Therefore take from Dunya what is necessary for you to stand up for the divine service and to support your religion, ‘dinallah’. If you say: ’I am using this second one to support Islam’, you may take one hundred, or one thousand. If you take for defeating Shaitan and his armies, it is okay, but for your ego, you can’t.

Therefore we have been granted to speak on our mission: every day support ‘Din-ul-haqq’, Islam, and Allah’s orders, to establish His heavenly Kingdom and to destroy the satanic kingdom on earth. Day by day you must try to take away even one stone from the way that reaches to the divine Presence, to make it clear, so that people may walk on it to Allah. Everything must be for Allah.

When you pass from here there is a soldier’s camp with a flag. It is written on it: ‘Everything for the homeland’. They say this, they are not going to say: ‘Everything for Allah’. That is heedlessness, big heedlessness everywhere. Every country is saying: ‘Everything for our country, our homeland only’. Nowhere on earth they say: ‘Everything for Allah!’ Look East and West. Which country is saying: ‘Everything for Allah?’ Blame on mankind 1000 times, and 1000 x 1000 times, that they say like this and don’t remember their Lord Allah.

May Allah forgive us and send His guidance, to take away wrong people and to bring true ones, to lead His servants unto truth. O Allah, You know...

## TARIQAT HEIßT, NICHTS ZU SEIN

Ich bitte Allah um Vergebung für jene, die versuchen, berühmt zu werden oder Scheichs oder etwas besonderes zu sein. Es ist schade um jene, die behaupten, einer Tariqat zu folgen und die nicht für Allah, sondern um ihrer Begierden willen handeln, oder nur, um spirituelle Stationen zu erreichen. Es gibt 41 Tariqats. Bei 40 ist es so, daß, wenn sie ihre oberste Grenze erreichen, sie beim Naqshibandi-Orden angelangt sind. Wenn sie Naqshibandi-Muride werden, ist die erste Bedingung, alles zu verlassen, was sie bis dahin erreicht oder bekommen haben. Jede Station, die ihnen gegeben wurde, zu verlassen und ihre gesamte Existenz aufzugeben. Das müssen sie akzeptieren am Ende aller Tariqats, es wird ihnen angeboten, alles von sich zu lassen und ihr Dasein aufzugeben, so daß sie ohne etwas sind, um 'Nichts' zu werden. Dann erreichen sie den Punkt, den ein Naqshibandi-Murid erreicht, und niemand außer einem Naqshibandi-Murid kann dorthin gelangen. So viele Leute mögen am Tassawwuf interessiert sein und so viele mögen mit tausenden der Namen Allahs Dhikr machen, wobei jeder der Namen eine Wirkung hat, aber wir vom Naqshibandi-Orden nehmen euch all das weg, selbst eure zeitliche Existenz, um euch zu Nichts zu machen. Andere Orden mögen euch himmlische Stationen geben, und die Muride mögen Gefallen daran finden. Doch für Naqshibandis ist es nur wichtig, die Leute zu Nichts zu machen, wie ein Tropfen, der auf einen Ozean zufällt, und wenn er ihn erreicht, ist er kein Tropfen mehr, sondern wird zum Ozean. Wenn jemand an den Freuden von spirituellen Stationen und Kräften interessiert ist, soll er irgendeinen Sufi-Weg gehen und viele, viele

tausende von schönen Namen rezitieren und viele Stationen erreichen. Doch letztlich wird er sagen, oh mein Herr, ich habe meine Zeit mit etwas anderem als dir vergeudet. Unsere Pflicht und Autorität ist es, die Schüler als Nichts unserem Herrn zu übergeben. Andere Orden mögen so viele seltsame Dinge sehen, doch das wirkliche Ziel ist Er selbst. Das ist das Hauptziel der Tariqats. Deshalb akzeptieren wir jeden, der das Nichts-Sein akzeptiert. Es ist ganz einfach zu praktizieren, denn wir wollen nichts außer Ihm. Der Prophet (FSmi) ist unser Führer und unser Beispiel und unser Vorbild. Am Tag der Himmelfahrt durchquerte er das ganze Universum, doch er schaute nichts an, er war an nichts interessiert, an nichts als Allah. Wenn er etwas interessant gefunden hätte, hätte er nicht das Ziel erreicht. Denn der Naqshibandi-Orden ist nicht interessiert an irgendetwas anderem als Ihm selbst. Sie mögen viele tausende von Anrufungen machen, doch wenn sie mehr tun, als ihnen aufgegeben wurde, wenn sie ihren Scheich überholen, entfernen sie sich aus der Kontrolle ihres Scheichs und werden verrückt. Nur Großscheich kann die Erlaubnis geben, so viel wie man will zu machen, denn er weiß, wo jeder ist, und er ist schneller und stärker als alle Muride. Wir sind nicht in Gefahr. Selbst bei Millionen von Muriden ist Großscheich immer vorne. Weil dies in den anderen Tariqats nicht so ist, gibt es so viele Halbverrückte. Deshalb müssen die Scheichs jener Orden die Zahl ihrer Muride konstant halten und für mehr um Erlaubnis fragen oder, um sie tragen zu können, einen Naqshibandi-Scheich aufsuchen. Großscheich sagte immer, zwischen uns und den himmlischen Stationen sind so viele Schleier, und der Naqshibandi-Murshid zerschneidet diese Schleier von oben nach unten, bis vielleicht nur noch ein Schleier übrig bleibt, der Schleier des Menschseins, bis zum letzten Atemzug. Doch andere Tariqats fangen von unten an zu schneiden, deshalb öffnet sich ihren Schülern schon bald die innere Schau, und sie schauen eine Station nach der anderen. Von jedem dieser vierzig Orden kann man kommen und sich mit einem Nasqhibandi-Scheich verbinden, und so lange ein Schüler sein Versprechen hält, ist alles gut. Wenn er aber Übungen einer anderen Tariqat praktiziert, mag unsere Unterstützung für ihn abgeschnitten werden. So lange er mit uns in Verbindung ist, können ihm keine schwarzen Magier etwas anhaben. Wenn er sein Versprechen hält, ist er beschützt, wenn nicht, wird er in Schwierigkeiten und Elend geraten, und alles kann ihn verletzen. Wir haben es nicht nötig, berühmt zu sein, so wie auch die Jungfrau Maria vergessen und unbekannt sein wollte. Sie sagte: "Oh mein Herr, ich möchte nur vergessen sein." Welch gute Lektion für berühmte Leute, zu versuchen, unbekannt und vergessen zu sein, denn der Ruhm ist die schwerste Last auf den Schultern der Menschen. Versuche, in den Ozeanen der Einheit mit Allah dem Allmächtigen ein Vergessener zu sein und sein bescheidener Diener.

**Tariqat is just built on association with Sheikh**

Destur, ya Sayyidi, Meded, Meded ya Sultanu-l Awliya...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Long time I am not coming here ( to the Dergah) and I am in need for a rest, (but) today our South African brothers and sisters (are) coming from the end of Africa, last point...

Our Imam that he is the most important pillar through (the) most distinguished Naqshbandi Order, Shah Bahaudin Naqshband, he was saying that our Tariqat is just built on association with Sheikh. And if (the) Sheikh is not ready, (then with those) whom they have been authorized through (the) Sheikh to speak (to) people, to make association with people. (Association) must be, even (for) a short time. If you can find a (period of) time (as long as) that (in it) you can be able to milk two sheep- that make take 5 minutes- you must not leave association. If two brothers or sisters are coming together and (they) can’t do anything, but (they) may say, one of them: “Ashadu an la ilaha ill-Allah”, and (the) second (one) may say: “wa ashadu ana S.Muhammadun Rasulullah sws. Ya Rabb, keep us on this real belief”, that (for) who (is) keeping this He (Almighty) may open His Paradise entrance. No one can be able to enter Paradise without using that key, the key of Heavens.

The key of Paradise- what is that? “La ilaha ill-Allah, Muhammadun Rasulullah”, and to say: “I am witnessing the Oneness and the Existence of Allah Almighty, Who created everything and (Who is) giving to everything what they may be in need. Nothing can be hidden from Allah, impossible, because everything He created. If He created (everything), how He is not going to know? No one can be in existence, if Allah Almighty (is) not putting that one in existence.

Therefore we may say: “Oh, this atmosphere is full with atoms. We are breathing- what (is) coming in it and what (is) coming out, how we can know?” Must know! (It) can’t be hidden. If it is hidden (it) means (It is) not coming in existence. Don’t use your balance (material measures) for Allah, no! He is the Creator, He is the Lord of everyone, (of) everything in existence, and everything (is) saying: “O my Lord, glory to You!” Everything (is) glorifying Allah and He is knowing. Subhanallah! Don’t use your balance for understanding Allah Almighty, no! Leave Him- even you can’t understand a real being from an ant. (And) leave it- you are knowing yourself? You are knowing yourself, who are you? You may say: “I am Sheikh X..” “From where?” “From Germany.” That is your identity! You know nothing else about yourself? Who are you? You are different from that one, and he is different from that one- everyone has a special condition, a special foundation, a special identity. You are one, (there) can’t be (a) second one as you. Who are you? How you came? How you are living? How you are living this life? From where you came? You think from the womb of your mother (you are) coming? How you entered in it and coming out? Who are you?!

Today you are here, (but) tomorrow coming someone else, you are disappearing. 1oo years ago no one from here (was) in appearance, in existence here. Now we are in existence, (but) tomorrow, that means (in the) coming 5o years, or 6o years, or 1oo years no one (is) going to be...How (it) happened? So many millions of people lived on (the) same area- where they are? They are becoming imagination, no reality (for them).

But (there) must be something from reality that (they are) coming and living here and (then) leaving this life and going away. Must be something! Through that imagination (there) must be one point that belongs to reality. What is that? Man through (the) 21st century (they) are not leaving the way of heedless people! They are leaving themselves and (they are) running through nature or through space and spend huge amounts of money and energy and effort asking to go to space. They are making such instruments, rockets, saying: “We are going to reach to (the) comet.” “Which comet?” “Any comet. We are asking to reach there.” “You are reaching through your eyes?” “No, we are putting some instruments to look on behalf of ourselves.” “Your eyes (are) much more important or your instruments? What you are asking?” “We are trying to reach know the beginning of space, of our earth.”

Ma sha Allah! So foolish people! “What you are going to know? And everything had been sent from Heavens to know it! Why not looking through the messages that the Creator of space and universe sent to you to look and to learn? What you are going to say?” They say: “(The) Big-Bang(-theory) (is) just getting older and (it is) getting to be out of time, going to be useless. We must try to occupy (the) minds of people with another theory! (So) we are saying: Oh, we looked (and saw) that comets that they are making such planets everywhere they are going, and they are bringing new born world planets.”

What happened? We are riding on camel to take this new planets for yourself? Registering on Americans or Russians? American rockets (are) going straight, Russian (rockets are) going like this and coming on them... therefore (the) Russians (are) very unhappy, (wondering): “Why (this happened)?” After a while also American rockets (are) going to disappear...

Look through yourself! Ask yourself! Why occupying yourself with nonsense things? “Who are you?” I am asking, (and): “What is your mission?” You know it or now when sending this rocket up? No! Look after yourself to learn your identity and mission!

But people (are) working for Shaitan! 1oo % people (are) working for Shaitan now! You can’t find a person working for Allah. Perhaps through one million you may find 1o or 1oo, but others are all working for Shaitan. That is the source of troubles on earth, because Shaitan (is) trying to give trouble and (the) first trouble-maker (ever) was Shaitan. When Allah Almighty (was) ordering for Sajdah and he was refusing, (he was) making (the) first trouble through (the) heavenly existence, making angels and every creature there not to be happy, because he did a trouble. And he continues up today (to make trouble) and he is going to make that trouble up to the end of this life (on earth).

Therefore every trouble (is) coming from Shaitan and every trouble that people fall in it (and all) unsolved problems (come) after Shaitan. Shaitan (is) teaching (people) and as long as people (are) working for Shaitan they are not reaching a peace on earth until (the) earth (is) going to be destroyed with these people. As Allah destroyed the nation of Noah with (the) flood, (He is) going to destroy whole Shaitan’s workers. When they

are destroyed our planet is going to be clean. Then, when (it is) clean, (it) means (that) people on earth should work for Allah, because (that was) our oath (on) the Day of Promises: “O our Lord, we are going to work for Your servanthood. We are not going to work for anyone else.”

That is our oath! Now everyone (is) forgetting this and (they are) changing and saying: “We are working for Shaitan.” May Allah forgive us!

O people! Save yourself from the hands of devils that (they) are all representatives of Shaitan. Leave them; don’t give (them) any support! Don’t give your support! If you give, you fall in sufferings and miseries! Come to the friends of Allah! Try to be with them to save yourself, to be clean and to try to clean (everywhere) from East to West, from North to South. Allah Almighty (is) promising: “Who is trying to do this, I am his Supporter!” Don’t worry that you are (only a) handful (of) people. (It) doesn’t matter! If Allah (is) with you, you are victorious, (you are) never going to be defeated, always (you are a) winner. Who is with Allah (is) always (a) winner and victorious! We are humbly asking (this) from our Lord Almighty Allah!

For the honour of the most honoured one His divine Presence, S.Muhammad sws, Fatiha...It is difficult, but it is the best way for our lives...

## Tasawwuf (Sufism)

Bismillahi-Rahmani-Rahim
Unser erhabener Lehrer sagte, als er nach der Bedeutung von Tasawwuf (Sufismus)gefragt wurde: „Ein jeder definierte es entsprechend seiner Erfahrung und seiner Zeit. Schâh Naqschband sagte – möge Allah sein Geheimnis heiligen: ‚Unser Weg ist Zusammenkunft und das Gute liegt in der Gemeinschaft!' Unser Meister Abû Yazîd al-Bistâmî sagte: ‚Es besteht darin, Widrigkeiten zu ertragen!' Unser erhabener Meister, Maulânâ Scheikh,`Abd Allah ad-Daghastânî – möge Allah sein Geheimnis heiligen – sagte: ‚Es besteht darin, seinen Zorn hinter sich zu lassen!' und in Bezug auf den Anfänger sagte er auch: ‚Es besteht darin das ‚Warum?' gegenüber seinem Meister aufzugeben!'"

Dann fragte jemand Maulânâ nach seiner eigenen Definition, doch aus Bescheidenheit und Adab gab er keine sondern sagte stattdessen: „Wir sind Diener und Nachfolger dieser Männer und hoffen, daß sie uns als solche akzeptieren!"

Maulânâ, so berichtete einer meiner Reisegefährten, definierte Tasawwuf einmal bei einer anderen Gelegenheit als: „Fuß im Schuh". Das heißt, ein jedes Ding in völliger Demut und Einfachheit an genau den ihm gebührenden Platz zu stellen.

Und in diesem Zusammenhang definierte Maulânâ Ungerechtigkeit als: „eine Sache an einen anderen als den

ihr gebührenden Platz zu stellen.“

Demnach beinhaltet Tasawwuf den eigentlichen Kern und die höchste Stufe von Gerechtigkeit.

Imâm al-Quschayrî sagt in seinem Tafsîr (Qur’ânkommentar) Latâ’if al-Ma`ârif: „Wer seinen Blick am rechten Orte übt, wird zur Erkenntnis Allahs des Erhabenen gelangen!“

## The Task of Sufi Centres

"You should not waste your time by fighting with other Naqshbandis. That is one of the tricks Satan uses to make you weak, I want you to direct your strength outwardly toward other people. You should not accuse each other of things and cause unrest. That is foolishness. People want to be led to the right path by you, to truth and reality - they are thirsty for that. You should not be sitting together telling each other what others should do - or not do. That is not what we want. I am happy when my followers gather crowds who feel attracted to them, also when they do it in their own home. You can tie on after the next - collect them. Look at Burhanadin - he is catching so many with his hook, that is what is important. It is not important if five people are sitting somewhere and making dhikr (remembrance) there, just to spend their time. Go and hunt! That is what is important, to be a hunter. I want everyone to be a hunter, not to fight between yourselves. No, go and hunt. Gather more and more people. Save the souls of people! Help and support each other for this purpose. Make tea parties or meals. Picnics, lectures, seminars from time to time. Direct your energies to the outside world, not against each other, wasting them. Don't make a 'religious' centre, make a social centre for social functions of every kind. Make everything which is not haram and what people like to do. Keep horses, many people like to ride. Set up libraries so that people can come and look. Don't charge any entrance fee, set up tea gardens where people can come and listen. Organise exhibitions for people to come and look. Give a free meal every week or every month to make people used to coming regularly. Organise car boot sales to attract

people. Make exhibitions about different subjects to attract people, you have to use your mind a bit. You have enough of it to be able to attract people.
You could set up a kindergarten where working mothers could leave their children. Organise a meeting place for old people where thy can come together during the day time and relax. The state would even pay you for that. There are so many activities like that. Make a collection of beautiful birds. Make a collection of flowers, plants for sale or like a park or garden in which people can sit to look after them. There are so many possibilities, hundreds of things. Make evening classes for sewing. make oriental exhibitions, Indian, Turkish, Christian... These are the things you should be doing, not sit (in Berlin) and quarrel with each other. Organise a sale every week where people can buy things from warehouses. Advertise, put signs on the streets, so that people who are driving by will stop and buy something. It can be a very beautiful place. Make stamp collections, photo exhibitions, book collections. Bring all kinds of skins, wooden and handmade objects.
Tell people that you have a temple, synagogue and a mosque. Who wants, can come. They will come. People need so little to be pleased nowadays. If it is free, so many will be interested. Keep sheep in their enclosures and bring donkeys on which the young ones can ride.
You must work out these things I am telling you in detail and you must look who is an expert for what. Don't look if people are Muslims or not. Just see if they are interested, then they are welcome. It should be a place for the good of mankind without making a difference of religious beliefs or race, but it should be mainly for people from this country. Use the good old customs of the English; their costumes, their houses. With everything you do - try to make young people interested in their history, their old customs and good traditions so that these don't get lost in bad times. Make a peaceful centre for young and old, for every kind of people. And whichever means you need, Allah will send to you. He will send you so many helpers. If you start looking more and more, doors will open.
Make a scrapyard: rent or buy a big piece of land where you can put everything which people don't need anymore; lorries, cars, furniture, just write;" We are prepared to pick up anything for free." Then so many doors will open up. You can say that it is a charity which is helping poor people all over the world. Like Father Pierre in Paris - he is even more well known than the president. He is more than 90 years old but he is so eagerly busy to help people that everyone knows him in France. Everyone who wants to get rid of something calls him and he picks it up. Start by making a room for something like that in your basement, bring everything which people throw away and it will regain some value. Sell healthfood products, everything which is good for people and which interests them. You can do so many things here. Allah will give you

success. Make camping for the children. You must say to people that you must not allow anything on the land which will harm them, physically or spiritually. We don't want that. We will do our best to make drug addicts stop, we cannot make them stop at once, but they can come and gradually we will bring them away from it.
I do not like it when someone comes and complains about someone else. Grandsheikh is just transmitting; out of respect for a sheikh you should never bring him any bad news. You should never come to him and make him worried about anything. That is bad behaviour. You must always try to bring him good news to make him happy so that he will pray for you, because if your Sheikh is happy with you then your Grandsheikh is happy with you too. Which means that the Prophet, peace be upon him, is happy and then Allah is happy with us too. That is why you should never bring any bad news to your Sheikh, this is very important, you need this advice a lot.
You can come and tell me that someone new has taken shahada. That someone has come to see you and was happy with you. That you have made a teaparty and the people were happy. We have given this or that to someone. He was very happy. We have given charity, food, tea. We have met a bishop, a priest, we have shown respect to the official people of this town and they are happy with us for helping them to uphold the respect in this town. We are visiting hospitals, prisons, psychiatric institutions to give people hope for the future in there. We have married so and so. we have collected old clothes and organised a flea market. We have made an arrangement with this or that restaurant to pick up all the leftovers to give to poor people. We serve soup to poor people everyday. Just don't let there be any dirt there.
People who come and want to stay for a few days must be clean as much as possible. At least to a degree that other people will not be put off. Don't let mad people come, or people who will harm others with their actions and their looks.
If someone insists in behaving in such a way that people will hate our centre, you have to inform the police to take such a person away.
Only allow clean people, who look tidy. No dirty, drunk, nasty people with bad looks. Send all those away. We do not accept abnormal creatures. Normal people must come, people with normal behaviour. Those who disturb others are excluded. And give people the respect they deserve according to their level. Whoever comes to spend three days or more should pay a reasonable sum because they will get breakfast, tea and meals. You can combine breakfast and lunch and then serve food again after the evening meal. You must look at what is cheap but suitable for the guests. Especially when you organise seminars you must see what is appropriate. You must see that they are at ease and keep everything clean. Even the poorest of us should pay something

when they come into the centre. Four or eight pounds to support the centre in the name of belief and in the name of truth to train a good generation with good manners. Everyone, especially my followers, must try to give some financial support for this place. Not just expect something from it, but at least make a small contribution. They should not come and show their empty pockets. Whoever comes must give something for the centre, for the holy place. It is not important how much poor people give, even if they just chop some wood, look after the plants, clean up...but they must do something, not just put their feet up and hang around. They can do that in their spare time, but whoever lives there must do at least two hours of physical work for the centre daily. And they have to take part in the communal prayers, at least once a day.

Who should organise and give orders? Who is responsible?

That is something which you should work out for yourself. Whoever want to give most of their time. I am seeing so many brothers who are just lying around without a job, just waiting for their wives to serve them. They are neither doing this or that. These are the kind of people who should be kept busy on a permanent basis in a centre like that so that they are kept fit in a physical as well as a spiritual sense.

Put a string of lamps around the whole place and illuminate it at night. On holy nights, Muslim and Christian, the whole place should be lit up. Little lamps like that are so cheap and they do not waste electricity. The place should shine like a star so that everyone wonders what is happening there. One group of people should carefully look after the visitors. If you can find someone from the North, the South, the East, the West, who has the talent for that and whose mind is working and does not get tired easily, bring them to do such a job. Install a place to repair pianos. Give lessons in piano. Why not? So many people would be interested. Advertise. Make film evenings with video.

You can have many more ideas than these. Everything is possible and the government can give you grants if you contribute to education and health. There is enough room for all of that. Make a free psychiatric centre, a free healing centre. You can get free samples from pharmaceutical manufacturers and hand them out for free, the more you help other people, the more light you will get. Allah loves it when you help others. Make a room for free births with midwives. A clean place with a midwife with five or ten beds for natural births without caesareans, people will be so thrilled. If they want to give something, they can. If they can have a natural birth people might like to contribute with £4000. There are so many things you can do. Try to do your best for others and don't worry. May Allah give you success according to your good intentions. Don't stop your imagination from the endless possibilities of what you can do. Even if you can just do 1% of this it is an honour and useful for humanity. I don't expect you to do 100%. Take everything which people throw away

and use it or send it to other countries as spare parts and make it in a way that the government will support you and not ask you to pay taxes. You must register the place as a charity for humanity.
Thank you.

## Tauba - Repentance

'Tawba', Repentance, means not to listen to one's four enemies- the nafs(ego), hawa(vain desires), dunya and shaitan. Man may agree with his Lord or with his four enemies. If a man is asking to return to his Lord, he must be in rebellion against those four enemies, and not listen to their orders.

## THE TEACHER OF OUR NAFS IS SHAITAN

Ashadu an la ilaha ill-Allah wa ashadu ana Muhammadun abduhu wa Rasuluh!

Astaghfirullah, Astaghfirullah, Astaghfirullah min kulli thanbin masia, min kulli ma yukallifu
dinu-l Islam...

As-salamu alaikum! Meded, ya Sultanu-l Awliya! Meded, ya Rijalallah!

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

Always you must think that Shaitan (is) around yourself, asking to cheat you! Never (he is) leaving man to be rest here or to reach his Lords Pleasure! That is its target, Shaitans target; (he is) asking to make you to fall in troubles here and to fall... the Day of Resurrection to be carried to Hells- nothing else! And he is coming, coming to man as an advisor, saying: “I am your best advisor, listen to me!”

He did his worst for first man S.Adam, till (he was) making him to be thrown away from Paradise! From (the) best life and best conditions to be pleased and in pleasure, (He was) making Adam to be thrown away, on this planet. This is its mission.

But Allah Almighty granted to man mind and will! These two important attributes (are the) biggest Favour, biggest Grants to ourselves! Allah Almighty just granted (them to) us through this life, not to fall in the traps of Shaitan.

S.Adam he did his ‘wasiya’, oath, to his children and he was (the) first advisor for his children and he was Prophet. Allah Almighty (was) addressing to him and sending Gabriel

to show the way to come back to Paradise. Shaitan (was) just thrown away, because he did his worst in (the) divinely Presence. He did his courage to say- Astaghfirullah: ” You are wrong, I am right!” This (is) never acceptable! Therefore every Angel (was) kicking (from) behind him and throwing Shaitan to fall down. ‘Tarku-l Adab’, not to keep the high Respect for Allah Almighty! How he can say this, to say: “You are wrong, because You are ordering me to make Sajdah, to bow (to) Adam. I am not getting obedient for You, because this Order is not true!” Astaghfirullah, Astaghfirullah, Astaghfirullah!

And (they are) on (the) same type, our egos; (they are the) same with Shaitan, because Shaitan and ‘nafs’ (are) on (the) same level! (The) teacher of our egos (is) Shaitan. And (the) students of Shaitan (are) our egos. Therefore (the) Prophet was saying: “If you are asking (who is your) most terrible one, terrible enemy, don’t ask this one, that one... no, (the) most dangerous enemy is through your two sides: (it is) your ego! Beware, o servants of (the) Lord, beware of your egos! Every cursing (is) coming on you for the sake of your ego!” This must be taught to people!

What they are teaching? (They are) teaching, how (the) atmosphere (is) getting warmer... That is their biggest worry now, (for) mankind, nothing else! They are thinking: “When these mountains of icebergs (are) falling down, what it should be? (to) where we are going to run?” I am saying: “That is coming to cover every continent! Prepare for yourself, as Malaysian people; (they are) making their houses from wood, sit on it and look down...!” No anything else (is their worry), ‘hammuhum’; they are worrying about what should be!

Ya Hu, (are you) not thinking that one day you are going to Akhirat, (that) one day (is) coming to you (to be) your last day? For everyone (there) should be one day (of) his life (that is his) last day- (for) what you are asking (about) this?

Because they are not believing! Shaitan (is) making, training ego, training egos, not to believe in anything!

Therefore this democracy-pocracy, (is the) dirtiest system for people, giving 100% freedom for egos! That is (the) command of Shaitan, (the) big Shaitan!

They are taking this, (their) whole care (is) going about this point and nothing else!

Ya Hu! We must die! (Even) if that icebergs and waters (are) not coming, we are going to die anyway, we are going to pass away! No one (is) coming... But (our) egos that... they are students and followers and 'murids' of Shaitan! Who has not a guide to Heavens, their guide is Shaitan!

And egos, they are so happy to follow Shaitan, because Shaitan (is) saying: "Don't worry, do everything! Just I did it and I am free now! Don't listen for Prophets, you may accuse them, every kind of dirty description or dirtiest characteristics, you may say. You must be free and democracy now (is the) best system for peoples government system!" And whole of them (are) falling in an endless crises and endless troubles, countless problems unsolved- they are now like no mind animals!

That is Shaitans advice and Shaitan (is) ordering to them to: "Look, which one of you (is) more and most learned to be with his ego, to be servant to his ego, bring him (for) elections, make elections!"

Allah (is) never ordering to make elections! (It is) pity for Muslims! Everywhere they are following Shaitans 'murids'; Shaitans followers (are) saying: "You must be also like Europeans, Western people! If you are not going to be (like) Western people, you are always... going to be your value no value!"

Therefore our people, Muslim people, they are also taking and making elections.

And elections (are) not bringing best ones or better ones or good ones, but (they are) bringing worst ones! Allah Almighty (is) never ordering to make elections! It is not for believers! And thousands of years... You are from Egypt; you heard about Pharaoh (that) people (were) electing (a) Pharaoh?... Who is that one saying this, from where (they are

bringing election)...? (Shaitan is) never leaving people to follow heavenly Guidance!

Prophets (were) bringing heavenly guidance and they are guides! Anyone (who is) not accepting heavenly Guidance and Guides, they are followers of Shaitan! And Shaitan, (to) where it is going to fall, to be taken away the Day of Resurrection? He should (be) carried to Hells and (everyone) who (is) accepting him as their guide, and following his guidance, (they should) also (be) taken to hells!

As beginning now on earth that Last Days... 'ayamu-l fita', corruption days now...

If you are saying (this), no one (is) believing or saying: "(What) you are speaking, o Sheikh, (is) true!" And Allah Almighty (is) ordering: "O My servants, believe in Me and follow My true Ones, true Servants!" Which one (is) true (from those) ones now elected? (They are) perhaps (the) worst ones (who have been) elected up today!

O people, may Allah forgive us! We are in (the) holy month (of) Ramadan; (the) most blessed Month! Try to reach a power and authority on your ego, to be able to catch it and to ride on it, or it is going to ride on you, taking you to Hells!

That is (the) only reason- ohhhh!- that people (are) going- speaking... coming- speaking... sitting- speaking... on false (?) Speaking, speaking, speaking...

Shaitan (is) making them speakers, 'speakers'. "Don't do anything, only you must speak! You say, then you stop; when you are tiring, X. (is) beginning... You begin now!"

When (he is) finishing, tiring, (Shaitan is) coming, saying: "Y., take his place, speak!" Then (Shaitan is) coming to Z., saying: "O Z., ask for who is going to rest (?)..."

"You tried these things..." also (he is) trying to address people and saying this and that, this and that...: "You must not... because (there is) no result for my work, you must go to UK, because they are giving free money! You can find on streets also, because so many people (the) whole night London people, all of them, they are drunk people... So many times they are throwing, falling from them- ohhh!- Pounds or Shillings... You must

not work! Go to UK!" Saying A., giving, advising people: "Cyprus finished, because their pockets empty, go there, UK! You, up to morning or after midnight, get out, like fox..." -

I was going around England, coming to home after Terawih, I was seeing so many fox running like that, like that... fox, because they are looking, if no one on street, they are coming out... -

And he is advising: "You must go the time of foxen, (when) they are getting out, you must get out, to look around...!" This...

And everyone (Shaitan is) advising to go to Western countries, to collect money. New advisor for...Z. (is) saying: "No, we must go UK or Holland... Holland is better for us! We must stop in front of Pubs, when they are going like this, like that... people, because they are drunk, put them on earth and take everything, leave them only with inner clothes..." When he is getting...: "Oh, where is my clothes, where is my money, watch...?" Then (the) police (is) carrying them to their homes...

He is another advisor for example....

That is (the) democratical system to give people full freedom to do everything!

No! Shariat (is) putting limits of Halal and Haram! But Shaitan (is) saying to our egos: "Don't listen, you must be free, 1oo % free! Don't listen to (the) Shariat of Islam! No, you must try to do everything, as you like!"

And I am sorry to say that Muslims (are) making what (are) making European, Western people, their life-system; they are trying to be 'Western Muslims'. To be Western and to be Muslim it is impossible, never coming together! 'Westernized Muslim' and Muslim- never going to happen this! Western people, they are not Muslims! Their life-system is not Islamic, their schools (are) never Islamic, their works (are) never Islamic- what you are going to do there?

Eat dry bread in your territories and listen and hear Adhan Muhammadi: “Allahu akbar, Allahu akbar!” What you are listening in Western countries? Dang... dang dang... dang dung... dang dang... dang dung... all rings, bells of churches... Why you are going? You are not finding bread in your country? What (is) happening to you to be ‘westernized Muslims’? That is Shaitans advice to people!

May Allah send us a heavenly One who should be dressed ‘heybatu-l Islam’, Glory and Power of Islam in him, to collect the hearts of people, to take (them) away from the hands of Shaitans and to give them to be leaders to Paradise!

We must bring (the) Prophets way back, the Seal of Prophets (Way)! We must destroy (the) shaitanic Sultanate, we must try to bring Islam’s Authority and Glory on earth, to be living ones glorious ones!

May Allah forgive us! Fatiha...

Allah Allah... Allah Allah... Allah Allah... Aziz Allah...

Allah Allah... Allah Allah... Allah Allah... Kerim Allah...

Allah Allah... Allah Allah... Allah Allah... Subhan Allah...

Allah Allah... Allah Allah... Allah Allah... Sultan Allah...

Sultan Sensin, ya Allah, we are nothing!...

...O people, don’t think such a things (instruments, are) giving honour for us!

(The) Prophet sws with his 124.ooo Followers, he was making, addressing to his Sahaba and he was on his camel... everyone they were hearing, as (if the) Prophet (was) near him and speaking! Islam (is) full with power!

S.Omar, he was making Khutba on (the) Mimbar, and he was shouting: “Ya Sariyat, al jabbal, al jabbal!” From Medina Munawwara to Iraq, Iraqian front, he was shouting!

Sariya was (the) Commander in Chief of (the) Islamic Army and (the) enemies, they were coming from (the) backside. S.Omar (was) stopping (his) Khutba and (he was) addressing: “Ya Sariyat, al jabbal, al jabbal!” He was addressing to Sariya: “O Sariya, beware, be careful! (The) enemy (is) coming (from) behind of you, (from) behind that mountain, keep (that) mountain!”

How many distance? 4o days ‘masafer’, traveling... Yes, and hearing!

Islam (is) full with full power! But we are loosing our lives to follow unbelievers’ technology! We are not in need (of) unbelievers’ technology!

One (Wali) is enough to stop them! Fatiha.

**TEACHING GARBAGE TO CHILDREN instead of teaching TO REACH THE DIVINE PRESENCE**

As-salamu alaikum!
Audhu bi-lahi mina Shaitan rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta ila bi-lahi-l ‘Aliyu-l ‘Adhim.

Oh people! We are asking forgiveness from Allah Almighty. We are unimportant people. We are not as important as we think. Yes, amongst ourselves we are unimportant people. But in the Divine Presence we are very important. We are so important that no one can even speak about it. This is the importance that we have been granted by our Creator. In the Divine Presence mankind is the most important in all creation but among ourselves we are not on that level or on that understanding. We have to ask and to learn of the importance of Mankind. This is the most important point that has to be taught on this Earth, but no one takes care to speak on it. This is because everyone is occupied with their physical beings and everything surrounding it. In the East and the West there are so many educational centers or teaching centers. Yes everywhere they are trying to teach children. They are so very keen that they teach their children and educate them. They are even trying to register their children in schools even before they are born and while still in their mothers womb.
When a woman gets pregnant, the husband and wife (the parents) are so busy thinking on registering their child in schools and universities. They say, “we must

think on it." What would you think if someone were to take a wire and connect it to your womb so that he may speak to the child and ask him as to when he is going to come out and as to how much he has learned inside his mother's womb. It is like that. It is crazy. People have become crazy now for teaching, teaching and teaching. If they can they will teach the child in the womb through this wire the alphabet – A B C or alpha, beta, gamma, delta or alif be the. But even then they are not interested in teaching the child the Arabic Alphabet.

Tens of thousands of learning centers or schools are being prepared to teach their kids. This is their aim. They must study and learn in order to make money and to make more money and also to save much more money. This is why people are trying to educate their children. What are the children learning? What are they teaching these children? They are teaching these children nonsense which does not give benefit to them. They are also writing so many books, yes, hundreds of books so that they can teach children through them. They are trying to achieve impossible targets with these children. After every level of what is taught to them they are taught yet another level. The end result is that what is taught at the beginning at the earlier level is forgotten by the child when he is being taught the next level. Yes, by this time they have already forgotten what they have learnt at the beginning and everything else too.

This is why I am speaking on this point. They always tell them, "you must learn, you must study." I was asking a child, "what have you learnt all these days?" The child was surprised and he said, "Oh Sheik, nothing." Then I asked, "then why did you waste your time?" The child replied, "Oh Sheik, they asking us to learn about hundreds of matters and it is impossible with our capacity to remember all these."

This then in short is the educational system through which our governments are trying to teach Mankind. The governments are trying to occupy the youth with this learning so that they may do everything as much as possible. Subhanallah! The Lord of heavens makes a limit for everything. When that limit has been reached you cannot push it beyond that. No. This cannot be done.

One week ago I heard that in France, the students from the schools and the

universities there were on the streets acting in a violent manner. They were like from the jungle or the forests. They were burning, breaking things and throwing stones. Is this what they learnt? This is the summery and result of all that they were learning. Their teaching and the education system is so bad that these youngsters are as a result of this acting like violent beings from the jungle. In Islam we have a saying. At the beginning there should be 'Adab,' (good conduct). This is what has to be taught at the very beginning to children. When a child comes to his learning age, then good conduct and good manners should be taught to him.

There are today two directions or ways. One of them is that everyone seems to be teaching and learning more and more knowledge about this world but the other is not so interested about this world but their interest is concerning the Divine Presence. They are more interested as to how they can reach to their Lord's Divine Presence. Which of these two categories is more important, more lovely, more respected and more acceptable in the Divine Presence?

The people who are trying to get close to the Divine Presence are getting closer and closer and they have less knowledge about the material world. Theyare not interested so much about knowledge concerning the material world. Their interest is more important because they are interested in keeping their Lord's highest respect. Therefore I am looking and seeing that those who give more respect to their Lord's Divine Presence and who keep on asking to give even more respect and more glorifying to their Lord are more acceptable and are invited by the Lord who says, "come closer, come closer my good servants." But on the other hand there are people who are not interested in glorifying their Lord or giving him respect. They are never invited to the Divine Presence. No one says to them, "come closer" because they are running away from the Divine Presence.

These people run after material things and even this whole world is of no value in the Divine Presence. These people run after cheap and valueless things. Therefore Allah Almighty does not accept them. If a group of people go to visit their King or their Sultan they always take some gifts with them. Some of them bring diamonds, some gold, some emeralds, some of them bring red rubies and some of them bring pink

pearls (not white pearls). Some others bring straw or fertilizer or something from the dustbin which is garbage. What do you think the Sultan will say to the ones that bring rubbish “this is stinking too much. From where are you bringing this? Take this away.”

Therefore the world is not so valuable. It has no value in the sight of Allah. Allah Almighty does not look at dunya and if He was to look at it, it would immediately turn into a big red ruby. He does not look at dunya because dunya is a disliked thing and those who run after this dunya, how will they be welcomed in the Divine Presence. The Lord will say, “you were leaving your Creator and running after this dirty life, this valueless life. Therefore you are not bringing anything of value and because of this you are also of no value in my Divine Presence.”

But people today have turned everything upside down. They are asking to learn more and more of useless material things and are leaving their Creator, their Lord. They have finished their chance given here and finally they will be such garbage. It is like a person cleaning the garden in his home and then making a heap of the garbage that he collected. Then he lights a match and makes a fire. In the same way people are making themselves to be like this garbage which is of no value and a fire will be coming to burn them and to clean the world of these mindless people, of these bad mannered people, of these disrespecting people, of these unbelieving people, so as to finish them and to take them away and they are trying to make this fire now. May Allah protect us and keep us in a good mannered way. We are trying to be more good mannered, and be of more good quality and more acceptable ones in His Divine Presence and not to be like garbage. Most people are now like garbage. There are only a few good ones who are of good qualities and they will be protected.

May Allah forgive us. I am asking, “Oh our Lord, forgive us”, because the people of today are drunk with democracy. They sleep with democracy and they awaken with democracy, saying, “democracy, democracy,” daily. There are the prayer beads representing the 99 names of Allah (the rosary). But instead of Allah’s Holy Names, they repeat, “democracy, democracy, democracy” one hundred times and they say,

we shall begin again tomorrow. Their zikr has become “democracy, democracy.” Everything for them is democracy. They say that, “everything must be for democracy” But you must say “no you are wrong, everything is for Allah Almighty.” But they say, “no, it is you who are wrong, everything must be for democracy.” May Allah forgive us. We are asking You, oh our Lord, we are not asking democracy.
Allah Allah, Allah Allah, Allah Alah, Aziz Allah...
Allah Allah, Allah Alah, Allah Allah, Subhan Allah...
Allah Allah, Allah Allah, Allah Allah, Sultan Allah...

May Allah forgive us and bless us for the honour of the most honoured one in His Divine Presence Seyyadina Muhammad (sal). Fathiha.

## The Teaching Of The Dove

Astaizzu Billah "There is nothing existing on Earth or in the Heavens that is not glorifying Allah" (17:44) The verse is like this? To glorify is to remember Allah. "There is nothing existing on Earth or in Heavens that is not glorifying Allah" (17:44) Because Allah (swt) is the Greatest Creator. He is our Lord (jwa) He Created the smallest thing existing in the worlds & the largest. Everything glorifies Allah (swt). Without glorifying Him they cannot live. They would not exist in the universe. And this confirms the existence of mankind on earth with the blessings of Zikr-Allah (swt).

Bismillah Al Rahman Al Rahim, Haqq (swt) says"Fadhkuruni... "Fadhkuruni Adhkurkum Wa Ashkuru Li Wa La Takfuruni"(2:152) Allah (swt) orders His servants & makes them responsible for the remembrance of Allah/Zikr-Allah. "Therefore remember Me. I Will remember you. And be thankful to Me and do not disbelieve in Me." (2:152) Where are we now? I am sorry, I am sorry to say that we are far. Muslims from East to West are far from the teaching of the Holy Quran. Subhan Allah.

There is one bird that flies, it is called Kumru/the dove. What does the dove say when it is calling? What does it say? "Remember your Lord" "Remember your Lord, remember your Lord". And therefore Allah (swt) protected & forbid the knife... the knife from that bird. Every person has good hopes from that bird. It flies mostly towards the mosques, and in some houses also it makes its nest and it lives there. And people feel familiarity & love the sound of that bird. And the knife is lifted from that bird - they are forbidden to kill - Kumru says, "Remember your Lord! Remember your Lord! Remember your Lord!"

As a small boy I used to hear the sound of doves, the doves of a house where they lived. I was getting familiar with its calling. That voice used to touch my heart when I was a young boy. And it said "Remember your Lord! Remember your Lord!" Everything O mankind teaches you to glorify your Lord (jwa). To glorify, and when you glorify Him (swt) He (swt) grants you glory. The one who glorifies is dressed with glory. And who forgets his Lord (swt) his station is no station; it is under the feet of mankind.

This inspiration came to me on the first evening of Muharram Al Haram. I remember, also before many years I used to love to hear the voice (of doves). It is his tasbih "Remember your Lord, remember your Lord!" O Egyptian people where are you? Don't you understand what the dove says? The bird that is forbidden to eat, or to hunt. And it flies to the mosques or old houses or houses where the name of Allah (swt) is remembered. It says "Remember your Lord! Remember your Lord!" O Egyptian people! Invite the doves and keep them & host them in your houses, because they remind you of the remembrance of your Lord (swt). Its sounds mean only this - "Remember your Lord! Remember your Lord! Remember your Lord!" "Therefore remember Me, I Will remember you." (2:152)

It teaches, the dove teaches the children of Adam (as) that you have to remember your Lord and glorify Him (swt). Allah (jwa) says "Therefore remember Me, I Will remember you." (2:152) With My Mercy & My generosity. Allahu Akbar Al Akbar! Subhan Allah Al Muqtadir! Allahumma O our Lord forgive us. We forgot every thing, we became busy with the filth of this world. People run after this world, the filth of the world. This world made them dirty. People became dirty. "Innama Al-Mushrikuna Najasun" (9:28) (The unbelievers are filthy) May Allah (swt) forgive us Ya Rabb! "And remember your Lord! And remember your Lord!"

O Egyptian people, learn from the doves. A speaker from the Lord of Heavens, "and remember your Lord". "and remember your Lord". "Fadhkuruni Adhkurkum" (2:152) Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Allah Dhul Jalal, Subhanahu Wa Ta'ala.

This is enough for us this lesson. It is not only for the people of Egypt but generally for the whole Muslim world. It will save them from danger. Remember your Lord. Welcome in doves O Kings, and rich people and poor ones. Keep doves & learn your lesson from that bird. No human being shuns that bird, rather every person feels in his heart contentment, that is astonishing! "Fadhkuruni Adhkurkum" (2:152) And remember your Lord..remember your Lord. Remember your Lord. A bird is teaching you the remembrance of your Lord! O heedless ones! We are heedless. We are heedless. We are heedless. May Allah (swt) forgive us.

"He created man."(55:3) "He taught him clear speech."(55:4) Bayan the greatest Bayan "Therefore remember Me, I Will remember you"(2:152) "Fadhkuruni Adhkurkum" (2:152) The dove teaches us, "Adhkuru Rabbakum, adhkuru Rabbakum." How beautiful its voice. What a spiritual voice! The knife has been forbidden to touch it. It is hateful to eat it or to hunt it. But to honour it is an accepted Sunna, because it reminds you, O people from Egypt what you should do. That bird says "Adhkuru Rabbakum, adhkuru Rabbakum, adhkuru Rabbakum." O heedless ones, remember your Lord! He (swt) grants you everything in this world & the honour of the Hereafter.

Be clever, be clever O people of Egypt and take your lesson from the dove, from what it says : "Adhkuru Rabbakum, adhkuru Rabbakum." Our heads now became like the heads of animals. We run after this world and we are seeking honor from this world, and that bird is blessed. The knife was lifted from its neck & every person takes comfort from it because of its Dhikr "Adhkuru Rabbakum, adhkuru Rabbakum, adhkuru Rabbakum." "Fadhkuruni Adhkurkum, Wa Ashkuru Li Wa La Takfuruni"(2:152) Ya Rabbi forgive us. This is a blessed night, the first night of Muharram Al Haram. The last of the four sacred months. May it be an opening for us. May Allah (swt) open our hearts with the love for His remembrance and His glorification, and to appreciate our Lord, Ya Rabb, Ya Rabb! Inspire us with right guidance & keep us from the evil of our egos "And appoint to us a King so we may fight in Your way" (2:246) O our Lord! Fatiha.

This association is not a result of reading books. This is not something from looking at books. Suddenly an inspiration came to my heart, on the first night of Muharram Al Haram. Allah (swt)

honoured His servant & said "Wa Laqad Karramna Bani Adam" (17:70). But we seek to make that honour into dishonour, dishonour. No! Allah (swt) honoured the children of Adam (as). How can you strive to remove it. No! Honour one another, Allah (swt) Will honour you. Fatiha.

This is why I like him, Mehmet Rashad. insha'Allah you grow up to be a gentleman, a Shaykh. You are like the dove. "Remember your Lord". Say it wherever you go. Say "Allah, Allah, Allah". Say "Allah, Allah, Allah." Say "Rabbi Allah, Rabbi Allah, Rabbi Allah, Rabbi Allah, Rabbi Allah, Rabbi Allah." It is enough for everyone with a sound mind, everyone with a sound mind. These words give them benefit and they get benefit from them. We ask forgiveness from our Lord and His acceptance & the forgiveness of the Prophet (saws) and his acceptance.

**Die Lehre der Taube**

---

Astaizzu Billah. 'Es gibt nichts auf Erden oder in den Himmeln, das nicht Allah (swt) preist' (17:44). Der Vers ist so? Zu preisen ist, Allahs zu gedenken. 'Es gibt nichts auf Erden und in den Himmeln, das nicht Allah (swt) preist.' (17:44) Weil Allah (swt) der Größte Schöpfer ist. Er ist unser Herr (jwa). Er erschuf das kleinste Ding, das auf der Welt existiert, und das größte. Alles preist Allah (swt). Ohne Ihn zu preisen, können sie nicht leben. Sie würden nicht existieren im Universum. Und das bestätigt die Existenz der Menschheit auf der Erde mit den Segnungen des Dhikrullah (swt). Bismillahi r-Rahmani r-Rahim, Haqq (swt) sagt: "Fadhkuruni... Fadhkuruni Adhkurkum Wa Ashkuru Li Wa La Takfuruni" (2:152). Allah (swt) befiehlt Seinen Dienern und macht sie verantwortlich für die Erinnerung Allahs, Dhikrullah. 'Deshalb gedenkt Meiner. Ich werde euer gedenken. Und seid Mir dankbar und seid nicht ungläubig Mir gegenüber' (2:152). Wo sind wir jetzt? Es tut mir leid, es tut mir leid zu sagen, daß wir weit weg sind. Muslime von Ost bis West sind weit weg von den Lehren des Heiligen Quran. Subhanallah. Es gibt einen Vogel, der fliegt. Er heißt "Kumru", Taube. Was sagt die Taube, wenn sie ruft? Was sagt sie? 'Gedenkt eueres Herrn', 'Gedenkt eueres Herrn', 'Gedenkt eueres Herrn'. Und deshalb schützte Allah (swt) diesen Vogel und verbot das Messer... das Messer gegen ihn. Jeder Mensch hat gute Hoffnungen von diesem Vogel. Er fliegt meistens auf die Moscheen zu und baut sein Nest auch in manchen Häusern und lebt dort. Und die Menschen fühlen Vertrautheit und Liebe zu dem

Laut dieses Vogels. Und das Messer ist aufgehoben von diesem Vogel. Es ist verboten, sie zu töten. Kumru sagt: 'Gedenkt eueres Herrn!' 'Gedenkt eueres Herrn!' 'Gedenkt eueres Herrn!' Als kleiner Junge hörte ich den Laut der Tauben, der Tauben eines Hauses, wo sie lebten. Ich wurde vertraut mit ihren Rufen. Diese Stimme berührte mein Herz, als ich ein kleiner Junge war. Und sie sagten: 'Gedenkt eueres Herrn! Gedenkt eueres Herrn!'

Alles, o Menschheit, lehrt euch, eueren Herrn (jwa) zu preisen. Zu preisen, und wenn ihr Ihn (swt) preist, gewährt Er (swt) euch Ruhm. Derjenige, der Ihn (swt) preist, wird mit Ruhm bekleidet. Und wer seinen Herrn (swt) vergißt, dessen Stufe ist keine Stufe. Es ist unter den Füßen der Menschheit. Diese Eingebung kam zu mir am ersten Abend des Muharram al Haram. Ich erinnere mich, vor vielen Jahren liebte ich es, die Stimme der Taube zu hören. Es ist ihr Tas'bih 'Gedenkt eueres Herrn, gedenkt eueres Herrn!' Ägypter, wo seid ihr? Versteht ihr nicht, was die Taube sagt? Der Vogel, den zu essen oder zu jagen verboten ist. Und er fliegt zu den Moscheen oder alten Häusern oder Häusern, wo der Name Allahs (swt) erinnert wird. Er sagt: 'Gedenkt eueres Herrn! Gedenkt eueres Herrn!' Ägypter! Ladet die Tauben ein und behütet und beherbergt sie in eueren Häusern, weil sie euch an das Gedenken eueres Herrn (swt) gemahnen. Ihre Laute bedeuten nur das - 'Gedenkt eueres Herrn! Gedenkt eueres Herrn! Gedenkt eueres Herrn.' 'Deshalb gedenkt Meiner. Ich werde euer gedenken.' (2: 152). Sie lehrt, die Taube lehrt die Kinder Adams (as), daß ihr eueres Herrn gedenken und Ihn (swt) preisen müßt. Allah (jwa) sagt: 'Deshalb gedenkt Meiner. Ich werde euer gedenken.' (2:152) Mit Meiner Gnade und Meiner Großzügigkeit. Allahu Akbaru l-Akbar! Subhanallah al Muqtadir!

Allahumma, o unser Herr, vergib uns. Wir haben alles vergessen. Wir verstrickten uns in den Schmutz dieser Welt. Die Menschen laufen dieser Welt hinterher, dem Schmutz dieser Welt. Diese Welt machte sie schmutzig. Die Menschen wurden schmutzig. "Innama l-Mushrikuna Najasun" (9:28) 'Die Ungläubigen sind schmutzig.' Möge Allah (swt) uns vergeben, ya Rabb! 'Und gedenkt eueres Herrn! Und gedenkt eueres Herrn!' Ägypter, lernt von den Tauben. Sprecher des Herrn der Himmel: 'Und gedenkt eueres Herrn!' 'Und gedenkt eueres Herrn!' "Fadhkuruni Adhkurkum" (2:152). Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal,

Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal, Subhanahu wa Ta'ala. Das ist genug für uns in dieser Unterrichtsstunde.

Es gilt nicht nur für die Ägypter, sondern allgemein für die ganze muslimische Welt. Es wird sie retten vor der Gefahr. Gedenkt eueres Herrn. Heißt die Tauben willkommen, Könige, Reiche und Arme. Haltet Tauben und lernt euere Lektion von diesem Vogel. Kein Mensch meidet diesen Vogel, eher fühlt jeder in seinem Herzen Zufriedenheit. Das ist erstaunlich! "Fadhkuruni Adhkurkum" (2:152). Und gedenkt eueres Herrn, gedenkt eueres Herrn, gedenkt eueres Herrn. Ein Vogel lehrt euch das Gedenken an eueren Herrn! O Achtlose! Wir sind achtlos. Wir sind achtlos. Wir sind achtlos. Möge Allah (swt) uns vergeben. 'Er hat den Menschen geschaffen.' (55:3) 'Er lehrte ihn die klare Sprache' (55:4) Bayan, das größte Bayan. 'Deshalb gedenkt Meiner. Ich werde euer gedenken' - "Fadhkuruni Adhkurkum" (2:152). Die Taube lehrt uns "Adhkuru Rabbakum, adhkuru Rabbakum". Wie schön ihre Stimme ist. Was für eine spirituelle Stimme! Dem Messer ist es verboten, sie zu berühren. Es ist verhaßt, sie zu essen oder zu jagen. Aber sie zu ehren, ist eine anerkannte Sunna, weil sie euch gemahnt, o Ägypter, was ihr tun sollt. Dieser Vogel sagt: "Adhkuru Rabbakum, adhkuru Rabbakum, adhkuru Rabbakum". Ihr Achtlosen, gedenkt eueres Herrn! Er (swt) gewährt euch alles auf der Welt und die Ehre im Jenseits. Seid klug, seid klug, Ägypter, und lernt euere Lektion von der Taube, von dem, was sie sagt: "Adhkuru Rabbakum, adhkuru Rabbakum."

Unsere Köpfe sind jetzt wie die Köpfe von Tieren geworden. Wir laufen dieser Welt hinterher und wir streben nach der Ehre dieser Welt. Und dieser Vogel ist gesegnet. Das Messer ist von seinem Hals aufgehoben, und jeder findet Trost in ihm, weil sein Dhikr "Adhkuru Rabbakum, adhkuru Rabbakum, adhkuru Rabbakum" ist. "Fadhkuruni Adhkurkum wa Ashkuru Li wa La Takfuruni" (2:152). Ya Rabbi, vergib uns. Dies ist eine gesegnete Nacht, die erste Nacht des Muharram al Haram. Der letzte der vier heiligen Monate. Möge es eine Öffnung für uns sein. Möge Allah (swt) unsere Herzen öffnen mit der Liebe Seines Gedenkens und Seines Preises und der Würdigung unseres Herrn, ya Rabb, ya Rabb! Gib uns Rechtleitung ein und bewahre uns vor dem Bösen unseres Egos. 'Und bestimme für uns einen König, damit wir auf Deinem Weg kämpfen (2:246) Fatiha.

Diese Versammlung ist nicht das Ergebnis von Bücherlesen. Dies ist nichts, das vom Bücherstudium herrührt. Plötzlich kam eine Eingebung in mein Herz in der ersten Nacht des Muharram al Haram. Allah (swt) ehrte Seinen Diener und sagte: "Wa Laqad Karramna Bani Adama" (17:70). Aber wir versuchen, diese Ehre in Entehrung unzuwandeln, Entehrung. Nein! Allah (swt) ehrte die Kinder Adams (as). Wie könnt ihr danach streben, sie zu beseitigen. Nein! Ehrt einander, und Allah (swt) wird euch ehren. Fatiha. Deshalb mag ich ihn, Mehmet Rashad. Insha'Allah wächst du heran und wirst ein Gentleman, ein Shaykh. Du bist wie die Taube. 'Gedenkt eueres Herrn'. Sagt es, wo immer ihr geht. Sagt: Allah, Allah, Allah... Sagt: Allah, Allah, Allah... Sagt: Rabbi Allah, Rabbi Allah, Rabbi Allah, Rabbi Allah, Rabbi Allah, Rabbi Allah. Es ist genug für jeden mit einem gesunden Verstand, ein jeder mit einem gesunden Verstand. Diese Worte kommen ihnen zugute und befördern sie. Wir bitten um Vergebung von unserem Herrn und um Seine Akzeptanz und die Vergebung des Propheten (saws) und Seine Akzeptanz.

## Teach Your Children to Recite "Bismillahi'r-Rahmani'r-Raheem"

(Mawlana Shaykh stands)

Allahu Akbar, Allahu Akbar, Allahu Akbar, la ilaha ill-Llah, Allahu Akbar, Allahu Akbar wa li'Llah il-hamd.

O our Lord! Grant us from Your holiest way, send us Your blessings so we become Your obedient servants. You like (us) only to be Your servants, to be obedient servants and we are asking to be your weakest, obedient servants. O our Lord! You are Sultan, You are Subhan!
Allah, Allah, Allah, Allah SubhanAllah, Allah Sultan Allah, forgive us and grant us from Your endless blessings to be humble servants, O our Lord!

And we are asking from Your most precious servant, Your representative through whole Creation, Sayyidina Muhammad (s), give him more and more! O our Lord! Let us to be his humble servants. O our most beloved Prophet (s), we are asking intercessions from you in the Divinely Presence. O my Lord! Give him more and more and more!

Alfu 's-salaat, alfu 's-salaam, endless salaat, endless salaam on you, O our most precious Prophet!
Alfu 's-salaat wa 's-salaam `alayk wa `ala aalika wa ashaabika wa azwaajika wa ahli baytika. Forgive us!

(Mawlana sits)

O people! You are the Lord's servants. O people! Come and look (at the) endless greeting, endless honor you have been granted. O people! Come and listen. As-salaamu `alaykum, O whole human nature. Be happy, be thankful and be honored ones in heavenly levels of your most high prophet, Sayyidina Muhammad (s). Ya Rasulullah! Send us your intercession. (Mawlana stands). We like to stand up for you, O our Lord's most precious creature, most precious created one! You only from pre-Eternal up to Eternal, O Muhammad! O Rasulullah! Give us from your countless intercessions! Send (it to) us, Alayhissalam you have been granted a full authority. O our most beloved and glorified and honored prophet, you are representing through whole Creation the Creator. You are looking after every creation and you are looking after whole creatures.

O our most beloved prophet! We are asking, we are humbly yabarmak, requesting, begging from you, that we should be good servants. O people! Try to be good servants through this short life, for it is so short. We are never understanding how our lives passing so quickly, so quickly. Sayyidina Nuh Sallallahu Alayhi Wasallam, one of biggest and honored prophets, that his level over level of thousands of prophets, he was granted 1000 years from life, and he lived on this planet and calling people to Allah, to their Lord, but every time they are escaping. We are saying about Nuh Sallallahu Alayhi Wasallam that he lived about 1000 years and when Azra`eel Sallallahu Alayhi Wasallam coming to take his clean soul he was saying, “O, so quickly you are coming to take my soul?”
“O Nuh! Just you have been on earth 1000 years and surprising 1000 years so quickly passed away”?
If it is going to be 10,000 years, he is going to say, “O, so quickly coming to take my soul”?
“O Nuh, just passed from your life 10,000 years.” If he was granted 100,000 years, when Azra`eel (a) coming to take his pure soul to His Lord's Divine Presence, he was going to say the same words, “O, so quickly you are coming to take my soul?” And he says, “O Nuh, just passed away 100,000 years,” and he is going to be surprised.

So that means, O our listeners, listen, give a short time daily to what we are going to give to you. Listen, learn and obey. Obediency is what the Lord of Heavens is asking from whole Mankind, sending his prophets and calling them, “O My servants! You are servants, but you are not going to be My servant.” You are running to be servants, not servants, but slaves. Servanthood is a high honor. O people! All prophets (are) calling them,

“O people! Come and give time through your daily time, 24 hours, give even a short time that you should be an obedient servant.”

But you are not giving for that servanthood. You are preparing (instead) to be slaves. Less than slaves, there is another word, (hostages, prisoners) that is slave; a slave that is just the last point of slavery. You prefer slavery to being an honored servant, because servanthood is giving to you an endless honor! Slavery is taking you, bringing you to worst level or last level or deepest level for you. O people! It is your honor to prefer servanthood over slavery, but you are running to slavery, not giving even a short time for servanthood!

O people! Through East and West now, at least I am making this addressing to my ego and you are free to think on it and to do. I am only a weak servant, reminding you that you are on wrong way, by preferring slavery, not preferring servanthood! Servanthood that on that level is only for His Lordship, Allah Almighty, Who is saying, “O My servants! I dressed you with so honored dressing that no one can think on its value. O people, living now on this Earth! If you are not preferring to be a servant of your Lord, “tuh!” (spit) on you; angels making spitting on you and shaytans are so happy because making Mankind to be asfala 's-saafileen, deepest level of dark territories. Therefore, every day we are a making a reminding to you, maybe 100 days now, or maybe 1000 days in association or advice.

Therefore, the Seal of Prophets is saying, as whole prophets said also, ad-deenu naseeha, real religion is an advice and reminding for Mankind. O Mankind! You are on wrong way. You are preferring to be Shaytan's slaves, preferring slavery, not preferring that endless honor you have been granted when you are accepting to be a servant. Where is servanthood, where is slavery? Servanthood is in Heavenly levels and servanthood on that high territories, high dominions, endless oceans of dominions. That is for those people whom they are preferring to be servants for their Creator, to take more and more and more honors. But who knows? They are living and running after Shaytan, preferring to be slaves and preferring slavery. When you are preferring slavery for Shaytan you are never going to be happy here and Hereafter. (There is) no honor for you, no pleasure for you, no enjoyment for you, no lights for you, no enlightening.

O people! I am a weak servant, I am addressing for whole Mankind that are now on this planet. Perhaps they maybe 6 billions or 7 billions, and I am saying, O people that may be living through this 21st century, you are preferring and you are not understanding to make qiyas (analogy, comparison), distinguishing between

servanthood and slavery. Now all people preferring to be on the level of slavery, leaving most honored level, servanthood. Yes, look. Everything created around yourself and each one of them, they are doing for what they have been created; it knows what is its purpose, mission. Orange tree knowing its mission, cats knowing their mission, donkeys know their missions, ants knowing their missions. Don't think that anything just created without a mission, nonsensely something coming in creation. The Lord of Worlds, giving for every creature:

••••• ••••••••• ••••••• ••••••• ••••• •••••• ••••••••• ••••• •••••

Qaala rabbunaa alladhee a`ta kulla shayin khalqahu thumma hadaa - He said: "Our Lord is He Who gave to each (created) thing its form and nature, and further, gave (it) guidance." 20:50

Holy Qur`an is saying, Allah created and giving to everyone the reason or the maqsood, the mission for every creation, small ones or big ones.

Why you are not thinking, O Mankind, for what you have been created, and you are living in 21st century. Why you are not thinking on that, what is that ignorance? It is not good for a creature not to know for what it is created, or that is created. Ants knowing for what they have been created; donkeys, asses, knowing for what they are created. Only Man now on this world, they are not thinking on it. They are saying, “We have been created by nature.” What is that nature? Where is that nature that you are saying bringing you into existence?

No shame for those people! Blaming on them to say we have been created by nature and now we are in existence by nature. It is so dirty a statement by Mankind, to say nature bringing us in existence and nature taking us away. They are not ashaming to say this and not thinking it is not nature, but that there is someone bringing us in existence? Blame on them when they say this, but whole nations now not speaking name of Allah Subhanahu wa Ta`ala and they are not keeping the holy orders of the Creator. They are saying, “We are not accepting anyone looking after us and can order us some orders! No, we are not accepting!” That is deepest darkness for ignorance, for living people.

First of all, when they are beginning to teach their children they must say, “O my son, O my daughter, you must know that we have been created creatures, our Creator is the Lord of Heavens.” Try to know this and try to give most high respect to Him. Most high glory and praising for Him. You must say this before beginning (anything).

First small ones sitting for learning, and the teacher was saying, “O my son, say, Bismillah-ir-Rahman-ir-Raheem.”

And he may ask, “What does it mean to say ‘Bismillah-ir-Rahman-ir-Raheem’?”

“That is, ‘In the name of Allah, the most Beneficent and the most Munificent!’ O my son or daughter you must say His name Who created us.”

Nothing can be in existence by itself; that is baatil, false. You must teach first of all, “We have been created by holy command of the Holy Creator, ALLAH! And say Bismillah-ir-Rahmanir-Rahim, with the name of Allah, most Beneficent and most Munificent, Almighty, all Merciful. Our old teaching system, was beginning by teaching small ones that they have been created by the Lord of Heavens. He created you and say His Holy Name to be honored, and then saying Bismillah-ir-Rahman-ir-Raheem.

You can't find through East and West, even including through Islamic world, to say and to begin, Bismillah-ir-Rahman-ir-Rahim. How we are thinking a success or any honor or a peace or a happiness or a pleasure or an enjoyment or satisfaction may come to people? It is impossible, as long as they are not saying for Allah, Bismillah-ir-Rahman-ir-Rahim. They should be taken up to hells, here and Hereafter!
We are looking for, every day, fa-dhakkir, whole prophets, and you are reminded of their missions. Allah Almighty is saying to Seal of Prophets, “You are reminding me for My creatures, that is Your mission”.

Where is that mission, (I am asking) whole Islamic world or whole people? They are saying, “We are following Old Testament and New Testament and Psalms and command of Sayyidina Ibrahim (a).” And where are our people (Muslims) who are saying, “We follow Holy Commands from Heavens!” Why they are not looking after these Holy Commands? Why they are running away, not speaking the holiest name you can speak? Why you are not teaching it? And how you are asking peace on earth and you are looking, seeing, every country in Islamic world coming into two parts, destroying, killing, burning!!! That is holy command of Allah?

O people! Is it written through your holy books and finally Holy Qur'an, “O believers, kill yourselves? Some of you (kill) others and destroy and burn everything!” Is that what is written? Or is it written, “Come and try to

believe and try to be a good servant, who is keeping the rights of their Creator and keeping His holy orders from Heavens, to be good servants for Allah and to be good ones on earth to each other." It is written in such a way or not?!!

Just today going to be new beginning; a holy month just passed away and we are making `Eid now. What is meaning of making `Eid? When you are getting to reach a perfection, then congratulations to you. Therefore, `Eid Mubarak! When you are making yourself in such a way, the Lord of Heavens getting to be happy with you. That is to be holy ones and to be honored ones.

O Muslims, O learned people! Where are you? Where are your teachings? O Christians, O Jewish people! You are fighting for dunya world, but you are not teaching who created you and your children, and for what you are living. You are not teaching and when you are not following, holy orders of heavens cursing, coming and people trembling now, saying that galaxy, galaxy, galaxy, saying "O Shaykh! You heard something?"
I am asking, "What is that?"

"You are not reading newspaper?"
"No, it is not necessary to read newspaper, I am reading Holy Qur`an, written in it is all that passed away and all that is going to come. For what to read newspaper? Only reading bad news."

No newspaper writing good news and I am telling to young people to bring to me newspaper (that) only writing good things in it, that making me happy, and they are saying to me, "O shaykh, we are not finding that kind of newspaper, only newspaper has bad news, killing, burning, destroying, murdering. Only that is in it."

For what you are reading such a newspaper? We are only reading for tassali, enjoyment of what happened. Whole news of what has passed away, you can find in Holy Qur'an. Any news that is coming, you can find in Qur`an Karim. Why taking such a care to run after bad news, injuring you always? And Mankind is not happy now, even they are saying we reached the top of civilization, but really they reached nothing! They reached only a sadness and darkness and hopelessness. Such news you are finding through newspapers, nothing else! And I am saying leave that and recite holy books, particularly last message coming from heavens, the Holy Qur'an, recite it and you should find... (audio cut)

## Die Technik nahm dem Menschen die Freiheit

Manchmal beklagen sich welche darüber, daß nachts etwas Schwarzes kommt und sich auf ihnen niederläßt, gegen das sie sich nicht wehren können. Die ganze Welt befindet sich jetzt unter solch einem schwarzen Etwas. Dies kommt von der Technologie, mit ihrer fürchterlichen, schrecklichen Gestalt, über den Geist des Menschen. Denn die Menschen des zwanzigsten Jahrhunderts benützen nicht mehr ihr Herz, nur noch ihren Verstand. Sie sehen sich nicht mehr als spirituelle Wesen und kümmern sich nicht mehr um Spiritualität und spirituelle Quellen, bei denen die Menschheit Tausende von Jahren hindurch vor allen Widrigkeiten und Schwierigkeiten Schutz fand. Aber die Menschen des zwanzigsten Jahrhunderts sind davon abgekommen, ja sie leugnen sie sogar, und sie wurden dazu gezwungen. Und nun stehen ihnen große Ereignisse und Schwierigkeiten bevor, wie es sie bis zu unserer Zeit nicht gab. Und sie suchen Schutz bei ihren “Verstandesprodukten”, aber diese können sie nicht retten. Tief im Innern ihres Herzens baten sie darum, ob es jemanden gäbe, der diese große Kompresse von ihrem Kopf wegnähme, da er durch die Technologie unter großem Druck steht. Sie begannen darauf zu warten, daß jemand sie von der Technik befreie, weil die Technologie den Menschen die Freiheit nahm und sie zu ihrem Sklaven machte. Gegen die Technik kommt keiner an.

## Technologie macht uns schwach

Die Technologie macht uns schwach. Lernt, ohne sie auszukommen! Unter der Vorgabe, das Leben der Menschheit zu erleichtern, nutzten die Menschen Technologie. Sie erfanden so viele Dinge. Und durch sie ließen sie der Menschheit in ihrem Leben alles leichter werden. Aber, wenn sie das tun, wenn sie diese Instrumente benutzen, diese Erfindungen, dann bringen sie die menschliche Kraft, die Allâh der Allmächtige uns für unsere physischen Leben gewährt hat, herab, verringern die physischen Kräfte auf Null. Um neue Dinge oder das zu tun, was wir vorher mit unserem physischen Körper taten, arbeiten wir jetzt mit diesen Maschinen.
Aber, subhân allâh, Allâh der Allmächtige bringt dieser Zeit ein Ende – alles muß zu einem Ende kommen. Das ist es auch, was wir von Wissenschaftlern und Gelehrten und Computer-Technikern hören, sie sagen, daß das Leben dieser Menschheit, die von Technologie abhängt, am letzten Tag des Jahres 1999 zu Ende geht. Sie wird herabsinken und zum Ende kommen.

Mein Rat an die, die mir folgen, ist, zu versuchen, den Einfluß so vieler Dinge zu verringern und ihre eigenen physischen Kräfte zu üben, ihre eigenen physischen Kräfte in Aktion zu bringen und nicht unter dem Befehl von Maschinen zu sein: „Tu dies, tu dies nicht!“ Schritt für Schritt, müssen wir alles versuchen, unsere Freiheit von der Technologie zu retten und uns zu uns selbst zu bringen. Deshalb ist wichtig, was wir sagen: Wir müssen jetzt versuchen, nicht diese Maschinen oder Instrumente für alles zu benutzen.

Macht es so, versucht, es weniger werden zu lassen, und weniger, und weniger. Denn wenn die Technologie plötzlich ausfällt, werden Milliarden von Menschen sterben – nicht Millionen, Milliarden von Menschen! Wenn diese Grenze erreicht worden ist und nichts mehr funktioniert, werden die, die sich nicht auf eine neues Zeitalter vorbereitet haben, plötzlich sterben, oder sie werden verrückt werden, Milliarden von Menschen mögen sterben, und Millionen von Menschen werden verrückt sein. Wie sagt ihr: Depression? Eine tiefe Niedergeschlagenheit, eine sehr schwere Niedergeschlagenheit wird die Leute befallen, so daß es unmöglich sein wird, sie zu behandeln; sie sind am Ende, denn die Medizin, die sie in Anspruch nehmen, wird nutzlos sein. Sie wird nutzlos sein.

Die Fabriken werden stillstehen, alles wird aufhören, finishing. Deswegen mußt du Schritt für Schritt versuchen, zu deiner wirklichen Position zurückzufinden, und deine Menschenkraft benutzen. Lernt, wie ihr Dinge selber machen könnt, ohne Maschinen, ohne Technologie. Du mußt versuchen zu lernen, ohne Technolgie zu leben. Verstanden? Versucht es jetzt! Schlaft nicht! Baut keine hohen Häuser, sondern nur solche mit zwei Etagen, benutzt keinen Zement, benutzt Lehm, keinen Beton oder Eisen, sondern Holzbalken, verwendet Steine und Lehm.

Und ihr müßt versuchen, Brunnen und Quellen zu benutzen, da es kein fließendes Wasser mehr geben wird, keine laufende Elektrizität mehr, keine fahrenden Autos mehr, keine funktionierenden „Hallo?“... – Telefone, Ende – al-hamdu lillâh –, ich bin sehr glücklich damit, niemand kann mich mehr anrufen!

Doktoren mögen die Leute nicht mehr aufschneiden, keine Operationen mehr, keine Kaiserschnitte mehr usw. Derart wird die Zwischenzeit sein – für einen Zeitabschnitt; alles wird enden, und in dieser Weise wird die Zeit sein, bis wir Mahdî, der Friede sei auf ihm, erreichen. Wenn Mahdî kommt, auf dem der Friede sei, wird eine andere Art von Kraft kommen, die Allâh der Allmächtige von Seinen wundersamen Mächten geben wird, die er zuvor allein Seinen Propheten gewährt hatte und den Freunden und Heiligen. In dieser Zeit aber wird er sie gewöhnlichen Menschen gewähren.

Doch in der dazwischenliegenden Zeit werden Leute sterben, verrückt werden, sich gegenseitig umbringen – so viele Dinge werden geschehen, daß von sieben nur einer übrigbleiben wird, sechs von ihnen werden gehen. Möge Allâh die Gläubigen segnen. Gläubige mögen gerettet werden, und die anderen werden hinfortgetragen werden. Haben wir sonst noch etwas zu sagen? Fâtiha.

## About Technology and Predictions

(Translated from Turkish)
(Cypriot journalist, Dogan Harman interviews Mawlana Shaykh Nazim)
(starting from min. 5 of video)

Mawlana Shaykh Nazim: Mr. Dogan? Is technology for or against people?
Journalist: It could be both for and against.

Mawlana Shaykh Nazim: Has it done any good for Mankind? Say!
Journalist: For example, you speak and use TV for Rabbani, Lordly purposes...

Mawlana Shaykh Nazim: All nations are in the age of technology...
Journalist: As I understand, technology is keeping people apart.

Mawlana Shaykh Nazim: I will give you a more correct and broad meaning of it: technology has kept people apart from nature. However, tabiat, nature is the mother of Mankind. Tabiat--which they now call it by its made-up name, doga--is the mother of Man. Not only of humans, but she is the mother of every created being that lives on it. And when you neglect her, poison her, insult her, she won't give back to you in return. Nature will then be an enemy to humans and become the mother of all kind of germs and viruses--she'll attack

people. In old times, there weren't as many sicknesses as there are now. Why? People used to live within nature; loving her as their mother. People are now getting tired of walking in nature; they don't want her anymore. They're in cars, etc--many issues. (Mawlana Shaykh speaks to the reporter) Now you stop here (on this topic), don't go further.

What's our current situation? Our situation is the condition we are in. And yet, we only told one part of it. We mentioned one out of one-thousand issues, but there remains 999. Now this is a hasbihal, friendly association. We are giving a suhbah, association in the way of understanding each other. We are not against anyone, however, we don't accept any "new thing" that rasps, degrades and comes against our humanity. In every innovation, there is something that rasps our personality.

For that reason, through intibak, adaptation, it is as if we have moved from our old situation into a new house. I'm used to this house. Now if we move to a concrete building, we wouldn't feel at ease or find the same comfort. But the one who was born between concrete, hasn't seen any other. He doesn't know "the old," and therefore has no desire for it. What's shown to him is, "Look this way, don't look back!" The person who doesn't look back can not find his human nature. Since the beginning of Humankind's existence on Earth, Man have been collecting valuables. At all times, he collected new assets and struggled to mature his human nature.

They say, "Technology Reform." It came and forced us to deny our entire history--whatever we had in the past! And this doesn't pertain to us only; it involves all Mankind.

Journalist: Whatever keeps Man apart from Allah, nature and humanity, it is as old as Shaytan, even if they call it "new." Is that right?

Mawlana Shaykh Nazim: It's already the work of Shaytan, the work of the old expert.

Journalist: Because when you say "old", people will say, "Shaykh Nazim Effendi is against innovation." But it is not like that. The essence of it is different.

Mawlana Shaykh Nazim: If innovation had brought any benefit to humanity, we would've been with it. But ever since the world was created, there's an established civilization, humanity and the understanding of human nature. Unfortunately, they've erased all of these and are bringing people a new identity, which is not appropriate. Now there are people who've become mechanized. What am I to do with a mechanized one? They've turned people into robots--nothing else! And when it is like this, people no longer have any peace.

Where we are is like a small dot on the map. You're a journalist or a researcher--a muhakkik or a mudekkik person. This is our inheritance from the past. When we say "muhakkik" and "mudekkik", these are two gems, in which humans have given their due rights. But now in this day and age, we have kicked these two words out! Do we have the right for a made-up language?
Journalist: We made it up; we kicked the others out and now we're using these.

Mawlana Shaykh Nazim: Is it okay to take out the real orange and bring a plastic one?
Journalist: Does it mean that language shouldn't progress at all? Should it always stay the same?

Mawlana Shaykh Nazim: Is there such a thing in English? Please tell me. The British dictionary, Redhouse...
Journalist: Now let me give you an example, because I'd like to understand what you think too.

Mawlana Shaykh Nazim: Tell me one made-up English word (if you can). Is Redhouse being used today or not?
Journalist: It's being used.

Mawlana Shaykh Nazim: In it, which of the words did the British change?
Journalist: Some words from other languages...

Mawlana Shaykh Nazim: You pumpkin-head! (Mawlana Shaykh lifts his cane up) Leave other languages alone! Its original language is English. Take French as an example. Did the French invent a new word?
Journalist: They never do.

Mawlana Shaykh Nazim: Germans?
Journalist: If I don't discuss how will people understand?

Mawlana Shaykh Nazim: (He lifts his cane up again) There's nothing left for people to understand. Now you speak.
Journalist: The word " robot" came into the English language from the Slovaks.

Mawlana Shaykh Nazim: In Shakespeare's English, which of the words did the British change?
Journalist: True. And the Russians haven't changed Pushkin's language...

Mawlana Shaykh Nazim: Russians?
Journalist: The Russians didn't change their Pushkin literature.

Mawlana Shaykh Nazim: As I said, no one would change. I am speaking to you as a human being. If you are a donkey, what can I tell you?
Journalist: I might be a donkey, but...

Mawlana Shaykh Nazim: What is the Turkish word for "eshek"?
Journalist: Isn't it "eshek"? (Mawlana laughs.) Eh, if I weren't a donkey, then why would you say these things to me?

Mawlana Shaykh Nazim: Let me tell you something. What is the difference between a donkey and a horse?
Journalist: (Journalist at a loss)

Mawlana Shaykh Nazim: I want an answer. Let's have the prime minister, the head person in Turkey, and the one here give us an answer.
Journalist: You tell us; give us a short cut...

Mawlana Shaykh Nazim: Say! You claim you're a philosopher. (Mawlana Shaykh lifts his cane up and motions as if to hit him.) Say it: what is the difference between a donkey and a horse?
Journalist: Only the Sufis would know the answer to this.

Mawlana Shaykh Nazim: Right now I'm giving a general talk of Sufism. Now look: what does a donkey ask for?
Journalist: Straw.

Mawlana Shaykh Nazim: What does a horse ask for?
Journalist: I don't know? Barley?

Mawlana Shaykh Nazim: Huh? What does a horse want?!
Journalist: I'm not sure what horses eat...

Mawlana Shaykh Nazim: It wants a Sultan!

Journalist: To mount?

Mawlana Shaykh Nazim: Of course. Did you understand or not? The donkey wants straw; the horse wants a Sultan. Are there any sultans left? Are there any more horses? All of us have become donkeys. Everyone struggles to earn a living. Just as a donkey runs after straw, people run after their daily bread. The Sultan, which the horse wants, is no more to be found. The horses are crying! Why? Pay attention! Which animal from the animals' world is the most honorable one?
Journalist: The lion.

Mawlana Shaykh Nazim: Do you see? (Mawlana Shaykh gently hits him with his cane) Sometimes your mind works, sometimes you don't know anything.
Journalist: I'm starting to get clever.

Mawlana Shaykh Nazim: (Mawlana laughs) Of course, after getting hit with a cane, you're coming out of "donkeyness" and becoming a horse!
Journalist: Pretty soon I'll start asking for a Sultan too.

Mawlana Shaykh Nazim: (Mawlana Shaykh laughs aloud) Tawbah astaghfirullah! Where again did this bald headed come from? "Don't say bald headed! (Don't you see that) he put a hat on his head?"
Journalist: We wore the fes but we still got beaten. (Laughter)

Mawlana Shaykh Nazim: Anyway, this will be enough. It's time for `asr now.
Journalist: We didn't speak of anything yet. We were going to talk about the happenings in Egypt. What's going on in Egypt, in Morocco, in Tunisia?

Mawlana Shaykh Nazim: According to our creed, our belief, the Prophet's (s) word comes first.
The Prophet (s) said:

••• •••••• •••• •••••
Kamaa takoonu yuwalla `alaykum: As you are so will your leaders be. (al-Daylami)

Your governors resemble you. When they take you down and have someone else sit on the chair, that one will be dressed with the same attribute as the one before. Since people don't want to leave their donkey attributes,

every new comer will ride them with a whip. These nations will reach the level of Manhood only if they rid themselves from “donkeyness”. The attribute of people is the attribute of donkeys. They run after their food, they have no other purpose. They want to have a good salary, live a good life, eat and drink, and do whatever...
Journalist: So then, there is no morality nor belief left.

Mawlana Shaykh Nazim: Would any (good morals) be left? I mean, in “donkeyness”. In the musteva, level of donkeys...now they call it “duzey”. Anything wrong with the (original) word, musteva? (Mawlana Shaykh asks cameraman to get a shot of the journalist)
Journalist: You don’t like technology but these things can take you all the way up to the satellite. So you say there’s no benefit of technology?

Mawlana Shaykh Nazim: I am saying that it rasps against our human nature. Did it take us away from being a donkey? Don’t stretch it.
Journalist: If I perform the call to prayer, with such technology, I can make your voice heard throughout the world. Would that be bad?

Mawlana Shaykh Nazim: Who will hear? People on the level of donkeys will shout and scream.
Journalist: Let them scream. When I put your news in the newspaper, it’ll get sold more easily. On TV, it’ll be watched more...

Mawlana Shaykh Nazim: Leave the newspaper now!
Journalist: So computers have no benefit for humanity?

Mawlana Shaykh Nazim: What benefit does it have? What is in it? Look, there is a limit for everything. What is the benefit of Internet, of computers? It has a benefit, but when does it become beneficial? If it can take people out of the level of donkeys and raise them up to the level of Sultan, the level of horses, then it’s nice. Did this computer take people out of their “donkeyness”? Or more than that, did it corrupt us? You may listen to whatever you want on the computer, but generally speaking, did it raise the majority of people up from the level of donkeys?
Journalist: It’s mostly used for bad things.

Mawlana Shaykh Nazim: Okay, now it’s correct! I am sorry to say that there is no device which is used for

goodness. It is a trap from Shaytan who wants us to keep staying at the level of donkeys. He says: “Here! We’re giving you straw, so be occupied with it!”(...) Technology doesn’t take people to the highest level of humanity; (instead) it makes them atheists, people of no faith, immoral, crazy, and ill-mannered. Now, generations are being raised sitting in front of the computer 24/7.
Journalist: They play games all day.

Mawlana Shaykh Nazim: Too many games in it! Anyway, this will be enough. It’s `asr time.
Journalist: Now what’s going to happen with the situation in Egypt? You didn’t give us any message yet? You gave a message in Arabic but we didn’t understand. What’s happening in Egypt?

Mawlana Shaykh Nazim: As they are, so will their leaders be. If their people were high on good manners, discipline and obedience, then their leaders would represent them exactly. But since people are insisting to stay as donkeys, those who will come as leaders over them will carry the same attributes. They will be “insisters” too, saying, “Let this nation, our people, continue on their ‘donkeyness’ so we can ride on them!”
Journalist : So as long as you don’t change, your leaders will not change?

Mawlana Shaykh Nazim: It won’t change. What a philosopher you are!
Journalist : In a khutbah, 15 to 20 years ago, you said, "As long as you don’t change, Allah will not change your leaders.”

Mawlana Shaykh Nazim: (Mawlana Shaykh nods.)
••••• •••••• ••• ••••••••• ••• •••••••• •••••• •••••••••••• ••• •••••••••••••
Inna Allaha laa yughayyiru ma bi qawmin hatta yughayyiroo maa bi anfusihim. Verily, God does not change men's condition unless they change their inner selves. (Ar-Ra`ad, 13:11)

Allah Almighty, unless people change themselves, will not take them out of their situation. For example, a fish inside an aquarium would say, “We want to get out of this place!” Now if you take that fish and put it in another pool, it would die. So what it wants is water, an environment. Wherever Man goes, he seeks to find that environment to live in. The donkey can live in its own environment, the horse can live in its own, finished!
Journalist : We elect donkeys, then shout, “Who brought this donkey upon us?”

Mawlana Shaykh Nazim: That's how it is. What I am saying will highly enlighten people (for an understanding). Whether you like it or not. Say a better truth (if you can). If there's anyone to debate with me, I don't think that he could withstand me, other than you.
Journalist : Am I really able to withstand you? I came here to get beaten up. [Laughter]

Mawlana Shaykh Nazim: (Mawlana Shaykh lets out a loud laughter) Tawbah astaghfirullah, o fakir, poor one! What shall we do? Tawbah yaa Rabbee. Anyway, it'll be enough for today. May Allah change our conditions. Nations are in need for change.
Journalist : In November you said that Tunisia, Yemen, Egypt, Turkey and many other countries will collapse. Then two months later these events took place, and now in Egypt. What was that all about?

Mawlana Shaykh Nazim: And in Chile. It is as we say it.
Journalist : You listed all of them. Was this a keramet, miracle or what?

Mawlana Shaykh Nazim: (Jokingly) instead of keramet we have kiremit, bricks. If we had anything, these people would have regard for us.
Journalist : But you gave them the news....

Mawlana Shaykh Nazim: We are zero. That's why no one calls and asks for us. What news did I give them?
Journalist : You said these would happen within a year.

Mawlana Shaykh Nazim: Well, there are some matters we know, which belong to spirituality. Now I can't explain them all. You would come near the door just a tiny bit, then escape out of fear. Others won't even approach the door. It will open. Dawaam is for Allah, everything will change.
Journalist : Yaa Daim.

Mawlana Shaykh Nazim: Yaa Daim, Allah, the pre-Eternal and Eternal Creator. (Mawlana Shaykh stands.) Allahu Akbar, Allahu Akbar, Allahu Akbar wa lillahil hamd. Yaa Rabbee! We are Your servants. Give us understanding, yaa Rabbee. (Mawlana Shaykh sits.) Okay my son...
Journalist : Okay. Every Friday night we broadcast these on TV, under the title, "Sohbahs with Shaykh Nazim."

Mawlana Shaykh Nazim: Television or telephone...Sometimes I look; the kids also look, but they look at games and nothing else. Everyone is preoccupied with something; they have an ambition, a want, and they run after that. May Allah keep us away from running after baatil, falsehood. May we go after haqq, truth. They weren't following haqq, that's why it came upon Tunisia and Egypt; and to many more it will come. Like domino's, if you touch one, all will fall, one after another; it won't stop.
Journalist: What will happen in Cyprus?

Mawlana Shaykh Nazim: The same. Because Man will strive until he's satisfied and Man is never satisfied. The Ottoman era passed, the British era passed, the Arab era passed and now we have entered into a fourth position--yet still we're not content. "What's going to happen?" Let them look into it and find it for themselves. What can you find? I can find but you can't. You will find what you seek, finished. They don't know what they are looking for.
Journalist: We found you; we can't find more than that!

Mawlana Shaykh Nazim: If they listen, they'll find. (Mawlan Shaykh looks at clock) It's a quarter after three. They won't let it go for more than 40 or 45 minutes; they'll close it down. Because listeners wouldn't be able to carry it; they'd lose their strength. That's why in schools classes are only 40 to 45 minutes, because that's how long our human nature can take.
Journalist: Yes, thank you very much.

Mawlana Shaykh Nazim: Thanks to Allah. Whomever He sends, we must see. What to do? Sometimes we are in need, as I like to empty my heart...But we are like a helpless ant; we have no power to do anything. Allah, Qadir Mutlaq, Allah jalla wa `alaa.

Fatihah.

## Technology Cannot Save Anyone

(Mawlana Shaykh stands) Dastoor yaa Sayyidi.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
`Azeez Allah, Kareem Allah, Kareem Allah, Subhaan Allah! Sultaan Allah!
Subhaan Allah! Sultaan Allah! Subhaan Allah! Sultaan Allah!
Yaa Rabb al-`izzat wa 'l-`azhaamatal wal Jabaroot, zid Habeebika `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. (Mawlana Shaykh sits)

O our Lord! You created us, min ghayri shay (from nothing), Only You are in Existence and nothing else! And our salute to Qutbu 'l-Mutasarrif, who is the heavenly representative on this planet, and through him our tazeem`at, glorifying is reaching to the Heavenly Presence of the Lord of Heavens.

And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. O our Lord, we are running to You from shaytanic cursings. Say, (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem! Bismillahi 'r-Rahmani 'r-Raheem! Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh sits) That is the main point, through which everything is coming into existence! Bismillahi 'r-Rahmani 'r-Raheem. Use it daily and say for every occasion, Bismillahi 'r-Rahmani 'r-Raheem. You can't imagine what we have been granted from heavens by saying,

Bismillahi 'r-Rahmani 'r-Raheem.

O our Attenders! Don't be heedless! My voice is so weak, but sometimes a heavenly voice is coming, before which no one is able to stand; perhaps they are going to fall down and their souls will leave their physical beings. So don't be heedless! Open your eyes, your ears, and your understanding! One voice from Heavens may make the whole world nothing, carrying all of existence to non-existence!

O our Attenders! O Mankind! What are you waiting for or expecting, a heavenly shouting (thunderous sound)?

O our Salafi `ulamas, you are never saying, "We are students, learners." No, you always have to say, "We are `ulamas." They are making me say this, and teaching me and urging me to declare amthaalakum, "your likes," of those who are so proud to be `ulamas. Say! What is your understanding? We are saying that a shout from Heavens may take away this world, disappearing! Are you reciting the Holy Qur'an? I think so. What does it mean? Why is Allah Almighty saying: (Mawlana Shaykh stands)

••••• •••••••••• ••••• •••••••• ••• •••••••• •••• ••••• ••••• ••••••••• ••••• •••••• •••••••••• ••• ••••••• •••••• ••••••••• ••••••••• ••••••• •••• ••••••••••

Wa ma unzalnaa `alaa qawmihi min ba`dihi min jundin min as-samaa'i wa maa kunna munzileen. In kaanat illa sayhatan waahidatan fa idhaa hum khaamidoon.
And We sent not down against his people after him any hosts from heaven, nor was it needful for Us so to do. It was no more than a single mighty blast (sayhat), and behold! they were (like ashes) quenched and silent. (36:28-29)

Haqq. Look. (Mawlana Shaykh sits) Haqq. It is a very important point. They are thinking that it is a game. They are thinking that life on this planet is a joke, people may enjoy themselves on this and nothing else. And our Holy Qur'an reciters are reciting but they are not taking care. In the beginning of this association, they are threatening people, saying, "O People! Keep your positions; if not, there may be a sayhat, like thunder; it may reach and take away everything on this planet."

And now we are coming to another point: they think it is a joke, saying, “We are not sitting here to make jokes.” You may make jokes among yourselves, but here is a very serious association that you must understand to save yourselves from heavenly punishment, which may reach as a thunder! What is the witness on that point? Are we not reciting Surat al-Yaseen ash-Shareef? Why is Allah Almighty repeating for us the history of what happened? What is the benefit to say, in kaanat illa sayhatan waahidatan fa idhaa hum khaamidoon? Why is the Lord of Heavens reminding, teaching, or training His servants? Yes. That was a terrible shouting, sayhat, in Madinat ul-Antakya, Antioch, the famous city in their time. Allah Almighty ordered Sayyidina Jibra`eel, Gabriel, peace be upon him, to shout, and perhaps 1000 thunders' power can’t reach the intensity of his shouting! From his shouting, all the city's people became like charcoal!

That is a warning to all, "O People! Keep your positions and good manners. Don't leave heavenly orders! Don't run after Shaytan and its ways." That is an ikhbar, declaration, and a warning for people not to be proud ones for something that will never give you any benefit, unless you are using it for the sake of Allah. What you have been granted from treasures and power (is a gift for which you should be happy and thankful). In old times, people were proud of their treasures, but now 21st century people are not proud of their treasures, but they are so proud as Shaytan is proud. Twenty-first century people are trying to come on the same level that Shaytan is on. Shaytan is not using treasures, but using such things and teaching heedless Mankind some secrets for this planet, tasarruf, acting, behavior, a grant that is coming to people to use some unknown power stations, what they call, "technology." A hundred years ago it was not well known, but in one century Shaytan taught its followers that secret authority that is given to people to fight against heavenly ones.

Now Shaytan is doing nothing else except trying to take away Mankind with that technology and to make all of Mankind its slaves. Its main aim is to take away belief from believers and leave them naked. When they see their nakedness, they run after shaytanic technology, just as when Adam (a) did something against the Lord's command, that dressing fell down and he ran to cover himself with something in Paradise. In our days, Mankind sees they have reached a level through which they look at themselves as dressed, but it is not enough for them and Shaytan is giving more and more teachings from its secret powers, saying, "O my followers! I have so many powers to make you even more powerful against Heavens and heavenly beings!"

Therefore, 21st century people are asking to hide or protect themselves from so many kinds of heavenly curses, and Shaytan is giving much more authority than ever before, saying, "Do this and that, and through technology you can defend yourselves against heavenly powers."

Because they heard about what happened to the nations of Noah (a), Abraham (a), Moses (a), Jesus Christ (a) and thousands of other prophets, now they know and they are asking for a defense against heavenly powers! Therefore, they are running after it, saying, "Through our technology we may defend ourselves from everything from Heavens!" That is a shaytanic teaching, but they are not thinking that something is on Earth and something is over the skies; they are thinking that their simple powers are going to defend them from heavenly cursing or heavenly powers to take them away. They now have science and technology, which they think is enough to defend themselves.

Holy Qur'an is saying, "Look what happened to the people of Antakya." What happened? They had a kingdom and everything to defend themselves, but the Lord of Heavens did not grant them armies. Previously, it never happened that Allah Almighty used armies against Mankind; sometimes He sent mosquitoes, small birds or such things. Really, Allah Almighty used sayhat, a shouting (thunderous blast) so loud you cannot imagine; it is such a terrible shouting that burns, making everything like coal. That is a warning. They think, "We are not in need to follow any way prophets bring, saying it is coming to us from heavenly centers. We don't care!"

But now Allah Almighty is not making for them a shouting from up, but in themselves. I saw a terrible newspaper photo, saying the Americans are sending such a huge air carrier, 100,000 tons, full with nuclear bombs. When they drop it, it gives a huge shouting that finishes people. That is from them to them (human to human)! Because they are not believing in holy things, spirituality, or heavenly knowledge, Allah Almighty is leaving them to look at shaytanic projects to destroy humanity with every means on this planet. And it will be sayhat, a shouting that Shaytan taught Mankind that makes cities, countries, and continents scorched like black coal. This is given to those people who are not following holy orders, but following shaytanic methods to make this world scorched, like black coal! Through that story, Allah `Azza wa Jall was saying to people, "If you are not coming on the true way,but always following Shaytan, something may reach you that happened in past times." Allah Almighty is not using that; instead He is making them follow Shaytan's teachings, and that

terrible thundering is making them fall down. May Allah forgive us!

The Holy Qur'an is saying something, and if you are looking in it you may see what is coming. Ignorant ones, shaytanic wolves of Mankind, are making people not to believe in or follow heavenly commands, heavenly messages, heavenly books, and heavenly messengers. That is their punishment; they are giving their punishment from among themselves! Asta`eedu billah. Allah Almighty is saying: (Mawlana Shaykh stands)

**•••• •••• •••••••••• ••••• ••• •••••••• •••••••••• •••••••• •••• •••••••••• •••• ••• •••••• •••••••••••• •••• •••••••••••• ••••••• ••••••••• ••••••••• •••••• •••••• •••••• •••••• ••••••••• •••••••• •••••••••••• ••••••••••••**

Qul huwa 'l-qaadiru `ala an yab`atha `alaykum `adhaaban min fawqikum aw min tahti arjulikum aw yalbisakum shiya`an wa yudheeqa ba`dakum baasa ba`din. Anzhur kayfa nusarrifu 'l-`ayaati la`allahum yafqahoon.

Say, "He is able to send punishment upon you from above you or from beneath your feet, or to bewilder you with dissension, and make you taste the tyranny one of another." See how We display the revelations so that they may understand. (6:65)

(Mawlana Shaykh sits) O our Salaafiyoon `ulamas! Are you understanding that? Why are you not making clear to people such secret teachings? There are well-known things that you may understand in the Holy Qur'an, but there are so many secret oceans of meanings! Why are you not warning people to keep their good manners, adab, in front of their Creator, to give their most high respect and obedience to their Lord? If not, now something is coming that has never happened before, and Allah Almighty is saying, "I am not using something that will come from up or from under their feet, but I am giving as an authority to those unbelievers, shaytanic groups and shaytanic followers, something to make nufoor, hatred between themselves, that they will kill each other using such weapons Shaytan has taught them." May Allah forgive us!

O People! Beware!

O our `ulamas, particularly Salafi `ulamas! Why are you not opening this to people? Why are you not using

what the Seal of Prophets (s) used, those meanings in himself, basheeran wa nadheeran (bringer of glad tidings and a warner)? Why are you not using that nadheeran (warner) to people, because they have passed their hadd, went beyond limits, beyond what they are permitted to reach and no passing after that. But they are obeying, so when they pass that limit, heavenly thundering comes on them. I don't know, the coming days, coming months, and coming years are going to be terrible for Shaytan and its followers. Don't be followers of Shaytan; try to be followers of the Seal of Prophets, Sayyidina Muhammed (s)! (Mawlana Shaykh stands and sits) Allahuma, yaa Rabb, forgive us and send us someone who may collect weak servants to You through the last warner, Sayyidina Mahdi (a).

Fatihah.

(40 minutes)

SubhaanAllah. Mashaa-Allah. Alhamdulillah. Mashaa-Allah. People must come to understand, inshaa-Allah. 800. Allah, Allah. Allah, yaa Rabbee. Tawbah yaa Rabbee, Tawbah astaghfirullah.

## Technology envies the Soul of Humanity

All knowledge which has reached us in our days through technology, is changing the inner feelings of mankind. It is making them like robots, just moving by pressing a button and doing what they are being ordered to do. We have now reached the worst point of technology in the 20th century, and still mankind is most dangerously bowing to it! Humanity is dying because technology is ordering it to be killed. It wants it killed because humanity has value, which technology has not. Technology wants to take these values away. Look after yourself and your Heavenly Souls! Don't be slaves of technology. It takes people to a point of not having any feelings. Having feelings is the speciality of being human. It is what gives us value in the Divine Presence. Servanthood is our highest rank and honour. We bow in His Divine Presence.

## Technology is Today's Golden Cow

Fatihah. (Mawlana Shaykh stands.)

Dastoor yaa Sayyidee, madad. Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Anta Rabbana, anta Rabbana, yaa Mawlana w 'aghfir lana.

O Sayyidina Muhammad (s), most beloved one in Divinely Presence! O our Lord's deputy through Creation! alfu salaat, alfu salaam, Countless salaam, salutes and all praising and glorifying on you, O our most beloved Prophet, Rasoolullah (s)! Dastoor, dastoor, dastoor. (Mawlana Shaykh sits.)

We are saying first of all, as-salaamu `alaykum! O listeners who are listening, asking to know something, it is impossible to know everything. If you go to Damascus, for example, you will know something about Damascus, Shaam ash-Shareef. You may go to Baghdad; there you can find another climate, another territory, different kinds of creatures, different lands, different views, and the Creator created them. Therefore, you must try, O our listeners, to what is going to be granted to us from heavenly levels to make you to understand something.

Therefore, we are addressing you and saying As-salaamu `alaykum. You are lucky ones, because you are

coming to listen! Don't look at who is speaking; it is not important, but you must try to think that it is a weak servant that is sitting and addressing, and Who is that One who is making a weak, weak servant sit and address this assembly? Who is that One, Who is putting a weak servant in front of a lot of people?

You must try to know and be satisfied, because, if there is no satisfaction, it means nothing. If you are satisfied, it means you are taking something from this meeting. And satisfaction, where is it coming from? Are we buying it from a supermarket? Do you think you can find satisfaction at a flea market, or are you thinking that satisfaction may be sold or may be bought? You are never going to understand by yourself what that is. According to holy commands, all prophets have been sent to people for understanding. Where are those chosen people? From where are they bringing these things that give you satisfaction?

As-salaamu `alaykum! O you are not yet sleeping, but when this meeting is going to be a little bit longer, people will say, "Aahhh, aahhh." (Mawlana yawns.) What happened?! Don't open your mouth! Shaytan enters it, you know, when you are yawning. Dentures? Not like real teeth. I am fearing to open my mouth too much; they will be falling down in my hands like this. (laughter) Don't sleep! Make your eyes open! Keep looking, keenly. There are some auctions, and people are sitting and looking. "Yes, that number is coming to my card." For an auction, people open their eyes to look.

What about prophets bringing by holy command of the Lord of Heavens, are they never giving any caution? To look at what? What's coming, what's happening. But for an auction, they are so keenly looking. Give that caution for something that gives you honor for here and Hereafter. After, if you are going to gain through an auction, what are you gaining? Nothing! But if you are giving your real being, then that is your spiritual being, carrying you to endless treasures forever!

O People! Use your mentality and mind, give a little bit of caution for something from heavenly books! This is why we are sitting here. And authorities for this world, that looking and commanding and directing people, are sending something that people must take something. But we are living in a heedless time, heedlessly being, all people are just cowardly people, and never taking any care for reality. They are running after nonsense aspects.

(Mawlana puts "monocle" on his eye)

“O my darling, what about you, look at that new car? O my darling.”
“Yes sir, I am looking at it and it is so elegant. It is so suitable for you and me to buy a new fashion car for the honor of 2010.”
“O my darling, but perhaps it is going to be so expensive.”
“O my darling, you are keeping away my good wish, my wish always. This is a new year and we must renew ourselves with a new car.”

If this is what old people are saying, what about youngsters? All of them, don’t touch this (magnifying glass). Sometimes they are taking this and looking so keenly.

“Why are you taking this? I can’t see your beauty.”
“O my darling, I am always so beautiful. The new year is coming and we are getting younger.”

That is the mentality of the people of the 21st century, first to change their cars, then their furniture, then their homes, then their clothes. Nonsense! Nonsense technology is making people to be of no mind! No mind! Technology is making people to be at the level of shaytans and diabolos! Nonsense through the top-position people, through religions in Islamic world.

We may come once again to Salafi `ulama, and once again I am angry! I am only a taalib (student) asking to learn, to know more and more and more. And they are saying, “We are `ulamas.” A`oodhu billahi min ash-Shaytaani ‘r-rajeem. I am asking protection and running to our Lord Almighty and asking not to fall into shaytanic traps that are everywhere now, from east to west, to make people to become caught in those traps. But I am surprised about what I am getting angry. This is so clear that people are running after dunya or running after imitated pleasures for this life. They are forgetting real life, never-ending life. They are forgetting Eternity. Eternity! But they are giving cares for nonsense, yes.

What is making me angry is the chief of religions, the holy ones. We may begin with our Christian brothers, the Pope or Episcopal, not cardinals. What is his job? With same level of Pope? Eastern church, Western church, what is Pope in Rome? You kiss his hand? Church of Eastern Christians (Patriarch). Yes? I am asking one after the other, and also other brothers, Jewish people. They are saying that they are never accepting either Christianity or Islam. I am saying, what are you doing about the situation now? People are just sitting in it, or just falling in it? I am asking the Patriarch, the Pope in Rome, and the Chief Rabbi, what do you

think? What is your job? Is it to only say, “We are representing the Lord of Heavens on Earth?” If you are claiming that, then why is it not your job to ask, “O people, what are you doing? Do you believe in an Eternity? If you believe in Eternity, what are you doing?”

All you people are saying Paradise is only for Catholics or Orthodox or only for (people of your faith). You are saying and claiming this. And Rabbis, they are never accepting Jesus Christ (a) or Muhammad (s). (Mawlana Shaykh stands and sits.) You are saying, “We are following Moses (a).” And I am saying so many times, you are disobedient to the Lord of Moses! It is written through Old Testament that once Sayyidina Musa, peace be upon him, had been ordered to go to Toor Seenaa, the Lord of heavens asking, “come to a special and most sacrificed, sacred buqaa, place. I am addressing you and ordering your nation to keep My orders,” the Lord of Heavens is saying.

I am addressing now, the rabbis and Israeli people. What happened up until Moses, peace be upon him, came back? What did they do, the tribes of Israel? They made a calf, and suddenly one unknown shaytan among the tribes of Israel was representing Shaytan, as now whole people, whole jamaahir, whole nations on Earth are ittakhadhoo, chosen for themselves. Saamiri? That Saamiri was the representative of Shaytan. Tribes were following him and he made them worship a cow. That Saamiri put its traps everywhere, and thousands of Israeli people have been caught through shaytanic traps, yes?

Look, at that time and Moses, peace be upon him, was among them. They are following Shaytan and they are putting their foot on a trap to be caught. Holy books are making everything clear. That is what happened at the time of Sayyidina Musa (a). Shaytan put among the Children of Israel a representative and whole tribes were accepting that shaytan, Saamiri. He was representing Shaytan and he was making a golden cow and worshipping.

Do you think that Shaytan is sitting, not moving? He is so active! Perhaps the most active one amongst people on Earth is Shaytan. Shah Naqshband (q), Allah is blessing him, was saying, “If I was sleeping and able to see Shaytan and catch him, (I would) tie his hands and feet and mouth, making him to not move, but I am never catching him.” A little bit like this, always active. Therefore, most active one on Earth is Shaytan.

Now we look, it is the time of tyrants. As it is mentioned in whole holy books that before the Day of

Resurrection there will be such a thing that Shaytan is putting his authority on people. With which thing? Shaytan is taking (...) of whole nations. With what, Shaykh Hisham? With teknologia? Teknologia is teaching people, and he was controlling whole nations through technology. Technology is the worst thing and it is the worst trap for Mankind now. There are very, very, very few people you can find that have not been caught by technology!

Now Shaytan is putting his last and worst means to make people run after him. Yes? Therefore, what I am saying, astaghfirullah, I am saying what is coming to my heart to address people. I am very angry with technology because it is making people follow Shaytan and technology is going to make every nation on Earth, in its position or condition, in such a way. I am asking rabbis and the pope and patriarch, and I was striking, shouting to the highest authority in Islam, Azhari 'sh-Shareef, I am saying to them, . I am asking them, why are you not calling your nations to wake up and not to fall into the traps of Shaytan? I am saying to shaykh of Azhari 'sh-Shareef. Pope, why are you not warning Catholics? Patriarch, why are you not warning Orthodox people? Rabbis, why are you not warning of Shaytan's traps, not to fall on it?

I am ashamed to say Salafi `ulama are never warning about technology. They are only speaking to say, "Don't wear turbans, don't make dhikr." They only know how to make announcements to the east and the west. But they never know to say, "O people, technology is more dangerous." They only know to say, "Tariqah is bid`a. This is shirk, bid`a."

What is the position? You never said to your malook, to your presidents, to your chiefs, never saying to them that technology is Shaytan's representative, and making people to leave shari`atullah. Why are they not saying? They are saying, "Shaykh Nazim is saying such a thing and it is not true!" Don't say that, (because) up to morning you must die, because giving a sign of death, a warning.

May Allah forgive us. This is what is happening now. People, all of them falling for a shaytanic trap. You can't find even chiefs of religions to say against technology. I am the only one saying that technology is ending all religions on Earth, (making them) not to follow Muhammad (s). (Mawlana Shaykh stands and sits.)

O our Lord, send us one to make our steps on the Right Way, to take our steps from the wrong way to the true way. O people, don't sleep! And we are saying bismillahi 'r-Rahmaani 'r-Raheem. O our Lord, forgive us and send us one from Your servants who may take Your servants from the wrong to the Right Path.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Dome, dome, dome, dome 8x

Fatihah.

(45 minutes)

Allah's blessings on you, who is standing and listening though east and west. Pray for me, O believers, pray for me not to lose my steps on the wrong way. O people, pray for me! I am a weak servant and a very old servant. May Allah forgive me and you.

Fatihah.

## TECHNOLOGY MAKES US WEAK

To make the life of mankind easy, technology, they have invented so many things. They make them to make everything easy in their life but when they are doing this, using these instruments, these inventions, they are bringing the human power, that Allah Almighty granted us to use for our physical life, they are reducing their physical powers to zero. For doing new things, and everything that we were doing before with our physical body, we are now doing with these machines. But, subhan Allah, Allah Almighty is bringing an end to that period &endash; everything must reach to an end. That is also what we are seeing and hearing from scientists and scholars and computer engineeers, they are saying that the life of those of mankind who are depending on technology, on the last day of 1999 they are going to fall down, they are going to finish.

Now my advice to my followers is to try to take themselves away from these things and to begin to use their own physical powers, to bring their physical powers into action, not to be under the command of machines &endash; Do this! Don't do that! Everything &endash; step by step, we must try to save our freedom from technology, to bring ourselves to ourselves. Therefore it is important what we are saying &endash; from now on you must try not to use those machines or instruments for everything. Make it, try to make it less and less and less. Because when it is suddenly cut out billions of people are going to die &endash; not millions, billions of people. When that limit has been reached and nothing is working, those who have not prepared themselves for a new period should die suddenly, or they should become crazy, billions of people may die,

and millions of people are going to be crazy &endash; how do you say? Depression. A big depression, a very bad depression, will come to people that is impossible to treat and they will be finished, because the medicines that they are going to use are going to be out of time, they are going to be useless. Factories will stop, everything will stop, finished.

Therefore, step by step, you must try to come back to your real position and to use your manpower. Learn how you can do things by yourself, without machines, without instruments, without technology, you must try to learn how you can live without technology. Understand? Try it now. Don't sleep. Don't make high buildings but just two floors, don't use cement use mud, don't use concrete and iron, use timber, use stone, use mud, and you must try to use wells, because there will be no more running water, no more running electricity, no more running around in cars &endash; they will not work anymore. No more &endash;"Hallo?"(telephones) they will be finished, alhamdulillah, I am very happy with this then no-one can call me! Doctors may not cut people any more, no more operations, no more ceasarians, no more

In this way should be the space &endash; there will be a space, a distance, and in this everything will stop. In this way will be the distance to reach to Mahdi, aleyhi salam. When Mahdi, aleyhi salam, comes another power will come, that Allah Almighty will grant. He will grant common people in this time from His miraculous powers what He only granted to His Prophets and awliyas, and saints, before. But over that distance, people are going to die, to become crazy, to kill themselves - so many things. So that from seven only one will remain, six pass away.

May Allah bless believers. Believers should be saved and others are going to be carried away. Anything else we are going to say? Fatiha

**Tefekkur- reflective thinking, meditation, is like the stairways or the plane to take you up, and even more, it is taking you up to the highest spiritual ranks like a rocket, saruh**

---

Tefekkur- reflective thinking, meditation, is like the stairways or the plane to take you up, and even more, it is taking you up to the highest
spiritual ranks like a rocket, saruh. That is why it is said that one hour
of reflective thinking is better than 7o years of prayer without tefekkur.
Tefekkur is an important aspect of worship and it opens secret doors-
without it no door will open for anyone.
The least for a man who is mature, mukellef, liable, responsible, and a
believer is to think before doing anything, if it is for Allah or for his
ego, if it is pleasing to Allah or to Shaitan. Without this reflection
anything he does, is like rubbish. And his life is going to be like the life
of the animals in the jungle. The measure for the life of a believer is to
think if what he does is for Allah, rahmani, or for Shaitan, shaitani.
Islam shows us a discipline, a measure for our life and all acting. And who
is responsible will have to answer to the question: Why did you do this? For
whom you were living? For what you were running? How did your life pass? For
Allah or for Dunya? This measure is for all our actions, for every movement.

But people don't want to be aware, conscious, and think, but rather give up all thinking to the computers. What about your own abilities, capacity? But no one is thinking anymore.
Who understands how these machines are working? What is inside to make it work? In old times we had watches that we had to wind up to make it to work. Nowadays we don't even have this in our hands anymore, everything is automatic. Everything is made in a way to take the control out of the hands of people. They become like robots, eat, drink and enjoy, coming and going like a machine. The people of the 21st century have no awareness, consciousness, anymore, they don't think and reflect anymore. They are told: We do the thinking for you in the laboratories, you rest and be in peace,we are thinking for you. But people are not in peace, because peace comes with nearness to Allah. When the soul comes closer to Allah, man finds peace. With the distance from Allah fear grows. And all development and inventions are used to bring people away from Allah and their own selves.
All ways are closed except the shaitanic one where people are diverted from reflection and thinking, and there are only three open doors: eating, drinking and sexual amusement. People do Haram and under the influence of alcohol they get completely out of control. In such a way people are easy to govern. Everything is free, there is no control on them, people become like monsters, and so dirty. And there are Pharaos of the shaitanic kingdom over them...
According to what they built, it is coming on them now a revenge. People are like in a tunnel, a one way tunnel without exit. People are threatening one another, they want to kill and destroy one another. And Shaitan will watch everything from a hill and burst out into laughter, because the world will burn and all buildings will break down except those, which are built on Haqq, truth... Billions of people will go...
This is what Shaitan has prepared for the Children of Adam. From the beginning he was against S.Adam a.s. When he saw the new creature of Allah

he entered the empty mud form through its mouth and went around everywhere in the body, through all venes and arteries, because the body was empty. He thought he would govern man easily. ( We have venes that are fines than a hair, and they transport oxygen and CO2 and nourish the body. Look the tajalli of 'Azamet, that man has! But people became crazy. So many nerves and venes- how they are arranged. How any power, creator, could create something like that if it was blind?) The angels said: ' This is the new creature of Allah Almighty', and Shaitan said:' How strange- you are made from light, I am made from fire, but this one is made from mud, earth. A strange cerature. It must have a secret, a wisdom. O angels, if Allah gives this new creature a rank over you, will you accept?' ,Yes', they said, , we are submitted to he orders of our Lord, we will accept'. Shaitan said: ,If this new creature is put over me, I will not accept. And if he is not put over me, I will not do him any good either, I will finish him'. And he asked Allah's permission to finish them.

Because of that, the biggest war is coming, Merhamet Kubra. The computers will not be able to count the dead...To destroy mankind is the aim of Shaitan. And he is against Islam. Whoever is acting against Islam, is alao a Shaitan. People now will finish and kill one another. Like those buildings in New York all buildings which are not based on Haqq will come down. Nothing will happen to Mosques, they will not break down.

Shame on those Muslims who read the Quran without understanding it...They have no power against Kufr, but also they are not recognizing spiritually powerful ones, the Saints. They are not accepting them and call it Shirk, when we call the Saints for help...They go against America, but they can't do anything against Kufr and its allies...Now this fire and smoke will continue until the appearance of S.Mehdi a.s....How Shaitan will laugh! Who is it that Allah was showing you as your ennemy? Shaitan. But you fight against each other. They show Shaitan to you as your best friend...People are not listening to Allah. But even if the whole world was vanishing- Allah

has thousands of worlds. If the world was not in such a bad condition, it would not burn...Now the world will be cleaned and then a door of Rahmet will be opened, because Allah has endless mercy...

They were trying to make rain to fall in Istanbul, and now we have such a rain, that the barrages are bursting...

In Egypt they built a barrage, the Assuan-barrage, huge like Turkey, but it will not be able to hold the waters. The Jews and Christians cheated them to build this barrage with so many thousand of tons of cement...Egypt will drown according to the prophecy, and that is a sign of the end of time...

,All power is with Me', Allah says, ,who are you?!' May He give us the mind to understand..

**Heavenly News and Warning: Terrorism is Ending Now!**

Bismillahirrahmanirrahim
Ya Rabbi, sallimna, ya Rabbi, sallimna, ya Rabbi, sallimna, fi-l Dunya wa fi-l Akhirat!
Ashhadu an la ilaha ill-Allah, wa ashhadu ana Sayyiduna Muhammadan ‘abduhu wa habibuhu wa
rasuluh, salla-llahu ‘alayhi wa salam!
Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah!
We are so happy people that Allah Almighty granted us to say: La ilaha ill-Allah, Muhammad
Rasulullah!
Billions of people they can’t say. That is most honoured word that whole Prophets bringing from Allah Almighty: Afdalu dhikr: La ilaha ill-Allah! To be able to say: ‘La ilaha ill-Allah’, Allah Almighty He likes that word! Shukr, thanks to Allah, whole thanks, countless thanks and countless praisings for Allah that He granted us to be able to say La ilaha ill-Allah, la ilaha ill-Allah, Muhammadan Rasulullah!
Destur, ya Sayydi, ya Sultanu-l Awliya, if you are not, O our Master, if you are not granting to ourselves something, we can’t say anything and no one can be present here. That is the power of Heavens, coming on unknown worlds and we can speak.
Most difficult time for mankind that we are in it now, therefore you must say:
Audhu bi-llahi mina shaitani rajim Bismillahir Rahmanir Rahim
Meded, ya Sultanu-l Awliya.
They can hear; power of Saint, power of servant of Lord, may hear the sound of an ant; when it is moving, coming a kind of sound. They may hear the steps of an ant as a thundering, so clear for them. You must believe in holy things, you must believe in Heavenly Messages. If not, you are going to be only a dust, dust, no value. Therefore ask from holy ones to teach you some ways that makes clear for

you the power of Creator. Even the sound of atoms, they have also a glorifying; nothing can be in existence without glorifying their Lord, their Creator, and the sound of glorifying of atoms you can't be able to hear, to listen, even through one part from one thousand units of time. You can't be able, you can fall down and our beings, our every organs, they cant work, if that power not reaching to them, no any organ through yourself can be able to fulfill its importance.

Liver can't work if it is not making that glorifying for its Creator. Stomach can't do, if it is not completing its glorifying for its Creator. Your mind can't be worked, without glorifying. Your brains cells, everyone is must be alive. Every part that it is in your existence, in your material being, everything must be alive and to be alive the sign of being alive, they are glorifying. When glorifying stopping, they can't do anything, that means dying.

Therefore now physicians they are looking and saying: "This organ just finished." For what? Because no more glorifying. "Therefore", they are saying, "We must cut it and we must throw it away. Everything, when dying, useless. Whole body, a perfect body, must be just alive through its every cell. Because every cell it is a universe. Each cell it is a private universe. Can't be one to be hundred per cent same the second one, and second one can't be same for third one. Don't think that this eye just second eye, no! Each ones' importance is different and independent. Independent 'alam, universe, each one. Each one! This can't be involving with second one in inner works, but there is something also... through cells there is a kind of border and also through cell, through cell, each cell it has several kinds of functions and each one independent in itself. This can't be able to involve that one, therefore, when you are saying: "Allahu akbar!", don't think that you are measuring His Height, measuring His Wide(ness), no! Allahu akbar, Allahu akbar! Subhanallahi- l 'Aliyu-l 'Azim. That is Takbiru-l Haqq, that is our ifada, our declaration for His Greatness and His Greatness just going to appear through every cell and each cell also His Greatness going to appear through that function. Subhanallah! And cells to cell they have borders, or walls, protected each one from second one, each one from second ones' attack. No, just that under the guarantee of Allah Almighty each cell. Who is Guarantor for cells against cells? He, Allah!

O people, therefore such a things brings you a knowledge from our Lords Greatness, ma'rifatullah. Ma'rifatullah that is high knowledge for Allah Almighty's Greatness. Subhanallah! This world, all of it, so many atoms, under Jabbar, Allah Almighty's Power, keeping that not to go outside. That means there is a very firm discipline. If no discipline, our bodies going to be melted and passed away. Each

one independent through your physical being, billions or trillions and it also, our bodies, protected on everything around ourselves not to be touched by anyone with any harm, no, Allah Guarantor. “...wa la ya’uduhu hifzuhuma... “ don’t think that only 7 Heavens and Kursi and ‘Arsh, 7 Heavens up, 7 down worlds, He is Allah Almighty, He is Guarantor for them, but everything in it, in its smallest part, they are also protected... “...wa la ya’uduhu hifzuhuma...”; it is not going to be difficult for Allah Almighty that He is asking to do! And He is only may say: “Kun”, “Be”, and being, and obeying. And must obey! Therefore Allah Almighty He likes from His servants to be obedient. He never likes disobedient ones, they are - what we are saying now - terrorist! Terrorist - man they are not happy with terrorist - Allah, He is going to be happy? No! Allah Almighty saying: “No, I am not accepting terrorism through My territories! “Allahu Akbar! Allahu Akbar! Allahu akbar!

O people, think on it, think on it, think on it! “...wa la ya’uduhu hifzuhuma wa Huwa-l ‘Aliyu-l ‘Azim...” You can’t bring any measure for His Ulum that covering everything under His Mightiness! Everything they are under His Dominions; countless Dominions just Allah Almighty making in yourself and in everything. Dominions! Allahu Akbar! Therefore Allah Almighty He never likes disobedient people, because disobedient people they are terrorist! Let them go to Hell, may go to fire! Therefore sending whole Prophets to prevent man not to be terrorist!

First terrorist who was? Kabil, first terrorist, breaking Holy Command. Therefore, who breaking holy Command, going to be terrorist! First terrorist Kabil, methab, and his party or his terrorism, he founded that and Shaitan - alayhi la‘natu-llah - this is new Tajalli for Laylatu-l Bara’a! Power coming now, power coming now, should take away...

Man they can’t be able to stop terrorist or to destroy terrorism, now last night there is a Hukm Ilahi, Heavenly Declaration: “I am now involving to stop it, to clean now world!” Enough! That is their last point that coming and man they are unable to stop terrorism and to finish terrorists. “Now I am sending My Power”- minimum, not maximum, no, minimum, that you can’t be able to bring a description on it. “Minimum power I am sending now, on those terrorist people” like... how it is, for example, he may say for every terrorist he is not taking sword or using rockets, no. Where is terrorist?.. . Anyone here terrorist? Pu on terrorists!... Enough! Just reached to final point for terrorism and terrorist. Sending... for example, one from terrorist people was Nimrod... also Pharaoh was terrorist... Hitler terrorist... nighttime sending bssss...very small creature, sending, these such a strong person ...touching, till morning... “Heh! Uh! No one?” Ya Hu, there also... some people passed away and Doctors coming

quickly to make... looking: “Nothing happened, everything okay!” This is terrorist and coming Heavenly Revenge, coming on them... Allah saying: “I am Allah, I am Allah!” Subhana Hu wa ta’ala! Or, if 70 Russian, 70 Americans, 7 Turkeys, 70 Arabs - they can’t catch them, they can’t finish them.

Now Allah Almighty last night, Laylatu-l Bara’a, gave Hukm that it is just stamped on it: “Now I am going to finish! And I am using only very weak, weakest, more than bird-flu... very weak and sending to everyone - I know them - one one...where they are sleeping, where they are doing so many...!”

Don’t be terrorist! Finished! That is last point for ashkiya, terrorist and whole people, whom they are not keeping Holy Orders that reached last point for their chances, finished, finished... now you should see through this year!

O people, therefore, keep yourself! Be obedient! Unobedient people, all of them, terrorists and whole nations majority terrorist! Governments, whole of them, terrorist and their way terrorism. They are saying: “Democracy, democracy! We shall bring good one!” No, you can’t bring! One abshar mina thani, one most dangerous, more dirty than second... finished!

This is number one from Heavenly e-mail... coming Heavenly e-mail... don’t think that Sheikh speaking, no, no! That is e-mail, I am reciting... Yes, terrorism, just beginning with Kabil, ending now! And then Jesus Christ coming now! Sayyidina Mehdi – alayhi salam - coming now! Dunya going to be clean and pure, no more terrorism, no more terrorist, oh, oh, oh... Therefore no more... animals, tigers terrorist, lions terrorist, wolves terrorist, foxen terrorist, bears terrorist, sharks terrorist, snakes terrorist... should finish! Fearing from Allah Almighty’s ??? mighty Power or Allah.

Therefore that time lion going to eat grass with cows and wolves they are going to eat grass with sheep, and foxen going to eat...(coming) friendly to... “O my cock, I can’t eat you, because if I am eating you, I am going to be terrorist and mighty Power of the Lord of Heavens finishing me. I am eating like you some grains, oh...!”

This is my declaration, but powerful now to be understand everyone, who thinking. Therefore had been said last night through high, highest point of people, awliya: “Whom they are doing nothing, but their hearts going to be with terrorist people, they should be taken away!” Keep your heart for your Lord Allah Almighty! Don’t carry bad intentions, you should be taken away, sleeping, and coming morning like buffalo... “Ya Hu - this person was small size, what happened? Now he is awakened as a buffalo!” That touched it, that Revenge of mighty Allah touching, making such a buffalo... even small ones... O people, keep yourself!

That is a new news from Heavenly News for warning; Heavenly Warning! I am only a translator! This must be heard through East and West, they must take their attention, not to be written their names under terrorist list, or one night they are going to finish.
May Allah forgive us and protect you! For the honor of the most honoured one in his Divine Presence, Sayyidina Muhammad – sallaLlahu alayhi wa sallam... Who is preventing Prophets Salat wa Salam - terrorist, should be taken away!...
May Allah forgive us and protects you under His Divinely Shelter! For the honor of the most honoured one in His divine Presence, Sayyidina Muhammad – sallaLlahu alayhi wa sallam,
Fatiha!

Lefke, 28.8.2007 (Day after the Laylatu-l Bara'a)

**In a theatre people don't amuse themselves**

(Turkish)
In a theatre people don't amuse themselves...people go in happy and come out unhappy because it is a gathering for Shaitan. He is telling them: "You will amuse yourself, but, because it is a gathering for Shaitan and cursing is raining on it, they come out depressed....Our meetings Shaitan is preventing and cutting, saying: "You will be bored, they will put pressure on you." But who is not listening to Shaitan and coming, they get out happy, because in our gatherings mercy rains on in. Cinemas, casinos, theatres, coffeehouses are all meeting places for Shaitan and it rains cursing on people there and also on those who just look to them...These people forget their Holy Ones, they fight them, destroy and close their places, now they are in such a bad situation, they can't get out anymore...)
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...
It is an association, it is a small gathering here; we are thankful to Allah Almighty that (He is) granting us to follow the ways of His Friends. We are happy and thankful! (But) we are sorry also that (the) majority of people (is) not interesting in a real situation, a real meeting that (is) teaching them something for Allah. (The) majority of people has been cheated by Shaitan. We are happy and thankful to Allah Almighty that He guided us; that is a biggest grant of Allah Almighty to be guided on (the) right direction and (the) right direction (is) towards Allah and every direction that (is) leading ourselves (in the) direction to Allah Almighty. We are not going to be proud on other people; we must ask from Allah Almighty, from His endless Blessings to send us a guide that he should have a sword in his hand.
A dog, if it is not threatened with anything, with stones or a stick or a sword, (it is) never leaving you, (it is) running after you to bite you. When you have something in your hand, he is not looking to you, (but) looking what is in your hand- stick. It knows that: "If a little bit I am approaching, he should hit me on my head."

Thinking on it, therefore (it is only) barking from far away, because it knows: “If I am coming a little bit, that stick is hitting me on my head.”
We have been landed from Eden, from Paradise, on earth, Adam a.s. and Eve, Allah bless her. (At the) same time Shaitan (was) kicked down from Heavens and also (the) snake. (It was) through (the) divine Wisdoms... or (the) divine Will (was) making them to be each other’s enemies. Adam and Eve have been landed on this earth (and) Shaitan is (the) most dangerous enemy for Adam and Eve and also that snake or dragon that (was) kicked down. He was guardian on (the) Paradise entrance, because it (was) also cheated by Shaitan and leaving (its position), giving way (to) Shaitan to enter Paradise and to cheat Adam and Eve. When they were going to be cheated, they were going to be disobedient (to) their Lord’s holy Commands, and everyone who (is) going to be disobedient for their Lord’s Commands can’t be in Paradise! (He) never enters Paradises, until they should be punished here or Hereafter. Sins are a blame on them and Paradise (is) never accepting a disobedient one to step on the clean land of Paradise. Paradise land is clean and must step on it clean ones. No, dirty ones can’t enter, no. Pure, clean people may enter Paradise. Until they are going to be clean, Paradise (is) forbidden for people to enter in it. Therefore when Shaitan cheated Adam and Eve, (the) holy Command, (the) holy Order, heavenly Order (was coming), saying: “Get out! You can’t step on My Paradise land and you are now going to be disobedient ones, now you are not clean!” When you are coming to pray, you must be clean. You can’t enter (a) mosque, Mascid Harram, Mascid Nabawi Sharif if you are not clean. You must be clean to enter. Therefore they have been sent out, because you can’t step on Paradise with dirty steps.
And (all of them) had been landed (on earth), but all of them were enemies to each other.
And here people are going to be cheated by Shaitan that his target is to make the Children of Adam to be enemies to each other. They know... When they were coming and landed on this planet, if they are following Allah Almighty’s guides... through His guides, (those) who (are) accepting heavenly Guidance, they should reach cleanliness and peace on earth. Therefore Shaitan is running- as he ran after Adam and Eve to make them away from Paradise- now on earth he is (the) first and most dangerous enemy for (the) Children of Adam and trying to make them dirty ones, and dirty ones (are those) whom they are never obeying heavenly Orders. When (they are) getting dirty, (they are) trying to kill each other. Through that dirtiness growing enmity between Children of Adam and (Shaitan is) making Adam’s Children to be enemies to each other: Nations to nations, races to races, men to women, women to men, children to their parents, parents to their children, neighbours to each other, women to men and men to women- so easily they are coming to be

enemies!

Now in our days people (are) suffering. For what (they are) suffering? Because (of the) dirtiness of mankind; they are falling into dirtiness, into sewage channels. If a person (is) falling through sewage channels, (he) can be clean? No. All of them (are) now in sewage channels. You can't find clean people now, finished! And (even) if a person (is) taking his care, but (he is) going through that sewage channels, even some drops must touch to him or to her. And if we are using (the) heavenly Balance that Allah Almighty put, (saying): "I put (a) Balance", if you are using that balance, we can't use (it), but Angels- if they are using- you can't find now clean ones. Dirtiness (is) through East to West, from North to South, and Shaitan (is) very happy and dancing. Putting rings here and rings there and dancing...happy with hippies...Happy Hippy...new nation, new generation, that they are never accepting to be for them a Lord, never believing in anything, never asking any Command from Heavens, their 'meslek', their target is only to reach full freedom. Full freedom people are those who surrender to Shaitan completely! Muslim, aslim, taslim- Muslim is (someone) who (is) surrendering to Allah. But hippies- that 99 % (of) people are on the ways of hippies- (they are) asking freedom, endless freedom; they are completely dirty ones, completely they are surrendering to Shaitan. If you are saying: "Come to surrender to Allah", they are saying: "No, no, no! Why?" Particularly Western people, Non-Muslim world, if you are saying: "Come and say: I am Muslim", they are saying: "Islam? No, we are not accepting!"

So many people are coming to me or (to) someone like me, they are thinking that: "We are on way of Heavens and we are trying to make people to reach to their heavenly Stations" and they are giving (their way) a name, mysticism, Tasawwuf. They are accepting (that), but they are running around, they are not getting to be satisfied, because nothing with them. (They are) coming to someone like me, saying: "Oh Sheikh, we are asking a way from mysticism, from Tasawwuf, to reach that spiritual Stations or heavenly Stations. Please guide us on that way." I am saying: "Yes, okay. (The) first step (is): Come and say: I am Muslim." "No, no! We are not accepting this. Without becoming Muslim we are asking a way to reach to heavenly Stations!" And I am saying: "Do you think that even in a high building without using a lift you can reach (the) top? I am saying: Come and say: 'I am Muslim'. Ask, what is the meaning of 'Muslim'!" "No, no, no! If you are saying Islam, we are not (accepting)..." Up to Jehennem (with them)! If you are not using (a) lift, how you are going to reach? Eiffel Tower- anyone can be able to reach the top of (the) Tower of Eiffel? Impossible! If you are asking to reach, use this! And they are insisting: "We are not using..." I am saying that time: "I am making ropes out of that Eiffel Tower, everyone putting around themselves these rope and when we reached top, we

are making people to carry them up, up, up. If you are not coming inside to reach (the) top point and asking another way, another way that is only this! You are asking something that is impossible!

Who (is) asking to reach to their heavenly Positions, must be clean first and if you are not cleaning yourself as Heavens (is) asking to be clean, you can't reach to that point and Islam (is) coming to clean people from dirty ideas, dirty works, dirty characteristics, to make your ego under your feet and to make Shaitan far away from you! And you are saying, coming as a limited company: "Limited Company: Mr. No-Mind, limited company with Shaitan and ego." Your company (is) very important! Company of Shaitan. Your company is with Shaitan and ego and this dirty Dunya that (is) making you to be slaves and with Shaitan. You have this company and you are saying: "I am asking to reach up, higher positions of Heavens." Oh. These dirty ones, if you are not leaving them, you can't get up, because Heavens (are) never accepting your limited company. People are saying: "No, we are (a) famous company and most important company. From the first step of Adam on earth we established that company and we should go up to end. We can't leave our company- so important limited company (of) Shaitan and his helpers, his members, his partners. We are not leaving. If you are taking us up, up, if not, we are not accepting." And we are saying: "Leave (that company) and come!" Now (the) whole world (is) going in such a way. If you are asking for them to be clean because they are asking to reach heavenly stations, they are objecting on it, your way of cleaning them, (saying:): "Islam? We are not accepting." "Go away! We are saying: "Leave." "No!" They surrendered to Shaitan, but it is difficult for them to surrender to Allah. Islam means: To surrender to the Lord of Heavens, our Creator. Even they are not able to carry the name of Islam- what is you hope for these heedless and foolish, no mind, square head, but mm square head people? What your think for them? Which hope you have for them for their future? Now Dunya and its inhabitants reached to that point: all are refusing Islam, all are making Islam down, making another show, the worst show for Islam. If you are saying that: "Islam is in such a way", giving its description, why you are coming and asking to reach Heavens? Go and use your way! They can't use!

Ants- now it is the time of their election, election for their queens and mostly the noble ones who are going to appoint or elect their queen, they have wings now. They have wings and other ones, ordinary workers, (they have) no wings. Ordinary ants, if they are asking: "We like also to fly up, but we can't carry these wings. We like to fly without wings"- what (is) saying mentality? (It) can be? "That wings", ants they are saying, "you must have this." They are saying: "No, we can't carry this." "Eh. You should be on earth, we are flying..." And mankind, who is accepting Islam, they may fly, if not accepting...there are workers of ants, they may be there, until they are finishing...

Try to have wings and wings are only given through Islam! Without Islam you can't be given wings to fly to Heavens. Impossible! You must know this. If not, work on it as ants workers, you can't be Queens or Kings. May Allah forgive me and bless you, for the honour of the most honoured one in His divine Presence, S. Muhammad, sws, Fatiha.

## The Big War

Bismillahi r-Rahmani r-Rahim. This holy month has begun. The manifestations of this holy month have come with mightiness.
Rajab is the holy month that carries the name of Allah (swt). Rabbul'Izzah, who is Shadidul Batsh those nations that He was going to overwhelm, in this month, He swept them away. This is the information we have. Bismillahi r-Rahmani r-Rahim. That is why - "Fa Firru 'Ila Allahi." (51:50) Oh people run to Allah (swt). "Ya Man La Marja'u Min-Hu illa Ilayhi" There is nowhere to seek refuge, except... at Allah's (swt) door. Those who seek refuge in His Great Prophet (sws), and Ummuhan Sultan (Hala Sultan), they will be safe/protected. If not, there is a lot of distress. This month will become very intense. And this is a sign of Divine revenge. So that those who have gone astray, will be punished in this month. They won't be left without punishment. Mankind has crossed the limits. They forgot their servant hood, they forget their identity. They forgot their creator. And that is why they have turned against each other, they are fighting one another, people are now ready for fighting. And this is a sign of a big war. It's called Armageddon (malhama kubra). Many people will die. With the cursed weapons that they made themselves, mankind will almost be finished off. May Allah (swt) protect us. So where is salvation? "Fa Firru 'Ila Allahi 'Inni Lakum Minhu Nadhirun Mubinun" (51:50) is that right? Run to Allah (swt). "Ya Man La Marja'u Min-Hu illa Ilayhi" There is no salvation other than turning to Allah (swt). If not, they will be cut like wheat. So that their punishment will not be left for akhirah (here after), they will suffer their punishment on earth.
Oh scholars, Oh righteous ones, be aware. Teach those who do not know. Because it is not a joke during this month of Rajab. And the fire that started in Syria will bring Armageddon. It will be the greatest human loss ever. We seek refuge in Allah. "Fa Firru 'Ila Allahi" (51:50) Run to Allah

(swt). "Ya Man La Marja'u Min-Hu illa Ilayhi" Allah's mightiness, when we say mightiness, the Divine Power that no one can stand against, that storm is coming. Run to Allah (swt). You know the tornado, a strange tornado like that is coming. Most people will be gone. "Illa Man 'Asamahu Allah" Other than those that Allah (swt) is protecting, the others should fix themselves. If not, a tornado cannot lift a rock, but the breeze can lift a leaf. That is why everyone should stay where they are. They shouldn't go here and there. They should cancel their travels. Those away from their homelands should return. If there is some commotion where they live, they should stay in their houses and not go out in the streets. There's danger.

Nowadays, all people are outside their homes. What they are doing is wrong. The whole world is out in the streets. If Divine might, Divine anger comes on them, not one person will be left. Let's beware. And that is why now without an important reason they shouldn't go from one place to another. They should guard their house. And there is no need to come to Cyprus. And those in Cyprus should return to their homelands. People outside of Cyprus shouldn't come here. Those outside of Cyprus shouldn't come. And those in Cyprus, without a reason 'bi ghayri sabab', shouldn't leave. They should guard their homes morning and evening. Those who listen can listen. Those who don't listen, they will carry the responsibility of what will come. Ladies shouldn't go out and adorn themselves. Young people shouldn't wander around without anything to do. If something befalls them, it is their responsibility. Men who go out, after they finish their work, they should only go from mosque to home, from home to mosque.

Those who don't do this, there is danger for them. "Fa Firru Ila Allahi"(51:50) During all these troubles, those who run to Allah will be saved. If not, no one will be saved. Such a fire is coming down. "Wa Yudhiqa Ba`dakum Ba'sa Ba`din"(6:65) you will fight one another. Punishment won't be sent down to you from heavens, but you will attack one another and find your punishment like that. Don't go out! Don't leave your homes! Don't let young ones out after sunset! Close down bad places. If not, a curse will come down on those who don't close them down. May Allah forgive us.

It is a holy month, we have respect for it. If not, heavens' revenge and grudge is waiting, it will strike. One with the other. War will sweep them away. The weapons they made will bring mankind to a state of extinction. Hafadhana Allah. Ya Rabbi, that is why Cypriots, if there is no need, they shouldn't leave Cyprus. And no one outside of Cyprus should come here. No

Europeans or anyone else should come here. They should keep themselves in their homes and houses. From the mosque to home, from home to mosque.
Fatiha.
No one from Egypt should come, No one from Turkey should come. Everyone should stay in their homelands. They should protect themselves. They shouldn't be a burden to anyone. Permission has been taken away. There is no permission. They should guard their homes and houses. The time for wandering/ traveling around is finished. Protect yourselves.
Aman Ya Rabbi, Aman Ya Rabbi.

**Der große Krieg**

---

Bismillahi r-Rahmani r-Rahim, dieser heilige Monat hat begonnen. Die Erscheinungen dieses heiligen Monats kamen mit Mächtigkeit. Rajab ist der heilige Monat, der den Namen Allahs (swt) trägt, Rabbu l-`Izzah, der Shadidu l-Batsh ist. Jene Nationen, die Er überwältigen wollte in diesem Monat, hat Er hinweggefegt. Das ist die Information, die wir haben. Bismillahi r-Rahmani r-Rahim. Deshalb, "Fa Firru ila Allah" (51:50), o Leute, lauft zu Allah (swt). "Ya Man la Marja'u minhu illa Ilayhi". Es gibt nirgendwo einen Zufluchtsort, außer an Allahs (swt) Tür. Jene, die bei Seinem großen Propheten (saws) Zuflucht suchen und bei Ummuhan Sultan, Hala Sultan, werden geschützt sein. Sonst gibt es eine Menge Leid. Dieser Monat wird sehr heftig werden. Und das ist ein Zeichen von Göttlicher Rache. So daß die, die in die Irre gegangen sind, bestraft werden in diesem Monat. Sie werden nicht ohne Bestrafung bleiben. Die Menschheit hat die Grenzen überschritten. Sie haben ihre Dienerschaft vergessen. Sie vergessen ihre Identität. Sie haben ihren Schöpfer vergessen. Und deshalb haben sie sich gegeneinander gewendet. Sie bekämpfen einander. Die Menschen sind jetzt bereit zu kämpfen. Und das ist ein Zeichen eines großen Krieges. Er heißt Armageddon, Malhama Kubra. Viele Menschen werden sterben. Mit den verfluchten Waffen, die sie sich gemacht haben, wird die Menschheit fast am Ende sein. Möge Allah (swt) uns schützen.
Wo also ist die Rettung? "Fa Firru ila Allah Inni lakum minhu Nadhirun Mubinun" - Flieht darum zu Allah. Ich bin zu euch als aufklärender Warner von Ihm gesandt worden (51:50).

Stimmt das? Lauft zu Allah (swt). "Ya man la Marja'u minhu illa Ilayhi". Es gibt keine andere Rettung, als sich Allah (swt) zuzuwenden. Wenn nicht, werden sie wie Weizen abgemäht werden. Damit ihre Strafe nicht für die Akhirah gelassen wird, werden sie ihre Bestrafung auf der Erde erleiden. O Gelehrte, o Rechtschaffene, seid aufmerksam. Lehrt jene, die nicht wissen. Denn es ist kein Scherz in diesem Monat des Rajab. Und das Feuer, das in Syrien begann, wird Armageddon bringen. Es wird der größte Verlust an Menschen überhaupt sein. Wir suchen Zuflucht bei Allah, "Fa Firru ila Allah" (51:50). Lauft zu Allah (swt). "Ya man la Marja'u minhu illa Ilayh". Allahs Mächtigkeit, wenn wir sagen Mächtigkeit, die Göttliche Macht, gegen die niemand bestehen kann, dieser Sturm ist im Anmarsch. Lauft zu Allah (swt). Ihr kennt den Tornado, ein merkwürdiger Tornado wie der kommt. Die meisten Menschen werden tot sein. "Illa man 'Asamahu Allah". Ausgenommen die, die Allah (swt) schützt, die anderen sollten sich festhalten. Wenn nicht, ein Tornado kann keinen Felsen anheben, aber die Brise kann ein Blatt hochheben.

Deshalb sollten alle bleiben, wo sie sind. Sie sollten nicht hierhin und dorthin gehen. Sie sollten ihre Reisen absagen. Diejenigen, die fern der Heimat sind, sollten zurückkehren. Wenn es Unruhen gibt, wo sie leben, sollten sie zu Hause bleiben und nicht auf die Straße gehen. Es droht Gefahr. Heutzutage sind alle Leute außer Haus. Was sie tun, ist falsch. Die ganze Welt ist draußen auf den Straßen. Wenn Göttliche Macht, Göttlicher Zorn auf sie kommt, wird nicht eine Person übrig bleiben. Hüten wir uns! Und deshalb sollten sie jetzt ohne wichtigen Grund nicht von einem Ort zum anderen gehen. Sie sollten das Haus hüten. Und es gibt keine Notwendigkeit, nach Zypern zu kommen. Und die in Zypern sollten in ihre Heimat zurückkehren. Die Menschen außerhalb Zyperns sollten nicht hierherkommen. Jene außerhalb Zyperns sollten nicht kommen.

Und jene in Zypern sollten ohne Grund, "bi Ghayri Sabab", nicht weggehen. Sie sollten ihre Häuser hüten morgens und abends. Die, die hören, können hören. Die, die nicht hören, tragen die Verantwortung für das, was kommen wird. Frauen sollten nicht hinausgehen und sich schick machen. Junge Leute sollten nicht herumwandern, ohne etwas zu tun. Wenn ihnen etwas widerfährt, ist es ihre Verantwortung. Männer, die hinausgehen, nachdem sie ihre Arbeit gemacht haben, sollten nur von der Moschee nach Hause und von zu Hause zur Moschee gehen. Diejenigen, die das nicht tun, für die besteht Gefahr.

"Fa Firru ila Allah" (51:50). Während dieser ganzen Schwierigkeiten werden die, die zu Allah

laufen, gerettet werden. Sonst wird niemand gerettet. So ein Feuer kommt herab. "Wa Yudhiqa ba`dakum Ba'sa ba`din" - und die einen die Gewalttat der anderen kosten zu lassen (6:65). Ihr werdet einander bekämpfen. Strafe wird euch nicht von den Himmeln herabgesandt werden, sondern ihr werdet einander angreifen und so euere Strafe finden. Geht nicht hinaus! Verlaßt euere Häuser nicht! Laßt die Jugendlichen nicht hinaus nach Sonnenuntergang! Schließt die schlechten Stätten. Wenn nicht, wird ein Fluch auf jene herabkommen, die sie nicht schließen. Möge Allah uns vergeben. Es ist ein heiliger Monat. Wir achten ihn. Wenn nicht, himmlische Rache und Groll warten. Sie wird zuschlagen. Einer gegen den anderen. Der Krieg wird sie hinwegfegen. Die Waffen, die sie machten, wird die Menschheit an den Punkt der Auslöschung bringen. Hafadhana Allah, Ya Rabbi, deshalb, Zyprioten, wenn es nicht nötig ist, sollten sie Zypern nicht verlassen. Und niemand von außerhalb Zyperns sollte hierherkommen. Keine Europäer oder jemand anders sollten hierherkommen. Sie sollten sich in ihren Häusern aufhalten. Von der Moschee nach Hause und von zu Hause zur Moschee. Fatiha. Niemand aus Ägypten sollte kommen, niemand aus der Türkei sollte kommen. Alle sollten in ihren Ländern bleiben. Sie sollten sich schützen. Sie sollten keine Last für andere sein. Erlaubnis ist aufgehoben. Es gibt keine Erlaubnis. Sie sollten ihre Häuser hüten. Die Zeit für's Herumreisen ist vorbei. Schützt euch. Aman ya Rabbi, Aman ya Rabbi.

## The Constitution

Dastur Ya Rijal Allah, how many statements are being said about what is happening & what happened in the Muslim world? May Allah forgive the Muslims and especially the heedless ones. May Allah (swt) correct our situations. I am a weak servant. You visited us to honour us, may Allah (swt) reward you with the best of rewards. They came from the city of Beirut, May Allah (swt) protect it with Your baraka. Subhana Allah Al 'Aliyi Al Azim.

We are living in the hardest days but it is possible that they will become harder and harder & harder, because we have reached the time of the tyrants. Therefore in order to correct all the matters in the Muslim world, it must be with Sahib Al Zaman Sayidina Al Mahdi (as). O servants of The Lord, enter, act, and follow the words, the words of Al Haqq. Allah (swt) is our Lord and Sayyidina Muhammad (saws) His Beloved, and His Prophet, the chosen one from the worlds whom Allah (swt) honoured by asking him to step with his (saws) honourable foot on The Throne of Allah (swt). We are following the Prophet of the end of times, Sayyidina Muhammad (saws) & his nation. May Allah grant him more praise, honour, Divine Lights and joy.

There are no excuses for the Muslims who are claiming that they are Muslims while they left following and obedience to the Prophet (saws). Allah (jwa) said "Wa A`tasimu Bihabli Allahi Jami`an Wa La Tafarraqu" (3:103). Especially you O Arabs! Is this Arabic or Turkish? "And hold fast to the rope of Allah..." What do you understand "of the rope of Allah"? The Quran is the Mighty rope of Allah (swt) sent from Heavens to earth, to a Prophet (saws) to whom nothing is similar, not here nor in other places, The Beloved of Allah (swt) Salla Allahu Aleihy wa Sallim, Sayidina Muhammad. He (swt) sent him (saws) The Holy Quran in an eloquent Arabic language.

And Al Haqq (swt) says "And hold fast to the rope of Allah (swt) all of you together & do not be divided" (3:103) I am sorry about the understanding of the Muslim nation, especially the Arabs, the Arab people, about the words "And hold fast to the rope of Allah.." (3:103)

The Mighty Rope of Allah is the Holy Quran. "And do not be divided" (3:103) What are we doing? The opposite. What Allah (swt) says we are going against it, we are making the opposite. Allah (swt) promised "I am with you as long as you are holding onto to My Book, following My Prophet (saws). I sent him from above the 7 Heavens to correct you and prepare you... prepare you to have white faces so you may enter Paradise. You... you have...you have darkened your faces..... Their faces were white, the Muslim people. The others their faces are dark. The Muslims their faces are enlightened. And I am sorry that the Ummah Muhammadiya in our times now, we are doing the opposite.

"Your actions are what you will reap, they will come upon you.... from every direction. O servants of The Lord, I am a weak servant.. an ordinary weak servant. I am very sorry about what happened in the Muslim world, and in the Muslim Religion. Islam is enlightened & white, no doubt about it. Islam, with Islam the honor of the children of Adam goes up. And going against it their honour goes down. O servants of The Lord, Subhana Allah! "Recompense is according to the action." You don't listen to the word of Allah (swt)? Let them eat one another.

Let them be happy! The Muslims that they are just called Muslims. I am sorry that they run after the constitution...constitution. We are asking the scholars of Egypt & the rest of them, what constitution? What constitution are you asking about? A constitution... The highest constitution is the constitution of Al Haqq, He (swt) sent it to His Beloved for you. The highest constitution is the constitution of Islam. The highest constitution is the constitution Sharia Muhammadiya.... Sharia Muhammadiya, is there a higher constitution?

People are looking for a constitution? This is, this means dishonour dishonour! People are looking and want to compile a constitution. The highest constitution that Al Haqq (swt) sent is the constitution of the Shariat Allahu Muhammadiya. About what constitution are you asking? You are Muslims or of what religion? You are asking for a constitution? "We want to make a

constitution!" What gives you the right? Do you have this right to make a constitution? And Allah (swt) sent His Sharia Muhammadiya for it to be a perfect constitution for all humankind; so their faces may be whitened in their life here & in the Hereafter. O people! Are you Muslims or are you of another religion? You changed your religion. You became, you raised or you left the Sharia Muhammadiya that is sent from Allah (swt) and you claim that you want to make a constitution? What rights do you have? Who gave you this authority & right for you to make a constitution? Allah (swt) will punish them & darken their faces. May Allah (swt) darken their faces in this world & in the Hereafter! All this corruption is from them. They are the tyrants, that "after the Kings... "after the kings will come tyrants" (Hadith) These are the tyrants that think they are something "we will make a constitution."

Muslims only have the constitution of Al Haqq (swt), The Holy Quran, the Shariat-ullah Muhammadiya. It is written & documented up to now, the Islamic constitution, in the libraries. They are full with the constitution of Shariat Al Islam. And the last one of them is called the "Majalla" which was written & documented and with it the Ottoman Sultans ruled. O servants of The Lord consider what has been sent to my heart, Subhana Allah! With the mighty Sharia, O servants of The Lord, one man alone, Sultan Abdul Hamid, may Paradise be his abode, he alone ruled a kingdom 10 million square kilometers alone, by himself. And did not let the people be in need of anything. He ruled for 40 years with the Sharia and the people's pockets were full of gold. Then these devils 'jon Turk', these devils nonbelievers, Europe, they did not find any way except by taking down a Sultan so they might rule the Muslim land. O people consider, one man by himself with no parliament or constitution, alone, by himself, for 40 years he ruled and he showed the justice of Islam, the honour of Islam. And in any meeting in Europe first was mentioned the Ottoman Empire, the Ottoman Sultanate.

He was alone by himself. How many people are you? What is your value now in the eyes of the Europeans, nonbelievers? That was a man, by himself who ruled 10 million square kilometers, lands with the Islamic law & the pockets of people were full of gold. They were paid monthly salaries with gold. Hamidi or Rashad gold, or Mahmoudi and Majidi with gold. Even if they put it on top of their heads & walked in the streets no one would ever dare to take it, out of fear.

Allah (swt) Jalla Jalalu dressed him with the glory of Islam. The glory of Islam, not one person would dare to go beyond his limit. That's it.

So pay attention O people who are claiming to be able to make a constitution. Let them do it. You cannot rule not even one street. They ruled from the middle of Europe all the way to Saudi Arabia, to Yemen and all these states, princes, Emirates used to fear. They were not raising their heads, no Iranians, no Russians or Europe. They used to kiss the hand of Sultan Abdul Hamid when they went to him. He by himself ruled. What happened now Bahauddin? Dishonoured, dishonoured, they are eating one another. This is...what Allah (swt) ordered them to be like? "And after the kings will come tyrants" (hadith). These are the tyrants claiming that "we are the Arabs. We are the Turks. We are the Iranians." Come to the open field. Show your manhood O Arabs! Show it! You are men, show it, show us! There are 200 million Arabs show us. The Muslim world is 2 milliards. Show your manhood. Let one man rule like Sultan Abdul Hamid.

They betrayed him and they took him down from his throne. He did not object. "As you like" he said. And they took him from Istambul to Thessaloniki. He went down from the train and people were calling to him "Hamid ombashi" these jon Turk, jon Turk "Hamid ombashi" (lowest army rank name). He took one of his handkerchiefs and tore it in pieces and prayed against them "insha'Allah you shall be like this!" I am an old man but Allah (swt) granted me a secret to speak to you. Those people, by the order of The Lord of Heavens & by order of His Beloved, because I am nothing I am nothing. It is not out of learning that I am speaking. I am speaking to you O Muslims, O Muslim world I speak to you words that are factual & true. JonTurk claimed "we are the Turks" and the Arab people also claimed "we are the Arabs". And the Prophet (saws) prohibited nationalism. Nationalism he cursed it!

A handful of people they dishonoured the whole Muslim world. A handful of people. They were happy with the ruling of Sultan Abdul Hamid, they were obeying him. Then came French the English came, the Russians came and divided them into pieces and there was no value to them anymore. Finished! If Allah (swt) put down a servant, no one can raise him. O Arabs! Inspirations that come to my heart from these groups, they inspired me.. As a result, still the Egyptians they are looking for a constitution. Constitution? What constitution after the Sharia Muhammadiya?

Is it not enough for you? What rights were taken from you? Your rights are all protected under the Sharia Muhammadiya. It is not unjust.

All the world is looking for one person with a mind, who can solve all these problems. You put down one Sultan who was empowered to solve all the problems between the nations, between people.. He was able to give the rights to every person. And first of all Islam says "Give to everyone their due rights." (Hadith) Finish! Where are you? "Give to everyone their due rights." Where is any Emir, any King, any President to give everyone their due rights? This is for the servants of The Lord. Allah (swt) will punish them, and the people of Heavens curse them, these cursed ones.. such people.

O servants of Allah (swt) wake up! Wake up! Be from the people of Haqq, gather and say "we are a group, we are people who accept the rights of all people. We want to "give everyone their due rights." For sure a group must show up to claim "we are a group who wants to give to everyone their due rights." (Hadith) While the people have now stood up & claimed "we have rights!" And all of them are claiming & tearing one another saying "we will give you rights." You cannot grant anyone rights. Haqq, is what Allah (awj) decided & ordered, keeping it as a trust of Heavens on Earth.

Allah (jj) Jallat 'Azamatuhu wa La Ilaha Ghairahu. O Master of beginning & end, "appoint for us a king, so we may fight in Allah's way" (2:246). Wa Min Allah Al Tawfiq. Playing & dancing it's all we can do because people have now all stood up against each other. Is this what Islam orders? "And hold fast to the rope of Allah.."(3:103) You became, O people you became dishonoured among people, among the worst of people. Where are your kings? Their manners are royal manners. These other ones are like gypsies, really like gypsies pulling the feathers from the chicken wings. O nation of the Beloved, how can you be happy with these people! They will bring you a new constitution. I am sorry for the people of Egypt. And they call themselves "the Muslim Brotherhood" and they want to bring something against the Muslim constitution.

Allah (swt), the people of Haqiqa say Allahu Naziri/ Allah is looking at me Allahu Ma'yi'/ Allah is with me. Allahu....is looking at me Allahu is with me & looking at me. Our Lord looks & sees.

Looking & Allah is with me. Ya Rabbi Ya Allah, tawba Ya Rabb. Allah, Allah is with me. Allahu is looking at me, Allahumma Fa 'Afu 'anna wa Aghfirlana, wa Arhamna Ya Rabbi...for the sake of Your Beloved send us Sahib, send us a Sultan. Allah (swt) does not tell stories in The Holy Quran except to teach the nation of the Beloved. He (jmq) says... "And they asked their Prophet," the children of Israel, "When they said to a Prophet of theirs "Appoint for us a king" (2:246) they did not say send us a president. The children of Israel asked their Prophet (as), "ask your Lord to appoint for us a king so we may fight in Allah's way"(2:246) Other than a King, is not on the path of Allah (swt). You are Arabs, don't you understand The Holy Quran? You don't understand! What is this? O dishonoured ones! Allah (swt) will punish them with the worst punishment of their life in this world and their faces will darken. In the Hereafter the harshest punishment is on them.

May Allah (swt) protect us from the evil of devils. O people! Be wise. Allah (swt) does not tell stories. He (jmq) says Subhana Hu wa Ta'ala. "One of the ants said, O ants enter your dwellings lest Sulaiman and his hosts crush you, while they perceive not." (27:18) O Arabs, don't you understand? Allah(swt) says, "Ya Ma`shara Al-Jinni Wa Al-'Insi Ini Astata`tum 'An Tanfudhu Min Aqtari As-Samawati Wal Ardi Fanfudhu La Tanfudhuna Illa Bisultanin"(55:33) Where is the Sultan?

I am sorry O my Lord! Tawba Ya Rabbi...tawba O Ummah, come back. One person can solve all the problems. Allah (swt) He is Muqallib Al Qulub (turner of the hearts) "give to everyone their due rights" you will be in peace. Otherwise if you insist, "O ants, enter your dwellings." (27:18)

Tawba Ya Rabbi, tawba Ya Rabbi, tawba astaghfirullah. Tawba Ya Rabbi, tawba Ya Rabbi, tawba astaghfirullah. O Lord "send us a king so we may fight in Your way" (2:246) You know best our situation. For the sake of Your Beloved Al Mustafa. Support, support O my Lord, for the sake of Your Beloved Al Mustafa. Reach Your weak poor servants. We don't know what to do.

Tawba Ya Rabbi. Forgive me O Muslims. If I made a mistake forgive me. I speak but I do not

think that the words spoken now are of no value or need forgiveness. These words are words of Haqq. O Allah!!! We want the army of Al Haqq, their swords to reach from East to West. And the Prophet (saws) his sword from the Throne to everywhere. Glorify your Prophet (saws) you will be successful in your life here and in your Hereafter, O servants of The Lord! Fatiha.
May Allah protect you. May Allah (swt) be with you. This is enough for you. For this you came, insha'Allah you are supported...

## The Green

Bismillahi r-Rahmani r-Rahim.
To the people of this time: Which is the most beautiful color? It is green. Who wears a green cap, a green dress; who paints their houses green; who keeps a green flag on their cars- these ones are seen from above & are under protection. There is no protection for any other color, only for green.

Let everybody hang green flags on the endpiece of their cars. Green... If they like they can put on it the old flag of Egypt, it is green. Turks also have green. They also can put Turkish flag. They should put green flag. If the sky came down to earth, it wouldn't touch them.

Who uses green dress, green cap, nothing comes on him. Who pays attention to wearing green dress, at least whatever dress he/she puts on should be green. Green is the heavenly protection. It is heavenly protection. They should pay attention to green. May Allah forgive us. Fatiha.
Green is the most beautiful of the colors. It is the color of life, it has descended from Heavens. Therefore they should pay attention to this. Fatiha.

No harm touches the one who loves green in dunya & in akhirah. This is the new instruction from Heavens: Green, it is the color of life. It is the color the angels love. Sundus, sundus alakhdar (fine green silk). It is green, it is the most beautiful color of the paradises. Sundus, therefore they should wear it. The scarf on their head, green silk. They can put embroidery or needlework on it, whatever they want to do. Basically they should put green cap. They don't suffer from headache. These ones don't suffer from headache. There is a special angel that protects them. If all that the sky carries of punishment came down to earth, it won't touch them.

Like this, vest also should be green. If they circulate this green color, the heaviness in the world will be lifted. Let them be careful about this. They should love the green color. It has the love of the habitants of paradise in it- sundus al-akhdar/green silk. Is it not? O Allah, You know. There are things to come on those who don't love it. There is special angel to protect those who wear green. There is an angel who descends from Heavens. Let them pay attention to this. Women and men, all. At least they should put green rosette (pin) on their chest. It protects them. Ladies should prefer dark colors. Dark colors should be preferred, should be the choice of the ladies. Therefore I don't like light colors, I don't like at all. May Allah forgive us. Fatiha.

If they are to paint the outside of their houses, they should prefer green. They should choose for dresses the green ones. They should prefer green color in the furniture they use. It brings them good luck. Green color brings good luck. Other colors are unlucky except the green color, it is the color of life. They should wear it, use it. These people become lucky. The people of this time should pay attention to this also. They don't say "O my head, O my teeth." Who covers his/her head with a green cover will not suffer from headache.

The latest fashion of Islam in the end of times is this, our fashion is this. Everything other than this and something will befall them. They should at least put something green around their necks. They should at least put green turban/ cotton cover on their heads. Let their cars be green. I will make green ghalib/victorious. Green prevents punishment. It turns away calamity. It turns away accidents and calamities. This is also a new instruction. Be careful about this. Fatiha.

Men should wear green rosette on their chests. Ladies should wear green colored stones, jewelry. If green prevails in the world all troubles will go away & finish. O Lord, may You forgive us. May You send us Your servants who will teach us. There is divine protection in the color green.
The cars also, they have something for flags. They should put a green colored flag on it- with 3 crescents, or with 3 stars, or with 1 crescent & 3 stars. It should be green. No accident or calamity comes on them. May Allah forgive us.

Green brings majesty, angels love it. The color of fire- the people of this time have a tendency for red. Their fashion is red. It is fire, it burns them. Green gives comfort, gives beauty, gives peace,

gives barakah. Be careful about this. O the ladies of this time, adorn yourselves with green.
Fatiha.

The greenery. Use the greenery that grows in nature, the greenery that grows in nature by the power of Allah Almighty. Eat them, grow them & have no fear. Meat makes you wild. Vegetables & greens make you friendly & soft. It makes you kind & ladylike, or it makes you a gentleman. Or else you become a wild animal. Allah... May Allah forgive us.
Fatiha.

**Grün**

---

Bismillahi r-Rahmani r-Rahim. An die Menschen dieser Zeit, welches ist die schönste Farbe? Es ist Grün. Wer eine grüne Mütze trägt, ein grünes Gewand, wer sein Haus grün anstreicht, wer eine grüne Flagge an seinem Auto hat, diejenigen werden von oben gesehen und stehen unter Schutz. Es gibt keinen Schutz für eine andere Farbe, nur für Grün. Alle sollen eine grüne Fahne an das Endstück ihres Autos hängen. Grün... Wenn sie wollen, können sie die alte Fahne Ägyptens nehmen, sie ist grün. Die Türken haben auch grün. Sie können auch die türkische Fahne nehmen. Sie sollen eine grüne Fahne aufhängen. Fiele der Himmel auf die Erde, würde es sie nicht berühren. Wer grüne Gewänder, grüne Mützen trägt, auf den kommt nichts. Wer darauf achtet, grüne Kleidung zu tragen, wenigstens das Kleid was er/sie anzieht, sollte grün sein. Grün ist der himmlische Schutz. Es ist der himmlische Schutz. Sie sollten auf grün achten. Möge Allah uns vergeben. Fatiha.

Grün ist die schönste der Farben. Es ist die Farbe des Lebens. Sie ist von den Himmeln herabgestiegen. Deshalb sollten sie darauf achten. Fatiha. Kein Schaden berührt den, der Grün liebt in Dunya und Akhirah. Dies ist die neue Anweisung von den Himmeln. Grün ist die Farbe des Lebens. Es ist die Farbe, die die Engel lieben. Sundus, Sundusu l-Akhdar - Feine grüne Seide. Es ist Grün, es ist die schönste Farbe des Paradieses. Sundus, deshalb sollten sie es tragen. Das Kopftuch auf dem Kopf: grüne Seide. Sie können es besticken oder umhäkeln, was immer

sie tun wollen. Grundsätzlich sollten sie grüne Mützen tragen. Sie werden keine Kopfschmerzen bekommen. Diese leiden nicht unter Kopfschmerzen. Es gibt einen besonderen Engel, der sie beschützt. Wenn all das, was der Himmel an Strafe trägt, auf die Erde herabkäme, würde es sie nicht berühren. In dieser Weise sollte auch die Weste grün sein. Wenn sie in dieser grünen Farbe herumgehen, wird die Schwere der Welt aufgehoben. Sie sollen darauf achten.

Sie sollten die grüne Farbe lieben. Sie trägt die Liebe der Paradiesbewohner in sich - Sundusu l-Akhdar, grüne Seide. Ist es nicht so? O Allah, Du weißt es. Es werden Dinge herabkommen auf die, die sie nicht lieben. Es gibt besondere Engel, um die zu beschützen, die Grün tragen. Es gibt einen Engel, der von den Himmeln herabsteigt. Sie sollen aufpassen. Frauen und Männer, alle. Wenigsten sollten sie eine grüne Rosette an die Brust stecken. Das schützt sie. Die Frauen sollten dunkle Farben bevorzugen. Dunkle Farben sollten vorgezogen werden, sollten die Wahl der Frauen sein. Deshalb mag ich keine hellen Farben. Ich mag sie überhaupt nicht. Möge Allah uns vergeben. Fatiha. Wenn sie das Äußere ihrer Häuser anstreichen, sollten sie Grün vorziehen. Sie sollten als Kleider die grünen wählen. Sie sollten grün bevorzugen bei den Möbeln, die sie benutzen. Es bringt ihnen Glück. Die grüne Farbe bringt Glück. Andere Farben bringen Unglück, außer der grünen Farbe. Sie ist die Farbe des Lebens. Sie sollten sie tragen, sie benutzen. Diese Menschen werden Glück haben. Die Menschen dieser Zeit sollten das beachten. Sie sagen nicht: 'O mein Kopf, o meine Zähne!' Wer seinen Kopf mit grün bedeckt, wird nicht an Kopfschmerzen leiden. Die neueste Mode des Islam am Ende der Zeit ist das, unsere Mode ist das. Irgendetwas anderes als das, und es wird sie etwas befallen. Sie sollten wenigstens etwas Grünes um den Hals legen. Sie sollten wenigstens einen grünen Turban, eine grüne Baumwollbedeckung auf den Kopf setzen. Ihre Autos sollen grün sein.

Ich mache Grün ghalib, siegreich. Grün verhindert Bestrafung. Es wendet Katastrophen ab. Es wendet Unfälle und Katastrophen ab. Das ist auch eine neue Anweisung. Seid achtsam damit. Fatiha. Männer sollten grüne Rosetten tragen auf der Brust. Frauen sollten grüne Steine, Schmuck, tragen. Wenn Grün in der Welt vorherrscht, werden alle Probleme verschwinden und ein Ende finden. O Herr, vergib uns. Sende uns Deine Diener, die uns lehren. Es liegt Schutz in der grünen Farbe. Die Autos auch, sie haben etwas für Fahnen. Sie sollten eine grüne Fahne

hineinstecken, mit 3 Halbmonden oder 3 Sternen oder mit einem Halbmond und 3 Sternen. Sie sollte grün sein. Kein Unfall oder Unglück kommt über sie. Möge Allah uns vergeben. Grün bringt Majestät, die Engel lieben es. Die Farbe des Feuers, die Menschen dieser Zeit haben einen Hang zu Rot. Ihre Mode ist rot, es ist Feuer, es verbrennt sie. Grün spendet Trost, gibt Schönheit, gibt Frieden, gibt Barakah. Achtet darauf. O Frauen dieser Zeit, schmückt euch mit Grün. Fatiha. Das Grünzeug, benutzt das Grünzeug, das in der Natur wächst, das Grünzeug, das in der Natur wächst durch die Macht Allahs des Allmächtigen. Eßt es, baut es an und habt keine Furcht. Fleisch macht euch wild. Gemüse und Grünzeug macht euch freundlich und weich. Es macht euch freundlich und weiblich, oder es macht euch zum Gentleman. Sonst werdet ihr zum wilden Tier. Allah... Möge Allah uns vergeben. Fatiha.

## "The Heart of My Believing Servant Contains Me" - What is real knowledge?

Dastoor, yaa Sayyidee. (Mawlana Shaykh stands.) Yaa Allah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Sayyidina Muhammadur Rasoolullah. Zidhu yaa Rabbee, `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. All blessings, all glory, all honor, all majesty only for You, O our Lord! Subhan sensin, sultan sensin. Give to Your most beloved, most honored, most glorified servant, Your deputy, Sayyidina Muhammad (s) what no one can give, what no one can imagine! Give your intercession, yaa Sayyidee, yaa Habeebu Rabbu 'l-`alameen (s)! (Mawlana Shaykh sits.)

To all prophets, to all awliyas, saints, Allah (swt) grants His whole Mercy Oceans. O our Protector, O our Supporter, O our high, high heavenly supporter! We are asking from you a support. We are knowing nothing, and You may send us something from your authorized mission and authorized holy support that you have been granted, for the honor of the Seal of Prophets (s). Look at our conditions and give us what we are in need of, for the honor of the most honored one in the Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

O Our Attenders! Who are trying to be present at such a humble assembly and meeting and association on a small island through a small village, O our Grandshaykh, you may support us. So much honor and so much blessings on you, attenders of such a simple meeting. We are simple people, and we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. O qutb, who is representative of the Seal of Prophets (s) now on this planet, we are humbly asking for some understanding for heavenly happenings. We are knowing nothing and you have been authorized to grant to those people who are interested and asking something to learn.

O Salafi `ulamas! Marhaban! What sayings of the Seal of Prophets (s), one-hundred, one-thousand, ten-thousand, ten-million, ten-billions from the Seal of Prophet's (s) tawjeeh, making people's faces orienting to that one hadith? I am not thinking on something (to speak); no, I am only naaqil, transmitter and I know nothing! I am not claiming that I am such a person, knowing, no. Now I am also hearing, listening and trying to understand, but to try to understand by yourself is so difficult. Therefore, we are in need of someone who opens that treasure for us and gives from that treasure or we are looking outside. But the key is just granted to some ones. Who are they? They are the ones who are 100% never taking any care for this life and its pleasures, no. That means they are clean ones, trying to understand something.

O Salafi `ulamas! Milk is clean, but if you are putting that milk in a pot that it is not clean, it will quickly change from cleanliness to dirtiness and you must throw it away. Therefore, heavenly grants are not granted to everyone. Those grants are only given to those whom their hearts are clean. How is our heart's cleanliness, as Allah jala jalallahu, (Mawlana Shaykh stands and sits.) is contained in the hearts of people, as you know also, Salafi `ulamas, but you are never speaking. I know.

The Lord of Heavens, Allah Almighty, is saying (in Hadith Qudsi):

•• ••••• ••••• ••• •••• •••• ••••• ••• •••• ••••••

maa wasi`anee samaee wa laa `ardee wa lakin wasi`an qalbi `abdee al-mu’min.

"My Earth could not contain Me, nor My heavens, but the heart of My believing servant contained Me."

For all Creation on Earth and on heavens, it is so difficult to carry Me, they are so simple aspects that I can't be there. I am endlessly Great One; I am the Greatest and no one can be greater than Me! Therefore, Earth and heavens are not enough of a base or maqam, station for Me. Never. I granted to human beings a heart, qalb. When We are saying 'heart,' it is like a fist in appearance, but you must see it as only, mumathil, representing. But the real qalb that I granted to My deputies, no one knows about that, can't be. maa wasi`anee samaee wa laa ardee wa lakin wasi`an qalbi `abdee al-mu'min

(Mawlana Shaykh stands.) Allahu akbar! Allahu akbar! SubhaanAllah (Mawlana Shaykh sits.) Allah jalla jalaalahu is saying, "That means unlimited capacity that I grant to Mankind. I may be through that One's unlimited heavenly being," because heavenly beings are also reaching to a distance unlimited. But that is unlimited according to our understanding. I am not saying something that belongs to Allah (swt). We can't say which honor is granted to Mankind. They have such a position that every measure you are using here for understanding something is going to be on the line of zero; it may reach to that level, but beyond that level we can't move there, the level that in heavens we have been granted only for us. It is impossible for a creature to reach the level of the Creator. Can't be! Can't be!!!! All of them are on the first level of their being, and through their understanding there they may look but they can't enter it. Allahu akbar! Allahu akbar! Allah! (Mawlana Shaykh stands.) Allahu akbar! Subhaanak, yaa Rabb! Sultaanak, yaa Rabb! Allah is Great! All glory, O my Lord! All majesty, O my Lord! (Mawlana Shaykh sits.) Everything is within limits, but Who is putting those limits, He is unlimited!

Now we are saying about Mankind that they have been granted something special. Every creature has a level and they may look at it but they can't enter it. And Mankind has such a limit that its horizons are endless and its dominions are beyond those horizons, that is impossible for any creature or Creation to understand. Always, we are on the point of zero! If zero is on the left of one, always it's value is zero. If the Lord of Heavens is asking to give that zero something, He puts that zero behind one and it is beginning to look, to see, to understand, to know, to do, to obey, to respect, to make obediency endlessly. That is such an explanation of maa wasi`anee samaee wa laa ardee wa lakin wasi`an qalbi `abdee al-mu'min, reaching that

horizon that no other creatures are able to reach. Subhaan Allah, Sultaan Allah Almighty!

O People! What are you saying? First, we are addressing the `ulamas. That hadith from the Seal of Prophets (s) isgiving people ta`zheem and taqdees, glorifying and sanctifying. What was the Seal of Prophets (s) saying? You know, utlubu'l-`ilm wa law fi's-seen

Seek knowledge even as far as China.

Yes? Or it is hadith da`eef la asla lahaa (a weak hadith with no basis)? No, you know it is just hadith shareef, no arguments on it!

O Salafi `ulamas! You must try to reach levels of holy knowledge that prophets are bringing. You can't reach that secret knowledge on Earth because that knowledge must come from heavens. Say to people, al-`ilm `aala 'r-rutab (knowledge is in different levels)! Which knowledge does this refer to? Knowledge that mafaheem, gives understanding for this planet has no value, as the most valuable levels of knowledge belong to heavens. Therefore, you must try, O Salafi `ulamas, to reach the Seal of Prophet's (s) Knowledge Oceans. You must try to approach, try to take from those oceans a nuqta, a drop or less than drop.

You may say al-`ilm `aalaa 'r-rutab (knowledge is in different levels). Which `ilm, knowledge, (is referred to here)? Have we been sent to this life to know about this planet? What is that? Everyone is trying to teach something about this planet, dunya, `ilmu 'd-dunya, (knowledge of this world). The Seal of Prophet (s) was knowing everything, every secret that belongs to this life, but he was never mashghool, occupying himself with such a knowledge because it is of no value, it doesn't matter. Prophet (s) was coming, and today people from Earth cannot reach to heavens to that level, because you can't reach there by rockets or missiles or jumbo jets. You can't reach those distances, that there is not any measure for their height and width! And Prophet (s) was saying--he is not asking, he is saying to people--you are learning knowledge li tatasala, to amuse yourselves about what is on this planet, and that is making you on a no-value level. "No value level" means they never reach any level of heavens.

O Salafi `ulamas! ... Which `ilm are you telling Muslims and mu'mins? Is Prophet (s) asking you to reach that honor and rutbah, station, urging you to reach material aspects? Material aspects are finally going to be in the graveyard, finished! What about your souls that belong to heavens? Why are you not using your chance through this life to understand what is real knowledge? Now you are carrying your books under your arms and saying you are`ulama. Dont say, “bid`a, haraam, kufr, shirk.” You must show people where they are standing and to where have they been invited. Show people what ladder to go up! All we are saying to people about this life is that it has no value!

May Allah (swt) forgives us. We are trying, they are granting to our attenders something to taste from heavenly beings, because people now are in a darkness. Everywhere zhulmah, darkness spread, everywhere from east to west, from north to south, like nighttime. In darkness without heavenly lights, you can't find your way. Therefore, Salafi `ulamas, you must try to find such people who are real inheritors of the Seal of Prophets (s), who have heavenly lights. You must go out and look and find such a person that they show you the ways to heavens!

May Allah (swt) forgive us for the honor of the Seal of Prophets (s)! (Mawlana Shaykh stands and sits.)

Fatihah.

(37 minutes) Mashaa-Allah. Mashaa-Allah. Alhamdulillah. Allah (swt) opens our hearts. Tawbah yaa Rabb. Allah Kareem Allah, Allah Kareem Allah, Allah Kareem Allah.

(Mawlana Shaykh speaks to Shaykh Hisham Effendi and Hajjah Naziha on the phone; they sing "Happy Birthday" to Sultan!)

# Their Souls Were Free

Allah Allah Allah Allah Allah Allah Aziz Allah Allah Allah Allah Allah Allah Allah Karim Allah Allah Allah Allah Allah Allah Allah Subhan Allah Allah Allah Allah Allah Allah Allah Sultan Allah Alfu salat alfu salam alayka ya Sayyid al Awwalin wal Akhirin ishf`alana Ya Sayyidina, Ya Sayyid al Alamin Madad Ya Sultan al Awliya, madad, madad. Allah Allah Allah Allah

Assalamu alaykum O Attenders who are giving a value, who are appreciating this humble association through east and west. May Allah grant to you that unexpected honour and knowledge and power and understanding. That is holy night, first Friday night, Laylat-ul-Juma from Rabi-ul-Akhir. Could be an opening through this holy month. We hope that coming days coming for the honour of Islam. And everything that is against Islam coming down. Assalam alayka Ya Qutb az-Zaman. Assalamu alaykum Ya Ibadallahi Salihin, from East to West and we are asking a support from your holy, heavenly powers.

We are beginning and saying: Audhu Billahi min as shaytan ar rajim. Always we are running away from badness, from evil and from devils because now all dunya reaching speedfully, running on its last station before the Day of Resurrection. And people are just running after evil and following devils. And it is mentioned through all prophets' declarations particularly now in our days that we are the last Prophet's nation. Every evil and devil is running out to do their worst for Mankind, particularly running after Believers. Running after mukhlis, sincere believers. They are using their whole possibility to make people, all of Mankind to run away from real beliefs; to run away from their Creator and to run away from prophets, particularly run away from the Seal of Prophets, Sayyidina Muhammad (sas), sharrafa wa karram.

Therefore we are asking heavenly protection, heavenly support not to be touched by the devil's poison tongues. We are asking protection. And we are saying: Bismillah ar-Rahman ar-Rahim. That giving us what we are asking. Those who are asking protection from devils and evil must say: Bismillah ar-Rahman ar-Rahim. We are listeners and we are believers. We are believing everything that all prophets were bringing or sent as heavenly messages. We are believing and asking protection. I am a weak servant that was appointed for cautioning or warning people about what is going to come on them through coming days.

Glory to Allah Almighty daily troubles and miseries and sufferings are increasing and people are like drunk ones. This life is making them to be drunk and they are asking to drink as much as possible from wines of this dirty life. People are running after nonsense aims and are asking to take much more pleasure through their short lives. They are not thinking that a person can't be in pleasure when he had been thrown through fire. How a person can ask more pleasure through such bad conditions that are covering from east to west and north to south, with a circle of fear? As well, they are surrounded with worse conditions day-by-day and they are looking and seeing that they are falling through miseries more and more and they are now confused, bewildered. They don't know how they can be in pleasure. Pleasure and contentment and happiness and everything that they hoped to reach has just closed down but they are running to find something. Everywhere they are running they are finding that closed. Closed down.

As sometimes due to some bad conditions, big shopping centres are closing their doors. They are saying, 'We can't continue through these conditions, we can't continue to give what people are asking. Our capital is finished". And a person is coming and getting back hopeless. Now people, common people have lost their pleasures and are running from east to west, and west to east, from north to south, from south to north to find a place that may give to them a pleasure. Now our lives have just reached that point. Particularly after the World War II an opening is coming to people through technology. Everything coming is easier for using but in return, in front of technology, they are finding such a sorrow and their feelings coming to the point of hopelessness, no hope.

They are seeing that everything with technology reached top point, yet Mankind is not reaching a level that they should feel through themselves a happiness or hope for their future or to find a pleasure through technology. In opposite, instead of pleasure they are feeling bad feelings. Instead of hope they are finding for their future, the coming days of their lives, hopelessness. Everything is under technology's control now. That means everyone on this planet just controlled by devils through technology. Yes? And people are not knowing or are not accepting another way. They are saying that the only way reaching to our target is the way of technology.

That means they are looking to reach their whole aim through technology. They are saying, "We are going to find everything through technology. If we are leaving technology it is impossible for us to reach pleasure for our lives". They are thinking now, "If there is no technology what are we going to do?" They are asking themselves, "How we are going to be enjoying if no technology?" And technology is most terrible means affecting the lives of people. Now they are slaves of technology.

And really, Man was created to be over everything on this world and not to be under it. Yes, past times, we may speak about the Companions of the Seal of Prophets (sas). Do you think O Salafi ulamas that Companions, Sahaba Kiram were not knowing about coming instruments? If you are saying 'No', you are going to be jahil, ignorant ones. No, they were knowing of everything coming before the Day of Resurrection but they were not running after it, to use it, because they were knowing where their satisfaction was. They are asking satisfaction and pleasure through their hearts, through themselves, not outside. Outside, everything, every means that you are using is going to be a heavy burden on you because you are marbut, tying yourselves to it.

People are tying themselves, their pleasure and their rest life with enjoyment, full with pleasures. The people living now are connecting this with that. But the Companions of the Seal of Prophets (sas) were not tying it, not connecting themselves with everything that surrounded them. No, because if they are connecting their hearts with aspects around themselves they are going to be slaves. And Islam just coming to make Mankind free from slavery. Poeple now are slaves of technology.

The Seal of Prophets (sas) was coming to save people from slavery, to not be connected with everything around themselves. No. They were only for their Lord's servanthood. Their most important aim was to connect servanthood with their Lord and that was granting to them such refreshment through themselves. They were so happy. They were eating one date, or two dates, daily, they were happy. Sometimes one day, two days they were not tasting anything, but their souls were free for their Lord. They were in such pleasure you can't imagine.

Is it not so Salafi ulamas? How many days you may be without eating? Kabab, grilled sheep, grilled meat, everything grilled and very good rice, you are asking pleasure from that. You are not making your egos to be happy with one date or two dates daily. You are looking what is today's feast. Perhaps His Highness, the King calling and they are so happy to go to His Highness the King's invitation.

“How are you O Shaykh? Today is the invitation of His Highness, the King and we are attending. Do you think that His Highness is ready to attend”.
"O my brother I like meat I like this, if everyday, from His Highness the King. I was hoping that His Highness the King would employ me the head of the kitchen",
"O but you masha'Allah you are the wisest of people, we never think of these things Masha'Allah".
“Of course don't you realise my virtues! It is good news. O your Highness the Prince today His Highness, The King’s hospitality is a feast!”

Where are Sahaba Kiram and where is our position today? People were running to Holy Prophet's hospitality. Say! This American, not knowing English also, tawba Astaghfirullah, Arab? Making something down, something up. And faqir does not care about anything, O Salafi Ulamas. What they bring to him for the sake of hospitality is the best for him. People, yes, Sahaba Kiram, Companions of the Seal of Prophets (sas) were happy only to be with the Seal of Prophets (sas) through his heavenly invitation, blessed invitation.

They were only looking at the holy face of the Seal of Prophets (sas) and they were taking heavenly lights through their hearts and their hearts, opening their hands going to that food but

they are not knowing to leave their nazar (gaze) they were not happy with that feast, taking that piece of food. Their souls were in such a way coming in connection with the heavenly lights that dressed the Seal of Prophets, Sayyidina Muhammad (sas). Where is Isa (as) where is Musa (as) where is Nuh (as) ...Good tidings to the Mawla Al Jalil! Allah Allah.

O People Sahaba, Companions of the Seal of Prophets (sas) were knowing everything about these materials. But they were never interested in such pleasures. Their pleasure was to look at the face of Seal of Prophets (sas) as his face was a divinely face. No one else's face can be divinely, only one, Sayyidina Muhammad (sas) zidhu Ya Rabbi izzan wa sharafa La ilaha illa Allah, La ilaha illa Allah Where they are and where we are? How we can find suroor? Pleasure. Where were they looking for pleasure? Their pleasure was endless pleasure. Only, they were asking more and more.

O Salafi ulamas what they are asking? You are Arabs, knowing that they were asking, hal min mazeed O Habib! Hal min mazeed, hal min mazeed and the Seal of Prophets (sas) saying on behalf of his Lord, wa ladayna mazeed. O People, come and understand what prophets were bringing and what shaytans are bringing to you. Shaytans bringing only sadness and suffering and miseries. Prophets bringing pleasure, happiness, enjoyment.

O People, O People, Allah Allah. They are finished, doctors of Shariah. They are not knowing such things or they never are tasting such things and they are saying, 'We are doctors of Shariah'. And we are saying, we are asking doctors of Haqiqah. Bring Shariat, Tariqat, Haqiqat. We are asking doctors of Haqiqat. Bring and let them speak to people. But you can't do. Your understanding is in limits. Alh al Haqiqah, those who are asking real Reality their understanding is unlimited. Therefore Allah Almighty saying: "wa ladayna mazeed, don't worry I shall give you, don't say when is enough, no, always when you are asking 'hal min mazeed' I am giving, 'waladayna mazeed' ". May Allah forgive us O People. La hawla wa la quwwata illa Billahi 'l Alliya'l Azim. Tawba Ya Rabbi tawba Ya Rabb, tawba Astaghfirullah

What is going to be tomorrow we don't know. We don't know but final point to leave this life, is for Eternity. Ask for Eternity, ask Eternal Life. Eternal enjoyment and pleasure and contentment,

happiness. Allah Allah. To be with Allah Almighty's Ahbab-Allah, friends of the Lord of Heavens.
Ya Rabbi tawba Ya Rabb, tawba Astaghfirullah Shukr Ya Rabb, shukr Alhamdulillah Ya Rabbi Ya Allah, tawaffana al muslimin w'al hiqna bi's-salihin. People our egos are never leaving us to move on that direction. Shaytan is making agreement, 'I am from outside, you are from inside, we must catch people to take them from contentment and pleasure to unhappiness, troubles and miseries'.
May Allah forgive us for the honour of the most honoured one in Divine Presence.
Fatiha.

Allah Allah, Allah Allah, Allah Allah, Aziz Allah. Allah Allah, Allah Allah, Allah Allah, Karim Allah. Allah Allah, Allah Allah, Allah Allah, Subhan Allah. Allah Allah, Allah Allah, Allah Allah, Sultan Allah. Alfu Salat Alfu Salam Alayka ya Sayyid al Awwalin wa l-Akhirin Ishf`alana ya Sayyidina ya Sayyidu l-Alamin, Madad ya Sultanu l-Awliya, Madad, Madad. Allah Allah, Allah Allah, As-Salamu Alaykum, Anwesende, die dieser bescheidenen Vereinigung in Ost und West einen Wert beimessen, die sie wertschätzen. Möge Allah euch diese unerwartete Ehre, Wissen und Macht und Verständnis gewähren. Dies ist eine heilige Nacht, die erste Freitagnacht, Laylatu l-Juma des Rabiu l-Akhir. Es könnte eine Öffnung kommen in diesem heiligen Monat. Wir hoffen, daß die nächsten Tage für die Ehre des Islam kommen. Und daß alles, was gegen den Islam ist, niedergeht. As-Salamu Alayka ya Qutbu z-Zaman. As-Salamu Alaykum ya Ibadallahi Salihin von Ost bis West. Und wir bitten um Unterstützung mit eueren heiligen, himmlischen Mächten.

Wir beginnen damit zu sagen: Audhu Billahi mina sh-shaytani r-rajim. Wir laufen immer weg vor dem Schlechten. Vor dem Bösen und vor Teufeln, weil jetzt die ganze Dunya rasch ihrer letzten Stufe zueilt vor dem Tag der Auferstehung. Und die Menschen kommen und laufen dem Bösen hinterher und folgen Teufeln. Und es wird erwähnt in den Erklärungen aller Propheten (as), besonders jetzt, in unseren Tagen, da wir die Nation des letzten Propheten sind. Alles Böse und die Teufel laufen herum, kommen hervor, um ihr Schlimmstes für die Menschheit zu tun,

besonders verfolgen sie die Gläubigen. Sie laufen 'Mukhlis', den aufrichtigen Gläubigen, hinterher. Sie nutzen ihre ganzen Möglichkeiten, zu erreichen, daß die Menschen, sie alle, die Menschheit, weglaufen vor dem wahren Glauben, weglaufen vor ihrem Schöpfer und weglaufen vor den Propheten (as) und besonders vor dem Siegel der Propheten, Sayyidina Muhammad (saws). Sharrafa wa Karram. Deshalb bitten wir um himmlischen Schutz, himmlische Unterstützung, daß wir nicht berührt werden von den vergifteten Zungen der Teufel. Wir bitten um Schutz.

Und wir sagen: Bismillahi r-Rahmani r-Rahim. Das gibt uns, was wir erbitten. Wer um Schutz vor Teufeln und dem Bösen bittet, muß sagen: Bismillahi r-Rahmani r-Rahim. Wir sind Zuhörer und Gläubige. Wir glauben an alles, das die Propheten (as) brachten oder was an himmlischen Botschaften herabgesandt wurde. Wir glauben und bitten um Schutz. Deshalb, ich bin ein schwacher Diener, der bestimmt wurde, die Menschen zu ermahnen und zu warnen davor, was über sie kommen wird in den kommenden Tagen. Gepriesen sei Allah der Allmächtige, daß tägliche Schwierigkeiten und Elend und Leiden zunehmen und die Menschen wie Betrunkene sind. Dieses Leben macht sie betrunken, und sie verlangen danach, so viel wie möglich von Wein und diesem schmutzigen Leben zu trinken. Die Menschen verfolgen unsinnige Ziele, durch die sie mehr Vergnügen erleben wollen in ihrem kurzen Leben. Und sie machen sich nicht klar, daß eine Person nicht Vergnügen empfinden kann, wenn sie ins Feuer geworfen wird. Wie kann jemand nach mehr Vergnügen verlangen in solch schlechten Bedingungen, die die Welt von Ost nach West, von Nord nach Süd mit einem Kreis aus Furcht überzieht? Desgleichen sind sie von schlimmeren Bedingungen umgeben von Tag zu Tag.

Und sie sehen, daß sie mehr und mehr in Elend verfallen. Und sie sind jetzt verwirrt und fassungslos. Sie wissen nicht, wie sie Vergnügen erleben können. Vergnügen, Zufriedenheit und Glück und alles, was sie zu erreichen hofften, sind einfach stillgelegt. Aber sie laufen, um doch noch etwas zu finden. Überall, wohin sie laufen, finden sie verschlossene Türen. Stillgelegt. Wie manchmal wegen schlechter Lage große Verkaufszentren, Einkaufszentren ihre Türen schließen. Sie sagen: Wir können unter diesen Umständen nicht weitermachen, wir können nicht mehr liefern, was die Leute verlangen. Unser Kapital ist zu Ende. Und eine Person kommt zurück

hoffnungslos, hoffnungslos. Jetzt haben die Menschen, die gewöhnlichen Menschen ihre Vergnügungen verloren und sie laufen von Ost nach West und von West nach Ost, von Nord nach Süd und von Süd nach Nord, um einen Ort zu finden, der ihnen Vergnügungen bieten kann. Jetzt hat unser Leben gerade diesen Punkt erreicht.

Besonders nach dem Zweiten Weltkrieg, nach dem eine Öffnung gekommen war für die Technologie. Alles, was durch die Technologie kam, war einfacher im Gebrauch, aber im Gegenzug fanden sie solche Trauer. Im Angesicht der Technologie finden sie solche Trauer. Und ihre Gefühle erreichen den Punkt der Hoffnungslosigkeit, keine Hoffnung. Sie sehen, alles, was mit der Technologie zu tun hat, hat den höchsten Punkt erreicht, aber doch erreicht der Mensch keine Stufe, auf der sie in sich Glück oder Hoffnung für ihre Zukunft fühlen oder Vergnügen durch die Technologie erfahren. Im Gegenteil, die Menschen fühlen so ein... statt Vergnügen haben sie schlechte Gefühle. Statt Hoffnung finden sie für ihre Zukunft, für die kommenden Tage ihres Lebens, Hoffnungslosigkeit. Alles ist jetzt unter der Kontrolle der Technologie. Das bedeutet, jeder auf diesem Planeten ist mittels Technologie von Teufeln kontrolliert. Ja? Und die Menschen kennen oder akzeptieren keinen anderen Weg. Sie sagen, daß der einzige Weg, um ihr Ziel zu erreichen, der Weg der Technologie sei. Das bedeutet, sie versuchen, ihre ganzen Ziele durch Technologie zu erreichen. Sie sagen: Wir werden alles durch die Technologie finden.

Wenn du die Technologie sein läßt, ist es unmöglich für uns, in unserem Leben Vergnügen zu erlangen. Sie glauben jetzt: Wenn es keine Technologie gibt, was sollen wir tun? Sie fragen sich selbst: Wie sollen wir Genuß finden ohne Technologie? Und die Technologie ist das schrecklichste Mittel, das auf das Leben der Menschen Einfluß hat. Jetzt sind sie Sklaven der Technologie. Und in Wirklichkeit wurde der Mensch geschaffen, um über allem auf dieser Welt zu stehen, nicht darunter, sondern darüber. Ja, in der Vergangenheit... Wir sprechen über die Gefährten des Siegels der Propheten (saws). Glaubt ihr, Salafi Ulama, daß die Gefährten, Sahaba Kiram, nicht von den kommenden Instrumenten wußten? Wenn ihr sagt 'Nein', seid ihr 'jahil', ignorant. Nein, sie wußten von allem, was vor dem Tag der Auferstehung kommen würde.

Sie wußten es, aber sie liefen dem nicht hinterher, um es zu benutzen, weil sie wußten, wo die Zufriedenheit liegt. Sie wollten Zufriedenheit und Vergnügen im Herzen, in sich selbst, nicht

außerhalb. Außerhalb wird alles, jedes Mittel, das du benutzt, eine schwere Last auf dir sein, weil du 'marbut', gebunden, bist, dich selbst bindest. Die Menschen binden sich selbst, ihr Vergnügen und ihr restliches Leben mit Freude, voller Genuß. Die Menschen, die jetzt leben, verbinden das eine mit dem anderen. Aber die Gefährten des Siegels der Propheten (saws) banden sich nicht, vernetzten sich nicht mit allem, was sie umgab. Nein, weil wenn sie ihre Herzen mit Aspekten, die sie umgaben, verbunden hätten, wären sie Sklaven gewesen. Und der Islam kam, um die Menschheit von der Sklaverei zu befreien. Die Menschen heute sind Sklaven der Technologie. Das Siegel der Propheten (saws) kam, um die Menschen von der Sklaverei zu erretten, nicht verbunden zu sein mit allem um sie herum. Nein. Sie waren nur für den Dienst an ihrem Herrn da. Ihr wichtigstes Ziel war, die Dienerschaft mit ihrem Herrn zu verbinden.

Das gewährte ihnen solche Erfrischung in sich. Sie waren so glücklich. Sie aßen eine Dattel oder zwei Datteln täglich und waren glücklich. Manchmal schmeckten sie für ein, zwei Tage gar nichts, aber ihre Seelen waren frei für ihren Herrn. Sie waren so voller Freude, ihr könnt es euch nicht vorstellen. Ist es nicht so, Salafi Ulama? Wieviele Tage könnt ihr ohne zu essen sein? Kabab, gegrilltes Schaf, gegrilltes Fleisch, alles gegrillt, und sehr guter Reis. Ihr verlangt nach Vergnügen durch das. Ihr macht euere Egos nicht glücklich mit einer oder zwei Datteln täglich. Ihr haltet Ausschau nach dem heutigen Festschmaus. Vielleicht ruft Jalalatu l-Malik, und sie sind so glücklich, zu Seiner Hoheit dem König zu gehen. Wie geht es dir, o Shaykh? Heute ist die Einladung von IKH dem König und wir nehmen teil. Glaubt ihr, daß die Gläubigen, die... Glaubt ihr, daß Seine Hoheit bereit ist teilzunehmen... O Hohe Hoheit der König... 'O mein Bruder, ich mag Fleisch. Ich hoffte, daß Seine Hoheit der König mich als Küchenchef einstellen würde.' 'O, aber du, masha'Allah, du bist der weiseste der Menschen. Wir denken nie an diese Dinge, masha'Allah'. 'Natürlich bemerkt ihr nicht meine Vorzüge!' Es sind gute Nachrichten. O euere Hoheit der Prinze, heute SKH der König, seine Gastfreundschaft, es ist ein Festmahl!

Wo sind die Sahaba Kiram? Und wo ist unsere Position heute? Die Menschen liefen zu des heiligen Propheten 'Diyafah' - Gastfreundschaft? Sprecht! Dieser Amerikaner kann auch kein Englisch, Tawba Astaghfirullah. Arabsich - machen etwas runter und etwas hoch. Und "faqir" kümmert sich um nichts, Salafi Ulama. Was sie ihm entgegenbringen als Gastfreundschaft ist das

Beste für ihn. Leute, ja, Sahaba Kiram, die Gefährten des Siegels der Propheten (saws) waren glücklich, nur mit dem Siegel der Propheten (saws) zu sein durch seine himmlische Einladung, "mubarak" - sagt? Gesegnete Einladung. Sie schauten nur das heilige Gesicht des Siegels der Propheten (saws) an und nahmen himmlische Lichter in ihren Herzen mit und ihre Herzen öffneten sich. Ihre Hände gingen zu diesem Essen, aber sie wußten nicht, ihren "Nazar" - Blick zu lassen, sie waren nicht glücklich mit diesem Festmahl, nahmen dieses Stück Essen, aber sie wußten nicht, wie zu... Ihre Seelen kamen in solcher Weise in Verbindung mit den himmlischen Lichtern, die das Siegel der Propheten Sayyidina Muhammad (saws) bekleideten. Wo ist Isa (as), wo ist Musa (as), wo ist Nuh (as)? ...gute Nachrichten für Mawla al Jalil! Allah Allah...

Leute, die Sahaba, die Gefährten des Siegels der Propheten (saws) wußten alles über diese Materialien. Aber sie waren nicht interessiert an solchen Vergnügungen. Ihr Vergnügen war, das Gesicht des Siegels der Propheten (saws) anzuschauen, da sein Gesicht ein göttliches Gesicht war. Niemandes Gesicht kann göttlich sein, nur von einem, Sayyidina Muhammad (saws), zidhu ya Rabbi izzan wa sharafa. La ilaha illa Allah, La ilaha illa Allah. Wo sind sie und wo sind wir? Wie können wir "Surur" finden? Freude. Wo suchten sie Freude? Ihre Freude, unendliche Freude. Sie verlangten nur davon mehr und mehr. Salafi Ulama, was verlangten sie? Ihr seid Araber, ihr wißt, daß sie verlangten: "Hal Min Mazid?" O Habib! Hal Min Mazid, Hal Min Mazid? Und das Siegel der Propheten (saws) sagte im Namen seines Herrn: "Wa Ladayna Mazid." Leute, kommt und versteht, was die Propheten euch bringen und was die Shaytane euch bringen. Die Shaytane bringen nur Traurigkeit und Leid und Elend. Die Propheten bringen Freude, Glück, Vergnügen. Leute, Leute, Allah Allah, Allah Allah.

Sie sind am Ende, die Doktoren der Shariah. Sie wissen solche Sachen nicht oder sie kosteten solche Dinge nie und sie sagen: Wir sind Doktoren der Shariah. Und wir sagen: Wir sind Doktoren der Haqqiqah. Bringt Shariah, Tariqat, Haqqiqat. Wir verlangen Doktoren der Haqqiqat. Bringt sie, laßt sie zu den Menschen sprechen. Aber ihr könnt das nicht. Euer Verständnis ist begrenzt. Ahlu l-Haqqiqat, jene, die nach der wirklichen Wirklichkeit verlangen, ihr Verständnis ist unbegrenzt. Deshalb sagt Allah der Allmächtige: "Wa Ladayna Mazid". Macht euch keine Sorgen, Ich gebe euch. Sagt nicht, wann es genug ist, nein, immer wenn ihr

fragt: "Hal min Mazid?" gebe Ich. "Wa Ladayna Mazid". Möge Allah uns vergeben, Leute. La Hawla wa la Quwwata illa Billahi l-Aliyi l-Azim. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah.

Was morgen sein wird, wissen wir nicht. Wir wissen es nicht, aber der Endpunkt ist das Verlassen dieses Lebens für die Ewigkeit. Verlangt nach der Ewigkeit, verlangt nach dem Ewigen Leben. Ewige Freude und ewiges Vergnügen und ewige Zufriedenheit. Glück... Allah Allah. Mit Allah des Allmächtigen Ahbab zu sein, Allahs Freunden, Freunden des Herrn der Himmel. Ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Shukr ya Rabb, Shukr Alhamdulillah. Ya Rabbi, ya Allah, Tawaffana l-Muslimin wa l-Hiqna bi s-Salihin.

Leute, unser Ego verläßt uns nie, um in diese Richtung zu gehen. Shaytan "Shariku Nafs" trifft ein Abkommen: Ich bin außen, du bist innen, wir müssen die Leute einfangen, um sie von Befriedigung und Vergnügen zu Unglück, Schwierigkeiten und Elend zu bringen. Möge Allah uns vergeben zu Ehren des Meistgeehrten in der Göttlichen Gegenwart. Fatiha.

## THEOCRACY, DEMOCRACY

To follow good people brings happiness and makes people reach goodness. If you follow honoured people, it will give you honour. If you follow sincere people, it will make Allah pleased with you. Every good purpose can be reached with good people. If a person follows Shaitan, he must realise what happened to Shaitan: he was kicked out of Divine Presence. Whoever follows Shaitan must also be kicked out. So you must take care who you are following. Are you following the Prophet sws. or are you following the devils? May Allah firm our steps so that we may follow the good-ones. It is not easy to be with good-ones, but it is so easy to be with bad-ones. You will be able to find billions following the devil, but very few people follow the good-ones. Every time when Allah sends his Prophets only a handful of people will follow them and all the others will run away. Why? It is really difficult to be a good-one, but it is easier to be with a good-one. It is difficult to be a true-one, but it is easy to be with a true-one. It is difficult to be a trustworthy person, but it is easier to be with trustworthy people.

That is why Allah Almighty is saying that you must be with true-ones. He is not saying that you must be a true-one, because He knows that that is so difficult. So He is saying that at least, if you cannot be a true-one, then you must try to be with true-ones. That will save you. Salvation will come through truth. You must try to be with the one who is representing truth, because his way will lead to salvation.

It is impossible for everyone to be the engine of the train. Maybe a train has 40 or 50 or 100 wagons. It is not

necessary that every wagon has an engine. No! One in front is enough. It is important that the engine is with Allah and will take all the wagons there. Now there are bad engines also, and if you get hooked on to them, they will take you to hell.

The Prophet sws. was reaching out to everyone who had love for him and made them follow him. This is something which has been forgotten and lost. Everyone must try to follow someone, either a good-one or a bad-one. If you don't follow a good-one, a bad-one will lead you.

Since the beginning of the second millennium of the hijra, that means the last 400 years, the umma is losing people everyday. People who do not want to follow the way of the Prophet sws. anymore. They don't want to follow his successors anymore, his inheritors. From day to day more are leaving this way and joining the other party. Every day followers of the Seal of Prophets, Sayidina Muhammad sws. are getting less and less in numbers and the followers of Shaitan is increasing. Since 400 years this is happening every day.

This is a sad event, but it is a reality, the Islamic world is not following the way of the Prophet sws. but instead they want to follow in the steps of the Christians and the Jews. A miraculous hadith of the Prophet sws. was informing us that there will come a time when his people will follow the ways that were before our time. That is the Christian and the Jewish way, and the time that he was speaking about is now. Step by step that is what is happening. Whatever they do, you are also trying to do. Muslims are trying to be copies of Christians or Jews. There are a few exceptions, but most of them are doing that.

On top of that, all Islamic countries are now making advertisements for democracy, not theocracy, which would be following the Sharia. No! They want democracy, because the Europeans want it, they would never want a theocracy. And now our people are trying to copy this. Also in the private lives of people they want to copy the western people. It makes them proud to be like the western people.

That is the illness which will make the Muslim world to come down and to be second. The Muslim world is not first, it is second. The non-muslim countries are first, they are the head and we are the tail, we are following. All our leaders; the Presidents, Maliks, Sultans... all of them are responsible in Divine Presence, because they did not keep Sharia, keep theocracy

Allah Almighty will ask them, "Oh, my servant, do you want a support from me? Do you think, that if you had wanted to keep theocracy instead of democracy that I wouldn't have helped you? Were you fearing the non-muslims because they wanted democracy?"

Democracy is a Jewish fitna. It is not from the Christians. No! They are just stupid, following it. Democracy wants to make the feet the head and the head the feet. This is the cause of endless troubles. You cannot take it

away. How should it be possible to put the feet on top and to put the head on the feet? What kind of foolishness is that? That is democracy! But we are saying full of awe, "The Islamic countries are now also going to have elections." What is that: elections! From which part of the Quran is that taken? That is why the Islamic world cannot be the first, cannot be the leaders. Because they are following the non-muslims, they are following Shaitan. All the unbelievers are under the flag of Shaitan.

Why have you left the flag of the Prophet sws? No-one is asking that. The Syrians aren't, nor the Egyptians, Moroccans, Jemenites, Saudis, Pakistanis, Turkistanis... None of these are asking where the flag of the Prophet sws. is. The flag that was carried during 14 centuries. Where is it? No-one is asking!

Shariat is finished. We now have democracy, elections, and that is why we are going more and more down every day. Only the ones who are carrying the flag of the Prophet sws. will be saved. Don't be surprised at what is happening to the Muslims in the Islamic countries. No! There are so many reasons. We are sinners, we have so many faults. That is why Allah Almighty is not sending His Support. If He was, He would be supporting heedless Muslims. How can anyone expect Allah to support a devilish system like democracy? How does anyone expect Allah to support Shaitan? Why is the Islamic world doing this and then asking for support from Allah Almighty at the same time?

The Palestinians are asking for support. The Cashmere people are asking for support... In Pakistan people are going to elections. One person came to Pakistan and wanted to reintroduce the Sharia, and what happened to him? He was shot by his own people! Because he took away the foolish elections he was shot in the aeroplane. He wanted to have the Sharia, but the people of Pakistan did not want to support him. Now there are never ending troubles in Pakistan.

In Turkey the same thing. They are also saying, "No!" to theocracy. They support the secular system and democracy and now they are eating each other. The Arabs are in the same way. Some of them want right-hand democracy, the others say left-hand democracy. No-one has the courage to ask for theocracy.

The people from Pakistan even go one step further. They have put a woman on top. Where did they learn that? Bilkis was a Queen and Allah Almighty sent Suleyman quickly to her so that she could be under his command.

I am now bombarding all these foolish ideas. May Allah forgive us. I am saying, "Oh,or Lord, I know that You are unhappy with this foolish fashion and I know that You are far away from that kind of system." The lowest level of belief would be for us not to accept this kind of system . All Islamic countries are going in the wrong direction. We are not accepting it. You must also say that you are not accepting it, so that you will not be

made responsible. Because the people who are not supporting the Sharia are cruel.
Once I was given some papers to join the election, because I was old enough. So on the paper I wrote behind the other candidates that I am supporting the Sharia. When they saw this, they said that because I hadn't chosen anyone, but instead written all this, my vote would not be valid. That was the only time that I joined the election, and I asked for the Rules of Allah, for the Sharia.
Oh, Muslims, the days are approaching and as long as people are going in a dangerous direction, more and more punishments will fall on the umma. This will continue until they leave all that and come back to the right direction. Until they have corrected their direction, the troubles will increase instead of to disappear.
Now it is the time of pilgrimage, the time of hadj. What I will say now, many people will disagree to and blame me, but that is alright. I was saying, but only to those who are going to make hadj for a second time, or even third time, or fourth time, or fifth time... that I am not happy, and Allah Almighty is not happy and His Prophet is not happy if they go. Instead of spending their money on that trip, they should collect their money and send it to the Muslims who have now been kicked out of their homes and have nothing to eat or to wear. That would make Allah reward you. But people are so happy to go to hadj. Everywhere Muslims are kicked out from their homes. Thousands of people, children and women are living in fields and in the mountains without a shelter.Instead of going to hadj, you should make jihad against those people who are chasing the Muslims away from their homes. But where is the compassion from the Muslims? They want to go to Hijas while these people...
You may go and ask Allah Almighty to send us the Protector of Islam, the one that He has appointed to protect Islam. Ask, when you are going to the Kaaba, "Send Him to us, oh our Lord!"
May Allah forgive us.

## The Only One

Who is the Sultan? How must the Sultan be? He must be the greatest one. No one can be greater than him. If anyone is more powerful than him, he couldn't be the Sultan. The Sultan must be fearless. Someone who is afraid of the coming days or anything around him, cannot be a sultan. Who is the Sultan? He is the one who is forever victorious. Who is the Sultan? He is the one who has a never-ending sultanate. Who is the Sultan? The one who has an endless kingdom. A sultan must have these attributes, you cannot find a second one of his kind. The only one is Allah. Who is the Sultan? He is the One whose Will cannot be stopped or prevented. He can create without using anything. That is the real Sultan. He is the One who can make anything into existence immediately by a single word. If He wants to reverse it back into the unseen oceans, He can instantly turn it into nothing.
That is why there is only one Real Sultan. All the others with this title are only imitations. If you are the sultan you are supported by your armies, but the Absolute Sultan does not need to be supported. Everyone wants Him to support them, but He does not need any support from anyone. Our sultans need to be supported by their armies and nations, but our real Sultan does not need support from anyone for even one second.

The smallest atom as well as the gigantic galaxies would disappear immediately into nothing, if He did not give His Support. All universes could disappear in the shortest unit of time, so quickly that your mind cannot

even imagine it. If He takes His support, nothing can be in existence. Do you know of anyone else having such power?

No one can imagine His greatness. No one can imagine His power. He has endless oceans within His endless attributes. No one can imagine an endless ocean. It would be without an ending in all directions and endlessly deep. There would be no limits. It is totally impossible that there is another Lord. He is the Only One. Your logic will tell you that this is the only possibility. You must accept it.

**Let us look at the new lesson, the new page, there is so many pages and lessons**

Astaghfirullah...Tauba, ya Rabbi, Tauba ya Rabbi...Let us look at the new lesson, the new page, there is so many pages and lessons...Allah Jallahu 'ala...As-salamu alaikum. By the Name of Allah Almighty, All Merciful, Most Beneficent most Magnificent. It is an association. We are sitting here, we are trying to follow Allah Almighty's good servants' ways as much as possible. Really we are not followers, but: Man tashabbahu min kirami falahum...even we are imitators, we are not real followers, imitating, asking to go after those good servants' ways, but we have so weak legs, and we are so weak mind people, so weak moving people, himma-himmatu rijal takrau jibal-, that is a grant from Allah Almighty to His chosen servants, it is so valuable, so precious gift from Allah Almighty granted.
Do you think a Sultan is giving his representation with His divinely authority to a person from the market, calling that one and giving, (saying): 'This for you'? Can't give. May give, but that person is never going to be able to carry that. Another example: Do you think that a Sultan, such a majestic King, even through his princes, is going to call youngest one- may be five years old- and order his horse trainer, the servant that looks after and trains his royal horses (to bring one of his beautiful and powerful horses for that small prince?)...

-Before they were using horses. So many kinds of horses, as in our times imitated leaders, imitated rulers have a lot of cars. Every time a new model coming on, they have been granted one from the people who have

factories of cars. Therefore I was hearing through my travellings that some rulers have perhaps one hundred cars through their special car stations. Anytime if he is asking to go around, he is ordering: 'Bring that car today for me', to show his magnificence, to show: 'I am that one, every day I may take a new car for myself. I am that one'. As he never dressing same clothes every day- perhaps the clothes that he is wearing in the morning he is not dressing night time. 100 or 200 years ago Kings were using horses, and those horses were so beautiful and powerful and valuable, expensive...-

Do you think that that Sultan is going to ask from his servant to bring one of his horses and says: 'Bring that one for my small prince'? May say, but that five year old prince can't ride on it; he can't be able to ride on it and to send it as he likes, because horses are never going to be happy to ride on them a weak person such as women or persons that are unable to ride even young or old- they never like it. They like to ride on them such a person that can be able to command, to make it under his control with his power, with his heybet, greatness. That is the nature of horses. Horses are not like donkeys, no. On donkey may ride a person like me, 90 years old...or women, or even a small child may ride, a donkey is not so proud; but through animals, the most proud one is the horse. They have been created- according to traditional knowledge- from the wind of Paradises, given to them. Therefore up today Kings from old times were using always through their palaces such good horses, particularly her Majesty Queen in UK keeping, and many Lords are keeping, because Allah Almighty is praising horses and all Prophets were riding on them, including our Prophet the Seal or Prophets sws. Like wind...And so many Hadith, Prophet's holy Hadith, praising horses, saying that: Victory is through the foreheads of horses. That majestic King can't give such a horse to his prince, youngest prince as five years old, no!

Now we are speaking and asking divinely blessings for awakening mankind; to be awakened, because people are sleeping now, through their dreams living. Dreaming something, but they are not going to reach to their dreams ever. Satanic teachings make people to sleep and to dream, therefore Shaitan through centuries was working to make people how they can sleep. And sleep is going to be naturally, it is a grant from Allah Almighty to make our physical being rest. But Shaitan was never happy to make people to sleep as a grant from Allah Almighty for resting. He was asking to find ways to make people to sleep more and more and more, because sleeping people are going to be under the control of Shaitan. Audhu bi-llahi mina shiatani rajim...we are asking protection from satanic ways, not to fall in it. And through centuries shaitan's main

target was to make people to fall and sleep. And he was trying to find so many ways, he was trying: How can I be able to make them not to be with themselves, but to be under someone's control. I never like', Shaitan claiming-, 'to be man able to control himself', and he was trying to make people to loose their control on themselves.

To be heedless is a kind of sleep. First of all shaitan was trying to make people heedless, and to be heedless means...who is heedless one? Who is not knowing about himself. And therefore now in the 21st century the whole world is full with schools- high schools, universities, academies, but they never teach youngsters, the new generation, about their identity: Who are you? No answer! Only for this question they may teach people 40 years- is not enough. But the main purpose from thousands and thousands of universities and hundred thousands of books and lessons is only to make youngsters to loose themselves, to be heedless from their real identity. No one can answer if I am asking: 'Who are you'? Most important question that they are never knowing anything about that identity. They say: 'I am from mankind', 'I am a man' or 'I am a woman', 'I am Turkish', 'I am member of the Greek society', 'I am a member from UK', 'I am a citizen from US', 'I am a person nationality Deutsch, German', or 'I am Egyptian', 'I am Japanese', 'I am a Mandarin of Chinese people', 'I am from Africa'- that is their answers! Their identity is this.

If you ask a cat: 'Who are you'? It may say: 'I am a cat'. 'For what you are created'? It may say: 'To hunt mouse'. It knows. But if you asking to man: 'For what you have been created?' No answer! Making people not to know about themselves. First heedless, then going to sleep, to make them to sleep, not to look towards reality, toward their identity, Without identity what is that? 'O Sheikh we have identity card- KKTC or Turkish citizen'. 'Only this is your identity? For what you are created'? If you ask a dog: 'For barking I am created', saying. Dog knowing for what created. If not knowing, never barking. Ask cock: 'For what you have been created'? 'To be head of hens, all hens under my command. And I have been created to sing every time, every praying time, to make people to awake. Particularly night time I am crowing to make people to awake, to know that night time is just passing: O heedless people, get up and stand up and be clean and come to your Lord's divine Presence for His worshipping!'

Every creature knowing about themselves, their identity, except man, because Shaitan making them not to know. This to be heedless just now through 21st century; full control through the hands of Shaitan. No doubt satanic teaching is everywhere to make people heedless from their Creator, to make people heedless for that

they have been created, to make people not to know about their identity, to make them not to think for their ends- to where going their lives to be ended. That is. This belongs to our spirituality, just veiled; but Shaitan is making camouflage for our spirituality. Shaitan, to make this situation and to make much more powerful his control on mankind, through thousands of years he is working and trying and finding some things to make people to sleep.

Therefore now youngsters are sleeping more than enough two times, three times, and for a normal young person 8 hours is the limit of their sleeping. More than 8 hours for youngsters, who reach maturity, it is dangerous and harming our physical being. But now youngsters at least ten hours, twelve hours, 15 hours, 20 hours, some of them 24 hours sleeping, because using something. We are coming to that point that is important: Shaitan just tried to take whole control on the Children of Adam to make them to sleep. And whole drugs are only for that purpose; whole drugs making peoples youngsters body to sleep, and that is the way that shaitan is going to be able to make his control over whole nations. And it is biggest cursing on people.

I was in UN in New York. I was passing from one hall through stairs, and there were some posters. I remember what was written on it: 'Save youngsters from drugs'! 160 states in UN, all of them their care or their worries that is to save youngsters from drugs. Asking, saying 'Save', but those - I am sorry to say- that who can be able to save, they never give permission for even His holy Name to be spoken through any statement through their meetings. No one standing and saying: 'Glory to our Lord. I am beginning to address to you, o people'. No one saying. And Muslims- coming perhaps 60 or 70 Muslim states, no one coming to say: 'Bismillahi-r-Rahman-r-Rahim, o people, I am addressing to you and I am in honour to announce my Lord's holy Name, I am calling you to peace'. No! If they are not speaking on behalf of the Lord of Heavens it means they speak on behalf of shaitan! And this advertising is written on it...How it can be? If you are making youngsters not to know about their Creator, how you can stop it? And their will power is on zero point. And making youngsters to accept that when they sleep because their physical pleasure they are wasting, that they are finishing. So may young people finishing, because their youngsters power just finished. Man power finished. Then saying Shaitan, coming to them: 'When you use this I am opening to you another world's doors. Come here, use this, now you may sleep and you are going to look some other world, that you never seen before it. When you enter in it, no need for your physical being to have such power. You may be through

your dreams living such a beautiful life, you can't imagine'. That is the center of the main point for cheating youngsters when they are finishing physically, to cheat them and destroy their spiritual being also after destroying the physical being, and then they are going to use these drugs, as tablets/pills, and not going to be enough, then using injections, and sometimes going to be too much and falling down and finishing, dying. Every day perhaps thousand and thousands, perhaps millions they are dying from that injection from those drugs.

Biggest cursing on people now, and they think war bringing death. They are carrying this signs through the streets, but they are not saying: Drugs bringing death. And every day thousands of people dying from that, no one saying this. Only they write: War brings death. That is dreams that we are speaking on now- people are sleeping and thats bringing to them such cursing, and sleeping. People can't be granted- even they may be prince or princess- they can't carry this himma, the most precious grant from Allah to them; it is forbidden, they can't carry. Therefore- 'himmatu rijal' we are saying, whom have been granted, they are chosen people, those who are stepping by their feet and may jump from France, from Atlantic Ocean, from one side and put their feet on New York. That is such a grant, heavenly grant. What is that? If it is too much for you, I may say: If they are stepping on earth, they may reach and put their feet on moon. With that divinely grant they have been chosen people. Now therefore we are asking from such people himma to be granted to us very little, very little. Atomic powers going to be nothing if we have been granted from that power; their weapons, their atom bombs are going to be as a toy for children. (One chosen person) may take (these weapons) like this, collect and throw them away. One servant of Heavens, who lives on earth. Therefore we are not fearing from their weapons, no. They can't do anything! They can do themselves on themselves, but chosen people are under divine protection.

May Allah forgive me and grant to His chosen people, for their honour, to be sheltered. His divinely shelter for the honour of the most honoured one in his divine Presence Sayidinna Muhammad salallahu alayhi wa sallim. Fatiha

**There are so many things that we know nothing about. But people don't care about anything nowadays...**

There are so many things that we know nothing about. But people don't care about anything nowadays... Nowadays people don't look if the beans they are eating are raw or cooked- that means, who is the one speaking to them. Food, knowledge, must be cooked to be digestible, to be beneficial for people. Look for those people whose heart is working and stay in their service.

There are some insects with two fine pairs of wings on each side, flying over water. They were the models for the helicopter. It can land anywhere. If an 'Alim is not like that, and he is not mixing with people, he can do nothing for them. But nowadays Alims are like a Concorde, which needs a special landing-place, and a Concorde represents pride. Pride makes the Alims to be over the people, but an Alim must be able to come down to the lowest level, otherwise he is useless. The Sultans of the Soul are like this, they can land everywhere.

And it is important to learn from an authorized person. Knowledge must be cooked and then brought among the people. You cannot become a surgeon just by reading books. So many times you have to watch the expert making an operation, before you can do it.

The Prophet was teaching 4o years, but the Jews were not accepting his teaching. 4o times he made khalwet in the cave on the mountain and then he prepared for his heavenly journey. But precious stones you don't find everywhere, they are hidden; common black stones lie around everywhere.

Nowadays nobody is asking for the holy ones anymore, and therefore the holy ones closed their shops and went away. But who is asking seriously for them, may find.
Then those who understand and those who pass on knowledge and make others understand, are different. A prophet takes knowledge and he passes it on. Some people just take, others just give, but a Murshid must be able to take and give.

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim. To say 'Audhu bi-llahi mina shaitani rajim' is an obligation for Muslims. We have been ordered through the Islamic law. And there are 54 obligations, which people were learning up to the time of tyrants. Then it was forbidden, they buried the 54 Fard. We are speaking on them. One of them is to say: 'Audhu bi-llahi mina shaitani rajim', 'O my Lord, I am running to You from Shaitan, who is Your dog, assaulting on people. We run to You from its harming.'
Therefore at least you must say it daily 100 times, out of prayers, because Shaitan is never leaving people to step on the right path. He comes and tries to take your foot from the right path and to prevent you to walk towards truth. When he is coming to you, you must say: 'O my Lord, I am running to You from Shaitan, Your dog. Protect me from its assaults.'
With 'Audhu bi-llahi mina shaitani rajim' you run away from Shaitan, and then saying: 'Bismillahi-r-Rahmani-r-Rahim', you run to Allah. It is obligatory that believers must run to Allah.
This is not a lecture, we are not sitting in a lecture-hall or school, it is only something to make our attenders to listen for a short time, and I am hearing also through their Baraka. I was praying Dhuhr and something came to my heart or my memory- because for people who work with their minds and brains we must say: 'Coming to my memory', and they should be happy. If I say: 'Just some inspiration reached my heart', it is a little bit difficult for those people, who are always occupied with positive knowledge. Therefore I am saying: 'Coming to my memory'...and so long time I am not using that memory...
Today there was coming something to me, an Arabic addressing to one Sultan of Islam: 'Do you think you have been created for that, or that you have been ordered to do that thing?' It was for a famous Wali, Ibrahim Adham, a famous and glorious Sultan in Central Asia and through Persia. He was rich and powerful. They say that shepherds were using 12.000 dogs to guard his flocks, and each dog had a necklace of gold... If Allah is asking to give, He gives. This Sultan was so powerful and his Sultanate famous and glorious.
It was his custom to hunt; he liked to hunt, and that time they were hunting on horses with bow and arrow. Once he was hunting and running after a deer. He just put the arrow on the bow and was ready to shoot,

when an addressing came to his ears, a secret voice from space, saying: ‘O Sultan Adham, do you think you have been created for this hunting?’ And a second time a voice was coming: ’Or do you think that you have been ordered to hunt?’ Then stopping. Some Awliya say that this was the main reason or wisdom than changed him fully, 1oo%, to be not a Sultan, but a servant of Allah.

It was enough for him what he heard. He left everything and he said: ’Sultanate or Dunya is a play. It is a big loss, what we are doing. We loose the most precious thing that we have been granted from Allah Almighty, to be in life, and we run after something that has no value.’ He left everything and he called one servant who did the lowest service. He said to him: ’Take off your coat and give it to me and take mine.’ The servant was trembling: ’O Sultan, how it can be, you are Sultan, how you can dress my dirty clothes that I am working in? I can’t do that.’ ‘I am ordering you, quickly! Now I am Sultan, but tomorrow morning I am not going to be Sultan, I am going to be servant. Not like you for a man, but for the Lord of Heavens. Quickly take!’

Then he was taking his stick and getting out, going, going, going, up to Mekka. He came to the beginning of a big desert, and Shaitan came and said to him: ’O Ibrahim Adham, up to here you came on foot, passing through villages and gardens, rivers and mountains; so many places that you may find something to eat and drink from nature. But now this is the beginning of a huge desert. So many people like you entered it and not reaching there, and you don’t even have a camel to be on it, not carrying anything from drinks and food. You must take care, I am saying to you, beware, I am advising you, keep my advice.’ And Ibrahim Adham was saying: ’If I keep your advice, I should be like Adam, who was keeping your advice and was thrown away from Paradise. I am not listening to you, but instead now I will stop on each step and I am going to pray two Rakaat.’ And he passed this huge desert in 12 years. The Kaaba was saluting him, coming.

Those people understood the wisdom of life, the honour of mankind, the value and honour to be the servant of the Lord of Heavens. Now Ibrahim Adham is buried in Lattakia in Syria. Ottoman Sultans built a Dergah. Alhamdulillah, I visited that place, it is such a holy place.

Once Ibrahim was sitting on the seaside, on the beach, trying to sew something from his clothes with a needle. Suddenly his mother came and she said: ’O Ibrahim, you left everything from your kingdom and you are coming here and sit in such a way. What is that?’’O my mother, look’, he replied and threw the needle into the sea. Then he said: ’Whoever is there, bring my needle.’ It was nighttimes and it was like a firework on the surface of the sea, when the fish appeared, each one with a needle in its mouth and a precious stone on its head, which were like lightening. Ibrahim said: ’O my mother, do you think this kingdom is better or that one?’

We are trying to follow such people to be written our names as followers of Your Awliyas' way, o our Lord, and we hope that heavenly mercy and blessings may reach to us. Therefore I am saying Alhamdulillah, through our place blessing is coming, not cursing. If the whole world is going to be in fire, our place and places that look like this place should be blessed and protected.

## There is no compulsion in religion

You can't rule people by force... Allah in His Wisdom is saying in the Holy Quran: "La ikra'a fi din... There is no compulsion, no force, in religion. Whoever wants to believe, may believe. Who doesn't want to believe, he doesn't have to believe. Both the believer and the unbeliever will return to Me. Don't force anyone to believe, because he will not really be a believer." This is a big wisdom. In the 2oth century they have tried to force people into so many things, but at the moment that the pressure was released, people returned to their old condition. It is the nature of man to be Muslim- you can't seperate them from that. As much as you try to paint over gold to cover it, still the gold remains gold under that paint. Keep this wisdom. The conscience is calling out, the inner feeling is guiding to goodness. Only the nafs, the ego, is forcing us to evil, trying to paint us... but still there is that gold underneath.

Really, man is going on the straight path towards Allah. When babies make movements in the womb of their mothers, they try to escape the Angels that come according to Allah's Command to make them to leave the womb. So the Angels say to Allah: "Oh Allah, Your servant is disobedient, we can't take him out." Then Allah's Tajalli, a spiritual manifestation, is descending on the baby, and it falls into Sajda, coming out of the womb like that! And at the end of our life our soul will come to make Sajda before its Lord again. Therefore keep making Sajda to Allah Almighty. It is important! Without Sajda there is danger for you- you may fall into the hands of Shaitan, making Sajda to him instead...

## There is no 'empty time'

Everything that is going to happen in this life has a fixed time. Every event has an appointed hour. If we know that all events will come in their appointed time, we will be at rest, patient; and patience shows the perfection of man, a strong faith. If we can take wisdom from every event, then we will be strong in faith. We will get more power to receive Divine Knowledge. Allah orders us to look deeply into each thing, into each event, to find a secret wisdom that gives it value. If you look deeply, you will taste.

Everything must be in its time. You cannot put it out of its time, because every momet is occupied. You cannot find time that is ‘empty’. Therefore, in our Tariqat, there is no delaying actions. Actions must be done in their times. As Allah Almighty says: “For prayer there is a special time and order.” This is a sign for us. Asking us to delay our actions comes from the nafs. Our nafs is very lazy; it doesn’t like to move, and therefore it wishes to delay every- thing. To our nafs, it seems easy to say: “I shall do it tomorrow.” It is always looking for an escape from serious actions; it only likes to play.

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim, La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Aziem...'Kulli yaumin Huwa fi
sha'an...' There is no limit for the Greatness of Allah, and every moment He is in another state. The smallest part of time contains countless states and conditions. There are billions of people, and for everyone of them there is another Tajalli. Every Tajalli, manifestation, is a state of being of Allah. His Power and Gretaness have no limit. Things appear and disappear, and always the states change...

What opens the door to the hidden, what opens secret doors, is tefekkur, reflective thinking. Without this you are like a Mongoloid- backward, they cannot think, and they are not responsible. Then there are also the square-head people, who imprisoned themselves in four corners. They think they are the best, they want to lead 'their own' life, they don't look to what is outside of them and they don't want anyone to interfere. Like this are the young people of today: No one shall interfere in their life, neither parents nor the government.

All systems in the 21st century are to distract people from thinking. People have become disorientated, like airplanes without radar- they don't see what is before them and what is behind them. A snail has two antennas to feel and react. But people are without radar and without antenna now. And they are like copies- without feeling, without senses...They want to make people a not thinking mass which is easy to govern and direct. It started in the West, but it is like this everywhere now. Our people accept everything that is coming from the West without critical judgment, and refuse everything that comes from the East as bad, inferior. No matter what, it is always second class, backward. There is a third class, a fourth class- the African people- and the fifth class is the animal class. They didn't leave us any honour, we fell down to the animal level. That is a big Bela, misfortune.
There is some people who write about a plan for a 'new world'. And people are sleeping, they are not thinking and not understanding. The word used is 'global'- one man governs all and everyone obeys. 'Cosmopolitan' they call it. No freedom or personality will remain... Now in Europe 15 states decided to make a common currency. And really the currency represents their personality. That plan is from Shaitan, not from Allah. We come from one couple, but after we became people each with a private speciality, identity. Now they want to throw everything in one pot. The English are not joining, and they cannot throw them out. If Germany also would not agree, would they throw them out? But they try to make people uniform, their brain not to work anymore. That is the way of Shaitan. Are you teaching your children about the history of your people? Our history is not only the last 8o years.
They made a law that men and women are equal, and it turned everything upside down. A man is a man, a woman a woman. He must live his manhood, she her feminity. Now people are ill...If a ship had two captains giving orders, the ship would sink...They want to finish humanity and create a 'new world'. And people are not awake, they are square-head people, imprisoned in a box. Everything is presented to them, and beyond that they are not thinking.

So nowadays it is difficult to tell them anything or try to explain something to them...
O Allah, only You may save us, You have the power- send us the saviour. May Your word be listened to in the world and the Sultanate of Shaitan be destroye.

## There Is Only One Deputy for Mankind

SubhaanAllah, Sultan, yaa Rabbee, dastoor yaa Sayyidee.

(Mawlana Shaykh stands.)

La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah, Sayyidina wa Nabiyyin Muhammadun Rasoolullah `alayhi afdal as-salaatu wa 't-tasleem

(Mawlana Shaykh sits).

Yaa sayyidee `alayka shafqa shafa`at yaa sayyid al-anbiyaa

As-salaamu ` alaykum! That is a grant from heavens to people that are living on this world. As-salaamu ` alayka yaa Sultan al-Awliya! The master of this world may take the whole world in one hand and may throw away! Holy people are granted unknown power; they are taking that authority from heavens that they belong that level of heavens.

Hiy! People they are very anxious for football! That is their mashghalah, priority, now people (love) football! Shoot!! The master that is appointed through heavens to look after this planet may do this; huge for us, but it is less than an atom through heavens. This planet may touch like this and may throw it out of solar system. Yes, you must try to understand about yourself, you must try to learn your identity. Yes, as-salaamu `alayka yaa Sayyidee, yaa Sultan al-Awliya, madad yaa Sayyidina!

We know nothing and we are not preparing ourselves for understanding! Mankind on this planet, they are occupying themselves for such a thing that has no meaning. Wasting time, wasting their lives and losing their chance that only once just granted to everyone. That chance to be in existence, that is such a big present from the Lord of Heavens granted us, to be in existence and that grant just reaching ourselves. We must be luckiest ones for that heavenly grant, this life on this planet and through countless creatures, to be king of whole creatures, Man, human nature. Allah, Allah! SubhaanAllah.

We have two chances. One chance that we have been brought from Unknown Territories of the Lord of Heavens, chosen to be masters on this planet and same time we have been just given good tidings. That this first coming from Unknown Oceans or territories through this planet, and we have been also just granted and given good tidings forever, up to Eternal. This is so big a grant that if you are using oceans' ink for writing the honor we have been granted from the Lord of Heavens, plants, trees going to be qalam, pens to never finish! They are finish, but never finishing! That grant that we have been honored, whole oceans' ink and they are writing, never finishing. That grant is from our Lord of Creation. (Mawlana Shaykh stands.) Allah Allah, Allahu akbar! (Mawlana Shaykh sits.)

(It is from) Allah, it is not a grant that you are giving. If we are giving one paper that is written on it, £50, so happy. Whole treasures on this world can't be like an atom beside grant of the Lord of Heavens. You are giving five pence and saying, "O, I am putting as a charity five pence." Ptuh! (spit) on that person, on his

ideas and his belief, and what he is giving for that purpose? Nothing! They are speaking on such a powerful point, try to understand something. Oh our Lord!

O our Grandshaykh! You are oceans, but your oceans beside oceans of the Seal of Prophets, Sayyidina Muhammad (s) (Mawlana Shaykh stands and sits.) are less than atom and the sea, one for us. What he had been granted through one drop from divinely hegemony, nothing. Therefore, prophets calling, “O my Lord, help me! Hal min mazeed! Hal min mazeed! O our Lord! We are asking for more.”

O People! Now we are so stupid ones, so idiot ones, so heedless ones, we are not making a measuring between this life and what it is promised through heavenly ones. We are not reaching to heavenly ones. The Seven Heavens are a grant for Mankind on this. If granted, one of them something like this universe, it is going to be like an atom, because Eternity, no one can understand real meaning to be Eternal and what is Eternity.

O People! How many days you are living on this planet, and you are running after it and you are making heaps of jewels and then locking it, putting key under your bed, so that no man can touch. And tomorrow morning, may be that one lying on his bed, and no life for him. Where are his treasures? Useless treasures!

O People! Run after such treasures that it will be with you forever, up to Eternity, Eternal. People now, they are heedless ones or no-mind ones, no mentality for them. And we have been granted one attribute that belongs only to Allah. What is that? What is that, O Salafi `ulamas? What is that Allah Almighty granted to people, one of His Divinely Attributes? Yes, we have been granted seeing, hearing, speaking, moving, understanding, but there is one that is most important, just granted to Man only because they have been honored to be deputies, that Allah Almighty saying, “O angels!

•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• •••••••••

Wa idh qaala Rabbuka li 'l-malaa`ikati innee ja`ilun fi 'l-ardi khaleefah.
Behold, thy Lord said to the angels: "I will create a vicegerent on earth." (2:30)

(Mawlana Shaykh stands and then sits.) “I am going to bring a new creature to be khalifah, deputy,” but not saying, “My deputy.”

Yes, Salafi `ulamas! What is your understanding of: Wa idh qaala Rabbuka li 'l-malaa`ikati innee ja`ilun fi 'l-ardi khaleefah? Not using, saying "My deputy"? What does He mean? He means for whom, Allah Almighty? That going to be top level of whole Creation, so that no one can reach that level from creatures, not even angels. Yes, you may understand, Salafi `ulama, when Night Journey that reached the Seal of Prophets (s) with Archangel Gabriel (a), last point Sidratul Muntahah, reaching there and Archangel Gabriel saying, “O master of this Creation, you are lord of this Creation, Allah Almighty is not giving me that Creation. He created and giving to you; you pass your way up! No one is able to even move from here!” Only one, no second like Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.) He is only One. Allah, Allah. He had been asked to move up (ascend higher) by Archangel Gabriel. The Seal of Prophets (s) was saying, “Archangel Gabriel, huge angel, he has 600 wings. If opening two of them without making like together, east and west can’t be enough for his wings to spread like this.”

Gabriel, the Seal of Prophets was seeing and passing, seeing (him flat) like this haseer, like a carpet just spread on his private station, making like (leans forward, spreads arms), Prophet (s) coming up. The Lord created everything and His deputy is one, only one, can’t be two, no! And Archangel Gabriel (a) stopping, spreading on his private station for sajda like a carpet. Khaleefah... don’t think that you are khaleefah, you are khaleefah, heh? Allah Almighty not accepting khaleefah from everyone. How Christians claiming that Jesus Christ is His son? What is that foolishness? From where they are bringing this? They are not understanding from deepest level. Allahu akbar, only One. He is Allah Almighty. Ahadun Ahad, Unique, One! And His deputy is...(Mawlana Shaykh stands.) Ahmadun Ahmad! (Mawlana Shaykh sits.)

O People! You must understand (what is) “deputy.” Allah Almighty granting to let new creature? One Divinely Attribute, do you know Salafi `ulamas, what that is? That is so important and we are saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem, so Shaytan can’t be coming and making disturbance, disturbing our people’s mind and making disturbance, subhaanAllah. Angels never granted that attribute that Allah Almighty granted from His Divinely Attributes to Seal of Prophets (s), and

from him to awliyaa and they distribute to everyone, `arabiyyatee qaleelah ayyuhal `ulama, yaa `ulama al-Salaf... You are understanding?

You may see the Seal of Prophets (s) was saying there is someone, but you are looking, he is looking just so; what you are dressing? No dressing, may be one in sarong, the Arabi, and one on their shoulder, and his beard may be with so much dust, and they are saying, “Who is that one?” You are never taking care for him, but that person is one granted Divinely Attribute:

•• •••• •••• •• •••• ••• •••• •••••

rubba ash`ath aghbar law aqsama `ala Allahi la-abarrah, "there might be someone with unruly hair, covered with dust, but if he were to swear an oath by Allah, Allah would accept it."

He is looking, not going to be a good appearance. We are saying, “Who is that one?” Who is saying for some, “Stop!” they stop, but anything you can say, “It is impossible.” That person, if asking from his Lord Almighty, immediately going to appear. That is from the Divinely Attribute, willpower, ‘iraada, granted from Divinely Willpower Oceans like a spot granted to Mankind. If they are going to be able to use that, it may be.

What if a person bringing to you a jet plane and saying, “This for you, take it.” Do you think that person may get in and making it get up, then down? Heavenly willpower is such a grant Mankind that the Lord of Heavens saying, innee ja`ilun fi 'l-ardi khaleefah (I will create a vicegerent on earth). And that is heavenly attribute. Angels can’t do anything the Seal of Prophets (s) may do, and if he is looking and heavenly orders coming, may do that power, “Be!” and that thing coming into existence! (It is a) big grant; if he (s) says this dunya may go disappear, and saying, “Oh, through a Black Hole one of them disappeared.” Black Hole is opposite of white, noorani enlightened level, if going anyone to infinity, passing through that. Eternity and Man a`ajabu 'l-`ajaaib, most incredible insaan (Man), but we are wasting that chance granted only once, can’t be twice!

O People! What you are reaching from dunya, it is nothing to run after such levels that you can be rewarded such rewards! No one is going to be able to speak on it even one word, bahru khayrah, Astonishing Oceans. May Allah forgive us, that is something they are saying, behind its background.

O People! Don’t waste your chance that you have been granted once and no any other chance to come and to reach! If any other one getting in Black Hole, no chance to come out once again like this. If you can appreciate this chance for you, you will be happy; if not, finish.

O our Lord! Forgive us for the honor of Your most honored servant, Sayyidina Muhammad (s). (Mawlana Shaykh stands.) Allahumma salli `alaa Sayiddina Muhammadan nabee al-ummi wa `alaa aalihi wa Saahbihi wa sallam. (Mawlana Shaykh sits.)

(45 minutes)

Yes, welcome to you (people around him). My English, I was explaining to Hajji Muhammad, he was saying "perfect". Once upon a time, there was one imaam, a khateeb making khutbah. Also he was writing khutbah and putting there (in his turban cloth) and when getting up to recite Jumu`ah khutbah, he was saying alhamdulillah, alhamdulillah alladhee ja`alana min ummati habeebina, ..and continues.

One day he was coming, making ablution and putting his turban there, and cocuk, naughty one coming, taking khutbah, running away! When that imaam was going up to give khutbah, (he said,) "alhamdulillah, alhamdulillah alhamdulillah, (looking for paper in his turban, stalling for time) alhamdulillah and he is saying bismillahi 'r-Rahmaani 'r-Raheem and al-Fatihah, Ameen. Allahuma salli wa sallim `ala habeebika sayyidi 'l-awaleen wal-akhireen. W 'alhamdulillahi rabbi 'l-`alameen. Aqimi s-salaat.

He was praying and people asking, "Very short khutbah!" like your jumu`ah, it is enough this khutbah. I am asking, "How is my English?" and he is saying "perfect!" Like this jumu`ah, my English is excellent! (laughter) What we should do?

Fatihah.

**If there is a territory, a kingdom, there must be a King, because without a King there can't be a kingdom**

Audhu bilahi minesh shaitana rajim Bismillahi Rahmani Rahim If there is a territory, a kingdom, there must be a King, because without a
King there can't be a kingdom. If no Emperor, no empire; if there is empire, must be emperor. If there is a sultanate, must be a Sultan.
Audhu bi-llahi mina shaitani rajim.We are running away from Shaitan to Allah Almighty. No one can be able to shelter a person from Shaitan that (who is) thrown away from divine Presence. Therefore we are asking a shelter from Allah Almighty and run to Him and ask protection. And He is saying: 'La ilaha ill-Allah hasni, wa man dakhala hasni, amin min adhabi.' "O My servants, just I made for you a castle; for you I built it. When you are fearing from anything, quickly run into it and you should be sheltered. You should be under My divinely protection, and no one can be able to jump into it. It is impossible for anyone from My creatures to jump into it and to harm or to hurt you, because I am the Great and I am the Protector. And if I am the Protector, no one can harm you if you run to Me and ask My sheltering. My divinely Protection should be with you.'

What is that castle? To say: La ilaha ill-Allah.
Say: No God but Allah.
No Protector but Allah.
No safety but only with Allah.
No goodness but only through Allah.
No happiness but only with Allah.
No pleasure but only with Allah.
No satisfaction but only with Allah.
No life but only with Allah.
No honour but only with Allah.
No light but only with Allah.
Nothing- but only for Allah everything.
'Run to My castle! And My castle is not like your castles. Your castles should be like a spot (in comparison to Mine). As much as you do this spot bigger, bigger, bigger- but it is not going to be more than a spot. In comparison to My castle all the castles that you are building for your protection are going to be in limits, and everything in limits is going to be nothing in comparison with My castle, because My castle is unlimited. Anywhere (that) My servant is saying: 'La ilaha ill-Allah', he is in My castle; no need to ask: 'Where is the castle of my Lord?' to enter in it. It is enough for My servant, if he is asking to find My castle, that is protection for My servant, to say:'La ilaha ill-Allah'- just he is in it. Anywhere he may be and at any time he should be in My castle.'
And people are ignorant! They are reading so many holy words from Hadith Sharif, that are a revelation from Allah Almighty, but very, very, very few people may reach to ask:'For what is this Hadith? What is the real wisdom of the holy words of the Prophet?' Very few people are asking this and it is a well-known Hadith. Allah Almighty is ordering His Prophet to say this meaning and that wisdom with his speech. And he said that Allah Almighty is saying:'La ilaha ill-Allah hasni, wa man dakhala hasni, amin min adhabi.'

And now people are in a very critical and terrible and dangerous, most dangerous position. They are surrounded with endless errors and terrors, and everyone is feeling (that there is) no safety anywhere or anytime. Not through countryside or cities, through their homes, in the jungles, in markets, in coffee-shops, in theatres, in gathering places, in stadiums- everywhere they are not feeling a safety. Maybe they enter a super-market and maybe something there that kills and burns and destroys everything in that place and perhaps hundreds of people may be killed. As on the 11th of September 2001. Thousands of people were sitting through that World Trade center in New York, and it was protected with every kind of safety means. But they never thought or imagined that something could come from over their heads and strike those towers. And in moments those two huge towers of Nimrod were in ashes, and everyone in them also, perhaps 50,000 people. Everywhere, every step that a person may step now- because it is the time of error and terror, as the holy Prophet was saying- everywhere you may be in a dangerous condition and with any means you can't be able to protect yourself, no! And man is looking and saying: 'No hope'. He is fearing: 'How can I be able to protect myself and my family, my children, my goods, my business, my money and jewels, my life?' Everyone is now through that depthless fear, everyone is fearing now. Even kings or queens, presidents, generals or field marshals, scientists or businessmen or rich ones, lords or sultans- everyone is in a depthless fear now. They are even fearing to drink something or to eat something, they may fear to use something, they may fear to take a plane, to take a ferry, to take a car or a train.everywhere, just the whole world is surrounded with fear. No one is feeling a safety now. And we must use what Allah Almighty is saying:'Use My words. Use what I did for you as a castle, to make you in safety and satisfaction and to find a peace.' What is that? O all peoples living on this planet, your Lord is saying to you: 'Say: La ilaha ill-Allah', no God but Allah, and I am putting you in safety!' Till people use this, they are not going to find a safe

place to stand up on it even one step, one foot square place. They can't find. And they are not going to find neither in East or West, on continents, on oceans, through air or on earth to be safety for them, finished.

This is another announcement for all living people on earth now. It is just a new announcement from Heavens: 'O people, come and say: La ilaha ill-Allah ', is you are asking safety. Until you are saying this, you are in depthless fear and no safety for you. Come and say: La ilaha ill-Allah, Sayidina Muhammadun Rasulu-llah.

People run in streets and say: No war!, because the fear of death is surrounding people, surrounding the whole world. Not fear of wars, no. But wars equal death and destroying, nothing else. Therefore the fear of death just reached to all nations and people run like rivers through streets.coming that to Iran also, everywhere- Egypt, Lybia, East to West, North to South, on oceans and continents coming death, approaching.And not from one or two people Archangel Gibrail will take the soul, but from thousands, tenthousands, even millions and billions of people's souls are going to be taken and their lifeless bodies are going to fall down in pieces or just as bodies without life. And fear of death, behind wars people fearing from death, becausde wars bring death. The fear of death is never leaving people to enjoy with their eating and drinking and dressing, and their carsa, business, money, casinos, their Dunya- taking it away. No one is thinking that wars come as a punishment from Heavens to people, when they are going to insist not to be obedient ones for the Lord of Heavens. That is a whip for them. And the first disobedience from living people now, 2003, through the 21st century, the biggest rebellion is not to say: 'O our Lord, You are only One!' It is the biggest guilt or sin for living mankind not to come on their knees and to raise their hands and to ask: 'O our Lord, You are only One, no God but You. Save us, save our souls!'

And therefore the fear of death is finishing every enjoyment for their physical being; cutting them down and finishing and they are going to be

dried.like dry trees falling down. They must say: La ilaha ill-Allah, Subhanak, inni kuntu mina dhalimien. The whole world must say:.? And for Muslims: La ilaha illa Anta (Allah), Subhanak, inni kuntu mina dhalimien (famous Dua for forgiveness from Sayidinna Adam alehi salam in the Holy Quran).
Arhamna ya Allah. For the sake and honour of the most honoured one in Your divine Presence, Sayidina Muhammad salallahu alayhi wa sallim, Fatiha.

# There were many Adams

(Deutsch: EsGabMehrereAdams)

O people! Say Allahu Akbar, Allahu Akbar, la ilaha ill-Allah, Allahu Akbar, Allahu Akbar, wa lillahi'l-hamd! Allahumma salli `ala Sayyidina Muhammadan Nabiyyina wa Habeebuhu...
O people, O people! Say a`udhu billahi min ash-Shaytani'r-Rajeem. Bismillahi'r-Rahmani'r-Raheem.

Shaytan biggest enemy, terrible enemy, dangerous enemy for Mankind. That is Shaytan. Always ask a shelter from Allah Almighty. If Allah Almighty sheltering someone it is impossible to harm that one. May be millions of Shaytan, can't do anything; if Allah almighty sheltering him, billions and billions of Shaytan can't harm that one. O people, therefore run to Allah Almighty's shelter. You shall be in safety here and hereafter. We are asking a question (from that mureed). If there is here one beautiful one, living one, lady here and in front of it, second side a plastic one that they are putting, to which one you are running? (Mawlana Shaykh laughs) Ooohh very happy! Ooohhh. Yes. Try to reach reality and real `uboodiyya, worshipping. And try to reach heavenly servanthood, that you should be granted according to that level, a grant from the Lord of Creation.

I am a weak servant, a weak and old one, but yet my master that, in Arabic words qutub, making such a weak servant who can't walk if two people not helping him. I am a weak one and I am crying that my days just

going to end and I am not doing anything to make my Lord happy with me. Only I am running to His most beloved, most glorious one in His Divinely Presence, Sayyidina Muhammad (s). For his intercession, his shafa`ah and I can't reach to that most glorious one. But they making me to reach the pole of this world who can do as it is written on the table of, (preserved tablet) Preserved Tablet. And I am running to him that he was my, our Grandshaykh, yet he is on his power. That one only going to be one. One. And he is sultan for this world.

Allah Almighty ikram (generosity, grant) granted to me to be His useless and weak servant, so useless one. But we are looking at the real mission, real position, reality of Creation, and that is something just put through my existence, through myself, as they like. That is a biggest grant they granted to such a weak servant! And I am so useless one and lazy one. Doesn't matter, with useless they can do as they like, anything.

You are coming here from long distances, Allah blesses you. They are looking for His blessings coming on a servant after divinely forgiveness. If my Lord forgiving, then His blessings open door to ourselves. And I am sitting here ashaming, but it is an order from my grandshaykh to sit down and address the servants of Allah Almighty.

O people, help me. O people, I help you. As much as possible you must try to help each other through Divinely Order, "O My servants, help each other to do good things. I created you and I..." (Mawlana Shaykh sneezes) You know how you are making habshoo (sneezing)? When you are making habshoo, you are never knowing, it is beyond our will power, and you cannot stop it whether you like it or not! You never know, then you are making habshoo! (laughing)

From Grandshaykh, I am not going up, I am only approaching that one who is representing Adam on Earth. Because Adam was created to be deputy and billions of his children or descendants, they are also candidates to be Allah Almighty's deputies, the highest rank for Creation, just we have been granted. When Adam appeared from unseen worlds, how he is coming and proving himself, saying, "I am that one. My Lord created me and He crowned me to be His deputy on this planet, on this Earth, on dunya."

Sayyidina Muhyideen ibn al-Arabi, one deepest ocean, was saying, "How many Adam just created? And this Adam, what is his number? Which number of Adam?"

O people, you are (big?) creatures, just granted to you an honor from pre-eternal up to eternal. One coming, passing, another coming, passing, another coming, passing without stopping. If Allah Almighty has only one dunya, so poor. (Mawlana Shaykh laughs) He is not poor? Yes, O people. What Sayyidina Muhyideen said not everyone can understand, as an elementary schoolboy cannot understand university teachings.

And Allah Almighty putting some reasons and some secret signs and keeping and showing for Mankind some secrets through some numbers. Why, I am asking people, why numbers beginning after zero? 1,2,3,4,5,6,7,8,9,10 and stopping and beginning anew 11 to 19, 20, 21...30, 31, 32...40, 41, 42? Some heavenly secrets just the Lord of Heavens putting through nine raqams, numbers. You must say at least nine signs of numbers, they are like nine endless oceans!

O people. Leave jahiliyyah (ignorance) and come and ask something. Look in Holy Qur'an. You must look in Holy Qur`an and Holy Qur`an you may recite it as it is written, but sultan of the time we are in it now, he was saying for some signs for deepest oceans. Bismillahi'r-Rahmani'r-Raheem, alif, lam, meem: three letters in Arabic, each one deepless and endless oceans! Therefore, I heard from such a sultans that they are sultans of `ilm, knowledge. They are not doctors. They are not doctors, but they are as Allah Almighty bi idhnillah, granting to them such a positions and saying, subhanAllahil-`aliyyu'l-`adheem, sharaf, who are taking knowledge from secrets of numbers as well as secrets of letters. And saying that Huuuuuu... whom they have been granted something that lam yudhkar, (not to be mentioned) so small things whom they granted, Allah Almighty honoring them by saying ista'idh billah, inamaa yaksha` Allah min `ibaadihi 'l-`ulama. Allah subhanahu wa ta'ala, He was praising them with a rutba, a title for them, "`ulama". But now in our time whom they are trying to learn something is `alaman kafaratu`l-fajara "on the footsteps of unbelievers", unbelievers and no-mind ones for thinking.

They are preferering to be called doctors, but doctors from where? "From Sorbonne, I have graduated, a degree." Or from Oxford or from Toronto or from Mexico or from Rome. Leaving that honorable title and saying themselves, they are "doctors". Donkeys hashakum, laughing to those people that, swearing at them, saying, "You are lower than our levels. Allah, Your Creator giving to you such an honor, saying inamaa yaksha` Allah min `ibaadihi 'l-`ulama, taqshair quloobahum, "their hearts shivering when they are reciting Holy Qur`an and pouring from heavenly knowledge their hearts, and their hairs standing up. That is Kalaamullah, the Lord's divinely words, we may say Lord's heavenly words, because no one can be able to

reach Divinely Presence except one. But people they lost their faith, they lost their mentalities. No more balance with them for scaling reality, and becoming their levels under the levels of animals.

And animals yadhaku `alayhim, laughing to those people, saying, '"You are Mankind? Speak. I may speak." Particularly donkey, very proud with its sound. How we making donkey sound? (a mureed brays) We are doing exactly what our Lord--Who is putting that secret power that never granted to others--that (is) granted to donkey, so it is happy making that sound. But people are not appreciating, making a takbir, showing that appreciation for what Allah Almighty granting to them, that is jahlun `ameeq (deep ignorance)! People now thinking they are at top of knowledge, but their degrees are under the level of donkeys! Donkeys knowing Who created it, while so many people graduated by Sadanas are saying, "No!" Oh, people your degree is according to your mentality and understanding; as long as your understanding getting up, you are coming more closer from heavenly levels, and we are not saying there is no Divinely Presence!

Try to learn. Don't waste your time with something that never giving to you honor here or Hereafter. The Seal of Prophets (s) had been asked afdalu 'l-`amaal, from servanthood, best servanthood, and his reply was, al-`ilmu billah. That was the highest honor for Man: to know something from Divinely Being only. But our level on heavenly level is to know more and more and more about the Lord of Creation (al-`ilmu billah). People running after useless things to learn, and they are leaving to learn a high level of knowledge for understanding Prophet Sallallahu Alayhi Wasallam and then Allah Subhanahu wa Ta`ala on heavenly levels.

Therefore, as a nisbah (proof) of what we are saying now, it had been said that two raka`ats from Rasulullah (s) if put on a scale on one side, and whole nations `uboodiyyah (worship) was put on the other side, two raka`ats from Seal of Prophets (s) going to be much more heavy from whole nations and their worshipping. Why? Because he was praying to his Lord, Allah Almighty, according to his knowledge. Therefore, just granted to his two raka`ats, just pray as whole nations prays and they never reaching to that point. For example, two plates, one plate you are putting one crown and it is a real one, and second scale, just put a plastic crown for ourselves. If whole plastic crowns, what should be its price, its value beside that one? For that he just had been granted by his Lord a divinely crown. And others, all of them, have offered prayers, but not real prayers, it is imitations. Can be same as a real one? No.

No one caring (for) a plastic mannequin, but there is some mannequins coming, going, coming, going.

"O my darling, how is that one?'"
"Which one, O my darling?'
"That one. "
"O her clothes so beautiful, can I dress it?"
"Which one O my darling?"
'"That one passing, going, coming."

He so happy to see dhafila, a fashion show. "Ehhhhhh, ohhhhhh, eehhh, ohhhh," he is going to forget everything (looking at those pretty women)! "Ehhhhh, ehhhh, mmmmmm, ehhhh, is so beautiful one, ehhhh, emmm, ehhhhe."

You understand my English, O people? Leave plastic things and run to reach a real one. There is imitated paradise, and there is also higher levels of paradises. And there is paradise for animals also. That is haiwaniya, whom they are on the level of animals, they should have a paradise also, but they were running with animals, not going up.

O people! Try to learn about heavenly beings. Try to know Who created heavens and their levels and how many they are. O people, don't be ignorant! Don't be heedless! Be waken up! They think they should reach a happy life with such a thing? Only (that mureed) happy with this. O people, including me (Mawlana gestures to himself), I am happy also!

May Allah forgive us. 'Eid is finished, and try to reach that every day is going to be 'Eid and every day coming in another appearance of Jalaal wal-Jamaal. Haqq! May Allah forgives us. Fatiha.

Something that just they are putting through my heart, they are making me to address to you on our level. But there are so many levels we can speak on through their levels,according to their levels, to their understanding levels. Common people are nearest ones to animal world. Fatiha.

(Mawlana Shaykh sings)
Allahumma salli wa sallim `alaa Nabiyyina Muhammad `alayhi's-salaam
Salaatan tadoomu wahtuhda ilayh ma marra'l-layaali wa toola 'd-dawaam!
Allahumma salli wa sallim `alaa Nabiyyina Muhammad `alayhi's-salaam

Salaatan tadoomu wahtuhda ilayh ma marra'l-layaali wa toola 'd-dawaam!
Allahumma salli wa sallim `alaa Nabiyyina Muhammad `alayhi's-salaam
Salaatan tadoomu wahtuhda ilayh ma marra'l-layaali wa toola 'd-dawaam!

Fatiha.

## They Forgot Allah, So They Were Forgotten

(Mawlana Shaykh stands.)
Yaa Rabbee, anta Rabbee, anta Hasbee. Dastoor yaa Sayyidee. For the honor of this holy night, say, la ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah, Muhammad Rasoolullah `alayhi salaatullah `alayhi salaamullah, `alayhi ikraamullah. As-salaamu `alayka Ya Sayyidina, Ya Qutb, pole of this planet. As-salaamu `alayka wa rahmatullahi wa barakaatuh. (Mawlana Shaykh sits.)

May Allah forgive us and blesses you for the honor of this holy night. It is a very holy night, the beginning of the new year 1431. We are asking for this year to be a holy year for the benefit of the whole creation. We are saying according holy command of the Lord of Heavens, a`oodhu billahi min ash-Shaytani ‘r-rajeem. That is our protection from Shaytan, his tricks and traps, so that we do not fall through sewage channels of this dirty life.

O People! As-salaamu `alaykum wa rahmatullah wa barakatuh. The Lord of Heavens is ordering His most beloved one, Sayyidina Muhammad (s):

**••• ••••••• ••••••• •••••• ••••• ••••••••**
laa nureedu minkum jaza’an wa laa shukoora.

(Saying), We feed you for the sake of Allah alone: no reward do we desire from you, nor thanks. (76:9)

Madad. O People! Come and listen. Come and listen to what is coming or which thing is coming on people through the coming days and the new year. There are coming new appearances through this year. We are asking humbly to be granted from our Lord, by the honor of His most honored one, `amu ibtihaaj suroor, that this year is for benefit, for honor and gives much more satisfaction and carries us from bad situations to good situations. O People! Say, Bismillahi ‘r-Rahmaani ‘r-Raheem. You can find your ways. Don’t forget to say, Bismillahi ‘r-Rahmaani ‘r-Raheem.

••••••• •••••• •••••••••••••

nasoollaha fanaseeyahum
They forgot Allah, so they were forgotten. (9:67)

O our Salafi `ulama, do you think that you are saying this holy verse to your people or to everyone through the east and the west? Why do people just fall into worst positions? What is the reason? The Holy Qur’an is explaining and opening meanings to whole servants. That is a heavenly message. When something is coming on people to make them unhappy, they must know what the reason is; la tansooha (do not forget basmalah) nasoollaha wa naseeyahum, "They forgot Allah and He forgot them." That is the reason. Why are you not saying this?

O Salafi `ulama! You must announce, you must declare that point! That is very important. Every badness or every cursing comes on people for the main reason that they are forgetting their Creator, the Lord of Heavens. When they are forgetting, then cursing coming. If anyone is living with Allah, then:

••• •••••• •••••••••• ••••• •••• •••••••••••

laa khawfun `alayhim wa laa hum yahzanoon
On them shall be no fear, nor shall they grieve. (10: 62)

O People! Come and listen. If you are not coming and listening, heavenly whip is coming on your heads, and more and more troubles are on the way. When one is finishing, another is coming. Last year there was an economic crisis, yes? Tazalzalati ‘d-dunya, sanatu ‘l-maadeeyah waq`ooahum bi ‘l-azmaat iqtasaadiyyah. Ya `ulama ‘s-salaf, ishrah lee man laysa lughatahum al-`arabiyyah. (O Salafi `ulama, last year an economic

crisis descended on the world, what was that, explain to me; who understands Arabic?) Explain to whole people, what is the reason that they are falling through that economical crisis? That is written in Holy Qur'an? Don't say, "It is not in the Holy Qur'an," and Allah Almighty saying, wa maa farratna fi 'l-kitaabi min shayyin, "Nothing have We omitted from the book." (6:38). This is Arabic or Turkish language? Why are you not saying? They are saying, "We are Salafi `ulama!" Then say, "What we said, Aamantu Billah."

Qur'an `azheemu 'sh-shaan, in Holy Qur'an you can find an answer for every kind of crisis. If you are asking to get out from crisis, you may say, "Holy Qur'an, what is it saying?" Wa maa farratna fi 'l-kitaabi min shayyin. I am asking something and you understand something else, mashaa-Allah masriyoon, and is never understanding Arabic. I am saying, what is the reason that they are falling in crisis and what is the way to save themselves from crisis? Say! Say! I am an old one, must look and listen. I am knowing nothing, but something is coming through my heart. What is the way for saving states from crisis? Say what is ayatu 'l-kareema. What is coming to my heart. Before I said:

•••• •••••••••• ••• ••••••••• ••• ••••••

maa farratna fi 'l-kitaabi min shay.
Everything you ask for, you can find through the Holy Qur'an. (6:38)

But letters, big letters, then under it, you may understand. What is the reason? Say! You here are also Arabs. No one is knowing. What is coming to my heart? Who is asking to be saved from crisis? Means that harming people zhaahiran wa baatinan, from out-looking and through their inner lives, destroying them. Crisis is destroying Mankind inwardly and outwardly. Inwardly they are going to be in such a position that they are never going to be happy through their lives, and they are asking to change themselves. Therefore, drinking, drinking, drinking, vodka, whiskey, and champagne. Drinking for what? To change themselves, to take themselves out of miseries. But it is not a real way for saving yourself or for saving whole nations from crisis.

Allah Almighty is giving an answer. When you are falling in such a position that you aren't able to take it away, what is the way? They are making me say:

••••••• •••••• •••••••••••••

nasoollaha fanaseeyahum
They forgot Allah, so they were forgotten. (9:67)

That is the reason for crises. What do you think? One year ago, there was nothing in existence. Suddenly, whole TV centers and radio broadcasts and whole magazine and newspapers saying that a heavy crisis just happened, a big crash. We never thought this would happen. They are asking, “How did this happen?” I am asking, under which One are you living on Earth? Do you know that happened through His holy orders? A crash, opened, cracked, and people falling down. They were never expecting this before. They are so happy. What are they saying? The US announcing through east and west that it just happened, suddenly a crash or crack through economy and everything falling. What we can do now? I was surprised and saying, what happened? The US was saying $700 billion. That is the reason for the crisis. I am saying $700 billion, with our Salafi `ulama. They know so many hundreds of people, only one of them has trillions and trillions of dollars. What happened? The US was claiming, “We are leaders of the whole world.” You are the leaders of whole world, and you are falling down with $700 billion?

I may say now, hundreds of people who are rich, their richness is reaching to trillion dollars or even trillion coins, but it is a secret and the government is saying, “What are we going to do?” What are you going to do? Close doors as a merchant who is going to be bankrupt. Why are you standing there as, “yoU asS”. If you are unable to save people from that crisis, is really a small crisis? But the whole dunya is shaking from east to west and from north to south. For what? $700 billion.

Ya Hu! This big world, 7 billion people. If you are taking one dollar from them, it is going to be 7 billion. If 10, it is going to be 70 billion. If you are taking 100, it is going to be 700 billion. It is too much for a person to give 100 dollars? But the Lord of Heavens teaching people to come to Right Path, because they are going out of the limits they have been granted. One crisis; if another crisis is coming, that means whole world must fall down and say, “Ehhh, We are finished!” Finished? What is that? But the Lord of Heavens asking to teach them, to make them understand that the whole worlds, tasarruf, organizing is not through your hands but in the hands of heavenly ones.

They are still crying over that azmatu ‘l-iqtasaadiyah, economic crisis. If a second one hitting, “Ohhh, finished.” What is the way for saving yourself? That economic crisis is reaching everyone’s doors and knowing, we arrived to you also--poor ones, rich ones, kings, presidents--all of them trembling! That is a heavenly warning.

O People! Keep your good manners, and see what the Lord of Creation created. Why do you think He created you, for collecting money, for collecting land and countries? Did the Lord of Heavens bring you to life for this reason? There is no value in this whole world. No value through Allah Almighty's Presence. Now they are looking if another crisis coming. They are going to pass away. They are saying, "If a second one hitting, we are going to finish. All of us will fall down." And may come a third one.

Which thing may save you? Say, Salafi ulama, what is the way for saving people? What is the Holy Qur'an saying? Say to me! Hah! I am asking here. So many people they are not answering. What coming to me I shall say to you because Allah Almighty saying: maa farratna fi 'l-kitabi min shay (nothing have We omitted from the book. 6:38) For everything, li kulli da'ain dawaa, for every illness, there is a medicine. For every problem there is a solution. Allah Almighty never leaving people. If giving some troubles for them, for some illnesses, there must be a cure. The Holy Qur'an is saying maa farratna fi 'l-kitaabi min shay, for everything. But you are not looking at what the Holy Qur'an is saying.

O I am looking kullu naas fee aydihim yatloo quran `azheem yatloo, yatloo every nass (religious text) through their hands Qur'an `azheem. I am asking, what you are understanding, O Arabs? Are you understanding anything? How many times do you make khatm, 1000 times and more? What have you learned? Your language is Arabic. What you learned for example, from this economic crisis? What is the Holy Qur'an saying about saving anyone?

O my listeners, does anyone know here? I am not playing here and I am not speaking on behalf my ego. My ego is ashes, finished. There is no hope for me after this age to be a sultan or a shaykh ul-Islam. Such people are very proud with their imitated titles. No, I am a very, very, very simple `abd, servant. (Salafi `ulama,) You are not accepting to say, "We are servants." I have never heard from such muftis or sultans to say, "We are our Lord's servants." They think that if they are saying this, their honor will come down. But Allah Almighty, man tawadda`a lillah rafa`ahullah, "Whoever humbles himself before Allah, Allah raises up." But you Ahlu'l-Hijaz wa `ulama Salafu 's-Saliheen, you are not saying this in front of whole people. I have never heard any sultan or any rich one say, "O People! We are servants of our Lord and our ways are to make our Lord happy with us." I am hearing this from no one!

But through 24 hours you are speaking 48 hours. For what is this speaking? Speaking, speaking for what?

Why are you not saying, “We are servants of our Lord, and He is putting us on His treasures on this world to do what is best for humanity?” Why are you not saying this? Say! Now that answer is coming from our spiritual centers. It is coming. Who is ordering me to address you, they are now giving the way of saving people physically, economically or in any way that they are falling into troubles. They are falling into endless troubles and sinking through Misery Oceans. Allah Almighty is saying, bismillahi ‘r-Rahmaani ‘r-Raheem, hear and learn! Allah Almighty is saying, asta`idhu billah

••••• ••••••• ••••••• ••••••• ••••• •••••••••

wa man yattaqillaaha yaj`al lahu makhraja,
And for those who fear Allah He (ever) prepares a way out. (65:2)

••••••••••••• •••• •••••• ••• •••••••••••

Wa yarzuqahu min haythu laa yahtasib.
And He provides for him from (sources) he never could imagine. (65:3)

Sadaqallahu al-`azheem wa kadhaba ‘l-kafireen wa kadhaba ‘ash-shayateen... “Allah told the Truth and the unbelievers and devils called it lies.” Anyone saying, “No?” Where is your taqwa? You are living through saraya (palaces), through qusoor (castles), tabnoon qusoor, skyscrapers. Prophet (s) was saying fifteen centuries ago, as the sign of the Last Day people should do yatasaabiqoon fi ‘l-bunyaan, wa antum `ulamaa as-salaf, ayyi `ulama kaan yaati jiwaaz li yukhrab atraaf baytullah wa tabni skylines, (competing in building building and you, O scholars of the Salafi, which scholars gave permission to destroy the outer areas of the House of Allah and to build skylines?)

Which one giving that fatwa? Your sultan, your king, your malik, which one is going to say? And you, yaa `ulama, you Salafi, which `ulama giving that fatwa to build that skyscraper in Mecca? Who is going to say? Where is your fatwa? Do you think that Rasulullah, when he was saying yatasaabiqoon fi ‘l-bunyaan that it is praising for them? Rasulullah (s) was happy? Or saying, “Why you are building these high buildings?” Are you not fearing that if Allah Almighty ordering one angel who keeping that area to make an earthquake, very simple, all your buildings coming down with their inside, with people also, to make them down? You are not fearing from Allah?!

Why are you not saying that is haraam? After two levels (stories), when a man is asking to build over two another floor, angels are saying, “O son of Adam, it is not enough for you?” Inna ardee waasiya`tun, “The bigness of this world, is it not enough for you to build?” And you are building more than 10, 15, 50, 90 floors? Why, are you going to be like Nimrod? Only Nimrod was building high buildings and saying, “I must get up as much as possible. I must go up to look and to see your Lord through angels.”

Up to where are you asking to reach, O Man? Are you asking to reach as Nimrod was building high, to look at what is up? Are you not ashamed? Are you not fearing from the warning of the Seal of Prophets (s)? You are leaving and saying there are groups for,

•••••• •••••••••••••• ••••••• •••• •••••••••••

amar bi ‘l-ma`roof wa nahi`ani ‘l-munkar
Ordering what is right and forbidding what is wrong. (31:17)?

Why are you not saying? You are fearing from mulook, kings. Their lives are bayna nafasayn, “between two breathings” If Allah Almighty saying, “Enter,” their breath is entering. If never giving that, they are falling down dead. If anyone is breathing, asking for it to come, but if the Lord of Heavens not giving, then that one is falling. On which thing you are putting tawwakul, trust? To whom your title or your gold or your oil wells? Ha!! Alhamdulillah, I am only saying what is coming to my heart, warning people. O People! Once at the beginning of this century, an earthquake just happened on the 15th of this month in China. Its power was 8.5 (on Richter Scale). It was falling on people and nearly one-million people passed away. Alaa tu’min yaa `ibaadAllah li rabbikum innahu qaadirun `ala kulli shay? Are you not believing, O servants of Allah, that your Lord is able to do all things?

•••••••• •••••••• ••••• ••••••• ••••••• •••• ••••••• •••• •••• •••••••••

Innamaa amruhu idha araada shayan an yaqoolu lahu kun fa yakoon.
Verily, when He intends a thing, His Command is, ‘be’, and it is! (36:82)

You are not believing. If you are not believing, one night may come a darba, a heavenly hammer, from above onto your building and to make it Earth. Are you not fearing? Fear! You may be sultan, you may be malik, you may be president, you may be this or that, but you can’t carry a certificate from heavens that nothing is harming you, no. Only Allah Almighty, if He is protecting, protection. If no one is protecting you, finished.

O People! I am not addressing only Muslims, but I am addressing to whole believers through their religions, people of Christianity or Judaism. They are understanding what the Lord of Heavens is making me address to you. Don't think that my tongue is saying a wrong thing when I am sitting here. This is a heavenly warning, or anytime, at any moment you can be taken away. Look what happened to the US in 1989 (Loma Prieta earthquake); in a second, thousands of people, under their buildings, went away. If the Lord of Heavens is asking to destroy the whole world He can destroy through, not minutes, or seconds, in even a third of time, He may take away from east to west and from north to south! Illa an ya`fa `an ahaadu 'n-naas, those who will remain are only a handful people that Allah Almighty is protecting, sheltering them.

O People! This is a heavy warning and this is a very holy month that we are reaching, Muharramu 'l-Haram 1431. Just the Day of Resurrection is approaching! Take yourself away from dunya and tawajjahu (turn your spiritual gaze) towards Allah Almighty if you are asking to be in safety here and Hereafter. If not, no one can save people who are not taking a lesson from a heavenly warning. I am asking forgiveness for me, for you, and for everyone. I hope you are not thinking this declaration is from myself; it is not. It is a heavenly declaration and must be suitable through the Holy Qur'an, the Bible, the Old Testament, the New Testament, and Psalms.

O our Lord! For the honor of Your best one, most holy one, most glorified servant, Sayyidina Muhammad (s), save ourselves send us someone from Your special servants to take ourselves from the wrong way to the Right Path! May Allah forgive us, for the honor of the most beloved one. O our Lord, astaghfirullah.

Dome, dome, dome, dome 3x

The angels looking at who is hearing and who, out of them, leaving to hear such a declaration. Beware, O People! If something is coming as a punishment, who that is for? May Allah forgive us and save ourselves from the badness of our egos for the honor of the most honored one.

Fatihah.

(53 minutes)

O People! Try to do your best. That is only what the Lord of Heavens is asking from you, from every kind of religious people whom they are claiming, “We are Christian, we are Jewish, we are Muslims,” the Lord of Heavens is looking to you. Whatever you are doing, say, “O our Lord, we are trying to do our best.” Then you will be saved here and Hereafter.

Fatihah.

O Salafi `ulama! Don’t be angry with me, because anger harms you and it is never harming me. Look! Istaqim! Qul aamantu billah thumma ‘ staqim, “Stand up for truth! Say, ‘I put my trust in Allah, then stand forth for truth!’" This is the last advice for whole nations.

## The Thinking Animal

Dastur. Oh our Lord Hamd and Sana to You. You brought us to life. Today is Friday. Yawmu Jum'a. Today is the most honorable day on Earth & Heavens. Dastur Ya Rijalullah, one praised by Him, one who follows Rasulullah step by step, holy ones to witness that we're Muslims because Allah (jj) said "Inna d dina IndaLlahil Islam". Say: Bismillahir rahmanir rahim. Oh those listening! Listen and learn! and gain honor. One who doesn't know hiself is an animal. This morning, from the barakat of Holy Friday, we're speaking a few words, inspired to us. We've no claim to be the knowledgable one.

Allah Subhanahu wa Ta'ala says: "Wa dhakkir fa inna dh- dhikra tanfaul mu'minin." Oh my beloved one Wa dhakkir, - Remind. This is the word. He didn't say "Wadhkur", but says "wa adhkkir" - Remind them. Fa inna dh-dhikra, because in remembering there is benefit for the muslims. Wa dhakkir. Oh My Beloved one! For the sake of the one for whom I created universe Oh My Beloved Muhammad Mustafa (sas)! You are illiterate. Illiterate Your knowledge; He says "allama min Jibril." What Jibril has informed you of and also what Allah (jj) informed Oh My beloved Muhammad Mustafa (sas) Wa dhkur, fa inna dh dhikra tanfaul mu'minin. Remind. When He says "remind" there's knowledge in reminding. Can't have reminding for nothing. What is there to remind? This sohbat is our words. If you want, accept, if not you don't, if you don't like it leave. You don't pay. We get paid! if what we say is good, we are awarded. If not then we get cursed. When one speaks, one must do with balance. if you speak without balance you lose.

This is a sohbat No one knows where the sohbat ends for everyday there is a different sohbat. It teaches Men their own characteristic - Who are you? We are asking. People follow many different religions; some follow, some don't. Some have somethings that makes sense others

follow nothing makes any sense, rubbish. Some take rocks, some take diamonds. Now with rocks, can you weigh rocks on a gold scale? Oh silly ones, drunken ones, Oh those don't use their brains, Reflect! "Wa dhakkir" Reflect" what is included in this? This is a sohbat. You can't open the door of the sohbat without permission. You cannot open it. When you come to the door. "When you come to the door ask permission." Don't enter without permission. This is not a game. You will enter the Lord's Court. You have to enter His court with Adab. If you enter the presence of a King or Queen you need to follow an etiquette. Entering the presence of a Sultan isn't the same as entering a cafe. What a divine fastidiousness. He says; everyone should know their rank. Allah (jj.) Everyone should learn the adab.

You're valued with the one you associate with. Rock cannot be weighed at a jewelry shop, can't be weighed because rock is commonly available under your feet... but in a jewelry shop there are highly sensitive scales. With that scale you can value a stone depending on its size, colour, dimensions. You can tell its value - that is why we have sohbat. What is the adab of it? It is Bismillahir rahmanir rahim to declare Basmela and stand up. Our Lord, for You we are standing up. You're The Creator, the One who gives us life, the One who teaches us, the One who adorns us with the honor of mankind. Let's remember Your Name: Anta Rabbun Jalil. Rabbun Jalil. Allahu Akbar. That's why we say Jalla Jalaluhu when we say Allah's Name. Jallat Azamatahu. Wala Ilaha Ghayruhu. The rank of remembrance.
This is the minimum, to remember His Name. Now for the Sultan, you do not greet him the same as his deputy. The Sultan's rank is the highest one, everyone else is beneath him. Amongst all creatures Allah has created, the honor is with Men. Allah (jj) said Bismillahir rahmanir rahim. Wa laqad karramna bani Adam. "We have honored the children of Adam. " Ilahi takrim, ikrami Allah (jj) honored Mankind. He has not honored any other creature, neither the ones in heaven nor those under it, only Mankind has this honor Allahu Akbar. Who are we? You have to learn this. How these animals are educating people now? Talking-Animal - That's the description of Mankind now, speaking animal, talking-Animal. An animal that speaks has no other honor. This shows today's human's level of understanding. What is humankind? Talking-animal, Masha'Allah.
Allah (jj) says Jalla wa Ala "Inni jailun fil ardi khalifah" I'll place a representative on earth.

"ƒ∞dh Qala Rabbuka lil malaikati" Allah (jj) is addressing the angels. This is honor to the angels He is addressing them "inni jailun fil ardi khalafah". I'll place a representative on earth, a khalifah to represent Me on earth! to represent Me in the Universe. Because no one can represent Me. This high rank, this crown, I'll put on the one I am going to create. Allahu Akbar. Allahu Akbarul Akbar. Oh two-leged creature reflect! Everything has a value. if you go to the zoo There are so many animals. One has a value and the other has also. The lion has different value. That means the animals in zoo are not all on the same level. They call the lion, King of the jungle. When the lion roars all animals keep quiet. Why? Allah(jj) dressed him with Majesty. There's no creature not scared of him. Allah (jj) gave the lion this value.

He says Khalifah - A creature to represent Him. What does Khalifah mean? The one who represents Allah (jj) on earth! - when He says Earth which Earth? Where does it start and where does it end? Allahu Akbarul Akbar. Subhan Allah, Sultan Allah. He says "I have created the Universe". He is to be my Khalifah on earth. Where does Earth start, where does it end? Where is this Khalifah now? Do you know? What do you know? Nothing! Man is proud saying, I know this and that. We know about atoms. We know how an atom joins up with chlorine. We made machines. You don't become "Men" by this. Be ashamed! When you close your eyes can you rise up to the heavens in a blink of time? This is the honor. You aren't given this. Planes, canons that you build can only reach certain heights then they fall back on your head. You can fly a plane but don't think you are driving. Huwa lladhi yusayyirukum fil ard. It is Allah (jj) that flies you.

Allah Allah. How foolish man is. Shaytan teaching Men so much mischief and saying "I'll give you a higher level than angels with this technology." Then what did he do? He turned men into the wildest animal. What did Shaytan teach Men? "I will teach you something that if you drop it on earth it'll kill hundreds. Kill thousands of people, destroy a whole town. I'll teach you this. OK you teach that. Does this grant honor to men? Does men killing men grant honor to men? Be ashamed! Be ashamed! Men killing men does not grant you honor. if there is shaytan or men manifested in Shaytan, destroying Shaytan honors men- If you have any of the power which you claim. Your news headquarters are reporting. Reporting what? Volcano Etna erupted. Bizarre! How much gun powder did they put? What gun powder Sheikh Effendi? A mountain erupts by itself? If it does then all the mountains would do it says Etna Mountain, the one which destroyed

Solom and Pompei in less than a minute; where they were standing turned into stones. By the order of Allah (jj) Pompei was cleaned of all evil acts. Allah (jj) ordered that mountain to erupt and finish them off in seconds. Etna Mountain finished the town of Pompei. In less than a minute, all turned into stone.

Reflect O Man. Be ashamed! What power do you have? What power? When hurricanes hit can you stop them? You wonder where to hide. It snows you wonder where to escape. Rain,everywhere floods.What do you rely on? Where is your technology? Allah (jj) gives to those who don't rely on it. When you spur a horse without wings it can reach east to west with one spur. You forgot Allah. You're in trouble. Turn to Allah (jj) turn and glorify Him. O our Lord, You have created us. We are your servants. Our Lord forgive us. No, you say we brought a rocket and what happened then? Did the rocket make people behave? No can't do. I don't know. They don't know where to escape. Oppressors come and masses of people young and old, they burn alive. This is barbaric, barbaric. Of course they will pay for it. There's no action that won't be punished. All good deeds will get their award. If it is evil it will be punished.

You have forgotten Allah (jj). Now you're in such trouble. Everywhere flooding, huricanes, snow, and blizzards. Man is terrified. They have no food, no water, no shelter. Snow covered them up. Be scared of your Lord. You haven't acknowledged that the Lord appointed you as "Man". You will be whipped. Therefore say "Bismillahir rahmanir rahim.Oh my Lord. Oh most compassionate Sultan. We have endless sins. We seek your forgiveness Oh our Lord, we are nothing. Save us from Shaytans who resemble Men. Send us a Sultan o our Lord. Who's Sultan? One who can reach east to west when he says Bismillahir rahmanir rahim, end blizzards and erupt/halt eruption. When he says Bismillahir rahmanir rahim, Men; Hazret-i Insan.

We do not appreciate the value of Men; waste our time. Oh our Lord forgive us. They don't teach even Basmala. They don't like it. They're proud ones. They don't say Bismillahir rahmanir rahim. Not in parliament, governments, or homes, schools. They don't condescend to say Bismillahir rahmanir rahim. There's an order from heavens, "whip them!" If there is another order, the whole world will flood. No house or place will remain nor Men. Angels follow the order from heavens. Watch your adab! Fear from Allah (jj)' Respect Allah(jj). Remember Allah (jj). Watch your Adab. Bismillahir rahmanir rahim. Let's begin our day with Your beatiful Name. Grant us Don't take away from us the honor of saying Your Name. Those who lose this

honor are no longer "Men". They await salvation from technology. We ask from Your Power. Can he stop? We can stop. If I say Basmala, the rocket will fall over their heads. Will be thrown somewhere else.We are big. We are a superpower! What is your superpower? You fly a plane. He can explode you until not even your ashes will fall on earth. Fear from your Lord! Say Bismillahir rahmanir rahim. You are a big man Is that how they thought you? This is democracy! It pushed you into a hole. You can't get out.You'll drown in it. Wrath is coming. Wrath! If there are 5 billion people,4 goes-1 will be left. Beware of this.

One small piece from this hit the heart of the recently retired Pope and with fear he said, better I don't carry other's burden. They can do what they want but I safely give my soul to my Lord. I will die as a servant to him. Titles to them. Congratulations to one who dared to say it. We have more arguement on this but we have no time now. O our Lord who is "Ya Rabbal Izzatal Azamati wal Jabarut." Allahu Akbar. We are the weak ones. ƒ∞rham dafana, Ya Rabbi. Our Lord we are nothing.For the sake of Muhammad (sas)- for whom You created the universe. Oh our Lord send us a Sultan! Demolish the kingdom of Shaytan. O our Lord send us a Sultan. Shaytan rules the world today, His kingdom. If you send a weak one he will destroy shaytan's kingdom. Send us a Sultan o our Lord. Who is Sultan? When he draws his sword- Bismillahir rahmanir rahim if he directs, east to west no one will have a head. He'll clean up. Wal Azamatu LiLlah. Wal Azamatu wal Kibriya'u Lillah. Allah. Oh our Lord! Forgive us! Tubna wa Rija'na Ilayk. Send us a Sultan our Lord! "Ib'as lana malikan nuqatil fi SabiliLlah" This order is for the Children of Israel. They said to the Prophet of that time - Idh qalu, Li Nabiyyin lahum. ƒ∞srailogullarƒ±na dediler ki Peygamberlerine. "Ib'as lana malikan nuqatil fi Sabilillah." Jews are also confused. They have no Sultan, have gone crazy. They are crazy for democracy They are servant's of Shaytan. Your Lord is ordering you to seek a King. They said to their Prophet, Ib'as lana malikan nuqatil fi SabiliLlah. Who is here now? Israil is lying. Arabs lying. Turkish also. Christians are confused. "The Pope left! What are we going to do?" Ask him! Ask if this Pontif is from Heavens or the cardinals elected him? What is this? Council Assembly? What is this? Are you selecting a councillor? What does 'pontif' mean? Pope? They say "His Holiness". Y√ºceliƒüi bu kadar senedir kendinde g√∂remediƒüi i√ßin Papa. The Pope said, " I changed my mind. I don't want these dresses. I want my Lord. I want to follow the path of Prophets. I want to be a servant to my Lord. I mustn't believe in cheers of crowds. They cannot save me! That's the

right thinking. He said "I give up this world's belongings, the highest rank of the Catholic World. I had no pleasure, no spiritual satisfaction! I saw the world. I couldn't enter the spiritual world. I don't need this. I give up. May my Lord forgive me"

He said: "Adio." Let me go. There are plenty of cardinals. Cardinal etc these are fake titles. Don't believe them. Cardinal? Did Isa (as) have a cardinal? Were they Isa's (as) cardinals? The Apostles - Were the apostles of Isa (as) cardinals ? Were these apostles, each one of the apostles, taken up to the Heavens? St Paul, St George, Saint this etc etc How clever were they? They asked the great Prophet, Isa (as). Where are their brains? What is your Lord saying? Your Lord. Who is your Lord? Shaytan!. How can you dare to say to him, can Your Lord bring down food from heavens? Do you think heaven is a restaurant? Is it a cafeteria? What is this? They are mentally limited. They built a church for each one. One higher than the other... They adorned each one with jewels. Sainthood is not with jewels. Where are their brains They said "Your Lord". The Apostles were the closest 12 people and they said bring us food from heavens! Astaghfirullah. What logic? What, Who provides the sustenance for all? Does He not send from heavens? O Isa (as) say - "Hal yastati'u Rabbuka an yunazzila alayna ma'idatan mina s sama." Your Lord says: 12 Apostles and look what they are saying: "Your Lord". They couldn't say "Our Lord." Our Lord sends down food. Is there a cafeteria up there? Is there a restaurant up there? Is the food on earth not enough for your nafs so you ask from heavens? If you had strong faith they would call you up there. He would offer you a feast up there not send food from heavens. No brain! The essence of it all the Pope grasped one bit and .... Pontif Authority person who is saying "I give up" There is no solution. We didn't understand, couldn't make others do so. No need for me to carry this eartly job. I don't want it. I want my title from heavens. Someone asked, I guess from the awliya of the time, a holy one asked the Pontif of the time. Asked what? Is Isa (as) a prophet or God or son of God? Some said that he is God. Some said he is the son of God. Some said the latter. OK said the Islamic 'alimi. OK said the holy one. Where was ƒ∞sa (as) before he came to the Earth? In the Heavens? Heavens? Heavens. Who was ? Ab, Ibn, Ruhul Qudus; Holy Spirit. Three? Isn't it? You call ƒ∞sa (as) Ibnulllah-Son of God. If you call him Ibnullah Allah Dhul Jalal Ab - the Father. Allahu Dhul Jalal.

You call him son of God. If he is son of God, did God send His son so people could put him on a cross? Explain this!What kind of father would send his son to non believers so they could kill

him on a cross? Does this make any sense? Is there any logic in this? He watched them kill His son ? Shame on you! Those people answered? No answer, no answer! If he is Ibnullah in the heavens. Did He send his Son to be killed on a cross? Shame on those not understanding Christianity. Pope said "I understand! and gave up. Whoever wants can answer this! We're Muslims. I'm asking - if Isa (as) is Ibnullah (son of God), Allah (jj) sent His son to be killed on a cross? Shame on you! This is no religion. This is a lie. That's what the last Pope realised. His Holiness, said "I give up" Because we have no answer. Allah(jj) Ab,- Father Son - ƒ∞bn, Ruhul Qudus (Holy Spirit). In the heavens, God sent His son to be killed? What logic? Oh Islamic Ulama why don't you speak up? Oh Ulama why are you not asking? I want an answer! If Ibnullah-son, did God send him to die on a cross? What a lie? What kind of religion? "Inna d dina Ind'Allahil Islam". Religion in the sight of Allah (jj) is Islam. May Allah (jj) forgive us. Let's say Bismillahir rahmanir rahim. Oh our Lord, forgive us! Don't leave us to our bad nafs! His Holiness considered so much. He also taked to me.I have told him a few things which he keeps secret. Oh our Lord, forgive us. Astaghfirullah. Let's say Bismillahir rahmanir rahim, if not saying you sink into lies. Oh our Lord send us The Sultan to save Men. Shaytan is ruling Men. Shame. Curse Shaytan and those follow him! Forgive us, forgive us Astaghfirullah. Good tidings to reach the Kingdom of Islam. Shame to Turks, Persians, Arabs! They're not declaring the honor of Rasullullah (sas). They still say democracy. We seek the Sultan. Ib'athlana Malikan. Fatiha.

**Das denkende Tier**

---

Dastur. O unser Herr, Hamd und Sana Dir. Du brachtest uns ins Leben. Heute ist Freitag. Yawmu Jumu`a. Heute ist der geehrteste Tag auf Erden und in den Himmeln. Dastur ya Rijalallah, die von Ihm geehrten, die die Rasulullah folgen Schritt für Schritt, die Heiligen, die bezeugen, daß wir Muslime sind, weil Allah (jj) sagte: "Inna d-Dina `inda Allahi l-Islam." Sagt Bismillahi r-Rahmani r-Rahim. O jene, die zuhören! Hört und lernt! Und gewinnt Ehre! Jemand, der sich selbst nicht kennt, ist ein Tier. Heute Morgen, von der Barakah des heiligen Freitags,

sprechen wir ein paar Worte, die uns eingegeben wurden. Wir haben keinen Anspruch, ein Wissender zu sein. Allah Subhanahu wa Ta`ala sagt: "Wa Dhakkir fa inna dh-Dhikra Tanfaul Mu'minin." O Mein Geliebter, "Wa Dhakkir" - Erinnere. Das ist das Wort. Er sagte nicht "Wadhkur", sondern "Wa Dhakkir" - Erinnere sie. "Fa inna dh-Dhikra", weil im Erinnern ist Nutzen für die Muslime. Wa Dhakkir. O Mein Geliebter, um dessen willen, für den Ich das Universum erschuf, o Mein geliebter Muhammad Mustafa (saws)! Du bist Analphabet, Analphabet. Dein Wissen, Er sagt "`Allama min Jibril". Was Jibril dir mitgeteilt hat und auch was Allah (jj) mitteilte: O Mein geliebter Muhammad Mustafa (saws), Wa Dhkur, fa inna dh-Dhikra Tanfaul Mu'minin. Erinnere. Wenn Er sagt 'Erinnere', ist Wissen im Erinnern. Du kannst kein Erinnern für nichts haben. Was gibt es zu erinnern?
Dieses Sohbat sind unsere Worte. Wenn ihr wollt, nehmt es an, wenn nicht, dann nicht. Wenn ihr es nicht mögt, laßt es. Ihr bezahlt nichts. Wir werden bezahlt! Wenn das, was wir sagen, gut ist, werden wir belohnt. Wenn nicht, dann werden wir verflucht. Wenn jemand spricht, muß er es mit Ausgewogenheit tun. Wenn du ohne Ausgewogenheit sprichst, verlierst du. Dies ist ein Sohbat. Niemand weiß, wo das Sohbat endet. Für jeden Tag gibt es ein anderes Sohbat. Es lehrt die Menschen ihre eigenen Eigenschaften - Wer bist du? Wir fragen. Die Menschen folgen vielen verschiedenen Religionen, manche folgen, manche nicht. Manche haben Dinge, die sinnvoll sind, andere folgen Dingen, die überhaupt keinen Sinn ergeben, Unsinn. Manche nehmen Steine, manche nehmen Diamanten. Was nun Steine betrifft, kannst du Steine auf einer Goldwaage wiegen? O Dummköpfe, Betrunkene, o jene, die ihr Gehirn nicht benutzen, denkt nach! "Wa Dhakkir". Denkt nach! Was ist darin eingeschlossen? Dies ist ein Sohbat. Du kannst die Tür des Sohbats nicht ohne Erlaubnis öffnen. Du kannst sie nicht öffnen. Wenn du zur Tür kommst, 'Wenn du zur Tür kommst, bitte um Erlaubnis.' Tritt nicht ein ohne Erlaubnis. Das ist kein Spiel. Ihr werdet den Gerichtshof des Herrn betreten. Ihr müßt Seinen Gerichtshof mit Adab betreten. Wenn ihr in die Gegenwart eines Königs oder einer Königin eintretet, müßt ihr der Etikette folgen. In die Gegenwart eines Sultans einzutreten, ist nicht dasselbe, wie ein Cafe zu betreten.

Was für eine Göttliche Sorgfalt. Er sagt, jeder sollte seinen Rang kennen. Allah (jj). Jeder sollte Adab lernen. Du wirst bewertet mit dem, mit dem du dich verbindest. Stein kann nicht in einem

Juwelierladen gewogen werden. Er kann nicht gewogen werden, weil Stein gewöhnlich unter den Füßen vorhanden ist.. Aber in einem Juwelierladen gibt es hoch sensible Waagen. Mit so einer Waage kannst du einen Stein bewerten, abhängig von seiner Größe, Farbe, den Abmessungen. Du kannst seinen Wert bestimmen. Deshalb haben wir Sohbat. Was ist der Adab davon? Er ist Bismillahi r-Rahmani r-Rahim, die Basmala zu erklären und aufzustehen. Unser Herr, für Dich stehen wir auf. Du bist der Schöpfer, Derjenige, Der uns Leben gibt, Derjenige, Der uns lehrt. Derjenige, Der uns mit der Ehre der Menschheit schmückt. Erinnern wir Deinen Namen: Anta Rabbun Jalil. Rabbun Jalil. Allahu Akbar. Deshalb sagen wir "Jalla Jalaluhu", wenn wir Allahs Namen sagen. Jallat Azamatahu. Wa la ilaha Ghayruhu. Der Rang der Erinnerung. Das ist das Minimum, Seinen Namen zu erinnern. Nun, den Sultan grüßt du nicht auf dieselbe Weise wie den Stellvertreter. Der Rang des Sultans ist der höchste. Alle anderen sind unter ihm.
Unter allen Geschöpfen, die Allah geschaffen hat, gebührt die Ehre dem Menschen. Allah (jj) sagte, Bismillahi r-Rahmani r-Rahim, "Wa Laqad Karramna Bani Adam." - Wir haben die Kinder Adams geehrt. Ilahi Takrim, Ikrami. Allah (jj) ehrte die Menschheit. Er hat kein anderes Geschöpf geehrt, weder die in den Himmeln, noch jene unter ihnen. Nur die Menschheit hat diese Ehre. Allahu Akbar. Wer sind wir? Ihr müßt das lernen. Wie erziehen diese Tiere die Menschen jetzt? Redende Tiere, das ist die Beschreibung der Menschheit jetzt. Sprechende Tiere, redende Tiere. Ein Tier, das spricht, hat keine andere Ehre. Das zeigt die Verstehensstufe der heutigen Menschen. Was ist die Menschheit? Redende Tiere, masha'Allah. Allah (jj) sagt, Jalla wa `Ala, "Inni Jailun fi l-Ardi Khalifah" - Ich setze einen Vertreter auf der Erde ein. "Idh Qala Rabbuka li l-Malaikati" - Allah (jj) wendet sich an die Engel. Das ist Ehre für die Engel. Er spricht sie an. "Inni Jailun fi l-Ardi Khalifah" - Ich setze einen Vertreter auf der Erde ein, einen Khalifa, der Mich auf der Erde vertritt, um Mich im Universum zu vertreten. Weil niemand Mich vertreten kann, diesen hohen Rang, diese Krone setze Ich dem auf, den Ich erschaffen werde. Allahu Akbar. Allahu Akbaru l-Akbar.
O zweibeiniges Geschöpf, denke nach! Alles hat einen Wert. Wenn du in den Zoo gehst, gibt es dort so viele Tiere. Eins hat einen Wert und das andere auch. Der Löwe hat einen anderen Wert. Das bedeutet, die Tiere im Zoo sind gar nicht auf derselben Stufe. Sie nennen den Löwen den König des Dschungels. Wenn der Löwe brüllt, bleiben alle Tiere still. Warum? Allah (jj) bekleidete ihn mit Majestät. Es gibt kein Geschöpf, das ihn nicht fürchtet. Allah (jj) gab dem

Löwen diesen Wert. Er sagt Khalifah - Ein Geschöpf, um Ihn zu vertreten. Was bedeutet Khalifah? Der eine, der Allah (jj) auf Erden vertritt. Wenn Er sagt 'Erde', welche Erde? Wo beginnt sie und wo endet sie? Allahu Akbaru l-Akbar. Subhanallah, Sultanallah. Er sagt: 'Ich habe das Universum geschaffen. Er soll Mein Khalifah auf Erden sein.' Wo beginnt die Erde, wo endet sie? Wo ist dieser Khalifah jetzt? Wißt ihr das? Was wißt ihr? Nichts. Der Mensch ist stolz und sagt, 'Ich weiß dies und das'. Wir wissen von Atomen. Wir wissen, wie ein Atom sich mit Chlor verbindet. Wir machten Maschinen. Ihr werdet nicht 'Mensch' dadurch. Schämt euch!

Wenn ihr die Augen schließt, könnt ihr zu den Himmeln aufsteigen in einem Augenblick? Das ist die Ehre. Euch wurde das nicht gegeben. Flugzeuge, Kanonen, die ihr gebaut habt, können nur bestimmte Höhen erreichen, dann fallen sie zurück auf eueren Kopf. Ihr könnt ein Flugzeug fliegen, aber glaubt nicht, daß ihr steuert. "Huwa Lladhi Yusayyirukum fi l-Ard." Es ist Allah (jj), Der euch fliegt. Allah Allah.
Wie dumm der Mensch ist. Shaytan lehrt die Menschen so viel Unsinn und sagt: Ich gebe euch eine höhere Stufe als die Engel mit dieser Technologie. Und was machte er dann? Er machte die Menschen zu den wildesten Tieren. Was lehrte Shaytan die Menschen? 'Ich lehre euch etwas, das, wenn ihr es auf die Erde fallen laßt, Hunderte tötet. Es tötet Hunderte von Leuten, zerstört eine ganze Stadt. Ich lehre euch das.' Okay, du lehre das. Gibt das dem Menschen Ehre? Gibt das Menschen-töten-Menschen den Menschen Ehre? Schämt euch! Schämt euch! Menschen-töten-Menschen gibt euch keine Ehre. Ob nun Shaytan oder Menschen sich in Shaytan manifestieren, Shaytan zu vernichten, ehrt die Menschen, wenn ihr auch nur etwas von der Macht habt, die ihr behauptet. Euere Nachrichtenzentralen berichten. Berichten was? Der Vulkan Ätna ist ausgebrochen. Bizarr! Wieviel Schießpulver taten sie hinein? Was für Schießpulver, Shaykh Effendi? Ein Berg bricht von selbst aus? Wenn das stimmt, dann würden das alle Berge tun, sagt der Ätna Berg, der, welcher Solom und Pompei in weniger als einer Minute zerstörte. Wo sie standen wurde alles zu Stein. Durch den Befehl Allahs (jj) wurde Pompei von allen bösen Taten gereinigt. Allah (jj) befahl, daß der Berg ausbrechen und sie in Sekunden erledigen solle. Der Ätna Berg erledigte die Stadt Pompei In weniger als einer Minute wurde alles zu Stein.
Denke nach, o Mensch. Schäme dich. Welche Macht hast du? Welche Macht? Wenn Hurrikane eintreffen, könnt ihr sie aufhalten? Ihr fragt euch, wo ihr euch verstecken könnt. Es schneit, und

ihr fragt euch, wohin ihr entkommen könnt. Regen, überall Überflutungen. Auf was verlaßt ihr euch? Wo ist euere Technologie? Allah (jj) gibt denen, die sich nicht darauf verlassen. Wenn ihr ein Pferd ohne Flügel anspornt, kann es von Ost nach West gelangen mit einem Ansporn. Ihr habt Allah vergessen. Ihr seid in Schwierigkeiten. Wendet euch Allah (jj) zu und preist Ihn. Unser Herr, Du hast uns erschaffen. Wir sind Deine Diener. Unser Herr, vergib uns. Nein, ihr sagt, wir brachten eine Rakete. Und was geschah dann? Brachte die Rakete die Menschen zum Gehorsam? Nein, das kann sie nicht. Ich weiß nicht. Sie wissen nicht, wohin zu entkommen. Unterdrücker kommen, und Massen von Leuten, Junge und Alte, verbrennen bei lebendigem Leib. Das ist barbarisch, barbarisch. Natürlich werden sie dafür bezahlen. Es gibt keine Tat, die nicht bestraft wird. Alle guten Taten bekommen ihren Lohn. Wenn es böse ist, wird es bestraft. Ihr habt Allah (jj) vergessen. Jetzt steckt ihr in solchen Schwierigkeiten. Überall Überflutungen, Hurrikane, Schnee und Schneestürme. Der Mensch ist in Angst und Schrecken. Es gibt keine Nahrung, kein Wasser, keine Unterkunft. Schnee bedeckt sie. Fürchtet eueren Herrn. Ihr habt nicht anerkannt, daß der Herr euch als Menschen eingesetzt hat. Ihr werdet die Peitsche kosten. Deshalb sagt Bismillahi r-Rahmani r-Rahim.

O mein Herr, o höchst barmherziger Sultan, wir haben endlose Sünden. Wir suchen Deine Vergebung. O unser Herr, wir sind nichts. Rette uns von Shaytanen, die Menschen ähneln. Sende uns einen Sultan, o unser Herr. Wer ist Sultan? Einer, der von Ost nach West reichen kann. Wenn er sagt Bismillahi r-Rahmani r-Rahim, enden Schneestürme und Ausbrüche hören auf. Wenn er sagt Bismillahi r-Rahmani r-Rahim, Menschen, Hazet-i Insan. Wir würdigen den Wert des Menschen nicht, verschwenden unsere Zeit. Unser Herr, vergib uns. Sie lehren nicht einmal das Basmala. Sie mögen es nicht. Sie sind stolz. Sie sagen nicht Bismillahi r-Rahmani r-Rahim, nicht im Parlament, in den Regierungen oder Häusern, Schulen. Sie lassen sich nicht herab, Bismillahi r-Rahmani r-Rahim zu sagen. Es gibt einen Befehl von den Himmeln: Peitscht sie! Wenn noch ein Befehl kommt, wird die ganze Welt überfluten. Kein Haus oder Ort, noch Menschen werden übrig bleiben. Die Engel befolgen den Befehl von den Himmeln. Achtet auf eueren Adab. Fürchtet Allah (jj), respektiert Allah (jj). Erinnert Allah (jj). Achtet auf eueren Adab.
Bismillahi r-Rahmani r-Rahim. Beginnen wir unseren Tag mit Deinem schönen Namen.

Gewähre uns, nimm uns nicht die Ehre, Deinen Namen zu sagen. Die, die diese Ehre verlieren, sind keine Menschen mehr. Sie erwarten die Rettung von der Technologie. Wir erbitten Deine Macht. Kann er aufhalten? Wir können aufhalten. Wenn ich die Basmala sage, wird die Rakete auf ihre Köpfe fallen, wird woandershin geworfen. 'Wir sind groß. Wir sind eine Supermacht!' Was ist euere Supermacht? Ihr fliegt ein Flugzeug. Er kann euch explodieren lassen, bis nicht einmal euere Asche auf die Erde fällt. Fürchtet eueren Herrn! Sagt Bismillahi r-Rahmani r-Rahim. Du bist ein großer Mann. Ist das, wie sie dich gedacht haben? Das ist Demokratie! Sie stieß euch in ein Loch. Ihr könnt nicht herauskommen. Ihr werdet darin ertrinken. Zorn kommt. Zorn! Wenn es 5 Billionen Menschen gibt, 4 gehen, eine wird bleiben. Hütet euch davor. Ein kleines Stück davon traf das Herz des kürzlich zurückgetretenen Papstes und mit Furcht sagte er: Besser, ich trage nicht die Lasten anderer. Sie können tun, was sie wollen, aber ich gebe meine Seele in Sicherheit bei meinem Herrn. Ich werde als Sein Diener sterben. Titel für sie. Glückwunsch dem, der sich traute, das zu sagen. Wir haben mehr Argumente dazu, aber wir haben jetzt keine Zeit.

Unser Herr, der ist "Ya Rabba l-Izzata l-Azamati wa l-Jabarut". Allahu Akbar. Wir sind schwach. Irham Dafana, ya Rabbi. Unser Herr, wir sind nichts. Um Muhammads (saws) willen, für den Du das Universum erschaffen hast. O unser Herr, sende uns einen Sultan! Reiße das Königreich Shaytans nieder. Unser Herr, sende uns einen Sultan. Shaytan regiert die Welt heute, sein Königreich. Wenn ihr einen Schwachen sendet, wird er Shaytans Königreich zerstören. Sende uns einen Sultan, o unser Herr. Wer ist der Sultan? Wenn er sein Schwert zieht: Bismillahi r-Rahmani r-Rahim, wenn er es führt, wird in Ost und West niemand mehr einen Kopf haben. Er wird aufräumen. Wa l-Azamatu Lillah. Wa l-Azamatu wa l-Kibriya'u Lillah. Allah. Unser Herr, vergib uns! Tubna wa Rija'na ilayk. Sende uns einen Sultan, unser Herr! "Ib'as lana Malikan Nuqatil fi Sabilillah". Dieser Befehl ist für die Kinder Israels. Sie sagten zu dem Propheten jener Zeit, "Idh Qalu Li Nabiyyin lahum." Die Israeliten sagten zu ihrem Propheten. "Ib'as lana Malikan Nuqatil fi Sabilillah." Die Juden sind auch verwirrt. Sie haben keinen Sultan, sind verrückt geworden. Sie sind verrückt nach der Demokratie. Sie sind Diener Shaytans. Euer Herr befiehlt euch, einen König zu suchen. Sie sagten zu ihrem Propheten: Ib'as lana Malikan Nuqatil fi Sabilillah. Wer ist jetzt hier? Israel lügt. Die Araber lügen. Die Türken auch.

Die Christen sind verwirrt. 'Der Papst ist gegangen! Was sollen wir tun?' Fragt ihn! Fragt, ob

dieser Papst von den Himmeln ist oder die Kardinale ihn wählten. Was ist das? Konzilstreffen? Was ist das? Wählt ihr einen Kanzler? Was bedeutet 'Pontif'? Papst? Sie sagen 'Seine Heiligkeit'. Seit Jahren kann der Papst die Herrlichkeit bei sich selbst nicht sehen. Der Papst sagte, 'Ich habe es mir anders überlegt. Ich will diese Gewänder nicht. Ich will meinen Herrn. Ich will dem Weg der Propheten folgen. Ich will ein Diener meines Herrn sein. Ich darf nicht an den Jubel der Massen glauben. Sie können mich nicht retten!' Das ist das richtige Denken. Er sagte, 'Ich gebe die Besitztümer dieser Welt auf, den höchsten Rang der katholischen Welt. Es gab mir kein Vergnügen, keine geistige Befriedigung! Ich sah die Welt. Ich konnte nicht in die geistige Welt eindringen. Ich brauche das nicht. Ich gebe auf. Möge mein Herr mir vergeben.' Er sagte 'Adio, laßt mich gehen. Es gibt eine Menge Kardinäle.' Kardinal etc., dies sind falsche Titel. Glaubt nicht an sie. Kardinal? Hatte Isa (as) einen Kardinal? Waren sie Isas (as) Kardinäle, die Apostel, waren die Apostel Isas (as) Kardinäle?

Wurden diese Apostel, jeder von ihnen, in die Himmel erhoben? St. Paul, St. Georg, Sankt dies und das.. Wie klug waren sie? Sie baten den großen Propheten Isa (as) -Wo ist ihr Gehirn? Was sagt euer Herr? Euer Herr. Wer ist euer Herr? Shaytan! Wie könnt ihr es wagen, zu ihm zu sagen: 'Kann dein Herr uns von den Himmeln Essen herabbringen?' Glaubt ihr der Himmel ist ein Restaurant? Ist es eine Cafeteria? Was ist das? Sie sind geistig beschränkt. Sie bauten eine Kirche für jeden von ihnen, eine höher als die andere. Sie schmückten jede mit Juwelen. Heiligkeit hat nichts mit Juwelen zu tun. Wo ist ihr Gehirn? Sie sagten 'Dein Herr'. Die Apostel waren die 12 nächsten Menschen, und sie sagten: Bring uns Essen von den Himmeln! Astaghfirullah. Welche Logik? Was? Der, Der für den Unterhalt aller sorgt, schickt Er nicht von den Himmeln? O Isa (as), sagten sie, "Hal Yastati`u Rabbuka an Yunazzila `alayna Ma'idatan mina s-Sama"? Euer Herr sagt: 12 Apostel und seht, was sie sagen: 'Dein Herr'. Sie konnten nicht sagen: 'Unser Herr'. Unser Herr sendet Nahrung herab. Gibt es eine Cafeteria dort oben? Ist ein Restaurant da oben? Ist das Essen auf der Erde nicht genug für euer Nafs, so daß ihr es von den Himmeln verlangt? Hättet ihr starken Glauben, würden sie euch nach dort oben rufen. Er würde euch ein Festmahl anbieten dort oben, nicht von den Himmeln Essen senden. Kein Gehirn!

Von der Essenz des Ganzen verstand der Papst ein wenig und.. die päpstliche Autoritätsperson, die sagt: 'Ich gebe auf, es gibt keine Lösung. Wir haben nicht verstanden, konnten andere nicht verstehen lassen. Nicht nötig für mich, diesen irdischen Job zu tragen. Ich will es nicht. Ich will

meinen Titel von den Himmeln.' Jemand fragte, ich nehme an von den Awliya der Zeit, ein Heiliger fragte den Pontif der Zeit. Fragte was? Ist Isa (as) ein Prophet oder Gott oder der Sohn Gottes? Manche sagten, er sei Gott. Manche sagten, er sei der Sohn Gottes. Manche sagten das letztere. Okay, sagte der islamische `Alim. Okay, sagte der Heilige. Wo war Isa (as), bevor er auf die Erde kam? In den Himmeln? In den Himmeln? Himmel. Wer war..? Ab, Ibn Ruhu l-Qudus, der Heilige Geist, drei, nicht wahr? Ihr nennt Isa (as) den Sohn Gottes, Ibnullah. Wenn ihr ihn Ibnullah nennt, Allahu Dhu l-Jalal ist Ab, der Vater, Allahu Dhu l-Jalal. Ihr nennt ihn den Sohn Gottes. Wenn er der Sohn Gottes ist, sandte Gott Seinen Sohn, damit die Menschen ihn ans Kreuz nageln konnten? Erklärt das! Was für ein Vater würde seinen Sohn den Ungläubigen senden, damit sie ihn an einem Kreuz töten könnten? Hat das einen Sinn? Gibt es eine Logik darin? Er sah ihnen zu, wie sie Seinen Sohn töteten? Schande auf euch! Diese Leute antworteten? Keine Antwort, keine Antwort! Wenn er Ibnullah ist in den Himmeln, sandte Er Seinen Sohn, um am Kreuz getötet zu werden?

Schande auf jene, die das Christentum nicht verstehen. Der Papst sagte, 'Ich verstehe!', und gab auf. Wer immer will, kann das beantworten. Wir sind Muslime. Ich frage, wenn Isa (as) der Sohn Gottes ist, sandte Allah (jj) Seinen Sohn, um an einem Kreuz getötet zu werden? Das ist keine Religion. Das ist eine Lüge. Das ist, was der letzte Papst merkte. Seine Heiligkeit sagte, 'Ich gebe auf', weil wir keine Antwort haben. Allah (jj), Ab - der Vater, Sohn - Ibn, Ruhu l-Qudus - der Heilige Geist. In den Himmeln sandte Gott Seinen Sohn, um getötet zu werden? Was für eine Logik? O islamische Ulama, warum erhebt ihr nicht die Stimme? O Ulama, warum fragt ihr nicht? Ich will eine Antwort. Ob Gott Ibnullah, den Sohn, sandte, damit er am Kreuz starb? Was für eine Lüge. Was für eine Religion! "Inna d-Dina `inda Allahi l-Islam". Die Religion aus der Sicht Allahs (jj) ist Islam. Möge Allah (jj) uns vergeben. Sagen wir, Bismillahi r-Rahmani r-Rahim. O unser Herr, vergib uns! Überlasse uns nicht unserem schlechten Nafs! Seine Heiligkeit überlegte so viel. Er sprach auch mit mir. Ich sagte ihm ein paar Dinge, die er geheim hielt. O unser Herr, vergib uns. Astaghfirullah. Sagen wir Bismillahi r-Rahmani r-Rahim. Wenn ihr es nicht sagt, versinkt ihr in Lügen. O unser Herr, sende uns den Sultan, um die Menschen zu retten. Shaytan beherrscht die Menschen. Schande. Verflucht Shaytan und die, die ihm folgen! Vergib uns, vergib uns. Astaghfirullah. Gute Nachrichten, das Königreich des Islam zu erreichen. Schande auf Türken, Perser, Araber! Sie erklären nicht die Ehre Rasulullahs (saws). Sie sagen

immer noch 'Demokratie'. Wir suchen den Sultan. Ib'as lana Malika. Fatiha.

## Thinking Opens Locked Doors

(Mawlana stands)

Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam. Thousands and thousands of salutes, praisings and glory for the most beloved, honored and glorified one in Allah's Divine Presence, Sayyidina Muhammad (s). We are asking your intercession, O Rasulullah (s). Dastoor, O our master, Master of this world. We are weak servants. We are asking support for addressing whole nations of Mankind from east to west. O my Grandshaykh, master of this planet, may Allah give you much more honor, glory and power!

As-salaamu `alaykum, O Mankind, whole human nature, from east to west , north to south. Listen and obey, you should reach your targets here and Hereafter. You should be honored and enlightened if you are obeying holy rules of heavens. We are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem, that is making people on wrong way to live in a true way, running from Shaytan to our Lord. We are saying bismillahi 'r-Rahmaani 'r-Raheem, that is our sword against evil and devils.

(Mawlana sits)

O Mawla, O Mawla! This is an association. Whole prophets coming with heavenly messages and they were sitting with people to give heavenly messages to them. Who is accepting, just granted honor from heavens. O People! Ask heavenly honor, that is good for you. That is best for us. You must understand. Think on it. Nothing from this world and its targets will give you an honor, nor a satisfaction through your minds and your hearts. You can only find satisfaction and peace from your Lord who created you. He created all! He is the Only Creator; there can't be another.

Therefore, O people, give some time through 24 hours for thinking about yourself, about your position on this planet. Give some minutes for thinking about that, because thinking opens locked doors or closed doors and only thinking opens them. If you are doing that, given 24 hours to you, then give only five minutes for Him Almighty. Don't say you are not finding time; you may be liar. No, at least for five minutes say, "O my Lord, You are with me, O our Lord, You are with us. You are in our real being. You are giving real being to ourselves. If You are not giving, we can't reach to be in existence. You are the only One Who is granting us to be in existence. O my Lord, O my Lord, O my Lord, You are looking to us, but we cannot look to You." Say this. It is going to be granted like this hair (Mawlana displays a hair on his beard), a ray, heavenly light as (fine as) our hair running to your real being.

What do you mean to say "real being"? If you are thinking, you can find it. But as long as you are not thinking, you can't find your real being. If you are wasting your whole life with your imitated being, how can you understand your real being? You may be through the womb of your mum three forty-days (120 days) and it is nothing, nothing! No life on it. After three forty-day (periods), a heavenly order is coming from your Creator to the angel, and that is only for you, through your whole life, where you are living your life and where you are going to be on the Day of Resurrection. That one who is representing your Lord has been ordered to take from the spiritual world the soul or spirit of the one who is now in his or in her mum's womb. (Allah commands) "Send that soul to reach to that physical being; now it is okay, live there." Because time is over and that new creation is going to come and complete his life and his days in this world; coming at that moment the heart is beginning to pump, which means that life is coming from the Heavens. Think on it!

O learned people. O professors, O PhD doctors, think on it! If you say anyone just catching that moment the heart of that new creation beginning to work, say to me! No one (can make this true)! It is impossible to understand or to know the moment that that heavenly power is coming. That means our real being's connection from the heavens is reaching to our new creation through our mums' wombs. It is beginning to pump. What do you know, doctors? Do you know that pump, that time; can you catch it? Never. Up to today, no one knowing the secret. That is a heavenly secret and it is impossible to open to people. You are only looking and suddenly the heart beginning...thump, thump, thump, thump, thump. Who is making this? How you are denying the Creator? What is that foolishness? What is that drunkenness? Why you are not moving to that One Who created you through your mum's womb? Is it not a blame for those people to say (there is) no God, no Creator? The biggest blame for them! How are they saying this? Where are their proofs? No proofs, but they are taking Shaytan to be their master!

Our real being is beginning to appear through our mums' wombs and that power is growing. And when the time coming, the Lord of Creation ordering that new creation to come out. Enough. That is your limited being through that womb. Now you come out by holy order. The new(born) one always coming out from mum's womb in sajdah, bowing. You can't find any baby coming like this (face up); always coming in sajdah, bowing to the Lord of Heavens! O People! Therefore we are in need, time by time, to get a connection with our real being. This body is not our real being. If it was our real being then it can't be through the wombs of our mums. If it was our real being, can't be on this Earth, no! That means everyday we are changing, and each day our appearance is changing.

(Mawlana mimics)

"Oh, this photograph."

"Who is that one"?

"That is Dr. Saleem, child photo."

"Now, where is he, that one with a long, white beard. He is now going down. Where is his real being"?

Everything that is changing is not real; thaabit, what is firm and fixed, that is our real being. It is never accepting a change. Our soul is through the heavens and our soul is never changing. Our real being is through the heavens and we have been ordered now through all prophets that we must try to be in contact with our real being through the Heavens. Therefore, the Lord of Heavens is sending His deputies, His prophets, to teach people or make a declaration, “O People! The being that you are through this life is not your real being. If it was your real being, you would not change from childhood to young ones, middle age, then to old age and then leave your being and disappear, because real things can’t disappear!"

Reality is never going to disappear; it is from pre-Eternal up to Eternal. That is very important. Therefore, all prophets were urging their followers to think about their real being. A person may ask, "What is my reality, my real being? Childhood, was that my real being? Or when I was young, was that my real being? Or when I am getting weak and I am an old person? Was that my real being?" Real being is one only, but through your life that going to be changed. And no one can say, "My real reality was when I was born or when I was in childhood or when I reached to maturity, or when I reached middle of my life. Or when I was getting to be 90 years of age, I was reaching my real being." You can’t say.

Now everything is changing but reality is never going to change. Reality is from pre-Eternal up to Eternal. Therefore, prophets saying, "O People, think on this point, think on your real being." Where were you before, a hundred years ago? You are saying, “We were nothing,” and if saying that, then how did it happen that you were granted to be seen through this life as something? That means you are not in your real being here. Your real being is in the Divine Presence through His endless Life Oceans. Your souls are there (Mawlana raises hands) in never-ending, Enlightened Oceans through endless dominions of the Lord of Heavens.

This point, think on it.When you are thinking, an opening coming to you that you can’t imagine; so many things coming. That’s why Prophet (s) said, "Taffakur as-sa`at khayrun min `ibaadati saba`een sannah - an hour of reflection is better than 70 years of worship." To think on such a position even for one hour makes you to ask your real being to not think (be distracted), “What I am doing tonight? Where I am going

tomorrow? What I am going to make for the New Year? What new-fashion car (do I want) for 2010?" You are not thinking like this? You are going to be like a cock (rooster). They are saying, "A hungry hen dreams that it is at a grain depot." It is common people's saying. It is hungry and dreaming that it is in a big warehouse, full of grain. Therefore, all people are dreaming, thinking for what?

(Mawlana mimics a husband and wife in conversation)

"O my darling! O my darling! Just coming nearer New Year, 2010! I think we must change our cars. It is the new fashion."

"Yes, O my darling, I am thinking on it, but you are in such a hurry to remind me, I was thinking for my possibility through this economical crisis. Instead of buying a new car, what about painting blue car into a red car and people may say that our neighbors just bought a new-fashion car?"

"It looks like a new fashion, but I am looking that only its painting changed."

Yes, because it is important for us to think that something we are having and we can't reach, we must use some tricks that people will say, "Well, our neighbors just bought a new car, a red one," and if coming to look closer, saying, "It is the same car."

People now they are thinking in such a way. We are losing! Whole nations, whole people are thinking only for their imitated beings through this temporary life. No one is asking to look forward or further to see what we were before, and what we should be. To think on it trains people. It is a very big heavenly wisdom spoken by prophets, to wake up people for their future, for their end when they are leaving this life. That gives a power to our souls. To look at our beginning and ask, "What I was then, how I was at the beginning? Who is making me to grow up to be a young one, and who is that One, to make me when I was young into an old one? At the beginning my bodily power, my physical power was in such a way and now, Who is making it to be less and less and finishing my physical power, controlling my being here?" (Thinking like) that gives power and you must understand.

Every heavenly message giving to people a message for thinking. We are only making an explanation for understanding something in order to ask people, "Who was I and now what is my identity?" If you are saying "my identity is this, maybe," where is my identity now? Just changed my identity now. How can that be? How many identities I am carrying through one life? To make them think that there is a real identity for everyone; it is protected through heavenly oceans of life that is only appearing through the physical being by the order of the Creator, "Go and be a man, or be a woman!" That opens for people such a horizon to make them to know so many things, and also to be in such pleasure through themselves. They are not going to be hopeless (thinking), "The calendar finishing and that means my life is finishing." No, never! Life never finishing, because you have a real being in the ocean through your Lord's Presence; a heavenly being through heavens.

Don’t be hopeless, but try to open the door of realities, to know realities. Don’t waste your life for useless purposes. It is sorry for a person to waste his life for nonsense. It is a short period but it is enough to collect your understanding and your whole power. Tafakkur, thinking, gives you much power, also endless hope, endless happiness and endless pleasure. We are saying, "If I am dying, no worry because I am reaching to my real being." Don’t think that anything can be in existence without having a real being, even ants.

May Allah forgive us, and grant us to understand. That understanding only coming through heavenly ways open to prophets and from prophets to their inheritors. Therefore, look for someone who belongs to heavenly realities to give to you something from reality, or you should be through this khayaal, imagined life, and going to be dust.

**O believers, this is the third Juma of the holy Ramadan. May thanks be to Allah that He gave us the opportunity to honour this blessed month and to praise Him- if not, we would also be among the heedless people**

O believers, this is the third Juma of the holy Ramadan. May thanks be to Allah that He gave us the opportunity to honour this blessed month and to
praise Him- if not, we would also be among the heedless people. It is a mercy and favour of Allah to be allowed to enter through this door- He gave us the permission... So many important people are denied entrance, because they don't recognize Allah...No matter how proud they were during their life- at the end they loose their power. As they didn't know Allah they are made to be forgotten also.
Allah is the Owner of the religion. All prophets came to inform people that Allah and Akhirat are a reality and that we have a responsibility. Who has mind and is mature, must declare the existence of Allah. It is not enough to say the Shahada. A believer believes, makes Sajda, does goodness, thinks about Akhirat and works for Allah. Either our service is for Allah or for our nafs. And all people live only to satisfy their ego- everything must be ready for them immediately, everything must be from the best, and they want to amuse themselves with women. All these things are not aims of our life,

we are not created for that.
Now all nations have religion- in Europe there are so many churches, ask them about that. And the Jews still stick to the laws that Musa (Moses) brought in the Taurah. Religion is like spiritual clothing of light, that you can dress. All the Christians and the Jews stick to their religions. But our people made it a fashion to get away from Islam. What shall become of us? Shall we become Orthodox? Protestant? Jewish? The emptiest people live here in Cyprus. The Turks on the continent at least still pray. But Allah is not sleeping- He sees and watches everything...
Musa a.s. once asked Allah: ,O Allah, is there a time when You are sleeping also'?- ,Taadab, ya Musa! I will give you the answer. Take two jugs of water and go on your way, I will answer you'.- So Musa went with the two jugs full of water. And Allah send one moment of heedlessness on him, a kind of short sleep for one moment only, and in that moment the jugs fell and broke and the water was spilt. ,Ya Musa, do you have your answer now? Imagine-if I would sleep even for a shortest moment, the creation would be upside down. But I am Hayyu, Qayyumu, I am Raqib, and I am watching over my creation all the time. I am aware of every movement of any of My servants in any moment. Nothing is hidden from Me'.
Islam is the religion of truth, Haqq. No one can say that anything that is forbidden in it contains any goodness. But the Cypriots nowadays are doing all Haram without ashaming. Watch out! Allah will put you in a condition that you will not like, because you make Kufr and do not give thanks, Shukr to Him. We have peace on the island since 27 or 3o years. The young people don't know what happened, and no one is thankful, because we are not teaching them that in the schools. Instead they give lessons about sex and they teach girls and boys together. Everybody, even animals, know about this by themselves- no need to make lessons on that. But because they don't respect Allah and don't listen to Him.
Next week there is the Laylatu-l Qadir. It is mostly the 27th night, one

night of the last ten days, and it must be looked for, because it is the most precious night of the whole year. We will see what is going to happen after that night, or after Bayram...They always talk about an economic crises. That is a trap of Shaitan. We have a religious crises in reality. People leave Allah and run after Dunya, and Dunya is running away from them. We have a crises in Adab- people don't look after their behaviour to correct themselves. It is not a question of money- but that is so easy to say...Finish nightlife and the crises will be finished. Who is going out nighttime except those who go to make Haram? Except for those who go to prayers, everyone goes out at night for Haram...I am against the fortresses of Shaitan!Until we learn about Haram and Halal again, the crises will not finish. Our government is not looking after us, and we are amanet for them, a trust to be looked after. We will see what is going to happen now...

So many young people here in the mosque- you are like the young shafts that come up after the old branches have been cut from the tree. Islam will never go down. This century is the century of Islam, of Haqq, and Batil is finished...

Every Juma we used to make rain dua- today, after prayer, we will make a dua for Shukr...Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah...Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah...

## THE THIRD WORLD WAR AND ITS AFTERMATH

Very soon there is going to be a Great War that will destroy three out of four parts; three-fourths is going to be destroyed and out of seven people, six are going to be destroyed. The most terrible and the greatest war is coming now, and that is the bridge or mediator between the small signs and big signs; when that war breaks out, the little signs are going to draw near to the big signs. The people of this world are waiting; everyone is awaiting that war, morning or evening. There is a fear on the whole world. When that begins, finished. The big signs will follow the war, and during the war the Mahdi (alai) will say Takbir, “Allahu akbar! Allahu akbar! Allahu akbar!” and will appear for Muslims, and then the great sign, the Dajjal, will come. After the second great sign, “Isa (alai) (Jesus) will come. Then three parts of this dunya will sink into the earth; then Yajuj and Majuj, then Dabbat ul-Ard. Then dukhan; this whole world is going to be covered by thick smoke; then fire; then the sun rising from the place of its setting, the West. When it is all complete Qiyamah will come.

As believers of the Traditions, we believe in a Savior who will come first before Jesus. Yes. He must come before Jesus. We have this in our Traditions. His name is Muhammad al Mahdi (alai). He is coming, but his arrival will be after a Great War (Armagaddon). Our Traditions tell us that the Great War will be the last war. It will be fought by the big powers with each other. Don’t say that Switzerland is a neutral country or Austria or Luxembourg or Sweden. No! When the storm comes, it will come from the East to the West, totally and wholly. Also from the West to the East. From the continents to the oceans and from the oceans to the continents. That must be so.

And in that huge war, the Mahdi (alai) will come like a Divine Hand from heaven to earth and stop the war because when small countries are fighting now, the big ones come and say, “Stop!” but what about when the big dragons come to fight? No one can stop them except Divine Power which will say to them, “God is Greater!” (Allahu akbar!). Then they must stop. That will be the first Savior whose name has been given through Traditions as Muhammad al-Mahdi (alai).

A short time After this, a tyrant will appear, well known through Traditions as Anti-Christ. He is the most dangerous tyrant for the children of Adam. The whole world will get into never ending troubles and sufferings during his time.

Then the second Savior, Jesust will come from heavens to earth. He will meet Mahdi (alai) in Damascus at the tomb of John the Baptist, the son of Jesus Christ’s aunt Elizabeth, the wife of Zacharias. He is buried in Damascus under a beautiful dome. Jesus Christ will come to a minaret of that dome which lies in the East. When the people go to the dawn prescribed prayer and two angels will protect Him with their wings. They will bring him down. He will be wearing a green turban and he will be shining. He has the most beautiful face, rosy and white. His beard is red and he is sweating.

He has a sword. When he was on earth, he never touched a sword, but now he is coming a Savior. In his time, all technology will be finished. His sword can reach any point to where he sends it. It is a miraculous sword, a heavenly sword. His Lord gave it to him. He will save the people from the hands of the Anti-Christ. He will come to the dawn prescribed prayer. It will be ful of people in the mosque and they will all be performing the prescribed prayer because prayer is always for all prophets and their nations. Even if people have lost it now, it does not matter. Jesus Christ was, in any case, praying to his Lord. He was not praying to himself or to the cross. No! He was kneeling in front of his Lord. He is the Savor who will save the people and will not leave one of the followers of Anti-Christ on earth.

When he saves the people from the hands of the Anti-Christ, there will come forty years of absolute peace on earth. In these times we will not need planes or ships or cars. Nothing! Every person will be given miraculous powers through Jesus Christ. If I, for example, then look at the second hill of that mountain and say, “In the Name of God,” This means, “By your Divine Permission, oh my Lord! You have honored me to be your deputy. I ask of You!” And if He gives permission, then you may put your step from here to the second hill of the mountain.

Shaykh Nazim: Grand Shaykh is giving me a guarantee for people during Armageddon. He is saying that there are three points. If they are kept, the person cannot be hurt in the wars. Zahara! This is not something to cry or ask about. No.

It is impossible for those who deny the Creator to survive. Never. If it is your father or mother or daughter, sister or brother! It is impossible!

It is impossible to survive if you deny the Creator. There people must be killed. They will kill each other. If anyone of his relatives was denying the Prophet, they would fight them, kill them.

Cruel people cannot survive. Cruel people will not survive.

Envious people: Envious people are the enemy of humanity. They will be killed and hurt and harmed according to the envy in their hearts.

It is impossible for believers to be killed during Armageddon and for people with good actions and good intentions. That is impossible but for those who harm humanity and have enemies and are denying the Creator, they must be killed. That is their punishment.

Sheikh Nazim has given the zikr to be started at the beginning of the war, and then to be done daily:

100 times Hasbun Allahu wa niyamal wakil

100 times La illaha illa anta subhanaka inni kuntu minal laalimin

40 times Salatan Tunjina

Hasbun Allahu wa niyamal wakil-Allah is enough of a Defender (Protector) for us.

La illaha illa anta subhanaka inni kuntu minal laalimin-There is no God but You Oh Glorified One, I verily am from amongst the transgressors. (Zikr in the belly of the whale, recited by Prophet Yunus (alai)

Allahumma salli ala Sayyidina Muhammadin salatan tunjina biha min jami al ahwali wal afat
wa taqdi lana biha jamiʿa al hajjat
wa tutahiruna biha min jamiʿa as-sayyiat
wa tarfauna biha ʿindaka ala darajat
wa tubalighuna biha aqsa al ghayat min jamiʿa al khayrat fil hayati wa bad al mamat
wa ala alihi wa sahbihi wa sallim tasliman kathira

O Allah pray on our Master Muhammad a prayer by means of which we will be saved
from every awe-inspiring harmful thing,
and that will take care of all of our needs,
and purify us by means of it from all of our ugly qualities and characteristics
and raise us and purify us by means of it from all of our ugly qualities and characteristics
and raise us up by means of it in Your Presence to the highest of degrees,
and cause us to reach by means of it the extremes of all goodness in our life and after our death
and this prayer be upon his family and his companions
and may he be given safety and much salaam.

## This is an association. It is a market, but not a supermarket - flee market

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim. This is an association. It is a market, but not a supermarket - flee market. Old things, every kind, whatever you are asking, you can find. A person may go to flee market, walking up and down, and if anything interesting in it, may ask and buy. No one forcing them to buy something. If they are interested, they may buy. Not interested, may go around, up and down, and people don't fight with him, no, it is okay. This is a market; you can find everything that belongs to your life here and hereafter. If you are interested in something, it may be good for you through this life or next life. If not interesting in anything- okay, you are going to be dust. This is a humble place, not carefully prepared for people to take their full rest, no. We- and when I am saying 'we' that belongs to prophets who belong to the Seal of Prophets?????????They never interested through this life more than they may be in need for building, for eating, for dressing, for everything that they may be in need. They were happy with whom going to be on lowest level of life here, because the lowest level is most close to the earth. To come down from skyscrapers, these towers of Nimrod, is not easy; to come down from 5 floors up and to reach the bottom of the earth. It is so difficult for our egos. But who is living for example in tents they live on earth, or who builds a simple building from earth, not from concrete, because concrete buildings fighting to mankind, giving them trouble. Therefore when people leave to live in simple homes that are built from mud, from earth, and begin to live through concrete buildings, first troubles for their physical being begin to increase, because our

structure is just opposite to concrete materials. Man is not created from concrete elements, no. Our structure, physical being created from earth. Therefore man, our physical being, takes familiarity when living through earthly buildings and wooden buildings, and not concrete buildings. Our physical being is never happy to live through concrete buildings. That is one of the biggest problems for the life of man on earth, concrete buildings, fighting mankind. It is a satanic invention that Shaitan brings to people to live in concrete buildings, because it harms people's physical beings. Shaitan is very happy to make people to live in concrete buildings, because their sufferings begin when they enter, with the first step. And you see that the biggest advertisement is for cement and concrete buildings. Everywhere people are so heedless, they destroy their healthy buildings that they lived in, and build on it concrete buildings. In summertime they are like an oven, in winter like a fridge.

I am fighting, but no one is hearing. And troubles get more and more. Everywhere no more old villages, old towns and cities remaining. They are carrying them away and build concrete buildings- so ugly buildings. And they put so many floors, one after one, trying to reach as much as possible, to reach higher than others. And it is mentioned through holy peoples' miraculous news about the last days, that people are going to be occupied which one of them is going to be able to build higher than others...What you heard about one of the biggest buildings on earth> What happened to it through two minutes, that it was built perhaps in ten years taking for building it, and in ten minutes it was finished, and everyone in it also, because angels cursing these people who are asking to come higher. After two floors angels say: 'O adu'ullah, o the enemy of Allah, what you are asking to do? You are asking to do the same that Nimrod did, who asked to reach Heavens and to fight the Lord of Heavens, and who built that huge tower in Babylon? Where are you going? Not enough space for you on earth so that you make like this, up? Why not going like that(horizontal)?' And what happened in Turkey three years ago? So high buildings through an earthquake like carton falling down and killing people. Mud buildings or wooden buildings never affected by an earthquake.

After two floors there is danger. Allah likes His servants to be humble. These people with their high buildings get so proud. I am sorry to say that Arabs read Hadiths of the holy Prophet sws that that one is cursed who makes high buildings, angels cursing him, and they are building against the Prophet's warning who was blaming those people who build high buildings and gave their description as shepherd for camels or other animals, who are going to come to the holy land of Hijaz and who should be in competition for buildings, which one of them is going to make it higher. This is written, they know, through holy books, Hadith, and they do against Rasulullah, against his advice.

We are saying all prophet's advice: that people must be closer to nature. And when a person comes closer to nature, nature is going to be friendly to him, no harm comes to him. When people live in high buildings, they are not friendly with nature, they are escaping, because in huge centres there is no nature, it disappeared. There are only concrete towers of Nimrod. Full. They are fighting nature and nature is fighting to them. All prophets make man to be humble, closer to nature. Who is going to be close to nature is going to be humble, and servanthood means to be humble. Those people are not humble. Humble people may out their forehead on the earth, bowing to Allah Almighty easily, and nature is protecting them, no harm comes to them. But those people living in Nimrod towers can't live without pills, tablets; they use countless kinds of medicine for eating and drinking, sleeping and resting- for everything that they are asking to use their physical body for. They cannot move or work without using those artificial harmful medicines. Therefore Shaitan is urging people to build higher buildings, so that they should fall into troubles and sufferings and should be in need for medicine. Therefore cutting. Shaitan is arranging for foolish and heedless mankind, unbelieving mankind, making for them what is worst for them and their punishment begins on earth without going to graveyard. This is a humble place, and you are coming from different countries, huge centres, huge buildings, you lead a modern life. Here perhaps going to be strange for people how we sit in such a place, like stable of horses...I am not saying stable of donkeys, no, and camels never come in a stable, always they are free outside. Very proud, camels...Alhamdulillah, we are happy. So many people come here with a handful of pills and they live here and say: 'No need (for these pills).' We are trying to be friendly to nature and nature is ready to accept our friendship and it is honour for nature that you walk on it. But high building people never walk on nature, but on huge buildings, and when they come down, they quickly get into a car...They never step on earth, they are escaping from nature.

Servanthood begins with humbleness. Therefore all prophets called people to be humble ones. And that invitation, that calling people to servanthood, never stops, from the first man; he was calling people to servanthood, nothing else. Don't think high buildings prevent us to call people to servanthood. The most proud ones must be called to be servants. I am calling everyone to servanthood. That is the mission of all prophets and of who is following them and their steps. And it is not going to finish. Someones through mankind, even mankind just fell in heedless oceans, but some people around that oceans call them: 'O people, come to servanthood. You have been created for servanthood, not anything else.'

There is an old story, historical story, that is written through traditional books about one of the famous Sultans, who was one of the most respecting ones for Shariat, heavenly rules through Holy Quran, Sultan

Ibrahim Adham, may Allah bless him, Sultan of Balkh through Afghanistan, Belujistan, Ajemistan. He was a magnificent Sultan, powerful. As much as he was respecting Allah's orders, Allah Almighty was giving much more honour and going to be magnificent among states, among people. And he had a hobby- hunting. He liked too much hunting. Once he was running after a deer and he was on his horse, and he heard a sound from his right, it was clear for understanding. It was in Arabic, saying: 'Ya Ibrahim, do you think that you are created for that purpose?' And on another side, second sound coming to Sultan, saying: 'O Sultan, or do you think that you have been ordered for hunting?' He was staking the reigns of his horse, stopping and turning back, leaving that hunt and coming.

These two words were enough for him for an awakening. He woke up. He understood that he is not created for or not ordered anything except servanthood. Finished, he was coming to himself. These two words just woke him up and he understood what is his mission or our mission: servanthood.

And our mission is to call people for servanthood, nothing else. As long as you run away, you fall in more crises, sufferings, miseries and troubles, until you come back to yourselves. People think that when they reach something, going to be much more benefit, rest and a comfort life for them. It can't be. But who leaves such things and comes to servanthood- nature just has been ordered to carry the burden of servants. Never servants carry any heavy burden on their shoulders- nature is carrying. No 'ham', not taking care for anything, because nature under their service, serving them.

Now people don't keep servanthood to Allah, but they serve nature for living, and they don't live properly, but so difficult. Everything they eat becomes like poison, what drinking becomes like poison, everything that they look to, poisoning. From everything they turn to poisoned winds come to them, and poisoned winds make the physical being quickly to loose its brightness, through their faces, inside and outside. Everything blowing on them a kind of poisoned air. Therefore the faces of men and women quickly get ugly. From everywhere coming that windy poisons, making that. But for who keeps servanthood, coming winds of Paradise to them. They are coming for servanthood after midnight and winds of Paradise come to them.

O people, try to keep servanthood of Allah Almighty, you should be happy here and hereafter. No trouble for you. Don't follow the first class troublemaker Shaitan. Anyone following him falls into trouble. Who is not following him, never falls into trouble.

## 21st Century Life is Only Eating and Drinking

(Mawlana Shaykh sits)

O our Lord, forgive us! We are weak servants and useless servants. We are weak servants and we are drunk servants. We are weak servants and we are foolish servants. We are weak servants and we are idiot servants. O our Lord, give us from Your endless Mercy Oceans that You granted to master of this world, Sayyidina Muhammad (s). We need more caution from our master that whole world just granted to his hands, to be much more active for taking away kufr, unbelief, taking away batil, falsehood, to give for this world, its beauty and to teach people that they are living on this planet, to know the importance of their missions.

O our Lord! Give Your endless glorifying and blessing to Your Most Beloved One through Your Divinely Presence, Sayyidina Muhammad sallAllahu `alayhi wa sallam, sallAllahu `alayhi wa sallam, sallAllahu `alayhi wa sallam. By the name of Allah Almighty, Most Beneficent, Most Munificent. No religion may say this is wrong what we are saying, and we are humbly asking from that One's intercession to grant the master of this world much more; a little bit enough. Not too much, a little support more (than enough) support to take away whole batil, falsehood, and to make sleeping ones to wake up; drunk ones to come to their real beings. We are saying a`udhu billahi min ash-Shaytan i'r-rajeem, bismillahi 'r-Rahmani 'r-Raheem. The Sword of Heavens, bismillahi 'r-Rahmani 'r-Raheem. O My Master! Give me such a sword that may reach

from east to west to take away falsehood from this planet, to let every living one to know for which purpose they have been created! Alfu 's-salaat, alfu 's-salaam, Sayyida 'l-awwaleen wa 'l-akhireen, all praising and glory to you, our Lord's representative, Sayyidina Muhammad (s)! Dastur ya Sayyidi, O our master!

(Mawlana Shaykh sits)

I am using eyeglasses to look much more carefully to what happening from east and west. Someone was saying to me, "O our teacher, they're looking to you, put your eyeglasses; you're not looking down but looking up." You are right. Why I am occupying myself to look down? For what? And look every plant growing up asking to reach more up and more up and up to worlds, so why I am looking down? It is a shame for Mankind to look down and not to look up.

O most important Creation, most important creatures, you are granted a title, an honor, and no other creature is reaching that honor. It is impossible and it is written what we are saying. I am not saying through my mind production, no! The production of minds is something, but production of hearts (is) something else. You must be able to make a difference between mindly things and hearts' production. I am only asking to hear heavenly addressing because I am knowing nothing. My capital it is from my mind, and mind belongs to the world of material. I don't like material productions. It is nothing and the end of that material production going to be under Earth, to be of Earth, of no value.

O Mankind! As-salaamu `alaykum! I am asking for all of us a blessing from the level of heavens to reach to all of us, to reach to me first and to you last. O People! As-salaamu `alaykum! I am asking what whole prophets they were asking! They have been sent from heavenly levels and coming to earthly level. The level of our material beings is lowest level. Listen and try to understand. Don't be like Sphinx in Egypt, for He is asking you to boil. The Lord of Heavens asking from you, "O Mankind, use your hearts to work for heavens. Your body working for Earth because your earthly being forcing, pressing you down. Our earthly being is representing our ego. Ego saying you must look down not up, because our ego belongs to animals' world, you know it? You don't know; you must know. Our ego belongs to animal world, not heavenly levels; never asking.

O People! Marhaban ya marhaban! Welcome, welcome! I am nothing, but my ego saying, "Don't say this again, you are something." No! Curse our ego, because ego preventing me from looking up, saying, "You must

look down because you are belonging where I am belonging. You are belonging to Earth, you are also from animals' world members." Hmm...I am member for animals' world? Any doubt? Any doubt? I was thinking that I am belonging to heavens. "Don't worry you are member of animals' world here. Yes, O my friend. O my friend, you never seeing a sheep or a donkey or any giraffe or any goats or horses? When we are leaving them through fields, through land, they are running so quickly for eating grass?" You know any member from animals' family living to eat grass and looking like this? (Mawlana mimics face looking up) Anyone give a shahadah, maybe anyone to witness that I just met a cow today or an ox or fox, hahaha! Looking up? Ox and fox so many kinds of members of animals' world, you see anyone living and eating grass and looking like this up? "No sir, we never see."

So they are making me to address to you. This is their email coming my heart. I never use email, but people saying email? Why only "e"-mail? Why never "o"-mail or "h"-mail or "q"-mail, "z"-mail? Why mail only "e"-mail? What is the difference? Through 29 or 30 letters why it is going to be only email? (laughter) Other letters they are saying, "We are complaining, we are giving an ariza, complaining to just this world who did only email and not making "o"-mail or "h"-mail or "d"-mail? Why? We are also letters, must be some reason." And I never seeing anyone from animal's world member sending an email to me and making a complaining, no one.

I am looking from east to west at whole people, even they are saying they are not animals. I am insisting, no, you are member of big animals' world. You are member and as long as you are looking down you can't get out of that membership. We are asking to look up and when looking up then you are getting out of membership of animals' world. "What happening, O Shaykh, if looking like this?" Your name going to be written under title of excused ones because they are not occupying themselves, only to look for grass and eating grass. They are looking up to heavenly position.

Therefore, we are taking them from being members of animal world, saying, "This one and that one just left their animal membership." They are asking something else. They never occupied themselves by eating only grass. They are saying if eating grass, eating grass, eating grass, then what is their eating production, hasilun. What you are saying this, what it should be animal-ship position? That you are not taking off from your shoulders that animal's identity. Your production, where it is? Where it is? Ya Huuu. Everywhere. You don't know? Everywhere, even a palace without that can't be useful, going to be useless. What is that? Even Pope's

palace or even other kings' or queens' palaces without, what is that? Ya Huuu.

I am not knowing that much English, but they are saying WC (water closet, bathroom) because that is the result of their eatings or drinking. They must every two or three hours or half an hour, must run because their egoistic, their body production coming ready and they must give. For whom that production? That production giving to their master, and their master is Sadanas. Shaytan making people eat and drink, eat and drink, eat and drink. Nothing else to do in this life, just eat and drink and saying, "Bring to me my share. You must work for me, because I am looking what is Mankind's production and their production always in WC. Eat and drink, eat and drink."

That is the identity of animal world. Animals they are not only thinking of eating and drinking. Why you are trying to make people to live only for eating and drinking? Is this your civilization? That you are saying so proud to reach the top of civilization. Top of civilization means if one of you for your holidays e.g. the day of celebration... New Year's Eve, what it is? Christmas. People imprisoning themselves in their homes, whole family sitting and putting from morning to late at night eating and drinking. That is the teaching? Where is Pope? Where is rabbi to speak to them, that you are not preparing for Sadanas eating and drinking? This is top of civilization? Yes, that is your honor? You created to be Sadanas' food production machines?

Food production, not machine. This production from famous Marks & Spencer center. You can find this famous and everyone trying to be most proud for preparing for Sadanas' breakfast, lunch and dinner. Everyone, I am sorry to say this, I am shaming, but I must say that whole world people working to prepare for Sadanas' breakfast, lunch and dinner. They are eating and drinking and, quickly, I must go because Sadanas waiting for new production for itself. I must go.

One very beautiful lady saying, "I am sorry. I am being called because Sadanas asking me for new production for himself. I am going."

Similarly another old one, "O my brother, two persons may come. Waiter! Come to me because Sadanas asking for something for its lunch or something for its dinner. Please take me up, I am so heavy and I can't stand. Hurry because Sadanas food may come down through my trouser. Doesn't matter, it may eat from there. How it is quickly come here, and strong ones because I am coming 95 kgs but now I am going to be 140 kgs. Quickly, I can't walk."

“Yes sir, tips sir, please some tips.”

“Quickly come, take me to bathroom because Sadanas calling me. Where is our king, raees, great chief of this world? He is calling me so quickly.”

And two powerful waiters making like this and taking and from trousers doesn’t matter, someone coming to clean it. That is 21st century people philosophy. To eat and drink and ride on that one and your name should be written under first class aristocratic people; this is important!

O People! What you think? What we are saying, you are laughing. Ninety-nine percent people working to prepare breakfast, lunch and dinner for Sadanas. No any other ideas for their lives and blame on them from heavenly beings. Heavenly beings cursing them and spitting on them. Dirty ones, dirty ones. You are preparing food for Sadanas. Your Lord created you for Sadanas? No one going to say, “O our Lord! Yes, we are heedless ones! This is not true, but Sadanas paying our egos as much as possible. So many things that we may prepare for Sadanas breakfast, lunch, and dinner and, after dinner, midnight supper. Yes, there is supper. Therefore, we can’t stop. We must eat and drink more and more!”

Ad-deenu naseehah - This religion is advice. The meaning of religion is to correct wrong things, to correct mistakes of Mankind. I am speaking. They are making me, such a useless servant, to address to whole people on this planet the meaning of religion, teaching people good ways and bad ways, teaching them ways to heavens, and warning people from falling down through Hell’s valleys. Yes, any book, any holy book saying that. I am a weak servant. I am from common people. I am not a prophet. I am only a simple person, but they are making me to speak; because they can’t speak these words.

It is not suitable for their honors, but I am on last step of Mankind, so I may say. If you understand or not, we may continue to be factory of Satanic productions. It is very much a pleasure, an honor giving to those unbelievers and Shaytan’s slaves. You may say this, we are warning, keep yourself. If we are not warning, bring another word. Any pope, any patriarch, any rabbi may say that I, daily speaking in front of your machines, am wrong. They can’t say: their conscience is never going to be happy to say that (I am) one from our Lord’s creation. I am also a creature. He is making me to address to people. I am asking a good position for Mankind, all of them, because they have been granted such a high rank that even angels were asking to

reach to that title and they haven't been granted. And it is blame on Mankind to do only production for Shaytan and his followers. O People!

(Mawlana sings)

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

Friend of those foolish ones, most friendly ones to Sadanas. They are getting very angry, but I am singing for those people, whom they are going to be angry with my declaration. To them and, finally, when they are leaving to be drunk, and I don't like their last moment understanding. It is not good for them.

(Mawlana sings)

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

I was small and I am hearing,
making music, guitar string sounds.
My singing not like Beethoven and Mozart
...zart, zart, zart! nothing,
nothing can be my singing,
because my singing from heavenly singings
and I am saying,

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

Dome dome dome dome

(45 minutes Sayyidi) Stop. Fatiha! (Mawlana Shaykh laughs)

Tawba astaghfirullah, tawba astaghfirullah. Allah, Allah. Ya Rabbee salli... Fatiha.

(Mawlana Shaykh laughs.) “I must go for production to Shaytan.”

**This is an association, not a lecture or a conference. This is a humble place, and we are only asking Allah Almighty's pleasure**

Audhu. Destur, ya Sayidi...(Protection...Support, my Master..) New ones welcome. From long distances they are
coming.
This is an association, not a lecture or a conference. This is a humble place, and we are only asking Allah Almighty's pleasure. That is the top point, it must be our targets, if anyone is asking you for what you are living, what is your purpose, what you are asking to reach, to find, to take, what is the aim of your life, for what you are working and running. I may ask all people through East and West, and youngsters may say: 'I am studying or learning.' And if I am asking: 'What are you going to be?' they may say: 'I like to study, to learn.' 'What is your target when you are studying and learning? What are you going to be?' And they may say: 'I may be a doctor, a physician, engineer, politician.' And all politicians are liars. No need to learn that, they may learn in three months in the market places, markets may produce politicians of every kind. No need to be there a branch in the university for politicians, no, it is okay. Some may try to be

politicians of a higher class. Middle class politicians may go to the vegetable market foe tomatoes, potatoes, onions, garlic, and such things. They put for the price of 1 Pound; people should take for 1 ½ Pounds. If you say only one Pound, then that person, who put the good ones in front, when he is selling, gives from the back, small ones. That is politician.

High-class politician must go to flee-markets. Taking old things from garbage. That market is only on Saturdays and Sundays. I was going also, and people were welcoming me, thinking to cheat me, thinking I am a Sheikh from Saudi Arabia, too much money.Saying: ' Welcome, Sir, look this plate, it was painted in the time of Old Greece, in Macedonia. Very important.' 'How much?' 'Ehh, 50 Pounds is enough.' 'What about five Pounds? No good?' 'No, Sir.doesn't matter- give me ten Pounds.' And I am saying: 'No, seven.' 'Eight. Take!' High-class politicians must learn in flee-markets.

I am sorry to say that Pakistani people (a group of 14 Pakistani brothers arrived) never knowing to come to flee-markets. They always make market with new things. But they are also clever, opening a shop in every corner. Now it is season for them. Why? Because the year changed and the stock market is full with so many things, no one coming for selling. English people never interesting in such things, asking new fashion, must be new model, of 2002. Pakistani people writing on it 2003, saying: 'We Pakistani people are always in front, we are not using past fashion or new, but the more new fashion.' Coming Hindu ladies also, looking: 'What is this? 2003 fashion? How much?' 'One hundred.' 'Rupies?' 'No, we are not in India, this is London flee-market.' Bringing new clothes from stores, stores now full. And shoes- they change the label of the date to 2004- new fashion, saying: 'We are selling future models. This is flee-market for our more developed people.' And politicians must come to learn through flee-market.

Such a lesson you cannot hear in universities. Professors never know what I know...

Some youngsters want to study computers, engineering- so many kinds of

branches in the universities, and you cannot find anyone to say this: 'I am trying to find a way through my learning to make Allah Almighty pleased with me'. Finished. Turks, English people, Europeans, Western people, Oriental people- neither among Christians nor among Muslims, you can find any student to say: 'My target is to find a way to make Allah Almighty pleased with me.' And this should be the top point or target.

You may reach everything from the material world, but it is not for you. You cannot carry it, only you may carry some papers in your Samsonite and fill it with so many certificates signing that you have this or that building or this or that car, etc. Sometimes I see someone with a bag written on it Woolworth or Marks and Spencer, and I am asking them: 'Where are Marks and Spencer?' They say: 'Even their bones are no more, they are dust.' 'But their name is written on that paper.' 'They had that material, but now their material is here and they are not with their material.' If really that material was for them, they would have taken it with them. And I am surprising and say: 'Ya Hu! - leave that material that surrounds you- houses, buildings, apartments, castles, towers- you can't be able to keep even your material, your body. Even for your own material you cannot say: 'This is mine.' No, it is not for you. If it was for you, you were going to keep it.

No, it will be taken from you some time. You should fall down, your material should fall down, and that, which was keeping your material up, should leave you and your material should go to its own material centre, the earth.

Allah created, giving our material from earth. But people are drunk, never thinking about that no one can be able to take anything from material from their life. Why you make that your main target through your life? To where you reach? If the whole material of London was for you, this would only be on paper; one day you are going to be nailed in your coffin, imprisoned in it, and you cannot look around anymore- finished.

Which mentality is telling people to run after such nonsense targets? But I am sorry to say that 100% of the people living on earth run after that

target, which has no meaning. Never it is going to happen, to come in existence, but people run after it. The world's material is never going to be a real target for man. Dunya created for unbelievers, may be for them, may think on it, but not believers, to whom Allah is giving real, eternal life and eternal Sultanate through His Divine Sultanate. How can they be cheated with material targets!

'O Sheikh, you are asking us to be always sitting in the Dergah and not to do anything.' This is a wrong understanding, misunderstanding, when I am saying to you to make your target the pleasure of Allah, the Lord of Heavens. He sent to us from His chosen servants to teach you the ways that make Allah Almighty happy and pleased with you, so don't accuse me and say that I am preventing you from Dunya, no. But what is your main target and the mission of the existence of man on earth? Everyone must know it and try to bring it in reality on earth.

Prophets came to establish the Heavenly Kingdom on earth. And always Shaitan and satanic groups, devils, came in opposition, saying: 'We are not leaving you to establish the Divine Kingdom on earth, but I am going to establish my own Sultanate.' Therefore the main mission for you, and youngsters especially, which you must know, is, to destroy the kingdom of Shaitan and to establish the Divine Existence, Sultanate and Kingdom on earth. This must be well known, but people are of no mind, and most of the Muslims also imprisoned themselves in a square of millimetres.

I am not telling you to come and sit here, no. But wherever there is the satanic kingdom, try to build in front of it the heavenly Sultanate, and then destroy and bombard the satanic castles to be down. If in such a way, no one can be more learned than the Sahaba after the Prophet sws, they were his students. They learned what I said to you now. You say: 'If you say about Dunya, we must only sit here and eat only one piece of food.' No, that is a misunderstanding. I am saying to believers. The Sahaba were not sitting only with Rasulullah in Medinah Munawwara, making Salaam, Dhikr and Quran,

no. Everyone was going out with the armies. For what? To establish the Divine Kingdom in East and West. You were learning the history or not? You must try to do that. This is your mission.

Everything that comes to you, you must use either to establish the Divine Kingdom or to destroy the Satanic kingdom.

No one can say anything on this association. What we say to people, no one can object on it. It is real reality. So many bad currents and misunderstandings through the Ummah now, and they are wrong. Only what we say is true, and your conscience is saying: Yes.

This is a humble place, and the Lord of Heavens, through His most Beloved Servant, is giving a spring, a fountain. Even only drops are coming, but they give new life to believers, and therefore you are coming here.

Sayyidina Khidr and Sayyidinna Dhul Karnain were knowing about the Ab-ul-Hayat, the water of life, that who is drinking from it, is going to life forever. They were running to find it, and S.Khidr found it in a humble place, not in a castle or a palace, he drank and he is alive until Yaum-ul-Qiyyama.

This is also a humble place, Cyprus. We hope that even drops are coming here, and your souls are asking to come here. Youngsters, young people are coming, they are thirsty, their souls are thirsty for the real power of knowledge, which gives them real life and brings them to the Divine Presence. And Allah Almighty is pleased with them. Welcome to you. We hope that for your Baraka blessings to come on me also, and that those few drops, which they are granting to me, should be enough for the moment for all of you. Soon we hope those drops are going to be rivers, and rivers going to be oceans.

Ya Allah, You are the Eternal Sultan, the Mutlak Sultan. Try to be for Him, try to be His eternal servants of His eternal Sultante, for the honour of Rasulullah, may his honour be more and more.

Evening: What I am seeing- and through my heart there is something from that

knowledge- is, that daily troubles on earth are going to climb. Allah gave the chance to people to come back to real belief and to accept.of Allah Almighty and to try to be His sincere servants, and Allah granted this chance to them through one century- the 2oth century. But people never came back to His Divine Service.

Therefore now heavenly Justice is making for them a punishment, to take away tyrants and their supporters, which means, devils and their supporters.

Their period is going to reach its end. They must not think that they should come once again how they were in the 2oth century, making everything according to their principles. That chance is finished.

Now it is the period of punishment, and difficulties are going to climb.

Therefore I don't like people to leave their bases, until an opening to move is coming.not to go out without need.

(Regarding one brother who wanted to come and spend 4o days with Maulana:)

.It is not the time now to make 4o days seclusion here, and he must not think that he may find normal conditions, no. Perhaps something is going to happen in our area, a war may be, and then there are no vessels, no planes, no way to reach to his family and children. And they may be in need of their father and husband.

Therefore I don't like after Shavval anyone to come! May come by their own responsibility- not I am giving permission!

If he wants to do something like a seclusion- 4o days after midnight until sunrise he may do. And he may keep his heart with Grandsheikh, and spiritual power may run to him.

Alhamdulillah.

## Teach People, "This Is My Straight Path." - The Way of Allah

Madad, yaa Sultanu 'l-Awliya. (Mawlana Shaykh stands) La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah Muhammadun Rasoolullah, `alayhi salaatullah from pre-Eternal up to Eternal. (Mawlana Shaykh sits.)

Madad, yaa Rijaalallah. I am Your weak servant. O my Lord! And we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem. That gives us honor and it is His stamp, stamp of the king, His seal. We are weak servants. O our Lord, support Your weak servants. You have Endless Dominions. You have Endless Oceans in each dominion. You are the Lord of Creation!!! We are nothing, but You granted us such an honor, and You said, O our Lord: (Mawlana Shaykh stands.)

•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• •••••••••

Bismillahi ‘r-Rahmaani ‘r-Raheem. Wa idha qaala rabbuka lil-malaa`ikati innee ja`eelun fi'l-`ardi khalifah. And when your Lord said to the angels, "Verily I am making in the Earth a deputy.” (al-Baqarah, 2:30)

Allah! Allah! (Mawlana Shaykh sits.)

O our listeners in the east and west! O our attenders! As-salaamu `alaykum! That heavenly salute is reaching to servants and bringing to them heavenly blessings. Therefore, it is something urged by the Seal of Prophets, Sayyidina Muhammad (s) (Mawlana Shaykh stands), to say, "As-salaamu `alaykum." (Mawlana Shaykh sits.)

Madad, O our guide who is responsible for everything happening on this planet. O People! Send to that one your salutes, "As-salaamu `alaykum, yaa Saahibu 'l-Imdaad," director of everything on this planet, everywhere. Because if heavenly support and heavenly blessings do not reach someone, it is impossible to be in existence. this is an important point.

O Muslim `ulamas from Ahlu'l-Sunnah, Ahlu' l-Shi`a, and Salafi `ulamas! It is such an important point. Everything in existence, without looking at their greatness or smallness, can't be in existence, so that everything on this planet, from biggest one to smallest one, must reach direct support from heavens, to reach that one, then it is going to appear in existence. We may say the whole world is in need of its greatness, taking its share, but on it and in it countless beings are just taking its saf, ranks, and tarteeb, orders. For example, here we are sitting and everyone has a special place and a measure on it. Do you think the smallest thing is an atom? Do you think atoms are choosing their private stations by themselves, or is Some One putting one after one after one? The Lord of Heavens is al-`azhamatu lillah, Glorious Greatness is for Allah Almighty!!

O People living in the 21st century! You don't think you must try to know heavenly knowledge from heavenly books. You say, "Just we find elements." Yes. You must think because Allah Almighty is saying, •••••••••••••••••••••••••• la`alahum yatafakkaroon, "That perchance they may reflect." (al-`Araaf, 7:176) Allah Almighty is asking this from chosen creatures who have been honored to be deputies of the Lord of Heavens. Where are the deputies? You must think on it. Who has been chosen to be Allah Almighty's deputies?

O `Ulamas! Do you think we have been supported with such a knowledge that belongs to heavens to wake up all people? an-naasu niyaam, people have been sleeping! "Sleeping" means that they have been closing their eyes to see and look at reality. And beyond that reality are countless realities and they are saying, "We have reached the top point of knowledge." And Allah Almighty is sending them to see things they have never been thinking on. People are drunk, but the Lord of Heavens is now sending heavenly bombardings on their mindly productions.

O People! It is enough to be drunk; don't also be heedless! Wake up and look beyond that limit, where there are unlimited horizons! You have reached only a material horizon and you are getting so proud, claiming that, "We are reaching the top point." You may be reaching the top point of a material horizon, but from where is that material horizon coming? Don't say, "From the Big Bang." That is foolishness, (an invention of)

no-mind people, such a nonsense claim, because Shaytan is their teacher, saying, “When people think about the beginning and ending of this world, we must fill their attention and occupy their minds with something useless (to confuse them)." And people are now saying, "We have reached the top point of civilization and technologia." What are they thinking? Only two-hundred years ago no one knew about technology coming in existence. You can say, “This is the horizon of technology, and its next horizon can't be beyond that.”

Shaytan is teaching them, “Use these useless theories that the mind is never accepting, put there to occupy peoples' minds endlessly." They use theories, which is not reality!!! But the real aim is to occupy people on that theory, the Big Bang, that it was only one atom exploding, and in one-billionth of a second coming this and going that. And now, everywhere, I am sorry to say that our Muslim countries are also putting this in their books and teaching it as a real knowledge. It is a nonsense theory that this huge universe is coming from one atom! What is that foolishness? They are putting in their (curricula) and teaching to youngsters, making them believe that, and not teaching them to believe that this whole huge universe is coming from the Lord of Heavens!!! I am sorry, but on them is coming cursing from Unseen Territories, because they left the True Way and diverted on wrong ways.

The Lord of Heavens said, (Mawlana Shaykh stands.) inna hadha siraat al-mustaqeema, "This is My Straight Path.” (Mawlana Shakyh sits.)

O `ulamas, why are you not saying, inna hadha siraat al-mustaqeema? I am asking `ulamas, Salafi `ulamas, and Shi`a `ulamas, what is that siraat; from where it comes and to where it goes? Do you know? If you know, why are you not teaching people? ••••••• •••••• •••••••• •••••••••••• inna hadha siraatee mustaqeema, Verily, this is My way, leading straight: (6:153) Allah Almighty is saying, "This is My Straight Way, siraatee, My Way. Who is asking to reach to Me--to know, to learn, to be, to understand--this is the Way." Laa `iwaja lah, "No crookedness is found in it," also ayat ul-kareemah, yes, you know but you are not using. What is mustaqeema and what is crooked way? Why are you not saying? Why are you following western philosophers' ideas and leaving holy books that are trying to teach you about your beginning and ending and about yourself? Why are you not teaching? You only know to swear on someone like me, who is nothing? Because sometimes they are making me to shout on you and your egos are getting so angry! Don't get angry, because then heavenly lightenings are coming on your heads, then you are finished, disappeared! Is that a solution for every problem for people living in the 21st century? You know only to swear, “That one is nothing.” You are getting

angry and unrest from such words, and muta`aajib, you are astonishing from what I am bringing. I am not bringing; they are sending, and I am only the weakest servant!

Why are you getting angry? No, I am only bringing an answer. If you know it is true, you are accepting. Prophet Muhammad (s) is saying, (Mawlana Shaykh stands.) •••• ••••• ••••••• innama 'l-`ilmu bi't-ta`allum, "Verily knowledge is by learning." (Mawlana Shaykh sits.)

Yes, is it true or not? Ta`allum is knowledge going to be learned by a teacher. If there is no teacher, no one is learning anything. Prophet (s) says, innama 'l-`ilmu bi ta`allum, knowledge that belongs to heavenly stations, that is the siraat, the Way to heavens. Why are you not using it? Why are you not giving a meaning about that knowledge? Why are you not asking about that knowledge? Why are you having such envy? And Allah Almighty is saying, "(The value of) dunya is less than the wing of a mosquito."

O People! Wake up! Don't be enemies with such a person that is never claiming anything for himself, only asking to be accepted as a servant of the Lord of Heavens, Allah Almighty! (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah `Azeez Allah.

Allah Allah, Allah Allah, Allah Allah Subhaan Allah.

Allah Allah, Allah Allah, Allah Allah Sultaan Allah.

(Mawlana Shaykh sits.)

O Muslim governments! You are only happy to teach your youngsters the national anthem. I am also saying to all kings, queens, sultans, they are only teaching the national anthem. You are so careful (about that), and some countries now have a law that if their national anthem is playing and someone remains sitting and not standing up, they take him to prison. But when adhaan al-Muhammadi (s) (the Islamic call to prayer) is heard, they are never taking any care! Why all presidents, majesties, kings, soldiers, or civilians are not taking care when the heavenly anthem is playing? Do you think that Allah Almighty and all angels are not looking at you? And so when adhaan al-Muhammadi (s) is playing, (Mawlana Shaykh stands) people must stand up, even if it is called five times or fifty times a day! (Mawlana Shaykh sits.) That is Islamic good manners! You must keep it! Even kings or queens, when adhaan al-Muhammadi is called five times, make a trumpet so

people know adhaan al-Muhammadi is calling now. (Mawlana Shaykh stands and sits.)

May Allah forgive us! We are such wrong people and useless servants! Allah Almighty grants us countless favors and we are not taking any care to give at least an honor to azaan al-Muhammadi (s). (Mawlana Shaykh stands.) Stand up! Even if for one moment, it is enough. (Mawlana Shaykh sits.) You make your Lord happy with you and He grants you a dress of honor, He dresses on you heavenly lights, saying, "My servant is giving his full respect for My Holy Name!"

O our Lord, forgive us! We are sinners, we are sinners! Send us someone to teach us the way of heavens. May Allah (swt) forgive us. Tawbah yaa Rabbee! Tawbah yaa Rabbee! Tawbah yaa Rabbee!

Fatihah.

Dome dome dome dome, Dome dome dome dome
Dome dome dome dome, Dome dome dome dome
Dome dome dome dome, Dome dome dome dome
Dome dome dome dome, Dome dome dome dome

We are only asking for the heavenly lights of our Lord, to make You happy with us. That is our real aim, that You, Allah Almighty, are pleased with us.

O People! Try to make Allah (swt) pleased with you! May Allah forgive me and you.

Fatihah.

(Mawlana Shaykh speaks to Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

**This is not a lecture, but an association for the sake of Allah Almighty and for the honour of His most honoured servant, the Seal of Prophets, the honour of creation, S.Muhammad sws**

Meded, ya Sultan-ul-Awliya...Allahumma la takilna ila anfusina...This is not a lecture, but an association for the sake of Allah Almighty and for the honour of His most honoured servant, the Seal of Prophets, the honour of creation, S.Muhammad sws. May Allah bless him, peace be upon him from pre eternal up to eternal. May Allah keep us to be his followers here and to be his neighbours in Paradise. Days running, following one after one, months are running and years also and centuriesalso running and another one running after it, asking to join it, as a river runs and runs and reaches to a ocean and taking its final point. The final target for a river is to reach to an ocean. Many rivers, running waters, and springs ask to reach to somewhere. Perhaps they know it or maybe not, but they are running and finally they reach to a ocean and see its water, it can't be measured. They come with a handful of water and they see that the ocean is not a handful of water. When they reach it and find an unlimited ocean according to their decisions or knowledge, they are going to be in peace by reaching to that ocean., and their running just finished. And their waters join to the ocean and the water of the ocean is asking to rush on continents also. The ocean is asking to come out, its waves come and ask to reach to continents, running, and ocean is asking to come and to cover everything. Same water. Some of them running to reach to oceans and the same waters that belong to the oceans asking to come and cover continents. It is the same water.

And we are running, every day running. From the morning that we wake up we find ourselves running, up to

evening. In the evening we are settling, sitting down. No more distance for us to run on it. Night is preventing, saying: 'No more running for you now. You reached an ocean, the ocean of nights. You must rest. No more running.' Daytime everyone like rivers running, but night time, when darkness comes, people reach to the ocean of darkness and they sit down. Allah Almighty is saying in the Holy Quran: '...wa ja'alna nauma subata..., We made night time for resting.' You can't stop yourself from resting. Therefore it is forbidden for people to do night works. If there is no obligation, everyone must rest. For some reasons some people must be awake, but for the whole of mankind, when they reach to the oceans of darkness, they must take their rest. Now mankind is never listening to, hearing or obeying heavenly orders. They left it. But also on earth there are some obligations; we must obey the natural order, the natural harmony. Nature is sleeping night time, because night time darkness carries an atmosphere that is full with fear and through fear there is a heybet, a greatness, like what you are feeling for some people. Nighttime has too much of that. Daytime you don't feel that in the same place, but when the curtains of darkness, the darkness of the ocean's, come down, you feel fear through yourself. Therefore if people are far away from their home they ask to reach quickly before those curtains of darkness come down. That is the order of the Creator's manifestation, or it is Allah Almighty's divine wisdom, making that appearance for mankind. Everything and everyone must take their real positions for night.

Before this century, beginning from the 2oth century and through the 19th century, people were asking to make an artificial enlightening, that means that electricity was just invented. They found through that secret power that it gives lights, enlightening darkness. Before they were using lamps or candles from wax, such things, and they were not too powerful to take away the curtains of darkness. When electricity was granted to mankind, they became to take that power as light, to make artificial day through nights. And that is the will of Shaitan, satanic will. It is not the divine Will, but the satanic will, to make people unrest. And when people are going to be unrest at night, daytime they are never going to be able to rest, and they should be tired and more tired. Asking to occupy them day and night. Therefore nighttime began to appear with electricity, and spreading everywhere, and now we are on the top point for nightlife. People never obey the holy commands of Heavens that the Lord of Heavens or the Creator is saying: 'O people, I made daytime for your works, to run and to look after your sustenance, and I made nighttime resting time for you.'

That is the holy order and holy manifestation, the holy arrangement for the life of mankind. But Shaitan is making it opposite, saying: 'No, I am making for you an artificial day with so many kinds of lights', and he brings to their service neon lamps, so many kinds, making such funny appearances nighttime that people run

to...Even they are finished, but they say: 'We must look, we must dance, and play. Ohh, it is our holy time, nighttime, we must not sleep now. Allah is saying: 'Sleep', but we say no. Allah says: 'Take your rest', but we say no, we are young people, we are not in need to rest. Day and night we can work. We may work like donkeys daytime, and nighttime also we are going to enjoy ourselves.' And every problem is coming after this. People follow Shaitan.

There is no economical crisis. They are liars. If these people that life on earth, perhaps 6 billion people, would not come out for one night, there would be no more crises. Finished! What 6 billion people spend every night? How much you think? Billions of Dollars, not millions! Wasting for one night. One night makes everything to run in its original channel, no more crises. It is not the money, not an economic crises, no, it is a crises of wasting. They don't say this, never, but they use to say: 'No, not wasting crises, but economical crises.' Why the world is coming down? People are same. Everything, so many things, you may reach. How it can be economical crises? Why not saying the true name for that crises? Why not saying that it is a crises of foolish wasting, abnormal wasting? Why you are not saying this?

If they prevent nightlife for three days, that makes the whole world up. If I say three days, and so short, I may say thirty days, if not enough, but in 4o days everything on earth comes to be okay. But Shaitan not making them to say: 'Wasting crises', but to say: 'Economical crises.' Dollar coming up, Turkish Lira coming down, and finally we must cover this foolish wasting and make Marks, Francs, Liras and Pesetas all together, one money: Euro. How many times you change on that paper, it still has no value. Like this. When using gold thinking on it, asking: 'I am giving so much gold?' and he can't give. But this paper easily may give, because it is paper. But gold- you can't give? This is the important wisdom (behind gold as money). They are cheating all mankind. It is a satanic direction. Shaitan is directing people, saying: 'Don't use gold, use paper', because paper is so wrong to be given (as money). But if you would have to give gold (to pay for something), you would say: 'How I can give this (away)?' And check book is even easier: Write some numbers, finished. One million? Doesn't matter...This is the real reason that no or philosopher or economist can speak on that point. You cannot find in East or West (anyone to say) what we say now. Gold belongs to you; you feel gold as your soul and you ask to keep it. You cannot waste gold. Therefore in our days we have a wasting economy. They invented paper money for what? To be easy for wasting, because no one takes care of this paper. But gold- never! Therefore they ask people to use paper money, because it is easy to give, in your eyes no value. But gold you look and value. If they say: 'Give it to me', you say: 'No.'

Therefore I am always saying if anyone is telling me 'I am economist' : 'Do you think through your rules

economy can stand up? You think on paper foundation economy can stand up?' And they are surprising. 'Economy must use the real values that Allah Almighty has sent to man. To keep their values stable, He is sending to them gold and silver, and that is the heavenly order. Until you come to the real values, there is no hope for your economy to stand up, because it is finished, no more do paper and carton carry this heavy building on it. The world economy needs a strong base (for something) to be built on it. More than gold and silver can't be (anything as) a foundation for your building. Come to the real values or you cannot find any solution or satanic works.' No one can object on my words through East and West...

May Allah forgive me and bless you. I am asking more honour for the honour of mankind, the honour of the universe, S.Muhammad, for his honour to be sent real guides that have a good understanding to save humanity on earth...Soon, ya Allah...Give this to internet. Don't sit like lazy people...

I will destroy the satanic kingdom on earth. There are treasures under the pyramids in Egypt. Why are the pyramids so valuable? Because they are full with gold inside. Otherwise no value, only a peak of stones. But pharaohs carried their whole treasures under the pyramids, therefore they are so valuable. Therefore the values that Allah Almighty has put as a measure for mankind are gold and silver. Allah Almighty first said about gold and silver that people like it, mentioning first that people are in love with and like to be for them peaks of gold and silver. If a person loves something, it is difficult for him to give it. It is not mentioned that paper money or checkbooks or credit cards have value.

Therefore, the followers of Shaitan know that people through credit cards may spend trillions without caring. But if you give them five coins and say to them: 'Spend this', they should take care not to spend except one or two, because it is lovely for people to have gold and silver. Wasting comes after these banknotes, checkbooks and credit cards...

## This Is Not Religion

Asbahna wa Asbaha l Mulk Lillah wa nahnu 'abidan Lillah and servants of the nation of Muhammad (saw). Praise be to Allah. We reached a new day. Madad ya rijalallah, madad ya sultanul awliya Our vision is up to there then...
Shah Mardan is sultan. If he calls one dabka (folk dance) he turns the world upside down. Shah Mardan Habibur Rahman Subhan Allah Asbahna wa Asbaha l Mulk Lillah We reached morning, with the whole world. How did we reach morning as servants of Allah? We reached morning as servants of our Lord jalla wa ala. May Allah accept our servanthood. Assalamu alaikum dear Shah Mardan. The ones, who love him, the ones, who love Shah Mardan, the lion of the arenas of the brave ones, let's love him, respect his name. When he woke up, he used to say Bismillahir Rahmanir Rahim. Who don't say are liars. If you say you are on his way. Wake up, say Bismillahir Rahmanir Rahim. Say, "Shah Mardan count us from your army". Yawmun jadid, rizqun jadid.
Let's say Bismillahir Rahmanir Rahim Saifun Maslul It's like drawing a sword. Basmala-i Sharifa Bismillah wa Billah wa Bi 'Azamati Llah wa Bi Qudrati Llah Bismillahir Rahmanir Rahim. Lift the burden off us our Master. I say this because of adab. Our degree isn't high enough to address our Lord. We can only send salams to Shah Mardan and want to wear his group's dress of honor. Whoever pays respect to Shah Mardan, says I'm his soldier, he is in safety in this world and akhirah. He has honor in this world and akhirah. Say: O Shah Mardan Zidhu Ya Rabbi Izzan wa Sharafan wa Ridwanan wa Sultanan Mashaallah, Shah Mardan. O Dear one. O his friends, salams to you. Salams to you from Shah Mardan. We receive his salam with pleasure. We believe that Shah Mardan cares for us in this world. On Yawmu Mashar he intercedes for us, in the presence of Rasul. MashaAllah.

May our day be favorable my son. Thanks to Allah we woke up healthy. Our hope is that we don't sleep at any time of prayer. When Adhan of Muhammed is called, a new dress of a new life is dressed on us. When you wake up they give you a dress of new life, they can resurrect if they want. Allahu Akbar, Allahu Akbar. When it is called, Shah Mardan is the first to accept the invitation. His friends, his lovers. Allahu Akbar Allahu Akbar What a call, what a wonderful start. Allahu Akbar Allahu Akbar Don't sleep. Why do you sleep O Heedless one? Allahu Dhul Jalal's Name is mentioned. Don't sleep. Don't sleep. His lovers are awake. You also stand up with them. Habibi Kibriya, who is dressed with Allahu Dhul Jalal's love, our Master (saw), Master of the universe. Wake up immediately. so that they dress you with the dress of a master. Don't sleep, why do you sleep?

Oh those, who want heavens don't sleep. He is calling, 5 times. We don't ring the bell. They put the bell around an animal's neck, they go around. A bell is not the sign of any religion. None of the prophets invited people with a bell. The bell is also fake, what they say is fake. Trinity, the cross, what they say are useless delusions. Come to reality, come to Haqq, come to truth. Leave fake things, people of the world they made nawruz. They did all kinds of insanity. What is Nawruz? What is its value? Is there good news? Did anyone say Allahu Akbar? No.
Did anyone say Bismillahir Rahmanir Rahim? No. I draw this sword for Allah, did anyone say this? No. The Banner of Shah Mardan "Inna Fatahna Laka Fat'han Mubinan" (48:1) No. What happened?They are like they are from animal herds. When animals see green fields, they are happy. People celebrating Nawruz, when they saw green fields, were happy. They are from the ones with 4 feet.
Did Shah Mardan do what they do? How did you make these up? They say nawruz, they burn fires, Dabka, dabka... kicking. Men and women they go crazy; they scream ridiculously. What is it? Is it religion? Pure reliigon, Hz. Rasul (saw). It's the religion of Allah's Beloved. Shah Mardan stands over that religion. Did you say salam to Shah Mardan. Salat and salam to His Beloved. Praise be to our Lord. Did you say? No. You made a fire, jumped over it. That fire is going to burn you. Oh friends of Shah Mardan, lovers of Shah Mardan of this ummah (nation) Did they say Allahu Akbar on the day of Nawruz? Did they say lets read Mawlid Sharif? No. Did they say lets run up a banner with Dhu al Fiqqar? No. They will all collapse, be extinguished. They

became worthless.
Don't look at the one who speaks, look at the one who makes us speak. Say, Bismillahir Rahmanir Rahim. Say, for the sake of our Mawla who made this day a feast for the nations, who enlivens the earth. Let's call Adhan Muhammad in His name. Allahu Akbar Allahu Akbar Allahu Akbar Did they say Allahu Akbar? No. All are worthless. They will grieve in the grave. They like fire a lot. They will find fire in the grave. Jump, they will be told in the grave, on the stones.... They can't jump, fall down, burn. Angels pull them out again, you used to jump over fire. You were so happy, jump. They fall into it again, and burn. Nobody tells them, why? Nobody listens. Shah Mardan jumped over fire? Tawba Astagfirullah. Here Shah Mardan jumps over fire? Oh friends of Shah Mardan, 3,5,10 people come together. You should assemble. Don't play Shaitan's games. Don't play Dabka (folk dance). Sit. You should have an assembly. There, tell Shah Mardan's beautiful stories. Those, following his way, tell awliyas and clean ones' stories, stories of Prophets; tell stories of Shah Mardan so that we are dressed with braveness. Say Habibullah (saw). You'll be dressed from his light. Tell from Luqman, Luqman The Wise, say. We didn't say for a long time. Oh holy Luqman al-Hakim.
You have the cure for every disease. For your sake may the burdens on us be lifted. Be friends with these. Even animals... want to shout at dawn. Anyone sleeping at dawn time.. is disgraceful. especially those jumping over fire - angels will push them into fire in their graves constantly. They will be burned, go out, then again they will hit his head, into the fire.. until the Day of Judgement. Stubborn liars saying, we're this, that. Where is your manhood? Where is your bravery? What did you do for Allah? You worked for Shaitan. You made a fire, jumped over it. That fire will burn you. If you don't repent, say "I will never do it again", inside your graves you'll find fire aplenty starting from tip to toe and vice versa. It will burn you till the last day. Our Religion isn't a game. This is the advice of Shah Mardan. Pull yourself together. Get your act together. Shame on you, you weren't prudent. Shame on you, you didn't run up the banner of Islam. "Inna Fatahna Laka Fat'han Mubinan" (48:1).
Women, who are your close companions? You let them go among men. These are all shaitan's ways. You will grieve also before you die. If you don't repent, you grieve inside the grave. . If 100 hodja prayed for you, it would be useless. The statesmen they came, like a bull their tummies, bellies. dancing, shouting. What kind of government is it? Is there any sultanate like this? Which

sultan did this before? Never. They were Sultans. Their sultanate was sealed in heavens. These look for a seal in this world - "we also danced in nawroz. Write our names also." Those, celebrating nawruz are left without faith. Is there Islam anymore? Are they muslims anymore? Religion of Zardusht , they were worshipping fire, the head of persians. Zardusht worshipped fire. That fire burned them. They came here. Whatever they came for they were swept away. What is Zardusht? Shaitan's invention. You still follow him.

Do you ever tell about the Prophet (saw) of the End of Times? Shah Mardan drew his sword and destroyed Khaybar Castle, at once with his sword? How can you say Alawi? You're liars. How can you say shia? It's not true. The imam will come in the End of Times. The Imam,he will build what these ignorant ones destroyed. He will sweep away the ignorance of these people, will build Islam on the foundations of Great Islam. An indisputable power and sultanate is coming. Keep your head or else your head breaks off. Fire is waiting inside the grave. You liked fire a lot. Go, jump inside the grave. Where will you jump? Like the meat on a skewer, from one side they will stab, angels will turn them like this in fire. Fear Allah (jj). Listen to Shah Mardan's advice. Did he jump over the fire. What is this disgrace? You made religion disgraceful. Something is coming on you. Now Shah Mardan is very furious, angry because of these Nawruz celebrations. If Shah Mardan shouted because of their wildness, there wouldn't be any heads left above shoulders. An invisible sword would cut & their heads would fall.

But, there's no order. Let them be, there's an order. Let them do whatever. They'll be punished later on. Leave, there's no one left with brains. 20, 30, 40 million people celebrate nawruz. Feasting, making fires, fire that burns you. Pull yourselves together. If not there's someone who will. Oh Our Lord, tawba Ya Rabbi, let's repent to Allah (jj). If not, you will suffer. Wrath won't leave you. Inside the grave you'll be a kabab. You jumped over fire? Here's fire. Shah Mardan intercede for us. Oh friends, marhaba. Why didn't you pray Fajr in a dargah, in a dervish lodge, in a tomb, in a masjid, in a mosque? Find a circle, sit, listen to the greatness of Islam - its pureness, cleanness, power, majesty. Why didn't you listen? You went out in the streets, to the fields, made fires. Girls, women, you dance there. Is this halal? Where are our hodjas? Where are our scholars? They should open their mouths. Mouths will be sealed. Their muftis, their imams, who claim to be scholars, they don't say this is haram? How can they not?

Officials went there and danced. Jumped over the fire. How many fell into it, they saved were

saved with great effort. Fire isn't a game. Oh, mercy Our Lord. Don't remove us from the light of faith. Don't keep us away from the way of Your Beloved (saw),his uncle's son. The adab of Shah Mardan to be our adab; bravery, courage are his honors. His honor. Respect for people, the nation of Muhammad - service is their sign. Do it, your face will be bright. Or else your face will be like coal. Fire goes to coal and burns it. Let's say o friends, Bismillahir Rahmanir Rahim. May He clean us. Let's say Bismillahir Rahmanir Rahim. Bismillahi lladhi La Yadurru ma'a Shay'in Min Al Ardi wa La Mina s Sama'i, wa Huwa s-Sami'u l 'Alim Say the Basmala Sharifa, and blow.

No troubles, no distress left. Say Shah Mardan, we sacrifice ourselves for your way, count us from your soldiers. Did they say "Don't send us away"? They didn't say. Millions of people filled the arenas. They did Dabka,(folk dance) They danced. Government officials, some of them fell into fire. Some can't jump as they have, mashallah, bellies... Belly like a bull. Don't say this much. I'm not saying. Shah Mardan is describing them. They feed their stomachs, don't think about their minds. They don't act wisely. Their plan of living, their life style - we're socialist. Socialist government ha? Ashamed to say Islamic State. You'll be ashamed. Allah makes you ashamed. You won't succeed in anything. It is crossed out. Your constitution will not last. You forgot Allah (jj), didn't say the Basmala . See what happens... Everything you build, will fall on your head. This is Shah Mardan. It's not mine. I'm telling his news. Say! Saifun Maslul Shah Mardan had Dhu Al Fiqqar in his hand. Did they show it, Shah Mardan's sword? Didn't show anything. That sword will cut most of them. Live in the way of Allah(jj), you'll go His way. Whoever follows His way finds his grave a garden of paradise. Whoever doesn't follow finds a hole of hell. Whoever jumps into fire, finds a hole of fire. Wake up people. O dear Shah Mardan, we tell you may all the world listen, they listen or not. He doesn't give me salary or pension. We are the friends of Shah Mardan. We are friends. We want to be in his shade, the lion of Allah. We don't want the shadow of idols. We don't want the crackle of fire. We want to stay under the banner of the Prophet (saw). Was there a crowd like this for our Master (saw)? No. No, but something is coming on them, within this year. We find protection in Allah. Turn, keep Shah Mardan's way. They keep an eye on you in this life and the life to come.

Today's sohbah, our way is through sohbah Shah Naqshband Hz. ordered, 12 thousand times. Tariqatuna s-Sohbah wa l-Khairu fil Jam'iya. Our way is through sohbah. We speak from Shah

Mardan's sohbah, we don't sit and gossip. Whoever gathers around love, whoever starts his day with love, reaches evening with love. Whoever spends an evening with love, reaches morning with joy. O people, Listen to Shah Mardan. May your days be favorable, also your akhirah. The door of Repentance is open, not closed. We repented. If they say, "We didn't know o Our Lord" Allah accepts their tawba. They forgot Janabul Allah(jj), forgot Allah(jj). They worship fire, didn't say Allahu Akbar or send salat salam to Rasul. They didn't mention Shah Mardan. They only did Dabka-folk dance. They jumped over fire. Fire eats them.

Beware, beware. Fire isn't only what you make . There are kinds of fire. Fire in a plane, fire in a boat, a train catches fire, a truck, cars, the forests, houses catch fire, factories, people inside them are burned, lots of fires. Hu anfusakum- Oh people save yourselves - Anfusakum min al nar. There is a fire no one knows where it originates. You don't know where it is coming suddenly fire appears. Those burning people with fire they'll be burned themselves. Al Jaza'u min gins Al 'Amal What goes round will come back.You killed someone, you'll be killed,burned you'll be burned, destroyed ..Beware of Allah (jj) Educate Men, don't keep them in prisions. Serve people, don't make them slaves. Leave the village people alone. No one works in the villages. Town people are bewildered. They don't know what to do. It is the Days of Sedition. Our time is the time of sedition. At times like this, it is best to seek seclusion. Sedition times, who is saved? The one staying at home is the one who will get out of trouble.

This is time of the last times. The signs are appearing We are the umma of the last days. We are at the end of the last days. All these people sin. May Allah (jj) keep them away from us. That's why I am calling Shah Mardan. I'm calling him because he has his sword. He isn't scared from their guns and bombs. When he shouts Ya Allah(jj) all heads fall down. They stay motionless there. Islam is almighty. No one can oppose it. We aren't afraid. We're trying to be one of those whom Shah Mardan loves. Oh Shah Mardan. Put our name with those who love you. Let's be saved in this world and also in the next. O our Lord for the sake of Rasulullah(sas) Bismillahir Rahmanir Rahim. Keep us in the safe circle. Let's not be with shaytan's followers. Beware in order to be saved. You're not running away from him but following him (shaytan).The whole world. Be ashamed

A new Pope was elected. Oh people he didn't say anything. No advice - "Shaytan is the enemy,

don't follow him". A new Pope was elected, I hear. Listen to the news. "When Pope goes out bells ring "dan dun, dun dan, dan dun, dun dan." Except for bells I didn't hear anything else. Why is he Pope? To have the bells ring? There're many others to make bells ring. What are you advising mankind? No one saying anything? Oh those listening to me be fearful of Allah(jj), obey Allah (JJ) Follow adab, be a servant. Don't follow shaytan. He didn't say this.They say he moved his hand. He raised the cross in his hand! This isn't Religion. This doesn't make anyone "Men." Religion is the religion of Allah(jj) It has rules, what not to do. DId he say that? No he didn't. This world is chaos. Shaytan put up his tent in this world and causes chaos everywhere. Now Shi'a are also angry. Shah Mardan, also is angry with the Head of Christians. He didn't advise anything. Only lifted his hand. This doesn't save Men. Advise in order to save Men.
Oh our Lord forgive us, forgive us Forgive us Allah(jj). Don't leave us to our bad nafs.Too many shaytans, let's not follow them. Let's follow right path. Let's say Basmala. Let's remember our Lord so our day is good. Good Tidings for here and herefter. Amin.Wa salamun 'Ala l Mursalin, Khususan AlaSayydi l Mursalin,Salam to Shah Mardan. Today's few words are a gift to ikhwanu d-Din- brothers in Religion. Dinleyenlere a≈ükolsun, tutanlara ma≈üaallah olsun. Fatiha.

Asbahna wa Asbaha l-Mulk Lillah wa Nahnu `Abidan Lillah. Und Diener der Nation Muhammads (saws). Gepriesen sei Allah, wir haben einen neuen Tag erreicht. Madad ya Rijalallah, Madad ya Sultanu l-Awliya. Unsere Sicht geht bis dahin, dann.. Shah Mardan ist Sultan. Wenn er zu einer Dabka (Volkstanz) ruft, stellt er die Welt auf den Kopf. Shah Mardan Habibu r-Rahman. Subhanallah. Asbahna wa Asbaha l-Mulk Lillah. Wir haben den Morgen erreicht mit der ganzen Welt. Wie haben wir den Morgen erreicht? Als Diener Allahs? Wir erreichten den Morgen als Diener unseres Herrn, Jalla wa `Ala. Möge Allah unsere Dienerschaft anerkennen. As-Salamu `alaykum, lieber Shah Mardan. Diejenigen, die ihn lieben, diejenigen, die Shah Mardan lieben, den Löwen der Kampfplätze der Tapferen, lieben wir ihn, respektieren seinen Namen. Wenn er aufwachte, pflegte er Bismillahi r-Rahmani r-Rahim zu sagen. Die es

nicht sagen, sind Lügner. Wenn ihr sagt, ihr seid auf seinem Weg, wacht auf, sagt Bismillahi r-Rahmani r-Rahim. Sagt: 'Shah Mardan, zähle uns zu deiner Armee.'
Yawmun Jadid, Rizqun Jadid. Sagen wir Bismillahi r-Rahmani r-Rahim. Saifun Maslul. Es ist wie das Ziehen eines Schwertes. Basmala-i Sharifa. Bismillah wa Billah wa Bi `Azamatillah wa Bi Qudratillah. Bismillahi r-Rahmani r-Rahim. Nimm die Last von uns, unser Meister. Ich sage das aus Adab. Unser Rang ist nicht hoch genug, um unseren Herrn anzusprechen. Wir können nur Salams an Shah Mardan senden und wünschen, das Ehrenkleid seiner Gruppe zu tragen. Wer immer Shah Mardan Respekt erweist, sagt 'Ich bin sein Soldat', ist in Sicherheit in dieser Welt und in der Akhirah. Er hat Ehre in dieser Welt und in der Akhirah. Sagt: O Shah Mardan, "Zidhu ya Rabbi Izzan wa Sharafan wa Ridwanan wa Sultanan". Masha'Allah, Shah Mardan. Lieber. O seine Freunde, Salams euch. Salams euch von Shah Mardan. Wir empfangen sein Salam mit Vergnügen. Wir glauben, daß Shah Mardan für uns sorgt in dieser Welt. Am Yawmu l-Mashar legt er Fürsprache für uns ein in der Gegenwart Rasuls. Masha'Allah. Möge unser Tag günstig für uns sein, mein Sohn.
Dank sei Allah, wir wachten gesund auf. Unsere Hoffnung ist, daß wir zu keiner Gebetszeit schlafen. Wenn der Adhan Muhammads gerufen wird, werden wir in ein neues Gewand eines neuen Lebens gekleidet. Wenn du aufwachst, geben sie dir das Gewand eines neuen Lebens. Sie können wieder auferstehen, wenn sie wollen. Allahu Akbar, Allahu Akbar. Wenn es gerufen wird, ist Shah Mardan der erste, der die Einladung annimmt, seine Freunde, seine Geliebten. Allahu Akbar, Allahu Akbar. Was für ein Ruf! Was für ein wunderbarer Beginn. Allahu Akbar, Allahu Akbar. Schlaft nicht. Warum schlaft ihr, o Achtlose? Allahu Dhu l-Jalals Name wird erwähnt. Schlaft nicht. Schlaft nicht. Seine Geliebten sind wach. Steh auch auf mit ihnen. Habibi Kibriya, der mit Allahu Dhu l-Jalals Liebe bekleidet ist, unser Meister (saws), Meister des Universums. Wacht sofort auf, damit sie euch mit dem Gewand eines Meisters bekleiden. Schlaft nicht. Warum schlaft ihr? O jene, die die Himmel wollen, schlaft nicht. Er ruft 5 mal. Wir läuten keine Glocken. Sie legen den Tieren Glocken um den Hals. Sie gehen herum. Eine Glocke ist nicht das Zeichen einer Religion. Keiner der Propheten lud die Menschen mit einer Glocke ein. Die Glocke ist auch ein Schwindel. Was sie sagen ist ein Schwindel. Dreieinigkeit, das Kreuz.. Was sie sagen sind nutzlose Einbildungen. Kommt in die Wirklichkeit, kommt zu Haqq, kommt zur Wahrheit. Laßt falsche Dinge.

Die Leute der Welt haben Nawruz gemacht. Sie machten allen möglichen Wahnsinn. Was ist Nawruz? Was ist sein Wert? Gibt es gute Nachrichten? Sagte jemand 'Allahu Akbar'? Nein. Sagte jemand 'Bismillahi r-Rahmani r-Rahim'? Nein. Ich ziehe dieses Schwert für Allah. Sagte das jemand? Nein. Das Banner Shah Mardans "Inna Fatahna Laka Fat'han Mubinan" (48:1). Nein. Was ist los? Sie sind so, als wären sie von einer Herde Tiere. Wenn Tiere grüne Felder sehen, sind sie glücklich. Die Leute, die Nawruz feierten, wenn sie grüne Felder sahen, waren sie glücklich. Sie gehören zu den Vierbeinern. Tat Shah Mardan, was sie tun? Wie habt ihr euch das ausgedacht? Sie sagen Nawruz, sie machen Feuer, Dabka, Dabka.. Stoßen, Männer und Frauen werden verrückt. Sie schreien lächerlich. Was ist es? Ist es eine Religion? Die reine Religion, Hz Rasul (saws), es ist die Religion von Allahs Geliebtem. Shah Mardan steht über dieser Religion. Sagtet ihr Salam zu Shah Mardan? Salat und Salam zu Seinem Geliebten? Gepriesen sei unser Herr? Habt ihr das gesagt? Nein. Ihr machtet ein Feuer und sprangt darüber. Das Feuer wird euch verbrennen. O Freunde Shah Mardans, Liebende Shah Mardans, dieser Ummah, dieser Nation. Sagten sie 'Allahu Akbar' am Tag des Nawruz? Sagten sie, 'Lesen wir Mawlid Sharif'? Nein. Sagten sie, 'Hissen wir ein Banner mit Dhu l-Fiqqar'? Nein. Sie werden alle zusammenbrechen, ausgelöscht werden. Sie wurden wertlos.

Guckt nicht auf den, der spricht, guckt auf Den, Der mich sprechen läßt. Sagt Bismillahi r-Rahmani r-Rahim. Sagt um unseres Mawla willen, der diesen Tag zu einem Fest für die Nationen machte, der die Erde wiederbelebte. Rufen wir den Adhan Muhammadi in Seinem Namen. Allahu Akbar, Allahu Akbar, Allahu Akbar. Sagten sie 'Allahu Akbar'? Nein. Sie sind alle wertlos. Sie werden sich grämen im Grab. Sie mögen das Feuer sehr. Sie werden Feuer im Grab finden. Springt! wird ihnen im Grab gesagt werden, auf die Steine.. Sie können nicht springen, fallen hin, verbrennen. Die Engel ziehen sie wieder heraus. Ihr pflegtet über Feuer zu springen. Ihr wart so glücklich. Springt. Sie fallen wieder hinein und verbrennen. Niemand sagt es ihnen, warum? Niemand hört zu. Shah Mardan sprang über Feuer? Tawba Astaghfirullah. Hier springt Shah Mardan über Feuer? O Freunde Shah Mardans. 3, 5, 10 Leute kommen zusammen. Ihr solltet euch versammeln. Spielt nicht Shaytans Spiele. Spielt nicht Dabka, Volkstanz. Sitzt. Ihr solltet eine Zusammenkunft haben. Dort erzählt Shah Mardans schöne Geschichten. Jene, die seinem Weg folgen, erzählen die Geschichten von Awliya und Reinen,

Geschichten der Propheten. Erzählt Geschichten von Shah Mardan, so daß wir mit Tapferkeit bekleidet werden. Sagt Habibullah (saws). Ihr werdet mit seinem Licht bekleidet. Erzählt von Luqman, Luqman dem Weisen. Sagt: Wir haben lange nicht gesprochen, o heiliger Luqman al Hakim. Du hast die Heilung für jede Krankheit. Um deinetwillen mögen die Lasten von uns aufgehoben werden. Seid Freund mit diesen.

Selbst Tiere wollen im Morgengrauen schreien. Jeder, der im Morgengrauen schläft, ist beschämend, besonders jene, die über Feuer springen. Die Engel werden sie ständig wieder ins Feuer stoßen in ihren Gräbern. Sie werden verbrannt werden, herauskommen, dann wieder schlagen sie seinen Kopf, ins Feuer.. bis zum Gerichtstag. Hartnäckige Lügner sagen, wir sind dies und das. Wo ist euere Männlichkeit? Wo ist euere Tapferkeit? Was habt ihr für Allah getan? Ihr habt für Shaytan gearbeitet. Ihr habt Feuer gemacht und seid darüber gesprungen. Dieses Feuer wird euch verbrennen, wenn ihr nicht bereut. Sagt: Ich werde es nicht wieder tun. In euerem Grab werdet ihr eine Menge Feuer finden, vom Kopf bis zu den Füßen und anders herum. Es wird euch verbrennen bis zum Letzten Tag. Unsere Religion ist kein Spiel. Das ist der Rat von Shah Mardan. Reißt euch zusammen. Kommt in die Gänge! Schande auf euch, ihr wart nicht vorsichtig. Schande auf euch, ihr habt nicht das Banner des Islam gehißt. "Inna Fatahna Laka Fat'han Mubinan" (48:1).

Frauen, wer sind euere nahen Gefährten? Ihr laßt sie unter Männer gehen. Das sind alles Wege Shaytans. Ihr werdet euch auch grämen, bevor ihr sterbt. Wenn ihr nicht bereut, werdet ihr euch im Grab grämen.. Auch wenn 100 Hodjas für euch beteten, wäre es nutzlos. Die Staatsmänner kamen, wie Bullen ihre Bäuche. Sie tanzen und schreien. Was für eine Regierung ist das? Gibt es ein Sultanat wie das? Welches Sultanat tat das früher? Niemals. Sie waren Sultane. Ihr Sultanat war in den Himmeln besiegelt. Diese suchen nach einem Siegel in dieser Welt. 'Wir tanzten auch beim Nawruz. Schreibt unsere Namen auch auf.' Jene, die Nawruz feiern, sind ohne Glauben. Gibt es noch Islam? Gibt es noch Muslime? Die Religion von Zardusht, sie beteten das Feuer an. Das Oberhaupt der Perser, Zardusht, betete das Feuer an. Dieses Feuer verbrennt sie. Sie kamen hierher. Für was auch immer sie kamen, sie wurden hinweggefegt. Was ist Zardusht? Shaytans Erfindung. Ihr folgt ihm immer noch. Sprecht ihr jemals über den Propheten des Zeitenendes (saws)?

Shah Mardan zog sein Schwert und zerstörte die Festung von Khaybar auf einen Schlag mit

seinem Schwert. Wie könnt ihr sagen, ihr seid Alawiten? Ihr seid Lügner. Wie könnt ihr sagen Shi'a. Es stimmt nicht. Der Imam wird am Ende der Zeit kommen. Der Imam wird aufbauen, was diese Ignoranten zerstört haben. Er wird die Ignoranz dieser Leute hinwegfegen und wird den Islam auf der Grundlage des Großen Islam aufbauen. Eine unbestreitbare Macht und Sultanat ist im Anmarsch. Hütet eueren Kopf, sonst bricht euer Kopf ab. Feuer wartet im Grab. Ihr mochtet das Feuer sehr. Geht und springt innerhalb des Grabes. Wohin werdet ihr springen? Wie das Fleisch am Spieß werden sie von einer Seite aufgespießt, die Engel drehen sie so über dem Feuer. Fürchtet Allah (jj). Hört auf Shah Mardans Rat. Ist er über das Feuer gesprungen? Was ist das für eine Schande! Ihr machtet die Religion schändlich. Etwas kommt auf euch herab. Jetzt ist Shah Mardan sehr wütend, verärgert wegen dieser Nawruz Feiern. Würde Shah Mardan schreien wegen ihrer Wildheit, würden keine Köpfe mehr auf den Schultern sein. Ein unsichtbares Schwert würde schneiden und ihre Köpfe würden fallen. Aber es gibt keinen Befehl. Laßt sie. Es gibt keinen Befehl. Laßt sie was auch immer tun. Sie werden später bestraft. Laßt, es ist keiner mehr da mit Denkvermögen. 20, 30, 40 Millionen Leute feiern Nawruz. Feiern, machen Feuer, Feuer, das euch verbrennt. Reißt euch zusammen. Wenn nicht, wird es jemand anders tun. Unser Herr, Tawba ya Rabbi, bereuen wir vor Allah (jj). Wenn nicht, werdet ihr leiden. Zorn wird euch nicht lassen. Im Grab werdet ihr Kebab sein. Ihr seid über Feuer gesprungen? Hier ist Feuer. Shah Mardan halte Fürsprache für uns.

O Freunde, Marhaba. Warum habt ihr nicht Fajr in einer Derga gebetet, in einer Derwischhütte, in einem Grabmal, in einer Masjid, in einer Moschee? Findet einen Kreis, sitzt, hört über die Größe des Islam, seine Reinheit, Sauberkeit, Macht, Majestät. Warum habt ihr nicht zugehört? Ihr gingt hinaus auf die Straßen, in die Felder, machtet Feuer. Mädchen, Frauen, ihr tanztet dort. Ist das halal? Wo sind unsere Hodjas? Wo sind unsere Gelehrten? Sie sollten den Mund aufmachen. Die Münder sind versiegelt. Ihre Muftis, ihre Imame, die beanspruchen, Gelehrte zu sein, sagen nicht, das ist haram? Wie können sie nicht? Amtsträger gingen dorthin und tanzten, sprangen über das Feuer. Wieviele fielen hinein. Sie wurden mit großer Anstrengung gerettet. Feuer ist kein Spiel. O, Gnade, unser Herr. Entferne uns nicht vom Licht des Glaubens. Halte uns nicht fern vom Weg Deines Geliebten (saws), des Sohnes seines Onkels. Der Adab Shah Mardans muß unser Adab sein, Tapferkeit, Mut sind seine Ehre. Seine Ehre. Respekt für die Menschen, die Nation Muhammads, Dienst ist ihr Zeichen. Tut es, euer Gesicht wird leuchten.

Sonst wird euer Gesicht wie Kohle sein. Feuer springt auf Kohle und verbrennt sie.
Sagen wir, o Freunde, Bismillahi r-Rahmani r-Rahim. Möge Er uns reinigen. Sagen wir Bismillahi r-Rahmani r-Rahim. Bismillahi Lladhi la Yadurru ma`a Shay'in mina l-Ardi wa la mina s-Sama'i, wa Huwa s-Sami`u l-`Alim. Sagt die Basmala Sharifa und blast. Keine Probleme, kein Leid mehr. Sagt: Shah Mardan, wir opfern uns für deinen Weg, zähle uns zu deinen Soldaten. Sagten sie: Schicke uns nicht fort!? Sie sagten es nicht. Millionen von Leuten füllten die Arenen. Sie machten Dabka. Sie tanzten. Regierunsbeamte, manche von ihnen fielen ins Feuer. Manche können nicht springen, da sie, masha'Allah, Bäuche haben.. Bäuche wie Bullen. Sagt nicht so viel. Ich sage nichts. Shah Mardan beschreibt sie. Sie füttern ihren Magen, denken nicht an ihren Verstand. Sie handeln nicht weise. Ihr Lebensplan, ihre Lebensart ist: Wir sind Sozialisten. Sozialistische Regierung, ha? Schämen sich zu sagen 'Islamischer Staat'. Ihr werdet euch schämen. Allah beschämt euch. Ihr werdet keinen Erfolg haben. Es ist ausgestrichen. Euere Verfassung wird nicht halten. Ihr habt Allah (jj) vergessen, habt die Basmala nicht gesagt. Seht, was passiert. Alles, was ihr gebaut habt, wird euch auf den Kopf fallen.
Das ist Shah Mardan. Es nicht meins. Ich spreche seine Nachrichten. Sagt! "Sayfun Maslul, Shah Mardan hatte Dhu l-Fiqqar in der Hand. Zeigten sie es, Shah Mardans Schwert? Sie zeigten gar nichts. Dieses Schwert wird die meisten von ihnen schneiden. Lebt auf dem Weg Allahs (jj), ihr werdet auf Seinem Weg gehen. Wer immer Seinem Weg folgt, findet sein Grab als Paradiesgarten. Wer immer nicht folgt, findet ein Loch der Hölle. Wer immer ins Feuer springt, findet ein Feuerloch. Wacht auf, Leute. Lieber Shah Mardan, wir sagen dir, möge die ganze Welt zuhören. Sie hören zu oder nicht. Er gibt mir weder Lohn, noch Rente. Wir sind Freunde Shah Mardans. Wir sind Freunde. Wir wollen in seinem Schatten sein, des Löwen Allahs. Wir wollen nicht den Schatten von Götzen. Wir wollen nicht das Knistern des Feuers. Wir wollen unter dem Banner des Propheten (saws) bleiben. Gab es eine Menschenmenge wie die für unseren Meister (saws)? Nein. Nein, aber etwas kommt auf sie, noch in diesem Jahr. Wir finden Schutz bei Allah. Kehrt um, bewahrt Shah Mardans Weg. Sie behalten euch im Auge in diesem Leben und dem künftigen. Das heutige Sohbah. Unser Weg gründet auf Sohbah. Shah Naqshband befahl 12 tausend Mal: "Tariqatuna s-Sohbah wa l-Khayru fi l-Jam`iya." Unser Weg gründet auf Sohbah. Wir sprechen von Shah Mardans Sohbah. Wir sitzen nicht und tratschen. Wer immer um der Liebe willen sich versammelt, wer immer seinen Tag mit Liebe beginnt, erreicht den Abend mit

Liebe. Wer immer den Abend mit Liebe verbringt, erreicht den Morgen mit Freude.
Leute, hört auf Shah Mardan. Mögen euere Tage günstig sein, euere Akhirah auch. Das Tor der Reue ist offen, nicht verschlossen. Wir bereuten. Wenn sie sagen: Wir kannten unseren Herrn nicht!' Allah nimmt ihr Tawba an. Sie haben Janabul Allah (jj) vergessen. Sie beten Feuer an, sagten nicht 'Allahu Akbar' oder senden nicht Salatu Salam an Rasul. Sie erwähnten nicht Shah Mardan. Sie machen nur Dabka Volkstanz. Sie sprangen über Feuer. Feuer frißt sie. Hütet euch, hütet euch. Feuer ist nicht nur das, was ihr macht. Es gibt verschiedene Feuer. Feuer in einem Flugzeug, Feuer in einem Boot, ein Zug fängt Feuer, ein Lastwagen, Autos, die Wälder, Häuser fangen Feuer, Fabriken, Leute darin verbrennen, viele Feuer. Hu Anfusakum - O Leute, rettet euch. Anfusakum mina n-Nar. Es gibt ein Feuer, von dem niemand weiß, woher es kommt. Du weißt nicht, woher es kommt, plötzlich erscheint es. Diese Leute, die Feuer anbrennen, werden selbst verbrennen. Al Jaza'u min jins al `Amal. Was herumgeht, kommt zurück. Ihr habt jemanden getötet, ihr werdet getötet, verbrannt, ihr werdet verbrannt, zerstört.. Fürchtet Allah (jj). Erzieht die Menschen, haltet sie nicht in Gefängnissen. Dient den Menschen, macht sie nicht zu Sklaven. Laßt die Dörfler in Ruhe. Niemand arbeitet in den Dörfern. Die Städter sind verwirrt. Sie wissen nicht, was tun.
Es sind die Tage der Aufruhr. Unsere Zeit ist die Zeit der Aufruhr. In Zeiten wie diesen ist es am besten, Abgeschiedenheit zu suchen. Aufruhr Zeiten, wer wird gerettet? Derjenige, der zu Hause bleibt ist derjenige, der keine Schwierigkeiten bekommt. Dies ist Zeit der letzten Zeit. Die Zeichen erscheinen. Wir sind die Ummah der letzten Tage. Wir sind am Ende der letzten Tage. All diese Menschen sündigen. Möge Allah (jj) sie von uns fernhalten. Deshalb rufe ich Shah Mardan an. Ich rufe ihn, weil er das Schwert hat. Er fürchtet sich nicht vor ihren Gewehren und Bomben. Wenn er ruft "Ya Allah" fallen alle Köpfe. Sie bleiben bewegungslos da. Islam ist Allmächtig. Niemand kann sich dagegen stellen. Wir haben keine Angst. Wir versuchen, einer von denen zu sein, die Shah Mardan liebt. O Shah Mardan. Setze unseren Namen zu denen, die dich lieben. Laß uns gerettet sein in dieser Welt und auch in der nächsten. O unser Herr, um Rasulullahs (saws) willen, Bismillahi r-Rahmani r-Rahim. Halte uns im sicheren Kreis. Laß uns nicht bei Shaytans Anhängern sein. Hütet euch, damit ihr gerettet werdet. Ihr lauft nicht vor ihm davon, sondern folgt ihm, die ganze Welt. Schämt euch.

Ein neuer Papst ist gewählt worden. O Leute, er sagte nichts. Kein guter Rat. 'Shaytan ist der Feind, folgt ihm nicht.' Ein neuer Papst ist gewählt worden, höre ich. Hört die Nachrichten. 'Wenn der Papst ausgeht, läuten Glocken', Ding dong, ding dong, ding dong, ding dong. Außer Glocken hörte ich nichts. Warum ist er Papst? Damit die Glocken läuten? Es gibt viele andere, um die Glocken läuten zu lassen. Was rätst du der Menschheit? Niemand sagt etwas? O die, die mir zuhören, fürchtet Allah (jj), gehorcht Allah (jj). Befolgt den Adab. Seid Diener. Folgt nicht Shaytan. Er sagte das nicht. Sie sagen, er bewegte die Hand. Er erhob das Kreuz in der Hand. Das ist keine Religion. Das macht niemanden zu Menschen. Die Religion ist die Religion Allahs (jj). Sie hat Regeln, was man nicht tun darf. Hat er das gesagt? Nein. Diese Welt ist im Chaos. Shaytan hat sein Zelt aufgestellt in dieser Welt und verursacht überall Chaos. Jetzt sind die Shi'a auch zornig. Shah Mardan ist auch zornig mit dem Oberhaupt der Christen. Er gab keinen guten Rat. Er erhob nur die Hand. Das rettet die Menschen nicht. Gib guten Rat, um die Menschen zu retten. Unser Herr, vergib uns. Vergib uns, Allah (jj). Überlaß uns nicht unserem schlechten Nafs. Zu viele Shaytane, laß uns ihnen nicht folgen. Laß uns dem rechten Weg folgen. Sagen wir die Basmala. Erinnern wir unseren Herrn, so daß unser Tag gut ist. Gute Nachrichten für hier und das Jenseits. Amin. Wa Salamun `ala l-Mursalin, Khususan `ala Sayyidi l-Mursalin, Salam an Shah Mardan. Die wenigen Worte von heute sind ein Geschenk an die Ikhwanu d-Din Brüder in der Religion. Für die zuhören soll es Liebe sein und die, die festhalten, masha'Allah.

**This Life is Temporary!**

Destoor Ya Sayiddi, Meded!

(Mawlana Stands)

Anta Allah! Ya rabbana.

Oh our Lord. Help us! Glory be to You and to You be praise and You have no partner and Muhammad is Your messenger.

Ya Rijaal Allah! Destoor Ya Sayiddi Ya Sultanu ’l-Awliya.

And we are saying As-salaamu `alaykum to our listeners. I am knowing nothing and I am a weak servant and this is a humble association. And to make our aim to make our Lord's order to be up never going to be done down just granting an honour. O people!! Beware Shaytaan and its followers and we are saying, a`udhu billahi min as Shaytaani 'r-Rajeem, bismillahi 'r-Rahmani 'r-Raheem.

We must learn and try to be good ones. That is our aim and target and that is what the Lord of heavens asking from His servants he is asking that His servants - to be good ones, good ones. O people!! Try on it. Try to be good servants.

May Allah forgive us through this holy month. Through every occasion, we must try and learn something. Oh master of this world! Look after the weak servants of your Lord and send us of your holy breathing that if reaching to a dead body, making it to stand up to be alive. Yes! Masterhood: that is their sign that they are breathing may bring a dead one into life. Can be? Yes it can be, one thousand times “yes!” O people!! Look and ask, “Where is such a master whom his breath gives you a real life?”

O people! It is a big occasion that we have been granted, we have been sent on this planet and the reason to ask a heavenly breathing that if you are breathing heavenly to reach real life. Temporary, (this is) a temporary life. You came here (for a) temporary life, now we have been real aim for the creation a place extending to eternity and we have asked to reach the level of permanent lifestyle. Therefore, the Lord of Heavens just sent us special ones; selected ones; elected ones; glorified ones, to carry people (from) here to the level of permanent life.

And people that living on this planet always fearing from dying and no way to reach to a level of permanent life (without) passing through our temporary life. You must pass through this bridge of temporary life to reach the level of real state of permanent life. When you are reaching lifestyle, it is eternal but you must pass or leave something here to be lighter; light, lighter, to reach the level of permanent life station or heavenly level.

Now, we are not on heavenly level. This life is most dirtiest life. Now we are in this life through dirtiness, dirty level of life of mankind, but people like it and they are trying to take much more dirtiness from this world and dirtiness is cutting our ways of reaching from permanent life stations that is heavenly level. Therefore, that is most important point which mentioned through holy books (and) very few people, they are understanding the way for reaching permanent life level that it is (the) heavenly level. If anyone reaching heavenly level no dirtiness there; no darkness there; no troubles there. Nothing may give man a sadness; nothing making man to be hopeless (in) that heavenly level. It is `ajeeb - amazing and astonishing level - and people they like to be always on this level of asfala saafileen (the lowest of the low).

You can find Holy Quran to give mankind everything on a planet that it is or it was the centre of troubles and miseries. Yet people like it. They are not thinking beyond this life a permanent life or heavenly life. They are always getting in sadness because daily they are feeling melting (their) beings, physical beings, coming down, coming down to be on dust point; zero point.

SubhanAllah - Glory to Allah! He was saying to His servants, “I am putting you in My Paradise. No trouble there; nothing hurting you there. You should find everything there. But you did a wrong thing and that point through your creation, as long it is with you, you can’t reach back to Paradise. Therefore, that point making you to fall in sufferings and miseries daily running on you; miseries and troubles and sufferings. Because

cursings coming from heavens on people on earth and they are not accepting or not understanding that there is a level that it is (a) heavenly level. Nothing can (make) suffering (for) you (there); nothing making you unhappy there. But the level you fall down (is) full of troubles and sufferings. No taste for you (but) misery and troubles.

The Lord of heavens send to you from high heavenly levels to take you, to save you from troubles , and dirtiness and cursing from earth to take you up the level of heavens. (There, there is) no miseries, no fear and no troubles. No anything making you to fall in miseries and sufferings. It should be forever it is permanent life level heavenly level and permanent means eternal. Eternal for your souls! You can't be able to taste anything really and anything physically giving to you some enjoyment. No! Never giving to you. It is finishing and you are going to be dust and it is eternal life and you are going to be in trouble and sufferings (and) everything around yourself going to give you some suffering. From everything you are taking - even from far away.

You may say, "Ooooooooh! Such a beauty of this planet," (but) never giving to you a real enjoyment. At least you may say, "I am approaching to my life's end that it is temporary life enjoyment. Just going to finish day-by-day. He is feeling inside that one or for everyone coming and entering through a darkness like when sun shining, men going to be so happy and sun walking and after `Asr before sunset, it is going to be a source of trouble or miseries. He thinks that one day is getting to be like that sun. It is beginning with lights and lightening (then) it is beginning to become less, approaching to its last point every day. (The) sun is giving mankind a very good lesson or advice.

O people!, you are warning and running to disappear. Your last day coming to you and last day with its last time that you are going to disappear from existence. That is giving people biggest sorrow, biggest sorrow, to look and see (that) "like that sun I am rising, and now I am setting."

That is temporary life. Therefore, the Lord of Heavens sending his elected ones, His messengers, (saying) "Oh My servants! Don't worry. I am sending to you My Message. Don't worry if this level of life of temporary life cheating but I am preparing for you heavenly permanent level of life."

Allahu Akbar! Holy Quran al-Kareem and Holy Prophet's Words to teach people (that) "Your life is a temporary life, but this must be finished. But I am calling you to permanent life level which is forever,

eternal.”

But people (are) following Shaytaan and Shaytaan giving much more hopeless and they are cutting their hopes from another level of life.

O people! Believe in holy books and (they are) making such a weak servant to speak to you (on) some realities. You must understand this life is a temporary life and don’t be hopeless. And this way is taking you, if (you are) preparing yourself (it is) taking you to heavenly advices and following masters of this world and reaching to heavenly levels. Don’t worry! You are reaching the level of heavenly levels that it is the level of permanent life and first of all the Lord of heavens (giving) as you like. If you are believing and ready, preparing... If you are preparing for heavenly levels, real life (is) there. This life is not real life. You must understand and follow the prophets, particularly the Seal of Messengers. Try to reach to that level. The Seal of Prophets (s) just reached to that level (where there are) no more troubles; no more miseries. You should find eternity for you.

May Allah forgives us O people! It is a huge oceans that we are entering. Try to entering in it. O people! Listen and believe and understand or you are given your punishment to yourself (thinking “I believe) temporary level of life. I don’t know beyond that life.”

May Allah forgives us! Oh our Lord! All thanks to You that you don’t leave us to hands of devils and You save us through this holy month.

Fatiha.

**This world may be as an atom through this well-seen universe**

(Sheikh Adnan is arriving and staying one week)

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Meded, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Ad-dinu nasihat...By the Name of Allah Almighty, All Merciful, most Beneficent and most Magnificent...Yesterday is something, today is something else...

You can’t find anything through a second or less of a second, in a time that may be second or third, or 4th or 5th or 6th or 7th or 8th, or 9th or 1oth- you can’t find an end. If you are going to divide, unit of time, no one can say that time is something that (is) never ending or (that has) no beginning- Ezel, Abad- but the Creator just granted to His servants everything prepared through this world, according to our capacity. Because this world that mankind landed on it and then their generation spread on it, it only may be as an atom through this well-seen universe, no more. Beside of the Greatness of the universe, our planet may be less than an atom. And on it we are living, millions or billons of people. And our physical being’s space on this planet, our position through this planet, it is going to be also like an atom. This planet so big for our bigness or for our position.

And then- man, whom they have been landed on this planet, they have been granted some special and secret (attribute) from our Creator. Even we are so small physically, but that secret attribute that we have been granted, (is) making ourselves as (if) we are collecting all of this planet and we are saying it is so small world. Now people are saying: “It is such a small, little globe” and people now are asking to look another planets to reach to there. It is going to be so small for ourselves...What do you means to say this? It is something important!...Meded!...

And the Lord of Heavens, the Creator of this universe, through countless galaxies, we have been granted to be on this globe and we have been landed, we have been coming in existence on this planet. The Lord of Heavens, the Creator is saying: “Wa wa’da al mizan.” He put a balance. Nothing is going to be without balance for this planet! That must be well known. Everything is in balance and that balance (is) for what?

To show mankind that everything around themselves is just put in a special way and that (all creatures) they have a balance. You may look and see a tree with branches, leaves, flowers, fruits, and we are saying that: “It is a natural system that this tree is growing like this or like that, growing from right hand, or growing from left hand, or growing up or growing down, towards earth...” We are thinking that without balance that tree is growing and (that) its branches and leaves are coming without any balance. But (it) can’t be! Every tree that is growing must be under a balance, (a) divinely Rule, (arranging) up to where (it is) going to rise up, up to where it must be growing through branches, with which branch (it is) beginning, from where (it is) beginning, from which direction (it is) going to grow and then that branch also is going to bring so many smaller branches and at the end of that branches (there are) leaves- with which point they are going to appear. Then: in which measure and balance (these) leaves are going to be arranged, and when its flowers are going to appear, when that tree is going to flower. And then- its fruits, how (they) should be? Everything must be in a balance! This, only for this nature that we are living in, you must use your mind to think on it! And by thinking on creatures, you may find a way to the Lord of Creation, to the Lord of Heavens. But it is important that on this small planet, that you are living through this nature, everything is just arranged according to your understanding level!

Then you are asking: “This planet- to whom it belongs? A Rule can’t be without (having) a Ruler.” You are not putting (those) rules through nature, but you are finding hundreds and thousands of Rules (Laws) through nature. Who is that one that (is) putting that Rules on this planet?

Then you are asking a way for understanding. You are asking for (the) Creator, you are asking (for) the Manifestor- who is that One? You are asking. That understanding that you may be granted, don’t think that you can be able to be granted a full understanding. No! You can’t carry this! That understanding for that Manifestor and Designer and Creator is only going to be according to your (private) secret Grant that you have been granted from the Creator- according to that spot, that you can’t see. It is not a material thing, can’t

be. You must not balance that understanding with ordinary balance, no.

And even it is beyond of your mind and beyond of (the) mind (is) coming mentality. Your mind is going to be in connection with the material of this planet. You may balance this nature according to your mind's understanding; that means (on the) mind's level. Beyond that, over your mind, there is mentality. Mind may belong to our physical being, but mentality is going to control our physical being; its level belongs to our heavenly being, (our) spiritual being.

That is (the) first step, that through your mentality you may find a way for understanding our heavenly Position. And when you are reaching that level, through that level, according to your spiritual understanding level, you are reaching an understanding for the Lord of this planet. You can't reach (to the) universe, no, on this planet.

(The) biggest mistake of mankind now- (and) sometimes believers also fall in that mistake- is that they are asking to make the Creator through their mentality, through their spiritual level, to bring that One to their (own) horizon of knowledge and understanding. Therefore they are speaking something that is never going to be accepted in Reality. Because your existence is not a real Existence. (The) universe has never a real existence. If real Existence was given to the universe, the universe must be fixed- never moving, never changing, never disappearing.

And now when they are looking (to space) they are saying (that there are) 'Black Holes'. That Black Holes- gigantic galaxies are coming nearby and disappear! If that gigantic galaxies have a real Being, how they are going to disappear? No, (it) can't be! (But) they are only an appearance from existence of creation. He is (the) Creator (and) creating, and we are looking and saying: "Oh, we are in existence." And (that idea is) bringing people to be mistaken about their Lord. Don't use your mentality up, over your understanding level. Finished! You have been granted a level for understanding. "Allah", they are saying, "is beyond our understanding." You may reach endless horizons for understanding, but you should find never-ending horizons. Any limits you are reaching, His real Existence is beyond that, and you are always going to be on the position of non- being. That means we have never a real Existence here or Hereafter. No!

His holy Name 'Samad'- no one (is) understanding. (His holy Name) 'Samad',- (they are) giving its meaning now, we are saying now- that He is in real Existence. All, everything (of creation) has no space and no any

position to be in existence, (it is) only as an appearance, coming and going. Nothing from creatures is going to have a real Existence- ha sha- that is Shirk!

‘Samad’- you can’t find any place empty- according to our understanding-, that it is not going to be His Existence there. (There is) no room for anything through His Existence. ‘Samad’- no room, no space, no place. You may say (there are) billons, trillions like this universes, gigantic universes- but (there is) no room for them in real Existence. They are not, they are never granted a real Existence. “Lam yalid”! He is never giving from His real Existence to anything, to anyone. Can’t be! “Lam yalid”! He is never giving from His (real Existence) ‘wilada’, that means to give birth. A mother (is) giving birth (and) bringing a baby, giving an existence to that baby- but Allah Almighty (is) never giving from His real Existence to creatures, no! If we can find a space even less than an atom to put for someone existence in it, that means: He is not controlling everything by Himself, Can’t be! “Allah- Huwa al an kama kan!“ Allah- Hu Allah! He is Allah, that now also He is only One! As in pre-eternal how He is, (He is) going to be in eternal- never coming with Him anyone, no! He is ever giving a real Existence to anyone, can’t be!

Therefore, your mentality you must use and we have been ordered to use our mentalities according to our understanding level, not more in front, no! I am looking here to trees that before three months ago they were only woods. Now they are decorated everything with so many things and we are thinking that they have a real existence. After six months you can find all of this just disappeared. Where they are now? Finished. No existence for them. If they have a real existence, that can’t disappear. Biggest mistake to think about the Lord of Heavens and to claim that we are also in existence. No. Mankind that now everyone is claming: “I am that one” and never accepting to be no one, but saying: “I am someone”-, after a while they are going to disappear. Finished.

It is written in old Books and so many events as a tale- tales may be even fairy tales, doesn’t matter- I heard and I read (that) through India- that India is most holyfied continent on earth with so many surprising events, surprising botanics, surprising animals world- so rich continent you can’t find as in India, and its history is full with such surprising, astonishing tales. And so many people lived in it.

And our heedless Indian people (are) running away from such a rich continent and (they are) running to learn something in England, in Europe, coming even to Cyprus to learn something and (they are learning)

this or that- all of them (are) heedless! They are not looking what Allah Almighty granted to them. They are running away from India to find work to live- they are so foolish, mindless people, leaving India and coming to Europe! What is in Europe? Wines, adultery, thieves, foolishness, violence- to where they are coming? But no mind people! Allah granted them so (many) treasures!

And then- so many tribes, so many kinds of people lived in India... and just reached to me also a tale that there was once upon a time (a King); they were governed by Kings, and they were happy that (there is) no democracy for them.

These foolish ones here (are) asking democracy- Turks, Pakistanis, Hindistan people...

Kings were governing and it was from their customs (that) when their King was passing away, they were preparing him and carrying him to his graveyard- not on shoulders or on a box like Christians or Muslims- (but) they were putting him on a sledge and (he was) lying on it and his head (was) outside. And people (were) carrying (him), (and they) were clapping (their) hands: “Ohhh, our King is going”- they were making a dance, very happy that that King (died), who was sitting on his throne (before), such a proud one, on his head his crown, in his hand his royal stick, so (beautiful) clothes...At the end they are putting him on a sledge and his head (was) not fitting on (that) sledge going to be out and they are carrying him and he is making tack, tack, tack, his head hitting the ground...and people (were) very happy: “Yesterday you were on your throne, but today we are carrying you, because today you can’t carry yourself also, we are carrying you. Look, oh Kings, finally you should be like this! Use your goodness, use your best doings for your nation or you are finally going to be like this!”

And people they were not thinking on it that (they have) no existence, that means: “Yesterday you have an existence to be a King, but today (there is) no existence for you, we are carrying you to a field, to the graveyard, to put on you earth and to leave you under earth and to grow on you so many grasses...”

Where is your existence, oh people! “I am graduated Pakistan student”...”We are graduated doctor of physics”, “doctor of good relationship between Shaitan and people- public relation”...People (are) graduating, putting on their heads (the) hat of Jews and dressing like (a) black eagle, putting this jubba, And putting their diploma (standing) like this (making photograph:)...”He graduated from (the) University of Europe University of Lefke”...And then- it is not enough also- “We are working to be masterhood now”...and after:

”To be PHD”... X.- you are doctor? Forget it...Where is your existence?

Look, (what happened to) so many Kings in India through thousands of years! They were carrying that King on a sledge to show people that (there is) no existence even for Kings or Emperors. “We are carrying him now to his graveyard” and making his head to hit earth and they are carrying him ...

Oh people- wrong way! All nations on wrong way (they are) going. Democracy is the wrong way, because it is making people to run away from their Lord, to run away from Reality! Democracy (is) cheating people, saying: “You have a real existence” and (there is) no real existence (for anyone) except for the Creator. May Allah forgive us!

And Muslims they are saying: “That (one is a) big Alim, big Wali” and saying: “This reached to that station...” No station! (There is) only (the) station of servanthood and our situation, our position is only to be on (the) servanthood stage and to say: “Oh our Lord, we are Your servants. No existence for ourselves! Real Existence for You, whole Glory for You! Oh, our Lord, forgive us and grant us from You endless Blessings to be happy with Your Existence. We know we have no existence- grant us existence, only to look to Your unchanged, never-ended, ever-ended Beauty Oceans, to be there!” May Allah forgive us and give us some understanding!

Therefore everything (is) going to be on the level of our understanding, no more, more you can’t carry! We are speaking on the lowest level of understanding, no more, and the levels of understanding are never ending. “Marifatu-llah bahrun...The knowlegde about our Lord, stages or stations for understanding (are) never ending, never ending...from pre-eternal up to eternal.

Oh our Lord, give Your Mercy to your heedless servants! Give us from Your endless Mercy Oceans someones to awaken ourselves, to say: “Oh people, wake up and look to Reality!”

For the honour of the most honoured one in Your divinely Presence, S.Muhammad sws, Fatiha.

**This year there is a strong Tajalli, full of heybet. All those who are not making Sajdah, no matter, who they are, are going to die**

This year there is a strong Tajalli, full of heybet. All those who are not making Sajdah, no matter, who they are, are going to die. Who is not making
Sajdah, has reason to fear. But if your name is not written from among them,
you have nothing to fear...
Audhu bi-llahi mina shaitani rajim
Nowadays everyone is slave of his ego, living to serve his ego. From
morning, when he is awakening and opening his eyes, till night, when he is
going to sleep, he is asking: 'O my ego, what do you want?' 'I want to take
a bath.' 'You want to make Wudhu?' 'No, I want to take a bath, relax and sit
in there all day...' If you remind it of prayers, it says: 'I have no time
for prayer. I am so busy. Five times prayer? Shall I pray the whole day?!'
It doesn't like to make Wudhu, and prayers are not on its plan. And fasting?
'I am not fasting, I cannot carry it, I want to eat..' 'What do you want to
dress, o my ego?' 'Let me look in the wardrobe...No, this dress I wore
yesterday, today I must dress something different.'
These examples are to show you how people are living nowadays. They are

slaves of their ego, they live only to fulfill its wishes. So few are the people who are serving Alla- they can be counted with two hands. Everyone is servant of their ego and friend of Shaitan. Nafs, Hawa, Shaitan, Dunya- you cannot save yourself, if you don't get free from these four ennemies. Who cannot free himself from his own ego, cannot free someone else...People are servants of their ego- may Allah not let us be from them, because their punishment in Dunya and Akhirat is big. In Dunya they are punished, because they can never reach a peace in themselves. Their wishes are endless, and the more you give to them, the more they want. Like this their life in Dunya is hell. If you don't keep the ego under control, you will never make it satisfied. It never gets enough.

Now they are beautifying tombs. Before they made them simple, from wood, now they must be decorated and from beton. Ya Hu- to give him his right, 5 kurusch is enough for a tomb. No, it must be 5 million kurusch, when so many people are dying from hunger and cold, get ill, or have no sufficient pension. But to give to these people is not acceptable for the ego...The ego doesn't let you free for the service of Allah, and so people are feeding their ego without limits, because the greed of the ego has no limits. Therefore now people are going to eat one another...

Who can control himself, can control the world. This is the measure of true greatness: Great is that one, who may control his ego...

Advice for a business-man and his son: ...Shaitan is cheating mankind with so many tricks. He is telling them to study, and he is showing it as something precious. If someone says: There is a heap of gold over there- is there anyone that would not run to take from it? Why you don't work with your father?...

There is no crises for a Muslim. Rather his business will increase... The heart of a business is not to involve strangers, but to keep the secrets in the family. The control must be in the hands of members of the family, not

in the hands of strangers, because not everyone is pure and with good intentions. Let your son, your brother, or the son of your brother help, don't involve strangers, even they are 1st class people. It must be a family-business- like it used to be in Europe. Train your children, so they can take over one day, because you are getting older and you are reaching a limit of your strength and powers, and then the business will go down. Then the children must be able to continue, and you may take your rest, because Allah will ask you: 'Why did you take the whole burden on yourself and tired yourself? Why you didn't give your family responsibility?' So take care to slowly let go of the burden as you are getting older, so that you may rest and be in peace, when your son takes over...Prepare an office for him with a telephone and a secretary...

## Those With Knowledge Truly Fear Allah

(Mawlana Shaykh stands.)
Dastoor ya Sayyidee, madad. Yaa Allah. La ilaaha illa-Llah, la ilaaha illa-Llaah, la ilaaha illa-Llah Muhammadun Rasoolullah, ` alayhi salaatullah, `alayhi salaamullah. La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Muhammadun Habeebullah, ` alayhi salaatullah, ` alayhi salaamullah
Whole praising and whole glorifying is only for You, O our Lord. You are our Creator. Forgive us and send us from heavenly winds on our bodies and on our spiritual being to be every time fresh! That is for You, yaa Rabbi 'l-` izzati wa 'l-`azhaamati wa ’l-jabaroot! And endless salute and salaams on Your most honored one, for whom You created whole Creation for his honor, Sayyidina Muhammad (s.) Grant to him, O our Lord! Forgive us O our Lord, and support us for his honor. (Mawlana Shaykh sits.)
As-salaamu `alaykum our visitors, our listeners! Welcome to you. You are not coming to me. You are asking to reach heavenly stations, so that every time you are getting up and getting lighter, and the heaviness of your physical being leaving yourselves. Therefore, praying and worshipping is taking away from people the heavy burdens that just put on their shoulders.
O our Salafi `ulama, what do you think Allah Almighty is saying? Asta’idh billah. Inna `aradna ‘l-amaanata `ala ‘s-samaawati wa ‘l-`ardi wa ‘l-jibaali. It is Arabic or Turkish? (It is) Arabic, lisaanu ‘l-qur’ani ‘l-kareem and you are more worthy for understanding Arabic. Allah Almighty saying:

•••••• ••••••••• •••••••••••• ••••• •••••••••••• •••••••••••• •••••••••••• ••••••••••• ••• •••••••••••• •••••••••••• ••••••• •••••••••••• •••••••••••• ••••••• ••••• •••••••• ••••••••

inna ` aradna ‘l-amaanata ` ala ‘s-samaawati wa ‘l-ardi wa ‘l-jibaali fa’abayna an yahmilnaha wa ashfaqna minha wa hamalaha ‘l-insaan innahu kaana zhalooman jahoola.
We did indeed offer the trust to the heavens and the earth and the mountains, but they refused to take it, being afraid thereof, but Man undertook it. Indeed he was unjust and foolish. (33:72)

Allah Almighty is saying to the heavens, “Have full spirituality and nothing of material heaviness,” and (He is saying) to the whole Earth, “This is My amaanaha, grant.” “Grant” is not a full description in other languages for what Allah Almighty is saying, amanah. “I am just granting from My holy heavens full with holiness.” Heavens, their material is to be lights reflecting on them from the Divine Presence.

Madad yaa Sultan al-awliya, madad! If you are not reaching to weak servants no one can speak on such fine subjects. If the Lord of Heavens was not giving an ability for carrying His Oath, it would be heavy and impossible. O our Grandshaykh, O our Master, make it easy for your servant and for whole Creation in this world for understanding something. You are responsible on that point and we are coming, muwaajahah, to your holy beings appearance, because you are such a powerful one.

It is impossible for common people to look at them with these eyes. Our physical eyes can’t be able to approach and look at them. Only whom their inner eyes are open may look. Looking is something, understanding is something else, and to be with that understanding is something else from being in that holy position that just dressed on them.

O Man, O Human Beings! Don’t think that you are a simple creation or simple being. What was Sayyidina Ali (q) saying? "••• ••• •••• •••• • ••••• ••••• ••••••• •••••• - Tadhunnu annaka jirmun sagheer wa feeka natwi al-`aalim al-akbar - Do you think you are a speck when the whole universe is contained in you?” Yes, Sayyidina Ali (q) was saying, you think you are a so small creation through one-and-a-half and two meters. That is wasat, the medium measure of our physical being. If we are coming down from one-and-a-half meters, going to be ugly; also, if passing over two meters, a giant, huge person, going to be ugly. So Allah Almighty created Man through such a perfect form: too small one or too long one would be ugly, making in such a way that there is perfection in it. SubhanAllah! There is one word to describe it, amlaaq. Giant; gigantic looking is

not good. Therefore, Allah Almighty is saying: asta`idh billah: ••••• •••••••••••• ••••••••• •••••••••• - Laqad khalaqnal insaana fee ahsani taqweem - We have indeed created Man in the best of molds. (95:5)

You can't imagine for a man or woman another form to look beautiful or handsome. What do you think if you are granted four legs? People now running after dunya so much and they are saying two legs are not enough! What do you think if you have four legs? You should be like a giraffe, so long. What about if your tallness going to be like giraffe? No good, three meters or four meters? You may collect everything without using stairs or ladders. What do you think about it? (You will answer,) "No, no, I don't like it."

What about if you are going to be heavy-carrier? Now people making musaabaqah, competitions. Who can carry much more heavy burden? I am saying if you are asking a competition, make that competition with a donkey; it is always carrying what you are carrying two-times more. You must not put this golden medal for you, you must put it on the neck of donkey. The donkey is going to be very happy saying, "Eeaw,eeaw, eeaw. You are happy? I am happy because I am champion."

Is anyone much more powerful than donkey? Who is carrying heavy burden to make a proof that you are more powerful than donkey? No, never! A donkey always more powerful than you. You may only carry and your legs are trembling; you can't move even one step. But a donkey, if putting two times more than you, is carrying on its back and it may go. If you are taking one medal, your medal must be from tin, tin better for you. Golden medal for donkey, and donkey saying, "No I am not happy with one medal because I am carrying. Therefore, I am asking two golden medals: one from my right hand..." (Mawlana coughs.) That is oldness, something that coming if anyone reaching over 70 or 80 years, something showing that you are getting older.

O people, no one can think of a form, surah, more perfect. What about for ladies? Can be for them two wings behind them, how it may be? They should like two wings? When getting in bed her husband should say, "Take away these wings, making me unhappy. Keep it elsewhere." Angels have wings, but what do you think their out-looking or their creation is more important than our creation? No. Nothing in existence can reach the perfection that Allah Almighty granted to Mankind. Where is your thanks, O Mankind? You are not happy that Allah Almighty created you a man and not a donkey? And always you are complaining? Complaining for what? Because Allah Almighty not creating you to be a donkey? Why you are complaining? You must say,

“Thanks my Lord, that You chose me to be from the Children of Adam, and Adam just created in such a perfection that not any other Creation may reach his perfection.” You are not ashamed, O Mankind, and making every time complaining? For what? That you are not created as a donkey, dog, or fox?!
“What about, O Shaykh, if we can be like a bear”? Bear better, because bear may walk on four legs and sometimes may stand and walk on two legs also. You like it? I shall pray for you that up to morning, Allah changing you into a bear; but difference because, some bears are yellow, some gray, some white, some black and some of them just mixed. Which color you should be happy with? “I never like to be like bear.” Why not making thanks to your Lord that, “O my Lord! You created me as a man, from the Children of Adam.”
Therefore, we are saying that is heavenly knowledge through prophets to their real followers. Such a knowledge granted to make people to wake up; taqdeer, to appreciate what Allah granted to them. Allah is saying, “I am asking to load My Divine oath on worlds, on heavens,” and they say, “O our Lord, forgive us, fa’abayna an yahmilnaha, If You are leaving it for our will, we are asking forgiveness. Wa hamalahal insaan.”

Inna ` aradna ‘l-amaanata ` ala ‘s-samaawati wa ‘l-ardi wa ‘l-jibaali fa’abayna an yahmilnaha wa ashfaqna minha wa hamalaha ‘l-insaan innahu kaana zhalooman jahoola.
We did indeed offer the trust to the heavens and the earth and the mountains, but they refused to take it, being afraid thereof, but Man undertook it. Indeed he was unjust and foolish. (33:72)

O Salafi `ulama! What was it that Allah Almighty was asking to put, that amaanah, trust? Do you know meaning of amaanah? What was that amaanah? You can tell me? Don’t speak always on shirk and kufr, shirk and kufr! Teach people from real knowledge, then they should know what is haraam and what is halaal. And whole prophets came to teach people what is forbidden and what is permitted. Try to learn that, then tell me, “We are Salafi `ulama.” Tell me what was that amaanah that all heavens and earth were trembling and also gigantic mountains like Himalayan Mountains, they are also coming like this, (Mawlana bends over) going to be a sahal, flat, (saying,) “O our Lord, we can’t carry.” What was that? You know or you don’t know??! If you are not knowing, Allah is saying, fas’al bihi khabeera, “Ask those who know.”

Once again (we are saying) look through east and west for someone to tell you or to teach you, but don’t think that they are granting such precious jewels to anyone. What do you think? You are very rich people; Saudi people have too many jewels: rubies, emeralds, diamonds, pearls, sapphires and so many others. What do you think? Would you like to put that necklace on the neck of a donkey? Say to me, yes? Say to me and I am

giving an answer to you. You think you are knowing everything but you are knowing nothing! Because they are trying to put that precious necklace on such people who are mustawa, at the level of donkeys!!
What do you think if you are putting a necklace from precious stones on the neck of a donkey? Is it getting a value beside Man? No. Therefore, do you think that such precious knowledge is granted for everyone? No. That is a grant from the Lord of Heavens. You are not graduating even one student, if you are not looking that he reached a perfection on his branch. And do you think that the Holy Qur'an that is full with jewel's whose value ten times or a hundred times the value of this universe, that the Lord of Heavens is giving to you? What you are saying?

Wa hamalahal insaan. Inna aradna 'l-amaanata ala 's-samaawaati wa 'l-ardi wa 'l-jibaali fa'abayna an yahmilnaha. O our Lord, if You are giving that trust in your necks, some thief, some robber or crook may take from us. This must be granted to someone that he can be able to keep those jewels. You are not on that level. Therefore, Allah Almighty, not giving to you. Don't say, "We are Salafi `ulama." Where is `ulama? Allah saying: •••••••• ••••••• ••••••• •••• ••••••••• •••••••••••• - innamaa yakhshaL'laaha min `ibaadihi 'l -`ulamaa'. Those truly fear Allah who have knowedge. (35:28)
You are looking yourself on that level that Allah Almighty asking? Do you think that you have such a khushoo'? Do you think that when you say, Allahu akbar, your whole organs trembling? You are not on that level; therefore, not granted yet. Don't say, "We are Salafi `ulama." No!

You may ask, "How we can reach that level, that Allah Almighty praising them?" And saying: innamaa yakhshaL'laaha min `ibaadihi 'l -`ulamaa' ; tam` eed, you understand? Some of them, innamaa yakhshaL'laaha min `ibaadihi 'l -`'. Not everyone granted that trembling from khashyatillah, heavenly fear mixed up with ta`dheem wa takreem - glorifying and praising. Don't think that when you are wearing abaaya (cloak) and putting around your clothes golden or silver ornaments that you are something!

It is a short story I like to say to those people whom looking always to their clothes or their crowns and getting proud. At the time of Sultan Timur, who was coming from Middle Asia to edges of European borders, he met there Mullah Nasruddin. Everyone knows him, Arabs saying JIHA; Jiha, someone else. Mullah Nasruddin, mullah really means mawla. It as a Mullah, `Ateequ 'r-Rahman, whom Allah Almighty making, no questioning. Allah Almighty giving to everyone something else from specialty. Specialty of Mullah Nasruddin was to make people laugh and think. One day Mullah Nasruddin was in a Turkish bath with

Sultan Timur Khan.

Timur Khan was sitting there, saying, “O Mullah Nasruddin, do you think if I was a slave-servant, what do you think for my price if taking me to the market of maidens?”
Mullah Nasruddin was saying, “O jalaalatu 'l-malik, O your majesty, you should be there ten dirhams.”
Dirham was silver coins.
“What you are saying, O Mullah Nasruddin? Ten dirhams for me? Only this? This covering that, sarong, it is only ten dirhams. What about for me?”
Mullah Nasruddin was saying, “You? No value for you. No one gives for you any dirham. I was saying only for that sarong, not for you. Who is going to buy you and your one foot, going like this (Timur Khan was lame). Who taking you? No one giving for you!”

And the sultan was laughing, happy. But Mullah Nasruddin was giving a lesson to Man. Everyone now they are thinking when they are dressing such ornaments, they are going to be so valuable. No. If looking, no one paying even one riyal.
O People! Listen and try to learn something that helps you here and Hereafter, making your ego down and heavenly ornaments coming on you. O People! Don’t lose praise at their times. First is Allah Almighty’s command; after it, you may look for your provisions. Don’t live only for your provision but try to live as a servant of the Lord of Heavens! May Allah forgive us.

**3-Day Life**

We may start with Bismillahi r-Rahmani r-Rahim. Anta Rabbu-l Jalil, our Lord, our beautiful Lord. What You granted Your Beloved from the Jamal (Beauty) oceans, a drop from the oceans of Jamal and Kamal (Perfection) can make the creation upside down.
Mashallahu la quwwata illa BiLlahi-l Aliyyi-l Azim. Grant us power O Lord; grant the power to Your Beloved and we take from his oceans. A drop from the oceans of the Beloved who You love and who you called "The servant I love" can make the creation upside down. The Glorious Prophet. The Master of the Creation. O believers who are attending and listening, listen! We may also listen. We should listen and obey. Who obeys finds safety. Who obeys, who accepts Al-Haqq wears the dress of Nur. He is dressed with the dress of wellness. When one is dressed with the dress of servanthood we will be with those who are near to Allah Almighty and who are worthy of being in His Divine Presence.
For what do we live? The value of who lives for dunya is the same as the value of dunya. And what is the value of dunya? The Master of the Creation gave an illustration of the world: "Addunya jeefah. Dunya is a carcass". Whoever embraced the world found his touble, his punishment. He doesn't do any good in dunya nor does he receive any rank in akhirah. A person who doesn't know what he is asked to do is not Man.
As-Salamu 'Alaikum O believers! They are inspiring these few fords to us. Who understands gets a benefit as much as he understands and what can you do for who doesn't understand? Who understands is Man and who doesn't understand is animal. As-Salamuu 'Alaikum. Look, how beautiful this is. What is the wish of the believers for each other? It is said "When two believers see each other, they should greet with Salam". Greet each other with Salam. For whom the first Salam should be? The first Salam should be for our Prophet. Our Prophet is the Master of the

Creation. The first Salam is for him: As-Salamu 'alaika Ya Ayyuha n-Nabi! At-tahiyyatu liLlahi was-Salawatu wat-tayyibat. As-Salamu 'alaika, wa 'ala Alika wa Sahabatika, Ya khairu khalqi-Llahi. Ayyuha n-Nabi! Allah Almighty is giving Salam to our Prophet. Look at the value and level of our Prophet. "As-Salamu 'Alaika Ya Ayyuha n-Nabi. At-tahiyyatu liLlahi was-Salawatu wat-tayyibatu". At-tahiyyat is the holy word which is in all the Salams, it is the most valuable, most worthy of Allah among the words servants say - At-tahiyyatu liLlah. And after that, Attahiyyatu liLlahi was-Salawatu wat-tayyibat. And secondly: As-Salamu 'alaika Ayyuha n-Nabiyyu.

Allah Almighty gives Salam to His Beloved. At-tahiyyatu liLlahi was-Salawatu wat-tayyibat. As-Salamu 'alaika Ayyuhan Nabiyyu wa RahmatulLahi wa Barakatuhu. MashaLlah, the Salam of Allah Almighty to our Prophet. Look at the rank of our Prophet. Our Prophet's rank can't be measured with any measure. At-tahiyyatu liLlahi was-Salawatu wat-tayyibat. As-Salamu 'alaika Ayyuhan Nabi. O Glorious Nabi! All Salams (Greetings), all kinds of ranks belong to you. Was-Salawatu wat-tayyibat. At-tahiyyatu liLlahi was-Salawatu wat-tayyibat. As-Salamu 'alaika ya Ayyuhan Nabi. After we presented the glorification of the Prophet: At-tahiyyatu liLlahi was-Salawatu wat-tayyibat. As-Salamu 'alaika Ayyuhan Nabi. Allah Almighty gives Salam to His Beloved. As-Salamu 'alaika Ayyuhan Nabi. O Glorious Nabi, may the Salam be upon you. Allahu Akbar. As-Salamu 'alaika Ayyuhan Nabi wa RahmatuLlahu wa Barakatuhu. As-Salamu 'alaina wa ala ibadiLlahis-Salihin. As-Salamu 'alaika wa 'ala Alika wa Sahabatika, may the Salam be upon those who are near you, upon your Companions and nations. O Glorious Prophet! Salams to you.
Allah Almighty glorifies. Do you glorify our Prophet who is the origin of Creation? Do you ever think about him? Do you recite even one Salawat? You don't. Then if you don't, you have no value. You have no value. What is it that opens all these doors? What dresses all these virtues, beauties and perfection on mankind? What dresses this dress on us is Bismillahi r-Rahmani r-Rahim. Say Bismillahi r-Rahmani r-Rahim and the most beautiful dress is dressed on you in the Presence of Allah Almighty. Another person doesn't have the beauty of your dress. Another one won't have the beauty of this one's dress. There is no duplication in Allah Almighty's presence. Al-Mubdi' Al-Mueed. Al-Mubdi' makes but does not make carbon copy. Everything is brand

new. Everything is beautiful. Everything is in its perfection.
At-tahiyyatu liLlahi was-Salawatu wat-tayyibat. As-Salamu 'alaika. So many other things Allah Almighty grants along with Salam. He grants so much to His Beloved, grants so much... He (swt) is Allah Jalla Jalaluhu, He is full with treasures. He (swt) does not need them. They are for who glorify our Prophet; Our Prophet is the Master of Creation, Muhammad Al-Mustafa (sas). Everyday a new treasure opens to who glorifies him, who shows high respect for him. Treasures, endless treasures. What is the key of every treasure? It is Bismillahi r-Rahmani r-Rahim. The key of the treasures is Bismillahi r-Rahmani r-Rahim. What is in dunya has no value. Dunya has no value. Allah Almighty opens a treasure for His servant when he says Bismillahi r-Rahmani r-Rahim. There is no one who can know the limits of the treasure Allah opens. What He (swt) gives to you is different, what He (swt) gives to me is different, what He (swt) gives to another one is different. The key of the tresure...O foolish people, why don't you ask what is the key of the treasures? It is Bismillahi r-Rahmani r-Rahim. Say it and it opens for you.
Dunya is zero. It is for three days, on the forth day they take you and bury you in your grave. You forgot this; you forgot about the day that they will bring and bury you in your grave. You don't think about it. Wa kafa bi mawti waizan ya Umar! If you want advice, death is enough. Look at death and take advice. No matter how much you strive for in dunya, you will leave all of them there. They will put you inside the coffin that you didn't like in dunya, that you quivered when you saw it and bring you to lay you in the earth. Don't forget! Don't forget, that everbody will be buried in a grave but the graves of who say Bismillahi r-Rahmani r-Rahim are rose gardens. Such a beauty has never been seen in dunya, he finds his grave like this. The grave of who says Bismillahi r-Rahmani r-Rahim becomes from the gardens of paradise. Why do you forget it, O foolish man?
What will you find in dunya? "We may drive a Rolls-Royce". It is nothing! Having a luxurious brand of car and showing off with it "I have such a car", it has no value. All the treasures of dunya have no value. The day you enter your grave, how is your grave? The grave of who says Bismillahi r-Rahmani r-Rahim is a bed of roses. It opens and such a beauty is seen that it is impossible to imagine or be comprehended by the human mind. If man tries to do it, he can't. O ignorant people! Shame on you that you forgot your Lord going after the trashy dunya and killing each other. Who kills is a murderer. Its torment, the torment of murderers start from the

grave. When they are put in the grave, whichever way he killed the other they torment him the same way till the Day of Judgement. May Allah protect us from the torment of grave. Say Bismillahi r-Rahmani r-Rahim and your grave will be a garden from the gardens of paradise. Dunya is trash. A man who says the Bismillah has never been needy to anyone in dunya. Allah has never left a person who says Bismillahi r-Rahmani r-Rahim needy. Allah Almighty has never tormented the ones who recite Salawat on our Prophet. It is for the honour of our Prophet, that He (swt) sent down the Bismillah to him. Never stop saying it, and your dunya becomes prosperous also... No, your dunya will not be prosperous. You won't always be 15 years old, 20 years old, 25 years old. Day by day your car is getting old. "For how many years I have been driving this car?" "So it got old?" "Yes, it got old. I will change it". Ok, you may change. But will you be able to change your physical body?

The first place you will be hosted in your akhirah journey is the grave. Did you prepare anything? Did you say Bismillahi r-Rahmani r-Rahim? If you said, then a garden from the gardens of Paradise is waiting for you there, that the value of all the world is zero compared to it. The beauties of all the world are zero. This dead one...I hear it but you don't hear. If I don't hear, the other holy one hears it. That, the dead one says Bismillahi r-Rahmani r-Rahim.The moment he says the Bismillah his grave immediately opens and becomes a garden from the gardens of paradise. This is the barakah of Bismillahi r-Rahmani r-Rahim. He doesn't keep laying in it in the same way, it changes. O believers, don't forget this.

Now people's concern is "Can this be recited in Kurdish? Can it be recited in Turkish?" The language of worship is the language of the Holy Quran. It is the language of TheHoly Quran, our language of worship is the Holy Quran. There is a fight now: This one says "I will recite in Turkish". The other one says "No, I will recite in Kurdish". The language of worship is Arabic! "Inna 'Anzalnahu Quranan `Arabiyan" (12:2). If you will address Us, you should address Us in the language of Quran. Bismillahi r-Rahmani r-Rahim came in the Arabic language. It has honour, you should worship with it. Saying "I start in the name of God..." is imitated, it has no value. Does a person prefer the gold, or a gold printed on paper? All these people think about is what is on the paper. "We may change". You may change but it will not have the value of gold. "We make khutba in Turkish". Ok, you may. "We make prayers in Turkish". Ok, you may do but it is imitated. It won't be accepted. The language of worship is Arabic. Finish! You should

recite in Arabic as much as you know.
How beautiful, why don't you say? Bismillahi r-Rahmani r-Rahim. Is there anyone who cannot, who is not able to say Bismillahi r-Rahmanir-Rahim? Is there? Everybody can say it. They say "Bismillah". Now some top rank government officials who are the sensible ones, when they are opening an institution and cutting the ribbon, I see that the top ones, when they are cutting with scissor they say "May it be mubarak, Bismillahi r-Rahmani r-Rahim". They want to make the Bismillah forgotten but the believer doesn't forget it! It can't be made forgotten! They couldn't make it forgotten for 100 years. People still say Bismillah! They say Bismillah! And confirm their servanthood to Allah Almighty.
Then let us say Bismillahi r-Rahmani r-Rahim. O our Lord, accept it from us. May they not be able to make us forget the Bismillah. May they not be able to make us forget. May who wants us to forget, disappear. We are the servants of Allah. We accepted the Prophet Allah sent for us. We accepted the Holy Quran He (swt) sent. We are Muslims. If you say "I am Turkish, Bosnian, Arab, Albanian" it has no value. Are you Muslim? Say this one. Muslims will be saved. Who say "I am this, I am that" will be fertilizer, will be zero. We may say today also, O believers, Bismillahi r-Rahmani r-Rahim. We may be enlightened with the Nur of the Bismillah. We may be magnificent with the magnificence of the Bismillah. A uniform cannot give you honour. The uniform of a believer is Bismillahi r-Rahmani r-Rahim. Say and it dresses you with the dress of majesty. "This fashion, that fashion" is no good for you. Say Bismillahi r-Rahmani r-Rahim and don't fear. You are beautiful in dunya, in the grave and in mahshar.
Ya Rabbi, save us from those who want to make us ugly. May they disappear! O our Lord, may You make the honourable dress of the Bismillah that You dressed on us be permanent. Your Beloved dressed it on us; the ones on the way of Your Beloved are dressing on us the dress of Bismillah. Say Bismillahi r-Rahmani r-Rahim and don't fear. Walk. But don't walk crooked. Or you will get slapped. Who says the Bismillah can't do crooked things. Why does he not say the Bismillah? Because he will do evil so he is afraid to say the Bismillah. If you are afraid, then don't do that bad thing. Start with the Bismillah and what you start with the Bismillah may succeed. Your day may be good in every aspect and your akhirah be good also. May Allah dress you in the dress of majesty. Dress us with the dress of faith. O our Lord! Tubna wa raja'na ilayk.
Tawba Ya Rabbi.

Then let us say Bismillahi r-Rahmani r-Rahim. May You not deprive us of this Mercy. May the mouths of who don't teach us be closed and never open. O our Lord, You are the Qadir Al-Muqtadir. You can discipline them even with an ant. Allahu Akbar Allahu Akbar Allahu Akbar Kabira WalHamduliLlahi Kathira wa SubhanaLlahi Bukratan wa Asila. Thumma Salatu was Salamu alaika Ayyuhan Nabiyyu wa RahmatuLlahu wa Barakatuhu. We are in need of your compassion and intercession. Ya Muhawwil al-Hawl wa l-Ahwal, hawwil halana ila ahsanil ahwal. Don't run in the streets! Don't be like animals! Be like Man! Be dignified. Don't be animal, be Man so you will be in goodness. O our Lord, You know. We have surrendered to You. May we be sacrificed in Your Beloved's way. Only may we not forget the Bismillah. May we be sacrificed in the way of Allah in the way of the Prophet (sas). He taught us the Bismillah. Recite this Bismillah and be saved. If not, all of them will vanish. Subhan Allah, wa AlHamduliLlah wa la ilaha illaLlah wa Llahu Akbar Allahu Akbar wa LiLlahil Hamd. Bismillahi r-Rahmani r-Rahim.

Say at least 7 times the Bismillah. Or 40 times, or 70 times, or 100 times say the Bismillah and see how your situation will be. How will your situation be? Will you have any troubles left? Will you have any hardships left on you? No. O people! Don't forget your humanity! Shaytan wants to make you forget your humanity. And what happens when you forget? What happens when man forgets his humanity? He becomes shaytan. And what is the goal of shaytan all about? To make Man shaytan like himself. This is what his goal is all about, to make people shaytans. He doesn't want Man to make servanthood for Allah. "You are not Allah's servant" he says, "Be with me". So they will be shaytan like him also. They do all kinds of dirty things. Shame on them, shame on them.

A person who says the Bismillah can't do evil. He can't think evil, he can't oppress anyone. Anyƒ±ne who is beyond this will be left in fire in their graves. Aman Ya Rabbi. The keys to the knowledge which will teach us such things are Bismillahi r-Rahmani r-Rahim. Listen to who says the Bismillah and leave who doesn't. They are the tribe of shaytan, may they vanish. Let us say Bismillahi r-Rahmani r-Rahim. Today is like this also, Religion is advice. There is no politics in religion. Religion has no political connections. No, there is no politics in religion. Religion is religion. It is the order of Allah. You should keep it and your work succeeds. If you don't say, you don't find any goodness in dunya or in akhirah. Aman Ya Rabbi, tawba Ya Rabbi. Tawba

Astaghfirullah.
Let us say Bismillahi r-Rahmani r-Rahim. Today may also open with the Bismillah. May you find goodness. Who listen finds goodness, may they have goodness. Who don't listen may suffer what will come on them. Aman Ya Rabbi, tawba Ya Rabbi. For the honour of Your Beloved, forgive us and send us Your servants who will show us, teach us the rights ways. Fatiha.
May Allah show us good days also, may we be granted to meet Mahdi (as). We want power. And it will come insha Allah. There is no chance for the oppressors. Starting from today, I lock them. I am nothing but I locked them. They make me say like this. I will imprison the oppressors. They will see if it will happen or not. Tawba Ya Rabbi, tawba Astaghfirullah. Be upon safety, send Salams.
Fatiha.

**Drei Tage Leben**

Wir beginnen mit Bismillahi r-Rahmani r-Rahim. Anta Rabbu l-Jalil, unser Herr. Unser schöner Herr. Was Du Deinem Geliebten von den Jamal Ozeanen, den Schönheitsozeanen, gewährtest, ein Tropfen der Ozeane von Jamal und Kamal (Vollkommenheit) können die Schöpfung auf den Kopf stellen. Mashallahu la Quwwata illa Billahi l-`Aliyyi l-`Azim. Gewähre uns Macht, Herr, gewähre Deinem Geliebten Macht, und wir nehmen von seinen Ozeanen. Ein Tropfen von den Ozeanen des Geliebten, den Du liebst und den Du 'den Diener, den Ich liebe' nennst, kann die Schöpfung auf den Kopf stellen. Der glorreiche Prophet, der Meister der Schöpfung! O Gläubige, die teilnehmen und zuhören, hört! Wir hören auch. Wir sollten hören und gehorchen. Wer gehorcht, findet Schutz. Wer gehorcht, wer Al-Haqq anerkennt, trägt ein Gewand aus Licht. Er ist gekleidet mit dem Gewand des Wohlbefindens. Wenn jemand mit dem Gewand der Dienerschaft bekleidet ist, werden wir mit denen sein, die Allah dem Allmächtigen nahe sind und die es wert sind, in Seiner Göttlichen Gegenwart zu sein. Wofür leben wir? Der Wert dessen, der für die Dunya lebt, ist derselbe wie der Wert der Dunya. Und was ist der Wert der Dunya? Der Meister der Schöpfung gab eine Darstellung der Welt: "Ad-Dunya Jifah" - Die Dunya ist ein

Kadaver. Wer immer die Welt ergreift, fand seine Beschwerde, seine Strafe. Er tut nichts Gutes in der Dunya, noch erhält er einen Rang in der Akhirah. Jemand, der nicht weiß, was von ihm erwartet wird, ist kein Mensch.

As-Salamu `Alaykum, Gläubige. Sie geben uns diese paar Worte ein. Wer versteht, zieht so viel Nutzen daraus, wie er versteht, und was kann man für den tun, der nicht versteht? Wer versteht, ist ein Mensch, und wer nicht versteht, ist ein Tier. As-Salamu `Alaykum. Seht, wie schön das ist. Was ist der Wunsch der Gläubigen für einander? Es heißt, wenn zwei Gläubige sich treffen, sollten sie mit Salam grüßen. Grüßt einander mit Salam. Für wen sollte der erste Salam sein? Der erste Salam sollte für unseren Propheten sein. Unser Prophet ist der Meister der Schöpfung. Der erste Salam ist für ihn: As-Salamu `alayka ya Ayyuha n-Nabi! At-Tahiyyatu Lillahi wa s-Salawatu wa t-Tayyibat. As-Salamu `alayka wa `ala Alika wa Sahabatika, ya Khayru Khalqillahi. Ayyuha n-Nabi! Allah der Allmächtige gibt unserem Propheten Salam. Seht den Wert und die Ebene unseres Propheten. "As-Salamu `alayka ya Ayyuha n-Nabi. At-Tahiyyatu Lillahi wa s-Salawatu wa t-Tayyibatu." At-Tahiyyat ist das heilige Wort, das in all den Salams ist. Es ist das wertvollste, Allahs würdigste unter den Worten, die die Diener sagen: At-Tahiyyatu Lillahi. Und danach, at-Tahiyyatu Lillahi wa s-Salawatu wa t-Tayyibat.

Und zweitens: as-Salamu `alayka Ayyuha n-Nabiyyu. Allah der Allmächtige gibt Seinem Geliebten Salam. At-Tahiyyatu Lillahi wa s-Salawatu wa t-Tayyibat. As-Salamu `alayka Ayyuha n-Nabiyyu wa Rahmatullahi wa Barakatuhu. Masha'Allah, das Salam Allahs des Allmächtigen für unseren Propheten. Seht den Rang unseres Propheten. Der Rang unseres Propheten kann mit keinem Maß gemessen werden. At-Tahiyyatu Lillahi wa s-Salawatu wa t-Tayyibat. As-Salamu `alayka Ayyuha n-Nabi. O glorreicher Nabi! Alle Salams, alle Arten von Rängen sind dein. Wa s-Salawatu wa t-Tayyibat. At-Tahiyyatu Lillahi wa s-Salawatu wa t-Tayyibat. As-Salamu `alayka ya Ayyuha n-Nabi. Nachdem wir den Lobpreis des Propheten präsentiert haben: At-Tahiyyatu Lillahi wa s-Salawatu wa t-Tayyibat. As-Salamu `alayka Ayyuha n-Nabi. Allah der Allmächtige gibt Seinem Geliebten Salam. As-Salamu `alayka Ayyuha n-Nabi. O glorreicher Nabi, möge Salam auf dir sein. Allahu Akbar. As-Salamu `alayka Ayyuha n-Nabi wa Rahmatullahu wa Barakatuhu. As-Salamu `alayna wa `ala `Ibadillahi s-Salihin. As-Salamu `alayka wa `ala Alika wa Sahabatika, möge Salam auf jenen sein, die dir nahe sind, auf deinen Gefährten und Nationen. O glorreicher Prophet! Salams auf dir.

Allah der Allmächtige preist. Preist ihr unseren Propheten, der der Ursprung der Schöpfung ist? Denkt ihr jemals an ihn? Rezitiert ihr auch nur ein Salawat? Nein. Dann, wenn ihr es nicht macht, habt ihr keinen Wert. Ihr habt keinen Wert. Was ist es, was all diese Türen öffnet? Was kleidet all diese Tugenden, Schönheiten und Vollkommenheit auf die Menschheit? Was uns mit diesem Gewand bekleidet, ist Bismillahi r-Rahmani r-Rahim. Sagt Bismillahi r-Rahmani r-Rahim und das schönste Gewand wird euch angelegt in der Gegenwart Allahs des Allmächtigen. Kein anderer Mensch hat die Schönheit eueres Gewandes. Ein anderer wird die Schönheit dieses Gewandes nicht besitzen. Es gibt kein Duplikat in der Gegenwart Allahs des Allmächtigen. Al-Mubdi' Al-Muid. Al-Mubdi' macht, aber macht keinen Kohlepapierdurchschlag. Alles ist brandneu. Alles ist schön. Alles ist in seiner Vollkommenheit. At-Tahiyyatu Lillahi wa s-Salawatu wa t-Tayyibat. As-Salamu `alayka. So viele andere Dinge gewährt Allah der Allmächtige zusammen mit dem Salam. Er gewährt Seinem Geliebten so viel, so viel.. Er (swt) ist Allah Jalla Jalaluhu, Er ist voller Schätze. Er (swt) braucht sie nicht. Sie sind für den, der unseren Propheten preist. Unser Prophet ist der Meister der Schöpfung, Muhammad Al-Mustafa (saws). Jeden Tag öffnet sich ein neuer Schatz für den, der ihn preist, der hohen Respekt für ihn zeigt. Schätze, unendliche Schätze.

Was ist der Schlüssel jeden Schatzes? Es ist Bismillahi r-Rahmani r-Rahim. Der Schlüssel der Schätze ist Bismillahi r-Rahmani r-Rahim. Was in der Dunya ist, hat keinen Wert. Dunya hat keinen Wert. Allah der Allmächtige öffnet einen Schatz für Seinen Diener, wenn er sagt Bismillahi r-Rahmani r-Rahim. Es gibt niemanden, der die Grenzen des Schatzes, den Allah öffnet, wissen kann. Was Er (swt) dir gibt, ist anders. Was Er (swt) mir gibt, ist anders. Was Er (swt) jemand anders gibt, ist anders. Der Schlüssel des Schatzes.. Ihr Dummköpfe, warum fragt ihr nicht, was der Schlüssel der Schätze ist? Es ist Bismillahi r-Rahmani r-Rahim. Sagt es und er öffnet sich für euch. Dunya ist Null. Es ist für drei Tage, am vierten Tag nehmen sie euch und begraben euch in euerem Grab. Ihr habt das vergessen. Ihr habt den Tag vergessen, an dem sie euch nehmen und in euerem Grab beerdigen. Ihr denkt nicht daran. Wa Kafa bi Mawti Waizan ya Umar! Wenn ihr guten Rat wollt, der Tod ist genug. Seht den Tod und nehmt guten Rat an. Egal, nach wieviel ihr in der Dunya trachtet, ihr werdet alles dort lassen. Sie werden euch in den Sarg legen, den ihr in der Dunya nicht mochtet, vor dem ihr schaudertet, wenn ihr ihn saht, und bringen euch, um euch in die Erde zu legen. Vergeßt das nicht!

Vergeßt nicht, daß jeder in einem Grab beerdigt sein wird, aber die Gräber derer, die sagen Bismillahi r-Rahmani r-Rahim, sind Rosengärten. Solche Schönheit hat man nie in der Dunya gesehen. Er findet sein Grab so vor. Das Grab dessen, der Bismillahi r-Rahmani r-Rahim sagt, wird zu einem der Paradiesgärten. Warum vergeßt ihr es, ihr dummen Menschen? Was findet ihr in der Dunya? Wir können einen Rolls-Royce fahren. Das ist nichts! Eine luxuriöse Automarke zu haben und damit anzugeben, 'Ich habe so ein Auto!', hat keinen Wert. Alle Schätze der Dunya haben keinen Wert. Am Tag, wenn du in dein Grab eingehst, wie ist dein Grab? Das Grab dessen, der sagt Bismillahi r-Rahmani r-Rahim, ist ein Bett aus Rosen. Es öffnet sich und solche Schönheit wird sichtbar, wie vom menschlichen Verstand unmöglich vorzustellen oder zu verstehen ist. Wenn der Mensch es versucht, er kann es nicht. Ihr unwissenden Menschen! Schande auf euch, daß ihr eueren Herrn vergessen habt und hinter der wertlosen Dunya her seid und euch gegenseitig tötet. Wer tötet, ist ein Mörder. Ihre Qual, die Qual der Mörder, beginnt im Grab. Wenn sie ins Grab gelegt werden, auf welche Weise er den anderen tötete, quälen sie ihn auf dieselbe Weise bis zum Gerichtstag. Möge Allah uns vor der Qual des Grabes schützen. Sagt Bismillahi r-Rahmani r-Rahim, und euer Grab wird ein Garten von den Paradiesgärten sein. Die Dunya ist Müll. Ein Mensch, der Bismillah sagt, war niemals jemandem in der Dunya gegenüber hilfsbedürftig. Allah ließ nie jemanden, der Bismillahi r-Rahmani r-Rahim sagt, bedürftig. Allah der Allmächtige hat nie den gequält, der Salawat auf unseren Propheten rezitiert.
Es ist zu Ehren unseres Propheten, daß Er (swt) das Bismillah herabgesandt hat. Hört nie auf, es zu sagen, und auch euere Dunya wird erfolgreich.. Nein, euere Dunya wird nicht erfolgreich. Ihr werdet nicht immer 15, 20 Jahre alt sein, 25 Jahre. Von Tag zu Tag wird euer Auto älter. 'Wieviele Jahre lang bin ich dieses Auto schon gefahren?' Also ist es alt geworden? Ja, es ist alt geworden. Ich werde es tauschen. Okay, du magst es tauschen. Aber kannst du auch deinen physischen Körper tauschen? Der erste Ort, an dem du auf deiner Akhirahreise untergebracht wirst, ist das Grab. Hast du etwas vorbereitet? Hast du Bismillahi r-Rahmani r-Rahim gesagt? Wenn du es gesagt hast, dann erwartet dich ein Garten von den Paradiesgärten dort, demgegenüber der Wert der Welt gleich Null ist. Die Schönheiten der ganzen Welt sind Null. Dieser Tote.. Ich höre es, aber ihr hört es nicht. Wenn ihr nicht hört, der andere Heilige hört es. Dieser, der Tote sagt Bismillahi r-Rahmani r-Rahim. In dem Moment, wo er das Bismillah sagt, öffnet sich das Grab sofort und wird ein Garten von den Paradiesgärten. Das ist die Barakah von

Bismillahi r-Rahmani r-Rahim. Er bleibt nicht auf dieselbe Weise darin liegen, es wandelt sich. Ihr Gläubigen, vergeßt das nicht.
Jetzt ist die Sorge der Menschen: Kann dieses auf Kurdisch rezitiert werden? Kann es auf Türkisch rezitiert werden? Die Sprache der Anbetung ist die Sprache des Heiligen Quran. Es ist die Sprache des Heiligen Quran, die Sprache der Anbetung ist der Heilige Quran. Es gibt jetzt einen Kampf. Dieser sagt: Ich rezitiere auf Türkisch! Der andere sagt: Nein, ich rezitiere auf Kurdisch. Die Sprache der Anbetung ist Arabisch! "Inna 'Anzalnahu Qur'anan `Arabiyan" (12:2). Wenn ihr Uns ansprecht, solltet ihr Uns in der Sprache des Quran ansprechen. Bismillahi r-Rahmani r-Rahim kam in der arabischen Sprache. Es hat Ehre. Ihr solltet damit huldigen. Zu sagen, 'Ich beginne im Namen Gottes', ist gefälscht. Es hat keinen Wert. Bevorzugt jemand Gold oder ein goldbedrucktes Papier? Alles, woran die Leute denken, ist, was auf dem Papier ist. 'Wir wechseln es.' Ihr könnt es wechseln, aber es wird nicht den Wert von Gold haben. 'Wir machen Khutba auf Türkisch'. Okay, das könnt ihr tun. 'Wir beten auf Türkisch.' Okay, ihr könnt das tun, aber es ist gefälscht. Es wird nicht angenommen. Die Sprache der Anbetung ist Arabisch. Schluß! Ihr soltet auf Arabisch rezitieren, so viel ihr wißt. Wie schön! Warum sagt ihr es nicht? Bismillahi r-Rahmani r-Rahim. Gibt es jemanden, der nicht in der Lage ist, Bismillahi r-Rahmani r-Rahim zu sagen? Gibt es? Jeder kann es sagen. Sie sagen "Bismillah".
Jetzt, einige hochrangige Regierungsbeamte, die vernünftig sind, wenn sie eine Institution eröffnen und das Band durchschneiden, sehe ich, daß die Obersten, wenn sie mit der Schere schneiden, sagen: Möge es Mubarak sein, Bismillahi r-Rahmani r-Rahim. Sie wollen, daß das Bismillah vergessen wird, aber der Gläubige vergißt es nicht! Es kann nicht vergessen gemacht werden. Sie konnten es 100 Jahre nicht in Vergessenheit bringen. Die Leute sagen immer noch Bismillah. Sie sagen Bismillah! Und bekräftigen ihre Dienerschaft für Allah. Dann laßt uns Bismillahi r-Rahmani r-Rahim sagen. Unser Herr, nimm es von uns an! Mögen sie uns das Bismillah nicht vergessen lassen können. Mögen sie uns nicht vergessen machen können. Möge, wer uns vergessen lassen will, verschwinden. Wir sind die Diener Allahs. Wir erkennen den Propheten an, den Allah uns sandte. Wir erkennen den Heiligen Quran an, den Er (swt) sandte. Wir sind Muslime. Wenn ihr sagt, 'Ich bin Türke, Bosnier, Araber, Albaner', hat es keinen Wert. Seid ihr Muslime? Sagt das. Muslime werden gerettet werden. Wer sagt, 'Ich bin dies, ich bin

das', wird Düngemittel, wird Null sein.
Wir sagen heute auch, ihr Gläubigen, Bismillahi r-Rahmani r-Rahim. Wir mögen erleuchtet werden mit dem Licht des Bismillah. Wir werden großartig mit der Großartigkeit des Bismillah. Eine Uniform kann euch keine Ehre geben. Die Uniform eines Gläubigen ist Bismillahi r-Rahmani r-Rahim. Sagt es und es bekleidet euch mit dem Gewand der Majestät. 'Dies ist modern, das ist modern' ist nicht gut für euch. Sagt Bismillahi r-Rahmani r-Rahim und fürchtet euch nicht. Ihr seid schön in der Dunya, im Grab und auf dem Mahshar. Ya Rabbi, schütze uns vor denen, die uns häßlich machen wollen. Mögen sie verschwinden! O unser Herr, mögest Du das ehrenwerte Gewand des Bismillah, mit dem Du uns bekleidet hast, ewig machen. Dein Geliebter bekleidete uns damit. Die, die auf dem Weg Deines Geliebten sind, bekleiden uns mit dem Gewand des Bismillah. Sagt Bismillahi r-Rahmani r-Rahim und fürchtet euch nicht. Geht. Aber geht nicht krumm. Oder ihr bekommt eine Ohrfeige. Wer das Bismillah sagt, kann keine krummen Dinge tun. Warum sagt er nicht das Bismillah? Weil er Böses tun wird und so Angst hat, das Bismillah zu sagen. Wenn ihr Angst habt, dann macht keine schlechten Dinge. Beginnt mit dem Bismillah und was ihr mit dem Bismillah beginnt, wird Erfolg haben. Euer Tag wird in jeder Hinsicht gut sein und euere Akhirah auch.

Möge Allah euch in das Gewand der Majestät kleiden. Kleide uns in das Gewand des Glaubens. Unser Herr, Tubna wa Raja'na ilayk. Tawba ya Rabbi. Dann laßt uns sagen Bismillahi r-Rahmani r-Rahim. Mögest Du uns nicht diese Gnade entziehen. Mögen die Münder derer, die uns nicht lehren, verschlossen werden und sich nie mehr öffnen. Unser Herr, Du bist der Qadir Al Muqtadir. Du kannst sie sogar mit einer Ameise disziplinieren. Allahu Akbar, Allahu Akbar, Allahu Akbar Kabir wa l-Hamdulillahi Kathira wa Subhanallahi Bukratan wa Asila. Thumma Salatu wa s-Salamu `alayka Ayyuha n-Nabiyyu wa Rahmatullahu wa Barakatuhu. Wir brauchen dein Mitgefühl und deine Fürsprache. Ya Muhawwil al-Hawl wa l-Ahwal, Hawwil Halana ila Ahsani l-Ahwal. Lauft nicht auf die Straße! Seid nicht wie Tiere, seid wie Menschen! Seid würdig. Seid keine Tiere, seid Menschen, damit ihr mit Gutem seid. Unser Herr, Du weißt es. Wir haben uns Dir ergeben. Mögen wir auf dem Weg Deines Geliebten geopfert werden. Nur laß uns nicht das Bismillah vergessen. Mögen wir auf dem Weg Allahs geopfert werden, auf dem Weg des Propheten (saws).

Er lehrte uns das Bismillah. Rezitiert dieses Bismillah und seid geschützt. Sonst werden alle verschwinden. Subhanallah, wa l-Hamdulillah, wa La ilaha illa Allah wa Allahu Akbar Allahu Akbar wa Lillahi l-Hamd. Bismillahi r-Rahmani r-Rahim. Sagt wenigstens 7x das Bismillah. Oder sagt 40x oder 70x oder 100x das Bismillah und seht, wie sich euere Situation verändert. Wie wird euere Lage sein? Bleiben euch irgendwelche Probleme? Bleibt euch irgendein Ungemach? Nein. Ihr Leute, vergeßt nicht euere Menschlichkeit! Shaytan will, daß ihr euere Menschlichkeit vergeßt. Und was geschieht, wenn ihr sie vergeßt? Was geschieht, wenn der Mensch seine Menschlichkeit vergißt? Er wird Shaytan. Und was ist das Ziel Shaytans? Den Menschen zu Shaytan zu machen wie sich selbst. Darum geht es bei seinem Ziel, die Menschen zu Shaytan zu machen. Er will nicht, daß der Mensch Dienerschaft für Allah ausübt. 'Ihr seid nicht Allahs Diener', sagt er. 'Seid bei mir.' So werden sie Shaytan wie er auch. Sie tun alle möglichen schmutzigen Dinge. Schande auf sie, Schande auf sie. Jemand, der Bismillah sagt, kann nichts Böses tun. Er kann nicht böse denken, er kann niemanden unterdrücken. Jeder, der jenseits davon ist, wird im Feuer in seinem Grab gelassen. Aman ya Rabbi.
Die Schlüssel zu dem Wissen, das uns solche Dinge lehrt, sind Bismillahi r-Rahmani r-Rahim. Hört, wer das Bismillah sagt, und laßt die, die es nicht tun. Sie sind die Sippe Shaytans, mögen sie verschwinden. Laßt uns Bismillahi r-Rahmani r-Rahim sagen. Heute ist es auch so. Religion ist guter Rat. Es gibt keine Politik in der Religion. Religion hat keine politischen Verbindungen. Nein, es gibt keine Politik in der Religion. Religion ist Religion. Es ist die Ordnung Allahs. Ihr solltet sie bewahren und euere Arbeit hat Erfolg. Wenn ihr es nicht sagt, findet ihr nichts Gutes in Dunya oder Akhirah. Aman ya Rabbi, Tawba ya Rabbi. Tawba Astaghfirullah. Laßt uns Bismillahi r-Rahmani r-Rahim sagen. Heute eröffnen wir auch mit dem Bismillah. Möget ihr Gutes finden. Wer hört, findet Gutes. Mögen sie Gutes haben. Wer nicht hört, mag erleiden, was auf ihn kommt. Aman ya Rabbi, Tawba ya Rabbi. Zu Ehren Deines Geliebten vergib uns und sende uns Deine Diener, die uns den rechten Weg zeigen und lehren. Fatiha. Möge Allah uns auch gute Tage zeigen. Möge uns gewährt sein, Mahdi (as) zu treffen. Wir wollen Macht. Und sie wird kommen, insha'Allah. Es gibt keine Chance für die Unterdrücker. Von heute ab sperre ich sie ein. Ich bin nichts, aber ich habe sie eingesperrt. Sie lassen mich das sagen. Ich werde die Unterdrücker einsperren. Sie werden sehen, ob es geschieht oder nicht. Tawba ya Rabbi, Tawba Astaghfirullah. Gründet auf Schutz, sendet Salams. Fatiha.

## Environmental Pollutants from Modern Technology

...Lime, they immediately mix it with sand, they pour it in the lime and put water and it starts boiling. The lime gets hot until it becomes like milk, we used to call it, “lime cream.” Then the sand is put in around it. It does not get dry, it stays like that. If it was cement it would be like iron by morning, but this mix does not get dry, it remains as it is. This is the old method used in old buildings. These wretched ones now are all traitors and ignorant men. May Allah finish them!

Wherever the cement mix is dried, its smoke finished the forests and trees. It poisons and pollutes everywhere, also the air. They say, “Let it pollute! They will get sick, they will come to hospitals and we may sell them medicine.” Laa hawla wa laa quwatta illa billah, laa hawla wa laa quwatta illa billah! I know all of it, I know, thanks to Allah Almighty.

In the past, how did they build the castles and city walls, with what materials, cement? There are city walls that are thousands of years old, even your long benches. But these traitors, all these ministers are taking commission from construction men.

Cement is dangerous: it does not get warm in winter nor cool in summer. Therefore, another trick of theirs with these buildings is to throw people outside, out of their homes. The important point here is that no one

wants to stay in their homes, saying, “We may breathe a little, get some fresh air.” It is impossible to sit at home. And the homes are so small, like a small box. If you put your head inside, your bottom is left outside. If you put your bottom inside, your head is left outside. It is like that.

(Hajjah Roqiya: Air conditioning?)

Air conditioning, that is another new thing! Air conditioning causes people to get sick; immediately running to the pharmacy.

(Mud brick?)

Mud bricks are made in molds, when you put them together they become one piece, all of them one mud brick. This house with wooden beams is 150-years-old, mashaa-Allah. The house can breathe. In houses now the upper part is concrete, the bottom is concrete, right and left, everywhere is concrete. The people have become like concrete in the middle of it. What is made from iron or similar material harms the body. Therefore, look at this clay pot (which breathes), and also the spoons may be made of wood.

Astaghfirullah. What ruined the people is concrete, nylon, and hormones! All three of them have a great profit margin. (Manufacturers) are a handful of low-life people everywhere that also pour into the mouth of the government. Finished. Yaa Rabbee, shukr.

(What about polyester?)

All of them are like that. May these low-life people be drowned in this land’s oil! They are constantly drilling oil, so this world has come to this situation; they brought it to a dead end. Nylon, hormones, concrete, these three things. The Pyramids also have three legs, it is coming from back then. In ancient Egypt, the three-legged ones standing on three legs, because it can’t stand on two legs or one leg, it stands on three legs.

**There are three levels of certainty**

Ya Hu, ya Hu, ya Daim! Destur ya Sultanu-l Awliya, Meded, ya Rijalallah...aiduna bi madadikum...Ya Awliya-ullah! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is an association that is making our spirituality to hope for a good future here and Hereafter. We need hope and hope is (the) common level of believers. They are hoping and over that level (of hope there is) another level, (it is) going to be through certainty.

(There are three levels of certainty:) (First) people are through (the certainty of) their knowledge (‘Ilmu Yaqin), and over it (there is the) certainty of their looking (Ain ul Yaqin) and another level is going to be Haqq ul Yaqin, (the Truth or Reality of certainty)- when they are reaching to that level, never remaining with them any doubt.

But (the) first level is the level of common believers, that their belief is only as (the belief of) a student of 5, 6 or 7 years, (who is) beginning to learn the letters of the Holy Quran: What his teacher is saying to him, he is repeating, saying: “Bismillahir Rahmanir Rahim. Alif.” That small one is saying: “ Alif.” Then: “This is ba, ta, tha”- that small one is following his teacher. Without bringing a proof through himself that this sign is Alif, he must say that it is Alif. When he is learning letters and beginning to join one letter with another, then a word (is) appearing. Then he is understanding that this letter really is Alif, because when you are putting in front of it some other letter, appearing a word and it has a meaning. So that first of all our belief is going to be as Prophet was teaching to them. (The) Prophet (was) coming and saying: “Oh people, you just say: La ilaha ill-Allah, Muhammadur Rasulullah sws.” Say! Follow your teacher! Follow your teacher, and you should reach what you are asking! And we (are) now, we may say, we are on the level of hope.

We are hoping to reach for example to Paradise. That is our hope, and over this hope (is) coming our belief that is are just depending on certainty, on 3 levels. We hope to be from Paradise people, and we are here, (in Dunya). According to our belief for Prophet and what they are bringing, we know about Paradises and Hells, and on that level now we are hoping to be from Paradise people. Then this hope changing to belief and belief also (is) getting more strong, on 3 levels through certainty. 3 kinds of certainty. Firstly we are hoping to be from Paradise people, and the last level is that when we are entering Paradises we are saying: “Yes, it is not (only a) hope, but it is certainty that we are in Paradise.”

Now we are trying to call people to (even) the lowest level; but it is (the) limit of animals’ level. Animals are not hoping anything for them in future, no. Therefore the level of hope is going to be over the level of animals. Until a person is reaching the level of hope, his membership is going to be with (the) animals world. He is one member of animals world, nothing else, because they are on (the) same activities, on same desires, on same pleasure; they are concerning only (for) their physical being and they are not saying (that there is) anything beyond their material being. So that they are fully members of the animals world.

When people (are) reaching (up to think) about their situation, conditions or (their) manifestation level through their mind and (they are) beginning to ask a continuous life, it means (that) they are awakening. They are awakening and asking to reach to another level. They are those people who (are) fed up from being a member of (the) animals’ world. That is (the) beginning of awakening. When (the) awakening (is) beginning, that hope (is) carrying them up from (the) limits of (the) animals world; their belief (is) getting up and (they are) looking and seeing: “Ohhh- this is another world than the world that we were in; this is more wider and more enjoyful and more hopeful for our lives!” Coming awaking...And these people on that level may touch with someones (like Prophets)- that Prophets just have been sent to people on that level, and on that level people are coming nearer to Prophets, but others are not, because yet they are with animals membership, they are running (with them), (and) therefore they may kick who (is) calling them to another level, they may bite and kick, because their membership is for animals world. Those people have an identity card, (for) their identity (it is) written: “These ones are members of (the) animals world, don’t touch them!”

Therefore Allah Almighty was saying (to His Prophet): “Say: Lakum dinukum, wali ad-din. Don’t touch these people, because they have (a) membership for (the) animals world, may bite you, may kick you, may harm you., may hurt you. Leave them on their level. But (those) who reached (the) level of hope, when (they are)

astonishing and looking: “Ohhh- this is a level (that is) just 1oo different from the level of (the) animals world, that we were in it, but now we reached (another level), we may think something beyond our membership of (the) animals world.” And they were amazed, they were beginning to look (up), not like sheep, sheep (are) looking like this, like that, where is grass, never looking up- but those people, who belong to mankind, when they are reaching to the level of hope and (they are) looking another world, they are amazing and saying: “Ohhh- this is another world! But we (are) never going to reach the wisdom of being that level over level of (the) animals world.”

Then the Lord of Heavens is sending those people who (are) hoping and asking (for something) beyond their lives, beyond their beings, hoping (and saying): “Perhaps we may find something in this direction or in that direction”, and (it is said that) if anyone is asking something and he is serious for (his) asking, the Lord of Heavens must send that person to that direction that he may find something, making their hope to be a belief. They have been sent to that direction and there they should find someone speaking something that they never heard about!

“Oh people,” (he is) saying, ”come! Welcome to you, to your new world! You are new ones here, come and look what we have or what (is) just prepared for us. Come and look, come and give a look!” Those people that they were believers in idols, idol worshippers, they are looking and saying: “Those people (are) calling us to some other world that is (an) unknown world, but we (do) hope to reach to unknown worlds beyond our world”, and these people who (are) authorized through Heavens, they are Prophets; they have hooks, making like this... carrying them (and) making their hopes beliefs.

People are coming and listening. First (they are) coming and sitting around Prophets (and listening to) what (they are) saying and their hopes (are) growing. Growing, but that hope (is) never giving a satisfaction. (Prophets) make (their) hope a belief that that belief (is) giving to them a strong desire to reach to their targets through that beliefs and (therefore) they may follow Prophets; what Prophets (are) saying, they are following them and according to their deep desires and deep wishings they are giving much more effort, much more time to reach what they have been shown through heavenly people that show to them (something) about (the) eternal life through Paradises or Hells.

They are giving much more effort and make much more activities, and according to their efforts and activities

certainty (is) growing through their hearts, that (the) first level of certainty is for their knowledge, Ilm ul Yaqin. When they are reaching the horizon or the limits of (that) certainty of knowledge, (it is) appearing to them another level, that they should be in that level looking and seeing and what they are knowing; there are going to appear some signs from another world, from another level. Beginning to appear, and if they are giving much more efforts and they are working on it, trying to fulfil their obedience through their first level, (it is) coming another opening (and) they have been granted 'Ain ul Yaqin', to look, to appear an ocean. That ocean is so far and they are asking: "Ohhh- if we can reach to that ocean!"

And as much as you are giving much more effort for reaching to that level, Allah Almighty through His beloved one (is) giving much more power and making a way for them to reach to that oceans of Beauty, oceans of Knowledge, oceans of Power, oceans of Wisdom, oceans of Paradises, oceans of Desires- endless oceans with endless aspects. (They are) asking to reach, reaching, (and) when we are stepping in Paradise, then we are reaching 'Haqq ul Yaqin', (the) most highest (level of) certainty that we were hoping to reach and we were believing and following Prophets (for reaching that) and that ocean, when we are entering (it), we are saying: "Ohhh- we reached to our hopes!"

And that is the last point of certainty, to be with Haqq; (there are) no more desires remaining, because they reached the ocean of Beauty that it was their main target to reach (it). When (they are) entering in it, finished. They reached to their last target and their enjoyment and pleasure and satisfaction and peace and to be honored and praised in (the) divinely Presence. (It) just happened, (so that) they are asking nothing (more), only (they are) saying: "Oh our Lord, be pleased with us" and the Lord is saying: "I am pleased with you, oh My servants."

That is the end of their desires; they are entering through never-ending oceans. They should be there. They are finishing, they are becoming one point through that ocean under the Dominions of the Lord of Heavens...

May Allah give us a good understanding and send us someone, someones, to make us to understand, because now such speeches are going to be (so strange) for people, as the language of Jinns. We are asking an opening and that is the way of salvation of mankind, that is the way of peace for mankind, that is the way for their honours and glory.

We are asking forgiveness from Allah Almighty and blessings, for the honour of (the) most honoured one in

His divinely Presence, S.Muhammad sws, Fatiha.

## To Whom is The Throne of Sham

(Dt.: ThronVonSham)

Madad Ya Rijal Allah. Madad Ya 'ibad Allah al salihin. Madad Ya Budala' Al Sham Budala, nujaba, nuqaba, & akhiyar and the Saints of Egypt... akhiyar from East to West.
This is an address for the whole world. But it is an address especially for the Nation of Muhammad (saws). And it is especially for the Shaykhs of the distinguished Tariqats. And it is especially for the Muslim scholars that are existing in our time now, in the world from East to West.

I am a weak servant and I am hoping that the Lord forgives me and I am hoping for the Prophet's (saws) intercession on Judgement Day. I do not need anything anymore from this world. Like our honourable Masters have taught us, this world is a carcass - the dogs want it. A carcass! But Allah (swt) honoured His servants with something that if they do not use it for His (swt) sake, they will become a carcass. We must be careful in order not to be like those people who are asking for this world. To ask for this world is the most evil thing on the face of the earth. Those who ask for this world are the most evil of people because all the Prophets (as) came to encourage the servants of Allah (swt) to seek the pleasure of Allah (jwa) and to seek Eternal life. Eternal- Sarmadi! Ignorant are the ones who ask for this temporary, worldly life that has no value. This is what the Prophets (as) asked for, and especially the request of Sayyidina Rasulullah, Prophet of

the end of times, Beloved of The Most Merciful-Al Rahman - Sayyidina Muhammad (saws).

Salam alaykum, Shaykh Hisham Effendi, scholar in this period of time and among the respected Shaykhs existing on the face of the earth. I became inspired to address to the whole world. We are living in a time in which all the people, people... are asking for this world. Just like in another time, when someone was asked to ascend the pulpit of a Mosque in Sham, although he was not authorized for this position, and began a khutba by saying "O people, you are filthy ones your Imam is Abbas!" They attacked him, hit him & kicked him out. But it turned out that this man conveyed the situation of the world to the people. Anjas, means something worse than just filthy, and the world is filthiness. Who asks for this world, this carcass - this is what the Prophet (saws) says - who asks for it are dogs. Naudhu Billah. In our time now, the least possible of things is to be free from asking for this world. But people are working.. all the people want to collect from this world. But this world is for this world. If you do not do goodness for the favours that Allah(swt) bestowed on you, that is filthiness. The value of this world is for the sake of Allah (swt) and on Judgment Day He Will ask "O My servant, what have you brought?" "I have brought the treasures of the world." "I did not ask from the measurement of the world, I am asking you from the measurement of good deeds you did in the world with the treasures of the world." "What did you bring as good deeds?"

And people now are busy with collecting from this world and they do not spend. It is the attribute of the Jews. They collect for themselves & put away for themselves and they do not bring it out to show the signs of Allah (swt), to stand up for Shariat Allah & for good deeds. This is an opportunity for them but they do not make use of it. This is the preface of this address as they say- our grand Shaykhs say, our honourable Masters. Our Way is in association & goodness is in the gathering.

This was an introduction, now we come to the point, a very sensitive point, around the necks of the scholars living in this period of time. They have forgotten to act with it. What is it? O scholars! Or doctors! You have forgotten the Hereafter, you have forgotten your Lord. You have taken shaytan as your supporter. You have taken the filthiness of this world. This is their earned share of shamefulness. Astaghfirullah. The servant's earnings in this world. This world is a carcass. And now, O servants of the Lord, I am addressing you O scholars of Islam from East to West. Since... since I have been inspired & ordered to announce to you, whether you accept or you do not accept, it does not concern me. O servants of the Lord, in what period of time are we living? In which era? We are living in the time of tyrants. Tyrants who do not act, they do not act

with the powerful Shariat of Allah (swt) but act instead upon the desires of their egos & they oppress people. They kill them & they dishonour them and they go beyond their limits. And they violate the rights of the servants of the Lord. They collect the treasures of this world & they do not give to people. Tyrants! Tyrant people. This address is for the tyrants of nowadays.

"Inna Fi´ha Qawman Jabbarina" (5:22) Allah (awj) shows everything.

We are living now in the time of the tyrants. It is known that tyrants do not act with the powerful Shariat, but they act according to the desires of their egos & rule with their anger, as if their anger descended from Heavens onto the face of the earth & people are following them. Leaving the safe way they follow them. These tyrants first appeared during the Ottoman empire. Secondly, when the Ottoman empire was declining. And there were maybe about 50 countries in the world remaining to the Ottoman kings. We are now living, but our Prophet (saws) gave us good tidings, that this period of time also has a limit. Limit - it must come to a limit & finish. And maybe the 20th Century was fully the century of the tyrants. And up to this part of the 21st Century... 21st Century... What do we need now, O scholars? Because these tyrants, first of all they attacked the Maqam or... the center of the Islamic Khilafa - where the Khalifas used to be. They attacked every place that represented Islam. Now we come to an important point, pay attention O scholars! The Caliphate is on the Shariat of Allah (swt). The Caliphate keeps the Shariat of Allah (swt). Without the Khalifa, there cannot be any country that maintains the powerful Shariat of Allah (swt). And you know this O scholars, you claim to be scholars. In which time? In the time of tyrants.

What have you done? They say "we have not done anything". "For what reason?" "Because they took all the power from our hands, and left us on our own. We have nothing. They rule & we are under their ruling. They became rulers & we became under their ruling. We used to rule & they were ruled by us. Today they are rulers & we are ruled. It is like this." The message of the Prophet (saws) reached at that time, a handful of people in Anatolia in Turkey. They gathered and said "we are going to abolish the Sultanate & with it we will abolish the Caliph." This is not for them. This is not for them! May Allah's (swt) curse be on them. This is not for them. And same for all the states who left the orders & did like that.

In the new state in Turkey, a handful of people abolished the Sultanate and with it they abolished the Khilafa? O scholars, with what right did these tyrant people abolish the Khilafa? Did they have this power & this

authority? Why don't you look at this? You write books & books and you claim to be doctors. You have no value! This time in which we are, is the worst time. Muslims are killing each other. They have dishonoured Islam, in every way. And also the Muslims they turned them from being Muslims to being the most humiliated. The tyrants became the highest level of people and the Muslims the most humiliated. Not even one word from the Muslims was said against those tyrants. O scholars, between East & West, I am a weak servant, but by order of Al Haqq (swt) - as He (swt) says

"Wa Dhakkir, Fa'inna Adh-Dhikra' Tanfa`u Al-Mu'uminina" (51:55) Is it not like this?

Sadaqa Allahu Al Azim. "And Remind.." Why are you not reminding about the matter of Khilafa? Why did you accept to abolish totally the station of Khilafa? A handful of people, how did you accept this O scholars of India? Scholars of Arabic countries, scholars of Egypt, Libya, West Africa and all Arab countries, why did you accept? With what right you did not protect that station, that Throne?

There is no higher station than the station of Khilafa in this world! The honour of all the Kings is for the reason that they carry the Islamic Khilafa. No one raised his hand to protect the banner of Islam. Where are you scholars! And the people... a handful of people killing the Muslims from East to West, and you said nothing. Who keeps quiet about the truth is a silent shaytan. And now, I am calling you O scholars! You witnessed a man, who is a descendent of the Prophet (saws), who raised the banner of the Prophet (saws), removed. The Khalifa of Allah (swt) - the station of Khilafa & Sultan was for him. We have reached such a period of time. And now we have searched for who has the right to the station of Khilafa in our days. The first condition is that he is a Khalifa from the descendents of the Prophet (saws). We looked from the East to the West of the world and we have not found except from the children of the Prophet (saws). They are a handful people in the Kingdom of Amman- Jordan. They have been imprisoned there, and all the rich Arabs with all their power & treasures they never supported the children/descendents of the Prophet (saws) with anything. They have everything but have never supported him. They shall see!

And now our duty... our duty is to look for a living Khalifa. We find him fit for this matter in the Kingdom that is in Amman-Jordan. Jordan, there are a handful of people from the household of the Prophet (saws) who are ruling and they have cut them out and left them in the middle of the desert so they cannot move. This is a shameful act of the Arabs, shame on them, the Wrath of Allah (swt) is upon them! And you scholars

I am addressing you, it is our duty to take.. and to look for who has the right to carry the banner of Khilafa, only a descendent of the Prophet (saws).

Look from East to West and you will only find them in the land, the desert land of Amman. The Ahl Al Bayt, they are left there and they cut them out so they cannot move. Shame on the scholars! Who left them alone, oppressed, broken & deprived. And now it is a duty, O scholars, to ask you for a fatwa- legal opinion: Is it a duty & a right to look for a Khalifa or not? The first thing for the whole Islamic world, I am asking them. If he says "it is not necessary." Who says this is not from the Muslim people and should be exiled & considered from among the tyrants. And now what is left is a handful of people from the household of the Prophet (saws) coming from the last of the Sharifs-Honoured ones. Sharifs of Mecca, Sharif Hussain, may Allah bless his soul. They tricked him till he stood up against the Muslim Khilafa of the Ottoman Empire. And they promised him lies. They told him "we shall make you, O Sharif Hussain, a King for all the Arabs, but this was deception & lies. And when those tyrants who are following the Jews take their orders and all their teachings from the Jews. They deceived Sharif Hussain & exiled him and chained him.

At that time I was young, 10 years old. I saw him here in Nicosia, in a simple house. They exiled him, may Allah (swt) bless his soul. With my father we used to go and kiss his hand, because my father at that time was working for the Islamic Waqf here in Cyprus. And we were offering every service & respect for Sharif Hussain. And when he passed away they came to take him to the Holy Land (Jerusalem). This is very well known to the people with knowledge, but they do not know anything about this topic. I would like to open for them a way that they may seek a Khalifa otherwise we will be destroyed from East to West with weapons from countries that are non-Muslim, whose aim is to control the whole world from East to West. And most of them want to put Islam down & put themselves up. But Allah (swt) says "Haqq stand high & nothing stands higher". Islam is the Highest! O scholars listen! I want from you a fatwa -legal opinion, about what we should do? I am a weak servant, I want that we take a Khalifa from Ahlul Bayt of the Prophet (saws) who is living now.

And you know what has happened in the blessed Lands of Sham. "The best houses for the Muslims, said our Prophet (saws), are in the land of Sham, " In the land called Damascus. The best Muslim houses are there. The people gather there. And now the right for Khilafa & the Islamic Sultanate is for his Highness King Abdullah. His name is Abdullah, Allah (swt) has dressed him with a dress of such glory that everything else

becomes as nothing in front in front of it. May Allah (swt) support him. And now O scholars I am asking from you to support him... to support him now. He is now waiting for you to grant your support to him. And now O scholars you have seen or you have heard how far they have gone, the enemies of Islam & the Muslims in the land of Sham.

And now in an area of Syria they are cut off and all those who are against Islam have retreated to the North side of the land of Syria. They have left Damascus, the city honoured by Allah (swt), empty with no one to govern it, with no King to protect them. And now we are asking to grant eveything to the one who has the right, the authority to it. Sham is empty. I want the scholars to give a fatwa- legal opinion from East to West: that the most deserving and the one with the right to carry the Muslim Khilafa from Rasulullah (saws) is King Abdullah from Amman/Jordan. May Allah support him. Support him. If you do not support him Allah's (swt) Wrath will come upon you till you perish.

And now I am asking from everyone who can issue a fatwa- legal opinion to proclaim that the one who deserves to be a Khalifa is his Majesty, King Abdullah. Allah (swt) supports him and the angels support him. If you do not support him not one of you will reach the time of Mahdi (as) & just before he comes you will pass away & be burried either in the Muslims graveyard or with the worst of the unbelievers. And now this declaration is an announcement from a weak servant, not like you scholars, but we have inspirations. If we get inspirations or not - ask the people who have knowledge of certainty. Ask them them if my words are right or not. If they say it is true, they will be saved. But those who deny will perish. And now there are troops in Jordan carrying the banner. It is the banner of the Prophet (saws). The second banner carries the name of Mahdi (as), Sahib Al Zaman.

Do you accept? We do. If you do not give a fatwa that the most fit, the most beneficial, and the best for the ummah as Khilafa, is the lion of Allah (swt), King Abdullah of Amman/Jordan. And he has been promised to have the Land of Sham, the land of Hijaz, the land of Baghdad/Iraq. All the Muslim countries should be under his command until Mahdi (as) comes to give him the Holy Relics. He will go with him to Istambul to give him the Holy Relics. I did not read this declaration from a book. But it is from the men of Allah (swt). Since the men of Allah (swt) they have dressed me with the power to give declarations to the whole world while I am the weakest of servants, the weakest of servants, may Allah (swt) forgive us. May Allah (swt) forgive us. We want nothing but goodness. We want to leave all the badness. We want goodness & who will

raise the banner of Islam, the flag of Haqq, the flag of Heavens on the face of the earth. This is our aim - nothing else.

O Shaykh Hisham, I request from you also & all who can issue a fatwa to say that this declaration is correct & that the right to the Khilafate belongs to the lion, his Majesty King Abdullah who is from the household of the Prophet (saws), in Jordan. This is our declaration. I am asking that this fatwa be issued from every scholar who can issue one to support our declaration. So they may give the due right - "give to everyone their due rights" (Hadith). These are words of the Prophet. Otherwise Allah's (swt) Wrath will be on them. His majesty is ready, with two flags: one of the Prophet (saws) and the second one is of Sahib Al Zaman, al Mahdi (as). He will enter Damascus in spite of their opposition. Then his Kingdom will expand from East to West in the Muslim world and these dishonoured ones, humiliated ones, will be exiled. They will escape or they will die. Only the banner of the Prophet (saws) will remain together with the banner of Sayidina Al Mahdi (as). He is not al Mahdi (as), King Abdullah, no.

Al Mahdi (as) is coming. Al Mahdi (as) is coming. Al Mahdi (as) is in the land of Hijaz. He is there, his family knows him and besides his family, no one knows him. And we are asking to meet him, to kiss his feet & take bayat with him. 60 years ago I took bayat with him, O Shaykh Hisham. 60 years ago I gave him bayat, together with my Master Mawlana Sultan Al Awliya' Abdullah Al Daghastani. I wrote this letter to his grandfather Amir Abdullah to keep his position. If you do not keep the position of his great grandchildren, Abdullah the II, this Abdullah, the holder of the sword!

O King do not fear, walk and Allah (swt) is with you & the armies of Heaven are with you. Do not fear, make your move. Place on your head the Islamic turban, the honour of Islam, and walk. The land will open for you. It is open for you and wherever you direct yourself you shall be victorious. And Allah (swt) is with you & is with the patient ones, with the good servants of Allah (swt). Ya Rabbi grant us safety in this time. Allah (jwa) emptied the land of Sham for him to rule. He will enter into the land of Sham.
I am asking a fatwa from all the scholars who can issue one, that King Abdullah is the righteous one for Khilafa in Sham now. Then he will go to Istambul, Asitana, to receive the Holy Relics of the Prophet (sas),his greatest grandfather. And Allah (swt) is Witness upon what we have said. Ya Rabbi forgive us, and grant us from Your Guidance and show us the glory days of Islam, as we have seen what happened to the Muslims. We hope that we may be honoured with the honour of Islam. That we may be proud & not be humiliated among

people.

O Arabs, especially you, "do not be divided and hold fast, all of you together, to the Rope of Allah" (3:103) The Rope of Allah (swt) that represents the King of Jordan. His Highness King Abdullah, is the Rope of Allah (swt). Hold fast to him and do not fear. Allah (swt) is with you.

And Allah (swt) Knows what you do. And forgive us O Lord, for the sake of Your most honoured one. My heart is too full to speak, but now I reached the age of weakness. And what has been inspired to my heart & what they have ordered me to say is this much. It is enough for 70 worlds. And Allah (swt) is Witness to what we say. Allahu Akbar! And His Prophet (saws) knows. His Prophet (saws) is generous, the highest in the Divine Presence. I have declared, I have declared, I have declared.

I am asking from my Lord to show me those honoured days of Islam, between the hands of the Sultan, O Lord You are Omnipotent over everything. Sham is open for you, O your Majesty the King. Enter it O King, O lion of Allah (swt). And no fear for you, the armies of Heavens & earths are with you. Go! Fatiha. Wa min Allah Al Tawfiq.

## Wem der Thron von Sham gehört

(Engl.: ThroneOfSham)

Madad, ya Rijal Allah. Madad, ya 'Ibadallah as-Salihin. Madad, ya Budala' ash-Sham, Budala', Nujaba, Nuqaba und Akhiyar und die Heiligen Ägyptens, Akhiyar von Ost bis West. Dies ist eine Ansprache für die ganze Welt. Aber es ist eine Ansprache besonders für die Nation Muhammads (saws). Und sie ist besonders für die Shaykhs der ausgezeichneten Tariqats, und sie ist besonders für die muslimischen Gelehrten, die es in unserer Zeit, in dieser Welt von Ost bis West gibt. Ich bin ein schwacher Diener, und ich hoffe, daß der Herr mir vergibt, und ich hoffe auf die Fürsprache des Propheten (saws) am Tag des Gerichts. Ich brauche nichts mehr von dieser Welt. Wie unsere ehrenwerten Meister uns gelehrt haben, diese Welt ist ein Kadaver, die Hunde sind hinter ihm her. Ein Kadaver! Aber Allah (swt) ehrte Seine Diener mit etwas, das, wenn sie keinen Gebrauch davon machen um Seinetwillen, sie zum Kadaver macht. Wir müssen vorsichtig sein, um nicht wie jene Leute zu sein, die es nach dieser Welt verlangt. Diese Welt anzustreben ist das Übelste auf dem Angesicht dieser Erde. Diejenigen, die diese Welt anstreben, sind die übelsten Leute, weil alle Propheten (as) kamen, um die Diener Allahs (swt) zu ermuntern, das Wohlgefallen Allahs (jwa) und das Ewige Leben zu suchen. Ewig - Sarmadi! Ignorant sind jene, die es nach diesem vorübergehenden weltlichen Leben verlangt, das keinen Wert hat. Dies ist, wonach es die Propheten (as) verlangte und besonders Sayyiduna Rasulullah,

den Propheten des Zeitenendes, den Geliebten des Höchstgnadenreichen - ar-Rahman - Sayyidina Muhammad (saws).
As-salamu alaykum, Shaykh Hisham Effendi, Gelehrter in dieser Zeit und von den respektierten Shaykhs, die auf dem Angesicht der Erde existieren. Ich wurde inspiriert, die ganze Welt anzusprechen. Wir leben in einer Zeit, in der es alle Leute, Leute nach dieser Welt verlangt. Gerade so, wie in einer anderen Zeit, als jemand gebeten wurde, die Mimbar einer Moschee in Sham zu besteigen, obwohl er für diese Position nicht befugt war, und eine Khutba begann mit den Worten: 'O Leute, ihr seid schmutzig, euer Imam ist Abbas!' sie ihn angriffen, schlugen und hinauswarfen. Aber es stellte sich heraus, daß dieser Mann die Lage der Welt den Leuten deutlich machte. 'Anjas' bedeutet etwas Schlimmeres als nur schmutzig, und die Welt ist Schmutz. Wen es nach dieser Welt verlangt, nach diesem Kadaver, dies ist, was der Prophet (saws) sagt: 'Wen es danach verlangt, sind Hunde.' Naudhu Billah. In unserer Zeit ist das mindeste aller Möglichkeiten, frei vom Verlangen nach dieser Welt zu sein. Aber die Leute arbeiten, alle Leute wollen Dinge von dieser Welt zusammentragen. Aber diese Welt ist für diese Welt. Wenn du nicht Gutes tust für die Wohltaten, die Allah (swt) dir erwiesen hat, ist das Schmutz. Der Wert dieser Welt ist um Allahs (swt) willen und am Tag des Gerichts wird Er fragen: 'O Mein Diener, was hast du mitgebracht?' 'Ich habe die Schätze dieser Welt mitgebracht.' 'Ich habe nicht nach dem Maß dieser Welt gefragt, Ich frage nach dem Maß der guten Taten, die du getan hast in der Welt mit den Schätzen der Welt. Was hast du an guten Taten mitgebracht?' Und die Leute sind jetzt damit beschäftigt, die Dinge dieser Welt zusammenzutragen und geben nichts aus. Es ist das Attribut der Juden. Sie tragen für sich zusammen und tun es beiseite für sich selbst, und sie bringen es nicht hervor, um die Zeichen Allahs (swt) zu zeigen, um für die Shariat Allah und gute Taten aufzustehen. Dies ist eine Chance für sie, aber sie nutzen sie nicht.
Dies ist das Vorwort dieser Ansprache, wie sie sagen - unser Großshaykh und unsere ehrenwerten Meister. Unser Weg besteht in Sohbat und Gutes ist in der Versammlung. Dies war eine Einleitung, jetzt kommen wir auf den Punkt, einen sehr sensiblen Punkt, um den Hals der Gelehrten, die in dieser Zeit leben. Sie haben vergessen, danach zu handeln. Was ist es? Ihr Gelehrten! Oder Doktoren! Ihr habt das Jenseits vergessen, ihr habt eueren Herrn vergessen. Ihr habt Shaytan als eueren Unterstützer genommen. Ich habt den Dreck dieser Welt genommen. Dies ist der Anteil ihrer Schande, den sie sich verdient haben. Astaghfirullah. Die Einnahmen des Dieners in dieser Welt. Diese Welt ist ein Kadaver. Und jetzt, Diener des Herrn, spreche ich euch an, ihr Gelehrten des Islam von Ost nach West. Da mir eingegeben und befohlen wurde, euch anzusprechen, geht es mich nichts an, ob ihr es anerkennt oder nicht. Ihr Diener des Herrn, in welcher Zeit

leben wir? In welcher Ära? Wir leben in der Zeit der Tyrannen. Tyrannen, die nicht mit der machtvollen Shariat Allahs (swt) handeln, sondern stattdessen nach den Gelüsten ihres Egos und die Leute unterdrücken. Sie töten sie und entehren sie, und sie überschreiten ihre Grenzen. Und sie verletzen die Rechte der Diener des Herrn. Sie raffen die Schätze dieser Welt zusammen und geben den Leuten nichts. Tyrannen! Diese Ansprache ist für die Tyrannen von heute. "Inna Fiha Qawman Jabbarina" (5:22) Allah (awj) zeigt alles. Wir leben jetzt im Zeitalter der Tyrannen. Es ist bekannt, daß Tyrannen nicht in Übereinstimmung mit der machtvollen Shariat handeln, sondern nach den Gelüsten ihres Egos, und sie herrschen mit ihrem Zorn, als wäre ihr Zorn von den Himmeln herabgekommen auf das Angesicht der Erde, und die Leute folgen ihnen. Sie verlassen den sicheren Weg und folgen ihnen.

Diese Tyrannen erschienen zuerst während des Osmanischen Reiches. Zweitens, als das Osmanische Reich sich im Niedergang befand und vielleicht noch 50 Länder in der Welt verblieben für die Osmanischen Könige. Wir leben jetzt, aber unser Prophet (saws) gab uns die gute Nachricht, daß diese Zeit auch ein Ende hat, eine Grenze. Sie muß einmal zu Ende gehen und Schluß. Und vielleicht war das 20. Jahrhundert vollkommen das Jahrhundert der Tyrannen. Und bis zu diesem Teil des 21. Jahrhunderts... des 21. Jahrhunderts... Was brauchen wir jetzt, ihr Gelehrten? Weil diese Tyrannen, zuerst einmal den Maqam angriffen, den Maqam oder das Zentrum des Islamischen Khilafa - wo die Khalifas für gewöhnlich waren. Sie griffen jeden Ort an, der den Islam repräsentierte. Jetzt kommen wir zu einem wichtigen Punkt. Paßt auf, ihr Gelehrten! Das Kalifat ist auf der Shariat Allahs (swt). Das Kalifat bewahrt die Shariat Allahs (swt). Ohne das Kalifat kann es kein Land geben, das die machtvolle Shariat Allahs (swt) aufrechterhält. Und ihr wißt das, ihr Gelehrten, die ihr behauptet, Gelehrte zu sein. In welcher Zeit? In der Zeit der Tyrannen. Was habt ihr getan? Sie sagen: 'Wir haben nichts getan.' 'Aus welchem Grund?' 'Weil sie uns alle Macht aus den Händen genommen haben, und wir auf uns selbst gestellt sind. Wir haben nichts. Sie herrschen, und wir sind unter ihrer Herrschaft. Sie wurden Herrscher, und wir wurden ihrer Herrschaft unterworfen. Wir herrschten früher, und sie wurden von uns beherrscht. Heute sind sie die Herrscher und wir die Beherrschten. So ist es.' Die Botschaft des Propheten (saws) erreichte in jener Zeit eine Handvoll Leute in Anatolien, in der Türkei. Sie versammelten sich und sagten: 'Wir werden das Sultanat abschaffen, und damit schaffen wir den Kalifen ab.' Das steht ihnen nicht zu. Das steht ihnen nicht zu! Möge Allahs (swt) Fluch auf ihnen sein! Das steht ihnen nicht zu. Und dasselbe gilt für alle Staaten, die die Ordnung verließen und das taten. Im neuen Staat Türkei schaffte eine Handvoll Leute das Sultanat ab und damit schafften sie das Khilafa ab? Ihr Gelehrten, mit welchem Recht schafften diese Tyrannen das Khilafa ab? Hatten sie diese Macht und Autorität? Warum

guckt ihr euch das nicht an? Ihr schreibt Bücher über Bücher, und ihr behauptet, Doktoren zu sein. Ihr habt keinen Wert. Diese Zeit, in der wir uns befinden, ist die schlimmste Zeit. Die Muslime töten sich gegenseitig. Sie haben den Islam auf jede erdenkliche Weise entehrt, und auch die Muslime. Sie verwandelten sie von Muslimen in die am meisten Gedemütigten. Die Tyrannen wurden die höchsten Leute, und die Muslime die gedemütigsten. Nicht ein einziges Wort sagten die Muslime gegen diese Tyrannen. Ihr Gelehrten zwischen Ost und West. Ich bin ein schwacher Diener, aber durch den Befehl von Al Haqq (swt), wie Er (swt) sagt: "Wa Dhakkir, Fa'inna dh-Dhikra Tanfa`u l-Mu'uminina" (51:55) Ist es nicht so? Sadaqallahu l-Azim. 'Und ermahnt..' Warum ermahnt ihr nicht in der Sache des Khilafa? Warum habt ihr das anerkannt und die Stufe des Khilafa vollkommen aufgehoben? Eine Handvoll Leute! Wie konntet ihr das anerkennen, ihr Gelehrten Indiens? Ihr Gelehrten der Arabischen Länder, ihr Gelehrten Ägyptens, Lybiens, Westafrikas und aller Arabischen Länder. Warum habt ihr das anerkannt? Mit welchem Recht habt ihr diese Stufe, diesen Thron, nicht geschützt? Es gibt keine höhere Stufe als die Stufe des Khilafa in dieser Welt. Die Ehre aller Könige rührt daher, daß sie das Islamische Khilafa tragen. Niemand rührte eine Hand, um das Banner des Islam zu schützen. Wo seid ihr Gelehrte? Und die Leute, eine Handvoll Leute tötet die Muslime von Ost bis West, und ihr habt nichts gesagt. Wer über die Wahrheit schweigt, ist ein stiller Shaytan.

Und jetzt rufe ich euch, ihr Gelehrten! Ihr wart Zeugen, als ein Mann, der ein Nachkomme des Propheten (saws) ist und das Banner des Propheten (saws) hochhielt, entfernt wurde. Das Kalifat Allahs (swt), die Stufe des Khilafa und Sultans war für ihn. Wir haben so eine Zeit erreicht. Und jetzt haben wir danach gesucht, wer das Recht auf die Stufe des Khilafa hat in unseren Tagen. Die erste Bedingung ist, daß er ein Khalifa von den Nachfahren des Propheten (saws) ist. Wir schauten von Ost nach West in der Welt und wir haben nur welche von den Kindern des Propheten (saws) gefunden. Sie sind eine Handvoll Leute im Königreich von Amman, Jordanien. Sie wurden dort ins Gefängnis gesteckt, und all die reichen Araber mit all ihrer Macht und ihren Schätzen haben die Kinder, Nachfahren des Propheten (saws) nie mit irgendetwas unterstützt. Sie haben alles, aber sie haben sie nie unterstützt. Sie werden sehen! Und jetzt ist es unsere Pflicht, unsere Pflicht, nach einem lebenden Kalifen zu suchen. Wir halten ihn für geeignet, im Königreich, das in Amman, Jordanien, ist. In Jordanien gibt es eine Handvoll Leute vom Haushalt des Propheten (saws), die herrschen, und sie haben sie ausgeschlossen und inmitten der Wüste gelassen, so daß sie sich nicht bewegen können. Das ist eine schändliche Handlungsweise der Araber. Schande auf sie. Der Zorn Allahs (swt) auf ihnen! Und ihr Gelehrten, ich wende mich an euch. Es ist euere Pflicht, zu suchen, wer das Recht hat, das Banner des Khilafa zu tragen. Nur ein Nachfahre des Propheten (saws). Sucht von Ost nach West, und ihr werdet sie nur in dem

Land, in der Wüste von Amman finden. Die Ahlu l-Bayt sind dort, und sie haben sie ausgeschlossen, so daß sie sich nicht bewegen können. Schande auf die Gelehrten, die sie allein ließen, unterdrückt, gebrochen und beraubt.

Und jetzt ist eine Pflicht, ihr Gelehrten, ein Fatwa zu fordern, eine Rechtsmeinung: Ist es eine Pflicht und ein Recht, nach einem Kalifen zu suchen oder nicht? Das erste für die ganze Islamische Welt, ich frage sie. Wenn er sagt: Es ist nicht nötig... Wer das sagt, gehört nicht zu den Muslimen und sollte ins Exil geschickt werden und als einer der Tyrannen betrachtet werden. Und was jetzt übrig ist, ist eine Handvoll Leute vom Haushalt des Propheten (saws), die von den letzten der Sharifs, den Geehrten, abstammen. Die Sharifs von Mekka, der Sharif Hussein, möge Allah seine Seele segnen. Sie legten ihn herein, bis er sich gegen das Muslimische Khilafa des Osmanischen Reiches erhob. Und was sie ihm versprachen, waren Lügen. Sie sagten ihm: Wir machen dich, o Sharif Hussein, zum König aller Araber! Aber das waren Täuschungen und Lügen. Und als jene Tyrannen, die den Juden folgen und ihre Befehle und alle Lehren von den Juden empfangen, den Sharifen Hussein betrogen und ihn ins Exil schickten und in Ketten legten, zu der Zeit war ich noch jung. 10 Jahre alt. Ich sah ihn hier in Nikosia, in einem einfachen Haus. Sie schickten ihn ins Exil, möge Allah (swt) seine Seele segnen. Mit meinem Vater gingen wir hin und küßten seine Hand, weil mein Vater zu der Zeit für den Islamischen Waqf hier in Zypern arbeitete. Und wir boten jeden Dienst an und Respekt für den Sharifen Hussein. Und als er starb, kamen sie und nahmen ihn mit ins Heilige Land (Jerusalem). Das ist wohlbekannt bei den Leuten mit Wissen, aber sie wissen nichts über dieses Thema.

Ich möchte für sie einen Weg öffnen, damit sie einen Khalifa suchen können, sonst werden wir vernichtet von Ost nach West mit Waffen von Ländern, die nicht-muslimisch sind, deren Ziel es ist, die ganze Welt von Ost nach West zu kontrollieren. Und die meisten von ihnen wollen den Islam herab- und sich selbst heraufsetzen. Aber Allah (swt) sagt: 'Haqq steht hoch, und nichts steht höher.' Islam ist das Höchste! Ihr Gelehrten, hört zu! Ich will von euch ein Fatwa, eine Rechtsmeinung, darüber, was wir tun sollen. Ich bin ein schwacher Diener. Ich will, daß wir einen Kalifen nehmen vom Ahlu l-Bayt des Propheten (saws), der jetzt lebt. Und ihr wißt, was geschehen ist in dem gesegneten Land Sham. 'Die besten Häuser für die Muslime,' sagte unser Prophet (saws), 'sind im Land Sham.' In dem Land genannt Damaskus. Die besten muslimischen Häuser sind dort. Die Leute versammeln sich dort. Und jetzt gehört das Recht für Khilafa und das Islamische Sultanat seiner Hoheit König Abdullah. Sein Name ist Abdullah. Allah (swt) hat ihn mit einem Gewand aus solcher Herrlichkeit bekleidet, daß alles andere daneben nichtig wird. Möge Allah (swt) ihn unterstützen. Und jetzt,

ihr Gelehrten, fordere ich euch auf, ihn zu unterstützen, ihn jetzt zu unterstützen. Er wartet jetzt darauf, daß ihr ihm euere Unterstützung gewährt. Und jetzt, ihr Gelehrten, habt ihr gesehen und gehört, wie weit sie gegangen sind, die Feinde des Islam und die Muslime im Land Sham. Und sind sie in einem Gebiet in Syrien abgeschnitten, und all jene, die gegen den Islam sind, haben sich in den Norden des Landes Syrien zurückgezogen. Sie haben Damaskus verlassen, die von Allah (swt) geehrte Stadt ist leer, ohne Regierung, ohne König, um sie zu beschützen. Und jetzt fordern wir euch auf, alles dem zu gewähren, der das Recht und die Autorität auf seiner Seite hat. Sham ist leer. Ich will, daß die Gelehrten ein Fatwa, eine Rechtsmeinung, abgeben von Ost nach West: daß der, der es am meisten verdient und der das Recht dazu hat, das Muslimische Khilafa auszufüllen von Rasulullah (saws) König Abdullah aus Amman, Jordanien, ist. Möge Allah (swt) ihn unterstützen. Unterstützt ihn. Wenn ihr ihn nicht unterstützt, wird Allahs (swt) Zorn auf euch herabkommen, bis ihr untergeht. Und jetzt fordere ich jeden auf, der ein Fatwa, eine Rechtsmeinung, herausgeben kann, zu proklamieren, daß derjenige, der es verdient, Khalifa zu sein, Seine Majestät König Abdullah ist. Allah (swt) unterstützt ihn, und die Engel unterstützen ihn. Wenn ihr ihn nicht unterstützt, wird nicht einer von euch die Zeit Mahdis (as) erreichen und kurz bevor er kommt, werdet ihr dahingehen und entweder auf dem muslimischen Friedhof oder mit den schlimmsten der Ungläubigen beerdigt werden.
Und diese Erklärung ist eine Ankündigung eines schwachen Dieners, nicht wie ihr Gelehrten, aber wir haben Eingebungen. Ob wir Eingebungen haben oder nicht - fragt die Leute, die Wissen der Gewißheit haben. Fragt sie, ob meine Worte stimmen oder nicht. Wenn sie sagen, daß sie stimmen, werden sie gerettet. Aber jene, die leugnen, werden untergehen. Und jetzt sind Truppen in Jordanien, die das Banner tragen. Es ist das Banner des Propheten (saws). Das zweite Banner trägt den Namen von Mahdi (as), Sahibu z-Zaman. Erkennt ihr das an? Wir ja. Wenn ihr kein Fatwa gebt, daß der Geeignetste, der Wohltuendste und der Beste für die Ummah als Khilafa der Löwe Allahs (swt), König Abdullah von Amman, Jordanien, ist. Und ihm ist versprochen, das Land Sham, das Land des Hijaz, das Land von Baghdad, Irak, zu besitzen. Alle Muslimländer werden unter seinem Oberbefehl sein, bis Mahdi (as) kommt, um ihm die Heiligen Reliquien zu geben. Er wird mit ihm nach Istanbul gehen, um ihm die Heiligen Reliquien zu geben. Ich habe diese Erklärung nicht aus einem Buch abgelesen, sondern sie kommt von den Männern Allahs (swt). Die Männer Allahs (swt) haben mich mit der Macht bekleidet, diese Erklärung für die ganze Welt abzugeben, während ich der schwächste Diener bin, der schwächste Diener. Möge Allah (swt) uns vergeben. Möge Allah (swt) uns vergeben. Wir wollen nur das Gute. Wir wollen alles Schlechte sein lassen. Wir wollen Gutes und wer das Banner des Islam hochhält, die Flagge von Haqq, die Flagge der Himmel auf dem Angesicht der Erde, das ist unser Ziel, nichts anderes.

O Shaykh Hisham, ich fordere auch von dir und von allen, die ein Fatwa herausgeben können, zu sagen, daß diese Erklärung richtig ist, und daß das Recht auf das Khilafat dem Löwen, Seiner Majestät König Abdullah gehört, der vom Haushalt des Propheten (saws) ist in Jordanien. Das ist unsere Erklärung. Ich fordere, daß dieses Fatwa von jedem Gelehrten, der eins herausgeben kann, herausgegeben wird, um unsere Erklärung zu unterstützen. Damit sie das gebührende Recht geben können. 'Gebt jedem das ihm gebührende Recht' (Hadith). Dies sind die Worte des Propheten (saws). Sonst wird der Zorn Allahs (swt) auf ihnen sein. Seine Majestät ist bereit mit zwei Flaggen: eine des Propheten (saws) und die zweite ist die von Sahibu z-Zaman, al Mahdi (as). Er wird Damaskus betreten trotz ihres Widerstandes. Dann wird sein Königreich sich ausdehnen von Ost nach West in der Muslimischen Welt und diese Entehrten, Erniedrigten, werden ins Exil geschickt. Sie werden entkommen oder sterben. Nur das Banner des Propheten (saws) wird zusammenbleiben mit dem Banner Sayyidina l-Mahdis (as). Er ist nicht al-Mahdi (as), König Abdullah, nein. Al Mahdi (as) kommt. Al Mahdi (as) kommt. Al Mahdi (as) ist im Land des Hijaz. Er ist dort. Seine Familie kennt ihn, und außer seiner Familie kennt ihn niemand. Und wir wollen ihn treffen, ihm die Füße küssen und Bayat mit ihm nehmen.

Vor 60 Jahren nahm ich Bayat mit ihm. O Shaykh Hisham, vor 60 Jahren gab ich ihm Bayat zusammen mit meinem Meister Mawlana Sultanu l-Awliya Abdullah ad-Daghestani. Ich schrieb diesen Brief an seinen Großvater Amir Abdullah, um seine Position zu wahren. Wenn du die Position seiner Urenkel nicht wahrst, Abdullah II., dieser Abdullah ist der Halter des Schwertes! O König, fürchte dich nicht, geh, und Allah (swt) ist mit dir, und die Armeen der Himmel sind mit dir. Fürchte dich nicht, mach deinen Zug. Setz dir den islamischen Turban auf, die Ehre des Islam und geh. Das Land wird sich öffnen für dich. Es ist offen für dich, und wo immer du dich hinwendest, wirst du siegreich sein. Und Allah (swt) ist bei dir und ist mit den Geduldigen, mit den guten Dienern Allahs (swt). Ya Rabbi, gewähre uns Sicherheit in dieser Zeit. Allah (jwa) leerte das Land Sham für ihn, damit er herrscht. Er wird in das Land Sham einmarschieren. Ich fordere ein Fatwa von allen Gelehrten, die eins herausgeben können, daß König Abdullah der richtige ist für das Khilafa in Sham jetzt. Dann geht er nach Istanbul, Asitana, um die Heiligen Reliqien des heiligen Propheten (saws), seines Urgroßvaters entgegenzunehmen. Und Allah (swt) ist Zeuge für das, was wir gesagt haben. Ya Rabbi, vergib uns und gewähre uns von Deiner Führung und zeige uns die ruhmreichen Tage des Islam, da wir gesehen haben, was mit den Muslimen passiert. Wir hoffen mit der Ehre des Islam geehrt zu werden. Damit wir stolz sein können und nicht erniedrigt werden vor den Leuten.

Araber, besonders ihr: 'Seid nicht gespalten und haltet fest alle zusammen am Seil Allahs' (3:103). Das Seil Allahs (swt) repräsentiert der König von Jordanien, Seine Hoheit König Abdullah ist das Seil Allahs (swt). Haltet fest an ihm und fürchtet euch nicht. Allah (swt) ist mit euch. Und Allah (swt) weiß, was ihr tut. Und vergib uns, oh Herr, um Deines Meistgeehrten willen. Mein Herz ist zu voll, um zu sprechen, aber jetzt habe ich das Alter der Schwäche erreicht. Und was meinem Herzen eingegeben wurde und was sie befohlen haben zu sagen, ist das. Es reicht für 70 Welten. Und Allah (swt) ist Zeuge dessen, was wir sagen. Allahu Akbar! Und Sein Prophet (saws) weiß. Sein Prophet (saws) ist großzügig, der höchste in der Göttlichen Gegenwart. Ich habe erklärt, ich habe erklärt, ich habe erklärt. Ich erbitte von meinem Herrn, mir jene ehrenvollen Tage des Islam zu zeigen, zwischen den Händen des Sultans. O Herr, Du bist Allmächtig über allem. Sham ist offen für euch, Euere Majestät der König. Tretet ein, o König, Löwe Allahs (swt). Und habt keine Furcht, die Armeen der Himmel und der Erden sind mit euch. Geht! Fatiha. Wa min Allah t-Tawfiq.

## Tie your camel first...

Bismillahir Rahmanir Rahim... Last night something was stolen out of a car... how to deal with such cases? The Shariat is always answering for every event that mankind faces. Once a Beduin came to the Holy Prophet sws, coming on his camel. Rasulu'llah asked him: "What did you do with your camel?" "I left it, and I am trusting in Allah that He is going to keep it safe." And Rasulu'llah said: "Go and tie your camel first, and then say: 'I am trusting in my Lord Allah Almighty'. "

First you, as a servant, must do what is your responsibility. Complete it and then, when you can't be able to do more than that you leave it to Allah. But not everything you may leave to Him. You may do some, and some is for Allah...

Grandsheikh told us: "There was a Mureed in Daghestan, who said: 'I always leave my cattle outside at night, not bringing them into the stable, my house, because my Sheikh is keeping them safe from the attack of wolves and violent animals.' One day Sheikh Abu Ahmad as-Sughuri, may Allah bless him and send his holy power on us, said to the Mureed: 'Oh, so-and-so Effendi, oh my Mureed, it is not good Adab to make your Sheikh a shepherd on the mountain all night. I am so weak, and it is so cold there...' "- This is an explanation for what the Prophet sws was saying.

You did what was for you to do, and then, what shall we do? How did they open the car? He left the window a little bit open, and a shaitanic person lowered it, turning and opening... In such a case, what is the Prophet

saying? He is saying: “Make it ‘fi sabili’llah’, for the sake of Allah.” Say: “I give for the sake of Allah what was stolen from me", and finished. Rasulullah said that for such people there is a special Paradise. It is only for them. But if someone is coming and asking to enter that Paradise, and what had been stolen from him, or what he had lost, was found later and he accepted it back, then it may be said to him: "Yes, you said "fi sabili’llah", you gave it for the sake of Allah, but when it was found, you accepted it back. Now you can’t enter this Paradise."

One Sahaba, a son of the Caliph S.Omar r.a., lost his beautiful, expensive red camel. He said: "Fi sabili’llah..." After some time, when he was sitting in the Mosque, someone called: "Oh son of the Caliph, your camel has just been found." He jumped up, but quickly sat down again, saying: "Astaghfirullah", because he remembered the Hadith of Rasulu’llah. He did it for the sake of Allah, and so he said: "It is for Allah, not for me now."

This is good Adab that must be well-known by everyone. So many things are going to be lost or stolen, and people get sad and cry. But this is what you should do; and you will find satisfaction through your heart by saying: "Just I did it for the sake of Allah..."

This is a holy month, Muharram, and some spiritually powerful people know that the money of some people is clean, Halal money, and they take that money and give it away for a reason, for some purpose. They give it especially to the Ahlu’l Bait, people from the line of the Prophet. They are in very bad conditions in Bosnia, Kosovo, Albania... It is not an ordinary person that knows and takes this money... Someone from the spiritually powerful people appeared to me, telling me this... therefore I am giving this Sohbet for the purpose that people around the whole world may benefit. The whole world and its treasures are not even as valuable as the wing of a fly... Do it for Allah, finished... He is giving more and more back to you... Now much more will come in this holy month to our brother, because everything in this month is one hundred times more than in other months... if you give ‘fi sabili’llah’ in this month, it must come back to you at least ten to one hundred times more...

May Allah keep us in His Service, on His Divine Way. We, and everything we have, is for our Lord... Fatiha.

# Time is Approaching for a New Opening

Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah..
Allah, Allah, Allah, Allah, Allah, Allah, Subhan Allah!
Allah, Allah, Allah, Allah, Allah, Allah, Kareem Allah!
Allah, Allah, Allah, Allah, Allah, Allah, Subhan Allah!
Allah, Allah, Allah, Allah, Allah, Allah, Sultan Allah!

You are Sultan, oh our Lord! You only, no one except You, You are Creator, You are Sultanate, endless Majestic for You and Your Majesty (is) just appearing through the smallest thing to biggest galaxies. Your majestic sultanate just appearing from atoms up to galaxies. You are only in existence, not anyone else.

As-salat was-salam, all salutes and greetings and honors on Your Most Beloved and Honored one that You created him and You created for his honor everything in existence and he is Sayyidina Muhammad (s).

Allah, Allah, Allah. O our Master, oh our Master, through your Masterhood we may look endless oceans. From far, from past oceans that it is only for creatures. Endless oceans our Lord Almighty Allah created and He is ordering, ”Oh My servants, say first of all, My Most Glorified Name, say ‘Bismillahi 'r-Rahmani 'r-

Raheem.'"

We are saying Bismillahi 'r-Rahmani 'r-Raheem. Oh our Master, if You are not teaching us we are knowing nothing. It is so difficult for ourselves to run in an ocean that we only enter a pond two meters, one meter we can be in it only. If (there is) no masterhood in creation, we should be always in that small pond. We can't move out and everything that we may see through that small pond (is) no more, but the Lord of Heavens just granted to him, most Beloved one, that He created whole creation for the honor of Sayyidina Muhammad (s). (Mawlana speaks in Arabic.)

He is Sayyidina Muhammad (peace be upon him), a representative of the Creator, and don't think that representative (who is) representing the Lord of Creation fully, (because) a whole representative (is) impossible, because the Creator is only One; can't be two or three or more. No. He is only One, Oneness for the Lord of Creation. They are making me to speak on such a subject to try to force understanding of people a little bit more and more and more. And from Pre-Eternal up to Eternal, it is impossible to give a description for (the) representative, that He made him to be His representative. And absolute representation no one can carry, it is impossible.

Absolute representation, it is impossible to carry. Why? He is the Creator, Almighty Allah. Absolute mightiness for Him and everything that belongs to Him, they are absolute in the size of being absolute. When you are saying "absolute," that means it is impossible to understand or to know or to make a way for approaching to His Divinely Essence. Whole majesty, whole glory, that they are absolute ones, it is impossible for any creature to understand that Absolute Existence.

What do you think (about) a fish, the smallest fish, or a whale, biggest fish through an ocean, (is) their understanding for existence and absolute majesty for that oceans, they are same level? And to be a big fish or to be a small fish, their understanding for ocean, it is equal? Whales don't think they are knowing more than a small fish about that ocean, and we also, that we are on a planet, that its name is dunya, globe or planet. If we were on biggest planet, majestic planet Jupiter, yes, if we were on it, don't think that our understanding going to be changed because we are on Jupiter! Same, if you may be a big star or biggest star through space, to be on a biggest star, your understanding, don't think that going to be changed. That means the knowledge that we are asking about the Creator, it is never changing, if we are ants or if we are whales or if we are on

Earth or we are on biggest star through space, through galaxy.

You may be in biggest galaxy but your understanding about the Creator and His Majestic Kingdom never getting more or less, going to be same, on same level because we are creatures, as well as we may be big ones or small ones, we are creatures, but He is Creator. Yes, we are asking forgiveness! O our listeners, please give much more attention what Holy Prophet making his weakest servant to address to you, for something about oneness and greatness and glory and majesty of the Lord of Creation. Subhanallah. Glory to Allah Almighty!

We have been ordered to try for an understanding about our Creator, but people now they are trying to understand or to know something about virus, but they never taking any care about that One Who (is) bringing virus in existence. People running after virus, not running to know Who is bringing that virus? That virus is smallest one from creation, that living creation, according to our understanding, smallest creature living is virus. Do you think that the Creator can't bring another creature to be smaller from a virus and to give some specialty for that virus? He, Almighty, His abilities (are) endless. When He is asking to bring something in existence, He may say, "Be!" and (that thing is) coming into existence.

Therefore, the Lord of Heavens, the Lord of Creation, if He is asking to bring much more smaller hundred times, thousand times, million times, billion times smaller than virus, (they ask) oh Shaykh, what you are a speaking? How it can be? Yes! He may bring in existence smaller than that virus; now science unable to think smaller than virus. Who created virus? He may create much more smaller living creature, perhaps maybe it's existence may be billions times smaller than virus! Can be, must be. You must know that your Creator, His ability is endless. If He is asking to bring a new creature more smaller than you are knowing for that virus, billions of times smaller, don't be (in) doubt how it can be.

You can ask this for a person if he is claiming he is doing such a thing, you may ask for him, "How you can do that, but you can't ask the Creator, 'How You can do a new creature that may be smaller than this virus, billions times smaller?'' You can't ask. He can do. He has ability to do everything that your imagination reaching, He can do. This giving people an honor for our Lord's Divinely Being's knowledge. Making a new opening for our Lord's greatness and His Absolute Being, Dhaat, Essence of our Lord. You can't reach His Essence. You can't reach Sifaat, Attributes, you can't reach Holy Names from Attributes, you can't reach Holy Actions through Holy Names; this is impossible! Because your capacity, it is under zero. His capacity (is)

Absolute capacity, Absolute ability He has. How you can think on it?

When you are saying Allahu Akbar, the Greatness of Allah. They are making me to speak on that point to give an opening (to) people's understanding and they began to say about representative for the Lord of Heavens. And we were saying that representative for the Lord of Heavens, representative for Creator, he is Sayyidina Muhammad (s). Ya Sayyidina awwaleen wa'l-akhireen.

Whole things that they are making a weak servant to speak on it, and to address whole world and their capacity and make their pride so that they should be ashaming that we are knowing something. You must say, "We know nothing!" Allahu Akbar.

And when a tree giving its flowers in spring time, that flowers is not last goal of that tree. If it was last goal for tree, never finishing that zuhoor flowers. But flowers going on, going on, going on, and reaching to be one flower, to be one apple, to be one grape, to be one apple, to be so many kinds of fruits from that tree. Therefore, don't think that flowering in spring time is last point of nature. No. Nature preparing itself by holy command of their Creator to reach its last goal. Figs, may be olives, may be so many kinds of fruits. Therefore, we are now on a life, just we have been found on this planet, not for an empty goal. No. Just we have been landed on this planet to know something, and what you are knowing or what you are learning something, you should be asked on Day of Resurrection, "What you learned through your life, what was your goal for living on that planet? What you did, what you learned? Tell Us." We are not animals only created for eating and drinking and being servants for mankind. Mankind, they are something else. Whole creation just prepared for mankind to help them for reaching to their real goals, but now people, they are not understanding their real goals and wasting their most precious lifetimes without reaching to anything. Therefore, when passing away, they are going to be on level under the level of animals.

May Allah forgive us.

## Time is Running, Technology Can't Stop it

Allah has given you a sword: to be able to start every action with the formula Bismillahi rahmani rahim. You cannot do anything, if Allah does not give you enough strength to do so. When you are asleep, you are like a wind, unable to do anything. You cannot survive more than eight minutes without breathing. That is how weak you are.
Still you claim to be so strong and so powerful, especially in this century. People think that they have become a new specimen and that they do not have much in common with the people of the last century. They feel so much more important. They tell their parents that they are old fashioned. The new generation is usually not pleased with their parents. What do you want to become? People with two heads, four legs, four ears, ten mouths? What is your importance? What a foolishness to be such proud people! And what are you proud about? Is it because you have computers, calculators and radar?

There was once a pharaoh who also thought that he was of another kind. He was claiming to be the greatest of all the gods worshipped at the time. Satan, whose job it is to take us off the right track, came to visit this pharaoh. He appeared suddenly in front of him, even though all the doors were closed. Pharaoh was very surprised, and asked him who he was. Satan answered with the same question.

"I am the greatest god of all people living on this earth!" replied the pharaoh.

"What makes you think that?" wondered satan.

"Because I have thousands of magicians working for me."

Satan wanted him to prove his point, so the pharaoh ordered his magicians to come forward and show their power. They all gathered in a huge hall. Satan had not come in his original form, but in the form of a human being. He told the magicians to start their demonstration, and a most horrible show started. People with a weak heart would have died on the spot in disgust. The pharaoh was watching at a distance. When all the magicians had given their utmost and presented it, satan just blew it all away with one blow. He then blew once more and a sight appeared which made the pharaoh and all the magicians fall down with fear. "Do you think that you are more powerful than I am?" he wanted to know. "Oh, you dirty bad servant, look at my power! Still the Lord, your Lord and my Lord, refuses my servanthood, refuses to let me be in Divine Presence. He does not even allow me to be his servant! How can you claim to be his partner? You seem to have no mind at all."

By now the pharaoh was completely confused and wanted to know from satan what to do: "Are you telling me to stop claiming to be a god?"

"No. I am just showing you what you are doing. Let the people continue to worship you, because you are the greatest for them."

Why am I telling you this old traditional story? Because in this century that is what people are doing. They claim to be like the pharaohs. Why? Because of technology. They think that they can do everything with their computers. The only thing they cannot stop is death and time. With that Allah is showing them how weak they are. Allah also demonstrates their weakness by sometimes sending a virus to the computers.

People must understand that they are under Divine Will and stop being proud of themselves. They should be humble, but the foolish technology of the 20th century causes people to be more and more proud. They lose their actual size and grow out of proportion. Out of a million people there are at most 5 people who are keeping their actual size. The rest are blowing up their own size beyond normality, which looks very bad. Their hands, backs and bellies keep on growing, but their head, their mind, is decreasing. Their eyes look like

frogs, their ears like elephants. Their organs stretch from here to Paris. It all looks so strange. If Allah would remove the veil in front of their eyes, they would fall down at the sight of people nowadays. That is how ugly they really look. The clothes they wear cannot cover it. They would be shown naked. That is the real vision of the people of the 20th century.

There are very few people who are trying to keep their real size. Prophets do. We look at them and think that they are like us, but they are made of Heavenly Light. They are dressed with Heavenly Light. The Seal of Prophets, Sayyidina Muhammad* walked right through a spider-web without damaging it. Another time he stood under the sun and left no shadow. Every prophet was dressed with such Heavenly Lights because they were in full connection with Heavens. Their main mission was to carry people from earth to Heavens.

The first man and woman, our grandparents, were thrown out of paradise and sent to earth for some divine reasons. But they were longing to come back to their original homeland, paradise. That is what they were created for, to be there. Nevertheless, they had a mission here on earth. Paradise was created for mankind and mankind for paradise. So even though mankind was sent to earth, paradise would not disappear. Allah had also created mankind with the mission to be his Caliph here on earth. In spite of that, Adam and Eve could not stop longing to get back to their homeland. They started telling their children about it. Some of them believed them, others didn't. They claimed that they hadn't seen it, so they couldn't believe it. Until today, some people believe in eternal life, even though they haven't seen it. But most people will not believe without seeing. It is the same illness, and it will continue until the end of the world.

The main mission of all prophets is not this life, but the next. It is to enable people to take their desires into the next life, from earth to Heavens, to carry people from the lowest life to the highest. That is the main mission of all of them; from the first prophet Adam* to Noah*, Abraham*, Ishaq*, Ismael*, Moses*, Jesus Christ*, Zachariah*, John the Baptist* and Muhammad*.

No prophet ever built a palace. The only one who did was King Solomon*, because he had been granted to be king at the same time. That is why he made the jinn build him a palace. But King Solomon* only sat on his golden throne when he made his judgements, when he was official. Privately he slept on a mat and ate the food he had earned through the work of his own hands. He was not like other kings and emperors.

That is the mission of all prophets, to call people to eternal life. But satan wants to cheat us and urges us not

to be connected to heavens, but to earth and to these physical desires. He wants everybody to take more and more care of their physical desires. In our days, this is the case: people are taking every care they can of their physical bodies. They are trying to get the maximum taste of anything physical. But the result is the opposite, because the more you try to be satisfied physically, the more it will decrease. On the other hand, if you decrease your desires, the more your taste will increase. This happens to fasting people, their pleasure increases. People who have never fasted will never experience the taste of someone who is breaking their fast.

This is an advice for everyone who still has something in their heads, not for those whose heads have turned to footballs, because they are hopeless. Never waste advice on people who are empty, it is useless. Whoever does not understand what we have been saying here may Allah forgive and open their ears to hear, listen and to obey. Whoever obeys will reach higher ranks and reach his own size. Allah will then take that size, dress it with the real size, which we call Haqqani. That is the real body which will be given to us in Divine Presence which will last forever. The body we have here cannot grow much older than 127 years. Some of them can, but the average, if you look after it and use it carefully, your body can be of help to you and last without giving you trouble, for 127 years.

Don't think that mankind will be able to find anything to regain eternal youth, no! Everyone must leave this life and reach their Heavenly Positions. If he is prepared to dress with his Heavenly Clothes, that is what he will do. If not, he will have to undergo a special scrub. So after death some people will dress straight away and others will still need a treatment. Don't wait until after death. The only way is to be obedient. Whoever obeys is preparing. Whoever disobeys will be caught one day and will get a special treatment.

Time is running, technology cannot stop it. If man could stop time, he could do anything. But Allah will never give him that authority. Mankind is under Divine Will. He must recognise his own weakness and say, "Sorry our Lord, we ask for forgiveness for whatever we did wrong. We ask you to bless us."

**O people, time is running- wake up!**

As-salamu alaikum wa rahmatullah wa barakatuh... You came with Khair, may you go with Khair... Allahumma salli ‘ala S.Muhammad wa ‘ala alihi wa sahbihi ajmain. Ya Rabbi, ya Allah, grant us the Shafa’a of Your beloved one, ya Allah!...

O people, welcome to you! As-salamu alaikum wa rahmatullah wa barakatuh! We are weak servants and we are asking a support from Someone that He can support everything! If He is not supporting, even an atom can’t be in existence, because nothing can be in existence by himself, by herself, by itself. Therefore- everything (is) supported by their Creator Allah Almighty.
May Allah bless you and forgive us and we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

We are weak servants and we are sitting here, asking from our Lord Allah Almighty heavenly Support. Really everyone must ask heavenly Support; if not, no one can support another one or no any nation can support another nation, no.
I am surprising that people, weak ones, (are) asking from a powerful one a support and also I am looking some small group of nations asking a support from another country.
As we are on this island Cyprus; we are a handful inhabitants here and we are asking support from Turkey. And about 4o years Turkish government

(is) trying to give a support to this handful group of people in Cyprus, but as much as Turks (are) asking to support this small group of people living on this island, that small group (is) going to melt. Melting, coming down, coming down, coming down and nearly going to disappear. Because our people that (are) living here, their beliefs it is so weak. You may say that (it is) so weak that they are loosing their beliefs to the Lord of Heavens.

Everyone (is) looking and asking a material support and material (is) never giving a nation or a person or a group of people a support. But yet they are insisting (and thinking) that: “If we are going to be rich ones, we are not in need any support.” They are thinking or believing that only material aspect may support persons or companies or business or states or governments. No, never, it is so far away!

Yes. Now there is patron state on earth, US, Americans, they are fighting in Baghdad, in Iraq, but...! They are putting every possibility that they have to be able to control a small area in Iraq, because (it is) their beliefs, they are thinking, that weapons or ultra power weapons, nuclear bombs and so quick planes, fighters, may help them, but (they are) never helping (them), impossible. They are surprising: “How we are not able to control a handful people in Iraq?” Yes, but they are not asking. Ask, come and ask to me, I should say to you: “Because you- Americans, or Russians, or Turks or British or Chinese or Japanese people- their trust (is) on material aspects.“ But never helping that material aspects to them, no!” Yet they are surprising, astonishing: “How we can be able to be winners? First we did something and we thought that we winned, we are victorious, but...then)...” Yet two years or more, they are looking and seeing that they can’t be able, they are not victorious.

In front of them (there are) no armies, in front of them (there are) some single people that they are not like an army to come face to face

for fighting, (and) therefore it is so difficult to bring a good result. They (were) so quickly conquering Iraq, but they are not able to put their hegemony on people, to keep them silent, to keep them obedient! They are now thinking on it...
And I am sending my message to whole nations and their leaders: "O people, don't trust your armies, don't trust your unknown special bombs, don't trust on material aspects! You must believe that spirituality (is) always winning and always material aspects (are) going to be under the feet of spirituality and spiritual powers!"

And now, (in the) Islamic world also, their beliefs (are) nearly coming to the point of zero. After a while (they) may be under zero their beliefs- they are finishing also.
They are also trusting for their richness, for their monies, for their oils, for their soldiers, armies, but no! Even now their hearts (are) trembling. They are saying: "What is going to be tomorrow?" No one can be able to give a news from tomorrow, what is going to happen! It is just shut down, closed. There is a heavy veil, curtain, you can't see, you can't listen, you can't (do not with your) mind, you can't know what is going to happen tomorrow! And Allah Almighty (is) saying: "...Kulli yaumin Huwa fi sha'an..." Every day that opening, every day don't think that it is same; (that) today is same or a copy of yesterday! Don't think that tomorrow (is) going to be a copy for today! Every day coming in a unexpected events, because Allah Almighty (is) saying: "I am doing for every day a new projects, new happenings. New everything, (so) that (today) can't be same as yesterday!"
And man- until now they are not thinking on it to say that: "Tomorrow we are going to be winners" or not yet mankind they are thinking that they should be able to make their hegemony on coming days and only Allah Almighty He is giving every creation to be under His- that it is

heavenly hegemony on everything- Dominions for Allah. No one can be able to reach His Dominions.
We are so weak, only we can find a power through our spirituality. And people just left to learn spirituality, to learn about themselves and people (are) running after nonsense things, and (they are) dying and killing, destroying and (being) destroyed...

O people, you may reach not 21st century- (even the) 21.000th century, if passing, that rule (is) never going to be changed: always material (is) going to be under (the) hegemony of spirituality. And (a) very simple example: you have physical body and spirituality. When your spiritual power (is) leaving your material being, it is going to (be) useless; a person, when he is dying, the power that (is) making (him) to act, every act going through this life (is) cut off from our material being (and) our material being it is going (to be) so nonsense, so useless, so dirty. Therefore people (are quickly) taking that dead body (away) and burying (it is the) burial places. (It is) nothing, no any power! But people are not thinking on it, Ya Hu, what is going to be (with) that person that yesterday was running, speaking, doing everything and today he is lying, not seeing, not hearing, not speaking, not knowing, not catching... They are not making a research on it.
They are making nonsense research, asking: “How many kinds of ants? How they are making their sexual work...?”... Yes, you know, how that ant (is) bringing (its) generation?...
They are looking (after) such a things, for example, but not looking who is man, who are you, who we are? They are not asking, no. We forget ourselves and we are occupied (with) everything around ourselves. Ya Hu- first look for yourself!
If I am saying: “How you are looking?” “ I am opening my eyes and... (it is) so simple!” “How this hand (is) getting up? How this (is) going to

move, (the) hands? Without any support, how it is?" "(If) my will (is) leaving it, (it is) falling down, (if) my will (is) ordering 'Get up', (it is) getting up. My willpower (is) saying 'Walk' and you can walk, 'Run' and you can run"... like rabbits...

(We are) not looking (to) ourselves, but we are wasting our energy and power, every possibility that we have been granted by Allah Almighty for nonsense. You must look after yourself first, who are you? We are not knowing our identity. Yes. "Who are you?" "I am the son of Niyazudin", "I am the son of Perwin", "I am the son of Ahmad"... that is your personality? Who are you? I am asking to you: "Give a description on yourself who are you!"... Understanding? Why looking to the wall? Look to me!...

Who are you? You must know, who are you. Very simple answer: "I am Adams generation, I am member of big family of humanity, belonging to Adam physically, belonging to our Prophet, (the) Seal of Prophets, S.Muhammad spiritually!

And my nationality (is) Millati Ibrahim, (the) nation of Ibrahim. That is our nationality. And we are from Zurriyati Adam, from his children, (the) generation of Adam.

And from the Ummah of S.Muhammad sws and we are also from the nation of Abraham."

Christian can't say that: "We are not from the nation of Abraham", no!

If they are saying: "I am German", "I am English", "I am Swedish", "I am Greek", that is wrong. I am not asking your tribe and (the) tribe is not important. Important (is) that (which is) giving to you an honour: To be (a) member of the Children of Adam Safiyullah that Allah Almighty dressed him (the) honor to be Caliph on earth! That is biggest, one biggest honor that we have been granted.

But people (are) not saying (this). They are saying: "We are German", "English", "Russian", "Turkish", "Arab", no, Allah (is) not giving

honour to your tribes. Honor (is) that you have been honor to be (from) the children (of Adam a.s.), one member... of (the) big family of mankind, I am one member". "And from which nation?" " Nationality, (the)real (one), (is) to belong (to the) Prophets group and we are also from the nation, from (the) Ummah of S.Muhammad sws. That we have been honoured, even Anbiya a.s. they were asking to be one member of Ummah of S.Muhammad sws. We have been honored. And, 3., (our) nationality, (our) real (nationality, is to be) Millati Ibrahim, from the nation of S.Ibrahim a.s.

Allah (is) not, never saying: "Ya ayyuhal Arab", "Ya ayyuhal Atrak", "Ya ayyhul Ajam", "Ya ayyhal Rus", no, (but): "Ya ayyuhal-ladhina amanu! O My honoured, most honoured servants! I am granted to you to be from the generation of Adam and to be from the Ummah of S.Muhammad sws and from the nation of Millati Ibrahim, Ibrahim Khalilullah!" We are not knowing our identity yet, they (are) never teaching this. Before they were teaching, now they are saying: "We are like other animals living on earth, next (to them), as nextdoor to our neighbors..." This is not honour!" (The) honour that granted Allah Almighty (is) to be from Adam-alayhi salat wa salaam- (to be from his) children and from the Ummah of S.Muhammad sws and from the nation of S.Ibrahim- may be greetings and blessings on them, peace be upon them, and honour be upon them! Who is asking to be with them, should be granted that honour more and more!

Mankind now they are on (the) wrong way. Their education (is on the) wrong way, their teachings (are on the) wrong way, they are using, everyone (is) using satanic methods and they are deceiving themselves and people. Real reality (is) what Allah Almighty (is) sending and ordering to you to believe!

O people, it is a very short life that we are in it. Years so quickly (are) running, because time is running. Time (is) running, you can't

stop it, and you must try to take something! For example: There is cars on airports, they are standing on it and without walking (they are) taking you from one side to another side. Now (it is the) same for reaching for ourselves: they are thinking that we are not walking, but time (is) taking ourselves- from month to years, from years up to old age of a person...

May Allah forgive us and grant us a good understanding! Because people (are) drinking and they are getting to be drunk ones. They are learning something that you may say wholly they are satanic teachings, that also making people to be more drunk.
Come and wake up. O people, wake up! Before your eyes (are) closed down, look and understand your position here and Hereafter!
May Allah forgive us! For the honour of the most honoured servant of Him, much more granted glory, glorified one in divine Presence S.Muhammad sws.
For his honor Allah (is) dressing you and me, for every believer, to be dressed Nur, Lights, here and Hereafter. Bi hurmati-l Fatiha...

**The time of Nemrut (Nimrod) is coming to an end**

Everyone is aiming to be first one. No one wants to be 2nd one. This is our characteristic. No one is happy to be 2nd one. Everyone is aiming to be chairman, everywhere. In our days, so many people in the army like to be 1st one, not liking to be under the command of a civil government. They want to be first ones. Everyone wants to be the power center, so that everyone else says to him: Yes Sir! and kiss his hands, feets and boots! and so that they may put their soles over peoples' heads and say that you are my servants! That is Shaitan's way, along which 100s of people are killed in order to make all others under their command. Everyone wants to be a tyrant and no one saying to him: No!

If mankind not happy if someone saying No, how should the Lord of Heavens be, if Shaitan says to Him No, I will not bow! But Allah All Mighty is Patient. A creature by Allah saying No, I am not bowing?! That is such a big and ugly deed beyond all measures. Allah replied to that: You are a demon, go out! This is a characteristic of Shaitan, and it is present in mankind through their ego, which has the same structure. Everyone carrying that worst ego characteristic, the first thing that they'll do when granted a chance is to step on people's heads, and will say: I am your Lord. Just like Pharaoh said: "I am your highest Lord, be my obedient slaves"

As my Grand Shaikh always says: "Why is Mohammed, peace be upon him, the most praised and glorified one in Divinely Presence? Because he was the most humble one among all creatures." He was always sitting as a servant would sit in front of his master or owner, and always eating as a servant or

worker would eat in the presence of his owner or master. He never sat on tables.. Therefore no one reached his rank in Divinely Presence, no one was honored and glorified in divinely
presence as much as the Seal of Prophets, peace be upon him. Therefore Allah Almighty salutes him by saying:

"As Salamu Alaika Ayyuha An Nabiyu, Peace be upon you, Oh Prophet."

He Almighty doesn't say, Peace be upon you, Oh Mohammad. No, He says: Peace be upon you Oh Prophet. We are repeating Allah's greeting to the Prophet five times in our daily prayers, during the tashahhud. This divinely glorifying is not granted to anyone else. It is the highest point of glorifying from the Lord of Heavens to His Prophet. He reached the top point who no one else reached due to his humbleness. Therefore he represents his Lord's Glory through
all creation. The Prophet's ego is just finished and surrendered, not like your egos. No more rebellion, saying No, No.. No, he is
the most humble one in divinely presence.

Oh people searching for honor in divinely presence, try to be more humble. But today, Shaitan is teaching people how to be the first ones. He is teaching people how to have the ego of Nimrod. Therefore everyone today is asking to represent Nimrod, not to represent the Seal of Prophets, Sayyiduna Muhammad, peace be upon him. That the case, how can they ever be happy? They will only be fighting one another. The real honor is achieved by trying to be humble as much as possible. That way you will rise up and up. But as long as you are saying: I , I , I am president, I am prime minister, I am General, I am Lieutenant... Shaitan will be dressing you with Nimrod's characteristics.

Today a handful of people are putting everyone else under their feet, in Europe, Africa, Arabia, America, Asia, everywhere. But

this is over. There are so many signs now, and people are going to say to those wild animals: Enough! We must break those tyrants, cut them to pieces and bring them under our feet.

Now there is summer and the winter just passed away. The rule of winter just finished, and the summer is taking power in his hands. The summer is saying to the winter: everything is under my rule now, I am defeating your rule... Now the rule of tyrants has finished. Since 1789 until now it was their season. Now it is the time when they will give back what they took from the people, and people will put them under their soles, assisted by heavenly support! No army or rank will save those tyrants...

May Allah never leave us to our dirty ego characteristics, and may He send us blessed servants to save us from such evil. May He send snakes on the heads of tyrants to swallow them. The flags of Islam must rise and the flags of Shaitan must come under the feet.

These are not my words, it is heavenly speech. I don't know what I am speaking, but they are broadcasting through me from this humble place to the whole world. It is up to you to listen.

al-Fatiha.

# To be servants of Allah is the honour of mankind and everything must be for His divinely honour

(Meeting with an Interfaith group on their way to a retreat in the Sadnaya-monastery)

To be servants of Allah is the honour of mankind and everything must be for His divinely honour. If not that is going to be sewage; their lives is going to be like that. That is running, and pure water, spring water runs also. Both may run but one is pure and clean and second it is not pure and dirty taste, dirty smelling. Therefore really must be our lives only for His divinely service; that is mentioned through all holy books and through every belief that mankind believes in. We try to be good servants, we try to make a better service or try to make best service for the Lord of Heavens. Everything beyond this is dirty. Who living for himself making himself dirty. Who lives for his love, he is clean and honoured. You are a handful people among big crowding of people, and through our ways now not hundred %, but 1ooo in 1ooo, people have been occupied only for themselves, for their physical being. Their importance is only for their physical beings and physical desires. Beyond this they are not asking, they say it is enough for us to live and enjoy ourselves on lowest level of life. No. It is not true, but what we shall do? Now our governments are only thinking how they are going to make their people, their citizens to be happy physically. They are not asking beyond this, and they are preventing people through government to speak on behalf of the Lord of Heavens and to say about His heavenly orders. They say: Take this person away.
I was in New York five years ago, in the centre of UN, United Nations. I was dressing my holy clothes,

someone asking me to come there and he is going to show me around this building. I am not interesting in buildings, but people are happy to show it, I am saying: I may go. And at the entrance there was a (person with a) rifle, and on it a handkerchief also...preventing rifles, rifle towards to street, not towards to them. I am saying: What is this? They say: They prevent rifles. To carry with me inside? Perhaps, maybe. If it is, I am not carrying rifles. That means rifles prevented. What about other weapons? Why they are not mentioning other weapons? Oh, your holiness, you never understand anything? This is the place for cheating, cheating centre for people. All nations coming here and everyone asking to cheat another one. Therefore it is commonly this must be there, they may be inside, they may do.

It was praying time; some of our people were making their prayers, noon prayer. Just making this, and like this gentleman twice (as big) as a bear coming form jungle running and rushing on them, saying: Prevented, you can't do this! This is a place that even the name of God you can't say here. How you can do this? You can't do this. Even it is prevented to say the Name of God here. I said: 'I understand, it is enough, I am not going forward, I am coming out. This is a place that cursing of Heavens is coming on them. They should be punished'. 175 nations, I think. If all nations have no respect, no belief, what is their value in divinely Presence? Universities- you can't say the name of God, you must say that: Darwin is saying this, Darwin is saying that.... Revolution?... Evolution, not revolution... My English very short, because we were happy with our boss, England, at the time when I was small one, the king of England, emperor of India, I learned English that time, at the time of His Majesty King George the 5th, and he had a beard also, respecting. Now they are changing. King without beard? How can be? Sultan without this, how can be? Can't be... All Sultans must put also turban...That time I learned. I learned what I learned then I forgot, and then I was going to England since 28 or 3o years, I am trying to bring to my remembrance for speaking to people. Alhamdulillah, it is okay, 2oo vocabulary coming like this, like that, it is okay, you may understand, you are clever ones. Without even opening my mouth, saying revolution, you say evolution. It is okay. So happy.

Therefore, you are mostly like my sons or my grandsons, granddaughters, welcome to you and I am asking, we must try, even we may be alone, but we must keep our position and keep our promise to our Lord that we promised to Him to be His servants only. Not to anyone else. And people going to be servants for this lowest life that created from beginning of creation no any life may be lower than what people live now in our time. I may advice first to myself and you are free, here like a supermarket or hypermarket also, people free coming inside, they say: Welcome. If you buy something, okay, if you are not buying anything, we are not saying why you are not buying anything? No, it is a free market. If you like to buy something, you may buy, if not, you are

free. And your conference, your dialogues, your meetings with people, or with official or unofficial people, or religious or unreligious people, you may say to them: You are free. If you like, you may accept. You don't like, we are all of us same. Same quality by our physical being, but there are some differences for our souls, and it is our from heavenly knowledge that just reached up to me from holy books, that our souls created before our physical being created through the wombs of our mothers. Therefore our physical being after 4x 4o days... waiting, no movement, no sign of life, no, and after 4x 4o days suddenly heart pumping. Doctors saying: Just life arrived. I am asking doctors: From where reached that life? They say: We don't know. Who is first one that makes the heart to pump, to make its movements? They say: We don't know. You think that anything without using a power may move or may stop? Why you are not believing in the Lord's power? Because doctors are first denying people of holy things and about heavenly beings. They are only believing in positive things, beyond this they don't believe. They are mostly materialist people, and material things without a power how they are moving? I am asking: This is our globe. Who is kicking it? Because football- you think without 11 that football moving and coming and entering this? Without kicking? No, this world is like a globe. How it is moving? In front of this there is a locomotive, an engine? Or behind? How? If it is an empty pace this space, I am asking, it is empty? No answer. If it is full, with which thing it is full? If it is empty, what is the meaning of being empty? If emptiness is nothing, everything in it is nothing also. You must believe beyond your mentality and mind productions. You must leave it and move beyond that so that you should find something you never learned through your mentality and your mind productions. And we are fighting; from beginning up to end this fighting going to be with two kinds of people. One their sight is only for the physical being, and others beyond physical being. We should be winning ones. Victory for believers, not for unbelievers, and through whole historical periods you may see that believers just won and victory for them, because heavenly support only for believers. And believers are good ones, unbelievers are not good ones, but bad ones.

May Allah forgive me and bless you, welcome to you. I was a little bit late, but I believe that everything is just programmed. Everything in excellent way is programmed. That is what we are believing: that everything is programmed through Heavens. Everything happening on earth is programmed and you must step as it is programmed for you. For everyone must be steps, and that is our destination. It is important. And till you know your destination, holy books say people are two kinds people. One kind is just seeing people, looking people, understanding people, and the second one is blind, not understanding, not learning or knowing people. Till your destination opening to you, to ourselves, you are like blind people. Divinely guidance

guiding ourselves, as you carry small children: you are keeping their hands; they don't know where they are going, or where they are carried. You have responsibility. Now through spiritual world that we are in it also, we have been guided through spiritual guidance on our destination. And people who are not reaching to see and to know about their destination, they are like guided creatures, guided by a rope or a stick. No, it is not honour for you, me or anyone, to be taken with rope, with reigns, no value. Value: to be free, to know his destination and to be bravely walking on it. That is what you are saying, before time there were chevaliers or knights, spiritual knights, chevaliers, they are important ones, they are leading people. Now they disappeared, because so many cheating people. And till we are trying to reach and to know about our destination: to be free ones and honoured ones in divinely presence. If not knowing, they are going to be under the title of slaves. Servanthood is something, slavery is something else. Servanthood it has honour. Slavery dishonoured people. Therefore all prophets that coming from Heavens...people in our time slaves for their egos. Slaves for their physical being, they are not servants for their Lord. Therefore you see people no lights on them and no more pleasure on their faces, no, finished. They are tired people. 24 hours working person, how he can be? Tired and finished. Sleeping, coming to sleep and throwing himself on his face. It is not a good position for a person to sleep on his face. All prophets and saints sleep like this, looking up. Only shaitan sleeping on that way and trying to teach people. Mostly mothers also making their children to sleep like that. No good. Try to make them to sleep like this, because they are looking to Heavens. Heavens up, but Hells down. Make them to sleep looking up...

From up they are registering...you register also...

**To be thankful brings more blessings**

Ya Rabbi laka-l hamd! Shukr, ya Rabbi! Destur, ya Sayyidi, ya Rasulullah, Meded, Meded, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah, Meded! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

To be thankful brings more blessings. Who is complaining, (even) if he has (the) whole world’s treasures, never (he is) going to be happy. The entrance of happiness for people is so easy- to be thankful to Allah!

Anger (is) preventing to be thankful and anger- as it is well-known through traditional knowledge that Awliyas (are) reaching to that knowledge through the Seal of Prophets- peace be upon him- (the) most dangerous characteristic for mankind is anger. Terrible! Anger is fire and coming from Shaitan. Shaitan (is) created from fire (and) therefore he is the source of anger. He is teaching people to be angry first about their destination, to be angry with so many reasons. And anger is a secret, very secret characteristic. You may see a person calm, but under it there is (the) fire of anger and it needs only a reason to appear!

X. very calm person...only don’t touch his tail...don’t step on it! If you are touching his tail... “How you are saying, oh Sheikh, we have a tail?” Yes, originally we haven’t , but who is trained by Shaitan, and Shaitan (is) happy with him, he is saying: “Oh, X., you are my follower!” And follower is not only by saying. You have a knowledge heavenly knowledge- he is so proud that the Seal of Prophets is teaching you, Shaitan- saying a big word, big ones’ saying: “Man tashabbaha bi kaumi wa laissa minhu”...”If you really belonging to me, you must have a tail also”, so that everyone who has anger, but it is secret and you are seeing that he is a calm person, very calm person- but if you are stepping on his tail, uhhh! Making so big trouble for you!

Therefore when Awliya looking, first looking: “This small tail... this big one...7o meters!”...Some of them saying: “Reaching that one’s anger like tyrants tails, their tails surrounding world”, tyrants, the worst ones, that (it is) their time now. They are full with anger! One word (is) making them to explode like a volcano:

“How you are saying such a thing to me!”
Anger is (a) terrible tail and (the) Prophet sws always was saying: “Oh my Ummah, beware of anger, because when you are getting angry, you are just going to be a full representative of Shaitan!” When you are angry for yourself- as Shaitan was angry for himself, angry with Allah, Astaghfirullah! He was so angry! When Allah Almighty was ordering: “Bow to Adam”; he was saying. “What is that?” Just touched on his secret tail. His tail was secret, (but) when he was touched on his secret tail, (it) just appeared and his tail (is) surrounding (the) world seven times. Everywhere Shaitan’s tail surrounding and (he is) saying: “Oh Children of Adam, I may give to you a power through my anger and it is not like electricity-meter, I am not asking anything from you, to be a meter. No meter, free!” Saying to X.: “Use it, that power that I am giving to you, it is free, use it! No meter! And also, if anyone (is) asking to reach to you, send wires to him also, free wires, let him use this power, because it is (a) secret terrible power. Oh, the Children of Adam, I am with that most powerful one among creation”- Astaghfirullah- and anytime you are stepping on Shaitan’s tail, (he is) making a big explosion like atomic bomb. Terrible power that (is) burning! Who is using that, (he is) burning himself. First burning his faith, then burning also his physical being. Look! If a person (is) going to be angry, put in front of him (a mirror) to show how his face changed. His face (is) changing in a so violent masque, on his face coming, if dying that moment, passing to Hells. Terrible!
Yes. We were saying now to be thankful, to be thankful to our Lord and anger (is) preventing you and all mankind to be thankful to Allah. And Shaitan (is) giving to them so many means and reasons or causes to be angry. Everyone you can find that they are complaining. Some of them (are) complaining from their physical being; some (others), so many people are complaining from their wives; so many people (are) complaining from their husbands; so many people (are) complaining from their lives; from their children, from their neighbours, from their salaries...So many foolish women (are) saying: “Why my nose must be like this?” So many people (are) saying: “Why I am carrying this ...so heavy”, some of them (are) like stick...some are saying: “Why my hair (is) like this”, some are saying: “Why my eyes is not like Europeans eyes”, some foolish European ones (are) saying: “Why not my eyes like African peoples’ eyes?”...
Countless reasons teaching Shaitan to make mankind complain. When you are complaining for anything, you are not a thankful servant, no! Countless reasons and you can’t find- if I am asking- so many people without asking to them they are beginning to complain. How their Lord (is) going to be happy with them and giving more to them? What He granted to us, only one point, if you are thinking on it, you should be so thankful: There is a donkey. His owner (is) putting his bags on its back and also riding on it and also kicking it and also

hitting it and that creature (is) not saying anything.
Only once a person was riding on his ride, and so much kicking with iron spurs and also with his stick. (Allah Almighty was) making that ride to speak to him, saying like this: “Oh my master. You can kick me, you can give my so many troubles, but you must know that in our coming future there is the Day of Resurrection that everyone (is) going to take their rights and every cruelty should be punished! Hit me as much as you can do! The Day of Resurrection I am asking from my Lord that He takes my revenge from you. Then you should be my ride on the Day of Resurrection and I am going to ride on you and kick you!“ (That person was) coming down and catching (embracing) that donkey: “Oh, forgive me, forgive me”, taking (the) bags, putting (them) on himself, making (the donkey) to walk freely and he was carrying this...
Don’t think that they are not understanding! No, they are understanding! As long as they are understanding also Angels (are) looking what you are doing and it is written. At least you must be thankful you are not created (as) a donkey or (as) a rat. It is enough!
And He is able it change you in a second to be a rat, not to be a man. Fear from Allah! That point only is enough for mankind to be thankful. When they are looking to a mirror (to say): “Alhamdulillah, alladhi sawwir khalqi, Alhamdulillah, ya Rabbi, I am thankful to you that you are designing my form as a man, from mankind!”
And people (are) looking to make much more complaining and they are never going to be happy either here or Hereafter!
To be thankful. When you are going to be thankful to Allah? When you are finishing your complaining and getting to be satisfied and to be pleased (with) what He granted to you. Then you are making a real thanks to your Lord Allah Almighty.
Anger. Its source is not to be satisfied (with) what Allah Almighty gave to you; not to be happy (with) what Allah granted to you. That is (the) main source of complaining and complaining (is) bringing people to be angry with Allah Almighty and when they are getting always complaining, their lives (are) going to be the life of Hells people.
But who is going to be thankful and leaving anger- anger (is) bringing complaining or complaining (is) bringing anger. Who (is) leaving them, (he is) going to be in Paradise here, because (he is) happy with Allah Almighty, his Lord. And (it is) He (who) chose for him to be man or woman, tall or short, fat or thin, black or white, labourer or minister of labourers.
And everyone who is complaining, (it) means (that) he has a tail from Shaitan. Don’t look that he is now

calm! Step on it! Then you should find that he is angry, representing Shaitan. He is (a) follower of Shaitan. Because Shaitan is yet angry, up to the Day of Resurrection, angry with his Lord, his Creator. Astaghfirullah! Everyone (is) complaining now: man or woman, young or old- everyone (is) complaining. No one (is) saying: “Oh our Lord, it is such big pleasure for us to be Your servants and to be granted countless Favours from You. We are thankful to You, oh our Lord, ‘zid wa barik’- make it more, we are more happy with you!” When you are happy with your Lord, your Lord (is) going to be happy with you!

Now you can’t find a person that is not quarreling with his destination that Allah Almighty (is) making his destination . They are coming and complaining for their destination, asking to change it. Why? You know if you are reaching to that position, (if) it is good for you or not? Why you are insisting? But people (are) insisting: “If I was on that position”, “if I was in that condition...” Who is complaining, they are out of the Mercy Oceans- never reaching to the!. Mercy Oceans (are) reaching to everyone to be in existence, but I mean to say that the Ocean of Mercy and Blessings, there is a special ones that dressing you honour on divinely Presence.

Oh people, you must try to be calm ones, not to complain, try to be a good servant for divine Service. As much as possible you must leave complaining and be happy (with) what Allah Almighty (is) granting to you.

May Allah forgive us and prepare for us from His endless Mercy Oceans Paradises and Beauty Oceans and Blessing Oceans. For the honour of the most honoured one in His divine Presence, S.Muhammad, sws, Fatiha.

Shaitan’s tail like dragon’s tail, split...if you are stepping on it...uhhh!...Turks and Arabs are famous for their anger...saying: No one is like us!...Take your ego away!

**Today's Sun**

---

Look at the glory! Look, this is the color violet, it's ray is coming on me now, it will take- will take away the illness & will take away the weakness also, bi idhnillah. Allahu Akbarul Akbar. Allahu Akbarul Akbar. What beautiful nurs/lights does He (swt) dress on us today, this is from the manifestation that comes in the day of the 11th of Muharram al-Haram. Huu..Huu..Huu... Rabbuna Allah Hasbuna Allah. Rabbuna Allah Hasbuna Allah. Rabbuna Allah Hasbuna Allah. Ni'mal Wakil Ni'mal Mawla. With His (swt) order the sun rises in it's exact second & sets in it's exact second. Allah...Allahu Akbar! O foolish people! Why don't you look to this? You are fighting each other, shame on you. Shame on you; you don't open your hands to ask help from Allah but clasp each other by the throat. He didn't grant you hands for suffocating one another but for opening & asking in the Divine Presence of your Lord. He (swt) said "Ask. Don't ask from each other but ask from Me. Ask from Me! I created you. These universes you see are not even a spot in My Dominion. Return to Me! Open your hands to Me, don't clasp each other by the throat O mankind!" Aman ya Rabbi, tawba astaghfirullah.

What a beautiful color, that violet color. It is not disappearing. It is not getting lost. Allah Allah. The manifestation will change today, in the 11th of Muharram al-Haram. The manifestation will definitely change, another manifestation will start that it is the rising of the sun of Islam. There won't be a single creature left that won't bow to it in modesty. Allahu Akbar. Allahu Akbarul Akbar. Allahu Akbarul Akbar. Anta Rabbuna Anta Hasbuna. O our Lord, forgive us- our faults & cover our evil deeds and make us die with the righteous. (3:195). Masha Allah. Masha Allah. How beautiful are the colors of this sun, today's sun. The beauty, the manifestation of the colors of the sun on the 11th of Muharram have become totally different. Today definitely a power will reach, a sign will come which will tranquilize the wild people. The manifestation of today is totally different than what came to the Prophets. O our Allah, O our Lord, we await the Sultan. We

await the Sultan who will reveal, disclose Islam. O Our Lord, may You grant us. We have lost our way & become totally messed up, our men & women are all mixed up (not distinguishable). We don't know what we want either. They don't return to You. They don't return.. And as long as they are not returning, they can't find any goodness, they can't find any rest. Neither their dunya nor their akhirah can be any good. Tawba Ya Rabbi, tawba ya Rabbi. Tubna wa Raja'na ilayk ya Rabbana.

What a beautiful sun, what a beautiful colored sun is it today- a different tajalli has appeared in the sun of the 11th of Muharram. Let's see what will come after this, what will come after this. Aman Ya Rabbi, Qadir al-Muqtadir. Al Qadir wa al- Muqtadir ala al ithlaq. Al Qadir al Mutlaq, al Muqtadir ala al itlaq. Allahu Akbar. Subhan Allah. Fatiha. We can't look, I can't look. Look, a violet color has come now that such a beautiful violet color as I see from here now was never seen before. Violet light beams are coming out from the sun that I am astonished, I am astonished. The sun's appearance took place in violet nurs/lights, in violet flames today. Allahu Akbarul Akbar. Allahu Akbarul Akbar. Let's see what is there today, Allahu Akbarul Akbar. It is all violet. Around it is red & it's center is violet. Our sun is upon an astonishing nur today- 11th of Muharram al-Haram. Aman ya Rabbi, may You not deal with us with Your Qahr. We await Your grants. O Our Lord may you not leave us to our ignorance. O Our Lord, what a beautiful sun today- with what beautiful colors it appeared. Allahu Akbarul Akbar, Allahu Akbarul Akbar, Allahu Akbarul Akbar. There is no red in today's sun.

There is an astonishing color in today's sun- the pink colors have appeared. Allahu Akbarul Akbar. Aman ya Rabbi, aman ya Rabbana. O our Lord, O our Lord. How beautiful is our sun, how beautiful is our sun today- the 11th of Muharram al-Haram. What astonishing colors it appeared with, Allahu Akbarul Akbar, Allahu Akbarul Akbar. O Transformer of spiritual states; Transform our state into the best state. The best state is coming now. The tajalli which will bring the bewildered mankind to the right path, to their Lord has started today. Allahu Akbarul Akbar, Allahu Akbarul Akbar. The color of today's sun is a different color. It is a different color- it is pink, it is violet, today's sun has risen with an indescribable beauty. Allahu Akbar. Ya Rabbi, ya Rabbi, may we be in sajda to You. May we be in sajda for You, may we be in sajda to You. O our Lord, O our Subhan, O our Sultan. We can't tolerate it. We can't tolerate looking at it. Aman ya Rabbi.. What a beauty- what a tajalli of jalal/majesty, what a tajalli of jamal/beauty. Both have come together in today's sun, the sun of the the 11th of Muharram has risen different. O people, look to the sun when it is rising. An astonishing appearance took place today. O scholars, O common people, watch the sun. The help of the sun

has reached & the sultanate of shaytan will be destroyed. It has been destroyed! It has been destroyed, masha Allah. Masha Allah, what a beautiful pink. Fatiha.

**Die heutige Sonne**

---

Seht diese Pracht! Seht, das ist die Farbe Violett. Die Strahlen kommen jetzt auf mich. Sie werden die Krankheit wegnehmen und auch die Schwäche, bi Idhnillah. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. Mit was für schönen Lichtern, Nur, kleidet Er uns heute! Das liegt an der Manifestation, die am Tag des 11. Muharram al-Haram kommt. Huu.. Huu.. Huu. Rabbuna Allah Hasbuna Allah. Rabbuna Allah Hasbuna Allah. Rabbuna Allah Hasbuna Allah. Ni'ma l-Wakil Ni'ma l-Mawla. Auf Seinen Befehl hin geht die Sonne in der genauen Sekunde auf und geht in ihrer genauen Sekunde unter. Allah... Allahu Akbar! O ihr Dummköpfe! Warum guckt ihr euch das nicht an? Ihr bekämpft einander, Schande auf euch. Schande auf euch. Ihr öffnet nicht die Hände, um Allah um Hilfe zu bitten, sondern einer packt den anderen an der Kehle. Er gab euch die Hände nicht, damit ihr einander erwürgt, sondern um sie zu öffnen und in der Göttlichen Gegenwart eueres Herrn zu bitten. Er sagte: Bittet euch nicht gegenseitig, bittet Mich. Ich erschuf euch. Diese sichtbaren Universen sind nicht einmal ein Punkt in Meinen Gebieten. Kehrt zu Mir zurück! Öffnet die Hände für Mich. Umklammert nicht euere Kehlen, Menschheit! Aman ya Rabbi, Tawba Astaghfirullah.

Was für eine schöne Farbe, dieses Violett. Es vergeht nicht. Es verliert sich nicht. Allah Allah. Die Manifestation wandelt sich heute, am 11. Muharram al-Haram. Die Manifestation wandelt sich auf jeden Fall, eine andere Manifestation beginnt. Das ist der Aufgang der Sonne des Islam. Es wird kein einziges Geschöpf geben, das sich ihm nicht in Demut beugt. Allahu Akbar. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. Anta Rabbuna, Anta Hasbuna. O unser Herr, vergib uns unsere Fehler und bedecke unsere bösen Taten und lass uns mit den Rechtschaffenen sterben. (3:195) Masha Allah. Wie schön sind die Farben der Sonne, der heutigen Sonne. Die Schönheit, die Manifestation der Farben der Sonne am 11. Muharram ist vollkommen verändert. Heute wird ganz gewiß eine Macht ankommen, ein Zeichen wird kommen, das die wilden Menschen beruhigt. Die Manifestation heute ist völlig anders als das, was zu den Propheten kam.

O Allah, o unser Herr, wir warten auf den Sultan. Wir warten auf den Sultan, der den Islam offenbaren, entschleiern wird. O unser Herr, mögest Du uns gewähren, wir haben unseren Weg verloren und sind völlig durcheinander. Unsere Männer und Frauen sind ganz vermischt. Wir wissen auch nicht, was wir wollen. Sie kehren nicht zu Dir zurück. Sie kehren nicht um.. Solange sie nicht zurückkehren, können sie nichts Gutes finden, können sie nicht zur Ruhe kommen.

Weder ihre Dunya noch ihre Akhirah können etwas Gutes haben. Tawba ya Rabbi, Tawba ya Rabbi. Tubna wa Raja'na Ilayk ya Rabbana. Was für eine schöne Sonne, wie schön gefärbt die Sonne heute ist, ein anderes Tajalli ist in der Sonne des 11. Muharram erschienen. Laßt uns sehen, was danach kommt, was danach kommt. Aman ya Rabbi, Qadiru l-Muqtadir. Al Qadir wa l-Muqtadir ala l-Ithlaq. Al Qadiru l-Mutlaq, al Muqtadir ala l-Itlaq. Allahu Akbar. Subhanallah. Fatiha. Wir können nicht sehen, ich kann nicht sehen. Seht, eine violette Färbung ist jetzt erschienen. Eine so schöne violette Färbung, wie ich sie von hier aus sehe, ist noch nie da gewesen. Violette Lichtstrahlen kommen aus der Sonner hervor, so daß es mich überrascht. Ich bin überrascht. Die Erscheinung der Sonne trug sich zu in violetten Nur, Lichtern, in violetten Flammen heute. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. Laßt uns sehen, was es heute gibt. Allahu Akbaru l-Akbar. Alles ist violett. Drum herum ist es rot und das Zentrum ist violett. Unsere Sonne hat ein erstaunliches Nur heute, am 11. Muharram al-Haram.

Aman ya Rabbi, mögest Du uns nicht mit Deinem Qahr abfertigen. Wir erwarten Deine Gaben. O unser Herr, mögest Du uns nicht in Unwissenheit lassen. O unser Herr, welch schöne Sonne heute, mit welch schönen Farben sie erschien. Allahu Akbaru l-Akbar, Allahu Akbaru l-Akbar, Allahu Akbaru l-Akbar. Es ist kein Rot in der heutigen Sonne. Es ist eine erstaunliche Farbe in der heutigen Sonne, die rosa Farben kamen hervor. Allahu Akbaru l-Akbar. Aman ya Rabbi, Aman ya Rabbana. O unser Herr, o unser Herr. Wie schön ist unsere Sonne, wie schön ist unsere Sonne heute, am 11. Muharram al-Haram. Mit was für erstaunlichen Farben sie erschienen ist. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. O Umwandler geistiger Zustände, wandle unseren Zustand in den besten Zustand um. Der beste Zustand kommt jetzt. Die Tajalli, die die verwirrte Menschheit auf den rechten Weg bringen, zu ihrem Herrn, haben heute begonnen. Allahu Akbaru l-Akbar, Allahu Akbaru l-Akbar. Die Farbe der heutigen Sonne ist anders. Es ist

eine andere Farbe. Es ist rosa, es ist violett. Die heutige Sonne ist mit unbeschreiblicher Schönheit aufgegangen. Allahu Akbar.

Ya Rabbi, ya Rabbi, mögen wir in Sajda vor Dir sein. Mögen wir in Sajda für Dich sein, mögen wir in Sajda vor Dir sein. Unser Herr, o unser Subhan, o unser Sultan. Wir können es nicht ertragen. Wir können es nicht ertragen, sie anzuschauen. Aman ya Rabbi... Welche Schönheit - welch ein Tajalli von Jalal, Majestät, welch ein Tajalli von Jamal, Schönheit. Beide sind in der heutigen Sonne zusammengekommen. Die Sonne des 11. Muharram ist anders aufgegangen. Ihr Leute, seht die Sonne an, wenn sie aufgeht. Eine erstaunliche Erscheinung ist heute aufgetreten. Gelehrte, gemeine Leute, achtet auf die Sonne. Die Hilfe der Sonne ist angekommen, und das Sultanat Shaytans wird zerstört. Es ist zerstört worden! Es ist zerstört worden, masha'Allah. Masha'Allah, was für ein schönes Rosa. Fatiha.

**Wir sind alle Diener**

Dastur ya Sayyidi! Madad ...
A?udhu billahi mina sch-Schay?ani-rajim
Bismillahi r-Ra?mani r-Ra?im
La ?aula wa la quwwata illa billahi l-?Aliyyi l-?A?im

Was ist die Pflicht eines Dieners? Ein Diener muß hören und gehorchen! Wenn ihr einen Diener habt, muß dieser auf euch hören und euch gehorchen, das ist die Definition von Dienerschaft. Wenn ihr einen Arbeiter beschäftigt und dieser nicht auf euch hört und nicht für euch arbeitet, dann ist er kein Arbeiter oder Diener.
Wir alle sind Diener! Wessen Diener? Wir sind Diener unseres Herrn, der uns erschaffen, uns das Leben geschenkt und uns mit allem Erdenklichen versorgt hat, noch bevor wir darum bitten konnten. Der Herr der Himmel ist Einer; Er ist der Sultan, und niemals können zwei Könige auf einem Thron sitzen. So wie auf diesem Stuhl hier keine zwei Personen Platz finden können, passen auch keine zwei Könige auf einen Thron.

In Europa gab es zur Zeit der Könige bei bestimmten Anlässen zwei Stühle. Bei manchen Zeremonien stellten sie zwei Stühle hin, einen Thron für den König und einen Thron für die Königin. Das war eine Art Brauch bei ihnen. Doch dieser Brauch, zwei Stühle aufzustellen, entspricht keineswegs der ursprünglichen Lehre des Christentums . Während des Zeitalters der Könige vor Jesus Christus – Friede sei mit ihm – saß immer nur der König alleine auf dem Thron, ohne eine Königin. Ich habe nie gehört, daß König Salomon gemeinsam mit seiner Königin auf dem Thron saß – und diese Könige waren gleichzeitig sowohl Herrscher als auch Propheten. Es ist ein neuer, von den Leuten eingeführter Brauch, die Königin

neben dem König sitzen zu lassen. Nein, dieser Brauch wurde in keinem der Heiligen Bücher befohlen oder auch nur erwähnt!

Wie ihr und jedermann wißt, besitzt auch der Papst oder Patriarch einen Thron, doch neben ihm sitzt niemals eine oberste Nonne, zu der er sagt: „Was hältst du davon?“ oder die er sonst irgend etwas fragt. Für den Papst gibt es bis heute nur einen ’Heiligen Stuhl‘. Er hat diese Welt verlassen und bis zu seinem Ende hat er diesen alten Brauch bewahrt. Nun ist er aus dieser Welt geschieden – dieser Papst, mit dem die ganze Welt zufrieden war.
So viele Menschen waren mit ihm zufrieden, liebten und respektierten ihn. Nun ist er von uns gegangen. Sein Leben war filmreif, wie aus einem Drehbuch, und heute ist dieser Fünfundachtzigjährige aus der Welt geschieden und sein ganzes Leben scheint wie ein Traum. Im Fernsehen zeigen sie jetzt Ausschnitte aus diesem, seinem Leben, das nun zu einem Traum geworden ist: Gestern hat er noch gelebt und heute ist sein Leben zuende, und er ist dorthin zurückgekehrt, woher er einst gekommen war.

Er glaubte an das Alte und das Neue Testament und, wie mir berichtet wurde, respektierte er auch den Heiligen Qur‘an und sagte, daß er himmlischen Ursprungs sei. Denn ein Papst kann nicht ein wirklicher Papst sein, ohne alle Heiligen Bücher zu akzeptieren – mag sein, daß er es öffentlich sagt oder heimlich für sich behält. Über ihn ist mir (von dem im letzten Rama?an verstorbenen syrischen Groß-Mufti Scheikh A?mad Kuftaro, dem der Papst dies in einem privaten Gespräch mitgeteilt hatte,) berichtet worden, daß er den Heiligen Qur‘an respektierte. Er akzeptierte, daß der Heilige Qur‘an vom Himmel herabgesandt wurde (und er verriet Scheikh A?mad Kuftaro in jenem Gespräch, daß er niemals schlafen gehe, ohne vorher etwas aus dem Heiligen Qur‘an rezitiert zu haben). Nun hat er diese Welt verlassen.

Er war ein Mensch, der niemals irgend jemandem Schaden zufügte und er gehörte zu den

Über-Achtzigjährigen, auf die Allah der Allmächtige schaut und über die Er gesagt hat: „Wer das Alter von achtzig überschreitet, gehört zu Meinen ’Freigelassenen Sklaven‘.“ Sein Gesicht war ein gutes Gesicht. Ich habe den Herrn der Himmel, unseren Herrn, Allah den Allmächtigen, Freitag Nacht um Barmherzigkeit von Seinen endlosen Ozeanen der Barmherzigkeit gebeten und dies wurde angenommen; und eine unserer spirituellen Kräfte war anwesend, als er diese Welt verließ, damit seine Seele nicht von irgend einer schlechten Seele berührt werde, er war beschützt.

Dies ist eine frohe Botschaft für all diejenigen, die anderen Menschen Respekt erweisen. Es gehört zu den Eigenschaften des Islam, einem jeden Respekt zu erweisen und aufgrund dessen respektiert zu werden. Aus diesem Grunde gehörte er zu denjenigen, denen Respekt gebührt. Und niemand kann darüber urteilen, in welchem Zustand ein Mensch dieses Leben verläßt. Jeder kommt an einen Punkt, an dem sein Weg ins Paradies führt, doch der Endpunkt für einige ist die Hölle, ihr Weg führt sie in die Hölle. Dies ist eines der Geheimnisse des menschlichen Lebens. Nur einige wenige spirituelle Menschen, Heilige, Gottesfreunde, können Zeuge sein , wenn die Seelen genommen werden, wohin ihr Weg führt – ins Paradies oder in die Hölle – und einige der Eigenschaften erkennen, die Allah der Allmächtige an Seinen Dienern zu sehen liebt und die jene Person ins Paradies bringen.

Der Prophet e sagte, daß Iman, Glaube, siebzig verschiedene Ebenen hat. Die höchste davon ist der Glaube an ’La ilaha illAllah Mu?ammadu r-Rasulullah e‘, die niedrigste besteht darin, ein Hindernis vom Wege zu entfernen.

Dies sind die Worte des letzten Propheten e, der der gesamten Schöpfung, allen Universen, die ihm zu Ehren erschaffen wurden, Ehre verlieh. Ihm zu Ehren wurde Adam u erschaffen, Noahuwurde ihm zu Ehren erschaffen, Abrahamuwurde ihm zu Ehren erschaffen; Isma?il, Is?aq und sein Sohn, Sayyiduna Ya?qub, und dessen Sohn, Sayyiduna Yusuf – Allahs Friede sei auf ihnen allen –, wurden ihm zu Ehren erschaffen, ebenso wie die zwölf Stämme, von denen eine Abstammungslinie den Propheten vorbehalten war, aus der dann Sayyiduna Musa, Sayyiduna Dawud, Sayyiduna Sulayman, Sayyduna Zakariya, Sayyiduna Ya?ya, Sayyiduna ?Isa – Friede sei auf ihnen allen – hervorgingen. Sie alle wurden

um der Ehre dieses einen Hochgeehrten e willen erschaffen. Jeder der dies akzeptiert, wird geehrt sein!

Alle, bis auf Shaitan, der sich geweigert hatte, die Ehrenstellung dieses Hochgeehrten, Sayyidun Muhammad, zu akzeptieren. Was geschah mit ihm, als er hinabstürzte? Er stürzte hinab auf die allertiefste Stufe: Er wurde von einem guten, vorzüglichen Dasein, von dieser schönen Erscheinung (als Azrail), in die schmutzigste und häßlichste Gestalt verwandelt, indem er als Shaitan in das Gewand der Schändlichkeit gekleidet wurde.
Er versucht immer noch, die Menschen davon abzuhalten, jenen Hochgeehrten e zu akzeptieren. Doch es macht nichts, Allah der Allmächtige sagt, daß die Ahlu l-Kitab, diejenigen, denen früher Heilige Schriften gegeben wurden, letztendlich an ihn glauben müssen. Er (der Papst) hat dies akzeptiert. Möge Allah uns und jenem Verstorbenen verzeihen. Er ist nun in der göttlichen Gegenwart seines Herrn und Allah weiß, was Er mit Seinen Dienern tut.
Wir sind Diener, Er ist unser Herr, Allah der Allmächtige. Absolute Herrschaft gehört allein Allah dem Allmächtigen – Madad ya Sultan ul-Auliya – deshalb gibt es nur einen Thron, nicht zwei! Der einzige Thron, der göttliche Thron, gehört dem Herrn der Himmel. Keiner sitzt zu Seiner Rechten oder Linken, nein, das kann nicht sein!
Meint ihr, daß der Papst rechts und links jemand neben sich sitzen hatte? Und Allah ist kein Mensch! Keiner kann behaupten, unser Herr sei so wie wir, es ist vollkommen unmöglich! Er ist der Herr, der absolute Herrscher, und alle sind seine Diener. Und euer Herr, unser Herr, verlangt von euch, daß ihr euch in Seinen göttlichen Dienst begebt und Ihm dient. Darin besteht unsere Ehre!

Behauptet nicht: „Ich bin dies oder jenes.“ Ja, der Papst trug so viele prächtige Gewänder. Doch wenn man sie wegnimmt, was bleibt dann? Der verstorbene Papst kleidete sich damit und war so an seinen Gewändern deutlich als Papst zu erkennen. Hätte man sie ihm weggenommen und ihm nur eine kurze Hose und ein Hemd gelassen, wer hätte wohl gesagt: „Das ist der Papst“? Wie denn auch? Ein Papst in Shorts und Unterhemd, in Unterwäsche? „Das soll der Papst sein? Ich glaube es nicht!“ hätte einer gesagt. Und ein anderer: „O mein Bruder, man sagt, das sei der Papst!“ „Das glaube ich nicht!“ Doch wenn er in seine

päpstlichen Gewänder gekleidet erschien, sagte jeder: „Oh, das ist der Papst.“ Das bedeutet, daß jene Gewänder den Papst ausmachen, nicht er selbst.

Ein Mensch, der nur an seinen Kleidern erkannt wird, besitzt selbst keinen Wert. Was nützt es euch, wenn es nur eure Kleider sind, die euch Ehre verleihen? Die Menschen laufen dieser dämlichen Art von Ehre nach, die von Kleidern abhängt, von Paradeuniformen, wie Generäle sie zu besonderen Anläßen tragen, mit Gürtel und Paradesäbel, damit die Leute staunend fragen: „Wer ist das?“ und wenn sie ihnen weggenommen werden, stehen sie da wie die Ochsen und die Leute sagen: „Das soll ein Feldmarschall sein? Wie kann das sein? Schau ihn dir doch an!“

Wenn es diese Kleider sind, die euch Ehre verleihen, bedeutet das, daß ihr Nichts seid! Nach den Regeln des islamischen Rechts werden euch deshalb, wenn ihr sterbt, alle Kleider ausgezogen und der Diener, der diese Welt verläßt, sieht sich selbst und wartet und schaut, welche Art von Kleidern ihm von den Himmeln gesandt werden. Wenn die Engel himmlische Gewänder herabbringen – das ist wahre Ehre: ein Ehrengewand, das vom Himmel kommt und nicht von den Menschen! Doch die Menschen betrügen sich selbst mit solch unsinnigen Dingen wie Dekorationen, stecken sich Orden an und posieren vor dem Spiegel: „So muß ich aussehen.“ – Sie können nicht einmal mehr lächeln. Wenn man sagt: „Lach doch mal!“, sagen sie: „Nein, ich kann nicht!“
O ihr Menschen, schaut danach, in welches Gewand ihr am letzten Tag gekleidet werdet, wenn euch die Kleider dieser Welt ausgezogen werden: ein Ehrengewand oder ein Gewand der Schande? Wenn ihr in Ehrengewänder gekleidet werden möchtet, dann haltet euch an Seinen Dienst, dann werdet ihr in die Ehrengewänder der Dienerschaft gekleidet werden. Darin besteht eure Ehre!
Möge Allah uns vergeben und euch segnen, damit ihr Seine endlosen Meere der Vergebung erreicht! Wir bitten unseren Herrn, Allah den Allmächtigen, um Verzeihung: O unser Herr, vergib uns um der Ehre des Meistgeehrten in Deiner göttlichen Gegenwart, Sayyiduna Muhammads willen!
Al-Fatiha.

## We Were Not Created to Kick a Ball Around

Dastoor yaa Sayyidee, yaa RijalAllah. (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah

Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Allahuma salli wa sallim wa baarik `alaa habeebika wa nabeeyika, Sayyidi 'l-Awwaleen wa'l-Akhireen, Sayyidina Muhammad (s)! (Mawlana Shaykh sits.) Madad, yaa RijaalAllah.

O People! You have been granted heavenly support and heavenly powers. One is enough or one may be more than enough by a hundred times for such a planet! Because that is a heavenly grant from Allah Almighty's Heavenly Presence, granted to His most beloved one in His Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands). Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa

ridwaana! (Mawlana Shaykh sits). Give respect and take respect. Give goodness and take back heavenly goodness. You may give something from this life, and everything that you are giving must be for your Lord Almighty. (Mawlana Shaykh stands) Allah, Allah. (Mawlana Shaykh sits).

Allah Alnighty says, "We are granting even to an atom." He Almighty may grant to you like this whole planet! You may give a minor, small thing and He may grant to you something that even your imagination will never reach there! Allah Almighty is granting even what may be so small, but from Him that small thing is going to be doubled over and over again, it is such a Creation. He is the Creator and His grants are going to be according to His Majesty. He gives something according to His Mighty Kingdom! Not only your imagination (cannot comprehend it), but even if all creatures think on one point, their imagination can't reach even one smallest grant from our Lord's Mighty Kingdom! May Allah (swt) forgive us.

O People! Welcome to you. Who is attending, Allah Almighty is going to be happy with them. When Allah Almighty is getting happy with His servant, He gives to his servant countlessly. Why are you running after something from this life or its treasures or its land or its seas? Why are you running? Allah Almighty's smallest (part of) Divinely grant may be countless times of such a dunya and its treasures. "For what are you running?" "Because you are no-mind ones."

Here there is a heap of diamonds and on this side there is a heap of zabeel, rubbish, that baladi (municipality) is carrying from houses, that they are asking to throw away. (They are) coming from municipalities in big cars, taking (the rubbish) from outside, throwing it far away and pouring there. Mankind now, they are in such a position that there are heaps, not heaps, but hills; no, not hills, but like gigantic mountains or gigantic planets full with diamonds. You are leaving this and running after those WC products. No-mind people!

O People! Come and take something. What they are taking, something from heavenly grants, it is giving to you such a pleasure, you can't imagine. And all prophets were only coming to make people to look at mountains of diamonds. (They were) showing them this and showing, on another side, mu`aafan, rotten, dirty heaps. And you, O Mankind, are leaving the mountains of diamonds. You know only two colors from

diamonds: one is white, and another, it is pearl, paba, pink. But on those mountains of diamonds, you can find such beautiful colors that if you are looking, you may fall down from (the awe of) its beautiful appearance. What shall we say? Our egos that are representing Shaytan, who is graduating them, are saying, "Don't believe. Now you shall take what I am showing to you from a heap of rubbish. People, don't look there, come and follow; take from this one, it is better for you."

O People! As-salaamu `alaykum. May Allah (swt) make you from the good level of understanding. If we don't have good understanding, we are always running after that rotten najasaat. As-salaamu `alaykum, O our Lord's servants. As-salaamu `alaykum, Huuuuu, yaa Qutb az-Zamaan, who is looking after everything on this planet. He is the pole for this planet. Salaam to you also and then salaam to those people that are asking something from Eternity. People are always running after something that is finally going to be nothing, and will be the worst rottings. But people are listening to Shaytan and its followers, not following holy prophets and their followers.

O People! As-salaamu `alaykum to those asking to follow some heavenly attendings, or attentions or heavenly grants. Come, give a very short time.We are saying that so many people are following Shaytan and smoking. Smokers are following Shaytan, no doubt. They are running after Shaytan and trying to taste something from that dirty plant's cigarettes and leaving eternal tastings. From the time that one of them is finishing one cigarette until they smoke another one, in that short time, one may reach up to heavens, to Eternity. O, Eternity! Eternity is giving so much freshness to our hearts and minds. So many people are complaining about their hearts and minds, and they are asking for a way to make their physical being in a restful,, happy way. It is impossible, because they are using something carrying them from one level to another level under it, and further under it, as much as they are smoking. Each time they are smoking, they are falling down into another dark place, then the second time they smoke again they fall into a black place, coming further down. And they are carrying something that is making them to go to a black, dark place, going under and under, to miseries and to sufferings over sufferings.

O People! Allah Almighty is giving to you meezaan, balance.

O Salafi `ulamas! We are saying, A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. You are claiming that you are `ulamas and followers of Saalif as-Saalih. What does it mean that Allah Almighty is saying in Holy Qur'an, •••••••• ••••••••••• wa wad`a al-meezaan and He has set up the Balance (of Justice), (55:7) Is this from Holy Qur'an or am I saying on behalf of myself? Yes, wa wad`a al-meezaan, "He is putting a balance." For whom? For animals, angels, jinn, or for Mankind? For whom the Lord of Heavens is making that balance? •••••• ••••••••• ••• ••••••••••• Alaa tatghaw fi 'l-meezaan, "In order that ye may not transgress (due) balance." (55:8)

Ordering you must keep balance. That is in Surat ar-Rahmaan, you may recite it. Alaa tatghaw fi 'l-meezaan, ordering for that, and you must keep that balance. For everything you must be very careful not to lose the real balance that the Lord of Heavens granted to you.

Wa wad`a al-meezaan, "putting balance." Putting balance for what, O `ulamas? For what? For balancing sha`eer, barley, weighing, (balance). Allah Almighty is sending that balance from heavens and giving to His beloved ones and ordering them to say, "O People! Use that balance." For what? For barley, or for wheat or rice? For what? Say! You are saying, "We are `ulamas." Why are you not saying to people, "Why Allah Almighty is saying, wa wad`a al-meezaan ? Where did He put that balance?" Outside, that you are charging for pilgrims' sandooq, boxes (baggage)? And those people are not fearing Allah (swt) and are saying, "We must weigh this bag." Is that balance for this? And they are saying, "We must weigh it, because that balance is heavy and you must give more money." Is it for that balance? wa wad`a al-meezaan. Say, say!

That balance is for Mankind to balance their actings, their demands. What do you think? Tilka 'l-meezaan, is it for balancing this world's diamonds, or for anything you say is valuable? Now we are using electronic balances everywhere and saying, "You must pay 100 riyals, or 1,000 riyals."

“For what?"

"Because our balance is saying you must pay this."

For what, for the merchant? Why not say, “That balance is for our actings, for our minds, for our hearts, for our physical beings.” Why are you not saying wa wad`a al-meezaan? The whole Muslim world is running after a dirty system, leaving Allah Almighty's meezaan, balance, and running after democracy, saying, "We must bring a new balance for our people." Who gave you that authority, and which qaanoon, law or rule, may be like heavenly rules? Why are you not speaking, O learned people? Why you are not saying?

O Salafi `ulamas from all Islamic territories! Why are you not saying, "Use this balance, Barlamaans, Parliaments," making such foolish laws and rules to make people under their oppressions. Why are you not saying? You are fearing from Man; you are not fearing from Allah Almighty!

O People! •••••••• ••••••••••• wa wad`a al-meezaan and He has set up the Balance (of Justice), (55:7) on your efforts, on your actions, on everything you are doing. Is it true or not? From where are you bringing that barlamaan, Parliament? Are you ever putting your Parliament on that meezaan? Why are people not fearing from Allah (swt)? Why they are putting a Parliament and not fearing from the sultan? A heavy burden we are putting on ourselves. ... This one is saying he is Chief Minister of Internal Affairs, Minister of Sports. I never heard in Holy Qur'an an order for people to make such foolish playings and to make someone in government look after sports. Football. Where is football? Saudi Arabia.

O Salafi `ulamas! Why are you not saying this is haraam? From everywhere our youngsters try to learn football. That is a big responsibility and that is big, to come against Allah Almighty's order. Why are you not saying:

••••• •••••••• •••••••• •••••••••• •••••• •••••••••••••

wa maa khalaqta 'l-jinna wa 'l-ins illa li-ya`budoon.

I have only created Jinns and men, that they may serve Me (51:56)

(Mawlana Shaykh stands and sits.) Where are our `ulamas from Azhar ash-Shareef? Why are they not saying this is haraam? (Mawlana Shaykh raises his hand, like holding a trophy.) Where are our `ulamas? Why don't they ask you?

Once upon a time, you should be happy. Ibrahim (last name?...), he was a big sultan. He was liking to hunt, for in hunting there are some ways to make for people some benefits. But for sultans, hunting is something else, and he was following one deer. And he was just hearing a signal from `Aalamu 'l-Ghayb, Hidden Territories, saying, "Yaa Ibraheem, alihaadha khuliqta? Do you think that you have been created for hunting?" and a second voice coming to him, "O Ibraheem! Do you think that heavenly order is coming to you for hunting?"

In football, the football is on this side, and on that side they are running for that football! So much foolishness, and hundreds of thousands of people are following that. `Ulamas, doctors of shari`ah, Azhar ash-Shareef, why are you not guiding Muslims that it is haraam? That means Muslims don't know what is halaal and what is haraam. How blessings from heavens will come on them?

O People! That is going against your egos, but you must accept heavenly commands and orders or you will be under Shaytan or its followers. May Allah forgive us. Fatihah.

They are using here a balance for football. Why are they not using that balance for manafiyaa, the benefit of Muslims? Why you are not using that heavenly balance? You should be patient. You will be punished; if not now, on the Day of Resurrection. May Allah (swt) send to us someone that shows us how to live in an honored way for the Lord of Heavens.

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

(Mawlana Shaykh prays two raka`ats shukr.)

## To Love And Be Loved

Dastur Ya Sahibul Maydan, Shah Mardan! Oh beloved friends of Shah Mardan, how beautiful you are! Those who are keeping the way of Shah Mardan, his beloved friends, how beautiful you are! Let's listen to Shah Mardan, Master of this realm, Habibur-Rahman, what is he offering us? Let's say first of all, Bismillahi r-Rahmani r-Rahim. Basmala - Basmala Shariff, not just Basmala! Basmala Shariff; honored Basmala. Please Shah Mardan teach us! People used to say not only Basmala, but Basmala Shariff, the honored Basmala. The Virtue it has can be extolled from preeternity up to eternity. Please Shah Mardan go on. Listen, all friends of Shah Mardan, loved ones, fellow companions, loved ones and lovers of him! Today is a new day, yawmun jadid, rizqun jadid. Each new day comes with its own manifestation! The manifestation of yesterday was different from today's manifestation. All the events which will appear today are not the same. That is why it is said; yawmun jadid, rizqun jadid. New day, new provision.
Basmala Shariff - the honored Basmala. Those who say it, are being dressed with honor. Watch it! The honorable Basmala. Each time we recite Basmala Shariff, we are being dressed with a robe of honor. Please Shah Mardan go on, Asadullahi Al-Ghalib Ali ibn Abi Talib. Oh lion! If he roars the Earth will be shaken! This is Shah Mardan! Happiness to his friends, beloved ones, those who are listening to his words, keeping his way, and who try to learn his manners - You are being honored. In any gathering you attend, you are dressed in an honorable robe, which is Rahmani(divine). You will be dressed by reciting Basmala Shariff. There is also dirty clothing which satan makes you wear. satan dresses people with it and then looks and says, he is just like me. He who wears the robe of satan becomes a satan himself. He who wears the robe of Shah Mardan becomes Habibu r-Rahman.
MashaAllah! Oh Shah Mardan, Sahibul maydan, Habibu r-Rahman, may we have strength in

order to speak your holy words, a little strength and energy. May we have the strength to say Basmala Shariff, the honarable Basmala. Listen oh mankind! Either you are dressed with honor, or with a dishonorable robe. A human is either dressed with a robe of honor, coming from heavens, or a dishonorable, dirty robe that is dressed by satan, making him also a satan. Now we are keeping the words of Shah Mardan Sahibul Maydan, Asadullahi Al-Ghalib, Ali ibn Abu Talib whom Allah loves. We keep the words of Allah's lion. May we get honor! Please Shah Mardan go on, Let's listen! Humans are dressed in two different ways. Either the robe coming from Angels, from heavens, is dressed on human beings, or a dirty robe coming from hell, is dressed on human beings. The ones dressed with the robe of hell are not comfortable. They aren't at ease because of this robe.

The robe coming from Heavens is spiritual/blessed. When being dressed, one feels comfort in it. One is refreshed, he feels happiness. He can love and can be loved. This is the attribute of humanity, to love and to be loved. Here are the holy words of Shah Mardan for today: his advice is to love and to be loved. What a beautiful advice! The one who loves, is loved back. Who doesn't love is not loved. What to love? Whose ways reach to heavens, the holy ones like Shah Mardan. If someone follows their ways he will be content and honored.
Now here is a beautiful addressing to them! Shah Mardan's holy words of today are two words, easy to understand. Those who don't understand are animals. Who understands is human, who doesn't understand is animal. Today, Shah Mardan's teachings to the nation of Habib (sws), who love him, are two words to keep in mind. He said this. Please go on Shah Mardan, we may listen. Ay Yaran Shah Mardan! Oh friends of Shah Mardan, today our speech is based on two words, but its meaning is vast. What are these two words? Love and be loved. Love in order to be loved. If you don't love you are not loved. Beautiful! short but beautiful, showing the honor of humanity. Love and be loved. Those who don't love are not loved back.
Today, Shah Mardan is giving this advice to people! Oh Shia, oh fake Alawis, listen to what Shah Mardan has said. He said to love and be loved. Oh those people in Persia, servants, nation of Muhammad(sws), haven't you heard this? This saying of Shah Mardan, haven't you heard it? Love and be loved. Did Hz Ali, Shah Mardan say it or not? Answer! What are people doing nowadays? Neither loving, nor being loved. Because nowadays, people love satan and they

became satan themselves. All oppressors are satan, representatives of satan. They don't know how to love. They neither love nor are they loved. They are representatives of satan on Earth, they love nobody. They love nobody. They can neither love nor be loved. They disgust people. Who is loved among them?

Please Shah Mardan go on. They only please satan. They please satan but they don't please anyone else. Their work/deeds are taught by satan - To hit, to destroy, to burn, to kill and not to show mercy! Is this the advice of Shah Mardan? Claiming to be Alawi, which one of you is keeping the words of Hz Ali? Shah Mardan says to love and be loved. Neither can you love, nor perform a deed that can be loved. You are not representing Shah Mardan, but representing satan! Please go on the owner of Duldul! Shah Mardan! Marhaba oh friends, beloved ones, Marhaba to you! Wherever you go, where ever you walk, marhaba/welcome comes to you. Some hear it, some cannot hear.

Marhaba oh friends of Shah Mardan, beloved ones to him! Marhaba those who listen to Shah Mardan, those keeping his way, marhaba, marhaba. May blessings shower us! This is the pillar of Islam. First commandment - love and be loved. If this is so , Muslims must both love and be loved back. Those who don't know to love, are not Muslim. People who are not loved are not Muslim also. This is why Janabul Haqq says; "Harramtu dh-dhulma 'ala nafsi" "I forbid oppression to Myself". Whoever oppresses will be crushed. "Inna batsha rabbika la shadidun"(85:12) Indeed, the vengeance of your Lord is severe. They will disappear. "I don't need weapons", says the Lord Ar-Rahman whom Shah Mardan loves. When the Wrath of Allah comes, you will be destroyed. Don't be with satan, be with Ar-Rahman! Write down this command of Shah Mardan!

Oh Persians, oh Shia, and oh Alawis, Shah Mardan says to love and be loved. Did Shah Mardan love? Yes he did. Was he beloved? Yes he was. Is he still loved in the hearts of people? Yes. What is in his hand? Dhulfiqqar. He has in his hand Dhulfiqqar, to finish the ones who don't obey him. The need of all the people of the world, which they have forgotten, is love and sympathy. All religions are teaching this to its followers and believers, declaring this. Love humans and be loved. Who doesn't love is not loved. Is a snake loved? Snakes are not loved. However a honorable creation such as a horse is loved. Animal, for what is an animal loved? Which quality makes people happy? Nobleness, makes one to be loved. Be noble! Don't be wicked! All prophets

called people to this. Where are you Shia? Are we saying something wrong? These are the words of Shah Mardan, for whom you are waiting. Will he say to kill, to burn, to destroy? Or what did Islam come with?

Islam came with love & sympathy. The ones who love, are loved. The ones who don't love become unbelievers. These words are the essentials of life, which endow people with real life, and enliven apparent being, making the spiritual being reach to the heavens. Quran-ul Azim-ush-Shan, says love and be loved. The holy Torah says, love and be loved. The holy Gospel says, love and be loved. What does satan say? "No!" it says, "Don't let people love each other". Don't let people love anybody. This is the teaching of satan. All prophets are saying to love and be loved. You must first love your Creator, Janabul Haqq, then Rasul Kibriya(sws). Love the Prophets and love the Sultan of Prophets, our Master(sws). Love Him! Don't be arrogant!

Shah Mardan has already drawn his Dhulfiqqar. You have gone astray, oh Shia and Alawi, your affairs are made up. You are on satan's way. You are not loved, you don't love. Neither do you have affection, nor is anybody fond of you. Allahu akbar 'ala man takabbara wa tajabbar. In the presence of Allah, those who commit oppression, crushing weak people, burning their homes, destroying, killing their children, ruining their honor, they are not human. They are satan. "La'amla'anna Jahannama Mina l-Jinnati Wa n-Nasi"(11:119) "I shall fill (hell)" with this kind of people. The others are those to whom Allah gave honor and holds in high regard - "Wa Laqad Karramna Bani Adama"(17:70) "We certainly honored the children of Adam". The divine grant Allah bestowed on them, is not known even by Prophets. They know up to a limit but not beyond. Beware! Isn't there this verse in the Quran which you are reading?

"Wa Laqad Karramna Bani Adama" "By My Glory I hold the children of Adam in high regard, and gave them honor" (says the Lord). As a result, "I designated them as My deputies." Human beings are the deputies of Allah on Earth! How dare you crush, burn or destroy them? Then you claim your superiority to others, lying and trying to cheat people. Do you think you are human with your five gallons of lamp-oil? We have this much of petrol. May you drown in your petrol! Petrol made them lose their humanity! Persians are boasting about their petrol. "We are powerful" they say. Why? Because they have lamp-oil. Did Allah give you fuel-oil and petrol so that you can kill people? Were you given it in order to be as arrogant as satan? Shia are all arrogant, they consider only themselves as human, others ... hasha minal hudur.

But "Inna Mina Al-Mujrimina Muntaqimuna"(32:22) Those who go beyond limits, Allah takes vengeance on them. You will not be left unpunished, will not be forgotten. "Oh My oppressed servants, I will certainly punish the ones who oppressed you," says Allah. Beware oh Shia and Alawis! Cease fire! Stop murder! Be generous to people! So you will be loved, not make people fear and run away! This is the way of the Prophet(sws) and Shah Mardan. Where are those people in Hijaz who are selling fuel-oil and consider themselves to be something? What did you do for the sake of Allah? You didn't give any away. You found yourselves in mud. For 3 days it rained by the Wrath of Allah. As-sadaqatu tarudul bala. Charity repells trouble/misfortune. Did you give? "Eh we sent one million, ten million". One million? But you have trillions! Why don't you send to these people? You are guilty, that is why it rained for three days and made a mess. The majesty of the Arabian peninsula, ruined. After that came sandstorms. Their faces were a mess, they couldn't see.

They lost direction - those who are reigning in the deserts, those whose wives are asking for license to drive. Kings and Princes, beware! Don't listen to your wives! Don't listen to your wives! Their wives, women were forcing them to give a permit to drive cars. What happened now? Kings are not able to drive their cars now either. Those who are claiming to represent the splendor of Arabia, rich in petrol, fuel-oil, they are baffled. They can't go out of their houses. They can't shelter in their houses either. We don't know what will happen to us, they say. Camels can't walk, cars can't move, planes can't fly. Are they grounded or not?

Oh Shia, you are Muslims not unbelievers, Muslims, but you went astray and did wrong things because Shah Mardan said to love and be loved. If you say he didn't, you'll lose faith. An addressing to the whole world, from Shah Mardan, is to love and to be loved. It is a focal point. Today what a beautiful advice we have! We may talk on it till The Last Day. This advice is what the Prophet Jesus said. This addressing is what the Prophet Abraham, forefather of all prophets, said. And what the Sultan of all prophets(sws) said - "Hub, hubbu fillah", to love for the sake of Allah. Love for Allah. You didn't love people, you didn't respect them as human. You didn't learn the first lesson of Islam. That is to love and be loved in return. No one ran away from our Prophet(sws) unless they obey their evil ego -hasha minal hudur. All were running to him like the bees flying to the honeycomb. Unbelievers and hypocrites couldn't stand this because they didn't know how to love and be loved.

Leaders of the Arabs! it is said in Quran, "Al-A'rabu Ashaddu Kufran Wa Nifaqan"(9:97) Change this characteristic. Shah Mardan is saying to love and be loved. Oh the Holy one, the Owner of the sword Dhulfiqqar, is saying, "I am in the arena now". Please Shah Mardan go on, you expressed it beautifully. What did Prophet Jesus said to the Christians? Did he say to make different weapons in order to kill people? Lying Christians. Jews, likewise, did the Prophet Moses say to them to invent machines to kill people, to build weapons? Or rather to love human beings and be loved. Love and be loved. May you love and be loved!

Today's people lost the habit of, loving/sympathy. A big world, people forgot how to love. How beautiful you said it Shah Mardan! Love and be loved. May we love and be loved in return. I am saying to his Highness the Pope too, and the Rabbis of Israel, who are leading. For the sake of the Torah sent to Moses, for the sake of the Bible sent to Jesus, let them answer - are these words truth or not? Did Prophet Jesus ever kill a human? Did Prophet Moses ever kill a human? They called people to heavenly ways. Ay Shah Mardan, Sahib Rida r-Rahman. MashaAllah! May today's speach be sustenance /provision for your friends. They ask for weapons, Shah Mardan says this is our weapon. No one can stand against such a weapon. All Prophets taught to love and to be loved. You must first love Allahu Dhu l-Jalal, then His prophets (as), then His clean/true servants. Full with love, one can't kill people. However they dare to destroy?

Don't these Christians, followers of the Messiah have any other business? Do these Christians have other business than building weapons? Why are they making weapons? Does it make people love you? Persians broke into Sham. Did their weapons give or take love/sympathy? Or draw cursings on them? Please Shah Mardan go on. Your Dhulfiqqar is ready any way! He says soon! We are greeting Rajab Shahrullah. Let's see what punishment is coming to the ones who are not obeying these words. Only one out of five will remain of the world's population. Four will perish. Be righteous! Be Human! A human is the one who can love a human. Love and be loved. Nothing can harm you. Those without love will perish. Shah Mardan is coming.

Please, Shah Mardan, Owner of this realm, we listen to you. Count us among your friends. We are weak. Everyday I am saying some words of your virtue, the holy words of the Sultan of Prophets, Prophet of the End Times. The value of these words can't be measured. Keep at least one of them! Our Prophet, the Prophet of the end of times, Sayyidina Muhammad (sws) - Love

and be loved. One who doesn't love, is not loved back. satan made people like this; they neither love nor are they loved. Civilization, is this their civilization? Did Prophet Jesus(as) teach this? Did Prophet Moses(as) teach this? Sultanu l-Anbiya(sws) said or taught this? Today's people are obeying satan. And satan is mobilized to destroy humanity with a variety of weapons. But we have the strongest weapon. Love and be loved - no harm is done. Those who don't know how to love, are not loved. Not loved, he can't love. This is the teaching of today.

Oh Shah Mardan! Sahib Rida r-Rahman, Asking for the pleasure of Mawla who is ar-Rahman, oh lion of Allah please go on! You are Shah Mardan, may we obey you, and defeat satan. Otherwise half the world's population will perish, only a quarter will remain. What is the solution for salvation? "Love and be loved". His Highness the Pope should say it too! May the chief Rabbi say it too. Did this one who is from Ummah Muhammad, say something wrong? Talking with whose tongue? The tongue of Shah Mardan! "Love and be loved". Those who have no love, are not loved. Those who have no love for each other, both are not loved. Who is happy with this? satan is. Don't make satan happy! Take the love of Janabul Haqq(jj)! Take the love of prophets, live like a human! Watch your manners or else you will be swept away. Gain the love of people! Shah Mardan Sahibul Maydan, Habibu r-Rahman is saying so today.

The salvation of humanity, lies with love. Love to the ones who have listened, come with love! Ay Gazanfar, Gazanfaran Ajam(Persians), you used to have love, now you have run out of it. You used to have justice, now you have lost it. You used to have love of Allah(jj) and His Prophet(sws), love of awliyyaullah and of Shah Mardan. You lost it! Repent for this! Repent and be saved! Ay yaran Shah Mardan marhaba! What beauty in two words! Two words to save humanity; love and be loved. Wa min Allahi t-tawfiq.

Oh our Lord send us Your servant who will teach us these ways, ya Rabb! Your servants who will leave weapons and open hearts to love, who will win the hearts of people, send us such servants. You are Subhan, You are Sultan! Tawbah ya Rabbi, tawbah ya Rabbi tawbah astagfirullah. Allah Allah Allah Oh Sahibul Maydan, Shah Mardan! Request intercession for us in the Presence of Allah(jj), and presence of Rasul(sws). May they forgive us and send us the Sahib(owner) - One who will teach us to love and be loved. Love and be loved - this is the rule that will save humanity! Tawfiq(success) is from Janabul Haqq.

Fatiha.

**Liebt und werdet geliebt!**

---

Dastur Ya Sahibul Maydan, Shah Mardan! Oh geliebte Freunde Shah Mardans, wie schön ihr seid! Diejenigen die den Weg von Shah Mardan einhalten, seine geliebten Freunde, wie schön ihr seid! Lasst uns Shah Mardan zuhören, Meister seines Reichs, Habibur-Rahman, was bietet er uns an? Lasst uns zu allererst Bismillahi r-Rahmani r-Rahim sagen. Basmala - Basmala Sharif, nicht einfach Basmala! Basmala Sharif; geehrte Basmala. Bitte, Shah Mardan, lehre uns! Die Leute sagten früher nicht nur Basmala, sondern Basmala Sharif, das geehrte Basmala. Die Tugend die es hat kann von Vor-Ewigkeit bis zur Ewigkeit erhoben werden. Bitte Shah Mardan, mach weiter. Hört, alle Freunde Shah Mardans, Geliebete, Gefährten, Geliebte und ihn Liebende! Heute ist ein neuer Tag, yawmun jadid, rizqun jadid. Jeder neue Tag kommt mit seiner eigenen Erscheinung! Die Erscheinungen von gestern waren anders als die Erscheinungen von heute. Alle Ereignisse, die heute erscheinen werden, sind nicht gleich. Deshalb wird es gesagt; yawmun jadid, rizqun jadid. Neuer Tag, neue Versorgung. Basmala Sharif - das geehrte Basmala. Die die es sagen, werden mit Ehre gekleidet. Schaut! Das ehrenvolle Basmala. Jedes Mal wenn wir Basmala Sharif rezitieren, werden wir in ein Gewand der Ehre gekleidet. Bitte Shah Mardan, mach weiter, Asadullahi Al-Ghalib Ali ibn Abi Talib. Oh Löwe! Wenn er brüllt, wird die Erde zittern! Das ist Shah Mardan! Glück für seine Freunde, Geliebte, die seinen Worten zuhören, seinen Weg einhalten, und die versuchen, sein Benehmen zu lernen - Ihr werdet geehrt. In jedem Treffen das ihr besucht, werdet ihr in Ehrengewänder gekleidet, die Rahman (göttlich) sind. Ihr werdet gekleidet indem ihr Basmala Sharif rezitiert. Es gibt auch schmutzige Kleidung die euch Satan tragen lässt. Satan kleidet die Leute darin und schaut dann und sagt, er sieht genauso aus wie ich. Wer das Gewand Satans trägt, wird selbst zu einem Satan. Wer das Gewand Shah Mardans trägt wird Habibur r-Rahman. MashaAllah! Oh Shah Mardan, Sahibul maydan, Habibur r-Rahman, mögen wir Stärke haben damit wir deine heiligen Worte sprechen können, ein bisschen Kraft und Energie. Mögen wir die Kraft haben, das Basmala Sharif zu sagen, das ehrenvolle Basmala. Hört zu oh Menschheit! Entweder werdet ihr in Ehre gekleidet, oder mit einem unehrenhaften Gewand. Ein Mensch ist entweder mit einem Gewand der Ehre gekleidet, das vom Himmel kommt, oder ein unehrenhaftes, schmutziges Gewand in das er von Satan gekleidet wird, was ihn auch zu einem Satan macht. Nun halten wir uns an die Worte von Shah Mardan Sahibul Maydan, Asadullahi Al-Ghalib, Ali ibn Abu Talib den Allah liebt. Wir halten uns an die Worte von

Allahs Löwen. Mögen wir Ehre bekommen! Bitte Shah Mardan, mach weiter, lasst uns zuhören! Die Menschen sind in zwei verschiedenen Arten gekleidet. Entweder kommt das Gewand von den Engeln, vom Himmel, und wird den Menschen angelegt, oder ein schmutziges Gewand kommt aus der Hölle und wird den Menschen angelegt. Denen mit dem Gewand der Hölle ist nicht behaglich zumute. Sie sind nicht entspannt wegen ihres Gewands. Das Gewand was vom Himmel kommt ist spirituell/gesegnet. Wenn man gekleidet wird, fühlt man Behaglichkeit darin. Man fühlt sich erfrischt, fühlt Glück. Man kann lieben und geliebt werden. Das ist die Eigenschaft der Menschheit, zu lieben und geliebt zu werden. Hier sind die heiligen Worte Shah Mardans für heute: sein Rat ist, zu lieben und geliebt zu werden. Welch ein wunderbarer Ratschlag! Derjenige der liebt, wird widerum geliebt. Wer nicht liebt wird nicht geliebt. Was zu lieben? Wessen Wege die Himmel erreichen, die Heiligen wie Shah Mardan. Wenn jemand ihren Wegen folgt, wird er zufrieden sein und geehrt. Nun gibt es hier eine wunderschöne Ansprache für sie! Shah Mardans heilige Worte von heute sind zwei Worte, einfach zu verstehen. Die die nicht verstehen, sind Tiere. Wer versteht ist menschlich, wer nicht versteht ist ein Tier. Heute ist Shah Mardans Lehre zum Volk des Habib (sws), die ihn lieben, zwei Worte die man im Verstand behalten soll. Er sagt das. Bitte mach weiter, Shah Mardan, wir mögen zuhören. Ay Yaran Shah Mardan! Oh Freunde Shah Mardans, heute basiert unsere Rede auf zwei Wörtern, aber deren Bedeutung ist weit. Was sind diese zwei Wörter? Lieben und geliebt werden. Liebt um geliebt zu werden. Wenn ihr nicht liebt, werdet ihr nicht geliebt. Wunderschön! Kurz aber wunderschön, die Ehre der Menschheit zeigend. Lieben und geliebt werden. Die die nicht lieben, werden nicht geliebt. Heute gibt Shah Mardan diesen Ratschlag an die Leute! Oh Shia, oh falsche Alawis, hört was Shah Mardan zu sagen hat. Er sagt, lieben und geliebt werden. Oh Leute in Persien, Diener, Volk Muhammads (sws), habt ihr das nicht gehört? Diesen Ausspruch Shah Mardans, habt ihr ihn nicht gehört? Lieben und geliebt werden. Hat Hz Ali, Shah Mardan, es gesagt oder nicht? Antwortet! Was tun die Leute heutzutage? Weder lieben sie, noch werden sie geliebt. Denn heutzutage lieben die Leute Satan und sie wurden selbst zu Satan. Alle Unterdrücker sind Satan, Stellvertreter Satans. Sie wissen nicht, wie man liebt. Weder lieben sie noch werden sie geliebt. Sie sind Stellvertreter Satans auf Erden, sie lieben niemanden. Sie lieben niemanden. Sie können weder lieben noch geliebt werden. Sie werden von den Menschen verabscheut. Wer wird von ihnen geliebt? Bitte Shah Mardan, mach weiter. Sie gefallen nur Satan. Sie gefallen Satan aber sie gefallen niemandem sonst. Ihre Werke/Taten sind von Satan gelehrt - Schlagen, zerstören, verbrennen, töten und keine Gnade zeigen! Ist das der Rat Shah Mardans? Die ihr behauptet Alawi zu sein, wer von euch hält sich an die Worte von Hz Ali? Shah Mardan sagt, liebt und werdet geliebt. Wedet könnt ihr lieben, noch eine Tat tun die geliebt

wird. Ihr repräsentiert nicht Shah Mardan, sondern ihr repräsentiert Satan! Bitte mach weiter, Besitzer von Duldul! Shah Mardan! Marhaba oh Freunde, Geliebte, Marhaba zu euch! Wo immer ihr hingeht, wo immer ihr geht, marhaba kommt zu euch. Manche hören es, manche können es nicht hören. Marhaba oh Freunde Shah Mardans, Geliebte von ihm! Marhaba jene, die Shah Mardan zuhören, die seinen Weg einhalten, marhaba, marhaba. Möge sich Segen auf uns ergießen! Das ist die Säule des Islam. Das erste Kommando - lieben und geliebt werden. Wenn es so ist, müssen die Muslime sowohl lieben als auch zurück geliebt werden. Die die nicht wissen, wie man liebt, sind keine Muslime. Leute die nicht geliebt werden sind ebenfalls keine Muslime. Deshalb sagt Janabul Haqq: "Harramtu dh-dhulma 'ala nafsi"; "Ich verbiete Mir Selbst die Unterdrückung". Wer immer unterdrückt wird zerschmettert. "Inna batsha rabbika la shadidun"(85:12) Wahrlich, die Rache deines Herrn ist heftig. Sie werden verschwinden. "Ich brauche keine Waffen", sagt der Herr Ar-Rahman, den Shah Mardan liebt. Wenn der Zorn Allahs kommt, werdet ihr vernichtet werden. Seid nicht mit Satan, seid mit Ar-Rahman! Schreibt diesen Befehl Shah Mardans auf! Oh Perser, oh Shia, und oh Alawis, Shah Mardan sagt, lieben und geliebt werden. Liebte Shah Mardan? Ja das tat er. Wurde er geliebt? Ja das wurde er. Wird er immer noch geliebt in den Herzen der Menschen? Ja. Was ist in seiner Hand? Dhul Fiqqar. Er hat Dhul Fiqqar in seiner Hand, um die zu vernichten die ihm nicht gehorchen. Das Bedürfnis aller Leute in der Welt, das sie vergessen haben, ist Liebe und Sympathie. Alle Religionen lehren das ihren Anhängern und Gläubigen, indem sie dies verkünden. Liebt die Menschen und werdet geliebt. Wer nicht liebt wird nicht geliebt. Wird eine Schlange geliebt? Schlangen werden nicht geliebt. Andererseits wird ein ehrenwertes Geschöpf wie ein Pferd geliebt. Tiere, wofür wird ein Tier geliebt? Welche Qualität macht die Leute glücklich? Edelmut macht jemanden zu einem Geliebten. Seid edel! Seid nicht boshaft! Alle Propheten riefen dazu auf. Wo seid ihr, Shia? Sagen wir etwas Falsches? Dies sind die Worte Shah Mardans, auf den ihr wartet. Wird er sagen, dass man töten, verbrennen, zerstören soll? Oder womit kam der Islam? Islam kam mit Liebe und Sympathie. Diejenigen die lieben, werden geliebt. Die die nicht lieben, werden zu Ungläubigen. Diese Worte sind die Essenz des Lebens, die den Leuten wahres Leben schenken, und das sichtbare Sein beleben, das spirituelle Sein die Himmel erreichen lassen. Der Quran-ul Azim-ush-Shan sagt liebt und werdet geliebt. Die heilige Thora sagt, liebt und werdet geliebt. Das heilige Evangelium sagt, liebt und werdet geliebt. Was sagt Satan? "Nein!" sagt es, "Lasst die Leute einander nicht lieben. Lasst die Leute niemanden lieben." Das ist die Lehre Satans. Alle Propheten sagen, lieben und geliebt werden. Ihr müsst zuerst euren Schöpfer, Janabul Haqq, lieben, dann Rasul Kibriya (sws). Liebt die Propheten und liebt den Sultan der Propheten, unseren Meister (sws). Liebt ihn! Seid nicht arrogant! Shah Mardan hat schon sein Dhul Fiqqar

gezückt. Ihr seid fehlgegangen, oh Shia und Alawi, eure Angelegenheiten sind imitiert. Ihr seid auf dem Weg des Satans. Ihr werdet nicht geliebt, ihr liebt nicht. Wedet habt ihr Zuneigung, noch ist irgendjemand euch zugeneigt. Allahu akbar 'ala man takabbara wa tajabbar. In der Gegenwart Allash; diejenigen die Unterdrückung begehen, schwache Leute zerdrücken, ihre Häuser verbrennen, zerstören, ihre Kinder töten, ihre Ehre ruinieren, sie sind keine Menschen. Sie sind Satan. "La'amla'anna Jahannama Mina l-Jinnati Wa n-Nasi"(11:119). "Ich werde (die Hölle) füllen" mit dieser Art von Leuten. Die anderen und die, denen Allah Ehre gegeben hat und hoch ansieht, "Wa Laqad Karramna Bani Adama"(17:70) "Wir ehren wahrlich die Kinder Adams." Die Göttliche Gabe die Allah ihnen gab ist nicht einmal den Propheten bekannt. Sie wissen es bis zu einem Maße aber nicht darüber hinaus. Seid achtsam! Gibt es nicht diesen Vers im Koran, den ihr lest? "Wa Laqad Karramna Bani Adama" "Bei meinem Ruhm, Ich halte die Kinder Adams in hohem Ansehen, und gab ihnen Ehre" (spricht der Herr). Als Konsequenz "setzte Ich sie als Meine Statthalter ein". Die Menschen sind die Statthalter Allahs auf Erden! Wie könnt ihr es wagen, sie zu vernichten, zu zerbrechen, zu verbrennen? Dann behauptet ihr eure Überlegenheit gegenüber anderen, lügt und versucht, die Leute zu betrügen. Denkt ihr, ihr seid menschlich mit euren fünf Gallonen Lampenöl? Wir haben soviel Benzin. Möget ihr in Benzin ertrinken! Benzin hat sie ihre Menschlichkeit verlieren lassen! Die Perser prahlen mit ihrem Benzin. "Wir sind mächtig" sagen sie. Warum? Weil sie Lampenöl haben. Gab Allah euch Öl und Benzin, damit ihr Leute umbringen könnt? Wurde es euch gegeben, damit ihr so arrogant wie Satan sein könnt? Shia sind alle arrogant, sie sehen nur sich selbst als Menschen, andere... hasha minal hudur. Aber "Inna Mina Al-Mujrimina Muntaqimuna"(32:22). Diejenigen, die die Grenzen überschreiten, an denen wird Allah Rache nehmen. Ihr werdet nicht unbestraft gelassen werden, es wird nicht vergessen. "Oh Meine unterdrückten Diener, Ich werde sicherlich diejenigen bestrafen, die euch unterdrücken", sagt Allah. Gebt acht oh Shia und Alawis! Stellt das Feuer ein! Stoppt das Töten! Seid großzügig zu den Leuten! So dass ihr geliebt werdet, und nicht die Leute fürchten und wegrennen lasst! Das ist der Weg des Propheten (sws) und Shah Mardans. Wo sind diese Leute in Hijaz die Öl verkaufen und sich selbst für etwas halten? Was habt ihr um Allahs willen getan? Ihr habt nichts weggegeben. Ihr habt euch selbst im Schlamm gefunden. Für 3 Tage regnete es durch den Zorn Allahs. As-sadaqatu tarudul bala. Almosen halten das Unglück fern. Habt ihr gegeben? "Äh wir haben eine Million, zehn Millionen geschickt". Eine Million? Aber ihr habt Trillionen! Warum schickt ihr es nicht diesen Leuten? Ihr seid schuldig, deshalb regnete es für 3 Tage und machte eine Unordnung. Die Majestät der Arabischen Halbinsel, ruiniert. Danach kamen Sandstürme. Ihre Gesichter waren verklebt, sie konnten nichts sehen. Sie verloren ihre Richtung - diejenigen die in den Wüsten die Zügel halten, die deren

Frauen einen Führerschein verlangen. Könige und Prinzen, gebt acht! Hört nicht auf eure Frauen! Hört nicht auf eure Frauen! Ihre Frauen zwangen sie, ihnen eine Fahrerlaubnis für Autos zu geben. Was passierte nun? Nun können die Könige auch ihre Autos nicht mehr fahren. Die die behaupten, die Pracht Arabiens zu repräsentieren, reich an Benzin, Öl, sie sind getäuscht. Sie können nicht aus ihren Häusern hinaus. Sie können in ihren Häusern auch keine Zuflucht finden. Wir wissen nicht, was mit uns passieren wird, sagen sie. Kamele können nicht gehen, Autos können nicht fahren, Flugzeuge nicht fliegen. Haben sie Hausarrest oder nicht? Oh Shia, ihr seid Muslime, keine Ungläubigen, Muslime aber ihr seid fehlgegangen und habt falsche Dinge getan, denn Shah Mardan sagte zu lieben und geliebt zu werden. Wenn ihr sagt dass er das nicht tat, verliert ihr euren Glauben. Eine Ansprache an die ganze Welt, von Shah Mardan, ist, zu lieben und geliebt zu werden. Es ist ein Schwerpunkt. Welch einen wunderschönen Ratschlag wir heute haben! Wir mögen darüber bis zum Letzten Tag sprechen. Dieser Rat ist was der Prophet Jesus sagte. Es ist die Ansprache des Propheten Abraham, Vorvater aller Propheten. Und was der Sultan aller Propheten (sws) sagte - "Hub, hubbu fillah", zu lieben um Allahs willen. Liebt für Allah. Ihr habt die Leute nicht geliebt, ihr habt sie nicht als Menschen respektiert. Ihr habt die erste Lektion des Islam nicht gelernt. Das ist, zu lieben und widerum geliebt zu werden. Niemand kann vor unserem Propheten (sws) davonrennen, es sei denn sie gehorchen ihrem bösen Ego - hasha minal hudur. Alle rannten zu ihm wie die Bienen zu einer Honigwabe fliegen. Ungläubige und Leugner konnten es nicht ertragen, denn sie wussten nicht wie man liebt und wie man geliebt wird. Anführer der Araber! Es heißt im Koran, "Al-A'rabu Ashaddu Kufran Wa Nifaqan"(9:97). Ändert diese Eigenschaft. Shah Mardan sagt, lieben und geliebt werden. Oh der Heilige, der Besitzer des Schwertes Dhul Fiqqar, sagt "ich bin jetzt in der Arena". Bitte Shah Mardan, mach weiter, du hast es wunderschön ausgedrückt. Was sagte der Prophet Jesus zu den Christen? Sagte er ihnen, sie sollten andere Waffen machen um Leute zu töten? Lügende Christen. Genauso die Juden, sagte der Prophet Moses zu ihnen, sie sollten Maschinen erfinden, um Leute zu töten, um Waffen zu bauen? Oder eher die Menschen zu lieben und geliebt zu werden. Liebt und werdet geliebt. Möget ihr lieben und geliebt werden! Heute haben die Leute den Brauch von Liebe/Sympathie verloren. Eine große Welt, die Leute haben vergessen, wie man liebt. Wie schön du es gesagt hast, Shah Mardan! Liebt und werdet geliebt. Mögen wir lieben und widerum geliebt werden. Ich sage das auch zu seiner Heiligkeit dem Papst, und den Rabbis von Israel, die führen. Um der Thora willen, die zu Moses gesandt wurde, um der Bibel willen, die zu Jesus gesandt wurde, lasst sie antworten - sind diese Worte Wahrheit oder nicht? Hat der Prophet Jesus jemals einen Menschen getötet?

Hat der Prophet Moses jemals einen Menschen getötet? Sie riefen die Leute zu den himmlischen Wegen. Ay Shah Mardan, Sahib Rida r-Rahman. MashaAllah! Möge die Rede von heute ein Unterhalt/Versorgung für deine Freunde sein. Sie bitten um Waffen, Shah Mardan sagt dies ist unsere Waffe. Niemand kann solch einer Waffe standhalten. Alle Propheten lehrten, zu lieben und geliebt zu werden. Ihr müsst zuerst Allahu Dhu l-Jalal lieben, dann Seine Propheten (as), dann Seine reinen/wahrhaftigen Diener. Voller Liebe, kann niemand Menschen töten. Trotzdem wagen sie es, zu zerstören? Haben diese Christen, Anhänger Messias, nicht anderes zu tun? Haben diese Christen nichts anderes zu tun als Waffen zu bauen? Warum machen sie Waffen? Lässt es die Leute euch lieben? Die Perser sind in Sham eingefallen. Haben ihre Waffen Liebe/ Sympathie gegeben oder genommen? Oder Flüche auf sie gezogen? Bitte Shah Mardan mach weiter. Dein Dhul Fiqqar ist sowieso bereit! Er sagt bald! Wir begrüßen Rajab Shahrullah. Lasst uns sehen, welche Bestrafung kommen wird auf diejenigen, die nicht diesen Worten gehorchen. Nur einer von fünf wird übrig bleiben von der Weltbevölkerung. Vier werden sterben. Seid aufrichtig! Seid menschlich! Ein Mensch ist jemand, der einen Menschen lieben kann. Liebt und werdet geliebt. Nichts kann euch weh tun. Diejenigen ohne Liebe werden vergehen. Shah Mardan kommt. Bitte Shah Mardan Besitzer dieses Reiches, wir hören dir zu. Zähle uns zu deinen Freunden. Wir sind schwach. Jeden Tag sage ich ein paar Worte deiner Tugend, die heiligen Worte des Sultans der Propheten, des Propheten der Endzeit. Der Wert dieser Worte kann nicht ermessen werden. Haltet euch wenigstens an eins davon! Unser Prophet, der Prophet der Endzeit, Sayyidina Muhammad (sws) - Liebt und werdet geliebt. Jemand der nicht liebt, wird auch nicht geliebt. Satan ließ die Leute so denken; weder lieben sie noch werden sie geliebt. Zivilisation; ist das ihre Zivilisation? Lehrte der Prophet Jesus (as) das? Lehrte der Prophet Moses (as) das? Lehrte oder sagte der Sultanu l-Anbiya (sws) das? Heute gehorchen die Leute Satan. Und Satan ist unterwegs um die Menschheit mit einer Reihe von Waffen zu zerstören. Aber wir haben die stärkste Waffe. Liebt und werdet geliebt - kein Leid wird getan. Die die nicht wissen wie man liebt, werden nicht geliebt. Ungeliebt kann man nicht lieben. Das ist die Lehre von heute. Oh Shah Mardan! Sahib Rida r-Rahman, Bittet um das Gefallen von Mawla, der Rahman ist, oh Löwe Allahs bitte fahre fort! Du bist Shah Mardan, mögen wir dir gehorchen, und Satan besiegen. Sonst wird die Hälfte der Weltbevölkerung sterben, nur ein Viertel wird übrig bleiben. Was ist die Lösung zur Rettung? "Liebt und werdet geliebt". Seine Heiligkeit der Papst soll es auch sagen! Möge der oberste Rabbi es auch sagen. Hat dieser, der von der Ummah Muhammad ist, etwas falsches gesagt? Mit wessen Zunge spricht er? Die Zunge von Shah Mardan! "Liebt und werdet geliebt". Die die ohne Liebe sind, werden nicht geliebt. Die die keine Liebe füreinander haben werden beide nicht geliebt. Wer ist glücklich damit? Satan. Macht Satan

nicht glücklich! Nehmt die Liebe Janabul Haqqs (jj)! Nehmt die Liebe der Propheten, lebt wie ein Mensch! Achtet auf euer Benehmen oder ihr werdet weggefegt werden. Gewinnt die Liebe der Leute! Shah Mardan Sahibul Maydan, Habibur r-Rahman spricht heute so. Die Rettung der Menschheit liegt in der Liebe. Liebe kommt zu denen, die zugehört haben, kommt mit Liebe! Ay Gazanfar, Gazanfaran Ajam(Persians), ihr hattet einmal Liebe, nun habt ihr keine mehr. Ihr hattet einmal Gerechtigkeit, nun habt ihr sie verloren. Ihr hattet die Liebe Allahs (jj) und Seines Propheten (sws), Liebe der Auliyullah und von Shah Mardan. Ihr habt sie verloren! Bereut dafür! Bereut und werdet gerettet! Ay yaran Shah Mardan marhaba! Welche Schönheit in zwei Worten! Zwei Worte um die Menschheit zu retten: Liebt und werdet geliebt. Wa min Allahi t-tawfiq. Oh unser Herr, schicke und Deine Diener die uns diese Wege lehren werden, ya Rabb! Deine Diener die die Waffen sein lassen und die Herzen öffnen werden für Liebe, die die Herzen der Menschen gewinnen werden, schicke uns solche Diener. Du bist Subhan, Du bist Sultan! Tawbah ya Rabbi, tawbah ya Rabbi tawbah astagfirullah. Allah Allah Allah Oh Sahibul Maydan, Shah Mardan! Bitte um Fürsprache für uns in der Gegenwart Allahs (jj), und der Gegenwart Rasuls (sws). Mögen sie uns vergeben und den Sahib (Besitzer) schicken - Einen der uns lehren wird, zu lieben und geliebt zu werden. Liebt und werdet geliebt - das ist die Regel, die die Menschheit retten wird! Tawfiq (Erfolg) ist von Janabul Haqq. Fatiha.

HR: Nachdem Shaykh Raja, wie sie ihn nennen, dahingegangen war, waren sie verwirrt. Also will diese Frau noch einmal Bayat von dir nehmen.
M: Es ist gegeben.
HR: Und sie fragt auch, Raja Elina, welche Art von Autorität hat sie? Kann sie den Platz von Shaykh Raja einnehmen oder nicht?
M: Wessen Platz?
HR: Kann sie den Platz ihres Bruders einnehmen?
M: Nein, Frauen können nicht den Platz von Männern einnehmen.
HR: Okay, kann sie Bayat geben?
M: Sie kann Erlaubnis geben. Bayat können sie entweder von Shaykh Bahauddin oder von Shaykh Hisham oder von Shaykh Adnan nehmen. Sie sind autorisiert. Aber ich habe ihnen Erlaubnis im allgemeinen gegeben.
HR: Können sie Raja Elina bei bestimmten Dingen zurate ziehen?
M: Ja. Ich setzte Elina als Stellvertreter ein. Sie kann allen Frauen das Wird geben.
HR: Das ist auch, was ich gesagt habe. Sie kann Bayat geben, aber nur den Frauen.
M: Sie kann es den Frauen geben, nicht den Männern.
HR: Und diese Frau hat auch untersucht, sie sagt, im Dschungel gibt es Eingeborene in Malaisien, kleine Gruppen, sagt sie, kleine Dörfer mit 100, 50 oder 60 Leuten. Sie sagt: 'Wenn Mawlana Erlaubnis gibt, haben wir ein Programm. Können wir hingehen und sie zum Islam aufrufen? Sie sind keine Muslime. Ihre Religion ist unbekannt.
M: Ich gebe die Erlaubnis.
HR: Das ist eine malaische Frau. Sie hat gerade unten mit mir gesprochen und um Erlaubnis

dafür gebeten. Sie sagt: Wir haben ein Programm, um zum Islam aufzurufen.
M: Ich gebe Erlaubnis.
HR: Sie sagt: Ich gehe lieber nicht ohne Erlaubnis, besser mit Erlaubnis zu gehen.
M: Die Erlaubnis ist stark. Die Erlaubnis ist erteilt. Fatiha. Sie sollten zu diesen Stämmen gehen und sie wenigstens "La ilaha illa Allah, Muhammad Rasulullah" sagen lassen. Und auch sollten sie die Bewegungen des Salat, des Gebetes, machen. Das reicht. Sie sollten nicht lügen. Sie sollten nicht stehlen. Sie sollten ihre Keuschheit wahren. Sie sollten ihre Ehre wahren. Sie sollten ihre Kinder den Islam lehren, so viel wie sie wissen. Das ist es.
HR: Sie sagt, sie leben im Dschungel, gehen nicht in die Öffentlichkeit und haben nicht viel Umgang mit Menschen.
M: Sie haben die Erlaubnis in dieser Weise: Alle Frauen sollten sagen "La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, Muhammad Rasulullah". Nach 3x "La ilaha illa Allah" sagen "Muhammad Rasulullah". Macht und Majestät kommt auf sie herab. "Allahumma Salli Ala Sayyidina Muhammad. Allahumma Salli Ala Sayyidina Muhammad. Allahumma Salli Ala Sayyidina Muhammad." Sie sollten das auch sagen. Okay, okay, sehr gut.. Sehr gut.. Möge Allah ihren Weg erfolgreich machen, von wo bis wo Er (swt) ihre Herzen gehen läßt. Ich habe auch Dr. Rosmans Söhnen Erlaubnis gegeben. Sag ihm das. Ich habe ihm selbst auch Erlaubnis gegeben. Sie sollen Dhikr machen und auch eine Dergah bauen. Es wird sich öffnen, der Islam wird sich öffnen. Allah wacht über sie. Allah wacht über... Ich gebe Raja Muda Erlaubnis, er kann Erlaubnis geben. Er kann einfach sagen "Ich gebe", das reicht. Es gibt mehr, es werden andere kommen, aber wir werden sie durch Bahauddin kennenlernen. Ich mische mich nicht ein dort, Bahauddin soll Erlaubnis geben. Sie sollen Bahauddin zurate ziehen. Bahauddin soll ernennen, wen immer er will. Er ist der Shaykh dieses Gebietes.

**Tonight is the holy Laylatu-l Qadir. Not everyone is reaching to it. People are sleeping, and after they regret that they missed i**

Tonight is the holy Laylatu-l Qadir. Not everyone is reaching to it. People are sleeping, and after they regret that they missed it. Others seem awake,
but they are heedless and therefore they see nothing. We are asking to reach
to this holy night and to be counted from among those, who reached it...
There is visible and invisible richness- some people are rich in Dunya,
others rich in Akhirat. If you come close to rich people in Dunya, maybe you
get something and they may not turn you away empty-handed. But those who are
rich in Akhirat are always giving. If a ship loaded with goods would land
here- would I not distribute it among the Ummah? I would call the poor. And
who is giving for the sake of Allah his money and goods are never finishing.
And who has ranks in Akhirat is giving to those, who follow him for
Akhirat...
In this night Allah is opening such a mercy from His oceans that He is
giving manyfold to those, who reach to it. The faiz of this holy night is
also reaching to us...This night is the most blessed night of all.
We try to fulfill our obligation, but we cannot do justice to Allah. We are

far from serving Him in the way He deserves, so what we do has only symbolic value...

This month is passing so quickly. We are fasting, but we are not loosing, rather we are increasing in vitality. If Islam was not true, how an order from 15 centuries ago could still be valid and 1 ½ billion people fast? A car cannot run without fuel. If there was no spiritual power that is working since 15 centuries Islam could not have survived. There is a moving power. Is there anyone that would get fed up from spring? Whan Ramadan is beginning, the hearts fill with joy. If not, they are not Muslims. Who is honouring this holy night will not fall into the crises. Who is not honouring this night, he will be registered and marked by the angels: Morning time - he is not making Sajdah. Midday - not making Sajda. Afternoon, evening, nighttime not making Sajdah... Allah is calling people for prayer, and they are not following His call. Everything is registered, no matter, who the person is and what rank he has. I have to inform you about this and advise you.

For everyone there comes a last day. And death is full with heybet, so that no one can be able to spend even one night or one hour in the grave next to a dead body, such a fear is in that place. Everyone will be alone in his tomb, and there is darkness... Try for your soul to leave your body clean... There was a person in the time of the Prophet sws who was full of love to him and he used to make Maulid always. He was so blessed that when he died the spiritual body of the Prophet himself came to take his soul. His soul went clean and pure, with a good smell. It is important to go in a good way, so that the angels may receive you well.

**Using Power: Tonight is the second night of the month of Safar, which is the heaviest among the months of the year**

(Translated from Turkish Sohbet) Tonight is the second night of the month of Safar, which is the heaviest among the months of the year. Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim, La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim. Meded- 700 000 Bela come down only on the last Wednesday of this month.

Say: 3x Shahada, 300x Astaghfirullah for protection against the Bela of Safar. Give Sadaqa for yourself and for the members of your family. Put it in a box, until you find someone to give it to. In our times Sadaqa is very important.

Since one month ago the preparations for the appearance of Mehdi aleyhi salam. has begun. Now it is not the question where we can find a place to rest, rest is only for those who are with Allah and they are in safety. Nothing else can benefit you. Who is not with Allah, all of them with be collected.

With Jesus there will be 40 years of Jennet-Tajalli, Paradise-Tajalli. So

many Holy Ones prayed to reach that time. They saw that they would not reach, and therefore they prayed that one of their descendants should reach that time. Through him they also get honour. They wanted to serve Mehdi a.s. and be with Jesus a.s. Our ancestors were 'Aziz', looking for Allah and asking His pleasement and who made this prayer. That is why these people here run after us. Their ancestors had strong faith and a hidden belief in our Prophet sws.

In a Church in Lefkosa there was a Papas with a white beard when I was young, 8-9 years old. He was full of light. He used to give me sweets and said 'Salaam'. He used to read the Quran. Once in Damascus we went with Grandsheikh to the market. Someone greeted him, and Grandsheikh said to me: 'There are 50 like him, hidden ones, that carry faith. They came to me and asked me if they should announce their belief. I said: 'No, stay as you are in order to avoid Fitna.'

Because our ancestors believed in the Prophet, salallahu alayhi wassalim, in secret they prayed like this. All of those who come to me are like that- their prayer was accepted. The Germans and the English will come into Islam. We will reach Jesus a.s. , insha Allah.The Holy Ones in our surrounding (Rankus) have news about our presence.The time is near and one of the signs is that in the morning you see one world and in the evening another. Every day has another Tajalli and nobody can control the events- no President, no rich man; it is beyond their power and will and they are afraid of tomorrow.

'Allahumma thabitna 'ala-l Haqq'- we are asking for firmness in our belief from Allah, then nothing can throw us down nor even move us. There was a wrestler from the lands of the Kufar and he had heybet. He was challenging the people and in 1-2 minutes he threw everyone down to the earth. He was proud of his strength. He also came to Istanbul in the time of Sheikh Yahya of Trabzon, who lived some 500 years ago.

The Sultan heard about that wrestler and wanted to see him. In his presence were his Wezirs and Ulema. As all Sultans had a Sheikh, the Sheikh of this Sultan was Sheikh Yahya, and he was also always in the presence of the Sultan. That Kafir Shaitan came to challenge the Muslims. He wanted to prove that his Christian belief was stronger than Islam. And everyone was afraid of him.

Sheikh Yahya was physically weak. But he got up, took of his Jubba and asked permission from the Sultan, the Khalif of the Muslims, to accept the challenge of the wrestler. The Sultan was hesitating as he was worried about him, but then he said: 'As you like, o my Sheikh.' The wrestler was like an elephant. He said to the Sheikh: 'What do you want?' 'I am coming as a wrestler. I am waiting here for you. I will cross my arms and you may use all your strength on me. If I am weak, then my belief is also weak.'

The wrestler was trying to push him from all sides, but he couldn't move the Sheikh a bit. The Sheikh was just standing there. The wrestler was sweating and shouting. In the end the Sheikh asked him if he was finished. Then he turned like a whirling derwish 7 x around himself, threw the wrestler into the air and around, who then fell down like dead. And the Sheikh had used just little of his spiritual power, otherwise he would have shaken the world.

When the servant is with Allah, no power can move him from his centre. This is what is missing in our days. We are not with Allah, otherwise those against us couldn't do anything. But as we are with Dunya, we are weak. Power, strength and honour is with those who are with Allah. And you are with Allah in the Dhikr, because Allah is with the one who remembers Him. But the Ummah has forgotten the Dhikr. May Allah protect us from satanic actions. . 'Rabbana thalamna anfusana, wa in lam taghfirlana warhamna la

nakunana mina mufsidin (?)- this was the Dua for forgiveness of Adam a.s. He punished himself and stood on one leg on a mountain for 3oo years (until the forgiveness of Allah reached to him).

People in Palestine forgot their holy ones and therefore they themselves are forgotten. No worldly person can save them. If they would call the holy ones for help and recite the verses from the YaSin and blow around them, they would be saved: 'Bismillahi Rahmani Rahim..wa ja'alna min bayni aydihim saddan wa min khalfihim saddan fa akhshaynahum wa hum la yubsirun.'

Ask: 'Ya Sahibu Nauba of the Mesjid al Aqsa.'- but they don't believe in the holy ones any more and not even in the Prophet, who said: 'My eyes are sleeping-(the body has a right)- but not my heart.'

..The levels of Manifestation of Allah: Dhat - Sifat - Asma - Af'al . Kulli yaumin Huwa fi sha'an. Every day is different, the creation is constantly changing, it is the attributes of creation and the creatures, but Allah alone is stable, His is the Attribute of being stable, firm, unchanging. He is now as He was. Subhanallah ama yushrikun. Huwa 'al'an kama kan- Allah doesn't change. Laissa kamithlihi shay. Huwa-l Wahidu Ahad, without partner...

## To The New Pope

Rijal Allah/ Men of Allah (swt) Sit comfortably, Sheikh Mehmet Effendi. Don't be official, what can we do. There is difficulty when being official. Merhaba. Merhaba ey hadirun/present ones Ey yaran! The lovers of Shah Merdan, The ones who love Shah Merdan. We shall make a gathering in his name. Oh Shah Merdan, look down on us. Shah Merdan Ali Ibn Abi Talib (ra) God bless him. He struck his sword at the castle of Khaybar. He was very fierce. Allah's (swt) Lion.

The Jews were there. They controlled the roads. They didn't allow anyone to come or go. That is where he went to conquer. He wanted a soldier to fight against, is there anyone? The fighting started one-on-one, then the battle and killing continued At the Castle of Khaybar, the Jewish Leader, Shah Merdan was asking for a soldier. It is the field for soldiers. If there is anyone, let him come out to the field. He rode upon Duldul. It was his famous mule, Duldul, right? If he wants it will go slow, if he wants with wings. Duldul could fly like an eagle. MashAllah Assalamu Alaykum ey yaran The ones who love Shah Merdan. The ones who love him. Allah Allah. Allah Allah.

He was asking for a soldier, at the castle of Khaybar. A warrior from that place. Let him come out for battle. He came out to the field. S. Hz. Ali (ra) Shah Merdan Riding on Duldul. He was riding the horse, Duldul. He had a ride called Duldul. If he wants, it will go slowly, if he wants Duldul will go like the wind. He went to the field with Duldul and asked for a soldier. Whoever there is, will come to the field of soldiers. He came, the Jewish leader of that place, he came, and when Hz. Ali (ra) saw him, he didn't even go down to his level. There was no one-on-one fighting, no. As soon as he came, he raised Dhul Fiqqar, and with one blow sliced him into two. When the end of Dhul Fiqqar hit the ground, water flowed out. That water is still flowing.

One time, with Allah's (swt) permission, Shukr Allah Salatu Salam on our Prophet (saws) and Shah Merdan, I passed through there, Hajji Mehmet. We also prayed there.I was going to Saudi Arabia traveling by road. The water is still flowing from there. Because when Hz. Ali (ra) swung his sword, he stabbed their leader and from his fierceness, water came out of the ground. That water is still flowing. I drank from it, Alhamdulillah. Sometimes fierceness is coming. Who are we, and what is our fierceness? We are nothing. Astaghfirullah Astaghfirullah. The door of the castle of Khaybar, right? He forced it open with one push. That castle is still there, Sh Mehmet. We passed through there, I also prayed there. Water is flowing from where his sword hit. It is a spring. It started to flow, and Shah Merdan and the soldiers of Islam drank from that water. They made abulution, prayed, and went through. Allah (swt) granted me the chance to reach that holy place once. I also prayed and drank from the water. Shukr Allah. The barakah/blessings of that water, until Judgement day, will not leave us. That blessing is there. Shah Merdan, ey yaran; yaran Shah Merdan. Oh Lion of Allah (swt). He was riding upon Duldul. Hz. Ali (ra) Karrar is his name right,the name of Hz. Ali Effendimiz? Karrar is another name of Shah Mardan.(Karrar:The one who attacks his enemy again and again) Ya Rabbi from their blessings, from the blessings of Habibullah, let us also be dressed; let the mightiness of Islam be seen. The unbelievers are standing up, they are saying, "We are ruling the world". We are saying to them, if you rule this world, this world is a WC, take it and pour it over your heads. Let them wear it on their heads. The believers do not go down to that low level. They do not go down to the low level of ruling the world. The world will follow after them. That is Shah Merdan. He has Dhul Fiqqar in his hand. The nation of unbelievers is still trembling. They know, they are not oblivious. Because the Seal of the prophets' cousin, the Lion of Allah (swt) is here.

And his name is written, they do not say, those who do not have Iman/faith, the people without faith. Those who claim to have faith in Isa (as)/Jesus christ. So you believe in Isa (as)/Jesus Christ, then you put him on the cross? The great Prophet, Allah's (swt) beloved Messenger whose honor is in the last days, "After me the Seal of Prophets will come." And his uncle's son, Ali Ibn Abi Talib, is Shah Mardan, he is Karrar. When he strikes, the walls of the castle are destroyed. With one strike at the castle of Khaybar, it reached the water and began to flow. Shukr Allah I drank from that water. That water is flowing in the middle of the desert. Sheikh Mehmet, my

son, was not born at that time. Allahu Akbar. How nice, Shah Merdan. Karrar, they call him karrar, right? Does it have another part?
S.M. Haydar-i Kerrar. (The lion that turns as he attacks).
S.M. Kerrar! Allahu Akbar. Allah's (swt) Lion, no one can stand against him. Shah Merdan. S. Muhammad's (saws) uncle's son. Hz. Ali (ra) May Alah bless him. MashaAllah. Allah (swt) allowed me to pass through there. And I drank from the water. That water is still flowing there. Insha Allah you will also go there. He will go my son will go. It is not impossible. It is closed now but it will open. Love is coming to me for him. Even though I have no energy, when mentioning Allah's (swt) Lion, Shah Mardan, power is coming. I have no energy to speak. His name Karrar, the Lion of Allah, who no one can stand against. When I call his name, Shah Mardan, power comes to me. I don't know anything. I don't claim to know anything. I am talking about the honorable one, Our beloved Prophet's beloved cousin, Shah Merdan. If we mention from now until the Day of Judgment, it will not finish and it has no end.
And he is "Aliyu babuha" Prophet said, I am the city of knowledge. Every knowledge is from me. I am the city of knowledge. Whoever enters the city, will find everything. Whoever enters our city, will find and know everything. These people are saying, "We did this, we did that".
Yahu Allah's (swt) religion, "Inna d-dina 'IndaLlahil Islam" (3:19) In Allah's presence, the only religion that is accepted is Islam. All prophets were Muslim. They did not worship Christos. Christos, Isa (as)/Jesus christ Who was Isa (as) prostrating to? Say! Was Isa (as) worshipping himself? Hasha/Never. Isa (as)/Jesus Christ. Why don't you say, to Whom did Isa (as) prostrate? Was he prostrating to himself? Who was he prostrating to? The One Who created him, he prostrated to his Lord. Why don't you do that, you say 'we are Christian'.
Who was Isa (as) prostrating to? Say! Did Isa (as) not have anyone to prostrate to? Why don't you say! To Whom did Isa (as) prostrate? I am asking all the Jesuits. I am asking the Christians. I am asking, Who was Isa prostrating to? Was he prostrating to himself? To Whom was Isa's (as) prostration? Did Isa (as) not prostrate to anyone? Why aren't these people prostrating? The Pope was changed. Everyone became unsettled. Who does the Pope prostrate to? If he prostrates to Isa (as), then who does Isa (as) prostrate to? To Whom is Isa (as) prostrating? If he is a god, and they are calling him a god, and then they are putting him on a cross. If he is God, why couldn't he defend himself? What kind of God is this? if 5 worthless people hang him on the cross, What

value does he have? What value?
Who did Isa (as) prostrate to? I am asking the whole Christian world. I am also asking the new Pope. Let him say, did Isa (as) prostrate? I am asking the new Pope and the old Pope as well. Did the Christian world choose you to prostrate to you? I am asking, who is the Pope representing? If he is representing Isa (as), did Isa (as) prostrate? To Whom did Isa (as) prostrate? Isa (as) prostrated to his Lord. You are calling Isa (as) a god, who does God prostrate to? Did the disciples of Isa (as) prostrate to him? Hasha/Never Isa (as) did not say, "I am your Lord, prostrate to me". He did not say, "make a cross, hang me on the cross". The cross is everywhere, show me naked on the cross. Is this your honor, your religion, your faith? Tell me People of the Book, the nation of Isa (as), Christians. Hristos, in Greek. Did he force them to prostrate to him? Did the disciples prostrate to Isa (as)? What is this? The world became unsettled, these millions of people.
What did you elect? What is election? Oh Sheikh, we are now in the time of democracy. Everything happens by election. So we came together we said, "Let him go, let him go where he goes". "We will come up with a new one, and put him in charge". I am asking the new one and the old one, did Isa (as) prostrate? You are saying, "The son of Allah". Hasha/never. If the Owner of the Heavens is his father, did Isa (as) prostrate to his father? Did he prostrate to Him on earth? Tell me! Why don't you prostrate, instead you do this and that with your hand. Who instructed you to do that? Ey Shah Merdan! Ey Ali ibn Abu Talib. We are asking. The Christian world was shaken. Millions of people chose this Pope. Was he chosen from the heavens or chosen from earth? If it is from heavens, there is no need for election. Are you choosing a watermelon or a melon? Someone who doesn't even know how to choose a watermelon. You can't choose someone as a representative of Allah. This is Batil/falsehood.
Men and women are going, everyone, all these millions of people. What value do these millions of people have? Let them answer. The new Pope should answer, did Isa (as) prostrate or not? If you say he did not prostrate, you are wrong. If Isa (as) is the son of Allah (swt), then he prostrated to his father. How else can he glorify Him? By prostrating to Him. It means he prostrated to his father. And this is made up talk. Isa (as) is not the son of Allah (swt) because Allah does not have children. Allah is not a person. A person cannot be God. Get your mind straight. Forget this falsehood.

We chose a new Pope. But who chose him? Out of a pile of watermelons, which one is good? You don't even know, you people. And you say, "We chose the new Pope". If the papacy is a spiritual rank, the orders must come from heavens, not from the people. Not from the Cardinals. What are Cardinals? Isa (as) had 12 disciples. Did the 12 disciples prostrate to Isa (as)? Or did they prostate to the Lord Who made Isa (as) a prophet? Did Prophet Isa (as) say, "Oh my disciples, prostrate to me". Hasha/never. Did Prophet Isa (as) say, "hang me on the cross"? How can you hang him on the cross? You say he is the son of the Lord, then hang him on the cross? What authority do you have? What authority will Allah have then? Can you have a Lord who doesn't even defend His own son? Never! Well, this is how we choose our Pope. We decide however we want. We say this, we say that. We say, "there is no one more advanced than we. "Falsehood has no reality or foundation. It is a show. Satan is playing with the Christian world, all of them.

The Pope should answer, did Isa (as) prostrate? I don't want any other question. Did Isa (as) prostrate or not? If they are son and father like you say, the son must glorify his father. The best way for man to glorify his Lord is by sajdah/prostration. Did Isa (as) prostrate or not? They should tell me this. Did he prostrate to his father or not? Then they should tell me, that Allah (jalla wa ala) sent His son to earth to be hung on the cross, to make a cross, then stand in front of it and bow. Which book, which Bible is this written in? Why are you leaving the truth? I am asking, did Isa prostrate or not? Let them say, Isa (as) did not prostrate to anyone. Is that why you are not prostrating to anyone? Then why are you prostrating in front of the cross? What does the cross have that you are standing and prostrating in front of it, kissing it, holding it up. What kind of religion is this? The great Prophet Isa (as), if he could not defend himself... They say he is the son of Allah (swt). If Allah did not defend His son what kind of Allah is this? Allah left His own son to the dogs who have no faith, no religion and let them crucify him. What is this?

Millions of people, they are humans. I don't want what a human chooses. I am asking, did Isa (as) prostrate to anyone or not? Well, they are going to say, "to his father". Well, then why don't you prostrate? If Prophet Isa is Allah's (swt) son, Hasha/never If prophet Isa is Allah's (swt) son, did he prostrate to his father or not? They cannot say he did not. Very well, I am asking if Isa

(as) prostrated or not. It means, Isa (as) did prostrate. Then did the Pope ever prostrate? Who does the Pope prostrate to? Does he prostrate to the cross? What authority does the cross have? What is it? This is following Satan. Is this the honnor the Christion world is saying. Topunuzun (your pope?) has no value.

I am also asking the Orthodox. I am also asking the Maronite. I am asking the Jesuit. I am asking all of them, did Prophet Isa prostrate or not? If they say he did not prostrate, Did Prophet Isa tell you to prostrate to him? Leave that. After they hung Isa (as) on the cross, did he say 'come and worship me'? What is this? What kind of lie is this? The time is near. Judgment Day is near. Allah (swt) the Owner of the heavens and earth, will be the Judge. Made up things will not be accepted. These things do not happen with ceramonies. I am also a son of Adam (as), I am asking. They blame us, we are Muslims. Well, we prostrate to our Lord. Is there anyone of you who prostrates to your Lord? If there is, let the Pope come out and say that he prostrates. Why doesn't he prostrate? Why doesn't he prostrate to Prophet Isa? Who is the Pope representing? He claims to represent Isa (as). Well, didn't Isa prostrate to anyone? If he did, to whom did he prostrate? Did Isa (as) prostrate to the cross? What kind of business is this? What kind of lie, a big lie.
They say a snake swallowed an elephant. Well, is this heard of? A snake swallowing an elephant? Well, they have now become from these people. They say, the snake has swallowed the elephant. Where is the elephant? In the snake's belly? Astonishing! And the snake continues to go like this. Where is the elephant? Don't ask about the elephant! Don't confuse the matter. We will choose and be chosen. We give titles. We say, "He is Pope, he is Top. We say whatever we want. Don't interfere with us." I won't. But you blame Muslims. You do not accept our religion. We, who prostrate to our Lord. Who do you prostrate to? Let them say, the Pope should say too. The one before him and the one after should say too. Did Isa prostrate or not? Our case is beyond this. If he didn't prostrate, that means he does not glorify his Lord. And you claim he is the son of the Lord.
Okay, let's say he is the son, how can he glorify his father? By sajdah/prostration. "Lilmala'ikati sjudu Li'dama Fasajadu 'Illa 'Iblisa" (2:34) A creation who submitted to the Will of Allah and prostrated. All the angels prostrated in honor of Adam (as). "Illa iblis". Satan said, "I will not."

Only satan did not prostrate. I am asking the whole Christian world, do they not know the one who disobeyed, did not prostrate? It is written in their own Bible. Why is it that even though it is written in the Bible it is written that satan did not prostrate. He was an angel, he didn't prostrate so he became a Satan. To whom does the Christian world prostrate? Well, the cross. What is the cross? What is this? The cross, the cross, in which book is it? Did Prophet Ibrahim/Abraham say it? Did Prophet Musa/Moses say it? Did Prophet Nuh/Noah Say it? Prophets Ishaq, Ismail, Ibrahim? Is that what they said? It is in your books. Did they prostrate? Yes they did. Did the Prophets prostrate? Yes they did. To Whom? Prostration to Allah (swt). Then why don't you prostrate? You put the cross around your neck and kiss it. You carry it around in your hands. And you stick a man on it. What kind of religion is this? What way is this? Well, this is election way.

Oh Muslims! Oh Muslims! Can there be a day without sajdah/prostration? The one who is against the order to prostrate is not a man.He will be a satan. They thought it's easy,all these people giving their opinion.What is the value what is its value? This is the question we are asking. Does this Pope prostrate? Who is he prostrating to? To Isa (as)? Is he prostrating to the cross? Are they prostrating to themselves? It is being asked. They want to bring down, belittle Islam. We chose him. Shame on them, the Islamic world. They are not bringing the khalifa/Caliph. They will all be destroyed. As long as the Muslims do not bring the Caliph/representative of Islam, by next year they will become dust and smoke.BismiLlah, bi idhniLlah. Allahu Akbar, Allahu Akbar, Allahu Akbar. This is the sword of Islam. Allahu Akbar Allahu Akbar Allahu Akbar ala man takabbara we tajabbar. Those who lift their heads and walk with arrogance - over you is the sword of Allah. It will cut you and throw you.

This is an important matter. I want an answer. Did Prophet Isa prostrate or not? If he did, to whom did he prostrate? If he did, then why don't Christians prostrate? Why didn't the Pope prostrate? Did the pope make ablution? Ha? How is this? You cannot prostrate without ablution. How? Oh people, the Day of Judgement is near. My masters above are making me, a helpless person like me, to speak. If they make a sound, a magnificent sound, all of their hearts will be torn, they will be killed. We are Muslims, we prostrate to Allah (swt). You are Christians, to whom do you prostrate? You prostrate to the Pope. Who does the Pope prostrate to? The era is changing. Prophet Isa (as) will come. He will come down from the heavens. He will form a court

and give his verdict for the whole Christian world. They will say, "He is not Isa (as), the Isa that we know, The Isa that you know together with you go to Hell. Zumara? If the Pope said, Allahu Akbar. Allahu Akbar Allahu Akber He showed himself. What if he said Allahu Akbar. Allahu Akbar Allahu Akbar. Why didn't he say that?

Who is the one that Prophet Isa is prostrating to? There cannot be a Prophet who does not prostrate. Who is it? Did Prophet Isa (as) prostrate or not? If he did, then why don't you prostrate? What can we do. The Muslim world, they are all stupid, ignorant. They are all in treachery. They are all trying to emulate them. Go and be followers of the Pope. Democracy (...)rasinin icinde. Go and sign up. Say, "Pope, write our names too." They have no shame. No shame. A fishing line is thrown into the sea by satan for whoever it can catch. And our people have been caught. And now with democracy, to whom will you prostrate? Ask We put up idols and prostrate. What did the idols do for you? Did they create you? Hasha/never. Did it save itself? Hasha/never. Why do you still deal with these idols? Lightning will fall on your head. Lightning will fall on all their heads. Those from the world of Islam, who represent Christians, who see Christians as more advanced, lightning will fall on all of them, fire will burn them. Islam is the religion of Allah (swt) and we prostrate to Allah (swt).

Where are the Turks, where are the Kurds, where are the Arabs? Come out in the open and say. Where are the Iranians? Don't say for this and for that. Who do the Iranians prostrate to? To Hz.Huseyn (ra)? Never. The ones in Saudi Arabia, prostrate to S. Muhammad? Never. Do the Turks prostrate to the idol that they put up? Never. We have a Lord, Allah (swt). "Hal Min Khaliqin GhayruLlahi " (35:3) Is there a creator other than Allah? What are these lies? Oh Shah Merdan, draw your Dhul Fiqqar. He will shout. I am asking, did the Pope prostrate for him?

Did Prophet Isa (as) prostrate? Did Prophet Isa make a cross and bow in front of it? Well, Isa (as) was not crazy.

In our beliefs there is our Prophet Ulul Azim. How can the one who does not prostrate to Allah be a prophet? The Holy Bible was brought down. Did it not order sajdah/prostration? Why do they hide this? What we will say is like Shah Merdan's sword. I have no value, no value at all. But, what is being said is the truth. I am asking, did the Pope prostrate? How can it be? I am asking, did Prophet Isa (as) prostrate? They cannot say he didn't. At least they will say it is his

father, They will say he prostrated to his father. Okay, if Prophet Isa prostrated, then why don't you, his nation, prostrate?
The one who is Pope, why didn't he prostrate the day he was elected? And say, Allah, the one who chose me and made me chosen, I am glorifying Him, prostrating to Him, Oh Catholic community. Oh Jesuits, let's prostrate, let's say Allahu Akbar. Well, since you didn't say, next year you will search for a new one. Tawba Ya Rabbi/ we repent. Oh Shah Merdan. Subhan Allah Sultan Allah. Al Azamatu Lillah, wal Izzatu LiLlah. Allahu Akbar. Oh Muslim community, wake up! You go around claming to be scholars, claiming to be rulers, claiming to be kings. Why don't you ask the Christian world, did Prophet Isa prostrate or not? Or did he tell the disciples to prostrate to him?
Tawba Ya Rabbi tawba Ya Rabbi,tawba Astaghfirullah. We repent and ask for forgiveness. Look at the one who is making me speak, not the one who is speaking. Let's get our heads straight. Let's leave satan. Let's return to the way of the true Prophet. Subhan Allah, Subhan Allah, Sultan Allah. Subhan Allah, Sultan Allah. Tawba Ya Rabbi, tawba Ya Rabbi.Send us a master O our Lord. Bize Sahib Gonder.The Magnificent Lord, if even one sand reaches the earth, it will be in disorder.
And we are searching for a man who doesn't prostrate. None of our people in charge are prostrating. Allah (swt) will turn them to rubbish. All those who do not prostrate to Allah (swt) will be rubbish,they will all end. Not one will remain. Only those who prostrate to Allah (swt),from the nation of the beloved Prophet (sas). Shah Merdan's Dhul Fiqqar, if it strikes from west to east, if it strikes from east, it will sweep away all those in the west and they will not know where they went.
Tawba Ya Rabbi tawba Ya Rabbi, tawba Astaghfirullah. Shukr Ya Rabbi, Shukr Ya Rabbi, Shukr Alhamdulillah. Oh Allah forgive us. Fatiha. Let it be a gift for the new Pope. May Allah accept it. Sheikh Mehmet Effendi has power, he can take. For him I shouted and yelled. May he be a lion. Sayyidina Ali Karrar, right?
S.M: Haydar-ul Karrar.

**An den neuen Papst**

Rijal Allah, Männer Allahs (swt). Sitz bequem, Shaykh Mehmet Effendi, sei nicht förmlich. Was können wir tun? Es bereitet Schwierigkeiten, förmlich zu sein. Marhaban. Marhaban, Ayyuha Hadirun, Anwesende. Ay yaran. Die Liebenden Shah Mardans, diejenigen, die Shah Mardan lieben. Wir machen ein Treffen in seinem Namen. Oh Shah Mardan, sieh auf uns herab. Shah Mardan, Ali ibn Abi Talib (ra), Gott segne ihn. Er schlug sein Schwert an die Festung von Khaybar. Er war sehr heftig. Allahs (swt) Löwe. Die Juden waren dort. Sie kontrollierten die Straßen. Sie ließen niemanden kommen oder gehen. Dorthin ging er, um zu erobern. Er wollte einen Soldaten, gegen den er kämpfen konnte. Gibt es einen? Der Kampf begann einer gegen einen. Dann ging die Schlacht und das Töten weiter bei der Festung von Khaybar. Der jüdische Führer, Shah Mardan forderte einen Soldaten, es ist das Feld für Soldaten, ob es jemanden gäbe, laßt ihn herauskommen auf das Feld. Er ritt auf Duldul. Es war sein berühmtes Maultier Duldul, stimmt's? Wenn er will, geht es langsam. Wenn er will, mit Flügeln. Duldul konnte fliegen wie ein Adler. Masha'Allah. As-Salamu `alaykum, ay yaran, die, die Shah Mardan lieben. Diejenigen, die ihn lieben. Allah Allah. Allah Allah. Er verlangte einen Soldaten, bei der Burg von Khaybar, einen Krieger von jenem Ort. Laßt ihn herauskommen zur Schlacht. Er kam heraus auf das Feld. S. Hz Ali (ra), Shah Mardan, ritt auf Duldul, er ritt das Pferd Duldul. Er hatte ein Reittier, genannt Duldul. Wenn er wollte, ging es langsam, wenn er wollte, ging Duldul wie der Wind. Er kam zu dem Feld mit Duldul und verlangte einen Soldaten. Wer immer da war, kam zum Feld der Soldaten. Er kam, der jüdische Führer diese Ortes, er kam, und als Hz Ali (ra) ihn sah, ging er nicht herunter auf seine Stufe. Es gab keinen Mann-zu-Mann Kampf. Nein. Sobald er kam, hob er Dhu l-Fiqqar und spaltete ihn mit einem Hieb entzwei.
Als das Ende Dhu l-Fiqqars auf den Boden schlug, floß Wasser heraus. Dieses Wasser fließt immer noch. Einmal, mit Allahs (swt) Erlaubnis, Shukr Allah, Salatu Salam auf unseren Propheten (saws) und Shah Mardan, kam ich dort vorbei, Hadji Mehmet. Wir beteten auch dort. Ich ging nach Saudi Arabien und reiste auf der Straße. Das Wasser fließt immer noch von dort. Weil als Hz Ali (ra) sein Schwert schwang, er ihren Führer erstach und von seiner Heftigkeit Wasser aus der Erde kam. Das Wasser fließt immer noch. Ich habe davon getrunken, Alhamdulillah. Manchmal kommt Heftigkeit. Wer sind wir, und was ist unsere Heftigkeit? Wir

sind nichts. Astaghfirullah. Astaghfirullah. Das Tor der Festung von Khaybar, nicht war? Er stieß sie auf mit einem Stoß. Die Festung ist immer noch dort, S. Mehmet. Wir sind dort vorbeigekommen. Ich betete auch dort. Das Wasser fließt von wo sein Schwert traf. Es ist eine Quelle. Sie begann zu fließen, und Shah Mardan und die Soldaten des Islam tranken von diesem Wasser. Sie machten die Waschung, beteten und gingen durch. Allah (swt) gewährte mir die Chance, einmal an diesen heiligen Platz zu kommen. Ich betete dort auch und trank von dem Wasser. Shukr Allah. Die Barakah, die Segnungen dieses Wassers werden uns bis zum Gerichtstag nicht verlassen. Dieser Segen ist da.

Shah Mardan, ay yaran, yaran Shah Mardan. Oh Löwe Allahs (swt). Er ritt auf Duldul. Hz Ali (ra), Karrar ist sein Name, nicht wahr, der Name Hz Ali Effendis? Karrar ist ein anderer Name von Shah Mardan. (Karrar = der den Feind immer wieder angreift) Ya Rabbi, mit ihren Segnungen, mit den Segnungen Habibullahs, laß uns auch bekleidet sein. Laß die Mächtigkeit des Islam sichtbar werden. Die Ungläubigen stehen auf, sie sagen: Wir beherrschen die Welt! Wir sagen ihnen: Wenn ihr die Welt beherrscht, diese Welt ist ein WC, nehmt es und schüttet es euch über den Kopf! Sollen sie sie auf dem Kopf tragen. Die Gläubigen begeben sich nicht auf eine so niedrige Ebene. Sie gehen nicht auf die niedere Ebene der Weltherrschaft. Die Welt wird ihnen folgen. Das ist Shah Mardan. Er hat Dhu l-Fiqqar in der Hand. Die Nation der Ungläubigen zittert noch. Sie wissen, sie sind nicht blind. Weil das Siegel des Cousins des Propheten (saws), des Löwen Allahs, hier ist. Und sein Name steht geschrieben, sie sagen nicht, jene, die keinen Iman, Glauben, haben, die Menschen ohne Glauben. Jene, die behaupten, an Isa (as), Jesus Christus zu glauben.

Ihr glaubt also an Isa (as), Jesus Christus, dann schlagt ihr ihn ans Kreuz? Der große Prophet Allahs (swt) geliebter Gesandter, dessen Ehre in den letzten Tagen ist: Nach mir kommt das Siegel der Propheten. Und seines Onkels Sohn Ali ibn Abi Talib ist Shah Mardan. Er ist Karrar. Wenn er zuschlägt, werden die Mauern der Festung zerstört. Mit einem Schlag an der Festung von Khaybar erreichte es das Wasser und es begann zu fließen. Shukr Allah, ich trank von diesem Wasser. Dieses Wasser fließt inmitten der Wüste. Shaykh Mehmet, mein Sohn, war zu der Zeit noch nicht geboren. Allahu Akbar. Wie schön, Shah Mardan. Karrar, sie nennen ihn Karrar, stimmt's? Hat es einen anderen Teil? SM: Haydar-i Karrar. (Der Löwe, der sich wendet,

wenn er angreift) Karrar! Allahu Akbar. M: Allahs (swt) Löwe, niemand kann ihm standhalten. Shah Mardan. S. Muhammads (saws) Onkels Sohn. Hz Ali (ra), möge Allah ihn segnen. Masha'Allah. Allah (swt) erlaubte mir, dort vorbeizugehen, und ich trank von dem Wasser. Dieses Wasser fließt da noch. Insha' Allah wirst du auch dorthingehen. Er wird gehen, mein Sohn wird gehen. Es ist nicht unmöglich. Es ist jetzt zu, aber es wird sich öffnen. Liebe kommt zu mir für ihn. Obwohl ich keine Energie habe, bei der Erwähnung von Allahs (swt) Löwen Shah Mardan, kommt Kraft. Ich habe keine Energie zu sprechen. Sein Name Karrar, der Löwe Allahs, niemand kann ihm standhalten. Wenn ich seinen Namen nenne, Shah Mardan, kommt Kraft zu mir.

Ich weiß nichts. Ich beanspruch nicht, etwas zu wissen. Ich spreche über den ehrenwerten, den geliebten Cousin unseres Propheten (saws), Shah Mardan. Wenn wir ihn erwähnen von jetzt bis zum Gerichtstag, wird es nicht aufhören und hat kein Ende. Und er ist "`Aliyu Babuha". Der Prophet sagte: Ich bin die Stadt des Wissens. Alles Wissen kommt von mir. Ich bin die Stadt des Wissens. Wer immer die Stadt betritt, wird alles finden. Wer immer unsere Stadt betritt, wird alles finden und alles wissen. Diese Leute sagen, 'Wir machten dies, wir machten das'. Yahu, Allahs (swt) Religion, "Inna d-Dina `Indallahi Islam" (3:19), in Allahs Gegenwart ist die einzige Religion, die angenommen ist, der Islam. Alle Propheten waren Muslime. Sie beteten nicht Christus an, Christus, Isa (as), Jesus Christus. Vor wem warf sich Isa (as) nieder? Sagt! Betete Isa (as) sich selbst an? Hasha! Niemals! Isa (as), Jesus Christus, warum sagt ihr nicht, vor Wem, Isa (as) sich niederwarf? Warf er sich vor sich selbst nieder? Vor wem warf er sich nieder? Vor Dem, Der ihn erschuf, er warf sich vor seinem Herrn nieder.

Warum macht ihr das nicht? Ihr sagt, 'Wir sind Christen'. Vor Wem warf sich Isa (as) nieder? Sagt! Hatte Isa (as) niemanden, vor Dem er sich niederwarf? Warum sagt ihr es nicht? Vor Wem warf Isa (as) sich nieder? Ich frage all die Jesuiten. Ich frage die Christen. Ich frage: Vor Wem warf sich Isa nieder? Warf er sich vor sich selbst nieder? Vor Wem war Isas (as) Niederwerfung? Warf sich Isa (as) nicht vor irgendjemand nieder? Warum werfen sich diese Leute nicht nieder? Der Papst wurde gewechselt. Alle wurden unruhig. Vor wem wirft sich der Papst nieder? Wenn er sich vor Isa (as) niederwirft, vor wem wirft sich dann Isa (as) nieder? Vor Wem wirft sich Isa (as) nieder? Wenn er ein Gott ist, und sie nennen ihn einen Gott, und dann hängen sie ihn an ein Kreuz. Wenn er Gott ist, warum konnte er sich nicht verteidigen? Was für ein Gott ist das? Wenn

5 wertlose Leute ihn ans Kreuz hängen, welchen Wert hat er? Welchen Wert? Vor wem warf sich Isa (as) nieder? Ich frage die ganze christliche Welt. Ich frage auch den neuen Papst. Er soll sagen: Warf Isa (as) sich nieder? Ich frage den neuen Papst und auch den alten Papst. Hat die christliche Welt euch gewählt, um sich vor euch niederzuwerfen? Ich frage, wen vertritt der Papst? Wenn er Isa (as) vertritt, hat sich Isa (as) niedergeworfen?

Vor Wem hat sich Isa (as) niedergeworfen? Isa (as) warf sich vor seinem Herrn nieder. Ihr nennt Isa (as) einen Gott, vor wem wirft sich Gott nieder? Warfen sich die Jünger Isas (as) vor ihm nieder? Hasha! Niemals! Isa (as) sagte nicht: 'Ich bin euer Herr, werft euch vor mir nieder.' Er sagte nicht: 'Macht ein Kreuz, hängt mich ans Kreuz.' Das Kreuz ist überall. Zeigt mich nackt am Kreuz. Ist das euere Ehre, euere Religion, euer Glaube? Sagt mir, Leute des Buches, Nation Isas (as), Christen. Hristos, auf Griechisch. Zwang er sie, sich vor ihm niederzuwerfen? Warfen sich die Jünger vor Isa (as) nieder? Was ist das? Die Welt wurde unruhig, diese Millionen von Leuten. Was habt ihr gewählt? Was ist Wahl? Oh Shaykh, wir sind jetzt in der Zeit der Demokratie. Alles geschieht durch Wahlen. Also kamen wir zusammen, wir sagten: Laßt ihn gehen, laßt ihn gehen, wohin er geht. Wir warten mit einem neuen auf und geben ihm die Leitung. Ich frage den neuen und den alten: Hat Isa (as) sich niedergeworfen? Ihr sagt: Der Sohn Allahs. Hasha. Niemals. Wenn der Eigner der Himmel sein Vater ist, warf Isa (as) sich vor seinem Vater nieder? Warf er sich vor Ihm nieder auf der Erde? Sagt mir! Warum werft ihr euch nicht nieder, stattdessen macht ihr dies und das mit der Hand. Wer wies euch an, das zu tun?

Ay Shah Mardan! Ay Ali ibn Abi Talib. Wir fragen. Die christliche Welt wurde erschüttert. Millionen von Leuten wählten diesen Papst. Wurde er von den Himmeln gewählt oder von der Erde? Wenn es von den Himmeln war, sind keine Wahlen nötig. Wählt ihr eine Wassermelone oder eine Melone? Jemand, der keine Wassermelone auswählen kann...! Ihr könnt niemanden als Vertreter Allahs wählen. Das ist Batil, Falschheit. Männer und Frauen, alle, all diese Millionen von Leuten. Welchen Wert haben diese Millionen von Leuten? Laßt sie antworten! Der neue Papst sollte antworten. Hat Isa (as) sich niedergeworfen oder nicht? Wenn ihr sagt, er hat sich nicht niedergeworfen, habt ihr Unrecht. Wenn Isa (as) der Sohn Allahs (swt) ist, dann wirft er sich vor seinem Vater nieder. Wie sonst kann er Ihn preisen? Indem er sich vor Ihm niederwirft. Das bedeutet, er warf sich vor seinem Vater nieder. Und das ist erfundenes Gerede. Isa (as) ist nicht der Sohn Allahs (swt), weil Allah keine Kinder hat. Allah ist keine Person. Eine Person

kann nicht Gott sein. Bringt eueren Verstand in Ordnung. Vergeßt diese Falschheit. Wir haben einen neuen Papst gewählt. Aber wer hat ihn gewählt. Aus einem Haufen Wassermelonen, welche ist gut? Ihr wißt nicht einmal das, ihr Leute. Und ihr sagt: Wir haben den neuen Papst gewählt. Wenn das Papsttum ein geistiger Rang ist, müssen die Befehle von den Himmeln kommen, nicht von den Menschen. Nicht von den Kardinälen. Was sind Kardinäle.

Isa (as) hatte 12 Jünger. Warfen sich die 12 Jünger vor Isa (as) nieder? Oder warfen sie sich vor dem Herrn nieder, Der Isa (as) zum Propheten machte? Sagte der Prophet Isa (as): Oh meine Jünger, werft euch vor mir nieder? Hasha! Niemals! Sagte der Prophet Isa (as): Hängt mich ans Kreuz? Wie könnt ihr ihn ans Kreuz hängen? Ihr sagt, er ist der Sohn des Herrn, dann hängt ihr ihn ans Kreuz? Welche Autorität habt ihr? Welche Autorität wird Allah dann haben? Könnt ihr einen Herrn haben, der nicht einmal seinen eigenen Sohn verteidigt? Niemals! Nun, das ist wie wir unseren Papst wählten. Wir entscheiden, wie wir wollen. Wir sagen dies, wir sagen das. Wir sagen: 'Es gibt niemanden, der fortgeschrittener ist als wir.' Falschheit hat keine Wirklichkeit und Grundlage. Es ist eine Show. Satan spielt mit der christlichen Welt mit allen von ihnen. Der Papst sollte antworten: Hat Isa (as) sich niedergeworfen? Ich will keine andere Frage. Hat Isa (as) sich niedergeworfen oder nicht? Wenn sie Vater und Sohn sind, wie ihr sagt, muß der Sohn seinen Vater preisen. Der beste Weg für einen Menschen, seinen Herrn zu preisen, ist durch Sajda, Niederwerfung. Hat Isa (as) sich niedergeworfen oder nicht? Sie sollen es mir sagen. Hat er sich vor seinem Vater niedergeworfen oder nicht?

Dann sollten sie mir sagen, daß Allah, jalla wa `ala, Seinen Sohn auf die Erde sandte, um ans Kreuz gehängt zu werden, um ein Kreuz zu machen, dann davor zu stehen und sich zu verneigen. In welchem Buch, in welcher Bibel steht das geschrieben? Warum verlaßt ihr die Wahrheit? Ich frage: Hat Isa sich niedergeworfen oder nicht? Laßt sie sagen: Isa (as) hat sich vor niemandem niedergeworfen. Ist es deshalb, daß ihr euch vor niemandem niederwerft? Warum werft ihr euch dann vor dem Kreuz nieder? Was hat das Kreuz, daß ihr davor steht und euch niederwerft, es küßt, es hochhaltet? Was für eine Religion ist das? Der große Prophet Isa (as), wenn er sich nicht verteidigen konnte.. Sie sagen, er sei der Sohn Allahs (swt). Wenn Allah Seinen Sohn nicht verteidigte was für ein Allah ist das? Allah überließ Seinen eigenen Sohn den Hunden, die keinen Glauben haben, keine Religion, und ließ sie ihn kreuzigen? Was ist das? Millionen von Menschen, sie sind menschlich. Ich will nicht, was ein Mensch wählt. Ich frage: Hat Isa (as) sich

vor jemandem niedergeworfen oder nicht? Nun, sie werden sagen: Vor seinem Vater. Nun, warum werft ihr euch dann nicht nieder? Wenn der Prophet Isa Allahs (swt) Sohn ist, Hasha, niemals.. Wenn der Prophet Isa Allahs (swt) Sohn ist, warf er sich vor seinem Vater nieder oder nicht?

Sie können nicht nein sagen. Sehr gut, ich frage, ob Isa (as) sich niederwarf oder nicht. Das bedeutet, Isa (as) hat sich sehr wohl niedergeworfen. Hat sich dann der Papst jemals niedergeworfen? Vor wem wirft sich der Papst nieder? Wirft er sich vor dem Kreuz nieder? Welche Autorität hat das Kreuz? Was ist es? Das heißt, Satan zu folgen. Ist das die Ehre, von der die christliche Welt spricht? Euer Papst hat keinen Wert. Ich frage die Orthodoxen. Ich frage auch die Maroniten. Ich frage auch die Jesuiten. Ich frage sie alle: Hat der Prophet Isa (as) sich niedergeworfen oder nicht? Wenn sie sagen, er hat sich nicht niedergeworfen, sagte der Prophet Isa (as) euch, sich vor ihm niederzuwerfen? Laßt das. Nachdem sie Isa (as) ans Kreuz gehängt haben, sagte er, 'Kommt und betet mich an'? Was ist das? Was für eine Lüge ist das? Die Zeit ist nah. Der Gerichtstag ist nah. Allah (swt), der Eigner der Himmel und Erde, wird der Richter sein. Erfundene Dinge werden nicht angenommen werden. Diese Dinge geschehen nicht mit Zeremonien. Ich bin auch ein Sohn Adams (as), ich frage. Sie beschuldigen uns, wir sind Muslime. Nun, wir werfen uns vor unserem Herrn nieder. Gibt es irgendeinen unter euch, der sich vor euerem Herrn niederwirft? Wenn ja, laßt den Papst hervortreten und sagen, daß er sich niederwirft. Warum wirft er sich nicht nieder? Warum wirft er sich nicht vor dem Propheten Isa nieder? Wen vertritt der Papst? Er behauptet, Isa (as) zu vertreten. Nun, warf sich Isa nicht vor jemandem nieder? Wenn ja, vor wem warf er sich nieder? Warf sich Isa (as) vor dem Kreuz nieder?

Was für eine Sache ist das? Was für eine Lüge, eine große Lüge. Sie sagen, eine Schlange verschlang einen Elefanten. Nun, hat man davon gehört? Eine Schlange, die einen Elefanten verschlingt? Nun, sie gehören jetzt zu diesen Leuten. Sie sagen, die Schlange hat den Elefanten verschlungen. Wo ist der Elefant? Im Bauch der Schlange? Erstaunlich! Und die Schlange macht weiter so. Wo ist der Elefant? 'Fragt nicht nach dem Elefanten! Verwirrt die Sache nicht. Wir werden wählen und gewählt werden. Wir geben Titel. Wir sagen: Er ist der Papst, er ist Top. Wir sagen, was immer wir wollen. Mischt euch nicht ein.' Das werde ich nicht. Aber ihr beschuldigt

die Muslime. Ihr erkennt unsere Religion nicht an. Wir, die wir uns vor unserem Herrn niederwerfen! Vor wem werft ihr euch nieder? Sie sollen es sagen, der Papst soll es auch sagen. Der vor ihm und der danach sollten es auch sagen. Hat Isa sich niedergeworfen oder nicht? Unser Fall geht darüber hinaus. Wenn er sich nicht niederwarf, bedeutet das, daß er seinen Herrn nicht pries. Und ihr beansprucht, er sei der Sohn des Herrn. Okay, sagen wir, er ist der Sohn, wie kann er seinen Vater preisen? Durch Sajda, Niederwerfung. "Lilmala'ikati Sjudu li Adama Fasajadu illa Iblisa" (2:34). Eine Schöpfung, die sich dem Willen Allahs unterwarf und sich niederwarf. Alle Engel warfen sich nieder zu Ehren Adams (as). "Illa Iblis". Satan sagte, "Ich nicht!" Nur Satan warf sich nicht nieder. Ich frage die ganze christliche Welt: Kennt ihr nicht den, der nicht gehorchte, sich nicht niederwarf? Es steht in ihrer eigenen Bibel geschrieben. Warum ist es so, obwohl es in der Bibel steht, geschrieben steht, daß Satan sich nicht niederwarf. Er war ein Engel, er warf sich nicht nieder und wurde so zu Satan.

Vor wem wirft sich die christliche Welt nieder? Nun, vor dem Kreuz. Was ist das Kreuz? Was ist das? Das Kreuz, das Kreuz, in welchem Buch ist es? Hat der Prophet Ibrahim es gesagt? Hat der Prophet Musa es gesagt? Hat der Prophet Nuh, Noah, es gesagt? Die Propheten Ishaq, Ismail, Ibrahim? Ist es das, was sie sagten? Es steht in eueren Büchern. Warfen sie sich nieder? Ja. Warfen sich die Propheten nieder? Ja. Vor Wem? Niederwerfung vor Allah (swt). Warum werft ihr euch dann nicht nieder? Ihr hängt euch das Kreuz um den Hals und küßt es. Ihr tragt es herum in der Hand. Und ihr hängt einen Mann daran. Was für eine Religion ist das? Was für ein Weg ist das? Nun, es ist der Wahl Weg. O Muslime! O Muslime! Kann es einen Tag ohne Sajdah, Niederwerfung, geben? Derjenige, der gegen den Befehl zur Niederwerfung ist, ist kein Mensch. Er wird zu Satan. Sie dachten, es sei leicht. All diese Leute, die ihre Meinung sagen. Was ist der Wert? Was ist der Wert? Das ist die Frage, die wir stellen. Wirft sich dieser Papst nieder? Vor wem wirft er sich nieder? Vor Isa (as)? Wirft er sich vor dem Kreuz nieder? Werfen sie sich vor sich selbst nieder?
Es wird in Frage gestellt. Sie wollen den Islam herabsetzen, schlecht machen. Wir haben ihn gewählt. Schande auf sie, die islamische Welt. Sie bringen nicht den Khalifa, den Kalifen. Sie werden alle vernichtet werden. Bis die Muslime nicht den Khalifa, den Vertreter des Islam bringen, werden sie zu Staub und Rauch bis zum nächsten Jahr. Bismillahi, Bi'idhnillah. Allahu

Akbar, Allahu Akbar, Allahu Akbar. Das ist das Schwert des Islam. Allahu Akbar, Allahu Akbar, Allahu Akbar `ala man Takabbara wa Tajabbar. Jene, die ihren Kopf heben und mit Arroganz gehen, über euch ist das Schwert Allahs. Es wird euch schneiden und werfen. Das ist eine wichtige Sache. Ich will eine Antwort. Hat sich der Prophet Isa niedergeworfen oder nicht? Wenn ja, vor wem hat er sich niedergeworfen? Wenn ja, warum werfen sich die Christen dann nicht nieder? Warum warf der Papst sich nicht nieder? Hat der Papst die Waschung gemacht? Ha? Wie ist das? Du kannst dich nicht niederwerfen ohne Waschung. Wie? O Leute, der Gerichtstag ist nah. Meine Meister über mir veranlassen mich, eine hilflose Person, zu sprechen. Wenn sie einen Laut machen, einen herrlichen Laut, werden all ihre Herzen zerrissen werden. Sie werden getötet werden. Wir sind Muslime, wir werfen uns vor Allah (swt) nieder. Ihr seid Christen, vor wem werft ihr euch nieder? Ihr werft euch vor dem Papst nieder. Vor wem wirft der Papst sich nieder?

Die Zeit wandelt sich. Der Prophet Isa (as) wird kommen. Er wird von den Himmeln herabkommen. Er wird einen Gerichtshof bilden und sein Urteil sprechen für die ganze christliche Welt. Sie werden sagen: Er ist nicht Isa (as), der Isa, den wir kennen. Der Isa, den ihr kennt, geht zusammen mit euch zur Hölle. Zumara? Würde der Papst sagen, Allahu Akbar, Allahu Akbar, Allahu Akbar, zeigte er sich. Was, wenn er sagte Allahu Akbar, Allahu Akbar, Allahu Akbar. Warum sagte er das nicht? Wer ist der, vor dem sich der Prophet Isa (as) niederwirft? Es kann keinen Propheten geben, der sich nicht niederwirft. Wer ist es? Hat sich der Prophet Isa (as) niedergeworfen oder nicht? Wenn ja, warum werft ihr euch dann nicht nieder? Was können wir tun? Die Muslimwelt, sie sind alle dumm, ignorant. Sie sind alle verräterisch. Sie versuchen alle, sie nachzuahmen. Geht und folgt dem Papst. Demokratie, Papstkratie.. Geht und meldet euch an. Sagt: 'Papst, schreib unsere Namen auch auf!' Sie schämen sich nicht. Keine Scham. Eine Angel wird ins Meer geworfen von Satan für wen auch immer sie fangen kann. Und unsere Leute sind gefangen worfen. Und jetzt mit Demokratie, vor wem werdet ihr euch niederwerfen? Ich frage.

Wir stellen Götzen auf und werfen uns nieder. Was haben die Götzen für euch getan? Haben sie euch erschaffen? Hasha! Niemals! Hat er sich selbst gerettet? Hasha! Niemals! Warum gebt ihr euch immer noch mit diesen Götzen ab? Ein Blitz wird auf eueren Kopf fallen. Blitze werden auf all ihre Köpfe fallen. Jene aus der Welt des Islam, die Christen vertreten, die Christen als

fortschrittlicher betrachten, Blitze werden auf sie alle fallen, Feuer wird sie verbrennen. Islam ist die Religion Allahs (swt), und wir werfen uns vor Allah nieder. Wo sind die Türken, wo sind die Kurden, wo sind die Araber? Kommt heraus und sagt es offen. Wo sind die Iraner? Sagt nicht, hierfür und dafür. Vor wem werfen sich die Iraner nieder? Vor Hz Hussein (ra)? Niemals. Die in Saudi Arabien werfen sich vor S. Muhammad nieder? Niemals. Werfen sich die Türken vor dem Götzen nieder, den sie aufgestellt haben? Niemals. Wir haben einen Herrn, Allah (swt). "Hal Min Khaliqin Ghayrullahi" (35:3). Gibt es einen Schöpfer außer Allah? Was sind diese Lügen? O Shah Mardan, ziehe dein Dhu l-Fiqqar. Er wird brüllen. Ich frage, hat der Papst sich vor ihm niedergeworfen? Hat sich der Prophet Isa (as) niedergeworfen? Machte der Prophet Isa (as) ein Kreuz und warf sich davor nieder? Nun, Isa (as) war nicht verrückt.

In unserem Glauben ist unser Prophet Ulu l-Azim. Wie kann der, der sich nicht vor Allah niederwirft, ein Prophet sein? Die Heilige Bibel kam herab. Befahl sie nicht Sajdah, Niederwerfung? Warum verbergt ihr das? Was wir sagen werden, ist wie Shah Mardans Schwert. Ich haben keinen Wert, gar keinen Wert. Aber was gesagt wird, ist die Wahrheit. Ich frage: Hat der Papst sich niedergeworfen? Wie kann es sein? Ich frage: Hat sich der Prophet Isa (as) niedergeworfen? Sie können nicht sagen 'nein'. Zumindest werden sie sagen, es ist sein Vater. Sie werden sagen, er warf sich vor seinem Vater nieder. Okay, wenn sich der Prophet Isa niederwarf, warum werft ihr, seine Nation, euch nicht nieder? Der eine, der Papst ist, warum warf er sich nicht nieder an dem Tag, an dem er gewählt wurde? Und sagte: Allah, Der mich erwählte und mich erwählt sein ließ, ich preise Ihn, werfe mich vor Ihm nieder, o katholische Gemeinde. O Jesuiten, werfen wir uns nieder, sagen wir 'Allahu Akbar'. Nun, da du es nicht sagtest, werden sie nächstes Jahr wieder einen neuen suchen.

Tawba ya Rabbi, wir bereuen. Oh Shah Mardan. Subhanallah, Sultanallah. Al Azamatu Lillah, wa l-Izzatu Lillah. Allahu Akbar. Oh Muslimgemeinschaft, wacht auf! Ihr geht herum und behauptet, Gelehrte zu sein, Herrscher zu sein, Könige zu sein. Warum fragt ihr die christliche Welt nicht, ob der Prophet Isa sich niederwarf oder nicht? Oder sagte er den Jüngern, sich vor ihm niederzuwerfen? Tawba ya Rabbi. Tawba ya Rabbi. Tawba Astaghfirullah. Wir bereuen und bitten um Vergebung. Seht auf Den, Der mich sprechen läßt, nicht auf den, der spricht. Bringen wir unsere Köpfe in Ordnung. Lassen wir Shaytan, kehren wir auf den Weg des wahren Propheten zurück. Subhan Allah, Subhan Allah, Sultan Allah. Subhan Allah, Sultan Allah.

Tawba ya Rabbi, Tawba ya Rabbi. Sende uns einen Meister, unser Herr. Bize Sahib Gonder. Der prächtige Herr, selbst wenn ein Sandkorn auf die Erde kommt, wird sie in Unordnung sein. Und wir suchen nach einem Mann, der sich nicht niederwirft. Keiner unserer Verantwortlichen wirft sich nieder. Allah (swt) wird sie zu Abfall machen. Alle, die sich nicht vor Allah niederwerfen, werden zu Abfall. Sie werden alle enden. Keiner wird bleiben. Nur die, die sich vor Allah (swt) niederwerfen, von der Nation des geliebten Propheten (saws). Shah Mardans Dhu l-Fiqqar, wenn es zuschlägt von West nach Ost, wenn es zuschlägt vom Osten, wird es all die im Westen wegfegen, und sie werden nicht wissen, wohin sie gingen. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Shukr ya Rabbi, Shukr ya Rabbi, Shukr Alhamdulillah. O Allah vergib uns. Fatiha. Sei es ein Geschenk für den neuen Papst. Möge Allah es annehmen. Shaykh Mehmet Effendi hat Macht. Er kann nehmen. Für ihn schrie und brüllte ich. Möge er ein Löwe sein. Sayyidina Ali Karrar, stimmt's? SM: Haydaru l-Karrar. SE: Haydaru l-Karrar.

## To The People Of Egypt

O Muslims! We are Muslims. We do not accept anything except a King. Finished! This is the correct path for the people of Egypt. This is what will free them from every difficulty. Because the King spends on his nation and he takes care of the poor people of his nation. Because the King's pockets are full while the others' (leaders') pockets are empty, or have holes in them. As much as they take into their pockets, it goes in and it goes out, & they are never satisfied. Kings are satisfied. The others are hungry & never satisfied. They are shaytans, they are the worst of people! Neither their eyes nor their stomachs are ever satisfied.

May Allah (swt) protect us. May Allah (swt) protect the Ummah and free them, from the grip of those people who are the assistants of shaytan. Shaytan is riding them & leads them as he likes so people may be donkeys to his leaders. These leaders give nothing to people not even what is enough for them. They take from the people & give them nothing, while Kings they used to give & take nothing.

And it used to be said that the treasures of Egypt are equivalent to the treasures of 7 countries. Rich! It used to give to others. May Allah (swt) grant to who gives. May Allah (swt) not grant to who does not give. shaytan is riding on them, he tells them "take from people do not leave them with anything so they do not resist you. Place them under your feet, so they may not raise their heads against you." Kings are the good people. They are noble, while these other ones are the lowest of people. May Allah (swt) curse them. May Allah (swt) punish them.

May Allah send us a just King, a generous one so he may keep the Ummah. His eyes are satisfied. These other ones, their eyes - if they die their eyes remain open, hungering for dunya.

May Allah (swt) punish them. We the people of Egypt do not accept anything except a Sultanate - the religion of Islam & a Sultan. Our way is Islam and a King, a Sultan is appointed us. Egypt was the richest country in the Middle East, and now they became beggars while before they were masters. All of them were satisfied, now they became beggars!

Allah Allah! O people of Egypt, listen... listen & understand. If you understand you will benefit. Support the King! Kick out these dishonoured people, shaytan is riding on them. May Allah (swt) protect us from the evil of these people who are the donkeys of shaytan. Naudhu Billah from their evil. May their evil be on them! May Allah (swt) protect us and free us from the hands of these oppressors.

Ya Rabbi for the sake of your honourable Prophet (saws), Fatiha.

And therefore we want a King & our religion is the religion of Islam. The religion of Islam is our way. We do not accept any kind of constitution. No! Constitution is shaytan! Who speaks about a constitution is shaytan and Allah's (swt) curse & wrath is on them in this world & in the Hereafter. May Allah (swt) protect us from the evil of our egos.
Fatiha.

**An die Menschen Ägyptens**

---

Muslime! Wir sind Muslime. Wir erkennen nichts anderes an als einen König. Schluß! Das ist der richtige Weg für die Menschen in Ägypten. Das ist das, was sie von allen Schwierigkeiten befreien wird, weil der König für seine Nation aufkommt und sich um die Armen seiner Nation kümmert, weil des Königs Taschen voll sind, während die Taschen anderer Führer leer sind oder Löcher haben. So viel sie auch in ihre Taschen einfüllen, es geht hinein und wieder heraus. Und sie sind nie zufrieden. Könige sind zufrieden. Die anderen sind hungrig und nie zufrieden. Sie sind Shaytane, sie sind die schlimmsten Leute. Weder ihre Augen, noch ihr Mägen sind jemals zufrieden. Möge Allah (swt) uns schützen. Möge Allah (swt) die Ummah schützen und sie aus dem Griff dieser Leute befreien, die die Helfer Shaytans sind. Shaytan reitet auf ihnen und führt

sie, wie er will, so daß die Leute Esel für ihre Führer sind. Diese Führer geben den Menschen nichts, nicht einmal das nötigste. Sie nehmen den Menschen und geben ihnen nichts, während Könige für gewöhnlich gaben und nichts nahmen. Und es hieß, daß die Schätze Ägyptens den Schätzen von sieben Ländern gleichkamen. Reich! Es pflegte, anderen zu geben.

Möge Allah (swt) denjenigen gewähren, die geben. Möge Allah (swt) denjenigen nichts gewähren, die nichts geben. Shaytan reitet auf ihnen. Er sagt ihnen: 'Nehmt von den Leuten, laßt ihnen nichts, damit sie euch nicht widerstehen. Platziert sie unter eueren Füßen, damit sie ihre Köpfe nicht heben können gegen euch.' Die Könige sind gute Menschen. Sie sind edel, während diese anderen die niedrigsten Leute sind. Möge Allah (swt) sie verfluchen. Möge Allah (swt) sie strafen. Möge Allah (swt) uns einen gerechten König schicken, einen großzügigen, damit er die Ummah erhalte. Seine Augen sind zufrieden. Diese anderen, ihre Augen, wenn sie sterben, bleiben ihre Augen offen und hungern nach der Dunya. Möge Allah (swt) sie strafen. Wir, die Menschen Ägyptens, erkennen nur ein Sultanat an, die Religion des Islam und ein Sultanat. Unser Weg ist Islam und ein König, ein Sultan ist über uns gesetzt. Ägypten war das reichste Land im Mittleren Osten, und jetzt wurden sie Bettler, während sie vorher die Meister waren. Sie waren alle zufrieden, jetzt wurden sie Bettler. Allah Allah!

Ihr Menschen Ägyptens, hört, hört und versteht. Wenn ihr versteht, ist es zu euerem Nutzen. Unterstützt den König! Werft diese unehrenhaften Leute hinaus, Shaytan reitet auf ihnen. Möge Allah (swt) uns vor dem Bösen dieser Leute schützen, die die Esel Shaytans sind. Naudhu Billah vor ihrem Bösen. Möge ihr Böses auf sie zurückfallen. Möge Allah (swt) uns schützen und uns aus den Händen dieser Unterdrücker befreien. Ya Rabbi, um Deines ehrenwerten Propheten (saws) willen, Fatiha. Und deshalb wollen wir einen König, und unsere Religion ist der Islam. Die Religion des Islam ist unser Weg. Wir erkennen keine Art von Verfassung an. Verfassung ist von Shaytan. Wer über eine Verfassung spricht, ist Shaytan. Und Allahs (swt) Fluch und Zorn sei auf ihnen in dieser Welt und im Jenseits. Möge Allah (swt) uns vor dem Bösen unseres Egos schützen. Fatiha.

## To The People Of Hijaz

About a few months ago, we gave an addressing from the words of Haqq: O the one who is ruling Saudi Arabia, and the one who claims to be Jalalatu Malik, the one who tells people to call him, His Highness King, We told you to recite Gulbanki Muhammadi every morning. Allahu Akbar Allahu Akbar Allahu Akbar Allahu Akbar. At morning (Fajr) prayer, with glorification. In front of your palace, recite Gulbanki Muhammadi. And we had an association about this before. No one listened.

Now they are trembling. Their palaces will collapse. They should be afraid. Every morning, Gulbanki Muhammadi, Salat and Salam to our Prophet (sws), Thanks and praise to Allah (swt). Glorify and be saved. If you don't, floods will take away all of Saudi Arabia. There is no joking about those above (in heavens).

Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi. Hasbun Allah Wa Ni'mal Wakil. Read this everyday, O Muslims in Saudi Arabia! Hasbun Allah Wa Ni'mal Wakil, Hasbun Allah Wa Ni'mal Wakil. Ni'mal Maula wa Ni'man Nasir, Ghufranaka Rabbana wa Ilaykal Masir.

Read this and don't be afraid. Or else the water will take you away. It doesn't recognize kings or princes. Tawba Ya Rabbi, Tawba Astaghfirullah. Subhan'sen Ya Rabbi, we are your weak servants. O Shah Mardan, send us those who will keep/ follow your warning.

Fatiha.

## An die Menschen des Hijaz

Ungefähr vor ein paar Monaten gaben wir eine Ansprache von den Worten von Haqq, o der, der

herrscht in Saudi Arabien und der behauptet, Jalalatu Malik zu sein, der, der den Leuten sagt, sie sollten ihn Seine Hoheit König nennen. Wir sagten euch, jeden Morgen Gulbanki Muhammadi zu rezitieren. Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar. Beim Morgengebet, mit dem Lobpreis vor deinem Palast rezitiere Gulbanki Muhammadi. Und wir hatten eine Versammlung darüber schon früher. Niemand hörte zu. Jetzt zittern sie. Ihr Paläste werden zusammenfallen. Sie sollten sich fürchten. Jeden Morgen Gulbanki Muhammadi, Salat und Salam auf unseren Propheten (saws), Dank und Preis Allahs (swt). Lobpreise und sei gerettet. Sonst werden Fluten ganz Saudi Arabien hinwegnehmen. Es läßt sich mit denen da oben in den Himmeln nicht scherzen. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Hasbun Allah wa Ni`ma l-Wakil. Lest das jeden Tag, o Muslime in Saudi Arabien! Hasbun Allah wa Ni`ma l-Wakil, Hasbun Allah wa Ni`ma l-Wakil. Ni`ma l-Mawla wa Ni`ma n-Nasir, Ghufranaka Rabbana wa ilayka l-Masir. Lest das und fürchtet euch nicht. Sonst wird das Wasser euch hinwegnehmen. Es erkennt Könige und Prinzen nicht. Tawba ya Rabbi, Tawba Astaghfirullah. Subhansin ya Rabbi, wir sind deine schwachen Diener, o Shah Mardan. Sende uns jene, die deinen Warnungen Folge leisten. Fatiha.

## TOWN PLANNING

Another important point for Islam is not to have gigantic cities - there should be small colonies over the whole land, so that it is easy to look after them one by one. As long as huge groups of people are crowding together then there will be so many troubles, endless troubles because of huge cities. Therefore, if Islam was in power people would not leave the countryside to run to cities, but there would be small colonies in the whole land. That makes fewer problems for the government to watch and control everything easily and to reach people easily. But in such huge cities no government can do anything. Therefore, Islam makes small colonies, towns or villages.

Islam tries to make people owners of their homes - no rents. The best accommodation is to have a home for themselves without paying rent. That also takes away bad intention from the enemies of states. Islam also says not small accommodation, but spacious accommodation with gardens. There would be no need for parks - everyone's parks in their homes. No need to go out and occupy the city and prevent working people getting to their work and making so many traffic problems.

**Traditional knowledge**

Destur ya Sayyidi, ya Sultanu-l Awliya, Meded, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim.

Traditional knowledge- that it is real knowledge coming from Heavens, as revelations reaching to earth and reaching to hearts of people- if finding hearts open, entering, if it is closed, locked, can’t be. Therefore (the) Prophet, the Seal of Prophets, S.Muhammad sws- Allah Almighty (was) sending him with His Last Message, the last one of (the) Holy Books, Quran Karim, (the) Holy Quran. Whom their hearts (were) open, (whom) they were hearing and listening and obeying, they are believers. Who (is) believing in Allah Almighty and through His messengers, particularly the Seal of Prophets, their hearts (are) opened.

At the time of S.Muhammad peace be upon him, through his land that he was living there, there were Jewish people as well as neighbourhood Christians, that (both of them are) Book- given people (that) they have been granted Holy Books through their Prophets. And they were claiming that they are believing in Allah Almighty and believing in His Messages as Holy Books coming from Heavens, and they were also claiming that Allah Almighty is sending some special beings from His servants as Prophets. They are believing, and they are not like idol worshippers, no. And they are knowing what happened in past times through historical periods that (are) mentioned through their holy Books: the beginning of creation and the beginning of the creation of Adam and Eve, Allah bless them, and they are believing. And through their beliefs they are knowing that Allah Almighty is sending prophets, one after one after S.Adam, peace be upon them and upon them. They have that knowledge.

But when the Seal of Prophets (was) coming with his holy Book, (the) Holy Quran, they were first coming to be against his prophecy and to be first deniers of his holy Book, (the) Holy Quran. It is biggest blame for book-keepers to do that! Up today they are carrying that blame. Yet they are not saying that the Seal of Prophets S. Muhammad just had been sent as (the) last Prophet up to end of the world. That is biggest blame on them and they should be punished!

They are saying that mars is a star, but they are looking moon (and) saying: “No, we are not accepting this. We are accepting Mars.” 2ooo years ago or 4ooo years ago, for Moses and Jesus Christ and Abraham, peace be upon them, S.Noah, you are saying they are prophets, they are stars on the sky of prophecy. And (then the) moon, (the) full moon (is) coming and you are saying: “No”? What is that foolishness? Allah should ask them and before the last Day they should be asked! Before the Last Day. That is biggest blame, biggest sin for them not to say (that): “S.Muhammad is a Prophet, (that) just (he) had been sent with a holy Book, (the) last holy Book, (the) Holy Quran.” And they are without ashaming saying to the Seal of Prophets S.Muhammad: “Our hearts (are) locked and our ears (are) never hearing what you are saying and nothing (is) entering through our hearts what you are reciting. We are not accepting you!”

Ya Hu- idol worshippers doesn’t matter, they haven’t even (a) holy Book. But you- Christians and Jewish people that you are reciting your holy Book Taurah and Evangelos, Gospels- how you are saying (to him): “You are not Prophet”? If the is not (a) Prophet, how his power (is) reaching through 15oo years, (how) his power (is) working on the hearts of people and now about 2 billions people 5x (daily) they are getting up on minarets and say: “Ashadu an la ilaha ill-Allah, wa ashadu ana S.Muhammadun ‘abduhu wa Rasuluhu”. How happening? If that person that he was an orphan from father and mother and through unknown deserts standing up and saying after 4o years: “O people, now I have been sent as a last Messenger for you with the last Message of Heavens: You must say: La ilaha ill-Allah, only one God that He is Allah and Muhammad, peace be upon Him, is His servant and His Prophet”- how, (with) which power he was standing up one, alone, and his tribe (was) so jealous, so ignorant people? When he was saying: “I am coming to destroy your idols and I am coming here to you to make you to believe in one God that He is Allah, our Creator” even nothing (was) in his hand, only may be a stick. (But) he was saying (this)!

What they can do? What they did for him? They tried to do everything to make him away and to extinguish the lights that he brought from Heavens, but they (were) never able to do that! They did their worst for him and (the) believers and finally they were asking to take him away from life, to kill him, but he was saying: “I am under my Lord’s protection, you can’t do anything, but I am going. I am going and then coming.” And he left the most lovely land for him, Mecca Mukarrama, and he went. 13 years he was in Mecca, but finally they were doing their worst for him and he said: “I am going.” Leaving, and he left to Medina Munawwara. He reached there and he was emigrated from Mecca to Medina. They ran after, him. They (were) never leaving him, thinking that: “He is ordinary person. We can do everything.” They ran after him, fighting, fighting, fighting...When they reached the limits of their enmity, they finished, (and they had) no more power to come on him, then Allah Almighty (was) ordering: “Now you may go to conquer Mecca Mukarrama, o My beloved, My most beloved servant. Now prepare yourself to enter, to go back to (that) most lovely land for you, where there is My House, (the) House of (the) Lord, Baitullah!”

After 8 years (the) Prophet (was) running and reaching and conquering Mecca Mukarrama, the land of (the) House of (the) Lord, and he (was) breaking every idol. And (then) Bilal (was) getting on (the) House of Lord, saying: “Allahu akbar, Allahu akbar, Allahu akbar, Allahu akbar! Ashadu an la ilaha ill-Allah, ashadu an la ilaha ill-Allah! Ashadu ana Muhammadun Rasulullah, ashadu ana Muhammadun Rasulullah ! Hayya ‘ala salah, hayya ‘ala salah! Hayya ‘ala falah, hayya ‘ala falah! Allahu akbar, Allahu akbar! La ilaha ill-Allah! As-salat wa salamu alaika, ya Rasulullah!- haqqan wa sidqa-, As-salat wa salamu alaika, ya Nabiyullah!- haqqan wa sidqa-, As-salat wa salamu alaika, ya Habibullah!- haqqan wa sidqa!”

Allah promised to him! Then, what happened? They must look (at the) history of Islam, not to speak ignorantly, no! But they are fearing to look (at the) history of Islam, they are fearing to look (at) the life of the Seal of Prophets- it is so magnificent!- and they are saying: “He is not Prophet”! Oh! His name (is) written (on the Arch), that (it was) granted to Adam from heavenly Messages his name and (also) through whole Prophets. They were saying his name and asking from their nations to believe in him. If they were not believing in him, their Iman, their faith (had) no value. If a person (is) saying: “La ilaha ill-Allah”, but not saying: “Muhammadun Rasulullah” their faith is not perfect!

Running... that (was) coming, that Nur... Now also we are speaking on that knowledge that if hearts (are) opened, coming that lights, heavenly lights, and entering and giving to those whom they are opening their hearts and accepting. They are always fresh, they are always hopeful, they are always happy, they are always in peace here and Hereafter!

May Allah forgive me and bless you... and I am calling whole nations to look one after one to study on the life of the Seal of Prophets before coming divinely Revenge to them; to look once again or divinely Revenge (is) coming and grinding them, finishing them. It is not only His punishment for: “Alam tara kayfa fa’ala Rabbuka bi ashabul fil”, those people that were coming from Yemen to destroy (the) House of (the) Lord. Allah Almighty (is) saying: “Look what happened to them, o my beloved one, and look whole mankind what I did for them, how I dealt with them, when they were coming to destroy My House in Mecca. I sent on them birds, each one carrying three small stones (big) as a lentil through their beak and two on their feet, throwing, each one never getting wrong, coming just on target. “Fa ja’alahum ka asfin makul”...making them as a field (that when) wheat or barley (is) reaching up to ears and harvesting and nothing remaining. Just I did them as those harvested lands, finishing (them).”

Allah (is) looking now; but He is not sending that birds. He left those unbelievers to make through their hands flying big birds, big birds- airplanes, aircrafts with bombs, to make everything as that birds (were) making for that unbelievers. Their nations (are now) preparing for each other that huge power to make them as a land (that is) just harvested, finished.

O people, keep (to the) right path, keep true ones, (and) no harm comes on you! If you are insisting on (the) wrong way, shaitanic way, you are going to be- just (as) that nation finished- finishing. May Allah forgive me and bless you. I am asking forgiveness for whole nations to come and to say: “La ilaha ill-Allah, Muhammadun Rasulullah sws!”

For the honour of the most honoured one in divine Presence, S.Muhammad sws, Fatiha.

## The Traps Of The Devil

As-salamu alaykum O believers from East to West of the world. Eid Mubarak! Good tidings! And more good tidings and best tidings "to those who believe & do good deeds." (28:80) Woe & woe to those who went astray from the way of Al Haqq. What came from Heavens is for the sake of guiding the children of Adam (as) so they may be believers, Muslims, & doers of good. We say Audhu Billahi min al shaytan al rajim, Bismillah Al Rahman Al Rahim.

I am a weak servant. I like to speak to people about a matter raised by the Master of the beginning & end, Sayyidina Muhammad (saws). He (saws) said "religion is advice". Religion is advice.... Subhana Allah Al Alyi' Al 'Azim. Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Subhanahu wa ta'ala, The Lord of Heavens & Earths, The Lord of The Magnificent Throne, Allahu Akbar! Rabbu Al 'Arsh Al 'Azim. (The Lord of The Magnificent Throne) O believers, O people! Muslims of the world, fear Allah (swt) and follow Him. Then believe in His Prophet, Sayyidina Muhammad (saws) and follow him & honour him (saws). Follow his steps, you will be saved in this world and Allah (jwa) will forgive you on the Day of Resurrection, the Day of Accounts. O my Lord forgive us. Ya Rabbana!

Welcome to you O listeners. Truly good tidings "to those who believe & do good deeds" (28:80) And woe to those who do not believe, & those who went astray from the way of Truth that was declared by the Master of beginning & end, Sayyidina Muhammad (saws). These are two simple words declaring to people what is good for them in this world & the next. Follow the right way.. Follow the right way so you may find Allah`s (swt) Mercy in this world & in the Hereafter & forever. Allah (swt) may grant you an eternal everlasting life. Good tidings "to those who believe

& do good deeds" (28:80) O believers! Leave corruption do not generate it. Put all your efforts into being doers of good. And woe to those who make corruption! They will be dishonoured in this world & tormented in the Hereafter.

O scholars and good ones, support me, I am a weak servant. But you are capable of following the right way. O Muslims, O Kings... leaders of countries, presidents, their Kings, listen and take wisdom. If you do, it will benefit you. Allah (swt) sent... Sent from Heavens to His Beloved (saws) the Shariat (Law) as He (swt) sent to the previous honourable Prophets (as) as Shariat for them, for the sake of their nations. Those who followed the Shariat of the Prophets (as) were saved in this world & were rewarded in the Hereafter. O scholars! And Kings and people of knowledge, what do you think about what was sent to the Master of beginning & end, Sayyidina Muhammad (saws)? How many Shariat did Allah (swt) send upon His Prophets (as)? All Shariats are from Allah (swt) and they are relative to the nations to which the Prophets (as) were sent. They are relative to them. And there were several Shariats sent down from the time of S.Adam (as) to the time of the Master of beginning & end, Sayyidina Muhammad (saws). What do you think of this O Kings? About Shariats that were sent from Heavens to the earth, to the Prophets (as)? What is your view about their Shariats?

At the core of the Shariats were justice, doing goodness to the close of kin & avoiding mischief. This is the essence of justice and laws. All of them within their possibilities, started & put all their efforts for the sake of establishing and ruling with what Allah (swt) had sent to them from Heavens through S. Jibril (as). And how many Shariats came? Their number, only the Lord of Heavens knows and Sayyidina Jibril (as) and Sayyidina Rasulullah (saws).

Are our words true, O scholars of Al Azhar? Who believe, good tidings for them, very very good tidings for them. One question, just one question... The Shariat of Allah (swt) is for the sake of arranging the worldy matters of human being in dunya, Is it not? Yes it is. Every Prophet (as) was sent to arrange the life of human beings in their period of time; so their people might be happy, accepted, & praised in this world & in the Hereafter. One question, if so many Shariats were sent to Prophets (as), until it reached to the Prophet of the end of times, Sayyid Al Awwalin wa Al Akhirin, Sayyidina Muhammad (saws). Many Sharias were sent. A question to the people of

knowledge: Which Shariat is most complete among all the Shariats?

The most complete Shariat is the one given to the Prophet (saws) of the end of times. His Shariat is the most complete one. We are proud of this. Who is proud of this good tidings, and more and more good tidings for being proud of the Shariat that was sent to the Master of the beginning & end, since he (saws) declared the most complete of Shariats. O foolish ones, O ignorant ones who are called Muslims looking to find a more complete Shariat than that which Allah (swt) revealed to His Beloved (saws).

Shame on you! This is the age of disbelief / Kufr! You have followed the path of shaytan democracy, that which has dirtiness, as the Arabs say, dirt! shaytan presented to people something saying, "This is better!" And all ran behind this dirtiness! What is this O Muslims? You left the path of Haqq, and walked upon the wrong path. Here is the path of Haqq, clear as the whiteness of daylight, and you run for Democracy, that is the origin of disbelief! They mean to destroy Islam. Don't you have minds?! O scholars, O good ones ...there are no words left! O people who want to control their own nations' affairs with reins that the Western people use on animals! So they rule them! And this is the biggest conspiracy that the worse of disbelievers, the Christians are behind it... behind sabotaging Islam and they want to erase Islam from the face of the earth! Never! They want us to be nothing, and also Islam, the flag of Islam. The banner of the Prophet (saws) will be raised from East to West. O Believers you are all responsible for not using the banner of the Prophet (saws) in your countries.

Your enemy, showing you friendship, and love with its lies and hypocrisy! Beware of the traps of shaytan, and hold on to the Shariat of Allah (swt), the most complete of all Shariats which was given to the Prophet (saws), and you will be saved and win in Dunya and Akhira, and your faces will be white. And you will be people of happiness on the Day of Judgment, and you will be saved from the torment of this world and the torment of Akhira.

This is enough... O believers, O presidents. If you don't listen, there will come upon you a whip. A whip coming upon you, a whip that no one from previous nations tasted its like before. Nor have the nations, nor groups nor kings! Beware O Arab Kings! Beware! Arab Presidents, follow

the right way if you do not have a Rajulun Rashid/ rightly guided man as Al-Haqq (swt) says. "Is there not among you a rightly guided man?" (11:78) Haqq (swt) is asking in The Holy Quran.

One believer said to the Pharaoh "You don't have, is there not among you a rightly guided man?"(11:78) O kings, O princes, that he may understand what a weak servant is saying? Woe to you, here and Hereafter. Repent to Allah (swt). Unite under the banner of the Prophet (saws). Don't say "We are this, this and that." shaytan divided you into groups so that you fight each other and shaytan is laughing and his heart is content. The place of shaytan is hellfire. So O Believers, follow the Owner of the most complete of all Shariats, Sayyidina Muhammad (saws). Forgiveness Ya Rasulullah, forgiveness O Rasulullah. Forgiveness O Prophet (saws). Ask forgiveness for us on Judgement Day from Allah (swt) Ya Habib! So that we may be saved from the Wrath of Al Haqq. The Wrath of Allah (swt) can't be endured by mountains! They would explode! Let alone his torture!

This is a speech from a weak servant, addressed to you. If someone says this is wrong, let them die next morning, even if it is a King or Prince! Tawba Ya Rabbi. Repent to Allah (swt) & go back to the most complete of all Shariats, Islamic Shariat.

And as a first thing it is not good that the Muslim world does not have an Imam. If the Imam dies, they must quickly get another Imam for the nation of the Beloved. Even if one or two billion people it is a duty that he is their Imam. May Allah (swt) support him. We hope that our Imam is Sahib Al Zaman (as) and we will follow his way, the right way, wa Lillahi Al Hamd, First and Last, Visible and Hidden. Subahanahu wa ta'ala Ya Rabbana. Forgive us O our Lord. Fatiha.

I am a weak servant. Those who understand will benefit. My Arabic is little. I cry, I cry for the nation of the Beloved (saws) and I ask Allah (swt) to send us A King, to fight for Allah's sake. Allah, Allah Allahu Akbar Al Akbar, Wa Lillahi Al Hamd and a thousand prayers and salutations on the Beloved Sayyidina Muhammad (saws). Whiten our faces, strengthen our weakness. One of us is enough for the whole world.

Beware and pay attention O servants of Allah (swt). As-salamu alaykum, good tidings to those

blessed, and blessed, and blessed - he who accepts this advice. And woe, and woe, and woe. "Woe/Waylun" is a valley in Hell from which all the valleys of Hell ask protection. So beware O servants of Allah (swt) from the torment of Allah (swt) Subhanahu Wa Ta'ala. O Lord forgive us. Fatiha.

währendes Leben gewähren. Gute Nachrichten 'für die, die glauben und gute Taten tun' (28:80).

Ihr Gläubigen, laßt die Verderbtheit und bringt sie nicht hervor. Setzt all euere Anstrengung darein, Gutes zu tun. Und wehe denen, die Verderbtheit hervorbringen. Sie werden entehrt in dieser Welt und gepeinigt im Jenseits. Gelehrte und Gute, unterstützt mich. Ich bin ein schwacher Diener. Aber ihr seid in der Lage, dem rechten Weg zu folgen. Ihr Muslime, Könige, Führer von Ländern, Präsidenten, hört und nehmt Weisheit an. Wenn ihr das tut, wird es euch von Nutzen sein. Allah (swt) sandte von den Himmeln Seinem Geliebten (saws) die Shariat, wie Er (swt) sie den vorherigen ehrenwerten Propheten (as) gesandt hatte, als Shariat für sie, um ihrer Nationen willen. Die, die der Shariat der Propheten (as) folgten, wurden gerettet in dieser Welt und belohnt im Jenseits. Ihr Gelehrten und Könige und Leute des Wissens, was denkt ihr über das, was zum Meister von Anfang und Ende, Sayyidina Muhammad (saws) gesandt wurde? Wieviele Shariats sandte Allah (swt) auf Seine Propheten (as) herab? Alle Shariats sind von Allah (swt) und sie sind bezogen auf die Nationen, zu denen die Propheten (as) gesandt wurden. Sie sind bezogen auf sie. Und es wurden mehrere Shariats herabgesandt seit der Zeit S. Adams (as) bis zur Zeit des Meisters von Anfang und Ende, Sayyidina Muhammad (saws). Was denkt ihr darüber, ihr Könige? Über die Shariats, die von den Himmeln zur Erde, zu den Propheten (as) gesandt wurden? Was ist euer Standpunkt zu ihren Shariats?

Im Kern der Shariats waren Gerechtigkeit, den nächsten Verwandten Gutes tun und das Vermeiden von Unheil. Das ist die Essenz von Gerechtigkeit und Gesetzen. Sie alle begannen, innerhalb ihrer Möglichkeiten ihre gesamte Anstrengung darauf zu richten, Herrschaft aufzubauen und auszuüben mit dem, was Allah (swt) von den Himmeln herabgesandt hatte durch S. Jibril (as). Und wieviele Shariats kamen? Ihre Zahl kennen nur der Herr der Himmel und Jibril (as) und Sayyidina Rasulullah (saws). Sind unsere Worte wahr, Gelehrte der Azhar? Wer glaubt, gute Nachrichten für sie, sehr, sehr gute Nachrichten für sie. Eine Frage, nur eine Frage... Die Shariat Allahs (swt) ist dafür da, die weltlichen Angelegenheiten der Menschen in der Dunya zu regeln, ist es nicht so? Ja, so ist es. Jeder Prophet (as) sollte das Leben der Menschen in seiner Zeit regeln, damit ihre Leute glücklich waren, anerkannt und gepriesen in dieser Welt und im Jenseits. Eine Frage, wenn so viele Shariats gesandt wurden an die Propheten (as), bis es den

Propheten des Zeitenendes, Sayyidu l-Awwalin wa l-Akhirin, Sayyidina Muhammad (saws) erreichte, viele Shariats wurden gesandt, eine Frage an die Leute des Wissens, welche Shariat ist die vollkommenste unter all den Shariats? Die vollkommenste Shariat ist die, die dem Propheten des Zeitenendes (saws) gegeben wurde. Seine Shariat ist die vollkommenste. Wir sind stolz darauf. Wer stolz darauf ist, gute Nachrichten und immer mehr gute Nachrichten für die, die stolz auf die Shariat sind, die zum Meister von Anfang und Ende gesandt wurde, da er (saws) die vollkommenste der Shariats verkündete.

Ihr Dummköpfe, ihr Ignoranten, die Muslime genannt werden und nach einer vollständigeren Shariat suchen als die, welche Allah (swt) Seinem Geliebten (saws) offenbarte. Schande auf euch! Dies ist das Zeitalter des Unglaubens, Kufr! Ihr seid dem Weg Shaytans gefolgt, der Demokratie, dem, was schmutzig ist, wie die Araber sagen, schmutzig. Shaytan präsentierte den Leuten etwas und sagte: Das ist besser! Und alle liefen hinter diesem Schmutz hinterher! Was ist das, ihr Muslime? Ihr verließet den Weg von Haqq und gingt auf dem falschen Weg. Hier ist der Weg von Haqq, klar wie das Leuchten des Tageslichts. Und ihr lauft zur Demokratie, die der Ursprung des Unglaubens ist! Sie wollen den Islam zerstören. Habt ihr keinen Verstand? Ihr Gelehrten, ihr Guten... Es gibt keine Worte mehr! O Leute, die die Angelegenheiten ihrer eigenen Nationen kontrollieren wollen mit den Zügeln, die die Westler für Tiere benutzen! So beherrschen sie sie! Und das ist die größte Verschwörung, die die schlimmsten Ungläubigen ausgeheckt haben. Die Christen stecken dahinter, hinter der Sabotage des Islam, und sie wollen den Islam tilgen vom Angesicht der Erde! Niemals! Sie wollen, daß wir nichts sind, und auch der Islam, die Flagge des Islam.

Das Banner des Propheten (saws) wird von Osten bis Westen gehißt werden. Ihr Gläubigen, ihr seid alle verantwortlich dafür, das Banner des Propheten (saws) in eueren Ländern nicht zu benutzen. Euer Feind zeigt euch Freundschaft und Liebe mit seinen Lügen und seiner Heuchelei! Hütet euch vor den Fallen Shaytans und haltet an der Shariat Allahs (swt) fest, der vollkommensten Shariat, die dem Propheten (saws) gegeben wurde, und ihr werdet gerettet werden und die Dunya und die Akhira gewinnen, und euere Gesichter werden weiß sein. Und ihr werdet glückliche Menschen sein am Tag des Gerichts, und ihr werdet von der Qual dieser Welt

und der Qual der Akhira errettet werden. Das ist genug... Ihr Gläubigen, ihr Präsidenten, wenn ihr nicht hört, wird auf euch eine Peitsche herabkommen. Eine Peitsche wird auf euch herabkommen, eine Peitsche, die so niemand der vorherigen Nationen jemals gekostet hat, noch die Millat, die Gruppen oder Könige! Hütet euch, ihr arabischen Könige. Hütet euch! Arabische Präsidenten, folgt dem rechten Weg, wenn ihr keinen "Rajulun Rashid" - rechtgeleiteten Mann habt, wie Al Haqq (swt) sagt 'Gibt es nicht einen rechtgeleiteten Mann unter euch?' (11:78). Haqq (saws) fragt im Heiligen Quran. Ein Gläubiger sagte zu Pharao: Ihr habt nicht. 'Gibt es nicht einen rechtgeleiteten Mann unter euch?' (11:78), ihr Könige, Prinzen, der verstehen kann, was ein schwacher Diener sagt?

Wehe euch hier und im Jenseits! Bereut vor Allah (swt). Vereinigt euch unter dem Banner des Propheten (saws). Sagt nicht: Wir sind dies und das. Shaytan teilte euch in Gruppen, damit ihr euch gegenseitig bekämpft, und Shaytan lacht und sein Herz ist zufrieden. Der Platz Shaytans ist das Höllenfeuer. Ihr Gläubigen, folgt also dem Eigner der vollständigsten aller Shariats, Sayyidina Muhammad (saws). Vergebung ya Rasulullah, Vergebung. Vergebung, o Prophet (saws). Bitte um Vergebung für uns am Tag des Gerichts von Allah (swt). Ya Habib! Damit wir vor dem Zorn Al-Haqqs bewahrt werden. Den Zorn Allahs (swt) können selbst Berge nicht ertragen. Sie würden explodieren! Ganz zu schweigen von Seiner Tortur! Dies ist die Ansprache eines schwachen Dieners, an euch gerichtet. Wenn jemand sagt, daß es nicht stimmt, soll er am nächsten Morgen sterben, selbst wenn es ein König oder Prinz ist. Tawba ya Rabbi. Bereut vor Allah (swt) und kehrt zurück zur vollständigsten Shariat, der Islamischen Shariat. Und als erstes: es ist nicht gut, daß die Muslimwelt keinen Imam hat. Wenn der Imam stirbt, müssen sie schnell einen anderen Imam bekommen für die Nation des Geliebten. Selbst bei einer oder zwei Billionen Leuten ist es seine Pflicht, daß er ihr Imam ist. Möge Allah (swt) ihn unterstützen.

Wir hoffen, daß unser Imam Sahibu z-Zaman (as) ist, und wir werden seinem Weg, dem rechten Weg folgen. Wa Lillahi l-Hamd, dem Ersten und Letzten, dem Sichtbaren und Unsichtbaren. Subhanahu wa Ta'ala, ya Rabbana. Vergib uns, unser Herr. Fatiha. Ich bin ein schwacher Diener. Die, die verstehen, werden Nutzen davon haben. Mein Arabisch ist gering. Ich weine, ich weine um die Nation des Geliebten (saws) und bitte Allah (swt), uns einen König zu senden, um für

Allah (swt) zu kämpfen. Allah Allah, Allahu Akbaru l-Akbar Wa Lillahi l-Hamd. Und tausend Gebete und Grüße an den Geliebten, Sayyidina Muhammad (saws). Mach unsere Gesichter weiß, stärke unsere Schwäche. Einer von uns ist genug für die ganze Welt. Hütet euch und paßt auf, Diener Allahs (swt). As-Salamu Alaykum, gute Nachrichten für die Gesegneten und Gesegneten und Gesegneten - die die Rat annehmen. Und wehe, wehe, wehe... "Waylun" - Weh ist ein Tal in der Hölle, vor dem alle Täler der Hölle um Schutz erbitten. Also hütet euch, Diener Allahs (swt) vor den Torturen Allahs (swt). Subhanahu Wa Ta'ala. O Herr, vergib uns. Fatiha.

## The Traps Of The Devil

Asbahna wa asbahal mulku Lillah wa nahnu abidan Lillah. As-Salamu Alaikum ayyuhal hadhirun.

What can we do? We got up with khair/goodness insha Allah. We got up with khair... Who gets up with khair? Who gets up with the consciousness of worshipping His Lord gets up with khair. What is the place of who has no consciousness for worshipping His Lord? It is below the animals. Animals know what they should do. Men who don't know what they should do are below the level of animals. As-Salamu Alaikum. Alhamdulillah. We should say the Bismillah. Our strength is with the Bismillah. Say the Bismillah & you are strong. Say Bismillahi r-Rahmani r-Rahim, you are strong. No one can stand against you. Even if the whole world was shaytan it can't stand against Bismillahi r-Rahmani r-Rahim. It will be crushed, melted & gone. Bismillahi r-Rahmani r-Rahim. Is it not so? It walks over everything. The power in the Bismillah can crush & walk over everything. Who believes in this can defeat the whole world.

Bismillahi r-Rahmani r-Rahim. O our Lord, I got up for Your worship. You are my Lord. I am in existence to worship You. Accept us, support us O Lord. May You accept our worship O Lord. We are helpless. We are weak. May You strengthen us. Our ego is pushing us. With what? With shaytan. Shaytan says "Come & be with me. Come & be with me". When shaytan says this, what is its meaning? "Come & work for me. Come & be my animal" He doesn't say this but says "Come & work for me. I will pay you". What do you pay? All the trouble & ugliness. What is it that shaytan can pay to the people? He ties you with troubles. When you try to solve one of them, he ties another knot. While you try to solve this, he ties another knot..This is his job! He multiplies one trouble into thousands & makes people fall in them. For this, he approaches & says "Come to me. Is it the adhan? Let it be recited, you continue to sleep. Sleep, there is plenty of time". He makes you sleep. And on top of you he puts.. Shaytan has a lousy, dirty quilt. He throws it on you & says "Here it is,

sleep, be comfortable. Don't get up. Sleep, sleep, there is plenty of time". And the one who doesn't use his head, who doesn't know his honour immediately says "Of course, let me sleep a little bit more". He sleeps & forgets his worship, his servanthood. No worship left for him anymore.

Who wakes up & says "Audhu Billahi min al shaytan al rajim. O Lord, I seek refuge with You from shaytan & his invitation. Protect me O Lord". "I protect you O My servant! Say Audhu Billahi min al shaytan al rajim & Bismillahi r-Rahmani r-Rahim"."Fasta`idh Bil-Lahi Mina Ash- Shaytani Ar-Rajim- Seek refuge with Me" He (swt) says. I am the One Who created you. I am the One Who is the Lord of the Earths & the Heavens. I am Who created them. What do you think? That they came out of nowhere? This world and all these different kinds of creatures on it, made themselves? Thu/spit on what you study as well as what you teach. "It is nature Shaykh Effendi". Ok, nature puts you through the grinder, crushes you, makes you fertilizer & throws you away! You believe in the nature but don't believe in Allah. They say "doga" now, different new names & expressions. Nature. Following this, mankind has become humiliated & lost their honour. They forgot the One Who brought them into existence from the nonexistence. YaHu did you come to existence by yourself? "My mother gave birth to us so we exist". Really? So is it your mother who created you? Then Who created your mother? Why don't you say?

They can't say "there is Allah, there is the Master of the Creation". When you go up to a mountain, or go to a place & see a building, you ask "Whose is it?" "It belongs to this person". "Who does this farm belong to?" "This is Agha's". "Who does this factory belong to?" "To this man". Then beyond this, who does this man belong to? Who does this man belong to? Ok, we understand that the factory belongs to this man. But then who does this man belong to? For everything, there is someone who owns it. "Who is its owner?" "The owner of this house is this person" "What about the owner of this farm?" "That one". "The owner of this house?" This person. Ok, we understand this. But Who is your Owner? Who is your Owner? Shaytan says "I have no owner. I exist on my own".

The cursed ones- shaytan & who believe him also, they are teaching what shaytan says. Under which title? They call it "the national education". They say "National education". What is the source of this national education? From where did you learn this national education? Who taught you this national education? There is no answer. The one who teaches the national education is shaytan. Why don't you call it instead "the religious education, the education of religion, it teaches me the religion?" "No, it doesn't suit us. It should be

national but should not be religious".

Since life on earth started & Islam formed, there has been the Sultanate. Allah appointed the Sultan over you with all his majesty. He(swt) dressed this majesty on you from the majesty of the Heavenly Sultanate. You throw this away & collect people from the markets, bazaars? Shame on you. Say, may your tongue be tied. Say! Say Bismillahi r-Rahmani r-Rahim. Why do you speak without the Bismillah? Are you ashamed to say Bismillahi r-Rahmani r-Rahim? So you are ashamed, aren't you? Angels say "May none of your work succeed. May you never find any goodness, may you never find any comfort! May you not be saved from troubles, sufferings, calamities". All angels curse those people who don't say Bismillahi r-Rahmani r-Rahim. Even if you form a 100 parliaments & put all these hundreds of deputies, ministers, it still won't succeed, O son! A cursed act can't succeed. You collect some people to follow you & then say "here, our work succeeds". Ok, go ahead & make it succeed if you can. Make it succeed & we see it. To call it "religious" is a shame but to call it "national education is accepted. What education was there before the national education?

There was the religious education, the religious tadrisat. Religion is the basis- religion is the basis of the knowledge of man. The tadrisat, which they call education now, which is not based on religion, is zero. If you drive a stake into the straw, can you make a building on it? shaytan's teaching, which is the main trouble of the whole world today, says: "Don't construct the building here. Come & I show you an easier place. Come" & he brings them into a hayloft. He makes them drive a stake into the hay & says "Here, this is a very strong building. It is new. It is new, this is the innovation. You should follow the innovation. Leave the old castles, leave the old palaces. I will make you construct a building on top of the straw,it is very easy. You can carry it anywhere you like & when you get hungry, you can also eat from that hay! And that time you will become the man exactly in the shape I like. Meaning, you become an animal for me". Shaytan says to the people "Once you become animals for me, I have plenty of hay. I have so much hay, I can give you as much as you like".

In the time of the Sultan there was gold in the market- Gold & silver. They removed it in the First World War, they also call it the harb al-umumi. Instead of gold they gave paper. They said "Spend this paper. Spend with this paper". "How will I spend with it?" "Go & buy whatever you want from the market. We will put a seal on it. We will put a seal & it will be valid everywhere.

Well, a paper will be worth the amount written on it. 1 TL; another one says 5 TL. 10 TL, 20 TL, 50 TL, 100

TL. Finally they wrote 200 & felt ashamed. They wrote 200. They say "there is no higher number yet but we want to print 1000 TL banknotes also". So this, to make it 4 digits now, to write 1000 on it & print such a banknote it can make the people totally corrupt & crazy.

It will put them into such a situation. Therefore now, in these peoples' iqtisad, which they say 'economy' now, all the nations went bankrupt. All of the nation went bankrupt. Because they are playing with paper money. What value does the paper money have? We may not go there now. So it means that they are not giving us what is valuable. Because it is the teaching of shaytan. In the time of Sultanate, everyone had gold & silver in their pockets. After this, there were reforms in the world & in us also. We said "We should follow the world also. Why should we keep the gold & silver. They are printing paper. They have dollar, sterling, drahma, they have lira... We may also do TL. It belongs to us. And we may also make a dollar, as the whole world follows it.

But our dollar will be stronger than all others". "Where is its equivalence?" "It is in the vault". Why do you put it in the vault? Why don't you give it to the people? Why are you hiding the gold & silver? For whom are you keeping it? If it is for the people, let them have it. If not, why do you hide it? Why do you cheat the people? You show paper & say "its equivalent is in the vault". You lie! There is nothing in the vault. But they say like this, "its equivalent is in the Central Bank, it is this bank, in that bank.. It is stored there". Why should you store it? Take it out & give to the people. Give the gold & silver to the people & release them to the streets. You can't even find a man who will sell his gold. No, he will keep it! But for paper money, he doesn't care & spends it recklessly.

So this is their reform, the traps of the devil. The shaytani/evil traps. Why did you refuse Allah's teaching for you? "Well, that one is religious, this one is national". It is a lie! One is Heavenly, the other is shaytani. There are 2 sects now in the world. One is the system which is Heavenly. And the other is that which is shaytani. Shaytan makes it foam & foam & foam.. But it has no result.

Foaming & foaming, it spilled over like the boiling milk & finished. Only its watery part is left. Even that water is not left in those people now. This is the trap that is set for whole world now: "You will hide the gold & the silver & give paper into the hands of people". No, you don't have the right for this! A person's service cannot be paid with paper. This is the wrong way. This is the way shaytan teaches the people & deceives them. Therefore they don't find goodness: The Egyptians, Turks, Arabs, Americans, none of them. Finished.

This is the trap of the shaytan.

The Heavenly value is gold & silver. They hide it..No, you can't hide. Gold & silver is the right of the people, you can't hide it. It should be in their hands, not in your vaults. Gold & silver should be in the hands, in the pockets of the people. Don't say "They are in the vault of the bank". Don't lie!

This world went bankrupt because of lying. The people of this time fell into every trouble because of lies. Therefore O man of reason, O man who can think! They asked a philosopher: "Describe man". That philosopher said "Man is a creature that can think". The animal that can think, in other words. Leave aside the animals, in our time there is no man left who thinks.

Straighten O people! Come to the right way. Don't fear to say Haqq! Don't fear. What can they do? They can only do what Allah wants. As long as Allah watches a person no one can touch even his hair. Some people say "How is this man?" "His back is strong" "How come?" "This president backs him up. That millionaire backs him up". Leave the people! Say, Allah (jj) backs up this man! Meaning Allah Dhul Jalal is his guarantor. Fear such a person, fear! If he touches you, not even nine doctors can find a cure for you. Don't think that it is an easy thing, to touch the man of Allah is an easy thing. Not even 99 doctors can find a cure for you. These people should know Allah! They should expel shaytan so that they become decent. They find comfort. Their dunya as well as their akhirah be prosperous.

Let us say then, Bismillahi r-Rahmani r-Rahim. O our Lord, may You accept us to Your servanthood. Although we have many defects, many sins, Your Forgiveness is plenty O Lord! You made us, all these people, nations to Your Beloved (s). And these people, the people of this world are all running away from it! They will never find goodness. They will fight each other. They will crush each other. They will give each other's punishment with their own hands. This is not with money. Be a servant to Allah & be saved- in dunya, in the grave & in akhirah. If not, you will suffer. Aman Ya Rabbi, Tawba Ya Rabbi. Tawba Ya Rabbi.

May You send us the ones who will teach us. We may say Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. O our Lord, may You not expel us from Your servanthood. We are Your servants. May You forgive us O Allah. They didn't teach us. May those who didn't teach suffer the punishment wherever they are buried. Those who corrupted the people are all in the torment, in the fire. May Allah make us away from them. And we should appreciate the fact that we are the nation of His Beloved & say Bismillahi r-Rahmani r-

Rahim. La ilaha illa Allah, Sayyidina Muhammad Rasulullah (sas). Fatiha.

With the grant of Allah Almighty, I will destroy the powers of unbelief in this world insha Allah. I am of no use, can't even go from here to there but insha Allah I will destroy. My intention is this. My goal is to destroy this shaytan & the order of shaytan. I want to live for this, I want to save the men who are ridiculed by shaytan from his hands. Even if it is little, I want to do what I can. Once my Lord helps me, a person can correct even 9 worlds. Allah, Tawba Ya Rabbi. O man Say Bismillahi r-Rahmani r-Rahim & walk right you will be saved. Al Fatiha

**Die Fallen Shaytans**

Asbahna wa Asbahal Mulku Lillah wa Nahnu Abidan Lillah. As-Salamu Alaykum Ayyuha l- Hadhirun. Was können wir tun? Wir standen auf mit Khayr, Gutem, insha'Allah. Wir sind mit Khayr aufgestanden... Wer steht auf mit Khayr? Wer mit dem Bewußtsein aufsteht, Seinen Herrn anzubeten, steht mit Khayr auf. Was ist der Platz dessen, der kein Bewußtsein davon hat, seinen Herrn anzubeten? Er ist unterhalb der Tiere. Tiere wissen, was sie tun sollen. Menschen, die nicht wissen, was sie tun sollten, sind unter der Ebene der Tiere.

As-Salamu Alaykum. Alhamdulillah. Wir sollten das Bismillah sagen. Unsere Stärke ist im Bismillah. Sagt das Bismillah, und ihr seid stark. Sagt Bismillahi r-Rahmani r-Rahim. Ihr seid stark. Niemand kann gegen euch bestehen. Selbst wenn die ganze Welt Shaytan wäre, könnte sie nicht gegen Bismillahi r-Rahmani r-Rahim bestehen. Sie wird zerschmettert, geschmolzen und ist weg. Bismillahi r-Rahmani r-Rahim. Ist es nicht so? Es geht über alles hinweg. Die Macht im Bismillah kann zerschmettern und über alles hinweggehen. Wer daran glaubt, kann die ganze Welt besiegen. Bismillahi r-Rahmani r-Rahim. O unser Herr, ich bin für Deine Anbetung aufgestanden. Du bist mein Herr. Ich bin in der Existenz, um Dich anzubeten. Nimm uns an, unterstütze uns, o Herr. Mögest Du unsere Anbetung annehmen, o Herr. Wir sind hilflos. Wir sind schwach. Mögest Du uns stärken. Unser Ego drückt uns. Womit? Mit Shaytan.

Shaytan sagt: Komm und sei mit mir. Komm und sei mit mir. Wenn Shaytan das sagt, was bedeutet das? Komm und arbeite für mich. Komm und sei mein Tier. Er sagt das nicht, sondern er sagt: Komm und arbeite

für mich. Ich bezahle dich. Was zahlst du? Die ganzen Schwierigkeiten und Häßlichkeit. Was ist es, was Shaytan den Leuten bezahlen kann? Er bindet sie mit Schwierigkeiten. Wenn du versuchst eine zu lösen, bindet er einen anderen Knoten. Während du versuchst, das zu lösen, bindet er einen anderen Knoten. Das ist seine Arbeit. Er vervielfältigt ein Problem in Tausende und läßt die Leute in sie hineinfallen. Deshalb nähert er sich und sagt: Komm zu mir. Ist das der Adhan? Laß ihn rezitiert werden, du schlaf weiter. Schlaf, es ist noch viel Zeit. Er bringt dich dazu zu schlafen. Und obendrauf auf dich tut er.. Shaytan hat eine verlauste, dreckige Decke. Er wirft sie über dich und sagt: Hier ist sie, schlaf, sei bequem. Steh nicht auf. Schlaf, schlaf, es ist noch viel Zeit. Und derjenige, der seinen Kopf nicht benutzt, der seine Ehre nicht kennt, sagt sofort: Natürlich, laß mich noch ein bißchen schlafen. Er schläft und vergißt seine Anbetung, seine Dienerschaft. Keine Anbetung mehr für ihn.

Wer aufwacht und sagt: Audhu Billahi mina sh-shaytani r-rajim. O Herr, ich suche Zuflucht bei Dir vor Shaytan und seiner Einladung. Schütze mich, o Herr. - Ich schütze dich, Mein Diener! Sagt: Audhu Billahi mina sh-shaytani r-rajim und Bismillahi r-Rahmani r-Rahim. "Fasta`idh Billahi mina sh-shaytani r-rajim" - Sucht Zuflucht bei Mir, sagt Er (swt). Ich bin Der, Der euch erschaffen hat. Ich bin Der, Der der Herr der Erden und Himmel ist. Ich bin Der, Der sie erschaffen hat. Was denkt ihr? Daß sie von nirgendwoher kamen? Diese Welt und all diese verschiedenen Arten von Geschöpfen darauf, machten sich selbst? Ptu auf das, was ihr studiert sowie auf das was ihr lehrt. Es ist die Natur, Shaykh Effendi. Okay, die Natur schickt euch durch das Mahlwerk, schrotet euch, macht Dünger aus euch und wirft euch weg. Ihr glaubt an die Natur, aber ihr glaubt nicht an Allah. Sie sagen "doga" jetzt, verschiedene neue Namen und Ausdrücke. Natur. Demzufolge ist die Menschheit erniedrigt worden und hat ihre Ehre verloren. Sie vergaßen Den, Der sie aus der Nicht-Existenz in die Existenz brachte. Yahu, seid ihr durch euch selbst in die Existenz gekommen? Meine Mutter hat uns geboren, als existieren wir. Wirklich? Also ist es euere Mutter, die euch geschaffen hat? Dann, Wer hat euere Mutter geschaffen? Warum sagt ihr es nicht? Sie können nicht sagen: Es gibt Allah, es gibt den Meister der Schöpfung.

Wenn ihr auf einen Berg geht oder zu einem Ort und seht ein Gebäude, fragt ihr: Wessen ist es? Es gehört dieser Person. Wem gehört dieser Bauernhof? Das ist Aghas. Wem gehört diese Fabrik? Diesem Mann. Dann darüber hinaus, wem gehört dieser Mann? Wem gehört dieser Mann? Okay, wir verstehen, daß die Fabrik diesem Mann gehört. Aber dann, wem gehört dieser Mann? Für alles gibt es jemanden, dem es gehört. Wer

ist der Besitzer? Der Besitzer dieses Hauses ist diese Person. Was ist mit dem Besitzer dieses Bauernhofes? Dieser da. Der Besitzer dieses Hauses? Diese Person. Okay, wir verstehen das. Aber Wer ist dein Besitzer? Wer ist dein Besitzer? Shaytan sagt: Ich habe keinen Besitzer. Ich existiere alleine. Die Verfluchten, Shaytan und auch die, die an ihn glauben, lehren, was Shaytan sagt. Unter welchem Titel? Sie nennen es 'nationale' Erziehung. Sie sagen 'nationale' Erziehung. Was ist die Quelle dieser 'nationalen' Erziehung? Von wo habt ihr diese 'nationale' Erziehung gelernt? Wer hat euch diese 'nationale' Erziehung gelehrt? Es gibt keine Antwort. Derjenige, der die 'nationale' Erziehung lehrt, ist Shaytan.

Warum nennt ihr es nicht stattdessen 'die religiöse Erziehung, die Erziehung der Religion, es lehrt mich die Religion?' 'Nein, das ist uns nicht recht. Es sollte national, aber nicht religiös sein.' Seit das Leben auf der Erde begann und der Islam sich bildete, hat es das Sultanat gegeben. Allah bestimmte den Sultan über euch mit all seiner Majestät. Er (swt) kleidete diese Majestät auf ihn von der Majestät des Himmlischen Sultanats. Ihr werft das weg und sammelt Leute von den Märkten, Basaren? Schande auf euch! Sprecht. Möget ihr keinen Ton herausbringen. Sprecht. Sagt Bismillahi r-Rahmani r-Rahim. Warum sprecht ihr ohne das Bismillah? Schämt ihr euch zu sagen Bismillahi r-Rahmani r-Rahim? Also ihr schämt euch, oder? Die Engel sagen: Möge keins euerer Werke Erfolg haben. Möget ihr nie Gutes finden, möget ihr nie einen Trost finden! Möget ihr nicht vor Schwierigkeiten, Leiden, Unglück geschützt sein. Alle Engel verfluchen diese Menschen, die nicht sagen Bismillahi r-Rahmani r-Rahim. Selbst wenn ihr 100 Parlamente bildet und all diese Hunderte von Abgeordneten und Ministern aufstellt, werdet ihr keinen Erfolg haben, Sohn! Eine verfluchte Tat kann keinen Erfolg haben. Ihr sammelt ein paar Leute, die euch folgen, und sagt dann: Hier, unsere Arbeit hat Erfolg. Okay, weiter so, bringt es zum Erfolg, wenn ihr könnt. Wir werden sehen.

Es 'religiös' zu nennen, ist eine Schande, aber 'nationale' Erziehung ist anerkannt. Welche Erziehung gab es vor der 'nationalen' Erziehung? Es gab die religiöse Erziehung, das religiöse Tadrisat. Religion ist die Basis, Religion ist die Basis des Wissens des Menschen. Das Tadrisat, was sie jetzt Erziehung nennen, was nicht auf Religion gründet, ist Null. Wenn du einen Pfahl ins Stroh treibst, kannst du ein Gebäude darauf bauen? Shaytans Lehre, die das Hauptproblem der ganzen Welt heute ist, besagt: Baut das Gebäude nicht hier. Kommt, und ich zeige euch einen leichteren Ort. Kommt. Und er bringt sie auf einen Heuboden. Er läßt sie einen Pfahl in das Heu treiben und sagt: Hier, das ist ein sehr starkes Gebäude. Es ist neu. Es ist neu. Das ist eine Neuerung. Ihr solltet der Neuerung folgen. Laßt die alten Burgen, laßt die alten Paläste. Ich lasse euch

ein Gebäude konstruieren oben auf dem Stroh. Es ist sehr leicht. Ihr könnt es überall hin tragen, und wenn ihr Hunger habt, könnt ihr auch von diesem Heu essen! Und in dem Moment werdet ihr genau die Form des Menschen, die ich mag. Das bedeutet, ihr werdet ein Tier für mich. Shaytan sagt den Menschen: Wenn ihr erst einmal Tiere für mich geworden seid, habe ich viel Heu. Ich habe so viel Heu, ich kann euch soviel geben, wie ihr wollt.

Zur Zeit des Sultans gab es Gold auf dem Markt, Gold und Silber. Sie nahmen es weg im Ersten Weltkrieg, sie nennen es auch Harbu l-Umumi. Statt Gold gaben sie Papier. Sie sagten: Gebt dieses Geld aus, bezahlt mit diesem Papier. Wie soll ich damit bezahlen? Geh und kaufe, was immer du willst auf dem Markt. Wir tun ein Siegel drauf. Wir tun ein Siegel drauf, und es wird überall gültig sein. Nun, ein Papier hat den Wert des Betrages, der drauf steht. 1 TL. Ein anderes lautet 5 TL. 10 Tl, 20 TL, 50 TL, 100 TL. Schließlich schrieben sie 200 und schämten sich. Sie schrieben 200. Sie sagten: Es gibt noch keine höhere Zahl, aber wir wollen auch 1000 TL Banknoten drucken. Das also, es 4 Ziffern zu machen, um 1000 darauf zu schreiben und so eine Banknote zu drucken, kann die Menschen vollkommen korrupt und verrückt machen. Es wird sie in so eine Lage bringen. Deshalb wurden in der Iqtisad dieser Leute, was sie jetzt 'Ökonomie' nennen, alle Nationen bankrott. Alle Nationen gingen bankrott, weil sie mit Papiergeld spielen. Welchen Wert hat das Papiergeld? Wir wollen jetzt nicht darauf eingehen.

Das also bedeutet, daß sie uns nicht das geben, was wertvoll ist. Denn es ist die Lehre Shaytans. In der Zeit des Sultanats hatte jeder Gold und Silber in der Tasche. Danach gab es Reformen in der Welt und auch in uns. Wir sagten: Wir sollten auch der Welt folgen. Warum sollten wir Gold und Silber behalten? Sie drucken Papier. Sie haben Dollar, Pfund Sterling, Drachmen, sie haben Lira... Wir können auch TL machen. Es gehört zu uns. Und wir können auch Dollar machen, da ihm die ganze Welt folgt. Aber unser Dollar wird stärker sein als die anderen. Wo ist der Gegenwert? Er ist im Tresor. Warum tut ihr es in den Tresor? Warum gebt ihr es nicht den Menschen? Warum versteckt ihr das Gold und Silber? Für wen bewahrt ihr es auf? Wenn es für die Menschen ist, gebt es ihnen. Wenn nicht, warum versteckt ihr es? Warum betrügt ihr die Menschen? Ihr zeigt Papier und sagt: Sein Gegenwert ist im Tresor. Ihr lügt! Es ist nichts im Tresor. Aber sie sagen es so: Der Gegenwert ist in der Zentralbank. Es ist in dieser Bank, in jener Bank... Es ist dort eingelagert. Warum solltet ihr es einlagern? Nehmt es heraus und gebt es den Leuten. Gebt das Gold und Silber den Leuten und laßt sie auf die Straße. Du kannst nicht mal einen Mann finden, der sein Gold verkauft. Nein, er behält es. Aber

Papiergeld ist ihm egal, und er gibt es rücksichtslos aus.

Das also ist ihre Reform, die Falle des Teufels, die shaytanische, böse Falle. Warum lehnt ihr Allahs Lehre für euch ab? 'Nun, dieses ist religiös, jenes ist national.' Es ist eine Lüge! Eins ist Himmlisch, das andere shaytanisch. Es gibt 2 Sekten jetzt auf der Welt. Eine ist das System, das Himmlisch ist. Und die andere ist die, die shaytanisch ist. Shaytan läßt es schäumen und schäumen und schäumen, aber es hat kein Ergebnis. Es schäumt und schäumt und läuft über wie kochende Milch und Schluß. Nur der wässrige Teil bleibt übrig. Selbst dieses Wasser wird den Leuten jetzt nicht gelassen. Das ist die Falle, die jetzt der ganzen Welt gestellt wird: 'Ihr versteckt das Gold und Silber und gebt den Leuten Papier in die Hand.' Nein, ihr habt kein Recht dazu. Jemandes Dienst kann nicht mit Papier bezahlt werden. Das ist der falsche Weg. Das ist der Weg, den Shaytan die Leute lehrt und mit dem er sie betrügt. Deshalb finden sie nichts Gutes: die Ägypter, Türken, Araber, Amerikaner, keiner von ihnen. Schluß. Das ist die Falle Shaytans. Der himmlische Wert ist Gold und Silber. Sie verstecken es. Nein, ihr könnt es nicht verstecken. Gold und Silber ist das Recht der Menschen. Ihr könnt es nicht verstecken. Es sollte in ihren Händen sein, nicht in eueren Tresoren. Gold und Silber sollte in den Händen, in den Taschen der Leute sein. Sagt nicht: 'Sie sind im Banktresor.' Lügt nicht! Diese Welt ging bankrott wegen der Lüge. Die Menschen dieser Zeit fielen in jede Schwierigkeit wegen der Lügen.

Deshalb, o Mensch der Vernunft, o Mensch, der denken kann.. Sie fragten einen Philosophen: 'Beschreibe den Menschen.' Dieser Philosoph sagte: 'Der Mensch ist ein Geschöpf, das denken kann.' Das Tier, das denken kann, mit anderen Worten. Die Tiere mal ausgeklammert, gibt es in unserer Zeit keinen Menschen mehr, der denkt. Werdet gerade, ihr Leute! Kommt auf den rechten Weg. Fürchtet euch nicht, Haqq zu sagen! Fürchtet euch nicht. Was können sie tun? Sie können nur tun, was Allah will. Solange Allah über jemandem wacht, kann ihm niemand ein Haar krümmen. Manche sagen: 'Wie geht es diesem Mann?' 'Sein Rücken ist stark.' 'Wie kommt das?' 'Dieser Präsident gibt ihm Rückendeckung. Jener Millionär gibt ihm Rückendeckung.' Laßt die Menschen! Sagt, Allah (jj) gibt diesem Mann Rückendeckung. Das bedeutet, Allah Dhul Jalal ist sein Garant. Fürchtet so eine Person, fürchtet sie! Wenn er euch anrührt, können nicht einmal 9 Ärzte Heilung für euch finden. Glaubt nicht, das sei eine leichte Sache, daß einen Mann Allahs anzugreifen eine leichte Sache sei. Nicht einmal 99 Ärzte können Heilung für dich finden. Diese Menschen sollten Allah kennen! Sie sollten Shaytan verstoßen, so daß sie anständig werden. Sie finden Trost. Ihre Dunya wie ihre Akhirah seien glücklich.

Laßt uns denn sagen: Bismillahi r-Rahmani r-Rahim. O unser Herr, mögest Du uns in Deiner Dienerschaft aufnehmen, obwohl wir viele Defekte, viele Sünden haben. Deine Vergebung ist reichlich, o Herr! Du hast uns, all diese Menschen, zu den Nationen Deines Geliebten (s) gemacht. Und diese Menschen, die Menschen dieser Welt, laufen alle davor weg! Sie werden nie Gutes finden. Sie werden einander bekämpfen. Sie werden sich zerschmettern. Sie werden sich gegenseitig bestrafen mit der eigenen Hand. Das ist nicht mit Geld. Seid Diener Allahs und werdet gerettet, in der Dunya, im Grab und in der Akhirah. Wenn nicht, werdet ihr leiden. Aman ya Rabbi, Tawba ya Rabbi. Tawba ya Rabbi. Mögest Du uns die senden, die uns lehren. Wir dürfen sagen: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. O unser Herr, mögest Du uns nicht von Deiner Dienerschaft verstoßen. Wir sind Deine Diener. Mögest Du uns vergeben, o Allah. Sie haben uns nicht gelehrt. Mögen jene, die nicht lehrten, die Strafe erleiden, wo immer sie begraben sind. Jene, die die Menschen verdarben, leiden alle Qualen im Feuer. Möge Allah uns von ihnen entfernen. Und wir sollten die Tatsache würdigen, daß wir die Nation Seines Geliebten sind und sagen: Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah, Sayyidina Muhammad Rasulullah (saws). Fatiha.

Mit der Gabe Allahs des Allmächtigen, werde ich die Macht des Unglaubens in dieser Welt zerstören, insha'Allah. Ich bin nutzlos und kann nicht mal von hier nach da gehen, aber insha'Allah werde ich sie zerstören. Meine Absicht ist das. Mein Ziel ist es, diesen Shaytan und die Ordnung Shaytans zu zerstören. Ich will dafür leben, ich will die Menschen retten, die von Shaytan verhöhnt werden mit seiner Hand. Selbst wenn es wenig ist, will ich tun, was ich kann. Wenn mein Herr mir hilft, kann jemand sogar 9 Welten korrigieren. Allah, Tawba ya Rabbi. O Mensch, sage: Bismillahi r-Rahmani r-Rahim und gehe recht und du wirst gerettet werden. Al Fatiha.

## Treffen um Allahs willen

Bismillahi r-rahmani r-rahim. La hawla wa la quwwata illa billahi l- ‘aliyyi l-‘azim. Medded ya Sayyidi, medded ya Sultan al-awliya’, Shah Naqshiband ya hazret. Unsere Tariqat ist Versammlung mit dem Sheikh. Und Segen kommt von Allah dem Allmächtigen auf solche, die um Allahs willen und Seines höchstangesehenen, meistgepriesenen Dieners, Sayyidina Muhammad (s.a.s.), zusammentreffen. Segen kommt auf solche Leute, die sich aus diesem Grunde treffen. Deshalb solltest du versuchen, mit wenigstens einer Person zusammenzusein. Wenn du einen Bruder triffst, einen Muriden, einen Diener deines Herrn, so achte ihn. Und versuche, daß dein Treffen demHerrn der Himmel zur Ehre gereicht. Wenn ihr im Begriff seid, euch zur Ehre eures Herrn, Allahs des Allmächtigen, zu treffen, so belohnt er euch mit mehr Ehre. Wenn ihr Ehre zu erreichen wünscht: Wahre Ehre gibt es und muß es geben in der Göttlichen Gegenwart. Bei dem Wort Ehre denken die Leute, meistens ignorante Leute, sie erreichten Ehre in diesem Leben durch mehr Geld, mehr Geld, durch mehr Eigentum, mehr Juwelen, mehr Münzen, mehr Ländereien, mehr Flugzeuge, mehr Schiffe, große Fabriken, große Gesellschaften, große Gebäude oder Verzierungen an ihren Namen oder dadurch, „offizielle Personen“ zu sein. Und das höchste, was sie erreichen wollen, ist, Präsident oder Premierminister oder Minister oder General oder Admiral oder Feldmarshall zu sein. Dies sind für sie die höchsten Ziele der Ehre in diesem Leben. Und es geschieht dir vielleicht, daß die Ehren, die du im Leben erreichen konntest, zu dir kommen, wenn du nahe daran bist, das Leben zu verlassen oder du deine

Körperkräfte einbüßt oder deine körperlichen Wünsche vergehen.
Und meistens hat der Mensch mehr Nutzen daran oder mehr Vergnügen und Freude, wenn er jung ist. Es kann sein, daß einer hohe Ehren oder höchste Ehren in diesem Leben erreicht, während sein Körper dabei ist, auf Null oder weniger als Null herabzusinken. Es ist so wie bei einer Person, die keine Zähne mehr hat und Walnüsse und Erdnüsse essen soll. Ich schaue nach meinen Zähnen und sage: „Wo sind meine Zähne?“ Meistens kommen diese Ehren, wenn er seinem Ende zugeht und seine Gefühle abnehmen. Ehren mögen in einem Alter kommen, in dem er nie mehr solch eine Freude daran haben kann, wie er sie sich gewünscht hatte, als er jung war. Aber die Leute laufen dem nach. Vollkommene Dummheit ist es, solchen Ehren hinterherzulaufen, die die Mehrheit der Leute meistens nicht erreichen können. Und am Ende, wenn er stirbt, bleibt ihm nichts von der Ehre übrig. Mit der Ehre aus diesem Leben ist es zu Ende. Deshalb mußt du nach Ehre fragen, die für immer bleibt. Ständig, niemals endend. Verpasse daher nicht deine Gelegenheit, mehr Ehre von Allah dem Allmächtigen zu nehmen. Das ist für dich, diese Gelegenheit wird dir gewährt von Allah dem Allmächtigen.

Wenn du ein Treffen mit einer Person hast, mache es zu einem Treffen um Allahs willen. Sag als erstes: „La ilaha illallah, Muhammadur Rasulullah. As-salamu alaikum. Wa alaikumu s-salam. O unser Herr, gewähre uns von den Lichtern dieser heiligen Worte.“ Wir sagen: „La ilaha illallah, Muhammadur Rasulullah. Bekleide unser wahres Wesen mit Deinen göttlichen Lichtern.“ Das ist, so sagen wir, Shah Naqshiband, der Hauptpfeiler des höchst ausgezeichneten Naqshibandi Ordens. Und dumme Leute denken, daß Naqshibandi Leute der Dunya nachlaufen, aber nur Hunde laufen Dunya hinterher. Denn wie die Propheten sagen: „Ad-dunya ghifa’.“ Dunya ist wie der tote Körper eines Tieres. Nur Hunde laufen und suchen tote Körper anderer Tiere auf, um sie zu fressen. Der wahre Islam achtet mehr auf Ewigkeit – Ewigkeit – ewiges Leben, und nicht auf dieses Leben, schmutziges, schmutzigstes Leben. Jene dummen Leute denken, Leute des Naqshibandi Ordens würden der Dunya hinterherlaufen, und meinen, wir würden so weit laufen, um Präsident zu sein oder Premierminister. Und sie glauben, wir sammelten Leute, um mehr Macht in der Dunya zu haben. Dunya ist unter unseren Füßen. Sie läuft uns hinterher. Wir sind geehrt worden, so daß die Dunya uns hinterherläuft, so wir wahre Naqshibandis sind. Löwen laufen nicht zu toten Körpern von Tieren. Löwen jagen und fressen von dem, was sie gejagt haben, sie gehen nicht zu schmutzigen Körpern von Tieren. Dunya ist wie ein schmutziger oder toter Körper. Wer ihm nachläuft, ist dabei, wie jene Schakale, Bären oder Wölfe zu sein. Uns wurde die Ehre gegeben, da Allah der Allmächtige uns ewiges Leben versprach, für die Ewigkeit,

im Paradies zu sein, in Seiner Göttlichen Gegenwart. Und wir laufen dieser Ehre hinterher. Wir wollen nicht solch ein schmutziges Leben. Aber sie befürchten, die Naqshibandis, Millionen und Millionen von Naqshibandi Leuten könnten danach trachten, Reichtümer dieses Lebens zu erreichen. Nein. Tausende von Königen, Hunderte von Kaisern erreichten und sammelten und horteten Schätze, und sie alle ließen sie zurück und gingen in die Göttliche Gegenwart ihres Herrn ein, wo sie ihre angenommene Ehre abgaben.

Deshalb kommt der Segen Allahs des Allmächtigen auf solche Leute, die sich um Allahs willen treffen und versammeln. Gib für Allah, laß für Allah, stirb für Allah, sonst nichts. Laß sie die ganze Welt nehmen, sie mögen sie nehmen, aber nach einer kurzen Weile werden sie weggehen und an diesen dunklen Platz gehen, den Friedhof. Wir laufen jener Ehre nach, und wenn sich zwei Gläubige, zwei Muriden, treffen und sagen: „La ilaha illallah, Muhammadur Rasulullah“, kommen jene Lichter auf sie, und Allah der Allmächtige bekleidet sie mit Ehre, wenn sie die Einheit des allmächtigen Gottes bekennen, Seine Einzigkeit und Seine meistgeliebten Diener, das Prophetentum und den Gesandten. Das gibt dir Ehre, deshalb ist es genug für einen Menschen, wenn er im letzten Moment seines Lebens sagt: „La ilaha illallah, Muhammadur Rasulullah, (s.a.s.)“. Das gibt ihm endlose Ehre, endlose Ehre, und Segen wird ihm von Allah dem Allmächtigen zukommen, der ihm ewiges Leben gewährt, ja.

Jede Nacht sitzen wir hier entsprechend der wasiyat unseres Großsheikhs, seinem Ratschlag, wir sitzen eine Viertelstunde oder eine ganze oder eine halbe Stunde oder vierzig Minuten. Wir kommen und sprechen hier nur, was unser Großmeister uns zu sprechen gewährt und worüber zu sprechen er Erlaubnis gibt. Sie machen mich sprechen, und das ist eine Ehre, und magst du auch durch ganz Zypern gehen von Ost nach West, nirgends findest du ein vergleichbares Treffen wie das, in dem wir jetzt sind. Und wir müssen Allah dem Allmächtigen dankbar sein und sagen: Al-hamdullillah, al-hamdulillah – ash-shukrulillah, ash-shukrulillah – al-hamdulillah, al-hamdulillah; wa sh-shukrulillah, wa sh-shukrulillah, wa sh-shukrulillah, wa shshukrulillah, wa sh-shukrulillah – astaghfirullah, astaghfirullah, astaghfirullah – ila sharafi n-nabi ... O Allmächtiger Herr, gib mehr Ehre dem meistgeliebten, meistgeehrten, meistgesegneten, meistgespriesenen Diener, Sayyidina Muhammad (s.a.s.). Gib ihm mehr und mehr und mehr, und laß ihn nach uns schauen, den Dienern seiner Umma, damit wir unterstützt werden durch seine angesehenen Diener. Damit er uns hilft und unterstützt. Bi hurmati l-habib al-fatiha.

## The Trick of “Positive Knowledge”

Dastoor yaa RijaalAllah, madad, astaghfirullah. Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah w'Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd. Ya Rabbana, Anta Rabbuna, Anta hasbuna, Anta waliyuna, Anta mawlana wa nahnu `abeeduka ad-du`afa muhtaajeen... faghfir lana maa madaa yaa wasi` al-karamee sabirna! Ya Rabbana, `ibaad bi jaahi habeebika al-Mustafa nahnu `abeeduka ad-du`afa fuqaraa muhtaajeen! alfu salaat, alfu salaam `ala 'd-dawaam `ala habeebu 'r-rahmaan, sayyidi 'l-awaleen wa 'l-akhireen Sayyidina Muhammad, ishfa-` lana ya sayyidu'r-rusul-kiraam ishfa` lana li-anna shafa`tak matlooban, marghoobun wa maqboolan, shafa`tak la turad, Ya Rasulullah!

As-salamu `alaykum, our listeners, wa rahmatullahi wa barakatuh. Allahumma al-himna rushdana bi jaahi nabiyyika al-Mustafa (s).

O our protector through life on this planet, master of this planet, qutb-uz-zamaan! We are running to you for heavenly support. Now we are so weak, so hopeless. We are in need of your support, O our master, qutb-uz-zamaan. To be a qutub is an appointment from the Lord of Heavens: He may grant that. We are saying, a`udhu billahi min ash-Shaytani 'r-rajeem. We are fearing from our ego's dirtiness, because dirtiness is not for Divine Presence as we have been ordered to make ablution for prayers. Also, we are in need of reaching heavenly presence of the Lord of Heavens' cleanliness, •••••••••• ••••••••• wa theeyaabaka fa-tahhir - And thy

garments keep free from stain! (74:4)

O our Muslim Arabs or Arab Muslims! Are you understanding, fa thiyaabaka fa't-tahir? Do you think that one who is cleaning and changing his underwear three times a day, changing their clothes outside, that is cleanliness? Allah Almighty ordering when He is saying, •••••••••••• ••••••••• - wa fatheeyaabaka fa-tahhir •••••••••••••• •••••••••• wa yutahirakum tatheeran - make you pure and spotless. (33:33) It means that it is tatheer not like taharah (purity), but it is tatheer. Allah Almighty asking that his servants be so clean, ghaya, the last point that you can make yourself to be clean. The Lord of Heavens asking for the last point of cleanliness. Don't leave on yourself or on your clothes particularly, don't leave any dirtiness on your real personality that is thrown on you by Shaytan and devils. Shaytan and devils are so harees, eager, to make Mankind dirty. That is their last aim against Mankind, who are clean and honored in the Divine Presence as His deputies. The deputy must try to be full or complete, perfect, clean ones. That is holy command from Heavens to Mankind, wa fatheeyaabaka fa-tahhir.

O Man! You are living on this planet for some time. Through your life on this planet so many occasions are given to everyone, as well as to Shaytan and its armies, to make the servants of the Lord to not be clean, (but to be) dirty! Heavenly order, "Be clean!" and Shaytan calling people, "Don't listen. Come after me and enjoy yourself. Don't believe what they are saying about cleaning. I am calling you to enjoy yourself as much as you can. And when you are going back to your home, take a shower. Finished." Cheating people. "Don't worry if you are falling into sewage channels. Don't worry! Get in those sewage channels. Get in and drink and eat, and swim in it. Don't say, 'We are going to be dirty,' no, get out and take a shower, finished." That is Shaytan's teachings on this planet for Mankind.

There are two teaching centers, one belongs to Heavens and the second to Hells, to darkness territories, more darkness. One is enlightened ways for reaching more and coming close, much closer to the Oceans of Lightening through Allah Almighty's endless Heaven Oceans. Through Heaven Oceans endless dominions of the Lord of Heavens looking after you to come there. And second one is dark, black holes calling, Shaytan asking to cheat people, "Come after me, come and enter in it. You should be very happy and joyful."

Therefore, O people, I am saying something through my master to you. Did you ever see a scenery lighted on stage while play is going on? They are making it dark, shutting down the lights and people sitting through

dark place for looking at something. Shaytan saying, “O people, I am taking you now through these darkest territories to enlightened territories. You should find so many things through that darkness. You are going to see so many things. If we are not using that darkness, you can’t see anything on screen. No. Therefore, I am putting you into darkness and, after darkness, you should see so many things.” But really you are just in darkness of black hole, putting you in it, then you will see there. If you are not coming to sit into darkness, it is not going to appear. That is Shaytanic teaching.

Shaytan is using thousands of tricks and traps. When you are entering through darkness, you are not seeing anything. What you are doing, you are not understanding. It means you are just caught by darkness waiters from Shaytan carrying you and making a stage, saying, “Look, look, look.” “Yes, I am looking, but I am not there; I am not living in that stage, I am here.” If anyone is using his mentality there, Shaytan is quickly taking that one outside. “We are not seeing anything. We are not there.” Shaytan is kicking him outside not to cheat other people and to tell. Therefore, Shaytan is using countless traps and tricks on people for cheating them, to not listen to prophets, the heavenly messengers; to what they are saying and teaching, saying, “This is nothing. I am coming to cheat you.”

Therefore, in our days Shaytan making people, particularly learned people, to say, “We have a mentality, enough zaka and `aqil (intelligence, cleverness) and we must try to make our cleverness an unchangeable balance; there is a balance for everything. We must use our cleverness as our lord. We must bow in front of our cleverness and positive knowledge.” They are doing that as (if) they are gods. They are saying, “(There is) no god, (there is) only what we are looking and seeing from our minds and positive knowledge, that’s it. We are bowing in front of that.” That is biggest sin for humanity making their faces to be changed and to be taken from them heavenly lights that were granted when they were coming to this life from the wombs of their mothers. When you are looking at a baby when coming it is so innocent, but when he is growing up, Shaytan is playing with his understanding, playing through his cleverness. He is trying to make them not to believe in the Lord of Heavens.

They are saying, “Nothing is up. Everything is in front of you.” Positivism. They are saying, “We must approach something, then we are believing positive knowledge.” That is their understanding and it is false, one hundred percent. Not one hundred percent, a thousand percent. Now whole world is believing in such nonsense ideas that Shaytan teaching them, saying, “Don’t believe in such a one that you are not seeing or

approving him. But you must have, if you are asking a lord for yourself, positive knowledge. Enough for you." Therefore, there is a very famous branch of ideas in our days, Positivism, refusing everything about spirituality. Saying, "We are not accepting. Only we are accepting positive knowledge, and we are positive people." That is Shaytanic teachings.

All prophets came with heavenly powers granted to them. If you are looking at their faces, you should enjoy them and be full with a pleasure. For what reason? (Mawlana has a coughing bout.) Shaytan never likes that I may speak, making coughing for me! Curse on you, l`aanatullah `alayh on that one! Sayyidina Yusuf (a) had been granted to be so handsome. All prophets, their faces like moon so handsome, that was a grant from heavens to human nature. The Egyptian people were in a drought and coming and standing in front of palace of Sayyidina Yusuf (a). Sayyidina Yusuf (a) coming, standing and giving salaam to them. When they looked at his face, they forgot their hunger. They kept on looking, looking, looking. When Sayyidina Yusuf (a) going into his palace, people were still standing there for three days like this. Three days that noor of his beauty until closing, they are looking and for forty days they are not feeling hunger!

The Lord of Heavens giving such beauty and lights to his divine servants. Therefore, Sayyidina Yusuf (a) was the most beautiful among prophets, (Mawlana stands) but beauty of the Seal of Prophets, Sayyidina Muhammad (s) even more. If Yusuf (a) was a crescent, Sayyidina Muhammad (s) like a full moon! Or Sayyidina Yusuf (a) was like a moon then Sayyidina Muhammad (s) like sun shining despite (what) Wahabi and Salafi people (say). I am giving nothing for the honor of the Seal of Prophets (s), (only) Allah (swt) is giving to him and dressing that beauty on His most beloved servant!

As-saalamu `alaykum, O our listeners! Don't say that knowledge is only for those people who are learning something through colleges, high schools, academies or universities. Don't believe that all knowledge and its lightening for them. No, they have been given only a very small spot like an atom. Hear and believe! I am a translator for the honored ones in heavenly levels for the presence of Allah Almighty. They are granted something appearing from the smallest light. If appearing from one that granted a heavenly light, this world going to disappear through that light. Don't say, "O Shaykh, you are exaggerating." It is not mubaalagha. It is the smallest thing I can say only, because their minds can't carry. If we are going to speak something on that point, their minds going to be solid like stone. No understanding and no feeling. Don't say that we are doing too much, no; it is not too much, but too small!

That is about prophecy. They are granting a little tonight for people on how they have been granted heavenly beauty and handsomeness; you can't imagine! Therefore, those who have been granted such a knowledge from heavens are awliyaa, saints. If you are looking at one of them, you can't carry. Even to look to their eyes, you may fall. Therefore, they are mostly closing and not showing. If anyone asking to look through their eyes, they are tiring and becoming ashamed and retreating.

But those people who are followers of positive knowledge as Shaytan teaching to them, you can't look to their faces, so ugly, so ugly! If you are looking for three days you can't eat something, such ugly ones. Those claiming against holy knowledge are saying, "We are representative of positive knowledge." Look at their faces. You can't even look at their faces for ten seconds, so ugly. Bring their photos here and look at them. What you should see? O my Lord! O Rabbuna, O Rabbuna wa Rabbu 'l-`alameen.

That is from tonight's association. A little bit changing coming tonight, as He likes about His deputies on Earth; prophets, messengers from heavens. People who are not accepting heavenly lights, their faces through darkness and they have also a bad breathing. You can't approach them because of that dirty breathing. Also, from their body coming such a dirty smelling. Doesn't matter whether they use soaps and perfumes, their bodies smell dirty. But those people who are taking from heavens, their bodies giving perfume to people. O people, try to cling to the ways of imaan and Holy Qur'an. Prophet (s) saying, "Try to do this." You can't reach to that point till you are following one of heavens representatives. Look after that.

Fatihah. May Allah forgive us, O People.

## Troublemakers Are Disliked Ones!

Dastoor yaa Sayyidee. (Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah min al-azali ila 'l-abad. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, ridwaanan wa sultaanan. Raghman `alaa anfi 's-salafiyeen. Thumma as-salaat wa 's-salaam `alaa jamee`i 'l-anbiyaa wa 'l-mursaleen wa man tabi`ahum bi `ihsan ila yawmi 'd-deen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem!

Say, our attenders, say, Salafi `ulamas, Bismillahi 'r-Rahmani 'r-Raheem! That is an honor for us. You must stand up and you must say! (Mawlana Shaykh sits)

O our Attenders! Marhaban! As-salaamu `alaykum! Don't run away, then heavenly ones will send after you Shaytan's dogs to bite you. Shaytan has countless dogs. Those who are not attending, one day coming, and second day not coming are leaving those dogs to bite them. That is also a heavenly warning to those people who are not giving a short time for listening to heavenly warnings. Daily we have heavenly warnings. The Lord of Heavens, Allah (swt), (Mawlana Shaykh stands) is not leaving. Wa dhakkir, "And remind!" That is a heavenly warning! (Mawlana Shaykh sits)

A heavenly warning is coming. Sometimes people are writing on some places, what is that writing, do you

know? "Mind your head." Yes, is it so? "Mind your head." What does it mean? There is always that writing, "Mind your heads," because something may touch you and you may be hurt. In some places there is also some writing on some doors, saying, "Beware of dog." Where is the dog? Sitting inside, hiding itself, but if anyone is asking to enter, it is standing up and rushing on him! Therefore, that is always written in, "Beware of dog." And who is the biggest dog, the biggest harmful one for Mankind, who is that one? Diabolo, Shaytan.

O `ulamas Salaafiyeen! Are you reminding people daily, "O People! Beware of Shaytan!" Are you doing this? No! You must do it, because the holy order is, fasta`eedhu billah.

••••••• •••••••••••• •••• •••••••••••• •••••• •••••••••••• ••••••••

Wa imma yanzaghannaka mina 'sh-shaytaani nazghun fasta`ith billaahi. If a suggestion from Satan assail thy (mind), seek refuge with Allah. (al-A`araf, 7:200)

Shaytan is always asking to catch you to give trouble to you. I am asking a question to Salafi `ulamas, marhaban! Hear! Who is the biggest troublemaker on Earth? Say its name and print it and you must say who is this biggest troublemaker.

If a teacher enters a classroom, he knows which one of the students is a troublemaker. He also knows which one is the most biggest troublemaker. Yes. And this is a good question for waking up believers, not to fall in the traps of that biggest harming one, or troublemaker. Always the biggest troublemaker is sending east and west, and everywhere its soldiers and followers, sending to make Mankind to fall into trouble. Who is that one? Say! If you are Salafi `ulamas, you must know this! Who is the biggest troublemaker on Earth? If you do not know, you are going to be ignorant ones. And the Lord of Heavens is ordering to you, O `ulamas, "Warn My servants not to fall into the traps of the biggest enemy of Mankind." Say! Don't claim, "We are Salafi `ulamas," or, "We are doctors," no, leave that! I am asking, because you are on the level that you must wake people up!

O People! Wake up! Because your biggest enemy is just putting countless trips, and beware, don't fall in its trap! The biggest troublemaker is asking you to follow it and to come in sewage channels, nothing else. Shaytan is asking from Mankind to follow him, for what? To bring them to sewage channels--dirty life, full with troubles! When Man is falling in troubles, Shaytan is getting so happy! Beware of Shaytan! Say! You are `ulamas! Hadhhar, beware of dog. In Arabic, fahzhar min ash-Shaytan. We are in need of that daily. Daily

you must say this. We must try to wake people up, "O People! In front of you is danger!"

Once upon a time I was in Lebanon, and that biggest troublemaker for Mankind was making troubles. When we were coming from Damascus to Beirut, there is a place named Minya, where sometimes armed people stand there, warning, "Don't go further, because there is shooting," so people will not be hurt. And now Shaytan is everywhere, shooting people! Why are you not warning people, "Don't go to that place, don't do this and that, because Shaytan and its armies may shoot you down and troubles may reach you!" You must teach people, particularly youngsters, as it is so easy for them to follow Shaytan. Youngsters are ready for following Shaytan and its followers. Why are you not writing in your schools, "O Students! Don't be troublemakers." If he is a troublemaker, take that troublemaker out. Don't leave troublemakers between students. That is Shaytan's representative. Look in your classroom among students, if you are looking and seeing a troublemaker, take his name and send him away. Because he is troublemaker, representative of Shaytan, making trouble for other school students, no!

Therefore, troublemakers are disliked ones. And from their faces you can understand that they are troublemakers. Send them away! Clean schools, clean universities, clean armies, and clean factories from troublemakers. Don't make it like this, no. Everywhere troublemakers must be taken away! That is salaamatu 'l-insaan, safety for Mankind. Don't give that one a chance to make trouble. If you are looking and seeing that they did trouble in schools, academies, universities, factories, or armies once, take them away! That is salaamat ad-dunya, salaamatu 'l-insaan, safety and peace.

It is most important for governments to look after troublemakers. If you are looking and seeing someone that is getting first and shouting, that means he is a chief of troublemakers, no one else, catch him. Who is number one for asking to make shouting and bringing that, take them, other people, don't worry! Take who is the head of this or that movement, who is chief for troublemakers.

That is important for all nations and it is written in holy books, the Old Testament, the New Testament, the Psalms of David (a) and the Holy Qur'an, saying, "Don't leave troublemakers on power, take them away!" At least you may take them and put them in unknown deserts, leave them there! Don't leave any troublemakers in villages, in towns, in cities, in parliament, in government, in armies, in the Navy, or in markets, no! They are the biggest reason for cursing on Mankind and making the life of Mankind poisoned. You may know, take

them away from people! If anyone is making trouble, take him and put him out, they are making the life of Mankind poisoned.

And I am asking from Salafi `ulamas, who is the biggest troublemaker? Say its name! You know. If you don't know, you are not an `alim. Who was the biggest troublemaker, munafiqoon, hypocrite and they have been taken away? Everywhere troublemakers must be taken away. If we are asking for peace on Earth, we must run after troublemakers, to collect them and put them in unknown places or deserts or put them on an island that it is impossible for them to come back. Say its name, you Salafi `ulamas, the biggest harmful and biggest reason for cursing and the biggest troublemaker for Mankind! Why are you not saying that it is Shaytan? The biggest troublemaker is Shaytan. All wars happened and finally the First World War, and Second World War, from where was it coming? The first class troublemaker, the representative of Shaytan or dictators! They did their worst for Mankind and in the first war just killed 20 million people and in the second war a billion people just passed away by the order of Shaytan's successors, or Shaytan's representatives.

Look, O Mankind! You must listen to the holy commands from the Heavens! The Heavens are ordering you to take away troublemakers! Don't leave them to live among you. They are more dangerous than the pig flu! Thousands and thousands of times more harmful are those troublemakers. They are tyrants, and through their commands millions and millions of innocent ones were killed in Russia, China, India, Turkey, Europe, east and west. You are writing in your history books, they are saying, I am not saying from myself, Allah Almighty is never giving a chance for a troublemaker to kill one innocent one, yes. For what were they making that trouble? Because they are agents of Shaytan and until we are learning this, never-ending troubles will continue, never-ending battles and wars will continue and people will be in never-ending traps of Shaytan, falling in and never tasting a sweet life on Earth and to be in safety after this life. May Allah forgive us.

O our Attenders! Take your lesson, don't leave troublemakers among you because troublemakers are representatives of the biggest troublemaker, Shaytan. May Allah forgive us. Open your eyes before you fall down! Don't be blind ones to realities. That is advice from the Heavens to all nations. If you like it, accept. If you do not like this advice, you may fall down and you will cry but it is going to be useless. May Allah forgive us for the honor of these holy days and for the honor of the most honored one, (Mawlana Shaykh stands) Sayyidina Muhammad (s). (Mawlana Shaykh sits)

Fatihah.

(33 minutes)

(Mawlana Shaykh speaks to Shaykh Hisham Effendi on the phone.)

(Shaykh Hisham: Allahu Akbar `ala man tajabbar wa takabbar, "God is most great on those who are tyrants!" Today I never saw you using such strong language on anyone. I am in New York with Hajjah Naziha, and we have hundreds of people here watching you on the Sufilive TV--Jews, Christians and from every nation--they are watching from all kinds of heads of different groups who came from many different religious faiths and watching you. They want to take baya`, Sayyidee, if you can recite the verse of baya`, jamu`n ghafir, for a large gathering.)

(Mawlana Shaykh recites the verse of baya` and says they will be successful and victorious against Shaytan and his works.)

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## True Knowledge Defies the Imagination

(Mawlana Shaykh stands) As-salaam `alaykum. Salaamullahi `alaykum. Alfu salaat, alfu salaam `ala Sayyidi 'l-awwaleen wa 'l-akhireen, Sayyidina Muhammad (s) wa `ala aalihi wa saabihi ajma`een. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

O our Attenders! O Servants of the Lord of Heavens! Huuuuu. As-salaamu `alaykum. That is giving you honor. Always ask for honor, but ask for the honor of Heavens. Don't run after the honor of this imitated life; it is not a real life, which is in Paradise. There will be good days for believers and best honors, but those who are not asking for the real life and its honors are going to be without a chance, here or Hereafter.

Be thankful Allah Almighty is granting us to come to Jumu`ah prayers, to make dhikr, and to sit down to listen to something that may bring heavenly honor for all of us! From our birth day, we are getting older, older, older, and when what is written for us to be and to have in this life is finished, our lives end and we must go.

O our Attenders throughout east and west! You may listen to this or not, but who listens and respects what they hear, and who asks to follow holy orders of the Lord of Heavens, our Creator, Allah Almighty is creating from pre-Eternal up to Eternal! He is not only creating one dunya, but countless worlds that you cannot

calculate. Once the Seal of Prophets (s) said, "Archangel Gabriel brought me to the most honored ones' place and I like to be included in that group.” No one can be over the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) And there was a parrot with Archangel Gabriel (a), saying, "Look, that is junood Allah, armies of the Lord of Heavens, that may be possible for you to see, but they are so vast that you can't reach their beginning or end!" They passed like lightening on heavenly horses through armed armies of the Lord of Heavens, reciting Huuu, Huuu, Huuu, and saluting the Seal of Prophets, giving salaam to them.

The Seal of Prophets (s) asked, "Who are they?"

Archangel Gabriel said, "That is a division from the armies of the Lord of Heavens, and I am looking to them from the beginning of my creation up to today, seeing them are passing, passing, passing, but I never saw where they begin or where they end!” And that is Allah Almighty’s holy verse:

••••• •••••••• ••••••• ••••••• •••••• ••••

Wa ma ya`lamu junooda Rabbika `illa Huwa. And none can know the hosts of your Lord but He. (74:31)

All this is from the heavenly armies of the Lord of Heavens; no one knows their beginning or end, or their numbers. Creation is never stopping from pre-Eternal up to Eternal, and now we are in it also. But we are heedless people, never listening, never hearing or obeying the holy orders of the Lord of Heavens! If we are obedient servants for the Lord of Heavens, for our Creator, we will be granted some unique grants that no one knew before and that no one will understand after that.

O People! Don't look at other people on this planet! This dunya is an imitated, limited life that makes people drunk! Very few people are awakened and not drunk; they may understand something, but drunk ones are never understanding and lose their chance after this life to reach Eternal Life. Come and accept the heavenly invitation that you will be forever in Heavenly Lights in the Divinely Presence; come and accept! But Shaytan is making people drunk, then they do not understand and run away, not accepting any advice! They are following what Shaytan teaches and that has no reality. That is the cause of troubles throughout east and west, that people have lost the understanding of the purpose of their creation and what is going to be for them at the end of their lives.

Some holy ones said, "O People! You ask for more knowledge, but it is not real knowledge that teaches you about yourself. You must ask, 'Who am I?' Leave other knowledge, but do you know yourself? Who are you? Learn who you are and then ask for more." That is the foundation. Without knowing yourself, why run to learn something else? You don't know your true identity. You know, for example, "I am `Ali, the son of `Umar," but is there anything deeper to your identity? And if you don't know about yourself, why run to see something in space, the planets, the galaxies, what is the benefit? Your personality is closed. Ask, who may teach us? From who can we know about ourselves? SubhaanAllahi 'l-`Aliyyu 'l-`Adheem! When people begin to seek real knowledge about themselves, their identity will become clear to them. True identity registration is in Heavens and no one sees that registration except angels, prophets, and the Seal of Prophets (s), who may reveal to you about yourself! You may learn real knowledge about yourself through heavenly ones, and no one from human beings has that knowledge of you as they are blind to heavenly knowledge, not knowing or seeing; they only see space. Space is such a small world and knowledge and you can't even reach it. If you are asking for real knowledge about your identity you must see what is written on the Lawh al-Mahfouz, the Preserved Tablet, then you will understand who you are, as your true identity is written there. Don’t look at what is written for you in this life!

All prophets came to teach people about their identities, missions, and works, but now people are fully heedless, not interested in knowledge that belongs to heavenly books. They are leaving that and following shaytanic, useless ideas, imagining about themselves and the world around them, living entirely in an imagination world!

••••• ••••• •••• •••• •••••• ••• •••••••••••• •••••• •••••••• ••••••• •••••••• ••• ••••••• •••• •••••••• •••••••

Wa maa lahum bihi min `ilmin in yattabi`oona illa azh-zhanna wa inna azh-zhanna laa yughnee min al-Haqqi shayya. But they have no knowledge therein. They follow nothing but conjecture, and conjecture avails nothing against Truth. (53:28)

Imagination is never giving you anything. Look beyond imagination to true knowledge, which is beyond your imagination! So many people speak from their imaginations, but it is only baatil, falsehood. May Allah forgive us! All of us must ask for our real identity and we must know true knowledge, learn it and act on it. From east to west people are running after an imagining life and laa yughnee min al-Haqqi shayya, "Conjecture avails nothing against Truth." That imagination is never giving people anything genuine; like fertilizer, it has no

value. Billions of people are wasting their lives for nothing, and they are leaving the real opening to realities and asking from untrue teachings, learning wrong things and making endless mistakes with their ideas, because imagination will never bring you any real knowledge about yourself, about space, or Creation.

Tawbah, yaa Rabbee. We are asking for Your forgiveness, because most people are running to learn something useless, wasting their lives and understandings. May Allah forgive us. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah.

Fatihah.

## True Ones Are Among Us and Must Be Followed

(Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultan Allah.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Yaa Rabbee zid habeebaka Sayyidi 'l-Awwaleen wa 'l-`Akhireen sharafan `ala sharafahu 'Lladhee `ataytah. zidhu sharafan wa karaman wa 'l-amaan wa nooran wa suroorun. Yaa Mawlayi. Thumma 's-salaat wa 's-salaam `ala Jami`ee al-Anbiyaa wa 'l-mursaleen wa `ala man tabi`ahum bi ihsaan min `ibaadika as-Saaliheen. Yaa Rabbee akrimna bi itiba`ihim w'aja`lnaa yaa Rabbana min al-maqbooleen ladayhim.

As-salaamu `alaykum yaa`ibaadAllah! Thumma 's-salaamu `alayk yaa Saahib al-Waqt, yaa Qutb al-Mutasarrif maa bayna 'l-mashaariq wa 'l-maghaarib, (supporting) in our lives what is necessary for us to do and understand and to follow the ways of saaliheen.

Thumma 's-salaamu `alaykum, our attenders from every kind of people, Muslims or non-Muslims, Christians or Jewish people, Buddhists or Hindus! All of us are coming from Adam and Eve (a) and everyone is coming

to this life knowing nothing! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Allah Almighty is sending us to this dunya for a while on this planet, and our Lord likes to grant us from His endless blessings. "As-salaamu `alaykum" is from Heavens, and all of us are in front of that salaam coming from Heavens. That salaam is giving people honor and pleasure here and Hereafter, taking us away from every trouble, miseries, and sufferings. You must learn; we have been created and ordered to learn. If a person is not learning, their level is going to be the level of animals, but you are a member of human nature. You are from the holy family of the first man, Adam (a). And we are saying, (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. Say, Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh sits) That gives you honor here and Hereafter, and it is carrying from you every badness, taking away harm from you!

This planet is full with good and bad things. Good things are for good ones and bad things are for bad ones; it is so easy. The first teaching from Heavens is coming to Adam (a) as he is the father of all Mankind, and the first one who bowed to his Lord. What was the first order from Heavens to Adam? It was, "O Adam! Be a good one. O Adam! Don't be a bad one." That is a Heavenly declaration from Heavens coming to Adam (a) from the Lord of Heavens. Then coming to Adam khitaab, "O Adam! Try to be a good one, beware to be from bad ones." That is the first Heavenly order that Adam (a) had been ordered and he had also been ordered, "O Adam! Declare to your children to be good ones, not to be bad ones." Heavenly addressing, "I like good ones, I don't like bad ones."

As-salaamu `alaykum, our attenders! Keep only these two words and go away, if you are not listening to other words, keep these too and you will be happy here and Hereafter. Allah Almighty is saying, "O Adam! I like good ones, I am hating bad ones." All prophets' message is on that point, to be good ones, not to be bad ones. Good ones are blessed ones, bad ones are cursed ones. Who are good ones? They are ones who are following Heavenly commands and giving their goodness to everything in Creation. And you must think that Allah Almighty likes every creature that is in existence to be in existence. If He is not asking (for it to be in existence), He is never creating. Therefore, you must give for everything that Heavenly order and you must try to be with everything as a good one. If you are not doing good for everything, you are against that Heavenly command.

O People! All prophets were coming to teach that point, trying to make Mankind good ones. If the Lord of Heavens is leaving Mankind, Shaytan is always asking to make people bad ones, harmful ones. Allah

Almighty never likes those people. The followers of Shaytan are never getting any pleasure here or Hereafter.

O our Attenders! Keep your lesson today: who is following Shaytan is never going to be happy here or Hereafter, but who is following goodness will be accepted, rewarded, honored ones here and Hereafter, forever! Try to be an honored one, an accepted one, a good one. Christians can't say, Jewish people can't say, other nations can't say this is wrong. No one can say the Lord of Heavens likes bad ones and no one can say the Lord of Creation likes bad ones; it can't be, as 124,000 prophets were just coming with a Heavenly message to be good ones. Why are people running to belong to sects? Why? What are they asking? What is their aim? What is Christians' aim? What is Jewish peoples' aim? To make all people dead ones? Did their beliefs and their prophets say to them, "O People! Try to make people dead ones." (No, prophets said) "O people, be good ones," because our Creator likes good ones and hates bad ones. He prepared eight paradises for good ones and seven hells for bad ones.

O Salafi `ulamas! Welcome!

••••••••••••• ••••• •••• •••••••• ••••••••

As-salaam `ala man ittiba` al-hudaa.
Peace be upon those who follow the guidance. (20:47)

I must say this for Salafi `ulamas who are following Heavenly direction, that all prophets and their representatives, awliya, follow. That is also in Christianity, that the main aim is to make people follow good ones. No prophet was coming to make people fight each other, kill each other, and deal with people in a bad way, no. Allah Almighty likes good ones. Try to be good ones!

O Salafi `ulamas! What is goodness? Say! You must know the holy hadeeth from the Seal of Prophets (s). What was he saying? (Mawlana Shaykh stands)

Bismillahi 'r-Rahmani 'r-Raheem.

••••••• ••• ••••• •• ••• •••••• ••••• ••••••: •• ••• ••• ••••• •••••••: ••••• ••••• •• ••••••. ••••••• •••• •• •••••••

Al-eemaanu bid`a(aw thalaathata) wa saba`oon shu`batan `aalaaha laa ilaaha ill-Allah wa adnaaha eemaatat al-adhaa min at-tareeq wa'l-hayyaa min al-eemaan
“Imaan, faith, is composed of 70 and more branches, the highest of which is the shahaadah and the lowest of

which is to remove what is harmful from the way, (and modesty is a branch of faith).” (the two Sahihs)

(Mawlana Shaykh sits) I think that they must know this hadith, alhamdulillah. If they are saying it is not a hadith, they are leaving Islam. That is thalaatha wa saba`een, shu`bah. That is, if you are looking and seeing that a person said, la ilaaha illa-Llah Muhammadun Rasoolullah, that person entered Islam and the circle of imaan. Yes? Yes! SubhaanAllah. But who claims "We are Salafi `ulamas," if we are making some wrong things, they say, "You are mushrik (polytheist); you are kafir (unbeliever); you are ibn haraam, (son of the forbidden, bastard), you are saahib al-bida` (master of innovation)!" And they are fighting prophets. Look, you must understand that hadeethi 'sh-shareef that the Seal of Prophets (s) was saying and he was never saying by himself, (Mawlana Shaykh stands) as Allah Almighty is:

••••••• ••••••••• •••••••• ••••••••• •••••••• •••••••

wa kafaa billahi shaheedan Muhammadun Rasoolullah!
Allah is sufficient as Witness: Muhammad is the Prophet of Allah! (48:28-29)

All speech of the Prophet (s) is revelation!

••••• ••••••• •••• •••••••• •••• •••• •••••• •••••• ••••••

Wa maa yantiqu `ani ’l-hawaa in huwa illa wahiyyun yooha
That (which he conveys to you) is but (a divine) inspiration with which he is inspired. (53:3-4)

(Mawlana Shaykh sits) Allahu Akbar. Allahu Akbar! They are putting so many soldiers in Haramayn Sharifayn (the Two Holy Sanctuaries) and accusing hujjaaj (pilgrims) as mushrik! They can't do this! It is another holy hadeeth of Prophet (s) also:

•• ••• •••• ••• •••

Man kafara mu`minan faqad kafar.
Who says to a believer he is an unbeliever then the one saying it becomes kafir.

You can't accuse a Muslim of being an unbeliever, or the one who accuses is an unbeliever! (Mawlana Shaykh stands) Who says, laa ilaaha illa-Llah Muhammadun Rasoolullah, is a mu`min, believer! (Mawlana Shaykh sits) They are filling Haramayn Sharifayn with people who accuse, "You are not Muslims, you are mushrik, you are saahib al-bida`, you are doing haraam." Who gives them that authority, their kings? If so, those kings

must fear Allah Almighty, Who is making them to sit on that chair! (Mawlana Shaykh stands) Anyone who says, laa ilaaha illa-Llah Muhammadun Rasoolullah, is a mu`min, the highest level for Islam. And the most simple sign of imaan is imaatat ul-azza. If you are looking at a person removing a nail from the path, you may say, "That is a mu`min." If you see person taking a melon's skin, you can't say, "This is not a Muslim or mu`min." And there are so many branches, up to 73! Mostly those who claim they are Salafi `ulamas are not looking at that hadeethi 'sh-sharif. You must look and write on that hadeethi 'sh-shareef, one, two, three or more volumes on the meaning of Islam, examples that the Seal of Prophets (s) gave. Where is that book? Do it, and send it to me also; I am asking to learn, but you are not asking to learn!

You are only accusing people of haraam, shikr, kufr and bida`, but you are wrong ones! Allah Almighty never likes wrong ones, He likes true ones. Who is teaching you? And Allah Almighty is saying: (Mawlana Shaykh stands)

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••• •••• ••••••••••••

Yaa ayyuha 'Lladheena `aamanoo ittaqoollah wa koonoo ma` as-saadiqeen.
O you who believe! Fear Allah and be with those who are true (in word and deed). (9:119)

(Mawlana Shaykh sits) Who are saadiq, write their names and don't say they are laying in graveyards now! Allah Almighty said, Y Was that holy order only for Sahaabah (r) or for the whole nation? Who is your saadiq, your holy one? His knowledge is Heavenly knowledge and they may show you the true way, so who is that one? Say one name from them, Salafi `ulamas. I am not asking who is lying in a cemetery. Don't think all saadiqeen passed away and in our times there are no saadiqeen. What is the meaning of the Holy Qur'an, what is the meaning of ordering, koonoo ma` as-saadiqeen? You say they passed away, and if anyone is visiting their tombs you say that is shirk! But you can't show us in this life one saadiq person. Show us and we may follow. Deen al-Islam is not a toy, no!

O Salafi `ulamas and Wahabi tails, you must come to be mu'addab, good mannered and mu`mins. What is Allah Almighty saying? All Wahabi people, who are you following now, say his name! Allah (swt) is saying, koonoo ma` as-saadiqeen. In our time are there no saadiqeen? Why is Allah Almighty sending that holy verse? Wrong way! Bring me a saadiq and I may go to see him. But you are lying and escaping from truth, from essence. Say! Bring one from saadiqeen and say to him to make an explanation or commentary on that

hadith and send to me that book. You can't do this! And if you can't do it, you are on the wrong way. Allah Almighty will punish you here and Hereafter. That's why mostly Salafi people have no lights, no noor on their faces! May Allah forgive us.

O People! Islam is so clear. Nothing in it is not to be understood! You can understand everything but you must ask, as Allah Almighty is saying: (Mawlana Shaykh stands)

••••••••• ••• •• •••••••

fas'al bihi khabeera.

Ask the expert (who knows). (25:59)

(Mawlana Shaykh sits) You are not going to ask anybody, no. Ask from experts and write your books. So many books you just burned and it is not for you to burn books! If you are not putting another book, correcting that book, it is haraam for you to burn it or destroy it! And now the whole world must know, Muslims, wrong Muslims, Christians, wrong Christians, Jewish people, wrong Jewish people, Hindus, wrong Hindu people, all of them must come to say what is the Truth! Truth is only one, but lies are countless. Fear from Allah (swt)!

inna batsha rabbuka la shadeed.
Your Lord's punishment is severe. (Al-Buruj, 85:12)

If Allah Almighty is sending His Heavenly cursing, when Heavenly anger comes no one can stop it! May Allah forgive us for the honor of the most honored one, Sayyidina Muhammad (s). Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. (Mawlana Shaykh stands and sits)

Fatihah.

(42 minutes)

Alhamdulillah. Today is Sunday. Our attenders are going to make themselves happy, to reach pleasure, but

they can't do, they can't do! If not taking that care (to see this broadcast) everyday they are making a weak servant to address to people, they are never tasting anything of this life's pleasure or the Next Life's pleasures. That is a warning!

Fatihah.

(Mawlana Shaykh prays two rakaats Salaat ash-Shukr.)

Fatihah.

Tonight is the first night of Shabaan Mu`azzam; if other calendars are not writing this, it is wrong. Mubarak to all beleivers, to all Muslims, who are asking for the pleasure of the Seal of Prophets (s). Alhamdulillah. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem.

## Trust Only Heavenly Guarantees

Dastoor yaa RijaalAllah. (Mawlana Shaykh stands) Yaa `Azeezu, yaa Allah! Yaa Kareemu, yaa Allah! Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullahi was salaamuh. Alfu salaat, alfu salaam `alayka wa `alaa aalika wa sahaabatika wa man tabi`aka bi ihsaani 'ila Yawmi 'd-Deen. Yaa Sayyidi 'l-Awwaleen wa 'l-`Akhireen. ishfa` lanaa! We are asking for your intercession, raghman, in spite of those Shaytan people wh are not accepting your honor in the Divinely Presence. You are Sayyidi 'l-Awwaleen wa 'l-`Akhireen! Raghman `ala anf shayateen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Bismillahi 'r-Rahmani 'r-Raheem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

How are our attenders today? Very busy? We are fasting. When you are fasting, that means you must try to do as it is written on some ways, to make your speed down. That means, don't run too much on dunya; make it down, down, down. Give more and more care for your high spirituality, which is a grant from the Lord of Heavens, Who created you, me, and everyone.

Yes, it is Holy Ramadan. As it is well known through Salafi `ulamas, that the Salafiyoon, the real Salaaf as-Saalih were advising people from the Holy Prophet's advice, that if you are asking for your prayers to be accepted, then you must say, "It is my last prayer, and I have been granted two raka`at." How is that person collecting within himself, carrying from the outside to the inside, saying, “This is my last prayer. Allahu

Akbar.”

O our Attenders! Those from common people and those who think they are special people, not from a common level, and who say, "Our level is Salafi `ulamas’ level," you must say, "This is my last Ramadan and this is my last fasting." When you are saying this, then you are taking much more care to be obedient with more perfection, because (you will say), “I will never know if next Ramadan I will be alive. This year I am on this planet and next year I may be under it. Therefore, in Holy Ramadan I must try to make a most perfect fasting, a most perfect praying, most kareem, to be the most generous, because next year I do not know if I am going to be on Earth or under it."

O our Attenders! They are making me address you. My teacher and heavenly commander, ameer, on this planet is giving me a chance to address all people on this planet, from east to west, from north to south., believers and unbelievers, Muslims, Christians, Jewish, anyone. You must hear, you must listen, and you must obey! Because no one can be certain that he is going to live next year and the reasons of death are countless. Don't say, "I take every care for my life." And what is that, my attenders? What are you saying? You are such clever ones, objecting, "O Shaykh! We have sigorta, life insurance, a grant from insurance companies. And we are now in safety as we have a guarantee for our lives." There are perhaps one-thousand insurance companies, and for what? They are cheating you, O heedless ones! Insurance companies are agents of Shaytan to cheat you by saying, "Don't worry! We have life insurance. Do everything you like and we are giving you a guarantee for your life." That is the top of foolishness for those who are making insurance for themselves or for their families or businesses! No!

O Muslims! You must believe in heavenly insurance, not from people on Earth who can't even give insurance for themselves. How are they giving it for others? But they are shaytanic companies or agents. They can't give for themselves a guarantee. How are they giving you a guarantee for your lives? There is only a guarantee from the Heavens! No one can give people a guarantee except a heavenly guarantee. Believe and be at rest. If you are not believing, there is no satisfaction for you. Yes, you may ride in a Rolls Royce or a BMW. What is that? They are giving you a guarantee and a BMW? What is that business?

“That Rolls Royce is for the shaykh,” one of our attenders said to me. "Rolls Royce is famous."
I am asking you, "For what?"

And answering, "Because in Rolls Royce, there is going to be a WC also; no need to come down and whissssh, whissssh (flushing noise)."
“Yes, you are true, O Shaykh! You know everything."
"I know something, not everything."
"It is true that it has everything in it to rest."
And I am saying that if he is going to do such a thing, better to use a tube, putting it outside with another car. And it is going to be like Rolls Royce, making a way for whissssh, and it is going out (flushing noise).

And then people life insurance. What is that? That they may live happily, "We are giving our guarantee, safety to the owner of this Rolls Royce, for everything." And they are claiming, "This person who is riding in the Rolls Royce may be in an unexpected accident." What happens? What is the benefit of your insurance? Can you give insurance that an accident is never coming if you are riding in your Rolls Royce, and you have life insurance?

O Attenders! Hear and think on it! Don't be members of the animals' world, not understanding such things. Why are you not coming and listening and understanding what is coming to you?! And your names are written as the members of the animal world. Come and accept membership of humanity, don’t run to be a member of the animal world! That is the difference. And Shaytan is cheating you. Ninety-nine percent of people are listening to him, believing in him, but not believing in heavenly messages. Heavenly messages are saying that at any time the Angel of Death (a) may come and take your soul and you are going to be a dead body, thrown down! Don’t be cheated by life insurance, no. Insurance may only be from heavenly ones to you.

Therefore, you must believe heavenly messages but you must be very careful, as Shaytan and its agents may always cheat you. Don’t be cheated! Thousands of heavenly ones are coming from Heavens to teach you about yourself and you are not listening to them. You are running after Shaytan and its agents, who are saying to you, "Do everything and give pleasure to yourself with all kinds of things. Don't worry about what some people are saying to you, 'Beware of the Day of Resurrection, beware of Judgment Day. One group of people are going to Paradise and another to hells.' Don't believe them!" But I am saying to Shaytan's people, “You may try to enjoy yourself with every insurance and not listen."

O my Attenders! Don’t be drunk when you are listening. You must take care of what words have been sent to

you daily, coming with another type of declaration, because heavenly declarations are never ending because they are to remind and awaken you. Don't be drunk! Shaytan and shaytanic groups are always trying to make you drunk, and drunk ones are never understanding. Be awakened, then you'll be happy. If not, life will be difficult for you here and Hereafter.

O our Attenders! Come and listen and say, “Perhaps today it is the last day for you, O Shaykh, or it is the last day for me.” Say, and take an advice. If it is opposite to the mentality of Mankind, don't accept it. What heavenly ones are making me to address you, it is never losing its value, like a diamond. Diamonds and gold never lose their value, but your banknotes will finish. Shaytan is giving you papers. I am saying it is better to make it on cartons. Why are you using this paper (as currency); if you (throw it) it will finish. Use carton instead. They are not using carton to say "100 dollars" on it. Why are you not changing that? There is only the face of one person in America on it, there is also Abraham Lincoln; yes, put his face on it. Why are you keeping only one person? There is now Barack Hussein (Obama); you must put his photograph on it also. You can change it. Why are you not doing that?

Some say, "O Shaykh, it is paper. Whatever you are putting on it has no value. But they are cheating us. And all of us are idiots." And from east to west, from north to south, those shaytans, the heads of territories, are making all Mankind like flocks of birds or sheep, doing like this, and you must obey their order. No, change it and put on it. You may put on it (the image of) an elephant; it is big and better. Or you may put (another image) on it. "Why are you putting an elephant's photograph when I am the king of forests? Kingdom of jungles are on my name and you must put only my name on it. I am not accepting anyone else!" Yes, you may change it every time and you will be more happy. If you are putting aslaan, a lion's head on that paper, you may trust that it may be much more powerful. If you are putting instead of lion, a cat, no one will say, "What is that cat for?”
“We may put it! An elephant is too big and a lion is too violent. Eh, we may use a cat."
"Don't say a cat, say, 'a small lion.'"

They are making a claim in the Hague, in Human Rights Court. Why are there only human rights courts? You must also make an animals’ rights courts! A cat may come, making a case against Mankind, "Why they are not putting our photographs on dollars? They are not accepting lion's head. We must get our rights in the animals’ rights court!"

And they have! If they are doing this, they are saying, “O Shaykh! If they are making such a court, perhaps one-million people are going to ask for their rights, and from the animal world you may find millions asking for their rights, 'Why are lions eating ourselves? You must keep them away. You must feed lions in cages and we must be free to be free. Freedom, because democracy means freedom. We must ask to make animals’ democratic republic from east to west, from north to south. You like it? Because we are asking for our rights. Wake up! We are asking for rights.'"

O People! You must try to be a good one in the Divinely Court. Whoever is a good one in the Divinely Court, we may say that one is he who guarantees the rights of everyone and accepts everyone's rights. That one is a true one, rewarded in the Divine Presence, and others are going to be zhaalim, oppressors.

O Mankind! Come and give everyone's rights! What is the Hague, the world court? So weak. You are asking so powerful one to give everyone their rights because the Lord of Heavens Who is creating, granted to everything a right and everyone must keep the rights of others. If not, they are going to be punished here and Hereafter. May Allah forgive us.

It is Holy Ramadan and perhaps our attenders are fasting. I don’t think so much, but they are saying they are fasting. Fast! If you are not fasting, I don’t know if you are going to live tomorrow or if you are going to be underground.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah!

Forgive us, O our Lord, for the honor of the most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

O our Salafi `ulamas! Don’t blame me that I am making people take attention. You may do this also when you are addressing people, making them wake up and listen. May Allah forgive us for the honor of this holy month. Yaa Allah! SubhaanAllah! Send us a heavenly sultan to give rights for everyone! We are asking for a sultan from the Heavens, not from Earth.

Fatihah.

## Truth Has Come and Falsehood Has Perished!

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah

Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Alhamdulillah, hamdan daaiman... yaa Rabb! O our Lord, give more honor and glory to Your most beloved and honored one, Sayyidina Muhammad (s). Also give him more from Your endless blessings for his nation, and particularly to his followers. (Mawlana Shaykh sits)

As-salaamu `alaykum! And the first salute is to our supporter on this planet, who is sending us heavenly

support. Only if heavenly support comes, will we be able to be on the Right Path. Dastoor, yaa RijaalAllah! O our Lord's accepted and honored servants, you can't find anything in their hearts except Allah Jalla Jalaaluhu! (Mawlana Shaykh stands and sits)

A`oodhu billahi min ash-Shaytani ‘r-rajeem. Shaytan never likes to stand up; he may go to Jahannam! Also, those people who are not happy, if they are not standing up (Mawlana Shaykh stands) Allahu akbar! They may go to Jahannam as well! (Mawlana Shaykh sits) Every time, if they are not standing up for the honor of Allah Almighty, they may also go to Jehennam (Mawlana Shaykh stands). Those who are not happy to stand up for the most honored one for Creation, they may also go to fire, Jahannam (Mawlana Shaykh sits)

If jalaalatul malik (His Majesty, the King) comes and `ulama and high-rank people, what you are saying of them? Who is going to be on that place are not common people, but aristocracy attending for malik’s presence. For example, they have been invited to a royal reception and until His Majesty, the King arrives, they are not sitting. Why? Because high-level protocol people do not sit down before His Majesty comes, and they honor him (by remaining standing).

O Salafi `ulamas! Also, if you are there you are also not sitting! You are also fearing from jalaalatu ‘l-malik to see you sitting! It is okay to remain standing because you are waiting for His Majesty to arrive. You are saying it is adab for such a meeting, to meet His Majesty, the King. Even for such a meeting it is permitted, but can you, Salafi `ulamas, be there if you are not sitting, waiting for jalaalatuh to come? You are saying it is high respect to the highest one in this kingdom.

So, you are knowing everything! But if anyone is standing up for the holy name of the Seal of Prophets (s), you say it is bida`, haraam, shirk, kufr! From where did you learn such foolish ideas? I never heard a Wahabi person invited for a reception and sitting before His Majesty, the King arrived. But if we say (Mawlana Shaykh stands) the Most Honored Name, “Allah,” (you reject our standing up for that honor). From where

this tradition came? Am I bringing it from my pocket to you? From where I am bringing?

Stand up for the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands) You know this! You have been granted more honor, more power (Mawlana Shaykh sits) because of the most beloved one (s). During the Night Journey, it has been related that the Seal of Prophets (s) said, “I met some angels during the Night Journey; they never sat, only they stood and glorified Allah Almighty.” Yusaabihoon Allah qiyaaman mundhu khalaqahum Allah jalla wa `ala, “The angels are glorifying Allah since the time Allah created them.”

(From this we know) anyone who stands for the Most Honored Name of our Lord, “Allah,” that is t`azheem, glorifying, to give their highest respect. Angels are standing throughout their lives, since the day their Lord created them, glorifying the Majesty of their Creator. And their Creator, the Lord of all Creation, is happy that they are standing up and giving their highest glorifying. There is in Shari`ah, qiyaas, an analogy, and this hadith shareef:

•• •••• •••• ••• ••••

man tashabbaha bi-qawmin fahuwa minhum.

Who imitates a people is one of them.

Yes, if we are making an analogy, look at the angels standing up! If we are standing up and giving our most high respects, it is a refused thing? Why you are not saying? You are saying it is bida`. You stand until His Majesty, the King arrives; what is the heavenly judgment for that? Why you are not saying, "He is just like us and we are not going to stand up." Why? Do it!

O Wahabi People! You do it also. If waiters carry you by your ears outside, you will be very happy. (laughs)

And secondly, the Seal of Prophets (s) was seeing on another level of Heavens, angels who are always in ruku, never standing up. But they are making ruku when our Lord's Name is mentioned (Mawlana stands and bows in ruku`). “O our Lord.” You are saying, “Just angels. Bida`! No signs from Shari`ah.” You are not understanding Shari`ah! (Mawlana Shaykh sits) And you are not believing in the Night Journey. If you are believing in the Night Journey, you may look and know there were countless angels glorifying their Lord in ruku`. We may do that when His Holy Name is declared; it is for us to make ruku`, to bow. Angels are making and we can do also.

And thirdly, the Seal of Prophets (s) was looking on a level of Heavens, angels who are all in sajda, bowing, never taking up their heads. If we are making or bowing ourselves for glorifying our Lord, how can you say, “That is bida`; we never saw such a thing in shari`atullah," and you are understanding shari`atullah? Study the Night Journey; try to learn deep meanings of what is going to be granted through Ummat al-Habeeb. Therefore, we are weak and standing up (for that honor) and you also know that!

O Salafi `ulamas! I am saying, but I am ashamed to say, that you know. You don’t know; you know nothing. All your followers are from Wahabi no-mind people, who never taste the glorifying of Allah (swt) that is granted to one: the most beloved in the Divinely Presence, most honored one. You can't carry this; your understanding is to say only that “Say: ‘I am a man like you.’”?

•••• •••••••• ••••• •••••• •••••••••••• •••••• •••••••

Qul innama ana basharun mithlukum yooha 'ilayya.

Say (O Prophet), "I am but a mortal man like all of you." (18:110)

You are understanding? You imprison your understanding, closing, closing, closing it down!

Ana basharun mithlukum. Yes. Mithlukum, what does it mean? Why you are not saying to your jalaalatuh, “You are like us. Stand up, and we will sit on your chair!” Why you are not saying to him, “Get up! Stand up. We may sit also a little bit.” Yet he is carrying something that you are not granted. He had been granted the dress of king. You are not dressed with that dressing, that jalaalatu ’l-malik wears, which gives honor to him; without that you and him are on the same level. But when he is dressed in it, you can’t say, “You are like us. Let us sit on your throne.” Those Wahabi no-mind people have not been granted any understanding. They are saying:

••••• ••••••••• •••••• •••••••

Wa maa Muhammad illa rasool,

And Muhammad is nothing except a Prophet. (an-Nisaa, 4:28)

•••• •••••••• ••••• •••••• •••••••••••• •••••• •••••••

Qul innama 'ana basharun mithlukum yooha 'ilayya.

Say (O Prophet), "I am but a mortal man like all of you." (al-Kahf, 18:110)

What is the difference? Don’t say, “He is like ourselves.” No, you can’t say. Allah Almighty is granting to him, yuhaa ilayy, “revealed to me,” but not to you! He is representative of the Lord of Heavens, granted to speak on behalf of Him the divinely language! But those Wahabi no-mind people are not understanding anything! They are so hard-hearted and they think they may do something.

How many years did this Wahabi way come in the ummah, 100 years? And for 1300 years the ummah is on right beliefs. What did you do? You changed the ummah's understanding and put your baatil (falsehood) understanding! For what reason are you saying mutakabbir, mutakabbir, “Arrogant and stubborn,” and that

Ahlu'l-Sunnah wa'l-Jama`ah is on the wrong way and you are on the Right Way? •••• •••••••• ••••••••••••• qul haatoo burhanakum, "Say, 'Bring your proof!'" (2:111) You are making big fitna throughout the ummah, and Allah (swt) is going to punish you, here and Hereafter! Beware!

O Salafi `ulamas! (Mawlana Shaykh stands) Whatever the Seal of Prophets, Sayyidina Muhammad (s), said, is it not a hadith, or am I bringing it from my pockets to you?

••••• ••••••• ••••••

`Alaykum bi 's-sawaadi 'l-`azham.

Keep to the vast majority.

(Mawlana Shaykh sits) You know the meaning of this? For what? How many people are we and how many people are following you up to today? And now you are going to be taken away from maydanu 'l-`ilm, "the field of knowledge," and from every direction you will be attacked! Say, defend yourselves, haatoo burhaanukum, that we are on the wrong way and you are on the Right Way! You can't do it because our Prophet (s) said, `Alaykum bi 's-sawaadi 'l-`azham, "Where there is big mass of my nation, join them and follow them."

You are only a handful people (compared to the majority)! You are not even two hands, and although you have every material possibility, still you can't bring anyone as a believer in you! Only with your riyals, dollars, dirhams, or gold you may attract some foolish ones to you and you are will blow your golden trumpet (as if it is a great feat)!

O Allah! O Allah! O Allah jalla jalaalahu. We must correct our beliefs and understandings, and follow the big mass of Ahl as-Sunnah wa 'l-Jama`ah. You cannot say anything against Ahl as-Sunnah wal-Jama`ah `ulama.

But I am sorry that doctors of Shari`ah and `ulama Azhari 'sh-shareef are not standing up to defend Ahl as-Sunnah wa 'l-Jama`ah, and they will be punished also.

I am only a small servant, trying to defend Ahl as-Sunnah wal-Jama`ah. Why those Azhari 'sh-shareef `ulamas are writing so many books? If there is no pillow, put (their boks) under your head and sleep on them! Why you are writing? What you are saying? Why you are not fighting, jihaad fee sabeelillah, struggling in the Way of Allah (swt), to defend haqeeqatu 'l-Islam, "Real Islam". If you are not doing that, noor will be taken from your faces and a darkness will come. Then, at your last moment, you will look like some other creature and a bad smell will come from you, and people will run from you.

O `ulama Ahl as-Sunnah wal-Jama`ah! Stand up and fight against Shaytan and shatanic ideas! That is all. They are making me to repeat daily, until Ahl as-Sunnah wal-Jama`ah `ulama wake up!! They must know what we are doing, and know about those Wahabi people, who are very terrible for Islam. But Islam is a tower that no one can destroy.

May Allah forgive us and give us a good understanding for the most honored one's (s) shafa'a. Bismillahi 'r-Rahmani 'r-Raheem.

Fatihah.

Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah!

Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah!

(39 minutes)

This bombarding is enough for them! If anyone says it is baatil, he is going to be with Shaytan's company.

Barakah Mawlana, alhamdulillah, from Allah's Divine Generosity. Alhamdulillah wa ’sh-shukru lillah. Either we are leaving or they are leaving! We are not going to leave, fee sabeelillah, up to end of the world. Finished! Their provision is like a car's fuel, it is finishing with no way to replenish. Haqq, alhamdulillah wa ’sh-shukru lillah. They are not using heavy guns, only simple ones. Heavy guns are coming now on the wrong way’s representatives, then coming to the non-Muslim world also. Daleel is coming. Truth is revealed and falsehood has perished!

Fatihah.

**Truth has the Power to Touch Your Heart..**

Every night you can see the shining planet of Venus and the moon. If you claim to see someone clearly on Venus, but not to see a thing on the moon, can that be accepted by positive knowledge?
How is it possible that people see more clarity in Jesus Christ* who was 2000 years ago, when everything they know has been passed on to them through books? Why would the knowledge of another miraculous person, which has been brought to them in the same way, claiming that he too is a prophet, be ignored? Did their books come from Heavens, or were they written by men? Were the Gospels written by angels without a mistake? Can the mind accept why one is acceptable and the other one isn't? We believe in Jesus*, in Moses*, in the Old Testament and the New Testament without losing our faith. But they say, that if they would believe in Muhammad* they would lose their faith. Why?

Jewish people refuse both: Jesus Christ* and Sayyidina Muhammad*? What was wrong with Jesus Christ*? He was from their tribe, he was from the Children of Israel, he was a practising Jew! Why did the Jews attack him? They are still refusing him! What was wrong with Muhammad*? Why are they fighting him? There is no reason. They are accepting all prophets, except Jesus Christ* and Sayyidina Muhammad*!

Christians are accepting all prophets, including Moses* and the Old Testament, but they are refusing Sayyidina Muhammad*. What is the reason? Muhammad* called Moses* the Word of Allah and accepted the

Thora. He also respected all other prophets, telling his people to believe in them. But neither Christians nor Jews respect our religion. If Allah will give a judgement to all of this, what would it be? Would He say that they gave their best? If you refuse someone who is respecting you? This is why the power of Christianity has stopped. It cannot give any spirituality to the hearts of people.

On my way from Barcelona to here, there were so many monasteries. But they are empty, they are dead monasteries. Even the churches are for sale. What does it mean? People are not interested. Many new villages in Europe are now being built without churches. People go to cathedrals like they go to museums: to see old paintings. That is not what it was meant for. But still the heads of Christianity are not accepting Islam as a religion, as part of the same religion! It doesn't matter. If anyone wants to accept that Muhammad* is a Prophet of Allah, or not, is up to them. To be in safety you must accept all. If a Christian or Jew now says, "La illa'ha il la'Llah, Muhammadu rasul Allah" and becomes a Muslim, he will neither lose his Christianity nor the fact that he is from the tribe of Moses. We are not disputing that Jesus* is the spirit of Allah, nor that Moses* represents the Word of Allah. We are only saying, that you should also believe that Muhammad* is a messenger of Allah too.

## TRUTH OF TARIQAT and THE NAQSHABANDI ORDER

The ways of real faith, the ways that our Holy Prophet Muhammad (Sal) showed us through Abu Bakr as-Siddiq (ral) and Seyyidina Ali (ral) and which were passed down through the Companions (Sahaba) of the Prophet Muhammad (sal) and Awliya (saints) to us are known as the Way of the Tariqats. While Shariah teaches us worship, Tariqat teaches us the way to keep Adab (good manners) with our Lord and to attain to His Divine Presence.

There are two kinds of Iman, faith. One is real and the other is imitative. The real brings light to the heart of a person, until then he is only imitating faith. The signs of real faith are three. The first is the ability to listen to the tasbih ( Zikr – paying praise and respects to their Lord) of all creatures. According to Quran there is nothing in existence that does not do tasbih (glorify the Lord), not even inanimate objects. The second is Allah's opening of his heart to the fountain of wisdom, giving knowledge of all things in existence, their position and their purpose. Thirdly, there are no more veils between him and Barzakh, the heavenly worlds. He may meet anyone – any Prophet or Saint from Barzakh without hindrance. Until these three signs appear know that you are veiled and not open to the light of Iman. Tariqats are preparing Murids (follerwers) for real faith. The meaning of Murid is one who is asking for real faith.

The Prophet (Sal) said to keep religion in this time is more difficult than keeping burning coal in one's hand. We must be patient in the face of adversity. Allah gives to those who are enduring disliked trials, endless reward. This is the way of real faith, like the way of Prophets and Awliya, to endure the badness of people.

There are many veils between us and our heavenly positions. The training that a Murid undergoes at the hands of his Sheikh is to prepare him for the Divine Presence. As the Murid passes each trial, veils are removed by his Sheikh until finally all veils are removed and the Murid is in the Divine Presence.

Only someone who has attained to the Divine Presence and has been authorized by the Holy Prophet Muhammad (Sal) has the knowledge to remove these veils. Therefore, in Order for one to attain to the Divine Presence, one must give allegiance to the Sheikh of a Tariqat by taking Bayyath (Connection or Oath of Allegiance) from him and follow his teachings. When a Murid obeys his Sheikh's every command, in doing so he would be passing all the trials given to him and thereby achieving a position of trust with his Sheikh. When the Sheikh finds the Murid trustworthy, he rends the veils between the Murid and the Divine Presence. When each veil is removed the Murid is treated to a new experience where new horizons of knowledge are made available to him. With the removal of each veil also comes Certainty (yakeen). The Murid's faith becomes established in this manner and continues to do so until he completely submits to the will of Allah Almighty.

All Tariqats are ways to the Divine Presence. The Sheikh of a Tariqat is able to communicate with his Sheikh who is able to communicate with his Sheikh and so on till the end of the chain where the first Sheikh of the Tariqat is in communication with the Holy Prophet Muhammad (Sal). The Sheikh is also directly in communication with the Holy Prophet Muhammad (Sal). In addition to this, in attaining the Divine Presence the Sheikh was given higher and secret knowledge. By this method the Sheikh has perfect guidance in everything. We are in darkness and in need of lights, the light of Prophethood to inform us what is ahead generally, and the light of Sainthood to guide us to our personal destinations.

Our destination is Heaven. We can't see it unless by a distinguished Order from Allah and His Prophet (sal). Reality is a precious thing, not given to many. In this time, for a real connection to the Prophet Muhammad (Sal), the only way open is through the

Naqshabandi Tariqat. The Holy Prophet (Sal) said of the last times that, the only gate open would be the gate of Abu Bakr as-Siddiq (Ral) which is the origin of the Naqshabandi Tariqat.

During the Hijra (migration) of the Holy Prophet (Sal) he was accompanied by Abu Bakr as-Siddiq (ral) to Medina, they took refuge in the cave of “Thaur” from their antagonists. While in the cave, Abu Bakr as-Siddiq (ral) in utmost fear for the plight of Islam, said to the Holy Prophet (sal) “our enemies are so many and we are only two”. The Holy Prophet (Sal) replied “No, we are three”. He meant that apart from the two of them there was also Allah Most High. At which instant was heard a myriad of voices saying “Allahu Allahu Allahu Haqq” which is the Oath of Allegiance to the Naqshabandi Tariqat. This was the birth of the Naqshabandi Tariqat.

At this moment Abu Bakr as Siddiq (ral) summoned the spirits of all those who were chosen on the Day of Promises to be the 7007 Imams of the Naqshabandi Tariqat into the cave. They in turn summoned the souls of all those who were chosen to be their Murids on the Day of Promises into the cave. The myriad of voices in the cave belonged to the souls of all future followers of the Naqshabandi Tariqat and who were with Allah Most High at that instant. Only those who were present in the cave of “Thaur” on that day would be destined to become followers of the most distinguished Naqshabandi Tariqat from that time till “Qiyama”.

The Naqshabandi Order originated in the Heart of the Prophet Muhammad (sal), and its authority was passed down through Abu Bakr (ral) from one Master to the next in an unbroken chain of succession reaching into our time. To the heart of Abu Bakr (ral), the first Khalipha, the Prophet passed on the full inner truth of his teachings. Since Abu Bakr, among all the Prophet’s (sal) companions, was the only one to receive the full inner truth from the Prophet’s heart, the Naqshabandi Order inherits the fullest and finest of these Prophetic teachings. For as the Holy Prophet, in a well-known tradition, said: “Everything that has been poured into my heart I have poured into the heart of Abu Bakr”. Abu Bakr (ral) was called “Siddiq” or “The Completely Veracious One”.

The station of “Siddiq” is the highest of all stations after the Station of Prophethood. Whoever receives his spiritual education through the teachings of the Naqshabandi Order may hope to reach, finally, to the Station of “Siddiq”, the Station of Absolute Truthfulness. In every religion this Station of “Siddiq” is the utmost horizon of devotion to the Truth, particularly in Islam. We thank Allah Almighty for His leading us toward that level, towards a brightness that is like the most shinning planet in the sky, Venus, among the other stars and planets. We are yet beginners seeking to reach that level and we pray that our Lord will not look at our shortcomings but grant us His Divine Help so that we may reach that distant goal.

Therefore, the Tariqat-an-Naqshbandiyya, (as it is passed down through Abu Bakr As-Siddiq), activates the souls of the Murids to whatever extent the Murid can bring his desires to accord with the desires of his Sheikh. The first step though is to start on the lowest level, using the way of the four Imams. If you do not come down to the lowest level you can’t reach higher levels.
Mowlana Sheikh Nazim (qad) says, “I am someone who has been authorized as guidance on that perfect way of the distinguished Naqshabandi Order. The Naqshabandi Tariqat is like a sky covering the whole world. No-one can escape out of it because it includes all the ways, it is perfect and it is the shortest”.

“I have been ordered to make clear to you, that anytime when anyone is losing control over themselves and is in a difficult position, they can be in contact with my heart immediately, if they just think about me, they will make a relation with me immediately. They just need to remember me, and that will make me look at him or her. That connection will make a power run through you quickly and you will be protected from falling into a dangerous situation. It is not my spiritual power, but I am in connection with a chain that is connected to our Lord through Saints. I am the last part of the chain which reaches you. It is like a plug which you can connect with electricity.”

The ‘Naqsh’ is a tattoo or an impression. If we haven’t been patience enough to have

this tattoo made, what about the “Naqsh” on the heart? The ‘Naqsh’ of the heart is “Allah”. Whoever wants that “Naqsh” on his heart will come to the Naqshabandi Way. It is the highest way in all religions. Once that tattoo is made, man will be always with his Lord. At that time his mortal personality will be effaced and he will be a representative of his Lord among Mankind. He will leave his ego behind and become a pure, purified, “private” servant of his Lord. No more personality, his heart is stamped, “Allah.”

The Seal of Prophets, Muhammad, (Peace be upon him) taught his companions, above all else association, by taking them as his companions, by entering them into association with him. Accordingly, the Inheritors of the Prophet, the Naqshabandi Masters, stress the importance of “Sohbet”, association with the Sheikh, as the essential pillar in the training of seekers. Shah Naqshaband, the illustrious Imam of the line of Masters that we follow, the Imam after whom the Path is named and without whom there would be no Naqshabandi Tariqat, always used to repeat in his assemblies: “Our Way is Sohbet, association, and all good things result from congregating”.

He furthermore stated that if anyone attended an assembly of this way even for five or ten minutes, he would derive such immense spiritual benefit from that brief encounter so as to outweigh the benefits that would be gained by seven years of supererogatory worship.
Another important point to understand is that whenever any group of our brothers or sisters meet for the sake of Allah Almighty, unanimously joining their hearts with the Masters of this way, that meeting will attain to the level of an association with the kind of beneficial effects just described. Don’t make the mistake of thinking that the only beneficial meeting is the one where the Sheikh is physically in attendance. When our brothers or sisters meet, one of them must be the channel for inspiration to come from the Sheikh, one must speak and the others listen; one must take from the Sheikh and the others, through him from the Sheikh.

The Naqshabandi Way is the Sufi Path adhering most closely to the practices of the Holy Prophet (Sal), and association in this manner was his way, and the way of his

companions, as he always appointed a leader to preside in his absence.

## Truth Rising: Surprising Events in Coming Days

(Translated from Turkish)

Mawlana Shaykh Nazim: There's more to come in Egypt. I mean, the newcomer will make them miss the previous one. Especially if Libya goes, then it's finished. The Libyan leader also struts like a rooster. After all, he's crazy. These ones have a little bit of mind, but the one in Libya has no mind at all. If no mind, then no work. Yemen is going to get slapped.

Guest: Is anything going to happen in Saudi Arabia?

Mawlana Shaykh Nazim: At the end, yes. The kingdom will be handed over to another kingdom. Wherever there is a system of oppression, it will collapse. Iran will be destroyed, Afghanistan will be destroyed, and Pakistan will also be destroyed. He won't leave any of them; He will sweep them all away. Astaghfirullah.

Don't be with baatil, falsehood; the madhhab, doctrines and works of these people are all baatil. Today's world is based on baatil. Now haqq is slowly putting forth its blossoms, and when it comes out...

Guest: Effendim, please pray so that Allah doesn't keep us and our children away from haqq.

Mawlana Shaykh Nazim: Exactly, that's what is most important. Now wherever our children put their feet, there's baatil; there's nothing that is haqq. These people drenched societies in baatil, because otherwise they can't rule. I mean, in the old days they used to tie a horse to a carriage, then ride it with a bridle and reign. Now the horses are all empty; there's no one to ride on them. They're unable to take control over their horses because they've let the bridle escape from their hands; they don't have the control in their hands.

Look at Great Egypt, how it thought it had full control in its hands, but in fact it's at a zero with nothing in its hands. He assumes: "I can rule over Egypt, I can do as I like, I can slaughter whomever I want, and I can kick out anyone I like; the reign is in my hands." If it's in your hands, then do it now! The ones in Sham and Turkey are also the same. Others will have their turns as well, but we are not touching Morocco. Morocco is a sultanate; it has justice, it has its Shari`ah. Neither Algeria, nor Tunisia, nor Libya, nor Egypt, nor Sham, nor the East, nor Turks, nor Iranians are keeping to Shari`ah. Allah brought Shari`ah and these people have taken it away. Shari`ah is a government based on haqq, Truth. Democracy, as they call it, is based on halk, the people. Which of them will be victorious? A government based on haqq, Truth or a government based on halk, the people?

See! Cyprus is a country based on halk, its citizens, and look what happened? If we establish a government here that is based on haqq, Truth, not one person would say, "We don't want you!" because we would be bringing justice; it would give tarbiya, discipline. Haqq teaches discipline. Halk, the people on the other hand, don't know discipline; they know nothing of it. Halk, al-awaam ka al-hawaam, "The common people are as lowest animals" "Awaam" means awaamu 'n-naas, common people. And what is "ka 'l-hawaam"? They are like animals; others ride on them. Therefore, what is the validity of a government brought by al-awaam, the people.

So here, governments that are established by the people: Turkey, Cyprus, Syria, Lebanon, Iraq, Iran, Afghanistan, Egypt, Algeria, Tunisia, and Libya. They say, "These are all brought forth by the people. We are the people's government! We depend on our people!" What power do the people have? What do they have that you can lean on?

A person comes and rides on rotten, finished, poor citizens, and say, "We are ruling through the support of these people." Which kind of ruling do you fall under? What power do the people have? And they shamelessly

say, “The people elected us!” Did you let them elect you?

See now if the halk, people will leave you (in that position). You appoint anyone you want there.

Therefore, you will have your day too; the day will come to you! Wa laka yawmin yaa zhaalim, “O Oppressor! A day has been prepared for you as well. You oppressed, so there will come a force to crush you too.” It’s impossible; (for sure) you get what you give. Both the dead and the living amongst them will have it coming. We seek refuge in Allah (swt). Don’t be an oppressor!

Allahumma laa taj`alna zhaaliman wa laa mazhlooman! We should neither be the oppressor nor the oppressed. But now, there isn’t a place left that’s under the attribute, mazhloom, “oppressed”. Everyone is oppressing! They are oppressing!

Go to the court and see. The offender is not the type to get handcuffed. They bring him in the court handcuffed. For what? To intimidate people: “We can do as we like, and we’ll put handcuffs on you too.” This is a shame and a sin, however, these people know neither shame nor sin. May Allah forgive us. But they too will have it coming. Wa laka yawmin yaa zhaalim! You oppressed and you handcuffed. Now you will see the same. If you slapped, you’ll get one slap too. If not here, you’ll get the slap of zebânis (guardians of hellfire), saying, “Lets start from the grave first!” May Allah forgive us. What to do? From one side we curse, from the other we make du`a; du`a to one, beddua, cursing to another.

Bismillahi 'r-Rahmaani 'r-Raheem. There! The Tzars governed Russia for 800 years. They said the Tzars were making oppression. Then came those wild communists and they slaughtered 80 million people. How many years did they last? The Tzars lasted for 800 years, and the communists finished it within 60 years. There it is: this is the ruling of the people. May they get eaten by dogs! The cursed one of Russia, the cursed one of China, the cursed one of Germany, the cursed one in Italy, the accursed leaders of Arabs, the accursed leaders of Turks, all of them will get what they’ve done. Don’t fear at all. That’s why you must walk on the straight path of haqq, Truth so that fear doesn’t overtake you. Because these people will not be given a second chance to be in power; it was only given one time, there’s no second. Would someone with a sore hand put his hand in the fire a second time? It can’t be.

Now the whip is in your hand, but one day that whip will come to us and we will overpower you. All nations

should take a lesson from what has happened in Egypt. The people now have power; since they are on haqq and are mazhlooman, the oppressed; they have the power to take down zhaalim, the oppressors.

Now the era is well-known; this is the era of dictators and jabaabira, tyrants. Those of the Independence Courts used to say, “The law is between my two lips. Your law will not pass! If I say ‘Hang him’ I’ll have him hanged. If I say, ‘Don’t,’ I’ll let him go.” This is how they were. The head of them had three counselors: Bald Ali, Sword Ali, and Crazy Ali. They’re all gone, and now they shout and scream. And I say to them, “Call out as much as you want!” The one on top of the mountain is also calling out to me. I tell him, “Lay where you are so you’ll be eaten!”

## We are trying to imitate good people

Assalamu Alaikum
Madat ya sultanul Awliyah, madat ya rasulallah, madat ya rijalallah
Audhu billahi minashaytan nir rajim
Bbismillah hir rahma nair rahim
La hawla wala quwwata ila bilahil alihil adhim
We are trying to imitate good people and their meetings because every prophet coming, has been sent and they are sitting and people coming around them sitting as a circle and looking to them and asking to hear asking to hear what they're saying. And those foolish Muslims ignorant Muslims they are saying now that prophets also they're as ordinary people, no. If they are ordinary people they are on our level that means they are on our level. What taking any benefit from our level? If you are going to university and saying that professor they're like ourselves, why you are going there, for what? If he's on your level why you are going to hear and to listen for what? But foolish Muslims that they are bringing so many bad things to Islam that never happened. Those wahabi people, they're shaytan people. They saying that Rasulullah (saws)is like ourselves

knowing he is not like ourselves, no. Qul ina ma ala basharu amantu billah, coming from mankind but yu ha ilay, my connection with heavens so that I am not like you (them). But no mind people never understanding. You have revelation. Anyone they have revelation from heavens now come and say 'I have revelation' then I may say that he is on our level. Even one if you are saying that he is like ourselves we must have as he had from revelation from heavens. Who claiming now up today that coming to me revelation, was from heavens. How they are saying if that is such a example. If a foolish one saying from his stone, from stones to rubies we are stones as you is it true, yes that is so, precious is so, originally belongs to stones to rocks but its quality is not like quality that you walking on it. Yet you may put under your feet rubies and walking on it how you are saying rubies and we're all the same? Donkey's mentality this that they are trying to destroy Islam from inside but world will be destroyed on their heads; wahabbi people and their message. They have no respect to respected aspect in Islam.

Nabi, Ambiya, prophets like they have been sent from heavens but dressed as mankind. For understanding what may be in need mankind or Allah Almighty may send an angel, but even sending an angel he will say I'm dressing dress of mankind or it is not of wisdom from divinely wisdom to sent a group a of people that his characteristics something else and their characteristics something else.

Christians, they claiming for Sayyidina Isa and his Mother, they're giving from themselves heavenly personality. They're saying the Lord of Heavens appeared through Jesus Christ. Leave Allah Almighty, can't He carry one angel to appear through Jesus Christ? Is it possible? But they are saying He gave something to Jesus Christ that his level over the level of mankind. Where is his level?

Through, through (Arsh?) holy throne, glorious throne of Allah Almighty and here His appearance here. What is his appearance? His appearance the appearance the

Lord of Heavens or his appearance like a man. And what mankind needs must be with prophets. Therefore Allah Almighty saying.. they are saying such things that it is not for him and claiming that 'I am with him in such a way that I am appearing with Jesus Christ' but they are not thinking anything that their characteristics and appearance like their personality. because they also eating and drinking.. Who going to be eating must go to the toilet also..(Arabic).. They have been dressed by Shariah. Mankind characteristic and they have the sent. What an ordinary man in need they were in need. Their feelings same feelings. Only their connection through their hearts to heavens to their lord. And coming to give to your their hearts from heavenly streams and blessing. Open your hearts to running through streams heavenly blessing. They coming to prepare you for the day of meeting ?.with divinely presence; coming to you to clean your personal physical being to make it clean so that you should be prepared to be clean for his divinely presence.

We are imitating, we are coming to our point now, we are a handful people from East from West coming here and we are trying to be imitators for prophets and their inheritors and Allah Almighty's awliyah saints granted, shaykhs we asking to imitate. Because if you are imitating, that imitation giving to you honour. And that honour enough for us here and hereafter. Nothing else. You can't do anything else because we on lowest level people. And trying to imitate good ones, prophets and their inheritors and to make our lord that Oh our lord we are only able to do this, no more, forgive us. And after your forgiveness, your blessings coming yourself here and hereafter. May Allah forgive me and blessing you! On the honour of the most honoured one in His Divinely Presence, Saydinah Muhammad (saws). Fatihah.

## TRY NOT TO BE SOMETHING OR SOMEONE

La ilaha ill-Allah, lailaha ill-Allah, la ilaha ill-Allah, Muhammad Rasulullah, alayhi salatullah...

La ilaha ill-Allah, lailaha ill-Allah, la ilaha ill-Allah, Muhammad, Habibullah, alayhi salatullah...

La ilaha ill-Allah, lailaha ill-Allah, la ilaha ill-Allah, Muhammad, Nabiyullah, alayhi salatullah
wa salamun!

O our Lord, let us to say these holy Words along our lives, to reach to You and to say:

“La ilaha ill-Allah, Muhammadur Rasulullah sws!“ That is treasure, that is countless treasures for mankind, but mankind now (is) going to be like animals- animals (are) better than them! Animals, they are glorifying and man they are never taking any care for their Lords glorifying. May Allah forgive us!

As-salamu alaikum wa rahmatullahi wa barakatuh!
O our Lord, don’t let us to be heedless even one second from You! To be with You!

You are with us, but we are heedless, we are not taking care to defeat heedlessness from ourselves! Heedless people they are open for every cursing, here and Hereafter!

Welcome to you, o our Lords servants! You are someones that (are) coming from long distances to this humble place, because people now are thirsty. A thirsty person, when (he is) running through a desert, (he is) running East or West to find an oasis. (The) desert

(is) so big, maybe, you can't find in it easily water, oasis! And if anyone (is) loosing his way through a huge desert, always (he is) asking to find someone to lead him or to guide him on a oasis. And he should be so happy, if (he is) finding a man, saying: "Oh, this direction! Go, go, go- you can find an oasis, a little pool of pure deserts water!"

Audhu bi-llahi mina shaitani rajim! We are running to Allah from Shaitans traps, not to be caught by Shaitans trap. Bismillahir Rahmanir Rahim. O our Lord, let us not to forget Your holy Name! O our Lord, let us not to be empty our hearts from Your Love and Dhikr!

Destur, ya Sayyidi, ya Sultanu-l Awliya!

You may find perhaps in desert so many people, but don't think that everyone (is) knowing about (that) deserts conditions or (the) direction of (an) oasis- it is so difficult! And so many robbers are looking to find someone (who) lost his way through that desert, to take what he is carrying with himself or killing (him) and then taking... countless! Therefore you must say: "Audhu bi-llahi mina shaitani rajim", because Shaitan has a worldwide Sultanate! Everywhere you can find someone (who) belongs to Shaitans Sultanate! You may look and see that you are thinking: 'That is a true guide', but that is not a guide! He is only asking (for) what you are carrying from some materials and asking to kill (you) and to take (that)! Therefore- this world (is) also full with such shaitanic groups! They are trying to carry away every precious material that you have and leaving you through that huge desert to die and finish... he may take you camel, your ride, your materials through your pockets and leaving that person to die there and passing away...

O people, therefore we must try to have a real guide through our lives! Think that, you can imagine that you can find some person for your material aspects and so many people they may claim, asking to cheat you that: "I am such a person, I may teach you to find some treasures, come and follow me!" So many! Now real ones, real guides, (are) hidden! They are not showing themselves, just they are hiding themselves!

Therefore we are saying that so many (of) our- not so many, (a) handful people, but coming from far distances, from far East, from far West, from North and South... they are running and coming here, and they are thinking that: 'We are reaching and finding a good center', as a thirsty person (who is) finding a small oasis. This is a small, very small place, unknown place, and the Lord of Heavens, if His servant (is) asking to find Him, to reach to Him... He is trying His servants, never leaving without trying: "Lanabluannakum...I must try you with everything!" This must be! Without trying, (He is) never accepting (you)! And (He is) making them to run through East and West and maybe their way (is) passing through a spring or oasis, and they are looking: "Oh, no one here! No hundreds of people, no thousands of people, no a special building here, no payment"- because everything now (is) just based on material benefit- "We are going to East and West, so many centers, but first of all they are asking some material! They are not opening their doors and to say: 'Welcome' to you! This is a very unthinkable place! We must try, what there it is and who is looking (after) that place, what they are doing..."

And people (are) coming from South Africa, coming from Finland, coming from Japan, coming from Uyguristan... coming from Turkestan, coming from Russia, coming from Egypt... very clever ones, Egyptians, because they are happy to find a treasure always... digging, digging, digging everywhere... Sometimes coming (a) sheep-merchant from New Zealand, looking... "How many sheep here...? We can do a big business here..." Everyone (is) coming, looking...

I am coming and people (are) running on me, they are thinking that I am a dangerous person! They are catching me, not to touch to people...I am saying: "Yes, ohhh, welcome, my clients!" First I am standing in front of (the) mirror and I am beginning to speak (to) who is in (the) mirror... People (are) saying: "Who is that one?"

I am saying: "That one, that I am looking to him, he is (the) chief of this mental-house..." "Mental house?"

"Yes, Sir! Any kind of mental-house people you can find here! Coming everyone with

such a special demands, coming here, to find... everyone (is) claiming that: ‘I am this one or that one’...”

Once upon a time one new coming person, (a) new client (was) coming (to the mental-house), and (the) doctor (was) taking him to show (him to the) old clients: “What is your position?” (he was) asking to (the) new client and he is saying:

“I am... I have a prophecy from our line on (the) 12 tribes of (the) Children of Israel!”

“Very good! Congratulations to you, that you are coming with such a brilliant title! Please come with me, here is (the) center... We shall look, we shall investigate you, (if) your name is written or not...”

“Yes Sir, I am ready to find that, if (there is) such a person, to give me a certificate of prophecy!”

(And they are) coming, going through a big hall, coming and entering. One of (the) clients, one of them, (with a) big beard, (a) white beard- like me-, (was) sitting on (a flatboard?)... and in front of him, there was a big book - like (the) books of Brookland-Cemetery... big books there, (for the names of those) who passed (away) and (who are) buried in that (cemetery)... Who (is) coming from London?... Big books!...-

(They were) coming, (and) he is looking: “Doctor, who is with you, o my servant?”
“Your weak servant...”

“Welcome! Who is your friend?”

“Oh, our master...”

“Don’t say ‘our master’, I am Lord, your Lord!”

“Doesn’t matter! This (one) coming (is a) new one and he is claiming that he is one of (the) prophets of (the) Children of Israel...”

“One moment...(he is looking in his book)- that is (a) liar! I never sent such a prophet to people... take him out!” ... You know such a...?

They are beginning... I am saying: “Look, who is in it? If you can understand him, then it is good for you to be here, as you like...”

“Who are you?” I am asking (the one in the mirror). “You know that I am the chief of this International Mental-House? You know that I am that one?” “Hmmm...Say to him that: ‘Welcome to our center’, that he never can find such a center through East and West! That is (an) authorized mental-house center and this one in (the) mirror, he is (the) chief of them!” And I am very happy...

You understand?... Never understanding, but what (can we do?)... Get in, then you understand...

Therefore, here (are) coming people, asking to know or to learn something.

Yes, there is something, it is well-seen, you may see, (and) there is something, that it is secret.

Therefore coming here sometimes our brothers, sometimes bringing, catching someones through markets and bringing, (and) I am looking ohhh, 2 meter people! “Who is that one?”

“That one just we hunted him from Lefke Gardens and (we are) bringing (him) here... If you like to sit and to speak to him? Perhaps- now he is wild- (he) may be friendly to you, to your people.”

And I am saying: “It is my mission to hunt people and to make them to be familiar ones! If they are happy, welcome! We are not asking anything, except our Lords Pleasure!” Therefore, coming so many people... and one of chief of them, Y.... my deputy on mountain...Y. from German Nation... from every country I may find...

This (one is) new coming, I hunted him, B., new hunted... he was (like a) wild donkey, (now he is) coming, slowly, slowly, familiar to me... before (he was) making like this... kicking, asking to bite me, but now slowly (he is) coming familiar to me, saying:

“O Sheikh Effendi, you are so famous...”

“Yes, I am famous one through East and West for mental house people!”

Therefore- you are welcome! Be, as much as you can, to be humble! Be humble! Allah never likes arrogant people, no! All of us (are) His servants! Who (is) asking, coming to here for (to) take something- nothing we are giving! Only we are trying to teach mankind that they are servants! That is (an) important point that all Prophets (were) coming and around Prophets (they were) only (a) handful people always, but shaitanic groups- countless! Because Shaitan (is) asking to teach them, to say to them: “You are our Lord! Try to reach Lordship!” Lordship (is) only for One, for Allah! You must try to say that:

“I am a servant, (a) weak servant for the Lord of Heavens!”

This is (the) summary of our centers directions... or, you may say another word, that is our purpose to be here. And people mostly they never like to be servants, people always they are running to be something! And our center (is) running to make them to accept that: “You are nothing”, but Shaitan (is) making them to ask: “If you are going to that place, ask from (that) Sheikh to give to you something, some specialty! What is (the) specialty of your Sheikh through that unknown village? Ask him!”

May ask- I am saying: “I am only nothing and asking to make people to accept that they are nothing!”

Don’t come here to be something!

Every center you may run to them and they may promise to you that: “If you are following ourselves, we are making you something!”

No! If anyone (is) coming here, claiming that he is something or asking to be something, we are saying: “No, here we are not giving anything to people! We are asking to teach people that they are nothing, to take away their egoistic claiming, to make their egos under their feet! That is our final target! (If) anyone (is) happy with us, (he) may come!”

But I don’t think that people (are going to be) happy to try to be nothing...

Therefore we are (a) handful people (only) and I am saying: “Oh... (a) small group of people- no headache! If (there was) coming big groups- they are headache! Let them to go through East and let (them) to ask who may give (to) them something... We are not giving something, but we are taking everything, making them to be nothing, nothing, nothing!”

May Allah forgive us, ya Rabbi, for the honour of this holy Month and the honour of Your most beloved and glorified and praised servant S.Muhammad- peace be upon him! Fatiha...

O our Lord, forgive us! Grant us from Your endless Favours to be Your servants- small, weak servants, o our Lord! Don’t give Your Punishment on Your weak servants, o our Lord! Fatiha!

**Try to be a Defender of Truth!**

You must follow the ways of Prophets, particularly (the way) of the Seal of Prophets!
As-salam qabla-l kelam- before you are speaking, say Salam!
Meded ya Sultanu-l Awliya, Meded ya Rijalallah! Ask spiritual support, don't trust yourself. We are only between two breathings, on which thing you are trusting, who are you?
"Who are you?" "I am President- that means: I am (a) VIP person!" "You are (a) VIP person? You are not going (to the) WC?" "I am never thinking on it..." "(Are you) making on your bed, not going to WC? You are saying: 'I am very important person' ... How can- be all these people with their uniforms, with their suits, with their dressings, they are coming and looking in front of mirror also and saying: "This (belly) is too much... I must make a little bit diet, because ladies they are not happy too much like this... and we are VIP, even we are weak people, but ladies they (are) never looking our VIP looking another point..."
(The Scheikh is getting angry:) Don't sleep, humaka, o heedless people! Coming here to look cinema?...
VIP people... "We are VIP people, therefore we must look that if people (are) looking (to) ourselves, if we are VIP... I dont think, I don't think so, people (are) never looking who is VIP... If they are asking something, (they are) coming and making like this (showing respect and asking): "Our boss, VIP person!" "O people, you must give us something!"
Audhu bi-llahi mina Shaitani rajim! We are running away from bad

thoughts! So many imagenings (he is) throwing to our minds Shaitan, for cheating people, saying: "You are not ordinary person, you are VIP", and therefore I am asking: "You are VIP?(You are) not going to WC? How (someone), who (is) going to WC (is) going to be VIP?" You must change your looking- to yourself and to people! May Allah forgive us!
Audhu bi-llahi mina Shaitani rajim! Run away from Shaitan and shaitanic ideas! People (are) following shaitanic teachings, shaitanic ideas, nothing else and Shaitan (is) trying to make you (a) VIP person, (saying): "Try to be VIP person", because Shaitan he was asking to be VIP through Heavens. When he (was) prevented, forbidden and that honour (was) just granted to Adam, he was so angry, (saying): "I must be, I (am) that one! I was trying, I was worshipping, I am trying to learn more and more, more and more"- for what? To be VIP through creation!- " And now You (are) creating a new creature and (You are) saying for him: 'You are (a) VIP one, o Angels, bow to him!' "
(Therefore he was) thrown away! His main hope was to be (the) master of creation- and (a) master (is) more than (a) VIP. Master of creation! When the Lord of Heavens (was) giving masterhood to the Sons of Adam- shock, shock! Yet he is in shock, never coming to himself; not looking and to say: "Who am I? Why I am asking this? How I am dealing (with) my Creator? How I can say 'You are wrong'?" Astaghfirullah! But yet he is drunk, drunk (with) the bad ideas that he was thinking to be (the) master of creation; (that idea was) making that one drunk. Yet he is drunk. Even (on) the Day of Resurrection, when people (are) going to Paradise and Shaitan (is) going to Hells, with his followers, that drunk(enness is) never leaving him. Allah Almighty time by time- that there is some knowledge coming, reaching to ourselves, that every 120 years Allah Almighty (is) ordering that Shaitan to be brought to (the) entrance of Paradise and then Allah Almighty (is) asking to Shaitan: "Look, I am saving you from Hells and making you to enter to Paradise.

You like it?" "Yes, I like!" "Call Adam to come!" Adam coming at the entrance of Paradise and (the) divinely Adressing (is saying): " O Shaitan, if you like to enter Paradise and to be saved from fire- he is, Adam", (Allah Almighty) was saying", "(the) porter; (the) doorkeeper he is. Make Sajdah to him and get in!" And Shaitan, as when sometimes I am saying 'Jump', he was jumping from earth up to Heavens and saying: "I (am) never entering! If that one (is) in it, (if) Adam (is) there, I am not entering!"

As that Zahid was saying that to (the) Prophet his Salams and (he was) saying that : "Say my Salams to (the) Seal of Prophets! I was like to visit him. If (those) two ones (were) not under his door, nearby to him, I was every year coming and visiting him!" Some people that they are not happy with Sahaba, he was saying. (And it is the) same bad characteristic that (is) inherited from Shaitan. Shaitan (was) saying: "I am not entering! Until Adam (is) there, I am not entering, I am not accepting!" (And he is) going back!

O people, o people, don't follow Shaitan! Shaitan (is) carrying people to troubles!

There is a knowledge, a 'haber', news from (the) Prophets news, that he was saying, warning his nation: "When (the) Last Days (are) coming, approaching, people (are) going to fight, nations (are) going to fight (among) themselves." Before nations they were fighting other nations, but when (the) Last Day (is) coming, as a sign of Qiyama, (of the) Last Day, nations (are) leaving to fight another nation and (they are) coming to fight through themselves.

Arabs, Turks first... Pakistanis also? Pakistanis also that they are claming 'We are first class Muslims!' I am saying: "What, for what you are killing? For what you are making blass(?),for what? (It is the) biggets sin to kill an innocent person, without a reason, (so) how you are doing this?" and they are claming: 'We are first class Muslims, we

are fighting!' "To whom you are fighting? Are you fighting to ShaItan or (you are) fighting Muslims, fighting (the) Prophet? How it can be?"
Rasulullah sws was saying (the) real truth: "When (the) Last Days (are) approaching, nations (are) going to fight among themselves; not another nation, but through themseves- for what? For what? Allah (Almighty is) saying this? Allah Almighty (is) saying: "Nothing I am preventing for Me that I am preventing you, only I am making one Haram. Through (the) Old Testament, (the) New Testament, (the) Psalms and (the) Holy Quran (there is) one Haram only"- (It is a) Hadith Qudsi, Allah Almighty (is) saying: "Yes, only one Haram I am making for all nations through all Holy Books, o people: Haramtu dhulm 'ala nafsi! I am... nothing I am making for Me forbidden, only I did for Myself one thing not to do: Haramtu Dhulm 'ala nafsi. I am making Haram for My Greatness, for My Lordship, I prevent for My Lordship not to do Dhulm" , Allah (is) saying, "wa la tadhalamu! (so don't oppress!"
(In the) Ingil, (the) Taurah, (the) Sabur, (the) Quran (there is only) one Haram, (a) never changed Haram! "I prevented, (I am) making forbidden, making Haram, only one thing that I did it for Myself: not to do dhulm, oppression. I prevented on Myself. O My servants, 'fa la tadhalamu', don't oppress each other! You must keep only one, if you are keeping this, your Dunya (is) going to be like Paradise!"
But everyone (is) trying to make dhulm, oppression, on other people! If they have been granted a small chance, they are asking to destroy everyone around themselves, to be (the) only one. That is shaitanic teachings! Shaitan (is) saying: "Do! As much as you can do, make opression! Don't give a chance to others! Kill them, grind them, making them under you feet! As long as you have power, make other people, poor people, weak people, under your feet!" That (is) Shaitan! Allah (is) saying: "No, I prevented My Lordship not to do oppresion!"
Where is Islam, where (it) is, o people? They are saying 'We are Muslim

fighters'- how is fighting? Allah should ask them, (He) should punish them with (a) heavy punishment! Heavy punishment! I am trying to make them under my feet- all oppressors, first my ego, then others. Mehdi (is) coming!

May Allah forgive us, for the honor of the most honored one in His divinely Presence sws.

This (is) enough for all nations, for all Muslim nations. For all Muslim territories, that is enough! If (they are) not understanding, I am making them under my feet! I am (a) weak person; weak person, (it) doesn't matter, sometimes Allah Almighty (is) making unseen creatures with (one) that (are) making people to tremble... "What happened?" "O Sheikh, you are not hearing that there is birdflu?" "What is birdflu?" "Where are you living?" "(I am) livinig on earth! What is that, you saw it?" "No, I never saw it, but people (are) saying (that) there is birdflu and (they are) killing birds. They are using guns, they are using bombs, using missiles... we are fearing; even we are fearing from birds, from chickens, hens, and others... " "They have guns?" "No, no guns, but we are fearing and catching them, killing and burning them..." How Allah... If He likes to do something... don't look to me, I am too weak, but that bacteria (is) so small, when nations (do) like this, killing millions of birds, Allah can do everything! Keep yourself, before coming on you divinely Cursing from Heavens and (there is) no defense for you, no defense! Try to be defender of truth, you should be in safety. If (you are a) defender of shaitanic ideas, you should be killed...

May Allah forgive us, Fatiha!

**Try to be Holy!**

Islam teaches humanity the most precious characteristics of mankind. It tries to take man from the lowest level to the highest. That is the mission of Islam and the mission of all prophets. All of them declared this. The last prophet came with the Last Message of the Lord. He is calling you to be clean and to come to His Divine Presence.

Oh believers, oh mankind, try to be clean in your physical body, in your thoughts, in your hearts, in your mind, in your work and in all your dealings. Try to be serious and sincere for your divine service. Do the other religions; Christianity or Judaism teach anything else? Try to be true, trustworthy and beloved by the people around you. Try to make many more friends here. That will make you happy here and in the hereafter. Don't make enemies! Don't be envious! Try to give your best service to your Lord the Almighty Allah. Give your best to everybody in the big family of mankind. Then you will be holy and you will be accepted within the Divine Presence. You will be rewarded with enlightenment. Be an enlightened person, don't be without lights. You will be asked if you are bringing any lights from this life. Try to take the lights of Heaven with you from this life to the next, to the hereafter.

**Try to Be Obedient Servants**

Forgive us and bless ourselves for the honor of the most honored one through Your Divinely Presence, Sayyidina Muhammad (s.) Zidhu ya Rabbi, zid-hu Ya rabbee `izzan wa sharafan noora wa masroora alhamdulillah. We are thankful to our Lord, that He created us from the nation of Sayyidina Muhammad (s.) We are saying at the beginning a`udhu billahi min ash-Shaytan ir-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Madad ya Sayyidee!

As-salaamu `alaykum wa rahmatullahi wa barakaatuh, to our listeners and all Mankind. Try to be obedient servants daily. We may repeat these words. O Mankind! Be obedient servants or try to be. If you can't be obedient, then you must try to be obedient servants for the Lord of Heavens. Our Lord Who created us is never asking anything from us except obedience, (saying) "O My servants! I am asking from you obedience. You may be Muslims, you may be Christians, you may be Huuuu... Jewish servants. You may be black ones, white ones. You may be learned or unlearned ones. You may be yellow ones or red ones. I am asking from all of you, one thing. I am that One Who created you and gave to you the honor to be My servants. I have created you, O Mankind, and ordering you. O My servants! I am asking from you true servanthood. Be true servants to Me. I am not asking anything from you. I created everything on earth, in the skies, through east and west. Everything I created and I am giving to them an understanding. I am asking from you one thing. I am not using you for My purposes. You are not workers. Workers, working for their masters to give some benefit to them, to help them. I have not created you to work for Me. No. I just created you for My servanthood. I am not making you slaves, no. Servanthood is something, and slavery is something else. To be worker, that is something else."

O Pope, Your Holiness, you are giving daily order to whole Christians. You are a bashshir (herald.) Are you

sending your holy reminding everyday to Christians and saying to them, "O Christian world! I am reminding you and warning you that you have been created to be servants. Servanthood is the highest level that may reach any Creation." Are you daily, sending a message through east and west to say, "O Christians! Wake up. I am seeing that you are just occupying yourselves for dunya or for Sadanas or for your egos. Beware! I am your holy one on earth. As pope, I am ordering and reminding you. O Christians! Try to be right Christians." Morning issue. Night time also for reminding you. I am reminding you that, "O people, O Christians, it may be your last night tonight. Try at least to be tonight an obedient one to your Lord, your Creator." Are you reminding them or not, Your Holiness?

I am nothing, but I am asking because mostly Christians running after dunya, this life, to reach much more material wealth, and their last target is to make heaps of materials only to be written or just mentioned through registration office, "that one has such-and-such buildings, fields or villages or cities or banks." That is their last target, but you must try to wake them up! O Pope, I am a weak servant, as you are a weak servant, also. But what you are dressing that people are saying you are the head of Christianity? I like Your Holiness to wake up whole Christian world to come and to say for their Lord, "O our Lord, we are working for You!" That is a suitable warning that is coming through whole holy books. You as a Pope, you know what is written through Old Testament and New Testament.

What was Jesus Christ (pbuh) saying to the Children of Israel, what was he saying? "Come and listen to me, O Children of Israel! You are running too much after dunya, after this temporary life; people running much more after temporary targets. Leave that and come to a real being in your Lord's Divinely Presence. Come and accept this." What do you think Jesus Christ was saying, fairy tales to the Children of Israel? What was Sayyidina Musa (as) saying to the children of Israel? Calling them to this temporary life? Or calling them, "O Children of Israel, my Lord just spoke to me and saying 'O Moses! Go and call your nation, the Children of Israel, not to run after temporary pleasures. Say to them enough what they are saving from golden and precious stones or to fill treasures.'" No. It is not from Divinely Wisdom to make prophets from heavens to say to people, "Gather, take as much as you can take from treasures of this world!" Which prophet was saying this?

Now the Children of Israel, are crying, "O Shaykh! This economical crisis is just breaking our backs. We lost so many billions of dollars. So many things we lost. Show us, O Shaykh, show us the way."

I am saying, "Take away this economical crisis. Is there not enough for you for eating and drinking freely, everything?"
"No, O Shaykh, we must save more."
"Why you are not going to be like Moses, did he save something?"
"No sir, but Qarun saved."
"What happened at the end? A big crisis just hit him, from up coming on him and all that he was saving and collecting just passed away. Nothing is with him now."

You know this through holy books, O Chief Rabbi! Are you sending a message to the Jewish nation, the Children of Israel? Why are you not making issue daily from Chief Rabbi's center? Official command from Chief of Rabbis saying, "I am ordering to you, don't be worried for dunya. Don't try to collect.

Leave that and try to collect treasures from Eternity, for Eternal life." Oh such a beautiful word that when I am saying "Eternity", coming to my heart such a refreshment. Such fresh power coming to me and such endless pleasure. I am saying Eternity, Eternity, Eternity, Eternity! O Chief Rabbi, say to the Children of Israel, "You are losing also this (supplicating on prayer beads), instead to say 'dollars, dollars.'" Now a big crisis coming. Say instead "Eternity, Eternity, Eternity. O our Lord, to be with You, Eternity, Eternity, Eternity." Look what is coming to you. No quarreling. Allah Almighty, the Lord of Heavens, the Creator, is never giving permission to Mankind to fight each other for dunya.

All prophets were saying, "ad-dunya jeefatun - This physical world is like a carcass." Why are you running after it? What happened? What happened to Rockefeller, one of richest persons? Why not saying, "O our Lord, please don't let us to be occupied with nonsense. Let us be only for You. Our Lord, I love You, O my Lord, we love you, O our Lord. You are so beautiful; endless Beauty Oceans for You, endless Glory Oceans for You, endless mighty Power Oceans for You! Endless dominions for You! Why am I wasting my life for nothing? Chief Rabbi, I am only a weak servant reminding you. Wake up and say to your nation, "Stop quarreling! Stop fighting and give to everyone their rights." Everyone must give rights to everyone. I am not talking about what happening between Arabs and Israel, and I am not saying only what happening in Christian countries among themselves. That is a common warning coming from heavens, to keep quiet, keep gentle, be clever. Try to use your good mentality. Try to be a good one. Try to be an obedient servant.

O Pope, O Chief Rabbi, O bishops, I am saying anything wrong? He knows and you may look through your holy books what is written in them. Now people fearing from others more than their Lord. O People! Come and listen and try to be obedient ones only for Allah. Therefore, an angel through seven levels of heavens have a trumpet, and calling, "O People! O Mankind! O whole Humanity! Try to be obedient servants. We are looking that you are forgetting that you gave your promise in His Divinely Presence and said, 'O Our Lord! You created us and we are going to be Your servants.' You are forgetting that oath and saying to Shaytan, 'O Sadanas, your way is good, happy and enjoyful, and we are following you. You must be first and we are the last ones following you.' It is big blame for nations. It is big blame for Christian world. The Muslim world are trying to follow western countries. A big blame for them also. No one is trying to teach nations the right path."

Allah Almighty is going to take His revenge on all nations that are following Sadanas and leaving heavenly orders. Heavenly orders only, "O People! Try to be obedient servants, morning and evening. Religious people's real mission is to call people to their Lord's obedience. Jesus Christ (a) never coming to reach something from this life. Jesus or Moses (a) never coming to collect treasures from this Earth and Sayyidina Muhammad (s) never calling his nation to a high life, to enjoy themselves, to fulfill their egoistic desires and fulfill their material aspects. No! He said only "Allah" and he walked. When he said, "Allah," Allah opened for him east and west and through 25 years his power just reached from far east to far west!

Zid Ya Rabbee Sayyidina Muhammad (s) sharafan wa karaman. Ya Sayyidee, Ya Rasulullah! We are trying to follow his holy ways but we are weak servants. What we can do? I am a weak servant but my hobby, my hope, is to convey to everyone what they are saying. I am ready to accept their objections on such a speech. I am ready. No one may object and say, "You are speaking wrong." No. Those who say this must be Shaytan. May Allah forgives us.

Dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome
dome, dome, dome, dome

O Man!
You are asking

always for a high life.
Come and listen
what I am saying!
Dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome
dome, dome, dome, dome

His Saying to Mankind
is only to come
and be obedient servants!
You will reach everything
that you like here and Hereafter,
and you should be happy by saying:

Dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome
dome, dome, dome, dome

(37 minutes Sayyidee)

I am a little bit tired. This is enough for those who are understanding something. If they have a head like football, never going to understand! If they are making me to address you up to morning, never getting anything through their minds. Those who are renting their heads and their willpower through the hands of Shaytan are never understanding. But they are making me to address only those people who are not yet giving their whole will power to hand of Shaytan. Therefore, O People! I am sorry for whole nations because the situation on Earth, every nation they are making last power, efforts, for dunya and for Shaytan. That making my heart to cry, and I am asking forgiveness from the Lord of Heavens.

O our Lord! Send us what You promised to take Your servants from that condition, to save them and to be

Your good servants! I am asking for myself to be a good servant and asking for everyone to be good servants. O People! What is spared to me that I may spare to you. Sometimes some people going too much forward, and may be tomorrow through graveyard. I am a weak servant but it is terrible being with me, as they are fearing from some virus. There you can't see them but you can see me. The Lord of Heavens is saying, "I have some mukhlis, sincere servants; I am giving to them some heavenly power and if they are saying to something, 'Be!' it is going to be." Beware of those people. Keep your tongues or something may reach to you tomorrow and you are not going to be happy. May Allah forgive us.

I am weak for two days with a weakness coming on me. Some of them may say, "Shaykh passed through heavens and we should be free ones now, to do everything (as we like). That shaykh speaking always against ourselves, making our enjoyment (malhah). We are losing when we are listening to such words. We are not taking too much enjoyment from anything, therefore we are asking he should leave quickly and we should happy!"

No, if that shaykh goes ten others are coming! If ten going, 100 coming and if 100 going, 1000 coming and if 1000 going, 10,000 coming! Every time one is going, another one coming. Heavenly armies are now surrounding this world because people are getting out of order.

Allah, Allah, Allah, Ya Rabbee, forgive us, we are weak servants. Fatiha.

(45 minutes Sayyidee)

Thank you for our listeners. Don't worry, don't worry. If not today, I am going tomorrow, if not tomorrow after one month or after one year or after ten years. "O Shaykh too much, ten years. Every day we are listening to this." Yes, perhaps I may go after 25 years. Perhaps He may give me a long life like Noah. Like 900 years they are hearing from you, "No. A little bit, a little bit." If they are giving, I am keeping a stick that I have been granted from heavens from my Grandshaykh. Sometimes my stick may come on their heads and Allah (swt) taking them away. Sometimes, I am the weakest one but power coming to me. Amin.

Welcome to you, welcome to you, welcome to you. The leaders of nations, number ones. Number ones or even number two, or even number three, you may come and listen and hear the sound of heavens through a weakest servant's speech. I am not asking to be anything. I am hating to be something. I like to be nothing,

but you like to be something. That is big bala, cursing on people.

Alhamdulillah. I was asking, no working downstairs or upstairs. Ha ha, yes sir! Enough.

## Try to Be Workers for Your Lord's Honor

(Mawlana Shaykh stands.)
Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam `ala sayyidi 'l-awwaleen wa'l-aakhireen, Sayyidina Muhammadin wa aalihi wa sahbihi `ajma'een bi-fadlihi subhaanahu wa ta`ala. (Mawlana sits.)

As-salaamu `alaykum. My listeners, you are listening, hearing and understanding. (Mawlana puts on eyeglasses.) If you are not understanding, you are not listening! Listen and obey! Hear and listen and follow holy commands of heavens. Madad, Sultan al-Awliyaaullah. I am asking spiritual support from the master of this world; don't forget him! O people! When you are falling in a difficult situation, you may ask from him a spiritual support. As a person keeps falling in a difficult position, now they are looking and running to some people who have some powers, and they are asking because they are in need. Some of them answer, and some others are in need. It is a holy order through every holy book, mentioned through the Old Testament and New Testament, Allah, Allah, as mentioned through Holy Qur'an. A holy order of our Lord! wa ta`awanoo `ala al-birri wa' t-taqwa. Our Muslim brothers from Arab, or all Arabs, may understand the holy command, •••••••••••••• ••••• ••••••• •••••••••••• - "wa ta`awanoo `ala al-birri wa' t-taqwa - O People! Be helpers to each other for good actions." (5:2)

That is important, never changing. That is a command through all the holy books just mentioned. Therefore, you may ask from some people a help for something. Materialist people are going to ask support from other materialist people. Say, “Come and support me, I am not in a good condition.” Yes, asking. But for believers, who are believing in spirituality, they may ask for help from such people who are on different levels of heavens. They have authority and power, and they may help a person if they are using their help for a good purpose. If not, they are not helping. If for bad purpose, Shaytan helping. Therefore, we are believers who believing in spirituality and that belief gives us a support. It maybe that the whole Mankind can’t give to you a help, but one of them may help you. Therefore, I am a weak servant and asking my master, who is master on this world, to support me, to send me heavenly knowledge that is giving an inspiration. We are saying, “Giving a waking to our physical being.” Ask; they are never refusing! They are giving also support.

Today, I am a little bit weak, but I don’t like to leave our listeners, our people with good intentions, not to reach something today. As much as they are granting to me, I may speak for supporting our listeners or for supporting good ones, yes. O our listeners, as-salaamu `alaykum wa rahmatullahi wa barakaatuh! That heavenly salute, if reaching to a person, a heavenly support and a refreshment to move or to do or to act, to make his effort for his Lord. Yes, it is important. Therefore, I am saying for our listeners, may be my 3 persons, maybe 300 persons, maybe 3000 people, maybe 3 million people. The Lord of Heavens paying me for my service! I am happy with my Lord, paying me for His honor. Try to be workers for your Lord’s honor. He Almighty, endless Honor Oceans, endless Honor Dominions are for Him only. Absolute! Oceans of Greatness, and Glory and Majesty and Mighty Dominions for Him. He is granting us something. If an atom is coming from His endless Mighty Oceans, may take this Earth from its place, from darkness to enlightened worlds, enlightened dominions. And He is calling us, “O My servants, come to My Enlightened Dominion Oceans. You are not seeing or knowing about My real generosity. Only one, like an atom, you have been granted in this world. You are losing your minds and you are running after this world’s treasures.”

(Mawlana coughs after drinking from teacup.) That is black pepper to open my voice a little bit more; that’s what I am using. We are not asking to use spiritual power for such a thing, no. Allah Almighty prepared so many plants and minerals to be a medicine for mankind and to give them health. The Lord of Heavens is giving to His servants everything for health and granting to them endless wealth also. But what are you doing if you have been granted whole treasures on this world? Today you are here, tomorrow passing away. You

never see a person building a house on a bridge. Ever anyone see? “No, Shaykh, we never saw.” If you are seeing, what are you saying?
“What are you building?”
“I am building a house, a small hut, to live in it on this bridge.”
“How? For what? This is not a place to live on it. No. This bridge only for passing on this side to the other side. How are you building a house to sit in it? You are a no-mind person!”

Now, countless people are mindless; now people building (skyscrapers) towers. When a person is building more than two floors, angels saying, “O Mankind, to where you think you are reaching up, up? You are like Nimrod to make so high a tower. For what? It is not enough for you two stories?”
“No, we must try to do more than two. If we can build more, we must try to build 200 stories.”

Very strange. Terrible. What are you doing? Now, we are on this pyramid for a short time. Look and listen. They are giving to me to speak on Jesus Christ, peace be upon him, a story that is mentioned through holy books. Jesus Christ (pbuh) was always traveling, but he is not traveling by planes or cars or even on horses. He used donkeys, but not horse. `Isa (a) was always traveling. For what? To meet people and to speak with them and to give an advice. Once he was walking and he reached a high place on a mountain. He was looking and finding one man with old clothes, nothing on his head or on his feet, sitting as a person sitting, praying to his Lord. And Jesus Christ (a) coming and giving salaams:

“Oh, my Lord’s servant, who are you?”
“You are RuhAllah, Holy Spirit of Allah! You are asking that question of me?”
Jesus Christ saying, “I know, but I like to hear this speech among ourselves. Yes, I know you. What are you doing here?”
The man saying, “O Jesus Christ (a), I am sitting here.”
“What are you doing?”
“Praying, making my Lord’s Holy Name, Allah Allah, Allah Allah.”

As he was saying Allah Allah, Allah Allah, Jesus Christ (a) saw he was rising up, higher and higher and asked, “How are you doing this?”
“Because my spiritual power from my Lord is making me to rise and I am resting, not sitting on Earth, but

sitting in the air. And I am making dhikr as much as possible."
Jesus Christ (a) saying, "Where is your home?"
He saying, "O, Jesus Christ, you know that I am so old one! One-hundred years I am here, busy for my Lord's heavenly service. Therefore, I am not finding a time to leave service of my Lord to build something. Night and day I am here, summer and winter I am here; I am not moving."
"O, you are like angels."
"Yes, the Lord of Heavens, my Lord feeding me. When I am hungry, giving me from His endless Mercy Oceans such a drink, drinking and not leaving me thirsty."
Jesus Christ (a) saying, "O my Lord's happy servant, my Lord's glorified servant, you are very special one. How can you do this?"
"Yes, when I am hungry my Lord makes me to be full and when I am thirsty, He grants me drink, and I am happy with His service."
And then, "How many years are you here, O my Lord's servant?" Jesus Christ saying to him, "O my Lord's servant, it is highest honor for man."
"I am here 700 years."
"SubhanAllah, Glory to my Lord! You are here 700 years, and you are not building a place for sitting in it?!"
That servant of our Lord saying to Jesus Christ, "It is so short a life, 700 years. I don't like to occupy myself for a building. I am sitting here, day and night, summer and wintertime. No time for me to put a stone on another one. O Jesus Christ, what are you saying?"
Jesus Christ was astonished and saying, "SubhanAllah. Glory to our Lord! O my Lords' servant, should come the seal of Prophets, our chief one, highest one that he is coming after me, Sayyidina Muhammad (s)." (Mawlana stands)
That worshipper standing up and saying, "O, for the honor of Muhammad (s). Forgive us, O our Lord."
Jesus Christ continuing, "In his time, his nation competing for which of them going to build building higher. Their lives may be only 60 or 70 years, mostly."
"O Jesus Christ (a), I was informed that my life is going to be 700 years and a little bit more. Therefore, I am not seeing to build something for my physical being. Not to give my physical being a pleasure, except to be pleased with his Creator. That is my mission."
Jesus Christ (a) was sad and saying, "O for the nation of the Seal of Prophets (s), they are making competition among themselves which of them is going higher, higher even in Mecca al-Mukarramah, at the Haram ash-

Shareef!

The government giving permission to be built for such towers like the towers of Nimrod. What shall we say? What is the fatwah from Salafi `ulama for those buildings, I am asking? If we are saying salawat salam alayka, Ya Rasullulah, they are accusing us and saying that we are mushriks (idol worshippers). They are ignorant ones! Who is giving them that authority to build towers of Nimrod?

Jesus Christ (a) asking to that abid, servant of our Lord, “O my Lord’s servant, if you have been granted only 60 or 70 years, what are you going to do, if 700 years you are not building anything, what are you going to do in that time?”
He said, “O Jesus Christ (a), I am only saying Allahu akbar and making sajdah, 60 or 70 years passing and the Angel of Death comes and takes my soul.”
Jesus Christ (a) was crying.

O His Holiness, the pope, O His Holiness from chief rabbis, O doctors, what are your intentions for this story? Don’t say to me ("it is) israiliyaat (unverified reports)." No, no. Then I may ask to you "haatoo burhaanakum - give your proofs." If you are not knowing, then maybe something attaching to you from heavenly beings, no one may take from you. You may be majnoon, mad (insane). You will be mad!

O my listeners! Time by time, heavenly masters, particularly the master of this world, that he is the pole and sending to me inspirations that I may speak to you to remind people to think on it, it is enough. You are running after dunya. You are not created for dunya, but you have been created for the servanthood of the Lord of Heavens. Allah! (Mawlana stands.) Jalla Jalaaluhu, Jalla Jalaaluhu, Jalla Jalaaluhu! (Mawlana sits.)

Fatihah.

(Mawlana sings)
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

O the Lord of Heavens,
give us a chance, even one moment,
For thinking on real Realities of Truth Oceans
That gives us much honor, never-ending Honor Oceans.

O, our Lord! Forgive us
and grant us to your servants
someone who may
wake up your servants. Allah!

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

(42 minutes Sayyidee.) Enough, OK.

My listeners, long life to you with good actions! Live for Allah! Don’t live for your egos! Live only for Allah Jalla Jalaaluhu. Don’t live to collect carcass on this world; nothing giving to you, taking honor from you! But if you are working for your Lord, you should be honored that no one grants to you but your Lord!

Fatihah.

## Try to Find the Buraaq Created for You

Dastoor. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Muhammadan Rasoolallah `alayhi salaatullah wa salaamu. O our Lord! Give much more glory and praising to Your most beloved, most praised and most glorified one in Your Divine Presence, only he, Sayyidina Muhammad (s)! (Mawlana Shaykh sits.) Madad yaa RijaalAllah. O praised ones, O holy ones! We are asking for your holy support for this planet. For what we are in need we are asking, and we are giving our salutes to you also! We are asking our humble association to be on strong pillars so that no one can be able to shake it! Al-Haqqu y`aaloo. Haqq is always going up and never goes down, but baatil is going to be down forever!

As-salaamu `alaykum to the ones responsible for us, particularly for Mankind. A summary: for whom is all Creation created? For Allah, Jallah Jalaaluh! (Mawlana Shaykh stands and sits.) But He created everything for the honor of Mankind, as they have been granted to be His deputies. And the main purpose, the 'ulamas must know, is that this is a show. What kind of show? The Lord of Heavens asks to make a show for His most glorified one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) Everything was created for the showing of the Seal of Prophets, who is the main purpose of Creation, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

They are saying, as-salaamu `alaykum our attenders. Look, listen and try to understand what is necessary, as a base on which is going to be built a hawaadith, what will come tomorrow. Today is a base for coming ahdaath, events. This word is not enough, but shu`oon, appearances, will be more clear. Today is pregnant for the coming of tomorrow. All events to come tomorrow are prepared from today, and these appearances, shu`oon, everything that is happening or not happening today, has a personality, a shaa'n. This goes on, beginning from sunrise to sunset. Every day is carrying two important missions: one brought from yesterday for today appears and gets pregnant today, and when it is sunset, every show that was prepared for tomorrow begins to appear. (Mawlana Shaykh stands.) Allah Allah, Allahu akbar! Allahu akbar! Allahu akbar! (Mawlana sits.)

O People! Try to understand something: every day is a show for someone! Allah Almighty (Mawlana Shaykh stands and sits.) is not in need of a show and no one can do a show for Allah! Astaghfirullah. He is making a show on behalf of His khalifah, His deputy, al-khalifah `ala 'l-ittilaaq, the Absolute Deputy, who is only one, the Seal of Prophets (s)! Daily, Allah Almighty is making a show. Everything is making an appearance for the honor of His Absolute Deputy, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Allah Allah, Allah Allah.

O `ulamas! What you are hearing is for addressing you first, as you are claiming, "We are understanding and we are learned." (Mawlana Shaykh stands.) First of all, Allah Almighty is saying:

••••• •••••• •••• ••• ••••••

Kulla yawmin huwa fee sh'aan.
Every day in (new) splendor does He shine! (Al-Rahman, 55:2)

Do you understand what it means, those who claim to be Salafi `ulamas, Azhari `ulamas, and doctors of Shari`ah, learned people, academic people? You cannot understand until you come in connection with heavenly ones; as long as you are on Earth you can't reach an understanding or know anything! What you are learning or saying, a Christian priest may look and see, so what is the difference between that one's

understanding and yours? We are asking those who have a connection to heavenly ones, and you are not asking such persons who are truly reaching heavenly positions. Islam is not a material religion! Islam is not coming only for arranging your lives on this planet, but its highest purpose is to make people in connection with heavens! But you are happy to be on Earth and therefore, you are not asking someone who may take your hand (and lead you) up to heavens! What are you understanding about the Seal of Prophet's Night Journey? You know that he was not going by himself from the Earth to the heavens. Archangel Gabriel and Archangel Israfil (a) came. You must try and understand but you are not going to understand hatta tatalammazoo, “until you become students,” of those people whom, if you ask (may help) you find (the way).

It is not enough to look at a picture of Ka’aba to be at the Ka’aba; you must reach there and you can't reach there without moving! And if you think it is enough to look at a picture, you will remain at the level of the picture and a picture never gives you what the real Ka’aba gives you. If it was enough then no need to go to Meccatu 'l-Mukarramah or holy places. Here we are looking in pictures, going to be visitors, going to `Arafat, Muzdalifa, Mina, looking through so many instruments. No one says, "We are in Hajj," through moving pictures. Those that are there, are really taking the honors that dressed the Day of `Arafat. Therefore `ulamas must ask those who represent the Seal of Prophets, to see as the Ashaab (r), the Companions of the Seal of Prophets (s) who were Saw him and followed him. That is enough, but we are not going to become the Sahaaba (r) by looking at a picture. No, they were with the Prophet (s), and as much as they were with him, they were taking more. Those who gave some time were taking something and those who gave everything they had to the Prophet (s) were taking everything.

Therefore, Islam it is not known well, even among Muslims. The Muslim world is not taking care to reach the reality of Islam, because no one can take its reality unless they find someone who has reached the reality of Islam. It is not enough to claim you are a doctor. Right now are you on Earth thinking you are on a plane? No, that is never moving. We are asking for moving ones. Archangel Gabriel (a) brought Buraaq (a), which the Lord of Heavens sent to His most beloved one, to bring him to His Divine Presence. And the Prophet (s) was asking him, “O Gabriel! Is this Buraaq, this special ride, only for me or is it also for my ummah?” The Seal of Prophets (s) knew this, but wanted for his nation to know also. Therefore he was asking, “For me only or also for my nation,” meaning the nation of the most beloved one in the Divine Presence. On the Night Journey, Prophet (s) saw a plain filled with Buraaq ash-Shareef (a). One was crying, as it had been given good

tidings that the Seal of Prophets (s) was going to ride on it. And Gabriel (a) was saying, according to Allah Almighty's declaration, "Others, countless Buraaqs, are also for your nation. If they prepare themselves to ride on them, there should come to each one a Buraaq to take them from their positions on Earth to their heavenly positions." But people never take an interest in such things, saying instead, “No need, these are fairy tales and we are not interested. We are interested in the material world.” That is very wrong!

Therefore, the representative of the Seal of Prophets (s) who is responsible for a whole ummah on Earth sometimes sends a sign indicating that Buraaq's (a) heavenly creation is waiting for anyone prepared to ride it. But no one is interested; only a handful of people have been granted, and no one knows who they are. If you meet one of them you say, “He is speaking fairy tales; leave it, he is not learned. If he is not learning about Islam in a European university, leave him." And that one is carrying the secret of that journey to take people from Earth up to heavenly positions!! Therefore, Salafi `ulamas and Azhari 'sh-Shareef `ulamas, you know that now is the time for which the Seal of Prophets (s) was saying:

•••• •• •••• ••• ••••• •••• •• •••• •• ••••••• ••• •••• ••• •••• •• •••••• ••• ••••

Bismillahi 'r-Rahmani 'r-Raheem, sayaatee `ala an-naasi zamaanun laa yabqaa min al-Islaamu illa ismuh wa laa yabqaa min ad-deen [al-Qur'an] illa rasmuh.
There will come a time when nothing remains of Islam except its name, and nothing remains of the religion [the Qur'an] except its picture.

Is it true, or not? What are you saying? No, it is not from my imagination, it is well known. We are living now and saying, "It is enough to be through this time and its deeds." No one is asking to reach real Islam and the real deen (religion)!!! They are happy to be known as "Salafi `ulamas" or "doctors" or "`ulamas Azhari." And they are coming to bombard those people who are asking to reach after the Seal of Prophets (s), how he was going up, trying to find the way to go up.

O People! Try and find the way to your ride in heavens, so that you can ride and go up. If not, no one understands what you are saying, no one gets contentment with what you are calling them to. You know that your chiefs, presidents or others in authority never ask about what Islam says, because they are never reaching a contentment in themselves through it! They are saying, "Democracy," (which is) hypocrisy, ptuu (spit on that)! Dirty nizaam, a dirty system, and they are running after it and not asking for the purity of

Islam! They say, “We are making parliaments and elections.” What is that?! Os Allah (swt) asking you to make elections??! They are making corruption on top of corruption!! What is that? Therefore, Islam is falling down for those people who are not understanding it, and the responsibility is on those `ulamas who are not teaching or giving a real understanding of it to the leaders of their countries and states. May Allah forgive us.

Tawbah yaa Rabbee, tawbah yaa Rabbee, astaghfirullah!

Fatihah.

(Mawlana Shaykh prays two rak`ats shukr.)

Fatihah.

## Try to Know the Representative of the Divinely Being

(Mawlana Shaykh stands).

Dastoor ya RijaalAllah, madad! Stand up, O listeners for the honor of our Lord, our Creator and say takbeer, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!

Whole praising and whole glory that even our imagination can't reach its beginning or ending really, no beginning and no ending. Beginning and ending, that is for creatures and not for the Creator, Allah Almighty, to be the same beginning or ending. Hasha! Azaliyun abadiyun. No one knows the real meaning of "azali" and "`abadi". We may say only pre-Eternal and Eternal, we may say Eternity; that is only our understanding level and for whole creations, also. And we are giving our most high respects to that one who was created by his Lord first, the first creation; he is Sayyidina Muhammad (s). Allah gives him much more honor, as He knows that we are asking. And we are saying to our master that Allah grants to him much more praising and honor and heavenly power according to His karam, generosity. (Mawlana Shaykh sits).

O People! Our listeners, don't listen to me, no. Listen to that one who is making me speak to you, to address you. That is important. As-salaamu `alaykum! O our listeners from Mankind! Knowledge that is granted to Mankind has no measure. There is no measuring that, because knowledge from heavens is just running like

water. You know, our listeners? Sleeping? Stand up! Some people are bringing you coffee to drink and you are happy to drink coffee. Don't drink whiskey to be drunk ones. Drunk ones, their levels are under the level of animals. We are not coming here to be drunk, no. We are coming here and the Lord of Heavens is asking an opening for ourselves. He Almighty likes that His servants know something about their Lord. Therefore, when you are sitting here, give your hearing and try to hear as much as possible with an understanding. Not only listening, because everything that is from the heavens is coming and reaching to the deputies of the Lord of Heavens. There is coming something for understanding, but some people are never using that. Therefore, they are going to be drunk.

The Lord of Heavens is sending His Divine addressing through His most honored one and His only representative, because Allah Almighty is not using two representatives: He is only One and His representative must be one. But don't think that the representative is representing his Lord fully. Can't be! No, it is impossible because there are not two gods. There can't be two gods! Is anyone seeing on a throne two kings sitting, or three sitting? Can't be! Allah Almighty's Throne, no one is knowing that one's reality; impossible! But there is also a throne that belongs to our universe, that belongs to heavens. But the Divine Throne, no one is knowing this through heavens. As, for example, an architect is making a model, but it is not a real building, it is only a model. This is only for giving an understanding, very weak also. We may speak more than this, without an ending. Because what belongs to divinely levels belongs to only that One Heavenly, as a model. Even that is covering the whole Creation. No one is going to be bigger than the Throne of Allah Almighty and that is only a representing throne, representing from unknown except its name, `Arshullah, given to this.

O people, hear and try to understand something! Try to know who you are, try to know your honor, try to know the representative of the Divinely Being through heavenly levels. Allahu akbar, Allahu akbar!

Yes, it is mentioned that Allah Almighty is ordering that Holy Throne to be held up, ordering to four angels: Sayyidina Jibra'eel, Sayyidina Azra`eel, Sayyidina Mika'eel and Sayyidina Isra'feel (a), and each one can carry whole heavenly levels. They can't do anything, `ajizun, unable. They are saying, "O our Lord, we can't do, we can't do," and He is granting for helping them, so many angels. On four great angels, countless angels helping them! Allah Almighty is creating them and ordering, "Help them!" They are trying but can't carry it

up and coming a holy announcement - that is not Allah Almighty's sound. No, can't be! You can't prepare to hear Allah Almighty's addressing. He is Unknown Being, He is Allah Almighty! And announcement from divinely level, one level, two levels, three levels, four levels, five levels, six levels, seven levels. They are stopping there, but really for divinely levels you can't say any number. We are knowing about seven heavenly levels, but divinely levels no one knowing their numbers. Numbers can't reach; billions, trillions, ten trillions and never reaching to add divinely levels, no! We are on heavenly levels. Those levels and their realities, it is impossible to be known.

(Mawlana Shaykh stands) Allahu akbar! Akbar! Allahu akbar! Akbar! Allahu akbar Allah, Allah! (Mawlana sits.)

O our Lord! O our Lord! We are knowing nothing, we are knowing nothing! They are making this weak servant sometimes to speak on ilahiyat, divinity; Divinely Presence. O people living (in) aakhiri 'z-zamaan, Last Days' people! From one side you are lucky that such an opening is coming to you close to Last Day. Ummamu maadiya, nations that passed away, are not granted such a knowledge. No! And no one is speaking on it up to today. But we are reaching to Last Day and getting something from Holy Qur'an Oceans, to make an understanding for living ones, and to dress them with an honor that nations that passed before this nation, the nation of Muhammad (s) never granted. Only may be Ulul Azam, like Sayyidina `Ibrahim, Sayyidina Nuh, Sayyidina Musa, Sayyidina 'Isa (a), wa Sayyidi'l-awwaleena wa 'l-akhireen wa sayyidi 'l-anbiya wa 'l-mursaleen Sayyidina Muhammad (s), despite Wahabis and Salafis, Sayyidina Muhammad (s)!! (Mawlana Shaykh stands, then sits.)

Allah, Allah. O People! The representative for our Creator on heavenly levels is now opening something to people to prepare them for getting up, getting higher, higher, higher, endlessly higher stations and dominions of Allah Almighty. Allahu akbar, Allahu akbar.

O People! Leave being drunk, and the Lord of Heavens grants you a good understanding. Then you should be ashamed that you are not giving real respect for holy orders of heavens. Now whole nations left heavenly

orders and they are running after their mindly products. And I am sorry to say that Islamic learned people, `ulama are saying, “We are doctors.” (Title of) “Doctor” not any honor in Islamic literature, but `ulama. (Allah says:) ••••••• ••••••• ••••••• •••• ••••••••• •••••••••••• - innamaa yakhsh'Allaaha min `ibaadihi al-`ulama - those truly fear Allah, among His Servants, who have knowledge." (35:28) In our time learned people are saying, “Our certificate is from Sorbonne,” “Doctor Fulan,” or, “I have seven certificates from Mauritania.” Some others saying, “I have a certificate from Congo!”

“There are Congo doctors?”

“Yes, sir, there certificate also; through jungles, giving certificate that you are a doctor.”

Doctor in which branch? Doctor to know men from women? To know man from monkeys? We are sometimes catching and bringing a gorilla. Because new-fashion doctors are saying that Man is coming from monkeys! Therefore, we are catching sometimes from white man and bringing a gorilla. And looking, “This man coming from this one.” When we are saying this, our grand `ulama are giving us medals that we are certified for understanding between man and apes! So that in Africa, mostly, we have such a certificate that we are knowing between Man and ape. And then we are swearing (like) white people, who are saying that Man is coming from this creature. “Who is saying this and now accepting, we are giving a certificate! Take this, you are doctor also!”

(Mawlana Shaykh turns to Shaykh Adnan.) How it is, Adnan Effendi? Important point, you must understand sometimes.

O our listeners, don’t sleep! How many times saying to you, “Don’t sleep!” Open your eyes and listen to me! If you can find second one to speak through east and west, bring to me. No one, no one! That is a specialty that Allah Almighty granting. He grants a weak servant to know, to speak and to make a plea to understand. If someone is understanding, it is okay. Most people are not understanding, leave them!

Prophet (s) was saying, “O our Lord, grant us such a power, to be prophets, messengers from heavenly levels.” Coming, but those people never coming to understand what Allah is saying. Leave them! How many are accepting? Accepting others? Doesn’t matter! Through jungles, so many animals living. Let them among Mankind be like wild animals in jungles! We are in need only of those who are understanding. O People! Therefore, try to be someone that (is) understanding; that is your honor. If you are coming here and understanding nothing, your value going to be under zero!

Allah Allah, Allah Allah, Allah Allah, Allah Allah
Allah Allah, `Azeez Allah, Allah Allah, Kareem Allah
Dome dome dome dome 8x

Forgive us, O our Lord, for the honor of that most honored one! Fatihah.

(35 minutes)

Dome dome dome dome

Even 35 minutes, that may grant to you more than 45 minutes, because it is so high level for understanding. People whom they are not reaching the horizon of what we are saying now, they are never going to understand; only what their egos are asking from them, and Shaytan urging them and saying, “Leave those things and come with us, we may go. Better (not) to listen such words, better for us to go to sewage channels, dancing, dancing and making with high sounds like donkeys is better for us.”

Dome dome dome dome 4x

This is tonight’s subject, (and although) we are not yet saying A`udhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem, they are opening a channel that is astonishing our headly, mindly capacity. Such heavy knowledge, only going to be granted to such a people that they are only for their Lord’s servants. Try for understanding, Pope and Dalai Lama and chief rabbi and bishops and Azhar Shareef. Don’t use, don’t lose your valuable time for some discussion that Shaytan is asking you to come in the center of that

bad situation, for cheating you.

I heard that they are coming and asking Shaykh ul-Azhar about niqaab. Yes, we are saying that the Lord of Heavens ordered to use the niqaab for ladies whom they are keeping heavenly orders, they should be granted such a beauty in Paradise that angels should be astonished from their beauty. Whom they are showing their beauties to men, that they are not halaal for them, then their faces going to be so ugly that people should run away from them. And look in Holy Qur'an. Don't leave yourself to be in discussion with such a Shaytanic people. May Allah take them away with Wahabi and Salafi people.

Fatihah. (43 minutes)

Carrying as they like... bombarding... Allahu akbar, Allahu akbar, Allahu akbar.

**Try to make me happy**

O My servants, try to make Me happy! Or: Allah is cleaning the earth now As-salamu alaikum! Are you tired?...Go. Go and sleep. We are sleeping, better... As-salamu alaikum. Meded, ya Rijalallah, Meded, ya Sayyidi, ya Sultanu-l Awliya. Destur, ya Sultanu-l Awliya, Meded. A'udhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim.

By the Name of Allah Almighty all-Merciful, Most Beneficent and Most Magnificent. Oh Allah, Anta-llah. Anta-llah. Forgive us and send Your Blessings on Your weak servants. Oh Allah, Anta-llah, SultanAllah, SubhanAllah. Meded! We are asking heavenly Support to reach to you, to me and to every believer whom they are believing (in) Truth, not making their ways like this, like that, (but) straight on. Oh people, try to be servants of your Lord, servants for your Creator. That is most important – Huuu! – (the) most important aim.

Oh people, we haven't (been) created to follow Shaitan. Allah Almighty, who created you, (is) giving to you an honour that no any honour may be over it. He Almighty (is) saying: "O My servants, I am your Lord and you are My servants. Are you accepting that I am your Lord? Are you accepting that I created you? Are you promising to be My servants everywhere, anywhere?" And your souls was (were) saying: "O our Lord, You created us and we are giving our oath to You that we are going to keep Your servanthood (and) that our servanthood (is going to be) for You only, o our Lord!" And Allah Almighty (was) saying: "I am happy. Who is keeping their oath and (is) going to be My servants, I am inviting you to My divinely Presence and I am going to grant to you (something) that no one can

grant to you such a grants. No one! I am that One that (I) created you and I am promising you that I am granting to you eternal life. I am (have) created you for eternity, o My servants! Try to make Me happy with you and I am granting to you eternal life in My divinely Presence!"

(Is there) anything more this? O people, what we are doing? What we are doing? After what, which thing we are running? We are foolish ones, no mind ones, crazy ones, mad ones, Shaitan's followers! Therefore Allah Almighty (is) sending (that virus)...

Just I remembered that before 3 weeks ago I was here and my Grandsheikh (was) saying to my heart that: "People, they are... unbelievers, they are so proud with their nuclear bombs and such a things, such a things, they are so proud" and I am remembering that Allah Almighty is not in need to send to you nuclear bombs, no. (He) may send to you from His soldiers, (as) He sent for Abraha and his army, whom they are (were) coming to destroy (the) holy (Kaaba), Allah Almighty's holy House in Mecca Mukarrama. They are (were) coming so proudly, they are (were) saying: "We are coming and we are going to destroy Baitullah, Allah Almighty's House!" When they are (were) coming, approaching to holy Mecca - Allah makes it honoured more and more – (they were) reaching perhaps in ½ hour, just reaching to Lords House, (Allah Almighty was) sending a fly, we are saying ababu-l mul (?). Sending(these birds). They were (each) carrying through their beaks one (stone,) small as a lentil and (also) through their claws, nothing else. (They were) coming and sending. Each bird (was) sending (3 stones) on one soldier of Abraha and making them to explode. (They were) falling down, finished.

Now He is not in need to send (birds with stones). (He was sending that time,) because they are (were) using only swords and spears, only that. But 21st century people they are so proud: "Ohhh, we have such a power, we may burn (the) whole world in seconds!" Hmmm! You are so proud!

Then, before just three weeks ago, we are (were) saying that He is sending some small armies, very small... Bacteria that you can see under microscope, but there is (are) someones that you can't see them. (Even) under (the) most powerful microscope (you) can't see (them). And we said that (it is a) virus. After one week the Lord of Heavens (was) making our speech "tasdik", confirming, and (He was) sending that, a kind of virus, that they (had) never heard about. What kind? Pig(-virus) sending, that (they were) never thinking on it, (on) such a virus. Pigs-virus. And 7 billion people now (are) like this... like this... they are trembling. I am saying: "Why? Where is (are) your nuclear bombs? Send (them) on that virus, to kill them." "Oh Sheikh, we can't see them, to send on them something." "Ha? Eh." Subhanallahi-l 'Aliyi-l 'Adhim. Subhanallahi-l 'Aliyi-l 'Adhim.

(It is) from (the) signs of Qiyama. Jesus Christ should come! And the Seal of Prophets S.Muhammad sws - Destur, ya Sayyidi, ya Rasulullah... (Sheikh is standing up) he was saying that he (Jesus Christ) is going to kill (the) pigs. And (he is) coming to break (the) cross also. (He is) very angry! S.Isa, S.Massiah, Jesus Christ, (is) very angry from Christians that they are making his honour under their feet and (that they are) making him to be on a cross. Astaghfirullah, Astaghfirullah! (It) never happened, (it) never happened! And he is coming and (he is) ordering to be broken all crosses and also (he is) killing (the) pigs. Subhanallah. (It is) just beginning. Before he is coming, (the) earth must be cleaned from pigs. Subhanallah. (It is) coming!

But those Europeans, Americans, all unbelievers, when happened something from cows, they are shooting and burning them. Even (the) Islamic world (was) making this also for hens and cock. They are (were) killing millions of hens, chickens, without any mercy on them. Shooting cows. They are (were) saying: "There is some wrong thing with them, we must kill them." Killing and burning them. But for pigs they are saying: "No, we must not touch pigs." Why? Why? Why killing cows

and chicken, why not killing pigs? Why not killing? Even Turkish professors, some of them, they are saying: “(There is) nothing with pigs. (It) doesn’t matter, we are far away from them, we are not touching pigs.” Tauba, Astaghfirullah. But (they) should be killed! (They) should be killed. (They) should be killed. And they are using such things... on their faces.

(It is a) heavenly Order that (is) coming to Awliyas, (saying): Who is making 5 times ablution, three times (washing their mouth)... and three times (washing their nose)..., never touching (them that virus)! Never touching. This (is) for believers, whom they are believing and making ablution every day. Never touching (them)! Never touching (them)!

O people, Allah Almighty, He can do anything, as He likes. And pigs must be killed (in) the time of Jesus Christ. And it is a beginning. (It is) beginning and (the earth is) going to be cleaned. (The) world (is) going to be cleaned from unbelievers and from those people, whom they are making today Eid, feast. Today what is? (Someone is saying: Workers day.) (The) whole world (is) getting up, saying: “May day. May day. May day.” They forget their Creator and they are running everywhere through (the) whole world. Today (is the) biggest day for them. Insha Allah they are not reaching coming year(‘s) May day! Allah Almighty (is) taking His Revenge that they forget their Creator and (they are) coming and (they are) saying: “May day, first (of) May, should be Eid.” For what? For what? What happened? What happened? Hundred millions of people (were) killed after that worst day, yet everywhere today (they are celebrating). Allah knows how many thousand (of) people (are) going to be killed and (are) going to (go into) fire.

They lost Allah, they forgot Allah, they are running (after) their May day. We understand for Non-Muslims, unbelievers, (but) what about Muslim countries? For what they are doing this May day? For what? It is a holy day, really? Hah? It is (a) “mubarak”, (a) sacred day? No! No! No! Today, I hope, should be (the) last

May day for them. Allah sends on them that virus. No need to use nuclear bombs. Once, it is written through old history books, that happened (something) in Iraq, in Basra. Basra more than Baghdad was (famous) that time. (There was) coming (a) “taun”, (a) plague, coming (to) that city. (In) one day 7o.ooo (people) just passed away. (On the) second day 72.ooo passed away. (On the) third day 75.ooo passed away. (On the) fourth day (there was) never remaining a person to open his door to enter in his house, or no one is (was) alive through houses to come out.

Allah! He may do everything! You must fear from Allah Almighty! Tauba, ya Rabbi, Tauba, ya Rabbi , Tauba, Astaghfirullah. (He) may send, (He) may that virus. They are saying till they are finding that (vaccine)... , till they are finding now against that virus a kind of vaccination, they need, they are saying, three months or four months. Through four months no one (is) living (anymore) on earth, finishing! Only (there should be) living these” janavar”, pigs... They are dying also!

O people, we are in (a) very difficult time, because people they lost, they forget their Creator and they (are) never taking a “tadhim”, respect for heavenly Orders. They are thinking that: “We may do some rules or laws (and) we may do everything okay.” They can’t do! They can’t do, until they are coming and looking (after the) heavenly Rules. Heavenly Rules, you must obey heavenly Orders, or you should be taken away.

May Allah forgive us. Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah. Tauba, Astaghfirullah. Ya Rabbi, afwak wa ridaak. O our Lord, forgive us. Send us someone that he should take Your servants from wrong ways to true ways. For the honour of (the) most honoured and glorified servant of Your divinely Presence and Your deputy, Your representative S.Muhammad sws! (Sheikh is getting up again), Fatiha.

**Try to reach the level of heavenly beings**

As-salamu alaikum! Ya Rabbi, ya Allah. Ya ayyuha-ladhina amanu ittaku-llah wa kunu ma'a sadiqin. Subhanallah, Sultanallah. Huuu! As-salamu alaikum! Salamullah alaikum. Salamun qaulun mir Rabbi Rahim, Salamun qaulun mir Rabbi Rahim, Salamun qaulan mir Rabbi Rahim. Thabitna 'ala-l Haqq, thabitna 'ala-l Haqq, thabitna 'ala-l Haqq!

O people, welcome to you! You are coming from Far East, from Far West, from North, from South -from every direction of Dunya you are asking to reach to a humble place. We are not using some ...I am not sending, we are not sending invitation to you. That invitation means nothing else, nothing. (The) invitation that (is) coming from heart and going to another heart: "Mina-l qalbi ila-l qalbi sabila." That is something that through our material being or this world (people) can't reach to understand that; only through (the) spiritual world may reach a person from one (person) to another one.

A'udhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim. First you must speak (the) holy Name of Allah Almighty and (the) holy name of His most beloved and most honoured, most glorified servant in His divinely Presence S.Muhammad sws. O people, keep your positions! Think that (the One) Who created you (is) looking after you. Don't be 'ghafil', heedless. You must try to be much more with your Lord, your Creator, the Lord of Heavens, the Lord of Universes, the Lord of everything that appeared. Try to be with Him Almighty as much as possible much more. And (the) biggest mistake that (is) carrying people to fire here and Hereafter that is to be heedless from their Creator and not giving their high respect for their Creator, the Lord of Heavens, the Lord of Mankind. And Allah Almighty that created

mankind... they are like ordinary creatures, but Allah Almighty – Huuu! – (is) dressing them something that it is impossible to know its value from beginning up to end.
If you are saying one, it is going to be two. If you are saying two (for mankinds) value, (it is) going to be three. If you are going to say (for) value of mankind three, it is going to be four. If you are giving 4o, he is giving 4oo. Giving 4.ooo, giving 4oo.ooo. Giving 4oo million... and so on. What (number), which thing you may give as a value for mankind, it is going to be always zero, zero, zero. (The) value of mankind no one can understand or (be) able to understand that, the value of mankind, (the) real value of mankind in divinely Presence of their Creator.
O mankind, Allah Almighty granted to you, to us, a value that universes, billions or trillions or quadrillions or pentrillions times, if they are going to be treasures, can't give any value (in comparison to) what Allah Almighty granted mankind from value, of people. O people, beware! O people, use your thoughts or your thinking. As much as you can do that - more and more times as a value - but it is going (to be) in front of Allah Almighty's Reward that (He) granted to mankind, it is going (to be) always on the point of zero, zero, zero. I am sorry to say that now mankind they are never trying to think on it, but they are wasting their energies, their minds, their knowledge for something that (has) no meaning, no value. For example: They are running to, through skies or through space. Running and they are saying: "We are running to know about Mars." What? What is that foolishness! You finished about this world? Your research finishing (about the earth) that we are living on it and now you are running to Mars? What is that? What is there? They are saying: "(There are) only some mountains, some rocks or some deepless (depthless) valleys. " What (he) is going to know? What you are going to say? They are making (a) scenario through their imagination. As that grandfather of gorillas and chimpanzees Darwin was thinking, that Shaitan, today they are using also; they are trying to keep the way of (that) Shaitan person, that Shaitan person to say: "O people, just we are looking and seeing big giants there. We are finding so many jewels, diamonds there and we are preparing a line from Mars to earth to bring so many tons of diamonds!" When it is going to (be) too much something, (it is) going to be cheaper. Valuable

(is) which that it is rare. If you are finding something (in) big amounts, that means: no value. It should be like our mountains. Our mountains (are) from rocks, from earth. They may say: “We found mountains of diamonds.” When (something is) coming (to be in) so big amounts, (it is) going to be cheap. So cheap. I mean to say that they are using their energy and their ability or capacity or their knowledge, using it for
nonsense. Beginning first (with) that you are on it living... (Take the children
out!.. .) Allah Allah, Allah Allah, Allah Allah...
(They are) not using their capacity or ability to understand. To understand, to know more about this world, but they are trying to waste their energies, their abilities, their capacities for nothing. That is the beginning of troubles through East and West. If they are making research centers for understanding for this world, they should be happy, but Shaitan (is) never leaving them to think on it, never! And they are going to fall into endless troubles and (there is) no rest for them night or day. Subhanallahi-l ‘Aliyi-l ‘Adhim. Just I heard another foolishness from those people, whom they are trying to make a research through space and they are saying that: “Light may run from one to another one (and it needs) billions of years for reaching.” They are saying this, but they are making such advertisement that they are trying to understand about space. What is that foolishness? What is that foolishness! How you are reaching to understand and you are saying that (in) billions of years the light can’t reach from one star to another star? And you are saying: “We are trying through our satellites.” So foolishness, so foolishness. If I am asking: “What about Everest, Himalayan mountain? You reached and you looked and (you are) seeing about that mountains everything? How you are claiming that: “We are trying to reach something about universe”? What is that foolishness?
Once there was an ‘Alim, (a) learned person or philosopher, that he was saying:
“I am (a) so big authority through science and knowledge. O people, you can ask
me anything (and) I may give a reply to you.” One person is standing up and
saying: “O that one who (is) claiming that you are knowing everything. Can you
tell me if your hairs, their number, is odd or even?” This (is) coming like this
or like that? That philosopher (was) saying: “I am not counting, therefore I can’t say, if it is odd or even. Ask me another question.” One person is standing up and saying: “O that one that you are claiming that you are knowing everything and we can ask you. So many years I am

thinking on something." "What is that?" "O my Sir. (An) ant, it has two parts, head side and back side. I was thinking that (if its) intestine (is) that side, back side, or head side?" He said: " I never tried, because (an ants body is) coming like this (narrow in the middle).I don't know (if) its intestines (are) here or here..."

This is something that (is) making some foolish people to fall down and to be ashamed. "Look (to the) ant" I am asking those people, whom they are running to know something of secrets of space: "Leave that and give answer for ants intestines." La haula wa la quwwata ... So foolish people! 21st century people, they are so foolish, no mind people, never thinking and their levels (are) under (the) level of (the) animals world. May Allah forgive us! O people, think (about) your beginning, (the) beginning of your creation and

think what is going to be (the) end of your creation. Think on it! Leave others. How you came to this life? Say to me first (how was the) beginning of your being in existence. Say to me how (it) happened? And now you are saying: "No Creator, no Lord" – Astaghfirullah! Who was making this to ... Man's water and woman's water coming together? What is that? Semen and eggs...For that you are coming in such a way. Why (you are) not thinking on it (and) trying to know something through universe? That Shaitan (is) making 21st century people to think on nothing, 'malayani', nonsense. Think about your Creator that created you and give your high respect (to) Who created you from one cell and now you are getting to be a man and (you are) saying: "No Creator, no Lord." What is that! But Shaitan (is) making them... deceiving them. And whole troubles and problems it is (a) sign of cursing. Everywhere cursing (is) coming like rains, coming on earth through East and West. Daily coming that cursing signs, but people (are)

not thinking, because people they are drunk also. May Allah forgive us.

You are welcome. What we are saying, must be listened, heard (by) everyone and

(to be) thinking on it. If no, (if) they are not thinking on it, (in) their last moment they should be regretting, sorry. Now on earth there is perhaps 7 billion people. You can't find awakening people that (are) thinking on such point. Everyone, everyone's thoughts they are thinking on 'economical crises', nothing else and they are saying: "Just there is a famous person - his name (is) Bubamo - Bubamo may save ourselves!" And Bubamo... what is his name? Obama... even he can't save himself, (but) people(are) saying: "He may save (the) whole word." One

person may save whole world that you may say: “No value” (for) that person. No value. That one may save, may save (the) whole world though 24 hours. No need (even), because they are supported through heavenly Powers. But people, because they did their worst for their Lord, and the Lord of Heavens, our Creator (is) asking to punish them. Therefore (there is) no any arrangement, no one can do, no. I can do! I am (the) weakest one, I may... 24 hours, it is too much for me
(even). But they are not asking such a person through East and West. They are saying: “Bubamo...Bubamo save ourselves!” U S... you ass? You donkey?... Tauba, Astaghfirullah al ‘Adhim! If (the) world (is) asking to save themselves, I am a person (of) no value, behind (the) one, (on the) left side. I am that one. But they may use that zero on left side, if (they are) putting (it) on (the) right side...!
Ya Rabb! Anta-l Rabb! Rabbu-l ‘Alamin. He brought and sent us such a heavenly Orders and Commands that through 24 hours can be arranged everything on earth and people (will be) changing themselves from to be beasts to be human nature. May Allah forgive us. O people, pray for me and I am praying for you and I am asking humbly from (the) Seal of Prophets (in) His divinely Presence that he is in (the) divinely Presence always - to look after ourselves, to save mankind, to reach to (the) rank of being (of) human nature. Human nature they are equal (to) that Angels, but mankind, they are on the level of animals. Try to get out from that level and to reach the level of heavenly beings, you should be happy here and Hereafter. O our Lord, for the honour of Your most beloved, most honoured, most glorified servant S.Muhammad sws, Fatiha.

**The tunnel to pass**

What does the happiness or sadness of a human being depend on? It depends on whether he is obedient to Allah's Commands or not, respecting Him, or denying Him and following Shaitan... All Prophets have taught this and it is repeated at every Juma, Friday prayer, everywhere in the world to remind people: "Oh people, be obedient to Allah, respect Him, fear Him, because He can see you everywhere. Wherever you are, you are under His Eyes, Nazar. Protect your heart, don't let evil enter in it. Among the creatures you have been given the highest rank, and Allah has chosen you for His Service, and that you may govern the world as His Deputies, according to His Laws. But you are throwing away this honour, and you want to make your own laws... what kind of Pharaohs have you become?"

And the world is getting darker day by day... Now we are in Muharram, who knows what the coming year will bring to us... For 1419 years the unbelievers have been trying to finish Islam, but 142o has come, and we will meet the Christian year 2ooo during it. We don't know what will happen in 1421, or if there will be more years to come. Only after 2ooo their counting will stop, and then we will count according to the Hijri calendar, the Islamic calendar. Maybe by next year half of humanity will not be alive any more...

Allah is saying that He is giving the chance to rebellious man to remember Him, but people are misusing His generosity and make every bad thing even worse. The Holy Prophet had been asking from Allah Almighty that his Nation, his Ummah, might not be punished like previous nations by something coming from the

skies or from the earth. So Allah Almighty said: "I will punish some of you through others of you..."
We shall see so much Bela, misfortune, this year... Oh people, you must understand the wisdom of your creation and existence. Life is short, death is waiting for us, Akhirat is in front of us, and we will have to give an answer to the Angels of the Grave...
It is as if the whole world is in a tunnel which looks like an X : it is getting more and more narrow, and from a certain point on it is getting wider and wider up to the eternal... Only spiritually strong people will pass through this tunnel. Materialist people won't be able to make it, the power of their batteries will be finished. Only the spiritual power of the soul can help you...
Allah Almighty has ordered us to read the Holy Quran, to make Dhikr and Salawat, to strengthen our souls and to connect to the spiritual world. But we are not understanding, we are misunderstanding Islam... The orders and duties in Islam are only for connecting you with the spiritual world. You have to know what worship is for.
Only because of your soul, which is coming from Malakut, may you be called human beings. According to your physical body you are animals... You must recognize your value. We should try to control our nafs, ego, but we are doing everything to please it, serving it...
You must try to shine with the light of your soul. This light has been granted to you from the Heavens through the Holy Prophet sws. Search for this light!
If not, so many things will happen this year... May Allah keep us on the path of truth. Keep yourselves and learn to control your ego, so that you may be able to rise to Malakut... Fatiha.

# TURBAN TRAGEN UND SICH BEDECKEN

Turbane sind wichtig und besonders in der heutigen Zeit. Nicht-Muslime haben eine starke Abneigung gegen Turbane. Doch auch unter den Muslimen befinden sich immer mehr Leute, die das Turban-tragen ablehnen. Was macht den Teufel heute besonders wütend? Es ist, wenn jemand einen Turban trägt. Nichts macht Shaitan so wütend, wie das Turban-tragen. Deshalb betrachten Leute, die keinen Turban tragen, Leute, die einen Turban tragen, mit Haß. Und selbst in den islamischen Ländern wird jemand, der einen Turban trägt, so angesehen, als wäre er gegen die Muslime und gegen die ganze Menschheit. Sie denken, daß diese Menschen niemals zu unserer Gemeinschaft gehören. Sie denken oder haben Angst davor, daß diese Leute eine solche Kraft haben, daß sie die alten Zeiten wieder in die Gesellschaft zurückbringen. Und das ist der Grund, daß sie die Leute, die Turban tragen, nicht mit Wohlwollen betrachten. Sie überhäufen sie mit schwerwiegender Mißbilligung. Und dabei gibt es keinen Zweifel daran, daß keine Kopfbedeckung so eindrucksvoll, passend und schön ist wie der Turban. Wie sähe das aus, wenn ich z.B. mit Kahlkopf rumlaufen würde? Das Tragen des Turbans gibt einem Größe und Bedeutung. Ich habe die neuen islamischen Doktoren dazu befragt. Sie tragen Anzüge und Krawatten, scheiteln ihr Haar, rasieren sich und tragen nichts auf dem Kopf. Und ich frage sie: "Wer ist euer Prophet?" - "Muhammad, Friede sei mit ihm." Und ich frage: "Glaubt ihr, daß er die Himmelsfahrt gemacht hat? Die Nachtreise? Glaubt ihr, daß Allah, der Allmächtige, ihn zu sich eingeladen hat?" - "Ja, das glauben wir." sagen sie. "Meint ihr, daß er nackt auf diese

Nachtreise gegangen ist?" - "Nein, asta'firullah." - "Meint ihr, daß er Hosen getragen hat und eine Krawatte? Was hat er in dieser Nacht getragen?" Und die Doktoren wundern sich über diese Fragen. So komische Fragen hat ihnen noch nie jemand gestellt. Ihr habt wohl niemals diese Seiten in den Hadithbüchern gelesen. Meint ihr, daß er den Kopf mit irgendetwas bedeckt hatte?
Wir wissen, daß Allah den Erzengel Gabriel und den Erzengel Michael mit Kleidung aus dem Paradies zu dem Propheten (FSmi) gesandt hat. Und sie kleideten ihn mit einem Turban auf dem Kopf. Und der Prophet (FSmi) trug in dieser Nacht einen Turban. Einen prächtigen Turban, den herrlichsten Turban. Keiner kann einen solchen Turban tragen, außer ihm. Und Allah, der Allmächtige, fand Wohlgefallen an seinem geliebten Diener Muhammad (FSmi), als er in seine Gegenwart kam in Bekleidung eines Turbans. Wenn das nicht die hervorragendste Bekleidung für seine Diener wäre, hätte Allah, Muhammad (FSmi) nicht mit diesem Turban geschickt. "Und warum kleidet ihr euch nicht so?" fragte ich die Doktoren, aber sie antworteten nicht. Sie sagten nur: "Wir haben nicht die Kraft, uns mit dieser Kleidung zu bekleiden. Wir finden uns nicht würdig genug." Sie mögen das sagen, aber sie müssen versuchen, die Stufe zu erreichen, daß sie für diese Kleidung würdig sind. Dies gehört zur Vervollkommnung der Muslime. Ich sehe sehr viele Brüder unter den Muslimen, besonders die Gebildeten, die ihre Frauen dazu zwingen, sich soviel wie möglich zu bedecken. Sie sind nicht damit zufrieden, wenn eine der Frauen der Mode folgt. Sie verlangen für sie nach islamischer Kleidung. Ich stimme mit diesen Gefühlen überein. Ich mag, wenn Frauen in ihrer Muschel verborgen sind wie Perlen. In diesem Punkt habe ich nichts dagegen, denn dies ist eine Vervollkommnung für unsere Schwestern, für unsere Töchter und für unsere Frauen. Es gibt ihnen Würde. Es bringt ihnen Respekt in der göttlichen Gegenwart.

Es ist richtig, aber was ist mit ihnen selber? Sie kleiden sich wie Europäer und ziehen auch noch Krawatten an und lassen ihren Kopf unbedeckt. Und unsere Schariat, unser göttliches Gesetz erlaubt es nicht, daß ein Muslim herumläuft, ohne seinen Kopf zu bedecken. Ich sage das für diejenigen, die ihre Frauen dazu zwingen, sich strengstens an die muslimischen Kleidervorschriften zu halten. Sie selbst kämmen ihre Haare so, daß sie attraktiv aussehen. Sie sollten wissen, wenn jemand ohne Kopfbedeckung vor einem islamischen Gericht erscheinen würde, würde er als Zeuge nicht anerkannt werden. In unseren Ländern gibt es jetzt viele solcher Leute, sie tragen einen Bart und kämmen sich die Haare schön. Wenn so einer jetzt zu einem Schariat-Gericht kommen würde, würde der Richter ihn zurückweisen. Ich sage dies, weil sie ihre Frauen dazu zwingen, sich an islamische Regeln zu halten. Niemals zeigen sie ihnen gegenüber Toleranz. Neuen

Muslimen gegenüber sind sie so streng und rigide, aber sich selbst vergessen sie.
Deshalb sage ich, nehmt eure Hosen und tragt Schalwas, so wie der Prophet (FSmi) sie getragen hat. Tragt ein weites Hemd, bedeckt eure Köpfe und tragt Turban. Das ist das, was wir ihnen sagen müssen. Es ist einfach für sie, die Frauen herumzukommandieren und zu sagen, sie sollen altmodische Kleidung tragen. Sie selbst aber sind nicht bereit dazu. Wir raten den Frauen am Anfang, sich den Oberkörper und die Beine zu bedecken, so daß nur Füße und Hände herausschauen. Und bei neuen Muslimen lasse ich es auch zu, daß sie den Kopf unbedeckt haben. Denn ich weiß etwas, was sie nicht wissen. Wenn der Glaube wächst, dann wächst gleichzeitig das Schamgefühl. Deshalb sehe ich nach ihrem Glauben, denn ich sehe, daß damit gleichzeitig das Schamgefühl wächst. Wenn das Schamgefühl größer wird, dann werden sie sich von alleine bedecken. Ich sehe so viele Frauen, die, wenn sie den Islam angenommen haben, sich von selbst anfangen zu bedecken. Denn es ist eine Gabe von Allah, dem Allmächtigen, die er ihnen schnell gibt, ohne daß man es ihnen sagen müßte, und Allah der Allmächtige belohnt sie schnell. Und nun sind sie glücklich, und keine will ihr Kopftuch abnehmen. Ich habe niemals einer von meinen Töchtern gesagt, sie solle Kopftuch tragen. Seht Heidriah, habe ich ihr etwas gesagt? Nein, aber Allah, der Allmächtige, hat sie belohnt. Sie ist glücklich. Und wir wollen, daß die Leute aus ihrem Herzen heraus den Islam praktizieren. Aus Liebe und nicht durch Zwang. Aber diese Leute haben keinerlei Weisheit erhalten. Sie sind wie Kassetten. Sie können etwas abspulen, ohne etwas von der Weisheit zu verstehen. Das ist der Grund, weshalb sie verstehen, die Frauen mit dem Stock zu schlagen, wenn Allah der Allmächtige vom Schlagen der Frauen spricht.
Einmal sagte Mansur al-Halladsch: "Ich bin Haqq." Aber entsprechend der Schariat ist das falsch. Denn Al-Haqq ist Allah. Deshalb wurde er zum Tode verurteilt. Und die Menge versammelte sich, und sie bewarfen ihn mit Steinen. Und einer seiner Freunde, Schibli, kam und warf statt einem Stein eine Rose nach ihm. Und er sagte: "Aah, diese Rose hat mich mehr getroffen als all die Steine." Deshalb genügt es, eine Rose auf eine Frau zu werfen, sie wird verstehen, was gemeint ist. Das ist das Schlagen. Ein Stock ist nicht notwendig, eine Rose reicht auch. Die Schariat ist ein riesiges Meer, und wir sind zu weit davon entfernt, um es zu verstehen. Diese Leute meinen etwas zu wissen, wenn sie aus diesem Buch etwas herausnehmen und aus ein paar anderen Büchern etwas herausschreiben und es dann zu einer Doktorarbeit zusammenstellen. Und das ist ein wichtiger Punkt, den jeder wissen sollte, bezüglich seiner Handlung, seiner Kleidung und dem Handeln anderen gegenüber. Es ist genug, glaube ich. Allah möge uns mehr Licht zum Verstehen geben. Wenn euer Herz nicht erleuchtet ist, dann könnt ihr nicht sehen, was nötig ist in der Schariat. Deshalb kommen die Leute mit starken Scheinwerfern in die Tiefe des Ozeans, um zu sehen, was dort ist, denn es ist dunkel.

Deshalb brauchen wir mehr Licht in unseren Herzen, um zu betrachten, was in der Schariat und in der Tariqat ist. Bei Allah ist das Gelingen.

**Turn Back To The Prophet (sas)**

---

Dastur, ya madad. Assalamu 'alaikum all who are present.

Oh yaran Shah Mardan. How beautiful it is to be the friend of Shah Mardan. To be a beloved friend is an honourable title. May we be slaves at their doors, we are slaves, they are Sultans. People like us, cannot enter their assemblies. However, they are offering some words of wisdom, by their humbleness. Oh Shah Mardan, for the sake of his uncle's son, pride of Earth and Heavens, pride of the universe, for His sake Shah Mardan is adressing to His ummah/nation. Ahlan wa sahlan. Marhaban, marhaban, ya marhaban Oh Shah Mardan. Your friends admire you, and love you; your followers wish to listen to you. Your words are more precious than gold and jewellry.

This is our humble/modest assembly. Because we are his friends, we hope to receive his words, so we begin the day mentioning the name of that lion; Shah Mardan, may we open up, may we strengthen, may we be dressed with majesty. May we be dressed with faith. Through their assemblies may we be dressed with the robe of faith and honour. "Al mar'u ma'a man ahab" Someone who is with whom he loves. To Sultan, to our Sultan, Shah Mardan every day a robe of honour from heavens is being dressed, a new one for each day. Shah Mardan doesn't take that robe of honour until it is given for his beloved friends too. According to our limitations, that robe of honour is being dressed on us also. Subhan Allah, Sultan Allah.

Let's say Bismillahi r-Rahmani r-Rahim. Janab-l Rabbu l-'Alamin, may we mention His name of Jalil, to mention His magnificent name, is more precious than worlds full of treasures. To say "Allah" is more valuable than universes full of treasures. May despair, grief and fatigue leave us.

May our love increase. May our being be refreshed. Our bodies get refreshment, with their words, which enliven us. Their words revive people, sick ones get better. Even a dead one revives with their word. If Shah Mardan only says to a dead one "up", he will get up, this is Shah Mardan. Masha'Allah SubhanAllah. His name is holy; he is making us to mention his name. He is also giving us advices. Ay yaran Shah Mardan. I wish the whole world became Shah Mardan's followers. May we kiss his stirrup, how beautiful would be the world if only we could all be in his way. Allah Allah, our Lord. Allah is granting us. This is a humble assembly. We wish to renew our faith. When our faith is renewed, our bodies are also renewed. Our love increases when we are refreshed. To whom? First of all to Rasul Kibriya (sws), Then to Allah Dhul-Jalal. In this way we are dressed with the robe of honour. Allahu Allah, Allahu Rabbi Allahu Allah, Allahu Hasbi. Masha'Allah Say: My Lord; Allah Jalla Jalaluhu. Our Lord reaches to us, thanks to our Lord, not only to us but also to the whole universe.

Oh Shah Mardan with your beautiful words, may our manners get better, our faith strengthen, may your words make people to give up running after the carcass of the world. A carcass must not be what is asked for in this world. "Ad-dunya jeefah", the world is a carcass. "Tallaabuha kelabuha", what is the attribute of the one whose demand is worldly affairs; like the dogs running after a carcass? Hasha minal hudur. Oh people, this is not your honour. Your honour is to go in the way of Shah Mardan who is the lion of Allah Dhul Jalal; this is our honour. We get value from this. Ey Ya maasharal ins-i wal jinn! Oh communities of jinns and mankind! Humans and jinns,beware! Learn something from Shah Mardan! Let's listen and crown our assembly. What is the crown of an assembly? Bismillahi r-Rahmani r-Rahim. Say and don't fear! You get honour.

Worldly affairs lose their value. Leave Dunya for the hereafter, don’t struggle for Paradise. For Jamalullah, for the Absolute Jamal of Allah; to stare and admire which is Aqsal-Meratib (highest of honorable ranks) and highest of ranks; that can be asked for, and matlab; which is the most valuable thing to be demanded; to be able to see/admire Jamal of Janab Haqq. There is nothing more precious beyond this. Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi. Say Oh Pope, to whom Prophet Jesus invited you? To the world, to satan? Say it Oh Pope! Prophet Jesus invited people to whom? Did he invite people to worship him? Or did he invited people to Allahu Dhu l-Jalal who is The Creator of Earth and Heavens? Say it Oh children of Bani Israel! Did

Jesus invite you to worship the world, or to the golden calf, or to Janab Rabbul Izzat who had sent him down? Say it Oh Bani Israel! You left him to worship the golden calf. Shame on you! You are still dreaming of that golden calf. That is why you always run after gold. You pile up gold. Those who worship gold have no value. Who makes people worship gold is satan. In its way one becomes satan himself. Oh our Lord Masha'Allah you are Subhan you are Sultan.

Oh Shah Mardan please go on, the arena is yours. May you tell us, may we listen and learn. What are we created for? What does the Bible say? Are people created for worldly affairs or for servant hood of the owner and creator of Earth and Heavens? Who is Allah Dhul-Jalal? Created for what? May the Bible readers and Torah readers answer this? Did Torah say to worship the golden calf? Or did it call people to Rabbul Izzat, who is the owner of Earth and heavens; who sent down Jesus and Moses. Did it call people to Allahu Dhu l-Jalal? Answer it. Ey Arhuntlar! Oh Persians, who call themselves Shia, those who call themselves Alawi, did Shah Mardan call you to Dunya/world? Sayyedina Shah Mardan Ali Ibn Abi Talib alaihi s-salam. Did he call you to worship Dunya? Digging up deep holes on Earth in order to get fuel/oil, digging up to look for petrol? Did Allah create you for this purpose? Say Arhuntlar, scholars of Persia! Say to your leader Ahmad! His name is beautiful but not his deeds/ affairs. He says we have petrol, & others? Others, their minds are all full with petrol, fuel/oil. Say it for the sake of Allah, Oh Shia! Did Shah Mardan order you to dig up the Earth to find petrol? Say the truth! -"We have it (petrol)!" If it was something good/beneficial, the Prophet of late times and his uncle's son Shah Mardan, would have said; dig up the Earth, and from deep inside will come out a smelly, black, poisonous fluid, and to run after it.

Did He say it? Oh those who are in Jesus' religion! Prophet Jesus alaihi s-salam. Please explain Shah Mardan, to Christians, those who are in Jesus' religion, did Prophet Jesus say to dig up the Earth to find smelly oil like fluid, to find it in order to rule the World? Is that what Jesus said and taught? Oh those who don't fear from Allah, and follow satan, running after petrol you became satan's servants. Leave that oil! Look and see, those who were proud of their petrol, Princes and Kings of the Arabian Peninsula, in 24 hours, Janab Haqq sent rains to the desert, rains and snow too, floods were everywhere in the Arabian Peninsula. What are your precautions? What

happened? You lost because you were running after petrol. You forget to go to the door of Allahu Dhu l-Jalal. You ran after petrol, piled up gold, you made tower blocks, and tower clocks going up to the skies. Did the Prophet of end times (sws) say this to you? Within three days, Arabia is messed up with floods. They faced storms they never thought of, rain and snow- snow never seen before in Arabia and Rabbu l-'Izzat sent snow there, fear from Him!

They are trapped in the Arabian Peninsula. They can't go out. Planes can't fly. Cars can't move in floods, no more camels are left; they are stranded in their palaces. Say it Oh Shah Mardan! You see and you know. Allah didn't create you to be petrol/oil tycoons. "I have this much petrol!" Janab Haqq does not set petrol as a measure of greatness. But you set it as a measure of greatness. Now you are sank/drowned. They are confused how to rule and play as kings, because they are not able to go out. Everywhere messed up, with the floods. Fear from Allah! Christian world is also running after petrol. Because they made cars, they used to ride horses but they drive their cars now. Their cars were sunk; their countries messed with floods too. All people should fear from Allah! Oh Shah Mardan please go on! You are the one who is allowed to say! Damascus is destroyed, its settlements are ruined. They are boasting that Iran is helping them; so they will overcome and rule. Iran is incapable of its self-control. Persians are being shaken with quakes continually. Come to the true path!

Please Shah Mardan go on! Say to them! Both the adherents of the Bible and believers of Qur'an Azimu sh-Shan, Beware! "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa 'Illa Liya`buduni"(51:56), Janab Rabbu l-'Izzat says. Please Shah Mardan you say to them. Allah says: "I created mankind and jinns only to worship me". You avoided being a servant of Allah. You have been after petrol, you construct buildings, establish sovereignty. Allah says: He didn't create you to establish your sovereignty. Nimrod had sovereignty much more than you; Janab Haqq destroyed him with mosquitos. What will you do if Allah Jalla wa'ala who sent floods to the deserts of Arabia & makes mosquitos come out of those flood waters? What will Persians do? What will Saudi do? What will princes do? What then! Where shall you run if mosquitos come from floodwaters? Your planes can't fly! Your cars can't move, no roads, no streets, if you are infested by mosquitos, what then! Those who are claiming: We are ruling Arabia; we can rule the

world thinking, "People will obey us".

Beware! Shah Mardan gave the orders before: Oh Kings, Oh Princes, every morning in front of your palaces, have the call of Gulbank-i Muhammadi, recite salatu salam. Fire cannons for the sake of the Holy Prophet (sws). Shah Mardan said this, you didn't do it. You didn't listen, now your weapons your guns and your tanks can't move. These are the signs of doomsday. Don't think that, you will go on for your worldly pleasures! No! We will see what is the Divine decree about them? Please Shah Mardan go on! May they return to Prophet (sws) and ask for forgiveness. They know the holy verse; "If, when they wronged themselves, they had come to you (Hz Muhammed) and asked the forgiveness of Allah and the Messenger asked forgiveness for them, they would have found Allah Accepting of repentance and Merciful."(4:64) They can't be saved without intercession of Prophet (sws). They must come to the presence of Prophet (sws) now. May they come! Cars can't move, planes can't fly. Camels can't walk! Haa! Appoint a deputy and visit the Sultan of Medina, together, go and beg for this disaster to leave your country. Say Shafat ya RasulAllah! Otherwise you will be facing the infestation of mosqitos. Tawbah ya Rabbi tawbah Astagfirullah.

Please go on Shah Mardan. Your words are Truth and realities. We ask forgiveness for them and for us, both. We became weak, we are left without owner. Oh Rabba l-Bayti-l Atiq, send us the one (Sahib) who will own us. Send the Sahib to the people of Mecca and Medina who have fallen on evil days. The one who will say takbir and who will stop these disasters; send us the Sahib, who is Mahdi alaihi s-salam. Ask for him! Those who are in Kabaa, go to the presence of Kabaa. Those who are in Medina, go to the presence of Rasul (sws), stand with respect and ask and beg for Shafaat Ya RasulAllah! May they say and be saved or else they will be swept. May Allah forgive us, Allahu Allah Allahu Rabbi, Allahu Allah, Allahu Hasbi, HasbunAllah wa nai'ma l-wakeel. They should all recite this; Kings and Princes, the resident people too. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. HasbunAllahu wa nai'ma l-wakeel.

Shah Mardan says to keep this prayer. In this way you will be safe, or else you will be in trouble. No other way to get away! They are given this disaster, in order that their sovereignty finishes; this is why they had this disaster. They should go to the presence of Prophet (sws) and appeal to Him.

May they ask for His Intercession! They don't accept this. They say it is shirk. Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. HasbunAllahu wa nai'ma l-wakeel, HasbunAllahu wa nai'ma l-wakeel. The whole people of Arabia, this is your prayer to recite. HasbunAllahu wa nai'ma l-wakeel, HasbunAllahu wa nai'ma l-wakeel. Say it with no fear! Otherwise you will be swept!

Oh Persian scholars, Oh Turkish scholars, don't you see the corruption in your countries? There is no servanthood to Allah! They will face troubles. Their sovereignty will fall. Neither the forces of Europe nor America and Russia will reach for help. Illa Allah, Illa Allah. HasbunAllahu wa nai'ma l-wakeel, HasbunAllahu wa nai'ma l-wakeel. Oh our Lord forgive us, for the sake of your beloved Habib Akram! Say this! Intercession of Rasul is Truth-permitted say: Aman Ya RasulAllah! Be safe! Otherwise you will be finished. Astagfirullah.Tawbah ya Rabbi, tawbah Astagfirullah. Oh Shah Mardan, how clearly you explained! Let's say: Bismillahi r-Rahmani r-Rahim. May we be dressed with a robe of honour, a robe of faith. Oh our Lord forgive us. For the sake of The Habib Akram, may we not be ashamed here and hereafter. Amin Amin Amin.

The Holy ones, there are holy ones who are in, the presence of Prophet (sws) - Fukaralar (poor/weak ones), may you ask for their prayers/ invocation. Give donations to charity right away. May blessings come and you will be safe. Amin Amin wa salamun 'ala l-mursaleen wa lhamdu lillahi Rabbi l-'alameen. Allah jalla jalaluhu, jalla jalaluhu jallat azamatuhu wa la ilaha Ghayruhu, You are our Lord. Tubna wa raja'na ilayk. Tawbah ya Rabbi, tawba ya Rabbi, tawbah ya Rabbi. Astagfirullah al-'Azim wa atubu ilayk, say this at least a hundred times a day. You will be saved.

Fatiha.

Dastur, ya Madad. As-Salamu `alaykum, alle Anwesenden, o Yaran Shah Mardans. Wie schön ist es, der Freund Shah Mardans zu sein. Ein geliebter Freund zu sein, ist ein ehrenwerter Titel. Mögen wir Sklaven an ihren Türen sein. Wir sind Sklaven, sie sind Sultane. Menschen wie wir

können ihre Versammlungen nicht betreten. Sie bieten jedoch ein paar Worte der Weisheit an in ihrer Bescheidenheit. O Shah Mardan, um des Sohnes deines Onkels willen, des Stolzes von Erde und Himmeln, des Stolzes des Universums, um seinetwillen spricht Shah Mardan zu seiner Nation. Ahlan wa Sahlan. Marhaban, Marhaban, ya Marhaban, o Shah Mardan. Deine Freunde bewundern dich und lieben dich. Deine Anhänger möchten dir zuhören. Deine Worte sind kostbarer als Gold und Juwelen. Dies ist unsere bescheidene Versammlung. Weil wir seine Freunde sind, hoffen wir, ein paar Worte zu bekommen. So beginnen wir den Tag damit, den Namen dieses Löwen zu nennen. Shah Mardan, mögen wir uns öffnen, mögen wir erstarken, mögen wir mit Majestät bekleidet werden. Mögen wir mit Glauben bekleidet werden. Durch ihre Versammlungen mögen wir mit dem Gewand des Glaubens und der Ehre bekleidet werden.

"Al Mar`u ma`a man Ahab". Der Mensch ist mit dem, den er liebt. Der Sultan, unser Sultan, Shah Mardan, wird
jeden Tag mit einem Ehrenkleid von den Himmeln bekleidet, mit einem neuen für jeden Tag. Shah Mardan nimmt dieses Ehrenkleid nicht, bis es auch seinen geliebten Freunden gegeben wird. Entsprechend unseren Begrenzungen werden wir auch mit diesem Ehrenkleid bekleidet. Subhan Allah, Sultan Allah.

Sagen wir Bismillahi r-Rahmani r-Rahim. Janabu r-Rabbu l-`Alamin, mögen wir Seinen Namen Jalil nennen. Seinen herrlichen Namen zu nennen, ist kostbarer als Welten voller Schätze. "Allah" zu sagen, ist wertvoller als Universen voller Schätze. Mögen Verzweiflung, Kummer und Müdigkeit uns verlassen. Möge unsere Liebe zunehmen. Mögen unser Sein erfrischt werden, unsere Körper eine Erfrischung erfahren mit ihren Worten, die uns beleben. Ihre Worte lassen die Menschen aufleben, Kranke gesunden. Selbst ein Toter erwacht wieder zum Leben mit ihren Worten. Wenn Shah Mardan zu einem Toten nur sagt 'Auf', steht er auf. Das ist Shah Mardan. Ma sha' Allah, Subhan Allah. Sein Name ist heilig. Er bringt uns dazu, seinen Namen zu nennen.

Er gibt uns auch guten Rat. Ay Yaran Shah Mardans. Ich wünschte, die ganze Welt würde Anhänger Shah Mardans werden. Mögen wir seine Steigbügel küssen. Wie schön wäre die Welt, wenn wir nur alle in seiner Weise sein könnten. Allah Allah, unser Herr. Allah gewährt uns. Dies ist eine bescheidene Versammlung. Wir möchten unseren Glauben erneuern. Wenn unser Glaube

erneuert ist, sind auch unsere Körper erneuert. Unsere Liebe nimmt zu, wenn wir erfrischt sind. Zu wem? Zuerst einmal zu Rasul Kibriya (saws), dann zu Allah Dhu l-Jalal. In dieser Weise werden wir mit dem Ehrenkleid bekleidet. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Ma sha' Allah. Sagt: Mein Herr, Allah Jalla Jalaluhu. Unser Herr erreicht uns, Dank sei unserem Herrn, nicht nur uns, sondern das ganze Universum.

O Shah Mardan, mit deinen schönen Worten kann unser Benehmen besser werden, unser Glauben sich stärken. Mögen deine Worte die Menschen dazu bringen, aufzuhören, dem Kadaver dieser Welt nachzulaufen. Ein Kadaver darf nicht das sein, was man in dieser Welt verlangt. "Ad-Dunya Jifah" - Die Welt ist ein Kadaver. "Talibuha Kilab". Was ist das Attribut dessen, der nach den weltlichen Angelegenheiten verlangt? Sie sind wie Hunde, die hinter einem Kadaver her sind. Hasha mina l-Hudur. O Leute, das ist nicht euere Ehre. Euere Ehre ist, auf dem Weg Shah Mardans zu gehen, der der Löwe Allah Dhu l-Jalals ist. Das ist unsere Ehre. Wir bekommen Wert dadurch. Ey, ya Ma`shara l-Insi wa l-Jinn! O Gemeinschaften von Menschen und Djinn! Menschen und Djinn, hütet euch! Lernt etwas von Shah Mardan! Hören wir und krönen unsere Versammlung. Was ist die Krone einer Versammlung? Bismillahi r-Rahmani r-Rahim.

Sagt es und fürchtet euch nicht! Ihr bekommt Ehre. Weltliche Dinge verlieren ihren Wert. Laßt die Dunya für das Jenseits, kämpft nicht für das Paradies, sondern für Jamalullah, für das Absolute Jamal Allahs, um das anzustarren und zubewundern, was Aqsa l-Meratib und der höchste der Ränge ist, der erbeten werden kann, und Matlab, was das wertvollste Ding ist, das erbeten werden kann, um fähig zu sein, Jamal von Janabu Haqq zu bewundern. Es gibt nichts kostbareres darüber hinaus. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi.

Sag, o Papst, zu wem lud euch der Prophet Jesus ein? Zur Welt? Zu Shaytan? Sag, o Papst! Der Prophet Jesus lud die Menschen zu wem ein? Lud er die Menschen dazu ein, ihn anzubeten? Oder lud er die Menschen zu Allahu Dhu l-Jalal ein, Der der Schöpfer von Erde und Himmeln ist? Sagt es, o Kinder der Bani Israel! Lud Jesus euch dazu ein, die Welt anzubeten, oder das goldene Kalb, oder zu Janabu Rabbu l-`Izzat, Der ihn herabgesandt hatte? Sagt es, o Bani Israel! Ihr verließet ihn, um das goldene Kalb anzubeten. Schande auf euch! Ihr träumt immer noch von diesem goldenen Kalb. Deshalb seid ihr immer hinter Gold her. Ihr hortet Gold. Diejenigen, die

Gold anbeten, haben keinen Wert. Wer die Menschen dazu bringt, Gold anzubeten, ist Shaytan.

Auf diesem Weg wird man selber zu Shaytan. O unser Herr, ma sha' Allah, Du bist Subhan, Du bist Sultan. O Shah Mardan, bitte, mach weiter. Die Arena ist dein. Mögest du zu uns sprechen, mögen wir zuhören und lernen. Wofür wurden wir erschaffen? Was sagt die Bibel? Sind die Menschen für weltliche Dinge geschaffen worden oder für die Dienerschaft an dem Eigner und Schöpfer von Erde und Himmeln? Wer ist Allah Dhu l-Jalal? Geschaffen für was? Mögen die Bibelleser und die Torahleser dies beantworten. Sagte die Torah, das goldene Kalb anzubeten?

Oder rief sie die Menschen zu Rabbu l-`Izzat, Der der Eigner von Erde und Himmeln ist, Der Jesus und Moses herabsandte? Rief er die Menschen zu Allahu Dhu l-Jalal? Beantwortet das. Ey Ayatollahs! O Perser, die sich selbst Schiiten nennen, jene, die sich selbst Alawiten nennen, rief Shah Mardan euch zur Dunya auf? Sayyidina Shah Mardan, Ali ibn Abi Talib, `alayhi s-Salam. Rief er euch auf, die Dunya anzubeten? Tiefe Löcher in die Erde zu graben, um Öl zu bekommen, zu graben, um nach Öl zu suchen? Erschuf euch Allah zu diesem Zweck? Sagt, Ayyatollahs, Gelehrte Persiens! Sagt es eurem Führer Ahmad! Sein Name ist schön, aber nicht seine Taten. Er sagt, wir haben Öl. Und die anderen? Die anderen, ihre Gedanken sind ganz voll mit Öl. Sagt es um Allahs willen, o Schiiten. Befahl euch Shah Mardan, die Erde aufzugraben, um Öl zu finden? Sagt die Wahrheit! 'Wir haben es!' Wäre es etwas Zuträgliches, hätten der Prophet der Letzten Zeit und der Sohn seines Onkels, Shah Mardan, gesagt: Grabt die Erde auf, und von tief unten wird eine übelriechende, schwarze, giftige Flüssigkeit hervorkommen. Macht euch darüber her! Sagte er das? O diejenigen, die in Jesus Religion sind, der Prophet Jesus, `alayhi s-Salam, bitte erkläre es, Shah Mardan, den Christen, jenen die in Jesus Religion sind. Sagte der Prophet Jesus, die Erde aufzugraben, um eine stinkende, ölige Flüssigkeit zu finden, sie zu finden, um die Welt zu beherrschen? Ist es das, was Jesus sagte und lehrte? O diejenigen, die Allah nicht fürchten und Shaytan folgen, die dem Öl nachlaufen, ihr wurdet Diener Shaytans. Laßt dieses Öl!

Guckt hin und seht jene, die stolz auf ihr Öl waren, die Prinzen und Könige der Arabischen Halbinsel. In 24 Stunden sandte Janabu Haqq Regen in die Wüste, Regen und auch Schnee, Überflutungen waren überall auf der Arabischen Halbinsel. Was sind euere Vorsichtsmaßnahmen?

Was geschah? Ihr habt verloren, weil ihr hinter Öl her wart. Ihr vergeßt, zur Tür Allahu Dhu l-Jalals zu gehen. Ihr lieft hinter dem Öl her, hortetet Gold. Ihr machtet Hochhäuser und Glockentürme, die hoch in den Himmel ragen. Sagte der Prophet des Zeitenende (saws) das zu euch? Innerhalb von drei Tagen ist Arabien von Fluten verwüstet worden. Sie sahen sich Stürmen gegenüber, wie sie es nie gedacht hatten, Regen und Schnee. Schnee war vorher nie gesehen worden in Arabien. Und Rabbu l-`Izzat sandte Schnee dorthin. Fürchtet Ihn! Sie sind gefangen auf der Arabischen Halbinsel. Sie können nicht herauskommen. Flugzeuge können nicht fliegen.

Autos können in den Fluten nicht fahren. Es gibt keine Kamele mehr. Sie sind gestrandet in ihren Palästen. Sag es, o Shah Mardan. Du siehst es, und du weißt. Allah erschuf euch nicht, um Ölmagnaten zu sein. 'Ich habe so viel Öl!' Janabu Haqq setzt nicht Öl als Maßstab für Größe. Aber ihr setzt es als Maßstab für Größe. Jetzt seid ihr versunken. Sie sind verwirrt, wie sie herrschen und spielen sollen als Könige, weil sie nicht hinausgehen können. Überall ist Unordnung wegen der Fluten. Fürchtet Allah! Die christliche Welt läuft auch dem Öl hinterher. Weil sie Autos gemacht haben. Sie ritten früher auf Pferden, aber jetzt fahren sie Auto. Ihre Autos sind versunken, ihre Länder von den Fluten in Unordnung. Alle Menschen sollten Allah fürchten!

O Shah Mardan, bitte mach weiter. Du bist derjenige, der es sagen darf. Damaskus ist zerstört, seine Siedlungen sind ruiniert. Sie brüsten sich damit, daß Iran ihnen hilft, so daß sie überwinden und herrschen werden. Iran ist unfähig, sich selbst zu kontrollieren. Die Perser werden ständig von Erdbeben durchgerüttelt. Kommt auf den wahren Weg! Bitte, Shah Mardan, mach weiter. Sag es ihnen! Beide, die Anhänger der Bibel und die Gläubigen des Quran Azimu sh-Shan, hütet euch! "Wa ma Khalaqtu l-Jinna wa l-Insa illa li-Ya`buduni" (51:56), sagt Janabu Rabbu l-`Izzat.

Bitte, Shah Mardan, sag es ihnen. Allah sagt: Ich erschuf die Menschheit und die Djinn nur, um Mich anzubeten. Ihr habt es vermieden, Diener Allahs zu sein. Ihr seid hinter dem Öl her, ihr baut Gebäude, errichtet Herrschaft. Allah sagt: Er erschuf euch nicht, damit ihr euere Herrschaft errichtet. Nimrod hatte Herrschaft, viel mehr als ihr. Janabu Haqq vernichtete ihn mit einer Mücke. Was werdet ihr tun, wenn Allah Jalla wa `ala, Der Fluten in die Wüsten Arabiens sandte, Mücken aus diesen Flutwassern herauskommen läßt? Was werden die Perser tun? Was werden

die Saudis tun? Was werden die Prinzen tun? Was dann? Wohin werdet ihr rennen, wenn Mücken aus den Flutwassern kommen? Euere Flugzeuge können nicht fliegen! Euere Autos können nicht fahren! Keine Straßen. Keine Straßen. Wenn Mücken über euch herfallen, was dann? Jene, die behaupten, 'Wir beherrschen Arabien', 'Wir können die Welt beherrschen', und denken, 'Die Leute werden uns gehorchen', hütet euch!

Shah Mardan gab den Befehl vorher: O Könige, o Prinzen, ihr müßt jeden Morgen vor euerem Palast Gulbanki Muhammadi rufen, rezitiert Salatu Salam. Feuert Kanonen um des heiligen Propheten (saws) willen. Shah Mardan sagte das. Ihr habt es nicht getan. Ihr hörtet nicht. Jetzt können sich euere Waffen, euere Gewehre und euere Panzer nicht bewegen. Dies sind die Zeichen des Jüngsten Tages. Denkt nicht, ihr werdet weiterhin euere weltlichen Freuden verfolgen! Nein! Wir werden sehen, was der Göttliche Ratschluß über sie ist. Bitte, Shah Mardan, mach weiter.

Mögen sie zum Propheten (saws) zurückkehren und um Verzeihung bitten. Sie kennen die heiligen Verse: 'Und wären sie zu dir gekommen, nachdem sie sich gegen sich selbst vergangen hatten, und hätten sie zu Allah um Verzeihung gefleht, und hätte der Gesandte für sie um Verzeihung gebeten, hätten sie gewiß Allah Allvergebend, Barmherzig gefunden' (4:64). Sie können nicht gerettet werden ohne Fürsprache des Propheten (saws). Sie müssen jetzt in die Gegenwart des Propheten (saws) kommen. Mögen sie kommen! Autos können nicht fahren, Flugzeuge nicht fliegen. Kamele können nicht gehen! Ha! Bestimmt einen Vertreter und besucht den Sultan von Madina zusammen, geht und bittet, daß das Unheil euer Land verläßt. Sagt Shafa'at ya RasulAllah. Sonst werdet ihr mit einer Mückenplage konfrontiert. Tawba ya Rabbi, Tawba Astaghfirullah.

Bitte, mach weiter, Shah Mardan. Deine Worte sind Wahrheit und Wirklichkeit. Wir bitten um Vergebung für sie und für uns, beide. Wir sind schwach geworden. Wir sind ohne Eigner. O Rabba l-Bayti l-Atiq, sende uns den einen, der uns besitzen wird. Sende den Sahib zu den Menschen von Mekka und Medina, die üble Tage erleben. Der, der Takbir sagen wird und der diese Unglücke aufhalten wird, sende uns den Sahib, der Mahdi `alayhi s-Salam ist. Bittet um ihn. Diejenigen, die in der Kaaba sind, geht in die Gegenwart der Kaaba. Diejenigen, die in Medina sind, geht zur Gegenwart Rasuls (saws), steht mit Respekt und fragt und bittet um Shafa'at, ya

Rasulullah! Mögen sie es sagen und gerettet werden oder sonst werden sie hinweggefegt. Möge Allah uns vergeben. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, Hasbunallah wa Ni`ma l-Wakil. Sie sollten alle das rezitieren, Könige und Prinzen, die Ortsansässigen auch.

Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Hasbun Allahu wa Ni`ma l-Wakil. Shah Mardan sagt, sein Gebet einzuhalten. Auf die Weise werdet ihr sicher sein, sonst seid ihr in Schwierigkeiten. Kein anderer Weg, um wegzukommen! Ihnen wird dieses Unglück gegeben, damit ihre Herrschaft zu Ende ist. Deshalb hatten sie dieses Unglück. Sie sollten zur Gegenwart des Propheten gehen und auf ihn einwirken. Mögen sie um seine Fürsprache bitten.

Sie erkennen das nicht an. Sie sagen, es ist Shirk. Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. Hasbun Allahu wa Ni`ma l-Wakil, Hasbun Allahu wa Ni`ma l-Wakil. Alle Menschen Arabiens, dies ist das Gebet, das ihr rezitieren sollt. Hasbun Allahu wa Ni`ma l-Wakil, Hasbun Allahu wa Ni`ma l-Wakil. Sagt es ohne Furcht! Sonst werdet ihr weggefegt. O persische Gelehrte, o türkische Gelehrte, seht ihr nicht die Verderbtheit in eueren Ländern? Es gibt keine Dienerschaft für Allah. Sie werden Schwierigkeiten begegnen. Ihre Oberherrschaft wird fallen.

Weder die Mächte Europas, noch Amerikas und Rußlands werden ihnen zu Hilfe kommen. Illa Allah, illa Allah. Hasbun Allahu wa Ni`ma l-Wakil, Hasbun Allahu wa Ni`ma l-Wakil. O unser Herr, vergib uns um Deines geliebten Habib Akram willen. Sagt dies. Die Fürsprache Rasuls ist Wahrheit. Sagt: Aman ya Rasulallah! Seid in Sicherheit. Sonst seid ihr erledigt. Astaghfirullah.

Tawba ya Rabbi, Tawba Astaghfirullah. O Shah Mardan, wie deutlich du erklärst! Sagen wir: Bismillahi r-Rahmani r-Rahim. Mögen wir mit einem Ehrenkleid bekleidet werden, einem Kleid des Glaubens. O unser Herr, vergib uns. Um des Habib Akram willen mögen wir nicht beschämt werden hier und im Jenseits. Amin, Amin, Amin. O Gesegnete in der Gegenwart des Propheten (saws), es gibt Schwache, Hilflose. Nehmt die Gebete und Anrufungen dieser Armen an. Gebt sogleich Wohltätigkeitsspenden. Mögen Segnungen kommen und ihr sicher sein. Amin Amin wa Salamun `ala l-Mursalin wa l-Hamdulillahi Rabbi l-`Alamin. Allah Jalla Jalaluhu, Jalla Jalaluhu, Jallat Azamatuhu wa la ilaha Ghayruhu, Du bist unser Herr. Tubna wa Raja'na ilayk. Tawba ya Rabbi, Tawba ya Rabbi, Tawba ya Rabbi. Astaghfirullahu l-`Azim wa Atubu ilayk. Sagt das

wenigstens 100x am Tag. Ihr werdet gerettet werden. Fatiha.

**Two Directions, Only One Blessed**

Audhu bi-llahi mina shaitani rajim
Bismillahi r-Rahmani r-Rahim
La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim

As-salamu alaiukum, salamu-llah alaikum.
May be bestowed Allah Almighty‘s blessings on you forever!
Meded, ya Sultanu-l Awliya!

Run (toward) the direction that blessings (are) coming; on that direction. Now we are on this planet, we are living, billions of people. There is only two directions: One direction (is the) blessed direction, another direction (is the) cursed direction.Allah granting us mind.

That is a big grant or (the) biggest grant for mankind: to have a mind. Mind - it is a state or balance. With that, when you are using it, you may understand blessed direction or cursed direction. It is so simple. That is the... just it is heavenly messages what is in it, (the) real point?...(the) essence... (the) essence of whole revelations. And also for whole nations. Never this message... and the essence of messages can’t be changed - from Adam up to... from (the) first messenger up to (the) last messenger, (it is) never changing.

But- Subhanallah, Subhanallah - Ahlu-l Kitab, Jewish 71 sects, and Christians 72 sects, and the last Ummah, (the) most honoured Ummah also, (is) just divided into 73 sects.

For what? For what? It is so clear. Blessed direction, cursed direction, what you are playing on it, saying: “I am this one, I am that one, you are wrong”? No! True way and wrong way. True way that (it is the) blessed way, it is clear. And (the) wrong way, that (it is the) cursed way, it is clear also.

(The) Lord (is) saying: “Don’t drink!” This is blessed ways’ command, calling people: “Come, don’t drink, don’t be drunk! I don’t like drunk people! I am sending My chosen servants to you to teach you, because you are My deputies on earth, you must learn! You must learn, because I dressed you a honoured dressing that I never dressed anyone!“ - Even Angels they are not dressing, what we have been dressed - “And I am saying to you: O My honoured servants, don’t be drunk, don’t drink. I am saying to you!” But Shaitan (is) saying to you: “Don’t listen, don’t go on that direction, come to my direction! When you are going to be drunk, you should be in pleasure!” What is that! Which one (is) going and being pleased, when they are drinking?

So many years I have been in London. Every night we are going some other places for breakfast or for any invitation, for praying, and after Maghreb we are moving and mostly London (is) full with pubs. After Asr, people, when they are finishing their works, (are asking themselves): “Where we must go?” Shaitan (is) saying to them... “We may go to church, we may go to synagogue, we may go to mosque...” “No, no! What you are doing there? Come and enjoy yourself! I am building for you hundreds of pubs - you must go there! Why going to mosque, what are you doing in mosque? Come here!” and they are coming and sitting... beginning from Asr. When we are going, they are yet silence. When I was coming (back), so many times I am looking: “Oh, what (is) happening?”.. tüt tüt tüt tüt... police, emergency, police force coming, running .... Ehhh! [Hitting with] tables on each one, taking this table on another, seats on another, people their heads broken, hands broken, ehhh and they are in full dirtiness...

This direction do you think that (it is a) good direction, (a) blessed direction? Allah (is) happy to be His servants in pubs?

Churches (they are saying): “We have Sunday Service. We are inviting our brothers and sisters - or sisters and brothers - to come and to be present with our service. From 10 o’clock to 12 o’clock...” Then churches (are) in darkness, because Europe is a Christian Continent... and they were very happy, even (the) Pope (was) happy! He was trying to make Islam down and to say: “Islam (is) coming with (the) sword, making people Muslim.” Haha! From where (you are) bringing that knowledge, you? You look Europe! Look after your people, (you) that you are saying: “I am their Lord; on behalf of our Lord I am here!” Why (you are) not training Catholics not to drink, not to do bad things, not to do cursed works, why? (You are) only coming and making... (the Sheikh is imitating the blessing ceremony of the Pope)...

Our Muslims also (are) saying: “We must try to be westernised Muslims.” Hmmm. From where (you are) bringing, ya Shaitan, this? What westernised Muslims? (If they are) western coming, they are Christians. You are coming to be like them? How they are Muslim? Westernised Muslim - in which book you are finding this, ya Shaitan? Audhu bi-llahi mina shaitani rajim! And people now 99% they are on (the) cursed way. They are saying, Ya Hu, even I am saying: “You make your outlooking as a Muslim. According to (the) high Command of Allah dress a dressing that (is) covering your blamed place!”

And I am saying - modernised, westernised Muslims (have) even no moustache - I am calling one of them, saying: “Come, look that cat! (A) cat (is) never happy to be taken its moustache, how you are taking? Heh? How you are shaving your moustaches?”

Westernised Muslims! In Arabia (they are) dressing clothes, galabiyya, (then they are) coming to London or Paris or any European (country) - (and changing their clothes) - where is (the) Holy Command of Allah?

O people, use your mind! If you are not using your mind, coming a punishment! That Allah Almighty should punish them, whom they are insisting to be on (the) wrong way, on (the) cursed way, (the) cursed direction!

True direction, who is (on it)? Ehhh... true direction: Sheikh Abdul Hafiz - Sheikh Abdul Aziz-ehh-Scheikh Abdul Hafiz, representing Germans, Sheikh Hassan Dyck [Mawlana pronounces 'Dyck' "deek', laughs, then continues in Turkish: doesn't 'deek' mean rooster? I never heard of a rooster becoming sheikh, but rooster Hassan, Hassan rooster, he became Sheikh] ... Then we are looking in Italy: Nizamuddin. Nizamuddin also, when his wife (is) getting angry, cutting half of his beard... when she is happy, he [lets it grow]...

So many... People never using their minds! And when Allah Almighty (is) asking to punish people, first (He is) taking their minds; (then they have) no aql, no mentality, (and) then they are doing something that never mind (is) accepting that and (then) cursing (is) coming on them.

Sham [Damascus]... eh, Sham, I was there since 60 years, everything (was) so good, they were also dressing - women - galabiyya and men all (had a) beard and also they were dressing galabiya and they were putting turbans or like this tarbusch... so beautiful, so handsome people! And they were covering their faces.

Now I'm going... “What happened?” “O Sheikh, from where you are coming?” I am saying: “From Marikh,

from Mars coming. First one coming from Mars coming, I am that one. 60 years ago I was here, then I disappeared. I was in Saturn and now I am coming“... “Ahhh...what you are asking?” “I was here, but now I am not recognizing Damascus and people in such a way!” “Ya Hu, I am born here and people they were like this! I never knowing that Dimashq people going to be before in such a way, no! Even - that time is another time, now... O Sheikh, you are really coming from Saturn?” “No doubt!” “What is your object[ion], why you are objecting?“ “Because I was so happy in that time; ladies they were covering and people they were using their traditional clothes - (but) now...” “O Sheikh, we are living (in the) 21st century! What you are saying? We must do as Europeans (are) going to be, because Europeans (are) coming and saying: ‘You are qaumun muta-akhkhir... backward people. Dede (is) coming here, dressing turban and shalwar... ‘”

Servet, that is Turkish one - Turkish they are most active people to be like Europeans! Alhamdulillah, Europeans - even they are 100 years trying to be like European people - but now Europeans (are) saying that: “You (are) never going to be like Europeans, no, we are not accepting (you)!” “Ya Hu, we tried to change everything, we changed everything and you are not accepting us as Europeans?” “No, go away!”

Al-hamdulillah!

Daghestan people, Ghumuq people (it) doesn’t matter, because they were under the tyrants that they tried to take away Islam from Muslims... But, Al-hamdulillah, they can’t do! Because Islam (is the) building of Allah! (It) can’t be destroyed, no! If anyone (is) asking to destroy, to make to fall one stone, he must put his head instead of that stone! That is (the) Heavenly Command for people on earth!

They passed away, tyrants in Russia! Even the time of czars, Caesars, he was not doing anything for Muslims; if they were building mosque, prayings and doing their obediency to their Lord; he was giving them freedom. But that Shaitan, big Shaitan, that (was) coming and killing Caesars and bringing that communism, they tried to destroy everything. They destroyed so many things, but they can’t be able to take everything. Islam yet (is) standing up, because Islam it is a building from Heavens!

That person that (was) bringing communism to Russia - what is his name? Lenin... What remained from that Shaitans empire? Only his dirty body in that big square, nothing else! Yet churches (are) standing up, that Christians they were building (them) according to their beliefs, to their religions. They are standing up; even their domes, even golden, but that Shaitan can’t be able to take them, a fearing (was) coming (to him)!

And Islam - they did their worst for Muslims! Millions of people they killed. More than 90 million Muslims that communism tyrants killed to take away Islam and to make their wrong way standing up. But they can't do! They killed, but they can't take, they can't be able to take away Islam buildings. Islam now in Russia (is) much more powerful to be from Turkey! Much more freedom for them in Russian territory, more than (for the) Muslims that (are) living in Turkey.

But Allah (is) not sleeping; Allah knows who is attacking on Islam! (He knows those) whom they are prefering to follow His good direction, blessed direction, and He knows (those) whom they are asking to make people to follow (the) cursed way. Everyone that (is) on (the) cursed way, they should be taken away. Islam should be forever!

O people, therefore - this is not a prepared speech to you, no, but this coming to me. I am speaking on that way, because people are not taking any care which way, which direction, they are on it.

O people, there is only two directions: (the) direction to be blessed, (and the) direction (that is) cursed. Mostly people (are) on (the) cursed direction. (It) doesn't matter - (they) should be taken away!

Allah Almighty (was) sending Noah alayhi salam; 950 years (he was) calling them (to Allah), they are refusing. He built (the) Heavenly Religion by his Lord's Command, but people (were) never coming to his direction, (the) direction of Paradise, (the) direction of Eternity. They were insisting. Then Allah Almighty (was saying): "O My servant, O Noah, don't worry, I am going to punish them! I am sending on them (a) flood, I am drowning them. Don't worry!" And through 40 days (there was) no one (of them) on earth... (He was) just taking them away. Only 70, 75, or 80 people they were accepting Nabi Nuh - alayhi salam - and landing in (the) ship. They have been saved and whole these nations (in the world are) coming from him...

Allah Almighty, He can do everything! When He is getting angry with His servants, (He is) punishing, punishing, punishing them. Allah Almighty (is) saying: "...falama asafuna intaqamna minhum - ayy - aghdabuna... When they are making to be Heavens angry with them, We are sending our punishment and taking them away!"

Now people (they are) going to take some of them some others... some others... (The holy) Prophet was

saying - peace be upon him: “When (the) last Days (are) approaching, people, nations, they are not fighting to other nations, but nations (are) fighting through themselves.” (In the) same nation, (people are) going to fight to each other! I was surprising. Now I am hearing (that) in Palestine, Palestinians in their countries, they are fighting to each other. They are not fighting Israelis, they are not fighting Urduni [Jordanians], they are not fighting Iraqian, they are not fighting to Saudian, but (they are) fighting to each other! That (one is) saying: “Fatah“, that (one is) saying: “Hamas“. Where you are finding this division? Asma - they are giving such names that it is not mentioned through Holy Quran. They are inventing! They are not saying: “We are Muslims“, and they are not saying that: “Damm al-Muslim haram ‘ala-l Muslim“; to kill Muslim another Muslim biggest sin and its punishment (is) to be thrown to Hells, never ending!

They are Arabs! We may say, if we are fighting, (that) we are not understanding (the) Holy Quran, but their language (is the) language of (the) Holy Quran. Why they are doing this? And so many westernised Arabs, countries also, they are looking and they are not saying (to) anyone: “Stop, what you are doing?” No! (But they are) saying: “Let them kill each other, finished!“ May Allah forgive us!

O people, (there is) no any other third direction! Blessed direction, cursed direction. And you are free! Allah (is) giving (the) free will to you to choose through your mind: blessed way and cursed way!

May Allah forgive us. May Allah send us... therefore I am asking: “O Allah, send us (the) Sultan to collect (Your) servants under Your Holy Prophets Holy Flag. If not, we are finished!”

May Allah forgive us and bless you! For the honour of the most honoured one in His Divinely Presence, Sayyidina Muhammad - sallaLlahu alayhi wa sallam,

Fatiha.

**Two kinds of water: Pure, blessed water from Heavens and dirty water from Shaytan's sewage**

As-salamu alaikum!
Huuu, Huuu...
Audhu bi-llahi mina shaytani rajim
Bismillahir Rahmanir Rahim
La haula wa la quwatta ill bi-llahi l-Aliyyi l- Azim

O our Lord! We are asking Your Heavenly Support to Your weak servants! We are weak servants and we are running to You, O our Lord, from Shaytan and shaytanic people, whom they surround to Shaytan, surrender to Shaytan. Shaytan (is) asking to make you from his group. May Allah forgive us and protect

Audhu bi-llahi mina shaytani rajim
La haula wa la quwatta illa bi-llahi l-Aliyyi l- Azim.

We are weak ones, therefore you must ask Allah Almighty s Power to reach to you. Which way (is) using Allah Almighty to send His Divinely Support?
Under roads or streets there are two channels: one channel (is) carrying dirty water, and (a) second (channel is) carrying clean water

Meded, ya Sultanu-l Awliya!
We are not ignorant people, not to understand what is clean, what is

dirty! Everyone may understand quickly. And His Divinely Support (is) running to people to those, whom they are following Prophets. And Prophets (are) bringing clean water from (the) spring.

And (the) second channel is (carrying) dirty (water) that (is) coming from homes and (that is) running through streets down.

Clean waters (are) entering homes, dirty waters (are) running away from houses. Even (a) house is unhappy to keep dirty water in it, but it likes to keep clean water in it - but dirty waters, (it is) never asking, (it is) asking to put (them) in channels, to run away

Therefore, real life, as Allah Almighty (is) saying, Allah Almighty created everything from pure water. Pure water, everything (is) coming from pure water: wa ja alna min al-ma i kulla shay in hayy ! Allah Almighty (is) saying: We did everything in existence from clean water. Therefore keep clean water lines that (are) running into you as (they are) running through your home. That is important. Clean waters (are) from Heavens, dirty channels (are) from Shaytan.

Allah Almighty (is) teaching His servants to: ... wa-drib lahum mathalan Give them examples, O My beloved servant, make for them, to understand what clean water (is) doing, through bringing (an) example. For example: wa-drib lahum mathalan make for them (an) example, because (an) example (is) making you to understand everything quickly.

Yes, therefore, you must try to understand: If clean water makes ourselves to be happy, to be healthy - He is giving us examples: This is water, that is water. Clean water and dirty water channels, running from East to West, from North to South. Look, all holy Books (are) saying this: wa-drib lahum mathalan O my Prophet, give them

examples, to understand what We mean to say!

Yes, therefore, it is an example: O people, if you are using dirty water, even plants or grass or trees (are) never growing up, because dirty water (is) full with poison; (it is) poisoned water. And (the) poisoned water spring that (is) running on earth, running after mankind, that is Shaytan s channel! Shaytan s channel (is) always dirty and poisoned, don t use it! Allah (is) saying, (the) Almighty: Use clean water!
Even therefore I am never happy that people drinks from bottled water, no! It is also a kind of dirtiness, that Shaytan (is) making it, not to give any benefit to our physical being. They are saying: We are purifying water. It is against the reality, because they are not purifying. The Lord of Heavens just prepared water for mankind and other living creatures.

They may use it, but I don t think that any creature (is) drinking from dirty water - (they are) running away (from it), only mankind they are not thinking on it, to say: This (is) so dirty smelling!
Why (Allah is) giving this for us? Why (is He) giving (us the) eyes, why (he is) giving (us the) tongue? Your eyes (are) looking and seeing a dirty colour- leave it! You may taste and you are going to taste something, it is so dirty, making your stomach to get out - leave it!
>From this point even water, bottled water, it is a shaytanic way to

harm people, to harm their health, to harm everything from mankind!

What about if bottled water is prohibited to be drunk? Heavenly warning: Don t use bottled water! Don t look, what they are making, so many advertisement on it, don t believe! You must know that if something (is) getting too much advertised, that means, Shaytan (is)

asking to cheat people and to harm people!

Up today we are not seeing a water it is written on it and to put on bottles to be said: This is famous water, this is such and such no, but Shaytan, for harming people, (is) making this bottled water also.

What about drinks? O Sheikh, (it is) so tasteful to drink Coca-Cola

No, Sir, Pepsi Cola is much better I think

I don t think! Pepsi-Cola may be faster for harming (your) body, but Coca-Cola (is) making everything in such a way that man (is) loosing himself and never tasting after that anything

What about wines that Allah Almighty making it haram, forbidden, forbidden, forbidden ! Doesn t matter, o Sheikh, if we are drinking beer

What is that?

It is not from grapes, it is only from barley

Hmmm, why not you are eating barley?

We can t eat, because only donkeys may eat (that); they have big teeth and they are very happy, but if we are trying to eat, we can t eat. Therefore we are boiling it, making so many things, making this beeeeer and saying: You must drink beeeeer every day, to loose or to forget everything, every day

I am saying only this: For what?

Because we can t eat barley through our teeth therefore we are asking to do something from beer, to make, to keep our teeth

What about alcohol? (It is) harming (our) body or not? Which doctor or physician may say that to drink wines doesn t matter? Who may say, Doesn t matter! ?

How you are saying, doesn t matter?

It is good for sometimes.

For what?

Because sometimes man (is) in need to shout like a cock: kukurukuuu, but (he) can t say this, (but) when (he is) drinking, (he) may say (it)! That is one benefit, therefore they must drink!

Every harmful drink (is from the) shaytanic source, from shaytanic sources, from dirty channels, sewage channels, but whole people (are) drinking. They are saying: (It) doesn t matter, Sheikh, a little bit we may enjoy ourselves!

If you are asking to enjoy yourself, go to (the) stable of donkeys, make there you should be very happy (it is) enjoyful, their place also, because they are eating barley Barley eating, therefore they are very strong, because they are working daytime

Haaa! Therefore we must drink this, to be much more powerful daytime for working! Man tashabbaha bi qaumin, fahuwa minhum which (one is) going to make himself as any creature, he is going to be from that creature Therefore who (is) very happy to drink beeeeer that animal also, they are so happy to eat it and you are going to be like animals Donkeys, they are very happy to drink or to eat, but you can t eat, you can drink... then you are going to be on (the) same level of donkeys

Dirty channel! Putting so many advertising also Walky, Johnny Walker look, how he is moving!... I am saying write under it: Like donkeys , they are coming so powerful look, 80 years person, how he is walking! Because they are using too much beeeeer. Beer for Germans, whiskey for English people, champagne for French people, and vodka for Russians... yes? Yes. Eh, our people also, they are going to be like Western people We are now Western Muslims!

I am asking: Western Muslim? How it can be? Kufr ma a l-Iman? They are unbelievers, (and) you are running to be like unbelievers - how you are going to be believers? Doesn t matter! We are producing millions or thousand hectares and we are planting barley, therefore we must look a market for our barley, because it is too much for our donkeys and we are asking two legs creatures to eat and drink its water

>From where (this is coming)? That advertisement (is) Shaytan s

advertising: People (are) drunk and (it) doesn t matter

Islam is (a) pure religion, pure, most pure, purest and most clean - come and drink!
If not, you are going to be Now, what they are doing, you know?... When they are going to fight, they must drink from dirty channels of Shaytan, to forget and to see themselves so hero!

Once a mouse (was) falling in a barrel of wine. It was drinking, drinking (and) asking to get out. (It was) getting out and it was calling: Where is those our enemies, cats? May come here! I am now not like cat, I am now like lion! Where they are?

Like this (drinks are) making people: Where is that angels, coming to take my soul? I am here, keeping my sword! If (they are) coming, I am cutting their heads!

(He) may say (this), because he is drunk, like that mouse (that was) falling in (a) barrel of wine Making people to be in such a way, that drinks!

Therefore it is also from Shaytan, from shaytanic dirty channels!

(The) Heavenly Order to whole nations (is): Don t drink from dirty channels, but I am sending to you pure drinks from My Heavenly Oceans. O people, use what it is clean for you, don t use dirty channels!

That is the summary of whole Heavenly Books: (They are) preventing people, not to be drunk, but to be awakening, to know from which channel they are drinking, he is drinking. Now all people (are) drinking from dirty channels

Sometimes looking something (in the water) making like this pure water
They are so clean, but when they are asking to drink a vodka or champagne, (they are) never looking, what is in it: One more, one more one more They are getting to be barrel of wine so dirty inside and their outside. Making their bodies so dirty and also making everything (that) belongs to their honor, making it to be dirty.

Therefore, when Mehdi alayhi salam (is) coming, first of all (he is) making an order: No more! No anyone should drink! If Jesus (is) coming after him, he is also saying that: No more drink of wines! Never, because it is from shaytanic channel, (the) dirty channel! Don t use it, whom (they are) asking to be clean here and Hereafter!

O people, think something! Give some time, even very short time, for thinking on such a points! That (is) saving your physical being and (is) giving from Heavenly Lights on your face and to your hearts. ?May Allah forgive us and protect us, not to fall into dirty channels!

May Allah bless you and forgive me! For the honor of the most honoured one in His Divinely Presence, Sayyidina Muhammad sallaLlahu alayhi wa sallam, Fatiha

## Two Pillars of Islam - Islam brought respect and mercy - We have lost both of them

"Islam brought respect and mercy. We have lost them both now. "
We are living during a time in which everything has changed and appears in an opposite form. Everything has been changed from its original state to another, a non-original state, you may say.

This holds true for Islam, as well. You can look at Islam and can see that in our time, our scholars or our statesmen are presenting Islam in a form which was not its original one. Everything now is going according to the desires of peoples' egos. Everyone says about Islam what he likes. Muslim statesmen and scholars are running out of Islam. They are saying what their egos want them to say, because everyone's ego wants Islam to be as he or she likes, so that in our time you can find thousands and thousands of descriptions of Islam.

All of them are wrong because they are changing Islam from its original form and giving some unheard of descriptions of it according to their egos' desires (hawa nafs). They say whatever their egos suggest to them about Islam. They do this in the name of Islam according to their egos' desires.

We reject all of them. There is the war between Iran and Iraq. That is proof of what we are saying now. This is not Islam, not from either side. We do not accept it. And everywhere you may find that people are not trying to follow the original Islam, but making Islam follow them. That is the most dangerous, terrible way that people are going on.

We must follow the sunnah, the practice of the Prophet Muhammad (saws). To what was he calling people and for why was he fighting? He was only fighting with Haqq, Truth, Reality, against falsehood (batil). The claims of your ego are useless. Your ego is useless. Therefore, if peoples' hearts do not meet on one point, then it is useless, and that one point is one which Islam brought - monotheism, unity (tawhid). Everyone's thoughts must meet on that point of unity. In Islam, there it is not that one person thinks one thing and another person thinks something else with everyone going his or her own way. No. Everyone must meet on the point of monotheism, of unity.

We accept our Lord, Almighty God. We claim that we are His servants. Therefore, we must live in servanthood to Him and nothing else. Abu Yazid Bistami, may God bless him, said that we find Islam built on two fundamental, simple things. One of them is respect, most high respect, towards our Lord. The second is to care for, to be compassionate towards His servants and towards His creatures in general.

In everything that you do there must be respect for your Lord Almighty. That is the first thing that is to be considered in any action that a person may do. One must not do anything without giving respect to one's Lord, Almighty God. Therefore, Prophet Muhammad (saws) said that respect for your Lord is to begin everything by saying, "In the Name of God, the Merciful, the Compassionate, the Merciful, the Compassionate." That is the respect that you can give to your Lord at the beginning of every action. You must know that if He does not give permission or success to you, you can't be successful in any action. You can't even move your hands or your feet.

Then, you must care for, you must be Compassionate, to every creature. The Prophet (saws) said, "Even if you need to kill, do that kindly (ihsan), also." When you kill a sheep, a cow, a camel, a chicken, kill it kindly, God so orders, but people have lost that now. Even if you kill some harmful insect or animal, you must use something that doesn't give it too much pain. You must kill it instantly, and, therefore, it is prohibited to burn people or animals or insects. God prohibits it because only He may burn. No one may use fire to burn people - but now people are intending to burn the whole world and everyone in it, all nations. Earlier, weapons were only cold steel, swords and spears, but afterwards every weapon used fire to burn people. Now big bombs are burning everything. Earlier very few people used fire for execution - it is forbidden (haram) in the Divine Law. If you are obliged to kill some harmful thing, don't burn it. Fire is only for cooking and for heat - that is

all.

You must be compassionate. You must not even step on an ant without reason, because it also has life and when it sees you approaching to kill it, it runs away. It feels death and its pain. Therefore, it runs. It also glorifies its Lord. Therefore, you can't kill it if it has not harmed you. You can't kill it. If you kill it, you must bear the responsibility. Thus, Islam came with endless compassion for creatures, for everyone. Compassion is the correct word to describe Islam through the statements of the Friends of God (awliya).

When the angel Gabriel (as ) came to the Seal of the Prophets, beloved Muhammad (saws), for the last time, he said, "This is the last time that I will come to you to bring God's commands. Prophethood is finished. I will bring no more message from heaven to prophets." The Prophet (saws) asked, "Will you ever come again to earth?" "I will come," angel Gabriel said, "but I will not bring anything. Rather I will come to take away something from the earth. I will come to take knowledge from the earth so that ignorance covers the whole world and people fall into those oceans of ignorance."

They are even claiming that there is no God. Instead of saying, "There is no god but God," they stop at saying, "There is no God." That is the highest point of ignorance. You can't find anything more ignorant than that. If a person knows everything, but does not know the Owner of himself and of the whole of the Universe, he is ignorant.

"I will come to take that away. I will come yet again to take blessings (barakah) from the earth," angel Gabriel said. You can find everything. People receive a lot of money, fill up their pockets, but still they say, "Not enough, not enough."

I remember there were three pence, three piasters of Queen Victoria, in Cyprus (Shaykh Nazim grew up in Cyprus during the period when it was a part of the British Empire). I can remember it quite well, a little piece of a silver coin, three piasters. It was enough for a person for one day; even for a family it was enough, that little silver coin. Some coins were even less than three piasters. There were some shepherds who for the whole day looked after sheep for one piaster. Their owner gave them a piece of bread and olives to eat and one piaster. Thirty piasters for a month, and they were happy.

Now, so many pounds! We were astonished when we were fifteen or sixteen years old, to see that some

people went to London from Cyprus and they worked and said they got two pounds, three pounds, each week. Hah, so much money! "Each week or each month?" "No, each week - three pounds, four pounds, even five pounds." In Cyprus a famous officer made five pounds in a month. A policemen, for one-and-a-half pounds a month would go and come, go and come, not sitting down, not like the police in our time, six hours and then finished. No. From early to late or up to night, and sometimes the whole night, sometimes the whole day, they were working. One-and-a-half pounds and they were very pleased that they had a job. "We are policemen with uniforms and a fez." Yes, important people.

Then, angel Gabriel came and took away the blessings. He also came once again to take mercy from the hearts of people. It has been taken away, also. No more mercy. Yesterday I heard about something which shows the mentality of people for sports, for football. They injure so many people and leave them on the ground. Then they come and say, "You must play again. We want to watch." What mercy is in their hearts, those people? What is this? This is an example only, but more and more dangerous things are now going to happen because mercy has gone out of hearts. Every day you may take newspapers and look at what people are becoming - like robots, no more mercy, their hearts becoming rocks, never feeling. Islam fights against such things. Therefore its Prophet (saws) came with mercy and as a mercy.

"Will you come yet again?" the Prophet (saws) asked angel Gabriel.

"I will come once more," Angel Gabriel said, "to take modesty (haya) from the earth." Look outside now and see how men and women are dressing. In earlier times, mothers or grandmothers were ashamed to be in their bedrooms in such a way that people now dress outside. That is humanity, that is honor, this is modesty?

And this is the news from heaven which came to us fifteen centuries ago. What angel Gabriel, announced has come to us now. Yes, it is correct. No more knowledge that leads people to goodness and to honesty and to honor either here or in the hereafter. That is finished. People now are learning - learning for what?

Only to support the kingdom of Satan on earth. They are learning only that one thing, how they can support Satan's kingdom on this earth. That is all the knowledge that you can learn. Even religious schools are bringing something from that satanic knowledge, putting it amidst true knowledge. For what? To make it ineffective, also. Yes, finished. Its power goes away. You can't find even religious schools or colleges giving pure knowledge heavenly knowledge, because Satan does not give permission for pure, heavenly knowledge,

saying, "No. It is no good. You must mix up something else with that knowledge."

What is that knowledge? It is a heavenly knowledge, coming from God Almighty. We must accept that, not those - those are for Satan only, and support for his kingdom. Satan is so careful to do everything for himself. And as the Prophet (saws) informed us, it is now appearing. You must look at what you do.

Then, when we said that everyone is describing Islam according to his Satan, everyone has a Satan with himself, also. Therefore the future of this generation, these people, is bleak. You can't see any brightness or light. It is bleak, very bleak. God knows what things will appear amidst those bleak horizons, falling on people. There must be something, and that is a punishment that people will be given from themselves to each other.

Islam brought respect and mercy. We have lost both of them. In the Divine Presence, one life from among the children of Adam is more precious than the whole world, but we are making it less than a fly's. European people are laughing at Iran and Iraq, but they themselves are doing worse than that. Football is an example of what they are doing. It is only a small example, but if they can do that, it means that those people can do more than this. If that door opens to them, mercy is finished.

Therefore, the West can no longer laugh at the East nor the East at the West. When winter comes, the whole world is covered with snow. In such a way, now hearts are covered. No mercy enters into them. Islam says, "Don't kill." We say, "We must kill."

May God forgive us. We are asking forgiveness at every moment. If we give our wills into the hands of our enemies, or if we give our wills into the hands of satans, this is the result. You can't expect any other. Yes, I am looking at Cyprus now, also. The newspaper comes everyday. We are 100,000 or 200,000 people living in the Turkish part. Now there are fifteen parties and all of them quarreling, seriously, fighting with each other, swearing, cursing everything. What is this'? And we claim that we are Muslims! If we can find the chance to kill, we may kill each other there, also, but the Turkish government has put a strong power and holds people by their hands, like this. And they say this is democracy.

That must be, yes. People can kill each other for the sake of democracy. That is the mentality of the twentieth century, because Satan says, "My kingdom can never continue without democracy" (that is, unlimited

personal freedom which a democratic society permits becomes, inevitably, a tool of Satan). Therefore he urges people, "Take courage," urging people to have democracy. Everywhere it is written. I say that it means that you must be sufficiently brave to have democracy. They asked me, "Do you accept this?" giving me the ballot, and on it was written "Yes" or "No." I wrote on it "Yes for Islam." And from God is the Divine Help (wa min Allah at-tawfiq). It is time for prayer.

## Tyrants Will Be Punished!

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam Sayyidi 'l-Awwaleen wa'l-akhireen habeebullah Rabbi 'l-`Alameen. As-salaatu wa-salaam `alaa jami` al-anbiyaa wa 'l-mursaleen wa man tabi`ahum bi ihsaan ila Yawmi'd-Deen. (Mawlana Shaykh sits) As-salaamu `alaykum yaa `IbaadAllah.

Yaa Bani Adam! O People! We are just now reaching the last part of the life of Man in dunya. We are saying, A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. New signs of the Last Day come and appear daily. May Allah forgive us. We are saying, A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

O People! Attenders from east to west, beware as the Last Day is approaching quickly, not slowly. SubhaanAllahi 'l-`Aliyyu 'l-`Axheem. Everywhere there is fire that Man is using to burn things. Men have become oppressors, and Allah Almighty (swt) is saying, `alaa yazaal yaqool. (Mawlana Shaykh stands and sits) Allah Almighty, Our Creator, Our Lord, said:

"O People! From pre-Eternal to Eternal, I forbid oppression! I am not a Lord Who oppresses, no. That is the

first thing I am making haraam, because I never oppress! I also command and order all prophets, and through them all of My servants, just as I make oppression haraam for Me, I order oppression haraam for you! I am never going to forgive oppressors, I will take My heavenly revenge on all oppressors, and as much as they committed oppression against My servants, I will take revenge on them and punish them here and Hereafter. I forgive everything except oppression.

“If My servant is not an oppressor, I will take him to My Paradise and it will be enough for him to be there for Eternity. I will take My revenge on those who say they are Muslims and cause oppression, because I will never forgive oppressors and tyrants. Never! I will even question a person if they kill an ant without a reason, and I will take the ant’s revenge on that person. The biggest sin is oppression, and now we are living in a time when the whole world is filled with it and everyone is an oppressor. I will take My revenge on them before the Day of Resurrection. Those tyrants are using their power over weak people, killing them, and I will punish them up to the end.”

This was narrated in a well-known dream about Hajjaj az-Zhaalam, the oppressor, in which he was asked, “How did your Lord deal with you?” He said, “Everyone that I killed unjustly, without a reason, and I oppressed them, it counts that I killed him once. If I killed a thousand people, their deaths will come on me, and (if I killed one of) the Holy Prophet's Companions, it is as if I killed seventy times.”

Allah (swt) is saying, “O oppressors and tyrants in our times! You kill people who seek refuge and can’t find anywhere safe. You follow them and kill them, and I will take their revenge on you, and I will not forget about them!”

I am sorry to say that today, everywhere in Muslim territories there are seven or more oppressors killing thousands and thousands of people. They will be punished by the Lord of Heavens, here, in their tombs, on the Day of Resurrection and on Judgment Day. I am a weak servant but saying to tyrants and oppressors, “Beware! You will be punished before leaving this life, in your last moment, in your tombs, on the Day of Resurrection, on Judgment Day and you will be punished in Hells!”

I am not telling people fairy tales; that is a reality! I am warning all tyrants now, keep your hands from innocent people or you will be punished!! If you do not believe that, in the last moment of your lives the Almighty Divine will quickly take you away to the Fire to be punished.

Every day now, as the Seal of Prophets (s) informed us, there will be more and more earthquakes. If they do not take care and repent, they will be under a heavy punishment of toppled mountains or buildings and no one will be able to carry them out. Did you hear what is happening in Eastern Turkey? No one is safe or can say, “Nothing can touch me.” No, it will touch those who forget their Creator, Allah Almighty, (Mawlana Shaykh stands and sits) and who run after Shaytan, who is very happy to bring so many troubles on people before the Last Day, and now they are entering their graveyards. May Allah (swt) forgive us!

O People! Remember Allah or you will be punished and regretful. O our Lord! We are asking for forgiveness, for us, for all Muslims and all Mankind. Send us a heavenly one who will carry away bad people who are Shaytan's agents.

O People! Don't follow Shaytan's representatives! In Turkey, Pakistan, Syria, Egypt, Libya, Tunis and everywhere in the world, people are running to give others more trouble. They are dangerous people who think they can do anything and that everything will be under their control, but one day their last breath will come.

O People! Come and listen and save yourselves from the mightiness of the Lord of Heavens. We are weak, but we claim to be powerful! We are not powerful.

May Allah forgive me and forgive you. Tawbah yaa Rabbee, tawbah yaa Rabbee... Allahuma thabitna `ala ‘l-Haqq! Allahuma thabitna `ala ‘l-Haqq! Allahuma thabitna `ala ‘l-Haqq bi jaahi man anzalta `alayhi Surat al-Fatihah Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

## Muslim `Ulama Must Clarify the Personality of Sayyidina Muhammad (s) for the World

(Mawlana Shaykh stands.)
Dastoor Yaa Sayyidee, madad Yaa Sultanu ‘ l-Awliyaa, madad. Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! All praising and glory, only for You, O our Lord, our Creator. You are our Creator and everything is under Your command. Everything is happening as You like. You are only One Lord, no other One. Forgive us!

We are asking countless glorifying, honor and praising for Your most glorified servant, Sayyidina Muhammad (s), in spite of Shaytan and his followers. Alfu salaat, alfu salaam `alayka, Yaa Sayyidi ‘l-awwaleen wa’l-aakhireen, Yaa Sayyidina, Yaa Muhammad (s). Ishfa` lana. We are asking your intercession, to stand up and declare your greatness and glory; that you are our Lord’s representative from pre-Eternal up to Eternal. And we are giving our salutes and asking more honor for the holy ones who are representing the Seal of Prophets, Sayyidina Muhammad (s), (Mawlana stands) and all prophets, and their followers and representatives. (Mawlana Shaykh sits.)

We are weak ones, but sometimes weak ones are making people to fear, as now pig flu, an unknown illness, has just spread through the east and west. It may be the most dangerous one or it may be the weakest one; according to the high command that is granted for this planet, to be under his (the qutb’s) control. We are

asking forgiveness, if we say Allah is sending that pig flu, haasha, astaghfirullah, astaghfirullah. Countlessly, haasha, thumma kallaa. Allah Almighty is the Most Glorified and Most Praised One and His Majesty is endless, from pre-Eternal up to Eternal. I am ashaming and asking forgiveness to say that pig flu is coming from Allah! Astaghfirullah, astaghfirullah! It doesn't matter if we may say an ant is the reason that the pig flu is coming, but we must be ashamed to say it is from Allah. Astaghfirullah, astaghfirullah, astaghfirullah, countlessly, endlessly!

O People! Keep good manners for your Lord. Try to give your most high respect to your Creator. How can it be if you are saying a majestic king or emperor is sending pigs to people? Be ashamed, O People! When you are saying something you must balance it, don't speak without balance. We are saying a` oodhu billahi min ash-Shaytaani 'r-rajeem. Shaytan is the fountain of every bad thing that is coming. We can't say a king is sending pigs to people. A king can't be a king, but a shepherd of pigs.

O People! Try to be good-mannered ones towards your Creator, the Lord of all Creation from pre-Eternal up to Eternal, and say a` oodhu billahi min ash-Shaytaani 'r-rajeem. Every wrong thing that comes from Shaytan, makes people's value to be the lowest, no other level is below it. Shaytan is making people to be on the lowest level. And our Creator, our Lord, Allah Almighty is asking to take them from the lowest level to the highest. Allah Almighty our Creator asks to do this, and Shaytan, in spite of asking, makes Mankind under the lowest level.

Dastoor Yaa Sayyidee, Yaa Sultanu 'l-Awliyaa. It is a holy night. They are sending us something important and we are saying, bismillahi 'r-Rahmaani 'r-Raheem, asking to begin some pages of heavenly knowledge that are granted to heavenly people. The highest level that any creature may reach is only for the Seal of Prophets, pbuh, not for anyone else. The Lord of Heavens, subhaanahu wa ta` ala, is asking to make the nation of the Seal of Prophets, the nation of Sayyidina Muhammad (s), to reach the highest level. But Shaytan is asking to make Mankind the lowest level; under this there is no other level. It is through darkness. He is asking to bring people with their technology, to a black hole, all of them there. And Allah Almighty is calling them through His Divine Presence. There is no other level over this station; it is ghayah, the final point any creature may reach. No one may be on it, only one, Sayyidina Muhammad (s). (Mawlana stands) On the Night Journey, only he passed up (to that level). Even the archangel Jibreel (a) could not pass. The Prophet (s), our Creator's most honored and glorified one, had been granted that, the Sidrat al-Muntahaa.

O Salafi `ulama, where are you? You are not speaking such things. Your minds are only on “shirk, bid`a, haraam, kufr.” Leave that dirtiness and come! Try to learn about the Seal of Prophets (s). Come and make an inquiry about our Prophet, the Seal of Prophets (s). Try to make more clear the personality of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana stands) Why are you not doing that? Every day we are hearing about bid`a, shirk, kufr. As long as you are not looking at such a fine subject, this whip is coming on your head every night! You are `ulama; your mission is only to make clear, as much as possible, the personality of the Seal of Prophets, Habeebullah! You must try to make his personality much more clear for all nations and for all Muslims. Don’t make that one to be as you, as me or as him! No! He is the representative of the Lord of Heavens!

Have you ever seen a majestic king making a declaration for people under his command? Do you think that king must come to a big square and speak to people? It is not his honor. A king’s level is only for one! If at his level, you can find 100 or 99 kings, then they may make declarations to each other. If his declaration is not for kings but for common people, he is their king and there is no need for him to go to Russell Square or Victoria Square to make his declaration.

“Don’t shout like this,” Their ears are going to be a little bit... I am looking, how they are going to be seen. They brought me tonight a good eyeglass. I may see from far away with such an antique one. (Mawlana uses a monocle.) It is very clear with this. I am looking, how the Salafi `ulama are doing. (laughter) Some of them are very angry, some of them making like this, some of them making like that. You must listen, from east to west.

“O my darling, someone bringing from flea market this, to look. Flea market people in the religion.”
“Yes, sir, they are happy, every night we are listening, not every night, every night a new subject coming, but sometimes they are using new artillery for bombarding castles of batil (falsehood) in Islam, and out of Islam.”
“Thank you, sir.”

I am bringing this for Salafi `ulama because with this I can see, but without it I can’t. Some are angry, but don’t be angry because you must see Allah Almighty’s most honored one’s personality. Therefore, I am bringing this. If you are not looking and seeing here and there, what are you going to do on the Day of

Resurrection? The Lord of Sayyidina Muhammad (s) (Mawlana stands) is showing all nations about His most beloved one, His representative's honor! That is your mission, nothing else!

In our days, the most important thing for all `ulama, Salafi or non-Salafi: you are not to occupy yourself with book writing or takhreeju 'l-ahadeeth, holy prophet's holy words, to make into books; that is not important. First, people must understand who is that one; look what he brought from the Lord of Heavens. Give us his personality. People look first to hadith, always. That is important from east to west, because we are believers and claiming something: the Lord of Heavens, the holy books, angels and heavenly representatives. The chief of Christianity, the pope or bishops, the patriarchy are saying, "We understand what are you saying but we need to understand about the personality of that one. Who is Muhammad? (Mawlana Shaykh stands) Give us his personality so that we can follow him. Make it clear." But, the Salafi `ulama are saying, "They are not taking care."

•••••• •••••••• ••• •••••••••• ••••• •••• •••••••••••• ••••• •••• •••••••••••••

(Faquli 'l-haqqu min rabbikum) faman sha'a fa 'lyu'min wa man sha'a fa 'lyakfur. Say, "The truth is from your Lord." Let him who will, believe, and let him who will, reject (it). (18:29)

Those are holy words of Allah Almighty who was finally sending to all nations, the Seal of Prophets (s) and was sending evidence with him to his nation, to the people of the tribe of Quraysh. They were understanding what he was reciting to them in the name of the Holy Qur'an and they were saying, "So beautiful, so majestic." But we are not believing and (those that don't), their level is under the level of cockroaches. Therefore, the Lord of Heavens was saying to His most beloved one, "Leave those cockroaches, they are under the level of cockroaches. If they are not believing and running away, say to them, 'O my tribe, O all of Mankind, from my day up to the end of the world, I am bringing to you such evidences! I am Heaven's Last Messenger, warning you that the Day of Resurrection and the Day of Judgment are coming,' Say to them and leave them!"

But now everything is changing and change coming and now people are claiming that it is the time of "positive knowledge". "We are asking something; this is gold, if you can bring us proof that we may say that that is as you said." Positive knowledge is asking to touch everything either with their eyes or with their ears or with their hands or with their thinking. They are asking, "We must look, we must see, we must touch, we

must be satisfied."

Now fifteen centuries have passed from the time of the Seal of Prophets (s) and the whole world is just falling into endless crisis, miseries, problems and trouble. Now people are asking for something, like a man falling into the ocean is asking for something to catch onto, to save him from the ocean. Now Mankind is in a deep crisis and endless troubles and disturbances, and saying, "We have money and technology but we don't have rest. Day-by-day we are coming down through badness. There is tons of electricity but it is not giving us any lights. How are we going to save ourselves?"

O Salafi `ulama, now is the time to declare to all nations, "O People! Come and follow us. We follow the Seal of Prophets (s) who had been sent as all other prophets had been sent. Hear and listen and obey." Therefore, beginning from the pope and the heads of other religious groups, the Catholic, Orthodox, Protestant, Jewish, Hindu and Buddhist, all nations are saying, "What can we do? How can we save ourselves? We have reached the top of civilization and we have all kinds of possibilities through technology, but our hearts are never in satisfaction. We are asking something else beyond technology. Technology is a greater curse on people. As much as we have new technology it is going to be a heavy burden on ourselves; therefore, we are looking through the east and west."

Therefore, how to save us? O Salafi, Azhari, Shams, Turkish, Pakistani, Iraqi and Irani `ulama, you must come together and say, "This is waseeyah, heavenly advice, the last advice for all nations." How can they bring that project to non-Muslims? Muslims are not hearing and not obeying the orders of the Holy Qur'an. One is going east and one is going west. They are going in different directions; 72 different thinkings. Islam is not coming through your minds, it is not a mind-production; Islam is coming from heavenly sources!

Materialist or naturalist people are saying that rain is coming from the sea and the clouds are sending it. That is the biggest lie, and they are the biggest liars. If taking from the oceans, is it not going to be less, less, less, and the oceans going to be dry? Leave that. If you are saying these clouds are carrying hundreds and thousands of tons of water from the oceans, how can it be? These huge amounts? They say to me, 80 million tons of snow came these past years, in three days, in New York. 80 millions tons, how is it carried? How is it coming down? O People! Use your minds; say "Allah is sending." Don't follow Shaytan. You will be punished! May Allah forgives us.

All nations now are searching and asking, “How are we going to be saved from such a difficult position that ever happened in the history of Mankind? And we were thinking everything is under our control, but we are looking and seeing that we are in such a bad situation. Everyone is asking to kill everyone else.” And we are saying, is this civilization? We are ashamed to say. Therefore, the chiefs of all religions, the Catholics, Protestants, Anglicans, Orthodox Eastern Church, Western Church; they are through their different ways. For what? What happened? And the Jewish people are also through different parties, and Muslims are separated also. For what? How can we save ourselves, our nations and our followers? How are we going to be in the Divine Presence on the Day of Judgment? How are we going to answer our Lord? If He is inquiring of us, what will we reply? We are confused!

Therefore, now it is the time to present Islam to all nations. That is real Islam. They may ask who is bringing that real Islam to you? If you say, “That one was an orphan through unknown deserts and he was born around the Holy Ka`aba, House of the Lord,” and that is his specialty, first of all. Among all other prophets he was the only one born near the Holy Ka`aba, the House of the Lord; no other prophet was born near the House of Lord, Baytullah.

What are you doing now, O Salafi `ulama? What have you left your muluk from the old cities of Mecca ul-Mukarrama and Madinat ul-Munawwarah? It was obligatory on the `ulama to say that the old cities Mecca ul-Mukarrama and Madinat ul-Munawwara are not to be touched. You never did it and you have a heavy responsibility in the Divine Presence. You are now the grandsons of the grandsons who did wrong things in both holy cities, yet their spirituality is on the same power. How you are going to say to other people, other nations, the non-Muslim world, about Islam and about His Prophet?

That is your mission now. Leave these buildings but give a right description on his personality so that people may say, “A person without a father and mother; his father passed away before he was born and his mother passed away when he was five or six years old. He was an orphan without any protection, except from the Lord of Heavens. Those people had no schools, universities or colleges. He was not writing or reading. How was that one becoming a chosen one?” He was saying, “O People! I am just a chosen one from the heavens, to be a Warner for you. Your ways are wrong! O People, come to the right way.”

No one was with him, only the One Who was sending him. And what did he do in 25 years? He was raising

the flag of Islam from China, Mongolia, up to Poitiers, Andalusia, Africa and Russia. Which power (can do this?) You must say this. You must give your most high praising to that one. You are Arabs. You are living in the most holy places, where he was standing and saying, “O People! You must say (Mawlana stands), la ilaaha illa-Llah Muhammadun Rasoolullah.”

O People! Try to understand. May Allah forgive us for the honor of this holy night. And we hope that a change must come, perhaps. I am very weak, the weakest one, perhaps. If three or 30 or 30,000 people are listening, it is not enough. People must know, must learn and must believe, if they are asking to be saved here and Hereafter.

O Allah, forgive us (Mawlana stands) for the honor of your most honored one, the most glorified servant, Sayyidina Muhammad (s).

Fatihah.

I am looking once again how they are; they are very, very, mashaa-Allah nice faces, (I am) looking, everyone looks like a big `alim. There is also Shaykh Nasaan, mashaa-Allah. He claims that he is reaching from east to west. (Mawlana laughs.)

Fatihah.

## 'Ulamas: You Must Lead People on the Way of Light

(Mawlana Shaykh stands.) Dastoor yaa RijaalAllah. Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah wa salaamu. (Mawlana Shaykh sits.)

O our holy master of this time! We ask for your heavenly support to address people with what you wish to make known to them, to learn, and to understand. That is from you. I know nothing, but when you teach me, I learn. When I learn, I understand. If I understand: I have authority to reach to the east and west, to all nations, all people from ins wa 'l-jinn, from Mankinds' and jinns' territories.

O our Attenders! As-salaamu `alaykum! Mankind may attend and they will be happy. If they do not attend, they will regret it. They are paying me, heavenly payment is coming to me. If the whole world attends, hears, and learns, it is okay. If they are not paying attention, my salary is still okay. (Mawlana Shaykh laughs.) Yes. And I am not asking for a salary, it is a grant from the Lord of Heavens, and He is Almighty, the Most-Generous One! He grants and if people do not attend, He does not reduce it, no! Giving, granting, and His Divine Karam, Divine Generosity is never-ending, yes.

O our Attenders! As-salaamu `alaykum, ins wa 'l-jinn. All of Mankind, and all jinns, all of them! They hear, because a heavenly address is never wasted, no! Everyone must reach something from heavenly blessings,

and that is important. And we must be thankful. If our physical being is not taking care, if it is not attending, it doesn't matter. This heavenly blessing must reach to everyone's heavenly being. Even if our physical being is not paying attention, our souls are taking their heavenly shares and they will be happy! If the physical being is not taking care, it doesn't matter. Those physical beings who never pay attention are going to be carcasses. Whomsoever takes from heavenly blessings, their physical being is not going to be a carcass, it will be paak and paak, "pure and purified." Yes! And those others will be nadmaan, regretful and they will say, "Why were we not taking care or giving some time for reaching heavenly grants?" Our bodies are never going to be a carcass, but they will be full of regret.

Therefore, O people, as you like heavenly blessings are coming and are never-ending. On the Day of Resurrection some people will come and they will be like a shining sun, some of them will be like a bright moon, some of them will be like brilliant stars, and some of them will come and their lights are going to be like small stars lighting up. There are so many billions of stars in space, but we can't see them, because they are so far away. And people now on Earth are so far away from Prophet's (s) lights, and they will be there on that Day but there will be no lights on them! They will be like dark carbon. Some people will arrive like suns, like moons, and like bright stars, and they will be happy. Other people will be asking for lights on the Day of Resurrection.

O Salafi `Ulamas! O Azhari `Ulamas! O Shi`a `Ulamas! You recite Holy Qur'an, in which it is written and you must know, ••••••• ••••••••• ••••••• fa duribat baynahum bi-soorin. Then there will separate them a wall wherein is a gate, " (57:13) On the Day of Resurrection there will be a wall and the people who have lights will be inside; they will be veiled by a hijaab that will come between them and others. Those who come with such a light, that on their thumb a light shines once and then closes, they will be so happy to have this! In the darkness of the Day of Resurrection they will find their way and enter an area that no one knows!

When they enter, others will run after them and say, "O our brothers, our friends! Give us from your light that we may reach to your heavenly attention!"
A voice will say, "O People! Go back and take noor, lights." ••••••• ••••••••• ••••••• Fa duribat baynahum bi-soorin. They will be inside heavenly pleasure and light, but those outside will be running and asking for some lights. Then it will be said, "Go back and take lights!"

When they go back they will run into a wall, a fortress for them and they will be unable to get inside. •••••••••••••• •••••• "You must go back and ask for heavenly lights," (57:13) but when they go back they will be in more darkness unable to find anything, not even one sparkle from that noor.

O People! Try to take, to carry from here something from heavenly lights so that you will be among the Chosen Ones, such that the Lord of Heavens accepts you with your small lights and then sends His heavenly lights on you. Then your whole being will be turned into lights!!!

O Azhari `ulamas and Salafi `ulamas! Why are you not saying such things, giving attention or warning, "O People! The Last Day is coming! On the Day of Resurrection, all people will be there. Some will have enlightening lights and some not. Whoever carries heavenly lights will be in another level of heavens that others can't reach. If you are not carrying at least one enlightened thumb, if you do not bring that, you cannot reach more lights!"

O Azhari `ulamas and Salafi `ulamas! Why are you not warning people? Do you think that you are in safety now, so you are not wondering if it is necessary to remind people to gather such lights for the Day of Resurrection? Why are you not warning people that on the Day of Resurrection people will be in two parts, one of them bringing some lights from their lives on this planet? And why are you not warning, "O People! Bring something of heavenly lights from this life to the Day of Resurrection!" Why are you not warning? You are only saying, "We are doctors, we are `ulamas." Why are you keeping such things secret?

O People! Those who bring some lights belong to the traditions of prophecy and prophets. The prophets brought those heavenly lights from heavens to Earth! Why are you not taking such lights from the prophets? Why are you not trying to be enlightened through the Seal of Prophet's lights? Why are you following the steps of western people? Why are you not keeping the steps of the Seal of Prophets (s)? Why?

O `Ulamas! Why are you not calling daily, "O People! Beware of Shaytan! Because Shaytan is trying to extinguish your lights, beware! Come and take from the Seal of Prophet's lights!! Come and take!" Why are you not warning them from the morning until the evening? You must say this! That is important, not being 'doctors' or claiming, "We are `ulamas," no! `Ulamas are those who may teach people and leading them to walk on the way of lights! We need to step onto and walk on enlightened ways, leading to the enlightened territories and enlightened dominions that the Seal of Prophets (s) has been granted. Allah Almighty is not in

need of dominions, no! Allah Almighty created everything for His beloved servants and beloved ones. Where are you? Do you think Allah Almighty created this Creation and that creation continues for His benefit, or that His Creation gives something to Him? Astaghfirullah! Haasha, haasha, haasha. Can't be, can't be!

Therefore, Allah Almighty has endless dominions, endless oceans of creation, but He is not in need of them. He grants them to His beloved ones! The most beloved one is the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands.) He created and granted in spite of their will,and all dominions were granted to the Seal of Prophets (s) because Allah Almighty is not in need. He is the Creator, Who creates and grants! (Mawlana Shaykh sits.)

Allahu akbar! Allahu akbar! Rabbun`Azheem! Allah (swt) is Great! He is the Creator! Is He in need of what He is creates? (Mawlana Shaykh laughs.) To believe that is foolishness. `Arshu 'r-Rahmaan. Is the Divine Throne created, or not? It was created for some that are asking for enlightening worlds as a grant from Allah Almighty, everything is a grant. He is not in need. Allahu akbar! Allahu akbar!

How can He be in need of what He has created? What is such foolishness and nonsense? Why are you not saying real meanings to make people to understand that their Lord, their Creator is not needy for anything from His dominions and endless oceans? No!!!! That everything is created for the honor of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.) Allahu akbar! Allahu akbar! Allah (swt) is saying, "O My beloved one, I created everything for you and created you for Me." Allahu akbar! Allahu akbar!

O People! Don't think of yourself as being like the Seal of Prophets (s)! O People! All Creation is full of the lights that the Lord of Heavens granted him (s). This is such an honor that no one can understand its beginning or ending. Therefore, such heavenly grants are now coming to all nations for understanding real Reality, the truth of Truth! And we must ask for true ones who understand the truth of Truth. Allahu akbar wa lillahi 'l-hamd.

O People! Come and bow to the Lord of Heavens, Creator of all Creation. Allahu akbar. (Mawlana Shaykh bows.) Allahu akbar! Oh, we are so small but have been granted such an endless understanding such that Mankind asks, hal min mazeed? "Is there more and more, O our Creator?" And the Creator says, wa ladayna

mazeed, "And with Us is endless increase!"

O our Lord! Forgive us and grant us something that we may understand. We are asking for Your blessings. Send us those who may bring a new opening for a endless horizons.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah

(37 minutes) (Du`a) Alhamdulillah, sending to us, giving never-ending oceans.

## THE ULTIMATE PLEASURE

A real follower is like a shadow, it will never leave you. The Prophet did his best for mankind in every moment of his life. So whoever has a perfect mind will understand that point and try to follow the sunna in everything. That is the best. Once the son of Sayyidina Omar was going to Mekka through the desert with a caravan. He came to a place where he left the caravan and started to walk around. The others asked him why he did that. There wasn't really any need for it, because the way was straight. He told them, "I saw that when our beloved Prophet reached this place, he did a roundabout. That is why I like to follow his steps." Whoever keeps his steps will reach Divine Presence. Keep them firmly and you will reach the Divine Presence which the Prophet reached during his Nightjourney. His way is so clear.

Until today no-one can say that the Seal of Prophets, the pride of mankind, the pride of universes, the pride of the whole creation, Sayidina Muhammad, may peace be upon him, did anything which was wrong. Satan can say so, unbelievers may say so, but it is not valid. Whoever has a pure mind and a pure heart can't say that the Praised Servant did anything which was wrong, or that he harmed anyone. Satan will always claim such things. Just think of what he said in Divine Presence, so what about to us? He adressed Allah with a lot of rubbish. Whoever has a clear mind must say that Muhammad did his best. So his followers must also reach Allah Almighty's pleasure here and in the hereafter.

That is the final point. There is no higher point which a servant can reach than if it is said to him that his

master is pleased with him. Who can ask of anything else? Of all the believers: the Buddhists, the Jews, the Christians and the Muslims, they cannot ask fo anything more than this. When all the people of paradise enter paradise, Allah Almighty will invite them every Friday and they will sit on numbered seats according to their faith. But everyone will think that they are sitting on the best seat. Then Allah Almighty will give his servant enjoyments in eating and drinking and dressing, more than any eyes have ever seen, any ears have heard and any heart has known. That is the beauty of the view, taste, colours and smells which have been unseen and untasted of before. Then Allah Almighty will show His Divine Face and the opening will come. At this appearance people will forget everything and any taste they have ever had. They will melt. Their existence will be finished in the unity oceans of Allah Almighty. They will enter in them and be finished. You cannot explain the taste. After that the Lord will adress and say, "Oh, my servants, is there anything which I still haven't given to you?" The people will answer, "Oh, our Lord, you gave us everything, even to see your endless beauty oceans. What more could we ask for?" The Lord Almighty Allah will answer, "Oh, my servants, I am still keeping one of your grants." "Oh, our Lord, what can that be?" "Oh, my servants, it is that I am forever pleased with you, I will never get angry with you. I will be pleased with you forever!"

What can be more than that?

## The Honor and Blessings of Umm Hiram

(Mawlana shows a photo.) This is my grandfather, this is my father, and this is my uncle. It is a hundred-year-old photograph. This is a jubba and turban worn by Ahlu ’l-Bayt and also worn by scholars in Mecca. A long time ago, he traveled from Cyprus to Al-Haramayn Al-Sharifayn four times, on foot. He walked for pilgrimage and did not ride a camel. He got married later and he was the servant of Umm Hiram's maqaam for forty years.

He called for early tahajjud prayer on the minaret. His parents told me that one day he was going to give the call for prayer at the gravesite and when he turned the key to open he saw a flag on His Highness, the Prince's pulpit. My grandfather, mercy be upon him, as soon as he opened, he saw Sayyidata Umm Hiram (r) sitting under his flag and she got up and he saw her enter her grave. It may have occurred several times after that, but we only have knowledge of its occurrence once.

(What kind of flag was there?)

A flag on the pulpit; one like this and one like that (crossing each other), may Allah praise and bless her. Before he died, he requested not to be buried in the gravesite as it would not be decent for him to be amongst them but he said, “Bury me outside the gravesite.” His grave was outside, at the entrance, and it is still there

but when the Turks came they ruined it, and claimed that he was buried inside. Inshaa-Allah, it will continue to be as it was before.

Qadiri and Rifa`i say, “Hey hey hey hey bahru d-deen.” This is my grandfather; this is from her blessings. People like you who don't understand need to activate their heart. astaghfirullah, astaghfirullah. Welcome to you; we are honored to have you.

(From where came the rocks at Umm Hiram's maqaam?)

I got a letter from the Tikiya Library at her maqaam. I reviewed this 20 page handwritten letter mentioning that the Prophet (s) woke up laughing while sleeping on her lap.

She asked him, "What is making you laugh, beloved Messenger of Allah?"

Prophet (s) answered, “O Umm Hiram! I saw some people from my nation on the harbors, sailing on ships for a conquest towards the west, to a green island.”

She told him to pray that she would join them.

He said thrice, "You are with them."

According to a vision he saw in a dream, he foretold her good tidings and she was reassured. On her journey, subhaanAllah, it was the first sailing trip in the history of Islam which set off from Sayda (Sidon, Lebanon). She got married to Prince Abu `Ubayda ibnu ’l-Jarrah (r). She traveled with him and became a guest at the home of a nun. The hostess welcomed her and was happy to have her.

While walking in the garden, she saw three large rocks here and there. She asked, "O my hostess, would you mind selling me these rocks?" There weren’t any machines to lift such rocks at that time.

The nun said, “I accept to grant them to you without selling.” Umm-Hiram said, “I entrust them to you to take care of them. Whenever I wish, I can retrieve them.”

SubhaanAllah! They are now on the Larnaca side (of Cyprus). SubhaanAllah!

There is a narration about the salt lake; Larnaca was called “mallaha,” salted. There was a vineyard over there and she desired some grapes and asked the owner for a bunch of them. She did not give her any, so she said, “May it become a salty sea swamp!” SubhaanAllah, it all became salt. This was from her blessings until the Day of Judgment. This impressed you (the visitor). After that, while marching with the army she was riding on a mule that probably saw something; it startled and she fell. Her neck was broken and she died a martyr. There was a staff in her hand that she hit on the ground, and this is where a carob tree grew behind the side of her head and still exists.

There are remnants of the rocks there, subhaanAllah, three rocks were sailing through the water to her like ships just as people riding on boats on the Dijla and Euphrates pull them sailing like that. Those three are like companions to her. One of them reached the tip of her head, another the tip of her feet, and the other one is in the air. This is a miracle of the Prophet (s) and an honorable blessing for her (r). May Allah be pleased with Umm Hiram! She is happy now as we speak about her. Thanks to Allah. May He increase her glory and honor, for the honor of Prophet (s).

After this happened, the Ottomans arrived and opened her maqaam, to protect and honor her status. A tombstone was placed so that people who came would dread and respect that there is a special lady buried over there. They respected her so much that they started calling her “Aya (Saint) Catherina” because, subhaanAllah, even goats didn’t graze on her grave. SubhaanAllah! She has been honored for 1400 years. The earliest ships that sailed past it used to send her salaam. Even military ships used to fire cannons to honor her.

The Shaytan did not emerge from there. They came out of Girne, because they don’t believe in anything; they are people with no religion. They left Allah, so He made the Greek people honor her!

This is a summary, but there may be more to be told; however, what I have reviewed in the letter was handwritten and I don’t know where that is now. It may be with me or in their library or in a research library. May Allah grant Umm Hiram more honor, happiness, enlightenment, and satisfaction! We are living here in safety and security due to the blessings of Umm Hiram (r).

Fatihah.

## ‘Ummu Khayran

As-salamu aleykum, o Lovers of Shah-i Mardan! As-salamu aleykum, those of you who love the path of the Lions of Allah, may peace be upon you. We ask to be granted a good day, and we ask that our honour be increased. May we be given more light; come, come into the servanthood of our Lord. Bismillahi r-Rahmani r-Rahim. La ilaha illa-llah La ilaha illa-llah La ilaha illa-llah, Sayyiduna Muhammadur Rasulullah (sas). O Lovers of Shah-i Mardan, o you who love the path of the Lions of Allah, O you blessed servants, Welcome to our assembly. Our assembly is an assembly for goodness. Come to us, o Shah-i Mardan. Your beloved friends, your dear ones long for you. They long for your path and they ask for goodness.

‘Umm ul-khayr. ‘ummu khayran ‘ummu khayran - what is he saying? ‘ummu khayran Spread goodness all around. Today is a new day. Today's sohbah has a different kind of distinction, an association, from Shah-i Mardan. O Lion of Allah! Masha'Allah, la quwwata illa bi-llahi l-‘aliyyi l-‘azim Our gathering is an assembly of knowledge [‘irfan], It gives our humanity a polish, a shine. It makes us polished, puts a shine on us. Shah-i Mardan's blessed words and his associations give us this finish. They polish us. Therefore, pay heed, o people, O people, let Shahi Mardan with his blessed words give us a polish, let us wear a finish, let us shine, and be like the stars in the sky. What did the Prophet of the Last Times (sas) say? "ashabi ka-n-nujum" The Prophet of the Last Times, the Sultan of Prophets (sas), the Beloved of the Lord of the Worlds, what did he say? Become polished, become polished. This polish gives men a dignity, a certain beauty.

Our assembly's polish are these words: Bismillahi r-Rahmani r-Rahim. Speak them, do not fear! Become polished. You do not become polished by painting your face with make-up. The finish, the secret of beauty comes from heaven. Welcome, o Shah-i Mardan, how well you express this!

Beauty comes to mankind from heaven. It is not given on earth. The beauty you can acquire on earth is the beauty of four-footed creatures. What a lovely horse, you may say. What a beautiful cat, you say. They also have a kind of beauty. The beauty given to it is of an earthly kind. But there is a beauty that comes down from heaven, that is for mankind.

Welcome here with us, o Shah-i Mardan. We ask for the beauty that comes down from heaven. For the creatures on earth we say: What a beautiful creature! What a lovely cat! What a beautiful horse! But this is not to be said of people, it is said of animals. What a lovely horse! Its beauty lies in the form it was given. But the beauty given to mankind is not like that of the horse. A human's beauty descends on him from the heavens. The beauty of man comes down from heaven, while that of the animals is from the earth. What a lovely horse! How did it get its beauty? By being well cared for. What did it eat? It ate barley, hay and grass, and grew to be beautiful. Ah, but we are not after the beauty of animals. We seek the beauty that descends from heaven. That you must ask for. Seek the beauty that descends from heaven. A well-kept animal, what of it! A well-kept animal, what a lovely horse, you say. Its beauty, it came from what? From the grass that it ate, the barley, the oats. That is what we call animal beauty. But human beauty comes from heaven.

Come to us, o Shah-i Mardan! The field is yours. Let men listen to your words, so they may find honour. So that they may be beautiful, that they may be able to say, and that it may be said of them: What a beautiful person! So that your beauty, your perfection may be spoken of on earth, and be pointed out in heaven: How beautiful a servant, how beautiful a servant! How? "How beautiful a servant" is not the same as "How lovely a horse." What a beautiful servant! How was he fed? He was fed by heaven. The beauty of mankind comes to him from heaven. What a lovely horse! Animal beauty comes from the pasture of the earth, its barley and oats. That is not what we want. We ask for the beauty that comes from heaven. "What a beautiful person!" Let this be said of you!

Begin therefore by listening to Shah-i Mardan and saying: Bismillahi r-Rahmani r-Rahim. From the heavens the robe of beauty comes upon you. The robe of glory, the robe of honour, the robe of reverence, the robe of familiarity, Allahu akbar, descends from heaven onto mankind, not onto animals. Come to us, o Shah-i Mardan, the field is yours. We are seeking the beauty that comes from heaven. The beauty on earth is that of the animals. What a lovely horse, what a lovely cat!

you say. That is for animals. The beauty of man comes from heaven. What a beautiful person! From what? "Well, we entered this beauty contest, and for women there are certain standards of beauty, and for men there are certain standards of beauty." But that is only animal beauty, it is not what we want. We ask for that which is dressed upon us from heaven, robes of beauty, athwab, as we say, that is what we want. But he cannot understand.

shaytan has dragged people along with him. It controls them, saying: Come along with me, I will make you look beautiful. Like this, like that, what is it called? Moda, fashion, they call it. That is the path on which shaytan leads people astray. shaytan says to people: I will make you look better. How is that going to happen? Through fashion. You will dress in fashionable clothes. You will walk in fashion, you will eat and drink in fashion. You will keep up with the latest fashions, and you will be beautiful. People of this 21st century have abandoned their humanity on account of fashion, and they have turned into very strange creatures. Through what? Through fashion. Fashion is an affliction. What they call today's "economical crisis", the main reason for their having fallen into economic hardship is this fashion. There is no cure for this, other than letting go of this fashion. There is no other cure, the crisis is unavoidable.

Fashion has made a mess of the world. It has driven people crazy. It has removed them from humanity and turned them into devils. Fashion is the sect of shaytan, fashion is the most popular sect. Since you are following the fashion, there is no end to it. Fashions do not make people beautiful. Maybe fashion can make people appear attractive for animal life, but in regard to his spiritual character, it removes man from his humanity. All holy prophets - ‘alayhimu s-salam - came in order to destroy those fashions that turn people into devils. As they say, "asatiru lawwalin" (6:25), from the earliest times shaytan taught mankind about fashion. Beginning with the first human being, this fashion, it made mankind spin out of control. All his efforts went towards appearing good-looking. Even if they are eighty, ninety or a hundred years old, foolish people still follow the trends of fashion and try by all means to look good.

There are two classes of beauty. There is beauty that descends from heaven, and there is beauty that comes from the earth, which belongs to the animals. The beauty which descends from heaven robes mankind in grandeur, familiarity and beauty, in perfection and even majestic glory. But the weeds growing from the earth, food and drink do not make man more beautiful. Maybe they increase his desires, make him lusty. "We eat, then we will become beautiful!" Therefore,

men become the slaves of their stomachs - what do they call it? In order to satisfy the lust of their stomach, that is what they are after. For high, noble goals they are not asking. Whereas all the prophets were sent to teach mankind what is good, to teach man goodness. "'ummu khayran" This was what all prophets brought and taught to man: ‘ummu khayran. Spread goodness, he says. The prophets came to mankind in order to teach goodness.

shaytan tried with all his might to teach his own evil ways. Nowadays, unfortunately, the son of man is not going after the ways of goodness. He seeks evil ways, and where do evil ways lead to? They lead to Hell. Where do good ways lead mankind? They lead to Paradise. ‘ummu khayran - all of what the prophets came to teach people, ‘ummu khayran, spread goodness so that the world may be steeped in goodness. You follow shaytan, ‘ummu sharran, the evil ways shaytan has taught to man. Spread evil, he says. The world today, the whole world is running on those ways - who can be even worse. Who can be even more brutal and wild, who can be the most godless and unbelieving. The aim of 21st century man is to try in whatever way to become even worse than he is now. He says, "'ummu sharran," spread evil. Alas, the people living in this world today, in order to spread evil and badness to all places, have invented all manner of implements and devices.

People are now infused with such strong desire that they cannot get enough of doing evil. They do not tire of enacting badness. Even though the heavenly command is: "'ummu khayran!" Spread goodness Allah Almighty says this. So for what are you spreading badness? All countries, all nations are striving to spread evil. Every government is busy destroying goodness. Every nation is striving to spread badness. War, assault, disgrace, poverty, ignorance and insult are upon all people now. Whereas it was the command of the Sultan of Prophets: "'ummu khayran!" Spread goodness, he commanded. How beautiful is Islam. All prophets are on the same road. The prophets came to teach mankind humanity. What is humanity? Humanity is based on goodness.

He who is good, is a man. He who is not good, is an animal. People today are running after evil. People today are worse than tamed animals, they are wild animals. To murder, intimidate and burn, to destroy, crush and consume, that is what the philosophy of life consists of nowadays. That is why there is no end to suffering in the world. The very first order given to mankind was:

"'ummu khayran!", spread goodness. How lovely. The command of every prophet, of the Prophet of the Last Times, was: "'ummu khayran!" Spread goodness, he says. Which state is there that spreads goodness? Who is there who encourages goodness? There is no one encouraging goodness. They all make people rush towards evil. Murder, burn, ruin! Spare no one! Wipe out the human race! At the very least, make people abandon humanity. Turn them into wild things. They have been given honour in heaven. But on earth, I will degrade them and make them despicable, says shaytan.

O our Lord, what can we do? "'ummu khayran!" This is an order to save humanity. O you who you are in your right minds! Speak to us, o Shah-i Mardan. How lovely are your words: "ummu khayran"! Let goodness be general, let it extend in all directions so that everybody may partake of goodness and may see no evil. But people living nowadays, those whom shaytan has raised, say: "Crush, oppress, burn, demolish! Therein lies your honour!" This is from shaytan. What is shaytan's principle? "'ummu sharran", spread evil, he says, act with badness. Die and kill. Build and destroy. Leave no one but yourselves alive on the face of the earth. shaytan has raised man and turned him into a monster.

Please speak, o Shah-i Mardan. May your sword strike the neck of shaytan, and the necks of the followers of shaytan. The prophets all said: "'ummu khayran", spread goodness. But who is busy doing good? The whole world is engulfed by evil. Mankind is confounding itself. They are joining the ranks of shaytan who was once the most honoured but then became the most detested of creatures. shaytan says, "Follow me and you will find honour. You will come to rule the world." Eh, Pharaoh also used to rule the world. In the end he was drowned in the sea. Nimrod also made claims, and Allah destroyed him by means of a mosquito. They are now preparing various kinds of weapons. For what? In order to finish off the human race. Shame on them! It is from what shaytan has taught them: "'ummu sharran", spread evil, do not do goodness. Commit evil acts, so that your honour might increase. May their honour be confounded, of people of that sort! "'ummu sharran" says shaytan, spread evil. Do no goodness.

O Shah-i Mardan, come to us! Draw your sword Dhu l-Fiqar! May your sword Dhu l-Fiqar overpower all those who wish to spread evil! Now there are two ways:

ummu khayran and ‘ummu sharran. Either you spread goodness all over, or else you let evil become a general condition. shaytan is trying to let evil take hold of the whole world. He has

now succeeded. People think of nothing else any more but of evil. They do not think about how many Pharaohs were overcome by heavenly might and have gone under. How did they end? Some burned to death by fire, some drowned in the sea. Some were vanquished and destroyed by a mosquito. Nimrods and Pharaohs. shaytan's intention is "'ummu sharran", spread evil, so that the whole world will be filled with Pharaohs. When they have become Pharaoh, what will be their end? Either they will drown in the sea, or they will burn in the fire.

Ya. That is how it is. The miserable condition of today's people. That is why we ask to listen to Shah-i Mardan every morning, so that his words might help men reach the rank of perfection, so that he becomes a perfected man. In a perfected man there is justice, kindness and favour. There is generosity. There is every kind of beauty. In "'ummu sharran", there is every kind of evil, badness and filth. There are so many people on this earth roaming the streets. They don't know what they want. They do not find their satisfaction in eating or drinking, because shaytan says: It is nothing just to roam these streets, you must wipe out one another, so that there are fewer people; there must be fewer and you will be in charge. That is the "'ummu sharran", the spreading of evil by shaytan. That is the concern of people nowadays: to spread evil, to prevent goodness. To shut the doors of goodness and open the gates of evil.

O our Lord, You have created us! Send us one who will teach us goodness - an illustrious King of Men, Shah-i Mardan. Let there be a thousand Shah-i Mardans, forty thousand Shah-i Mardans, to destroy our deformities, our evil. There can be no peace in the world before evil is destroyed. "'ummu khayran", we will make goodness spread all around. We have no other way to be saved.. We will abandon all weapons and go after goodness. The world will be at peace. Otherwise the world will become shaytan's hellhole. It will also throw you into Hell. It will make you share its own fate. Spread evil! is shaytan's command. Spread goodness! is the command of the Prophets. O our Lord, send us one to teach us these things, send us one of the Kings of Men. O Shah-i Mardan. Upon you be the Good Pleasure of the All-Merciful. Draw your sword, Dhu l-Fiqar, and with it strike shaytan and those working to spread evil. Strike with your sword and finish them off! Strike! Strike them for the love of Allah! For the love of the Holy Prophet! The world is filled with monsters, strike them! Kill those who have monster characteristics and who teach badness. Then the world will be sweet for you. Perform works that will bring you closer to Allah. May evil disappear. Before the gates of evil are shut there can be no peace in the world.

This is our sohbah for today that comes from Shah-i Mardan: "'ummu khayran", make goodness to be universal and spread about. Put an end to evil. Abandon badness, and open the gates of goodness. Were you to give all that money you spend on weapons to the people, the world would become like a paradise. But it is your ambition to root out all mankind. Who is your master? shaytan. O Shah-i Mardan, Masha'Allah, la quwwata illa bi-llah. All around us is a confused mess. And it will not stop there. Since mankind is constantly busy playing his evil tricks, evil will come. They will not encounter any goodness. Look at it, look at the whole world. Change its course! Run after goodness! As long as you run after badness, the world will not be set aright. Man will not be man. Men will be wild beasts.

This is the summary of our sohbah today: Shah-i Mardan says Run after goodness! Let go of evil! You will be prosperous in this world and safe from torment in the hereafter. If not, things will fall from heaven. Hurricanes are coming. Storms are approaching, floods are coming. Earthquakes will occur. In unexpected places volcanoes will erupt. Islands will sink where you don't expect them to. Fear Allah! Fear Allah! Fear Allah! If you do not, the fate of shaytan will befall you as well. Tawba, ya Rabbi, tawba, istaghfirullah.

O Shah-i Mardan, Habibu Yazdan, Beloved of God. Let me say it in Farsi, in Persian, in the Persian language. O servants of Allah Almighty, the one and only God, Stay away from evil! Run after goodness! Stay away from badness! If you don't, things will happen to you. Earthquakes where you don't expect them, tornadoes and floods where you least expect them, a rain of fire where you are not expecting it. Beware, do not stand against Allah Almighty. Do not spread evil. Try to extinguish all badness. One who murders people is not a good one. He is evil. You must know this, o you Persians, ‘Alawis and Shi’ites! Shah-i Mardan has said this. Refrain from doing evil! Run after goodness, flee from evil. Run toward goodness. That is it.

What a sweet word he has spoken. O Shah-i Mardan, Habib ur-Rahman. O Sultan, owner of the sword Dhu l-Fiqar. We are waiting for your soldiers who are to teach us this. We are waiting for Sahib uz-Zaman, we are waiting for Sayyidna al-Mahdi (as). We are Sunnis, we follow the commands of Allah and His Prophet. We are not oppressors. We are of those who draw the sword only in order to pave Allah's way. For a thousand years our glorious Ottoman ancestors held aloft the banner of Islam. They found honour, they gave honour. But today's people are good for nothing. Allah will be asking: "thumma la-tus'alunna ‘an in-na’im". (102:8) He says: I

will call you to account for the blessings that I gave you. And this holy verse as well: Asta'idhu billah: "wa tilka l-ayyamu nudawiluha bayna n-nas" (3:140) To every class of human beings I shall give power. Let's see what they will do with it. Will they listen to Me? Or will they follow shaytan?

Today all nations, all countries are running after shaytan. But from heaven comes this word: "Inna batsha Rabbika la-shadid." (85:12) The Divine blow, the strike of the hand of Allah that puts to ruin. Look, what happened in the Hijaz - Floods came and took everything away. In the middle of the summer there was snowfall. And why? People tried so hard to find an answer to this problem whereas all prophets spoke of this: a house should have one floor, perhaps a second one, but if it is built higher than that the angels will say: "O son of man, what is this? A second story, and then a third one - have you turned into a Nimrod?" You are building towers of Nimrod. Have you no fear that with one shaking they will collapse on top of you? That is what the angels say when there are more than two stories: "Where to? Where are you going? You have turned into a Nimrod." They filled up everything with concrete, all over. Water will rise from below and those concrete buildings they built on the holy grounds, will all come crashing down, "boom", all those concrete buildings.

Let the kings beware, and the emirs and the heads of state! Fear Allah! Forego evil, run towards goodness, so that you may survive. O Shah-i Mardan, you have the word. Send us support, for the sake of the most-honoured Beloved of Allah. Let us spread goodness, let us not spread evil.

Let us put out the fires of evil, and let us open up sources of goodness. wa min Allahi t-tawfiq. O our Lord, forgive us, Send us Sultans who will be leaders for us, o our Lord! al-Fatiha.

A few months ago perhaps we delivered an address in the language of Truth, O you who rule the Hijaz, you who call yourself Royal Majesty and have yourself addressed as such! We told you to read salawat on the Holy Prophet (sas) every morning. Allahu akbar, Allahu akbar Allahu akbar, Allahu akbar. You should glorify at morning prayer the Holy Prophet (sas) by reciting salawat on him in front of the palace. We have already given a sohbah concerning this. Nobody listened. Now they are trembling. Their palaces will crumble. Let them be afraid. Every morning reciting prayers and blessings for the Holy Prophet, 'alayhi as-salatu wa s-salam, praise and glory be to Allah Almighty. Glorify him, and you will be saved. If you do not, the floods will carry away all

Arabia, the whole of it. There is no joking with Him up there.
Allahu Allah, Allahu Rabbi Allahu Allah, Allahu hasbi. Hasbun Allah wa ni'ma l-wakil. Recite this every day, o Muslims of Arabia! Hasbun Allah wa ni'ma l-wakil, hasbun Allah wa ni'ma lwakil. Ni'ma l-Mawla wa ni'ma n-nasir, ghufranaka Rabbana wa ilayka l-masir. Teach these words and have no fear. If you don't the water will carry you away. It respects no king, no emir, no ruler.
Tawba, ya Rabbi, tawba, istaghfirullah. You are subhan, o Lord, and we are Your powerless slaves. O Shah-i Mardan, send us the ones who will take these steps and hold fast to your measures.
al-Fatiha.

As-Salamu `alaykum, o Liebende Shah Mardans! As-Salamu `alaykum, denjenigen von euch, die den Weg der Löwen Allahs lieben, möge Frieden auf euch sein. Wir bitten darum, einen guten Tag gewährt zu bekommen und wir bitten, daß unsere Ehre gemehrt wird. Möge uns mehr Licht gegeben werden. Kommt, kommt in die Dienerschaft unseres Herrn. Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, Sayyiduna Muhammadu r-Rasulullah (saws). O Liebende Shah Mardans, o ihr, die den Weg der Löwen Allahs lieben, o ihr gesegneten Diener, willkommen zu unserer Versammlung. Unsere Versammlung ist eine Versammlung für Gutes. Komm zu uns, o Shah Mardan. Deine geliebten Freunde, deine Lieben sehnen sich nach dir. Sie sehnen sich nach deinem Weg, und sie bitten um Gutes. `Ummu l-Khayr. `Ummu Khayran. `Ummu Khayran - Was sagt sie? `Ummu Khayran. Verbreitet Gutes ringsum. Heute ist ein neuer Tag. Das heutige Sohbah hat eine andere Art von Abgrenzung, eine Vorstellung, von Shah Mardan. O Löwe Allahs! Ma sha' Allah, La Quwwata illa Billahi l-`Aliyyi l-`Azim.
Unser Treffen ist eine Versammlung des Wissens, `Irfan. Es gibt unserer Menschheit einen Schliff, einen Glanz. Es läßt uns glänzen, legt uns Politur auf. Shah Mardans gesegnete Worte und seine Versammlungen geben uns diese Lackierung. Sie polieren uns. Deshalb, seid achtsam,

o Leute. O Leute, laßt Shah Mardan uns mit seinen gesegneten Worten eine Politur geben, laßt uns einen Lack tragen, laßt uns glänzen und wie die Sterne am Himmel sein. Was sagte der Prophet der Letzten Zeit (saws)? "Ashabi Ka n-Nujum". Der Prophet der Letzten Zeit, der Sultan der Propheten (saws), der Geliebte des Herrn der Welten, was sagte er? Werdet abgeschliffen, werdet abgeschliffen. Dieser Schliff gibt den Menschen Würde, eine gewisse Schönheit. Die Politur unserer Versammlung sind diese Worte: Bismillahi r-Rahmani r-Rahim. Sprecht sie, fürchtet euch nicht! Werdet poliert. Ihr werdet nicht poliert, indem ihr euer Gesicht mit Makeup bemalt. Der Lack, das Geheimnis der Schönheit, kommt von den Himmeln. Willkommen, o Shah Mardan, wie gut du das ausgedrückt hast! Schönheit kommt zur Menschheit von den Himmeln. Sie wird nicht auf der Erde gegeben. Die Schönheit, die man auf der Erde bekommen kann, ist die Schönheit der vierbeinigen Geschöpfe. Was für ein anmutiges Pferd, kannst du sagen. Was für eine schöne Katze, sagst du. Sie haben auch eine Art Schönheit. Die Schönheit, die ihnen gegeben ist, ist eine irdische Art.

Aber es gibt eine Schönheit, die kommt herab von den Himmeln. Die ist für die Menschheit. Willkommen hier mit uns, o Shah Mardan. Wir bitten um die Schönheit, die von den Himmeln herabkommt. Für die Geschöpfe auf der Erde sagen wir: Was für ein schönes Geschöpf! Was für eine entzückende Katze! Was für ein schönes Pferd! Aber das sagt man nicht über Menschen. Es wird über Tiere gesagt. Was für ein anmutiges Pferd! Seine Schönheit liegt in der Form, die ihm gegeben wurde. Aber die Schönheit, die der Menschheit gegeben wurde, ist nicht wie die des Pferdes. Eines Menschen Schönheit kommt von den Himmeln auf ihn herab. Die Schönheit des Menschen kommt von den Himmeln herab, während die der Tiere von der Erde ist. Was für ein anmutiges Pferd! Wie bekam es seine Schönheit? Indem es gut versorgt wurde. Was fraß es? Es fraß Gerste, Heu und Gras, und es wuchs heran, schön zu sein. Ah, aber wir sind nicht hinter der Schönheit der Tiere her. Wir suchen die Schönheit, die von den Himmeln herabkommt. Darum müßt ihr bitten. Sucht die Schönheit, die von den Himmeln herabkommt. Ein gut gepflegtes Tier, na und! Ein gut gepflegtes Tier, was für ein anmutiges Pferd, sagst du. Seine Schönheit, sie kam woher? Von dem Gras, das es fraß, der Gerste, dem Hafer. Das nennen wir Tierschönheit. Aber menschliche Schönheit kommt von den Himmeln. Komm zu uns, o Shah Mardan! Das Feld ist dein. Laß die Menschen deinen Worten zuhören, so daß sie Ehre finden mögen. So daß sie schön sein mögen, daß sie fähig sein mögen zu sagen und daß es über sie gesagt werden mag: Was für

ein schöner Mensch! So daß über euere Schönheit, euere Vollkommenheit gesprochen werden kann auf der Erde, und auf sie hingewiesen werden mag in den Himmeln: Was für ein schöner Diener, was für ein schöner Diener!

Wie? 'Was für ein schöner Diener' ist nicht dasselbe wie 'Was für ein anmutiges Pferd'. Was für ein schöner Diener! Wie wurde er gefüttert? Er wurde von den Himmeln gefüttert. Die Schönheit der Menschheit kommt zu ihr von den Himmeln. Was für ein anmutiges Pferd! Tierische Schönheit kommt von dem Futter auf der Erde, der Gerste und dem Hafer. Das ist nicht, was wir wollen. Wir fragen nach der Schönheit, die von den Himmeln kommt. Was für ein schöner Mensch! Laß das über dich gesagt werden! Beginne deshalb damit, Shah Mardan zuzuhören, und sage Bismillahi r-Rahmani r-Rahim. Von den Himmeln kommt das Gewand der Schönheit auf dich herab. Das Gewand der Herrlichkeit, das Gewand der Ehre, das Gewand der Verehrung, das Gewand der Vertrautheit, Allahu Akbar, kommt von den Himmeln auf die Menschheit herab, nicht auf die Tiere. Komm zu uns, o Shah Mardan, das Feld ist dein. Wir suchen die Schönheit, die von den Himmeln kommt. Die Schönheit auf der Erde ist die der Tiere. Was für ein anmutiges Pferd, was für eine entzückende Katze! sagst du. Das ist für die Tiere. Die Schönheit des Menschen kommt von den Himmeln. Was für ein schöner Mensch. Von was? Nun, wir nahmen an diesem Schönheitswettbewerb teil, und für Frauen gibt es bestimmte Schönheitsnormen, und für Männer gibt es bestimmte Schönheitsnormen. Aber das ist nur tierische Schönheit. Es ist nicht, was wir wollen. Wir verlangen nach dem, mit dem wir von den Himmeln bekleidet werden, Gewänder der Schönheit, Athwab, wie wir sagen, das ist, was wir wollen.

Aber er kann es nicht verstehen. Shaytan hat die Leute mit sich mitgeschleift. Er kontrolliert sie und sagt: Kommt mit mir, ich werde euch schön aussehen lassen. So, so, wie heißt es? Mode nennen sie es. Das ist der Weg, auf den Shaytan die Leute irreleitet. Shaytan sagt den Leuten: Ich werde euch besser aussehen lassen. Wie soll das geschehen? Durch die Mode. Ihr werdet modische Kleidung anziehen. Ihr werdet modisch gehen, ihr werdet modisch essen und trinken. Ihr werdet mit der neuesten Mode Schritt halten, und ihr werdet schön sein. Die Menschen dieses 21. Jahrhunderts haben ihr Mensch-Sein preisgegeben wegen der Mode, und sie haben sich in sehr merkwürdige Geschöpfe verwandelt. Durch was? Durch die Mode. Mode ist eine Heimsuchung. Was sie die heutige Wirschaftskrise nennen, der Hauptgrund dafür, daß sie in wirtschaftliche Bedrängnis geraten sind, ist diese Mode. Es gibt keine Heilung dafür außer, diese Mode

loszulassen. Es gibt keine andere Heilung, die Krise ist unvermeidbar. Die Mode hat die Welt in Unordnung gebracht. Sie hat die Menschen um den Verstand gebracht. Sie hat ihr das Mensch-Sein genommen und sie in Shaytane verwandelt. Mode ist die Sekte Shaytans, Mode ist die beliebteste Sekte. Da ihr der Mode folgt, gibt es kein Ende für sie. Moden machen die Menschen nicht schön. Vielleicht kann die Mode die Menschen attraktiv erscheinen lassen für das tierische Leben, aber was seinen geistigen Charakter betrifft, nimmt sie dem Menschen sein Mensch-Sein. Alle heiligen Propheten (as) kamen, um diese Moden zu zerstören, die Menschen in Shaytane verwandeln. Wie sie sagen: "Asatiru l-Awwalin" - Fabeln der Früheren (6:25). Seit der frühesten Zeit lehrte Shaytan die Menschheit von der Mode. Mit dem ersten Menschen beginnend, ließ diese Mode die Menschheit außer Kontrolle schleudern. Seine ganze Anstrengung geht dahin, gutaussehend zu erscheinen. Selbst wenn sie achtzig, neunzig oder hundert Jahre alt sind, folgen die dummen Leute immer noch den Modetrends und versuchen mit allen Mitteln, gut auszusehen.

Es gibt zwei Arten von Schönheit. Es gibt eine Schönheit, die von den Himmeln herabkommt, und es gibt eine Schönheit, die von der Erde kommt, die zu den Tieren gehört. Die Schönheit, die von den Himmeln herabkommt, kleidet die Menschheit in Größe, Vertrautheit und Schönheit, in Vollkommenheit und sogar majestätische Herrlichkeit. Aber das Unkraut, das von der Erde wächst, Essen und Trinken, machen den Menschen nicht schöner. Vielleicht erhöhen sie seine Begierde, machen ihn lüstern. Wir essen, dann werden wir schön! Deshalb werden die Menschen die Sklaven ihres Magens - wie nennen sie es? Die Lust ihres Magens zu befriedigen, das verfolgen sie. Nach hohen, edlen Zielen verlangen sie nicht. Wohingegen all die Propheten gesandt wurden, um die Menschheit zu lehren, was gut ist, um sie Gutes zu lehren. "Ummu Khayran".

Das ist es, was alle Propheten brachten und den Menschen lehrten: Ummu Khayran. Verbreitet Gutes, sagt er. Die Propheten kamen zur Menschheit, um sie Gutes zu lehren. Shaytan versuchte mit all seiner Macht, seine eigenen bösen Wege zu lehren. Heutzutage verfolgt der Sohn des Menschen leider nicht die Wege des Guten. Er sucht böse Wege, und wohin führen ihn böse Wege? Sie führen in die Hölle. Wohin führen gute Wege die Menschheit? Sie führen ins Paradies. Ummu Khayran - alles, was die Propheten die Menschen zu lehren kamen, Ummu Khayran, verbreitet Gutes, so daß die Welt durchtränkt wird mit Gutem.

Ihr folgt Shaytan, Ummu Sharran, die bösen Wege, die Shaytan den Menschen gelehrt hat. Verbreitet

Böses, sagt er. Die Welt heute, die ganze Welt läuft auf diesen Wegen, die sogar noch schlimmer sein können, die sogar noch brutaler und wilder sein können, die höchst gottlos und ungläubig sein können. Das Ziel des Menschen des 21. Jahrhundert ist, auf welche Weise auch immer zu versuchen, sogar noch schlimmer zu werden, als er jetzt ist. Er sagt: Ummu Sharran - verbreitet Böses. Leider haben die Menschen, die heute in dieser Welt leben, um das Übel und das Schlechte an allen Orten zu verbreiten, alle möglichen Werkzeuge und Gerätschaften erfunden. Die Menschen sind jetzt durchdrungen von so starken Begierden, daß sie nicht genug davon bekommen können, Böses zu tun. Sie werden nicht überdrüssig, Böses zu vollziehen. Auch wenn der himmlische Befehl lautet: Ummu Khayran! Verbreitet Gutes, Allah der Allmächtige sagt das. Also wozu verbreitet ihr Schlechtes? Alle Länder, alle Nationen streben danach, Böses zu verbreiten. Selbst die Regierung ist damit beschäftigt, das Gute zu zerstören. Jede Nation strebt danach, Schlechtes zu verbreiten. Krieg, Überfall, Schande, Armut, Ignoranz und Beleidigung sind jetzt auf allen Menschen. Wohingegen es der Befehl des Sultans der Propheten war: Ummu Khayran! Verbreitet Gutes, befahl er. Wie schön ist der Islam. Alle Propheten sind auf demselben Weg.

Die Propheten kamen, um die Menschheit das Mensch-Sein zu lehren. Was ist Mensch-Sein? Mensch-Sein gründet auf Güte. Er, der gut ist, ist ein Mensch. Er, der nicht gut ist, ist ein Tier. Die Menschen heute laufen hinter dem Bösen her. Die Menschen heute sind schlimmer als gezähmte Tiere, sie sind wilde Tiere. Zu ermorden, einzuschüchtern und niederzubrennen, zu zerstören, zu unterdrücken und zu konsumieren, darin besteht die Lebensphilosophie heutzutage.

Deshalb gibt es Leiden ohne Ende auf dieser Welt. Der erste Befehl, der der Menschheit gegeben wurde, war: Ummu Khayran! - Verbreitet Gutes. Wie wunderbar. Der Befehl jedes Propheten, des Propheten der Letzten Zeit, war: Ummu Khayran! Verbreitet Gutes, sagt er. Welcher Staat ist da, der Gutes verbreitet? Wer ist da, der Gutes ermutigt? Es gibt niemanden, der Gutes fördert. Sie alle bringen die Menschen dazu, zum Bösen zu eilen. Mordet, brennt nieder, ruiniert! Verschont niemanden! Löscht die menschliche Rasse aus! Wenigstens bringt die Menschen dazu, das Mensch-Sein aufzugeben. Ihnen wurde Ehre gegeben in den Himmeln. Aber auf der Erde, werde ich sie erniedrigen und verächtlich machen, sagt Shaytan. O unser Herr, was können wir tun? Ummu Khayran! Dies ist ein Befehl, um die Menschheit zu retten. O ihr, die ihr noch bei

Verstand seid!
Sprich zu uns, o Shah Mardan. Wie lieblich sind deine Worte: Ummu Khayran! Laßt Gutes allgemein sein, laßt es sich in alle Richtungen ausdehnen, so daß jeder am Guten teilhaben kann und nichts Böses sieht. Aber die Menschen, die heutzutage leben, jene, die Shaytan aufgezogen hat, sagen: Zermalme, unterdrücke, verbrenne, demoliere! Darin liegt deine Ehre! Das ist von Shaytan. Was ist Shaytans Prinzip? Ummu Sharran, verbreite Böses, sagt er, handle mit Schlechtigkeit. Stirb und Töte. Baue und Zerstöre. Laß niemanden außer dir selbst am Leben auf dem Angesicht der Erde. Shaytan hat den Menschen erzogen und in ein Monster verwandelt. Sprich bitte, o Shah Mardan. Möge dein Schwert den Nacken Shaytans schlagen und die Nacken der Anhänger Shaytans. Die Propheten sagten alle: Ummu Khayran, verbreite Gutes. Aber wer ist damit beschäftigt, Gutes zu tun? Die ganze Welt ist eingehüllt in Böses. Die Menschheit ist selbst verwirrt. Sie schließen sich den Rängen Shaytans an, der einmal das geehrteste Geschöpf war, aber dann das am meisten verabscheute wurde. Shaytan sagt: Folgt mir, und ihr werdet Ehre finden. Ihr werdet die Erde regieren. Eh, Pharao pflegte auch die Erde zu regieren. Am Ende wurde er im Meer ertränkt. Nimrod stellte auch Ansprüche, und Allah vernichtete ihn mithilfe einer Mücke. Sie bereiten jetzt alle Arten von Waffen vor. Für was? Um die menschliche Rasse zu erledigen. Schande auf sie! Es ist von dem, was Shaytan sie gelehrt hat: Ummu Sharran, verbreite Böses, tue nichts Gutes. Begehe böse Taten, so daß deine Ehre zunimmt. Möge ihre Ehre zur Hölle fahren, von Leuten dieser Art. Ummu Sharran, sagt Shaytan, verbreite Böses. Tu nichts Gutes.
O Shah Mardan, komm zu uns. Zieh dein Schwert Dhu l-Fiqar. Möge dein Schwert Dhu l-Fiqar all jene überwältigen, die Böses verbreiten wollen. Jetzt gibt es zwei Wege: Ummu Khayran und Ummu Sharran. Entweder du verbreitest Gutes überall oder sonst läßt du das Böse zur allgemeinen Bedingung werden. Shaytan versucht, das Böse die ganze Welt ergreifen zu lassen. Er hat jetzt Erfolg. Die Menschen denken an nichts anderes mehr, als an Böses. Sie denken nicht daran, wieviele Pharaonen von himmlischer Macht überwältig wurden und untergegangen sind. Wie war ihr Ende? Manche verbrannten im Feuer, manche ertranken im Meer. Manche wurden besiegt und vernichtet durch eine Mücke. Nimrods und Pharaonen. Shaytans Absicht ist: Ummu Sharran, verbreite Böses, so daß die ganze Welt mit Pharaonen gefüllt sein wird. Wenn sie Pharao geworden sind, wie wird ihr Ende sein? Entweder sie werden im Meer ertrinken, oder sie

werden im Feuer verbrennen. Ya. So ist sie, die elende Lage der heutigen Menschen. Deshalb bitten wir darum, jeden Morgen Shah Mardan zuzuhören, so daß seine Worte uns helfen können, die Menschen den Rang der Vollkommenheit erreichen zu lassen, so daß er ein vollkommener Mensch wird. In einem vollkommenen Menschen ist Gerechtigkeit, Freundlichkeit und Wohlwollen. Es ist Großzügigkeit da. Es ist jede Art von Schönheit da. In Ummu Sharran gibt es alle Arten von Bosheit, Schlechtigkeit und Schmutz.

Es gibt so viele Mensche auf dieser Erde, die die Straßen durchstreifen. Sie wissen nicht, was sie wollen. Sie finden keine Befriedigung im Essen und Trinken, weil Shaytan sagt: Es ist nichts, einfach nur durch diese Straßen zu streifen, ihr müßt euch gegenseitig auslöschen, so daß es weniger Menschen gibt. Es muß weniger geben und ihr werdet das Sagen haben. Das ist das Ummu Sharran, das Verbreiten von Bösem durch Shaytan. Das ist das Anliegen der Menschen heutzutage: das Böse zu verbreiten, das Gute zu verhindern, die Tore des Guten zu schließen und die Tore des Bösen zu öffnen. O unser Herr, Du hast uns erschaffen. Sende uns einen, der uns Gutes lehrt, einen erhabenen König der Menschen, Shah Mardan. Laß es tausend Shah Mardans geben, vierzigtausend Shah Mardans, um unsere Defekte, unser Böses zu zerstören. Es kann keinen Frieden in der Welt geben, bevor nicht das Böse zerstört ist. Ummu Khayran, wir werden das Gute überall verbreiten. Wir haben keinen anderen Weg, um gerettet zu werden. Wir geben alle Waffen auf und verfolgen das Gute. Die Welt wird im Frieden sein. Sonst wird die Welt Shaytans Höllenloch werden. Es wird dich auch in die Hölle werfen. Er wird dich sein eigenes Schicksal teilen lassen. Verbreite Böses, ist Shaytans Befehl. Verbreite Gutes, ist der Befehl der Propheten. O unser Herr, sende uns einen, der uns diese Dinge lehrt, sende uns einen der Könige der Menschen, o Shah Mardan. Auf dir sei das Wohlgefallen des Gnadenreichen. Zieh dein Schwert Dhu l-Fiqar und schlage damit Shaytan und jene, die daran arbeiten, Böses zu verbreiten. Schlage mit deinem Schwert und erledige sie. Schlag! Schlag sie für die Liebe Allahs! Für die Liebe des heiligen Propheten. Die Welt ist angefüllt mit Monstern, schlag sie! Töte jene, die Monstereigenschaften haben und Schlechtigkeit lehren. Dann wird die Welt süß sein für dich. Führe Taten aus, die dich näher zu Allah bringen. Möge das Böse verschwinden. Bevor nicht die Tore des Bösen verschlossen sind, kann es keinen Frieden in der Welt geben.

Das ist unser Sohbah für heute, das von Shah Mardan kommt. Ummu Khayran, macht das Gute universell und verbreitet es. Setzt dem Bösen ein Ende. Gebt das Böse auf und öffnet die Tore

des Guten. Würdet ihr all das Geld, das ihr für Waffen ausgebt, den Menschen geben, wäre die Welt wie ein Paradies. Aber es ist euer Streben, die ganze Menschheit auszurotten. Wer ist euer Meister? Shaytan. O Shah Mardan, ma sha' Allah, La Quwwata illa Billah. Um uns herum ist alles in heilloser Unordnung. Und es wird damit nicht enden. Da die Menschheit ständig damit beschäftigt ist, seine bösen Tricks zu spielen, wird das Böse kommen. Sie werden nichts Gutes finden. Seht, seht die ganze Welt. Ändert ihren Lauf! Verfolgt das Gute! Solange ihr das Schlechte verfolgt, wird die Welt nicht zurechtgerückt werden. Der Mensch wird kein Mensch sein. Der Mensch wird ein wildes Tier sein. Das ist die Zusammenfassung unseres Sohbahs heute. Shah Mardan sagt: Lauft hinter Gutem her, laßt das Böse los! Ihr werdet erfolgreich sein in dieser Welt und sicher vor der Qual des Jenseits. Sonst werden Dinge vom Himmel fallen. Hurrikane kommen. Stürme nähern sich, Fluten kommen. Erdbeben werden stattfinden. An unerwarteten Stellen werden Vulkane ausbrechen. Inseln werden versinken, wo ihr es nicht erwartet. Fürchtet Allah! Fürchtet Allah! Fürchtet Allah! Sonst wird euch das Schicksal Shaytans auch treffen. Tawba ya Rabbi, Tawba Astaghfirullah.

O Shah Mardan, Habibu Yazdan, Geliebter Allahs, laß es mich auf Farsi, auf Persisch, in der persischen Sprache sagen. O Diener Allahs des Allmächtigen, des Einen und Einzigen Gottes, haltet euch fern vom Bösen. Lauft dem Guten hinterher. Bleibt dem Bösen fern. Sonst werden euch Dinge zustoßen. Erdbeben, wo ihr sie nicht erwartet, Tornados und Fluten, wo ihr sie am wenigsten erwartet, ein Feuerregen, wo ihr ihn nicht erwartet. Hütet euch! Stellt euch nicht gegen Allah den Allmächtigen. Verbreitet nicht das Böse. Versucht, alles Schlechte auszulöschen. Jemand, der Menschen ermordet, ist kein guter Mensch. Er ist böse. Ihr müßt das wissen, ihr Perser, Alawiten und Schiiten. Shah Mardan hat das gesagt. Unterlaßt es, Böses zu tun. Lauft dem Guten hinterher, flieht vor dem Bösen. Lauft auf das Gute zu. Darum geht es. Was für süße Worte hat er gesprochen. O Shah Mardan, Habibu r-Rahman, o Sultan, Eigner des Schwertes Dhu l-Fiqar. Wir warten auf deine Soldaten, die uns das lehren. Wir warten auf Sahibu z-Zaman. Wir warten auf Sayyidina Mahdi (as). Wir sind Sunniten, wir folgen den Befehlen Allahs und Seines Propheten. Wir sind keine Unterdrücker. Wir gehören zu denen, die das Schwert nur ziehen, um Allahs Weg zu ebnen. Tausend Jahre lang hielten unsere glorreichen Osmanischen Vorfahren das Banner des Islam hoch. Sie fanden Ehre, sie gaben Ehre. Aber die heutigen Menschen sind für nichts gut.

Allah wird fragen: "Thumma Latus'alunna `ani n-Na`im" - Dann werdet ihr nach dem Wohlstand befragt (102:8). Er sagt: Ich werde euch zur Rechenschaft ziehen für die Segnungen, die Ich euch gab. Und dieser heilige Vers auch, Asta'idhu Billah: "Wa Tilka l-Ayyamu Nudawiluha Bayna n-Nas" - Und diese Tage lassen Wir wechseln unter den Menschen (3:140). Jeder Klasse von Menschen werde Ich Macht geben. Sehen wir, was sie damit anfangen. Werden sie auf Mich hören? Oder werden sie Shaytan folgen? Heute laufen alle Nationen, alle Länder Shaytan hinterher. Aber von den Himmeln kommt dieses Wort: "Inna Batsha Rabbika la Shadid" - Wahrlich, die Rache deines Herrn ist heftig (85:12). Der Göttliche Hieb, der Schlag der Hand Allahs, der ruiniert. Seht, was im Hijaz geschieht: Fluten kamen und nahmen alles hinweg. Mitten im Sommer gab es Schneefall. Und warum? Die Menschen gaben sich große Mühe, eine Antwort auf diese Frage zu finden. Wobei alle Propheten davon sprachen: Ein Haus sollte ein Stockwerk haben, vielleicht ein zweites, aber wenn es höher gebaut wird als das, werden die Engel sagen: O Sohn des Menschen, was ist das? Ein zweiter Stock, und dann ein dritter, seid ihr zu einem Nimrod geworden? Ihr baut Türme Nimrods. Fürchtet ihr nicht, daß sie bei einer Erschütterung auf euch fallen werden? Das sagen die Engel, wenn es mehr als zwei Stockwerke gibt: Wohin? Wohin geht ihr? Ihr seid zu einem Nimrod geworden. Sie füllten alles mit Beton, überall. Wasser wird von unten aufsteigen, und diese Betonbauten, die sie auf heiligem Grund bauten, werden alle niederstürzen, 'bumm', all diese Betonbauten.

Die Könige sollen sich hüten! Und die Emire und Staatsoberhäupter! Fürchtet Allah! Verzichtet auf Böses, lauft zum Guten, damit ihr überlebt. O Shah Mardan, du hast das Wort. Sende uns Unterstützung um des meistgeehrten Geliebten Allahs willen. Laßt uns Gutes verbreiten, laßt uns nicht Böses verbreiten. Laßt uns die Feuer des Bösen löschen und die Quellen des Guten öffnen. Wa min Allahi t-Tawfiq. O unser Herr, vergib uns. Sende uns Sultane, die Führer für uns sein werden, o unser Herr! Al-Fatiha. Vor ein paar Monaten vielleicht gaben wir eine Ansprache in der Sprache der Wahrheit, o du, der den Hijaz regiert, du, der sich selbst Königliche Majestät nennt und sich als solche ansprechen läßt! Wir sagten dir, jeden Morgen Salawat auf den heiligen Propheten (saws) zu lesen. Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar. Du solltest beim Morgengebet den heiligen Propheten (saws) preisen durch das Rezitieren des Salawat auf ihn vor dem Palast. Wir haben schon ein Sohbat diesbezüglich gegeben. Niemand hört. Jetzt

zittern sie. Ihre Paläste zerfallen. Sollen sie sich fürchten! Jeden Morgen rezitiert Gebete und Segnungen auf den heiligen Propheten, `alayhi s-Salatu wa s-Salam, Preis und Ruhm seien für Allah den Allmächtigen. Preist ihn, und ihr werdet gerettet werden. Wenn nicht, werden die Fluten ganz Arabien hinwegtragen, das ganze. Es gibt kein Scherzen mit Ihm dort oben. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Hasbun Allah wa Ni`ma l-Wakil. Rezitiert dies jeden Tag, Muslime Arabiens. Hasbun Allah wa Ni`ma l-Wakil. Hasbun Allah wa Ni`ma l-Wakil. Ni`ma l-Mawla wa Ni`ma n-Nasir, Ghufranaka Rabbana wa ilayka l-Masir. Lehrt diese Worte und habt keine Furcht. Sonst wird das Wasser euch hinwegtragen. Es achtet keine Könige, keine Emire, keine Herrscher. Tawba ya Rabbi, Tawba Astaghfirullah. Du bist Subhan, o Herr, und wir sind Deine machtlosen Sklaven. O Shah Mardan, sende uns diejenigen, die diese Schritte unternehmen und an deinen Maßnahmen festhalten. Al-Fatiha.

## Um was wir Allah bitten sollen

Dies ist der höchst angesehene Naqshbandi-Orden, und sein Hauptpfeiler ist sohbet, die Versammlung mit dem Sheikh. Wir fragen, und sie geben, wenn man nicht fragt, erhält man nichts. Allah der Allmächtige sagt: „Bitte, Ich werde geben! Frag'!“ Als erstes mußt du wissen, um was du bittest.

Sei nicht wie jener Mensch, der durch den Willen Allahs des Allmächtigen zu einem großen, einem mächtigen Sultan gesandt wurde. Und diese Person überbrachte dem Sultan etwas, und der Sultan war darüber so glücklich mit ihm, daß er sagte: „Ich bin zufrieden mit dir, bitte mich um etwas! Was möchtest du? Ich werde es dir gewähren.“ Und der Mann dachte nach: „Worum könnte ich ihn bitten? – Mein Esel hat kein Stroh... Ich werde ihn bitten: ‚O Sultan, gib mir einen großen Sack Stroh.‘“ Oh, was für ein Kluger! Versteht ihr die Dummheit dieser Person? Solch ein großer Sultan, der sagt: „Bitte mich, um was möchtest du bitten? Sofort werde ich es dir geben!“, und der Mann denkt: „Oh, um was könnte ich bitten? – Mein Esel ist sehr hungrig, also frage ich ihn nach einem großen Sack Stroh...“ Und er sagt: „O mein Sultan, gib mir einen großen Sack Stroh!“ Der Sultan denkt: „Was ist das für eine Person – ein Verrückter? Ein Wahnsinniger? Hat er keinen Verstand? – Gebt ihm – er fragt nach einem –, gebt ihm zehn große Sack Stroh.“ Der Herr der Himmel, Allah der Allmächtige, schaut danach, um was ihr Ihn bittet. Und meistens bitten die Leute um solch einen Unsinn. Aus der ganzen Welt kommen Leute zu mir und sagen: „Bitte für mich, morgen haben wir eine Prüfung, bete für mich, daß ich sie schaffe.“ Oder: „Ich stehe vor meiner Graduierung, bitte, bete für mich, daß ich

graduiert werde.“ Versteht ihr? Und so kommen jeden Tag viele Leute und bitten mich: „O Sheikh, bete für meinen Laden, niemand kommt in meinen Laden.“ Ein anderer kommt und sagt: „O mein Sheikh, bitte beim Allmächtigen Gott für mich um ein bißchen mehr Geld.“ Und dann kommt wieder einer und sagt: „Schau für mich nach einem guten Job, ich finde keinen Job.“ Jeden Tag kommt Sheikh Mustafa und bittet mich: „Sheikh, bete für mich, vierbeinig zu sein.“ – „Vier Beine haben“ bedeutet heiraten. Vom frühen Morgen bis zum Schlafengehen fragen sie mich und sagen: „Eine Heirat für mich...“ Wo ist Mustafa? Er schläft? So viele Leute kommen und bitten, daß ich für sie um dies und das bitte; all das ist Unsinn. Niemand kommt und sagt: „O Sheikh, bitte mach ein Bittgebet für mich, daß ich in der Göttlichen Gegenwart ein akzeptierter Diener bin. Niemand kommt und sagt, ein akzeptierter Diener in der Göttlichen Gegenwart unseres Herrn sein zu wollen. „Hallo, Sheikh, bitte bete für mich, denn wir haben Wahlen!! So setze auch ich meinen Namen darunter, damit die Herzen der Menschen erwachen und ich ihre Stimme bin und sie mich unterstützen, o Sheikh.“ Ja. Und niemand kommt und sagt: „O Sheikh, bitte für mich, dichter bei Allah des Allmächtigen geliebtem Diener Sayyidina Muhammad (s.a.s.) zu sein, sein Nachbar im Paradies zu sein.“ Niemand kommt und fragt und sagt: „O mein Meister, bete für mich, daß ich näher bei Allah dem Allmächtigen bin.“ Was du also fragst, mußt du fragen, aber du mußt wissen, nach was du fragst. Du mußt wissen, um was du bittest, und du mußt wissen, von wem du erbittest. Wenn du in ein Dorf gehst, magst du dort nach Stroh fragen. Aber es ist falsch für dich, wenn du den Palast des Sultans erreicht hast, daß du ihn um Stroh bittest. Wenn ihr euren Verstand benutzt, wird euer Verstand euch zeigen. Das ist wahr. Wenn ihr durch euer Herz fragt, in euerem Herzen fragt, wird es euch tadeln und sagt vielleicht: „Ich schäme mich vor dem Herrn der Himmel, daß ihr nach etwas ohne Wert fragt.“ O Leute, ihr müßt Bescheid wissen über dieses Leben auf diesem Planeten und müßt versuchen, das nächste Leben in der Ewigkeit kennenzulernen. Endlos ewig. Deswegen läßt Er Seine Diener um die Ewigkeit bitten. Selbst wenn es ein Wort aus eurer Sprache ist – es ist so süß: Ewigkeit! Ich mag es. Samadhi, Endlosigkeit, Ewigkeit, bittet Allah den Allmächtigen um Ewigkeit, niemals endende, niemals endende Günste von Allah dem Allmächtigen! Warum bittest du nicht darum? Du bittest um etwas, das weniger, weniger wert ist als Stroh. Deswegen bin ich manchmal beschämt, um einer Person Wunsch willen eine Fatiha zu beten, und ich sage: „O mein Herr, ich rezitiere seinetwegen Fatiha um das, was er bittet, und ich bitte Dich, daß allen aus der Gemeinschaft Deines Geliebten durch diese Fatiha gewährt wird, was sie zu erreichen bitten.“ Ich mag auch nicht eine Fatiha anhalten oder nur für eine Person lesen. Nein. Dann wäre es wie bei jemandem, der darum bittet zu jagen und ein Gewehr trägt und eine Fliege findet und sagt: „Ich muß sie schießen.“ Aber auf was schießt ihr? Nichts als eine Fliege! Ja, Tadel für euch. Tadel

für die, die auf eine Fliege schießen und danach schauen, wo die Fliege geblieben ist. Entweder sie fliegt weg oder – Ende. Ja. Ihr macht dieses ve rgängliche Leben zum Ziel und bittet darum, jenes zu erreichen, und schießt, ohne es zu erreichen, denn es fliegt weg oder wird vernichtet – finished. Bis ihr euer wahres Ziel vor Allah dem Allmächtigen erreicht habt, werdet ihr alt sein, Nimruds Türme werden euch gewährt worden sein, Hunderte Häuser, Hunderte Läden, Hunderte Geschäfte, Hunderte Gesellschaften, aber am Ende wird das, worauf du geschossen hast, verschwinden. Im letzten Augenblick deines Lebens wirst du laufen, um nachzuschauen, was du geschossen hast, und sagen: „Mein Schuß war so kraftvoll, daß das Ziel geradewegs zunichte wurde!“ Und näher besehen: Was? Entweder ist es davongeflogen oder geht dahin, keine Spur bleibt zurück. Deshalb ist es wichtig für einen jeden, Allah den Allmächtigen darum zu bitten, daß Er diese Sache für euch bewahrt. Er gewährt euch, weil ihr Ihn zufrieden mit euch macht. Wenn Er zufrieden mit euch ist, so spricht Er: „O Mein Diener, alles für dich.“ Warum versucht ihr nicht, Allah den Alllmächtigen mit euch zufrieden zu machen! Versucht, Ihn zufrieden mit euch zu machen, und Er wird euch in allem glücklich machen! Er wird mit euch zufrieden sein. Allah allah, allah allah, allah allah, ‘aziz allah Allah allah, allah allah, allah allah, karim allah Allah allah, allah allah, allah allah, subhan allah Allah allah, allah allah, allah allah, sultan allah! Al-Fatiha.

BookArmageddon

**Und die Sonne bewegt sich ihrer Ruhestatt zu**

Bismillahi-Rahmani-Rahim

Alles bewegt sich seinem letzten Ziel zu. Für jedes Ding gibt es einen letzten Punkt, wenn es diesen erreicht hat, hält es an oder es endet oder verschwindet. Bismillahi-Rahmani-Rahim: „ Wa sch- schamsu tajrî li mustaqarran laha“(Und die Sonne bewegt sich ihrer Ruhestatt zu).(1) Allah der Allmächtige teilt seinen Dienern mit: : „ Wa sch-schamsu tajrî li mustaqarran laha“: die Sonne, die einer der wichtigsten Faktoren für das Leben auf der Erde ist und ohne die es kein Leben auf der Erde gäbe, über sie sagt Allah der Allmächtige: die Sonne bewegt sich auf ihre letzte Station, ihren Endpunkt zu. Sie nähert sich, Tag für Tag, Monat für Monat, Jahr für Jahr, Jahrhundert für Jahrhundert, Jahrtausend für Jahrtausend, ihrer letzten Station. Wenn sie diesen Punkt erreicht hat, wird sie entweder anhalten oder verschwinden oder aus der Existenz hinweggenommen werden. Ende! Und ich schaue auf mich selbst und schaue euch alle an und sehe, daß ich und ihr alle uns Tag für Tag dem nähern, was einem jeden bestimmt ist seine letzte Station zu sein. Ja, ich dachte, daß vor mir Jahre liegen, so viele Jahre noch und nun habe ich das achtzigste Lebensjahr erreicht und ich bitte um eine weitere Station, vielleicht wird es mir gewährt, dann sind es neunzig Jahre, doch der Tag wird kommen, an dem ich nicht mehr ein werde. Und ich sehe euch hier, lauter junge Leute, die ihr alle hofft, weiter zu leben vielleicht bis ihr achtzig oder neunzig oder gar hundert seid. Doch wir werden alle diesen Punkt erreichen, diese Grenze, die einem jeden von uns bestimmt ist. Diese Grenze ist unausweichlich. Deshalb dieser Hinweis, diese Information über die Sonne. Allah allein weiß, wie viele Milliarden von Jahren die Sonne aufgeht und untergeht, aufgeht und untergeht, aufgeht und untergeht . . . .

Doch gleichzeitig bewegt sie sich (innerhalb des Universums) selbst. Sie geht an keinem Tage am gleichen Punkt auf und am gleichen Punkt unter wie am vorherigen. Allah ist rabbul-maschâriqi wa l- maghârib(2), und Er sagt: „rabbul-maschriqaini wa rabbul- maghribain“(3) . Er ist „rabbul-maschriqi wa l-maghrib“(4)

und „rabbul-maschriqaini wa rabbul- maghribain“ und “rabbul-maschâriqi wa l- maghârib”. Jeden Tag geht die Sonne von dem ihr bestimmten Platz auf und geht an dem ihr bestimmten Orte unter. Das ist es worüber Allah der Allmächtige mit den Worten rabbul-maschriqi wa l-maghrib (Herr des Ostens und des Westens) spricht. Er ist es, der diese Ordnung festgelegt hat. Die Sonne geht nicht von selber auf oder unter, ihr Schöpfer bestimmt ihr jeden Tag einen Punkt, von dem sie aufgeht und einen Punkt, an dem sie untergeht. Und rabbul-maschriqaini wa rabbul- maghribain (Herr der beiden Osten und Herr der beiden Westen) deutet auf die beiden am weitesten voneinander entfernten Punkte des Sonnenauf- und Sonnenunterganges im Sommer und im Winter hin. Rabbul-maschâriqi wa l- maghârib (Herr der Osten und der Westen) weist darauf hin, daß die Sonne, weil sie sich selbst innerhalb des Universums bewegt, jeden Tag von einem anderen Ort her aufgeht, von einem anderen Aufgangspunkt innerhalb des Universums. Sie geht auf und wieder unter. Am nächsten Tag geht sie von einem anderen Ort im Universum auf und wieder unter. Die Sonne bewegt sich und erfüllt die ihr bestimmte Aufgabe mit absoluter Zuverlässigkeit und Pünktlichkeit. Sie ist niemals auch nur eine Sekunde zu früh oder zu spät und sie bewegt sich dabei auf ihren Endpunkt zu bis sie diesen erreicht.

„Subhâna man dawwarik! Subhâna man nawwarik! Subhâna man sawwarik! Subhâna man idhâ scha’ a kawwarik!“ (Lobpreis sei Dem, der dich kreisen läßt! Lobpreis sei Dem, der dich erhellt! Lobpreis sei Dem, der dir (deine) Form verliehen hat! Lobpreis sei Dem, der wenn Er will, dich zusammenwickelt!) Dies sagte der Prophet – Allah segne ihn und schenke ihm Frieden – als er den Sonnenaufgang betrachtete, das Sonnen-Licht, so wunderbar und großartig: „Nur Allah kann dir solch vollkommene Form verliehen haben, du bist so vollkommen in deiner Gestalt, rund, ohne Unregelmäßigkeit, so wunderschön, Lobpreis sei Dem, der dir diese Form verliehen hat! Ein solches Licht, du bist einzigartig und großartig am Firmament und Er ist der Einzige, der, wenn Er will, dich zusammenrollt und einwickelt und Finsternis umfasst alles und es ist zuende.“ Die Sonne ist am Ende! Wie Allah sagt: „Idhâ asch-Schamsu kuwwirat . . .“(5) (Wenn die Sonne zusammengewickelt wird . . .) , die Sonne wird verschwunden sein, es wird keinen Sonnenaufgang mehr geben, sie wird nicht mehr existieren. Dies gilt für jedes Ding, alles wird seinen letzten Punkt erreichen und aus der Existenz verschwinden. Woher es gekommen ist, dorthin kehrt es zurück.

„Innâ lillahi wa innâ ilaihi raji´ûn“(6) (Wahrlich gehören wir Allah und wahrlich kehren wir zu Ihm zurück)! Das bedeutet jedoch nicht, daß wir von Allah kommen in dem Sinne, daß wir aus Seiner Essenz kommen,

sondern wir erscheinen aus Allahs des Allmächtigen endlosem Ozean der Macht (bahru l-qudrat),wir tauchen auf und tauchen wieder unter in diesem Ozean der Macht. Es gibt eine Art von Fischen, die ich in während meiner Reisen in Amerika gesehen habe, wunderschöne Fische, Lachse, die aus dem Wasser springen und wieder eintauchen, auftauchen und wieder verschwinden. Und alles in der Existenz erscheint, taucht auf und taucht wieder unter, verschwindet. Und was jemand in dieser sehr kurzen Zeit seines Auftauchens, seines Erscheinens in dieser Welt, ergreifen oder erreichen kann, das nimmt er mit und taucht wieder unter. So daß der, der wieder eintaucht nicht mehr der Gleiche ist, der aufgetaucht ist, er ist ein anderer. Und ist es mit uns allen: Innâ lillahi wa innâ ilaihi raji´ûn . Wir tauchen auf aus dem Ozean der Macht und was uns bestimmt ist, mitzunehmen, das nehmen wir und tauchen wieder unter und sind verschwunden. So verändert sich alles, was auf der Erde ist nicht nur täglich oder wöchentlich sondern stündlich, jede Sekunde, innerhalb jedes kleinstmöglichen Zeitraumes. Das ist `Adhâmatu l –Haqq, die Größe Allahs des Allmächtigen, die der Verstand niemals erfassen kann. Der ´abd, der Diener, kann nur sagen: Allahu Akbar!

Möge Allah uns etwas Verständnis geben über das wahre Wesen unseres Herrn, so daß wir, wenn wir den letzten Punkt erreichen etwas mitnehmen und dann für immer verschwinden wie ein Taucher in den Meeren der Vorewigkeit und Ewigkeit.

Möge Allah mir verzeihen und euch segnen,

bi-hurmatil Habîb bi-hurmati l-Fâtiha

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands.) La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah, Sayyidina Muhammad Rasoolullah `alayhis-salaatu wa taammat tasleem, yaa Rabbana, yaa Rabighfir wa'r-hamna wa anta khayru'r-Rahimeen. (Mawlana Shaykh sits.)

As-salaamu ` alaykum, yaa ` ibaadallah, as-salaamu ` alaykum yaa Sultanu 'l-Awliyaa, our protector, our guide. A` oodhu billahi min ash-Shaytaani'r-rajeem, Bismillahi'r-Rahmaani'r-Raheem. La hawla wa la quwatta illa billahi 'l-` Aleeyyu 'l-` Adheem.

O Salafi `ulama, Allah Almighty (jallah jalaalahu), our Creator is saying, wa li kulli qawmin haad, "And to every people, a guide." (13:7) May Allah (swt) grant an understanding to His holy servants on this planet. The main specialty of Man is understanding. Understanding is granted only to Man, not to animals. Therefore, Man is on the highest level among creatures in this world. Who does not understand, his level will be on the level of animals. Therefore, the Seal of Prophets (s) said, Utlub al ` ilm min al-mahdi ila al-lahd, "Seek knowledge from the cradle to the grave." (Muslim)

O Salafi `ulamas! Are you understanding Arabic? Must be. Very good, I am happy that you are understanding Arabic. The Seal of Prophets (s) was urging his nation for understanding the Lord's most honored and

glorified deputy Sayyidina Muhammad (s). (Mawlana Shaykh stands.) You must stand up to give your high respect to him! If you are not giving high respect for his honor, your honor is coming down, and the light of imaan (faith) is taken from your face. (Mawlana Shaykh sits.) If you are looking at a person and his face is shining, you must understand that that person is an understanding one, and therefore, a lightening is granted to his face. There is a line or level separating men and animals. People who are understanding are above that level and those who are not understanding, their situation is under the level of animals.

When coming here morning, and the Lord of Heavens is ordering to His most beloved servant, ta` allamoo, "Try to learn," because learning opens the treasures of understanding. You can't reach those treasures if you are not learning and you can't bring a limit for the treasures of understanding; that is the honor of Mankind. As much as Man is running to understand, an honor, power and lightenings are granted to him, subhaanAllah! There is nothing like understanding through the way of learning. He who learns, understands.

O Salafi `ulama! Are you understanding what the Holy Qur'an is saying? "A little bit (we are understanding)." You are not understanding! If the Seal of Prophets (s) didn't come, you would not understand. And some no-mind, foolish and stupid people are saying that the Seal of Prophet (s) just gave people what they were in need of. What had he been granted? He was granted the Holy Qur'an. Some foolish, no-mind and stupid ones are saying that the Seal of Prophets (s) gave what he has been granted from Holy Qur'an, (and when) that finished he went away, so now we are not in need of his prophecy; we may follow for understanding from the holy book that he brought us from Allah Almighty. So many slaves and followers of Shaytan are saying, "Now we can understand." How can you understand?!

The Seal of Prophets (s) was given knowledge over 23 years, a knowledge that gave understanding. Allah (swt) granted him the Holy Qur'an, but He granted 23 years to His most honored, glorified and beloved one, for understanding it. Why was He keeping the Seal of Prophets (s) for 23 years? (He could have) sent the Holy Qur'an in one second and no need even to keep the Seal of Prophets (s)! Without the Seal of Prophets (s), He could send His book through the angels to a prepared place, saying, "This is the Lord's last message. Look in it and understand!" It would be so easy to do that, but He didn't. He was sending His last message from heavens to the people, to the servants, to understand.

Even if you are eating three times, that is the level of animals; once is enough, from Jumu`ah to Jumu`ah for

some angels, and He may send once. His last message, putting, "kursi" on a prepared rock, and people may come and look, and (it) goes away. So many foolish and heedless ones from Muslim countries, claiming to be doctors, are saying, "We can understand and we are not in need (of the one) who was granted the Holy Qur'an. He passed away, finished. We, ourselves, can do what he was doing and saying." Allah Allah, Allah Allah, tawbah yaa Rabbee, tawbah yaa Rabbee! For a person to understand the Holy Qur'an by himself is like a person being granted a heap of food and told, "All this is for you, take and eat." He begins to take, and eats and eats. No time for digesting? How can you eat and not digest? The Holy Qur'an is here (Mawlana Shaykh raises his hands) as an endless heap of knowledge, and you are saying, "We are not in need of anyone to make us understand, or teach us to understand." That is the last point of ignorance! I am hearing so many people and also reading their articles, "There is no need now for the Seal of Prophets (s) for us, adda 'l-amaanah, and now finished."

O Salafi `ulamas! What about Allah Almighty ordering and teaching His real and most beloved and honored deputy, Sayyidina Muhammad (s), (Mawlana Shaykh stands):

••••• •••••• ••••••• •••••••

wa qul rabbee zidni ilmaa,

And say, 'My Lord increase me in knowledge.' (20:114)

And Allah Almighty is saying:

••••• ••••••••• •••• ••••••••• •••••• ••••••••

wa ma uteetum min al-ilmi illaa qaleela,

And of knowledge it is only a little that is communicated to you (O men). (17:85)

That qaleel is a little bit from heavenly knowledge that you have been granted. Don't think learning from nature is the only knowledge that Man is in need of. What you are learning about nature, this planet and this world, is illa qaleela, so small. Qaleelan is never going to be katheeran, a lot. A person may learn from knowledge as much as possible. Not the knowledge that depends on Positivism, but from real` ilm also. That "little" is never going to be a lot; always it is a little bit. Allah Almighty's divine address is to all naturalist people, saying, waa ma uteetum min al-` ilmi illa qaleela. They are making a searching daily and the search is never-ending. A new one comes after it and another after that, like a person who is trying to reach the end of a horizon, and each time he reaches another horizon appears. That is knowledge! According to our ability or

capacity and our mind's productions, it is small. The Lord of Heavens made that for digesting. Each time new ones, each time you may digest, and your capacity is not enough. A person's provision may be a hundred tons for his whole life. If you put it all in front of him to eat, he can't, but day-by-day, gradually, his provision is going to finish. When it is finishing he is glorifying That One (Allah)!

The knowledge that Man is granted is according to his ability, capacity and understanding level. Understanding gives people an honor. As much as you (want to) understand, your understanding for the Creator of Worlds will be endless, from pre-Eternal up to Eternal. Knowledge is not giving Man a light, but understanding is. That is a heavenly grant. Any time you are understanding, you are granted a kind of lights and your understanding is opening. Therefore, the Prophet (s) said,

•••••• ••••• •• ••••• ••• •••••

utlub al-` ilm min al-mahdi ila al-lahad, (seek knowledge from the cradle to the grave).

(It means:) "Try to increase your understanding." Don't ask for a long life for eating and drinking and fulfilling your animal wishes, but ask a long life to reach higher and higher understanding, and to reach through every level of understanding. Then huge oceans of Unknown Territories and majestic dominions are appearing for the Lord, Allah. Where are we? We understand nothing! People are not understanding and only asking to keep something through their mind-productions and that can never give anything! But the Lord of Heavens gave the Holy Qur'an for understanding; never-ending knowledge and understandings are in it.

Who is that One who may teach you what you are asking to learn and understand? It is that real deputy of Allah (swt). Allah Almighty is One and His Absolute Deputy is only one; can't be more than one!

•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• •••••••••

Wa idh qaala rabbuka lil-mala`ikati innee ja` ilun fi 'l-ardi khaleefah.
Behold, thy Lord said to the angels, "I will create a vicegerent on Earth." (2:30)

.

He is not saying khulafaa', "only one." Also, nakra, in Arabic, "endlessly." If you are going to give an understanding on that word without t`aarif, a definition, innee ja`ilun fi'l-ardi and not say khaleefah. These two words (khaleefah, khulafaa') are giving a description; giving endless deputies if putting alif, lam. If saying only khaleefah, it is signing (indicating) one for Himself, who had been ordered and prepared from pre-Eternal to Eternal to be khaleefah on behalf of the Creator. He and not anyone else is doing what is going to

be done for Creation. And Allah Almighty is saying, kuntu kanzan makhfiyyan, ("I was a Hidden Treasure.) I am in My Divine Unknown-ness; no one can know My position." kanz makhfee, means a secret that no one can know.

Therefore, one deputy is enough for the whole of Creation, Sayyidina Muhammad! (Mawlana Shaykh stands.) Only one deputy in that level. (Mawlana Shaykh sits.) Allah Allah, Allah Allah, SubhaanAllah, SubhaanAllah, Sultan Allah. And Shaytan was thinking to be that one. What is Shaytan's understanding? Through an endless ocean, it is a small spot! And he was thinking, "I can be that khaleefah." When he is looking that this has been granted, he is never understanding that Allah Almighty's khitaab, addressing, was from pre-Eternal to Eternal. It is not something that you are reading and learning and getting to that point. It is `ata' min Allah, a divinely grant from pre-Eternal to Eternal, without a beginning or end. Therefore, we must try to understand.

O Salafi `ulamas! You must try to stop some no-mind people who are saying, "We are reaching every meaning through the Holy Qur'an and we not are in need of that one who was granted directly from the Divine Presence." You are understanding nothing! Therefore, you must try to correct your wrong claiming . Zu'm is something else, zu'm`aamaq (a deep ocean). If you are not knowing how to swim in it, you may sink down and never appear again.

May Allah forgives us!

Allah Allah, Allah Allah, SubhaanAllah.

Don't say, "We are not in need of any one now, we can understand." You cannot understand! Allah Almighty is saying to his most beloved one, wa qul rabbee zidnee `ilma. It is kalaalmu 'l-qadeem, the Holy Qur'an is from pre-Eternal up to Eternal, and Allah Almighty is saying, "O My beloved one, say, 'Rabbee zidnee `ilma'." Is it for himself, Sayyidina Muhammad, or to grant to Allah Almighty's servants? Yes, there are some people (granted that); common creatures cannot carry. It is only for himself, but from that, he has been ordered to grant to his nation what they may need to understand their Lord's greatness and glory!

O People! Think on it. May Allah forgives us.

## Understanding Ahsani taqweem, Perfect Creation

(DerMenschIstDasBesteModell, Deutsch)

As-salaamu `alaykum. Madad yaa RijaalAllah (Mawlana stands.) La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Sayyidina Muhammad habeebuhu wa rasooluh (saw). Madad yaa RijaalAllah. And we are giving our salute to our Grandshaykh (q), who is in charge for arranging everything on this world now. May Allah (sw) grant him much more glory and power and honor, which comes through the Seal of Prophets (pbuh). (Mawlana Shaykh sits.)

As-salaamu `alaykum! O our listeners, take care for being or to be present in this association. Don't look who is speaking, but look at who is making that one to address to all people. If you are thinking that it is wrong, you must look to yourself; something wrong must be with you. Here there is a mirror. If you are looking it and (looks in mirror) if making like this (sour face) like this, like ape, if you are looking, "Alhamdulillah, O my Lord, You created me on best model. I am thankful to You that You have created me!" Ahsani taqweem, "best fashion" mashaa-Allah, if we were created our mouths from here up to here, our nose from here up to here, our eyes like that and looking like this. He may create in a ugly model also. But He is saying:
•••••• ••••••••• •••••••••••• ••• •••••••• •••••••••
We created man on the best of forms. (95:4)

O Man! I created, on ahsani taqweem, no one can think better than your model.

May say, "O Shaykh, you may say this, because people now are running too much. I am suggesting that the 21st century people are so running (busy), that two legs is not enough for them! Therefore, I am suggesting the Creator gives four legs to the people living in the 21st century!"

How it can be, O Salafi `ulamas? What is your opinion of ahsani taqweem? Can you think of a better model than what the Lord of Heavens created for ourselves? Man has been granted some qualities that it is suitable just for them. Every organ of Man is the best model and most suitable everything in our bodies. What are you saying, O Salafi `ulamas? What do you think? Do you think that the Lord of Heavens created Man and giving beard to men to be handsome or to make them ugly? What is your opinion of that point? Hah, you are saying that is okay for men to have beards? What about for those people whom they are playing with their beards, shaving from here up to here and making such a strange model?

O Salafi ulamas, you Salafi ulamas, they are playing, or they are keeping a model in front of them and saying to the barber, “You must take from here up to here." What is that foolishness and encouragement from you? To all people who are making `amar bi 'l-ma`roof, wa 'n-nahi `ani 'l-munkar, why you are not saying, "Leave it, it is haraam." At least you must remind them, because you have been chosen for reminding people when they are making something wrong, to correct it. "Command righteousness and prevent what is forbidden." All Saudi country people, very few ones they are keeping their original beard; they are playing and following fashion and there is no fashion in Islam! You are following Holy Qur’an? You are understanding when it says:
•••••• ••••• •••••• ••• ••••••• ••••••• •••••••• ••••••••
laqad kaana lakum fee Rasoolullahi uswatan hasanaat
Ye have indeed in the Messenger of Allah a beautiful pattern (of conduct) (33:21)

And in Prophet is your good example." Why are you not reminding people?

Allah (swt) is saying " I created Man with complete beard. Why are they playing with their beards? Do you think I created your model wrong way, and I am Ahsanul Khaliqeen, "the Best Creator"? Everything I am doing is just 100% perfect." Why you are not saying? You are not looking?"
“Yes we are looking and saying, a little bit from here also and make like this. And our ladies are not happy

because our moustache are like needles on their faces. Barber make like this, make very, very soft."

We are speaking on the roots of Shari'ah and you are responsible! Allah (swt) make ahsani taqweem! Why you are playing with your beards? Leave those people that are playing with their beards and moustaches! They are regretting, saying, “Why our faces not made like ladies faces?” You are on lowest level, Allah (swt) created Man and He created Man as men! His creation is a special model for man and a special model for ladies. Ladies trying to be like men, and men trying to be like women. That is haraam, why not saying? You never looking to mirror? "I bought a mirror, but it is cheap." Doesn't matter, you may buy an expensive one. I heard that some rich ladies are making private rooms and their homes all around is covered with mirrors, because they are coming and looking like this, (Mawlana stands, preening) looking because how she is here or there, with so many mirrors making her big or small!

So many people, and their man coming looking and saying, "What is this? Bringing such a mirrors making me like a bull or like a camel? Here, take this."
"What you are saying? I am the commander here! Don't come in when I am here!" (Mawlana Shaykh sits.)

No one, men or women, no one now going to be happy with their forms that their Former giving to them. "O Shaykh! You are not knowing that so many ladies making their noses to be like nose of falcon. We must make our noses a little bit to be like that because European ladies' noses are very beautiful. We must go to make that operation, plastic surgery. And if it is going to be more ugly, they may use a plastic nose, putting there, and it is so beautiful!"

O People, I am not making theater here. I have been ordered to remind you what is Right Way and what is wrong. I am shouting because Salafi ulamas they are always attacking, “Why making dhikr, why making salawaat, why making tawbah, why keeping tasbeeh?” Their importance is only that, nothing else that is important. And they are looking, seeing thousands and thousands of young men and women fighting the Creator (asking), "Why did You create me like this? I am too short one.” (Points to someone.) Look, that one is like a camel. (Laughter)

O People! Don't fight. Don't fight against your Creator. Huwa, He is the Creator and creating everyone in a different model. You can't find two people to be the same. Allah Allmighty is saying to His beloved one, wa dhakkir, remind, "O My beloved one, declare My heavenly order to My servants that they must keep on the Right Way. What I am giving to them, they must be thankful, alhamdulillah. They are not created as a donkey, not created as cows, not

created as a giraffe, not created like a fox, and not created like pigs." It is very important. Are you understanding? From where do we come here? We say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. O our Lord, protect us not to harm Your creatures.

I am ashaming that whole creatures they are trying to change their lookings, their models and saying, "This model we don't like, we must be like this," and Allah Almighty is reminding people, wala yughayarunna khalqa Allah. Sometimes I am speaking Arabic from the Holy Qur'an:

•••••••••••••••• •••••• ••••••

fa layughayyiroon khalq Allah.

They will change Allah's Creation. (4:119)

Shaytan was swearing that, "Oh, I have been sent away. I am thrown away from Mankind, but I will try to do everything as I can do to take them away from keeping the holy orders of their Lord." Heh? Why are you not saying this ayatul kareemah that Shaytan is swearing that, "I am running after them to make them against every order that You are ordering to them."

You created Man with beards, and through heavenly knowledge that reaching to holy ones just I heard that there is a level on heavens, a level there, there is angels and they are in tasbeehaat, glorification, that is to say, "yusabihoollah illee zayana arrijal bi 'l-laha wa 'n-nisaa bi 'sh-sha`r," Allah Almighty is giving Mankind, men and women, a beauty through their beards, and angels are so happy that Allah Almighty granted those deputies to be their outlooking in perfection. yusabihoollah illee zayana arrijal bi 'l-laha wa 'n-nisaa bi 'sh-sha`r."

Man, if no beard, no mustache, how ugly their face will be. And women, if they have beards, how ugly they will be. But Allah Almighty is granting men, and they are goodlooking, perfect appearance with their layha, with their beards. And angels saying tasbeeh on it, and another group of angels saying, "Allah praising who decorates men with beards and women with hair." Jiwarib, these long hairs. And angels making tasbeeh on that man. Allah Almighty making men to look so handsome with their beard, and giving a beauty for women with their hairs. Why are you not reminding them? Allah will ask you. Your importance is only for Jumu`ah salaat, saying, "Why are they making tasbeeh? Why are they making as-salaatu salaam after adhan? How are they doing this and that?" I am reminding also that you must correct your ways. You must teach people what the Holy Prophet (s) was saying. The best model through whole Creation just granted to Man and the most perfection is for men with their beards and for women with their hairs.

O People! May Allah forgive us, forgive us. The time is coming shorter and the Day of Resurrection is approaching. Today we are living, tomorrow or after

tomorrow or after a year or after years we are leaving this life and going to the Divine Presence. Beware of Shaytan and beware of shaytanic ideas.

Now whole people are living, and men trying to look like women, and women trying to be or to look as a man. That is wrong. Man is man and woman is woman. And their creation, their models are the best models that no one can suggest that if men now are so busy, they can't reach with two legs, must reach with four legs. You will be like a donkey. What is that? But a no-mind person says, “I am suggesting to 21st century people that they are saying their creation is not enough with two legs, they will have four legs. And they are asking to use two hands but it is not enough for them, must be at least three hands. For example, three phone calls coming and they are making like this (holds up to ears). And two ears are not enough, must be three ears to hear. I am suggesting." And another saying, "I think that one mouth is not enough because people are trying to eat too much, as much as possible, so I am suggesting to 21st century people to have two mouths." And I am ashamed to say how much for other organs they are asking, some organs they like to have forty.

Salafi 'ulama, am I wrong? If so, say I'm wrong. If true, say I'm true, and follow true ones. Say who is true ones in our day that you are following! Show me a true one and I will follow that one. No, you can't say.

May Allah forgives us. So wrong things people fighting are with their Creator. No one is going to be happy with what their Lord just granted to them. Always they are complaining but not thanking, and Allah Almighty never likes His servant to make a complaining. The Lord of Heavens asks that His servants always be thankful, to give thanks to their Creator. If he is are given one piece of sugar he says, "Thank you, Shaykh." For Allah Almighty, if you are going to add for thanks:

••••• •••••••••• •••••••• •••••• ••• ••••••••••

wa in ta`uddoo ni`matallah laa tuhsoohaa.

But if ye count the favours of Allah, never will ye be able to number them. (14:34)

No competing for other competitor. Who is saying, "Yaa Rabbee laka 'l-hamd wa 'sh-shukr." Day and night, no one is saying, but if you are giving one bonbon, he is saying, "Thank you sir, thank you sir." Very fashionable ladies are always saying, “Thank you, thank you, thank you.” And for every occasion, one man may say, “Thank you” to each other but I am not hearing people say, “Oh, thanks our Lord, thanks to You. Millions, billions thanks to You, O our Lord.” People are making millions and billions of dollars but not saying, "Thanks to You, O our Lord." They are saying to each other millions of time, “Thank you, thank you, thank you," and "I was thinking of smoking, but my packet just finished, and you reached to me, thank you, O thank you my brother.”

O Salafi 'ulamas, I was knowing my English when I was younger, but now I am forgetting; for one word I am using ten words. But you are understanding so slowly saying, "What did you, O Shaykh?" I am saying if a person has a donkey, you are saying, "How giving rest to his donkey? What is a donkey?"

"It is donkey, us."

"Us?"

"Yes, us, small donkey. Donkey like you, big donkey!"

May Allah forgives us. Anyone sleeping? No one is sleeping. If sleeping when you are listening, I will pray against you not to sleep tonight, all night!

May Allah forgives us, `afwak, forgive us, O our Lord.

Allah Allah, Allah Allah, Allah Allah, SubhaanAllah.

Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.

Forgive us, O our Lord, and bless us. I am smelling the blessings coming here, therefore, I am saying...

Dome dome dome dome

Dome dome dome dome

Dome dome dome dome

Dome dome dome dome

Dome dome dome dome

Fatihah.

(47 minutes) Enough, nust be, I am adding "dome dome" also!

## Under The Banner

. . . Aziz Allah. Allah Allah Karim Allah. Allah Allah Lateef Allah. As-Salam alaikum ayyuhal hadirun. Dastur Ya Rijal Allah. "The time has become the end of times and what appear are its signs". They said like this how many years ago. When the evil forces who dethroned the Sultans made everywhere upside down, the wise ones said like this: "The time has become the end of times and what appear are its signs". It means we have reached the end of times and everything that appears are the signs of the Day of Judgement coming closer.

As-Salamu alaikum O believers. May Allah Almighty dress on us also the thawb of iman, the dress of faith. May He (swt) dress on us the honourable dress of Islam. May Allah Almighty dress on us the dress of servanthood for the honour of His Beloved. May our Lord dress on us the dress of health and wellness so that we make service, servanthood for our Lord as much as we can. What we want is this. We don't want anything from dunya. What we want from dunya is that Allah Almighty may dress on us the dress of health and wellness for the honour of His Beloved so that we don't get crushed, troubled, pressed. So that we won't be hopeless. "La Taqnatu Mir Rahmati Llahi"(39:53) says Allah Almighty, Despair not of the Mercy of Allah. O Allah! There is no end or limit to Your Mercies or Dominions. There is no one who knows their beginning or end. O our Lord, dress on us also the dress of servanthood Ya Rabbi. We are incapable of making shukur for this Divine Grant of Yours as we should. We are weak, we are extremely helpless. Forgive our shortcomings our Lord.

We've reached today. Today, that it is the holy day of Jum'a; Sayyidu-l Ayyam. The greatest day among the days: Friday. May it be mubarak. His barakahdescends all the time butevery Friday more of it descends. As-Salamu alaikum O who believe, O Muslims. O our Lord, may this Salam reach us also, that we be in safety. Bismillahi r-Rahmani r-Rahim. Bismillahilladhi la

yadurru ma`a Ismihi shay'unfi l-ardi wa la fi s-sama'i wa Huwa s-Sami`u al-`Alim. Remember the Ism Al-Jalil of Allah and blow it on yourself; you will be in safety, you will know your way. Allah grants us according to our situations. A speck from His Grant can make the creation upside down. The manifestation, power, beauty, magnificent tajallies of one Jum'a do not resemble the other Jum'as. Allah Almighty does not make duplication. Al-Mubdi'. Al-Mubdi' means everything is brand new. Allah Almighty is no copier, hasha! You should know this. Allah Almighty does not copy, He (swt)is not in need of it: Al-Mubdi'. Everything is brand new. Today is a new Jum'a. It is a new day. Al-HamduliLlah. Shukur Allah Almighty that He (swt) made us reach this holy day of Jum'a again. May we reach many more Jum'as, may we reach with the manifestations of the Divine Magnificence.

Acknowledge and respect the day of Jum'a O Arabs! O Muslims! O Muslims, be aware of the honour of this day and also be aware of the reason why it is honoured. That honour is a Divine Grant for the people who appreciate and who show high respect for the day of Jum'a. And today is a day of Jum'a. We ask for the manifestations, the Divine grants of this day of Jum'a for the honour of our Lord's Beloved. May He (swt) give strength to our bodies and dress on us the dress of wellness. May He (swt) dress on us the dress of faith, the dress of honor. Dress on us O Lord! Dress on us O Allah. So that we aren't crushed. The dirty ego wants to follow the dirty shaytan and make us wretched, wants to throw us into wretchedness. May they not get the chance, we are begging you for the honour of Your Beloved and for the honour of Umm Hiram Sultan who is present in this island, who is the Master of this island. We also ask the barakah of Umm Hiram Sultan Hz, that with that barakah I am on my feet, I can speak and address, I am trying to make servanthood for my Lord.
O my holy Umm Hiram Sultan! May you dress on us from the manifestation of this holy Jum'a that we can stand up. Who represents Allah Almighty is HabibuLlah (sas). And who represent him (sas) are the awliyas, the holy ones. May Allah not remove from under their flags. Each one of the Companions (ra) has a flag. They have their flags. Whoever enters under one of their flags he is under heavenly protection. He is under their protective wing. Therefore respect the awliyas. Respect the Companions (ra). They show us favor and protect us. Masha Allah. O our Sultan! The Sultan of our land here is Umm Hiram Sultan. O our Umm Hiram Sultan! May Allah

Almighty make your rank higher in the presence of our Prophet (sas). May your rank be higher and higher and may I see it. May we see it.
Al-mar'u ma'a man ahabb. A person is with who he or she loves. Look at who you love. If you love the awliyas, if you love the Prophets of Allah, if you love who carry their flags, you will be with them on the Day of Judgement. Each awliya has a flag, it is the flag our Prophet (sas) presented them. The 124 000 Sahabas (ra) each has a flag and each one is a different flag. There is none that looks like the other. Each and everyone of them has a flag. Who shelters under one of their flags is in safety in dunya and in akhirah. It was from our old customs that the believers, Muslims who lived on this green island, on this jazeeratu-l khadra, would come from the furthest part of the island to visit Umm Hiram Sultan Hz. There were no cars at that time to travel in an hour. People would travel riding on animals or on foot; some of them would arrive in two days, some in three days, some would arrive in a week. They would put on their beautiful clothes, they would wear their Islamic clothes. That day would be a feast for them.
In the Eid days, they would go to the Sultan for Eid greeting (tabreek). When they went to the Sultan, they would wear their cleanest clothes, whichever they found as the newest ones. They would come on foot or riding on animals or on oxen-carts. There were no cars back then. There were some people who came from a three day distance, some from a five day distance. They would come to our Sultan. Know who your Sultan is! The Sultan of this island is our Umm Hiram Sultan. It is under her name. Her flag is raised here, O holy one! O our Sultan, send us your Heavenly support. We can't speak the words that are worthy of your glory, we don't know such words.
May our tongues open and we can speak. May the people here, all of them are your people, citizens of this land, love Islam and be Man. Man is not animal. Be man. Don't be animal. Man is who respects the elderly, who respects the great ones, who accepts his Lord and praises His Prophet, and who honours his Companions. Such people have Nur in their faces and joy in their bodies, in their hearts. They were not in need of doctors or judges. Who had a difficulty would go with a nadhr and present it to our Sultan. He would either take with him some sadaqa or a gift or he would make a service for the nation of Muhammad, as much as he could. A person who went there ill would return recovered. Who went sad would return happy. Whose faith was weak would return strong. Who had no love and yearning would return filled with love. Our Sultan

was like this.
Allah Allah! Allah Allah, Allah Allah. "Kunu Ma`a s-Sadiqina" (9:119). O My servants! Be with My sadiq servants, be with My true servant. Be with the servants who glorify Me and show Me high respect. This is the right way. What is the right way? They are the ones who will show you the right way. If you follow them it is the right way. If you follow the good ones, you are true. You are good and accepted. Don't follow the bad ones, says Allah Almighty. Don't follow the bad ones. Don't follow the dishonoured ones. Don't follow the unbelievers. Follow My pure servants. "Wa Kunu Ma`a s-Sadiqina". Be with My true servants" 'Ahya'an Wa 'Amwatan" (77:26). Reach them if you find them alive. If you can't, visit the maqams of the holy ones. Say "O our holy Sultan! You have respect in the sight of Allah. You have respect in the sight of the Prophet (sas). We came here as sinners. We came here having done wrong deeds and asking for forgiveness. May you make us to be forgiven. O Sultan, our Umm Hiram Sultan. May you appeal to your Lord on behalf of us, appeal to His Beloved so that the troubles on us may be lifted. So that we leave our bad doings and walk in the way of our Lord. So that we have no troubles left, so that we don't suffer. So that we live in joy and in dignity. The enemies can't do anything to us".
Allah Allah. Here, today is the day of Jum'a. Before, the Maqam of our Umm Hiram Sultan would be full with the coming visitors. They had the spiritual jazbat (attraction),just like magnets attract metals. There is a secret in the magnet, that if you put iron, like a needle, it immediately pulls it. If there is a secret in it, there isno secret in the awliya of Allah? The awliya of Allah, the holy ones He (swt) loves don't have the power to pull you to the way of Allah, to instill in you the love of who are on Allah's Way? What is this? It is not with putting statues. No. Building statues does not make men attracted to a person. But the awliyas whose hearts and love is connected to the HabibuLlah; they can attract you. They attract you and you go to them, you visit them. You kiss their maqam, you cry and beg. The Sultans don't make you return empty-handed.
O Cypriots! You forgot your old customs. Now you built places that are not suitable. Your love for each other turned into enmity. You forgot Allah. You forgot the Jum'a. You forgot the honour your Lord, your Creator granted you. You keep running after shaytan. How can you ever be decent ones? Who can respect you, or love you? If that Sultan was not here, they would make here upside down. But she doesn't allow it. "They are sinners. O Beloved! O Glorious

Prophet! These people belong to me, those who live in this land. I ask for your intercession in your presence" she says. Sultan begs in the presence of our Prophet (sas). May their hearts, their little hearts move a little bit. May they turn, turn to the way of Allah. May they return from the way of shaytan and turn to the way of Allah. Then their every doing advances and they succeed. May they not follow the fashion. May they become Muslims. Who dresses according to the fashion is not considered Muslim. Who keeps the way of Allah and follows the way of awliyas are Muslims, they are the good servants. May Allah not make us be far from under their flags.

O our Lord! In this holy day of Juma, everywhere is upside down. Shaytan is the enemy of mankind, he made people lose their humanity. He made the whole world messed up. Always these unbelievers, the Europeans, have mobilized to kill the people, to crush and finish them, especially to destroy Islam. But they can't destroy Islam. Whoever stood up to destroy Islam was made to fall on his head. He turned into trash, into a carcass. Don't stand against Islam, stand with Islam. O 'ulama of Arabs, O 'umara of Arabs. Be with Islam. Islam will not be with you but you should be with Islam, so that it dresses you with the dress of majesty. So that a foolish, cruel man does not come out and make you upside down. And he can't. But if you lost your way and if all your belief and faith is in weapons and cannons then Allah destroys and finishes you with your weapons and cannons. "Wa Ya'ti Biqawmin akharina". He (swt) will bring another people to correct the world. If you don't learn how to be Man,He (swt) sends a holy onewho will make you become Man. And He (swt) sends a Sultan also who will whip you in the apparent world.

A Sultan is coming who will beat you with falaqa and discipline you if you don't behave. There is no end to the Sultans in the Presence of Allahu Dhul Jalal. His Beloved gives an order and a Sultan shows up from somewhere. He says "Who hears his name may tremble". The ones now are all trash. He (swt) will send such ones. Aeenouna Rijal Allah. Bi FadhliLlah, Aeenouna Rijal Allah. O sincere servants of Allah! Help us! And they help. They can make it upside down in an instant but you don't behave. You didn't keep your adab. You destroyed the tombs of the great ones. You didn't allow the recitation of the Bismillah. He (swt) will finish you. "Yamhu Llahu Ma Yasha'u" (13:39). He (swt) destroys who He wills and keeps who He wills steady. "Yahkumu Ma Yuridu". Allahu Dhul Jalal commands as He wills.

If you misbehave without adab, if you don't accept Allah and don't show respect to the Prophet He sent, He (swt) will whip you several times. Pull yourselves together. Say Bismillahi r-Rahmani

r-Rahimand enter into the Heavenly protection of the Bismillah. There will come no harm on who enters into its protection. No harm. Say Bismillahir-Rahmani r-Rahim and every door opens for you. If you don't say, every door closes to you and you are left where you are. Therefore let us say Bismillahi r-Rahmani r-Rahim. Say the Bismillah at least seven times. Or say the Bismillah 70 times. Or say 100 times, Bismillahi r-Rahmanir-Rahim. Bismillahi r Rahmani r-Rahim. May You protect us O Lord from every evil in dunya and from the torment of fire in akhirah. We are remembering Your Ism Al-Jalal, Bismillahi -Rahmani r-Rahim. Teach these things. If you don't teach, you will get crushed. You will kill each other. You will finish each other. Oppression will reach its highest level, you won't be able to find a solution for it. You will run in the streets like wild animals, you will fight. This is not humanity, nor is this Islam. Islam is upon adab. To beat each other in the streets, to swear at each other, to fill the streets screaming like wild animals; this is not Islam. Let alone Islam, it is not humanity either. Be Man! Be Man! That Allah Almighty found us worthy of the greatest honour: He (swt) created us as Man so that we know Him and make sajda for Him, and call to Him "O our Lord!".
Who doesn't accept the Sultan has no value, he is trash, he is animal to shaytan. Don't be animal to shaytan. Be the servant of Allah. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim opens the eight doors of Paradise. You are in safety in dunya, in the grave and in safety in akhirah also. May the Paradises open their doors for you. O our Lord, tawba Ya Rabbi. May You dress on us the barakah of this Jum'a also. We should understand. We should understand. They are not teaching this. They should teach. We have an announcement for who doesn't teach: Who doesn't teach the Bismillah has three days, or three months, or 3 years left. They can't stay in dunya longer than that. I ask them to take caution. They should not say "I am Ok". Suddenly an accident, a punishment comes and they are finished.
So respect Allah! O who teach our children! Don't collect our children in schools and lie to them, saying" That one is our great one and he saved us". Make them recite the Name of Allahu Dhul Jalal. O children, let's say: Bismillahir-Rahmanir-Rahim. The children should be raised clean like this. They should know Who created them, should know about their servanthood. O our Lord, may You send us Your clean servants who will teach us this. We should also say Bismillahi r-Rahmani r-Rahim. This is a sword, a sword. No weapons, no planes nor any other thing can do anything against this sword. If one says Bismillahi r-Rahmani r-Rahim he can make the ones

in the air fall down. The new fashion ones now say: "There are weapons to come from Americans, weapons from Russians".
You should not believe in such things. Look to the majesty Allah will grant you, dress you. Whole dunya tries to ruin Islam. Islam can't be ruined. Who are enemies to Islam will be ruined. Ya Rabbi tawba Ya Rabbi, tawba Ya Rabbi, tawba AstaghfiruLlah. Let us say then O son, O listeners: Bismillahi r-Rahmani r-Rahimand make sajda; goodness comes on you and evil will be away from you. Tawba Ya Rabbi, tawba YaRabbi, tawba AstaghfiruLlah. For the honour of Your Beloved, may his honour be higher and higher. Allahumma Salli wa Sallim wa Barik 'Ala Sayyidina Muhammad Sayyidi-l Awwalin wa-l Akhirin. Salatu Salam be upon our Prophet.
May our bodies be in health. May we come to our senses. May our honour raise. May we do servanthood for Allah. O Arabs! O Scholars! O 'Umara! Pay attention to this. If not, maybe you won't survive this Ramadan or maybe even before that they will take you from this world. This is the news revealed to us, that there are all these Kings. There are all these chiefs. If they don't teach or make people say the Order of Allah, the Ism Al-Jalil of Allah they will not survive this Ramadan. And who kill will be killed. Allah will inflict on them tyrants who are more cruel than they.
O our Lord You are Al-Qadir and Al-Muqtadir. May we have faith in You. You glorified Your Beloved. May You not separate us from his flag, not separate us from the flags of the Companions, not separate us from the flag of our Umm Hiram Sultan here. O our Lord, may this be the barakah of this Jum'a. May the troubles on us be lifted. May we grow stronger O Lord. You know, for the honour of Your Beloved. This dunya has gotten out of order. It is out of order. Who is the one who will put it back in order? There are awliyas in every century to put it in order, to adjust the order of dunya. Without seeking and finding them don't say "I can correct this thing". All your doings are out of order. Then you, yourselves are out of order also. May Allah forgive us. Let us say Bismillahi r-Rahmani r-Rahim. Don't fear! Don't fear because you said the Name of Allah. Who oppose you are insects. Who don't accept the Bismillahi r-Rahmani r-Rahim are insects. Don't pay attention to him. Stand like a man and say Bismillahir-Rahmani r-Rahim. Fatiha.
Shukur Allah, shukur Allah, shukur our Lord. Salatu Salam on His Prophet. Salam on His

Companions and awliyas. Salat and Salam be upon our Umm Hiram Sultan Hz. May she take away our sorrows. May her Heavenly glance not leave us. Who don't accept their Sultan are traitors. No matter what medals or titles they carry, they have no value. Who accepts his Sultan; if Sultan gives you that rank, be proud of it. Don't pay attention to the ranks that common people give. May Allah protect us from the evil of shaytan, from the evil of the ego, from the evil of its desires and the evil of dunya. May we carry the honour of servanthood and leave dunya as servants. O Allah. Fatiha.

O scholars of Arabs, of Turks and of every kind! O scholars from every nation, announce this! If not, your lives will be short also. You may be able to reach this Ramadan or maybe you can't reach. And this is a warning and caution for them; for the leaders, for the Kings, for the scholars. They will either survive this Ramadan or not. It will wipe out all of them. The men who go out of this instruction and say "we will make dustur", not even one of them will reach this Ramadan. Even if they have all the soldiers in the world, they won't be able to survive. They will be taken away. This is a warning from the Heavens. An ultimatum from the Heavens. Heavenly ultimatum.

Indhar min al-Sama. Ya Rabbi tawba Ya Rabbi, tawba. Don't leave us to the hands of the dirty ego. Fatiha.

...Aziz Allah. Allah Allah, Karim Allah. Allah Allah, Latif Allah. As-Salamu `alaykum Ayyuha l-Hadirun. Dastur ya Rijal Allah. 'Die Zeit ist das Zeitenende geworden, und was erscheint, sind seine Zeichen.' Sie sagten das vor vielen Jahren. Als die Kräfte des Bösen, die die Sultane absetzten, alles auf den Kopf stellten, sagten die Weisen das: 'Die Zeit ist das Zeitenende geworden, und was erscheint, sind seine Zeichen.' Das heißt, wir haben das Zeitenende erreicht und alles, was erscheint, sind die Zeichen des Gerichtstages, der näher kommt. As-Salamu `alaykum, ihr Gläubigen. Möge Allah der Allmächtige uns auch mit dem Thawb des Iman, dem Gewand des Glaubens bekleiden. Möge Er (swt) uns mit dem ehrenwerten Gewand des Islam bekleiden. Möge Allah der Allmächtige uns mit dem Gewand der Dienerschaft bekleiden zu

Ehren Seines Geliebten. Möge unser Herr uns mit dem Gewand der Gesundheit und des Wohlergehens bekleiden, so daß wir Dienst tun für unseren Herrn, so viel wir können. Was wir wollen, ist das. Wir wollen nichts von der Dunya. Was wir von der Dunya wollen, ist, daß Allah der Allmächtige uns mit dem Gewand der Gesundheit und des Wohlbefindens bekleidet zu Ehren Seines Geliebten, damit wir nicht zerquetscht, beunruhigt, gedrückt werden. Damit wir nicht hoffnungslos werden. "La Taqnatu Mir Rahmatillah" (39:53), sagt Allah der Allmächtige. Verzweifle nicht an der Gnade Allahs. O Allah, Deine Gnaden oder Herrschaftsbereiche sind ohne Ende oder Begrenzung. Es gibt niemanden, der ihren Anfang oder ihr Ende kennt. Unser Herr, bekleide uns auch mit dem Gewand der Dienerschaft ya Rabbi. Wir können nicht Shukur machen für diese Deine Göttliche Gabe, wie wir sollten. Wir sind schwach, wir sind äußerst hilflos. Vergib unsere Unzulänglichkeiten, unser Herr.

Wir haben heute erreicht. Heute, das ist der heilige Tag des Jum'a. Sayyidu l-Ayyam. Der größte Tag unter den Tagen: Freitag. Möge er mubarak sein. Seine Barakah kommt die ganze Zeit herab, aber jeden Freitag kommt mehr davon. As-Salamu `alaykum, o die ihr glaubt, o Muslime. Unser Herr, möge dieses Salam uns auch erreichen, damit wir sicher sind. Bismillahi r-Rahmani r-Rahim. Bismillahi Lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi S-Sama'i wa Huwa s-Sami`u l-`Alim. Erinnert den Ismu l-Jalil Allahs und blast ihn auf euch selbst. Ihr werdet in Sicherheit sein, ihr werdet eueren Weg wissen. Allah gibt uns unserer Lage entsprechend. Ein Stück Seiner Gabe kann die Schöpfung auf den Kopf stellen. Die Erscheinungsform, Macht, Schönheit, herrlichen Tajallis eines Jum'a ähneln nicht derer anderer Jum'as. Allah der Allmächtige macht kein Duplikat. Al-Mubdi'. Al-Mubdi' bedeutet, alles ist brandneu. Allah der Allmächtige ist kein Kopierer. Hasha! Wir sollten das wissen. Allah der Allmächtige kopiert nicht, Er (swt) braucht das nicht: Al-Mubdi'. Alles ist brandneu. Heute ist ein neues Jum'a. Es ist ein neuer Tag. Alhamdulillah. Shukur Allah der Allmächtige, daß Er (swt) uns diesen heiligen Tag des Jum'a wieder erreichen ließ. Mögen wir noch viele andere Jum'as erreichen mit den Erscheinungsformen der Göttlichen Herrlichkeit. Würdigt und respektiert den Tag des Jum'a, Araber, Muslime! O Muslime, seid euch der Ehre dieses Tages bewußt und auch des Grundes, warum er geehrt wird. Diese Ehre ist eine Göttliche Gabe für die Leute, die es schätzen und hohen Respekt für den Tag des Jum'as zeigen. Und heute ist ein Tag des Jum'a.

Wir bitten um die Erscheinungsformen, die Göttlichen Gaben für diesen Tag des Jum'a zu Ehren des Geliebten unseres Herrn. Möge Er (swt) unserem Körper Kraft geben und uns mit dem Gewand des Wohlergehens bekleiden. Möge Er (swt) uns mit dem Gewand des Glaubens, der Ehre bekleiden. Bekleide uns, o Herr! Bekleide uns, o Allah. Damit wir nicht vernichtet werden. Das dreckige Ego will dem dreckigen Shaytan folgen und uns elend machen. Es will uns ins Elend stürzen. Mögen sie nicht die Möglichkeit dazu haben. Wir bitten Dich zu Ehren Deines Geliebten und zu Ehren von Umm Hiram Sultan, die auf dieser Insel ist, die der Meister dieser Insel ist. Wir bitten auch um die Barakah von Umm Hiram Sultan Hz, daß ich mit dieser Barakah wieder auf die Füße komme und sprechen kann. Ich versuche, für meinen Herrn Dienst zu tun. O meine heilige Umm Hiram Sultan mögest du uns mit den Erscheinungsformen dieses heiligen Jum'a bekleiden, damit wir aufstehen können. Wer Allah den Allmächtigen vertritt, ist Habibullah (saws). Und die ihn (saws) vertreten, sind die Awliya, die Heiligen. Möge Allah uns nicht von unter ihren Bannern verstoßen.

Jeder der Gefährten (ra) hat ein Banner. Sie haben ihre Banner. Wer immer unter eins ihrer Banner tritt, ist unter himmlischem Schutz. Er ist unter ihrem schützenden Flügel. Deshalb respektiert die Awliya. Respektiert die Gefährten (ra). Sie erweisen uns Gunst und schützen uns. Masha'Allah. Unser Sultan! Der Sultan unseres Landes hier ist Umm Hiram Sultan. O unsere Umm Hiram Sultan! Möge Allah der Allmächtige deinen Rang in der Gegenwart unseres Propheten (saws) erhöhen. Möge dein Rang höher und höher werden, und mag ich ihn sehen. Mögen wir ihn sehen. "Al-Mar'u Ma'a man Ahabb". Ein Mensch ist mit dem, den er oder sie liebt. Seht, wen ihr liebt. Wenn ihr die Awliya liebt, wenn ihr den Propheten Allahs liebt, wenn ihr den liebt, der ihre Banner trägt, werdet ihr bei ihnen sein am Gerichtstag. Jeder Awliya hat ein Banner. Es ist das Banner, das unser Prophet (saws) ihnen übergab. Die 124.000 Sahaba (ra) haben jeder ein Banner, und jedes ist anders. Es gibt keins, das so aussieht wie das andere. Alle und jeder von ihnen hat ein Banner. Wer Zuflucht unter einem ihrer Banner findet, ist in Sicherheit in Dunya und Akhirah.

Es gehörte zu unseren alten Sitten, daß die Gläubigen, die Muslime, die auf dieser grünen Insel lebten, auf dieser Jaziratu l-Khadra, von den entferntesten Teilen der Insel kamen, um Umm Hiram Sultan Hz zu besuchen. Es gab keine Autos zu der Zeit, um in einer Stunde zu reisen. Die Menschen reisten auf Tieren oder zu Fuß, manche von ihnen kamen nach zwei Tagen an,

manche nach drei, manche kamen in einer Woche. Sie legten ihre schönen Kleider an, sie trugen ihre islamischen Kleider. Dieser Tag war ein Fest für sie. An den Eid Tagen gingen sie zum Sultan für die Eid Grüße, Tabrik. Wenn sie zum Sultan gingen, trugen sie ihre saubersten Kleider, welche immer sie fanden als die neuesten. Sie kamen zu Fuß oder ritten auf Tieren oder mit Ochsenkarren. Es gab keine Autos damals. Es gab manche Leute, die kamen aus einer Entfernung von drei Tagen, manche von fünf Tagen. Sie kamen zu unserem Sultan. Wisset, wer euer Sultan ist! Der Sultan dieser Insel ist unsere Umm Hiram Sultan. Es ist unter ihrem Namen. Ihr Banner ist hier gehißt, o Heilige! O unser Sultan, sende uns deine himmlische Unterstützung. Wir können nicht die Worte sprechen, die deines Ruhmes würdig sind. Wir kennen solche Worte nicht. Möge sich unsere Zunge lösen, damit wir sprechen können. Mögen die Leute hier, alle sind die deinen, die Bürger dieses Landes, den Islam lieben und Mensch sein. Der Mensch ist kein Tier. Seid Mensch. Seid kein Tier. Mensch ist, wer die Älteren respektiert, wer die Großen respektiert, wer seinen Herrn anerkennt und Seinen Propheten preist, und wer seine Gefährten ehrt. Solche Menschen haben Licht auf dem Gesicht und Freude im Körper, im Herzen. Sie brauchten keine Ärzte oder Richter. Wer ein Problem hatte, ging mit einem Nadhr und präsentierte es unserem Sultan. Er nahm entweder Sadaqa oder ein Geschenk mit oder erwies der Nation Muhammads einen Dienst, so viel wie er konnte. Jemand, der krank dorthin ging, kehrte genesen zurück. Wer traurig ging, kehrte glücklich zurück. Wessen Glaube schwach war, kehrte stark zurück. Wer keine Liebe und keine Sehnsucht hatte, kehrte voller Liebe zurück. Unser Sultan war so. Allah Allah! Allah Allah, Allah Allah.

"Kunu Ma`a s-Sadiqina" (9:119). O Meine Diener! Seid mit Meinen Sadiq Dienern, seid mit Meinen wahren Dienern. Seid mit den Dienern, die Mich preisen und Mir hohen Respekt erweisen. Das ist der rechte Weg. Was ist der rechte Weg? Sie sind diejenigen, die euch den rechten Weg weisen. Wenn ihr ihnen folgt, ist es der rechte Weg. Wenn ihr den Guten folgt, seid ihr aufrichtig. Ihr seid gut und angenommen. Folgt nicht den Schlechten, sagt Allah der Allmächtige. Folgt nicht den Schlechten. Folgt nicht den Unehrenhaften. Folgt nicht den Ungläubigen. Folgt Meinen reinen Dienern. "Wa Kunu Ma`a s-Sadiqina". Seid mit Meinen wahren Dienern. "Ahay'an wa 'Amwatan" (77:26). Geht zu ihnen, wenn sie noch am Leben sind. Wenn ihr nicht könnt, besucht die Maqams der Heiligen. Sagt: O unser heiliger Sultan! Du hast Respekt im Angesicht Allahs. Du hast Respekt im Angesicht des Propheten (saws).Wir kamen

hier als Sünder. Wir haben falsche Taten getan und bitten um Vergebung. Mögest du uns Vergebung bringen. O Sultan, unsere Umm Hiram Sultan. Mögest du deinen Herrn in unserem Namen bitten, Seinen Geliebten bitten, so daß die Probleme von uns genommen werden. So daß wir unsere schlechten Taten lassen und auf dem Weg unseres Herrn gehen. So daß wir keine Probleme mehr haben, so daß wir nicht leiden. So daß wir in Freude und Würde leben. Die Feinde können uns nichts tun. Allah Allah.

Hier, heute ist der Tag des Jum'a. Früher war das Maqam unserer Umm Hiram Sultan voll mit hereinkommenden Besuchern. Sie hatten die geistige Jazbat, Anziehung, genau wie Magneten Metall anziehen. Es gibt ein Geheimnis im Magneten, daß wenn du Eisen hintust, wie eine Nadel, zieht es sie sofort an. Wenn darin ein Geheimnis ist, ist kein Geheimnis in den Awliya Allahs? Die Awliya Allahs, die Heiligen, die Er (swt) liebt, haben nicht die Macht, dich auf den Weg Allahs zu ziehen, dir die Liebe zu denen einzuflößen, die auf Allahs Weg sind? Was ist das? Es geht nicht mit dem Aufstellen von Statuen. Nein. Statuen zu bauen, zieht Menschen nicht zu einer Person hin. Aber die Awliya, deren Herz und Liebe mit Habibullah verbunden ist, können dich anziehen. Sie ziehen dich an, und du gehst zu ihnen und besuchst sie. Du küßt ihr Maqam, du weinst und bittest. Die Sultane lassen dich nicht mit leeren Händen zurückkehren. O Zyprioten! Ihr habt euere alten Bräuche vergessen. Jetzt baut ihr Orte, die nicht angemessen sind. Euere Liebe füreinander wandelte sich in Feindschaft. Ihr habt Allah vergessen. Ihr habt das Jum'a vergessen. Ihr habt die Ehre eueres Herrn vergessen, die euer Schöpfer euch gewährte. Ihr lauft ständig hinter Shaytan her. Wie könnt ihr jemals anständig sein? Wer kann euch respektieren oder lieben? Wäre dieser Sultan nicht hier, würden sie hier alles auf den Kopf stellen. Aber sie erlaubt das nicht. 'Sie sind Sünder. O Geliebter! O glorreicher Prophet! Diese Menschen gehören zu mir, jene, die in diesem Land leben. Ich bitte um deine Fürsprache in deiner Gegenwart', sagt sie. Der Sultan bittet in der Gegenwart unseres Propheten (saws). Mögen ihre Herzen, ihre kleinen Herzen sich ein wenig bewegen. Mögen sie sich wenden, sich auf den Weg Allahs wenden. Mögen sie sich abwenden vom Weg Shaytans und dem Weg Allahs zuwenden. Dann geht jede ihre Tat voran, und sie haben Erfolg. Mögen sie nicht der Mode folgen. Mögen sie Muslime werden. Wer sich nach der Mode kleidet, wird nicht als Muslim angesehen. Wer den Weg Allahs einhält und dem Weg der Awliya folgt, sind Muslime. Sie sind die guten Diener. Möge Allah uns nicht von unter ihren Bannern entfernen.

O unser Herr, an diesem heiligen Tag des Jum'a, steht überall alles Kopf. Shaytan ist der Feind der Menschheit. Er ließ die Menschen ihre Menschlichkeit verlieren. Er ließ die ganze Welt verderben. Immer haben diese Ungläubigen, die Europäer, mobilisiert, um die Leute zu töten, zu zerschmettern und zu erledigen, besonders den Islam zu zerstören. Aber sie können den Islam nicht zerstören. Wer immer aufstand, um den Islam zu zerstören, wurde auf den Kopf fallen gelassen. Er wurde zu Müll, zu einem Kadaver. Stellt euch nicht gegen den Islam, steht mit dem Islam. O 'Ulama der Araber, o 'Umara der Araber, seid mit dem Islam. Islam wird nicht mit euch sein, sondern ihr solltet mit dem Islam sein, so daß er euch mit dem Gewand der Majestät bekleidet. So daß ein dummer, grausamer Mensch nicht herauskommt und euch auf den Kopf stellt. Und er kann es nicht. Aber wenn ihr den Weg verloren habt und all euer Glaube sich auf Waffen und Kanonen richtet, dann zerstört und erledigt euch Allah mit eueren Waffen und Kanonen. "Wa Ya'ti Biqawmin Akharina". Er (swt) wird einen anderen Stamm bringen, um die Welt zu berichtigen. Wenn ihr nicht lernt, Mensch zu sein, sendet Er (swt) einen Heiligen, der euch zu Menschen machen wird. Und Er (swt) sendet auch einen Sultan, der euch in der sichtbaren Welt züchtigen wird. Ein Sultan kommt, der euch mit Falaqa schlagen wird, und euch diszipliniert, wenn ihr euch nicht benehmt.

Es gibt kein Ende für die Sultane in der Gegenwart von Allahu Dhu l-Jalal. Sein Geliebter gibt einen Befehl, und ein Sultan zeigt sich von irgendwo her. Er sagt: Wer seinen Namen hört, soll erzittern. Die Jetzigen sind alle Müll. Er (swt) wird solche senden, Ainuna Rijal Allah. Bi Fadhlillah, Ainuna Rijal Allah. O aufrichtige Diener Allahs, helft uns! Und sie helfen. Sie können es auf den Kopf stellen in einem Moment, aber ihr benehmt euch nicht. Ihr habt den Adab nicht eingehalten. Ihr habt Gräber der Großen zerstört. Ihr habt die Rezitation des Bismillah nicht erlaubt. Er (swt) wird euch erledigen. "Yamhu Llahu ma Yasha'u" (13:39). Er (swt) zerstört, wen Er will, und hält, wen Er will, lebendig. "Yahkumu ma Yuridu". Allahu Dhu l-Jalal befiehlt, wie Er will. Wenn du dich ohne Adab zeigst, wenn du Allah nicht anerkennst und keinen Respekt für den Propheten, den Er gesandt hat, zeigst, wird Er (swt) dich mehrfach schlagen. Reißt euch zusammen. Sagt Bismillahi r-Rahmani r-Rahim. Und geht ein in den himmlischen Schutz des Bismillahi. Es wird kein Unheil auf ihn kommen, der in seinen Schutz eingeht. Kein Schaden. Sagt: Bismillahi r-Rahmani r-Rahim, und jede Tür öffnet sich für euch.

Wenn ihr es nicht sagt, schließt sich jede Tür vor euch, und ihr bleibt, wo ihr seid.
Deshalb laßt uns sagen Bismillahi r-Rahmani r-Rahim. Sagt das Bismillah mindestens 7x. Oder sagt das Bismillahi 70x. Oder sagt 100x Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Mögest Du uns schützen, o Herr, vor jedem Übel in der Dunya und vor der Qual des Feuers in der Akhirah. Wir erinnern Deinen Ismu l-Jalal, Bismillahi r-Rahmani r-Rahim. Lehrt diese Dinge. Wenn ihr sie nicht lehrt, werdet ihr zerschmettert. Ihr werdet euch gegenseitig töten. Ihr werdet euch gegenseitig erledigen. Unterdrückung wird ihren Höhepunkt erreichen. Ihr werdet nicht in der Lage sein, eine Lösung dafür zu finden. Ihr werdet wie wilde Tiere durch die Straßen laufen. Ihr werdet kämpfen. Das ist keine Menschlichkeit, noch ist es Islam. Islam gründet auf Adab. Sich auf der Straße zu schlagen, einander zu beschimpfen, die Straßen zu füllen und zu schreien wie wilde Tiere, das ist nicht Islam. Abgesehen vom Islam, es ist auch keine Menschlichkeit. Seid Mensch! Seid Mensch! Allah der Allmächtige fand uns würdig der größten Ehre: Er (swt) erschuf uns als Mensch, damit wir Ihn kennen und Sajda für Ihn machen und Ihn anrufen, 'O unser Herr!'. Wer den Sultan nicht anerkennt, hat keinen Wert. Er ist Müll. Er ist ein Tier Shaytans. Seid nicht Tiere Shaytans. Seid Diener Allahs.
Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim öffnet die acht Tore des Paradieses. Ihr seid in Sicherheit in der Dunya, im Grab und in der Akhirah auch. Mögen die Paradiese ihre Tore für euch öffnen. O unser Herr, Tawba ya Rabbi. Mögest Du uns mit der Barakah dieses Jum'as bekleiden. Wir sollten verstehen. Wir sollten verstehen. Sie lehren uns das nicht. Sie sollten lehren. Wir haben eine Ankündigung für den, der nicht lehrt: Wer das Bismillah nicht lehrt, hat noch drei Tage oder drei Monate oder drei Jahre übrig. Sie können nicht länger als das in der Dunya bleiben. Ich fordere sie auf, vorsichtig zu sein. Sie sollten nicht sagen, 'Ich bin okay'. Plötzlich ein Unfall, eine Strafe kommt, und sie sind erledigt. Also respektiert Allah!
O wer unsere Kinder lehrt, versammelt nicht unsere Kinder in Schulen und lügt sie an, indem ihr sagt: Dieser ist unser Großer, und er hat uns gerettet. Laßt sie den Namen von Allahu Dhu l-Jalal rezitieren. Kinder, laßt uns Bismillahi r-Rahmani r-Rahim sagen. Die Kinder sollten rein aufgezogen werden. Sie sollten wissen, Wer sie erschaffen hat. Sie sollten um ihre Dienerschaft wissen. Unser Herr, mögest Du uns Deine reinen Diener senden, die uns das lehren.
Wir sollten auch sagen Bismillahi r-Rahmani r-Rahim. Das ist ein Schwert, ein Schwert. Keine Waffen, keine Flugzeuge, noch andere Dinge können irgendetwas gegen das Schwert tun. Wenn

einer Bismillahi r-Rahmani r-Rahim sagt, kann er die in der Luft herunterfallen lassen. Die Neumodischen sagen jetzt: Es sollen Waffen von den Amerikanern, Waffen von den Russen kommen. Ihr solltet nicht an solche Dinge glauben. Seht die Majestät, die Allah euch gewährt. Die ganze Dunya versucht, den Islam zu ruinieren. Der Islam kann nicht ruiniert werden. Wer die Feinde des Islam sind, werden ruiniert. Ya Rabbi Tawba, ya Rabbi Tawba, ya Rabbi Tawba, Astaghfirullah. Sagen wir denn, Sohn, Zuhörer: Bismillahi r-Rahmani r-Rahim und machen Sajda. Gutes kommt auf euch, und Böses wird von euch ferngehalten. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Zu Ehren Deines Geliebten möge seine Ehre höher und höher werden. Allahumma Salli wa Sallim wa Barik `ala Sayyidina Muhammad Sayyidi l-Awwalin wa l-Akhirin. Salatu Salam sei auf unseren Propheten. Möge unser Körper gesund sein. Mögen wir zur Besinnung kommen. Möge unsere Ehre zunehmen. Mögen wir Dienst für Allah tun. O Araber! O Gelehrte! O 'Umara! Achtet darauf. Sonst werdet ihr vielleicht diesen Ramadan nicht überleben oder vielleicht nehmen sie euch sogar vorher von dieser Welt. Das sind die Nachrichten, die uns offenbart wurden, daß da all diese Könige sind, da sind all diese Anführer. Wenn sie nicht lehren oder die Leute den Befehl Allahs sagen lassen, den Ismu l-Jalil Allahs, werden sie diesen Ramadan nicht überleben. Und die töten, werden getötet. Allah wird ihnen Tyrannen auferlegen, die grausamer sind als sie.

Unser Herr, Du bist Al-Qadir und Al-Muqtadir. Mögen wir Glauben an Dich haben. Du hast Deinen Geliebten gepriesen. Mögest Du uns nicht von seinem Banner trennen, uns nicht von den Bannern der Gefährten trennen, uns nicht von dem Banner unserer Umm Hiram Sultan hier trennen. Unser Herr, möge dies die Barakah dieses Jum'a sein. Mögen die Probleme auf uns aufgehoben werden. Mögen wir stärker werden. O Herr Du weißt, zu Ehren Deines Geliebten. Diese Dunya ist außer Rand und Band. Sie ist außer Rand und Band. Wer ist derjenige, der sie wieder zur Ordnung bringt? Es gibt Awliya in jedem Land, um die Ordnung wiederherzustellen, die Ordnung der Dunya zu regulieren. Ohne sie zu suchen und zu finden, sagt nicht: Ich kann diese Sache nicht berichtigen. All euer Tun ist nicht in Ordnung. Dann seid ihr auch nicht in Ordnung. Möge Allah uns vergeben. Laßt uns sagen Bismillahi r-Rahmani r-Rahim. Fürchtet euch nicht. Fürchtet euch nicht, denn ihr habt den Namen Allahs gesagt. Die euch bekämpfen, sind Insekten. Wer das Bismillahi r-Rahmani r-Rahim nicht anerkennt, sind Insekten. Achtet nicht auf sie. Steht wie ein Mensch und sagt Bismillahi r-Rahmani r-Rahim. Fatiha. Shukur

Allah, Shukur Allah, Shukur unser Herr. Salatu Salam auf Seinen Propheten. Salam auf seine Gefährten und Awliya. Salat und Salam sei auf unserer Umm Hiram Sultan Hz. Möge sie unsere Sorgen hinwegnehmen. Möge ihr himmlischer Blick uns nicht verlassen.
Die ihren Sultan nicht anerkennen, sind Verräter. Egal, welche Orden oder Titel sie tragen, sie haben keinen Wert. Wer seinen Sultan anerkennt, wenn der Sultan dir diesen Rang gibt, sei stolz darauf. Beachte die Ränge, die die gewöhnlichen Leute dir geben, nicht. Möge Allah uns vor dem Übel Shaytans, vor dem Übel des Egos, vor dem Übel seiner Begierden und dem Übel der Dunya schützen. Mögen wir die Ehre der Dienerschaft tragen und die Dunya als Diener verlassen. O Allah! Fatiha. O Gelehrte der Araber, der Türken und alle Arten! O Gelehrte jeder Nation, macht dies bekannt. Sonst wird euer Leben kurz sein. Ihr mögt diesen Ramadan erreichen können oder vielleicht auch nicht. Dies ist eine Warnung für sie, für die Führer, die Könige, die Gelehrten. Sie werden entweder diesen Ramadan überleben oder nicht. Es wir sie alle auslöschen. Die Menschen, die sich außerhalb dieser Anweisung stellen und sagen 'Wir machen Dustur', nicht einer von ihnen wird diesen Ramadan erreichen. Selbst wenn sie alle Soldaten der Welt haben, werden sie nicht überleben können. Sie werden hinweggenommen. Dies ist eine Warnung von den Himmeln. Ein Ultimatum von den Himmeln. Ein himmlisches Ultimatum. Indhar mina s-Sama. Ya Rabbi Tawba, ya Rabbi Tawba. Laß uns nicht in Händen unseres schmutzigen Egos. Fatiha.

# THE UNFATHOMABLE POWER IN THE AYATS OF QUR'AN

THE UNFATHOMABLE POWER IN THE AYATS OF QUR'AN I am asking our Grandsheikh to reach to us with his spiritual powers so that we may give explanations of his teachings, and also I am asking for spiritual powers for those who will listen to his words.

Grandsheikh was saying that if a person can arrange and direct his actions according to a Qur'anic verse and do so with full belief, he can receive from it every knowledge of which he may be in need throughout his life. Also, he says in regard to the meaning of 'Ayat' or verse of the Qur'an, that to call it a 'verse' is not sufficient, for an ayat is in reality much, much more than explaining something through a verse; as I understand from Grandsheikh, 'ayat' belongs to Allah Almighty and is a 'Sign of Allah', sign of His endless Power and Knowledge. Ayat reaches to the highest point and is in all cases victorious, so that no matter what comes upon one from the Sons of Adam, one ayat will be enough to vanquish it all and to make one victorious. That is ayat: it has such a power that it outweighs the power of all mankind put together.

For what reason has ayat been so named?—Because Allah Almighty challenged all of the Arabs and all mankind to put forward one verse alike unto a Qur'anic ayat; to all come together—poets, learned men, clever people—and see if they were able to, but they failed—and they had to fail—as it is impossible to meet the challenge. Why?—Because an ayat contains the word of Allah, quite distinct from the word of men. The

Prophet recited Qur'an as it was read to him, and at other times he spoke from himself (Hadith), but if you compare the two you can tell the difference immediately, just as one may easily distinguish between rubies and normal stones; such is the difference between the two— one the word of mortal man and the other the word of the Almighty and Eternal Lord.

Our Grandsheikh was saying that if a man can keep and totally practice one ayat, that he himself will become an Ayat from among the ayats or signs of Allah, and will be victorious over all. We are not speaking about such people who name themselves 'ayatollah'; if a person is a true ayatollah then power is coming through him so that he has no need to use guns, rockets and soldiers. Even one of his holy breaths is adequate to protect himself and his whole nation from evil.

(A question was asked): "Is it true what I was told, that it took Abu Bakr As-Siddiq ten years to completely absorb and incorporate Surat al-Fatihah (The Opening Chapter of the Qur'an)?"

This is such a chapter (Surah) that if it even took Abu Bakr ten years to incorporate it, then we cannot reach it even in ten-thousand years. The important point is that Abu Bakr attained to the understanding of this surah, and that this surah contains within it all of the Holy Qur'an. The Fatiha stands for the whole Qur'an but the whole rest of the Qur'an cannot stand in the place of the Fatihah. If you read Qur'an seven times from beginning to end without reading the Fatihah it will not be equal to reading the Fatihah just once—that is why we read the Fatihah in every rak`at of the prayer. I once beard from my Grandsheikh that Sayyidina Ali said: "Oh people, I can sit here and tell you so many meanings of Fatihah that if you wrote them down, they would fill enough volumes. to overburden one-hundred camels, and still it would not be enough to express the meanings of al-Fatihah."

## Unifying Hearts

Why did the companions of the Prophet* gather around him? They were not forced, they were not paid, they were loved! People run to love. They hate bad characteristics and bad things. They like love, and that is what the companions of the Prophet* were passing on. Allah filled the heart of Muhammad* with love and that is what he gave to his followers. Without love there is no taste within faith. In every religion love is the first power. When your heart has opened up to love for the Prophet* you will accept that he is a messenger. When you love you will respect and you will follow. You cannot follow anyone without love.

# THE UNIMAGINABLE GREATNESS OF THE LORD

Oh, our Lord! We are servants and we come to worship You. We are trying to be good servants. That is our intention: to be better. If someone is good, to become the best. That is our intention. We do not want to be written as bad servants. Those who are written with the good-ones, is lucky. He will be pleased here and in the hereafter. We are believers and we believe. That is a grant from Allah Almighty to us, that He has made it possible for us to declare that there is a God, a Creator. We are creatures, not creators. If there are creatures, there must be a Creator. Who can say of himself that he is a creator? Who can say that he created an atom? Who can say that he created this world? Who can say that he created the moon? Has anyone even been able to create an ant, a rose, a mosquito, the sun or a star? Who can say such a thing? Why do people not think? There must be a Creator! But people are drunk. They speak in the name of knowledge and science and they say that there is no God! What a foolishness! Who brings the sun everyday from the East and makes it to set in the West? If you have power then show it! Bring the sun from the West and let it set in the East! That is what Nimrod was discussing with Sayyidina Ibrahim, may peace be upon him. He called Nimrod to believe in his Lord, but Nimrod said, "No! I am the Lord!" And Ibrahim said, "My Lord can give life and take it back again." But Nimrod answered, "I can do that!" and he ordered two slaves to be brought and one of them to be killed. To the other one he said, "You go!" That was his mongul-type logic. He was Nimrod, but his mind was like a mongul. Then Abraham looked at him and said, "Alright, if you are the Lord then you must be able to

do more than this. My Lord brings the sun from the East and lets it set in the West. If you can, then bring the sun from the West and let it set in the East!"

Everyday the sun is rising and setting completely punctual. It is never delayed, planes can come too late, but the sun is always fully on time, perfectly arranged. In the name of science, mongul-type people are trying to deny the existence of the Lord of Universes!

We are believers and we believe in the existence of the Creator who created everything in its perfection. Everything is in their perfection. An ant is in its perfection. The mosquito is in its perfection. The monkey is in its perfection. The horse is in its perfection. The sparrow is in its perfection. The crow is in its perfection. The fox is in its perfection, Bears are in their perfection. We do not believe in such ideas brought in by Darwin, he was a mongul-type person! Where did he come from? England? Doesn't matter, he was a mongul-type! Some people came from Germany and France and supported his idea. Well, nowadays all Europeans are partners anyway and you have to share the responsibility.

The Lord created every creature in its perfection. It wasn't a step by step approach and reaching to mankind. These are nonsense idea. The plan is to make people deny the Holy Books. Allah Almighty, the Creator has created countless creatures, each one in its perfection. Look at the butterfly! There are thousands of kinds. Who made the decoration on their wings? If they have anything inside themselves then it must say, "Allah u akbar! The Creator!" Do you think that that butterfly has chosen its own decoration? Someone decorated it! Ahmed, did you decorate youself? Someone ordered, someone's will made everything in its perfection. Cats are happy to be cats. No cat wants to be a dog and dogs never want to be a cat. Mice never want to be cats and cats never want to be mice! No lady wants to be a man and no normal person wants to be a woman, except if there is something wrong. Everyone is happy with their being. The Lord chose for them and made them happy in their classes.

We must be happy that we have been created as the sultans over all the creatures. We have been granted something from the Creator which is very special which even angels haven't been given. Allah Almighty gave mankind some of his Divine Attribute. That is what we have been given. We have been honoured to be Allah Almighty's Deputy in this world and also in the universe. Physically we are on earth to be deputies, but spiritually we are also deputies in the whole universe. Physically we are here, but spiritually we can move through every direction and every distance. As far as the universe reaches... When you leave earth the six dimensions are finished. You can stay on earth, but you can move away spiritually to any distance and with your spiritual being you can reach the end of this creation. That is what it means to be the deputy of the Lord.

The spiritual being can reach anywhere, so the whole territory of the Lord Almighty Allah has been given to us to be in. But Allah Almighty is not inside this creation. He can't be! The existence of the Lord of Heavens is something else. It is not the same as his Creation. You must understand that the existence of the Lord Almighty Allah is not the same.

You may use your imagination to understand what endless means. Take this creation, this universe and multiply it by million, trillion, quatrillion, more and more and more... and still all of it is nothing infront of the existence of the Lord of Heavens. Take it, and then finally it is going to be zero and finish. Then within that zero you can find billions and billions of universes. That is only a spot which you describe. It has no length and no width, it is only a spot. This huge universe can never be more than a spot, even if you multiply it a million or a quatrillion times! Compared to the greatness of Allah Almighty it is only a spot. Oh, people of the 20th century, you must learn! They still think that the Lord came in the form of a man and was put on a cross. What kind of imagination is that?

You are the deputies, it is even too big for your imagination to understand what you are able to do. You must understand the greatness of Allah Almighty and how small these creatures are. Within his endless power oceans we are but spots. Therefor it is impossible to understand the real essence of the Lord. Give your endless respect to the Lord. Don't be an unbeleiver, unbelievers are those who make their Lord a creature. May they be forgiven. He is the Lord.

When the last days approach, a time will come when there will be an opening of the Holy Quran for all nations. They must understand. You will now be prepared for the real understandings of the Holy Quran. It will improve. I hope this change will be perfect with Mehdi Alehi Salam. And we hope that everything will be perfect until the year 2000 comes. Jesus Christ is also coming and he will tell you just what we said now about the greatness of the Lord. May Allah forgive us and grant us the understanding of the Holy Quran.

**Seeking God's Light in the Children of Adam**

Our Lord Almighty said, "O mankind! Be careful of your duty to your Lord Who created you from a single soul and from it created its mate and from them twain hath spread abroad a multitude of men and women. Be careful of your duty toward Allah in Whom ye claim (your rights) of one another, and toward the wombs (that bare you). Lo! Allah hath been a watcher over you." [Quran, 4: 1]
To believers, men, women, and all of humanity, I greet you with the Islamic words of greeting, "peace be upon you."

We are gathered here today, at the prestigious United Nations, to address humanity with the issue of World Peace. This is indeed a holy day, for even the name of this place, the United Nations, symbolizes our unity as members of the human race. Almighty Allah, our Creator, our Sustainer, our Lord is looking upon us seeing human beings of all ages, races, nations, and religions gathered together on this day.

When we arrived at this auspicious event, we were each granted a tag with a very dignified title: Shaykh, Bishop, Cardinal, Grand Imam, Grand Rabbi. These are very respectable titles that we are quite happy to append to ourselves. I am quite happy also, to have such a tag.

It is an honor to be given an earthly title. Yet consider how much more of an honor it would be to receive a heavenly one. Every individual has been assigned a heavenly position, but there is one that is far better than and exemplify the levels granted to us by God. If we, as spiritual and religious figures, can leave this meeting having fortified our efforts with awareness of our roles in the Divine Plan, we will become like beacons of peace, like great lights walking on earth. all

the others. It is "Servant," `Abd, which means to be servant to the Lord. Whoever seeks to be servant to the Lord will be granted a reward far greater than a man-made title.

Servant-hood and humility are the keys to achieving unity and contentment for our race. Indeed, if we were servants to one another, showing respect and humility before one another, there would be no need for such a gathering. Yet many abandon humility and respect for their fellows, allowing trouble to develop between them and spread all over the world.

The human tendency to behave this way is by no means new. The son of the first man on earth, Cain son of Adam, killed his own brother. His act marked the beginning of a dangerous tradition that has been carried from generation to generation, steadily growing worse. Knowing this, Allah Almighty said in the Holy Quran, the Last Testament:

For that cause, We decreed for the Children of Israel that whosoever killeth a human being for other than manslaughter or corruption in the earth, it shall be as if he had killed all mankind. [Quran: 5, 32]

This is the story of the last century, a century filled with death, murder, war, destruction, savagery and tyranny. In the last century, it was as if we saw the death of all humankind, for recent wars have led to the death of more people than populated the entire earth, in earlier times one hundred million, two hundred million, half a billion. Yet still there is the hope and life that exists in remembering God.

We are gathered here today priests, rabbis, imams, shaykhs, leaders of our spiritual and religious communities to pray that the new century, and the new millennium, will bring the fulfillment of the following verse:

And whoso saveth the life of one, it shall be as if he had saved the life of all mankind. [Quran: 5, 33]

For this reason we hope this meeting will be blessed.

Muhammad, the Prophet of Islam, peace and blessings be upon him, said:

"Whoever relieves his brother of a trial or a difficulty in this life, God will relieve

him of a trial in the next life."

Helping each other is the true essence of brotherhood. When Cain killed his blood brother Abel, he replaced brotherhood with hatred and enmity. If we can leave this enmity and hatred and replace it with love for the common good, we will return to the original state of brotherhood, regardless of blood ties, and achieve unity and harmony.

This is a part of the message of Islam. It is not a new message, but one that has been repeated for thousands of years. Just as your television receives a regular transmission, broadcasting information on every channel, so God's message is a delivered again and again. The transmission permeates all channels, all aspects of life, all periods of time, stopping only when the receiver, the television, the person, is turned off.

Let us leave the television on and listen for the message our Creator is repeating for us to hear and obey. If we do not obey, it is indeed dangerous for us. For example, cigarette packages around the world prominently display messages such as, "smoking is dangerous to your health." It is repeated on every carton, so everyone reads the message, but few care to heed it. Many thousands die from smoking every year.

It is now as if the entire world is smoking, and the health of the entire planet is suffering. Species are disappearing, forests, jungles, and whole habitats are vanishing. The ice at the north and south poles is dissolving, and the infamous hole in the ozone is causing numerous tragedies to occur. The message is being repeated, again and again, but no one cares, continuing to smoke and causing harm throughout the world.

Prophet Muhammad, peace and blessings upon him said, "laa darar wa laa diraar fil-Islam," 'neither harm nor reciprocation of harm is permitted in Islam'. Causing harm is forbidden, and everything harmful is prohibited. He also said, "al-Muslim man salima an-muslimoon min yadihi wa lisanihi," 'the Muslim is a person from whose hand and tongue Muslims are safe.' This is the definition of a Muslim, or anyone who submits to the Way of God. It is of no benefit for a

person who does not meet this description to say that he or she follows in the Way of God. It is therefore not in the Way of God to commit acts of terror. Anyone who claims that terrorism is a part of Islam, Christianity, Judaism, Hinduism, or any religion is mistaken; no one can demonstrate this to be true. Once again, if we would leave terror and obey our religion, the message sent by God, we would attain peace, safety and harmony.

To all of humanity, I urge you to seek out the essence of your religion, then obey it, as it will be your vehicle to safety. Obey your Lord, because your Lord and our Lord are One God. If we all obey as we have been taught, there will be no more suffering, no fighting, no hatred and no killing.

Furthermore, we must reconcile with one another. Last year, a group of Christians came to the Holy Land to seek reconciliation. They said, "We came to apologize. Our forefathers killed your forefathers, calling it a crusade in the name of Jesus, but we know that was wrong. We apologize for their actions." This is the way of Jesus, peace be upon him. If we followed the ways of our holy ones, we would find a peace such as no one has ever believed could exist. For there to be peace, all people must also apologize and emphasize that anyone who killed using the name of God was by no means justified in doing so.

The Holy Prophet Muhammad (peace be upon him) returned to his hometown of Mecca after its people had tortured him and his followers, cast him out, and made war against him. When he returned he came with a great army of 124,000 soldiers. He addressed the chief of Makka and the people who were gathered, asking, "O people of Quraish, what do you expect from me today?" They replied, "Only the best from a noble brother and the son of a noble brother." The Prophet said, "Depart, for today you are all free!" That is our principle: no revenge, no harm, no retribution. For despite the persecution and torture his followers had suffered, and despite the law providing for retribution of injury, the Prophet held to a higher moral standard.

The Quran says:

And if they incline to peace, then incline to it and trust in Allah; surely He is the

Hearing, the Knowing. [8, 61]
Therefore it is our duty to create the conditions for peace and to seek it out. World peace cannot be achieved unless humanity returns to the essence of all religions: mutual respect, forgiveness, and love.
Let us look at this century with new eyes, with eyes that see one another with love. Let us recall that God fashioned each and every one of us with His Hands, and blew into each and every one of us from His Spirit. Can anyone seek to harm the Spirit of God? They would be only harming themselves, for it is a reality that our world is one world and what happens to others affects us all. This is why the Prophet, peace be upon him, said:
"Muslims are like one body, when one part becomes weak, the whole body suffers."
Only if nations look at each other as one body, each part strengthening the other, will we see a cure to our illnesses: spiritual, social, economic and political. If one country is weak, others will suffer, and global confusion and distress will be the result. Those nations with strong economies must support those that are weak, in order to build global strength. Those legions of unemployed and underpaid people, who have families dependent on them, must be helped. By feeding them, we prevent the creation of angry unemployed armies, ready for satan's service. This can only have a good result, where all nations of the world will feel strong together. For as Allah said:
O humankind! We created you from a single pair of a male and female, and made you into nations and tribes that you may know and deal with one another in kindness ... Verily the most honored of you in the sight of God is the most righteous of you, and God is Knower, Aware. [Quran: 49,13]
I conclude by asking that each and every one of us seek to emulate the perfected character of the holy ones, Prophets and Messengers and Perfected ones who have gone before us. They attained perfection by holding to the reason of their creation: servanthood to the Lord, Allah, our Sovereign Creator

through Eternity. In so doing, we will find not only peace, but love and brotherhood. Let us leave this gathering and return to our peoples saying, "I met many human beings. I forgave all of them and asked them to forgive me. I asked them what I could do for them, and they responded, "love us as your brothers and sisters, from the sons and daughters of Adam and Eve."

## A UNIT FROM POWER OCEANS is PASSING THROUGH SAJDA

As-salamu alaikum! Tuba, ya Rabbi, Tuba, ya Rabbi, tuba wa rajana ilayka, ya Allah! Allahu Akbaru-l Akbar1 Audhu bi-llahi mina Shaitan Rajim, Bismillahir Rahmanir Rahim.

Madad ya Sultan. This is the first obligation that we must keep because we need heavenly support. If heavenly support is taken away what is going to remain? Not only this small planet but also the entirety of creation is in existence because of heavenly support. Only one unit from His power oceans is keeping all these universes in existence. You cannot imagine this because no one can give a description of power. What is power? Who can bring a description or an explanation of it? It is something that you cannot touch but it surrounds you from inside and from outside. Even the smallest unit of the entirety is surrounded from the inside and the outside by this power ocean. What can remain from that thing if that unit of power leaves it? What is then going to be in existence? Will there be anything in existence then? Will there be anything there in existence. There are huge galaxies. Some galaxies are bigger than the others and even more powerful than the others and yet we are able to see them through our eyes. We are such small ones but through two small holes in our head which are our our eyes we may look at them and see them. Look at Almighty Allah's greatness. Even this world and the Solar System and even our Galaxy is very small in comparison to the other Galaxies. Yes they are as nothing in comparison to the other Galaxies but as I said before the human being is so small but through his eyes, through two small holes, Allah Almighty has given mankind the ability to see he

huge Galaxies that are swimming through space.

What is space? Can you give a description of space? Man has made an instrument called a camera through which he can make photographs. This camera has a small hole which has a small diameter, maybe measuring one or two inches. You have to focus it to get the full figure of the person you are taking the photograph of. If you go back a little bit or come forward a little bit you will say that the image is too big for the camera lens. If you go far away from the camera you may not be able to take the photograph. In the case of your eyes it is different and you may see up to the stars. What is this secret power? This is not a material power. This is the power that Allah Almighty gives you through His Power Oceans.

You are so small but you are big and honoured in the Divine Presence. Allahu Akbar! What is power? As we said before no one can describe it. It is not a material thing. Yet you do not welcome it. You have not yet been introduced to these Power Oceans. You are now like foreigners living in this world. This is why you have not reached to even an introduction about these Power Oceans. There is power and behind this there are also Power Oceans.

Oh people! You must use your intelligence and be humble enough to bow (sajda) to your Lord's Divine Presence and say, "Allahu Akbar, Allahu Akbar, Allahu Akbar." This is all we can say. The Lord of Heavens is asking to open these secrets and to give to you from it. How can you reach to this one unit of Power Ocean? It is passing through sajda. Therefore He is making a beginning with Allahu Akbar and ending also with Allahu Akbar. This is the Lord's Divine Will. He is asking to open to you one unit of His Power Oceans but people are so ignorant. They are refusing to bow (sajda) down to the Lord as Shaitan is telling them, "don't bow!" and people are running after

shaitan and not bowing (sajda) to their Lord. Allah Almighty is only going to use one unit from that Ocean of Power which are countless and endless oceans. He will order only with one unit from these Oceans of Power to take away those people who are not bowing (sajda) to their Lord.

This unit of power has now slowly begun to move like an ocean that makes waves because of the wind. This should take away anyone who lives on this planet and who refuses to bow (sajda) to their Lord. Yes! Those who refused to bow (sajda) to their Lord will be taken away. This has just begun. Gradually these waves are going to get bigger, stronger and wider.

About a year ago the Lord of Heavens showed all people something of this through the Tsunami disasters. This was to teach us so that we may take a lesson from it. The ocean was made to rush forward like strong rivers, so that nothing could withstand it or stand in its way. We say that this was only a very weak movement of that power. This was done by only a very small unit that only belongs to this world and not to space and the heavens. This is because our earth and our globe is surrounded with only one unit from those power oceans and therefore this a only a very small movement which gave a lesson to mankind. Allah Almighty says, “Oh people I can do this through oceans as well as through deserts because such are my Divine Attributes. I do not repeat my actions in the same way and I can do acts that have never been manifested before.” Yes, Allah Almighty does not make photocopies.

Allah Almighty says, “I may do what I did in the Indian Ocean to the Tibet desert.” Someone showed me three or four months ago what happened in the Tibetan desert (more than 3000 years ago it was in the news) and under it millions of people disappeared. You won’t be able to count them. Yet this is very small. If only one ray

was to come even the great Himalaya Mountain will become the like the Tibetan desert. Finished. If there were three powers and three waves it shall make even the Asian Continent to disappeared Allahu Akbar! Allahu Akbar! Allahu Akbar!

Oh men therefore use your minds to think about this. During the time of Nooh (alai), he told his son, “come and get into my ark so that you may be safe.” The son replied, “there is no need for me to get into your Ark because as you say if the flood comes I shall climb up to the highest mountain and in that way save myself. I have no need of your Ark.” Then Noah replied, “no one can be safe when Allah Almighty’s Divine Anger comes and no one will be able to save himself.” It was shown to me that the water came up to 70 meters over the highest mountain which Noah’s son was talking about. This is knowledge from the knowledge of the Prophet (sal), particularly the Seal of Prophet (sal).

Oh people of the 21st century! Don’t be too proud. Use your minds now to save yourselves. No one can save themselves when the Divine Anger comes from Allah Almighty. “When my disobedient servants make me angry my anger shall come and they shall be finished and shall disappear.” So oh people! Don’t say that you will be safe. Don’t run after technology. Technology is the dirtiest thing because it is making people not to bow (sajda) to their Lord but to bow to technology. Today all people even the Islam world are slaves of this technology and they are trembling in the fear of this technology also because they are afraid that the Government of Iran is trying to make a nuclear centre with this technology. The whole world is now trembling because they are afraid of Iran’s technological power. Still they do not fear the Lord of Heavens and the Angels are saying, “wait just a little bit more. You will see what your technology is and what will become of it.” May Allah forgive us, shelter us and bless His servants.

Tubna wa rajana ilayk! We are repenting and asking forgiveness, oh, our Lord. Give to us who are Your weak servants Your Divine shelter and send to us your real servant who will destroy all falsehood (batil) on earth and bring the flag of Islam and of heaven to be raised through the East and West for the honor of the Seal of Prophets (sal) the most beloved servant Seyyadina Muhammed (sal). ## UNITY COMES WITH THE CALIPHA

The Turks carried the flag of the Prophet sws. for 600 years. No other nation came into contact with the unbelievers except the Turks, the Ottomans. Allah Almighty made it possible for them to reach right up to the unbelievers in Europe. The other Muslims were not in touch with the unbelievers. For 600 hundred years they carried the flag and then they suddenly came down. The Jews are governing the whole Muslim world and the rest of the world. The only solution for the Muslim world is to unite under one command. There must be one Calipha. That is the first command of Allah Almighty to all Muslims. We must have one Calipha. If we don't have that, His Divine Help will never reach to us.

When the Prophet sws. died,his followers ran to their new Calipha. That was the first thing they did. They left everything and ran to choose a Calipha, to choose Abu Bakr and to let him act and order. There must always be one commander for Muslims, not 1000 commanders. One will go like this, another will go like that. No! That is haram. That is why Allah Almighty is not giving His Divine Support. Not to Palestine, or Cyprus, or East or West, He will never give His Divine Support.

The Calipha must have complete power in his hands. Not for a committee to come together and to elect him. No! The Calipha must have the whole power. No parliaments, MPs, ministers voting and electing. No! The power must be in his hands and he must be based on the Sharia. There are conditions to who is going to be the Calipha. It can not just be any King or any Sultan, or any President to be elected. No! Whoever is the

Calipha has conditions.
Now there is one person from the line of the Ottoman Caliphas who should be the Calipha. But that person is not able because there is no power in his hands if people come and say that he is the Calipha. Only a Divine Intervention can come to put the Calipha back on his place. That is why we are only waiting for one person who is appointed by Allah Almighty, not by us. He will have all the power in his hands; the power of Islam and the power of faith.
An ordinary person cannot bring all the Muslims together, because we don't want someone to just bring the bodies together, we want someone to bring all the hearts together. No-one can do this unless Allah Almighty will send one of his chosen servants, he may do that. That is what we are waiting for. The only one who can do that is Mehdi alehi salam, no-one else.

## The Universe Is Concealed Within You

(Mawlana Shaykh stands.)

Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! Allah Allah, Allahu akbar al Akbar, Allahu akbar al-Akbar. (Mawlana Shaykh sits.)

O People! Be most respectful to your Lord, Allah Almighty as He is our Creator. Allah Allah, SubhaanAllah, SultanAllah. All praisings and all glory for our Lord, Allah Almighty. He is the only One giving praise and glory to someone. He is only giving it to the Seal of Prophets, His real deputy through all Creation, Sayyidina Muhammad (s). Zidhu ya Rabbee `izzan wa sharafan wa nooran wa surooran wa ridwaanan wa sultaana. Alfu salaat, alfu salaam on our Lord’s most respected, beloved and honored servant, Sayyidina Muhammad (s). As-salaamu `alaykum, O our master, master of our planet! Dastoor. We are asking your heavenly support for reminding people about their missions. Everyone must take their share from this speech. It is not easy to reach the masters who are giving everything they have for the honor of the most honored one in the Divine Presence, Sayyidina Muhammad (s). (Mawlana stands for honor of Prophet, then sits.)

Try to understand and learn. Those who are not learning are going to be animals; (even) animals are not accepting them, saying, “You are not on our level; your levels are under our feet.” We are asking forgiveness. It is not directly one can reach Allah and say, “Forgive me.” For everything they are making me address to people, they have a daleel, burhaan, a proof from the Holy Qur’an. Allah Almighty is saying,

“••• •••••••• ••••••••• ••••••••• ••••••••• •••••• •••••••••••• ••••••• •••••••••••• wabtaghaw ilayhi 'l-waseela - seek the means of approach unto Him,” (Suratu 'l-Ma'idah, 5:35)

That is making everything clear, if they are thinking about it and asking for an understanding.

No one can learn something without a teacher! There must be a teacher so that you may learn. To reach something through your learning, you are in need of a waseela, a reason; taking your hand and reaching your real being. We are making this now because we are just cut off from our real being. People are thinking, “Here we are in our real being.” No, no, no! Only the sun is giving its rays on this planet, and everything is taking from those rays. They carry the secret power of life from the sun to us! Our imitated beings have been appointed on this planet for some time. We are taking energy for a limited life from the sun. If the sun is not sending from its rays to the Earth we will finish. What would you think if it was always night on this planet?

O People! The main or real purpose they are making me speak is to make you think! So many times Allah Almighty is says through the Holy Qur’an, la`allahum yatafakkaroon, la`allakum t`aqiloon, “That they may reflect,” (that you may learn wisdom.) You must think about everything that you look at. SubhaanAllah Malik al-Mulk yaa Rabbuna! We are saying, As-salaamu `alaykum to our listeners. (Mawlana is interrupted.) What were we saying? SubhanAllah! If they are speaking on something and there is coming such a thing (distraction), it is cutting the power off. O People! La ilaaha illa-Llaah. You have been created to be deputies. It is so difficult when the line cuts off. It is useless and difficult to make a connection, a second time. Astaghfirullah. As-salaamu `alaykum our listeners! Yet they are making me to speak on some important things first, then marasim, protocol for the beginning of our association is not so important. Therefore, it is important that they are opening and it is coming. When you are making to close that down, some strange things come.

We are saying as-salaamu`alaykum, O people, who have been created and honored to be the Lord's deputies. We are speaking about the Sun sending it's rays on this planet and giving life to everything. This is not our real life or our real position; our real mission or being is not here. It is imitated life, an imitated being here. It is essentially a mock (existence) here; the true essence of each is not here. Do not think the Lord of Heavens gives that honor to you on such a planet. La yudhkar, it can't be declared amongst Endless Oceans.

Allah Almighty is making a waseela for everything, a reason or some proofs for understanding. He is putting that Sun here, and this planet would be dead if its rays were not reaching it. All those who are living on it are imitated creatures. Allah Almighty is making that huge star for them. You may say 'star', but its name is 'Sun'. People are saying 'Sun' because it is through space. It sends rays and gives you something for your imitated being. It is made as a practice; a tajruba, an experiment. No Sun, no life. Then there is our real being, the deputy. Our real being is carrying that honor. It is not like ourselves, carrying to be deputies of Allah. How? How can it be that Allah Almighty is making deputies, one meter, two-meter people? Are you never thinking on such things? la`allahum yatafakkaroon. Allah Almighty is asking you to think on it. You must think that it can't be through this size that you are going to be a deputy, it can't be.

What do yo think if a king or sultan is asking to dress a peasant to be his deputy? A farmer or a shepherd, making him sultan and also his deputy, then leaving him behind a flock or making him plough fields? How can it be, a deputy of the sultan is going to be a shepherd or a farmer? What is that?

When Allah is making him a deputy, He is calling him, "Call that one. I am dressing him in a dress of honor to be My deputy of Scotland, or Wales, or Kent." He is dressing him and sending him there and the Lord of Heavens is saying to the angels, "I am making a new creation to be my deputies." He can do this? Allah Almighty is saying, la`allahum yatafakkaroon. "How? I am not granted a territory and He is dressing me with that honor?" Allah Almighty's deputy (is granted) that endless honor. Through that endless honor he is granted endless power and granted endless lights and endless oceans through our Lord's Dominions. No number or measure can measure it.

Therefore, here we are all imitated deputies, or we are namdhat, like a person who is prepared to be a king, like a crown prince. Although we have a crown on our heads to give us the honor to be Allah Almighty's deputies, such people are all imitated. Ninety-nine percent of their ways and lives are like that of an animal. There is nothing they are thinking; only eating, drinking and riding on their wives. What is this? Allah created and granted them the honor of being a deputy and you are not seeing any difference between them and four-legged animals. Are you in the same category? Our category is over the category of angels. Therefore the angels are saying, "O our Lord, why are you giving these ones to be your deputies?" Angels have the highest category. Allah Almighty informed them, "I am bringing a new creation over your creation. He is going to be my deputy and his honor is going to be above yours." The Holy Qur'an is speaking of this:

•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• ••••••••• •••••••• •••••••••• •••••• ••• •••••••• •••••• ••••••••••• ••••••••• ••••••••• ••••••••• ••••••••••• •••••••••••• •••• ••••• •••••• •••••••• ••• ••• ••••••••••••

Wa idh qaala rabbuka lil-malaaikati innee jaa`ilun fi'l-ardi khaleefatan qaloo ataj`aloo feeha man yufsidu feeha wa yasfikudimaa' wa nahnoo nusaddiqu bi-hamdika wa nuqaddisu-lak qaala innee `alamoo ma la t`alamoon,

Behold thy Lord said to the angels: "I will create a vicegerent on earth." They said, "Will you place therein someone who will create mischief and shed blood while we do celebrate Your praises and glorify Your (Holy Name)?" He said: "I know what you know not." Suratu 'l-Baqara (2:30)

Which of us may say, "I am a deputy." How can we say this? Do we have no shame? Therefore, they are saying now and are making me to address people to give some opening for realities that are through the Holy Qur'an. You must think about it. If you reached the position of a real deputy, this world couldn't carry you. The important point is alif-laam. Allah Almighty's territories and divine dominions are countless, and there are endless oceans through endless dominions. He is saying, "I am making, fil `ard." Which `ard? We are knowing this now, but if there is only one Earth, and only Mankind who are going to be deputies, is there not any other globe for Allah through His endless territories? And when we are on this planet, are we doing a real deputy's function? Which of us is claiming to be a deputy of the Lord? Can he make his hand go up to the

skies? Can he carry stars? Which one? And they are making such an addressing, a teaching, and giving an explanation or tafseer, a commentary. It is the first step. We can say it is the highest position for glorifying that we have been granted; such an unexpected and never-understood power.

O People! Therefore, Sayyidina `Ali (r) said, “You are thinking you are a small being, but who is looking to you? You are like a universe! Tadhunoo annaka jarmun sagheerun wa laakin feeka `awaalim, Do you think you are a speck when a whole universe is concealed within you?” We are speaking on this now to show our position. We have been granted such high ranks and divine attributes. We have also been dressed because a deputy must have from heavenly attributes. To be dressed according to their globe, not by attributes that belong to Allah, haasha! But where we have been appointed, we are dressed also with such honor and attributes that belong to heavenly attributes and heavenly Honor Oceans. Where are we, what do we know? Nothing! O Mankind, may Allah forgive us. I know nothing, but they are making me address all nations, east and west. Don’t look at who is speaking, but to what that one is speaking. Think about it, that is important. Thinking is the key to closed or locked treasures. If you are thinking, it may open something for you. If you are not, you and an ant will be in the same category.

O People! Try to understand and learn! Try to think about who you are and if you are real deputies. Are we not going to die, be buried, and become dust? Only the Creator knows the real being of His deputies, where they are, what their situation is and what are their realities, what their honors are and what their colors are also; different colors. On this planet there are black, white, yellow and red colors. Is there a green color? In that level of heavens no two colors are the same. There are billions and trillions of different colors. That is our Lord’s power. Allah jalla jalaaluhu, jallat-`azhaamatuh, wa la ilaaha ghayruhu, subhaan sensin.

How can we say anything about Your Reality, O our Lord, when we are not knowing about ourselves? How are we knowing about our Lord, the Lord of Creation? O People! Give some time for understanding because there are levels for people after this life. When they are passing from this planet and are stepping on their real planet through the heavens, you may understand what we were doing, what we came to see, to be, and what

they were asking us to be.

O People! Daily, try to give even five minutes or ten minutes. I hope that the Lord of Heavens is giving something for the understanding of all people through an opening from His holy book, the Holy Qur'an. This is a small fountain now, but behind it are coming oceans. When Mahdi (a) is coming and then Jesus Christ (a) is landing on this planet, they should understand.

We are not finding time to say to our listeners, As-salaamu `alaykum. Don't sleep, hear that! It is something from heavenly singing.

(Mawlana Shaykh sings.)

Singing, singing, singing, singing

Huuuuu, Huuuuu, Huuuuu, Huuuuu
Dome, dome, dome, dome

Astaghfirullah! Fatihah.

(45 minutes) Allah Allah. Enough. Marhaba! You are all clever ones. Allah, Allah.

## Find the Universe Within You

Allah Allah Allah Allah. yaa Rabb... dastoor (Mawlana Shaykh stands.)
Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullahi wa salaamuh. Thumma as-salaam `alaykum yaa `ibaadallahi 's-saaliheen amadnaa madadikum. (Mawlana Shaykh sits.)

As-salaamu `alaykum attenders! As-salaamu `alaykum believers! Madad yaa Sultaanu 'l-Awliyaa. We are in need of your support for declaring something that we are in need of. And we are saying a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands and sits.) Give us your support, O our responsible one for all Mankind on this planet.

O People! Nothing is created without wisdom and nothing is coming in existence with the Lord of Heavens not knowing it, can't be, can't be! Therefore, we are saying a`oodhu billahi min ash-Shaytani 'r-rajeem. The creation of Shaytan also is not without wisdom. There is munajaat, a declaration, as Allah (swt) said in Holy Qur'an:

**••••••••• •••••••••••• •••••• •••••••• ••••••••••• •••••••• •••••••••••• ••••••••••••••••• ••• •••••• •••••••••••••• •••••••••••
•••••••• ••• •••••••• •••• •••••••• •••••••••••• ••••••• ••••••• ••••••••**

Alladheena yadhkuroonullah qiyaaman wa qu`oodaan wa`ala junoobihim wa yattafakkaroona fee khalqi 's-samawaati wa 'l-ard,rabbanaa maa khalaqta haadhaa baatilan subhanaka fa qinaa `adhaba 'n-naar.

Those who remember Allah (always, and in prayers) standing, sitting, and lying down on their sides, and think deeply about the creation of the heavens and the Earth, (saying): "

Our Lord! You have not created (all) this without purpose, glory to You! (Exalted be You above all that they associate with You as partners). Give us salvation from the torment

of the Fire. (`Ali Imraan, 3:191)

O Attenders from among Mankind, as well as from jinn taa`ifa, jinns also! Beware of forgetting the wisdom of your existence. Nothing is coming into existence without a wisdom or with baatil, falsehood. And originally nothing is coming into existence by itself, his or herself; it can't be. We are creatures and for every creature there must be a Creator, even the smallest stone for the building of our universe. This universe is a huge existence that no one knows its beginning or ending and no one knows its limits. That is a sign of Allah's Greatness, al-`azhaamatu li-Llah. No one knows the beginning or end of this universe. What is the universe? It is only a sign of the Creator, that He Almighty, if He asks to bring something in existence, says, Kun! fayakoon. "'Be!' and it will be," as He likes, the universe is coming in existence.

O our Attenders from learned ones, Mankind or from angels! No one knows their beginning or ending because they are in the Mighty Hands of the Creator. Only He (swt) knows which thing is coming into existence and which one of them is standing, and which one is leaving and disappearing. Existence comes from invisible directions, becomes visible, and after a while passes away and becomes invisible again. Therefore, nothing in existence is ever created without a meaning, a target, a purpose, and without a wisdom. Everyone is our Lord's Creation. He knows every atom and the purpose of its existence, as nothing is without a purpose. Every atom carries a wisdom which is not the same for a second one. Therefore, if our hearts' power is opened and in connection with heavenly existence, sometimes from someone, so many things are coming and passing. Such things come in my memory and I am thinking.

For example, about the placement of atoms in hydrogen, I am asking scientists why each hydrogen atom is in

its special position? Why are they not coming to be one? And every element, reaching a hundred and more according to Mendeleev's Periodic Table, dhaalika mablaghahum min al-`ilm, is the limit of your understanding or according to the capacity of your knowledge, O learned people. You are knowing this. The Lord of Heavens is saying, dhaalika mablaghahum, "that you have reached," but you can't say this is the last point and beyond it is nothing. Mendeleev is saying there are 90 elements, more or less. Who can say that hydrogen is the first and nothing is before it? No one can say. You may say that that is the first element and there are 95 remaining elements. Who gave you authority to say, “As I am finding this table, there is nothing before or after this. Hydrogen is the first element." Why is hydrogen in its position and always single? Who is giving to hydrogen that singleness? And who may say that before it is nothing, and after it is also limited? No.

•••••• •••••••••••• ••••• •••••••••

Dhaalika mablaghahum min al-`ilm.
That is as far as knowledge will reach them. (53:30)

O `Ulamas! What was the Seal of Prophets (s) saying? (Mawlana Shaykh stands.)

•••• •••• ••• •• ••••• ••••• •••

tafakkur sa’atin khayrun min `ibaadati saba`eena sannah,
One hour of reflection is better than seventy years of worship.

(Mawlana Shaykh sits.) Do you think on such a point? And no one knows the beginning and the ending of the rivers of knowledge granted to Mankind. Tafakkur, to think on how to find new keys to reach heavenly treasures of wisdoms. Tafakkur, think on it (contemplate)! Then you may say, "O our Lord, we are nothing, we know nothing and we are asking to be nothing, because we can't carry this!” Allah Almighty asked Mankind about His heavenly oath, “From all Creation, who can carry My trust, amaanati?” No one except Mankind accepted to carry it. The whole universe could not carry it, but Man accepted it. That means it opened unlimited distances for Man. Therefore, first you may reflect about yourself and consider the authority of Man, where it may reach; from where it began and where it is going to end, is it in limits or up to unlimited distances?

So many Arabic `ibaarah, expressions, coming as some of those people whom they are understanding, reaching, to heavens. And they are saying:

•••• ••• ••• •••• •••• ••••• •••••• ••••••

tahsabu annaka jirmun sagheer wa feeka antawa al-`alam al-akbar,

You believe that you are a tiny particle and within you Truth is unfolding from beginning to end.

Are you understanding, Salafi `ulamas? tahsabu annaka jirmun sagheer wa feeka antawa al-`alam al-akbar,

"Do you think you are a speck when the whole universe is contained in you?"

To reach from beginning up to end, because distances for the Lord of Creation are unlimited, but for Mankind everything even if it appears unlimited it is not, it is in limits. That is something they are giving me to speak, because you must know more, much more, much more about your Creator! (Mawlana Shaykh stands.) Allahu Akbar, Allah Subhaanahu wa t`Aala! (Mawlana Shaykh sits.)

Look to yourself; you may understand. You are the key you need for understanding everything around you or everything that you are in. You must know the key for that treasure and you may find in yourself countless universes, and in every universe you will find an opening for you, a new understanding, bringing nooraniyah, a new lightening to yourself!Therefore, think about everything! We are speaking in such a way that is very simple. We are looking at ourselves as an atom, but a big universe is coming and we may be in it. Is it possible? According to our capacity of understanding, it is impossible, but for the Lord of Heavens, the Creator of Creation, it is so easy. He may put in you a big universe and then it is not necessary for you to look through big telescopes, to see what is happening, what is this or that, no. You may look inside yourself and you may find everything outside is within you!

SubhaanAllah. Allahu akbar, wa lillahi 'l-hamd! Now, why are we saying hydrogen atoms or oxygen atoms, iron atoms, sodium atoms, gold atoms (individually)? Why they are not coming all together to be one big atom? If they are in such a way, everyone in their real being, it is only "one" in existence. Therefore, regarding out-looking (outward appearance) you may say, “This is okay, hydrogen atoms,” but you can't see as they should be in one big position, or that it may be one big hydrogen atom. Why? Making them different,

different, different. That means each atom has a special being, a special wisdom and a different tasbeeh, glorification. Therefore, it is not going to be all together. Like Mankind, each human being is carrying a special glorification, a special name, but each one is different, each one's tasbeeh is different. But on simplification, to say each one is the same? No. Every one has a special tasbeeh, glorifying. What is the benefit of that being granted to everyone? As a wisdom, you may consider a garden or two. Going through one garden it is exclusively pine trees, and in another you can find 40 different kinds of trees. Which one is much more attractive to people? That one.

Therefore, the Lord of Heavens is giving such an authority for Mankind, and also to every atom, a special being, to be an example of the Lord's Greatness, because everyone is making a special singing. You may see a person only making... (Mawlana hums). This is very simple. Another, Dum! Dum! Dum! Dum! The more kinds of instruments, the more the glory that is going to appear. Therefore, all of them glorify in such a way, at their own levels. Therefore, to keep the most praised and glorified heavenly kingdom of Allah Almighty through yourself is impossible. How many countless levels it has?

May Allah forgive us. Astaghfirullah, astaghfirullah, astaghfirullah.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome

Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome

Thank you for your attending, mashaa-Allah. What are they understanding? Understanding nothing, but we must hear.

(Mawlana Shaykh prays two raka`ats Salaat ash-Shukr.)

# Oh, Universities! Why are You Missing the Heart of the Matter: Heavenly Knowledge?

In the Name of Allah Who created man, Who created the universe and the whole creation. He gave them life, blessed them and gave everyone a destination. He is the Creator Who created earth and Heavens and the here and the hereafter. In the Name of the One Who is able to do everything as He likes. No-one commands Him, no-one can be over Him, no-one's will can be over His will because everyone is His servant. It is an honour for me and for you, to open this meeting in His blessed name.
According to all Holy Books which have been sent from heavens to mankind; the Old Testament, the New Testament and the Holy Quran, which can be called the Last Testament, it is mentioned that we must live for His honour. We must do everything for His glory and live this life for His glory. So any meeting, or any action, without the glorification of His name, will be false. It will contain no soul, no benefit and no blessing. That is why I say Bismillahi rahmani rahim, in the Name of Allah all-merciful, most munificent, most beneficent. I am greeting you with the greetings of Heavens. I am not saying, "Hello!" These are the greetings of Heavens, "Peace to you!". Heavenly greetings will give you peace, happiness, contentment, satisfaction and enjoyment in your souls.

I was not expecting to be here today. I was in doubt whether I would be able to come to Scotland because it is so far and so cold. Being nearly 80 years old, travelling is not very easy for me. I was offered a plane ticket, but I prefer to see new places from a car, where I can look around from right to left. They told me it would

take 3-4 hours to drive here, but instead it was 13 hours. But it doesn't matter! This is why I am one hour late here, although that is nothing, usually I am at least 3 hours late!

I am happy to be here and to see the brilliant faces of young people. It is a good meeting, and I hope Allah will bless it from His power oceans. May He open our ears to hear and give us the strength to practise.

We believe that the Lord of Heavens, the Lord of mankind, created man. This is a well-known fact within traditional knowledge which is being passed on until today. But the universities do not teach this serious subject.

Universities are the most atheist foundations in the world. If the universities would even accept 1% of the traditional knowledge which came to mankind through the prophets, they would within all their institutes have one branch dealing with Heavenly Knowledge. It would deal with the Psalms, the Gospels, the Thora and the Quran.

But these people are too proud to do that! They investigate ants to see how fast they run within one minute. They research how it is possible for ants to carry sticks ten times bigger than they are. That is what universities are busy and spend all their time with. But they never want to know the truth about traditional knowledge, about Knowledge from Heavens. Unbelievers have empty heads and empty hearts! They are like the sphinx. All the messages which came from Heaven to earth have the main purpose of making a connection for the people living in this world to the Heavenly Stations. No prophet or Holy Book came without that purpose. Because man was not only created to be 50, 60 or 70 kilograms. We are special creatures, we have been granted something which other creatures haven't. There are countless creatures living on earth, but from all of them only we have been given a mind and will-power. Do you think that horses and dogs have that?

We have been granted a Divine Soul which no other creature has, because we have been appointed to be deputies for the Lord here on earth. That is our main purpose. That is our destination. We are all candidates to be the Lord's deputies here on earth. Those who are like lizards on earth without any connection to Heaven, cannot be deputies of the Lord. A deputy cannot be a real candidate until he reaches the Heavenly Stations where he will have a connection with his Heavenly Position in Heaven.

## Unruhestifter

Der erste Unruhestifter war Satan, und nach ihm ist jeder, der ihm folgt, auch ein Unruhestifter. Er war der erste, der sich dem göttlichen Willen widersetzte. Unsere Tage sind die Tage der Unruhe: Die Menschen denken oder reden und handeln entgegen der Wahrheit und versuchen, sich dem göttlichen Willen zu verweigern, und sie sind ungehorsam gegenüber göttlichen Befehlen. Jeden Tag werden Namen auf die Liste der Unruhestifter oder der Unterstützer von Unruhestiftern geschrieben, und Satan verlangt danach, daß ihm die ganze Menschheit folgt. Er wird zornig und unglücklich sein, wenn sogar nur einer ihm nicht folgt, sondern dem Propheten, Allah segne ihn und schenke ihm Heil. Das Hauptziel für Muslime muß sein, die ganze Welt von Unruhen und Unruhestiftern zu reinigen, von schmutzigen Handlungen, die den Menschen Unzufriedenheit, Dunkelheit und Leiden bereiten. Bis zum Beginn dieses Jahrhunderts versuchten die Staaten und Regierungen, Unruhen aufzuhalten und Unruhestifter abzuziehen; aber im zwanzigsten Jahrhundert tolerieren sie Unruhen und akzeptieren Unruhestifter innerhalb der Demokratie, indem sie den Menschen mehr Gelegenheit zum Vergnügen geben. Sie sind unfähig, Unruhen zu stoppen, und unfähig, Unruhestifter zu beseitigen. Dieses Jahr und das nächste Jahr werden unerwartete Unruhen kommen, und die Meister der Unruhestifter werden auftauchen. Niemand wird in der Lage sein, dies zu kontrollieren, bis himmlische Kräfte dazwischentreten und es stoppen. Jeden Tag werden Unruhestifter auf die Liste geschrieben, und nur wenn sie sagen: „Vergib mir, Allah, mein Herr, ich tat mein Schlechtestes, laß mich

morgen mein Bestes tun, wie Du es willst.“, wird der Name aus der Liste hinweggenommen. Andernfalls muß eine Bestrafung kommen.

## Unseen worlds

First of all, we are saying in the name of Allah, All Mighty, All Merciful, that there is a philosopher, Avicenna, who is famous worldwide. That person was using his mind and the mind will be acceptable for everyone who claims that he has a mind, not a bubble-head.
He was saying that it is acceptable (logical?) that if you see or hear anything, any news or any event, it is something abnormal, like a miracle. It may come from prophets, from other people, from their followers, from Awliyas, from saints. Things that are unusual, things you can't find an explanation for - you must not refuse them. You may say perhaps that such a thing is stupid or silly or ignorant and that you don't accept such a thing, you may say that whoever accepts such a thing is stupid or that inferior people may accept such a thing, but that we are superior people and don't accept such abnormal things, we don't accept things like miracles. They think that to accept them without an explanation from science is stupidness, but that philosopher said that if you don't have any strong proof that there can never be such an event and you are refusing to accept it and if you are saying that those people who are accepting it are stupid, then you are just as stupid, because you are refusing without bringing any proof.

Therefore, we hear or read in books about events that took place in the past. If a person brings that news to us, saying he was present at that event, that he was a witness, and you are not present there, how can you deny that event? As you were not there, you have no proof to allow you to deny.

Because we are living in a atmosphere/WASAT/average on this planet, the main rule is that of possibility - there is a possibility for everything. An educated person, not a stupid person, must always say "maybe" for everything. This is a strong rule in science until today. On this step science is advancing, stepping forward - maybe this, maybe that, and they are climbing and reaching those "maybe's". Whoever is not saying "maybe" is ignorant, stupid.

Therefore, possibility is the main rule in the life of mankind on this planet. No-one can refuse these words of mine now. Everything is possible. That is a most important thing.

Therefore, in our days people think that whatever technology reaches, that is the last step or the last horizon or the final limit of everything. Only atheist people, bad people, are making such foolish thoughts for new generations, brainwashing them to refuse angels, Jinns and unseen worlds. They are foolish. All of the skies are unseen worlds. They say that the nearest one to Earth is Mars. They can look at it. It is an unseen world and it is the nearest to our planet. What about others? Who can look at Jupiter? If you say "unseen worlds", who is observing and researching what is in the galaxies? They are all unseen worlds. We only have their photographs of galaxies, so why don't they refuse those ones? But they come to me and say that there are no unseen worlds, trying to deny unseen worlds.

HEGEDUS

We have heavenly knowledge - about angels, that they are created from light; and Jinns, that they are created from fire. Science, or knowledge, in our days is saying that in galaxies, in space, the stars are thousands and thousands of times more powerful than our sun. But who can reach those stars to know what is there, as we know and believe that some creatures, angels, are created from light? Our sun is so small and its light so weak and you can't look at it, so how can you deny creatures made from light? Why are you not saying that perhaps there are creatures made from earth? It is also a mentality (logical?) to say that in those huge stars there should be creatures of the same nature, of light. The Creator has endless power and ability to create. He may create creatures from light and they are angels. You can't see, you can't look, so why do you deny it? Why don't you say "maybe"? Also, the Creator may create creatures suitable for fire from fire, from the sun, a gigantic fire, as He creates from earth. If their nature is fire, they are Jinns; if it is light, they are angels. How can you deny that if you can't see, if you have nothing in your hands? How can you say there are no angels or Jinns? They are very stupid people. Don't care about such mongol-type people. Don't say anything. Say only

'O my friend, you are a mongol-type person. There is no need to discuss with you. I am not on your level. Go, as you like. You will never understand such things. Go to the pub. Because you were born drunk and you are still drunk. You will never step on the real area of reality. You are so small and you will never be big. You are a mongol-type person. Go.' This is their answer. Don't try to give any proof for them. Those people are finished, they are atheists.

The traditional way is the way of knowledge also. We inherit so many things from the past. If you deny traditional knowledge, then there is no base for knowledge. Everything we keep as a heritage for mankind from our ancestors has the power of knowledge. Therefore, everything may come to us from the past and we must value it. We can't say that we weren't there, that we weren't looking, so we're not accepting it. Such people are ignorant, mongol-type people. Leave them, don't care about them. Mongol-type people will never be normal people. Therefore, prophets left them. They never ran after those kind of people, mongol-type people. So many people only know how to eat and drink and have sexual intercourse, but nothing else. Leave them on their level, don't discuss with them.

If I say - what about atoms, what about electrons? Can you see them? They are also unseen worlds, but no-one says now that there are no atoms or electrons or other small pieces of mass. Everyone accepts them, but they have never seen them. They use these illogical, harmful, useless words only for religious purposes, to destroy beliefs, to establish atheist philosophy, to put on it communism, to destroy humanism. That is their way. We know. We are not ignorant people. When they open their mouths, we know what is in their hearts. They can't hide themselves. It is enough.

...a car is using power. Without that power, the car can't move. Our physical being must be in connection with heavenly beings. Therefore, when you raise your hand don't think that...like the doctor says is a (nervous reaction?)...no - that power from heavenly beings is working on every part of a creature, when you are sleeping, when you are walking, when you are thinking, when you are looking, when you are talking. Everything is connected to heavenly beings. That is like oil for cars. The main part of the car is useless if you don't use oil and everything else necessary. Then, the sparks, the power, are making it move. Everything for mankind is controlled by heavenly beings. Therefore, don't think that man is separated from the heavens - he is in connection all the time, until he leaves this life. Then, there is no more connection and we are saying he is a dead body, finished, the heavenly connection is finished for that body. The meaning of death is to cut

heavenly connections from the body.

...it is a good...for children it is a soft and good explanation for the connection of mankind to the heavens. It is very good what you are singing. Write it down.

...when you sleep, your connection with heavenly beings will be clearer. When you are physically asleep, your heavenly being is free and you can look without eyes, you can listen without ears, you can speak without your tongue, you can know without thinking, you can walk without feet, you can touch without hands, you can smell without a nose. When mankind is sleeping, they have the clearest connection - they leave this material life and enter a spiritual atmosphere. That is a sign for them that we are always in connection with heavenly beings.

...that is the entrance to the spiritual area, the heavenly area. Everything we see in our dreams never belongs to the material world or to the physical body.

...all of them, because there are areas of light and areas of dark, like there are deserts and gardens on earth, good areas and bad areas, terrible places. Because, according to our customs, there are similar areas in heavenly territories.

Everyone has dreams, but it is difficult to transfer from heavenly beings to our physical beings, because the connection between heavenly beings and physical beings is veiled by our physical desires or egoistic pleasures. Therefore, many people dream, but by the morning they have forgotten. They know that they are dreaming, walking around, walking through unknown worlds, unseen places. They are witnessing that a person is not only a physical being.

Umar - Is it good to remember?

Sheikh - If remembering well, it is a sign of purity. The purer a person becomes, more views will appear to them in their dreams. They may have endless views, they may see unlimited worlds. According also to a person's purity, they will be recorded as if on a video-cassette. A video-cassette is also for everyone. It is simple now, but they have been working on video-cassettes for so many years, they have working hard to reach the purity of video-cassettes.

Man must not think that such power will come in a moment. No. You can reach that point step by step and your heart-power will record everything around you, above you, below you, you will record everything. You may record and at any time you will be able to bring to view more than a computer.

All prophets were given that power and all saints were given that power. They can see and they can also show. If a person is not blind, he may see when they are speaking. Therefore, the Sahaba were looking and seeing, but the blind, idle worshippers couldn't see.

Finally, we may say that some people can see and some are blind. You can't show blind people anything. You can't say that there are stars, there is a moon and there is a sun. Perhaps they can feel the warmth of the sun, but as for the moon - it is so difficult to make them accept that there is a moon.

Jinns are also created by Allah Almighty from fire. Their characteristics are just the opposite of the characteristics of mankind. They may live everywhere. Mostly they are to be found in quiet places, in wild places, in mountains, in huge valleys, hills, forests, jungles. If they are harmed, they will also harm people; if they are not harmed, they will not harm people. Therefore, if a person was travelling and arrived in mountains at night time or in valleys, it was good training on the part of religions to give Salaam to those living in that area and to ask their chiefs to welcome them as guests and to be their host in that area until their departure or to make prayers by way of protection.

Even mankind gives each other so much trouble and harm, killing each other, injuring each other. And those Jinns as well - if anyone harms them, they will also retaliate.

Q - How can a Jinn be harmful?

Sheikh - ...run through yourself, because they are not of our nature. They can enter into the nature of man and make him ill. Some of them will affect minds. They don't like some words - some people call Shaitan "Diablo" and they don't like that word, it touches them like a bullet; and curses touch them like a bullet. Unclean people, dirty people harm them. Sometimes, if they are sitting and people come without saying Salaam and step on them, they will be angry. Or, if someone urinates on them at night time they will be very angry. If people throw water at night time without saying a dua, it touches the Jinns like a bullet, because the

daytime is for mankind, but the evening is the time when they come out. They usually harm people in the night time.

It is well known how people deal with Jinns, seeking protection from them. In the daytime they are hidden, but after sunset they come out and the whole world is full of them. At the first cock-crow they go back to their places, but at night time they are everywhere. Therefore, the Prophet used to say, don't leave your children outside in the evening or a ??snake?? may come on them, making them fall down and harming them.

They also live in old places in cities. They may be in a place before a building is built and when men build on that place they won't leave. They will live there together with people. So many old castles are occupied by them now.

...spiritual beings, or Awliyas, may appear. You can only see them, but you can't touch them. Their form is of light. They are another kind of being. They are not angels, they are not Jinns, but they are spiritual bodies, or Awliyas, or ??Ambials??. You can see them according to your purity, you may meet them according to the purity in your heart, you may address them, you may hear from them according to the power of your heart, the power of your faith, the power of your belief, the power of the purity in your heart.

There may be something wrong with that person, veiled perhaps, because there are such fine lines from that person to those spiritual beings. If any of them are broken, that person won't be able to see or meet them any more.

...belongs to your Sheikh.

...as long as a place is known as a graveyard, it is not to be touched. It is forbidden in every religion. But in our days people don't listen. Therefore, they will be touched by the evil and devils living in that area, there will be no peace for them either awake or asleep. It is not even good for a mosque to be built there. It is not even permitted to build a mosque on a graveyard. They used to build mosques in one place and bury people around the mosque, but people were not buried on the site of the mosque, only around it. But now they take away the graves and build a mosque there and it is no good.

...their customs. We respect the graves of people, not walking on them. If you walk on them, you glorify Allah

Almighty and say: "Subuhum qudus..." If a person walks on a grave without glorifying his Lord, it is as if he is walking on a pregnant lady - all the people in the graveyard will feel a pain like that felt by a pregnant lady if someone were to walk on her. But if you are glorifying Allah Almighty, saying "Subuhum qudus...", so many blessings will come on them, that they will want that person to walk towards them and they will be so happy.

Therefore, we make graveyards outside of mosques. We don't bury people within mosques, but around them. But Christians bury their kings or bishops or patriarchs in churches. This is not our custom. I don't think it is a heritage from ancient times, because Jews are not doing it either, only Christians. They are also erecting a statue of that person on top of the grave and this is also prohibited, as it is an idol and the Bible prohibits people from making and worshipping idols.

We don't need to build on graveyards, except in the case of holy people - prophets and saints - so that their memory will not be lost. But common people should be buried in graveyards. If the grave is to be used as a family grave, it may be kept for burying the members of the family in the same grave. If not, it should be left. It is much better if it is unknown. The graveyard should not be occupied by everyone - if everyone has a building and a grave, like it is now, then the whole world will be a graveyard.

Our ancestors usually used to make a will that nothing be built on them and that only a stone with their name written on it be left, or even nothing at all, so that after a long time another person may be buried in that place.

In Islam people like to be buried around Sahabas or Awliyas, because blessings will always be coming on them. Therefore, they share in the neighbourhood of a good person. Also, when people leave the graveyard on the Day of Resurrection, those around the Sahaba or Awliya will quickly run to them and, as they are blessed people, those people will also be blessed. Therefore, in the Islamic world there are big cemeteries around the tombs of Awliyas.

## Unser Leben lebt von der Versorgung Allahs

Endlose Wünsche und Unzufriedenheit ist der Anfang der Unvollkommenheit. Der Glaube bringt Zufriedenheit. Ein Kind ist mit dem Tag zufrieden und fragt nicht nach dem nächsten Tag, es vertraut auf seine Eltern. Ihr Gläubigen vertraut nicht darauf, daß euer Herr euren Unterhalt versorgt. Ihr spart Geld und rührt es nicht an. Ihr fürchtet euch vor Armut und Hunger. Ihr denkt, ohne Geld gibt es kein Leben. Aber warum sterben dann die Reichen? Unser Leben lebt von der Versorgung Allahs.

Einst lebte der König und Prophet Salomon. Er bat den Herrn, ihm Seine Wunderkräfte zu zeigen: "Erlaube mir, alle Geschöpfe in mein Königreich einzuladen." Der Herr sagte: "Dies ist zu viel, beschränke es auf ein kleines Gebiet. Ich versorge alle Geschöpfe. Beschränke dich auf ein kleines Gebiet, das kleine Gebiet an der Küste." Salomon akzeptierte. An jenem Tag wollte Salomon all jene Tiere versorgen. Er befahl den Menschen und Dschinnen, Essen zu bringen. Sie brachten einen großen Berg Essen heran. Als alle Gäste erschienen waren, kam plötzlich ein riesiger Fisch aus dem Meer. Der Fisch sagte zu Salomon: "Jeden Tag versorgt mich mein Herr, aber heute bin ich nicht satt geworden und muß fasten." Salomon machte eine Wiederwerfung, und er bat seinen Herrn um Vergebung und betete: "Zeit mir, wie Du alle ernährst". Da näherte sich ein Fels, und der Herr der Himmel sagte: "Schlag mit dem Stock hierauf und sieh meine endlose Macht." Er sah darin ein Insekt und in dessen Mund ein frisches grünes Blatt. Allah der Allmächtige hatte dem Wurm ein frisches grünes Blatt in den Felsen gegeben. Und ihr lebt auf der Erde, wo es regnet und alles wächst, und ihr spart

euer Geld auf der Bank?!

## Unterscheide Freund und Feind

Möge Allah uns nicht zu Unwissenden machen, denn Unwissenheit und Unbedachtheit sind der Ursprung aller Unterdrückung und Dunkelheit. Der Zustand der heutigen islamischen Welt rührt von ihrer Gleichgültigkeit her. Bis zum Unglauben bringt die Achtlosigkeit (ghafla) die Gläubigen. Um sich vor ihr zu schützen, muß man zuerst Freund und Feind unterscheiden können.
Schaitan hat die Muslime so lange an der Nase herumgeführt, bis er glaubte, er habe vom Islam nichts mehr auf der Erde übriggelassen. Jetzt benutzt er neue Taktiken für neue Muslime, um den Islam zu zerstören. Er versucht, möglichst viele von den Menschenkindern zu seinen Helfern zu machen. Den Gläubigen hat er die Heuchler untergemischt. Die Heuchler werden bis zum Jüngsten Tag selbst in Medina Munawwara nicht fehlen. Obwohl dies die heilige Stadt in Arabien ist, in der der Prophet Muhammad* begraben liegt, kann dort kein rechtgläubiger Muslim jetzt seinen Mund aufmachen. Die Gläubigen sind nun so weit, daß sie die Freunde für Feinde und die Feinde für Freunde halten; dabei ist ein Gläubiger bei Allah mehr wert als das ganze Universum. Wie sind all die Gläubigen in die Hand von ein paar Teufeln gefallen? Nur weil sie Freund von Feind nicht unterscheiden konnten.

Als Gott Mose fragte: Was hast du für mich getan?, da antwortete er: Ich habe gebetet, gefastet, Almosen gegeben, die Pilgerfahrt gemacht und Dein heiliges Buch rezitiert. - O Mose, das hast du alles für dich selbst getan. Hast du jemanden geliebt um meinetwillen, o Mose, oder jemanden verlassen? Liebe um Allahs willen

und verabscheue um Allahs willen. Wie kannst du jemanden lieben, den Allah nicht liebt? Wie könnt ihr ihm folgen? Wieso habt ihr euch nicht Allahs Freunden und geliebten Dienern angeschlossen? Wenn wir die von Allah Geliebten lieben und die von Ihm Verabscheuten verabscheuen, wird Allahs Hilfe und rettende Hand eingreifen und uns zur Seite stehen. Die Gemeinschaft ist selbst schuld an ihrem Zustand, nicht einzelne Leute.

Unter den Muslimen gibt es welche, die selbst die Liebe zum Propheten* als Götzendienst (schirk) bezeichnen und sie verbieten. Dabei ist uns die Liebe und der Respekt zum Propheten* und den Heiligen befohlen. Aber sie sagen, dies sei bida, das heißt eine unerlaubte Neuerung in Glaubensdingen. Wir müssen solche Leute verabscheuen und ausstoßen, sonst kommt uns die Hilfe der von Allah Geliebten nicht zugute. Was war die Strafe für den Samiri, der das goldene Kalb gegossen hatte, während Mose auf dem Berg Sinai war? (vgl. Sure Ta Ha, 20:85 ). Seine Strafe war, ausgestoßen zu werden, keiner durfte mit ihm reden, ihn grüßen, ihn in die Gemeinschaft aufnehmen. Das soll eine Lehre für uns sein.
Im Iran ging einmal jemand in eine Bäckerei und fragte: Habt ihr Brot? Er bekam zur Antwort: Wie heißt du? Omar? Nein, kein Brot mehr. Alle Läden sagten: Kein Brot für Omar. Denn Omar war kein Schi'it, und deshalb gab man ihm kein Brot. Und wir nehmen jene Teufel auf wie Brüder und zeigen ihnen keine Ablehnung. Bayazid al-Bistami, ein großer Heiliger und ein Meister in der 'Goldenen Kette' des Naqschbandi-Ordens, kam zu einer Moschee. Nach dem Gebet fragte der Vorbeter ihn, wovon er lebe. Er antwortete: Dich habe ich für einen Muslim gehalten, dabei weißt du nicht, wer Der ist, Der uns versorgt. Ich muß erst mein Gebet wiederholen, dann reden wir weiter.

## Upcoming Events in the Time of Imam al-Mahdi (a)

Armaggedon and the conquest of Constantinople occur within six months and in the seventh month al-Dajjal will appear. Armageddon will have two groups. Constantinople will be opened with takbeer. Sayyidina `Isa (a) will rule for 40 years, then the world will be ruled in peace for 40 years, without war or troubles. Before that and during Armageddon, there will be tremendous hardship. Allahu Akbar! Amaan yaa Rabbee!

The “Banu Asfar” (blonde people), the Russians, will go down to the Plain of Amouq in northern Syria with 80 regiments and 80 flags, and under each flag will be 12,000 soldiers. Yaa Latif! It means a million soldiers on the Plain of Amouq! For that reason, Russians are going there. Also coming from the north, from Istanbul, will be Muslim soldiers and Mahdi (a) will come with them but will not appear. When this war is over, he will takbeer, “Allahu Akbar, Allahu Akbar, Allahu Akbar!” and then he will appear and march to Istanbul, to Asitana (Ottoman Sultan's Palace) and take the Prophet's (s) banner. He will appear in Syria and rule there. Allahu Akbar, Allahu Akbar, Allahu Akbar al-Akbar!

May Allah keep us safe from the corruption of the End of Times. O Allah! This world will be over, finished; we have reached the last stage. Prophet Jesus (a) will come to Syria. Allahu Akbar! The Anti-Christ will appear after the appearance of Mahdi (a), then Prophet Jesus (a) will descend to kill the Anti-Christ.

Allahu Akbar! Yaa Rabbee! We ask You for safety and protection from the corruption of the End of Times. May Allah make us under the banner of His Beloved here and in the Hereafter. Yaa Rabbee! Keep us, our children and loved ones safe.

Yaa Kareem! Yaa Allah! Yaa Raheem! Yaa Allah! Yaa Jaleel! Yaa Allah! Yaa Wadood! Yaa Allah! Allah Allah. Forgive us and heal us and all Muslims for the sake of our sultan, the sultan of human and jinn, Sayyidina al-Mahdi (a)!

Fatihah.

Ameen yaa Rabbee, ameen yaa Rabbee. (As mentioned in the hadeeth,) If corruption appears, safety is in Syria, the land of Sham.

## Urgent Warnings about Coming Disasters

(JapanTsunami, dt.)

O People! Our attenders from east to west, from north to south! For the honor of the Seal of Prophets (s), we are asking forgiveness from the Lord of Heavens, our Creator, because we have reached a point that if you are stepping, you may fall to hells. No one can stop it, but as long as we have been created as deputies on this planet, we have responsibility, and those who have responsibility are going to be questioned, "What did you do? What did you learn? What are you knowing?"

We are going to be asked, because we have responsibility and we are the most honored creatures; Allah Almighty is dressing Mankind with the highest honor that not even angels are reaching. Allah Almighty addressed heavenly ones, to angels, "I am creating something, bringing into existence a new Creation, and I am going to dress them with the highest honor and appointing them as My deputies on Earth." The angels were thinking that such highest honor might be for them. And Allah Almighty said, "I am bringing another one that up to now no one has known, and I am dressing them with such an honor that none of you reached!”

We must know ourselves, we must ask, "Who am I?" But I am sorry to say that all Mankind now is never interested to know about themselves and they think they have only been created to enjoy themselves through

their material being. I am very sorry to say this but it is real reality, that people are never interested in their true selves. They are looking all around themselves to see what is under their feet and above their heads, but no one is interested in themselves or asks, "Who am I?" That is the biggest wrong from Mankind, to run away from their real being. Why aren't you interested to know who you are? Some think, "I was not in existence, then in my mom's womb I knew nothing, then after awhile I tried to get out and with my mom's many pains I emerged. Who made me in my mom's womb? How did I come out when I entered the womb only as a cell? How did I become a human being, and how did I come out from the womb when my mom was happy with me inside? I was not happy and I kicked the door open, shouting, 'I am coming out! Enough time here, I must come out!'" Allahu Akbar. Allahu Akbar. We came out, crying. Crying! Who is that One? Who is my Creator, Who created everyone, coming in such a way?

But too many never think on it. Without my will, day-by-day I am growing, but my growth reaches a point and stops at one or one-and-a-half meters. Who is making that happen? laa ilaha illa-Llah! Mankind is drunk, never using their minds! Then his understanding is getting wider, more and more, and he is going to know so many things that are an exception. They are trying to know everything, but they are forgetting to ask, "Who brought me and caused me to grow up and then stop growing, until one day I will die? My breathing will stop, no more am I looking, no more am I eating or drinking, no more am I working, no more am I seeing." They are not thinking on these things! Among five-billion people, you can't find but a handful of people who are thinking on it. laa ilaha illa-Llah!

O People! The Lord of Heavens just sent us a sign for us to think about our beginning and our end! Dunya has a beginning and an end; it is not like one-hundred or one-thousand years ago. Our world is changing and no one on Earth is asking what is happening. So many unknown and unexpected events are coming, and now Mankind drunk from their technology, thinking it is enough for them, or the last target for them to control everything through technology. Technology can not be directed by our will power; it has a limit at the end of which it is impossible to go one more step, and we are in it now.

O People! We are going to another world. As we were in an unknown world and coming here, all Mankind is going to another unknown territory. That is such a knowledge that the Lord of Heavens, the Creator, selected His chosen ones, to teach us what is going to happen to Mankind, both individually and collectively. But now people are running after technology, and they are so happy and proud, thinking their technology is enough

(to protect and satisfy them).

Today the world learned of a huge happening in the Far East, an earthquake and tsunamis. That mirror they are making, showing to all people, of huge ocean waves rushing on Japan and so many countries, are taking away from their technology. Technology is never doing anything and is disappearing. I am asking proud Mankind, with your technology and bombs, with your one-thousand nuclear powers, can you stop it? Where are those Europeans and Americans that are so proud (of their technology)? (Did you prevent) what is happening in the Far East, in Japan? What is the top point of your power? (This massive disaster is) showing you that your power is nothing!

Allah Almighty is saying, “If I order oceans to move on you in 24 hours, in Japan or other places, those tsunamis may cover five continents! All of them will be covered (under water)!" This is very important. The Lord of Heavens is asking to show His creatures from Mankind, "If I am asking to take you away, I may take you. Tsunamis are a very simple thing that I may order one for you also, not to use heavenly ones, but from you I may order one of you to kick that world as a football and it will disappear!"

O People! Come and listen and learn the heavenly orders and follow heavenly commands that the Lord of Heavens, your Creator, is sending to you. Otherwise, one day there may come continents sinking down or tsunamis covering them. Marhaban, welcome! Japan was a Number One tech country and their people are now taken away (in the earthquake and tsunami)! The holy command is reaching me, and I am the weakest servant to give a warning to all nations.

And I am also warning (Muammar) Qaddafi: keep your adab, your hudood, limits, and be humble! Don't shout in a high voice. Keep your adab! Allah Almighty is ordering to you to keep His servants and to do the best for your citizens! He is doing the worst to them, his fellow human beings, and he did the best for himself, not for his nation! And now his nation is standing up, saying, "We don't like you." And so many countries now, Tunis, Shaam, Iraq, Turkey (are protesting), and so many tyrants are saying, "I don't like you," and are threatening (their people). Keep your limits! Don’t say, “We can stop it;” even one tsunami can sink China! Don’t say, “We are one billion, two billion people;” they can take so there is no one there!

O People! That is a heavenly warning from Allah Almighty, saying, “Come to Islam, ahlan wa sahlan, welcome. Who is keeping heavenly orders may be in safety here and Hereafter, or I will send on you so much

heavenly cursing to take you away!"

Cypriots left their religion; they are not keeping Islam, doing every wrong, dirty thing. I am warning them that perhaps I may leave this country and perhaps it shall be taken away from Turks and Greeks ones. Keep to Islam! Keep your good manners that Allah Almighty dressed on you! Don't be dirty ones! You must take away dirty places or tsunamis will also come on you! Don't say it is only coming from oceans (from ocean's power). No! From inside the Earth it may also come. Heavens may make your island sink under seas! If they are not doing that (restoring their Islam), I have been ordered to leave Cyprus and go to an unknown place, and what is ordered to come on them (will happen)! This (message) is for Cypriots and Greeks, because they are doing every unliked thing.

May Allah forgive me, because my sins may bring on them cursing. I must go away.

O People! Now we are reaching the limit of Mankind's life on this planet and so many signs and signals are coming.

I am happy with our dervish people, mureeds, our followers, and there is a warning for them also. If anything is happening through the Mediterranean Sea, that means Armageddon is coming soon. Who is asking to come here to Cyprus, they must look at the situation, and if they are coming (we are instructing them to take only) three days for visiting, no more. Keep to your homes. You may look if it is suitable for visiting here, but don't intend to be here more than three days. You must keep your homes, children and families, and you must guide them. Three days only for visiting here, then you must go because perhaps the situation here is not so good for you; you may go down and not come up, because when Armageddon begins there will be no more ships or planes leaving this island (Cyprus) to go back to your places.

That is a new command for heavenly people, making you awaken! Stay with your families, with your children, and try to be in the countryside, because big cities are under huge danger. The only safe place is the countryside. Big cities are under great danger! Keep it (observe this warning)! Up to today I am welcoming (guests already here) and people may come to stay here. But after last night, I have been ordered to tell brothers and sisters from other countries to look at the situation, because (if something happens) after one hour the possibilities (to return to your country) are finished, with no ships or planes (to carry you back). If

necessary, stay for three days and then your visit must end and you must return to your families.

Tawbah, yaa Rabbee! Tawbah, yaa Rabbee! Tawbah, yaa Rabbee!

Fatihah.

Don’t waste, and keep (emergency supplies) through your homes. At least it should be enough for you for forty days. Don't waste, don't waste. Waste is bringing on people a heavy burden. May Allah forgive us, for the honor of the Seal of Prophets (s).

Fatihah.

## Useful and Useless Education

The devil tells you to study instead of working. He urges people to study. He never encourages them to learn a craft. Those who know a craft can live, others can't. The path of studying is closed. People who study want a job from the government, but the government cannot offer a job to every graduated student. The jobs are filled. They are now inventing so many useless offices and bureaucracy to be able to employ people. But it is impossible. Offices are like schools. Hundreds and thousands of people are coming out. You think it is another kind of university. They all come out with their Samsonite cases as a sign of their illness.
The devil tells you to go to university to make degrees. He urges young people to study. For what? You cannot employ them. They are like armies of graduated unemployed.

There are two kinds of learning; one is useful, the other is useless. All universities are giving useless knowledge. They distribute diplomas which cannot be used. If they were useful, the young people would be able to be employed.

In Turkey there is an office in which they needed 50 or 60 employees. 4000 people came to apply! They came there full of hope and went back hopeless. So many young people are committing suicide nowadays. Satan is very pleased. These young people are wasting their youth and reach nothing.

Everyone must learn a craft. I do not like people to go to university. They are being cheated by the devil. For

young people it is like a picnic, a place for amusement. There are so many boys and girls there... It is like a discotheque where young people are learning everything except knowledge. There are so many things which the community would need. But pride does not let people learn such simple works. Another kind of habit for the family of girls is to ask a boy when he proposes to their daughter, "What is your profession? "

"I am a carpenter!"

"We want our daughter to marry a doctor or an engineer! Not a carpenter, a shoemaker, a greengrocer, a farmer, a shepherd or a factory worker!" The family of the boy will ask the same questions. They don't want old fashioned wives.

Everywhere people are following the will of satan, which is why everything is going wrong. We must change, otherwise the direction which every country is taking, will be the end of humanity. Teach your children crafts which will benefit the community, not burden.

## Useless Sport and Drunkenness Robs Our Heavenly Honor

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli wa sallim wa baarik `alaa habeebika wa nabiyyika, Sayyidina Muhammad, Sayyidi 'l-awwaleen wa'l-akhireen. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Madad yaa Sayyidi, madad. (Mawlana Shaykh sits)

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Thumma salaamu `alaykum yaa `ibaadillahi 's-saaliheen! As-salaamu `alaykum wa rahmatullahi wa barakaatuh.

O People! Who are attending and asking to hear, to listen and obey Allah Almighty's holy orders, we are giving a heavenly salute to you. May Allah (swt) forgive us and bless you. (Mawlana Shaykh stands and sits) We are weak servants.

O People from East to West! O Children of Adam! Listen and obey. All the prophets (a) from every time, and particularly the Seal of Prophets (s), took heavenly orders that reached them through Archangel Gabriel. None of them addressed people on their own; if Allah Almighty did not send Archangel Gabriel, they would not know what to say or how to deal with people.

O People of the 21st Century! Think about the prophets. You lost your way and yourself, because no one is asking, "Who am I? How did I come to this life? From where did I come? To where am I going?" Instead, the whole world puts so much importance on playing football, not thinking about anything of value. They say there is an economic crisis and they are very sorry about that, and some kingdoms and republics are now bankrupt. When they come to this world, they forget (their Lord); now only sports are important and nothing else.

Even animals know sports are useless. People do not examine what they see or find, which is the biggest blame for those who claim to be the most civilized people from the beginning of the world to the end.

At what other time did people play sports: football, volleyball, basketball, baseball or hockey? How did people in our time become no-thinking ones, with heads like an empty football? Sometimes they cry or are very angry or very happy. That is the biggest blame for Mankind, with no one asking, "Who am I?" Arabs say they are very angry with their leaders because they lost at football.

Now, 21st century people are like children, to be entertained. What is that? They are not thinking about anything serious, what we are doing and how we came here. They say, "We came from our mothers and fathers, who were very happy to bring us into this bad world, and that is what we know about ourselves." They think they came from najis, filth, to another dirty place. That is the limit of what they know about themselves and it is a pity, because they are losing their very precious, temporary life. It is a short time and no one knows when they will pass away. What are their missions? They don't ask.

People now are falling into the deepest crisis. For what? They are taking gold, giving paper (currency) and saying, "Use it." They are cheating people with paper money, saying there is an economic crisis. Previous societies never used paper money, not even Pharaoh. They say, "O Shaykh! It doesn't matter because the paper money is better for the government and for us. We are helping the government by using it."

Paper money can be copied, but because they are drunk they are not thinking about it. Now most countries print their money like they print a newspaper! The governments are asking to make much more money, only to enjoy themselves. No one is asking if the money is real or counterfeit! (...)

Many people drink alcohol day and night and therefore never understand anything. That is a sign the Last

Days that are approaching, that people are following Shaytan and he is playing with them. They are leaving the prophets, never following the holy commands of Heavens, so they are without honor. Now people don't think about honor; they are only asking to eat and drink, thinking one's honor doesn't matter. Now everything in the 21st Century is imitated; they are even trying to make imitated (cloned) children!

O Mankind! All of you, from east to west and from north to south, you must think about yourselves and know you are the most honored ones, more than angels! Allah Almighty put His Divine Secret in you! Angels asked to receive that honor and Allah (swt) said, "No. I created the Children of Adam for this honor."

O People! You must think about the honor Allah (swt) granted you, an honor that angels will not reach in a billion years! It is a pity they are following Shaytan, leaving the holy ones and their righteous advisers. They are reaching an end and now there is trouble everywhere, with every kind of curse coming to wake up people!

O People! There is such a trumpet blowing, to make people see they are on the wrong way. Come to the right way, or you will bring curses on yourselves that you will regret! This message is for all nations, from east to west! No one can say Jesus Christ (a), Sayyidina Musa (a), or Sayyidina Muhammad (s) (Mawlana Shaykh stands and sits) asked for such a life. All the prophets asked for an honored life here and Hereafter.

O Mankind! Keep your honor; live an honored life! If not, you will be following Shaytan to Hell, in this life and the Hereafter!

O People! We are asking forgiveness from Allah Almighty. I am sorry sometimes I am angry and my power comes down; particularly, I shout when a message comes from holy people.

People are wearing such strange clothes, and what is the meaning of them? The Pope and the holy ones in Christianity, Judaism, and Islam also, are not thinking, "Why are we wearing this dress?" Is it to collect money or jewels, or to make high buildings to show that you are an important one? No, the important one in the Divine Presence may be a poor person and his clothes may be torn. Allah Almighty is not looking at your dress, but at your hearts.

You must keep your Lord's Holy Name!
Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah ...

Huu, Huu, Huu, Huu, Huu...

Haqq, Haqq, Haqq, Haqq, Haqq...

Hasbun ’Llahu wa ni`ma ‘l-Wakeel...

For the honor of Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

## Use Your Mind and Your Will-Power

The best wish anyone can have, is to want to belong to Heaven, to be a Heavenly Person. Whoever is not interested in Heavenly Life, is like a lizard running in this world with its head down.
The Lord sends Heavenly Greetings regularly to his people through his prophets, saints and holy people. Such greetings give us refreshment in our hearts, minds and bodies because they bring blessings from the Lord. I would like to give you such a greeting, 'May peace be with you!' because this Interfaith group is asking for peace all over the world.

This is a chapel, a place for worship to bring peace to people. The building of churches, cathedrals, synagogues and mosque all have the main purpose of bringing peace to the souls of people, nothing else. All those places which ask for peace for humans are the most blessed places on earth. I wish to see a time when there will be as many places of worship as there are pubs. I am sad to see that there are 100 times more pubs than places of worship at the moment. Pubs are not blessed places, they are places of satan. They cause people to fall into troubles, to quarrel and to even kill each other. Very often when I drive through London late at night during the holy month of Ramadan on my way to the mosque, I see the people getting into the pubs, full of enjoyment. Two, three hours later, I see them fighting in front of the pubs, kicking, boxing and swearing at each other.

Oh my Lord, you gave us a mind, but most people are not using it. There is something preventing mankind to use their mind. It is a well-known fact that there is an evil-maker, a creature which is against the well-being of mankind and prevents mankind to use their mind and their will power. These two are the biggest grants from the Lord to his servants. You can find countless creatures on earth and in Heavens, but mankind are the only ones who have been granted a mind and will power.

But there is a creature which prevents us from using it. The Lord has sent several warnings, 'Beware of the creature who was the first one to rebel in my Divine Presence!'. Satan is the worst servant. Yes, even he is a servant, although he is the worst. He wants all of mankind to be like him: a bad servant. The Lord has sent his good servants to his servants on earth to be aware of this. I see so many notices on the church wall, but never the sign, 'Beware of satan!', even though he has been our first enemy since the beginning of creation. We are not really enemies of each other, but satan makes us. This 20th century is the worst century since the beginning of time. People are following satan more than they have ever done because they are not interested in anything belonging to Heaven. They are only interested in their enjoyments and in fulfilling their physical body's desires. That is all.

This morning I was watching people running with their Samsonite briefcases. In the evening I see them running back. What are they running after? I ask them, 'Did you catch what you were running after?' The days pass, months, years and our life ends. Our Samsonite will remain and we will be carried to our graveyard. If you know that your life ends in the graveyard, why don't you consider that? Why do you cheat yourself and say that there is no God? Who is teaching you such nonsense?

Religious people are disturbed by people's actions. Interfaith, the way I see it, is to join every faith, for every faith to meet each other and to find a way to save people in this life and in the next. Only that point is important for people to remember: that their life will end in the graveyard. We must find a way to remind people, otherwise their lives will be heedless. People are as if they were drunk or deaf. The more you speak, the less they will listen. If they listen, they will not hear. If they hear, they will not listen. Even if they do understand you, they will not give it any value and they will not practise the advice.

That is why meetings like these are not enough. Religious people must at least be representatives of prophets and saints and they must ask each other in which way we can come all together to save people by reminding

them. If the kingdom of satan is not destroyed, the Kingdom of Heavens cannot be established.

We are fighting each other by the command of satan. Every day you see so much dirt on television, people are learning every kind of dirt through there, polluting the minds of young people too. From day to day, more chaos and darkness is coming. Problems, miseries and sufferings are increasing and governments are more and more shocked. They don't know what to do. They think that it is an economical problem to be solved. But the real problem is satan. He causes the governments to look in the wrong direction. It is not an economical problem, it is something which belongs to our souls. We have lost the values of mankind. But satan does not allow them to say such things. They cannot see that this chaos into which every nation is falling into, is the result of our bad actions. Satan will not cease to push mankind into leaving all their values behind. That is the reason. Satan urges them to call it an economical crisis. But no! Economically we are on the highest level. No-one here is dying of hunger and everything in this life is arranged in a best way. Thank the Lord for that.

Friends can say bitter words, enemies always speak sweet, so that you will continue to run into your disaster. We must try to come together all of us, to prevent satanic dogmas and ideas to live. We must accept Heavenly Advice to reach peace. If you want to save yourself and your surrounding, you must destroy the kingdom of satan, even in detail. You will know what is the best for you and for others, as well as knowing what is the worst. Use your mind and your will-power. That will prevent you from falling into chaos. When you are using your mind and your will-power, you will find out that mankind, no matter what nationality or religion, was created for Divine Service.

## Use your will-power and move to heavens!

How many prophets have been sent to mankind since the beginning of mankind. They were all on the same line. They were calling people to be servants of their Lord. But who is preventing mankind to be servants, who makes them escape from servanthood? That is the question. Everyone knows that all of us are servants, but why we are not doing it? Why are we not giving our highest respect to the One who created us? He created man. He created animals. He created trees. He created rocks. He created earth and heavens. No-one can claim that he created something or himself. No-one can say that. We have been created. First you were created in the womb of your mother. Then you became male or female and grew. We know that we are servants. What is preventing us?

That is an important question. Since the beginning of mankind until today people are fighting and are getting against servanthood. They become disobedient and run away from worshipping and usually people even run away from goodness and prefer badness. Everyone in themself know someone who is within ourselves. We can also call it feelings, or desires within ourselves. It is that which is opposite to servanthood. That is another personality within ourself. So we find that there are two personalities representing ourself. We are one, but there are two kinds of personalities which will appear in one person. We have good desires and bad desires. We have good dealings and we have bad dealings. We have good feelings and we have bad feelings.

According to traditional knowledge, the Lord created man to be his representative. We are not angels and not

on the same class as animals. We are between these two levels, another kind of creation. We have been granted something from heavens and also something from earth. We keep heavenly and material positions together. We have also been given a Divine Attribute from the Divine Presence. It is intelligence, sense, wisdom and also will-power. That is the honour that has been given to mankind. Angels have not been given will-power, nor have animals. Man has been honoured to be given will-power from the Lord Almighty. He knows that we have an ego which belongs to earth and has desires and feelings. But its desires and feelings are not good. They belong to the desires and feelings of animals. They are the same. Our souls are from Heavens. They do not belong to earth, they belong to Heavens. The feelings of our souls are like angels. The desire of the soul is towards Light, towards the Divine Presence, towards Divine Wisdoms, towards Divine Love, towards Divine Beauties, towards Divine Perfection. But our egos desires are like animals, they belong to earth. Our ego is like a donkey. It only wants to eat and drink and run. But our souls want to rise from earth and to leave this heavy body and rise up. It is shown as a perfect example to mankind through Jesus Christ. Because through him the Lord Almighty is showing that you can rise up from here to Heavens. There is a way. Whoever stays on that way, can rise up.

The Seal of Prophets, may peace be upon him, also showed in his Nightjourney that he also rose up. Sayidina Ibrahim, may peace be upon him, Abraham, was shown Heavens by the Lord. These are famous Prophets. All Prophets rose up and the Lord showed them His Heavens. Whatever their souls asked to look and to find and to reach and to be and to see and to taste and to know, they reached. But they cannot taste that with their physical body. If we do not take care of our spiritual body, we can only taste that which the animals in the zoo also taste and feel. That is the level. It is the station of desire. When we follow our souls, by using the will-power which we have been granted and we use it for servanthood, then we will be granted Divine Powers with which we will reach Heavens. Unless we reach Heavens, we cannot be saved from troubles, sufferings, miseries, fightings, bad feelings and from being servants of satan. When we get out from the gravity of our egos, we will be free to reach Heavens. The gravity of bad desires make people bad-ones and to follow bad directions and not to be obedient and not to be servants of their Lord. That is why every prophet has been sent through the Heavens to make people to be able to control their egos through their will-power. If someone uses their will-power it will be much more powerful than any rocket. A rocket will be like a toy in comparison with our will-power which is the most mighty rocket. We can reach the Seven Heavens so quickly with it. It is all according to your will-power. There are some cars which use very thin petrol to move. Other

big trucks need huge pipes to move. The giantic rockets need even more. It is all according to the will-power which you will use and the Lord will give you much more power to reach the first, second, third, fourth, fifth, sixth, seven, to reach the Seven Heavens. But if your feet are caught in a trap you cannot move. If you free yourself from the hands of your ego, you can go.

Titles are not important. It is not important if you are Christians, Catholics, Baptists, Muslims, Jews, Buddhists or any kind of title. I am just asking you, "Have you set yourself free from your ego, or not?" Your title does not give you any benefit. If you take your freedom from your bad ego, that is important. Not to look who is reaching where. Don't look at the titles of others, look at where you are. I am asking you to come to me, but you are running on earth like planes on the runway without going up. What is the benefit? You might think that you have a jet plane, but you are going on the runway up and down. When are you going to go up? I see all these people going up and down on the runway, but no-one is going up!

We are all brothers and sisters from the same root. There is a tree, one root, but so many branches. That doesn't matter. All of us are from the same big family of mankind, but we have been invited to Divine Presence through so many prophets. Find your way and reach Heavenly Presence. Don't fight with each other about beliefs. Believe in Him, the Almighty and move towards Him! Whoever reaches there is a hero, the ones who just go up and down are like brothers of the zoo on four legs. What is the difference between them and us if we stay here on earth? The Lord asks us to go to Him, not to be here. It is written in all the Holy Books, in the Thora, the Bible and in the Psalms. All the prophets are bringing their messages from the Lord of Heavens and they are saying, "The Lord is expecting you!" That is the biggest honour. Imagine if Her Majesty the Queen would send for you and invite you to a Galanight and she would ask you to wear an evening-gown! You would try to prepare yourself for that, wouldn't you?

Oh, silly-ones! Allah Almighty is inviting us. Are we saying no to that? What kind of foolishness is that? Move! Use your will-power and move towards Heavens! May Allah forgive us.

## Uwais al Karani (Saint buried nearby) is not sleeping

Uwais al Karani (Saint buried nearby) is not sleeping, he is living, under the earth. The beginning of Kufr is to believe that people sleep in their grave up to eternity. It means: You never get up. When you sleep- finished, you should sleep and never awakening. That is the ways of materialist people and atheist people. Now people follow the ways of western people, and they put such nonsense and foolish ideas to people, making them not to believe in anything coming from Heavens. They deny prophets, holy books and everything coming from Heavens. And it is a new fashion, a new thing, that Muslims also say: Sleep here up to eternal, you are not going to awake, you are not coming back again. Your chance (firsat hayati) is finished, and you are going in an endless way. You are going and just you separated from us and we never will be with you again.' And this is making people to be much more sad, unhappy, hopeless, and to fall in a darkness that it is finished, he is never coming with you once again together. Every badness is coming from western countries and every bad idea coming through ways of philosophers. They have hayal, imagination; they imagine and say something and no mind people quickly run to them and say: 'You are alright', and that idea that comes through philosophers is against all beliefs coming from Heavens. They use it in so many different ways, working on it until it makes an effect on their minds. Using newspapers, magazines, TV, broadcasting, movies, films, cinemas- everything. That idea they put as a poison and especially they control, trying to control, everything, so that they control education, and from beginning they begin to give to give from small ones up to the high

school of universities, giving this idea to them, making it to work though their minds. And when graduating, coming as an atheist person, never believing in anything from spirituality. They are like rocks becoming, or like wood, or going to be like robots, only eating, drinking and working.

Beyond these ideas (?) they are never able to think on it. Just their mind is becoming out of order from everything that coming from Heavens. They are becoming robots without feeling, thinking or understanding, because they are imprisoned through their material being and they are in darkness. The sun never gives to them its light daytime. And nighttime is going to be worse for them. Through darkness they are getting much more fearful and hopeless and in depthless sadness, covering them.

That is the beginning of the punishment for those people who deny spirituality through mankind and a spiritual being through mankind. That is the spring of every crisis, trouble, difficulty, and misery that people fall in. That is the main reason. No more way for them to save themselves with material aspects. They can't do anything. Running, as a person falling in a deep well- he can't do anything except to catch what has been sent to him, a rope, he may catch it and may be taken out. If not catching what has been sent to him from up, he is never going to save himself and should be forever there, remaining there and finishing, dying there.

That was the reason that Allah Almighty sending His heavenly rope to mankind to catch it and to keep it, so that they may be taken out from every crisis, difficulty, suffering and trouble. The real troublemakers are atheist people. Firth they opened this door for nations and public so that people run into it. When people coming into it, it is closed, like Egyptian people in old times: bringing mummy of the pharaoh, entering and putting in it a prepared room. There was entrance, built in such a way that they move. When they left the body there, moving from anywhere that they prepared, touching, and stones coming down and closing that room where the dead body of the pharaoh is. So no one knows how they may get in, because four wall becoming all same, never known which wall was the door from where they put that body. Sometimes they also put the queen to be with him, closing on her also and she is dying there also. These Shaitan people, atheist people, put people in such a way, closing from everywhere and people who come with them never find a way to get out and should die there. Therefore we say that first troublemakers were atheist people. All of them deny heavenly things. They are like rocks, never understanding from heavenly positions, and people come in it, putting people in it, in that idea, and then it is too late for people for understanding that they have been cheated. Coming in it and closing on them.

Now all world people are imprisoned; like pharaoh put in his room people are imprisoned through atheist peoples' imprisoning. As long as they are atheists, there is no way for them to be saved. They should die there

and never coming to be happy and to be saved; the only way: if they can reach the rope that is been sent from Heavens they should be saved. All should die; from six people five going to die, because all are imprisoned in that materialist prisons. They believe in it and should die there. No way except to reach the rope that has been sent from Heavens. As long as they are denying, they should die. That is the divine Judgment just passed. From the beginning of Muharram 1423 all should be cleaned one after one. First should be died their chiefs, headquarters, going to be taken away one after one. We are in the beginning now. And you may see what is happening everywhere. It is going to be more and more until all of them die- then no more crises. Now they are in darkness, in prison with the mummy of pharaoh. They are happy to come in. May come. They think that they should solve everything with material aspects only. They shall see what happening to them. They are finishing.

It is a summary for all mankind, and at the same time it is a warning. If awakening before entering that prison they should be saved. But when they enter and are put with pharaoh there...pharaoh was cheating people, saying: 'I am your lord, I am saving you.' And he never saved himself. And these foolish people who followed him are now waiting when pharaoh is getting up and saving them. And suddenly the walls came down and going to be all people who expected something from him should be buried there also.

May Allah protect us not to be with pharaoh, tyrants, shaitans, but to be with heavenly, honoured people, prophets and saints, to keep their ways. Who asking to save himself must follow holy people, Awliya and Anbiya, and the Seal of Prophets, most honoured S.Muhammad sws.

## The Value of Good Hospitality

Guests come with their rizq, provision. He is eating a little bit and then remaining. Are you coming from the middle of Africa? Alhamdulillah, Allah is sending you here and your provision comes before you arrive! Welcome to you! May Allah forgive us and grant us the power that you are taking from provisions to be a helper of our servanthood. We are not eating for the pleasure of our physical beings, no, but it is a heavenly grant that guests come.

Shukran lillah, we are thanking Allah Almighty, and welcome you. I am now a weak one. Previously I may have run around and looked, but now shukran lillah, shukran lillah, I am not always sleeping in bed, no; I am going and coming. I am not going to be a burden on my children, alhamdulillah, shukran lillah.

Yes, you are coming and taking away heaviness from me also. Every time guests come the host becomes much more happy, and there is pleasure for him! Therefore, our ancestors were always using one room for guests to come and eat, sleep, and rest, and then they may depart. Now everywhere, everything is about material matters. People are not opening their doors for guests; rather, they send them to hotels! They are losing, they are losing!

Karam al-dayr, to look after your guests makes Allah Almighty happy with His servants. I am asking from

Allah Almighty not to make me tired by my guests. As much as possible, alhamdulillah everything for your barakah comes!

Du`a.

Fatihah.

Welcome to you!

# The Value of This World

Dastur Ya Sayyidi, madad. La ilaha illa Allah, La ilaha illa Allah La ilaha illa Allah Sayyididna wa Nabiyuna Mawlana Muhammadun Rasulullah Alfu alfu salat, alfu alfu salam alayka Ya Sayyid al Awwalin wal Akhirin ishfalana Ya Habibullah Dastur Ya Sahib al Waqt, dastur Ya Rijal Allah Dastur Ya Qutb al Mutasarrif Salamun alaykum Ya Rijal Allah, amidduna bi madadikum.

We are nothing, we are knowing nothing. Assalamu alaykum Ya Ibadallah. Assalamu alaykum our attenders who are asking to hear something from heavenly broadcasting. I am learning slowly, slowly. My English is going to be like English of Shakespeare, therefore I am saying for whoever is attending the broadcasting that is coming from Heavens towards this world that the Lord of Heavens is asking His servants to hear, not to be heedless, no.

Do you know stock market? Stock market people are sitting from early morning up to late Maghrib. But they are asking not to lose anything because they are coming to make a trade. Training (Trading). Trading not training. I am sorry that so many teachers for me but they are saying something else, I am not understanding. And I am saying what I am knowing is better. Give your attention.

This is for dunya, from early morning up to evening, stock market people are sitting like this and they are asking not to lose even one euro or one pence, or one franc, or one dollar. That is it. And the Lord of Heavens may give them what they are asking but when they are asking something of no value then the Lord of Heavens is leaving them. If they are asking something really valuable, the Lord of Heavens is granting to them from heavenly treasures. That is never getting lost, no. Here now, through this hour perhaps one thousand, or one million, or one

billion people are looking heedlessly. No, don't be heedless. Must be something (here) from precious stones. Precious stones that are going to be your eternal life; they will be for you, forever. That is most important, but people are heedless and they are saying "No need, no need". What can it be now in this hour? From east to west which work may bring to you much more profit? And, more than this. Yes, why you are not coming to hear and why you are not asking a heavenly grant? Heavenly grant is for your coming life after this life. It should be for you forever. But here through this life, what you reach of treasures is perhaps for today or tomorrow. When you are leaving going to anyone else. Therefore O Attenders, I am also beating my ego. Don't run anywhere else. Now you can reach eternal treasure. Don't lose it, try for it to be for you forever, but everyone's ego is through shaytanic asking. Request, maybe. They are asking more and more from dunya.

What is the value of dunya? We are coming to Salafi ulama. Marhaban. Welcome to you. We are very happy with you that you are attending. Yes, it is a question we may ask. But we must say now, we must stop here our heavenly declaration that is running to my heart. We may give a little bit time for saying, because the first command of Allah Almighty for His believers and servants is to say, "Assalamu alaykum". We are saying for all. If you are accepting it, you are lucky. If you are saying, "Wa alaykum assalam", you are lucky, here and Hereafter. It is finished. I am asking a heavenly support from the one who is supporting this planet in our days, the Qutb, the Pole of this planet. Asking not only support but heavenly support. I am not asking from you money or gold or pearls or diamonds, no. No, nothing. And therefore we must say: Audhu Billahi min as-shaytan ar-rajim. Everytime shaytan is making ourselves to step on wrong way. That is shaytan's mission. Shaytan is asking to carry people to Fire, to miseries, to suffering, to every badness, but showing something and behind it keeping something else.

Shaytan's mission is to cheat people. He is deceiving you. Yes? Shaytan is making people to step on the wrong way. That is his mission. He never is leaving people to step on a right way, to put their foot there. Always trying to put people's steps on the way towards Hells. Therefore first ihtifaz, the first protection that may keep ourselves from shaytan's trips and traps, is to say: Bismillah ar-Rahman ar-Rahim. Audhu Billahi min as-shaytan ar-rajim then, Bismillah ar-Rahman ar-

Rahim. Audhu Billahi min as-shaytan ar-rajim is cutting the feet of shaytan from coming to you. Coming a bullet on him and it is running away. Therefore make yourself in a safe case. Yes. Audhu Billahi min as-shaytan ar-rajim, O our Lord please protect ourselves from shaytan and its trips and traps.

Then we must be ready to face everything against humanity and against believers and against every holy one and holy thing that is reaching here from Heavens to some people. We said this first so that you will be in a safe and guarded place. May Allah forgive me.
Bismillah ar-Rahman ar-Rahim. What we are saying now, one question that is coming, and it must be clear for all Mankind, what is that? Therefore they are making me to ask from Salafi ulamas. Marhaban! I am asking one question, as I have been ordered. Say! What is the value of this world? That is an important question. Making me to ask from you. I am not preparing something but they are sending it to my heart to ask Salafi ulamas because la y`ujibuhumu'l `ajab. They are saying "We are the only ones that people must follow". Okay, no objection on it but until you are giving a satisfaction through my heart, I can't follow you. Ya Rabbi shukr.
That is an important question. I may ask that same question of His Holiness, the Pope. I may ask same question to chief rabbi, His Holiness. I may ask patriarchs and bishops and for every religion that is coming from Heavens and their representatives. I am asking all of them, not only Salafi ulamas alone, no! All of you give an answer. What is the value of this world? If you are not knowing, you are knowing nothing!

But first, I am asking for Salafi ulamas to say. I must hear. I must hear your answer. And if you are not answering, I am answering. I am knowing the answer therefore I am asking you, do you know it or not? It is Arabic, the words that Holy Prophet (pbuh) Sayyidina Muhammad (sas), sharrafa wa karram is saying. I am speaking to Salafi ulamas, hadha `indahum sahih aw ghalat? If it is true that that knowledge is from Prophet (sas) or not.

That is the discussion maybe between me and you, but, our mentality is saying, 'That is true'. What is that? Say! I am asking your ulamas, what is value of this world before the Lord of Heavens? You know? When I am saying the answer, don't say, "This is da`if, maudu or ghayru sahih”, no. If you are saying this, I am asking, qul hatoo burhanakum. And you are denying a hadith,

or making it weak or just maudu (fabricated), not incorrect, (instead) you are making it up. You must bring your proofs. And if what I am saying is not true you may object on it if your mentality is not accepting it you must bring to me a dalil, a proof.

It is mentioned through Islamic books and Islamic books must take their real power or real understanding from holy books. And real alim, real scholar, must also use a balance. If it is true or not, the balance must show that. Now, Bismillah ar-Rahman ar-Rahim, I am saying that. You may do, Salafi ulamas or Azhar ulamas, Sham ulamas, East ulamas, West ulamas, or his holiest Pope, or chief rabbi, chief of group of people that are saying, "We are Buddhists", I am asking their chief also if what I am saying is true or not?

What is that? I may say Bismillah ar-Rahman ar-Rahim. I am speaking to them in Arabic for understanding. Qala as-salatu w'as-salam, Sayyid al Awwalin wal Akhirin irshad li'l umam min al Awwalin wal Akhirin. What is he saying? Lau kanat ad-dunya t`adila `indallahi janaha ba`udah ma saqa kafirun minha shurbatu ma. Authentic or you are making it 'out'? Say, ulamas. I am reciting Arabic. When I speak it is to attenders who are not understanding Arabic. This, Sayyid al Awwalin wal Akhirin, the Seal of Prophets was saying, 'If this world, its value was as a wing of a mosquito, janaha ba`uda, a mosquito has four wings, not saying 4 wings but saying one wing of mosquito, Allah Almighty would not give unbelievers a sip of water, a cup of water to drink'. True or not? Say! Say! Say! I am a poor fellow, I am very weak one, old one, but you are young people and you are understanding best understanding, please give an understanding for that hadith, lau kanat ad-dunya t`adila `indallahi janaha ba`udah ma saqa kafirun minha shurbatu ma.

If Allah Almighty is giving a value for this huge world with its treasures under oceans and over continents, if its value was one wing of mosquito He would never give a cup of water for unbelievers to drink. True or not our Salafi ulamas? I am always forgetting I don't know what is real hikmah, real wisdom, but, when I am speaking I am asking to say then I am forgetting what was their name. Salafi ulamas. Tell me you, the representatives of old Salafi ulamas what you learned about dunya, what is its value? Any value? Any Value? That means the Seal of Prophets (sas) is saying, 'No value'. No value, never showing to them from everything on this world take and amuse yourself even less than wing of mosquito. That means its value is on zero-point.

O People! Come and listen, before you are repenting what that one was saying through East and West. You must hear. These words are coming through all holy books. Don't think that that old person is saying this. No! Open Old Testament, you will find the same. Or, open New Testament and you will find the same. Open the pages that are coming from Heavens to Prophets about this dunya and its value. You will find it the same. Holy Quran. Holy Quran, O our Lord, You granted us. That is mentioned from beginning up to the end. O People,

fa la tugharrannakumu al hayatu ad-dunya wa la yaghurrannakum biAllahi algharuru
So do not let the present life and the Deciever deceive you about Allah (35:5).

So many heavenly words, verses, all of them signalling, O People, you haven't been created for dunya you have been granted such an honour that this dunya, if it can be all of it, treasures, will never be on same level as what Allah Almighty dressed to you. O People! Don't be shaytans. And awliyas looking and seeing, from east to west, north to south, all people asking to be shaytans, not to be angels. All of them running to be bad ones, not running to be good ones. The whole world's people are running to be Afrit, Jinn that work for evil, for devil. They are wasting their whole life to make evil and to be devils. containing everything and giving a full -as when a doctor looking and giving a report this is high-level report of people living now on Earth. They are running after evil only. For what? To be devils. Running after evil to be devils. That is a short description for all nations including imitated Muslims and Christians and Jews and Buddhists and everyone. No one can say, "You are wrong". Say! You, Salafi ulamas. Say "You are wrong". Say it to me! I am accepting.

What we are saying is heavenly. Heavenly saying is making me to give a short description for all nations and their last request and last target and last aims. They are trying to do that because shaytanic teaching is making people to say, to believe that they have been created to do evil and to be devils. That is whole world and no hope for them. Those people must fall down. They will kill each other because they are running after evil and for everyone to be a devil. May Allah forgive us.

O People come and listen. Come and listen to be in safety from evil and devils, here and

Hereafter, to be saved ones. Therefore O Salafi ulamas why you are not making announcement everyday, you have every possibility. Why you are not broadcasting what we are saying now. O People you are running after evil to be devils. Every moment give that announcement to people. Perhaps they may think on it one day and may save themselves. O People come and say "Tawba Ya Rabbi, O our Lord, O our Lord, we are believing in You, correct our steps. You can do, we are maghlub. Not weak. Defeated. Defeated ones. Send heavenly supporters for your weak servants and save ourselves from evil and devils. For the honour of the most honoured one, Sayyidina Muhammad (sas).
Fatiha.

Their governments and people are trying to make more higher schools and universities and once I am asking what about the Holy Quran here? Or holy books. They are saying "Forbidden to come in them Holy Quran or holy books". What is the hope for such people?
O People come and say, tawba Ya Rabbi, tawba Ya Rabbi, tawba astaghfirullah. If you like. If you don't like following, follow shaytan. And Salafi ulamas please, min fadlikum, every day, in the morning and evening every hour make an announcement. Say and repeat these holy words to people so that maybe some of them may understand and come to truth. Accepting truth and they are coming on true way and true way is reaching them to the heavenly station and levels. Astaghfirullah.
Fatiha

**Der Wert dieser Welt**

---

Dastur ya Sayyidi, Madad. La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, Sayyidina wa Nabiyyuna Mawlana Muhammadun Rasulullah. Alfu Alfu Salat, Alfu Alfu Salam Alayka ya Sayyidu l-Awwalin wa l-Akhirin Ishfalana ya Habibullah, Dastur ya Sahibu l-Waqt, Dastur ya Rijal Allah, Dastur ya Qutbu l-Mutasarrif, Salamun Alaykum ya Rijal Allah, Amidduna bi Madadikum. Wir sind nichts, wir wissen nichts. As-Salamu Alaykum ya Ibadallah. As-Salamu Alaykum, Anwesende, diejenigen, die etwas hören wollen von den Himmlischen Übertragungen.

Das ist heute Abend, das lerne ich langsam, langsam, mein Englisch wird wie Shakespeare Englisch, deshalb sage ich, daß wer auch immer anwesend ist bei der Übertragung, die von den Himmeln zu dieser Welt kommt und die der Herr der Himmel Seinen Dienern zu Gehör bringen will, nicht achtlos zu sein. Nein.

Kennt ihr den Aktienmarkt? Die Aktienmarktleute sitzen vom frühen Morgen bis zum späten Maghrib. Aber sie wollen nichts verlieren, weil sie kommen, um Handel zu treiben. Training. (Trading) Handel, nicht Training. Es tut mir leid, daß es so viele Lehrer für mich gibt, aber sie sagen etwas anderes, was ich nicht verstehe. Und ich sage, was ich weiß, ist besser. Paßt auf. Dies ist für die Dunya, vom frühen Morgen bis zum Abend sitzen die Aktienmarktleute so und wollen nichts verlieren, nicht einmal einen Euro oder einen Pence oder einen Franc oder einen Dollar, das ist es. Und der Herr der Himmel gibt ihnen vielleicht, was sie wollen, aber wenn sie etwas wollen, was keinen Wert hat, dann läßt der Herr der Himmel sie. Wenn sie etwas wirklich Wertvolles verlangen, gewährt der Herr der Himmel es ihnen von den Himmlischen Schätzen. Das wird nie verloren gehen. Nein.

Und hier die Leute jetzt, in dieser Stunde, vielleicht tausend oder eine Million oder eine Billion Leute gucken achtlos. Nein, seid nicht achtlos. Es muß hier etwas von Edelsteinen geben. Edelsteine, die euer ewiges Leben sind, gehören euch für immer. Das ist sehr wichtig, aber die Menschen sind achtlos. Und sie sagen 'Nicht nötig, nicht nötig..' Was kann es sein jetzt, zu dieser Stunde? Von Ost bis West welche Arbeit bringt euch mehr Profit? Mehr als das, mehr als das. Ja, warum kommt ihr nicht, um zu hören, und warum verlangt ihr nicht nach einer Himmlischen Gabe? Die Himmlische Gabe ist für das künftige Leben nach diesem Leben. Sie wird für immer euer sein. Aber hier, in diesem Leben, was ihr an Schätzen erlangt habt, gehört euch vielleicht bis heute, morgen, wenn ihr weggeht, gehen sie an jemand anderen. Deshalb, ihr Anwesenden, auch ich schlage mein Ego. Lauft nicht irgendwoanders hin. Jetzt könnt ihr ewige Schätze erlangen. Verliert das nicht. Versucht, daß sie euch für immer gehören. Aber jedermans Ego, durch shaytanisches Ersuchen, Fordern vielleicht, will immer mehr und mehr von der Dunya.

Was ist der Wert der Dunya?

Wir kommen zu den Salafi Ulama. Marhaban. Willkommen, euch ein Willkommen. Wir freuen uns darüber, daß ihr teilnehmt. Ja, es gibt eine Frage, die wir stellen wollen. Aber wir müssen jetzt etwas sagen, wir müssen hier unsere Himmlische Erklärung, die in mein Herz läuft, unterbrechen. Wir geben ein wenig Zeit, um zu sagen, weil das erste Gebot Allahs des Allmächtigen für Seine Gläubigen, für Seine Diener ist, zu sagen "As-Salamu Alaykum". Wir sagen es für alle. Wenn ihr es annehmt, habt ihr Glück, wenn ihr sagt "Wa Alaykumu s-Salam", habt ihr Glück hier und im Jenseits. Es ist zu Ende. Ich bitte um Himmlische Unterstützung von dem einen, der diesen Planeten in unseren Tagen unterstützt, dem Qutb, dem Pol, dieses Planeten. Ich bitte nicht nur um seine Unterstützung, sondern auch um Himmlische Unterstützung. Ich fordere von euch kein Geld oder Gold oder Perlen oder Diamanten, nein. Nein, nichts.

Und deshalb müssen wir sagen: Audhu Billahi mina sh-shaytani r-rajim, jedes Mal, wenn Shaytan erwirkt, daß wir den falschen Weg gehen. Das ist Shaytans Aufgabe. Shaytan will die Menschen ins Feuer bringen, ins Elend, ins Leid, in alles Schlechte, aber er zeigt etwas und dahinter verbirgt er etwas anderes. Shaytans Aufgabe ist es, die Menschen zu betrügen. Er täuscht euch. Ja? Shaytan erwirkt, daß die Menschen auf den falschen Weg gehen. Das ist seine Aufgabe. Er läßt die Menschen nie in Ruhe, um auf den rechten Weg zu gehen, den Fuß dorthin zu setzen. Er versucht immer, die Schritte der Menschen in Richtung Hölle zu lenken. Deshalb ist der erste Ihtifaz, der erste Schutz, der uns vor Shaytans Tricks und Fallen bewahren kann, zu sagen: Bismillahi r-Rahmani r-Rahim. Audhu Billahi mina sh-shaytani r-rajim, dann, Bismillahi r-Rahmani r-Rahim. Audhu Billahi mina sh-shaytani r-rajim schneidet die Füße Shaytans ab, damit er nicht zu euch kommen kann. Es kommt eine Kugel auf ihn, und er rennt weg. Deshalb bringt es euch in eine sichere Hülle. Ja. Audhu Billahi mina sh-shaytani r-rajim, unser Herr, bitte schütze uns vor Shaytan und seinen Tricks und Fallen.

Dann müssen wir bereit sein, allem gegen die Menschheit und gegen die Gläubigen und gegen jeden Heiligen und jedes Heiligtum gerichteten entgegenzutreten, das von den Himmeln hierher zu manchen Menschen gelangt ist. Wir haben das zuerst gesagt, damit ihr an einem sicheren und behüteten Ort seid. Möge Allah mir vergeben. Was wir jetzt sagen: Bismillahi r-Rahmani r-

Rahim. Eine Frage kommt, und sie muß für die gesamte Menschheit geklärt werden. Was ist das? Deshalb bringen sie mich dazu, ...die Salafi Ulama zu fragen. Marhaban! Ich stelle euch eine Frage, wie mir befohlen wurde. Sprecht! Was ist der Wert dieser Welt? Das ist eine wichtige Frage. Sie heißen mich euch das zu fragen. Ich bereite nichts vor, sondern sie senden in mein Herz, die Salafi Ulama zu fragen, weil "La Y`ujibuhumu l-`Ajab". Sie sagen: 'Wir sind die einzigen, denen die Menschen folgen müssen.' Okay, kein Einwand dagegen, aber bis ihr nicht mein Herz zufriedenstellt, kann ich euch nicht folgen. Ya Rabbi Shukr. Das ist eine wichtige Frage. Ich kann dieselbe Frage Seiner Heiligkeit, dem Papst stellen. Ich kann dieselbe Frage dem Oberrabbiner, Seiner Heiligkeit, stellen. Ich kann die Patriarchen und Bischöfe fragen und für jede Religion, die von den Himmeln kommt, den entsprechenden Stellvertreter. Ich frage sie alle, nicht nur die Salafi Ulama allein. Nein! Die Salafi Ulama müssen sprechen und antworten, und ich richte diese Ansprache auch an alle religiösen Menschen. Ihr alle, gebt eine Anwort.

Was ist der Wert dieser Welt? Wenn ihr es nicht wißt, wißt ihr überhaupt nichts. Aber zuerst fordere ich die Salafi Ulama auf zu sprechen. Ich muß es hören. Ich muß euere Antwort hören. Und wenn ihr nicht antwortet, antworte ich. Ich weiß die Antwort, deshalb frage ich euch, wißt ihr es oder nicht? Es sind Worte auf Arabisch, die der Heilige Prophet (saws) gesagt hat, Sayyidina Muhammad (saws), Sharrafa wa Karram. Ja, er sagt, in arabischen Worten spreche ich zu den Salafi Ulama: "Hadha `Indahum Sahih Aw Ghalat?" Stimmt es oder nicht, daß dieses Wissen vom Propheten (saws) ist, oder nicht, das ist vielleicht die Diskussion zwischen mir und euch, aber unser Geist sagt: 'Es stimmt.' Was ist das? Sprecht! Ich frage euere Ulama: Was ist der Wert dieser Welt vor dem Herrn der Himmel? Wißt ihr es? Wenn ich die Antwort gebe, sagt nicht: 'Das ist Da`if Maudu oder Ghayru Sahih', nein. Wenn ihr das sagt, fordere ich: "Qul hatu burhanakum". Und ihr leugnet ein Hadith oder macht es schwach oder einfach Maudu, erfunden, nicht inkorrekt, stattdessen macht ihr das. Ihr müßt euere Beweise vorbringen.

Und wenn das, was ich sage, nicht stimmt, könnt ihr widersprechen. Wenn euer Geist es nicht anerkennt, müßt ihr mir einen "Dalil", Beweis, bringen. Es wird in islamischen Büchern erwähnt, und islamische Bücher müssen ihre wahre Macht oder ihr wahres Verständnis von den Heiligen Büchern nehmen. Und ein wahrer Alim, ein wahrer Gelehrter, muß auch eine Waage benutzen.

Ob es wahr ist oder nicht, muß die Waage zeigen. Nun, Bismillahi r-Rahmani r-Rahim, sage ich. Ihr mögt es tun, Salafi Ulama oder Azhar Ulama, Sham Ulama, Ost Ulama, West Ulama, oder Seine Heiligkeit, der Papst oder der Oberrabbi, das Oberhaupt derer, die sagen 'Wir sind Buddhisten'. Ich frage ihr Oberhaupt auch, ob das, was ich sage, wahr ist oder nicht. Was ist das? Ich sage: Bismillahi r-Rahmani r-Rahim. Ich spreche Arabisch mit ihnen, damit sie verstehen.

"Qala s-Salatu wa s-Salam, Sayyidu l-Awwalin wa l-Akhirin, Irshad li l-Umam mina l-Awwalin wa l-Akhirin." Was sagt er? "Lau Kanatu d-Dunya T`adila `Indallahi Janaha Ba`udah Ma Saqa Kafirun Minha Shurbatu Ma." "Ma Saqa Kafirun Minha Shurbatu Ma." Authentisch oder macht ihr es 'aus'? Sprecht, Ulama. Salafi Ulama, sprecht. Ich rezitiere in Arabisch. Wenn ich zu den Anwesenden spreche, damit sie verstehen, die kein Arabisch können. Das, Sayyidu l-Awwalin wa l-Akhirin, das Siegel der Propheten (saws) sagte: Wenn diese Welt einen Wert hat wie ein Flügel einer Mücke, "Janaha Ba`uda", die Mücke hat vier Flügel, er sagt nicht '4 Flügel', sondern ein Flügel der Mücke, gibt Allah der Allmächtige den Ungläubigen nicht einen Schluck Wasser, eine Tasse Wasser zu trinken. Wahr oder nicht? Sprecht! Sprecht! Sprecht! Ich bin ein armer Kerl, ich bin sehr schwach und alt, aber ihr seid junge Leute, und ihr versteht mit dem besten Verständnis. Bitte, gebt ein Verständnis für dieses Hadith: "Lau Kanati d-Dunya T`adila `Indallahi Janaha Ba`udah Ma Saqa Kafirun Minha Shurbatu Ma." Wenn Allah der Allmächtige dieser riesigen Welt mit ihren Schätzen unter den Ozeanen und über den Kontinenten einen Wert gibt, wenn ihr Wert ein Mückenflügel ist, würde Er niemals den Ungläubigen eine Tasse Wasser zu trinken geben. Wahr oder nicht, Salafi Ulama? Ich vergesse immer, ich weiß nicht, was wahre Hikmah, wahre Weisheit ist, aber wenn ich spreche, etwas sagen will, dann vergesse ich, was ihr Name ist. Salafi Ulama.

Sagt mir, die Stellvertreter der alten Salafi Ulama, was ihr gelernt habt, über die Dunya zu sagen. Was ist ihr Wert? Irgendein Wert? Irgendein Wert? Das bedeutet, das Siegel der Propheten (saws) sagt: 'Kein Wert'. Kein Wert, zeigte ihnen nie alles auf dieser Welt zu nehmen und sich zu amüsieren. Sogar weniger als der Flügel einer Mücke. Das bedeutet, ihr Wert ist Null. Leute, kommt und hört, bevor ihr bereut, was dieser sagt in Ost und West. Ihr müßt es hören. Diese Worte kommen in allen Heiligen Büchern vor. Glaubt nicht, daß ein alter Mensch das sagt. Nein!

Schlagt das Alte Testament auf, ihr werdet dasselbe finden. Oder schlagt das Neue Testament auf, und ihr werdet dasselbe finden. Schlagt die Seiten auf, die von den Himmeln zu den Propheten kommen über diese Dunya und ihren Wert. Ihr werdet dasselbe finden. Der Heilige Quran. Der Heilige Quran, o unser Herr, Du hast ihn uns gewährt. Das wird erwähnt von Anbeginn bis zum Ende, um die Menschen...

O Leute, "Fa La Tugharrannakumu l-Hayatu d-Dunya" (35:5). So viele Himmlische Worte, Verse, sie alle weisen darauf hin, ihr Leute, daß ihr nicht für die Dunya erschaffen wurdet. Euch wurde solche Ehre zuteil, daß diese Dunya mit all ihren Schätzen niemals auf derselbe Stufe sein wird wie das, mit dem Allah der Allmächtige euch bekleidet hat. Ihr Leute, seid keine Shaytane. Und die Awliyah gucken und sehen von Ost bis West, von Nord bis Süd wollen alle Leute Shaytane sein, keine Engel. Alle von ihnen eilen sich, schlecht zu sein, und eilen sich nicht, gut zu sein. Die Leute der ganzen Welt eilen sich `Ifrit zu sein, Djinn, die für das Böse arbeiten. Sie verschwenden ihr ganzes Leben damit, Böses zu tun und Teufel zu sein. ...alles beinhaltend und gibt einen vollen - wie wenn ein Arzt guckt und einen Bericht gibt, ist dies ein hochrangiger Bericht über die Menschen, die jetzt auf der Erde leben. Sie laufen nur dem Bösen hinterher. Wozu? Um Teufel zu sein. Sie laufen hinter dem Bösen her, um Teufel zu sein. Das ist eine kurze Beschreibung aller Nationen, einschließlich der imitierten Muslime und Christen und Juden und Buddhisten und allen.

Niemand kann sagen: Ihr habt unrecht. Sprecht! Ihr Salafi Ulama, sagt: Du hast unrecht. Sagt es mir! Ich akzeptiere es. Was wir sagen, ist Himmlische Rede. Die Himmlische Rede läßt mich eine kurze Beschreibung abgeben aller Nationen und ihrer letzten Anliegen und letzten Ziele und letzten Bestrebungen. Sie versuchen... weil die shaytanische Lehre die Menschen veranlaßt zu sagen und zu glauben, daß sie erschaffen wurden, Schlechtes zu tun und Teufel zu sein. Das ist die ganze Welt, und es gibt keine Hoffnung für sie. Diese Leute müssen fallen. Sie werden einander töten, weil sie dem Bösen hinterherlaufen, damit jeder ein Teufel ist. Möge Allah uns vergeben. Ihr Leute, kommt und hört. Kommt und hört, damit ihr in Sicherheit seid vor dem Bösen und den Teufeln hier und im Jenseits, um Gerettete zu sein.

Deshalb, o Salafi Ulama, warum macht ihr keine Bekanntmachung jeden Tag? Ihr habt jede

Möglichkeit dazu. Warum sendet ihr nicht das, was wir jetzt sagen? 'Ihr Leute, ihr lauft dem Bösen hinterher, um ein Teufel zu sein.' Gebt diese Bekanntmachung an die Menschen jeden Moment. Vielleicht denken sie eines Tages darüber nach und retten sich. Ihr Leute, kommt und sagt: Tawba ya Rabbi, o unser Herr, o unser Herr, wir glauben an Dich, korrigiere unsere Schritte. Ihr könnt das tun. Wir sind maghlub. Nicht schwach. Besiegt. Besiegte. Sende Himmlische Unterstützer für deine schwachen Diener und rette uns vor dem Bösen und Teufeln. Zu Ehren des Meistgeehrten, Sayyidina Muhammad (saws). Fatiha.

Ihre Regierungen und Menschen versuchen, mehr höhere Schulen und Universitäten einzurichten, und als ich fragte: 'Was ist mit dem Heiligen Quran hier oder den Heiligen Büchern?' sagten sie: 'Verboten der Heilige Quran oder Heilige Bücher in ihnen.' Welche Hoffnung gibt es für solche Leute? Ihr Leute, kommt und sagt: Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Wenn ihr wollt. Wenn ihr dem nicht folgen wollt, folgt Shaytan und den Salafi Ulama. Bitte, min Fadlikum, macht jeden Tag morgens und abends, jede Stunde eine Bekanntmachung. Wiederholt diese Heiligen Worte für die Menschen, so daß vielleicht einige von ihnen verstehen und zur Wahrheit kommen, die Wahrheit anerkennen und auf den wahren Weg kommen, und der wahre Weg sie zu Himmlischen Stationen und Ebenen bringt. Astaghfirullah.. Fatiha.

## Indeed, The Vengence Of Your Lord Is Severe

(Dt.: RacheDeinesHerrn)

The words of Unity/Tawhid 1000 La Ilaha illa Allah 1000 Salawat, Dalail Al Khayrat & The Glorious Quran. And more, in the day.. in the month of Rajab Al Murajjab, the blessed month of Allah (swt). And it is necessary to say Tawba. Astaghfirullah Al Azim wa Atubu Ilayh. If possible to recite this 70 to 700 times. It will alleviate the ummah very fast with Allah's (swt) permission. All worries shall be taken away from them. Because this is a blessed month and it is related to Allah (jwa).

It arrived this month, it is blessed with Glory! Divine Glory. Not just any Glory but this year the month of Rajab arrived with a Glory a Divine Glory! And if a month starts with Divine Glory it means that The Lord of Heavens & Earth Will take His (swt) Vengeance from those who kill the servants of Allah (swt) with no.. with no reason, with no rights! O Muslims this is the Order of Allah (swt). And it is a Divine Decree from Heavens - and correct the situation between you. This is an order. If you stop & leave the killing for the sake of Allah's (swt) order, you will be saved. Otherwise "Indeed, The Vengeance of Your Lord Is Severe" (85:12) A strike will come that cannot be taken back, ever! Allah (swt) Will take His Vengeance.

"Inna Allahu Azizun Dhul-Intiqam." Aman Ya Rabbi, tawba Ya Rabbi. O people repent to Allah (swt) a true repentance, it will save you. Fatiha. This addressing is a Heavenly addressing. Listen to it & take wisdom, because if you take wisdom you will benefit. You take benefit.

Bismillah Al Rahman Al Rahim This is the first declaration from The orders of Heavens to the people of earth generally and specially to the Muslim people. And O Kings! Rise up & stand for the Powerful Sharia of Allah (swt). Otherwise... otherwise you will regret & at that time it will not benefit you. Hashemite who have the most right to be Sultan and Khalifa. I have given him my Bayat/oath publicly several times. O people move, declare your Bayat to him, you will be saved in this world & in the Hereafter. Otherwise you have nowhere to be safe or a place to seek refuge. There

is nowhere to run except to the Prophet (saws). Allahu Akbar Al Akbar! Tawba Ya Rabbi tawba.

O people of Egypt! Be wise. O people of Libya, O people of Iraq, O people of Sham, O people of Yemen, Muslim world Wake up & look at the Words of Allah (swt). Listen & take wisdom. If you take wisdom you will benefit. Allahu Akbar Al Akbar! Ya Rabbi tawba Ya Rabb. Tawba Ya Rabbi,tawba astaghfirullah Fatiha. Stop the fighting! "O My servant, tell them." "O my nation astaghfirullah for me & for you & for believers Ya Rabbi Tub alayna Ya Tawwab, Tub alayna Ya Tawwab! Tub alayna Ya Tawwab! Ask a true tawba/repentance. Say astaghfirullah Al Azim wa Atubu Ilayhi 70 times to 700 times everyday, you will be saved from the curses of this world & from the punishment of the Hereafter.

O servants of the Lord, be obedient and faithful to the Lord of the worlds & to His Beloved (saws). Fatiha. O scholars of the Muslim world, declare this declaration that is from Heavens to the people of the world. It is coming for the beginning of the month of Allah (swt) Rajab Al Murajjab. The month of Allah (swt). Correct your condition & keep, keep a straight line and stop at your limits otherwise regretting will not give you any benefit, if you do not repent & return to your Lord Allah (jwa) Tubna Wa Raja'na Ilayk Ya Rabbana. And keep the 5 prayers. and give what Allah Almighty ordered to give from Zakat and sadaqa & spend all your efforts to do goodness. Do not collect the wealth of this world, give from this world to who is needy. Be merciful with who is on earth, so in Heavens you can find mercy. Allahu Akbar Al Akbar!
Fatiha.

## Verbindung mit den Himmeln

Wer ein reines Herz hat, ist ein Heiliger, gehört zu den awliâ'. Was unser Herz verunreinigt, ist dunya, diese Welt. Sie verwandelt Herzen in Toiletten. Satan benutzt die Herzen der Menschen als Klosett. Er bringt die Sehnsucht nach der Welt ins Herz, und die Welt macht das Herz schmutzig. Und wegen der Liebe zur Welt kämpfen wir gegeneinander, um der Welt willen bringen wir uns gegenseitig um. Neid und Eifersucht, Zorn und Wut, jede Schlechtigkeit rührt daher, und wir werden zu Heuchlern um der Welt willen. Alle Schlechtigkeit entsteht um dieser Welt willen. Wenn jemand dazu fähig ist, die Liebe zur Welt aus seinem Herzen zu verbannen, dann wird er rein, und sein Herz wird rein. Gebt der Welt keinen Platz im Herzen – ihr mögt dunya in euren Händen halten, haltet die Hände weit offen, wenn jemand etwas daraus nehmen will, laßt ihn nehmen, und wenn einer etwas hineinlegen will, dann laßt ihn geben.
Ich habe neulich angeordnet, die sadaqa-Kiste offen stehen zu lassen. Wer etwas reintun will, soll geben, und wer etwas braucht, soll sich's nehmen. Unser Zweck ist es, den Notleidenden zu stützen. Wir sind keine Inspektoren für Almosen. Warum laßt ihr zu, daß Leute die Kästen aufbrechen müssen. Laßt sie offen, jeder kann sich nehmen. Das ist eine sehr erfreuliche Nachricht, doch ist dies ein traditionelle isslamisches Verfahren, das die Muslime früher praktizierten. Unsere Vorfahren hatten in ihrem Viertel offene Plätze, wohin sie nachts ihre Almosen brachten, und die Armen kamen und nahmen sich, was sie brauchten. Das Almosen, das im Verborgenen gegeben wird, beschwichtigt den Zorn Gottes. Die Armen konnten sich

nehmen, und keiner erkannte sie dabei, keiner sah sie. Das ist nur eine der Schönheiten des Islam, so fein und vorsehend, so perfekt. Doch wir sind keine vollkommenen Repräsentanten des Islam. Wir sind so roh, mit unserer Grobheit schüren wir den Haß der Menschen gegen den Islam. Dabei kann man kein vollkommeneres System des Zusammenlebens finden als den Islam. Bis heute kann keiner von einer Regel des Islam sagen, sie sei gegen die Menschheit oder ungeeignet für unsere Zeit. Es ist so klar, doch die Teufel veranlassen die Nicht-Muslime, immer auf die Muslime zu schauen, dabei sind die Muslime so weit weg vom wahren Islam. Sie halten ihn nicht mit Genauigkeit ein, die meisten sind nur noch dem Namen nach Muslime. Wie viele Generationen von Muslimen es bis heute gegeben haben mag, unsere Muslime der jetzigen Zeit sind auf der untersten Ebene von allen angelangt. Schaut nicht auf sie. Der Islam selbst ist Vollkommenheit, von jeder Seite aus betrachtet.

Alles, was der Menschheit von Nutzen ist, kannst du im Islam finden. Und alles, was den Menschen physisch oder spirituell Schaden zufügen kann, ist im Islam verboten. Die besten Manieren und Umgangsformen sind im Islam gebräuchlich. Unser heiliger Prophet, Allâh segne ihn und schenke ihm Heil, sagte: „Adabani rabbi, fa ahsana tadibih.“ Mein Herr hat mich die besten Sitten gelehrt. Man kann sich kein besseres Verhalten vorstellen als seines. Allah selbst hat ihn gelehrt, und er hat ihm von allem die besten Dinge geschenkt für den Islam, für immer und für alle Nationen, um ihnen die Möglichkeit zu geben, ihre spirituellen Positionen zu verbessern. Und er hat unsere Wege zu den Himmeln geöffnet und vorgegeben. Der Islam arrangiert alles, was unser physisches Dasein betrifft, auf vollkommene Weise, doch wir sind zugleich aufgefordert, uns zu den Himmeln aufzumachen. Jede Religion verlangt von ihren Anhängern, sich den Himmeln zu nähern, und jede Religion hat bestimmte Methoden dafür mitgebracht, auf welchen Wegen man zu den Himmeln gelangen könnte. Der leichteste und schnellste Weg ist im Islam zu finden. Doch wie ich sagte, sind wir jetzt auf der untersten Stufe. Wir leugnen, daß es Wege zu den Himmeln gibt. Wir versuchen, aus dem Islam eine Religion zu machen, die sich nur mit dem Leben auf der Erde befaßt. Die falschen Wege und Richtungen verbreiten sich zunehmend und halten die umma davon ab, sich auf die Wege zu den Himmeln zu begeben. Die tarîqats, die Sufi-Orden, zeigen die Wege, wie man zu den Himmeln gelangt.

Doch die Muslime jetzt sind an nichts anderem interessiert als nur an Geld. Wenn sie jemanden sehen, der eine Gebetskette in der Hand hält, sagen sie gleich: „Laß das !“ Ihre Gebetsformel ist das Geld. Wenn wir „Allâh, Allâh, Allâh...“ sagen, sagen sie, das sei bidat oder shirk. Wenn man aber „Geld, Geld, mehr Geld...“

sagt, ist das in ihren Augen kein shirk. Ihre falschen Ideen sind in der islamischen Welt jetzt weit verbreitet, doch sie werden verlieren und sind selbst verloren, weil sie nichts haben, was sie den Herzen der Menschen geben könnten. Sie können sich nicht bewegen. Mancherorts, wenn ein Bischof stirbt, ziehen ihm seine Leute die offiziellen Kleider an, setzen ihn auf seinen Thron und setzen ihm seine Bischofskrone aufs Haupt. Einer hält seine Hand hoch, und die Leute kommen und küssen die linke Hand des Bischofs zum Abschied und gehen weiter. Der Bischof selbst ist tot, und wenn ihn nicht ein paar Leute halten würden, würde der Körper zu Boden fallen. Und so sind die Leute, die nicht an himmlische Wege glauben, sie denken, daß der Islam mit Geld allein aufrecht stehen kann, mit ihrem Erdöl. Doch die Seele des Islam ist mit den Himmeln in Verbindung, wie können sie die Menschen davon abhalten, sich zu den Himmeln zu bewegen? Wir sind keine Buddhisten und keine Hindus. Wir haben ein heiliges Buch und eine Verbindung mit den Himmeln. Warum benutzen sie nicht ihr Geld aus dem Erdöl zum Wohle und Nutzen der Muslime?
bidat: bedeutet Neuerung, wobei die erwähnten Quadratköpfe nicht einmal unterscheiden können, was eine nützliche und was abzulehnende Neuerung ist. shirk: Götzendienst, Beigesellung von anderen Göttern.

## Verborgene Welten - Jetzt bin ich Meer

(Fortsetzung von Lichtblick 99) Ich begrüße all unsere Gäste hier – ihr seid uns herzlich willkommen. Macht es euch bequem, ihr sollt euch wohlfühlen, wir sind hier in keiner Schule. Keine Angst, wir werden keinen Unterricht erteilen, keiner muß Prüfungen ablegen. Wir haben uns hier aus freien Stücken zusammengefunden, an einem anspruchslosen Platz, an dem bescheidenes Volk verkehrt. Die Anwesenheit unserer hochgeschätzten Gäste ehrt uns. Ich bitte meinen Herrn, unseren Gästen von Seiner göttlichen Ehre zu geben, denn Seine Ehre ist absolute Ehre. Jede Zusammenkunft sollte einem guten Zweck dienen, denn wenn wir unnütz zusammensitzen, verschwenden wir bloß unsere Zeit, und Zeitverschwendung ist nichts Gutes. Wirklich klug sind wir, wenn wir jeden Schritt und jeden Augenblick in unserem Leben nutzbringend und bedeutungsvoll gestalten können und aufhören, mit sinnlosen Unternehmungen unsere kostbare Zeit zu verplempern. Darum bitte ich meinen Herrn, daß Er uns von Seiner Weisheit etwas mitteile, damit Seine verehrten Gäste, die Er zu uns geführt hat, an unserem Zusammensein hier wahre Freude haben, und daß keiner uns unbefriedigt verläßt. Mit diesem Gebet legen wir das Fundament für unser Gebäude und warten nun auf eine Eingebung von unserem Herrn, die wir für unser Leben nützen können und die unsere Herzen mit der Freude an unserem Herrn erfüllt, dem Herrn der Welten. Wir alle sind Söhne Adams, und nach Aussage aller Propheten sind die Söhne Adams über aller Kreatur mit der Ehre ausgezeichnet worden, Gottes Stellvertreter auf Erden zu sein. Jeder einzelne ist dazu erschaffen und ausersehen. Man fragt sich: Wie ist es

möglich, daß jeder der zig Millionen der Söhne Adams alle in einem einzigen Universum Gottes Stellvertreter (Khalif Allahs) sein sollen? Womöglich sieht es von außen so aus, als wären wir alle in einem einzigen Universum angesammelt, aber aus der Sicht höherer Wirklichkeit erscheint es ganz anders. Wißt ihr denn nicht, daß euer Herr über Meere unendlichen Willens, Wissens und grenzenloser Weisheit verfügt? Daß Sein Schaffen von Ewigkeit zu Ewigkeit andauert und daß Seinen Willen und Seine Macht keiner aufhalten kann, und daß nichts Seiner Macht und Seinem Willen standhält? Nur Er allein vermag das volle Ausmaß Seiner Herrschaft und Seines göttlichen Reiches zu ermessen. Dieses ganze wunderbare, erstaunliche Weltgefüge gehört niemandem als unserem Allmächtigen Herrn. Wir können uns zwar über diese Seine Schöpfung einiges an Wissen aneignen, aber wieso nehmen wir an, daß diese uns bekannte Welt die einzige ist? Im heiligen Qur'an bezeichnet sich Allah, der Schöpfer, als „der Herr der Welten", und „Herr des Universums", was darauf hindeutet, daß Er Herrscher ist über ungezählte, endlose Welten, deren Zahl keiner kennt. Er vermag für jeden einzelnen der Söhne Adams ein eigenes Universum zu entwerfen und ihm zu schenken. Dadurch würden sich Seine unendlichen Meere der Macht nicht einmal um einen Tropfen verringert haben, noch wären Seine Schätze weniger geworden. Und obwohl wir von außen nur eine einzige Welt erkennen können, hat unser Herr in Wirklichkeit einem jeden der Söhne Adams eine eigene, private Welt beschert; eine Welt aus unsichtbaren, verborgenen Schätzen, die aus dem unergründlichen Ozean Seiner Macht und Gnade auftauchen. Verglichen mit dem unmeßbar großen Weltall, muß der Mensch, körperlich, als unscheinbarer kleiner Wicht erscheinen; aber seinen spirituellen Eigenschaften nach gemessen, erweist sich derselbe Mensch gigantischer als das gesamte Universum. Nun können wir die Menschheit in zwei große Gruppen unterteilen: Zu der einen Gruppe zählen die Menschen, die sich selbst (sprich: ihre inneren Universen) bereits entdeckt haben, während die andere, zu der der weitaus größere Teil der Menschheit zählt, diejenigen umfaßt, die sich selbst noch nicht kennen, deren innere Welten noch der Entdeckung harren. Noch zählen wir zu den „Unentdeckten", unsere Schätze sind sogar vor uns selbst noch verborgen, wir kennen uns selbst noch kaum. Zu den außergewöhnlich begnadeten und glücklichen Menschen, denen die Selbstentdekkung gelang, zählte Abu Yazid Al-Bistami. Er sagte einmal in bezug auf unser inneres Wesen: „O ihr Söhne Adams, die Wirklichkeit unserer inneren Welten ist von solch unermeßlicher Größe, daß sogar das ganze Weltall darin verschwinden müßte – gleich einem Ring, den man in das Meer wirft: Niemals findet man ihn wieder!" Als ob man ein verlorenes Kleinod vom Weltraum aus auf Erden suchen wollte; einen Mt. Everest könnte man von so hoher Entfernung vielleicht noch sehen, aber ein so winzig kleines Ding findet man niemals wieder. Ebenso ist das gesamte Universum im Vergleich zu unseren unendlichen inneren

Welten verschwindend gering. Um diese gewaltigen Universen in uns zu entdecken, müssen wir die Schlüssel zur Selbsterkenntnis finden. Immer wieder gaben uns die Propheten und Gesandten – gewissermaßen „Sonderbeauftragte“ unseres Herrn – diese Empfehlung. Alle Propheten, sowie die mit der inneren Nachfolge Betrauten, die Heiligen, beschreiben uns auch, wie wir die Suche beginnen sollen: Wir müssen unsere Aufmerksamkeit von außen nach innen führen, von der Welt äußerer Dinge absehen und nach innen blicken. Solange wir von den Annehmlichkeiten dieses Lebens abgelenkt und in Anspruch genommen sind, ist uns der Zugang zu den in uns verborgenen Welten verwehrt. In unserer Zeit haben viele Leute einen lieblichen Duft wahrgenommen und ziehen aus, um an die Quelle des guten Geruches zu gelangen. Sie suchen sie auf der ganzen Welt, lesen die unterschiedlichste Literatur, probieren verschiedenste Methoden aus, sie fahren nach Indien, sogar nach Tibet, nur um die Quelle des guten Duftes aufzuspüren. Ich rieche aber schon von weitem den Gestank! Ein Heiliger kann von seiner Station aus jeden Geruch in der Welt wahrnehmen, und er weiß, ob es ein Wohlgeruch ist oder ein Gestank. Wir leben heute in einer Zeit, in der viele meinen, gute Düfte wahrgenommen zu haben, und daraufhin Institute und Schulen gründen, Gruppen, Programme und Seminare veranstalten; aber so wie ich es sehe, erhalten diese den größten Zulauf auf Grund von marktschreierischer Reklame, in der behauptet wird: „Wer diesem Verein beitritt, dieser Schule folgt, der wird psychische Kräfte erlangen, fliegen lernen, telekinetische Fähigkeiten entwikkeln, sehr interessant, erleuchtet und außergewöhnlich sein, usw. ...“ Dies sind alles nur Reklamesprüche und Werbetricks, die das Volk dahinbringen sollen, dem Klub beizutreten und ihre Zeit gründlich zu verschwenden. Ich aber sage: „O meine Brüder, ich werde hier im Fenster ein Schild anbringen lassen, auf dem zu lesen steht: ‚Wer nichts werden will, ist uns herzlich willkommen! Wer jedoch etwas werden will, der soll nur an Kursen, Lehrgängen und Seminaren jeder Art teilnehmen, soviel er will – da kann er werden, was immer er sich wünscht.‘“ Der Schlüssel (zu wirklicher Entwicklung) ist aber dieser: Wir müssen aufgeben, in diesem Leben etwas sein zu wollen, denn nichts in diesem niederen, irdischen Leben hat wirklichen und bleibenden Wert. -- Wir sind auf der Suche nach den allerwertvollsten Schätzen, und aller Reichtum dieser Erde ist nichts als Staub - ohne Wert, bedeutungslos. Wir sehnen uns aber nicht nach Staub, sondern nach Perlen, himmlischen Kleinodien, und begehren die Schlüssel zu unseren Schätzen; aber, bis daß wir nicht gelernt haben, zwischen der Suche nach höherem Wissen (d.h. jenen unvergänglichen Schätzen) und dem Verlangen nach den Freuden dieser sinnlichen Welt zu unterscheiden, werden diese ersehnten Schätze vor uns fliehen und immer tiefer in die Verborgenheit zurückweichen. Wer also sich selbst entdecken will, muß sagen können: 2 „Ich entsage der Liebe zu diesem niederen, irdischen Leben, und mein Herz mißt ihm keine wirkliche Bedeutung mehr zu; ich

strebe nach den himmlischen Schätzen, von denen, in meinen Augen, eine einzige Perle das ganze Universum mit all seinen Reichtümern und Genüssen an Wert übertrifft!“ Wer jene himmlischen Schätze in seinem eigenen Inneren zu erblicken hofft, der muß sich aufmachen: Er muß von sich selbst zu sich selbst gelangen. Er muß sich damit abfinden, nichts zu sein. Deshalb mache ich euch keine Versprechungen, daß ihr hier etwas werden könnt, denn ich wünsche keinem unserer Schüler, daß er etwas sei – vielmehr hoffen wir, daß unsere Schüler eines Tages alles sein werden. Ich will euch das Ganze geben, nicht nur etwas. Wer also „etwas“ sucht, wird sich nie bei uns einfinden, denn ich bin nicht bereit, „etwas“ zu geben. Die, die „etwas“ suchen, sollen es nur suchen gehen – in ihren Instituten, Seminaren, Therapie-Theatern, in Tibet und Indien, bei den Hindus oder Buddhisten, bitte sehr – ich gehöre nicht zu denen, die „etwas“ zu geben haben. Wer aber das Ganze begehrt, der soll zu uns kommen, er ist herzlich willkommen. Wenn einer nur „etwas“ sucht, wir haben kein „Etwas“, wir arbeiten im Großhandel, nicht im Einzelvertrieb. Schaut nach in eurem Beutel: Befindet sich darin genügend ernsthafte Intention, dann kommt hierher; wenn ihr aber nur ein paar Mark ausgeben wollt für ein bißchen „Etwas“, dann geht lieber zum nächsten Krämer, bei dem gibt es davon jede Menge. Wir aber sind Großhändler, und wir führen diesen Titel mit der entsprechenden Autorität. Demnach, was ist der Weg? – Ein Teilzeitarbeiter bekommt Teilzeitlohn, und wer ganztags arbeitet, wird auch entsprechend besoldet. Es ist euch freigestellt: So ihr euch ganz hergebt, werdet ihr vollen Lohn empfangen, und wenn ihr nur einen Teil geben wollt, so werdet ihr diesem Teil entsprechend belohnt. Abu Bakr war unter all den Gefährten des heiligen Propheten der einzige, der sich und all sein Vermögen gänzlich für die Sache Allahs und Seines Propheten einsetzte, und er allein empfing die volle Lehre in seinem Herzen. Was die übrigen Gefährten des heiligen Propheten betrifft, so empfingen sie alle in dem Maße, wie sie gegeben hatten. Unser Weg ist der Weg Sayyidina Abu Bakrs, As-Siddiq, der Weg der Siddiqin (verdeutscht: „Der Weg höchster Treue und Wahrhaftigkeit“). Auf unserem Wege müssen wir unser Alles hergeben, unseres Wesens innersten Kern, unsere Seele selbst. Der Allmächtige verlangt von Seinen Geschöpfen: „Gebt Mir alles, auch eure Seele!“, und vor Gott, unserem Schöpfer, dürfen wir nichts zurückhalten. Als Gegenwert für das, was wir Ihm geben, erhalten wir unsagbare, nie zuvor beschriebene Schätze. Es fällt ein Regentropfen vom Himmel: Er enthält nur ein ganz wenig Wasser. Der Tropfen spricht: „Ich schenke mich dem Ozean.“ Wie er aber in den Ozean einmündet, wird das ganze Meer ein Teil von ihm. Er gibt dem Ozean sein Alles, dann spricht zu ihm der Ozean: „Ich bin jetzt dieser Tropfen, nie werde ich ihn wieder von mir lassen – er ist ein Teil von mir.“ Und der Tropfen spricht: „Jetzt bin ich Meer ...“ So wird es auch uns ergehen, wenn wir uns unserem Herrn ganz hingegeben haben: dann gibt sich unser Herr auch uns. Wenn wir sagen könnnen: „Wir sind jetzt

ganz für unseren Herrn da“, dann sagt unser Herr: „So wie du für Mich bist, so bin Ich jetzt auch für dich.“ Dann werden wir unser Ziel erreicht haben und in die unendlichen Ozeane einmünden. Was, also, ist der Weg? Der Weg der Gnosis ist der Weg der Selbsterkenntnis; das ist unser Weg. Wir erhoffen von unserem Herrn, daß Er in unserem Herzen Weisheit sprießen läßt, die uns lehrt, standhaft zu sein und uns ohne zu zögern unserem Herrn hinzugeben. In diesem Geben und Empfangen auf dem Weg der Lehre liegt eine Weisheit, die wir alle nötig haben. Als nächstes tritt die Frage auf nach dem „Wie“ – wie können wir uns unserem Herrn vollständig hingeben? Vielleicht, indem wir uns eine Kugel durch den Kopf jagen oder ein Schwert durch den Leib stoßen? Unsere Methode ist das sicherlich nicht. Alles, was von uns verlangt wird, ist dies: daß wir tun, was unser Herr uns befiehlt, und unterlassen, was Er uns nicht zu tun befiehlt. Dies ist eine Beschreibung der vollkommenen Hingabe an Allah. Es bedeutet, daß wir unseren Willen ganz dem Seinigen unterstellen, so daß wir nichts wollen, außer was Er will, und nichts nicht-wollen, außer was Er nicht-will. Ein Sprichwort sagt: „Folget Seinem Willen, wie der Schatten der Bewegung eines Körpers folgt.“ Wenn du deinen Willen zum Schatten des Willens deines Herrn gemacht hast, dann bist du auf dem rechten Weg. Sooft dein Wille dem Willen deines Herrn widerspricht, kannst du erkennen, daß du dich noch nicht voll deinem Herrn überantwortet hast; daß noch dein niederes Ich dich übervorteilt und betrügt und du seinen 3 Klauen noch nicht entronnen bist. Du mußt versuchen, dich aus der Umklammerung des Egos zu befreien, um dich ganz in Allahs Hände aufzugeben. Wenn die Hingabe vollkommen stattgefunden hat, spricht Allah: „O Mein Diener, du bist für Mich und Ich bin für dich.“ Diese Station ist nicht leicht zu erreichen. Es bedarf dazu einer Ausbildung; das bedeutet, daß der Mensch der Führung durch einen spirituellen Ausbilder bedarf. Wenn ich einen Menschen als meinen geistigen Führer akzeptiere, so unterstelle ich meinen Willen dem Seinigen – so wie er will, will auch ich. Nach fortgeschrittenem Training unter meinem „Grundausbilder“ kann ich vielleicht den nächsten Schritt tun. Ich werde dann gelernt haben, wie ich dem Willen des Propheten folgen soll, ich habe dann sagen gelernt: „Wie du willst, o mein Prophet!“ Dieser lehrt mich dann letztlich, wie ich meinen Willen in Einklang mit dem Willen des Allmächtigen bringen kann, so daß ich dann sage: „O mein Herr, wie Du willst.“ Bis daß diese Station – die Station des Friedens – erreicht ist, leistet der Diener Widerstand und wehrt sich gegen den Willen seines Herrn. „Dies gefällt mir, aber jenes nicht.“ Hat er aber die Station des Friedens erreicht, so läßt er den Kampf gegen seinen Herrn sein und wird keine Einwände oder Beschwerden mehr von sich vernehmen lassen: „Wie Du willst, o mein Herr ...“ Wenn er auf dieser Stufe angekommen ist, antwortet ihm sein Herr: „Wie du willst, o Mein Diener.“ Dann wird es keine

Polarität mehr geben, kein „Ich“ oder „Du“, es ist die Stufe der Einheit. Ewige Freude und ewiger Frieden sind der Lohn des Dieners, der sich vollkommen seinem Herrn ergeben hat.

## Victory for the True Ones

La ilaha illa Allah La ilaha illa Allah La ilaha illa Allah Sayyidina wa Nabiyun wa Mawlana Muhammadun Rasulullah Habibullah, Nabiullah, Nur arshillah zidhu Ya Rabbi izzan wa sharafa, nuran wa surura, ridwanan wa sultana
Assalamu alaykum O servants of our Lord. wa rahmatullahi wa barakatuhu. O Attenders, be with Awliya. We are also being with Awliya. You are going to be captured as slaves by shaytnaic armies. Madad Ya Sultan al Awliya, madad Ya Rijalallah, who is responsible for everyone among mankind living on this planet. We are saying now: Audhu Billahi min as shaytan arrajim. We are running away from shaytan. For shaytan it is too much for a mu'min or believer to run to Allah. Do you think that a weak person followed by his enemy can run to palace of a king and ask "O my King, save me from my enemy"? It is not adab to call to come and to save him but as a heavenly protocol we must say: Audhu Billahi min as-shaytan ar-rajim.
We are running away from shaytan, shaytanic works, as all of them are against mankind and preventing mankind to reach the level of humanity. The level of humanity for mankind because humanity is following heavenly levels, heavenly beings, they are angels. When Allah Almighty Subhanahu wa Ta`ala, O our Lord if we can stand up for You up to end of our lives it is so small. Forgive us O our lord, we are weak servants.
O Salafi ulamas I am saying to everyone who is accepting salam from this weak servant, my full respect for them and we are getting happy with them. Therefore I am saying, O civil service? (Salafi ulama) Salafi ulamas, marhaban. You are happy? Be happy. Why? I don't know what is your level but I know my level, that it is under lowest level. You can say this for yourself? You can make yourself, your level under levels of all mankind? You can say? I am saying that my level, when I am saying my level, my egoistic level is lowest level. No value. And now, O

People you are running after your egoistic levels. Say! All holy ones, tell, advise your followers from Muslims, from Christians, from Jewish people and others that are running after their egoistic level.

What is in your egoistic level? Put your egoistic level under your feet! If you are not going to put your feet on your egoistic level you can't stand up, you can't reach heavenly levels. Prevented. O marhaban Salafi ulamas, why you are not advising people and people are always feeding their egos. They are not coming here, to this life for feeding our egos. No. Do you think that a king can be servant of his horse? Coming going, coming going, looking after everything for his horse? You ever saw or heard such a thing? I don't think. Say! They are saying sa'is, one who is looking after horse, Making everything for horse, that person looking after horse for everything, first. And you and like you like me, like this, like that, all of us going to be servants of our horses only? You have been created for looking after your nafs, after your egos? Do you think that? Say!

Don't say 'we are ulamas', no. Don't say 'we are holy ones', no. As long as you are going to be.. (It's called a groom or a trainer). Trainer. Groom? Yes. Salafi ulamas as you are saying 'we are above all ulamas' because you are Salafi ulamas, do you think that you are ulamas from Salafun? Their importance was only to look after their horses? Doesn't matter horses, but we have not got horses, our egos are our donkeys. Horses to be trained for kings or queens or commander-inchief, but donkey is for ones like you, like me, like others. What is that?

Twenty four hours we are only thinking for our donkeys or horses. Where it is written through Holy Books? Through Old Testament or New Testament Say? You, His Holiness, Pope. You, Chief Rabbi. We have been ordered to look after our donkeys and horses only and nothing else? What about our Creator? I know nothing. I am not claiming that I know something only that which is granted for those people who are understanding something from real Realities. They are making such a weak and old servant speak. I can't walk if two persons are not carrying me.

O Salafi ulamas, why you are not warning people? Why you are not teaching people to say, "O my Lord's servants, are you thinking that you have been created for your dunya and dunya is ahur?" Ahur means that people keeping horses in that place. What is that place? Stable. It is written through Old Testament? I am asking Chief Rabbi to say. I am asking to His Holiness also, Pope, is it written through New Testament? Through Torah or the Gospel? Do you think

that it is written that we have been created to look after our donkeys or our horses?
Allah Almighty, Subhanahu wa Ta`ala is saying, warning his servant, "O People, wa anzir, O my beloved one, warn. Warn My servants to know for which purpose they have been created. I created them for Me, for My servanthood." Where they are running? O our Lord, forgive us. We are in need of Your forgiveness. We may either be his majesty kings, or queens, his excellency governors, or presidents, or ministers. Think on it, think on it. Those kings and queens are a symbol of their servanthood, coming when they are going to be crowned, coming to church and coming on their knees, in front of Holy Book and showing himself or herself, ‘O my Lord, I am Your servant, You are crowning me, let that crown be on my head and I am keeping high respect for Your Divine Presence’.
Yes, now it is symbolic, but before-time they were so samimi, sincere and more than sincere, another word.. Their hearts and their words were same. Now, through kingdoms, going to be some kings, some queens, making it. Really, they are giving their highest respect to their Lord. But mostly, they are doing this as a symbol on their heads, they are not taking care, who is making them to be prince, queens or kings. Who is That One that makes them emperors? And we have been honoured. Mankind, we have been honoured. Kings, queens, emperors, sultans, all of them we are all servants and our most important wazifah, mission is servanthood.
Why you are not saying, your Holiness, Pope? Why you are not saying Chief Rabbi that point to people? Why you are not saying Salafi ulamas that we have been ordered to be servants of the Lord of Heavens. Our mission is only worship of our Lord. Who is making people to be enemies to each other? Allah ordering to you, 'O My servants, you must be to each other enemies, kill each other’? And Holy Command of Allah Salafi ulamas, you know? What saying Allah Almighty, Subhanahu wa Ta`ala?
wa la taqtulu anfusikum (4:25)
Arabic or English this? Or Turkish? That is Command of Lord. O Salafi ulamas do you know about usul al-fiqh? High level knowledge. Usul al-hadith something, usul al-fiqh something else. If a person is not knowing about principles of jurisprudence, he can't speak because Holy Quran is not an ordinary book, holy book, last message from heavens coming through archangel Gabriel from the Lord of Heavens to His servant, Sayyidina Muhammad (sas). Stand up, stand up. Everything you are doing for Allah it is just acceptable. Allah is going to be happy. And we are

claiming that 'we are ulamas, or we are holy ones'. If you are ulamas, if you are holy ones, why not warning your believers or your followers, "O my followers, stop killing". That is Heavenly Order.

All nations' presidents, kings, queens, Allah giving permission to kill each one, another one? Allah Almighty giving life to His servants and ordering them, "O My servants, that is your dunya your.. first level, what saying? Station? State? ..for you, you should be there. I am sending you from Paradise on to this planet and O My servants keep yourselves. My Order for everyone is to give rights to everyone. No one can take more than what is for him." "Give us our rights!" And Allah Almighty saying, "Don't kill each other. Be peaceful! Be peaceful!"

Allah Almighty, Subhanahu wa Ta`ala was declaring to heavenly beings that "I am creating a 'new one' ". And angels saying "O our Lord, we are Your servants and we are doing everything as you are ordering. You are saying "That new, created one is going to be 'My deputy', khalifa, My qa'im maqam, My divine representative". It is so big an honour to be our Lord's representative on this planet. That is the last target that anyone can be able to think on. No other level higher than this. And Allah Almighty saying, "I am making them My representative". That is honour. Why you are not making that clear O Salafi ulamas?

They are making me to address to you because you are claimers to be on highest level of knowledge. Why you are not saying that point to people? I never heard through broadcasting from Hijaz al Muqaddas, to be said, or I never heard such a declaration from Israel to say that Allah Almighty is ordering everyone to keep the honour of every other one. "I am That One who honoured this new creation. I honoured them. Give honour to them." That is Heavenly Order from Allah Almighty. As well that Order, that Command is for all mankind that you must give. He is Allah Almighty if Allah Almighty giving to mankind honour, you must give honour.

What is real kufr? say! O Salafi ulamas say, what is real kufr? If you don't know what is coming to you, I may say it to you. Kufr, that which Allah Almighty honoured you are making it dishonoured. That is kufr. If Allah Almighty is giving rights and you are taking their rights, that is kufr. If any heavenly position given to them and you are asking to take it away from them, that is kufr. Yes? Understanding Arabic or not? Say 'No'.

I am asking HIs Holiness Pope, he may say if I am saying wrong or true. And I am asking Chief

Rabbi what I am saying, is it true or is it a lie? Say. If you understand you must try to stop killing on earth. You must stop the one who is running to make honoured people dishonoured ones. You are making artificial levels and you are thinking you are on top artificial level and you are asking to take a way under your feet! To be unknown, vanishing, that is not iman. That is not Christianity, that is not Judaism, and that is not also Islam. May Allah forgive us.
That is a warning for all nations to come back to Reality, to understand. It is not enough to claim that 'we are Salafi ulamas, we are on top point'. It is not enough. Or Pope to say, 'I am the highest one through Christians and the most close one to heavens, it is not enough and it is not for you. And Rabbis, you must read your holy books and you must think on it. For what and for which purpose we have been created? And you must make people to follow them, if not, first you are going to Hell. Never going to Paradise but going first to Fire. May Allah forgive us.
O People, I am knowing nothing. But sometimes what is coming to my heart, I must say. I don't think that anyone can be able to contradict this, to make me a liar, not speaking truth. Can't say. If he can do that, if he has such courage, if saying at nighttime, early morning they should take his dead body. If they are saying this at the beginning of day at the end of the day they will take his dead body. Allah! Subhanahu wa Ta`ala Qawi an-Aziz, fa`ali'l lima yurid He can do everything as He likes.
O People come and obey your Lord, if not, coming something as punishment on your heads. Allah Allah Allah Allah, Allah Allah Allah Allah Prophet (sas) is praying, the Seal of Prophets (sas) praying and saying to his Lord "O my Lord, wa la tunsina dhikrak". O People, think that your Lord is with you not in you, but with you and don't be heedless that he is not with you. If anyone knowing and he has certainty that his Creator, the Lord of Heavens is with him he may keep highest respect for His Holy Commands. If not, they are going to be followers of shaytan. And shaytan is doing what we are beginning to say.

Audhu Billahi min as-shaytan ar-rajim. Say always, "O our Lord, protect us from worst enemy of Your servants, from shaytan, because we are weak ones. Protect us, O our Lord. Say: Audhu Billahi min as-shaytan ar-rajim Audhu Billahi min as-shaytan ar-rajim. Now people running after shaytan and shaytanic ways like sayl, flood. How flood is running people running after shaytan. And they left Heavenly Commands they forgot who created them, they forgot for what

they have been created and at their every footstep they are falling into another worse situation. Now the whole world is in the worst situation. And they are asking to find a way to save themselves. No way. Only one way, be true with your Lord. Leave shaytan and follow your Lord's Prophets. Chosen ones. May Allah forgive us for the honour of most honoured one Sayyidina Muhammad (sas). Fatiha. I am asking from heavens to give a chance for good ones to come together and to be heavens heavenly armies because earthly armies are belonging to shaytan. Therefore I am asking humbly, O our Lord, for Your good servants let us make an army that You should be happy with.
Allah Almighty is never happy now through all nations' armies. He is unhappy from all of them. That is why I am humbly asking O Salafi ulamas, what saying the Seal of Prophets (sas)? lan tughlab isma asha'r alfin min ummati min qillah Okay or not? He is saying, 12,000 True Ones may change whole world's view and Allah is happy with them. They can't be defeated, they will be winners and victorious, O Muslims, O Believers, come and believe to save yourself here and Hereafter.
Fatiha

La ilaha illa Allah. La ilaha illa Allah. La ilaha illa Allah. As-Salamu `alaykum, Diener unseres Herrn. Wa Rahmatullahi wa Barakatuhu. Anwesende, seid mit den Auwliya. Wir sind auch mit den Awliya. Ihr werdet gefangen als Sklaven von den shaytanischen Armeen. Madad, ya Sultanu l-Awliya, Madad, ya Rijalallah, die verantwortlich sind für jeden der Menschheit, der auf diesem Planeten lebt. Wir sagen jetzt: Audhu Billahi mina sh-shaytani r-rajim. Wir laufen vor Shaytan davon. Es ist zu viel für einen Mu'min oder Gläubigen, zu Allah zu laufen auf der Flucht vor Shaytan. Glaubt ihr, daß eine schwache Person, die von ihrem Feind verfolgt wird, zum Palast des Königs laufen kann und bitten kann: O mein König, rette mich vor meinem Feind!? Es ist kein Adab, zu rufen, er solle kommen und ihn retten, aber als himmlisches Protokoll müssen wir

sagen: Audhu Billahi mina sh-shaytani r-rajim. Wir laufen weg vor Shaytan, shaytanischen Machenschaften, da sie alle gegen die Menschheit gerichtet sind und die Menschheit davon abhalten, die Ebene der Menschlichkeit zu erreichen. Die Ebene der Menschlichkeit für die Ebene der Menschheit, weil die Menschlichkeit ihr folgt. Die himmlischen Ebenen, die himmlischen Wesen sind Engel. Als Allah der Allmächtige Subhanahu wa Ta`ala...
O unser Herr, wenn wir auch aufstehen können für Dich bis zum Ende unseres Lebens, ist es so wenig. Vergib uns, o unser Herr. Wir sind schwache Diener. Salafi Ulama, ich sage jedem, der Salam von diesem schwachen Diener annimmt, meinen vollen Respekt für sie, und wir sind zufrieden mit ihnen. Deshalb sage ich: Beamte? Salafi Ulama, Marhaban. Seid ihr glücklich? Seid glücklich! Warum? Ich weiß nicht, was euere Stufe ist, aber ich kenne meine Stufe, die unter der untersten Stufe ist. Könnt ihr das von euch selbst sagen? Könnt ihr euch selbst, euere Stufe, unter die Stufen der ganzen Menschheit stellen? Könnt ihr das sagen? Ich sage, daß meine Stufe, wenn ich sage, meine Stufe, meine egoistische Stufe, ist die unterste Stufe. Kein Wert. Und jetzt, Leute, lauft ihr eueren egoistischen Stufen hinterher. Sagt! Alle Heiligen, sprecht und ratet eueren Anhängern unter den Muslimen, unter den Christen, unter den Juden, unter den anderen Menschen, die hinter ihren egoistischen Stufen herlaufen. Was ist auf euerer egoistischen Stufe? Tretet euere egoistische Stufe mit Füßen. Wenn ihr nicht euere Füße auf euere egoistische Stufe stellt, könnt ihr euch nicht erheben, könnt ihr keine himmlischen Stufen erreichen. Verhindert.
Marhaban, Salafi Ulama, warum gebt ihr den Menschen nicht guten Rat? Und die Menschen füttern immer ihre Egos. Wir kommen nicht hierher, in dieses Leben, um unsere Egos zu füttern. Nein. Glaubt ihr, daß ein König der Diener seines Pferdes sein kann? Kommen und gehen, kommen und gehen und in allem für sein Pferd sorgen? Habt ihr jemals etwas derartiges gesehen oder gehört? Ich glaube nicht. Sprecht! Wenn ihr, sie sagen 'Sa'is', seid, derjenige, der für ein Pferd sorgt. Was ist ein Trainer? Der alles für ein Pferd tut, diese Person, die für ein Pferd sorgt in allem. Und ihr und Leute wie ihr, wie ich, wie dies, wie das, wir alle sind nur Diener unseres Pferdes? Ihr wurdet geschaffen, um für euer Nafs, euer Ego zu sorgen? Glaubt ihr das? Sprecht! Sagt nicht: Wir sind Ulama. Nein. Sagt nicht: Wir sind Heilige. Nein. Solange ihr... (Es heißt Stallbursche oder Trainer) Trainer seid, Stallbursche? Ja. ..Salafi Ulama, da ihr sagt: Wir stehen

über allen Ulama, weil ihr Salafi Ulama seid, glaubt ihr, daß ihr Ulama seid von den Salafun? Ihre Rolle war nur, für ihre Pferde zu sorgen? Es kommt nicht auf Pferde an, wir haben keine Pferde, unser Ego ist unser Esel. Pferde sind dafür da, für Könige oder Königinnen trainiert zu werden oder für Oberbefehlshaber. Aber Esel sind für Leute wie ihr, wie ich, wie andere, die einen Esel haben. Eh, was ist das? 24 Stunden lang denken wir nur an unsere Esel oder Pferde. Wo steht das in den heiligen Büchern? Sagt! Ihr, Euere Heiligkeit, Papst. Ihr, Oberrabbiner, im Alten Testament oder im Neuen Testament wird uns befohlen, nur für unsere Esel und Pferde zu sorgen und nichts anderes?

Was ist mit unserem Schöpfer? Ich weiß nichts. Ich beanspruche nicht, daß ich etwas weiß, nur das, was mir gewährt wird für jene Leute, die etwas verstehen von den wirklichen Wirklichkeiten. Sie bringen so einen schwachen und alten Diener zum Sprechen, der ich nicht einmal gehen kann, wenn mich nicht 2 Personen tragen. Ihr, Salafi Ulama, warum warnt ihr die Menschen nicht? Warum lehrt ihr die Menschen nicht zu sagen: Diener meines Herrn, glaubt ihr, ihr wäret für die Dunya geschaffen worden, und die Dunya ist Ahur? 'Ahur' bedeutet, daß Leute Pferde halten an dem Ort. Wie heißt der Ort? Stall. Steht das im Alten Testament geschrieben? Ich frage den Oberrabbi. Er soll das sagen. Ich frage auch Seine Heiligkeit, den Papst. Steht das geschrieben im Neuen Testament? In der Torah oder dem Evangelium? Glaubt ihr, daß es geschrieben steht, daß wir geschaffen wurden, um für unsere Esel oder unsere Pferde zu sorgen? Und Allah der Allmächtige, Subhanahu wa Ta`ala, sagt, um seine Diener zu warnen: 'Leute, wa Anzir, mein Geliebter, warne. Warne Meine Diener, damit sie wissen, zu welchem Zweck sie geschaffen wurden. Ich erschuf sie für Mich, für Meine Dienerschaft.' Wohin laufen sie? O unser Herr, vergib uns. Wir brauchen Deine Vergebung. Wir können entweder seine Majestät der König oder die Königin, seine Exzellenz der Gouverneur oder Präsident oder Minister sein. Denkt darüber nach, denkt darüber nach. Diese Könige und Königinnen sind ein Symbol ihrer Dienerschaft, wenn sie kommen, um gekrönt zu werden, in die Kirche kommen und niederknien vor dem Heiligen Buch und sich zeigen: O mein Herr, ich bin Dein Diener. Du krönst mich, laß diese Krone auf meinem Kopf sein, und ich bewahre hohen Respekt für Deine Göttliche Gegenwart. Ja, jetzt ist es symbolisch, aber früher waren sie samimi, aufrichtig, und mehr als aufrichtig, ein anderes Wort... Ihre Herzen und ihre Worte stimmten überein. Jetzt gibt es in den Königreichen manche Könige, manche Königinnen, die es immer noch so machen. Sie haben

wirklich höchsten Respekt vor ihrem Herrn. Aber meistens tun sie sie als Symbol auf ihre Köpfe, sie kümmern sich nicht darum, wer sie zum Prinzen gemacht hat, wer sie zu Königinnen macht, wer sie zu Königen macht. Wer ist Jener, Der sie zu Herrschern macht?
Und wir sind geehrt worden. Menschheit, wir sind geehrt worden. Könige, Königinnen, Kaiser, Sultane, sie alle, wir alle sind Diener und unsere wichtigste Wazifah, Aufgabe, ist Dienerschaft. Warum sagt ihr das nicht, euere Heiligkeit, Papst? Warum sagt ihr nicht, Oberrabbiner, den Leuten diesen Punkt. Warum sagt ihr das nicht, Salafi Ulama? Daß uns befohlen wurde, Diener des Herr der Himmel zu sein. Unsere Aufgabe ist nur, unserem Herrn zu dienen. Wer bewirkt, daß die Menschen einander feind sind? Allah befahl euch: Meine Diener, ihr müßt einander feind sein, euch gegenseitig töten? Und den Heiligen Befehl Allahs, Salafi Ulama, kennt ihr den? Was sagt Allah der Allmächtige, Subhana wa Ta`ala? "Wa la Taqtulu Anfusikum" (4:25). Tötet euch nicht selbst. Arabisch oder Englisch? Oder Türkisch? Das ist der Befehl des Herrn. Salafi Ulama, wißt ihr Bescheid über Usul al Fiqh? Eine hohe Ebene des Wissens. Usul al Hadith ist eine Sache, Usul al Fiqh eine andere. Wenn jemand nicht Bescheid weiß über die Prinzipien der Rechtssprechung, kann er nicht sprechen. Er kann nicht sprechen, weil der Heilige Quran kein gewöhnliches Buch ist, er ist ein Heiliges Buch, die letzte Botschaft, die von den Himmeln kam durch den Erzengel Gabriel vom Herrn der Himmel an Seinen Diener, Sayyidina Muhammad (saws). Steht auf, steht auf! Alles, was ihr für Allah macht, wird angenommen. Allah wird glücklich sein.
Und wir behaupten: Wir sind Ulama oder wir sind Heilige. Wenn ihr Ulama seid, wenn ihr Heilige seid, warum warnt ihr nicht euere Gläubigen oder euere Anhänger: O meine Anhänger, hört auf zu töten!? Das ist ein himmlischer Befehl. Die Präsidenten, Könige, Königinnen aller Nationen, gibt Allah die Erlaubnis jeden zu töten? Allah der Allmächtige gibt Seinen Dienern das Leben und befiehlt ihnen: O Meine Diener, das ist euere Dunya, euere... erste Ebene, wie heißt es? Station? Zustand? ..für euch. Ihr werdet dort sein. Ich sende euch aus dem Paradies auf diesen Planeten und, o Meine Diener, bewahrt euch. Mein Befehl an jeden ist, jedem seine Rechte zu geben. Niemand kann mehr nehmen, als für ihn bestimmt ist. 'Gebt uns unsere Rechte!' Und Allah der Allmächtige sagt: Tötet einander nicht. Seid friedlich! Seid friedlich! Allah der Allmächtige, Subhanahu wa Ta`ala, erklärte den himmlischen Wesen: 'Ich erschaffe einen Neuen.' Und die Engel sagten: 'O unser Herr, wir sind Deine Diener, und wir tun alles, was

Du uns befiehlst. Du sagst: 'Dieser Neugeschaffene wird Mein Stellvertreter, Khalifa, Mein Qa'im Maqam, Mein Göttlicher Stellvertreter.' Es ist eine so große Ehre, der Stellvertreter unseres Herrn auf diesem Planeten zu sein. Das ist das äußerste Ziel, das sich jemand vorstellen kann. Es gibt keine Stufe, die höher ist als das. Und Allah der Allmächtige sagt: Ich mache ihn zu Meinem Stellvertreter. Das ist Ehre. Warum macht ihr es nicht deutlich, Salafi Ulama? Sie bringen mich dazu, euch anzusprechen, weil ihr beansprucht, auf der höchsten Stufe des Wissens zu sein. Warum sagt ihr diesen Punkt nicht den Menschen? Ich habe noch nie eine Sendung gehört vom Hijaz al Muqaddas, in der gesagt wird, oder ich habe noch nie so eine Erklärung von Israel gehört, die besagt, daß Allah der Allmächtige allen befiehlt, jedermans Ehre zu bewahren.

'Ich bin Derjenige, Der diese neue Schöpfung geehrt hat. Ich habe sie geehrt. Erweist ihnen Ehre.' Das ist der Himmlische Befehl von Allah dem Allmächtigen. Diese Anweisung, dieser Befehl gilt für die gesamte Menschheit. Er ist Allah der Allmächtige, wenn Allah der Allmächtige der Menschheit Ehre gibt, müßt ihr Ehre geben.
Was ist wahrer Kufr? Sagt! Salafi Ulama, sagt, was ist wahrer Kufr? Wenn ihr nicht wißt, was auf euch zukommt, sage ich es euch. Kufr. Das, was Allah der Allmächtige geehrt hat, entehrt ihr. Das ist Kufr. Wenn Allah der Allmächtige Rechte gibt und ihr ihnen diese Rechte nehmt, das ist Kufr. Wenn ihnen eine himmlische Position gegeben wird und ihr anstrebt, sie ihnen wegzunehmen, das ist Kufr. Ja? Versteht ihr Arabisch oder nicht? Sagt: Nein. Und ich frage Seine Heiligkeit den Papst. Er mag sagen, ob ich etwas Falsches oder Richtiges sage. Und ich frage den Oberrabbi, ob, was ich sage, wahr ist oder eine Lüge? Sprich. Wenn ihr versteht, müßt ihr versuchen, das Töten auf der Erde zu beenden. Ihr müßt denjenigen aufhalten, der sich beeilt, ehrenwerte Menschen zu entehren. Ihr macht künstliche Stufen und glaubt, ihr seid an der Spitze der künstlichen Stufen, und wollt, daß es unter eueren Füßen weggenommen wird, damit es unbekannt bleibt und verschwindet. Das ist kein Iman. Das ist kein Christentum, das ist kein Judentum, und das ist auch kein Islam. Möge Allah uns vergeben.
Das ist eine Warnung für alle Nationen, zur Wirklichkeit zurückzukehren, zu verstehen. Es reicht nicht zu beanspruchen: Wir sind Salafi Ulama, wir sind ganz oben. Das reicht nicht. Oder für den Papst zu sagen: Ich bin der Höchste in der Christenheit und der Nächste an den Himmeln. Es reicht nicht, und es steht euch nicht zu. Und Rabbis, ihr müßt euere Heiligen Bücher lesen und

darüber nachdenken. Wozu und zu welchem Zweck wurden wir geschaffen? Und ihr müßt erreichen, daß die Menschen dem folgen, sonst geht ihr als erstes in die Hölle. Ihr geht niemals ins Paradies, sondern geht als erste ins Feuer. Möge Allah uns vergeben. O Leute, ich weiß nichts. Aber manchmal muß ich sagen, was in mein Herz kommt. Ich glaube nicht, daß irgendjemand dem widersprechen und mich zum Lügner stempeln kann, der nicht die Wahrheit sagt. Sie können das nicht sagen. Wenn er das macht, wenn er so viel Mut hat, wenn er es in der Nacht sagt, holen sie am frühen Morgen seinen toten Körper. Wenn er es am Anfang des Tages sagt, holen sie am Ende des Tages seinen toten Körper.
Allah! Subhanahu wa Ta`ala, Qawian Aziz, Fa`ali l-Lima Yurid. Er kann alles tun, was Er will. O Leute, kommt und gehorcht euerem Herrn, sonst kommt etwas als Strafe auf eueren Kopf. Allah Allah, Allah Allah, Allah Allah, Allah Allah. Der Prophet (saws) betet, das Siegel der Propheten (saws) betet und sagt zu seinem Herrn: O mein Herr, "wa la Tunsina Dhikrak" - Laß uns nicht Deine Erinnerung vergessen. Leute, denkt daran, daß euer Herr mit euch ist, nicht in euch, sondern mit euch. Mit euch und seid nicht achtlos dessen, daß Er mit euch ist. Wenn jemand es weiß und Gewißheit hat, daß sein Schöpfer, der Herr der Himmel, mit ihm ist, mag er den höchsten Respekt bewahren für Seine Heiligen Befehle. Sonst sind sie Anhänger Shaytans. Und Shaytan... Wir beginnen damit zu sagen: Audhu Billahi mina sh-shaytani r-rajim. Sagt immer: O unser Herr, schütze uns vor dem schlimmsten Feind Deiner Diener, vor Shaytan, weil wir schwach sind. Schütze uns, o unser Herr. Sagt: Audhu Billahi mina sh-shaytani r-rajim. Audhu Billahi mina sh-shaytani r-rajim. Jetzt laufen die Menschen hinter Shaytan und shaytanischen Wegen her wie Sayl, Flut. Wie Fluten laufen die Menschen hinter Shaytan her. Und sie wenden sich ab von Himmlischen Befehlen und vergessen, wer sie geschaffen hat. Sie vergessen, wozu sie geschaffen wurden, und mit jedem Schritt fallen sie in eine schlechtere Lage.
Jetzt ist die ganze Welt in einer sehr schlimmen Lage. Und sie wollen einen Weg finden, um sich zu retten. Keine Chance. Es gibt nur einen Weg: Wahrhaftigkeit mit euerem Herrn. Verlaßt Shaytan und folgt den Propheten eueres Herrn, den Erwählten. Möge Allah uns vergeben zu Ehren des Höchstgeehren, Sayyidina Muhammad (saws). Fatiha. Ich erbitten von den Himmeln, den Guten eine Chance zu geben zusammenzukommen und eine himmlische Armee zu sein, weil die irdischen Armeen zu Shaytan gehören. Deshalb bitte ich demütig, o unser Herr, für Deine

guten Diener, laß uns eine Armee bilden, mit der Du glücklich sein wirst. Allah der Allmächtige ist jetzt nicht glücklich mit den Armeen der Nationen. Er ist unglücklich mit allen. Deshalb meine bescheidene Bitte, o Salafi Ulama, was sagt das Siegel der Propheten (saws)? "Lan Taghlib Ummati 12.000 Min Qillah". Okay oder nicht? Er sagt: 12.000 Wahrhaftige können den Anblick der ganzen Welt verändern, und Allah ist glücklich mit ihnen. Sie können nicht geschlagen werden. Sie werden gewinnen und siegreich sein. O Muslime, Gläubige, kommt und glaubt, um euch zu retten hier und im Jenseits. Fatiha.

## Die 24.000 Erscheinungsformen Bayazids

Unser Großsheikh sagte, daß von demjenigen, der, wer auch immer es sei, echte spirituelle Übungen macht und sie bis zu ihrem Ende führt, zahlreichen Formen seiner selbst erscheinen können. Zuerst mögen es drei oder sieben sein von derselben Gestalt und mit denselben körperlichen Kräfte begabt, doch an sieben verschiedenen Orten auftretend, je unabhängig in der Wahrnehmung, dem Handeln und Wissen. Dieses Vermögen erwächst demjenigen, der seine Übungen unter der Aufsicht eines Vollkommenen Meisters, eines murshidun kamil, zur Vollendung bringt.
Einmal leitete Abu Yazid ein und dasselbe Jumaʿa-Gebet an vierundzwanzigtausend verschiedenen Orten. An einem dieser Plätze sprach er zu den Ulama: „Heute betete ich in zwölftausend verschiedenen Moscheen.“ Sie fragten: „Wie das?“ Und er sprach: „Durch die Macht Allahs des Allmächtigen. Wenn ihr mir nicht glaubt, so schickt Leute aus, Erkundungen anzustellen.“ Sie setzten sich und warteten, bis die Boten mit der Nachricht zurückkamen, daß er an so vielen Plätzen gesehen worden war. Abu Yazid bekannte später: „Ich scheute mich, die volle Zahl von vierundzwanzigtausend zu nennen und sprach deshalb nur von der Hälfte.“

Allah spricht, daß, wenn ein Weizenkorn gepflanzt wird, es in der Erde verschwindet und zu sieben Ähren wird, jede Ähre mit hundert Samenkörnern, so daß siebenhundert Samenkörner aus einem einzigen Korn entstehen. Wenn jemand seinen Körper hingibt, nichts zu sein, so gibt Allah einen Körper aus Seiner Göttlichen Gegenwart. Sei nicht überrascht über Allahs Handlungen; Er ist al-Qadir, der Mächtige. Aber

niemand ist dazu bereit, nichts zu sein, jeder will etwas sein, sein, sein, sein – sogar in der Religion.

Auch in der Tariqat sind die Leute auf Wunder und himmlische Visionen aus, niemand liebt es, nichts zu sein. Wenn du einwilligst, nichts zu sein, wirst du alle Dinge sein. Der Palast der Einheit ist jenen verschlossen, die sagen: „Wir sind etwas!“ Du mußt in Khulwat gehen, in Abgeschlossenheit, und nicht damit rechnen, je wieder herauskommen, sondern es als Ende sehen und deinem Ego sagen: „Glaube nicht, daß du herauskommen und imstande sein wirst Wunder zu tun. Ich bin dabei, dich zu begraben. Mein Sheikh wird den Engel senden, auf daß er dir die Seele nimmt.“
Auf diese Weise wird es echte Abgeschlossenheit sein, sonst ist es nur Training.

Der ersten Bedingung entsprechend beobachtet der Sheikh den Muriden, um zu sehen, ob des Egos Gelüste noch sein Herz bewegen. Ego soll dort zum Ende gebracht werden. Einer solchen Person, die bereit ist zu sterben, können alle Schlüssel zu den Schätzen anvertraut werden. Dieser Körper muß hinweggenommen werden. Ein jeder wird sterben. Einige mögen sich mit der Kraft ihres Willens dem Tod anbieten. Dies meint nicht, sich selbst zu töten, sondern nur, die Wünsche des Egos zu töten. Dann bist du bereit für Göttliche Kräfte. Abu Yazid war solch ein harter Kämpfer gegen das Ego. Leute fragten ihn, was der schwierigste Kampf wäre. Er antwortete: „Das Ganze auch nur zu hören seid ihr nicht imstande.“ „Und welches ist der leichteste Kampf?“ „Vielleicht mögt ihr ein wenig davon hören: Ich rief mein Ego, es möge kommen und beten. Da sagte es: ‚Aber ich möchte schlafen!‘ – ‚Genug, laß das Schlafen und steh auf.‘ – ‚Aber ich möchte schlafen.‘ – ‚Ich schwöre bei Gott, daß ich dir keinen Schlaf gönnen werde oder zu trinken geben während eines Jahres, wenn du nicht aufstehst.‘ – Dies ist der leichteste Gang gegen meinen größten Feind.“

Zehn Jahre lang saß er in einem trockenen Brunnen. Er begrub sich dort, um seine Seele für das gesamte Universum frei zu bekommen; um frei zu sein, jedweden Körper anzunehmen. Dieses sind die kostbarsten Perlen, die nur Könige und Königinnen auf ihre Köpfe legen können. Ihretwegen mußt du dein Ego aufgeben. Jetzt hören wir nur zu, aber die Heiligen sind auch Menschen, und vielleicht sind sie schwächer als wir; aber sie kennen Allah, und Er ist der All-Machtvolle. Ihr müßt alles um Seinetwillen tun und sagen: „O Herr, wir sind bedürftig.“

**VIPs are the Holy Ones!**

O people, we have been created as a man, created from the Children of Adam. We have been honoured. Allah giving us honour.

Meded ya Sultanu l-Awliya!

Try to keep that honour! With which thing Allah honoured you, try to keep it!

If I am giving to you one diamond, I need to say to you: "Keep it?" No, it is diamond, quickly making in a save place. What about Allah Almighty's honour that granted to you?

Perhaps some person may ask honour through his jewels, through their crowns, through their jewels... Women, they are thinking that they are going to be something, saying: "We are so honourable people...Look my crown, so many jewels, as the shop of jewelry my head...!" Understanding, hah? Don't stay here like statue!... Make your head like this, at least... I am thinking about, if people understanding... no one understanding... You must show that: "I am understanding also", even you are not understanding anything...

If a person granted, he has some jewels, going to be so proud, thinking that he is VIP: "I am going to be VIP..." VIP person - how going to WC? Aib! You must blame! "You are VIP person?" "Yes Sir." But first coming from plane, you are asking... people taking you to VIP hall, but you are saying: "Please, where is WC?" Oh, you are so important person - VIP, how VIP going to WC? VIP must be that not going! True? Say yes!...Sleeping?... Don't sleep... so idiot ones! They

are saying that: "Sheikh making... joking, speaking... perhaps, Allah knows, when he is going to finish... and our wives waiting outside, when we are coming, we are going so long conversation, neverending speech Sheikh speaking..." "Let him say, all of you, O brothers, ‘yes’- quickly finishing, we are going! Today third day of Eid Mubarak, we must go ‘Eid Mubarak’.... children saying: ‘We must go around; where is our father, our grandfather?’..." Tauba, Astaghfirullah...

Bahlul Dana, a famous wali, holy one... Harun Rashid Amiru l-Mu’minin... "Ya Bahlul", Bahlul was what we are saying ‘devane’, saying Bahlul: " Amiru l-Mu’minin, what is your order?" "Go to mosque and look Maghrib, who is praying Maghrib, who is ready in Jamaat - bring them to Iftar, Saraya, Palace!" "Yes, Sir, I am trying to do that." He went, Cami was full, Bahlul coming back and only ten people with him bringing. Amiru l-Mu’minin asking: "Where is your people that you are bringing for Iftar?" "O Amiru l-Mu’minin, O Sultan! You said to me, who praying and bring to me. And I am bringing." "Only ten people?" "Yes, Sir, because I was standing at the door of mosque, I am asking: ‘What was Imam reciting?’ saying: ‘I don’t know.’ Only ten people I found that they are saying to me: ‘First Rakaat after Fatiha Inna ataynaka..., second Rakaat after Fatiha Qul huwa-llah..." Only ten people. If you are saying me: ‘Praying, not praying, if you are finding anyone there, bring’, I shall bring here, but you said to me: ‘Who is praying.’ I looked, only ten people ready for namaz, or praying. I am saying: ‘Go away’..."
Our people, Subhanallahi l-‘Aliyyi l-‘Azim... Ya Hu - you must try also to keep something what we are speaking! But, if you are not ready here, your hearts...

Now, what we shall say... "Sheikh neverending speaking, so many things... Our wives shouting, children shouting, and they are saying: ‘Lunchtime going away, we must go, we must look after so many places!’ Sheikh also making more and more men, and more people asking, if they are hungry or angry... Sheikh beginning, speaking, speaking, speaking... what we shall say?" Someone saying: "I must go out", because

also ‘Hacethane’... VIP... "We must go to WC... "

Yes, Sir. Therefore - how VIP people? But everyone asking to be VIP ones. For what? With the jewels! "We are something", and you are nothing, you are nothing! Asking to be VIP with some material! VIP whom they have a ‘jah inda-llah’, real honour, whom they have in Divinely Presence, they are VIP, real, holy people.

I was in Switzerland, I am passing through Switzerland towards Germany, coming, and there is a Saint Nikolaus (von der Flüe); always I am passing, his spirituality asking me to stay and stop there and: "Recite on me", saying to me.

- And I am passing always with Abdul S., Professor... he is following every way, trying every way, not one way... going, coming, not looking one way, he is saying: "I must try every way" and trying, going to be Maghrib, from morning up to Maghrib and Maghrib finding: "We must go this way"... Abdul S. , good person...

- And I am coming down and sitting, his spirituality coming so friendly with my spirituality. Then, we are getting out and to take our cars, one person coming on stairs, looking to me and giving salut, saying: "Willkommen." "Thank you." They said to me that is the priest of that monastery. I said to him: "Your holiness", he was saying to me: "O Sheikh, don’t say to me ‘holiness’, because I am not holiness. I can’t cheat, I don’t like to cheat people, only this sign (dress) signing... I am only servant for this monastery, nothing else, I am not holy one." "Even" - suddenly I am asking - "even Pope not holy one?" He was saying: "Even Pope, he is not holy one. O Sheikh, holy one lying there!"

Who giving to you, people, from some honours, some titles, people thinking that that title giving to them honour, no! Honour coming from Heavens, not people giving to you honour. But people cheated by Shaytan, they are thinking that when you are dressing grand uniform, you are going to be something else. I am saying: "Take this, that grand uniform and stay only shirt and short and shirt. Get out - who is going to say to you ‘Welcome, Sir’, if you are saying: "I am general"?

"Really general?" Dressing, coming, saying: "Yes, Sir! Say, you are general!" You are not general, your dressing is general! People thinking that titles, imitated things, giving honour to people. No, no! Look honour to come to you from Heavens. That is honour!

But people all cheated now. Therefore they are running to learn, to study, study, universities, here there, to reach, to be graduated, to be doctors, to be masters, to be PhD... thinking that... everyone running to be something, some important one.
Never asking, which thing making the Lord of Heavens happy with you. Therefore this cursing coming on nations now! All nations under Heavenly cursing and Blessings taken up.

As Gibrial was saying when he was visiting, last visiting for Rasulullah -sallaLlahu ‘alayhi wa sallam -, he was saying: "O most beloved, most glorified, most praised servant of my Lord! That is the last time that I am coming to you. I am not coming more." And he was saying: "After you I am coming for some reasons." "For what?" "I am coming once to take from people ‘ilm, real knowledge, taking them away. Second I am coming to take mercy for the hearts of people. That is second, and third I am coming to take away ‘haya’, shame, from people, so that men and women you can’t find with them ‘haya’, shame. Shameless should be whole world!" Look now! Men and women shameless, ugly faces, dark - not dark what I am saying black, no, darkness! May be skin black but shining, those people even their faces white, but darkness and ugliness with them should be!

O people, try to reach in Divinely Presence an honour; real honour to be dressed!
And Allah Almighty daily five times dressing his servants, whom they are coming and praying, dressing them every time one another honour, dressing them. How people running to have some medals? And they are putting here... Ohhh!... Here,

here...from here up to down...

Alhamdulillah they are making me to speak truth, no one can say: "No!"...

5 times calling you "O people, hayya ‘ala l-salah! Come to prayer, because Allah Almighty looking to you: "If My servants keeping their oath and coming and being for Me?" Looking, anyone coming, dressing honour! Morning, Zuhr, ‘Asr, Maghrib, ‘Isha... "We cannot pray..." "You should be servants of WC", I am saying to them, "You should be like rats, big rats, through sewages... You should be last day like this... You like to be there always, not to come to say: "O our Lord, forgive us and dress us from Your Heavenly honours!"

That is another period of ignorance. Prophet - sallaLlahu ‘alayhi wa sallam - just taking away first period of ignorance, now people coming most darkness through ignorance. And they lost their ways, they are running after Shaytan and shaytanic, Shaytan’s representative! Whole countries that they have democracy, representing Shaytan! Everyone elections... we are election...90 years old lady, coming: "Where I am putting?" "Why you are coming?" "They called me..." "Sign here that you are coming from apes..." "Ha? Ape?" Yes, becoming, looks like ape... "Write here ‘ape’, put here; this box for apes and their descendent. This for bear’s descendants, this for gorilla descendants..." Understand?

People leaving Heavenly Orders, including Islamic World! Everywhere they are making election, election... Election - just 100 % way of Shaytan, shaytanic style for life, to make people in most dangerous way, to kill each other...

May Allah forgive us. O people, it is enough... enough, what we are saying... May Allah forgive us...

Allah, if He likes His servant, making them to work for Him. But Allah Almighty never likes people, whom they are running after Shaytan. And cursing coming on them, blessings coming on Muslims or believers.

May Allah forgive us. For the honour of the most honoured one in His Divine Presence, Sayyidina Muhammad - sallaLlahu ‘alayhi wa sallam,

Fatiha.

## The Wailing Wall

Dastur, ya Rijalallah, Madad. Huuuuu...! Who doesn't recognize the one greater than him cannot reach anywhere. When we say greatness it is not the size that you measure with an ell (old Turkish measurement). A giraffe also has that kind of bigness - it is 3 meters or 4... To be tall doesn't make you great. And to be of a heavy weight also doesn't give greatness. Oxen, bulls, and bullocks are huge. Each one of them weighs like ten people. This is not greatness either. This means: to be tall is not greatness. To be like a fat ox also is not greatness. Subhanallah!
If you look around in the world, how many government people are there who have a big belly? None of them is thin; all of them are fat. I am wondering: Do these government people think that it is an honour for them to have a big belly? All of them have a big belly! No, a belly doesn't give a man greatness. A human being is zarif, elegant. To have a big belly... "Man tashabaha bi qawmin fa huwa minum." What does someone with a big belly look like? Like an ox, or like a bull because he has a big belly. All of these notable (advanced) people today, 99% of them hang below, because it doesn't fit above. What is this!? What is this!? All of them, or maybe half of them, have a big belly, but what do they do? What do they eat? Sheikh Effendi, they are well served wherever they go. When they are invited, in order not to offend the host, they say, "we eat, because they offer us." Everywhere they go they're offered food, then they get fat.
And: Man tashabaha bi qawmin fa huwa minhum. Who looks likes a people, is of them. Oxen and cows have big bellies. They are like them. How do people call these ones when they finally get angry with them? "That one is like an ox; he eats and eats and doesn't get full. Whatever on the table he finishes saying 'Sunnah'. Haha. They know this Sunnah. They say: It is Sunnah. Let's make Sunnah. What a nice big Muhallabi (pudding). What a nice Kadayif, what a nice Kebab or Kofte. What a nice Borek, chorek this is... this and that, also. It isn't right for us to

leave half of it. The host will be unhappy and that's why we eat all of it. Eat, eat... We have the order to eat coming from above. Don't lose your heybet (magnificence). Don't let them say, "Leave him, he is slim and weak." Let's become magnificent. The belt hides below the belly for a real belly is like this.

Who are these government people? Whom do they represent? They don't represent the people, because the people are poor and thin. There is something to eat everywhere but they cannot afford it. That's why the poor are like this - like sticks, for example. What do they say about those with big bellies? They say: They are like oxen; whatever is on the table they eat, saying: It is the Sunnah. But is also the Sunnah to give to the poor! What is this? No, impossible! Government people have to be magnificent. They have to have a belly to appear respectable to the people.

Ok, so that means that oxen and bulls also eat to be seen as magnificent by people? That is good! "Man tashabaha bi qawmin fa huwa minhum." This is it. Whoever makes himself look like something becomes like that. What is he working for? They say, he eats and then turns into an ox. Haaah! This is the rank he has taken from people. From too much eating that man has turned into an ox. Look at his belly! If you put him on a scale it can't even weigh him. With what pleasure, with which pleasure he ate! And nothing is left that can be given to the poor.

It is now the same in all the nations but the people in the East are even more interested in food. They say, Let's eat and become magnificent. No. Magnificence doesn't come with a belly. Magnificence is coming to man from Heavens. It is dressed on them. Ya. Have you even seen a Pasha with a big belly? Only a few. But all of the common people have. There are only a few fat Pashas. They are trained but civilian people have no training. They eat whatever they find. Eat, eat! Afterwards it comes out of your nose! This was the introduction.

As-Salamu alaikum, O lovers of Shahu Mardan, Habibur Rahman. Welcome. Those who come to our gathering are lovers of Shahu Mardan. This is a new day. Such an introduction was given. It is the entrance to the Sohbet of our blessed Shahu Mardan. It is not mine. He is speaking to us. Who understands, understands. Animals don't understand. Who doesn't understand is an animal. Who understands is a human being. This is the measure. If you understood you are a human being. If not, you are an animal. And this doesn't change. It is the measure of Shahu Mardan. Marhaba, O lovers of Shahu Mardan. Marhaba to his friends, who love him and who keep his way. Those who keep the way of animals, zirt zirt - whip them, whip them! What they do is only

eat and drink. While the others open Allah's way for people, inform them of the Prophet's greatness, and make people reach the Haqiqa (reality) of the human being. Shahu Mardan, let's start!

O friends of Shahu Mardan, as-Salamu alaikum. As-Salam qabla l-kalam. Give Salam before speaking; don't move without Salam - As-Salamu alaikum. What a beautiful beginning, what a nice Adab/manner it is to give Salam. O friends of Shahu Mardan, may you be safe in Dunya, as well as in Akhirat, the Hereafter. May you enter through the Babu s-Salam (The Door of safety), that is the entrance to Paradise. Who is going to enter from there? Those who give Salam. For those who forget Salam there is no door. For those who forget to give Salams there is no door to enter Paradise. But for those who give Salam, yes, there is the Babu s-Salam through which they will enter. Ey O Shahu Mardan, go on; let us listen. Let us learn as much as we can learn. And even if we don't learn anything, may the blessings of this gathering be upon us. We started with Salam, and we will enter Jannatul 'Aliya through the Babu s-Salam.

For those who give Salams there is the Babu s-Salaam, the door to the eight Paradises and they will enter through that door. Who are they? Those who give Salams. They are safe. Whoever gives Salams at least 7x a day will meet with no accident nor Bala/trouble that day. No problems nor worries will be left. Learn this! O Muslim Jam'at, O those who call themselves Alawi or Shia, learn and give Salams. After you give Salam you won't kill any more. Why do you kill? Give Salams before you kill. Can he who kills Muslims be a Muslim? They call themselves Alawi, Shia... When you go up, do you Salams to the planes, To the servants, the Nation of Muhammad? O you vile ones Shahu Mardan says. O you low ones, do you think He doesn't see you? Janabi Haqq, who Orders the Heavens, He has given mastery over this creation to His beloved one. His Beloved one educates.

Go ahead, O Shahu Mardan, your lovers and friends are listening to you. Each time they listen a robe of heybet is dressed on them. Look Shahu Mardan. Make a flag and say, "This is the flag of Shahu Mardan." Now black flags will be made. Black flags, black banners which will be raised everywhere after Rajab as-Sharif. Ahh, this is new news, a new Order: Black flags! On them will be written: "Inna fatahna laka fathan mubina" (48:1) (Verily We have given you a clear victory.) Those who carry these black flags will not come to kill people. They will come to show the honour of Islam.

Human beings are honoured with Islam. You want to kill? Go to the slaughterhouse, go to the slaughterhouse. How many butchers are there who slaughter hundreds of animals each day? Does this honour them? "Man tashabaha bi qawmin fa huwa minhum." Are those butchers in slaughterhouses honourable? They slaughter oxen, calves, sheep, goats, camels - they cut. Do they take honour from that? Do you treat human beings like sheep or oxen? Who gave you permission for this slaughtering of people, O Bashar? Each day he goes astray. O those makruh guruh (hord) that help him, who cut the throats of half a million people in the land of Sham, after this how will they come to Allah's Presence? "La ta'khudhuhu sinatun wa la nawm."(2:255) He neither slumbers nor sleeps. Lahu yurdau yufran Allah. Read the Quran!

Is it not written "Inna-Llaha Basirun bi l-'ibad" (40:44) in the Quran of the Iranians? Or do the Alawis not read: "La ta'khudhuhu sinatun wa la naum" (2:255)? Allah Dhul Jalal knows no slumber nor sleep He is "Al Hayyu l-Qayyum, la ta'khudhuhu sinatun wa la nawm." He doesn't sleep, nor does He get sleepy. Haaa! "Inna-Llaha Basirun bi l-'ibad", He sees what you do! It is not hidden from Him. All of you are in sight. It will be asked in dunya as well as in Akhira, "Wa idha l-maw'udatu su'ilat, bi ayyi thanbin qutilat." (81:8-9) (about those buried alive, you will be asked) O Arhund, do you not read this Ayat? O scholars of the Iranians, O Alawi 'Alims, Janabi Haqq will ask: "Wa idha l-maw'uda..."? Burying in the earth - those who kill people like this will be asked by the dead: "Bi ayyi thanbin qutilat." (81:9) The human butchers will be questioned and asked: "What sin did this man do that you killed him?

Are you the one who gave life to this man? Why did you kill him? How did you kill what Allah has created, when Allah made this Haram? Especially the innocent ones, the weak ones? Who gave you permission to kill? Go to India or China (ie somewhere far way). To go and slaughter; ey Shia, who has given you permission for that? Who gave that Fatwa? You think it is easy with the guns in your hand, with planes up above, destroying all like a hurricane and fire, to go to slaughter people. People are saying: "The human slaughterers are becoming merciless! When one is merciless one is without religion and without Iman (faith). You cannot touch Allah's creatures! Are you giving life that you can take life? Ey Bashar, listen! If you don't you go astray. You will not find a place to go to. Give up what you are doing! Know Allah! Know Allah whose Orders are above yours.

Go ahead, O Shahu Mardan; your words are true. It is the speech of Ali Ibn Abi Talib, the Shahu Mardan. Beware to say: "We will oppose him" O Iranians; O Alawi sect, O Shia sect. The sword of Hz Ali is over your heads. It is over your heads. These are not my words, these are the words of Shahu Mardan.

"Greetings" to the listeners, O lovers of Shahu Mardan. How beautiful. To be present in his gathering, to keep his advice, and to serve humanity in a good way with honour, how beautiful! "Al mu'min akhlu l-mu'min." "The Mu'min(believer) is the brother of the Mu'min." Has the Prophet(sas) of the End of Times not said this? No, Shahu Mardan? Has not Allah said: "Innama l-mu'minuna 'ikhwa"? (49:10) Believers are brothers. What answer will you give? "Fa 'aslihu baynahum"(49:9) Make peace between them. If there is anything wrong, correct it. Is there any order in the Quranul Karim that says: Kill, burn, destroy? Ey Alawi, Iranians, Shia, say! And let those Arhunds who claim to be scholars also say. According to them in their hand is the Quran of Fatimatu z-Zahra. Does Fatimatu z-Zahra show it to them in the Quran, that they should come on people and slaughter them?

Wa idha l-mawudatu su'ilat bi ayyi thanbin qutilat.(81:8-9) This is Al Quranul Karim. In the time of ignorance they used to bury (female) children (alive). That's why they will be questioned on the Day of Judgment. O Shahu Mardan, go on. "Maw'uda" were those buried alive. There were very malicious Kafir who used to burn and destroy the places of the Muslims and then bury people alive. And then bury people alive, like Hulagu and others. Now, in their graves, they are being buried dead, then are brought back to life, and are buried again. It's not easy! Allah Dhul Jalal doesn't leave anyone without the punishment he deserves. Haaa! They think it is easy...

Go on our Shahu Mardan, your order is our order. We are under your flag. We are not going under shaytan's flag. We will not allow ourselves to be called Dhalim (Cruel). We are Allah's army, coming to destroy Kufr/unbelief. Go to Europe to make them Muslims - why do you go to Sham to kill people? If Bashar is so powerful, let him go and slaughter and cut the throats of unbelievers. You are so pretentious, you're tall like a giraffe. Why do you go and cut Muslims? Those who don't fear Allah and are not ashamed in front of the Prophet, Shias who go there to kill people, Allah will question them! "Wa idha l-maw'udatu su'ilat, bi ayyi thanbin qutilat." (81:8-9) He will ask for what reason they have been killed. The killed ones will be asked: "Which sin did you do that these people killed you, burnt you, destroyed everything (that is yours) and

came on you? It will be asked. Everybody will be questioned. Be ready.
I don't know if in Rajab or before Ramadan, but they will be finished... Not even the dust of them will be found so that of the tyrants they will not be able even to say - this was this one and that was that". Nothing will remain. The Order against Dhalims will come from above during Rajab: "Hit the Dhalims!" So don't be Dhalim! Allah can make it rain stones from above; He doesn't need bullets. When you are hit on your head you will fall down where you stand. You will writhe and die like Nimrod. A mosquito will enter through your nose and eat your brain! Allah punished Nimrod in this way. Nimrod was a bewildered governor who came against the Prophet Ibrahim (as), a tyrant, an idolator. And Allah sent only one mosquito... Nimrod said to Prophet Ibrahim: "Where are your armies?" He collected and came with his own armies and said: "I will fight the God of Heavens." Everywhere was full of his army. He said: "I'm waiting for your Lord to come and fight with me. At that Prophet Ibrahim said: "Come out with your armies. Come out, if you want to fight with Allah." So they came out to the desert. All Nimrod's soldiers were in iron armour. And they asked Ibrahim (as): "Where are the soldiers of your Lord?" He said: "Just they are coming." And after a little while a dark silhouette was seen on the horizon.
A silhouette was seen, a cloud had appeared, coming closer. As it came closer a strange noise was heard. A very strange noise, how shall I describe it? Mosquitoes...Even one of them can make a man crazy. They started to come, humming, and their sound was intense! After this silhouette came close, a humming and strange, fearful sound was heard. Go on, O Shahu Mardan, let us listen; let us hear it from the Door of Divine Knowledge. Such a sound was coming from the mosquitoes. If one of them hums, it disturbs a person. This black cloud was all mosquitoes. Then it came closer, a strong sound like from airplane motors started humming. When this happened, Nimrod's soldiers started to tremble. They wanted to flee but that cloud reached them. What cloud was that? A cloud of mosquitoes, yaHu! And the mosquitoes came on Nimrod's soldiers, got into their armour - they had iron armour.
O Children of Israil, did you not read your Books? Is this not written in the Torah Sharif? Or are you not Jews? You won't make it up. Tell your nation, O Rabbis of Israel, tell them, which end Allah Jalla Jalaluhu Jallat Azamatuhu, prepared for Nimrod who attacked the Prophet Ibrahim (as). The mosquitoes were crowded together on the soldiers of Nimrod. Go on, O Shahu Mardan, how nicely are you telling it. Let the Children of Israil, Banu Israil, listen. If you say this

is not in the Torah, then you are not of the Jewish faith, I will tell them. Tell the Chief Rabbi, tell if it is from the religion of the Jews to go in front of that Wall and move back and forth. Has Musa ordered this? Did he do that in front of that wall? What is this? To whom is your Sajdah(prostration)? O Sons of Israil, to whom do you make Sajdah? It is coming powerfully, so be careful!

Go on, O Shahu Mardan! Why do you cry at the Wailing Wall! What is that?! Make Sajdah and cry in Sajdah! You cry for what you have done wrong. Cry then to Janabi Haqq so that He may forgive you. Janabi Haqq has opened the whole world for you. So why do you go & move back & forth in front of a wall? Let the Chief Rabbi tell me that it is wrong, that it is not mentioned in the Torah. Or is it written in the Torah that they should stand in front of a wall & move back and forth and cry? This is something made-up. But there is an Order to make Sajdah! The Mount Tur was lifted over the heads of the Children of Israil because they didn't make Sajdah. When they saw the Mountain rising - this is written in the Torah, let the Chief Rabbi look. Allah's Work is not by means of airplanes and flying bombers and not Janabi Haqq Himself, but by an appointed angel who said: "O Mount Tur, rise!" Janabi Haqq doesn't busy Himself with these kinds of activities, hasha, nothing occupies Him.

But His Order was: "Raise Mount Tur over their heads. They are liars! They are of those who don't make Sajda." By the Order that came to Prophet Musa: "O Tur, rise", Mount Tur rose up. That time all the Children of Israil, out of fear, fell into Sajdah. In Sajdah they looked up to see whether the Mount was coming on top of them or not. And still they do like this. Tell about the origin of this, O Children of Israil! It is in the Torah, the Torah Sharif. If they had listened to it (Torah), they would also have become Companions of the Prophet of the End of Times, but they didn't. When they didn't listen, disgrace, wretchedness - "Wa duribat 'alayhimu l-dhillatu wa lmaskanatu..." (2:61) - indolence, were tied to their necks like a hoop. May Allah forgive us. We are also speaking from the Torah. But the Quranul Karim is our crown and we speak from it. Leave the Christians; someone else will settle accounts with them, or we will do it. Shahu Mardan can make that another day.

Masha Allah, la quwwata illa bi-llah. Islam is high; it doesn't fear your cannons or guns. With mosquitoes it makes you swoon and none of your soldiers will remain. Only their weapons will be left on the ground. What happened? An illness came and all soldiers fell ill and died and their

weapons remained behind. No one is left who can even use a weapon. None will remain. "Al Islam ya'lu wa la yu'la 'alayh." Is is not so? Al Haqqu ya'lu, Islam is Haqq. Islam doesn't have any fear nor anxiety. And the doors have been opened for Islam now. Shahu Mardan(as) is saying that with the beginning of Rajab Sharif the power and spiritual force of Islam has been opened to the whole world. Shahu Mardan Alaihi s-Salam. Let us listen. Let us become well-behaved. If you don't, they will make you well behaved.

One mosquito was eating the head of Nimrod. Finally Nimrod killed himself, hitting his head on the wall. Dress in the characteristics of the Prophets. O those who say: I am Shia, I am Alawi! Listen to the advice of Shahu Mardan, the son of our Prophet's uncle. If you don't, there are lots of armies of Allah to hang and strike people. Don't think you are governing the world, no! He will send a microbe to you which you will neither see with a microscope nor with a telescope. It will enter and destroy. Once an illness came to Basra because of their being lecherous. On the first day 70.000 people died. On the second day another 70.000 people also died. And on the third day no one was left to get out of his house or enter it.

Fear Allah! O Shia, you stir things up everywhere. Who gave you the Fatwa to come from Iran to burn and destroy Sham and kill people with your airplanes? Haa, the day will come that you will be questioned! O Shahu Mardan, go on. Shahu Mardan says: It's with me the trying of them. Sahibu z-Zaman Mahdi (a.s.) will take them to account. And we are the soldiers of Mahdi. We are not going to be the soldiers of anyone else. We are the Asakari Mansurayi Muhammadiyya, not the soldiers of this one or that one. Our military service is to be the soldiers of Mahdi (a.s.) who is carrying the flag of our Master Shahu Mardan, Hz Ali. And we fear nothing but Allah. Shahu Mardan says this.

Greetings to those who listen. O lovers of Shahu Mardan. Shahu Mardan, the owner of Dhul Fiqar, is coming closer. He will show shaytan its place and also those who are running behind it. May Allah make us far away from them. Accept Truth! "Al Haqqu ya'lu wa la yu'la 'alayh." There is nothing above Haqq/Truth. Therefore what do we say: Janabi Haqq! Masha Allah, masha Allah, O blessed Shahu Mardan, the friends who listen to you, the friends of Shahu Mardan, if they are true Shia and true Alawis, they also say: "We are your soldiers. We are not Iranian or Turkish soldiers. We are the soldiers of Sahibu z-Zaman, Mahdi (a.s.) This is our

desire: To be under his flag. Beware! Rajab is coming! Let's see what will happen, what it will bring. The Dhalims will not find a place to flee to. "Wa-Llahu 'ala ma naqulu Wakil." (28:28) Allah be a witness to what we say.
Go on, O Shahu Mardan, your words are jewels! They shouldn't think it is me speaking - I am nothing. Who is speaking in our gathering is the Owner of this gathering, Shahu Mardan. And the descendant of Shahu Mardan Mahdi (a.s.) Long live those who are asking for Mahdi (as), who run under his flag, who honour Islam. May those who are making Islam down be made down also and be damned. This also Shahu Mardan is saying. Wa min Allah at-Tawfiq.
O my Lord, forgive us. Let us not remain with our bad ego. Let us not follow shaytans. But let us keep Your Orders. Allah's Orders are above everything; who keeps Your Orders is Your servant.
O my Lord, accept me as Your servant.
Fatiha.

## We Are Waiting for Imam Mahdi (a)

We ask Allah (swt) for reconciliation and with madad of al-Haqq there should be peace for the believers and sincere ones. Sayyidina Muhammad (s) said:

There will come after me khalifahs, and after khalifahs princes will come, and after princes kings will come, and after kings tyrants will come. Then a man comes from my Family who will fill the Earth with justice as it was previously filled with justice.

Sayyidina al-Mahdi (a) will come to the ummah with kings and ministers to Sham, to southern Syria in a place called Qadam, where he will takbeer, “Allahu Akbar, Allahu Akbar, Allahu Akbar!” and technology will finish with those three takbeers. All kings and their ministers will be there, and he will be imam of all Muslims from east to west. May Allah make this salvation come quickly!

Fatihah.

I have been waiting for Sayyidina al-Mahdi (a) since 1940, observing for seventy years, and my heart is attached to his appearance! Allah, Allah, Allah. Inshaa-Allah we will reach Mahdi (a).

Mashaa-Allah, our dear guests honor us (with their visit). (...)

(Guest: People are afraid, asking what they can do.)

They should not be afraid (of what is coming); rather, they should fear from Allah Almighty. Don't be afraid of the rockets, no. There will be a sign on the heads from whomever Allah (swt) wants to take His revenge and there is no escape for them! They must pray the five prayers or something will come on their heads and if they don't pray, they will get swept away. Allahu Akbar, Allahu Akbar al-Akbar! Allahu Akbar.

May Allah reform all matters as the time has now come. I am waiting for Mahdi (a)! He will rule for seven years, then Sayyidina `Isa (a) will descend and take charge of all matters for forty years, then Judgment Day will occur. O Sayyidee! O Your Highness, the Prince. Yaa Rabbee, shukr! (Du`a)

Fatihah.

**Wake-up!**

As-salamu alaikum! Ja'anan Allahu wa iyakum min as'habu jamin wa ... ? baraka alaikum. A'udhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim, la haula wa la quwwata illa bi-llahi-l 'Aliyu-l 'Adhim

O people, mostly our people (are) understanding English, therefore I am asking permission from our Umara, Highness(es). Three Highness(es) min Umara, from (the) Jordan(ian) Kingdom, whom they are (from) the line of the Seal of Prophets S.Muhammad sws. Sharafa wa karam, wajana wa uazzam (?) wa jallala wa jamman...Huuu! From Subuhu-l Amir, his Highness, I am asking permission to address to people a little bit, what is coming to my heart, tadbiu lahum, to wake people up. Wake up, ayyuha-l ghafilun! Everyone (is) heedless... You are not heedless, only I am heedless... Wake up! May Allah forgive us and send His Blessings on His weak servants.

We are Muslims, but we are now weakest, (the) weakest ones on earth. For what? Really we must be (the) most powerful ones on earth now, because our supporter is Rasulullah sws and his inheritors, Awliya-ullah. They are looking to ourselves, if we are asking: "O our Lord's beloved ones, o our Lord's servants, please support us!" But I am sorry that no one from Muslims they are asking a support from the friends of Allah. Awliya-ullah, they are (the) friends of Allah. First they are going to be (the) friends of the Seal of Prophets S.Muhammad sws, then they may be (the) friends of (the) divinely Presence, for Allah Almighty.

O people. "Al jaza-u min jinsi 'amal". That is an Islamic wisdom, coming from (the) Prophet, the Seal of Prophets, the "bahru-l 'ulum", because the Seal of Prophets S.Muhammad sws, (has been) granted, granted from Allah Almighty"

bahru-l ‘ulum”. “Bahr” for the Seal of Prophets. They are not saying “muhit”; muhit, muhitat, (are) for Allah Almighty, and (there are) endless “muhitat”. “Muhit” means Oceans, Oceans, but “bahr” (means) sea. (The) sea is not like (the) ocean. Oceans they are also (the) Indian Ocean, (the) Atlantic Ocean, and (the) Pacific Ocean. Do you think that Allah Almighty only He has three Oceans? (No), endless Oceans! (There are) countless Oceans for Allah Almighty, “muhit”. You must try to know something for the identity or personality for the Seal of Prophets. If you are not knowing something (about him), you can’t know anything for Allah Almighty.

But I am sorry to say that now we are living closer to the Last Day, Yaumu-l Qiyama and it is (from the) signs of (the) Day of Resurrection, Yaumu-l Qiyama, that the Seal of Prophets was informing that: “When (the) Last Day (is) approaching, people (will be) running away (from) to know or to learn about their Lord (and they will be) going towards ignorance oceans.” (For) ignorance (there are) also oceans and people, they are running to ignorance oceans and they are going to be heedless ones. No one (is) asking: “Who created us?” No one (is) asking: “Who (is) bringing us and landing us on a planet through space? How we landed on it?”

They are saying on that Shaitan’s box that (people are) looking (to it) and (they are) showing people so many things... it is written that (the) Americans (are) sending a new missile to space. (They are) saying that; so foolishly ideas in America! America that is the fountain for ignorance; anything wrong thing you can find in America. They are saying... that (one here) is American, no mind “zaten”... (They are) saying a news; they are saying that: “We are sending a missile through space.” They are sending a missile to see. What they are looking? The idea (is) that (the) beginning of this universe (was like this): one atom (was) exploding and (there was) getting out one light; from that light everything (was) just coming. “And this lightening”, they are saying, “We have (been) informed that we must run through space to look, to see that first lightening.” And they are saying that on that lightening there was a star and

(the) light (was) reaching from that star to us (in) 250 million light years.
They are running to find when (creation was) beginning, when (it was) coming. So foolishly! Every foolish thing you can find in America.... because they are eating too much... and then (they are) sleeping and dreaming such a curious or foolish dreams and (they are) awakening, (saying): “Oh, we found a way to reach to that star, to look what (is) happening there...”
In such a way foolish ideas just they are filling every country; even Muslims countries, even Arabs countries also, that they are reciting (the) Holy Quran! They are forgetting (the Holy Quran) and (they are) running after that: “Where is that star?” I may swear, if not his Highness here, for those people, but for the honour of (his) Highness I am keeping Adab... because I am (a) very adabful person... Sleeping?...
Ya Hu, look first (to) your world, this, how we landed on it! They are not looking (to) that. If they are looking, they must look (to the) Holy Books. And (the) Old Testament, (the) New Testament, according to their understanding, (were) just reaching to (the) Children of Israel and other nations, but the Seal of Prophets just he had been granted (the) Holy Quran. You can find everything in it, from pre-eternal up to eternal. They are not looking (at) that, (they are) saying: “There is (a) star, we must go.” Give that money to (the) people in Africa that they are never finding to eat something or to drink something. But Shaitan (is) carrying them on (the) wrong way.
(There are) two ways, o people: one way (is the) true way, (the) second (is the) wrong way. Wholly now, including Arabs and Muslims and Turks, Kurdish, Ajam, Iranian ... And (the) first class Muslims (are the) Pakistan(i people), (the) second class Muslims (are the people of) Afghanistan, (the) third class Muslim(s are the) Wahabiyun... they are not thinking on (the) Holy Quran. And that is the reason (that there is) coming cursing on people.
Look through their universities, if they are putting any lesson from (the) Holy Quran to think on it! Why? Why? And Allah (is) taking all of them away, bringing

someone that is... Arabs, Turks , Iranian, Pakistan, Afghanistan taken away, bringing a people (that) everyone (of them is) His servant. If you are not giving respect for (the) Holy Quran and the way of the Seal of Prophets, He is going to take you away, bringing another (nation). Haaa!

Ehhh. “Palestine, Palestine...!” (Is) Palestine only for Muslims or (is) Allah Almighty granting us (the) whole world? “Gaza, Gaza...!” This is the aim of our nation, (of the) Muslims? They never said: “Live in Quds.” This is for “umma sabiza”. “Baitu-l Maqdis”. For us “Shatra Mecca Mukarrama”. Rasulullah sws just he fought to reach Ka’aba Muazzama - that is our honour! 100.000 (mosques) like (the) Mascid Aqsa (are) never going to be equal (to) the high respect of (the) Ka’aba on earth! “La hayata liman tunadi”.

Wrong way! Look (for the) true way in (the) Holy Quran. You must look in it! If you are not looking, your eyes (will be) taken away from you, (you are) going to be blind. And who is blind in this world, will be blind in the next.

I am (the) weakest one, I am (a) zero on (the) left hand. But if I am giving my zero in front of (the) one, I may take this world like (a) football up... Volleyball I can do this world! But I am zero. But (a) zero, if (it is) coming on one, (that means) power. One zero (is) enough; the Lord of Heavens (is) not using a second zero there, no, one (zero is) enough. Like this universe billion (of) universes – (He) may take it away with one zero.

O people, you must change (the) wrong way to (the) right way. .. We must say: Now whole governments (are) running after to be democratic. No, Haram! That is Batil! We must follow (the) theocratic way. Democratic (is) the ways of no mind people. Theocratic (is) Allah Almighty’s Orders. You must change or (you are) going to be taken away. Therefore from 5 (people there are) going to be remaining one. 4 billions (are going to be) taken away. (Then) Allah brings who (is) believing and respecting and keeping (the) Holy Orders of Heavens.

O people, I am nothing, but something! And we are approaching step by step to (the) Last Day, the Day of Resurrection, Yaumu-l Qiyama. And before (it is) coming (the) Yaumu-l Qiyama, (there) must come Madhi a.s. to arrange the lives

of people according (to the) Holy Commands of Allah Almighty...
(A) man must be (a) man, women must be women. Allah Almighty (is) making (the) ways of men, how they should move, and for women, how they should be dealt (with). Homes (are) for ladies, for women, outside (is) for men - that is (the) Holy Command. Who is making against that, they should be taken away. (And there are) so many ways today!
Eh. “O Sheikh, what we shall do? There is a virus of pigs!” That (virus is) never going to a mu’min, but (to) who is going their lives (to be) like (the) lives of pigs...That should be coming, as (we are) informed through (the) Holy Hadith for Rasulullah sws: “When Jesus (is) coming, (he is) killing (the) pigs and breaking (the) crosses.” Subhanallah! S.Isa a.s. also he is... perhaps (there are) no more pigs, till he is reaching, but people they are not... Pigs (are) eating whole dirt... Haram is dirty; people, they are not making a difference between Halal and Haram. (They are) eating Haram and their character (is) like (that of) pigs... they are going to be killed.
O people, you must know (the) true way and (the) wrong way. Who is going to (the) wrong way - no mercy from Heavens. But what we shall say? Muslim countries also, they are following “gharbiyun”, Western people. We are not Western people; Western, that (the) sun (is) setting down (in the West), (are) the countries of darkness. We are Oriental ones, (where) always (the) sun (is) shining. Ae, Western countries must follow the lights that (are) coming from (the) oriental countries, from Mecca Mukarrama, that (they are) just coming out (there).
O people, keep what we are saying! I am not looking in books and coming to address to you. What they are giving to my heart, I am speaking and I am not fearing from anyone! If anyone thinks something wrong for me, I may reach (to him) before he is reaching to me, to make him under (the) earth.
Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Karim Allah
Allah Allah, Allah Allah, Allah Allah, Subhan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah .

Give Halwa to people... to be sweet ones... If anyone (there is) coming something through their heart, something wrong, (there will be) 40 days only for him to be on earth. (Day) 41 you may find that one under (the) earth... They are saying: “There is (a) virus”, but they are not seeing. And (a) virus, if (it is) more powerful from mankind? How it can be?

Allahumma salli wa sallim ‘ala Nabiyyina Muhammad alayhi salam, salatan tadumu wa tughda ilay, mamarra layali wa tula dawam... Fatiha...

## WAKE-UP, MUSLIMS!

Islam is having a long night and a heavy sleep. I think that Muslims have now slept enough and we are asking Allah Almighty to awaken them. The whole Islamic world is on a wrong direction. Sometimes people come on a wrong motor way. If they understand, they will soon find an exit to get out. If they don't understand and stay on the same wrong direction, they will continue until the end and then say, "Oh, where have we come to?"

Now all the Muslims and all the Muslim governments are on a wrong direction. The non-Muslim world has been on a wrong direction since the beginning and now the Muslim world is following them, thinking that they are right. That is our big mistake, we are trying to westernise. At the same time they are taking Muslims and slaughtering them. Yet we are not awakening!

The Muslim world thinks that to make instruments like TVs, radios or computers is so much, but in fact it is so simple, really nothing! All the sahabas of the Holy Prophet, may peace be upon them, knew the secret of such things.

We are only looking for the good tidings that our Holy Prophet, may peace be upon him, has given to us about Sahib-ul-Zaman, Hazrat Imam Mehdi Alehi Salaam, the Powerful One, whose power is enough for the whole world. All this technology will be in the dustbin. He will bring the power of real Islam. We do not put our hope in the Muslim states with their plans of building atomic centres. By the time we have reached the

technology of the West, they have reached another horizon. This foolish and heedless Muslim world thinks that when they run after the western world they will reach them and even surpass them. That will never happen. They are not asking for the real power stations, the heavenly power stations.

That is why I am looking and asking Allah Almighty to let the holy people use a little bit of their power. If they would, the whole of technology would be finished overnight. There are so many holy-ones who have full power, but we are keeping adab, good behaviour, and we are waiting for Allah Almighty to give the order to Mehdi Alehi Salaam to be allowed to use the power. When he begins, all willpower may be used. Now it is prohibited. Before that big event, which will shake the whole world, there will be a selection of who will be with Mehdi Alehi Salaam, and who will not. We are reaching this selection very soon. That is why harmful people with ideas, intentions and actions, will be put down. There will be no more life for them. Perhaps it will be one or two more years. Before three years they must finish.

Try to be with good-ones. Don't keep bad and harmful ideas and don't keep bad intentions. Don't intend to harm people because all harmful people are dragons and dragons will be killed. One dragon will kill the other. Allah Almighty will put one dragon on the other, so that they will eat and destroy each other. The last one will be destroyed by the Sword of Islam.

## WAKE-UP, MUSLIMS! 2

May Allah forgive us and keep our hearts in His Hands and not leave our hearts, or ourselves, because we cannot look after it. Only He may. Therefore say, "Oh, my Lord,we are your weak servants, we are giving everything that you granted to us, we cannot protect what you have granted to us. We are weak ones, and we think, which is wrong, that our enemies are much more powerful than we are.". He will say, "No! Shaitan is weak, we only think that he is powerful." It is a wrong idea, to think that Shaitan is more powerful than we are. We are powerful. Anytime that Shaitan attacks on anyone, we are supported. If we can be able, if we can use what we have been given, whenever Shaitan attacks, Divine Support will come quickly. But we are not using the Divine Support, we don't use what we have been given, therefore Shaitan can come and bring us down. And he will ride on us so quickly and make us fall down and be like animals. He rides on us and makes us to be his donkeys. We don't use what Allah Almighty has granted to us. We have authority to face not only one, but if as many shaitans as there are human beings would attack us, we could defeat all of them. That is how much power we have. Because we have been created to be deputies of Allah Almighty. Do you think that one eagle fears thousands of crows? Do you think that? Allah Almgihty has granted an authority to mankind to face not only one, but millions of shaitans. Mankind has been authorised to ask to be supported. Allah Almighty says, "Ask! And I shall give you. Don't be afraid of Shaitan, just say that you are against him. You must make your position clear. Are you with me, or with them? I must know. If I know that you are with me,

then don't worry. Even if there are as many shaitans as there are atoms, don't worry! But you don't make it clear where you are standing. I am looking and seeing, that sometimes you are with me, but mostly you are with your enemy. Sometimes you are friendlywith me, but mostly you are friendly with your enemy. That puts you down and then I cannot support you. It goes against my honour to support my servant when he is with his enemy."

That is why the Muslim world has fallen down. They are friendly with Shaitan. The Muslim world is friendly with their enemy. The Muslim world is friendly with the devil. That is why they are getting no support. If the Muslim world were not friendly with the devils, an unbeliever would not be able to touch a believer and kill them. Thousands of Muslims are being killed innocently in Jugoslavia. Which country is getting up and saying, "Stop!"? Pakistan, or Turkey, or Saudi, or Libya, or Egypt, or Iraq, or Iran? Which one? All of them are claiming to be Muslims. They are liars! Hypocrites! What are the millions and millions of armies waiting for? Where is the honour of Muslims? Muslims are being shot like dogs on the street. Where are the Muslims? When it comes to talking they are all first-class Muslims. First-class hypocrites! How can Allah support us? We are not with Him.

If we were with Him then how could there be an Israel right in the heart of Islam like a sword? How could that be? Arabs are also not with Allah. The Arabs let their children fight against Israel with stones. Libya has armies, Egypt has armies, Sham has armies, Iraq has armies, Saudi has armies, Sudan has armies, Algeria has armies, Morocco has armies. What are they doing? Just parading. Come and fight!

It is easy to fight against Kuwait for Iraq. It is very easy to fight against dunya. Perhaps they don't learn geography in Iraq, or maybe their compass showed the wrong direction? There is no excuse. Instead of going into Israel, they were mistaken and went into Kuwait. In the same way Iran was mistaken before and now Iraq is, once more. They got mixed up with East and West and they thought that Israel was to the East. But it was to the West, so he ran into Iran and Iran too didn't react by saying, "We are also Muslims, why are you fighting against us?"

Same with the Turks in Aserbeyjan. Turkey is such a powerful country with such a powerful army. 60 million people and such powerful armies. 7 armies. They could prepare 6 million soldiers, and this is happening on their border, fighting and killings of Muslims. And they cannot say one word, "Stop!"

And what about the people in Bosnia-Hercogevina? They are originally Turks, Ottomans! And they are calling, "Come and save us!". Instead Turkey is making tricks in Turkish Republics in East Asia and fighting for Cyprus! In Cyprus there are 60.000 people! To control these 60.000 people they are keeping an army of

100.000 people.
The Ottomans were honoured-ones, not the Turks. They were threatening all the unbelievers. The Ottomans never wore the hats of the unbelievers in their armies. They were wearing the crown of the Prophet sws. not the hats of unbelievers. The whole Muslim world is using the hats of the unbelievers in their armies nowadays. The Sharia never accepts these hats. In Saudi the soldiers are even coming to the Kaaba with these hats! That is haram! To put the hats of the unbelievers on their heads! Allah is not sleeping. He is looking and reacting.
May Allah forgive us. Wake-up, oh Muslim world! The angels are shouting, "Oh, Muslim world, wake up! Look what is happening!" No-one is saying anything. The Imams aren't, or all the people who are claiming to be Muslims and always accuse other people of doing shirk, haram and bida. They know nothing else than that. They are only talking about bida. They say, "Don't say Salawat to the Prophet, that is bida! Don't ask the Prophet to intercede, that is shirk! Don't visit the holy-people, that is shirk! Don't visit the Prophet, that is shirk!". That is the only thing that they know. May Allah put them down.
Much more than we are hearing is actually happening in these countries. But the real news are not reaching us. What the communists did to the people of Afghanistan was much more than this. But the people of Afghanistan fought with the crowns of the Prophet sws. and Allah supported them. Two million people were killed as martyrs and 6 millions were refugees, but Allah supported them and they besieged a whole superpower!

**O People! Wake up!**

A`udhu billahi mina ’sh-shaytanir-rajeem. Bismillahi 'r-Rahmani 'r-Raheem, Bismillahi 'r-Rahmani 'r-Raheem, Bismillahi 'r-Rahmani 'r-Raheem

Oh people! Servants of the Lord of Heavens. Peace be upon all of you to be in peace here and Hereafter. Welcome to you! To listen something as much as you are in need to listen and to obey. I am also more than you needy for listening Heavenly orders and to be loyal and to be obedient to our Lord Almighty Allah. Allahu Akbar, Allahu Akbar..

Oh people, oh people. Don’t forget who created you, give your most high glorifying to your Creator give most high honour and respect and glorifying to your Lord that created you to be His deputies on this planet on dunya, on this globe. If He was ordering us to stand up from beginning up to Last Day of our lives it is nothing! We can't say that we are giving a little bit glorifying to our Lord. Whole creation, if they are giving their most high glorifying, it is nothing! Through His greatness through His glorifying, glory oceans that it is impossible, even one of them, to reach to understand and to give a glorify.

Oh people! You are so small ones! We are so small ones, we are so weak ones! He Almighty who created us, wa khuliqal-insanu da`eefa- “mankind was created weak” Oh people ! Oh mankind! you just created to be very weak one, destur ya sayiddi madad. An ant may be much more powerful than ourselves, and we are weaker than an ant. How it can be oh Shaykh Hisham? Yes. Now people they are running away from pig flu, that is a virus may be able, that virus may be able to make a gigantic person like Heracleous [Hercules]. That is a symbol of power in Greek mythology. Sometimes they are making me to remind something from past times. Oh people! I am a weak servant and I was from my childhood, I like to learn. Perhaps up today I read and I was trying or I tried...to learn something. I was learning and I like to learn more and more, more and more...

The honour of mankind, Shaykh Hisham, according to their knowledges. A jaahil, ignorant one, their level is level of donkeys. Perhaps donkeys they are knowing something, but ignorant people not knowing anything about the Creator. Welcome to you! Try to learn, to learn the laws of learning, countless. Hal min mazeed- the ranks of knowing people endlessly. Therefore, Allah Almighty signing thru holy Quran. Allah Almighty giving a description of fires conditions, siffaat, description, ta`reef. You may say another word description. Giving a description about fire. Fire always asking....”O my Lord! I am never getting to be full, I am always hungry. Give to me more and more and more and more and more from pre eternity up to eternity. Asking, “O my Lord give, grant to me more and more. More and more what You are granting to me I am learning something more about the most Holy and glorified Essence.” SubhanAllah!

Oh people! Oh listeners. We are weak ones and I am asking a support. Why Allah Almighty saying mankind created weak that means, O mankind don't be proud, don't be proud. That signing that mankind always are proud ones and to be proud only for the Lord of Heavens Holy Creator, not for anyone else. But our egos claiming that I am also that one and I am so proud for what? because I am carrying some ..... title...titles, that titles giving me an authority to say that I am something and I must be proud. When you are going to proud, you may say to those people whom they are claiming they are not on the level of common people because they have some titles. From whom you have been granted that titles?? Do you think that tittles that just given to you from your people it is something? Never! But they are all imitated titles among yourselves. Real title coming from Heavens. I am hearing that in Christianity from chief leader of their churches, they are using a election they are making an election among themselves, they are choosing, saying “this one. We are happy to be our chief to be number One.”

I am asking that to be number One coming Heavens? “Nooooo shaykh never! We are giving to our head ones that honor. We are giving that title to be Pope or to be Bishop or to be more than bishop. We are giving that means nothing particularly something that granted from people to someone. No any value. But people running after that imitated titles. And they are, I am not saying created, yaj`aloon. They are making among themselves some rules and using that rules for making someone from first step to last step. Therefore, such a religions people giving to their chiefs or to their highest position people. They have nothing from Holiness that granted from Heavens. Therefore, now seegha, seegha of Islam - characteristics of Islam, every religion never be able to give something to people from Heavenly levels to make them to go up through Heavenly

levels.

Because people may give something, for example, Nimrod just ordered to be built for him a huge tower for what ? To be closer the Lord of Heavens? But he fall down, he fall down greatness and to be closer from the Lord of creation, if it is granted to someone, that one may reach higher and higher stations through Heavens. Therefore now it is 21st century according to their calendar giving nothing to their followers and they are using so many things eegha'an, [encouraging them or tempting them] tempting can't give anything...

Yes, they may go up from a distance but no more. They are saying must come down we must come down but the creator, Lord of creation He is sending a stairs...and who may climb on that stair, reaching Heavenly positions or with material means, material aspects, never giving to mankind something from Holiness of Heavens. But people now just they have been cheated! cheated through Shaytaan and through Shaytanic missions. Countless Shaytan's followers , they are cheating people and we are saying now...advising....please listen our ...oooo ooooo oooo.... And people standing up. They are thinking this is heavenly sound... Dumm dumm! dumm dumm dumm dumm.. No meaning, no any power to make people even to rise up to 10 centimeters or 5 cm or 1 cm to get up from earth. Because if a person going to be able to rise himself through earth from his gravity he may reach such a stations that ...people even cant be able to dream.

What we are saying? Why we are speaking?? What is our aim? Real aim, it is not something that you can look and think on it and you can find a solution, no! It is only Heavenly grants. Heavenly grants, earthly aspects never taking you up even 1 mm. Because you can be able to rise your feet even 1 mm from surface of globe that one may reach to move from sight of this plant up to endlessly Heavenly positions. May Allah forgive us! We must understand, we must understand. Before we are invited to go, we must understand something. Because the Lord of Heavens going to ask His servants "what you learned?" May ask Lord of Heavens, "Did you reach something?" "No.. oh my Lord. I never getting up even 1 mm from surface of our planet."

"I sent to you hundreds and thousands of elected ones, hundreds and granted some khususiyya, speciality, you never heard about them? What is going to be your answer? If Allah Almighty saying "I sent to you hundreds and thousands of My Selected Ones from My Divinely Presence you never listening and following and reaching anything?" "O my Lord! Just now I am hearing this. what is this on earth through your life what you did? Oh my Lord you know I was a business man and oh my Lord to give business and to be busy with

something. To be business was making me occupied with its nonsense aspects. I was always trying to be a big business man, or first one through business area? [field] Number one..

Never oh my Lord. That means you day`atu, you lost your chance that granted to you once to be in existence. Now you finished. We are heedlesss. O people ..we are really heedless ones, we are wasting most valuable chances that we have been granted by our Lord. Bismillah Ya Rabbi... Shukr Ya Rabb. Our souls hundred times 1000's times millions times more thirsty for Heavenly aspects. But you are losing it! That is the reason of cursings that coming closer, closer, more closer. The people that they are living and they are heedless from Heavenly orders. They are heedless, they are ignorant about heavenly positions. approaching, approaching.

Oh people! Keep yourselves! Now today, we are living but should come a day for future that can be taken away from this life. We and this physical being going to be a dust but your real being going to be in prison after that death and it is most pity for our souls that we reached through this lifes to our heavenly aspects and you are bringing nothing. Therefore, everything just shown and just talked to people taught. Through selected ones ....chosen Ones and that ones just going to lose their chances and they should ask oh our Lord, give us once again a chance to be alive and to be on Your order. Step by step passed away, passed away.

We are sitting here and I was as a broadcasting machine. I am saying something, but it is prepared through Heavenly ones .. from your hearts to my hearts. It is not something that I am thinking and speaking to you or I am not looking books and asking to speak to you to address to you but it is something special and speciality from the Lord of Heavens to someone’s for to wake up people whom they are running and their eyes closed down. And angels saying.. Oh people wake up! wake up! wake up! But people they are saying we are in such a beautiful dream are opening our eyes we may lose this handsome, beautiful views and we must keep always our eyes closed down. No openness... no anyone who closing his eyes never seeing anything. Open your eyes..

Wake up 21st century people... open and wake up. Where are you and look what happening. Wake up.. where are you and look what happening with living ones on your right hand or left hand in front... They are falling down and they are saying that one yesterday running today he cant carry himself. We are not thinking on it, and we never like to think. Because when you are thinking, your egos getting never a pleasure from this life and pleasure for our egos through this global tastings. Beyond we are not thinking anything, but when final breath coming they should say, "oh we lost everything". Before going to shout and to cry we are losing

everything that we must take that we must carry them with us. Nothing in our hands and no level for us. May Allah forgive us...

Oh people! oh people! That is something that very important to be known leave to be servants of your dirty egos, but try to be your Lord's graduated servants for your Lord Almighty Allah. That work is most honourable but if anyone working for His ego, that is ...waste oh shaykh.....we are saying, "O, ego ego ego" and we are... Dumm...dumm..dumm..dumm..

[Sayyiddee, we are trying to make something a singing.]

And we are singing euro, euro, hummm.,
O my euro, to be more and more,
To be on dollarrrrr.
But no hope for us,
When Her Majesty's sterling pounds
Going always over us.
That makes us to be much more
To try and work
To reach and pass pounds.
Our euros, that is our egoes' command to have more euros.
dumm ...dumm ...dumm..dumm.
Oh Ego... dumm... dumm... dumm... dumm...
You must try to climb over pounds
Wing... wing... wing...
(singing)

[We love you ya Sayyideee!]

Oh people! Allah grants a little mind.
My mind coming down
and your minds losing their balance
for dunya and no more any wishing,

any demands for eternity...
Ohhh eternity...
Dumm ...dumm... dumm...
That means continue O peopleeee to reach eternity!
Wake up... O peopleeeeee...
Because of eternity ...
Oh shaykh you are so mad...
no.. no.. no age!

(singing)

O my Lord's
servants to be happy,
Give your Lord,
be happy...
he grants to you happiness pleasure..
it is a grant from your Lord

O people !
Follow your Lord's orders
to be happy here and hereafter
through eternal life
pleasure it is a grant from your Lord

O people !
follow your lord's orders
to be happy here and hereafter
through eternal life

You may be Shaykh of Al- Azhar
You may be Pope

You may be Bishop..
You may be Chief a humble Shaykh in Jerusalem
You may be in Tibet....Dalai lamboooooo

Must be happy! Why not
You are happy? Unhappy?
Because Allah created you as man
You were thinking to be donkeys to be happy??
or to be snakes..or foxen.. foxen
Because wolves coming and claiming to fox
you are so dirty one.. go awayyy

[Okay? Ok Sayyidee]

What are they saying there?]

[They are saying we love you Sayyidee.]

They love you, they love me, Allah loves who loves me.
Dumm... dumm..dumm..dumm

[Ya Sayyidee!]

ameen!!!!!!

## Wake Up! The World is Burning!

Every religion comes to establish peace on earth. I am trying to give people peace. Satan wants the opposite: to establish war. When people follow satan their struggles are never-ending. When they follow prophets and the Holy Commands of Allah, they will reach peace. In this century we need peace more than anything else. Everywhere there is the fire of fighting. The world is burning. There is fighting in the street, in the school, in the office, in business, in homes, amongst young ones, amongst rich ones, amongst citizens, amongst village people... Nations are struggling within themselves and against others. There is no peace now. I do not think that your Creator, the Lord of Heavens, wants you to fight. Stop fighting and start to listen to the Commands of Heavens! It is because you are not hearing, listening and obeying the Holy Commands of Heavens that suffering, miseries and troubles are increasing. There are endless troubles without a solution. If you try to bring a solution to a problem, you will find 10 new problems. If you solve them you will find 100. Why? Does Christianity tell you to fight? Did Jesus Christ* advise Christians to fight? Did Moses* tell his people to fight against each other? Did Muhammad*? Is there any religion which is telling us to fight?

Satan causes us to oppose each other. He gives us all these reasons. He says it is an economical problem. That is the biggest lie! He is the biggest cheater. It is not an economical problem. The disaster is that people are not finding out about the Holy Commands of Heavens, so without even knowing it, they are disobedient. That causes the biggest problem.

People have never been as rich as they are in our times. Muhammad* told us that there will come a time when money will come in abundance. 60 or 70 years ago people were working for so little money. A worker would work from sunrise to sunset for 3 piaster and it was enough to feed a family. Now the money in Turkey is worth so little that even young boys are millionaires. People in these days have so much money, but they are not satisfied. People are millionaires, billionaires, trillionaires They are so rich! Markets are full of everything. Still we are being told that it is an economical crisis. There are some huge companies who take all the gold and put it underground. Then they give us paper money. On it they write £1.-, $10.-, DM 100.-, but it is only paper. The real value, gold, is kept underground. Then they create the stock market so that they can play with the money. "Keep it! Sell it! Buy it!..." They are behaving like people from the mental house. Every country has a central bank, even Saudi Arabia. When they had their first king, they were not using this kind of money. King Abdul Aziz was only using silver coins. After him everything was changed, and his learned people did not object.

Our Shariah tells us that we cannot buy anything with paper, because you can cut it and throw it away. It is worthless: you can put it in water and it will melt. You may put it in fire and it will burn. The Shariah does not allow us to buy or sell with something which has no value. People should use something valuable for trade. But people are keen to do everything which is against the Divine Rules. This is why we have all these troubles. In the last years money has even been changed into plastic cards. Representatives of satan want to control everything. Christians are sleeping, Muslims are sleeping, but some people are waking up. Christians have been given one tablet of valium, Muslims ten! Muslims are like cows, full of milk!

Don't blame other people. Open up your own eyes. What did Allah the Almighty say to you, to Muslims to Christians and to Jews? You must follow these rules! Since 60 years I am fighting against demons. They never like me. They are my first class enemies. I hate evil. Devils and evil are destroying everything on earth. Satan has established his kingdom and I want to wake up people to be against him. I would like to continue on this way until I leave this life. I would like to be in the Divine Presence of the Lord and still be against the sultanate of the devil.

One cigarette already supports his kingdom. Did you know that? It is a very simple example which will wake you up. People are burning trillions of dollars for that every day. All for the honour of satan, or did you think

they are doing it for Allah? Then they cry about an economical crisis. If they would just stop smoking for one day, it would finish every economical crisis in the world. What can we say?

I am nearly eighty years old, but I have come here to establish a group of people against the sultanate of satan, Muslims, Christians, Jews... any kind of people. All prophets came to destroy the satanic kingdom on earth. But people never supported prophets, the majority supported satan.

This is why Allah sent His Heavenly Curse to destroy people. I am afraid now, because once more most people are supporting satan. A Divine Curse will come on them and destroy billions, like it is mentioned in all Holy Books as Armageddon, the biggest war which will be on earth before the last day. It will be a Heavenly Curse for the people of the 20th century because they supported satan during the whole of this century. They lived for satan and they died for satan. But we have been ordered to live for Allah and to die for Allah.

## The Walking Castle

Meded ya Awliyas. Alhamdulillahillezi ahyana Ba'da Ma Amatana wa Ilyyhi n nushur. Thanks to Allah, who woke us up from our sleep. Assalamu Alaikum yaran Shah Mardan. How nice. How nice. Oooh the Shah of the Maydan/ battle field, Shah Mardan. The Sultan of the arena of brave ones, Shah Mardan. Sayyidina Ali Ibn Abi Talib, he is the son of Our Master's uncle. Walking Castle. He is the walking castle. The castle, that doesn't collapse. Nobody can stand in front of Shah Mardan.

First of all we send salatu salam to Our Master; Praise be to our Lord, He sent us... His Beloved. And son of The Beloved's uncle, Shah Mardan. They told me today "The Walking Castle", our Master Hz. Ali Shah Mardan. The walking Castle. Allah Allah. What a beautiful name. Marhaban ya yaran Shah Mardan. Let's say Bismillahir rahmanir rahim. May our assembly be blessed and filled with light. And all of you with Shah Mardan's intercession, the uncle's son of Sultanul Qawnayn, Master of the Universe, Hz. Rasul (saw). We stand under his banner. His banner covers east and west. Rasulu Kibriya Sultanul Anbiya, his banner covers east and west, and beyond that. They call it a flag. There's a difference between flag & banner. Anbiyas have banners.

There's a starboard on banner; Liwa l Hamd. It's the starboard of Allah's Beloved. Liwa l Hamd. Whoever stands under that, is saved from the wrath of Allah, finds peace. Whoever doesn't stand under that flag, it's very difficult for him. So difficult. Demons pull them and throw them away. The ones, who aren't under Liwa l Hamd they are going to be picked off by demons and thrown to hell.

Lets say Bismillahir rahmanir rahim, our love and enthusiasm increases. We take power. Abdun daif; i'm a weak servant. "Our tariqa is the way of sohbah, friendly chat". They say so, so let's say

what they make us say. How nice. We woke up. There's someone, who wakes us up. We said Bismillahir rahmanir rahim. Leave the doors of this world. The key that will open the doors of Heaven and Angels, the key that will open the doors of Mercy is Bismillahir rahmanir rahim. Don't forget! Oh yaran, Shah Mardan. What a beautiful name, oh my friends, the ones who love Shah Mardan because he is the lion to be loved. The Rasul knows his secret. Nobody knows the secret of Rasul. Rasul knows; he knows the secrets of his ashab. He knows the secret of his uncle's son, Shah Mardan. That's why in whichever assembly you sit oh the ones loved by Shah Mardan, the ones who love Shah Mardan. ‚ÄúAl mar-u ma'a man ahabba‚Äù A person is with the one he loves. Lions go with lion. Cats can't go. Foxes can't go, wolves can't go. Their lion nature is exceptional. Among people, it is Shah Mardan who is dressed with special attributes; Ali Ibn Abi Talib (ra), the conqueror of the Khaybar Castle. If there were a thousand Khaybar Castles, with one of Shah Mardan's roars they would collapse and turn into a heap of stone.

He honored us by him Janab al Mawla for the sake of the Beloved.Thanks to Allah. We love Shah Mardan, bravery comes from him. He has the attribute of lions. Oh drunk people! Know that Allah's lion is Shah Mardan, he is the lion of the arenas. Tell his story, hear, listen! May love & enthusiasm come to you.

Anyone, without love is a dry log, a dry tree; a dry tree that doesn't bloom. Now its spring time, Nawruz. The first day of spring. It's these holy days when trees awaken, and the water of life runs inside. Just like that, that lion's, Shah Mardan's, words and his love runs from our heart to give our bodies strength. We're full of love & enthusiasm. Anyone, not finding love or enthusiasm is a dry tree. Or after it dries, it's been cut and shaped into wood. Without love a person is a log. Love is the honor of a human being. Anyone, without love and respect to Shah Mardan is a dry log. Useless. Allah Allah. Marhaba oh the friends of Shah Mardan. Pray in the morning and sit in the sohbah. Listen to sohbah until Israq. In dargahs, takkas, tombs in masjids, in mosques the believers are present until sunrise. They used to listen to Shah Mardan's sohbah. They listened to his sohbah, heard good news. ‚ÄúAl mar-u ma'a man ahabba.‚Äù Because they listened, their hearts were filled with love... love for Shah Mardan. No sadness left. No distress. Their hearts open, they are relieved.

What a good start of the day, with Shah Mardan. We wish we lived in his time and served as his

horse's feet. What a good service. Let's say oh Shah Mardan, Bismillahir rahmanir rahim. Don't forget! Say this. He used to rule people and jinn. The ones, who ruled ins& jinn sat on the throne with Basmala. They used to stand up with Takbeer. Holy ones. Take the burden on us by mentioning their names; the burden is lifted from us. Takes away distress, no sorrow left. They are relieved. The skies have doors of relief that open and from them descend a relief to body and heart.
Now it's full of hospitals everywhere. Diseases fill the earth. Why? Nobody is taking from that nur (light). Nobody is taking the nur given by Shah Mardan. For this reason people are sick both physically and spiritually. They are on zero level. Shaitan covers them with a black coat, a black coat. Shaitan throws on them, that black robe, squeezes, squeezes them. They leave the house, saying poof poof. They go to the office, in distress. They look for someone to fight. They aren't at ease. They don't know what to do. Say oh Shah Mardan, give us from your nur(light). We take care of your horse's shoe. I don't want that he says. My horse, that I ride has angels taking care of its feet. Duldul (his horse) with one spur, took him up to the skies. Shah Mardan has that much power. Duldul that he rides, if he hits like that, it takes him from east to west. If it's on the ground, it takes him up in the sky. That much power.

Our religion is Islam. It's the religion of truth and... the religion of Shah Mardan, son of Rasul's uncle. What he brings us from Janabu Rabbul Izzet as a present is the dress of nur( light). Oh Allah dress us with light. Oh Our Lord dress us with the dress of relief, dress of faith, dress of strength, dress of majesty, so we may be seen. Oh our Lord I want. It comes to Shah Mardan. Say Shah Mardan. May you be dressed with the dress of well being, the dress of relief, dress of joy, dress of majesty, dress of familiarity. You won't need makeup. Everyday your beauty will be refreshed. Yet mindless women try to look pretty by makeup. It's worthless. Sit in the assembly of Shah Mardan, see how your face becomes beautiful.
We sit in his assembly, we say Allah's Name first, it's obligatory for a servant Bismillahir rahmanir rahim. See how your face shines. Anyone, who doesn't say Allah, his face turns into a monster. Men shave their faces. "Man tashabbaha bi qawmin fa huwa minhum" Whoever he imitates, he is from them. Allah said to men: the male lion has a mane. Man's mane is his beard. That gives majesty. If you shave it once in the morning, once in the evening there's no light on

your face, no majesty, no beauty. He wears the dress of ugliness. Think of yourself oh Children of Adam! Oh Children of Adam! Allah created mankind to be the most beautiful. There's no other creation, that can immitate mankind. Mankind is beautiful. Allah created us beautiful. Wa khalaqal-insan. "Ar-Rahman. 'Allamal-Qur'an. Khalaqal-Insan. 'Allamahul-bayan" Rabbul Izzat Rabb created mankind. What our Lord created contains beauty and light. There's majesty, relief.

People nowadays don't know, don't listen. When they don't listen, they become ugly. He becomes uglier day by day; tries to be beautiful but becomes ugly. When they are young, they are like a young tree. Then they eat, drink and become very fat. Men and women become strange because their attributes turn into those of animals. Who doesn't know his Lord, his body takes strange shapes. They start walking in a strange way. When they use makeup they become uglier. Say Allah! Shah Mardan don't deprive us of your sohbah. The Sultan of heavens and earth Shah Mardan. Look at them. Don't sit and watch Shaitan's cupboard! Don't follow fashion, trying to imitate them. It makes you uglier and also makes you stink. When they are old, they become both ugly and a bad smell comes from them. That's why a handful of lotion, motion; when he puts it on, he smells worse. When they try to beautify, they become uglier.

Search for the spiritual beauty, so that it covers your physicality as well; they say MashaAllah when they see you, he has light, how beautiful. Oh Ladies, show your beauty... only to your family and to halal (permitted) ones. Don't dress up to show to other people. It isn't a good attribute. It makes you uglier. That's why our grandmothers, mothers they used to cover themselves. When they lifted their veils like the moon, altough 80 years old. Now, there's nothing left to show. They get uglier, uglier. They got older, older. They lost the beauty of mankind. When trying to beautify, they become uglier. Beauty descends from heavens, does not come from the earth. Ladies! Search for the beauty from heavens. It's not with powders, mowders in this world, not with lotions. Beauty descends from heavens. If you want to be beautiful, look good, search for it from heavens. You can't be beautiful with paints, with powders.

And day by day they get uglier. Why? They eat in a strange way. They are insatiable. Not tired, they want to eat all the time. As they eat, they get fatter, uglier. Say Bismillahir rahmanir rahim. And the beautiful dress Allah will dress you with makes your body, your face look like an

angel. Show your angel like face to the halal ones. Don't show it to the haram ones. If a haram one looks to a haram woman or if a woman makes him look, that man's ugliness comes on her. For this reason who work in offices are ugly. In fact they aren't ugly, but they become ugly because of men's looking. Shah Mardan, send us the ones with nur (light) who will teach us the right ways. Our minds open. We know why we were created. Why are we created? For doing what? Who created us? For what? Ask this. Know this - you don't need powder or blusher or lotion. You don't need anything. Know this. If you know, you won't be among men. You won't be among men. Because men's gaze decreases your beauty. You're left, you look ugly. Don't stay among men! Don't work in offices. Don't sit with men. When we say men, we mean don't meet haram ones. They decrease, steal your beauty. Take care of yourself.

The lovers of Shah Mardan - He gives us such beautiful advice. You won't get sick, won't be in distress, won't suffer. You keep your beauty. When they lay you down, when you're dead, they look into your face, it's clean. Spending time with men, the nur (light) of woman is taken. Don't sit. Keep yourself. Hide it, so that divine beauty descends upon you. When you are 90, 100 you look clean. Be friendly. These days are strange days. People follow Shaitan. They left their Lord's way. That's why generations became ugly. Their minds are strange. They turned into a horde, not knowing what to do. Our youngsters, they messed it up. They play football. They don't say, pray they say, let's go to play. They don't say lets go to the mosque. No benefit for them. No benefit for them. Because what they eat is not halal. Even if you serve the best food, without Basmala there's no taste.

Let's change. Let's change. Friends, lovers who listen to Shah Mardan, follow the right way as much as you can. What if you ride a horse, instead of driving a car? There's majesty in riding a horse. Driving a car there's no majesty. What majesty does it have? There are 2, 3 times more cars than people. No taste. This fashion, its useless. But men riding a horse, they have majesty. Allah wants us to have majesty. My servant should have majesty says Janabul Haqq. Not disgrace. When they see My servant, they tremble; they are astonished. From his looks, from his majesty they tremble. I won't make him needy says Allah. Throw away the cars. Keep a horse, Arab horse, British horse. Ride on them. Come and go. Don't sleep. Nice, nice. Oh Shah Mardan. How beautiful are Shah Mardan's advices. Read! Learn! Listen! So many things came and pass. They said like that. "Things come and go. A camel carrying coal, passed through a

sieve" - Our Grand Sheikh used to say. Things come and go. A camel loaded with coal, passed through a sieve. Did it pass through the sieve? It passed. They passed, finished.
How beautiful is Shah Mardan's sohbah? We have lots of stories. Wake up, wake up. They celebrated Nawruz. Women sit on men's laps. This is neither Turkish tradition, nor Kurdish; This is an evil tradition. It's not Islamic tradition. It's not our ancestors' tradition. There are countless fake things. That's why they are all in trouble. They all have grief. Oh Our Lord, we are afraid of Your grief, the manifestation of grief. They throw a bomb, they destroy everything. No house, no children, no family, no women, no men are left. Allah doesn't accept this. But people think they have the right. For this reason He leaves them. "Wa la taqtulu anfusakum" Janabul Haqq orders "Don't Kill". Where is the Human or his equivalents? Don't kill. Oh Our Lord, send us someone from Shah Mardan's clean descendants. I see that there is a Sultan in Jordan, a sultan, who is a descendant of the Prophet(saw), a Sultan with majesty - Malik Abdullah they say. He is above all.
May Allah increase his majesty. May his enemies not reach Ramadan. They should tumble down, dissappear. Allahu Allah. All mischief is from shaitan, shaitan wants to extinguish Islam. But that Sultan will extinguish shaitan's stove. Also the Sultans of our honorable ancestors. they are the ones, who will put this world in order. Without their majesty, people aren't afraid of anything. They are scared of Ottomans. Why Ottomans? Because Ottomans hold... the banner of the Prophet. They hid that banner for 100 years. They are left without any value. Now they take money from someone, arms from that one, food from there, debts from here. Who puts people in this situation they will grieve in their graves.
Say Bismillahir rahmanir rahim and don't be afraid. The Banner of Islam. 700 years Ottomans, 300 years Sufid. 1000 years they carried the Banner of Islam. Why did they go to Europe? To say Allahu Akbar. Did they say? He cited Gulbanki Muhammed. This will come. Now, what they built is without constitution, rotten. The material they use is worthless. It will fall on their heads. Run away, otherwise it will fall on your head. To where? To Allah, to the Prophet, to Shah Mardan, to the Sultans. They will keep an eye on you with their majesty, Allah willing. With our Master's Mercy, shafaat, with the sword of Shah Mardan.
Allahu Akbar Allahu Akbar La Ilaha llla Llahu Allahu Akbar Allahu Akbar wa liLlahi l hamd. Our Lord send us the Banner of Islam. For today we agree on this much. May Allah give our

hearts relief. Give our bodies strength. Dress us with the dress of majesty. Amin amin wa Salamun Ala l Mursalin, Hususan Ala Sayyida l Mursalin Wal Hamdulillahi l Rabbil Alamin. Salams to Shah Mardan. Salams to those, who love him. Fatiha.
Isma'u veu feiza vaitum fentefihu. Don't make up. Don't listen to radio or tv. Listen to the words of Haqq - your honor increases. Pray for us for Allah's sake. We are weak but with the blessings of your prayers, we are given srength. May Allah forgive our sins. Say at least 70 Astaghfirullah everyday. Send salatu salams 70 times. say 70 times La Ilaha Illa Llah. Don't be afraid. Armies descend who will defeat the oppressors. Armies descend from heavens. There is a verse about the Musawwimin: Angels descended on the day of Badr. Angels descended at Hunayn. Angels descended in all wars, all with crowns on their heads. Put on the crown of Islam. Don't go out with your head uncovered. May come to you strength.

Because these are the days of revenge. I don't know what happens until Rajabu l Sharif. But for those without the crown of Islam, there's fear. We are the victorious armies of Muhammad (sas). That's the name of our great ancestors: Victorious armies of Muhammad. Persians they called their armies, they had armies called, Emiran Dashkari yezzan. The name of their soldiers. Emiran Dashkari yezzan. Ottoman's army is Ashakiri Mansure-i Muhammediyye. Ashakiri Mansure-i Muhammediyye, always victorious army. Our Prophet's soldiers, it's the Banner of Islam.
Wa min Allahu Tawfiq Fatiha.

## Die wandelnde Festung

---

Madad ya Awliya. Alhamdulillahi Lladhi Ahyana Ba`da ma Amatana wa Ilayhi n-Nushur. Dank sei Allah, der uns aus unserem Schlaf aufweckte. As-Salamu `alaykum yaran, Shah Mardan. Wie schön. Wie schön. Oooh, der Shah des Maydan, des Schlachtfelds, Shah Mardan. Der Sultan der Arena der Tapferen. Shah Mardan. Sayyidina Ali ibn Abi Talib. Er ist der Sohn des Onkels unseres Meisters. Die wandelnde Festung. Er ist die wandelnde Festung. Die Festung, die nicht zusammenbricht. Niemand kann vor Shah Mardan bestehen. Zuerst einmal senden wir unserem

Meister Salatu Salam. Gepriesen sei unser Herr. Er sandte uns Seinen Geliebten und den Sohn des Onkels des Geliebten, Shah Mardan. Sie sagten mir heute 'Die wandelnde Festung', unser Meister Hz Ali Shah Mardan. Die wandelnde Festung. Allah Allah. Was für ein schöner Name. Marhaban ya yaran Shah Mardan.

Sagen wir Bismillahi r-Rahmani r-Rahim. Möge unsere Zusammenkunft gesegnet und mit Licht erfüllt sein. Und ihr alle mit Shah Mardans Fürsprache, der Onkelssohn von Sultanu l-Qawnayn, dem Meister des Universums, Hz Rasul (saws). Wir stehen unter seinem Banner. Sein Banner bedeckt Ost und West. Rasulu Kibriya Sultanu l-Anbiya, sein Banner bedeckt Ost und West und darüber hinaus. Sie nennen es eine Flagge. Es gibt einen Unterschied zwischen Flagge und Banner. Anbiya haben Banner. Es gibt ein Liwa l-Hamd auf dem Banner. Es ist das Liwa l-Hamd von Allahs Geliebtem. Liwa l-Hamd. Wer immer darunter steht, ist sicher vor dem Zorn Allahs und findet Frieden. Wer immer nicht unter dieser Flagge steht, für den ist es sehr schwer. So schwer. Dämonen ziehen sie und werfen sie weg. Diejenigen, die nicht unter Liwau l-Hamd sind, werden von Dämonen aufgegriffen und in die Hölle geworfen werden. Sagen wir Bismillahi r-Rahmani r-Rahim. Unsere Liebe und Begeisterung nehmen zu. Wir übernehmen die Macht. Abdun Daif, ich bin ein schwacher Diener. Unsere Tariqa ist der Weg des Sohbat, der freundlichen Unterhaltung. Sie sagen es so, also sagen wir, was sie zu sagen uns beauftragen. Wie schön.

Wir sind aufgewacht. Da ist jemand, der uns aufweckt. Wir sagten Bismillahi r-Rahmani r-Rahim. Laßt die Türen dieser Welt. Der Schlüssel, der die Türen der Himmel und Engel öffnet, der Schlüssel, der die Türen der Gnade öffnet, ist Bismillahi r-Rahmani r-Rahim. Vergeßt es nicht! Oh yaran, Shah Mardan. Was für ein schöner Name, oh meine Freunde, die, die Shah Mardan lieben, weil er der Löwe ist, der geliebt werden muß. Der Rasul kennt sein Geheimnis. Niemand kennt das Geheimnis Rasuls. Rasul weiß. Er kennt die Geheimnisse seiner Ashab. Er kennt das Geheimnis seines Onkelssohnes Shah Mardan. Deshalb, in welcher Zusammenkunft auch immer ihr sitzt, o die, die geliebt werden von Shah Mardan, die, die Shah Mardan lieben, "Al Maru ma`a man Ahabba". Eine Person ist mit dem, den sie liebt. Löwen gehen mit Löwen. Katzen können nicht gehen. Füchse können nicht gehen, Wölfe können nicht gehen. Ihre

Löwennatur ist außergewöhnlich. Unter den Menschen ist es Shah Mardan, der mit besonderen Attributen bekleidet ist, Ali ibn Abi Talib (ra), der Eroberer der Festung von Khaybar. Gäbe es tausend Khaybar Festungen, würden sie mit einem von Shah Mardans Brüllen zusammenstürzen und zu einem Haufen Steine werden. Er ehrte uns durch ihn, Janabu l-Mawla, um des Geliebten willen. Dank sei Allah.

Wir lieben Shah Mardan. Tapferkeit kommt von ihm. Er hat das Attribut der Löwen. O Betrunkene! Wisset, daß Allahs Löwe Shah Mardan ist. Er ist der Löwe der Kampfplätze.

Erzählt seine Geschichte, hört zu! Möge Liebe und Begeisterung zu euch kommen. Jeder ohne Liebe ist ein trockener Holzklotz, ein trockener Baum, ein trockener Baum, der nicht blüht. Jetzt ist Frühling, Nawruz, der erste Tag des Frühlings. Es ist an diesen heiligen Tagen, daß Bäume erwachen, und das Wasser des Lebens darin läuft, gerade so wie dieses Löwen, Shah Mardans, Worte und seine Liebe von unserem Herzen laufen, um unseren Körpern Kraft zu geben. Wir sind voller Liebe und Begeisterung. Jeder, der keine Liebe oder Begeisterung findet, ist ein trockener Baum. Oder nachdem er getrocknet ist, wurde er gefällt und in Holzscheite geschnitten. Ohne Liebe ist ein Mensch ein Holzklotz. Liebe ist die Ehre eines Menschen. Jeder ohne Liebe und Respekt für Shah Mardan ist ein trockener Holzklotz. Nutzlos. Allah Allah. Marhaba, oh Freunde Shah Mardans. Betet am Morgen und sitzt im Sohbah. Hört dem Sohbah zu bis Ishraq. In Dergahs, Tekkes, Grabstätten, in Masjids, Moscheen, sind die Gläubigen anwesend bis zum Sonnenaufgang.

Sie pflegten den Sohbahs von Shah Mardan zuzuhören. Sie hörten seinen Sohbahs zu, hörten die guten Nachrichten. "Al Maru ma`a man Ahabba." Weil sie zuhörten, füllten sich ihre Herzen mit Liebe, Liebe für Shah Mardan. Keine Trauer mehr. Kein Leid. Ihre Herzen öffnen sich, sie sind erleichtert. Was für ein guter Tagesbeginn mit Shah Mardan. Wir wünschten, wir lebten in seiner Zeit und dienten zu Füßen seines Pferdes. Was für ein guter Dienst. Sagen wir, oh Shah Mardan, Bismillahi r-Rahmani r-Rahim. Vergeßt das nicht. Sagt das. Er pflegte Menschen und Djinn zu regieren. Derjenige, der Ins und Djinn regierte, saß auf dem Thron mit der Basmala. Sie pflegten mit Takbir aufzustehen. Die Heiligen. Es nimmt uns die Last durch die Nennung ihrer Namen. Die Last wird von uns aufgehoben. Es nimmt das Leid weg, keine Sorgen mehr. Sie sind

erleichtert. Die Himmel haben Tore der Erleichterung, die sich öffnen und von denen Erleichterung für Körper und Herz herabkommt. Jetzt ist alles voller Krankenhäuser. Krankheiten erfüllen die Erde. Warum? Niemand nimmt dieses Licht. Niemand nimmt das Licht, das von Shah Mardan gegeben wird. Aus dem Grund sind die Menschen krank, sowohl körperlich als auch geistig. Sie sind am Nullpunkt. Shaytan bedeckt sie mit einem schwarzen Mantel, einem schwarzen Mantel. Shaytan wirft auf sie dieses schwarze Gewand, drückt, drückt sie. Sie verlassen das Haus und sagen puff, puff. Sie gehen ins Büro voller Sorge. Sie suchen nach jemandem zum Kämpfen. Sie sind nicht gelassen. Sie wissen nicht, was zu tun.

Sagt: Oh Shah Mardan, gib uns von deinem Licht! Wir kümmern uns um die Hufe deines Pferdes. Ich will nicht, daß er sagt: Mein Pferd, das ich reite, hat Engel, die sich um seine Hufe kümmern. Duldul, sein Pferd, trug ihn mit einem Ansporn zu den Himmeln. Shah Mardan hat so viel Macht. Duldul, den er reitet, wenn er so schlägt, trägt er ihn von Ost nach West. Wenn er am Boden ist, trägt er ihn hoch in den Himmel, so viel Macht. Unsere Religion ist Islam. Es ist die Religion der Wahrheit und die Religion von Shah Mardan, des Sohnes von Rasuls Onkel. Was er uns bringt von Janabu Rabbu l-Izzet als Geschenk ist das Kleid aus Licht. O Allah, bekleide uns mit Licht. O unser Herr, bekleide uns mit dem Gewand der Erleichterung, dem Gewand des Glaubens, dem Gewand der Kraft, dem Gewand der Majestät, damit wir gesehen werden. O unser Herr, ich will, daß es zu Shah Mardan kommt. Sagt: Shah Mardan, mögest du mit dem Gewand des Wohlergehens bekleidet werden, dem Gewand der Erleichterung, dem Gewand der Freude, dem Gewand der Majestät, dem Gewand der Vertrautheit.

Ihr werdet kein Makeup brauchen. Jeden Tag wird euere Schönheit erfrischt. Doch hirnlose Frauen versuchen mit Makeup schön auszusehen. Es ist nutzlos. Sitzt in der Zusammenkunft von Shah Mardan, seht, wie euer Gesicht schön wird. Wir sitzen in seiner Zusammenkunft, wir sagen Allahs Namen zuerst. Es ist verpflichtend für einen Diener. Bismillahi r-Rahmani r-Rahim. Seht, wie euer Gesicht leuchtet. Bei jedem, der nicht Allah sagt, wandelt sich das Gesicht in ein Monster. Männer rasieren ihre Gesichter. "Man Tashabbaha bi Qawmin fa Huwa minhum". Wen immer er nachahmt, zu denen gehört er. Allah sagte den Menschen: Der männliche Löwe hat eine Mähne. Die Mähne des Mannes ist der Bart. Das gibt Majestät. Wenn ihr euch einmal am

Morgen und einmal am Abend rasiert, ist kein Licht auf euerem Gesicht, keine Majestät, keine Schönheit. Er trägt das Gewand der Häßlichkeit. Denkt an euch selbst, Kinder Adams! Kinder Adams, Allah erschuf die Menschheit, um sehr schön zu sein. Es gibt keine andere Schöpfung, die die Menschheit nachahmen kann. Die Menschheit ist schön. Allah erschuf uns schön. Wa Khalaqa l-Insan.. "Ar-Rahman. `Allama l-Quran. Khalaqa l-Insan. `Allamahu l-Bayan" (55:1-4). Rabbu l-Izzat Rabb erschuf die Menschheit. Was unser Herr erschuf, enthält Schönheit und Licht. Da ist Majestät und Erleichterung.

Die Menschen heutzutage wissen es nicht, hören nicht. Wenn sie nicht hören, werden sie häßlich. Er wird von Tag zu Tag häßlicher. Er versucht, schön zu sein, wird aber häßlich. Wenn sie jung sind, sind sie wie ein junger Baum. Dann essen und trinken sie und werden sehr fett. Männer und Frauen werden merkwürdig, weil ihre Attribute zu denen von Tieren werden. Wer seinen Herrn nicht kennt, dessen Körper nimmt merkwürdige Formen an. Sie beginnen auf merkwürdige Weise zu gehen. Wenn sie Makeup benutzen, werden sie häßlicher. Sagt Allah! Shah Mardan, enthalte uns dein Sohbat nicht vor. Der Sultan der Himmel und Erde, Shah Mardan. Seht sie euch an. Sitzt nicht herum und guckt auf Shaytans Schrank. Folgt nicht der Mode in dem Versuch, sie nachzuahmen. Es macht euch häßlicher und läßt euch auch stinken. Wenn sie alt werden, werden sie häßlich, und ein schlechter Geruch geht von ihnen aus. Deshalb eine Handvoll Lotion, Motion.. Wenn er sie aufträgt, riecht er noch schlechter. Wenn sie versuchen, sich zu verschönern, werden sie häßlicher. Sucht nach der geistigen Schönheit, so daß sie auch euere körperliche abdeckt. Sie sagen, Masha'Allah, wenn sie euch sehen. Er hat Licht. Wie schön!

O Damen, zeigt euere Schönheit nur euerer Familie und Erlaubten. Putzt euch nicht heraus, um euch anderen Leuten zu zeigen. Es ist kein gutes Attribut. Es macht euch häßlicher. Deshalb pflegten unsere Großmütter und Mütter sich zu bedecken. Wenn sie den Schleier hoben, waren sie wie der Mond, obwohl 80 Jahre alt. Jetzt gibt es nichts mehr zu zeigen. Sie werden häßlicher und häßlicher. Sie werden älter und älter. Sie haben die Schönheit der Menschheit verloren. Bei dem Versuch, sich zu verschönern, werden sie häßlicher. Schönheit kommt von den Himmeln herab. Sie kommt nicht von der Erde. Damen! Sucht nach der Schönheit von den Himmeln. Es

geht nicht mit Pudern, Mudern in dieser Welt, nicht mit Lotionen. Schönheit kommt von den Himmeln herab. Wenn ihr schön sein, gut aussehen wollt, sucht danach von den Himmeln. Ihr könnt nicht schön sein mit Farben, mit Pudern. Und von Tag zu Tag werden sie häßlicher. Warum? Sie essen auf merkwürdige Weise. Sie sind unersättlich. Sie werden nicht müde, wollen die ganze Zeit essen. Wie sie essen, werden sie fetter, häßlicher.

Sagt Bismillahi r-Rahmani r-Rahim. Und das schöne Gewand, mit dem Allah euch bekleidet, läßt eueren Körper, euer Gesicht aussehen wie ein Engel. Zeigt euer engelsgleiches Gesicht den Erlaubten. Zeigt es nicht den Verbotenen. Wenn ein Verbotener eine verbotene Frau ansieht, oder wenn eine Frau ihn dazu bringt, sie anzusehen, kommt des Mannes Häßlichkeit über sie. Aus diesem Grund sind die, die in Büros arbeiten, häßlich. Tatsächlich sind sie nicht häßlich, aber sie werden häßlich wegen der Blicke der Männer. Shah Mardan, sende uns diejenigen mit Licht, die uns den rechten Weg lehren. Unser Verstand öffnet sich. Wir wissen, warum wir erschaffen wurden. Warum wurden wir erschaffen? Um was zu tun? Wer hat uns erschaffen? Wozu? Fragt das. Lernt das. Ihr braucht keinen Puder oder Rouge oder Lotionen. Ihr braucht gar nichts. Wisset das. Wenn ihr das wißt, werdet ihr nicht unter Männern sein. Ihr werdet nicht unter Männern sein. Weil der Blick der Männer euere Schönheit mindert. Ihr werdet verlassen, ihr seht häßlich aus. Haltet euch nicht unter Männern auf. Arbeitet nicht in Büros. Sitzt nicht mit Männern zusammen. Wenn wir sagen 'Männer', meinen wir, trefft nicht mit Verbotenen zusammen. Sie mindern, stehlen euere Schönheit. Achtet auf euch.

Die Liebenden Shah Mardans. Er gibt uns solche schönen Ratschläge. Ihr werdet nicht krank, werdet nicht in Sorge sein, werdet nicht leiden. Ihr bewahrt eure Schönheit. Wenn sie euch niederlegen, wenn ihr tot seid, schauen sie in euer Gesicht, es ist rein. Zeit mit Männern zu verbringen, nimmt das Licht von Frauen. Sitzt nicht mit ihnen. Bewahrt euch selbst. Versteckt es, so daß Göttliche Schönheit auf euch herabkommt. Wenn ihr 90, 100 seid, seht ihr rein aus. Seid freundlich. Diese Tage sind befremdliche Tage. Die Leute folgen Shaytan. Sie haben den Weg ihres Herrn verlassen. Deshalb wurden Generationen häßlich. Ihr Verstand ist sonderbar. Sie wurden zu einer Horde, weil sie nicht wußten, was sie tun sollten. Unsere Jugendlichen sind verdorben. Sie spielen Fußball. Sie sagen nicht 'Betet', sie sagen 'Laßt uns spielen gehen'. Sie

sagen nicht, 'Gehen wir in die Moschee'. Kein Nutzen für sie. Kein Nutzen für sie. Was sie essen, ist nicht halal. Selbst wenn du das beste Essen servierst, ohne Basmala hat es keinen Geschmack. Ändern wir uns. Ändern wir uns. Freunde, Liebende, die Shah Mardan zuhören, folgt dem rechten Weg, so viel ihr könnt.

Was, wenn ihr auf einem Pferd reitet, statt ein Auto zu fahren? Es ist Majestät im Reiten eines Pferdes. Im Autofahren ist keine Majestät. Welche Majestät hat es? Es gibt zwei-, dreimal mehr Autos als Menschen. Kein Geschmack. Diese Mode, nutzlos. Aber Männer, die ein Pferd reiten, haben Majestät. Allah will, daß wir Majestät haben. Mein Diener sollte Majestät haben, sagt Janabu l-Haqq. Keine Schande. Wenn sie sehen 'Mein Diener', erzittern sie. Sie sind erstaunt. Vor seinem Aussehen, seiner Majestät erzittern sie. Ich werde ihn nicht bedürftig machen, sagt Allah. Werft die Autos weg. Haltet ein Pferd, einen Araber, ein englisches Pferd. Reitet darauf. Kommt und geht. Schlaft nicht. Schön, schön. Oh Shah Mardan. Wie schön sind Shah Mardans Ratschläge. Lest! Lernt! Hört! So viele Dinge kamen und gingen vorbei. Sie sagten das. 'Dinge kommen und gehen. Ein Kamel, das Kohle trägt, geht durch ein Sieb', pflegte unser Großshaykh zu sagen. Dinge kommen und gehen. Ein Kamel, das mit Kohle beladen ist, geht durch ein Sieb. Ging es durch das Sieb? Es ging durch. Sie gingen, Schluß. Wie schön ist Shah Mardans Sohbah. Wir haben eine Menge Geschichten. Wacht auf, wacht auf! Sie feierten Nawruz. Frauen sitzen bei den Männern auf dem Schoß. Das ist weder türkische, noch kurdische Tradition. Das ist eine üble Tradition. Es ist keine islamische Tradition. Es ist keine Tradition unserer Vorfahren. Es gibt unzählige gefälschte Dinge. Deshalb sind sie alle in Schwierigkeiten.

Sie haben alle Gram. Oh unser Herr, wir fürchten Deinen Gram, die Manifestierung des Grams. Sie werfen eine Bombe. Sie zerstören alles. Kein Haus, keine Kinder, keine Familie, keine Frauen, keine Männer mehr. Allah akzeptiert das nicht. Aber die Menschen denken, sie haben das Recht. Aus diesem Grund läßt Er sie. "Wa la Taqtulu Anfusakum". Janabu l-Haqq befiehlt: Tötet nicht. Wo ist der Mensch oder seine Entsprechungen? Tötet nicht! O unser Herr, sende uns jemanden von Shah Mardans reinen Nachkommen. Ich sehe, es gibt einen Sultan in Jordanien, einen Sultan, der ein Nachfahre des Propheten (saws) ist, einen Sultan mit Majestät, Malik Abdullah, sagen sie. Er ist über allen. Möge Allah seine Majestät mehren. Mögen seine Feinde

den Ramadan nicht erreichen. Sie sollten hinfallen, verschwinden. Allahu Allah. Alles Unheil ist von Shaytan. Shaytan will den Islam auslöschen. Aber dieser Sultan wird Shaytans Ofen löschen. Auch die Sultane unserer ehrenwerten Vorfahren, sie sind diejenigen, die diese Welt in Ordnung bringen. Ohne ihre Majestät fürchten sich die Menschen vor nichts. Sie fürchten die Osmanen. Warum die Osmanen? Weil die Osmanen das Banner des Propheten halten.

Sie verbargen dieses Banner 100 Jahre lang. Sie sind ohne Wert. Jetzt nehmen sie Geld von Einem, Waffen vom Anderen, Essen von dort, Schulden von hier. Wer die Menschen in so eine Lage bringt, wird sich im Grab grämen. Sagt Bismillahi r-Rahmani r-Rahim und fürchtet euch nicht. Das Banner des Islam. 700 Jahre Osmanen, 300 Jahre Sufis. 1000 Jahre trugen sie das Banner des Islam. Warum gingen sie nach Europa? Um Allahu Akbar zu sagen. Sagten sie es? Er zitierte Gulbanki Muhammad. Das wird kommen. Jetzt, was sie bauen, ist ohne Grundlage, verrottet. Das Material, was sie benutzen, ist wertlos. Es wird auf ihre Köpfe fallen. Lauft weg, sonst fällt es euch auf den Kopf. Wohin? Zu Allah, zum Propheten, zu Shah Mardan, zu den Sultanen. Sie werden ein Auge auf euch haben mit ihrer Majestät, so Allah will. Mit der Gnade unseres Meisters, Shafaa, mit dem Schwert Shah Mardans. Allahu Akbar, Allahu Akbar, La ilaha illa Allah. Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Unser Herr, sende uns das Banner des Islam. Für heute einigen wir uns auf so viel. Möge Allah unseren Herzen Erleicherung, unseren Körpern Kraft geben. Bekleide uns mit dem Gewand der Majestät. Amin Amin wa Salamun `ala l-Mursalin, Hususan `ala Sayyida l-Mursalin wa l-Hamdulillahi r-Rabbi l-`Alamin. Salams für Shah Mardan. Salams jenen, die ihn lieben. Fatiha. Isma'u wa Faiza waitum Fantafihu.

Putzt euch nicht heraus. Hört kein Radio oder seht Fernsehen. Hört die Worte Haqqs, euere Ehre mehrt sich. Betet für uns um Allahs willen. Wir sind schwach, aber mit den Segnungen euerer Gebete wird uns Kraft gegeben. Möge Allah uns unsere Sünden vergeben. Sagt mindestens 70 Astaghfirullah jeden Tag. Sendet 70 Salatu Salams, sagt 70x La ilaha illa Allah. Fürchtet euch nicht. Armeen kommen herab, die die Unterdrücker besiegen, Armeen von den Himmeln. Es gibt einen Vers über die Musawwimin: Engel kamen am Tag von Badr herab. Die Engel kamen auf Hunayn herab. Engel kommen in allen Kriegen herab, alle mit Kronen auf dem Kopf. Setzt die

Krone des Islam auf. Geht nicht mit unbedecktem Kopf hinaus. Möge Kraft auf euch kommen, weil dies die Tage der Rache sind. Ich weiß nicht, was geschieht bis zum Rajabu sh-Sharif. Aber für jene ohne die Krone des Islam, ist Furcht. Wir sind die siegreiche Armee Muhammads (saws). Das ist der Name unserer großen Vorfahren: die siegreiche Armee Muhammads. Die Perser nannten ihre Armeen, sie hatten Armeen, genannt Emiran Dashkari Yazzan. Der Name ihrer Soldaten war Emiran Dashkari Yazzan. Die Osmanische Armee ist Ashakiri Mansure-i Muhammadiyya. Ashakiri Mansure-i Muhammadiyya, die immer siegreiche Armee. Die Soldaten unseres Propheten, es ist das Banner des Islam. Wa min Allaha t-Tawfiq. Fatiha.

## Warnings of the End Times

Fire has spread everywhere! Ladies must not leave their homes too much, they must not work outside, they must sit at home and Allah will protect them. Now there is danger for those who go outside. I said what had to be said (so take heed). Make du`a for me. We are weak.

Fatihah.

(Du`a and baya`)

May Allah accept your visit. May He protect you from straying from the path with which He is well pleased, otherwise people will follow the deceiver, Shaytan, and end up becoming Shaytan. Their names will be removed from the book of the Sons of Adam and written in the book of Shaytan; their identity will be Shaytan. Therefore, pay attention to this point! When you are about to do something, first ask for advice.

(Mawlana Shaykh addresses his guests.) Perhaps our son is giving service to you. If you need advice, ask him, for there is a way that goes to his heart and he may give you an answer.

Take heed! Don’t stay unemployed! Don’t stay single! Don’t wander about on the streets with nothing to do! Don’t go to coffee shops! Enter the mosque if you are looking for peace. Many things will occur as the end of

the world approaches. Listen! The end of the world is coming and only one out of five will remain. Pay attention to this and Allah will protect you.

May Allah accept you as His good servants. Pray for us, too; we are weak. May Allah send those who will guide us to the right path and protect us from the evil of those who invite us to Shaytan's way. May you be granted a good end!

Don't wander around, idly! Don't stay unemployed! Don't smoke! Whoever enters a coffee shop instead to a mosque, that association will be written as the association of Shaytan. Offer an association in your homes or at the mosque; do not enter into Shaytan's suhbat. Don't keep turning on that Shaytan's box (TV)! It is unnecessary to hear or see what is on it. They invent all kinds of devices and you must try as much as possible to keep from purchasing them. We should take care in keeping to our old ways and customs. We are the Ottomans, whether they like it or not. Don't say, "gorev," but say, "vazife" (job). Fix your language! Whoever adapts to their made-up language system will end up going with those who made it.

Be content with what Allah has granted you of favors. Do not run after dunya. As soon as your provision comes, busy yourself in Allah's service. Don't let your children roam the streets, especially after sunset kids should not go out because that is the time when devils disperse on Earth. Our son here is aware of these things. Caution them!

If you have a small piece of land, plant a tree on a mountain top and say, "For the sake of gaining Allah's pleasure, I leave this as a waqf, charitable trust, for our masjid." That way you will not depend on their money. Instead of using electricity in mosques, light candles or oil lamps. Don't bring in any of these modern equipments. Don't build anything out of cement as they will eventually come crumbling down. Don't build structures any higher than two floors, or it will fall down on your head!

Your women should refrain from going out on the streets after decorating themselves, otherwise it will come heavily on them!

O Allah! Grant us a good end. O our Lord, you know!

Fatihah.

## Warnings for This Year

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Thumma salaatu was-salaam, alfu salaat, alfu salaam `alaa Sayyidi 'l-Awwaleen wa 'l-akhireen, habeebi Rabbi 'l-`Alameen, Sayyidina Muhammadan wa `alaa aalihi wa sahbihi ajma`een wa man tabi`ahum bi ihsaan ila Yawm ad-Deen. Yaa Rabb. Allah! A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

As-salaamu `alaykum, `ibaadAllah. `IbaadAllah, salaamullah `alayna wa `alaykum. As-salamu `alayna wa `alaa man `it-taba 'l-huda. Yaa Rabbee! SubhaanAllah, alhamdulillah wa laa ilaaha illa-Llah, Allahu Akbar wa la hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

O People! Our Attenders! Everyone who is in this world, throughout the east and west, from north to south, all of you must be attenders, because we are here addressing all of Mankind.

O People! You can't imagine the power of Heavens! Your power is like dust. Now people are so proud with their technology. (Mawlana Shaykh laughs) When this weather is coming like this and covering them, they are going to be just like dust on this world. They were so proud and saying now there is a hurricane, and before that, it was snowing for one week and everything on Earth was going to be down. I am asking, why are

you not defending yourself against rain or snow? All of you are running into your homes to protect yourselves. Why? If the Lord of Heavens sends one more power with the snow, in one or two days, or even in one hour, all European, American, Chinese, eastern people and western people would be under it, not breathing, and they would die!

Utanmazlar! Shameless ones! (They say,) "We are going to send what they are sending." What are you sending? They are asking to send their missiles from North Korea to South Korea. Why are you not sending your missiles up to take away this weather? A little more and they won't be able to breathe. What shamelessness, to go against Allah! They are so brave when the sun is shining, when there are no storms, when there is no snow, when no oceans are moving, and when there are no hurricanes. They are so proud! Why are you now not using your bravery? Why? You traitors, slaves of Shaytan! Shaytan is blowing on them to make them claim, "We are so powerful!" Where is your power now? They are sleeping in airports and after awhile, when nothing is coming on them, they are going to die in airports.

O People! O Mankind, from east to west! You must think about this holy month that you are not accepting. Even our heedless Muslims are not giving enough honor for the holy month, Muharram al-Haram, trying to make the heedless Muslim world drink and dance with Christians and unbelievers. Pttuh `alayhum, spit on them! Cursing is coming from Heavens on those shameless ones! Where is your power? Show it! Thousands of people are imprisoned in airports and can't move, but still ask to make a festival for this night which has no meaning. It is not a holy night or a holy day. If it were a holy day or holy night, they must pray, glorifying Allah Almighty. But tonight the whole world's people are showing they belong to the shaytanic world, under Shaytan's control, worshiping Shaytan. If it is a holy night, why are you going to be Shaytan's slaves? I am asking from the Lord of Heavens that this night be the last New Year. O Lord of Heavens! Make it the last one, so people living on Earth do not make another foolish and dirty night such as this!

Where are the holy people? They are looking and not saying anything about this foolishness! Where are the Al-Azhar `ulamas, Sham `ulamas, Baghdad `ulamas, Hijaaz `ulamas? Why aren't they fighting this? They give the excuse, "O Shaykh, they are going to play tonight." Spit on them! Spit twice on the Muslim world! I am speaking with firmness!

Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. For that reason the Seal of Prophets,

Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) asked from the Lord of Heavens:

Allahumma laa takilnee ilaa anfusina tarfata `ayn.

O Allah! Don't leave me to myself for the blink of an eye.

The Seal of Prophets (s) asked from the Lord of Heavens not to allow us to be slaves to our egos, because our egos belong to Shaytan! Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah.Forgive us, our Lord!

(They say,) "Happy New Year! Happy New Year!" How do you say it in Arabic? "`Eid milaad sa`eed." Christians, mashaa-Allah, are putting up so many lights, everywhere. O our Lord, laa tu'aakhidhna, "Don't condemn us (for what they do)!" O Lord of Heavens! Don't leave us to reach another such foolish night and such a foolish celebration, which is not acceptable in real religions. That is a shaytanic way (to celebrate New Year's Eve, 1 January.) Shaytan is asking to show them, "I am commanding all these nations to follow my orders." Like a munkar, evil one, they are never acceptable.

They will say, "Shaykh Effendi, we had lots of fun this evening. We also ate turkey." May they eat poison! Tomorrow they are going to say, "Ohh, my stomach! Ohh, my head!" After that, hospitals won't be able to treat them. If you are making 100 hospitals in every city, it is still not enough to look after people because the doctors will be drunk and patients will come to those who are drunk.

They are saying, "O my doctor! Something is happening to my head. I am using so many tablets, but nothing is happening for me."

The doctor is also drunk, saying, "I am also like you. Since midnight I've been taking a handful of tablets. I never saw my stomach giving me so much pain. Where is it coming from?"

From Jahannam, Hell! I am thinking that this is the final mukafaat, reward for New Year's enjoyments, up to the second year, never ending. It's beginning tomorrow, because everything they are eating and drinking tonight is for the honor of Shaytan. And the Lord of Heavens is punishing them, saying, "You are never going to be healthy until you say, (Mawlana Shaykh stands) 'La ilaaha illa-Llah Muhammadun Rasoolullah!'" (Mawlana Shaykh sits)

O People! Leave the wrong way, or something will be sent on you. It will not be sent from Heavens as revenge, but it will be sent from someone to someone else. You can imagine what it will be: Armageddon, the greatest war. And what is reaching to our holy ones is through that Armageddon; four from every five are going to die, and only one will remain. If there are five billion inhabitants of dunya, four billion are going to die, leaving one billion. May Allah forgive us!

O People! Think on it. Wa msa `alayna illa 'l-balsaghu 'l-mubeen. We are only a weak servant to say this. Leave Shaytan and come to your Lord. Make sajdah to Him and say, "O, our Lord! We are Your servants! Arhamnaa, give Your blessings and `afuw, forgive us!"

O People! Don't make a shaytanic celebration tonight that makes your Creator, the Lord of Heavens, angry with you! This year shall be a terrible year. May our Lord forgive us. Run to Allah to be protected. May Allah forgive us for the honor of His most beloved servant, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

## Warum es Immer Zwietracht auf Erden gibt

Frage: Sheikh Efendi, warum teilen wir die Welt immer in „uns“ und „jene“? Warum gibt es ständig Konflikt zwischen den verschiedenen Völkern und Religionsgruppen? Wir hörten gestern, daß der Weg zum Frieden über Vertrautheit und gegenseitige Achtung führt, aber wenn wir diese Vertrautheit nur mit denen teilen, die ohnehin schon auf unserer Seite sind, führt dies nicht zwangsläufig zu Konflikt und Feindseligkeit gegen alle, die nicht zu dieser Gruppe der Vertrauten gehören? Warum muß das immer so sein, und ist es möglich, dagegen etwas zu tun?

Bismi llahi r-rahmani r-rahim Unser Gast hat uns hier eine sehr wichtige Frage gestellt, und wir wollen ihm die Antwort im Zusammenhang erläutern, denn in allen heiligen Schriften, nicht nur im heiligen Qur’an, wird diese Frage erörtert. Zuerst müssen wir eines klarstellen: Eine wahre Antwort auf diese Frage kann man nur in den Quellen der Traditionen finden. Die Antwort ist eine unveränderliche Tatsache, und wir spüren sie in Schriften auf, die jahrhundertelange Überlieferung uns bewahrt hat. Diese Frage berührt ein Gebiet, das wir unmöglich mit unserem Wissen allein erfassen können. Der allmächtige Schöpfer er- schuf zahllose Geschöpfe auf Erden wie auch in anderen Welten. Er ist ihr Schöpfer. Wenn es darum geht, diese Schöpfung zu verstehen, so reicht unser begrenztes Wissen niemals aus, denn wir waren zu Anbeginn dieser Welt und bei der Erschaffung ihrer Geschöpfe nicht zugegen. Alle Erklärungen der Wissenschaft zu diesem Thema sind nichts als Theorien; die Wissenschaft hat über diese Dinge kein wirkliches Wissen und auch keine

Möglichkeit, solch Wissen zu erlangen, sie hat nicht die Vollmacht dazu. Den Wissenschaftlern bleibt nur die Spekulation. Unser Wissen jedoch ist nicht spekulativ, es ist nicht das geistige Rätselraten auf einem Gebiet, das sich dem Zugriff des Verstandes entzieht. Unsere Quellen sind die zwei Arten traditionellen Wissens, das bis auf unsere Tage überliefert ist: die erste Quelle ist das Zeugnis der heiligen Schrift; die zweite Quelle ist ein Wissen, das über die Jahrhunderte von Herz zu Herz weitergegeben wird. Beide Quellen werden heutzutage in Frage gestellt, vor allem von denen, die ihr Wissen von Beobachtung und Experiment abhängig machen. Fragen wie die obengestellte fallen jedoch außerhalb des Bereiches, über den sie irgendwelche Aussagen machen können. Betrachten wir den Beginn der irdischen Laufbahn des Menschengeschlechts, so wie er in den Traditionen beschrieben ist. Vor Erschaffung des ersten Menschen verkündete der Herr Adams und seiner Nachkommen, der Herr der Engel, der Himmel und der Erde, Seinen Engeln: „Ich will ein neues Geschöpf erschaffen, und Ich werde es zu Meinem Stellvertreter auf Erden machen.“ Jawohl, so steht es in den heiligen Büchern geschrieben, alle stimmen in diesem Punkte überein. Dieser Rang des „Stellvertreters Gottes auf Erden“, der „Krone der Schöpfung“, ist für alle geschaffene Kreatur der höchste. Wer diese Station innehält, hat große Autorität und eine gewaltige Macht.

Es steht in seiner Gewalt, stellvertretend für den Herrn der Welten zu handeln. Wer kann sich eine größere Ehre für ein Geschöpf vorstellen, welches Wesen würde nicht nach dieser Ehre trachten? Insbesondere die Engel, die in ihrer schönen Gestalt alleinig zum Lobpreis und zur Verherrlichung des Namens ihres Herrn erschaffen wurden? Als Allah der Allmächtige ihnen mitteilte, daß Er sich damit trug, ein neues Geschöpf zu erschaffen und als Seinen Stellvertreter einzusetzen und diesem Geschöpf das Kleid Seiner eigenen Attribute und Eigenschaften anzulegen gedachte, da waren die Engel enttäuscht, denn sie waren sich sicher gewesen, daß diese Ehre an sie ergehen würde. Aber sie empfanden nicht nur Enttäuschung, sondern auch große Verwirrung, denn mit dem Licht ihrer himmlischen Schau war ihnen das Vorrecht zuteil, auf die „verborgenen Tafeln“ (Lauhu l-Mahfuzh, die „behüteten“ oder „verborgenen“ Tafeln, auf denen alle Beschlüsse und Vorherbestimmungen des Allmächtigen geschrieben stehen.) schauen zu können, auf denen sie die Eigenschaften und künftigen Handlungen des noch unerschaffenen Wesens lesen konnten. Was sie daraus entnahmen, erfüllte sie selbstverständlich mit Entsetzen, und sie sprachen: „O Herr, ist es wirklich Deine Absicht, ein solches Geschöpf der Erde aufzubürden, welches Böses auf ihr verüben und Blut vergießen wird, während wir, die wir Dich unablässig rühmen und Deinen heiligen Namen lobpreisen, willens sind, diese Stellung einzunehmen?“ Aus dieser Rede der Engel wird deutlich, daß sie eben diese Ehre nicht

verdienten. Wer könnte den Herrn verbessern oder belehren wollen? Weiß denn Er, der Allmächtige, nicht, was Er tut, daß man Ihm Seinen Ratschluß entgegenhalten könnte? Die Engel sind die Diener der Menschheit, und nicht umgekehrt, obwohl wir solch ein arges Geschlecht sind und das Blut unschuldiger Mitmenschen vergießen. Die Engel konnten damals schon, vor unserer Erschaffung, unsere schlimme Natur erkennen, und sie erhoben Einspruch. Aber der allwissende Schöpfer sprach: „Ich weiß, und Mein Wissen ist absolut. Ich weiß über alle Nachkommen Adams Bescheid, Ich weiß, was ihr wißt und was ihr nicht wissen könnt. Ich weiß auch, was ihr sagt und was damit gemeint ist, was ihr offen aussprecht und was ihr tief im Inneren verbargt. Ich weiß, daß ihr nicht aus den Gründen protestiert, die ihr angebt, Ich kenne eure verborgenen Beweggründe (d. i. eure Eifersucht), die ihr euch nicht einzugestehen getraut. Obwohl Ich sehr wohl weiß, welches Unheil und Grauen das Menschengeschlecht auf Erden anrichten wird, erteile Ich ihm dennoch die Ehre, Mein Stellvertreter auf Erden zu sein.“ Diesen Bericht finden wir in allen heiligen Büchern, und wir glauben an das, was der Herr uns geoffenbart hat.

Es ist nicht nur eine Frage des Glaubens, denn die Wahrheit darin ist offensichtlich: Die Söhne Adams herrschen über alle anderen Geschöpfe auf dieser Erde, und der Allmächtige hat sie mit Seinen ureigenen göttlichen Attributen ausgestattet. Der Anteil an göttlichen Eigenschaften, der den Söhnen Adams zuteil wurde, ist die Ursache für die Ehre, die sie von allen anderen Geschöpfen abhebt und unterscheidet. Eines der vornehmlichsten Attribute Allahs des Allmächtigen ist Seine Einzigartigkeit. Er ist der Eine, einzige Gott, und es gibt keinen Gott neben Ihm. Einzigartigkeit ist daher ein grundlegendes und sehr wichtiges Attribut unseres allmächtigen Herrn. Es ist so wichtig, daß, wenn in einer Religion oder in der Andacht eines Andächtigen die Erkenntnis dieser Eigenschaft fehlt, unser Herr dieses Gebet nicht annimmt. Seine Einzigartigkeit zu vergessen ist eine der größten Sünden. Auch Seinem Stellvertreter auf Erden verlieh der Allmächtige einen gewissen Teil dieser Eigenschaft; daher lieben wir es, einzigartig zu sein. Deshalb muß es zwischen den Menschen immer zu Konflikten kommen; all unsere schlechten Taten entspringen diesem Attribut. Ich will euch eine Geschichte über unseren Vorvater Adam, Friede sei mit ihm, erzählen. Als Allah der Allmächtige Adam und Eva aus dem Paradiese verstieß und auf die Erde hinabschickte, da ließ Er sie voneinander getrennt ihr irdisches Dasein antreten. Adam befand sich auf dem Berge Serendip in Ceylon (Sri Lanka), und Eva in Jeddah, in Arabien. Sie begannen einander auf Erden zu suchen. Außer ihnen beiden gab es noch keine anderen Menschen auf der Erde; wie erstaunt muß Adam gewesen sein, als er plötzlich einen Mann erblickte, der so aussah wie er selbst. In Wirklichkeit war dies aber der Engel Gabriel, der in

menschlicher Form zur Erde hinabgestiegen war, um nachzuschauen, was Adam anfangen würde. Adam ging auf den Engel in Menschengestalt zu und fragte ihn: „Wer bist denn du? Und was machst du hier?“ Gabriel antwortete: „Ich bin ein Mensch wie du, und ich lebe hier auf der Erde.“ Diese Antwort mißfiel Adam sehr, und er sprach: „Was machen wir jetzt? Wenn du auch hier leben willst, müssen wir eine Grenze ziehen, damit wir wissen, wo mein Gebiet beginnt und deines endet. Du darfst nicht auf meine Seite, und ich nicht auf die deine.“ Sie begannen einen Steinwall zu errichten, der die Grenze bestimmen sollte, und als sie dies getan hatten, gingen beide ihrer Wege. Sobald sich Adam aber entfernt hatte, kehrte Gabriel zurück und verrückte die Steine, um sein Gebiet zu vergrößern. Am nächsten Tage kam Adam und patrouillierte seine Grenze. Als er den verschobenen Grenzstein bemerkte, stürzte er auf Gabriel zu, packte ihn und brüllte: „Warum hast du die Steine verschoben?“ Gabriel gab zur Antwort: „Die erste Grenze war verkehrt, wir hatten uns vermessen. lch habe sie berichtigt.“ Da wurde Adam wütend und begann, mit Gabriel zu kämpfen. Aber Engel haben überlegene, himmlische Kräfte, und so überwand er Adam mit Leichtigkeit. Adam aber war schlau, und sogar, als er vom Engel überwältigt hilflos auf der Erde lag, stieß er mit dem Fuße einen der Steine weg, so daß er in Richtung der ursprünglichen Grenze rollte. Das ist der menschliche Charakter, er sitzt uns zutiefst im Blute, ist unsere untrennbar eigene Natur. Es ist daher unmöglich, menschliches Verhalten vollkommen zu verändern – und unser Herr weiß am besten, mit welchenEigenschaften Er Seine Geschöpfe ausgestattet hat und welche Weisheit darinnen liegt. Er läßt es niemals zu, daß man Seinen ehrenvollen Stellvertreter verkennt, auch wenn er noch so streitsüchtig sein mag.

Es leben viele Millionen Menschen in der Welt, auf ein und derselben Erdkugel, und jeder einzelne trägt in sich das Bedürfnis nach Einzigartigkeit, um sich selbst hervorragend und ausgezeichnet vorzukommen. Daher wird immer wieder diese Art von Disput wie zwischen Adam und dem Engel in unserer Geschichte ausbrechen, da wir die Erben Adams und seiner Eigenschaften sind. Adam, Friede sei mit ihm, konnte sich nicht einmal mit einem Mitmenschen auf Erden abfinden – und wir sollen die Erde mit Milliarden von Menschen teilen? Indem Allah der Allmächtige der Nachkommenschaft Adams von dieser Eigenschaft mitgab, hat Er ihr eine gewaltige Prüfung auferlegt. Wegen dieser menschlichen Attribute und auch wegen der unserem vergänglichen Dasein innewohnenden Leiden kann man die Welt als „Haus der Anfechtungen“ bezeichnen, ein Jammertal, in dem wir von Kummer und Trübsal allseitig umgeben sind. Die Himmelsbewohner (d. h. die Engel) wundern sich über unsere Fähigkeit, in solch einer Welt, und mit einer derartigen Natur versehen, es überhaupt noch zu etwas Gutem zu bringen. Sie bewundern unsere Geduld

unter diesen Umständen. Geduld zu haben mit den inneren Bedingtheiten unseres Wesens und mit den uns umgebenden äußeren Umständen, schafft uns die Möglichkeit, hohe Stationen in der Gottesgegenwart und unseres Herrn unendliche Gunst zu gewinnen. Da uns diese Natur von Gott gegeben ist, kann keiner den Zwist und die Zwietracht unter den Menschen aus der Welt schaffen. Die Aufgabe der Propheten war es, die Menschen zum jenseitigen Leben zu erwecken, sie daran zu erinnern, daß diese Welt nur ein Übungsplatz ist, um die Menschen in ihr in einer Lebensweise zu schulen, die ihnen ewige Glückseligkeit bringen wird. Die Propheten brachten den Menschen die Waffen, die sie zur Bekämpfung ihrer eigenen schlechten Eigenschaften und der Bosheit in der Welt benötigen, damit sie ihr Ziel in der Ewigkeit erlangen können. Sie ermahnten die Menschen: „O Menschheit! Streitet nicht um diese Welt! Hier findet ihr nur ein vergängliches Leben von keinem bleibenden Wert. Es ist unwichtig, ob ihr in diesem Leben Geld und Gut anhäuft oder nicht – denn ihr verlaßt die Welt mit leeren Händen. Das einzige, das euch nützen kann, ist die Selbstbeherrschung, die ihr übt, und der Gehorsam gegen die Gebote eures Herrn. Seid geduldig, und wendet euch der Ewigkeit zu!“ Viele Menschen aber stellen sich den Empfehlungen der Propheten taub. Sie weigern sich, ihre Egos zu zügeln, und da die Natur des Egos der pure Egoismus ist, werden sie von ihnen tief in Konflikt und Rohheit hineinge-rissen. Man hat durchaus die Wahl zwischen zwei Wegen: einerseits kann man sich der Führung der Propheten anvertrauen und Selbstbeherrschung erlernen, um in Frieden zu leben, oder aber man kann den Weg der Teufel beschreiten und um jeden Preis selbstsüchtigen Genüssen nachjagen. In jeder Epoche, in der Menschen aus der Schule der Propheten die Macht haben und ihr Reich begründen, wird es relativen Frieden auf Erden geben. In den Zeiten aber, in denen die Teufel ihre Herrschaft errichten, nehmen Kampf und Streitsüchtigkeit immer mehr zu. Es gibt keine dritte Macht: Man findet immer verständige Menschen, die den Weg der Propheten begehen, und immer findet man auch unbarmherzige „Wilde“, die sich der Führung des Satans überlassen haben. Zweifelsohne leben wir in einer Epoche der Vorherrschaft von Teufeln: in Ost und West, Nord und Süd. Auch können wir gegenwärtig nicht das Geringste dagegen unternehmen, bis zur Intervention höherer Gewalt.

Es ist eine Zeit, in der Menschen guten Willens sich unfreiwillig in die von Teufeln angerichteten Konflikte verstrickt finden, und, da Teufel die derzeitigen Weltbeherrscher sind, bedecken Ozeane des Bösen die Erde, und die Menschheit zappelt und kämpft darin gegen das Ertrinken. Abgesehen von unseren Bemühungen, in uns selbst und in unserer unmittelbaren Umgebung das Gute am Leben zu erhalten, ist unsere einzige gesellschaftliche Verantwortung als Angehörige dieser heutigen Gesellschaft, einem gerechten Herrscher

unseren Treueeid zu leisten, sofern es einen solchen geben sollte. Es steht in Bibel und Qur'an geschrieben, daß einst, als die Kinder Israel unter der Unterdrückung von Tyrannen litten, sie ihren Propheten (Samuel) anflehten, er möge zum Herrn beten und Ihn bitten, ihnen einen Seiner wahrhaftigen Diener zu senden, der, von himmlischen Kräften begleitet, ein Reich der Gerechtigkeit auf Erden errichten und die Vorherrschaft der Teufel zerstören würde. Das ist ein gutes Vorbild für die Gläubigen aller Zeiten, denn der Herr spricht: „O Mein Volk, o Meine Diener! Wenn Tyrannen euch bedrücken, dann fleht zu Mir, und bittet Mich die Last ihrer Grausamkeit von euren Schultern zu nehmen. Mich müßt ihr bitten, die Herrschaft der Teufel zu vernichten und auf Erden das himmlische Königreich zu errichten." Heute leiden Christen, Juden und Muslime alle in gleicher Weise unter der tyrannischen Herrschaft von Teufeln, egal ob sich diese Teufel Gläubige nennen oder ob sie alle Religion verleugnen. Alle wahrhaft Gläubigen aller Nationen müssen dieses Gebet sprechen: „O Herr, sende uns einen Deiner bevollmächtigten Diener, der uns hilft so zu handeln, wie Du es uns befohlen hast." Dies ist ein Gebet für alle Menschen, die guten Willens sind.

# Was hast du gelernt?

(English LordITriedToKnowYourOrders)

(Maulana steht) Asalamu'alaykum ya ibadAllah. Diener unseres Herren Allah der Allmächtige Oh unser Herr, hilf uns, segne uns, alfu alfu salaat, alfu alfu salaam ala sayidinil awaleen wa akhireen . (Maulana sitzt) Meded ya riyalallah

Wenn ihr sagt audhubillahi, bittet ihr um Verbindung mit den Himmeln. Wenn ihr Audhubillahi sagt, wird Shaitan niedergetreten und die Engel sagen: „Willkommen, willkommen, Diener unseres Herrn.“

Wir wissen nichts, wir sind abhängig davon, was Großscheich mir in mein Herz und meine Rede eingibt. Ich behaupte nicht, dass ich etwas weiß. Jeder weiß mehr als ich und entsprechend eurem Wissen werdet ihr beurteilt werden.

Oh meine Diener, kommt und sagt, was ihr in eurem ganzen Leben gelernt habt. Was habt ihr gelernt? Ich habe dies und das gelernt und hast du auch so gelebt, wie du gelernt hast? Hast du deinen Weg schnurgerade auf diesem Weg gemacht, oder hast du gelernt, aber dich nicht dran gehalten, was du gelernst hats?

Wenn Allah der Allmächtige dich fragen wird, musst du wissen, was du gelernt hast und wofür du es gelernt

hast. Was war dein wirkliches Ziel beim Lernen?

Was hast du gelernt? - Ich lernte Auto zu fahren.
Was hast du gelernt? - Ich lernte, um fliegen zu können.
Was hast du gelernt? - Ich lernte um, ein Computertechniker zu sein.
Was hast du gelernt? - Ich lernte Häuser aus Beton zu bauen.
Was hast du gelernt? - Ich lernte wie man Autos baut.
Die Engel mögen fragen: Welche Marke?

Ich muss nach draußen gehen, weil ich schimpfen muss. Wer das nicht gerne hört, darf sich jetzt auch entfernen.

Was hast du gelernt? - Ich lernte zu backen.
Was hast du gelernt? - Ich war eine solche Person, die nie gelernt hat, eine politische Person, aber ich habe nun an meiner Brust und hinter mir einen politischen Spruch angebracht (menschliche Litfasssäule) weil ich einst aus der obersten Klasse stammte und gegen die Monarchie kämpfte, um selber auf deren Thron zu kommen, um mein Ego glücklich zu machen und stolz genug zu sein.
Was hast du gelernt? - Ich lernte ein Grammophon zu bauen.
Was hast du gelernt? - Ich habe gelernt, Dramen aufzuführen.
Was hast du gelernt? - Ich lernte Pferde zu reiten (besser!)
Du, Abdul Razzaq, was hast du gelernt? Er sagt, dass er lernte Esel zu tragen.

So viele Dinge, haha, sehr glücklich so viele Dinge (kann man lernen).

Was hast du gelernt? - Ich lernte, Würste zu machen, weil die Tschechen es so sehr lieben und ich habe auch für Hunde Knochen gemacht, weil sie das auch so sehr mögen.
Was hast du gelernt? - (tiefe Stimme) Ich lernte Dinge, die ich nicht in der Göttlichen Gegenwart sagen kann.
Was hast du gelernt? - Ich lernte Schafe zu hüten.

Wofür? So viele Arten des Lernens! Wenn der Herr der Himmel fragt, was du gelernt hast, weiß ich nicht, wie viele Leute sagen werden: „Ich versuchte, Deine Befehle einzuhalten. Ich habe gelernt, wie ich mein Ego vor Bösem bewahren kann. Ich weiß, wie Leute sich vor den Teufeln retten können.“ Es mag gefragt werden: Was

sind Teufel? Teufel sind die, die Leute betrügen. Betrüger? Betrüger! Vielleicht von Mio. Leuten wird nur eine Handvoll Leute etwas lernen über ihren Herrn, aber sie werden gefragt, was sind die Rechte deines Schöpfers nun an dir?

Heute werden die Leute verrückt, wenn man sie fragt: „Warum existiert ihr?“ „Durch meine Mutter und Vater“. „Sind deine Schöpfer Mutter und Vater? Puh!! Adebsis!“ (spuckt aus.) Keiner sagt, dass mein Herr mich erschaffen hat. Und was war deine Mission, als du es gewahr wurdest, wer dich erschaffen hat? Das ist nun für die gesamte Menschheit, wenn sie zuhört: Zum Osten und zum Westen (sage ich): thumma la tusaluna yawma izinal naim....aytulkarima. Oh unser salafi ulemas, was sagt ihr nun? Ihr seid Araber, und ihr wisst so viel, jedenfalls behauptet ihr das. Ihr sagt niemals von anderen, dass sie was verstehen würden. Ich frage euch, was hat Allah der Allmächtige gesagt? (arab) Sagt es mir! Astiadubilllah....Arabic yookifuuhum

Macht dass sie aufhören, Stopp! Wofür? fa inanhum wasalunun... Salafis? Kalafis? Araber? Aber ich sage, dass die stolzen Leute, die behaupten, sie wären ulemas, sie sagen: „Wir sind salafi ulemas“, warum sagen sie nicht, wir sind hanafi ulemas, hanbali ulemas, scha’afi ulemas, maliki ulemas? Was heißt salaf? „Salaf“ heißt: gerade dahin geschieden. Von der Zeit Adams bis heute repräsentiert ihr die Leute: Warum sagt ihr dann salafi?

Denkt ihr, dass die hamariyoon, Schüler von Jesus Christus, wisst ihr, was Jesus sie lernte? Selbst der Papst weiß das nicht! Ich frage auch den Hauptrabbi, was habt ihr aus der Tora gelernt, aus dem alten Testament? Ihr ward mit Sayydina Musa s.a.s. und nun seid ihr stolz weil ihr zu einer Wand kommt und dort weint? War Sayydina Musa dort und hat dort geweint? War er (nicht eher) im Tempel von Suleiman? Dort, im Tempel, betete er und wenn er weinen musste, weinte er dort. Warum rennen die Leute nun vor eine Mauer? (Klagemauer) Ist das ein Befehl von Allah dem Allmächtigen? Woher kommt das?

Heute ist ein neuer Anfang. 1431 heute ist ein neuer Anfang und der Herr der Himmel ist nicht glücklich mit uns, weil alle von uns ungehorsame Diener sind. Du kannst keine Handvoll gehorsamer Diener finden, deshalb ist himmlicher Arger nahe! Ich weiß nicht, was passieren wird in diesem heiligen Monat Muharramul Haram, in dem Allah der Allmächtige seinen Propheten erreicht hat, als die Ungläubigen ihn stören und töten wollten. Sie fragten, oh unser Herr: Helfe uns, deinen schwachen Dienern. Ungehorsame stürzen auf uns ein und wollen uns hinwegnehmen und wollen die Erde nur für Shaitane machen, nicht für Allah den

Allmächtigen! Das ist ihr Ziel, ihr letztes Ziel, die Religionen aus der Welt auszulöschen, aber die göttlichen Hämmer kommen auf ihre Köpfe!

Ich flüchte mich zu Allah dem Allmächtigen, weil ich mit meinem Ego so unglücklich bin. Wenn jemand glücklich ist mit seinem Ego, ist er nicht glücklich mit Allah. Weil der erste Kämpfer gegen den Befehl von Allah dem Allmächtigen unser Ego ist, das wird nie gehorsam sein, niemals. Als der Herr der Himmel fragte, „Was habt ihr gelernt über mich und über meine Rechte über euch, weil ich doch euer Schöpfer bin? Was sind meine Rechte über meine Diener?“, antworteten sie: "Nein, wir haben nichts gelernt, wir sind säkular.“ „Werft sie ins Feuer!!“

In Medina Munnawara, als die Mondfinsternis geschah, habe ich in der Nacht gehört, dass eine geheime Stimme vom Minarett dreinmal Astaghfirullah sagte. Oh ihr Leute, sagt Astaghfirullah! Das Siegel der Propheten sagte: Täglich spreche ich mehrmals Astaghfirullah. Wenn er schon 70mal Astaghfiruallah sagte, dann wird für uns 70 Mio.-mal nicht ausreichen.

Nur wenige Leute kannst du es im Gesicht ansehen, sie haben ein reines Gesicht, ein helles Gesicht, ein erleuchtetes Gesicht, sehr sehr sehr wenige! (Maulana guckt in den Spiegel, zupft sich den Bart) Dieser Mann sieht sehr gut aus. Und die Frauen? Jede nimmt so einen Spiegel und schaut sich damit an, und so viele benutzen so viel Kosmetik, aber von ihnen kommen nur schlechte Gerüche, sehr schlechte, deshalb versuchen sie diesen Geruch zu bedecken und benutzen Parfüm etc.

Die Sahaba, die Gefährten des Siegels der Propheten s.a.s., - ihre Kleider (mintan), ihr Hemden - ihr konntet nicht sagen, ob es weiß oder schwarz war. Es gab kein Wasser zum waschen, du musstet dich nackt ausziehen, wenn du es waschen wolltest. Deshalb haben sie das ganze Leben (immer nur) das eine Hemd angezogen. Der Großsheich sagte zu mir: „Nazim Effendi, ihre Kleider: Du konntest noch nicht mal unterscheiden, ob sie weiß oder schwarz waren, aber der Geruch war der von allerbestem Rosenparfüm.“

Der Prophet sagte, s.a.s., tahrihu tulkal furan: Halte dich sauber im Glaubensweg, im Weg des Dhikrs und im Lebensweg. Der Mundgeruch aller Sahabas war so wunderschön, so angenehm sie waren so rein, da sie das heilige Kommando von Allah der Allmächtige befolgten: tahiru..

Möge Allah uns vergeben. Oh Leute, die Leute sind auf dem falschen Weg, deshalb werden unseren Krisen

immer schlimmer, sie werden nicht schwächer, sondern schlimmer. Tag für Tag, bis der Weg zum Paradies kommt, wenn nicht, werden sie sterben, sich töten, sich verbrennen. Sie sollen hinweggenommen werden! Alle Nationen schauen nun im Hadith Sharif .. Qubra ... und achten auf Armageddon. Ihr Menschen, passt auf und hört, horcht und gehorcht! Dieses Wissen - der Herr der Himmel wird euch danach fragen, was ihr über ihn gelernt habt, über seine Rechte euch gegenüber, und was ihr getan habt für seine Rechte. Lernt das. Niemand lernt das! Jeder versucht etwas über die Dunya zu lernen und selbst die Muslime versuchen westlich zu werden, darüber was zu lernen, versuchen westliche Muslime zu werden!

Allah vergib uns, wir hoffen auf himmlische Hilfe und Unterstützung für Deine schwachen Diener. Wir behaupten nicht, Dienerschaft zu praktizieren, aber wir bitten um Hilfe um seinetwillen, des geehrten Prophenten Muhammad.

Fatiha.

**Was ist Sufismus**

„Sufismus ist die Reinheit des Voranschreitens zu Allahs göttlicher Gegenwart, seine Essenz besteht im hinter-sich-Lassen dieser materiellen Welt.“

„Sufismus ist eine Wissenschaft, durch die jemand den Zustand der menschlichen Seele, sei er lobenswert oder tadelnswert, erkennen lernt. Wenn dieser tadelnswert ist, so lernt er dadurch, seine Seele zu reinigen damit ihr Zustand lobenswert wird um sich so der göttlichen Gegenwart entgegen zu bewegen. Seine Früchte bestehen in der Entwicklung des Herzens: Erkenntnis Gottes, des Allmächtigen und Erhabenen durch unmittelbare Erfahrung, Errettung im Jenseits, der höchste Erfolg durch Erlangen göttlichen Wohlgefallens, das Erreichen ewigen Glücks und Erleuchtung und Reinheit, so daß Edles sich enthüllt, außergewöhnliche Zustände offenbar werden und man wahrnimmt, wofür andere blind sind.“

„Sufismus besteht nicht in einer speziellen Art des Gottesdienstes sondern vielmehr in der Ausrichtung des Herzens auf Gott. Solch eine Ausrichtung verlangt, daß, wann immer in jemandes Angelegenheiten etwas nach den Maßstäben des göttlichen Gesetzes vorzuziehen ist, er dies tut. Aus diesem Grunde finden wir, daß die Sufis dem Islam in einer Vielzahl von Stellungen Dienste erwiesen haben. Für die Gelehrten des Islam ist es notwendig, sich die hohe Schule des Sufismus aneignen.“

„Der Suchende soll einer sein, der sich selbst zurückgelassen und sein Herz mit der göttlichen Gegenwart verbunden hat. Er steht bei der Ausführung seiner Pflichten in Seiner Gegenwart während er in seinem Herzen das Göttliche vor Augen hat. Das Licht Gottes hat sein Herz verbrannt und ihm dabei Durst nach dem Nektar von Rosen gegeben und ein Wegziehen der Schleier von seinen Augen bewirkt, welches ihn seinen Herrn erkennen läßt. Wenn er seinen Mund öffnet, so ist es auf Geheiß der göttlichen Gegenwart. Wenn er sich bewegt, so ist es gemäß dem göttlichen Befehl und wenn er in Ruhe verharrt, so ist es aufgrund des in-

Erscheinung-Tretens der göttlichen Eigenschaften. Er ist in der göttlichen Gegenwart und er ist mit Gott.“

Der Sufi ist einer, der sich an die Verpflichtungen hält, die Gott durch seinen heiligen Propheten – Segen und Friede seien auf ihm – übermittelt hat und danach strebt, die Stufe der Vollkommenheit zu erlangen, welche in der Erkenntnis Gottes, des Allmächtigen und Erhabenen, besteht.“

## Was ist wirklich shirk?

O Allah! Sie bitten darum, für Ihn zu sein, denn unsere Ehre besteht darin, zu den – wenn auch schwachen – Dienern Seines letztendlichen Königreichs gezählt zu werden. Aber Er ist es, der uns erschuf und und Ehre gab ... al-fatiha la hawla wa la quwwata ... meddet ya sultanu l-awliya' ... ya allah Dies ist eine Versammlung, um Leute zu korrigieren; und wir haben jeden Augenblick eine Ausbalancierung vonnöten. Wenn ein Auto nicht ausgeglichen ist, kann es zu einem Unfall kommen. Und ein spirituell unausgeglichener Mensch droht in eine gefährliche Situation zu geraten, aus der er oder sie sich nicht mehr zu retten weiß. Uns ist eine Verantwortung zu tragen gegeben. Verantwortlich zu sein bedeutet, daß wir Verantwortung haben für jede Bewegung oder Handlung, die wir ausführen, daß die Menschen von der Zeit der Reife an Verantwortung tragen bis zu dem Alter, da unser Geist schwach und unser Körper hinfällig wird; dann wird er nicht länger verantwortlich gemacht. Bei den meisten Leuten ist das der Fall, wenn sie um die 80 Jahre alt sind, dann wird diese Verantwortung von ihnen genommen. Bei den Propheten und Heiligen aber ist es nicht so, denn ihr physisches Sein wird nicht schwächer. Ihr körperliches Sein wird stark durch ihre Seelen unterstützt, deshalb tragen sie Verantwortung bis zu ihrem letzten Atemzug, da sie sagen: „Allah, Allah, ich gehöre Dir, o mein Herr, ich gehörte Dir, ich gehöre Dir jetzt und werde Dir immer gehören, Amin. Ich lebte für Dich, und ich gehe zu Dir und bitte darum, mit Dir zu sein für immer.“ Das ist die Verantwortung, die wir tragen. Du bist dafür verantwortlich, Ihm zu gehören, du mußt für ihn leben. Du mußt für ihn tun, was du tust, du mußt

für ihn sterben. Du mußt für Ihn sein – immerdar! Sobald du dich vor dieser Verantwortung zurückziehst, bedeutet das, daß du mit deinem Ego zusammensein und für Shaytan da sein wirst. Für Shay- tan zu sein, für ihn zu arbeiten und für ihn zu sterben aber, das ist die Bedeutung von shirk, Allah Partner zuzugesellen. Deshalb müssen wir aufpassen, dieses Gleichgewicht in jedem Augenblick unseres Lebens zu bewahren, in jeder Anstrengung, in jeder Arbeit, jeder Handlung, für Ihn zu sein. Wenn du ein muwahid bist, einer, der die Einheit Gottes bekennt, gehörst du zu den Armeen des Allmächtigen, die Teufel und Egos bekämpfen. Wir bereiten uns vor, und wir wissen, daß unser Auftrag in diesem Leben darin besteht, Teufel und Schlechtes zu bekämpfen, da sie uns daran hindern wollen, für Ihn zu sein. Sie wollen uns für sich vereinnahmen, so daß wir, nachdem wir geglaubt hatten, nun zu Ungläubigen werden: thumma amanu thumma kafaru. Die meisten Menschen werden von Zeit zu Zeit für Allah sein, so wie alles und jeder eigentlich Allah gehört, aber dann – und selbst bei Gläubigen ist dies der Fall – werden sie rückfällig und sagen zu den Teufeln: „Ich gehöre dir allein.“, und sagen zu ihrem Ego, dem selbstischen nafs: „Ich gehöre nur dir.“ Dein Nafs oder Ego antwortet: „Ich nehme dich als meinen Diener an.“ – doch dies gereicht dir keinesfalls zur Ehre. Im Gegenteil: Sobald du dich deinem Ego übergibst, bist du entehrt, selbst wenn du im Besitz aller in diesem Leben erreichbaren Ehren bist. Wer am Morgen beim Aufwachen nicht Seine Stimme zu sich sprechen hört: „Steh für Mich auf, wasch dich, bete, kämpfe für mich, stürme los und arbeite für Mich“, sondern statt dessen meint: „Ich stehe nicht unter Allahs Befehlen, ich muß etwas für mein Ego tun, für Shaytan, der mir rät: ‚Schlafe weiter, ruhe dich aus ...‘, und sich sagt: „Was kümmert mich der, der mich zum Gehorsam ruft, ich mache mir nichts draus, sondern beschäftige mich lieber damit, mein Ich zu erfreuen“ ... Das bedeutet es, ein mushrik zu sein, den Wünschen des Egos zu folgen und den Willen des Herrn beiseite zu lassen. Seinen eigenen Willen in die Tat umzusetzen und das Bitten und das Geheiß des Allmächtigen Herrn zu verweigern, das ist shirk. Derart geschieht es, daß das Ego zu einem Partner oder mehr als einem Partner gemacht wird, denn wenn dein Ego dich als seinen Diener ansieht, macht es dich zu seinem Sklaven. Und ein Sklave hat niemals niemals für jemand anderen als seinen Eigner Zeit. Dies ist ein Wort des Propheten – die Partnerschaft mit dem Ego ist schrecklich und auch sehr versteckt. Die meisten Menschen aber achten nicht auf diesen Punkt. Sie sollten verstehen, daß wenn sie es zurückweisen, die heiligen Befehle ihres Herrn einzuhalten und faul sind, dies bedeutet, daß sie damit ihrer geheimen Persönlichkeit, ihrem Ego, zuarbeiten, ihm Freude bereiten und ihm gehorchen. Das bedeutet, daß derjenige seinem Ego allein gehört und sich beeilt, zu erfüllen, wonach immer sein Ego verlangt. Die meisten Menschen unserer Tage sind mit ihrem Ego und denken nicht daran, die heiligen Befehle ihres Herrn zu beachten. Das bedeutet, daß sie keine

Verantwortung um ihres Herrn willen übernehmen, sondern sich beeilen, allein ihrem Ego und seinen Freuden zu huldigen. Der Grund für alle Schwierigkeiten der Gegenwart und auch der Zukunft liegt darin, daß wir unserem Ego und seinem Willen folgen. So viele unserer Nachbarn und Mitglieder unserer Familie wollen ebenfalls ihrem Willen folgen. Du sagst: „Mein Wille ist dies“, und der andere sagt: „Nein, mein Wille ist aber das“. All die Milliarden von Menschen, die zum göttlichen Dienst aufgerufen sind, legen ihren Dienst nieder und beanspruchen: „Mein Wille oder mein Wunsch ... ich will dies machen, ich will das tun, ich wünsche, jenes zu sein, ich wünsche, so zu sein oder so zu sein“. Das ist alles. Keine Einhaltung von Regeln, außer jener, zu sagen: „Ich mag dies, ich mag das, dies oder das mag ich nicht ...“ – was auch immer unser Ego reizt, ob es etwas Gutes ist oder sonst irgend etwas. Diese Leute sind niemals in der Lage, sich für die heiligen Befehle Allahs des Allmächtigen bereitzuhalten, sondern folgen immer ihrem Ego. Was ihr Ego sagt, dem sind sie bereit zu folgen. Deshalb brauchen wir in dieser Hinsicht jemanden, der unser Gleichgewicht unter Kontrolle hat, denn manchmal ist unser Gleichgewicht nicht so gut. Du mußt jemanden finden, der dir hilft zu kontrollieren, ob du auf dem richtigen oder dem falschen Weg bist. Wenn du auf dem falschen Pfad bist, in die falsche Richtung gehst, werden sie dich warnen und dir zu beachten geben, daß wenn du so weitergehst, du mit Sicherheit in der Hölle ankommen wirst. Wenn du aber weiterhin diesem geraden Pfad folgst oder auf den wahren Weg zurückkehrst, wird deine Seele Allahs immer gewärtig sein. Solch ein Mensch ist in der Lage, dich zu erwecken, indem er sagt: „Wach auf!“, und du wirst aufstehen. Den Propheten wurde solch eine Kraft gegeben. Wenn sie jemandem sagen, aufzustehen, kann es nicht anders sein, als daß er aufsteht. Ihre Erben haben vergleichbare Kräfte: Wenn die Erben der Propheten zu dir sagen: „Spring!“ – mußt du springen. Diese Kraft ist ein spiritueller Strom, der von Herz zu Herz fließt; sie mag dir Kraft geben, zu handeln, diese spirituelle Tatkraft aus den Himmeln. Deswegen ließ Allah der Allmächtige Seinen Propheten sprechen:„ulu himmati min al iman.“ Die Mulime und die Gläubigen besitzen diese Tatkraft, dies deutet an, daß ihre Stärke (des Glaubens) sich in der Kraft ihres Glaubens zeigt. Die Kraft des Antriebs kommt von den Himmeln in ihre Herzen herab, deshalb können die Propheten Tausende und Millionen Menschen bewegen. Meistens benutzen sie diese Kraft aber nicht. Benutzten sie sie, würden alle Nationen sehr schnell zum wahren Glauben kommen. Dies gebührt allein dem Siegel der Propheten, und er nutzte eine sehr sehr sehr leine Menge einer anderen Kraft, die viel schwächer ist. Wäre diese zweite Kraft wie die erste Kraft, die zu ihnen kommt, würden sie allem Unglauben (kufr) auf Erden den Garaus machen. Wir müssen versuchen, solche Leute zu erreichen. Der erste Grund für achtlose Leute erster Klasse, Wahhabi- Leute, Muslimen vorzuhalten, sie dürften nicht mit einem Sheikh oder einem Heiligen (wali) sein und es gäbe

keinen Bedarf dafür, liegt darin, daß sie niemals die Kraft verstehen, die ein Wali besitzt. Sie glauben, Heilige oder Freunde Allahs (awliya) wären wie leeres Bambusrohr, sie glauben niemals, daß jeder Wali die ganze Zeit über gefüllt ist und daß ihre Feuerkräfte niemals erschöpft sind. Allah sagt: „Wer in meiner Göttlichen Gegenwart ist, wird fortfahren, mehr und mehr zu erreichen. Ich werde meine Diener und meine Freunde nicht beeinträchtigen. Nein! Ich gewähre ihnen, sich immerfort zu erweitern! Möge Allah euch segnen und mir vergeben ...

## Was sind Hadithe?

Was sind Hadithe? Alle Maßstäbe und Maßregeln für dieses Leben sind dem Propheten geoffenbart worden und sind uns von ihm überliefert worden. Er hat dreiundzwanzig Jahre lang die Menschen zum Islam eingeladen, und während dieser Zeit hat er alle Bedürfnisse erlebt und alle Probleme gesehen, die auf den Menschen zukommen können, und er hat einen Maßstab gebracht, mit dem jedes Problem gelöst werden kann. Alle Möglichkeiten von Geschehnissen im Leben des Menschen sind in diesen dreiundzwanzig Jahren vor ihm aufgetaucht, und er hat für jede eine Lösung gezeigt, zum Beispiel hat er für Hunderte von Krankheiten, einzeln auftretende oder verbreitete, gezeigt, wie sie zu heilen sind. Egal ob Krebs oder Verrücktheit oder Störungen der Gesellschaft, er hat alle Heilmittel genannt. Selbst in einem Hadith magst du die Heilung für alle Krankheiten finden.

Unser Großscheich sagte, wer ein Hadith des heiligen Propheten, dessen Zunge das Glück auf die Erde gebracht hat, nimmt und es befolgt, findet darin Sicherheit hier und im Jenseits. Jeder seiner Aussprüche hat ein Licht, das die Dunkelheit erhellt. Ein Sahaba war eines Abends zu später Stunde noch bei Rasulallah, Allah segne ihn und schenke ihm Heil, und es war zur Zeit des Neumonds, stockdunkel. Da gab ihm der heilige Prophet einen Stock in die Hand, und der leuchtete ihm den Weg nach Hause, als hätte er eine Fackel in der Hand. Das war eines der Wunder von Rasulallah. So wie jener Stock ist auch jedes Wort aus dem Munde Rasulallahs ein Licht, und wer sich nicht an seine Worte hält, bleibt für immer im Dunkeln. Aus der

Dunkelheit, in die die Menschheit gefallen ist, kann sie nur Rasulallah retten, ausschließlich er, andernfalls werden sich die Leute nur gegenseitig umbringen.

Wenn die gesamte Menschheit nur einem Hadith folgen würde, könnten sie alle zum Licht finden. Viele Leute lesen Hadithbücher, doch wenige nur glauben, noch viel weniger probieren es einmal aus, und die allerwenigsten folgen wirklich dem Vorbild des Propheten.

„Es ist eine Zierde und zeugt von der Vollkommenheit eines Menschen, wenn er sich nicht in Dinge einmischt, die ihn nichts angehen.“ Alles zu lassen, was einen selbst nicht betrifft, wenn alle Menschen sich nur an dieses eine Hadith halten würden, käme Licht in das Dunkel über der Welt. Tu nichts Unnützes, wovon du keinen Nutzen hast, und sag nichts, was dich nichts angeht. Sich mit Dingen zu beschäftigen, die einen nicht betreffen, ist nutzlos und eine Vergeudung von wertvoller Lebenszeit.

Lege ein Heft an und schreib darin vierzig Tage lang deine Aktivitäten auf. Irgendwo las ich auf einem Papier: „Was ich heute zu tun habe...“ Dann kam eine Liste von Dingen, die zu tun waren. Unser Großscheich Abdallah Efendi hat immer gesagt: „Wenn du morgens aufstehst, dann schau, was Allah heute an Rechten über dich hat, dann nach denen der Propheten, denen der Awliya‘, der Großscheichs, der Brüder, schau, welche Pflichten du hast deinen Nachbarn gegenüber, dem Volk, der Regierung und der Gesellschaft, welche Rechte alle Geschöpfe und die ganze Existenz an dir haben. Das sollte man sich morgens vorstellen oder besser aufschreiben. Je nach deinen Handlungen regnet es auf die Erde entweder Segen herab oder Flüche. Der verantwortungsbewußte Mensch hat bei seinem Handeln die gesamte Schöpfung im Auge, er hat keine Zeit übrig für nutzlose Dinge. Wer behauptet, Verstand zu haben, muß an dieser Überlieferung das Prophetentum Rasulallahs erkennen.

Ein Bischof war einmal zu Gast bei einem Pascha. Das Gespräch kam auf Rasulallah (s.a.s.), und der Bischof sagte, er kenne Muhammad, der Friede sei auf ihm, als einen klugen und weisen Mann. Darauf fragte der Pascha, ob es möglich sei, daß ein weiser und kluger Mensch lügen würde. Der Bischof verneinte und sagte: „Klugheit und Weisheit lassen keinen Platz für Lügen.“ „Gut, Eure Eminenz“, sagte darauf der Pascha, „wenn Lügen und Weisheit genausowenig zusammen anzutreffen sind wie Tag und Nacht, und wenn er von sich sagt, er sei ein Prophet, warum leugnet Ihr dann das Prophetentum von Sayyidina Muhammad (s.a.s.)?“ Um sich aus der Affäre zu ziehen, fragte der Bischof um Erlaubnis, gehen zu dürfen... Er hätte sonst keine andere

Wahl gehabt, als die Worte des Paschas zu bestätigen und den Islam anzunehmen.

Es steht am Kopfende des Grabes von Rasulallah (s.a.s.) ein Engel, der zu ihm spricht und sagt: „O Rasulallah, dieser und jener so und so hat dich gegrüßt“, woraufhin Rasulallah sofort den Gruß erwidert.

## Water is the best Sadaqa

Water is the best Sadaqa... Audhu...Destur, ya Sayidi, Meded...Run to Allah! From whom? From Shaitan. A small child, when it is fearing something, runs to its mother or father.
Like that a muqmin, a believer, must run to Allah from the dog of Shaitan.
Dogs attack men- you can't trust a dog...
B.r.r.... Allah Almighty created and gave the design to the body of Adam a.s. from clay. Before the soul entered in it, it was just a shape of clay. Shaitan was coming and looking and he said: 'This is going to be a new creature, and I don't like it.' He was entering from the mouth and went around everywhere, then coming out and he said: 'That is an empty body, not solid, so many ways to enter, everywhere I may go around, it is easy.' If that shape had been solid, Shaitan could not have entered, and Adam and his children would never have been affected by him. But he was looking ands finding all ways open and he said: 'It is easy. I may be able to control that body as I like. I can find ways to direct that new creature as I like. So many ways- I may walk in it everywhere.' And he was coming to the eyes, the ears, the mouth, the mind, the hands, the heart, the feet, getting out

and spitting on it.
Allah Almighty ordered Gibrail a.s.: 'Quickly take that piece of the body that he spat on.' Gibrail cut it and threw it away, and that is the place of the navel. It became the dog. Therefore dogs have two specialities: from one side they are from man, from another side they are from Shaitan. Therefore they like to be with man, not like other animals. But because they are also from Shaitan, you can't trust them, they may bite you.
Don't trust dogs! So many times it is written in the newspaper that a dog bit its owner. No trust on dogs, as no trust on Shaitan. But Shaitan is making people of the 20th and 21st century to keep dogs, and they claim, think and imagine that they reached the top point of civilization and keeping dogs is the sign for that. Therefore Europe, America and their followers keep dogs and are very proud of that. Shaitan is making these civilized people to be servants of dogs. And it is such a dirty service.
There are signs that say: Dog-keepers must carry with them bag and shovel, so that when their dog is dirtying the street, they must clean it and carry it away.
Allah Almighty created them to be His servants, and 21st century's people claim to be civilized and come down from the highest level of servanthood for Allah to be servants of dogs- dirty servants. That is their civilization. Shaitanic teachings. What are they spending for dogs daily? Ten $? Some spend 5o or 1oo $, because their dogs are so big, that a man can ride on them, and they may carry him. Then there are very tiny dogs, that old ladies are carrying around...And people even sleep with dogs in the same bed, using them like a pillow...
The breath of dogs is poisoned, and it may bring so many dirty illnesses which doctors can't be able to treat. Therefore Allah Almighty is saying: 'Don't keep dogs in your house.' Angels are not coming to a house where there are dogs, but Shaitan is coming. Where Shaitan is coming, angels can't be. When angels are coming, mercy is coming, with Shaitan cursing is coming.

Don't keep dogs in your house- Shaitan is with them.
Maybe there are 1o million dogs in the whole world? If people spend daily ten $ for each of them, that means, they are wasting 1oo.ooo.ooo $ per day. And ten $ is never enough for a big dog...There are hairdressers for dogs for washing them...Maybe daily 1 billion $ is wasted by the dogkeepers. They are not giving the money to poor people, they say: 'Dog's rights, animals rights.' If they would give that money to needy people, they should be so happy and their life would be like in Paradise. But they are not giving and making themselves servants of dogs, dirty animals. As much as you may wash them- they are never going to be clean. So the Shariat is saying that if a dog is touching a plate with its tongue, you must wash that plate seven times with water and once with earth, ashes,because their saliva contains bacteries, which will never leave that plate if you don't clean it in this way.
People are wondering how illnesses are increasing which were never known before. That is the reason. Therefore run to Allah from Shaitan, like a child runs from a dog to its mother or father. And that is the first sign of obediency or servanthood for Allah. As long as you are living with Shaitan, you are not going to step on the level of servanthood for the Lord of Heavens. You must leave Shaitan and then you may reach tot he station of servanthood of Allah Almighty.
Dogs can't enter mosques. Who carries Shaitan with him, can't enter a mosque- impossible. Therefore people run away from mosques, because they are with Shaitan. If Shaitan is with someone, that one can't be the servant of Allah. People in the 21st century run away from the service of Allah, because they are servants of dogs and of Shaitan. If you don't know these things, you can't save yourself from Shaitan and his tricks, and he will catch you.
I must say this, because the whole world is running after Shaitan, is happy with Shaitan, friend with Shaitan. The symbol(sign) for that friendship with

Shaitan is that he is making people servants of dogs. Why are they not keeping goats or sheep? They say: 'We are not shepherds.' 'But you have a dog.' 'That is my friend. I may sleep with it in my bed, how can I sleep with a goat under the blanket?' 'But a goat gives you milk, better to respect it. Why you make yourself a servant of dogs?' 'That is my best friend.' You should come with your dog together on the Day of Judgment...

People are not supporting animals that give benefit, but they sleep with harmful animals. Shaitan is preventing them to keep beneficial animals like goats. The council can't carry to be in your home even one cock. They say: 'We are getting disturbed by their shouting.' They prevent to keep in the cities goats, hens or cocks, who may give benefit- it is forbidden. Shaitan makes Europeans and western countries to make a special law for dog-keepers, they give permission to keep dogs in your home, but not to keep hens or goats.

Therefore this world must be destroyed, these people must be taken away and a new generation must come- finished! Dirty people are living on earth now, and that dirtyness is never going to leave until those people, who keep dirtiness, are leaving. They should be buried and a clean generation should come.

Don't think this fire is going to extinguish- it is going up and up, getting bigger and wider, running all over the world including Cyprus and the Islamic world, all oceans and continents- must be cleaned. From seven six should be taken away.

May Allah forgive me I am saying: 'O my Lord, I am not with these people, I don't like what they are doing. Don't make me with them.' And you must say: 'O Lord, we are asking to do what You are asking from us. Don't make us with these people to be finished and vanished and to be taken away.'

It is a terrible beginning now, and step by step it is approaching every country. Run to Allah, is you are asking to be saved. As long as a person is with Shaitan, there is no shelter for him.

O our Lordtake the honour of servanthood from us.The biggest honour, the most honoured position for mankind is Your servanthood. Keep us for Your divine service and give endless honour to Sayidina Muhammad sws.

## Water-Wheel Donkey

Dastur O our Honorable Masters, I am asking permission from you (to speak) about what is beneficial for us, for the people... Speaking of the Holy Orders and of our Prophet's Sunnah is beyond our limit. We speak a few words from what is inspired to our heart on the level of the common people. Our service is appointed in this way. So they didn't leave us idle (unemployed), Allah Shukur.

You are Subhan O Lord! You are Sultan O Lord, You are Subhan O Lord! We glorify Your Beloved, the Master of this Creation (sas). May our day be good. Yawm al-jadid, rizq al-jadid. Allah Allah...Allah Allah... New day, new provision. This is a sohbat. It is a sohbat. What is a sohbat for? It is to teach the adab which is necessary for people and which is required for their servanthood. First of all "May we remember the Name of Allah first, It is necessary for the servant for all his doings". This is the beginning of Mawlid al-Sharif.

What does Sulaiman Chalabi say, paradise be his abode, to wake up the people? "O Allah, Your Order is the Most High. Who keeps Your Order is Your servant". Masha Allah. It is Allah's Order, O bewildered ones! I am also a bewildered one. Know it: "O Allah! Your Order is the Most High. Who keeps Your Order is Your servant". O little men! Who did you think you are? You are inbetween two breaths. Be careful with your every breath! Whether you are a king, or a ruler, or whatever you are on the earthly ranks; listen! "O Allah, Your Order is the Most High" Don't stick your nose up in the air, saying "I have become a ruler". No! O Allah! Your Order is the Most High. Before every other thing, you should do Allah's Order or else you are trash. Trash, they throw you into the trash can.

Our way is remembering Allah Almighty, remembering Him (swt) every moment. And what is the key to His (swt) remembrance every moment? Bismillahi r-Rahmani r-Rahim. O our Lord, Your Holy Name, Bismillahi r-Rahmani r-Rahim...Stand up! Stand up, so that you appreciate Whose Name you are remembering. Say, Bismillahi r-Rahmani r-Rahim. How beautiful, how beautiful is the good manners. How beautiful is the good manners(adab). When you say "he is a person with adab" everyone respects and loves him. Leave that one who has no adab! He doesn't know any adab or courtesy. Who is he? He is an animal. Who doesn't know adab is animal. I wish he was an animal to Man. But no, he is the animal of shaytan! Shame on these people that they support shaytan, they become animals for him, they never lag behind on anything he says but don't keep the order of Allah Almighty!

You should make sajda so that your name is written as the servant of Allah. A person with adab is the one who perform sajda for his Lord. Who has no sajda, who says "I have no time" even for praying 2 rakats, making 2 sajdas in 24 hours can't ever save himself from falling into troubles. Because shaytan rides on top of him; rides him here, rides him there and degrades him. This is what they call the 21st century; Allah knows which century it is, Shaytan harnessed today's people to such mills that... Before, for the wells, there were water wheels to bring up the water like this. An animal would be harnessed to it and that animal would walk around to bring up water. But that one we called the horse mill... What a beautiful expression: mill horse. Shaytan...They call this the 21st century but Allah knows which century it is.

Shaytan has made the people of the 21st century all mill horses. He blindfolded them. Because if he opens their eyes they will see and not move. So they blindfold and then whip a few times and the animal treads. Otherwise it doesn't move. And the animals thinks; "we have gone into a city". When they open its eyes, it sees that it is in the same place. Shaytan made the honoured mankind mill horses in their 21st century. If they stop for a while, he whips a few times. He hits a few times with a stick: Move! And they think that they are going to the city. When he opens their eyes, they see that they are where they were. Shaytan made the people of the 21st century into mill horses.

A mill horse does not go any distance but it runs; it runs, runs, runs... When they remove the

blindfold on its eyes at night, it sees that "we are exactly where we were. What about all that we ran?" All that you ran was in vain. "We thought we were going to the city but we are exactly where we were". This is the illustration of today's people: shaytan made mankind like mill horses in the 21st century. He says "Move! Run!" They are blind folded & keep running, running...
In the old stories it would say "He went, he went and then realised that he moved only the length of a barley!" Now they don't say stories anymore. They read, watch disgraceful, dirty things.

In the old times people would say clean, neat stories. Stories would show the people, guide the people in the simplest way. Now even donkeys, cars can't carry the books of the 21st century's people (the school books). What do they call it? A load..a cartload is needed to carry all their books. And what do they learn? They don't teach! They close his eyes and say "you have become this". Open your eyes: this is your diploma. What else is there other than diploma? What else do they say? Diploma. They say "I got a diploma from this university". They have a rank after this.

Say. He is a doctor. He is a professor. He is this, he is that... When you ask them something, "give me the answer!". He says "I don't know. I will look it up". If you need to look it up, what is the value of what you know? You studied, taught all these years and still you need to consult, look up in the books to answer.

Allah Almighty grants the knowledge to a person's heart. Allah Almighty grants knowledge to those with pure hearts. Have you ever seen soup being served in a chamber pot? "But the chamber pot is clean!" Even if it is clean, if you put soup in a chamber pot & serve at your table who would eat from it? They say "This man is really stupid. How can you serve soup in chamber pot?" "Why shouldn't I? It is also a pot". "Serve in a cooking pot instead" "There is no cooking pot, so I serve in a chamber pot instead" So these ones, the people of this time are not even clean chamber pots but they are the old and used ones! They don't know anything. They don't know anything. Because who doesn't know his Creator, is not a Man. He is not Man.

The education that does not introduce Who created them is not education. Therefore when people start studying; Hoja Effendi would say to the small children: "O son say: Bismillahi r-Rahmani r-Rahim". He would make them say the Bismillah so that it opens; their hearts open.

So that their spirituality starts working. He would make them say "Bismillahi r-Rahmani r-Rahim" and then "Rabbi yassir wa la tuassir Rabbi tammim bil khair". O Who created me! I came to this maktab to learn Your Orders, to complete my servanthood and I am sitting in front of this Hoja Effendi. And he says "Say O son!" "What should I say?" "Bismillahi r-Rahmani r-Rahim. Rabbi yassir wa la tuassir. Rabbi tammim bil khair". They would say Allah. These ones say the names of shaytan. Students don't know what they learn and instructors are not aware of what they teach. Shattana ma bayna huma...

The people in old times would get light (Nur) in the sun rising direction where the lights of the day rise. Now the peoples' world is like the sun at the time of ghurub (sun setting), their sun is the setting sun. The sun of Islam, the sun of the believers rises and gives light. These peoples' sun sets and leaves them in the darkness of night These are not taught, people don't know why they are created. They don't know what they should do. They don't know adab. Studying is something, adab is something else. Have adab! If you want, there is the Sultan level of adab too. Every level has its own adab. A person who doesn't know his adab is without adab. And the turn of those without adab is to be with shaytan. May Allah make us far from it.

Therefore this; to speak everyday a few words for a sohbat even if we are weak, is the teaching of our great ones for ourselves. Our way is the way of disciplining people. It is the way of teaching adab. The value of who doesn't learn adab is the lowest level of animals. Therefore say, first adab: Bismillahi r-Rahmani r-Rahim. Ya Rabbi, may You revive our external and internal beings with the Bismillah. Grant us strength. Dress on us from the majesty of servanthood O Lord. May we read Your Word, O Lord. They removed the reciting of the Quran from schools. How dare you! Who gave you the authority that you prohibited the reciting ofthe Holy Quran in the schools. Who are you?

Then you become of an empty cage. They collect you, arrange you and throw you into an empty hole. Did you ask what will happen to you inside the hole? Why don't they throw into the valleys so that birds eat it? No. They dig a grave and bury inside that grave. Every person will be buried.

They will make his face turn towards the qiblah. Then whoever the imam is, comes three steps

forward and says Uthkur (remember). The Imam Effendi says this. Others who came to the janaza are scared and stand shrinking back in fear like this. The Imam Effendi goes 3 steps forward and calls : "O you, Zaynal son of Fatima. O you Mehmet, son of Zahra. Uthkur, remember. Remember. Qul Rabbi Allah! Say, my Lord is Allah". How can one who forgets the Bismillah know this? Qul Rabbi Allah wa din al-Islam; My Lord is Allah, my religion is Islam and my Prophet is Muhammad (sas). Uthkur, Remember! Because the questioning angels will come to you. They will make you sit up and question you. "Who is your Lord?" "My Lord is Allah" "Who is your Prophet?" He is Sayyidina Muhammad (sas)who is the Sayyid al awwalin wal akhirin, the master of Creation. What is your religion? Islam. What is your book? The Holy Quran. What is your qibla (direction)? Kaaba al-Muazzama. Ya Rabbi... When they lay us inside the grave two angels will come and question us. What will you answer them?

They don't teach these things. Shaytan says "Don't teach, don't believe such things". Then you will suffer in the grave. There is the squeezing of the grave. When the grave squeezes, his bones (ribs) cross into each other. It squeezes. We can't even lay in our beds, we feel uncomfortable. Inside the grave, the angels say "squeeze this one". His bones cross into each other. Don't forget death, O mankind! Learn your religion,O Mankind! Don't forget the Bismillah, O Mankind!

Say Bismillahi r-Rahmani r-Rahim. I woke up remembering Your Holy Name, I got up to keep Your Order O Lord... They don't say "O Lord, may I keep Your Order. Let me wash my face. Let me have ablution, let me take a shower and make sajda for You even for two rakats..."

What do you live for then? If all your concern is eating and drinking, animals only concern is this also. What is the difference? O Man! Think on these things. You can be a king, you can be Sultan, you can be president but we are all man and we will all be questioned. We should not forget this. We should start our every day by saying Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. How beautiful, what an honour it is to recite the Bismillah. Who can't recite is in what a disgrace. O Lord, may You send us Your servants who will wake us up, so that our day starts with remembering Your Holy Name. We say Bismillahi r-Rahmani r-Rahim. We wash our faces, Bismillahi r-Rahmani r-Rahim. We pray 2 rakats and make sajda as much as we know.

If you don't know how just make sajda and say "O Lord, may You accept, may our every work succeed". Bismillahi r-Rahmani r-Rahim. O our Lord! We remembered Your Holy Name. May You not expel us from Your servanthood. May You accept us to Your servanthood. Make us live clean. Make us be with the ones who live clean. O our Lord, I live for You. I don't live for dunya.

Live for Your Lord & live long! Your Lord does not make you suffer. Say Bismillahi r-Rahmani r-Rahim and your every work succeeds. Or else He (swt) makes those people humiliated in dunya and in akhirah. Aman Ya Rabbi, may You not leave us in the hands of the dirty ego. This is the teaching of adab. There is no one left who teaches this; not left in our mosques and not left in our schools. Shame on us. Shaytan made us take off the honorable dress, the honorable uniform. We seek refuge in Allah. Shaytan dressed, not on us but on the people, a dirty, a shaytan sealed dress.

And he takes the Nur from their faces, people are without Nur. A man without the Bismillah becomes a man without goodness. He has no good for himself or for others.

Let us say Bismillahir-Rahmani r-Rahim Don't forget this, O people! O Jama'at! Don't trust weapons, cannons. If Allah protects you, you are protected or else no one can save you. "O Allah Your Name is the Most High. Who keeps Your Order is Your Servant" Masha Allah! May You make us from who keep Your Order O Lord. Don't say "I have work to do". Don't say "I have no time". He (swt) can make you confined to bed and you understand. If not, you will suffer in the grave. "Where are you going?" "I am going to the graveyard to read" "What will you read in the graveyard?" "I will read (Quran) for our dead ones" "But your dead ones didn't read when they were alive. What is the benefit if you read for him now?" O our Lord, tawba Ya Rabbi. Tawba Ya Rabbi, tawba Astaghfirullah.

The power to overcome the tyrants is in the Bismillah. If that man recites 40 times the Bismillah, even if the world enters fire, that man comes out not burning. Teach this! Pull yourself together!

Know your humanity! Acknowledge your servanthood! Know Your Lord and your dunya and akhirah become prosperous. "We don't have job. We don't have money". "What about the government?" "It is not paying". If you wait for the government to pay, you wait in vain. May Allah pay us. Dunya is full of jobs. Allah will pay us. Go out and wait in the labor market. Say

Bismillahi r-Rahmani r-Rahim. O Lord, open the door for us. Say! "Ya Mufattah al-abwab. O our Lord Who opens all the doors. Iftah lana khayrul-bab (Open the door of goodness for us).

For some people a door of hell opens and for some people a door of paradise opens. O our Lord, open for us the door of paradise! Say this every day! Say this seven times daily every day: "O our Lord, open the door of paradise for us. O our Lord, the doors of hell may they be closed for us. Say Bismillahi r-Rahmani r-Rahim and the doors of hell close for you and the doors of paradise open. O people! We should come to our senses.

Tawba Ya Rabbi, tawba Ya Rabbi. Shukur Ya Rabbi, shukur Ya Rabbi, shukur Al Hamdulillah. Let us say Bismillahi r-Rahmani r-Rahim. Al-Fatiha. Fatiha. This is what is granted to us from the Heavenly table and it can save the whole world.

Al-Fatiha.

Dastur, o unsere Ehrenwerten Meister, ich bitte um Erlaubnis von euch, darüber zu sprechen, was uns guttut, den Menschen.. Über die Heiligen Befehle und die Sunnah unseres Propheten zu sprechen, übersteigt unsere Begrenzung. Wir sprechen ein paar Worte, die uns ins Herz gegeben wurden auf der Ebene der gemeinen Leute. Unser Dienst ist darauf ausgerichtet. So ließen sie uns nicht untätig, Allah Shukur. Du bist Subhan, o Herr! Du bist Sultan, o Herr, Du bist Subhan, o Herr! Wir preisen Deinen Geliebten, den Meister dieser Schöpfung (saws). Möge unser Tag gut sein. Yawmu l-jadid, rizqu l-jadid. Allah Allah, Allah Allah.. Neuer Tag, neue Versorgung. Dies ist ein Sohbat. Es ist ein Sohbat. Wozu dient ein Sohbat? Es dient dazu, die Leute den notwendigen Adab zu lehren, den sie für ihre Dienerschaft benötigen.

Zuerst einmal: 'Mögen wir den Namen Allahs zuerst erinnern. Es ist nötig für den Diener bei all seinen Handlungen.' Das ist der Anfang des Mawlid ash-Sharif. Was sagt Sulaiman Chalabi, das Paradies sei sein Aufenthalt, um die Menschen aufzuwecken? 'O Allah, Dein Befehl ist der

höchste. Wer Deinem Befehl folgt, ist Dein Diener.' Masha'Allah. Es ist Allahs Befehl, ihr Verwirrten! Ich bin auch verwirrt. Wisset: 'O Allah, Dein Befehl ist der höchste. Wer Deinem Befehl folgt, ist Dein Diener.' Ihr kleinen Menschen! Wer glaubt ihr zu sein? Ihr seid zwischen zwei Atemzügen. Seid vorsichtig mit jedem euerer Atemzüge! Ob ihr König oder Herrscher oder was immer seid an irdischen Rängen, hört zu! 'O Allah, Dein Befehl ist der höchste.' Tragt nicht die Nase hoch in der Luft und sagt: Ich bin ein Herrscher. Nein! O Allah! Dein Befehl ist der höchste. Vor allem anderen solltet ihr Allahs Befehl ausführen, sonst seid ihr Müll. Müll, sie werfen euch in den Mülleimer. Unser Weg ist, Allah den Allmächtigen zu erinnern, Ihn (swt) in jedem Moment zu erinnern. Und was ist der Schlüssel zu Seiner (swt) Erinnerung in jedem Moment? Bismillahi r-Rahmani r-Rahim. O unser Herr, Dein Heiliger Name Bismillahi r-Rahmani r-Rahim.. Steht auf! Steht auf, so daß ihr würdigt, Wessen Namen ihr erinnert.

Sagt: Bismillahi r-Rahmani r-Rahim. Wie schön, wie schön ist das gute Benehmen. Wie schön ist das gute Benehmen (Adab). Wenn du sagst, 'Er ist ein Mensch mit Adab', respektiert und liebt ihn jeder. Laßt den, der keinen Adab hat! Er kennt keinen Adab oder Höflichkeit. Wer ist er? Er ist ein Tier. Wer keinen Adab kennt, ist ein Tier. Ich wünschte, er wäre ein Tier für den Menschen, aber nein, er ist das Tier Shaytans. Schande auf die Menschen, daß sie Shaytan unterstützen. Sie werden Tiere für ihn. Sie bleiben nie hinter etwas zurück, was er sagt, halten aber nicht den Befehl Allahs des Allmächtigen ein! Ihr solltet Sajda machen, damit euer Name als Diener Allahs geschrieben wird. Ein Mensch mit Adab ist einer, der Sajda für seinen Herrn vollzieht. Wer keine Sajda hat, wer sagt 'Ich habe keine Zeit', um auch nur 2 Rakats zu beten, 2 Sajdas zu machen, kann in 24 Stunden sich nicht davor retten, in Schwierigkeiten zu geraten, weil Shaytan auf ihm reitet, ihn hierhin und dorthin führt und ihn erniedrigt. Das ist, was sie das 21. Jahrhundert nennen. Allah weiß, welches Jahrhundert es ist.

Shaytan spannte die heutigen Menschen vor solche Mühlen, daß... Früher gab es für die Brunnen Wasserräder, um das Wasser hochzuholen. Ein Tier wurde davor gespannt, und dieses Tier ging herum, um das Wasser hochzuholen. Aber das nannten wir die Pferdemühle.. Was für ein schöner Ausdruck: Mühlenpferd. Shaytan.. Sie nennen das das 21. Jahrhundert, aber Allah weiß, welches Jahrhundert es ist. Shaytan hat aus den Menschen des 21. Jahrhunderts lauter

Mühlenpferde gemacht. Er hat ihnen die Augen verbunden, weil wenn sie die Augen öffneten, würden sie sehen und nicht gehen. Also verbinden sie die Augen und peitschen ein paarmal, und das Tier tritt. Sonst bewegt es sich nicht. Und die Tiere denken, 'Wir sind in die Stadt gegangen'. Wenn sie die Augen öffnen, sehen sie, daß sie am selben Platz sind. Shaytan machte aus der geehrten Menschheit Mühlenpferde in ihrem 21. Jahrhundert. Wenn sie einen Moment stehenbleiben, peitscht er ein paarmal. Er schlägt ein paarmal mit einem Stock: Los! Und sie denken, sie gehen in die Stadt. Wenn er ihre Augen öffnet, sehen sie, daß sie sind, wo sie sind. Shaytan machte aus den Menschen des 21. Jahrhunderts Mühlenpferde. Ein Mühlenpferd geht nicht eine Strecke, sondern rennt, rennt, rennt, rennt... Wenn sie die Augenbinde entfernen in der Nacht, sieht es, 'wir sind genau da, wo wir waren. Was ist mit dem ganzen Gerenne?' All euer Rennen war umsonst. Wir dachten, wir gehen in die Stadt, aber wir sind genau da, wo wir waren. Das ist die Veranschaulichung der heutigen Menschen: Shaytan machte die Menschheit wie Mühlenpferde im 21. Jahrhundert. Er sagt: Los! Lauft! Sie sind mit verbundenen Augen und laufen, laufen.. In den alten Geschichten hieß es: Er ging, er ging und dann merkte er, daß er nur die Länge einer Gerste gegangen war. Jetzt erzählen sie keine Geschichten mehr. Sie lesen, gucken sich schändliche, schmutzige Dinge an. In der alten Zeit erzählten die Menschen saubere, treffende Geschichten. Geschichten zeigten den Leuten, führten die Leuten auf die einfachste Weise. Jetzt selbst Esel, Autos können die Bücher der Menschen des 21. Jahrhunderts nicht tragen. (Schulbücher) Wie nennen sie es? Eine Ladung.. eine Wagenladung ist nötig, um all ihre Bücher zu tragen. Und was lernen sie? Sie lehren nicht! Sie schließen seine Augen und sagen: Du bist das geworden. Öffnet die Augen: Das ist euer Diplom. Was anderes gibt es als Diplome? Was sagen sie noch? Diplome. Sie sagen: Ich habe ein Diplom von dieser Universität. Sie haben einen Rang danach. Sagt. Er ist Doktor. Er ist Professor. Er ist dies, er ist das.. Wenn du sie etwas fragst, 'antworte mir!' sagt er: Ich weiß es nicht, ich werde es nachschlagen. Wenn du es nachschlagen mußt, was ist dann der Wert dessen, was du weißt? Du hast studiert, gelehrt all diese Jahre und immer noch mußt du in den Büchern nachschlagen, um zu antworten. Allah der Allmächtige gewährt das Wissen dem Herzen eines Menschen. Allah der Allmächtige gewährt Wissen jenen mit reinen Herzen.

Habt ihr je gesehen, daß Suppe in einem Nachttopf serviert wird? 'Aber der Nachttopf ist sauber!'

Auch wenn er sauber ist, wenn du Suppe in einen Nachttopf tust und sie an deinem Tisch servierst, wer würde sie essen? Sie sagen: Dieser Mann ist wirklich dumm. Wie kann man Suppe in einem Nachttopf servieren? Warum nicht? Es ist auch ein Topf. Serviere es lieber in einem Kochtopf. Es gibt keinen Kochtopf, also serviere ich stattdessen in einem Nachttopf. Also diese, die Menschen dieser Zeit, sind nicht mal saubere Nachttöpfe, aber sie sind die alten, gebrauchten! Sie wissen nichts. Sie wissen nichts. Weil wer seinen Schöpfer nicht kennt, kein Mensch ist. Er ist kein Mensch. Die Bildung, die nicht einbringt, Wer sie erschaffen hat, ist keine Bildung. Deshalb, wenn die Leute zu studieren beginnen, würde Hodja Effendi zu den kleinen Kindern sagen: O Sohn, sage Bismillahi r-Rahmani r-Rahim. Er hieß sie das Bismillah sagen, so daß es eröffnete. Ihre Herzen öffneten sich. So daß ihre Geistigkeit zu arbeiten begann. Er ließ sie sagen Bismillahi r-Rahmani r-Rahim. Und dann: Rabbi Yassir wa la Tuassir Rabbi Tammim bi l-Khayr. O Der mich erschuf, ich kam zu diesem Maktab, um Deine Befehle zu lernen, um meine Dienerschaft zu vervollkommnen, und ich sitze vor diesem Hodja Effendi, und er sagt: Sprich, Sohn! Was soll ich sagen? Bismillahi r-Rahmani r-Rahim. Rabbi Yassir wa la Tuassir. Rabbi Tammim bi l-Khayr. Sie sagten Allah.

Diese sagen den Namen Shaytans. Die Studenten wissen nicht, was sie lernen, und die Instruktoren sind sich nicht bewußt, was sie lehren. Shattana ma bayna huma.. Die Menschen in alten Zeiten bekamen Licht, Nur, in Richtung des Sonnenaufgangs, wo die Lichter des Tages aufgehen. Jetzt ist die Welt der Menschen wie die Sonne zur Zeit des Ghurub, Sonnenuntergangs. Ihre Sonne ist die untergehende Sonne. Die Sonne des Islam, der Gläubigen geht auf und gibt Licht. Die Sonne dieser Leute geht unter und läßt sie in der Dunkelheit der Nacht. Es wird nicht gelehrt.Die Menschen wissen nicht, warum sie geschaffen wurden. Sie wissen nicht, was sie tun sollen. Sie kennen keinen Adab. Studieren ist eine Sache, Adab ist eine andere. Habt Adab! Wenn ihr wollt, gibt es auch die Sultanstufe des Adab. Jede Stufe hat ihren eigenen Adab. Jemand, der seinen Adab nicht kennt, ist ohne Adab. Und die Wendung jener ohne Adab ist, mit Shaytan zu sein. Möge Allah uns davon fernhalten.

Deshalb dies: Jeden Tag ein paar Worte sprechen für ein Sohbat, auch wenn wir schwach sind, ist die Lehre unserer Großen für uns. Unser Weg ist der Weg der Disziplinierung der Menschen.

Es ist der Weg des Lehrens des Adab. Der Wert dessen, der keinen Adab lernt, ist die tiefste Stufe der Tiere. Deshalb sagt, zuerst Adab, Bismillahi r-Rahmani r-Rahim. Ya Rabbi, mögest Du unser äußeres und inneres Sein mit dem Bismillah wiederbeleben. Gewähre uns Stärke. Bekleide uns mit der Majestät der Dienerschaft, o Herr. Mögen wir Dein Wort lesen, o Herr. Sie nahmen das Quranrezitieren aus den Schulen. Wie können sie es wagen! Wer gab euch die Autorität, das Rezitieren des Heiligen Quran in den Schulen zu verbieten? Wer seid ihr?

Dann werdet ihr ein leerer Käfig. Sie sammeln euch ein, bereiten euch vor und werfen euch in ein leeres Loch. Habt ihr gefragt, was mit euch geschehen wird in dem Loch? Warum werfen sie euch nicht in die Täler, damit die Vögel euch fressen? Nein. Sie schaufeln ein Grab und beerdigen darin. Jeder wird beerdigt werden. Sie werden sein Gesicht in Richtung Qiblah wenden. Dann kommt, wer immer der Imam ist, drei Schritte vor und sagt "Uthkur" - erinnere. Der Imam Effendi sagt das. Andere, die zu der Janaza kamen, haben Angst und stehen so zurückschaudernd in Furcht. Der Imam Effendi geht drei Schritte vor und ruft: O du, Zaynal, Sohn der Fatima. O du, Mehmet, Sohn der Zahra. Uthkur, erinnere. Erinnere. Qul Rabbi Allah! Sag, mein Herr ist Allah. Wie kann jemand, der das Bismillah vergißt, das wissen? Qul Rabbi Allah wa Dinu l-Islam. Mein Herr ist Allah, meine Religion ist Islam und mein Prophet ist Muhammad (s). Uthkur - Erinnere! Weil die befragenden Engel zu dir kommen werden. Sie werden dich aufsitzen lassen und dich befragen. Wer ist dein Herr? Mein Herr ist Allah. Wer ist dein Prophet? Er ist Sayyidina Muhammad (saws), der der Sayyidu l-Awwalin wa l-Akhirin ist, der Meister der Schöpfung. Was ist deine Religion? Islam. Was ist dein Buch? Der Heilige Quran. Was ist deine Qibla? Kaaba l-Muazzama. Ya Rabbi... Wenn sie uns ins Grab legen, werden zwei Engel kommen und uns befragen. Was werdet ihr ihnen antworten?

Sie lehren diese Dinge nicht. Shaytan sagt: Lehrt das nicht, glaubt nicht an solche Dinge. Dann werdet ihr leiden im Grab. Da ist das Quetschen des Grabes. Wenn das Grab quetscht, kreuzen seine Knochen (Rippen) ineinander. Es quetscht. Wir können nicht einmal im Bett liegen, wir fühlen uns unbequem. Im Grab sagen die Engel: Quetsche den. Seine Knochen kreuzen ineinander. Vergiß nicht den Tod, Menschheit! Lerne deine Religion, Menschheit! Vergiß nicht das Bismillah, Menschheit! Sagt Bismillahi r-Rahmani r-Rahim. Ich erwachte und erinnerte

Deinen heiligen Namen. Ich stand auf, um Deinen Befehl einzuhalten, o Herr.. Sie sagen nicht: O Herr, möge ich Deinen Befehl einhalten. Laß mich das Gesicht waschen. Laß mich die Waschung machen, laß mich duschen und Sajda für Dich machen, selbst für zwei Rakats! Wofür lebt ihr dann? Wenn euere einzige Sorge Essen und Trinken ist, das ist auch die einzige der Tiere. Was ist der Unterschied? O Mensch! Denke an diese Dinge. Du kannst König sein, du kannst Sultan sein, du kannst Präsident sein, aber wir sind alle Menschen und werden befragt werden. Wir sollten das nicht vergessen. Wir sollten jeden unserer Tage damit beginnen, Bismillahi r-Rahmani r-Rahim zu sagen. Bismillahi r-Rahmani r-Rahim. Wie schön, welch eine Ehre ist es, das Bismillah zu rezitieren.Wer es nicht rezitieren kann, ist in solcher Schande.
O Herr, mögest Du uns Deine Diener senden, die uns aufwecken, damit unser Tag mit der Erinnerung an Deinen heiligen Namen beginnt. Wir sagen Bismillahi r-Rahmani r-Rahim. Wir waschen uns das Gesicht, Bismillahi r-Rahmani r-Rahim. Wir beten zwei Rakats und machen Sajda, soviel wir wissen. Wenn ihr es nicht wißt, macht einfach Sajda und sagt: O Herr, mögest Du uns annehmen, möge jedes unserer Werke Erfolg haben. Bismillahi r-Rahmani r-Rahim. Wir erinnerten Deinen heiligen Namen. Mögest Du uns nicht von Deinem Dienst ausschließen. Mögest Du uns in Deine Dienerschaft aufnehmen. Laß uns sauber leben. Laß uns mit denen sein, die sauber leben. O unser Herr, ich lebe für Dich. Ich lebe nicht für die Dunya. Lebt für eueren Herrn und lebt lang! Euer Herr läßt euch nicht leiden. Sagt Bismillahi r-Rahmani r-Rahim, und all euere Werke haben Erfolg. Sonst läßt Er (swt) diese Leute in Dunya und Akhira demütigen. Aman ya Rabbi, mögest Du uns nicht in Händen unseres schmutzigen Egos lassen. Das ist die Lehre des Adab. Es gibt niemanden mehr, der das lehrt, nicht in unseren Moscheen und nicht in unseren Schulen. Schande auf uns. Shaytan sorgte dafür, daß wir das ehrenwerte Kleid, die ehrenwerte Uniform ablegten. Wir suchen Zuflucht bei Allah. Shaytan bekleidete, nicht uns, aber die Leute mit einem schmutzigen, von ihm besiegelten Kleid. Und er nimmt das Licht von ihren Gesichtern. Die Menschen sind ohne Licht. Ein Mensch ohne das Bismillah, wird ein Mensch ohne Gutes. Er hat nichts Gutes für sich selbst oder für andere.

Laßt uns Bismillahi r-Rahmani r-Rahim sagen. Vergeßt das nicht, Leute! Jama'at! Vertraut nicht auf ihre Waffen, Kanonen. Wenn Allah euch schützt, seid ihr geschützt, sonst kann euch niemand retten. O Allah, Dein Name ist der höchste. Wer Deinem Befehl folgt, ist Dein Diener.

Masha'Allah! Laß uns zu denen gehören, die Deinem Befehl folgen, o Herr. Sagt nicht: Ich habe zu arbeiten. Sagt nicht: Ich habe keine Zeit. Er (swt) kann euch ans Bett gefesselt sein lassen, und ihr versteht. Sonst leidet ihr im Grab. Wohin gehst du? Ich gehe zum Friedhof, um zu lesen. Was liest du auf dem Friedhof. Ich lese Quran für die Toten. Aber deine Toten haben nicht gelesen, als sie noch lebten. Was nützt es, wenn du jetzt für sie liest? Unser Herr, Tawba ya Rabbi. Tawba ya Rabbi, Tawba Astaghfirullah. Die Macht, um die Tyrannen zu überwältigen, ist im Bismillah. Wenn dieser Mensch 40x das Bismillah rezitiert, selbst wenn die Welt Feuer finge, würde dieser Mensch herauskommen ohne zu brennen. Lehrt das! Reißt euch zusammen! Erkennt euere Menschlichkeit! Würdigt euere Dienerschaft! Erkennt eueren Herrn und euere Dunya und Akhirah werden erfolgreich.

Wir haben keine Arbeit. Wir haben kein Geld. Was ist mit der Regierung? Sie zahlt nicht. Wenn ihr darauf wartet, daß die Regierung zahlt, wartet ihr vergebens. Möge Allah uns bezahlen. Die Dunya ist voller Jobs. Allah wird uns bezahlen. Geht hinaus und wartet bei der Arbeitsvermittlung. Sagt Bismillahi r-Rahmani r-Rahim. O Herr, öffne die Tür für uns. Sprich! "Ya Mufattahu l-Abwab." Unser Herr, Der alle Türen öffnet, "Iftah lana Khayru l-Bab" - Öffne die Tür des Guten für uns. Für manche Leute öffnet sich eine Tür zur Höllle und für manche eine Tür zum Paradies. Unser Herr, öffne für uns die Tür zum Paradies! Sagt das jeden Tag! Sagt das 7x täglich, jeden Tag: O unser Herr, öffne die Tür des Paradieses für uns. O unser Herr, die Türen der Hölle, mögen sie für uns verschlossen sein. Sagt Bismillahi r-Rahmani r-Rahim, und die Tore der Hölle schließen für euch und die Tore des Paradieses öffnen sich. Wir sollten uns besinnen. Tawba ya Rabbi, Tawba ya Rabbi. Shukur ya Rabbi, Shukur ya Rabbi, Shukur Alhamdulillah. Laßt uns sagen Bismillahi r-Rahmani r-Rahim. Al Fatiha. Fatiha. Das ist, was uns vom Himmlischen Tisch gewährte wurde, und es kann die ganze Welt retten. Fatiha.

## We Left the Way of Goodness and Still Expect Salvation

O our Lord! We couldn't obey Your commands and we couldn't follow Your habeeb respectfully, but Your mercy encompasses everything!

Our people, jama`at, left everything, following the ways of unbelievers! We are surrounded by disasters all around. Why? Because we don't obey/know our Lord anymore! We don't know/obey His Prophet! If people don't follow the Prophet, don't pray and don't fast then how are we going to ask from Allah? They don't follow, and have no shame! They think nothing will happen to them. They say they are on the top of a mountain and the calamities won't hit them, but the mountain will turn over if it has to.

A nation can't survive without a religion. When Islam came it destroyed all idols. Prophet (s) said, "In the last times my ummah will go back to idols," and we're all mixed with them. We are not hungry, we have everything we need, we have houses, cars, etc. Your ladies go outside with clothes that are not suitable, the kind of clothes that can be worn only when going to bed. What kind of men are you? It's not external/ unbelievers that open up all kinds of sinful places in our land, it's our people.

Allah destroyed many nations and warned believers to leave them before the calamities hit them, and I feel like leaving this place! Yaa Rabbee, send us from Your holy servants to get us back on track. May Allah

forgive us and send us His holy servants to guide us. The world has never seen this much disrespect to Islam! Do istighfaar and come back. It's now time for `Eid prayers. Let's ask forgiveness and ask Allah to send us a saahib. We are all bewildered, we don't know what we're doing! Yaa Rabbee, send us those servants of Yours!

Fatihah.

## The Way To Honor and Out of Humiliation

Bismillahi ‘r-Rahmanni ‘r-Raheem. (Mawlana Shaykh stands) Anta Rabbuna, Anta Hasbuna, Anta Khaliquna Anta Raziquna, Anta 'Adina, yaa Rabbana, yaa Rabbana! Ultuf bina, ultuf bina feemaa nazal. Anta al-Qadir al-Muqtadir! You are our Lord! You are enough for us! You grant us our provision! You created us! You are our Lord; bestow Your mercy on us! You are All-Mighty, All-Powerful. Subhaan Sen, Sultaan Sen! O our Lord! Glory to You, all Mightiness to You and we are your servants! Grant us to be on the Right Path. Improve our situations and keep us away from the deception of this dunya and the punishment of Akhirah, for the sake of Your Chosen Prophet of Mercy (s)! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem! (Mawlana Shaykh sits)

Today is the tenth day of glorious Sha`ban. Its glory has been given by Allah Almighty. To glorify what He has glorified is our duty, to increase our imaan.

O Servants of the Lord! To glorify heavenly orders is proof of true faith. Therefore, the whole Islamic world must do so for the sake of the order of Heavens as our first obligation. Those who surrendered and became Muslim, who said, “We have submitted to You, O Allah Almighty, the Lord of Heavens,” must also say, "We have submitted to Islam.” First you must accept to be Muslim and later you become mu'min (believer): first comes Islam (submission) and then comes imaan (faith). SubhaanAllah!

••••••• ••••••••••••• ••••••• ••• ••••• •••••••••• ••••••• ••••••• •••••••••••• •••••••• •••••••• •••••••••••• ••• ••••••••••••
••••• ••••••••• ••••••• •••••••••••• ••• ••••••••• ••••• •••••••••••••• ••••••• ••••• ••••••• ••••••• ••••••••

Qaalati 'l-A`araabu aamannaa qul lam tu'minoo wa laakin qooloo aslaamnaa wa lammaa yadkhuli 'l-imaanu fee quloobikum wa in tutee`oollaaha wa rasoolahu laa yalitkum min `aamaalikum shayan inn 'Llaaha Ghafoorun Raheem. The Arabs declare, "We believe." Say (to them), "You do not. Rather say, 'We submit,' because belief has not yet found its way into your hearts. If you obey Allah and His Messenger, He will not reduce a thing from your deeds. Allah is the Oft-Forgiving and the Most Merciful." (49:14)

Whoever says, “Aslaamna, We have surrendered to Islam,” gives his word to his Lord that he will be an obedient servant to the divine order, and he follows and submits to the sunnah of His Beloved (s), as Allah Almighty said:

••••• •••••••• •••••••••• ••••••••• ••••• ••••••••• •••••• ••••••••••

Ma `atakaum ar-rasool fakhudhoo wa nahakum `anhu fantahoo. Leave what Prophet (s) forbade and take what he ordered. (al-Hashr, 59:7)

Now people in the mosques and churches are ignorant. On the minbar they move their lips, saying they are believers, that they believe what was brought in the Holy Qur'an, and they claim ,“We do not accept anything else!” but this is the deepest level of blind ignorance. The Lord ordered, "Leave what Prophet (s) forbade and take what he ordered. Allahu Akbar! Therefore, whoever rejects even one letter of the Holy Qur'an is kafir! The word “amanna” meaning, “We believed,” indicates we believe in whatever is necessary to be of good faith: everything that is required to be a Muslim and later to be a mu'min. For everyone it is the same: we have left all the forbidden actions in obedience to the order of the Last Prophet (s), the one who was given the Magnificent Qur'an with Allah Almighty’s Words. We are asking support from rijaalAllah. Laa ilaaha illa-Llah!

O People! Listen and understand; take wisdom. If you understand you will benefit. Nowadays, people are wild. An example is:

•••••••••••• •••••• •••••••••••••• ••••••• ••• ••••••••••

Ka-annahum humurun mustanfiratun farrat min qaswaratin. As if they were frightened asses, fleeing from a lion. (74:50-51)

The knowledge of the people of old times was from the Heavenly Realm, Malakoot. This verse describes people nowadays, as it once described the liars, hypocrites, and unbelievers in the time of Holy Prophet (s). They uran away, then a holy verse described them, "As if they were frightened donkeys," the lowest, most foolish of animals, the jackass: This is a simple description: the donkeys are running away in a state of shock from the lion.

The Arabic language is extremely eloquent and articulate. Arabs at the time of the Prophet reached the peak of eloquence and articulation in their speech. Therefore, the Qur'an used the word 'humurun' as the plural for donkey, because the t`azheem ('un' at the end of the word) is used to indicate greatness, and did not use the word 'himir', which also means donkeys. There are two types of greatness: Absolute Honor, and emphasizing Absolute Belittlement. Greatness is for the Heavenly realms, but when the 'un' is used with the word hamir (humurun), it indicates the lowest, most foolish animal level, the asses that have nothing except the ability to transport burdens, which is their sole mission.

'Qaswarah' is one of the names for 'lion,' which has one hundred names in Arabic, indicating the level of honor attributed to the one who carries them. How many names are there for Prophet (s)? Say! We know 313 or more names for the Prophet (s) that are mentioned in the books, but this is only according to our capacity to understand. A divine favor was granted to us to know him and the attributes given to the Beloved, Muhammad al-Mustafa (s)!

This is for the level of the servants, the majority of the people; however:

•••••••• ••••• ••• •••••• •••••••

fawqa kulli dhi `ilmin `aleem. Above every knower is a (higher) knower. (Yusuf, 12:76)

There are so many various levels of understanding that you cannot reach their horizon! SubhaanAllah!

•••••••• •••••••••• ••••••••••

Wa lillaahi al-asmaau al-husnaa. The Most Beautiful Names belong to Allah. (al-`Araaf, 7:180)

How many Divine Names are there? Ninety-nine are given to us at our level, but for Allah there are so many

names that they cannot be counted, from pre-Eternal to post-Eternity, each endlessly appearing in a new manifestation that represents the Divine Name in Heavens! Allahu Akbar!

In spite of the fact that people say they are Muslim, Allah has honored them by granting them Islam. He (swt) honored us! The honor of all Muslims comes in part from having any of the names of the Prophet (s). SubhaanAllah!

And we are talking about news of manifestations from Heavens. We are living in a time where dunya is all that is important to most people and they are not interested in akhirah, which indicates that people now have reached the lowest level and extreme humiliation. They have no honor left to understand matters from Heavens!

Allah (swt) sent selected servants to spread His Divine Message, to give His (swt) servants honor according to their capacity. The honor of a nation is according to their connection to their Prophet (s). It's so incredible! And people now look strange, they have taken on astonishing forms, and they don't have a sound understanding. They have lost their logic and, therefore, they have no sense of justice or balance!

Allah (swt) says:

•••••••• •••••••••••• •••••• ••••••••• ••• •••••••••••• •••••••••••• ••••••••• •••••••••••• ••••• •••••••••• ••••••••••••

Wa wada` al-meezan allaa tatghaw fi 'l-meezaan. Wa aqeemu 'l-waznu bi 'l-qisti wa laa tukhsiru ’l-meezan. And He has set up the Balance, that you may not transgress (due) balance, but observe the measure with equity and do not fall short of it. (ar-Rahmaan, 55:7-9)

For whom is the balance, for Him (swt)? Haasha! He (swt) set the balance for His believing servants according to their capacity to understand and their efforts to expand [their understanding], and not higher than that because it is not possible for it to be above their capacity.

•••••••• •••••••••••••• ••••••••• •••••••• ••••••••••••

Wa nada`u al-mawaazeena ’l-qista li-yawmi ’l-qiyaamat. And We shall set up Scales of Justice for the Day of Judgment. (al-Anbiya, 21:47)

This is the plural form of “balance (scales)” on which they will be placed on the Day of Judgment. Allahu

Akbar, Allahu Akbar, Allahu Akbar! In Arabic, they say when a person enters a test he is either granted honor or humiliation. Now all of us have entered the test and whoever is saved is honored and whoever fails is humiliated, too bad for him! People today don’t think about this news brought by the Prophet (s); now they are lazy. It has become impossible for even one of them to advance because they stopped and fell; whoever falls is a humiliated person.

People in the whole Islamic world all came to the lowest level of humiliation; in the test they have reached the absolute level of degradation, to the lowest level. I regret that my ego is also counted with them; I don't claim to be free from this! All of us we are on the same path, fashioned in the same model on the same way. The arrogant one is proud of himself, his knowledge, his understanding, his actions, his attributes and his movements. He does not lower himself to anyone. He says, "I am me! I am me!" I am sorry to say these words. I am not claiming innocence myself, because also my ego is fashioned on the same model. This is an important matter. Except for a few who put their egos under their feet, the nation of the Beloved (s) are mocked by Shaytan. Instead of following the Prophet of the End Times (s), they are rushing after shaytans. Now they have no honor or understanding and they have lost the sweetness in their lives, here and in the Hereafter! Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. Yaa Allah. Allahuma, Ant Allah! Send us those who can correct our situations, O Allah!

Allah likes the good ones, the pious righteous ones, the ones who correct what Shaytan destroyed: they accepted by Allah. Unfortunately, all the ummah claims to do good, but they are liars who say they are correcting, when actually they are only corrupting!:

**••••••• ••••• •••••• ••• •••••••••••• ••• •••••••• •••••••• •••••••• •••••• •••••••••••• •••• ••••••••• •••• ••••••••••••••• •••••••• •••• ••••••••••••**

Wa idhaa qeela lahum laa tufsidoo fi ’l-ardi qaaloo innamaa nahnu muslihoona alaa innahum humu ’l-mufsidoona wa laakin laa yash`uroon. And when it is said to them, “Don’t make mischief throughout the Earth,” they say, “We only want to make peace!” Certainly they are the ones who make mischief, but they realize not. (al-Baqara, 2:11,12)

O People! Therefore, repent to your Lord and ask from His favors to send us someone to correct our situations, our work, our children and our countries; otherwise, we are now at the level of the people of

Hellfire, much nearer to Hell and further away from the Light! Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem!

Amaan yaa Rabbi, tubna wa raja'ana ilayk.Yaa Allah! Do not leave us to our egos, not even for a blink of an eye. We are repenting to You and asking for Your forgiveness. Send us who may correct our situation. O our Lord! Yaa Kareem, Anta al-Kareem bi jaahi habeebika al-Mustafa, bi jaahi qulli nabiy wa waliyy (s)!

Bi hurmati 'l-Fatihah.

**The Way Of The Lions**

---

Dastur ya Shah-i Mardan O lion of the arenas, Shah-i Mardan dastur! O lovers of Shah-i Mardan. O lovers of Shah-i Mardan. Let us say: Bismillahir rahmanir rahim. How lovely, how very lovely. The power that propels us from pre-eternity to post-eternity is Bismillahir rahmanir rahim. How lovely! O Lord, grant us health, of body and spirit! O Lord, dress upon us good states and let our condition be a good one. May our aspect be pleasing, so that whoever sees us will say: Masha'Allah, what a pure face has he, what a loveable person! This happens. For one wanting this, it can happen. But no one wants it. If He wishes, He grants beauty also to his outer appearance as He grants beauty to his spiritual being.

Madad ya Sahib al-Maydan, make Shah-i Mardan a support for us! Make him to assist us. If your support comes to us, your sword, o Shah-i Mardan, will cleave the world in two like a watermelon. Know this! Know the fighters of Allah! We cannot express the power of the Prince of Creation. We can in no way express it. The Prince of Creation, for My Own Self I have created him. Whoever wishes to see My Essential Being, he will see it in you. Allahu Akbar Allahu Akbar Wa liLlahil Hamd.

How beautiful, how lovely this is! We woke up well, our Lord has graced us with this. The kindness and intercession of our Holy Prophet (sas) came to our aid. We rose for the morning prayer and bowed to our Lord. Thanks be to Allah, for granting us His favour. He gave us leave to bow to Him in prostration. They wake you with the Muslim call to prayer. Arise! Get up! He has not created you to lie in bed, Allah, the Creator. The Lord of the Worlds made you not for lying in bed. Get up! Bow down before your Lord! Stand before His Divine Court! O, and what a Court that is! Allahu Akbar ul-Akbar. O Lord, send to us Your special servants to lead us along Your way. I have sent them, Shah-i Mardan is one of them. Who attends the associations of

Shah-i Mardan will find the way.
Looking up from the earth to the sky, he may say: 100 light years, or 1000 light years in the reckoning of men, of these so-called men, or a distance of 100.000 light years, he says. The stars have a measure of their own. These million years for this light of a million years to reach us, he says. For the light from a distance of a billion years to reach us takes time. A billion years' distance He brings to us in the blink of an eye. Allahu Akbar. Allahu Akbar. Al Azamatu Lillah. Allah Allah. Allahu Akbar Wa liLlahil Hamd.
What are we? We are the Nation of the Messenger of Greatness who is endowed with the secret of the Universe. If he says Be! then it will come to be. If he says Be! it comes to be, from the Power of our Prophet. This we can say. Allahu Akbar ul-Akbar. O Shah-i Mardan! O lion of the arenas! You are the Secret of the Beloved . The secret in you is one part of what the Beloved of Allah has bestowed upon you, that ocean is the Messenger of Greatness. The Messenger of Greatness was given a tiny morsel of the dominion of Allah - Jalla Jalaluhu - More than that he could not bear. Say: Allahu Akbar Allahu Akbar Allahu Akbar! La ilaha ill'Allah Hu, Allahu Akbar Allahu Akbar WaliLlahil Hamd.
O lovers of Shah-i Mardan! How awe-inspiring you are! Awe, even with great awe you cannot look Shah Mardan in the face, it is not possible. If only one bit of his power were to reach to us, all of creation would be burnt up. Shah-i Mardan, Lion of the arenas, Ali ibn Abu Talib, the cousin of our Holy Prophet (sas). Allahu Akbar. The possessor of Dhul Fiqqar. The sword in his hand is Dhul Fiqqar. With one stroke he could cleave the world in two like a melon. Let us say Bismillahir rahmanir rahim. For the servants of Allah Almighty it is the greatest favour to mention the Divine Name, to speak Bismillahir rahmanir rahim. Therefore the Prophet (sas) was ordered "Iqra bismi Rabbika" (96:1) "Begin with the Basmala, begin in the Name of your Lord". The Basmala that he was given, was given to no one else. He says Bismillahir rahmanir rahim, but the Basmala of all creation is submerged within that ocean. That highly-honoured Basmala gives us eminence. The highly-honoured Basmala exalts mankind. Man finds his perfection through Bismillahir rahmanir rahim. The Universe is maintained through Bismillahir rahmanir rahim.
O Shah-i Mardan, be pleased to come to your lovers, to your loving friends! A lion keeps company with other lions. Nobody wishes to the keep the company of cats. That lion possesses

majesty. Once a lion saw a cat. He looked at him and said: "You look like me, but why are you so tiny?" He said: "I fell into the hands of men, therefore I am so small." The cats complained to the lion. Why are you so small? Because of what man did to me. The cat falls into the hands of the sons of Adam, but the lion is not like the cat. The lion is a lion. Among men are those who have the qualities of the lion and those who have the qualities of the cat. There are also those who have qualities of a mouse. Man tashabbaha bi qawmin fa-huwa minhum... Whatever a man resembles, he will belong to that kind. Shah-i Mardan is the Shah, the Sultan of the arenas. Let us engage in action, let us follow him. Manliness, courage is his basic characteristic.
Shah-i Mardan Sayyidna Ali is the lion of Allah. Let man liken himself to something. There is the lion, there is the cat, and there is the mouse. Man must look: if he wishes, he will have the quality of the lion; if he wishes, he is given the qualities of the cat; or if he wishes he can stay like the mouse, like the rat. While you could be a lion, why do you chose to be a rat? Set out on your way. Undergo the training of Shah-i Mardan. Undertake it, so that you might be robed with the dignity that you deserve. By the side of Shah-i Mardan no foolish person may walk. For when Shah-i Mardan strikes a blow with his sword Dhul Fiqqar he cleaves the world as if it were a watermelon. Such a powerful hand has he, Shah-i Mardan And the others, what do they hold in their hand? A tiny little penknife. They struggle with a penknife, but nothing can be done with that.

Enter into the way of Shah-i Mardan that you may be given power. So that when you strike a blow, you may cleave the world apart! If you strike one strike, Shah-i Mardan strikes a thousand. When he calls out: "Bismillahi Ya Allah! I strike for the sake of the King of Prophets, Allah's Beloved" he will split the universe in two. This you must know! How lovely! O Lord, give us endurance, and strength, for we are weak. This we want to hear. While the way of lionhood is open, is he of sound mind who becomes a fox, a jackal, a wolf, a hyena or a bear? The way of Shah-i Mardan is Bismillahir rahmanir rahim.
O lovers of Shah-i Mardan! This is our association. Speak, it does not end, it does not run out. Therefore our way is the Naqshbandi way. The other tariqas are the same. They are all based on the saying of Shah Naqshband: "Tariqatuna as-sohba" - Our way is the way of association. Let us train in it. Let us embark on the lion road, so that we might not remain mice. Let us be as

lions. What are tariqas there for? To robe man in his dignity What a lovely word. Man is the most awesome creature in all creation. The tariqas are there for to dress his dignity with dignity. At first he is a simple man, and he is made into a lion. A weak servant is made into a Sultan. What is the way to become a Sultan? Which road do you set out on? On the road of association, on the way of counsel. You follow the road of tariqa, it leads you to a sultanate. They don't waste a glance on the trash of this world.

O Shah-i Mardan, marhaba, welcome! Bestow on us a glance, May our weakness be taken from us so that we might be useful for service. I have created My servant so that he might serve Me! Wa Ma Khalaqtu l-Jinna Wa l-Insa Illa Liya`budun (51:56) I have created all creation so that it might serve Me; so that mankind and Jinn might be My servants. The least of My servants will be given the power of seven kings by his Lord, seven sultanates. No one knows the limit of the kingdoms granted by Allah. O my Lord, we are weak. Li-kulli shay'in Ajala. An appointed hour for everything. Everyone has been appointed a time to appear in this world. There is an appointed time for all. Now the appointed time for the world itself is slowly drawing to an end. Allah Almighty says: Iqtarabatu s-sa'at (54:1) The Last Day has drawn near. When it is fulfilled they will be gathered: The good to a good place, the corrupt to a corrupt place. The people living in this world.

Marhaba, o Shah-i Mardan. Marhaba, o lovers of Shah-i Mardan. How lovely! May Light descend upon us. May joy come to our hearts, may power come to our faith. May our love grow stronger. Do you want this? Say Bismillahir rahmanir rahim. The son of man, Allahu Akbar, is highly honoured. But Shaytan, may that which he deserves come upon him, may Allah give him what he deserves, we say. He tries to bring down to zero the honour of mankind. Shaytan is jealous to the highest degree of all jealousy. And with this anger within him he infects ignorant people; he passes it to them like a graft. Jealousy, and one person makes another jealous. The mother of all badness comes from jealousy. Adam's (as) expulsion from paradise came from shaytan's jealousy, he was jealous of Adam (as) He struggled until he got him thrown out of Paradise. The station of Adam (as) is Paradise, not this world. Out of jealousy he devised such a plot, that in the end Allah, the Absolute Lord of Paradise, said: "Go Adam, with Hawwa, the earth is your home."

The earth is dark. Driven from Paradise, shaytan established himself on earth. Here they come,

now I will avenge myself on them! With what did he confuse people, bring them low? With jealousy, he plunged them into darkness. What drives all people today, the starting point is jealousy. The Russians are jealous of the Americans. Persians are jealous of Turks, Indians of Chinese. China is jealous of Japan. Whites are jealous of blacks and blacks of whites. There is no worse quality than jealousy that kills humanity and brings disaster upon them. All of man's suffering is a result of the scourge of jealousy. It poisons the lives of men. Now Shaytan is dancing, "I have disgraced the son of man. I have completely destroyed his peace and happiness." Shaytan is wild with joy, while people slaughter each other. What is this? The world is neither yours nor mine.

Go down to earth, said Allah Almighty. I have there assigned to you a life for a time. Who asks for Me will find Paradise; who forgets Me shall go to Hell. That's how it is. Today's world is in the vise of jealousy being mangled in its grip. Everyone is jealous of everyone else. Were there no jealousy, there would be no Hell. Jealousy disgraces people. Jealousy turns a good life into a living Hell. What will you say, here is the training of Shah-i Mardan . Don't be jealous! The world is neither yours nor mine. We will be in this world only for 3 or 5 days. Don't fight over it! If the man sitting at the train station picks a fight with another man, saying, "Get lost, this place is mine" - is he of sound mind? The train is coming, you will board it, and it takes you away. What can you do? No, this is my place. But the train came, you are going, leaving all this behind. Even so, it is mine, and I will smash his head. Don't be jealous! Hell is for the jealous ones, Paradise for those who are not jealous.

O our Lord, for the honour of Bismillahir rahmanir rahim. For the honour of Shah-i Mardan, and for the honour of Your chosen Beloved, protect us from the evil of shaytan and from the evil of his followers and from jealous people. Let us lead our lives for Your sake, o our Lord! To be Your servants. Say: O lovers of Shah-i Mardan Bismillahir rahmanir rahim. This is what will save humanity. If not, shaytan will ruin their souls. What does he inspires in them? Aha, he sings & plays to make you dance and hop. Shaytan inspires no mercy in man. He inspires cursings. His curses should be on his own head! Because of their jealousy, people follow shaytan. With jealousy he drives people wild. Leave your jealousy, lead an untroubled life! Leave off jealousy, so the gates of heaven open for you. Otherwise your world will be hell, and your afterlife even worse.

O our Lord, accept us to be Your servants! We wish for a leader. O Lord, send us a sultan who

will show us our way! We live in a time when up is down, and down is up. O Lord, send us a Sultan who will set everything in its rightful place with justice, Divine Justice! Who holds Dhul Fiqqar and says Bismillahir rahmanir rahim. O our Lord! Forgive us, for the honour of the most dearly Beloved! We implore you, o Lord, we are so weak. We live for Your service, but by the scourge of jealousy the world got entangled in strife; all became upside down. Stay away from envy, says the Holy Prophet (sas): "Tahabbu Wa la tahassadu." Yes? Love one another, do not envy each other, he says. All the prophets have preached this. But instead the whole world listens to shaytan and not to the prophets. And they have fallen into a cauldron of troubles, and cannot be saved.

Ya Gharatullah, make haste, O our Lord.... O our Lord, send us a Sultan who will lead us along the straight path, who will dress on us the honour of servanthood, o Allah. Tauba, ya Rabbi, tauba ya Rabbi, tauba, istaghfirullah. This matter would not come to an end, even if we spoke on it not for 24 hours but for 24 days. Let us work harder, let us be fighters in the way of Allah. Let us assemble on the wrestling ground of Shah-i Mardan Brave men have no jealousy. O our Lord, forgive us, and give us strength and health of body and mind. Let us live for You, o our Lord, not for anything else. Woe to those who are forgetful of the service of Allah Almighty; who pursue this worthless world. Shame on them! Make our faces look more lovely, and give strength to our bodies! May our sufferings be taken from us and no illness remain. Make there be light on our faces and gladness in our hearts, o Lord!

Let us say: Bismillahir rahmanir rahim. O Shah-i Mardan Salams to you from him, upon whom be peace and blessings. May those allied to you be in safety. Bismillahir rahmanir rahim. Bismillahi lladhi la yadurru ma,Äòa ismihi shay'un wa Huwa s-Sami,Äòu l-Alim. al-Fatiha. Allahu Akbar.

## Der Weg der Löwen

---

Dastur ya Shah Mardan. O Löwe der Kampfstätten, Shah Mardan, Dastur! O Liebende Shah Mardans, o Liebende Shah Mardans. Sagen wir Bismillahi r-Rahmani r-Rahim. Wie herrlich, wie

herrlich. Die Macht, die uns vorwärtstreibt von Vorewigkeit bis Nachewigkeit, ist Bismillahi r-Rahmani r-Rahim. Wie herrlich! O Herr, gewähre uns Gesundheit von Körper und Geist! O Herr, bekleide uns mit guten Zuständen und laß unsere Bedingungen gut sein. Möge unser Aussehen anziehend sein, so daß wer immer uns sieht, sagt: Masha'Allah, was für ein reines Gesicht hat er, was für eine prachtvolle Person! Das geschieht. Für den, der das will, kann es geschehen. Aber keiner will es. Wenn Er will, gewährt Er auch Schönheit für die äußere Erscheinung, so wie Er Schönheit seines geistigen Seins gewährt. Madad ya Sahibu l-Maydan, laß Shah Mardan uns Unterstützung sein. Laß ihn Hilfe für uns sein. Wenn deine Hilfe zu uns kommt, spaltet dein Schwert, o Shah Mardan, die Welt in zwei Teile, wie eine Wassermelone. Wisset das! Kennt die Kämpfer für Allah! Wir können die Macht des Prinzen der Schöpfung nicht ausdrücken. Wir können es in keiner Weise ausdrücken. Der Prinz der Schöpfung, für Mein Eigenes Selbst habe ich ihn geschaffen. Wer immer Mein Grundlegendes Wesen zu sehen wünscht, wird es in dir sehen. Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd.

Wie schön, wie herrlich ist das! Wir sind gut aufgewacht, unser Herr hat uns damit geschmückt. Die Freundlichkeit und Fürsprache unseres heiligen Propheten (saws) kam zu unserer Hilfe. Wir standen zum Morgengebet auf und beugten uns vor unserem Herrn. Dank sei Allah dafür, uns Seine Wohltaten zu gewähren. Er erlaubte es uns, uns vor Ihm in Niederwerfung zu beugen. Sie wecken dich mit dem muslimischen Gebetsruf. Erhebt euch! Steht auf! Er hat euch nicht dazu geschaffen, im Bett zu liegen, Allah, der Schöpfer. Der Herr der Welten machte euch nicht, um im Bett zu liegen. Steht auf! Verneigt euch vor euerem Herrn! Steht vor Seinem Göttlichen Gerichtshof! O, und was für ein Hof das ist! Allahu Akbaru l-Akbar! O Herr, sende uns Deine besonderen Diener, um uns Deinen Weg entlang zu leiten. Ich habe sie gesandt, Shah Mardan ist einer von ihnen. Wer an den Versammlungen Shah Mardans teilnimmt, wird den Weg finden. Wenn er von der Erde zum Himmel aufschaut, mag er sagen: 100 Lichtjahre oder 1000 Lichtjahre nach menschlicher Schätzung, dieser sogenannten Menschen, oder eine Entfernung von 100.000 Lichtjahren, sagt er. Die Sterne haben ihr eigenes Maß. Diese Millionen von Jahren für dieses Licht von einer Million Jahren, um zu uns zu gelangen, sagt er. Für das Licht, von einer Entfernung von einer Billion Jahren uns zu erreichen, braucht Zeit. Die Entfernung von einer Billion Jahren bringt Er zu uns in einem Augenblick. Allahu Akbar. Allahu Akbar. Al Azamatu Lillah. Allah Allah. Allahu Akbar wa Lillahi l-Hamd.

Was sind wir? Wir sind die Nation des Großen Gesandten, der mit dem Geheimnis des Universums ausgestattet ist. Wenn er sagt 'Sei!', dann kommt es ins Sein. Wenn er sagt 'Sei!', kommt es ins Sein von der Macht unseres Propheten. Das können wir sagen. Allahu Akbaru l-Akbar. O Shah Mardan! O Löwe der Kampfstätten! Du bist das Geheimnis des Geliebten. Das Geheimnis in dir ist ein Teil dessen, was der Geliebte Allahs dir beigegeben hat. Dieser Ozean ist der Gesandte der Größe. Dem Gesandten der Größe wurde ein winziges Stück der Herrschaftsbereiche Allahs, Jalla Jalaluhu, gegeben. Mehr als das konnte er nicht tragen. Sagt: Allahu Akbar, Allahu Akbar, Allahu Akbar! La ilaha illa Allah Hu, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. O Liebende Shah Mardans! Wie ehrfurchtgebietend bist du! Ehrfurcht, selbst mit großer Ehrfurcht kannst du Shah Mardan nicht ins Gesicht sehen. Es ist nicht möglich. Wenn auch nur ein wenig seiner Macht uns erreichte, würde die gesamte Schöpfung verbrennen. Shah Mardan, der Löwe der Kampfstätten, Ali ibn Abi Talib, der Cousin unseres heiligen Propheten (saws). Allahu Akbar. Der Besitzer von Dhu l-Fiqqar. Das Schwert in seiner Hand ist Dhu l-Fiqqar. Mit einem Streich könnte er die Welt in zwei Teile spalten wie eine Melone.
Sagen wir: Bismillahi r-Rahmani r-Rahim. Für die Diener Allahs des Allmächtigen ist es die größte Wohltat, den Göttlichen Namen auszusprechen, zu sagen Bismillahi r-Rahmani r-Rahim. Deshalb wurde dem Propheten (saws) befohlen, "Iqra Bismi Rabbika" (96:1). Beginne mit der Basmala, beginne im Namen deines Herrn. Die Basmala, die ihm gegeben wurde, wurde niemand anderem gegeben. Er sagt Bismillahi r-Rahmani r-Rahim, aber die Basmala der ganzen Schöpfung ist in diesem Ozean untergetaucht. Diese hochgeehrte Basmala gibt uns eine hohe Stellung. Die hochgeehrte Basmala hebt die Menschheit hervor. Der Mensch findet seine Vollkommenheit im Bismillahi r-Rahmani r-Rahim. Das Universum wird aufrechterhalten durch Bismillahi r-Rahmani r-Rahim. O Shah Mardan, sei zufrieden damit, zu deinen Liebenden, zu deinen liebenden Freunden zu kommen. Ein Löwe verkehrt mit anderen Löwen. Niemand wünscht sich, mit Katzen zu verkehren. Dieser Löwe besitzt Majestät. Einmal sah ein Löwe eine Katze. Er sah sie an und sagte: 'Du siehst wie ich aus, aber warum bist du so klein?' Sie sagte: 'Ich fiel in die Hände der Menschen, deshalb bin ich so klein.' Die Katzen beschwerten sich beim Löwen. Warum bist du so klein? Wegen dem, was der Mensch mit antat. Die Katze fällt in die Hände der Söhne Adams, aber der Löwe ist nicht wie die Katze. Der Löwe ist ein Löwe.

Unter den Menschen sind jene, die die Eigenschaften des Löwen haben, und jene, die die Eigenschaften der Katze haben. Es gibt auch solche, die die Eigenschaften einer Maus haben. "Man Tashabbaha bi Qawmin Fahuwa Minhum". Wem immer ein Mensch ähnelt, zu der Art gehört er. Shah Mardan ist der Shah, der Sultan der Kampfstätten. Schreiten wir zur Tat, folgen wir ihm! Männlichkeit, Mut sind seine Haupteigenschaften. Shah Mardan, Sayyidina Ali ist der Löwe Allahs. Der Mensch vergleiche sich mit etwas. Es gibt den Löwen, es gibt die Katze, und es gibt die Maus. Der Mensch muß gucken: Wenn er will, hat er die Eigenschaft des Löwen, wenn er will, werden ihm die Eigenschaften der Katze gegeben, oder wenn er will, kann er wie die Maus bleiben, wie die Ratte. Wenn du ein Löwe sein kannst, warum wählst du, eine Ratte zu sein? Mach dich auf den Weg. Unterziehe dich der Ausbildung Shah Mardans. Unternimm es, so daß du mit der Würde, die du verdienst, bekleidet werden kannst. An der Seite Shah Mardans können keine Narren gehen. Denn wenn Shah Mardan einen Schlag mit seinem Schwert Dhu l-Fiqqar tut, spaltet er die Welt, als wäre sie eine Wassermelone. So eine machtvolle Hand hat er, Shah Mardan. Und die anderen, was halten sie in der Hand? Ein winzig kleines Taschenmesser. Sie kämpfen mit einem Taschenmesser, aber nichts kann damit erreicht werden.
Tritt ein auf den Weg Shah Mardans, damit dir Macht gegeben wird. So daß du, wenn du einen Schlag tust, die Welt auseinander spaltest. Wenn du einen Schlag tust, macht Shah Mardan eintausend. Wenn er ausruft, 'Bismillahi ya Allah! Ich schlage um des Königs der Propheten, Allahs Geliebten willen!', wird er das Universum in zwei Teile spalten. Das mußt du wissen. Wie herrlich! O Herr, gib uns Standhaftigkeit und Stärke, denn wir sind schwach. Das wollen wir hören. Während der Weg zum Löwentum offen ist, ist der bei klarem Verstand, der ein Fuchs, ein Schakal, ein Wolf, eine Hyäne oder ein Bär wird? Der Weg Shah Mardans ist Bismillahi r-Rahmani r-Rahim. O Liebende Shah Mardans! Das ist unsere Versammlung. Sprecht, es hat keine Ende, es läuft nicht aus. Deshalb ist unser Weg der Naqshbandiweg. Die anderen Tariqats sind genauso. Sie gründen alle auf dem Ausspruch Shah Naqshbands: "Tariqatuna s-Sohbah" - Unser Weg ist der Weg der Versammlung. Üben wir uns darin. Machen wir uns auf die Löwenstraße, so daß wir keine Mäuse bleiben. Laßt uns Löwen sein. Wozu sind die Tariqats da? Um den Menschen mit seiner Würde zu bekleiden. Was für ein herrliches Wort! Der Mensch ist das ehrfurchtgebietendste Geschöpf der ganzen Schöpfung. Die Tariqats sind dazu da, ihn mit Würde über Würde zu bekleiden. Zuerst ist er ein einfacher Mensch, und er wird zu einem

Löwen gemacht. Ein schwacher Diener wird zu einem Sultan gemacht.
Was ist der Weg, um Sultan zu werden? Auf welche Straße ziehst du hinaus? Auf die Straße der Versammlung, auf den Weg der Beratung. Du folgst dem Weg der Tariqat. Er führt dich zu einem Sultanat. Sie verschwenden keinen Blick auf den Müll dieser Welt. O Shah Mardan, Marhaba, Willkommen! Laß uns einen Blick zuteil werden. Möge unsere Schwäche von uns genommen werden, so daß wir zum Dienst taugen mögen. Ich habe Meinen Diener geschaffen, damit er Mir dient. Wa Ma Khalaqtu l-Jinna wa l-Insa illa Liya`budun" (51:56). Ich habe die gesamte Schöpfung geschaffen, damit sie Mir diene, damit die Menschheit und die Djinn Meine Diener seien. Dem geringsten Meiner Diener wird die Macht von 7 Königen von seinem Herrn gegeben, 7 Sultanate. Niemand kennt die Grenzen der Königreiche, gewährt von Allah. O mein Herr, wir sind schwach. Li Kulli Shay'in Ajala. Eine festgesetzte Stunde für alles. Jedem ist eine Zeit zugewiesen worden, um auf dieser Welt zu erscheinen. Es gibt eine festgesetzte Zeit für alles. Jetzt kommt die für die Welt festgesetzte Zeit langsam zu einem Ende. Allah der Allmächtige (swt) sagt: "Iqtarabatu s-Sa`at" (54:1). Der Letzte Tag ist nah. Wenn es erfüllt ist, werden sie versammelt. Die Guten an einem guten Ort, die verderbten an einem verderbten Ort, die Menschen, die in dieser Welt leben.
Marhaba, o Shah Mardan. Marhaba, o Liebende Shah Mardans. Wie herrlich! Möge Licht auf uns herabkommen. Möge Freude in unsere Herzen kommen. Möge Macht zu unserem Glauben kommen. Möge unsere Liebe stärker werden. Wollt ihr das? Sagt Bismillahi r-Rahmani r-Rahim. Der Sohn des Menschen, Allahu Akbar, ist hoch geehrt. Aber Shaytan, möge das, was er verdient, auf ihn herabkommen, möge Allah (swt) ihm geben, was er verdient, sagen wir. Er versucht, die Ehre der Menschheit auf den Nullpunkt herabzubringen. Shaytan ist eifersüchtig im höchsten Grad aller Eifersucht. Und mit dem Ärger in ihm steckt er unwissende Leute an. Er überträgt es ihnen wie ein Transplantat. Eifersucht. Und einer macht einen anderen eifersüchtig. Die Mutter aller Schlechtigkeit kommt von Eifersucht. Adams (as) Verstoß aus dem Paradies kam von Shaytans Eifersucht. Er war eifersüchtig auf Adam (as). Er mühte sich, bis er erreichte, daß er aus dem Paradies hinausgeworfen wurde. Die Station Adams (as) ist das Paradies, nicht diese Welt. Aus Eifersucht ersann er solchen Plan, daß am Ende Allah, der Absolute Herr des Paradieses, sagte: Geh, Adam, mit Hawwa. Die Erde ist euere Heimat. Die Erde ist dunkel. Aus dem Paradies vertrieben, setzte Shaytan sich auf der Erde fest. Hier kommen sie, jetzt werde ich

mich an ihnen rächen! Womit verwirrte er die Menschen, brachte sie herunter? Mit Eifersucht stürzte er sie in Dunkelheit.

Was alle Menschen heute treibt, der Ausgangspunkt ist Eifersucht. Die Russen sind eifersüchtig auf die Amerikaner. Die Perser sind eifersüchtig auf die Türken, die Inder auf die Chinesen. China ist eifersüchtig auf Japan. Weiße sind eifersüchtig auf Schwarze und Schwarze auf Weiße. Es gibt keine schlechtere Eigenschaft als Eifersucht, die die Menschheit tötet und Unheil über sie bringt. Alles menschliche Leid ist das Ergebnis der Geißel der Eifersucht. Sie vergiftet das Leben der Menschen. Jetzt tanzt Shaytan: Ich habe Schande über den Sohn des Menschen gebracht! Ich habe seinen Frieden und sein Glück vollkommen zerstört. Shaytan ist wild vor Freude, während die Menschen sich abschlachten. Was ist das? Die Welt gehört weder dir noch mir. Geht auf die Erde hinab, sagte Allah der Allmächtige. Ich habe euch dort ein Leben zugewiesen für eine Zeit. Wer nach Mir verlangt, wird das Paradies finden. Wer Mich vergißt, geht in die Hölle. So ist es. Die heutige Welt ist im Schraubstock der Eifersucht und wird in ihrem Griff zugerichtet. Jeder ist eifersüchtig auf jeden anderen. Gäbe es keine Eifersucht, würde es keine Hölle geben. Eifersucht bringt Schande auf Menschen. Eifersucht macht aus einem guten Leben eine lebendige Hölle. Was wirst du sagen, hier ist die Ausbildung Shah Mardans. Sei nicht eifersüchtig! Die Welt ist weder dein, noch mein. Wir sind in dieser Welt nur 3 oder 5 Tage. Kämpft nicht darum! Wenn ein Mann, der am Bahnhof sitzt, einen Streit mit einem anderen Mann provoziert und sagt, 'Hau ab, das ist mein Platz!', ist er noch bei Verstand? Der Zug kommt, du steigst ein, und er nimmt dich weg. Was kannst du tun? Nein, das ist mein Platz. Aber der Zug kommt, du gehst, läßt alles hinter dir. Trotzdem, er ist mein, und ich zerschmettere seinen Kopf. Seid nicht eifersüchtig. Die Hölle ist für die Eifersüchtigen, das Paradies für jene, die nicht eifersüchtig sind.

O unser Herr, zu Ehren des Bismillahi r-Rahmani r-Rahims, zu Ehren Shah Mardans und zu Ehren Deines erwählten Geliebten, schütze uns vor dem Bösen Shaytans und vor dem Bösen seiner Anhänger und vor der Eifersucht der Menschen. Laß uns unser Leben um Deinetwillen führen, o unser Herr, um Deine Diener zu sein. Sagt: O Liebende Shah Mardans, Bismillahi r Rahmani r-Rahim. Das ist, was die Menschheit retten wird. Sonst wird Shaytan ihre Seelen ruinieren. Was rührt er in ihnen an? Aha, er singt und spielt, um euch tanzen und hüpfen zu lassen. Shaytan regt keine Gnade im Menschen an. Er regt Flüche an. Seine Flüche sollten auf

seinem eigenen Kopf sein. Wegen ihrer Eifersucht folgen die Menschen Shaytan. Mit Eifersucht treibt ihr die Menschen zum Wahnsinn. Laßt euere Eifersucht, führt ein unbeschwertes Leben! Laßt ab von euerer Eifersucht, damit sich die Tore der Himmel für euch öffnen Sonst wird die Welt für euch die Hölle sein und das Leben danach noch schlimmer. O unser Herr, nimm uns als Deine Diener an. Wir wünschen uns einen Führer. O Herr, sende uns einen Sultan, der uns unseren Weg zeigt! Wir leben in einer Zeit, wo oben unten und unten oben ist. O Herr, sende uns einen Sultan, der alle an seinen rechten Platz stellen wird mit Gerechtigkeit, Göttlicher Gerechtigkeit. Wer Dhu l-Fiqqar hält und sagt Bismillahi r-Rahmani r-Rahim. O unser Herr, vergib uns, zu Ehren des teuer Geliebten, wir flehen Dich an, o Herr. Wir sind so schwach. Wir leben für Deinen Dienst, aber durch die Geißel der Eifersucht verfing sich die Welt in Konflikt, wurde alles auf den Kopf gestellt.

Haltet euch fern von Neid, sagt der heilige Prophet (saws). "Tahabbu wa la Tahassadu". Ja? Liebt einander, beneidet einander nicht, sagt er. Alle Propheten haben das gepredigt. Aber stattdessen hört die ganze Welt auf Shaytan und nicht auf die Propheten. Und sie sind in einen Kessel von Problemen gefallen und können nicht gerettet werden. Ya Gharatullah, eilt euch. O unser Herr, o unser Herr, sende uns einen Sultan, der uns auf den geraden Weg führt, der uns mit der Ehre der Dienerschaft bekleidet, o Allah. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Diese Angelegenheit würde nicht zum Ende kommen, selbst wenn wir nicht 24 Stunden, sondern 24 Tage lang sprächen. Laßt uns härter arbeiten, laßt uns Kämpfer auf dem Weg Allahs sein. Versammeln wir uns auf dem Ringerplatz Shah Mardans. Tapfere Männer haben keine Eifersucht. Unser Herr, vergib uns und gib uns Kraft und Gesundheit von Körper und Geist. Laß uns für Dich leben, o unser Herr, nicht für irgendetwas anderes. Wehe denen, die den Dienst für Allah den Allmächtigen vergessen, die die wertlose Welt verfolgen. Schande auf sie. Laß unsere Gesichter lieblicher aussehen und gib unseren Körpern Stärke. Mögen unsere Leiden von uns genommen werden und keine Krankheit bleiben. Bring Licht auf unsere Gesichter und Fröhlichkeit in unsere Herzen, o Herr. Sagen wir Bismillahi r-Rahmani r-Rahim. O Shah Mardan, Salams für euch von ihm, auf dem Frieden und Segnungen seien. Mögen jene, die mit dir verbündet sind, in Sicherheit sein. Bismillahi r-Rahmani r-Rahim. Bismillahi Lladhi la Yadurru ma`a Ismihi Shay'un wa Huwa s-Sami'u l-`Alim. Al Fatiha. Allahu Akbar.

# The Way Out

Audhu Billahi min al shaytan al rajim, Bismillahi r-Rahmani r-Rahim. Welcome to you. You came with goodness - from Turkey. Before they wouldn't call it Turkey, the Ottomans. We were the Ottomans. "We are the Ottomans & very glorious". We can't say now "We are from Turkey & very glorious". The Ottomans were really glorious. Glorious, Dawlat Al-'Aliyya Al-'Uthmaniyya. We were held in high esteem. Now.. Therefore it came to my heart to say a few words, about what Turks should do.

Audhu Billahi min al shaytan al rajim. May Allah protect us from following shaytan. It is shaytan who led all the nations to trouble. And whole nations think of shaytan as munji, as saviour. People say that "Shaytan's way will save us" however shaytan threw these people in the middle of trouble, in the middle of the fire. They are puzzled- they don't know which direction they should go or what they should do because shaytan first shows a way, then says "no, this is no good", then shows another way, again says "no good". So he made all nations confused and agitated. Therefore he left neither the Muslim nor the Christian World, made all of them upside down & messed up. People don't know how they can be saved.

Allahu Akbar Allahu Akbar. Allahu Akbar wa Lilllah al Hamd. I am standing up to glorify Allah Almighty and His Prophet (sas), the Master of the Creation, Sayyidina Muhammad (sas). I am also standing up to glorify his name. I don't have strength to stand up each time so I do at least for the 1st time.. Audhu Billahi min al shaytan al rajim, Bismillahi r-Rahmani r-Rahim. Audhu Billahi min al shaytan al rajim, Bismillahi r-Rahmani r-Rahim. "Idha ra'aytum"...Come!

"Hawan muttaba'" "When you see stinginess being obeyed, desires being followed & each person

being deluded by his own opinions, then leave the common people & take care of yourself." This is a Hadith of the Prophet (sas). There will come a time, at that time you will see that Idha ra'aytum hawan muttaba- when everyone follows their own desires, shuhhan muta'an - stinginess reaches it's height and no one who gives for charity will remain. Shuhhan muta'an - for their own ego & hawan muttaba - there will come such a time when everyone follows their own desires. "wa -i 'jaha kulli insanin dhi ra'yihi" Everyone will claim that "my thought, my idea, my opinion is the best".

It says "At that time don't remain among the people anymore. Retreat, leave. You can't explain anything to the people at that time. No one understands. No one will listen to another. "Then leave the common people & take care of yourself", Look to controlling your own ego. Control your ego as much as you can & as much as you know how. The ego now is in the form of a wild, furious beast. It is an animal. It wants to make you do as it wants. The trouble from which whole world suffers is because they strive to satisfy their own egos. Everybody wants to satisfy his own ego. They say "this law, that law, this constitution..." Ya Hu, who makes the constitution- the shepherd or the cattle?

We are a nation. We are the nation of Muhammad (sas). We have our religion. What our religion brought, taught the people law and order, which will teach them humanity so that everybody takes comfort with it. Everybody finds what his right is & knows his limit also. It teaches him his limit "your limit is up to here. Your right is this much". It shows this, our religion.

Our religion is the religion of Islam. It covered the world. Maybe there are 5 billion Muslims in the world. They say "We are Muslims" but they don't keep the Order of Allah. Again they think that salvation will come from what the enemies of Islam, the unbelievers, made up & they hope help from it. How is this? Allah showed you a way. The Great & Glorious Book, Holy Quran came. "Tibyanaan Likulli Shay'in" (16:89) It shows everything in the best way. There is no matter that concerns mankind whose answer is not there. Or there is no problem whose solution is not in the Great & Glorious Quran. The Holy Quran & our glorious Prophet (sas) showed it fully with his Hadith. And for 1500 years, the enlightened Shari'at ul-Ahmadiyya has not lost its power because justice is it's foundation.

This dangerous situation that the world of Islam has fallen into today is because they don't keep the orders Allah sent. Look, the Shari'at Allah sent stands for 1500 years. Why don't you use it? If a doctor gives you a medicine & says "this is your cure" and you are stubborn and do not take it, can you heal? No, you can't. The danger that the Islamic world has fallen into, is like this. The first order in the Great & Glorious Quran & Islamic Shari'ah is that you must have only one Imam. There must be one person who will be the ruler & leader, it says. When that person passes away, to put a new Imam is the first obligation. And it is wajib for the whole ummah to pledge allegiance to that Sultan. Who is left outside of this, is out of the limits of Islam.

There are 2 billion Muslims here. They have no head. What value does it have with no head? The unbeliever is crushing us. The tyrants are destroying us. May they, themselves be destroyed. We are the Turkish nation, this is our nation. Allah Almighty sent our ancestors from Bukhara, from the Turkic states to this side so that we hold the flag of Islam, destroy unbelief. So that we declare the Haqq religion & overpower who doesn't accept. We are the sons of Ertugrul, the sons of Osman Gazi. Our duty is to destroy unbelief, is to raise the flag of Islam. We have no other aim- I'laa Kalimatullah/Raising the Word of Allah. Fatih (Sultan Mehmed) has such a couplet. "My intention is to declare the religion of Islam" he says. They marched for this. And Allah Almighty helped them. Where they marched they expanded. Its reason is that they respected the Great & Glorious Quran. There are long stories about this. Our historians know but don't say. And this word of ours may get long but we may sum it up.

Today the world is in the middle of a dangerous situation which is impossible to get out of. And one of those who got stuck in it is the Republic of Turkey. The Turkish Republic is also seeking its salvation in the made-up things the Christian World invented. We sought.. and now it is sinking. The Christian World, they have no Shari'ah. Prophet Jesus did not bring a Shari'ah. There is the Shari'ah of Prophet Moses, they would rule with it. Because of the conflict between them, they put made up things. SubhanAllah Al Aliyyil al Azim. What happened to us? We were the most powerful state that ruled the world, Dawlat Al-'Aliyya Al-'Uthmaniyya.

O Turkish citizens, O you who rule Turkey,I may tell you one thing. Look to who makes me

speak. One Sultan, who you threw out with all kind of accusations & still you accuse him, that single man alone was Sultan Abdul Hamid Han, may paradise be his abode. One man alone, pay attention. On his own, for 40 years he ruled a country of 10 million square km with justice - on his own for 40 years. They may say in the name of Allah, did he or did he not? In the end they had him dethroned by Jews, with Karasu & Salonica converts who came & said to the Sultan "the people don't want you". And they dethroned him. They may not want, Ok. But if he had wanted, he could have captured those people coming to him. But he knew "'Innahu Hamidun Majid" (11:73). The Caliphate ends in the "Hamidun Majid" so he didn't object. He said "Ok, if people don't want me I leave. I leave it to the people". They captured Sultan Hamid, who was such a Sultan that he is a symbol of justice. He alone ruled an empire, the Ottoman empire of 10 million sq km for 40 years. He ruled with justice & everybody had gold in his pocket. He said "Ok".

They made him get on a train in Istanbul-the Salonica converts, the Bulgarian gypsies & some other shaytans. And they didn't leave him in Istanbul. They took him to Salonica to insult him. When he got off the train, the cursed ones there came & called him "corporal Hamid". Such a great Sultan, they called "the corporal Hamid". The Sultan took out his handkerchief (tore it apart) & said "May Allah make you like this. May you become like this". Have they become like this? They have. Does this nation know these things? No, they don't. Today there are 80 million people. It is uncertain who rules whom. It is uncertain who leads whom.

"Constitution.." You have no right to make a constitution. You have no right to make any constitution. You gathered these assemblies, based upon what? You dethroned the Sultan. What have you done? You have become millions of people. What have you accomplished? Which one of you could do what one man alone did? What has this state of yours done in this last 80 years? What did it give to the people? What honour did it bring? Did we get rich? Did we get religious? Did we get more powerful? Did we get more respectable? Who is respecting us? We are asking help from other people. Shame on them. Still, still.. What is destined in Heavens for it, is "this is the land of Ottomans". No one can say "it is mine".

All the chaos is because of this, because the law of the Sultan is "ati kulli dhi haqqin haqqa". He

ruled in order to "give everyone their due rights". This is the constitution of Islam. You should give everyone their due right. And he gave, so that everybody lived proudly for 40 years. These are volumes of history. There is no one who reads or teaches. First they removed our alphabet, the Ottoman language so that this won't be known. They brought a theory called the Sun language theory & made it all messed up. Do the new generations know about this? Or does our prime minister know? Or does the foreign minister know about this? Or does the president know? How will they know? They didn't teach that they can know. And they removed the few ones who knew & we are left now like this. The captain, they threw out. The mechanic, they threw out. There is no one left to control its wheel or its compass. A huge ship, it is going around like crazy in the sea. I am saying this because it is my own nation, leave aside Europe.

Europe is also regretting. Europe today regrets that "If the Ottomans remained this corruption would not take place today. The Ottomans would control this. We destroyed & helped others destroy them and this trouble of today fell on our heads. May they suffer worse. Neither Turk recovers, nor Europe nor the Arab World recovers from this. The Arab world has also become heedless. They also did not accept the great Sultan. They also didn't claim ownership in the Caliphate. They couldn't claim when it had an owner. Still the ownership is in the hands of the Ottoman Sultans. The Prophet (sas) said "Sultan Selim will come". They don't know this. He will come. He will get out of Istanbul & come back to it as a Sultan. And he will welcome Mahdi (as). Mehdi (as) will come & be girded with a sword in Abu Ayyub Sultan's tomb. That Sultan will help him be girded with sword. Mahdi (as) will come from Sham. These are volumes but no one is aware of it.I am saying it as a summary.

I myself have no strength left, no strength left anymore. This is an amanah/trust & I am saying it to our people, to our nation, to Muslims. Europe also regrets a thousand times that "we made the Ottomans fall & whole world fell on our heads". Arabs can't pull themselves together. Europe couldn't pull themselves together either & they are not really going to. They say "We wish the Ottomans remained" You are late. That time has passed now. Is it possible to get it back? Yes, it is possible. Even if you don't do it, it is the heavenly fate that the sultan who got out of Istanbul will come back to Istanbul. It is Hadith narrated by Jami' al-Saghir. "Al Marhamatul Qubra &

the taking of Constantaniyya happens after 6 months, on the 7th the Dajjal appears." It is Hadith narrated by Jami' al-Saghir. They may look, the learned ones. They may find it & wake up.

Because our nation has an honour. They served all these years, centuries. Allah was not going to make them fall. Again this nation, the grandsons of Ottomans, will appear and they will raise the flag of Islam. Bring yourself to reason O Anatolian Muslims, O Turks. Say "We are Ottomans". There was gold in Ottoman's pocket, Sultan Hamid also & everyone had gold, silver coins in their pocket (majidiya). No one opened his hand to ask anything. Look at our situation now. Wayha, wayha, wayha, shame on you. What can we do, these generations didn't learn, they were not taught & they were made to fall in this situation. But who made us fall in this, Europe has 70 times more trouble than what came on us now. They also won't be saved without being Muslim.

Wa min Allah at-tawfiq. This is, I don't have strength. My breath permits this much. I can't take it & wanted to explain at least this much. I am a weak servant. Husein, I can't stand, I can't stand what I see, what I know.. May Allah make me reach good days. May they raise the flag of Islam. We banned the name of Islam. How can we find goodness, I don't know. O our Lord, amidduna bi madad min 'indak -support us from Yourself. For the honour of the Prophet (sas). I have declared to you. If it is wrong they may look in history. If it is a lie, they may look in history. They may call me liar. Hasha, I won't accept. Hasha.. I believe that I am saying the truth.

O my Lord, O my Lord, O my Lord, May You send us the Sahibul Zaman Mahdi (as) who will make us reach guidance. May we see the days unbelief will end. O our Lord, may You forgive us. It is not us who made this mistake, our ancestors did. Europe also got into trouble for this reason. In every meeting first the name of the Ottomans would be mentioned, then the others. His anthem would be played, then the others'. We were powerful & great like this. What have we become? What were we & what have we become? Our prime minister should also think, our bottom minister should also think, all ministers should look & think. They have no other solution, only to give the right to the rightful owner & he rules you. And this will happen.

The Arab World also followed the Europeans, they followed the jon Turks. They went into nationalist claims & got into trouble. The reason they got into these troubles is because of these

claims of nationalism. The Prophet (sas) cursed those who claim nationalism.

Astaghfirullah. Allahu Akbar Allahu Akbar Allahu Akbar wa Lillah al Hamd. You are our Qadir al Muqtadir Lord, may You send us support. May You send us a Sultan. May You save us with Mahdi (as) O Lord. O Lord, forgive us. O Lord, forgive us. O Lord, forgive us. Najjina min ma nakhaf. Najjina min ma nakhaf. O Lord, we did without knowing. Who raised us did without knowing.. Forgive us O Lord, send us the Sahib. Wa min Allah at-tawfiq, Al Fatiha.

This is an address for the Turkish nation. This is the situation of who left being Ottomans & says "we are Turks". This address is for them. Allah Allah..Tawba Ya Rabbi.. They changed everything. And Allah Almighty answered them back & made everything they have upside down. They can't find their hands, their feet & they won't be able to.. Fatiha.
We may gather. We may learn. They should declare this. I will have it declared to all of them insha Allah. Fatiha.

## Der Ausweg

---

Auhdu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Willkommen. Ihr kamt mit Gutem - aus der Türkei. Früher nannten sie es nicht Türkei, die Osmanen. Wir waren die Osmanen. 'Wir sind die Osmanen und sehr ruhmreich.' Wir können jetzt nicht sagen: 'Wir sind aus der Türkei und sehr ruhmreich.' Die Osmanen waren wirklich ruhmreich. Ruhmreich, Dawlat al-'Aliyya al-'Uthmaniyya. Wir standen in hohem Ansehen. Jetzt... Deshalb kam es in mein Herz, ein paar Worte zu sagen darüber, was die Türken tun sollten. Audhu Billahi mina sh-shaytani rrajim. Möge Allah (swt) uns davor schützen, Shaytan zu folgen. Es ist Shaytan, der alle Nationen in Schwierigkeiten führte. Und ganze Nationen halten Shaytan für "Munji", für den Retter. Die Menschen sagen: 'Shaytans Weg wird uns retten.' Obwohl Shaytan diese Menschen mitten in Schwierigkeiten warf, mitten ins Feuer. Sie sind verwirrt. Sie wissen nicht, in welche Richtung sie gehen sollen oder was sie tun sollen, weil Shaytan ihnen zuerst einen Weg zeigt, dann sagt: 'Nein, das ist nicht gut', dann ihnen einen anderen Weg zeigt, wieder sagt 'nicht gut'. Also

verwirrte und beunruhigte er alle Nationen. Deshalb ließ er weder die Muslime, noch die Christen in Ruhe, ließ sie alle Kopf stehen und verderben. Die Menschen wissen nicht, wie sie gerettet werden können.

Allahu Akbar, Allahu Akbar. Allahu Akbar wa Lillahi l-Hamd. Ich stehe auf, um Allah den Allmächtigen zu verherrlichen und Seinen Propheten (saws), den Meister der Schöpfung, Sayyidina Muhammad (saws). Ich stehe auch auf und verherrliche seinen Namen. Ich habe nicht die Kraft, jedesmal aufzustehen, also mache ich es wenigstens beim ersten Mal. Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Audhu Billahi mina sh-shaytani rrajim. Bismillahi r-Rahmani r-Rahim. "Idha ra'aytum" ... Kommt! "Hawan muttaba". 'Wenn ihr seht, daß sie dem Geiz folgen, sich ihren Begierden fügen und alle von ihren eigenen Meinungen getäuscht werden, dann laßt die gemeinen Leute und achtet auf euch selbst.' Das ist ein Hadith des Propheten (saws). Es wird eine Zeit kommen, zu der Zeit werdet ihr sehen, daß "Idha ra'aytum hawan muttaba" - wenn jeder seinen eigenen Begierden folgt, "shuhhan muta'an" - Geiz erreicht seinen Höhepunkt und niemand wird bleiben, der mildtätig ist. "Shuhhan muta'an" -für ihr eigenes Ego- und "hawan muttaba" - es wird so eine Zeit kommen, wenn jeder seinen eigenen Begierden folgt "wa -i 'jaha kulli insan dhi ra'yihi" - Jeder wird behaupten, 'mein Gedanke, meine Idee, meine Meinung ist die beste.' Es heißt, 'Zu der Zeit bleibt nicht mehr unter den Menschen. Zieht euch zurück,verlaßt sie. Ihr könnt den Leuten nichts erklären zu der Zeit. Niemand versteht. Niemand wird dem anderen zuhören. 'Dann laßt die gemeinen Leute und kümmert euch um euch selbst.' Kontrolliert euer Ego, so viel ihr könnt und so viel ihr versteht. Das Ego hat jetzt die Form eines wilden wütenden Tieres. Es ist ein Tier. Es will euch dazu bringen, das zu tun, was es will. Die Probleme, unter denen die ganze Welt leidet, kommen daher, daß sie versuchen, ihr eigenes Ego zu befriedigen. Jeder will sein eigenes Ego befriedigen. Sie sagen: dieses Gesetz, jenes Gesetz, diese Verfassung... Ya Hu, wer macht die Verfassung, der Hirte oder das Vieh?

Wir sind eine Nation. Wir sind die Nation Muhammads (saws). Wir haben unsere Religion. Was unsere Religion brachte, lehrte die Menschen Recht und Ordnung, was sie Menschlichkeit lehrte, so daß alle dadurch Trost erfuhren. Jeder findet sein Recht und weiß auch, was seine Grenzen

sind. Sie lehrt ihn seine Grenzen: 'Deine Grenze geht bis hier. Dein Recht ist so viel.' Sie zeigt das, unsere Religion. Unsere Religion ist die Religion des Islam. Sie bedeckte die Welt. Es gibt vielleicht 5 Billionen Muslime in der Welt. Sie sagen 'Wir sind Muslime', aber sie halten Allahs (swt) Befehle nicht ein. Wieder glauben sie, ihre Rettung käme von dem, was die Feinde des Islam, die Ungläubigen, erfunden haben, und hoffen auf Hilfe davon. Wie ist das? Allah zeigte euch einen Weg. Das Große und Glorreiche Buch, der Heilige Quran kam. "Tibyanan Likulli Shay'in" (16:89). Er zeigt alles in bester Weise. Es gibt keine Angelegenheit, die die Menschheit betrifft, deren Antwort nicht dort ist. Oder es gibt kein Problem, dessen Lösung nicht im Großen und Glorreichen Quran zu finden ist. Der Heilige Quran und unser ruhmreicher Prophet (saws) zeigte es vollständig mit seinen Hadithen.

Und in 1500 Jahren hat die erleuchtete Shari'atu l-Ahmadiyya nichts von ihrer Macht verloren, weil Gerechtigkeit ihre Grundlage ist. Diese gefährliche Lage, in die die Welt des Islam heute gefallen ist, kommt daher, weil sie sich nicht an die Befehle halten, die Allah (swt) gesandt hat. Seht, die Shariat, die Allah (swt) sandte, besteht seit 1500 Jahren. Warum nutzt ihr sie nicht? Wenn der Arzt dir Medizin gibt und sagt 'Das ist deine Heilung' und du bist stur und nimmst sie nicht, kann sie heilen? Nein. Die Gefahr, in die die islamische Welt gefallen ist, ist so. Der erste Befehl im Großen und Glorreichen Quran und in der Shariah ist, daß ihr nur einen Imam haben dürft. Es muß einen geben, der der Herrscher und Führer ist, heißt es. Wenn diese Person stirbt, ist es die erste Pflicht, einen neuen Imam einzusetzen. Und es ist "wajib" für die ganze Ummah, diesem Sultan den Treue-Eid zu leisten. Wer außen vor bleibt, der befindet sich außerhalb der Grenzen des Islam. Es gibt 2 Billionen Muslime hier. Sie haben kein Oberhaupt. Welchen Wert hat es ohne Oberhaupt? Die Ungläubigen unterdrücken uns. Die Tyrannen vernichten uns. Mögen sie selbst vernichtet werden.

Wir sind die Türkische Nation. Dies ist unsere Nation. Allah der Allmächtige sandte unsere Vorfahren von Bukhara, von den Turkstämmen zu dieser Seite, damit wir die Flagge des Islam halten und den Unglauben vernichten. Damit wir die Haqq Religion erklären und die überwältigen, die sie nicht anerkennen. Wir sind die Söhne von Ertugrul, die Söhne von Osman Ghazi. Unsere Pflicht ist es, den Unglauben zu zerstören und die Flagge des Islam zu hissen. Wir

haben kein anderes Ziel. "I'laa Kalimatullah" -dem Wort Allahs (swt) Gehör verschaffen. Fatih (Sultan Mehmet) hat so ein Couplet. 'Meine Absicht ist es, die Religion des Islam zu erklären', sagt er. Sie marschierten dafür. Und Allah der Allmächtige half ihnen. Wohin sie marschierten, dorthin expandierten sie. Der Grund ist, daß sie den Großen und Glorreichen Quran respektierten. Es gibt lange Geschichten darüber. Unsere Historiker wissen das, sagen es aber nicht. Und dieses unser Wort kann lang werden, aber wir fassen es zusammen. Heute ist die Welt inmitten einer gefährlichen Situation, aus der zu entrinnen unmöglich ist. Und eine von denen, die darin stecken geblieben sind, ist die Türkei. Die Türkische Republik sucht auch ihr Heil in den erfundenen Dingen der christlichen Welt. Wir suchten... und jetzt sinkt sie. Die christliche Welt hat keine Shariat. Der Prophet Jesus brachte keine Shariat. Es gibt die Shariat des Propheten Moses (as). Sie herrschen damit. Wegen des Konfliktes zwischen ihnen, dachten sie sich Sachen aus. Subhanallahu l-Aliyyi l-Azim. Was ist mit uns geschehen? Wir waren der mächtigste Staat, der die Welt beherrschte, Dawlatu l-'Aliyya l-'Uthmaniyya. Türkische Bürger, ihr die ihr die Türkei regiert, ich sage euch eine Sache. Schaut auf Den, Der mich sprechen läßt.

Ein Sultan, den ihr hinauswarft mit allen Arten von Anschuldigungen und ihr beschuldigt ihn immer noch. Dieser einzelne Mann allein war Sultan Abdul Hamid Han, möge das Paradies sein Aufenthalt sein. Ein Mann allein, paßt auf. Allein, 40 Jahre lang beherrschte er ein Land von 10 Millionen Quadratkilometern mit Gerechtigkeit. Allein, 40 Jahre lang. Sie mögen sagen, im Namen Allahs (swt), ja oder nein? Am Ende wurde er abgesetzt von Juden, mit Karasu und Salonika Konvertiten, die kamen und zum Sultan sagten: Die Leute wollen dich nicht! und ihn absetzten. Sie wollten ihn vielleicht nicht, okay, aber wenn er gewollt hätte, hätte er diese Leute, die zu ihm kamen, gefangen nehmen können. Aber er wußte "Innahu Hamidun Majid" (11:73). Das Kalifat endete im "Hamidun Majid", also widersetzte er sich nicht. Er sagte 'Okay, wenn die Leute mich nicht wollen, gehe ich. Ich überlasse es den Leuten. Sie setzten Sultan Hamid gefangen, der so ein Sultan war, daß er ein Symbol der Gerechtigkeit war. Er allein regierte das Osmanische Reich von 10 Mio qm 40 Jahre lang. Er regierte mit Gerechtigkeit, und alle hatten Gold in der Tasche. Er sagte 'Okay'. Sie ließen ihn einen Zug besteigen in Istanbul, die Salonika Konvertiten, die Bulgarischen Zigeuner und andere Shaytane. Sie ließen ihn nicht in Istanbul. Sie nahmen ihn mit nach Salonika, um ihn zu kränken. Als er aus dem Zug stieg, kamen die

Verfluchten und nannten ihn Korporal Hamid. So einen großen Sultan nannten sie Korporal Hamid. Der Sultan nahm sein Taschentuch heraus und zerriß es in Stücke und sagte: 'Möge Allah (swt) euch so machen. Möget ihr so werden.' Sind sie so geworden? Ja.

Weiß diese Nation diese Dinge? Nein. Heute gibt es 80 Millionen Menschen. Es ist ungewiß, wer wen beherrscht. Es ist ungewiß, wer wen leitet. 'Verfassung...' Ihr habt kein Recht, eine Verfassung zu machen. Ihr habt kein Recht irgendeine Verfassung zu machen. Ihr habt diese Versammlungen zusammengerufen auf welcher Grundlage? Ihr habt den Sultan abgesetzt. Was habt ihr getan? Ihr seid Millionen Leute geworden. Was habt ihr erreicht? Wer von euch könnte tun, was ein Mann allein tat? Was hat dieser euer Staat in den letzten 80 Jahren vollbracht? Was hat er den Leuten gegeben? Welche Ehre hat er erlangt? Sind wir reich geworden? Sind wir religiös geworden? Sind wir mächtiger geworden? Sind wir respektabler geworden? Wer respektiert uns? Wir erbitten Hilfe von anderen Leuten. Schande auf sie. Doch, doch... Was in den Himmeln bestimmt ist, ist 'Das ist das Land der Osmanen.' Niemand kann sagen 'Es ist mein'. Das ganze Chaos kommt daher, weil das Gesetz des Sultans ist "Ati kulli Dhi Haqqin Haqqa". Er regierte, um 'jedem das ihm gebührende Recht zu geben'. Das ist die Verfassung des Islam. Ihr solltet jedem sein gebührendes Recht geben. Und er tat das, so daß jeder 40 Jahre lang stolz lebte.

Dieses sind Geschichtsbände. Es gibt niemanden, der liest oder lehrt. Zuerst nahmen sie uns unser Alphabet, die Osmanische Sprache, damit das nicht bekannt wird. Sie brachten eine Theorie, genannt die Sonnensprachentheorie und vermasselten alles. Weiß die neue Generation davon? Oder weiß unser Premierminister davon? Oder weiß der Außenminister davon? Oder weiß der Präsident davon? Wie sollen sie es wissen? Sie lehrten nicht, daß sie es wissen können. Und sie entfernten die paar, die noch wußten, und wir sind jetzt so zurückgelassen. Den Kapitän haben sie hinausgeworfen, den Mechaniker hinausgeworfen. Es gibt niemanden mehr, das Steuerrad zu kontrollieren oder den Kompaß. Ein gewaltiges Schiff fährt wie verrückt auf dem Meer herum. Ich sage das, weil es meine eigene Nation ist, klammern wir Europa mal aus. Europa bereut auch. Europa heute bereut, 'wären die Osmanen geblieben, würde es diese Verderbtheit heute nicht geben. Die Osmanen würden das kontrollieren. Wir zerstörten sie und

halfen anderen, sie zu zerstören, und diese Probleme von heute fielen uns auf den Kopf.' Mögen sie schlimmer leiden. Weder die Türken, noch Europa, noch die arabische Welt erholen sich davon.

Die arabische Welt ist auch achtlos geworden. Sie erkannten den großen Sultan auch nicht an. Sie beanspruchten auch nicht den Besitz des Kalifats. Sie konnten ihn nicht beanspruchen, als es einen Eigner gab. Noch immer ist der Besitz in den Händen der osmanischen Sultane. Der Prophet (saws) sagte: 'Sultan Selim wird kommen.' Sie wissen das nicht. Er wird kommen. Er wird aus Istanbul herauskommen und als Sultan zurückkehren. Und er wird Mahdi (as) willkommen heißen. Mahdi (as) wird kommen und mit einem Schwert gegürtet sein in Abu Ayyub Sultans Grab. Dieser Sultan wird ihm helfen, das Schwert zu gürten. Mahdi (as) wird von Sham kommen. Dieses sind Bände, aber niemand ist sich dessen gewahr. Ich mache eine Zusammenfassung. Ich selbst habe keine Kraft mehr, keine Kraft mehr. Dies ist eine Amanah, ein Unterpfand, und ich sage es zu unseren Leuten, zu unserer Nation, den Muslimen. Europa bereut auch 1000x, daß 'wir die Osmanen zu Fall brachten und die ganze Welt uns auf den Kopf fiel.' Die Araber können sich nicht zusammenreißen. Europa konnte sich auch nicht zusammenreißen und wird es nicht tun. Sie sagen: 'Wir wünschten, die Osmanen wären geblieben.' Zu spät. Das ist vorbei. Ist es möglich, sie zurückzubekommen? Ja, es ist möglich.

Selbst wenn ihr nichts tut, ist es doch himmlisches Geschick, daß der Sultan, der aus Istanbul vertrieben wurde, nach Istanbul zurückkommen wird. Es ist Hadith, erzählt von Jami' as-Saghir. "Al Marhamatul Qubra und die Einnahme von Konstantaniyya geschehen nach 6 Monaten, im 7. erscheint der Dajjal.' Es ist Hadith, erzählt von Jami' as-Saghir. Sie mögen nachschauen, die Gelehrten. Sie mögen es finden und aufwachen. Weil unsere Nation Ehre hat. Sie dienten all diese Jahre, Jahrhunderte. Allah (swt) wollte sie nicht fallen lassen. Diese Nation, die Enkel der Osmanen, werden erscheinen und die Flagge des Islam wieder hissen. Bringt euch selbst zur Vernunft, anatolische Muslime, Türken. Sagt: 'Wir sind Osmanen'. Es gab Gold in den Taschen der Osmanen. Sultan Hamid auch und jeder hatte Gold- und Silbermünzen in der Tasche (Majidiya). Niemand öffnete seine Hand, um etwas zu erbitten. Seht euch unsere Lage jetzt an! Wayha, wayha, wayha, Schande auf euch. Was können wir tun? Diese Generation hat nicht

gelernt und wurde nicht gelehrt und sie ließen sie in diese Lage fallen. Aber wer uns darein fallen ließ, Europa, hat 70x mehr Probleme, als was auf uns jetzt kommt. Sie werden auch nicht gerettet werden, ohne Muslime zu sein. Wa min Allaha t-Tawfiq.

Das ist, weil ich keine Kraft habe. Mein Atem erlaubt mir nur so viel. Ich kann es nicht aushalten und wollte euch wenigstens so viel erklären. Ich bin ein schwacher Diener. Hussein, ich kann es nicht aushalten, ich kann nicht aushalten, was ich sehe, was ich weiß.. Möge Allah mich gute Tage erreichen lassen, mögen sie die Flagge des Islam hissen. Wir haben den Namen Islam verbannt. Wie können wir Gutes finden, ich weiß es nicht. Unser Herr, "Amidduna bi Madad min 'Indak" - Unterstütze uns mit Dir Selbst, zu Ehren des Propheten (saws). Ich habe es vor euch erklärt. Wenn es falsch ist, sollen sie es in der Geschichte suchen. Wenn es eine Lüge ist, sollen sie in der Geschichte gucken. Sie nennen mich einen Lügner. Hasha! Das erkenne ich nicht an. Hasha! Ich glaube, daß ich die Wahrheit spreche. O mein Herr, o mein Herr, o mein Herr, sende uns den Sahibu z-Zaman Mahdi (as), der uns Führung erreichen läßt. Laß uns die Tage sehen, wenn der Unglaube ein Ende findet. O unser Herr, vergib uns! Es sind nicht wir, die diesen Fehler machten, es waren unsere Vorfahren. Europa geriet auch in Schwierigkeiten aus dem Grund. Bei jedem Treffen wurde zuerst der Name der Osmanen genannt, dann die anderen. Seine Hymne wurde gespielt, dann die anderen. Wir waren so mächtig und groß. Was ist aus uns geworden? Was waren wir und was sind wir geworden?

Unser Premierminister sollte auch denken, unser Unterminister, alle Minister sollten gucken und denken. Sie haben keine andere Lösung, nur dem rechtmäßigen Besitzer sein Recht zu geben, und er regiert euch. Und das wird geschehen. Die arabische Welt folgte auch den Europäern. Sie folgten den Jungtürken. Sie gingen in nationalistische Ansprüche und gerieten in Schwierigkeiten. Der Grund, warum sie diese Probleme hatten, sind diese nationalistischen Ansprüche. Der Prophet (saws) verfluchte jene, die Nationalismus beanspruchen. Astaghfirullah. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Du bist unser Qadiru l-Muqtadir Herr, sende uns Unterstützung. Sende uns einen Sultan. Rette uns mit Mahdi (as), o Herr. O Herr, vergib uns. O Herr, vergib uns. O Herr, vergib uns. "Najjina min ma Nakhaf." "Najjina min ma Nakhaf." O Herr, wir taten es, ohne es zu wissen. Die uns erhoben, taten es, ohne Wissen.

Vergib uns o Herr, sende uns den Sahib. Wa min Allah t-Tawfiq. Al Fatiha. Dies ist eine Ansprache für die türkische Nation. Das ist die Lage derer, die nicht mehr Osmanen sein wollen und sagen: Wir sind Türken. Diese Ansprache ist für sie. Allah Allah... Tawba ya Rabbi. Sie haben alles verändert. Und Allah der Allmächtige antwortete ihnen und brachte alles, was sie haben, durcheinander. Sie können ihre Hände, ihre Füße nicht mehr finden und werden nicht... Fatiha. Wir können uns sammeln. Wir können lernen. Sie sollten das erklären. Ich werde es vor ihnen allen erklären lassen, insha'Allah. Fatiha.

## The Way To Ma’rifah

This time is the time of humiliation. They say "wal azamati buyut " Dastur, O Sayyidi, Madad, O Shahu Mardan. As-Salamu alaykum, O lovers of Shahu Mardan. Ma sha Allah, Subhan Allah, Sultan Allah. We don't do enough servanthood for Allah, who created us as His servants. We are busy with something else; we are busy with dunya. That is bad manners, to say the least. It is bad Adab. But the people have fallen into this bad manner and into the filth of the dunya. As-Salamu alaykum.

S.M.E: Wa alaykum as-salam.

O lovers of Shahu Mardan. O blessed Shahu Mardan. Marhaba, O lovers of Shahu Mardan. Merhaba to the friends of Shahu Mardan, to those who love him. Our day has a new Tajalli; every day there is a new Divine Manifestation, every day. Dastur, O Shahu Mardan. Welcome; welcome to those who are present at our meeting. Tariqatuna s-sohbat wal khayru fi l-jami'a. Our way is the way of sohbat. Sohbat means the way of friendship; the companionship of good ones; to be with them. This is our way.

Let us say: Bismillahi r-Rahmani r-Rahim. How beautiful; what a beautiful beginning. Go on, O Shahu Mardan. The place is yours. The jewels of the words that you are going to speak are more precious than all the jewels in all the world. Because dunya takes people away from Allah (jj). This is important! People have taken the way of ignorance. They have not been taught about their true identity. Let us say: Bismillahi r-Rahmani r-Rahim. Allah Dhul Jalal. Subhan Allah. Now we are taking from the Knowledge treasures of Shahu Mardan. Look at the knowledge that reaches us from Rasulu l-Kibriya: He is saying, Astaidhu billah, Inna ardi wasiatun faiyyaya fa'budun." (29:56) (Truly, spacious is My Earth: therefore serve Me alone)! Go on, O Shahu Mardan, ma sha Allah. "Inna ardi wasiatun faiyyaya fa'budun."

When we go out for a little tour, we see mountains, impressive mountains, and in front a huge sea. For whom has this been created? For man, who is little like a finger. O man, this Universe has been created for your honour. Why? Because you are the Lord's representative on Earth. This is such a rank, Sheikh Mehmet Effendi... look what a joyful speech... As-Salamu alaykum, O lovers of Shahu Mardan. May peace be upon you. Wa alaykum as-salam wa rahmatu Llahi wa barakatuhu. Allah Dhul Jalal has created this Universe. Physically man is small, like a finger. Our bodily existence is only the size of a finger. What did Janabi Haqq say? Let us listen to Shahu Mardan: "Inna ardi wasi'atun faiyyaya fa'budun." (29:56) Haa! Allahu akbar! The Earth is wide. Dunya is so wide; in comparison with it man is not even the size of a finger. "Inna ardi wasi'atun..." "My Kingdom is wide"; "...faiyyaya fa'buduni." (therefore serve Me alone), says Allah Jalla Jalalahu. Go on, O Shahu Mardan. Ma sha Allah; yaHu, man is just like a finger (in creation). He has created a huge world: seas, oceans, continents. Wow!

If you ask someone: "This dunya, what kind of dunya is it?" Now Shahu Mardan is pressing on... "This dunya is huge." "What is the most beautiful of shapes?" "The globe." It has an edge, it has a surface. Longitude, latitude and the third one is the shape of dunya. Dunya is not a flat/straight place. We say for dunya 'kurre-i arz'. It has the shape of a ball. Subhanallah; it keeps turning. Up to where, Sheikh Mehmet Effendi, is permission given to Man? Man, who is small like a finger, flies in space and reaches a distance where he looks down at the world. What is the shape of dunya? It is a globe. That's why people before, the people of old times, used to call dunya 'kurre-i arz' because the shape of Earth is not flat; it has not even one flat surface. You can see the same layout wherever you look. When you look from far, dunya is a ball; that's why they call it 'kurre-i arz'. Man has been thrown into the sky. "wa sakhkhara lakum ma fi s-samawati wa ma fi l-'ard." (45:13) What is on Earth and in Heavens is all for him. So you look, you see, you understand, you know, you ask!

Look! Janabi Haqq in His Greatness has made this huge kurre-i arz for man who is small like a finger. From above the globe looks like a ball. Janabi Maula Jalla wa 'Ala says: "My 'ard', the surface of Earth, is like a globe to show My Power and Glory." You call Earth, what is over the Earth? There is the sky. What does Janabi Allah say? Go on, O Shahu Mardan: Inna 'ardi wasiyatun. My Earth, kurre-i arz, is wasi'atun/wide. In saying 'wide', Sheikh Mehmet Effendi, there is something strange: "Inna 'ardi wasi'atun." When you say 'wasi'atun', it means a wideness

that has no limits and does not finish. Man is walking on Earth; he is walking on its continents/lands, and there is no end. It's immense. He is crossing the seas and knows no boundary. It is Allah's Earth; Allah's creation. This dunya has not made itself. Janabi Allah says: "Inna 'ardi..." "This 'ard', this Earth, is My creation"; and dunya is 'wasi'atun', wide. Where it begins and where it ends is not clear. Nobody has ever walked over the whole Earth.

This is a powerful and great Addressing: "Inna 'ardi wasi'atun." Up to where does dunya reach? Who knows up to where this dunya reaches? From far out it looks like a globe, but when you walk on it or fly over it, and you have made different machines for that, or sail over it you will not find an end. You are going up in the sky - what is the sky? In the skies the plane you fly in is not even big like a mosquito. Janabi Allah says with Might: "Inna 'ardi wasi'atun." When Janabi Haqq says 'wasi'atun'; He says "My Earth is wasi'atun". It means that you cannot find an end. When you go up in the sky and look you may see it like a ball; but you will not find an end/boundary by walking on the Earth on which I have placed you. "Inna 'ardi wasi'atun." "No doubt My Earth is wide." Subhanallah, Sultanallah, Janabi Jalla jalaluhu!

Al- Jahlu shinun - ignorance is a defect wal 'ilmu zaynun. - and knowledge is an adornment. Is it not? Did you understand? Ignorance is shameful What is it that honours man? To know Allah, Who has made this Earth so wide. You get in planes and fly, you shoot bullets into the sky, you shoot up rockets from rockets! Eh, all right, you shoot rockets up and then come back - what did you notice, what did you learn? "Inna 'ardi wasi'atun." "When I say that I made My Earth which I gave to My servants, wide, it means that you will not find any limit to it. Man makes spaceships and shoots them up into the sky. They go up into the sky and then come back to the center, the station. You went up and came back down again - what did you understand? Ask them! If you have not come to know Allah, if you have not understood anything about His Power and Greatness, then you went up a donkey - hasha mina l-hudur - and came back a donkey.

"Inna 'ardi wasi'atun." "The Earth I created is wide." When we say 'wasi'atun' it means it cannot be measured by any measure. They say "Kainat" What is 'kainat', creation/universe? "My Earth", says Janabi Haqq. "Faiyyaya fa'buduni." (therefore serve Me alone)Did you learn this when you went into space and came back down? If you have not come to know Me you went a donkey and came back a donkey." Go on, O Shahu Mardan. Ma sha Allah; your declaration is powerful! Dunya is moving inside a darkness, a blackness. Does dunya know left from right? Who

can say that dunya knows left from right? Who can claim this? There is a saying which the socalled possessors of knowledge use: that this Earth, 'ard', is a world that is under the management of an unknown Powerful One. Ya! Now why do they tell people this? They are so proud/arrogant and say: "We went into space with a rocket and came back down." Eh, what did you understand after that? You went up a donkey and came back a donkey. If you have not found Allah. If you have not learnt about His Greatness, then you went a donkey and came back a donkey.

How can they find? Janabi Haqq is Khalaqu l-'Azim; He is the Creator. He says: "I created it. My Earth is 'wasi'atun', wide." Wide means it has no end to it, Sheikh Mehmet Effendi. Do they teach this? They don't. They go up as donkeys and come back down as donkeys. Go up as a human being and come back down as a 'insan kamil', a perfect man. When does the honour of man become a reality? Janabi Maula says: "I am Khalaqu l-'Azim. I am the Great Creator." Allah Dhul Jalal says: "Inna 'ardi wasi'atun", and when He says 'wasi'atun' it means no one knows where it may end. Janabi Haqq says: "My Earth, 'ardi. Man becomes helpless in it, can't be found. Man enters a world of pitch black. He is getting in and coming out, without taking any Light/Nur. Shame on him! That means he goes up as a donkey and leaves a donkey. Take Light as you come out!

"My Earth, 'ard' is wide." They say 'kahkashan', they call it galaxy. Galaxy, kahkashan. They call the masses of the great stars Milky Way. Who is the Owner? Who poured the 'saman' (straw) there? That is the meaning of 'samanyolu' (Milky Way - literally, Way of Straw). They spill straw for animals but beyond the Straw Way (and straw symbolizes an endless amount) "Inna 'ardi wasi'atun", "My Earth, 'ardi', My Kingdom is so wide that no end can be found for it." "Faiyyaya fa'buduni", "Do servanthood to Me alone." You are Subhan, O Lord, You are Sultan, O Lord! "Idha arada shayan an yaqula lahu kun, fayakuun." (36:82) Verily, when He intends a thing, His command is "Be" & it is. Who has created the worlds? He who says "Be" and it is/becomes. "Be", He says, and it is. He is creating; nothing else can create. Know this! Don't come as a donkey and leave as a donkey! What does a donkey know? What is put in front of it is straw, barley, grass. Don't be an animal!

This world that you live in - He doesn't speak on things outside of it - is 'wasi'atun', is wide. When

it is said 'wasi'atun', the 'tanwin' in it signs glory, isn't it? "Wasi'atun"; it is wide. And when it is said 'ard', don't think it is only this dunya. 'Ard' is 7 Earths and 7 Heavens. 7 Earths is what we are above, for which no end can be found. "Inna 'ardi wasi'atun." 'Wasi'atun' means there is nobody who can perceive its spaciousness. He is Allah! A man who doesn't say "Allah" is not someone who is useful. He hasn't learnt anything. "wa ma khalaqtu l-jinna wa l-'insa 'illa liya'buduni." (51:56) (I have only created jinn and men, that they may serve Me.) In comparison with you the Milky Way, the galaxy, is so wide! There is no one who could know the number of galaxies or their limits. Say: Who has placed them, one after the other, in this darkness? Allah Dhul Jalal. "It is Me", He says.

'Wasi'atun' means no end can be found for it. O our Master who is al-Qadiru l-Muqtadir, You are Subhan/Exalted! This huge dunya has been created for man who is so small like a finger, and He has landed us on it. Still we don't acknowledge it! Still we don't leave being animalistic and dress in the attributes of Angels! We don't leave this ignorance to enter the gathering of divine knowledge. Shameful! People have become like drunk. Our speech indicates the power and value of man. This globe has been created for man, who is the size of a finger. "Fadhkuruni 'adhkurkum." (2:152) "Remember Me, make Dhikr, and I will give you openings! What will I open for you, O Man? To enter the way of 'marifat'." (spiritual knowledge) That's why the 'Arif bi-llah', (Wise Ones/Awliyah), those who have been granted from the Tajalli of Allah's Greatness, ask for this Presence.

Donkeys ask for straw or grass. Take! If you have come to dunya for eating straw and grass, then your humanity has no value. "Inna 'ardi wasi'atun faiyyaya fa'buduni." (29:56) "Glorify Me, I am your Lord. Know that I will open even much more to you." When an animal walks on the meadows it never lifts its head up; it only eats grass all the time. Some eat to get fat, others to get strong. Afterwards there is no ox nor donkey who looks to the Heavens. But you, man, you look up. But if you look and understand nothing from what you see, then you join the four-legged ones. "Inna 'ardi wasi'atun." No doubt. When Janabi Haqq Jalla jalaluh says: "My Earth is 'wasi'atun'/wide", it means that no end can be found for it. "faiyyaya fa'buduni." "Only do My servanthood." That is our job. If you took another way: ula'ika kal an'ami bal hum 'adallu -They are like cattle only more misguided. (7:179)

Welcome, O Shahu Mardan. About those whose worries are only eating and drinking Janabi

Allah says: "ula'ika kal an'ami." "They are like animals." "Bal hum 'adallu." Animals know what they are especially created for and they do what animals do. But if a man doesn't know about his honour that has been created for him and dressed on him "bal hum 'adallu"; then he is even lower than the animals. You must know this 'marifat'. O Shahu Mardan, welcome, the place is yours. O lovers of Shahu Mardan, those who ask for this way, who ask how they can enter this way, they will find it along with its Adab. Allah's beloved - salatu wa salam to him - the holder of salatu wa salam, said: "Addabani Rabbi fa ahsana tadibi." "My Lord has taught me Adab, the best manners." Learn Adab, O Man! If you don't... "ula'ika kal an'ami"; these people are like animals, "bal hum 'adallu"; and maybe even lower.

O my Lord, O Lord of The Baitu l-Atiq, send us Shahu Mardan, our example, who will show us the way of Adab. Let us learn; let us learn the ways of Adab. Learn the ways of Adab! The disciples of the Prophet 'Isa asked for a 'maida', a table. They asked for a table from Heavens. What? At whose table are you eating anyway? They wanted a table to come down from the Heavens. It has already come down from Heavens; to whom do these tables belong that you eat from? Look at their small minds. They finished in the presence of Allah's Greatness. He ('Isa) asked them: "Is He the Muqtadir (The All-Determining) or not? Who has created this creation that you ask a table from Him? Is He not All-Powerful?" he is asking. But the disciples were asking: hal yastati'u Rabbuka an yunazzila alayna maidatan mina s-samai? (5:112) O 'Isa son of Mary can your Lord send us a table set from heaven? Takunulana aidan li'awwalina wa akhirina wa ayatan minka(5:114)-that there may be for us a solemn festival & a sign from You.

O Shahu Mardan teach us. Let us learn Adab! Sheikh Mehmet Effendi, teach Adab; they have become ill mannered. That is why in old times in every house they were writing: "Adab, ya Hu!" Adab comes before knowledge. Teach them Adab, Sheikh Mehmet Effendi; you have been given permission. It will open in their hearts. That is why this subject is coming. It is a word that is coming according to the request of this son (Sheikh Mehmed). Shahu Mardan addresses and says: "Adab, ya Hu." Write this and put it everywhere, because people have deviated from Adab; they have become ill mannered. With animalistic characteristics they have become ill mannered. They have forgotten anything above that.

[Mawlana reads a poem by Yunus Emre] "I looked in the gathering of wise ones seeking. I found that knowledge comes last - Adab is a must! Adab is a must!" I give permission to teach Adab.

Continue on! Open a spring and don't fear. Go on, O Shahu Mardan, O Allah's lion. O those who love you, be neither Shia nor Alawi, be a lover of Shahu Mardan. Don't kill people! Don't destroy homes, don't burn provisions! Don't pass crushing regulations! Respect! Show respect! When you are about to kill, think and ask: Who has created this human being? If you take him out of life, strike him with your sword, throw cannons and bullets at him, then you are not a human being. That one is a shaytan. People have become satanic! The people of the 21st century don't have the attributes of angels; they have taken on satanic characteristics.

O our Lord, send us the Sahib. O Shahu Mardan, teach your lovers. "in the gathering of knowers I searched and asked; knowledge comes last - all is Adab, Adab!" O my Lord, that is why the Prophet said: "Addabani Rabbi fa ahsana tadibi." O Shanli Rasul, O glorified Prophet. May thanks be to our Lord who has sent you to us as a mercy. You dressed us with the honour of being human. O my Lord, dress us with the rank of being a true human being. Allahu Allah, Allahu Rabbi; Allahu Allah, Allahu Hasbi. Allahu Allah, Allahu Rabbi; Allahu Allah, Allahu Hasbi. Subhanallah.

This is enough. For those for whom this is not enough, Dhul Fiqar will reach them. Don't kill! You have not been created that you should kill. Don't burn! He didn't create this provision so you could burn it. O Shia and those who claim to be Alawi, Shahu Mardan is about to draw his Dhul Fiqar and wipe those who don't keep Adab off the surface of the Earth. 70.000 riders are ready to educate those people.

"Inna 'ardi wasi'atun faiyyaya fa'buduni." (29:56) Allahu akbar! The Earth is wide... one goes and goes... It is an island a like a dot. Man is not even like a finger on it. This is a small island. Dunya is huge. What is the situation of this huge dunya? "...faiyyaya fa'buduni." "Do My servanthood", says Allah. "Only serve Me. You are needy for everything; I am the Sultan. Who serves Me will not remain hungry at My door. He will not become poor. He will not be dishonoured. He will not be a shaytan." O my Lord, You know! You said about this blessed Rajab that it is 'Shahrullah', the month of Allah. Send a Tajalli that finishes the unrestrained oppressors, O my Lord. May what they built explode over their heads. May those who forget You be forgotten also.

O Shahu Mardan, Marhaba. O lovers of Shahu Mardan, Marhaba, Marhaba. Let us walk on the Straight Path so that our life in dunya will be comfortable and our Akhira be

great/magnificent, a Hayatun Tayyiba - good life. Like they give in dunya it will be given in Akhira also. Wa min Allah at-Tawfiq. May Allah Dhul Jalal say it and Shahu Mardan is telling us - The Adab that Allah Dhul Jalal has taught our Prophet are the lessons in each Hadith; each word shows the Adab. Permission has been granted. Show it! Learn and teach. It is in each Hadith. Allahu Akbar wa li-Llahi l-Hamd.
Shukr, O my Lord. Grant us strength, O my Lord; we are weak, O my Lord. Dress us with the robes You have sent down on the Baitu l-Mu'azzama: the robe of honour, of faith, of familiarity, of health. May every valuable robe be dressed on us also, O my Lord. You are Subhan, You are Sultan. "As-Sultan dhillullahi fi l-'ardi." The Sultan is the shadow of Allah on Earth. He is a blessed one who represents Allah's Greatness on Earth. He is only one. In the Islamic world, Sheikh Mehmet Effendi, there can't be two. If there are two, the Shariah says, remove one. There must be only one Sultan. O my Lord, send him. For the honour of this Rajab Shahrullah to which You have given Your blessed mighty Name, send us the Sultan who will make the oppressors take each other down and clean dunya from those who have become like shaytans, O my Lord.
Fatiha.
Read on me, Hajji Mehmet. Don't be afraid. Speak about all these subjects of Adab. It has been opened for you in your heart. May your heybet increase.
S.M.E: May Allah be pleased with you.

**Der Weg zu Ma`rifah**

---

Diese Zeit ist die Zeit der Erniedrigung. Sie sagen "wa l-`Azamati Buyut". Dastur, o Sayyidi, Madad, o Shah Mardan. As-Salamu `alaykum, o Liebende Shah Mardans. Ma sha' Allah, Subhan Allah, Sultan Allah. Wir dienen Allah nicht genug, Der uns als Seine Diener erschuf. Wir sind mit anderen Dingen beschäftigt. Wir sind mit der Dunya beschäftigt. Das ist schlechtes Benehmen, um das geringste zu sagen. Es ist schlechter Adab. Aber die Menschen sind in schlechtes Benehmen gefallen und in den Dreck der Dunya. As-Salamu `alaykum. S.M.E: Wa `alaykum as-Salam. M: O Liebende Shah Mardans, o gesegneter Shah Mardan. Marhaba, o Liebende Shah

Mardans. Marhaba den Freunden Shah Mardans, denen, die ihn lieben. Unser Tag hat ein neues Tajalli. Jeden Tag gibt es eine neue Göttliche Erscheinung, jeden Tag. Dastur, o Shah Mardan. Willkommen, willkommen jenen, die bei unserem Treffen dabei sind. Tariqatuna s-Sohbat wa l-Khayru fi l-Jami`a. Unser Weg ist der Weg des Sohbat. Sohbat bedeutet, der Weg der Freundschaft, der Gefährtenschaft mit den Guten. Mit ihnen zu sein, das ist unser Weg. Sagen wir: Bismillahi r-Rahmani r-Rahim. Wie schön! Was für ein schöner Anfang. Mach weiter, o Shah Mardan. Der Platz ist dein. Die Juwelen der Worte, die du sprechen wirst, sind kostbarer als die Juwelen der ganzen Welt. Weil die Dunya die Menschen von Allah (jj) wegbringt. Das ist wichtig! Die Menschen haben den Weg der Unwissenheit genommen. Sie sind nicht über ihre eigene Identität unterrichtet worden.

Sagen wir: Bismillahi r-Rahmani r-Rahim. Allah Dhu l-Jalal. Subhan Allah. Jetzt nehmen wir von den Wissensschätzen Shah Mardans. Seht das Wissen, das uns von Rasulu l-Kibriya erreicht: Er sagt, Asta'idhu Billah: "Inna Ardi Wasi`atun Fa'iyyaya Fa`budun" (29:56). Meine Erde ist weit. Darum verehrt nur Mich! Mach weiter, o Shah Mardan, ma sha' Allah. "Inna Ardi Wasi`atun Fa'iyyaya Fa`budun". Wenn wir hinausgehen zu einer kleinen Rundreise, sehen wir Berge, eindrucksvolle Berge, und vor uns ein riesiges Meer. Für wen wurde das erschaffen? Für den Menschen, der klein wie ein Finger ist. O Mensch, dieses Universum wurde dir zu Ehren erschaffen. Warum? Weil du des Herrn Stellvertreter auf Erden bist. Dies ist so ein Rang, Shaykh Mehmet Effendi.. Sieh, was für eine freudige Rede.. As-Salamu `alaykum, o Liebende Shah Mardans. Möge der Friede auf euch sein. Wa `alaykumu s-Salam wa Rahmatullahi wa Barakatuhu. Allah Dhu l-Jalal hat dieses Universum geschaffen. Physisch ist der Mensch klein wie ein Finger. Unsere körperliche Existenz hat nur die Größe eines Fingers. Was sagte Janabi Haqq? Hören wir Shah Mardan: "Inna Ardi Wasi`atun Fa'iyyaya Fa`budun" (29:56). Haa! Allahu Akbar! Die Erde ist weit! Die Dunya ist weit, im Verhältnis damit ist der Mensch nicht einmal von der Größe eines Fingers. "Inna Ardi Wasi`atun" - Mein Königreich ist weit. "Fa'iyyaya Fa`budun" - deshalb dient Mir allein, sagt Allah Jalla Jalaluhu. Mach weiter, o Shah Mardan. Ma sha' Allah. Yahu, der Mensch ist nur wie ein Finger. Er (swt) hat eine gewaltige Welt geschaffen, Meere, Ozeane, Kontinente. Toll!

Wenn du jemanden fragst: Diese Dunya, was für eine Art von Dunya ist sie? Shah Mardan drängt jetzt voran. Diese Dunya ist riesig. Was ist die schönste Form? Der Erdball. Er hat einen

Rand, er hat eine Oberfläche. Längengrade, Breitengrade und das dritte ist die Form der Dunya. Die Dunya ist kein flacher Ort. Wir sagen für die Dunya "kürre-i arz". Sie hat die Form einer Kugel. Subhan Allah. Sie dreht immer weiter. Bis wohin, Shaykh Mehmet Effendi, ist dem Menschen Erlaubnis gegeben? Der Mensch, der klein ist wie ein Finger, fliegt im Raum und erreicht eine Entfernung, von wo er auf die Erde herabblickt. Was ist die Form der Dunya? Es ist eine Kugel. Deshalb pflegten die Leute früher, die Leute alter Zeiten, die Dunya "kürre-i arz" zu nennen, weil die Form der Erde nicht flach ist. Sie hat nicht nur eine flache Oberfläche. Du kannst denselben Aufbau sehen, wo immer du hinschaust. Wenn du von weitem guckst, ist die Dunya eine Kugel. Deshalb wird sie "kürre-i arz" genannt. Der Mensch ist in den Himmel geworfen worden.

"Wa Sakhkhara lakum ma fi s-Samawati wa ma fi l-Ard" - Und Er hat das dienstbar gemacht für euch, was in den Himmeln und auf Erden ist (45:13). Was auf der Erde und in den Himmeln ist, ist alles für ihn. Schau also, du siehst, du verstehst, du weißt, du fragst! Sieh, Janabi Haqq in Seiner Größe hat diese riesige kürre-i arz für den Menschen gemacht, der klein wie ein Finger ist.

Von oben sieht die Erdkugel wie ein Ball aus. Janabi Mawla Jalla wa `Ala sagt: Meine "ard", die Oberfläche der Erde, ist wie eine Kugel, um Meine Macht und Herrlichkeit zu zeigen. Ihr nennt es Erde, was ist über der Erde? Da ist der Himmel. Was sagt Janabi Allah? Mach weiter, o Shah Mardan. "Inna Ardi Wasi`atun" - Meine Erde, kürre-i arz, ist wasi`atun - weit. Im Sagen 'weit', Shaykh Mehmet Effendi, ist etwas Merkwürdiges. "Inna Ardi Wasi`atun". Wenn du sagst "wasi`atun", ist eine Weite gemeint, die keine Grenzen hat und nicht aufhört. Der Mensch geht auf der Erde. Er geht über ihre Kontinente, und es gibt kein Ende. Sie ist immens. Er überquert Meere und lernt keine Grenzen kennen. Es ist Allahs Erde, Allahs Schöpfung. Diese Dunya hat sich nicht selbst gemacht. Janabi Allah sagt: "Inna Ardi..", diese Ard, diese Erde, ist Meine Schöpfung. Und die Dunya ist "Wasi`atun", weit. Wo sie beginnt und wo sie endet, ist nicht klar. Niemand ist jemals über die ganze Erde gegangen.

Dies ist eine mächtige und große Ansprache: "Inna Ardi Wasi`atun". Bis wo reicht die Dunya? Wer weiß, bis wo diese Dunya reicht? Von weit weg sieht sie wie eine Kugel aus, aber wenn du auf ihr gehst oder über sie hinwegfliegst, und ihr habt verschieden Maschinen dafür gemacht, oder über sie segelst, wirst du kein Ende finden. Ihr geht hoch in den Himmel. Was ist der Himmel? Am Himmel ist das Flugzeug, in dem du fliegst, nicht einmal so groß wie eine Mücke.

Janabi Allah sagt mit Macht: "Inna Ardi Wasi`atun." Wenn Janabi Haqq sagt "Wasi`atun", sagt Er: Meine Erde ist "Wasi`atun". Das bedeutet, du kannst kein Ende finden. Wenn ihr in den Himmel aufsteigt und guckt, könnt ihr sie als Ball sehen. Aber ihr werdet kein Ende finden, wenn ihr auf der Erde geht, auf die Ich euch gesetzt habe. "Inna Ardi Wasi`atun." Kein Zweifel, Meine Erde ist weit. Subhan Allah, Sultan Allah, Janabi Jalla Jalaluhu! Al-Jahlu Shinun - Unwissenheit ist ein Defekt - Wa l-`Ilmu Zaynun - Und Wissen ist ein Schmuck. Stimmt es nicht? Habt ihr verstanden? Unwissenheit ist schändlich. Was ist es, das den Menschen ehrt? Allah zu kennen, Der diese Erde so weit gemacht hat. Ihr steigt in Flugzeuge und fliegt, ihr schießt Kugeln in den Himmel, ihr schießt Raketen von Raketen ab! Eh, in Ordnung, ihr schießt Raketen ab und kommt dann zurück. Was habt ihr bemerkt? Was habt ihr gelernt? "Inna Ardi Wasi`atun". Wenn Ich sage, daß Ich Meine Erde weit gemacht habe, die Ich Meinen Dienern gab, weit, bedeutet das, daß ihr keine Grenze für sie finden könnt. Der Mensch macht Raumschiffe und schießt sie hoch in den Himmel. Sie gehen hoch in den Himmel und kommen dann zurück zum Zentrum, zur Station.

Ihr gingt hoch und kamt wieder zurück, was habt ihr verstanden? Fragt sie! Wenn ihr nicht schließlich Allah erkennt, wenn ihr nichts von Seiner Macht und Größe verstanden habt, dann gingt ihr hoch als Esel - Hasha mina l-Hudur - und kamt zurück als Esel. "Inna Ardi Wasi`atun". Die Erde, die Ich erschuf, ist weit. Wenn wir sagen "Wasi`atun", bedeutet das, sie kann nicht gemessen werden mit irgendeinem Maß. Sie sagen "Kainat". Was ist "Kainat", die Schöpfung? Meine Erde, sagt Janabi Haqq. "Fa'iyyaya Fa`buduni" - deshalb dient Mir. Habt ihr das gelernt, als ihr in den Weltraum gingt und zurückkamt? Wenn es nicht dazu führte, daß ihr Mich erkannt habt, gingt ihr als Esel und kamt als Esel zurück. Mach weiter, Shah Mardan. Ma sha' Allah, deine Erklärung ist mächtig! Die Dunya bewegt sich in Dunkelheit, in einer Schwärze. Unterscheidet die Dunya links von rechts? Wer kann sagen, daß die Dunya rechts von links unterscheidet? Wer kann das behaupten? Es gibt einen Ausspruch, den die sogenannten Besitzer von Wissen benutzen: daß diese Erde, Ard, eine Welt ist, die unter der Führung einer unbekannten Macht steht.

Ya! Nun, warum sagen sie den Leuten das? Sie sind so stolz und sagen: Wir gingen in den Weltraum mit einer Rakete und kamen wieder zurück. Eh, was habt ihr danach verstanden? Ihr gingt als Esel hinauf und kamt als Esel zurück. Wenn ihr Allah nicht gefunden habt, wenn ihr nichts über Seine Größe gelernt habt, dann gingt ihr als Esel und kamt zurück als Esel.

Wie können sie finden? Janabi Haqq ist Khalaqu l-`Azim, Er ist der Schöpfer. Er sagt: Ich erschuf sie. Meine Erde ist "Wasi`atun", weit. Weit bedeutet, sie hat kein Ende, Shaykh Mehmet Effendi. Lehren sie das? Nein. Sie gehen hoch als Esel und kommen wieder herunter als Esel. Geht hoch als Menschen und kommt wieder herunter als "Insanu Kamil", als perfekter Mensch. Wann wird die Ehre des Menschen eine Wirklichkeit? Janabi Mawla sagt: Ich bin Khalaqu l-`Azim. Ich bin der Große Schöpfer. Allah Dhu l-Jalal sagt: "Inna Ardi Wasi`atun". Und wenn Er sagt "Wasi`atun", bedeutet das, niemand weiß, wo sie endet. Janabi Haqq sagt: Meine Erde, Ardi. Der Mensch wird hilflos darin, kann nicht gefunden werden. Der Mensch betritt eine Welt von pechschwarzer Dunkelheit. Er tritt ein und kommt heraus, ohne irgendein Licht zu nehmen. Schande auf ihn. Das heißt, er geht hoch als Esel und kommt heraus als Esel. Nehmt Licht, wenn ihr herauskommt. Meine Erde, Ard, ist weit. Sie sagen "Kahkashan", sie nennen es Galaxie. Galaxie - Kahkashan. Sie nennen die Masse der großen Sterne Milchstraße. Wer ist der Besitzer? Wer streute "Saman" dorthin? Das ist die Bedeutung von "Samanyolu", Milchstraße - wörtlich Stroh-Weg. Sie verstreuen Stroh für Tiere. Aber über den Stroh-Weg hinaus, und Stroh symbolisiert eine endlose Menge, "Inna Ardi Wasi`atun", ist Meine Erde, Ardi, Mein Königreich, so weit, daß kein Ende dafür gefunden werden kann. "Fa'iyyaya Fa`buduni" - Seid nur Meine Diener. Du bist Subhan, o Herr, Du bist Sultan, o Herr. "Idha Arada Shayan an Yaqula lahu kun, Fayakun" (36:82). Wahrlich, wenn Er eine Sache vorhat, ist Sein Befehl 'Sei', und es ist. Wer hat die Welten erschaffen? Er, der sagt 'Sei', und es ist. 'Sei', sagt Er, und es ist. Er erschafft, nichts sonst kann erschaffen. Wisset das! Kommt nicht als Esel, und geht als Esel! Was weiß ein Esel? Was vor ihn gelegt wird als Stroh, Gerste, Gras. Seid kein Tier! Diese Welt, in der ihr lebt - Er spricht nicht über Dinge, die außerhalb von ihr sind - ist "Wasi`atun", weit. Wenn es heißt "Wasi`atun", das Tanwin darin zeigt Herrlichkeit an, stimmt's? "Wasi`atun" - sie ist weit. Und wenn gesagt wird "Ard", glaubt nicht, es sei nur diese Dunya. Ard sind sieben Erden und sieben Himmel. Sieben Erden ist das, auf dem wir sind, für das kein Ende gefunden werden kann. "Inna Ardi Wasi`atun." "Wasi`atun" bedeutet, es gibt niemanden, der ihre Geräumigkeit wahrnehmen kann. Er ist Allah! Ein Mensch, der nicht "Allah" sagt, ist nicht jemand, der nützlich ist. Er hat nichts gelernt. "Wa ma Khalaqtu l-Jinna wa l-Insa illa Liya`buduni" (51:56). Ich habe Djinn und Menschen nur geschaffen, damit sie Mir dienen. Im Vergleich mit euch ist die Milchstraße, die

Galaxie, so weit! Es gibt niemanden, der die Anzahl der Galaxien oder ihre Grenzen wissen kann. Sagt: Wer hat sie, eine nach der anderen, in diese Dunkelheit gestellt? Allah Dhu l-Jalal. Ich bin es, sagt Er.
"Wasi`atun" bedeutet, daß kein Ende davon gefunden werden kann. O unser Meister, der al-Qadiru l-Muqtadir ist, Du bist Subhan! Diese gewaltige Dunya ist für den Menschen geschaffen worden, der so klein ist wie ein Finger, und Er hat uns darauf abgesetzt. Und doch erkennen wir es nicht an! Doch hören wir nicht auf, tierisch zu sein, und kleiden uns nicht in die Attribute der Engel. Wir lassen diese Ignoranz nicht, um in die Ansammlung Göttlichen Wissens einzutreten. Schändlich! Die Menschen sind wie betrunken geworden. Unsere Rede zeigt die Macht und den Wert des Menschen an. Dieser Erdball wurde für den Menschen geschaffen, der die Größe eines Fingers hat. "Fadhkuruni Adhkurkum" (2:152) - Gedenkt also Meiner, damit Ich euer gedenke. Erinnert Mich, macht Dhikr, und Ich werde euch Öffnungen geben! Was wird sich für dich öffnen, o Mensch? Auf den Weg von "Ma`rifat", geistigem Wissen, einzutreten. Deshalb bitten die "`Arif Billah", die Awliyah, jene, denen von den Tajalli der Größe Allahs gewährt wurde, um diese Gegenwart. Esel verlangen Stroh oder Gras! Nehmt! Wenn ihr in die Dunya gekommen seid, um Stroh und Gras zu fressen, dann hat euer Mensch-Sein keinen Wert. "Inna Ardi Wasi`atun Fa'iyyaya Fa`buduni" (29:56). Preist Mich, Ich bin euer Herr. Wisset, daß Ich sogar noch mehr für euch öffne.
Wenn ein Tier auf der Weide herumgeht, hebt es nie den Kopf, es frißt nur Gras die ganze Zeit. Manche fressen, um fett zu werden, andere, um stark zu werden. Danach gibt es keinen Ochsen oder Esel, die zum Himmel aufschauen. Aber du, Mensch, schau in die Höhe. Aber wenn du guckst und nichts verstehst von dem, was du siehst, dann schließt du dich den Vierbeinern an. "Inna Ardi Wasi`atun". Kein Zweifel. Wenn Janabi Haqq Jalla Jalaluhu sagt: Meine Erde ist "Wasi`atun", weit, bedeutet das, daß kein Ende von ihr gefunden werden kann. "Fa'iyyaya Fa`buduni" - dient nur Mir. Das ist unsere Arbeit. Wenn ihr einen anderen Weg einschlagt: "Ula'ika ka l-An`ami bal Hum Adallu" - Sie sind wie das Vieh, nur noch mehr fehlgeleitet (7:179). Willkommen, o Shah Mardan. Über jene, deren Sorge nur Essen und Trinken ist, sagt Janabi Allah: "Ula'ika ka l-An`ami." Sie sind wie Tiere. "Bal hum Adallu." Tiere wissen, für was sie besonders erschaffen wurden, und sie tun, was Tiere tun. Aber wenn ein Mensch nichts über seine Ehre weiß, die für ihn erschaffen und ihm angezogen wurde, "bal hum Adallu" - dann ist er

sogar noch niedriger als die Tiere. Ihr müßt diese Ma`rifat kennen. O Shah Mardan, willkommen, der Platz ist dein. O Liebende Shah Mardans. Jene, die nach seinem Weg fragen, die danach fragen, wie sie diesen Weg betreten können, die werden ihn finden zusammen mit seinem Adab.

Allahs Geliebter, Salatu wa Salam ihm, der Inhaber des Salatu wa Salam sagte: "Addabani Rabbi fa Ahsana Tadibi." Mein Herr hat mich Adab gelehrt, das beste Benehmen. Lerne Adab, o Mensch! Sonst "Ula'ika ka l-An`ami". Diese Menschen sind wie Tiere. "Bal hum Adallu", und vielleicht sogar niedriger. O mein Herr, o mein Herr des Baytu l-Atiq, sende uns Shah Mardan, unser Beispiel, der uns den Weg des Adab zeigen wird. Laßt uns lernen, laßt uns die Weisen des Adab lernen. Lernt die Weisen des Adab! Die Jünger des Propheten `Isa verlangten einen Ma'ida, einen Tisch. Sie verlangten einen Tisch von den Himmeln. Was? An wessen Tisch eßt ihr sowieso schon? Sie wollten einen Tisch, der von den Himmeln herabkam. Es ist schon von den Himmeln herabgekommen. Wem gehören diese Tische, von denen ihr eßt? Seht ihren kleinen Verstand.

Sie endeten in der Gegenwart von Allahs Größe. Er, `Isa, fragte sie: Ist Er der Muqtadir, der Alles Bestimmende oder nicht? Wer hat diese Schöpfung geschaffen, daß ihr einen Tisch fordert von Ihm? Ist Er nicht der Allmächtige? fragt er. Aber die Jünger forderten: "Hal Yastati`u Rabbuka an Yunazzila `alayna Ma'idatan mina s-Sama'i?"(5:112) O `Isa, Sohn Marias, kann dein Herr uns einen gedeckten Tisch von den Himmeln senden? "Takunu lana `Idan li'Awwalina wa Akhirina wa Ayatan minka" (5:114), daß es für uns ein würdiges Fest und ein Zeichen von Dir gibt.

Shah Mardan lehre uns. Laßt uns Adab lernen! Shaykh Mehmet Effendi, lehre Adab. Sie sind ungezogen geworden. Deshalb schrieben sie in alten Zeiten in jedem Haus: "Adab, ya Hu!" Adab kommt vor dem Wissen. Lehre sie Adab, Shaykh Mehmet Effendi. Dir ist Erlaubnis gegeben worden. Es wird ihre Herzen öffnen. Deshalb kommt dieses Thema. Es ist ein Wort, das kommt auf eine Bitte dieses Sohnes hin. Shah Mardan spricht und sagt: "Adab, ya Hu." Schreibt das und hängt es überall auf! Weil die Menschen vom Adab abgewichen sind. Sie sind ungezogen geworden. Mit tierischen Eigenschaften sind sie ungezogen geworden. Sie haben alles darüber vergessen.

(Mawlana liest ein Gedicht von Yunus Emre) Ich guckte suchend in die Versammlung der Weisen. Ich fand, daß Wissen zuletzt kommt. Adab ist ein Muß! Adab ist ein Muß! Ich gebe Erlaubnis, Adab zu lehren. Mach weiter! Öffne eine Quelle und fürchte dich nicht. Mach weiter, o

Shah Mardan, o Allahs Löwe. O jene, die dich lieben, seid weder Schiiten, noch Alawiten, seid Liebende Shah Mardans. Tötet keine Menschen! Zerstört keine Häuser, verbrennt keine Vorräte! Geht nicht durch unter Brechung von Bestimmungen! Respekt! Zeigt Respekt! Wenn ihr im Begriff seid zu töten, denkt und fragt euch: Wer hat diesen Menschen geschaffen? Wenn du ihm das Leben nimmst, ihn mit dem Schwert schlägst, Kanonen und Kugeln auf ihn abschießt, dann bist du kein Mensch. Dieser ist ein Shaytan. Die Menschen sind shaytanisch geworden. Die Menschen des 21. Jahrhunderts haben nicht die Attribute der Engel. Sie haben shaytanische Eigenschaften angenommen. O unser Herr, sende uns den Sahib. O Shah Mardan, lehre deine Liebenden. 'In der Versammlung der Wissenden suchte ich und fragte. Wissen kommt zuletzt - alles ist Adab, Adab!' O mein Herr, deshalb sagte der Prophet: "Addabani Rabbi fa Ahsana Tadibi."

O Shanli Rasul, o gepriesener Prophet. Dank sei unserem Herrn, der dich als Gnade zu uns gesandt hat. Du hast uns mit der Ehre des Mensch-Seins bekleidet. O mein Herr, bekleide uns mit dem Rang, ein wahrer Mensch zu sein. Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. Subhanallah. Das ist genug. Jene, für die es nicht genug ist, wird Dhu l-Fiqqar erreichen. Tötet nicht! Ihr seid nicht dafür geschaffen worden, zu töten. Verbrennt nicht! Er erschuf diese Vorräte nicht, damit ihr sie verbrennen könnt. O Schiiten und jene, die behaupten, Alawiten zu sein, Shah Mardan ist dabei, sein Dhu l-Fiqqar zu ziehen und jene, die keinen Adab wahren, von der Oberfläche der Erde hinwegzufegen. 70.000 Reiter sind bereit, diese Leute zu erziehen. "Inna Ardi Wasi`atun Fa'iyyaya Fa`buduni" (29:56). Allahu Akbar! Die Erde ist weit.. man geht und geht.. Es ist eine Insel wie ein Punkt. Der Mensch ist nicht einmal wie ein Finger darauf. Dies ist eine kleine Insel. Die Dunya ist riesig. Was ist die Lage dieser riesigen Dunya? "..Fa'iyyaya Fa`buduni". Dient Mir, sagt Allah. Dient nur Mir. Ihr seid jeder Sache bedürftig. Ich bin der Sultan. Wer Mir dient, wird nicht hungrig an Meiner Tür bleiben. Er wird nicht arm werden. Er wird nicht entehrt werden. Er wird kein Shaytan werden.

O mein Herr, Du weißt! Du sagtest über diesen gesegneten Rajab, daß es "Shahrullah" ist, der Monat Allahs. Sende ein Tajalli, das die hemmungslosen Unterdrücker erledigt, o mein Herr. Möge das, was sie bauten, über ihren Köpfen explodieren. Mögen jene, die Dich vergessen, auch vergessen sein. O Shah Mardan, Marhaba. O Liebende Shah Mardans, Marhaba, Marhaba. Laß

uns auf dem Geraden Weg gehen, so daß unser Leben in der Dunya angenehm ist und unsere Akhira herrlich. "Hayyatun Tayyiba" - ein gutes Leben. Wie sie es in der Dunya geben, wird es auch in der Akhira gegeben werden. Wa min Allaha t-Tawfiq. Möge Allah Dhu l-Jalal es sagen und Shah Mardan es uns berichten. Der Adab, den Allah Dhu l-Jalal unseren Propheten lehrte, sind Lehrstunden in jedem Hadith. Jedes Wort zeigt Adab. Erlaubnis ist gegeben. Zeige es! Lernt und lehrt. Es ist in jedem Hadith. Allahu Akbar wa Lillahi l-Hamd. Shukr, o mein Herr. Gib uns Kraft, o mein Herr. Wir sind schwach, o mein Herr. Bekleide uns mit den Gewändern, die Du auf Baytu l-Muazzama herabgesandt hast, das Ehrengewand des Glaubens, der Vertrautheit, der Gesundheit. Möge jedes wertvolle Gewand uns auch angezogen werden, o mein Herr. Du bist Subhan, Du bist Sultan. "As-Sultan Dhillullahi fi l-Ard." Der Sultan ist der Schatten Allahs auf Erden. Er ist ein Gesegneter, der Allahs Größe auf der Erde vertritt. Er ist nur einer. In der islamischen Welt, Shaykh Mehmet Effendi, kann es nicht zwei geben. Wenn es zwei gibt, sagt die Shariah, entfernt einen. Es darf nur einen Sultan geben. O mein Herr, sende ihn. Zu Ehren dieses Rajab Shahrullah, dem Du Deinen gesegneten mächtigen Namen gegeben hast, sende uns den Sultan, der die Unterdrücker sich gegenseitig niederringen läßt. Und reinige die Dunya von jenen, die wie Shaytane geworden sind, o mein Herr. Fatiha. Lies für mich, Hajji Mehmet. Fürchte dich nicht. Sprich über all diese Themen des Adab. Es ist geöffnet worden für dich in deinem Herzen. Möge deine Haybat zunehmen! SM: Möge Allah mit dir zufrieden sein.

## The way to Perfection

We are living for Allah. We hope to die for Him. A good life is to live for Allah, to be for Allah and to die for Allah. When you are living to be for Allah. When you are leaving, to leave for Allah. This is how Muslims should be.
Everything Muslims do should be for the pleasure of Allah. They shouldn't ask if people will be pleased or not. Only ask if Allah will be pleased. Don't expect when you give people charity or hospitality to get anything in return. Even if they deal with you in a bad way, don't be offended. You did it for Allah, not for man. You are looking after the servants of Allah. It is only Allah you want to please.

If you give people charities and they come against you, don't be sad. We have a saying: give charity and throw it to the sea. Like taking a dry piece of bread and throwing it into the sea. Fish will come and eat it without even knowing about you. They don't know who gave them this charity, but the Creator knows. Do everything for Allah. Never expect thanks from others. Like the fish. You will not be sorry. That is a high quality, not everyone can do it. Those who are being trained in a tariqat are like wild trees, or wild creatures living in the jungle. The perfection of man is not easily attained. After the first 40 days of pregnancy the embryo will take the form of a human, even if it is still very small. Allah the Almighty gives us the best of forms within 40 days, but the real perfection will come through the meaning you represent. That is not easy, it might take 40 years or more. It is not something you can learn in the university. No academy or university in our days can teach

you that perfection. It can give you skills to control everything around yourselves, but it does not give you anything to control yourselves. If you cannot control yourself you are not a perfect one.

This is why we need another kind of training: associations with prophets, they are the first ones to train people on the way of perfection, to enable them to control themselves. If not, people will continue the way they have been born: wild. They will live in a wild way and die in the same way.

Wild people are not able to control their egos. Their egos bring every kind of violence to this world: fighting, troubles, problems, crisis... All of this is a result of the violence of people. It continues, it increases and perfect people are becoming more and more rare. There are thousands of people in the universities, but most of them are wild.

## Die Wazifa des Heiligen Monats Shaban

Alles, was in diesen heiligen drei Monaten getan werden muss.
Scheikh Muhammad ist hier und ich möchte ihn über die Wazifa unterrichten. Ich tue, was ich kann. Es ist nicht nötig irgendetwas zu irgendwem zu sprechen! Ich habe auch meinen Khalifen hier. Es gibt auch Hajja Annes Wazifa, die Risale, über die heiligen Monate. Man möge das nachschlagen, lesen und lernen.
Was können wir tun?
Sie mögen Salawat Sharif sagen, 100 – 1000 mal, oder 1000 - 10 000 mal
Sie mögen La ilaha illa Allah sagen, 100 – 1000 mal oder 10 000 – 100 000 mal.
Sie mögen die Sure Ikhlas rezitieren 10 – 100 mal oder 100 – 1000 mal.
Sie mögen Ayat al Kursi rezitieren, 40 mal.

Sie mögen astaghfirullah sagen, zwischen 70 – 700 mal.

Rezitiert die Sure Yasin morgens und Surat al Mulk nach Maghrib oder Isha.
(All diejenigen, die Gebete versäumt haben, mögen mindestens einen kompletten Tag der versäumten Gebete nachholen. (Dieser Punkt ist leider schwer zu klären, was Maulana genau meint d.Verf.)
Diejenigen, die Fastentage versäumt haben, können jeden Tag in diesem heiligen Monat fasten, wie sie möchten, um versäumte Tage nachzuholen.
Wer keinen Fastentag versäumt hat, der möge Salawat Sharif sagen, 100 – 1000 oder 1000 – 10 000 mal, zum Schutz der Ummah des Propheten -sall´allahu alaihi wa sallam- und zur Ehre des Propheten -sall´allahu alaihi wa sallam-
Wenn sie wollen, können sie fasten für andere der Ummah, die Fastentage im Ramadan versäumt haben, oder sie können täglich für sie beten, mit der Absicht dass die Belohnung für diese Leute ist.
Als Spende können sie 5 Cent, oder 5 Lira (Euro) geben, wie sie wollen. Wenn sie mögen 5000 oder 5 Millionen als Spende.
Allah der Allmächtige gibt ihnen vielfache Belohnung dafür, und noch mehr und mehr...

lügen, und sie sollen keine Pläne aushecken für
diese Welt.
Sie sollen dankbar sein und Shukr sagen für das,
was Allah ihnen gewährt hat.
Lasse auch den kleinsten Wunsch sein, der diese
Welt betrifft.
Geht nachts nicht nach draußen.
Geht nicht in Kaffeehäuser, nicht an Orte für
euer Vergnügen.
Nicht an den Strand. Im Meer gibt es Gräber
umgeben von anderen Meeren. Ein Drache erscheint
aus diesen Meeren in ihren Gräbern,
beißt sie und vergiftet sie. Wenn Lebende diese

Schreie hören würden (weil sie am Strand baden),
sterben sie. (Ergänzung von Scheikh Effendi
(1 Tag später): Männer und Frauen am
selben Strand ist gegen Schariah. Wenn du Schariah
respektierst kannst du an den Strand gehen)
Geh nicht ohne Kopfbedeckung nach draußen.
Männer, geht nicht mit Frauen die ohne Kopfbedeckung
sind nach draußen. Geht mit ihnen
nicht an Orte, wo Männer sind.
Geht nicht in gemischte Schulen, Männer und
Frauen, Mädchen und Jungen.
Versuch eine Hausfrau zu sein, sonst wird deine
Situation schwierig.
Lerne den Heiligen Quran zu rezitieren um
Allahs Wohlgefallen zu erlangen und lehre die
Leute das Rezitieren des Heiligen Qurans.
Vergiss nicht am Morgen die Sure al Yasin zu
lesen und versuche die Sure Tabaraka nach
Maghrib oder nach Isha zu rezitieren.
Beschwere dich nicht, sage nicht „dies und das“.
Lehnt euch nicht gegen eure Führer auf, wer als
Führer über euch ernannt wurde. Wer sich auflehnt,
wird am Tag des Gerichts darunter leiden.
Das Leiden und die Strafen für diejenigen, die
Leute unterdrücken, nachdem man sie zum Führer
ernannt hatte, werden stärker sein als alle
Strafen der sieben Höllen.
Rasiert nicht den Bart.
Die Damen sollen ihr Haar nicht abschneiden.

Geh nicht nach draußen ohne dich zu bedecken. Wenn du das nicht machst, wirst du viel leiden, wirst leiden, bevor du diese Welt verlässt. In den Gräbern werden Schlan gen und Insekten dich attackieren. Sie werden dich quälen, nimm dich davor in Acht.

Rauche nicht, rauche kein Gift! Rauche keinen Tabak, keine Zigaretten. Sie werden in deinem Grab deinen Magen mit Feuer füllen und sie werden diese Leute mit Tabak vergiften.

Die Gräber derjenigen die trinken (Alkohol) werden voller Schlangen und Insekten sein, und sie werden die Person von allen Seiten quälen.

Ein besonderer Engel kommt herab zu ihm und schlägt auf seinen Kopf und sagt: „Hast du gelernt? Oh betrunkener Mann, oh betrunkene Frau! Warum hast du dich verkauft, gingst raus auf die Straßen? Nimm diesen Knüppelschlag auf deinen Kopf! Öffnet eine neue Tür des Höllenfeuers, damit es ihn verbrenne!“

Die Strafe für die Frauen, die ihre Reize zur Schau stellen: Würde diese Strafe auf alle Bewohner der Erde verteilt werden, würden alle tot umfallen.

Geh nicht nach draußen und zeige dich nicht in den Straßen modisch gekleidet. Der Prophet - sall´allahu alaihi wa sallam-hat gesagt: „Du wirst sie bekleidet sehen, aber sie werden sein wie nackt. Leute die angezogen nackt aussehen“.

Diejenigen Frauen und Mädchen, die sich unter Männern entblößen, sie verwirren die Männer.

Die Strafe der Himmel fällt auf sie alle und sie werden krank und für ihre Krankheit wird es kein Mittel geben, nur den Tod.
Möge Allah uns vergeben!
Gehorcht! Wenn du gehorchst, ist es zu deinem eigenen Nutzen, wenn du nicht gehorchst, ist es auf Kosten deines Lebens, Fatiha.
Es kam etwas streng, das ist wegen des Monats Shaban.
Von Hajja Annes Wazifas (Risale) über die Heiligen Monate:
1000 Salawat Sharif , 1000 La ilaha illa Allah,
1000 La illaha illa´llah Muhammadun rasulu´llah
Der Prophet -sall´allahu alaihi wa sallam-sagte: „Wer in der ersten Nacht des Shabans 12 Rakat betet, in jeder Rakat die Sure Fatiha rezitiert und fünfmal „Qul huwa Allahu Ahad“ (Sure Ihlas) der bekommt den Lohn von 12.000 Märtyrern und die Belohnung von 12.000 Jahren und wird von allen Sünden reingewaschen sein, wie ein neugeborenes Baby“.
Der Prophet -sall´allahu alaihi wa sallam-sagte: „Der Shaban ist mein Monat und er ist das Schutzschild gegen die Hölle, Jahannam, wer mit mir sein möchte sollte mindestens 3 Tage im Shaban fasten“.
Der Prophet -sall´allahu alaihi wa sallam- sagte auch: „Reinigt eure Körper durch das Fasten im Shaban, wer 3 Tage im Shaban fastet und vor dem Iftar Salawat Sharif macht dem werden die Sünden der Vergangenheit vollkommen vergeben und er bekommt Segen für seine Versorgung“.

## THE WEAK ISLAM OF TODAY

Allah Almighty granted the Nation of Muhammad sws. more than any other nation. Nevertheless we are living under the hegemony of non-muslims and their pressure on us is growing from day to day making it impossible for us to grow up and to stand up. All kinds of power are on top of the Islamic world. The whole world, from East to West, are trying to take away the Islamic world and they don't want there to be any muslim territory. There is a hadith: The Prophet sws. was saying, "If my umma is going towards Allah, He will grant them one day. If they change their direction, Allah Almighty will only give them half a day." After that, the Prophet sws. recited, as an explanation for that day, "One day in the Divine Presence is 1000 years of our time." So if someone only gets half a day, that means 500 years.

The way Muhammad sws. said this is a miracle, because he was speaking about the future. The first 1000 years of Islam were full of victory. This was until the year 1687 when they failed to get into Vienna. Since then it is 300 years. That was the time when Islam began to loose its power and to decrease from day to day. In our days Islam is only Islam by its name. The Islamic world only exists by its name and the whole power which is directing the Islamic world and its governments are either following the western world or the veiled power of underground Jewish Zionism.

This makes it impossible for Islam to stand up. Everything is against Islam. Since that date until today all our leaders and Sultans think that this is obligatory. This is the idea which is destroying Islam. Every single

leader who came to Muslims since that date is looking towards Europe because after the Renaissance Europe became great through its technology and the Islamic world thinks that it can reach Europe by copying their technology. So we want to follow them.
When we send them our students they take the values away from them and give them information of no value and send them back to us. Everyone goes there in one condition and then they come back completely changed. They come back and cause a lot of trouble in our communities because they don't fit there anymore. They don't like their own countries anymore. They say, "This is not a good life. The way of the western people that is the real life, that is good." They don't realise that the life in the West is so much more dirty. They have been so manipulated that they think, "The real high-life is in the western world, our life is worth nothing."

That is why the youth in our countries usually look towards the West. They want to reach the same level of life. This is the end of Islam. When our people look at the life of the unbelievers and think that they are seeing the best life, then we are loosing everything and every value which we inherited from our ancestors. So one of the most difficult problems for Muslims nowadays is that of education. These wrongly educated youth are never going to respect Islam. Unless the unislamic education is stopped, there will be no future for Islam. Youngsters must be taught that Islam is the best and they must be the defenders of Islam and of Islamic life. If that foundation is not there, all our problems will arise from that point. The Islamic world is now wondering what to do. We must realise how important it is to make our children to like Islam, but we are not doing this. Even if we are not aware of it, the other side is using everything; broadcasting, TV, films, advertisement to make western life attractive.

If this wasn't the case everything would be so easy. Like Palestine, what is the problem with Palestine? Nothing! If Muslims were united we could make them sink, but there is no power within Islam. If there was, the Jews would not be able to sleep even one night inside the heart of Islam. Palestine is the heart of Islam. What are they doing there? Even without fear. Allah Almighty could send fear into their heart and make them take everything they have and to run away from there. But those chances are gone, there is no more real Islam.
Islam is finishing so quickly. Take Cashmere, or even India, there are 400 million Muslims living there,but it is the idol worshippers who are making everything there, the Muslims nothing. In Afghanistan everything is continuing and the Islamic world is not reacting. In Russia there are 200 million Muslims and since the

beginning of the rule of the devils there,50 or 60 million Muslims have been killed and no-one says anything. Our youth is not reacting, because they say that Islam is backward. The minds of the new generation is polluted with that kind of advertisement. They are learning to refuse the Holy Books. Every education system in Islamic countries is against the Holy Quran. We are teaching our children a system which is against the Quran. How are they supposed to respect the Quran and to respect Islam like that?
We know, because all of us have been educated in such a way, it never changes. It happens in Pakistan, in Libya, in Turkey, in Sham, in Hijas (who are claiming to be first in Islam)... everywhere that secular system is teaching .

I was in America and one person was doing an interview for the radio with me. He asked so many questions about sufism because in America there are so many kinds of people, but everything is under the control of the Jews. His interview lasted for 2 hours. So he also asked about youngsters, because they know that the new generation will finish. So he asked, "What can we do?", and I said to him, "You cannot do anything. You may set up so many laws, but you cannot use them, because there are underground governments. The governments overground cannot do anything. They cannot prevent any evil because every evil is fed through the mafia. The mafia is controlling the governments and the police and the armies and even the number ones in all the countries are under their pistol. They must do whatever those devils tell them to. If they don't do what the mafia-devils tell them to, they will not be number one or number two or number three or have any power in their hands. In America they tried so many times to bring rules to prevent the white poison, or red poison or so many other things, but it will not work." To all this that I was saying, the interviewer agreed.
I told him, "You are like my grandson, don't think that the whiteness of my beard has come through flour. I have been looking since the beginning of the Second War and even before then until today at everything and I know what is going on all around this world. Perhaps very few people know what is behind the veil, what is really going on. I know, because Allah Almighty has given me the ability to look even underground and behind the veil. There is nothing you can do about it!"
The interviewer wanted to know what this all would result in, "Is there no hope?"
"The only hope is from Allah, not from mankind, not from the states, not from the statesmen, not from the police... No, no, no. The only hope now, is from Allah Almighty. If He wants, then in a moment He may change. But if conditions continue the way they are, we will be nothing."
He was very young, he cried. The only hope for humanity, is from Allah. A change must come, and it must

come before the year 2000. Don't be afraid, Dajjal cannot enter Mekka or Medina. The Jews can. I was asking myself, "Why did the Saudis let the Americans come to defend them?" Were the unbelievers threatening them? Why did they ask the Americans and their army of unbelievers there? That was a big mistake. If they really needed more power there, then they could have called armies from Egypt, or Pakistan to say, "Yes, enough!" That is our situation, but we are not going to be hopeless.You are all young people, all of you will be in that time, insha'Allah.

Palestine will not be for the Jews, but because of the weakness of Islam, they were able to enter.

## We are All Equal in Servanthood

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Ash-hadu 'ana Muhammadan abduhu wa Rasooluh. Allahuma salli wa salim wa barik 'ala Sayyidina Muhammadin wa `ala aalihi wa barik was sallam. Huuu. la ilaha illa-Llah. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem.

May Allah bless you and forgive me. We are thanking Allah Almighty once again that granting us once again to reach this holiest month. The month of Ramadan is the "month of mercy." Marhaban ahlan wa sahlan ya shahr ar-rahmah! Greeting and welcome, O month of mercy! Madad, yaa Sultan al-Anbiya. We are meeting here for the honor of the beloved Prophet of the Lord, Allah Almighty, whom He sent to His servants Sayyidina Muhammad (s). May Allah give him more honor here and Hereafter. He is the most respected, most honored one among all Mankind. He is beloved, Sayyidina Muhammad (s)!

We shall look throughout this holy month at what will be granted daily to our people, to our brothers and sisters, true mu'minaat. We are in need of some knowledge. You have science, what Mankind thinks in their heads from science fields. Science will never be an ocean, but divine knowledge is an ocean! We can say "divine knowledge," but we are not saying "divine science," as science will never be divine! Divine knowledge opens divine wisdoms.

People think (according to) science, and the fruit of science is technology. Therefore they are in depression; one after one is falling in depression and technology can't take people out of depression. There is no treatment for Mankind through science, not for their troubles, depression, suffering, miseries, or from their problems! The only answer for their problems is through heavenly knowledge; one may treat Mankind's sufferings and miseries with heavenly knowledge and nothing else. Don't think that pills, tablets, or spirits "cure" people; it is impossible! Don't think that drugs may give people confidence, satisfaction, pleasure and happiness. Never!

Therefore, we are saying, now Mankind needs knowledge that comes from Heavens through prophets, through illuminated people. When that knowledge comes, they will become enlightened and illuminated. You must if everything is alright or not. When lights are coming, people are illuminated, like the beam of a flashlight. If heavenly knowledge comes to a person, it must show itself through space. If you can see that light, you must understand that heavenly knowledge is running through that one's heart.

We are in need of such knowledge, to arrange our inner lives and to be able to fix our relations from Earth to Heavens. As long as we are on Earth without a connection to Heavens, we are like other creatures, with no value. There is value for Mankind as long as they may reach to Heavens. All prophets came from Heavens, but they are living on Earth to make our connections to Heavens easy. If they are not coming from Heavens no one can reach Heavens! And also after prophets, there must be someone whose connection is to Heavens and if anyone is asking to reach Heavens then everyone has a heavenly station. The Creator granted to everyone, women or men, divine stations in Heavens, and all of Heavens are in the Divine Presence. The Lord created Mankind and granted them their heavenly stations in the Divine Presence. What we are speaking about is knowledge from Heavens that reached to prophets and traditional knowledge belongs to Heavens; what we are saying belongs to those heavenly oceans. Don't ask to try it by scientific methods; that will never give proof for knowledge. Science is on Earth and knowledge is in Heavens. Science arranges your life on Earth, and heavenly knowledge arranges your heavenly life. Knowledge surrounds all science, which is a drop from the oceans of knowledge.

Therefore, when a person enters Knowledge Oceans, he or she finds confidence and pleasure, but science makes him in a very short distance; it imprisons people! We are in need of that heavenly connections and

have been offered a way to reach our heavenly stations, where everyone's names are written on their individual, private, special stations: That is for this one, that is for that one." There, men and women are equal. Here on Earth, they are asking for equality between men and women. Women are asking to be equal to men here in this life, but the Creator is making different characteristics for men and women. If a person is using his characteristics from being male, he going to be another creature. If a woman is using her characteristics for being male, she is going to be another strange creature. Therefore, Allah Almighty created a man to be a man and a woman to be a woman. If He Almighty was asking them to be equal, He would create everyone to be only men or only women! He created men and women, two kinds, and each one is independent in their creation. There is no equality in their creation, but as human beings, all of them are the same; all are servants, and servanthood is making them equal in the Divine Presence.

But now women are asking for another kind of equality, which is foolish, useless, and which has no value. Their equality is in their servanthood in the Divine Presence! Allah Almighty is asking for men and women to perfect their servanthood. Allah Almighty is asking from all human beings to be servants, and servanthood is the true equality among men and women. All of them have been offered to be servants, and there is no higher honor than to be servants to the Lord, Allah Almighty. But now women think if they do man's work that it will be an honor for them. They are becoming engineers, soldiers. They think that is an honor for them because men are doing all these things and they are asking, "Why are we not going to be doctors or engineers? We must be." That is short-mindedness with little thinking. They do not understand what Allah Almighty is giving to all Mankind. The highest honor is to be His servant! His Majesty, the King, sultans, emperors, all of them are proud to be accepted by the Lord, Allah Almighty, as His servant.

Her Majesty the Queen, here in London, may Allah bless her, is proud to be a servant of the Church of England. She refers to herself as "servant." Emperors were also servants, and in Islam all of them were servants of the Lord, Allah Almighty. They never knew any higher rank than servant of the Lord, Allah Almighty, and Allah grants them equality by making all of them His servants. But they are fighting, saying, "Why we can't be like men, with equality?" You can't be like man because your creation is to be a woman, and you have been honored to be a servant, finished! What promise did the mother of Sayyida Maryam (a) make to Allah? All of you must know it. Aali `Imraan, the lady of `Imraan, when she was pregnant, prayed, "That which I am carrying, I am giving to be a servant of the Lord, Allah Almighty, in Jerusalem." She thought it

would be a son. The Holy Qur'an is giving every evidence for women and men to be fully confident (in their nature). We are speaking from knowledge, not from my stomach or from my head, but from my heart. She asked for what she was carrying (in her womb) to be the Lord's servant. When she gave birth, she was very surprised, saying, "O my Lord! What happened? I can't keep my promise as I have a daughter," and she was thinking to throw it away. But Allah Almighty is giving an example for Mankind, saying, "No, I am accepting her as a servant in Bayt al-Muqqadas (the Holy House in Jerusalem)." That means Allah Almighty is honoring all women, accepting them as a servant, as a son is accepted!

That girl, Sayyida Maryam (a), was accepted. That is divine equality, but women are fighting that honor. No woman must be like a man or work like a man; that is not equality! Allah Almighty honored men to be men and women to be women! Keep the ownership of servanthood and both wings, of men and of women, must keep the honor of each other; men must keep the honor of women and women must keep the honor of men. Men must keep the honor of women, to be equal in honor and in respect, also.

Allah Almighty is giving you (women) a little bit more power for this life, to carry the burden of life, because your creation is stronger. They are weak, but they are stronger than men for worshiping and they will easily reach a connection to their heavenly stations. Now it is possible for men to reach a connection in forty days, but we may do the same for women in forty hours! If I say an order to you (a man), you must keep it for forty days to keep a connection, but for them (women) I may do it for forty hours, to reach a connection. Then you will look up and wonder, "Where are they?" (Mawlana Shaykh laughs)

So the sole discussion of the true equality of men and women is based on heavenly knowledge, but philosophers and scientists may continue on their knowledge. Knowledge gives confidence to hearts, and thanks to Allah Almighty, that He granted for our first meeting sakinaat, that means confidence. Are there no Arabs here? Are they all sleeping? Sakeenah brings confidence and inshaa-Allah that sakeenah, peace, will open in your hearts and we are in need of that deep peace.

O Mankind! We are in need of that deep peace in our hearts because difficult conditions are covering Mankind and they are losing balance in their spiritual beings. May Allah grant us through these Endless Oceans that He granted to His beloved one (s) and His awliya that we may perhaps complete forty days or forty hours, they we may reach the Holy Night of Power in Holy Ramadan. We shall try, if our brothers or

sons may reach. Now it is close to Maghrib, and we can make our association by divine knowledge. May Allah grant you good understanding and grant me to speak on divine wisdoms.

Allah Allah, Allah Allah, Allah Allah, Azeez Allah!
Allah Allah, Allah Allah, Allah Allah, Kareem Allah!
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah!
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah!

Fatihah.

(Second part of video)

By the Name of Allah Almighty, alhamdulillah, this is the holy month of Ramadan, and Heavens are open for the servants of the Lord, Allah Almighty, and the doors of Paradise are open for the servants of Allah. Hells are locked up, not to be open for the servants of the ummah. May Allah Almighty grant to our attenders and to the nation of Muhammad (s) from His endless Mercy Oceans, from His endless Favor Oceans. We are expecting our Lord's blessings. There is an important point to be well known: Allah Almighty created Man, and they are His servants and also His deputies. Allah Almighty is granting His divinely love to all His creatures. To which kind of people is Allah Almighty granting from His divinely love? He created all with His love, but He is going to make it more and more, and He sent His servants to this life.

Do you think that He sent Mankind to Earth for dunya? Do you think that Allah Almighty just sent His servants to be servants of this world? If a believer is thinking this, it must be wrong. Allah Almighty never sent His servants here to this life to be servants for this dunya! He sent His servants to this Earth to be aware of pre-Eternal. You are not servants only here. No one knows when your souls were created except the Creator. Don't think that your existence began when you were born in this life. Our physical being in this life began by dust, but only Allah Almighty knows when your existence began. From pre-Eternal, His servants were servants and you were one of those servants! We were all servants from pre-Eternal up to Eternal, and Allah Almighty gave honor to you through that creation, by making you His servant, and then the Almighty gave you a new physical being. Your real being is in the Divinely Presence, but He gave you a physical being here. Then He observed, when you dressed in your physical body, are you going to lose or forget your servanthood? That is important, and the biggest test for Mankind.

Mankind was created a long time ago, before "time" began, when there was no time and Mankind was in the Divinely Presence as servants. No time or space was yet created, but Mankind was present in the Divinely Presence as servants to their Lord, Allah Almighty. His Divinely Will asked to dress them in a physical body and send them to this life. I am not speaking from science; we are speaking from heavenly knowledge, and there can be no objecting on it. You must listen and obey. What we are saying is from heavenly knowledge and only a few people are authorized to speak from knowledge in our days. You are lucky to be listening and accepting what we are saying to you! And Lord, Allah Almighty, ordered Mankind to be dressed in a physical body that He ordered to be created in Paradise, from where we were all looking how Creation is going on. All Mankind saw what Allah Almighty created for them of their physical being or physical body. Then His divinely will asked for a big test for them and divine wisdoms granted endless blessing on Mankind, on those to be dressed with a physical being.

From that time up to today, and up to the end of the Day of Resurrection, the Last Day, that divine test continues. Divine people are asking for equality between two kinds of human beings, women and men. Who is preferred in the Divine Presence, women or men? (...video goes blank...)

## We are asking for spiritual support

Destur, ya Sayidi, Meded, ya Rijalullah! We are asking for spiritual support. I am not only asking support for myself, the whole world, all living beings are in need of a spiritual support now. That is the only thing we missed or lost. The people of the 21st century lost the spiritual support, and, what is worse, they are not asking for it. That is the top point of heedlessness. They lost it and they say: 'I don't care. It is same for me to be or not to be.' This is the mentality of 21st century's people. And it is the worst situation, they are sinking in an ocean, and it is not a clean ocean, but Sewage Ocean, and people jump inside it like rats.

You should find everyone tonight preparing himself to jump into the dirtiest ocean of sewage. And I am surprising- you make your dresses good and jump into the sewage? Every night they are in that ocean, but tonight is the top point, all nations, the whole world, prepares to jump in it.

They are Christians, they have baptizing; if no baptizing, they are not becoming Christians, because they know, that every baby is born as a Muslim. Therefore they must bring baptism- getting in Muslim, coming out Christian-

that is their belief. I am not involving, they know. But I must say that tonight it is the same position for the people of the whole world. Shaitan is the one who is making this scenario for all mankind living on earth, and he is saying to the people: 'O my followers, tonight I am making for all of you a baptizing. Prepare yourself for tonight's New Year Baptizing, not for the New Year, it is not a real thing.'

He is saying: 'Prepare yourself for tonight, I am making baptizing for all mankind, my followers, who should jump into that ocean, sewage, to take much more from it for your pleasure, free pleasure. Everything is okay for you. Don't believe in religion, don't obey the government- you may do everything you like. When it is going to be midnight, 12 o'clock, I am going to put off all lights and electricity, and that time you must fall into my ocean quickly, for one minute- I am not going to give to you too much, because you can't be able to get out, if the midnight ceremony is more than one minute.'

So every year he is giving one minute, not the whole.

And from tomorrow on they prepare themselves for the next ceremony. That is the biggest ceremony. Shaitan is saying: 'If you loose it, I am taking your name out from my book.' And who lost it tonight tomorrow- lost or not- is beginning to prepare himself, by the command of Shaitan, for 2003.Shaitan is saying: 'O my followers, my friends, don't worry, don't be sad if you missed tonight, or you are not satisfied from tonight, 2002. Prepare yourself, everyone must prepare himself more than this year for 2003.'

You must understand. Therefore people are looking this year also a new accusing for those, who are not accepting the ceremony of the devil, Shaitan,. Who is against them and gets away, they accuse them in a new way and say: 'You are Taliban heads, you are not from our people.' Who is not preparing a table for tonight, not putting lights, a pine tree, not making cake or turkey, they are accusing as Taliban, and say: 'Don't give way to them.' That is the shaitanic command for his followers, the devils, and he says to them: 'Write their names, put their names on the computer and follow

them seriously, don't leave them to do anything. Cut their wings, cut their hands and feet, even cut their heads. As long as these people live with us, it is most dangerous factor, most dangerous group for me and my people. Don't leave these people to do anything, they must be taken away. You must do everything that they should disappear from communities or always you should be disturbed by them. They say that you must believe in religion, keep Islam, keep Halal, and be obedient servants, do this or don't do that. You are not going to be free to lead your modern life. There must be only the new life system, those people must be taken away. Governments must be against them, armies must be against them. No tolerance for them, because they are Taliban. Give chance to Christians, Jews, Buddhists, but don't give chance to Muslims, they are the biggest danger for you and your Sultanate, and your Sultanate is not yours- it is mine', Shaitan is saying.

'It is impossible for my Sultanate to continue with those people. They are dangerous, even if they are only one or two or three, but yet they are like a fly falling in a plate, taking your pleasure, if you find it, you spit it out.

I am saying: 'O my Lord, who is not recognizing You, take all power from them. Enough what You gave to them, please take this power from them and leave them powerless, to fall down, not to see another New Year ceremony which belongs to Shaitan, not to Heavens.'

Muslims are sleeping. What are people doing in the markets today? And they cry: No money! Look now how they are running to buy so many things, and look up to morning how they put billions into the toilet. Not billions of Turkish Lira, but billions of Pounds, trillions of Dollars, quatrillions of Marks, pouring into toilet for one night. How Allah Almighty is going to send His mercy on them?

The followers of Shaitan and devils try to make top pleasure for themselves- they should cry the whole next year, or half of the year, because perhaps ½ of the inhabitants of the world cannot reach to 2oo3.

Some people were writing what they are expecting for the future, fortune-tellers, they fear. If I am saying something, people don't fear. But I am not a fortune-teller. We know something- that up to next year perhaps half of the people living now will not reach the New Year ceremony.
May Allah give His mercy and guidance to mankind and grant from His guides to save His servants from the hands of devils and Shaitan. May Allah bless you and forgive me.

**We are asking to be from His good servants. Everyone is Allah Almighty's servant, even Shaitan, also His servant, but he is a bad servant, and who follows him, is also bad servant**

As-salamu alaikum...Shukr Allaha, Shukr for Allah Almighty. We are asking to be from His good servants. Everyone is Allah Almighty's servant, even Shaitan, also His servant, but he is a bad servant, and who follows him, is also bad servant. Bad servants names are written on a list and because they are bad servants they should be punished. Bad servants are disobedient ones, they are obedient to Shaitan and disobedient to Allah; they are bad servants. Good servants are who respecting and following Allah Almighty's orders. They are obedient servants, they are good servants, belonging to Allah. Bad servants belong to Shaitan. That is important point that everyone must keep and try to be good servants, not to be bad servants. Everyone must try to follow prophets, particularly the Seal of Prophets, S.Muhammad sws. We are not saying that we are innocent ones, no. Innocent only are prophets, and also Awliya reach to a station that they should be protected from attacks of Shaitan and they are also innocent ones. But common people we are sinners, no one can say that I am always without sins, I am doing everything as Allah Almighty ordering to me. No one can claim that I am not following Shaitan 100 %. You may not follow him 99%, but 1 %, and you may fall and you may do a sin. The father of mankind, S.Adam, he fell in sin, one sin, once. He was innocent, but that his whole generations he was carrying on his back, good ones and bad ones, and Awliya saying from most honoured prophet's teachings, that Adam was never going to do something against Allah Almighty's command or order or advice, but from his generation there were Kafir, disobedient ones, sinners, bad ones,

and they were moving towards that sin. Even Adam a.s. can't be able to stop himself, because billions of his generation that they should come to this life and going to be unbelievers, followers of Shaitan, agents of devils, sin makers, sinners, hypocrites, munafiq, they were pushing him and he can't stop himself, as a strong wind pushing you like this...They ate, not Adam alayhi salat wa salam was eating.

Therefore we are sinners, but Allah Almighty is making Tauba and Istighfar for cleaning His servants. Because anyone who is doing a sin gets dirty, he is not clean, quickly coming and becoming a dirty one. Allah Almighty saying: 'Who is not accepting the existence of Allah Almighty and His Oneness, His Unity, is a dirty one'. And ordering to His Prophet: 'Don't leave them to approach My Holy House in Mecca Mukarama. Don't leave them to come once again here. They are dirty ones. Send them away'. And also every sin makes people dirty, dirtying them. They must be clean. So quickly...Anyone feeling or knowing that he did some wrong thing against Allah Almighty's order must say: 'Tauba ya Rabbi, Astaghfirullah, just I followed Shaitan and now I am dirty, I am asking forgiveness'. Till forgiveness comes to you, you are dirty, and forgiveness comes when the servant says: 'Astaghfirullah, Tauba ya Rabbi, Tauba ya Rabbi, Astaghfirullah'. That means: 'O my Lord, just I was running or following Shaitan and I did a wrong thing; I am a sinner. Now I am asking forgiveness, I am leaving him, no more I am following him, I am turning to You, o my Lord, forgive me.' And He forgives.

The Prophet sws was saying: 'Shaitan was sometimes very sorry, and when he was sorry he was saying this: 'I am trying to make Adam's children to fall in sins, and I am doing that so that they should be finished'. If a person falls in a sin that means just he destroyed himself by himself, as people now put something on their bodies and this explodes and he is also going to die, destroying himself. And sins make the children of Adam to destroy their faith and their obedience and prayers, not like that person who destroys himself physically, but really, if a person does a sin, destroying his obedience and his spiritual being, finished.

Shaitan was saying: 'Just I am making them to destroy their faith, their servanthood, their obedience, but they also destroy me when they say: 'Astaghfirullah, Tubtu wa rajatu ila-llah. O my Lord, I am asking forgiveness, I did wrong and I am sorry, I am asking pardon, give Your forgiveness to me and keep me through Your protection, put me through Your protected area.' (When they say this,) Shaitan is going to be very sorry. He was complaining from the children of Adam, he was so tiring to make them to be with him in Hells, to make them dirty, and dirty people never coming on them mercy, but he was complaining: 'I am so tiring and when they say: 'O Allah, Astaghfirullah, I did wrong, forgive me', then all my work is going, I lost everything.' Therefore, o our followers, we are asking to follow Awliya, the inheritors of Rasulullah, sws.

Awliya going to be Awliya, because they follow the prophets' steps. Who stepping prophets' steps, is Wali, Awliya. If not, they are not Awliya. We try to follow he steps of Awliya, because their steps are the steps of prophets. If you like to safe yourself physically and spiritually and forever, follow the steps of Awliya. We are so weak to follow prophets' steps, because that needs strong Iman, faith, so that you can put your feet on right path strongly. If you haven't 'qadama sidqin', you haven't true steps, you can't walk on true way, no. True way asking true steps. True steps through true feet. True feet belong to true heart, if your heart is not true, it can't command your feet to be true.

Therefore look- anyone that has true steps, follow them, anyone. Anyone you may follow him. If not, you are going to follow steps of Shaitan and who is following shaitan, he must finally reach to Hells. And through hells he should be so sorry and regret, but it is going to be too late, finished.

Now you are welcome through this holy city, perhaps you visit first time, and its honour, if you speak for the honour of this holy land we can't finish up to end of world. But it is a holiest area for Muslims, Sham-u-sharif. Awwalu sham, akharu sham- should be here Day of Resurrection and Judgment Day should be here, all Awlyia and Anbiya coming here, whole muqmins coming here, whole mankind, when getting up from graveyard, must come here. Some of them coming just riding on buraks, some of them should be carried by whips and sticks, some should be carried on their faces, angels carrying them and bringing them here.

Be thankful that you reached to this holy place that the mercy coming on it, rahma-tu-llah- if coming on a Kafir, finally he must die and he is Muslim. May Allah forgive me and bless you and make our gathering a holy gathering and grant to all of us to meet Mehdi a.s. here and to take beyat from him under the holy flag of the Seal of Prophets sws.

Allah Allah, Allah Allah, Allah Allah, Aziz Allah.....Kerim Allah.....Subhan Allah....Sultan Allah ...

Try to be Sultan's servant... Sultan up to eternal. From pre eternal up to eternal He is the Lord of Heavens, Allah Almighty. Try to be honoured through His divinely service. Give much more time for His servanthood, make less your slavery for Dunya, make it down, and make the servanthood of Allah Almighty up, to be through His eternal sovereignty and kingdom...For the honour of the most honoured servant of Allah Almighty S. Muhammad sws, for the honour of all Anbiya and Awliya, particularly that we are in the huzur, the holy presence, of Uwais al Karani and all Anbiya and Awliya, for their honour may Allah grant us... Fatiha.

It is the biggest miracle when the servant of Allah remains ‚mustaqim'...

There are 7 kings of Jinn around Uwais al Karani, protecting Sham...

**This is an association and we are asking to follow prophets and their inheritors.**

This is an association and we are asking to follow prophets and their inheritors. Man created into two kinds: Some of them have a speciality to be followed, and the speciality of another group of mankind is to follow. Some of them must be followed, another group must follow. And followed people also come to be of two kinds: One kind belongs to heavenly beings and their representatives on earth. The second group also are followed, but they are on the wrong way representatives. One group belongs to Heavens and blessed ones, and the second group belongs to the darkness of materials. One group belongs to the spiritual world, the second group belongs to the material world. Both of them their speciality is to be followed. Lucky ones, fortunate people are those who follow followed ones from Heavens or who belong to heavenly people. They are going to be blessed ones and reach lights and every goodness, every pleasure, wisdom, mercy, beauty, power and favour oceans. Because they follow heavenly followed ones. Who are they? Prophets. Their creation, if you look out looking, you think it is similar (to yours). Yes, Allah Almighty dressed them a man's creation. Their outlooking is similar to everyone, but inside, no.

Those people who belong to the material world and its darkness were objecting and said to the Prophet: 'If you claim that you are sent from Heavens, how it can be? Because our mentality is saying that if a person belongs to and his connection is with heavenly beings, we think that one who has been sent from Heavens must be a heavenly being, an angel. We don't think or we can't imagine that you even to be a warner, because

we don’t imagine a warner from mankind. We were thinking that a warner from Heavens must be an angel. We are not understanding that people may be warners from Heavens.’ They were asking a way to leave and run away, because they belong to darkness.

Therefore prophets belong to Heavens, but outlooking...If their real personality was going to appear, this world can’t carry them. Therefore Allah Almighty said: ’If I am sending to people angels from Heaven, I am going to dress them a man’s beings’ dress. They should appear as a man.’ Once the Prophet was sitting with the Sahabas. And a strange person was coming in. The Sahabas looked to him, no one knew or recognized him. From his appearance he was a foreign person, a stranger, but his clothes were so white, and his hair and beard so black. If that person was coming from must be seen on him a sign of way, that he is coming through desserts and dusty places. But nothing was on his hair. His appearance was just coming from up and appeared. He was coming and sitting in front of the Prophet, putting his knees to his knees and asking him: ’O Muhammad sws, what is Islam?’ Prophet saying this and that. ‘What is Iman?’ This and that. ‘What is Ihsan?’ The Prophet was answering and that person was saying: ’Alright, okay.’ The Sahabas were surprising. Such a foreign person is coming to the Prophet, no one knowing him, and he is asking the Prophet and when he is answering he says: Alright? So many questions he asked and the Prophet was answering and he approved: ’As you said’, like a person examining someone. When finishing, getting up and going back, not turning his back to the Prophet. No one can turn his back to the Prophet. Coming to the door, bowing, standing and leaving. The Prophet was sitting for a while, and then he said, calling Omar: ’Ya Omar, reach to that one, look after him.’ And S.Omar was running to look after that one; instantly running and it was only one way, no one on it, that person must go there. Maybe five minutes, and he disappeared. S.Omar was looking and quickly coming back and saying: ’O Rasulullah, I can’t find him. That person disappeared at the door. Who is that one?’ ‘That one was Archangel Gibrail, coming to teach you your bases of Islam, Iman and Ihsan, and what is necessary to be known about it and about the last Day and its signs. He is coming to teach you, not teaching me. I may teach him. I am his teacher, not he is my teacher. My teacher is only Allah. He was Archangel Gibrail and the questions and answers were for you.’ If Archangel Gibrail was coming in his original appearance, this world couldn’t carry him. And Allah Almighty dressed him as a man, coming and sitting in front of Rasulullah.

This is a great evidence that everyone who belongs to Heavens, if he has been ordered to come and to appear through people, he must dress as a man. His out looking is as a man, but his inside is so different. Now no mind people, Wahabis, say: ’Muhammad was like us.’ They are Munafiq to say this. S.Muhammad can’t be

like us, no, his appearance, because the real reality of S.Muhammad sws never moves from the divine Presence. It has been sent only one sun there, on the sky, but they are saying: 'This sunlight is the sun.' This is (up there) or that (the sunlight that you see on the floor)? This sun can be here? Impossible. If the sun is going to appear on earth, the earth was no more. But it is here and it is doing what it has been ordered to do. That gives life on earth and light. If not, this earth would be a dark place, running through endless space; no on knows a beginning and an end for it. When Allah Almighty sends light on it from the endless light oceans, only one ray, coming from Allah's light oceans to the sun, it makes it to shine. Neverending shining, not burning and coming light (like a candle), no. Your light (on earth is like that): it comes and burns so many things and brings light to you. But that light, only one ray from the endless light oceans reaches the globe of the sun and it begins to give lights, reaching to every planet and especially to the one chosen to be the land of mankind, the homeland of mankind. Coming on it, giving lights- sunshine.

Don't think the reality of the real being of S.Muhammad he was with his personality body on earth Can't be. More than this was whole world to be ashes. But no mind and square head people say: 'Muhammad was like us.' Cursed are those people, who say this. There must be guides from Heavens, who belong to Heavens, and people who follow them reach to Heavens, endless light oceans. The second group of people belongs to the material world, to darkness. Who follows them, reaches darkness.

We began with the association and we said that we are followers. I am following such guides from heavenly beings, therefore I speak and make associations as they were doing, and when I follow heavenly guides, their guidance gives to me light, life, enjoyment, refreshment, youth power, strength, pleasure, wisdom, knowledge, endless hope and endless life. Therefore it is important for the people of the whole world, if they ask to reach humanity- those enlightened through heavenly guides. And others- mankind is a common name. But some people are enlightened, and others are in darkness. Try to find enlightened guides; if you follow them, you reach to enlightened worlds, light oceans, and you should be forever through lights and their oceans. If you say: 'No, I must look after my physical pleasures'- you are free; you may follow, if you prefer the level of animals whose enjoyment is with eating and drinking and sexual pleasures, your level is going to be same. But if you ask the level of Heavens and heavenly beings, follow heavenly guides.

Therefore you may sit with Ulema, scholars in religion; if they call you to Heavens through their ways follow them. If they call you to Dunya, don't follow. There are Ulema for Dunya and Ulama for Akhirat; of the scholars in Islam some belong to Heavens, some to darkness. Who brings Dunya in front of you first and says: 'Lookafter your Dunya first', they are bad ones, and you can't reach your heavenly position (through

them). When you are present with someone that calls you to heavenly asking you to follow heavenly guides prophets and follow them.

This is an important sign to be known by everyone. If anyone asks you and calls you to heavenly beings, it means he asks and calls you to Allah, and as a summary we may say: Anyone calling you to Allah, follow him. If not, he is a dangerous person and you may reach to Shaitan (through him), and it is not a good end for you.

## We are asking to learn something

Destur, ya Sultanu- Anbiya, Meded, ya Rijalallah...aiduna bi madadikum...Mededu-l Haqq...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

Are you ready? Everyone here? Or through East and West running around?... X. coming from (a) far place, asking to learn. Yes. To learn is (the) most important mission for mankind. For what coming to this life? To learn! About whom? First about (Him) who is (the) Owner of this world, (of) that sun and (the) moon and (the) stars, and skies- for whom (they are)?

We are asking to learn something that is necessary to be known. The Seal of Prophets, the teacher for (the) whole (of) creation, whom they are able to learn- S.Muhammad sws, (he is) coming to teach people, to make them to learn. (But) people are saying: "No, what we are knowing now, it is enough, more than enough." "What you learnt?" "Something. We wasted our youth, our energy and our valuable life..." "And what you learnt?" They are saying: "Nothing." That is the limit of heedlessness, the limit of ignorance. You must try to learn something that you must know (it). If you are not knowing (that), you should be blamed and (you) should be accused. (Therefore) you must learn (that knowledge)!

(The) Sahaba, the Companions of (the) Seal of Prophets, S.Muhammad sws, his companions, (they) were surrounding him to learn something, because (the) Seal of Prophets was (the) main source for (divine) Knowledge that (was) coming from (the) unlimited Knowledge Oceans as a grant to him and to his nation. For that purpose we have been created. Not for eating and drinking and trying to enjoy ourselves through this life. It is not (the) time for enjoyment (here), because it is such a short life and mostly people they are making or they are bringing trouble to themselves that they haven't (been) offered (to do this).

(The) Sahaba- the companions of S.Muhammad sws- they were surrounding him and (they were) listening to him keenly, to take some knowledge that it is (always) new and knowledge (that is in) just that moment

coming. Because (the) Prophet was speaking from heavenly Knowledge; when he was opening his mouth to address people, (it was) new (knowledge) coming. He was not using something that just had been sent as knowledge to other nations.

Therefore S.Muhammad sws was getting angry, when he was seeing and hearing that S.Omar was looking (into) some books from (the) Old Testament and (the) New Testament, saying: “For what? I am bringing new ones, leave that. If the Prophets that have been granted from Heavens these books, when am coming here, they were leaving that Old Testament and New Testament. It should be old knowledge (and) new knowledge (is what) I am bringing to you. They are going to be like water just bottled in bottles and you are trying to drink from that, (but) just I am bringing to you from (the) source, new source. Yes, that is water and what I am bringing is water also, but this (is) instantly, just now. I am opening my mouth and new knowledge (is) coming to you that (is) making your real being to open, to enjoy and to know and (to) improve and to come closer from the Lord of Heavens and to be much more prepared for your Lord’s servanthood in His divine Presence.

I know their water, I am not saying it is not water, but (it is) bottled. That time they were using. Now leave that, ya Omar. What I am bringing, if their Prophets (were) here, (they were) not looking these bottles, (but they were) coming to me to drink from me.” What do you think? That sources of knowledge dried or yet (they are) running? Yes, running and what (is) running is enough- or more than enough- that people (are) reaching through 1ooo’s of years from knowledge. They may reach in a second new Knowledge that (is) granted from His Lord to him. It gives to you much more power than (that) what all Prophets (were) granted before you. No need to look there.

Even their Prophet Jesus Christ and Moses coming to follow me. They should leave (the) Old and (the) New Testament and coming, asking: “Make us to drink, oh the Seal of Prophets! Let us drink from your spring new knowledge!” But people (are) no-mind-people now. This source (is still) running, but people (are) running to other sources that are only (like) channels of sewage. Besides (the) spring of (the) Seal of Prophets whole other knowledges that people (are) running after now is only like sewage that you can’t drink (from it), you can’t wash yourself, you can’t live with that. (It is) taking from you, but nothing giving to you. Now people (are) running after that sewage channels water; they are giving, but not taking. (So people are) taking poisoned drinks that they can’t live with that- they are poisoning and now (the) whole world (is) just poisoned because (they are) drinking from (the) sewage of Shaitan. Every dirtiness (is) in it, every poisoned materials (are) in it, but its label (is) so cheating advertisement: “Come to real life and enjoyment. Come and

join to our group, oh mankind!" And now 21st century's people have been poisoned. And (the) most sorrowful event (is) the heedlessness of (the) Muslim world that (they are) leaving (the) real Knowledge Sources coming from Heavens. (They are) leaving it and (they are) following Shaitan's sewage and (they are) saying: "Sooo important sources, (they are) so good for us to make our physical being to be in enjoyment!"
I heard- you know better than me- that Satan (is) making some kind of pills (that) people and mostly youngsters (are) using it and (they are) feeling much more power, thinking (that) they have more power with that pills. And governments can't reach to stop it from people, because youngsters (are) using satanic ways for enjoyment and then quickly (they are) finishing (physically). When (they are) finishing, (they are) looking (for) something to bring their physical ability (to be) as before and (they) have been cheated by so many pills (that for their advertisement they are) saying: "Oh, this, if you are taking (this), you are going to be like (a) horse, (you) may jump, high jump. You may run like (a) camel. You may jump from a big channel on (a) camel- so powerful (are) these pills!"
There is a good word in our literature: Anything that you may be in need, if (you are) asking (for it) from around yourself, it is not reaching to you. (And) if (it is) reaching to you, but (it) may be late and when you are finishing (and it is) coming, (there is) no result also. When a young person lost his manpower, coming to zero, (they are) bringing that person, saying: "Don't worry! If you are taking (this) you are going to be like (an) Arab horse, ohhh!" Or someone is coming, (saying): "You may be like (an) Arabian camel." Coming to people like X. or (someone) like me: "Because you can't walk, take this pill. You may be, you should find yourself like a person sitting on (a) donkey; very restful. You may walk from East to West, don't worry, take this also." To make him down quickly, (to the) cemetery...Every age people have been cheated by satanic tricks and they fell in satanic traps. We are asking to save them from (these) traps, but (there is) no way. No way- just they have been caught!

Such a knowledge 1oo % knowledge (is) now satanic teachings and (through it they are) trying to make people to be cheated, making them to believe that these material medicines may give to them what they lost. And people (are) learning something to reach high levels of material life. They are saying: "If we are reaching (to) high levels of (the) material life and we are going to be rich ones, (then) we may buy everything with our money, to be like a young man...

"Oh my Darling, what do you think about me?"

“You are like the first night...”
“I don’t think, my Darling...”
Shaitan (is) cheating (them), making these pills, (and) bringing (them) to such a person like me, 8o, 9o. 1oo, saying: “Take this, you may be like (a) young horse!”
And saying: “Oh my Darling, what you think?”
“I don’t think...” That Shaitan!

Therefore: Astaithu bi-llahi mina shaitani rajim! Ya Allah! You must ask shelter from the tricks and traps of Shaitan and his workers and his supporters! This is a life (that) if you are using it moderately, if you are keeping heavenly Rules, you should be happy up to (the) end. But (those) who they are wasting money, they are (the) brothers of Shaitan. But it is so easy to waste money- you may take it back. But (those) whom they are wasting their physical being- impossible. If (it) dried (out), (it) can’t be back that source, once again, no, finished.

(The) teachings of Satan (are) making people to fall in endless troubles and problems and the Prophet was saying (as) the summary of (those) people who should reach nearby to (the) Day of Resurrection: (They should have) two kinds of characteristics: “Himmemuhum kutunuhum wa qiblatuhum nisauhum.” They are running after eating and drinking. Always you are looking (there are) going to be big assemblies, meetings for governments, congress, Nato, European Union or others. Coming this President or Prime Minister or Minister, such first level people (and) they are saying: “For their honour tonight (there) should be big feast.” This is what they are asking, this, nothing else. They are very tired daytime, they are getting hungry and sitting one hour, two hours, three hours, up to midnight, even up to dawn they are eating, speaking, drinking, speaking... no more sleeping...They are living for that purpose. Himmemuhum kutunuhum...No any idea except: “What it should be (that) we are eating tonight? Where we can enjoy with eating and drinking tonight?”
Quiblatuhum nisauhum. “Oh My Darling!” (kissing her hand)... Presidents, Prime Ministers... one woman coming- if you are tying on her leg a piece of meat, even cats (are) not running after her- and (she is) coming... no any hair on her head, coming and (the) President (is) coming...(kissing her hand), then... (bowing to her), then (jumping on her)...Qiblatuhum nisauhum...No other thought, except button and under it...

That is Shaitan's teaching and satanic aims, sending people on it: "Run to reach to that point!" Also dressing like this...Therefore I am saying: If putting there a piece of meat, cats (even) not running after them...

To learn. But they are not teaching such things. They are making me to speak on the lowest level, because all people (are) just on (the) lowest level. Don't think that (with) what they are dressing- women or men, ladies or gentlemen- their level getting up, no! Yet they are (on the) first, (the) lowest level, joining their levels the level of animals. That is what they are learning and that is their aims. Therefore eating each other- for their stomach and (for) under it...

May Allah forgive me and keep us with His good servants and bless you and send us from His Saints that have been granted holy Powers from Heavens, heavenly Powers, to change our ways; to save ourselves from Shaitan and satanic groups. We are asking humbly to be that quickly, more quickly (that) no one (is) going to be cheated that time and Shaitan (is) just defeated and his followers and deputies have been defeated by divine Powers.

May Allah forgive us for the honour of the most honoured one in His divine Presence S.Muhammad sws, Fatiha...

This is an introduction for Sheikh Hisham... to know about which things we are speaking here...He is making me into that direction, to speak on it for all people that they are ready here and also everyone who has such headphones...All Awliya (in) East and West must listen. They are taking something from this. That opening (is) only for Grandsheikh and he is opening us (a) very thin line, because (if) a little bit we are going up, people can't carry...(This is) until Mehdi a.s. is coming and supporting them, because satanic tricks and traps (are) making everything so bad that it is no good for the future of people...

Therefore slowly, slowly the Awliya (are) beginning to crawl towards satanic powers. Now they are beginning to move on the direction of (the) important points of (the) satanic center, to make it down. Just (it) began. It is a beginning and it is enough for us. After a while should be seen some other powers that (are) taking up all satanic buildings. One Wali (is) taking it from its bottom up and throwing (it) away. They have power...

May Allah forgive us...Fatiha.

## We Are Commanded to Ask the Expert

Dastoor yaa Sayyidee. (Mawlana Shaykh stands.) La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Sayyidina wa nabiyinna Muhammad `abduhu wa rasooluh. Zidhu yaa Rabbee, zidhu `izzan wa sharafan wa nooran wa surooran Habeeb. (Mawlana Shaykh sits.)

As-salaamu `alaykum `ibaadAllah, servants of Allah Almighty. Thumma salamu `alayka yaa Sayyidina Qutb al-`Arifeen, Qutb al-Mutassarif who is looking after everything related to Creation on Earth. He is responsible; one is enough for being responsible for every creature living on this planet. He is responsible and his power may reach everything in existence on this planet through dunya. That is a heavenly order, nizhaam.

As-salaamu `alaykum attenders from Mankind, attending and asking to hear and learn, and understand and be more closer from heavenly stations. And we are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. O our Lord! We are humbly asking on behalf of the Lord of Heavens that he who is responsible on this planet to make us for understanding something. And as the Seal of Prophets (s) is advising to all nations, what is he advising? His advising is so perfect, advising how to save people from darkness, from badness, from evil and

from devils, showing us the way. And we are asking humbly, because we don't know. Allah Almighty is saying:

••••••••• ••• •• •••••••

fas'al bihi khabeera

Ask the expert (who knows). (25:59)

O Salafi `ulamas! What you are understanding when Allah Almighty says, fas'al bihi khabeera? Yes? Allah, Allah. That is an ocean; therefore, they are making me to address Salafi `ulamas because they are so proud, saying, "We are Salafi `ulamas!" What does it mean, fas'al bihi khabeera? Allah, Allah. That is a heavenly command/order and also heavenly ta`leemaat, instructions. Everyone must ask that fas'al bihi khabeera, three words may change the face of this planet and may change the minds of all people living on this planet! That is a heavenly addressing, a declaration, an order for mukallaf, who is responsible to their Lord, Almighty Allah. What He means to say to His most glorified servant, most honored one in His Divinely Presence, Sayyidina Muhammad (s), Allah Almighty is first addressing to him, and then addressing through that most glorified and most honored and most beloved one's understanding. (Mawlana Shaykh stands and sits.)

First responsible is mukallaf, and so as Allah Almighty addresses to His most beloved one, His most glorified one, the Seal of Prophets, Sayyidina Rasoolullah (s) is laa tukallafu illa nafsah (no one bears anyone's burden except his own). Mukallaf, that responsibility is only for the Seal of Prophets (s). His most majestic one, most glorified one, "You must ask Me," and all prophets must ask anything for learning, understanding, looking and seeing, hearing and obeying through that one. "You are My representative, O My most beloved one! They can't ask Me directly, that is impossible; they will be burned! Prophets can't address to Me directly, but they may ask through you." Prophets are asking to the Seal of Prophets (s) and he is that one giving what they are asking, fas'al bihi khabeera. So many things everyone may ask, and all prophets are also asking, but there is no way for any prophet to ask directly from the Divinely Presence of the Lord of Divinity, Uloohiyyah (Allah's Oneness). First prophets are responsible to ask, so they are in need of an honored one that has a connection with divinely levels, and divinely levels are over heavenly levels. No one can pass from heavenly levels up,

even Archangel Gabriel (a) when the Seal of Prophets (s) said, "Come with me," he said, "I can't! It is only for you, yaa Habeebullah!"

Where are the Wahabi people? In spite of their foolishness, too often they observe if a person is coming to a holy tomb and raising their hands in du`a, Wahabi people are saying, "shirk, shirk!" They are no-mind people. Allah Almighty is welcoming the Seal of Prophets (s) and only him, that no one can pass through not even the thickness of a hair. Archangel Gabriel (a) said, "If I am passing a little bit more than a hair, the divinely lights for Laahoot, the Station of Divinity, will burn me and I will never come back as I am now. This passage is granted to you only! No one else is passing from this level, only you!" Allahu akbar!

And the holy order, fas'al bihi khabeera, is Allah Almighty's divinely order to all saints, prophets, and messengers, all of them. This taaleem, instruction, is to teach all prophets that they can't ask anything directly, they must ask that one who is khabeera, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) No one else can be khabeera! You must learn this, Salafi `ulamas! (Mawlana Shaykh sits.) Don't say, “We are following that imaam, that imaam, that imaam.” No, they are knowing nothing. Allah Almighty is first addressing to anbiyaa, prophets, "If you are not understanding something, you must ask that one who is My representative from pre-Eternal up to Eternal. He is representing Me and no one can (approach Me), only I am authorizing that one."

So from the time of Adam (a), Allah Almighty began (this protocol) that no one can address their Lord directly without a waseelah, mediator. Yes, Adam (a) could speak through the Seal of Prophets (s). Also Abraham (a) can't address for understanding something; he must ask through the Seal of Prophets (s), who is khabeer, expert! He knows everything about Creation, no one else (has that knowledge). Nuh (a) can't be able to reach the Divinely Presence of the Lord of Divinely Levels, and he was asking from the Seal of Prophets, Sayyidina Rasoolullah (s). Moses (s) can't ask; if not going to be on Mt. Sinai one reality of the Seal of Prophets (s); his reality is like endless oceans. Therefore, they are making me to say that with one of his heavenly powers Sayyidina Musa (a) was speaking, else he was never able to come in the presence of the Lord of Heavens (swt). He was in need of someone between him and his Lord, a waseelah, mediator. That is an

endless ocean; that is the meaning of fas'al bihi khabeera!

O Mankind! You must ask about that heavenly order because you are knowing nothing! Yes, you may say, "We are knowing so many things through teknologia." It may be, but beyond teknologia, what it is? Who is giving authority for teknologia to be under your command, tassarruf, who is that one? Now Mankind is thinking, "We are reaching everything through our mentalities!" Your mentalities may be helping you as an inner attribute for your deeply being as a creature. You are in need to be in touch with your Creator! And no one can be able to reach that point to ask from their Creator, as Allah Almighty made this protocol for all angels and prophets. Through His Divinity, the Lord of Heavens is referring to His Most Beloved Representative, fas'al bihi khabeera. He is teaching where to go to ask the Seal of Prophets (s), who knows that questioner's needs, and then Sayyidina Rasoolullah (s) will ask for that in Divinely Presence. Allah Almighty made the Seal of Prophets (s) his Lord's mutlaq, Absolute Representative, and all prophets are asking to learn something from his Spirituality Oceans.

And that is in Holy Qur'an, the Lord of Heavens saying, mukhaatiban, addressing to the Seal of Prophets (s), so if he wasn't in existence no one is going to be in existence! And the Lord of Heavens is ordering to all nations, "If you are not understanding, you must ask khabeer, the expert who knows what you need. If I am giving to him, he is knowing the oceans that no one knows their muntahaa, end or depth. All prophets are asking for understanding from the Seal of Prophets, Sayyidi 'r-Rusoolu 'l-Kiraam (master of the blessed prophets), Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) We must also ask, because we have been created to know something. When the Last Day arrives, angels will question common people, prophets will question their nations, then all prophets will be questioned by the Seal of Prophets (s), who will be questioned by his Lord, Almighty Allah. This is to show people that he is responsible!

You must have someone who knows more than you; you must ask and learn (from that one)! Allah Almighty is ordering the nation of the Seal of Prophets (s), "If you are knowing or understanding, you must ask (...) who knows about that one. Therefore I am asking to Salafi `ulamas, who is that one you are asking? Because

they may say, "We are asking from our `ulamas." From whom `ulamas are asking? Their knowledge is reaching to the Seal of Prophets (s), so that you must ask. You must try to find someone who will carry you to the holy presence of the Seal of Prophets (s), and then ask. On the Day of Resurrection, Judgment Day, don't think that Allah Almighty is making judgment for everyone, no. But there are so many representatives on behalf of the Lord of Heavens who will be questioning their nations.

Angels in the graveyard are asking, "Who is your Lord? Man Rabbuk?!"

You may say, "Yaa Rabbee, my Lord is Allah Almighty."

Angels saying, "From whom you learned this?"

"We learned from the Seal of Prophets (s), the most glorified one!"

Yes okay. It means between you and that one, he is going to be asked.

"That one, this one.... Do you think they were khabeer, experts for everything? We are looking for the teacher who taught to you to say who is your Lord.'"

"My Lord is Allah Almighty."

"And from whom you learned this answer? Can't be anyone without asking to learn something. Who is that one?"

Therefore I am asking now, Salafi `ulamas, from whom are you learning your knowledge? On which base you are building your knowledge? On a rock, on a tree, on a throne, on Earth, heavens; where you learned? Who is that one referred to in Holy Qur'an, saying, fas'al bihi khabeera? If you are asking to learn something you must ask someone that is authorized to answer what you are asking. Unauthorized peoples' answer has no value, so go away!

Therefore, very, very, very few people are asking about their real being and doors of knowledge into never-ending oceans. Give daily even five minutes for understanding. Also, you can't understand if there is not someone making you to understand. Therefore, all prophets are giving to people understanding and their real identity as believers or unbelievers. And it is an endless ocean (of knowledge)!

O People! Come and listen, not to be regretting one day. That is free teaching and this is heavenly teaching; it is not from my knowledge that I learned, no. That is something obligatory for everyone to ask such a question and to learn what does it mean. If you are not doing, you are going to be taken from humanity and sent to the level of non-understanding creatures, as you like.

May Allah forgives us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Allah Allah, Allah Allah, Allah SubhaanAllah

Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Hayyyy, Hayyyy, Hayyyy, Hayyy,

Hayyyy, Hayyyy, Hayyyy, Hayyy,

Hayyyy, Hayyyy, Hayyyy, Hayyy,

Hayyyy, Hayyyy, Hayyyy, Hayyy,

Huuuuuuuuuu.

Fatihah.

Astaghfirullah.

(45 minutes) Alhamdulillah, alhamdulillah, alhamdulillah, yaa Rabbee, shukr! Shukr, yaa Rabbee!

(Mawlana makes sajdatu 'sh-shukr in thanks to Allah Almighty.)

## We Were Created for Akhirah

Dunya daniyya, “unworthy world.” Therefore, sensible ones ruled it as well as miserable ones. Bashar al-Assad’s tribe is forcing him so that his family may rule Syria and keep the power in their hands. If he does not die today, tomorrow; if not this month, next month; if not this year, he will die next year because man is not created for dunya. Man is created for akhirah, but he is leaving that and working for the other world, this dunya. This is how little mind we have! We are not created for a life that is bound to end, but rather we are created for Eternal Life. But we neglect it, we forget it.

Here so many fights and battles are for thus cursed dunya. Tawbah yaa Rabbee, tawbah yaa Rabbee! O our Lord, forgive us. The birth is here, the mirth (joy) of it is in the Hereafter. With the joy of dunya, men forget the mirth of the Hereafter.

They changed the Torah a lot. Did they leave anything that is not changed? Because our Prophet (s) was mentioned in it, his coming was announced with his name. But the Jews also went after the life of dunya. To command dunya. All their enmity and efforts, their whole aim was to command whole world, to be number one. It was not written like this in Holy Torah. All four holy books call to the servanthood of Allah, not dunya! The command is, “Be servants to Allah!”

Mankind is following Shaytan and keeping the way Shaytan shows, not the way of prophets. None of the prophets called people to dunya; they all called to Allah Almighty, “Come, and we may go to Allah!” They are not listening to this. Shaytan calls, "Come, we may enjoy and have fun in dunya." A great many people go after it and therefore, it has been declared in every holy book since Prophet Adam (a).

Prophet Adam (a) said to Allah Almighty, "The Prophet of Last Time, the Beloved, will come from my offspring, so forgive me for the honor of Your Beloved.” Then he was forgiven. Do they not know this? All of them know! But in this garbage dump called dunya, people keep trying to collect more rubbish! He had collected, in... who was the king before `Abdullah? He died and only four people performed his janazah (funeral) prayer, four people took his coffin. No one walked behind his coffin as it was forbidden, and they took him to.. I don't know if they buried him to Janaat al-Baqi` (in Madinah)?

(Hajjah Roqiya: They buried him at their family cemetery in Riyadh.)

Mawlana Shaykh: Yes, they took him to Riyadh. No one knew when the king came to Riyadh or when he would be buried. They took him to an unknown place. There was a graveyard there too, and he was buried somewhere in there. Four people went to the funeral; four people and the man who organized it buried him. They made the surface of the grave level and did not put a stone at the head nor a sign by the feet of the grave. Why? They lost his grave; no one knows where he is buried. He is in that cemetery but not one knows where he is, because if they knew, the evil people will take out his dead body (for ransom) and say, "Give me this many millions and I will give you his body!” For this reason the grave is level with no markings.

What happened? He left his palaces and is buried in his grave in an unknown place, without a sign for his grave. These are the people who have quadrillions, these kings. What happened in the end? Nothing. He died, he was buried and gone. Finished.

But the angels come down for him and say, “Come here! What work have you done?” Angels ask at that time. His work is finished in dunya. They also leveled his grave with their feet! After burying him, they either read Fatihah, but because they don't believe, they did not read Ikhlaas or anything else. "Quickly you hold from this side, you from that side, and you from this side." Each car from one side, took them to the grave. We don't know if they covered those men's eyes when they were burying him, or if they were from their own men, they didn't touch the body. I think they were from their own people. They looked and saw that it is all leveled

so they left, moved on, what can you do?

Our Prophet, the Master of the Universe (s), called people to Allah. Shaytan called to dunya, not the Prophet (s). They may do that and they may suffer. What is all the fighting for, this trashy dunya.

"It will be mine".

"No, it will be mine."

"I will be the head."

"No, I will be the head."

"We will go with what I say."

"No, we go with what I say, not your way!"

People have become foolish. Shaytan made Mankind crazy. They call it's evil 'a curse'. May Allah protect us from it's evil. All holy books know it. Our people know it but they are escaping from the truth. There is no Muslim left in dunya who can give it's due right, other than Allah's chosen servants. (Video cuts)

Tawbah yaa Rabbee. Huuu! May we never lose hope in Allah! We have believed. O our Lord, protect us from the fitna of dunya, protect us, protect us so that we may not fall into this fitna! Amaan yaa Rabbee!

Fatihah.

Because you (a guest) mentioned Bashar al-Assad, President of Syria (who is thinking), “May the whole world be ours.” Okay then, take it with you; it may be yours!

May Allah protect us from the evil of Shaytan and dunya. May our end be in a good way. We may say, “Allah” and leave. Yaa Rabbee!

## We Are Defenders of Truth!

Dastoor yaa Sayyidee, madad yaa RijaalAllah. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammadun Rasoolullah (s). Habeebik, Your beloved friend. Yaa Allah, Ant Allah! Yaa Allah, Ant Allah! Yaa Allah, Ant Allah! ... Subhaanak! Subhaanak! Laa ilaaha illa-Llah. Allahu akbar, Allahu akbar, laa ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! (Mawlana Shaykh sits.) Madad.

As-salaamu `alaykum attenders of a humble association! But, it is enough to destroy baatil, falsehood! If it could be ten worlds like our world, it is enough to make baatil down. And enough for rising the flags, holy flags of Haqq! We are sitting here, for what? We are sitting here to make the flags of heavens go up and up, finishing baatil, falsehood. We are using flags of Haqq! We are not sitting here to make a show, no. We are sitting here to make the weakest servant to make flag of truth up! And banderas that belong to Shaytan and Shaytan's people down, under my feet!!!

O People! Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi r-Rahmanir Raheem. The sword of bismillahi 'r-Rahmani 'r-Raheem is enough to make baatil down and to make the heads of supporters of

Shaytan and its followers to be down. O Nation of the Seal of Prophets, (Mawlana Shaykh stands.) Sayyidina Muhammad (s)! Say, bismillahi 'r-Rahmani 'r-Raheem, and strike this heavenly sword on their heads and necks!!! They must be down! There is no time and no chance for them, just finished!!! (Mawlana Shaykh sits.)

Astaghfirullah, astaghfirullah, astaghfirullah. Shaytan's people are thinking that we are making a show here, no. That is a heavenly show, not what they are understanding about shows. We are not sitting in a showroom, or showing for false-road people. Our show is from heavens, now approaching, approaching, approaching.

O followers of Shaytan! First from Muslim countries, beware! Beware, beware, beware! That is a warning first for Muslim territories, beginning from Saudi Kingdom, going from east to west. Islamic territories must take their care! That is a warning, that a heavenly sword may take their heads! No one can prevent it, O people!

Dastoor yaa Sayyidee, madad, heavenly support, O Qutb al-Mutasarrif, that you are responsible for everything that is happening to Mankind.

O Islamic territories! Take your care and beware, because heavenly anger is approaching! Allah Almighty is never making a show, astaghfirullah, and Allah Almighty is never occupying His Divinely Being with such things; it is only for one just dressed! Heavenly anger is approaching, as happened before in the time of Pharoah and Nimrod. Nimrod was so proud with his soldiers and his armies, saying to Abraham, peace be upon him, "O Abraham, I am coming for fighting your Lord."

The same position now for those no-mind people who are Shaytan's agents, spying for Satan. They are saying, "Just we finished everything from beliefs and now we are on judgment and just we established from east to west, from north to south, the government of Shaytan." And those people are under my feet!

Nimrod said to Sayyidina Ibrahim, "I am coming here to fight your Lord! Where are your Lord's armies?"

Sayyidina Ibrahim (a) said, “Tamahhal. Don't be in a hurry. They are approaching. I am not saying they are armies, no. What they have been ordered from my Lord's creation, the very weakest army is approaching. Be

patient."

And they appeared on the horizon like a black line. And beginning sounds getting louder, louder, louder, woooohhhhhh, wooooohhhhh, yarta`id, Nimrod's body beginning to tremble. Trembling, approaching that sound, coming louder, louder, louder. Then Nimrod's armies were beginning trembling. Then just coming, approaching on them mosquitoes sounding like jet planes, that supersonic sound, whoooooooohhhhhh, whoooooohhhhhh coming!

Nimrod said, "No ilah, no god! I am god on this Earth! I am not accepting anything from your beliefs!"

Why are we not responding to those people? Where are Saudi `ulamas? Where are Egyptian `ulamas? Where are Salafi `ulamas? Where are Shi`a`ulamas? Why are you not saying anything? Why are you not warning those Shaytan people who are saying, "There is no god." Why are you teaching that in your schools? They are trying to make every new generation without beliefs, to say, "There is no god." But nature is falling on their heads, making them to break. I am angry with them! And they have every possibility to reject whole shaytanic centers. Why are you not bombarding them, but you are bombarding me?! And you cannot do that, as we are Defenders of Truth!! We must be Defenders of Truth. Why are you not defending Truth?! And you say you are doctors? All doctors are going to Jahannam if you are not defending your Lord, and going to Jahannam if you are not going to speak the truth!!

O People! Beware, the approaching heavenly soldiers. ... Clean the world from east to west, from north to south. What is necessary, do for them. That is, even the Lord of Heavens is not involving in anything, or the Seal of Prophets (s). (Mawlana Shaykh stands.) Sayyidina Muhammad (s), for whose honor all Creation was created, is not occupying himself for such things. (Mawlana Shaykh sits.)Therefore, he is looking to see which unknown weakest one can be appointed for bombarding their fortress. I am the weakest one among them and I am suitable for destroying naturalist people and those who say, "There is no god," and to make their heads under my feet!!! And I am the weakest one to stop their technology, not within minutes but within seconds, (and I am) authorized!!

Beware! Fear from Allah Almighty. Beware, you have tajaawuz, gone over your limits. You are in that area that it is not for you to step on it. Ihfazh haddek, Keep your limit. That is a heavenly order to all nations: Muslims, Christians, Jewish people and others, atheist people, communist people, and socialist people that they are on the wrong way. Ihfazh haddak, "Keep your limit!" Ihfazh haddak, O people, keep your position! Don't disturb the area that is forbidden for you. Keep your feet not to step on that area that is forbidden for everyone, that belongs to your Lord's heavens. Keep yourself and protect yourselves not to put your feet on that forbidden area. Forbidden area! Keep your feet! Don't put there! Don't speak! That is not for you!

O scientists, and all people who are claiming, "We know something." You must keep your limit; know your limit, ihfazh haddak. If not, like the Lord sent mosquitoes, He now may send pig flu on you! (Mawlana Shaykh laughs.) You heard about pig flu? Scientists now put a mask to protect themselves from pig flu. You are scientists, why are you putting? Still it may come another time.

Once upon a time, this was coming in Basra, a holy city in Iraq. I am asking forgiveness for the people of Iraq, and I am warning them also to stop killing! I am warning them also from heavenly orders to stop troublemakers from Baghdad to holy cities, and also to stop killers, or (heavens will be)sending something else (on them), as once happened in Basra a plague. A terrible, terrible creature with such a power Allah (swt) put in those small ones, taa`oon, a toxic substance. You never knew that? He Almighty sent such unknown creatures that if touching a person in the morning, by evening that one passed away, or if in the evening touching that person, in the morning passing. And over the city of Basra came a punishing cloud. On the first day 70,000 people passed away! That is some knowledge coming from real knowing-peoples' knowledge. On the second day, 71,000 passed away; on the third day, 73,000 passed away; on the fourth day, in that huge city no one was alive; no one in homes opened their doors to come out, and no one was alive to enter their homes.

Fear from Allah! O unbelievers, O troublemakers, O naturalist people and atheist people, fear from Allah, or such things will come! And therefore I am sending a warning to Iraqi people to stop killing and stop being troublemakers, or coming to you something that you can't use your bombs and you will fall down from Unseen creatures! That is a warning for them also and to people of the whole world. Beware for heavenly

anger! That is a warning from Sayyidina Muhammad, peace be upon him. (Mawlana Shaykh stands and sits.) I am not speaking a story; it is reality. They are making me to address people. If you are accepting, you are saving yourself, if not looking, coming a heavy cursing on Muslim people, Christian people, and Buddhist people, to be taken away.

Dome, dome, dome, dome
Dome, dome, dome, dome

Dome, dome, dome, dome

Dome, dome, dome, dome

O Nimrods! For this, beware of the Lord's heavenly anger!

Dome, dome, dome, dome

Making your heads under my feet.

Dome, dome, dome, dome

(36 minutes.) That is enough for bombarding.

OK. How many people? (618) (Mawlana Shaykh laughs.)

Shaykh Hisham Effendi? (Mawlana Shaykh speaks on the phone with Shaykh Hisham.)

## We're Hungry

Bismillahi r-Rahmani r-Rahim. O attending ones! Let us make a short sohbat by remembering the Holy Name of Allah Almighty so that this sohbat gives health to our bodies. It gives power, it gives wakefulness, it gives hope. It gives love, it gives respect. It gives joy and it becomes a joy for us everywhere. So that wherever we look, it feels joyous. Because sohbat is the gathering of our Prophet who is the Beloved one of Allahu Dhul Jalal; the sohbat assemblies. Our Prophet (sas) after every fajr prayer would make sohbat with the Companions (ra). Sohbat is like loading a rifle with bullets or with a cartridge. Without a cartridge, an empty rifle has no purpose. It is discharged everyday. Everyday is new; yawm al-jadid, rizq al-jadid. Allah Almighty grants a new provision everyday, He(swt) doesn't leave it empty. You can even address the wall if you like, there are people who will listen. Don't look at who speaks but look at who makes us speak.
And our wird is Bismillahi r-Rahmani r-Rahim. Its blessings are endless. It is wellness for our body. It strengthens our faith, increases our love and yearning. It is light for our faces and joy for our hearts. It gives every kind of beauty but we receive according to our level. The provision of an ant is different. The provision of man is different, and there are countless creatures inbetween. There are. Every level has its own provision. I cannot eat from your provision. Man's provision is different and animals' provision is again different. Man has provision according to his honour. There is provision according to his intelligence and understanding. There is the internal one and there is the external one also. Allah Almighty created us and didn't leave us abandoned, hasha. Yawm al-jadid, rizq al-jadid. In every new day Allah Almighty grants the creation on this earth whatever they need from His Generous Grants. The adornment and honour of earth is with the mankind. It is with mankind; what gives honour to earth is mankind. Animals don't give honour. What honour can animals give? The honour of earth is with the mankind. And the honour of

mankind is according to his level of servanthood for his Lord. Man has a value according to the level of his love and respect for Allah. You receive at the level of your love and respect. You get something in return, Allah Almighty doesn't leave unreturned. Allah Almighty, Who is the Owner of the Heavens and earths, does not return the servant who comes to His Divine Presence empty handed. He (swt) is the Master of Mulk and Malakut. When His servant comes to His Divine Presence and stands in full respect and adab before His Lord He (swt) says "Look, My servant has come. He showed respect for Me. He loved Me, he respected Me. Take care of whatever he needs". He (swt) orders the angels: "Look at My servant. How did he begin?" "He said Bismillahi r-Rahmani r-Rahim". Masha Allah. "Nothing can harm My servant who remembers My Name. Nothing can harm My servant who recites the Bismillah. Protect him".

There are the guardian angels. There are angels who watch over people. "Protect him" He (swt) says. "There are all kinds of creatures on earth. There are the harmful ones and the harmless ones. This is My servant. No one can harm My servant. I don't have permission". This is the order of Allah Almighty: "Nothing can harm My servant who acknowledges Me, who remembers My Ism Al-Jalil and says Bismillahi r-Rahmani r-Rahim. Not on land and not on water. May the blessings of Bismillahi r-Rahmani r-Rahim be dressed on him at the level of respect and love he has for Me. If he takes heed when he remembers My Name I can make him walk from East to West or from West to East, as he likes".
Once upon a time in the old days everyone would travel on ships over the oceans. Traders, travelers, all of them would travel by ship. And traveling by ship had a different taste, which these people have lost now. To travel on the sea in ships is not like traveling on these strange ferries. Who gets on a ship sees and knows that he is inside the ocean. And he makes shukur. And he praises Allah, and he seeks, he asks: "O our Lord! We are left in this ship, on this ocean. If You don't make us move, we can't move. May You move our ship and may beautiful weather come". The captain would make dua like this first. "O travelers! Let us say Bismillahi r-Rahmani r-Rahim and this ship of ours may go flying over the ocean; may it fly like a bird without wings. If you want this, say Bismillahi r-Rahmani r-Rahim".
Hey Ya Mawla, hey Ya laysa. Hey Ya Mawla, hey Ya laysa.. There were also some that went by rowing. Hey Ya Mawla, hey Ya laysa. This is the glorification of captains: O our Lord, may You

grant us. When he says Hey Ya laysa, it means lions. O lions, Endure! He (swt) doesn't leave you to the rows you are holding. Angels also reach, and it goes like flying on this ocean saying "Hey Ya Mawla, hey Ya laysa. Hey Ya Mawla, hey Ya laysa". Allah Allah, Allah Allah. How heedless are the people. How heedless are they.May Allah Almighty not make us from those heedless ones. Some of the ships were full of items for trade, goods and some of them carried passengers. Once upon a time one of these ships received its passengers, the goods it would carry, and going full sail "Hey Ya Mawla, hey ya laysa. O our Lord. O lions, stay strong. The Lord Almighty is with you". Such a ship never sinks. Allahu Akbar. Allahu Akbarul Akbar. We couldn't teach this, couldn't teach it to our children. In this century people teach their children evil. They don't teach anything Rahmani, heavenly. And for this reason the troubles of mankind never end, never finish. Their needs never finish. Before, a loaf of bread would be enough for the whole house. Now not even the bread of all the bakeries can be enough for them. Why? Because they don't think about Allah Who created them and Who grant them their provision. They run in the streets saying "We are hungry"! How can you be hungry?

That Holy Verse: "Wa Ma Min Dabbatin Fi l-'Ardi llla `Ala Llahi Rizquha" (11:6). "You live with My provision. Every moving, living creature has its provision. There is no creature that dies of hunger. O Man, whom I made honoured! Can I make you die of your hunger?!" Aman Ya Rabbi, tawba Ya Rabbi. Is it not a shame on the Muslims to shout, scream in the streets "We are hungry, we are hungry!" Is it suitable for mankind? How come? "Wa Ma Min Dabbatin Fi l 'Ardi 'Illa `Ala Llahi Rizquha". I grant the provision of every living creature, says Allahu Dhul Jalal. How can you run in the streets O bears, O wolves, O foxes, O hyenas, O jackals?! What shamelessness is this that you call in the streets: "We are hungry". There is not a single day that we are left hungry. O Lord. O our Lord! If a hungry man says Bismillahi r-Rahmani r-Rahim, he gets full. If a naked man says Bismillahi r-Rahmani r-Rahim, he finds a dress to put on. If a person who has a need, a request, says Bismillahi r-Rahmani r-Rahim Allah fulfills his request. Shame on Muslims. They are shouting and calling in the streets "we are hungry". Shame on you! "Wa Ma Min Dabbatin Fi l-'Ardi 'Illa `Ala Llahi Rizquha". Allah Almighty grants the provision of even the smallest creature. And you, you are the adornment of the earth. You are the honour of the earth. Can Allah ever leave you hungry? Thu (spit) on you, shame on you! That they run in the strees men and women: "We are hungry"! Even if they ate all the food stocks in the world

they wouldn't get full. Shame on them. They don't say "Bismillahi r-Rahmani r-Rahim. O our Lord Who is the Razzaq Al-Mutlaq (The Absolute Provider), may You grant us the provision which is enough for us. We are left helpless and weak. May You grant us from Your treasure of Bismillahi r-Rahmani r-Rahim". If they say like this, Allah would not grant them? Shame on these Muslims! They scream in the streets saying "We are hungry". Whose servant are you? You are the servant of Allah Almighty Rabbu-l 'Izza. Not even a servant who serves at the door of a Sultan is left hungry. Allah Almighty, Who (swt) is the Creator, the Ruler of the Creation, Who(swt) granted man honour, He (swt) will leave them hungry? If a person serves at the door of a Sultan and yet he is still hungry, that means his service is only a lie.
O our Lord, Bismillahi r-Rahmani r-Rahim. May You grant us the provision we need with the barakah of the Bismillah in an easy way. Whatever it is for us, may You grant it O Lord". "O My servant, did you call to Me?" "Here we are calling". "What are you saying?" "We are hungry!" "This is not adab" He (swt) says. "You are the servants of the Absolute Sultan of Heavens and Earths. Would I ever leave you hungry? Shame on you. This is enough for you as a punishment. You forgot My Name and made it forgotten. May you be forgotten also". If you don't forget, everything actually serves you. It is an honour for Man. Man is the representative of Allah Almighty on earth. Whatever there is on earth from plants or animals, everything is in his service.
Allah Almighty didn't create anything in vain. He (swt) doesn't even let a blade of grass grow in vain. Even the grass that grows in the meadow has a benefit, a service for mankind. You have such a Lord yet you don't accept Him, you don't say Bismillahi r-Rahmani r-Rahim? This is the SaifuLlah, the sword of Allah that He (swt) granted it to our Prophet (sas). When he hits with it, it can reach from East to West. Our Prophet is the Master of Creation. You are the nation of the Master of Creation. Can he ever leave you hungry? Wander, run in the streets saying "We are hungry!" They will finish, die in the streets of hunger. The news: "Ask from My Ihsan (goodness)". Why do you seek any other door? Who doesn't turn to Allah Almighty Who is the Lord of Heavens and earths, dies of hunger. He loses his honour and his dead body becomes a carcass.

What gives man honour is saying the Name of Allah Almighty. Did they say it? "We are hungry!"

You can never get full in your life. Can you ever get full? They say "We are hungry". Who makes service for Allah Who is the Owner of Heavens and Earths, can such a person ever be left hungry? Even the simplest servant that serves in the palace of a Sultan is not left hungry. He at least eats from what is left in the pot. He eats what is left from the Sultan's table and gets full. Who will feed you is Allah, not these governments. Who are you and who is your government? "Falhukmu Lillahi l-`Aliyi l-Kabiri" (40:12). The rule, the absolute governing belongs to Allah Almighty. If He (swt) says "give to him", he is given. If He says "Don't give to him", that one is not given. There is no one left hungry after saying the Bismillah. But they forgot the Bismillah and scream in the streets "We are hungry". Who are you calling to? Who do you call to? "Who can we call to? We are calling so that this person takes the power and feeds us. This animal takes the power and feeds us". Is this the honour of humanity? What can a man give to another man? Nothing! Is He not your Lord Who can give everything? Why don't you say: Bismillahi r-Rahmani r-Rahim. O our Lord! May You send down to us from the treasures of the Bismillah and feed us. May You grant us honour in the way of Your servanthood O Lord". Bismillahi r-Rahmani r-Rahim opens the doors of such treasures... Whoever digs with the Bismillah finds gold. They don't know, don't teach this.

Shame on their knowledgable ones. They can't teach 'Allah'! We are speaking of Allah's Magnificence in the simplest way. The Absolute Power and Magnificence belongs to Allah Almighty. Absolute Grants belong to Allah Almighty. If there is higher than this, say it! Bismillahi r-Rahmani r-Rahim. O our Lord. Don't make us needy of anyone O Lord. May You grant our provision in an easy way. Cover us. Don't throw us into humiliation and make us run in the streets like animals". "You are running, I don't make you run. You forget Me and then run in the streets" He (swt) says. "We are hungry, we are hungry!" You can never get full in your life. Say Bismillahi r-Rahmani r-Rahim and a bowl of soup is enough for a family. Say Bismillahi r-Rahmani r-Rahim and a loaf of bread is enough for a palace. How beautiful, how beautiful is the Bismillahi r-Rahmani r-Rahim. Don't make us forget O Lord. "We have sick ones in the family". The sick one is aware of his situation too. But why does the sick one not say "Bismillahir-Rahmanir-Rahim. Bismillahi lladhi la yadurru ma`a Ismihi shay'un fi l-ardi wa la fi s-sama'i wa Huwa s-Sami`u l-`Alim".

O Muslim Arabs, don't you know Arabic? We are Ajam, we are non Arabs, but you, how can

you not know? Is there anyone who can be hungry after saying Bismillahir-Rahmanir-Rahim? Is there anyone who dies of his hunger after saying Bismillahir-Rahmanir-Rahim? Say for Allah, there is not! You run in the streets like horses! You say "We are hungry, hungry!" They can never ever get full in their whole lifetime. May Allah satisfy our hearts with His love, that all the time our stomachs are full and our hearts pure. Our faces are enlightened. Allah does not let us fall to the level of animals. Who runs in the streets leaves the level of humanity and falls to the animal level O our Lord, may You send us Your servants who will teach us this Say Bismillahir Rahmanir-Rahim, open your door and get out of your home. At the very least, even if you couldn't find a job, you find five guineas, five pounds in front of your door. Still you can take care of your needs.

Allah does not leave His servants hungry. "Wa Ma Min Dabbatin Fi l-'Ardi 'Illa `Ala Llahi Rizquha". The great Man! Allah Who even grants the provision of a small ant, can He leave the great, honoured Man hungry? What kind of a thing is this: Muslims forget the Bismillah, they go and ask help from Europe. They ask weapons from the US, ask soldiers from Russia...Leave all this! Return to Allah! Say Bismillahi r-Rahmani r-Rahim. O our Lord, may You make us from those who remember Your Ism Al-Jalil. Don't make us from deprived ones. Who is deprived? Who forgets his Allah! Who forgets his Allah is a deprived one. Who doesn't forget is never deprived. The key to the treasures on earth and in the Heavens is Bismillahi r-Rahmani r-Rahim. With it, all treasures open for you.

Why do you still run in the streets like wolves, like jackals, like animals? If you are hungry, go to the mosque. Beg your Lord: "O Lord, Ya muhawwilal hawli wal ahwal hawwil halana ila ahsani hal. Grant us a better state O Lord and we make Your servanthood more comfortably. Forgive our sins. We seek refuge in You from the ego, from the desires, from shaytan, from dunya, that lead us astray. May You protect us O Lord. Protect our religion, our faith, our honour, our chastity. Can a person who let women in the streets screaming, have any honour left? Where are the scholars to say? If you don't say, you will suffer on the Day of Judgement. When you don't say, you are more suitable for shaytan. So many treasures there are in the Bismillah. It is a drawn sword; if it hits it can reach from East to West and cut the heads of all the unbelievers. There is such a power with our Prophet (sas). I am saying the least of it. If I say the most of it, if one wali of Allah kicks the earth he can throw the earth like how they do when playing football. "Really?"

"If you want, I can make you thrown there and you never come back".
O our Lord, our Subhan, our Sultan. Can a person be left hungry at the door of our Sultan? Can he be left in a powerless position, or in hardship? O our Lord, irham dha'fana, irham dhullana. Nahnu abuduka fuqara, dhuafa Ya Rabbi. Wa'fu anna wa ghfur lana wa rhamna. Wa tub 'alayna, wahdina, wasqina. Waslih sha'nana wa sha'n al-Muslimin. Fansurna 'ala l-qawmi-lkafirin. Wa nsur Sultanana, Sultana-l muslimin.
One Sultan is needed for Islam. There can't be a Sultan in each country. One Sultan is needed. May You send us that Sultan O Lord. Wa-l HamduliLlahi Rabbi-l 'Alamin. Wa-l aqibatu lil muttaqin. Wal-`Aqibatu lil-Muttaqin, wala `Udwan illa `alal-Zalimin. O our Lord, may You not make us who go wild and astray. Don't leave us to our dirty egos. Wa la takilna ila anfusina tarfata `aynin. Man's ego makes him humiliated and disgraced. O Lord, tawba Ya Rabbi. We are ashamed but what can we do? What can we do? Our scholars can't open their mouths. Our leaders don't take the scholars into consideration, don't respect the Prophet, don't make sajda to their Lord. How will their situation be, or our situation be?

Aman Ya Rabbi, Aman Ya Rabbi. Don't expel us from Your servanthood. Tawba Ya Rabbi, tawba Astaghfirullah. Let us say Bismillahi r-Rahmani r-Rahim and every door opens for us, ease comes to our bodies, our illnesses go away. Our troubles, sorrows and hardness may be taken away. May we sing like birds, saying "O Lord, we love You, we love Your Prophet". May we love You Ya Rabbi, may we love you Ya Rabbana. O lovers (of Allah)! Say this! Awaken the people. May we be awakened. O Lord, send us the Sultan who will awaken us. May You send us the Holy ones who will teach us Your beautiful ways. We are left on our own and our lives are spent in slavery. Forgive us O Allah. Forgive us O Allah. Forgive us O Allah, for the honour of Your Beloved.
Wa bi-hurmati sirri-surati l-Fatihah, ma'a-l Basmala. Bismillahi r-Rahmani r-Rahim. Al-Hamdu Lillahi Rabbi l-`Alamin.Ar- Rahmani r-Rahim.Maliki Yawmi d-Din. 'Iyaka Na`budu Wa 'Iyaka Nasta`in. Ahdina s-Sirata l-Mustaqim. Siratal-Ladhina 'An`amta `Alayhim Ghayri Al-Maghdubi `Alayhim Wa La d-Dallin. Amin.
Don't leave us to our dirty ego O Lord. Tawba Ya Rabbi, tawba Astaghfirullah. Ok, let us get enough with this much.

## Wir haben Hunger

Bismillahi r-Rahmani r-Rahim. O Anwesende, machen wir ein kurzes Sohbat, in dem wir den Heiligen Namen Allahs des Allmächtigen erinnern, so daß dieses Sohbat unserem Körper Gesundheit gibt. Es gibt Kraft, es gibt Wachheit, es gibt Hoffnung. Es gibt Liebe, es gibt Respekt. Es gibt Freude und es wird zu einer Freude für uns überall. So daß es sich überall, wo wir hingucken, freudevoll anfühlt. Weil Sohbat die Versammlung unseres Propheten ist, der der Geliebte Allahs Dhu l-Jalals ist. Die Sohbat Versammlungen.. Unser Prophet (saws) machte nach jedem Fajr-Gebet Sohbat mit den Gefährten (ra). Sohbat ist wie das Laden eines Gewehrs mit Kugeln oder Patronen. Ohne Patronen, ein leeres Gewehr hat keinen Sinn. Es wird jeden Tag entladen. Jeder Tag ist neu, Yawmu l-Jadid, Rizqu l-Jadid. Allah der Allmächtige gewährt neue Versorgung jeden Tag. Er (swt) läßt ihn nicht leer ausgehen. Du kannst auch mit einer Wand reden, wenn du willst. Es gibt Menschen, die zuhören. Seht nicht auf den, der spricht, sondern auf Den, Der ihn zum Sprechen bringt.

Und unser Wird ist Bismillahi r-Rahmani r-Rahim. Seine Segnungen sind unendlich. Es ist Wohlbefinden für unseren Körper. Es stärkt unseren Glauben, mehrt unsere Liebe und Sehnsucht. Es ist Licht für unsere Gesichter und Freude für unsere Herzen. Es gibt alle Arten von Schönheit, aber wir empfangen gemäß unserer Stufe. Die Versorgung einer Ameise ist anders. Die Versorgung eines Menschen ist anders. Und es gibt unzählige Geschöpfe dazwischen. Die gibt es. Jede Stufe hat ihre eigene Versorgung. Ich kann nicht von deiner Versorgung essen. Die Versorgung des Menschen und die Versorgung der Tiere unterscheiden sich. Der Mensch hat Versorgung seiner Ehre entsprechend. Es gibt Versorgung seiner Intelligenz und seinem Verständnis entsprechend. Es gibt die innerliche und auch die äußerliche. Allah der Allmächtige erschuf uns und läßt uns nicht allein. Hasha. Yawmu l-Jadid, Rizqu l-Jadid. An jedem neuen Tag gewährt Allah der Allmächtige der Schöpfung auf dieser Erde, was immer sie braucht von Seinen Großzügigen Gaben.

Der Schmuck und die Ehre auf Erden ist mit der Menschheit. Es ist mit der Menschheit, was der Erde Ehre gibt, ist die Menschheit. Tiere geben keine Ehre. Welche Ehre können Tiere geben?

Die Ehre der Erde ist mit der Menschheit. Und die Ehre der Menschheit ist entsprechend ihrer Stufe der Dienerschaft für ihren Herrn. Der Mensch hat einen Wert der Stufe seiner Liebe und seines Respekts für Allah entsprechend. Du empfängst auf der Stufe deiner Liebe und deines Respekts. Du bekommst etwas zurück. Allah der Allmächtige läßt nichts unerwidert. Allah der Allmächtige, Der der Eigner der Himmel und Erden ist, schickt den Diener, der zu seiner Göttlichen Gegenwart kommt, nicht mit leeren Händen zurück. Er (swt) ist der Meister von Mulk und Malakut. Wenn Sein Diener in Seine Göttliche Gegenwart kommt und in vollem Respekt und Adab vor Seinem Herrn steht, sagt Er (swt), 'Sieh, Mein Diener ist gekommen. Er zeigte Respekt für Mich. Er liebte Mich, er respektierte Mich. Kümmert euch darum, was er braucht.'
Er (swt) befiehlt den Engeln: 'Seht Meinen Diener an. Wie hat er begonnen?' 'Er sagte Bismillahi r-Rahmani r-Rahim.' Masha'Allah. 'Nichts kann Meinem Diener schaden, der Meinen Namen erinnert. Nichts kann Meinem Diener schaden, der das Bismillah rezitiert. Schützt ihn.' Da sind die Schutzengel. Da sind Engel, die über die Menschen wachen. 'Schützt ihn', sagt Er (swt). 'Es gibt alle möglichen Geschöpfe auf der Erde. Es sind gefährliche und harmlose. Dies ist Mein Diener. Niemand kann Meinem Diener schaden. Ich habe keine Erlaubnis.' Das ist der Befehl Allahs des Allmächtigen. 'Nichts kann Meinem Diener schaden, der Mich anerkennt, der Meinen Ismu l-Jalil erinnert und sagt Bismillahi r-Rahmani r-Rahim. Nicht an Land und nicht im Wasser. Mögen die Segnungen des Bismillahi r-Rahmani r-Rahim ihm angelegt werden auf der Stufe des Respekts und der Liebe, die er für Mich hat. Wenn er achtsam ist, wenn er Meinen Namen erinnert, kann Ich ihn von Ost nach West oder von West nach Ost gehen lassen, wie er will.
Es war einmal in der alten Zeit, da reisten alle auf Schiffen über die Ozeane. Händler, Reisende, sie alle reisten mit dem Schiff. Und mit dem Schiff zu reisen, hatte einen anderen Geschmack, den diese Leute jetzt verloren haben. Auf dem Meer mit Schiffen zu reisen, ist nicht wie das Reisen auf diesen merkwürdigen Fähren. Wer auf ein Schiff geht, sieht und weiß, daß er auf dem Meer ist. Und er macht Shukur. Und er preist Allah, und er sucht, er bittet: 'O unser Herr, wir sind auf diesem Schiff auf dem Ozean. Wenn Du uns nicht in Bewegung setzt, können wir uns nicht bewegen. Mögest Du unser Schiff in Bewegung setzen und möge schönes Wetter kommen. Der Kapitän pflegte, so ein Dua zuerst zu machen. 'Reisende, sagen wir Bismillahi r-Rahmani r-Rahim, und dieses unser Schiff kann über den Ozean fliegen. Möge es wie ein Vogel ohne Schwingen fliegen. Wenn ihr das wollt, sagt Bismillahi r-Rahmani r-Rahim.' Hey ya Mawla, hey

ya laysa. Hey ya Mawla, hey ya laysa.. Es gab auch welche, die gingen mit Rudern. Hey ya Mawla, hey ya laysa. Das ist der Lobpreis der Kapitäne: O unser Herr, mögest Du uns gewähren. Wenn er sagt: Hey ya laysa, bedeutet es Löwen. O Löwen, haltet aus! Er (swt) überläßt euch nicht den Rudern, die ihr haltet. Die Engel kommen auch, und es fliegt gleichsam über diesen Ozean, und sie sagen: 'Hey ya Mawla, hey ya laysa. Hey ya Mawla, hey ya laysa.' Allah Allah, Allah Allah.
Wie achtlos sind die Menschen. Wie achtlos sind sie. Möge Allah der Allmächtige uns nicht zu diesen Achtlosen gehören lassen. Manche der Schiffe waren voller Handelsgüter und manche beförderten Passagiere. Einmal nahm eines dieser Schiffe seine Passagiere auf, die Güter, die es beförderte, und setzte volle Segel. 'Hey ya Mawla, hey ya laysa. Unser Herr, Löwen, bleibt stark. Der Allmächtige Herr ist mit euch.' Allahu Akbar. Allahu Akbaru l-Akbar. Wir konnten das nicht lehren, konnten es unsere Kinder nicht lehren. In diesem Jahrhundert lehren die Menschen ihre Kinder Böses. Sie lehren nichts Rahmani, Himmlisches. Und aus diesem Grund hören die Schwierigkeiten der Menschheit nie auf. Ihre Nöte enden nie. Früher war ein Laib Brot genug für das ganze Haus. Jetzt kann nicht einmal das Brot aller Bäckereien genug für sie sein. Warum?

Weil sie nicht an Allah denken, Der sie erschaffen hat und Der ihnen ihre Versorgung gewährt. Sie laufen auf den Straßen und sagen: Wir haben Hunger! Wie könnt ihr Hunger haben? Diese Heiligen Verse: "Wa ma min Dabbatin fi l-'Ardi illa `ala Llahi Rizquha" (11:6). 'Du lebst mit Meiner Versorgung. Jedes sich regende, lebende Geschöpf hat seine Versorgung. Es gibt kein Geschöpf, das verhungert. O Mensch, Ich habe dich geehrt. Kann Ich dich verhungern lassen? Aman ya Rabbi, Tawba ya Rabbi. Ist es keine Schande für die Muslime zu schreien, zu kreischen auf der Straße? 'Wir sind hungrig, wir sind hungrig!' Ist es angemessen für die Menschheit? Wie kommt das? "Wa ma min Dabbatin fi l-'Ardi illa `ala Llahi Rizquha." Ich gewähre die Versorgung jedes lebenden Geschöpfes, sagt Allahu Dhu l-Jalal. Wie könnt ihr auf den Straßen laufen, ihr Bären, Wölfe, Füchse, Hyänen, Schakale?! Welche Schamlosigkeit ist das, daß ihr auf den Straßen ruft: 'Wir sind hungrig!'
Es gibt keinen einzigen Tag, an dem wir hungrig bleiben. O Herr, o unser Herr! Wenn ein hungriger Mensch sagt Bismillahi r-Rahmani r-Rahim, wird er voll. Wenn ein nackter Mensch sagt Bismillahi r-Rahmani r-Rahim, findet er ein Gewand, um sich zu kleiden. Wenn jemand, der

ein Bedürfnis, eine Forderung hat, Bismillahi r-Rahmani r-Rahim sagt, erfüllt Allah seine Forderung. Schande auf die Muslime! Sie schreien und rufen auf den Straßen: 'Wir sind hungrig.' Schande auf euch. "Wa ma min Dabbatin fi l-'Ardi illa `ala Llahi Rizquha." Allah der Allmächtige gewährt die Versorgung selbst des kleinsten Geschöpfes. Und ihr, ihr seid der Schmuck der Erde. Ihr seid die Ehre der Erde. Kann Allah euch jemals hungern lassen? Ptu (spuckt) auf euch! Schande auf euch! Daß ihr auf die Straßen lauft, Männer und Frauen: 'Wir sind hungrig!' Selbst wenn sie alles Essensvorräte der Welt äßen, würden sie nicht voll werden. Schande auf sie. Sie sagen nicht Bismillahi r-Rahmani r-Rahim. O unser Herr, Der der Razzaqu l-Mutlaq (der Absolute Versorger) ist, mögest Du uns die Versorgung gewähren, die genug für uns ist. Wir sind hilflos und schwach zurückgeblieben. Mögest Du uns von Deinen Schätzen des Bismillahi r-Rahmani r-Rahim geben. Wenn sie das sagen, würde Allah es ihnen nicht geben? Schande auf diese Muslime! Sie schreien auf den Straßen und sagen: Wir sind hungrig. Wessen Diener seid ihr? Ihr seid die Diener Allahs des Allmächtigen Rabbu l-Izza.

Nicht einmal ein Diener, der an der Tür eines Sultans Dienst tut, wird hungern gelassen. Allah der Allmächtige, Der der Schöpfer ist, der Herrscher der Schöpfung, Der dem Menschen Ehre gab, wird sie hungrig lassen? Wenn jemand an der Tür eines Sultans Dienst tut, und doch noch hungrig ist, bedeutet das, daß sein Dienst eine Lüge ist. O unser Herr, Bismillahi r-Rahmani r-Rahim. Mögest Du uns die Versorgung geben, die wir brauchen, mit der Barakah des Bismillah auf leichte Weise. Was immer für uns ist, mögest Du es geben, o Herr. 'O Mein Diener, hast du Mich gerufen?' 'Hier, wir rufen.' 'Was sagt ihr?' 'Wir sind hungrig!' 'Das ist kein Adab', sagt Er (swt). 'Ihr seid die Diener des Absoluten Sultans der Himmel und Erden. Würde Ich euch je hungern lassen? Schande auf euch. Das ist genug für euch als Strafe. Ihr habt Meinen Namen vergessen und ihn vergessen lassen. Möget ihr auch vergessen werden. Wenn ihr nicht vergeßt, dient euch tatsächlich alles. Es ist eine Ehre für den Menschen. Der Mensch ist der Vertreter Allahs des Allmächtigen auf Erden. Was immer es auf Erden gibt an Pflanzen oder Tieren, alles steht in seinem Dienst. Allah der Allmächtige hat nichts umsonst geschaffen. Er (swt) läßt nicht einmal einen Grashalm umsonst wachsen. Selbst das Gras, das auf der Wiese wächst, hat einen Nutzen, einen Dienst für die Menschheit.

Ihr habt so einen Herrn, doch ihr akzeptiert Ihn nicht, ihr sagt nicht Bismillahi r-Rahmani r-Rahim? Das ist das Saifullah, das Schwert Allahs, das Er (swt) unserem Propheten (saws)

gewährte . Wenn er damit zuschlägt, kann es von Ost nach West reichen. Unser Prophet ist der Meister der Schöpfung. Ihr seid die Nation des Meisters der Schöpfung. Kann er euch je hungern lassen? Sie wandern, laufen auf den Straßen und sagen, 'Wir sind hungrig!' Sie werden auf den Straßen enden, verhungert. Die Nachrichten: 'Bittet von Meinem Ihsan (Güte)'. Warum sucht ihr eine andere Tür? Wer sich nicht an Allah den Allmächtigen wendet, Der der Herr der Himmel und Erden ist, stirbt Hungers. Er verliert seine Ehre und sein toter Körper wird ein Kadaver. Was dem Menschen Ehre gibt, ist, den Namen Allahs des Allmächtigen zu sagen. Haben sie ihn gesagt? 'Wir sind hungrig!' Ihr könnt nie satt werden im Leben. Könnt ihr je satt werden? Sie sagen: Wir sind hungrig. Wer Dienst tut für Allah, Der der Eigner von Himmel und Erden ist, kann so ein Mensch je hungrig bleiben? Auch der einfachste Diener, der im Palast eines Sultans dient, wird nicht hungrig bleiben. Er ißt wenigstens das, was im Topf übrig ist. Er ißt, was von des Sultans Tisch übrig ist, und wird satt.

Wer euch ernährt, ist Allah, nicht diese Regierungen. Wer seid ihr, und wer ist euere Regierung? "Falhukmu Lillahi l-`Aliyi l-Kabir" (40:12). Die Herrschaft, die Absolute Herrschaft gehört Allah dem Allmächtigen. Wenn Er (swt) sagt, 'Gebt ihm', wird ihm gegeben. Wenn Er sagt, 'Gebt ihm nicht', wird ihm nicht gegeben. Es wird niemand hungrig gelassen, nachdem er das Bismillah gesagt hat. Aber sie haben das Bismillah vergessen und schreien auf den Straßen: Wir sind hungrig! Wen ruft ihr an? Wen ruft ihr an? 'Wen können wir anrufen? Wir rufen, damit dieser Mensch die Macht übernimmt und uns zu Essen gibt. Dieses Tier übernimmt die Macht und gibt uns zu Essen.' Ist das die Ehre der Menschheit? Was kann ein Mensch einem anderen geben? Nichts. Ist Er nicht euer Herr, Der alles geben kann? Warum sagt ihr nicht Bismillahi r-Rahmani r-Rahim? Unser Herr mögest Du von den Schätzen des Bismillah zu uns herabsenden und uns ernähren. Mögest Du uns Ehre geben auf dem Weg Deiner Dienerschaft, o Herr. Bismillahi r-Rahmani r-Rahim öffnet die Türen solcher Schätze.. Wer immer mit dem Bismillah gräbt, findet Gold. Sie wissen es nicht, sie lehren das nicht. Schande auf ihre Gebildeten. Sie können nicht "Allah" lehren!

Wir sprechen von Allahs Herrlichkeit auf die einfachste Weise. Die Absolute Macht und Herrlichkeit gehört Allah dem Allmächtigen. Absolute Gaben gehören Allah dem Allmächtigen. Wenn es etwas Höheres gibt, sagt es! Bismillahi r-Rahmani r-Rahim. Unser Herr laß uns nicht eines anderen bedürftig sein, o Herr. Mögest Du unsere Versorgung auf leichte Weise gewähren.

Bedecke uns. Wirf uns nicht in Erniedrigung und laß uns nicht auf den Straßen laufen wie Tiere. 'Ihr lauft, ich veranlasse nicht, daß ihr lauft. Ihr habt Mich vergessen, und dann lauft ihr auf den Straßen', sagt Er (swt). Wir sind hungrig, wir sind hungrig! Ihr werdet nie satt in euerem Leben.

Sagt Bismillahi r-Rahmani r-Rahim, und ein Teller Suppe reicht für eine Familie. Sagt Bismillahi r-Rahmani r-Rahim, und ein Laib Brot reicht für einen Palast. Wie schön, wie schön ist das Bismillahi r-Rahmani r-Rahim. Laß uns nicht vergessen, o Herr. 'Wir haben Kranke in der Familie'. Der Kranke ist sich auch seiner Lage gewahr. Aber warum sagt der Kranke nicht Bismillahi r-Rahmani r-Rahim? Bismillahi Lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim."
Ihr arabischen Muslime, könnt ihr nicht Arabisch? Wir sind Ajam, wir sind Nicht-Araber, aber ihr, wie könnt ihr nicht wissen? Kann jemand hungrig bleiben, nachdem er Bismillahi r-Rahmani r-Rahim gesagt hat? Gibt es jemanden, der verhungert, nachdem er Bismillahi r-Rahmani r-Rahim gesagt hat? Sagt vor Allah, das gibt es nicht! Ihr lauft auf den Straßen wie Pferde. Ihr sagt: Wir sind hungrig! Sie können niemals satt werden in ihrem ganzen Leben. Möge Allah unser Herz sättigen mit Seiner Liebe, so daß unser Magen die ganze Zeit satt ist und unser Herz rein. Unser Gesicht ist erleuchtet, Allah läßt uns nicht auf die Stufe der Tiere fallen. Wer auf den Straßen läuft, verläßt die Stufe des Menschen und fällt auf die Stufe der Tiere. Unser Herr, Mögest Du uns Deine Diener senden, die uns das lehren. Sagt Bismillahi r-Rahmani r-Rahim, öffnet die Tür und geht aus dem Haus. Auch wenn ihr keine Arbeit findet, findet ihr zumindest fünf Guineen, fünf Pfund vor euerer Tür. Ihr könnt doch für das Nötigste sorgen. Allah läßt Seine Diener nicht hungrig. "Wa ma min Dabbatin fi l-Ardi illa `ala Llahi Rizqahu." Der große Mensch! Allah, Der selbst die Versorgung einer kleinen Ameise gibt, kann Er den großen, geehrten Menschen hungrig lassen?
Was für eine Sache ist das: Muslime vergessen das Bismillah, sie gehen und bitten Europa um Hilfe. Sie erbitten Waffen von den USA, erbitten Soldaten von Rußland.. Laßt all das! Kehrt zu Allah zurück! Sagt Bismillahi r-Rahmani r-Rahim. Unser Herr, mögest Du uns zu jenen gehören lassen, die Deinen Ismu l-Jalil erinnern. Laß uns nicht zu den Beraubten gehören lassen. Wer ist beraubt? Wer Allah vergißt. Wer Allah vergißt, ist beraubt. Wer nicht vergißt, ist nie beraubt. Der Schlüssel zu den Schätzen auf der Erde und in den Himmeln ist Bismillahi r-Rahmani r-

Rahim. Damit öffnen sich alle Schätze für euch. Warum lauft ihr noch auf den Straßen wie Wölfe, wie Schakale, wie Tiere? Wenn ihr hungrig seid, geht in die Moschee. Bittet eueren Herrn: O Herr, ya Muhawwilal Hawli wa l-Ahwal Hawwil Halana ila Ahsani Hal. Gib uns einen besseren Zustand, Herr, und wir machen Deine Dienerschaft besser. Vergib uns unsere Sünden. Wir suchen Zuflucht bei Dir vor dem Ego, vor den Begierden, vor Shaytan, vor der Dunya, die uns fehlleiten. Mögest Du uns schützen, o Herr. Schütze unsere Religion, unseren Glauben, unsere Ehre, unsere Züchtigkeit.

Kann jemand, der Frauen auf den Straßen kreischen läßt, noch Ehre haben? Wo sind die Gelehrten, das zu sagen? Wenn ihr das nicht sagt, werdet ihr am Gerichtstag leiden. Wenn ihr es nicht sagt, seid ihr passender für Shaytan. So viele Schätze sind im Bismillah. Es ist ein gezogenes Schwert. Wenn es zuschlägt, kann es von Ost nach West reichen und die Köpfe aller Ungläubigen abschneiden. Es ist solche Macht bei unserem Propheten (saws). Ich sage das wenigste davon. Wenn ich das höchste davon sage, wenn ein Wali Allahs die Erde anstößt, kann er sie so werfen, wie sie tun, wenn sie Fußball spielen. Wirklich? Wenn du willst, kann ich dich dorthin werfen lassen, und du kommst nie zurück. Unser Herr, unser Suhban, unser Sultan. Kann jemand hungrig bleiben an der Tür unseres Sultans? Kann er in einer machtlosen Lage oder im Elend bleiben? Unser Herr, Irham Dha'fana, Irham Dhullana. Nahnu Abduka Fuqara, Dhuafa ya Rabbi. Wa'fu anna Waghfur lana Warhamna. Wa tub `alayna Wahdina Wasqina. Waslih Sha'nana wa Sha'nu l-Muslimin. Fansurna `ala l-Qawmi l-Kafirin. Wansur Sultanana, Sultana l-Muslimin.

Ein Sultan wird gebraucht für den Islam. Es kann keinen Sultan in jedem Land geben. Ein Sultan wird gebraucht. Mögest Du uns einen Sultan senden, o Herr. Wa l-Hamdulillahi Rabbi l-`Alamin. Wa l-Aqibatu li l-Muttaqin. Wa l-`Aqibatu li l-Muttaqin Wala `Udwan illa `ala l-Zalimin. Unser Herr, mögest Du uns nicht zu denen machen, die wild werden und fehlgehen. Überlaß uns nicht unserem schmutzigen Ego. Wa la Takilna ila Anfusina Tarfata `Aynin. Das Ego des Menschen erniedrigt und blamiert ihn. Herr, Tawba ya Rabbi. Wir schämen uns, aber was können wir tun? Was können wir tun? Unsere Gelehrten können den Mund nicht öffnen. Unsere Führer beachten die Gelehrten nicht, respektieren den Propheten nicht, machen keine Sajda vor ihrem Herrn. Wie soll ihre Lage oder unsere Lage sein? Aman ya Rabbi, Aman ya Rabbi. Schließe uns nicht von Deiner Dienerschaft aus. Tawba ya Rabbi, Tawba Astaghfirullah.

Laß uns Bismillahi r-Rahmani r-Rahim sagen, und jede Tür öffnet sich für uns. Erleichterung kommt zu unserem Körper, unsere Krankheit verschwindet. Unsere Probleme, Schmerz und Elend wird weggenommen. Wir singen wie Vögel und sagen: O Herr, wir lieben Dich, wir lieben Deinen Propheten. Mögen wir Dich lieben, ya Rabbi, mögen wir Dich lieben, ya Rabbana. O Liebende Allahs! Sagt das! Weckt die Menschen auf! Mögen wir geweckt werden. O Herr, sende uns den Sultan, der uns aufweckt. Mögest Du uns die Heiligen senden, die uns Deine schönen Wege lehren. Wir sind uns selbst überlassen und verbringen unser Leben in Sklaverei. Vergib uns, o Allah. Vergib uns, o Allah. Vergib uns, o Allah, zu Ehren Deines Geliebten. Wa bi Hurmati Sirri Surati l-Fatiha, ma`a l-Basmala. Bismillahi r-Rahmani r-Rahim. Alhamdulillahi Rabbi l-`Alamin. Ar-Rahmani r-Rahim. Maliki Yawmi d-Din. Iyaka Na`budu wa Iyaka Nasta`in. Ahdina s-Sirata l-Mustaqim. Sirata Lladhina An`amta `Alayhim Ghayri l-Maghdubi `Alayhim wa la d-Dallin. Amin. Überlaß uns nicht unserem schmutzigen Ego, o Herr. Tawba ya Rabbi, Tawba Astaghfirullah. Okay, genug mit so viel.

# We are in need something from material and something from spiritual

As-salamu alaikum... Audhubilahi minesh shaitana rajim...Bismillahi Rahmani Rahim Astaghfirullah min kulli thanbin masi', min kulli ma yukallifu-l Islam...Tariqatuna as-sohba wa khairu fi jamiat... We are in need something from material and something from spiritual. We are in need for our material being or physical being something from material to stand up, and our spiritual being also needs something from spirituality. Really our material being is standing up in existence through our souls. If not souls, our physical being is nothing, can't continue alive. If our souls leave our physical being, our personality just finished- no way for our physical being to continue alive in existence. That is reality, but people's thinking opposite. They are saying 'our lives continue and our lives depends... as much as we feeding our physical being, our physical being going to be in existence', and that is wrong, very wrong idea. But it looks like. Who deny spirituality and power of our souls think that we are only going to be in life by eating and drinking and taking care for our physical being. It is not true, but looks like that. Therefore they are taking no care for spirituality or for souls, they are saying: 'No, we are only a physical being, a creature like other creatures, our lives depend on eating and drinking and taking care for our material being, it is okay'. Who taking this view or idea and never taking any care for their soul and spiritual being, we are looking that they are growing and developing their physical being to one limit. When they reach to that limit, after it beginning to come down. Up to that limit everyone feeling that they are powerful, that they are perfect, that they may do everything; that is their limits, and after

that point or age, beginning to come down, Day by day they are going to feel that something getting less from their physical being, and they are surprising and saying: What about? I am looking myself as before or more than before, I am looking I am taking care for my physical being, controlling and making check-ups on it, and taking so care, in spite of that we are looking that our black hairs coming to be whiter and our skin becoming...so many lines beginning, and we are looking our eyes is not like before seeing, our hearing coming down, our teeth going to be destroyed step by step, and our manpower coming less, less, less and we are saying we are finishing. And we are saying- they are saying- what about? Just I am giving everything more than before now, we are using so many medicines, herbal medicines, artificial medicines, atomic medicines, atomic weapons...and even atomic bombs never affecting on...finishing. What is that? Proof coming to them, that: O people, your thoughts, your ideas are wrong ideas, you must understand that it is not material feeding, making you to stand up, no, something else. But yet they are insisting to say We must find a now herbal, new powerful pills, now check-up, and renewing our hearts...they may renew hearts also, renewing liver, renewing everything except that one...not renewing...no renewment for that...finished, passed away... very important form heart from head from they are thinking on it, and they say we must find something to make ourselves young ones again...finished, because you were believing in materialism, you are saying: 'No God', and this is a punishment to cut your power that coming from Heavens, that power to cut down. You may eat drink everything, but your power just passed away; make it in coffin and bury it, finished. 'We are doing copyright, photocopy of man', they are saying, we make this photocopy, we are doing same that person.' You may reach to that point, but you can't make an old person...you can't make his photocopy as before, finished. But they try to find this secret power that makes a person to be alive. No way! No way. Because they are atheist people, materialist people, denying the Creator, Lord of Heavens, they should be punished. Therefore after 25 years now going to finish. So many people coming and complaining, saying: 'What about?' I am saying: 'You believe in God?' 'Eh'... Most Western people finished now, after 25 they are dead people. Mill without water not turning. There is mill- water just stopped. Punishment from Heavens to these people, for atheist people, for unbelievers, for wrong ones, for bad ones, for rebellious ones...it is a punishment from the Lord of Heavens: 'Yes, you are doing as you like, but you are not going to live as you like, finished, I am cutting your way'.

I am speaking for those people whom they are never accepting that there is a soul, there is a spiritual power through our souls, making our physical being to stand up. When you deny it, that power slowly coming down, coming down, coming down...to zero point. For a believer everything from foods and drinks, if they say:

'Bismillahi Rahmani Rahim.', giving enough power for them. If not saying 'Bismillahi Rahmani Rahim.', taking from them, not giving to them. O people...don't think that people now reached 21st century and what they are inventing from new systems, new instruments, giving power to them. No, everything that they are inventing, taking something from their personality, taking a power from their physical being, and coming to be so weak ones. And weakest people from beginning up today: are the people that live on earth now in our period, so weak! It wasn't before in such a way. Now everyone feeling themselves weak, and asking to find a way to make themselves strong, not strong, but stronger. But no way, till they say: 'O our Lord, support us with Your Mercy, support us with Your blessings!' If not are saying this, no way for them, nothing can support them, they are going to finish slowly, slowly, slowly, and this huge number of people going to pass away.

Therefore- this is an association; association with Sheikh; Sheikh that authorized to give from heavenly powers, or heavenly support to attenders, and attenders, as much as they may give much more care, they may take much more. Like a petrol station, may come a bicycle, asking petrol, giving one litre, it is enough for that one, coming 40 wheels big truck, this one litre is not enough, taking ten gallons...100 gallons not enough for that. Therefore people who attend such an association, as much as giving their attention, as much as they are opening their hearts, that heavenly power, spiritual power, may come and may act in that person, and that person can do through that power.

Therefore this is a humble station, but it is a real station, and very rare to find it. You can find, but it is difficult, they are hiding themselves. You may find hiding stations, or hidden station, you can find, but it is difficult to find them, and so many people from East and West coming here, they are understanding, they are finding and coming here. People are asking: 'For what coming from East, from West to this place? What is here?' I am saying: 'You are not understanding, because donkey can't understand, what is for man. If your level donkey level, you are not understanding. Get up a little bit, then you can understand, and you are not going to asking me why people are coming. If you are reaching to their station, you are not going to ask me: Why they are coming from America.' This is a young fellow, X., 30 hours by plane coming. For what coming? To drink my soup, that only I am putting tomato and potato in a big pot, putting 2 or 3 pounds wheat, and that is all, and putting in it salt...for this coming? No, they are coming for something else. It is not easy to come and fly 30 hours from San Francisco, from California, up to Cyprus. What is in Cyprus? Why not going to Russia? Why not going to India, to Egypt, to London? They may walk... This is an unknown place, but they are knowing and coming. If nothing, they are not coming. If their souls not finding a satisfaction, they are not

coming. That fellow coming from Denmark, that one from England, that from Austria, that France, that Germany...from East, from West people coming.

If you are putting a sign that you are saying: This is a Tandoori, curry center, people running to it. If they are looking around and if it is only written Tandoori center, Tandoori Kebab, and inside nothing, you may cheat one or two people, then no one coming in. You may cheat them with big advertising, but when they are coming in it and not satisfying, not finding what they are asking, no one coming second time. But a small shop that not writing anything that you may show, what you are selling, they may come to you. And 21st century people are in need spirituality. They have material, countless, but they are not in peace. What they have form richness, billions, trillions of Euros, or Pounds, or Dollars, not giving to people peace, and people run after peace. They are not finding. Therefore I am advising to whole nations, to whole mankind, that they must come back to their real positions, to ask from their real personality and positions, and to find a way to themselves through spirituality. If not finding, they are never going to reach a peace or satisfaction, and they are going to kill each other, and to destroy everyone's cities and countries, and making shaitan to be happy... Shaitan going to be happy when everything destroyed and everyone killed. May Allah forgive me and bless you, for the honour of most honoured Rasul salallahu alayhi wasallim, Fatiha.

**We are in need of divinely help. Now we are reaching a time that man must think about what is happening, or what is going to happen and what happened**

We are in need of divinely help. Now we are reaching a time that man must think about what is happening, or what is going to happen and what happened.

We must stop even for one minute or moment, and we must think. There is a song in Turkish, saying: Ey yolcu biraz dinle beni, kervan geciyor, sen kalma geri.O traveller, listen to me, the caravan is passing, so don't stay behind. This is a song said by heavenly feelings.

There are some songs that belong to our material world, and there are others, which belong to our spiritual world. Now you may see that 1oo%, or, if not, 99% of the songs of people belong to their material world, and they enjoy materially. In which kind of music youngsters and the new generation is interested? In pop-music- because pope also happy- that is addressing their material bodies or beings 1oo%, and nothing else.

The second kind of music or songs belongs to our spirituality, to our spiritual body, and perhaps you may find 1 % of people interested in spirituality and spiritual music and songs. Maybe you find less, half % or quarter %.

Through all religions, from beginning up to end, music for our physical being's interest is forbidden, no doubt. Why? Because material songs take ourselves away from our spirituality and bring us into the darkness of materiality. Therefore they are forbidden, no way.

Everything that takes man away from spirituality, carrying him to his material being, is forbidden. That is the main rule, and the real reason for something to be forbidden is that it takes man away from God.. And it is never going to be changed, from the first man and first prophet up to the last one, may peace be upon all of them. There is a saying from Rasulullah, the Seal of Prophets, sws: 'Ad-dunya ma'ulatun', Dunya is cursed. For what? Because Dunya occupies the servants of the Lord from His divine service and makes them slaves for it. That is the main point to be well known, and no objection on it now, before or after, through East and West, Christians, Jews and Muslims. The Seal of Prophets said that Dunya is cursed and also everything in it is cursed, because it takes the servants of the Lord of Heavens away from their main purpose of being in existence. The main purpose is that Allah created you, o man, for His divine service. But you are getting away from it and then cursing is coming on you. Therefore people through their acting and activities are either blessed or cursed- there is no other possibility. If you are going to do something, that activity or work is either going to be blessed and then blessings are coming on you, or it is going to be cursed and then cursing is coming on you. This balance is never changed. One hundred popes, one thousand bishops can't say anything. They must think what is the mission of Muhammad sws. What was his calling for? If they have something through their heads, they must think on this: That one, to where was he calling people to come? The Quran Karim is witness, it says in there: 'Wa Allahu jadau ila Dar-us-Salaam.' The Seal of Prophets was calling people to Paradise forever, never ending Paradise, to Allah. How you say Jesus is God? What is that foolishness? Now, they say, there is going to be a war of religions. No real religion may stand up

against Islam, the real Islam which the Prophet brought. He is saying what is his mission: 'I am calling you to Allah.' And the akbar burhan, the greatest evidence for Rasul, Seal of Prophets, S.Muhammad sws, is that he was saying: 'Dunya is cursed.'

Dunya is never leaving people to be through their divine service in the divine Presence, to be servants of the Lord Allah Almighty, but asking them to be its servants, and not even servants, but slaves. Man should be his Lord's servant, because that servanthood is giving honour to people. Allah Almighty is not saying: 'My slaves', because slave is not a honoured title. And Dunya is making people its slaves, there is no servanthood for Dunya, but it is slavery. And slaves have no value among a community; they may be sold, they may be killed. No honour for them, not even 1 %, no. Slavery is the lowest level for mankind.

Therefore the Prophet was saying: 'Dunya is cursed, because it makes the servants of the Lord Allah Almighty its slaves.'

Therefore, those people, who are coming under the flag of the religion that is raising the flag of Heavens will be winners, should be victorious, and other flags should fall down. So it is important now to think on that point: What are we doing, what I am, who I am, or who am I? Everyone must ask himself those questions. And there are two flags raised: One flag is the heavenly flag, the flag that belongs to the Lord of Heavens, and the second flag is just a piece of cloth with a dirt shape on it and belongs to the satanic kingdom.

And you have been offered to choose and be under one of these two flags. Look sometimes to yourself and ask: Am I under the holy flag of Heavens or under the flag of the satanic kingdom? You must ask and look, and according to your faith, according to the power of your belief, perhaps you may see really. If you don't see with the eyes of your head, but you may see with the eyes of your heart, that you are under the flag of Heavens, under the holy flag of Heavens. Keep your position; don't move, because you are under

heavenly shelter, so that if there is going to be a flood of fire on earth, you may sit in the fire, but it will never touch you, because the order will come to the fire not to burn you like S.Ibrahim a.s. He was thrown into the fire of Nimrod, and the holy command from Heavens came: 'Don't touch My beloved servant. Get away! Change yourself into a garden of red roses.' This is coming to those people also who are under the flag of Heavens.

Now the fire is coming. Don't think everything is okay now, no! We are just on the first step and beyond that coming. People are going to come together and be on two ways: either under the flag of Heavens, or under the flag of the satanic kingdom.

O people- I was beginning to speak on something else, but they brought me through this way, and it is important. It is very important to be known by all nations. Also, after this introduction, we must say what is the main mission for the creation of mankind on earth, to be well-known. First man and his lady landed on earth and they had a mission. Same time Shaitan landed on earth. Adam a.s. had been forgiven and blessed, but Shaitan, as he was not asking for forgiveness, he was cursed. He came on earth the same time as Adam and he came with his bad characteristic. He represents disobedience, he was the first disobedient one through creation and all creatures. He got courageous to address Allah and to say: 'If You don't forgive me and throw me from Paradise on earth, I swear on You that I am going not to leave Your servants to be Your servants. If You send Adam here to establish Your kingdom, I am coming also to make my kingdom on earth, and I should try until the last moment to keep my kingdom and not to be there Your kingdom.'

Spit on Shaitan who was speaking like that in the divine Presence! Therefore all the angels kicked him down from Heavens.

From that time up today Shaitan and his group, his slaves and devils, ask to establish their satanic kingdom on earth, and Allah Almighty was sending His prophets from Adam up to end to establish and keep His heavenly kingdom on

its feet, not to fall down. Now today Shaitan is in the most brave and hopeful time of his life, thinking that he can make the heavenly Sultanate not to be on earth anymore and to be his own Sultanate.

Now coming wars of religions, that means, wars between the satanic Sultanate and the kingdom of Heavens, and we have been asked to give our support to the kingdom of Heavens. Allah Almighty should support those who are going to support the heavenly Sultanate. Even the servants of the heavenly kingdom of Allah Almighty have nothing, and the supporters of the satanic kingdom have every possibility from power and they depend on their technology, but it means nothing, it is going to be ashes. This should be, we are going on this now.

O believers, o mankind, come to support the heavenly kingdom! The Heavenly kingdom is not in need of your support, but really you are in need of a support, and when you support the divine kingdom, Allah Almighty should support you. He is not in need of anything from His servants for His kingdom. But honour and protection, mercy and blessings will come on you, because you intend to make the heavenly kingdom of Allah Almighty up, and you should be up also. Who is asking to make the divine kingdom down, he is going down and down and down, endlessly.

May Allah forgive us. You are the eternal Sultan, Sermadi Sultan. Increase Your most Beloved Servant S.Muhammad sws in honour endlessly. For his honour- Fatiha.

This must be written and you may make copies from the cassette or make a booklet to be sent to all the heads of states.

**We are in need of a support from our Grandsheikh... The Prophet, Rasulullah sws, used to say: 'Allahumma la takilni ila nafsi tarfatain'**

Audhubilahi minesh Shaitana rajim...Bismillahi Rahmani Rahim...Destur, ya Sayidi, Meded. We are in need of a support from our Grandsheikh... The Prophet, Rasulullah sws, used to say: 'Allahumma la takilni ila nafsi tarfatain', and he was that one who was knowing Allah Almighty, and no one can reach to the limit of His Marifatullah, his knowing Allah. No one can reach to the point that Rasulullah reached and knew Allah. And the knowledge of all the creatures about their Creator Allah Almighty is going to be like a small drop at the end of a needle when you put it in an ocean...Shahid ul Haqq...You can't imagine the greatness and honour of Rasulullah sws; his greatness and real being is beyond the imagination of mankind. Who can be honoured to be his name on the same level of La ilaha ill-Allah, Muhammad Rasulullah sws? Allah Almighty is not making His Name up and His beloved Prophet's name down:' ...wa raf'ana laka dhikrak', 'We are taking your name, your memory and personality up', so high, that it is impossible to reach to that level. And less, less, less, endlessly less from the horizon of knowledge of Rasulullah about Allah Almighty, is what we know about him. Because finally he is symbolizing mankind; he is only in existence in divine Presence, not anyone else. Can't be seen anyone's existence through his existence. For example: you can approve your existence through this huge universe? This is our existence. You can prove? You can say: 'I am here'? And your sound can't even reach up to that wall. Our physical being is on this globe, earth, and our solar system, galaxy, is going to be as an unseen thing, disappearing through the huge appearance of this universe. How you can say for yourself,

how you can prove your existence? And Rasulullah's existence in divine Presence is going to finish, but his real being and existence just proven in divine Presence. It is impossible for anyone to pass, to reach to the oceans of Rasulullah, and it is impossible for anyone's being to reach to that ocean...Allah, wa 'azamatu-li-llah, wa-l hikmatu li-llah!

And Rasulullah was saying: 'Allahumma la takilni ila nafsi tarfatain', asking for divine support from Allah Almighty. He can't be able to trust on himself, and he was saying: 'Don't leave me in the hands of my ego. If Your divinely support and help is going to be cut for even one moment, even S.Muhammad sws is not going to be in existence anymore.'

That is biggest teaching and warning for everyone. Rasululah sws was saying: 'You must ask a support from Allah Almighty for yourself and say: Support me, o my Lord.' When you ask support from Allah Almighty, it is like when a person asks support from Niagara; Niagara can't reach to that one or that one can't reach to Niagara, but there are ways, pipes, reaching to you. That is a description. Directly it is impossible to reach to the Niagara Falls, but through those pipes that come up to your tap; you open them, and then water comes through them, and you can use it and drink, wash yourself, plant and do anything. But directly it is impossible.

Therefore, when the Prophet said that you must ask support from Allah Almighty, it means that you must show your neediness and say: 'I am in need of Your support, o my Lord'. And directly you cannot reach Allah Almighty. It is coming to Rasulullah sws, and to him also you cannot reach, because big pipes are coming and if you enter in it, the water can carry you away also. But from those lines come small pipes, reaching to you. Therefore it is said: 'Iyyaka na'budu wa iyyaka nastain'; that is a big teaching, but most people don't understand. They think that a servant can ask directly from the Sultan. No. There is a protocol for the Sultanate. As a servant through the palace of the Sultan you can't go directly to the Sultan and say: 'O your Majesty, I need an ax', 'O my Sultan, I need a brush, a pot, a seed for planting, a rope, a shovel, a donkey or a car'. It is true?

You work for Allah Almighty and a servant works for his Sultan, but he can't ask directly from the Sultan. 'Iyyaka na'budu wa iyyaka nastain'; that is a big ocean...We are asking your divinely help, support and divinely lights. You can't directly address him. There is a protocol. Must be. Who belongs to the heavenly Sultanate? Who represents the heavenly Sultanate on earth? You must find those people. His Sultanate is represented on earth, and you must find those responsible people and come to say: 'I am in need of this'. That means that you ask from Allah, but indirectly, because yet you didn't reach to Allah Almighty. Your ego is the

biggest hindrance between you and your Lord Almighty Allah.

Therefore- the servant is weak, and a weak servant must try to reach a support, physically as well as spiritually. If you are not asking, you are going to vanish and finish. Therefore the biggest Adab for servants is to ask from that one, who belongs to Him, Allah Almighty, who is most near to Him. Who is that one, you must reach to him. If you are not reaching to him, it is like you have a mobile and you don't use the code number, you never reach to your purpose. And there are so many numbers; if you don't know the perfect code number, you cannot reach even one person. How you reach Allah if you don't know the code number? You think the code number is partner? No, but it is the way of the protocol. If you ask to reach someone, you must know his code number. Use that number and you reach to your target, purpose or aim that you are asking. If you don't know, you can't reach. Not every number is giving to you what you are asking. You say: 'I am asking to you, o mobile', and mobile is saying: 'Which code number you are asking? Because I have thousands. Which number you want to use through me for your purpose, what you are asking? If you don't say, you cannot reach.' People now think when they say: 'Iyyaka na'budu wa iyyaka nastain', that without any protocol they can reach to Allah; and they never reach. And it is best manner for servants to ask heavenly support. For heavenly support, if you don't know the code number, you ask the central and say: 'I need that person, but I don't have the code number', and they may give to you.

Therefore Rasulullah was saying: 'Allahumma la takilni ila nafsi tarfatain', 'O my nation, don't be with your ego, nafs, but leave it and ask support, heavenly, divine support. Or your ego will cheat you and you think that you reach something, and you reach nothing.'

This is short but powerful...There are realities in it to be well known by everyone who is asking to reach to Allah. It is a good manner, teaching people.

**We are living for Allah. Who is living for Allah has been honoured. Who is living for himself, for his ego, he is doing for Shaitan**

Destur ya Sayidi, Meded.Meded, ya Sultan ul Awliwah.Meded, ya Rijalullah. By the Name of Allah Almighty, most Beneficent and most Magnificent.

We are living for Allah. Who is living for Allah has been honoured. Who is living for himself, for his ego, he is doing for Shaitan.

Meded ya Sultan ul Awliya.

We have been ordered.or our main mission is to fight evil. Any religion objecting on my words? I am saying that every religion, every prophet coming for what? To take away evil, because evil is satanic sultanate and its works and devils supporting evil to make satanic sultanate everywhere and divinely people that are holy ones coming to save people from the hands of devils and to save them not to fall through evil oceans. Anyone may object on it? Must be agent of Shaitan. A real religious people, a real believer must accept this as their aims to clean whole world from evil and to capture back the power of heavenly kingdom, because shatitanic kingdom on earth asking to fight kingdom of Heavens. Till man understands this, they never going to reach anything from divinely favours here and hereafter.

Now we are living through 21sdt century. People, their scholars, scientists, they are looking around themselves and making research for everything, and through their research about nature, and nature is from rocks, from seas, from plants, from animals, man surrounded with three worlds, worlds of no life, part of this world as rocks and seas, people, scholars making deeply research on that, and they are writing hundreds of thousands books, hundred volumes, thousand volumes books, they are filling libraries, that it is impossible for a person to reach and to learn what is written in it.
Impossible. To try to make impossible possible it is from ignorance. Who running after, impossible, and who is asking to make impossible possible must be ignorant one. Impossible can't be possible. One man's memory, one man's brain can't carry, and one man's mind production can't bring impossible possible.
Then - this for no life, nature we are saying- then there is another.plants.countless kinds of plants. You don't know their names, but every plant has an identity. Everything through nature has an identity.
Must be. Therefore countless, thousands of kinds of plants we are not knowing. All we are knowing is pine tree, red pine tree, eucalyptos, rain ? trees, almond trees, oak tress.if I am saying even Sheikh Hisham coming to my garden and asking me: What is this and that is that? Ten kinds in our garden. Sheikh Hisham Effendi that he is an encyclopaedia Sheikh, he is also asking me: What is this? I am saying: This is potato tree. Saying: I never met such a tree. Yes you must wait 6 months here, that you may find potato on it, like tomato tree. He was thinking tomato also like potato on trees growing.
So countless botanical world. Countless! No ones head can carry. No one can carry. And it is written on plants perhaps thousands of books. Even one you can't keep through your brain, although.even tough man invented and he made a system, you are saying: computer. Even computer can't reach. Computer going and then saying: enough for me, no more, because computers also in

limits. And man trying to out instead if their brain computer. What is benefit you put everything in computer. It is for computer, but not for you and people so proud with their computers. No, it is not for you, it is for that machine.

Then coming another countless world about animals.animals world.Oof!.more high kevel from rocks nature and plants nature, coming animals world. Animal world on each step coming another perfection. It is not a play or joke to follow Darwin. He did everything through fairy tales, and whole universities teaching about evolution theory. So nonsense theory ever find, that he did man from monkeys. And some monkeys that are imprisoned in zoo garden, I am looking sitting and thinking. I am saying: What you are thinking? It is saying: I am thinking if I can be once upon a time a man. If I can be? Sitting gorilla, or chimpanzee, or orang utan: what you are thinking my friend? O my sheikh I am thinking perhaps once upon a time I can be a man and I am thinking I can't carry to be a man. Yes.

So useless thing occupied from East to West, from North to South every center that they claim This is center of knowledge. No as long as they believe in Darwin that centers are polaces of ignorance, that they run after something never happened. Therefore by himself Darwin always looking his picture and thinking.when looking his picture: what about you are thinking? I am trying to find from which kind of monkey I am coming.my grandfather may be orang utan. So I am saying: you are not looking too much irang utan, you are looking much more to me from gorilla.so ugly one. I am thinking you are not more ugly from gorilla.I am sorry to say this as a joke but it is a reality. I am sorry that universities who claim to be knowledge centers to believe such foolish theory and putting first of all anything and making it on his theory.

That is biggest shame for knowledge centers for universities and for educational ministeries and whole governments, biggest shame and also it is biggest cursing reason from Heaven that making Allah Almighty to be too

angry with them.
Now we are leaving this and coming ands saying that we are. animals world.you can't reach.only form butterfly, if butterfly, thousands of kinds.and thousands designs on their wings.how happening? I am only saying one animal, belongs to animal world. What about others? You think our head carrying this but making research on this thousands and thousand of books written What is the benefit?
And then coming on it our world: mankind.man's world is biggest and most perfect. Perhaps it is top point of perfection, but even man's world most developed and most perfect creation on earth, but it is less one that people making research on them. Wju you are saying this o Sheikh? Ye,s I am saying this by my authority, because yes, people make research in physical being of man's body.their existence as a material.Their research only for the material part that we say physical being of mankind. No more they are stopping there, wrtiting thousands and thousands of books on man's physical being, But beyond our physical being that gives us an authority to look after everything on this earth and to use them for our benefit, we are not giving any value any research to do any research on that side of our beings, that our physical being is as a plane, we are looking only plane but we are not looking who is driver, who is pilot. Yes, a Boeing flight, most improved Boeing flight, 747? We are looking and saying if this flight taking 500 people, everything in it, and getting up ten miles, 20 miles up and then flying 1000 km every hour, we are suprised. Only theoretical material of flight, but we are never asking 'How it is flying? By itself? How it is possible? '
Now they are coming with their Samsonite like caravan, coming there.Crew coming. If not these people inside, this material can't move from its place. People take care only for flight, not talking care who making it to fly, to driver. Our physical being in such a perfection, but how it is working? How we are looking and seeing? How we are hearing and listening, how we are

smelling and understanding, how we are tasting and understanding? How our hands going up and coming down, how pour bodies running and stopping? How our physical measure working for generation? What is that? How it is going to.? No one asking. And big shame for whole knowledge centers of universities and academies that they are not asking that point: Who is that One? No one asking real personality, identity of mankind. That is biggest blame for living mankind through 21st century, and biggest shame. shame on them that they deny everything that it can't be touched or looking or tasted or heard or smelled. 21stc scholars just imprisoned themselves through5 senses' prison. Never interesting beyond 5 senses. And they are going to die in it and to finish in it and never reaching to anything.

It is enough.enough for whole mankind, for whole knowledge centers, universities, academies, everyone of learned people, scholars, scientists. this is enough for them, more than enough. No one can bring any answer or objection on it. Sometimes I am easy person, sometimes like Himalayan mountains- no on can pass it. May Allah forgive me and bless you.

**We are living not in a real existence**

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, Meded ya Rijalallah, Destur! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

They were asking from (the) Prophet sws: “When night comes, day where going? (And) when day comes, night to where going? One of two must be taken away from existence.” To come day, night (is) taken away from existence, (and) when night (is) coming, day (is) going to disappear and its existence (is) taken away.

And we are living in an existence- it is not a real existence; it is as existence, but really no. Yesterday just passed away with its happenings. Don’t look what is written through newspapers, or: don’t look to TV; all newspapers, all news centers from TV and like that, can’t bring (all the news) from (those) happenings that happened yesterday, (it) only may be (like) a drop from an ocean. Now living on this planet 6 billions people or more- He knows (only) their number. Even your computers can’t reach (to count) the number of mankind, how many (of) mankind were living yesterday and today how many (are) living now. We may say only that: yesterday just lived millions of people, but up today millions of them just passed away; (they) disappeared, (they are) no more in existence. And today (are) coming millions of new ones- (being) born and (being) brought into an imitated existence today. And other creatures also they are not same today as they were yesterday.

It is important to be known for mankind that we are seen as (if) we are in existence, but really we (are) not. What is the benefit to know that? Big benefit!

Because people just have been cheated by Shaitan and Shaitan (is) cheating people by saying: “Oh people!

You must run after this material world and its aspects! You must try and give your whole capacity, ability (and) energy; you must spend it to reach material aspects from this material world", and (there is) no reality, no real existence on earth. What happened yesterday just disappeared and a new happening, a new appearance (is) just opening today up to night. When darkness (is) coming, (it is) covering everything, taking (it) away. And people (are) waiting till (the) sun (is) shining and (then they are) looking what (is) remaining: So many things just have been taken away, so many unexpected existences (are) just coming in existence and you are looking.

Allah Almighty granted to mankind (the) Holy Quran for an understanding about their real positions on earth through this life and to know something about their temporary appearances. To know something, this opening (is) coming daily and people (are) looking. They are looking and asking: "Where is that (what) we lived yesterday? (It) just disappeared! Nighttime coming darkness and covering, a second day we are awakening and we are looking and thinking (that) it is (the) same world, same people, same events- no, finished! That is taken away!" "Kulli yaumin Huwa fi sha'an." That (is) taken away. Allah Almighty every day (is) giving something to be seen by mankind, to know something about themselves, about their imitated existence. Therefore (in the) Holy Quran (Allah Almighty is) urging people through so many holy Verses, saying: "La allahum yastafakkarun, la-allakum yatafakkarun aw taqilun..." Mankind- they are the real aspect from this creation, they are (the) main target through all creation to come into existence. Everything (is) just created for the honour of mankind and what they have been granted, no any other creature is granted, no! "La allahum yatafakkarun"- Allah Almighty is asking from mankind that they may think on it, because thinking on anything is the key for opening the secret of that thing, (the) secret for which reason, for which wisdom the Lord of Heavens just created that (creature). We have been ordered to look: "For what (is) this, (what) we are looking and seeing in existence?" And their existence is not stable, (but) running away. But mankind has been ordered to reach through reasons to their Lord's real Existence; to find a way for their Lord's knowledge (,Marifatullah).

We have been ordered to know about our Creator, and according to our knowledge for our Creator we may give much more respect and we may give much more glory to our Lord, because we have been created in such a way that we may know, and we may respect and we may give glory. (And Allah Almighty is) asking (this) from His servants. And when we are looking through everything that we are in it now and (we are) thinking

on it, our mind (is) going to be bigger and (there is) coming much more ability and capacity for understanding more and more.

Subhanallah! In our days now people are not using (their) whole mind- they are using only perhaps 1 (part) from 1oo- and it is enough for them to look everything on earth, to run after such aspects that are not real things. That one part that they are using they are thinking with that that there is an existence and (that) this (is) their real existence, but always (they are) going to be cheated, because (they are) not asking a support from their minds. (They are) not using (all of their minds), only one (part) from 1oo, and 99 (parts are) out of order, not using. They are saying: "No need, one (part) is enough for us", to run, to claim to do this, to do that, because that is the lowest level for mankind and Shaitan's main target is to carry people, to carry mankind from their most honoured level (down) to the lowest level; to take from them that honour that they have been granted from Allah Almighty, therefore (he is) bringing them to (the) lowest level of mankind, which is the level of animals world. And mankind's real aspects, their real desires and target now is only to arrange their animal beings. They (are) never interested in their spirituality and spiritual being.

Shaitan (is) making them (to be like this), saying: "Come down! Come, come, come- here you are not in need to use 99 (parts of your mind), it is so difficult! I am calling you to an easy life, enjoyful life, you should be happy and full with pleasure. Come to the level that I am calling you (to), down, (it) should be so beautiful, no responsibility on it!" Because animals (are) never carrying any responsibility and Shaitan (is) cheating people, saying: "Come, don't be up! Up you have been offered, you have been loaded responsibility; (a) responsibility (is) just put on you that even mountains can't carry- they can't be able to carry (that load). Leave that! Come with me to lead your normal life that belongs to your physical being and I am asking from you to use only one part from 1oo. This is good for you! This leave, come with me!"

And people (are) coming (down) and rushing and fighting someones to some others for reaching to the lowest level of mankind. Now all mankind is on that level! All people (are) asking only (something for) their physical desires, to fulfil that (desires). Therefore (their mind) is out of order; (they are) leaving 99 (parts) from 1oo (to be) out of order. Biggest cheating! Shaitan (is) very happy that (he) brought 21st century people wholly (to the) deepest, lowest level and (that) they are living on (the) level of animals word. They are asking nothing else (but) eating, drinking dressing and dancing and running and riding- men on men, women on women, men on women, women on men...That is (the) lowest, dirtiest level! (About) nothing else they are

thinking. That is 21st century's civilization, according to their best friend Shaitan!

Therefore people can't use their whole minds. (And) for what Allah granted to you that big mind? For what? To find your way to keep your level up; not to come down, but to reach from your level (up) to Heavens! But (instead) people are using that one part from 1oo to invent atomic bombs, nuclear bombs, so many kinds of weapons- and a person with one stroke may die. All richness and all of their offers are running only for weapons and then (they are) asking and saying: "Ohhh, economical crisis!" Why not looking to your budget? How many billions you (are) giving for new weapons? That is your honour to prepare terrible, horrible weapons, to destroy what mankind built and to kill them? That is your civilization? That is your mentality? To where you reached and your budget perhaps- if I am saying it is true- from 1oo (%) 99 (%) at least (you are) giving for new weapons and everywhere (they are) saying: "This year we just invented such terrible weapons, but now new ones (are) coming and these are going to be old fashion. Give new money!" And people (are giving...) People, what they are doing? How they can stop? If that river (is) running, how you can stop the flood? Stop that river, not to run, then you should find a way for saving people. All all nations, all countries, all governments, all states they are only thinking to find new more terrible more horrible weapons- how you are asking to be peace on earth? (It) can't be! But they are never listening (to) heavenly Messages! Heavenly Messages are saying:" Don't kill!" Heavenly Messages are saying: "Save weak ones!" Heavenly Messages are saying: "Don't destroy!" Heavenly Messages are saying: "Keep people!" Heavenly Messages are saying: "Keep their honours..!" Where it is? How they are coming together, 2oo states in UN and they are asking. "We must look to stop terrorism, we must look to prevent Israel from Arabs...", they are asking, saying. "How we can do to arrange peace through Iraq?" Then they are asking: "How we can find a way with Europeans and Russians among themselves?" So many (things)...

Ya Hu- you are on the level of animals! You can't think on it! Get up! Get up (to) your level, (the) level of mankind! Why (you are) coming down on the level of animals! Why? Allah honoured you and you are throwing that honour (away) and (you are) coming to be with animals! Never going to come peace on earth until heavenly Involvement (is) coming on earth to break those heads that are leading people and (who) are (the) friends of Shaitan, making people to fall into Hells, into fire.

May Allah make it quickly (and) send us who can be able to make Shaitan and devils to be destroyed and heavenly situation, heavenly Mercy and Blessing may come on earth. May Allah forgive me and bless you, for

the honor of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

**We are not asking a bad place because it is cheap. No, must be something that may be good for us**

We are not asking a bad place because it is cheap. No, must be something that may be good for us. First: not to be so cold. Second: not to be a dry place, no rain. Third: not to be difficult for finding water through wells. Fourth: not too much wind. Fifth: no military zone. And sixth: not to be closer to cities or difficult people. Such conditions we are looking...

...Anyone who asking to come, welcome, and we shall try to ask from government also a special permission for immigrating here, and we are not going to need anything, we are not going to be a burden on government, but we are enough or ourselves, insha Allah, we are not on need for them, only our aim is to be here through Armageddon, great wars, not to be with people in Europe, that should be difficult and misunderstanding between Muslims and Non-Muslims.

And I am trying to find a suitable place, to be closer to Damascus also, and in a good situation for climate, not to be too cold like our place now, or not too hot like here, Damascus. Must be an average height, after 20 km, that it is normal. Anytime you may find micros going coming, and we may buy a micro also for our people, that anyone asking to come to Damascus daytime looking for their importance and then going back, it is okay. That is my inspiration for that purpose. And, as I said before, I don't like concrete buildings there. It must be simple places. Maybe we may be here up to Mehdi a.s., and after Mehdi a.s. up to time of Jesus Christ, coming and wars finishing, and people may move through East and West, anywhere, easily.

Only through this short time that people must be in need to be in a safe place, and safe place through big events, when last days approaching, Prophet, peace be upon him, just informing that most safe place in Damascus, here. Therefore we prepare to be here all of us, and so many millions people must run also here that time. 'Tuba li man kana lahu marbata shatin fi sham fi akhira zaman'...it was informed by holy Prophet, he was saying: 'It is a big reward or a favour from Allah Almighty to His servants that they should have a small place that one sheep may be there, to be for him when last days coming'. That is Prophet's miraculous words, miraculous news, for coming days. And it is the time that you may find easily place, and after a while may be thousands, ten thousands, hundred thousands... millions people must run to Damascus. According to S.Muhyiudin ibn Arabi, Allah bless him, this Wuta, all around Damascus, should be people like this: if you throw your hat up, not coming on earth, coming on people, so crowdy should be here. And was asking S. Abu Bakr, Allah bless him: 'Ya Rasululah if such crowding going to be in Damascus, how should be for their eating and drinking?' And he was saying sws: 'When Mehdi coming, and he is saying: 'Allahu akbar, Allahu akbar, Allahu akbar', one piece of food should be enough for those people. Up to 40 days they should never feel hunger and their feeling going to be as a person just ate one lamb.' In such a way should be.
Therefore- anyone who likes to come, welcome. And I don't think that here government going to prevent people, because just the situation is going to be changed quickly. Today is something, tomorrow is something else. Today maybe people looking towards East, tomorrow they may look to West, or people may look today to West, tomorrow they may look to East. In such a way through 24 hours quickly a changing is coming... wa min Allah at-taufiq. Fatiha.
I am hating everything that belongs to modern life...In concrete people are going to be concrete also...In Arabic houses from mud no need for a stove...
...In old times people found their Rizq in their own village or their own country. Nowadays people travel from one city to the other, from one country to another. In old times they brought water from a well. Nowadays is comes with machines and all the precious ingredients that the body needs, get lost.

## We are not extremists or fanatic people

We are not extremists or fanatic people, but our way is the way of the middle, not to deviate to the right or the left. Go straight. Who is going
to one side, is not perfect...
There is head and feet- not everybody is going to be head. But without feet the head also cannot walk. Allah has created eveything in perfection, you have to see it. But man wants to do as he likes on earth, like Pharao and Nimrod, and they don't want to respect Allah.
In the 18./19th century they fell into the sea of Fasad and dirtiness. It started in France with the revolution, spread in Europe and from there it came to us. Dirty waters were flowing out and therefore the world is now as it is. The canalisation has broken in so many places, that it cannot be repaired anymore, and no one can save himself from these dirty waters...And democracy is a deception, cheating.
To see oneself better than others is Haram, Batil. No nation is better than the other. All have been created by Allah.
In front of him the one who respects and loves Him most is the acceptable

one...It is not enough to call oneself Muslim- have you become a real Muslim? Have you submitted to Allah and sacrificed your nafs like Abraham was ready to slaughter his son, whom he loved more than anything?!

This month has started strongly. And everything that is happening you find in the Holy Quran- every letter is like an ocean of meanings. For what the story about Abraham and Ismail? We are from the generation(zurriyet) of Adam, the nation(millet) of Ibrahim and the ummah of Muhammad sws. But they are so proud to say that they come from apes. They may be the sons of apes-we are the sons of Adam a.s. and from the nation of Ibrahim, and it is honour for us! Abraham was Khalilullah, the friend of Allah, and he was ready to sacrifice what was most dear to him, his son Ismail, and also Isamil was ready to sacrifice himself and he was fully submitted: Canim feda olsun, may my soul be your ransom, he said.

Allah doesn't want us to be slaves to our ego, but to serve Him. You can do that? For what people are living? They live to satisfy their ego- important people as well as common people. So many ordinary stones- where are the jewels?

Imam Rabbani, a Naqshibandi-Sheikh-ul-'Azam, said: Great is the one who saved himself from the slavery of his ego. For what we are fasting? It is worshipping, servanthood, the best means to save people from the slavery of their ego. All the prophets used to fast and tought their nation to fast.

Allah's reward for fasting is endless, because it turns you from a servant to your ego into a servant of Allah. So don't say: I am great. Allah alone is Great, and He gives greatness to the one who escapes from his ego. But we open and close our eyes only to serve our ego. People of the 21st century are servants to their ego, and Shaitan is their first teacher...

Everyone wants to study. Nobody wants to learn a craft, no one wants to be a shepherd or gardener. No one respects the other anymore, everybody wants to be a big one and important one. But there is a head and there are feet. In Russia they tried and said all are equal and all should govern. They killed

the Zar and put themselves in the palace. And Stalin killed 8o Million people and cleaned Middle Asia from Muslims... Not everybody is going to govern, because who should they govern? Trees? Donkeys? Dogs? They don't need a government. But egomania, the illusion of being important and great, is slavery to the ego, and most probably there is no real great man at all anymore.

In old times they worked with the light of faith. But people nowadays are in darkness and don't see, where they are going or stepping. Nobody sees anymore. Mind and willpower have come down to zero, and Shaitan has made people dishonoured in the service to their ego. A human being is servant of Allah, our Lord. Who is there that lives for Allah? The Saudis? The Turks? The Egyptians, Syrians, Pakistanis?

This month has started with 'Azamet, take care! The door of worship is fasting, and it means war against the ego, that always wants to do, as it likes. Say: "No, I don't want to be your servant anymore, I am turning to Allah, I am no more listening to you!" Who says that, will be saved, and the others will have to go...

Every morning I am eating Sahur and I am asking for support for the fasting. If Allah gives support, with one bite I may fast 4o days...

O Allah, let us be under the Tajalli of Lutf (mercy, divine grants, favours), not of Azab (divine anger).

**We are nothing! All Glory be for Allah!**

Abdul Qadir Gilani...(Maulana is singing in praise of that big Saint)

Destur, ya Sayyidi, Meded, Meded ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

We are nothing! All Glory be for Allah! He is Powerful and no limit for His Power. (He is) never giving anything or never taking anything. If (He was) giving anything, that means He may be in pieces. Therefore He is not 'something' (so) that His Existence is going to be with pieces, no, He is One! If you are giving to 1 something, it is going to be changed, not to be 1. He is 1, Number 1, from numbers (He is the) 1. If you are giving something to 1, (it is) changing), (it is) never going to be 1. (And) if you are taking (something) from 1, also (it is) changing and 1 (is) going to disappear. Therefore 1 (is) never accepting to give or to take.

Allah Almighty, His Existence, His Personality can't be like any other thing- (it is) impossible! And Allah Almighty, from pre-eternal up to eternal, He is (the) Creator, creating. Don't think that when He is creating something (He is) giving to His creatures (something) from His Essence, no! If (He was) giving (to them something from His Essence), He was going to be like us; we can take (and) we can give.

(The) most difficult thing is to think on His Oneness, (the) Oneness of Allah's Existence. To think on it is most difficult. A man- as much as a man (is) thinking (and) thinking about (a) female being, he can't reach to understand (the) real being of (a) female. And also a female (is) never understanding (the) real being of (a) male. Man and woman- (for) a man it is impossible to understand the situation or position of a woman, and also (for) a woman it is impossible to understand a real being of man. If you are asking that- a female (to

understand) 1oo% the situation of being a man- that woman must be (a) man, or it is impossible. And a man, if he (is) asking to understand 1oo% (the) situation of a woman, that one must be a woman.

And (it is the same for) everything. That is (a) palm-tree. (It is) never understanding (an) apricot (-tree). If (it is) understanding that must be an apricot (itself). Or: that is a plum tree, that is an apricot tree. (And) a banana tree can't be (an) avocado (tree). Yes. If anyone (is) asking to be like X., he must be X., to understand who is X...Everything that He created, creation, creatures, it is impossible (for them) to understand how is (their) Creator. For understanding (the) Creator, (someone or something) must be (that) Creator. And it is impossible, because this universe can't carry two Creators; (it) can (only) carry one Creator. What is creation and what are creatures? You may think on it, but you can't be able to think on the Creator. He is (the) Creator (and He is) creating, and His creation (is) never ending.

This is an apricot tree- that is another apricot tree, but they are not 1oo% similar (or) same, no. This is one (tree), that is another (tree). Creation and Creator- leave them. Leave the Creator- (but) you may think on creation. Not creation, but the creation of creatures that are in existence.

He is (the) Creator, (and He) may fill this universe. (And) like this universe hundreds or billions or trillions times- He may create (a space) and this space (is) never going to be full (or) occupied, so that there is no more room. This space- when our Lord, the Creator (is) asking to bring in existence (and) to create such a universe (that is) quatrillion and quatrillion times (the size of our universe), this space (is) never going to be full; never (it is) getting (to be) 'full-house'. And, if He likes, He is able to put all of (that space that is) like this universe billion and billion times in (the) distance of (an) atom!

Don't use your balance for Allah, oh heedless people! Don't show me icons! People (are) painting and say: "This is God." Astaghfirullah! Yes! In the distance of (an) atom He may create (a space that is) like this universe millions, billions, trillions etc times and He may order (it) to be in (the) distance of (an) atom. Allah, Allah! (There) must be a crack through the heads of mankind to think on it! Don't think! 'Tafakkaru fi ala-i-llah, wa la tafakkaru fi dhatillah'- You can think on creatures, but not on the Creator! Don't try to think on Him, no! How you can put (in) your mind (the thought) that (a space that is like) such (a universe as our) universe million and billion times may be in (an) atom's distance? It is easy for (the) Lord of Heavens to say: "Be in that distance!" Finished- and they are ready in (that) atomic area, in that distance! And it is not

crowded! Everyone freely may take their place and (they are) so happy; they are saying: “ Ohhh, (it is) such a big distance!” Think on creation, for whole creatures and (that) He is (their) Creator. You may look (to) creatures and through His creatures you may understand something...

Therefore we were saying: He is not giving even (an) atomic (part of His) Existence or (He is) never taking (anything). When He is creating, He is not taking anything (from) this creation. And also He is not giving anything. Only (it is) His Order: “Be!” and (it is) going to be, to appear and to take its room in that area and to say: “I am here, oh my Lord!” Glory be for my Lord!” Everything (is) glorifying Allah! So countless universes and creatures- all of them (are) shouting and saying: “Glory be for our Lord!” They are shouting! It is only an Order (from Allah Almighty that is bringing them in existence). (An) Order is not a material thing. (An) Order- your mind is never going to understand how is that Order; how that Order (is) bringing millions, billions, trillions (of) spaces (and) universes. Your imagination (is) never reaching (to understand), impossible! And everything that you are thinking for (an) understanding of our Lord’s Order and Command- to say: “Be!”- that is all imagination, and reality is beyond that! Therefore you can’t understand ‘Alem-u-Amr, His Dominion of Power or His Dominions of His Power Oceans. It is impossible to be understood! Always you can’t move more than in (an) atomic distance. You can’t be able. You are understanding- our souls may understand!

And which things that our masters (are) speaking- don’t think (that) their addressing is towards your physical being! (The) physical being (is) understanding nothing! But they are aiming at our spirituality and our souls are swimming through that unknown Power Oceans’ Dominions. And that is our limit, and beyond that limit you can’t reach (to an understanding); even your imagination can’t reach (to anything) after that limit. Every time you are moving towards (the) real Power Oceans’ Dominions, you should find yourself moving with that atom, as a vessel (that is) moving through an ocean- (it) is cutting distances, but always it is through that ocean. Because you are in a boat, a ship that is always moving through that countless Power Oceans’ Dominions. As much as you are moving, you can’t reach beyond that ship, always you are in it. (You) can’t be leaving that ship and coming in Power Oceans’ Dominions.

And this is (an) addressing to (the) 21st century people that they are thinking that they reached the top limits of understanding (the knowledge) from this world and (that) they are

asking to reach beyond this planet. They are never getting satisfied now to be on this planet only. They have some desires, deeply- (they are) asking to move beyond this planet (to look) what is there, but (they) can't reach. Through themselves (they) may reach from distance to distance with this planet only. If (they are) asking to move beyond this planet, (they are) going to be finished; their existence (is) going to be on the point of zero, no more (there should be) their existence in this universe. They are asking to move and to understand, but they may use only this planet and this planet, (to) where it is going, they may look, but they can't look. They can't look, because materiality (is) never making mankind to move from this planet, beyond this galaxy. You must try to reach to another distance and you are on this planet. If this planet is moving beyond (the) solar system (and the) solar system (is) asking to move beyond our galaxy, and when (you are) leaving this galaxy, (you are) looking billions of (other) galaxies- how (you) can reach to (the) end of (all the) galaxies? That means: (it is) impossible to reach beyond of our imagination. All of it (is) remaining in (the) limits of our imagination and Reality is (always the) same.

As one Wali (was) saying: "Allah- Huwa 'al 'an kama kan"- The Lord of Heavens is (now), as He was, (and) He is from pre-eternal up to eternal (the same) and you can't find a way to reach to that 'manzar', that view, to reach beyond this creation and to look. You can't cut that distance and reach (the) end of creation and look who is Allah! It is impossible, but this desire, deep desire (is) teaching man to ask (to reach something) beyond their levels and to move through countless distances, through countless levels, through countless horizons to find the last horizon and to reach to Reality. And it is impossible!

Therefore mankind now (is) falling in troubles, because (people are) not thinking (on) such big subjects. If (they were) coming (and) turning to themselves (they) should find everything through themselves. But (they are) running to find everything out of their existence and it is impossible! Your existence, beyond your existence, your existence is not a real existence. You must turn back (to Him) Who is giving to you that existence with His Command and (Who is) making me, making you to appear through an atmosphere that you can't reach to the ends of that atmosphere, because they are also swimming through countless Power Oceans of divine Dominions.

May Allah forgive us and make us to think on such high thoughts and to leave useless things, not to waste our valuable lives- that we have been granted as a chance from Allah Almighty- to think on it and to move through that area that no one (is) going to understand, but only their understanding continuously continues

through their distances, and then they should be happy for that movement through their creation from level to level. You should reach through your creation from one horizon to another, (and) from that horizon to another, and your pleasure, your light (is) going to be more and more and more (and) you should be with you Lord's divinely Presence as it is appointed for you through that atomic distance. And (the) Dominions of the Lord of Heavens- Alhamdulillah we are saying- (they are) unlimited. If (they) were in limits, man was going to be always in sadness, because (they would think that) one day that (is) going to finish. But (there is) real pleasure for mankind, who is (the) deputy (of Allah) and created (to be) patron on earth on behalf of their Lord, (who is) giving us endless pleasure. If that Dominions (were) going to be in limits, man (was) going to disappear or to finish under (the) darkness of sadness (and he was) never going to taste anything. But (the) Lord of Heavens has countless Dominions of Power Oceans as well as countless Dominions from His divinely Attributes.

May Allah give us something for (an) understanding, to be in pleasure her and Hereafter. For the honour of His most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.
