amma Nawaluhu wa la ilaha Ghayruhu. Subhanahu wa Ta'ala. Subbuhun Quddusun, Rabbu l-Mala'ikati wa r-Ruh. Asbahna wa Asbaha l-Mulku Lillah. Wir haben den Morgen erreicht. Wir sind gesund und sicher aufgestanden mit der großzügigen Gabe unseres Herrn. Und Mulk, der Herrschaftsbereich, Mulk und Malakut der Himmel und Erden haben auch den Morgen erreicht. Asbahna wa Asbaha l-Mulku Lillah. Mulk gehört seinem Eigner. Niemand kann sagen: 'Dieser Mulk gehört mir.' Al Mulku Lillah. Der Mulk gehört Allah dem Allmächtigen. Er gehört dem Schöpfer. Sagt nicht: Es ist deiner, es ist meiner!
Tariqatuna s-Sohbat wa l-Khayru fi l-Jamiyyah. Die Heiligen, die Awliya, sagten das. Unser Weg ist durch Sohbat. Er steht mit Sohbat. Und Gutes ist in der Versammlung. Es ist nichts Gutes im Verstreutsein. Gutes ist im Zusammensein und Gutes ist im Einssein. Verstreuen ist von Shaytan. Wenn ihr einen Ort seht, wo die Menschen verstreut sind, wo es keine Einigung gibt, sondern Kämpfe, Streit, könnt ihr verstehen, daß diese Vereinigung oder Jama'at oder Nation vom rechten Weg abgewichen ist. Wer über sie herrscht, ist Shaytan. Shaytan sagt: 'Verstreut euch, jeder von euch sollte sich verstreuen. Jeder von euch sehe sich in der Weise, wie manchmal von solchen Leuten gesagt wird 'Seine Nase ist hoch in der Luft'. Seid arrogant. Arrogant zu sein und Größe zu beanspruchen, steht euch gut an', sagt Shaytan. Nun, unser Weg ist durch Sohbat. Und unser erstes Wort ist Bismillahi r-Rahmani r-Rahim. Es ist die Erinnerung des Ismu l-Jalil unseres Herrn Jalla Jalaluhu. Das ist das sicherste. Das erste Wort, das man sagen sollte, ist die Erinnerung unseres Herrn, der Lobpreis unseres Herrn. Tasbih, Taqdis, Tamjid, Tahmid für Ihn zu machen. Das ist unsere Aufgabe. Welche Worte auch immer den Dienern offenbart wurden, um unseren Herrn zu preisen, benutzt sie. Betrachtet eueren Herrn nicht wie euch selbst. Seid nicht ignorant.
Deshalb zuerst: "Kullu Amrin Dhi Baalin lam Yubda' fihi bi Bismillahi fa Huwa Abtar." Welche Arbeit auch immer ihr tun wollt und ihr erinnert den Namen Allahs nicht, dann vergißt Allah. "Nasu Llaha Fanasiyahum" (9:67). Der Allmächtige Herr, der Allmächtige Bari Hz läßt diejenigen vergessen sein, die Allah vergessen. 'Überlaßt sie sich selbst. Wenn sie Mich nicht respektieren, sind sie nicht Meine Diener. Sie sind die Hunde Shaytans. Laßt sie. Wer Mich respektiert, wer Meinen Ismu l-Jalil erinnert, sind Meine Diener. Wer nicht erinnert, wer nicht 'Allah' sagt, sind die Tiere Shaytans. Laßt sie und laßt sie erleiden, was immer auf ihre Köpfe

kommt.' "Allahumma Yassir lana 'Umurana". Unser Herr, mach unsere Sache leicht für uns.

"Farrij Qulubana". Vertreibe unsere Ängste. Niemand anders kann sie vertreiben. "Waqdi Duyunana". Was immer unsere Schuldigkeit ist, was immer geboten ist für uns, gib uns die Kraft, es zu tun. Was ist unsere Aufgabe? 'Ubudiyyah. Es ist die Ausführung Deiner Anbetung und Dienerschaft. O unser Herr, mach die Wege zu Deiner Dienerschaft leicht für uns. Wie schön, was für ein schöner Adab. Es ist der Adab, der dem Menschen Schönheit gibt. Der Beginn des Adab ist Bismillahi r-Rahmani r-Rahim. O Herr, mach uns nicht von denen, die das Bismillah vergessen.
Ya Rabbi! Schande auf sie! Schande auf jene Menschen, die den Ismu l-Jalil Allahs in ihren Parlamenten nicht erinnern. Sie können nicht aufstehen und sagen: 'Bismillahi r-Rahmani r-Rahim. Unsere teilnehmende Jama'at. Ich stehe auf und erinnere den Ismu l-Jalil unseres Herrn. Ihr steht auch auf. Wir sagen den Ismu l-Jalal von Allahu Dhu l-Jalal. Sagt Bismillahi r-Rahmani r-Rahim und steht auf.' Wir haben so viele Dinge vergessen. Wir vergaßen und wurden dazu gebracht zu vergessen. Was zuerst zum Vergessen gebracht wurde ist Bismillahi r-Rahmani r-Rahim. Weder Araber noch Türken sagen das Bismillah in Versammlungen oder im Parlament. Schande auf euch. Von wem soll denn die Macht zu euch kommen? Warum sagt ihr nicht: 'Bismillahi r-Rahmani r-Rahim, Ayyuha l-Hadirun. O Allahs Diener, die anwesend sind. Sagt Bismillahi r-Rahmani r-Rahim. Weil wer Allah vergißt, vergessen wird. Sagt Bismillahi r-Rahmani r-Rahim. Der Schlüssel zu allen Schätzen ist Bismillahi r-Rahmani r-Rahim. Es kann die Welt auf den Kopf stellen. Es kann die Armeen Shaytans auf den Kopf stellen! Es straft einen durch den anderen. Sonst lehren die Soldaten des Islam, die Soldaten des Islam die Feinde das Fürchten auf eine Entfernung von 2 Monatsreisen. "Nusirtu bi r-Ru'abi Masirata Shahrain". Göttliche Hilfe erreicht mich aus einer Entfernung von 2 Monaten. Das ist eine einfache Sache: Eine Macht kommt aus einer Entfernung von 2 Monaten. Womit? Mit Bismillahi r-Rahmani r-Rahim.
Allahu Akbar! Sagt: Ich zog mein Schwert für Allah, weil Allah Al-Akbar, Der Größte, ist. Unsere Vorfahren marschierten mit Allahu Akbar und eroberten von Ost nach West. Eine Handvoll Männer mit schwarzen Ziegen, der Karakecili Stamm, ließ sich an einem Ort nieder (die Gründer der Osmanen). Sie siedelten für Allah. Sie sagten: 'Wir sind Allahs Diener und wir

werden die ganze Welt erobern.' Womit werdet ihr erobern? Mit was werdet ihr erobern? O Sohn, sagte er. O Sultan! der erste Sultan, Othman. O Sultan Othman, ziehe dein Schwert mit dem Bismillah zu Ehren von Rabbu l-Izza, Der dir das Sultanat gab. Ihr seid eine Handvoll Männer des Karakeceli Stammes, aber zieht euere Schwerter mit Bismillahi r-Rahmani r-Rahim, und ihr erobert den Osten und Westen. Und eroberten sie? Ja. Er sagte: Marschiert! Marschiert im Namen Allahs! Zieht euer Schwert im Namen Allahs! Sagt Bismillahi r-Rahmani r-Rahim, dem Ismu l-Jalal von Allahu Dhu l-Jalal, und euer Schwert leuchtet von Osten nach Westen. Es stößt wie der Donner. Und ihr erledigt die, die es nicht sagen. Es ist haram für sie, auf der Erde zu bleiben. Möget ihr erledigen, die das Kreuz, die Götzen anbeten. Möget ihr sie erledigen und die Einheit, Tawhid, Allahs des Allmächtigen verkünden. Möget ihr sagen: Bismillahi r-Rahmani r-Rahim.

O Herr, ich zog dieses Schwert für Dich. Ihm wurde gesagt: Marschiere, o Mein Diener, marschiere! Und eine Handvoll des Karakeceli Stammes eroberten von Ost nach West 700 Jahre lang auf diesen Befehl hin. Sie gingen hinüber zur anderen Seite, Canakkale auf zwei Flößen und betraten Europa. Sie ließen den Adhan al-Muhammadi inmitten Europas rezitieren. Sie rezitierten Gulbank-i Muhammadi: Allahu Akbar, Allahu Akbar! Unsere Armee ist immer siegreich. Allahu Akbar, Allahu Akbar. 'O unser Herr, wir gehen in Deinem Namen.' 'So geht in Meinem Namen. Sagt Bismillahi r-Rahmani r-Rahim und marschiert. Es gibt niemanden, der euer Schwert besiegen kann.' Sie waren nur ein Stamm von einer Handvoll Leute. Lehrt das in Geschichte! Lehrt die Kinder, was ihr in der Vergangenheit wart. Welchen Weg seid ihr gekommen? Jetzt haltet ihr die Hand bei jedem auf und sagt: Gebt uns Geld. Sie erdrücken die Menschen mit Steuern. Der Sultan gab seinen Leuten, der Nation Muhammads (saws), aber er nahm nicht von ihnen. Der Sultan ist der, der gibt, nicht der, der nimmt. Die ohne das Bismillah, weil sie ohne das Bismillah sind, bitten jeden um Hilfe. 'Helft uns, helft uns'. Habt ihr keine Ehre? Habt ihr keine Ehre, daß ihr Europa um Hilfe bittet? Manche bitten Europa, manche bitten Amerika, manche bitten Afrika...
Ihr habt Ehre! Allah gewährte euch Ehre. Allah gewährte euch so ein Schwert, gegen das niemand standhalten konnte. Was ist dieses Schwert? Bismillahi r-Rahmani r-Rahim. Sagt es und marschiert! Wo seid ihr, O Muslime? Gibt es noch Muslime? In welcher Zeit lebt ihr? Was sind

diese Muslime, von denen ihr sprecht? Wo sind die Muslime? Sie sollten in den Moscheen sein, stimmt's? Aber es ist niemand in den Moscheen. Die große Hauptstadt Istanbul, die mit dem Osmanischen Siegel der Ehre versehen wurde: Unsere Vorfahren siegelten sie mit Moscheen. Diese füllten sie mit Bordellen und Kneipen. Schande auf sie! Es gibt niemanden, der sagt Bismillahi r-Rahmani r-Rahim in ihrem Parlament und deshalb hat keine ihrer Taten Erfolg. Ändert euere Geisteshaltung! Und die, die behaupten, Gläubige zu sein! Ändert euere Geisteshaltung! Es ist kein Glaube auf diesem Weg, den ihr geht. Ihr fülltet überall alles mit Statuen. Unsere Vorfahren eroberten die Welt und schmückten sie mit dem Adhan al-Muhammadi (saws) und mit Moscheen. Und was tut ihr? 'Nun, wir sind moderne Menschen.' Was sind die Notwendigkeiten des modernen Menschen? Zu essen, trinken und es auf dem dritten zu machen. Der dritte.. Unsere Vorfahren gingen und sagten Bismillahi r-Rahmani r-Rahim und öffneten so.

Aber jetzt bedeckt ihr nicht einmal den Intimbereich. Euer Intimbereich ist im Sichtbaren. Ihr habt das Bismillah nicht. Eure Aura ist im Offenen, Frauen und Männer. Das ziemt sich nicht für diese Nation. Und dann sagt ihr, 'Wir sind dies, wir sind das...' Laßt dieses Gerede! Seht, was ihr tut. 'Wir taten dies, wir taten das..' Ihr tatet dies und das, aber es läuft eure Beine herunter! Um diese Erniedrigung zu beenden, solltet ihr zuerst das Bismillah sagen. Ihr solltet euch zusammenreißen. Sonst wird den Leuten schlecht von dem, was durch euch alle läuft, und die ganze Welt läuft vor euch weg: 'Diese sind Bettler. Die Sultane von gestern wurden heute aus ihren Ländern verstoßen. Und heute ersetzt sie eine Gruppe Leute, die die Hände bei jedem aufhalten.' Warum ist all das? Weil sie das Bismillahi r-Rahmani r-Rahim vergaßen. Wir werden jeden Tag darüber sprechen. Wenn wir über das Bismillah 1000 Jahre lang sprächen, könnten wir nicht enden. Wir tragen auch Hüte, Shaykh Effendi. Wo ist die Krone des Islam? Fragt den Präsidenten von Diyanat, fragt euere Imame. Sie sind alle rasiert, tragen Jackets und Hosen. Sie sehen wie Europäer aus. Tatsächlich können sie wie niemand aussehen. Bewegt euch, Muslime, bewegt euch ein bißchen, damit unsere Nation steht. Unsere Nation steht mit dem Islam. Sonst keine Werte. Wen auch immer du siehst: Bitte helft uns ein bißchen! Die Macht ist im Islam. Zuerst lehrt das. Es hat keinen Sinn, Uniformen zu tragen und anzugeben. Wenn ein Heiliger sie anschreit, fallen sie vor Angst nieder.

Unsere Vorfahren eroberten Famagusta hier. Sie eroberten so viele Länder. Es gibt die

Famagusta Burg hier. Es ist eine feste Burg. Sie wurde in einem Jahr erobert. Die Ungläubigen setzten ein Rad in die Burg von Famagusta. Wer immer in die Burg hineinsprang, dem schnitt das Rad den Kopf ab und er fiel und wurde zum Märtyrer. Dieser Canbolat Pasha, der heilige Märtyrer, der der Stolz und die Ehre von Famagusta ist, sprang auf das Rad. Er sagte Bismillah und sprang. Bismillahi r-Rahmani r-Rahim, das Rad schlug und schnitt seinen heiligen Kopf ab. Er ließ seinen heiligen Kopf nicht auf der Erde. Er nahm ihn, tat ihn unter den Arm und kämpfte, bis die Burg erobert war, wobei er seinen heiligen Kopf unter dem Arm trug, bis Famagusta erobert war. Dann legte er sich auf seinen Platz. Jetzt bauten sie ein Museum dort. Früher war es ein heiliger Ort, den die Gläubigen besuchten. Jetzt bauten sie ein Museum über ihn. Er ist nicht glücklich damit. Es ist überhaupt nicht glücklich. Deshalb hat das Tun dieser Zyprioten niemals Erfolg. "Ati Kulli Dhi Haqqin Haqqa". Gebt jedem die ihm gemäßen Rechte. Gebt diesen Märtyrern ihre Rechte. Ihr tut das nicht. Wenn ihr sie nicht gebt, könnt ihr nichts nehmen. Ihr habt keine Ehre, keine Würde mehr. Das, was wir sagten, betrifft nur Zypern.
Sie eroberten von Ost bis West. Sie eroberten auch die Hauptstadt des Iran. Der, den die Iraner anbeteten, ihr Glaube war zweifelhaft, wer immer diese Person war, die gegen die Osmanen war, sie wurde besiegt und lief weg. Von dort, von Mittelasien den ganzen Weg bis zum Atlantik,das Mittelmeer war unter unser Kontrolle. Wir herrschten über das Land. Wer über die See herrschte, war unsere Armee, unsere Flotte. Wo seid ihr jetzt? Waffen kommen von den USA, um uns zu schützen. Schande auf euch. Wenn ihr mihilfe von Amerika steht, ist es besser, ihr steht gar nicht. Hört auf das, ihr, die ihr die Macht in Händen habt! Die sagen, 'Wir sind dies, wir sind das', wenn ihr im Parlament aufsteht, sagt ihr das Bismillah? Schämt ihr euch nicht, wenn ihr es nicht sagt? Wie ist das? Machten die Sultane, die euch dieses Erbe hinterließen, es wie ihr? Waren sie ohne das Bismillah? Sie waren mit dem Bismillah. Ihr? Ohne das Bismillah. Kann, wer ohne das Bismillah ist, jemals Gutes finden? Nein. Sagt denn Bismillahi r-Rahmani r-Rahim. O unser Herr, mögest Du uns gewähren, Deinen Ismu l-Jalal zu erinnern. Ich werde müde. Ich werde zornig, aber ich kann nichts tun. Zugleich damit hoffen wir, daß diese kommende Generation diese Worte, die wir sprechen, verstehen, suchen und finden und damit herrschen wird. Sie werden den Unglauben vernichten. Sie werden sagen Bismillahi r-Rahmani r-Rahim.

Wir zerstörten die Götzen mit dem Namen von Allahu Dhu l-Jalal. Wir machten die Kirchen zu

Moscheen, wir trugen das Licht des Islam von Ost nach West. Wir sagten Allahu Akbar mitten in Europa. Wir hörten damit auf, ihre Glocken zu läuten. Unser Gulbank, das ist das Gulbank-i Muhammadi: Mit dem Ruf 'Allahu Akbar, Allahu Akbar, unsere Armee ist immer siegreich', eroberten wir. Mit den Worten "La ilaha illa Allah" landeten wir mitten in Europa. Unsere Erlaubnis ging bis dahin. Danach kehrten wir auf unseren Platz zurück. Wir kehrten auf unseren Platz zurück, aber es kam eine Gruppe, die ohne das Bismillah war, und zerstörte unser Sultanat. Da sie es zerstörten, mögen sie zerstört werden. Möge, wer nicht 'Allah' sagt, sich nicht zusammenreißen können. Möge, wer nicht Bismillahi r-Rahmani r-Rahim sagt, nichts mehr haben. Wir nennen es Jirnawuk, die Zikade. Jir jir jir jir - dieses Insekt zirpt im August. Ihr Lobpreis ist das. Und schließlich bleibt nur ihr Skelett und sie selbst verschwinden. Sie verschwinden. Sie machten uns auch so, nur unser Skelett ist noch da. Wir selbst sind verschwunden. Die Wege unserer Vorfahren sind verschwunden. Wir denken nicht mehr an sie. Wir respektieren sie nicht mehr. Ihr Fluch ist auf uns.

Unser Herr, laß uns nicht zu denen gehören, die ohne das Bismillah sind. Wir sagen Bismillahi r-Rahmani r-Rahim. "Ta'ala Jaddu Rabbina" (72:3). Du bist Subhan, o Herr. Subhanaka Allahumma wa bi Hamdika wa Tabaraka Smuka wa Ta'ala Jadduka wa Jalla Thanauka wa la ilaha Ghayruka. Sagt das, zieht euer Schwert und marschiert. So eine Schranke ist vor euch gestellt, daß nicht einmal die Soldaten von sieben Welten darüberkommen. O Herr, vergib uns. Ich möchte erklären, die Macht ist bei Dir, o Herr. Zu Ehren Deiner Herrlichkeit, zu Ehren Deines Geliebten mögest Du uns Deine Diener senden, die uns die Ehre des Islam erreichen und die Flaggen des Islam tragen lassen. Wir sind null geworden. Wir waren die Null vor der Eins, jetzt sind wir nur wie die Null hinter der Eins. O unser Herr, laß uns Deinen Ismu l-Jalil erinnern! Bismillahi r-Rahmani r-Rahim. Laß es uns nicht vergessen, o Herr. Laß es uns nicht vergessen, o Herr. Laß uns nicht zu denen gehören, die ohne das Bismillah sind. Sagt, Leute, Bismillahi r-Rahmani r-Rahim und marschiert! Ihr könnt von Osten bis Westen erobern. Wenn ihr es nicht sagt, werdet ihr null. Ihr wurdet null, ihr wurdet null unter null. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah.

O unser Herr, möge, wer uns daran hindert, Licht von Deiner Glorreichen Uluhiyyah, Göttlichkeit, zu bekommen, ohne Licht sein. Mögen ihre Hände und Füße nicht funktionieren. Mögen wir überall alles mit der Fahne des Islam dekorieren, mit den Fahnen des La ilaha illa

Allah, Muhammadu r-Rasulullah, das von den Himmeln kam. O neue Generationen, hört, versteht, damit euch Ehre gewährt wird. Laßt uns Bismillahi r-Rahmani r-Rahim sagen. Unser Tag öffnet mit Gutem. Wir gehen mit Gutem und finden Ehre mit der Dienerschaft unseres Herrn. Wir sagen Bismillahi r-Rahmani r-Rahim wa bihi Nasta'in. Alle Arten von Macht kommen daher. Mögest Du uns auch Gesundheit und Wohlbefinden und Kraft geben. Mach uns niemandem gegenüber bedürftig, o Herr. Fatiha. Bismillahi r-Rahmani r-Rahim. Ich werde müde. Ich werde müde. Insha'Allah werde ich nicht müde werden! Ich sage mir selbst, 'Ich werde müde', aber insha'Allah wird der, der die Fahne hält, die Allah der Allmächtige sandte, nie müde werden oder sich fürchten oder es satt haben. Sie sind Seine Löwen, die Löwen, die von den Himmeln kommen. Sei ein Löwe! Sei kein Fuchs, sei kein Schakal! Sei ein Löwe! So daß, wenn du brüllst, der ganze Dschungel sich in Furcht zurückzieht und wegläuft.
'Türke' bedeutet gar nichts, aber wenn sie sagen 'muslimischer Türke' werden sie die Welt erschüttern. Sie fürchten das. Mögen sie erleiden, was sie fürchten. Wir sagen Bismillahi r-Rahmani r-Rahim. Möge, wer den Menschen nicht erlaubt, es zu sagen, ohne Glauben sterben! Und wer ohne Glauben stirbt, leidet im Grab. Aman ya Rabbi, Tawba Astaghfirullah. Shukur Allah. Rabbu l-Jalil Allah. Rabbu l-Jalil Jalla Jalaluhu Jallat Azamatuhu wa la ilaha Ghayruhu. O Präsident von Diyanat. Schafft diesen Titel ab und sagt den wahren Namen: die Station des Fatwa, der Mufti. Nennt es nicht Diyanat. Was ist Diyanat? Sie können nicht einmal dieses eine Wort ändern. Ist dieser Befehl, es zu bewahren, von den Himmeln gekommen? Es wird kein Befehl mehr in eueren Händen bleiben. Allah der Allmächtige wird es ändern. Al Fatiha. Ashadu al la ilaha illa Allah, w'ashadu anna Sayyidina Muhammadan Abduhu wa Habibuhu wa Rasuluhu. Wir sagen es, unsere Stärke geht bis hier. Denn Wessen Qudrah und Macht ohne Ende ist, ist Allah der Allmächtige. Er (swt) kann selbst eine Ameise die Welt erobern lassen, wenn Er will, und wenn Er (swt) will, können Elefanten nichts tun. As-Salamu `alaykum, Diener Allahs. Würdigt diese Worte. Sonst wird das Takbir kommen. Öffnet die Augen! Ihr habt genug geschlafen. Fatiha.

## Sultan - Inspirations after Fajr

Mohammad: It says "Sultanu Dhillullah".

Mawlana: Dhillullah, there is a sign in Akbaba Sultan (tomb in Istanbul), you may see it- Sultan Dhillullah fi 'l-ard (The Sultan is the Shadow of Allah on His Earth). Subhan Allah. When he is not present, it is impossible to resolve. It needs Sultan, the rest are all garbage. We need a Sultan to rule us. Not by selecting, or electing- this is not something to be elected from the market or bazaar, no. This is the reality, Sultan Dhillullah fi 'l-ard. We should respect him like this, that he is confirmed & supported from Heavens and he is perfect. And he is majestic also at the same time. People should ask this, not by electing. Is this Bandabulya (bazaar) that you say “I don't like this, go to another. I don't like this also, another”... No. So this appearance/ inspiration came to me that I found relief. People should come to their senses & bring back their Sultan that their matters may be resolved, or else there is no way that things can be straightened. May Allah make us be together with the Sultan. Amin Ya Rabbi. O Our Lord, May You send us a Sultan. Amin, Amin.. Salam on all the Prophets, especially on the Master of the Prophet(s). And safety for all who are present & not present & all the believers, and praise be for the Lord of Heavens, al Fatiha.

If there is no Sultan, things are left to the hands of the mob. Everyone has a Sultan- Egypt has a Sultan, Sham has a Sultan, Baghdad has a Sultan, Ottomans has a Sultan, Hijaz has a Sultan. Astonishing, astonishing.. Look, even in the apparent; in ceremonies the emperor is in the front, after him comes the king and then comes these presidents. Therefore the Queen of England has an authority wherever she goes. What authority do we have? We collected men from the markets, bazaars & formed a government? Masha Allah! Who gave them the permission to do this? Shaytan! May Allah protect us from the evil of shaytan. Read for me too. Fatiha. Affarin, Affarin. It is approaching, it is approaching. Let's wait & see, many things are coming now. It

starts in Muharram al-Haram also and in the month of Safar, most of them will be moved. The Sultans of each nations will come. We may see & serve them insha Allah. Is it not so, o son in-law?

Hj Feridun: Yes.

Mawlana: Who has the majesty of Sultan? They say "that one is president". Where did he come from? From a village. All fighting. What is their value? Paper money! What is the value of the Sultans? Gold. The people will come to their senses or they will get beaten until they do so. Aman ya Rabbi, tawba ya Rabbi. We ask Sultan from Allah Almighty. Declare this, have no fear. Fatiha. There is Umm Haram Sultan here. Insha Allah the Sultan will come. Sometimes such astonishing sunuhat/ inspirations come to me & I find comfort, Allah shukur. May I see you also together with the Sultans. Amin Amin. La ilaha illa Allah Sayyidina Muhammad Rasul Allah. Fatiha. Ok son, you may go. Step strongly, step with firm steps.

**Sultan - Eingebungen nach Fajr**

---

SM: Es heißt "Sultanu dh-Dhillullah". M: Dhillullah, es gibt ein Zeichen in Akbaba Sultan (Grab in Istanbul), das kann man sehen. "Sultanu Dhillullah fi l-Ard" - Der Sultan ist der Schatten Allahs auf Erden. Subhanallah. Wenn er nicht da ist, ist es unmöglich zu lösen. Der Sultan ist nötig, der Rest ist Abfall. Wir brauchen einen Sultan, der uns regiert. Nicht durch Auswahl oder Wahlen. Das ist nichts, was man von den Märkten oder Basaren auswählen kann. Das ist die Wirklichkeit. Sultan Dhillullah fi l-Ard. Wir sollten ihn so respektieren, daß er von den Himmeln bestätigt und unterstützt wird, und er ist vollkommen. Und er ist gleichzeitig majestätisch. Die Menschen sollten das verlangen, keine Wahlen. Ist das Bandabulya (Basar), wenn du den nicht magst, gehst du zu einem anderen? Ich mag den auch nicht.. Nein. So kam diese Erscheinung, diese Eingebung zu mir, so daß ich fand. Die Leute sollten zur Besinnung kommen und ihren Sultan zurückholen, damit ihre Angelegenheiten gelöst werden, sonst gibt es keinen Weg, die Dinge zu richten.

Möge Allah (swt) uns mit dem Sultan sein lassen. Amin ya Rabbi. O unser Herr, mögest Du uns einen Sultan senden. Amin, Amin.. Salam auf alle Propheten, besonders auf den Meister der

Propheten (saws) und Sicherheit für alle Anwesenden und Nicht-Anwesenden und alle Gläubigen und Preis für den Herrn der Himmel. Al Fatiha. Wenn es keinen Sultan gibt, werden die Dinge dem Mob überlassen. Alle haben einen Sultan: Ägypten hat einen Sultan, Sham hat einen Sultan, Baghdad hat einen Sultan, die Osmanen haben einen Sultan, der Hijaz hat einen Sultan. Erstaunlich, erstaunlich.. Seht, selbst im Offensichtlichen, bei Zeremonien, steht der Kaiser vorn, danach kommt der König, und dann kommen die Präsidenten. Deshalb hat die Queen von England Autorität, wo immer sie hingeht. Welche Autorität haben wir? Wir sammeln Männer von den Märkten und Basaren und bilden eine Regierung. Masha'Allah! Wer hat ihnen die Erlaubnis dazu gegeben? Shaytan! Möge Allah uns vor dem Bösen Shaytans beschützen. Fatiha.

Affarin, Affarin. Es naht, es naht. Wir wollen warten und sehen. Viele Dinge kommen jetzt. Es beginnt im Muharram al-Haram und auch im Monat Safar. Die meisten von ihnen werden entfernt werden. Die Sultane aller Nationen werden kommen. Wir werden sehen und ihnen dienen, insha'Allah. Ist es nicht so, mein Schwiegersohn? HF: Ja. M: Wer hat die Majestät des Sultans? Sie sagen: Dieser ist Präsident. Woher kommt er? Aus einem Dorf. Alle kämpfen. Was ist ihr Wert? Papiergeld! Was ist der Wert der Sultane? Gold. Die Leute nehmen Vernunft an oder sie werden so lange geschlagen, bis sie es tun. Aman ya Rabbi, Tawba ya Rabbi. Wir erbitten den Sultan von Allah dem Allmächtigen. Erklärt dies, fürchtet euch nicht. Fatiha. Umm Haram Sultan ist hier. Insha'Allah wird der Sultan kommen. Manchmal kommen solch erstaunliche Sunuhat, Eingebungen, zu mir und ich finde Trost. Allah Shukur. Möge ich euch auch mit den Sultanen zusammen sehen. Amin. Amin. La ilaha illa Allah, Sayyidina Muhammad Rasulullah. Fatiha. Okay, mein Sohn, geh sicheren Schritts.

## The Sultan is the Shadow of Allah on Earth

(Mawlana Shaykh stands) Dastoor yaa Sayyidee, madad.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Allahumma salli wa sallim wa baarik `alaa habeebika, Sayyidi 'l-awwaleen wa 'l-akhireen, Sayyidina Muhammad. Zidhu yaa Rabbee....wa 's-salaat wa 's-salaam `alaa saahib al-anbiyaa wa 'l-mursaleen wa `alaa aalihi wa saahbihi wa sallim ij`alna tahta li qawina yaa Rabbee `alaa ta`atika. Sultan Sen, Subhaan Sen yaa Allah! And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh sits) al-himna rushdana raghman `alaa anf jami` ash-shayaateen. Wa man tabi`ahum min insi wa 'l-jinn.

Those who are not happy with the glorification of Sayyidina Muhammad (s), (Mawlana Shaykh stands) you must stand up for the honor the most honored one, for whose honor we have been created! The most jealous one in all Creation is Shaytan, and next, those who are followers of Shaytan. They are never happy with the glorification of that one. Through the glorification of the Seal of Prophets (s) is granted happiness here and

Hereafter. Who is hating that, the whole Creation is hating them. Amaan yaa Rabbee, tawbah, yaa Rabbee. We are repenting, to not follow Shaytan and its wrong ways. Thumma 's-salaat was salaam `alaa jamee` `ibaadAllah as-saaliheen. The names of saaliheen who belong to Heavens are written there, not on Earth. Peoples' names written on Earth give no heavenly honor to people. Who are they? They are those who are not honoring the one who is fully honored in the Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) There is no honor for them, here or Hereafter.

O Salafi `ulamas! Why are you not saying that important point, making it clear who are honored here and Hereafter? Say! Can anyone be honored without honoring the Seal of Prophets (s)? Say! What was the Seal of Prophets (s) granted? (Mawlana Shaykh stands) May Allah give us strength to stand up every moment; mulook must stand up also! (Mawlana Shaykh sits)

There is the Blue Mosque in Istanbul. Sultan Ahmed (r) built it and he was carrying stones in the pockets of his honored clothes, to build the foundation, working to build that huge mosque for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Sultan Ahmed said, "He is really our Prophet." Allah Almighty granted to the Ottoman Sultans such honor and power, because through so many sultans, they never reached respect as they reached. Allah (swt) granted it to them and may Allah bless Sultan Ahmed. When he sat on his throne, any time the name of the Seal of Prophets (s) was mentioned he stood up! (Mawlana Shaykh stands) And he was commanded the same from all his ministers. (Mawlana Shaykh sits)

That is honor for mulook. Our mulook living now must follow the examples of such a big sultan, as Allah Almighty granted to him such honor. Now what are our mulook doing? They must give that high respect for the honor of the most respected one in the Divinely Presence. Any time his holy name is declared, we must stand up! When we stand for that honor, we are dressed in a holy dress. Don't think if any servant is respecting that one that he will lose something! Whoever respects the order of The Heavenly One, what do you think will happen? The Lord of Heavens is giving respect to His most beloved one, for whom He created all Creation for his honor! He exists and his holy flag is up, from pre-Eternal up to Eternal!

O mulook al-Hijaaz and Yemen! Why are you not carrying respect for his holy flag? There remain only a handful of Islamic countries' mulook; they are refusing to be mulook, but are happy to be presidents! What are those titles, "president," "prime minister", and "minister"? Such imitated titles are never mentioned in

the Holy Qur'an!

O Salafi `ulamas! Why are you not saying to your mulook that Allah accepts for rulers of Muslim countries the title mulook, "kings"? Where are you, sleeping? Take that cotton from your ears and listen to what the Holy Qur'an is saying, as everyday you are reciting. What is the best form of governing? It is mentioned in the Holy Qur'an, asta`eedhu billah:

•••••• •••• ••••• •••••••• •••• ••••• •••••••••••• •••• •••••• •••••• •••• ••••••• •••••••• • •••••• ••••••• ••••• •••••• • ••••••••• ••• ••••••• •••••••

Alam tara ila 'l-mala'i min banee israa'eela min ba`di Musa idh qaaloo li-nabiyyin lahumu ib`ath lanaa malikan nuqaatil fee sabeelillah. Have you not thought about the group of the Children of Israel after (the time of) Moses, when they said to a prophet of theirs, "Appoint for us a king and we will fight in Allah's Way." (al-Baqarah, 2:246)

Yes, you know ayatu 'l-kareemah. Allah Almighty is not making the Holy Qur'an a story book, no. Bani Isra'eel said to their prophet, "Make us a king so that we may fight in the way of Allah." Qur'an `azheemu 'sh-shaan. You can find everything for making Muslims happy here and Hereafter, honored after this life, and if they are keeping the holy order of Allah Almighty, they will always be up! But now ....is under the feet of unbelievers. Why? idh qaalu li-nabiyyin lahumu ib`ath lanaa malikan. He is not saying "president," He is saying, "O our Lord's Rasool! Ask from your Lord to send us a malik, king." If malakiyyah, the rule of kings, returns, everything will be under control, and if it is abandoned, everything is going to be out of control! Now we are in the worst position, for all Mankind and the Muslim world. Look at Turkey, Iran, Baghdad, Sham, Yemen, Egypt, Libya, and other Islamic countries; look at Afghanistan, where they sent away their kings, mulook, sultans, then heavenly cursing came on them!

O Salafi `ulamas! Why are you not reminding people that until Man follows Holy Qur'an, there cannot be a parliament; the world must be ruled by chosen people and the real sultans! Sultan's haybat;

••••••• •• •••• •• •••••

as-sultaan dhillullah fi 'l-ard. the Sultan is the Shadow of Allah on His Earth.

Do you know that hadith? Say! Is it true, or not? as-sultaan dhillullah fi 'l-ard. Why are you not reminding

people in Turkey, Iran, Bagdhad, Palestine, Libya? Why are you not saying this hadeeth shareef? When they remove their sultans, who is coming? as-sultaan dhillullah fi 'l-ard. "Presidents" are dhillu 'sh-Shaytan, "Shadows of Shaytan on Earth." (Mawlana Shaykh laughs.) That is true. Is anything wrong with this; say, as you are `ulamas! If Shaytan going dhillullah appearing, that means he is symbolizing... they are under the hegemony of shaytans. Now everything is wrong, against Shari`atullah, the holy orders of Allah Almighty, so those who do wrong have been cursed, and now people are in the worst position!

You are Salafi `ulamas, so speak news that is related to us! You are `ulamas (whose duty it is to remind and guide the people)! When the holy order came and the Seal of Prophets (s) prayed the first Salaat al-Jumu`ah, he said, “O People! From today up to the end of the world, by heavenly command, Jumu`ah prayer is ordered for the believers.” What are you saying? I am not claiming I know something, but they are sending to me to speak. Those who are praying and respecting that holy command of the Lord of Heavens, Allah Almighty grants them from His endless treasures whatever they need, in this life and after, forever, up to Eternity! Those who fulfill that order will be granted endless treasure and pleasure from the Lord of Heavens, by His Order!

Who keeps this holy order, Allah is promising for him a happy and sweet life here and and Eternal Life after this life. If anyone is not praying and has no (valid) excuse, let Allah Almighty not to keep them in that way. His mercy is always open. That means, cursing comes on those who are not praying, who leave the Jumu`ah prayer! They are never going to be in happiness and pleasure here, or when they are passing in to the Next Life, because they left that one order! Allah Almighty is giving for His servant endless pleasure in paradises and if they are leaving one order, He is cursing them here and Hereafter! What about the Muslim world? How are you taking away the sultanate that Allah Almighty is ordering, as-sultaan dhillullah fi 'l-ard, making elections and installing elected leaders? Are you not ashaming? For this reason, the whole world now is under heavenly cursing. May Allah forgive us.

O People! Hear and obey. We must bring a sultan for Islam, and that sultan will rule all Muslims of the world. We are asking for that. We are unhappy with presidents, parliaments, and parliament members, but we can't do anything. We are only looking for heavenly support for real Muslims, to bring Sultan ash-Shari`ah who will rule the Islamic world from east to west, from north to south. May Allah forgive us and allow us to live to see that sultan, who is Sayyidina Mahdi (a) !!!!

Fatihah.

It is such an association according to Shaykh al-Mashaykh, Shaykh Hisham Effendi, bombarding. Welcome to you! May Allah forgive us.

Fatihah.

If anyone is unhappy, don't send me a salary! (Mawlana Shaykh laughs) If you are happy, send it to me; it doesn't matter, but I may give from it for the sake of Allah.

Welcome to you, Shaykh Hisham!

(Mawlana Shaykh speaks to Hajjah Naziha on the phone.)

**The Sultan is the shadow of Allah on earth**

(dt. SultanIstDerSchattenAllahs)

It is really difficult for a person to be lonely, or to live alone among a community which is against him and his beliefs. It is really Jihad, a big fighting, something which the Prophet sws was praising. It is not easy. Allah Almighty tried him (a brother in Germany)... and then so many people came and said Shahada, giving Beyat, the Pledge of Allegiance, to Grandsheikh, and our brother was no longer alone; plenty of people became interested in Islam, coming to Islam through the Naqshibandi Order...

A person may be interested in Buckingham Palace. If he is not going to see what is in it, such an interest means nothing. People now are interested in the Islamic Sultanate, looking from outside and asking: "What is in it?" And so many people are cheated. One of the first ones to be cheated are the Wahabis, who are telling people: "There is nothing in it. What you can see from the outside is Islam." "But may we go inside?" "There is no inside, it is only a building to look at from the outside. You must only look at it from the outside, there is nothing in it." That is their claim...

Such a huge building, the Islamic Sultanate, and in its center is a Throne. If there is a Sultanate, there must be a Throne, and if there is a Throne, it can't be without a Sultan... there must be a Sultan. So many foolish

Muslims say: "Islam is Democracy." What is that foolishness? That is the same as saying that Buckingham Palace is a toilet, a WC. Why? Because in it there are so many WCs. If Buckingham Palace has WCs, we may say that Buckingham Palace is a WC. That is the opinion of heedless, no-mind Muslims. Even some of the Scholars and Hocas say that Islam really is Democracy, which is equal to saying that Buckingham Palace is a WC...

The Prophet brought democracy or the Sultanate? Islam is not only international, it is a universal building. It is the universal, Heavenly Sultanate on earth. You must believe this. Don't say democracy. The enemies of Islam created this democracy to destroy the Islamic Sultanate, bringing with it jackals and sending away the lion. And the lion symbolizes power, greatness and honour. Jackals symbolize the lowest characteristics, being violent and cruel, wild animals, eating dead bodies. Shaitan, for destroying the Heavenly Sultanate, created this democracy, teaching people and saying: "You must send away the lion, and you, jackals, must come to power."

The Islamic Sultanate... If it is a Sultanate, there must be a Throne. If there is a Throne, there must be a Sultan sitting on it. But they are making everything upset. Shaitan is teaching people to be demagogues.

And that is a punishment for all nations, particularly for the Christian world, as they are believing in a Heavenly Kingdom, and that the Lord of Heavens sent Jesus to establish His Divine Kingdom on earth. And the first ones to be cheated by democracy are the Christians... A shame on them, endless shame, because they are reading through their Holy Books, reciting that Jesus just came to establish the Heavenly Kingdom on earth. How are you cheated? How can you say: "Democracy"? What is that foolishness?

Is there no Bishop coming to say that Jesus came from the Heavens to establish the Divine Kingdom? No Priest, Patriarch, Pope or Cardinal? They are drunk people also. How you recite the Evangelos and the Bible? How are you teaching Christians? No one is saying: "Oh people, there must be a Heavenly Kingdom on earth, we must establish it." Why are they not saying this?

Muslims have been prevented, or prohibited, from asking for a Kingdom, but it is written in the Holy Books of the Christian world: "Heavenly Kingdom for Jesus Christ." Why are they not saying this and refusing democracy, which means kingdom of jackals, defeating the Heavenly kindom? The whole problem is on that point...

All believers in God, the Lord of Heavens, Allah Almighty- the Jews, Christians and Muslims- must come together, hand in hand, to ask the Lord to send them the King of Heavens to earth to establish the Kingdom of Heavens. But they are drinking and no-mind people. If all of them would send their representatives to Jerusalem, Damaskus, Mekka and Medina, from morning to evening, in less than a day, Allah would send the Heavenly King to earth... But they are only running after Dunya, asking to dress in shiny clothes and putting here such a big cross, and on their heads big crowns with jewels, carrying sticks and sitting on thrones, saying: "We are the kings of Heavens on earth now." And people are kissing their hands also... Allahu akbar!

But there is a Divine Punishment coming to all nations, beginning with the religious people from Muslims, Jews and Christians- Doctors, Rabbis, Bishops. Because all of them are claiming: "There is no need for someone from the Heavens to be Sultan of the Divine Sultanate on earth. We are enough. Look at our dresses!" They are too proud to accept anyone from the Heavens: "No, we are living on earth, and we are not in need of Heavenly People to come and be kings over us. We are using democracy", saying to Heavenly People: "Yet you don't know about democracy? You are such backward, 3rd World people. You are the last ones, and we are the first ones." Such proud religious people represent Christianity, Judaism and Islam. Therefore the first punishment will be coming on their heads...

This must be well-known: Until the Sultan appears on earth, difficulties and troubles among people will never end. In Shariat, the Sultan is the Shadow of the Lord on earth. You must ask: "Allahumma, 'jal lana min ladunka waliya, 'jal lana min ladunka Sultanan nasira..." It is the teaching of the Holy Quran to ask Allah Almighty for a Sultan, not for a president, a republic, or a democracy, no.

We hope that the Sultan of the Heavens will be on earth soon, will be with us, and collect people. The Sultan of the Heavens has the power, not only to gather the physical bodies, but he can gather the hearts of the people. Who can collect the hearts, is the Sultan from Heavens. That is S.Mehdi a.s., and he is coming... All nations will come together through his heart, and he should be the King of the Heavens for the Divine Kingdom on earth...

May Allah bless you and make you to reach that Heavenly Sultan soon... Ya Allah, send us Your Lions! This is an important message for all people- everything is in it...

Fatiha

## Der Sultan ist der Schatten Allahs auf Erden

(engl.: SultanIsShadowOfAllah2)

Es ist wirklich schwierig für einen Menschen, einsam zu sein oder allein zu leben inmitten einer Gemeinschaft, die gegen ihn und seinen Glauben ist. Das ist wirklich Jihad, ein großer Kampf, etwas, das der Prophet, Allah segne ihn und schenke ihm Heil, gepriesen hat. Es ist nicht leicht.

Allah der Allmächtige versuchte ihn (ein Bruder aus Deutschland), und dann kamen so viele Leute und sagten Shahada, gaben Bayat, das Versprechen der Treue gegenüber Großsheikh, und da war unser Bruder nicht länger allein.

Eine Menge Leute interessierten sich für den Islam und kamen zum Islam durch den Naqshbandi-Orden. Eine Person mag sich vielleicht für den Buckingham Palast interessieren. Wenn er aber nicht nachsieht, was in ihm ist, so bedeutet dieses Interesse nichts. Nun sind die Leute am Islamischen Sultanat interessiert, sie schauen von außen und fragen: „Was ist darinnen?“ Und so viele Leute werden betrogen.

Zu den ersten, die sich selbst betrügen, gehören die Wahabis, die den Leuten erzählen: „Es ist nichts in ihm. Was du von außen sehen kannst, das ist der Islam.“ „Aber können wir einmal hineingehen?“ „Es gibt kein

Innen, es ist nur ein Gebäude, auf das man von außen schauen kann. Du kannst nur von außen auf es schauen, in ihm ist nichts.“ – Das ist, was sie fordern. Das Islamische Sultanat ist ein riesiges Gebäude, und in seinem Zentrum ist ein Thron. Wenn es ein Sultanat gibt, muß es einen Thron geben, und wenn es einen Thron gibt, kann dieser nicht ohne Sultan sein ... es muß einen Sultan geben. So viele törichte Muslime sagen: „Islam ist Demokratie.“ Was ist das für eine Verrücktheit! Das wäre, als würde man sagen, der Buckingham Palast wäre eine Toilette, ein WC. Warum das? Weil es in ihm so viele WCs gibt?! Wenn der Buckingham Palast WCs hat, wollen wir sagen, daß der Buckingham Palast ein WC ist?! Das ist die Meinung achtloser Muslime, die keinen Verstand haben. Sogar einige der Gelehrten und Hojas sagen, daß Islam wahrhaft Demokratie sei, welches gleichbedeutend damit ist zu sagen, Buckingham Palast wäre eine Toilette. Brachte der Prophet Demokratie oder das Sultanat?

Islam ist nicht nur ein internationales, sondern ein universales Gebäude. Es ist das universale, Himmlische Sultanat auf Erden. Das mußt du glauben. Sage nicht, Demokratie. Die Feinde des Islam erschufen diese Demokratie, um das Islamische Sultanat zu zerstören, indem sie Schakale mit sich brachten und die Löwen wegschickten. Und der Löwe symbolisiert Kraft, Größe und Ehre. Schakale symbolisieren die untersten Charaktereigenschaften, sie sind brutal und grausam, wilde Tiere, die sich von toten Körpern ernähren. Shaitan ist es, der diese Demokratie erschuf, um das Himmlische Sultanat zu zerstören, indem er die Leute lehrte und sagte: „Ihr müßt die Löwen hinfortsenden, und ihr, ihr Schakale, müßt an die Macht kommen.“

Das Islamische Sultanat... Wenn es ein Sultanat gibt, muß es einen Thron geben. Wenn es einen Thron gibt, muß ein Sultan darauf sitzen. Aber sie bringen alles in Unordnung. Shaitan lehrt die Leute, Demagogen zu sein. Und das ist eine Strafe für alle Nationen, im besonderen für die Christliche Welt, da sie doch an ein Himmlisches Königtum glauben und daran, daß der Herr der Himmel Jesus gesandt hat, um Sein Göttliches Königtum auf Erden zu errichten. Die ersten, die durch die Demokratie betrogen wurden, sind die Christen. Schande über sie, endlose Schande, da sie doch in ihren Heiligen Büchern darüber lesen und vortragen, daß Jesus nur deshalb kam, um das Himmlische Königtum auf Erden zu errichten. Wie könnt ihr euch da betrügen lassen? Wie könnt ihr sagen: „Demokratie.“? Was ist das für eine Verrücktheit! Gibt es keinen Bischof, der herbeikommt und sagt, daß Jesus von den Himmeln kam, um das Göttliche Königtum zu errichten? Keinen Priester, Patriarchen, Papst oder Kardinal? Sie sind betrunkene Leute, auch sie. Wie könnt ihr die Evangelien und die Bibel rezitieren? Wie könnt ihr die Christen lehren?

Niemand sagt: „O ihr Leute, es muß ein Himmlisches Königreich auf Erden geben, wir müssen es errichten.“ Warum sagen sie das nicht? Die Muslime sind daran gehindert oder es ist ihnen verboten worden, ein Königtum zu fordern, aber es steht in den Heiligen Büchern der christlichen Welt geschrieben: „Ein Himmlisches Königtum für Jesus Christus.“ Warum sagen sie dies nicht und weisen nicht die Demokratie zurück, die die Bedeutung eines Reichs von Schakalen hat, das das Himmlische Königtum zu Fall bringt? Das ganze Problem besteht in diesem Punkt ...

Alle, die an Gott glauben, den Herrn der Himmel, Allah den Allmächtigen – die Juden, Christen und Muslime –, müssen zusammenkommen, Hand in Hand, und ihren Herrn bitten, daß er ihnen den König der Himmel auf die Erde schickt, auf daß er das Königtum der Himmel errichte. Aber sie trinken und sind Leute ohne Verstand. Wenn sie alle ihre Repräsentanten nach Jerusalem, Damaskus, Mekka und Medina schicken würden, würde Allah vom Morgen bis zum Abend, in weniger als einem Tag, den Himmlischen König auf die Erde senden... Aber sie laufen nur der Dunya hinterher, sie, die nur danach fragen, glänzende Kleidung anzuziehen und hier solch ein großes Kreuz aufzustellen, sie tragen auf ihren Köpfen große Kronen mit Juwelen, tragen Stöcke und sitzen auf Thronen und sagen: „Wir sind nun die Könige der Himmel auf Erden.“ Und die Leute küssen sogar deren Hände... Allahu akbar!

Aber es wird eine Göttliche Strafe auf alle Nationen kommen, angefangen von den religiösen Leuten der Muslime, Juden und Christen, Doktoren, Rabbis und Bischofs. Denn sie alle verkünden: „Wir brauchen niemanden von den Himmeln, der unser Sultan des Göttlichen Sultanats auf Erden wäre. Wir sind genug. Schaut nur unsere Kleider an!“ Sie sind zu stolz, um jemanden von den Himmeln zu akzeptieren: „Nein, wir leben auf Erden, und wir brauchen keine Himmlischen Leute, die kommen und Könige über uns sein sollten. Wir benutzen die Demokratie.“ Und sie sagen zu den Himmlischen Leuten: „Wißt ihr noch nichts über Demokratie? Ihr seid so rückständig, DritteWelt-Menschen. Ihr seid die letzten, und wir sind die ersten.“ Solch stolze Religionsvertreter repräsentieren das Christentum, das Judentum und den Islam. Deshalb wird die erste Strafe auf ihre Köpfe kommen...

Dies müssen alle wissen: Solange nicht der Sultan auf Erden erscheint, wird es endlose Schwierigkeiten und Probleme unter den Menschen geben. Nach der Shari‘a ist der Sultan der Schatten des Herrn auf Erden. Ihr müßt sagen: „Allahumma, ’jal lana min ladunka waliya, ’jal lana min ladunka sultanan nasira...“ Eine Lehre des Heiligen Koran besagt, daß ihr Allah den Allmächtigen um einen Sultan bitten sollt, und nicht um einen

Präsidenten, eine Republik oder die Demokratie, nein. Wir hoffen, daß der Sultan der Himmel bald auf Erden sein wird, mit uns sein wird und die Leute sammelt. Der Sultan der Himmel hat die Macht, nicht nur die physischen Körper zusammenzubringen, sondern er kann die Herzen der Menschen einsammeln. Wer die Herzen der Menschen sammeln kann, ist der Sultan aus den Himmeln. Das ist Mahdi, der Friede sei auf ihm, und er wird kommen... Alle Nationen werden zusammenkommen durch sein Herz, und er wird der König der Himmel für ein Göttliches Königtum auf Erden sein ... Möge Allah euch segnen und euch diesen Göttlichen Sultan bald erreichen lassen. O Allah, sende uns Deine Löwen! Dies ist eine wichtige Botschaft für alle Menschen – alles ist darin. Fatiha.

## Sultan Selim Will Deliver the Trusts to Imam Mahdi (a)

Mawlana Shaykh Nazim: At that time I was staying at his home when his grandfather entered; the house was like this, from here to there, and the same above. Those devils brought him down! Sultan Selim was sitting on the couch like this with his tarboosh. When I looked, I thought he was Sultan Abdul Hamid! That's how much he looks like him.

Mawlana Shaykh Hisham: Jadduhu, his grandfather.

Mawlana Shaykh Nazim: Sultan Abdul Hamid is his grandfather. You know Nadine Sultan (Sultan Selim's paternal aunt) who comes here? Her eyes, nose, and overall features are exactly the same as the Ottomans. Allah made it like that so the Turks don't impose themselves on them. His name is Selim.

Mawlana Shaykh Hisham: His picture is here, Sayyidee.

Mawlana Shaykh Nazim: His facial features show strength. He has power; if you try holding his hand, you won't be able to. It's very obvious from their facial features that they are Ottomans. His height was medium, not too long and not too short, like Seljuk. Haven't you seen him? How does he look?

Guest: Mashaa-Allah, he's full of zeal!

Mawlana Shaykh Nazim: They all have the same nose; all the Ottoman Sultans have arched noses, which is a sign they are from Ahlu ‘l-Bayt. (...) As foretold in the hadith, “He will take from Selim.” And there is no other dynasty in the world other than the Ottomans which uses the name Selim.

Mawlana Shaykh Hisham: And you have mentioned this 40 years back, Sayyidee, that Sultan Selim will rule. I remember you used to say the same thing in Beirut.

Mawlana Shaykh Nazim: “Selim will come and take from Selim.” He is Sultan Selim!

Mawlana Shaykh Hisham: (...) was in an oasis in Lebanon, as it was heard.

Mawlana Shaykh Nazim: No, they were his grandsons.

Mawlana Shaykh Hisham: They visited you; we were with them.

Mawlana Shaykh Nazim: We came, visited them and left.

Mawlana Shaykh Hisham: You said Selim will come as a ruler. Allahu Akbar, Selim! SubhaanAllah.

Mawlana Shaykh Nazim: Mashaa-Allah, his memory is good.

Mawlana Shaykh Hisham: I was with you.

Mawlana Shaykh Nazim: He is ready. The sultan who once was exiled will return back to Istanbul, as foretold in the Hadeeth ash-Shareef, in Jami`as-Sagheer’s `Azeeziya Sharh. Where did they put that book? The explanation in Azeeziya’s Sharh was for something else, but in this it is mentioned that the sultan will weaken, then afterwards he will leave for the sea to Istanbul and return as the same sultan, and that the Sacred Trusts will be received (...)

The khalifah of Abu Fatih in Egypt was the Abbasid khalifah. He sent him the Keys of the distinguished Ka`bah and the Sacred Trusts. After receiving these, he came directly to Istanbul. For twenty-four years, day and night, he arranged the recitation of the Holy Qur’an at that maqaam. For twenty-four hours, twenty-four qaris were reciting there ‘til those shaytans came and prevented them.

It is mentioned in here that Sultan Selim will receive those Sacred Trusts (in Topkapi Palace). He will arrive in the Last Days and deliver the trusts which were given to him by his grandfather to Saahib al-Waqt, Imaam Mahdi (a). No one can overpower him! Sultan Selim will deliver the trusts to Saahib az-Zaman. (...) And after some months, on the seventh (year), Dajjal will come out. This is a hadith (...)

The tyrants of the Turks insisted, “What is in here?!” The trusts are preserved in there. “What is behind that door?” they asked.

The staff there said, “There are some trusts to be protected.”

“I will pee on them!” they said.

“It’s impossible for anyone to enter!”

“We have a responsibility!” and they took one step; in the second step, their faces were attacked and they ran away. Among the children of Adam there is a group of jinn protecting these trusts. Like puppies they started wailing. They dragged that one out of there. His mouth went up to his ear, paralyzed. Those around him said, “What will we do now?” The doctor said, “This is not in our field; call someone who understands from these things.” They searched and found one dervish. After explaining the situation to him, he said, “Let me go and take a look.” He arrived and saw the man lying there on the floor. Immediately he took off his shoe and smacked him in the face! With one blow his face had straightened! (Laughter.)

(Mawlana Shaykh Nazim reiterates the incident in more detail:)

The man collapsed on the ground. His mouth was distorted. He kept insisting to have their chief see the Sacred Trusts. But although they warned him several times to not enter, he still kept saying, “Oooh! I will go in.” Finally, they opened it for him: first step, second step, and there came a smack! One of the jinns downstairs slapped him. Guryaa! And up the stairs they pulled him out, shouting. They looked and saw that his mouth had moved all the way to his ear. “Call a doctor!” they shouted. What doctor? There is nothing a doctor can do for this; the guardians downstairs beat him and he became paralyzed! “Oooo! Oooo!” He was bellowing like an ox. Then finally they brought in a dervish. He took off his shoe and smacked him in the face. The man’s mouth went back to its normal position.

This is a very important matter! That is why, Sultan Selim will come and take delivery of the Sacred Trusts. Then when Imam Mahdi (a) comes, he will hand them over to him. Sultan Selim will gird his sword at the Eyub Sultan Mosque (a ritual performed each time a new Ottoman Sultan ascends to the throne). Now they are preparing his royal garments. I told them, “There is permission! There is permission!” Yaa Rabbee hakkin! Yaa Rabbee hakkin! Make us reach to see Islam’s glory and zeal!

Fatihah.

Mawlana Shaykh Hisham: Mawlana, inshaa-Allah when the Ottomans come will they wear tarboosh or turbans?

Mawlana Shaykh Nazim: Turbans and tarboosh as well. Most of them will wear tarboosh.

**News of Sayyidina Imam al-Mahdi (as)**

Shaykh Hisham: So its name is, “The Year of Appearance (of Mahdi),” like, “The Year of Elephant.” It means “the year of appearance,” or, “full appearance?”

Mawlana Shaykh: No.

Shaykh Hisham: It means he will appear fully on Hajj al-Akbar? Inshaa-Allah he will be with you in your presence.

Mawlana Shaykh: If he stamps his feet two... will enter and one will go to Sham!

Shaykh Hisham: The power of Sham will be in the hands of Mahdi (a).

Mawlana Shaykh: There will be one kingdom, mulk.

Shaykh Hisham: He is in existence?

Mawlana Shaykh: Yes he is, but he is hidden. sawfa taqtatilaan fi’ataan `azheematan. The time will not come

until two great parties fight each other; it is not possible and time is not left to wait. Now is a dangerous time for the western people because they are dependent on atomic weapons; now they should cut it down. A wave may come and they will run away. And one non-Arab nation likes to be there in that place, muntaqa, so that they may change because since WWI they were never happy with the place; for nearly 100 years they are not in ease, but when the Ottomans were there they were happy. They are regretting where there is the Ottoman's rule and if they are appointed there.....

Shaykh Hisham: Mashaa-Allah Sayyidee, it is among the rare (news)!

Mawlana Shaykh: This (news) is not from my mind or by thinking, but it is from them.

Shaykh Hisham: Mashaa-Allah Sayyidee, all the suhbah are usually (coming now) during eating time!

Mawlana Shaykh: SubhaanAllahi 'l-`Aliyyi 'l-`Azheem, subhaanAllahi 'l-`Aliyyi 'l-`Azheem. May Allah protect us from the corruptions of the Last Days. So many will die, not in millions but in billions! Y'Allah, Bismillahi 'r-Rahmaani 'r-Raheem. (Du`a)

Fatihah.

## Sunnah Is a Handbook to Heavens - Wahabi Teachers

Yaa Rabbee. Dastoor yaa Sayyidee, madad yaa rijaalAllah. (Mawlana Shaykh stands.)

Allahu akbar, Allahu akbar, Allahu akbar. Laa ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Allahu akbaru kabeera wa 'l-hamdulillahi katheera, wa subhaanallahi bukratan wa aseela. Yaa Rabbee zid habeebika `izzan wa sharafan wa nooran wa surooran, wa ridwaana wa sultaanan wa 'l-yazhar shaanahu min al-azaali ila 'l-abad. Huwa habeebuk, Huwa khaleefatuh! Yaa Rabbana, for his honor forgive us and bless us.

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

(Mawlana Shaykh sits.)

Madad yaa RijaalAllah. Bismillahi 'r-Rahmani 'r-Raheem. O our Grandshaykh (q), who is responsible for every happening on this planet, who teaches us something that we may be reaching from one level to another level!

O our attenders from Mankind, everyone, hear and listen and obey! We are trying to make our rights for us to be obedient, yes, obedient! O People! Now we are asking something for `ulamas for learned people.

O Salafi `ulamas and Wahabi teachers! Marhaban. From where you reached heavenly knowledge, can you say? If you are not knowing where you are, you are going to lose your direction. Therefore it is something important to know where you are.

Madad, yaa Sultanu 'l-Awliya! You are responsible for every event on this planet, particularly about human nature. He has responsibility. Who understands and knows his responsibility has an honor; if not knowing, he has no value, quickly running to the level of animals because animals have no responsibility. Therefore, it is an important point coming now like waves from heavenly ones to make such a declaration. I am only a tap (faucet). If they are sending, I may speak it, and if they are not sending, I don't know anything! But you are not accepting. You are saying, "No we are not taps, we are those people that taps and pipes are under our control." That can't be, because to bring water we must open the tap!

O Wahabi teachers! Try to learn something and leave your bad manners because you have so many bad manners that make people run away from Islam! Therefore, Allah Almighty is taking noor from your faces, no lights on your faces and you look like Shaytan! Shaytan is making people run away from Islam and you are making people hate Islam with your nonsense declarations. They run away from Islam because (of what) Wahabi people are saying. And they are saying, "We are not accepting such an Islam!" A question to Wahabi teachers; leave now Salafi teachers to rest tonight! ...

Madfa`iyya. My cannons, they are sending to me on their fortress. I am that one making their fortress under my feet. And I am nothing! Wahabi teachers, what is your direction? You want to speak on it? Do you know your direction? Do you think the Seal of Prophets (s) was using the madhhab of Wahabis? Do you think the Seal of Prophets (s) wasn't knowing about you, about Wahabi sects (when he spoke about the division of Muslims in the Last Days into 73 sects)? What are you, Wahabi `ulamas? This hadith is true or not?

**•••• •• •••• •••• _••• •••• •••• ••••_ ••• •••: •••••• •••• ••• •••• •••••• ••••**

Sataftariqu ummatee `alaa thalaatha wa saba`een firqah. My nation will divide into 73 sects.

Sayyidina Muhammad (s) said, "In the future my nation will leave my way (sunnah) and my ashaab, Companions. Through coming times will come some people who will claim the ways of my companions and followers are wrong." (And you claim) Muhammad ibn `Abd ul-Wahhab brought the true way. From where (based on what evidence) are you saying this, and you are only a handful of people saying billions are on the

wrong way. What is that?!

Yes, I am the weakest one, but you know that there is some virus making people to fear and it is so small they can't even see it, and they are fearing from Pig Flu. People are trembling. They are not fearing from Allah (swt)! (Wahabi `ulamas,) your hearts are closed to the Seal of Prophets (s) and you are saying:

•••••••••• ••••••

quloobuna ghulfoon, "Our hearts are locked." (2:88)

You say, "Our hearts are only opened by Muhammad ibn `Abd ul-Wahhab. We are never accepting what happened." So, was Prophet (s) directing on a wrong way and `Abd ul-Wahhab is correcting him? What is that foolishness from you?! Look at your out-looking (appearance); never are you on sunnah, not your beards or (what you wear on) your heads or what you are dressing, in trousers and putting ties!

Do you also have a fatwa from Muhammad ibn `Abd ul-Wahhab to drive cars and take the latest model every year, saying, "Yes, we must drive this!" Why are you not saying this? Because Muhammad ibn `Abd ul-Wahhab was riding on camels, so why are you not taking camels through streets of Riyadh?! Was Muhammad ibn `Abd ul-Wahhab riding in cars or on a camel? Why are you not following him? Allah (swt) is looking and knowing and giving His judgment for you and making your madhhab to be nothing! What are you learning? What is your aim and your direction? To where are you directing people? `Ilm, heavenly knowledge, is unique knowledge; is it directing people to dunya or to ahkirah? Say! Say to people, "O People, the Lord of Heavens is directing you to dunya not to heavens!" Was that the main goal of the Seal of Prophets, Sayyidina Muhammad (s)? (Mawlana Shaykh stands.) I know you are getting very angry when I am standing up. If my Lord gives me in this dunya until I reach one-hundred years of age, I am asking to stand up for the holy name of the Seal of Prophets (s)!! (Mawlana Shaykh sits.)

To where was Prophet (s) directing people, to mawla or dunya? Where are you, Wahabi teachers? I am not referring to you as`ulamas, because you know nothing! The Seal of Prophets (s) was directing people to where you are not directing people, because you are using much more fashionable dressings. Why are you not using servant's dressings? Why are you not putting on your heads turban, the crown of Islam, tijaan ul-Arab and `ama`im? You know knowledge? Is that a hadith or am I writing it?

Prophet (s) is saying:

••••••• •••• •••••

al-amaimu tijan al-`arab, The turbans are crowns of Muslims, of Arabs.

Where is the Arab? Where was the Seal of Prophets (s) directing people? Where are you? And he (s) said, khaalifu 'l-mushriqeen, khaalifu 'l-kaafireen, khalifu 'l-munaafiqeen. Why you are dressing in trousers? Why you are putting ties? Why? Why you are not using ama`im? And if seeing a person from Ahlu'l-Sunnah putting on his head turban, the crown of Islam, you are getting so angry. (... ) The Prophet (s) said

•• •••• •••• ••• •••• •••• ••• ••• •••• ••••

man ahya sunnatee `inda fasaada ummatee falahu ajru mi`atu shaheedin. The one who revives my sunnah in the time of corruption will receive the reward of 100 martyrs."

Aw kamaa qaal (or as he said it). Ghalat `indakum hadha 'l-khabar (Is this transmission considered wrong by you) or you are saying mawdu` (forged) ? You are mawdu`! Inshaa-Allah, I am weakest one for the ummah, but I am making your no-madhhab way under my feet!!

Al-`amaaimu tijaan ul-`arab. If you are looking at someone (with a turban) you become so scared of him, saying, "Why putting this? They are 'ahl al bida`', people of innovation." Antum ahl as-sunnah? (But) are you people of sunnah? Where is your crown? No crowns? Do you understand Holy Qur'an? Holy Qur'an is saying, for the Battle of Badr, Allah Almighty, yamuddu ashaab an-nabi bi 'l-malaaikati munazzaleen, mussawameen. "Supported the Companions by causing angels to descend," because that day angels came from heavens on their horses and, mussawwameen, the edge of their turbans was like this (Mawlana tucks in the tail of his turban.) When Prophet (s) saw this, he also tucked the edge of his turban, saying, li ashaabihi:

•••• •• ••••• ••• •••• •••• •••• ••• ••••••• ••• ••• : •••••• ••• •••••••• •• ••••• •••••• •••••• •• ••••••• ••••••••

tassawwamu fa inna 'l-malaa`ikatu qad tassawamat. O my Companions! Do as the angels and make tails for your turbans!

You are knowing something? Not knowing anything! Someone to teach you and you are not happy with that one.

O Wahabi teachers! Happy or unhappy, it doesn't matter. This is heavenly declaration. To where are you directing people, to dunya or to mawla? All of you are working for dunya, not for mawla. (Mawlana Shaykh stands) The Seal of Prophets (s) directed his nation to heavens, not to dunya but to mawla! (Mawlana Shaykh sits.) Try to learn, Wahabi teachers and Wahabi followers. Try to understand, an `arabiyaat qaleel, my Arabic language is very short, but you can understand. May Allah (swt) forgive us.

O People! You must know your true life direction before you can teach others their true life direction. That is real knowledge, that angels are saying, "O our Lord, grant to that servant as You like." May Allah forgive me and you also. We must come together hand-in-hand to make Shaytan and it's sultanate under our feet! That is our aim, nothing else.

(32 minutes)

Yes sir, I know nothing. I know nothing. He knows and His representative, Habeebullah (s) knows and his inheritors (awliyaullah) know. But my level is zero level and I am bombarding on those who are on zero level. I am not claiming they are on another level, no; they are on the same level. Therefore, I am bombarding them!

(Mawlana Shaykh speaks to Shaykh Hisham Effendi on the phone.)

Dastur, ya Sayyidi, Madad. As-Salamu alaykum, O lovers. Marhaba to those who love and respect Shahu Mardan. Marhaba, O Shahu Mardan. The place is yours. Send us support. Marhaba, O Shahu Mardan, Marhaba. How beautiful! What a beautiful greeting. Go on, O Shahu Mardan; may we get some advice. May it be an advice to protect people from the evil of shaytan. Let us listen. Marhaba, O Shahu Mardan, Marhaba. Be at ease, Shahu Mardan says. Those who say Marhaba to us, O blessed servants, O those who respect Shahu Mardan and hold him in high esteem, may you be granted his himmat. The lion of Allah is Shahu Mardan. The 'yaran' are those who love him. May our day be good/blessed.
"Kun ma'aLlah wa la tubali." - Be with Allah and don't worry. How can we be with Allah? Let us say: Bismillahi r-Rahmani r-Rahim. He who says Bismillahi r-Rahmani r-Rahim is with Allah! He is with Allah. And who is with Allah has no worries, no grief here or hereafter. He has nothing to worry about, suffers no oppression, but is joyful, honoured and cheerful. So let us be with Allah! To be with Allah, to be with those who love and respect Him, means to be with Habibullah, the beloved Master of here and hereafter. Let us open, let us expand, let us be happy - "Kun ma'aLlah wa la tubali" - Be with Allah! Be with Him so that you will not have any worry. If not... Go on, O Shahu Mardan, your lovers are listening to you. Who is with Allah has no worries, no hard times, neither here nor hereafter. He will not be disgraced. Can anyone who is with Allah al Jalil - Subhanahu wa Ta'ala - be disgraceful?
Jalla Jalaluhu, Jallat Azamatuhu. "Qawwi dha'fana fi ridak." O my Lord, we are weak. The one who is with Your blessed servant, Shahu Mardan, to whom You have given power and honour, doesn't suffer. He is always honoured. He is honoured here and hereafter. What is suitable for human beings? To be honoured. What did Janabi Haqq - Jalla wa 'Ala - say? Listen to Shahu

Mardan now. He said: "Wa laqad karramna Bani Adam." (17:70) "We have created the Children of Adam 'mukarram', honoured." Go on, O Shahu Mardan. What good news, what a big honour this is! Janabi Haqq says: "I have blessed the Children of Adam with My Divine honouring. A rank and honour that I have not given to anyone else I gave to mankind."

Janabi Allah, Subhanu wa Ta'ala! Increase our strength, O my Lord. O Shahu Mardan, your words are jewels, jewels. People search for jewels. They dig up places where there are jewels and look for rubies, for emeralds. They even dive into the depth of the seas to look for pearls. What value does that have? Allah Dhul Jalal has granted you such a jewel, such preciousness that no one can enter into that rank to appreciate its true value. There is no means to measure the extent of the value of man. Go on, O Shahu Mardan. The place is yours. Your lovers and friends are listening to your advice. O my Lord, we are weak: "Qawwi dha'fi fi ridak." Give us strength to

gain your acceptance. Give us strength so that we can keep Your Way, O my Lord. We wish to serve You, we wish to honour Your Orders. We wish to find honour at Your Door.

Go on, O Shahu Mardan. Man likes to be honoured. What is the highest honour? It is an honour for people to be at the door of the elevated ones of this world. But the real honour is to be at the Door of Allah (jj) Almighty. There is no higher level or rank. Stay at Allah's Door, belong to Him. You will see what the Lord of Glory, Janabi Haqq, will give you for the honour of His Beloved. The lovers of Shahu Mardan, his friends, have been given such blessings that cannot be described. Who could assess the value of the jewels which Janabi Haqq has given to His Beloved and through him to Shahu Mardan? We have such honour! So why do you, little man, worry? Why are you in despair? Why? Why do you worry? What could be your worry? If you are Shahu Mardan's lover, what sorrow could you have? Neither does any worry stay with you, nor are there are any ranks that you cannot reach. This time, says Shahu Mardan, man reaches the rank of 'Hazrat'. (Honorable One). Angels are not called 'Hazrat'. This is said for our Prophet: 'Hazrat' Prophet. It is not said 'Hazrat' Jibril. This honour has been dressed on our Prophet and after him, Shahu Mardan has been dressed with this robe of honour. Who follows his way is also honoured. They are not pale or dim.

What did the Prophet say, alayhi salatu wa salam? "As'habi kal-nujum." "My Companions are

like the stars in the sky." They are such stars that are never extinguished. Their light does not decrease. Its gets more and never gets less. The Companions of our Prophet are like stars that shine in the sky: "As'habi kal-nujum." "My Companions", he said. Go on, O Shahu Mardan.
What did the Most Honorable Prophet say, alayhi afdalu s-salat wa attamu s-salam? "As'habi kalnujum." "My Companions are like the stars in the sky; their light is never extinguished and their ranks cannot be reached!" What is the jewel of the Heavens? The Moon or the Sun? The Sun, the Sun of Creation. Speak, O Shahu Mardan. The Sun of Creation is Hazrati Rasul, the Beloved of Ar-Rahman, Habibullah. If there was not his sun there would be no creation. It would extinguish and finish. He is the Sun that is never extinguished: Habibullah, the Prophet honoured by Allah.
Pay attention! Honour/glorify him, he is the honoured Prophet! Hazrat Shahu Mardan is saying this with passion. These mindless people don't appreciate the rank of Man. The rank of Man is for those on the way of Allah's beloved, Habibullah; honour is for them. Who is the Sun of the Creation? Hazrati Rasul, Habibullah. Come closer and take Light from him! If you come closer to shaytan you will catch fire. Paradise is in the Light; run to that Light. Shaytan is fire. Who follows it falls into the fire that shaytan is in. He will burn and finish. He will be nothing, zero. O Shahu Mardan, beloved of Ar-Rahman, your lovers are listening. Look to the honour of man. Who are the most honoured ones? Those who connect to that Sun of Creation, those who take Light from it. Those who have been described as- "As'habi kal-nujum"; "My Companions are like the stars in Heavens." Their clothes may be like the clothes of the poor, but look to their reality! Look at the rank the Companions of our Prophet have: "...kal-nujum." They are like the

stars in the sky whose light does not dim, the honourable Companions. The Prophet (saw) said like this.
All the Prophets stood in rows behind the Prophet of the End Times, the Sun of Creation. They stood full of respect, because the Prophet of the End of Times represents Janabi Haqq. Masha Allah, masha Allah! He said: "As'habi kal-nujum." - Those present in my associations are like the stars of Heavens. Whichever one you follow, you will find Paradise." Don't look to the clothes they wear. People dress in fancy clothes, but their bodies are dirty and unclean. The clothes they

wear don't give them honour. This is shaytan's lie. Make an effort! Go on, O Shahu Mardan. "As'habi kal-nujum", "My Companions are like the stars in Heavens. Whichever one you follow, will take you to the Presence of the Lord of Glory. You will reach His Presence and find in it the presence of His Beloved. O people! Learn and know.

You cannot describe Light. Allah has dressed man in Light. This Light was for the honoured Children of Adam. Shaytan wanted it: "This Light should be given to me." But it was said to it: "You have a place, but their place is different." This Light I gave to My Khalifa Adam and his children; I didn't give it to you. How can you get so proud and arrogant in My Divine Presence? Get out of My Presence. I know what to give (to whom)."

"As'habi kal-nujum." Go ahead, O Shahu Mardan, speak. (The Prophet said): "My Companions are like the stars in the sky." Follow any one of them and you find Paradise. What is Paradise? If Paradise was empty, nobody would enter it. Who is interested in an empty palace? What they ask for is the Sultan of the Palace. Now people want the palace; the don't ask for the Sultan inside. What a pity for the small-minded people of today. They ask for the palace. Why? Ask for the Sultan so that He can give you honour. A palace doesn't give you honour. The Owner of the palace gives you honour. Be honourable so that you also will be like the Prophet of the End of Times, Allah's Beloved. The Master of Creation, said: "As'habi kal-nujum." You will be shining like the stars in Heavens. O Glorious Prophet! No one has the ability to describe you because it is your Lord who has praised you. He called you: "My Beloved." "Run to My Beloved one." Don't run after the palace, run to the owner of the palace. You will see what the owner of the palace will give you.

But they run after dirt; they run after dunya which is like a carcass and they don't ask for the palace or its owner. Even an ant asks for the owner of the palace and it is running! "What is the way to my Lord's Palace who has brought this creation into existence from nothing?" Even the ant is asking and running. It is not after a piece of straw or a grain of wheat. The ant is asking something else. People now don't even have the dignity of an ant. O Glorious Prophet, O Allah's Beloved One, Shahu Mardan is conveying your words. He, Allah Dhul Jalal's Beloved, is the Prophet, who represents His Great Existence on Earth. Run to look for the Prophet of the End of Times, Habibullah, Allah's Beloved One; run after him. Why you run after shaytan? Shaytan

takes you to the WC, into oceans of dirt. People now have fallen into oceans of dirt. There is no clean one left even though man has been created clean. What is it that makes man dirty? Dirt is

to be with shaytan. Shaytan makes man dirty. Even though shaytan was thrown out all of its works are dirty.
Janabi Haqq has dressed man with a robe of honour and said: "This is My Khalifa (Representative)" He has given this honour, so why don't you run on the Way of Allah? Why you don't you say: "I want to find Allah" and get going? What are you going to take from the WC that you stir it? Go ahead, O Shahu Mardan; may we understand. May we realize our condition, our identity, as they say. There is nobody who is asking: Who are you? What are you? Why do you exist? All are running after the WC. Who is going to empty the WC of dunya? People run after that and so what they eat is dirty, what they drink is dirty, what they dress is dirt and filth. Allah says: "Be clean." "Wa thiyabaka fatahhir." (74:4) Keep yourself clean. "thiyabak" (your robe) refers to your body. Don't get dirty; don't get involved in the dirt of dunya. Your place is not dunya; your place is 'asuman', Heavens, because He who gave you this rank wants you there. But you don't want this; you want something else instead.
Go ahead, O Shahu Mardan. Subhan Allah, Sultan Allah. Who teaches us is Shahu Mardan. The Shahu Mardans will come to educate these people; He will make them trained. If not... There is man and there is shaytan. Some are shaytans, some are human beings. There is shaytan, the original shaytan, and there is the shaytan who makes people shaytans. The one who goes against the Orders of Allah, who doesn't keep Allah's orders, is a shaytan. And there are those shaytans who follow it. They are dirty and unclean. "Wa thiyabaka fatahhir." (74:4) Keep your clothes clean. 'Thiyabak' means our body. Make it pure/spotless. Islam means cleanliness. "Innama l-mushrikuna najasun." (9:28) Those who are with shaytan, who bring with them shaytan, those who associate others with Allah (shirk) are 'najasun',dirty, Allah is saying. They will not come near the divine Diwan/Presence. They will not come near the heavenly Palaces. What they dress in is the dirt of dunya and they fall into it.
This is the agony of today's people. They forgot Allah and worship shaytan. And shaytan has made people fall into trouble/misfortune. It makes them destroy one another. "Wa la taqtulu

anfusakum." (4:29) Janabi Haqq says: "Don't kill one another." Don't kill! "Bal 'ahya'un 'inda Rabbihim yurzaqun." (3:169) Look for those clean servants in the Lord's Presence who are alive in His divine Diwan/Presence and be with them. Then at that time your life in dunya will be a good life - "hayatan tayyibatan." (16:97) Dunya will run after you; you will not have to run after dunya. But shaytan has cheated the Children of Adam in such a way that no one is left who is sensible.

Listen, O Persians. Listen, O Alawis. Listen, O Christians. Listen, O Jews. Listen, Christians. These words are the words of the Sultan of all Prophets. They are the words of Janabi Haqq and of the Prophets that He taught. Ma sha Allah! O Shahu Mardan, you have told us. Let us keep your way; send us 'himmet', send us support. (He says): Our support reaches the servant who loves Us. Who loves Us will not be dishonoured. Who leaves Our way will be disgraced here and hereafter. O Shia, find honour. O Alawi, by killing people you don't find honour. You don't find

honour by destroying people's homes and belongings. Keep the way of Shahu Mardan, the owner of honour, the owner of Dhul Fiqar, and you will be saved. If not, Dhul Fiqar will cut you. Listen to these words. Go ahead, O Shahu Mardan. We are waiting for you. We are waiting for Hz Mahdi, who will be from your pure lineage. Wait! Some will be honoured with his honour, others will go through his sword.

Don't run after dunya! Run after the Sultan of Prophets, run after Shahu Mardan. You will find honour and well being. May your honour be in Allah's divine Diwan/Presence. With dunya man doesn't get honoured. Dunya makes people dirty. Don't get into that dirt! Go ahead, O Shahu Mardan. We are waiting.

He says: "It is near..." This month is Rajab, the month of Allah. Let's see what kind of Tajalli (Manifestation) will come. Janabi Haqq says: "I have made Dhulm Haram to Myself, so don't oppress, because I made it Haram for you also. Don't oppress; I am not happy with the dhulm you are doing. Don't be a dhalim/oppressor, or I will crush you! I will curse you, I will destroy you. I made dhulm forbidden", says Allah Jalla wa 'Ala. "Whoever does what I have made Haram I will crush him, I will step on him. Their homelands will be on fire and their end will be in hell. I will throw them out from My Presence." Beware, O Shia and Alawis or those who say "I

am Turk" or "Arab". Pay attention to these words. If not... The Owner of Heavens and Earth is "'Azizun dhu-ntiqam." (3:4) Avenger of evil. He will take His Revenge.
O my Lord, forgive us! Ma sha Allah, O Shahu Mardan. Your lovers take faith from you, take Islam and love and wisdom. Don't separate us from you! May we be on your way. And success is from Janabi Haqq. This advice is for all mankind. Don't kill! Make people live. "Revive. Give life. Don't kill", says Janabi Haqq. If not I will take My revenge on you. I will take the right of My oppressed servant from you. O my Lord, don't make us from the oppressors and don't make us fall into the hands of oppressors. Amin.
For the sake of this blessed month, Rajab Shahrullah. O my Lord, You take Revenge on those who don't respect this blessed month, who burn and destroy and kill. You are Subhan, You are Sultan!
Fatiha.

Janabi Haqq sagt: Ich habe die Kinder Adams gesegnet mit Meiner Göttlichen Ehrung. Eine Rangstufe und Ehre, die Ich niemand anders gegeben habe, gab Ich der Menschheit. Janabi Allah, Subhanu wa Ta`ala! Mehre unsere Kraft, o mein Herr. O Shah Mardan, deine Worte sind Juwelen, Juwelen. Die Menschen suchen Juwelen. Sie graben Stellen auf, wo Juwelen sind, und suchen nach Rubinen, Smaragden. Sie tauchen sogar in die Tiefen der Meere, um nach Perlen zu suchen. Welchen Wert hat das? Allah Dhu l-Jalal hat euch so einen Juwelen gewährt, so eine Kostbarkeit, in deren Rangstufe niemand eintreten kann, um den wahren Wert zu würdigen. Es gibt keine Mittel, um das Ausmaß des Wertes des Menschen zu messen.

Mach weiter, o Shah Mardan, der Ort ist dein. Deine Liebenden und Freunde hören auf deinen guten Rat. O mein Herr, wir sind schwach. "Qawwi Dha'fi fi Ridak." Gib uns Kraft, um Deine Anerkennung zu gewinnen. Gib uns Kraft, so daß wir Deinen Weg einhalten können, o mein Herr. Wir wünschen, Dir zu dienen. Wir wünschen, Deine Befehle zu ehren. Wir wünschen, Ehre an Deiner Tür zu finden. Mach weiter, o Shah Mardan. Dem Menschen gefällt es, geehrt zu werden. Was ist die höchste Ehre? Es ist eine Ehre für die Menschen, an der Tür der Erhöhten dieser Welt zu sein. Aber die wahre Ehre ist, an der Tür Allahs des Allmächtigen zu sein. Es gibt keine höhere Stufe oder Rang. Bleibt an der Tür Allahs, gehört Ihm. Ihr werdet sehen, was der Herr der Glorie, Janabi Haqq, euch geben wird zu Ehren Seines Geliebten. Den Liebenden Shah Mardans, seinen Freunden, sind solche Segnungen zuteil geworden, daß sie nicht beschrieben werden können.

Wer könnte den Wert der Juwelen ermessen, die Janabi Haqq Seinem Geliebten gegeben hat und durch ihn Shah Mardan? Wir haben solche Ehre! Warum also, kleiner Mensch, machst du dir Sorgen? Warum bist du verzweifelt? Warum? Warum machst du dir Sorgen? Was könnte dir Sorgen bereiten? Wenn du Shah Mardans Liebender bist, welchen Kummer könntest du haben? Weder bleiben irgendwelche Sorgen bei dir, noch gibt es eine Rangstufe, die du nicht erreichen kannst.

In dieser Zeit, sagt Shah Mardan, erreicht der Mensch den Rang des "Hazrat", des Geehrten. Engel werden nicht Hazrat genannt. Das wird über unseren Propheten gesagt: Hazrat Prophet. Es heißt nicht Hazrat Jibril. Diese Ehre ist unserem Propheten angezogen worden, und nach ihm wurde Shah Mardan mit diesem Ehrengewand bekleidet. Wer seinem Weg folgt, ist auch geehrt. Sie sind nicht blaß, noch trüb. Was sagte der Prophet, `alayhi Salatu wa Salam? "As'habi ka n-Nujum" - Meine Gefährten sind wie Sterne am Himmel. Sie sind solche Sterne, die nie verlöschen. Ihr Licht nimmt nicht ab. Es wird mehr und wird nie weniger. Die Gefährten unseres Propheten sind wie Sterne, die am Himmel scheinen. "As'habi ka n-Nujum." Meine Gefährten, sagte er. Mach weiter, o Shah Mardan. Was sagte der geehrteste Prophet, `alayhi Afdalu s-Salat wa Attamu s-Salam? "As'habi ka n-Nujum." - Meine Gefährten sind wie die Sterne am Himmel. Ihr Licht verlöscht nie, und ihre Rangstufen können nicht erreicht werden! Welches ist das Juwel der Himmel? Der Mond oder die Sonne? Die Sonne, die Sonne der Schöpfung. Sprich, o Shah Mardan. Die Sonne der Schöpfung ist Hazrati Rasul, der Geliebte ar-Rahmans, Habibullah. Gäbe es nicht seine Sonne, würde es keine Schöpfung geben. Sie würde verlöschen und Schluß! Er ist die Sonne, die nie verlöscht, Habibullah, der von Allah geehrte Prophet.

Paßt auf! Ehrt und preist ihn. Er ist der geehrte Prophet! Hazrat Shahu Mardan sagt dies mit Leidenschaft! Diese hirnlosen Leute würdigen den Rang des Menschen nicht. Der Rang des Menschen ist für jene auf dem Weg von Allahs Geliebtem, Habibullah. Die Ehre ist für sie. Wer ist die Sonne der Schöpfung? Hazrati Rasul, Habibullah. Kommt näher und nehmt Licht von ihm! Wenn ihr euch Shaytan nähert, werdet ihr Feuer fangen. Das Paradies ist im Licht, lauft zu diesem Licht! Shaytan ist Feuer. Wer ihm folgt, fällt in das Feuer, in dem Shaytan ist. Er wird verbrennen und Schluß! Er wird nichts, null sein. O Shah Mardan, Geliebter ar-Rahmans, deine Liebenden hören zu. Seht auf die Ehre des Menschen. Welche sind die Geehrtesten? Jene, die mit

dieser Sonne der Schöpfung verbunden sind, jene, die Licht von ihr nehmen. Jene, die beschrieben wurden als "As'habi ka n-Nujum". Meine Gefährten sind wie die Sterne am Himmel. Ihre Kleidung mag sein wie die Kleidung der Armen, aber seht ihre Wirklichkeit! Seht die Rangstufe, die die Gefährten unseres Propheten haben! "..ka n-Nujum." Sie sind wie die Sterne am Himmel, deren Licht nicht dunkler wird, die ehrenwerten Gefährten. Der Prophet (saws) sagte das.
Alle Propheten standen aufgereiht hinter dem Propheten des Zeitenendes, der Sonne der Schöpfung. Sie standen voller Respekt, weil der Prophet des Zeitenendes Janabi Haqq vertritt. Ma sha' Allah, ma sha' Allah! Er sagte: "As'habi ka n-Nujum." Jene, die in meinen Versammlungen anwesend sind, sind wie die Sterne am Himmel. Welchem auch immer ihr folgt, ihr werdet das Paradies finden. Guckt nicht auf die Kleider, die sie tragen. Die Menschen kleiden sich in schicke Kleider, aber ihr Körper ist schmutzig und unsauber. Die Kleider, die sie tragen, gereichen ihnen nicht zur Ehre. Das ist Shaytans Lüge. Macht eine Anstrengung! Mach weiter, o Shah Mardan.
"As'habi ka n-Nujum" - Meine Gefährten sind wie die Sterne am Himmel. Welchem auch immer ihr folgt, wird euch in die Gegenwart des Herrn der Macht bringen. Ihr werdet Seine Gegenwart erreichen und darin die Gegenwart Seines Geliebten finden. O Menschen! Lernt und erwerbt Wissen! Ihr könnt das Licht nicht beschreiben. Allah hat den Menschen mit Licht bekleidet. Das Licht war für die geehrten Kinder Adams. Shaytan wollte es. 'Dieses Licht sollte mir gegeben werden.' Aber ihm wurde gesagt: Du hast eine Stellung, aber ihre Stellung ist anders. Dieses Licht gab Ich Meinem Khalifa Adam und seinen Kindern. Ich gab es nicht dir. Wie kannst du so stolz und arrogant werden in Meiner Göttlichen Gegenwart? Verschwinde aus Meiner Gegenwart! Ich weiß, was Ich wem gebe!
"As'habi ka n-Nujum." Mach weiter, o Shah Mardan, sprich. 'Meine Gefährten sind wie die Sterne am Himmel.' Folgt irgendeinem von ihnen und ihr findet das Paradies. Was ist das Paradies? Wenn das Paradies leer wäre, würde niemand eintreten. Wer ist an einem leeren Palast interessiert? Nach wem sie verlangen, ist der Sultan des Palastes. Jetzt wollen die Menschen den Palast. Sie fragen nicht nach dem Sultan darin. Wie schade für die kleingeistigen Menschen von heute. Sie wollen den Palast. Warum? Verlangt nach dem Sultan, so daß Er euch ehren kann. Ein Palast ehrt euch nicht. Der Besitzer des Palastes ehrt euch. Seid ehrbar, so daß ihr auch wie der Prophet des Zeitenendes werdet, Allahs Geliebter. Der Meister der Schöpfung sagte: "As'habi ka n-Nujum." Ihr werdet wie die Sterne am Himmel leuchten. O glorreicher Prophet! Niemand ist fähig,

dich zu beschreiben, weil es dein Herr ist, Der dich gepriesen hat. Er nannte dich 'Meinen Geliebten'. 'Lauft zu Meinem Geliebten!' Lauft nicht hinter dem Palast her, lauft zum Besitzer des Palastes. Ihr werdet sehen, was der Besitzer des Palastes euch geben wird. Aber sie laufen hinter Schmutz her. Sie laufen der Dunya hinterher, die wie ein Kadaver ist, und verlangen nicht nach dem Palast oder seinem Besitzer. Selbst eine Ameise verlangt es nach dem Besitzer des Palastes. Und sie rennt! Wie ist der Weg zum Palast meines Herrn, Der diese Schöpfung in die Existenz gebracht hat aus dem Nichts? Selbst eine Ameise verlangt danach und rennt. Es geht nicht um ein Stück Stroh oder ein Weizenkorn, die Ameise verlangt nach etwas anderem. Die Menschen heute haben nicht einmal die Würde einer Ameise.

O glorreicher Prophet, o Allahs Geliebter, Shah Mardan übermittelt deine Worte. Er, Allah Dhu l-Jalals Geliebter, ist der Prophet, der Seine Große Existenz auf der Erde vertritt. Lauft, um den Propheten des Zeitenendes zu suchen, Habibullah, Allahs Geliebten, lauft hinter ihm her. Warum lauft ihr hinter Shaytan her? Shaytan bringt euch zum WC in Ozeane von Dreck. Die Menschen jetzt sind in Ozeane von Dreck gefallen. Es gibt niemanden mehr, der sauber ist, obwohl der Mensch sauber erschaffen wurde. Was ist es, das den Menschen dreckig macht? Es ist Dreck, mit Shaytan zu sein. Shaytan macht den Menschen dreckig. Auch wenn Shaytan hinausgeworfen wurde, ist seine ganze Arbeit dreckig. Janabi Haqq hat den Menschen mit einem Ehrengewand bekleidet und gesagt: Das ist Mein Khalifa. Er hat diese Ehre gegeben, warum lauft ihr dann nicht auf dem Weg Allahs? Warum sagt ihr nicht, 'Ich will Allah finden', und setzt euch in Gang? Was wollt ihr aus dem WC nehmen, daß ihr es umrührt? Mach weiter, o Shah Mardan, mögen wir verstehen. Mögen wir unseren Zustand, unsere Identität erkennen, wie sie sagen. Es gibt niemanden, der fragt: Wer bist du? Was bist du? Warum existierst du? Alle laufen hinter dem WC her. Wer wird das WC der Dunya ausleeren? Die Menschen laufen dem hinterher, und so ist das, was sie essen, schmutzig, was sie trinken, ist schmutzig, was sie anziehen, ist Schmutz und Dreck.

Allah sagt: Seid sauber! "Wa Thiyabaka Fatahhir" - und reinige deine Kleider (74:4). Halte dich sauber. "Thiyabak" - dein Gewand - bezieht sich auf den Körper. Werdet nicht schmutzig, laßt euch nicht in den Dreck der Dunya hineinziehen. Euer Platz ist nicht die Dunya. Euer Platz ist

"Asuman", die Himmel, weil Er, Der euch diese Rangstufe gab, euch dort haben will. Aber ihr wollt das nicht. Ihr wollt stattdessen etwas anderes. Mach weiter, o Shah Mardan. Subhan Allah, Sultan Allah. Wer uns lehrt, ist Shah Mardan. Shah Mardan wird kommen, um diese Leute zu erziehen. Er wird sie ausbilden. Wenn nicht.. Es gibt den Menschen, und es gibt Shaytan. Manche sind Shaytane, manche sind Menschen. Es gibt Shaytan, den ursprünglichen Shaytan, und es gibt den Shaytan, der die Menschen zu Shaytanen macht. Derjenige, der sich gegen die Befehle Allahs stellt, der Allahs Befehle nicht einhält, ist ein Shaytan. Und es gibt die Shaytane, die ihm folgen. Sie sind schmutzig und unsauber. "Wa Thiyabaka Fatahhir" (74:4). Haltet euere Kleider sauber. "Thiyabak" meint unseren Körper. Macht ihn rein, makellos. Islam bedeutet Sauberkeit. "Innama l-Mushrikuna Najasun" (9:28). Jene, die mit Shaytan sind, die Shaytan mit sich bringen, sind diejenigen, die Allah andere beigesellen. Sie sind "najasun" - schmutzig, sagt Allah. Sie werden der Göttlichen Gegenwart nicht nahe kommen. Sie werden dem himmlischen Paradies nicht nahe kommen. In was sie sich kleiden, ist der Schmutz der Dunya, und sie fallen dort hinein.

Das ist die Agonie der heutigen Menschen. Sie haben Allah vergessen und verehren Shaytan. Und Shaytan hat die Menschen in Schwierigkeiten gebracht. Er bringt sie dazu, sich gegenseitig zu vernichten. "Wa la Taqtulu Anfusakum" - Und tötet euch nicht gegenseitig (4:29). Janabi Haqq sagt: Tötet einander nicht! Tötet nicht! "Bal Ahya'un `inda Rabbihim Yurzaqun" - doch sie leben bei ihrem Herrn, und sie werden dort versorgt (3:169). Haltet Ausschau nach jenen sauberen Dienern in der Gegenwart des Herrn, die lebendig sind in Seiner Göttlichen Gegenwart, und

seid mit ihnen. Dann, in dem Moment, wird euer Leben in der Dunya ein gutes Leben sein - "Hayatan Tayyiban" (16:97). Die Dunya wird hinter euch herlaufen. Ihr werdet der Dunya nicht hinterherlaufen müssen. Aber Shaytan hat die Kinder Adams getäuscht in der Weise, daß es niemanden mehr gibt, der vernünftig ist. Hört, o Perser. Hört, o Alawiten. Hört, o Christen. Hört, o Juden. Hört, Christen. Diese Worte sind die Worte des Sultans aller Propheten. Sie sind die Worte von Janabi Haqq und von den Propheten, die Er lehrte. Ma sha' Allah! O Shah Mardan, du hast es uns gesagt. Laß uns deinen Weg einhalten, sende uns Himmat, sende uns Unterstützung. Er sagt: Unsere Unterstützung kommt zu dem Diener, der Uns liebt. Wer Uns liebt, wird nicht entehrt. Wer Unseren Weg verläßt, wird schändlich hier und im Jenseits.

O Schiiten, findet Ehre. O Alawiten, indem ihr Menschen tötet, findet ihr keine Ehre. Ihr findet keine Ehre, indem ihr die Häuser der Menschen und ihre Besitztümer zerstört. Haltet den Weg Shah Mardans ein, des Eigners der Ehre, des Eigners von Dhu l-Fiqqar, und ihr werdet gerettet werden. Wenn nicht, wird Dhu l-Fiqqar euch schneiden. Hört auf diese Worte. Mach weiter, o Shah Mardan. Wir warten auf dich. Wir warten auf Hz Mahdi, der von deiner reinen Linie kommt. Wartet! Manche werden geehrt mit seiner Ehre, andere werden durch sein Schwert gehen. Lauft nicht hinter der Dunya her! Lauft hinter dem Sultan der Propheten her, lauft hinter Shah Mardan her. Ihr werdet Ehre und Wohlbefinden erlangen. Möge euere Ehre in Allahs Göttlicher Gegenwart sein. Mit der Dunya wird der Mensch nicht geehrt. Dunya macht die Menschen schmutzig. Geht nicht in diesen Dreck! Mach weiter, o Shah Mardan. Wir warten. Er sagt: Es ist nah! Dieser Monat ist Rajab, der Monat Allahs. Sehen wir, welche Art von Tajalli kommen werden. Janabi Haqq sagt: Ich habe Dhulm für Mich Selbst verboten gemacht. Also unterdrückt nicht, weil Ich es auch für Mich haram gemacht habe. Unterdrückt nicht! Ich bin nicht glücklich mit dem Dhulm, das ihr macht. Seid kein Dhalim, Unterdrücker, oder Ich werde euch vernichten. Ich werde euch verfluchen. Ich werde euch vernichten. Ich machte Dhulm haram, sagt Allah Jalla wa `Ala. Wer immer das tut, was Ich haram gemacht habe, den werde Ich vernichten. Ich werde auf ihn treten. Ihre Heimatländer werden in Flammen stehen und ihr Ende wird in der Hölle sein. Ich werden sie aus Meinem Paradies vertreiben!

Hütet euch, o Schiiten und Alawiten, oder jene, die sagen 'Ich bin Türke' oder 'Araber'. Achtet auf diese Worte. Wenn nicht.. Der Eigner der Himmel und der Erde ist "`Azizun Dhu ntiqam" - Allmächtig und der Herr der Vergeltung (3:4), Rächer des Bösen. Er wird Rache nehmen. O mein Herr, vergib uns! Ma sha' Allah, o Shah Mardan. Deine Liebenden nehmen Glauben von dir, nehmen Islam und Liebe und Weisheit. Trenne uns nicht von dir! Mögen wir auf deinem Weg sein! Und Erfolg ist von Janabi Haqq. Dieser Rat ist für die ganze Menschheit. Tötet nicht! Laßt die Menschen leben. Laßt sie aufleben. Gebt Leben. Tötet nicht, sagt Janabi Haqq. Wenn nicht, werde Ich Meine Rache an euch nehmen. Ich werde das Recht Meines unterdrückten Dieners von euch nehmen. O mein Herr, laß uns nicht zu den Unterdrückern gehören und laß uns nicht den Unterdrückern in die Hände fallen. Amin. Um dieses gesegneten Monats willen, Rajab Shahrullah. O mein Herr, Du nimmst Rache an denen, die diesen gesegneten Monat nicht achten, die brennen und zerstören und töten. Du bist Subhan, Du bist Sultan! Fatiha.

## Follow the Shining Sun of Islamic Values

Suhbah After Jumu`ah Salaat

As-salaamu `alaykum. Madad, yaa Rijaalullah. (Mawlana Shaykh makes du'a.) Yaa Saahib al-Imdaad! Madad yaa Sultanu ‘l-Anbiyaa! Madad yaa Sultanu 'l-Awliyaa!

Who are present, asking to hear and follow the right way that the Seal of Prophets (s) brought! We say, “A`oodhu billahi min ash-Shaytaani ‘r-rajim. Bismillahi 'r-Rahmaani 'r-Raheem. O Allah! Give me strength over my weakness!”

O People! Say, “We are weak ones.” O Allah! Grant us from Your heavenly blessings so that we are able to stand up for Your Lordship. You are the Lord of all Creation and all things are under Your heavenly majestic powers. We are so weak on a small planet. Yaa Rabbee! O our Lord, let us be only Your servants who obey Your heavenly commands, as Shaytan is urging people to be the worst ones!

O People! Hear Allah Almighty’s orders, and try to be His weak servants. Change your direction if you are following in Shaytan’s way and come back to the right way that Allah Almighty has shown and sent to you through His holy prophets! Whoever follows that way will reach a happy life here and Eternal Life there. All

prophets came to say this, from the beginning with Adam (a) up to the end with the Seal of Prophets (s)! (Mawlana Shaykh stands and sits)

All Mankind! O People! Come and follow the heavenly ways that have come to you, that bring you to heavenly levels, heavenly enlightened, endless territories and endless paradises, through your Lord's never-ending dominions. They are never-ending, never-ending! You will be there forever, up to Eternity, with no end.

O People, Mankind! What are you doing? Listen, try to understand and know for Whom we are living. It is very important. Listen, O Mankind! For whom are you working? Who are you trying to reach and for what? Say! All nations and all of Mankind are trying to do something or to reach some target. What is that target? So many people have gotten tons of gold and countless paper money, and what happened to them?

We ask the tyrants, what are you trying to be? They say, "O Shaykh! For six years I was working, trying to be Number One in this world." He only thought about being Number One in the Islamic world; he never asked to be a follower or a complete, true believer in His Lord. He tried to reach material levels that no one had ever reached before. And what happened? He was killed with wooden sticks, beaten to death, a bad end that no one likes.

O People! What was he thinking? I am asking all people, for whom do you live and which target are you trying to reach? What are you asking for? Now the majority of people, perhaps we can say all the people, only run after their daily provision and fight about it, saying, "Now we are bankrupt. We have no money and we only ask for something to eat because we are hungry." Billions of people are dying under heavenly strikes. Here, on a small island (Cyprus), people try to find something to eat and drink, then they live to enjoy themselves in the moment, because seeking enjoyment is the next level. First they ask, "How are we going to satisfy our hunger?" and then they think, "How can we enjoy ourselves?" Both ways are wrong! Most people's highest desires are to find what they can eat and enjoy, and to satisfy bad sexual desires , and they are not trying to learn how to be good ones.

O People! Come and be good servants! Try to be a good so people will say, "This is a good one." Your Lord's first heavenly order is that you be a good servant! Now people ask for so much enjoyment from things that are available in this world, but they can't have all that they want. They have changed from the first step to the second step, and ask to have things just to enjoy themselves.

For example, now people everywhere are full of accusations and complaints, and therefore, they never reach higher levels and their physical desires make them come down. They are between two levels: one is calling them to Allah Almighty and the second is Shaytan, saying, “O People! Come with me, enjoy yourselves and don't think of anything else!” This is true for all nations. I am sorry to say the Islamic world is also trying to follow western desires and now heavenly curses are coming on them!

O People! Ask for forgiveness and that you are granted to be servants and to be protected here and to have an Eternal Life full of enjoyment!

O People! I am tiring. They are making me speak and, therefore, I can speak for the next week, but the benefit is for people to think about what has been said here and to follow it. Tawbah yaa Rabbee! Tawbah yaa Rabbee, astaghfirullah! This is the last week of the month of Safar al-Khayr. “Khayr’ means the goodness that comes on believers, and sadness is coming on other nations.

O People! Come and ask; we may ask for forgiveness and heavenly blessings, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

May Allah (swt) grant you, and weak ones like me, to be on the good ways that His prophets brought to people from the Heavens. If we are not following heavenly ways we are not going to be happy here or Hereafter. Do not follow western values, but try to follow the eastern way instead as that is noor, but in the west there is darkness through which goodness disappears or loses its personality. Come and look for personality through eastern countries; that is the sun shining!

Fatihah.

**The Sun Rises in the East**

(AusDerDunkelheitInsLicht, deutsch)

Dastoor yaa Sayyidee, madad. Madad yaa Sultan. (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Tabaarak Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah
Tabarak Allah wa ta'ala Allah. (Mawlana Shaykh sits.)

Hayyy, Hayyy, Hayyyy, Hayyyy, Hayyy, Hayyyy, Hayyy, Hayyy, Hayyy, Hayyy,
Hayyy, Hayyy, Hayyyy, Hayyyy, Hayyy, Hayyyy, Hayyy, Hayyy, Hayyy, Hayyy,
Hayyy, Hayyy, Hayyyy, Hayyyy, Hayyy, Hayyyy, Hayyy, Hayyy, Hayyy, Hayyy,
Hayyy, Hayyy, Hayyyy, Hayyyy, Hayyy, Hayyyy, Hayyy, Hayyy, Huuuuuuuuu.

As-salaamu `alaykum `alaa ta'if al-jinn. Marhaban bikum, welcome to you, attenders of jinns. They are interested in hearing something every night and their kings are attending. Tonight there are seven mulook al-

jinn, kingdoms of jinn (a).

As-salaamu `alaykum, attenders from Ummati Muhammad (s). (Mawlana Shaykh stands.) Zidhu Habeebika Yaa Rabbee,`izzan wa sharafan wa nooran wa surooran yaa Allah. (Give more to Your Beloved of dignity and honor and light and joy, O Allah). (Mawlana Shaykh sits.) We are never happy when we are saying "we." Dastoor, yaa RijaalAllah. (That is) believers are never happy when the Seal of Prophets (s) is not respected on Earth; we are very sorry from that and all Muslims must be sorry for that purpose. Allah Almighty is giving highest honor to His most beloved and honored servant on this Earth, and (for him) not to be respected, not to be honored, makes the seven heavens to be like a yatak (bed), coming like this. And anger from angels that the most respected one (is not) respected on Earth, that is such a bad happening! That is the reason cursing comes on people, because they are not giving their most high respect, most high love, and most high taqdeer (appreciation) for the Seal of Prophets (s), who is the most beloved one in the Divinely Presence! Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. May Allah forgives us and send us someone to put everything on its real position! Huuuuuu.

We are saying, as-salaamu `alaykum, yaa representative of heavens on this world, Qutb al-Mutassarif! We are saying to you also, as-salaamu `alaykum. One man granted to look for every happening on this planet, and you are so powerful. We are giving our respect to you because you are representative of heavens on Earth, then we are asking forgiveness from the Lord of Heavens.

O People! We must begin by saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Always say this at least say seven times daily, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. If you are asking for more, you may say forty times, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. If you are asking to reach the level of accepted servants and saved from the dirtiness of Shaytan, they are saying to tell you seventy times, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Astaghfirullah, astaghfirullah. Allah.

O our Grandshaykh! That is an entrance, li kulli shay'in baab, from hadith sharif. Salafi `ulamas, are you hearing? I think you are not understanding, hadith shareef: ••• •• ••• li kulli shayyin baab, "There is a door opening to everything." If there is no baab (door), you can't enter in it, yes. Therefore, we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem for what? To close down Shaytan's attack through that door. Shaytan is a terrible creature and you may imagine that if Shaytan can find a way to enter to Paradise, what about here? Is

it not correct, Salafi `ulamas? Don't say, "We are reaching to a safety from Shaytan's tricks and traps." No, beware of Shaytan! He found a way to enter Paradise, how is that? That means talabana wajadana, "Who is asking is going to find." If a good or bad person is asking to reach something from goodness, asking to reach Allah Almighty's pleasure, it is a clear and enlightened way; just open and you may enter it. If a person is asking another way that makes happy people, dirty ways, for what asking? Because our egos are dirty and its production is dirtiness. Therefore, it is going to be easy for Shaytan to carry our egos to dirtiness and dirty ways in darkness. Allahu akbar wa lillahi 'l-hamd!

As an example, common people living on this Earth are asking to enter darkness, yes. What does it mean? Are you understanding such a thing, Salafi `ulamas? You never remembering what we are saying! (laughter) Look. Darkness is the last, final target for Mankind. When they are following their egos, egos are asking to be in darkness, because darkness covering their beings and no one is looking and seeing you or that one, for example, but it is reality Man running to darkness! Are you understanding what we are saying, O Salafi `ulamas? Qul haatoo burhaanakum, "Say, 'Bring your proofs.'" You may say, "Bring your proof," and I may say what is coming to me. Subhaan Allah, perhaps no one is thinking on that point!

You know New Year, passing from 2009 to 2010; what they are running to that night, when the clocks are saying, dong, dong, dong...12 o'clock, Shaytan orders turn down all lights to leave people in darkness where they will be so happy! Coming to your mind such things? I don't know. That is proof, and they are saying if that darkness may continue, "It is only for one minute, so what is that? We are not satisfied with one minute, so leave that darkness up to morning. We are so happy to be in that darkness!" That is a big proof that our egos are asking to be in darkness, and every time egos carry people to darkness. Therefore, they are running away from enlightened worlds and Enlightened Oceans. They are asking to enter in darkness areas and their egos are saying, and Shaytan is calling them, "Come! Come to me! Come to your darkness territories (that are) waiting for you! Come and you will find everything here as a dream. Come to darkness!" Shaytan is calling people to darkness; that is proof and no one can say "no," not even the pope, the chief rabbi, and Dala`i Lama can't say! Their egos are asking to be in darkness on that night, to be happy in darkness, not to be seen what they are doing. They are saying, "The top of pleasure is in darkness!"

People living on this Earth are not coming to enlightened people; they are escaping, running away from enlightenment. Therefore, in daytime they are working like donkeys and waiting for darkness coming at

night. "We must reach night, such a nice area for completing our egoistic desires. Oh nighttime, in black areas, where no one sees what we are doing! Ohhhh we like it, we never like lights."

All religions bring heavenly lights from heavens. Whom they are? Messengers of the Lord of Heavens coming and why, O Salafi `ulamas, what is your opinion? Why nations, nation of Noah (a), Moses (a), Abraham (a), Yunus (a), Jesus Christ (a), Zakariyyah (a), and last one, the tribe of the Seal of Prophets (s) why are they quarrelling and fighting with the Seal of Prophets, Sayyidina Muhammad (s)? (Mawlana Shaykh stands.) He is bringing heavenly lights and they are saying ptuu (spit)! (Mawlana Shaykh sits.)

**•••••••••• ••• •••••••••••• ••••• ••••••**

yureedoona an yutfioo noor Allah. They want to extinguish God's (guiding) light with their utterances. (9:32)

O Salafi `ulamas! Are you understanding what means, yureedoona an yutfioo noor Allah? Followers of Shaytan wish to extinguish the Light of Allah! And Shaytan is cheating them and saying, "Don't go to that one, because he is bringing lights and in lights you can't enjoy yourself. You must be in darkness; in darkness you can do everything because no one prevents you as no one is seeing what you are doing. Therefore, don't run after that one because just he is bringing lights, and if his lights open you can't do anything for your egoistic pleasures, because your egos asking to be in darkness, to do everything there and not to be seen." Salafi `ulamas, say, don’t worry! Why are you not reminding people, "O People! Western countries are in darkness and like to bring their darkness to oriental countries on Muslims. They are asking to bring their darkness to Enlightened Territories on enlightened Muslim people."

Therefore, the representatives of Shaytan in the Islamic world are trying to bring darkness from western countries to oriental countries, to where the sun is shining, as in the west the sun is setting. Use your mentality! Why are you following the darkness of western countries? All of them like darkness. All day they are working for reaching the night's pleasure for their egoistic demands, and they are asking to reach that pleasure in darkness. Therefore, they are never interested in real beliefs or real lights coming from heavens.

O Salafi `ulamas! Why are you not saying, "O our kings, our doctors, our learned people! Why are you running to the west? What are you finding, where the sun sets in western territories?” Why are you not reminding your people, "O Believers! Why are you sending your people to western countries?" Is it not enough what the Seal of Prophets (s) brought to you? Why are you not saying? You are only occupying

yourself with saying, "That is bidaa`, that is kufr, that is shirk, that is haraam." The biggest haraam is not to say to people, "Don't look to western countries, look to where the sun is rising. You will see everything clearly when the sun is shining. There is one sun for the whole world. It has a material rising and setting, but for humanity the real sun is now rising from the east, from sun-shining area; the real sun is the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) Come to him! If you are asking for real humanity, come and follow! Come from west to east! (Mawlana Shaykh sits.)

O People! Uhadhirukum, I am warning you, I am warning whole Muslim world! If they are going to west where the sun is setting, going to be there in darkness. Who is going there, it never leaves any lights in the hearts of Muslims, and their hearts are going to be in darkness. When they go there, their lights will finish in western countries. If people of western countries coming to oriental countries, their feelings change and they begin to understand reality.

O People! Don't think that technology is a reality and you are going so proud from your technology. What is technology, (other than) making people to be in more darkness! Technology is making people to lose their real beings and forget what heavenly grants just granted to them. What is that? Say it, don't fear!

O Salafi `ulamas! You are always fighting with me; don't fight with me! My words are one-hundred percent reality and comply with what Holy Qur'an is saying; our words are on it. We are asking for people (to be granted) enlightened worlds and lightening in their lives here and Hereafter. Who are running after technology, their lives will be in darkness here and Hereafter.

O People! O People! I am fighting with my ego, everyone should respect yourselves. If I am saying something wrong, Allah Almighty is able to punish me or forgive me; He knows. But we have been granted a reminder in Holy Qur'an, saying, “Say to people, to remind them where it is enlightened territories and where darkness and dark oceans." That is the Seal of Prophets (s) coming to take people out from darkness to enlightened areas. But Shaytan and our egos are saying, "No, we are happy and in pleasure with darkness.” Astaghfirullah, astaghfirullah.

That is an important warning for all nations. May Allah (swt) forgive me and forgive you. We must understand from Holy Qur'an. I am a weak servant. I can't enter the oceans of Holy Qur’an, but in beaches

they are granting to me to remind people about their real beings, about their senses, and to teach them what way is going to be best for them, to protect them here and Hereafter. Only they are granting us a heavenly grant to be much more lights to our hearts, but people are running away from lights. As we said now, a handful of people are asking for lights but a majority of people are running to darkness oceans and they will be in darkness oceans to Eternity, very terrible end.

O People! From east to west, including my ego, and pope's ego, and bishop's ego, rabbi's egos, leave them and come to and enlightened world, that its lights just reached to all nations with the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

(Mawlana Shaykh sings in Turkish)

Yaa Muhammad, canim arzular seni.
Dost Muhammad, canim pek sever seni.
Padischah konmaz saraya hane mamur olmadan.
kenz açilmaz schol gönülden ta ki pür nur olmyinca.

Yaa Muhammad, my soul is yearning for you.
Yaa Muhammad, you are my true love.
A king is not put in a palace before it is adorned.
A heart's treasure is unlocked only when that heart is purified.

Hayyy, hayyy, hayyy.

O our Lord don’t leave us in darkness. You granted Your weak servants faith and real beliefs. All prophets are asking to take out people from darkness oceans to enlightened oceans; that is it, nothing else, the summary of meanings of holy books. What is just clear, anything spoken by Adam (a), or Noah (a), or Abraham (a), or Moses (a), or Sulayman (a), or David (a), or John (a), or `Isa (a), Zachariah (a), or Yahya (a). And all prophets were coming to take people from darkness to enlightened heavenly oceans.

May Allah (swt) forgive us for the honor of the most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

Fatihah.

(42 minutes)

We knowing (and they are) closing, enough, enough. Allah Allah.

(Mawlana Shaykh speaks to Hajjah Naziha on the phone.)

## Explanation of Surah Saba

Allah Almighty says, "They may be thankful." Provision is only from your Lord, they are asking it from other doors. "But they turned away (from obeying Allah)." They turned away, you understand?

••••••••••••• ••••••••••••• •••••••••• •••••• ••••••••• ••••••••••••••• ••••••••••••••• •••••••••••• •••••••• •••••• ••••••
••••••••• ••••••••• •••• •••••• •••••••

But they turned away...so We sent on them a flood released from a dam and We converted their two gardens into gardens producing bitter fruit and tamarisks, and some few lote-trees. (Surah Saba, 34:16)

This is Verse 16 from Surat Al-Saba:

•••••• ••••••••••••• ••••• •••••••• •••••• •••••••• •••••• •••••••••• ••••••••• ••••••••• ••••••• •••••• ••••••••••••• ••••••••••
•••••••••••• ••••••••••••••• •••••••••• ••••••••••••••• ••••• ••••••••• ••••• ••• •••••• •••••••• •••••••• •••••••• •••••••

Like this we punished them because they were unbelievers and never did We punish in such a way except those who are unbelievers. And We placed between them and the towns which We had blessed, towns easy to be seen, and We made the stages of journey between them easy. Travel in them safely both by night and day. But they said, our Lord! Make the stages between our journey longer. And they wronged themselves, so We made them as stories and We dispersed them all totally. (34:17-19).

All of them are dispersed, no one can bring them together, there is no possibility to put them back together. “Torn,” what does it mean? “We made them disarrayed, all messed up, because of their bad manners and unbelief and because they went too far beyond their limit.”

And We dispersed them all, totally. Verily, in this are indeed signs for every patient grateful person. (34:19)

Every verse is in its place. The mirror is set here, but reflects there.

•••••••••••••••• ••••• ••••••••• ••••• ••• •••••• •••••••• •••••••• •••••••• ••••••• •••••••• ••••••• •••••••••• •••••••••
••••••• •••••••••••••• •••••• •••••••• ••••• •••••••••••••••

So We made them as tales and We dispersed them all, totally. Verily, in this are indeed signs for every patient grateful person and, indeed, the devil did prove true his thought about them and they all followed him, except a group of true believers. (34:19,20)

The majority of people follow Shaytan, Iblees.

•••••• •••••••• ••••• •••••••••••••• ••••• ••••• •••• ••••••••• •••• ••••••••• •••••• •••••••••• ••• •••••••• ••••••••••••
••••••• •••• ••••••• ••• ••••• ••••••••• ••••• ••••• •••••• •••••••

...Except a group of true believers, and he (the devil) had no authority over them except that We would know who believes in the Hereafter from him who is in doubt about it. (34:20,21)

A test for the believers: do they believe in the Hereafter or not? They became those who do not believe in the Hereafter. This is a test for those who do not believe in the Hereafter; who will show his belief in the Hereafter?

And your Lord is Hafiz (Guardian) over everything. (34:21)

Our Lord (swt) is Hafiz over all things.

•••• ••••••• ••••••••• ••••••••• •••• ••••• •••••••

Say (O Muhammad), “Call upon those you claim (as deities) besides Allah!” (34:22)

Call your leaders--those who claim, those in whom you believe--to be able to correct your situation and give you peace here and in the Hereafter. Run after them and let them (unbelievers) correct your situation as not one will be able to do that! All the leaders want something from you. They melted, they dissolved; each one became like them and they have nothing! Each one is accusing the other and points to the bad things of the other, they deny each other.

••• ••••••••••• ••••••••• ••••••• ••• •••••••••••••• ••••• ••• ••••••••• ••••• •••••• •••••••• ••• •••••• ••••• •••• ••••••• •••• •••••

They possess not an atom's weight, either in the Heavens or on the Earth, nor have they any share in either, nor is there from Him any supporters from among them. (34:22)

Sadaq Allahu ‘l-`Azheem. May Allah (swt) forgive us.

## SURPASSING THE MIND'S LIMITATIONS

Grandsheikh was telling me about Ka`bul Ahbar, the most learned man among the Jews living in Hijaz in the time of the Prophet (s). Because of his great learning, Ka`b was expecting the coming of a Prophet, the Last Prophet, whose appearance he had found foretold in the Scriptures.

Ka`b's knowledge was so extensive that he had reached to the 'Station of Gabriel', but not beyond. According to Grandsheikh, knowledge is divided into two parts: one part extends from the Earth to the Station of Gabriel (as). The Sons of Adam may learn this knowledge through their intellectual efforts. The other part extends upward from the Station of Gabriel. Gabriel is the Angel who represents intelligence - and intellectual knowledge reaches up to his station; however, after that station are oceans of strange and wonderful knowledge which are all beyond the boundaries of the mind and intellect. The mind is not capable of balancing those oceans of knowledge, and when confronted with them can only say, "No further can I go, I have reached my limit."

Technologically learned people are floundering and struggling unsuccessfully to arrive at a complete understanding of the creation through empirical knowledge—they want to be able to see everything in front of their two eyes and analyze it; they want to analyze everything by means of their five senses, and anything outside of the perception of their senses is rejected. Whoso says that knowledge is limited to what the five

senses can observe and does not accept any other type of knowledge, he is a fool, for you can never limit knowledge at all.

In order to prove this point, it is enough to point out that everyday in the scientific fields they work in there is progress, and all the time they are progressing from one horizon of knowledge to the next. If one were to say, "This is the last horizon," he would be foolish, for when he arrives at that first horizon there will be yet another in front of him, and so on; in fact, endless horizons may be discovered - and so it is with knowledge; endless horizons, and the only limits are in our minds. If we can surpass those limits, we will find that whenever we are tired and cannot go on any further, there will appear another horizon - oceans, endless oceans. To reach the next ocean you must discard this mind, otherwise you will have been caught and trapped by it.

People can acquire many knowledge through study and practice, and they may attain high degrees, but as long as they are bound to the mind's limitations, they can advance no further. Ka`b was a person who advanced through his mind to the Station of Gabriel but couldn't go on from there. He knew the Prophet well but delayed his acceptance of Islam until the time of Omar (r); therefore he delayed also in reaching that spiritual knowledge.

Grandsheikh was saying about the third caliph Othman (r), that he was of a very high degree among the Sahaba and was the most modest of the Prophet's companions. He performed so many services for the Prophet, and after the Prophet's lifetime he gathered all the verses and Surahs of the Holy Qur'an into book form. In spite of this, Othman (r) didn't attain the spiritual ranks attained by Abu Bakr (r) and Ali (r) because he sometimes held firmly to his own desires instead of putting them completely in line with the Prophet's. This was also one reason for his martyrdom: misfortunes befell him as a result of his not being able to totally leave his own desires behind.

Man hasn't the capacity to carry all knowledge in his mind and body, and yet he asks for more and more: this is a sign for mankind that within them there exists something which is always asking without ever becoming satiated. This 'something' is above our physical bodies and minds, a power which controls them and without which neither of them could function. Therefore, beyond any doubt, our bodies and minds are under the control of an unknown, indescribable, 'supernatural' power. That power impels man to seek more and more

knowledge, endlessly; but the mind cannot keep all these knowledge, and so it says, "I can't." But still man asks for more, because there is something above our minds controlling it, and that 'something' is our soul and the indescribable power behind it. This is the meaning of the verse which says that Allah Almighty created man for the purpose of knowing Him, for His Divine Knowledge.

Every knowledge which has appeared points to the Creator and describes His attributes, but still we are asking to know who our Creator is and what His attributes are, as our souls are always thirsty to know their Lord and to approach Hun. The more we know our Lord, the more we are going to love Him, and the more we love Him, the more we will approach Him and taste of boundless bliss.

If we put a spoon of sugar in this glass of water. it will dissolve; and in like manner up to four or five spoonfuls will dissolve, but more than that it will be unable to absorb, and the sugar will fall to the bottom of the glass. Likewise, our minds have a limited capacity for absorbing knowledge - they reach their maximum, beyond which they cannot go. Our limited minds are as incapable of absorbing boundless Divine Knowledge as that little glass of water would be of absorbing all the sugar in the world. Our souls, however, have unlimited capacity for knowledge and will ever be thirsting for more. As long as the soul is imprisoned by the senses of the physical body, our mind will hold it down. The mind is the guardian over the soul and keeps it passive, inactive. The situation will remain so until you transcend the boundaries of the mind and open yourself up for the soul's activity - endless activity; but people are closed, and only the souls of Prophets and Saints are really opened up - all others are sleeping, passive, imprisoned.

How and why do our souls remain passive? You must pay close attention to this point. When we are putting the desires of our physical bodies over and above the desires of our Lord and His Prophet, there can be no activity for our souls. The reason for the passivity of the soul is that we follow the dictates of our minds, which are, in turn, striving only to please the physical body. If you are able to reject the base dictates of your mind and follow the desires of the Prophet, then soul-activity will appear little by little.

Among the Sahaba, the most active soul was the soul of Abu Bakr (r) because he never put his desires in the first place; after him came Sayyidina Ali (r) who, in like manner, attained strong soul-activity. It is incumbent upon us (Fard) to do as much as we possibly can of our Lord's desires, and it is a meritorious action (Sunna) to do as much as we can of the Prophet's desires; those who have done their utmost to fulfill this Fard and

Sunna have attained the light of sainthood. Of all the souls, the brightest is that of Sayyidina Muhammad (s), after his the souls of the other Prophets, and after them, the soul of Abu Bakr As-Siddiq (r).

Therefore, the Tariqat-an-Naqshbandiyya, (as it is passed down through Abu Bakr As-Siddiq (r)), activates the souls of the murids to whatever extent the murid can bring his desires to accord with the desires of his Sheikh. So many murids have high spiritual aspiration (Himma) and they said: "Oh my Sheikh, I am asking for himma in order that my soul be activated." The Sheikh replies: "Oh my son, I am asking service from you (Khidma). What is this service? You must be like me; when you are like me, my spiritual powers may come to you, but if we are not of the same kind of metal, the current can't pass through you: I am copper, you must not remain stone."

Once Grandsheikh told me that his Sheikh, Sheikh Sharafuddin, said to him: "Oh Abdullah Efendi, look at me and tell me what you see." Grandsheikh looked and said: "Oh my Sheikh, when I look at you, I see myself." Then Sheikh Sharafuddin said: "Now look at yourself.;' He looked at himself and saw Sheikh Sharafuddin—there was no opposition in him to prevent this from happening. Allah Almighty asked the Prophet to be with Him, and the Prophet asked the Sahaba to be with him; to be 'with him' meant for them to be as he wished for them to be. The Sheikh, also, is asking murids to be 'with him'.

## Surrender To Allah You Become Safe

Assalamu Alaikum ey yaran, Sahib Devran. The Sultan of Maydan,Shahu Mardan, Merhaba! The greetings of Shahu Mardan are a divine grant/lutf for us. Welcome, ey yaran Shahu Mardan, welcome to our assembly. It is the assembly of friends/ahbab, not of enemies. Friends! Who are friends? Those who know Shah Mardan, and are full with his love. The lion of the Haqq Divan! Shah Mardan, MashaAllah. He is receiving our Merhaba,and answers us Merhaba. Every morning there are the greetings of Shah Mardan. Merhaba ey yaran Shah Mardan!

Say Bismillahi r-Rahmani r-Rahim. O our Lord,give us strength, may we be dressed with the robe of majesty! Our meeting is an assembly of pure love where according to their degree of love people find nearness to Allah! Destur. Meded ya Shah Mardan. Ey yaran,ey friends! Lets say a few words. Look to the one who makes me speak! Know the one who makes me speak! According to that our assembly has value. Meded ey Shah Mardan. The honour of an assembly, is according to the rank of the one speaking. Who is sitting in a gathering of bad ones has no value. They are called bad. The gathering of good ones gives honour to the attenders. What happens to someone sitting with cats? He may become like a cat himself. Who is sitting with dogs (hasha minal hudur) becomes like a dog himself. Who is sitting with foxes may become like a fox. Who is sitting with animals becomes like an animal himself. Hasha minal hudur,who is with donkeys becomes a donkey.

Who is sitting with hyena, becomes one. They run after carcasses. They speak about carcass! They know nothing else. A dog, hasha minal hudur, looks for bones. It is running after bones. A jackal, wolf look for carcasses. They eat whatever they find. They don't care if it is clean or not. In old times there used to be some rhymes, people used to say, in old times, people in Shah

Mardan's assembly,said; What did the ignorant ones used to say? O our Lord Give us a lot. It doesn’t matter clean or not. How strange! Halal(clean), haram(dirty/forbidden) doesn’t matter? No difference? He who doesn’t separate clean from dirty, eats from a plate at the table then he eats dirty from potty. That means that he who doesn’t know about halal/haram. Halal is clean. Haram is dirty. So he who doesn’t separate halal from haram, drinks the soup at the table then he eats the dirt in a potty. What is this? He who doesn't distinguish between halal and haram, eats clean food at the table, then he eats dirt out of the toilet.

The ignorant people in our time have become like this: They eat at the table and then also eat what is left behind in the WC. He who doesn't distinguish halal from haram, eats the clean food at the table without giving thanks to his Lord, then he goes and eats the dirt. This is not humanity! Ey yaran Sahibu Zaman. Ey yaran Shah Mardan! Good sayings are coming from him! He has started from the bottom to educate us because the human ego is bad. Our egos are ill mannered. The ego of man is a creature that doesn’t like to know Halal and Haram. Halal haram, he who doesn't distinguish clean and dirty he is a monster, a monster or a pig because first it eats then it returns to eat the dirt too. This is not what humanity must be.

The people of this century, are the people of this century monsters, dogs, wolves or hyenas? Fox or jackals? What are they? What is the honour of mankind? They make huge pictures. That is 'that one'. What is that! What has that one taught you to eat that you make these huge pictures and put up statues of him? What did he do? Did he separate the clean from the dirty? Or is he himself inside this dirtiness? How do you like it Shah Mardan?

Masha'Allah. The truth of the words, the beauty of good manners are taught by Shah Mardan. Keep the way of Shah Mardan! You say: no we won't. So whose way are you keeping then, o ill-mannered ones? hasha minal hudur. The way of Pharaoh.The way of Pharaoh is suitable for us they say because the Pharaoh said: I am who I am, I am the God! he said to Prophet Moses. Prophet Moses came and told him: oh! Pharaoh, believe in your Creator and prostrate to Him. Pharaoh looked left and right and said in arrogance: Ey those who accept my divinity -me as your God, Do you know any other God apart from me? They said: No,we don’t know anyone else. But one of them said: You call yourself God, don’t you have to break your Wudhu also? (to go to WC) 'Fabuhita llathi kafara' (2:258) He was astonished. He who said 'I am God' was astonished. "How can I answer?" he was thinking. If you are God, does a God use the WC?

The nation of Isa(as)(Jesus) today is giving divinity to Isa(as) and calling his mother, Mother of God. What does Janaba Allah tell in the Holy Quran in order to understand? Nothing is missing in the Holy Quran, there is an answer for everything. No one can reach the knowledge of the Holy Quran. What does Janaba Allah tell to make the claims of Christians invalid? A few words. They give divinity to Prophet Isa(as) and call his mother the 'Mother of God'. To finish these claims Allah says a few words in Holy Quran. May you understand! 'Kana yakulani atta'ama'(5:75). You call Prophet Isa and his mother God, and make them divine. To finish the claim: 'Kana yakulani atta'ama' (5:75) Did they used to eat and drink? Yes, they did. If they ate and drank, then they also had the need to relieve themselves. This is how the Quran puts it precisely: Kana yakulani atta'ama (5:75).

You are saying that Isa(as)is God and his mother is the mother of God but, they were eating and drinking. And who eats and drinks,and this verse is pointing to that: kana yakulani atta'ama Both of them, our mother Mariam and the Prophet Isa(as) ate and drank. The Quran says this clearly. May you understand. Who is eating and drinking also goes to the WC. Does a God ever go to the WC?! What is this! "Kana yakulani atta'ama" kana yakulani atta'ama - three words to close the case. Nobody can open his mouth anymore. Nobody ever said they didn’t eat food. 'Kana yakulani atta'ama' The food eaten by someone doesn’t remain in his stomach but comes out and he needs to relieve himself. He goes to the WC. He who goes to the WC, how can he be a god?! What is this in Christianity? With two words Allah finishes this: Kana yakulani atta'ama. Answer this, "Kana yakulani atta'am".

You gave divinity to Prophet Isa and his mother Mariam. You make them Gods, you call them Gods. Both of them. "Kana yakulani atta'ama". Finished. You are saying this and that but Quran says they ate food. Notice the precise wording of the clear verses of Quran: "Kana yakulani atta'ama" (5:75) You gave them divinity but, "kana yakulani atta'ama". You made them Gods but both of them used to eat. Allah Almighty said it. He didn’t say: They used to go to the WC. Understand! You are saying this about them, but they used to eat food(ta'am). He doesn’t say anything else but this. Look at the majestic addressing of the Holy Quran. Their Christian faith is ruined. Let them answer! It is subtly said in Quran that Isa(as) and his mother both used to eat food. Saying they used to eat, the claim is closed. Why is this mentioned? For what reason? Maybe they thought it unnecessary, but their falsehood is destroyed. Two words;

"Kana yakulani atta'ama" You gave divinity to them, but both of them used to eat and drink. And who eats and drinks also needs to visit the WC. No other way.
One meaning is: to continue to live they need to eat and drink. They eat and drink. Why? To be able to live. That means they are in need to eat and drink. Can someone who needs to eat and drink be a God? The other meaning is: "Kana yakulani atta'ama" They used to eat and drink. That means after eating they also have the need to relieve themselves; they needed to go to WC. Didn't they go to toilet, those whom you call Gods? Did food stay inside them? What a faith! You call them Gods and they eat and drink. You call them Gods and accept the fact that they went to WC! So how can they be Gods? Hasha! The faith of Christianity is ruined. Two words; Kana yakulani atta'ama He didn't say: They used to go to WC. This is the purity of the Holy Quran. He doesnt say openly yet you can understand. You call them Gods but... Kana yakulani atta'ama. Both of them were eating food, Prophet Isa(as) and Mother Mariam.
The product, what they ate and drank, did it stay in their stomachs? Was their stomach their WC? What kind of faith is this? Kana yakulani atta'ama Both his mother and Prophet Isa(as) used to eat food. And after eating and drinking there is the need to relieve oneself. They needed to go to toilet to relieve themselves. They are Gods? You call them Gods? Another meaning; ey Shah Mardan come to educate and teach us. To those who are not willing to learn; Were they in need to eat and drink? Yes. After that, were they in need to relieve themselves or were their stomachs a WC? Hasha! WC or Stomach? As they were eating, this means they were going to WC too. One eats something clean and then one has to relieve oneself of dirt inside. Oh! Christian World! Come to your senses! You are leaving what is common sense. You are following imagination!
These words are from Heavens! It is not the words of someone on Earth. These two words are from The Holy Quran. "Kana yakulani atta'ama" Who is in need to eat and drink cannot be a God. How could he be?! How can someone who cannot live without eating and drinking be a God? Did he not sit with his apostles? He did. Did he not eat with them? He did. Drank with them what were they drinking? Yes. Then? Did it stay inside of Isa's stomach the one whom you call the God? The god's -hasha minal hudur- stomach? Such a god. Not only did he used to eat, but then what he ate turned into something that has to be thrown out of the body.

Oh! Christian world come to your senses. You see yourself high! You don’t have the right to do so! Ey Shah Mardan draw your Dhul Fikkar! Nobody can give you answer, o lion of Allah! The case has been closed with two words: Kana ya kulani alttaAAama (5:75) What did Allah say concerning them? Both of them used to eat and drink. Why did Janabul Haqq say this? Janabul Haqq wants to teach those who have understanding. Christians call Isa(as) God, Hasha, and his mother the Mother of God. Don't they? Yes. What does Quran say? "Kana ya'kulani atta'ama" You are saying like this, but did Prohet Isa eat? He used to sit with his disciples and eat with them. Didn’t he go to WC? Yes he did. Can such a man be a god? What kind of trick is this? Why are you opposing Islam? Is there any stupid belief like this in Islam ?

In Islam we believe, "Wa Huwa Rabbul-Arshil-Azim"(9:129) Allah Arshil Azimm is The God Who is the Owner of the mighty Throne. He doesn't eat and drink, He is not a man's size. The Almighty Creator of the universes, who Himself is above everything, highest of all, Jallat Azamatuhu, is He going to eat and then have the need to relieve Himself? Astaghfirullah! Come to the truth! Ey Shah Mardan draw Dhul Fiqqar! So that those people who hold onto these fantasies come to their senses. Those who call it religion with their empty ceremonies, with their bells, they confuse people. Those who are not accepting the truth of Islam, the time has come. Ahkum Bil-Haqqi (21:112) Govern with Haqq/Truth. Your faith opens an issue of reason and investigation -answer this. Answer!

Why don’t you become Muslims? Is your belief in Isa(Jesus) a real faith? The Prophet of the End of Times is calling us to believe in the Owner of Heavens and Earth, the Lord of the Mighty Throne, Who holds the whole creation in His Divine Power. Janabal Haqq. Why don’t you come to Islam? You will come. If not no one is begging you. You may keep worshiping "Kana ya'kulani atta'ama" - your eating and drinking god. You made a cross and made your religion a toy. In all of your ceremonies you take out this cross. Did Prophet Isa ever take out a cross? Come to your senses. If Allah’s Anger comes on you, He will not leave even one of you. "Assalamatu fi'l Islam", Safety is in Islam. Aslim taslam ,Come to Islam, and find safety here and hereafter. Safety here on Earth and hereafter in Akhirat. May you like this. If you don’t like it, what to do?!

Ey Shah Mardan! Your blessed words are the truth. The source of his words? The city of knowledge is the Prophet of the end times. He has every kind of knowledge. The door of this city

is Shah Mardan, Sultan Shah Mardan. What he says is Haqq and nobody can stand against it. Come, ey yaran Shah Mardan. Salam to those who love him and to friends. Marhaba! Say marhaba, they are not dead. Janabul Haqq says, "Bal 'Ahya'un 'Inda Rabbihim" (3:169) "Wa La Tahsabanna lladhina Qutilu Fi Sabili Llahi 'Amwataan €ö ... ... Bal 'Ahya'un 'Inda Rabbihim Yurzaquna" (3:169) The virtue given to them. On the right path, those who know Allah and accept the truth are the ones taught by Shah Mardan. Off this path, leads you to WC. They only think about eating, drinking,and then going to WC.

Don’t become arrogant! This addressing is to Arab and to Turk too. Some people became so high. There is an answer to them too: Did he eat? Yes he did. Did he not drink something dirty? He did. What is this arrogance? Is this something to be proud of? Shah Mardan draw your sword. There is an addressing that is not from us, but from Heavens! Ey Shah Mardan Marhaba! Draw your sword, Dhul Fiqqar. Mindless Alawis and mindless Shiites! Give them and the mindless Turks an answer! Show them your sword! Show them bravery of Islam, truth of Islam, greatness of Islam - so they know the Greatness of Allah! Jalla Jalaluhu Subhanahu wa ta'ala. Allah is Great, Al-azamatu Lillah wal-kibriyau lillah. You are Subhan our Lord!

Do not measure our length. two meters at most? Is there any man of 3 meters? How do you give greatness to people? Has he been given greatness from heavens? Whose greatness has been confirmed by all prophets, Prophet Isa(as),Prophet Musa(as), Prophet Suleiman(as),Prophet Daud(as)... All prophets affirmed, La ilaha illa Allah Muhammadur RasuluLlah Sall'Allahu Alayhi Wasallam Greatness is given to Sultanul Qawnayn, our Holy Prophet.Ya Sayyidi,Ya Rasullah! Oh! Shah Mardan! The lion of the arenas Shahu Mardan, draw your sword. There's no power that can withstand your sword! What opposes your sword is false. Who is against his sword is false. His sword finishes falsehood. Ey Muslims, ey Scholars of Egypt, Syria, scholars of Baghdad, Turkey and Iran: Come to your senses! Because the sword is coming, at the end of times, the one who is Sahibus Seyf, Sahib is coming. That is Mehdi alaihi assalam. If he draws his Dhul Fiqqar, all heads will fall from east to west. All will be destroyed. Islam gives spiritual power. Islam teaches people the magnificence, light, spirit and value of the being human. Also teaches how to respect the human being. The one who has no respect for human beings, has no respect for The Creator. Don’t say: I am Shia, I am Alawi, I am Kurd, I am Turk, but say: I am a weak servant of my Lord but when I say Allah I have the strength to

bring down the whole world! Believe and don't fear! Games are over. Cheating people is finished! No one can cheat people anymore, it is finished! There are a lot of false claims, false greatness.

Their games are over so we call Ey Shah Mardan! Ey yaran Shah Mardan. We will follow him as we are sacrificed in his way. Who doesn't carry his flag has no value, they will fall and be swept away. Come back and Listen! These words are the Truth. If you dont listen you will be carcasses if you listen you'll be stars in the sky Allah wants us to say: Bismillahi r-Rahmani r-Rahim a gift, a grant for us: Bismillahi r-Rahmani r-Rahim. Prophets said BismiLlahir Rahmanir Rahim and they were saved. These peopl will not be safe unless they say Bismillahi r-Rahmani r-Rahim. Heads will fall. Their dead bodies will remain on Earth, the doors of Heaven won't open to them. Because when the soul of man is taken, the Angel of Death carries it up. Who has come? Name is given. His name isn't seen here. Throw him back! And they throw him down to earth! Beware! Islam is the Truth.

Islam doesn't ring bells to collect people. No useless ceremonies, no useless dresses, no useless words in Islam. Islam is like the sun in the sky, it cannot be extinguished. Ey political ones, Ey those who don't keep the orders of Allah! Ey scholars who don't teach the people the truth! Beware! You will be hanged from your feet. When your souls come up, the doors of Heavens will not open for you. You will be chained and hang up side down to Earth! These are those who didn't respect Allah but who spoke following their egos, giving titles and saying like Pharoah, I am the god - Claiming divinity they lost their senses. Hang them from their feet! till yawmul qiyama(doomsday).

Aman ya Rabbi tawba ya Rabbi! Tawba Astagfirullah! Ey Shah Mardan your name is supreme. Marhaba ey yaran Shah Mardan, how beautiful! May we have a good/blessed day. May light stream into our hearts. Let us continue on the way of our Lord, as Allah Wills! The life of a man who doesn't live for his Lord is not a life; it's rubbish. Live for Allah! And don't fear. Don't fear! Who are you? Say: I am Allah's weak servant! Don't be from those the newspapers deem great. You may be on shaytan's box(TV) everyday yet there is no greatness for you with nonsense claims. Come, be a traveler on Allah's way. Be a soldier for our holy Prophet! You will have honour. Otherwise you will have what you deserve.

These words belong to Heavens, not to earth. We are friends of Shah Mardan! And we find

happiness when we listen to his words. Worries and pains leave our body. Our light, strength, majesty, and honour increase. Our bonds of friendship increase. We become acceptable to people on earth and to the angels of the 7 Heavens. And when our souls ascend they will say: Open the doors, take them inside!
Tawba ya Rabbi tawba ya Rabbi tawba astagfirullah. Say Bismillahi r-Rahmani r-Rahim. We will be safe! Bismillahi r-Rahmani r-Rahim Bismillahi r-Rahmani r-Rahim Bismillahi r-Rahmani r-Rahim. Begin with this... Angels will come to help! People shouting nonsense - They are saying we are hungry! Leave this nonsense and say: Allahu Rabbi Allahu Rabbi Allahu Rabbi Allahu Hasbi Allahu Rabbi Allahu Hasbi adrikna Adrikna!
Ey soldiers of our Lord, may the blessed ones reach us with help! May support come! Don't make us from the ones that run after dunya(world)! Keep the service of your Lord. That is what we were created for. We were created for servanthood, not created to be like Pharoah. Say La ilaha illa Llah Muhammadur Rasulu Llah. Nahnu 'abidullah. Allahu Rabbi Allahu Hasbi Allahu Rabbi Allahu Hasbi Allahu Rabbi Allahu Hasbi Subhan Allah. Sultan Allah. Oh our Lord send us help, savior! Ya Rabbi! Fatiha.
This is a bombardment. It has been started to destroy their pillars/supports, a bombardment! More is coming tomorrow! Who are claiming nationalism of Frengistan (Europe), claiming greatness... their pillars will be destroyed by this bombardment. If they don’t understand, they will not reach to Rajab or Ramadan. This is a warning to them!
May Allah forgive us. May He forgive me. May He forgive you! Listen to the one that makes me speak! Subhansin Rabbina. Subhansin Rabbina. Anta Subhan. Anta Sultan ya Rabbi. Nahnu abidukil fuqara. Adrikni ya Madadu'l Haqq Adrikna ya 'ibadullahis-salihin. Mudarrakun. There are Mudarrakun, may the Awliyyaullah reach us with help! May Allah dress us in the robe of Majesty! Allahu Dhul Jalal. That we do not fear from them! May they fear from us. Unbelievers fear from believers. Believers don't fear from unbelievers! Wa min Allahi t-tawfiq
Fatiha.

**Ergebt euch Allah und seid in Sicherheit**

As-Salamu `alaykum, Ay Yaran, Sahib Devran. Dem Sultan Maydan, Shah Mardan, Marhaba! Die Grüße Shah Mardans sind eine Göttliche Gabe, Lutf, für uns. Willkommen, Ay Yaran, Shah Mardan, willkommen zu unserer Versammlung. Es ist die Versammlung der Freunde, Ahbab, nicht der Feinde. Freunde! Wer sind die Freunde? Jene, die Shah Mardan kennen und voll mit seiner Liebe sind. Der Löwe des Haqq Divan! Shah Mardan, Masha'Allah. Er empfängt unser Marhaba und antwortet uns Marhaba. Jeden Morgen gibt es die Grüße Shah Mardans. Marhaba, Ay Yaran, Shah Mardan! Sagt Bismillahi r-Rahmani r-Rahim. Unser Herr, gib uns Kraft. Mögen wir mit dem Gewand der Majestät bekleidet werden! Unser Treffen ist eine Versammlung reiner Liebe, wo die Menschen dem Grad ihrer Liebe entsprechend Nähe zu Allah finden. Dastur. Madad ya Shah Mardan. Ay Yaran, Ay Freunde! Sagen wir ein paar Worte. Schaut zu Dem, Der mich zum Sprechen bringt. Kennt Den, Der mich zum Sprechen bringt. In Übereinstimmung damit hat unsere Versammlung Wert. Madad, Ay Shah Mardan. Die Ehre einer Versammlung beruht auf dem Rang dessen, der spricht. Wer in einer Zusammenkunft von Schlechten sitzt, hat keinen Wert. Sie werden schlecht genannt. Die Versammlung von Guten gibt den Teilnehmern Ehre. Was geschieht mit jemandem, der mit Katzen sitzt? Er wird selbst wie eine Katze. Wer mit Hunden sitzt -Hasha mina l-Hudur- wird selbst ein Hund. Wer mit Füchsen sitzt, mag wie ein Fuchs werden. Wer mit Tieren sitzt, wird selbst wie ein Tier. Hasha mina l-Hudur, wer mit Eseln ist, wird ein Esel. Wer mit Hyänen sitzt, wird eine. Sie laufen hinter Kadavern her. Sie sprechen über Kadaver! Sie kennen nichts anderes. Ein Hund, Hasha mina l-Hudur, sucht nach Knochen. Er läuft Knochen hinterher. Ein Schakal, ein Wolf sucht nach Kadavern.

Sie fressen, was immer sie finden. Es kümmert sie nicht, ob es rein ist oder nicht. In der alten Zeit gab es Reime, die die Menschen aufzusagen pflegten. In der alten Zeit sagten die Leute in Shah Mardans Versammlung.. Was pflegten die Ignoranten zu sagen? 'Unser Herr, gib uns viel! Es ist egal, ob rein oder nicht.' Wie merkwürdig! Halal, rein, und haram, unrein, ist egal? Macht keinen Unterschied? Derjenige, der nicht rein von unrein trennt, ißt von einem Teller am Tisch, dann ißt er Dreck aus dem Topf. Das bedeutet, daß er nicht Bescheid weiß über halal und haram. Halal ist rein. Haram ist schmutzig. Wer also haram nicht von halal trennt, trinkt Suppe am Tisch, dann ißt er Dreck aus einem Töpfchen. Was ist das? Der, der nicht zwischen halal und

haram unterscheidet, ißt reines Essen am Tisch, dann ißt er Dreck aus der Toilette. Die Ignoranten unserer Zeit sind so geworden. Sie essen am Tisch, und dann essen sie auch, was im WC bleibt. Wer nicht halal von haram unterscheidet, ißt die reine Speise am Tisch, ohne seinem Herrn zu danken, dann geht er und ißt Dreck. Das ist nicht Menschlichkeit! Ay Yaran, Sahibu z-Zaman. Ay Yaran Shah Mardan! Gute Aussagen kommen von ihm! Er hat von Grund auf angefangen, uns zu erziehen, weil das menschliche Ego schlecht ist. Unsere Egos haben schlechtes Benehmen. Das Ego des Menschen ist ein Geschöpf, das nicht gern Halal und Haram kennt. Halal / Haram, wer sauber und schmutzig nicht unterscheidet, ist ein Monster, ein Monster oder ein Schwein, weil er zuerst ißt und dann den Dreck noch einmal ißt.

Das ist nicht so, wie die Menschlichkeit sein muß. Die Leute dieses Jahrhunderts, sind die Leute dieses Jahrhunderts Monster, Hunde, Wölfe oder Hyänen? Füchse oder Schakale? Was sind sie? Was ist die Ehre der Menschheit? Sie machen gewaltige Bilder. Das ist 'er'.. Was ist das? Was hat dieser euch zu essen gelehrt, daß ihr diese gewaltigen Bilder macht und Statuen von ihm aufstellt? Was hat er gemacht? Trennte er das Reine vom Schmutzigen? Oder ist er selbst in diesem Schmutz? Wie gefällt es dir, Shah Mardan? Masha'Allah. Die Wahrheit der Worte, die Schönheit des guten Betragens werden von Shah Mardan gelehrt. Haltet den Weg Shah Mardans ein! Ihr sagt 'Nein!' Wessen Weg haltet ihr also ein, ihr Ungezogenen? Hasha mina l-Hudur. Der Weg Pharaos, der Weg Pharaos ist angemessen für uns, sagen sie. Weil Pharao sagte: Ich bin, wer ich bin! Ich bin Gott! sagt er zu dem Propheten Moses. Der Prophet Moses kam und sagte ihm: O Pharao, glaube an deinen Schöpfer und wirf dich vor Ihm nieder. Pharao guckte links und rechts und sagte in Arroganz: Ay, diejenigen, die meine Göttlichkeit, mich als eueren Gott anerkennen, kennt ihr einen anderen Gott außer mir? Sie sagten nein, wir kennen niemand anders. Aber einer von ihnen sagte: Du nennst dich Gott, mußt du nicht auch dein Wudhu brechen (um aufs WC zu gehen)? "Fabuhita Llathi Kafara" (2:258). Er war erstaunt. Er, der sagte 'Ich bin Gott', war erstaunt. Wie kann ich antworten, dachte er. Wenn du Gott bist, benutzt Gott das WC?

Die Nation von Isa (as), Jesus, gibt heute Isa (as) Göttlichkeit und nennt seine Mutter 'Mutter Gottes'. Was sagt Janaba Allah im Heiligen Quran, um zu verstehen? Nichts fehlt im Heiligen Quran. Es gibt eine Antwort auf alles. Niemand kann an das Wissen des Heiligen Quran heranreichen. Was sagt Janaba Allah, um die Ansprüche der Christen zu entwerten? Ein paar

Worte. Sie geben dem Propheten Isa (as) Göttlichkeit und nennen seine Mutter die 'Mutter Gottes'. Um diesen Anspruch zu beenden, sagt Allah ein paar Worte im Heiligen Quran. Möget ihr verstehen: "Kana Yakulani Atta'ama" (5:75). Ihr nennt den Propheten Isa und seine Mutter Gott und macht sie göttlich. Um ihren Anspruch zu erledigen: "Kana Yakulani Atta'ama" (5:75). Pflegten sie zu essen und zu trinken? Ja. Wenn sie aßen und tranken, dann hatten sie sich auch die Notwendigkeit sich zu erleichtern. So drückt es der Quran genau aus: "Kana Yakulani Atta'ama". Ihr sagt, daß Isa (as) Gott ist und seine Mutter die Mutter Gottes, aber sie aßen und tranken. Und wer ißt und trinkt.. und dieser Vers weist darauf hin, "Kana Yakulani Atta'ama", sie beide, unsere Mutter Maryam und der Prophet Isa (as) aßen und tranken. Der Quran sagt das deutlich. Möget ihr verstehen. Wer ißt und trinkt, geht auch zum WC. Geht Gott jemals auf das WC?! Was ist das? "Kana Yakulani Atta'ama". "Kana Yakulani Atta'ama" - drei Worte schließen den Fall. Niemand kann mehr den Mund aufmachen. Niemand sagt jemals, sie nähmen keine Nahrung zu sich."Kana Yakulani Atta'ama".

Die Speise, die jemand ißt, bleibt nicht in seinem Magen, sondern kommt heraus und er muß sich erleichtern. Er geht zum WC. Derjenige, der zum WC geht, wie kann er ein Gott sein? Was ist das im Christentum? Mit zwei Worten erledigt Allah das: "Kana Yakulani Atta'ama". Beantwortet das, "Kana Yakulani Atta'am". Ihr gabt dem Propheten Isa und seiner Mutter Maryam Göttlichkeit. Ihr macht sie zu Göttern, ihr nennt sie Götter. Sie beide. "Kana Yakulani Atta'ama". Schluß. Ihr sagt dies und das, aber der Quran sagt, sie aßen Speisen. Beachtet die genauen Worte dieses klaren Quranverses: "Kana Yakulani Atta'ama" (5:75). Ihr gabt ihnen Göttlichkeit, aber: "Kana Yakulani Atta'ama". Ihr machtet sie zu Göttern, aber alle beide nahmen Speisen zu sich. Allah der Allmächtige sagte es. Er sagte nicht, sie gingen aufs WC. Versteht! Ihr sagt dies über sie, aber sie pflegten Speisen (ta`am) zu essen. Er (swt) sagt nichts anderes als das. Seht die majestätische Ansprache des Heiligen Quran! Ihr christlicher Glaube ist ruiniert. Laßt sie antworten! Es wird im Quran dezent gesagt, daß Isa (as) und seine Mutter beide Speisen aßen. Es heißt, sie pflegten zu essen. Der Anspruch ist erledigt. Warum wird das erwähnt? Aus welchem Grund? Vielleicht hielten sie es für unnötig, aber ihre Falschheit ist zerstört, mit zwei Worten: "Kana Yakulani Atta'ama". Ihr gabt ihnen Göttlichkeit, aber sie beide pflegten zu essen und zu trinken. Und wer ißt und trinkt, muß auch das WC aufsuchen. Kein anderer Weg.

Eine Bedeutung ist, um weiterzuleben, müssen sie essen und trinken. Sie essen und trinken. Warum? Um leben zu können. Das bedeutet, sie bedürfen des Essens und Trinkens. Kann jemand, der essen und trinken muß, ein Gott sein? Die andere Bedeutung ist: "Kana Yakulani Atta'ama" - Sie pflegten zu essen und zu trinken. Das bedeutet, nach dem Essen ist es auch notwendig für sie, sich zu erleichtern. Sie müssen auf das WC gehen. Sind sie nicht zur Toilette gegangen, jene, die ihr Götter nennt? Blieb das Essen drinnen? Was für ein Glaube! Ihr nennt sie Götter, und sie essen und trinken. Ihr nennt sie Götter und erkennt die Tatsache an, daß sie aufs WC gingen! Wie können sie also Götter sein? Hasha! Der Glaube der Christenheit ist ruiniert Zwei Worte: "Kana Yakulani Atta'ama". Er sagte nicht: Sie gingen aufs WC. Das ist die Reinheit des Heiligen Quran. Er sagt es nicht offen, aber du kannst es doch verstehen. Ihr nennt sie Götter, aber "Kana Yakulani Atta'ama". Sie beide aßen Speisen, der Prophet Isa (as) und Mutter Maryam. Das, was sie aßen und tranken, blieb es in ihrem Magen? War ihr Magen ihr WC? Was für ein Glauben ist das? "Kana Yakulani Atta'ama". Beide, seine Mutter und der Prophet Isa (as) nahmen Speisen zu sich. Und nach Essen und Trinken besteht die Notwendigkeit, sich zu erleichtern. Sie mußten auf die Toilette gehen, um sich zu erleichtern. Sind sie Götter? Ihr nennt sie Götter? Eine andere Bedeutung, Ay Shah Mardan, komm, um uns zu erziehen und zu lehren. Für jene, die nicht bereit sind zu lernen: Mußten sie essen und trinken? Ja. Mußten sie sich danach erleichtern oder war ihr Magen ein WC? Hasha! WC oder Magen? Da sie aßen, bedeutet das, sie gingen auch aufs WC. Man ißt etwas Reines und dann muß man sich von innerem Dreck befreien.
O christliche Welt! Nehmt Vernunft an! Ihr verlaßt das, was man gesunden Menschenverstand nennt. Ihr folgt Einbildungen. Diese Worte sind von den Himmeln! Es sind nicht die Worte von jemandem auf der Erde. Diese zwei Worte sind vom Heiligen Quran. "Kana Yakulani Atta'ama"

Wer essen und trinken muß, kann kein Gott sein. Wie könnte er es sein? Wie kann jemand, der nicht ohne Essen und Trinken leben kann, ein Gott sein? Saß er nicht mit seinen Aposteln? Doch. Aß er nicht mit ihnen? Doch. Trank er mit ihnen, was sie tranken? Ja. Also? Blieb es in Isas Magen, dem, den ihr Gott nennt? Im Magen des -Hasha mina l-Hudur- Gottes? So ein Gott! Nicht nur pflegte er zu essen, sondern dann wurde das, was er gegessen hatte, zu etwas, das aus dem Körper hinausgeworfen werden muß. O christliche Welt, nehmt Vernunft an! Ihr seht euch

selbst hoch. Ihr habt nicht das Recht, das zu tun. Ay Shah Mardan, zieh dein Dhu l-Fiqqar! Niemand kann dir Antwort geben, o Löwe Allahs! Der Fall ist geschlossen mit zwei Worten "Kana Yakulani Atta'ama" (5:75). Was sagte Allah in Bezug auf sie? Sie beide pflegten zu essen und zu trinken. Warum sagte Janabal Haqq das? Janabal Haqq will jene, die Verstehen haben, lehren. Die Christen nennen Isa (as) Gott. Hasha! Und seine Mutter die Mutter Gottes. Nicht wahr? Ja. Was sagt der Quran? "Kana Yakulani Atta'ama". Ihr sagt es so, aber - nahm der Prophet Isa Speise zu sich? Er pflegte mit seinen Jüngern zu sitzen und mit ihnen zu essen. Ging er zum WC? Ja. Kann so ein Mann ein Gott sein? Was für ein Trick ist das?
Warum stellt ihr euch gegen den Islam? Gibt es einen dummen Glauben wie den im Islam? Im Islam glauben wir, "Wa Huwa Rabbu l-`Arshi l-`Azim" (9:129). Allah `Arshi l-`Azim ist der Gott, Der der Eigner des mächtigen Thrones ist. Er ißt und trinkt nicht. Er hat nicht die Dimensionen eines Menschen. Der Allmächtige Schöpfer des Universums, Der Selbst über allem steht, Der Höchste von allen, Jallat Azamatuhu, wird Er essen und dann die Notwendigkeit haben, Sich zu erleichtern? Astaghfirullah. Kommt zur Wahrheit! Ay Shah Mardan, zieh Dhu l-Fiqqar! Damit diese Leute, die an diesen Fantasien festhalten, Vernunft annehmen. Diejenigen, die es Religion nennen, mit ihren leeren Zeremonien, mit ihren Glocken, sie verwirren die Menschen. Jene, die die Wahrheit des Islam nicht anerkennen: Die Zeit ist da! "Ahkum Bi l-Haqqi" (21:112). Regiert mit Haqq, Wahrheit. Euer Glaube eröffnet einen Aspekt von Vernunft und Überprüfung. Beantwortet das, antwortet! Warum werdet ihr nicht Muslime? Ist euer Glaube an Isa ein wahrer Glaube? Der Prophet des Zeitenendes ruft uns dazu, an den Eigner der Himmel und Erde zu glauben, den Herrn des Mächtigen Throns, Der die ganze Schöpfung in Seiner Göttlichen Macht hält. Janaba l-Haqq. Warum kommt ihr nicht zum Islam? Ihr werdet kommen. Wenn nicht, wird euch niemand bitten. Ihr könnt weiter anbeten, "Kana Yakulani Atta'ama", eueren essenden und trinkenden Gott. Ihr machtet ein Kreuz und aus euerer Religion ein Spielzeug. In all eueren Zeremonien holt ihr das Kreuz heraus. Hat der Prophet Isa je ein Kreuz hervorgeholt? Nehmt Vernunft an! Wenn Allahs Zorn auf euch kommt, wird Er nicht einen von euch übrig lassen. "As-Salamatu fi l-Islam" - Sicherheit ist im Islam. Aslim Taslam, Kommt zum Islam und findet Sicherheit hier und im Jenseits. Sicherheit hier auf Erden und im Jenseits in der Akhirat. Möge euch das gefallen. Wenn es euch nicht gefällt, was tun..?! Ay Shah Mardan!
Deine gesegneten Worte sind die Wahrheit. Die Quelle seiner Worte? Die Stadt des Wissens ist

der Prophet des Zeitenendes. Er hat alle Arten von Wissen. Die Tür für diese Stadt ist Shah Mardan, der Sultan Shah Mardan. Was er sagt, ist Haqq, und niemand kann sich dagegen stellen. Kommt, Ay Yaran Shah Mardan. Salam jenen, die ihn lieben und seinen Freunden. Marhaba!

Sagt Marhaba. Sie sind nicht tot. Janabu l-Haqq sagt: "Bal 'Ahya'un `Inda Rabbihim" (3:169). "Wa La Tahsabanna Lladhina Qutilu fi Sabili Allahi Amwataan..." ..Bal Ahya'un `Inda Rabbihim Yurzaquna" (3:169). Die Tugend, die ihnen gegeben wurde, auf dem rechten Weg, jene, die Allah kennen und die Wahrheit anerkennen, sind die, die von Shah Mardan unterrichtet werden. Abseits von diesem Weg geht es zum WC. Sie denken nur ans Essen, Trinken und zum WC gehen. Werdet nicht arrogant!
Diese Ansprache ist an Araber und auch an Türken gerichtet. Manche Menschen kommen so hoch! Es gibt auch für sie eine Antwort: Aß er? Ja. Trank er etwas Schmutziges? Ja. Was ist diese Arroganz? Ist das etwas, auf das man stolz sein kann? Shah Mardan, zieh dein Schwert. Es ist eine Ansprache, die nicht von mir kommt, sondern von den Himmeln! Ay Shah Mardan, Marhaba! Zieh dein Schwert Dhu l-Fiqqar. Hirnlose Alawiten und hirnlose Schiiten. Gib ihnen und den hirnlosen Türken eine Antwort! Zeige ihnen dein Schwert! Zeig ihnen die Tapferkeit des Islam, die Wahrheit des Islam, die Größe des Islam, so daß sie die Größe Allahs kennen! Jalla Jalaluhu Subhanahu wa Ta`ala. Allah ist Groß, Al-`Azamatu Lillah wa l-Kibriyau Lillah. Du bist Subhan, unser Herr! Meßt nicht unsere Größe. Zwei Meter höchstens? Gibt es Menschen mit drei Metern? Wie gibst du den Menschen Größe? Wurde ihm Größe von den Himmeln gegeben? Dessen Größe von allen Propheten bestätigt wurde, dem Prophet Isa (as), Prophet Musa (as), Prophet Sulayman (as), Prophet Daud (as). Alle Propheten bestätigten La ilaha illa Allah, Muhammadu r-Rasulullah, Salla Allahu `alayhi wa Sallam. Größe wird dem Sultanu l-Qawnayn gegeben, unserem heiligen Propheten. Ya Sayyidi, ya Rasulullah.
O, Shah Mardan, der Löwe der Kampfstätten, Shah Mardan, zieh dein Schwert. Es gibt keine Macht, die deinem Schwert standhalten kann! Was sich gegen dein Schwert stellt, ist falsch. Wer sich gegen dein Schwert stellt, ist falsch. Sein Schwert beendet Falschheit. Ay Muslime, ay Gelehrte Ägyptens, Syriens, Gelehrte Baghdads, der Türkei und des Iran, nehmt Vernunft an! Weil das Schwert am Ende der Zeit kommt und der, der Sahibu s-Sayf ist, der Sahib kommt. Das ist Mahdi, `alayhi s-Salam. Wenn er sein Dhu l-Fiqqar zieht, fallen alle Köpfe von Ost bis West.

Alle werden vernichtet werden. Der Islam gibt geistige Macht. Der Islam lehrt die Menschen Herrlichkeit, Licht, Geist und den Wert des Menschseins. Er lehrt auch, den Menschen zu respektieren. Wer keinen Respekt vor den Menschen hat, hat auch keinen Respekt vor dem Schöpfer. Sagt nicht, Ich bin Shiit. Ich bin Alawit. Ich bin Kurde. Ich bin Türke, sondern ich bin ein schwacher Diener meines Herrn, aber wenn ich "Allah" sage, habe ich die Kraft, die ganze Welt niederzuwerfen. Glaubt und fürchtet euch nicht. Die Spiele sind vorbei. Die Täuschung der Menschen ist zu Ende. Niemand kann die Menschen mehr täuschen, es ist vorbei! Es gibt eine Menge falscher Ansprüche, falscher Größe. Ihre Spiele sind vorbei, also rufen wir: Ay Shah Mardan! Ay Yaran Shah Mardan. Wir folgen ihm, da wir auf seinem Weg geopfert werden. Wer nicht seine Fahne trägt, hat keinen Wert. Sie werden fallen und weggefegt werden.
Kommt zurück und hört! Diese Worte sind die Wahrheit. Wenn ihr nicht hört, werdet ihr Kadaver sein. Wenn ihr hört, werdet ihr Sterne am Himmel sein. Allah will, daß wir sagen Bismillahi r-Rahmani r-Rahim. Ein Geschenk, eine Gabe für uns, Bismillahi r-Rahmani r-Rahim. Die Propheten sagten Bismillahi r-Rahmani r-Rahim und wurden gerettet. Diese Menschen sind nicht in Sicherheit, wenn sie nicht Bismillahi r-Rahmani r-Rahim sagen. Köpfe werden rollen. Ihre töten Körper werden auf der Erde bleiben, die Tore der Himmel werden sich nicht für sie öffnen, weil wenn die Seele eines Menschen genommen wird, der Todesengel sie hinaufträgt. Wer kommt? Der Name wird genannt. Sein Name ist hier nicht. Wirf ihn zurück! Und sie werfen ihn auf die Erde hinunter! Hütet euch! Islam ist die Wahrheit. Islam läutet keine Glocken, um die Menschen zu versammeln. Keine nutzlosen Zeremonien, keine nutzlosen Kleider, keine nutzlosen Worte im Islam. Der Islam ist wie die Sonne am Himmel, er kann nicht ausgelöscht werden.
Ay Politiker, ay die, die die Befehle Allahs nicht einhalten, ay Gelehrte, die die Leute nicht die Wahrheit lehren, hütet euch! Ihr werdet an den Füßen aufgehängt werden. Wenn euere Seelen hochkommen, werden die Tore der Himmel nicht offen sein für euch. Ihr werdet in Ketten gelegt werden und mit dem Kopf nach unten zur Erde aufgehängt. Das sind jene, die Allah nicht respektierten, die ihrem Ego folgten und Titel vergaben und wie Pharao redeten: 'Ich bin Gott'. Sie beanspruchten Göttlichkeit, sie verloren den Verstand. Hängt sie an den Füßen auf bis zum Yawmu l-Qiyama. Aman ya Rabbi, Tawba ya Rabbi. Tawba Astaghfirullah! Ay Shah Mardan, dein Name ist der höchste. Marhaba, ay Yaran Shah Mardan, wie schön! Mögen wir einen guten

Tag haben. Möge Licht in unsere Herzen strömen. Gehen wir weiter auf dem Weg unseres Herrn, wie Allah will! Das Leben eines Menschen, der nicht für seinen Herrn lebt, ist kein Leben. Es ist Abfall. Lebt für Allah und fürchtet euch nicht! Fürchtet euch nicht! Wer seid ihr? Sagt: Ich bin Allahs schwacher Diener. Seid nicht einer von denen, die die Zeitungen als groß erachten. Du kannst jeden Tag in der Shaytankiste sein, es gibt keine Größe für dich mit unsinnigen Ansprüchen. Komm, sei ein Reisender auf Allahs Weg. Sei Soldat für unseren heiligen Propheten. Ihr werdet Ehre haben. Sonst werdet ihr das bekommen, was ihr verdient.
Diese Worte gehören den Himmeln, nicht der Erde. Wir sind Freunde Shah Mardans. Und wir werden Glück finden, wenn wir seinen Worten zuhören. Sorgen und Schmerzen verlassen den Körper. Unser Licht, unsere Kraft, Majestät und Ehre nehmen zu. Unsere Bande der Freundschaft nehmen zu. Wir werden akzeptabel den Menschen auf Erden und den Engeln der 7 Himmel. Und wenn unsere Seelen aufsteigen, sagen sie: Öffnet die Tore, nehmt sie nach drinnen. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Sagt Bismillahi r-Rahmani r-Rahim. Wir werden in Sicherheit sein. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Beginnt damit. Die Engel werden zu Hilfe kommen! Die Menschen rufen Unsinn. Sie sagen: Wir haben Hunger! Laßt den Unsinn und sagt: Allahu Rabbi, Allahu Rabbi, Allahu Rabbi, Allahu Hasbi. Allahu Rabbi, Allahu Hasbi Adrikna, Adrikna! Ay Soldaten unseres Herrn, mögen die Gesegneten uns zu Hilfe kommen. Möge ihre Unterstützung kommen. Laß uns nicht zu denen gehören, die der Dunya hinterherlaufen. Wahrt den Dienst eueres Herrn. Dafür wurden wir geschaffen. Wir wurden für Dienerschaft erschaffen, nicht um wie Pharao zu sein. Sagt La ilaha illa Allah, Muhammadu r-Rasulullah. Nahnu `Abidullah. Allahu Rabbi, Allahu Hasbi, Allahu Rabbi, Allahu Hasbi, Allahu Rabbi, Allahu Hasbi, Subhan Allah, Sultan Allah.
O unser Herr, sende uns Hilfe, Retter! Ya Rabbi! Fatiha. Das ist ein Bombardement. Es wurde begonnen, um ihre Pfeiler zu zerstören, ein Bombardement. Mehr kommt morgen! Wer Nationalismus Frankistans (Europas) beansprucht, Größe beansprucht, deren Pfeiler werden zerstört durch diese Bombardement. Wenn sie nicht verstehen, werden sie Rajab oder Ramadan nicht erreichen. Dies ist eine Warnung für sie! Möge Allah uns vergeben. Möge Er mir vergeben. Möge Er euch vergeben! Hört auf Den, Der mich zum Sprechen bringt. Subhansin Rabbina. Subhansin Rabbina. Anta Subhan. Anta Sultan ya Rabbi. Nahnu `Abidukil Fuqara. Adrikni ya

Madad al Haqq. Adrikna ya `Ibadullahi s-Salihin. Mudarrakun. Es gibt Mudarrakun. Mögen die Awliyaullah uns mit Hilfe erreichen! Möge Allah uns mit dem Gewand der Majestät bekleiden! Allahu Dhu l-Jalal. Daß wir uns nicht vor ihnen fürchten! Mögen sie uns fürchten. Ungläubige fürchten Gläubige. Gläubige fürchten Ungläubige nicht. Wa min Allahi t-Tawfiq. Fatiha.

## "O My Servants, Surrender to My Divine Orders!"

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam `alaa Sayyidi 'l-Awwaleen wa ’l-Akhireen, Sayyidina Muhhamadan, habeebi Rabbi ‘l-`Alameen, wa `alaa sai anbiya wa ‘l-mursaleen wal-hamdulillahi Rabbi ‘l-`Alameen. (Mawlana Shaykh sits)

O Our Attenders! Dastoor yaa Sayyidi, yaa Sultan al-Awliya. Madad, yaa `ibaadAllahi ‘s-saaliheen. It is such a big grant from Allah Almighty to be His servant. We are saying, A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Shaytan never likes people to be servants of their Lord, their Creator. Tawbah yaa Rabbi! We are asking forgiveness, because mostly we follow Shaytan and what he calls us to.

Allah Almighty asks obedience from us and He calls Mankind, His servants, to obedience, saying, “O My servants! Try to be My servants and obedient ones.” But people are leaving that, and Shaytan says, "Don't listen." Shaytan calls people to disobedience because he is the first disobedient one among all Creation and he likes people to be disobedient, like him. Disobedience makes people fall into troubles and suffering. When people suffer, kill each other and make trouble and crises, Shaytan says, "O! I am so happy."

O People! Our attenders from east to west, from north to south, listen and obey! Our Lord is calling us to be

obedient ones. The divine call from Heavens is, "O My servants! Listen to the holy call from Heavens and you will be happy here and Hereafter; if not, you will be in black holes." People are running to black holes with their bad deeds, and they will never come out.

There are also brilliant ways; they are not holes, but brilliant running roads. You may continue on those enlightened ways and be happy forever and enjoy every step you take! When you finish this life on that way, you will reach Unknown Dominions that Allah Almighty created for His servants. No one knows what is in them, except for our Creator. But now people follow Shaytan and everywhere they find troubles, sufferings and never-ending crises and miseries.

O People! Use your minds; don't listen to Shaytan and shaytanic ways, because a bad future is coming and the worst is coming on them. They must not think that if a person dies for any reason, they are finished and only become dust, no longer in existence. That is a shaytanic advice for people to say, “Don't believe there is another world or another life. Don’t listen! When you die everything is finished."

That is kufr, to refuse what the prophets are bringing, to deny everything continues after death. Allah (swt) sent 124,000 prophet to say, “ O people! You are in this life for a short time, but after that you will find an endless Eternity.” You will find Eternity in enlightened worlds if the Lord of Heavens is happy with you, but He will grant another Eternity to those who do not believe, who say, "Our lives only last up to the graveyard and afterwards there is nothing." If that is so, why do you have graves and make them like that? I am sorry to say that Shaytan is cheating so many people by saying, "O people! When you die everything is finished, so burn your physical beings to ashes (cremation)."

Now it is the fashion for people to state in their will that when they die they should be cremated. Why? What prophet says you should burn your dead bodies and not bury them? From the beginning up until today they have said, "Bury your dead bodies, because there is something after death." But now people are listening to Shaytan, not to heavenly declarations.

May Allah (swt) forgive us and send us someone who can arrange the lives of Mankind. We are in need of change, as now you can't find a mindful arrangement to arrange a good life for you. No! From east to west, from north to south, people are in endless troubles. Every year we are asking, "O our Lord, send us someone from Your mukhlis, sincere servants, to teach people how we must deal with our Creator." If not, bad news

will come from the east, worse news from the west, the north and south, from all directions. We must think on it.

tafakarru sa`atun khayrun min `ibaadati saba`een sannah. To remember Allah (swt) (contemplate or meditate) for one hour is better than seventy years of worship.

“Dunya” refers to what we look at and see. Don't use your minds for dunya; you must think about something that will be for everyone in the future, such as, what will exist after death? You must use your minds for that purpose; as long as you are thinking about it an opening will come, but if you are not thinking about it, only a thick darkness will come on everything and you will not see anything.

We ask that Allah (swt) (Mawlana Shaykh stands and sits) will send us from His servants to teach us about where we are going and how we must deal with the holy orders from Heavens. We are asking day and night, “O our Lord! Send us from Your good servants to teach us and show us how we can save ourselves from bad ideas and following Shaytan, and how to deal with our Creator, Allah Almighty.” If not, now we are surrounded from every direction.

Allah Almighty is saying, “Aslim! O My servant, surrender to My orders. If not, this plane in which you exist will get tighter and tighter, and it will not open. Aslim taslam! Surrender to Me and I will open for you here and Hereafter. If you do not listen to Me, the circle will get tighter and tighter and take you to unknown black holes!” May Allah forgive us.

O People! That Angel of Death is coming nearer to everyone. Prepare yourself to have a brilliant face when you leave this life and you reach the Divine Presence. O our Lord, forgive us for the sake of Your beloved servant, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Save us from shaytanic ways and show us good ways. Forgive us! We are expecting Your forgiveness and Your endless Mercy Oceans for Eternal Life, yaa Rabbi ‘l-`Alameen... habeebika Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

## Surrender to Truth

Our Tariqat is based on associations with the sheik. When you are with him, come into him, melt within his reality and join him in unity. Through that unity you are in unity with the Prophet* which will lead you to the Unity Oceans of Allah the Almighty. You will leave your own personality and accept to be nothing.

That is the real sufi method. But in our days everything is misunderstood. People think that when they come to tariqats they have to show themselves more and more, become bigger and bigger and get more and more power. They think that they have to prove themselves. The most distinguished Naqshbandi Order wants to take all that away and make you understand that you are nothing.

A hundred years ago no one of you was present, and in a hundred years you will also not be here. It means we are nothing. Between those two periods of being nothing you also have to accept that you are nothing. Accept this reality. Don't live in imagination.

Your ego doesn't want to disappear in the Unity Ocean of Allah. One drop comes from the sky, when it reaches the ocean it is finished and you will not be able to find it because it became part of the ocean. Even though it disappeared, it will continue to exist in the Unity Ocean of Allah. The biggest challenge for humans is to accept that they are nothing. They insist on being something. This is why they are quarrelling

continuously until they are completely worn out.

The batteries of a tape recorder will be finished one day and thrown away. You have also been given a battery for your physical body. It helps you to be seen in this existence. Those who can reach real Heavenly Power before they die are the real lucky ones. They will never be dust in their tombs, like all prophets and all holy people never turn to dust. Their bodies are as if they were alive, even their blood is circulating.

This is why Allah has sent Heavenly Beings to be amongst people. All prophets and their inheritors have reached Heavenly Power Stations and are offering people such connections. If anyone does, they have to pay. That which you say belongs to you. You might say, "I will give everything except my soul!" But no, you have to give your soul too! When the power within your soul has been arranged, I will put it back.

The Angel Gibril came to Muhammad* when he was around 7 years old and cut him open. He arranged everything and then left. This was repeated during the Night Journey.

It is an example for everyone who wants to reach real power from Heavens. They must be operated in their hearts. Not the operation of a surgeon, but a heavenly one. Every inheritor of Muhammad* needs such an operation. Everyone who has had this done, can then do it to others.

These are very rare people. If you ask for them, you will reach them. It will be a bit difficult for common people, but everyone is welcome who asks for it.

There was someone called Haji Bayram Wali, a grand sheikh. The Sultan had promised him that he would not take any of his murids to serve in the army. Everyone was eager to become his murid. One day the Sultan wanted to put together an army and asked for soldiers. But everyone was telling him that they were murids of the sheikh and did not have to come. So the Sultan sent a message to the sheik asking him what was the meaning of all this: the enemy was ready to attack, but he could not find any soldier to defend the country. The sheik told him not to worry, he was preparing a big army for him.

He placed two tents on a hill and told his murids that everyone should be present. When everyone had arrived the sheik came out of his tent and said, "I have been ordered to sacrifice my murids for the sake of Allah. Whoever is ready to sacrifice his soul, come and surrender to me!"

His murids looked at him in shock, thinking he had lost his mind. They could not believe what they were hearing. Only one person jumped through the crowds and said, "I am willing to sacrifice my soul for the sake of Allah. Take me, cut me, burn me! My soul is in your hands!" Two people with swords took him to the second tent where he was prepared: his feet were tied together and he was placed on a table.

The people outside could only see his tied feet sticking out of the tent. Then, inside the tent they took a sheep and cut off its head. The blood was running out of the tent in a stream and people were horrified, thinking it was the murid. They started to run away while the sheikh was asking if anyone else was ready. Only one woman came and offered her soul to him, no one else.

The grandsheik then wrote a letter to the Sultan telling him that he only has one and a half murid, and that the Sultan was free to take the rest into his army.

This is what it means to surrender to a sheik, to a prophet and to Allah. When you have no more existence Allah will dress you with your real body, with your real existence which will last forever. Haqqani!

If you come in front of the grand Sultan with clothes which are not good enough and the Sultan offers to dress you, will you be happy? Allah just wants you to give Him your imitated existence to be able to dress you with your Heavenly Clothes, but people are refusing.

If your ego does not surrender, you will not reach anything. People are very afraid to surrender, even though that is the meaning of being a Muslim. Europeans tremble at the thought. But if you don't surrender to your surgeon, what can he do for you? They want to reach Heavens, but they don't surrender. They want to fly without having to get on board the plane. That is the mind of Europeans. They do not want to surrender. Surrender to your surgeon!

## Swallow your Anger; then Digest it

For those of us whose physical bodies are "over the hill", by this I mean over the age of fifty or so, we must face the fact that, no matter how well we look after ourselves, our physical powers are gradually deteriorating: step by step we are approaching death.

But as for our spiritual condition, there is no such limit, no age when powers are at their maximum, then recede. Spiritual power may continue to grow strongly throughout our lives, but we must seek out conditions conducive to that continuing growth, and weed out those qualities which threaten to choke the precious plant.

One of the most harmful weeds, the most inimical to our spiritual growth is the anger generated by the vanity of our egos. When anger rages it engulfs the light of faith, transforming in into fire. The light of Faith is the pure light of God, but when it is transformed into fire it no longer illumines, it burns.

When you find yourself overcome with anger you must quickly run to a mirror and behold your own face. That ugly spectacle will be enough to calm your anger: for who wants to look like the devil himself? When a person is angry his actions are satanic - destructive and self-destructive. Our Grandsheikh stressed the necessity of abandoning anger, for when the ego's anger dominates a person he may readily deny even the

sovereignty of God, and put himself in rebellion against the Overwhelming One - and that is very dangerous. Anger also wreaks havoc on our physical bodies, causing illness and premature aging, especially when a high level of anger is maintained over a long period of time.

Very few people can turn back anger when it assaults them. This is why so few people advance spiritually. The reason that anger is so difficult to defeat is simply because it is an intrinsic part of our physical and spiritual constitution. Anger corresponds to the element of fire in our make-up, which is a balance of fire, water, earth and air. Only those who are trained from a very early age by enlightened parents or teachers will have learned to keep these elements in balance. As for most people, each of these elements may predominate on different occasions according to exterior circumstances and intrinsic propensities, setting the equilibrium off center. Fire flares up in the face of provocation and teasing, aggression or attempts to subdue the will (of the child). Since these occasions are usually frequent in our early lives, we are all adept at getting angry, and from a very early age.

Our Grandsheikh also suggested that we perform a special Dhikr (prayer-meditation) at night in order to gain the upper hand in our struggle against anger. When you arise in the last third of the night to perform superrogatory prayers, after performing your ablutions, start by turning your face to the House of God and implore Him to aid you in your attempt to subdue anger. Then repeat one-hundred times. "Ya Halim" which means "Oh (God, who is) Forbearing and Slow to Anger" This name, al-Halim, is a Divine attribute of God which He wishes to bestow generously upon us, should we seek to receive it.

The first step is to ask God, in this manner, to help us become forbearing; then we must meditate on that Divine Attribute, that it may be absorbed into our being. We are literally calling it upon ourselves. Next we must adopt a practice in our everyday lives that will further our purposes. This practice is, simply, not to show anger, even when you feel it welling up inside. Don't spit that anger out at those around you and poison the atmosphere, like a fire-breathing dragon. Hold it in, but not like a lump of undigested food; no, you must digest it. A certain amount of anger is part and parcel of every personality. Without some of that fire in our constitution we would die; therefore, it is possible for us to digest a certain amount of anger without suffering adverse side-effects. Of course, if we were to remain unchanged over a long period of time and swallow the same amount of anger, we would overdose; but that is not the case, for in time our intake of anger decreases as we learn, and are granted the ability not to react angrily to provocation in the first place. So, just as a baby

initially drinks great quantities of milk, then graduates to solid food, decreasing its milk consumption drastically, we can swallow and digest anger, in the full knowledge that other forms of nourishment are soon forthcoming.

If you can manage to refrain from showing anger for forty days, you will have passed a great milestone. When it assails you, you must evade it, and when it is going to issue from you, you must swallow it. If you can successfully avoid it for forty days, anger will begin to assault you less frequently: once every forty days. If you can manage to keep yourself in this manner the initial forty days, and thereafter, in the face of forty more assaults (forty periods of forty days, a little more than four years), Satan will announce to his helpers: "Don't bother attacking that person; you are just wasting your time and energy. His defenses are impenetrable: one thousand attacks are just as futile as one. Leave him alone, he has escaped from our hands". Satan's helpers are the selfish ego, vain desires and worldliness: these are our four great enemies, and whoso learns to control his anger will be victorious against these base influences.

Whenever you feel anger arising you must be aware that you are being tested. Such tests are sent your way from the spiritual world in order to ascertain your trustworthiness. Disliked events are sent from that realm so that you may have the chance to forbear, and thereby advance toward your goal. If there were not some benefit to be found in anger it would not exist. The benefit is found in being patient in the face of it. Without passing this test there can be no improvement.

Forbearance is a key to Divine Stations, and that key is forged by facing odious events with patience and controlling our anger. So, anger is a two-edged sword: if you can grasp its handle firmly you may rent the veils that blind your heart's eyes, but if it is in the hands of your enemies your faith will be severed.

## SWEET AS HONEY are the TEACHINGS FROM THE HEART

Our Grandsheikh was speaking about people who instruct the community on the Islamic religion and topics relating to its practice. According to the command of Allah Almighty, there must be some people among each community who instruct people as to what they may do, as to what has been permitted for them by Allah Almighty (Halal), to warn them against those things which they must avoid, as they have been forbidden to them by Allah (Haram). Most people think that it is an easy job to address people: take a book and read it – finish. So many people think that it is only sitting and speaking; either reading to the people from books and explaining, or sometimes memorizing so that people think that he really knows a great deal – for one week they prepare to give a half-hour sermon – this kind of teaching is only of the imitative kind.

A really important point for an instructor of the community is to understand the wisdoms that he speaks about. The fountain of wisdom is the heart, not the mind. If you can't use your heart, you can't be satisfied. As long as you are giving lessons from your mind, you and the people you are addressing are on the same level, and so you cannot teach them anything; to teach the teaching of Allah and His Prophet, you

must have learned to teach with your heart. If you teach from your heart, then the teaching will be like honey. But if you teach from your mind only – i.e. looking up information in a number of books and then reproducing it – then you resemble one who wings from flower to flower, like a bee, gathering the flowers' nectar, then puts it in a jar and calls it honey, but it is not honey. Why not? – He says: "I saw a bee flying hither and thither collecting the nectar of flowers, so I did as he did." But no honey comes from his jar. For honey to be made, the bee must eat the nectar, then the honey appears of itself.

Therefore, you must not let yourself be fooled by those people who speak for hours and hours on religion thinking they give honey, because the difference between what they give and real honey is like the difference between heaven and earth. People who claim to be teachers are of two kinds : one kind are like wasps who go from flower to flower like bees, but never produce any honey or beeswax. Even if they have attained the highest level of knowledge that the mind can encompass, if their teaching does not come from the heart, it isn't honey. The other kind of teachers are like bees, their teaching comes from the heart and is like pure honey. How does one become such a 'bee'? the Prophet says, if a person can keep sincerity (Ikhlas) with his Lord for forty days, then his Lord will open up fountains of wisdom for that person.

During the time that Sayyidina Ali was Khalipha in Kufa, he traveled to Basra and made his rounds of all the mosques in order to listen to the people who were teaching in those mosques. After visiting each of them and hearing every instructor speaking from his pulpit, he issued a decree ordering all except Hasan al Basri and Qadi Shureyh to stop preaching; he forbade all of them to address people in the mosques. He said that all of the 'instructors' other than those two were only storytellers who parroted stories without understanding their real significance, even if they were claiming to be teaching people good. Seyyedina Ali gave permission only to those two to do any teaching in the mosques, - for the others, no need.

You may eat some rotten food, and your stomach might become upset and you will

induce vomiting, but whoever listens to something no-good cannot get rid of it so easily, and it may stay with him until the end of his life. It is for this reason that our Grandsheikh cautioned his murids against listening to scholars who deny Tariqats and Mushids, for maybe they will poison you. If a person sits with such deniers, he must be prepared to carry a heavy burden of darkness and live with an injured heart for one year.

Our Grandsheikh told the following tale in order to describe people to whom you may, and indeed should listen: Ibrahim bin Adham, who is known as King of the Ascetics (Sultan az Zahideen), was a great king who one day heard the call to come to the way of his Lord. He left his kingdom and gave everything to his commanders, generals, princes and royal family. When he was just ready to leave the palace, he called one of his slaves, who had been the palace gardener, and told him to come; then he gave his royal cloak to that slave and asked him to give him his gardener's coat in exchange. The gardener was astonished at this and full of fear; he said; "How may it be possible for the lowest of servants to wear the kind's royal cloak, and for the majestic king to wear these dirty old rags?" The king answered: "Oh my son, do you not know that last night your Sultan became a slave of a slave of a slave..? Now I am a slave of seven slaves, the top one of them being a slave of the Almighty." See how quickly he came to the level of humility, how he regarded himself as being nothing, as being level with the earth.

Now our Grandsheikh says: "Oh Nazim Efendi, whoever desires to teach people in mosques and Sufi schools (Zaviya) must be very careful, especially in these times in which we are living. In the time of Ibrahim bin Adham, he counted only seven masters; now, in our times, if a person is not regarding himself as being on a lower level than many thousands of people, if he is not regarding himself as the slave of many people whom he deems superior to himself, then he will never be able to carry out his duty effectively: he will never make them believe in their Lord, or if they are already believing, he will never strengthen them in their faith.

For example, here we are in Damascus: if an instructor of religion can't look at himself as being a slave to everyone, it means that he has some egoism, and that egoism will spread through his teachings to everyone who comes in contact with him. Grandsheikh was saying that if a man who addresses people doesn't humble himself, and won't regard himself as being a slave in front of his audience of thousands, then those people whom he is proposing to teach will 'look down on him' and his teachings. What I mean to say is that the people will hear so much good advice from that instructor, but they will do exactly the opposite of what they were advised.

To prevent this from happening is no easy matter, because everyone who is studying and learning and learning still more is, in most cases, going to become an egoist; and when people come to him and listen to him, they will go off and do as he does. So many big sheikhs never admit or realize the necessity of fighting their egos, they just continue amassing knowledge which benefits neither themselves nor anybody else. Their knowledge feeds only their egos. They never consider, nor are they able to perceive that an important element is missing from their religious lives. And so, as they won't accept training at the hands of a Grandsheikh, they find themselves, along with the teachings they have imparted being disrespected by those very people whom they were thinking to help. Therefore, it is of the utmost importance for a person who wants to teach people to really see himself as their servant – to humble himself in front of the people he is hoping to teach.

The son of Abdul Qadir al-Gilani was a famous learned man in his time, but he was not humble and did not surrender to his father's superior knowledge, as he regarded himself as being much more learned and of a higher station than his parent. He was always astonished when he saw how the multitudes of his father's disciples flocked to the Grandsheikh's lectures, and how, when he began to speak, so many seemed to swoon away in apparent ecstasy. Whenever he witnessed that amazing spectacle he thought to himself: "My father's knowledge is not as great as mine, I am seven degrees higher than he is; so, if the people swoon in such a manner upon hearing his

discourse, what will happen to them when I speak? I fear that if I address them they might have to be carried out dead!" So he thought.

Now, Grandsheikh Abdul Qadir was listening to all these thoughts passing through his son's heart; Awliya know so many things that are happening in the hearts of people because Allah Almighty has given them that power of perception. They may listen, but they are not in need of always exercising this power. – Only when a particular situation arises in which someone may well benefit from it will they put the power to use. For instance, they many listen to and then answer a question which might have been in someone's mind without that person having ever said anything about it. By this unsolicited answer, that person might be taken unawares and be able to learn something.

My Grandsheikh had such powers of perception, but concerning them he said to me : "Oh my son, the power of perception is not really such a great and miraculous power that one should covet and seek to gain, for it comes naturally to a saint; however, this power was also given to Satan, so that, if goodness comes to us, he easily knows it and seeks to turn us away from it. So we cannot say that this power is very miraculous for the saints, nor are they particularly interested in it, but if they are ordered by the Prophet, then they may use it."

And so, Abdul Qadir was sometimes listening to what went on in his son's heart and could understand that his son had a nagging desire to speak in public. So one day he said to him: "Oh my son, tomorrow I am going to be very busy, and since our followers, spiritual sons and loved ones will be gathering at the great mosque, rather than sending them away, perhaps you could address them in my place, so that they may be pleased with you and not disappointed that there is no one to speak to them." Needless to say, the son was very pleased about this and looked forward to the chance of showing the people exactly where he stood in the way of knowledge as compared to his father.

The next day, when the time for Abdul Qadir's discourse arrived, his son mounted the pulpit in his stead and, closing his eyes, began to speak like a fountain, gushing out torrents from the highest level of his knowledge. He spouted for about ten minutes with his eyes closed in intense concentration; then, upon hearing not even the sound of breathing coming from the assembly, he thought: "perhaps they have all died from such sudden an exposure to this overwhelming knowledge." So he opened his eyes to see what had happened, and there he saw the assembly, not dead – but sound asleep. Not one was awake, and now, as they fell deeper into their sleep, a number of them began to snore loudly, like saws cutting trees.

Since no one was awake to hear his lesson, he quickly finished, came down from the pulpit and moved through the mass of sleepers, carefully stepping, and left the mosque. When he arrived at his father's house, he complained to him: "Oh my father, do you know what happened? I am amazed at the condition of these people!" Abdul Qadir asked him, "What happened? Did anyone die or faint?" The son replied: "No, all of them fell fast asleep, even when I left the mosque, no one was aware of it – and this despite the fact that I was speaking to them on a level seven degrees higher than your teachings; I cannot understand what happened."

Then this Grandsheikh said to his son: "Oh my son, who was sitting there on the pulpit?" The son, surprised, replied: "I was, of course." "Ah, you see, therefore, as you were sitting there, they all fell asleep." "Oh my most venerable father, why should it be like this when I sit there; don't you sit on the pulpit in front of them the same as I did?"

Then Abdul Qadir explained to his son: "No, my son, I don't sit there, I leave that pulpit to Allah Almighty and His Prophet and seat myself in the audience among the people in order to listen to Allah and His Prophet – when a verse is read, we hear Allah speaking to us, and when a hadith is read, we hear the Prophet speaking. When in this way I put myself among the assembly and leave the pulpit to Allah and His Prophet, I leave myself behind, no more Abdul Qadir, just Allah and His Prophet

speaking through Gilani, but no more 'I' is there. For this reason alone, Divine Outpourings (Fuyudat) are filling people's hearts and they can't keep themselves; they become happy and contented like fish in the sea. But you are sitting there yourself, saying 'I know', and you are appointing yourself deputy of Allah and His Prophet, and so there is no true harmony emanating from your words, nor any Divine Aid (Inayah) with you – that is why all the people fell asleep. You killed them with your ego which prevents any Inayah from coming to that assembly, so no benefit is possible from that meeting; they are like fish thrown out of the sea, and it is your fault."

"And thus, virtually every learned person is thinking that he is like a deputy of Allah Almighty or the Holy Prophet; so their address to the people is full of pride. They see the people as being on the lowest level and themselves as being on the highest. But, if you put yourself on such a high level, how can your words possibly reach to those lowly creatures whom you hope to benefit? Allah Almighty Himself, in His Essence, is with every creature, as it says in the Holy Qur'an: 'And He is with you wherever you are.' So if Allah Himself sees it fit to be with His creatures through His Power, Knowledge and Divine Will, how shall you mount yourself high and mighty upon a throne of pride and look down at the rest of the world? You miscreant! You monster! You are killing them with your pride!"

Thereupon, full of shame and remorse, the son said to his father: "Oh my father and my Grandsheikh, please guide me to the path you are on so that I may follow you in it." He begged forgiveness of his father and followed him on his way until he reached his heavenly station.

## The Sweetness of Life reversed

It has been granted to the Umma-tul-Muhammad* that if something is difficult, beyond their capacity, power or ability, and they feel weak, to use the Holy Words, "La haula wa la quata ila biLlah ilathi lathim". These are Sacred Words. If someone is saying this out of their heart, they can move mountains and continents. That is how big the power is. Use it 100 times everyday! If there is something you are unable to carry, say, "BismiLlahi rahmani rahim, la haula wa la quata ila biLlah ilathi lathim." and you will be able to carry it.

Life of man in these days is very heavy. It is most difficult. Never before has there been such a hard time for mankind. Technology has reached the top point. Machines are doing everything man used to. In spite of all inventions and instruments which have been made to ease the life of man in his everyday life, he has more problems than ever.

The physical body is now at rest, but spiritually people are falling apart and suffering. If someone is spiritually restless, their life will be like in hell. What help can all the machines be to him, if he has no satisfaction within himself? What can a car, ship, plane, TV or computer give me, if I am not at peace? Nothing! Billions in money, gold or jewels... What can it give me? If a lady becomes ill and is told that she has cancer, do you think that technology will take away her sadness? If all the jewels in the world were given to her, she would still not be happy.

The 20th century is the most difficult time for mankind, even though we can do everything by just pressing a button. We have no taste of life. The taste of life comes from faith. When someone has lost that, there will be no taste. For example tea: you can drink it, but without sugar, it will be tasteless. If you add sugar it will get taste.

People are taking away faith from their life. So how do they expect a sweet life? Instead of putting sugar into it, they are adding poison, making it bitter, a bad bitterness. They are not using the honey of faith. They have either lost it or thrown it away, saying that it is useless. Instead they take poison. This is why it is the most difficult time for mankind since the beginning of time.

Last night people were running until morning to find the sweetness of life. Do you think they found it? They want it so much, but they cannot reach it even though they run through the streets, into night-clubs, discos, theatres, cinemas, casinos... Don't think that they are tasting anything. All they are doing is getting the taste of poison. Don't be cheated by their clothes, jewels, cars, business, wealth, ranks, palaces, private lives, or the fact that they are so successful with young girls. There are so many things which can be added to the list of poisons. From the outside your ego might tell you that these people are tasting the taste of life, but they would love to get out. They just don't know how to do it. This is what Muhammad* was saying about the Anti-Christ, "He will demonstrate Paradise and hell. That which looks like Paradise will be hell, and his hell is in reality Paradise."

All these things; night-clubs, discos, bars, casinos, theatres, operas... are what the 30 small Anti-Christs are organising before the big Anti-Christ comes. They have given their worst to mankind by giving them this kind of life-style. They have formed a group of Anti-Christs who are above other people. These are the ones who are arranging the life-style of the young people. They are the ones programming the life of mankind now. All this has been programmed. They say, "If you pass through our programme, you will be in Paradise!".

Look at the life-style of the young ones everywhere! The Anti-Christ is dictating everyone; how they should live, what they should use, how to cook, how to eat, how to deal... everything has been programmed by the Anti-Christ. They are calling this paradise. In the universities everything is being programmed for them. Can you find anyone there with good behaviour? People are being turned into wild animals, planned by the Anti-

Christ. "You must walk like this! You must do this! In your homes do this!"

Buildings, decorations, houses, clothes... everything must be programmed by them. "Don't eat all together! Eat like dogs: just take a bone and run away!" It is programmed and ordered. Everything is organised and programmed by the Anti-Christ, telling you that this is Paradise. "Oh people, your Paradise is here! If you talk to young people about Paradise and hell, they will tell you that is here. That if you have money you are in Paradise, and if you have no money, in hell. That is their life philosophy. This is a greater fitna than ever before. These Anti-Christs couldn't enter the homes of the 19th century, even though they started. Now they have invaded every place; the streets, the homes. They are programming and people are following.

La haula wa la quata ila biLlah ilathi lathim. This is why a believer must say this sentence a 100 times everyday to be able to carry the heavy burden of this life. Blessed are those who follow the Programme of Allah the Almighty. He is programming our lives, but we are refusing. Instead satan and the Anti-Christ program our life-style. We are running to them, leaving the life-style of Allah behind.

Do you think there is any hope for people like that? They must be taken away. If a tree is dry it has to be cut. In the same way: if an olive is dry and no good, it has to be thrown away. When it has been removed, the rest can grow again. All of these evil people have to go. Out of 7 people, 6 will go. You must run to Allah! Whatever He has programmed for you, do it! We must change our life and use His Programme everywhere. "La haula wa la quata ila biLlah ilathi lathim."

I ask of Allah the Almighty to give me shelter from evil and devils. Only He can shelter us. If He protects, you will be protected. No-one can protect themselves from devils and evil, you must ask Him to protect you. You must know what you are doing and you must do what you understand. ## A Table From Heaven

As-Salamu Alaikum O servants of Allah. Let us say Bismillahi r-Rahmani r-Rahim. Remember the Name of Almighty Allah. May we remember Your Name first, and standing; may we stand up until the Day of Judgement. Beyond this, upon the order of Allah, we may stand saying "Bismillahi r-Rahmani r-Rahim" forever, until eternity. Allahu Akbar! Shukur Allah that He (swt) made us from the nation of His Beloved and granted us the Bismillah. Shukur, Shukur, we are extremely grateful to our All-Rich Sultan (swt). Bismillahi r-Rahmani r-Rahim. Kalimah alkhafeefa, Two light words; let us say "La ilaha illa Allah, Sayyidina Muhammad Rasulullah". O our brothers, let us say: La ilaha illa Allah,Sayyidina Muhammad Rasulullah. We may say this, for Allah Almighty loves this. He (swt) wants this, wants it...

"If the beginning of every work is in the Name of Allah, then Allah makes every work easy for that person". The Bismillah makes everything easy. But the people of this time have forgotten the Bismillah. What do they want to do? They say "Let us facilitate with machines. There are machines and we facilitate things with the machines". No good. The machine breaks down and his work is left half done. But when you say Bismillahi r-Rahmani r-Rahim, a power comes down to you. You are granted a power to perform the service you will do. And what is our service? Our service is making worship and serving our Almighty Lord. What other work do we have? What did Allah create us for? Did He (swt) create us for the serving of dunya? Yet today's people dedicate themselves to the serving of dunya, or dedicate themselves to the slavery of dunya. And what does dunya give them in the end? Go and see, is their hand like this or like this when they die?(open or closed) There is no one whose hands are like this (closed), all their hands are open. The dead ones tell you "Take your lesson. We couldn't take anything from dunya. Here, our hands are empty". Who works for dunya, who becomes a servant for dunya will go empty

handed. But who knows what he is created for...
We are created for the serving of our Lord, for Allah Almighty; not for being slaves to dunya, not for collecting the filth of dunya. We are created for making service to our Lord. Astaidhu Billah "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa 'Illa Li Ya`buduni" I created the men and jinns ONLY to be My servants, to make My service. You are Subhan O Lord. You are Sultan O Lord.
Prophet Jesus's (as) disciples, of course because they had not yet reached the perfect faith, said: "Hal Yastati`u Rabbuka 'An Yunazzila `Alayna Ma'idatan Mina As-Sama'i"(5:112) Look at the question they ask. They ask "Can your Lord send down to us a table spread?" This is not a question that should be asked. They listened to the Great Prophet Jesus for years and then they asked. What was their question? A simple thing. They ask "If He (swt) can send down to us a table spread from the Heavens?" La hawla wa la quwwata illa Billah Al-Aliyyil Azim. What table spread do you ask for? The table is already coming down. He (swt) is sending down His Mercy, grants, all kinds of blessings.
The disciples' understanding was only this much and they asked that question "Hal Yastati`u Rabbuka 'An Yunazzila `Alayna Ma'idatan Mina As-Sama'i". They listened to the Great Prophet Jesus for years and what did they say in the end? We smile and are astonished at the same time. What can we do? "O Jesus, son of Mary! Can your Lord send down to us a table spread from the Heavens?" Tawba Astaghfirullah. Man is really astonishing. The Great Nabi Al-Mursal, Prophet Jesus son of Mary (as). They spent years next to him and look at the question they asked after that. "Can your Lord send a table spread from the Heavens?" All the Heavens are at His (swt) command! All tables that come down are what He (swt) sends! They are unaware and say "May He(swt) send down a table spread and we eat." Shallow.
It is not easy to discipline man. They wore down that great Prophet asking "May He (swt) send down to us a table spread". "Hal Yastati`u". And they ask, "Can He (swt) do it? Can He (swt) send? Can He (swt) send to us a table spread?" They couldn't understand the great Prophet, still always thinking about their stomachs! They couldn't reach their hearts but look to their stomachs. "Can a table spread be sent down for us?"They don't ask like this but say "Does He (swt) have the power to do it?" Allah Allah! What kind of a question is this? What kind of a question is this? Mankind is like this; some of them have nothing in their heads. Their hearts are empty too. The Prophet addresses them, the great Nabi Al-Mursal, Prophet Jesus (as) and you

still ask "Can He (swt) send down to us a table spread?" What is this? Go find a table in a restaurant and eat! Who sends down the table spread in a restaurant anyways? Who grants you those blessings? Does He (swt) have to send down from Heavens in any case? Here it is on earth in front of you, eat!

Mankind is astonishing. He has little appreciation. Therefore Prophets came to discipline mankind. They came to show servanthood. They described the attributes of the Creator and finally the people came and said: "Can He (swt) send down a table spread for us?" Who created you is Allah Dhul Jalal. You are not amazed with this? You don't ask "how are we created" but you want from your Lord, you say "May a table spread come down"? Why do you ask for a table spread? Go and eat from a cook! What you should ask from Allah is a table spread? What is this? It also shows that man is a simple creature. This is their thinking.

"Hal Min Mudhdhakirin" (54:17) Is it not like this? It asks, "Is there anyone who thinks?" It doesn't say tafakkur (reflection) but mudhdhakir. This attribute, which means "does man have careful consideration, thinking?" At zero level, all of us are at zero. We are all at zero. Especially in this time now, people say "you have technology" in your hand. May they be put in a boat and their heads be crushed (techno is boat in TR). One said to me "Ok, I understand the boat part. "This is boat-ology". "I understand the boat part but what is that logy?" Boat makes you eat and logy is the WC. This is the meaning of technology; when you eat you need to go there to excrete again what you ate. "Really, this is the meaning of technology?" "Yes, it makes you speedily digest so that you run straight to the WC, we say". "Don't say WC, Shaykh Effendi. No.100". "From where did they bring this no.100? Who gave it the name No.100? Why don't you call it the local names? We would call it by other names before. Say WC". "No. No.100". No.100. Astonishing, so it has a number too. Here, this is what technology can give you.

"Fahal Min Mudhdhakirin" "Is there no man among you who thinks carefully?" it says, so that he looks at what we are doing. We open our eyes in the morning, what do we do till nighttime? What good do we do? "What can we do? We work for our bread" they say. Allah (jwa) already sends down the bread. "Why do you study?" "So that we have a job and live as we like". Is there anyone who lives as he likes? Show me one person, "this man lives as he likes". Maybe you can say this from outside, "yes, this man lives as he likes because he is a Bey, a Pasha, or a president, or a King, or a Sultan..." but no! There is no one who can live a life according to his own wish. If

there is no one who can live as he likes, then why do you still strive to live as you like? Because of their foolishness. Because they think life is all about eating, drinking and filling the WC! This is what life is in their eyes: "I should eat well, drink well and go to the WC daily five times instead of three. This is what today's, 21st century's philosophy of life is all about: "We eat, drink what we want and then do also what we don't want". What he wants is his eating and drinking. Going to no.100 is what he doesn't want. He doesn't want to go there but has to. It is wisdom; it teaches people discipline: when you eat, you go to WC.

When you make dhikr, when you worship; you go to mosque. One's place is in the mosque, whereas the other makes you run to WC. "Hal Min Mudhdhakirin" Is there any person who thinks deeply, it asks. Aman Ya Rabbi. They say "What can we do now? We are looking for something to do. We have no job, nothing to do either. So we wander around idle like this". How do you say you have nothing to do? Why don't you ask why you are created? "They don't teach us". May who doesn't teach not stay in dunya. May not even one of these imitated teachers who don't teach us what we are created for remain in dunya. Before the first thing that was taught was Bismillahi r-Rahmani r-Rahim. Say O son, Bismillahi r-Rahmani r-Rahim. Rabbi yassir wa la tuassir, Rabbi tammim bil khair. What is first taught to the kids is the Bismillah, Bismillahi r-Rahmani r-Rahim and his mind, his thinking, his heart opens. Then they make its dua: Rabbi yassir, O Lord, make it easy that I learn. What should I learn? I learn the Holy Book You sent. Rabbi yassir wa la tuassir; don't make it difficult O Lord. Rabbi tammim bil khair; may I complete my life also in goodness Ya Rabbi. How beautiful! What a beautiful discipline.

They left this. Now it is "national education". National education, what does the national education teach you? It is written on the back of their report cards what they teach, what the way they show is. Astaghfirullah. O our Lord, You sent us the Glorious Prophet to show us these ways, alayhi afdalu salatu at-tammu taslim Rasul al-Kibriya, You sent us our Master Muhammad Mustafa. What does Allah Almighty say? It is heavy on the heart, Shaykh Mehmet Effendi. "'Afara'ayta Mani Attakhadha 'Ilahahu Hawahu" (45:23). It says "He takes his own desires as his god. Look at these foolish ones". Look at these people that they took their own desires as their gods! They said "I like this, I want this". They run after the desires of their ego, they took their ego as their god and worship it! Can these people ever be saved? Here, this is

what they are: "'Afara'ayta Mani Attakhadha 'Ilahahu Hawahu" Look at these people, O My Beloved, they have made their own lusts and desires their god. For some, they hang their portraits. For some, statues and for some others they write legends. But no use, no use...
And shaytan gallops off to make people forget Allah. He goes at full speed that this (Verse) came, talking about them: "'Afara'ayta Mani Attakhadha 'Ilahahu Hawahu" He made his own desire his god. "I will do what it says, I don't accept any other thing". Ok, take it now. They all became "madjaz". What we mean with "madjaz" is when some fruits of the trees fall off before all of them are collected they go bad and become of no use, so these are called "madjaz". They go rotten, they stink, they lost their flavor and can't be eaten. Now the dunya life also become "madjaz". Let them enjoy it. They forgot Who created them and now Americans give us weapons. Others say "For us, the other group; Russians support us". People have come to such a foolish point. O our Lord, may You dress on us the power, the majesty, the honour of the Bismillah. What opens the doors of paradise is Bismillahi r-Rahmani r-Rahim.
There were children who were dressed in uniforms, who dressed up... In the old times, there was a room next to every mosque where Hojas would teach the Holy Quran. They would teach children how to recite Quran, how to pray, etc... And when they grow up, they would learn a handcraft. There was no finishing schools on top of schools as they do in this foolish system: now they start ignorant and graduate even more ignorant! They start ignorant and finish much more ignorant than before! They call it school now, who enter their schools know nothing. And when they graduate, they leave more ignorant, actually as deniers. Before they start, they are ignorant ones, don't know anything. But who go to their schools now graduate denying, as unbelievers. They graduate being deniers; they ask "Who is Allah?" They brought up such generations. They have a song (anthem), they sing it: "We won every battle in the last 10 years, we created 15 million young ones from every age". I think it is written by Behcet Kemal, the 10. Year Anthem. Which war did we win? We collapsed and sunk. Therefore "'Afara'ayta Mani Attakhadha 'Ilahahu Hawahu". All the people of this time want to follow their own desires. They don't want anyone to rule over them. "I should be the top one. There should be no one higher than me". This has become the overview of the 21st century; it is their general view. Unless they change, they won't find any goodness. They will fight and finish each other.
And we say "May Allah Almighty send a Sultan who will protect the ones that keep the

Bismillah". What we want is this: May Allah Almighty not make us forget the Bismillah. We may say Bismillahi r-Rahmani r-Rahim. We may say it and rise. There will be no sadness or hardness in our heart. O our Lord! Our Subhan, our Sultan! May You send us a Sultan for the honour of Your Beloved who will be our Master. Send us Mahdi (as)! Send us the Sultan who will teach our ignorant ones. You know O Lord. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah.
This is, this is our mission O son. What can we do? We speak these few words at this time; these are a few words inspired to our heart and we keep saying it. Who understands, understands. Who doesn't will bang his head against the rocks.
Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim. You suffer no headache or stomachache. Allah! Forgive us O Allah. For the Honour of Your Beloved may You send us Your servants who will be our Master, send us our magnificent Sultan! Fatiha.
May we be honoured in his service. So this is a short sohbat now, it is according to our situation. If we speak more of this till the Day of Judgement, it wouldn't end. But mankind has become hungry: They are given something little by little and turned into a bunch of people who wait for a table from the Heavens. It is coming down, it is coming down from the Heavens but it is coming down whipping. The snow that falls, the hail, the rain that falls, comes down all whipping. Because these people are the ones who don't know their Lord. May Allah not make us from them.
Ashadu an la ilaha illa Allah wa ashadu anna Sayyidina Muhammadan Abduhu, Habibuhu wa Rasuluhu. May Allah make us live with faith. And may He(swt) send a Master and Sultan who will make all of us walk in the way of faith. May your end be a good end. May your day be good. May you live a healthy, good life. May you live in honour. May your dunya and akhirah be honoured.
Fatiha.

**Ein Tisch von den Himmeln**

---

As-Salamu Alaykum, Diener Allahs. Laßt uns Bismillahi r-Rahmani r-Rahim sagen, den Namen Allahs des Allmächtigen erinnern. Mögen wir Deinen Namen zuerst erinnern und stehen, mögen wir aufstehen bis zum Gerichtstag. Darüberhinaus mögen wir, auf Befehl Allahs hin, stehen und sagen Bismillahi r-Rahmani r-Rahim für immer, bis in alle Ewigkeit. Allahu Akbar! Shukur Allah, daß Er (swt) uns von der Nation Seines Geliebten gemacht hat und uns das Bismillah gewährt hat. Shukur, Shukur, wir sind unserem All-Reichen Sultan (swt) überaus dankbar. Bismillahi r-Rahmani r-Rahim. Kalimahu l-Khafifa, zwei leichte Worte: Laßt uns sagen La ilaha illah Allah, Sayyidina Muhammad Rasulullah. Brüder, laßt uns sagen: La ilaha illa Allah, Sayyidina Muhammad Rasulullah. Wir sagen das, denn Allah der Allmächtige liebt es. Er (swt) will das, will es.. Wenn der Beginn jeden Werkes der Name Allahs ist, dann macht Allah jedes Werk leicht für diesen Menschen. Das Bismillah macht alles leicht. Aber die Menschen dieser Zeit haben das Bismillah vergessen. Was wollen sie tun? Sie sagen: Laßt uns Erleichterung bringen mit Maschinen. Es gibt Maschinen, und wir erleichtern Dinge mit den Maschinen. Nicht gut. Die Maschine bricht zusammen, und seine Arbeit bleibt halbfertig. Aber wenn ihr sagt Bismillahi r-Rahmani r-Rahim, kommt eine Macht zu euch herab. Euch wird eine Macht zuteil, um den Dienst auszuführen, den ihr macht.

Und was ist unser Dienst? Unser Dienst ist Gottesdienst zu leisten und unserem Allmächtigen Herrn zu dienen. Welche andere Arbeit haben wir? Wofür hat Allah uns erschaffen? Hat Er (swt) uns erschaffen zum Dienst an der Dunya? Und doch widmen sich die Menschen heute dem Dienst an der Dunya, oder sie widmen sich der Sklaverei für die Dunya. Und was gibt die Dunya ihnen am Ende? Geht und seht, ist ihre Hand so (offen) oder so (zu), wenn sie sterben? Es gibt niemanden, dessen Hände so (geschlossen) sind, all ihre Hände sind offen. Die Toten sagen euch: Lernt die Lektion. Wir konnten nichts mitnehmen von der Dunya. Hier, unsere Hände sind leer. Wer für die Dunya arbeitet, wer ein Diener der Dunya wird, geht mit leeren Händen. Aber wer weiß, wofür er geschaffen wurde.. Wir sind geschaffen worden für den Dienst an unserem Herrn, Allah dem Allmächtigen nicht, um Sklaven der Dunya zu sein, nicht, um den Dreck der Dunya zu sammeln. Wir sind geschaffen worden, um unserem Herrn zu dienen. Astaidhu Billah, "Wa ma Khalaqtu l-Jinna wa l-'Insa 'illa li Ya`buduni". Ich erschuf die Menschen und Djinn NUR damit sie Meine Diener seien, um Mir Dienst zu leisten. Du bist Subhan, o Herr. Du bist

Sultan, o Herr.
Des Propheten Jesus (as) Jünger sagten, natürlich weil sie noch nicht den vollkommenen Glauben erreicht hatten: "Hal Yastati`u Rabbuka 'an Yunazzila `alayna Ma'idatan mina s-Sama'i" (5:112)? Seht die Frage, die sie stellen. Sie fragen: 'Kann dein Herr uns einen gedeckten Tisch herabsenden?' Das ist keine Frage, die gestellt werden sollte. Sie hörten dem großen Propheten Jesus jahrelang zu, und dann fragten sie. Was war ihre Frage? Eine einfache Sache. Sie fragen: 'Kann Er (swt) uns einen gedeckten Tisch von den Himmeln herabsenden?' La Hawla wa la Quwwata illa Billahi l-`Aliyyi l-`Azim. Nach was für einem gedeckten Tisch fragt ihr? Der Tisch kommt schon herunter. Er (swt) sendet Seine Gnade, Seine Gaben, alle möglichen Segnungen herab. Das Verständnis der Jünger war nur so groß, und sie stellten diese Frage. "Hal Yastati`u Rabbuka 'an Yunazzila `alayna Ma'idatan mina s-Sama'i"? Sie hörten dem großen Propheten Jesus jahrelang zu, und was sagten sie am Ende? Wir lächeln und sind gleichzeitig erstaunt. Was können wir tun? 'O Jesus, Sohn der Maria, kann dein Herr uns einen gedeckten Tisch herabsenden von den Himmeln?' Tawba Astaghfirullah. Der Mensch ist wirklich erstaunlich. Der große Nabi l-Mursal, der Prophet Jesus, Sohn der Maria (as). Sie verbrachten Jahre neben ihm, und seht die Frage, die sie danach stellten. 'Kann dein Herr uns einen gedeckten Tisch von den Himmeln herabsenden?'
Alle Himmel stehen unter Seinem (swt) Befehl! Alle Tische, die herabkommen, sind die, die Er (swt) sendet. Sie sind unwissend und sagen: 'Kann Er einen gedeckten Tisch herabsenden und wir essen.' Dürftig. Es ist nicht leicht, den Menschen zu disziplinieren. Sie zermürbten diesen großen Propheten mit ihrem Verlangen: Möge Er uns einen gedeckten Tisch herabsenden. "Hal Yastati`u", sie fragen, 'Kann Er (swt) es tun?' Kann Er (swt) ihn senden? Kann Er (swt) uns einen gedeckten Tisch senden? Sie konnten den großen Propheten nicht verstehen, dachten immer noch an ihre Mägen. Sie konnten ihre Herzen nicht erreichen, sondern sahen auf ihre Mägen. 'Kann ein gedeckter Tisch für uns herabgesandt werden?' Sie fragen nicht so, sondern sagen: 'Hat Er (swt) die Macht, es zu tun?' Allah Allah! Was für eine Frage ist das? Was für eine Frage ist das? Der Mensch ist so. Manch einer hat nichts im Kopf. Ihre Herzen sind auch leer. Der Prophet spricht sie an, der große Nabi l-Mursal, der Prophet Jesus (as), und ihr fragt immer noch, 'Kann Er uns einen gedeckten Tisch herabsenden?' Was ist das? Geht, findet einen Tisch im Restaurant und eßt! Wer sendet überhaupt den gedeckten Tisch in ein Restaurant herab? Wer gewährt euch

diese Segnungen? Muß Er (swt) überhaupt von den Himmeln senden? Hier ist es auf der Erde vor euch, eßt!
Der Mensch ist erstaunlich. Er hat wenig Dankbarkeit. Deshalb kamen die Propheten, um ihn zu disziplinieren. Sie kamen, um Dienerschaft zu zeigen. Sie beschrieben die Attribute des Schöpfers, und schließlich kamen die Menschen und sagten: 'Kann Er (swt) uns einen gedeckten Tisch herabsenden?' Wer euch geschaffen hat, ist Allah Dhu l-Jalal. Ihr seid nicht erstaunt darüber? Ihr fragt nicht: Wie wurden wir geschaffen? Aber ihr wollt von euerem Herrn, ihr sagt: Kann ein gedeckter Tisch herabkommen? Warum fragt ihr nach einem gedeckten Tisch? Geht und eßt von einem Koch! Was ihr erbitten solltet von Allah, ist ein gedeckter Tisch? Was ist das? Es zeigt auch, daß der Mensch ein einfaches Geschöpf ist. Das ist ihr Denken. "Hal min Mudhdhakirin" (54:17). Ist es nicht so? Es wird gefragt: Gibt es jemanden, der denkt? Es heißt nicht "Tafakkur" - Besinnung, sondern "Mudhdhakir". Dieses Attribut bedeutet: Hat der Mensch sorgfältige Abwägung, Denken? Bei Null, wir sind alle bei Null. Wir sind alle bei Null.

Besonders in dieser Zeit jetzt sagen die Menschen: Ihr habt die Technologie in der Hand. Mögen sie in ein Boot gesteckt und ihr Kopf eingedrückt werden. (Techno ist Boot auf TR) Einer sagte mir, 'Okay, ich verstehe den Boot-Teil. Dies ist Boot-ologie'. Ich verstehe den Boot-Teil, aber was ist diese Logie? Boot läßt euch essen und Logie ist das WC. Das ist die Bedeutung der Technologie. Wenn ihr eßt, müßt ihr dorthin gehen und wieder ausscheiden, was ihr gegessen habt. Wirklich, das ist die Bedeutung von Technologie? Ja, es läßt dich schnell verdauen, so daß du geradwegs zum WC rennst, sagen wir. Sage nicht WC, Shaykh Effendi. Nr. 100. Woher brachten sie dieses Nr. 100? Wer gab ihm den Namen Nr. 100? Warum gebt ihr nicht die örtlichen Namen? Wir nannten es früher anders. Sagt 'WC'. Nein, Nr. 100. Nr. 100. Erstaunlich, also hat es auch eine Nummer. Hier, das ist, was Technologie euch geben kann.
"Fahal min Mudhdhakirin". 'Gibt es keinen Menschen unter euch, der genau denken kann?' heißt es, so daß er auf das schaut, was wir tun. Wir öffnen die Augen am Morgen. Was tun wir bis zur Nacht? Was Gutes tun wir? Was können wir tun? Wir arbeiten für unser tägliches Brot, sagen sie. Allah (jwa) sendet das Brot schon herab. Warum studiert ihr? Damit wir einen Job bekommen und leben, wie wir wollen. Gibt es irgendjemand, der lebt, wie er will? Zeigt mir eine Person. Dieser Mensch lebt, wie er will. Vielleicht kann man das von außen sagen: Ja, dieser

Mensch lebt, wie er will, weil er ein Bey, ein Pascha ist oder Präsident oder König oder Sultan.. Aber nein! Es gibt niemanden, der ein Leben nach seinen eigenen Wünschen führen kann. Wenn es niemanden gibt, der leben kann, wie er will, warum strebt ihr dann immer noch danach, zu leben, wie ihr wollt? Wegen ihrer Dummheit, weil sie denken, im Leben dreht sich alles um Essen, Trinken und das WC Füllen. Das ist, was das Leben in ihren Augen ist: Ich sollte gut essen, gut trinken und täglich fünf Mal aufs WC gehen statt drei Mal. Das ist, um was sich die heutige Philosophie des 21. Jahrhunderts dreht: Wir essen, trinken, was wir wollen, und dann tun wir auch, was wir nicht wollen. Was er will, ist sein Essen und Trinken. Zu Nr. 100 zu gehen, ist das, was er nicht will. Er will nicht dorthin gehen, muß aber. Es ist Weisheit. Es lehrt die Menschen Disziplin: Wenn ihr eßt, geht ihr aufs WC. Wenn ihr Dhikr macht, wenn ihr anbetet, geht ihr zur Moschee. Dann ist der eigene Platz in der Moschee, während das andere dich zum WC rennen läßt.

"Hal min Mudhdhakirin". Gibt es irgendjemand, der tief denkt, wird gefragt. Sie sagen: Was können wir jetzt tun? Wir suchen nach etwas zu tun. Wir haben keine Arbeit, nichts zu tun. Also wandern wir untätig herum. Wie könnt ihr sagen, ihr habt nichts zu tun? Warum fragt ihr nicht, warum ihr erschaffen wurdet? Sie lehren es uns nicht. Möge, wer es nicht lehrt, nicht in der Dunya bleiben. Möge auch nicht einer dieser falschen Lehrer, die uns nicht lehren, wofür wir geschaffen wurden, in der Dunya bleiben. Vor dem ersten, was gelehrt wurde, war das Bismillahi r-Rahmani r-Rahim. Sag, o Sohn, Bismillahi r-Rahmani r-Rahim. Rabbi Yassir wa la Tuassir, Rabbi Tammim bi l-Khayr. Was die Kinder zuerst gelehrt wird, ist das Bismillahi r-Rahmani r-Rahim, und sein Verstand, sein Denken, sein Herz öffnen sich. Dann machen sie das Dua: Rabbi Yassir, o Herr, mach es leicht, daß ich lerne. Was soll ich lernen? Ich lerne das Heilige Buch, das Du gesandt hast. Rabbi Yassir wa la Tuassir, mach es nicht schwer, o Herr. Rabbi Tammim bi lwww. Khayr, möge ich mein Leben auch mit Gutem vollenden, ya Rabbi. Wie schön! Was für eine schöne Disziplin. Sie ließen das. Jetzt ist es 'nationale' Erziehung. Nationale Erziehung. Was lehrt euch die nationale Erziehung? Es steht hinten auf ihren Zeugnissen drauf, was sie lehren, welchen Weg sie zeigen. Astaghfirullah. O unser Herr, Du sandtest uns den glorreichen Propheten, um uns diese Wege zu zeigen, `alayhi Afdalu Salatu t-Tammu Taslim Rasulu l-Kibriya, Du sandtest uns unseren Meister Muhammad Mustafa.

Was sagt Allah der Allmächtige? Es ist schwer auf dem Herzen, Shaykh Mehmet Effendi.

"Afara'ayta Mani Attakhadha 'Ilahahu Hawahu" (45:23). Es heißt: Er nimmt seine eigenen Begierden als Gott. Seht diese Dummköpfe. Seht diese Leute, die ihre eigenen Begierden als ihre Götter genommen haben. Sie sagten: Ich mag dies, ich will das. Sie laufen den Begierden ihres Egos nach. Sie nahmen ihre Egos als ihren Gott und beten sie an. Können diese Leute jemals gerettet werden? Hier, das ist, was sie sind: "Afara'ayta Mani Attakhadha 'Illahahu Hawahu". Sieh diese Leute an, Mein Geliebter, sie haben ihre eigenen Gelüste und Begierden zu ihrem Gott gemacht. Von einigen hängen sie Porträts auf. Von einigen stellen sie Statuen auf und über einige schreiben sie Legenden. Aber es bringt nichts, es bringt nichts. Und Shaytan galoppiert davon, um die Menschen Allah vergessen zu lassen. Er geht mit voller Geschwindigkeit, so daß dieser Vers kam, der über sie spricht "Afara'ayta Mani Attakhadha 'Ilahahu Hawahu". Er machte seine eigenen Begierden zu seinem Gott. Ich tue, was sie sagen, ich erkenne nichts anders an. Okay, nimm es jetzt. Sie werden alle "madjaz". Was wir mit "madjaz" meinen, ist, wenn Früchte von den Bäumen fallen, werden manche, bevor sie alle aufgesammelt sind, schlecht und somit nutzlos, und diese werden "madjaz" genannt. Sie verderben, sie stinken, sie verlieren ihren Geschmack und man kann sie nicht mehr essen. Jetzt ist das Dunya Leben auch "madjaz" geworden.

Sollen sie es nur genießen! Sie haben vergessen, Wer sie erschuf, und jetzt geben uns die Amerikaner Waffen. Andere sagen: Für uns, die andere Gruppe, uns unterstützen die Russen. Die Menschen sind an so einen verrückten Punkt gekommen. Unser Herr, mögest Du uns mit der Macht, der Majestät, der Ehre des Bismillah bekleiden. Was die Türen des Paradieses öffnet, ist das Bismillahi r-Rahmani r-Rahim. Es gab Kinder, die trugen Uniformen, die kleideten sich... In der alten Zeit gab es einen Raum neben jeder Moschee, wo Hodjas den Heiligen Quran lehrten. Sie lehrten die Kinder, den Quran zu rezitieren, zu beten, usw. Und als sie heranwuchsen, lernten sie ein Handwerk. Es gab nicht Schulbesuch auf Schulbesuch, wie sie es in diesem dummen System machen: Jetzt beginnen sie unwissend und graduieren noch unwissender! Sie beginnen unwissend und enden noch viel unwissender als vorher! Sie nennen es jetzt Schule. Wer in ihre Schulen eintritt, weiß nichts. Und wenn sie den Abschluß machen, gehen sie noch unwissender, tatsächlich als Leugner. Bevor sie beginnen, sind sie unwissend, wissen nichts. Aber wer in ihre Schulen geht, kommt als Leugner, als Ungläubiger heraus. Sie machen ihren Abschluß als Leugner. Sie fragen: Wer ist Allah? Sie brachten solche Generationen hervor. Sie haben ein

Lied, eine Hymne, die sie singen: 'Wir haben jede Schlacht gewonnen in den letzten 10 Jahren, wir schufen 15 Millionen Jugendliche jeden Alters.' Ich glaube, sie wurde von Behcet Kemal geschrieben, die 10. Jahr Hymne. Welchen Krieg haben wir gewonnen? Wir sind zusammengebrochen und gesunken.
Deshalb: "Afara'ayta Mani Attakhadha 'Illahahu Hawahu". Alle Menschen dieser Zeit wollen ihren eigenen Begierden folgen. Sie wollen niemanden, der über sie herrscht. 'Ich sollte der oberste sein. Es sollte niemanden über mir geben.' Das ist die Gesamtschau des 21. Jahrhunderts. Es ist sein allgemeiner Überblick. Wenn sie sich nicht ändern, werden sie nichts Gutes finden. Sie werden kämpfen und sich gegenseitig erledigen. Und wir sagen: Möge Allah der Allmächtige uns einen Sultan senden, der die schützt, die das Bismillah bewahren. Wir wollen das: Möge Allah der Allmächtige uns nicht das Bismillah vergessen lassen. Wir sagen Bismillahi r-Rahmani r-Rahim. Wir sagen es und erheben uns. Es wird keine Trauer oder Härte in unserem Herz geben. Unser Herr! Unser Subhan, unser Sultan! Mögest Du uns einen Sultan senden zu Ehren Deines Geliebten, der unser Meister sein wird. Sende uns Mahdi (as)! Sende uns den Sultan, der unsere Unwissenden lehrt. Du weißt, o Herr. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Das ist unsere Aufgabe, Sohn. Was können wir tun? Wir sprechen diese paar Worte jetzt. Dies sind ein paar Worte, die in unser Herz gegeben wurden, und wir sagen es immer wieder: Wer versteht, versteht. Wer nicht, wird mit dem Kopf gegen Felsen schlagen. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi l-Ladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim. Du leidest nicht an Kopf- oder Magenschmerzen. Allah! Vergib uns, o Allah. Zu Ehren Deines Geliebten mögest Du uns Deine Diener senden, die unsere Meister sein werden. Sende uns unseren herrlichen Sultan! Fatiha. Mögen wir in seinem Dienst geehrt werden. Das ist also ein kurzes Sohbat jetzt. Es entspricht unserer Situation. Wenn wir mehr darüber sprechen wollten, würde es bis zum Gerichtstag kein Ende finden. Aber die Menschheit ist hungrig geworden: Ihnen wird nach und nach etwas gegeben, und sie wurden zu Leuten, die auf einen Tisch von den Himmeln warten. Er kommt herunter, er kommt herunter von den Himmeln. Aber er kommt herunter mit der Peitsche. Der Schnee, der fällt, der Hagel, der Regen, der fällt, sie kommen alle mit der Peitsche, weil diese Menschen diejenigen sind, die ihren Herrn nicht kennen. Möge Allah uns nicht zu ihnen gehören lassen. Ashhadu an la ilaha illa Allah, wa

Ashhadu anna Sayyidina Muhammadan Abduhu, Habibuhu wa Rasuluhu. Möge Allah uns mit Glauben leben lassen. Und möge Er (swt) einen Meister und Sultan senden, der uns auf dem Weg des Glaubens gehen läßt. Möge euer Ende ein gutes Ende sein. Möge euer Tag gut sein. Möget ihr ein gesundes, gutes Leben führen. Möget ihr ehrenvoll leben. Möge euere Dunya und Akhirah ehrenvoll sein. Fatiha.

# DIE TAGE DES LETZTEN KRIEGES

Die Welt hat die Menschen betrogen, aber sie kann nicht die Propheten oder die Salihien betrügen. Sie sagt: "Ich bin dein", doch die Welt hat noch niemandem gehört. Leute mit wirklichem Glauben kann sie nicht betrügen. Ein Stück Gold oder ein Edelstein mag sagen: "Ich bin dein." Aber alle Vorbesitzer sind dahingegangen und haben es zurücklassen müssen. Die Welt sagt: "Wie kannst du behaupten, daß ich dich betrogen habe? Siehst du nicht wieviele ich schon verschluckt habe, denen ich gesagt habe, ich bin dein?" Diese Welt hat so viele betrogen und jetzt sind wir übrig geblieben. Die Welt hat noch nie solche Tage von Falschheit, Unterdrückung, Unwissenheit und Dunkelheit gesehen. Unsere Hoffnung ist, daß dieses Gewicht nicht auf uns fällt. Diese Last würde uns so flach wie Felle machen.
Die Menschen haben sich an der Türe von Gottes Zorn versammelt und bitten um mehr Strafen und mehr Schwierigkeiten. Sie sprechen es nicht aus, aber mit ihren Handlungen sagen sie: "O Allah, nimm Deinen Segen weg, laß Deinen Zorn auf uns kommen." Deshalb regnet es Dunkelheit auf die Erde. So wie manchmal die Pupille vor einer Augenoperation mit Medizin noch kleiner gemacht wird, so daß kein Licht mehr ins Auge kann, so muß die Welt noch dunkeler werden, damit die Reinigung kommen kann. Die Menschen fliehen vor guten Handlungen. Wie die Zebras vor dem Löwen davonlaufen, so laufen die Leute jetzt vor dem Propheten (FSmi) weg. Warum? Je mehr du Gutes sagst, desto schlechter bist du in ihren Augen. Sie sehen das Gute als schlecht und das Schlechte als gut an. Sie sehen nicht mehr den hellen Tag vor lauter

Dunkelheit. Das Erscheinen von Sahibu Zaman ist vorbereitet.

Beschütze deinen Kopf, gib keine Zielscheibe ab. Ihr habt keine Angst, sagt ihr, wie Pharao, der nur einmal in 40 Tagen auf die Toilette gehen mußte. Diese schreckeneinflößenden Tage werden so furchtbar sein, daß die Menschen die Tage des zweiten Weltkrieges herbeisehnen werden. In jenen Tagen mußt du, sobald du dich fürchtest, zwei Rakat in der Moschee beten. Frauen und Kinder sollen zu Hause bleiben, dort beten und rufen: "Oh Herr, beschütze uns. Vergib uns, oh Herr." Wo du auch bist, mache sofort Wudu und bete zwei Rakat. Lese Ayatul Qursi, setz dich hin und mache Dhikr . Was wir solange schon vorausgesagt haben, ist dabei einzutreffen. Dieses Jahr ist Erlaubnis und Befehl für den Herrn der Zeit gegeben worden. Die Welt wird alle, die an ihr festhalten, vernichten.

## Der Tag von Arafat

Die Hajjis bereiten sich heute darauf vor, auf den Berg von ‘Arafat zu steigen, und morgen werden sie insha’allah in der Göttlichen Gegenwart sein, sie werden stehend dort verbleiben und Allah den Allmächtigen bittten, sie von ihren Sünden zu reinigen und ihnen Segen von Seinen endlosen Meeren der Barmherzigkeit zu schenken. Vielleicht hat es von Anbeginn bis jetzt niemals eine derart überfüllte Pilgerfahrt gegeben. Dieses Jahr ist besonders wichtig, denn es ist die letzte Pilgerfahrt vor dem Ende des zweiten Jahrtausends. Auch ist Hajj al-Akbar, die „Große Pilgerfahrt“, die siebzigmal mehr belohnt wird als eine gewöhnliche. Großsheikh berichtet, daß die Einladung zum Hajj an Menschen aus allen Teilen der Erde geht. Am Tag von ‘Arafat sagen sie: „Labbaika llahumma labaik ...“, O unser Herr, mit unserem ganzen Wesen, körperlich und geistig, laufen wir zu Dir, eilen wir Deinem Ruf nach, wie Du uns riefst, zum Hajj zu kommen und Dein heiliges Haus zu besuchen, das Haus des Herrn. Wir laufen zu Dir, in aller Bescheidenheit zu Dir. Wir lassen alles hinter uns und folgen Deinem Ruf: labbaika llahumma labaik, la sharika laka labbaik – Keiner kann Dein Partner sein. Wir haben alle und alles hinter uns gelassen, was beansprucht, Dein Partner zu sein. Wir hören sie nicht, achten nicht auf sie, ignorieren ihre Befehle. Wir leben nur für Dich, laufen zu Dir. Wir sind schwache Diener aus der Gemeinschaft Deines wahren Dieners ... „Labbaika llahumma labaika la sharika laka labbaik inna l-hamda wa n-ni‘mata laka wa l-mulk, la sharika lak.“ Allahu akbar! Inna l-hamda ... alles Lob, Preis und Dank gehören Dir und mögen Dir von Deinen Dienern entboten werden. Wa n-ni‘mata – was

du uns, Deinen Dienern, an Gunst und Segnung schenkst, ist nur von Dir allein. Laka wa l-mulk – alles in Existenz, uns eingeschlossen, gehört Dir ... la sharika lak.“ Niemand kann auch nur von einem Stückchen, auch nur einem Atom sagen, es gehöre ihm. Wer sagt: „Dieses Atom gehört mir“, dem wird Allah wohl sagen: „Nimm das Teilchen, das dir gehört, und geh fort!“ Oder wer erklärte: „Diese gewaltige Galaxie ist meine“, dem würde der Herr wohl sagen: „Nimm sie und geh weg, verlasse Mein Reich!“ Wer immer sagt, dies oder jenes gehöre ihm, den wird Er auffordern, es zu nehmen und wegzugehen ... allahu akbar, jalla jalaluhu. Wenn sich also morgen die Menschen beim Hajj drängen und ihren Herrn rufen, wird Allah der Allmächtige die Schleier Seiner Gewaltigkeit öffnen und auf sie schauen mit einem Blick wie einem Sonnenstrahl oder sogar weniger als einem solchen und sie reinigen und reinigen und reinigen, bis sie vollkommen rein sind. Diese Barmherzigkeit kommt und umhüllt die Menschen. Großsheikh sagte, daß wenn Hajj al- Akbar ist, Großer Hajj, der Tag von Arafat nämlich auf einen Freitag fällt, und Allah auf Seine Diener schaut, diese Gunst siebzigfach auf sie kommt. Und deshalb ist Hajj al-Akbar siebzig Pilgerfahrten gleich. Wahabi Leute akzeptieren dies nicht. Für sie gibt es keinen Hajj al- Akbar. So nehmen wir die Segnungen, und sie schlagen sie aus. Morgen wird dieser Tag sein, so Gott der Barmherzige will. Da gibt es nur ein Problem, eine Sache, über die wir sprechen sollten: Ich habe gehört, daß die Wahabi Regierung und die Wahabi Leute wegen der großen Ansammlungen von Pilgern in Mekka Mukarrama jetzt erzittern. Sie erzittern, weil sie jetzt über sechs Millionen Menschen zählen, aber Allah weiß es, vielleicht sind es sogar sieben Millionen oder mehr. Die Wahabi Schule ist eine materialische Strömung, die niemals je Spiritualität im Islam akzeptiert. Sie sind materialistische Leute, die im Islam aufwachsen und an alles, was sie denken oder schreiben, mit ihrem materialischen Blick herangehen, alles derart auszählen und ausgleichen. Es war nach dem Zweiten Weltkrieg, im Jahr 1946 – und in jenem Jahr war ebenfalls Hajj al-Akbar – der erste nach dem Frieden, bei dem ich zusammen mit unserem Großsheikh war. Wegen des Krieges konnten nicht allzu viele Leute kommen – überall war es zu. Ich erinnere mich, daß mehr als zwei Millionen Menschen dort waren, und zu jener Zeit existierten in Mekka Mukarrama und Medina Munawwara noch die alten Gebäude, die die Ottomanen erbaut hatten. Ich erinnere, daß, als wir unser letztes Juma-Gebet im heiligen Bezirk von Mekka beteten, mindestens eine Million Leute, vielleicht mehr, dort beteten. Doch entsprechend der Fläche des Haram al-Sharif hätten nur einhundertundfünfzigtausend Menschen dort eintreten können, nicht mehr! Ich betete innerhalb des Haram, und noch waren um die Kaaba herum freie Plätze für einige Leute. Ich war dort. Diese Wahabis sagen, sie müßten den Leuten helfen, und in Wahrheit beanspruchen sie, sie müßten Allah helfen – astaghfirullah! –, indem sie Mekka Mukarrama für die Leute erweitern, damit diese darin ihre Ruhe

fänden, es leicht betreten, frei Tawaf machen, frei beten könnten – ohne daß es mit Menschen überfüllt wäre. Sie begannen damit, aber je mehr sie erweiterten, um so mehr Menschenmengen kamen auch. Und Jahr für Jahr kam ich dorthin – im Jahr 1980 war für mich der letzte Hajj, bei dem ich auch physisch anwesend war –, und es gelang mir niemals mehr, das Juma-Gebet innerhalb jener Gebäude zu machen. Jedesmal war ich außerhalb, legte etwas auf die Straße und betete darauf. Und jetzt, da sie es so groß gemacht haben, realisieren sie: „Oh, wir haben Mekka zerstört, aber immer noch nicht können die Menschen bequem im Haram beten.“ Und sie haben ebenso Medina Munawwara zerstört, es hat immer noch nicht genug Platz für die Leute, die kommen. So hatte Shaitan sie gelehrt, indem er sagte: „Stellt Quoten auf, Beschränkungen.“ Sie machen etwas, was nicht vom Barmherzigen, sondern von Shaitan stammt, denn er lehrte sie, die Pilgerzahlen zu begrenzen: „Sagt zum Beispiel den Türken, daß nur 90.000 kommen dürfen. Und die Leute wollen wiederkommen, aber sie sollen nur zweimal auf Hajj gehen. Nein, gebt Erlaubnis, daß sie nur einmal ins Königreich reisen dürfen, nur denen, die zum erstenmal den Hijaz bereisen. Für die Syrier: 50.000. Pakistanis – diese Leute brauchen wir nicht –, jedes Jahr kommen sie, 500.000 macht nichts. Iraner, das sind Kämpfer, Unruhestifter: beschränkt ihre Zahl auf 40.000. Ägypter, für die können wir nichts tun, sagen wir 200.000.“ Dies sind teuflische Lehren. Für dieses Jahr haben sie jetzt eine andere Beschränkung auferlegt. Neben dem Visum und der Erlaubnis vom saudischen Konsulat, sagten sie zu einem Großmufti, er müsse einen neuen Personalausweis bringen, damit er das Königreich betreten könne. Und sie haben so viele Tunnel unter den saudischen Bergen angelegt, damit man Mina und Arafat erreichen könne. Aber je mehr sie versuchen, etwas zu machen, um so mehr werden sie alle majnun – verrückt. Dabei könnte es so einfach sein: Berührt einfach nichts von all dem! Es ist Allah der Allmächtige selbst, der die Menschen einlädt. Für alle, die Er einlädt, zu kommen und Sein Heiliges Haus zu besuchen, trägt Er die Verantwortung, nicht ihr! Aber ihre Köpfe sind wie aus Felsen, Spiritualität ist ihnen vollkommen fremd. Das ist der Grund, warum die Regierung jetzt erzittert und sich bang fragt: „Was sollen wir tun?“ – Laßt die Leute frei! Mekka und Medina sind für alle Menschen, warum erlegt ihr den Leuten solche dummen Beschränkungen auf? Laßt sie frei, zu kommen und ihren Besuch zu machen. Wenn sie es zuließen, würden sogar sechzig Millionen Menschen kommen können, weil dann die Engel Straßen und ebene Wege unter sie stellen könnten, auf denen sie sich in Ruhe fortbewegen könnten. Ich habe gehört, daß sie ebenso alles im Innern des Haram ash-Sharif, des geheiligten Bezirks, zerstört haben, um die Umrundung der Kaaba „einfacher“ zu machen, daß aber die Leute jetzt außerhalb in großen Kreisen Tawaf machen. Was ist das? Ich war im Jahre 1946 dort, und an beiden Enden von Safa und Marwa waren Geschäfte, und Kamele passierten den Weg und Autos und Leute, die hier

herumgingen und dort entlang kamen, den Weg überschritten, und wir, die Pilger, hatten es so leicht und vollführten mühelos den Sa‘i. Zwei Millionen Leute und mehr! Wenn es ihnen heute möglich wäre, errichteten sie noch sieben Stockwerke darauf, aber selbst wenn sie siebzig Stockwerke erbauten, wären die Pilger nicht in der Lage, den Lauf des Sa‘i so ungehindert zu tun, wie wir es damals taten. Und manchmal liefen wir in die Kamele weil sie auf dem Weg aufstanden, und es war gerade auf dieser Strecke, da wir schneller zu laufen hatten – und wir liefen, und es gab auch Autos dort und Esel, die hinüberliefen, und wir konnten nicht weiter laufen, aber wir waren so glücklich, den Sa‘i Lauf so zu vollführen. Jetzt, subhanallah! Hände weg vom Haram ash-Sharif! Überlaßt den geheiligten Bezirk Allah und Medina Munawwara dem Gesandten Gottes (s.a.s.) ! Sie erzittern jetzt: „Wie können wir die Situation in den Griff bekommen?“ Laßt es! Es gibt einen anderen Kontrolleur dort, Muhafizu Mekka. Es ist kein gewöhnlicher Ort. Sie denken, es sei ein gewöhnlicher Ort, denn sie haben keine Spiritualität. Sie zählen alles, machen Aufstellungen. Und morgen wird, so Gott will, dieser Größte Hajj sein, der das Jahrhundert beschließen wird, und eine andere Öffnung kommt, so Gott will. Uns wurde angekündigt, daß Sahib Zaman, Sayyidina Mahdi æ, seine Khalifen und zwölftausend Heilige, die alle die Macht haben, mit einem Augenaufschlag dort zu sein, morgen da sein werden. Und es werde ein starkes Munajat, Bittgebet, geben, das dieses Jahr alles verändern werde, so Gott will, so hoffen wir. Es ist ein spezieller Hajj. Und wer sich dieses Jahr vorbereitet hat und daran gehindert worden ist, einzureisen, da die Regierung gesagt hat: „Einreise verweigert“, dem schickt Allah der Allmächtige Engel zu seinen Gunsten. Auch für normale Leute, die gesagt hatten: „Wenn wir nur Arafat erreichen könnten“, und die dazu nicht in der Lage gewesen waren, für sie erschafft Allah ebenso Engel, damit diese am Tag Arafat für sie auf dem Berg Arafat sind und jene Gunst von Allah dem Allmächtigen für sie in Empfang nehmen. Morgen müßt ihr versuchen, 1000 Ikhlass sharif 1000 la ilaha illa llah 1000 Salawat 100 la ilaha illa llah wahdahu la sharika’lah lahu l-mulk wa lahu l- hamd yuhyi wa yumit wa huwa ‘ala kulli shayin qadir 100 la haula wa la quwwata illa billahi l-‘aliyi l-‘azim und bei jedem Gebet Tekbir: allahu akbar, allahu akbar, la ilaha illa llah, wa allahu akbar, allahu akbar wa lillahi l-hamd zu sagen. Möge Allah Seine Göttlichen Diener schicken, um alles hinfortzunehmen, was gegen Islam ist. Möge Er Seine Löwen gegen Schakale, Wölfe, Füchse, Bären, Schlangen und Skorpione schikken, um sie zu töten und fortzunehmen. Ich bete: „O unser Herr, zweifellos hast Du Löwen, und ein einziger wäre ausreichend. Du sandtest Deinem Meistgeliebten Diener Muhammad (s.a.s.) am Tage von Uhud und am Tag von Badr Engel, und ein einziger Engel wäre genug gewesen, die ganze Armee der Götzenanbeter fortzunehmen. Aber Du sandtest Tausende von ihnen, so daß die Gläubigen aufschauten und sie zwischen ihnen sahen und die Gewißheit erlangten, daß

sie siegreich sein würden. Deshalb wissen wir, daß ein Löwe genug, ja mehr als genug wäre, aber wir bitten darum, daß Deine Löwen kommen und das Sultanat Shaitans auf Erden zerstören!“ Wenn Er an diesen Ort hier eine Milliarde Menschen bringen wollte, kann Er es tun, und jeder könnte kommen und sich frei bewegen. Eine Milliarde Menschen könnten an diesem kleinen Ort sein. Er kann es machen. Wir müssen Allah vertrauen und an Seine endlose Kraft und Fähigkeit glauben. Endlose Möglichkeiten hat Er allein, der Allmächtige. Warum versucht ihr, etwas zu tun? So sehr ihr diese falschen Handlungen betreibt, um so mehr Schwierigkeiten, Probleme und Krisen kommen. Es war so einfach beim ersten und zweiten Mal auf Hajj, bis sie anfingen, alles zu zerstören, alte Häuser usw. Zu dieser Zeit gab es dort überhaupt keine Gebäude aus Beton, und sie zerstörten jedes historische Gebäude und errichteten riesige Betonbauten, so daß die Leute nicht länger Geistigkeit in Mekka Mukarrama und Medina Munawwara atmen können. Die Gefühle der Menschen sind durcheinander geraten, und sie sagen: „Sind wir in New York oder in San Franzisko? In Los Angeles, Paris oder Rom? Wo sind wir?“ So Gott will, werden, wenn Mehdi æ kommt, in einer Nacht alle Betonbauten fortgeworfen werden – nicht ins Rote Meer, denn es ist nicht tief genug. Ich würde anordnen, sie in den Indischen Ozean zu werfen – den füllen sie niemals auf. Nicht einen einzigen Stein aus Beton brauchen wir. Und in der zweiten Nacht würden an ihre Stelle dieselben Gebäude zurückkommen, die damals zerstört worden waren. Das ist Irada, Willenskraft. Wenn jemandem diese Willenskraft gegeben wird, vermag er zu sagen: „Sei“, und es wird sein – „kun fa yakun“. Allah der Allmächtige sagt: „O Mein Diener, sei Mir gehorsam, und Ich werde Dich zu einem Meiner Unterstützer machen, Rabbani, und Ich werde dir die Macht und die Autorität geben, zu etwas zu sagen: „Sei“, und es wird sein. Deshalb werden jene Gebäude, wenn Er befiehlt, sie fortzunehmen, in einer Nacht weg sein und in der zweiten Nacht die vormals in Mekka Mukarrama und Medina Munawwara zerstörten Gebäude zurückgebracht werden, und es wird so sein, wie es gewesen war. Die Menschen werden in Frieden herumlaufen, in Ruhe Tawaf machen, sich beruhigt nach Mina und Arafat fortbewegen, insha’allah. Fatiha.

## Tag von Arafat

Das ist eine berühmte
Methode.
Ich weiß
nicht, ob es
dieses Jahr sichtbar
war oder nicht.
G.: „Sie hoffen, daß der Mond
zu sehen sein wird.“
So viele Male probierten
wir sie aus und fanden ,daß
sie richtig war (A. Q. Jilânîs
Methode). Der erste Tag des
letzten Ramadans bis zum
fünften Tag.
G.: „Der fünfte wäre der erste
Tag des nächsten Ramadan.

Wahr. Die Worte der Heiligen
sind wahr.“
Wenn also der letzte Ramadan
am Samstag begann,
sollte es derselbe Tag des islamischen
Jahres sein und derselbe
Tag für das Schlachten
(‘Îd). Die drei treten an demselben
Wochentag auf: Yawm
Naªrikum, Tag des Schlachtens,
Yawm #awmikum, erster Tag
des Fastens, Yawm Dahrikum,
erster Tag des islamischen Kalenders.
Das wird Óajju l-Akbar
sein. Allâhu Akbar! Mâshâ’allâh.
Wir wissen nicht, was der Befehl
der Himmel sein wird.
Inshâ‘allâh Rama¡ân mubârak
für euch, für das Erscheinen
Mahdîs æ, deshalb bitten wir
um Óajju l-Akbar, damit er æ
erscheint. Seiner Ehre entsprechend
wird er erscheinen
am Tag von ‘Arafât, wenn es
ein Freitag ist.
G.: „Wir vertrauen und glauben.
Inshâ’allâh wird es dieses
Jahr sein.“
Es gibt Zeichen, aber jetzt
kommen Zweifel auf, Zweifel

(über den Beginn des Ramadan).
Also eilen die Leute
nicht dorthin zur Óajj; wenn
sie wüßten, daß es Óajju l-Akbar
ist – würden sie hineilen.
Aber durch göttliche Weisheit
wird ‘Arafât am Samstag sein
dort drüben in Mekka. Samstag
... am Samstag. Dann
würde es aufgehoben, daß es
Óajju l-Akbar ist. Es gibt kein
‘Arafât am Freitag. ‘Arafât ist
an einem Samstag. Dann ist
nicht Óajju l-Akbar. Nein. Wer
in den Himmeln anordnet,
ist Er, subªânahu wa ta‘âlâ. Es
ist Sein göttlicher Wille. Um
die Leute nicht hineilen zu
lassen; weil wenn sie wüßten,
daß es Óajju l-Akbar ist, wären
dort viele Leute, die auf das
Erscheinen Mahdîs æ warten,
wenn ‘Arafât an einem
Freitag ist. Óajju l-Akbar. Das
ist die Bedingung für sein Erscheinen.
Jedwedes Urteil ist
Allâhs, subªânahu wa ta‘âlâ.
Bismi llâhi r-raªmâni r-raªîm.
Du‘â’...

## Taiwan Mureeds Visit Mawlana

(Mureeds show Mawlana Shaykh where Taiwan is located on a map.)

(Inaudible)

Mureed: Two years ago my husband had a dream where Mawlana said, “Visit this place,” and then he started to search for this place on the map.

Mawlana Shaykh Nazim: Is the Silk Way (Road) coming from here? Laa ilaaha illa-Llah. Are you coming from Taiwan? Like a dervish (Mawlana Shaykh removes his turban); like a shaykh (Mawlana Shaykh replaces his turban); like a grandshaykh (Mawlana Shaykh tips turban forward); like a tired shaykh (Mawlana Shaykh tips his turban backwards)! (Laughter)

(Baya`)

Inshaa-Allah, we hope that all Chinese people will come into Islam, as He, the Lord of Heavens, likes. Yes. May Allah forgive us and bless you to have a happy life here and have an enjoyful life after this life, for the Eternal life. This life is going to finish, but that life is never going to finish; it is endless, eternal! Eternity, Eternity!

Do you know Confucius? He said, “The power of Heavens is too heavy and your power on Earth is nothing.” He spoke true words from old prophecy, because the Lord of Heavens sent for every country, for every people and nation, one, three, seven, forty, seventy, one-hundred, or such a large of number of prophets who spoke to people from reality, that the Lord of Heavens, our Creator, sent His orders and blessings. He likes His servants to be happy and forever enjoyful here and Hereafter, in the Eternal life. May Allah forgive us.

I am accepting all of you as my grand-daughters. I am so old and you are such young ones. (May you have) happiness and a sweet life, here and Hereafter. Pray for me as I am a weak one now.

(Mawlana Shaykh distributes pictures of himself to the mureeds.) Happy days! This is my grandfather (pointing to a picture of himself). (Laughter)

You go and make your food now.

Mureed: Our pleasure.

(Du`a)

How do you say “Thank you”? (Shay shay.) (Laughter)

## Khudoo hidhrakum, "Take Precaution!" (Japan)

Jumu`ah Suhbah

Yaa Rabbana! Yaa Rabbi 'ghfir wa 'rham Anta khayru 'r-raahimeen. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd. Allahu Akbar, Allahu Akbar, laa ilaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd. Alfu salaat, alfu salaam `alaa Sayyidi 'l-Awwaleen wa 'l-akhireen, habeebi Rabbi 'l-`Alameen, Sayyidina Muhammadin wa aalihi wa saahbihi ajma`een. Irham, yaa Rabbana! I 'ghfir lana wa 'rhamna. Tub `alayna wahdina wasqina wa 'slih shaanana wa shaan al-Muslimeen. Yaa Rabbana! Khusoosan ahlu 'sh-Shaam, ahlu 'l-Misr, ahlu 'l-Libya, ahlu 'l-Yemen wa daar al-Muslimeen, Turk, Kurd, Baghdad....wa 'l-`Arab. (Mawlana Shaykh sits)

As-salaamu `alaykum, our attenders! Dastoor, yaa Rabbee! Nahnu `abeeduk (...). Allah Almighty created Man weak, but the Children of Adam claim to be powerful ones. Man, in everything that they have been granted, even in front of a virus. We are "winned" and yet feel our weakness in front of a virus, which is a weak Creation. We know it exists but cannot see, touch, or hear it, and it is also glorifying (it's Creator).

A`oodhu billahi min ash-Shaytani 'r-rajeem. We are running to Allah from Shaytan, and we are saying, Bismillahi 'r-Rahmani 'r-Raheem. Madad, yaa Sultan al-Awliya! Madad, yaa RijaalAllah! We know nothing.

Madad, yaa RijaalAllah. We are weak ones; we are tired. Only those supported with heavenly powers are strong. If one of them (stomps his foot) on Earth, he may put our world out of orbit! But we are not asking for such power; we must ask for the power to be obedient to our Creator, Allah Almighty, Who brought us into existence and put us on this planet, for what? For thousands of years in this world, we have been sent on this planet to live for a while. For what have we been sent? We do not know about that; are we not running to understand? People are living and dying, being born and going away also, for what?

People claim they have reached the highest limit, but with what they have been granted, how did they reach the top point and last limit? Like when driving there is a sign showing your speed has reached 100, no more; similarly, now the Children of Adam have reached the last point, no more. When a person reaches a limit they begin to come back (wane, decrease) until finishing. Now people living on Earth have reached the top point, with no more capacity for Mankind to bring into existence that they may be trustful on that point, no. They reached the last point and people are wondering what they are going to do now. A heavenly warning is coming, "O People! Khudhoo hidhrakum." (Mawlana Shaykh stands)

••• ••••••• ••••••••• ••••••• ••••••• ••••••••• •••••••••• ••••••• •••• ••••••••• •••••••

Yaa ayyuha ’Lladheena aamanoo khudhoo hidhrakum fa ’nfiroo thubaatin aw infiroo jamee`a. O you who believe! Take your precautions, and either go forth in parties or go forth all together. (an-Nisa, 4:71)

(Mawlana Shaykh sits) Khudhoo hidhrakum, "Take precaution!" If you take one more step, you may fall down and no one can take you up!

O People! Khudoo hidhrakum. You reached the last point, so don't take another step there or you will fall down and never get up! Khudhoo hidhrakum! And people are not thinking on it, but they are looking at how they should be standing up because now they fell down. All Mankind is falling down and asking to get up, and the heavenly order is, "Don't move, you may fall down! That is a black hole. If you are going in it, there is no way to come out." Khudhoo hidhrakum from heavenly black holes! Leave those black holes and come to white holes filled with heavenly lights. You may enter it and it will spread, spread, spread, Huuuuuu, endlessly. But those who are stepping in black holes will never get out, finished; they lost their chance that was granted to them from their Creator, their Lord. Therefore, the warning is coming to people, "Don't step one more step."

••••••• •••••••• ••• •••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• •••
••••••••••••

qaalat namlatun yaa ayyuha 'n-namlu 'dkhuloo masaakinakum laa yahtimannakum Sulaymaanu wa junooduhoo wa hum la yash`uroon. One of the ants said, "O ants! Enter your homes unless Sulayman and his armies unknowingly trample you. (an-Naml, 27:18)

feehi khabaru ma qablakum wa nabaa ma ba`daakum, In it (Holy Qur'an) is news of what was before you and informing you of what is after you. al-Qur'an `Azheem ash-sha'an! You can find everything in it, from awwaleen wa ’l-aakhireen. You can't catch when it began, no, and no one knows where they are going in the future. Khudhoo hidhrakum. Now people just reached a point from which they are astonishing, and they do not know how they may save themselves or how they can step forward. The future is shown to them as a dark, heavy blackness, but there is a heavenly potion (to counteract that): khudhoo hidhrakum, "Take care!" You may lose your being in existence, you may lose your chance! You may reach that ocean that no one knows its beginning or ending.

Now Mankind reached a limit where they are stopping and fearing.... SubhaanAllah! Perhaps the Japanese people are the most advanced nation for technology, and yet a whip is coming on them! One whip came and they became like drunk people. Now earthquakes are coming one after the other, for what? To make them wake up! Heavy bombarding comes with volcanoes (note: Shinmoedake volcano recently erupted after 52 years of dormancy). If an order comes, I don't think (anyone can exist) throughout Japan; it will finish. That needs only a volcano from Mt. Fuji; in ten minutes all will disappear! Therefore (the situation needs) some potion, some responsible ones from among awliya, to reach Japan's people, an tu’minoo bi rabbikum, to believe in your Lord!

It is possible that ocean now is like waves reaching to Japan's people, to make them wake up, and yet (they) are not saying, "laa ilaha illa-Llah Muhammadan Rasoolullah." (Mawlana Shaykh stands and sits) Khudhoo hidhrakum! The most powerful protection for you is to say, "laa ilaha illa-Llah Muhammadan Rasoolullah;" that is the meaning of khudhoo hidhrakum. It is a warning to Japan's people to say, "Leave falsehood and say "laa ilaha illa-Llah," because that is going to protect you. If not it is impossible to take away (the destruction)! Don't say this continent is fixed, like icebergs on fire or whole continents are on fire, swimming. With one

order that big continent (can be destroyed)! Japan is so small, but if an order comes, that tiny country will sink in Fire Oceans!

Khudhoo hidhrakum. May Allah forgive us. I am tired. I am asking forgiveness from Allah Almighty and I am warning all nations, first of all the Japanese people, who are not accepting any religion from Heavens, to come to say, "Laa ilaha illa-Llah." (Mawlana Shaykh stands) Laa ilaha illa-Llah. (Mawlana Shaykh sits) Allahuma thabitna `ala al-Haqq! Allahuma thabitna `ala al-Haqq! Allahuma thabitna `ala al-Haqq! Tawbah, astaghfirullah.

That is a warning for the whole world! May Allah send us someone able to wake up nations, for the honor of the Seal of Prophets, Sayyidina Muhammad (s).

Fatihah.

We hope by next week there will be more awakening among Mankind. May Allah forgive us, and bless you.

Fatihah.

## Take Shelter with Allah Almighty

SubhanAllah, Alhamdulillah, La illaha illAllah.
La hawla wa la quwatta illa billahil ali'ul adheem.
Audu' billahi minash shaytaan irajeem.
Bismillahir Rahman irraheem.

People - they are thinking that they are powerful. That is a cheating from Shaytaan. Perhaps man weakest one through creation but it looks like powerful. It is a humble meeting. I don't think that through prophets sitting thousands of people. Always meeting with prophets, a lot of people may be helped. Maybe hundred, maybe two hundred or more people was meeting with our Prophet, peace be upon him. He was last one that just had been sent from Allah Almighty's Divinely Presence to people. And was crowding for pilgrimage, may come more than thousand people; and it was normal. But then coming groups of people to one meeting. And we are looking now in our days that people crowding hundreds and thousands, thousands of people crowding. They are filling roads, they are filling squares. Hundreds of thousands of people crowding. It is a sign of Last Day. They [are] never crowding for a good purpose. You may see through TV boxes everywhere people running but they are not knowing which direction they are running. Some of them running towards east, some running towards north, some people, some hundreds and thousands people filling roads and through every direction

they are running but they are not knowing for what they are running. What they are asking? What is our main target for this life? Without any understanding they are running like this where you can't see a person in front of them leading them but they are following without thinking, running like this, running like that. That is one of hundred signs of Last Day. Men, women, citizens or peasants, small ones, big ones, running, running and they are using the colors of rainbow and running. If you are saying, "where are you running?" no one understanding, or no one hearing, no one thinking, no one can answer. Running! They lost their directions. Where you are going? For what you are asking?

And now the time only Seal of Prophets, Sayiddina Muhammad SAW this is his period. And he brought some - so many- strong rules to carry last building of this world, strong pillars. Most strongest pillars just he brought that can't be destroyed. No one can making that pillars down, no, because that pillars just granted by the Lord of Heavens. No one can take them away and destroy, no. But they are running away from Heavenly rules that they are sheltering them here and Hereafter. Only Heavenly building that just paved by strongest pillars is standing up here and Hereafter. Who is going to come under or to enter that building that it is Holy building from Heavens should be sheltered and protected and saved from every disliked things, disliked happenings here and Hereafter.

But people running away and no shelter - la aasimal yaumil. Allah Subhanahu wa ta'ala that no anyone can shelter people only Allah Almighty's order.

The time of Noah, he was calling people to come and to shelter themselves under Divinely building but they are saying, 'No!' Noah, peace be upon him, calling them come and enter that ark because only through that ark that I build it by Holy command of Heavens you should be sheltered. And they are saying, 'No. If it is going to happen what you are saying from flood we may run away to high mountains we can be sheltered.' And Allah Almighty saying, 'No. No one can shelter you if I am not sheltering you.' And people now they are running, they are running from flood and they are looking that everywhere just under it under heavy crisis coming whole world and Heaven's representatives calling people, 'Oh people come and shelter yourselves through that ark.' But they are saying, 'No, we can save ourselves and we can shelter ourselves from every kind of crisis.' Look, and Allah Almighty saying, "Leave them to look after themselves. I am looking what they are doing. I am that Lord of Heavens. I am sending to you My advice and calling you to come to My strong building and you are saying, 'No, we can be sheltered ourself.'"

Two days perhaps I heard in one country one roof for exhibition in Europe or in America I don't know where it is - in Holland - falling on people and so many people just killed. That is man's authority to reach to that point and they are saying it was a strong building. We take every kind of protection. You taking care if coming on that roof one hundred pounds snow can kill you but you never going to think that maybe two hundred pounds snow coming on it and no one can prevent if Allah Almighty asking to send instead of one hundred may send one thousand. How this is going to be possible to carry - must fall down. That is the mind of mankind. Their capacity and their faith. No more. And they were thinking that that building can carry as much as possible from heaviness and people may be under it in safety. What happened? Coming more and more and more snowing, can't carry it and coming down.

Now people they are saying we can save ourselves, we have such a knowledge and such a products that we can use our rules to keep people in safety to take away crisis. But Heavens saying you can't do, "If I am not keeping you and protecting you and sheltering you, you [do] arithmetic. It is not enough to bring a solution." Who knowing arithmetic, you? Maybe one, two, three, four, five, six, seven that it is unknown asking to find equality through that problem. More than this our capacity never reaching. But Heavens unlimited, unlimited. He may do anything. Therefore man always needing a support from Heavens but through two hundred years they are fighting against Heavenly rules. From the time of French Revolution they are trying to destroy everything that belongs to Heavens on earth. And they are materialist people and they are atheist people. They are saying no god and they say there is only this mass. Nothing else. How can move by itself? Mass must have a power from one side for moving, for carrying. How you are saying only mass beyond this nothing? They are so foolish and donkey people! Haqq! Atoms they are running they are rolling [by] which power? By itself? You are saying beyond this nothing. How you are bringing a commentary on it? They are looking seeing gigantic galaxies. If only matter - mass, nothing beyond, how they are running? But no mind people, and up to today [some] coming on that point and saying no, only mass and no god. Islamic world saying so also. They are teaching their universities in such a way materialist theory and they are getting running after to be atheist people. If a person is not an atheist they are saying this old-modeled person, old fashioned. You, what is your position? We have new position, how? We change our heads and alhamdulillah we are not changing our heads to head of donkey. Donkey what understanding? Your understanding reaching to that point. And this world never going to be in peace as long as they are denying Heavenly rules and not

taking care for Divine rules to keep and to follow it, this world [is] going to be destroyed by wrong. They are using wrongly what they have been granted and there should be a punishment on themselves. That is the summary of our position.

Therefore, we are saying it is a humble, humble meeting here because majority they are saying "old-fashioned, old-fashioned". And "old-fashioned" saying people, millions, they are now just fall down into unsolved problems and crisis and they can't be able to move out. They are taking strongly saying "democracy". Democracy [is] against old traditions. Democracy giving unlimited freedom that means they never taking any care from Heavenly rules. They are thinking that we are free [from] everything. First fighters for Heavenly rules: democrats and democratic system! I am going to destroy it insha-Allah. You can do. Noah did it from old nations. Nation of the Seal of Prophets much more powerful. I am weakest one. I am not asking strong ones to do that. No I am saying, "Sit on your seats". Sultan's throne you are sitting. I am your servant. Give to me permission not 24 hours, 24 minutes I may change so easy. That is my intention. I never happy what is happening on earth where they are running billions of people against the rules of Heavens, against the rules of the Lord of Heavens. You can't do that. I am putting them under my feet. You can do, why not? They are fearing from virus. From virus, they are fearing. Europeans, Asian, Turkish, governments, everywhere they are fearing coming virus; but you can't see them. We must shoot them down.

If one unseen virus [is] making them to trembling through fear. I am so much more than their virus. I may do, InshaAllah. Those are my intentions. I am not happy that they are doing against the rules of Heavens. I am servant of Heavens, weakest servant; but I shall do something. Their weakness under my feet. Ya Allah ant Allah. Ya Allah ant Allah. Ya Allah ant Allah. Habib Akram, most honored one, most praised one in Your Divinely Presence, send us our Sultan, ameen. He is going to be shining through east and west like sun. I am looking for that. May Allah forgive me and bless you for the honor of the Seal of Prophets.

Fatiha.

## Take Your Care!

Ant Allah. Dastoor ya RijaalAllah
Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!
Anta Rabbuna, anta waliyuna, anta Mawlana, ya Rabbana, ighfir lana, w'asturna, w `afuw `anna, w'aghfir lana, w'arhamna, wa tub `alayna wa aslih shaanana wa shaan al-muslimeen bi jaahi 'l-nabiyyi 'l-kareem, ya Rabb.

All praising and all glory only for You, O our Lord. Give Your most high honor through Your Creation to Sayyidina Muhammad (s).Zidhu ya Rabbee `izzan wa sharafan wa nooran wa surooran wa ridwaanan wa sultaana. Wa nahnu alhamdulillah; we are proud that we are from his nation, Ummata Muhammad (s). Meded , meded, meded and salaamullah `alayk our master, master of this world. Everything that is happening on this planet you are it's master and you are responsible for everything, for every event. People either making good things or bad things. You are responsible for both sides and you are a perfect deputy on this planet, a perfect one. We are asking humbly your support for the weakest servant. I am asking your support and also according to the command that you have been granted from heavens we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. First of all for our protection here and Hereafter from devils and evils, we must say a`oodhu billahi min ash-Shaytaani ‘r-rajeem. According to your intention, according to your

ability or capacity that protection is coming on you and you will be protected from devils and evils.

Allah Almighty subhaanahu wa ta`ala is ordering and commanding all heavenly messengers. His holy command coming, "O My deputies take away devils and evils!" First of all you must destroy the shelter of devils. Their life is through holes that a snake may come and enter. You can't see it; suddenly and silently it may bite you and give you it's poison. Therefore there is heavenly order to all people through the master of this world; it is an order: "khudhoo hidhrakum!" What does it mean? Take your care (don’t be heedless) from unseen enemies. They are like poisoned snakes, dragons and scorpions. Khudhoo hidhrakum ! That is Arabic, O those claiming, "We are doctors." I am asking, "How many times daily are devils biting you; poisonous snakes and scorpions?" Do you know? You don’t know. Try to know and try to understand the Holy Qur'an.

The Lord of Heavens is saying two words through the Holy Qur'an, "asta`idhu billah (I seek refuge in Allah): ••••••• ••••••••• - "khudhoo hidhrakum - Take your care!" (4:71) From whom? From everyone or everything that may poison you and you may die. You may die physically and also spiritually. Those that are going around and taking in their holes poison snakes, scorpions and such creatures, that is easy; giving you a poison through your physical being but you must also take your care from that one. I am making it clear to you O My servants and saying to you: ••••• •••••••••••• •••••• ••••••• •••••••••••••• ••••••••• inna Shaytaana lakum `aduw f'attakhidhoohu `adoowa - Verily Satan is an enemy to you: so treat him as an enemy (35:6). Shaytan is your worst, most terrible and dangerous enemy. ••••••• ••••••••• - "khudhoo hidhrakum - take your protection and try to be sheltered. " (4:71) "I am that One, if anyone coming to Me and asking a shelter from the worst enemy Shaytan, I am sheltering." Why are hundreds and thousands of doctors of Islamic knowledge not making that clear? Is it not important what I am saying now? Who is making me to speak and address people? There are countless scorpions and dragons around yourself. All of them are under the command of the worst, biggest and most dangerous enemy, Shaytan, who is training them.

There is a prophecy-knowledge that says: when a man is opening and getting out of the door without saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem, a shaytan is waiting for him and comes and takes his hand. "Oh my dear friend, come with me!" Beginning through the first step outside his home, coming like this and another one coming from the left side, taking him, "Come with us, enjoy yourself, don't worry, come with us, come with us! bum, bum, bum!" Shaytan's music. That person says, "It is enough time, I may enjoy myself with my friends." Taking him out of the real way to another way. Khudhoo hidhrakum! Look at how you are

getting out of your home. Two shaytans are waiting outside, one taking you first and the second joining them on the way.

The Lord of Heavens saying, "khudhoo hidhrakum! - Don't be heedless." If lady opening the door to go out, (so dangerous), seven shaytans are waiting. Seven! This taking this side, that taking that side. The Lord of Heavens is saying, "Look! take your protection. If she is going out alone, seven shaytans accompany her." Therefore, it is not permitted for a woman to go out by herself, a second one must be with her. It is dangerous and terrible and it may bring on them unexpected balaa (trouble). Therefore, if they are getting out alone, they are surrounded by seven shaytans. If only one woman going out; they are taking a little bit around and looking when she will be alone, whole cursing coming on their head. Therefore, "O people! Hear and listen and try to understand what we are saying." The Lord of Heavens never gives a chance for women to go out from their homes alone. Shaytan (has) hundreds and thousands of tricks and traps. khudhoo hidhrakum.

O `ulama, Doctors. Why are you bringing young daughters to school and making them to be with boys? When I was in England, I was looking at an old school building from the time of Victoria. It was written, 'boys entrance' on one and on another 'girls entrance.' Ahl ul Kitaab, they are Book-given People (People of the Book). The old ones were keeping that holy order of Allah Almighty and separating boys and girls but now the whole of ardu hijaaz why are they making boys and girls to be near each other? I am speaking to our `ulama, Azhar `ulama and other `ulama. Why are they not looking that so many young ladies are walking on streets alone? They only know: "Don't say as-salaatu was-salaam, (praise and greeting to the Prophet [s])...(it is) haraam." They are not looking at this Shari`atullah: to not make boys and girls to be together. To not give women or girls the permission to walk in the streets alone. Why are you not applying Divine rules and authority? And you are saying, "We are doctors."
I am asking: "can you wash a dead body?" (Mawlana laughs)
"O Shaykh, what are you saying, dead body? I am doctor and I am going to wash?"
Yes! You must know this.
"I am not making a certificate, I am not putting my signature there."
If he is not washing dead body can't be doctor, Ph.D. no!

Once upon a time a doctor of Shar`iah came to a mosque. Such a title never happened in Islam "Doctor of Shar`iah." What is that? Where is it written 'Doctor of Shari`ah?' Allah, Allah. He came for prayer on Friday

and was looking around and saying, "Who is looking after this place, it is so unclean."
"Who are you?" I am asking.
"I am Doctor of Shari`ah."
"Please take this brush and clean it!"
"What are you saying? Who are you!"
"I am nothing, but you are doctor. If you are saying this and you are not happy that this place is not clean, here is brush take it and clean it."
" I am saying to you, I am Doctor of Shari`ah."
"Do you think (what) I am saying out of Shari`ah?

Allah saying to Sayyidina Ibrahim (a): •••••••• ••••••• •••••••••••••• •••••••••••••• •••••••••••• •••••••••• - "wa tahhir baytee li-t-taaifeena wa 'l-qaaimeena wa 'r-rukk`a'i 's-sujood - and sanctify my house for those who compass it or stand up or bow, prostrate themselves," (22:26). Sayyidina Ibrahim (a) was ordered to clean Haram Sharif, ••••••• •••••••••••• ••••••• - wa anna 'l-masaajidu l'illah - and that the place of worship are purely for Allah." (72:18).Why are you not making this? I am saying, I am brushing people. Dirty ones, out! I never heard such a thing. If you like to hear something more, I am asking you, "You are doctor in Shari`ah?"
"Yes sir."
"They put a dead person inside the room but the undertaker is not coming, please can you wash it?"
"Huh? dead body? I am saying, I am Doctor of Shari'ah and you are asking me to wash a dead body?"
"Yes, it is the order of Islam: if you are not washing, you are nothing. Don't say to me 'I am Doctor of Shari`ah,' I may help you. You may take money. I am doing it free. Come, I shall dress you and I shall help you. When finished, you may wash your hands and from that water also... (mimics drinking).
"From where is that person coming to me today?"
"If you are claiming that you are Doctor of Shari`ah, you must know this. Then, do you know how to bury people?"
"I'm saying, I am a Doctor of Shari`ah. How can I know to bury people. There are specialized people for burying."
"No, you are a doctor and that dead body was looking 'if a learned one can carry me and put my head in my grave.'"
"Oh! I am saying to you for Shari`ah. I can't do such a thing."

"How are you a Doctor of Shari`ah? What are you doing after burying, do you know?"
"We are not learning such things."
"You must learn from me now. You must address buried people: min rabbak, min nabiyyak, an kitaabak, an qiblatak, an madhhabak. If you are saying, "my madhab is out of the four madhabs," or a big stick is coming on your head. Khudhoo hidhrakum!"
"What happening to me today? I am going to go mad."
"You may be mad or sad, I am not responsible. You must learn this. Then take away this title that you are Doctor of Shari`ah. The mareed (patient) is not ill to have a doctor, no need."
"From where are you coming?"
"From where you are coming, I am from the same place."
"I think that I am coming from...( Mawlana mumbles).
"Therefore, if you are coming from heavens you must follow Shari`atullah. If you are coming from Shaytan's ways, you must try to learn something or you are going to be ashamed in the Divine Presence and a cursing will come on you. What are we saying now, khudhoo hidhrakum. Subhanallahi 'l-`Aleeyyi 'l-`Adheem. I am trying and I am nothing.

As-salaamu `alaykum our listeners! How are you tonight, happy? If you are not happy, tomorrow night I may do a play to make you happy, to dance. If you are not happy with me, go and dance with music. There are so many holes and through them poisoned snakes and dragons are running after you. I am nothing but my mission is to shake this whole world. Can do? More than this I can do! How can it be, you are a no-mind person? Look! A creature impossible to be seen under a microscope, a virus, is shaking the whole world. People are shaking like an earthquake is coming. Did you never hear about pig flu? If that virus can shake the whole world, I am much bigger than it, I can do much more! I am intending inshaa-Allah. I shall do that and destroy the building of kufr, the building of Atheist, Darwinist, Marxist and Communist people. All of them under my feet! You are fearing from pig flu but they can do for me to be dressed with such a haybat, glory that whole world must listen; it must fear like an earthquake! May Allah forgive us.

Allah Allah Allah Allah Allah Allah `Azeez Allah

Khudhoo hidhrakumtake your care for yourself. Don't leave yourself to be bitten by scorpions or poisoned snakes. So many, O people. Not millions but billions of such scorpions and dragons are filling this world now.

They need only one to kill them and take them away and we are looking up for a holy order to come and to take them away! May Allah forgive us. O People! May Allah forgive me.

As-salaamu `alaykum. You must be happy that the time is over to take away every dirtiness that you can see or you can't see. That is a good tiding from the Seal of Prophets Sayyidina Muhammad (s). Shari`at is coming before the Day of Resurrection and cleaning the whole world. No Shaytan. No one following Shaytan at the time; that is the limit for them.O Allah, forgive us! Oh Rabbuna! Clean ourselves of everything that You are not happy for it to be with us.
Dome dome dome dome
O my listeners! Every night my singing was so beautiful but tonight because my sound getting cold a little bit. I don't think that you should be happy but doesn't matter, you may laugh.
Dome dome dome dome
Even Beethoven can't sing what I am singing now, don't worry.
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Fatiha.

Yet he is asking two minutes more. Be careful! Because when the Last Days coming, Shaytan sending his slaves from everywhere to attack believers. They are now just gathering full power from east, west, north and south to make the Middle East and the center of imaan, to come down. Our heedless leaders are never understanding and their punishment is going to be first; they are going to be killed. May Allah protect us.
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Even Mozart can't sing. Beethoven, ding ding ding ding. Mozart dum dum dum dum but our dome dome

much more heavenly. May Allah forgive us.
Fatiha.

45 tamam, okay?
I am a very silent one; even in my school I was a very silent one but my age coming to 90, I am not a silent one now. I don't know what happened to me? Do you think that my mind getting more clever than when I was a small one? I was much more clever and now I am losing, I don't know. May Allah forgive me. Yes sir! Who is that one coming? Doctor of Shari`ah?
"Where you learned?"
"I learned in Saudi Arabia. You?"
"I learned in Azhar. You?"
"I learned in another country where the dictator was unhappy with one book from his Lord. So he made a green book also. Allah Allah, Allah Allah, He is such a special leader."
"What happened? How many people following that one?"
"Eh, no man following, but so many women following him and he is happy."
Yes? Saying Green Book.
As-salaamu `alaykum , O our listeners! What we shall do? You are coming sometimes, you are running away sometimes. But I am tying your feet and catching you, finished! I am responsible for you and I have been supported through heavenly powers but without that support, I am nothing. But sometimes making my zero in front of ONE and I have power. When taking it, I am nothing.
48 minutes...close because people beginning to speak something, better not to...

Welcome O Yaran Shah Mardan. Yaran of Shah Mardan who are present in the assembly of the lion of Allah - the ahbab, the lovers of Shah Mardan. May we be from who are beloved. Madad O Shah Mardan. May we be happy, may we be honourable. May the dress of azamat be dressed on us too. Today is the month when our Sayyidu-l Ka'inat, our Fakhru-l Ka'inat was conceived and appeared in his mother's womb - Sha'ban al-Mu'azzam. So it is respected.

As-Salam Alaikum O Yaran Shah Mardan. O Ahbab of Shah Mardan, may salam be upon you. As-salam qabl al-kalam. Salam (greeting) should come before the speech. There is Nur on the face of a person who is dressed with this honour. It may be a short sohbat. Whether it is short or long, it is his grant to us- it is the grant of our Sayyidi Fakhru-l A'lam (sas). We are happy because his salam is reaching us. How beautiful. How beautiful. O Yaran Shah Mardan- the lovers of Allah's lion, may salam be upon you. Wa 'alaikumu-s-salam. He responds to our Salam. Wa alaikumu-s salam O yaran Shah Mardan.

Let us say Bismillahi r-Rahmani r-Rahim. Who listen and who speak should say Bismillahi r-Rahmani r-Rahim. The Bismillah, it is the word that our Prophet, who is the Sultan of Ka'inat, said in the Divine Presence. Bismillahi r-Rahmani r-Rahim. How beautiful. A person who can't distinguish between what is beautiful and ugly remains ugly. Go ahead O Shah Mardan. Your yaran are your admirers. Your knowledge has no boundaries compared to our's. Talabu l-'ilmi faridatun 'ala kulli muslimin wa muslimah. Seeking knowledge is obligatory upon women and men. Why? Because this knowledge dresses man with honour, O son. Knowledge gives man honour. The situation of a naked man is different than the situation of a man who is dressed with

the dress of iftikhar, the dress of honour. Can a naked person be equal to a Sultan who is dressed with the dress of Sultanate? How can it be? Allah granted that one an honour, but the dress of honour is different- Allah Almighty had it prepared for His chosen servants who are ready for it and He (swt) will dress them with it.

You are Subhan O our Lord. You are Sultan O our Lord. You are Subhan, You are Sultan. O Allah. O Allah. We should love our Allah. We should love who our Allah loves. We should love the beloved ones. Go ahead O Shah Mardan. The lion who makes the earth tremble with his sayha (roar)- Shah Mardan. How beautiful. Saying his name gives us an honour too, Mehmet. "This way of ours" would say the Mashayikh, the Awliya, "our way is the way of sohbat". Who doesn't have a word (to speak), who doesn't have any sohbat (speech) is far from humanity. A person who has a word, a sohbat to speak, is honoured at the level he gives from what he has, and we are dressed with it also. The Awliya, the Prophets. 'Innahu Min Sulaymana Wa 'Innahu Bismi Llahi r-Rahmani r-Rahimi"(27:30) 'Arsh, it goes all the way to the Throne! The earth trembles with this Holy Verse, when this Holy Verse is recited, let alone the Queen of Sheba.

The Queen of Sheba, Balqis. She had never heard it before in her life. And Allah Almighty granted her a majesty, dressed her with a majesty. Allahu Akbar! "Ji'tuka Min Saba'in Bi Naba'in Yaqin"(27:22). Allahu Akbar. What a beautiful Holy Verse is this. What a sweet Holy Surah is this Holy Surah. O Yaran Shah Mardan. Give ear, give ear. Not this ear only, open the ear of your heart too and listen. You can't get enough of listening to it; "Ji'tuka Min Saba'in Bi Naba'in Yaqin" (27:22). The Hud-hud(hoopoe) bird. It is a little bird, flying with the order of Allah. O our yaran, O you who Shah Mardan loves, from the majesty of this holy Verse, Balqis, the Queen of Sheba Balqis - her throne shook and she fell. When the letter came, she read it "'Innahu Min Sulaymana Wa 'Innahu Bismillahi r-Rahmani r-Rahim". O Allah! She fell into sajda. How beautiful, how beautiful are the beauties our Lord sent us through His Habib (sas)- our spiritual beauty, the spiritual iftikhar dress, the honour dress. Yes! I can't get enough of reciting this Holy Verse. Awliya never get enough.

(Mawlana sings) "He (swt) created you for service, the Khaliqu-l Jabbar".
The angels call in the time of sahar: He (swt) created you for service - why are you still sleeping O

heedless man?
(Mawlana sings) "Stand up, O you who seek the Jinan (Paradises)".

Talibu l-jinan, the seekers of their Lord's paradises, why do you sleep? Why do you run in the streets? Angels even call to the ones who sleep. The Yazdan, Allahu Dhu-l Jalal, created you for service. Why do you sleep, O heedless man? Talibu l-Janan, seeker of the Beloved. You call Him (swt) "My Beloved". Who seeks his beloved doesn't sleep. The Mawla Who created you casts a glance at earth. He (swt) looks "Who are there that stand for Me (in salat); who are there that think of Me; who are there that seek Me, who love Me; who are there that stand for My service". Yes. Rabbu-l Izzati wa-l Azamat, Allahu Dhu-l Jalal. Go ahead O Shah Mardan. Who loves is Man, who has forgotten to love is animal. Man is the creation of Allah and is loved, and is dressed with a rank. Who doesn't know his honour becomes animal. Becomes animal to whom? He becomes an animal to shaytan who doesn't know of its honour. So it means, go ahead O Shah Mardan, this is the first thing to teach.

(Mawlana sings) "He (swt) created you for service, the Khaliqu-l Yazdan".

Allah Almighty created you O man, for service. You should present your service, your servanthood to the Mawla Who is the Owner of earths and Heavens. He (swt) created you and loves you. You say to the "snotty" man, "my love"- woman to man and man to woman. What value does it have? What is their love? Allah Almighty created you, for service.

(Mawlana sings) "He (swt) created you for service, the Khaliqu-l Yazdan".

The Lord Who is azali and abadi (has no beginning or end), our Lord created us for service O heedless people! Not to run in the streets like wild animals. It is a shame for you. Not even the animals in the jungle gather and shout - they don't shout, screaming "we can't find anything to eat". They are at rest because their hearts are connected to Who created them. They know Who created them.

(Mawlana sings) "He (swt) created you for service, the Khaliqu-l Yazdan".

O Man! The Lord created you, for service. He(swt) is the Sultan. So He created you to make service for the Sultan. "Ya Ma'shara l-Jinni Wa l-'Insi" (55:33). O group of jinn and men! Allahu Akbar! An addressing for us, what a beautiful addressing. "Ya Ma'shara l-Jinni Wa l-'Insi" (55:33). "O the men and jinn I created!" "Yes Ya Rabbana! Your Order is above everything for us". The people of this century can't say this. They can't say. They can't put forth the love and muhabbat in their hearts. The heart which is the sultan of the body - Al-Qalb as-Sultanu-l-'abd, the heart is the sultan of the servant. It is the maqarr (headquarters) of the Sultan. For this reason, a person who only considers his animal side loses his humanity.

Allahu Dhu-l Jalal does not even forget the ants. The rizq (provision) of an ant is also appointed and that poor one collects that rizq that belongs to it. It doesn't go to school. It doesn't ask for shahadatnama, meaning diploma, or certificate- it doesn't ask these things. What do the people of today think about? Certificate, doctorate and... What comes after that? They have a title. What is that? "What is your title?" "Well, he has a certificate. He has a doctorate. He has 'ABC'". What else does he have after the ABC? Where is the place that they reach after the ABC? (as opposed to PhD). Is it CW? The toilet. What else can it be? Where is the place that they will reach? The toilet. Where will it take him to? To the toilet. An ordinary person...

Go ahead O Shah Mardan. Even an ant has its provision. The great Mankind, who is addressed in the Heavens as Hz. Insan, angels stand like this for them (with respect). Mankind whom Allah dressed with the rank of Khalipha, with the takrim-i Ilahi- whom Allah granted His Own Honouring. Go after this, seek this. This is not with a certificate. "I sought in the assembly of the wise ones. Knowledge comes last - only adab, only adab". In this dunya, they have universities and so many different kinds of things... Let us say branches, majors. And who study these are proud, saying, "We have this certificate in our hands". Ok, you may have a certificate, but did you get a certificate from Heavens? Did you learn about yourself? You received a certificate but did you learn "Who is Man?" "Man is man". Don't say man is man. Man is Hz. Insan. We have an honour. "This one is a street sweeper, this is a worker, this is a businessman, this is an engineer". Don't discriminate like this. Our honour is by being servants to Rabbu-l Izzat, showing respect for His Orders. It is with His tasbih wa tahlil, ta'zeem wa tamjid(glorification) We stand for this. Allahu Akbarul Akbar.

Say "Hz Insan". Don't belittle Man. "This one's car...". It has no value. Why do you look at the car? "Our car is old. Let us get a new car". Do you get renewed when you buy a new car? "Let us buy a new horse". Well, when you buy a new horse, there is the beauty of the horse so they don't look at yours. He rides a donkey. He rides a donkey and thinks "I am riding a horse". He is small-minded, he can't think and understand that the honour of Man is not with cars, or with horses, or with palaces, or with certificates. Man has an honour. Acknowledge the honour of Man, O people the 21st century- they calculate it as the 21st century. What are you fighting for? "We may also get a certificate". Well, almost everyone has one. When something becomes abundant, it gets cheaper. For example vegetables- the out-of-season vegetables are more expensive. After a few days, (become abundant and) they get cheaper. It is the same vegetable, the same. Why do you run after that vegetable?

What you call a certificate, or doctorate, or masters, are all the same thing. It doesn't imply any value. Go ahead O Shah Mardan. They have certificates but they don't know about themselves. How can who doesn't know himself know Who created him? Go ahead O Shah Mardan. Women, girls, little children- everywhere is filled with students. And what do you teach them? "We teach them the ABCs". We don't want the ABCs. What we want first is, "Who created you? Say Bismillahi r-Rahmani r-Rahim. Allahu Dhu-l Jalal Who is Al-Rahman and Ar-Rahim created me". Do they make the students say this? Do they teach them this? O those tied to the treacherous shaytan! What is your certificate? It is received from shaytan. Man has an honour. An ant also has an honour. There is no creature without an honour. And each creature has a tasbih- "I glorify my Lord Who created me as an ant. You are Subhan. You are Sultan!" There is no any atom in the creation that doesn't call like this to the Lord, except heedless man.

"I have a certificate". May your certificate get torn apart. If you can't glorify Who created you, if you can't say "My Lord created me. He is the Sultan", what good is your certificate? It is not even good for wiping your bottom. Be Man, know your humanity. This is an ocean, this is an ocean. What needs to be taught is teaching people about themselves. "Man 'arafa nafsahu faqad 'arafa Rabbahu." When a person knows himself, he knows his Lord. He asks "Who am I? How did I come into existence?" Does he ask this? Do they teach this? They don't teach. Only "This

shaytan, that philosopher, that shaytan...". They know the names of the shaytans but don't know the Name of Who created them. What value does it have? Here, he has his certificate in his hand. He can wipe his bottom with that certificate. Since it didn't teach him about his Creator, it is of no good other than wiping his bottom.

Say "La Ilaha Ill'ALlah, Sayyidina Muhammadun Rasulullah." Today is Sha'ban al Mu'azzam. May it be mubarak. This month is the month shaytan's desires will be finished. They call it "nawmid". What they mean by nawmid is hopeless, ya'is(despair). What is the knowledge of a person who is not aware of himself? What is the value of the paper he holds in his hand? It is of no value. Who created you looks from His 'Arsh (Throne) - Who created you looks to see who are there that love the ones He (swt) Loves. Love who Allah loves and don't love who Allah doesn't love. This is our principle. "Love who loves you & don't love who doesn't love you". This is a tongue twister among the people but really it comes from above. Love Who created you, glorify Him. Don't love who doesn't love you, who can't appreciate you. Don't love him, throw him away. He has become the filth of dunya. Say Allah! Allahu Akbar, Allahu Akbar, Allahu Akbar. Subhan Allah!

Today is Sha'ban Al-Mu'azzam. It is the holy month, which carries the name of Allah's Beloved (sas), for whose honour the whole creation is created. Our hope is that there will descend a manifestation which will stop all the movements of shaytan that corrupt this world. All who carry dirty attributes will be swept away and all who have a clean character will stay. They don't stay for the love of dunya. They want to stay to make sajda for their Lord; they want to stay for service - their staying is upon request. This is what they want.

O Shah Mardan, go ahead. O yaran Shah Mardan. O our beloveds. Who are our Ahbab? Those who are enemies to shaytan. Who are the ones that love shaytan? Who hate & don't like the Awliya. Today's people left the Prophets and are after imitation things. They are running in the streets, they can't know what they want. O our Lord, for the honour of this holy month, which is the month of Your Habib, may You grant us power, may You dress us with the dress of majesty.

There are the servants who can explode all weapons in a moment. And there are the holy

servants of Allah who can rebuild what is destroyed within a night in the same order. The buildings may be destroyed, different new ones will come. They won't remain till Qiyamat. Neither the people nor their houses stay forever. Their houses are destroyed and new ones come. They die and new ones come. Allah's servants -"La yuhsa wa la yan'ad."- cannot be counted. There is no end to the number of Allah Almighty's servants. There is no one who knows their number.

O our Lord, our Subhan, our Sultan. May You make this Sha'ban Al-Mu'azzam good (khair) for us, a speck from the power, from the majesty of this Sha'ban Al-Mu'azzam. There are many Awliya of Allah who can finish the trash which these unbelievers believe in and call technology - (by only saying) "Be zero, vanish!". "'Innama 'Amruhu 'Idha 'Arada Shay'an 'An Yaqula Lahu Kun Fayakunu" (36:82). May these "toilet workers" from the unbelievers, who stick up their noses and run like camels, who are so arrogant and proud, become zero & vanish! One servant is more than enough to sweep them away within a moment. Be a servant to Allah. Say Bismillahi r-Rahmani r-Rahim. Go ahead O Shah Mardan. O yaran Shah Mardan.

(Mawlana sings) "Khaliqu-l Yazdan created you for service".

"Allah Almighty created you" it is saying. "Allah Who is the Owner of earths and Heavens created you for service". Make His service and He (swt) makes your dunya happy - although dunya has no value- and your akhirah becomes happy too. O our Lord, may You forgive us. May You send us a Sahib (Master), may You send us a Sultan. May You send a Sahib, a Sultan who will save these servants who follow shaytan, and make our hearts reach peace. O Sahibu-l Deedar, O Sahibu-l Maydan, Shah Mardan. May you command, only one of your khadam (servants) is enough to help us. La maghlub, what cannot be defeated is the power of Heavens.

The power of shaytan vanishes in an instant. Allahu Allah Allahu Rabbi. Allahu Allah Ma li Siwa-Hu. Allahu Allah Allahu Allah Allahu Allah, Ma li Siwa-hu illa Hu. Fatiha.
This language is enough for this world. They have no answer because their level fell down from the mustawa/ level of Man, they don't understand. May Allah not take away from us the khassiyya (mark of distinction), the honor of being Man, with which He honoured us. We should

make dua, it is Sha'ban Al Mu'azzama. Many things will happen before it ends. Soldiers who will defeat the oppressors will come down from Heavens.

Fatiha.

**THE TANTALIZING TASTE of THE OCEANS OF LOVE**

A saying of the Prophet Muhammad, upon whom be peace, in which he prayed to God:

"Oh Allah, I ask You to grant me the love of You
and the love of those whom You love,
and grant me, Oh my Lord,the love of those
actions which lead me to the love of You".

The three levels of love
To ask our Lord to open up our hearts to His Divine Love is the most important request we can make of Him in our prayers, as nothing can take the place of love. The Holy Prophet, who is called the Beloved of Allah, whom Allah created with the yeast of love, and whom Allah loved so much that He dedicated the creation to him, even this beloved Prophet asked Allah for Divine Love – why? Because who tastes of that love ask for more. Whose heart is like a rock will not ask Allah for this love, but those who have had the slightest taste of that love know that it is the key to all spiritual progress, to mercy, beauty, wisdom, to all favours that Allah may bestow upon His servants. Therefore, the Holy Prophet taught all mankind what is precious in this life. And then his prayer continued: "And grant me the love of those who love you". The first level, "Love of God", is the Station of the Prophets, and you can't step from the bottom of the stairway to the top in on step. Allah Almighty is the Transcendent Being – you can't even begin to fathom anything about Him Almighty – but it is easy to love those who represent His Love among mankind, for it is much easier for us to begin to understand and love human beings like ourselves. You will find nothing in their hearts

but the Love of Allah; therefore, loving them is a means to approach the Divine Love. Lastly, the Holy Prophet asks for the love of those actions which lead to the love of Allah, actions which carry blessings with them, which soften our hearts and weaken our greed and selfishness. These are the actions encouraged by our Lord through the example of His Prophets, actions ordered and recommended in His Holy Books. And, although in the beginning our inner state may not correspond to these saintly actions, by engaging our limbs in what pleases our Lord, He will strengthen our hearts thereby.

These are the three levels of love for which the Holy Prophet prayed, and the wisdom reflected in this prayer is proof enough of the veracity of Muhammad, peace be upon him. While Believers must always ask for that love, Satan is ever at war with such a notion, for he knows that once love has entered the heart of one of his slaves, that slave is lost to him, for he will not be able to snare him anymore with this world's pleasures. He who has tasted that love may not even notice those pleasures, or may regard them as only a drop in an ocean.

Once, as Moses, upon whom be peace, was headed toward Mount Sinai, he passed the cave of a hermit. The hermit emerged and called after Moses; "Oh Moses, please ask our Lord to bestow upon me just an atom's weight of His Divine Love". Moses agreed to do this, and then continued on his way. Later, when Moses was addressing his Lord, he petitioned on behalf of that hermit. The Lord replied, "I will grant that servant of My Divine Love, but not in the amount he requested. I will only grant him the tiniest fraction of an atom's weight of that love".

When Moses returned from the mountain, he quickly went to see what was happening to the hermit, to see what effect such a tiny dose of Divine Love might have had on him. When he arrived he was startled to see that where the cave had been a part of the mountain was blown away, and in place of that cave there was a deep chasm in the Earth. "Oh servant of my Lord", he cried out, "what has happened, where are you?" Then Moses looked down the chasm and saw the hermit sitting down there as if in another world, completely overwhelmed by that love.

Why did that hermit ask for a portion of Divine Love? Because he was worshipping

but feeling nothing; he felt emptiness in his heart that could only be filled by that love. Without love, worship is tasteless and useless; therefore, we must be sure to build our worship upon a strong foundation of love and to bake love into the bricks of the building of our devotional practice. This is more than an analogy, for even physical buildings are either alive with the love of their builders, or dead from their hard – heartedness. Therefore, old buildings often emanate a good feeling because of the love and goodness of those who built them. This is especially true of old mosques and churches, for their original congregations built them for the sake of their Lord's love and in an attitude of sincere piety. There is often a very strong feeling of the Divine Presence in old mosques, but have you ever felt such an atmosphere in the new showpiece of sterile architecture mosques? No, it is impossible; you may feel only an inner contraction inside of such concrete hills. They have left the love out of the mortar; the most important ingredient is missing.

There is nothing in all creation that the Creator, Allah Almighty, hates. Indeed it is impossible to be hated by Allah and to be in existence: one absolutely precludes the other. All creation appeared through His Divine Love. He loved them and they appeared; therefore, everything in existence carries its share of Divine Love in it. When I say "everything", I mean everything, from atoms and their parts – the very building blocks of the Universe – up to mankind. Yes, everything, even the smallest particles of matter, carries that Divine Gift. As you know, the electrons of atoms revolve around the nuclei, and at enormous velocity. Someone told me that the famous scientist Albert Einstein once declared: "I have come to understand so much, but what I have never been able to fathom is what power gives electrons the energy to orbit nucleii at such a speed. From where does such power come to them?"

We believe, and furthermore, have been granted certainty in our belief, that everything in existence has life, is living. For the sake of everyday reckoning we classify certain things, such as rocks, as inanimate objects, and recognize life only in plants, animals and human beings. But we believe that beyond these outward distinctions everything has life. Therefore, atoms, and their electrons that turn around the nuclei with such speed as to baffle even the renowned Mr. Einstein, are, in reality,

alive. They are alive with the Divine Love Power that their Lord has granted them. That's what makes them spin at the speed of light.
Science may make penetrating and wonderful discoveries. Scientists' knowledge may advance and climb to unimagined heights in the realm of the observable and what may be proven through experiments. But even such a great realm, the realm of observation and experimentation, is finite, has its limits, and only within these limits can it draw authoritative conclusions. Therefore, scientists who recognize their limitations and are not blinded by pride may admit, that some occurrences are not explicable by science.

It is for those who have access to a realm of knowledge beyond science to say with certainty, that it is Allah Almighty, the Lord of the Universe, who through His Holy Name "Al-Wadud" (The All-Loving) gives His Divine Love to everything in the Universe. Those electrons, drunken with Divine Love, spin at such velocity around the nuclei. That is how the influence of Divine Love is manifested by them. Science can neither proves nor denies this explanation, as this phenomenon is beyond their realm, and they cannot as much as offer a theory. But our hearts may be content with this explanation, as each and every one of us may try it himself within himself; for we all have the Power of that Divine Love in our hearts ready to be contacted.
There is no one word in Western languages that gives the full meaning of "Al-wadud", and even explanations don't do it justice, even though the West claims its knowledge to be superior and looks down disdainfully on every religious experience. And this Holy Name, the meaning of which cannot even adequately be expressed in advanced western languages, is the most suitable "Dhikr," the most suitable of all the Divine Names to repeat and meditate upon for people who see themselves as superior beings and as being above normal standards.
"Love", it is certainly not a concept that western culture is unfamiliar with, and undoubtedly most people lay claim to loving and being loved to knowing the meaning

of love, and to it being an important aspect of their lives, indeed the most important. But the love we refer to in connection with the Divine Name “Al-Wadud” is not the physical transitory love that is rapidly becoming the only meaning of love applicable to modern man: the love that one may find in the zoo. If you can’t imagine a love other than what is on the level of animals, then you belong in the zoo.

There is a real love, never changing, never dying love, and then there is temporary animal love. Both are in man through the wisdom of the Creator, but the permanent love is the love given to man through the Divine Name “Al-Wadud”. To realize that love is the challenge and fulfillment of human existence – to come in contact with those Love Oceans, for He has given His Divine Love most abundantly to His most honoured representatives in creation, mankind.

You may love a young lady for her youth, and when that youth departs you love her no more. That is false love. Sometimes we may have both kinds of love simultaneously, but usually the physical overpowers the spiritual, so that it is never allowed to appear. But to reach the ultimate goal of human life we are in need of permanent love, and it is only the Lord of the Universe who can grant it.

Therefore, when we say “Ya-Wadud” we are opening ourselves up to that Divine Love, asking our Lord to awaken that love that knows no limitation that is eternal and extends to all creation. I have been ordered to teach and advise people to call on our Lord, saying” “Ya-Wadud”, as this will enable the sincere to attain real love of their Lord Almighty and to love everything around themselves. We must learn to love everything for the sake of the love the Creator has for all His creation. And we are in utmost need to pray for such love, as although it is the essence of all success in the way of spiritual purification, it has become almost extinct in our times. Therefore, suffering, disturbances, struggle, crisis and chaos are continually on the rise.

What passes for human love nowadays is in deed a very far cry from real human love. Mostly, people cling to it for two or three months then throw it away. You are saying: “Oh my goddess” and she is saying, “Oh my god,” but look in again on them two or three months later and see what is left of that “true devotion” and “deep emotion”. That is the greatest cause of wretchedness in our times. For this reason I

don't refer to this century as a civilized one. Rather, the twentieth century is witnessing the destruction of civilization, and every minute violence and misery are increasing.

The Lord – our Lord, your Lord, and their Lord – is One. He created us and planted His Divine Love in the very yeast of our being. You must know that, although that love may be temporarily covered, it is running through our hearts as a river runs to an ocean. Along the course of that river love may manifest only as temporary human love, and that love current may even seem to disappear completely, like a river that flows under a mountain, only to re-emerge on the other side. But there can be no doubt that our Lord has placed in every heart a current that flows irresistible to His Love Oceans in the Divine Presence. Therefore, don't imagine them to be cut off from Divine Love – it must be with them, whether that is now apparent to you and to themselves, or not.

As our heart-current flows toward that ocean, the main difference we notice is that our love is not tied to physical beauty. Everyone loves nature, greenery, rushing waters, youthful forms, beautiful people – but what about the others? The Lord gave of His Love to people in general, not only to the young and beautiful. And the One who implanted His Love in our hearts says: "Oh My servant, as I have given you from My Divine Love, so have I give it to all creation, so spread your love to everyone that you may be in harmony with My Will."

In reality, everything that contains His Love is green and beautiful, but to perceive the beauty in all creation you must transcend outward forms and penetrate to the realm of Spiritual Reality Oceans. First of all, it is important to pass from forms to meanings, from fleeting shapes to eternal spiritual realities, as forms are limited and limiting, whereas spiritual realities are Oceans, Endless Oceans of Contentment. To arrive at those Oceans will bring you inner peace.

Therefore, I am trying to love everyone. It is easy to say to a person, "I love you" as long as that person has never harmed you, but according to our Grandsheikh such is

not the measure of real love. He used to quote a famous Daghistani Sufi poet who said: “I don’t accept the love that you claim to hold for me to be real until I have tested you. What is my test? If I put you through a meat grinder and you came out the other end as minced meat - but were still alive - and if then I returned you to your original form, would you still love me?”

What this poet meant was “If I cause you so much suffering, and harm you as no one has ever harmed you before, will you still love me despite all that I have done? That is true love. But if I am with you for forty years, and because of one hurtful word I may utter towards you in a moment of stress, you leave me and declare me to be your enemy, denying the love of forty years and saying, “ I don’t love you anymore”, that is not the love we are referring to.

Therefore, as I have said, there are levels of love along the way, differing in quality according to their nearness to the goal, the Absolute Love Oceans of our Lord. When one has reached that goal he may take any amount of harm from others and still love. He may say: “I love you for the sake of my Lord, not for any other reason. That love will never change or diminish, as no matter what you do your Lord’s love is with you. You may behave like a wild animal, you may wound me, but yet, for you to even exist, my Lord’s love must be with you, and therefore I am loving you, too.”

Only the highest and most select of mankind are ever on such a level, and we are trying to reach that point – but it is so difficult. You must know that this is a test for you and an opportunity to gain spiritual ranks. Now you are in a situation where you must be patient with people who may not be upholding the same level of decorum that you are accustomed to. Here is an opportunity for you to advance, as Holy people have advised us: rather than avoiding all ill-mannered and badly educated people, we should mingle with them and establish contact with them, that they may benefit and that you may test yourself and gain thereby.

They are servants of the Almighty’s Will, and we are His servants too. Our Lord is their Lord and their Lord is our Lord. We must be patient and we will gain, little by little. Cherry trees first yield bitter fruit, but you must wait – little by little, little by little, the tree starts to yield sweet and tasteful cherries.

The Holy Masters have promised me that whoever sits with us and listens with his heart full of love must come to the same level: their hearts must open to Divine Love. The Masters are not going to abandon us, and we are not going to turn from them, as our hearts have been bound with the strongest of bonds; the bond of Divine Love, that strongest of relationships of love that exists between the Creator and His creatures. That relationship is the ultimate goal of existence, and we pray that we may grow stronger always.

Those with whom we sit and whose hearts are receptive to Divine Love will attain that love. This is a promise from the Masters, and therefore our meeting indicates that your time is approaching, the time when you will be able to break the bonds that make you slaves to your egos. Soon you will be free to approach your spiritual goals, and that is why everyone here feels himself affected and moved to tears.

If the love that was with me were only transitory love you wouldn't even bother sitting with me for a moment. But the love that is with me is real, permanent and Divine, and I have extended a ray of it to your hearts to awaken permanent love in you.

My daughters and sons in attendance here today have never met me before, but our first meeting has been enough to establish real love from my heat to theirs. This is a love they will never forget, a love that is blossoming in their hearts.

I ask my Lord for permission to spread His permanent love to the hearts of all people – and the time is approaching when we hope that permission will be granted.

Love is eternal, and the transitory nature of all things pertaining to this world is a sign of truth, a sign that shows s by means of contrast. Real spiritual love: love of Allah and love of mankind for the sake of Allah is the only truth, the only thing in this world that is permanently and constantly sweet. Physical separation from someone you love, in accordance with the rule that pertains to the physical, may create a longing that will cause love to increase, may augment the bliss of reunion. But on the spiritual level that love is constant, is never interrupted by distance or by time. Your beloved may be on the moon and you may be in bliss at the thought of reunion, but if love is

unrequited, that is not sweet separation but a bitter pill. The extinction of love is pitch darkness. You may regard the sunset as beautiful, but how would you feel if it were setting forever?

Love is the water of life. Allah created Adam from clay and water. If it were not for water the clay would hold no shape. Divine Love is what binds our souls together. That is why people become so miserable when they feel unloved. It is a feeling that something essential is missing from one's life, that life itself is incomplete, and in the face of this ache people set out in search of love with the desperation of a man dying of thirst.

Love is an attribute of God Almighty which binds His servants to Him eternally. If Allah were to hate mankind it would be so easy for Him to bring about an abrupt and terrible end to our follies – but He loves us and therefore shows us so much tolerance.

If you are a parent, consider your love for your children. If your son grew up to be a criminal, would you not love him still? Would you not maintain that despite his bad actions (which you would perhaps readily condemn) he was still basically at heart a good boy? Would you not find excuses for his bad behavior and have faith that he would turn away again from those bad actions?

Love is lovely to the Lord and to His servants. If you do anything with love it should be accepted by your Lord, and He should make it tasteful for you. If you love your work it will be easy for you to do, if not, it will only be a burden. The Lord says: "I am not in need of your worship; I am only seeking the love with which it is offered. "Oh servants of the Lord, Oh believers, you must not overlook this point. Don't be like slaves rowing in the galley of a ship – if you pray, you must pray with love not by force, as if a slave driver were standing over you with a whip! Allah never appreciates such forced devotions. Now we are trying to perform all the practices but forgetting to ask for Divine Love, so we are becoming like mechanical robots, or like people performing gymnastics.

Allah has asked us to engage our bodies in His worship and in service to His creation

through charity and good deeds, but what must be the fruit of those actions? If the fruit is not love it is bitter fruit and is rejected. If our worship causes Love of Allah to grow in our hearts, then we must keep to that practice and continue on our way: and if we are keeping the company of a spiritual teacher, and find that through keeping his company love of Allah is awakening in our hearts, then we must follow him closely.
The Love of Allah is not easy to attain, for we cannot imagine Him; therefore, He Almighty has made the Prophets apostles of His Love. Allah's Beloved, the Seal of Prophets, Muhammad, upon whom be peace, was such a pure medium for the transmission of that love that the hearts of his companions were overwhelmed with his love, and were transported to the love of Allah. He was the representative of Allah, who is the Absolute Truth; therefore, the Prophet declared: "Who has seen me has seen the Absolute Truth".
When a delegation of non-Muslims came to visit Medina, they were amazed at the love and respect shown to the Prophet by his companions. When they returned home they said to their leaders: "We have met many emperors, kings and tribal chiefs, but never have we seen one whose subjects or courtiers treat him with such sincere love and devotion. How can this be?" They were not able to comprehend the secret of this love, as their egos caused them to deny Mohammed's prophet hood. The love of the companions towards the Prophet was such that they used to say to him: "I am ready to sacrifice for you even my mother and father", which, for the Arabs, is much stronger than saying: "I would sacrifice myself for you". And in reality many of them underwent nearly unbearable hardships for the sake of their belief in the mission of the Holy Prophet: exile, disinheritance, boycott, torture and death.
Who represented the Holy Prophet after his life on Earth? They are those who evoked such love. The Prophet himself described them: "Those who see them are reminded of Allah". He who thirsts for Divine Love must seek out such people, but in our time they are mostly hidden, and Islam has come to mean for many people only a set of rules of conduct and forms of worship – an empty shell. Who can derive taste from such a thing? Shall mosques be only gymnasiums? And now the "gym teachers" are opposing Sufi Paths, which are the ways of the heart, ways that lead to the Love of

God.

Our Lord has given us an instrument that measures not your blood pressure but our “love pressure” and our goal is to make it high! Yes, seek to improve with every new day, for the Holy Prophet said: Whoever does not improve with each day is losing ground. “What does this mean? It doesn’t mean that if we pray forty rakats of prayer today, we should pray forty-one tomorrow and forty-two the next day. No, that is not required, what is intended is that you fill your worship with ever more love of your Lord, so that He will observe: “My servant has sent Me more love today than yesterday. “One of our Grandsheikhs summarized perfectly what I am trying to say: “An atom’s weight of love is worth more than seventy years’ worship without love”. Today we speak about love for Allah and His Prophet. Our Grandsheikh was telling this hadith, that one day the Prophet was giving a sermon when one Bedouin came to the door of the mosque and shouted: “Oh Prophet, when is the Last Day coming?” There was no answer, so he called out again and still again. The Prophet was waiting for Allah to provide him with an answer, as only He knows when the Last Day is. Then the Angel Jibril came to him saying: “Ask him what he did in preparation for the Last day”. The man replied: “Muhammed, I love you and I love your Lord, nothing else, only this”. Then Jibril told Muhammed: “Answer him that he will be with you and your Lord like two fingers together. Everyone who loves another must be with him on the Last day.” On hearing this, Abu Bakr asked: “Oh Prophet, is not action a necessary condition, is only love enough?” He answered: “No, Ya Aba Bakr, actions are not a condition, what is important is love. Everyone will be with his beloved friend.”

Target and effort...This is a reminding, and it means that most people are heedless or drunk. A drunken person needs someone to make him to know something,
not to continue from beginning up to end drunk, no. We are not coming here to be drunk with Dunya or our physical being's pleasures. Those pleasures get less day by day; they are not increasing. From childhood they increase a little bit, then they stop and come down, because our material being can't carry the same power from beginning up to end. A person must reach to a top point, and then the pleasures of his physical body begin to come down. But our spiritual pleasures are increasing endlessly. As much as you can ask, you can take; you may reach more and more, and that is Paradise people's speciality.
Paradise people ask more in every moment and they are also given; when they ask more; they are given more, endlessly. Our spiritual being is just prepared to accept more and more, but for physical enjoyments there is a very short period, then they finish and there is no more taste.
From a jug of honey everybody likes to take one spoon and eat. If you give one spoonful more, he may accept and enjoy and say: 'Oh, so good.' And I am saying:

’Third spoon?’ ‘Very good.’ ‘One more?’ And he says: ’No, thank you, enough.’ ‘Please take, it is free.’ He may take a fourth and a fifth spoon. Then, if I am saying: ’This is free, take it all’, he says: ’Ya Hu- I can’t.’ ‘You must eat.’ ‘You like me to die?’ ‘Why? From honey a person may die?’ ‘If eating too much, may die.’ Honey is a symbol for good taste for people; and it is going to stop. One can’t be able to finish even one jug; our physical being never accepts more. But our spiritual being is accepting more and more, endlessly, and in Paradise our spiritual being is on power. Our Paradise bodies’ material is not dense, therefore we are eating and drinking and also the enjoyment is never ending, but same. Through Paradise favours are growing. Never any Paradise person is going to say: ’I am fed up.’ ‘La yabruna ana hiwala.’ They never ask to change their life-style or place in Paradise, because there is no monotony in Paradise; each time they look they get another view, another enjoyment, another beauty- endlessly. The Tajalli, manifestation, is changing every second. Subhanallah! Therefore- spirituality is our real target here and hereafter. We have been created and we were in Paradise. When Adam and Hawa were sent on earth their target and wish and will was always to reach to the paradise atmosphere. They lost that atmosphere when they came here, and they were asking for it everywhere. They never tasted any enjoyment since they were sent from Paradise to earth, and they cried. Because who tastes, knows, and who doesn’t taste, never knows. Adam told his son and children, his generation, about Paradise, but as much as he said, they never reached what Adam reached, because he had tasted, and his generation never. Adams saw by his sight and he tasted and then came on earth, but his generation only heard about it. If you do not taste, you can’t know about something.

They brought a plate with honey to Rasulullah’s holy presence sws, and he asked one Sahaba: ’What is it?’ He said: ’Honey, ya Rasulullah.’ He asked his Sahabas one by one and when he asked S.Ali, Ali put his finger into the plate, took some honey and tasted it. Then he said: ’This is honey.’ The knowledge of the Sahabas was something; the knowledge of S.Ali was through tasting. It is different, if

you know and see, but you do not taste. The main mission for mankind here is to come to reach the taste of Paradise pleasures, but people run after material pleasures, which are so simple, mixed and bitter, because of their physical being's enjoyment. They are not interested in their spiritual pleasures. That is the heedlessness of common people. They get drunk with Dunya, and they get the idea to reach more pleasure, to taste from the pleasures of Dunya more and more. That makes people heedless, veiling the spiritual pleasures.

Allah Almighty sent His prophets to make people to wake up, to cut that veil and to look what is the real position of mankind and to know themselves. When a man knows himself, this opens the way of 'marifat', the divine knowledge of Allah. Without this knowledge about their spirituality, the reality of man, which is with his spirituality, people only run after their physical being, interesting in material enjoyments. They lost the spiritual enjoyment, and it is not the real target to enjoy with something beyond Allah, no. Through our tasting and knowledge about ourselves there is going to open in front of us divine knowledge, which gives us way to know about Allah, marifatullah.

But we reached the 21st century and people run after material aspects day by day more and more. They come under the heavy burden of material, and economy represents material aspects. East and West, Arabs, Turks, Muslims and non-Muslims; the whole world is only occupied with economy and nothing else, and economy represents material. Day by day that economy is coming on them more and more heavy, and it is going to make them like a slide, like a plate. And as long as people make material their main target and run to reach more, they come under a heavy burden, and there is no way for the people in the 21st century to be saved. The economy is finished; there is no way to save people with material aspects.

All prophets and saints were trying to make people disinterested in Dunya. The medicine for all mankind is to try as much as possible to be far away from material aspects. Material is like a peak, but you may take from it only what is necessary for you. If there is a peak of gold, you have been offered, or Allah

Almighty is granting to you to take from it only what is necessary for you. One piece you may take. When you take a second one, you will be questioned about it: ‘Why do you take two? One is enough for you.’ You should be asked and you must answer. And Allah is going to say: ’If it is for My sake, you may take as much as possible. If it is not for Me, and you take a second piece, it is going to be a burden for you, and it may carry you from My divine Presence. It is going to harm you and make you a slave, because if you are not taking for Me you take for your ego. You are trying to feed your ego, to fulfil your egoistic pleasures, but it is not for you, but against you. I am making it free, but I am going to ask you.’
