**This is not a lecture, we are not in a coffee shop or conference; we are not students asking degrees (but every day you take a degree here), we are not lazy**
**cafeteria people**

---

This is not a lecture, we are not in a coffee shop or conference; we are not students asking degrees (but every day you take a degree here), we are not lazy
cafeteria people. We are middle way people. You may sit for a little while;
Allah granted to you to come and make Sajdah, to respect His holy order: 'Come
and make Sajdah'. Who is deaf, is going to be killed now. Who is not listening
to make Sajdah has reached to his end now.
The only safe people are those who keep the holy command of Allah Who calls:
'Come and make Sajdah to your Lord.' Who is doing this, must do it not only once
a week, no, but five times daily. If not, he is going to be in danger to be
assaulted, and to be killed. Only Sajdah is going to protect people not to be
killed. There is no other way now for Muslim communities. For Non-Muslims
charity is going to protect them, as Sajdah protects Muslims.
Therefore billions must be taken away. Only those people, who make Sajdah for
Allah, should be protected and sheltered, and among Non-Muslims charitable
people. Charity is going to be for them a blessing from Allah Almighty, as the
Sajdah is for the Muslims.

Now in only two moon months from the New Year of the western countries, the Islamic calendar should join their calendar, and it this going to come that people should be taken away and the whole world should be cleaned. May Allah bless you and forgive me...

Ask forgiveness from Allah. People give importance only for their ego's satisfaction, egoistic enjoyment, and physical body's pleasures. They run after that. Their main target is to reach more pleasures for their physical beings through their egoistic willing and wishes, demands and desires.

Now it is important for Muslims also to make their egoistic desires less, to make a limit, not to be everything for our egoistic desires, no. But now the Muslim world and the non-Muslim world 100% run after that point. It is their target to reach to or to fulfil their egoistic desires.

No one is thinking on this. They ask to take people away from nature and to establish a new life-style, and everyone is asking for that new life-style, individually and commonly. They ask to save themselves from nature, but they cannot get up, and therefore they build their buildings on pillars, not to reach to nature, but to be far away. They don't like to go in a worldwide direction to build their buildings and cities, but they ask to go up, higher and higher. Therefore they build towers, skyscrapers, because they like to escape from earth and go up, not to be with nature.

And nature is our physical being's mother. When you go away from it, everything is coming against you. As long as you are friendly with nature, nature keeps you like a mother keeps her child. Nature keeps people, who are friendly with it. Therefore one hundred years ago, in villages and in the countryside especially, people were much more healthy, they lived healthily. Now people escape from nature, and as long as they do, nature is going to be unhappy with them and send on them something that is worst for them. In old times nature did its best for mankind; now it is angry, asking to harm people.

Therefore they say that bacteria, microbes, run everywhere and take their revenge from these foolish people. Before people used to drink water from wells,

from running waters. Now they must refine the water so many times and take this and that out from it, so that only the name of water is going to remain, but the qualities, which are so useful for our physical being, are taken away. Then there is no more defence for our body against bacteria and microbes, and therefore so many kinds of illnesses come that have never been seen or heard of. Animals live with nature. In the jungle there are never going to be these illnesses; only the animals that we keep, time by time are getting ill. It is not from themselves, but from the curse, which comes on their owners, that mad-cow-illness is coming on them. Otherwise that illness would never come to cows. It is not really that the cows are mad, but it is a cursing coming on them because of their owners and people, that eat meat and use every bad method for slaughtering animals. That cursing is coming on the cows, otherwise those animals would not be ill, because they live friendly with nature. You may see sometimes donkeys rubbing themselves on earth. That is a disinfectant. Every flying or running animal is so friendly with nature, disinfecting themselves with earth. Subhanallah!

Allah has put most perfect ways for the life of man on earth, to be everything in its perfection, but man is running away from nature, because they run away from their Lord. And cursing is running after them and comes on their heads. ‘Audhu bi-llahi mina shaitani rajim!’ This is important: Animals teach people not to escape from nature.

If a dog puts its tongue on a plate, you must clean it 7 x with water and then once with earth, because dogs always carry bacteria that harm people, and that are not going away except with earth. Even with soap they are not going away, only with earth, which cleans and kills the bacteria. It is such a strong disinfectant, it is best!

People go to sandy beaches, but sand harms them. It doesn’t carry disinfectant like the earth. People lie on the sand and it harms them and also the sun is harming them. They quickly become ugly, men and women. And the sea also is not clean at beaches where hundreds and thousands of people enter; it is so dirty. Every kind of microbes and bacteria are in it, it is so bad, making women to be

old and ugly quickly in face and body. It is so dangerous. And the sun affects their minds also, and the heartbeat, affecting the capillaries- there is dangerous harm from the sun. It is not save. Therefore everywhere you can find so many ill people, worst illnesses come on them. Beware of the sea. In a clean sea you may wash and swim, but places where people collect, are so dangerous, finishing people physically, spiritually, and morally. First order coming to prevent this. May Allah forgive us and make our whole efforts for His pleasure, not for our egoistic pleasures. Who follows egoistic pleasures, must be punished with any kind of illness or other things, here and hereafter. Islam protects mankind physically and spiritually. Therefore Shaitan is very angry; he is asking to make Islam down, blaming Islam, because it prevents every harm from man, physically and spiritually, and it brings them to safety.

And Shaitan is asking mankind to fall into trouble and suffering. Therefore everywhere, in East and West, in Muslim and non-Muslim countries, he is making his agents to make advertisement to prevent people from coming into Islam. Islam is saving people physically here and spiritually hereafter. And that is the only reason for blaming Islam. And blame on those who blame Islam! There can't be anything wrong in Islam to be blamed for.

You must try to be defenders of truth, which means Haqqani! Don't be afraid and bow in front of false, Batil. You must be 'sabit', fixed on your feet and defend Islam. Truth is only in Islam, not in any other school of ideas or ex-religions.

Try to be defenders of truth. If you defend truth, Allah defends you, don't worry. Don't say: 'We have no army, no weapons.' You fix yourself on truth and intend to be defenders of Islam, of truth, and you should be supported; heavenly support will come, no one can make you down. If there is no heavenly support, everything must fall down. A very simple earthquake may come, and with it may fall everything that is built on false. May Allah give us His divine support for defending truth.

In no religion there is any person to speak like this...

## We Are Ordered to Help and Protect the Weak

(Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Subhaan sen, Sultaan sen! Anta Subhaan, anta Sultaan! Zid habeebika yaa Rabbi 'l-`Alameen,`izzan wa sharafan nooran wa surooran, wa ridwaanan wa sultaana. Zid wa baarik saair al-anbiya wa 'l-mursaleen wa man tabi`ahum bi ihsaan ila Yawmi 'd-Deen. Allahuma 'ghfir lanaa wa 'rhamnaa wa toob `alaynaa wa 'hdinaa wa 'sqinaa wa 'slih shaa'nana wa shaa'na 'l-muslimeen. Thumma salaam `alaa Saahibi 'z-Zamaan. Thumma as-salaatu wa 's-salaam `alaa Saahib az-Zamaan wa `alaa Qutb az-Zamaan wa `alaa a'immatuna fi turuqu 'l-`aliyya amidahum, yaa Rabbee bi madadin khaas, yaa Rabbana! (Mawlana Shaykh sits)

Eyyyy, hayyyyyy, eyyyyy, hayyyyyy
Eyyyy, hayyyyyy, eyyyyy, hayyyyyy

A`oodhu billahi min ash-Shaytaani 'r-rajeem. Yaa RijaalAllah!

O Heavenly Ones! O Holy Ones! O Clean Ones! Send us from your heavenly support. We are weak ones, asking in this holy month more heavenly support for winning over our egos. We are trying to take away our egos' dirtiness. Our egos are working in dirtiness. Our egos are never asking to be clean ones, but always asking for dirtiness. May Allah send His heavenly cleanliness to His weak servants. Really, O our attenders, we are not weak ones because who is granted to say, Bismillahi 'r-Rahmaani 'r-Raheem, is never going to be a weak one! That is such a big grant that no one can reach the limits of that grant. Astaghfirullah. Allah Almighty is saying, asta'eedhu billah (Mawlana Shaykh stands)

•••••••• •••••••••• ••••••••

Wa khuliq al-insaanu da'eefa. Man is created weak. (4:28)

(Mawlana Shaykh sits) SadaqAllahu 'l-`Adheem.

O our Attenders! Don't be heedless ones. Wake up, particularly Salafi `ulamas who are giving such a title for themselves that it shows they think they are not weak ones! Yes, they say, "We are `ulamas," and yet you are weak ones. Don't forget that you are a weak Creation. You may use a title, but mostly titles are giving people an idea that they are important, and they say, "We are something, we are important ones! How can we accept that we are weak ones?"

Shaytan is saying to them, "Use a title that removes your weak status."

And Allah Almighty is saying, wa khuliq al-insaanu da`eefa. SubhaanAllah! He is not saying, khalaqtu al-insaan da`eefa, but He is saying wa khuliq al-insaanu da`eefa. Because Allah Almighty is saying, (Mawlana Shaykh stands)

•••••• ••••••• ••• •••••••• •••••••••

innee ja`ilun fi 'l-ardi khaleefah. I am appointing a deputy on Earth. (2:30)

Khalifah is chief, so how is he going to be weak? (Mawlana Shaykh sits) Feehee nazar. They are asking me to ask Salafi `ulamas their opinion. Do you say that insaan is created da`eef? And ayatul-kareemah is saying, innee ja`ilun fi 'l-ardi khaleefah. khaleefah is never, never, never showing any sign of weakness.

SubhaanAllahi 'l-`Aliyyu 'l-`Adheem. Feehee nazar. We must ponder it. Insaan, Man, is created khuliq al-insaanu da`eefa. One meaning is coming now, that insaan was born so weak, as a newborn child is so weak, then his physical being is getting powerful, more powerful, more powerful, and he is standing up. Ajaa`ib. Wa khuliq al-insaanu da`eefa. First, Creation is from sperms of its dad, and this very weak thing makes a human being? When its creation is going to be perfect and complete, then dressing on him a dress, innee ja`ilun fi 'l-ardi khaleefah, to be Allah Almighty's deputy on Earth. That small one that is so weak can't be a khaleefah. Then, "We are making and giving to him what he needs from power." He is physically getting powerful and with his spirituality he is taking an honor to be deputy. Our physical being can't carry that honor, but our spiritual being can carry that great, grand honor, yes!

We are saying "weak servants." Do our `ulamas know what Shari`atullah is ordering? Say what the holy Shari`ah is ordering to you, O `ulamas! And say to kings or sultans what is holy Shari`ah's order. Say! Don't you know that Allah Almighty is ordering, "Help weak ones!" That is an order! When Allah Almighty is saying, khuliq al-insaanu da`eefa, first of all, that command is coming to that child's father and mother to look after that weak one with high care. I am sorry to say that now, in the 21st century, people are bringing that baby at three days or one week, they are bringing that weak one to the door of churches, or orphanage doors, or city councils' doors, saying, "We reached the high point of civilization," but they are liars! The holy command of Allah Almighty is, "Help weak ones!"

That is why Allah Almighty is saying, wa khuliq al-insaanu da`eefa. It means, "Take the most care of the new Creation." It is the first heavenly command to kings, queens, umaraa, princes, shaykhs, rich ones, presidents, governments, and to all who have been granted power. Look after that helpless creature, that weak newborn that is thrown away! Take care of weak ones because they have been created weak and can't do anything. Take the highest care of those small ones!

Where is civilization? Doctors are cutting women (with Caesarian deliveries) and taking that new child `ajiz, weak ones, from the wombs of women and throwing them away. Thousands of such things are happening daily. And therefore, the Lord of Heavens is angry with people on Earth. Therefore, He is sending floods, fires, volcanoes, earthquakes, and unknown diseases as a punishment to make them weak, to taste the bitterness of weakness!

O People! Who are living from east to west, Islam is coming and living with rahmah, mercy! If there is no mercy, there is no Islam!

O Mankind! Take care of weak ones everywhere, that you are living and so proud that you reached the top point of civilization in the 21st century!

O Salafi `ulamas! Don't you know the holy hadith of the Seal of Prophets (s): (Mawlana Shaykh stands)

•••••• •• •• ••••• •••••• •• •• ••••••

Irham man fi 'l-ard yarhamakum man fi 's-sama. Have mercy to those on Earth and the One in Heavens will have mercy on you.

Is this not a hadeeth; don't you know it? Where is your rahmah and your pity for people? You are looking only for your egoistic pleasures. (Mawlana Shaykh sits) And people from east to west, from north to south, billions of people are in the worst condition and no one is giving their pity for those poor people, for those weak creatures! Where we are living now, every day they are making me shout at those people who are saying, "We are Salafi `ulamas. We are Wahhabi `ulamas. We are doctors. We are Muslim authorities." That hadeeth must be written everywhere in golden letters: Irham man fi'l-ard yarhamakum man fi's-sama, "Give your pity to weak ones and needy ones and poor ones." Help them, then the Lord of Heavens will give you from His endless Mercy Oceans! If not, then ghadabullah, anger of the Lord of Heavens, will approach you, just as heavenly anger reached to the armies of Nimrod, taking them away! (Mawlana Shaykh stands)

••••• •••••• ••••• ••••••• •••••••••

Wa maa dhaalika `ala 'Llahi bi-`azeez. That is not at all difficult for Allah, Who has no equal. (14:20, 35:17)

Is this true, or not?! What do you think, O `ulamas? Maa dhaalika `ala 'Llahi bi-`azeez. Allah Almighty, Who has qaadiran mutlaq, Absolute Power, "I can do anything, and if you do not change your way, I will reach you with My heavenly anger!" (Mawlana Shaykh sits)

O People! This is a holy month and Allah Almighty ordered you to give to poor people. Don’t wait for poor people to come to you begging. No, you must reach out to them. That is real honor for you. Someone was saying about a person who was asking for charity from him, "Daily they are coming to ask, and we are giving

our zakaat and sadaqah, but people are coming without end!”

That person was asking, “What are you giving from zakaat? You don’t know? I would like to hear from you.”

“We are calculating our gold and our riches; from 40, we are taking one and giving for the sake of Allah to poor people (i.e., one-fortieth of their wealth)."

The one who asked was very angry, saying, "You are not ashamed to give for Allah one from 40 and keeping 39 for yourself? Ptuu! Spit on you and your dishonored position!"

People now are in such a way. one person said, “Yaa Shaykh, leave them! If they are giving one from 40, it is enough. Don't quarrel with them.” But they are not giving even one from 40. And we are saying to those people, you are giving to the poor one from 40 and keeping 39 for yourself? One for Allah? How are you understanding Shari`atullah or Allah's Mercy for His creatures? You must say, "O my Lord! For You, all is for giving." How can you find people like this, in such a way? Shame on them! Shame! Where are those people who say, "O my Lord! I am taking one for myself and giving 39 for You." How can you find those people?

O Salafi `ulamas, you are rich people! Give for the sake of your Lord! May Allah forgive us.

O People! Allah Almighty is saying, "I must test My servants, how they are with Me, and how they are with dunya. What are they preparing for their dunya and what for Mawla? I must test and try My servants." And all holy ones, awliyaullah, are saying, “All those people are never passing from their lowest level up, not even one level.”

O Allah Almighty! Give us to taste the sweetness of Shari'ah! Send us someone from Your good people, from Your good servants, to teach us to live as You like. And may Allah forgive us for the honor of Your most beloved one (Mawlana Shaykh stands), and change us from bad ones to good ones, for the honor of the Seal of Prophets (s). (Mawlana Shaykh sits).

Fatihah.

(Mawlana Shaykh sings.)

Dome dome, dome dome, Dome dome, dome dome 4x

Shaytan and his followers are never happy with such an addressing. They are very angry, and I am asking that their anger kills them!

(40 minutes) (860 viewers) Today is Sunday. May Allah forgive us.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

(Mawlana Shaykh speaks with Hajjah Naziha and Shaykh Hisham Effendi on the phone.)

## We Are All Rabbaniyeen; Be Not Divided

Listen! This is a humble and weak servant, but I have been ordered to deliver this message, so I have delivered you the message. And I am innocent from all those groups of people who are denying this message. And the consequence of denying will be a sharp sword from malakoot, which will cut their heads. I don't have anything to say to them.

I don't like Egypt to have groups called, Ikhwan al-Muslimeen or Salafiyya. I like mu'mins to be called as Allah jalla wa `aala has said in the Holy Qur'an, "Wa laakin koonoo rabbaniyeen."

••• ••••• •••••••• ••• •••••••••• •••••• •••••••••• •••••••••••• •••••••••••••• ••••• ••••••• ••••••••• ••••••••• ••••••••• ••••
••• ••••• •••••• ••••••••• ••••••••• •••••••••••••• ••••• ••••••• •••••••••••• •••••••••• ••••••• ••••••• ••••••••••••

Maa kaana li-basharin an yu'teeyahullahu 'l-kitaaba wa al-hukma wa 'n-nuboowwata thumma yaqoola li 'n-naasi koonoo `ibaadan lee min doonillahi wa laakin koonoo rabbaniyyeena bimaa kuntum tu`allimoona 'l-kitaba wa bimaa kuntum tadrusoona. No human to whom Allah has given the (Holy) Book, Judgment, and prophethood would say to the people, "Be worshippers of me, other than Allah," but rather (they would say),"Be of the Lord, for that you teach the Book, and in that you have studied." (Ali Imran, 3:79)

Allah (swt) teaches us not to separate but to be together and leave all these groups which you yourselves have

created. Salafi, Wahhabi, Ikhwan al-Muslimeen, Ikhwan ash-Shayateen: You have named all of these yourselves. Allah says in Holy Qur'an, unzhuroo: wa laakin koonoo rabbaniyeen. "Allah likes His servant to be Rabbaniyeen."

O Muslims of Egypt! Say, "We are Rabbaniyeen," so that the hearts of Ikhwan al-Muslimeen and Salafiyoon start to tremble! If asked, "Who are you?" say, "I am Rabbani, mu`min."

O Ikhwan al-Muslimeen! Leave this imitated title as it has no value. In the sight of people, you are as under their feet, but if you want honor and dignity here and in the Hereafter, then follow the words of Allah, where He Almighty says, koonoo rabbaniyeen, "Be of the Lord." And I am Rabbani, poor and weak, but I try to be among the Rabbaniyeen, Muslim Rabbani.

O People of Egypt! Say, "We are Rabbani Muslims." Close down the Ikhwan al-Muslim; it does not have any taste. But call people to say, "We are Muslimeen Rabbaniyeen." This is how you will be saved. With this, you will be accepted in the Earth and in the Heavens, but be Rabbaniyeen. This is my madhhab! This has come to me and I have been ordered to tell you. There is nothing in Islam such as "Wahhabi," "Salafi," "Ikhwan al-Muslimeen," "Shi`a," and all others, no! But Allah orders to be Rabbani. Leave Shi`aism and say, "I am Rabbani." Leave Ikhwan al-Muslimeen and say, "Muslim Rabbani." And all Salafis, say, "I am not Salafi." What is "Salafi"? No taste! Say the blessed name, "I am Muslim Rabbani."

O Lord, forgive us! O Lord, teach us. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. If there is any human being in Islam who points that I am wrong, I submit my soul to my Lord. You will not find anyone (truthful) who denies these words. I am nothing. SubhaanAllah, the Lord of Heavens and the Earth! O Lord, forgive us and have mercy on us and send us a king who will fight for the sake of Allah!

Fatihah.

Anyone who denies these words, the second day he will be in the graveyard. I have the complete authority (to make that happen). Anyone who denies my words will not reach the blessed coming days, finished. Because the Saif ul-Qahhar, "the Subduing Sword from Heavens" that will cut their heads and not leave any of them! So let them be stubborn and continue to practice.

O Arabs! The Prophet (s) permitted churches and synagogues to thrive in safety and peace and he said not to hurt them. It is from Mankind's evilness to destroy churches, which is outside the limits of Islam. They are people of responsibility; their blood, land and money is forbidden for us. But the ignorant, I warn them: if they work against (this declaration) they will not reach a similar day until akhirah.

Laa ilaaha ill-Llah Muhammadun Rasoolullah (s)! Yaa Sayyidi 'l-awwaleen wa 'l-akhireen. `Ishfaa lana, yaa Rasoolullah. `Ishfaa lana, yaa Rasoolullah.

Fatihah.

## We are reaching to the end of time

Subhanallah wa-l hamduli-llah wa la ilaha ill-Allah wa Allahu akbar...Destur, ya Sultanu-l Awliya, Meded, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim, la haula wa la quwatta illa bi-llahi'l 'Aliyu-l'Azim... We are reaching to the end of time. That is our beliefs. What is much more powerful- to know something or to believe in something? People now are thinking that their knowledge is much more powerful than beliefs. And we are saying: If your knowledge is more powerful and also much more giving to people support through their lives- give your proof! Give your proof that that knowledge- particularly that what they are calling 'positive knowledge'- is giving people much more support through their lives. Give your proof that we can accept it or refuse it. Because when they say that positive knowledge supports people individually and commonly, we are saying: If you say this truly, if it is a true thing, your knowledge must give to people peace through their hearts. Positive knowledge must take hesitating from people, from their hearts and must put there instead of hesitating satisfaction. Up today I am not seeing that positive knowledge just gave to people satisfaction and peace through their hearts and taking away fear, because satisfaction and peace, when they are coming through the heart of a person or to common people, must take away fear from their hearts, must take away hopelessness from their hearts and must give to them satisfaction.

We are living now through the 21st century, and positive knowledge is on its limits, on the peak point, as they

are claming today. Do you think that living people all of them in peace and in satisfaction? Give proof! Look Eaat and West, through all countries that use positive knowledge and instruments, that they are inventing and making countless instruments- which one giving satisfaction and peace to people now? Perhaps in opposite- positive knowledge just making people to reach to a point that they reach also the last point of fear. And also they reached last point of to be hopeless. And you see every day on TV that people are not is satisfaction; all are in a fear atmosphere. The atmosphere that they live in now, is full with fear, full with hopelessness, and their feelings, their thoughts, bringing them much more fear and much more hopelessness. And it is a perfect proof that people are running on streets; thousands, hundred thousands, millions of people are shouting through streets, through roads, through cities, and they are showing with their shouting and their writing, with their movements a fear- deep fear. They are only a handful of people that show their feelings through streets, but what about great mass of people that are billions? These millions are only the representatives of silent people, perhaps one per thousand. From every thousand persons there may be one showing his fear and feelings for coming days. They show their hesitations and fears, but 999 are silent mass. People are silent. Same thing for those meetings and demonstrations through different countries, through every continent- they are only a handful of people, but they represent the silent mass, who is the majority of mankind. They are silent, they can't be able to show what they are feeling towards coming days and its violence and danger, its horror and sorrows.

Where is our positive knowledge, o learnt people, o scientists, o philosophers? Where are you now? If you claim that our positive knowledge is giving to people satisfaction and peace, show, bring your proof. How you are claming that your positive knowledge is better than our beliefs? Bring proof! I am making your proofs down! No one can reject it, no one can object in it, no!

But beliefs, what they give to people, to their conscience, beliefs give peace, satisfaction and refreshment, pleasure and pleasement, and hope for life to people. Anyone from philosophers may say no? From learnt people? Where are your proofs, you, that you are teaching and you are so proud with our knowledge? What is the benefit of your knowledge? Just you brought people to the edge of hells with your positive knowledge! Just you throw people in a depthless fear and sorrow valley. What are you doing?! Look now, it is 2003, March, and Armageddon going to start. Going to be given a signal or a command for pressing the greatest war, greatest fighting that the world never reached such a battle, such a terrible war before, because positive knowledge just prepared for killing and destroying mankind. They are trying to take away (life), to make this globe as a desert. These weapons are so terrible, so dangerous, that when they are going to be used, that areas

never going to see any more even ants there or never going to see any plant or grass to grow on it. That is your knowledge, positive knowledge! You must ashame, o 21st century scholars and their followers and their teachers. And may be for shaitan a honour to make you to bring you to that dangerous point.

Only a handful people who are tasting through their beliefs whole goodness, whole hope and whole support from Heavens, they should be happy. And these people on earth they should live and who follows positive knowledge should be as a mass, such as coal, and finished.

O people, we are calling you- but now it is too late, because the holy Command just reached on earth to take away whole those foolish people, unbelievers, who believe only in a material world, to take them away and to clean this globe from those foolish people to establish a new kingdom. Because only the satanic kingdom is bringing nations to the edge of Armageddon and Heavens asking now and looking to be taken away this foolish satanic kingdom, to be destroyed and to come in existence a new kingdom- the Kingdom of Heavens. Kingdom of believers- that is coming. Therefore war must be. War, because it is the result of positive knowledge, and it is the last target of the satanic kingdom to destroy everything on the surface of this globe, and to make the whole world to be destroyed and mankind to be killed.

This must be- no one can prevent it. It is heavenly Order, or heavenly Justice's Decision for those foolish people that left to follow Prophets, that left to give support for the divine Kingdom on earth, and it is a punishment for those people who support on earth satanic kingdom and who follow satanic teachings. They are going to be taken away and then coming peace on earth. Those foolish people who are trusting in the support of positive knowledge and its productions, they should be taken away and the world is going to be cleaned from those foolish ones. Then a new generation with a brightened Kingdom of Heavens is going to give a new life full with hope, full with peace, to be only servants for the Lord of Heavens, to run after... only their purpose and their target is to reach the pleasement from the Lord of Heavens. Those people should live and others are going to be taken away.

O our Lord, we are not following, we never ask to follow satanic ways. We are always hating those people who support the satanic kingdom on earth. Now we are only a handful, but You may keep Your believers, Your good servants, for the honour of the most honoured one through universe, through creation, S.Muhammad sws, Fatiha.

Lefke - 19.03.2003

## We are running from Shaitan to Allah

Astaghfirullah ...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim... Allahumma la mania lima atayt ... Rabbi la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

We are running from Shaitan to Allah. Shaitan is a dog, always running after mankind to bite them, never getting to be friend for mankind, never going to be just to mankind, never going to be true with mankind, never going to make happy mankind, never going to make mankind to be servants of their Lord. That is his mission, you must understand. All of us must understand what is the mission of Shaitan! His mission is troublemaker, and trouble for mankind. He is not going to make a trouble with angels, no. Even not taking too much care for animals also, because animals are not carrying any responsibility and angels their area Heavens is just protected. It is impossible for Shaitan and his armies and helpers and supporters and agents to get up, to reach angels’ level, he should be kicked down, thrown down. His mission only is mankind, to take them away from servanthood. His mission is to give trouble to mankind. His mission is to destroy everything that mankind making it or working on it, asking to destroy, materially or spiritually. Running after mankind. And whom that following him, must fall into endless troubles. As long as a man is following Shaitan and his ways, following his teachings, on every step one at least, then after one countless troubles should surround him and every trouble giving to mankind sufferings, bringing sufferings and every trouble that mankind falling in it, because they are following Shaitan and his teachings, giving poison. Giving poison and becoming lives of people poisoned. They are saying this atmosphere so many countries people put something on their nose and mouth because it is going to be dirty and- more than dirty- to be poisoned.

They are drinking and poisoning their drinks also and everywhere that mankind is running, for every field, mankind running after him, on every step they are going to find a trouble and they are going to be

surrounded with poisoned atmosphere materially and then material poisoning affecting on their personality, that personality representing their spiritual being. Our spiritual being is so nice, so handsome, so beautiful, but because of that poison pour personality is going to be changed into an ugly appearance. So many people now coming and they are complaining- old ones and young ones, youngsters, man or woman, boy or girls- new couples coming and they were so lovely to each other for some days, for some months, and then they are coming, they are saying: “Oh Sheikh, what is your advise to me, because my husband never loving me now”, and she looks like a moon, so beautiful, and complaining that her husband not as before loving her, saying to her: “I am fed up from you.” And sometimes a wife coming and saying: “Just I fed up from my husband, I like to divorce.” I am saying: “Oh, your husband so handsome person, why?” But she is objecting and saying: “But no more I may carry him.”

That means: their personality going to be poisoned form the causes or reasons that surround their lives and putting eye-glasses that Shaitan is using to make false through people, to make fasad, corruption. Everywhere now it is their trouble that they are not able to carry wife her husband and husband his wife. Before people they were carrying, not carrying, but love that they are running after, was giving to them some Lights and their faces was getting more brighter day-by-day, because they were using their Lord’s Service and every Service is going to dress man or woman lights and beauty and familiarity.

But now people are never interesting with their Lord’s servanthood or the heavenly service in divinely Presence, they never take any care. Therefore that as a punishment coming to them, coming and saying: “So ugly”, husband looking to her, so dirty face, Astaghfirullah! And trouble growing among people and people are thinking that this crisis growing for economical aspects. They are liars! It is not a result of economical crisis, no, but they never speaking on the point that is moist important point to say that because people are running away from their Lord’s servanthood and they are going to be dressed ugliness, men and women and they are coming and saying: “Oh Sheikh, I think that some people making black magic for me because my husband never loving me as before” or coming man and saying: “Perhaps someone making magic for me, my wife not loving me as before”...All of them lies, imagination. They are not coming to touch the most fine point that giving that trouble to mankind, to say: “(It is) because you are not taking care for the servanthood of your Lord and you are not going to dress (that Lights), you are remaining only with your physical beauty and physical beauty it is going to be plastic figures through magazines, through shops, confection. Dressing, they

may out on figures man and woman, but it is nothing, no taste from that plastic body, never giving anything to them, man or woman. But if a person is living to be dressed heavenly Beauty dressings, that it is a result of blessings from Allah Almighty, they never loosing their familiarity up to end, even may be 8o, 9o, 1oo and more...never changing, because always dressing!

There is a traditional knowledge from heavenly Knowledge that coming from Prophets heavenly knowledge and saying if anyone is asking to be seen or to be dressed beauty on themselves, they must try to be awakened midnight and dawn time, because they it is that time that the Lights brightening coming and dressing. Therefore, whom they are praying midnight praying and dawn prayings, they should be known through their faces, Allah giving to them a brightness and familiarity, 'uns', if anyone asking may pray to their Lord, because that time Allah Almighty is sending angels with heavenly Lights and heavenly dressings to be dressed His servants whom they are in His divinely Presence on earth, praying to their Lord and giving their high respect.

But people they lost it and they are insisting to make a beauty on their faces or on their bodies and they are spending not millions billions Dollars, billions Euros, to take this small crème for making their faces good looking, for Make-up, cosmetics. I was in South Africa, I went to a warehouse, a big warehouse that I was looking up, my turban was going done, so high, and running in it small trains to carry these cosmetic things to bring, one, two, three, four, five...twelve wagons, trucks, coming, as ship coming on beach, coming to take these cosmetics...And there were saying: "You know one small jug how much it is?" "I don't know. It is Turkish money?" "No, their money. 5 Dollars smallest one"...This building was full. I was saying: "They may buy whole Turkey with what this warehouse contains." So much! All for what? For ladies! "Oh my darling, how I am now? I am using new cosmetic for my lips"...going to be their lips like donkey lip, but saying: "Oh, my darling, I may put this colour." "This colour that you are using, I am looking it is dark blue..." "No, my darling, it is dark red." "Really? Dark green!" "No!" Using this to make themselves young ones...and (they are so old already,) no (more) teeth and then buying. And young ones also they are not saying that Allah giving to them beauty, but they are asking to use something to be much more beautiful...can't be! As long as man looking to woman, taking from that beauty from their faces, from their bodies. Whom they are keeping their faces and their bodies, their bodies and faces always fresh and smooth, without using cosmetics!

"Oh Sheikh, what you are using on your face?" I am saying: "Olive-oil." "Olive-oil?" "Yes." They are putting so

many things, but never going to be like...I am washing, making ablution, 5o times daily, and therefore coming fresh...They are not knowing the main source of beauty, from where coming. They are saying: “Why putting Tschador women?” To keep their beauties, but no mind now women! “Why putting this veil on their faces and keeping their beauties?” They are very clever ones, they are not wasting their beauties, because (men are) looking and taking from your beauty. Therefore old ladies, our mums and grandmothers they were keeping their faces and their bodies, not to be hurt from someones that are not Halal for them.

What we are saying? People coming, falling in troubles for following Shaitan and shaitanic teachings. Harming mankind spiritually and physically. Before spirituality was protected and when their physical being was protected, much more happiness and beauty was coming to them. But now they are opening and asking to show their beauties, but never going to be successful their beauty, quickly running away. Particularly women when they are working with men, they are getting hurt and running to finish quickly. Their youth quickly running away. Any woman working through men, hurting their looking and their beauty and their physical being quickly coming down, coming down, coming down, and so many women coming and saying they are ill and what is illness? To be: “Oh Sheikh, there is tumour, cancer.” I am saying: “How old is she?” They are saying: “25.” “Oh, how it can be?” Just going down, particularly those girls that are going to university, always through each other, touching, till they are graduating, they are finishing also physically. Then coming to me their parents, saying: “Oh Sheikh, do something to marry our daughters.” I am saying: “How old is she?” “3o years old, 25 years, 27...” “Why? They are beautiful ones. How they delayed?” “Because they were like studying, making master, making doctor.” After this- who is taking you? You finished through university.

Wrong way for mankind, because they are following shaitanic teachings! And the Turkish government now, I hear today morning, they are making a new rule to be like Europeans: men and women going to be equal. Ya Hu, man, how woman going to be equal? If going to be equal, must be all of us women. That is equal. Allah created you man, created her woman- how you are claming that man and woman is equal? What is that foolishness! Up to here came people’s minds: governments decision making rule to make women...what is that? And I am saying to them: If it is a new rule, you must give rights as you are giving rights to man. How it can be, oh Sheikh? Must be one President man, one President woman, one government from Prime Minister man, one Prime Minister woman, one minister from man, and as much as man must be women minister. One

assembly for men, and one assembly for women. If you are saying something, and women not saying... if you are saying: today is holy day and women saying: no- what it should be! If they are bringing such a foolishness- for what? You are asking to make a fitna, corruption. What you are saying, what is the benefit? What you are going to do, who is go to be at home? Both of you should be outside- how it can be, what is that foolishness?

Up today Allah Almighty saying: Man over women, because women weak and man created powerful. Man can protect his wife, but wife can't protect her husband. What is that foolishness? Up today they are making that trouble for nations. Then they never going to be successful.

May Allah forgive me and bless you and send us from His powerful servants to be a powerful shepherd on Ummah to send them to way of Paradise, to save them from the hands of devils. For the honour of the most honoured one on the divinely Presence, S.Muhammad sws, Fatiha.

## We are running to Allah from Shaitan! He has 1001 tricks and traps to catch mankind

We are running to Allah from Shaitan! He has 1001 tricks and traps to catch mankind. One is that he makes you to think that you are able to do
something, that you may be suitable for something, that you are special.
Don't claim anything - it is from the ego - but say: 'I can't do anything'. To be able to do worldly things has no value. Has Allah created you for a profession or for His service and servanthood? Are you suitable for that?
We say: 'Oh, this Ramadan we prayed 6oo Rakkat Terawih-prayer'. Ma sha Allah! What about if you had prayed them in one night!? The ego says: 'We prayed so much in this month - we must have reached 600 ranks'. If you think that you can do anything, then you go against Allah's order.
Rabia Adawiya said: 'Each night I am praying 1000 Rakaat. O Allah, may Your servants know that I am not praying in hope of Your Paradise or out of fear of Your Hell, but only for Your sake'.
That is the duty of a servant to say:'You are Sultan, I am servant. Everything You decide for me is 100% just, no doubt. If You throw me in Hell, it is suitable for my ego'.
We prayed 600 Rakaat in one month, Rabia 1000 Rakaat each night... Ask to be

able to do this, want, and Allah will give you the power to do.
Fasting is to break the ego, so it cannot lift its head. It is best for those people who claim to be something or to be able to do something, who are blown up like a balloon.
Nowadays people claim that they can make their own laws, and they say: Man and woman are equal. But Allah says in the Holy Quran that He has put men over the women to look after them, to protect them. The creation of man and woman is different. Men are stronger than women, and so they are suitable for the works outside the house. Women are delicate, so Allah has given them the most honourable duty of motherhood and to be ladies. They are not supposed to work in the streets. But, as everything nowadays is upside down, women are working like men and they loose their honour. Now people don't know what to do. Compare a male president with a female president, an assembly of men with an assembly of women. Let man rule men, women rule women, and look, to where they are reaching. It doesn't work. And who is ruling according to his ego, is loosing.
Don't think, you can do something. It is from the ego. Say: 'O my ego, you are fit to do all kinds of jobs. But you are not created for that. You are created for the servanthood of Allah. Are you fit for that?' How was it possible that Rabia could pray 1000 Rakaat each night? Allah is the Creator and He owns and rules time and space, and those in it. He is able to create time within time and space within space... There was a holy man, Imam Abdul Wahhab Sharani, who used to read the Holy Quran seven times between Maghreb and Isha from Fatiha to Nas. He had 12000 disciples, and when he was speaking, everyone of them heard him as if the Sheikh was sitting next to him... Another holy man used to pray one hundred Rakaat and in each he finished the whole Quran...That is from the power that Allah is giving to the holy ones. Their spiritual power is working- our voice doesn't even reach from here up to the door...But when S.Mehdi a.s. comes and says the Tekbir ('Allahu Akbar'), it will be heard in East and West...You must believe!

Allah is ruling time and space. He is Qadir, Muqtadir, He creates time within time and space within space. How else was Rabia able to pray 1000 Rakaat each night!

Ask from Allah: 'O Allah, I want to serve You, there is no honour above this', and then do as much, as you can... But if you think you can do anything by yourself, that what you do is coming from you, then you are finished- that is from the ego. You will not reach peace and you will reach nothing...

Allah in His mercy has brought a measure for the world. But religion is based on belief. You cannot apply the measures of the material world. If you do, then there is no religion, you don't reach to blessings and you will go to hell... Know that all your abilities and the power to do goodness come from Allah- then the ego cannot show itself. Say: 'I am serving for the sake of Allah', then the ego is conquered...

O Allah, teach us beneficial knowledge and increase us in that knowledge, that we may come to know You. Otherwise there is no benefit in knowledge. And even if this knowledge is to be found in China, you must look for it there...The ego always says: I am me and you are you. We must fear Allah, we must be with Him, live for Him. Who leaves Allah, has no more value. We are saying this since 6o years, but no one is accepting...

This Ramadan is over. Next year I hope to reach to Sahibu Zaman Sayidinna Mehdi a.s. and Allah's special servants... The way of Allah is the way to Paradise- other ways lead to Hell. People will continue to destroy one another. They reached the 5th degree now, and there is seven degrees altogether... It is like when the butcher is preparing mince-meat. He puts it in the machine and grinds it. If it is not fine enough, he will put it again and again in the machine, until it is ready...

O Allah, let us reach the good days. Send the Sahib of the Ummah and Your divine help. Send Your mercy on the hearts of people so they may turn to You.

## Wear Turbans and Be in Safety

A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.
SubhaanAllahi 'l-`Aliyyi 'l-`Azheem.

As-salaamu `alaykum yaa `ibaadAllah. A`oodhu billahi min ash-Shaytaani 'r-rajeem. Allahamdulillahi 'l-ladhee ja`alana min ummati 'l-Habeeb, Habeebillah, nooru `Arshillah. That is the biggest honor for us. So many prophets have passed away, and the honor of their nations is according to their prophets.

We are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah. Allah (swt) granted to His beloved, Sayyidi 'l-Awwaleen wa 'l-Akhireen, Nabiyu 'r-Rahmah, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

We have been granted such an honor when Allah Almighty was revealing about the honor of His most blessed, most praised, most glorified, most majestic one (s). Then all prophets asked, "O our Lord! Let us be from his nation, not to be messengers!" And messengerhood is not an ordinary honor; it is an exceptional honor just granted to 124,000 prophets. All were asking, "O our Lord! Instead of making us prophets, let us be from his nation!" And Allah Almighty was saying, "No, I have granted to him his nation, the most honored of all nations, and I am granting you the honor of messengerhood."

The Lord of Heavens only accepted among all prophets Jesus Christ, Sayyidina `Isa (a), to be from his nation. Therefore, `Isa (a) was raised up and Allah Almighty is protecting him as he was for perhaps 2000 years, and he is now like he was since the day of his rising to Heavens. Allah Almighty promised him, "I am sending you as one of My beloved one's nation. They are going back to the ways of jahiliyya, asking to be like in the Days of Ignorance." And that is real truth that Allah Almighty is saying, because now people from ummat al-Habeeb are not appreciating the honor granted to them to be from the nation of the Seal of Prophets (s). "At that time, I am sending Jesus Christ to come to Mankind for a second time on Earth, to complete his mission."

He is coming now, not coming as a prophet, but as a follower of the Seal of Prophets (s). Jesus Christ (a) is coming on the day appointed by heavenly order and on his head will be the crown of Islam, the turban! First Arabs are running away from turbans; they hate turbans and those who are putting turbans on their heads. They never like it, particularly Salaaf us-Saalih people and their foolish followers, Wahabi people! They are never using the crown of Islam and if they are see someone wearing a turban, they act like they are seeing a snake! Why? And Rasoolullah (s) said:

••••••• ••••• •••••

al-`amaa'imu tijaanu 'l-`Arab

"Turbans are the crowns of Arabs," wa nahnu al-`Arab ma'mooroon, (and we are the Arabs, we have been ordered).

First they are Muslims, then Arabs, and we have been ordered to wear turbans, but they left the crown of Islam, while we are running to keep it! They are the first to leave it, and hadeeth nabawiyyatu 'sh-shareef says, al-`amaaimu tijaanu 'l-`Arab. Now if you are speaking about that, so many jaahil, ignorant followers of Shaytan will say, "It is not a true hadith." Who is writing that hadith, are they bringing it from their homes? What is that foolishness? And in the Holy Qur'an, Allah `azza wa jall is making it clear that on the Day of Badr angels were coming, mua`mameen (turbaned) and musawameen (with tails). That is tarfatu `ayn. Who is not accepting, Islam is refusing them and their wrong understanding!

Jesus Christ (a) is not coming (without a head covering). O Wahabis! Put turbans on your heads! Ta`amamoo wa tasawwamoo. At Badr Rasoolullah (s) said, "O my Companions! Angels are wearing turbans,

mua`mameen, and leaving taraf, the edge of turbans, musawwameen."

•••• •• ••••• ••• •••• •••• •••• ••• ••••••• ••• ••• : " •••••• ••• •••••••• •• ••••• •••••• •••••• •• ••••••• •••••••• " .

And Rasoolullah (s) took the edge of his turban and said, "O my ashaab, tasawamoo fa inna al-mala`ika qad tawasawwamat (bi's-soof al-abyad fee qalaanisihim)."
Make tails for indeed the angels have tails (on their turbans of white wool on their caps).

Rasoolullah (s) copied the angels' example, as did the Sahaaba (r), and they began to fight the enemy.

O People! May Allah send us one of His beloved ones to first correct the Muslim world and then the whole world. Jesus Christ (a) is coming with a turban on his head and a sword on his belt. That is a sign that he is not coming as a prophet from Bani Isra'eel, but as a follower of the Seal of Prophets (s)!

O People! Come and listen. If you are not listening, something not good will come on your head. There will be so many difficult days for all nations, but with turbans on their heads nothing can touch them. But those with no covering, anything may touch them. And danger will reach all women who abandon their head covering and arrows will touch on their heads. They are going to fall down and if all doctors are coming, they can't find a way to make them not feel that pain on their head. Beware! Those days are approaching and you may choose the real way of the sunnah the Seal of Prophets (s), and women may follow real Islamic orders and they will be in safety. Or else from every seven, six are going to be touched by a heavenly spear and fall down dead. May Allah forgive us!

O People! O People! Don't leave sunnat ar-Rasool if you are asking for salamat, safety and peace here and Hereafter. If not, then you know:

•• ••••••••• ••• ••••••••

laa ikraaha fi 'd-deen,
There is no compulsion in religion. (al-Baqarah 2:256)

No one can force you, but with their goodwill they must follow Islamic orders. Particularly, they must try to been seen as Muslims, men and women, and not to be modernized apes; we are not accepting that. We are asking for forgiveness and we are asking that our feet should be fixed on the Right Way so that the Lord may

be pleased with us, for the honor of the most honored one, Sayyidi 'l-Awwaleen wa ’l-Akhireen, Sayyidina Muhammad (s).

Fatihah.

## We Await Muharram

All the countries now are covered with darkness, darkness. May Allah protect you and protect your children, and protect the nation of the Beloved from every evil and every illness, in this world and in the Next. Blessings from the Seal of Prophets (s)! (...)

(In the past) did our mothers ever go to the doctor to deliver (her baby)? The midwife (came to the house). When my mother, may Allah's Mercy be upon her, began to have contractions (to deliver), they rushed to call the midwife and she was quickly ushered from her house to ours, not to the hospital! I was already there (born). Nobody touched me, not even the midwife, who said, "Where, where is she (my mother)?" She went inside the room and saw me sitting there. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Now for every little thing they want a doctor, for what? (...)

O my Lord! I need du`a, yaa Rabbee, yaa Allah! O our Lord! Make our matters easy. Open our hearts and remove our worries. Destroy our enemies from humans and jinn. O my Lord! Amaan yaa Rabbee!

Problems do not end. The world is for the world, and therefore, I am looking for the month of Muharram when, if something happens, this world will be like this. Kun fayakoon, "Be, and It is!" (36:82). Sayidina Mahdi (a) will come and this year he was present on Arafat, but one day before, on Friday. This year was Hajj

al-Akbar. All awliyaullah were present there but they did not want the common people to know because the manifestation was very powerful this year, and common people would not be able to carry it. First, it was decided that the day of Arafat would be for the public on Friday, but at the last moment it was changed for the day after, Saturday. They delayed it so they can gather there. This is the knowledge we have; beyond this we don't know. This is what we knew. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem.

The Prophet (s) informed us that there will be troubles and quarrelling among the Arabs. Now the Arabs are divided and that came down upon them from Heavens. May Allah (swt) forgive us and protect us from His Wrath. But these troubles (among Arabs) must end in Muharram, because Allah Almighty strengthens Islam always in Muharram al-Haraam. We will see: if there is movement, everyone must stay where they are. They should not come and go or move around, no! The tenth day of Muharram, if what was supposed to happen happens, in Muharram and Safar al-khayr, millions will perish!

People became tyrants, who don't listen to the words of Allah (swt) and they do not follow the words of the Prophet (s), they just want to follow unbelief (kufr). What Allah (swt) revealed to His Beloved (s), He gave the holy book, Divine Law.

**••••• ••••• ••••••• ••••• ••••••• •••••• •••••••••••••• •••• ••••••••••••••**

Whosoever does not rule by what Allah revealed are unbelievers. (5:44)

Who goes after the unbelievers and likes to follow them will be struck by Allah's (swt) severe punishment! What happened in Egypt is from His severe punishment and the same happened in Libya, Yemen, Tunisia, Algeria and in Syria! All that happened in the Muslim nations is so they may be saved and hold tightly to the Divine Law. Whoever holds tight to Divine Law will be saved, and if they don't hold on to Divine Law will be taken away. Allahuma laa hawla wa laa quwwata illa billah!

Fatihah.

## It Is an Honor to Say "We Are Descended from Adam"

(Mawlana Shaykh stands) Dastoor yaa Sayyidee, madad.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Zid habeebaka yaa Rabb`izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. A`oodhu Billahi min ash-Shaytani 'r-Rajeem. Bismillahi 'r-Rahmaani 'r-Raheem! As-salaatu wa salam `ala Sayyidina Muhammadan wa `ala man tabi`ahu bi ihsaan ila 'l-yawmi 'd-deen. Yaa Allah, Ant Allah. Yaa Allah, Ant Allah. Yaa Allah, Ant Allah. Yaa Allah, Ant Allah. Yaa Allah, Ant Allah. Huwa al-`Azeezu 'l-`Aleem. (Mawlana Shaykh sits)

As-salaamu `alaykum, yaa Saahib az-Zamaan. As-salaamu `alaykum yaa `ibaadAllah as-saaliheen. O holy ones! Salutations to you and from you to us weak servants. Madad yaa Sayyidee, yaa Sultan al-Awliya. We are asking for your holy support. If you are leaving us with our physical personalities, we can't do anything except run after our dirty egos' pleasures!

O People! We are not coming to make our egos pleased and in pleasure. That is the mentality of Mankind now. It has changed because they are asking to follow Shaytan and its followers and our heedless Muslim territories, Muslim countries and Muslim people by name only are running after being westernized. Their main target now, in the Muslim world, is to be westernized Muslims.

O our Salafi `ulamas! Ahlan wa sahlan, Welcome! What is your opinion? Are we speaking wrongly or is it the truth? If you say it is not true, you will be thrown upside down into hells! It is 100% true to make clear the identities of the Muslim world. The whole Muslim world is asking to have a westernized mentality. Ptuuh, spit on that! Dirty ones ask to be like westernized people. Throughout all religions, a westernized lifestyle is dirtiness, as it makes people to not believe in anything, to become only commodities in this materialistic world. Leave such beliefs!

O our Attenders! As-salaamu` alaykum! I think you understand. Even if only one-hundred people understand and say this is Truth, they will be saved here and Hereafter. We have not been paying attention until now because of our lifestyles, but at last we are trying to understand more and more, because different heavenly declarations are coming to wake us up daily.

Wake up, O Muslim world! Second, wake up, O Christians! Third, wake up, O Jewish brothers! Wake up and look at which way you are running or stepping. Say, what was the first heavenly message brought through Adam (a)? Nowadays, no one believes in Adam, peace be upon him. All nations and their education systems are based on false nonsense and the dirty theory of Darwin. They say, "We don't believe in Adam, but we believe in the new theories which Darwin brought based on jungle people, because he says our grandfather was a gorilla!" Darwin was so happy to come from gorillas' ancestors! Arabia, Egypt, Turkey, Sudan, Libya, Arabian countries and all the countries of the Christian world, as well as all Jewish people are saying Darwin's theory is very famous and we must follow it. But what about your books? What is this foolishness which Mankind believes in?

Ptuuh, spit on those people who are leaving prophets and following a gorilla's generation, Darwin's theory! Is it an honor for you to teach in all your schools that Man comes from apes? Is it not a shame for you, Muslim countries' shaykhs and mulooks? Why are you not looking into what they are teaching in your schools? Until then, there will be no honor for you here and Hereafter!

Adam, peace be upon him, was the first man, first teacher, first prophet, and first messenger from Heavens! Then came hundreds and thousands of holy ones from among the heavenly ones, coming with heavenly messages to Mankind, saying, "That first man was created in Paradise and crowned deputy of the Lord of Heavens." They are not saying this; rather, they are saying, "We are westernized people." Westernized people are becoming monkeys; is that your honor for Muslims? It is a big blame for Muslim countries! Leave Christians and others, as they are also on the wrong way by saying that Darwin's theory is okay. Where are popes, bishops, kings, queens and emperors; are they accepting to be from monkeys' ancestors? Perhaps they are not emphasizing this, but it is written on the Heavenly Preserved Tablets!

Governments are also not looking into what they are teaching youngsters in schools. They are ashamed to say that we are descended from Adam! They think that is a blame for them and that it is an honor for them to say our ancestors are gorillas. That is to be westernized. If you are denying one point from the Holy Qur'an, you will be kicked out from imaan, from the circle of Islam, thrown away!! As for the cursing that is coming on nations, that is the reason. Don't think that troubles in Palestine, Syria, Iraq, Arabian countries, Egypt, Sudan and other places, are a simple problem. It is a big problem for a simple reason: they are saying we come from gorillas!

There are perhaps forty kinds of monkeys in the world, so many. Why then are people quarreling with each other? One person from Baghdad asked an Egyptian, "Why are we quarreling?" He answered, "We are quarreling because we are more honorable than you, because our grandfather was a gorilla, but your grandfather was only a chimpanzee. The king of the monkeys is the gorilla! So we want to cut off your head." Europeans say, "We don't come from the Earth, we come from the Heavens."

I am asking Christian learned people, do you think it is written in the New Testament that you descend from Heavens to Earth? Did you come with a lift (elevator)? If you are heavenly ones, why are you quarrelling and fighting? You are liars! If you ask Jewish people from where they came, they say, "We came from Abraham's line."

If you came from Sayyidina Abraham's line, why are you quarreling? And you say we are "cousins". Do cousins kill cousins? Who is teaching you to kill each other? They say, "Who taught Cain to kill Abel is our teacher now. Therefore, Israelis are representing Qabil's line and Arabs are representing the Habil's line.

Because of this, we are always going to quarrel and there will be no peace among us."

Do you think what Qabil did to Habil is not true? If not, why don't you follow the right way? Why don't you try to give people pleasure? The Lord of Heavens said through His most beloved servant, Sayyidina Muhammad, Sayyidi 'l-Awwaleen wa 'l-`Akhireen: (Mawlana Shaykh stands):

•••• ••••••• ••••• •••••• ••• ••••••

Afdal al-`amaal idkhaal as-surroor ila qalb al-mu'min min al-iman. For you to make someone happy and smile to him is from faith. (ibn Hibban)

(Mawlana Shaykh sits) O Salafi `ulamas! What is your position; is this true? How many people are you making happy, O Salafi `ulamas? "The best of actions is to make happiness enter the heart of a believer." Ask your mulook and umaraas and shaykhs daily, how many people do they make happy? Say! You can't say it, because they are not doing that. That hadith embodies the highest level of humanity: "The best one of you is whoever is giving pleasure to Mankind." Haqq!

So why are you in need of westernization? Western people are neither interested in heavenly ways nor in spirituality, because they are mostly running after materialism (which is to be selfish). Therefore, they never make people happy, and their ways are from Shaytan. Shaytan never likes one to please another one (as it brings peace between them).

O Salafi `ulamas! What are you are not saying? Allah Almighty says, wa`izhum, "Give advice to people, and teach your powerful ones to do as much as possible for their charities. Let them do more and more and give more and more pleasure to weak people who are in need."

Allah, yaa Rabb! Forgive us and send us Your good ones to correct our steps and change our direction from following shaytanic ways to follow prophets and the Seal of Prophets' line! O our Lord! You can do everything, and we are waiting for You. As you said, we are preparing ourselves to hear and listen to the heavenly command coming to people. May Allah forgive us, for the honor of His most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(33 minutes) (883 viewers) Mashaa-Allah. Today is a holiday, people are running after Shaytan, but thanks to Allah Almighty for correcting our hearts, slowly everyone is coming to accept what is true! Thanks to our listeners and blessings upon them in this holy month! We are praying and awliyas are praying for them. They must continue, they must prepare their food in the right way in order to reach heavenly pleasure here and Hereafter!

Fatihah.

(Mawlana Shaykh prays two raka`at Salat ash-Shukr)

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone. Shaykh Hisham says a very great scholar in Algeria has been watching Sufilive.com and is so happy to have become a Naqshbandi. He has been trying to reach Mawlana Shaykh. He has reached Shaykh Hisham and asked to establish tariqah there in Algeria. The government is now supporting tariqah there. Mashaa-Allah.)

(Mawlana Shaykh prays two raka`at Salat ash-Shukr.)

Lefke, 29.08.2010

## We Do Not Oppress; We Crush the Oppressors!

Bismillahi 'r-Rahmaani 'r-Raheem. What can we do? Everyday a new veil gets lifted, revealing a new panorama. Within that panorama are all kinds of zhuhoorat, appearances for that day. However, almost everyday people are forgetting about their Creator, acting in ways that bring enmity and hostility amongst themselves, as they continue to crush, kill, and destroy, merely for the sake of this vain world. Today we are here, tomorrow we are gone; this will be the end result. Since we will not be here tomorrow, then why are we striving against one another? What is the benefit? Allah Allah!

Our Master, `alayhi ‘s-salaatu wa ‘s-salaam, informed us of something, and he has informed us of everything! But now the 21st century people have left our Master Muhammad (s) and are following Shaytan. Prophet (s) has declared everything. “To declare” means to openly inform what will happen. In one of his hadiths, Prophet (s) said, “If Allah Almighty wants to send an affliction upon someone--and He sends only because he deserved it--the first thing He will do is to make him lose his mind.” Those people will no longer use their brains. When that happens, they will be like a car without a steering wheel. Or for example, when a ship loses radar contact, it doesn’t know to which direction it must go. The ship will either go and crash into a large rock or get caught in a current.

We have a saying that goes, “This man has lost his bearings!” This is a saying used by people in the past. Why

has he lost his bearings? Because what he does is not something the mind can accept. That which the mind rejects can be likened to a captain who has lost his way of direction. Now the whole world is in a state of confusion, not knowing where to go. Even a big nation as America doesn't know what to do. They go in order to save people, then others come against them saying, "Why are you saving us? Why are you interfering in our business?" Look at the work of Shaytan: he starts a fire somewhere, then when someone comes to put out the fire, he says, "Why are you interfering? Leave it; let them burn!"

Human beings are honorable and precious. One human being is more valuable than the entire world. How dare you set Man against Man, when Allah Almighty (swt) has said:

••••• •••••••••••• ••••••••••••

wa laa taqtuloo 'anfusakum, And do not kill yourselves (or others). (an-Nisa, 4:29)

It is Allah who gives life and takes life away. Why are you interfering? It is forbidden! It is haraam! The greatest sin is to associate partners to Allah, second, to kill someone. What is it to you? Are you the one who gave life that now you are taking away the lives of all these people? The consequence will be tremendous! The punishment of every (oppressive) leader will be at least seventy-thousand times greater than all others who will undergo punishment in hellfire. If they (the latter) will be made to pull one chain of fire, these oppressive leaders will be made to pull seventy-thousand! What for? Mankind is precious in the sight of Allah. They are very precious! Asta'eedhu billah.

•••••••• ••••••••••• ••••• •••••

wa laqad karramna bani Adam. And We have honored human beings. (al-Isra', 17:70)

"By the right of Our Glory, we have honored the Sons of Adam. Their value is high! Their honor is exalted! Among all creations, We have dressed them with the crown of khilafah so that they govern on Earth on Our behalf. We are not oppressors; we crush the oppressors!" Now He is making the oppressors to suffer. When they had the power in their hands to raise and exalt human beings, they oppressed, and this will not go unpunished. He will surely punish them. Allah Almighty is saying, "Do not be an oppressor!" He is addressing His servants:

•• ••••• ••• •••• ••••• ••• •••• •••••• ••••• ••••• ••• •••••••

Yaa `ibaadee, innee haramtu azh-zhulma `alaa nafsi, falaa tuzhaalamoo. O My servants! Truly I have forbidden oppression for Myself, so do not oppress (one another). (Hadith Qudsi)

What does this mean? It means that oppression is the highest point of sinning. Someone who is an oppressor is disobedient to Allah and his Prophet (s). In all four Holy Books, their is curse upon such people, and therefore, no goodness is found with them. He is saying, “I made oppression haraam for My own Nafs; I never oppress! I am not an oppressor, and that is My order to you: falaa tuzhaalamoo, ‘Do not oppress (one another).’”

Where are you, O Arabs? Where are you, O those who unblinkingly kill people with all sorts of weapons? Who gave you such fatwa to make this oppression? Did Islam give you this fatwa? No. Was it Christianity? True Christianity never gives such ruling! Was it Judaism? Regarding true Judaism, Sayyidina Musa (a) never said, “Make oppression!” Sayyidina `Isa (a) never said, “Make oppression!” (On the contrary,) Sayyidina `Isa (a) said, “If someone slaps you on the right cheek, offer the other side for him to slap.” Since this is the case, then O Christians, what is this that you are doing? You’ve invented all these weapons. For what? Is this how your prophet or he whom you regard higher than a prophet taught you discipline? Is this how Sayyidina `Isa taught imaan, faith? Shame on you! Pttuu on all of you!

The Prophet of the End Times (s) said, “Oppressors are under my feet.” He does not consent to oppression. Therefore, if you do not consent to this oppression, the world will become a Paradise. But since we have given way for oppression, now the whole world has become Hell for everyone. May Allah forgive us. Tawbah yaa Rabbee, tawbah yaa Rabbee, astaghfirullah!

Fatihah.

Bismillahi 'r-Rahmaani 'r-Raheem. Now all awliya are under alert. All of them, from top to bottom, are under alert. They received this order today. This is very important. All of them are in full alert, standing and looking to divine orders coming from above. It’s astonishing! The tajalli came today on a Friday. Therefore, we will see what will happen in the coming days. All of whom are dressed with the attribute of oppression will be swept away, starting with their chief ones. Tawbah yaa Rabbee, tawbah astaghfirullah! Amaan yaa Rabbee! Amruka bayn al-kaf wa an-noon, “His order is between ‘kaf’ and ‘noon.’” It is Allah’s divine order: Kun faya

koon, “Be, and it is!” Kun faya koon, “Be, and it is!” (Yaa Seen, 36:82)

Shiddah, severe hardship came today because they touched Sham. Sham is nothing like Egypt. Sham is under an amazing tajalli, manifestation. From today onwards, Budala, Nujaba, Nuqaba, Awtaad, and Akhyaar are all under alert. Amaan yaa Rabbee! Min ajlis sham, yaa Rabbee, yaa Allah! Fatihah. O Allah Almighty! Keep us in Your safety and security. Who are we? Yaa Rabbee, you know best!

Fatihah.

We will see what news will come tomorrow, as now they are attacking Jordan. This means, they are trying to provoke the King of Jordan to stand up with his majesty and power and act in accordance to his job and mission. His real task is to protect the land of Sham; this is his job on the zhaahir (external). Spiritual protection is apart from the outwardly protection, which is (reserved) for him. The appearance is for the King of Jordan to protect the land of Sham. If he stands up, the whole Arab world will stand with him. (Guest: So you mean that these people have provoked him?)

Yes, these Alawiyeen in Sham have provoked him. They did what they did, and as a result, provoked the King of Jordan against the people of Sham. Sham is not like the rest of the Arab world, no. “Sham is My protected land. If you mean harm to Sham, 70 folds of punishment will come on your heads, wa sawfa taraa, and you will see!”

Fatihah.

WebSufiLive, CategoryOppression, CategloryDamascus, CategoryJordan

**We don't know, but we must ask to know**

Ya Rabbi, ya Allah, Tauba ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah...Destur ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded...Subhanallahi-l 'Aliyu-l 'Azim... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

It is an association that everyone (is) in need (of it). First of all, before everything, there is something that everyone must know and must learn. I don't know, He knows and His beloved servant, most beloved, most praised servant in His divinely Presence, S.Muhammad sws, he knows, and whom they are learning from that most beloved one, (from the) representative of (the) Lord of Heavens, S.Muhammad sws, they are knowing. We don't know, but we must ask to know. What you are knowing is nothing! It is nothing. By comparison with what we are not knowing, what we are knowing is like (an) atom through an endless ocean! You must know this point, so that you must not say: "I know", (but rather:) "I am asking to know", because unknown knowledge is countless, unknown knowledge (is) never-ending, because (it is always) coming, coming...

Here people are learning first (in the) Kindergarden, then, after Kindergarden, there is primary school. When learning (in) primary schools, asking to learn more, and after it coming secondary school. When finishing secondary schools, if that one really (is) learning, there is a feeling or inspiration from him that he (is) asking more, not anyone (is) forcing that one. They are asking to learn, to know more. That kind (of) people (is) now very rare. Governments (are) forcing (people and): "You must learn!" Who is not asking to learn, by force learning? Impossible- what (they are) learning (by force), is not true learning. Then they are reaching to college and university. When someones (are) tasting from knowledge, tasting to make his horizon as much as possible a big horizon, asking to reach that, their speciality (is that) they are never getting to be tired to learn; they are reaching one horizon from knowledge, when reaching there, he is looking and seeing another

horizon and saying: “We must reach to that horizon also!” They have an inspiration through themselves, pushing them or pulling them to a new horizon for learning and so on... if our capacity is to reach to college and then university or high school and then academy- that is last horizon, because our physical being only may reach to that level. It is impossible to run after that limit, because (there is) no more capacity or ability for a person after (he reached) academy to study and to advance to another horizon.

He is getting older, older- perhaps, when (he is) reaching to 4o years, that is okay. But after that age that is the limit of a person; (he is) reaching his perfection. Then (they are) asking to keep their station on that point, but: ‘Afatu-l ‘ilmi al nisyan’- when a person (is) reaching (the) last horizon through their physical being’s capacity, (they are) beginning- as a tree (that) after giving its fruits (is) beginning to leave their leaves- that person also (is) beginning to leave some knowledge that he reached and (he is) keeping through his mind; (he is) beginning to forget and that is their last limit for learning through their minds and mentalities, (they are) becoming to come down, to come down, to come down, and to be on zero point.

For what we are going to speak on it? Why we are saying this, (why they are) making me to speak (this) to you? We must know, we must learn what is necessary for ourselves or which thing (is) asked from us. That is (said in) one word! (The) heavenly Grant to all people living on earth is one thing. The Lord of Heavens (is) asking from His servants living on this planet to reach perfection. That is (the) word: perfection! The Lord of Heavens (is) asking from His servants to reach a perfection. Perfection- one word, most important! Your Creator, your Lord, the Lord of Heavens, the Lord of Creation, He likes to see (that) His servant reached to (the) point of perfection. He likes it! Therefore He is sending Prophets.

Prophets are perfect ones. Their creation physically is perfect and also spiritually they have perfection. They are coming to teach people, how they should reach perfection and they are guiding people. All Prophets- and particularly the Seal of Prophets- (they are) guiding people to perfection, (to) the level of perfection and perfection has countless levels in divinely Presence.

(There is the) first level of perfection; then there may be a second level for perfection, (and) there is another level of perfection and another level of perfection- (it is) never stopping. Anyone (who is) asking to reach more and more, Allah Almighty (is) accepting (this intention) from him and granting to him what he may be in need.

A person may ask to reach from here to another place. Some of them may walk and reach, some of them (are) preferring a bicycle (and) on that bicycle (they) may reach, some (others) of them may reach to buy a motorcycle, on it to reach that perfection, some of them may be able to buy a car and on car to reach to their perfection and so on...

Countless means you may use and (according to) what you are using, you may reach higher degrees of perfection. A person may reach by walking, but he is not on (the) same level like (someone) who is reaching by plane, by car or even by rocket.

Therefore the essence of associations (is)... We were saying (that) we are in need (of) associations, because associations opening to you ways for reaching to perfection. If you are not reaching for an association, you can't find a perfection here or Hereafter. Under the perfection that is just appointed or granted to mankind, if you are not reaching to (the) first level, you are remaining with animals world. Animals no perfection for them. They have perfection through their creation, but they can't reach the perfection that the Lord of Heavens (is) opening for His representatives, for the Children of Adam. Why you are staying in their stable? Why?

Prophets (are) coming to open (the) doors of perfection for you and (they are) calling you: "Come!", but people like to be on the level of animals, animals world. People (are) saying: "Eh, we don't like it, we are happy to be on our level, to be friendly with animals and we are happy to be like animals also." When a person saying this- "we are happy to be on the level of animals"- they (are) never offered anything- for animals (there is) no Halal, no Haram. And people (are) saying: "No, we are happy." Prophets (are) calling them: "Come! Come, we shall dress you an honour, come with us, leave (the) level of animals! We are dressing you (the) dress of honour and crown you with a glorious crown!", but people are saying: "No, we are happy, we are not asking to change our levels. We are very happy to be with animals level, because they are eating and drinking and making everywhere dirty"...animals (are) never ashaming; if you are putting them here, (they are) making dirty here also...Those people that now live on earth (are) saying: "We are happy with our level. We are not asking any other perfect level. Our perfection we are happy."

Perfection of animals is good, it is true, suitable for them, but it is not good a man to be with animals level, to be like them and to leave their perfection in divinely Presence. It is not good, but now (the) whole world (is)

running after this. They are saying: “We are not asking heavenly Laws, heavenly Rules; we are asking a free life, to be free as animals- they are free through jungles, desserts, mountains, they are doing everything, no one (is) blaming them- we are asking to be on that level. But when these Prophets (are) calling us to a level, it is difficult for us, we can’t climb there. Leave us on our level. We are friendly with animals. Some of animals we are eating, some of them we are keeping and riding on them, some members of animals world we are keeping for decoration”...people are keeping from animals world lions or such countless kinds of members of (the) animals world, keeping them with them, and they are kicking (the) heavenly honour that is going to be granted for those who are asking an honour and (an) honoured station in divinely Presence. Because mankind, it is not true for them not to accept perfection, that I mean to say, heavenly perfection!

These buildings, that roads, that technology (are) only helping mankind and keeping them on the level of animals world, nothing else. Preventing technology mankind to reach to heavenly perfection, because when you are reaching and asking to be a perfect member from (the) honoured level of perfection, you must leave everything that belongs to (the) animals world. Leave this, reach that- the level of Angels! It is so clear, but people (are) running away. Prophets (are) calling them to the level of Angels, but people (are) insisting to be on the level of animals. Common people (are) asking to be (a) member of (the) animals world. They are refusing to be members of heavenly perfection levels. How you can reach a peace?

Through jungles there is peace among animals? Lions making peace with dears? Pumas making peace with goats or lions making peace with tigers or tigers making peace with zebra or such? Can be? No, because on that level you can’t find ‘akli salim’, a perfect mentality through animals. Someones must eat some others. Impossible. Now all world people (are) asking to be and insisting to be on the level of animals (that on that level the law is this that the) powerful one must attack weak ones and (he) must take all from them. If (they are) coming against them, (they) should kill them. ‘Superpower’. What it means? Weak people (are) going to finish, because (the) ‘superpower’ (is) asking to do according to their egos desires.

Therefore- as long as they are insisting to be on animals level, (there is) no perfection. No perfection (is) bringing troubles, bringing problems, fighting, suffering, miseries- bringing everything that (is) making people not to be rest, not to be happy, not to be in peace. Finished! They must come, they must ask: “What is our perfection?” You are a man, a member of (the) Children of Adam- why (you are) not asking: “What is our perfection?”

Is it not a blame (that) a person (is) living through the 21st century and (he is) not asking: “What is our perfection? For what we are created, why we are living? What is (the) aim of our life? What is (the) honour of man through this life? What is our target, the last aim for us?” They are not teaching that: “You are a created to reach (the) levels of Angels, (the) level of perfection (and) to leave (the) level of animals world. Leave animals world, come to Angels worlds, come to Angels perfection, heavenly perfection. It is your honour, oh mankind, come!“ (But) people (are) running away...If a person (is) calling them: “Come for that perfection”, they are running away and Allah Almighty (is) calling them to be with Angles level, (saying:) “It is suitable for you, you have been created for that perfection! Leave (the) membership of animals world and come and reach, ask the membership of heavenly Beings, Angels, and you should be honoured (with) heavenly Honours!”

May Allah forgive us and bless you! For the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

## We Follow Heavenly Guidance, Not Opinions

Dastoor, yaa Sayyidee. (Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah Kareem Allah
Allah Allah, Allah Allah, Allah Allah Subhaan Allah
Allah Allah, Allah Allah, Allah Allah Sultan Allah

Yaa Dhul Jalaali wa 'l-Ikraam wa 'l-`izza 'l-ladhee laa turaam. Yaa Rabb zid Habeebik `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Thabitna `ala mahabatihi, thabitna `ala khidmaatihi, thabitna bihi ilayk, yaa Rabbana. Yaa Rabb ighfir wa 'rham wa Anta khayru 'r -Rahimeen, asturna bi sittrika al-Jameel, yaa Sattar.

As-salamu`alaykum yaa Sahibu 'l-Waqt! As-salaamu `alayk, yaa Qutb az-Zaman! As-salaam `alayk, Qutbu 'l-Mutassarif! As-salaam `alayk yaa Awtaad, yaa Budalaa, yaa Nujabaa, Nuqabaa, Akhyaar, as-salaamu `alaykum!

O our Lord! Grant us from Your endless Mercy Oceans! Send us from Your selected ones who may guide us to obedience to You, O our Lord! We are endlessly happy, we are in endless pleasure, we are in endless

enjoyment, and we are endlessly happy, pleased, and in pleasure to be Your servants! O our Lord! Grant us the ability to keep our oath from the Day of Promises in Your Divine Presence. And we say, a`oodhu billahi min ash-Shaytani 'r-rajeem. And we say to representative of Allah Almighty's protection for servants on this planet: We are running to you for protection from the most terrible, most dangerous enemy that never leaves us. It is always running to everyone, to lead them on the wrong way, to carry them off the right way.

O People! A`oodhu billahi min ash-Shaytani 'r-rajeem. When you say this, you must understand that one of the chosen, heavenly ones will do this. There may be billions of shaytans, but out of good manners we say, in the Holy Name of our Lord, Allah! (Mawlana Shaykh stands.) A`oodhu billahi min ash-Shaytani 'r-rajeem. A`oodhu billahi min ash-Shaytani 'r-rajeem. (Mawlana Shaykh sits.) It is in His Name, but we are not calling Allah to protect everyone or just us, we are not calling Him to give us His direct protection, no. He is the Greatest! There is no measure of our Lord's Greatness! Allahu akbar! (Mawlana Shaykh stands.) Allahu akbar! Allahu akbar! You must bow yourself in front of His Greatness, O people! (Mawlana Shaykh sits.) Allah, Allah.

O People! Say, bismillahi 'r-Rahmani 'r-Raheem, for every pleasure, every success, every happiness, every enjoyment, and every illumination from His heavenly presence. Only one speck may give everything on this planet, dunya, everything that it is asking. One speck may give them endless pleasure, endless hope, endless satisfaction, and endless peace! If the smallest point from our Lord's grant were to reach our world, it would make everything swim in heavenly Pleasure Oceans, Pleasement Oceans, and Peace Oceans, everything! He is Great! (Mawlana Shaykh stands.) Allahu akbar! Allahu abkar! Allahu akbar! (Mawlana Shaykh sits.)

O `Ulamas! What do you understand when Allah Almighty says:
••••• •••••••• ••••••• ••••• ••••••••
wa maa qadaroo 'Llaahu haqqa qadrih?
No just estimate have they made of Allah, such as is due to Him. (Al-Zumar, 39:67)

Is that from the Holy Qur'an or not? O Salafi `Ulamas! O Azhari `Ulamas! O Shi`a `Ulamas! O every learned one that is claiming, "We know heavenly knowledge." Heavenly knowledge now disappeared. If one of them came and showed himself you might attack him, you might kill him. Therefore, they have now been hidden, because your mentality never carries what they say; your mentality is so small, la yudhkar, that it may not to

be mentioned. How can you reach an understanding with your mentality? You cannot find pure mentalities among Mankind now, because Shaytan is sowing its nonsense and heedless bizr, seeds, everywhere. And now, therefore, you can't find, in the east and west, from north to south, a pure and clean mentality. Something from shaytanic ideas is making it dirty. If a very small spot from Shaytan enters the mentality of a person, it makes his mentality dirty. The same as putting clean and pure milk in a pot with a little dirt in it, the whole milk will be spoiled and you must throw it away.

Therefore, now you can't find a saleem (pure) mentality among mankind. Even a spot from Shaytan in their mentality is spoiling the whole, making it useless, and ready to be thrown away. Therefore, what was the Seal of Prophets (s) saying? O `ulamas, those who are claiming, "We are `ulamas," what was the Seal of Prophets (s) saying? (Mawlana Shaykh stands.) An-nazhaafatu min al-imaan, "Cleanliness is from faith." Is that right? Is there anything wrong with that? (Mawlana Shaykh sits.) Purity is one strong pillar of our faith; without that pillar your faith is unacceptable. Okay? What is your opinion? There will be no opinion; don't have your own opinions, no! Everyone has an opinion, as people say, "In my opinion..." Who are you and what is your opinion? Are you not ashamed to voice your opinion in front of heavenly knowledge? What is that? But people are so proud and so dirty. Yes, that is very important. People are saying, "According to my opinion." Who are you, O dirty one, to say, in the face of heavenly knowledge, "According to my opinion?" Who are you and what is your value? No opinions! There is reality that comes from the heavens, which is not separate from the Lord of Heavens. Yet people are daring to voice their opinions, no!

Qur'an Kareem is waadih, so clear. Don't discuss it. Don't say, "My opinion." Who are you to say, "My opinion"? When has Allah given permission to you to say, "My opinion"? Or could it be that your opinion originates from the negative center of shaytanic mentality, from Shaytan's center? Shaytan has so many instruments, and he may send his dirty, dirty opinions, putting something dirty in one's mind, and some other filth in another one's. When Shaytan finds the hearts of people without a guardian, it comes and puts such dirty opinions in and they are added to their mentalities. We are not using opinions! O doctors in Shari`ah and, O Salafi `ulamas, and O Azhari `ulamas, and O Shi`a `ulamas, don't say, "In my opinion!" The Holy Qur'an is so pure! Leave your opinions and leave your imagination! Opinions and imaginings are just from Shaytan. Allah Almighty sent a pure spring for us to drink from and for us to use. Use that, and don't use what you are thinking and saying, "According to my opinion."

Therefore, people now from east to west, and from north to south are trying to add something to the pure Shari`atullah, pure heavenly ways that are reaching to the heavenly presence of the Lord of Heavens. An-nazhaafatu min al-imaan (cleanliness is from faith). What is an-nazhaafah? What is your understanding? Don't voice your opinion! It is so clear. Don't create something and say that, "This is my opinion." No! Shari`atullah, the ways that are leading people from Earth to heavens are so clear! Nazhaafah is cleanliness. The Lord of Heavens is asking from you only cleanliness, and He is ordering, "Be clean!" Which dirty thing is making Mankind dirty? Shaytanic opinions and the dirtiness of this dirty life. Ad-dunya daniyyah (the lowly worldly life). Is my Arabic okay? It is a little bit unlike your Arabic, but sometimes we may say something and you must understand. That is a ta`beer, expression, ad-dunya ad-daniyyah. Daniyyah means the lowest thing, something of no value, or something of dirtiness that is to be thrown away.

O People! In this dunya, you must try to reach heavenly aspects, not this dunya's daniyyah, the lowest and most najas, dirtiest aspects. Don't run after that! Don't bring opinions, saying, "My opinion is this and that." The Lord of Heavens never left anything in the Holy Qur'an that is to not be understood; everything is so clear! Why bring so many opinions and make your mentalities dirty? People's mentalities are trying to measure heavenly values and they cannot because it is so pure. Use it as it came, so pure! Carry those pure directives, not your own opinions and judgments, no. Haadha Siraatu 'l-Mustaqeem la `iwaaja feeh (this is the Straight Path, in which there is no crookedness). The Lord of Heavens is saying, "My Way is straight." It is not crooked, there is no curling or turning. But you are using shaytanic methods and opinions and you are trying to bring other ways. And you are saying, "We must also look at western civilization." What is that civilization? They do not know how to clean themselves properly!! How then, can you talk of western civilization?!

O `Ulamas! Why are you not speaking about this to people, making them wake up and follow the best that has reached us from the Seal of Prophets (s)? That one is a pure one, the most clean one and the most right one! La `iwaaja feeh (no crookedness in it), Qur'an Kareem is not for dead people, it is not just for going to the cemetery and reciting there. For what are you reciting? He passed away. Recite on living people! Teach them what the Holy Qur'an is saying! Leave your opinions! Therefore, now do you know that so much chaos is coming to the Islamic world because of shaytanic opinions, hmm? What happened? People are split into seventy-two groups. All of them are saying, "This is my opinion!" That one says, "My opinion." No! Al-

ladheena yuthabitoon, to whom Allah Almighty is making clear everything: "I just chose some of My sincere servants to understand what is necessary for people understand. Follow them!"

Now so many mindless people are saying, "This is my opinion. Those four madhhabs, the four schools (of thought) are not true. No need for them! Everyone may find his own way to their destination." If a person knows his destination, why use a guide? May he follow it? It is impossible. Therefore, Allah Almighty sent the Seal of Prophets (s) to give knowledge of the ways to heavens so that all of them are on the same way, which is one way. But if you go right, leaving the main road and then run on the left hand, then you are on the wrong ways, full of shaytanic opinions.

O People! We are here, sitting and addressing all people from east to west, from north to south. That is a khulaasah, summary, for people. Leave saying, "My opinion," and try to follow the real way that the Seal of Prophets (s) brought to all nations! Don't follow your opinions and don't use your mentalities, because your mentalities are always on the wrong way. Satan is coming and dirtying your mentalities. When it is dirty with shaytanic opinions then it is finished. You never understand anything. Therefore, people now are running away from beliefs and running away from heavenly declarations, heavenly messages and heavenly messengers and they are saying, "My mentality is never accepting such a thing." Who are you? From where are you bringing such foolish ideas? Say what is the spring, the source? From where are you bringing such nonsense opinions? What is the source? In Holy Qur'an? No, bringing from shaytanic sources.

May Allah forgive us.

O People! We must try to reach the real way for understanding, as that is the aim of holy people: to teach what is true and what is wrong. If a person can't make a separation between true ones and wrong ones, that person is just going to lose everything. First of all, it is an obligation for learned people among Muslims as well as in Christianity and Judaism to know the real source of truth. Truth is one, from the beginning up to end. The first man was saying, laa ilaaha illa-Llah and up to the end, you must say, la ilaaha illa-Llah. But shaytanic sources are making people to create or bring so many nonsense opinions. Everyone is making a sanam, idol for himself and worshipping that. At least, they are making what is in the mirror to be their guide or idol. And we are living through a most difficult time because everyone is going to bring some wrong opinions, because nonsense opinions from Shaytan are never-ending. If wrong opinions enter the mentality

of people, their mentality will be thrown away, corrupted!

We are asking for pure people. Therefore, Allah Almighty is ordering, "You must ask from pure people, who are true ones." Who are they? Saadiqeen, truthful people. Did you ever find one of them, O Salafi `ulamas? Say to us and we may follow them also. Azhar 'ish-Shareef `ulamas, did you find what Allah Almighty is ordering: •••••••• •••• •••••••••••••• , koonoo m`a as-saadiqeen, "Be with pious, true people" (9:119)?

Which one did you find? Or are you saying to yourself, "I am enough for myself." Or are you making your dirty idol, your shaytanic opinions, as the Children of Israel, who put in front of themselves a golden cow? And Allah Almighty was never ordering them to make a golden cow to be their guide to Him! Now people are on the same way, as then. They are using so many golden cows, not asking for true ones. How they will be saved from this world's troubles, or from the fire on the Day of Resurrection prepared for wrong people?

May Allah forgive us.

Fatihah.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome

Dome, dome, dome, dome

Dome, dome, dome, dome

Dome, dome, dome, dome

Alhamdulillah, shukr yaa Rabb. I have been ordered after this association to pray two raka`ats, thanking our Lord for His heavenly support through His heavenly servants. That gives us much more power. Shukr yaa

Rabbee, shukr yaa Rabbee, shukr yaa Rabbee, shukr alhamdulillah! Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah istaghfirullah!

Fatihah.

**We have been created for Love - be with Love!**

As-salamu alaikum! Welcome to you! Allah Almighty, He likes to be His servants to work only for His Pleasement! You are coming here for Allah, you are not coming here to enjoy yourself. It is not an enjoying place, it is a place... what saying?...'khalwathane' in old times... (where) people they were going, (when they were) leaving Dunya, leaving everything... going... like monasteries... what saying (for) 'monastery' in Arabic?...There is an Ayat Karima...

This (here) is a humble place and people (are) coming here to learn something, to make some practising. Therefore we are saying: Welcome! Welcome on behalf (of) the most beloved servant of Allah Almighty, Rasulullah sws (The Sheikh is standing up for his honour)... and we hope that it is going to be (a) pleasure for you, because (you are) making Allah Almighty to be pleased with you. Pleasure (is) not coming from outside; but now people, they are trying to make themselves to be enjoyed with so many things, but they are never reaching to be happy! They may go (somewhere) with pleasure, but when they are coming (back), they are coming (back) sad.

But such places (like here) that we may say here is a small place; if anyone (is) coming (here) sad, (it is) going to open (for him). (It is) going to open! But who is going with pleasure (to those other places), particularly night-life people, whom they are thinking that: "If tonight we are going to that place or that place or that place (we are going to enjoy)..." they are thinking that it should be a pleasure for themselves, but (that is) never happening! (They are)

coming (back) and they are sad, not enjoying. Such a meetings, such a places (like here), that people they are not interesting.

Particularly people now mostly they are depressed people; depression people, they are asking to get out from depression by, through nightclubs, nightlife, casinos, or cinemas or such a places, which they are calling people: “Come and enjoy! Come and enjoy!” But in opposite; they are going to find a pleasure with(in) themselves, but (they are) coming back, (and they are) never enjoying, never enjoying...
Audhu bi-llahi mina shaitani rajim. We are running to Allah Almighty, to save us from (the) cheating of Shaitans, because everything (he is) showing us as a pleasure, but coming (there), finally it is not (a) pleasure or (it is) never going to be (an) enjoying place.
Alhamdulillah! Alhamdulillahi-ladhi hadana li hadha! We are thankful to our Lord Allah Almighty that we are coming here and (the) whole heaviness from our egos (is) leaving us and we are getting (to be) enjoyed, light. That heaviness (is) leaving ourselves. If not, I don’t think that people (were) coming from far distances here to stay longer!

Alhamdulillah, they are coming here; we are not using such a things that casinos, nightclubs and other places (are) calling people and to enjoy themselves, but finally they are asking to go, to come back to their homes. Here, Alhamdulillah, people... nothing (is) here except we are trying to pray, we are trying to worship, we are asking to hear something that belongs (to) our spirituality. Even (if) no one (is) speaking here, the atmosphere that (is) through this place, (is) giving them rest and they are asking: “We like to stay here more! O Sheikh, you gave us, you can give us more chance to be here?” And mostly people, they are leaving and saying: “O Sheikh, when we may come here (again)?” That means, they are happy! And we are doing nothing here!...
My level...I am not saying (I am on the) same level of you; I am looking my

level more down than your levels, but you are... people, this atmosphere (is) giving them something, some rest and pleasure through their hearts! That is (the) difference between their shaitanic places that (are) calling people: “Come and enjoy!” We are not saying: “Come and enjoy physically”, we are saying only something (that) belongs (to) their spirituality and spirituality (is) finding what he needs and (so he is) asking to stay; not to go back, (but) to be here. It is a good sign!

It is not a business, no! Now so many places you may find that they are imitated spiritual centers; imitated, not real ones. Because if you are asking to go (there), you must send first a letter, asking from people: “O center-keeper one, we are asking to come for a seminar...” X. went...I was asking him some questions... And they are saying that: “Oh, we are asking to come and to be with you and to make a seminar.” “Yes!” “O my brother, I am interesting in some spirituality and I heard there is in Switzerland... when (the) winter (is) coming, through snowing mountains (it) should be good for us to visit and to enjoy also by ski...” coming like this, coming like that... “and we are making seminar...!” (The) second one (is) saying: “I heard there is in Cyprus seminar.” “Seminar of Cyprus? We never heard! Maybe coffee-shop...” “Looks like coffee-shop... very happy place...” “I don’t think so!... They have ski?” “No, no, no ski... they are sitting in a place like (a) flock of sheep and (they are) never complaining. We are giving boiling water, (we are) putting in it dry bread and they are saying: ‘So...so tasteful! So...”

Only Sheikh, Greensheikh, (is) saying: “O Sheikh, every day water, dry bread! Let us slaughter one cow, or one ox that I may put in that big pot... That I am asking! Looking every day soup from old vegetables, old aubergines... morning aubergines, night potatoes, night potato, morning tomato...! I am getting like this... What is that, o Sheikh! Let us bring an ox, slaughter it and to eat...!” “ Ya Hu- one ox I am cooking for people through(out) one year!” “For what one

year! We may eat it from morning up to evening, finishing...”
Therefore- people (are) asking to go to seminars. I am asking: “What they are giving?” “Eh... seminar people, they are vegetarians!” “Ha? What is that vegetarians?” “(They are) only giving us (a) quarter (of an) egg, two olives, one spoonful (of) vegetables and bread. If you are making this like this...you may put (it) in (your) mouth, (and it is) finishing... But I think it is good for ourselves. We must go!” And they are going.

And when coming back (I am asking them): “How you find that place?” “Good, only we are going to die, if we are staying there more than one month... we are going to graveyard...not eating...” “What about (the) seminar?” “Seminar...we (are) never understanding...” “Because... you have dancing?” “Eh, dancing...” “There is piano?” “Piano, yes, ohhh... and I was interesting in violin... that is...” “How much you are paying?” “Only we are paying 1oo Euro daily. Ten days: 1.ooo Euro.” “It is not too much...” “Doesn’t matter, if it is too much also, but we are changing our atmosphere there, looking who may be for me, for you... that (one) can be for me better...” “Don’t speak, we are listening seminar! Don’t look right or left! What is...For what you are going?” “We must look someone, because my wife left me two months (ago), I am looking also someone to be like my... I am looking!” “O my brother! You (are) never understanding anything!” “Doesn’t matter, I am not coming for understanding! I am coming to look to be happy...!” Yes, Sir!

Now everything, o our listeners, everything (is) going to be imitated. Imitated, no reality. Do you think that it is a medicine, but (it is) going to be a poisoned syrup for you, to make you to sleep- upstairs and downstairs also... And you are drinking... And they are coming, saying: “O my brother, what you are eating, (be)coming (like this), you are sleeping whole night? We are not knowing, who is sleeping with us! What is that?” “That is (a) seminar of (the) coming 25th century! We are preparing people for that seminars...”

All drunk! All drunk!

Alhamdulillah, we are here a humble meeting, (a) humble gathering. Only such a people too much jumping, I am fearing that they may reach up and falling on people! You know Hadra? Making Hadra? I am fearing! If falling on me, may harm my legs, therefore I am escaping...ma sha Allah up, up, up! Without wings, asking to get up! Be patient a little bit!... Merhaba, welcome! Welcome to you! What we shall do?... They may ask: "What (is the) Sheikh saying?" "(The) Sheikh (is) saying (things) that we never heard such things. (He is) making analysis." "He is analyst?"
"Yes, first class analyst! (He is) making analysis (of) our characteristics, making deeply analysing on our souls, and we are coming (to be) better than (when) we were coming! When we are going, our feelings- just we are looking that (they) changed. Changed! We are happy! But we were not understanding that happiness, when we were there, but when we are leaving, our feeling just changed and now we are enjoying! What he put through our hearts, that (is) making us to be happy and enjoyful!" Ja! "That is 'hibra', a wisdom; (he is) giving to you wisdom."
"We are not understanding from wisdom, but only we are understanding that his speech (is) making something on our real being, on our spirituality. We are feeling and understanding and looking and seeing!"

May Allah forgive us! Bismillahir Rahmanir Rahim. We are coming here on the Name of Allah Almighty. We are asking to be good servants for our Lord; we are coming to learn, how we can be good servants, because we are all occupied by slavery for Shaitan and for Dunya! We are loosing our precious lives for nonsense! We are learning something: That we are servants of our Creator and how we must deal with Him! Because He created us for His servanthood! Where? In His divinely Presence!

And we are only beginners and we hope that that... like a small seed (that) you may put, you may plant it and finally (it is) going to be huge oak tree and our feelings (are) on that what Sheikh (is) giving us, even (a) very small seed

through our hearts, that is the seed of Love! And (the) real Love (is) for our Lord and real Love for His beloved one, first of all His most beloved servant S.Muhammad sws! And (it is) growing, growing...

It is not by eating and drinking and dressing! That is something that (is) granted from Heavens to (the) people on earth, because their real life only continues through love! If that love just finished, they are finishing! And that assembly, that meetings, (are) giving power to our very small seed of Love!
Be with only Love, because this universe (was) just created for Love: (The) Love of the Lord of Heavens to His most beloved servant, S.Muhammad sws! And we are asking that!...
May Allah forgive us! As-salamu alaikum wa rahmatullah wa barakatuh, Fatiha!
Ziyadatan li sharfin Nabiyi sws...

BookKhairiyahSiegel

**We have been ordered to learn and to know**

Destur ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quqatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Subhanak, la ‘ilma lana illa ma ‘alamtana, innaka ‘Alimu Hakim.

We have been ordered to learn and to know. What we must learn also it is just informed to nations, to people, (to the) Children of Adam- what or which thing they must learn and (they) must know. If you are asking to know (about) something, you must learn. Learning (is) coming before knowing. (It) can’t be (that) a person (is) knowing something without learning.

Therefore- Prophets they are teaching and people learning. Prophets (are) teaching people first whom they are belonging (to), who is their Creator, or who is that One bringing them in existence and who is that One taking them from existence to unknown areas.

Now- we are knowing that we are living on earth. Every creature (is) living on earth. But after a while everyone- one after one- (is) disappearing. Whom they are living today, tomorrow (we are) looking and seeing that (that) one passed away. And no one (is) asking: “(To) where he passed? He left this life and today he disappeared, but where he went? Where he left? To where he left this life? Where they are now? Billions of people were living on earth, now where they are?” What is the answer? People now (are) never interesting (in) such positions, such subjects, they (are) never taking any care.

Just they are falling in an ocean of material world and they are looking themselves with an eye that they are one member of (the) big animal world creatures. (In the) animals’ world you can find countless creatures. Now the opinion of all mankind is to say: “We are also one member of (that) big animals’ family and beyond (it there is) nothing. As animals they are passing and disappearing, we also, one day we should pass and we are going to be disappeared.” That is the limit (of their) knowledge that they learnt to say: “That is our limit, we are only knowing that: today we are living, tomorrow we are disappearing.”

To where? We are looking and seeing that we are now in (the) material world with our personalities, with our physical being or material. With our material we are belonging now to this material world. But tomorrow we are leaving our material being or physical being and (we are) disappearing. To where? How it is going to be that we are in existence with our physical being and after one day, one week, one month, one year, one century we are not in existence? It is not something that you can bring an answer for, to say, because if you were bringing an answer, it is going to be belonging to (the) material world, but we are looking (that) our material (is) disappearing.

Which thing was collecting and keeping our physical being in existence? That question they are not interesting (in). They don't like to even ask such a question. Yes, our material being (is) just finished, but we are looking and seeing (that) our material (which) is (the) same as yesterday, tomorrow (it is) going to be changed.

There are two different visions, two different (ways of) thinking on it. One of it (is): we are looking to our material being, (when) it is okay. If a person (is) dying (a) natural death, his body is (remaining the) same. But what, which thing was making that body to stand up, to move, to do, to act, to see, to speak, (to do) so many activities? Now we are not looking and seeing what was making this body to do so many activities yesterday. We are looking now and we are saying: "How? If yesterday it was belonging to our physical being- every activity-, yet our material being is ready, but (now) it can't do any activity."

That point is important! It means: There is something in it. Something means: some power (is) making that physical being to stand up and to do so many things. That means: (There) must be some power that (is) making our physical being to act, but it is not in our vision. We can't see (it). We understand (that there) must be a reason for our physical being to act- but what it is? Today you are looking only (a body there) and never seeing (any activity from it). That approves that there is something beyond our physical being that makes us to act, to do our activities.

This is one important point to be learned that Allah Almighty (is) saying: "Wa nafakhna fihi min ruhina"- "We are giving a power to that material form; We gave something that
never belongs to material beings. From our divine Power Oceans We are blowing through that material form and (it is) standing up. And when We are asking for that person to come (to) his last position, We are taking this holy Breath from him, (and) then (he is) falling down, and, as before, it is in its material being."

What is the benefit- (the) benefit is important- that we must learn about ourselves? If we are never leaning about ourselves, we can't reach a learning from our Lord, from our Creator.

First of all we are leaning that we are creatures, created by someone. Our existence is not from ourselves, (but) from Someone that we can't see that One and we can't touch that One. And that Power (is) just surrounding everything, not only our physical being; (it is) surrounding (everything) till atoms. Not only outside surrounding, (but) in it and out (of it). Everything in existence must be surrounded by that One's Power. That One's Power (is) making an atom to appear. If (that Power is) not surrounding (everything), nothing (is) going to be seen or to be in existence.

Therefore ourselves also (are) just surrounded from our inside and outside; every atom or less than (an) atom that it is collected by his Order, that He said: "Be man!", and (it was) becoming a man. Everything in that form (is) just surrounded with divine Power, Power Oceans. When He is asking to get it back, that Power (is) leaving (the atoms), that they are connected to each other (by this Power) and giving (the) form of a man. When Allah Almighty (is) ordering: "Leave and come back", they are coming to (the) Power Oceans of His Dominions, endless Power Oceans, coming and entering and nothing (is) there (anymore), finished. Therefore we are burying people and after a while we are looking (that) everything (is) just separated and coming back as it was before.

We must learn about ourselves! That is something that heavenly Knowledge and our mindly knowledge (are) coming together and saying: "Yes." What we are saying you are understanding, when we are using (the) full power of our minds and joining that power that belongs to Heavens, now we are knowing about ourselves. We can be through this life for a while and then everything (is) getting back as it was before, but something (has been) taken from your being. Something (is) just taken. What is that? That belongs to Allah Almighty's Existence Dominions, (it is) coming back, coming back and joining, (and then there is) nothing there.

You may find (that) by (the) heavenly Command: "Be a giantic galaxy", just it is going to come in existence. Before that Order (is) finishing, that new world, new galaxy, new space must be ready. And when He is saying: "Come back to your real position through My Dominion's Power Oceans" they (same moment) are just disappeared.

We have been granted a mind for understanding something about ourselves, but we are not using it. We are not using (it) and (if), we are using it for nonsense, uselessly using it, and we are loosing (the) divine Promise of His Grants to (those of) His servants, who are knowing about their Creator. He promised to grant to them something from His divinely Dominions' Power Oceans that can't be surrounded, but He is surrounding everything!

People now are not interesting and we have been ordered to know and the way for knowing is to learn such

things. If you are asking to learn pharmacy, you are not going to a jeweller; if you are asking to learn architecture, you are not going to an advocate to learn; if you are asking to learn (to be a) doctor, to be (a) physician, you are not going to (a) grocery shop to learn. Everything must be learned from its specialist. This (is the) just much more honoured knowledge that (has been) granted to mankind: to know about themselves, because if you are not knowing about yourself, what is you, how you are reaching 'Marifatullah', to know about your Lord?

Therefore Allah Almighty (is) informing that the levels of knowledge (are) countless. You may improve from one step to another, from one position to another, and that is the most pleasure, and most glorifying and praising for mankind: to know about their Lord and His endless Favours, endless Glories that (He is) granting to ourselves.

We are deputies for that purpose, but people like to work through sewage channels. They like it; they don't like such divine Oceans. It is not channels, divinely Oceans that (are) granted to ourselves; (they are) leading people from (one) level to another level, to come much more through (the) divine Dominions of Allah Almighty. People (are) wasting and loosing their chance and they are coming (to this life), (and,) as they are coming- knowing nothing- they are going- knowing nothing. They should repent, but it should be too late.

And 21st century people (are) very proud with their technology. What is technology! He granted us only a channel of power, no more, a channel for electricity. It is granted to mankind and the Lord of Heavens is making (an) authority for His servants to use that power. Through that power every instrument, every technology is living. They are doing, making everything, but they are not knowing what is (the) source or secret of technology. No one (is) knowing! They are looking (that that power is making the instruments to work), but from where (it is) coming? I am asking: "This electricity- something (is) running or it is atoms' movement? What is that? If it is something running, or if it is something just appearing through that moment, may be the lines or wires must stop- so many things coming." But they are saying: "We are looking that electricity (is) jumping from (one) atom to another atom and coming." What is that? It is not atoms, no, it is something that (is) jumping on atoms and (it is) going to be fan, going to be lights, going to be computer... what is that? No one knows.

And Allah Almighty (is) granting to His servants not such things- it is a grant for believers and unbelievers, because (it has) no value-, but He is asking to grant to His servants something through seconds, through (the) smallest unit of time that our minds can't carry that, only He may deal with us through our souls that our souls belong to His divinely Blowing.

May Allah forgive me and bless you, for the honour of that one. We must learn. Who (is) asking to learn, He gives (him). If (you are) not asking (to learn), you are going to be 'mahrum', deprived. Give time for heavenly Knowledge! Don't be like materialist, atheist people, that they are no mind people, but ask real sources of heavenly Knowledge. That sources (are) just granted to Prophets and after Prophets to (their) true inheritors. You must ask!

Therefore (the) Prophet was saying that if you are asking (to find) such a person, not easily they can be reached. May be that person who knows such secret powers may be in China. At the time of (the) Prophet sws China was the farest country in the world and he was saying: "You must ask (for) that (knowledge)! If you are hearing that someone (is) knowing such secret knowledge, run to him, even (he) may be through China!" And from Arabia up to China perhaps (it may take) you 1 year or 2 years, or 3 months, 6 months, or 18 months- Allah knows!

If you are not interested, your level 'la yazal', (is) remaining on (the) level of 4 leg people and you should be happy... You should be enough happy (in the) 4 legs world... (you are) never asking more than what you are eating.

May Allah forgive us and open our hearts to hear, to listen, to learn and to know! When you are knowing, (you are) asking to find Him. If you are not knowing about the House of (the) Lord, (the) Kaaba, (are you) asking to go there? No. But when you are hearing about that one, knowing what is (the) position of Baitullah, House of Lord, then (it is) growing up through your heart a deep desire, a deep will to reach to that one. Therefore people (are) running to there. If (they are) not knowing (about it), (they are) saying: "We don't take care." Who (is) asking and learning and then knowing, he is asking: "Where is that One?" You must try to reach to that One!

May Allah grant us something for understanding! For the honour of the most honoured one in His divine Presence, S.Muhammad sws, Fatiha...

When a sheep is full, sitting and after a while beginning to chew...Now, what you are hearing, make it to be well understood by yourself, it should be for you honour and glorifying.

## We Have Honour

This majlis-assembly of ours is surely a serious assembly. We are now the seekers of a very important service. We want this era of oppression to end. The movements happening till now that they call the Incident of March 31, (Rebellion against Sultan in1909)- starting from that, till our time now, the whole world has come down on Islam. They want to destroy Islam. Islam is the religion Allah sent. There is no power that can destroy it. When compared to the majesty of Islam, the whole world is not even like a mosquito. But these low ones made the Europeans, who are the representatives of unbelief; attack Islam after this incident of March 31. And, they were all together mobilized to remove, to destroy Islam. Islam..

"Inna Ad-Dina `Inda Al-Lahi Al-'Islamu- Truly, the religion of Allah is Islam" (3:19).

Meaning, the religion Allah accepts is Islam. Those other than Islam are all false-batil- rotten, filth-dirt of WC, all of them! What is clean & pure, is Islam. They did their tricks- the unbelievers of Europe, and our puzzled Muslims did not pay attention to the word of the Prophet (sas). And, all of them strived to be like Europeans. Meaning, they became suitors of the unbelievers. Europeans are unbelievers. Whoever tries to follow the steps of unbelievers, they are also unbelievers. No, this is not a joke!
And, the Islamic World did not care. There are maybe 2 billion Muslims in this world, all are in heedlessness. They think that Islam became bankrupt and what will save us is the way Westerners follow. Then we may also

become westernized to be saved! Again the unbelievers of Europe, unbelievers of the Western world came up with this idea: "It is Islam that kept you backward. Leave Islam, follow us and you may get saved. Your salvation lies in following our way. We are ahead, and you will follow us". In which way they made us follow? Like a dog walking behind the hunter. These evil, wicked ones made us fall to such a low level. And our heedless people who want to be westernized, who want to follow their way, accepted this: "You accept us & we may walk after you because you are ahead, ahead of us. You are ahead of us with technology. Our technology is zero. We will follow you and we may advance as well".

This is the deebaja-preface of it. What I mean with "deebaja" is explaining a matter in terms of it's summary. This is important. If we were not given permission to speak then we would not be able to bring these words together. They are not from us. It is not a matter that we write beforehand & tell you. This is called "waridat - Heavenly inspiration". It is Allah's wisdom that He has left this matter to the lowest servant to explain. It is not that we claim to be something. And, for 100 years- from 1912 to 2012, for a century they brought Muslims to ruin- these monsters in power. May monsters eat them.

They dishonoured the Islamic World. May Allah defeat them. May they not go one step further. They will turn back. They will turn back. They looked: there is a dead end in front of them. They got confused - a dead end. Or, in other words: there is a bridge but the bridge can collapse, it is such an old & rotten one. Now people are thinking. It is such a pity that Turks, who are considered to be the descendants of Ottomans, that raised the flag of Islam for 1000 year, what do they say: "We may join European Union". This is their strategy: "We may join EU". Why do you need this? "Please accept us". How come, you have no honour? You have no mind? When you have the power to do everything, why do you run after Europe? It is a mistake, a very big mistake! Hoping to gain something, they run after them. No one can open the door that Islam opens. Islam is our honour. If you say "Islam" in Turkey, they convict you. Curse on all those who brought the nation that carried the flag of Islam for 1000 years, to this point. May their destination be hell. And today, the Islamic World, although they have all kind of means, they run after Europe, western nations like a dog following the hunter. What were we yesterday? Sultan. What are we today? Like a low creature, that each & everyone of them kicks. Whole Islamic World, all of them are boiling up. For what? "We want to be European, too. There is science in Europe". If I used the power in my hand - forget Europe - I can even ruin the US. Not that we don't have power, we have!

Look to the One who makes us speak, not to us. I can't be the servant of Europe. I can't be the dog of America. We have honour. And with their constant efforts they dethroned the Caliph of the Muslims. They carried it to the parliament & said: "We abolish the Caliphate". It is not you who granted the Caliphate that you can abolish it! They said, "We abolished". And, they expelled everyone related to or belonging to the Ottoman Dynasty, the Sultanate, even the breastfed babies, from Istanbul, from Anatolia which they conquered with their swords. Who gave this order may not find comfort in his grave. And those who agreed with him, may they be inhabitants of hell. Ok..This will happen. It will come true. But the order of Allah Jalla Jalaluhu, Subhanahu wa Ta'ala. Allah does not let His religion to be ruined. The Truth-Haqq is never defeated by falsehood-Batil. No matter how much we speak of these, it is an ocean... This is enough. Now, we may come to..

The Wisdom of Allah, that He opened the way for those who are against Islam: "Here is the arena. Do as you like. We may see what you will do". May they be drowned in their doings. Now whole Islamic world- particularly Turkey, Sham, Egypt, Hijaz, Egypt, Libya, Tunisia, Iran, Indian Muslims, all of them are on the ground like this. Who steps over them are the unbelievers of Europe, although we have all kinds of means. We have power. We have the power that can stop their technology in an instant. But these who are in love with Europe & want the Europeans may learn their lessons. And they did now, they are left like this. And one person abolished the Sultanate without asking anyone, without the approval of the nation. After that he said: "I abolished the Caliphate as well". And then finally he said: "I want neither the Caliph nor the Ottomans or the Sultanate, all of them may go away! I will establish a westernized nation". He messed it up! He messed it up so that, not even a century is enough for the nation to clean & recover. In simpler words, he turned the Great Ottomans into Turks then Turks into unbelievers. The trouble in Egypt is worse than this. The one in Libya is worse than this. A handful of people in Sham.. with foolish ideas.. What is their way? (Arab Socialist) Ba'ath Party. What is Ba'ath? Sudan gone, great Egypt gone, great Libya gone- the ones carrying the flag of Islam. Ok. Allah Almighty has let them, until... until the leaders of the Islamic World suffer & learn their lesson. They are the ones who live the days of doom; In Turkey this way, in Iran, In Sham this way. In Iraq, in Egypt, in Libya, all this way. He makes all who are in power suffer & learn their lesson. In Yemen, the same. What we are saying now is a muqaddima - introduction. Now, it has come to its end.

The Islamic World wants their Caliph. They want the system of Caliphate. There is none who doesn't want it.

The only ones who do not want are the unbelievers. Subhan Allah Al 'Aliy Al Azim. These young men are in Europe. What is it that awakens them - all of these are young men? They are saying, "We want our Sultan, we are Ottomans". These Effendis, these young men say: How is this? Show their picture. Look, there. They taught them unbelief in schools. Look at what they are saying now! They say "We are Ottomans". Who refuses his roots is ignoble, doesn't have a lineage. These young men in Europe started to say "Our origin is Ottoman". They could not find the chance (to say this) in Turkey. They are in Europe, where they say: "We are Ottomans, who brought us to this... Before everybody would come to Ottomans to find bread to eat. Now we have come to Europe, to collect Europe's left overs. Shame on us" these ones started to say. "We are Ottomans & very honoured". Look at this book. It is the book these young men wrote, in my presence. "We are proudly Ottoman. The return of the Ottomans. Lions on the Golden Apple". Look to Allah who awakened them! One can't publish such a book in Turkey. It is published in Germany. It has Turkish & English versions.

Our son, this Effendi, has put it in order - the things to come in such an astonishing style. I was not able to verify the spring he took it from, either. May Allah open more for him. We are not a great person but what can we do? As "baqiyat al suyuf" we are a man like the remaining of a sword, nearing 100 years of age. What will we say? Listen from us the words of the one who makes us speak. This era of oppression will end. "Ati kulli dhi haqqin haqqa" This is the principle of Islam. "Give everyone their due rights". We will take this right! It belongs to Ottomans: Turkey, Balkans, Hijaz, Egypt, India, China, all of them.. Now, what I am asking for is: who is the heir to the Ottoman Empire-Dynasty? Who comes out & says: "I am that one"? Of course, one may fear. But when it is clear & steady with Allah that he is the true heir there is no fear for him anymore. Now among the heirs in Turkey, there is no one who can raise the flag of Islam. There are sons of the Sultanate from the female line, of Sultan ladies. But as of male-line.... There are from the female-line but they are of no use. The one who will shoulder this load is in Europe. Arab World did not accept them. Apostate Turks expelled them. These people stayed in Europe. Allah has protected them. And today, now the people want Ottomans. They are tired of the oppression in Turkey and the people have become unclean because of their coming against Shariat. They are saying: "How is this? How is this? How can this happen, that you abolish-remove our religion? There was the "Ottoman Bank" which carried the name Muslim, Islamic. They even removed that bank. There is nothing in the name of Ottomans there. How? What happened? You will change everything in 50 years? It is a lie! Cheats never prosper. Here, up till now. They may enjoy their situation! They will try to pull out of it everyday. But they will sink even more.

Until the Sultan who carries the responsibility of this land's Sultanate comes. When the Sultan comes, Heavenly Support will reach. It is shaytan who helps the others. Awliya of Allah helps Sultans with the permission of Allah. Now, it is enough on this. Now, I will ask these young men some questions that when they say "We are Ottomans", who is the Ottoman now? There are sons from the female-line of the Dynasty in Turkey but they have no right. It can't be from the female-line. It will be from the male-line. There was a man from the male-line who represented the Ottomans. When we say our heart, it means our inspiration. He is keeping away now, saying "I can't shoulder this load". It is accepted by us. If he said "Give it to me", it wouldn't be accepted. When Prophet Joseph asked Pharaoh to appoint him over the public treasury, he didn't give it to him right away but he gave it after a year. Don't give to who asks, give it to who does not ask for it. He will come with both possessor & ruler attributes. Istanbul belongs to the conqueror with swords. How can you expel this Dynasty? Is this honour? Is this religion? Is this good manners? Is this the glory of Islam? This is the doing of those who are far from Islam.

May they not be comfortable in their graves;may their graves be full of fire. They receive this curse. Therefore now, time is up, Allah knows. It says in the Hadith: "That Sultan, one of them is Selim-he collects the Holy Relics. Another Selim comes in the End of times, he gives the Holy Relics". Sultan Selim brought from Egypt the Holy Relics, belonging to our Prophet. They are in Topkapi.

Another Sultan who is named also Selim will come in the last days. He will present them to the Sahib ul Waqt, Mahdi (as). Now this is the deebaja-preface of this matter, it is enough. We may speak to you later again. Wa min Allahu tawfiq, Fatiha.

Translate this to Arabic & hit them with it! May our lives be sacrified for the way of the Caliph, Sultanate. I don't want, the way of these ones. The right owner will receive his right in the end of times. The era of oppression will end. Thanks to Allah, thanks to Allah, Shukur... Thanks to Allah Almighty who made us touched by this address. Allahu Akbar! "If you can't sacrifice your life stay away from this arena, it is not a playingfield. Many lives are sacrified here without hesitation - it is such an arena.." You see? How is this?

**Wir haben eine Ehre**

---

Diese unsere Madjlis, Versammlung, ist wahrlich eine ernste Versammlung. Wir suchen jetzt einen sehr wichtigen Dienst. Wir wollen, daß diese Ära der Unterdrückung endet, die Bewegungen, die bis jetzt stattfanden, seit dem Vorfall, den sie den 31.-März-Vorfall nennen (Rebellion von 1909 gegen den Sultan). Von da an bis in unsere Zeit ist die ganze Welt über den Islam hergefallen. Sie wollen den Islam zerstören. Islam ist die von Allah gesandte Religion. Es gibt keine Macht, die ihn zerstören kann. Verglichen mit der Majestät des Islam, ist die ganze Welt nicht einmal wie eine Mücke. Aber diese Niedrigen bewirkten, daß die Europäer, die die Repräsentanten des Unglaubens sind, nach diesem Vorfall des 31. März den Islam angriffen. Und sie sind alle miteinander mobilisiert, um den Islam abzuschaffen. Islam... "Inna d-Dina `Inda l-Lahi l-'Islamu". Wahrlich, die Religion bei Allah ist Islam. (3:19) Das heißt, die Religion, die Allah anerkennt, ist der Islam. Diese anderen als der Islam sind alle falsch, batil, mies, Unrat, Schmutz des WC, sie alle! Was sauber und rein ist, ist der Islam. Sie wandten ihre Tricks an, die Ungläubigen Europas, und unsere verwirrten Muslime achteten nicht auf die Worte des Propheten (saws). Und sie alle strebten an, wie Europäer zu werden. Das heißt, sie wurden Verehrer der Ungläubigen. Die Europäer sind Ungläubige. Wer immer versucht, den Fußstapfen der Ungläubigen zu folgen, ist auch ein Ungläubiger. Nein, das ist kein Scherz! Und die islamische Welt kümmerte es nicht.

Es gibt vielleicht 2 Billionen Muslime auf der Welt und alle sind achtlos. Sie denken, daß der Islam bankrott ist. Und was uns rettet, ist, dem westlichen Weg zu folgen. Dann werden wir auch verwestlicht, um uns zu retten! Wieder kamen die Ungläubigen Europas, die Ungläubigen der westlichen Welt, mit dieser Idee: Es ist der Islam, der uns in der Rückständigkeit hält. Verlaßt den Islam, folgt uns, und ihr werdet gerettet. Euere Rettung liegt im Folgen unseres Weges. Wir sind voraus und ihr folgt uns. In welcher Weise ließen sie uns folgen? Wie ein Hund hinter den Jägern herläuft. Diese Üblen, Niederträchtigen ließen uns auf so eine tiefe Stufe fallen. Und unsere achtlosen Leute, die westlich sein wollen, die ihrem Weg folgen wollen, akzeptierten das: "Ihr erkennt uns an und wir laufen hinter euch her. Weil ihr uns voraus seid. Ihr seid uns voraus in der Technologie. Unsere Technologie ist Null. Wir werden euch folgen und auch voranschreiten. Dies ist Diibaja, die Einleitung, davon. Was ich mit "Diibaja" meine, ist das Erklären einer Sache im Sinne ihrer Zusammenfassung. Das ist wichtig. Wenn uns nicht die Erlaubnis zu sprechen gegeben wäre, könnten wir diese Wort nicht zusammenbringen. Sie sind nicht von uns. Es ist nicht so, daß wir vorher aufschreiben und euch dann erzählen. Dies heißt "Waredat", Himmlische Inspiration. Es ist Allahs Weisheit, daß Er diese Sache dem niedrigsten Diener zur Erklärung überlassen hat. Wir behaupten nicht, etwas zu sein. Und 100

Jahre lang, von 1912 bis 2012, für ein Jahrhundert brachten sie die Muslime ins Verderben, diese Monster an der Macht. Mögen Monster sie verspeisen. Sie entehrten die islamische Welt. Möge Allah sie besiegen. Mögen sie nicht einen Schritt weiter gehen. Sie werden umkehren. Sie werden umkehren. Sie sahen, vor ihnen ist eine Sackgasse. Das verwirrte sie - eine Sackgasse. Oder, in anderen Worten: Da ist eine Brücke, aber die kann zusammenbrechen. Sie ist so alt und verrottet.

Jetzt denken die Leute nach. Es ist so schade, daß die Türken, die als die Nachfahren der Osmanen angesehen werden, die die Fahne des Islam 1000 Jahre lang hochhielten, sagen: "Wir wollen der Europäischen Union beitreten." Das ist ihre Strategie: "Wir wollen der EU beitreten." Wozu braucht ihr das? "Bittet akzeptiert uns!" Wie kommt das, habt ihr keine Ehre? Habt ihr keinen Verstand? Wo ihr die Macht habt, alles zu machen, warum lauft ihr Europa hinterher? Es ist ein Fehler, ein sehr großer Fehler. In der Hoffnung, etwas zu gewinnen, laufen sie hinter ihnen her. Niemand kann die Tür öffnen, die der Islam öffnet. Islam ist unsere Ehre. Wenn du in der Türkei "Islam" sagst, nehmen sie dich gefangen. Verflucht seien all jene, die die Nation, die die Flagge des Islam 100 Jahre lang hochhielt, an diesen Punkt brachten. Möge ihre Bestimmung die Hölle sein. Und heute läuft die islamische Welt, obwohl sie alle Arten von Mittel haben, Europa, den westlichen Nationen, hinterher wie ein Hund dem Jäger folgt. Was waren wir gestern? Sultan. Was sind wir heute? Wie ein niedriges Geschöpf, das von allen und jedem getreten wird. Die ganze islamische Welt, sie alle kochen hoch. Wozu? "Wir wollen auch Europäer sein. In Europa gibt es die Wissenschaft." Wenn ich die Macht in meiner Hand nutzte vergeßt Europa, könnte ich sogar die USA verderben. Es ist nicht, daß wir keine Macht hätten, wir haben Macht. Seht auf Den, Der uns zum Sprechen bringt, nicht auf uns. Ich kann nicht der Diener Europas sein. Ich kann nicht der Hund Amerikas sein. Wir haben Ehre. Und dank ihrer fortgesetzten Bemühungen entthronten sie den Kalifen der Muslime. Sie brachten es vor das Parlament und sagten: "Wir haben das Kalifat abgeschafft." Es wart nicht ihr, die das Kalifat gewährten, daß ihr es abschaffen könnt! Sie sagten: "Wir haben es abgeschafft." Und sie verbannten jeden, der verwandt mit der Osmanischen Dynastie, dem Sultanat, war oder ihr angehörte, selbst Babys, die noch gestillt wurden, aus Istanbul, aus Anatolien, das sie mit dem Schwert erobert hatten. Wer diesen Befehl gab, möge im Grab keinen Trost finden. Und die ihm zustimmten, mögen sie die Bewohner der Hölle sein. Ok.. Das wird geschehen. Es wird wahr werden. Aber der Befehl Allahs Jalla Jalaluhu, Subhanahu wa Ta'ala. Allah läßt Seine Religion nicht verderben. Die Wahrheit -Haqq- wird nie besiegt durch Falschheit -Batil. Egal, wieviel wir hierüber sprechen, es ist ein Ozean... Das ist genug.

Jetzt kommen wir zur Weisheit Allahs, daß Er den Weg öffnete für jene, die gegen den Islam sind: "Hier ist

die Arena. Macht, was ihr wollt. Wir werden sehen, was ihr macht." Mögen sie in ihren Machenschaften ertrinken. Die ganze islamische Welt, besonders die Türkei, Sham, Ägypten, Hijaz, Ägypten, Lybien, Tunesien, Iran, die indischen Muslime, sie alle liegen so auf dem Boden. Die auf sie treten, sind die Ungläubigen Europas. Obwohl wir alle Arten von Mitteln haben. Wir haben Macht. Wir haben die Macht, die ihre Technologie in einem Moment beenden kann. Aber jene, die in Europa verliebt sind und die Europäer begehren, mögen ihre Lektion lernen. Und das haben sie jetzt. Sie bleiben so zurück. Und einer schaffte das Sultanat ab, ohne jemanden zu fragen, ohne die Zustimmung der Nation. Danach sagte er: "Ich habe auch das Kalifat abgeschafft." Und endlich sagte er: "Ich will weder den Kalifen, noch die Osmanen oder das Sultanat. Sie sollen alle weggehen! Ich etabliere eine verwestlichte Nation." Er machte Murks! Er vermurkste es so, daß nicht einmal ein Jahrhundert ausreicht, damit die Nation sich reinigt und erholt. In einfacheren Worten, er machte aus den Großen Osmanen Türken, dann aus den Türken Ungläubige. Das Problem in Ägypten ist schlimmer. Das in Lybien ist schlimmer. Eine Handvoll Leute in Sham... mit albernen Ideen.. Was ist ihr Weg? Ba'ath Partei (Sozialisten) Was ist Ba'ath? Sudan weg, das große Ägypten weg, das große Lybien weg - diejenigen, die die Fahne des Islam hochhielten. Ok. Allah der Allmächtige ließ es zu, bis... Bis die Führer der islamischen Welt leiden und ihre Lektion gelernt haben. Sie sind es, die die Tage des Untergangs erleben. In der Türkei genauso, im Iran, in Sham auch. Im Irak, in Ägypten, in Lybien, alle genauso. Er läßt alle, die an der Macht sind, leiden und ihre Lektion lernen. Im Jemen genauso.
Was wir jetzt sagen, ist eine Muqaddima, ein Vorwort. Nun, dies ist zum Ende gekommen. Die islamische Welt will ihren Kalifen. Sie wollen das System des Kalifats. Es gibt niemanden, der es nicht will. Wer es nicht will, ist ein Ungläubiger. Subhan Allah Al 'Aliyi l-Azim. Diese jungen Männer sind in Europa. Was ist es, das sie aufweckt? All diese jungen Männer. Sie sagen: "Wir wollen unseren Sultan, wir sind Osmanen." Diese Effendis, diese jungen Männer, sagen das. Wie ist das? Sie lehrten sie Unglauben in der Schule. Seht, was sie jetzt sagen. Sie sagen: "Wir sind Osmanen." Wer seine Wurzeln ablehnt, ist unwürdig. Er hat keine Abstammungslinie. Diese jungen Männer in Europa haben begonnen zu sagen: "Unsere Herkunft ist osmanisch." Sie konnten diese Chance in der Türkei nicht finden. Sie sind in Europa, die sagen: "Wir sind Osmanen. Wer brachte uns dazu... Früher kam jeder zu den Osmanen für Brot, um zu essen. Jetzt kommen wir nach Europa, um die Essensreste einzusammeln. Schande auf uns!" begannen sie zu sagen. "Wir sind Osmanen und sehr geehrt." Seht euch das Buch an. Es ist das Buch, das diese jungen Männer schrieben und mir brachten. "Wir sind stolz darauf, Osmanen zu sein." "Die Rückkehr der Osmanen, der Löwen des Goldenen Apfels." Gepriesen sei Allah, Der sie aufweckte! Man kann so ein Buch in der Türkei nicht

veröffentlichen. Es ist in Deutschland erschienen. Es hat eine türkische und eine englische Version. Unser Sohn, dieser Effendi ordnete es, die Dinge, die auf uns zukommen, in einem erstaunlichen Stil. Ich konnte die Quelle, von der er es nahm, nicht überprüfen. Möge Allah ihm noch mehr Öffnung gewähren. Wir sind keine große Person, aber was können wir tun? Als "baqiyat al suyuf" sind wir ein Mann wie die Reste eines Schwertes, fast 100 Jahre alt. Was werden wir sagen? Hört von uns die Worte Dessen, Der uns sprechen läßt. Diese Ära der Unterdrückung wird enden. "Ati kulli dhi haqqin haqqa", das ist das Prinzip des Islam. Gib jedem das ihm gemäße Recht. Wir werden dieses Recht nehmen. Es gehört den Osmanen: in der Türkei, dem Balkan, Hijaz, Ägypten, Indien, China, in allen von ihnen... Was
ich jetzt frage, ist: Wer ist der Erbe des Osmanischen Reiches und seiner Dynastie? Wer kommt hervor und sagt: "Ich bin es"? Natürlich kann man sich fürchten. Aber wenn es klar ist und fest mit Allah, daß er der wahre Erbe ist, gibt es keine Furcht mehr für ihn. Jetzt gibt es unter den Erben in der Türkei niemanden, der die Fahne des Islam hissen könnte. Es gibt Söhne des Sultanats von der weiblichen Linie, der Sultandamen. Aber was die männliche Linie betrifft... Es gibt sie von der weiblichen Linie, aber sie sind nicht von Nutzen. Derjenige, der diese Last auf sich nehmen wird, ist in Europa. Die Arabische Welt erkannte sie nicht an, die abtrünnige Türkei verbannte sie. Diese Leute blieben in Europa. Allah schützte sie. Und heute wollen die Leute die Osmanen. Sie haben die Unterdrückung der Türkei satt, und die Leute wurden unrein wegen ihres Widerstands gegen die Shariat. Sie sagen: Wie kommt das? Wie kommt das? Wie kann das geschehen, daß ihr unsere Religion abschafft? Es gab eine "Osmanische Bank", die den Namen Muslim trug, Islam. Sie haben sogar diese Bank abgeschafft. Es gibt nichts mehr mit dem Namen "Osmanen" dort. Wie? Was ist geschehen? Wollt ihr alles in 50 Jahren verändern? Es ist eine Lüge. Betrügen gedeiht nicht. Hier, bis jetzt. Mögen sie ihre Lage genießen. Sie werden jeden Tag versuchen, sich daraus zu lösen. Aber sie werden noch mehr einsinken. Bis der Sultan, der die Verantwortung trägt für das Sultanat dieses Landes, kommt. Wenn der Sultan kommt, wird ihn Himmlische Unterstützung erreichen. Es ist Shaytan, der diesen hilft. Die Awliya helfen den Sultanen mit der Erlaubnis Allahs. Das ist jetzt genug davon.
Jetzt werde ich diesen jungen Männern einige Fragen stellen. Wenn sie sagen: "Wir sind Osmanen", wer ist jetzt der Osmane? Es gibt die Söhne der weiblichen Linie der Dynastie in der Türkei, aber sie haben kein Recht. Es kann nicht von der weiblichen Linie kommen. Es wird von der männlichen sein. Es gab einen Mann der männlichen Linie, der die Osmanen repräsentierte. Wenn wir sagen 'unser Herz', bedeutet das unsere Inspiration. Der, der sich abseits hält jetzt und sagt: "Ich kann diese Last nicht tragen", wird von uns anerkannt. Wenn er sagte: "Gebt es mir", würde das nicht akzeptiert. Als der Prophet Josef Pharao bat, ihn

für das Schatzamt zu bestimmen, gab er es ihm nicht. Er gab es ihm nach einem Jahr. Gebt es nicht dem, der danach strebt, gebt es dem, der nicht danach strebt. Er wird kommen sowohl mit Besitzer- als auch mit Herrscherattributen. Istanbul gehört dem Eroberer mit dem Schwert. Wie kann man diese Dynastie verbannen? Ist das Ehre? Ist das Religion? Sind das gute Manieren? Ist das die Herrlichkeit des Islam? Das sind die Machenschaften derjenigen, die fern vom Islam sind. Mögen sie es nicht angenehm haben in ihren Gräbern, mögen ihre Gräber voller Feuer sein. Sie bekommen diesen Fluch.
Deshalb ist nun die Zeit gekommen, Allah weiß es. Es heißt in dem Hadith: "Dieser Sultan, einer von ihnen ist Selim, er nimmt die Heiligen Reliquien. Ein anderer Selim kommt am Ende der Zeit. Er gibt die Heiligen Reliquien." Sultan Selim brachte die Heiligen Reliquien, die unserem Propheten gehörten, aus Ägypten. Sie sind in Topkapi. Ein anderer Sultan Selim wird in den letzten Tagen kommen. Er wird sie dem Sahibu l-Waqt, Mahdi (as) übergeben. Das ist nun Diibaja, die Einleitung dieser Sache. Es ist genug. Wir sprechen später noch einmal mit euch.
Wa min Allahu Tawfiq. Fatiha. Übersetzt das ins Arabische und schlagt sie damit! Möge unser Leben für den Weg des Kalifen, für das Sultanat geopfert werden. Ich will nicht den Weg von diesen. Der rechte Besitzer wird sein Recht bekommen am Ende der Zeit. Die Ära der Unterdrückung wird enden. Dank sei Allah, Dank sei Allah, Shukur.. Dank sei Allah dem Allmächtigen, der uns mit dieser Ansprache berührte. Allahu Akbar! "Wenn du dein Leben nicht opfern kannst, halte dich von dieser Arena fern. Sie ist kein Spielplatz. Viele Leben werden hier ohne Zögern geopfert, so eine Arena ist das..." Seht ihr? Wie ist das?

Lefke, 27.01.2012

## We have no complains, You gave everything, ya Rabbi, the biggest honour

Shukr, ya Rabbi...we have no complains, You gave everything, ya Rabbi, the biggest honour. You gave permission to take Abdest, to pray in Your Presence. Is there a honour more than that? We have food, no worry, no fear, no confusion in our heart...Allahu akbar, Allahu akbar, Allahu akbar! What Greatness, what a Sultanate! If a Wali makes like this (sweeping), no man remains on earth. How people are proud with their powers and how they claim to be something? Now there is no U-turn... Destur, ya Sultanu-l Awliya, Meded, Meded, ya Sahibu-l Imdad! Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...This is what people of Heavens say: La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim. They don't say: 'Audhu bi-llahi mina shaitani rajim. It is not necessary for heavenly people to say: 'Audhu bi-llahi mina shaitani rajim'. No one saying this, no. 'Audhu bi-llahi mina shaitani rajim' is only for living people from Children of Adam on earth. It is only permitted for them to use it, as a defence from 'kuwatu sharr', evil and devils. We have been granted that heavenly defence, that it is so powerful! If anyone saying: 'Audhu bi-llahi mina shaitani rajim', shaitan must get away, must run away! When you are getting a little bit heedless, he is also coming behind of you and approaching to you to speak behind of you. To speak, to give its statement to you. And if that heedlessness continues, then if you are hearing (listening) and you are heedlessly trying to do what is thrown through your mind, something, and then you are thinking: This is from my knowledge, from my need'. You are thinking: It is a good ilham,

inspiration.
And the Seal of Prophets sws was saying: ‘When a person is going to be heedless and then Shaitan quickly catching him? When he is forgetting his Lord’s Dhikr’. When a person is loosing his Lord’s divine Presence, quickly he is falling in a heedless position. When you are empty, you lost your Lord’s Company with you, as He Almighty is saying (in the Holy Quran): ‘Wa Huwa ma’akum aina ma kuntum’. He Almighty is saying: ‘I am with you, every time, everywhere, but you are looking and you are thinking that I am on Throne sitting, so far, and you are thinking that you are only going to see or to meet Me the Day of Resurrection. And now you are feeling yourselves free’. Allah is not here- Ha sha!- and He is not going to be with us only the Day of Resurrection? That is biggest ignorance from servants toward their Lord, the Great Creator, Almighty.
Therefore the Prophet was making Dua and saying: ‘Allahumma la tunzina dhikrak’, ‘O my Lord, don’t make me to forget Your holy Name through my heart. That your holy Name is representing You with full holy Names and with all Your eternal Attributes’.’ ‘Allah’ that is the holy Name that is representing Allah Almighty’s divinely Attributes and holy Names; all of them, including that holy word Exalted, ta’ala.
When a person is loosing that holy Name through his heart, when he is forgetting, that means he is going only in the hands of his ego, which is representing or is the representative of shaitan through yourself. Just you fall in its hands, catching you; you can’t do anything, except what your ego saying to make it. Just you have been slaved, captured and imprisoned by your most dangerous enemy that you are trying to feed it. 24 hours you are trying, your effort is only to look after that dangerous dragon, to make it happy, (to give) what it is asking from you. A dragon is so easy by comparison to our ego serpent. A dragon may be satisfied with its hunt, one (piece), but your ego is never getting satisfied. What you are giving- asking if there is no more? Never getting satisfied. Therefore it is so terrible, horrible and dangerous one that you are looking after it. You are trying to make it pleased with you, and he is never going to be pleased with you. What you are giving, he is asking more. If you give more, asking more- ever ending. When you are forgetting or loosing Allah Almighty’s divinely Presence through your heart, you hear, you are only face to face with your serpent, your ego, and you are in its hands- you can’t do except what it is asking from you.
Now we are in 2oo3, 21st century, all people fall through the hands of their serpents, their egos. No one is working, no one is serving, no one is using what they have been granted from the Lord of Heaven for His divine Service. Show someone that he is only occupying himself for his Lord’s divinely Service! Show to me through Muslim world, or through Non-Muslim world, or through all nations! How through that arena you can find peace? Big ones asking to swallow small ones, big serpents asking to swallow small serpents, big

dragons asking to swallow and eat small ones- how you are going to find peace on earth?
Who has such a special power to defeat dragons and serpents and to save nations from wars, from death through wars? To save them from miseries and suffering, to save them from crises, from troubles, and everyone they are as a fountain of troublemaker. Everyone living on earth is wholly trouble makers. You can't find peaceful people, finished! People are running through streets and roads, shouting: 'We don't like war and death', and fighting and death are running as rivers on earth everywhere, but they are hooking their minds only such a fighting through two nations and say: 'We don't like it', and really the whole world is through the fire of battles and wars and people are fighting. No peace through countries, no peace through cities, no peace through citizens, no peace through pheasants, even no peace through animals, because no divine justice is respected on earth, or no divine discipline is put on earth.
People never take any care for heavenly justice and peace- what is going to be with animals? Animals attacking some of them another group of animals and eating and killing, because they have no any heavenly order to them to make a state through jungles and to keep that divinely orders and commands and to be under divine discipline.
Now we are living in a time that everyone blaming Islam. Blaming Islam and Shaitan is making it. Shaitan is using their agents everywhere under the title of Islam, Muslim. And they are doing so many bad things under the title of Islam, and unbelievers find a big chance for blaming Islam and to make people to run away from Islam that brings, just it had been sent from Heavens on earth to bring mankind peace. But they are changing it and showing that Islam is running after killing, running after destroying, running after every evil and that Islam representing evil or devils representing Islam. 21st century's people found a big chance for blaming Islam and it is not true. Islam very innocent from their accusement. But they are not looking reality of Islam or real Islam when just it was born through the most honoured Prophet S.Muhammad sws through his time, and after, but they are trying to look people under the title of Muslim, but they are only through their names Muslims, as the Prophet sws was informing. As a miracle the Seal of Prophets 1500 years ago was informing that: Should come when last days approaching, should remain only name of Islam, no reality from Islam, nothing else. People going to be only through their names, if they like it also, to be Muslims, without their names no any relation through Islam and those people. And we are living in it.
And it is well known that divine justice if it is practiced on earth fully, even wild animals going to be harmless to each other. And it is related to Ulema and Awliya and to their servant, to me, that in the time of S.Umar, that he was the symbol of justice on world, with his justice perfect practising for Islamic justice or heavenly

justice on earth- wild animals they were never giving harm to other animals. And there is a famous information through history books: Once two shepherds reached to each other on the beach of Dijla, Euphrat and Dijla, second big river running through Iraq. One of them saying: ‘O, just Caliph Umar passed away’. ‘O my brother, how happened this, how you can know and we are here at the beach of river and between us and Medina Munawwara- the most blessed one on earth after Mekka Mukarrama, that the caliph is living there, and at least we are in need 4o days to reach there. How you are saying this’? And he was answering: ‘O my brother, because I am looking just now one wolf carrying one lamb from my flock. Up today they were friendly, that one also was eating from the plants of the earth, not touching to my flock. But today I am looking that wolf carrying one lamb from my flock. Therefore I understand that the caliph must have passed away’.

That means when a person keeping divine justice and is practising it on the servants on the lands of his Lord, that justice is keeping everything in its real position. Not any harm is going to be form one to the second one. Even wild animals no, can’t do. This is going to happen commonly on earth when Mehdi a.s., Padischah, Sultan should be over whole world from East to West and North to South, in his time also lions should eat only grass with cows, with dears, with giraffes, with such animals that feed themselves from plants of earth. And even small children may play with scorpions or snakes, they are not harming them. Everything should be friendly to each other, because divine justice just going to appear through Mehdi a.s. that he is going to carry away every oppression from earth to throw it away and opening world with divine justice.

And now we are in full injustice position and oppression that Prophet was saying and he was hating, and he was sorry for his nation that they should be under the oppression of oppressors before the time. And Mehdi the Sultan of Islam he is coming and putting divine justice fully, so that no one should say that: ‘I never reached to my rights, here or there’. But now injustice is as a patent of the life o 21st century’s people. Oppressors, Nimrods, Pharaohs, and Abu Jahals. Nero’s oppression is going to be so small, unimportant, what they are doing now everywhere. People are taking rights, someones’ rights someone is putting under their feet, and they never take divine balance for balancing the rights of people. And everyone has same rights on earth, by being servants of the Lord of Heavens.

May Allah forgive me and bless you for the honour of that one who is most honoured one in the divine Presence S.Muhammad sws, Fatiha.<

# WEISHEIT

Wir brauchen alle Zeit Weisheit. Wissen ist etwas, das jeder erwerben kann, aber Weisheit ist schwer zu erlangen. Allah gibt nur einigen wenigen Leuten Weisheit. Eine Menge Leute mögen Wissen erlangen, aber die Quellen der Weisheit sind schwer zu erreichen. Wissen kommt von außen, aber Weisheit kommt durch das Herz direkt von Allah zu dir. Schwierige Bedingungen machen es sehr schwer, Weisheit zu erlangen. Nur durch viele Schwierigkeiten kann man Weisheit erlangen. Al Hakim , Er besitzt endlose Weisheitsmeere und gibt von seinen endlosen Meeren der Weisheit seinen geliebten Dienern. Er weiß, wer geeignet sein mag für seine göttliche Weisheit. Sie ist nicht für jedermann. Er gibt demjenigen göttliche Weisheiten, in dessen Herz er sieht, daß er sich Gott hingegeben hat. Wenn Allah nicht zu seinem Herz gehört, wird er niemals Weisheit bekommen. Das ist die wichtigste Bedingung, um Weisheit zu erwerben. Denn die Weisheit bringt den Diener näher zu seinem Herrn. Wenn Allah ihn nicht mag, will er ihn nicht näher zu sich bringen. Deshalb muß jeder, der Weisheit will, schauen und wissen, zu wem er gehört. Wenn er zu den Feinden Gottes gehört, wird er nie Weisheit bekommen. Weisheit ist das wertvollste Geschenk Allahs für seine Diener, wertvoller selbst als der Glaube, aber wenn einer keine göttliche Weisheit bekommen hat, wird er nicht Allahs Einheit und Existenz akzeptieren. Selbst die geringste Weisheit würde die Juden und Christen dazu bewegen, Allahs Einssein anzuerkennen. Aber sie sind völlig leer von Weisheit. Die Christen sagen: Eins ist gleich drei und drei ist gleich eins. Selbst der untersten Verstandesebene widerspricht dies. Die Weisheit zeigt und lehrt die

Menschen die Einheit des Allmächtigen Allahs, zu sagen "La ilaha ill Allah." Ohne Weisheit kann keiner sagen: "La ilaha ill Allah". Der Grund, zum wirklichen Glauben zu kommen, ist Weisheit, gegeben von Allah. Die Christen haben keine Weisheit, denn sie weigern sich, dies anzunehmen. Sie folgen ihrem Ego, das sagt: Ich will nie etwas, was ich habe, aufgeben für etwas, was abwesend ist. Der gesunde Verstand nimmt niemals Unsinn an. Wirkliche Dienerschaft heißt, nach Allahs Nähe zu suchen, Tag für Tag, mehr und mehr. Ehrliche Diener wünschen nur dies. Wenn wir nicht mehr näherkommen können, Tag für Tag, dann haben wir keine Weisheit mehr. Allah befähigt manche Leute, Weisheit zu erreichen, so auch Alexander den Großen aus Mazedonien. Alexander saß viel mit weisen Leuten zusammen und liebte die Gesellschaft von klugen und weisen Menschen. Allah kennt das letzte Wort dieses Menschen, kennt sein Herz im letzten Moment, weiß, wohin es schaute, im letzten Moment. Auf seinen Reisen landete er einmal auf einer großen Insel im Fernen Osten, auf der nur weise Menschen lebten. All diese Menschen, selbst kleine Kinder, waren begabt mit Weisheit. Alexander war sehr froh und saß mit ihnen zusammen, um ihren Worten zu lauschen. Dann sagte er zu ihnen: "Wünscht euch und ich werde euch geben." Meistens denken diejenigen, denen Macht gegeben wurde, daß sie etwas oder gar alles zu tun vermögen. Allah wollte seinem großen Imperator zeigen, daß er nichts ist und nichts hat. Sie antworteten: "1. Gib uns ewiges Leben hier in der Welt, 2. Gib uns ein Leben ohne Krankheit, 3. Gib uns Neuigkeiten über unser Lebensende, was uns erwartet am Ende unseres Lebens." Alexander sagte: "Noch nicht einmal für mich selber kann ich dies wissen oder ändern." "Wir wollen nur das, kein Silber oder Gold. Wer solches sucht, ist dumm und rückständig, denn es hat keinen beständigen Wert. Wir leben nicht für immer und du gibst Häuser voller Schätze, was ist der Nutzen davon? Wir brauchen das nicht, uns genügt es, täglich zu essen und zu trinken."

Ein andermal war da Saluq, ein Narr, vom untersten Standard des Volkes. Als Alexander der Große mit seinem großartigen Heer auf einer Parade an ihm vorbeizog, sprach der Eroberer den Narren an, der völlig uninteressiert zu Boden schaute und fragte ihn: "He, du da, warum schaust du nicht nach dem prächtigen Herrscher?" Der Idiot sagte: "Ich habe mich für keinen König vor dir interessiert." "Warum?" "Weil einst ein so großer Herrscher lebte mit einem mäjestätischen Reich. Und zu jener Zeit lebte dort auch jemand wie ich, und eines Tages starben jener Idiot und der König am gleichen Tag. Da war kein Unterschied mehr zwischen ihnen. Ich schaute sie mir genau an. Es gab keinen Unterschied, beides waren tote Körper, wozu soll ich mich also für dich interessieren? Wer bist du? Ich bin jetzt schon nichts, aber du bist bald auch nichts, so wie ich." Alexander sagte: "Wir müssen hier weg. Er verwirrt unser Leben. Er nimmt uns die Freude. Wenn wir bei diesen Weisen leben würden, müßten wir alles aufgeben." Aber es wäre besser für ihn gewesen, alles, was er

an sich nahm, mit gutem Willen wiederzugeben, anstatt daß alles von ihm mit Gewalt genommen wurde.
Dies ist eine wahre Geschichte.
Auliya sind Hirten. Sie haben geistige Kräfte, mit denen sie die Umma behüten. Sei mit den guten Menschen, dann wirst du gut. Wenn du mit lausigen und kretzigen Leuten verkehrst, wirst du selbst angesteckt.

## Welcome to Heavenly Ways!

The Lord of Heavens asks us to sacrifice. It is most important that we try to sacrifice step by step. If you start leaving your physical desires you begin to sacrifice. If you attend to your spiritual desires more than to your physical, you are following the Ways of Heavens. Whoever wants to do that is welcome! It will not cost you anything. I will be paid by my Lord.

## The Well Of Abu Jahl

As-Salamu Alaikum Ya Hadhirun. Salams on those who are present. Salam/peace descends from Heavens. May we be granted from that Salam also. Allah Almighty greets His servants with Salam. Allahu Akbar! Allahu Akbar wa Lillah al Hamd. Shukur our Lord. Allahu Akbar. Today is Rabi-ul Awwal, the month of the birth of our Prophet (sas), the night of his holy birth- we celebrated it. With it came joy on us. Glad tidings came to us. Power came to us. There is no one who opens his hands & returns empty handed. There is no one who goes to the door of the Sultan & returns empty handed. O Lord, may this ignorance leave us. It has become "Ignorance covered the world. If you ask they don't know faith." We ask Your help & guidance which will save us from ignorance for the honour of Your Beloved. We ask & expect from the Beloved (sas). Our Umm Hiram Sultan also sends us support. May the honour of the honorable Companions get more & more.

As-Salamu Alaikum Ayyuhal hadhirun. O who are present, salams to you. Dastur Ya Rijal Allah! O mukhlas/sincere servants of Allah, O who love Allah, O holy ones who live on the way of Allah's love! We ask your support. May you send us support. We may also begin, our way is the way of sohbat. What is sohbat? Sohbat is the assembly which injects every person with the strength he needs. When you run out of gas in your car, you go to a gas station. You go, fill up your car at the station & go on driving. The secret is in that station, it fills up something. When it runs out, you are finished & left. You start searching for gas. "My car ran out of gas. It ran out of gas & it is of no use now". With each sohbat, a new power is granted to our spirituality.

Our physical being will perish & become earth. Our reality does not die. Our physical being will die. It will be buried. It will become earth. They say "it came from earth & returns to earth". Therfore everyday a new.. Yawm al-jadid, rizq al-jadid. You understand? Don't look here, there.

Focus your attention here. Yawm al-jadid, rizq al-jadid. New day, new provision. When the children of Adam woke up everyday, the master of the house takes his bag, takes his basket. "Where are you going to, Yahu?" "I am going to buy our needs. I am going to the market". "What is there in the market?" "They have everything in the market. I may buy & come back. I may buy what is granted as our share &come back" This is for our physical being. Yawm aljadid, rizq al-jadid. Rizq- there is the material provision for our physical being & there is the spiritual provision for our spirituality. Therefore man seeks provision for his exterior body and also for his spirituality he seeks provision. It is this provision that keeps us alive. It does not crush us & does not let us be crushed. It is a dragon! Our spirituality is a dragon.

"Our sermon is sohbat" said the great ones. And we are a weak servant, who is ordered to collect & arrange the few words that they granted us & present it to the children of Adam. "Who are you?" I am this, nothing. If there is no gas, the car... "Go yahu!" "How can I go?" "How were you going before?" "But I am out of gas. I can't go when there is no gas. I need gas". A huge vehicle goes. A huge plane flies & goes up in the sky. With what? Huge planes fly in the sky when they take the power they need. Astonishing. If you throw a stone, it falls back on the ground. I heard that there are planes that carry 1500 people, 1000 people. Don't corrupt your language. Say "tayyara", the old word for plane. Tayyara/plane, don't use the imitated word for it. We have honour. Say tayyara. Plane/tayyara is a vehicle. And us also, to make a short sohbat here for whosoever is present here- one person, two people.. whoever is present here, they may listen and "Innallaha yurkil hikmata ala lisan al waidhin bi qadari mustameen".
I don't know anything but they are making me speak. If there are donkeys in the assembly, givem them barley. If they are human, give food. If he is a great person, give something accordingly. Provision is of two kinds: for our physical being & for our spirituality. One whose animal side dominates, constantly looks for food on earth for his physical being, for his stomach. One whose spirituality is strong seeks from the Heavens, wants to rise to the Heavens. Subhan Allah. O believer, listen! We made our words a little bit scattered but really we are saying them to present the Bismillah. They call it dibaja, preface in the new imitated language. Is it not so? We made a preface so that we start the sohbat, tell about the importance of sohbat. What is the heading, preface of our sohbat?

Bismillahi r-Rahmani r-Rahim. Stand up! You are a lion! Who says the Bismillah is a lion. Who doesn't say it is fertilizer. Therefore we said Bismillahi r-Rahmani r-Rahim. How beautiful, how beautiful, how sweet. What an endless treasure. "Allahu Akbar Allahu Akbar. Our army is victorious, always victorious. Allahu Akbar Allahu Akbar. Our army is always victiorius." Say Bismillahi r-Rahmani r-Rahim. Don't fear. Now a lot of new, imitated weapons came out. Allah Allah..Allah Allah.. When we say Bismillahi r-Rahmani r-Rahim we receive the power. I don't know anything. I don't claim to know. But the Mercy of the Bismillah rains on me. There are clouds in the sky. The cloud says "I am nothing" but it makes the mercy of rain. Without receiving the order "O cloud, water this earth" it does not rain even a drop. Allahu Akbar. He (swt) makes thousands, millions of tons of water wander in the sky & makes it fall as rain, as hail or snow over wherever He (swt) likes.
O foolish ones, why don't you ask "Who is He Who does this?" You don't ask because who asks is reasonable, he is human. Who doesn't ask, who doesn't seek but only asks for barley is not human, he is an animal. Aman Ya Rabbi, tawba Ya Rabbi. To teach us, to inform us about our humanity & the honour of our humanity the Lord of Heavens, our Allah, our Subhan created us. He (swt) created us so that we know, so that we know.. He (swt) says "Don't be ignorant. Learn" And what should you learn? You should learn what is beneficial for you. There are so many maktabs... "Don't say maktab, Shaykh Effendi!" Say school, may your schools be destroyed. What do they teach there? They teach nature. "You should praise 'that one' & curse that one".

They teach this. Ok, who should you praise? First you should say "Bismillahi r-Rahmani r-Rahim. All the Praise to You! All the Praise to You!" It praises Allah Almighty. Allah Almighty is not in need of being praised. Allah Almighty in His Own Being is Hamid al-Majid. You should teach this. You should teach What & Who is the One Who created you. That you will have some familiarity, acquaintance with Him. The people of this time have no acquaintance with Allah, not at all! They are acquainted with donkeys, with the foolish like themselves but there is no one left who is acquainted with His Lord.
All of them ask when they see each other "How is your animal?" Astaghfirulllah. "How is your ride?" Astaghfirullah. "I am sick". "Really? Your animal got sick?" "Yes, it got sick. I am going to see doctors" "What benefit do you get from it?" "Well, they give me pills & injections. They make

surgery. They inject me with new life". "It is not with the doctors. What you ask is with He Who created you. Do you ever say the Bismillah?" "How can I say the Bismillah? We never go to mosque that we should say the Bismillah!" "So you have become an animal". Because animals don't enter mosques. This is a new appearance.

"Have you ever seen an animal entering a mosque?" "No, they don't". "Who enters?" "Man does". "Congratulations! Do you enter?" "No, we don't". "Ok, then it means you have become from the animal category". People go to churches. They go to churches and ask for the barley or other things they seek. "Who enters the mosques?" "Men enter the mosques" "Really, do animals enter?" "No Shaykh Effendi, of course not. Do animals ever enter mosques?" "Is that so? How come you are revealing your own name? Why don't you go to mosque?! Say! Why don't you say 'because animals don't go to mosque?' Who goes to mosque is man, who go are humans. They are who know & worship their Lord. Men go to mosque, animals don't go". "Whip Shaykh Effendi, don't fear!" Why should I fear? Is it they who give us our provision or is our death in their hands? It is in the hands of Allah (jj). Even if fire rains from the sky, it doesn't burn the believer but burns the unbeliever.

"Allahu Akbar, our army is always victorious". How beautiful. Tariqatuna as-sohbah. Therefore our way is sohbat. We are explaining. If they say "you say wrong" may they fall in the wrong well. And they will fall. Then they call (for help): "we can't get out of this". But you did this to yourself. You fell into the well. Give me your hand" "I won't" "Ok then, stay there". You should take the hand, they would say like this before. You should take a hand, meaning you should find beautiful servants who know the Lord of Heavens & Earth & who keep His Orders so that you take their hand: "O the servant who is honoured with his Lord's service, save us too" This was the meaning of taking a hand. Now there is no one taking a hand. Because they don't take a hand, they are taken by floods. Neither the Turk nor the Arab, nor the American, nor the Russian, nor Chinese can't do anything because they fell into such a crisis.. They fell into such a dangerous situation that no one can reach them.

Abu Jahl wanted to make our Prophet (sas) leave the world, meaning "let him die and we will be saved from him". Abu Jahl had a well dug in front of his door. He kept himself, imprisoned himself at home saying "I am sick". He rested in his bed & had a well dug in front of his door. He covered the top of it, its surface so that whoever comes will fall in it. He thought of this with his

little mind, Abu Jahl. Then? "Then what happened Shaykh Effendi? Tell us its end" "O foolish one, listen to see what is its result, so that you draw a lesson from every story". He put his wooden bedstead..Let us not say bed, before they would say bedstead. So he had his bedstead put in his room, right next to the window & he spread the news. He said "Tell people that Abu Jahl is sick". Why did he do this? Because he would say for the Prophet (s) "he is an orphan". He is the Master of the Universe, how can you call him orphan? But his little mind was only this much. He said "I got sick. And that orphan goes to visit sick people. I had a well dug in front of my door & covered its top lightly. The moment he steps on it, he will fall into the well & we will finish him.

He was laying like this in front of the window. Really our Prophet would visit the sick people. Why? "Maybe his heart is softened. Maybe he accepts faith from fear of death". So our Prophet went to visit him also, saying "maybe he will come to faith". Right when he reached this well, our son Mehmet Effendi, he was about to take one more step on it when Jibril (as) came & said "Return O Muhammad! (sas)" And our Prophet (sas) returned without stepping on it. Seeing this, Abu Jahl got surprised. Saying "Let me run after him & call him back" he, himself fell into that well! He started crying for help. "What happened to our master?" Mushriks came saying "what happened to our Master? His voice comes but his self is not seen". They searched & searched & finally they saw that he is calling from inside the well. And the well was not that tall. Only the height of one or two men.

He said "take my hand & get me out of this" And they stretched out their arms. He was in the reach of their arms. They said "Give us your hand" He said "I am reaching out". Those ones are stretching out their arms from up, then? "Your hands are not reaching. Bring a rope or something". So they brought rope & stretched it out. Abu Jahl is crying "It is not reaching. I am going to be drowned here!" They brought rope & stretched it out. "It is not reaching!" What else? "Find another rope". So they found another rope & threw it down to him. He said"It is not reaching. It is not reaching. I am dying here. Look around in the neighborhood. Let them bring a rope & save me". They brought all the ropes in 7 neighborhoods & threw them down to him. Crazy Abu Jahl cries "Yahu it is not reaching.." They stretched out all the ropes they had but nothing. Finally he said "O my soldiers, look. Even if you bring me all the ropes in the world, they won't reach But him, bring him to me". He would call him "the orphan of Abu Talib". Astaghfirullah. He did not speak to him with respect. "Bring me the orphan of Abu Talib, no one

except him can take me out".
Our Prophet, Sultan al-Anbiya (sas). O my beautiful Prophet.. They called him, our Prophet Sultan al-Anbiya, Habibullah.. They called him & he said "let me go & see what he will say". He came & said "O Abu Jahl, will you come to faith if I take you out?" He said "I will. Just take me out". "Give me your hand" he said & pulled him out. "I have never seen a greater magician than you" he said. Our Prophet... Subhan Allah, Sultan Allah. What a beautiful Prophet he is, what a great character. He looked, "I have never seen a magician on earth like you" he said. He (sas) said "Up to you".
The crisis that today's people fell into is this. "Let's change this. Let us put this law. Let us do this to be saved from this crisis". Even if you had what is10x bigger than the America's treasury, it wouldn't be enough for you. You will be left in that hole, you will die there. "Bring rope". So they bring ropes from Americans, from Russia.. "We are populist, we are on the left.." Bring the ones of who are on the right & on the left, get out in the arena if you can. 7 treasuries like America's can't take you out.
Allah Almighty says, Astaizubillah "Wa A`tasimu Bihabli Allahi Jami`an"(3:103) "And hold fast, all of you together, to the unbreaking Rope of Allah! Hold your tongue and I will save you from that crisis". We have become like this now. They fell into such a hole that neither their law nor their money can reach them. What money is it.. For 700 years Ottomans minted gold coins. They were the high state. And you? "We printed paper money" they say. If you printed paper money, why don't you print more as you like? "But we can't print" they say. "There is a law for it. If we print as much as we like, our money will look like its picture in the newspapers. We can't get out of this!" "Do you have gold?" "No". "If you don't, then you will perish. You didn't like the Ottomans & kicked them out. Ottoman's last Sultan ruled for 40 years & everyone had gold &silver in his pocket. Did you mint a single gold coin?"
They fell into such a crisis that they can't get out of it. None of the measures they take is enough. It is not only our country but the countries of the whole world, little countries, emirates.. All of their situation is like this. They can't be saved.. Of course you can't be saved. You have to hold that Prophet's hand (sas). O Glorious Prophet! With the permission of your Lord Ta'ala & Taqaddas Hz send us a Sultan who will rule us & save us from the hands of tyrants. We should pull ourselves together, know our servanthood & try to make our akhirah be prosperous. This is

it. Who doesn't say Bismillahi r-Rahmani r-Rahim cannot find any goodness! He will be burned, destroyed, fall into miseries & perish. Hang the Bismillah high. Fire does not burn the place where there is the Bismillah. Be careful. Earthquakes don't destroy it, floods don't carry it away. Be careful.
O our Lord! You are Subhan, You are Sultan! I say tawba for myself also. We repent for Your servants also, tawba Ya Rabbi. O our Lord! May You forgive us. Send us a Sultan. Tawba Ya Rabbi, tawba Ya Rabbi.. "What will you do with a Sultan?" Now everyone thinks of himself as Sultan! They make a stand & all who come up there speak like a Sultan. And what work do they achieve? Nothing! Nothing! Do they ever do any work? One of them said "Yahu, let us go to WC at least to do some work". He can't do any other work outside. Wa min Allah at-tawfiq. O who think highly of themselves! Keep this advice or else if you fall into the WC well no any Shaykh or awliya can save you. Only the power of Prophet (sas) can save. Show respect for the Prophet! He is the Caliph of Allah Almighty on earth, Khalifatullah.

Be careful & watch your mouth! Then a slap comes on your mouth, your mouth reaches your ears & you will be left like this. A very famous person insisted- although they told him "you can't enter here" he said "No, I will see". "No, you can't enter here!" 'That one' who thought highly of himself said "No!" Whatever his occupation was, he insisted "No, I have to enter & see the holy relics". "No! Don't enter". "I will enter". Finally they said "Ok, up to you. We don't interfere". He took the 1. step, 2. step downstairs & on the 3rd step came a slap on 'that one's face that his mouth went up to his ear. He was shouting "What happened, hold me". So they held him & pulled him" He looked, his mouth is on his ears! They brought doctors. The doctors said "This is not our job. His situation is normal in all aspects but his mouth is on his ear. We don't have a medical field for this. Bring a holy person that he can straighten his mouth & face". So they went & brought a holy one. He came, took out his shoe, hit him on the face with it & he got straightened!" Now should we wait like this to be hit with a shoe for our mouth & face to be straightened?
The shoe represents the wars. Avoid wars! "Wa As-Sulhu Khayrun" (4:128) says Allah Almighty. Peace is better so try to make peace, He (swt) says. But they don't understand. Then suffer what comes on you. May Allah forgive us. All of us are sinners. What can we do? We should ask

forgiveness from our Lord for the honour of His Beloved. We hope that every owner of right receives his right & dunya finds its order. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. Shukur Ya Rabbi, shukur Hamd, shukur Hamd. Al-Fatiha.
This is a sohbat for the honour of the day of Mawlid al-Sharif & it is more than enough for 7 countries. Bismillahi r-Rahmani r-Rahim. Al-Fatiha. "Shaykh Effendi we don't know al-Fatiha" "If you don't know, then say Bismillahi r-Rahmani r-Rahim & your work succeeds. Say a Bismillah for your every work. And your work succeeds. Or you will be left as your mouth is in your ear. Tawba Ya Rabbi...O our Prophet, may we be sacrificed in your way! Our ancestors were sacrificed in your way for 1000 years & they brought honour & glory. They shook the world with their Sultanate- the Ottomans. Now there are so many..Maybe 40 states emerged from what the Ottomans ruled. None of them can succeed. We are their inheritors. We didn't appreciate them either & kicked them out, threw out the gold & took the paper in. Ok then, suffer what comes on your heads.
Tawba Ya Rabbi, tawba Astaghfirullah. Tawba Ya Rabbi, tawba Astaghfirullah. Let us say Bismillahi r-Rahmani r-Rahim. The remedy for all your troubles is Bismillahi r-Rahmani r-Rahim. What opens every closed door is Bismillahi r-Rahmani r-Rahim. The Dominions of Heavens & Earth stand with Bismillahi r-Rahmani r-Rahim. When you say Bismillahir-Rahmani r-Rahim it can stop the running waters. What will stop the floods is not this measure or that measure. One sincere servant of Allah says "Bismillahi r-Rahmani r-Rahim. O flood! Don't come on us, go another way!" A mountain is ripped apart & it passes through it but doesn't touch those believers. Tawba Ya Rabbi. Tawba Ya Rabbi. Al-Fatiha. May the barakah of the Bismillah come upon your generations. Teach your children "O believers, say Bismillahi r-Rahmani r-Rahim". Shaytan stays away from them.

May Allah grant me some strength & I can do something too. I am left helpless. O Allah, forgive me. Forgive me & send Your servants who will bring these servants into the forgiveness path O Lord. Send us a Sultan. Bismillahi r-Rahmani r-Rahim. Sultan, Bismillahi r-Rahmani r-Rahim..

Lefke, 25.01.2013

---

## Eine Welt von Nullen-Sammlern

Destur ya Sayyidi, meddet ya Sultan al-awliya', meddet ya Sultan alawliya', shukr ya rabbi, shukr ya rabbi al-hamdu lillah, turba ya rabbi, astaghfirullah. Tariqatuna ssuhba wa l-khairu fi jam'iyya.
Dies sagte immer Shah Naqshibandi, der unbezweifelbare Hauptpfeiler des höchst ausgezeichneten Naqshibandi-Ordens. Die Bedeutung unseres Weges ist die Versammlung mit unserem Sheikh. Was ist unser Weg? Der Weg, auf dem die Menschen wandeln – jeder kommt hinaus und nimmt seinen Weg. Bevor einer sein Haus verläßt, hat er schon entschieden, welchen Weg er einschlagen wird. Und es sollte so viele verschiedene Wege geben, wie es unserer Intelligenz entspricht. So viele Richtungen: Vielleicht fragt einer danach, nach Nikosia zu fahren, einer will nach Istanbul, einige andere nach England gehen – eine Menge Richtungen. Doch für den, der wahrhaft fragt, gibt es nur entweder den Weg zum Paradies oder den anderen, den Weg zu den Höllen. Der eine Weg, der in die Richtung des Paradieses führt, ist der Weg der Propheten, der Heiligen und der Leute des Paradieses. An einen anderen Weg denken sie nicht. Die Menschen denken nicht an den Tod oder daran, was danach geschehen wird. Sie sagen, wir interessieren uns für nichts, was außerhalb der unmittelbaren Bedürfnisse des Lebensraumes liegt, in dem wir gerade leben. Wir interessieren uns nur für das Leben, das wir anfassen, sehen oder hören können – alles, was für uns durch unsere fünf Sinne erreichbar ist. Es ist unser Hauptziel, das zu erreichen, aber jenseits dessen haben wir kein Interesse.

Und wir sind allein daran interessiert, durch unsere fünf Sinne zu unserem Ziel zu kommen. Daß es darüber

hinaus etwas gibt, akzeptieren wir nicht. Diese Leute sperren sich selbst hinter die Mauern der materiellen Welt ein. Sie sind wahrhaft Gefangene, Gefangene im Gefängnis. Und das schwierigste Gefängnis ist das Gefängnis der materiellen Welt. Solange wir in der materiellen Welt sind und versuchen, sie so viel wie möglich zu erweitern, sind wir doch gefangen durch die schweren Bürden der materiellen Welt. Selbst wenn euch die ganze Welt mit ihren Reichtümern gegeben würde oder außer dieser Welt Hunderte von Welten, Tausende von Welten, Millionen von Welten, Milliarden von Welten, um so mehr wäret ihr durch die Größe der materiellen Welt gefangen.

Das ist ein seltsames Gleichgewicht, daß, je mehr ihr der materiellen Welt nachlauft und sie vergrößert, milliardenfach, trilliardenfach, euer Gefängnis um so enger wird und nur um so schwerere Lasten auf euch kommen – weil ihr das Ausmaß der materiellen Welt durch euer materielles Sein nicht erreichen könnt. Denn das ist unmöglich. Deshalb soll der Mensch glücklich sein, wenn seine materielle Welt kleiner ist, dann wird er mehr Freude daran haben. Doch je größer und weiter sie wird, um so mehr verlieren die Menschen Freude und Zufriedenheit mit ihrer materiellen Welt. Versteht ihr? Und die Menschen fallen in eine tiefe Dunkelheit, wenn sie das nicht verstehen. Sie denken, wenn sie ihre materielle Welt mehr und mehr, größer und größer werden lassen, daß sie dann viel glücklicher und zufriedener sein werden. Das wird niemals sein. Denn ihr physisches Sein kann die Größe der Welten nicht erreichen. Ihr spirituelles Sein aber ist etwas anderes. Ungeachtet unseres physischen Seins ist unser spirituelles Sein so, daß je mehr ihm von der himmlischen Welt gewährt wird, es sie erreichen wird. Und die himmlischen Gewährungen von Allah dem Allmächtigen geben unserem spirituellen Sein viel mehr Freude.

Deshalb erbittet unser spirituelles Wesen Allah den Allmächtigen: „O unser Herr, wir bitten um mehr!“ Sie bitten um mehr. Und die völlige Dummheit der Menschen des 20. Jahrhunderts liegt darin, daß sie diese Weisheit nicht verstehen. Jeder läuft, um viel mehr von der materiellen Welt zu erreichen. Und das ist ihr Abschluß. Ende. Ende, sie enden. Und alle spirituell autorisierten Leute, bekleidet mit himmlischer Macht, rufen die Menschen auf und sagen: „Laßt die materielle Welt und kommt zur spirituellen Welt! Nehmt von eurer materiellen Welt soviel ihr braucht, nehmt nicht mehr, nehmt nicht mehr. Aber was eure Seele angeht, fragt nach mehr und mehr, viel mehr.“ Das ist der Punkt, wo die Wege der Menschen sich trennen.

Und wie Shah Naqshband sagt, tariqatuna ssohba, unser Weg ist es, die Menschen zu himmlischen Schätzen, himmlischen Freuden, himmlischen Begünstigungen, himmlischen Gewährungen, himmlischem Segen

Eures Herrn aufzurufen. Die Menschen von ihrem ersten Weg wegzurufen, auf dem sie der materiellen Welt hinterherlaufen, um immer mehr Nullen zu machen. Eine Null gleich zehn, zwei Nullen gleich hundert, drei Nullen – tausend, vier Nullen – zehntausend, fünf Nullen – hunderttausend, sechs Nullen – eine Million, sieben Nullen – zehn Millionen, acht Nullen – hundert Millionen, neun Nullen – eine Milliarde. Die Leute fragen nach mehr Nullen, laufen der Null hinterher, die ganze Menschheit läuft der Null hinterher, um selber mehr Null zu sein. Deshalb bewahren sie ihre Nullen, daß sie nicht eine verlieren. Damit nicht aus tausend hundert wird oder aus zehntausend eintausend, aus einer Million hunderttausend oder aus zehn Millionen eine Million oder aus hundert Millionen zehn Millionen oder aus einer Milliarde hundert Millionen. Der Mensch muß viel mehr Nullen anhäufen: Null, Null, Null. Und Shah Naqshband kannte das Geheimnis der Null (ha, ha!), das Geheimnis der Null! Und er rief die Leute dazu auf, zu unserem Weg zu kommen.

Damit sie viel glücklicher wären und keine Bürde auf ihnen lastete. Denn jede neue Null häuft eine neue Last auf dich und verhindert, daß du mehr Freude genießt. Masha'allah, Shah Naqshband Hazretleri, diese Weisheit gab der den Menschen. Es ist zur Ehre von Sheikh Hisham Hazretleri, diese Weisheit reicht für die Menschen der ganzen Welt. Und sie bringt den Menschen Frieden und bringt absoluten Frieden in jeden Winkel und auf jeden Stock, über den die Menschen ihren Fuß setzen. Die Menschen aber meinen immer, sie müßten kämpfen, und so werden sie Bitterkeit schmekken. Tag für Tag wird ihr Leben bitterer sein. Jene Leute, die daran gehindert werden, mehr von der materiellen Welt zu erreichen und es trotzdem versuchen, deren Leben wird immer bitter sein. Wer mehr als genug von der materiellen Welt erreicht und danach strebt, noch mehr davon einzufangen, dem geht es ebenso: sein Leben wird so bitter sein, denn die Wünsche seines Egos oder seiner physischen Begierden kennen keine Grenzen.

Wenn du deinem physischen Wesen zehn Nullen gibst, wird es nicht glücklich sein, denn es möchte gern elf Nullen haben. Gibst du ihm elf Nullen und fragst es, so ist es unglücklich, denn es möchte gern, daß ihm zwölf Nullen gehören. Gewährst du ihm zwölf Nullen, wird es traurig sein, denn es möchte dreizehn Nullen. Werden ihm dreizehn gegeben, fragt es nach vierzehn, erreicht es vierzehn, fragt es nach fünfzehn. Erreicht er fünfzehn, möchte es sechzehn Nullen. Niemals wird es glücklich sein, sondern immer betrübt: „Warum erreiche ich nicht siebzehn Nullen? Warum werden meine Nullen nicht achtzehn an der Zahl? Warum nicht zwanzig – dreißig?“ Immer ist es traurig. Deshalb sagte der Prophet (s.a.s.): „Nimm von der Welt so viel wie für dich genug ist und lasse, was darüber hinausgeht.“ Kommt mehr zu dir, berühre es nicht, berührst du es,

verbrennst du dich. Du verbrennst dich an einem Feuer ohne Flammen. Du verbrennst dich an einem flammenlosen Feuer. Nimm deshalb nur, was du brauchst, und lasse, was übrigbleibt. Nimm nicht mehr als das, was du brauchst. Auch die Araber müssen das lernen. Aber sie lernen das niemals – Ende, khalas. Allah allah, allah allah, allah allah, karim allah, allah allah, allah allah, allah allah, subhan allah, allah allah, allah allah, allah allah, sultan allah, ya rabbi ya allah ... Fatiha.

---

**We must be grateful - we are not in a war, we are healthy, and we have so many things, while so many people are suffering**

We must be grateful- we are not in a war, we are healthy, and we have so many things, while so many people are suffering.

They asked me how I can provide for so many people every day, and I am not working. I said: 'With Bismillahi-r-Rahmani-r-Rahim'. May Allah not take the Besmela out of our hearts! Who doesn't use the Besmela cannot save himself from Bela, and the biggest Bela is to forget to say 'Bismillahi-r-Rahmani-r-Rahim'. May Allah not make us to forget it.

Grandsheikh was saying: 'All ways are closed except one, and that is to say 'Bismillahi-r-Rahmani-r-Rahim' with every movement.' If not, nothing works.

B.r.r. is the only key for all mankind, it has a special Tajalli. Don't fear and keep saying it all the time. It is the most important thing to be able to say: 'Bismillahi-r-Rahmani-Rahim'. Every locked door opens with B.r.r.

In the Night of Ascension, the Miraj, Gibrail a.s. was accompanying the Prophet sws. There was a place, a makam, where there was a gate, a door, so magnificient, that it cannot be measured. And the Prophet was overwhelmed. And even he saw with his spiritual vision, but he asked the archangel: 'To

where does it open?' From Allah's wisdom the Tajallis over that gate, igts Tajalli, colours and majesty, change all the time. It is another kind of door, a door belonging to the spiritual world. The Tajalli over that door is not material; it changes constantly up to eternity. And its beauties add one over the other. May Allah open to us such a door! It is like entering a palace; there are private doors that belong to the Sultan. You have to wait in front of that door, and maybe it never opens for you, only for the King. You can enter Windsor-Castle, but there is a part, which you are not allowed to enter.

So the Prophet saw that door and on it a lock. It is not a lock like we know, t is a magnificient lock also. Colours enter from it like flashes, like lightening. The Prophet asked in his heart to see what was behind that door and he asked Gibrail a.s.: 'How can we pen that door?' And it is a special door, not for everyone. Therefore the angel said: 'Yes, you can see what is behind, because everything was created for you.' 'I like to', said the Prophet, 'but where is the key?' 'The key has already been given to you', said the angel. The Prophet knew, but from the Adab that a servant of Allah has with his Lord, he was waiting for the answer to come from the angel to him. A servant does not just enter the Presence of the Sultan, so even the Prophet knew how to enter, but he was waiting for the Divine Permission. The angel said: 'The key is to say Bismillahi-r-Rahmani-r-Rahim.' When the Prophet said these words, the lock opened and the magnificient door, and he saw visions that are indescribable, not to be spoken of by any tongue. Countless visions of the divine Sultanate full of heybet and beauty.Can one count the rays of the sun? And who could approach the sun itself.Allah's Greatness is such, that no one can be able to approach His Sultanate.

What did the Prophet see behind the door? He saw four springs of endless beauty. From where they spring? He saw them spring from a writing-Bismillahi-r-Rahmani-Rahim, and no one can see to where they flow. The

Besmela contains three holy Names of Allah, and who says it, will drink from these four fountains. The people of Paradise drink from them; water, milk, honey and wine flow from them through each single Paradise. No one will suffer from thirst. Also who can read the Fatiha in one breath will drink from those fountains in that makam. We can only speak about some of the blessings that the Besmela contains. Who respects the Besmela, will get honour, and neither in Dunya nor in Barzakh or on the Day of Judgment will he have problems.

There was one woman who used to say Bismillahi-r-Rahmani-r-Rahim, no matter, what she did. Her husband was getting annoyed and he asked her why she was saying that all the time. She answered: 'When I am saying it, Allah is looking after me, providing for me, and everything is made easy for me.' He wanted to test her and later on he gave her some money, askig her to hide it and keep it for him. She took the money with Bismillahi-r-Rahmani-r-Rahim and put it, B.r.r., in a box, which she hid, B.r.r., in a special place. The man, who knew the place, went later on, took the money out secretly and hid it in a well. After some time the man said to his wife: 'O my wife, I need the money that I gave to you to keep. Please bring it to me.' His wife went and opened the box, B.r.r. She put her hand inside, B.r.r., and took the money out, which was dripping with water. She was surprised. She brought the money to him and he was ashamed. She asked him: 'What did you do with the money? Because I hid it in that box in that place, and it could never get wet.' He kissed her hand and said: 'O my wife, may Allah be pleased with you, you made me ashamed, you taught me the value of the Besmela.' He wanted to test her, and because she said the Besmela, the angel connected with the Besmela took the money out of the well and brought it to her.

This is Haqq! No matter where he would have hidden the money, the angels would have brought it back. O Allah, don't take the Besmela from our tongues and out of our hearts!

Lefke - 13.01.2002

## We must know that we are all servants

Audhubilahi minesh shaitana rajim...Bismillahi Rahmani Rahim Allah blessings you...We must know that we are all servants. Only point that people not asking about their positions, that. They are trying to learn everything, only they are not trying to learn about themselves, their positions or their missions. No one asking. And we are asking forgiveness from Allah Almighty for me, for you and for all mankind. May Allah bless you and forgive me. Audhubilahi minesh shaitana rajim... Shaitan, biggest or greatest enemy of man, and people not trying to know about that creature...and we are saying: ...Bismillahi Rahmani Rahim Most terrible and horrible enemy for mankind: Shaitan. And no one asking to know about Shaitan, and his position and his mission, they are not asking. And Shaitan most dangerous, most terrible, most horrible enemy for mankind. Shaitan is not the enemy of donkeys, or cows or wolves or fox. Countless creatures Allah created. Shaitan is friendly with them, but shaitan is not friendly with mankind. What we are saying now is roots of knowledge, which, if we are learning and teaching people whole world may be in peace. But we are not learning, and we are not teaching the roots of knowledge. They are teaching and making research, endless research, that writing books, hundreds of books, thousands of books, putting in libraries, but that things that they are looking, never giving any benefit for mankind, no. Writing professors, so many books, you are saying test? As a test, making so big books, so many volumes, and it is it had been pout through libraries of universities. So many kinds of books.

Look, every time you may open TV, there is a channel Discovery...they are showing so many things, they are saying Nature, making research. You can't imagine, you can't reach to such a things by yourself. They are running and looking and making research on so many creatures through different continents, through oceans, through deserts, through mountains, through jungles...they are doing so many things. Every day, every day I am looking and seeing, but they are not trying to discover themselves. The son of Adam, Children of Adam, or mankind. No channel to try about Children of Adam or mankind, but every day they are making that research on animal world. Every time shaitan making them Don't approach to know about yourself. Saying to them: It is forbidden, forbidden area, don't ask.

X. is Doctor, physician, he may look only on material of mankind, he learned his knowledge on a cadaver, on stones, cutting this, nothing cutting that, everything cutting...how working...earning, making their research on it on dead bodies. We are asking on living bodies research. We are not asking mankind's animal personality, no, it is not important, animal personality if mankind. But shaitan making mankind to run after only mans animal personality, because we have animal personality, belonging to a animals world. Our bodies belong that, our material personality or physical being belongs to animals world. And everything they are doing on behalf of research, they are researching about animal personality of mankind. What about their real personality, what it is? Who's making that research? No, it is forbidden! Shaitan saying: I banned such a knowledge, it is not in the sight of me from knowledge. What they say about heavenly knowledge or spirituality, I am not approving such a things as a knowledge, Therefore I banned it not to be taught to students, beginning from elementary schools up to highs school, no it is banned. You must be only interested in your animal personality. Beyond it...You may learn from cadaver, your knowledge depends on cadaver knowledge, but prophecy form Heavens they say it is not valuable. What is valuable we find on a cadaver. Cadaver teaching us, and no one asking that a cadaver, when opening they look and see through animal personality of man. So fine organized systems in it, doctors saying that there is veins, if you tie one after one after one, may through world it is going to be enough...such a things...IO hears that there is veins like hair, and I heard from my grandson, Professor Doctor Y., he is saying: O my grandfather, even now they are finding more finer veins than hair! No one asking, when they cut that cadaver who arranged that things in it Through 9 months how it is going to be arranged, which power, which material power may do this? No one asking. From two cells, same kind, man's cell, woman's cell- from two kinds of cells, how many kinds coming out? What is that? If one cell going to increase, going to divide they say by itself, going to be two, and then their position going to be one independent cell, then going to be divided into two...how this body going to be

in existence in such a perfection? They are not asking, making me crazy to think on it. How they are saying: We are scholars, we are learned people? Why they are not saying who making through the womb of a woman a perfect person to come out? Shaitan banned them, their minds, their eyes, their thoughts, finished... Therefore it is most terrible thing for mankind, most dangerous point, that they follow shaitan and not looking mankind's real personality. They are not making a research on it. And whom bringing such research on it, on them, they say No, it is banned knowledge, we are not accepting. And day by day- Glory to Allah, Subhanallah- making the Creator, the life of mankind in spite their knowledge and research, making their lives more difficult. Day by day they fall in another difficult position, because they are not asking real personality of man, mankind. Biggest problem for 21st century people of cause that they are not asking to know about their personality. If they can know their personality, every crises, chaos, problems so easily going to be solved. But shaitan never to bring a solution for mankind, asking always much more trouble, much more problems, much more suffering, much more miseries for mankind. That is shaitan's real target, and his aspect, asking to lead to that point to make chaos among mankind, And as long as they are looking only their physical beings material beings, no one can reach a contentment through their lives, and never-ending complex among themselves, beginning single one, everyone they are single...It is an important point to be known

Don't think that now we are sitting and not seeing, we are all collected people, No everyone in their own existence. You are single, he is single. When you understand this, when everyone is sleeping nighttimes, that they were with you, and you are not sleeping getting up, that time you are understanding that you are single. And then, when you are going to be ill, or sick, you understand that you are single, because they are not like you. And when you are going to die, you are knowing, when you are put in coffin, you know that you are single. No one put with you in coffin. Another coffin, small one also, but must be put in another coffin. Then single, Allah created, even we are looking they are crowded, no, you are single and you must look after yourself. You must find a way not to be single. Shaitan is single. We are single, but we may reach to a position, that we can be saved to be single ones. On earth we are single ones, when we are moving from our animal personality, that means 'suluq'- an Arabic word that a person, if he is asking to reach from one place to another place, taking his way, when asking his way that, means 'suluq', just entering the canal that making him to reach to his target. That we are single drops, till you reach to ocean. When you reach to ocean, no more singleness, finished. And as long as you are keeping, insisting to be only with your animal personality, you are single.

As long as you are imprisoning your soul and spiritual being you are single, and your soul asking to break the walls of you material prison and to reach to the ocean, or Unity Oceans of Allah Almighty. When you reach Unity Ocean of Allah Almighty, no ore singleness, finished. As long a s people ask to keep their prisons, as a silk worm making for itself a cocoon, that asking to be single, going to die in it, putting in hot water and making to die. If making a hole and getting out, it is not getting out as a worm, but as a butterfly, flying out. You must have...you must take your lessons from creatures also. That is a big teacher- silkworm for mankind: O people you must not imprison yourselves in a cocoon, no, you must get out. You must not imprison yourself on earth, Heavens waiting for you. Fly and come! Open a hole and go out, get out. Flying- our souls can fly. People think that planes or rockets making them to fly up, no, that is another cheating, big cheating form shaitan, teaching them look you are flying also. What is that? You are flying? The instrument that they say Boeing flight, they are flying, you are not flying, and not taking their lesson also to say: this material flying and we are not flying. Why? We are doing material to fly, we are mot able to make ourselves able to fly, what is that?0

O people, this is an addressing to whole mankind now. I am not addressing to one handful people, my addressing to whole mankind that living through East and West, from North and South, on behalf of all prophets' traditional knowledge and particularly the Seal of Prophets, the last one, most honoured servant of Allah Almighty. For everyone. No one object on it! He objects- 40 days only to live on earth, finishing. There is also now power - who making object on such realities, only 40 days for them, no more, they should die. May Allah forgive me and bless you for the honour of most honoured servant of Allah Almighty Fatiha. This is something...therefore they are coming from so long distances, our South African people, they are in need, as well as they are Naqshbandi. This is something just granted to us from our headquarters of most distinguished Naqshbandi order. They are carrying so difficult burden to come, particularly Professor Z.- 16 hours flying and coming. This, if they are not hearing anything else, it is more than enough to come here and to go back... Fatiha.

Lefke - 06.06.2002

---

**We must rebuild our personality!**

Astaghfirullah!...tubtu wa rajatu ila-llah? tubna wa rajana ila-llah!?

Destur, ya Sultanu-l Awliya, Meded, Meded, ya Rijalallah, aiduna bi madadikum!

As-salamu alaikum!... O our Lord, put Your weak servants under Your divinely Protection! Therefore- you must try to say as much as possible more: As-salamu alaikum, As-salamu alaikum, As-salamu alaikum!?

As Salam, peace- when you are saying (it) too much, (it is) bringing peace to you and (to) everything around yourself and also spreading that blessings and mercy through East and West. But now people are not using too much to say: As-salamu alaikum. Say (it), as much as possible!

And we are saying: As-salamu alaikum! As salamu alaikum, ya 'ibadallahi salihien? Allah Allah?Allah Allah?

And we are asking divinely Support; and divinely Support (is) never coming to people directly. That is like a- as we are saying it for understanding- blessing is coming like Niagara Falls. You can't reach to take from that, but if it is going through pipes, (you) may drink (from it), (you) may use it. Therefore, Awliya, whole Alwiyas, Awliyas means, Waliyullah that means: Friend of Allah, or (someone) who is going to be friendly to Allah. Try to be friendly to Allah! But people (are) running to be friends of Shaitan, because it is (from the) Last Days' signs that

people should run to be friends of Shaitan and very few people (are) running to be Friends of Allah Almighty.

And you can't be friend of Allah Almighty, till you are going to be friend to His most beloved servant S.Muhammad sws! And you can't be reaching to that point- to be friend of Rasulullah sws- till you are going to be friendly to (the) friends of Rasulullah sws. If you are not reaching (the) friends of Rasulullah sws, you can't reach to be friend of Allah Almighty!

Audhu bi-llahi mina shaitani rajim! O our Lord, please give Your Protection on Your weak servants! We are saying: "We are weak servants, please make Your divinely Protection on ourselves, not to be friends of Shaitan!" Friends of Shaitan (are) going to be in Hells, (and it is) beginning here, they are burning! They are burning from inside of themselves or (from) outside (they are) burning, but they are insisting to be, yet to be, friends of Shaitan!

Say: "Audhu bi-llahi mina shaitani rajim, o our Lord, we are running to You, not to be friends to Shaitan!" Say! In such a meaning say: Audhu bi-llahi mina shaitani rajim!?

People (are) coming to me, saying: "O Sheikh, I am ill, but I am going to Doctors (and) they are sending me to tahlil, analysis, (saying): 'Go to that one to make (a) check-up for yourself and bring that (result) to me to look', and I am going (to a) different analysts, (the) analyst (is) saying: 'Oh, you are? nothing with you, you are okay!' "But"- he is insisting- "I am (still) feeling that I am not healthy!"

Yes? but yet there are not thinking that that is something (which is) not belonging to their material being, no, (it is something) from inside! Yet they are not coming to say, to accept that we have another

being through ourselves that that is our souls. They (are) never going to ask, to make a check-up for their souls. (They are) running to make check-up (for) every organ through themselves, but they (are) never going to look, to make a check-up for their souls, no, because people (are) becoming such materialists. They are thinking (that they are) only material beings. Material beings never making a thing to move by itself, no.

(A) car is a car, but you must put in its box a kind of water and that water (is) changing in(to) another? position and moving? making car to move. They are always looking: "What is the matter? Our car can't walk, (but) we are looking (that) everything (is) okay." "Look, if it has fuel"? "What is fuel? Our car is okay, for what fuel?" "Ya Hu, without fuel your car can't move!"?

People (are) running to Doctors. (The) doctor (is) saying: "You are 1oo% okay!" "O Doctor, if 1oo % I am okay, why I am coming to you? I am feeling something in myself that (is) making me not to be rest; (there is) disturbing me something from inside. What is that?" "You must go to Haci X? there is a person that he may understand such a matters?what is their name?? Their name (is) psychiatrists? And so many psychiatrists (are) coming to Sheikh, saying: "O Sheikh, I am feeling no good!" "What you are doing?" I am asking. "Psychiatry." "Ahhh? psychiatry? and you are coming to me for (a) treatment, to treat you?"? I am saying first: "Jump!" If (he is) jumping, I am saying: "You are alright, okay, go away, finished!" "(But) I am coming for (a) check-up!" "That is my check-up! If you are jumping, (it) means, (that) you are okay, nothing (wrong) with you!? (But) if (it is) not enough (for you), (we make) another check-up: Run from up to that side!" "For what?" "There is a cat running in front of you, run and catch it!"? I am psychiatrists' doctor!

All psychiatrists also they are strange?antika? All psychiatrists, their minds out of their minds, two feet? "I am trying you, if you are okay or not." "I can't be!" "You can't be? (Then) you must try to run every day 1oo meters to catch a cat. Catch and bring (it) to me!" "How??" "I am doctor of psychiatrists, you don?t know! Come, what I am saying to you, it is okay!"

(For) everything: Check-up! But for psychiatrists- they are unhappy to be checked up! You are making check-up for people and (you are) saying: "Nothing (wrong) with you", but I am looking that you also (are) falling into a deep well, (and) you can't be able to take yourself out. That is my check-up to you!

And we are in need (for someone) who (is) making (a) check-up for our unknown being, souls! The authority for that just (has been) granted to Prophets. Then, Prophets, from Prophets that (have been) granted to make a check-up, (it is) granted- what they have been permitted (to do)- (to those who are) through Prophets line people. They may do this, not (just) anyone (who is) saying: "I can do!" You cant do! But people are running non-sensely to make a check-up, check-up? for themselves and it is impossible. Really we are in need a check-up for our souls and who can do that check-up for our souls? Those whom they are authorized with heavenly Authority, authorised by heavenly Authority! They can do only this, not (just anyone who is) going (to a) school (and who is) reading, reading, reading? They can't understand anything!

And they are so very rare now, (these authorized people), because people are running to make their check-up with psychiatrists and their level (is) on (the) same level (with them) and (so) they can't take any benefit. Finished, finished! Mankind just finished, because they are in ruins innerly. In ruins! They must rebuild their personalities once

again!

First they must try to recognize their real identity. Who are you? First, for rebuilding himself through this life, to recognize himself: Who are you? Someone must teach him: Who are you? Because by yourself you can't know, who are you. You can see everything, except yourself; your eyes (are) looking and seeing everything, except yourself. What you are in need? You need a mirror!

(You are looking into the mirror), (but) you say that: "I am this one (in the mirror)?" (Then) you must bring two witnesses (to confirm to you) that through that mirror you are that one! By himself he can't recognize himself also in (a) mirror! He may think: "That is another one! I am not this one, because I am not looking myself, putting myself second to that and to see that this and this (are) same no. Perhaps that mirror it is a strange instrument, showing shadows, showing something in it." But if no one in that area, you can't say that: 'This is, I am that one.' You need two witnesses (to tell you) that: "This you are, you are looking. That is mirror, showing to you."

Therefore, (for a) man who is asking: Who are you? (there) must be a person like (a) mirror (for him), to be able to show (to him): "You are this one!" When he is accepting, what he is saying, then that person (is) just permitted to build, to rebuild your existence, to manifest yourself again, as before. Because you are in ruins, destroyed; your real being (is) destroyed, therefore you are in need a rebuilding, and rebuilding (is) only (for) those people, who have been granted heavenly Lights and (who are) authorized through Heavens- not from earth, no! (Authorization) from earth (it means:) on our level?(the) level of animals?zoo level?We are on zoo level?(They are) putting some examples in(to the) zoo-garden, but (they are) not putting one man inside also

that we are on same level!? You went zoo-garden?? You have been in zoo-garden?? I went also, but I was escaping, not to put me also in another place?

(because they are saying) that: "This one also (is) on that level, (he is an) animal!"?

Our level (is the) first level, (that) of animals. Only (that) we have been granted (the ability) for speaking, other animals are not speaking. Same qualities that they have, we have same also, only they are running on four legs, we are running on two legs?

But we must get up for rebuilding our real personality!

If you are not recognizing yourself, you can't be able to understand anything! (then you are) coming (here as a) 'hayvan', going (as a) 'hayvan', coming as (an) animal, and going as an animal? And this life that people (are) living now, it is not (on the) 2nd level of real mankind. Because first level (people), their characteristic (is) on? same character, all of them! If they are getting on (the) 2nd level, they can't touch like this?(they) can't give (troubly to anyone)? (they) can't harm anyone!

Once my Grandsheikh showed me in Mecca Mukarrama, Baitu-llah sharafaha-llah: "Look, Nazim Effendi, up!" I am looking one, first level people: they are making Tawwaf, but they are quarrelling and making everything, giving harm (to) people, pushing them, pulling them? but the 2nd one, (there) I am looking and seeing a group of people, (that) they are like butterflies? no sound? no trouble?no harming?! (On the) first level, (the) level of animals; they are giving to each other harm, biting, hitting, everything they are doing?

Now look and say truth! What is the level of living people, whom they are claming that: "We reached to top of civilization"? They are so big liars, because that is Shaitan's teaching to them, to say: "Now you are on top level of civilization!" For what? "Because you have so many kinds of weapons and high technology you have, therefore you reached (the) top of civilization." And I am saying: "Yet you are on (the) same level (with animals)! Technology (is) never taking you (up to be) on (the) second level. Only spirituality can take you (up) and your spirituality (is) under (such) heavy pressure (that) you can't be able to leave it, to reach to that point." And people are trying to kill, to harm people, to destroy- what is that? That is the level of mankind? I am sorry to say (that) it is not (the) level of real? human beings level. And I am sorry to say that even animals level they are not accepting (these people on) their level and (so they are) kicking them down! Kicking them down!

That is the position, general view of our world in our days that it is last days, and we are reaching to Yaumu-l Qiyama?

O people, come and listen and ask truth! To ask truth, it is your most important characteristic (as human beings). You must ask truth and you must try to learn (the) truth about your life (so) that you should be up (on the 2nd level), never harming (anyone). Therefore- (the) Prophet sws (was) saying: "A surrendered people"- that people are running away from Islam, the name of Islam; they are hating (it) and (they are) running away (from it), but really Islam what (it is) saying? (it is saying): "A real Muslim (is someone) who (is) never harming people, (neither) by his tongue, (nor) by his hand, (or) by his power." They are not real Muslims, now (these) people, Muslims! You are looking and seeing what (is) happening! And people (are) thinking that Islam (is) ordering to

kill people without any? with reason or without reason! (They are) destroying every day and they are saying: "In the name of Islam!" Audhu bi-llah! Allah takes them away! Takes them away?

Don?t be with them! Don?t say that they are doing good! That is not Islam and they are not Muslims! Only by name; their names may be written Muslims, but they are so far- as far (as the) earth (is far) from Heavens, they are far away from Islam!?

May Allah forgive us and bless you. For the honour of the most honoured one in His divine Presence S.Muhammad sws, Fatiha.

Lefke, 14.05.2006

BookKhairiyahSiegel

**We must try to be holy!**

As-salamu alaikum! As-salam qabla-l qalam! You must say, you must give 'Salam', then you must speak! Without saying 'Salam', don't speak! And Salam is the sign of Muslims. No any other word can be put in its place, no. Salam (is a) living word that (is) coming from Heavens! Others people (are) saying. (What) people (are) saying, they are only like imitated words, no any power in it. 'Salam' (is) from Heavens; when you are giving 'Salam', (there is) coming to you from Heavens power and you are feeling (a) good feeling. When, a tree, (when it is) raining on it, (it is) opening. 'Salam' (is) in such a way; (it) gives to Muqmins new life. As-salamu alaikum!

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. Without (a) base, what you are building, (is) falling down. The base of everything that you are asking to do, (is, that) you must say: "Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

We are living for Allah and we must do everything for Allah! (The) big mistake, (the) biggest mistake for mankind (is) that they are forgetting their Lord and they are trying to do something for their egos. And we are asking a holy Support from Heavens and you can't find holy Support, only you can find it from those people, whom they are on the way of the Seal of Prophets S.Muhammad sws. That means: you can find support from holy ones. And holy people, whom they are? Whom they are following (the) holy ways of (the) most holy Ones Shariat, (the) heavenly Rules. To be holy one it is not such a thing granted to people from people., holiness (is) coming from Heavens. If from Heavens coming, you are going to be a holy one. Don't think that millions or billions of people may say to you: "This is holy one" and you are going to be a holy one, no, no!

A man, a servant, must try to learn, how he is going to be a servant. Yes. Everyone must learn, how he can be as servant. By yourself you can't be a servant. Don't think that you are reading religious books and you are learning servanthood, no! Servanthood can be learned through a holy ones. You must follow a holy one that then you are going to be holy one. Don't think that when you are reading books of holy ones, (you are) going to be a holy one, no! You must try to learn servanthood first from (a) lowest level person! What is that lowest level people? Whom they are?

Lowest level people they are two kinds. One of them on last level, that means, he is putting his ego under his feet. That is that one. And second meaning: holy ones, whom they are taking holy breathings from heavenly people. You must find a person that he is on lowest level. The lowest level you must come to him, because he is putting his ego under his feet, lowest level, and becoming a holy one. In another words: holy one (is he), who is putting his ego under is feet and following (a) heavenly master; you can learn how you can be a servant. Therefore we are saying you may read 1.000 books, but to read 1.000 books it does not mean that you are putting your ego under your feet, no! A student can't be a doctor by himself, looking books and keeping in his mind so many things, he can't be a doctor. He must be under a doctor, that doctor can teach him, then he is going to be a doctor or no one is going to be a doctor by graduating from university or other high-schools, no, no!

And this we must try to keep holy ways, to be a holy one! We have been invited to be a holy one, because Heavens never accepting unholy ones. Accepting true holy ones! Therefore every person who reaching to the age of maturity must try to learn how he can be a holy one! Holy ones they are in divinely Presence welcome. Unholy ones never welcoming in divinely Presence, no.

That is a summary of whole books that asking from people to: "Come and to surrender! If you are not surrendering, you can't be a holy one. First you must surrender your ego for a holy ones training."

Eh. "We are Liverpool football team!" I am asking: "How you are going to be

first one?" "Because we have an entreneur, yes? Trainer, first class! We learnt from him!" Or they are going to be like people coming from jungle, like this, like that, not knowing, not knowing his right or left side...

If for football that whole nations they lost their minds they never thinking to anything except sport, sportsman those people, yes, and whole world going to be half inhabitant with some football club, some others saying: "Ya, we must be here... " That is their whole efforts now people. They like to play, they like to be like football. Those people (are) never reaching to any station of Heavens, heavenly Stations, never! Should be for them a jungle, those people, (for) whom (there is) no any other 'ham', worry, interest, except football; changing them, like people living in jungle and leaving them there: "Run and hunt each other, eat and run! That is your level, because you refused (the) real level of humanity!" Humanity.

You can be from mankind, but no everyone (is) going to be their levels (the) level of humanity. When you are going to be changed (your structure) from (the level of being from) mankind, by training under a trainer's commands, then you may reach (the) level of humanity. If not, you are always going to be your level (the) level of jungle people. And they should be there, eating each other and dirtying each other, running after each other. That should be for them!

O people, o people, first you must teach your children on such a basis that it is impossible to be moved from their real positions. That basis (is) just put from Heavens. If you are not keeping that, your life (is) going to be wasted, no meaning! Because, if you are not keeping that heavenly Basis, you never going to be changed from (being the level of) mankind to be (on) the level of humanity. Everyone (is) belonging to (the) big family of mankind, but very few people (are) reaching to the level of humanity! Humanity (is) giving honour to you and you need some trainer, to teach you. People lost it. And now perhaps 6 billion people or 7 billion people (are) living on earth; all of them (are) just under the title of 'mankind'. But there is another column that it is written:

“This (one is) from human, humanity.” Humanity gives honour, to be mankind- no honour for them.
Therefore, you must leave to be an ordinary one from mankind; you must train your ego under a trainer, to complete it and then you can come to be a member of humanity. Humanity. Honour (is) for humanity, not to be from mankind. Now mankind, they are doing some wildness that even most terrible beasts they are not doing that! How you are saying that is honour for them? No honour! Therefore you must try to be a holy one! If you are not belonging to be holy one, you can’t enter to (be) under the title of humanity!
Yes, I was passing through Switzerland and there is Saint Nikolaus, he was belonging to holy ones. But no one understanding who he is or who he was. And through his whole life no one or very few ones (were) understanding about that Saint Nikolaus and Sainthood means to be a holy one. Not everyone by Pope’s signature (is) going to be a Saint, no! That, all of them, (are) imitated Saints! No, it is not acceptable, to be written your name that you are a Saint, because (the) Pope or Cardinals or Patriarchs or Bishops (are) signing that he was a saint, no!
There is a Saint here in (the) Turkish side, in Famagusta; he was from Jesus disciples, Saint Barnabas- God bless him. He was (the) disciple of Jesus Christ pbuh, and he is now lying underground... perhaps 7 steps you must come down to look and it is (a) so humble, humble grave! I was going; when my way (was) passing there, I am going and when I am saying: “Fa’lem annahu: La ilaha ill-Allah” this was shaking; his tomb was shaking and coming his spirituality to say with us: “La ilaha ill-Allah!”
They are, their sainthood (is) just signed and approved from Heavens; they are real ones. That Saint Nikolaus also. They are thinking that he was, as they (are) imagining, no! Therefore, when I was passing, (he was) always calling me: “O Sheikh, come, please visit me!” I am landing and visiting... (and) he is going (to be) very happy...You were with me sometimes, when I was coming from Switzerland to Black Forest, in such a way?...

I was once passing through and getting out, after his visiting- he was so happy. I saw a person on stairs coming. I am looking that his dressing (was) not (like an) ordinary person. I understand that he is, belongs to be a religious one for that monastery. He was saying, greeting me and I am greeting him, and I was asking: “Your holiness (is) here, making your worshipping and looking after that Saint Nikolaus?” He said: “I am sorry, I am not a holy one...” He was such a humble person, saying: “I am not a holy one, o Sheikh.” And coming to me to ask: “Even (the) Pope?” He was saying: “Even (the) Pope, he is not holy one”, because everyone, whom they are appointed on earth, holiness is something, no emperors or governors or bishops or cardinals (can give to you)...” O Sheikh, it is not something that if cardinals (are) signing (it) and going a person to be holy one. Even Pope, he is not a holy one.” He was saying just truth!

Holiness and to be holy one, that is from Heavens, not from people. If whole people (are)saying: “This is a holy one”- (it has) no value! If I am saying: “Dr.X. is chancellor of Germany”, you are accepting? No, they may say perhaps: “He is (a) holy one through mental-house”...

Therefore, that is our way: We must try to be holy ones for (the) holy presence of the Seal of Prophets! Then he may take you to the Lord’s divinely Presence! No one (may do that) except him! Therefore we must ask (for) real holy ones, to take from them the secret power of being holy ones. Or we are going to carry so many things here and Hereafter!

O people, don’t work for Dunya, but work, to be a holy one! You may be gardener and you may be holy one, you may be shepherd- you may be holy one, you may be carpenter- you may be a holy one, doesn’t matter, but you must put your ego under the feet of a holy person, to kill it, then you should reach (to) real life here and Hereafter!

May Allah forgive us! Alfu salat, alfu salam, alayka, ya Sayyidi-l awwalina wa-l akhirin wa ‘ala alihi wa sahbihi, ya khairi-l khalqi ajmain.

Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah,

Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah...

May Allah forgive us through these holy days! O Allah Almighty, send us a holy Sultan, to take ourselves and to train whole nations, whole mankind, to make them clean for the Day of Resurrection!

For the honour of (the) most honoured one in (the) divinely Presence, S.Muhammad sws, Fatiha.

Allahumma salli wa sallim ‘ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilayh, mamarra layali wa tula dawam...

## Wenn wir gehen, nehmen wir nichts mit

Jesus Christus und seine Schüler zogen eines Tages übers Land. Als es zu dunkeln begann, ließen sie sich in der Nähe bebauter Felder nieder, um dort die Nacht zu verbringen. Die Jünger hatten großen Hunger und fragten Jesus Christus, woher ihre Abendmahlzeit kommen sollte. Jesus riet ihnen anfänglich zur Geduld, Gott der Allmächtige werde sie schon versorgen; als er aber ihre große Ungeduld erkannte, erlaubte er ihnen, von dem nächstgelegenen Kornfeld einige Ähren zu brechen, um daraus ein Mahl zuzubereiten. So machten sich die Jünger daran und brachen das Korn. Kaum aber hatten sie damit begonnen, da kam der Besitzer des Ackers voll Zorn herangeeilt und verlangte zu wissen, mit wessen Erlaubnis sie sein Korn stählen. Die Jünger bemühten sich zu erklären, sie seien die Gefährten des Propheten Jesus Christus, der ihnen erlaubt hätte, einige Ähren zu brechen, um ihren Hunger zu stillen. Aber der Mann wiederholte nur wütend: „Ich bin der Eigentümer dieses Ackers, nicht euer Prophet, und er hat kein Recht, darüber zu verfügen!“ Währenddessen war Jesus selbst leise hinzugetreten und sprach zu dem vor Zorn bebenden Mann: „Wer, sagtet ihr, sei der Besitzer dieses Feldes?“ Der Mann gab seine entrüstete Antwort: „Wer außer mir sollte der Eigentümer sein? Ich bin der Alleinbesitzer dieses Ackers – und jetzt macht, daß ihr fortkommt, allesamt, sonst hetze ich die Hunde auf euch!“ Da betete Jesus zu seinem Herrn: „O Herr, laß all diejenigen auferstehen, die seit Anbeginn der Zeit behauptet haben, Besitzer dieser Ländereien zu sein.“ Gott der Allmächtige erhörte das Gebet dieses großen Propheten, und alsbald war der Acker so dicht bestanden mit Menschen, wie er vordem voller Ähren

und Halme gewesen war. Alle stießen und traten sich gegenseitig und schrien einander an: „Was suchst du hier auf meinem Land? Fort mit dir!“ „Was soll das heißen“, widersprach ein anderer, „dies hier ist mein Acker, ich habe ihn von meinem Vater, Fulan, geerbt.“ „Was erzählst du nur für Dummheiten“, sagte wieder ein anderer, „Fulan ist mein dreijähriger Enkel, wie könnte er dein Vater sein – verschwinde von hier, du mit deinen Lügen!“ Und auf diese Weise fuhren die auferstandenen Akkerherren fort, miteinander zu streiten – bis sie urplötzlich wieder dahin verschwanden, von wo sie gekommen waren, und den gegenwärtigen ‚Besitzer‘ allein und staunend zurückließen. Dank dieses Wunders Jesu begriff der Mann die Hinfälligkeit seines Besitzanspruches und ließ die Jünger soviel Korn pflücken, wie sie nötig hatten. Wir danken Allah dem Allmächtigen, daß die Menschen diese Welt und dieses Zimmer betreten und auch wieder verlassen, denn, wären alle hiergeblieben, so hätten wir nicht einmal Platz zum Stehen. Und wir sind Ihm auch dafür dankbar, daß die Leute, die uns besuchen kommen, wieder fortgehen, ohne von Einrichtung und Mobiliar etwas mitzunehmen. Ginge nämlich der eine mit dem Polster, der andere mit dem Tisch fort, was bliebe dann für uns? Gar nichts! Alexander der Große Ich will euch eine Geschichte von Alexander dem Großen erzählen. Alexander starb im Alter von 36 Jahren, also noch als junger Mann. Er berief all seine Generäle an sein Sterbelager und sprach zu ihnen: „O meine Feldherren und Generäle, wie ihr seht, befinde ich mich in den letzten Zügen, und ich bin zum Sterben bereit; nur einen letzten Wunsch möchte ich noch aussprechen. Wenn ich gestorben bin und ihr mich in meinen Sarg bettet, so bitte ich euch, daß ihr, entgegen der üblichen Sitte, meine Hände aus dem Sarg herausragen laßt und sie nicht über der Brust faltet.“ Die Feldherren wunderten sich und fragten ihn: „Warum, o Alexander, wünschst du diese merkwürdige Art der Bestattung?“ Er antwortete ihnen: „Die Menschheit soll wissen, daß nicht einmal Alexander der Große im Sterben etwas mit sich nehmen konnte; daß auch er diese Welt mit leeren Händen wieder verlassen mußte, so wie er gekommen war.“ Alexander war einer von nur vier Männern in der Weltgeschichte, denen die Eroberung der ganzen damals bekannten Welt gelungen war – die ganze Welt mit all ihren Schätzen lag ihm zu Füßen; und doch konnte er nichts davon in den Tod mitnehmen. Wie sollte es uns anders ergehen, die wir nicht einen Bruchteil dessen besitzen, was Alexander besaß? Was sollen wir mit uns fortnehmen können? Bei den Christen zieht man den Verstorbenen meist reine, neue Kleider an, damit sie für die Leichenfeierlichkeiten und das Begräbnis gut angezogen sind. Im Islam kennen wir diesen Brauch nicht. Der Islam lehrt uns, an den Toten keine Verschwendung zu treiben mit dem, was die Lebenden besser gebrauchen können ... Wir geben dem Toten nicht einmal seinen Ehering mit, aus Angst, daß ihn Grabräuber in seiner Ruhe stören könnten, sollte es bekannt werden, daß Gold im Grabe liegt. Aber die wenigsten Leute scheinen zu bedenken, daß sie

an ihrem Lebensende mit leeren Händen an ihr offenes Grab gebracht werden. In dieser Riesenstadt sieht man die Menschen herumirren wie die Fische im großen Meer: mit weitaufgesperrtem Maul, als ob sie den Ozean ganz verschlucken möchten. So laufen hier alle herum, bemüht, jeden Genuß, den London zu bieten hat, auszukosten – am liebsten würden sie gleich ganz London verschlingen, nur ist ihnen das nicht möglich. Vor allem die jungen Leute sieht man immer größerer Genußsucht verfallen, während die Alten, von unentwegtem, übergroßem Genuß bereits träge, matt und stumpf geworden sind. Das Ende steht für alle fest und ist unausbleiblich: allen Genuß-Suchern, die vor Gier in Ozeanen von Genüssen ertrunken sind, wird eines Tages der Leichenbestatter die nach immer neuen Vergnügungen ausspähenden Augen zudrücken – aus der Traum, alle landen im Sarg. Auch wir werden dereinst sterben.
London - 01.04.1981

---

## Wer bestimmt die Bahn des Mondes?

Es ist weder eine Hoffnung noch eine Idee, sondern Realität, daß die Menschheit jetzt am meisten Seinen Segen braucht. Wir haben alles, aber wir haben kein gesegnetes Leben. Niemand kann sagen, daß das Leben der Menschen auf Erden momentan ein gesegnetes Leben sei. Und wir wissen, daß Sein Segen nur für die ist, die an Ihn glauben und Ihn achten und Seine göttlichen Rechte einhalten. Der wichtigste Punkt im Leben des Menschen ist, ob es beschützt und behütet ist. Am wichtigsten sind die Rechte des Schöpfers. Wenn ihr Kinder habt und wollt, daß sie euch respektieren und eure Rechte als Eltern wahren, dann wißt ihr, daß niemand froh ist, wenn die Kinder ihnen weglaufen und sie nicht achten und nicht ihre Rechte wahren. Wie ist es dann mit eurem Herrn? Vor Ihm lauft ihr weg, obwohl er das erste Recht an euch hat, nämlich die Anerkennung Seiner Existenz. Das erste Recht unseres Herrn an uns ist die Bestätigung Seiner Existenz. Das erste, was Er von Seinem Diener verlangt, ist zu sagen: “O unser Herr, Du bist unser Schöpfer; Du existierst.” Wenn eure Kinder zu euch sagen, daß ihr nicht ihre Eltern seid, was würdet ihr dann tun? Wenn ihr dagegen etwas tun könntet, würdet ihr es bestimmt tun. Wenn eure Kinder gegen euch rebellieren und sagen: “Ihr seid nicht meine Eltern”, dann würdet ihr sagen: “Du bist nicht mein Kind, und ich lösche deinen Namen aus dem Familienbuch. Du wirst nichts von meinem jetzigen Besitz bekommen und verlierst alle Rechte.” Stimmt das oder nicht? Wer ist glücklich, wenn sein Kind sagt: “Ihr seid nicht meine Eltern”?

Bewegt die Sonne sich von selbst?

Wie ist es dann mit eurem Schöpfer? Die meisten sagen, es gäbe keinen Gott, keinen Schöpfer. Glaubt ihr, Er sei darüber froh und sende uns Seinen Segen? Da Er also unser Herr und Schöpfer ist, ist Sein erstes Recht an uns, daß wir Seine Diener sind und sagen: “Du existierst und bist unser Schöpfer.” Wenn es keinen Schöpfer gäbe, wie hätte die Schöpfung ins Dasein treten können? Wie kann die Naturwissenschaft, das positivistische Denken, dies annehmen? Wer behauptet, die Dinge würden durch sich selbst existieren, mit dem stimmt doch etwas nicht. Warum sagen einige Leute, die Sonne scheine von selbst? Wie kann jemand, der angeblich gebildet ist und studiert hat, sagen, der Mond bewege sich von selbst in seiner Bahn? Dabei ist jedem klar, daß dieser Gegenstand von mir hierhingelegt wurde und sich nicht von selbst hierherbewegt hat. Dieser Tisch ist nicht allein hierhingekommen, er wurde hierhingestellt. Dies sind einfache Beispiele. Wie kann man behaupten, daß der Mond von selbst seine Bahn um die Erde ziehe? Wer glaubt, daß solch große Objekte sich aus eigener Kraft hervorbringen, der ist im Irrtum.

Versucht deshalb, eure Vorstellungen hinter euch zu lassen. Ihr müßt über eure Vorstellungen hinausgehen, um die Wirklichkeit zu finden. Ihr müßt sagen, daß Jemand mit Kraft den Mond hierherbringt und über ihm befiehlt und über seine Bahn bestimmt und seine Bewegungen programmiert. Glaubt ihr, daß der Mond von Anfang an bis heute sich einmal verspätet hat? Steht es irgendwo geschrieben, daß er auch nur einmal unpünktlich war? Oder hat jemand erlebt, daß die Sonne sich beim Aufgehen oder Untergehen in der Zeit irrte, sei es im Sommer oder Winter? Das bedeutet, daß sie auf das Vollkommenste programmiert ist.

Wir sind Muslime und beten täglich das Morgen- und Abendgebet, und unser Gebet findet mit Sonnenaufgang und -untergang statt. Jeden Tag schauen wir, wann die Sonne aufgeht und wann sie untergeht. Wir benutzen dafür einen Zeitplan, der jedes Jahr gleichbleibt und in dem es keine Verzögerungen oder Beschleunigungen gibt. Glaubt ihr, daß diese riesige Sonne sich selbst bewegt? Glaubt ihr, daß ein Satellit seine Umlaufbahn selbst bestimmt? Jeder weiß, daß er von der Erde aus programmiert wurde und ferngesteuert wird. Jeder weiß und akzeptiert, daß er von hier aus programmiert und ferngesteuert wird; jeder weiß, daß die Kontrolle nicht aus dem Satelliten selbst stammt, sondern daß die Bewegungen des Satelliten von außen kontrolliert werden und daß diese Kommandos ausreichen, um die Bewegungen des Satelliten zu steuern. Die Person, von der dies ausgeht, ist nicht zu sehen. Warum wird gesagt, daß niemand die Umlaufbahn von Sonne, Mond oder Erde in Bewegung hält? Nur weil er nicht zu sehen ist? Wir sehen nicht, wer die Sonne in ihrer Umlaufbahn hält, ebensowenig wie wir sehen können, wer die Fernsteuerung eines Satelliten bedient.

Was ist “die Natur”?

Das Problem der Menschen ist Satan, und vielleicht ist er sogar das größte Problem. Er ist der größte Unruhestifter der Menschen. Er sagt ihnen, sie sollen die Fernsteuerung des Satelliten akzeptieren, da sonst weder Fernsehen noch Mobiltelefon funktionieren würden. Er will, daß sie dies nicht etwa glauben, sondern akzeptieren. Aber gleichzeitig will er nicht, daß man glaubt, daß die Sonne von Jemandem kontrolliert wird oder von Jemandem erschaffen wurde! Er will, daß man glaubt, die Sonne existiere von allein. All dies ist falsch, Satan führt die Menschen in die Irre.

Der Verstand fragt ja von selbst, wie das möglich sei. Aber Satan sagt: “Frag nicht!”

Wir wollen wissen, wer die Sonne erschuf. Satan sagt: “Nein!”.

Wir fragen: “Wie kommt es, daß sie am Himmel steht?” Satan antwortet: “Die Natur.”

“Wer ist diese Natur?” Satan erwidert: “Frag nicht.”

In jeder Hinsicht führt er die Menschen in die Irre. Die Naturwissenschaftler führen alles auf die Natur zurück. Sie sind offen für alles und hinterfragen alles, außer “die Natur”. Satan sagt: “Darüber spricht man nicht, es ist haram, verboten. Ihr versteht es sowieso nicht, euer Kopf ist zu klein. Aber ich weiß Bescheid, es ist mein Geheimnis.”

Der Fluch des 20.Jahrhunderts

Der Fluch der Menschheit hat hierin seine Hauptursache. Der Schöpfer ist sehr zornig, wenn Er sieht, daß Seine Diener Seine Existenz nicht anerkennen, und Er verweigert Seinen Segen. Darum ist dieses Jahrhundert verflucht, und es hat zwei Weltkriege erlebt, in denen Millionen von Menschen umgekommen sind, Millionen von jungen Menschen im Frühling ihres Lebens, getötet wegen nichts. Das ist ein Fluch. Auch hier in Spanien haben die Menschen vor einiger Zeit gegeneinander gekämpft. Das war kein Segen für die Spanier. Satan machte diesen Fluch, und jetzt arbeitet er intensiv an der Vorbereitung eines dritten Krieges in diesem Jahrhundert, weil es das Jahrhundert des Materialismus ist, der sagt, dieses Universum existiere durch sich selbst. Welch große Torheit und Unwissenheit! Es ist die größte Tyrannei zu behaupten, das Universum habe sich selbst gegründet. Um zu erklären, wie es zu funktionieren begann, wurde der “Urknall” angeführt, weil die Menschen begannen, Fragen darüber zu stellen, wie das Universum durch sich selbst existiere. Nun versucht man, die Menschen erneut zu betrügen, indem man den big bang als die Hauptursache darstellt. Was war dieser Urknall? Ein großes Atom, sagt man, welches explodierte und aus dem Himmel, Sterne, Galaxien und noch vieles andere entstanden. Aber, so wird die Wissenschaft gefragt,

wie kam es zur Entstehung dieses Atoms? Satan kommt schnell hinzu und sagt: “Fragt nicht.” Aber wir fragen weiter: Wo war jenes erste Atom? Auf dem Tisch? Im Wasser? In der Luft? Woraus ist es entstanden? Keine Antwort, verboten.

Woher kam das erste Atom?
Man schämt sich zu sagen, daß es einen Gott gib, der erschafft. Es ist die größte Schande für die Wissenschaft und die Wissenschaftler, daß sie nicht anerkennen, daß dieses Universum von Jemandem erschaffen wurde. Der Schöpfer ist nicht in Seiner Schöpfung. Wenn der Schöpfer in Seiner Schöpfung [enthalten] wäre, dann wäre Er auch ein Geschöpf, und das kann nicht sein. Angesichts Seiner Größe ist das ganze Universum nicht mehr als ein Atom. Warum fragt ihr: “Wo ist Gott? Wo ist der Schöpfer?” Dabei sind alle Universen angesichts Seiner Größe nicht mehr als ein Atom. Die Frage, ob jemand in einem Atom enthalten ist, ist töricht. Wenn ich in einem Atom eine Person sehe, habe ich keinen Verstand. Wir müssen glauben, daß die Existenz des Schöpfers keine Grenzen hat. Darum kann man die unbegrenzte Existenz nicht mit der begrenzten Schöpfung vergleichen. Wie kann man die unendliche Existenz mit der endlichen Existenz zusammenbringen? Dieses Universum ist zu groß für uns, nicht aber für den Schöpfer. Nun spricht man in der Wissenschaft über die Galaxie Andromeda, und ihre Computer sagen, daß ihre Entfernung von der Erde zwei Millionen Lichtjahre beträgt. Alle stimmen dem zu, und es ist eine gigantische Galaxie. Laut Information der Wissenschaft sind in dieser Galaxie dreihundert Milliarden Sterne enthalten, die spiralförmige Kreise ziehen - so wie die Mevlevi-Derwische. Auf der Fotografie sieht es aus wie ein Wirbel. Sie enthält angeblich dreihundert Milliarden Sterne. Man kann sie mit dem bloßen Auge sehen, und durch die große Entfernung erscheint sie wie ein kleiner Punkt. Manchmal ist sie zu sehen und manchmal nicht. Glaubt ihr, daß sie auf eine Entfernung von drei Millionen Lichtjahren noch zu sehen wäre? Bei dieser Entfernung wäre nichts mehr zu sehen.
Ich sage dies als Beispiel. Niemand kann diesen Raum beschreiben; niemand kann sagen, wo die Grenze des Weltraums ist. Diese Galaxien, die doch riesig sind, sehen wegen der Größe des Weltraums in der Entfernung aus wie nichts. In einer großen Entfernung sehen alle Galaxien aus wie nichts. Wie können wir dann fragen: Wo ist Allah? Wo ist Gott? Diese Frage zeigt große Unwissenheit und Mangel an Verstand. Ihr müßt an einen Schöper glauben, dessen Größe unendlich ist und ohne Grenzen, und alles, was Er erschuf, hat Grenzen. Man kann nicht Seine Größe mit der Größe von Geschöpfen vergleichen. Jede Größe außerhalb Seiner Größe ist nichts.

Darwins Betrug

Laßt darum eure Vorstellungen. Die Menschen leben in ihren Vostellungen. Wenn wir positives Wissen annehmen, müssen wir über den Schöpfer und Seine Größe wissen und über das Vorrecht, das Er an Seine Diener hat, besonders an den Menschen. Der Mensch ist anders, vollkommen anders; er ist die vollkommenste Schöpfung. Seht euch nur um, und ihr findet zahllose Geschöpfe: in den Meeren, am Himmel, in der Wüste, überall, kleinste Geschöpfe, die man nicht berühren kann. Hat schon jemand versucht, eine Bakterie zu berühren? Welcher Wissenschaftler hat schon eine Abbildung einer Bakterie angefertigt? Und doch glauben wir an Bakterien. Können wir sie berühren oder sehen? Wieso nehmen wir dann an, daß es Bakterien gibt? Alles ist voller Bakterien, aber wo sind sie? Gibt es hier Bakterien? Im Wasser? Sie sind überall, nützliche und schädliche.

Es gibt zahllose Arten von Geschöpfen, aber ihr seid das wichtigste Geschöpf, und auch das vollkommenste. Sagt jemand, der Esel sei das vollkommenste Geschöpf? Und doch ist er auf seine Weise vollkommen, so wie die Fliege in ihrer Gattung vollkommen ist, und ebenso die Biene, die Schlange, die Ameise. Dennoch reicht ihre Vollkommenheit nicht an die Vollkommenheit des Menschen heran. Der Affe ist ein vollkommenes Geschöpf, aber nicht so wie der Mensch. Nie entsteht aus der Unvollkommenheit eine vollkommene Schöpfung; jeder Wissenschaftler weiß dies. Aus Vollkommenheit entsteht Vollkommenheit, das ist ein Gesetz des Lebens, welches vom Herrn der Himmel eingesetzt wurde und unveränderlich ist. Unvollkommenheit kann nicht Vollkommenheit hervorbringen. Darum war es ein großer Betrug von Darwin zu behaupten, der Mensch stamme vom Affen ab; denn der Affe ist nicht vollkommen, und der Mensch ist vollkommen. Ihr seid das vollkommenste Geschöpf, und ihr tragt die Verantwortung, die eurer Vollkommenheit angemessen ist. Diese Vollkommenheit wurde uns zu einem bestimmten Zweck gegeben: Wir bekamen Verstand und Willenskraft; etwas, was keinem anderen Geschöpf gegeben wurde.

## Wer Shaitan folgt, hat keinen Wert

(English: FollowersOfShaitanLikeDirtyToilets)

Fatiha.

Subhanak, Subhanak , Subhanak. Laa nuhsee thanaan `alayk kama athnayta `ala nafsik. Allahu Akbar, Allahu Akbar, Allahu Akbar al-Akbar, Allahu Akbar al-Akbar.
A' udhu Billahi min-as-Shaytani 'r-rajeem, Bismillahi 'r-Rahmani 'r-Raheem.

Aller Ruhm und aller Lobpreis für Dich O unser Herr. Wir bitten um deine Vergebung und deinen Segen und wir bitten dich demütig deinen Höchsten Respekt und Lobpreis deinem meist Geliebten und Heiligen Diener in deiner göttlichen Gegenwart Sayyidina Muhammad (s) zu geben. O Leute sagt A'udhu Billahi-min-as-Shaytan-ir-rajeem, Bismillah-ir-Rahman-ir-Rahim. Das ist die größte Ehre für uns, Deinen Heiligen Namen zu sagen, auszusprechen und wir erbitten von Heiligen die auf diesem Planeten leben und insbesondere erbitten wir vom Meister dieses Planeten, er ist der Qutub, Pol, wir erbitten von demjenigen der den Siegel der Propheten Sayyidina Muhammad (s) repräsentiert. (Steht auf) O unser Herr. Wir bitten nicht müde zu werden aufstehen und Dir und deinem Repräsentanten Sayyidina Muhammad (s) unsere höchste Verherrlichung zu geben. Der größte Teil dieser Welt ist auf der Suche von Ost nach West, von Nord nach

Süd. Seine Macht verbreitet sich auf diesem Planeten, und Er nutzt eine Kraft die zu Bismillah-ir-Rahman-ir-Rahim gehört und wir sagen.. wir sagen O unser Herr beschütze uns und gebe uns Unterschlupf vor Satan und seinen Anhängern. Wir sind schwach. Satan ist auch so schwach aber es behauptet er sei so mächtig das ist eine Behauptung. Idee. Er Behauptet das und er sagt "O! Ich bin so einer das mir Millionen Leute hinterherrennen aber die Anhänger aller Propheten (a) sind nur eine Handvoll aber die die mir folgen sind Millionen und Milliarden." Und ich sage zu Satan fluchend (Handfläche nach vorne) Verdammter. Sag das nicht. Diejenigen die Dir folgen sind die schlechtesten Kreaturen, die schlimmsten das sie Dir folgen. Die Dir folgen sind die dreckigsten und die schlechtesten. Warum bist du Stolz darauf das es so viele sind? Was ist ihre Qualität? Keine Qualität. Niemand bezahlt auch nur einen Pence für sie alle denn sie haben keinen Wert.

Wie Satan kein Wert für den, kein Wert, wer Ihm folgt hat auch keinen Wert, schmutzig. Gibt es irgendwen der für Schmutz Geld bezahlt?

Wer würde so viele, so viele, eh..shirket, Unternehmen. Hast du gehört so viele Sachen gehen..Borsa, Aktienmarkt. Alles wird verkauft, hast du schon mal gehört das jemand alte 'tuvalets', tuvalet (Toilette), 1000'e Toiletten voll mit Schmutz bringt. Das die jemand zum Schwarzmarkt, Aktienmarkt bring und sagt "O Leute heute eröffne ich unseren ähmm...welchen Markt? (Aktienmarkt) Aktienmarkt! Ich bringe etwas das ihr nie gehört habt dieses Metall. Sehr, sehr billig und in so großen Mengen das ihr es nicht auf Frachtschiffe laden könnt. Kann nicht transportiert werden bis zum Ende dieser Welt können sie es in Frachtschiffe laden und es ist so billig". "Was sagst du?...was für ein Art von Aktienmarkt ist das? Was ist jenes Material", 'Oh mein Freund hör, hör nun zu was er sagt'. "Was sagt er?" 'Er sagt das größte Material dieser Welt das niemals endet wenn du ganze Warenhäuser' und buyukkullunyar? (Schiffswerft) und Schiff, Schiff und 'heute kommen wir her um'.. Schwarzmarkt? (Aktienmarkt)..'Aktienmarkt aber dies gehört zum Schwarzmarkt'. "Welche Art von Material?" 'Ja Sir, überall finden wir es, endlos, täglich kommen Milliarden dieser Sorte von Material.' "Hmm, diese Schwarzmarkt Leute", Schwarz Markt? dieses Material" alle diese Aktienmarkt Leute sagen kommt schnell kommt und "Oh meine Meister! das ist so viel und so wertvoll und auch so billig. Wir fordern nicht mal einen halben Penny, halben Penny für Tonnen. "Hah! was ist das? Hör nun... ding ding, ding ding ding ding ding ding was passiert? "dann es ist eine sehr wichtige Sache unser Vorsitzender macht dies (Glocken) läuten ring, ding ding ding ding "O schau unsere" musabaka elan, (Wettbewerber), "vergleich leute" ..jemand setzt eine Brille auf und schaut nach vorne, "hier sind Details des Materials..." (Maulana

findet etwas Papier, setzt sich eine Brille auf, mach Mimik).. es steht geschrieben das du jenes Material überall finden kannst und das es so billig ist das sie es für ein Penny für eine ... äh...Tonne..Material auf den Markt bringen (Blättert um).. platzieren Material das du überall finden kannst in jedem Haus kannst du es finden und die Leute zahlen nie was dafür sondern schickens weg, was ist das? (Tierischer Dung/ Kompost) tuvalet's Material". 'Hah!? dieser bringt das Heute, für was ist das?' "sei geduldig, denn es kostet nur 1 Penny," 'wer bezahlt auch nur einen halben Penny dafür?' "O mein Bruder sei Geduldig sie nehmen dies und machen .. gib mehr Details ( Maulana schaut prüfenden Blickes auf das Papier)... sie sagen sie machen aus diesem Material .. mamma für Kinder und solche wie du, alte Leute. Machen mamma zum essen so, so, so .. lezzetli (lecker/ delikat) so schmackhaft, hast du es schonmal probier? huh?" 'Probier! Probier! wie schmeckts? wie schmeckt das?' "Oh unser Boss, sei nicht so schnell wütend, probier ein kleines bisschen, Nachts, und Morgens geh zur tuvalet und probiers nochmal. Du wirst so glücklich sein." 'thup..thup..woher bringt ihr so ein Metall, Material für mich?'

Wozu sagen wir dies? Tawbah, astaghfirullah. Das ist das dem die Leute hinterherrennen. Oh Leute! Oh unsere Zuhörer, so sind.. ganze Nationen, die ganze Menschheit so eifrig rennen sie dem einen hinterher? Und Shaytan macht eine sehr gute, sehr gute, kambalesh, "sprich nicht so viel, mein Magen kommt raus". 'Besser, das kann man auch verkaufen'. "Hah?!"

"O unser Aktienmarkt, Respektierte Mitglieder! Ich werde euch eine gute Geschichte erzählen. Es war einmal ein König. "Wo ist dieser König, wo ist dieses Material?" 'Bitte Sir, hören Sie mir zu.' "Es war einmal, cok acikgoz nederler, (clever).. bu soylesin,(gerissen, clever, Betrüger), ein Betrüger er hörte das der König jenes Landes ein Hobby hatte.. was für eins? für gute Parfüme. Ein Räuber er sagt 'O, ich muss gehen und versuchen so viel wie möglich für diesem König zu nehmen, zu betrügen.' und er bereitete 2 Ledersäcke vor. Ledersäcke, er bereitete Sie vor und füllte rein ich sage nicht was er rein füllte. Überlasst es meinen Zuhörern solche Dinge zu Wissen denn die meisten Leute sind solcher Sachen Unachtsam. Ich bin ein Professor für solch eine Sache,..Professor Ben uzman böyle bir •ey için pm.. Ich bin Experte solcher Sachen. Dies kann seine Heiligkeit, der Papst hören, dies kann seine Heiligkeit, der Anglikaner Kirchen Bischof hören, kann der Patriarch in Russland hören, in Konstantinopel, im Osten und Westen und besonders vielleicht Chef der buddhistischen Leute, vielleicht cok sey diyorler ala qadar olmaz ... cok interessiert. Daher, hört mir zu, diese Person war Chef der Räuber, füllte zwei Ledersäcke. Ich sage nicht was drinnen war. Und kaufte dann

Rosenparfüm, 1 Flasche, 10 Flaschen und machte auf die Außenseite der Säcke.

Wenn er vorbeikam, sagten die Leute 'O, O so schön. Ummm... so schön' 'Macht Platz, macht Platz, er betritt das Schloss vom König.' "Ich komme für seine Majestät den König, niemand vom Osten bis Westen kann seiner Majestät dem König so ein gutes Parfüm bringen." Die Leute machen Platz und es kommt ein großer Eingang, geht in das Schloss rein. Mizak, (die Wächter) Speer, dies ..beksi derem.. die Wächter sagen 'wohin'" und sagen "uff.. bitte fragt nicht ich komme zu unserer Majestät dem König mit etwas das niemand seiner Majestät als Geschenk geben kann." Sie schauen (schnüffelt) 'uff... so schön.' Schnell senden sie zum Palast und sagen, 'so und so eine Person kommt', 'schnell lasst diese Person rein, worauf wartet ihr? O Wärter. Öffnet und kommt. Kommt, bringt und stoppt. Und der König kommt und (schnüffelt) 'O, o, was bringst du?' "O unsere Majestät, wie Ihr riecht, die beste Sorte Rosenparfüm". 'Wirklich?' "Nur unsere Majestät dies ist sehr wichtig, ich sende es in euren privaten Raum, Halle, Ihr müsst dort sitzen und Ihr müsst super.. (Turkish)...Stab, aber hohe Höflinge bringen lassen. Lasst niemanden sonst da rein und ich sende mein Tier, zu diesem Platz, wo Ihr sitzt. Lasst niemanden herein, nur der Hohe Stab des Reiches soll dort sein und Ihr könnt die Säcke öffnen und so ...., so... süß und schönes Parfüm, von außen ist es nix, von innen ist es so..ooh. Ja Sir! Ich gehe, bitte geben Sie mir von Ihrer Großzügigkeit ein kleines bisschen" 'Schnell gebt dieser Person!' "Und meine zweite ..talab, Bitte, Ich wünsche von Ihrer Majestät ein Pferd, sogar das schlechteste kann mir gegeben werden und ich gehe bevor Sonnenuntergang. Gebt und wir sind ungeduldig' Und der reitet drauf, lang ling, lang ling, lang ling, bis er aus dem Tor des Palastes raus ist und macht dann so (gestikuliert peitschen ein Pferdes)... ein Pfeil kann ihn nicht erreichen. Und der König befiehlt, 'bitte öffnen um hineinzuschauen, bringt große Töpfe. Damit nichts verloren geht. 'Ja, bringen große Töpfe und befehlen, sein Diener kommt mit seinem Messer und macht so von beiden Seiten und es macht poshh. oossha...ok ! Dies! hay hay, gut, bestens! Dieses Material bringt ihr zum Aktienmarkt, Aktienmarkt shey bu, Produkt. Alle Kleider des Königs, alle Kleider der Leute werden wie tuvalet an Ihnen sein und dann machen die Leute so (abwischen). 'Schnell, renn hinter jenem Shaitan her.' Jener Shaitan hat schon fast sein Dorf erreicht und sagt Leuten. 'Öffnet schnell das Haus. Wenn jemand kommt, sag wir haben so eine Person nicht aber wir haben gehört das jemand aus dem zweiten Dorf solche Sachen zu seiner Majestät dem König bringt, aber sie sind weite Leute.

Komm und Schau, komm und schau'. "Nein dies ist sehr teures Material. Seine Majestät, der König sagt sehr

wertvolles Produkt, wir müssen schauen wir müssen es kaufen"... schaut euch um und bringt zu tuvalet und schau, "und dieses Haus auch?" 'Ja'. Beim betreten, "es war schlimmer als das was irgendein Shaitan zu unserem König brachte". Nun bringt Shaitan das Material zum Aktienmarkt und sagt Leuten, "Legt es auch den Tisch der Materialien und es ist gratis Material falls jemand fragt. Du kannst Milliarden und Trillionen Euros herbringen"... sagt und nun macht Shaitan diesen ganzen Schmutz für Leute, sagt "dies ist beste Material für mich. Ich bringe und lege das in den Aktienmarkt. Du kannst einen halben Penny bezahlen und ich bin auch glücklich, denn wir haben ... (Schiffswerft) Boot bring dies ...Erdöl, wir haben einen Tanker voll. Bezahlt mir einen halben Penny, ich werde euch das ganze Schiff geben gebt mir, es ist egal ihr gebt mir 10 Millionen, es ist egal, ich bin glücklich. Nun können wir Handeln, wir bringen den Preis runter auf 1 Millionen dann ist es egal. Falls nein sagt bringe ich es euch kostenlos auf euren Hof." 'Wenn es kostenlos ist, wieviel Millionen Pfund fürs Reinigen des Decks?' Nein Sir, Nein Sir. Das ist Shaitans Produktion und ihr müsst es in den Aktienmarkt bringen und Ihr alle sollt so glücklich werden. Wie der König glücklich war und dann verkaufte er es und nahm Millionen Pfund ein.

Das ist alles O Leute, O meine Zuhörer. Was müssen wir tun? Heute ist Sonntag. Ich sage in der letzten Woche des Ramadan den Leuten etwas um Sie glücklich zu machen und ihnen Hoffnung zu geben das sie eines Tages, das sie mit dem Material die reichsten Milliardäre werden. Nimmt es Gratis zu Ehren des Sonntags. Nimmt es Gratis, Shaitan macht das. O Leute! Denkt darüber nach. Von jeder Geschichte kann man etwas lernen. Das ist Shaitan und sein Markt, es ist nicht der Aktienmarkt; Über-Aktienmarkt, Shaitan macht das Leute reinfallen und nicht mehr Ihren Weg finden im Osten und Westen. Und er tat dies für alle Nationen und die ganze Welt ist nun in eine schwierige Position gelangt die sie "Finanzkrise!" nennen. Fragt Shaitan was er euch sagt. Macht diesen Handel und die Finanzkrise geht schnell vorbei und ihr alle werdet glücklich werden. Dies ist dunya und Ihre Produktion. Wer dunya mag denkt nie über ihren Erschaffer nach. Sie alle fallen in diese schmutzigen Kanäle und sie werden in einer endlosen Finanzkrise sein. Bis sie herauskommen und himmlischen Wegen folgen, dann werden sie Glücklich sein hier und im Jenseits.

O Leute! Assalaam `alaykum. Danke fürs Besuchen, und es gibt so viele Dinge zu erzählen. Ihr müsst glücklich sein, ihr müsst lachen aber ihr müsst nachdenken, ob es richtig oder falsch ist. Macht eine Jury Gruppe um Ihre letzte Entscheidung über die Finanzkrise zu geben. Ich bin ein armer Diener, ich zeige euch einen sehr guten Weg euch vor der Finanzkrise zu retten und ich gebe euch Gratis die Produktion aller

Kanäle. Kauft es und korrigiert eure Finanzkrise. Ende. Hört zu und denkt drüber nach. Falls es einen anderen Weg gibt bitte ruft mich an und ich bringe eine andere Sorte Material, wir haben so viele Sorten von Material. Ihr werdet sehr glücklich und sehr reich werden. O Nationen und Regierungen und religiöse Leute. Hört zu und lauscht!

Dumm, dumm, dumm, dumm, dumm,...
Ich bin so glücklich mit meinen Materialien,
O, O Leute des Aktienmarktes,
Aktienmarkt Bosse,
Ihr sollt sehr glücklich werden,
Ich singe für euch,
Denn ihr sollt sehr
Glücklich werden wenn ich für euch singe,
Ihr sollt eine gute Produktion finden,
Um sie überall zu verkaufen und zu platzieren
An Aktienmärkten überall
Dumm, dumm, dumm, dumm, dumm,...
Macht dies einen Marsch für euch alle,
Denn Ihr habt endlich das erreicht wonach ihr gefragt habt,
Das ist was wonach ihr gefragt habt und macht Musik und singt:
Dumm, dumm, dumm, dumm, dumm,...
So das ihr wie dieser König werdet, ihr alle sollt Könige werden,
Denn ihr werdet die Bosse eines Flohmarktes werden
Oder Aktienmarkt, ist egal, wir müssen singen,
Dumm, dumm, dumm, dumm, dumm,...
Dumm, dumm, dumm, dumm, dumm,...
OK? (lacht),
Danke.

Wie viele Leute?

295000.

## Der Wert der Zeit

Wenn alle Nationen alle Macht, alle Reichen alle Schätze zusammentun würden, wäre es ihnen nicht möglich, eine Sekunde ihres Lebens zurückzubringen, und die Leute verschwenden ihre Zeit und fragen nur danach, wie sie sie noch besser verschwenden können. Die Leute, die sich in einer Depression befinden, versuchen ihre Zeit schnell zu vertreiben. Sie denken, daß die Zeit stillsteht, und das bedrückt sie. Sie sagen, die Zeit vergeht nicht. Sie wollen, daß ihre Zeit schnell vergeht, weil sie depressiv sind. Die Leute, die nicht beschäftigt sind, fallen in Schwierigkeiten. Sie wollen auch, daß die Zeit schnell vergeht. Dann fühlen sie Ruhe in sich. Doch das ist dumm, denn das teuerste Ding im Leben, das wertvollste Juwel ist die Zeit. Selbst wenn du Schätze voll Diamanten gibst, kannst du keine einzige Sekunde zurückbringen. Wie kannst du wollen, daß die Zeit so schnell vergeht.

Es ist eine Regel bei der Naqshibandi-Tariqat, daß der Wert einer Person gleich dem ist, was sie der Zeit für einen Wert gibt. Der Wert der Zeit ist gleich dem Wert dessen, der sie benutzt. Wenn du willst, daß die Zeit schnell vergeht, hast du keinen Wert. Dann ist es für dich besser, unter der Erde zu sein, als auf ihr. So viel Wert, wie du der Zeit gibst, bekommst du an Wert hier und im nächsten Leben. Wenn du deiner Zeit Wert beimißt, bist du wertvoll. Wenn du jede Sekunde als einen gigantischen Schatz ansiehst, so ist es für dich ein Pluspunkt in der Schöpfung und in der göttlichen Gegenwart. Der Murid ist ein Mann, der seine Zeit jeden Moment oder jede Stunde oder jeden Tag gut bewahrt und nie will, daß sie verschwendet wird. Jedesmal,

wenn du ihn beobachtest, siehst du ihn den Moment fangen und halten, nie läßt er den augenblicklichen Momenet ungenützt verstreichen. Du wirst ihn nie unbeschäftigt finden. Tag und Nacht ist er mit etwas Nützlichem beschäftigt. Nie ist er bei nutzlosen Aktionen oder Absichten zu finden, er ist nie mit nutzlosen Aktivitäten beschäftigt. Wenn er sich so kontrollieren kann, hat der Murid Perfektion erreicht. Denn dann weiß er, was er tun muß oder tun wird. Er ist nie blind, sondern hat immer die Augen offen. Er schaut, was auf ihn zukommt in Zeit und Raum. Er webt Zeit und Raum ineinander. Er verschwendet nie seine Energie, ohne Zeit und Raum mit ihr zu verweben, und immer bringt er nützliche Aktivitäten hervor. Großscheich sagte immer: "Oh Leute, schaut auf eure Tage, mit was ihr sie füllt! Webt ihr mit Zeit und Raum und hinterlaßt ein exzellentes Werk?" Vor unserer Zeit trachteten die Leute danach, ein Gewebe aus Zeit und Raum zu machen, um etwas zu schaffen, das mit ihnen in diesem und im nächsten Leben sein würde. Die größte Sünde ist es, seine Energie zu verschwenden, faul zu sein, nicht energiegeladen zu sein. Für Muride ist das die größte Sünde.
Die Leute laufen vor Tariqats davon, denn die Tariqat läßt dem Ego keine Chance. Das Ego läuft davon und kann keine guten Dinge tun. Das Ego will immer deine Zeit und deine Energie verschwenden. Alle Propheten drängen die Leute, ihr Bestes zu tun. Das ist das Beste für einen Menschen, das Beste zu tun. Ein Sufi muß zuerst versuchen, seine Energie zu halten und nicht, sie zu verschwenden. Jetzt seid ihr jung, euer Gefühl sagt euch, daß ihr so energiegeladen seid. Euer Ego mag euch befehlen, eure Energie zu gebrauchen - grenzenlos. Wenn du sie dann vergeudet hast, gemäß dem Drang der Begierden, zerstört dich das schließlich. Du kannst es nicht aufhalten. So schnell verlierst du all deine Energie in einer unerwartet kurzen Zeit. Die meisten Leute beklagen sich über Krankheit und Armut: "Oh Scheich, hilf mir." Doch ihre physischen Kräfte sind am Boden, zu Ende. Es ist so schwierig und braucht die Kraft der Propheten, um ihnen zu helfen. Auf halben Wege fallen sie zusammen. Sie beenden nicht den Kreis, der für sie bestimmt ist. Deshalb müssen wir unsere Willenskraft gebrauchen. Schritt für Schritt kannst du fähig werden, dieses Ego zu kontrollieren. Es ist wichtig, über die Zeit Bescheid zu wissen, sie nicht zu verschwenden und zu wissen, von wo die Energie kommt, und wie man mit ihr umgehen muß, damit sie nicht verschwindet, und man ohne Kraft und Willen bleibt und ohne Sehnsucht - wie ein Baum. Wir müssen versuchen, jeden Moment lebendig zu machen, wenn wir es nicht vermögen, Zeit und Raum zu benutzen.

## Der Wert des Goldes

Schon wieder sind wir dem Jenseits einen Tag nähergerückt. Die Menschen laufen der Welt nach, doch die Welt läuft vor uns weg, das Jenseits aber auf uns zu. Möge Allah in uns die Liebe zum Jenseits erwecken! (Amin).Wer mit der Dunya läuft, geht mit Shaitan, wer sich ans Jenseits hält,ist mit Allah. Die Dunya gehört Shaitan, sie macht groß Reklame, überall hängen ihre Tafeln: "O ihr Menschen, strebt nach dieser Welt, sie ist für euch, ich habe sie für euch geschmückt und ausgestattet! Kommt nur, dieWelt gehört euch, schaut, was da für euch bereitliegt, rennt nicht nachVerlorenem, schaut nur auf das, was euch vor Augen liegt!„ Shaitan veranstaltet eine große Reklameaktion, um seine Waren zuverkaufen. Der an dieser Welt trunkene Mensch sagt: "Da ist noch eineandere (Art von) Dunya, die will ich haben, der lauf ich nach, gleich hab ich sie!„ Wir fragen ihn: "Na, hast du sie eingefangen?„ Er sagt: "Ja, fast, gleich bin ich dran, gleich hab ich sie; morgen versuch ich,s nochmal, gestern hat,s nicht ganz geklappt, da ist sie mir entschlüpft, morgen früh versuch ich,s nochmal.„ Morgen abend fragen wir ihn: "Hast du sie nun erhascht?„ "Gerad hat, ich sie am Schwanz gepackt, da ist sie mir entwischt, dann wurde es Nacht, ich konnte nichts mehr sehen, da ist sie entkommen. Wenn es wieder Tag wird und die Sonne aufgeht, dann seh ich, wo sie sich versteckt hat ach, so was ganz Schönes, gerade wollt, ich zupacken, da war sie schwupp weg!„ "Wie lang machst du das schon so, einen Tag oder zwei?„ "Wie bitte? Das mache ich schon viele Jahre lang! Jedesmal bin ich fast dran, da entwischt es mir, glückloser Mensch, der ich bin immer bin ich kurz davor, und dann war,s wieder nichts!„

"Wa l-akhiratu khairun wa abqa„ "Das Jenseits ist besser und beständiger„, sagt Allah. Die diesseitige Welt ist vergänglich, das Jenseits aber ewig bestehend. Wer das Vergängliche dem Ewig-Bestehenden vorzieht, hat keinen Verstand. Der ist glücklich zu nennen, der das, was ihm von dieser Welt zufällt, nicht für sein Ego (niedere, eigensüchtige Bedürfnisse) verwendet, sondern für das Jenseits. Er verwendet es, um im Jenseits ewige Güter zu erwerben, er gibt von dieser Welt um des Jenseits willen. Gebt von der Dunya und empfangt das Jenseits! Wenn ihr nicht von dieser Dunya hergebt, dann könnt ihr nichts vom Jenseits empfangen! Wie soll man von der Dunya geben? Auf dem Wege Allahs. Für Allah, um Allahs willen. Dann empfangt ihr Gottes Lohn im Jenseits. Wer nur für sein Nafs ausgibt, der hat bald nichts mehr, und es kommt nichts nach. Im Jenseits werdet ihr dann hungern.

"O ihr Menschen! Shaitan ist der größte Verführer, hütet euch!„ spricht Allah. Gebraucht den Verstand! Wer seinen Verstand gebraucht, der rettet sich, wer ihn nicht gebraucht, der verliert alles! Ein Dieb, der in ein Haus einbricht, versucht nicht, die großen Gegenstände mitzunehmen, wie Tisch, Betten und Schränke, sondern er sucht nach kleinen Dingen von großem Wert, Schmuck, Geld, Preziosen, von großem Wert und kleinem Gewicht. Einem Ring, der vielleicht mehr wert ist als die ganze Wohnungseinrichtung. Der Dieb ist schlau er belädt keinen Möbelwagen voll gestohlener Ware, er fülltnur seine Taschen. Er sucht und flucht dabei: Verflixt, wo ist nur das wertvolle Zeug, dieser Plunder taugt ja nix, lohnt nicht, ihn fortzuschleppen...

Und was ist mir dir, o Mensch und Muslim? Du glaubst doch ans Jenseits? Wir sind hier alle Menschen und alle Muslime, und wir glauben ans Jenseits. Was mühen wir uns also ab um die gefüllten Kästen dieser Dunya? Einräumen, ausräumen, aufhängen, abhängen, neuanfertigen wozu? Diese Welt ist voll solcher Dinge wie Betten, Tische, Stühle...

Ich hörte unlängst eine neue Nachricht: In Amerika beginnt man jetzt, Dollar gegen Gold einzutauschen. Warum? Weil alle befürchten, daß bald ihr Papiergeld wertlos wird. Die Regierung warnt schon, daß in einem Jahr, (ab September 99) die Computer versagen werden und dann keiner mehr an sein Bankkonto herankommt. Keiner kann sein Geld mehr zählen oder abheben alles aus, basta. Drum, nimm,s und steck,s lieber unters Kopfkissen oder in die Matratze oder tausch es in Gold um, steck,s in einen Blechtopf und

vergrab,s im Garten, dann stellst du einen Grabstein darauf und sagst, du hast deinen seligen Großvater hergebracht und darunter bestattet. Dann gräbt keiner nach (wenn,s ein altes Grab wäre, würde S. es ja aufbuddeln, aber so...). Es ist ein neues Grab, das niemanden interessiert. Also, Gold. Häuser, Immobilien taugen nicht, weil sie nicht transportabel sind, auch wenn du eine Urkunde hast. Wenn du kein Papier darüber hast, ist es sowieso hoffnunglos. Wenn es also dir gehört, na, dann trag soviel davon fort,wie du nur kannst...Wir glauben doch an das Jenseits, oder? Wenn wir daran glauben, dann müssen wir bemüht sein, hier zusammenzutragen, was wir nach dorthin mitnehmen können. Der Besitz dieser Welt verbleibt in dieser Welt (alle Tische,Betten, Schränke...); versuche also zu mehren, was einen hohen Wert hat und wenig wiegt. Es taugt jetzt nichts, Papiergeld anzuhäufen, 100 $-Scheine, 1000 $-Scheine wer sich damit abgibt, der läuft Gefahr, daß eines Tages einfach alles weg, gleich null, wertlos geworden ist.

Aber Gold das verliert niemals seinen Wert. Niemals. Zu keiner Zeit, an keinem Ort. Wo gibt es eine Maschine, die Gold auf seine Echtheit untersucht? Aber es gibt vieleLeute, die erkennen Gold am Klang wenn man ein Stück Gold auf einen Marmorstein fallen läßt, hört man einen Ton, den nur Gold abgibt , und viele können daraus auch den Karatanteil bestimmen. Es gibt für das menschliche Ohr keinen schöneren Klang als das Klingeln von Gold, nichts kommt an diesen Klang heran, denn es ist der König unter den Metallen. Als unser Urvater Adam, der Friede sei auf ihm, aus dem Paradies verstoßen wurde, da weinten alle Metalle, außer dem Gold und dem Silber, die zeigten für den Propheten Adam keinerlei Bedauern. Alle anderen waren um ihn betrübt und trauerten mit ihm, nur diese beiden zeigten kein Gefühl für ihn. Sie wurden gefragt, warum sie ihn nicht bedauerten, da sagten sie: "Er war ungehorsam gegen den Herrn der Welten, drum ist es unnötig, ihn zu bedauern.„ Aus diesem Grunde verlieh der Herr dem Silber und dem Gold einen solchen Wert. Zu welcher Zeit, an welchem Ort, unter welchem Volk es auch sei, der Wert von Silber oder Gold ändert sich nicht, fällt nicht ab. Warum, K., solltest du dann nicht aus Silber oder Gold sein?

Ein Prophetenwort sagt: "An-nâsu ka l-mâŒadin.„ "Die Menschen sind wie die Metalle„. Wie es Gold und Silber und Kupfer gibt, so gibt es auch Menschen jeglicher Sorte, gibt es auch Menschen, die Goldwert haben, dann solche, die Silber-, Kupfer-, Eisen-, Blechwert haben. Gold fault nicht, rostet nicht hat man schon einmal gehört, daß Gold rostet? Auch nach Millionen von Jahren bleibt Gold als Gold erhalten Gold vergeht nicht. So ist es auch mit den Menschen, die Goldwert haben: Auch sie faulen nicht. Dies sind die Propheten und Heiligen, selbst wenn sie zehntausend Jahre in der Erde liegen, verwesen sie nicht, wie das Gold. Solche,

die den Wert von Blech haben, fangen nach ein paar Jahren an zu rosten und werden, wie auch Blech selbst, wieder zu Erde. Der Mensch liebt aber das Silber und das Gold, weil er weiß, daß sie nicht an Wert verlieren, daß sie unerreicht sind. Das Fallen und Steigen der Aktien an der Börse ist nur ein Spiel, das zählt nicht, weil sie mit Papieren spielen. Wenn das Gold steigt, fallen die Aktien, aber Gold behält immer seinen Wert. Wenn du also dein Leben in dieser Welt darauf verwendest, Papiergeld anzuhäufen, bedeutet das, daß dein Verstand schwach ist, denn Papiergeld kann an einem Tag, über Nacht seinen Wert verlieren. Plötzlich heißt es eines Morgens: Das bisher gültige Geld ist heute nicht mehr gültig. Du kannst dann nichts mehr dafür kaufen und nichts davon verkaufen; wie anders, wenn du Gold hast. Darum gleicht alles, was du für diese Welt erwirbst, dem Papiergeld, das du anhäufst. Und was du für das Jenseits vorbereitest, gleicht dem Gold und dem Silber. Wenn man dich mit Gold und Silber zusammen ins Grab legt, werden diese noch am Jüngsten Tag bei dir sein, sie verwesen nicht; legt man dir aber Papiergeld hinein, so ist dies am nächsten Tag schon verfault.

Wichtig daran ist, zu verstehen, daß ein verstandesbegabter Mensch nicht Dingen hinterherläuft, die vergehen und verrotten, sondern Dinge sucht, die unvergänglich und ewig sind und die Bestand haben. Des Gläubigen Handeln ist fest begründet, er sagt: "Ich suche nach Gold, ich suche Diamanten, Rubine, das ist meine Sache vielleicht finde ich einen Rubin, damit bin ich fürs ganze Leben versorgt; vielleicht finde ich einen Brillianten, so ein Schatz reicht mir bis zum Ende der Welt.„ Die Welt steuert gerade auf den Nullpunkt zu, man zählt rückwärts auf Null zu, auf die letzte Station zu. Das Jenseits kommt uns von Tag zu Tag näher, die letzte Station der diesseitigen Welt ist der Beginn der Jenseitigen. Sobald du den ersten Schritt ins Jenseits tust, wirst du gefragt werden: "Was hast du von hier an Gold und Silber mitgebracht? Was hast du an Taten vollbracht, die dir hier im Jenseits nutzen?„ Dies ist die Propaganda, die wir der Propaganda des Teufels entgegensetzen, Shaitan will euch betrügen, wir aber wollen die Wahrheit sagen. Doch die Menschen von schwachem Verstand lassen sich von Shaitan irreführen und hören nicht auf die Wahrheit. Bemüht euch stärker um das Jenseits, denn die Entfernung bis dahin ist geringer geworden.

Soweit wir wissen, wird das einundzwanzigste Jahrhundert nicht vollendet werden, das zweiundzwanzigste Jahrhundert wird es nicht geben. Ein jeder suche für sich das zu holen, was festen Bestand hat, er verschwende sich nicht im Streben nach dieser Welt, die zugrunde gehen wird. Denn die Welt strebt dem Nullpunkt zu, und das Jenseits wird beginnen. Es geht auf die Ewigkeit zu. Man spricht von Wegkreuzungen:

Die Wege laufen an einem Punkt zusammen, dem Nullpunkt, dann weiten sie sich und laufen wieder auseinander. Wir sind hier, nahe dem Nullpunkt, der Kreuzung. Wenn wir den Nullpunkt überwunden haben, weitet es sich wieder, bis in alle Ewigkeit. Jetzt schließt sich alles um uns, wir laufen wie von draußen nach drinnen hinein. Langsam zieht sich die Weite des Da-draußen immer mehr zusammen, Stück für Stück wird es langsam immer enger, bis wir am Nullpunkt angekommen sind. Doch wenn wir diesen überschritten haben, beginnt es sich wieder auszuweiten, in alle Ewigkeit, nie wieder wird es dann einen Nullpunkt geben. In mathematischen Worten ausgedrückt: Man stelle sich ein X vor, die Linien laufen zusammen, kreuzen sich am Nullpunkt und laufen dann ins Unendliche auseinander. Darum sprechen wir von der Ewigkeit, der Unendlichkeit. Darin gibt es kein Ende, keinen Nullpunkt. Hier erreichen wir nach dreißig,vierzig, hundert Jahren den Nullpunkt, wenn wir den jedoch überschritten haben und auf der anderen Seite weitergehen, dann geht es ewig, unendlich weiter, nichts hält mehr auf, nichts hält zurück. So lehrt uns Allah der Erhabene, das Leben in dieser Welt geht zu Ende, und wenn ihr diesen letzten Punkt in dieser Welt hinter euch gelassen habt, dann geht es hinein ins ewige Leben, in die Unendlichkeit.

So ist die Bedeutung von "kullu nafsin dhaiqatu l-maut„, "jede Seele wird den Tod kosten„, daß jede Existenz auf Null gebracht werden wird danach beginnt das jenseitige Leben. Da gibt es kein Gedränge, keine Enge, kein Hindernis: Es geht weiter und weiter bis in alle Ewigkeit, Endlosigkeit. Ebedi, sermedi "Sermedi„ ist eine Steigerung von "Ebedi„, beides heißt "Ewigkeit„. Wir schreiten ewig weiter, darum fürchtet euch nicht vor dem Tod. Denn du gehst auf einen Nullpunkt zu, den du überquerst, wonach sich vor dir alle Ewigkeit auftut und weitet. Aber an diesem Punkt müssen wir natürlich vorbei, darum heißt es, "Jede Seele wird den Tod kosten„, d. h. an den Nullpunkt gelangen. Dort ist nichts: Null, keine Anhäufung, das ist die Bedeutung von Null. Danach erst kommt die Öffnung, die Weitung. Allâh, Allâh... Auf jener Seite werdet ihr das ewige Königreich erleben, das unendliche Reich Allahs.Wir sind in nur einem kleinen Punkt von ihm enthalten. Dort werden wir die Herrlichkeit eines einzigen Punktes in Seinem Ewigen Reich erkennen, und wir werden Ihn in seiner unermeßlichen Weite nicht erfassen, nicht messen können. Die Majestät Allahs, das Entstehen Seiner Größe keiner kann es begreifen, unmöglich verstehen. Er wird dir die unfaßbare Größe zeigen, die einem winzigen Korn Seines Reiches innewohnt, und dich in diese Unendlichkeit eintauchen lassen. Allah, Allah ... Allâhu Akbar.

## We Stand for Our Prophet (s)!

Dastoor yaa Sayyidee, madad yaa RijaalAllah. Laa hawla wa laa quwatta illa billahi ‘l-`Aliyyi ‘l-`Azheem. (Mawlana Shaykh stands.)
Allahu akbar, Allahu akbar, Allahu akbar, Allahu akbar la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! Alfu salaat, alfu salaam ala Sayyidi ‘l-awwaleen wa ’l-aakhireen, habeeba Rabbi 'l-`alameen wa man taba`hu mina 'l-mumimeen wa 'l-muwahhideen ila yawmi 'd-deen. Marhaban, marhaban. (Mawlana Shaykh sits.)

A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem. Madad yaa RijaalAllah, madad yaa Sultan al-Awliya.

We are asking heavenly support for this humble meeting. We must ask always a support. Really, when heavenly support just left a person, falling down, just battery finished. Now we are asking some special support. There is one common support that is supporting the master of this world, qutb. He is responsible for every living one in this world, on this planet. One kind of support is an ordinary support that everyone is granted, even ants, even bacterias, even virus; they must have a support, because impossible for anything to be in this world without any support. They must be supported, then they come in life.

Everything is understanding and knowing Who created them, Who granted them to come into existence, and virus is something that is in existence; it can't be by itself (existing), that is impossible. Qaim bi-dhaatihi, Who is in Existence Only by Himself is Allah Almighty (swt). (Mawlana Shaykh stands.) Subhaan sen yaa Rabb, Sultaan sen yaa Rabb. (Mawlana Shaykh sits.) He is not in need of any support. If He needs support His supporters must be more powerful than Him; therefore, that stopping there. Everything reaching to that point and no more, no way for them for understanding.

Everything is in limits for knowing their Creator. Everything is His Creation, from pre-Eternal up to Eternal creating, and who is created is knowing Who created them. Only heedless Mankind that they are not thinking on it, therefore their levels now going down, deeper, coming down, coming down. Even a virus is knowing Who bringing them into existence. And a man not knowing. How it can be? Their levels going to be under the level of a virus. And they are knowing about their Creator and giving their most high respects according to their levels, they are granting or asking to grant to their Creator highest glorifying, tasbeeh.

••••• •••• •••••• •••••• ••••••••• •••••••••• •••••••• •••• •••••••••••• •••••••••••••

Asta`eenu billah: wa in min shayin illa yusabihoo bihamdih. There is not a thing but celebrates His praise; And yet ye understand not how they declare His glory! (17:44)

Shayin means "everything", even most smallest one must know and must give his most high glorifying to that One who bringing them in existence.

But shame or blame on Mankind that they are living on this planet, on Earth, on this world, and they are not coming to grant their most high glorifying to Who is bringing them in existence! Blame, blame, endless blame on those people! We are asking, O our Lord, don't make ourselves to be such heedless beings! This world created for Man and they are not thinking on it, Who created them on this planet and granting to them countless enjoyment with everything? They may reach and they may taste from everything such an enjoyment, such a pleasure, such a happiness. Everything in nature, they are saying "nature," everything on this planet and through its nature, everything has just been ordered, "O whole Creation on this planet! You have been ordered to grant to that one who was created and he is symbolizing the Creator! Who he is representing, the Creator of this universe, He is granting to you such an honor that He created everything around yourself, on yourself, under yourself! He is granting to you, and His grants is glory for you and you

are dirty ones, not thinking on it to say, ‘You created us and our countless, our endless, our highest glorifying to You.’”

(Mawlana Shaykh stands.) O our Lord, Allahu akbar al-akbar! Yaa Allah, yaa Allah! (Mawlana Shaykh sits.)

It is biggest blame for Mankind they are preventing even to speak His Holy Name, “Allah Almighty”. They are preventing not to be said, not to be used through their languages, not to be used through their teachings, not to be reminded through universities, colleges and academies. That is biggest blame on Mankind whom they are living through 21st century; whole blame on them! O our Lord, don’t make us from those people! We are leaving them and we are so unhappy from them! We never like them, O our Lord! Who they are not giving their highest glorifying to You, we are not accepting!

Even a virus is giving through its capacity, tasbeeh, glorification for its Creator. Everything that created must have a creator; a creature without a creator can’t be. If I am saying this, just here no one making this (no one else is saying). (Mawlana points to camera) people saying, “You are foolish, you must be taken to mental house.” And everything in science that their knowledge is reaching, everything they have a kind of life, everything in existence are living they are living ones. Can’t be a dead one, but they are living ones. Dead ones going to be like Earth, rocks, sands, but other things you can’t say “dead ones.” Even sands and rocks and gigantic mountains and endless Oceans they are knowing that they are creatures, just had been created by the Creator. They are knowing and saying “subhaanAllah, subhaanAllah, subhaanAllah.” O Mankind! Who are living through 21st century, we are saying what are you doing?

•••••• •••••••••••• ••••• •••••••••

Dhaalika mablaghahum min al-`ilm. That is as far as knowledge will reach them. (53:30)

O Salafi `ulamas, why are you not opening your mouths, why are you not tableegh, informing people in such a way to understand whom they are and Who bringing them from nothing to be something?! From death valleys, bringing you to life, full waadis (fertile valleys). Why you are not saying? You knowing only to say as-salaat wa 's-salaam bud`a, “Salawaat is bida`.” Huh!? You know only this, to stand in front of muwaajahatu 'sh-shareefah and to address to Rasoolullahi, Sayyidina Muhammad.

(Mawlana Shaykh stands.) As-salaat wa 's-salaam `alayk yaa Sayyidi ‘l-awwaleen wa’l-aakhireen (s).

(Mawlana Shaykh sits.) You are knowing only to say bida`, bida`, haraam. Allah Almighty giving highest respect to that one and you say, when we are saying, As-salaat wa-salaam `alayka, yaa Sayyidi ‘l-awwaleen wa’l-aakhireen. (They say) haadha buda`, where is your (proof)?

•••••••• •••••••••••••

haatoo burhanakum, bring forth your proof. (2:111)

•••••• ••• ••••••• •••

Al-halaalu bayyin wa 'l-haraamu bayyin, "The Permitted is clear and forbidden is clear.”

Where is your proof? Say! Or a day is coming that your mouths are coming together and you can’t speak until you say, As-salaat wa-salaam yaa Sayyidi ‘l-awwaleen wa’l-aakhireen yaa Sayyidina Muhammad (s)!

Allah Almighty saying for the Seal of Prophets (s), “You are only mundhir, warner.” Yeah, nothing you may warn people, but don’t bring something from tilqaa anfusakaum, haadha halaal wa haadha haraam, haram Allah. Allah preventing that, (so) don’t say if you don’t have more than proof, burhaan, if you don’t have evidence don’t say that is haraam. Why haraam? If haraam, giving trouble to that person or to others, what is haraam. That is main reason that Allah Almighty prevented making it haraam, because it is harming people. Therefore, Allah Almighty saying, “Everything that harms you, just I prevented it.” What harming coming if you are saying as-salaat wa-salaam yaa Sayyidee, yaa Rasulallah. What harm coming?

And Allah Almighty bidh-dhaat, by Himself, He is saying I am giving my respect to Muhammad (s). Mawlana stands... Allah, Allah, Inna Allaha wa mala`ikatahu yusaloona `ala an-nabi. Allah yusalli `ala an-nabi. (...) (Mawlana Shaykh sits.) Allah Almighty giving His high respect to say, “Muhammad ....” (Mawlana stands, then sits.) .... and you are saying it is bida` (innovation), it is kufr (unbelief), it is haraam (forbidden)? Haatoo burhanukum, Bring your proofs, and if not, I don’t think you may reach the end of this month or next month! Allah Almighty is getting His divinely anger on those who are not believing in His representative, Sayyidina Muhammad (s) ..... (Mawlana stands.) ... A thousand times I may stand up for the honor of Sayyidina Muhammad (s) ..... (Mawlana Shaykh sits.) ....

Just reported through history of mulook, kings, that Sultan Ahmad that built the Blue Mosque in Istanbul, and he was sultan bahrayn wa 'l-barrayn, hakkan sultan, saying whole barriyah, continents and oceans, Allah

granted to them such an honor, such a greatness, that whole non-Muslim world they were trembling from haybat as-salaateen, that greatness dressed them. Now Turkey taking them away from their country, from their lands, no value now. But Ottomans, up to end at the beginning of 20th century, whole world was trembling from their greatness. Now they left it, they sent away and what happened, you know and they know also. That one Sultan Ahmad, Allah grants him Jannat al-Firdaws, was sitting on `Arsh al-Mamlakaat, his throne, and anyone anytime saying the name of the Seal of the Prophets (s), he was standing up for honor of Sayyidina Muhammad (s).... (Mawlana stands, then sits.) ..... Anyone said holy name of Sayyidina Rasoolullah (s), he was standing up and sitting, even hundred times, he was standing hundred times and sitting.

What they are doing now, Salafi `ulama? At the time of salateen (kings) no `ulama. If it was haraam or bud`a why they are not saying? Their `ulamas just filled hundreds of libraries for their knowledge that they are taking from Holy Qur'an and holy hadith of Rasoolullah (s), why they are not saying, "You are wrong, don't stand up." Yaa Salafi `ulamas. If Jalalatul-malik comes you are sitting or standing up? Standing up. Even jalaalat al-malik (His Majesty the King) `AbdAllah, ayyadahullah, bi iqaam sha`air al-islam hunaa wa hunaak (May Allah support him, for his raising up the signs of Islam, here and there) we are happy with him. If jalaalat al-malik yatla` wa yarja`, even if going out and coming back, even ten times or twenty times, you are going to sit here? Never. What about if Sultan Ahmad only stand up for his (s) holy name? For his holy name may be standing up. If making sajdah it is wrong? Above your knowledge, it is haraam sajda li ghayrillah. Do you think that in existence anyone's existence? Do you think that anywhere there is not the Creator? Who teaching you such a things? Don't say "This is halaal and this is haraam." That is halaal bayyin, it is so clear.

O People! O muda`ee, claimers that you now everything and others not knowing, you are on wrong way. Fourteen centuries whole Islamic world giving their most high respect, most respected creature that the Lord of Heavens created. Why you are not giving respect?

Hadith you are reading, but not understanding. (Is it) not from Sunnah, Ta`dheem dhi 'l-shaybah ("the one possessed of grey hair", the esteem of the elder)? (If it is for) dhi 'l-shaybah, is it ok. Rajul kabeer fi 's-sin (an elderly man), to stand up, it is your good adab. And say another hadith "kabbir, kabbir" or "kabbir, kubbar!" You know the hadith? They must know "kabbir!" As much as you are giving a greatness to someone, you

should be granted a greatness also. And O Salafi `ulamas, what is your opinion if we are going to say, Man just representing the Lord of Heavens? It is wrong? If it is wrong, we are saying that you never understanding anything! If everyone representing their Creator, what about the Seal of Prophets (s)? By himself he was representing himself? Can't be! Can't be! How a person representing himself? Must represent someone else. And who representing Allah Almighty? That one that you are saying, don't say as-salaatu wa 's-salaamu `alayk. What is that jahaalat, ignorance from you? Makes something and speak to people on the level that they are understanding. They are not such a person to reach up a little bit from the level of `amata 'n-naas. What you are saying only for `amata 'n-naas, for common people, but you are claiming that you are representing highest level of people. Please fahimhum, make them to understand.

Therefore, may Allah forgive us. That is important, coming to speak to you. I don't know, but they are preparing and my tongue speaking to you. I am not sitting whole day and writing, no. Waaridaat. You know the meaning of waaridaat, heavenly inspirations, heavenly transmission, irtibaat, heavenly connection. I don't know if you are believing in heavenly connection. If you are saying "no" that means you are going to deny wahiy, revelation. Because wahiy from heavens coming. If it is true for one, maybe for others, but not same, because everyone they have special level, according to their levels, that revelation coming from heavens, coming to that one. Therefore the Seal of Prophets (s) always in connection with heavenly ones or he is in connection with the Creator of whole Creation.

May Allah forgives us. O People! Try to understand some meanings through Holy Qur'an and holy hadith. This you are in need because we are in need to be enlightened, and enlightedness coming from heavens. If you are not accepting, you are cutting the way for heavenly lights to come to you and you are always going to be through darkness of this material world, and you are going to enjoy yourselves through some material aspects. It is all of them useless for heavens! Try to reach something that makes you to be more closer from Divinely Presence.

May Allah forgives us. O People! We are tiring, but we are asking. Perhaps such a talks or teachings may be sometimes for people who do not understand something, but we must try. A small one can't understand what is the first "alif", and second "ba" and third "ceh" (alphabet), but he may learn; his teacher may teach him. And so many may learn through someones that they are knowing that secret power, or whom they have that secret power to reach to people's good understanding. If you are blocking your hearts, even Prophet (s) can't

do. Because Jewish people were saying, quloobuna ghulf, “Our hearts are blocked.” What it means is an ocean and we are leaving that, but Jewish people were saying to Prophet (s), “Our hearts just blocked, as much as you are saying we are not listening and if listening no accepting or listening and can’t understanding; blocked.”

So many people their hearts just locked. I am asking forgiveness from Allah Almighty (for) my heart not to be closed down, locked down.

Istaghfirullah tubtu wa raja`tu ill-Allah. Anta Rabbee, Anta Hasbee, yaa Jaleel. Yaa Allah arzuqna `ilman nafi`an, anta `aliman bi jaahi man anzalta `alayhi Surat al-Fatihah.

(45 minutes)

Dome dome, dome dome, dome dome, dome dome 4x

Fatihah.

## Western People Hearts Attracted to the Orient

Dastoor. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Rabbuna'Llah, Hasbuna'Llah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah,
Subhaan Allah, Subhaan Allah, Sultaan Allah.

Ash-hadu an laa ilaaha illa-Llah wahdahu laa shareeka lah wa nash-hadu anna Sayyidina wa sanadana wa mawlana Muhammadan`abduhu wa habeebuhu wa rasooluh (s). Allahumma thabitnaa `ala 'l-Haqq! Allahumma thabitnaa `ala 'l-Haqq! Rabbana laa tuzigh quloobana ba`da idh hadaytana wa-hab lanaa min ladunka rahmatan innaka `anta al-Wahhab. Zid habeebika `izzan wa sharafan nooran wa surooran, ridwaana wa sultaana. Yaa Rabb faktub shahadatana `indak. Yaa Rabbi 'l-`alameen. Thumma as-salamu `alaykum yaa `ibaadAllah as-saaliheen alladheena yatabi`oon an-nabiyyi 'l ummee Sayyidi 'l-Awwaleen wa 'l-`Akhireen. Ameen, ameen. (Mawlana Shaykh sits)

We know nothing, O our Lord. We are asking to know, to learn and to give our highest glorifying to Your Heavenly Presence. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. We are running from

Shaytan and from its trips and traps that it is putting everywhere to prevent us from our main important aim that we have been ordered to be obedient servants. And just we gave our oath on the Day of Promises that we will be His servants. And we gave our oath also that we are going to be the best ones at keeping our oath.

O Salafi `ulamas! Listen to what they are making a weak servant to address people. As Sayyidina Sulayman (a) listened to the announcement of an ant, he was hearing, and listening. Say you are like gigantic ones, and who is speaking here is like an ant or under the level of a ant, but you must take care. You must take care and you must give special attention, because as the Lord of Heavens is saying: (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem.

•••••••••• ••••••• ••••••• ••••••• ••••• ••••••

Antaqa'nallahu 'Lladhee antaqa kulla shay.
They will say: "(Allah) hath given us speech,- (He) Who gives speech to everything. (41:21)

(Mawlana Shaykh sits) That means, Hisham Effendi, they must give a value or special attention to what such a weak servant is saying. Yes, if you are giving attention, you are going to be granted from heavenly lights to your hearts. Those heavenly lights are showing to you about everything on this planet. You can look in a second if you have been granted heavenly lights. You can look throughout the east and west, you can look in oceans and continents, everywhere, and those heavenly lights are enough to show you instantly because heavenly lights are not the lights we are using on Earth, no! One ray is enough to show everything with their real beings, not only outlooking, no. That heavenly ray may show what they contain from heavenly realities, and that is a grant from the Lord of Heavens to His real servants. Yes.

May Allah forgive us for our bad manners. May Allah forgive us! Bad manners are going to be veils putting us in a dark situation everywhere. We are trying to get out, but we can't find a way because our egos are insisting not to accept heavenly lightening, saying, “We are not in need of heavenly lights. We are reaching for everything's real being with our technology through which we are finding so many kinds of lights. We must keep those lights to reach realities!” It is fully foolishness from scientists, from doctors, and from academist people, fully foolishness! By yourself you can’t reach any aspect, no. If you are saying, “We don’t need to take a plane to go from England to US,” that is fully foolishness! We must use some special means for reaching

from London to US. If you are refusing a waasitah, intercessor, that means you are in the darkness of this life and nothing is reaching you.

There is a center, and coming this power. And if anyone is asking something beyond our lives, they must use something else because material means can't be able to take Man's mentality from Earth to unknown worlds or towards unknown territories. Yes. If you are not using such power, leave Heavens and heavenly beings, you can't reach the real position of a leaf on a tree. If you are putting it under a microscope, it is showing you a bacteria, but you may only look at it but you can't know the real position for it. And there is virus that you can't see under the most powerful microscope, but you are feeling. And feelings are never getting to show you a power.Therefore, we must believe beyond our senses some other senses that are supported by unseen territories. If there are unseen creatures that now technologia or scientists' knowledge is reaching, reaching, reaching and saying, "We are feeling." They are using feelings. Why are they using feelings? Because you can't reach to six senses, saying ,"It is beyond our sensing." That is the biggest balaa, cursing for scientists, academists, `ulamas, scholars, because they are not coming to ask that in existence, “How can we reach to that new, ordinary beings?” It is not an old Creation; a new Creation is coming. Why are they not taking care to say our feelings are showing us the existence of a virus? Ask that one, “We are giving a name to you, 'virus'. Are you accepting?"

But all scientists are saying “virus” and they have such a terrible power showing, making all science and technology trembling from them.Who is giving that power? Why are you not asking? Why are you saying, “nature.” If you believe in nature, ask it, “What is that one?” But you are saying, “Our feelings are saying about that, but we can’t reach.” If you are believing, ask your master if believing in nature. We are not ashamed to say, "The Lord of Heavens is creating." They are saying, “Everything is nature.” What is nature, O donkeys? Donkeys are much more better than those foolish people who are coming to claim that it is nature. What is nature? It is khayaali, imagination, not reality.

And all troubles after that Shaytan is putting in front of people, "nature, nature, nature!" What is that? They are ashamed to claim that Allah (swt) is Creator! (Mawlana Shaykh stands) O no-mind scientists, no-mind doctors, and no-mind scholars! Why are you not ashamed to say, “Everything is coming from nature.” What is nature? Where is it? It is only a name, but no reality. (Mawlana Shaykh sits)

Shaytan is cheating, and Shaytan is teaching those heedless ones, putting in front of them, "That is nature." And beyond nature, what is there? There must be a base for anything in existence. Where is the base for nature? In America? In Sorbonne? In London? In Moscow? In China? In Japan? Where is it? A curse is coming on them, and they are not ashamed to say, "Everything is nature."

O heedless ones! O ignorant ones! Don't cheat people! Are you not ashamed to say, "Everything belongs to nature." Why are you not saying to Allah (swt), "Nature is Creator!"

O Salafiyoon! I am sorry to say, why are you not fighting those false people, bringing their professors to teach your children in the kingdom, to rich places in the Islamic world? You are bringing so many people who are not even cleaning under themselves and your hope is with them. And the biggest blame is on our mulook, kings, sultans, and presidents in the Islamic world.

That Shaytan is putting its camp in western countries. The west is where the sun goes down and our people are looking where the sun is setting down. Look from where the sun is rising up! SubhaanAllah! Western people like Oriental countries because that is where the sun rises. Their souls are mushtaaq, so happy to reach Oriental countries. Oriental countries that is where the sun is shining. That sun is shining in Oriental countries giving our real being such peace, such pleasure, such pleasement, and such satisfaction. Allahu Akbar!

And in the opposite, our foolish Oriental people, have the same desire as western countries' people, who are now asking to reach to Oriental countries, and their hearts are running to Oriental countries. Our foolish Muslim communities are ghaayatu 'l-ghaayah, desiring extreme dreams. They are asking to be like or to be from Western people. Look, the sun is setting there! The lights of life are finishing there. Why are you not going, looking to your Oriental countries where the is sun shining? They are more clever than our people, their desires are to reach to Oriental countries because the sun is rising there. Our foolish Muslims are running to reach to the sunset, western countries. Therefore, Allah Almighty is saying about those heedless people in Oriental countries, they are laa yuflihoon, "They do not succeed."

O Salafiyoon! Why are you not making it clear that the west is the worst and the east is the best? Why are you not teaching that? And the Lord's addressing in the Holy Qur'an is that there are two kinds of people. There are some people coming under the title of laa yuflihoon, “Verily they do not succeed.” And another group of people who are under the title, lan yuflihoon. Are you thinking about it? You can imagine, you can think on it or not, our Salafi `ulamas, why is Allah Almighty saying some people are coming under, laa yuflihoon, and some under, lan yuflihoon? Those people that you can never hope for them to be saved. And western people are under laa yuflihoon, and lan yuflihoo are oriental people, they are now Muslim world because their aims are to reach to laa yuflihoon. And western peoples aims, their dreams, and their tasawwur, imagination is always Oriental. And Oriental people are going to be in such a way lan yuflihoon. And they never hope to reach anything here and Hereafter.

And they are just seated. They are based in an oriental center, but they are not giving real appreciation. Saying, “Ehhh! That is real diamonds.” They are saying, “No, we are asking for plastic diamonds.” And `ulamas are going to be so full of kibr, pride, "Oh, we are following a western civilization." You and your western civilization are going to Jahannam, Hell. Those who are dreaming of being in oriental sun-rising countries, whose souls are there will be in Paradise. Those who are asking for countries of darkness are going to Jahannam.

O `ulamas. Don’t say, “We are `ulamas, and we are understanding everything.” That is the reason they are making [someone to beat on your heads]. Which people are laa yuflihoon, and which people are lan yuflihoon? Say, if you are `ulamas. Arabs, Turks, Iranians, and Pakistanis, all of them are lan yuflihoon because they are running to western civilization, democracy. Why are you not saying, “No parliament in Islam, no democracy in Islam, no election in Islam,” why are you not saying?

jama`at amr bil maaruuf, wa'n-nahiy `ani 'l-munkar, Groups for urging to do good and advising against wrong actions.

You are kadhaab, liar! And Allah is looking and giving to you what is suitable for you as punishment. And

punishment is coming on you from Heavens because you are not appreciating the values of the Islamic way that belong to the Heavens. But in your eyes everything from western countries is the best, and everything from Oriental countries is wrong. That is wrong, and that will always be under the feet of Shaytan! And Allah Almighty said, “O My servants, use qadama sidqin, a righteous, true step.” Is it not mentioned in the Holy Qur'an? What does it mean? Qadama sidqin means to go to western countries or to go to Oriental countries, where the sun of Islam is shining?

May Allah forgive us for the honor of His most honored one in the Divine Presence, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) Forgive us, O our Lord.

Fatihah

(40 minutes) Kufr is under our feet and Islam is up. Try to reach Islam, and save yourself. Allah, Allah.

(Mawlana Shaykh prays two raka`at Salat ash-Shukr.)

Fatihah

Mawlana Shaykh Nazim: Your barakah Shaykh Hisham, may Allah increase your station.

Shaykh Hisham Effendi: Astaghfirullah.

Mawlana Shaykh Nazim: Don't think of what you are going to say. We want to wake people up! We are only translators, we don't think what we are saying. A suhbah on the wings of wind. Mashaa-Allah!

Shaykh Hisham Effendi: Mashaa-Allah, everyday is a miracle.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome,

Dome, dome, dome, dome,

Dome, dome, dome, dome,

Dome, dome, dome, dome.

It is by order what we say, it is not from us, we sit and it comes from above. It isn't something you could think of or find in books.

Dome, dome, dome, dome,

Dome, dome, dome, dome,

Dome, dome, dome, dome,

Dome, dome, dome, dome.

Dome, dome, dome, dome,

Dome, dome, dome, dome,

Dome, dome, dome, dome,

Dome, dome, dome, dome.

Salafis hate to hear dome, dome! Sometimes young men sing and dance, and in that case it is not wrong.

## WE WERE CREATED TO BE TESTED

Allah Almighty created man an purposely put them on different levels so as to test them. Every time we have passed the test, we are given a further level. Just like there are exams every year in school to develop the student. In the same way we are also tested by the Lord Almighty Allah so that we may improve on our way towards the Divine Presence. That is the reason. It would be so easy for Allah Almighty to create all of mankind on the same level, but mankind needs to be tested. The Holy Quran cites Allah Almighty in saying that He created us to see which one of us will be the best one, which of us will be the best in worship and the best in servanthood. That is why we have been ordered to be the best of his servants and to show the greatest charity towards each other. Nothing else! If you are able to fulfil that, then you are acceptable in Divine Presence. It is not a question whether you are with Cardinals, Popes, Archbishops, Patriarchs or Saints. No! The only question is which one of you gives most respect in servanthood to Allah in obeying his Orders and who will be best towards the others.

Without discipline life is not easy, it is full of troubles. Without discipline people will be troublemakers. Discipline makes them straight, to be good. But people want to be bad, they don't want to be good.

Italy - 01.11.1994

## WHAT ARE YOU PROUD OF?

Greatness belongs to the Lord of Heavens. We are small-ones. What do you think about this world? It is a big world. If you compare yourself to this world, how big are you? If you go 10000 meters up you cannot even see huge buildings. Even big mountains will look small. So you and your size disappears in comparison to this world. Then what about this world compared to the sun? Is the sun bigger or smaller? In the view of our eyes it looks smaller, but our eyes are cheating us, it is bigger. If you would start to approach it, the sun would become bigger and bigger and our world behind us smaller and smaller. They say that you have to put the world a 1 300 000 times to reach the size of the sun. Still we say that this world is big! And we are so small! Then compared to the sun this world is so small. Compared to other planets and all that belongs to that galaxy, it is so gigantic, even our sun gets the size of a spot, ready to disappear. Where does that put us? Oh, man, where are you? If the world is nothing in front of the sun and the greatness of the sun will be nothing in front of our galaxy... And there are so many galaxies. The size of these make our galaxy like a small point. There are so many gigantic galaxies that even those enormous telescopes cannot catch. It all disappears. This is something very important. The most powerful telescopes cannot reach these galaxies, even though they are overloaded with technology.

This universe is so great. Who are you? Are you God? Can you be God? Where is God? The whole universe is in his Powerful Hands. Everything else is nothing! Every greatness infront of the greatness of the Lord of the

Universes is nothing! How can you say that man is God or God is man? Do you think that a man whose size is not much more than an ant, is representing you?

We are living in a century where mankind is researching so much. Why are they not making a research concerning Allah? Why are they not making a research on the greatness of the Lord of Heavens? It would be a very short research, but for all those who claim to know so much about science and space, they know much more than me. They may say much more than I can about the greatness of this space and universe. Where is the Lord? Where is He sitting? Is He sitting or standing up? Where is He?

Foolish atheist people are saying that there is no God, or they are saying, "Where is God?" Or people with a very short mind show God on a postcard. What do you think about that? We must blame mankind, science and religions for that. Allah is the Great! You must believe in his Greatness!

Archangel Gabriel brings Holy Commands and messages from the Lord of Heavens to his messengers. He is a big angel, the Lord Almighty created him in the finest form. In the Holy Books Archangel Gabriel is described like a peacock. No other bird has such a beauty. The Archangel Gabriel is the most beautiful one. All angels are beautiful, usually to a degree that we cannot bear to look at them. If we would, we would fall down. Archangel Gabriel is so beautiful and so gigantic. Through the traditional knowledge that we have in the Holy Books Archangel Gabriel has 600 wings. If he opens his wings the space between East and West is too narrow. One feather of his wing can by just merely touching the Himmalaya Mountain push it from its base. That is the size of this angel. Once the Lord of Heavens sent Archangel Gabriel to another angel. That angel was so much bigger than Archangel Gabriel, that Archangel Gabriel was the size of his finger. Countless angels have such a size. Don't make the Lord small! Oh, people, you must learn how to respect your Lord, Almighty Allah.

We are so small, but He granted to mankind something which no other creature has been given. We can understand about his Greatness. That is what he has granted us; understanding about his Greatness, about his endless Greatness. We can fall on our knees in his Divine Presence. Oh, people, we must believe in his Greatness! If you do, you will be a real servant, a humble servant. How can you be proud? Of what? Some people are 2 meters big and think it is a reason to be proud. A camel is higher than that! And if you get to be as big as a camel, the giraffe will be even bigger. So why should you be proud? Some people are 300 pounds heavy and it will make them proud. An ox can weigh even 1000 pounds. What are you proud of, oh mankind? With your power? I can run 100 meters in one minute. Even dogs run faster than that, rabbits too and horses much, much more. Why are they not proud, but you are? It is the ignorance which mankind has inherited

from Satan. Satan was the first proud-one in front of the greatness and the Divine Pride of Allah Almighty. Who are you to be proud in Divine Presence? All angels kicked Satan down. Don't be proud!

That is the whole problem. Mankind is proud with something which no-one has a reason to be proud of. But our ego always wants to be proud. Our egos want to move the Lord of Heavens from his Throne and sit there. That is what it wants. But it is fully wrong and fully foolish. The Lord of Heavens knows his creatures and sends his distinguished servants, his prophets, who belong to heavens. They bring Holy Commmands and they try to teach people who they are and to teach them about the greatness of their Lord and to make them humble. But in this century people are mongul-types and they think that when Allah Almighty gives them some authority over technology they have become lords. They are very proud with TV and computers and tape-recorders and their rockets. They claim that they are someone else, someone who passed away centuries ago and that they have rights to be lords. This is what they are claiming, the people of our times.

Don't be under the command of your ego, but let it be under your control. Every trouble which comes individually or commonly is only because you cannot control your ego. If people could contol their ego, there would be no more trouble. But the ego is controlling people and the ego is very wrong. Every religion came to fight egoistical ideas and to put the ego on its own place. That is all. You must know the greatness of the Lord of Heavens which comes through all the Holy Books. And you must know something about yourself. Who are you and under whose control are you? Are you able to control yourself, or not? Whoever can control themselves are real servants of the Lord of Heavens. If not, he is only a donkey for his ego. Whether you accept it, or not, it is written that you are either the servant of Allah Almighty, or of your ego.

Christians, Muslims, Jews, Buddhists... all kinds of people, but important for all of you is whether you are able to control your ego. Why are you fasting? This is also the time of fasting for Christians. What are we fasting for? To make a full control of our egos. When you catch it, it cannot be able to come over you. Everyone who wants to control his desires should fast, because the ego has endless desires and no good desires. Good desires come from our souls, which ask to move towards Heavens. But our ego says, "No! Don't go up! Stay with me on earth." And Jesus Christ is waiting for Christians to move towards Heavens. We also believe in him. He shows everyone a way to Heavens. You can reach Heavens. If you can control your egos, you may reach Heavens, but these worst desires of the ego tie us to earth. They put iron chains and nails on us so that we cannot move.

We are very happy with our titles, but they give you nothing. Oh, man! Oh, believer! Oh, Muslim! Oh, Christians, Jews, Buddhists, Catholics, Protestants... you must protest against your egos! No-one protests

against their egos, only against the Pope. Why? Protest against your ego and say that you are wrong. We must move towards Heavens. If we do not move towards Heavens we will finally be taken by force.

It is a short description. It is not a lecture, because I am not a lecturer. I am only a humble servant and you are distinguished guests. I am only shouting at our egos, our souls are praised. Our advice to everyone is to be on the side of their souls, not the side of egos and devils. Be on the side of the prophets and saints and good-ones. Don't be on the side of devils. You may choose one of the sides. Finally you will be on the side of prophets or on the side of devils. No-one can be anywhere else. It is like magnetism. Either you will move to this side or the other. Finally you will be caught by one of the poles.

May Allah bless us and send us his Lions quickly. We need lions because the world is full of jackals, wolfs and foxen. We need the lions to carry them away and to prevent mankind from falling into darkness. To take them out and up to Heavens. Our way is towards Heavens.

London - 01.03.1994

## What Distinguishes the Salaf from Others?

Yaa Rabb. Allahu Akbar. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Anta Sultaan! Zidh habeebika, Sayyidi 'l-Awwaleen wa 'l-`Akhireen, Sayyidina Muhammad. Zidhu yaa Rabbee, `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

Thumma as-salaamu `alayk yaa Qutb al-Mutasarrif. As-salaamu `alayka yaa mu'mineen fee mashaariq al-ardi wa maghaaribiha. Madad, madad, madad. We know nothing. We are asking more and more knowledge for standing up for our Lord's servanthood. As-salaamu `alaykum, our attenders who are getting more careful for following the real knowledge that makes people come closer to heavenly stations. That is the real aim of prophets and messengers, and their messages. For what?

O Salafi `ulamas! For what did Allah Almighty send holy books, messengers, and heavenly messages to people? Say! Say what is the benefit and purpose. You must know. If you are not knowing, you must try to

learn, because there is no limit for learning. Heavenly knowledge gives to you such honor that is not going to be taken back from servants. A`taaullah, grants from the Lord of Heavens. He is Almighty, granting and asking from His servants to ask more and more grants from His divinely treasures. Say! What is the purpose that He sent thousands of heavenly, holy ones to His servants? `Alaamatin faariqa, differentiating point, what is the real or heavenly aim? What is that? You must make it clear for people. It is not enough to say, "We are Salafiyoon." What is your `alaamati faariqa? `Alaama faariqa, signs that is showing you are different. Are you not understanding Arabic? What is the real aim? I am asking for proof (qualification) of what you say, "We are Salafiyoon." What is your position that is different from other people that you are claiming, "We are Salafiyoon." What is `alaamati faariqa that is giving to you a new identity, that you are going to be known as Salafiyoon? What is the distinction between you and others? What are you teaching, or for what are you claiming to be different than others? Bring your proofs, haatoo burhaanakum, that we must learn and follow your way. Yes, as talab `ilmin, students, we are asking from scholars, and you are saying, "We are scholars in Islamic knowledges."

Yes, say what is the difference between you and me? Which thing are you not accepting from my speech, from my teachings? I am just a weak servant and they have dressed me, yukhalif, appointed me as a servant to make clear the main purpose of messengers. What is that real aim of `ulamas, and what were they asking from common people? Common people are in Daarkness, and `ulamas, if they are real, are carrying lightening! They have lights not from Earth, but heavenly lights appear on their faces and they may show ways for reaching from Daarkness and saving people, taking them up to heavenly lightening areas or territories.

Don't say, "We are Salafiyoon," make it clear. What does it mean? How can it be, and how must we respond? From east to west you have so many broadcasting centers, then why are you not saying, “O People! We are Salafiyoon." Say! If you are not able to say daily, say it weekly, if you are not able to say it weekly to reach people, say it monthly or yearly. Say! Say for what you are saying, "We are Salafiyoon." What is the main distinguished point that you claim you are Salafiyoon. Do you think that Salafiyoon were a special group of people saying that if people are not Salafiyoon, they are thrown away? There are two billion Muslims! What is your opinion? With which kind of knowledge are you asking to approach people, and through which heavenly knowledge are you running after people to come and do what you like? The Lord of Heavens just sent the

Holy Qur’an forever. If this world is going to continue up to Eternity, the Holy Quran is enough or more than enough for all nations for Eternity. There is no need for any other book; the Holy Qur'an is enough for centuries and for Eternity!

•••••• ••• • •••••• •••

Al-halaalu bayyin wa 'l-haraamu bayyin, The permitted is clear and the forbidden is clear.

You can't imagine more suitable rules if this life continues up to unlimited territories. Yes. Say, what do you mean, “We are Salafiyoon,” and make it clear. Don’t write in books, but you may address to the whole world, to the whole nation of the Seal of Prophets (s)! Say this! And are you calling to people that you are bringing new halaal or bringing new haraam things? When you mean to say something, say it. Don't keep it in your mouth, no! Make it clear. What was the Lord of Heavens' aim for sending prophets, chosen ones? Yes, say. Were they coming to call people to dunya or as Allah Almighty is saying: (Mawlana Shaykh stands)

•••••••• ••••••• ••••• ••••• •••••••••••

wallahu yad`oo ila Daar as-salaam, And Allah calls you to the Abode of Peace (Daar as-Salaam). (Surat al-Anbiyaa: 10:25)

(Mawlana Shaykh sits) Yes, is it from the Holy Qur'an or is it something else? The Lord is calling and you must follow the Lord's "calling people"! Are you saying, "Where are the Lord of Heavens calling people?" Say. Don't worry. Don't worry, be true ones. We have been ordered to follow true ones. A person can't be a true one if he is not knowing where the Lord of Heavens is calling His servants. Allah Almighty is calling people, inviting, and saying, “Come.” Where is Allah Almighty calling people to, saying, "Come." To where? To Daar as-Salaam! Are you saying this invitation to people? Are you reaching to people or not? You only know how to say, “This is bid`a, kufr, haraam, shirk!” Leave this, and give enough knowledge to make the hearts of believers satisfied, that the Lord of Heavens is calling and inviting you to Daar as-Salaam.

Where is Daar as-Salaam, here or not? Why are you not making clear to people where Daar as-Salaam is? Is it here or not? Why are you not calling, “O People! Come to Daar as-Salaam.” Make it clear and with commentary of the holy verse is so important. Allah Almighty is inviting His servants to such a place that no one knows, something that is so easy and simple. Why are you not saying everyday, “O People! We are reminding you that your Lord is calling you to Daar as-Salaam, such a Creation, such territories, and such

majestic beings in the Divine Presence." Why are you not saying this, and you are always looking after aspects that have no value on this planet? No, that is the greatest ignorance from doctors or Salafiyoon! They are not making it clear to people. You may speak, and you may address people, and you must make such an opening that people are wondering and running on it, leaving everything and running to reach to that target, that no one knows its real position! What is Daar as-Salaam? Make it clear and then you may say, "We are Salafiyoon." Salafiyoon were making an opening for Daar as-Salaam.

O People! The Lord of Heavens is inviting you, but common people are ignorant not knowing that He invites them to Daar as-Salaam, and to Daar ul-Jalaal, Daar al-Jamaal, and Daar al-Kamaal, “Abode of Power, Abode of Beauty, Abode of Perfection,” and coming more wider, more beautiful, and more attractive. And you are looking at people running after the dirtiness of this life, but you are not saying, “O People! You are not created for this dirty life of dunya, but you have been sent to this planet to learn your real aim from Creation. The Lord of Heavens created you and He is calling you to reach Daar as-Salaam.”

We only know the name of it but no one can know the real position of Daar as-Salaam. No one knows its limits. No one knows the limits for Daar as-Salaam's beauty or its perfection over perfection. No one knows its lights, and no one knows what is the real aim to be in Daar as-Salaam also. Daar as-Salaam is not only the real aim in the Divine Presence, no. He is calling to Daar as-Salaam and He is not bringing people to look what is in it, no. The real aim that Allah Almighty is asking to grant is ikraam, generosity. Allah is granting to His servants and calling, “You are coming to Daar as-Salaam not to look at Daar as-Salaam but there is another secret up to our capacity, up to 70, secrets behind secrets." And according to someone from Mankind, according to their degrees from 70 up, up, and no one is going to be up to the real level that the Seal of Prophets (s) is going to be. That is Maqaam al-Mahmood, "the Station of Praise" in Daar as-Salaam.

O People! We know nothing, we are such ignorant ones. We are wasting our valuable beings with such useless efforts and it is a pity for us and particularly in these days approaching the Last Day of this planet. They are making me speak on it, that we are reaching oceans, oceans, oceans. May Allah grant us some understanding to speak, about the Seal of Prophets (s) and his mission. Everyone's understanding about the Seal of Prophets (s) is according to their levels.

O People! Come and listen. Give everything its right, and give your soul its rights! Don't waste it, so that you

will be from those people granted from the Lord of Heavens such feelings that others haven't been granted. Try to reach one of them so that you will taste and reach to the Divine Presence. May Allah forgive us. Tawbah, astaghfirullah.

Fatihah.

(40 minutes)

Alhamdulillah, people must run to watch. Today is the first day of new calendar, not Islamic, but heavenly. Sha`baan Mu`azzam begins the increasing; it should increase and cover the whole world and kick out Shaytan and its followers, alhamdulillah, wa 'sh-shukrulillah, Allahu Akbar!

(Mawlana Shaykh prays two raka'at Salaat ash-Shukr.)

Fatihah

## Wisdom Is to Avoid What Does Not Concern You

(Mawlana Shaykh stands) Allah Allah. Bismillahi 'r-Rahmani 'r-Raheem. Madad yaa RijaalAllah. La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah Muhammadur Rasoolullah `alayhi salaatullah. Dastoor. (Mawlana Shaykh sits)

We are giving our salute to all holy ones and asking for support. Allah Almighty may load on an ant this whole world. no doubt. (We are asking from one of the holy ones to look after our humble meeting. It is a humble meeting, but it is such a nuclear bomb! When they are opening this power from the east to the west, it may destroy everything under the title of baatil, falsehood. And we are giving salaat wa 's-salaam also to all holy ones on this planet and particularly to that one who is carrying the responsibility for everything in this world!

Man is making an instrument (points to cameras), which is reaching millions of centers. Man has been created weak. But what about those who are related to the heavenly center; what are they able to do? They may take all the oceans, if they are saying, "Get up over this world and keep yourself there until I am ordering you!" One wali, yet all oceans are coming up, as that one has powers that no one can think about.

They are thinking that Mankind, they are easy ones. No! The Lord of Heavens has granted them the title to be

deputies, such a majestic order from Allah Almighty to weak servants. They may say, “All you oceans, stand up!” and you won't even find one drop remaining in the oceans. They are making me speak on such things to give new understandings to Man. We can't speak on heavenly, Divinely Existence, no, but they are beginning from Mankind who have been granted, Shaykh Hisham Effendi, to speak on the level of understanding of Mankind. They can’t get up, no. Therefore, those who are attending must try to bring all their attention and try to give their utmost care towards understanding something. Allahu Akbar! (Mawlana Shaykh stands) Allahu Akbaru 'l-Akbar. While we are standing up and sitting down, billions of new creations are coming, (Mawlana Shaykh sits) in saahatu 'l-wujood (plane of existence). Yes, they keep coming. Allahu Akbar. As-salaamu `alayk, yaa Sultan al-Awliyaa! Nahnu nasa'l ... a very small support for people on this planet, whose efforts are only for this planet, those who are trying to reach under the oceans or over the skies.

A grasshopper is jumping; it is asking to reach up, but it is reaching a distance, then it is coming down. Now people are on the same way, looking up and saying, "We can reach.” To where can you reach? Is this dunya a small place for you? Is it not enough? Why are you trying to jump up and up? With some material powers you can't reach even one kilometer or two kilometers, then you are coming down.

O our Attenders! As-salaamu `alaykum, everyone from Mankind! Give a second, and it may be in that second you might find an interest for something. It may be you are asking to hark yarmak, to make two pieces. They are asking in a very short time to make this distance go up, but it is not as they are thinking. We are here and everything is in limits. We have been granted for our physical being some possibilities, but people are trying to reach impossible aspects. This material being is never suitable. Therefore, they are throwing up some rockets and it is not their field. Therefore they are going till some distance, then either they are dying in it or that rocket is exploding and nothing is remaining there. This is because Mankind is not thinking that distance can’t be reached with our material possibilities. They are majnoon people, crazy ones. And Shaytan's first mission is to cheat people and make them run after the impossible.

Now through the east and the west, everywhere people are trying to reach impossible aspects! Balaa'un `azham, “biggest affliction,” running after the impossible, when Mankind's area is within a very short distance, a very limited area. But day and night, Shaytan is making people occupy themselves with unreality, to make them work on, maa laa ya`neeh, not of their concern. They are trying for something that is impossible. Leave that! Why are you asking to reach up and up and up? What is that? It is not your field! But

Shaytan's whole effort is to make people yushghilahum `ani 'l-haqeeqah. Shaytan is asking people not to try for something that is for them, but to be occupied with nonsense. And now, all the people in the world are under the title of "technology," and their aim is to reach the impossible. All efforts they are expanding for nonsense. For example, I am saying leave running after Venus or Jupiter or Mars, or after our Solar System; leave that and look! If one mosquito is coming on you and biting you, catch it or take your revenge from it, punish it! Doing both is impossible, either this or that. But Shaytan's first aim is to make people run after a direction that is impossible for them to reach.

Shaytan's famous struggle is to make people's ways, their mentalities and their efforts, to go in the wrong direction. Wrong direction! They are deeply trying to get an understanding of an atom. They can't understand it; only through their high mathematical knowledge, they might reach something. They are not knowing that all the knowledge they are learning is taking them to the Lord of the Heavens. They are looking at an atom, occupying themselves around the atoms, but they are not thinking that every knowledge is going to take people to their Lord's Heavenly Presence! Shaytan's mission is cheating people by occupying them with nonsense!

O our Salafi `ulamas! As-salaamu alaykum. You are not here? Why? Is there an invitation tonight or some important meeting? I don’t know.Where are you? Say! Why are you not saying hadith an-nabawiyyatu 'sh-shareef? (Mawlana Shaykh stands) Saying the Seal of Prophets:

•• ••• ••••• ••••• ••• •• •• •••••

min husna Islam al-marra tarkuhu maa laa ya`neeh, “From the perfection of a man's Islam is to leave what does not concern him.”

Is it correct?You are never seeing that hadith ash-shareef? (Mawlana Shaykh sits) A meaning on the first understanding of that hadith ash-shareef, the Seal of Prophets(s) is saying, "O People! You must understand min husna islam al-marra tarkuhu maa laa ya`neeh."

O Salaafu s-Saaliheen `ulama! Marhaban. Are you ever understanding the meaning of that hadith ash-shareef ? That is just ulhim `alaa qalbee, (inspired to my heart) that is just waarid, (inspiration) coming to my heart to say to you, doctors of Shari`ah and to Azhari ash-shareef `ulamas. This is a big ocean! Hisham Effendi, first of all, those mutakabireen, “arrogant ones and oppressors,” Salaafu s-Salih `ulamas never speak

on it! And that hadith ash-shareef of the Seal of Prophets (s) is enough to change the whole Islamic world from baatil to haqq and to make for them hayyatun tayyibah, “a good life.” If we are using and practicing, and understanding the meaning of that hadith ash-shareef, the whole nation of the Seal of Prophets (s) will be like the stars in the skies! That hadith ash-shareef was just taught from Whom? From Allah Almighty! (Mawlana Shaykh stands)

•••••••••••• ••••••• •••••••••• •••••• •••••••••••• ••••••••• ••••••••••

Al-rahmaan. `Allama 'l-quraan. Khalaqa 'l-insaan. `Allamaahu 'l-bayaan.
(God) Most Gracious! It is He Who has taught the Qur'an. He has created Man. He has taught him speech (and intelligence). (Ar-Rahman 55:1-4)

Sometimes I remember, sometimes. Because I am very angry with Salafi 'ulamas! (Mawlana Shaykh sits). SubhaanAllah! O jalaalatu 'l-mulook, you must call your jalsa, royal court, from time to time and you must try them for something. This is one hadith ash-shareef that may save not only the Islamic world, but may save all humanity, all of nature, it may save all creatures and the life of everything on this planet! Only one hadith! O Salaaf as-Salih `ulamas, maa ma`na, what is the meaning that the Seal of Prophet's saying: •••• ••••• ••••• uteetoo jawami` u 'l-kalim? "I was given the most comprehensive of words." Say! Yes. Allahu Akbar. The Seal of Prophets' declarations and his hadith ash-shareef, even one of them is enough to save all nations!

This hadith is, ajaa`ib “very amazing.” Tashreen, “dissect it.” If you are dissecting, then you must look what is in it. min husna islam al-marra tarkuhu maa laa ya`neeh. According to our teachers’ teaching, because our level is not such a level to say that we are taking from the Seal of Prophets (s) No, our level is very much down; on the last level we may understand something. But it is enough to save nations, particularly to save the Muslim world! I have been granted now to speak on the collective efforts of all people in the world. They are doing this and that, over the seas, under the seas, over the clouds, in forests, in deserts, we are making efforts; everyone is trying to do something. But mostly, people are not using a scale of the Heavens that has only been granted to selected, special, honored ones. I am asking you, doctors of shari'ah, to make an understanding of that hadith, and send to me through that instrument, whether I am wrong or on the right way. That is showing who is mu'min. And behind them are all nations, all of Mankind, whose efforts are in two directions. One direction is maa ya`neeh; the second is, maa laa ya`neeh. True?

Haqeeqat, “reality;” that gives the meaning, but it is such a big ocean saving all humanity! Heavenly teachings through the Seal of Prophets (s) are ordering him to speak to his nation, and all nations now belong to him, but they are not running to understand who he is. The Lord of Heavens is saying: (Mawlana Shaykh stands)

••••• ••••••• •••• •••••••••

wa maa yantiqu `ani al-hawa'.
Nor does he say anything of (his own) desire. (53:3)

Who is that one? (Mawlana sits) Why are you not saying? And so many foolish ones are trying to refuse the declarations of the Seal of Prophets (s)! I am sending those to be waiters of WC. That is good for them, those who are asking to refuse the Seal of Prophets' declarations! And one day they will be put down in those sewage channels! Their graves are going to be on those sewage channels.

I heard that in Egypt there was one person, so famous he was changing everything. But not according to the Holy Qur'an or holy hadiths of Rasoolullah (s). He was buried in such a place that when they were looking after one day, they found that his body was sailing on sewage channels like a boat in the sea. They took that one's body to another place, buried it there, but still they were finding the same thing. Then they were saying, “We can't do anything; this is not from ourselves, but it is from the Lord of Heavens making it for that one." He who was against Islam and against the principles of Islam, who followed the principles of jabaabirah, “tyrants,” that was his punishment! If you are taking his body to the desert, you will find the same sewage channels there.

Fear God! Those people who are not fearing from Allah (swt) are first-class troublemakers! They are leaving the Holy Qur'an, taking so many baatil rules, saying, “We are this, we are that.” We are not democrats! We are followers of Shari`atullah! There is no democracy in the Holy Qur'an! Whoever is saying that are foolish and idiotic ones, and those who never understand! Allah Almighty will punish them as He punished that one! Look for the understanding of what Rasoolullah (s) was saying.

That means there are two kinds of efforts in front of a mu'min. One of them is maa ya`neeh, “what concerns us.” Second is maa laa ya`neeh, “what doesn't concern us.” And we have been ordered to look after maa ya`neeh, concerning ourselves for the benefit of Mankind, but not to use our efforts for something that is maa

laa ya`neeh, that which is never for Mankind to look after. And all nations are on maa laa ya`neeh. Everywhere they are running from maa ya`neeh, that from holy commands we have been ordered to keep it, maa ya`neeh. But people and believers are now running after maa laa ya`neeh. Shaykh Hisham Effendi, may Allah forgive us! And He can only change what we are in. I am sorry to say this, and I am trying to open an unopened or a closed door for our Salafi `ulamas, to say about this hadith ash-shareef. They may speak on it from the beginning of Islam up to Yawmul Qiyamah, “The Day of Judgment,” but they will never finish!

May Allah forgive us. Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah, astaghfirullah.

Fatihah.

Hisham Effendi, it is a very important point that may change the whole world! Astaghfirullah.

(48 minutes)

Alhamdulillah. Alhamdulillah. Yaa Rabbee, shukr. Yaa Rabbee, shukr. Alhamdulillah, yaa Rabbee.

Lefke, 06.07.2010

## What Does Seal of Prophets Mean?

Madad yaa Sayyidee, madad. Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, Sayyidina wa nabiyina Muhammadun Rasoolullah. Yaa Nooru 'l-`Arshillah. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Alfu salaat, alfu salaam `ala Sayyidi 'l-Awwaleen wa'l-Akhireen. Yaa Sayyidina Muhammad (s) wa `ala `aalihi wa ashaabihi wa anta... bika ihsaan yawma 'd-deen, ishf `aa lana. (Mawlana Shaykh sits.)

We are asking for heavenly support, for addressing all people from east to west, from north to south who have been honored to be deputies for this world. As-salaamu `alaykum our attenders! Attend and give much more care to learn something. I am trying to learn something. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem, bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands.) Bismillahi 'r-Rahmani 'r-Raheem! Bismillahi 'r-Rahmani 'r-Raheem! Bismillahi 'r-Rahmani 'r-Raheem! Allahu Akbar! (Mawlana Shaykh sits.)

O Our Attenders! Welcome to you. How are you today? One day more we are approaching to the graveyard.

(laughter) Yes, be happy, be happy! For what are we going to be happy? Because we have been loaded with something for this life from khayrihi wa sharrihi min Allah, from good things and from bad things. And we are trying to carry that heavy burden.When our last moment is coming, and those heavy burdens are taken away from us, our souls are going to be free, because every heaviness that makes people unhappy here, and Hereafter also, are a heavy burden on our shoulders.

Therefore, I am saying to you, O people, one day more passing and a new day coming and our days on this planet are getting less and less until going to be zero. You know that there is a word that people are now saying, adding from 9, 8, 7, 6, 5, 4, counting down, yes, we are on that point. (Mawlana Shaykh stands.) Allah (swt) says:

••••••• •••••• ••••••• •••••••••••

Wa kullu shay'in 'indahu bi miqdaarin.
Everything with Him is in (perfect) proportion (devoid of chaos). (ar-Ra'd 13:8)

(Mawlana Shaykh sits.) Yes, no chaos on this planet. Everything is just in its most perfect condition. We are making chaos, using our will power in a wrong way.

O Salafi `ulamas, O Azhari `ulamas, Doctors! (Mawlana laughs) O Shi`a `ulamas! This is for Muslim societies and also asking His Holiness the Pope, and I am asking also to the chief rabbi, who is never accepting Christianity or Islam. If everything remains to your accepting or not accepting, a long time ago this world would have finished. Thanks to the Lord of Heavens that He is not leaving it up to you to accept Jesus Christ or refuse Islam! Islam is like the sun in the sky! Why are you closing your eyes to Islam? Was our Prophet, Sayyidina Muhammad, peace be upon him, (Mawlana Shaykh stands.) down and Moses (a) up? (Mawlana Shaykh sits.)

•••• •••••••• •••••••••••••• ••• ••••••• •••••••••••

Qul hatoo burhaanakum in kuntum saadiqeen,

Bring your proof! Say: "Produce your proof if ye are truthful (21:24)

O Rabbis! Bring your evidence. Declare the signs of the prophecy of the Seal of Prophet (s) as written in the Torah. What was the sign of prophecy of Moses (a)? Say! Which one was nuqsaan? Which qualities were not in the Seal of Prophets (s)? Which signs of prophecy are you not finding in Sayyidina Muhammad (s)? (Mawlana Shaykh stands and sits.) Why you are insisting, for what? Are you claiming that the pole star may be understood more than the moon? Are you saying Venus is much more clear than the moon? If you are using distance, the nearest prophecy to Mankind is for whom? The last one. For (the one) who is claiming, "I am the last, as well as the first."? Moon is the nearest one, Venus is the farthest. You are accepting that what you are seeing in Venus is more clear, but not accepting the moon? "We are not accepting!" Yes? What is your evidence? Say! Say! You must say why you are claiming that Venus is more clear than what is appearing on the moon. No mentality may accept this claiming from you.

O `ulamas Azhar, `ulamas Shi`a, `ulamas Salafi, and `ulamas Hind (India), `ulamas Maghrib (west)! I am authorized to address all nations about what is wrong and what is true. Whoever is listening to what is spoken here must measure it, must put it on a scale, and then they must look at its weight. I am asking, for what was the Seal of Prophets (s) coming? Say! For what was the Seal of Prophets (s) granted to be the "seal"? That means if he has the seal, if he is not putting his seal on anyone's (designation as prophet), they are not going to be prophets. He is the representative of the Lord of Heavens! And the Lord of Heavens, subhaanAllah, Who is making him to be His representative? He is in him, in his real being. No one knows what He is doing. It is impossible. But sending sometimes some sparkles, making such a universe, billions of them! Yes? Anyone saying no? You can't say! You can't say! Allahu akbar al-Akbar! O our Lord!

O chief rabbis! O chief of Christianity! And also I am asking Islamic scholars and I am asking first Salafun Saalih, what does "seal" mean? (Mawlana Shaykh laughs.) The "Seal" of Prophets, yes. I am looking for answers from His Holiness the Pope, from His Holiness the Chief Rabbi, and from Salafi `ulamas and Azhari `ulamas, all those people claiming, "We are doctors! We are authorized ones to speak on this and on that." Say what is the meaning to be the "seal" of prophets? As they are saying to me, I am saying to you. "Seal" is

mohor, a stamp; it means to be "sealed" as a prophet, from beginning up to the end. If that one, the Seal of Prophets (s), is not putting his seal on their name, never is Adam (a) going to be prophet, or Nuh (a) going to be a prophet, or Jesus Christ (a), or any of the124,000 prophets can't be prophets. Say! Why are you hiding such a reality? That is reality that they are making me to speak from east to west! You must learn. If you are not knowing, you must know (Mawlana Shaykh stands) that if the Seal of Prophets, Sayyidina Muhammad (s) did not put his seal on them, they cannot be prophets! (Mawlana Shaykh sits.) That is real. Real Truth. Allah Almighty is not looking at such a things. He is saying, “I was a Hidden Treasure,” yet He is a Hidden Treasure, and for them He created the first Creation, who were saying, “We are `ulamas.” `Ulamas are book-given people, Jews and Christians (People of the Book).

Who was the first creature that our Lord’s Divinely Will made to appear in existence? Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) And Who made Sayyidina Muhammad (s) (Mawlana Shaykh stands and sit.) to look after all Creation on behalf of His Creator? Such things you must learn! Don’t say, “I am a doctor.” Don’t say, “I am a rabbi.” Don’t say, “I am a pope.” No, this is their honor (given to them) and therefore, if you are giving glory for the Seal of Prophets (s), it is on behalf of our Lord.

Yes, we are approaching the Last Day and Mankind is not knowing everything. The treasures of knowledge are going to be opened a little bit, and those people will know who is their Creator, their Lord, and for whom He created all of Creation. You know Arabic Qur'an, `ulama Azhari, Salafun Salih, `ulamas Shia` and learned people who claim, "We are learned people." What have you learned if you are not knowing such a thing? What are you learning? You are leaving wheat and taking straw! And you are saying, “We reached what we are asking; that straw is for animals, but grains are for us.” Leave sifaat ul-haywaan, animals’ attributes! Come to reach Man's attributes!

O People! You must know, because now time is over! The time granted to this world to be in existence is finishing. Therefore, the Lord of Heavens is asking to open something from the heavenly lights to reach to peoples’ understanding. Leave saying, “I am a doctor," or, “I am holiness.” Leave to be said, "We are learned

ones." Look to new ones. You are knowing Arabic. What is Allah Almighty saying? What is your Lord saying?

••••• •••••• •••• ••• ••••••

Kulla yawmin huwa fee sha'an.

Every day in (new) splendor He does (shine.) (ar-Rahman, 55:29)

You must know this. What is your sha'an, position? New daily appearances are coming, according to Allah Almighty's holy words, kullu yawmin Huwa fee shaan. "Every day His manifestations multiply." You know what is Allah Almighty's shaan, everyday and today? No. Therefore, kun taaliboon, be learners, students. Don't say, "It is enough that we have graduated from Sorbonne, from Cambridge, from Harvard," leave that! Allah (swt) said, kullu yawmin Huwa fee shaan. Why Allah Almighty is saying that everyday comes a new page from the program He created in His Divine Presence, on the Preserved Tablet? What is going on? You must know and you must teach people to say the truth! Teach them what is true, and you must learn to be true ones, and you must ask from Eternal Truth!

O `ulamas Azhar Sharif, Salafun Saalih, and Shi`as! Look and understand! Come and ask! If you are not knowing, you may ask. You are saying, "We are `ulamas of Islam." Are you reciting Holy Qur'an? In Holy Qur'an in Surah al-Kahf what was Moses (a) asking? He was from uloo'l-`adham, among the distinguished five prophets granted extra from divine treasures. Then Moses asked, "I heard someone is knowing more than me, I must run to find him and learn from him." Why you are not going that way? Do you think Qur'an Kareem is a book of histories? Keep your adab with the Seal of Prophets (s), with the Holy Qur'an, with all prophets!

That is an ocean! We must stop here or all of you will drown! Allah Allah, Allah Allah. These are divine realities from real truth and real true ones, but our egos prevent us from asking and we say, "I am not in need to ask this one or that one." Keep your adab, O learned people in Islam, in Christianity, and in Judaism!

May Allah forgive us, for the honor of Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

Fatihah.

(40 minutes.) They know; we are closing.

Dome, dome, dome, dome.
Dome, dome, dome, dome.

Shaykh Adnan is also singing,

Dome, dome, dome, dome.

(Shaykh Hisham Effendi phones, with live transmission from majlis dhikr in Kuala Lumpur, Malaysia.)

Shaykh Hisham: As-salaamu `alaykum Sayyidee! We are here with 300 mureeds and the cameraman will show you our gathering.
Mawlana Shaykh Nazim: Wa `alaykum as-salaam. I am looking, mashaa-Allah.

Shaykh Hisham: If you give them a few words they will be happy!

Mawlana Shaykh Nazim: May Allah increase them!

Shaykh Hisham: Please say a word for them.

Mawlana Shaykh Nazim: O our attenders, as-salaamu `alaykum! I am asking from our Lord His blessings here and Hereafter, and for us to be Paradise people. May Allah Almighty give to you saadah (happiness) and to be accepted servants here and Hereafter. Hisham Effendi, give my respect to him. As-salaamu `alaykum! Hadha min fadali Rabbee, this is a grant from our Lord.

Shaykh Hisham: We love you, Sayyidee! (300 Kuala Lumpur mureeds sing, “We love you!”)

## What Happens in the Grave

A`oodhu billahi min ash-Shaytani ‘r-rajieem. Bismillahi 'r-Rahmaani 'r-Raheem. HasbunAllahu wa ni`ma ’l-wakeel ni`ma ’l-mawla wa ni`man nasir. Ghufraanaka Rabbana wa ilayka ’l-maseer. Fatihah.

(Mureed: This is from the Basque country. You told the ladies who were here from the Basque country to make an axe handle. They made this for you. This is a special wood, from a tree called Bokh.)

(Mawlana Shaykh Nazim waves the axe handle, laughing.)

From which country?

(Basque country).

España?

(Yes).

On the Pyrenees? On the Mediterranean side?

(Yes, near the Pyrenees on the Atlantic side, the other side.)

Hey! (Mawlana Shaykh Nazim raises axe handle, laughing). Shukran, shukran.

(...trembles.. the hand is like this). He is a very, very angry person. Anger makes this happen. He must make his heart wider to carry people, something is affecting him and he is becoming like this. He may say Yaa Haleem 100 times.

(Mawlana Shaykh Nazim prays for a baby; recites Surat al-Fatihah.)

Ameen, ameen, ameen. RabbunAllah, HasbunAllah. RabbunAllah, HasbunAllah, RabbunAllah. HasbunAllah wa ni`mal-wakeel, ni`ma 'l-mawla wa ni`ma 'n-naseer. Ghufraanaka Rabbanaa wa ilayka 'l-maseer.

Fatihah.

When we will be buried in our graves, two angels will come and their voices are like thunder. At that time our soul will come back to our bodies and then two angels will say, "O Men! O Women! Who is your Lord?" The true answer to say is "Allah!"

"Who is your Prophet?"

"Sayyidina Muhammad (s)."

"Which book have you been reciting in your life, what is the holy book that has been sent from the Heavens to Sayyidina Muhammad (s)?"

"Qur'an al-Kareem."

Then they will ask, "Where did you direct yourself when you prayed?"

Say, "To the Ka`aba, the House of the Lord."

Every time they ask and you answer, an answer from the Heavens will confirm, "Yes, he said the truth."

Then from around you there is fire. From one side comes your praise that keeps you from the Fire, then from

the other side your fasting protects you. Then from covering your head, if you were able to go to Hijaaz (for Hajj), that protects you from the Fire. Then from covering your feet, your charity keeps you. Then the Fire gets away, and an order comes from the Heavens, “Open his grave, don’t leave him in his place. Spread a garden of Paradise where he or she may remain until the Day of Resurrection, looking at Paradise and at the Seal of Prophets (s)!

That is coming. Therefore, we must say, “RabunAllah, HasbunAllah.” Men and women, keep your honor; that is important. It is going to be in that place, some people are getting 60 yards, some 100 yards, such a big Paradise garden, Firdaws. Therefore, the Prophet (s) said, “O My Nation! Don’t think the grave is only as you see it, no. Some of them are a garden of Paradise and some of them are a prison full of fire!”

May Allah protect everyone to not fall into Hellfire! We hope all new ones who accept Islam are accepting to be the Lord’s servants. Keep your servanthood, and ladies keep your honor. Now people have lost it. The whole world is saying we are reaching the top of civilization, but really they are falling down, only running after material aspects. No one, or very few exceptions, are asking for heavenly treasures and for Paradise. Yes, everyone is looking for his last day, last hour, last moment. Now people’s lives are coming down to perhaps 60 years and they are taken away. You may live to 90 years, I am waiting now for when I am going up! Inshaa-Allah, with pure faith it will make me happy here and Hereafter, (and for) all of you.

Even if I am living until 100 years, an end will come. Noah (a) lived a thousand years and he was surprised when Azra`eel (a) came to take his pure soul. He said, “So quickly one thousand years have finished?” Instead of one thousand, one-hundred thousand years will finish, or in a million or billion years an end will come, a trillions, quadrillion, pentillion years, an end is coming! We are asking for Eternity, Eternity, Eternity! Don’t be cheated by Shaytan’s tricks or fall into its traps! We are asking for Eternity, a never-ending eternal life with our Lord’s Holy Presence! Don’t be cheated by dunya!

I was thinking that I was like this little boy, and now I see death is coming to take me. Some of them are going up, some of them are thrown down. Keep yourself! Keep your faith! Keep your heavenly orders, for our Lord to be pleased with us! Try to make Him pleased with you: that and nothing else will be a never-ending pleasure for you!

You are entering into Paradise. Everyone is entering Paradise, for example in this space. On the second day it

is becoming twice (the size) and on the third day, three times more. On the fourth day, four times bigger. Allah, the Lord of the Heavens, is always granting you real life, you see. Here (it is). (Mawlana Shaykh Nazim brushes his hands together).

May Allah forgive us. (May there be) happy days for you and strong imaan, in order to be in safety here and Hereafter. Keep holy orders and you will be happy and have a sweet life here, and in the Eternal life.

Fatihah.

(Spanish guests recite qasidah and Salaat an-Nabi (s) in Spanish, versions which they found from past Muslims in Spain.)

Fatihah.

Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah,
As-salamu alaikum, ma sha Allah! Audhu bi-llahi mina shaitani rajim,

Bismillahir Rahmanir Rahim.

We are so useless ones (yaramaz)! like naughty children, doing so many useless things and Allah didn't create us for doing useless things but for doing something useful. He wants us to do something beneficial, not nonsense things. You see it with children: when they are naughty, bad mannered, rebellious or even malicious, they are disliked and not beloved. No one likes naughty or bad mannered children and also Allah doesn't like such servants. May Allah not make us to be from them, but to be from the good ones, this is a big honour!

People are only busy with decorating themselves, they are giving too much importance how they are dressing. But important in Allah's Presence is your spiritual being, not your physical being. If the physical body had any value, they would have already established a market for buying and selling dead bodies, but no one is asking for a dead body. This physical body has no value- and we know this also, but- where is our attention? With our physical body or with Allah? They may put so beautiful dresses on the body, but still it has no value. 24 hours they are only thinking: "What shall I eat and drink and dress today?" All these efforts are for nothing, because the body will finish in the cemetery.

What are we doing for Allah?

Every day in the nighttime ask yourself: "What did I do for Allah?...

Eh, the whole day I collected paper! What kind of paper? Newspaper? No, money! There was one of our 'intelligent' brothers who brought a bundle of used banknotes to me, which he had collected, washed and ironed, instead of exchanging it in the bank for new unused banknotes!

People are so busy to take money to the bank and to save, they are obsessed by it, and it is not a good attribute. Why do you hold back the money in banks? I am saying to them: "Give me your paper-money, I will exchange it for you for Akhirat-gold", but people are refusing and ask: "How it can be?" "Give me your paper-money for the sake of Allah, and you will have exchanged it for the gold of Akhirat." But the people don't accept such an exchange. "Use your money for the sake of Allah here, and in Akhirat you will find it with interest as gold. On the other side banknotes and credit cards have no more value."

People's hands are trembling, when they have to give even 5 Liras. And if you will give gold here for the sake of Allah, you will find gold in the Akhirat as its interest. Also credit cards are useless on the other side! But people are like drunk now.

They told me that in Istanbul a factory burnt down with goods of a value of 25o Milliards Turkish Lira inside. The owner had been hesitating and missed to pay the 6 Milliards, the Zakat he was supposed to pay, and now this happened to him. To pay the Zakat is an order of Allah, but the people don't give and this is the reason of so many misfortunes and catastrophes coming on people. And the fire will continue to burn. Who is not keeping the orders of Allah and is rebellious and against His Laws is in danger. Which government is keeping Allah’s Orders? Today we are in Dunya, but tomorrow already we are in Akhirat. What we are doing here today, will be shown to us tomorrow in Akhirat. We are not respecting Allahs Laws. What we did here will become obvious and we will see it in the Day of Judgment. It will become obvious like it is with the people in hospital under these x-ray machines.

There is one word of Rabia Adawiyya: "Laissa-l 'Id liman labis-l jaded wa lakina-l 'Id liman kana wa la ya'id." - "Bayram is not for those, who just change a dress, but for those who were in a state they left and don't return back to it."

It means something like: Bayram is for those, who are sincerely repenting and who are keeping the way of servanthood. But for those, who are running after the ego, to fulfil all its desires, there is no Bayram. May Allah not look to our useless deeds!

You know the cave of the Ashabu- Kahf on the mountain in Tarsus (South of Turkey)? You can enter the cave up to a certain point, then it is closed, because the people cannot carry the Heybet, the spiritual power, of the Ashabu Khaf, they would explode. 7 of this kind of Awliya would be enough for this world, to make all Dhalims (tyrants) to explode! People are going to be taken away. The fire has started. This fire in France, they are thinking it is made by human beings, but it has to do with the Jinns. It is coming on the people of France, because all the dirty things are coming from that country as a 'new fashion', starting with the French Revolution. Paris will burn. All the new fashion comes from there. No soldiers, no police can control it. You must fear Allah! Allah is punishing the Dhalim, the oppressors, and it will continue, until people repent, turn back to Allah and repent.

The fire is burning everywhere- it is a spiritual fire; there is not enough water even in all the oceans to extinguish this kind of fire. No one can be able to control this kind of fire, they cannot extinguish them. And no one knows where and when something is going to happen. Especially in the cities there is danger. A Hadith says that at the end of times people should leave the cities and find safety in the mountains. Don't look now for the old days of amusement anymore- they are finished. A fire will come that people have never seen before. O believers, turn to Allah! Leave the bad manners and rebellion against Allah!

May Allah forgive us and send us His Awliya with Heybet guide us. O Allah! Send the Padishah of Islam! Allah's Word, His Promise, will come true. Allah will take all the dirty ones away. Whoever is carrying dirt from the people, will be taken away- the X is on them, they are marked. It is not a joke! You cannot fight against Allah! May Allah Allah send us the Sahibu Zaman.

Fatiha.

Lefke, 06.11.2005 Transcribed "approximately" from Turkish by Khairiyah Siegel

## What is an acceptable Islamic Government?

Answer - This is an important question for giving helpful answers to Muslims. Christians, believers, Jews and all mankind and human nature.
Bismillahir rahmanir rahim.

It is a difficult question - not that the question is difficult, but the answer is, because it is so important and it must be well understood.

Islam and government - you said monarchy, democracy or theocracy. Which of these does Islam accept. We must say firstly that Islam is independent, and does not need to follow any of these three.

Islam has the original government system. Through the heavenly orders that the Lord sent down to his servants for them to be in the most perfect condition, individually and collectively, in their lives.

People may say there is monarchy in Islam, they may say there is democracy in Islam, they may say there is theocracy in Islam.

Islam is above all of these three types of governing systems. Islam accepts that one person should be in control of the nation. The whole nation should give him their trust, support and obedience. That must be.

It is most important point of the Islamic governing system - that power is in one hand, not power-sharing. When there are partners in power, there will be more problems.

As we see in those countries where groups are in power, there is quarrelling and fighting - no peace, no satisfaction, no rest. As long as those groups are not in peace, the nation will suffer the same problem.

Islam orders that power is kept in one hand. That is best. We may compare democracy and the Islamic system.

Democracy. First, the rights of mankind (human rights). Human rights and freedom are defended and basically, these are the mainstays of democracy, human rights and freedom. People don't take much interest in areas other than these two - human rights and freedom.

Islam says, instead of human rights, (because Islam accepts the rights of people as a duty) fulfil your duty to obtain your rights. This is the very important Islamic wisdom. Pay duty to take rights. Without duties, there are no rights.

But democracy is giving rights without responsibilities.

Islam is for justice. Democracy is for freedom. Democracy gives people freedom. Islam is asking justice for them, not freedom, not absolute freedom.

Democracy is giving absolute freedom - with human rights.

Islam is giving, when duty is paid - rights and justice.

That is the difference between the vision of Islamic democracy and Western democracy.
Western people are only asking human rights without responsibility and asking for as much (freedom) as can be given. But Islam says, NO - you must pay for your rights. If a student doesn't work for an exam, how will he pass the test? This is the perfect Islamic vision. European and Western democracy is imperfect and useless, terrible and dangerous for mankind. No future. They are preparing a rebellious people who are asking only for their rights without responsibility and without considering justice, asking only for freedom

and rights, freedom and rights.

Islam is saying no! Pay your duty, then take your rights. We are upholding your rights - human rights are available when you pay by your duty. Uphold justice - do not say freedom, I am free to do everything as I like, because you are not alone, single one - millions and billions of people surround you, you are not able to do as you like. NO !

This is a very important thing, which the world does not understand. It is the key for everything. If a person is on board a plane and says - Now I would like to make tea and I must make a fire, because I am free. Yes! - Would you allow him to do this and light a fire on the plane? He is free. Why should you prevent this freedom?

Everywhere you can see what harm comes to people through freedom. Islam is saying no - pay duty, then take your rights, and when you take them, you too must be right for justice.

Justice is to uphold the rights of others in the same way as you would like for yourselves. If you do not do this, then you are not a just person. Islam says you must uphold justice, you can't be absolutely free. NO.

If you are harming people, we will catch you and put you in a cage for animals, like lions, tigers and wolves, not outside. This is the Islamic vision of democracy.

Western democracy dates from the time of the French revolution. They will celebrate the bicentennial 200th anniversary in 1989, celebrate a wrong revolution. All the democracy that the world is using is wrong from A-Z, useless, harmful, terrible dangerous.

European democracy is saying that, without responsibilities, you have rights. Where do they get that idea? From which book? Who said this foolish idea - without paying with responsibility to have rights.

Islam keeps power in one hand which is able to keep absolute justice. Then, the leader must look after the rights of those who pay duty, not paying no rights.

European democracy say that without duty you may take your rights. That is wrong.

The Islamic vision is the best system for all of mankind. Real democracy, but it is a theocracy. European democracy, no; but Islamic theocracy - that vision is best.

When the whole world says yes to this Islamic vision, they will be saved and will have reached absolute peace. Otherwise, they may quarrel, fight and eat one another, it doesn't matter. Without cooking, they will eat one another: English - German, German - French, Russian - German, Japan - China; may eat without cooking. They will never reach an end till they come to Islam. Islam is saying, pay your duty and take your rights. No freedom without justice.

Freedom is only in the jungle - go there! When you live with people, uphold justice, because you are not alone. That is the Islamic vision.

Even in Islamic territories, they do not understand this, I am sorry to say. Never mind the Christian, Jewish and other peoples; even the Islamic world does not understand what I am saying or what the Islamic vision for government is. It is the best! Yes!
In Islam, man needs man. This is the main rule. A king is in need of subjects and poor men are in need of rich men, rich men are in need of poor men, workers are in need of employers, employers are in need of employees, as head is in need of feet, and feet are in need of head. That is Islam. We can't make feet head or head, feet or cut heads and leave only feet, as communism did to people. They say not heads in our system, in communism no heads - everyone must be equal. That means, there must be feet, no heads, all of them feet. What is that? If you are putting feet, workers are the government. What is that> How can workers be government? They are workers, labourers - how can labourers be the government? There is an eternal rule for Islam - put everyone in his suitable position: engineer is engineer, worker is worker, labourer is labourer, peasant is peasant, shepherd is shepherd, advocate is advocate, king is king, queen is queen, governor is governor, general is general, major is major, policeman is policeman, businessman is businessman. Therefore, there is no election in Islam. Election is BATIL, false. Perhaps people gather and ask for one feet - all feet request that foot must be head. There is no election in Islam. In Islam, ability is first and then service. You give service and take rank, be able and go up. No election in Islam. Election is BATIL, false. Therefore, the whole world must be changed. No election, because election may take feet to be head, may take head to be feet.

Islam's relationship with other states is also important. AS we said, we must keep good neighbours with other states, good relationships always. Then there would be a free economy, liberal system, not put so many barriers for peoples movements. Good relationships and more tolerance with them, not trying to harm people. Keep respect for states, send ambassadors, accept ambassadors, make it easy for people to go and to come, not to make barriers. Easy dealing for Muslims. Travellers are free and respected and accepted. They must only look who is good and who is bad, so that no-one harms others. There must be good relationship among Islamic states and others. Governments must keep justice, no cruelty, never giving harm to anyone and preventing injustice. Injustice and cruelty are prohibited in Islam. Everyone must obtain their rights. In Islam human rights are for everyone; only in Islam a person may gain a right when he gives service. In Western societies a person may obtain rights without giving service. Islam is fighting that idea. Islam says, if you want rights, give a service and take your rights. You must earn your rights. there is no birthright to be doctor, engineer, MP or General. Do you think that anyone obtained such a position without earning? How can they say human rights, what are human rights? We are born with human rights, breathing, eating and drinking. If we want more than this so many rights - to have a right to be doctor, you must work, you must earn; if you say, as communists say, we must be equal and we must take from the rich to give to the poor. Why? How? What is that right? Work, earn and take. Who is preventing you? Islam never prevents people from working, to be rich. Why would be prevent people form being rich? You must live and work, people must earn through their efforts, free opportunity for everyone. You may work, you may earn, you may even rise to live in palaces. If you are lazy and not working and living in huts and saying we must attach those people living in palaces. With which right? Is that a human right? They are riding Rolls-Royces and we are riding London buses and I am saying big man, bi car. Why are you becoming angry? Under your command thousands of red buses, you can take each one, free. No, they are saying, we also have rights to ride Rolls-Royce - earn and ride Rolly-Royce or any other big car. Islam never allows people to say no work. As long as this world is running, work is never ending on earth. If they really want to work, they may find it. Look, this is London, people are running to London for work. If the government allows them millions will come an work. But Londoners are saying, there is no work. What is that? If there is no work, how are those people coming? But pride makes people not work and secondly laziness makes them not work and thirdly because they are happy getting money freely from government. That makes people lazy. Islam refuses such a policy. Therefore, Islam says first agriculture, then trading, then manufacturing - no need to ask employment from government.

In Islam, there is no need for thousands of clerks, so many departments. It is very simple.

-

BookLadyChadijasQuestions

**What is fasad - corruption?**

Astaghfirullah al ‘Azim wa atoubu ilayh...Destur ya Sayyidi, ya Sultanu-l Anbiya, ya Sultanu-l Awliya, Meded...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

What is Fasad, corruption? How it can be Fasad? Milk- when you are putting it in a pot (that) may be in it a little bit dirtiness, that milk quickly changing and loosing its originality for the reason, for the cause of that dirtiness. You can’t use it as you like...

Now- mankind has been landed on earth. S.Adam, peace be upon him, he had been sent on earth to be there and to bring their generation because Allah Almighty making Adam to be Allah Almighty’s deputy on earth and to make his best for his Lord Almighty Allah. And he was taking his most care not to repeat what happened from him in Paradise. He was very careful to follow his Lord’s Commands on earth, not to be again a rebellious servant. Because he repented what he did on Paradise and for that reason was crying and asking forgiveness from Allah Almighty hundreds (of) years. And then Allah Almighty He forgiving him and that was the reason he was very appreciative for keeping Allah Almighty’s Commands. And he was knowing that the honour which he had been granted by Allah Almighty no any other honour may be on it or above that honour, can’t be. The honour that Allah Almighty honoured him and promised to Adam that: “Everyone (who is) keeping my divinely Commands I am granting to him, to her, to them, what I granted to you, that honour. One condition: they must keep what I was asking from them the Day of Promising and (that time) they were all accepting to be My servants. That is their promise, oath, that they were giving to Me! I am asking only from them to keep that oath, nothing else. If they are keeping that oath that they were giving to Me the Day of Promising, just I am going to fulfil My promise for them to grant to them that honour that I am not giving to anyone else from other creatures, I am fulfilling My Promise also.”

And Adam was so appreciate to keep his oath and to make his descendants to keep their promises and oaths for their Lord, for their Creator. He was clean, just Allah was cleaning him and Eve also, and he was giving his advises, calling his generation: “Oh my children, I promised to my Lord to be clean on earth, to remain clean and I am asking from you to keep my advise to be clean and to keep yourself clean!” They were asking: “ We think that we are clean ones.”

Yes, mankind when they are coming, coming clean. No one (is) born dirty, everyone (is) coming clean. Up to the age of maturity (everyone is) clean. After the age of maturity the enemy of the Children of Adam (is after them) that he was (the) first rebellious one to his Lord Almighty Allah through creation. He was clean, and when he did what he did in (the) divinely Presence, taken from him cleanliness and he (was) becoming fully dirty. Shaitan (is) fully (a) dirty creature; through (the) whole (of) creation he is (the) dirtiest one. And he was running after the Children of Adam, (saying): “If I was becoming dirty for the (reason of the) Children of Adam, I am not leaving them to be clean ones, (but) I shall try as much as possible to make them dirty or to throw on them dirtiness.”

Grandsheikh, our Grandsheikh- Allah bless him- Sultanu-l Awliya, he was saying through his associations, that Shah-u-Naqshiband (was) the main pillar for this holy Tariqat, (the) most distinguished Naqshibandi Order; its main pillar. As a tent has a pillar at the middle of (the) tent; if that pillar you are not putting, that tent (is) coming down, can’t (stand up). When putting (it in the) tent, it is okay. Therefore- this (is an) example- we may say: if not Shah-u Naqshiband (was) coming in existence, that most distinguished Naqshbandi Order can’t stand up. He was saying: “I was looking for Shaitan to catch him a little bit making like this (resting). Day and night I was so keenly running after him to find him a little bit like this...(but) never (he was) making like this (closing his eyes)!” So keenly (he is) running after mankind to make them dirty, to throw on them dirtiness. Or, if he is not carrying them to dirty channels, at least he is trying to take from that dirty channels something and to throw on them. Some of them (are) surrendering and running with Shaitan. Whom they are running away from him, he is trying to throw on them dirtiness also.

Now we are living in a time (that) if a man (is) getting out from his home to (the) street, waiting in front of doors of houses or shops or anywhere that people may be in it, looking for man 7 Shaitans. Waiting. When looking (that he is) coming out, quickly running after him. Second one coming (out), another 7 Shaitans (are) coming to make him heedless and to carry him into dirty channels or at least to throw on him dirtiness. If

women- 7o Shaitans waiting (for them). If a woman (is) getting out by herself, alone, or two of them, or three of them without a man, 7o Shaitans (are) waiting for them and quickly surround them to carry them to dirty channels. If they are asking to run away at least they are throwing on them dirtiness. Shah-u Naqshiband was saying: “I never find Shaitan even a little bit like this (resting, closing his eyes), no, always awake!” Running from East to West, from West to East, even from Mecca Mukarrama to Medina Munawwara, fro Medina Munawwara to Mecca Mukarrama, or from Damascus to Mascid Aqsa, from Mascid Aqsa to Baghdad, from Baghdad to Yesher- from East to West (he is) running, running to make mankind to fall into Hells. Dirty channels reaching to Hells.

Shah-u-Naqshiband was saying: “If I can catch Shaitan even a second making like this (closing his eyes), I was trying to make a veil between him and (the) Ummah (so) that he can’t be able to see where is (the) Ummah. But I can’t reach!” Shaitan (is) running after the Children of Adam and making them to forget their oaths in (the) divinely Presence. When you forget it, you can do everything! (The Prophet was saying:) “If you are not ashaming you may do everything...” Now people (are) never ashaming, men and women; (and) therefore they are doing everything, every dirtiness they are doing! If (in) a pot you can find a dirtiness, (even) very little, (and it is) collapsing what it is put in it from milk- what about this world? Everywhere full with dirtiness! And people (are) running in it; they are not ashaming from their Creator. No one (is) thinking that: “Allah Almighty (is) looking to us and seeing what we are doing!” No one (is) asking and no one (is) remembering or no one (is) asking to remember what they just gave from their oath in (the) divinely Presence.

And this world now ( is so dirty!)... therefore Awliyas (are) saying: “We can’t find a clean place for Sajdah, we can’t find clean earth to make Tayyamun.” The Prophet was saying: “Should come a time that my nation (is) going through Fasad, corruption”- this is the time- and he was saying: ”Who is trying to keep himself clean and to keep my way, they should be granted the reward of hundred martyrs, Shahid.” (It is) so valuable now to keep the way of Rasulullah sws, (the) Seal of Prophets. To try to be clean it is so valuable, that Allah Almighty (is) granting hundred martyrs’ reward for one person who is keeping (himself on the) clean way.

What is going to be? You are looking sometimes may be Gala Night, big feast (in) big palaces or halls. Everything (is) prepared, (and) people (are) coming- eating, drinking, dancing, enjoying and what (is) there remaining? Remaining their dirtiness there. When (people are) going away, the owner of that place (is)

ordering servants: “Quickly change everything and clean! Clean everything. Throw away!” Because second (time) you can’t use this place as it is. Now corruption reached (to everywhere) in such a way (that) from East to West, from North to South- all dirtiness! Therefore it is now His Order- His divinely Order-, reaching to (the) Qutbu-l Mutasarrif, the Pole of Awliyas that he is in charge for looking everything on earth and he is also in charge for cleaning everything. But he is looking until they are finishing. As that feast; (the) owner of that palace (is) waiting (until the) last one (is) leaving, then (he is) cleaning. Now (for) all people who make this dirtiness on earth, (the) holy Command (is) just reaching to that Grand Wali: “Now close the doors that no one can enter in it to make another dirtiness! Keep doors and begin to clean!”

Now time is over! Just (the) Order (is) coming: “Close the doors and everything from dirtiness take them away and change everything in it! Now it should be opened for My sincere servants and believers. For My clean people clean this dirtiness!” That is the time of Mehdi a.s!

May Allah forgive me and bless you and we are asking to reach to that clean time of Mehdi a.s. as well as with S.Isa a.s., Jesus Christ- and he is not coming on a dirty world, no, he is coming to a clean place!- to reach to them and to be from clean ones. For the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

## What Is For Allah

Subhanahu wa Ta'ala "He may test which of you is best in deeds." (67:2) And people compete among themselves for who will be the worst of the people. People are competing in injustice. Who among them can be more unjust to the servants of Allah(st) than the other. They compete. They are not competing in good deeds but in injustice.

Allah (swt) says "So the roots of the oppressors were cut off. And all thanks be to Allah, the Lord of the Worlds" (6:45) "Faquti`a Dabiru Al-Qawmi Al-Ladhina Zalamu Wa Al-Hamdu Lillahi Rabbi Al-`Alamina" (6:45) Allah(swt) will wipe away the oppressors that is why people are boiling now. They are boiling similar to "the overflowing ovens" (11:40) It is a sign, "Wa Fara At-Tannuru" (11:40) is a sign that Allah (swt) will destroy, it is a sign... "The overflowing oven" (11:40) is a sign that there is Divine Anger coming from Heavens. He (swt) will purify this world from those devils. And therefore if it is like "Fara At-Tannuru" (11:40) it refers to a world war. It indicates that Allah (awj) will purify this world from kufr & shirk and from the actions of shaytan. May Allah (swt) protect us. Fatiha.

It is a great matter that they left me to speak about so I may make clear to people their condition from the beginning to the end. The history of the world is based on this point; people are either oppressors or believers who obey their Lord (jwa). "And Allah is the victorious over His Affairs" (12:21) He (swt) will wipe away those lowest kind of unbelieving people.

Allahumma Ya Rabbi, tub alayna Ya Tawwab! Tub alayna Ya Tawwab! Appoint for us a king so we may fight in Your way O Allah! As the children of Israil asked their Prophet (as) "Appoint for us a king so we may fight in Allah's way." (2:246) Without a king all that they do is for the

sake of shaytan. I am looking for the word, supporting shaytan. All that they are doing is supporting shaytan. All the wars are supporting shaytan & his sultanate. Otherwise the believers would ask from their Prophet(as) "appoint for us a king so we may fight in Allah's way"(2:246)

Now there is no fighting for the sake of Allah (swt). All of them want to satisfy their ego, their ego's lower desires, their dirty lower ego. Fighting, and their fight is only considering their lower egos not Allah (swt). Nothing is for Allah (swt). It's all for their dirty ego. They are spending all their efforts to be leaders/presidents to satisfy their dirty egos. All the presidents are from the people who are serving or are hostages of their egoistic desires. Now there is nothing on the face of the earth that is not for shaytan. People are making things for shaytan & they do nothing for Allah's sake! May Allah defeat them from beginning to end. Allah's curse is on them! Naudhu Billah

So take heed O servants of the Lord so you may not be under the curse of Allah (swt). You will not succeed in this world nor in the Hereafter. Be with Allah (swt)! Be with Allah (swt)! Do not be with shaytan, the devil & his assistants. But be servants to Allah (swt), stand for serving the Lord of the worlds. O Lord we repent & turn to You. Fatiha.

This declaration is enough for those who believe in Allah and His Prophet (sas). Otherwise they are also from the armies of the devil. Allah (swt) will, “And He defeated all groups”. Wa Min Allah at-Tawfiq.

Put all your efforts in understanding the Great Quran. “If a group of the children of Adam said to their Prophet appoint for us a king” they did not say “bring for us democracy”. No! And a king who is not from among the people is alone, no partners with him because a king is sultan. A sultan is the shadow of Allah on earth. You must obey him or you are destroyed.

Naudhu Billah from the evils of our egos and the badness of our actions and from the evil of devils from people and jinn. May Allah punish them. Fatiha.

**Was für Allah ist**

Subhanau wa Ta'ala 'Er mag euch prüfen, wer von euch die besten Taten begeht.' (67:2) Und die Menschen wetteifern darum, wer der Schlimmste für die Menschen ist. Die Menschen wetteifern an Ungerechtigkeit. Wer unter ihnen ungerechter sein kann den Dienern Allahs (swt) gegenüber. Darum wetteifern sie. Sie wetteifern nicht mit guten Taten, sondern mit Ungerechtigkeit. Allah (swt) sagt: 'So soll die Rückkehr der Unterdrücker abgeschnitten sein. Alles Lob gehört Allah, dem Herrn der Welten' (6:45). "Faquti`a Dabiru l-Qawmi l-Ladhina Zalamu Wa l-Hamdulillahi Rabbi l-`Alamin" (6:45).

Allah (swt) wird die Unterdrücker hinwegfegen, deshalb brodeln die Leute jetzt auch. Sie brodeln wie 'der Ofen brodelte' (11:40). Es ist ein Zeichen "Wa Fara t-Tannuru" (11:40). Es ist ein Zeichen, daß Allah (swt) zerstören wird. Es ist ein Zeichen... 'der Ofen brodelte' ist ein Zeichen, daß Göttlicher Zorn von den Himmeln herabkommt. Er (swt) wird diese Welt reinigen von diesen Teufeln. Und deshalb bezieht sich "Fara t-Tannuru" (11:40) auf einen Weltkrieg. Es weist darauf hin, daß Allah (awj) diese Welt von Kufur und Shirk und von den Taten Shaytans reinigen wird. Möge Allah (swt) uns schützen. Fatiha.

Es ist eine große Sache, über die sie mich sprechen ließen, damit ich den Menschen ihre Lage von Anfang bis Ende deutlich mache. Die Geschichte der Welt gründet darauf. Die Menschen sind entweder Unterdrücker oder Gläubige, die ihrem Herrn (jwa) gehorchen. 'Und Allah ist in Seiner Angelegenheit überlegen' (12:21). Er (swt) wird diese Niedrigsten der Ungläubigen hinwegwischen. Allahumma ya Rabbi, Tub Alayna ya Tawwab! Tub Alayna ya Tawwab!

Bestimme für uns einen König, damit wir auf Deinem Weg kämpfen, o Allah! wie die Kinder Israels ihren Propheten (as) baten. 'Setze einen König für uns ein, damit wir auf Allahs Weg kämpfen' (2:246). Ohne König ist alles, was sie tun, für Shaytan. Ich sehe die Welt, wie sie Shaytan unterstützt. Alles, was sie tun, dient der Unterstützung Shaytans. All die Kriege unterstützen Shaytan und sein Sultanat. Sonst baten die Gläubigen ihren Propheten (as): 'Setze einen König für uns ein, damit wir auf Allahs Weg kämpfen' (2:246).

Jetzt gibt es keine Kämpfe Allah (swt) zuliebe, alle wollen ihr Ego zufriedenstellen, die

niedrigen Begierden ihres Egos, ihr schmutziges niederes Ego. Kämpfen, und ihr Kampf ist nur im Gedenken an ihr niederes Ego, nicht für Allah (swt). Nichts ist für Allah (swt), es ist alles für ihr schmutziges Ego. Sie wenden all ihre Anstrengungen auf, um Führer, Präsidenten, zu werden, um ihr schmutziges Ego zu befriedigen. Alle Präsidenten gehören zu den Leuten, die ihrem Ego dienen oder Geiseln ihrer egoistischen Begierden sind. Jetzt gibt es nichts auf dem Angesicht der Erde, das nicht für Shaytan ist. Die Menschen tun Dinge für Shaytan, und sie tun nichts um Allahs willen!

Möge Allah sie besiegen von Anfang bis Ende. Allahs Fluch auf sie! Naudhu Billah. So beherzigt das, Diener des Herrn, damit ihr nicht unter den Fluch Allahs (swt) geratet. Ihr werdet nicht erfolgreich sein in dieser Welt oder im Jenseits. Seid mit Allah (swt)! Seid mit Allah (swt)! Seid nicht mit Shaytan, dem Teufel und seinen Helfern, sondern seid Diener Allahs (swt), steht auf, um dem Herrn der Welten zu dienen. O Herr, wir bereuen und wenden uns Dir zu. Fatiha.

## What is this Lifeabout?

We must ask Allah to protect us. That is what we need. Satan does not bother with those who have left all belief and do not believe in anything. They are already directed by him. That is their way. They think that there is no life after death, no Judgement Day and no eternal life. It is their belief not to believe. This is the deepest ignorance anyone can have. If someone is refusing to use their mind, there is nothing you can do. Abu Jahil looked at the Prophet*, but never saw the lights of prophecy in his face. Bilal looked and saw it. Abu Lahab denied it, Bilal declared it. If a person is blind, you cannot give any description to him about the difference of colours. You can say that it is blue, white, black or yellow, but he will not understand. In the same way a spiritual blind person will never be able to understand Divine Messages, Divine Books, Heavenly Commands or Divine Rules.

Those who are blind do not differentiate between their words and the words of the Lord. They think that one book is like the other. They do not have any lights in their eyes to clarify what is what. Some blind people can operate their eyes and begin to see, others are hopeless. Those who do not believe in Heavenly Messages are either born blind, or have become so afterwards. It is impossible to make them understand.

Ideas are from the mind. We can think something and then change it quickly. Reality cannot be changed. The biggest mistake people make nowadays is to think that Heavenly Messages can be compared with their own

ideas. That is impossible. They cannot differentiate between an imitated diamond and a real one. They both look the same, even though one is made of plastic. Only an expert can tell the difference. People are learning from imitated diamonds, not from real ones. This is why, when they look at real diamonds, they still think that their own is more valuable.

The people of the 19th and 20th century all run after imitated diamonds, not real ones. They are cheating and lying. Those who come as leaders for communities are cheating people and telling lies. That is the reality of this century. People do not say the truth. They do not accept the truth. If you ask people to follow you, you must cheat them and tell the opposite of truth. That is the easiest way of making them to follow you. If you tell them the truth, they will run away from you because they like being cheated.

It is the most dangerous egoistic illness: to cheat or to be cheated. It is forbidden for a believer to cheat others. The Prophet* said that whoever cheats does not belong to his nation. It is forbidden to cheat people and we have been ordered not to be cheated. Allah has given you the Lights of Truth, why don't you use it?

If you have been cheated in this world, it does not mean a thing, but don't be cheated in your beliefs, in your religion, in your Islam, Iman and Ihsan. Open your eyes! Islam does not accept people to be drunk. Muslims should not be accused of being ignorant square-headed idiots. People should not be able to cheat us, or at least we should be aware of it.

Wake up, believers! Unbelievers want to cheat you. They want to lead you. They want to destroy your faith, because they are with the devils who represent satan. Their headquarters are in the capitals of Europe, with the people who say that they have reached the top point of civilisation. But they never say the truth because they haven't reached anything. Not only are they not on the top, they are on the lowest level. They cannot separate what is false and what is right, what is bad and what is good, what is real and what is imitated.

Life is a one time chance. No one comes into this life a second time. People who believe that are not dealing with realities. You are given a one time chance to understand something. You will be asked when you leave this life and come into the second life, "Oh servant of the Lord, what did you understand in all those years you lived?" Maybe you lived 20, 25, 30, 40, 50, 60, 80 years... What did you understand in all those years? You travelled for so many years on earth, now you are under earth. What did you understand in all those years? Maybe you will answer, "I was a builder, a doctor, a lawyer, a carpenter, an Imam, a chief of a mental

house..." all important titles, but what did you understand? What were you running after? Did it make you understand?

Try to find an answer when you will be asked. The most ignorant people think that we are like grass. But no! We are different than any other creatures.

BookDefendingTruth

**What making people here in trouble and hereafter in Hells**

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Whole sufferings, whole badness, wickedness, bad characteristic that making people here in trouble and hereafter in Hells, that must be well-known. So many people (are) complaining, because they are suffering and their life is in troubles. They have countless problems; they are running to bring a solution for one problem and after that (there are) coming two problems. (They are) trying to bring a solution for that two problems, (and) behind it (are) appearing 4 problems, 8, 1oo- countless problems. What is the reason?
Awliya are (the) inheritors of Prophets (and) also they are inheriting (the) heritage of (the) Prophets. They are Awliya. They are taking pearls of wisdom from (the) Knowledge Oceans of Prophets. What they are saying why people (are) falling in endless troubles and (there are) appearing countless problems and they are not getting in peace? Troubles (are) running after them and never leaving them to say: “Oh, I am in peace today, I am happy today.” No one (is) saying (this) from these people that they are the servants of Dunya. They (are) never going to say: “Oh, I am today in peace.” Dunya (is) never leaving its servants- not servants, really (they are) its slaves- to say (this), because (it is) making them to think about tomorrow. They are finishing today perhaps, (they are) bringing solutions for their problems for today, they are finishing, (but) when they are sitting, Shaitan (is) coming, Dunya (is) coming, and saying: “Look to me! Don’t sleep peacefully. Don’t be in pleasure, because tomorrow you have such and such and such a problem, countless, you must think about tomorrow! Don’t sleep peacefully!” And this person (is) saying: “Oh, my head, oh, my head, oh, my head (is) going to be like Dunya!” Yes, because (the) whole Dunya (is) in his head. “Ohhh, I can’t sleep! Please, oh, my wife, bring to me Valium, (so that) a little bit perhaps I may rest.” Nothing (to worry) for tomorrow (yet), but Shaitan (is) giving that (to his mind) to make him not to be happy or to be in peace. “Bring Valium!...Ohhh,

what is the time? Only half an hour, but yet my head is growing more, growing more...and this Valium that is 25 mg, it is not enough...How you are sleeping? Stand up and bring 5o mg Valium." Up to morning 25, 5o, 25, 5o and (in the) morning he is lying like a dead body....

What you are saying? Do you think that I am making joke with you or it is reality? No rest, no peace, no pleasure, no enjoyment, no contentment, no satisfaction. How that person (is) going to be saved from this? They are not asking. They are thinking that they may save themselves by Valium. No!

(The) next day (that person is) carrying that Samsonite to bring solutions, taking suitcase, making like that..."Oh, my Darling, what was (the) code number for this? I am forgetting", and ½ hour (he is) asking to find (the) code-number. (Then he is phoning home): "Oh my Darling. I am in (the) office, but I forget... I am looking (for the) (code-)
number, but (I am) not finding (it). Look if you can find (it) there." (One) problem (is) bringing another problem...until he is opening that Samsonite, (it is) going to be noon. Openong..."Ohhh", he is saying, "Where is that paper?... Hello, my Darling, I think I am leaving some important documents (at home). Look (in) my room, where I put it." And she is saying: "I am sorry, I am looking also in dustbin?" So many papers in it..."Look quickly there, because I was not in myself last night, perhaps I am making like this, putting there..." "Yes, yes, just I found..." "Make copy and send here..."

Problems (are) bringing (other) problems. What is (the) reason (for that), no one (is) asking! Now all (the) world's people (are) in that way. If anyone (is) saying: "No", I am sending (him) to make (a) check up for him in (the) mental-house... and I am the expert for check up... I may check up their doctors also...All people! Do you think I am joking or saying (a) lie? That is (the) real report, (the) real check up for all (the) world. No one can say to me: "You are wrong, oh Sheikh." I am making him then not to sleep 3 months. (And even) if (he is) drinking one kg- not mg, but kg- (of) Valium, (he) can't sleep (for) 3 months.

What is (the) reason? Why? Allah Almighty, He likes His servants to fall in such bad conditions? Why? But Shaitan (is) carrying them to fall in endless problems (and) sufferings and they are now beginning, from here, falling in a valley of Hell. What is (the) reason? Those whom they are representing Prophets, whom they are on (the) steps of (the) Prophets, who are (the) real followers of Prophets, (they know the answer). (They are) inheriting (knowledge) from (the) heavenly Knowledge (that is coming) through (the) Prophets, through

traditional knowledge. It just reached to them through (the) Holy Books particularly (through the) last one- (the) last Message- (that) just it had been sent to all mankind. I am challenging all other religious people from Non-Muslims and I am also challenging the Muslim doctors to come here and to say to me what is (the) reason, (and) what is their cure and treatment for mankind!

They are all liars now, all governments and statesmen! They are saying: “(The) treatment that can save mankind (is) democratical rules.” They are liars! Democratic rules (are) never coming from Heavens; (they are) coming from toilet people, (they are) not coming from Heavens. But people like what (is) coming from toilet people; they are not taking any care (for) what (is) coming from Heavens- they are denying (it). Therefore their punishment just reached to them and (they) can’t be able to bring peace on earth through their democratical rules. All of them (are) imitated, false. Never, useless, (the) whole world (is like this). Look everywhere! Beginning from America, ending in Turkey; coming to Iraq, Palestine, going to Russia, going to Germany, going to East and West. All (countries are) asking to find peace through the imitated or plastic, synthetic, rules that (are) shown to people from democracy.

I am sorry to say (that the) Islamic world also (has been) cheated. They are leaving (the) Holy Commands, (the) heavenly Rules and (they are) running after democracy. I know, I understand (that) Christians have no any heavenly Rules through (the) Archangel, through (the) Bible and (they are) using (the) Old Testament Rules. But (they are) not using that also! But we, Muslims, we have been granted from Allah Almighty heavenly Rules for arranging our life peacefully, but- I am sorry to say (that) (the) Muslim world (is) refusing (them) and saying: “Democracy.“ For what? Why you are changing? And (they are) falling down, (they are) not going to be successful: Egypt, Turkey, Syria, Iraq, Iran... Iran (is) saying also saying: ‘Islamic Republic'. No republic in Islam! No parliament in Islam, no democracy in Islam! This (is) all for (the) Non-Muslim world, not for Islam. They lost their honour and (they are) falling down also.

Rules that should save people from (the) darkness of their life, from Hells here and Hereafter, they are heavenly Rules only. Till (they are) bringing (them back), (people are) eating each other. Not civilization, but they are running after violence. People (are) becoming much more violent and (they are) asking to destroy each other.

Therefore- oh people, we are coming now to the important point that we fell in it for that reason, because

democracy is something imitated, as plastic figures, (it is) never giving any power to us, (neither) physically nor spiritually.

When people (are) never reaching to that point, they can't reach a peaceful life. It is prevented. (There is the) holy Order (coming) to everything (in creation, saying): "Give trouble to these foolish people!" Therefore countless new illnesses (are) rushing on mankind and (the doctors are) saying: "We never saw such an illness through our knowledge, through our books." Whom they are making these heart operations! What is that! Everyone now is making now operations. (And) after (it, on the) second day they are saying: "We must open your heart." How you are doing this? Leave that person to die, better. For what? After six months (they are saying): "We must change another..." (for money...)
One of our brothers in Istanbul who built this Dergah was in reanimation, (in a) special control room, (because) they (had) made (a) second operation on his heart. And they are putting (him) in that room, (putting) so many machines on him and through 24 hours (he was) passing (away). (The) doctors (were) saying: "We must do another operation, because we lost something in it." And he was (already) dead! Really he was dead, because I heard (it) through (the) telephone from his wife; she (was) saying: "I was (the) only one (who was) permitted to go in (that room) and to look to him and, oh Sheikh, I was seeing (that) his eyes (were) never looking anywhere." (His) eyes (were) showing that he was a dead body. But even (he was) dead, (they were) taking (him) into (the) operation room, making another (operation), and after 2 hours (they were) saying:
"Finished...take"...

Everything (is coming) against mankind who (is) not obeying heavenly Rules, heavenly Commands. Finished. Allah Almighty (is) saying: "If you are changing, I am changing. If you are coming to My way, I am changing My dealing with you in(to) (a) peaceful dealing. If you are not (changing your dealing with Me), you are going to be (punished). "And (the) real reason for all troubles (is this:) because peoples' hearts (are) connected through this temporary life. All our efforts for this life (are) connected (to it), and we are leaving (the) connection through our soul to Heavens and (therefore) all (the) heaviness of (the) material life (is) falling on us and we can't be saved.

May Allah forgive us and bless you, not to be slaves for this, nothing, imitated life that all people (are) running on (this) imitated life, leaving to ask (for the) real life. (The) imitated life is for only a very short time

and (people are) leaving the real life- (and) that is (the) trouble. Until (they are) coming back, (people are) not coming to be in peace or happiness.
May Allah forgive us and send us quickly one of His deputies to save people from (the) traps and tricks of Shaitan. For the honour of (the) most honoured one in His divine Presence, S.Muhammad sws, Fatiha.

## What Is Our Goal

We are getting closer to akhirah day by day. May we become more enlightened every day. May our Nur increase & our connection to dunya lessen. May we turn to Allah Almighty, may we turn to His Glorious Prophet. May Allah not expel us from the nation of Prophet. May He not expel us from His servanthood also. We are weak. We are weak, we are weak.

I would like that we, including myself, know why & for what we came to this world & live accordingly. A person who doesn't know his destination is bewildered. He may set off, take the road but what can a person do who doesn't know where he is going? We went out, but to where do we go? A person who has no aim is zero. Where can a person who has no aim go? What is his life for? Our aim is to make our Lord accept us, to please our Prophet (sas), to live under the flag of Islam, to leave dunya with iman, to have an enlightened face & pure heart in the presence of the Lord of Heavens. I want that we achieve the acceptance of Allah Dhul Jalal.

We want the intercession of the Prophet (sas) also. May he intercede for us & accept us under the flag of Hamd. May he make us drink from his pool of Kawthar too, O Lord. May You give health to our bodies & not make the Nur of our faces lessen. We seek refuge in You from the states that come suddenly. We are helpless, weak. May You send us a Master, a Sultan, O Lord, for the honour of Your Beloved. May the goodness of this Safarul Khair come to us & its troubles go to the mountains. May the men & jinn be upon the way of faith. May we glorify (tasbih) & sanctify (taqdis) our Lord. May we tamjeed/glorify Allah Almighty. May we glorify him, recite tamjeed. We should remember our Lord. If we do, we find strength. It is the dhikr that gives power, nothing else- the dhikr of tamjeed. (La hawla wa la quwwata illa Billah) We should be

busy with Tahmeed & Tasbeeh (Alhamdulillah & Subhan Allah). We have nothing else to do!

We are created for this. "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa 'Illa LiYa`buduni" (51:56) And I created not the jinn & humans except that they should worship Me, says Allah Almighty.

"Ma 'Uridu Minhum Min Rizqin Wa Ma 'Uridu 'AnYut`imuni" (51:57) I seek not any provision from them nor do I ask that they should feed Me. How beautifully. He makes it clear, our Lord Almighty. We don't hear it. People are after playing, entertainment following their egos. Shaytan corrupted people to such an extent that it's impossible to describe. Men & women, all bewildered.

May Allah not leave us with those bewildered ones. May we live clean, leave the world clean & go to the Presence of the Lord of Heavens clean, having nothing to shame us. O Lord You know we are weak ones. May You show us the flag of Islam. May you show us the Sahib al-Waqt. May You also honour us with his service. His service is like Your service, O Lord. O Lord, may the new generations grow this way.

You are the Qadir al-Muqtadiru. We are left helpless. May this state of helplessness be lifted from us that we also run after Your pure servanthood. May we not be from those who run after dunya, O Allah. You are Subhan, You are Sultan Ya Rabbi. You are Subhan,You're Sultan Ya Rabbana. You are Subhan,You're Sultan Ya Rabbana. Sultan is You, Subhan is You. Subhan is You, Sultan is You. Ya Mu'in Al-Ajizin Ya Rabbana, wa Alhamdulillahi Rabbil Alamin. Fatiha. To the good days. Salamun Qawlan min Rabbin Rahim. Salamun Qawlan min Rabbin Rahim. Insha Allah you carry the flags of Islam. May we see it also.

H.F. Allah bless you. Insha Allah.

M. To the good days, o son. May you have good, honoured days. Allahu Akbar Allahu Akbar. Ya Rabbi, Allahu Akbar. Allahu Akbar Allahu Akbar wa Lillah al Hamd.

**Was ist unser Ziel?**

---

Wir nähern uns der Akhirah von Tag zu Tag. Mögen wir mehr erleuchtet werden jeden Tag.

Möge unser Nur wachsen und unsere Verbindung zur Dunya sich mindern. Mögen wir uns zu Allah dem Allmächtigen wenden, mögen wir uns zu Seinem glorreichen Propheten wenden. Möge Allah uns nicht aus der Nation des Propheten (saws) verbannen. Möge Er uns nicht aus Seinem Dienst entlassen. Wir sind schwach. Wir sind schwach, wir sind schwach.. Ich möchte, daß wir, ich selbst eingeschlossen, wissen, warum und wozu wir auf diese Welt kamen und dementsprechend leben. Jemand, der sein Ziel nicht kennt, ist verwirrt. Er mag sich auf den Weg machen, aber was kann jemand tun, der nicht weiß, wohin er geht? Wir gingen hinaus, aber wohin gehen wir? Jemand, der kein Ziel hat, ist eine Null. Wohin kann jemand, der kein Ziel hat, gehen? Wozu dient sein Leben?

Unser Ziel ist es, daß unser Herr uns annimmt, wir unserem Propheten (saws) gefallen, wir unter der Fahne des Islam leben, die Dunya mit Iman verlassen, ein erleuchtetes Gesicht und reines Herz haben in der Gegenwart des Herrn der Himmel. Ich möchte, daß wir die Akzeptanz von Allah Dhul Jalal erlangen. Wir wollen auch die Fürsprache des Propheten (saws). Möge er Fürsprache einlegen für uns und uns annehmen unter der Fahne von Hamd. Möge er uns auch von seinem Becken Kawthar trinken lassen, o Herr. Mögest du unseren Körpern Gesundheit geben und das Licht auf unseren Gesichtern nicht mindern. Wir suchen Zuflucht bei Dir vor den Zuständen, die plötzlich kommen. Wir sind hilflos, schwach. Mögest Du uns einen Meister senden, einen Sultan, o Herr, zu Ehren Deines Geliebten. Möge das Gute dieses Safaru l-Khayr zu uns kommen und seine Schwierigkeiten in die Berge gehen. Mögen die Menschen und Djinn auf dem Weg des Glaubens sein. Mögen wir unseren Herrn preisen (tasbih) und heiligen (taqdis). Mögen wir Allah den Allmächtigen preisen (tamjid). Mögen wir ihn preisen und Tamjid rezitieren.

Wir sollten unseres Herrn gedenken. Wenn wir das tun, finden wir Stärke. Es ist der Dhikr, der Kraft gibt, nichts anderes, der Dhikr des Tamjid - La Hawla wa la Quwwata illa Billah. Wir sollten uns mit Tahmid und Tasbih (Alhamdulillah und Subhanallah) beschäftigen. Wir haben nichts anderes zu tun! Wir wurden dafür geschaffen. "Wa Ma Khalaqtu l-Jinna wa l-Insa illa LiYa`buduni" (51:56). 'Und Ich erschuf die Djinn und Menschen nur, damit sie Mir dienen', sagt Allah der Allmächtige. "Ma 'Uridu Minhum min Rizqin wa ma 'Uridu 'An Yut`imuni" (51:57). 'Ich will keine Versorgung von ihnen, noch will Ich, daß sie Mir zu essen geben.' Wie schön

macht Er es deutlich, unser Allmächtiger Herr. Wir hören es nicht. Die Menschen sind hinter Spiel und Unterhaltung her im Gefolge ihres Egos. Shaytan hat die Menschen in so einem Ausmaß verdorben, daß es unmöglich zu beschreiben ist. Männer und Frauen sind verwirrt.

Möge Allah uns nicht mit diesen Vewirrten lassen. Mögen wir sauber leben, die Welt sauber verlassen und sauber in die Gegenwart des Herrn der Himmel eingehen, damit wir uns nicht schämen müssen.
O Herr, Du weißt, wir sind schwach. Mögest Du uns die Flagge des Islam zeigen. Mögest Du uns den Sahibu l-Waqt zeigen. Mögest Du uns auch mit seinem Dienst ehren. Sein Dienst ist wie Dein Dienst, o Herr. O Herr, mögen die neuen Generationen in diese Richtung wachsen. Du bist der Qadiru l-Muqtadiru. Wir sind hilflos geblieben. Möge dieser Zustand der Hilflosigkeit von uns genommen werden, damit auch wir Deiner reinen Dienerschaft nachlaufen. Mögen wir nicht zu denen gehören, die der Dunya nachlaufen, o Allah. Du bist Subhan, Du bist Sultan ya Rabbi. Du bist Subhan, Du bist Sultan ya Rabbana. Du bist Subhan, Du bist Sultan ya Rabbana. Sultan bist Du, Subhan bist Du. Subhan bist Du, Sultan bist Du. Ya Mu`inu l-Ajizin ya Rabbana wa Alhamdulillahi Rabbi l-Alamin. Fatiha. Für die guten Tage. Salam Qawlan min Rabbin Rahim. Salam Qawlan min Rabbin Rahim. Insha'Allah, tragt ihr die Flaggen des Islam. Mögen wir sie auch sehen. HF: Allah segne dich. Insha'Allah. M: Für die guten Tage, Sohn. Mögest ihr gute, ehrenvolle Tage haben. Allahu Akbar Allahu Akbar. Ya Rabbi, Allahu Akbar. Allahu Akbar Allahu Akbar wa Lillahi l-Hamd.

## What is the Example of Sunna of the Prophet?

ANSWER - It is simple - the way of the Prophet is the way of Allah. Our Prophet, like all prophets, called people to Allah. That is his way towards Allah. As long as he and his companions came near to Allah, then Allah Almighty supported them.
Our ways are not to Allah. Muslim ways should not be to dunya, i.e. the world, for this life and not for eternal life. Most of our activities are only for this life. We are living only for this life, for the pleasures of this life.

For Muslims, in these days the most important aim is not to move towards Allah - but only towards dunya. For a temporary life, no-one can reject this point. We have twenty-four hours a day and I don't think Muslims give more than one hour for Allah. You may say two hours, three hours, even five hours. Do you think Muslims give five hours for Allah every day? If they are giving, it is not enough. But the Prophet and his companions - their whole life was for the sake of Allah. They lived and died for Allah. We are living and dying for dunya.

That is the way of the Prophet. He called people to Allah and to eternal life. He said that this life is only a bridge from pre-eternal up to eternal. Do you see anyone building on a bridge - houses, palaces and enjoying them? Or do they pass? We are such foolish people. We build on the bridge and say that we will never leave the bridge.

We are coming from pre-eternal and moving to eternal, but we are not thinking. We are thinking that we are on a bridge for ever.

That is the difference between the Prophet's life and the lives of present day Muslims.

I am telling you the short, simple answers - No need for great volumes, everyone can understand.

Story - Once upon a time there was an Imam, Friday Juma Imam making Khutba, which he wrote and tucked in his turban. When he was in the Mimbar, he would take it out and read it. One day, when he was making wudu, his turban was left on the side, and some naughty youngsters came and stole the sermon. That day, when he climbed the Mimbar and said Alhamdu lillah and searched for his sermon in the turban, he couldn't find it, so he recited Fatiha and Salawat and came down. He was angry and said: "It is exactly suitable for the level of understanding of these people."

Therefore, my answers are very suitable for people nowadays.

## What is the message of all holy books?

*Q: I am a Christian and I am trying to understand Muslim people. I have come with a seeking heart.*
Sheik Nazim: Do you know the meaning of Islam?

*Q: To be a Muslim means to submit to God.*

Sheik Nazim: Yes, submitting to God, surrendering to God. Are there any Christians who do not surrender to God?

*Q: In that definition I can say that I too am a Muslim. I would like to know how Muslims view Judgement Day. When they die, what happens?*

Sheik Nazim: Why don't start off by asking what the view is for Muslims of this life, before you jump to Judgement Day? When we leave this life we will have the Judgement Day. That will be when life has finished on this planet and a new period will begin which is mentioned in all Holy Books. That period will be endless, everlasting life. That is why our view of Judgement Day is not only the view of one religion, it is a common view since the beginning until the end of all Heavenly Beliefs, Heavenly Faiths, Heavenly Religions, Heavenly Prophets and Heavenly Books which make it clear that a Judgement Day will come, a Day of Resurrection.

*Q: If I became a Muslim today, what insurances would I have that I will go to heaven? In the Bible it is written that I can be certain to go to Heaven.*

Sheik Nazim: The Bible tells you to be a man. What does the Quran tell you? To be a man. What does the Thora tell you what a person should be?

*Q: I don't know, I am still studying the Bible and the Quran, but in the Quran I cannot see a promise, a guarantee of everlasting life in heaven.*

Sheik Nazim: I am asking, what does the Bible tell mankind to be? What are the teachings of the Holy Bible?

*Q: It says that we have all fallen short of the Glory of God and it tells the world that there is one Saviour, Jesus Christ who came as a Messenger of God also to make attonement, to pay for sin. It also says that whoever worships the Son of God has eternal life.*

Sheik Nazim: We know all that. But what is the purpose of sending Saviours and Books and Faiths to mankind?

*Q: The prophecy is that we will be joined together in Heavens.*

Sheik Nazim: It is to come nearer to truth. The main purpose is to make mankind good-ones, not to let them be bad-ones. All Heavenly Teachings through the Bible, through the Saviours, through Jesus Christ, Sayidina Muhammad, Abraham, Noah, Adam, David, Solomon and Moses, all tried to make people into good people. They tried to take away bad-ones and to make people into good-ones. That is the main purpose. Christianity came to teach people how they should be good. Moses also came and tried to make people to be good, not bad. The Seal of Prophets, the Saviour of all mankind, Sayidina Muhammad, was also telling people to be good-ones, not bad-ones. On Judgement Day the Lord will give His Judgement for good-ones and bad-ones. Whoever will be good, will be in happiness and goodness forever. They will be in lights. Whoever is bad will lose their chance to be happy forever and to be in lights forever. That is why we are trying not to run after titles and to say, Christians, Muslims, Jews... Instead we want to see if people are good-ones, be they from America, England, Pakistan, Germany, or Arabs or Turks or Greeks or Armenians. Because we are all from the same root, but on different branches.

*Q: So how do we become good in front of God? I need a Saviour, I need a payment for my sins. I believe that I have received this through Jesus Christ.*

Sheik Nazim: You must believe and be a good-one.

*Q: No, he is good, I am not, I am a sinner who is saved by him.*

Sheik Nazim: All of us are sinners. Who may say that he isn't? We all need someone to intercede for us in Divine Presence. Every nation has a Saviour. Abraham was a Saviour. All Prophets were Saviours. Now, according to the belief of everyone, the purpose is to be a good-one in Divine Presence. Not to sin but to do good deeds with each other and to worship the Lord.

*Q: I have a question concerning Judgement Day. When on this day the believers walk across the bridge and they go to the other side, I have understood that there will be 120 rows in front of the entrance to Heavens. 80 rows are reserved for the Muslims and 40 for other believers, people who follow Moses and people who follow Jesus. Can you explain this and tell me what the criteria is to be allowed to enter paradise?*

Sheik Nazim: That is true! You see, according to our belief all nations belong to the Last Prophet. We are saying that everyone who is living on earth at the moment belong to the Nation of Muhammad. That is why those 80 rows will be crowded with people. The others only have 40 because since the beginning until the time of Muhammad, there were not so many people living on earth. That is why they have 40 rows. But since the time of Muhammad more and more people are living and crowding this earth.

*Q: Yes, at the time of Muhammad there were about 300 million people, at the time of Jesus 250 million and today there are almost 6 billion.*

*Now, even if I come with a seeking heart, I do not see a promise in the Quran that I am guaranteed an eternal life, the way I see that in the Bible. So if I become a Muslim today, I might lose that chance. Can you give me any guarantee?*

Sheik Nazim: The guarantee can only be given to good-ones. That is the same in every religion. There can never be a guarantee for bad-ones. But for good-ones, be they Christians, Jews, or any other religion, if they

are good-ones, that is if they deal good with other people, and best servants to their Lord, then they are good-ones. We are not discussing with anyone if he is doing his servanthood for the Lord and if he is doing his best for the other servants. He will never be prevented from paradise. The Judge on Judgement Day will be the Lord of Heavens. The Lord of Heavens is not refusing good servants. He is accepting everyone who is good. No-one is being accused for being this or that, the important thing is to be a good servant and to be good with other people. We know that every prophet from beginning to end, includung Jesus Christ called people to servanthood to the Lord and to be good-ones with mankind.

*Q: Who can claim to be good? I can't claim to be good. I need to go infront of the Lord and ask Him to forgive me.*

Sheik Nazim: You mean that you have bad desires. Yes! But you also have a control over yourself. You cannot leave your bad desires to their actions. Why do you think that the Lord gave mankind will-power? To control the bad desires! We have an ego. It belongs to satan. If we leave it without control, it will do every kind of evil. That is why we are using some methods from the Holy Books to put a control on our egos. If not, you would be a terrible creature within the community.

So every prophet who brought a Heavenly Message brought with them some methods of how to train people to be able to control their egos. We have a system in Islam to control our egos. That is why we are fasting this month, so that we may use our will-power. We are hungry and our ego wants to eat, but we say 'No!'. We want to drink because we are thirsty, but we say, 'No, you must be patient intil the time of breakfast.' That is a kind of training for the egos, so that we can establish a control over it. You also have such methods in Christianity and in Judaism and in Buddhism and in Hinduism. Every kind of belief trains their followers to be able to control their egos. If anyone can control their egos, they will be good-ones. If they leave their egos without control, they will be terrible creatures. That is important. We do not care what title of which religion you give yourself. Important is only whether you can control yourself.

You can use any method to control yourself. All kinds of people come here. They are from England, Germany, America, from the East and from the West. They all want something, otherwise they would not come here. They must try to train themselves and get much more power in their will. If not they will be like people from the zoo. Animals do not have a will, but mankind has been granted will-power. We must know what we are

doing and what we must do so that we are not carried away by our egos. We need cleanliness, we need to clean ourselves from bad desires. It does not only mean to take a shower, that cleans only your body. Your mind and heart must also be clean. Your intentions must be clean. Your knowledge must be clean. Your actions must be clean. Your works must be clean. Your look must be clean. Everything that you do must be clean. That is not easy. You must train it.

*Q: Do you bless people?*

Sheik Nazim: If I receive blessings, I pass them on.

*Q: If people do not receive those blessings, what happens to them?*

Sheik Nazim: Rocks do not receive anything from rains, but fields do. If someone comes here like a rock, they will not receive any blessings. If they come like a field, everything will grow on them and they will take blessings.

*Q: How is it possible that you receive blessings more than anybody else?*

Sheik Nazim: We have a line from the Seal of Prophets. Since his time until today there is a spiritual channel through which blessings run from heart to heart. It is passed on from one saint to the next.

*Q: My Bible does not mention the Quran. It says that Jesus is the first and the last. That means I do not need Muhammad, I do not need the Quran.*

Sheik Nazim: If there wasn't a need for the Holy Quran the Revelation would not have come. Mankind needed a new revelation to come. After Jesus Christ, Christianity changed into so many different ways. Allah Almighty spoke through one bible, but you have hundreds of different bibles. Which one do you have?

*Q: I have the American Standard.*

Sheik Nazim: Where does it come from?

*Q: It is translated from the original manuscripts.*

Sheik Nazim: Where are they?

*Q: They are in the British Museum?*

Sheik Nazim: Why in the museum? Is it material for the museum? But it is wellknown that you have 4 gospels. But I am asking for the Gospel of Jesus Christ, I don't want the Gospel of Matthew, John, Mark or Luke. I want the one from Jesus. The 4 gospels were written after Jesus Christ. Neither Matthew, John, Mark or Luke were with Jesus. Only Barnabas was with Jesus and he wrote a gospel. Who did Luke hear from? He was not with Jesus. How can we trust what he is writing? Where did it come from? We have traditional knowledge, but before we quote anything we must say who has wittnessed it and who has passed it on. That is why the knowledge of Christianity has no base to stand up on. I want to know: who taught Matthew, Mark, John and Luke? Why is it not mentioned? This is why it was necessary to send one more book, the Quran.

May Allah forgive us.

## WHAT IS THE NAQSHBANDI TARIQAT ABOUT?

Kings of Kings! We are such small-ones. Be happy that you are not a donkey! Ladies, be happy that you are not monkeys! Germans, be happy that you are not camels! Thanks to Allah, He has given us the greatest honour by making us human-beings. "The foundation of our tariqat is association!" Shah ul Naqshband, the pillar of our most distinguished Naqshbandi Order, used to say. Why is our tariqat most distinguished? Because its methods are very special. What are the methods for? They prepare us for the Divine Presence, for the day on which everybody will be in Divine Presence. Whenever a ceremony is to be held in the Palace of her Majesty, whatever the occasion may be and she has invited famous and important people, they will be asked to wear such and such clothes. These will then come with their medals and uniforms and come. Her Majesty will also be dressed in a grand uniform. During this parade everyone is showing what they have.
In the same way, everybody has been called and invited on the Last Day to be in Divine Presence. And just like the people who have been invited to her Majesty take their most famous uniforms, everyone must come to the Last Day with their grand uniform. It will be a day of show and everyone will bring what they have. The grandest uniform will be worn by Sayyidina Muhammad, may peace be upon him. He will be there shining like the sun in the sky. No-one will ask where the sun is. On the Day of Resurrection it will be clear to everyone who the praised servant of Allah Almighty is. All prophets will come with their special uniforms made of light. Everyone will be there with their special uniforms, if they have any.

The most distinguished order, is the Naqshbandi Order and the most beautiful clothes are being prepared for its followers. There are some boot-sales where you can find clothes, but there are also clothes in Harrods or special tailors to make the clothes exactly the way you want them. Most distinguished means, it makes the best clothes for the servants for the Day of Resurrection. This tariqat is not for this world, it prepares you for Allah Almighty. We are not trying to waste people's life for the cheapest material. The Naqshbandi Order wants to spend all its authority for the sake of that day, to be able to come there with a special dressing. Others will not be able to look away, that is how beautiful, nice and sensational it will be. It will be perfect on the outside and in their hearts.

We ask of Allah Almighty not to make us ugly on that day. It is really bad luck to be ugly on that day. Ugly means that Allah Almighty will not look at them. If Allah Almighty looks at them they will appear with a wonderful look. When Allah Almighty's look empowers them, they will be so sweet. Unimaginable! And they will be in their paradise immediately without any hinderance. Nothing will hurt them. They will not have any suffering. That is the main target of the most distinguished Naqshbandi Order. It wants to make you a most distinguished one in Divine Presence. Try it and ask from your Lord to grant you. If you ask, He will give. You will then never lose your faith, or your good works, or your good intentions.

The intentions to do good will grow like plants grow and give their fruits. No-one will have tasted anything sweeter than these fruits that have grown through your intentions. The plant of good intentions is a very special plant. Everyone will be dealt with in the Divine Presence on the level of their plants of intentions. Everyone will find plants of the fruit of their intentions. It will give more and more and more. Try to plant trees of good intentions. Don't plant trees of bad intentions. It makes you ugly. No-one will then be able to look at you. Be attractive in the way that Allah Almighty will dress you with Divine Lights and you will be able to look at Him, the Almighty. If He doesn't dress you with Divine Lights, you will not be able to be in his Divine Presence. When you are in his Divine Presence, you will be able to look at his Divine Lights, into his Eternal Face. That is the biggest target, our final target: our Lord. From pre-eternity to eternity our endless and highest target is You, our Lord, nothing else! Nothing can be mentioned with Him. How can anyone make any other target that Him? Everything except his Divine Face will be finished and vanished. How can you aim at something that will vanish? Whoever makes the Divine Face of Allah Almighty the final target, will win everything. If someone leaves that target for anything else, he will find nothing in the end. He will look and find that he wasted his life for nothing. He will look at find nothing. Most people spend their lives running after something which in the end is worth nothing. That is reality. Millions leave this life every day.

They look to see whatever they were running after, and they cannot see it. They are in a very narrow box and they shout, "Where is my target?"

What are we running for? For nothing! Don't belong to the heedless people who will not understand until they die. You must understand before you die what reality and truth is, so that you can reach your targets. Otherwise you will be like rubbish which will be thrown out of the city by the council. That is our history. May Allah Almighty forgive us for the honour of his Beloved Servant Sayyidina Muhammad and for the honour of this Holy Month.

These are simple words which they are making me to say. If I was asked to speak in high level English or German or French, I could speak like a French, German, Scot, Irishman, Pakistani, Arab. It is so easy to speak a language of high level with high wisdoms. But what is the benefit? It is not a show. I am not doing a show like other people who make a show of their knowledge. There is no need. We want to give people a benefit and you are all like children in the kindergarten in front of holy people. Therefore we are speaking in this way, even if there are 70 or 90 year old people, all of us are kindergarten students. No more! Don't look at your beard growing and coming down...It is better to be people of the kindergarten, because there are never any exams and no-one is losing. Everyone is winning. In elementary school, secondary school, college, academies, universities, masters... everybody has to pass exams. Parents keep coming to me to pray for their children to pass exams, but no-one ever asks to pray for someone to pass the kindergarten exam! So you should be happy to stay forever in the kindergarten! No exams!

London - 01.03.1994

BookPowerOceansofLight

## WHAT IS THE USE OF SUCH PEACE Conferences

The people at this conference are doing this for worldly reasons, they are not doing it for the sake of Allah. The ones present here have not been appointed here by the whole world. So many come here, but how have they been selected? As they like. They bring different receipts and then they are accepted. So this meeting is more like a holiday where people can enjoy themselves. This Riva del Garda is an attractive place. If I would call them to the hot desert in the Sinai for a peace conference, I don't think that even 8 would come. Not like here, 800! But this place is very attractive, people can enjoy themselves. They are also able to fulfil the secret desire of being famous, because they can speak here in front of big crowds. This is a characteristic which has been planted within the egos of mankind. Everyone wants to have such titles to be able to stand up and speak to others. It is like children playing the game of government: you can be president, you can be prime minister... Like this the game can go on for a few days. They can fool themselves for some time, but nothing of all this will have any influence on what is happening in the world. Big armies are marching outside and a little baby is coming with a rose in his hand to stop them. What is this? Who is listening to them?
Italy - 01.11.1994

**You must ask what is your works value**

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah, Destur, ya Sultanu-l Awliya, Sayyidi!...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is an association. It is not a school-class, no, it is a free place; anyone (who is) asking to come (and) to attend (may do so) freely, as (in) an exhibition- people may come, may look, but they are not forced to buy something, no, if he likes, (he) may take, if not- free... We are in such a way. It is a humble gathering and we are not claiming: “I am this one, I am that one”, only I am trying to be an obedient servant to my Lord, the Lord of Heavens. That is my real target: to be an obedient servant in His divinely Presence.

And every clever one that he has a perfect understanding (must ask for this real target)- and a perfect understanding is coming from a perfect mind person; if he is not a perfect mind person, they are not asking that point, (the) real target. And when you are going to be a perfect clever one? When you are using all (of) you mind; then you have a perfect understanding.

If you are using only 1 part of your mind, you are not reaching a perfect understanding. If you are using 1 % (of) your mind, your understanding (is) going to be 1 %. Full clever ones, whom they have perfect understanding, they are Prophets, because they are using their minds only for ma’ali umur; Allah Almighty likes from His servants such a work, such efforts and activities that their value is high, very expensive. He likes from His servants to work for valuable, expensive works. Don’t be like a donkey. (A) donkey (is) working. You are putting on him water (and) he may carry (it), wood, (he may) carry (it), any other goods, things you may load on it and it is doing (his work), but that work- what is its value? Its value (is) just granted to that creature that it did its best, just it brought its importance, because it is created to help mankind to

carry their loads. It is okay, (so) that they are going to be finally rewarded. But (they are) working from morning up to evening.

(And) you (also) are working from morning up to evening. Your work is not same (with) the work of (a) donkey, but you must ask what is your works value. “Inna-llaha yuhibb ma’ali umur”, He, Almighty, likes high level and most valuable works.

A goldsmith is working, perhaps that goldsmith is making a crown for an Emperor, for a King, a Sultan- what do you think? That one’s work and a worker’s, (a labourer’s) work who is working in a building, working through a ship, working through streets, working through farms- (do) you think that (that) one’s work (is) same with the work of a goldsmith? (It is the) same work as (a) goldsmith (is) working? (The) Sultan likes (the) goldsmith’s work, but he is never saying (it to) who (is) sweeping (his) palace-rooms, making cleaning. This is work, that is work. And (there are) so many (kinds of) works through this life for mankind, so different works that (the) community may be in need, and people choose one of them and work.

Through traditional knowledge that (is) reaching to me also, now as well as before, and now (it is) coming to me to say that: When Allah Almighty (was) bringing our beings as small forms, miniature forms, that we were there. How we are now you may see everyone with their outlooking and their inner capacities, it (was) just clear. They were in divinely Presence and Allah Almighty (was) ordering to bring, to be brought every kind of work that mankind may work through this life: every kind of handcraft and other works as an exhibition and then Allah Almighty was ordering the Angels to say (to the) whole (of) mankind that everyone (was) just represented in a miniature (form), that they may choose one of these handcrafts or other works; which one they should choose or prefer should be for them. And all people (were running to choose).

And this is an important point also to be known, but they are not teaching. They are making in universities only 7 or 8 or 9 or 1o branches and then all people must be engineer or physician or lawyer or liar or economist or teacher or pharmacist or architect- after this no work, and foolish mankind now, foolish youngsters also (are) running after (to study in) universities. “What you are learning?” I am asking. “Nothing...”

(There are) hundred and thousands of jobs, works and handcrafts that you may be in need (of). Shoe repairer- it is also one craft to be learned (so) that people may take benefit. Those people that graduated from

universities are sitting down and no one (of them is) earning money and that shoe repairer (is) better (off) then them.

Someone may bring (some shoes and ask): “Make this. How much?” “Two Euros.” “How much?””5 Dollars” (he must pay) or (he) should be without shoes... That shoe repairer is sitting on his seat and there is a machine. Like (a) King. Saying: “Yes, I may make. Sit down there”, and there is a box...(making), finishing. “How much, my friend?” “5 Euros or 1o Dollars or 2o Marks”- Mark finished- Euros (now)!

Foolish ones now all nations, making youngsters to run through universities, not to learn anything else an they are sitting down (unemployed). Then (they are) going to (their) government (And say): “Give us some money.” “Yes, I shall give you, you should be happy- until we are employing you, take 2o Pounds or 5o Euros and quickly go away!” (And) finishing their ability and capacity. Those universities (are) all working for Shaitan, for shaitanic purposes and shaitanic teachings!

We are saying (that there are) so many handcrafts to make people to work and to reach to their provisions.

(And that time) everyone (was) running and choosing, (saying): “This is good for me, that is good for me.” Why (there is a) crisis now, growing and climbing up and never ending? Because people who choose that time they are not using it (here). They are only running to 1o or 12 (kinds of) jobs for (their) provision and (there is such a) crowding, they can’t enter. Other doors are empty. “Ya Hu- use that doors!” “No! I graduated”! taking this diploma and (they are) putting a Jewish hat on their heads, (taking photograph and saying): “This is memory for our graduation”... “What you are doing with this diploma? (It is) giving (you) any benefit?” “No...”

That day everyone was running and taking (a job, saying): “This (is) good for me, that is good for me, okay. (And)- Allahu akbar- only one group of people was sitting, not moving, not running to anything. They were sitting and Allah Almighty (was) ordering Angels: “Why My servants, these servants are not running to choose one suitable craft for themselves?” (And the) Angels (were) asking (them) and (they were) saying: “We are not interesting in anyone of these.” Then the Lord (was) asking (the Angels): “In which thing is their interest? Which thing they are preferring?” And they were saying: “ We are preferring our Lord’s service.”

(Then) Allah Almighty (was) swearing on His Greatness, on His Glory and saying: “These My servants that they are asking only My service, My divinely Service, I accepted them and I am making all people to be

servants to them." They are not working, but people are working and (they are) coming to them; people are going to be servants to these people. They are not Kings or Sultans (from) outlooking, but they are (the) real Sultans (in the) here and (the) Hereafter, because they preferred ma'ali umur- (the) most honoured work, choosing to be servants in His divinely Presence.

Therefore Allah Almighty is saying: "I like from My servants that they are working expensive work; (the) most expensive, most valuable, most precious work! I like those who are giving themselves for My divinely Presence!" (Therefore) perfect mind (is) for Prophets; they are not using anything for Dunya- their works (are) only for Allah!

And Allah Almighty is hating such works that (have) no value- as we said- all works that are for Dunya. Not only (the work of) street sweepers or building workers, labourers, no; even (if) they are governments (employees), MPs, Prime Ministers and such- all (of) their works (have) no value! Don't say (that) when he is going to be Prime Minister, his work is going to be valuable, no! If it is not for their Lord's service, (that work has) no value and Allah Almighty never likes it!

"Pray!" "No time for prayer." "No time for prayer? No time for divinely Service? (So) your rank (is the) rank of animals, no more!" Don't look what (they are) carrying on (their) shoulders from swords, eagles or crowns, no! Never (this is) giving any honour to them!

Therefore it is a short but perfect association to be well known for all of us! When you are working, you must look what is the value of this work: if (it is) for (your) Lord's service or not! There are 5oo branches of works that belong to (the) divinely service; those people (who are doing that) they are accepted in the divinely Presence. And there are 8oo forbidden works; (who is doing that they) are dirtiest ones that their works (are) only for Shaitan (and that are) never accepted. As long as people are working for Shaitan (there is) no peace, no rest, no pleasure, no pleasement on earth or among themselves; all of them (are) going to be in such bad conditions (that they are) never going to be happy here or Hereafter.

Oh people! Wake up! Look what you are doing, what you are working, what is your intention and (according to that) you should be rewarded or punished! And Islam (is) bringing 5oo works that belong to the divinely Service and (it is) bringing also a list of 8oo jobs, works, activities that all of them belong to Shaitan and they

are forbidden; who is doing that (kind of work), (there is) no value for them, Allah is hating them, He never likes to look to them and address them.

May Allah forgive me and bless you for the honour of the most honoured servant in His divinely Presence, S. Muhammad sws, Fatiha.

**I hope it is growing up what our Grandsheikh just planted in Damascus from Naqshbandi order, and it is the season to grow and reach to East and West, from North to South**

...I hope it is growing up what our Grandsheikh just planted in Damascus from Naqshbandi order, and it is the season to grow and reach to East and West, from North to South. Everywhere people may ask the ways of Allah. No one is going to make a hindrance in front of the most distinguished Naqshbandi order- he could be taken away, should pass away. It is dangerous to touch Naqshbandi people now... everywhere that belong to our ways now...We represent the top of Naqshbandi order, who comes against our Tariqat here now, anywhere, could be taken away. Beware. Don't touch. It is not like before. Before there was a wire only, but no power running in it. Now beginning to run in it- if anyone touching there, may be taken away. According to their intentions- without any intention touching, coming a warning, but who knowing and coming against our way, should be touched by high power and should be taken away. Therefore I am warning now- from high position people up to lowest position people- everyone. That is my mission. May Allah forgive me and bless those who help people to come to the ways of Allah Almighty. Fatiha.

Audhu bi-llahi mina shaitani rajim, Bismillshi-r-Rahmani-r-Rahim

What is the number of vocabs in English? It is one of most important languages. How many words you are using? You know 'Redhouse'?

People waste time. That is from Jewish people's wish, cheating people. Whole teaching systems that the Islamic world use, are Jewish style teaching systems, means: they try not to learn anyone. They make so

many years of university, not teaching anything, only occupying people's minds with useless works and ideas. If you sit alone without going to university, every day you may learn at least 40 words, so that through ten days going to be 400. In 100 days going to be 4000 words! If you sit to learn only holy words of Holy Quran, you may learn all the vocabulary of the Holy Quran in 3 months!

But they don't do that. They cheat people. Big advertisement, but it is empty. Therefore I like, but it is not now a time for establishing an Islamic teaching school for foreigners. It is too late, because all teaching systems people like them and if you establish a school, the government is not going to accept it and not going to give value for what we give to graduating students. If you give some diplomas for people, the government is saying: 'We are not accepting your diploma.' Therefore it is finished. May Allah forgive us.

That is a big trap and also very big trick for Islam. If anyone coming and embraces Islam, they make a short way so long, so that who is asking to learn the holy language of the Holy Quran should be fed up. Wasting so many years, but not learning anything.

There is a English system to teach people English. I began when I was 8, 9 years old to learn English, and it was a new method: Reader 1, 2, 3, 4, 5, 6, 7. If reaching to Reader 7, at least you learned 3000 words. Very good system. Putting at the beginning 'i' and 'a'. 'I' is a letter and same time it means 'myself'. 'A' is the first letter of the English alphabet. Using 'i' in a small sentence and 'a', using in front of it two 's's and saying 'ass', donkey. Then one page these new words written with a different and bigger letters to be known that they are new. Beginning and you learn 3, 4...At the end of that lesson it is written: You know now 2 words, vocabs. Lesson 2: Making new words first at the beginning, then these new two words using in sentences, and in the end making another kind of writing: Now you know 4 words. Day by day your vocabulary going to be richer and richer. What I learnt that time I am using now; just I forgot half of it and it is okay.

But Arabic- they are not teaching. What is that they learn? Nothing. No system. Teaching is a particular system for everyone that they may learn easily. Making that they may loose their way. How many holy words in the Holy Quran? I am asking! How many Suras? 114. How many words? 4444. Ayats: 6666. 144000 and more sentences. Subhanallah! May Allah forgive us...What is coming on the Ummah is for the reason that people lost to learn Holy Quran and its holy language in an easy and correct way. If not, you learn what is in it. It is so difficult to follow the holy Orders of Allah Almighty. If not learning and using His Orders and keeping, always your steps are wrong. And Allah is saying: 'Qadamu sidqin'- true steps; you must go on Sirat-al-Mustaqim with true steps.' You can't walk on Sirat-al-Mustaqim with wrong steps; you must fall down. If a person never knows to drive a car and goes on the street, both sides deep valleys, he must fall either right or

left side, because he is wrong driving. And Allah Almighty is asking us to be good drivers, and that is only who is going true steps. You must follow the true way. You can't follow wrong steps, because you will fall down. And very few people have true steps. They are lost, wrong steps, because Shaitan is cheating them. They say: 'We fight Israel'. We represent everything that Israel makes; for using Israeali ways we are first to run after it. We are saying 'fashions' or asia. Everyone is following what Israel is making from wrong things. First our Muslims run to use it. Why? Why you follow Israel? Wrong steps! Why not following Sahaba? What is the reason? They say: 'These are no mind people. We must be modernized, 'western Muslims'.' What is that? Then you must be Christian. You are Oriental Muslims, not 'western Muslims'. Islam is not coming from the West, but coming from the East, from the Orient, not from the West. Why you follow (the West)? They say: 'No, we must follow. Whole world running after them, we must follow also.' That is a wrong idea, but planted in schools, universities, teaching schools. Everything is wrong.

We must say(this). If people are accepting, they are accepting. If not...'La iqra fi din.'

(No compulsion in religion)

Damaskus - 21.04.2002

**We shall look from our headquarters, from spiritual world heavenly commanders, what they are sending to warn people in such a difficult days**

Destur, ya Sayidi, Meded, ya Sultanu-l Awliya...Audhu...B.r.r., la haula... Einer sollte sprechen, die anderen zuhoeren, und es koennen tausende sein, es macht nichts, aber wenn alle reden, und keiner mehr zuhoert, kommt nichts dabei heraus...

We shall look from our headquarters, from spiritual world heavenly commanders, what they are sending to warn people in such a difficult days that we are entering in it, and we are asking heavenly support, heavenly support is much better from whole material supports or technological supports. Every time mankind when they are trusting on their material powers or strength, trusting in what they have from weapons, that they are all belonging to our material being, they failed. When they are trusting in heavenly support, they never going to be failed. This is unchanged measure or balance, nizam. When mankind trusts in their material power or capacity, ability, they failed. But when they are feeling that they are weak and ask heavenly support they never failed. Therefore mankind must be directed to a save direction through their minds, they must use their minds on a safe direction. Or they should be failed. And how they are going to be able for a direction on safe way? Holy Quran that last message coming from Heavens to the last messenger for the last prophecy, the most honoured prophet in divine Presence Quran Kerim, Holy Book coming and you can find everything it, what is necessary for the safety of mankind here and hereafter.

And main teaching pillar through the holy Quran is to remind believers from beginning of mankind on earth

bout their lives that we are saying now for that knowledge history. To remind them for the lives of mankind how they began and continue up to time of Seal of Prophets, bringing knowledge from past times, past nations, about their lives an about their dealing with their prophets, in another words, development, how happened up to time of Seal of Prophets. Then it is going to be a strong foundation for a nation that they have no knowledge kaumu-l jahiliya, people that were through the darkness of ignorance. This is teaching style, method, of holy Quran for mankind. Because if not knowing about past times, past nations, how they were, how was their dealing with their prophets, the messengers of Heavens and what happened to them, that must be known. Therefore it is first important point for education programs to put first the knowledge of past times that is history. You must know your history. About your nation and about for common nations, most important knowledge. Others if you are not teaching people, if not teaching youngsters, you can't be able to teach them anything. They are going to be ignorant. Don't think that if they learn physics, or chemistry or arithmetic or astronomy or so many knowledges, they are not... they haven't any base to sit on. All of it is like something just hanged but can't sit on a strong base. A person may know arithmetic or physics or chemistry or mathematics or medicine, but all of it is on air, no base to sit on. Therefore first point is to call people and to train them in a safe way.

If you are asking new building you must do and make a strong foundation. You are architect. You are going to build on sandy land? Sandy land you may put tent or such weak places, so simple, as people making now for some moving markets, fairs or flee markets. Every Saturday and Sunday in Europe flee markets. Flee markets only one or two days. People can't be able to live in it whole year; but shops that building strongly, everything in it in safety, and who going on it also going to be in safety, they did strong buildings. Bazari. Now education system is like flee markets. No any strong base foundation, no. They are teaching architecture, law, medicine, engineering, this and that, but they are never using a strong foundation. Even the faculty of history they are also never using a strong foundation, it is only like a show. In most important point the time of tyrants, period of tyrants, that they are mainly supporters for their hegemony, they are using lies and cheating. They are teaching they say we are teaching history. Everything through story that they are mentioning, there is their system's... they use it to show that past times worst and our time now best. Changing every reality into lies and using lies for cheating people. That is the time period of tyrants now. They are saying 'National policy' for their benefit. Everything changing and bringing, showing everything bad and every bad what they are doing, showing to people as best. Showing golden as no value, bringing tin with the colour of gold and saying this is the best. Throwing away diamonds and bringing plastic diamonds, if putting, people think: o,

this is much better, because real diamond is natural, it has some signs that signing its originality. But when they are making from plastic you can't find any sign, it is so false...Therefore they are trying to change valuable things from past time and to throw them away and bringing new ones that are only so quickly described with technology, no value. That is their states policy, to make for them a strong base to be in it and to continue on it.

And now whole world they do this only. They are not teaching real history, that holy Quran and holy Books all of them try to teach people what happened in past times for nations whom where living thousand years ago and they have been sent holy Books from Heavens and how they were dealing with their Prophets...I may ask a question: I learnt also through their schools and university. In their history books I never learnt about flood of Noah. You learnt through your schools books? Most important event of the past time! Sometimes people coming and going to Turkey to find the remaining parts of Arch of Noah. Why they are coming? Why not putting in history books? They write about Zeus, Greek mythology or Roman mythology or Assyrian or Egyptian mythology, they write as a knowledge, even writing about their Gods and wars among them! But I am wondering how people run through streets and say: We don't like war, no war. Ya Hu, their schools teach as mythology that eve their gods fighting each other, how you are saying 'no war'? If your gods going to fight each other, what happening? How they are running on streets and say 'no war'? What happened to those people? Shaitan teaching them that gods may fight each other, killing each other I don't know or sending them to exile? How happened? Now people ask 'no war', and Muslims.

O believers, just it is an order that Heavens stamping on it, sealing, and it is an command from Heavens for Muslims to fight! Battle, fighting. How you are running on streets and say 'no war'? What happened? Which time you are looking people are not fighting? Always fighting running and you ask now to stop war? Oh, how happening? Everywhere battle, fighting going on. I mean to say that people...now those no mind people tyrants, writing through their books as a knowledge, historical knowledge for Greek civilization, old Greek, Old Roman civilization, and making as a knowledge about their gods, and they are putting also their statues and pictures on say: This is Zeus, that a another, that is another, and top Zeus. Zeus they are saying, Theos, Zeus coming from theos, the God. They are writing this but not one world you can find about Noah. It did not happen? If they are saying Yes, they must believe in holy books!

Therefore they are writing lies and changing everything in opposite, not from front but from back. And they are going ton fail. They failed, and they are going to be failed, all those people whom not knowing about their histories, never going to stand up on their feet, because their feet can't carry their bodies, so weak. History

giving power for nation to stand up on their feet.
And I am speaking through Holy Quran and its style of teaching. Beginning Holy Quran through the creation of Adam and then coming, coming, coming and explaining, bringing so many events what happened to the Children of Adam at is a real way of education but now they lost it and changed, because ..first pages in Holy Quran changing hidayet with dalalet- leaving real way that Allah Almighty
Sending to them realities and changing truth with lies and asking to make a trade, but never reaching a benefit, because they changed reality and asking to make on it benefit, but never happened. What Allah sending throwing away and bringing something form their devil, form their Shaitan and asking to make a trade, a profit. Never bringing. What they do now against the laws of Heavens they lost. No profit.
Everywhere you can see that they failed, and now they run to a dangerous way that never happened before, the cost of this crises perhaps going to be billions of people, Now they are saying 2o people, 4o, 2oo people... not millions, but billons should be cost of their wrong way that they try to make as a profit for themselves and never going to reach a profit but it is going to be biggest lost for mankind through this most dangerous war. And nations day by day running on it, and reaching to them bottom of loosing and finishing.
May Allah forgive us. And blessings for new generation before going to be dirty ones. Whole dirtiness from earth must be taken away and should remain a clean land with clean people. We are asking forgiveness for the honour of most honoured prophet in His divine Presence S.Muhammad sws, Fatiha
Lefke - 23.03.2003

## What To Expect In The Grave

We are speaking on the life of Barzakh--life in the grave, between this life and last life. Commonly, everyone will enter grave, perhaps with some exceptions. The Prophet said that everyone must find in his grave what he or she did throughout his life. In our life one's rank or riches or highly honoured father's and mother's may be useful for one, but in the grave only one's actions are important. from the heart. You can't listen to your Lord or to your Prophet. If a person dies angry, he will go to Hell.

BookMercyOceansBookTwo

**“O My servant - what was your intention?”**

May Allah forgive us!

And we are saying: By the name of Allah Almighty, most Merciful, most Beneficent and most Magnificent
Bismillahi r-Rahmani r-Rahim
Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah!

It is a short meeting, we are asking (for it) to be for Allah. If anything (is) going to be for Allah, it is an honour for listeners and for (the) speaking person, that means for our Meeting (that divine) Blessings (are) coming. We are in need of) His blessings and Blessings (are) only for those whom they are accepting His Existence, who are saying: “Ya Allah“, or saying: “O my God“, or: Theosmas“ [Greek for: "My God"].

Who (is) making his Lord happy, He is making that one happy. If you are not making Him to be pleased with you, you (are) going to be pleased with anything!

We are trying to change peoples minds and mentality, because now whole inhabitants of this world, 99 %, (are on the) wrong way. They are following (the) wrong way. They are following (the) way of Shaitan and (they are) following devils. We are trying to change peoples mentalities, we are trying to show people that they are on wrong direction. And an honour or the honour of you (is) according to your intention, not for your acting. Your acting is so small, small

size, but our intentions - (there are) no limits for our intentions!

And Heavenly Knowledge that reaching to me and also for whole religious followers, whom they are seeking real life of people, to make them happy here and Hereafter; just reached up to me a Knowledge that whole Book given people are believing [in] the Day of Resurrection. Everyone [is] believing [in the] Last Day or the Day of Judgement. That must be, that is our beliefs. Whom they have been granted Holy Books and believing in it - Old Testament, New Testament, Psalms of David and the Holy Book, Holy Quran, the last Heavenly Message for mankind - it is mentioned [therein] that a Judgment Day should come and (that) everyone (is) going to be inquired; (everyone) should be asked what they did. What was their intentions? What was their activities? For what they were running after business? For what they were doing their main target to reach always) a bigger business?

Because may be a small business for one person, but our desires never going to be happy with a limited business. Our desires (are) asking to reach always a bigger business, more money, more business, and more, to save much more money, or they are asking to save as much as possible golden...

This is 50 Turkish Lira... If you are going and asking old cemetery people, "have you ever heard that a King or Sultan was using paper money?" Old Greeks were using paper-money? If you are doing like this (tearing it)...finished... And we have another kind (of) money also that is ’real‘ (the Dollar)...There is (the picture of) a person, you can’t know if he is man or women... long hair... This also (on the Turkish paper money) you can’t know (if it is a) man or (a) woman, because even (he has only) a little bit (of) hair, (but) no moustache, no beard...

It is easy to give [away] this (paper money), but if you have a coin, golden, if you are asking to buy something, you are going to think on it: “Do you think that it is really) going to be (necessary) to change this golden and take something?” It is

difficult (to spend a golden coin), but this (paper money is) so easy (to be spen ). You can give this (paper money) easily to children also, but you can't be able to give to your small children golden, no!

They are knowing that paper can't be money. Therefore now people, when they are feeling that a war (is) coming, they are running after golden to buy it, because may be a big state, may be [defeated] and his money up to morning is) going to be paper, therefore (people are) running to buy much more golden. Therefore golden, when it is going up, you must know that war coming! It is a unchanged rule. When golden (is) climbing in its price, that means (there) should be a war and some big territories - their money that they were using, paper money, (is going to have) no (more) value. But if it is golden - if (, for example, the) French Government (is) going to be [defeated], their golden is (still going to be) okay. Or Russia, (if) going to be [defeated] , (their) paper money should go, but their golden is (still ging to be) okay.

Now people are running; their biggest target (is) to reach (always a) bigger business and to save much more money. That is their target, but it is so foolish ideas. People (are) running after it, (but) they are not reaching (it); always they are asking more income, much more earning money, much more bigger business, that is their only mentality. They are living only for business, and their main target to save much more money.

Okay, you can do this, but what is going to happen finally for you? Finally what you are going to do or to be? One day should be for you (the) last day for your life. What you are thinking - (even) if we are pouring on your bed golden and precious stones, jewels, if (we are) putting (them) on you, (there) should come a day that you are going not to look [at] anything, even (there) may be some rubies, some precious stones that their value (is) going to be millions (of) Dollars, but you are not going to look after it, finished. If (we are) bringing whole your saved money, even billions or trillions, you are going not to look, you are no

more interested that time. What happened?

Therefore, it is not a real target for a person to live to save much more money, much more property, but finally (he is) going to leave (everything), not to look (to) it. Therefore it is a wrong mentality that people (are) running after it now, but they are (only) wasting their lives. They are slaves of material and (the) material (is) closing their eyes and they can't see beyond material any spirituality. You are a material; a man is created from (the) soil of earth and you are looking that you can move, you can walk, you can run, and that power (is) not coming from your inside, (but from) outside, you have been pushed on it. But no more (are) people interested in such a things that "material (is) under the command of spirituality." Spirituality that is most important that (is) making people to understand something for their lives, for their real purpose of being in existence. Only they may understand from the spirituality. Material can't give to you any answer that you can be in satisfaction, no! But people now (are) never accepting a guide for guidance, and (they are) making (it) their most important target to reach much more, saving money and to reach much more material from (the) material world.

What (is) coming to ourselves from that knowledge through spiritual knowledge? A person should be asked [on] the Day of Judgment; he should be asked: "What you did?" and according to his works (he is) going to be granted; if their works (were) good, (they will also be) rewarded by good, (by) Allah Almightys Blessings.

And then there is another question that you should be asked (on the) Day of Resurrection: "O My servant, for what you were intending when you were living on earth and you were running? Every day you were running, asking to do something and more and more and more - what was your intentions? Yes, we know what you did now! It is... I am rewarding you for that, a little bit, but I am asking to grant to you much more from My endless Favours, endless Blessings, therefore I am asking you: What was your intention to work hard, to run hard

after so many things on earth?”

Eh - it should be two answers:

One, he may say: “Yes, o my Lord, I ran after so many business and I was - You know everything - that I was running to catch (the) top level for Dunya, to reach the) top level from Dunya treasures. That was my target.” Eh! Lord Almighty may say: “That was your intention and just (it) happened. You reached what you asked (to reach); you were on (the) top level for Dunya, for material aspekts, you were on the top level. Okay. Give his reward, what he did for Me, give.”

Some other (one) may [be] ask[ed by] his Lord: “O my servant, what was your intention, for what you were running so hard and tiring and making big business, saving big money? What was your intention?” He may say: “O my Lord, just I ran to reach much more material from (the) treasures of our lives, to give (them) for You, to do my best to Your servants, to Your creation. I was thinking to reach much more richness and to give, to make bigger charities, bigger donations for humanity, not to leave anyone opening his hand and asking something (as a) beggar. I was intending not to leave any beggar, to give them. I worked, as You ask from Your servants, to be for You good servants, and, (the) second pillar that) You were asking from me, from mankind (is), to make their best for others. I was trying to give to You my most high respect and praising and second also I was running and taking much more money, to make your weak people, poor servants, not to be in difficulties, to live with their honour, not to fall down from their humanity to people and (these) people (are) kicking them by their foot. That was my intention: not to leave through East and West a person to ask something and to be refused!”

“I gave to you double and double and double! What you did, I am making it up and up, double over double I am giving to you!”

Therefore, O people, our perfection - because Allah Almighty (is) opening

treasures of this word also and trying you, if you are saving money only for the pleasure of your ego or for the pleasure of our Lord - therefore give!...

“If (that) was your intentions - as much as going to be your intention bigger, I am giving to you much more!”

But people lost their ways; they are saving money and it is (the) worst habit: if they are not giving for the sake of Allah, that is worst habit for mankind. But if they are using (it) to make their Lord happy, because you are giving for His sake and (you are) looking after weak people, poor people, you should be rewarded as a person granted whole world, and it is a biggest treasure, just giving to His servants, (the) servants of (the) Lord Allah Almighty.

O people! I am looking and hearing that now economy (is) getting bigger, bigger, bigger, because people (are) running after big business; small companies (are) getting to be big business centers, going to be holdings and more and more, but poor people, poverty also (is) growing, because rich people are preventing their charities from poor people, from weak people. When they are carrying and keeping their charities, Allah Almighty (is) punishing them with some unknown illnesses or crises (so) that their lives (are) going to be so bad, unhappy. And even) they have millions or billions coins or treasures, they are going to be suffered. If people (are) asking to make this life a good life for themselves and for others - rich ones, big business people - (then they) must spread their hands, to look after poor and weak people, and to reach to them with their charities and donations. Then their life (is) going to be here sweet and (in the) Hereafter they should live through eternity, eternal life (should be) for them: [N ever ending pleasure, [n]ever ending tastefulness, [n]eve rending beauty, [n]ever ending life, [n]ever ending wisdoms, [n]ever ending lights to be for them.

May Allah forgive us and let us to think, to keep such a realties, because what I am saying it is through Old Testament, New Testament, Psalms, and Holy

Quran. We are not getting out of (the) Holy Quran or Holy Books (in general), no, we must be in it. Therefore - no fanaticism in religion, because we have been ordered to give our lives on such a routine. If you are keeping (it), you are going to reach endless life through eternity, eternal life, [n]ever ending pleasure, [n]ever ending pleasement, [n]ever ending contentment, [n]ever ending satisfaction should be for you! And the Lord of Heavens (is) saying: “O My servant, I am happy with you!” If you can reach (this) - that is the limits of Heavenly reward: to address to you your Lord and to say: “O My servant, I am happy with you! You made Me happy and I am happy with you!”

[Is there] anything else through churches, through cathedrals, through mosques, through synagogues? Anything else? They may say! Everyone (is) saying (the same). (In) synagogues learnt people (are) saying: “Keep away yourself from Shaitan!” (In) churches, cathedrals, priests and more than priest, they are saying: “O people, keep away from Diabolo!” “O people“, Muslims (are) saying, “Keep yourself from the friendship of Shaitan! Keep away from Shaitan, you should be with your Lord and your Lords Blessings and Pleasure should be for you!”

May Allah forgive me and bless you.

For the honour of the most honoured one in His divine Presence Sayyidinâ Muhammad - sallaLlahu ´alayhi wa-sallam,

Fatiha.

## Oh People What are You Learning about This World and Its Secret Powers

Destur ya rijaal Allah
Allahu Akbar Allahu Akbar Allahu Akbar la illaha ill-Llah w'allahu Akbar
Allahu Akbar Allahu Akbar wa lillahi 'l-hamd.

O our Lord! You are our Creator. Destur. Alfu 's-salaat alfu 's-salam, all glory, all majesty, all honours on Your most beloved and honoured and majestic deputy Sayiddina Muhammad (s).

So many Shaytans, so many devils, countless devils they are against Your Holy command. Against and they are so jealous, jealous for Your most beloved deputy Sayiddina Muhammad (s). Give more ya Rabb, o our Lord give him much more love, much more respect, much more mightiness, much more glory, much more majesty and grant to him whole dominions. We are not in need for anything. O our Lord! Forgive us. Forgive us. We knowing nothing and give one of your servants the master of this world to teach us. We don't know anything. May grant from You to ourselves for understanding. Let us to be our souls so pure and to be in Your Divinely Presence bowing always from pre-eternal up to Eternal and we are saying A`udhu billahi mina 'sh-Shaytaani 'r-rajeem Bismillahi 'r-Rahmani 'r-Raheem. Madad ya rijaal Allah.

Give your Holy support. O our Master's Holy servants, give from your glory to weak ones, give from your Holy power good understanding. Grant us O the Lord of Heavens. Madad ya Sultan al Awliya. O our great master, our Prophet's representative, look ourselves we knowing nothing support us, support our souls to be pure and against Shaytanic tricks and traps.

Hu Allah, Allah Hu
A`udhu billahi mina 'sh-Shaytaani 'r-rajeem

Bismillahi 'r-Rahmani 'r-Raheem
La hawla wa la quwatta illah billahi 'l-`aliyyu 'l-`adheem

Take biggest veil, curtain, we are saying take away biggest curtain and try to be with your representing one who you are trying to represent him and you are nothing. You can't be a representative of most Holy one, or Holiest one for our Lord on this planet who is in charge with his endlessly and mighty, mighty being to help weak servants.

O people! Salute to you. As-salaam `alaykum, O listeners! Come and listen! It is not from this weak one. I was thinking that to prepare something for approaching to you or to speak to you and to give you something from my side, my side then it is so weak. If we are trying to do that, we are doing something as an ant asking to give from itself to whole ants something. How it can be? I have so many books but it is, it is never going to be useful to you, useful to you. If I am reading and giving to you, no! They are saying don't worry and don't be tiring one for preparing something for addressing people. It is not for you. Who making you to sit on this point and to address people they knowing what it is necessary or what people they are needy and give them. Then I was so restful, so restful because a very heavy burden just taken from my shoulders.

You must not be, you must not worry when you are sitting here and asking to speak. Don't worry because we are not putting that heavy burden on you. You are so weak, you can't be able to address people. Leave that, leave that worrying. No! You can only putting that like switch, putting on electrical center, and running to you. If you are thinking by yourself you can give some lights to people, it is so weak, weak, weak! But put switch through centre of electricity may run, man may run to your heart and from your heart to your tongue and before your tongue running through your understanding centre that it is under the control of master of this world. Be rest. Don't worry. Yes sir.

Thanks to Allah, shukr. Endless Glory and Majesty for our Lord Almighty Allah. O people! His Majestic Oceans, countless Oceans, o people, your Lord's Glory Oceans countless. My words, it is not enough to explain to you, I can't do nothing. If I am saying the Lord's Majestic Oceans, our Lord's countless Glory Oceans, our Lord's countless Dominions, our Lord's unexpected Mighty Oceans no one can reach through that Oceans that if you are saying an ant come and take something from this world what it is going to take from this world. An ant what can carry?

You, O people, whom you are so proud because you are very, very, very, very small perhaps at the end of being nothing you are same and asking to speak people and to make them to understand something. Your authority that you may going coming in it, it is less than an atomic distance but people so proud because they are saying we are graduated from most famous academical centre. Highest level of knowledge, yes I know, you only going from one side and coming from another side as written in some places “in and out.”

You are entering from one side and quickly turning back on zero point. Zero point you are getting in and zero point you are coming out. Going zero, coming zero! Because if you can reach something over zero, you may reach a big amounts but it is impossible, impossible. You must be every time empty to take something and using that emptiness and coming out empty. That is a very wonderful description for whole creation. They are getting zero, on zero point and coming out zero. They can’t take anything from Majestic Oceans or Divinely knowledges.

O people! Where are you? You are wasting your times, wasting your understandings, wasting your physical being and taking nothing but you may use another one that giving your personality to you. One personality that it works by battery, second one works with Divinely Power.

Therefore, o people! What you are learning about this world and its secrets, secrets power if you are thinking on one atom, and asking to find its end can’t be! That is one atom and from six direction of it, there is so many atoms that each one it has an identity, special. Each atom is special. If you are asking to know specialty of one atom, perhaps you can’t reach an end. What about its Creator or its Lord or its Manifesting One because every atom it has a special manifestation. Yes?

Here we are six, seven people, each one they have a special being. As this, for every atom the Creator just granted to them a specialty that can’t be, that specialty, to a second atom as same in first one.

We are speaking on such a things, we have been ordered, we have been ordered to speak now because people they are so proud with their knowledge. If whole books bringing it can’t be a enough explanation for an atom. It has secrets beyond secrets, each atom, horizon after horizons atom! Must represent each atom its Lord’s creation secrets! Allahu Akbar! And we are trying now to speak on such a things, yes. A man may run from one to another knowledge, from one book to another book, from one source of knowledge to another source

of knowledge, for what? For what the Lord of Heavens He created, He bringing countless atoms with countless worlds, for what? And man may take from each one. And He Almighty He created so many flowers and roses! And created also bee, bees. Only that bee with its specialty may come on every kind of that plants that giving flowers and roses and taking from it something and bringing to its own, miskaan their own hive, bringing and making something.

What's that bee bringing, a bee is not getting unhappy because millions of flowers covering everywhere to say, O I am tired, no! He is going to be much more happy, running from one to another one and the Lord of Heavens just created just created only He is saying "Be!" and coming in existence, for what? For His deputies. His deputies to take from each one a honey, a little spot honey, honey spot collecting, bringing to its hive and feeding them and eating, enjoying. And the Lord of Heavens created so many countless creation, for what? For His deputies to look, to know, to taste and to be enjoyful.

Allah, Allah. To make a honey, to be a big show for His deputies, to be happy and happy and happy up to Eternity! Because our Lord He is Kareem, Generosity of our Lord, countless and no any measure on it! That was the Lord making for everything man to come on everything and taking that honey points and to fill its, to make itself enjoyful making from wax homes and then filling them with honey and it was so happy. And making such a biggest or, leave to say biggest, that majestic dominions for Lord's deputies. It is not easy to be our Lord's deputies oooo.

O people! You have been granted so Mighty Oceans of Power and tasting and doing and understanding because the Lord of Heavens asking you to be majestic ones!!! Majestic ones!!! The Lord of Heavens He is giving that honour to man.

Allahu Akbar! Countless understanding and countless dominions. To reach countless dominions and to know the Lord's Beauty and His Mighty and His Majesty and His Absolute Glory, Absolute Majesty, Absolute Mightiness, Absolute Dominions, Absolute Oceans of creation. O people! O people! Come and listen! Come and try to understanding, leave fighting to each other and come and hear. Listen and try to understanding. I am nothing! I am nothing but the Lord of Heavens asking through His selected ones to address people, His servants, His servants, o people!

Allahu Akbar, Allahu Akbar, Allahu Akbar.

O people! That is from ma`rifatullah, Heavenly Knowledge Oceans. It is only a very small spot. Try to reach that and to suck the most tasteful, tasteful rivers, tasteful oceans, oceans, rivers from wine and countless milk oceans, countless honey oceans, countless water oceans that giving life to everything.

O people! Come and understand. Leave nonsense things that you are wasting your most valuable, most valuable understanding to be for you to enter in it and to enjoy with your Lord's endless honey oceans, endless water oceans, endless wine oceans, endless milk oceans. O people! Come and think on it because today living and wasting your life and tomorrow going to be dust underground if you are not understanding anything through this life. May Allah bless you, o people.

Dum dum dum dum dum dum dum
Dum dum dum dum dum dum dum

Holy people,
Holy people
calling you.
O everyone!
to come
and to know
and to taste about
your Lord's Endless Oceans.
To be enjoyful forever,
to be enjoyful forever,
to be in lights forever,
to be in light forever,
to be tasteful
and enjoyful
forever, to eat...

Dum dum dum dum dum dum dum
Dum dum dum dum dum dum dum

Heavenly music of angels
calling you to come
and to sing,
and to know,
and to taste
more and more.
Huuu Allah Allah Allah
Allah Allah Allah Allah

Fatiha.

Dum dum dum dum dum dum dum
Come and listen,
come and be happy
and be obedient to Me
always hungry for your souls
to reach that Ocean of Allah.
Huuuuuuuu
Huuuuuuuu
Huuuuuuuu
Huuuuuuuu
That One Who can do
everything as He likes.
Huuu Huuu Huuu.
That is our life's music.
Dum dum dum dum dum dum dum

(We are) asking to carry your bodies to the level of angels. Be like a bee and give from your hive honey to the people, your brothers, to your relatives, to your same level people. Grant them from your Heavenly honey to be more stronger today more than yesterday, to be much more happy and joyful and be much more handsome and elegant and beautiful in Divinely Oceans of the Lord of Heavens. You never going to hear such

a music, Heavenly music, that taking you from everything except taking you to the Lord’s Divinely Presence.

Allah Allah Allah Allah Allah Allah Huuuu.

Ok Abdus Salam? It is not from me, Heavens!

# YOU MUST KNOW WHAT YOU ARE LIVING FOR

May Allah Almighty make our way to be on His Way and lead our lives towards the Divine Presence. Since the day of our birth we are approaching the second entrance step by step with every new day. We are entering through one entrance and leaving from another. Once we have entered the first entrance, we begin to walk towards the exit. Every moment and with every breath we are coming closer. And no-one knows when he has reached his exit, when he has reached the way out. In spite of this, we are still proud and we do not want to be humble servants. Even though we are such weak ones and we don't have any power of our own to keep life as long as we want to. We are completely under the Divine Will. Still mankind insists on not accepting the Supreme Power of Allah Almighty and they do everything as they like. We are still opposing to be humble servants of Allah Almighty.

We are still running after useless targets, very useless targets. When we say useless, what we mean is, that these targets will be nothing when our lives are finished. But we want to reach things which are going to be completely worthless at the end of our lives. But Shaitan is the biggest advertiser alive. He cheats people with his terrible advertisement. Oh, people you will find advertisements everywhere for targets of no sense, no meaning. It means it will end up being worth nothing. Man runs and gets tired, and at the end, what does he gain from it? Finally nothing!

That is the history of most of our lives. Most people are running after something that they will never reach.

There must be something else in our lives. There must be some real target of this life. But most heedless people don't even have the time to ask for that real target. The foolish advertisement of Shaitan makes people like drunk-ones. Drunk people never have the time to look for something carefully. In common, people are careless and never take care to find the real target. Then it is finished...

One more year has passed, and it is as if it was yesterday. A full year means goodness and badness, happiness and sorrow. We have a saying in Arabic, that no situation which is surrounding us, individually and commonly, is ever going to be permanent. It is temporary. So many things have happened in this one year, but they have passed away. It is now a new year, a new Ramadan, but this will also pass. So many things appear daily. Every day we have new conditions, bad conditions, pleasant or sad ones. But none of these are going to continue forever, none are going to be permanent. They will change.

During this life everyone is being tested. The whole life is a collection of tests. Thousands and thousands, yes, even millions of tests come to us from the Lord Almighty Allah. He says, "I am going to test you with every occasion of goodness and badness. I am going to test you, oh, mankind. Beware, you are being tested! Your whole life is a test. You must face that test. That is important. And to be successful in your test, that is important. Even the way you look will be tested. Even while you are thinking, you will be tested. Every action is a test for you to see if you decide to go the good way, or the bad way. You must be aware of this and you must be careful not to break your nose."

Every thing comes and goes. Everyone comes and goes through this life. Look and see how you are living this life. Are you bringing goodness to this life, or are you living this life and bringing badness? At the end of the term students are given reports and on them it is written whether a student has been successful, or not. It is important for everyone to think about this, to know whether they are living this life successfully, or not.

It is not important to be Kings or Sultans, or to be rich ones, or ministers, or such and such people. It is not important to dress in clothes of silk, or golden dresses, or to wear golden crowns, or to fill your arms with golden bracelets,or to wear diamonds and to live in palaces or to ride a Rolls-Royce or to fly in golden aeroplanes. To swim in golden swimming-pools. It is not important! It is more important which certificate you will get when you leave this life. Have you passed with success, or will it be written on it, "Failed!"? What is the benefit of a crown then?

In our days, mankind needs more than anything to think. They have lost the ability to think, even though they need it more than anything else. Because when you start to think, you will try to do your best, not your worst.

When you think, you will reach peace. Try to think, even if it is just for a few minutes, about the targets of this life. That is important. At least you should try to find out why you are living. If you know what you are living for, then you must also start to think of what you are doing to reach that real target of life. Think about it!
No peace will be found in this world if the people do not find the real target of life. Especially the statesmen, they must find it. Because they are the shepherds, the leaders of the people. They must think much more than anyone. Because they are responsible for common people, and until they start to think, peace will never come back to earth.
London - 05.03.1992

## When Angels Speak

(Addressing a group of Russians)

...in WWII, the Germans surrounded them and captured them, then took them to Stalingrad. I was 20 years old when WWII began. There were so many German marshalls.

(Thank Allah, He is sending us to you.)

Thanks to Allah, that He is sending such good people to such a one who is not good. I am asking forgiveness. We have a saying, man ghashana .... The Holy Prophet (s) said, “One who cheats us is not from my nation.” There are so many kinds of cheating. I fear cheating people, because they think that I am a good one and they are coming from long distances. I am ashamed before my Lord not to cheat people.

(We are asking forgiveness, that you ask forgiveness for us!)

I am asking forgiveness. All of us, we are not angels. Sometimes we do good sometimes we make no good things. Therefore, I am asking forgiveness of Allah Almighty. laa ilaaha illa-Llah Muhammadan Rasoolullah! Your servants are coming here to me.

Do you think that if I speak English to Allah, do you think He knows English? Allah, the Lord of Heavens, knows English... if I know English, how can He not? Anyone asking and glorifying his Lord in English, Russian, German, French, or in any language, is He not understanding? He Who created, how would He not know their language?

Welcome to you. May Allah forgive us and grant you Paradise and eternal life. A person may live on this Earth a hundred, a thousand, a million, a billion or a trillion years, they will finish! Everything that has a beginning is going to finish. Allah is pre-Eternal up to Eternal, never-ending! He created time and the Earth. If there was no Earth we could not stand, as everything needs something to stand on. Zamaan wa maqaam, He created time and place. Everything needs a place, even atoms. We are not seeing them, but they must have a place and a time also.

He created time and place. For Him there is no time, no place; He is Allah Almighty, from pre-Eternal up to Eternal! He is granting His servants eternal life. And Man must run after eternity, eternity, eternity. I like from the English language the word, “eternity,” which is “samadhi” in Arabic, but we do not have a word in Turkish for “eternity”.

O Mankind! Run for eternity! So, so beautiful, so hopeful, so beloved a word I never heard in your language! Eternity eternity eternity. All religions are calling people to eternity, if they are not calling they are not real religions. 124,000 prophets coming from Heavens, they are calling people, “O People ask from your Lord eternal life, ask from Him eternity.” Eternity, eternity, eternity, Allah.

But Mankind is so ignorant, they are running for some short times in this life. And it is not more than seventy or eighty or ninety or a hundred years, but they are running after this life, they are not running after eternity. Russians, Germans, Tartars, Hungarians, French, English, Turks, Americans, all running for a very short time and they are fighting and killing each other for what? Wrong way, wrong way.

Once my grandson brought me an instrument that taught European language, for example English. That machine would tell you if you were saying right or true, and sometimes saying, wrong. Now Mankind are doing wrong things. A heavenly message, an answer is coming to people, telling them what they are doing. When a person does a wrong thing, the angels say, “Wrong, wrong.” Sometimes a person does something true, angels saying, “Correct, it is true, true, true.” Then doing something that is not acceptable, saying,

“Wrong, wrong, wrong.” Angels now saying to people on this planet, everyday angels are saying to all people, “Wrong, wrong, wrong.”

All states are doing wrong. To all people, the angels are saying, “Wrong, wrong, wrong.” They are fighting each other and they are killing each other, giving trouble to each other for what? For a very short time. They are never asking something for eternity, therefore they say, “Wrong, wrong, wrong.” Ask eternity from your most glorious One, from your Lord. Ask eternal life. Run, O People after eternity. Don’t run for a short life and its pleasures. My age going up, up, up, I remember when I was five years old, it has past away, now I don’t know how much time there is for me to stay with you. May Allah forgive us for the honor of His most honored one, for the honor of Prophet Sayyidina Muhammad. Fatihah. (stands and sits)

Put your hands (baya`) shoulder to shoulder. Allah thabitna `ala al-haqq.

(Mawlana! We love you very much, all of Russia, Moldavia and Ukraine; we love you very much and we wish you a long life.)

Good health, long life will stop, that is why we have been ordered to ask for Eternity. Eternal life, pure life, clean life, wholly-enlightened life, never-ending life, never-ending pleasure, never-ending pleasement, never-ending satisfaction, never-ending love, never-ending Beauty Oceans!

Pray for me. I am accepting all of you. I am happy with you. I apologize that I am now old and weak, I am not like before to look after you as it is necessary. Therefore, I apologize that you are coming from long distances and you are carrying hardship.

(It is big happiness for us to come!)

Alhamdulillah, sending all of you to a weak servant, Allah is blessing you, your descendants, and your ancestors. Fatihah.

(Mawlana, here are some presents, sheepskin slippers and jacket.)

If I come to Ukraine wearing this, you will not recognise me! (laughter) I will come at night. “Ibrahim” is an honoured name; Allah gave that name to his servant and prophet, Ibrahim.

(These brothers are asking for names.)

“Ishaq” is a prophet’s name, a strong name. This one also powerful one, Isma`eel. Sayyidina Dauod use to make his hand like this and things would go like that! Moldavian (Romanian) origin is from Turks.

(Mawlana Shaykh recites a wedding blessing and instructs the newlyweds.) Keep her good, keep him good and don’t pour water on his head when you are angry!

(Mawlana Shaykh blesses water.) I don’t like plastic things; when you are going to your homes put in a glass bottle. I have been in Moldavia, so beautiful a country with forest and good-blessing smells. Yes, I was there about one week and I met so many people. Allah, Allah. Allah, Allah. But in some forests was written, “Caution: Bears!”

Thank you, my daughter (who translated for the group). Pray for me, pray for me.

## When a person getting older, getting inside narrow

When a person getting older, getting inside narrow. Young people's ways is to say :'I don't care'. Now whole new generation just trained or prepared not to be interested in anything. They have been taught...From East to West, North to South new generation is preparing or as they are saying: Brain-washing...this is a brain-washing just has been ordered from invisible people or unseen people who are as an army marching there is a small group of army going and looking around before army moving they are looking and preparing everything because then coming...in front of army marching to look around. Those invisible or unseen people who are in front, as we are believing, whole nations believing that when last days approaching should come Antichrist. Allah Almighty informed that sending Isa Messiah, Jesus Christ, just he came, he had been sent about 2000 years less or more, but when he reached to his people and he was the lat prophet of Children of Israel, he was not welcomed by them, and they said that he is not real Christ that we are waiting for. That is not what we were expecting, and because Allah Almighty is trying or testing his servants, that is Adatu ilaahi, Allah's habit. He is swearing on His greatness and says: I am going to test My servants if they are really keeping their servanthood to Me or to another one or to other ones. I am going to test. I am not leaving even prophets, saints and common people, on every level of people I am going to test them. I am swearing on My Greatness. And Allah Almighty sent Jesus Christ, in a way that never happened through historical periods from the time of first man and prophet S.Adam up to Jesus Christ's time: No one coming without father. Not

created. And the Lord of Heavens, Allah Almighty, He is Creator, and no natural rule that He put- He is putting natural rules, that everything must follow that rule and must reach to their final point, their targets, but those rules never bound Allah Almighty. No, Allah is free, no rules on Him. Therefore, if He is asking to create a person without father, He can do. What is the matter to fight and say : This is good, this is bad, this can be? No. But Shaitan washing their brains, and it is not washing, because not using clean water. Shaitan always, 24 hours making this, preparing, and if he is asking to wash brains, washing with his urine...Big tanks...Saying: I must keep my urine to wash brains of Children of Adam, and reaching people to say brain-washing.

**When a person is losing his physical strength**

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim...May Allah grant us strength and good intentions to be suitable for His servanthood! That is something that all our works or activities may built on it. If a person is loosing his strength he can't do anything (of) what he may be in need for his life here and what he is going to ask form his Lord: Obedience for his servanthood! If a person is losing his physical strength by any reason he is going to be useless. (And) if he is loosing his intention to be a good servant for Allah Almighty, (it means that) he is also loosing everything, (and) he is going to be a useless one, to be a rubbish one.

Therefore we are saying: "La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim", to change our real being towards Allah's servanthood and to leave our physical being's desires that they are just against what our obedience is asking. Therefore, if a person is not leaving his physical desires it is impossible to be an obedient servant. Finished!

If you are saying time-by-time (I may do servanthood)- what do you think: If we are going sometimes with our egos and sometimes we are coming to make a service for our Lord- what is the judgment, 'hukm', (for that attitude)? Allah Almighty (is) describing it in the Holy Quran and) saying: "Thumma amanu, thumma kafaru, tunmma amanu wa thumma dhalu kufrun."

When you are working for your ego you are not with Allah, no, you left Him! You are going to be (the) slave- not servant- but the slave of your ego, the slave of your egoistic physical desires. You are running to fulfil such useless and poisoned desires, (poisoned,) because such desires are poisoning your heavenly desires. When you are coming on it and becoming your ego's slave and trying to fulfil your physical desires and to enjoy with such works and activities, you are not for Allah. You are out of (the) obedience of your Lord, you are in Kufr!

In that moment a person is becoming Kafir, because he is not working for his Lord, but working for Shaitan and his ego, that it is (the) representative of Shaitan through yourself. That one just fell in Kufr; his level is going to be the level of Shaitan, no doubt; Shaitan, that he refused to be with Allah, to be with Allah Almighty's Order. Shaitan- how he became Shaitan? He refused to be for Allah and he asked to be with his ego and (like this) he was becoming Shaitan. Any everyone who is with their egoistic works, trying to fulfil their physical desires, they are not for Allah! Just they are falling from the level of Iman, (faith), the servanthood of Allah Almighty, to the slavery for Shaitan!

If (the) last moment is coming to a person and he is caught that he is following Shaitan, he must be with Shaitan! And (for) every trouble (that is) coming to mankind through their physical being, (the) main reason (is) that people are following shaitanic ways to fulfil their physical desires. Every problem physically and commonly (is) coming for that reason. And if a person is listening to his Lord and asking to be His servant, he must observe (himself), he must look and must use as a balance for his activities: If it is for Allah or not. If that balance is showing that you are now working for his Lord, with that activity you are on the right way. Or (else), if that balance is showing (that) you are not on the real way, (that) you are running to the wrong way, you are in danger.

Subhanallah- shaitanic teachings (are) making some instruments...I was sitting in a car and in front of me there was a screen. I was asking: "What is that?" "This (is) showing the position of the car, if it is in a safe position or (it is) coming to touch (something) from this side or that side or from in front of it or from its back." New cars (are) warning (the) driver: "Look that! Don't go like this or like that, or you are touching something and (it is) coming to you some harm, harming you or your car or (the) other car, touching, coming some harm to you."

A man may think (abut this) for a car, man is taking care for their metal, a car, to be safe- but (they are) not taking care for themselves, if they are coming and harming themselves from their eyes, from their mouth, from their ears, from their heads, from their hands, from their legs, from their third leg...No one! They are saying: "No, we are free!" You are free, but you are touching (something) and (it is) coming a punishment on you, because you are heedless, not looking where you are touching, how you are driving! Blame to mankind, all of them! They are thinking to keep their cars (safe), but they are not taking care for themselves, if they are going to be hurt and harmed. No! They are saying: "We are innocent ones", or: "We are such ones! We can do

everything as we like. We may touch (someone or something), (it) doesn't matter! Someone (else is) touching and hurting us, (it) doesn't matter (also)- we are free!"

What do you think? It is true or not? (A) muqmin, (a) believer must look to everything to see and look and learn wisdoms. That is a big wisdom! Before I was not seeing that screen, but someone was bringing a new car and I was seeing there is such a thing in it (and) I was saying: "Oh! That car (is) carrying such an ability in itself to show (its) driver (and) to warn him: "Look right hand! Look left hand! Look in front of you! Look back!", and for himself they are making themselves cheaper than a car. They are thinking not to be touched their car, not to be damaged, but themselves- doesn't matter! So foolish mankind! La haula wa la quwatta illa bi-llah! Look people- (to) where they are running, and we are asking peace on earth! How we can find peace! No mind people, drunk people, heedless people, dirty people, dirty mind people, dirty intention people!

Yesterday I was looking for news and in that TV Channel there was a person, they were saying (a) 'religious one'. Everyone may ask some questions to that person (and) I was looking (and it was) written under it that question, what someone was asking: "Enjoyment for mankind, it is prohibited?" That was a question! If we are saying: "No"- their whole life is (already only) for enjoying their egos! That (is a) satanic question (and he was) asking through his ego: "Enjoyment is prohibited or forbidden?" That (religious) person, I was not understanding what he said, I was not following, but that question was making me to think on it: People (are) trying to do every dirty thing for their enjoyment. (There is) no (more) limit for enjoyment now for mankind. To make their egos happy and enjoyful, they are doing countless ways and (with that question) he is asking to make all of them (the same- Halal and Haram enjoyments), (asking): "If enjoyment (in religion) is prohibited or not."

If we were saying "No", no more, nothing you can do (to prevent them); (and) their lives are running only for their egoistic enjoyment. (And) they are asking to do that, they live for that purpose! (There is) no (any other) purpose for them to think any other thing. All people's mentality (is) only for enjoyment. Everything! Look! That is their beliefs, that is their lifestyles! Why they are asking such a question? Who may say: "Yes, it is Halal enjoyment", and behind 'enjoyment' (they hide) every dirtiness! Full! La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim!

People (are) becoming drunk! (That kind of) 'enjoyment' that people (are) running after, it is not Halal

enjoyment, no, (but) dirty enjoyment, directed by Shaitan and shaitanic ways and shaitanic teachings, bringing mankind to that dirty enjoyment! And children from seven years (of age are) beginning to ask enjoyment, boys or girls, up to finishing with Heroin and dying...That is the way of Shaitan!

Therefore (there is) no balance for mankind now to bring a discipline on egos. Therefore all nations and all governments (are) against discipline and they are making by themselves such a foolish 'discipline' that (is) much more harmful for generations, for youth! No one (is) asking a real discipline, because real discipline (you can find) only in Islam! Beyond Islam you can't find discipline, no! Anyone may come here and discuss (with me). Where is their discipline, to where (it is) reaching? (It is) reaching (to) their enjoyments. (The) dirtiest style of life they are living and asking enjoyment and finally their life is going through their lives' springtime, they are passing away, passing away, passing away...And Shaitan is laughing to them: "I am so happy! So happy to destroy (the) human nature on earth, to destroy the Children of Adam, that (for) his cause I was thrown away (from the divinely Presence and) I lost that honour that was granted to Adam! I am taking my revenge from them in such a way!"

Whole nations and Muslims also (are) on (the) same line; they are asking to be "Westernised Muslims' or asking (for) a "Westernised Islam'. 'Westernised Islam'- how it can be? With Kufr! You are working for Shaitan and you are saying (that) you are Muslims? How it can be! Even (if) a person is going to work for his enemy from morning up to noontime and then he is coming to work (in the) afternoon for his army- who is accepting such a foolishness? (And) those people 24 hours are working for Shaitan and they are happy with that, never thinking! Therefore (they are) asking (if) enjoyment, playing, dancing, singing, every kind of dirty life (that they are) doing for their enjoyment- (if): "It is Halal (or) it is forbidden?" What is that question! This is (the) mentality of 21st century's people!

If Allah Almighty is not sending Mehdi a.s. and not sending Jesus Christ, it is impossible! All people (are) drunk! All of them are running to fall in that fire! As the Prophet sws was saying: "When Dajjal is coming he is saying: '(Your) Jannat is fire and Paradise (you find) with me, come to my Paradise", and people should run to his 'Paradise' and really his 'Paradise' is Hells, fire, and his fire is Jannat!" That means: Don't follow the Anti-Christs, that they should be 3o before (that) famous one, who is coming, preparing himself to come to people.

Now people are running to a life-style that is leading them to (a place that) at its entrance it is written ‘Paradise’, but everyone (who is) going in it, he is falling into fire. (And there is) no way to come out. And what they call ‘Hells’, (that is Paradise). “Go to their Hell, that is Paradise! Don’t go to their ‘Paradise’, because that is Hell”, (was) saying (the) Prophet, warning his nation!

No warning (now), therefore people should be killed, until they are coming from six only living one and five should be taken away. (The) divinely Revenge (is) coming!

May Allah forgive us! For the honour of the most honoured servant in His divinely Presence S.Muhammad sws, Fatiha...

La haula wa la quwatta illa bi-llah...No any other way! This is Haqiqat! If a physician is not understanding the reason of an illness, he can’t do anything for his patient. He must understand, then he may give medicine. (And) that is the illness from East to West, through the whole world, including the Islamic world, also they are falling it.

May Allah forgive us and send us quickly someone from Heavens, a heavenly being, to save believers and His servants, for the honour of His most honoured one in His divinely Presence, S.Muhammad sws, Fatiha... La haula wa la quwatta illa bi-llah! Allahuma thabitna ‘ala-l Haqq!

## When The Wild Beasts Are Gathered (81:5)

Let us ask for support and say Allahu akbar Allahu akbar Allahu akbar wa li-llahi l-hamd Alfu salat alfu salam ‘ala Rasulina salla-Llahu ‘alayhi wa sallam. Rasulu l-Thaqalain Habibi Rabbi l-‘alamin, our Master, the Master of creation Madad. Madad ya Rijalallah AsSalamu ‘alaikum, ya ‘ibada-Llah.

Oh lovers of Shah Mardan’s gatherings, Oh lovers of Shah Mardan may peace be upon you, may there be good days for you may safety be for those who make Sajdah to the All-Merciful (swt). May those who worship shaytan be cursed along with him. This place now belongs to Shahu Mardan; let us listen to him Let us say: Bismillahi r-Rahmani r-Rahim Say Bismillahi r-Rahmani r-Rahim Oh servants of Allah 'Amnu aman' Safety and security is for those who say Bismillahi r-Rahmani r-Rahim. Listen to the words of Shah Mardan the world is now at the End of Times the world is running speedily towards Qiyama Qiyama, The Day of Judgement, is Haqq, it is real!

The Day of Judgement is the Day of Reckoning. Go ahead, oh Shah Mardan, tell us what we need to hear may we be warned, may we wake up because people nowadays have become like drunks. Allahu Allah, Allahu Rabbi Allahu Allah, Allahu Hasbi Hasbun Allahu wa ni’ma l-Wakil. Shah Mardan is saying: When you fall into a problem say: Hasbun Allahu wa ni’ma l-Wakil and your problem will be lifted off you. Oh Children of Adam, come to your senses. Learn what you have been created for, not by thinking. This is not something you can find out by thinking. Only He, the Rabbu l-‘Izza (swt) who has made you His Khalifa on Earth can tell you. Go ahead, oh Shah Mardan draw your sword Dhul al-Faqar, because shaytan is going wild. He is going wild and making people go wild as well.

Whatever he deserves will come on shaytan. Shaytan swore: I will not leave the Children of Adam in peace on Earth. They are the reason that I was chased out from the Divine Presence My Creator, Haqq, Subhana wa

Ta’ala, gave me one order, saying: “This is My Khalifa, Adam, so make Sajdah to him.” Shaytan replied, 'I didn’t accept that order. I wanted to make that mistake.' Now shaytan is coming to his senses. Look and listen. A’udhu bi-llahi mina sh-shaytani rajim. We seek refuge in Allah from the evil of shaytan. The die was cast (no turning back at this point) and shaytan said: I will not do Sajdah, and I was thrown out of the divine Presence. I have such a hate that I will bring the Children of Adam into such conditions that they cannot even imagine. What I will do finally, says shaytan And this is the news Shah Mardan is giving us the news from the Holy Quran: “Wa 'idha l-wuhushu hushirat”. (81:5) "and when all beasts are gathered together" (81:5). Shaytan is saying: I will bring the Children of Adam into such a state that all people will be like wild beasts. “Wa 'idha l-wuhushu hushirat”. (81:5)

Go ahead, oh Shah Mardan. A wild mass will fill the place. Even though they are the most honoured creature they will become 'wuhush', wild. They will become inhuman creatures. They will become creatures that cannot be called human beings. This is meant by the holy Ayat: “Wa 'idha l-wuhushu hushirat" (81:5). Wuhush; people will be wild beasts ... shaytan is saying: I will teach people this wildness, I will teach the Children of Adam all kinds of wildness, so that 'hushirat', they will come out like wild beasts. Man will forget his humanity and will become 'wuhush', with the attributes of such a wildness. Which no animal has.

Go ahead, oh Shahu Mardan, your speech is so pleasing. Oh lovers of Shah Mardan, listen to the Holy verse: "Wa 'idha l-wuhushu hushirat." (81:5) There will come a time when wild people will fill the world Wild people will gather together and spread all over They will be become creatures that have no limits to their wildness Shaytan had sworn 'I will make them like this' and there you are! The news of these days is in the Noble Quran: "Wa 'idha l-wuhushi hushirat." (81:5) Wild people will gather together and spread to whole world. The whole world will be filled with their wildness shaytan says, 'I will teach them such things so that they will eat one another' 'Wuhush'; they will reach the extremes of wildness. And at the End of Times they will appear "Wa 'idha l-wuhushi hushirat." (81:5)

When we say 'wuhush', who is meant by that? Not animals, no, no! 'Wuhush' means the worst people of today who don’t know the value of human beings their value and honour and nearness of man in Allah Dhu l-Jalal's Presence the world will be filled with this kind of people They are people but really they are wild beasts "Wa 'idha l-wuhushi hushirat." (81:5) They are so wild that they will do what even wild animals don't do. Wild animals finally catch another animal and tear it into pieces. It eats and doesn't hunt anymore. After it is

satisfied it doesn't hunt anymore. But when we say 'wuhush', it is plural of wild, isn't it? 'wuhushi hushirat' ... It is said that the world will be full.

Listen, oh man. Oh those who believe in Prophet Musa, who believe in the Torah. Oh those who believe in the Bible. Hasn't this news come to you through your own Holy Books? Once there were only a few of these wild ones - "Wa 'idha l-wuhushi hushirat" (81:5) - and now wildness has covered everything. They will gather together and dunya will be filled with it, shaytan says 'I will teach them such things that they will surpass even me in wildness. We have a saying "The horn became longer than the ear" (the student surpasses the teacher). It is not the horn that comes first; an animal is born with ears only the horns come out slowly slowly and become longer than the ears. Go ahead, oh Shah Mardan.

Look at what shaytan has succeeded in doing ! Eh, Merhaba, oh Shah Mardan, Marhaba "Wa 'idha l-wuhushi hushirat." 'Wuhush' doesn't mean all the animals. It means that people who become like animals people who become like wild beasts who adopt the cruelty of oppressors will fill the world. Shaytan says: 'I will teach the same cruelty everywhere'. Oh Shah Mardan, go ahead. Your lovers are listening to you. The true ones are listening to you those who follow your way. I am not saying the Shia or the Alawis but there are those lions who follow the way of Shah Mardan and they are those who have become wild creatures even though man originally is not wild like that Shaytan has taught them this wildness and has made the whole world shaytanic.

All shaytan wants is to crush mankind finish mankind make a fool of mankind. To prevent them from entering Paradise. Opening all the ways to hell. 'I am teaching them', shaytan says 'I will not permit them to enter paradise'. I will open all the ways so that those who follow them will all end up in hell. That is our time now. Shah Mardan, Sahibu Maydan, Habibu Rahman, oh our blessed Shah Mardan Speak! You are the gate of knowledge, you know. May those Shia hear Shah Mardan whom they are following. May those Alawis hear from whom they learn their lessons. Both of them took their lesson from our Master Hz Ali? What a pity for them; really they learnt their lessons from shaytan, those fake Alawi and fake Shia. But something will come on their heads now “Wa idha l-wuhushu hushirat”. This Ayat says: Dunya will be filled with a strange wild creature which will have the shape of humans but the attributes of shaytan 'wuhush', they will be like wild beasts. Shaytan says: I will train a kind of wild creature which will only try to kill and shed the blood of people burn them and destroy their homes and places. I will teach them this, shaytan says.

So does "Wa idha l-wuhushu hushirat" (81:5) speak about animals gathering? no! What should animals do when they come out of the jungle? When they see people they should escape. Shah Mardan - 'alayhi ridau r-Rahman - our Sultan, is saying: The verse means human shaytans. There is a kind of jinn shaytan and a kind of human shaytan. What shaytanic Jinn do is clear. And these Jinn shaytans teach human shaytans what to do "Wa idha l-wuhushu hushirat." (81:5). When Qiyamat comes closer, wild, wild people will come out to gather. Dunya will be filled up with them. Wherever you go you will see wild two-legged dragons. What they cannot do with their hands they will do with strange weapons to finish the human race. Go ahead oh Shah Mardan. Go ahead and draw your sword Dhul al-Faqar. "Wa idha l-wuhushu hushirat." (81:5). This is a sign of Qiyama.

It is not strange for animals to gather together but animals don't become human. Animals are animals. But human beings can become like animals they become wild because shaytan their teacher is wild. Shaytan is the one teaching people all kinds of wildness teaching Shia, teaching Alawis, teaching Russia and China. Shaytan is the one giving lessons in wildness to all of mankind. Who is their teacher? Shaytan "Wa idha l-wuhushu hushirat." (81:5)

People will become wild and take lessons in wildness from their first enemy shaytan so that they will all become shaytans themselves and 'hushirat' The Ayat says: They will become like wild beasts. It is not meant that wild animals will get out of the jungle and fill everywhere "...wuhushu hushirat." What is meant by wuhush that will fill the world is those people that have been given lessons in wildness by shaytan. Whoever has taken their lessons from shaytan takes pleasure in killing, burning, and destroying. How then can Iranians claim to be followers of Hz Ali? How can the Alawi say: We are Alawi? Our Master Hazret Ali didn’t kill anyone unjustly. But those people have no compassion, no religion nor faith; They are those who deny Hz Ali; this Ayat “Wa idha l-wuhushu hushirat" (81:5) is talking about them. If you look it up in a commentary of Quran wuhush is translated as "wild jungle beasts, wild animals" that will "hushirat", come out of there.

These kinds of meanings don't help you much "wuhush" really means the human beings that become like wild beasts. Oh Azhar Scholars, oh Turkish Scholars, oh Arab Scholars, oh Scholars of Hind, Sind, and Afghanistan, say what is the meaning of "Wa idha l-wuhshu hushirat"(81:5)? Wild animals will gather together. Where? Will they come out of the jungle and run about left and right? What is the real meaning? "Wuhush" means the school of those students of shaytan; the people that shaytan has taught wildness to. The

Prophets - peace be upon them all - and our Prophet said: "Aslim taslim"; come to Islam and find safety. So how are those people Muslims? How it can be? "Wa idha l-wuhushu hushirat." (81:5) Wild ones will gather together.

Does that means that wild animals will come out of the jungle? Is this what the Noble Quran tells us or does it tell us about the wild people that have been taught by shaytan? Oh Iranians, you have been written among the wild ones. Also you fake Alawis. The mind of both of you is only working for killing people, destroying their homes, and burning and destroying everything. Because of your kind of people the Ayat "Wa idha l-wuhushu hushirat" (81:5) came; those wild ones who will spread when Quiyama comes near Oh Iranian scholars, say the meaning of “Wa idha l-wuhshu hushirat." (81:5)

Who are these ‘wuhush’, who are these wild ones? Lions, tigers, snakes? "...hushirat"; it says: they will gather. What does that mean? It is addressing all mankind. Among people there will be a group of wild ones who have been trained by shaytan. The people who will become wild. They will be like snakes, like wolves, like jackals. We don’t say like lions or tigers but like snakes, wolves, jackals, and bears. Lions and tigers have an honour, those other animals don’t. Listen, oh who call themselves Shia. Let them tell the meaning of “Wa idha l-wuhushu hushirat.” (81:5) Let the Ulama of India, of Iranian, or of the Arabs tell us. "Wa idha l-wuhshu..." (81:5)

Who are these 'wuhush'? Are people of nowadays included in this addressing or not? Is is not the people of today who are 'wuhsh'? On the list of 'wuhush', is there the name of any Iranian? Is the name of any Shia on this list? Is there the name of any Alawi? Yes or no?! If you look at what they are doing they are indeed 'wuhush'. Is the Prophet who said: "I have been sent to perfect good manners" not also their Prophet? Shah Mardan is saying: I took my knowledge from Sarwari Qainat, the Master of the Universe. Let them answer, let them say: Has the Prophet taught this or Shah Mardan? Eyyy - draw your sword Dhul al-Faqar! There will be 70.000 with Dhul al-Faqars from my descendants who will come with me. They will give everyone what they deserve and also teach people their limits. Step firmly on your ride. When you mount your horse sit on it firmly! (They used to call to the Sultan) Oh... the blessed ones passed away. Now there is only "Wa idha l-wuhushu hushirat" (81:5) left.

Let the Scholars of Azhar say who are these 'wuhush' and what it means "they will gather together" ? Is it that

the wild animals will come out of the jungle and gather in the streets? Or is the real meaning the one we are giving here? Shah Mardan is answering: It is as we are saying. 'Wuhush' means those who don't know about the value of man, who have no respect for the nation of Muhammad, who have no mercy on the servants of Allah, who shed the blood of innocent ones, and burn and destroy homes. They are these wild ones, 'wuhush', they will appear. But the Sahibu Zaman will go against them; Mahdi a.s., who is from the pure lineage of Shah Mardan. Ma sha Allah! Go on, oh Shah Mardan "Wa idha l-wuhushu hushirat." (81:5)

Let them explain it - the Scholars, Scholars of India, and Arab Scholars All of them have a weapon in their hand to hit someone, to kill someone, and to burn and destroy houses. This is not Islam. It is a shame for them, at least leave this oppression! If not - there are angels in Heavens which will take you as their target. They shoot from above and they don't miss! "Wa idha l-wuhushu hushirat." (81:5) They are those people with the attribte of wildness who have been taught by shaytan. They will bring 'fasad', corruption, on Earth. They will fill it, as the verse says "will be gathered together" (81:5) they will come out and spread in East and West.

Read the Holy Quran, oh Scholars of Iran, Alims of India, of Arabia Oh Scholars of Egypt, what does it mean: "Wa idha wuhushu hushirat"? From which jungle will they come out? If it is like you interpret, then wild animals will come out of a jungle. But it is not that. 7 seas of ink are not enough to write all the meanings of the Great Quran. What does it express by "Wa idha l-wuhushu hushirat?" (81:5) Oh Scholars of Azhar, say: How do we have to understand "Wa idha l-wuhushu hushirat? (81:5). It describes this time. Say it and don't fear! It is those who cut down one another, who burn and destroy. These are the wild beasts described.

If the Iranians are not 'wuhush' now, if the Alawi are not like beasts now, then who is meant by wild ones? Keep yourself! There is someone watching you from above, who sees what you do! And He punishes for what He sees and He will punish you! Let us beware! "Wa idha l-wuhushu hushirat." (81:5) Wild ones will fill everywhere; merciless people without religion and faith, low lives. They are shaytans. Shaytan will announce its kingdom Ya Rabbi, we seek refuge with You from shaytan and his armies. But it is not necessary to go all the way to Highest Truth (swt) to ask for help. Oh Shah Mardan, we are running to you! With Dhul al-Faqar in your hand you will not leave even one head of these oppressors on their shoulders. 70.000 riders will come from Khorasan on black horses with a Dhul al-Faqar in their hands and they will cut!

Beware, oh 'Shia' and oh 'Alawis' and the whole Islamic world! "Wa idha l-wuhushu hushirat." (81:5) Wild

ones will appear to gather and control everywhere. Everywhere is like this now. Aman, ya Rabbi! Tauba, ya Rabbi, Tauba, Astaghfirullah Subhanallah. We are in the time of extreme 'kufr' and 'dhulm', unbelief and oppression. But when something has reached its limits it begins to decrease and vanish. Help for Islam is coming, it is coming nearer. Let's see this Rajab, the month of Allah, what it will bring! A door of rain opens and the place is flooded; it doesn't leave any place to stand or walk. Fear Allah!

He can drown you in the desert! The Ordered of Heavens doesn't need any cannons or guns Be straight! Don’t do tricks, so that your name will come out clean Hit only for the sake of Allah When the Prophet ‘alayhi salat wa salam and Shah Mardan lifted their swords They did it for Allah’s sake. They didn't do it for shaytan. But all of these people have submitted to shaytan! But it is coming on them now! The Sahibu Wakit, the Sultan of Wakit, is coming to show them their limits. All will be given what they deserve and will be informed of their limits Oh Shahu Mardan, ma sha Allah. Ma sha Allah. "Wa idha l-wuhshu hushirat" (81:5).

The Sahibu Wakit will come to finish the beasts that have filled everywhere May Allah forgive us. Be straight and don’t fear. "Fa-staqim" (11:112) be firm and straight. The Prophet said "Shayyabatni Surat Hud" (Hud and her sisters) "Fa-staqim kama umirt" (11:112) when this Order came "Be firm, oh My Beloved. Shayyabatni Surat Hud.

He said the order "Fa-staqim"(11:112), be straight, made his beard turn white. Be straight as you have been ordered. Those who are straight with Allah will be saved. If not, they will have to go Oh our Lord, our Subhan, don’t leave us in the hands of our bad ego. Oh Shah Mardan, Sahib Maydan, Habibu Rahman, dakhilak. Make us from your lovers; May we also be from the clean servants. We want to keep your orders, oh Shah Mardan. Oh my Lord, 'aghithna' save us. 'Aghithna, ya Mughith' Save us Oh Savior (swt)! Ya Mughith aghithna. Oh Savior save us! Oh Savior save us! 'Ya man yughithu l-mustaghith' Oh You Who save the one calling You 'in lam tughisna man yughith?' If You do not save us who can? 'Wa ma lana Rabb siwak' and we have no Lord but You. 'illa Anta, ya Mughith!' Only You Oh Savior!

We have become needy, o my Lord, send us the Sahib, send us the Sultan. May what shaytan does - making people fools and making them wild - explode on its head! "Wa idha l-wuhushu hushirat." May my Lord forgive us. Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. O those who have any problem say: Allahu Allah, Allah Rabbi Allahu Allah, Allahu Hasbi. Do

this and say: Hasbi Allahu wa ni'ma l-Wakil.
Fatiha

**Und wenn wildes Getier versammelt wird**

---

Bitten wir um Unterstützung und sagen Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Alfu Salat, Alfu Salam `ala Rasulina sallaLlahu `alayhi wa Salam. Rasulu th-Thaqalain, Habibi Rabbi l-`Alamin, unser Meister, der Meister der Schöpfung, Madad. Madad ya Rijalallah. As-Salamu `alaykum ya `Ibadallah. O Liebende von Shah Mardans Versammlungen, o Liebende Shah Mardans, möge Frieden auf euch sein. Möge es gute Tage für euch geben. Mögen jene, die Sajda vor Dem Gnadenreichen (swt) machen, in Sicherheit sein. Mögen jene, die Shaytan anbeten, zusammen mit ihm verflucht sein. Dieser Platz gehört jetzt Shah Mardan. Hören wir ihm zu. Sagen wir: Bismillahi r-Rahmani r-Rahim. Sagt: Bismillahi r-Rahmani r-Rahim. O Diener Allahs, "Amnu Aman", Schutz und Sicherheit ist für jene, die sagen: Bismillahi r-Rahmani r-Rahim. Hört auf die Worte Shah Mardans.

Die Welt ist jetzt am Ende der Zeit. Die Welt läuft zügig auf den Qiyama zu. Qiyama, der Gerichtstag, ist Haqq, er ist wahr! Der Gerichtstag ist der Tag der Abrechnung. Mach weiter, o Shah Mardan. Sag uns, was wir hören müssen. Seien wir gewarnt, mögen wir aufwachen. Denn die Menschen heutzutage sind wie Betrunkene geworden. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Hasbun Allahu wa Ni`ma l-Wakil. Shah Mardan sagt: Wenn du in ein Problem fällst, sag Hasbun Allahu wa Ni`ma l-Wakil, und dein Problem wird von dir genommen werden. O Kinder Adams, kommt zur Besinnung. Lernt, für was ihr erschaffen wurdet, nicht durch Denken. Das ist nichts, was ihr durch Denken herausfinden könnt. Nur Er, Rabbu l-`Izza (swt), Der euch zu Seinen Kalifen auf Erden gemacht hat, kann es euch sagen. Mach weiter, o Shah Mardan. Zieh dein Schwert Dhu l-Fiqar, weil Shaytan wild sein wird. Er wird wild sein und die Menschen auch zur Wildheit treiben. Was immer er verdient, wird auf Shaytan kommen. Shaytan schwor: Ich werde die Kinder Adams auf Erden nicht in Frieden lassen. Sie sind der Grund, daß ich aus der Göttlichen Gegenwart vertrieben worden bin. Mein Schöpfer, Haqq, Subhana wa Ta`ala, gab mir einen Befehl: 'Dies ist Mein Kalif, Adam, also mach Sajda vor ihm.' Shaytan

erwiderte: 'Ich erkannte diesen Befehl nicht an. Ich wollte diesen Fehler machen.' Jetzt kommt Shaytan zur Besinnung. Seht und hört. A`udhu Billahi mina sh-shaytani r-rajim. Wir suchen Zuflucht bei Allah vor dem Bösen Shaytans. Der Würfel war gefallen, keine Umkehr an dem Punkt, und Shaytan sagte: Ich werde keine Sajda machen! Und ich wurde aus der Göttlichen Gegenwart verstoßen. Ich habe solchen Haß, daß ich die Kinder Adams in eine Lage bringen werde, die sie sich nicht vorstellen können.

Was ich am Ende tun werde, sagte Shaytan, und das sind die Neuigkeiten, Sha Mardan gibt uns die Neuigkeiten vom Heiligen Quran: "Wa idha l-Wuhushu Hushirat" (81:5). 'Und wenn alle wilden Tiere versammelt werden' (81:5). Shaytan sagt: Ich werde die Kinder Adams in so einen Zustand bringen, daß alle Menschen wie wilde Tiere sein werden. "Wa idha l-Wuhushu Hushirat".

Mach weiter, Shah Mardan. Eine wilde Masse wird den Platz füllen. Obwohl sie das geehrteste Geschöpf sind, werden sie "wuhush" - wild - werden. Sie werden unmenschliche Geschöpfe werden. Sie werden Geschöpfe werden, die sich nicht Menschen nennen können. Das ist gemeint mit dem heiligen Ayat: "Wa idha l-Wuhushu Hushirat". Wuhush, die Menschen werden wilde Tiere sein. Shaytan sagt: Ich werde die Menschen diese Wildheit lehren. Ich werde die Kinder Adams alle Arten von Wildheit lehren, so daß sie "hushirat", wie wilde Tiere hevorkommen werden. Der Mensch wird sein Mensch-Sein vergessen und wird "wuhush" werden, mit den Attributen einer solchen Wildheit, die kein Tier hat. Mach weiter, o Shah Mardan, deine Rede ist so ansprechend. O Liebende Shah Mardans, hört die heiligen Verse: "Wa idha l-Wuhushu Hushirat" (81:5). Es wird eine Zeit kommen, wenn wilde Menschen die Erde füllen werden. Wilde Menschen werden sich treffen und überallhin verbreiten. Sie werden Geschöpfe werden, deren Wildheit keine Grenzen hat. Shaytan hat geschworen, 'Ich werde sie so machen'. Und da haben wir es! Die Nachrichten dieser Tage sind im Edlen Quran: "Wa idha l-Wuhushu Hushirat" (81:5). Wilde Leute werden sich treffen und in der ganzen Welt verbreiten. Die ganze Welt wird mit ihrer Wildheit erfüllt werden. Shaytan sagt: Ich lehre sie solche Dinge, daß sie einander auffressen werden. "Wuhush", sie werden das Äußerste an Wildheit erreichen und am Ende der Zeit erscheinen. "Wa idha l-Wuhushu Hushirat". Wenn wir sagen "Wuhush", wer ist damit gemeint?

Keine Tiere, nein, nein! "Wuhush" meint die schlimmsten Leute von heute, die den Wert des

Menschen nicht kennen, seinen Wert und seine Ehre und die Nähe des Menschen zu Allah Dhu l-Jalals Gegenwart. Die Welt wird voll sein mit dieser Art von Leuten. Sie sind Leute, aber in Wirklichkeit sind sie wilde Tiere. "Wa idha l-Wuhushu Hushirat". Sie sind so wild, daß sie tun, was selbst wilde Tiere nicht tun. Wilde Tiere fangen schließlich ein anderes Tier und zerreißen es in Stücke. Sie fressen es und jagen nicht mehr. Nachdem es satt ist, jagt es nicht mehr. Aber wenn wir sagen "Wuhush", ist es der Plural von 'wild', nicht wahr? "Wuhushu Hushirat". Es heißt, daß die Welt voll ist. Höre, o Mensch, o jene, die an den Propheten Musa glauben, die an die Torah glauben, o jene, die an die Bibel glauben, sind diese Nachrichten nicht zu euch gelangt durch euere eigenen heiligen Bücher? Einst gab es nur ein paar von diesen Wilden - "Wa idha l-Wuhushu Hushirat". Und jetzt hat Wildheit alles bedeckt. Sie treffen zusammen und die Dunya ist voll von ihnen. Shaytan sagt: Ich werde sie solche Dinge lehren, so daß sie selbst mich an Wildheit übertreffen. Wir haben einen Spruch: Das Horn wurde länger als das Ohr. (Der Schüler übertrifft den Lehrer) Es ist nicht das Horn, das zuerst kommt. Ein Tier wird nur mit Ohren geboren. Die Hörner kommen langsam, langsam heraus und werden länger als die Ohren. Mach weiter, o Shah Mardan. Seht, was zu tun Shaytan gelungen ist. Ey, Marhaba, o Shah Mardan, Marhaba. "Wa idha l-Wuhushu Hushirat". "Wuhush" meint nicht alle Tiere. Es bedeutet, daß Leute, die wie Tiere geworden sind, Leute, die wie wilde Tiere geworden sind, die die Grausamkeit von Unterdrückern annehmen, die Welt erfüllen werden. Shaytan sagt: Ich werde dieselbe Grausamkeit überall lehren. O Shah Mardan, mach weiter. Deine Liebenden hören dir zu. Die Aufrichtigen hören dir zu, diejenigen, die dir folgen.

Ich sage nicht die Schiiten oder die Alawiten, aber es gibt jene Löwen, die dem Weg Shah Mardans folgen. Und sie sind jene, die wilde Geschöpfe geworden sind, obwohl der Mensch ursprünglich nicht wild wie das ist. Shaytan hat sie diese Wildheit gelehrt und hat die ganze Welt shaytanisch gemacht. Alles, was Shaytan will, ist, die Menschheit zu vernichten, die Menschheit zu erledigen, die Menschheit für dumm zu verkaufen. Um sie daran zu hindern, ins Paradies einzugehen, öffnet er alle Wege zur Hölle. Ich unterrichte sie, sagt Shaytan. Ich werde nicht zulassen, daß sie ins Paradies eingehen. Ich werde alle Wege öffnen, die diejenigen, die ihnen folgen, in die Hölle führen. Das ist unsere Zeit jetzt. Shah Mardan, Sahibu Maydan, Habibu Rahman, o unser gesegneter Shah Mardan, sprich. Du bist das Tor des Wissens, du weißt. Mögen diese

Schiiten Shah Mardan hören, dem sie folgen. Mögen diese Alawiten hören, von wem sie ihre Lektionen lernen. Beide nahmen ihre Lektion von unserem Meister Hz Ali? Wie schade für sie. In Wirklichkeit lernten sie ihre Lektion von Shaytan, diese falschen Alawiten und falschen Schiiten. Aber etwas wird auf ihre Köpfe kommen jetzt.

"Wa idha l-Wuhushu Hushirat". Dieser Ayat sagt: Die Dunya wird mit einem befremdlichen, wilden Geschöpf erfüllt sein, das die Form eines Menschen haben wird, aber die Attribute Shaytans. "Wuhush", sie werden wie wilde Tiere sein. Shaytan sagt: Ich richte eine Art wildes Geschöpf ab, das nur versuchen wird, zu töten und das Blut der Menschen zu vergießen, sie zu verbrennen und ihre Häuser und Orte zu zerstören. Ich werde ihnen das beibringen, sagt Shaytan. Spricht also "Wa idha l-Wuhushu Hushirat" über Tierherden? Nein! Was werden Tiere tun, wenn sie aus dem Dschungel kommen? Wenn sie Menschen sehen, laufen sie davon. Shah Mardan, `alayhi Ridau r-Rahman, unser Sultan, sagt: Der Vers meint menschliche Shaytane. Es gibt eine Art Djinn-Shaytan und eine Art Mensch-Shaytan. Was shaytanische Djinn tun, ist klar. Und diese Djinn-Shaytane lehren Menschen-Shaytane, was sie tun sollen. "Wa idha l-Wuhushu Hushirat." Wenn der Qiyamat sich nähert, werden wilde, wilde Leute hervorkommen und sich treffen. Die Dunya wird voll mit ihnen sein. Wo immer du hingehst, wirst du sie sehen, wilde zweibeinige Drachen. Was sie nicht mit der Hand tun können, machen sie mit merkwürdigen Waffen, um die menschliche Rasse zu erledigen. Mach weiter, o Shah Mardan. Mach weiter und zieh dein Schwert Dhu l-Fiqar.

"Wa idha l-Wuhushu Hushirat". Das ist ein Zeichen des Qiyama. Es ist nicht merkwürdig für Tiere, zusammenzukommen, aber Tiere werden nicht zu Menschen. Tiere sind Tiere. Aber Menschen können wie Tiere werden. Sie werden wild, weil Shaytan, ihr Lehrer, wild ist. Shaytan ist derjenige, der die Leute alle Arten von Wildheit lehrt. Er lehrt die Schiiten, lehrt die Alawiten, lehrt Rußland und China. Shaytan ist derjenige, der der ganzen Menschheit Unterricht in Wildheit gibt. Wer ist ihr Lehrer? Shaytan. "Wa idha l-Wuhushu Hushirat". Die Leute werden wild und nehmen Unterricht in Wildheit von ihrem ersten Feind, Shaytan, so daß sie alle selbst Shaytane werden und "hushirat". Das Ayat lautet: Sie werden wie wilde Tiere werden. Es bedeutet nicht, daß wilde Tiere aus dem Dschungel herauskommen und alles füllen werden. "Wuhushu

Hushirat". Was mit "Wuhush" gemeint ist, die die Welt füllen werden, sind jene Leute, die Unterricht in Wildheit von Shaytan bekommen haben. Wer immer seinen Unterricht von Shaytan bekommen hat, findet Vergnügen darin zu töten, zu verbrennen und zu zerstören. Wie können die Iraner in Anspruch nehmen, Anhänger von Hz Ali zu sein? Wie können die Alawiten sagen: Wir sind Alawiten? Unser Meister Hazret Ali tötete niemanden ungerechtfertigt. Aber diese Leute haben kein Mitleid, keine Religion und keinen Glauben. Sie sind jene, die Hz Ali verleugnen. Dieses Ayat, "Wa idha l-Wuhushu Hushirat", spricht über sie.

Wenn ihr es nachschlagt in einem Qurankommentar, wird "Wuhush" übersetzt als 'wilde Dschungeltiere, wilde Tiere', die "Hushirat", hervorkommen von dort. Diese Art von Bedeutungen helfen euch nicht viel. "Wuhush" meint tatsächlich die Menschen, die wie wilde Tiere werden. O Azhar Gelehrte, o türkische Gelehrte, o arabische Gelehrte, o Gelehrte von Hind, Sind und Afghanistan, sagt, was die Bedeutung ist "Wa idha l-Wuhushu Hushirat". Wilde Tiere werden zusammenkommen. Wo? Werden sie aus dem Dschungel kommen und rechts und links herumrennen? Was ist die wahre Bedeutung? "Wuhush" meint die Schule dieser Schüler Shaytans, die Leute, die Shaytan Wildheit gelehrt hat. Die Propheten (as) und unser Prophet (saws) sagten: "Aslim Taslim" - Kommt zum Islam und findet Schutz. Wie können diese Leute also Muslime sein? Wie kann das sein? "Wa idha l-Wuhushu Hushirat". Wilde werden sich zusammenrotten. Bedeutet das, daß wilde Tiere aus dem Dschungel hervorkommen werden? Ist das, was der Edle Quran uns sagt, oder erzählt er uns von wilden Leuten, die von Shaytan unterrichtet wurden? O Iraner, ihr seid geschrieben worden als Wilde, auch die falschen Alawiten. Der Verstand von beiden funktioniert nur für das Töten von Menschen, das Zerstören ihrer Häuser und das Verbrennen und Zerstören von allem. Wegen euerer Art von Leuten kam das Ayat "Wa idha l-Wuhushu Hushirat".

Diese Wilden werden sich ausbreiten, wenn Qiyama näher kommt. O iranische Gelehrte, sagt die Bedeutung von "Wa idha l-Wuhushu Hushirat". Wer sind diese "Wuhush", wer sind diese Wilden? Löwen, Tiger, Schlangen? "Hushirat". Es heißt, sie werden sich sammeln. Was bedeutet das? Es spricht die ganze Menschheit an. Unter den Menschen wird es eine Gruppe von Wilden geben, die von Shaytan unterrichtet wurden. Diese Leute werden wild werden. Sie werden wie

Schlangen sein, wie Wölfe, wie Schakale. Wir sagen nicht wie Löwen oder Tiger, sondern wie Schlangen, Wölfe, Schakale und Bären. Löwen und Tiger haben Ehre, diese anderen Tiere nicht. Hört, o ihr, die sich selbst Schiiten nennen! Sie sollen die Bedeutung sagen von "Wa idha l-Wuhushu Hushirat". Die Ulama von Indien, Iran oder den Arabern sollen es uns sagen. "Wa idha l-Wuhushu.." Wer sind diese "Wuhush"? Sind Leute unserer Zeit eingeschlossen in diese Anrede oder nicht? Sind es nicht die Leute von heute die "Wuhush" sind? Auf der Liste der "Wuhush" gibt es Namen von Iranern? Ist der Name von irgendwelchen Schiiten auf dieser Liste? Ist der Name irgendeines Alawiten darauf? Ja oder nein? Wenn du siehst, was sie tun, so sind sie in der Tat "Wuhush". Ist der Prophet, der sagte, 'Ich bin gesandt worden, um gutes Benehmen zu vervollkommnen', nicht auch ihr Prophet? Shah Mardan sagt: Ich nahm mein Wissen von Sarwari Qainat, dem Meister des Universums. Sie sollen antworten, sollen sagen: Hat der Prophet dies gelehrt oder Shah Mardan?

Ayyy - Zieh dein Schwert Dhu l-Fiqar! Es werden 70.000 sein mit Dhu l-Fiqars von meinen Nachkommen, die mit mir kommen werden. Sie werden jedem geben, was er verdient, und auch die Menschen ihre Grenzen lehren. Tritt fest in die Steigbügel, wenn du dein Pferd besteigst, sitz fest auf ihm! (Pflegten sie dem Sultan zuzurufen) Oh.. die Gesegneten gingen dahin. Jetzt gibt es nur noch "Wa idha l-Wuhushu Hushirat". Sollen die Gelehrten der Azhar sagen, wer diese "Wuhush" sind und was es bedeutet, 'sie versammeln sich.' Heißt das, daß die wilden Tiere aus dem Dschungel kommen und sich auf den Straßen versammeln? Oder ist die wahre Bedeutung die, die wir hier geben? Shah Mardan antwortet: Es ist so, wie wir sagen. "Wuhush" meint jene, die den Wert des Menschen nicht kennen, die keinen Respekt vor der Nation Muhammads haben, die keine Gnade mit den Dienern Allahs haben, die das Blut Unschuldiger vergießen und ihre Häuser verbrennen und zerstören. Sie sind diese Wilden, "Wuhush". Sie werden erscheinen. Aber der Sahibu z-Zaman wird gegen sie vorgehen, Mahdi (as), der von der reinen Linie Shah Mardans ist. Ma sha' Allah! Mach weiter, o Shah Mardan. "Wa idha l-Wuhushu Hushirat". Sie sollen es erklären, die Gelehrten, die Gelehrten Indiens und die arabischen Gelehrten.
Sie alle haben eine Waffe in der Hand, um jemanden zu schlagen, um jemanden zu töten und um ihre Häuser zu verbrennen und zu zerstören. Das ist kein Islam. Es ist eine Schande für sie. Wenigstens laßt diese Unterdrückung sein! Wenn nicht, so gibt es Engel in den Himmeln, die euch

als Zielscheibe nehmen werden. Sie schießen von oben, und sie verfehlen ihr Ziel nicht. "Wa idha l-Wuhushu Hushirat". Sie sind jene Leute mit den Attributen der Wildheit, die von Shaytan unterrichtet wurden. Sie werden "Fasad", Verderbtheit, auf die Erde bringen. Sie werden sie füllen, wie der Vers sagt, sie 'werden alle versammelt werden'. Sie werden hervorkommen und sich in Ost und West verbreiten. Lest den Heiligen Quran, o Gelehrte des Iran, Alims von Indien, von Arabien, o Gelehrte Ägyptens. Was bedeutet es? "Wa idha l-Wuhushu Hushirat"? Aus welchem Dschungel werden sie kommen? Wenn es so ist, wie ihr es interpretiert, dann werden wilde Tiere aus einem Dschungel kommen. Aber das ist nicht so. Sieben Meere aus Tinte sind nicht genug, um alle Bedeutungen des großen Qurans aufzuschreiben. Was drückt er aus mit "Wa idha l-Wuhushu Hushirat"? O Gelehrte der Azhar, sagt, wie müssen wir "Wa idha l-Wuhushu Hushirat" verstehen? Es beschreibt diese Zeit! Sagt es und fürchtet euch nicht! Es sind jene, die sich gegenseitig niedermetzeln, niederbrennen und zerstören. Das sind die beschriebenen wilden Tiere.
Wenn die Iraner nicht "Wuhush" sind jetzt, wenn die Alawiten keine wilden Tiere sind jetzt, wer ist dann gemeint mit den Wilden? Haltet an euch! Es gibt Jemanden, Der euch von oben sieht, der sieht, was ihr tut! Und Er straft für das, was Er sieht, und Er wird euch bestrafen! Hüten wir uns! "Wa idha l-Wuhushu Hushirat". Wilde werden überall sein, gnadenlose Leute ohne Religion und Glauben, Gesindel. Sie sind Shaytane. Shaytan wird sein Königreich ausrufen. Ya Rabbi, wir suchen Zuflucht bei Dir vor Shaytan und seinen Armeen. Aber es ist nicht nötig, den ganzen Weg bis zur Höchsten Wahrheit (swt) zu gehen, um um Hilfe zu bitten. O Shah Mardan, wir eilen zu dir! Mit Dhu l-Fiqar in der Hand wirst du auch nicht einen Kopf dieser Unterdrücker auf ihren Schultern lassen. 70.000 Reiter kommen von Khorasan auf schwarzen Pferde mit einem Dhu l-Fiqar in den Händen, und sie werden schneiden! Hütet euch, o 'Schiiten' und 'Alawiten' und die ganze Islamische Welt! "Wa idha l-Wuhushu Hushirat". Wilde werden erscheinen, um sich zusammenzurotten und alles zu kontrollieren. Überall ist es jetzt so. Aman ya Rabbi! Tawba ya Rabbi, Tawba Astaghfirullah. Subhanallah.

Wir sind in der Zeit äußersten "Kufr" und "Dhulm", Unglaubens und Unterdrückung. Aber wenn etwas seine Grenze erreicht hat, beginnt es abzunehmen und zu verschwinden. Hilfe für den Islam kommt. Sie kommt näher. Sehen wir diesen Rajab, den Monat Allahs, was er bringt. Eine Schleuse öffnet sich für Regen, und der Platz wird überflutet. Es läßt keinen Platz zum Stehen

oder Gehen. Fürchtet Allah! Er kann euch in der Wüste ertränken. Der Befehlshaber der Himmel braucht keine Kanonen oder Gewehre. Seid aufrecht! Macht keine Tricks, so daß euer Name rein herauskommt. Schlagt nur um Allahs willen. Wenn der Prophet, `alayhi Salat wa Salam und Shah Mardan ihre Schwerter hoben, taten sie das um Allahs willen. Sie taten es nicht für Shaytan. Aber all diese Leute haben sich Shaytan ergeben! Aber es kommt jetzt auf sie herab! Der Sahibu l-Waqt, der Sultan des Waqt kommt, um ihnen ihre Grenzen zu weisen. Alle werden bekommen, was sie verdienen, und sie werden ihre Grenzen kennenlernen. O Shah Mardan, ma sha' Allah. Ma sha' Allah. "Wa idha l-Wuhushu Hushirat". Der Sahibu l-Waqt wird kommen, um die wilden Tiere, die überall sind, zu erledigen. Möge Allah uns vergeben.
Seid aufrichtig und fürchtet euch nicht. "Fa staqim" (11:112), seid fest und aufrecht. Der Prophet sagte, "Shayyabatni Surat Hud" - Hud und ihre Schwestern, "Fa-staqim Kama Umirt" (11:112), als dieser Befehl kam. 'Sei fest', o Mein Geliebter, Shayyabatni Surat Hud. Er sagte, der Befehl, "Fa-staqim" - Sei aufrichtig -, hätte seinen Bart weiß werden lassen. 'Sei aufrichtig, wie dir befohlen wurde.' Jene, die aufrichtig sind mit Allah,werden gerettet werden. Sonst werden sie gehen müssen. O unser Herr, unser Subhan, laß uns nicht in den Händen unseres schlechten Egos. O Shah Mardan, Sahib Maydan, Habibu Rahman, Dakhilak, mach uns zu deinen Liebenden. Mögen wir auch zu deinen reinen Dienern gehören. Wir wollen deine Befehle einhalten, o Shah Mardan. O mein Herr, "Aghithna" - Rette uns! "Aghithna, ya Mughith" - Rette uns, o Retter (swt)! Ya Mughith Aghithna! O Retter, rette uns! O Retter, rette uns! "Ya man Yughithu l-Mustaghith" - O Du, Der denjenigen rettet, der Dich ruft - "in lam Tughisna man Yughith"? Wenn Du uns nicht rettest, wer kann es dann? "Wa ma lana Rabb Siwak" - Und wir haben keinen Herrn außer Dir. "Illa Anta, ya Mughith!" Nur Du, o Retter! Wir sind bedürftig geworden, o mein Herr. Sende uns den Sahib, sende uns den Sultan. Möge was Shaytan tut, Menschen zu übertölpeln und wild zu machen, auf seinem Kopf explodieren! "Wa idha l-Wuhushu Hushirat". Möge mein Herr mir vergeben. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. O jene, die ein Problem haben, sagt: Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Tut das und sagt: Hasbi Allahu wa Ni`ma l-Wakil. Fatiha.

## When Tragedy comes into our Lives, How can we keep our Faith in God's Mercy?

Question "Sheik Effendi, when we behold the glory of the rising sun and the endless sky full of stars, we feel and know thereby that the Creator is and that He is very Great. But sometimes in the life of a person there occurs very sad and terrible events : people whom we love die – parents, brothers, friends. When tragedy comes into our lives, how can we keep our faith in Gods Mercy, how can we feel that He cares about what is happening to each and every one of us?"
Now our distinguished guest has asked a very important question that every single person in the world must be asking in his heart.

His eyes have been opened to the Infinite Gory of the Creator by the wonders He Almighty has created for that purpose. Therefore, he is praising the Creator and he is saying that these wondrous sings in the cosmos, and the perfection and harmony of the intricate movements of heavenly bodies, of the balance of nature etc, may cause a person to awaken to the Majesty of the Creator, Sustainer and Guide of All Creation.

He recognises, as do all believers, that the Lords Endless Mercy pervades the Universe, for without it neither we nor any other creature could exist and take its sustenance. He sees that we are swimming in Allah's Mercy Oceans. But he asks, as do so many people, how to reconcile our belief in Allah's Mercy with the bitterness and horror we feel at the death of loved ones and other seemingly merciless events in the world. He is asking

how we can deal with the doubts that creep into our minds in respect to that mercy, how to deal with that voice that says to us : “If Allah is so merciful, how can He allow such events to happen?”

Yesterday we spoke of the creation of Adam, and we said that, according to tradition, the descendants of Adam have been granted the most honourable station possible among creatures of this world: the rank of deputies of their Creator.

Every creature may ask to be in possession of such a high rank, but Allah Almighty cautioned them all, asking: “Who among you is prepared to pay the price and carry the burden of that most honoured rank. Who can carry that heaviest of ranks on their shoulders?” Yes, all creation was shown the nature of that rank, and its responsibilities. As Allah Almighty states in the Holy Qur’an:

“Verily, We offered that trust to the heavens, the earth and the mountains; and they refused to accept it, and they feared it, But man, he took it upon himself to bear it. Surely he was sinful, very foolish.”

And He Almighty revealed to creation all that was involved in that trust; so that no creature could plead he had been burdened beyond what he himself had accepted. The result was, that when faced with such a choice, all of creation refused to take it upon themselves, saying that that were afraid in the face of such an awesome challenge. But man said: “I can carry it. I am ready to make the necessary sacrifices, I am ready to pay the price.”

Here then, is your answer. If you lay claim to that honour, if you value the nobility of your rank as “Crown of Creation”, if you consider that which sets you apart, from dogs and monkeys to be worth preserving, worth sacrificing for, then you must be prepared to agree with your Lords decrees; that is the price you pay for that most honourable rank. You must not reject what He wills in directing the course of life in his Creation . He does as He Wills, and it is for us to be patient in matters that are beyond our sphere of influence ( like the inevitability of death ), for the sake of our Lords love, as He has given His Love to the Descendants of Adam above all creatures.

Look, our Lord asked the Prophet Abraham, Peace be upon him, to slaughter his son for the love of his Lord. In this story is a lesson for all of us. He Almighty ordered Abraham: “Slaughter your son for Me. The price of My Love is even more than the sacrifice of love that you harbour for your son. Give that love (which is now for

your son) to Me also: by slaughtering him, give it to Me.”

Then Abraham made ready to obey his Lord, despite satan’s repeated attempts to dissuade him. Thus ( by proving his readiness to carry out his Lords order) Abraham proved his steadfastness in obeying the divine command. But the Lord, who is not in need of the blood of our sacrifices, but accepts the sincerity with which they are offered, prevented the knife from cutting. He almighty ordered the knife: “Don’t cut!” Then Abraham tried to cut his sons throat, but the knife wouldn’t cut, would not even make a scratch, though he had sharpened it himself with the greatest care. Repeatedly he drew the knife across the delicate throat of his son, but with no result. At last Abraham threw down the knife, and in order to show Abraham the power if his Will, He Almighty made that knife cut through a big rock like a knife cuts through cheese. The an Angel appeared to the astonished Abraham, saying: “Oh Abraham, don’t think that your knife is dull! You have proved your sincerity, now take this ram and slaughter it....”

He Almighty has given His Divine Love to the descendants of Adam, and we have responded to our Lord, saying: “We are true unto You, oh our Lord.” Then He Almighty said : “I am going to try you, to examine all of you to see who is true in his claim of loving Me.” Who can withstand such a trial as Abraham? But in all of our lives there are also trials, and by being patient in the face of them we gain our Lords endless love.

One of the most famous of Islam’s saints was the King of the land of Balkh, Ibrahim bin Adham. He abandoned his kingship for his Lords sake and went away to live on what he earned by performing tasks of menial labour, and devoted his spare time, and all his heart, to his Lords worship.

When he abdicated his throne, and went away he left behind him a pregnant wife. After twelve years the boy and his wife had born began to inquire after his father. The boy set out in search of his father, and successfully traced his movements until he finally came across him in Mecca. Ibrahim bin Adham knew that the boy was his son the first time he laid eyes upon his noble face. He said : “You are my son.”

The boy said “You are my father.” Then Ibrahim prayed to his Lord: “Oh my Lord, You know best that, up until now, all of my love has been exclusively for You. Now I see that some of my love is going to this boy. Oh my Lord, all I want in this life is that my heart be purely for You: therefore I implore You to please transform this love in my heart for the boy to be love for You.”

Then Allah Almighty took the soul of that boy to his Divine Presence. The love that the boy had for his father was transformed into Divine Love so that he went to the Divine Presence totally pure.; and the love that Ibrahim bin Adham had for the boy also penetrated to the realm of Divine Love. Merged into the Divine Love Oceans of his saintly heart.

Allah Almighty is “Al-Ghayyur” or “The Jealous God”. He calls us to merge all the love we feel into His Divine Love; to take the love we feel for our loved ones and transform it into a love that will penetrate into the realm of Divine Love. This is the meaning of His requiring a “pure heart” (qalbun – salim) from His servants, for all that you love in those dear ones, is but the attraction of a ray of the attributes of your Lord which you see in them, which shines through the familiarity between you and them and reaches your heart.

Those loved ones will die, and so will you; but if that love reaches to the ultimate recipient of all Love, then the goal of human love has been attained, and it is acceptable and lovely in the Divine Presence. But if we fail to surrender to our Lords decree of mortality for all His creatures, and hate Him for putting us in a temporary existence of passing images, states and feelings, life becomes a bitter pill too bitter to swallow. In such a case life itself becomes a sorrow ocean, as He Almighty calls all of His servants, one by one, back to His Divine Presence and away from us and this world.

He is our Lord, the sole Sustainers of our existence. He has rights over us and tries us to see who will be true and hold to the love of their Lord. Therefore, all manner of events may occur: lovely people may die, young people may die, brothers, sisters, wives and husbands may die, will die, must die. Everyone you love will die. Then He looks to see what you will do: can you transform your love and make a tragedy a cause of increasing your love for your Lord? So few people understand this, and that is why they can’t see the Divine Wisdom in sorrowful events. They don’t recognise that our Lord is beckoning us to Love Him wholly and exclusively; therefore they suffer.

Everything He Almighty has given to the Descendants of Adam is temporary, not worthy of that ultimate love. You must give your love to the One who is always in existence – from pre eternity to post – eternity.

“Glorified is the ever – living (Lord), for whom there is no Death”

Therefore, you must awake to these realities and not ever think that events represent the decrees of a

merciless Lord. No! For in these apparently merciless events is contained boundless mercy, as our Lord rewards us in accordance with the severity of our trials: the recompense is more and more of His Love.

At any time sorrowful and unliked events may (and will) descend upon you. Your Lord makes them a means of approach to Him that He may pour out everlasting Love Oceans on His beloved servants.

This is a very important point, and a very heavy one. We must comprehend these wisdoms and their import, but such a realization will evade us as long as we are thinking that these are just some words. That Divine Love must be tasted. As much as I may repeat the words: “Honey, honey, honey.....” or describe the characteristics and flavour of honey, you are not going to taste it, not going to be satisfied. These realities must be tasted, and unless you have reached that point you cannot understand more than these words.

## What Can You Take with You when You Die?

If you are giving each one dunya, they will ask for a second one. They have greed, endless greed. There is no gratitude now, as people are never satisfied from this life. SubhaanAllah. Eventually you will leave this world and no one owns the treasures Qaroon left.

O People! Bismillahi ‘r-Rahmani ‘r-Raheem. For human beings to say, “Bismillahi ‘r-Rahmani ‘r-Raheem, Bismillahi ‘r-Rahmani ‘r-Raheem, Bismillahi ‘r-Rahmani ‘r-Raheem,” of all treasures on Earth and in Heaven, the highest level for human beings is to say every day forty times, “Bismillahi ‘r-Rahmani ‘r-Raheem.” Who says more for the sake of Allah (swt), Allah gives him more.

Dunya doesn't belong to any specific person; it says, "I am for everyone, not for just one person. What do you want to do if you own me?" For what is all this trouble? Dunya is for its people and can’t be carried from here to the Hereafter, except through the way of the good deeds of human beings; human beings go, but their good deeds remain. Whatever you sent for your Hereafter is there and whatever you left here does not belong to you. How many millions of people and kings said, "This world is mine," and they left it behind, not taking anything with them? They didn't take anything, not even kings whose riches filled this world, not even in their graves, because a grave is limited. But human beings have no reasoning nor minds.

The Prophet (s) said:

•••• •••• ••• •• ••••• ••••• •••

Tafakkarru sa`atan khayrun min `ibaadati saba`een sannah. To remember Allah (swt) for one hour (contemplate or meditate) is better than seventy years of worship.

What happened to people since the time of Adam (a) until now? What has become of people? They are all dust. They built castles and palaces from gold and silver, and they made ornaments of all kinds, but in the end they were taken under the ground. They have no mind! People become greedy. For what is all this greed? Allah (swt) will ask, "O My servant! What have you brought with you from dunya? Nothing! I gave you dunya to work in for your Hereafter. You didn't bring anything with you?" But people forgot their Hereafter and are working only for this life, so no goodness is reserved for them in the Next Life! Allahu Akbar, Allahu Akbar! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem.

••••• ••••••••••••• •••••••••• ••••••••••

laa taghurrannakum al-hayaat ad-dunya. Do not be cheated by this life on Earth. (31:33)

Dunya deceives Mankind, falsely saying, "I am yours." Dunya was for no one but it deceives them, saying, "I am yours, take me! Take! Take". Few think about the consequences. Laa hawla wa laa quwwata illa billah. "Do not be cheated by this life on Earth." Throughout history, since the beginning of time, Iskandar, known as "Alexander the Great," was one young man who had greatness. He traveled from Macedonia to the end of the Indian borders, conquered countries and became one of the best emperors in the history of Mankind. He was a young man, subhaanAllahi 'l-`Aliyyu 'l-`Azheem.

He conquered kingdoms and defeated kings and became of the very few who ever reached that level. From India, whatever he reached I visited, because the Lord made me reach them. I went there and the people gathered around me and I addressed them about Alexander the Great at the last point he reached, then he returned back. Like waves he came breaking on shore, coming and going back, coming and going back. He returned, subhaanAllahi 'l-`Aliyyu 'l-`Azheem, but he reached Mesopotamia, which means, "Between two rivers (Tigris and Euphrates)." He reached Baghdad, subhaanAllah, then death reached him.

He called the closest ones among his people and said, "O people! I am going towards death. Like all the

world, also I am going. This sickness has reached me here, but every man has the right to write his will, and I have a will; come near to hear it from me. My will is that when I will die, you will put me in my coffin and when the people come to carry me, put my hands not like other people's, but outside the coffin. If they ask, 'Why did Alexander do that?' tell them, 'Alexander, who reached to the end of the world, from east to west, who conquered the treasures of kings, did not take anything is his hands!'"

Where are people's minds now? With the mind Allah (swt) gave him, Alexander the Great thought and addressed, and advised the servants of Allah with wisdom that will last until the end of times, saying, "O people! Nobody takes anything with him. If anybody took anything from this world, it would have been me. Look, my hands are empty!" People don't read anymore, but this is part of our history and it is a great advice.

I was in Andalusia, Spain, and my group there took me to visit the historical remains of a castle, then a graveyard of their kings. We went down and walked. Signs read, "Be quiet," and I thought, "What are they for? The kings buried here don't want any sound?" We followed the rule. There was a very big area and I saw forty or fifty kings and emporers in coffins of marble, which looked like bath tubs. For what to be quiet? Do they hear? We cannot disturb them. "Don't raise your voices," because they are emperors, kings and so on. I asked, "Do they have something with them?" They didn't take anything from all the power and treasures they had, nor brought a single treasure to put on their heads. Laa hawla wa laa quwwata illa billah!

Now human beings became greedy for this world to the maximum point, thinking it is for them. There is no such ownership by humans! Laa ilaaha illa-Llah Muhammadan Rasoolullah. If any king or emporer had said a good word, "Laa ilaaha illa-Llah Muhammadan Rasoolullah" would have benefitted them, whereas putting their entire treasures would never benefit them!

Were I to address the trees, they would answer me, but the children of Adam would not! Allah, Allah. Subhaan Allah! Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah, astaghfirullah! Grant us a mind and wisdom.

••••••• ••••••• •••••• ••••••••

Alaysa minkum rajulun rasheed. Is there not among you a single right-minded man? (Hud, 11:78)

No more! In the Holy Qur'an, Allah (swt) tells a story of a believer who is in the Pharoah's castle, who blamed

them, saying, “Are none among you a rightly-guided man?” Not a single one and now not even a half a man! Amaan yaa Rabbee! Tawbah yaa Rabbee, tawbah yaa Rabbee. O our Lord! don't leave us to our egos for a blink of an eye, or less. Yaa Rabbee, yaa Allah! Yaa Rabbee, yaa Allah! Tawbah yaa Rabbee, tawbah Allah! “Let not this worldly life deceive you!” This worldly life deceives them. Amaan yaa Rabbee!

## Where Are You Arabs?

May today's blessings appear to us, through inspirations. May it be joyful! May the addressing that will cause turmoil throughout world come. May there be no other addressing above it so I can destroy world of unbelief. I haven't got the strength of an ant but by the Will of Allah Almighty and appointment of Ummuhan Sultan we may cause an upheaval throughout world. We have no strength of our own. Fatiha.

Assalamu alaikum to all who are present. Ey yaran Shah Mardan. Assalamu alaikum wa Rahmatullahi wa Barakatuhu. What a beautiful prayer, what a beautiful wish! Such nice politeness, such nice manners - to greet people, to give salams (divine greetings). Those who do not greet each other are animals. Humans gain humanity with Salam/greetings. Those who are dressed with the robe of salam are acceptable in this world. They are respected everywhere. They take honor with it. In the hereafter they will be under the banner of The Prophet of the End of Times who is the Honor of the universe. That is the banner - It is Liwa'i l-Hamd, which will be submitted to the Prophet of the End Times on the Day of Resurrection.

Wake up all people who are deep asleep! Come and be a friend of Shah Mardan! Shah Mardan, Sahibul Maydan, Habibur Rahman, Sayfullah/The sword of Allah(jj), Asadullahil Ghalib, Ali Ibn Abi Talib Alayhis Salam. Come to his assembly, those who call themselves Alawi or Shia. Come to his way. This is the way of bravery. His way is for lions. Every morning there comes an addressing for us, from Shah Mardan. It comes along with the blessings - honor comes, glory comes, friendship comes, good manners come, pride comes. Come on, friends of Shah Mardan! How many are there of you? The real ones are few. But those who say, 'we follow him', are

many. May we try eagerly to be the beloved friends of Shah Mardan. May he accept us, this is such a big honor.

Today is a new day. A new manifestation is opening for this coming day. Good tidings are coming on behalf of Islam with this coming new day. Today is "the beginning." Let's see how will it be till Rajab. What will happen in the Glorious Rajab? We used to say, "three months". The three months are honored; Rajab, Shaban, Ramadan. Shah Mardan is teaching us good manners, good behavior. The first lesson is Assalamu Alaikum. You must all greet each other. Salams/greetings are good wishings between Muslims - praying for goodness and safety for each other, and also honor and glory. Masha'Allah. Assalamu Alaikum, don't forget this! Words other than these have no value. Islam is golden. Others are garbage. Masha'Allah.

Let's say BismiLlahi r-Rahmani r-Rahim. May we announce the Glorious Name of the Lord, Janab Rabbul Izzat, before we listen to Shah Mardan. What orders is he giving? Oh beloved friends of Shah Mardan! Alawis are saying they are his friends. Shias are saying they are too. If this is so - do you have the manners/ morals of our Master Hz Ali? Our Master Hz Ali is Shah Mardan, who used to ride on Duldul. Duldul was neither a horse nor a donkey, hasha minal, a humble animal in between. He used to ride on Duldul(a mule). But when he mounted on Duldul, Duldul would become like a lion. Why? Because of the honor its rider had. Duldul used to become a lion.

What really is the Duldul? It is one's ego. Congratulations to the one who can ride it! The one who submits to his ego, becoming its slave has no value. He is rubbish. Everyday garbage is collected in front of the doors. One day or two days ago, things brought home that had value what did they become the following day? - Garbage. Don't go after the things which will be garbage. Please go on Shah Mardan. You are the Lion of Allah(jj). Please address your friends! May we learn good manners, may we learn good manners. Our Master Hz Ali(ra) used to ride on Duldul. He is Shah Mardan, Habibu r-Rahman, Asadullahil Ghalib, Ali Ibn Abi Talib. Say it, all of you! You so-called Shia say his name - Shah Mardan! Don't hold your tongues oh Alawis! May you say, 'we are on the way of Shah Mardan who is the Victorious Lion of Allah!'

Say it oh you Bashar! You can't say it, but you say that "I am Alawi". You ought to say: We are on the way of Shah Mardan and we are connected to him. Shame on you! Asadullahil Ghalib, the undefeatable Lion of Allah(jj), Shah Mardan did he ever hurt someone? Say it. Answer this oh Persians, oh Alawis! Shah Mardan, Habibur Rahman, Asadullahil Ghalib, Ali Ibn Abi Talib. Can you answer o Persians? Ey Shia, ey Alawi. Oh Shia, oh Alawi, Asadullahil Ghalib, Ali Ibn Abu Talib, say it! Have you got his manners? He, the lion, did he ever draw his sword unnecessarily? His Dhulfiqar? Did He ever strike the innocent with his sword? For the sake of the Lord, say it and answer, Shia and Alawi. The innocent and helpless servants of Allah, did he ever strike them with his sword? The Master of this realm, Shah Mardan, Ali Ibn Abi Talib did he draw his sword against innocent ones? Say it Persians, say it Shias! Oh Alawi you say it too!

But you will be held accountable by him! You are fake alawis and fake shias. Answer and say! Asadullahil Ghalib, Shah Mardan, did he ever draw his sword against helpless and weak people? That Holy Sultan who used to ride on Duldul. Duldul was a slow animal. Compared to the fame of horses, Duldul, with its ears down, was a humble animal. Because Shah Mardan taught the servants of Allah how to be respectful. None of them was arrogant - saying, "I am this, I am that" Against no innocent person did he ever draw his sword. His violence and anger was only used against those who were opposing Islam.

In the castle of Khaybar, the opposition were adherents of the Holy Book. The commander of the Yahud came and asked him to the arena. When our Master Hz Ali came on his Duldul, he insulted our Master. He (ra) finished him with a single hit of his sword. The Dhulfiqqar of Shah Mardan With his strength, when he hit his enemy, it didn't stop but went on to hit the ground, moving deeper in, and water began to gush forth. Alhamdullilah! I visited there and drank from that water, still gushing from the desert.

Wake up oh Shias and Alawis! Watch yourselves! Don't play with edged tools! You are not given Allah's servants to slaughter like animals. You are slaughtering Allah's servants like butchers! Shooting them, killing them, not thinking there are children, there are woman, there are weak among them. You are drawing your swords against them, stabbing them, shooting them with guns. Is this the way of Hz Ali, Shah Mardan? Please go on Shah Mardan. Their

accounts/punishments are decided by our Sultan Shah Mardan. We cannot interfere!

A human being is different from an animal. Janabul Allah dressed us in the robe of humanity. The human being is the deputy of Janabul Haqq on Earth. What is the order of Allah Almighty? "Harramtu z-zulm ala nafsi, fala tazalamu." The Most Glorious Janabul Haqq, what is His command? Listen to this from Shah Mardan. Janab-ur Rabbul Izzat Subhanahu wa Ta'ala is saying; "Zulm/oppression, I forbid it to Myself". "I am not an oppressor" Allah says. "You mustn't do oppression either". Kurtulursunuz. You will be safe then. There is Shah Mardan, who carries My Sword of Vengeance. He will catch you. Whoever is doing oppression, for the revenge of the oppressed ones there is Shah Mardan. He is approaching. He is on his Duldul. Hey ey Sultan! Our Shah Mardan, may we be among his friends, among his beloved friends.

Cease fire at once Bashar! Shias should return to their land at once. Homes are protected. Our Prophet, Salawatullahi wa Salamuhu Alaih Hazrat, on the glorious day of Mecca's conquest, in His khutba he ordered - Those in the Holy Ka'aba, will be in safety, those who accept Islam will be in safety, those who take refuge with a certain person will be in safety, and, the last, those who enter their homes and close their doors will be in safety. Not any door would be broken down. No permission to break in. To murder such people is absolutely forbidden(haram).

Please go on Shah Mardan! You broke the doors of homes o Shias! O fake Alawis, you ruined the honor of those who were hiding inside. You left none alive. Is this what being Alawi and Shia means? Is this justice or oppression? He will ask, "Thumma la tusalunna" (102:8) "wala tusalunna amma kuntum ta'maluna"(16:93) Your deeds will be counted. You will be asked about what you did. I may delay, but I will ask, I won't put them aside. Vengeance on the oppressors who murdered innocent ones. I will take vengeance on the oppressors. I the Glorious Lord, the Creator of the universe, no one knows the limits of My properties and heavens - where it begins or where it ends. For the sake of My Magnificence, says Janab Allah, I won't let them go unpunished.

Janabul Mawla, says in the holy verse; "Wa 'Idha l-Maw'udatu Su'ilat. Bi'ayyi Dhanbin Qutilat"(81:8,9) Doesn't this Holy verse exist in The Holy Quran that Persians are reading?

Maw'udatu - the children whom they buried, will be asked what were their sins that caused them to be murdered? Answer it. What is happening now in the lands of Damascus? Those who are destroying the Nation of Hz Muhammad(sas), Persians, coming from Persia to burn Damascus, to destroy cities, to kill people, to ruin their honor, they won't be asked? "Thumma la tusalunna"(102:8) Later you will be asked, it says. Allahu Dhu-l Jalal.

Fear and beware oh Bashar! Stop at once! Persians retreat at once! Ahlu Bayt( holy family of our Prophet) is in Damascus, you didn't respect them. You have no regard for anything, you attack burn and destroy. But you will not get out of this without being punished by the Lord. Please go on Shah Mardan. Let's say Bismillahi r-Rahmani r-Rahim. Recite Basmala, lock your doors, no one can break into your houses. Bismillahi r-Rahmani r-Rahim, Hifdhu Aman, is the protection of Allah. Lock your doors while reciting Basmala, keep inside. No one can break in. Absolutely you will be under the protection of Allah(jj). But people are made to forget these things. They call themselves scholars but they didn't teach people what is necessary for them. At nighttime close your doors while reciting Basmala, and go to bed. The Holy Angels will surround you, not letting any harm come to you.

Those so-called scholars didn't teach our people. They will be punished for not teaching people. Say Bismillahi r-Rahmani r-Rahim, against the enemies approaching. Say Bismillahi r-Rahmani r-Rahim, and his weapon will fall down. "Az zulmu la yadum. Wa in dama dammar." Oppression doesn't last forever, if they persist, armies will come to destroy them. Please Shah Mardan go on. MashaAllah La Quwwata illa Billah Rajabu Shahrullah is coming.
O Shah Mardan! there is a group/army who will appear who will be dressed in you majesty. Let them beware of this army. They will come from Damascus, not out of Damascus but from Damascus. There is a powerful army that guards Damascus, he says. They will come out to give the rights back and punish the Persians and Arabs too. Arabs did nothing while these innocent people were being killed - nothing to protect them. They didn't send a single soldier to protect these people. As a result of Divine Anger, Arabia is under floods. Haven't you heard that it snowed there? Oh Shah Mardan you know best. What a mess there! Snow was falling on Arabia. Have you ever heard of such a thing? Is this snow a blessing or Divine Anger? Heavy rains and heavy flooding, were taking away everything with them. Is this a grant or Divine Anger coming

from heavens?

Answer this oh Egyptian scholars! Oh scholars of Damascus! Oh Persian scholars! Oh Turkish scholars! Oh scholars of Hijaz! Speak! Is it a Divine Grant that it snowed in Arabia? Flooding - is it a Divine grant? Fear from Allah oh you kings and princes of Arabia! You fought against Allah(jj),you will be punished. If the oppressors oppress, the oppressed ones belong to Allah! Allah will overcome their oppression.

Oh Shah Mardan, MashaAllah. May they take a lesson from this warning! Look to the one who makes me speak! Rajab is coming! If more of it comes to Arabia, there will be nothing alive left. All will drown in it - neither their planes nor their cars can move. Their buildings might be broken over them. What is the value of their gold then? What is the value of their money? And what is the value of their titles? Water is taking it all away. The rain is not stopping! Floods are destroying. Fear from Allah(jj). Repent of your wrong doings. You didn't help those in need! What is your talent/specialty? Is it sitting in your palaces and playing with your gold? You have no specialty. You have no value! You will be swept away by Janabullah. You cannot get out of the punishment using your titles and ranks. Shah Mardan is saying: "Naudhu bika min ghadabi ljabbar". Oh those who are listening, pay attention! This is a divine warning. "Yukhawwafukum" is to scare you so that you come to the right path. If you persist, your palaces will be broken over you.

Your planes will not fly, your cars will not move. You will have nowhere to run! Relieve yourselves of them! Prevent those fake Alawis, prevent those Shia oppressors! Why do you keep your weapons there, while here are innocent people, children, being killed unfairly? Why do you continue to live in the comfort of your palaces? Why didn't you send planes there to protect muslims, saying they are our hajjis? Why didn't you send help? Still not sending? Five people are left. They say we are opposed. What benefit this will do!

Fear from Allah! May Kings too fear from Allah! And the princes and governments, all should fear from Allah. If He shakes the world, buildings will fall on them or they may be drown in floods. Please Shah Mardan go on, your words are the Truth! Your words are the Truth! O Shah Mardan, O friends of Shah Mardan, May Allah protect us from being fake friends of Shah

Mardan! May we become one of his real soldiers and stand against oppressors, to raise the banner of Islam! Each one has a made-up flag. What value does it have? Raise the banner of Islam and move! The world will tremble because they are coming! The fear of the whole world is that the Ottomans are coming. The Ottomans are coming.

Arabs made many mistakes. They didn't protect the Sultan or the Caliph. With the votes of an hundred idiot men, the sultanate and the caliphate could not be removed. So many of the socalled scholars gathered in Istanbul. They couldn’t ask, Where is your Caliph? Whoever removed the Caliph? Who had the authority to remove or bring the caliphate? The will be asked - "Thumma La Tus'alunna"(102:8) "'ani n-naba'il 'adhimi"(78:2) News about a big incident will be asked for. Oh Egyptian scholars what is your fatwa on this? The corrupted group that is called Ikhwanul Muslimin, Janabul Mawla; "Wala tafarraqu"(3:103) "Wa 'tasimu Bihabli Llahi Jami'an Wa La Tafarraqu"(3:103) He said. How do you make separation naming yourselves Ikhwanul Muslimin? "Al mu'minu akhul mu'min" is there any other than this? No. We are Ikhwanul muslimin (Muslim brothers). What does it mean? Are the rest the brothers of shaytan? How can you separate those who are saying "La ilaha Illa llah"! You are giving privileges to yourselves; Ikhwanul muslimin. Are the other people Christian brothers? or Jewish brothers who are performing namaz and fasting Ramadan, making shahadah? How can you make a separation between them? We are muslimun, others are garbage!?!

MashaAllah! A manifestation is coming that will turn you into garbage! Beware! Rajab is coming! You will see then! Is there someone to correct your deeds or not? Wa min Allahi ttawfiq. Enough. Oh Shah Mardan. May your sword, Dhulfiqqar, be sharp! Those who oppose Islam will be finished. May the banner of Islam be raised! Oh our Lord forgive us, those who will support Islam. Send us Askari Mansuriyi Muhammadiyya (supported soldiers of Islam). Fatiha.

**Wo seid ihr, Araber?**

---

Mögen uns die heutigen Segnungen erscheinen durch Eingebung. Laß uns freudig sein. Laß die Ansprache, die in der ganzen Welt Aufruhr erzeugt, kommen. Laß keine andere Ansprache darüber sein, so daß ich die Welt des Unglaubens zerstören kann. Ich habe nicht die Kraft einer Ameise, aber mit dem Willen Allahs des Allmächtigen und der Berufung von Ummuhan Sultan können wir Aufruhr verursachen in der ganzen Welt. Wir haben keine eigene Kraft. Fatiha.

As-Salamu `alaykum an alle, die anwesend sind. Ay Yaran Shah Mardans. As-Salamu `alaykum wa Rahmatullahi wa Barakatuhu. Was für ein schönes Gebet, was für ein schöner Wunsch. Solche Höflichkeit! So ein gutes Benehmen! Die Menschen zu begrüßen, ihnen Salams zu geben. Jene, die einander nicht grüßen, sind Tiere. Menschen gewinnen Menschlichkeit mit dem Friedensgruß. Jene, die mit dem Gewand des Salam bekleidet sind, sind annehmbar in dieser Welt. Sie werden überall geachtet. Sie nehmen Ehre auf damit. Im Jenseits werden sie unter dem Banner des Propheten des Zeitenendes sein, der die Ehre des Universums ist. Das ist das Banner. Es ist Liwa'i l-Hamd, was dem Propheten des Zeitenendes am Tag der Auferstehung unterbreitet werden wird.

Wacht auf, alle Menschen, die tief schlafen! Kommt und seid Freund mit Shah Mardan! Shah Mardan, Sahibu l-Maydan, Habibu r-Rahman, Sayfullah, das Schwert Allahs (jj), Asadullahi l-Ghalib, Ali ibn Abi Talib, `alayhi s-Salam. Kommt in seine Versammlung, jene, die sich Alawiten oder Schiiten nennen. Kommt auf seinen Weg. Dies ist der Weg der Tapferkeit. Sein Weg ist für Löwen. Jeden Morgen kommt eine Ansprache für uns von Shah Mardan. Sie kommt zusammen mit den Segnungen. Ehre kommt, Herrlichkeit kommt, Freundschaft kommt, gutes Benehmen kommt, Stolz kommt. Kommt schon, Freunde Shah Mardans! Wie viele von euch gibt es? Der wahren sind wenige. Aber von jenen, die sagen, 'Wir folgen ihm', gibt es viele. Laß uns eifrig versuchen, die geliebten Freunde Shah Mardans zu sein. Möge er uns annehmen. Das ist eine so große Ehre! Heute ist ein neuer Tag. Eine neue Erscheinungsform öffnet sich für diesen kommenden Tag. Gute Nachrichten kommen in Bezug auf den Islam mit diesem neuen Tag. Heute ist 'Der Anfang'. Sehen wir, wie es bis zum Rajab ist. Was wird im glorreichen Rajab geschehen? Wir pflegten zu sagen, drei Monate. Die drei Monate sind geehrt: Rajab, Shaban, Ramadan.

Shah Mardan lehrt uns gute Manieren, gutes Benehmen. Die erste Lektion ist As-Salamu `alaykum. Ihr müßt euch alle grüßen. Friedensgrüße sind gute Wünsche zwischen den Muslimen, das Gebet für Gutes und Sicherheit für einander und auch Ehre und Ruhm. Ma sha' Allah. As-Salamu `alaykum, vergeßt das nicht! Andere Worte als diese haben keinen Wert. Islam ist Gold. Anderes ist Abfall. Ma sha' Allah. Sagen wir Bismillahi r-Rahmani r-Rahim. Mögen wir den glorreichen Namen des Herrn, Janabu Rabbu l-Izzat, verkünden, bevor wir Shah Mardan zuhören. Welche Befehle gibt er? O geliebte Freunde Shah Mardans! Die Alawiten sagen, sie seien seine Freunde. Die Schiiten sagen, sie auch. Wenn das so ist, habt ihr das Benehmen und die Moral unseres Meisters Hz Ali? Unser Meister Hz Ali ist Shah Mardan, der auf Duldul zu reiten pflegte. Duldul war weder Pferd, noch Esel. Hasha mina, ein bescheidenes Tier dazwischen. Er pflegte auf Duldul zu reiten. Aber wenn er Duldul bestieg, wurde Duldul wie ein Löwe. Warum? Wegen der Ehre, die sein Reiter hatte. Duldul wurde wie ein Löwe. Was ist der Duldul wirklich? Es ist das eigene Ego. Glückwunsch demjenigen, der es reiten kann. Wer sich seinem Ego unterwirft und sein Sklave wird, hat keinen Wert. Er ist Abfall.

Jeden Tag wird Abfall vor den Türen eingesammelt. Einen oder zwei Tage vorher hatten die Dinge, die nach Hause gebracht wurden, Wert. Was sind sie am folgenden Tag geworden? Müll. Geht nicht hinter den Dingen her, die Müll sein werden. Bitte mach weiter, Shah Mardan. Du bist der Löwe Allahs (jj). Bitte sprich deine Freunde an! Mögen wir gutes Benehmen lernen. Mögen wir gutes Benehmen lernen. Unser Meister Hz Ali (ra) pflegte auf Duldul zu reiten. Er ist Shah Mardan, Habibu r-Rahman, Asadullahi l-Ghalib, Ali ibn Abi Talib. Sagt es, ihr alle! Ihr sogenannten Schiiten, sagt seinen Namen: Shah Mardan! Haltet nicht den Mund, o Alawiten! Möget ihr sagen: Wir sind auf dem Weg Shah Mardans, der der Siegreiche Löwe Allahs ist! Sag es, o du, Bashar! Du kannst es nicht sagen, aber du sagst: Ich bin Alawit. Du solltest sagen: Wir sind auf dem Weg Shah Mardans und wir sind mit ihm verbunden. Schande auf dir!

Asadullahi l-Ghalib, der unbesiegbare Löwe Allahs (jj), Shah Mardan, hat er jemals jemanden verletzt? Sagt es. Beantwortet das, o Perser, o Alawiten! Shah Mardan, Habibu r-Rahman, Asadullahi l-Ghalib, Ali ibn Abi Talib. Könnte ihr antworten, o Perser? Ay Schia, ay Alawi, o Shia, o Alawi. Asadullahi l-Ghalib, Ali ibn Abi Talib, sagt es! Habt ihr seine Manieren? Er, der Löwe, zog er sein

Schwert jemals ohne Notwendigkeit? Sein Dhu l-Fiqar? Schlug er jemals die Unschuldigen mit seinem Schwert? Um des Herrn willen, sagt es und antwortet, Schiiten und Alawiten. Die unschuldigen und hilflosen Diener Allahs, schlug er sie jemals mit seinem Schwert? Der Meister dieses Bereiches, Shah Mardan, Ali ibn Abi Talib, zog er sein Schwert gegen Unschuldige? Sagt es, Perser! Sagt es, Schiiten! O Alawiten, sagt ihr es auch! Aber ihr werdet von ihm zur Rechenschaft gezogen werden! Ihr seid falsche Alawiten und falsche Schiiten. Beantwortet es! Asadullahi l-Ghalib, Shah Mardan, zog er jemals sein Schwert gegen hilflose und schwache Menschen?

Dieser heilige Sultan, der auf Duldul zu reiten pflegte. Duldul war ein langsames Tier. Verglichen mit dem Ruf der Pferde, war Duldul mit seinen hängende Ohren ein bescheidenes Tier. Weil Shah Mardan die Diener Allahs lehrte, wie sie Achtung erweisen sollten, war keiner von ihnen arrogant und sagte: Ich bin dies, Ich bin das. Gegen unschuldige Menschen zog er nie sein Schwert. Sein Ungestüm und sein Zorn richteten sich nur gegen jene, die sich dem Islam widersetzten. In der Burg von Khaybar waren die Gegner Anhänger des heiligen Buches. Der Oberbefehlshaber der Juden kam und forderte ihn in die Arena. Als unser Meister Hz Ali auf seinem Duldul kam, beleidigte er unseren Meister. Er (ra) erledigte ihn mit einem einzigen Hieb seines Schwertes. Dhu l-Fiqar Shah Mardans mit seiner Stärke, als er den Feind schlug, hörte es nicht auf, sondern ging weiter und schlug den Boden und drang tiefer ein und Wasser begann hervorzusprudeln.

Alhamdulillah! Ich besuchte dort und trank von diesem Wasser, das immer noch hervorsprudelt aus der Wüste. Wacht auf, o Schiiten und Alawiten! Paßt auf euch auf! Spielt nicht mit scharfen Gegenständen! Euch sind die Diener Allahs nicht gegeben worden, um sie wie Tiere abzuschlachten. Ihr schlachtet Allahs Diener wie Schlachter! Ihr erschießt sie, tötet sie, und denkt nicht daran, daß da Kinder sind, Frauen, Schwache unter ihnen. Ihr zieht euere Schwerter gegen sie, erstecht sie, erschießt sie mit Gewehren. Ist das der Weg Hz Alis, Shah Mardans? Bitte mach weiter, Shah Mardan. Ihre Bestrafung wird von unserem Sultan Shah Mardan entschieden. Wir können uns nicht einmischen. Ein Mensch unterscheidet sich von einem Tier.

Janabu l-Allah bekleidete uns mit dem Gewand des Mensch-Seins. Der Mensch ist der Vertreter Janabu l-Haqqs auf der Erde. Was ist der Befehl Allahs des Allmächtigen? "Harramtu dh-Dhulm `ala Nafsi, fala Tadhalamu." Der Glorreichste Janabu l-Haqq, was ist Sein Befehl? Hört das von

Shah Mardan. Janabu r-Rabbu l-`Izzat, Subhanahu wa Ta`ala, sagt: Dhulm, Unterdrückung, habe Ich Mir Selbst verboten. Ich bin kein Unterdrücker, sagt Allah. Ihr dürft auch keine Unterdrückung ausüben. Kurtulursunuz. Ihr werdet dann in Sicherheit sein. Da ist Shah Mardan, der Mein Schwert der Rache trägt. Er wird euch fangen. Wer immer Unterdrückung ausübt, für die Rache der Unterdrückten ist Shah Mardan da. Er nähert sich. Er ist auf seinem Duldul. Hey ey Sultan!

Unser Shah Mardan, mögen wir unter seinen Freunden sein, unter seinen geliebten Freunden. Stelle sofort das Feuer ein, Bashar! Die Schiiten sollten sofort in ihr Land zurückkehren. Die Häuser sind geschützt. Unser Prophet, Salawatullahi wa Salamuhu `alayh Hazrat, befahl an dem glorreichen Tag der Eroberung von Mekka in seiner Khutba: Jene in der Heiligen Ka`aba sind sicher, jene, die den Islam annehmen, sind sicher, jene, die bei einer bestimmten Person Zuflucht suchen, sind sicher, und, schließlich, jene, die in ihre Häuser gehen und die Türen schließen, sind sicher. Nicht eine Tür würde niedergebrochen werden. Keine Erlaubnis, einzubrechen. Solche Menschen zu ermorden, ist absolut verboten.

Bitte mach weiter, Shah Mardan. Ihr habt die Türen der Häuser aufgebrochen, o Schiiten! O falsche Alawiten, ihr habt die Ehre jener, die sich drinnen versteckten, zerstört. Ihr habt niemanden am Leben gelassen. Ist das, was es bedeutet, Alawiten und Schiiten zu sein? Ist das Gerechtigkeit oder Unterdrückung? Er wird fragen: "Thumma Latus'alunna" - Dann werdet ihr befragt (102:8). "Wa Latus'alunna amma Kuntum Ta`maluna" - Und ihr werdet gewiß zur Rechenschaft gezogen werden für das, was ihr getan habt (16:93). Euere Taten werden abgerechnet werden.

Ihr werdet befragt werden, was ihr tatet. Ich mag es aufschieben, aber Ich werde fragen, Ich werde sie nicht beiseite legen, Rache an den Unterdrückern, die Unschuldige ermordeten. Ich werde Rache nehmen an den Unterdrückern. Ich, der Glorreiche Herr, der Schöpfer des Universums, niemand kennt die Grenzen Meines Besitzes und der Himmel, wo es beginnt und wo es endet. Um Meiner Herrlichkeit willen, sagt Janab Allah, werde Ich niemanden ungestraft gehen lassen. Janabu l-Mawla sagt in dem heiligen Vers: "Wa Idha l-Maw'udatu Su'ilat. Bi'ayyi Dhanbin Qutilat" - Und wenn das lebendig begrabene Mädchen gefragt wird, für welches Verbrechen es getötet wurde (81:8,9). Gibt es diesen heiligen Vers nicht in dem Heiligen Quran, den die Perser lesen? Maw'udatu - die Kinder, die sie begruben werden befragt werden, was ihre Sünden waren,

die ihre Ermordung begründeten. Beantwortet das.

Was geschieht jetzt in den Ländern von Damaskus? Jene, die die Nation Hz Muhammads (saws) vernichten, Perser, die aus Persien kommen, um Damaskus niederzubrennen, Städte zu zerstören, Menschen zu töten, ihre Ehre zugrundezurichten, werden nicht befragt werden? "Thumma Latus'alunna" (102:8). Später werdet ihr befragt werden, heißt es. Allahu Dhu l-Jalal. Fürchte und hüte dich, o Bashar! Hör sofort auf! Perser, zieht euch sofort zurück! Ahlu Bayt, die Familie unseres Propheten, ist in Damaskus. Ihr achtet sie nicht. Ihr nehmt auf nichts Rücksicht. Ihr greift an, brennt nieder und zerstört. Aber ihr werdet nicht herauskommen, ohne vom Herrn bestraft zu werden. Bitte mach weiter, Shah Mardan. Sagen wir Bismillahi r-Rahmani r-Rahim. Rezitiert die Basmala, schließt die Türen ab. Niemand kann in euere Häuser einbrechen. Bismillahi r-Rahmani r-Rahim. Hifdhu Aman ist der Schutz Allahs. Verschließt die Türen, wenn ihr die Basmala rezitiert. Bleibt drinnen. Niemand kann einbrechen. Unbedingt werdet ihr unter dem Schutz Allahs (jj) sein.

Aber die Menschen werden veranlaßt, diese Dinge zu vergessen. Sie nennen sich selbst Gelehrte, aber sie lehrten die Menschen nicht, was notwendig ist für sie. In der Nacht schließt euere Türen, während ihr die Basmala rezitiert, und geht ins Bett. Die heiligen Engel werden euch umgeben und euch keinen Schaden nehmen lassen. Diese sogenannten Gelehrten lehrten unsere Leute nicht. Sie werden dafür bestraft werden, die Menschen nicht gelehrt zu haben. Sagt Bismillahi r-Rahmani r-Rahim gegen die sich nähernden Feinde. Sagt Bismillahi r-Rahmani r-Rahim, und seine Waffe wird herunterfallen.

"Adh-Dhulmu la Yadum. Wa in Dama Dammar". Unterdrückung dauert nicht ewig. Wenn sie fortdauert, kommen Armeen, um sie zu zerstören. Bitte Shah Mardan, mach weiter. Ma sha' Allah la Quwwata illa Billah. Rajabu Shahrullah kommt. O Shah Mardan! Es gibt eine Gruppe, die erscheinen wird, die mit deiner Majestät bekleidet sein wird. Sie sollen sich vor dieser Armee hüten. Sie wird von Damaskus kommen, nicht aus Damaskus, sondern von Damaskus. Es ist eine machtvolle Armee, die Damaskus bewacht, sagt er. Sie werden herauskommen, um die Rechte zurückzugeben und die Perser und auch die Araber zu bestrafen. Die Araber taten nichts, während diese unschuldigen Menschen getötet wurden, nichts, um sie zu beschützen. Sie sandten

nicht einen einzigen Soldaten, um diese Menschen zu schützen. Als Ergebnis Göttlichen Zorns ist Arabien überflutet. Habt ihr nicht gehört, daß es dort geschneit hat? O Shah Mardan, du weißt es am besten. Was für ein Chaos dort! Schnee fiel in Arabien. Habt ihr je von so etwas gehört?

Ist dieser Schnee ein Segen oder Göttlicher Zorn? Schwere Regenfälle und Überflutungen trugen alles mit sich fort. Ist das eine Gabe Göttlichen Zorns, die von den Himmeln kam? Beantwortet das, o ägyptische Gelehrte. O Gelehrte von Damaskus, o persische Gelehrte, o türkische Gelehrte, o Gelehrte des Hijaz, sprecht! Ist es ein Göttliches Geschenk, daß es geschneit hat in Arabien? Überflutungen, sind sie ein Göttliches Geschenk? Fürchtet Allah, o ihr Könige und Prinzen Arabiens! Ihr habt gegen Allah (jj) gekämpft, ihr werde bestraft werden. Wenn die Unterdrücker unterdrücken, gehören die Unterdrückten Allah! Allah wird ihre Unterdrückung überwinden.

O Shah Mardan, Ma sha' Allah. Mögen sie eine Lektion nehmen von dieser Warnung! Schaut zu dem, der mich sprechen läßt. Der Rajab kommt. Wenn mehr davon nach Arabien kommt, wird nichts Lebendes übrig bleiben. Alles wird darin ertrinken, weder ihre Flugzeuge, noch ihre Autos kommen vom Fleck. Ihre Gebäude könnten über ihnen zusammenbrechen. Was ist ihr Gold dann wert? Was ist ihr Geld dann wert? Und was sind ihre Titel noch wert? Das Wasser nimmt alles hinweg. Der Regen hört nicht auf! Die Fluten zerstören. Fürchtet Allah (jj)! Bereut euere schlechten Taten. Ihr habt denen in Not nicht geholfen. Was ist euere Besonderheit? Ist es, in euerem Palast zu sitzen und mit euerem Gold zu spielen? Ihr habt keine Besonderheit. Ihr habt keinen Wert. Ihr werdet von Janabullah hinweggefegt. Ihr könnt die Strafe nicht umgehen, indem ihr euere Titel und Ränge benutzt. Shah Mardan sagt: "Na`udhu Bika min Ghadabi l-Jabbar." O die, die zuhören, paßt auf! Dies ist eine Göttliche Warnung. "Yukhawwafukum" soll euch erschrecken, so daß ihr auf den rechten Weg kommt. Wenn ihr beharrt, werden euere Paläste über euch zerschlagen werden. Euere Flugzeuge werden nicht fliegen, euere Autos werden nicht fahren. Ihr werdet nirgendwohin rennen können! Befreit euch von ihnen. Haltet diese falschen Alawiten auf. Haltet diese Schia-Unterdrücker auf!

Warum bewahrt ihr dort euere Waffen auf, während hier unschuldige Menschen sind, Kinder, die ungerecht getötet werden? Warum lebt ihr noch in der Bequemlichkeit euerer Paläste? Warum sandtet ihr keine Flugzeuge dorthin, um die Muslime zu beschützen und sagt, sie sind unsere

Hajjis? Warum sandtet ihr keine Hilfe? Und sendet sie immer noch nicht? Fünf Leute sind noch übrig. Sie sagen: Wir sind dagegen. Was wird das nützen! Fürchtet Allah! Mögen die Könige auch Allah fürchten! Und die Prinzen und Regierungen, alle sollten Allah fürchten. Wenn Er die Welt erschüttert, werden Gebäude auf sie fallen oder sie können in Fluten ertrinken. Bitte Shah Mardan, mach weiter. Deine Worte sind die Wahrheit. Deine Worte sind die Wahrheit. O Shah Mardan, o Freunde Shah Mardans, möge Allah uns davor bewahren, falsche Freunde Shah Mardans zu sein! Mögen wir einer von seinen wahren Soldaten werden und gegen die Unterdrücker aufstehen, um das Banner des Islam zu erheben! Jeder hat eine ausgedachte Flagge.

Welchen Wert hat das? Haltet das Banner des Islam hoch und geht voran! Die Welt wird erzittern, weil sie kommen! Die Furcht der ganzen Welt ist, daß die Osmanen kommen. Die Osmanen kommen. Die Araber machten viele Fehler. Sie schützten den Sultan oder Kalifen nicht.
Mit den Stimmen von einhundert Dummköpfen hätte das Sultanat und das Kalifat nicht abgeschafft werden können. So viele der sogenannten Gelehrten versammelten sich in Istanbul. Sie konnten nicht fragen: Wo ist euer Kalif? Wer hat den Kalifen abgeschafft? Wer hatte die Autorität, das Kalifat abzuschaffen oder zu bringen?

Sie werden befragt werden: "Thumma la Tus'alunna" - Dann werdet ihr befragt (102:8), "`Ani n-Naba'i l-`Adhimi" - Nach einer gewaltigen Ankündigung (78:2). Nachrichten über einen großen Zwischenfall werden verlangt werden. O ägyptische Gelehrte, was ist euer Fatwa dazu? Die verderbte Gruppe, die Ikhwanu l-Muslimin genannt werden, Janabu l-Mawla: "Wa la Tafarraqu" (3:103). "Wa Tasimu Bihabli Llahi Jami`an wa la Tafarraqu" - Und haltet insgesamt an Allahs Seil fest und zerfallt nicht (3:103), sagte Er. Wie könnt ihr Trennung herstellen, indem ihr euch Ikhwanu l-Muslimin nennt? "Al Mu'minu Akhu l-Mu'min", gibt es etwas anderes als das? Nein. Wir sind Ikhwanu l-Muslimin, Muslimbrüder. Was bedeutet das? Sind die übrigen Brüder Shaytans?

Wie könnt ihr die trennen, die sagen: La ilaha illa Llah? Ihr gebt euch selbst Privilegien, Ikhwanu l-Muslimin. Sind die anderen Menschen christliche Brüder? Oder jüdische Brüder, die das Pflichtgebet machen und den Ramadan fasten, Shahada sagen? Wie könnt ihr zwischen ihnen eine Trennung herstellen? Wir sind Muslimun, die anderen sind Müll? Ma sha' Allah! Eine Manifestation wird kommen, die euch in Abfall verwandeln wird. Hütet euch! Rajab kommt. Ihr

werdet es dann sehen. Gibt es jemanden, der euere Taten zurechtrückt oder nicht? Wa min Allahi t-Tawfiq. Genug. O Shah Mardan, möge dein Schwert Dhu l-Fiqar scharf sein! Jene, die den Islam bekämpfen, werden erledigt werden. Möge das Banner des Islam hochgehalten werden! O unser Herr, vergib uns. Jene, die den Islam unterstützen, sende uns Askari Mansuriyi Muhammadiyya, die unterstützen Soldaten des Islam. Fatiha.

## Where Your Name Written as "Good Servant"?

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

...our Lord, Allah Almighty. Therefore, people have lost their ways and they are following shaytanic ways, teachings, and trespassings. From shaytanic ways the whole world is coming down, even though technology just reached its top point and civilization is coming down, down, down. What shall we do? We are trying to do what makes Allah Almighty happy with us!

Others are following people to fire, as Shaytan runs after youngsters because it is easy to cheat them with dunya's pleasures. Therefore, keep yourself away from Shaytan and it's traps. (Mawlana Shaykh questions some guests about their marital status.) Bismillahi 'r-Rahmani 'r-Raheem. The first command now for young brothers is marriage; those who are coming to tariqah must keep marriage. Understand? Try to be good ones. (Inshaa'Allah Sayyidee. We are nothing without you.) Good ones. There are two tablets: on one is written "Good Servants," on the second is written "Shaytan's Servants." Look where your name is written. You may reach treasures from dunya, but if your name is written under Shaytan's servants, what is the benefit? Try to make sure your name is written as "Good Servant", a servant of the Lord, Almighty Allah. Don't leave yourself to be Shaytan's slave!

## Where Is Your Sultan? - Recite this holy verse

"Subhana Man Yusabbihu Al-Ra'du Bihamdihi wa Al Mala'ikati min khifatihi Wa Huwa 'Ala Kullu Shay'in Qadir." Sayyidina Abbas (ra) said "Whoever recites this & something happens to him, I am responsible for his retribution. Therefore repeat it, repeat it all the time. "Subhana Man Yusabbihu Al-Ra'du Bihamdihi wa Al Mala'ikati min khifatihi Wa Huwa 'Ala Kullu Shay'in Qadir."

O our Lord Your mercy on us, protect us if something comes towards us or around us, O our Lord. We are your weak servants. People do not know anything about their religion and therefore rain will come upon them, rain that instead of it being a mercy it will be a sign of the anger from the Heavens. Allah Ya Rabbi....forgive us & pardon us and accept our repentance O our Lord. Accept our repentance O our Lord. Tub Alayina Ya Tawwab. Tub Alayina Ya Tawwab. We are Your weak servants, we are also ignorant O our Lord. Send us the one who may show us the ways of servanthood, O our Lord. Tawba Ya Rabbi, tawba Ya Rabbi, tawba astaghfirullah.

O servants of the Lord, leave what is meaningless and walk the path to the way of Heavens. Instead of gathering & shouting in the streets, leave this and go to the houses of Allah (swt). The mosques are the houses of Allah (swt). Gather in the mosques & beg and pray so mercy may come upon you. What is your business to be in the streets? To whom are you calling? To whom are you calling? You are calling upon who has no life. Go to the mosques & make zikr & ask and cry...cry! And supplicate your Lord, that He (swt) may change the situation to another situation. Ya Muhawwili Al Hawl ila Al Hal. Turn our situation to the best of situations, O my Lord. We

are Your weak servants, have mercy on our weakness. Have mercy on our difficulties, for the sake of Your Prophet Al Mustafa (saws). And for the sake of all those who have honour. Ya Mawlay Ya Rabbana, Subhana Allah wa Al Hamdulillah wa La Ilaha illa Allah wa Allahu Akbar, Allahu Akbar wa Lillahi Al Hamd. Fatiha.

"They have forgotten Allah (swt) so He has forgotten them." (9:67) The Holy verse. Those people they forgot Allah (swt). They forgot their Lord (jwa) and Allah (swt) left them forgotten. Forgotten, forgotten people. They left their Lord. Their Lord left them forgotten. O Egyptian people, use your minds, your understanding, your consciousness, your faith, your servanthood. Give your servanthood & Allah (swt). He (swt) will take care of everything in your world & and the promise of Al Haqq (swt) is to grant you Heavens. "Inna Al-Ladhina Amanu Wa `Amilu As-Salihati Kanat Lahum Jannatu Al-Firdawsi Nuzulan" (18:107) "Khalidina Fiha La Yabghuna Anha Hiwalan" (18:108) Not one person at that time will say I am fed up no! Hasha! Forever! Forever! Not one person says "we got bored, no!" "Verily! Those who believe & do good deeds, shall have the Heaven of Firdaus for their pleasure" (18:107) "Wherein they shall dwell. No desire will they have to be removed therefrom."(18:108)

More! O our Lord grant us more! Grant us more from Your bounty! Ask for more from Allah (swt) your Lord. What is in the world? Today you are living. Tomorrow you are going. O people! Leave the whispers of shaytan & come... come, and accept the teachings of the Prophet (saws). You are going after the teachings of shaytan O people of Egypt! You are, all of you are scholars, why? Leave shaytan, the ways of shaytan and return to your Lord, return to your Lord.... Subhana Allah! Subhana Allah! We are non Arabs. We have an excuse if we made a mistake, but you know The Magnificent Quran, it is in Arabic language & you go against it! Your punishment will be multiplied, Allah!

Safar Al Khair, O my Lord! Have mercy on our weaknesses. Have mercy on our difficulties especially this month. Safar Al Khair, is the hardest month of the year. If they do not return to Islam, there is no life for them. An Arabic saying "there is no life for whom you are calling." You would be like forgotten ones. Tawba Ya Rabbi! Repent to your Lord O Egyptian people! And ask who would be good for you in your life & who would intercede for you in the Hereafter also.

Ask for a Sultan from Allah (jwa), as the Prophet (saws) says "The Sultan is the shadow of Allah (swt) on earth." Where is your Sultan? You collect from the market from the public to be a Sultan over you, no! No! What Allah (swt) has granted from the beginning to the end, a Sultan. Ask for a Sultan. A Sultan like the Prophet (saws) said "The Sultan is the shadow of Allah (swt) on earth". "Obey Allah & obey the Prophet & those who are in authority." (4:59) Those who are ruling you "the shadow of Allah" are the Sultans. Allahu Akbar! Tawba Ya Rabbi, tawba Ya Rabbi, tawba astaghfirullah.

Use your minds, O Egyptians. Do not be drunk or ignorant. It is not honourable for the people of Egypt to be like the ignorants & deny the truths of Islam, the truths of Islam & its guidance. How should a person live. "Has taught man that which he knew not." (96:5) He taught them. They learned from Allah...from the Prophet (saws). But people they attack saying, "democracy". You run after shaytan & his way, "you shall never be successful" (6:21) "'Innahu La Yuflihu" (6:21) Return to the words of Al Haqq. Take a Sultan, because "verily the Sultan is the shadow of Allah (swt) on earth." This means he is supported, supported & honoured. That Sultan, Allah (jwa) dresses the Sultan with the dress of glory. Glory! He (swt) dresses him with the dress of courage. He (swt) dresses him with the dress of virtuousness. He (swt) dresses him with familiarity. He (swt) dresses him with the dress of forgiveness. He (swt) dresses them with the dress of justice. He (swt) dresses them with the dress of generosity.

When a Sultan comes, all that comes from him is goodness & winning something. Winning with the blessings of the Sultan. No person comes to a Sultan & leaves empty handed, never! But the public what can they give you? They have nothing to be able to give. Allah (swt) gave from His Sultanate, from the Heavenly attribute of Sultan. He (swt) gave to the Sultan power. He (swt) dressed them with glory. He (swt) dressed them with generosity, forgiveness, dressed them with justice. Dressed them with everything that people desire. He (swt) dressed them with goodness, dressed them with justice. He (swt) dressed them with mercy in their hearts and forgiveness. Allahu Akbar!

O Egyptian people you are living in the land of knowledge of Islam. You are the most famous country for your knowledge and your scholars, since they know and they understand the Holy

Quran- what the rest of people do not understand. Masha'Allah! Allah gave you some attributes that He (swt) praised you with. He praised you, our Lord (jwa)... In the story of Sayyidina Yusuf (as) they brought him from the country of Kanan to Egypt to teach them how to worship to their Lord (jwa). How should the attribute of servanthood be towards the Lord (jwa).

What a pity for the people in Egypt, the tyrants left them ignorant! Ignorant so that tyrant evilness is not clear to them, and the people thought that they will be doing better with them, never! The tyrants were bad to the people & put them under their feet. What gives you the right O princes? With what rights? On Judgement Day you will be in such affliction and Allah (swt).... His Beloved taught us "if matters are not in the hands of who is qualified, then wait for the last hour." Who are the qualified? You bring a man from the market to be a Sultan over you? Everything has its origin. Give back what is rightly due to its people. The rights of people. The Prophet (saws) gave news about this "give to everyone their due rights" They took the rights of Kings & they threw them away so Allah (swt) punished them with this punishment.

Repent to your Lord, O Egyptian people! We are non Arabs, we are looking at your situation because you are the people of knowledge & Kings. Your Kings are famous for their generosity & serving with goodness of manners to the servants of the Lord. And they were dressed with the dress of honour. The tyrants threw them away & you still did not understand what those tyrants did to you. Starting right after the King, the King Faruq. King Faruq... He was a great King, a great Sultan he was. They threw him away & Allah (swt) sent upon them all sort of afflictions.

Repent to your Lord O people of Egypt, so Allah (swt) may send back to you your King. The King of Egypt, whose treasury... the treasury of Egypt was equivalent to the treasury of 7 countries. Now you became beggars. Does this suit the people of Egypt, to go in the streets and scream like the animals? Where are you? In the wild? What is this? Shame on you! Especially their women. Allah (swt) ordered them "And stay in your houses & do not display yourselves like the times of the first ignorance." (33:33)

Where are your scholars to remind them. Remind them. "Wa Dhakkir Fa'inna Adh-Dhikra Tanfa`u Al-Mu'minina"(51:55) We remind them. May Allah (swt) forgive me & forgive you.

Tawba Ya Rabbi.

Fatiha.

**Wo ist euer Sultan?**

---

"Subhana Man Yusabbihu r-Ra'du Bihamdi wa l-Mala'ikati min Khifatihi wa Huwa `ala Kullu Shay'in Qadir." Sayyidina Abbas (ra) sagte: 'Wer auch immer dies rezitiert und ihm geschieht etwas, dann bin ich verantwortlich für seine Vergeltung. Deshalb wiederholt es, wiederholt es die ganze Zeit. "Subhana Man Yusabbihu r-Ra'du Bihamdi wa l-Mala'ikati min Khifatihi wa Huwa `ala Kullu Shay'in Qadir." Unser Herr, Deine Gnade auf uns, schütze uns, wenn etwas gegen uns oder um uns herum kommt, unser Herr. Wir sind schwache Diener. Die Menschen wissen nichts über ihre Religion, und deshalb wird ein Regen auf sie herabkommen, ein Regen, der statt einer Gnade ein Zeichen des Zorns von den Himmeln sein wird. Allah ya Rabbi... vergib uns und erweise uns Gnade und nimm unsere Reue an, unser Herr. Nimm unsere Reue an, unser Herr. Tub `alayna ya Tawwab. Tub `alayna ya Tawwab. Wir sind Deine schwachen Diener. Wir sind auch unwissend, unser Herr. Sende uns den, der uns die Art der Dienerschaft zeigen kann, unser Herr. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah.
O Diener des Herrn, laßt, was bedeutungslos ist, und geht den Weg, der zu den Himmeln führt, statt euch zu versammeln und auf den Straßen zu schreien. Laßt das und geht in die Häuser Allahs (swt). Die Moscheen sind die Häuser Allahs (swt). Versammelt euch in den Moscheen und bittet und betet, damit Gnade auf euch herabkommen kann. Was habt ihr auf der Straße zu suchen? Wen ruft ihr an? Wen ruft ihr an? Ihr ruft an, was kein Leben hat. Geht in die Moscheen und macht Dhikr und bittet und weint... weint! Und fleht eueren Herrn an, daß Er (swt) die Situation in eine andere Situation wandelt. Ya Muhawwili l-Hawl ila l-Hal. Wandle unsere Situation in die beste Situation, mein Herr. Wir sind Deine schwachen Diener, hab Mitleid mit unserer Schwäche. Hab Mitleid mit unseren Schwierigkeiten um Deines Propheten al Mustafa (saws) willen und um all derer willen, die Ehre haben. Ya Mawlay ya Rabbana, Subhanallah wa l-Hamdulillah wa La ilaha illa Allah wa Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Fatiha.

'Sie haben Allah (swt) vergessen, so daß Er sie vergessen hat.' (9:67) Der Heilige Vers. Jene Leute haben Allah (swt) vergessen. Sie haben ihren Herrn (jwa) vergessen, und Allah (swt) ließ sie vergessen sein. Vergessen, vergessene Leute. Sie haben ihrem Herrn den Rücken gekehrt. Ihr Herr läßt sie vergessen sein. Ägypter, benutzt eueren Verstand, euer Verständnis, euer Bewußtsein, euren Glauben, euere Dienerschaft. Gebt euere Dienerschaft, und Allah (swt) wird sich um alles in euerer Welt kümmern, und das Versprechen von Al Haqq (swt) ist, euch die Himmel zu gewähren. "Inna l-Ladhina Amanu wa `Amilu s-Salihati Kanat Lahum Jannatu l-Firdawsi Nuzulan" (18:107). "Khalidina fiha la Yabghuna `anha Hiwalan" (18:108). Nicht einer wird zu der Zeit sagen 'Ich habe die Nase voll'! Hasha! Ewig! Ewig! Nicht einer sagt 'Uns ist langweilig', nein! 'Gewiß, für diejenigen, die glauben und gute Werke tun, wird es die Gärten

von Firdaws zur gastlichen Aufnahme geben' (18:107), 'ewig darin zu bleiben, und sie werden nicht begehren, davon wegzugehen' (18:108). Mehr! Unser Herr, gewähre uns mehr! Gewähre uns mehr von Deiner Freigiebigkeit! Erbittet mehr von Allah (swt), euerem Herrn.

Was gibt es in dieser Welt? Heute lebt ihr, morgen geht ihr. Leute! Laßt die Einflüsterungen Shaytans und kommt... Kommt und nehmt die Lehren des Propheten (saws) an. Ihr folgt den Lehren Shaytans, Leute Ägyptens. Ihr seid alle Gelehrte. Warum? Laßt Shaytan, die Wege Shaytans und kehrt zu euerem Herrn zurück, kehrt zu euerem Herrn zurück... Subhana Allah! Subhana Allah! Wir sind keine Araber. Wir haben eine Entschuldigung, wenn wir Fehler machen, aber ihr kennt den Glorreichen Quran. Er ist auf Arabisch, und ihr geht gegen ihn an! Euere Strafe wird vervielfacht, Allah! Safar al Khayr, mein Herr! Sei barmherzig mit unserer Schwäche. Sei barmherzig mit unseren Schwierigkeiten, besonders in diesem Monat. Safar al Khayr ist der härteste Monat des Jahres. Wenn sie nicht zum Islam zurückkehren, gibt es kein Leben für sie. Ein arabisches Sprichtwort: Es gibt kein Leben für den, den ihr ruft. Ihr würdet wie Vergessene sein.

Tawba ya Rabbi! Bereut vor euerem Herrn, Ägypter. Und erbittet einen, der gut für euch ist in euerem Leben und der Fürsprache einlegt für euch im Jenseits. Erbittet einen Sultan von Allah (jwa), wie der Prophet (saws) sagt: 'Der Sultan ist der Schatten Allahs (swt) auf Erden.' Wo ist euer Sultan? Ihr sammelt ein von den Märkten, aus dem Volk, damit er ein Sultan über euch sei. Nein, nein! Was Allah (swt) von Anfang bis Ende gewährt hat, einen Sultan. Erbittet einen

Sultan. Einen Sultan, wie der Prophet (saws) sagte: 'Der Sultan ist der Schatten Allahs (swt) auf Erden.' 'Gehorcht Allah und gehorcht dem Propheten und jenen, die Autorität haben' (4:59). Die euch regieren, 'der Schatten Allahs', sind die Sultane. Allahu Akbar. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Benutzt eueren Verstand, Ägypter. Seid nicht betrunken oder ignorant. Es ist nicht ehrenwert für die Menschen in Ägypten, wie die Ignoranten zu sein und die Wahrheit des Islam, die Wahrheiten des Islam und seine Führung zu verleugnen. Wie sollte man leben? ...Der...den Menschen gelehrt hat, was er nicht wußte' (96:5). Er lehrte sie. Sie lernten von Allah... vom Propheten (saws). Aber die Menschen greifen an und sagen 'Demokratie'. Ihr lauft Shaytan hinterher und seinem Weg. 'Ihr werdet nie erfolgreich sein' (6:21) "Innahu la Yuflihu" (6:21).

Kehrt zurück zu den Worten von Al Haqq. Nehmt einen Sultan, weil 'gewiß, der Sultan der Schatten Allahs (swt) auf Erden' ist. Das bedeutet, er wird unterstützt, unterstützt und geehrt. Diesen Sultan bekleidet Allah (jwa) mit dem Gewand des Ruhmes. Preis! Er (swt) bekleidet ihn mit dem Gewand des Mutes. Er (swt) bekleidet ihn mit dem Gewand der Rechtschaffenheit. Er (swt) bekleidet ihn mit Vertrautheit. Er (swt) bekleidet ihn mit dem Gewand der Vergebung. Er (swt) bekleidet sie mit dem Gewand der Gerechtigkeit. Er (swt) bekleidet sie mit dem Gewand der Großzügigkeit. Wenn ein Sultan kommt, ist alles, was von ihm ausgeht, Gutes und ein Gewinn. Gewinn mit dem Segen des Sultans. Niemand geht zum Sultan und verläßt ihn mit leeren Händen, niemals! Aber das Volk, was kann es euch geben? Sie haben nichts, was sie euch geben können. Allah (swt) gab ihm von Seinem Sultanat vom Himmlischen Attribut des Sultan. Er (swt) gab dem Sultan Macht. Er (swt) bekleidete ihn mit Ruhm. Er (swt) bekleidete ihn mit Großzügigkeit, Vergebung, Gerechtigkeit, bekleidete sie mit allem, was die Menschen begehren. Er (swt) bekleidete sie mit Gutem, bekleidete sie mit Gerechtigkeit. Er (swt) bekleidete sie mit Barmherzigkeit im Herzen und Vergebung. Allahu Akbar!

Ägypter, ihr lebt im Land des Wissens über den Islam. Ihr seid das berühmteste Land für sein Wissen und euere Gelehrten, da sie wissen und den Heiligen Quran verstehen, was der Rest der Leute nicht versteht. Masha'Allah! Allah gab euch Attribute, mit denen Er (swt) euch pries. Er pries euch, unser Herr (jwa)... In der Geschichte von Sayyidina Yusuf (as) brachten sie ihn vom Land Kanaan nach Ägypten, um sie zu lehren, wie ihrem Herrn (jwa) zu dienen, wie das Attribut der Dienerschaft gegenüber ihrem Herrn (jwa) sein sollte. Wie schade für die Menschen in

Ägypten! Die Tyrannen ließen sie ignorant. Ignorant, so daß die Bösartigkeit dieser Tyrannen ihnen nicht klar ist und die Leute dachten, daß sie besser dran sind mit ihnen. Niemals! Die Tyrannen waren schlecht für die Leute und brachten sie unter ihre Füße. Was gibt euch das Recht, ihr Prinzen? Mit welchem Recht? Am Gerichtstag werdet ihr in solcher Bedrängnis sein und Allah (swt)... Sein Geliebter lehrte uns, 'wenn die Dinge nicht in Händen der Geeigneten sind, dann erwartet die Letzte Stunde.' Wer sind die Geeigneten? Ihr bringt einen Mann vom Markt, damit er Sultan über euch sei?
Alles hat seinen Ursprung. Gebt zurück, was den Leuten rechtmäßig zukommt. Die Rechte der Menschen. Der Prophet (saws) gab bekannt: 'Gebt allen das ihnen zustehende Recht'. Sie nahmen den Königen ihre Rechte und warfen sie hinaus, so strafte Allah (swt) sie mit dieser Strafe. Bereut vor euerem Herrn, Ägypter! Wir sind keine Araber, wir sehen auf euere Lage, weil ihr die Leute des Wissens und der Könige seid. Euere Könige sind berühmt für ihre Großzügigkeit und ihren Dienst mit gutem Benehmen an den Dienern des Herrn. Und sie wurden mit dem Ehrengewand bekleidet. Die Tyrannen warfen sie hinaus, und ihr wißt immer noch nicht, was diese Tyrannen euch antaten. Es begann gleich nach dem König, dem König Faruk. König Faruk war ein großer König, ein großer Sultan. Sie warfen ihn hinaus, und Allah sandte über sie alle Arten von Leid. Bereut vor euerem Herrn, Ägypter, so daß Allah (swt) vielleicht eueren König zu euch zurücksendet. Der König Ägyptens, dessen Staatsschatz... Der Staatsschatz Ägyptens entsprach dem Schatz von 7 Ländern. Jetzt seid ihr Bettler geworden. Paßt das zu den Leuten Ägyptens, auf die Straße zu gehen und zu kreischen wie die Tiere? Wo seid ihr? In der Wildnis? Was ist das? Schande auf euch! Besonders ihre Frauen. Allah (swt) befahl ihnen: 'Und bleibt in eueren Häusern und stellt euch nicht zur Schau wie in der Zeit der Unwissenheit' (33:33). Wo sind euere Gelehrten, um euch zu ermahnen. Ermahnt sie. "Wa Dhakkir Fa'inna dh-Dhikra Tanfa`u l-Mu'minin" (51:55). Wir ermahnen sie. Möge Allah (swt) mir und euch vergeben. Tawba ya Rabbi. Fatiha.

Lefke, 20.12.2012

## WHO IS A MUSLIM?

We are all servants and we do not ask for anything from Allah Almighty except that He may accept us as his servants. You can reach everything in this world, but it will never give you honour. Everything which you can reach belonging to here, is not valuable. If it was most valuable to have riches from this world, then I don't think that any people could be richer than the Jews or the Christians or other kinds of people who do not believe in Islam. The only honour mankind is able to reach in this life, is that his name may be written in the list of good servants. There are two tables. One written on the top is the one with the good servants. Then there is another one with the names of the bad servants. Whether someone is a believer or an unbeliever, they are all servants. But believers are good servants. Unbelievers are bad servants. Believers follow prophets. Bad servants follow satan.
When we go to the airport the announcements of the airplanes are changed very quickly. Names turn up and then disappear again. In the same way the tables with our names, according to our actions, change quickly. Sometimes your name will be written as a good servant. Then when you lose your control and run after satan, your name will appear quickly on the list of bad servants.

I heard of Grandsheiks, who are obedient servants of the Lord, that around the Seat of the Lord there are many, many Sheiks. They look like humans and everyone belongs to someone of us. Everyone's name is written on it. If someone whose name is written there does something good, his name there will start to

shine. Others who suddenly change and get an ugly shape and colour, will by that prevent any angels to look at them They can't, it is too ugly. Those are the names of the ones who on earth do what satan is telling them to.

Do you think that you can do what you want to according to your desires? Do you think that you have been created free like the animals in the jungle? Do you think that you are like animals in the zoo? You go there and look at them. But they are looking at you and telling you, "Oh, mankind, you are coming and looking at me. Look and take your lesson from me. I am someone without any responsibility. Allah Almighty created me on a line without any responsibility, but you have. Do you think you are fulfilling that responsibitlity? Never!" If someone says that you are a donkey, you will be very angry. But the donkey says that he is angry with you. Why? "I am a donkey and Allah Almighty has told me to be your servant. I am your obedient servant. You are hitting me, loading on me and making everything so bad for me. But you, mankind, were created to be the servant of our Lord. Are you His servant, or only a servant of this world, or satan or your ego? For whom are you working 24 hours? Why are you then angry if someone tells you that you are a donkey? I am doing my duty, you are not."

May Allah forgive us. It is a difficult time and people are trying to keep their faith according to their understanding. But Islam is so clear, the direction is so obvious. It is a straight path. Why are people making such a misunderstanding about it? Islam is only calling people to servant hood, nothing else. Islam never makes you the inspector of the second one. Everyone wants to make their own wrong ideas into the right idea.

If a person comes and wants to be a Muslim. What does the Sharia tell us to do? We offer him to say, 'Ashaddu la illaha il Allah, wa ashaddu anna Muhammadan Abduhu wa Rasul'Allah'. Would a person having said that still be a Christian or a Jew, or would he be a Muslim? Of course a Muslim! If the person gets out of that door again, then he is a unbeliever. Remember that, because nowadays the scholars call you an unbeliever even if you step a little bit to the right or to the left or a little bit forward. They call Muslims unbelievers! There are so many foolish and ignorant people like that now who say that. With every step they accuse Muslims to be unbelievers. But they are the ones who are becoming unbelievers themselves! It is the money of the oil that makes them spread over the whole Islamic world and non-Muslim world. Beware of those wrong people and remember that whoever says, 'La illaha il Allah Muhammadun Rasul'Allah' is

Muslim. Whoever does not accept that, is the unbeliever.
This was the order, that before starting to pray, or before fasting, people were called to accept His Existence and the existence of His Prophet. It is a difficult time, but Islam is so clear. There are still so many sins. We are not prophets, we are not innocent ones. Sometimes we fall into sins, but when we ask for forgiveness, Allah Almighty will open the Door of Forgiveness until your soul has come up again. The Door of Forgiveness will not be closed until the sun will rise from the West. Until that day Allah Almighty will accept repentance from his people. How can you cut the hope of people?
LONDON - 01.03.1993

## Who Abandons Teachings of the Prophets, Beware

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar wa lillah ‘l-hamd! Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar wa lillah ‘l-hamd! Allahuma salli ‘alaa Sayyidina Muhammad wa `ala Sayyidina Ibraheem wa `ala aaimatee daaiman `abada. As-salaamu `alaykum yaa `ibaadAllah as-saaliheen! Allahuma salli wa sallim wa baarik `alaa habeebika wa nabeeyika, Sayyidina Muhammad. As-salaamu `alaykum yaa mashaykhina Sayyidina `Isa, yaa saahibul imdaad, yaa Sultan al-Awliya, amidoona bi madadi kum. Allah Allah, Allah Allah, Allah Allah, Sultaan Allah. As-salaamu `alaykum, yaa `ibaadAllah as-saaliheen.

As-salaamu `alaykum. A`oodhu billahi min ash-Shaytaani ‘r-rajim. Bismillahi 'r-Rahmaani 'r-Raheem.

O People! Every Friday we are coming closer to Yawm ’l-Qiyyamah, the Day of Resurrection, and also everyone is coming closer to their destiny. We are one week closer to leaving dunya and going to Akhirah. Madad yaa Sultan al-Awliya. Madad yaa Rijaalullah.

O People! The whole dunya are going to be like bad ones as everyone is looking to their lives on this planet and beyond this life people are not taking care. They are thinking they have been on this dunya, that suddenly they are here, because now Shaytan, may Allah curse him, did his worse for cheating people. Shaytan's

teaching for people is, "Instantly you are on this planet and instantly you will disappear." He is never leaving them to think.

And the last decision or declaration of foolish Mankind is, "We are running to our deaths; we die and become dust, finished." La hawla wa la quwwata illa billah! That is a shaytanic teaching to Mankind, to not believe in anything, and perhaps 99% of people are saying, "When we die, everything is finished." That is ignorance, and they are saying, "This is the last horizon and when we will reach it, it means everything is finished."

That claim is bringing so much divine cursing on people that you can't find anyone happy; a happy, sweet life for common people is now finished! The general public and leaders are saying, "We reached the top point and there is no more; we are disappearing and finishing."

I am sorry to say that Arabs and people of the Muslim world who claim to believe in our Creator and that He sent thousands of prophets and the Last One, the Seal of Prophets (s), (Mawlana Shaykh stands and sits) declare their beliefs but they are never really taking care about what he said or what his mission was! They are not asking, "What was the mission of the prophets, the Distinguished Ones? Why did they come and why were they sent from the Heavens?" They are not asking!

Sayyidina Musa (a) said, "O Children of Israel! I have been sent to you by the Lord of Heavens to make you real and honored servants," but the Children of Israel did not understand his mission and now they are saying, "We are the best ones." Yes, it may be, but bring your proofs!

•••• •••••••• •••••••••••••• ••• ••••••• •••••••••••

qul haatoo burhaanakum in kuntum saadiqeen. Say, "Produce your proof, if you are truthful." (Surat al-Baqara, 2:111)

What is your proof that you are the best ones? Do you believe in Eternal Life? If you say yes, how are you preparing for it? You are fighting for dunya; is that your mission, to collect this world's treasures? And how. You know that Qaroon (Croesus) was from the Children of Israel, and he gave his best efforts for dunya and prepared countless treasures; that was his mission. What did your prophet, Sayyidina Musa (a), say about Qaroon? Do you think he knew his mission? Was it to collect treasures, or to try to be a good servant for the Lord of Heavens? Now in our days, the nation of the Children of Israel are running after dunya.

What was the mission of Prophet `Isa (a)? Christians claim that Jesus Christ's mission was to save Mankind, which is also wrong, but we are mentioning their beliefs. One priest came to me in Germany and spoke about Jesus Christ, that he was the Savior of Mankind.

I asked one question, "How was he a savior?"

He said to me, "He sacrificed his body to save Mankind."

There are many books written about Jesus Christ crying on the cross and his last words were, "O my Lord! My nation did this to me!"

So I asked the priest, "If this is true, why was he crying? It means it wasn't his mission to be on the cross. If he didn't know it would happen, it doesn't matter, but you are saying he did know and that he gave his body, sacrificing himself. Why then was he crying? It means he didn't know sacrificing himself was his mission, which means your claims are false. Actually, he was calling you to be servants for Allah! He was not such a foolish one that we humans did every bad thing and followed Shaytan, and yet he came in front of the Lord of Heavens, saying, 'O my Lord! Give them your mercy and forgiveness!'"

Was Sayyidina `Isa (a) going to ask for Allah's forgiveness because people did their absolute worst? It means what Christians claim, that he came to sacrifice himself, is not true! He came to call you you to be servants of the Lord of Heavens and to get His blessings, but now they have changed it. I am sorry to say that now even Muslims don't know the mission of the Seal of Prophets (s)! (Mawlana Shaykh stands)

••••• •••••••••••••• •••••• •••••••• ••••••••••••••••

wa maa arsalnaaka ila rahmatan lil-`alameen. (O Muhammad!) We have sent you not except as a Mercy for all the Worlds. (al-Anbiya, 21:107)

During al-Israa wa 'l-Mi`raaj, Allah (swt) asked Sayyidina Muhammad (s), "Who am I and who are you?" The Prophet (s) said, "Yaa Rabbee! Anta al-Qahaar! You are The Subduer (The Destroyer who destroys everything), wa ana al-`abd, and I am the servant."

(Mawlana Shaykh sits) The Seal of Prophet's mission wasn't to call people to make him the god of Heavens;

rather, he said, “I am a weak servant." He called Muslims and non-Muslims to be servants of the Lord! And now (because they did not follow this command) heavenly cursing is coming on them everywhere! We are asking for forgiveness.

O People! Try to know the reality about yourselves, about your prophet, and about your Creator dealing with you and His blessings. If not, you will be punished and cursed, and finished! Only those who believe will be saved and all others will be taken away!

O People! Try to know about hidden knowledge; if you follow it you will be saved. May Allah forgive us and give us an understanding of how to be good servants, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Day by day we are approaching the Divine Presence.

Fatihah.

## Who can advice us

Some people have very pointed minds - - so-called “sharp “ minds. But they are actually stupid ones.
The question of how mankind came to exist here and what is his responsibility, the stupid one wants to research by science, but science cannot answer these questions because science is based on experience and proofs

it is not the realm of science to answer questions where proof cannot lead to an answer.

Whatever he wants us to see, we see that only.

The Majesty of Allah is beyond our understanding. Whatever you see it is bounded. You cannot get out of the borders or limits. The eye sees, but cheats you. When you look at the sky with your eye you see the huge stars as dots. The eye has been created in such a way that our eye sees those huge stars as dots in the sky.

Mankind is very holy. They are weak in their physical bodies, but in other ways they represent power and respect. But does our eye see of itself or is that seeing by the order of Allah? Whatever He wants us to see, we see that only; and we cannot see other than that. So far, what have we seen in the universe with its endless measurements? –

## The limits of science

Man asks , “Why did I come to this life? What am I going to do? And where am I going?” If you don’t ask these questions you are ignorant. But if you ask these questions and go for the answer to the university professors, they cannot answer you. It is not their job to answer you. The professors they are going to give you scientific answers.... But beyond that they cannot tell you the real nature of mankind and his duty and his end. The key to the answer is from Allah Almighty and given to His Prophet, and through prophets to His beloved servants (mankind)

## Beyond Mind

The advice from Prophets gives mankind information about themselves. And criticism of this advice shows ignorance because
logic and science wants to bound everything with the (logical) mind, but the subjects we are talking about, you cannot prove by science. It is secret. It is spiritual knowledge.

Through the sohbet (association with a spiritual teacher) he will get all the answers as to how he came to this life, what he will do here etc. All the prophets came in order to answer the questions that cannot be solved by the (logical) mind.

And the things that can be solved within the limited mind, don’t have any holiness. They are not holy things. And if you try too hard with the mind you run out of mind and start to give funny answers. The mind cannot answer these questions. It is a matter of belief. The mind tells you, “ It is beyond me I cannot help you in these matters.”

That is why twentieth century humanity went the wrong direction. They try to answer these questions logically. Therefore all their answers are wrong. If all the questions could be answered by the mind (logic) it wouldn’t have been necessary to send prophets. We would have said, “We can answer all the questions with our minds – what need of prophets?”

All the problems of humanity, did the mind solve them? All the laws, decisions, regulations, did they save humanity?

And today humanity is in chaos and they suffer. They ask their brains, and their minds answer them “We cannot help you any more .“ And people are saying to their minds, ”If you don’t help us, what shall we do?” Their minds are telling them; “We are in the hands of the religious ones who have their way from the spiritual worlds – and you will be like them in the end.”

So if you are like them you will understand something. If you don’t enter their way you don’t have anything.

The nature of this way

When it is said that religions give advice, we don’t mean that you will sit and think about it. The advice is not coming through your brain. It is spiritual. This advice shows us development ways to the heavens.

But human beings in their stubbornness we are not accepting heavenly ways. The only way is to follow the way of the Prophet ( peace be upon him) that is the reason of miraj. You cannot go by rockets.

(edited from “Who can advice us “ in True Light)

**Who Can Represent the King?**

Allahu Akbar, Allahu Akbar la ilaha ill-Lllah, Allahu Akbar, Allahu Akbar wa lillahi'l-hamd

That is obligatory for everything to say this for highest respect and glory and majesty for the Creator, the Creator of whole creation from pre-eternal up to eternal.

If I can stand up from pre-eternal up to eternal, it is nothing for the Glory of our Lord, Allah Almighty.

But we are weak ones, therefore we are asking to begin, even one moment, or less, it is glorifying for our Lord's majestic.

Also we are saying alfu ’s-salaat alfu ’s-salaam for Rasulullah and we are giving highest honor and highest respect for that one that Allah created for his honor from pre-eternal to eternal and he is the only one in the majestic presence of the Divinely Presence, Sayyidina Muhammad and if he wasn’t (there) nothing (would be) in existence. For his honor it was created and going to be created up to eternal, eternity

O people, give your highest respect and honor and glorifying for that one who was created to be a mirror of the Lord of Creation.

And no one in that presence, that Divinely Presence but that one. only one Allah and only one representing him in his Divinely Presence, Ya Sayyidee Ya Rasulullah!

We are asking your intercession. and we are saying as-salaamu `alaykum, O our listeners, O humble ones, O our most precious Prophet Sayyidina Muhammad, his nation, salaam on you.

May Allah grants us to be under that divinely shelter here and hereafter.

We are weak ones and we can only stand up some seconds or minutes, and that is it. our whole life may be 1000 years and to stand up it is nothing for our lord's Majestic respection.

... and we are saying A`udhu billah min ash-shaytan ir-rajeem Bismillahi 'r-Rahmani 'r-Raheem.

O People! O human nature that the Lord of creation giving to you, some specialties that He never granted it to other creatures.

That specialities just granted from the Lord of heavens for the Honor of Sayyidna Muhammad (s).

We are asking ... for the most respect one that he is our Lord's reprsentative from pre-eternal to eternal.

We are asking a support. If no support, from Allah Almighty's Beloved One, nothing standing in existence.

And we have been granted specialities that have never been granted to any other creation, because no creation going to be respected more than human nature for man, because Allah Almighty keeping that honor only for the children of Adam, for Adam and his children, to be deputies.

Deputy.

Can't be in His kingdom, cant be after His Majesty King no one can be more respected and honored than of His Deputy

That we are saying "crown prince".

Crown Prince is most honored one from the citizens (ri'aya) of the kingdom, the most honored one in the kingdom after His Majesty the King, his deputy in silah, in the terminology of kingdoms we are saying "crown prince".

That is anything happening for king or for His Majesty's is absent, he may do on that Throne and he is putting crown on his head, when sultan or king is not present.

O mankind! If we are asking to speak of the honor that mankind, human nature granted we.. it is not enough

to write hundred volumes or 1000 volumes or 10000 volumes for the honor of deputy of the Lord of heavens that he is saying asta'idh billah: wa laqad karamna bani Adam.

That takleef, honoring and glorifying mankind, their Lord, Allah almighty saying I am granting to them something that it is impossible for you to understand where beginning or ending for that honor and glory and majesty, Allahu Akbar!

You can't put a simple (symbol) or common to be crown prince. Therefore the Lord of heavens not granting that highest honor through creation through creatures only he granted to Adam and his descendants.

Therefore a King not bringing a simple person from street to be His Deputy. But His Deputy just prepared that must be next to Him to His Majesty that if He is going absent that must fill His Throne as Himself.

That is important, therefore Allah Almighty granting such an honor to Man to be His deputy and that point was the real reason that `Azazeel, the name of Shaytan before he was going to be (thrown away) thrown out and to be `asee, (cursed), against? Before refusing to bow to Adam he was asking to be that deputy. And he was doing everything for one purpose to be deputy of Allah Almighty and when it was granted to Adam, he said, "no" and his level is not level to be level of calipha, deputy.

His creation was not suitable but the creation of Adam special creation.

Therefore He granted to be deputy. That is Shaytaan: beginning to discuss with the Lord of Heavens, saying "why You are doing this? That must be for me."

"You are doing something istaghfirullah, something wrong. istaghfirullah."

And divinely angel saying, "Allah Almightgy never disucsssing or never red etmek, refusing? Allah Almighty, His Endless Glory ma fee tanazzul, to come and to address Iblees, Shaytaan, no. One of angels refusing, saying, "Demon!" What is demon? Get out.

You were only asking to be Lord's caliph you are not suitable for that mansab, not position, rank. you are not suitable for that! Demon go away!

bu cocuk.. burak

He was not suitable, his creation not suitable even he was praying no one praying and bowing and giving his most high respects to Allah Almighty but even though he was not suitable to be deputy of the Lord of heavens.

Allah Almighty appointing His deputy from pre-eternal. He was appointing and bringing the time that He was asking to show whole creation, who is His deputy.

That point that we are speaking on it very few people may understand. That is a sacred and secret knowledge. Sacred you understand? (sacred) muqaddas. sacred, muqaddas. No one understanding only He Almighty giving an understanding therefore so many empty-head people, so many ignorant people they are objecting on that point, first of them that they are representatives of Shaytaan, Wahabi school, they are like Shaytan's school. They are not accepting to be deputy for the Lord of Heavens Sayyidina Muhammad, peace be upon him (standing) up to the end of the world I am standing up, raghman `an anfan kulli madh hab that not accepting ta`dheem, glorifying the Lord of heavens.

Those no-mind people saying, "He was like before there was like some people bringing from one king to another king or from one king to the inhabitants, sultanan shey, His Majesty's Order bringing.

Like post office man, they are saying. Tuhh! on their madhhabs, demon on their Wahabi madhhabs.

They are not asking who is Sayyidina Muhammad peace be upon him? And he is never going to understand who is that One. Saying: (only) bringing firman and his position just finished.

If his position finishing why are you saying after, la ilaha ill-Llah - Muhammadan rasulullah? Take it away.

He did his messengerhood saying "O people you must say la ilaha ill-Llah" and it is finished. Why it is written on Divinely Throne: la ilaha ill-Llah Muhammadan rasulullah (s).

But no mind people they should be taken away soonerly and some reality for Seal of Prophets should appear when Mahdi Alayhissalam coming and then that is what is going to happen through this life but real appearance of the Seal of Prophets should be on Judgment Day.

They should know that one day that Allah Almighty saying, "O my Beloved One, come and sit here.”

"That one I am giving my Last Divinely Judgment. You come now here!"

To where calling Allah Almighty, calling his Beloved One? to Maqam al-mahmoud.

asta`idh billah `asaa an yaba`thaka rabbuka maqaaman mahmooda

I am asking Wahabi people is it not Arabic? Is it Turkish?

I am asking them what does it mean: `asaa an yaba`thaka rabbuka maqaaman mahmooda

Is it in dunya or in next life, and if not heavenly whip coming even their names not to be dhukkir, mentioned.

O our Lord. O our Lord! We can't say, we can’t say more than these, it is not our authority or imkaan, possibility. We can't carry, we can’t carry that a little further. it is impossible.

O people! come and hear what is truth O people! O Muslims! Don't go on wrong way, keep full respect for the Seal of Prophets Sayyidina Muhammad (s).

Ya Sayyidee! Ya Rasulullah (stands) shafa`tak.

Allah Allah Allah Allah Allah `azeez Allah

dummm, dummm,dummm, dummm,dummm, dummm,dummm, dummm,

Whole singings from heavens
glorifying that one
whose name is taken
from Holy Name
of the Lord of Heavens,
the Lord of creation
for His Most Beloved One,
I am, I am, I am,
I am ashaming to say

for that One,
that He is servant.
Who is going to sit
on Maqaam Mahmoud
I can't say for him "servant"
We are servants for him!
We are servants
for that One
that His Lord dressed him
on His Glory Oceans
Who has been dressed
from the Lord of Heaven's
Majestic Oceans,
O people! Come and listen.
O people! come and obey
what heavenly messages
bringing through messengers
from heavens to you.
Huuuuuw, Huuuw, Huuwwww,
Huuuuuw, Huuuw, Huuwwww,
only You,
Huuuuuw, Huuuw, Huuwwww,
Huuuuuw, Huuuw, Huuwwww,
Huuuuuw, Huuuw, Huuwwww,
Only You!
Only You!
O Majestic One
Huuuuuuuuuuuuuuuwww.
Istaghfirullahh, tubtu wa rajatu il-Allah.
It is nothing.

I am ashaming to say
such a simple things
for bringing a description
of that holy one.

Allah Allah Allah tubna wa rajana ilayk, forgive us our Lord forgive us Our Creator. We are asking your good pleasure we are asking Your pleasement to make you pleased with us and we are asking Your blessings from pre-eternal up to eternal.

Huuuuuw, Huuuw, Huuwwww,
Huuuuuw, Huuuw, Huuwwww,
Ya Huuuuuuuuw
Fatiha

(46 minutes)

They know how much they are granting, never changing. 40, 45 (minutes) then closing it down. It is enough. May Allah forgive me and forgives you and forgives everyone for saying "You, Allah, and we are Your servants"

You are Allah our Lord
and we are Your servants
and creatures,
O our Lord
forgive us
and give more and more honor
to Your Most Beloved One through creation
from pre-eternal up to eternityyyyy

Fatiha.

Lefke, 12.08.2009

**Who can speak against the holy Prophet?**

Ya Rabbi, Shukr!...As-salamu alaikum, ya ‘ibadallah! Salam alaikum wa rahmatullah wa barakatuh... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim.
Allah adin dhikr edelim awwala... it is Turkish... Let us begin by Dhikrullah! This night is the beginning of Maulid; it is the last day of Safar-u-Khair, insha Allah we will finish it with Khair. Tomorrow is the first of the month of Maulid. Be awake!...

“Ad-dinu nasihat”, Allah Almighty is saying to His most Beloved and Praised Servant S.Muhammad sws. The meaning of Islam (is) to call people to Allah, subhana wa ta’ala. “Ad-dinu nasihat”; Din, Islam, means to call people to their good future, to call people to Paradise, because Allah Almighty (is) saying: “...wa-llahu yadau ila Daru-s-Salam...”. Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah! Tauba, ya Rabbi!...

Allah Almighty (is) saying to His last Prophet that: “O My most beloved Servant and praised Servant and glorified Servant! Servanthood is (the) top level of mankind: when he is doing his best and following Holy Orders of Allah Almighty, their ranks coming higher and every time they are going to be dressed Glory from Allah Almighty. When you are doing something from goodness, (then that is) making your Lord happy with you, and Shaitan (is) going to be very sorrowful. If a person (is) doing good things, (that is) making Satan to be unhappy, to be sorrowful, (but) if

a man (is) doing bad things, against (the) heavenly Law of Allah Almighty and leaving servanthood, Satan (is) going to be ohhh, so enjoyful, ohhh, and (he is) saying to (the) Prophet: “Look, I am carrying mankind behind of me, you can’t do!” Ha sha! Shaitan is weak and mankind also, whom they are following their egos, they are also weak ones. Strong ones (are) never going to follow satanic teachings! Shaitan, he is trying to catch people with (a) hook. What is his hook? (He is) saying: “O people, come to me and you should be so happy and enjoyful, pleased, in pleasure!” Whom they are following Shaitan, at the end of their lives, they are going to be very sorry and sorrowful! What do you think: those people whom they are following Shaitan, what they found through Islam? Anything wrong? I am calling all learned people and religious people, religious headquarters and religious men- Pope or Patriarchs or Bishops- I am calling all of them: “Come here! Come, I am sitting with you. I am only asking one question to you: Leave people, (what) they are doing, people (are) doing some bad things, when they are following Shaitan- but: you find anything (wrong) through (the) Holy Book, (the) Holy Quran, anything bad against humanity? Look in it!”

Heraklios, Byzantic Emperor, he was in Damascus. And (the) Holy Prophet, (the) Seal of Prophets that just given for his honour good tidings through Old Testament, through New Testament and Holy Books. Just (it was) the time of S.Muhammad sws, (of the) Seal of Prophets, and by (the) Holy Command of Allah Almighty he sent to every King, Kings or Queens or Prince or whom they are the head of nations (a message) and (he was) saying (in it): “O Heraklios, King of Byzantic Empire! Come and accept me, that I am (the) Holy Prophet that you have been given good tidings about him through (the) Evangelos, (the) Ingil! I am that one; come and follow me and surrender (to the) Holy Commands of Allah Almighty!” That Holy Letter from (the) Prophet sws just reached to him. And he was

in Damascus, Sham-u-Sharif. And he ordered his soldiers- whom they are always coming, standing through (the) gates of (the) castle- he ordered to them, in Damascus: “Look anyone coming from Hijaz, from Arabia, Mecca-l Mukarrama! I must see them, I must meet (them), I must do (an) interview with them!” There were guardians on gates: “Who coming from Hijaz, arrest them and send them to me! I am asking about that letter that had been sent to me from a person, who is saying ‘I am (the) last Prophet, the Seal of Prophets and I am calling you to surrender (to the) Holy Commands of Allah Almighty. I am that one that your Prophet Jesus Christ just giving good tidings to you. I am that one!”

One day coming a caravan, asking to enter to city and guardians stopped (them, asking): “From where (you are) coming?” “We are coming from long distances through (the) Arabian deserts. We are people that we are neighbours to (the) House of Lord in Mecca.” Then (the) soldiers, guardians, (were) informing (the) Emperor that: “Just we arrested people of (a) caravan and they said they are coming from (the) holy Land Mecca, (and that they are the) House of Lord’s neighbours.” (The) Emperor (was) saying: “Yes, that is! I was asking to meet someone from that one’s neighbours and (from his) nation. Quickly bring them to me!” Bringing. (The) Emperor (was) sitting and (the) people of (the) caravan (were coming) in front of him, sitting (on the) earth as a new moon, (in a) half circle. Some of them (were) standing up, some of them (were) sitting and they were looking: “For what (the) Emperor (is) calling us?” (The) Emperor was sitting on his throne and (he was) saying to them: “I am Heraklios, (the) Emperor of (the) Byzantic Empire. Look! Just I have been sent a Holy Letter from a person that (is) claiming he is the Seal of Prophets. I was like to find some people from his tribe, to ask them about that person. You are all from that country?” They are saying: “Yes.”

“I am asking also: Who is most closer to that one, and neighbour or

relative?" One person (was) standing up, (saying): "Your Majesty, I am that one. I am more closer from anyone in our caravan to that person."
"Look! I am Emperor. I am going to ask you, I am making a questioning you about one person that he is claiming that he is (the) Seal of Prophets and also the Bushra, the good tidings of Jesus Christ. I am going to ask you and I like that you should give true answers! I don't like anyone speaks lies in front of me, then my punishment (is) going to be very heavy! That ones head must be taken away!" (The) caravan people (were) trembling. "You, come in front of me. I am asking to you, because you are much more closer to his family, relatives." "Yes, Sir!" "What I am asking, say true!"
And he began to ask. So many questions he (was) asking, one of them: "Who is that one? (Is he) from common people or from noble people?"
He said: "His family (is) the owner of the House of Lord and they are (the) most honoured line through Arabs, Quraish. His family (is) just honoured one." And (the) Emperor (was) saying: "Yes, you are saying true."
Then he was asking: ""How (are) his parents?" "His parents- (his) father passed away when his mother was pregnant from him."
"That is true. And his mum?" "She also passed away, when he was 4-5 years (old)."
"That is true. How many years he was, (when he was) saying: 'I am Prophet'?"
He said that: "When he reached to 4o years old, he said that 'I am just had been sent through (the) Holy Orders of my Lord of Heavens and I am calling you to him, Almighty.' He is saying this."
And (the) Emperor (was) saying: "Yes, that is true. What was his tribe's reaction to him?"
"Mostly (the) powerful people and rich people (are) not following him and (they are) trying to make him a liar" –ha sha!- "Only (there are) around himself poor people and slaves and women and children- weak people."

And the Emperor (was) saying: “That is true. Do you think that anytime he said a lie?” He said: “Never we heard from him to say lies.”
“That is true... Do you think he was keeping his oath or changing?”
And that person (was) saying: “”Up to (when) we are leaving Mecca, we never heard about himself that he was not keeping his oath. From that date up today we are not knowing what he is doing. Only “ he was saying, “I may put this.”
And (the) Emperor was angry, saying: “Up today, you are saying, never he was loosing his oath and you are saying to me ‘through a few days that I don’t know what he did now’? You are wrong!”
(That person was) trembling... (Later, when he was telling this story, after he had become Muslim) he was saying that: “If we were not surprised with this questioning, if we were knowing that (the) King (was) going to ask so many things, we were going to make through ourselves (a plot), to do every lie about that one. But (like this) there was a fear through my heart (that) if I am saying (a) wrong thing and someone (from our people was) saying ‘No, he is (a) liar’, then it shall be no life for me. Therefore (I was) obliged (in) that surprising questioning that I must speak (the) truth. Only I may put this in: that I don’t know now what he did something wrong.”
Therefore (the) Emperor was angry and (he was) saying: “What he is ordering to you? What is his orders?”
“He is calling us to worship one God and we have so many gods.”
“He was true, you were wrong! That is true!... What about other orders? What is his ahwal shahsiya, his characteristics?”
”O Your Majesty! He is trying to do his best for everyone, to help everyone, to keep rights of men and women, and to keep weak ones, to keep slaves, and to make his best for people, preventing (them) from zina, adultery, preventing (them) to drink wine...”
(The) Emperor (was saying: “That is true!”, “That is true!”, “That is

true”... “I think that your nation must be something wrong with them! That person (is) calling you to every goodness through (the) life of mankind and you are against him?
Ohhh my Lord! O my Lord,” (the) Emperor (was) saying, “I was like to be with him and to carry his slippers!” He was saying, Emperor: “O people! That is that one who our Prophet (was) giving good tidings of him, Ahmad, (a) real Prophet, the Seal of Prophets! And if (what) you are saying it is true- I am saying to you that his nation (is) coming to be here! What I am putting my feet on it, on this land, his nation (is) coming, to be here, Ardu Sham! Go away now! No mind people! Go away, no mind people! He is calling you to goodness, to do, to be good ones and you are insisting to be bad ones, bad people- get away!”
He was so angry and saying: “What my feet on it, this land, should be (under) his nations command, under their command. His nation (is) coming through this to reach to Constantinople...”

Now I am saying to Bishops, Popes and Rabbis; Chief Rabbi and other, (I am) calling them, I am only asking: “Which thing you find through Islam and Islamic Law, Kanun Islami, against humanity? Say to me! I am here and I may say bravely that if anyone (is) giving (a) wrong declaration, I am asking from (the) Lord to come on him a lightening to burn him now!... No one comes here...
I am full up to here now! My heart (is) full with fire- not fire from earth, (but) from Heavens! I may burn through East to West those people, who can speak against (the) Holy Prophet, (the) most Beloved Servant of Allah Almighty and against Islam! They can’t come here! I may call to East and West: Come!
May Allah forgive us...
It is important, but Muslims also now they are also so heedless people; they are running after Shaitanic ways, they are following shaitanic

teachings and (they are) leaving (the) Islamic Teachings, (the) Islamic high position of (a) high life of mankind, a good life here and (an) eternal life in Paradise!

May Allah forgive us and send us someone with such a power to cut (the) ways to Kufr, to cut (the) ways reaching to Shaitan and opening the ways for (the) whole world to His Beloved Servants, S.Muhammad sws's, way. By the honour and glory of the Seal of Prophet S.Muhammad sws, Fatiha... Here there are so many people that have come from Christianity to Islam...

## Who Cheats Us Is Not from Us

(Mawlana Shaykh stands.)

La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Sayyidina Muhammad Rasoolullah (s). Madad yaa Sultanu 'l-awliyaa, madad yaa Sahib az-Zaman , madad yaa Qutbu 'z-zamaan, madad yaa RijaalAllah, madad yaa Saahib al-imdaad, madad. (Mawlana Shaykh sits.)

As-salaamu `alaykum wa rahmatullahi wa barakatuh. So beautiful, such nice speech. Such a holy addressing to people, to each one. Therefore, O People, you are welcome! Welcome to a holy meeting, a holy association. We are thankful first, to our Lord, Almighty Allah, that granted us to be in such a holy meeting, and we are thankful to His most praised and glorified deputy, Sayyidina Muhammad (s). (Mawlana Shaykh stands.), raghman `ala anf,"in spite of their noses," To those people who are not giving full respect to the real deputy of Allah Almighty, He has only one deputy.

(Mawlana Shaykh sits.)

One for One. What about others? Allah Almighty that is bringing Mankind into existence to be deputies. Yes. One universe and countless galaxies, countless stars, countless beings through space from our Lord's

dominions. Each dominion is just including countless oceans for the Lord of Creation. He is only One Who is creating. Shukrulillah, thanks to our Lord, Allah Almighty. Say always, shukr yaa Rabbee, shukr yaa Rabbee, shukr w 'alhamdulillah. Come and make a circle anywhere, come and meet, O ones with countless ones, and stand up! (Mawlana Shaykh stands.) Say, shukr yaa Rabbee, shukr yaa Rabbee w 'alhamdulillah, countless thanks, countless praises, countless glory to You. O our Lord! Stand up and say shukrulillah! Thanks, countless. (Mawlana Shaykh sits.)

Oohhh Mankind, Mankind! Therefore, we are saying for standing up for giving our highest salute, highest glorifying to our Lord, Allah Almighty. (Mawlana Shaykh stands.) O our Lord, give us the power until the end of our lives, so that every time we may stand up for You, not lie on our beds. To stand up and glorify You. O our Lord, give us that power to stand up even 'till the end of our lives and forever! (Mawlana Shaykh sits)

We are saying as-salaamu `alaykum, first for everyone from Mankind that they have been created and they are deputies for the Lord of Heavens, we are saying for them as-salaamu`alaykum. That gives them an honor, and giving them a endless lights and taking away from them every badness that disturbing or harming or hurting them here and Hereafter. That is so important, to say as-salaamu `alaykum. Say, and when your brother is saying wa `alaykum as- salaam wa rahmatullahi you are being dressed in safety wa rahmatullah. That gives them everything that they may be in need for, from now or from pre-Eternal up to Eternal. Rahmatullah. The blessings, rahmat, on them wa barakaatuh, barakah. No one is going to be able to bring a description, ta`reef? For barakah, what is barakah? Barakaatuhu, barakah , barakat, barakah singular, barakaat plural yes? Sometimes I know English also.

Sometimes I am also using my important eyeglasses for looking, to see something, to see and to understand and to know and to learn. What does it mean? To know, and to understand? To know what? What have we been ordered to know? Knowledge through heavenly levels, can you imagine or you imagination can never reach? Come, open your eyes, don't look there, to me. When giving your attention, too much is coming. One who is making like this, must listen, because heavenly appearance is according to our intentions, and heavenly appearances are being made to be cut down if a foolish one is coming or a heedless one is coming, coming, cut and make like this. Who brings this here? Yes. Care, as much as you are giving care here, much more appearances coming on this assembly here.

We are in need. What was I saying? They are cutting, and I am asking an arrangement for my heart for understanding. We are reaching, they are reaching me for understanding, an understanding from heavens reaching to people whom they are not heedless ones, awakened ones are coming.

To know, to understand and learn to be knowing for some haqiqat, realities. Then you are understanding. When you are understanding your real being, you are going to be with that one that has a heavenly tajalli, appearance, and you are entering in it, fana'un fil-mulk. Fana'un fi 'l-understanding.

You are finishing, we are saying, a`oodhoo billahi min ash-Shaytaani 'r-rajeem. You must not delay saying a`oodhu billahi min ash-Shaytaani 'r-rajeem. (Shaytan is) coming and hurting people and asking to make, making trouble. He is making trouble for people's understanding by giving a negative touch on people's understanding. That negative touch is making that which has been sent to our listeners, negative, it is like poison. Poison, you must throw away.

It is so important, to give care, so keenly and then something is coming, keenly. Keenly, means there is no doubt about what is coming from heavens. Heavenly appearance is going to touch you and you are getting an opening from a narrow passage that is coming and opening, opening and you may find a way out like a train running through a tunnel and when it is reaching the end, finding ooohhh so beautiful circle!That is surrounding. But inside, he is always traveling through darkness, darkness, darkness.

Therefore, it is important to look through the eyes of all Sahaaba. They were looking like this, what were they saying? From real beings, and they were asking to understand the real being of Prophet's position and his speech to people and what he is asking to give to people, and which direction he is directing people. Otherwise you shall be in a tunnel, never getting out from darkening space, space, yes. We are saying bismillahi 'r-Rahmaani 'r-Raheem. Run from Shaytan!

Shaytan is always asking to poison our meeting, not any other meeting. But Shaytan is asking to find heedless people to poison them not to come, not to listen, not to take any care! Therefore, O our listeners, when you are losing one of such a meeting or association that is directing people towards, to their Lord, you are losing. When you are not coming, not running for understanding, then Shaytan is carrying you out, out, out and you shall be mahroom, deprived. Coming suhbah, going, jahash ja'ee, donkey coming, donkey going. They send, coming empty, going empty, coming hungry, going hungry. yes.

O people, that are asking to listen or to learn, you must try to understand, to reach an understanding. That understanding is one of biggest grants from Allah Almighty. Don't say I am busy, tonight I am busy, you are losing perhaps for a second day or second night or a second meeting. Give your attention for a new understanding because the levels of understanding, they are countless.

O our Salafi `ulamas, you are thinking that knowledge is only on one level that you are knowing and nothing else, this knowledge. You are thinking that a person may understand only on one level and there can't be for him another level. What are you reciting from Holy Qur'an and saying, "We are `ulamas," From whom you are taking? From Salafi `ulamas? And Salafi `ulamas, from whom they are taking? Can you say? Those Salafi `ulamas, on which base they are standing? What are they saying? From where are they taking their knowledge?

Salafi `ulama must reach tabay e 'tabi'een, they are making themselves to reach up to Rasool salawatuLlahi wa salaamahu `alayh and his companions. We are not asking from you Salafi `ulamas, we are asking Salafi `ulamas from whom they are taking their knowledge? You think they reach up to Prophet? No. If Sahaaba are not salafu' s-saaliheen, what about their followers? Sahaaba's followers they are taabi`een, then taabi`een, going to be for taabi` at-taabi`een for them following them another level. Who is following them, another level. Who is saying that we are asking to people that we are inheritors of salafu' s-saaliheen? Tell me their names, that is an important point. Who is and what is their maqsad, their aim, to say "we are following salafu' s-saaliheen" give me one name of salafu' s-saaliheen, that you are saying his level is of, salafu' s-saalih. Beyond that level, who is salafu' s-saalih? Why are you not saying "Sahaaba"?

You know Arabic language, say their names! You are telling me only one, ibn Abdul Wahab, is he representing salafu 's-saalih? Not any other one? Your imam is saying to all ulema before him "you are on wrong way, I am on right way." From whom your are taking your knowledge? Say it to me. Prophet saying, peace and blessings be upon him, hadith, saying peace and blessings be upon him, "Say! You may say bismillahi 'r-Rahmaani 'r-Raheem , no one inkaar, denying you, yes. That one, the Seal of Prophets (s), that one who is the real deputy for the Lord of Heavens, what did he say? So many aahadeeth, you are saying "this is da`eef." From where you are bringing such a judgment?

I may say one hadith to you to make you more angry! Prophet Muhammad (s) was saying:
••••••• ••••• •••••• •••• ••••• ••••••• ••••• •••••.•
bismillahi 'r-Rahmaani 'r-Raheem al-ama'im tijaan al-`arab. man wada`ooha wada`Allahu `izzahum. Turbans are the crowns of the Arabs (i.e. Muslims). Whoever took them off, Allah lowered their honor. (ad-Daylami in Musnad al-Firdaws)

Hadeethu 'sh-shareef, say and no harraj (harm), you will say this is not a true hadith or weak hadith? Who gave this to make scale on hadeethu 'n-nabawiyya ash-shareef? Why you are not saying to your `ulama and umaraa, "Why are you not putting on your head the crown of Islam? Why? Was the Seal of Prophets (s) never putting on `amaa'im, turban on his head?" From where are you saying this about the turban? From the house of our fathers we are bringing, or from real Islam? Why are you not putting it on your heads? Why are you not putting turbans on your heads? Who is preventing you to put turbans on your heads. I know. This is because you are not mustahaq, suitable, to put on your heads the crown of Islam! Al-`amaa'im tijaanu 'l-`Arab, man wada`ooha wada`Allahu `izzahum. "The turban is like a crown for Arabs, for you, addressing to Arabs."

Where are Arabs now? I am going to Hijaaz and only a handful of people are putting on their heads tijaan al-`arab, the crowns of Islam. Who told you to take it away? Who said that? It is hadith. Who said to you hadith da`eef (weak hadith) For 14 centuries Islam putting it on their heads, a crown and now you are saying, "We are denying," and you are putting on hats, bring to me hat and not put turbans on your head. They are looking to me, such people saying, "Why are you putting turbans on your head?" Therefore, their position is no good.

The Prophet (s) was saying:
•• •••• •••• ••••
man ghashana fa-laysaa minna
Who is cheating us, he is not from my nation." (Sahih Muslim)

Is it true or not? That is what Prophet was saying. Look at your position. Are you coming under the warning, taadheer? A heavenly warning from Prophet, you are going in or out? Why you are giving your ihtiraam, objecting against the turban? And what are you saying about Sufi ones? I am only for my Lord's service. I am

not from service, my Lord accepting me. Why are you saying that is only for Sufi people (to wear turbans)? What harm are Sufi people giving to Muslims? They are bringing thousands and thousands of people to Islam. Give me one you are bringing, say, "I am carrying that Italian one or Russian one." Bring and show me.

Allah's (swt) Last Name is as-Saboor, jalla jallaaluh (The Patient). If Prophet (s) is first saying as-Saboor jalla jallaaluh, then he is saying the next 99 names, being taken away quickly to (...) But the divine order is that 99 is said first, then as-Saboor jalla jalalluh. He (swt) is not in a hurry, He is so patient. If he is not patient, Allah Almighty, is quickly getting His heavenly anger, then no one can be on Earth. But His heavenly order is ordering the Seal of Prophets (s) to put His Last Name as-Saboor jalla jallaaluh, but He put his last name (first?). I am not saying I am doing my best. But I am trying to do my best , and I am asking for forgiveness from my Lord. But what are you doing, you are coming and changing (Islamic teachings).

O People! come and listen:
••••• •••••• ••••••• •••••••••
Inna batsha Rabbika la-shadeed
Verily! Your Lord's grip is exceedingly strong! (85:12).

Heavenly slap is not coming on your heads, tadayiq, you must look after yourself to keep yourself from heavenly slap! But I am hearing, I am not claiming I am a good one. I am saying I am a sinner, sinner, but you are not saying, "we are sinners," because if you looking at a group of people, all of them saying astaghfirullah, astaghfirullah, astaghfirullah, astaghfirullah, and you are rushing on them saying, "bid`ah to say astaghfirullah!" We may seek Allah's forgiveness individually or with a group, Allah (swt) is accepting! I am asking, why are saying bid`ah? Take care, don't rush to cheating people. You must say the truth or a heavenly curse or a heavenly slap is just approaching you. We are only asking to follow the Seal of Prophet's or his Companion's way. They are a firqatun najiyyah, safety group. We are trying to reach them, not to go outside (from their examples).

You are our brothers in Islam, and from mu'min to mu'min, it is an order. Any naseeha, advice, I am accepting. I am not saying I am innocent, no. I can, but now I am going up and haalin naseeha, on my age. Therefore, I am saying don't be angry with me because Allah Almighty is saying (through a hadith of Prophet ):

•••• ••••••• •••• •••••

rufi`ati 'l-aqlaam wa juffati 's-suhuf.
The Pens have been raised and the pages have dried. (Sahih Bukhari)

After 80 years, I am making them free (no account)." I am 80 also, `utaqau 'r-Rahmaan, but you must look after yourself. Salafi `ulama, you are writing, I am not writing but I am saying alhamdulillah wa shukrulillah.

O people, try to understand the value of everything. You have a scale, you must balance everything. As-salaamu `alaykum yaa Sayyidee, yaa RasoolAllah!

(Mawlana Shaykh stands.) We are asking for your intercession, your shafa'a and we are asking for our Lord's forgiveness! (Mawlana Shaykh sits.)

Fatihah.

Dome Dome Dome Dome 8x

Allah Allah, Allahu Allah, Allahu Allah,
la ilaaha illa-Llah, la ilaaha illa-Llah Muhammad Rasoolullah `alayh is-salaatullah.

Fatihah.

[50 minutes]

Allah Allah. Oh, yaa Rabbee!

# WHOEVER DOES NOT CONSIDER THE FINAL POINT IS NOT CLEVER

According to traditional knowledge, everything which is new will one day be old and then destroyed. For every building the time will come for it to be destroyed. Everything will turn old: buildings, people, plants... Everything on this planet grows old and older, and then falls down. It will come up for some time and then fall down. Every living aspect and every building must fall down. We see so many ancient buildings. First their builders disappear and then the buildings themselves fall to pieces.
So many tales are written down in books so that people might learn from them. Many nations lived on this earth, finished their period and then disappeared. Few people read these old books nowadays. Instead so many nonsense books are being read.

Once upon a time there was a great and very rich King. He wanted to build a huge palace. It was even bigger than Buckingham Palace or Windsor Palace. He gathered many builders, all of them first-class. He ordered that they should build a building without comparison. Whatever they would need in gold or silver to build it, he was prepared to give. They built a dreamlike building only to be found in fairy tales. They built for many years. Then it was completed. The King sent people from east to west in his territory to invite everyone to see the beautiful palace. There was a continuous feast and everyone came to have a look. Everyone who came ate, drank, enjoyed themselves and then went.

There were 40 entrances and at each door someone was put to ask the people coming out if there was anything inside which they found unsuitable.They came out well-fed and some even drunk and said, "We never saw such a beautiful building, not even in our dreams. It is so perfect, so beautiful!" One day two persons came, Jamalludin and Allaudin. They went around, looked, ate, drank and then came to the guardians of the exit. They too were asked, "What is your opinion about this palace? Is there anything with which you are not happy?" "Yes! There are two points." So they were ordered to tell the King. "Oh, your Majesty, this building will be in ruins after awhile and secondly, the one who built it will die. These are the two points with which we are not happy." The King answered puzzled, "How could there be a building which wouldn't be in ruins after some time? And how can someone not die?"

The King started to think about these two points and about the two guests who had said this. He saw that they were not average people, they were very clever. Who is clever? Those who see the end of things. Those who do not consider the outcome of something, is not clever. So whoever does not think about his final point is not clever, he is drunk. Everyone must reach a final point, an end. Whoever doesn't take care of that end, is not clever.

All the people at the celebration were drunk. The King realised that those two people were clever and he wanted to take something from their wisdom. So he said to them, "Oh, you foreigners, your level is different from the people here. It is much higher, you have realised that this building and its builder is going to collapse one day. But do you know of any building that will last forever, or of any life that will continue for ever? If I did, I would leave this foolishness and follow that way."

"Yes, we have been informed through Heavenly Messages given to us by Holy Messengers and Holy Men since the beginning of time, that when we leave this life, a new beginning will come. That is a heavenly life. When we finish our physical and material life, we will reach our heavenly stations. When we are free from our physical beings, our souls will leave the physical body. It is only through the soul that the physical body can function. Without it, it is nothing and has no value. It comes from earth and goes to earth. But our soul gets free. It does not come back and it is impossible for it to be changed with the soul of an animal. Their soul is so simple, but the soul of mankind is most important and perfect. Because of this they live for ever. The souls of animals are only appointed for this life and then they disappear. It is a very wrong idea to accept that a man's soul could become a donkey, monkey, cat, bear or fox. Never!

When your physical life comes to an end, your soul will rise and go to heavens. There it will appear in its original being. Our souls had an original form before they were imprisoned by our physical body. It looks like this body, but instead of being made of clay, it is made of light.

The owner of the palace will die, that means he will leave his physical body. When he has been dressed in light, there will be no more death, no more change, no more ageing and no more decreasing. Instead the lights will increase more and more. In this life we physically get more and more incomplete every day, but when we reach our heavenly stations we will find another world which belongs to heavens. There you will find much more perfect buildings, not built by bricks, stones, iron or by builders. No! In heavens everything is miraculous. You do not need tools, you do not need builders. You only have to say, 'Be!' and it will come into existence. The lights with which the human soul is dressed has been given by the Lord. He has given them a part of His Divine Attribute. That is the willpower. When the Lord wants anything to be in existence, He will say, 'Be!'. He ordered heavens into existence and it became. He said, 'Come into existence!' to the earth and it came. The Lord said to the sun, 'Shine!' and it is shining. He said to the night to come, and it came. He only says, 'Be, night! Be, day! Be, heavens! Be, earth! Be, winter! Be, summer!' His command is enough to make that which He is asking for to be in existence and it will come quickly.

When our souls reach heavens, which is our original homeland, the spiritual world, the conditions will never be like on earth. Everything on earth needs rules for some reasons. If the reasons come together something will appear into existence. If man and woman do not come together, children will not come. But in heavens there is no need for that. Here if you do not plant, trees will not grow up. If you don't cook here, you cannot eat. But there without reason, only with the willpower of the Lord which we have been given, is enough for you to say, 'Be!' and it will come into existence."

This is what they said to the King, and he was very happy. He said, "I am sorry, I am very sorry that I wasted my life uselessly. I wasted everything for a building which will be in ruins. I must ask for forgiveness from my Lord, even if my time here will only be for a short time, to grant me of His Blessings, so that my soul will rise to its station in heavens." He repented and was forgiven and blessed. Blessings give people refreshment, confidence, contentment, satisfaction and peace. If you get blessings from your Lord, you will find that you are in peace and in pleasure. If you are not blessed, it is so difficult. People cannot be in pleasure and in peace

with something that is only around themselves. A King or a Queen can sit on their throne, but they will be unhappy. There is no contentment. On the other hand a person can be underground and still feel contentment in himself, he is pleased. Pleasure and peace is something which comes from heavens. No market can sell happiness or peace or contentment. Or do you think that any shop on Oxford Street or any night club or any cinemas or any discotheques really give contentment? No! People go inside with happiness because they are thirsty and when they come out they are dressed in sadness, because they are disappointed.

Particularly in our days we need peace. This life with its difficult conditions takes away peace and happiness from people. It does not give them pleasure in their hearts. The King was happy when he was listening and accepting their advice. He became like a holy-man who leaves everything and comes to reach his heavenly station. Everything in this life comes down. The most important thing for him was to look for his heavenly station in Divine Presence. People are thirsty and run to the sea to drink. The more they drink, the more they realise that their thirst is not disappearing, but instead increasing. This is how people are nowadays. They run to reach a pleasure but they find it so difficult and become even more thirsty. One ocean is not enough to quench that thirst.

In the Old Testament there are so many stories mentioned about the Prophet David. He was appointed King for the children of Israel. They were ordered to fight against Goliath. Allah Almighty ordered David, peace be upon him, to order his soldiers that when they after a long journey reached a river, they should not drink. Whoever would drink, would have to leave him because they would be useless. He only permitted his soldiers to drink a handful, even though the huge army was so thirsty. When they reached the running river, they fell into it and forgot. They were not able to control their egos. They drank and drank and drank until everyone fell down and couldn't move anymore. They told David, 'We cannot follow you, we are finished!' Only 313 people were listening. The rest were lying on the banks of the river like buffaloes. These Holy Books give best lessons to people, but people are not concerned to find out what really happened.

Whoever takes more than they are in need of, will be useless. Only a handful of people followed the order of David and formed his new army to defeat Goliath. Which they did, because the Lord of Heavens was with them, they had listened and kept His Holy Command.

Oh, listeners, we must try to follow Heavenly Commands. Even if it is only a little bit. Don't be like those

people who became like buffaloes! Don't go through this world wanting to drink everything. No! You may be rich, richer or even the richest and still be thirsty. There is no meaning to it and that gives you to suffer. You must have less of everything. If you take less of the material world, you will reach much more pleasure in your spiritual being. That is a balance. If you take more from this material life, your spiritual life will get less and less and less and your life will be tasteless. Don't run after everything that this life has to offer. Take what is enough. More than enough is a burden on your physical body and it prevents you to improve in your soul. Finally you will find yourself being like a buffalo. Oh, people, don't be buffaloes, try to be human!

Soon there will be change of life on earth. People will change from the material side and will start taking much more care of their spiritual lives. They will want to have meetings like these more often. We hope that this will be in near future.
HOLLINGBOURNE - 04.04.1993

---

**Who forget the Friends of Allah**

Destur, ya Sayyidi, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Allah, Allah... Allah, Allah...Destur, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

(Those) whom they are forgetting the Friends of Allah, they are going to be rubbish. Whom they are not taking care for Awliya-ullah, (the) Friends of Allah, no value for them, rubbish, to be put in dustbin!

Now Islam (is) as it is, or as it was before the time, that Allah Almighty (was) dressing Islam a greatness and honour; who is dressing that dress, should be honoured and should be on the top level of honour and (they should be) respected on earth and on Heavens. Who (is) taking these clothes (off), that honoured dress that Allah Almighty (is) sending to nations, to all nations- that they are the nation of (the) most beloved, (the) most honoured one, S.Muhammad sws- who (is) accepting him, (they are) just granted an honour. Who (is) refusing to accept what the Seal of Prophets (is) bringing from Allah Almighty, they are rubbish people. Subhanallah! Glory be for Him Almighty! He is asking to grant us honour and glory, but those two-legs-animals (are) refusing, they are running away. Heavenly people (are) calling them: "Oh people, why you are running away?" All nations (are) escaping.

And their example (is) just mentioned through the Holy Quran, from the time of the most honoured one's time, S.Muhammad peace be upon him. His tribe first- Allah (is) giving their description, saying: "Those people look like donkeys when they are seeing a lion- (they are) running quickly away; they are not coming and approaching that honoured lion, but (they are) running away. And those people that are running away from the Seal of Prophets, (the) most honoured one in (the) divine Presence, they are on (the) same way, when the Prophet (was) calling them and saying: "Come to Me. Who (is) coming to me, (is) coming to Allah." He is not saying 'I am Allah', (but): "Come! I am coming from Allah to you. I am not Allah, but I have been

sent from His divine Presence to you as an honoured presence from His divine Presence to you. Oh people, come to me! I am not Allah, but I have been sent by Allah, and I am not saying that I am Allah, but (that I am) representing (Him). He dressed me that I should be on behalf of your Lord- (the) Lord of Heavens, the Lord of creation- Allah's representative. I am representing Him Almighty. I am not coming to show to you that I am something, someone, no! I am only coming and saying to you about my mission. My mission is to be His representative through creation, particularly to you, oh mankind. Don't run away! I am calling you to your Lord, to my Lord, the Lord of creation!" They are running away... "Come! I have been ordered to dress you heavenly Dress and also I have been ordered to crown you. I am calling you for coronation, that honoured crown to be put on your heads."

Anything Prophets (are) asking from you? Any Prophet (is) saying: "Pay me?" Which Prophet said to their nation to pay him? "Oh people! I am not coming to collect from you something, but I am coming to you 'fi-llah', 'li-llah', for His Honour. I am not asking (a) salary or something", as foolish people from (the) time of ignorance (at the time of the) Seal of Prophets, (the) most honoured one, the honour of creation, (the) representative of (the) Lord of Heavens and creation from pre-eternal up to eternal. No one can come and say: 'I am representative', only that one, that he had been chosen to be Allah Almighty's representative, caliph, caliphatullah, deputy, who (is) representing (the) Lord of Heavens.

Everything created (was) just given to that one: "That is for you, oh My beloved one, oh My most honoured one, oh My most beloved one, oh My most respected one, oh My most praised one! Everything (is) for your honour!" Allahu akbar!

Don't think, don't (even) try to think on Allah Almighty's Glory! He has divine Dominions of Glory, granting, granting to that one. Don't ask about His Glory, 'Alamu-l Ghujub, (the) secret Dominions of Allah Almighty- no one knows, only Him Almighty. You can take something from that representative- Allahu akbar- Rasul-Allah!

People are looking and saying: "Oh, you are like ourselves, eating, drinking, going up and down, marrying, you have children, you are doing this and that, like ourselves. We (are) never seeing on you something different from us." Haha! Look! Just their looking is deepest ignorance; they are in that depthless ignorance oceans and Allah Almighty granted to that one.

And they were coming and saying to his uncle: "Say to him, say to your brother's son, Muhammad sws: if he is interested or if he likes or (if) his interest and care and the last point of his desires it is to reach to be our King, we are ready to make him King on us. If the last point of his desires is to reach to be (the) richest one,

we are ready to give to him everything that we have from gold and silver and silk and everything from precious things. If his last desire or the limit or his last target is to reach to (the) most beautiful ones from our tribe or from others, we are ready to give to him (the) most beautiful girls, ladies, to be for him, to enjoy. Ask him, we are ready!

Only we are putting one condition: he must stop to say (anything) against our idols and not to say to us:' Come to the Lord of Heavens, to my Lord.' He must leave that and we are ready to do everything, even ourselves (are) going to be his servants and slaves. Only we are asking (him) not to say: 'Come to my Lord'."

And he had been ordered to call people and he was saying: "Oh people, come to Allah! I am not Allah, but I am only inviting to Allah. I am only calling you to Allah. I am not Allah." And then, when his uncle was coming and saying this offer and what they offer to him, he said: "Oh my uncle, say to these people, that their understanding area (is) less than a mm square, square heads, but less than mm 1oo times, 1ooo times smaller", only you can see that square under radioactive microscope, "Tell those people (that) they are imprisoned, their understanding (is) imprisoned in such a small square, we may say in (the) square of (an) atom. They are imprisoned. I am asking to break down their squares of understanding, because they are not created to be imprisoned in such a small area. The Lord of Heavens just granted to them a free field to run in it, a free field for understanding (so) that without hindrance and limits they may run through that understanding oceans. I am not asking anything! If they are putting (on) one (of my) hands (the) sun, (and in the) other (one the) moon and all treasures, I am never going to leave what I am calling them (to), because my mission, no one reached to that glory!"

People (are) thinking that Prophets (are) asking something, no, Astaghfirullah! But their understanding (is) just closed on material. Therefore they are running away.

They were imprisoning themselves through such tight point, therefore they were never getting to reach a satisfaction and all of those people- billions of people on (the) same position, on (the) same conditions- all of them may be entered on that smallest square as (the) square of (an) atom's distance. And all of them (are) so (much) getting (into) troubles and problems and fighting, miseries and sufferings, eating each other there. And the Lord of Heavens is calling: "Come, leave your prison, come to an unlimited field of understanding, come to Me!" and (He is) sending His most beloved ones to call his people, his nation. People (are) running away; as donkeys (are) running from (a) lion they (are) running away.

And (the) same position is now also in act. People (are) never asking to leave that prison that is only (a) square in (an) atomic distance; eating each other and not coming (out). (Allah is calling them): "Come out",

they are not coming. That is biggest problem for mankind and Allah Almighty (is) calling them: ”Come out” through His most glorified servant, most praised servant, giving to him unlimited power and authority to take them out and to grant to them what they can ask, but people (are) saying: “No, we can’t leave our position here, we must be here.”

That is (the) source of troubles, problems, suffering, miseries on earth now and people (are) fighting for that, because they are in such a small distance, they are saying: “Go away. I must have little bit more.” That one (is) saying: “No, you go!” And saying: “We are going to make a group of our people to be all together against that ones.” And they are coming and making for each other a pact: “You must take our hand, hand in hand to defeat those foolish ones, to be all (of that) area only under our authority.” And they (are) saying: “Why you (are) saying that? We must be! On that distance we must be first ones, and glorious and victorious.” Now they eating each other.

That is real panorama of world that we are living in it, because people are running away from Allah Almighty’s deputy, Allah Almighty’s representative. When he is calling them, they are getting away, running away. Whom they are running away, (they are) finding other lions; if (they are) save from one, other lions are going to eat them.

That is (the) history of 21st century’s civilized nations. All are trying on that point: to eat one group another group, so that (they are) asking not to remain except their group only. They are asking to take away, to take off other nations and to be, to say: “We are now on that prison, we are prisoners.”

May Allah forgive us and send us what we are expecting and believing, that He promised us to send us from His divine Presence power and also supported by heavenly powers, supported by miraculous powers that making that miraculous powers material world under their feet to save the servants of (the) Lord and to give them their honour in His divine Presence.

May Allah forgive me and bless you. For the honour of the most honoured one in His divine Presence, S. Muhammad sws, Fatiha

## Wait and See, Who Grazes his Ego All Day Won't Get Far

(A follower asked Sheikh Nazim): "Could you tell me a little bit about the development of the soul?" 
The Sheikh answered: Wait and see... Blindfolding is a tactic sometimes used by those who lead people along terrifying mountain paths, a technique which insures the safe arrival of that traveller. Those guides know the areas they are leading their people through to be so high and dangerous that, were their eyes not blindfolded, they would be overcome with fear and fall down. The mountain guides, however, are so skilled and experienced that it is no trouble for them to cross those precipices and to lead others as well. After those dangerous paths have been successfully traversed in this condition, the guide removes the blindfold, and the traveller looks back in amazement, saying: "Did I really cross that?" We have such terrifying crossings to make on our way. Therefore, it is also a tactic of the Guides of this Path – the Naqshbandi Path – to keep the follower's eyes closed until he reaches "safety step". Only when that point has been reached the full reality becomes clear to him. But, as of yet, there is no need of letting you see extraordinary things, indeed it would be dangerous to your continued development. Grandsheikh knows when you have made your "safety step" and removes the blindfold.
"Is there something more I can do in order to progress toward the point of unveiling more quickly?" 
Sheikh: You can do nothing except to follow. Follow your Guide: his orders, his example, his manners. If you concentrate on following him you will proceed along the Path with him: to follow is important, nothing else.

Even if you can only manage to connect to and remember your Sheikh once a day, that will be enough for you to be written as his follower; it means that you have boarded that "train" and are still riding on it. As long as the train continues on towards its destination you will move towards yours as well. Even if you are not working as hard as you should for your spiritual life, it doesn't matter so much, for you are still aboard the train – and be you asleep on the floor of the third-class car: the train is moving and you are on it. What is important is to take a train. Yes, even if you are asleep day and night you may progress, if you just keep up your connection with your Sheikh. Pointing to this fact is the saying of the Holy Prophet, peace be upon him, that on the Last Day everyone will be raised up with his loved ones. So, the more you love your Sheikh, the more you should be able to follow his orders and his example in obedience to Allah Almighty and His Prophet. But even the laziest follower will not be left behind until he reaches his station. For if he is asleep the conductor will come and wake him up, saying: "Wake up, wake up, we have arrived at your station." Then he will groggily reply: "What? Have we really arrived?" "Yes, take your baggage and go."

"Is there any way for us to know what our destination is?" 
Sheikh: He Almighty knows, and He leads you there by means of His beloved servants, servants who have been dispatched for your guidance and who must, therefore, know your destination as well. Allah's Prophet knows, Grandsheikh knows, the chief inspector knows and the conductor knows as well. (Another follower): "Many people who join Sufi Tariqahs expect that by following the Path they will very quickly experience many strange and wonderful states, that the whole journey will be made more exciting for them by their extraordinary visions and inspirations. And actually many followers of other Sufi Paths do relate that they are constantly experiencing amazing states, such as 'Ecstasy' and 'Union with the Divine', and all manner of visions and mystical powers." "But as for myself, I feel just like a normal person. Yes, I do feel much better and more at peace with my- self than I did before – quieter inside and happier. And although I may occasionally see some extraordinary dreams, they are not all that frequent. Certainly, all of what I experience is nothing at all like the marvelous things followers of other ways describe. If I am going somewhere I only know it by some subtle changes, not by dramatic signs; and to tell you the truth, it is alright with me this way; I don't really feel any desire right now to see or do all those things." Sheikh: In our way we are not seeking to see some- thing, but we are pursuing real servanthood of our Lord Almighty: to be His eternal humble servants. We are not looking after anything else, neither here nor hereafter.
"But many spiritual seekers hope to gain mystical powers." 

Sheikh: It doesn't matter. We have such spiritual powers, and are keeping them hidden. They are of no use to us, and instead of expending that energy in such outward manifestations we are using it to strengthen ourselves in worship and obedience. There is no need for us to look around – that is a way for weak people. If I say to our brother Sheikh Sindbad: "Go and do such-and-such an errand," I needn't offer him a red candy to get him to do it; no, he gets up and hops to it. But if I ask a small boy to run the same errand, I will offer him a red sugar candy: then he will run, otherwise maybe he won't. That is the level of those who are still childish; the level of those who obey without awaiting reward is higher – theirs is the level of adult- hood.

Grandsheikhs don't seek to use such extraordinary powers. They are ashamed to perform miraculous acts, ashamed in front of their Lord, because there can be no doubt that the ego is also pleased with such miraculous feats, and takes its share in them as well, which is, of course, counter-productive to our aims. We seek to abase the lower self, not to blow it up all out of proportion by giving it the satisfaction of our performance of miracles.

Therefore, the Grandsheikhs of Naqshbandiyya never do anything miraculous unless they are ordered to do so by the Holy Prophet. They are very simple and humble people: you can't distinguish them from ordinary people. They may have nuclear power, but they are so humble that they see themselves as being nothing. If someone urges them to perform a miracle, they may reply: "Oh my son, what are you saying? I am but an ordinary person, an empty case, so how can you expect me to do something like that?" Yes, it is true that they are empty, empty until power comes through them. When that power is sent to them they may do anything, but without it they can do nothing. By means of spiritual purification they have become like unalloyed copper wires which allow power to pass through them without resistance, but if they are disconnected from the source of energy they have no power of their own.

So many seekers believe that it is important to be able to read people's mind, foretell the future, fly in the air and walk on the sea: they think that these are the signs of a real Master. But they must keep in mind the fact that houseflies and mosquitoes can also fly in the air, and water-bugs walk on the water. So many evil people also – not only Prophets and Saints – have attained supernatural powers to deceive people: Allah leaves them to misguide those who seek misguidance, those who seek something other than His Divine Countenance.

The Anti-Christ (Dajjal) who will appear at the end of time will possess some of the greatest mystical powers ever heard of. No, to perform extraordinary feats is certainly not our goal. Our goal is to become sincere servants of our Lord, to be constant in our worship and good actions – to please our Lord with our steadfastness in obedience and love of Him. To be steadfast on the path of faith in our times is a miracle in

itself. Many weak-willed people are being pulled into unbelief, unable to resist the onslaught that is virtually sweeping belief from the hearts of men in our times. To follow the Path from beginning to end, surmounting its obstacles, and to move steadily forward towards our goal: that is miraculous. To dabble, to make no sacrifice, no commitment – to be on this way one day and on another the next – that is not the way of the sincere seeker, it is the way of those lacking sincerity and seriousness.*

The Naqshbandi Way is clear: its Masters seek nothing but their Lord's Countenance. If any thought of heavenly reward or pleasures should cross their minds, they consider themselves to have broken their state of ritual purity and in need of repeating their ablution. And if any of this world's enjoyments should captivate their thoughts, they consider it necessary to take a total ablution, a complete bath. (Follower): "We would have to live in a swimming pool!" Sheikh: Yes, but we are still little boys, not yet having attained to that station. It doesn't matter yet, you are not responsible in the full sense of the term in the Divine Presence. The Naqshbandi Masters are occupied in the Divine Presence and look no more to what this or the next life have to offer.

The main spiritual exercise of the other Sufi Orders centers around the repetition of the phrase: "La ilaha il1a-llah" (There is no God except the One True God, Allah). This is the sword with which the attachments to all "gods" beside the One True God, Allah, are cut. It is the negation of partners to Him Almighty. With the repetition of this phrase one affirms that He Alone deserves to be worshipped, renouncing the worship of all other than He. Be those idols of metal and wood, our own egoism and self-worship, worship of money, power, lust or other people, worship of the intellect, body or whatever else – far exalted be He above all we imagine about Him! The main Naqshbandi formula is the repetition of the Holy Name: "Allah". For after the "operation" of cutting all those lower attachments has been completed the servant calls on his Lord and approaches the Divine Presence. When he really says "La ilaha illa-llah" he negates all else – even himself, and accepts to be nothing in the Unity Oceans of his Lord Almighty. He will never reappear, nor will he want to emerge from that ocean. Then there is only: "Allah, Allah, Allah..."

Whoever is seeking this station is welcome; who is looking around for something may find many ways to make himself into "something".

*The Sheikh is, of course, not referring to changes in Way and teacher for true spiritual reasons, like Abu Yazid AI-Bistami who changed Sheikhs ninety-nine times. What he is referring to is inconstancy because of the seeker's unwillingness to accept responsibility or to make the deep and sometimes painful change of habits called for when following the Way to completion.

**Who is cheating us, is not from our nation**

(After the big fire in the surroundings of Lefke)
Astaghfirullah, Astaghfirullah, Astaghfirullah tubtu wa raja'na 'ala-llah...Allahu akbar, Allahu akbar, Allahu akbar wa li-llahi-l hamd...
Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah,
Subbuhun Quddus, Rabbu-l malaikatu wa-ruh, Subbuhun Quddus, Rabbu-l malaikatu wa-ruh, Subbuhun Quddus, Rabbuna wa Rabbu-l malaikatu wa-ruh...
Allahu akbar wa li-llahi-l hamd...
Allahumma ajirna mina-nar! Meded, ya Ashabu Nauba!
Destur ya Sayyidi, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Meded ya Ashabu Naubati ya adiil ruqa mina-l insi wa-l jan...
"Man rashana, fa laissa minna." Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

"Who is cheating us, is not from our nation", the Prophet sws was saying, the honour of the whole creation, the most honoured one in divinely Presence, the most glorified servant in the divine Presence, the patron of all creation. Patronage Allah Almighty (is) giving only to that one, the most beloved one, S.Muhammad peace be upon him! Allahu akbar!
One person was not taking care for that one's honour, that one's greatness, not taking care for him; he was thinking that that most beloved one is a simple person from mankind, no any difference between (him and) common people (and he was) saying: "Ahmad". Not giving that honour, not saying his holy name, (but) saying (only): "Ahmad." Up to morning his mouth (was) going from here up to his ear...just (he had a) stroke, his mouth went from one side to another side. I don't know what (is) coming to Turks that they are never taking any respect, without respect, 8o years fighting...I don't know what (is) coming to them...

That (person) was one (who was) claiming that he is a philosopher. Philosopher means he is balancing everything through his mind; no balance for him beyond his mind. Everything he is asking to bring a solution for understanding (within) the limits of his mind, that is philosopher. That means: all philosophers no mind people. If they have even a small, very small amount of mind, he was not going to claim and to say: "Everything (is just) through (my) mind field", but they are claming and asking to bring a solution or an understanding that belongs to their mind and mentality area, asking to bring everything in that area. That person (was a) no mind person. Under zero. Or, his value- 1, if you are putting a 0 (on its) right hand, giving a value, taking a value, but that is zero. In front of 1 it has a value. If that 0 (you are) putting (it) left hand of 1, that means: no value.

In front of 1, 0 (is) taking (a) value, even it is 0. And real existence (is) for 1. And countless 0 may be put in front of 1, and countless universes may be, even they are 0, but, because (they are) in front of 1, (they are) taking an existence and honour. But behind of 1, 0 (has) no value.

And those people that are philosophers, because they are not accepting 1, they are running on the line of 0, saying: rurrrrrrr.... Going on the line of 0. That not accepting 1, running on line of 0, 0,0- nothing, nothing, nothing...When accepting 1, in front of it, you have been granted honour. One 0, one honour, two 0s, one another honour...and countless...Therefore Atauna ghaira mamnun... the Grant of Allah endless. Who (is) accepting His Existence that One (is) always granting. His Grants (are) never ending, even it is 0, but full with One's Favours and countless favours (are) coming on that 0.

It is 0; therefore 'lam yalid wa lam yulad'- Allah Almighty (is) giving countless Favours from Himself. That is a Grant. But when He is giving, it doesn't mean that that Grants (are) going to be registered on that 0, no! Even it is 0, but (it is) full with divine Favours. 'Yura', divine Favours (are) through 0s, but 0, because it is nothing, only (is) going to appear; that appearance from 1 to endless countless 0s, continues and everything that Allah Almighty He is asking to be in existence- and their existence (is) not (a) real existence- on that 0s (is) coming (to) appear.

1. Philosophers are never accepting 1. If they are depending on their minds, (they are) not declaring 1. Therefore they are always 0, 0, 0...and those 0s that belong to philosophers, are empty; (they) can't reach (to the) Favours from 1. And through that 0s the Lord of Heavens that He is that One (He is) giving and showing through (those) 0s countless universes, only in appearance. He is not making them to have a special being, special existence. That is 'ajaib', astonishing!

Therefore our minds (are) just stopping, you can't think on it, you can't say: "How?" No 'how'! That is (His)

secret of being (the) Lord of (the) whole creation, (the) secret from his Lordship, a secret from His creation, (a) secret for His endless and countless Favours and Blessings. Looking and seeing everything in it. They are sucking from 1, but never belongs to that 1s- all from Him.

That, the second ones, philosophers, that are not accepting one, they are going to be nothing and disappearing, never reaching to anything. They are running through the darkness of satanic oceans, disappearing. But others, the Lordship of Heavens, the Lordship of the Lord of Heavens, all 0s, 0s (are) running through His divine Dominions' Oceans...ohhh...Azamat! Through His Dominions' Oceans: Dominion- you (are) understanding something here about Dominions, but everything that belongs to Allah is just 1oo % different. "We are not accepting 1, we are accepting 2, 3, 4..." No. No value. No value to say: "I am not accepting 1, but 2,3,4...four can't be in existence without 1. Therefore you must say: "1." Philosophers! Therefore I am bombarding them! All philosophers! They are thinking that they are knowing something. They are so proud ones! They are so foolish ones, when they are feeling something and running to toilet, their personality is something... before getting in toilet, when coming out, their personality is changing...going to be another one...

This is written through antique books, in our days, Awliya all laughing, happy...We have been authorized for bombarding the castles of Satan and satanic ideas.

Philosophers are representatives of Shaitan. Because Shaitan (was) not accepting his Lord, discussing, fighting and bad mannered... (They are) like Shaitan's representatives...

Take it away, your mind! Leave to run through your being heavenly Currents! Don't put your ego (there). Philosophers are worshippers of Shaitan; Shaitan's representative through themselves is their ego. Philosophers are worshipping to their minds and minds are a means through the hand of Shaitan for cheating people!

That is an introduction. We were saying the holy words of (the) Prophet sws that it is not (the) fruit of minds or thinking, no, he is bringing pure knowledge from Heavens. Others- that they are claming (to be) 'knowledge'- (is) running through sewage and sewage (is) never getting to be clean, always (the) ego (is) supplying (the) sewage (with) urine... Everyone reaching there and Shaitan saying: "Quickly urine in it, not to come down." Everyone- both sides, banks, full with philosophers...and everyone urinating...Shaitan (is) saying: "Be ready! Now begin!"... Sewage...

Therefore- cheating. Shaitan first cheating from men philosophers and (he is) selecting who is most suitable for him for that purpose and (he is) beginning to cheat that selected ones. Shaitan has an academy; selected

ones (are) coming there, (he is) teaching them, then sending (them) East and West and one saying something like this, another coming, saying opposite, this (one) saying: East, that (one) saying: West. This saying: Up, that: Down. This saying: Fire, that one: No, water...Preparing, treating them, or training them, all philosophers, and then leaving (them to go, saying): “Now you go and cheat people!”

Therefore- (these are the) Prophets holy words that coming from Heavens: “Who is cheating us is not from our nation.”

And also through his nation so many people that have been cheated, also they are trying to cheat common people and common people (are) so easily cheated.

Once upon a time one person, learned one- this is an example how they are cheating common people, those representatives of Shaitan:

A learned person on his way found a mosque in a village and (he was) coming and asking to pray. And ‘ahlu-l qura’, pheasants, showed (it) him: “This is our mosque. You may come and you may pray. We have an Imam also, a learned person, very good, “ He went in and after (the) prayer he was looking and seeing that that person (was) knowing nothing, everything (he was) doing wrong and he said: “Oh people, your Imam (is) knowing nothing.” “How!” They were coming to (the) Iman and saying: “Ya Hu, that person (is) saying that you don’t know anything. Why you are cheating us? “ Demagogy: “How! I don’t know anything? We may do (a) test. Yes. Come! All (of) you should be jury and we shall be here discussing, and you may know which (one) of us is a learned person. “ All pheasants (were) sitting and looking. And (the) I mam (was) coming and saying: “Oh, you are saying I don’t know anything and I am Imam here, come for debate. These pheasant people are jury, they may say which (one) of us is on perfection, which (one) of us is much more learned.” “Yes.”

Sitting and saying: “You are claiming that I don’t know anything. Look, oh our attenders, you are jury. Take this paper and I am taking one paper also and I am saying to you write: Ox. Write: Buffalo. And I am writing also.” That learned person was writing and he also was writing. “Now you finished? You wrote, ya Sheikh?“ “Yes, I wrote.” “Show to people.” They were looking: “Make it like this...like that”... they were not knowing which side (is) up or down. “Look, what I am writing, my writing: buffalo”, showing and he was drawing a buffalo, painting, drawing with horns, four legs, and making like this, like that...(chewing)...”Look, oh jury people, attenders- which (one) looks like buffalo? Which (one) of us is knowing?” “Ohhh. This is buffalo! That one we don’t know.” “Look! Take your shoes and go one. These my people know that I am (the) most important learned person for them. Look. Put there, on (the) door of (the) mosque (for) everyone to know

that I am (a) so learned person, I can write buffalo...”
That is demagogy, cheating, that 21st century people (are) just cheated, but the representatives of Shaitan (are) in such a way. They (are) never saying for truth: “That is truth”, but what Shaitan is saying, that is truth. Those people are not from my nation, saying Prophet.
Ya Rabbi, ya Allah! Ya Allah, send us (someone) who may teach us what is right and what is wrong! Ajilnana bi faraj, ya Allah! For the honour of Your most honoured servant, most honoured Prophet, most glorified and most beloved servant in (the) divinely Presence S.Muhammad sws, Fatiha.

Lefke, 30.06.2004, transcribed by Khairiyah Siegel

BookKhairiyahSiegel

**Who is coming here must take care to hear. Perhaps people may ask: 'Where you went and for what?'**

Who is coming here must take care to hear. Perhaps people may ask: 'Where you went and for what?' This is an international mental-house, I am going for treatment, for visiting.' 'What did he say the chief guardian of the mental-house?' 'He said something, but I never understood. I forgot.' The Prophet sws was saying: 'Some people are present in such a meeting, association, and they hear. They reach to other people, and some of those who were ready in that meeting and who carry that news understand less than those people to whom they reach.' So perhaps you don't understand, but those cassettes that you may take to your homeland, people may understand more than you. And those are the words of the holy Prophet: Perhaps other people take much more benefit and understanding and training than you. Therefore it is important...

What we are saying...O foolish ones: We are so small, so weak, weaker than ants. An ant is very weak in front of us, but we are weaker than ants through creation. Our material is so weak, but our value is not with our material. Therefore man likes to see himself big and great. If he is looking to his material, that is nothing; through our material we cannot claim greatness for us. But through such a small material the Lord of Heavens granted to us something that we call zarra, a smallest piece of mass, you may say atom or electron, proton or neutron. And through that smallest piece you reach to a point that you cannot cut it anymore. There is a last cut of mass; after that, if you cut, should be there zero. After that mass that we call the last, the smallest piece of mass that we can divide into two, we may reach to a point, that not practically, but through

our mentality we are saying: ’It is impossible for this piece to be divided into two anymore, because after that division never going to remain anything.’ The one, a line under it, infinitely dividing- it is equal to zero. If you continue to make one into two, into four, into eight, and then you put infinite, the result is going to be equal to zero. That means: One, if you divide it and you continue to divide, finally going to remain only zero.
That means all creation is from nothing. Zero means nothing, finishing. If you say zero, nothing there, finishing. The Lord of Heavens is gathering zeros????and brings this appearance in existence. People say: ’We are here.’ You are not here. And all galaxies with their magnificent universes are all only appearances. They are all zero, coming to zero. Gathering zeros and coming in existence. Therefore: La maujuda illa-llah- there is no existence except Allah. Don’t say: ‘I am here’.
Therefore the biggest sin is to say: ‘I’, ‘I am here’. You are not here; you are nothing. Don’t claim for yourself this and that, no. In existence is only Allah’s Existence, not anyone’s existence. His Existence never leaves any room for anyone else to be there: La sharikallah- no partner for Allah, for His Existence. How you are saying ‘I am here?’ If you are not even??????1 ½ m person, but every man is like this universe. You are also nothing, on lineof zero, but zero, after the one, on the right hand, takes value. After the one a zero is going to be 1o, two zeros are going to be 1oo, three zeros: 1ooo, six zeros: 1.ooo.ooo etc., nine zeros: 1.ooo.ooo.ooo, twelve zeros: 1.ooo.ooo.ooo.ooo...as much as going...but yet you are zero. Allahu akbar!
But people occupy their head only with the ‘economical crises’. There is no other idea; they sleep with ‘economical crises’, they wake up with ‘bankrupt’, and all day they think on this ‘stock-market’, fighting... People are going to be square-head; enclosed in a mm square, never leaving their heads to think about the Lord of Heavens, the Lord of existence. Therefore man becomes infertile- their heads bring nothing except: ‘money, stock-market,???????3-4 ideas, and they are imprisoned in it. They become like Mongol-type children, just like this. Nothing else, they are not thinking anything. Whole day and whole night their Dhikr is this ‘stock-market: to where reaching, to where coming?’ Shaitan’s Dhikr: Dollar, Dollar, Dollar...Pound, Pound, Pound... Euro, Euro, Euro....How many times? Doesn’t matter, if you say it instead of: Allah, Allah... then Allah shuld fill the whole world in one night with gold, raining on them...
Therefore I am saying: Now we are 1 ½ or 2 m people, but Allah Almighty is giving a value to man that only one man may include the whole universe in himself. Allah is making the whole universe through yourself, putting it in you. And it is not difficult for Allah Almighty to make this huge universe through yourself. And His endless ability makes this huge universe through yourself without making it smaller or making you bigger- putting it in you. That is the Lord of Creation’s, Allah Almighty’s ability, even this universe in

countless distances, so big, and you, in front of it, are nothing, less than an electron. He is able to put this huge universe through an atom, and He is not in need to make that atom big and the universe small to put it in, because He is Allah?????Don't use your balance for Allah. Your balance and mentality is saying to you: 'If we are going to put this universe into a???person, he must be bigger than the universe, so that we may find room through him to put it in him.' That is your balance. Don't think Allah is like you, no, Allah is not a man, He is Creator, not a creature. The balance of creatures is different, you cannot put that balance for Allah. Therefore we say that His ability is for everything. He may put this huge universe in an atom without difficulty, as it is, in an atom, as it is.

This is an opening for marifatu-llah...They are asking to reach to you for an understanding for the Lord of Heavens, that we have been created to know about Him. And this is as a first step knowledge that we can know. Then coming...coming...coming...up to eternal. Eternity- this word even it is from your language, European, English, but there is a kind of attraction in it with love???????and greatness, that belongs to Allah. Eternity- you must make your target eternity, ebedi, sermedi, daimumi Allah....Endless oceans, Alem-ul-ghughub: unseen oceans, worlds, creation. That is for our level, but for Allah - no one can reach to know anything in front of Him, the Almighty. Ghughub is Plural, of hidden oceans, countless, endless from pre eternal up to eternal, through eternity. People think that Allah is only for this world...Allahu akbar, Allahu akbar, Allahu akbar...This is a great Dhikr, giving satisfaction and pleasure through the hearts of mankind... Allah, Allah...It was closed to Adam through Paradise...If not coming on earth, it was still closed. Then Allah Almighty, when He asked Adam to reach to these closed hidden treasures, He said to him: 'Here, as long as you are in Paradise, you cannot reach these treasures. You must go and come down and you must reach from earth to those oceans, endless hidden oceans.' Alahu akbar! Countless oceans! O people, bushra lana- good tidings for you, endless good tidings! Don't think this life is something, but take something from it for an opening. When you are going to die, opening coming to you.

May Allah bless you and forgive me. It is a very deep ocean, we cannot reach even...countless distance...we must look...but it is a preparation for mankind, because mankind has been created to be deputies for Allah Almighty, and for a deputy it is necessary to know his Lord who granted to him to be His deputy. You must give your value for yourself and everyone from mankind, because the Lord of Heavens, the Lord of creation, of eternity, granted to mankind to be His deputies. And everyone must try to know who granted to him to be deputy, who is that one.

And we try to open such a small knowledge, so little knowledge about the actions of the Lord of Heavens. We

are not even approaching the oceans of His holy Names, and after the oceans of His divine Attributes...never reaching...And His Essence- impossible! No possibility, finished. May Allah give us an understanding. It is important. O Allah, send us from Your divine Presence some lions to make away the wolves and foxes and dragons, and to teach us, to open for us understanding for Your actions, and through Your sctions to know something about Your Greatness and Your hidden oceans. For the honour of the most honoured servant of Allah Almighty. Allahu Haqq- and beyond Haqq everything is Batil...It is a grant from Allah Almighty to make you to understand something.

Lefke - 28.02.2002

---

**Ask for what you have been created! Or: Who is learning servanthood?**

Destur, ya Rijalallah, Meded. Meded, ya Sultanu-l Awliya. Astaghfirullah, Astaghfirullah, Astaghfirullah. As-salamu alaikum! Ya Rijalallah, Meded! Huuu! A'udhu bi-llahi mina sh-shaitani rajim, Birmillahi r-Rahmani r-Rahim, la haula wa la quwwata illa bi-llahi-l 'Aliyi-l 'Adhim.

Fa-fuanna, wa-ghfirlana warhamna, ya Rabbana, nahnu 'abiduka duafa wa-l fukara, muhtajin. Eh, ya Rabbi! Ya Rabbana, ya Rabbi-ghfir wa-rham, wa Anta khairu Rahimin. Ya Ghiyatha-l mustaghithin, aghitna, bi mubadid malakut, ya Rabbi, aghitna. Ya Allah, kama yabta, ya Rabbi, habibika salawatullah wa salamun alayhi wa ashabu-l kiram. Aiyad 'ibadaka duafa, halli yaishin, ya rabbi, fi ardi yaqin, halin fi akhiri zaman (?).

O people, o people! O people, what do you think? Allah (is) looking (to) us, Allah (is) seeing, what we are doing or (He is) sleeping? Hasha! "La tadhuzuhu sinatun wa la naum." Allah Almighty (is) never sleeping. Never sleeping. Who is sleeping, must lie down.

Wali, a holy one – who is (a) holy one? (A) holy one is that one, who may be able to ride on his nafs, ego. But now commonly whole people they are going to be donkeys of their egos or their nafs. That means they are not, never thinking about their Lord, about their Creator. Allah the Creator, He is saying: "I created you, o mankind, to be My servants. I am offering to you servanthood in My divinely Presence; that is what I was putting into you to do or that is, what I am offering (to) everyone. Ask, for what you are created!" "Wa ma khalaqtu-l jinna wa-l insa illa li ya'budun." Allah! Allah Subhana wa ta'ala (is saying:)

“I created man, the Children of Adam, as well as Jinns, to be My servants in My divinely Presence.”
Where we are now? To whom we are working? People commonly they are working for Shaitan. People (are) living to make Shaitan pleased with them; (they are) never thinking to do something, (so) that their Creator may be pleased with them. What do you think for such a creatures - that all of us (are) in such a way? We are working for Dunya and we are working... We are servants; not servants, but slaves! Servanthood it has an honour, but Shaitan (is) never accepting servants.
He is saying: “You must be - men and women - you must accept to be my slaves and I can do everything as I like on you. Men and women, you are my slaves.”
Servanthood that is an endless honour that (has been) granted (to) the Children of Adam. Heee! Who is learning that? Where they are teaching that Order and Command and (what) Allah Almighty is offering (to) His creatures? Where?
They are leaning everything, except (the) Holy Quran. And if... (In) some countries that they are teaching (the) Holy Quran, they are trying to bring some meanings and to make (the) Holy Quran according to their understanding. And they are saying: “That Verse means that one, that we are on it.” People (are) becoming Shaitan or agents of Shaitan! And Shaitan (is) teaching them, how they should be able to destroy themselves, their countries, their people, man and women and children, how they can do, to take them away. Making Shaitan mankind to be enemies to each other. Therefore you may look through families: (A) man (is) never getting happy with his wife, and so many women, they are not happy to be with their husbands. So many families (are) never getting happy with other families. Everyone! Even children, they are not happy with their brothers or sisters. Everyone (is) going to be a Pharaoh; everyone’s last point that they are asking to reach, (is) to be a Pharaoh.
Therefore Allah Almighty, Subhana wa ta’ala, was saying to His most beloved, most honoured, most glorified servant S.Muhammad sws (Maulana is getting up) - Destur a Sayyidi, ya Rasulullah!... Saying to him: “O My most beloved, most honoured, most glorified servant. You are not only My servant, but you are also

- servant (that is) everyone else – (but) you are My representative! O my beloved one, you are representing Me from pre-eternal up to eternal. For your honour I created everything that I created and also everything that I am creating from pre-eternal up to eternal. You are with Me, in Me. Your name I am putting in front of My divinely Name: La ilaha ill-Allah, Sayyidina Muhammadun Rasulullah... Everywhere." Huuu!

So many no-mind, but their name (is) 'Muslims', they are jealous. Jealous, jelaous for the Seal of Prophets. And (the) first jealousy (was) coming for Adam from Shaitan. Shaitan he was thinking or he was asking to be (the) representative of the Lord of Heavens. He was not ashaming with his, with its dirtiness to be (the) representative of the Lord of Heavens, Shaitan! (He is) whole dirty and it was asking to be representative! (It) can't be! That appeared (on) the Day of Promises, when Allah Almighty created man and (He was) ordering to (the) Angels to make Sajdah to Adam.

That honour (was) coming to Adam, because he was carrying the pure germ, seed; that (he was) carrying on his back Rasulullah sws. Therefore Allah Almighty (was) ordering (to the) Angels: "Make Sajdah to Adam." And Shaitan (was) knowing (it) and (he was) saying: "I am not making Sajdah (to) Adam that You are... I was expecting, o Allah, I was expecting that You are going to grant to me to be Your representative. Now I am knowing that You are not giving to me that honour, (but You are) giving (it) to another one, Muhammad sws. Therefore I am not making Sajdah to him!"

And (the) divinely Addressing (was coming): "Get out! Get out, devil! You are Shaitan! Get out from My divinely Presence! Get out!" And he was thrown away and every Angel (was) kicking (him), Shaitan! And yet every Angel (is) making like football Shaitan... Yet (he is) going down, going down, going down. Na'udhu bi-llah! Na'udhu bi-llah. Eh! Heeeh!

Now, I am sorry to say that so many wrong ideas (are) coming through Islam from (the) wrong people, because they are very jealous and greedy for the Seal of Prophets. They don't like him. Who likes you?! Likes those people only Shaitan!

Angels (are) cursing them. And (there is) no more time for those people, they are going to be disappearing.

I am asking - and I am nothing - I am asking: (Is) Allah Almighty looking? Say: Yes! (Is) Allah seeing? Yes! (Is) Allah hearing? Yes! Ahhh! They are trying to make what Allah Almighty (is) making that one's rank "a'la rutab". (There is) no rank over that rank that Allah Almighty granted to S.Muhammad sws. Greedy people - even in Islam. Now they are jealous why we are making for Muhammad sws "ta'dhim"; (they are saying): "You are giving so high respect to him. Respect (is) for Allah!" No respect to Allah! Allah, for Allah "ta'dhim" (is) "takbir"! We are not respecting (Allah). Respect (is) for creatures. (For) the Creator you can't say: "We are giving high respect to Allah!" Respect, what Allah Almighty (is) giving (from) greatness to him; you must respect him. And they are saying: "He is like ourselves." No! No! Even Christians they are not saying: "Jesus Christ (is) like ourselves", how you are saying: "The Seal of Prophets, he is like ourselves"?

Yes, those people (are) new growing up ones, but their time is over to be taken away. Now (there is) coming someone and with him someones, (who) should give (the) highest respect that should be given to a servant; his respect that no one can understand. No one can understand! Eh.

I am a weak one. If I am (a) strong one, I can do for them, what I am doing. But I am a weak one; I am zero now, (a) zero on left side. If (they are) putting me and I am zero, (if) they are changing my personality, if they are putting me in front of (the) 1, I may take Dunya like this... and throw it away!

Allahu akbar! Huwallah, yaf'al ma yurid. Allah! That word (is) not giving to me to be proud. No, I am speaking reality, reality. I am not saying that I am becoming some(one) else. When I am doing something... Now I am (a) zero on left, but when I am going, (when) the Lord of Heavens (is) putting me on (the) right hand, ohhh! Uhhh! Huuu! Hu! Yes, Sir. As-salamu alaikum.

Ya Rabbi, Sen bilirsen. Afwak wa ridaak, ya Rabb. Afu, afu. Afwak, ya Sayyidi-l awalina wa-l akhirain. Anyone, you think that anyone to be Sayyidi-l Awwalina

wa-l akhirin? That is his “ridwan”, title. (The) title of Prophet sws (is): “Sayyidi-l Awwalina wa-l Akhirin”. Who are you? Who are you! Should come... Rasulallah sws was saying: “Should come “fi akhiri zaman”, when (the) Last Day (is) approaching, (there) should come some people, (whom) they are saying: ‘We are Arabs’ and their language (is) Arab(ic), but I am far away from those people!”

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Karim Allah,
Allah Allah, Allah Allah, Allah Allah, Subhan Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah...

O Allah, send us a Sultan to finish the empty heads and the Pharaohs and the tyrants on earth and clean it from those who claim to be someone. May the honour of Rasulullah appear and his flag be raised in East and West. Amen! Wa salamun ‘ala-l mursalin wa-l hamdu li-llahi Rabbi-l ‘alamin. Rabbana takabbal minna, fa-fuanna fa-ghfirlana, wa-rhamna. Ya Mughitu aghitna, ya Mughithu aghitna, ya Mughitu aghitna.

Kalamun haqq: “La taqnatu min rahmatillah.” Ya Rabb, we are hoping (in) every second (for) Your endless Mercy Oceans. “Wa’duka-l haqq.” What You promised, just it is true, true. Let us to reach to that honoured days, o our Lord, to be Your servant in happiness and in safety, sheltered here and (in the) Hereafter through divinely Sheltering. Bi jahi man arsalta alayhi Surata-l Fatiha.

Lefke, Sohbet after Cuma, Friday, 15.5.2009

BookKhairiyahSiegel, CategoryAdam

**Who is a lucky one?**

Destur ya Sayyidi, Meded, Meded ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, lay haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim... Allahumma alhilma rushdana wa aidna min sharri anfusuna (?)

Who is lucky one? Lucky one is that one that his heart (is) opened and he may be able to receive from heavenly inspirations. (A) plane is not able to land everywhere, it needs prepared areas to come and to land on it. And angels from Heavens can’t be able to land through every heart. (Like a plane-) if it is an unprepared land, (it) can’t be able to land on it. A heart, if it is open, and the key for hearts is to say: “La ilaha ill-Allah, Muhammadur Rasulullah sws. I am believing in God Allah Almighty, I am believing in His Existence, and I am believing in His Unity or Oneness.” That (is) opening hearts to be in connection with Heavens.

But no one can be able to reach Heavens without a mediator. Not everyone can fly! If you like to fly from here to London, to East or to West, you must use a flight, a plane, you must get in and you may go, (and) you may reach. That is for our physical being. And our spirituality also can’t be able to reach by itself to Heavens and heavenly stations; (we) must use mediators that they are Prophets.

Therefore Allah Almighty (was) sending to every nation through (all the) centuries from (the) beginning (Prophets). S.Adam he was first one. Who was believing in him, that he brought heavenly Orders and Commands, those people (that) were going with Adam peace be upon him, may reach to their heavenly stations. Whom they were not accepting they were remaining on earth. And in such a way reaching from beginning up to end thousands of Prophets (to mankind); that according to our traditional knowledge 124.

ooo Prophets (were) coming through different times (and) through different nations. They were using their heavenly Powers and whom they are reaching to them, accepting (them), the (Prophets) are taking them up to their heavenly stations.

Yes, when our hearts (are) opened- that we are believing in whole Prophets and particularly the Seal of Prophets, the last one, S.Muhammad sws, (the) most praised one, (the) most beloved one, (the) most respected one in (the) divinely Presence, (and) our hearts (are) opening- angels (are) coming and landing (on it) and giving to those people heavenly Lights. That Lights (are) coming through hearts, reaching to every part of our bodies. Every cell (is)

taking its share. When (cells are) taking their shares, they are changing; they are not going to be only material pieces, material parts, no! They are going to be as an enlightened house through (the) darkness of night: If this light (is) not coming in it, this house is going to be dark. When the light (is) coming, it is going to be enlightened. And when angels (are) coming from heavenly Lights (Heavens) with that heavenly Lights and that Lights are running through our veins, everywhere, every cell (is) taking its share.

So that (a) 'lucky one' is that one whose whole physical being and cells (are) enlightened. He is not in darkness, finished. And whom they are closing their heart, not opening to accept what Prophets (are) bringing, and no way for angels to come and enter through their hearts, they are unlucky people; they are in darkness, and darkness (is) giving people fear. They are fearful people and they are hopeless people; no hope for them for coming days and also no Lights to make them to be saved from fear. When a person (is) going to be in darkness, (he is) feeling fear. Those people, whom they are not believing, they are always fearful people, because they are in darkness. When (their) heart (is) open and enlightened, they are going to be fearless people. They are looking and seeing, no fear for them.

Now people (are) in darkness. 21st century people (are) in darkness, even you may say: "Oh, (but) through electricity (the) whole world nighttimes it is going to be so bright and enjoyful and enlightened!" It is imitated lights! It is outside shining, not through your heart shining. Yes, everywhere (there are) thousands and thousands, millions of lamps- what is the benefit? It is outside from your heart, no benefit, never taking fear

from your heart or never giving to you a hope. And even (there are) millions, billions of lamps, but they are also looking (and asking): “When (is the) sun going to shine?” When (the) sun (is) shining, finished, that (electric) lights (also) just finished, never giving to you anything. And people (are) looking for (the) sun rising and shining.

Therefore people now are not asking to reach faith and its Lights that (are) going to be through their hearts and they are (thinking that they are) going to be enjoying by their imitated lights. That is the source of sufferings and troubles for people. Or this world (is) enough for everyone. Allah Almighty just granted everything that mankind may be in need, but they are not happy and they are not in satisfaction, (there is) no contentment for them: “We have everything, but no peace through our hearts.” How can (they) be in peace!

People (are) asking peace, and peace first (is) going to be through ‘Ahadu nas’ (selected people), (then it is going) to be with everyone. If peace (is) reaching to everyone, then (the) community (is) going to be in peace. If not, it is impossible to be peace through communities or (through) nations. And if they are not accepting (Prophets), not opening their hearts through believing (it is impossible)...

That Light is coming from Heavens, and people are looking that light is coming from sky, (because the) sun it is not on earth, it is outside, through space; from there (is) coming that lights. How you are asking lights from earth? Earth is in darkness. And man also they are in darkness, if they are not looking and taking Lights from Heavens (through Prophets) that those people are like suns. (The) sun (is) giving its lights to the material beings on earth, but those whom they are taking from Heavens Lights, (Prophets,) they are reaching to the real being of mankind and saving them from darkness. The(se people) are going to be reached to safety and peace, (and) according to their needs, according to their efforts, according to their hearts more opening, more Lights (are) coming. (If their hearts are only a) small distance (opening), coming a little bit, (if) fully opening, fully heavenly Lights coming and entering.

Therefore (the) Prophet was saying a.s.: “Should come (this) on my nation: when Last Days (are) approaching should be so many problems and everyone (is) going to fall into troubles, because everyone (is)

going to be a troublemaker for himself and for others. Everywhere should be full with darkness and troubles, suffering and miseries, but (there) should be not too much, (only) some servants through those people- (that) they are going to be with them, living with them,- but their position should be up. People (should be) suffering, but (on) the(se peoples') station, spiritual station, there should be peace, absolute peace. No any trouble, no suffering. People (are) going to be in troubles (and) sufferings, but those people they are not going to feel or to see sufferings or troubles. No problems for them, because those people are not troublemakers.

Everyone whom they are troublemakers must be suffered and suffering is a punishment for them. Punishment. Suffering is not a grant from Allah Almighty, no, suffering is a punishment, and now people (are) in punishment. Communities, nations- in themselves, through themselves and with other nations- all of them (are) in troubles; (there is) no rest, no comfort, no peace for them.

Therefore, o people! We are calling you to (an) enlightened area. We are calling you to a safe way. We are calling you to a peaceful land. Come! Don't run away! Who (is) running away, (he is) running to Hells. Who is coming and surrendering, they should be in safety and in peace, absolute enlightening and eternal life, they should be for eternity!

We are asking forgiveness and blessings from Allah Almighty for the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

Lefke, 08.03.2004, transcribed by Khairiyah Siegel

## Who Is Pleasing, Is Pleased

As-salamu 'aleykum, O my listeners! Peace be upon you, our congregation assembled here. May you have a good day, may your affairs prosper, and may your final end be a good one. O Shah-i Mardan, who is in awe of his Lord, Asad-ullahi l-ghalib, the invincible Lion of Allah!
Masha'Allah, Subhan Allah wa l-hamdu li-llah. Salatu wa s-salam ‘ala Rasulillah, Sayyidi lawwalin wa l-akhirin. "Allahumma qawwi da’fana fi ridak." O Allah, strengthen us in our weakness for Your good pleasure.
Come to us, O Shah-i Mardan. O Lovers of Shah-i Mardan, how lovely you are. "al-mar'u ma’a man ahabb." A person will be together with those whom he loves. May Allah let us be together with His beloved servants. Let us say: Bismillahi r-Rahmani r-Rahim. O our Lord, give us strength, give us fortitude. Give us strength to hold to Your way, to walk on the path of Your good pleasure. O Shah-i Mardan, Habib ur-Rahman! [Beloved of the Merciful] Come, O Lovers of Shah-i Mardan, those who love Shah-i Mardan, let them attend his assembly. O Lord, O Allah. Your Beloved spoke: "al-mar'u ma’a man ahabb." Your Beloved, for whose sake You created the entire universe, spoke as he was commanded: "al-mar'u ma’a man ahabb". A person will be together with the one he loves. Come to us, O Shah-i Mardan, and count us among those who love you, count us among your Lovers.
Masha'Allah, la quwwata illa bi-llah. We are weak servants. We want to defeat those who are hostile to us. Our Lord loved us and created us. He also made us enemies of those who are hostile to Him. Our Lord gave us such honour that knows no limits. Let us love and be lovely. Come, O Shah-i Mardan, this field is yours. We are asking for support. When you ask for support, say: Bismillahi r-Rahmani r-Rahim, so that you might find strength. For what should we find strength? For the service of our Lord. For that we are asking for strength. The power that

four-legged beasts require - we do not ask for that. I mean, we seek not the power that comes from food and drink. We seek the way of the Lovers of Shah-i Mardan, Habib ur-Rahman who loves us. That is the way we wish to enter upon. That is the way to Paradise. Don't go on any other way. Other ways will lead to Hell. The way of Shah-i Mardan is the way to Paradise.

Let our hearts be easy. We are listening to Shah-i Mardan. Power, love and longing must come to us from Shah-i Mardan. Allahu akbar, Allahu akbar Allahu akbar wa li-llahi l-hamd. Alfu salat, alfu salam ‘ala Rasulillah, salla-llahu ‘alayhi wa s-sallam, 1000 blessings on our Prophet. Learn. What should you learn? You should learn adab. Shaytan has all manner of knowledge. Shaytan knew a great many things, but he knew no adab. He had knowledge, but no adab. If you had knowledge to fill heaven and earth but no adab, what use would it be? Shaytan, he had so much knowledge, he was a teacher of the angels. But what he did not know and did not learn was adab. He never learned adab. He learned ‘ilm, knowledge, but not adab. He became an ‘alim, a knowledgeable one, but not an adib, a good-mannered one. Adab. He knew not how to behave towards the All-Glorious Lord. He remained without manners. The command of the Lord came: Bow down to Adam. All the angels fell down in prostration. Shaytan said: No, I won't! What! Who gave you this order? Your Lord, the Illustrious and High. He obeyed not the command of the Lord.

He possessed knowledge, but no adab. He committed a breach of adab. Thus, adab is important. You will rise up with adab, without it you will fall, and be good for nothing. Adab is a jewel. Whoever has adab advances in Allah's Holy Presence. A person who has not learnt adab, is of no value. Allah has not created us for this world. No. Why should He have created us for this world? No! How would Allah have profited, had He created man for this world? By putting mankind to work, would He have had any gain? Allah Almighty, may His Glory shine forth.

Come to us, O Shah-i Mardan! Speak this to these mindless heads. Aman, ya Shah-i Mardan! Let us become people capable of understanding. Those with no understanding are beasts. It is man who has understanding. The beasts do not know for what they were created. Shame on you. You have learnt all the filth of this dunya. What good is it? You have not learnt about your Lord. Come, O Shah-i Mardan. What you need to learn is adab. Shaytan learned all things, but he remained without adab. That he would dare say to his Lord: I will not bow down. What great insolence! Where were you? From high up in the seventh heaven, he was plunged into the depths

of the Pit of the seventh Hell. In one instant he dropped down into the depths. And why? Because he committed a breach of adab. The command went to the angels: Take him down, he has become arrogant in My Divine Presence. He said: I am I. Eh, who are you? Ah, I am the one sitting on this throne. May that throne be smashed on his head! Hit shaytan on the head! What became of him who was Azazil? He became shaytan.

Dunya wa ma fi-ha, the world and all that is within it, Of what value is the world and all that is within it? If man has learnt no adab, he has no value at all. The people of these times, they learn a great many things in their schools and universities and whatever places. What they do not learn is adab. They remain without adab. What is man's worth? The worth of a man without adab is below that of an animal. In a single moment they threw shaytan off his throne. He had a throne. But the moment he committed that breach of adab, the command came to throw him off his throne. For that he was without adab. So when does man become a human being? When he has learned adab. "addabani Rabbi", said our Holy Prophet, alayhi s-salatu wa s-salam. My Lord has taught me adab. Shaytan was not able to learn this. He could not learn. He had his throne, a throne like the thrones of sultans, such a throne he had. But when he learned no adab, the angels were commanded to throw him down. Nowadays people have become a laughingstock for shaytan. O our Lord, forgive us.

Come, O Shah-i Mardan. He who dresses us in the robe of humanity, which is the robe of greatest honour that Allah Almighty dresses upon His servant. The Padishah wore a jewelembellished robe; but if he has no adab, what good is it? Do his clothes give him any value?

People nowadays regard only the outer aspect of things, never the inner one. Eh, look inside. Why do you look at the outer clothing you are wearing? "addabani Rabbi". My Lord has taught me adab, says the Holy Prophet. With that adab my rank reaches up into the highest heights. A person with no adab is driven from the door. Where do they send him? With adab, a person lives in a palace. With no adab, he lives in the stable, eating straw in the stable. He cannot enter the palace, nor the ruler's presence. He is useless. He is only after straw. Of what value is that?

O our Lord, masha'Allah. al-'ilmu 'ilman: ‘ilmu l-abdan, 'ilmu l-adyan. Knowledge is of two categories: ‘ilmu l-abdan, physical knowledge; what value is what your learning about your physical being? What is your religion? What is your way? If it is the way of shaytan, it is of no value. They will put you in a hayloft, and give you straw to eat. But in the Sultan's Presence,

precious jewels will be strewn beneath your feet. For He is such a Sultan, no other can give to His servant what He gives to His servant. Allah, Allah. "wa bashshir il-mu'minin". (61:13) For believers good tidings. Unbelievers will be like dogs, like donkeys, they will be worth nothing. The believers will be dressed with a crown from above, "min ‘indi-llah", from Allah's Divinely Presence. For the believers. O Shaykh Effendi, but for the unbelievers, they will be harnessed with a bridle. Do you know what a bridle is? A crown will be given to the believers, and a bridle is put on the unbelievers. Do you like this? Even if you don't, this expresses it exactly. Believers will be given a crown while unbelievers are led to the stable. They have no honour. What is the honour of a donkey? A donkey is a donkey. And a man is a man. A human being focuses on adab.

Come, O Shah-i Mardan. O Shah-i Mardan, your loving friends are struck with awe of you. How well you say this, indeed. There are two groups of people. One bears a crown on their head, while the other is harnessed with a bridle. Yes, a bridle. For what are they bridled? A bridle, he says, shaytan says, I will put a bridle on those following me, mount upon them and do as I wish. Just like it is nowadays, people in this world have turned into the asses of shaytan. He has control over all of them. Go out in the streets, yell and scream. Why this yelling and screaming? There is no honour in yelling and screaming. Honour lies in adab. Millions of people have poured out into the streets, yelling and screaming, or, to be more exact, braying. Asses bray. Human beings do not bray. Those going out into the streets to yell and scream are not humans, they are animals. Because a human being does not yell, he possesses adab. On his head is the crown of dignity, the crown of servanthood. It is not fitting for him to go out into the streets to yell and scream.

Shame on you! In return for the robe of servanthood that gives us such high rank and honour, in response to Allah robing you in the honour robe of servanthood, you go out into the streets like braying donkeys, to shout and roam about. Is that humanity? It is the bestiality of the 21.century. O Beloved Friends! Screaming and yelling in the streets, is the humanity of the 21st century, according to them. Eh, does a man bray? Yes, he does, he runs about the streets and brays. Be a human being, find your honour. Don't be a beast, that is led into a stable. Be human, so they might lead you into a palace.

"addabani Rabbi", he says, my Lord has taught me adab, the Holy Prophet, salawatullahi wa salamu ‘alayh. May his blessings be upon us. O glorious Messenger! O glorious Messenger! Shahi Mardan is teaching us what he learned from that glorious Prophet. But can a donkey be taught anything? A man once boasted and claimed: My donkey, I will teach it. I will give it lessons and it will study for its course. How can this be? Eh, by your leave, he said to the Sultan, I will teach this donkey to speak like a two-legged being, I will train it. All right, he said, you have permission. So for forty days he trained his donkey. After 40 days they called him to the Sultan. Where is the donkey? Here he is. What does he say? Speak up, you! Heehawhawhaw... Eh, what is that? What did he learn? He learned, well, just this. It is not difficult to learn to be an ass, it is easy to be an ass. Therefore, those who go about the streets braying, kicking and quarrelling like asses, they are animals.

A human being has adab. He drew near not through study, but through adab. Allahu akbar. Allahu akbar, Allahu akbar. Takkabar wa tajabbar. _ Allahu Dhu l-Jalal, Lord of Majesty. Come to us, O Shah-i Mardan, teach us. Now there are millions of people who wish to be like asses. You, what are you yelling and screaming about? Eh, we have no more straw. What will you do? We shall bray and kick and scuffle, until we get what we want. But that way you will end up being led to a stable. In the stable you can learn all this and do your yelling. Shah-i Mardan always speaks to his Loving Friends by way of comparisons, so that they might understand. But there is no one with any mind to understand. They are yelling, for what? We have no more straw. We have run out of straw. What, there is no more straw? Ah, it's all finished, he says. That's why we are running in the streets. We have no more straw. Send us more straw. This is the civilization of the 21. century. To go yelling and braying in the street: We are hungry, we are hungry. What do you want? Straw, we are out of straw. Eh, there is grass, so eat grass!

Man is the most honoured of creatures. O Shah-i Mardan, were he to begin to speak on the merits and virtues of man he would never end. Man has his honour. He who runs after straw has no honour. The seeker after jewels is himself valuable. Many flock to the tavern, but there are few who are admitted into the presence of the sultan. These are dishonourable places, taverns, brothels, full to the brim. But those frequenting taverns and brothels are not admitted into the presence of the sultan. Masha'Allah. That is the rank of man. Man was created for the sultan. Listen to these words! O Shah-i Mardan. Man was created to be human. Who is a human being?

He who knows that he stands in the Presence of his Creator. But people no longer know this, they have turned into beasts, yelling, screaming. They are worth nothing, they have no value. You must learn. He said: "addabani Rabbi", our Prophet, ‘alayhi s-salatu wa s-salam. My Lord has taught me adab. Shah-i Mardan knows the adab that my Lord has taught to me. It was given to him.

O Shah-i Mardan! O Sahib Dhu l-Fiqar! You are the King of Men, ya! O Sahib us-Sayf, Wielder of the sword! From heaven you were given a sword, with which to bring shaytan and his beasts into line and to destroy them, to destroy the rule of shaytan. Why were the prophets sent, ‘alayhimu s-salam? The Prophet of the Last Times? To destroy the dominion of shaytan. Eh, so if you are shaytan's donkey, what will you be worth? The Prophet of the Last Times said: "addabani Rabbi". Allahu Dhu l-Jalal gave our Prophet such great power, that he says: By force of this dignity I can kill not one devil, but a million devils. sallallahu ‘alayhi wa s-sallam. "al ‘ilmu faridatun ‘ala kulli muslimin wa muslima." Knowledge is an obligation for every Muslim man or woman. On what is knowledge based? On adab. Seek knowledge from one who possesses adab, so that you might thrive in this world and in the hereafter. In this world there are many who want to be as animals, they have many places to do so. Since you want to be as beasts, go ahead, the streets are empty.

He who cannot control his nafs is the beast of his nafs. He who controls his nafs, enters into the Presence of the Sultan. Who has no control over it, is locked up in the toilet in the company of shaytan. Allah has created us to be His servants. The foundation of servanthood is adab. There can be no servant without adab. "addabani Rabbi". My Lord has taught me adab. The Prophet of the Last Times, the Beloved of Allah Almighty. The whole world has lost its adab. No one listens anymore to anyone. I will go and shout, he says. How long? As long as my voice lasts, he says, I will stand there and bray. Go bray, then. Not just one ass braying, the entire nation became a herd of asses They all pour out into the streets to bray. What are you shouting? Ah, we are being asses, they say. What do you want? We want straw, they say. Ah, so take your straw. But one wanting straw should at least take a plow to hand. A plow, in order to earn something. Without taking plow in hand, he wants something for nothing. No, that cannot be. Those who want something for nothing are on the road to Hell. They yell in the streets. You belong to this

party, I to that party. No. No. Your degree of rank is according to your closeness to Allah. Seek this Nearness. "illa l-mawaddata fi l-qurba."(42:23) Those close to the ones beloved to Allah's Beloved, they are the ones who are accepted. That is what I wish for. O My Beloved, the beloved of those who love you, from your own pure lineage, they are the pure ones. Follow those that are pure, so you may become pure; so you might be worthy of the palaces of the Sultan, those palaces which no eye has seen, and no ear has ever heard of. Allah Almighty has such palaces. Those you must seek. Don't go looking for straw. Who will mount such straw-eaters? Shaytan will mount them. He mounts them and makes them run through the streets. All prophets have said this. Don't become the beast of shaytan. You will do no good. Be a servant to Allah, you will do good and you will find honour.

Come, O Shah-i Mardan. To be pure, to be received in the presence of the Sultan, what a lovely thing! But people are storming the toilet house. They are useless, dishonourable. Honour lies in servanthood to Allah. O our Lord, accept us as Your servants. O Shah-i Mardan, your lovers are struck with awe of you. Teach us, let us learn. There is a stick for those who do not learn, he says. They will be beaten with it for not having learned. Those who learn no adab, will be beaten with the stick, on the soles of their feet, so that they might come to their senses. O our Lord, do not drive us away from Your servanthood.

O Shah-i Mardan, your lovers are struck with awe of you. Accept us. Let us partake of your adab, so that we may become well-mannered. Man is human, and a beast is a beast. We must learn to make that distinction for ourselves. Our Lord Almighty, Lord over Heavens and Earths, You have sent Your Beloved to us. Through the counsel of Your Beloved men can become perfected men. Then they will be at ease. "man radiya rudiya" - he who is pleased will be made pleased. Is it like this? He who is content, will be rewarded. He will be given contentment. Who is not pleased, will never be made pleased. Do not go out in the streets, do not go about yelling. Try to be a human being, worthy of the Divine Presence.

O our Lord, forgive us. O Shah-i Mardan, how beautiful is your instruction. It gives us a fullblooded Arabian steed on which to ride and gallop about. But he is not able do this, for he accepts to be a donkey in this world. Don't be a donkey for this world. Apply yourself to serving your Lord. O our Lord, forgive us. Give us strength, for Your service, and dress us in a robe of honour, O Lord. Do not make us wear the filthy rags of shaytan. O Allah, You who are Subhan,

You who are Sultan. Admit us into Your Divine Presence. "man radiya rudiya" He who is satisfied, he will be made satisfied. Try to make Allah satisfied with you and you, too, will be satisfied and content. You will not have to struggle. There will be no troublesome quarrelling. Throughout their lives all prophets were preaching to mankind: you are human, so know your humanity; you are a servant, so know your servanthood. All their lives they passed in this way, and Shah-i Mardan did so, too. Know your humanity. Know your servanthood. Know your rank. Your life will be easy, you'll gain the good pleasure of our Exalted Lord Allah, and the intercession of our Holy Prophet.

O our Lord, give us strength. Dress us in the robe of dignity, do not leave us to become contemptible. Allah the Majestic [Jalil] does not have contemptible [dhalil] servants. Take note of this. Allah is Jalil, Grand and Majestic, He will not leave His servants to be contemptible. May Allah accept us as His servants. May He find us qualified for the service of the Messenger of Magnificence. O our Lord, let us overcome and defeat shaytan. Robe our physical being in strength and dignity. Everyday a new robe of honour descends upon the Holy Ka'ba. Let us wear it. The robe of servanthood descends, let us dress in it. The robe of familiarity descends. That, too, give us to wear. Let us be servants.

And from Allah is all success. O Lovers of Shah-i Mardan. Let us discern and understand our path and know of our honour.

al-Fatiha.

## Wer zufrieden stellt, wird zufrieden gestellt

---

As-Salamu `alaykum, meine Zuhörer! Friede sei auf euch, auf unsere Vereinigung, die hier versammelt ist. Möget ihr einen guten Tag haben, mögen euere Angelegenheiten gedeihen, und möge euer Ende ein gutes sein. O Shah Mardan, der in Ehrfurcht vor seinem Herrn ist, Asadullahi l-Ghalib, der unbesiegbare Löwe Allahs! Ma sha' Allah, Subhan Allah wa l-Hamdulillah. Salatu wa s-Salam `ala Rasulillah, Sayyidi l-Awwalin wa l-Akhirin. "Allahumma Qawwi Da`fana fi Ridak." O Allah, stärke uns in unserer Schwäche für Dein Wohlwollen.

Komm zu uns, o Shah Mardan. O Liebende Shah Mardans, wie lieblich seid ihr. "Al-Mar'u ma`a man Ahabb". Ein Mensch wird mit jenen zusammen sein, die er liebt. Möge Allah uns mit Seinen geliebten Dienern zusammensein lassen. Sagen wir: Bismillahi r-Rahmani r-Rahim. O unser Herr, gib uns Kraft, gib uns Tapferkeit. Gib uns Kraft, um Deinen Weg einzuhalten, um den Weg Deines Wohlgefallens zu gehen. O Shah Mardan, Habibu r-Rahman! Kommt, o Liebende Shah Mardans, jene, die Shah Mardan lieben. Sie sollen an dieser Versammlung teilnehmen. O Herr, o Allah. Dein Geliebter sagte: "Al-mar'u ma`a man Ahabb." Dein Geliebter, zu dessen Ehren Du das gesamte Universum erschufst, sprach so, wie ihm befohlen wurde: "Al-Mar'u ma`a man Ahabb." Ein Mensch wird mit dem zusammen sein, den er liebt.

Komm zu uns, o Shah Mardan, und zähle uns zu denen, die dich lieben. Zähle uns zu deinen Liebenden. Ma sha' Allah, la Quwwata illa Billah. Wir sind schwache Diener. Wir wollen die besiegen, die uns feindlich begegnen. Unser Herr liebte uns und erschuf uns. Er machte uns auch zu Feinden derer, die feindlich Ihm gegenüber sind. Unser Herr gab uns solche Ehre, daß sie keine Grenzen kennt. Lieben wir und werden geliebt! Komm, o Shah Mardan, dieses Feld ist dein. Wir bitten um Unterstützung. Wenn ihr um Unterstützung bittet, sagt: Bismillahi r-Rahmani r-Rahim, so daß ihr Stärke finden mögt. Für was sollten wir Stärke finden? Für den Dienst an unserem Herrn. Dafür erbitten wir Stärke. Die Kraft, die die vierbeinigen Tiere benötigen, wir bitten nicht darum. Ich meine, wir suchen nicht die Kraft, die von Essen und Trinken kommt. Wir suchen den Weg der Liebenden Shah Mardans, Habibu r-Rahmans, der uns liebt. Auf diesen Weg möchten wir gelangen. Das ist der Weg zum Paradies. Geht keinen anderen Weg. Andere Wege führen in die Hölle. Der Weg Shah Mardans ist der Weg zum Paradies. Laß unsere Herzen leicht sein. Wir hören Shah Mardan zu. Macht, Liebe und Sehnen muß von Shah Mardan zu uns kommen. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Alfu Salat, Alfu Salam `ala Rasulillah, Sallallahu `alayhi wa s-Sallam, 1000 Segnungen auf unseren Propheten.

Lernt. Was sollen wir lernen? Ihr solltet Adab lernen. Shaytan hat allerlei Wissen. Shaytan wußte eine Vielzahl von Dingen, aber er kannte keinen Adab. Er hatte Wissen, aber keinen Adab. Hättest du Wissen, um Himmel und Erde zu füllen, aber keinen Adab, was nützte es? Shaytan hatte so viel Wissen. Er war ein Lehrer der Engel. Aber was er nicht kannte und nicht lernte, war Adab. Er lernte nie Adab. Er lernte `Ilm, Wissen, aber keinen Adab. Er wurde ein `Alim, ein Wissender, aber kein Adib, kein Wohlerzogener. Adab. Er wußte sich nicht gegenüber dem

Glorreichen Herrn zu benehmen. Er blieb ohne Benehmen. Der Befehl des Herrn kam: Verneigt euch vor Adam! Alle Engel fielen nieder in Sajda. Shaytan sagte: Nein! Was? Wer gab dir diesen Befehl? Dein Herr, der Erhabene und Hohe. Er gehorchte nicht dem Befehl des Herrn. Er besaß Wissen, aber keinen Adab. Er verletzte den Adab. Also ist Adab wichtig. Ihr werdet aufsteigen mit Adab, ohne ihn fallt ihr und seid für nichts gut. Adab ist ein Juwel. Wer immer Adab hat, schreitet fort in Allahs Heiliger Gegenwart. Jemand, der keinen Adab gelernt hat, hat keinen Wert. Allah hat uns nicht für diese Welt geschaffen. Nein. Warum sollte Er uns für diese Welt geschaffen haben? Nein! Welchen Nutzen hätte Allah davon gehabt, hätte Er den Menschen für diese Welt geschaffen? Hätte, die Menschheit an die Arbeit zu setzen, Ihm einen Gewinn gebracht? Allah der Allmächtige, möge Seine Glorie aufleuchten.

Komm zu uns, Shah Mardan! Sprich zu diesen hirnlosen Köpfen. Aman ya Shah Mardan! Laß uns Leute sein, die des Verstehens fähig sind. Die ohne Verstehen sind Tiere. Es ist der Mensch, der Verstehen hat. Die Tiere wissen nicht, für was sie erschaffen wurden. Schande auf euch! Ihr habt den ganzen Dreck dieser Dunya gelernt. Was ist Gutes daran? Ihr habt nichts über eueren Herrn gelernt. Komm, Shah Mardan. Was notwendig ist für euch, ist, Adab zu lernen. Shaytan lernte alle Dinge, aber er blieb ohne Adab. Daß er es wagen würde, zu seinem Herrn zu sagen: Ich verneige mich nicht! Was für eine große Frechheit! Wo warst du? Von hoch oben im siebten Himmel wurde er in die Tiefen der Grube der siebten Hölle gestürzt. In einem Moment fiel er in die Tiefe. Und warum? Weil er den Adab verletzte. Der Befehl erging an die Engel: Bringt ihn hinunter. Er ist arrogant geworden in Meiner Göttlichen Gegenwart. Er sagte: Ich bin ich. Eh, wer bist du? Ah, ich bin derjenige, der auf diesem Thron sitzt. Möge der Thron auf seinem Kopf zerschmettert werden! Schlagt Shaytan auf den Kopf! Was wurde aus ihm, der Azazil war? Er wurde Shaytan. Dunya wa ma fiha - die Welt und alles, was in ihr ist, welchen Wert hat die Welt und alles, was in ihr ist? Wenn ein Mensch keinen Adab gelernt hat, hat er gar keinen Wert. Die Menschen dieser Zeit lernen sehr viele Dinge in ihren Schulen und Universitäten und welchen Orten auch immer. Was sie nicht lernen, ist Adab. Sie bleiben ohne Adab. Was ist der Wert des Menschen? Ohne Adab unter dem eines Tieres.

In einem einzigen Moment warfen sie Shaytan von seinem Thron. Er hatte einen Thron. Aber in dem Moment, als er den Adab verletzte, kam der Befehl, ihn von seinem Thron zu werfen, da er ohne Adab war. Wann also wird der Mensch ein Mensch? Wenn er Adab gelernt hat. "Addabani

Rabbi", sagte unser heiliger Prophet, `alayhi s-Salatu wa s-Salam. Mein Herr hat mich Adab gelehrt. Shaytan war nicht fähig, das zu lernen. Er konnte nicht lernen. Er hatte seinen Thron, einen Thron, wie die Throne der Sultane, so einen Thron hatte er. Aber als er keinen Adab lernte, wurde den Engeln befohlen, ihn hinunterzuwerfen. Heutzutage sind die Menschen eine Lachnummer für Shaytan geworden. O unser Herr, vergib uns. Komm, o Shah Mardan. Er, der uns in das Gewand des Mensch-Seins kleidet, das das Gewand der größten Ehre ist, in die Allah der Allmächtige Seine Diener kleidet. Der Padishah trug ein juwelenbesetztes Gewand, aber wenn er keinen Adab hat, wozu ist es gut? Geben seine Kleider ihm einen Wert? Die Menschen heute beachten nur den äußerlichen Aspekt der Dinge, nie den inneren. Eh, guckt nach innen. Warum beachtet ihr die äußere Kleidung, die ihr tragt? "Addabani Rabbi". Mein Herr hat mich Adab gelehrt, sagt der heilige Prophet. Mit diesem Adab reicht mein Rang bis in die höchsten Höhen. Jemand ohne Adab wird von der Tür vertrieben. Wohin schicken sie ihn? Mit Adab lebt ein Mensch in einem Palast, ohne Adab lebt er im Stall und frißt Stroh im Stall. Er kann den Palast nicht betreten, noch die Gegenwart des Herrschers. Er ist nutzlos. Er ist nur hinter Stroh her. Von welchem Wert ist das?

O unser Herr, ma sha' Allah. Al-`Ilmu `Ilman: `Ilmu l-Abdan, `Ilmu l-Adyan. Wissen ist von zwei Kategorien: `Ilmu l-Abdan - physisches Wissen. Welchen Wert hat das, was du über dein physisches Sein lernst? Was ist deine Religion? Was ist dein Weg? Wenn es der Weg Shaytans ist, hat es keinen Wert. Sie werden dich in auf einen Heuboden tun und dir Stroh zu fressen geben. Aber in der Gegenwart des Sultans werden kostbare Juwelen unter deine Füße gestreut. Denn Er ist so ein Sultan, niemand sonst kann Seinem Diener geben, was Er Seinem Diener gibt. Allah Allah. "Wa Bashshiri l-Mu'minin" (61:13) Für Gläubige gute Nachrichten. Ungläubige sind wie Hunde, wie Esel. Sie haben keinen Wert. Die Gläubigen werden mit einer Krone von oben bekleidet, "min `Indillah", von Allahs Göttlicher Gegenwart. Für die Gläubigen. O Shaykh Effendi, aber die Ungläubigen werden angespannt mit Zaumzeug. Wißt ihr, was Zaumzeug ist? Eine Krone wird den Gläubigen gegeben, und Zaumzeug wird den Ungläubigen angelegt. Gefällt euch das? Selbst wenn nicht, drückt es das genau aus. Gläubigen wird eine Krone gegeben, während Ungläubige in den Stall geführt werden. Sie haben keine Ehre. Was ist die Ehre eines Esels? Ein Esel ist ein Esel. Und ein Mensch ist ein Mensch. Ein Mensch richtet sich auf Adab. Komm, o Shah Mardan, deine liebenden Freunde sind von Ehrfurcht vor dir ergriffen. Wie schön du das

sagst, in der Tat! Es gibt zwei Gruppen von Leuten. Eine trägt eine Krone auf dem Kopf, während die andere mit Zaumzeug angespannt ist. Ja, Zaumzeug.

Wofür wird ihnen Zaumzeug angelegt? Er sagt, Shaytan sagt, ich lege jenen, die mir folgen, Zaumzeug an, besteige sie und tue, was ich will. Genau wie es heutzutage ist, die Menschen dieser Welt sind zu Eseln Shaytans geworden. Er hat die Kontrolle über sie alle. Geht hinaus auf die Straßen, schreit und brüllt! Warum dies Schreien und Brüllen? Es ist keine Ehre im Schreien und Brüllen. Ehre liegt im Adab. Millionen von Menschen sind auf die Straßen geströmt, schreiend und brüllend, oder, genauer gesagt, I-A rufend. Esel machen I-A. Menschen machen nicht IA. Jene, die auf die Straßen hinausgehen, um zu schreien und zu brüllen, sind keine Menschen. Sie sind Tiere. Denn ein Mensch schreit nicht, er besitzt Adab. Auf seinem Kopf ist die Krone der Würde, die Krone der Dienerschaft. Es ist nicht recht für ihn, auf die Straße hinauszugehen, um zu schreien und zu brüllen. Schande auf euch! Als Dank für das Gewand der Dienerschaft, das uns einen so hohen Rang und Ehre gibt, als Dank dafür, daß Allah euch in das Ehrengewand der Dienerschaft kleidet, geht ihr auf die Straße wie I-A schreiende Esel, und treibt euch herum. Ist das Mensch-Sein? Es ist die Bestialität des 21. Jahrhunderts. O geliebte Freunde! Schreien und Brüllen auf der Straße ist das Mensch-Sein des 21. Jahrhunderts ihnen zufolge. Eh, macht ein Mensch I-A? Ja, er läuft auf der Straße herum und macht I-A. Sei ein Mensch, finde deine Ehre. Sei kein Tier, das in den Stall geführt wird. Sei Mensch, so daß sie dich in einen Palast führen. "Addabani Rabbi", sagt er. Mein Herr hat mich Adab gelehrt, der heilige Prophet, Salawatullahi wa Salamu `alayh. Mögen seine Segnungen auf uns sein. O glorreicher Gesandter! O glorreicher Gesandter! Shah Mardan lehrt uns, was er von diesem glorreichen Propheten gelernt hat.

Aber kann man einem Esel irgendetwas beibringen? Ein Mann prahlte einmal und behauptete: Mein Esel, ich werde ihn unterrichten. Ich gebe ihm Unterricht, und er wird studieren. Wie kann das sein? Mit deiner Erlaubnis, sagte er zu dem Sultan, werde ich diesen Esel lehren, wie ein Zweibeiner zu sprechen. Ich werde ihn schulen. In Ordnung, sagte er, du hast die Erlaubnis. Also schulte er seinen Esel 40 Tage lang. Nach 40 Tagen riefen sie ihn zum Sultan. Wo ist der Esel? Hier. Was sagt er? Sprich, du! Heehawhawhaw.. Eh, was ist das? Was hat er gelernt? Er lernte, nun, genau das. Es ist nicht schwer, zu lernen, ein Esel zu sein. Es ist leicht, ein Esel zu sein.

Deshalb sind jene, die durch die Straßen laufen, I-A schreien, stoßen und streiten wie Esel. Sie sind Tiere. Ein Mensch hat Adab. Er näherte sich nicht durch Studium, sondern durch Adab. Allahu Akbar. Allahu Akbar, Allahu Akbar. Takkabar wa Tajabbar. Allahu Dhu l-Jalal, Herr der Majestät. Komm zu uns, Shah Mardan, lehre uns! Jetzt gibt es Millionen von Leuten, die wie Esel sein wollen. Ihr, was schreit und brüllt ihr herum? Eh, wir haben kein Stroh mehr. Was werdet ihr tun? Wir werden I-A schreien und treten und raufen, bis wir bekommen, was wir wollen. Aber so werdet ihr am Ende in einen Stall geführt werden! Im Stall könnt ihr all das lernen und euer Geschrei machen.

Shah Mardan spricht immer zu seinen liebenden Freunden in Vergleichen, damit sie verstehen können. Aber es gibt niemanden mit Verstand, um zu verstehen. Sie schreien, für was? Wir haben kein Stroh mehr! Uns ist das Stroh ausgegangen! Was, es gibt kein Stroh mehr? Ah, es ist alle, sagt er. Deshalb laufen wir durch die Straßen. Wir haben kein Stroh mehr. Schicke uns mehr Stroh. Dies ist die Zivilisation des 21. Jahrhunderts. Auf die Straße zu gehen und zu schreien und I-A zu rufen: Wir haben Hunger! Wir haben Hunger! Was wollt ihr? Stroh, das Stroh ist alle. Eh, es gibt Gras. Freßt Gras! Der Mensch ist das geehrteste Geschöpf. O Shah Mardan! Würde er zu sprechen anfangen über den Wert und die Tugenden des Menschen, würde er nie enden. Der Mensch hat seine Ehre. Wer hinter Stroh herläuft, hat keine Ehre. Der Sucher von Juwelen ist selbst wertvoll. Viele strömen in die Kneipen, aber wenige werden in die Gegenwart des Sultans eingelassen. Dies sind unehrenhafte Orte, Kneipen, Bordelle, randvoll. Aber jene, die Kneipen und Bordelle besuchen, sind nicht zugelassen in der Gegenwart des Sultans. Ma sha' Allah. Das ist der Rang des Menschen. Der Mensch wurde geschaffen für den Sultan. Hört diese Worte! O Shah Mardan. Der Mensch wurde geschaffen, Mensch zu sein. Wer ist ein Mensch? Er, der weiß, daß er in der Gegenwart seines Schöpfers steht. Aber die Menschen wissen das nicht mehr. Sie sind zu Tieren geworden, schreiend und brüllend. Sie sind nichts Wert. Sie haben keinen Wert. Ihr müßt lernen. Er sagte: "Addabani Rabbi", unser Prophet, `alayhi s-Salatu wa s-Salam. Mein Herr hat mich Adab gelehrt Shah Mardan kennt den Adab, den mein Herr mich gelehrt hat. Er wurde ihm gegeben.

O Shah Mardan! O Sahib Dhu l-Fiqqar! Du bist der König der Menschen, ya. O Sahibu s-Sayf, der Schwertführer! Von den Himmeln wurde dir ein Schwert gegeben, um mit ihm Shaytan und seine wilden Tiere kleinzukriegen und zu vernichten, um die Herrschaft Shaytans zu zerstören.

Warum wurden die Propheten gesandt, `alayhimu s-Salam? Der Prophet der Letzten Zeit? Um die Oberherrschaft Shaytans zu zerstören. Eh, wenn ihr also Shaytans Esel seid, was ist euer Wert? Der Prophet der Letzten Zeit sagte: "Addabani Rabbi". Allahu Dhu l-Jalal gab unserem Propheten so große Macht, daß er sagt: Mit der Kraft dieser Würde kann ich nicht nur einen Shaytan, sondern eine Million töten, Sallallahu `alayhi wa s-Sallam. "Al `Ilmu Faridatun `ala Kulli Muslimin wa Muslima." Wissen ist Pflicht für jeden Muslim, ob Mann oder Frau. Auf was gründet Wissen? Auf Adab. Sucht Wissen von einem, der Adab hat, so daß ihr Erfolg habt in dieser Welt und im Jenseits. In dieser Welt gibt es viele, die wie Tiere sein wollen. Sie haben viele Orte, dies zu tun. Da ihr wie wilde Tiere sein wollt, nur zu, die Straßen sind leer. Wer sein Nafs nicht kontrollieren kann, ist das Tier seines Nafs. Er, der sein Nafs kontrolliert, tritt in die Gegenwart des Sultans ein. Wer keine Kontrolle über es hat, ist im Klo eingeschlossen zusammen mit Shaytan.

Allah hat uns geschaffen, um Seine Diener zu sein. Die Grundlage der Dienerschaft ist Adab. Es kann keinen Diener ohne Adab geben. "Addabani Rabbi." Mein Herr hat mich Adab gelehrt. Der Prophet der Letzten Zeit, der Geliebte Allahs des Allmächtigen. Die ganze Welt hat den Adab verloren. Niemand hört mehr auf irgendjemanden. Ich werde gehen und schreien, sagt er. Wie lange? So lange meine Stimme hält, sagt er. Ich werde da stehen und I-A schreien. Geh und mache I-A denn. Nicht nur ein Esel schreit, die ganze Nation ist eine Herde von Eseln geworden. Sie strömen alle auf die Straßen, um I-A zu schreien. Was schreit ihr? Ah, wir sind Esel, sagen sie. Was wollt ihr? Wir wollen Stroh, sagen sie. Ah, also nehmt euer Stroh. Aber einer, der Stroh will, sollte wenigstens einen Pflug zur Hand nehmen. Einen Pflug, um etwas zu verdienen. Ohne Pflug in der Hand, will er etwas für nichts. Nein, das kann nicht sein. Diejenigen, die etwas wollen für nichts, sind auf dem Weg zur Hölle. Sie brüllen auf den Straßen. Du gehörst zu der Partei, ich zu jener. Nein. Nein. Euere Rangstufe ist euerer Nähe zu Allah entsprechend. Sucht diese Nähe. "Illa l-Mawaddata fi l-Qurba" (42:23) Jene, die denen nahe sind, die von Allahs Geliebtem geliebt werden, sind diejenigen, die angenommen sind. Das ist, was ich mir wünsche. O Mein Geliebter, die Geliebten jener, die dich lieben, von deiner reinen Linie sind die Reinen. Folgt denen, die rein sind, damit ihr rein werden möget, damit ihr der Sultanspaläste wert seid, jener Paläste, die kein Auge je gesehen hat und von denen kein Ohr je gehört hat. Allah der Allmächtige hat solche Paläste. Die müßt ihr suchen.

Sucht nicht nach Stroh. Wer wird solche Strohfresser besteigen? Shaytan! Er besteigt sie und läßt sie durch die Straßen laufen. Alle Propheten haben das gesagt. Werdet nicht das Tier Shaytans. Ihr werdet nichts Gutes tun. Seid Diener Allahs, ihr werdet Gutes tun und ihr werdet Ehre finden. Komm, o Shah Mardan. Rein zu sein, in der Gegenwart des Sultans empfangen zu werden, wie herrlich! Aber die Menschen stürmen das Klohaus. Sie sind nutzlos, ehrlos. Ehre liegt in der Dienerschaft für Allah. O unser Herr, nimm uns an als Deine Diener. O Shah Mardan, deine Liebenden sind voller Ehrfurcht für dich. Lehre uns, laß uns lernen! Es gibt einen Stock für jene, die nicht lernen, sagt er. Sie werden geschlagen damit, weil sie nicht gelernt haben. Jene, die keinen Adab lernen, werden mit dem Stock auf die Fußsohlen geschlagen werden, damit sie zu Sinnen kommen. O unser Herr, treibe uns nicht weg von Deiner Dienerschaft. O Shah Mardan, deine Liebenden sind von Ehrfurcht ergriffen für dich. Nimm uns an. Laß uns teilhaben an deinem Adab, damit wir wohlerzogen werden. Der Mensch ist Mensch, und ein Tier ist ein Tier. Wir müssen lernen, für uns selbst eine Unterscheidung zu treffen. Unser Herr der Allmächtige, Herr über Himmel und Erden, Du hast uns Deinen Geliebten gesandt. Durch den guten Rat Deines Geliebten kann der Mensch ein vollkommener Mensch werden. Dann werden sie im Frieden sein.

"Man Radiya Rudiya" - Wer zufrieden stellt, wird zufrieden gestellt. Ist es so? Wer zufrieden ist, wird belohnt. Ihm wird Zufriedenheit gegeben. Wer nicht zufrieden ist, wird nie zufrieden gestellt. Geht nicht hinaus auf die Straßen, geht nicht herum und brüllt. Versucht, Mensch zu sein, der Göttlichen Gegenwart würdig! O unser Herr, vergib uns. O Shah Mardan, wie schön sind deine Anweisungen! Es gibt uns ein Vollblut Araberroß, um darauf zu reiten und herumzugaloppieren. Aber er ist nicht fähig, das zu tun, denn er akzeptiert, ein Esel in dieser Welt zu sein. Seid kein Esel für diese Welt. Setzt euch zum Dienst an euerem Herrn ein. O unser Herr, vergib uns! Gib uns Kraft für Deinen Dienst, und bekleide uns mit einem Ehrengewand, o Herr. Zwinge uns nicht, die schmutzigen Lumpen Shaytans zu tragen. O Allah, Du, Der Subhan ist, Du, Der Sultan ist, laß uns in Deine Göttliche Gegenwart ein! "Man Radiya Rudiya" - Wer zufrieden ist, wird zufrieden gestellt. Versucht, Allah mit euch zufrieden sein zu lassen, und ihr werdet auch zufrieden sein. Ihr werdet nicht kämpfen müssen. Es wird kein mühsames Streiten geben.

Während ihres ganzen Lebens predigten alle Propheten: Ihr seid Menschen, also kennt euer Mensch-Sein. Ihr seid Diener, also kennt euere Dienerschaft. Ihr ganzes Leben verbrachten sie

auf diese Weise, und Shah Mardan auch. Kennt euer Mensch-Sein. Kennt euere Dienerschaft. Kennt euere Rangstufe. Euer Leben wird leicht sein, ihr werdet das Wohlwolen unseres Erhabenen Herrn Allah gewinnen und die Fürsprache unseres heiligen Propheten. Unser Herr, gib uns Kraft, kleide uns in das Gewand der Würde, laß uns nicht verächtlich werden. Allah der Majestätische (Jalil) hat keine verächtlichen (dhalil) Diener. Nehmt das zur Kenntnis. Allah ist Jalil, Groß und Majestätisch. Er wird Seine Diener nicht verächtlich sein lassen. Möge Allah uns als Seine Diener annehmen. Möge Er uns fähig finden für den Dienst des Gesandten der Herrlichkeit. O unser Herr, laß uns Shaytan überwinden und besiegen. Kleide unser körperliches Sein in Kraft und Würde. Jeden Tag kommt ein neues Ehrengewand auf die Heilige Ka`ba herab. Laß es uns tragen! Das Gewand der Dienerschaft kommt herab, laß es uns tragen! Das Gewand der Vertrautheit kommt herab. Auch das gib uns zu tragen. Laß uns Diener sein. Und aller Erfolg ist von Allah. O Liebende Shah Mardans, laßt uns unseren Weg erkennen und verstehen und unsere Ehre kennen. Fatiha.

## Who Truly Is Salaf as-Saalih?

(Mawlana Shaykh stands.) Dastoor yaa Rabbee, dastoor yaa Sayyidee. Madad yaa Rijaal Allah. Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, Sayyidina Muhammadan wa nabiyyina, zidhu yaa Rabbee, `izzan wa sharafan, nooran wa surooran ridwaana wa sultana. (Mawlana Shaykh sits.)

As-salaamu `alaykum, our listeners! We are looking, humble people, for who is attending to hear some heavenly news, or heavenly declarations, what Allah Almighty is sending to His prophets (a),humble ones, humble ones. Absolute Greatness is for our Creator, for Allah Almighty. (Mawlana Shaykh stands.) Yaa Rabb, O Lord, You are akbar! Yaa Rabbana, O my Lord, You are akbaru 'l-akbar! (Mawlana Shaykh sits.) We are the weakest servants asking for Your forgiveness. O our Lord, grant us much more understanding, O the Lord of Creation! There only One Lord. No one can be the Lord; all are His servants, His creatures. How are they asking for lordship? Lordship only is for One, who is creating and granting endlessly from His endless Grant Oceans. From those oceans, if the Lord of Creation is asking from an atom to give for everything in existence what they need, His order is only, "Do this!" and that smallest one in Creation may do.

Allahu 'l-Qaadiru 'l-Muqtadir, "Allah, the Most Powerful, the Most Competent." Allahu akbar! Allah, Allah! O our Lord, grant us an understanding. If He Almighty is ordering to be granted for everything, everything is just coming in existence. O our Lord! Forgive us and give us much more from Your Divinity, divinely glory for Your most accepted, most precious one, Sayyidina Muhammad (s), that an atom from Divinely Oceans, covering whole Creation. (Mawlana Shaykh stands and sits.) SubhaanAllah wa SultaanAllah!

O People! Don't be heedless! The Lord of Creation, He never likes heedless ones who are losing their ways, or they are losing hikmatu 'l-hijaat, real wisdom for Creation. No one can know it from beginning up to end. Now, O People! I am a weak servant and I think you are also weak ones. Whoever is claiming, "I am a powerful one," that is not true. Yes? SubhaanAllah! Absolute Glory is for our Lord, Allah Almighty.

We are saying, as-salaamu `alaykum, attenders. Give your, dikkat, attention. You must give your attention for understanding something from Divinity. Divinity is for the Lord of Creation, for the Lord of Creatures. No one can be there; that belongs to the Lord of Creation!. From the beginning up to the end, there is one Lord! And we are saying to you, O attenders, heavenly protection may be on you. Anyone that is escaping, not attending, and making some udhur, excuse, that one is losing, cannot be much more valuable for a person than he is sitting and looking at what heavenly breathing is coming on Earth from the heavens. (For that) he will find a refreshment in himself, making a person in Happiness Oceans, in Enjoyment Oceans, to be in Pleasure Oceans. To be! To be! To be, that our words can't reach what is coming from heavenly beings on us! Mankind is to blame for losing that chance they were granted, for an understanding from heavenly beings that no one knows where they begin and where they are ending! Yes. As-salaamu `alaykum to those who are coming and sitting and hearing and trying to understand and trying to give much more respect, the most high respect even for one word that belongs to the Lord of Heavens. Tooba lahum, endless good tidings!

O People! We may say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Only Shaytan is making people not to attend, not to listen, not to understand! inna 'sh-shaytaan lakum `aduwun mubeen.

O our Salafi `ulamas! Marhaban, marhaban, marhaban. Why are you not giving a daily declaration when you have so many muhattah, stations for addressing people? You are saying, "We are Salafi `ulamas." Yes, okay, that you may be, but what are you bringing to us from Salafi `ulamas? Which message are you bringing? Were Salafi `ulamas saying, asta`eedh billah inna 'sh-shaytaan lakum `aduwun, or not? Why are you not giving a daily warning to all nations and the Muslim world? Why are you not saying to them, "O People! O Muslim world! The Lord of Heavens is saying:

••••••••••••••• •••••••• •••••• •••••••• ••••• •••••••••••••

wa`tasimoo bi hablil-Lahi jami`a,

And hold firmly to the rope of Allah all together. (3:103)

Yes?

Where are your representatives here in Cyprus, Turkey, Persia, or in the east or west, to declare, "O People!

••••• •••••••••••••• •••••• •••••••

inna 'sh-shaytaan lakum `aduwun.

No doubt, Shaytan is the most terrible and the most dangerous enemy for Mankind. (35:6)

For 24 hours you must put a station in the east and the west, to address all nations. Not only addressing to me, “That person is going to be matoo, idiot.” I am an idiot? That person is an idiot who is not declaring; I am not an idiot, matoo. If a person is older, he will begin to lose his mind, coming from up to down, but that is only for those who are following Shaytan!

(Mawlana Shaykh stands.) Whoever is following the Lord of Heavens, Allah Almighty, stand up! Even maaliks, kings, even emperors must stand up when I am saying the Sacred Name, "Allah"!!! (Mawlana Shaykh sits.) If we never sit in our whole lives and we stand for our Creator, for our Lord's Holiest Name, it is

nothing! Don’t say, "Why is that person standing up?" That is nothing! To Whom am I going to stand up? To Whom? A khalifah from Sham, Damascus, was sending; that is perhaps what you are reading in books, but ath-thuboot fi 't-takarrur, “If you are repeating something, it makes it firm.” For everything that we are speaking, our heavenly connection is filling my heart and making me speak; otherwise I don't know, but some signs are coming.

I am asking Salafi `ulamas, is something coming to you from the heavens? Look up, look up, are you seeing? Why are you not seeing? So many unexpected news with unexpected angels like rain, raining on people! But they are closing their understanding, they are never giving even one moment to think, "Who am I? And for what am I or for Whom am I? Who is bringing me into existence, and Who is taking me from existence to non-existence?"

O Salafi `ulamas, what are you saying? Say! You have so many stations, you have so many satellites! Why are you not sending these waves to whole people (broadcasting)?

O People! Ask yourselves, "Who am I?" or "Who is bringing me to this planet? Who is making me?" Why are we not trying to wake up whole nations? This is something, a question, that the Lord of Creation is just granting to all prophets (a) and finally to the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands.) Everytime we are standing up, we are taking much more power. (Mawlana Shaykh sits.) Allah, Allah . What are you saying about that question, the Seal of Prophets, Sayyidina Muhammad (s)? (Mawlana Shaykh stands.) What is he saying? Ask him, ask him. (Mawlana Shaykh sits.)

O Salafi `ulamas! Ask whom? Don't ask me, ask your Prophet (s), who is my Prophet (s) and all nations' Prophet (s). Ask him, because he is hearing, seeing and speaking. Salafi `ulamas, if your understanding is from the Holy Qur’an and Allah Almighty is saying for shuhadah, martyrs:

••••• •••••••••••• ••••••••• ••••••••• ••• ••••••• •••••• •••••••••• •••• •••••••• ••••• ••••••••• ••••••••••••

wa laa tahsaban alladheena qutiloo fee sabeelillahi amwaatan bal ahyaaun inda rabbihim, `

And never think of those who have been killed in the Way of Allah as dead; rather, they are alive with their Lord. (3:169)

If Allah Almighty is saying that for shuhadah then they are really alive, they are in real life. This life is an imitated life; real life there has no beginning and no ending. Holy Qur'an is saying that those who are martyred in battles, to raise the flag of tawheed.

Another question is coming to our Salafi `ulamas brothers. They are not accepting me as a brother, but I am saying you are my brothers. Only you are taking money from the government, but I am not taking. Allah Almighty is sending to me sadaqah, I am eating from sadaqah and you are eating from the government's money. It does not matter, you are happy! My clothes, I am not changing (buying new) every day, but every year once or twice. But you are every day (wearing new clothes), dressing very good, abrah. You are putting everyday this hata? (Mawlana Shaykh gestures, as for a head covering.) What is this? Allahu Akbar. Every day I am looking to find my eyeglasses, but I can't find, there is only this. (Mawlana Shaykh holds a magnifying glass.) I am looking at Salafi `ulamas from a far distance.

Do you believe that a person can look from west to east or from east to west? Are you believing or not, what are you saying? Do you believe that the Salaf as-Saalih could look from east to west, from west to east? If you are saying no, then it is not true for you. Salaf as-Saalih's hearts are pure...there is something here you can't see. You must clean it, polish it. (magnifying glass). Yes, do you think, O Salafi `ulamas, tiraami, with my respect to you, that you can look from east and see up to west, or from west up to east? What do you say? Is it baatil (falsehood) or haqq (truth)? You can't say baatil because Salaf as-Saalih, Sayyidina `Umar (r) was on minbar and calling, Yaa saariatu 'l-jaban, yaa saariatu 'l-jaban, al jaban! "O cowards!" He was seeing and the sound was reaching was him.

Do you have such a power? Why not? You must have that power if you are claiming, "We are followers of Salaf as-Saalih." Qul hattoo burhaanakum, "Bring your proofs!" I am not claiming that I am something; I am saying I am nothing, but you are saying you are something. If you are something, say it! Ohhh, if there is a

chance to speak on it, I don't know but they know, and my soul is connected with their souls. Therefore, (the knowledge that) is coming from them (for me) to say is endless. Don't think I know something, no! But there is a way which is making my heart to wake up and is ordering my tongue to address you, because but you are making yourself in front of the Muslim world and in front of the non-Muslim world (as experts).

O Salafi `ulamas! Qul hattoo burhaanakum, "Bring your proofs," otherwise you must try to correct your understandings to learn, as you are saying, "We are followers of Salaf as-Saalih." Now, who is Salaf as-Saalih? Are you going to their tombs? No! You are not accepting to go to their tombs and speak to them. How are you getting a connection with them? Do you have such a power in your hearts? man min al-qalbi min qalbi sabeela, "From heart-to-heart there are some invisible ways, that is a valuable way." Why are you not reaching from Salaf as-Saalih in your hearts, Salafi `ulamas? Hearts have written on them, "Made by the Lord of Heavens."

O People! They are always making me to speak, to address Salafi `ulamas, because they are claiming, so I have a right to ask from them to make their claims clear. That is why I am saying, "O People! Leave this." Khalifatu 'l-Muslimeen, kal mum abi mu'min dimishq wa-sham. SubhaanAllah! Who is always making this making never-ending troubles from the time of Babylonia, ashooriyin kaldaniyin, always troubles. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Adheem. And Ameeru 'l-Mu'mineen, leader of the Believers, sent them their orders to, Hajaaj azh-zhaalim, Hajjaaj ibn Yusuf, the Tyrant. He went there alone, saying, "Ameeru 'l-Mu'mineen nasab is appointing me waali (governor) on Iraq. I am here and I like to address the people of Basra." And he is standing on the minbar of Rasoolullah (s) and using a veil (Mawlana Shaykh covers his face), sitting and saying, Yaa ghulaam, qum wa 'tlu kalaam Ameeru 'l-Mu'mineen, "O servant! Listen to the words of the Chief of the Believers. Get up and read that Ameeiru 'l-Mu'mineen sent me here to be governor." And that ghulaam, the khaateeb, stood up and said, salaamun `ala ahlil-basra min Ameeru 'l-Mu'mineen. yusallim `alaykum. salaamee li ahlu 'l-Iraq. Wa laa waahid yurrad `alayhi 's-salaam." Peace be on the people of Basra from the leader of the Believers, peace be upon the people of Iraq." And Hajaaj was on the minbar, saying qif yaa ghulaam, "Stop your reading to people, Amiru 'l-Mu'mineen's order.

O People of Iraq!! You have such bad adab, worst manners with you!! Amiru 'l-Mu'mineen is saying as-

salaamu `alaykum to you, and no one is standing to answer, wa `alaykum salaam. I am coming to teach you the best manners. Amiru 'l-Mu'mineen put in front of himself the best of his arrows and he is looking, “Which one is better? Looking, finding and sending to you. I am training you with the best adab. Repeat it!!” Yaa Ghulaam". Then the second time. Then he was saying, the solution is not to lie. Everyone is not sitting there, everyone is standing up like this. (Mawlana Shaykh stands.) I am asking Salaf as-Saalih `ulamas. Do you think that was a bad adab when the governor and people were standing up? Do you think it was wrong, munkir? You are saying no one is giving ta`zheem for another one.

Allah (swt) is saying, asta`eedhu billah:

••••• ••••••••• ••••••••• ••••••••••

wa laa tansaw al-fadl baynakum!

Do not forget the favor, priority and respect between yourselves. (2:237)

(Mawlana Shaykh sits.)

Al-fadl, the preferred! That is granted from Allah Almighty and some others must respect that one who was granted from their Lord in a good manner. As Jalaalatu 'l-Maalik, yadhhar al-ijaaza, "The Majesty of the Owner is to show reservation." When entering, are you sitting down or standing up? He was standing up because Allah Almighty just dressed him with that honor. You are not honoring "al-Maalik, (The King, Allah)," but you (claim you) are honoring maaliku 'l-mulk, "king of kings!"

Yes sir, understand. I am nothing, I am the last one, the deepest one. Don't listen and don't say, "this person is speaking.” Who is making this weak and old person to address all people from east to west, from north to south? May Allah forgive us!

O People! Always I am addressing, because they are making me to address to those who are always claiming, to be so proud ones, la yu`jibahumu 'l-`ajab. `Arabiyya, sometimes I know Arabic, and it doesn't matter.

Man tashabaha bi-qawmin fa huwa minhum, “Who imitates a people is one of them.” I know Arabic, don't worry.

May Allah (swt) forgive me and forgive you, and you, taqdeer al-maalik, must appreciate the station of maalik, that the Lord of Heavens is giving that honor to him (...) and make it free for all Muslims. I don’t like also that they put that ta`sheer, visa (to enter the kingdom). No!!

May Allah forgive us. Wa min Allahi 't-tawfeeq.

Fatihah.

Dome dome dome dome, Dome dome dome dome

Dome dome dome dome, Dome dome dome dome

Dome dome dome dome, Dome dome dome dome

Dome dome dome dome, Dome dome dome dome

There is also Salaf as-Saalih who were saying there are heavenly trumpets, heavenly singing for glorifying the Lord of Heavens. Therefore:

•• •••• •••• ••• ••••

man tashabaha bi-qawmin fa huwa minhum.

Who imitates a people is one of them.

I am with my ugly sound, singing:

Ohhhh Ohhh Ohhh, Ohhhh Ohhh Ohhh, Ohhhh Ohhh Ohhh

Huuuu Huuu Huuu, Huuuu Huuu Huuu, Huuuu Huuu Huuu

That is divinely ceremony, not only in the morning and evening but in every second, with another coming with tasbeeh, tahmeed, tamjeed, haqq jalla jalaalahu.

Fatihah.

(50 minutes.)

(Mawlana Shaykh speaks to Shaykh Hisham and Hajjah Naziha on the phone.)

Mawlana Shaykh: “How are you, Your Holiness, Shaykh Hisham Effendi? ...”

Shaykh Hisham: “You are shaking them Mawlana!”

Mawlana Shaykh: “Your barakah, O Shaykh Hisham. Verily truth has come and falsehood has vanished.”

Shaykh Hisham: “Sunni `ulama in Saudi are very happy with you, saying, 'Long life for Shaykh Nazim.' Salafi `ulama are very angry saying, 'Shaykh Nazim is posing a question that we cannot answer.'"
Mawlana Shaykh: "This is not a toy. I'm going to destroy the sultanate of Shaytan. If the questions come from Above, they'll have no answers (Salafi `ulamas)."

(Qaseedahs)

(Mawlana Shaykh prays Salat us-Shukr.)

Lefke, 22.03.2010

WebSufiLive

**Who is sitting on Arshu Rahman?**

Alhamdulillahi-ladhi hadana li-l imani wa-l islam wa sharafana bi Nabiyi Sayyidina Muhammadin
alayhi salat wa salam. Ya Sayyidi-l awwalina wa-l akhirin, ya Sayyidi, ya Rasulallah, ishfa lana,
ya Sayyidi! Destur, ya Rijalallah, Meded, Meded!
Audhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim, la haula wa la quwwata illa
bi-llahi-l Aliyil Adhim. Allah, Allah... Ashadu an la ilaha ill-Allah, wa shadu ana Muhammadan abduhu wa habibuhu wa rasulu.
Audhu bi-llahi mina sh-shaitani rajim.

O people, run to Allah from Shaitan! Shaitan (is) asking to take you to Hells! Say: Bismillahi r-Rahmani r-Rahim! That is (the) greatest honour that you have been granted, to say: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. O our Lord, we are so, so happy, grateful and (it is a) big chance, (the) biggest chance, (we are) fortunate that we have been from the nation of the Seal of Prophets, (the) most glorified and most beloved and most honoured servant of the Lord of Heavens. O people, give your most high respect to that one that he is in (the) divinely Presence (the) most high servant.
I am asking some no mind doctors: What is your opinion about Arshu-llahi-l Adhim? Allah Allah! Arshu-llahi-l Adhim (is the) divinely Throne. Allah Almighty created that most respected Throne, (the) divinely Throne, and He ordered to four Angels - S. Gibril, S. Israfil, S. Mikhail (and) S. Azrail - to take, to carry (it). But they cant be able to carry (the) divinely Throne. Huuu! Then Allah Almighty created such (an) amount from Angels, they are huge Angels, for

helping, for carrying that divinely Throne. They also cant be able to carry (it). Then Allah Almighty (was) ordering to (the) Angels to say: Allahumma la haula wa la quwwata illa bi-llahi-l Aliyi-l Adhim. Qulu, say: La haula wa la quwwata illa bi-llahi-l Aliyi-l Adhim! They said (it) and they are going to (be) able to carry (the) divinely Throne.

But they were looking that under their feet (there was) nothing. They were standing on their Stations. When they were saying: La haula wa la quwwata illa bi-llahi-l Aloyi-l Adhim, their feet (were) getting up also, with (the) divinely Throne up, and they were fearing to fall down and they (were) also catching (the) divinely Throne and now no one (was) knowing, whom (was) carrying (the) divinely Throne: (these) Angels or (was it that the) Angels, just they have been held through that divinely Throne? This is an introduction or preface that we are saying for some doctors. All doctors (are) empty ones; they are not understanding anything from spirituality. They are material people, like materialist people; their ideas, all of them, (are) material or materialist fault thinking. They are not understanding (anything) beyond materiality.

Doctor filan, that he is chief of any religious university. Whole religious universities, (those) that they are teaching people, (those that) they are teachers, all of them, (are) so closer to materialist ideas, but never they are coming closer to spirituality. Therefore they changed their names, as materialist people, saying: Who is that one? Doctor Haci Mestan... Doctor Ahmad Majnun... how their names (are)... Wa Rasul yaqul, nabi alayhi salat wa salam, (was saying): Man tashabbaha bi kaumin, ??? minhum...; who is making himself to look like any group of people, or (any) group of ideas, they are from those people. Why you are using (the title) doctor, oh Muslims, Muslim professors? Muslims, why you are not using Alim, Almaa (?), why you are using doctor? What is the value (of) that title (doctor) through Heavens? (It is) just thrown down! But you are going to be proud that (it is) written in front of your names doctor filan...doctor Ayhan... doctor Sayhan... doctor Shaitan... No doctor in Islamic literature, no! That never accepting! La haula wa la quwwata illa bi-llahi-l Aliyi-l Adhim! Those people that they are more closer to materialism than spiritualism, if you are asking (them): That glorified Throne, (the) divinely Throne - you know Throne - for whom (it is)? For whom? We may say for an understanding: Through (a) Kingdom, through their palaces, there is a Throne

that (there is) sitting on it (a) King or (a) Queen or (an) Emperor or (an) Empress. That Arshullah, (the) divinely Throne, I am asking those doctors, for whom (it s)? Who is going to sit on it or to be on it? No answer. No answer. No answer, but (there) must be (an) answer! For whom Allah Almighty created (that) Arsh, (the) holy Throne, (the) divinely Throne? Like that divinely Throne, if (there) may be a Throne more than (it), bigger, more than enlightened from that Arsh, what do you think - to whom or to whom (is) that Throne, (the) holy Throne? No answer. But they must say, they must learn!

They must learn - it is not for Allah! It is not for Allah. Allah Almighty, no anything from His creatures may carry Him, ha sha! No, no! Allah Almighty, no one knows His Greatness, and (no) any creature may... how can be able to carry the Lord of Heavens, the Lord of Creation? They are saying nothing, no answer, but I may say: That is for the honour (of the) most honoured servant of Him Almighty, S.Muhammad sws!
Where should be (the) Maqamu-l Mahmoud? Where it should be? (The) Maqamu-l Mahmoud (is) on (the) Arsh also! That name (is) for the honour of (the) divinely Throne; that is Maqamu-l Mahmoud. (It) cant be for anyone, only for one. And the Seal of Prophets, (the) most honoured and glorified one, was saying that: It is only for one and I hope to be that one! Therefore you must ask that: Allahumma ati S.Muhammadan sws ashafaa wa wasila wa bathhu Maqamu-l Mahmoud alladhi waadta! That is (a) Dua, you must ask that he should be granted (it) and (be) honoured and glorified through that Arshu Rahman. Allah Allah...

They are saying: What you are saying? (You are) making Shirk! Your Shirk (is) under my feet; your understanding also (is) under my feet! You are understanding nothing! You are materialist people, but we are believing in spirituality and spiritual worlds and beyond that, beyond that, beyond that! O people, give your most high respect for that one, who (is) glorified in (the) divinely Presence (in a way), (in) which no one (has been) glorified, as he had been glorified! You must be happy and you must respect him and you must follow him! (He is) teaching you the ways of spirituality and spiritualism (is) beyond materialism. No materialism there, but spiritualism. O people, now (the) whole world (is) running after material, materiality, and they were thinking that materiality can save them or can take them to such a highest positions

that nothing may take them from that level. And whole materialism (is) under the feet of that one and he is standing on it and his honour and his lights, no one can reach or can understand who he is. (There is) no measure for S.Muhammad sws, for his greatness and honour and glory that (has been) granted (to him) by Allah Almighty. Ohhh! Allah! Allah! Allah!

O people that (you are) living on earth now: you are all Dhalim, oppressors, because you are not giving the rights that (have been) granted from Allah to S.Muhammad sws. And you are not giving your respect, therefore you are coming down, down, down; daily you are going deeper, deeper through dark worlds. (There is) no way for mankind now to save themselves from crises and wars and fightings and everything that (is) giving to people unrest positions. You cant save yourselves from that, only when you are coming and giving your high honour, (your) highest honour and glory that (has been) granted by his Lord to S.Muhammad sws. That is the way! Your materiality ideas (are) never bringing to you anything, but (are only) making much more trouble and much more problems for mankind. O people, come to (the) right way! I am calling every religious people, first of all, to think what had been said now; to think on it. If not thinking - the (divine) punishment that just fell on nations, whom they were denying and getting rebellious and disobedient for their Prophets and not giving high respect to their Lord - that punishment (is only) looking (for) an order to fall on earth, to take from 6 (people) 5 and (there will be) remaining (only) one. May Allah forgive us. May Allah bless you (and) me also and give His Mercy to whole nations and a good understanding for their Prophets, particularly whole Prophets that they are followers of the Seal of Prophets S. Muhammad sws wa sharafa wa karama. Al Fatiha.

Lefke, 13.2.2009

## Who Is The Mushrik?

As-salamu Alaykum, Dastur. Madad Ya Rijal Allah. Today is the holy day of Ragha'ib. May it be blessed. May it come with mightiness. As-salamu alaykum Ay Yaran Shah Mardan. May the day of Ragha'ib be blessed for you. Shah Mardan Habib ur-Rahman. Sahib, Sahib Dawran. Sahib Dhul Fiqqar (sword). O blessed Sahib. Ay Yaran Shah Mardan's beloved ones/ friends, the ones who love and respect him, please come to our assembly. Our assembly is the assembly of knowledge/ wisdom, the assembly of honor. Let's say: Bismillahi r-Rahmani r-Rahim - Allah's (swt) Great Name. The servants who mention His Name, the beloved ones of Shah Mardan, the ones who say - Bismillahi r-Rahmani r-Rahim. Yaran Shah Mardan, Shah Mardan's beloved friends, The one he loves and respects, holy people, ask for blessings. Ask for the blessings of today. This day is a very honorable day. Madad Ya Rijal Allah. Madad Ya Sahib az-Zaman, Madad Ya Sahib Dawran. O Shah Mardan and the ones who follow him, Yaran Shah Mardan. The ones Shah Mardan loves. May our day be holy/ blessed. The honor of today may it also be dressed on us. Listen Ay Yaran Shah Mardan, let's listen to him. What is he saying? What instructions is he giving?

People are honorable, people are the most honorable for Allah (swt). Take care of that honor. Those who don't protect that honor, will be disgraced on earth and in the hereafter. O Shah Mardan, the field is yours. Good servants, search for their assemblies. Their assemblies are Shah Mardan's. Every good assembly belongs to Shah Mardan. Let's be honored, let our honor increase. Our way is by sohbah/ association. Associations with good people give people honor. Those who associate with bad people become bad. They become disgraced, they become dishonorable. Search for honor. Allah (jj) has given people honor. The ones who are keeping that honor are Shah Mardan's Yaran. They will gather with him. They will be with him. Madad, go

ahead (speak) O Shah Mardan.
Say - Bismillahi r-Rahmani r-Rahim. Every time you say it, honor is dressed on you, an honorable dress is dressed on you. When we say dress, it isn't just what we are wearing, but in Shah Mardan's presence there is an honorable dress. You will wear that. In order to wear that, say - Bismillahi r-Rahmani r-Rahim so that the dress of honor will be dressed on you. Don't forget! Don't forget Basmala, or you will be forgotten. You'll be forgotten. The one who forgets Basmala is forgotten. He has become rubbish. He is like a carcass that is thrown in the rubbish, the one who forgets Basmala. Basmala gives the person a dress of honor. And let's say - Bismillahi r-Rahmani r-Rahim. After you wear that dress, you will be accepted in the Divine Presence. To go to the Divine Presence, you must wear clean clothes. Those who are not clean cannot enter the Divine Presence.
Be clean! Allah (swt) likes clean ones. Rasulullah (sws) loves cleans ones. Who are clean ones? They are pure/ clean people. The ones who hold fast to Shah Mardan's way are clean. They are pure. Those outside his way, are dirty/ impure. "Innamal Mushrikuna Najasun" (9:28) Those who don't recognize Allah (swt), those who don't keep His orders, those who keep satan as their guide. The Mushrik (polytheist) is the one who commits shirk. What does that means... Ay Sahib Dawran... Who are Mushriks (polytheists)? Those who leave Allah's orders and keep satan as their partner, as their guide. Mushrik are those who worship satan. Those who don't accept their servanthood to Allah are Mushrik. Those who put their own ego first are Mushrik. Those who listen to their egos are Mushrik. And what is a Mushrik (polytheist)? "Innamal Mushrikuna Najasun" They are dirty, impure - The dirty, unclean ones who put their egos first. "Allahu yuhibbu 'l-mutatahhirin" (2:222) Allah (swt) likes clean ones.
Be clean! This is Islam. Be clean. Don't be dirty, don't be impure. Islam dresses people with the dress of cleanliness. What you wear outside of Islam is not clean. Everything outside of Islam is dirty/ impure. It is dirty. Everything other than Islam is dirty. Where is the place for dirtiness? The WC. That is why- "Innamal Mushrikuna Najasun" (9:28) Mushriks are those who don't recognize Allah. Those outside Islam are dirty/ impure, that means they are the dirtiness that is in the WC. Islam says to be clean. Go ahead (speak) O Shah Mardan, the Door of Knowledge, the Door to the City of Knowledge, Shah Mardan, Sahib Dawran, Sahib Dhul Fiqqar, Asadullahil-Ghalib Ali Ibn Abi Talib. Listen O Shia, Listen, you who claim to be Alawi, Be

clean. Let all your work/ actions be clean. Who is clean? The ones keeping the way of Shah Mardan. If you don't, they will throw you into the sewage of dirtiness. When we say sewage of dirtiness, it means they'll be thrown in the WC. Where is the place for dirty ones? It is WC.
Do you accept dirty ones at the dinner table? How can you invite them? O Shah Mardan, go ahead (speak). Clean ones are accepted to the dinner table. Dirty ones are sent to the WC. Know O people! A Mushrik (polytheist) is the one who puts a partner with Allah (swt). Allah (swt) has no partners. Wahid al-Ahad, Allah (swt). Look to Him. Don't look anywhere else. Let your eyes be on Him. Ya. At the assembly of a Sultan, will a person look at anyone other than the Sultan? His gaze will be on him (sultan). O people! "murakabu minan nisyan" People always forget. Don't forget! The way you stand in the presence of a Sultan, at least stand like that. Don't leave Allah's (swt) assembly or you will be disgraced. Those who stand in the assembly of Allah (swt) are honorable. Honor is befitting of mankind. Dishonor is not befitting of mankind.
Allah (swt) dressed mankind with the dress of honor and that is why satan was jealous and become angry. It rebelled and became disobedient to its Lord. Although, Allah (swt) gives the dress that is suitable for each one. Satan, before it became satan, had its own dress. It was wearing a dress and it was a teacher to the angels. And when a different dress was dressed on the Prophet Adam (as), the dress of Sultanate, satan became jealous. Jealous ones are those who have fallen into dirtiness. There is no jealousy in Islam. Jealous ones are those who are running after the dirtiness of dunya/ world. Why be jealous of dunya? Even if earth was made of solid gold, it would not be worth being jealous. Dunya is a carcass. It isn't gold. It is a carcass. Dogs are the ones who run after carcasses. Don't bring the level down. "Wa laqad karamna bani Adam" (17:70) "We have honored the Children of Adam." We gave them a high rank. That is why satan is jealous. It wasn't happy with what it was given, it saw it as little. It was jealous of what was given to Adam (as). When it became jealous, it became dirty, impure.
A dirty one cannot be in the assembly of a Sultan. They kicked him out. Satan also had a mightiness. As soon as he was jealous, that mightiness was taken from him. Satan became ugly, the ugliest creation. It is more ugly than any animal. "'Innama l-Mushrikuna Najasun"(9:28) And why is satan working so hard? From its jealousy, it wants to make all people like itself. Don't be jealous! Don't be envious! What is given to you is suitable for you. What is given to someone else is suitable for them. "Wa ata kulla shay'in haqqa." Allah (swt) has given everything its due rights.

Go ahead O Shah Mardan. An ant is nice as an ant. A horse is beautiful as a horse. A cat is nice as a cat. Every creation has its own special dress in which Allah (swt) has dressed it. An ant says - I don't want to be a beetle. An ant is happy being an ant.

Every creation, other than mankind, likes its own dress. They don't say - we don't like our dress. Allah (swt) has given each creation a dress and that dress is suited to them. The dress given to mankind is different, it befits mankind. The dress given to a horse is different. The dress given to a donkey is different. Mankind is Hadrat Insan. Allah (swt) does whatever He wants. He said - We have honored the Children of Adam (as). I made them My khalifa/ deputy, no one can interfere. I dressed them with the dress of khilafa, why do you try to interfere? O iblis, get out of My Presence. I have the Authority, I am the Creator. I am Rabbul 'Alamin. It is not your place to interfere. I can dress whoever I want with whichever dress I want. I dress the cat with the dress of a cat. I dress the mouse with the dress of mice. I dress each creation with its special dress. A cat is not jealous of a dog. A wolf is not jealous of a dog. A bear is not jealous of a lion. No. Each knows its own condition. They say - I accept what Allah (swt) dressed me with. It is suitable for me.

You should see everything as appropriate/ suitable. See everything as appropriate, don't interfere. Don't interfere with the Divine Will. Be happy/ satisfied with what you are dressed with. There is honor with what you are dressed with. A cat is dressed with a dress. The cat doesn't say that it doesn't like it. It says - I like it. Do you want to be a dog? No I don't, it says. A dog says - I was created like this. Do you want to be a wolf? No I don't - it says. The dress given to me is suitable for me. Know this! Whatever your Lord decided is appropriate for you, you should accept it. Every creation, says - the One who created me dressed me with this dress. It is so nice and suitable for me. It is so nice for me. The cat looks in the mirror - O how beautiful I am, it says. It doesn't say - I want to be a dog. They know and find the beauty in themselves. They don't object.

Whoever objects becomes satan. Satan became like that. It said - "I don't like it, I don't like it." What didn't you like? I didn't like that Adam (as) will be khalifa. Well who are you? You cannot have wisdom until you know your place. If someone knows their place, their limits, they will find honor. If they cross their limit, they become dishonorable. In the Holy Quran, the ant was

mentioned - "qalat namlatun" (27:18) The ant's name was mentioned in the Holy Quran. The name of the horse or that of any of the other animals wasn't mentioned, but the ant's name was mentioned. It is honorable, it was aware of its honor. It said - "O ants, "the One who dressed us... our Mawla/Master, dressed us with this dress." "How beautiful we are. What beautiful ants we are." "We are glorifying Allah (swt) who created us as ants" "We are thanking our Lord." We are glorifying, we say - Subhansin Ya Rabbi. You created us as ants.

Know yourself, give thanks for your situation, so your honor will increase. If not, your honorable dress will be taken, and a disgraceful dress like satan's will be dressed on you, and you'll be thrown to a dirty place. Be happy with your condition. Allah (swt) created me like this. Don't say - I want to be more beautiful. Say - I am beautiful. Don't say - I'm ugly. Don't think you're ugly and put makeup and this and that on yourself. You won't become beautiful by your clothes. Say- Allah (swt) created me beautiful. Ya Rabbi many thanks to You that I am a human. O my Lord who gave me this rank and dressed me with this dress, I are glorifying You - Subhansin, Sultansin. Say this O people! so your glory will increase. If you don't, your glory will decrease, not increase.

Look at what Allah (swt) gave you. Don't go searching for beauty for yourself. The dress Allah (swt) gave you and dressed you with, suits you. A cat doesn't say it wants to be a dog. A dog doesn't say it wants to be a wolf. A horse doesn't say it wants to be a donkey. A donkey doesn't say it wants to be a dog. They are satisfied with whichever dress they are given. Say - Shukr Ya Rabbi. Each creation has its own tasbih (remembrance/praise) for Allah (swt) - Subhansin Ya Rabbi. You created me, You gave me this form. Thanks and praise. Say - Subhansin Ya Rabb, Sultansin Ya Rabb. Are the people saying this? No. And that is why they are never relieved from troubles. Their entire life is passing in difficulty because they are not satisfied, they didn't like the dress given to them by Allah (swt). That is why people have no comfort or peace. They are not happy. They say - let's wear a new fashion dress. People do not become beautiful by clothes.

Go ahead O Shah Mardan. Those keeping your way find comfort, they find peace, they become close to their Lord. Be from the people of heaven - your life on earth will be nice and life in the hereafter will be nice. O our Lord, dress us with the blessings of this holy Day of Ragha'ib. May the evil of satan be far from us. People should know their humanity and know their honor, and be at peace. Those who don't know their honor, and those who are not satisfied, are always

uncomfortable/ troubled. They are always jealous. They are always without peace. Say - my Lord created me so beautiful. Say, and give thanks to your Lord. Remember/ praise your Lord. Today is a holy day, the Day of Ragha'ib. The one who was created for the honor of the whole universe, Habibullah (sws), this is the holy day he descended into his mother's womb.
O Muslims, and all people - stop killing. Stop fighting, stop killing people. That one who is the Crown of the universes, the Master of creation - keep his way so that you will be at peace. If not, you will finish each other off. Satan will make you destroy each other. Tawba ya Rabbi, tawba ya Rabbi, tawba astaghfirullah. Let's repent.
Let love be our way. Let's love and be loved. Let's get rid of hatred. Let's love and be loved so that the One who created us will be happy with us, and His Habib (sws) will be proud of us. O Glorious Prophet (sws), send us a Sultan. We are left without a Sultan. People have fallen into punishment like the punishment of hellfire. They are eating one another. Don't! Don't! The ones who eat people are cannibals. Don't be a cannibal, be human.
Wa min Allahi t-tawfiq. May Allah Dhul Jalal dress us with today's blessings and take away the heaviness from us. May oppressors fall into each other's hands. We hope to be honored by the honor of today. Thanks and praise for our Lord's favors/ grants. Endless Salat and Salam to our Prophet (sws). May the honor of Ummuhan (Hala Sultan) increase. May there be a cure for all sick and troubled ones. May the ones who are fighting correct themselves. May our end be good for the sake of Your Habibullah (sws). O Shah Mardan, you gave us such nice expressions. Let's keep them InshaAllah.
Bi hurmat al-Habib Bi hurmat al-Fatiha.

**Wer ist Mushrik?**

---

As-Salamu `alaykum, Dastur. Madad ya Rijal Allah. Heute ist der heilige Tag von Ragha'ib. Möge er gesegnet sein! Möge er mit Mächtigkeit kommen. As-Salamu `alaykum, Ay Yaran Shah Mardans. Möge der Tag von Ragha'ib gesegnet für euch sein. Shah Mardan, Habibu r-Rahman, Sahib, Sahib Dawran. Sahib Dhu l-Fiqqar. O gesegneter Sahib. Ay Yaran, Shah Mardans geliebte Freunde, diejenigen, die ihn lieben und achten, bitte kommt zu unserer Versammlung. Unsere

Versammlung ist die Versammlung des Wissens, die Versammlung der Ehre. Sagen wir, Bismillahi r-Rahmani r-Rahim, Allahs (swt) Großen Namen. Die Diener, die Seinen Namen nennen, die Geliebten Shah Mardans, diejenigen, die sagen: Bismillahi r-Rahmani r-Rahim. Yaran Shah Mardans, Shah Mardans geliebte Freunde, diejenigen, die er liebt und achtet, Heilige, bittet um Segnungen. Bittet um die Segnungen von heute. Dieser Tag ist ein sehr ehrenvoller Tag. Madad, ya Rijal Allah. Madad ya Sahibu z-Zaman, Madad ya Sahibu d-Dawran. O Shah Mardan und die, die ihm folgen, die Yaran Shah Mardans. Die, die Shah Mardan liebt. Möge unser Tag heilig sein. Die Ehre von heute, mögen wir auch mit ihr bekleidet werden. Hört, Ay Yaran Shah Mardans. Hören wir ihm zu. Was sagt er? Welche Anweisungen gibt er?

Die Menschen sind ehrenwert, die Menschen sind die ehrenwertesten für Allah (swt). Gebt acht auf diese Ehre. Jene, die diese Ehre nicht schützen, werden schändlich auf der Erde und im Jenseits. O Shah Mardan, das Feld ist dein. Gute Diener, sucht ihre Versammlungen. Ihre Versammlungen sind Shah Mardans. Jede gute Versammlung gehört Shah Mardan. Laß uns geehrt sein, laß unsere Ehre zunehmen! Unser Weg gründet auf Sohbat. Sohbat mit guten Menschen geben den Menschen Ehre. Jene, die sich mit schlechten Menschen verbinden, werden schlecht. Sie werden schändlich, sie werden entehrt. Sucht nach Ehre. Allah (jj) hat den Menschen Ehre gegeben. Die, die diese Ehre bewahren, sind Shah Mardans Yaran. Sie werden sich mit ihm versammeln. Sie werden mit ihm sein. Madad, mach weiter, o Shah Mardan. Sagt: Bismillahi r-Rahmani r-Rahim. Jedes Mal, wenn ihr es sagt, werdet ihr mit Ehre bekleidet. Ihr werdet mit einem ehrenwerten Gewand bekleidet. Wenn wir sagen 'Gewand', so ist es nicht einfach das, was wir tragen, sondern in Shah Mardans Gegenwart gibt es ein Ehrenkleid. Ihr werdet das tragen. Um das zu tragen, sagt 'Bismillahi r-Rahmani r-Rahim', damit ihr mit dem Ehrenkleid bekleidet werdet. Vergeßt nicht! Vergeßt nicht die Basmala oder ihr werdet vergessen sein. Ihr werdet vergessen sein. Derjenige, der die Basmala vergißt, ist vergessen. Er ist Abfall geworden. Er ist wie ein Kadaver, der auf den Müll geworfen wird, derjenige, der die Basmala vergißt.

Die Basmala gibt dem Menschen ein Ehrenkleid. Und sagen wir: Bismillahi r-Rahmani r-Rahim. Nachdem ihr dieses Gewand angezogen habt, werdet ihr in der Göttlichen Gegenwart angenommen. Um in die Göttliche Gegenwart zu gehen, müßt ihr saubere Gewänder tragen. Jene, die

nicht sauber sind, können die Göttliche Gegenwart nicht betreten. Seid sauber! Allah (swt) liebt die Sauberen! Rasulullah (saws) liebt die Sauberen. Wer sind die Sauberen? Sie sind reine Menschen. Diejenigen, die an Shah Mardans Weg festhalten, sind sauber. Sie sind rein. Diejenigen außerhalb seines Weges sind unrein. "Innama l-Mushrikuna Najasun" (9:28). Jene, die Allah (swt) nicht anerkennen, jene, die Seine Befehle nicht einhalten, jene, die Shaytan als Führer haben. Der Mushrik, der Götzendiener, ist derjenige, der Shirk begeht. Was bedeutet das? Ay Sahib Dawran, wer sind Mushriks? Jene, die Allahs Befehle sein lassen und sich Shaytan als Partner halten, als ihren Führer. Mushrik sind jene, die Shaytan verehren. Jene, die ihre Dienerschaft für Allah nicht anerkennen, sind Mushrik. Jene, die ihr Ego an erste Stelle setzen, sind Mushrik. Jene, die auf ihr Ego hören, sind Mushrik. Und was ist ein Mushrik? "Innama l-Mushrikuna Najasun" - sie sind schmutzig, die Schmutzigen, Unreinen, die ihr Ego an erste Stelle setzen.
"Allahu Yuhibbu l-Mutatahhirin" - Allah (swt) liebt diejenigen, die sich reinigen (2:222). Seid sauber! Das ist Islam. Seid sauber. Seid nicht schmutzig, seid nicht unrein. Islam bekleidet die Menschen mit dem Gewand der Reinheit. Was ihr tragt außerhalb des Islam ist nicht sauber. Alles außerhalb des Islam ist unrein. Es ist schmutzig. Alles andere als Islam ist schmutzig. Wo ist der Platz des Schmutzes? Das WC. Deshalb: "Innama l-Mushrikuna Najasun" (9:28). Mushriks sind jene, die Allah nicht anerkennen. Jene außerhalb des Islam sind schmutzig, das bedeutet, sie sind der Schmutz, der im WC ist. Der Islam sagt, sauber zu sein. Mach weiter, o Shah Mardan, das Tor des Wissen, das Tor der Stadt des Wissens, Shah Mardan, Sahib Dawran, Sahib Dhu l-Fiqqar, Asadullahi l-Ghalib, Ali ibn Abi Talib. Hört, o Schiiten, hört ihr, die behaupten, Alawiten zu sein, seid sauber. Laßt euere Taten sauber sein. Wer ist sauber? Diejenigen, die den Weg Shah Mardans einhalten. Wenn ihr das nicht tut, werfen sie euch in den Abwasserkanal des Drecks. Wenn wir sagen Abwasserkanal des Drecks, meint das, sie werden ins WC geworfen. Wo ist der Ort für die Schmutzigen? Es ist das WC. Empfangt ihr Schmutzige am Essenstisch? Wie könnt ihr sie einladen? O Shah Mardan, mach weiter. Saubere sind anerkannt am Essenstisch. Schmutzige werden zum WC geschickt.
Wisset, o Menschen, ein Mushrik ist derjenige, der Allah (swt) Partner beigesellt. Allah (swt) hat keine Partner. Wahidu l-Ahad, Allah (swt). Seht auf Ihn. Seht nirgendwoanders hin. Euere Augen seien auf Ihm. Ya. In der Versammlung eines Sultans wird eine Person jemand anders ansehen als den Sultan? Sein Blick wird auf ihm sein. O Menschen! "Murakabu mina n-Nisyan". Die

Menschen vergessen das immer. Vergeßt nicht! Die Weise, wie ihr in der Gegenwart eines Sultans steht, steht wenigstens so. Verlaßt Allahs (swt) Versammlung nicht oder ihr werdet schändlich sein. Jene, die in der Versammlung Allahs (swt) stehen, sind geehrt. Ehre geziemt der Menschheit. Ehrlosigkeit geziemt der Menschheit nicht. Allah (swt) bekleidet die Menschheit mit dem Ehrenkleid und deshalb war Shaytan neidisch und wurde wütend. Er rebellierte und wurde ungehorsam seinem Herrn gegenüber. Obwohl Allah (swt) das Gewand gibt, das für jeden angemessen ist. Shaytan hatte, bevor er Shaytan wurde, sein eigenes Gewand. Er trug ein Gewand und wurde ein Lehrer für die Engel. Und als ein anderes Gewand dem Propheten Adam (as) angezogen wurde, das Gewand des Sultanats, wurde Shaytan eifersüchtig. Eifersüchtige sind jene, die in Schmutz gefallen sind. Es gibt keine Eifersucht im Islam. Eifersüchtige sind jene, die hinter dem Schmutz der Dunya herlaufen. Warum auf die Dunya eifersüchtig sein? Auch wenn die Erde aus festem Gold gemacht wäre, wäre sie es nicht wert, eifersüchtig zu sein. Die Dunya ist ein Kadaver. Sie ist nicht aus Gold. Sie ist ein Kadaver. Hunde sind diejenigen, die hinter Kadavern herlaufen.

Senkt nicht das Niveau. "Wa Laqad Karramna Bani Adam" - Wir haben die Kinder Adams geehrt (17:70). Wir gaben ihnen einen hohen Rang. Deshalb ist Shaytan eifersüchtig. Er war nicht glücklich mit dem, was ihm gegeben wurde. Er sah es als gering an. Er war eifersüchtig auf das, was Adam (as) gegeben wurde. Als er eifersüchtig wurde, wurde er schmutzig, unrein. Ein Schmutziger kann nicht in der Versammlung eines Sultans sein. Sie warfen ihn hinaus. Shaytan hatte auch Mächtigkeit. Sobald er eifersüchtig wurde, wurde diese Mächtigkeit von ihm genommen. Shaytan wurde häßlich, die häßlichste Schöpfung. Er ist häßlicher als jedes Tier. "Innama l-Mushrikuna Najasun" (9:28). Und warum arbeitet Shaytan so hart? Aus Eifersucht möchte er alle Menschen machen wie sich selbst. Seid nicht eifersüchtig! Seid nicht neidisch! Was euch gegeben wurde, ist angemessen für euch! Was jemand anders gegeben wird, ist angemessen für ihn. "Wa Ata Kulla Shay'in Haqqa." Allah (swt) hat jedem die ihm gebührenden Rechte gegeben.

Mach weiter, Shah Mardan. Eine Ameise ist nett als Ameise. Ein Pferd ist schön als Pferd. Eine Katze ist fein als Katze. Jede Schöpfung hat ihr eigenes besonderes Gewand, mit dem Allah (swt) sie bekleidet hat. Eine Ameise sagt: Ich will kein Käfer sein. Eine Ameise ist glücklich damit, eine Ameise zu sein. Jede Schöpfung, mit Ausnahme des Menschen, mag das eigene Gewand. Sie sagen nicht: Wir mögen unser Gewand nicht. Allah (swt) hat jeder Schöpfung ein Gewand

gegeben, und dieses Gewand steht ihnen gut. Das Gewand, das der Menschheit gegeben wurde, ist anders, es gebührt der Menschheit. Das Gewand, das einem Pferd gegeben wird, ist anders. Das Gewand, das einem Esel gegeben wird, ist anders.

Die Menschheit ist Hazrat Insan. Allah (swt) tut, was immer Er will. Er sagte: Wir haben die Kinder Adams (as) geehrt. Ich machte sie zu Meinem Khalifa, niemand kann sich einmischen. Ich bekleidete sie mit dem Gewand des Khilafa. Warum versuchst du, dich einzumischen? O Iblis, verschwinde aus Meiner Gegenwart! Ich habe die Autorität! Ich bin der Schöpfer! Ich bin Rabbu l-`Alamin. Es ist nicht dein Platz, dich einzumischen. Ich kann bekleiden, wen immer Ich will, mit was immer Ich will. Ich bekleide die Katze mit dem Gewand einer Katze. Ich bekleide die Maus mit dem Gewand der Mäuse. Ich bekleide jede Schöpfung mit einem besonderen Gewand. Eine Katze ist nicht eifersüchtig auf einen Hund. Ein Wolf ist nicht eifersüchtig auf einen Hund. Ein Bär ist nicht eifersüchtig auf einen Löwen. Nein. Jeder kennt seine eigene Bedingung. Sie sagen: Ich akzeptiere, mit was Allah (swt) mich bekleidet hat. Es ist angemessen für mich. Ihr solltet alles als angemessen betrachten. Seht alles als angemessen an, mischt euch nicht ein! Mischt euch nicht ein in den Göttlichen Willen. Seid zufrieden mit dem, mit dem ihr bekleidet seid. Es ist Ehre in dem, mit dem ihr bekleidet seid. Eine Katze ist mit einem Gewand bekleidet. Die Katze sagt nicht, daß es ihr nicht gefällt. Sie sagt: Es gefällt mir. Möchtest du ein Hund sein? Nein, sagt sie. Ein Hund - Ich wurde so geschaffen. Möchtest du ein Wolf sein? Nein, sagt er. Das Gewand, das mir gegeben wurde, ist angemessen für mich. Wisset das! Was immer euer Herr entscheidet, ist angemessen für euch. Ihr solltet es annehmen. Jede Schöpfung sagt: Der, Der mich erschuf, bekleidete mich mit diesem Gewand. Es ist so schön und angemessen für mich. Es ist so schön für mich. Die Katze guckt in den Spiegel: O, wie schön bin ich, sagt sie. Sie sagt nicht: Ich möchte ein Hund sein.

Sie wissen und finden die Schönheit in sich. Sie widersetzen sich nicht. Wer immer sich widersetzt, wird Shaytan. Shaytan wurde so. Er sagte: Es gefällt mir nicht! Es gefällt mir nicht! Was gefiel dir nicht? Mir gefiel nicht, daß Adam (as) Khalifa sein wird. Nun, wer bist du? Du kannst keine Weisheit haben, bis du nicht deinen Platz kennst. Wenn jemand seinen Platz kennt, seine Grenzen, findet er Ehre. Wenn sie ihre Grenzen überschreiten, werden sie entehrt. Im Heiligen Quran wurde die Ameise erwähnt: "Qalat Namlatun" (27:18). Der Name der Ameise wurde im Heiligen Quran genannt. Der Name des Pferdes oder irgendeines anderen Tieres wurde nicht

genannt, aber der Name der Ameise wurde genannt. Sie ist ehrenwert, sie ist sich ihrer Ehre gewahr. Sie sagte: O Ameisen, Derjenige, Der uns bekleidet hat, unser Meister, bekleidete uns mit diesem Gewand. Wie schön sind wir! Was für schöne Ameisen wir sind! Wir preisen Allah (swt), der uns als Ameisen erschaffen hat. Wir danken unserem Herrn. Wir preisen, wir sagen: Subhansin ya Rabbi. Du hast uns als Ameisen geschaffen. Kennt euch selbst! Dankt für euere Lage, damit euere Ehre zunimmt. Wenn nicht, wird euere Ehrenkleid von euch genommen und ein schändliches Gewand wie das Shaytans wird euch angezogen, und ihr werdet an einen schmutzigen Platz geworfen. Seid zufrieden mit euerer Bedingung. Allah (swt) erschuf mich so. Sagt nicht: Ich will schöner sein. Sagt: Ich bin schön. Sagt nicht: Ich bin häßlich. Denkt nicht, ihr seid häßlich, und legt Makeup an und dies und das. Ihr werdet nicht schön durch euere Kleidung. Sagt: Allah (swt) hat mich schön erschaffen.

Ya Rabbi, vielen Dank Dir, daß ich ein Mensch bin. O mein Herr, der mir diesen Rang gab und mich mit diesem Gewand bekleidete, ich preise Dich: Subhansin, Sultansin. Sagt das, o Leute! damit euere Herrlichkeit zunimmt. Sonst wird euere Herrlichkeit abnehmen, nicht zunehmen. Seht, was Allah (swt) euch gegeben hat. Geht nicht nach Schönheit suchen für euch selbst. Das Gewand, das Allah euch gab und angezogen hat, paßt zu euch. Eine Katze sagt nicht, sie möchte ein Hund sein. Ein Hund sagt nicht, er möchte ein Wolf sein. Ein Pferd sagt nicht, es möchte ein Esel sein. Ein Esel sagt nicht, er möchte ein Hund sein. Sie sind zufrieden mit jedwedem Gewand, das ihnen gegeben wird. Sagt: Shukr ya Rabbi. Jede Schöpfung hat ihr eigenes Tasbih, ihren Lobpreis, für Allah (swt) - Subhansin ya Rabbi. Du hast mich erschaffen, Du hast mir diese Form gegeben. Dank und Preis. Sagt: Subhansin ya Rabb, Sultansin ya Rabb. Sagen die Menschen das? Nein. Und deshalb sind sie nie frei von Schwierigkeiten. Ihr ganzes Leben vergeht in Problemen, weil sie nicht zufrieden sind. Ihnen gefiel das Gewand nicht, das Allah (swt) ihnen gab. Deshalb haben die Menschen keinen Trost und keinen Frieden. Sie sind nicht glücklich. Sie sagen: Laßt uns ein neumodisches Kleid tragen! Die Menschen werden nicht schön durch Kleider. Mach weiter, o Shah Mardan. Jene, die deinen Weg einhalten, finden Trost, sie finden Frieden, sie kommen ihrem Herrn nahe. Seid von den Menschen der Himmel. Euer Leben auf der Erde wird schön und euer Leben im Jenseits wird auch schön sein.

O unser Herr, bekleide uns mit den Segnungen dieses heiligen Tages von Ragha'ib. Möge das

Böse Shaytans fern von uns bleiben. Die Menschen sollten ihr Mensch-Sein und ihre Ehre kennen und im Frieden sein. Jene, die ihre Ehre nicht kennen, und jene, die nicht zufrieden sind, sind immer in Schwierigkeiten. Sie sind immer eifersüchtig. Sie sind immer im Unfrieden. Sagt: Mein Herr erschuf mich so schön! Sagt es und dankt euerem Herrn. Preist eueren Herrn. Heute ist ein heiliger Tag, der Tag von Ragha'ib. Der, der zu Ehren des gesamten Universums geschaffen wurde, Habibullah (saws), dies ist der heilige Tag, an dem er in den Leib seiner Mutter herabkam. O Muslime und alle Menschen, hört auf zu töten. Hört auf zu kämpfen, hört auf, Menschen zu töten. Dieser, der die Krönung des Universums ist, der Meister der Schöpfung, bewahrt seinen Weg, damit ihr im Frieden seid. Sonst werdet ihr euch gegenseitig vernichten. Shaytan wird dafür sorgen, daß ihr euch gegenseitig vernichtet. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Bereuen wir! Liebe sei unser Weg! Laßt uns lieben und geliebt werden. Laßt uns den Haß hinter uns lassen. Laßt uns lieben und geliebt werden, damit der Eine, Der uns geschaffen hat, glücklich mit uns ist, und Sein Habib (saws) stolz auf uns ist. O glorreicher Prophet (saws), sende uns einen Sultan. Wir sind ohne Sultan gelassen worden. Die Menschen sind in Strafe gefallen, wie die Strafe des Höllenfeuers. Sie fressen einander auf. Tut das nicht! Tut das nicht! Diejenigen, die Menschen fressen, sind Kannibalen. Seid keine Kannibalen, seid Menschen! Wa min Allahi t-Tawfiq. Möge Allah Dhu l-Jalal uns mit den heutigen Segnungen bekleiden und die Schwere von uns wegnehmen. Mögen die Unterdrücker einander in die Hände fallen. Wir hoffen, von der heutigen Ehre geehrt zu werden. Dank und Preis für die Gaben unseres Herrn. Unendliche Salat und Salam für unseren Propheten (saws). Möge die Ehre der Ummuhan (Hala Sultan) zunehmen. Möge es Heilung für alle Kranken und Bekümmerten geben. Mögen diejenigen, die kämpfen, sich berichtigen. Möge unsere Ende gut sein um Deines Habibullahs (saws) willen. O Shah Mardan, du gabst uns so schöne Ausdrücke. Laßt sie uns bewahren, insha' Allah. Bi Hurmati l-Habib. Bi Hurmati l-Fatiha.

Lefke, 17.05.2013

**Who is weak, must ask for heavenly Support!**

Meded, ya Sultanu-l Awliya... Destur, ya Sultanu-l Anbiya, Meded, ya Rijalallah, Meded... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

Must be the title of our meeting every time to say: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim! That (is) signing that you are surrendered (to) your Lord's Command and (that you are) asking Support, heavenly Support, to keep His Orders. And Allah Almighty promised through His last Prophet, (the) most beloved one, (the) most praised one in His divinely Presence, S.Muhammad sws, to say that: "My servants must begin for everything that they are asking to do or to make, to say: 'Bismillahir Rahmanir Rahim'." Because that is saying, that means, he is not forgetting Allah. And (the) most important thing for the servant (is) not to forget that he is in front of His Lords divinely Eyes. Don't forget that He is looking on you, don't forget that He is controlling you, don't forget that He is controlling everything that you are doing, if it is for Him Almighty or for your dirty ego!

Therefore- that is the sign of believers to say: "Audhu bi-llahi mina shaitani rajim, o our Lord, we are Your weak servants and we are in need (of) Your heavenly Support for ourselves to take away Shaitan from our meetings and from ourselves and even from inside of ourselves, to be awake." If, Allah Almighty, you are not calling to Him to take away Shaitan from you, you can't do anything, it is impossible, you should be winned- you can't be winner or victorious. Who is asking to be victorious here and Hereafter must say: "Audhu bi-llahi mina shaitani rajim. O our Lord, our enemy is (a) so difficult enemy." It is not powerful, but difficult. It is weak, but its tricks and traps (are) so difficult. And we are also weak ones, we can be caught through its traps. Maybe we can be caught, we can be cheated through its tricks, shaitan, therefore we are saying: ‚Audhu bi-llahi mina shaitani rajim', (and) then: O our Lord, we are so weak ones, and nothing, no one can give ourselves a support as You are giving us!"

Because all Children of Adam are weak. Weak plus weak, getting to be weak. Plus weak (is) getting to be weak also. Weak, weak... put there 1oo weak people- what is it going to be (in) total?... Weak! Make it weak, hundred times weak, with thousand weaks- (it is) going to be equal weak! (A) weak (one) can't give power to a (nother) weak one- they are all weak ones! You can't give any support to (the) second one, because you are weak. Only- therefore you must ask support, heavenly Support.

Main point of troubles of people now (that) they are living now (is that) they are asking support from (a) weak one. "Oh no, no, Sheikh, they are super ones!" "What is super one? That means super weak." "No, American, very powerful." "No! Americans, all of them weak ones." "But they are 5oo millions!" "Even 5 billions- but (in) total (they are again) getting to be weak ones." "What about Russia?" "Same history... For China also... We are passing Russia, coming to China... because (the) Chinese (are) also super-super and super-super weak ones (are) going to be totally weak ones..." Yes, Sir?

Therefore we have a saying: Don't trust for a man (thinking) that: "He may support me." Perhaps that man may die and you fall down. Don't think: "That (is) a big wall. If I am putting my back on it and I think that it can support me." That big wall may fall down and you are remaining without support. If you are saying: "I am supporting my back; I am putting a huge tree, because (it is) so strong. I think that it may (be a) support (for) me." Don't think that a big tree can support you, because (it) may dry and coming ashes... fire making it ashes. (A) storm may take it away, (a) storm may destroy a big wall also down... or a storm may take that person, (a) hurricane may take that person up and... (then he is) falling down, finished.

Nothing you can keep it as a support for you, for this world, no, no, no!... Therefore He is saying: "O My servants, if I am supporting you, you are going to be victorious forever. Don't think your technology (is) supporting you and your technology is (really) nothing, nothing! I may do that person's mind to forget the most important point for that technology and (then) he is saying: "How was I doing this?" and he forget it." Then that big huge technology, instrument (is) going to be (good for) nothing, because (one of them is saying): "What was it (again)?" and he is saying: "I am also forgetting...(and) you?" "I am forgetting also..." "Look in the book!" "I don't know which book..." Don't think that technology can support you! Don't think that these computers may save you! (Finally they will say:) "Now I don't know how it is working"... May do the Lord of Heavens to make those expert people, scientists, to forget it, and when they are forgetting,

finished!

(It is the) biggest mistake of people to think that: “Everything (is) depending on material or (on the) material world and everything (is) going to be through (the) material world. And we can be able to put our full control on material and we are able to order that instrument (and say): Do this, do that!” But He (Almighty) may do that you can forget that and you should be (confused, asking yourself:) “What was it?” if Allah Almighty (is) taking (away) that authority that you have been granted now, (what He has granted from authority) to (the) Children of Adam to do.

He granted to them, but when they are using it against His divinely Sultanate, He is getting angry. When (He is) getting angry, ordering: “Take away from their minds (the knowledge, so) to forget it“, they can’t work on it and never that instruments may be obedient or may obey to themselves.
Now with their commands, they are saying, with commands they may do cars to run by itself or to find where they are going or they are saying that (they are) under their control, they may command an instrument, to make a big aircraft to move by itself, under the command of that computer, or (a) plane (to move) under the control of (a) computer. He (Almighty) may do (that authority) in a second to be taken away- what you should be?

O people, come and think on it, you are not thinking! People (are) drunk, (they are) not thinking (on) such a fine points what (is) happening through nature and from whom that authority (is) coming to you and making that power, unknown power electricity, to be under your control. You are not knowing what is electricity, but Allah Almighty (is) giving to you such an authority. You are not knowing (the) real position of electricity. What is electricity, you can’t know, but you can be able to put your control on it. You have been granted that authority. If that authority (is) taken from you, you are going to be like wood. You and four legs zoo-garden people (are) going to be on (the) same level.

O people, Allah granted to you mind and your mind... it is enough one’s mind, to control whole world. No need several computers, no. If you have been granted from Heavens a heavenly Blessing to you, you can be able to control from Heavens to earth, from North to South- everything. Enough one’s authority. But they are not thinking, because they are drunk. Drunk by drinking, drunk also through their nonsense Fehlings. Nonsense, wrong shaitanic teachings (are) making them to be like Nimrod, like Nero, like Pharaoh.

O people, we must come to ourselves! We are running away from ourselves, that it is not for you to run after everything and to leave yourself! First you must try to look after yourself, to know yourself. When you are looking to yourself and knowing, then it is a...the entrance to divinely Knowledge. If you are not knowing about yourself- how you are going to know about your Creator? How?

I am looking to my body and scientists (are) saying that through our bodies (there are) billions of cells. Billions of cells and each one it has a private function. Each one it is not same; one's function is not same of second one, because everything (is) created for something. You may find same cells, but you can't say that they are really same, no, because Allah Almighty (is) never making (any) photocopy.
(He is Al) Mubdi'- everything that He is doing (is done) without (using) a model (for it). Because people (are) making models and then making photocopy. No, Allah (Almighty is) not making (any) copy. Copy making silly ones... first (starting) in school...(You were) making copy?... When (the) teacher (was) coming, making like this?... Ha sha, thumma kalna! Allah Almighty (is) never making (any) copy, never (is He) using photocopy machine... For everything Allah Almighty (is) giving a personality, everything it has a private personality! Therefore: Allahu akbar!.. Allahu akbar!....Allahu akbar!.... Wa li-llahi-l hamd!...

O people, come and make (Sajdah)... and bow to your Lord's Command, if you like to reach to His Blessings. If you are not thinking on it, you (are) never going to be blessed people, (a) blessed community... Whom they are looking and seeing and bowing to their Lord, they are blessed communities. (Those) whom they are thinking and bowing to their Lord- a nation- then they are going to be a blessed nation.

Technology (is) never giving to you blessings, no, no, because material it is not your level, o people! Your level (is) not (the) level of material, no, your level (is) up, your level (is) reaching the level of Angels. Don't dig wells to come down, to look: "What is under my feet?" no! Look what is over your head! (But) everything they are making 'bi-l aks', opposite!
And they are saying also... Through Parliament there is opposition, because government, governing body, their levels up. (Always the level of an) opposition (is) down, therefore opposition (means:) no mind people... Oppositions (are) always down. (Those) that they have (been) granted (a heavenly authority) and (who are the) blessed ones, their levels (are) up, but people (are) running to be with (the) opposition, (because) no one (is) happy from (their) situation, everyone (is) complaining. Who (is) complaining, going their levels down,

down, they are oppositions...
Whom they are happy, (their) happiness (is) making them to get up, (and) to get up (more). Therefore- whom they are thanking to their Lord, they are saving themselves from the darkness of this dirty life and (they are) saving themselves (going) up, reaching to heavenly Stations. But those oppositions they are always complaining and (this) complaining (is) carrying them underground, underground... Every time (that they are) complaining, one more (step they are) coming down, coming down, coming down...

Therefore- o people, you must think on such a things that is (are) spirituality; (but) that 21st century people they left it, (they are) never taking any interest! (And) if they are taking interest, what they are doing? Some people (are) coming, making...what they are doing? I am saying: "What you are doing?" They are saying: "We have a seminar." "Seminar, what is that seminar (for)?" "To collect people." "How many people (are) coming?" "Oh, alot of people..." That means 2o, 25...
Ya Hu- 7 billion people- (and) only interesting 7 people, 2o people? That means (that the) majority of people (is) complaining; they are not happy with their situations and coming on them cursing. When cursing (is) coming and riding on a person, (it is) taking him down, down and down... But who is thanking to the Lord of Heavens (and who is saying): "O our Lord! You created ourselves, and You are giving knowledge about Your Existence. We know You, You make us to know You and You granted us to be Your servants. We are so happy, we are so honoured, o our Lord!" then blessing is coming on them.
How many people (are) bowing to Allah? Therefore this world (is) turning through (a) cursed area. And just (people are) entering the tunnel of cursing and very few people (are) coming out... Most people they should be destroyed through that tunnel of cursing, (and only) very few people (are) going to be in safety and taken out from (that) tunnel...

That is the meaning of Armageddon; (it is) coming (now) and (it is) taking so many billions of people, whom they are never going to be happy with the Lord of Heavens. Because if they are going to be happy with their Lord, they are going to bow to the Lord of Heavens. If (you are) not making yourself to bow to your Lord, every cursing (is) coming, coming... (and) troubles, troubles... (The) Heavenly Anger (is) just opening on earth now... Allah protects you!
If you are running to Him, to your Lord, He is going to protect you, to save you and to shelter you. If (you are) running away, no one can shelter you...

May Allah forgive me and bless you! For the honour of the most honoured one in His divinely Presence S. Muhammad sws, Fatiha.

## Who Knows Himself Knows His Lord

As-Salam alaikum Ayyuhal Yaran Shah Mardan. How beautiful it is to be ahbab (beloved friends) to Shah Mardan. How beautiful. Allah. Allah. Let us say "Allah". Ya Hu. Marhaban O Yaran Shah Mardan. Marhaba to you, marhaba. What a beautiful salam (greeting) it is. Saying "marhaba" gives us power, gives us honour. Let us say Marhaba, O Shah Mardan. O Yaran, O Shah Mardan and let us listen (to your address). Let us start our word, may our sohbat have khair/goodness and barakah/blessing. Bismillahi r-Rahmani r-Rahim.

What a Holy Verse of azamat (magnificence) is this- "Innahu Min Sulaymana Wa 'Innahu BismiLlahi r-Rahmani r-Rahim"(27:30) When the holy letter of Prophet Solomon arrived, she read it- The Queen of Sheba. She read it and was astonished with its magnificence. She was astonished with the way that holy letter was addressed. She was ruling 7 different regions. Madad O Shah Mardan. A person who ruled 7 different regions, imagine what a magnificent person she must have been. She was a majestic, powerful Sultana. She was a renowned Malika/Queen. 7 regions feared from her- the Queen of Sheba. Sheba was such a country that is hard to describe. The Queen of Sheba was a lady but Allah Almighty dressed her with majesty.

When the Queen, Malika, of Sheba, who ruled over seven regions, saw the holy letter, she trembled and collapsed. "Who is this letter coming from?" "Innahu Min Sulaymana Wa 'Innahu BismiLlahi r-Rahmani r-Rahim". How magnificent! She was astonished and trembled. Her throne shook. It is from Solomon but, "Wa 'Innahu BismiLlahi r-Rahmani r-Rahim". The Queen of Sheba thought of herself as a big deal in her sultanate. "I have such a throne; I have such a crown; I have such a country; I have such a sultanate". She was being arrogant like this, but when it said "Innahu Min Sulaymana Wa 'Innahu BismiLlahi r-Rahmani r-Rahim" her throne shook and she, herself also fell down.

O people, pay attention! Look at the Azamat (magnificence) in the Bismillah. O men who've turned into animals, say the Bismillah so that you can enter the Divan (assembly) of Haqq, so that you can be dressed with the dress of azamat. There are many kinds of dresses in the universe. The most honoured one among them is the dress of Bismillahi r-Rahmani r-Rahim. When he says this, the inhabitants of earths and Heavens tremble. Go ahead O Shah Mardan. One person from whom you love, the weakest one among those who love you... I am ashamed to call to you but... O Shah Mardan. Shah Mardan also, if he recites one Bismillah, earths and Heavens tremble. Azamat belongs to Allah Almighty. You must know that you are a servant. You are in the Presence of the Sultan. You are remembering the Ism Al-Jalal of Allah Dhu-l Jalal Who is the Owner of earths and Heavens.

Let us say Bismillahi r-Rahmani r-Rahim and the weakness on us, the laziness on us, may go away. Shaytan may be away from us. It cannot come close! Bismillahi r-Rahmani r-Rahim is the saif, the sword from which shaytan is scared unlike from anything else. It (shaytan) says "This servant said that word". It doesn't say Bismillahi r-Rahmani r-Rahim. If it said, it would get saved immediately. It is fearing from those who say this word. The Bismillah has the dress of Azamat in it. Greatness, the shan (honour) of Greatness belongs to Allah Almighty.

Allahu akbar, Allahu akbar Allahu akbar 'ala man takabbara wa tajabbar. O our Allah, You accepted us for Your service. O Shah Mardan, how beautifully you say it. Wake us up. May we wake up and know Whose servants we are. Allahu 'Azimu sh-Shan, that there is no one who can know the honour of His Uluhiyya (Divinity). Who knows about it is only His Self, His Essence. Allah Dhu l-Jalali wa l-Ikram Wal Izzati-llahi La Turamu. Yes, there is also this. Huuu. Why does the man who is not even a speck get proud? Leave the pride. Kibru Azamat belongs to Rabbu-l Izzat. Say O Shah Mardan, teach us. They are not teaching, they are not teaching the honour of Man. However the Prophets who came, came to declare the honour of Man. Man's honour comes from the fact that his Lord addressed him. "Ya 'Ibadi Fa ttaquni"(39:16) Allahu Dhul Jalal, Subhanahu wa Ta'ala, (said) "Ya 'Ibadi Fa ttaquni". "Ya 'Ibadi Fa ttaquni". Allahu Dhul Jalal Subhanahu wa Ta'ala says "Respect Me. Respect Me. Love Me. I dress you with such a dress that what is dressed on Man is never dressed on any other creature". It is from the dress of Azamat. Allah is the 'Azimu sh-Shan.

There is the dress of honour that He dresses on the ones who are in His Presence. People don't

look for this anymore, they became ignorant ones. When a person is invited to the Presence of Allahu Dhu l-Jalal there is a dress of honour, which is dressed on him. O Man, leave the fight! If you don't leave the fight, you are shaytan. Go ahead O Shah Mardan. We may learn, we may learn from Shah Mardan that there is the dress of honour, which is suitable for man. It comes from the Presence of Allah Almighty. It is the dress, which is not made by a tailor. Each day - "Kulla Yawmin Huwa Fi Sha'nin"(55:29) - His Shan/magnificent manifestation is different each day. O Man, they are making us say this to teach us about ourselves because man doesn't know about himself. Go ahead, O Shah Mardan. Go ahead and speak. Your yaran is your admirer. The address of Allah- there is an address from Allah to His servants and there is a dress of honour with which He dresses the ones addressed by it. Each time a different dress of azamat. Allahu Akbaru l-Akbar. What is the mission of the Prophets? It is to inform that Allah is Akbaru l-Akbar, The Greatest of The Great. Allahu Akbaru l-Akbar. O our Lord, may You forgive us. There is the Shah Mardan who teaches us, may we listen to him. "Man 'arafa nafsahu faqad 'arafa Rabbahu". Man doesn't know his Lord before he knows himself. Know yourself. But we don't know ourselves yet, how can we know our Lord. The path, which leads to Ma'rifah (direct knowledge of Allah) lies in your knowledge of yourself. Allah Almighty opened for you such a door, you can understand through it- through the Azamat and Kibriya of Allahu Dhu-l Jalal. His Azamat and Kibriya is beyond intellect and understanding.

"Man 'arafa nafsahu faqad 'arafa Rabbahu". It will appear in his own self/ego. When you say ego, what does his ego become? His ego becomes a mirror. He can't see without a mirror. Man cannot see himself, he needs a mirror to see who he is, for the identity of Allah Almighty Jalla wa 'Ala. Where will he see this? He needs mirror. You can't see yourself without a mirror. Look at the mirror and see yourself. And when you see yourself, there is no creature that doesn't tremble and fall to sajda from the Azamat-i Ilahi. All are in sajda. There is a tajalli (manifestation) visible on the night of Qadr. When He opens that tajalli, it is from the manifestation of Allah's Azamat. When He opens it, it opens for a moment and you see the whole universe, all in sajda. Laylatu l-Qadr, look at the azamat of the Night of Qadr. Why is it magnificent? The whole universe is in sajda for a moment at the time Rabbu-l Izzat's manifestation takes place. Make sajda O Man! Wa sjud Wa qtarib. (96:19) Make sajda and draw near to Me. Who doesn't make sajda is far from Me. On the Night of Qadr when Allah Almighty opens a speck for His servants

from His Azamat-i Ilahi, they can't tolerate it. The whole universe falls down in sajda. There is no creature that doesn't fall down in sajda, shaytan makes sajda too. Allahu Dhu l-Jalal wa l-Azamatu wa l-ikram. O our Lord, who are we? We are servants who don't try to know themselves and who get busy with trash. Shame on us. "Wa Ma Khalaqtu l-Jinna Wa l-'Insa 'illa Liya'buduni"(51:56) Ay li ya'rifuni. I created men and jinn- "Wa Ma Khalaqtu l-Jinna Wa l-'Insa 'illa Liya'buduni"(51:56) They said for this "Ay liya'rifuni"- so that they know, so that they know Me. Aman ya Rabbi.

Each time a dress of honour is dressed Earth and heavens tremble, all fall into sajda. Al-'Azamatu liLlah wa l-Kibriya'u LiLlah. Greatness and Magnificence belong to our Lord Who is the Owner of Earths and Heavens. We are weak servants. Go ahead O Shah Mardan. Explain to this yaran of yours, so that people may know what is the honour of man and why he is precious. When he says Allahu Akbarul Akbar, Allahu Akbarul Akbar all angels in the Heavens are in sajda. For us, a tajalli takes place on the Night of Qadr once and everything falls into sajda. There is no man or jinn who doesn't fall into sajda each time Takbeer is recited- all are in sajda. Make sajda. Usjud wa qtarib- make sajda and draw near.

O Allah, You are Subhan, Sultan O Lord. Who are we to speak these words? We are weak servants. Go ahead O Shah Mardan. O Sultan, go ahead! Your yaran is your admirer. Your Lovers are your admirers- they are all admirers of your words. These are not our words. Look, there is an aja'ib tajalli/ rare manifestation today. No matter how much you speak of it, you can't finish it. How can you? How can you ever finish? Who are we to finish it? Here, we are yaran of Shah Mardan. We are who love him. We should love, and be loved. You can't be loved without loving. Love, so that you can be loved. Ay liya'rifuni, so that they know Me. Ma'rifah...To know Allah Almighty- "Bi qadr ma'rifatu". How to know Allah? Where is the power for it? All angels tremble and fall into sajda. For us, only in the Night of Qadr. And where to find the Night of Qadr? The tajalli that takes place on the Night of Qadr, the tajalli that comes down from the Arsh/Throne is that in every moment angels in great numbers are created and all of them go into sajda.

Make sajda. Usjud wa qtarib.(96:19) He (swt) didn't create you to eat and drink, O man. O man, who has the ability to speak of the honour granted to you? Go ahead O Shah Mardan, explain

for us. Ma'rifatuLlah, ay liya'rifuni. I created them, so that they know Me. There is no end or limit to "knowing" Him. His every tajalli is totally different. The servants knowing Allah, how can it happen? Here, it comes in an order. It descends from the Sultan of the Universes (sas) to the yaran Shah Mardan. It comes from him. Look for it, ask for it. Don't run after food. Allah Almighty did not create you to eat and drink. If it is to eat, then you belong to the animal category. Animals' heads never move up from eating grass. Their heads are always down either for straw or for grass. But you are not created for this.

Ay liya'rifuni - that they know Me. No one can know the limit of "knowing Allah". In every opening, we are dressed with such a dress of honour that - there is an honour mirror - when you look at the honour mirror you're amazed. It shows you the honour dress you are dressed with. There is mir'at upstairs, there is a mirror. Who sees it falls into sajda. O our Lord, may You not leave us in the category of animals. It is 'aib, rude, for us to say this to Allah Almighty but we may say to Shah Mardan and he will deliver it. Man is not for eating, drinking and going out for fun. He is the Hazrat Insan, so much can open to him. There are angels who are created at that moment and fall into sajda immediately because of the tajalli that appears to them and they don't raise their heads. Or there are those who go to ruku immediately and don't move up their heads, because of the beauty and azamat of that tajalli. Where else should they look? They don't look around.

Get out, get out of the animal category. Be the Hazrat Insan. Shame on them! Shame on the wild herds who try to kill, who try to finish each other. Why did He create Man? "Wa La Taqtulu 'Anfusakum"(4:29) He (swt) says "Don't kill. I am Who granted him life, do not erase the life I granted him. I give qisas (retaliation) and your punishment will be very big. I granted you a dress of honour". There is the mirror of Azamat that the Rasulu Kibriya (sas) looks at. Go ahead O Shah Mardan. The ones who are on your level may also appear there. They see according to their levels. Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. O our Lord! May He (swt) save us from the trash of this dunya. May He not expel us from His Presence. We are not created for eating and drinking but for our Lord. Go ahead O Shah Mardan. Your Yaran is your admirer.

Adab Ya Hu! It is so that you should learn! Each word, each word of these sohbats is to teach people adab (good manners). Hayfa, shame on those who don't learn. Shame on those who have

no concern other than eating and drinking. O our Lord, may You forgive us. "Ana Jameelun", Allah Almighty says "I am Beautiful". No one can know the extent of His Beauty, O our Lord! "I am Beautiful and I created in a beautiful form also" says Allah Almighty May You grant us Beauty, O Lord. May You make our faces beautiful with each ablution, O Lord. We are running to keep Your Order. May You dress on us the dress of beauty, O Lord. O our Lord, You are Beautiful and You created in a beautiful form. Know this. Know this and don't say "ugly".
Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. Hasbuna llahu wa ni'ma l-Wakeel.
O Shah Mardan. The field is all open to you, whatever you say is from Ma'rifah. We are not created to feed the animal - our ego is the animal. We are not created to constantly feast our egos. But there is the feast, the invitation given to us by the One Who created us, to Bani Adam. Allah Almighty created you so that you attend this invitation. Hayfa, shame! Shame on those who degrade their worth to zero. Don't degrade (yourself or others)! Every person has an honour. Keep his honour! Don't crush, don't kill, don't oppress but rather, honour. Honour people, just as your Lord honoured you.
O yaran, Shah Mardan. May our hearts open. Qawwi Dha'fi fi Ridak. O our Lord, may You grant us power in the way of gaining Your Rida. May You dress on us majesty. O Shah Mardan, your yaran admires you. These words open the ways of Heavens for you. Pay attention and learn! Don't remain on earth, go up and reach the Heavens! There is jeefah/filth on earth and there is Nur in the Heavens - there are paradises. O our Lord, may You forgive us. May You send us a Sultan. May You send Sultans who will raise Your flags, who will raise your Habib's banners, O Lord. May our weakness be lifted from us and may our power increase. May we not be like a lazy cat, may we be like the roaring lion. O Lord. O Shah Mardan, your yaran is your admirer. O Lord, we ask for strength for this body of ours. May we not be in a lazy state but be like lions at Your door O Lord. Fatiha.
There is SaifuLlah. The sword of Allah. Saifun min suyufiLlah, (a sword from among the swords of Allah). Allah has endless swords. Try to be a sword to put an end to shaytan's supporters. Allah Almighty granted you a sword to defeat shaytan, not each other. Use it. Hit shaytan and its followers. Hit them with the Dhul Fiqar.
Al-Fatiha.

**The whole world is a big market**

Destur,ya Sayidi, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah, Rijalal malakuti, ya Malakutiin...aiduna bi aunillah!...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is a free market...free or flee? If they are selling old things, means flee market. Free market means anyone may take something without paying- very good market! Flee market you must pay something, market you must pay more than this, hyper-market you must take your credit card... Looking...How much you are buying? 2ooo! Can’t be, it is not flee market hyper-market: Safeway market, Queensway market...But this here is free market that means: If anyone buying something and going away, even horses can’t reach to them...Therefore keep the doors!... Alhamdulillah, most people are not understanding, they are not knowing (the difference) between (a real) diamond and (a) plastic (stone)- therefore it is okay...

May Allah forgive us to be good customers for this big market. (The) whole world is a big market and people (are) running for gold, for example, to Russia, or they may run to buy diamonds from Jehennemburg, Johannesburg, South Africa, some are runing to Ceylon for Rubies, Emeralds, Sapphires, some people are running to Iran for Firuz and other expensive or valuable stones. Jewels, not stones; what people step on, is stones, what I am saying (is not about) stones, they are jewels. No one (is) putting under their feet jewels, only (the) Prophet Suleiman (in) his big hall that people are coming for visiting him, (the) reception hall.

It was his Throne Hall, people (were) coming to give their respect and obedience to him, peace be upon him, (and) Sayyiduna King Suleiman, (was) sitting. That area that people were walking on it to reach to Nabi King Suleiman was (made with) tiles; one golden, (the other) one silver. When (the) Queen of Sheba sent a gift to him- (and) she was thinking that what she is sending is so valuable- and (they were) showing (it) to him, he

wa saying: “Oh, what you are sending as a gift to me is under my feet, I am walking on it! I am not asking gold or silver; we are not slaves of gold and silver- we are (the) servants of the Lord of Heavens and He honoured us. When we are not slaves for gold and silver, (He is) making gold and silver- that people (are) worshipping (it) and quarrel and fight (for it)- to be under my feet. That is for you valuable, it is not for us valuable, it is under my feet. I am not asking from you, from that one who sent you with that gifts, I am not interesting in this, they are under my feet. I am asking something else from your Queen, (the) Queen of Sheba: to come to me (and) to surrender to the Lord of Heavens! I am that asking, I am not running after gold and silver. Who is running after gold and silver, they are (the) slaves of gold and silver. We are not slaves, we are servants for the Lord of Heavens, who created and (who is) giving value for gold and silver. It is only for you!”

Because they were slaves for gold and silver and their honour (was) going down and gold and silver (is) going to be over you. Making your value down and then, when you are making your value under gold and silver- silver also is white gold, platin, silver also that valuable one...silver that people are using it... Who are slaves, running to save more and more gold and silver, they are slaves for gold and silver, (and) no honour for them. They are going to vanish or to be vanished after gold and silver. But who is going to be servants for the Lord of Heavens that He created gold and silver for man, they have been granted honour from their Lord and their Lord (is) putting gold and silver under (the) feet of His servants.

The Seal of Prophets, S.Muhammad sws, he was hungry for some wisdoms and (the) Sahaba also were finding nothing for eating. To take (away) the suffering of hunger, they were putting a stone on their stomach, not to feel the pain of hunger and they were saying to Rasulullah sws: “Ya Rasulullah”, showing him the stone on their stomach, “we are so hungry!” and he was showing under his shirt there were two stones (tied on his stomach)...

And first Islam (is) teaching people to be patient. If you are not learning to be patient, you can’t be able to make your control on your ego, because (the) ego belongs to (the) animals world and (it is) always running after what it is going to eat or drink. If a person can’t be able to make a control on his ego, he is going to be under the order of his ego and he is never going to be a servant for his Lord. Therefore every religion (was) coming and their Prophets (were) teaching their followers to be patient, to be able to reject (refuse their egos’ desires). If you are not patient, you can’t be able to reject your egos desires. If you can’t do that, you are going to be always the donkey of your ego; you can’t be an honoured servant in divinely Presence, it is impossible!

Therefore- every Prophet has miraculous powers; they may bring tables of food with so many kinds for their followers, but (if they are doing that) it is going to be (like) a patient in hospital: to bring to him every kind of food without making any limit and giving to him: “Eat”, not asking if this is good for him or that, no. If you are bringing to a patient to eat everything, you may kill him! You may kill their physical being and Prophets (are) coming to arrange, to give (the) real position to our beings: to be good servants, to carry servanthood in divinely Presence. Therefore they must learn first to be patient- Sahaba, the most honoured ones from beginning of mankind’s residence on earth...To be able to train themselves and to give the value of servanthood, Prophets (are) firstly making them to be patient. And (the) most difficult thing for man (is) to be hungry!

If a person is hungry, asking to stop (the) pain (of) hunger, he is looking after everything to eat to fill their food-sack; they are going, coming, asking to eat. And we are asking to move from the level of animals to the level of Angels. With (a) full stomach you can’t get up; you can’t be able to rise from your level- that (the) material level is (the) level of animals- you can’t be able to rise up to Angels‘ level. Therefore don’t say: “What is the reason that Sahabas time by time were getting hungry?”- even several days (they were) not finding something to eat and (they were) putting on their stomachs stones not to feel the suffering or (the) pain of hunger! That is the reason!

Islam is asking from people to learn to be patient. Now (people in) all (the) world no patience for them. They are asking everything instantly. Like Ali Baba and the 4o thieves (that were) coming to the entrance of that cave, saying: “Open, Sesame!”, people now (are) asking for their desires to be (everything) instantly ready in front of them, and it is impossible, until you may teach your ego to be patient!

A person is fasting and coming nearby to break his fast (Maghreb time). He is looking his watch and someone is saying: “You may eat!” “No, we have yet 3 more minutes!” If anyone is saying: “You may eat before”, saying: “No, must be at the time: beginning and ending!” That is such an important wisdom through our worshipping kinds towards Allah Almighty: you must learn to be patient! If you are not learning (patience), (you are) never reaching (up) and never leaving (the) level of animals. Therefore (the) Prophet was keeping two stones and his followers, Sahaba, Allah bless them, they were putting one stone and (he was) saying (to them): “Be patient!” If Rasulullah was ordering, he may fill fields and lands with countless foods and drinks, but (he was) not doing that! He may say: “Be!”, and (it) may be, but (he was) keeping that power, training

and teaching his disciples and his Ummah, his nation.

And (one day) he went for a visit of the holy tomb of S.Hamza- Allah bless him-, the uncle of the Sal of Prophets sws, (at the feet of the Mount Uhud). He was walking and he was hearing in a place behind himself a sound (like) when you have gold and you are pouring (it), (a) very nice sound is coming from gold. He was hearing behind him that sound of gold and he was turning (around) and seeing that (the) Jabal Uhud- that big and holy mountain- was running after him as gold and silver, and gold was making that good sound. The Prophet was seeing (that), stopping and saying: “Stop! Why you are running after me?” And a sound from the holy mountain was addressing to him, saying: “Oh Rasulullah, the beloved one of our Lord! You are suffering and your disciples are suffering from hunger- how it is going to be from us a good manner to be stones! We have been changed to gold and we are running after you so that you may use it any time and we (even) don’t give any trouble for carrying: anywhere you go, you may take from it and do, what you are doing with it.” And the Prophet was saying: “No, I am not in need for you! My Lord (is) enough for me and I like to be one day full, one day hungry. It is much better; I prefer to be in such a way: when I am full, I am saying to my Lord: ‘Thanks and praisings to you, oh my Lord’, (and) if I am hungry, I am going to be patient and say: ‘Oh our Lord, look after us!’ And for being patient we have been granted also a reward here and Hereafter- therefore you stay there, our Lord is enough for us!”

People now are running after golf and silver to save much more so that they are thinking if they are saving more gold and silver, they may reach their targets- that no doubt their targets are only targets of their physical being. They like gold and silver for fulfilling their physical beings’ desires. But it is never going to be as they like, because day-by-day, if you are reaching to a table that may be (as the) table of a King or Queen, and every day (it is the) same table, you may feel a kind of (being) fed up, you may be fed up from that. You may reach everything, but day-by-day your taste is coming to be less, less, less and the Favours of the Lord Allah Almighty is same.

Therefore- when you are going to be patient for Allah, not to be slaves for your desires, He is accepting you as His servants and servants have been granted something that should be honour for them and light for them and pleasure for them here and Hereafter. Or (else) they should remain on the level of animals that they are eating straw and every kind of grass and they should be happy on their levels.

May Allah forgive us and make our desires as He likes (them to be)- to change our level from the level of animals to reach the level of Angels. That is important!

May Allah forgive me and bless you, for the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

## WHO LIKES TO EAT THE FLESH OF HIS DEAD BROTHER?

WHO LIKES TO EAT THE FLESH OF HIS DEAD BROTHER? My Grandsheikh was speaking on a point of utmost importance for everyone—about a very terrible and dangerous characteristic of egos which is the main source of every trouble for mankind, the fountain of evil and the famous 'arm of devils'

for turning people into each others' enemies and destroying good relations between people in general. We are very proud of our religion of Islam for the fact that it prohibited this worst characteristic of the ego. This characteristic is backbiting, and it destroys everything—thus it is strongly prohibited by Allah. My Grandsheikh says that we must be very careful on this point. Our faith (Iman) will never grow if we cannot desist from backbiting. Every time we backbite we do to our Iman what pouring acid on the roots of a young tree does to that tree. It is a very terrible action, and Grandsheikh pointed to the following verse (Ayat) of Qur'an in order to show just how terrible:

"O ye who believe! Shun much suspicion; for lo! some suspicion is a sin. And spy not, neither backbite on another. Would one of you like to eat the flesh of his dead brother? You abhor that (so abhor the other) ! And keep your duty to Allah. Lo! Allah is Relenting, Merciful."

(Surat-ul-Hujrat: 12)

Allah gave this ayat to the sons of Adam in order that they should hate that characteristic and be disgusted by it: you, when you backbite, are the same as someone who eats his brother's cadaver.

We must clearly define backbiting so that we can distinguish it and seek to avoid it: if you are plagued with a characteristic which you detest in yourself. and are trying to hide, and then someone comes along, spots it and makes it public with the intention of degrading and debasing you in the eyes of people—then he is backbiting. You are trying to hide your faults, and he comes along and spreads word of them around so that people's hearts may turn away from you.

On the other hand there are some people who are committing every badness and are proud of their doings, not caring what people think of them, not hiding, nor feeling any shame for their sins; if you are cautioning someone so that he may not fall victim of such a devil, then this is certainly not backbiting but, quite to the contrary, a duty. You must differentiate between the two: One person is, so to speak, dragged to evil because his ego pulls him there and he is too weak to resist, but he feels shame; the other is a conscienceless devil, and you must describe his characteristics exactly and warn. Allah Almighty Himself describes Abu Lahab, Nimrod, Abu Jahl, Pharaoh and Haman in the Holy Qur'an for this reason.

Another very delicate matter is that of giving advice (Nasihat). We must not tell people about their faults directly, but we must be tactful and indirect in our approach. In Turkish we use the example of the mother-in-law who wanted to correct an objectionable trait in her augher-in-law, but in order to avoid offending her she reprimanded her own daughter in the presence of the daughter-in-law for just that very fault which

she wished to correct in her. In this manner the daughter-in-law understood without taking offense. It is very important to USe this sort of tactic, especially in our times when people's feelings are more fragile than china teacups—you must be very careful.

In general, one must not tell anyone anything directly. When you see a no-good characteristic in someone you may say, "Oh my brother, sometimes I have such-and-such a problem with my ego, what shall I do about it?" Perhaps he will say, "Oh, I also have that problem." This is real guidance,

ABOUT BACKBITING: A STORY FROM THE LIFE OF THE PROPHET

Allah ;Almighty is teaching us so many lessons so that we may become suitable for His Divine Presence. Now

we shall speak about our Prophet's miracles. Every Prophet brought miracles and indeed must bring miracles, so that people can understand that he is an extraordinary person with a personality distinct from ours.

Our Prophet said: "Who so sees me (and the miracles that I have brought) and believes in me that is a grant from Allah Almighty to His servant but I am not surprised that those who see me should believe; what I am astonished by are that those who come after our generation are believing in me just from reading about me in history books.

reatest happiness (Tooba for those who have en me and believe in me, but seven times greater happpiness for those who did not meet me but are believing through having heard of me."

One day the Holy Prophet was sitting with his companions when two men entered holding their stomachs in pain, saying, "Oh Rasulallah, we have intense pain in our stomachs—please treat us with your medicine." The Prophet answered, "You must have eaten something which caused you this, you must have eaten some raw meat." "Oh Prophet, we haven't eaten any meat in fifteen days, hat to speak of raw meat." "No, you must have eaten raw meat I tell you." Again they denied it, he instructed them to induce vomiting, and each them vomited out large chunks of green, rotten raw meat. At this the two men were astonished on account of two things: Firstly, because they never ad eaten any such thing, nor would they have reamed of doing so, yet they regurgitated it from heir very own bellies; and secondly, because the pain they had been suffering disappeared immediately. "Oh Rasulallah, we swear to you that we never ate this." To this the Prophet replied: "Oh people, did you not just pass by the house of a certain person and backbite about him? Did not Allah say that whosoever back bites eats the raw neat of his brother's cadaver? Allah speaks only he truth, and this is proof of it."

When you are backbiting you destroy your own [faith and-that of your victim as well, because when one speaks badly about another, a bad current reaches to that person, and he wears- that offense as if it were a heavy burden around his neck. You destroy your faith and his faith, and bring darkness and madness upon him. For this reason it is strongly forbidden in Islam to defame one another.

On the other hand, if you are speaking good things about a person, a good current reaches out to him and sheds light on his soul, therefore, it has been ordered to make supplication (Du`a') for people in their

absence. The Prophet says that when a believer makes a du`a' for an absent brother, that good wish goes out to him and makes him lighter, stronger and more joyful; also Allah Almighty sends an Angel to that suppliant with the following good tidings: "As much as you are asking for that brother of light, strength and happiness , that much Allah is giving to you also." In this way both parties profit, and similarly, in the case of backbiting, both sides will suffer, as darkness will descend on your heart as well as his. If not for backbiting, relationships would be stronger, and as much as we are connected with each other the more Allah Almighty is pleased with us and extends to us His Divine Protection.

Our Grandsheikh was furthermore explaining that it a person back bites it means that he is burdening the victim with a heavy load so that it becomes difficult for him to bring himself to perform acts of worship. Allah Almighty has stated that He created man only to worship Him, and if you are backbiting you are cutting that person from worship, and thus killing him In this time the majority of people cannot perform the acts of worship asked of them; they are very heavy and lackadaisical in this respect but so quick and agile in serving the Devil and following his way. Backbiting is one of the biggest underlying reasons why people are delaying in performing their worship.

The Prophet says that Allah is the Judge of Judges and that no one can judge anyone as Allah does. If one is backbiting, he is making himself into a judge with no authority from the Judge of Judges: "So-and-so is a no-good person." Know that you are not the judge of your Lord's servants; He created them and He judges them as He wills! Who so ignores this point is making himself out to be a partner to Allah (Shirk), and this is one of the greatest sins—as Allah never accepts that partners be ascribed to Him.

Who seeks a partner? He who hasn't enough power seeks a partner, but Allah Almighty has Endless Power and All-Penetrating Will for what does He need to seek a partner? No partner for Him and no son. A man may be in need of a son to succeed him, but Allah has no need for a successor. His is Eternal Existence knowing no boundaries of time. Therefore, everyone must be very careful. I think this is enough to show us what a terrible thing backbiting is.

## Who Prevents Man From Believing?

(Mawlana Shaykh stands.) Yaa Rabba 'l `izzati wa 'l-`azhaamati wal-jabaroot. Ant Allah, subhaanak, sultaanak. Yaa Rabbana. Rabb 'ighfir wa 'r-ham wa anta khayru 'r-rahimeen. Zid habeebaka `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana, thumma as-salaatu wa 's-salaamu `alayk yaa Sayyidi 'l-awwaleen wal-akhireen, the Seal of Prophets, Sayyidina Muhammad (s)! We are asking Allah Almighty to grant you much more praising, much more mightiness, much more glory and much more majesty! Ameen. Thumma as-salaam `alaykum for all holy people who belong to heavenly ones and endless salutes to you also. May Allah Almighty give you much more honor for your barakah, and grant us to be on the Right Path, not to lose the real position of Mankind. (Mawlana Shaykh sits.)

Dastoor yaa Sayyidee, madad. As-salaamu `alaykum to all nations! As-salaamu `alaykum to those who are attending, giving value and giving a small time for listening to heavenly knowledge. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem, asking for protection from Shaytan and its tricks and traps. We are weak servants and we must ask. Shaytan is the weakest one. No one in Creation may be weaker than Shaytan. We are weak, but Shaytan's weakness has no measure. It claims that, "I am the most powerful one on Earth," and so many foolish ones are also thinking that Shaytan is saying its real position and they are fearing. But:

••••• •••••• •••••••••••• ••••• ••••••••

inna kayda 'sh-Shaytaani kaana da`eefaa
Feeble indeed is the cunning of Satan. (An-Nisa, 4:76)

O our Attenders! Hear and listen, and try to understand something. Shaytan is claiming that it is the most powerful one in Creation, and saying to people, "My commands must go on because I am teaching you some ways for which you are not taking care, but I am teaching you to be famous, as I am the Most Famous One in yourself!"
"Where are you?"
"Everywhere!"
"Everywhere?"
"Yes, I am everywhere!"

O our Attenders! Do you think you are looking and finding a place that Shaytan is not there? I am asking Salafi `ulamas, do you think that Shaytan is prevented to be in al-Haram ash-Shareef in Makkatu 'l-Mukarramah? And at the same time he was not in Madinatu 'l-Munawwara and Masjid al-Aqsa in Jerusalem, thaalithu 'l-haramaynu 'sh-shareefayn? They will say, "Yes, Shaytan was one." How can he be at the same time in all these holy places? And if he is not forbidden to be in the holiest places, what about other places? Alladhee baarikAllahu hawlahu. Shaytan is reaching everywhere. Therefore, Huuuuuuuu, Shaytan's darrar, harm is on people and everything in the east and west, from north to south. The most harmful one for Mankind is Shaytan, and when Shaytan is made welcome, harm is coming on that person, Shaytan is harming! Yes, Shaytan is terrible and you must take your protection or precaution, and look for a place where you will be in safety. That means you must ask for heavenly protection. If you are not taking heavenly protection, it is impossible to save yourself from Shaytan and its poisonous arrows.

But people now are opening both hands and saying to Shaytan, “O our darling!" And 21st century people are welcoming Shaytan and sending away holy ones and sending away the most holy one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) When people are sending away holy ones who come with heavenly blessings, Shaytan is coming with materials from Hell and burning people. And 21st century people are very happy with such instruments. They have technology, but technology is only on the surface of this world. It is forbidden for Shaytan and its servants to move up; they are thrown away with heavenly arrows coming down

from heavens. They are asking to know more things that are happening in heavenly stations, but they are forbidden! And people are running after such instruments and reaching only east and west, north and south, but they can't go up. Therefore, Shaytan is saying, "O my followers! I am looking but not seeing anything beyond my view; beyond it there is nothing else. You must look, if you can see, hear, or touch it." Therefore, materialism is spread from east to west, from west to east, from north to south, and from south to north. Materialists claim awliya are nothing, because they belong to the material world, saying, "Beyond that there is nothing." The learned people are saying, “Such far distances, we can't reach, and if we can't reach anything, then we are saying, 'It is nothing.'" Therefore, Shaytan is making most people return to this planet and occupy themselves with material aspects only, saying, “Beyond that is nothing.”

How can they say that beyond there is nothing? Do they have a proof of what they say, "We cannot reach beyond the three dimensions. We are not accepting there is anything beyond this." Who said to you that four dimensions do not exist? It may be four, it may be 400, or it may be 1000! Who is saying to you there is nothing in space among Creation? Who created this world in three dimensions is able to create another world in four dimensions!! You cannot say there is no other horizon, because when you reach a horizon there may appear another horizon. But shaytanic theories put in the heads of no-mind people make them imprisoned by three dimensions. They think they are controlling everything in this universe. How can you do that? What are you knowing? You are coming from your mother's womb and you are knowing nothing. You are taking something from here and there, making a collection, but not bringing any proof of your production, because every production of Mankind is from egoistic measures that belong to Shaytan. Therefore, all cursing is coming on people because of Shaytan!

Shaytan makes a limit because our physical being can’t carry more than this. Therefore, Shaytan makes a limit or hindrance, saying, "Beyond this is nothing." How there is nothing? That is a point with which Shaytan is cheating people graduating from higher education. They are, therefore, bowing to materialists and are not becoming humble ones to say, "Beyond material aspects we are bowing to the One Who is bringing material beings into existence." People are bowing to material aspects but Shaytan is never leaving them to think, “Beyond material aspects, Who is putting these material aspects in existence?" That is a sensitive point. Therefore, we are saying, no, you can't say, "No!" If this is in existence, Someone must be making this,

the whole material world, the universe and beyond the universe. Who is putting it there? So many universes are in existence; our existence is only one galaxy and there are countless galaxies. Why are they not asking, "From where are we coming, and to where are we going?" Nothing appears without a power. Power puts so many things in existence. But who is controlling the countless, endless Power Oceans? Whose command is going on and saying, "Come," or saying, "Go away."

Who is putting black holes in existence, or are they there by themselves? And are they moving or fixed? No, all of them are swimming in space. And is space something or nothing? Space must be put by Someone. Black holes can't be in existence without an order from Someone. So Who is putting the black hole there to swallow gigantic galaxies? But Shaytan is making the understanding of Mankind only on Earth and they are fearing to look up at nighttime. Everyday I am looking at the sunrise, and at the end of the day I like to see the sunset. I am wondering, how many times has that sun risen and set? When was its beginning? Do you or your technology know the answer? What is that foolishness?!

O doctors, scientists, and learned people! You must come to beliefs and say this existence is a show for the people living on this planet, put there by Someone we can't see, can't touch, and can't feel. And that One's Existence is beyond our imagination! Allahu akbar!!! Now, people of the 21st century are asking to reach something using very strong microscopes. The Lord of Heavens, Who created everything on this world, is sending a virus that the strongest microscope can't see. Also, they are asking to reach the last point in the skies using gigantic telescopes, but they are reaching a distance that is not worth mentioning. And our knowledge for the smallest part of this existence and of the most gigantic galaxies is limited. Why we are not going to believe? Who is preventing us to believe? That is Shaytan, the terrible one!

O Scientists! Do you understand what we are saying? They are now making me address learned people from religious sects among Muslims, Jews, and Christians. Why are you not making it clear to Man one belief, so they will say, "That is true." Holy books teach Man what is true. Why are you not making it clear, holiest one in Christianity, His Holiness the Pope? Why is he not ordering all teaching centers to change their nonsense beliefs and theories? Why is he not warning them to come to reality? And rabbis also; why are they not making it clear to people from where we are sitting? Where are we coming into existence and where we are going in existence? It has a reality. Why are they not making it clear? Muslims also; why are `alims not

saying: •••• •••• ••••••• •••••• ••••••• hal min khaaliqin ghayrAllah? "Is there a Creator other than Allah?" (Al-Fatir, 35:3)

(Mawlana Shaykh stands and sits.) Allah Almighty is asking, "Do you think anyone else is creating?" Why are you not making it clear, and you are making so many unfruitful discussions. Why? And that is the main reason that cursing is coming in the 21st century.

O People! Listen and use your mentalities! In 24 hours use even one minute to ask, how are we on this planet? The globe, how can it be? Who was first on this planet? So many questions! Why are they not teaching people? They are only saying, “We are Salafi `ulamas, we are doctors of Shari`ah.” Shari`ah is first commanding that you must believe! Belief is first and most important; if you are not believing then what is the importance of Shari`ah? Shari`ah is the heavenly order and if we are not believing in Who sent heavenly orders, then what is the meaning of Shari`ah? May Allah forgive us! We are waiting for an opening for Mankind. What is the reason for our believing? We believe in holy books and holy books say everything must have a beginning and an end. We are not reaching a beginning, but an ending. There are so many signs daily that we are reaching the end of Creation on this planet. One day they may be looking at the Earth turning in its orbit, and it may run out and no one can stop it. Think on it and don't sleep! It may go out from turning in its orbit and stop, and your technology can't stop that!

Allahu akbar, wa lillahi 'l-hamd. SubhaanAllah, Sultan Allah. SubhaanAllah.

O our Lord! Send us someone from your servants to teach us what is necessary to learn. So many people in their academies and higher schools are learning nothing.

As-salaamu `alaykum. May Allah forgive us for the honor of the Seal of Prophets (s). (Mawlana Shaykh stands and sits.)

Fatihah.

(Mawlana Shaykh prays two raka`ts Salat ash-Shukr.)

Fatihah.

(45 minutes)

(Many people sending salaams for you Sayyidee, asking for du`a.) Wa `alaykum as-salaam. They must make du`a for me.

Lefke, 31.05.2010

---

## Who Refuses an Invitation to the Lord Cannot be Safe

When I was about 9 years old I learned the translation of Bismillahi rahmani rahim. It means that we are servants, so we must respect our Lord, the One who created us. We shouldn't be heedless of Him, we are living with Him. If He wouldn't give us life, we couldn't live. That is why we owe Him the highest respect. We should never forget Him. We should try to ask for His Divine Help.
Mankind are probably the weakest creatures amongst the countless forms of creation, even though we consider ourselves to be the most powerful ones. An unseen virus can bring a person down and you can't even destroy it. That is why we always need a support. We can support each other and everything in nature can support us. But it is not enough. The most important support is from the Creator of nature. His support and help is important. If He doesn't help you cannot do a thing either for yourself or for anyone else. We need support from the unseen powers all of which are under the control of the One Who created everything.

We should humbly request Him to give us His support by saying, "Bismillahi rahmani rahim." at the beginning of any action. It means that we admit that we depend on His support in whatever we do. "Oh my Lord, I cannot do anything without You. Even if all the nations in the world would support me, it would not enable me to stand on my feet without Your permission. If You support me, all nations can be against me. I would still be standing up."

Take the example of the Prophet*: he was alone in the desert, an orphan. No-one was supporting him. He had no treasures. Everything was against him but he was told by the Lord to stand up on his feet and to call people to His Divine Service.

Was he supported, or not? Because of him a billion and a half people today are saying, "Ashaddu Allahi laha illala wa ashaddu anna Muhammad abduhu rasul Allah!". Since 15 centuries people have been doing this and every day from millions of minarets there is a call for prayer five times a day. Everyone was against him. None of his people accepted him. The Christians did not accept him, even though they knew well that he was the last prophet who had been foretold by Jesus Christ*. He said, "I am going, if I don't, the last prophet who has been mentioned, would not be able to come." It is written. Jesus* mentioned al Amin. In any Bible you can find in the index the two words, 'amen' and 'Amin'. Muhammad's* name was Amin. It means the Trustworthy One.

The Jewish people were also very well aware of God's message. He told them, "When the Last Days approach I will send you a prophet who will be like Moses*. Ishaq* and Ismael* were two brothers. Their father was Abraham*. But the first ones to attack the new prophet were Christians and Jews, even though they had been informed before anyone else.

There were kings in the Byzantine and emperors in Persia. The Byzantines were at their time like the Americans today and the Persians like the Russians. Muhammad* sent his message to both of them, "Come to Islam. If you don't, your kingdom and your empire will collapse!".

The Persian emperor just threw the letter away and within 30 years the huge empire was finished! The Byzantine king respected the letter and his kingdom prospered. The Persian emperor had been very angry when he received the letter. He sent two people to the governor of Yemen to send two of his generals to Medina to catch Muhammad* and bring him. When they arrived in Medina, they told the Prophet* that they had come to take him to the emperor. The Prophet* answered, "Last night the emperor who sent you to me, was killed by his son who is now on the throne. The order you received means nothing anymore!"

Whoever refuses an invitation from the Lord cannot be safe, no matter what his position is. The Lord of Heavens did not support Muhammad* by ordinary means for him to be able to gain such power. He was calling people to Islam. He was calling them to surrender to the Commands of the Lord. His army, who were

a unknown people from the desert, got out and destroyed the empire of the Persians and went all the way to the Atlantic Ocean.

When Allah supports someone, no-one can put him down. If Allah wants to destroy someone, no-one can help him. That is why I say, "Bismillahi rahmani rahim..."

**Who Says Laa Ilaha ill 'Llah Muhammad Rasoolullah Is Muslim!**

---

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli `alaa Sayyidina Muhammadan khatam al-anbiyaa wa 'l-mursaleen as-salaatu wa 's-salaam `alaykum yaa `ibaadillahi 's-saaliheen. (Mawlana Shaykh sits) As-salaamu `alaykum, yaa `ibaadillah.

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

O Our Attenders! As-salaamu `alaykum. May Allah (swt) forgive us and bless you. We are saying, "A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Allahuma ay`eenoonaa bil `awn min `indak alaa inna nasrullah qareeb.

O People! We are reaching step by step to the Last Day;Yawm al-Qiyamah is approaching. Try to be with Allah Almighty's orders, keeping and holding on to the ways of Mankind as related to us by the Seal of Prophets (s). We are now living in a time in which the Signs of the Last Day are going to appear, as Allah Almighty says:

•••••• ••••• •••••••••••••

Faqad jaa ashraatuhaa. But some of its Signs (of the Last Hour) have already come. (Muhammad, 47:18)

For a long time we have been reciting Holy Qur'an, in which Allah Almighty showed His Signs to warn people. Why did He say, "Faqad jaa ashraatuhaa" 1500 years ago? Signs have appeared since then, so what about the situation now? SubhaanAllah! The Seal of Prophets (s) informed us of the Signs he knew and told people to take care.

First of all, Qur’an `azheemu shaan, Holy Qur'an is in the Arabic language and it is first of all for Arabs to understand and preserve. For that reason, people from Arabia, from Mecca and Madinah, took the heavenly message, began to walk and they reached people, giving the last prophecy sent from Heavens to warn them, “O People! Who created you? Who put you on this planet? Who created this life to make you on it and to come back?” Rasoolullah (s) informed his Companions (r) and they believed what he brought from the Heavens and they also went from east to west to spread the heavenly declarations for people.

O People! You are not coming here forever; everyone’s time is limited and then we are going to disappear. Finally, the whole world will reach a day when the Trumpet is blown, when every living thing will leave its physical being and souls will be collected. There are so many Signs that have appeared, as the Seal of Prophets (s) spoke about. Now we have reached those Signs, and many unexpected events are going to appear daily, as the Seal of Prophets (s) informed us that the Last Days are approaching. "My nation, as it was brought from the Heavens, as Archangel Gabriel brought it, I gave it to you."

There are so many Signs of the Day of Resurrection coming. Huuuu! SubhaanAllah! Mankind will be like wild creatures, with no more mercy in their hearts. When mercy leaves hearts, people begin to kill, fight and destroy. They are asking to finish everyone who is alive so there will be only a handful of people on the Earth. Now we are in that era, and everywhere people are fighting amongst themselves. Every nation has civil unrest. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem! A whip will come with unexpected and terrible events like earthquakes, tsunamis, hurricanes, floods and sudden storms. All of them are Signs of the Last Day, but people still do not say, "O our Lord!" Instead, they say, “It is nature.” As long as they say this, “nature” will come against them daily.

Above all, everywhere nations are fighting internally. One man says (a tyrant) says, "This area and continent belongs to me." For what? You are only one person. People are looking for their rights, and they don’t want to be prevented from their fulfillment. They are asking for their rights and someone is saying, "No, I will not give anything to you! Everything is for us and you must be our slaves." We find this everywhere. SubhaanAllah!

•••• •••• •••••••••• ••••• ••• •••••••• ••••••••• •••••••• •••• •••••••••• •••• ••• •••••• •••••••••••• •••• ••••••••••••

••••••• ••••••••• ••••••••• •••••• •••••• •••••• •••••• ••••••••• •••••••• •••••••••••• ••••••••••••

Qul huwa al-qaadiru `alaa an yab`atha `alaykum `adhaaban min fawqikum aw min tahti arjulikum aw yalbisakum shiya`an wa yutheeqa ba`dakum baasa ba`din undhur kayfa nusarrifu ’laayaati la`allahum yafqahoon. Say, “He has power to send calamities on you from above and below, or to cover you with confusion in party strife, giving you a taste of mutual vengeance, each from the other." See how We explain the signs by various (symbols) that they may understand. (al-An`am, 6:65)

“People, I am not going to send a heavenly punishment on you; it is not from up or from down. But if you continue to run away from My heavenly orders, I will make you into so many different groups and enemies of each other.” This is Qur'an al-Kareem. I am sorry that people in the Islamic world are not taking care about this. Allah Almighty sent Shari`ah, His holy orders and commands from Heavens, but people are not looking toward it and they are never going to be obedient. Shari`atullah is one, and He is the Lord of Heavens, our Creator, and He is sending us His holy commands. People now are leaving the holy commands, saying, "No, we are going to bring better things!" Those are shaytanic ways to bring people away from Paradise with Shaytan to the ways of Hell. Every day people are dying. For what? To follow Shaytan! Leave that democracy; it is the way of Shaytan. Come and keep the way of the Lord of Heavens. Why aren't you making things in the way of Heavens? Why are you collecting people, making a constitution and a parliament according to your egoistic desires?

They are doing wrong and making this rule for everyone, and everywhere they are fighting and killing. How can there be peace on Earth if people are following Shaytan? If they are following the rules of Heavens, there will be safety in the sweetest, best and happiest life, both here and Hereafter! In Akhirah, we can reach Eternal Life; Allah (swt) calls us to it but Shaytan says, "Don't believe that. Kill each other, follow me and you will be happy." How is that a sweet or happy life? What country is going to reach such targets? All their lives are living in fire. I am calling all nations. I may be a weak servant, but as the Seal of Prophets (s) was told, “Tell them you are only a warner.”

If anyone listens, they will be happy here and Hereafter. If they don’t listen and run after Shaytan, they will go to the Fire. But they are not listening, particularly Arab nations who are leaving Holy Qur'an and heavenly orders, asking to make a parliament. What is that? You are leaving Holy Qur'an's orders and asking to make something according to shaytanic ideas, because one shaytan, Darwin, said, "Don't believe anything, we come

from monkeys." Shame on the Islamic world to teach against holy orders! Therefore, they are going to kill each other and Allahu `aalam, there will remain only a handful of people on Earth. Look at what Shaytan taught you! I am sorry that people of the Islamic world are leaving the Holy Qur'an to follow teachings of the western world, saying it is “civilization.” What civilization? Beware of wild animals! Are western people civilized and we are animals from the jungle? What is that? They are following Shaytan and he is carrying them to hells, both here and Hereafter.

O People! Come and listen, hear and obey heavenly orders! Take away shaytanic ideas and do not implement a parliament, do not hold elections or implement democracy! Shari'ah, Islamic commands, are best for you here and Hereafter and if you don't do this, you will regret it. This is a holy month, Muharram al-Haram, and so many things will appear. There will be people of two parties preparing to destroy each other. Navies, for what? To kill Mankind, to kill nature and everything in it! Why is this? Those are Shaytan's orders and shaytanic commands to people.

I am calling to Obama, to His Holiness, the Pope, to the Dalai Lama, to gentlemen and ladies. It will never happen that ladies will guide a big nation. The French are also coming and I am very happy. I am calling them. I am happy that no one is coming to kiss Her Majesty the Queen, but instead they bow in front of her as that is high manners.

More than sixty years ago, one shaytan brought communism. Royalty was ruling and they were taking away their rights, so it can't be. When that shaytan came, you heard what happened in Yemen, Damascus, Libya, Baghdad, Turkey, Iran, Afghanistan and Pakistan. I am making for Pakistani people the ocean for sailing; this is better than to fight each other. Make a big city on the ocean, with no government, no parliament, no democracy.

O People! Come and listen! I am calling the First Ones. There is a First Lady, but there is not going to be a First Man. I am calling to the First Ladies, look after your husbands and your nations and see what they are doing! They are trying to destroy everything on Earth. First Ladies must take a stick to their husbands, because they are trembling in front of the First Ladies. I am calling them, telling them to come and say they are doing wrong things. The dunya, the whole world, is in such a way. Allahu Akbar! Allah! Yaa Rabbee! Yaa rabb!

••••••• ••••• ••••••• •••••••••• ••• ••••••• •••••

iba`th lanaa maalikan nuqaatil fee sabeelillah. "Appoint for us a king, that we May fight in the cause of Allah." (al-Baqara, 2:246)

O People, come and think! I heard Ghadafi was going to advise the Egyptian people. What does he know? Some of them say, "We are Salafi," and others say, "We are Ikhwan." What about us? If some of them are Ikhwan, some Salafi, some Wahabi, what is our way? We are Muslims, followers of the holy ways of Heavens! Who is saying they are the Ikhwan? Anyone who says, "Laa ilaaha illa-Llah Muhammadun Rasoolullah" is Muslim! How can they say, "You are not Muslim if you don't keep our ways." We are following the ways that the Seal of Prophet's (s) taught us; we must follow that.

••• •• ••••• ••••• ••• •••• •••••

Fa inna kullu muhdathatin bida`atun wa kullu bida`atun dalaala, "Every new thing is innovation and every innovated thing is a misguidance."

They are on the wrong way and they are keeping people from the way of the Prophet (s)!

I am a weak servant and I am warning, "O People! Come to Islam with your dress, your minds, your hearts, your actions. Follow the Sunnah of Rasool (s)!"

•••• ••••••• •••••••• ••••••• ••••• ••••• ••••• ••••••••• •••••• •••••• •••••••••••• •••••••••••• •••••• ••••• •••••• •••• ••••••••••••••

qul hadhihi sabeelee ad`oo ila'Llaahi `alaa baseeratin anaa wa mana'taba`nee wa subhaanallaahi wa maa anaa min al-mushrikeen Say, "This is my Way.This is my way: I do invite unto Allah,- on evidence clear as the seeing with one's eyes,- I and whoever follows me. Glory to Allah. and never will I join gods with Allah." (Yusuf, 12:108)

Sabeel halli, Rasool (s) was taking from the Heavens. Keep that way! If not, you are going to be destroyed. There is no hope for Mankind if they are not coming to Islam.

This is a strong month, Muharram, in which Allah (swt) granted His heavenly support for prophets. After this month there is Safar al-Khayr. What is going to happen then only Allah knows. I don't know if a war will

begin in which two-thirds of the people may die and burn and disappear. Only those who follow the holy orders of the Heavens will stay.

May Allah forgive me. My English is very poor and my Arabic is little, but people may understand. The Arabic language is perfect, but I am a weak servant and nothing else.

Yaa huuu! Think on it. I am asking forgiveness for me and for all nations. We are looking for Imam al-Mahdi (a) and Jesus Christ (a) to come and kill every anti-Christ! Yaa Rabbee! Tawbah, astaghfirullah.

Fatihah.

(Bay`a)

**Who supports Kufr, will disappear. Who supports Islam, will be supported**

Who supports Kufr, will disappear. Who supports Islam, will be supported. Who is lazy, is not going to be beneficial.

Audhubilahi mineshaitana rajim. Bismillahi Rahmanir Rahim, by the Name of Allah Almighty, most Beneficient and most

Merciful. We are asking from Allah Almighty not to fall into shaitanic traps. Don't say: I am not falling, I know his traps. Ask from Allah to protect you from falling into the shaitanic traps, and- glory to Allah- Shaitan is putting countless traps. Like a hunter is putting traps in the jungle for hunting, Shaitan is not leaving out any place on earth. On every step he is putting a trap, and they are dangerous, may kill, may injure, may catch. It is so easy in our days to be caught in one of those traps, because whole mankind is being directed by Shaitan or his representatives who are devils. And the Islamic world also, because of their heedless position, is falling easily into shaitanic traps, because the whole Islamic world is completely directed by their directors to follow western countries. You can't find any territory in the Islamic world that is not orientated towards

western countries, and they learned through their leaders, their leaders making them to believe that civilization is through western countries: 'If you are asking to be civilized, you must follow the principles of the western countries. If not, you should be uncivilized people, and no value for you, but your value may be like the value of cattle or flocks, some wild, some not.'

In the sight of western people the whole Islamic world is on the lowest level, and always they give this idea, which is working on the Islamic countries, to make the new generation believe that western countries are civilized, 1st class people, top class, and we are uncivilized, because we are on earth and they are on skies.

The whole world is now under shaitanic hegemony or direction, and always oriental people including our people, never like to be from oriental people. They look to themselves and ashame, if they come to be known as from Asia or Oriental countries, ashaming to say what they are and where they live, because western people always look down on them.

And in reality Shaitan has destroyed the western countries. They are not civilized, but their image is shown as being on the top of civilization.

From out looking you may say: 'Oh, first class people', but inside they are rotten. And Shaitan is asking to make Islamic countries to be like western countries- outside and inside rotten, destroyed, and he is teaching the leaders of the Islamic world, urging them to try to be western people. As the Prophet informed 15 centuries ago, warning his nation: 'Should come a time, when the last days are approaching, that my nation, who accepts me as their prophet and accepts what I brought from my Lord, the Words of the Lord Allah Almighty, should try to follow the People of the Book before them- Ahlul Ingil and Ahlul Taurah, Christians and Jews.' Musa a.s. had been granted the Taurah, the Old Testament, and Isa a.s. had been granted the Ingil, the New Testament, the Gospels. Our most honoured Prophet Sayidina Muhammad sws was warning 15 centuries ago and he said: 'My nation is going

to follow those two nations, Christians and Jews, who are not accepting and following me, in what they are doing and try to do the same, and they should follow them step by step in everything.' That is from his miracles. If some of them would dig a hole like a rabbit, a mole or a fox, enter and only the head is outside- if my nation was seeing western people bringing that as a new fashion to do, they should follow them, because it is a fashion, and they should say: 'We must do that also and enter in it, because Europeans made that in their garden.' And they should do it. They are fully taking care to follow the Ahlul Kitab, Christians and Jews. Blame on those Muslims! Therefore- last night was not for us, but our heedless people prepared themselves during one year to do what western people, Christians, do. I am not saying Jews are doing, because Jews never participate in the New Year ceremony. They only prepare everything for the heedless Muslim world and Christians. They made the Christian religion and belief as a film, a theatre. No meaning now for Christianity- finished. Only may carry people through such nonsense things like to make a New Year ceremony. They are trying to give it the image of a religious night, making it for their people as a holy night, but it is not reality, because the Christian world is not accepting that night to be the birthday of Jesus Christ, some say it is nonsense, it has no meaning.

But Jewish people prepare it to milk the cows, the Christians. In one night Christians give everything they saved in one year, spending it in one night. Their boxes were full and the Jews always bring empty boxes, even they keep their money, and when the Christians make this ceremony, they pour their money in those Jewish boxes, filling them. Then the Jews put a stamp on it and say: 'Put this in our treasure.' And this morning the Christians and our heedless people look to their pockets and say: 'No money now.' The house/keeper may say to bring something to eat, but finished: 'What we had, we spent, today there is nothing. How you are asking? Sleep, take valium, so you don't feel the hunger.'

I am speaking for the Muslim world, because for Christians it is according to their belief. But our heedless people don't believe in any prophet, only in Shaitan and what he is teaching them to be true. New Year ceremony- from yesterday up today people came from up to down, falling, and nothing is with them. Now they think what to do. Shaitan is telling them: 'Don't worry. There are so many kinds of works, I may employ you to kill people, to assault people, to burn people, to steal from banks and markets, and you are excused, because you have no money and you must do this.'

The crises is coming now. From today on it is going to climb. That is the way of Shaitan, everywhere he put his traps, and billions of people are caught by them. Everyone is thinking in a bad way, and their vision of Dunya yesterday was pink, today the whole world changed to black. How it was yesterday? How quickly it changed! I am dreaming or awake? I think I am not sleeping, but today Dunya is black and yesterday it was pink. No sun shining? We don't see. Pink colour finished. The world today is like burnt- a shaitanic fire is burning the whole world in one night. Shaitan is cheating people to prepare them for one night, and it passed so quickly, and he is giving them only chance for one minute, when the lights are extinguished. That moment he is giving to them the chance to do everything; that is the top point of their pleasure. And all people are drunk, can't taste anything from those pleasures, from eating, drinking- finished. For one minute they do something, but never they taste anything, no pleasure, because they are drunk. And today they say: 'I am not remembering, because first time I used this drink, so I lost myself, I was not an ordinary person, I never know what I did, I didn't taste.' Shaitan is saying: 'It doesn't matter. Next year you may try more than this year. There are more New Years for you- 2oo3, 2oo4, don't worry. I am teaching you. Now I prepare something for you to be for you forever. This year was experiment, you tried.'

Next year so many people who make this since 5o or 6o years, will say:

'Every year Shaitan has been our guide, but we find nothing. And we lost our will-power, we can't command ourselves, we are carried like a stream is carrying people, when they fall in it.'

O people, don't be cheated by such a ceremony, it is the biggest trap that includes billions of people. Other days or nights are for a part of people, but this night is for all mankind. Shaitan prepared that biggest trap for mankind to fall in it, and they fell in the shaitanic baptising pool, entering, jumping in it, and it is the dirtiest sewage sea or ocean.

And today people wake up and they see that all clothes are so dirty everywhere, that they cannot clean them in one month. That is shaitanic guidance for mankind, to make them unhappy, to fall in miseries and for their suffering to continue.

May Allah save us from the satanic traps. O people, use your mind. What we say is reality. I am not speaking imaginations but reality. I am not cheating you; I make you to understand, what I am saying. Europeans say: Realist. I am realist to show you everything on its real position.

If you can, save yourself and follow good ones. Our Grandsheikh said that happiness for mankind here and hereafter is to be with friends of Allah, Saints. Who is with them will be in safety, happiness, contentment, satisfaction, and in peace, because the friends of Allah are in peace, endless happiness and enjoyment. They are taking enjoyment and peace from Allah, and mercy and blessings are coming on them. Therefore those, who are going to be with them, are also going to be blessed and should be happy forever. But who is going with the friends of Shaitan should sink down in misery and suffering. O people, ask for good ones, who belong to Allah, who are the servants of the divine service. Look after these people. I was asking one brother whom I sent to Hijaz if he saw in the holy places of Mekka and Medina any friends of Allah, and he said that all those whom we knew, passed away. Now there are some ones who think that they are friends

of Allah, but they are so far from that. They are closer to Shaitan than to Rasul. That means finished and disappeared- the friends of Allah are veiling themselves.

Who is asking for them should ask seriously to find them. It is not easy to find a ruby without tiring. Rubies, emeralds and diamonds are not like black stones, they are rare minerals, but of black stones you can find tons, you can find them everywhere. The friends of Allah are rare. If you are asking truly, seriously, they may show themselves to you.You must look for them.

May Allah not separate us from His good servants. There was one dog that went to Paradise, because he never left the Seven Sleepers of the Cave.

But people are not looking after holy ones anymore. Rather they follow liars, hypocrites and unbelievers to hell. Now the sword of Haqq is about to be drawn.

O Allah, may You take the power from those who are against You, who don't want to know about You. The holy ones are asking for that. This year the power will leave those people.

## Who Will Be Thrown Away from the Divine Presence?

(Mawlana Shaykh stands.) Allahu akbar kabeera walhamdulillahi ‘l katheera wa subhaanAllahi bukratan wa aseela. La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah Sayyidina wa Nabiyyina wa Mawlana Muhammadun Rasoolullah, Habeebullah, Noor ul-`Arshillah. Allahuma zidhu `izzan wa sharafan nooran wa surooran sultaanan wa ridwaana. Wa man tabi`a tabi`ahu min `ibaadika min al-Awwaleen wa’l-Akhireen yaa Rabb. (Mawlana Shaykh sits.)

As-salaamu `alaykum yaa `ibaadAllahi as-saaliheen. As-salaamu `alayka yaa Sahibu 'l-Waqt. As-salaamu `alaykum yaa Budala, Nujaba, Nuqaba, Awtaad, Akhyaar ma bayna al-mashaa`riq wa' l-maghaa`rib.

As-salaamu `alaykum our attenders from Mankind and from jinn, because there are some ones appointed for protecting Mankind from bad souls from jinn and shaytans. From Mankind and jinn, some are appointed to look after all Mankind so that bad souls and Shaytan can't touch and injure them, because Shaytan and its armies have poisoned arrows, not ordinary ones.

O People! Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Run to Allah!

That means run to those ones who are representing holy ones from heavens. They must be on this planet as this planet can't be without guardians from jinn and Man also. Huuuuuu. O People! Say, bismillahi 'r-Rahmani 'r-Raheem. It is your protection when you are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem; and also say, bismillahi 'r-Rahmani 'r-Raheem. It is your protected area that Shaytan can't step on.

O our Attenders! When I was in childhood there were the days of festival, and so many people were coming and enjoying, selling and buying so many things for children to make them happy. like riding on horses and coming around and such things. I was perhaps 9-years-old or 10-years-old and the `Eid festival place was nearby. I was going and once I met a person sitting. His tarbush, fez was tilted. He was an old Ottoman with old-style customs (clothing), and he was sitting. I was looking that so many children were around that one. I was coming and looking at what that one was saying. "O my attenders, look, who gives half-piasters will take three piasters (old Victorian coins). I am putting here. You give half-piasters, and I am giving to you three piasters." They were making like this (pulls hand back quickly) and they did not know what was happening. So many children were coming, "Give half-piaster, it is for me, this (in the water) is for you, take and go, I will put another one in." There was a small box with water and a silver coin in it and he was asking them to take it. He was doing, (turning a handle) brrn, brrn. (like an electrical noise). "Take! Take, why you are not taking?! You put half piaster, and take." He was making like that, brrn, brrn, and we were not knowing what is happening. He was saying, "This half-piaster for me, and this for you. Take it and go away. I will put another one."

When Shaytan is asking to approach us and we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem, the angels are going brrn, brrn, brrn, and Shaytan can't come and is escaping. Shaytan thinks Mankind is left haphazardly and it is easy to touch Man. And so many are trying this (referring to electric box) and are not giving their piasters and taking them away. If a person is saying, a`oodhu billahi min ash-Shaytani 'r-rajeem, Shaytan tries to touch and runs away. Therefore, say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem, and then don't worry if it is asking to touch you, it will escape. From east to west, from north to south, Shaytan is more than Mankind and fills everywhere, but they can't do anything if a person is taking his guard. Don't forget to say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. That is important for every time that Shaytan is trying to touch people or to send its

poisonous arrows.

Once I was going to the market and I asked Grandshaykh, "Anything to say, O my Master?"

"Nazim Effendi, go as you are going, with salaamaat; safely go and safely come." What does that mean? When I came back, he asked, "What happened, Nazim Effendi?"

"As you are saying, I did."

"Did you understand what I meant to say?"

"As you said, I understood it, or is it difficult to understand what you said, 'Go safely and come safely'?"

"O Nazim Effendi, Shaytan is everywhere. If a Man goes out of his house, seven shaytans are around to make him do something that makes Allah Almighty unhappy with him."

If there are seven shaytans for men, what about women? Seventy shaytans are waiting for women with arrows on them! Therefore, when they are going out, half their mind is left in the market and the other half comes back. (Mawlana Shaykh laughs.) And the Lord is completing their mind until they are going out again. That means, don't leave Shaytan to throw its arrows on you. Some arrows are ordinary and some are poisoned. Poisoned arrows make a person ill. The illness may be for their physical being, it may be for their hearts, it may be for their minds, or it may be for their understandings. That is dunya. Therefore, to guard people, Allah Almighty is ordering, "Say, a`oodhu billahi min ash-Shaytani 'r-rajeem, then say, bismillahi 'r-Rahmani 'r-Raheem, and you shall be protected." And now, everywhere is 100% full with poisoned arrows. People think their illnesses are only from their physical beings and some wrong things in their physical being. No! Poisoned arrows are touching people and making them ill and no doctors or medicines can treat them. Doctors are saying, “Up to tomorrow, you are going to be okay. If so, we have hope you are going to be healthy.” Mashaa-Allah. So quickly you are understanding? Mashaa-Allah.

O People! Our attenders, beware! You are writing, "Beware of dogs," and you should write, "Beware of Shaytan." First, O Salaf us-Saalih `ulamas, and second, Azhari 'sh-Shareef `ulamas, and then doctors of

Shari`ah, I am saying, are you going to say to people that they should beware anything? If you say that you are not understanding, how can you claim you are doctors? Laa hawla wa laa quwwata illa billahi 'l-`Aliyyu 'l-`Azheem. Allah (swt) is ordering His servants, "You must have someone that warns you against the most dangerous thing." And the most dangerous thing for Mankind, physically and spiritually, is Shaytan or following Shaytan, nothing else. Therefore, Allah Almighty says, a`laanu 'l-harb, ordering in His holy book, al-Qur'an al-Kareem, that you must declare war between you and your dangerous enemies. A`laanu 'l-harb, Allah (swt) is ordering the nation of Muhammad (s). (Mawlana Shaykh stands and sits.) Standing up is good sometimes because most of the people are falling asleep, and when they stand up sleep goes away! (laughter) Therefore, I am advising Salafi `ulamas and doctors of Shari`ah, stand up from time to time. People are saying, “What is going on? Did something happen that he is standing up?" Yes, if standing up for five minutes they may hear. Stand up! That is a good way to take away heedlessness from people. Salafi `ulamas are saying, “We know everything,” but I am teaching you something you don't know! You must come to me for teaching you. You must come! (Mawlana Shaykh stands.)

••• ••••••••• ••••••••• ••••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuha 'l-ladheena aamanoo ittaqullaha wa koonu ma` as-saadiqeen.

O you who believe! Fear Allah and be with those who are true (in word and deed). (9:119)

Stand up a little bit to leave your heedlessness and not be sleepy. (Mawlana Shaykh sits.) Some of them are thinking, "What is happening? For what are we standing up? We are standing up but I am not understanding. We must look at what the doctor of Shari`ah is saying. If he is standing up, we must stand up also." This is a good style for addressing people, particularly for khutabah, Friday preachers, because they are making it so long and people are sleeping; they are even dreaming! (laughter) When you say, "Stand up," people are thinking someone is attacking the mosque, then standing up! (Mawlana Shaykh laughs.)

Someone asks, "What happened?"

"O my brother, one snake just appeared that they are asking to get out. Therefore, our speaker is warning us

to look after it."

"Where is it?"

"Just passed."

"We must take much more care!" Then they are awake and listening.

Allah Almighty is saying, "O My servants! Keep My orders with the most high respect. I am the Creator and you must try to be as I like. If you are not going to be as I like, I am sending you away, throwing you out!"

O `ulamas! You must declare it to people to be careful, not to be thrown away from the Divine Presence. The one thrown away from the Divine Presence is finished! That is important; to be with your Lord, Allah Almighty. (Mawlana Shaykh stands.) Some people are sleeping, perhaps our attenders, so many of them. Therefore, I am making them stand up. (Mawlana Shaykh sits.) "O my brother, I was just dreaming and Shaykh says to stand up. I lost what I was dreaming!" Better.

O People! Give your high respect and take high respects from heavens; don't take imitated respects from Earth. That is nonsense! Try to take real respects from heavens. When the Lord of Heavens, the Creator, is happy with you, He is granting respect from heavenly ones. That is better. Don't ask for respect from common people. Respect from this life doesn't have any value but asking high respect from the Lord of Heavens allows you to take real respect. Allah, Allah. SubhaanAllah. Sultan Allah. People are not interested in such things because they have not been taught. The Holy Qur'an gives life to peoples' spirituality and their physical being. Those who follow heavenly teachings never say, "O my head, O my stomach, O my feet." No, a good life has a good end. A good life in this world will be an excellent life in the next, Eternal Life.

O People! Try to prepare yourself for an excellent, most sweet, most joyful, most pleasing and satisfied life! Ask for that life and try to reach it before you leave this dirty life. Our physical beings are always becoming dirty, outside and inside. Beware of being dirty. What does it mean, O Salafi `ulamas, •••••••••• ••••••••• wa thiyaabaka fa-tahhir? "Clean your clothes."Are you understanding what is thiyaab? This physical being is

covering our spiritual being and that is our clothing. Keep that physical being clean and you will be happy, here and Hereafter. Your physical being will be taken away in the Hereafter because you will be dressed with another dress that belongs to Eternity. Don't waste your time to this very short life, but try to reach that Eternal Life in very clean clothes. If you are not cleaning your dress, you will be cleaned when you are dying or when you are in the graveyard, or the Day of Resurrection, or when you are going on the bridge of hells. If not enough, you will be falling down to be cleaned. It is so simple to clean ourselves in this life, for Eternal Life. May Allah forgive us.

O People! Try to be clean ones. O our `ulamas! What is cleanliness, what do you understanding about it? You say that you are doctors, then say what is cleanliness of our selves? We are not making our souls on one hand and our material being on the other but both must be observed. What does it mean, tahir? Washing with so many things? No. Wa thiyaabaka fattahir, make your material being so clean that you will not be taken away to a cleaning place. Clean ones are going to a clean place and dirty ones are going to a dirty place. Keep your way. Dunya is making people dirty. Try to make it down. Don't make reaching large sums of money and treasures your last target. They are not giving you any cleanliness. Throw away what is in your hands and come to Allah Almighty, to His Divine Presence, so that He may grant you what no one can imagine, what no one has seen, and what none among people may understand. And that opening may come to you on the Day of Resurrection, •••••• ••••••••• ••••••••• Yawma tashaqqaqu 'l-`ard, “The day the Earth shall be cleft.” The whole of heavens and Earth will just open and give what is in it. That means you, yourself, everyone has a special world. Your dunya belongs to you, His Highness' dunya is something else. That will just open and you may look inside it. May Allah forgive us.

Allahu akbar wa li-Llahi 'l-hamd! Tawbah yaa Rabbee.

(Mawlana Shaykh sings)

Dome, dome, dome, dome,
Dome, dome, dome, dome,
Dome, dome, dome, dome,

Dome, dome, dome, dome.

Dome, dome, dome, dome,
Dome, dome, dome, dome,
Dome, dome, dome, dome,
Dome, dome, dome, dome.

Some music is making you dirty, and some music that belongs to heavens gives you cleanliness, happiness and enjoyment. Look to that heavenly music!

Dome, dome, dome, dome,
Dome, dome, dome, dome,
Dome, dome, dome, dome,
Dome, dome, dome, dome.

Let angels welcome you when you leave this dirty shape here and go to the graveyard. May Allah forgive us.

Fatihah.

Shaykh Hisham Effendi? (Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

(43 minutes) Mashaa-Allah.

(Mawlana Shaykh prays two raka`ts shukr.)

Lefke, 25.05.2010

## Why Allah (swt) Sends Floods

Yaa Rabbana, yaa Kareem. Yaa Rabbana, yaa Raheem. Yaa Rabbana, yaa Kareem! As-salaamu `alaykum. Dastoor, yaa RijaalAllah. Madad yaa Sayyidi 'l-Awwaleen wa 'l-`Akhireen. (Mawlana Shaykh stands and sits) Yaa `ibaadAllah as-Saaliheen amiduna bi madadikum. Allah, Allah. SubhaanAllah. Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem! Yaa Rabbana yaa rabbighfir warham anta khayru rahimeen.

••• ••••• •••• •••• •••••• ••••• •••••••• •••••• •• •••••••••

Shahru Ramadan awwalahu rahmat wa awsatahu maghfira wa akhirahu itqan min an-neeraan. The first (ten days) of the month is mercy, the second (ten days) is forgiveness, and the last (ten days) is salvation from the Fire.

O our Attenders! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands and sits) If we are standing up a thousand times for Allah Almighty's respect, it is always nothing, nothing, nothing! Don't be lazy ones! Believers who believe must always be powerful. Those who are asking power from eating and drinking, their levels are on the levels of animals, because animals are taking power from eating and drinking. Therefore, their owners are always keeping a sack with barley or a few have wheat. Wheat is for Mankind and barley is for donkeys. But now people are

very anxious, because they are looking that when donkeys eat barley they are getting too strong. Therefore, they are saying, "What must we do? We can't eat barley." Then people think they are going to eating barley and Shaytan is saying, "Make beer, a drink from barley, and when you drink it you will become strong like donkeys."

First of all, German people are making beer. Irish people are saying, "No, we are drinking whiskey." Russian people are saying, "We are making our famous drink from potatoes."

From potatoes? Yes. Who remains? The very famous drinkers, French people, are saying, "We are not using such things, we must make our drinks from grapes, as it has been said in holy books about grape vines. But the most powerful one is barley. We tried everything, but we are not finding anything like powers of barley, because when we are drinking beer we may shout like cocks! Yes, then we are becoming very powerful. Therefore, we must use it because our teacher, our dearest friend, Shaytan, is teaching us to making drinks from barley to make us sound like donkeys."

And people everywhere are drunk now! Everywhere they are drinking, and the Lord of Heavens prohibited, "Don't drink such drinks that alter your minds and make you like donkeys, shouting like wolves, attacking like foxes, making trips and traps, and so many kinds of wild animals! Mankind has been granted an honor!”

Allah Almighty just created every Creation on this world and then He sent Sayyidina Adam (a) and his wife to be king (and queen) on this world. Allah Almighty is not making for Mankind a final preventing not to come to Paradise, but saying, "You did something wrong, go down and be clean. When you are going to be clean, I am taking you in Paradise, because you did something that made you dirty and dirtiness can't be in Paradise. You disobeyed, you ate dirtiness, and therefore, Paradise is not a place of disobedient people, so get out! Be clean and then come. Until you are going to be clean, it is forbidden for you to enter Paradise."

That is all prophets' declaration and message, "O People! In the end, your Lord is not making you not to come to Paradise, but He is ordering, 'You must be clean, then you may come in.'" In this life if you are not cleaning, maybe in your graveyard you will be clean, or on the Day of Resurrection, and if not, finally you will be taken to hells and cleaned. And then the entrance of Paradise is opening for you, but the entrance of Paradise will never be opened for dirty ones; they must be kicked out! That is the heavenly message that

124,000 prophets brought to people, "Come back and be clean, because Paradise can't have dirty ones."

Therefore, can you enter mosques and you are not clean? You are coming to mosques and the Lord of Heavens is ordering His angels, "Look at My servants who are attending, coming to Me, and asking to be clean ones. Make them clean and bring them to My paradises!"

O People! From east to west, it may be they are hearing or not. O our Attenders from east to west, from north to south! The first command of the Lord of Heavens, the first condition is, "Be clean and come!" If you are not getting clean, impossible. Even if you are living in this life and you are not going to be clean ones, you will also be kicked out from this world and from the community. Communities are teaching, if you are coming to their gatherings, "Go, dirty ones. Come clean and you can be with us. If you are not clean, you can't be with us." And that is a sign for believers. Believers must be clean!

What was the Seal of Prophets (s) teaching all prophets? Our Prophet taught all prophets; no one can be taught by the Lord of Heavens except the Seal of Prophets! Allah Almighty taught him, and the Seal of Prophets (s) was teaching all prophets. Allah Almighty was saying to His most glorified and chosen one in His Divinely Presence, "O My honored one! Say to all prophets that they may say to their nations to be clean, and say, ••••••• •• ••••••• An-nadhaafatu min al-imaan, 'Cleanliness is from (basics) of faith.'"

Cleanliness is the pillar our beliefs stand on. If no cleanliness, no imaan! Dirty ones are never entering to Paradise. Cleanliness has a wide meaning. Everything you are using must be clean and this body is a grant from Allah Almighty to you, and you must use it clean! If you are not using it clean, then you will be treated by some kinds of means to make you clean. Not clean, not welcome. Clean ones are welcome, dirty ones are thrown away.

And we are now in a holy month, Ramadan Mubarak, blessed month among the twelve months that Allah Almighty is making a means for His servants to be cleaned with inner cleanliness. It is okay that we must use clean clothes, but really we have been asked to be clean in our physical being and beyond that we must try to be with a clean heart, because Shaytan is always asking to enter the hearts of people and leaves its dirtiness there. If Shaytan leaves its dirtiness in the heart of a person, that one will be similar to Shaytan, or at least they will be agents of Shaytan. And Shaytan and its agents are going to be taken by angels to the same place.

O People! Muslims throughout east and west, keep the orders of Allah Almighty and try to be clean ones. This holy month, Ramadan, makes people clean and when you are going to be clean, then you are going to be free from shaytanic desires. As long as you have shaytanic desires in your heart, that is never going to be clean. Fasting is helping us to be clean! And fasting according to the levels of people gives benefit to Mankind.

O People! Come and fast! And fasting is not only for Muslims in our days, before Islam in Judaism there was the same cleanliness and they had fasting. And also for Christians, they have also been ordered to be clean ones, and they have different kinds of cleanliness. If they are not using those orders to make themselves clean, it is forbidden for them to come in Paradise! They are never going to be welcome by angels, saying, "Get away, dirty one! O Angel of the Fire, take those dirty ones until they are going to be clean and then bring them." There will be a special entrance. Paradise has eight entrances for believers to enter, and those who are keeping heavenly advices and the ways of prophets are going to enter from eight doors. Those who are not clean and have been sent to the Fire, when they are getting out as clean ones, there is a special private entrance and their Paradise is never going to be similar or the same as for the nation of Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

O People! That is a general message from the Heavens from all prophets, to call people to be clean, nothing else! Look now, those who are living on this planet, which of them are going to be accepted as clean if they are not using heavenly ways or heavenly methods or heavenly teachings that are making them clean? Look in the east and west, they are not using. If they are not using, there are some other means to make them clean. And all troubles now on Earth are from heavenly punishment and cursing. Floods are not from Allah Almighty's mercy, but it is a cursing! If Allah Almighty is blessing, He is sending His Mercy Oceans to people to be so happy and so beautiful! But those floods and fires are not blessings, they are cursing, because people are so disobedient to their Lord. And more and more cursing may come if they are not coming back to obedience.

Every evil and devil is running from east to west, from north to south, including in the Islamic world also. Therefore, they may look at heavier cursing coming and this is a chance for all Muslim nations first of all, to take care of the holy commands of Allah Almighty, to try to be clean in this month, or a heavy cursing is coming, and they will be taken away! As we have been informed through heavenly knowledge, from five, four are going to be cursed and taken away, and only one from five will be on Earth.

O Mankind! Think on it from east to west! I am a weak servant, and they are ordering me and giving some heavenly knowledge and support for addressing all people. If you are accepting, it is for you. If you are not accepting, it is a cursing for you also. May Allah forgive us.

Fatihah.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah,Sultaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Fatihah.

(Baya`)

## WHY ARE NATIONS PUNISHED?

Troubles never come without a cause. Nothing ever comes on people without a reason. Their way must be against the rule of Allah Almighty, and when He is not happy with them He will send punishment to them. Like everything that comes to Iran and Iraq, to Egypt, to Libya, to Jemen, to Pakistan, to Turkey... Everywhere where problems come politically there must be a reason. Because no-one hits his horse if it goes the way he likes. If nations would be going on the way that their Lord wishes them to go, Allah Almighty would not be hitting them or punishing them. The Kurdish people are not rising the flag of Islam to say that they are Muslims. They are not asking for Islam. They say that they are Kurdish people and that they must have an independent land called Kurdistan. They are not rising up and saying that they are Muslims and that they want the Calipha of Muslims and that all the lands from East to West should be the land of Muslims, the land of the Calipha.

Because they are asking for the wrong thing Allah Almighty is punishing them and is saying, "You must not claim a land to be Kurdistan, you should ask me for a land of Islam from East to West and for a Sultan for all of you. You are only thinking of the people of Kurdistan and not about the other nations that belong to the Muslims!"
Now every test is coming on them: heavy snows, earthquakes, troubles, wars, fires... All of this is not a reward of the Lord of Heavens for them. If they could claim to be best servants, which they have been offered to be,

like every other nation. If they were the best servants Allah Almighty would not be sending snows and fires on them, or earthquakes or armies to fight them.
This is now going to happen to every nation one after the other. As long as they are not holding up the flag of the Prophet,sws, they will be punished.
The Saudis are putting the pillar of Islam on their flag,"La illa ha illa la Muhammad ul Rasul Allah", but they are not keeping it in their hearts, only on the flag, so they are also going to be punished. The order is not to have it written on the flag, but to have it written in the heart. They have already been punished last year and if they continue those holy words only on their flag and not in their hearts, more punishment will be waiting for them.
The Turks were carrying the flag of the Calipha. Now they have taken it away, and they will also be punished. The trouble with the Kurds is happening on their lands, and that is part of their punishment.

In Somalia and in Sudan there is no rain. It is very dry. This is also a punishment. They are also doing something wrong, there must be something wrong with them, that is why Allah is punishing them with dry weather.
Wherever there is a trouble, there must be a disease within the people which Allah Almighty does not like. In Pakistan there is trouble, in Cashmere there is trouble, in Libya there is trouble, in Algeria there is trouble, in Bosnia there is trouble, in Cyprus there is trouble, in Aserbijan there is trouble, in Iran there is trouble... Everywhere there is a kind of disease with people and that is why these troubles are coming.
It is not a reward for the Islamic world from Allah Almighty. In the newspaper they are writing that the Islamic world is crying tears of blood instead of tears of water. Do they think that Allah Almighty is not seeing that they are crying? Still they are insisting to be on the wrong way. Insisting! They are crying and still not saying that they arewrong. They are still not changing their directions. They are going to cry many more tears of blood until they are changing their directions in the direction of Allah. Allah Almighty is sending this punishment on them.
Allah Almighty is informing the nation of Muhammad clearly, "As long as you are with me, I am not going to punish you.If you leave me and realize that you have been wrong and truely regret, and correct your ways, then I will not punish you." All these nations must say, "Oh, our Lord we are wrong, forgive us. We have changed our ways, our actions, our minds, our characteristics and our manners and we now want to do as you like!". Then Allah Almighty will change.

But until now no-one has said, "Astaphirullah, we are wrong!" This applies very much to the Turks who are claiming that they have secular system. That means they have no belief.They are following the way of the unbelievers. For 600 years they carried the flag of the Prophet sws. and now they say that their territory is not Muslim but that they have a secular system. They are hiding the flag of the Prophet. Now look at the troubles in Turkey. But nevertheless they are not taking out the flag of the Prophet and saying, "Oh, Turkish people, come under the flag of the Prophet!" If they don't do that, Allah will punish them. But still they are saying, "We are Turks!" and the Kurdish people are saying, "No,we are Kurds!".

And look at the Arabs! Since 70 years the flag of the Prophet sws. has been locked away and they are not asking for it! They just say, "Palestine, Palestine, Palestine, Palestine!" But there are no Palestinians who are asking the Turks where the flag of the Prophet sws. is. They should say," Bring it to us. If you don't want to carry it, then give it to us!"

Allah keeps on hitting them, and they don't understand. They don't understand that they should ask for the flag. Like this they will never be able to get even one foot of Palestine. They just keep on claiming that they are Arabs. They haven't even started to use their mind and to ask why the Turks are keeping the flag locked up .They should demand them to bring it out. The whole Arab world are like drunk people. How can they forget to ask about the flag of the Prophet?

During 13 centuries the flag was held up and now the Turks are imprisoning it. Why are the Arabs not asking for it? Allah Almighty will not help them like this. There will be no support. Since 1948 there has been a standstill. Since then no group has been supported like the Palestine organisations, neither financially nor militarily.They have been given billions and trillions of pounds and dollars, and the newest models of weapons. But still they have been unable to enter Palestine even with one foot. Allah is not supporting them. They are not asking for the flag of the Prophet. Why?

Some of them joined the side of America, some of them joined the Russians. Allah Almighty has left them in the hands of the unbelievers. They haven't even entered with one foot. Israel is going further and further inside.

I am not someone who is speaking on behalf of myself. It is the sound of truth, the thundering and lightening of truth on those heads which are like rocks. It is to crush these heads. Thousands and thousands of lightening is coming on earth now. In that Muharram terrible events will be coming on earth now.

May Allah forgive us.

London - 07.04.1992

BookPowerOceansofLove

## WHY ARE PEOPLE NOT IN PEACE?

Shah ul Naqshband told us that our way is the way of association. So we ask ourselves what is necessary for us now. Let them send us what we need. Our Holy Masters always know what we need. They are authorised people who know what is important for the people here to hear right now. If they need something and you give them something else it doesn't matter. It is as if you ask for a tomato and I give you a potato. Or if you ask for bread and He gives you water. Or if you ask for a cake and He gives you bread. All that doesn't matter. Even if you ask for a cake and you get straw, it doesn't matter. Eat straw! But people who have reached the level, to accept such things, are becoming very rare. Even in a million maybe you can find only one. There are so many imitated people and when you ask them for strawberries they will give you straw. We have straw, the berries you have to get. You must know the time when to plant what into the hearts of the people. If you plant in summertime nothing will grow. Wheat, barley and such things must be planted in wintertime. Now is the time of Holy Ramadan. Whatever is necessary to be given to your hearts, they know. That is why I am asking, "Oh, our Masters, so many people are coming from every level, send us what is necessary for everyone. And, thanks to God, even though we are such unsuitable people, they are sending something to us to make us happy and enjoyful. When I am sitting here, I am under their control. Anything which we say comes through their channel.

Yes, may Allah forgive us and send His Blessings in this Holy Month. If there is no forgiveness, there is no

blessing. Forgiveness cleans people and then blessings come. Blessings are like new clothes and forgiveness is like a bath. When you clean yourself you will be dressed in blessings. The whole of Ramadan is only for cleaning. It is a learning for every level of people. All people need cleaning. After that they will be purified. Clean yourself as much as you can and purification will come. Fasting is a cleaning for the first level of people, for the common people. Then, when you are clean, the elements of our physical bodies will be pure. When that is pure, clean blood will run through your heart. When clean blood runs through your heart it will make you to be with you Lord, Almighty Allah always.

Fasting will first of all clean our physical beings and take away the veils between you and yourself. When I say between you and yourself I mean between you and your soul. When the veils are removed you can reach the territory of your soul and that belongs to Heavens. When veils are removed, you will get in touch with Heavens. If Divine Wisdoms grants it to you, there will be an opening. Allah Almighty was speaking to Moses, may peace be upon him, and there were thousands of veils between Himself and Moses. But when people who are fasting reach the end of their fast, just before they break their fast, the veils are taken away and only one remains. If we can remove that one veil, we would be in touch with Heavens. But that veil is the thickest one. It is very strong and you only have a very simple knife. It is too difficult. You need a big cutter to cut it. It is the veil of the ego. If you cut the atmosphere of your ego you will reach the real freedom. You will then be controlled by your soul. Your soul belongs to Heavens. Heavens belongs to the Lord. You will then be the servant of the Lord of Heavens. You will then belong to the Lord of Heavens. You will be free of the slavery of the ego and of Satan. You will be clean, purified. If a person wants to come to the mosque, he must clean himself. And if someone wants to enter Heavens, he must be clean because it is Divine Territory. What is it he must be clean of? From the dirtiness of egos. The ego is dirty. With that dirtiness you cannot enter.

Fasting tries to clean people from the hegemony of the ego. It takes the power from the ego and your soul will be the controller on you and you will reach Heavens and the Divine Presence of the Lord of Heavens. That is why all of mankind has been offered to fast. Christians were also fasting. Although they now say that they have reached the days in which all that has been changed. They only keep the name, but they changed it according to the demands of their egos. It used to be like we are doing it. Then when they reached long days it became difficult so they changed. And they said, instead of doing it 30 days we will do it 40, to have a suitable season. One of their Kings even did a will for some purposes. And he said , "If what I am asking from my Lord will happen, then we will make 10 days more." But when it then became 50 days, people got up and complained. So the whole idea of fasting was changed and all that remained was an order not to eat meat on

that day. That is of course a kind of fasting, but it will never give that kind of benefit for the soul and make them free from the control of the ego. The ego is still controlling them, because they are following their egos and their demands. They changed what Allah had ordered them to do, according to their egos. The purpose of fasting is to take the control away from the ego. If we continue to give the control to the ego, what is the benefit?

We must try to fast in the way which Allah Almighty commanded and ordered us to do. Even if this Easterfast is an easy one, the majority of Christians do not fast. Their ego is now saying to them that it was only for the olden days, for the uncivilised people. They feel that they are very civilised now and that they don't need it. Very few people do. Yesterday a bishop came to see me and when we wanted to serve him tea, he said that he was fasting because it was the first day of Lent. But the majority doesn't care even if it is that easy and only one day.

We must try to take the control away from our ego. If we don't do that, we will be donkeys of our ego. It means it will sit on you and control you. It is a training for mankind. Nothing can train our egos like fasting does. When His servant asks to please Him, Allah Almighty will give the same back to him. He will let you enter into the area of pleasure where you will find peace. Why are people not in peace? How should they be if they are under the control of their ego. It is impossibe to be in peace as long as your ego is controlling you. Small children maybe cry 40 times a day. Why? Because they are not feeling in peace. When you give them whatever they are asking for, they will stop. After a while they will start again. It means that they are not in peace. Our egos are always asking for something and then they stop. After a while they will want the next thing. But it only lasts for a short time. And then the next... You can't find your ego to be in peace for a whole day. It wants this and it wants that. It will never be satisfied. So someone who is under the control of their ego will always have great difficulties in reaching any peace. But when the ego is removed and you are with your soul, you will be peaceful.

Oh, people, try! If you try a little bit, Allah Almighty helps you a lot. Even if you just make a little bit, the Lord of Heavens will grant a lot of power to you. Even if our fasting is the lowest standard, the Lord of Heavens still grants something to us. At least you will fast peace in the moment of breaking your fast! It is the happiest and most peaceful time of your whole life. No invitation or restaurant in the world can give it to you, even if it only dry bread or dry dates. However simple, you will find a satisfaction, peace, happiness and enjoyment coming through your heart. No-one accept someone who fasts can find that peace. May Allah make that peace for ever in our hearts. You are the Sultan, oh our Lord, grant us forgiveness and blessings!

## Why Are You Not Following the Companions, O Salafi `Ulama?

(Mawlana Shaykh stands.) Dastoor yaa Sayyidee, madad. La ilaha illa-Llah, la ilaha illa-Llah, la ilaha illa-Llah, Sayyidina wa Mawlana Nabiyyuna Rasoolullah, Habeebullah Nooru 'l-`Arshillah! (Mawlana Shaykh sits.)

As-salamu `alaykum yaa `ibaadAllah, O servants of our Lord! Service is the highest honor for all humanity, the level of angels and their honor is different, and the honor of humans is one hundred percent different. We know that the highest level of honor for humanity is service. Thumma wa salamu `alaykum yaa Sayyidee, yaa Sultanu 'l-Awliya of the world on this planet. We ask for your heavenly support; we can't say anything here and we cannot understand anything if your celestial support does not reach us!

And we are saying, a`oodhu billahi min ash-Shaytan 'r-rajeem. Shaytan always asks to make people living with a wrong understanding and wrong efforts and wrong actions, and wrong life. And we are running to the representative of the Lord of Heavens to grant us from heavenly support, so we may be able to face wrong people, and wrong creation, and wrong ideas and wrong beliefs. Everything that it is wrong, we are running to that one who is responsible for Mankind's every action now or in coming days.

O People! We are saying, bismillahi ‘r-Rahmaani ‘r-Raheem. Take heavenly swords against shaytanic centers, against shaytanic ideas, shaytanic understandings, shaytanic wrong beliefs. Take through your hands bismillahi ‘r-Rahmaani ‘r-Raheem. That is our power for heavenly sword, for making every wrong ideas with their people who are always on the wrong way with wrong ideas. Now we are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem gives to you power, bismillahi 'r-Rahmaani 'r-Raheem is reaching to every point of our bodies and when we are saying, bismillahi 'r-Rahmaani 'r-Raheem, that is a heavenly grant. If a person is saying, bismillahi 'r-Rahmaani 'r-Raheem, those holy words and lights through nineteen letters no one can understand. Bismillahi 'r-Rahmaani 'r-Raheem is nineteen letters, not completing to twenty. That is, no one knows how to make it to twenty, leaving "one" and "nine," and they are full with secret knowledge and secret powers that may bring a dead body back to life. Bismillahi 'r-Rahmaani 'r-Raheem!

Once there was Hassan al-Basri (q), do you know about that, Salafi `ulamas? Have you heard about Hassan al-Basri? I think he was Taabi`een, that he reached to the Sahaaba (r), companions of the Seal of Prophets (s). To reach one of them gives so many honors to people, because Sahaaba (r) are fountains, springs of heavenly life subjects. There are those who are reaching to them, reaching a pleasure with that life that is just to reach Sahaaba (r), yes. If you are saying you are belonging to Salafi us-Saalih, are you adding Hassan al-Basri as one of them? You must know about Salafu 's-Saalih, about the time of Sahaaba (r), Companions of the Seal of Prophets (s). Then coming followers of Sahaaba (r), the Taabi`een, then coming followers of them, Taabi` at-Taabi`een. Rasoolullah (s) gave from his secret knowledge to his Companions and they are the most strong ones, because they were a foundation for building on Islam so they must be the most powerful. If a person builds a high building, he is putting under it a strong foundation to carry it. Therefore, Sahaaba, Companions are the most powerful ones to carry Islam and its heavy responsibilities up to the Day of Resurrection.

Who is your Salafu 's-Saalih? You may say some names. I am asking those people who are claiming, "We are following Salafu 's-Saalih," how many from them do you know? How many do you know their names, their

situations, their positions, their identities and their real beings? When the Seal of Prophets (s) reached to his Lord's Divinely Presence, he left behind him on Earth 124,000 Companions, Sahaaba (r). If you are Salafu 's-Saalih, are you adding those or are you throwing them away? Why are you saying, “We are followers of Salafu 's-Saalih,” and not saying, "We are followers of Sahaaba (r)." Why are you making a distinction?

Salafu 's-Saalih, are taking their heavenly knowledge that you can't find on Earth; that is important for whole nations to teach on Earth! Why are you saying, Salafu 's-Saalih? Sahaaba (r) are Salafu 's-Saalih! And Prophet (s) saying, ashaabee kan-nujoom bi ayyihim aqtadaytum ahtadaytum, “My Companions are like the stars, whichever one you follow you will be guided.” Please write those Salafu 's-Saalih names in your books! Our goal may be with saying, Salafu 's-Saalih, we are thinking or we are asking to make clear for people some ones. Don't say, "The Salafu 's-Saalih are saying... and then quote from ibn al-Qayyim, ibn Taymiyya, ibn Abdul-Wahab (leaders of Salafi School)." Three of them only, and you are taking away 124,000 of them (Sahaaba)?

O Salafi `ulamas, you say, “Sahaaba (r) were not Salafu 's-Saalih." WHAT DO YOU MEAN? That means that Islam just finished. Do you think that the building of Islam can be carried with three columns? Man shadha shadha feen-naari `abadan, “Who deviates, deviates in the Fire forever.” To part yourself from the majority; you are leaving greatness, sawaad al-`azham, the vast majority. You may be a handful of people and yet you are saying, “We are Salafu 's-Saalih and we are on the right way.” No, you are on the wrong way! You say, “We are a great majority." Why are you saying you are majority? What are you doing? To where are your opinions and beliefs reaching? Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

•••••• ••••••• ••••• ••••••• •••••••

Ashaabee ka 'n-nujoom bi-ayyihim aqtadaytum ahtadaytum

The Prophet saying, "My companions are like stars; whichever one you follow you are on the right way and reaching to Paradise."

You are reaching to Paradise, yes. Therefore, it is a terrible responsibility now for a handful of people to say, "We are Salafis, you must follow us;" we are not following you! We are following the Seal of Prophet's Companions, then Taabi`een, and then Taabi` at-Taabi`een. Are you saying al-Qayyim, ibn Taymiyya, and ibn `Abdul-Wahab are not added? You are taking yourselves out from vast majority, the greatness of Muslims and you are shooting at Ahlu 's-Sunnah people. It is not for you; you cannot do this! You must say who is Salafu 's-Saalih, you must give their names!

Therefore, we are saying, Hassan al-Basri is a follower of Sahaaba (r). The honor of the Companions is high because they are taking from the first level, who were with the Seal of Prophets (s). Taabi`een (r) is the next generation following Sahaaba (r). Hassan al-Basri was from the Taabi`een, who reached to the Companions of the Seal of Prophets (s). You are accepting Hassan al-Basri as Salafu 's-Saalih, Salafi `ulamas? So many thousands of followers of the Companions in Damascus. Sufyan ath-Thawri (r) was from the Taabi`een; are you accepting him? And those people were destroying tombs? Whom are you following? Hassan al-Basri, thousands, perhaps millions were following him!

One day he was going from one side to other side of Dijla (Tigris River) and he met Hassan al-Basri (q), and he was going to pass Dijla and he was waiting on him, and coming Habeebu 'l-`Ajami, min as-saliheen, from the righteous pure ones. He was not of Arab people. If he was not saaliheen his name would not reach up to today and we would not speak of him. Coming to Hassan al-Basri, to the same place, he was asking him, “Why are you sitting here?”

"O Habeeb, I am waiting for a raft," making like this and this (Mawlana Shaykh gestures as if rowing with oars), "I am coming to pass to other bank."

"O Imam, you are Imam and waiting for a raft, waiting here for that? Why you are not passing on it?"

"Why I am passing for that?"

And Habeebu 'l-`Ajami saying, "Bismillahi 'r-Rahmaani 'r-Raheem," over and over again. Lightning was

coming from his body, when he was saying, bismillahi 'r-Rahmaani 'r-Raheem, walking on water and going there. "Why you are not saying, Hassan al-Basri? Say this and you may pass."

Hassan al-Basri was crying, saying, "We have not yet reached the level of yaqeen, certainty. You have reached certainty, and you may walk on it."

The power of certainty comes by saying, bismillahi 'r-Rahmaani 'r-Raheem. We have reached only to power of tongues, not of certainty. Bismillahi 'r-Rahmaani 'r-Raheem is filled with heavenly power, one may say over a dead body, bismillahi 'r-Rahmaani 'r-Raheem, and say "Stand up!" and it may stand up. Why you are not teaching to people such a thing, Salafi `ulamas? Saying? I think you don't like stories of saaliheen. All of those people have power of certainty, yaqeen.

O People! Try to reach to that point. For example, there are some instruments in our majlis, meeting hall. We are told these instruments take our speech that we are addressing to people, from east to west. Yes, it is real. But I cannot arrange that instrument to do what it is going to do. Must be such an expert, a specialist. I can't do anything, but these, our brothers, know how to use it and they are sending it from east to west from a small place. That power is also secret power of bismillahi 'r-Rahmaani 'r-Raheem, but you are not ready to use it. Therefore, you cannot use bismillahi 'r-Rahmaani 'r-Raheem as one wali, saint uses it. They may use and if not, we cannot use it. Therefore, bismillahi 'r-Rahmaani 'r-Raheem is full of powers as that is, but if you do not know how to use it, you cannot reach anything. Look here. They are not learning to use these instruments when they were at home. They did not learn from their mums and dads, they are learning from experts. This power of bismillahi 'r-Rahmaani 'r-Raheem, not everyone is authorized to use it. Hassan al-Basri was not authorized to use it, but Habeebu `l 'Ajami was.

O People! So many things you must try to learn about Islam's spirituality. Don't think that Islam only has some actions that you are doing and finishing, no. The actions you are doing, like praying and fasting and going to Hajj and giving to charity, no, there is secret power to giving sadaqah, to praying, to make special actions for your real being, or special practicing for learning how you can use your spiritual power. All of us have spiritual power but we are not knowing how to use it. Like here, we have instruments, but if you do not

know how to use them, there is no benefit. For that purpose, you must ask who knows the secret powers of those heavenly instruments granted to Mankind, if not, it is useless.

May Allah forgive us.

O People! O People! We must try to learn. And you can't learn Medicine in a grocery shop, or you can't go to the building of a doctor to show you how it is going to be built, no. ••••••••• •••• •••••••• Fas'al bihi khabeera, "Ask the expert (who knows)." (25:59) Who is knowing the secret power and ways reaching to you, you may take that power from them. Sahaaba (r) were taking their shares from the Seal of Prophets (s) and they are becoming shining stars in heavens. O people, try to understand. My English is not so powerful, but if you are hearing, may Allah grants us for a good understanding and to keep the ways of chosen ones through Mankind that they are experts and specialists for everything on Earth and in Heaven.

Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah

Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Allahumma salli wa sallim wa baarik `alaa Sayyidina Muhammad (s). (Mawlana Shaykh stands.) Wa `alaa aalihi wa saahbihi wa sallam. (Mawlana Shaykh sits.)

Fatihah.

(46 minutes) Getting more high. Allah Allah, Allah Allah. Shukr. (Mawlana Shaykh prays Salaatu 'sh-Shukr.)

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone about his recent trip to Africa. Sultan is very happy.)

## Why Collect for Dunya with Greed When Akhirah Awaits You?

Thanks to Allah, it is better if rich ones come. He (swt) doesn't save; whatever excess remains is to us with no harm. Kind people may come. The remaining is to us, do you understand? Allah shukr, Allah shukr. Allah Almighty does not leave us hungry nor without a home, until now. We did not sleep hungry and we did not sleep unsheltered: Allah has covered us! Shukr Allah.

What can you do? This is dunya, a home for the homeless, where the mindless collect its treasures. What do they want to collect? They collect and collect, and then what; do they want to be like Qaroon, who collected and left everything behind (when he died)? The ego of human beings is very astonishing and it always wants to collect. However, the world is only for this world, and whoever collects from dunya will leave it to this world and go, but whoever collects wealth for his Hereafter takes it with him.

SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Yaa Rabbee, Allah. Yaa Rabbee, Allah. Yaa Rabbee, Allah. Subhanak, subhana ar-Razzaq, the Absolute Provider!

Sometimes when I write in a notebook a small ant comes and I see it under this magnifying lens; otherwise I can't see it. With this I can see its head, legs, and its front and back. It is astonishing. The minute you leave the lens you can't see where the ant is anymore. How is this possible, the ant by itself exists in this world?

People have no mind anymore and do not understand that if there is no Creator how does this small ant exist? And Allah Almighty knows their number. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem!

Huwa al-Qaadir al-Muqtadir, the All-Powerful, the Prevailer. This small ant laughs at the Children of Adam, asking, “why are you collecting from this world? Do you want to eat everything? You cannot eat it all. Are you going to take it and bury it with you in your tomb? It is not possible. Then for what is this greediness?”

Grandshaykh (q) used to say that Sultan Ibrahim Adham of Balkh had sheep and 12,000 dogs to protect them from wolves, and each one had a chain of gold. This shows how rich King Ibrahim Adham was. He liked to hunt gazelles and one day he was chasing one when he heard a voice from his right side saying, “O Ibrahim Adham! Have you been created for this?” Then he heard this again from his left side from another voice, “Have you been created for this or ordered to do this?” He went back and said, “This is not my duty. I want to dress in the clothes of a servant and become a weak servant to my Lord.” He left the sultanate, Allahu Akbar! Hadhrat Ibrahim Adham’s maqaam is close to Latakia. I visited him there; the Ottoman Sultans have built a very big mosque around it.

Yaa Rabbee, yaa Allah, for your holy servants first starting from our Prophet (s), allahuma zidhu `izzan wa sharafan, nooran wa suroora, ridwanan wa sultaana.

Fatihah.

## WHY DID PROPHETS COME?

Teachings from Prophets are teachings from Heavens. Muhammad, may peace be upon him, brought the Last Message, the Last Revelation. He had been with his nation for 40 years when Allah Almighty appointed him to be the Last Messenger. Allah Almighty dressed him with divine attributes. He then completely belonged to the Lord. Everything that he was doing or saying or acting for the next 23 years were Heavenly Messages to teach people. He brought a complete teaching to all of mankind. Everyone can find their way towards heavens through his teachings. Everyone can take what they are in need of from his sayings and from his actions to be able to move towards heavens. Because he was the biggest teacher for humanity, the greatest teacher for all of mankind. These teachings are for ever, and they are enough for ever. There is no need to change it or to bring another teaching. As much as mankind may improve through their brains and as much as they may learn to invent instruments and make so many technical elements to improve technology, they should. But technology will never be the main personality of man.

The characteristics of the first man were the same which we have. We do not believe in foolish theories of Darwin, no! We believe that the Lord of Heavens created everything on earth in their own specific characteristics. Every creature which is created is given their creation. An ant is an ant, a lion is a lion, a man a man, a fox a fox, a donkey a donkey, a turtle a turtle, even if man dress them like humans! Frogs are frogs, snakes are snakes, cobras are cobras, scorpions are scorpions, bees are bees, flies are flies, mosquitoes are

mosquitoes, elephants are elephants, bears are bears. They are not like you. No! You are of mankind. Monkeys are monkeys, gorillas are gorillas, dogs are dogs and cats are cats, Micky Mouse is Micky Mouse. The Lord just created everything and He is the Designer. He designed for us to be like this, cats must be like that and donkeys like that and monkeys like that and Micky like that. He is the Designer. Nature is not the designer, the Lord is the designer. Even though there are thousands and thousands of kinds of creatures, the Lord gave them all oxygen to sustain their lives with. Even the animals in the ocean need it. That is the condition which He gave them all. The first ant carries the same characteristics as the ants now do. The first bee was making honey, just like the bees now do. The first man who was created had the same characteristics which we still have.

Don't run after imaginations. He is the Designer and the Creator. Don't think that these instruments, computers and so many strange inventions will change your characteristics. Your customs can be changed, but your real characteristics will stay the same. That is why the teachings that were brought to the Last Prophet are also suitable for you to arrange your characteristics to be in a perfect condition. That means, the Heavenly Messages are trying to give you a control of your spiritual being, of your soul.

That's the whole history of what all teachers are trying to do: give you the full control of your physical being by letting your spirituality be the controller of your physical being. Because if you lose that control, you will fall to the level of animals. And even animals will kick you and say, "We have an honour being animals, but you have lost your honour which the Lord gave to you: you are not controlling your physical being. You are falling onto our level, but we don't accept it."

It is important for everyone to know their main purpose. They must understand why prophets came. Why have they been given books. For what? What is the reason for the teachings of the Holy Books. Is it only for our brains to recite or for our ears to listen to? The whole purpose of that teaching is to give the authority back to your soul to be able to control your whole physical being and to ride on your horse. The ego is your horse and you must be able to control it. When you are able to control it, it will be the horse that will take you to heavens, a holy horse. It was such a horse that took the Prophet, may peace be upon him, to Heavens. What is the use of having a jet plane when you cannot control it? You can't move anywhere when you need it. You need a teacher, a trainer, to teach you how to use it. Our egos have huge powers to take ourselves from the lowest to the highest position. But if you don't know how to control it, then you can't go.

Every Prophet brought a method which was suitable for their period and whoever used their methods reached heavens. Finally the Seal of Prophets, may peace be upon him, brought the whole system for the whole of mankind. First of all he taught his companions, 124000 of them. All of them reached heavens. No-one remained on earth. The ones who follow their footsteps will also reach heavens. Until today whoever uses the teaching of the Prophet are reaching that goal. If you refuse and your ego is controlling you it will not let you leave this dirty life, to move towards heavens. As long as people are slaves of this world they will have no peace, no happiness, no love, no respect, no justice, no mercy and no goodness. No!

Everything which comes under the control of satan starts off in the ego. People are usually slaves of the kingdom of devils under the reign of satan. That is why Allah Almighty has ordered fasting from the first man Adam until today and the end of this world. Only fasting can help mankind to get a control over their ego. Because it means that you can stop it with your willpower: you can tell it not to eat or drink or tell any lies. It means that you are in control.

The practices of all Prophets were simple methods of how to be the controller of our ego. Until today no-one can say of any detail of the teachings of the last prophet Sayidina Muhammad, may peace be with him, that it is useless or unnecessary. We as Muslims are proud that the commands in Islam are all perfect and meant for perfection. All prohibited things in Islam harms mankind and harms humanity. It means that it harms people physically as well as spiritually. No-one has been able to say that something which is prohibited in Islam has turned out to be good for mankind, either physically or spiritually.

People from other religions may bring their lists of allowed and prohibited things and I will show them Islam. We could show it on all the channels of TV. I will invite those people to come and sit with me on my sheepskin flying on air. The time is coming closer now in which we can show the power that we have. We may show whether Islam has power or not. Islam is the biggest grant that Allah Almighty has ever given to His People, but the nations are too ignorant to understand it. Now time is approaching for everyone to be able to understand.

## Why Do Gorillas Spit All the Time?

---

Meded! Meded! Meded!
Allahu Akbar wal Akbar! Allahu Akbar wal Akbar! Allahu Akbar wal Akbar!
Subhanallah! Sultanallah! Our Creator! Hu Allah Hu Allah Hu Allah

Let us to say always whole praisings and whole glory for You, O our Lord, our Creator. We are so small ones. Nothing. Forgive us through this Holy day, that is the last week of most blessed month, Ramadan. We are expecting Your Heavenly, Heavenly mercy. O our Lord! For the honor of your most praised one, Sayyidina Muhammad Sallallahu Alayhi Wasallam, that he is the reason of whole Creation, that Sallallahu Alayhi Wasallam for his honor. Wahabi people are not accepting, Salafi people are not accepting. Doesn't matter, doesn't matter. No value for them! Value for those who giving most respect for your most Glorified one, most Honored one.

O our Lord! We're saying by Your Holy Name, most Munificent One, most Beneficent One, most Praising from pre-Eternity to Eternity. And we are weak ones. Forgive us O our Lord! Forgive from Your endless blessings. Only for You, and for Your only and most precious and valuable, from Your Divinely Presence. And give us sword, Bismillah 'r-Rahman 'r-Raheem. Don't take that sword to make your own thing, throw away that sword. We are asking that to whole wrong ones and their teacher Sadanas, Shaytan must know that we have a Heavenly sword, Bismillah 'r-Rahman 'r-Raheem.

O people! You have been granted from here and Hereafter when you say Bismillah 'r-Rahman 'r-Raheem. Kareemullah! Azizullah! You are Allah! Forgive us through our weakness. Forgive us from Heavenly power to take away wrong ones. And from our egos we are saying A`udhu Billahi min-ash-Shaytan ir-rajeem. We are running to You from Shaytan and his followers and we are saying endless blessings, endless praising and

glorifying to Your most beloved one Sayyidina Muhammad Sallallahu Alayhi Wasallam.

(Mawlana sits)

O people! I know nothing. I am a weak one. Even I am weak one, I may do for whole dunya to be trembling. Trembling. When our Lord's power reaching to me, as I am nothing. If reaching to an atom, an atom may take away this. An atom may take, yes! Can take when his Creator, Allah Subhanahu wa Ta`ala, Subhan! Sultan! If ordering for an atom, "Oh that one! Take whole world, carry it from its orbit and put it in a black hole"! can do. He is Allah. If ordering atom, "take this world on your shoulder." He had such a shoulder? Yes, when his Creator is ordering. When ordering, giving an authority also to those people to do what He is saying. This is important point. His command is so high, if He is commanding and saying to an atom, (take) "world from its orbit!" from His order coming authority also and ability and capacity. Coming and you may look and see, you can see that this big dunya just carried on shoulders of one atom. Can be! How you saying, "We are not understanding"? You must know who is Allah. His Command not like your command. No! He is Lord of creation and He may give authority. If giving an authority on this world, if the Creator granting to an atom full authority, can carry solar system. ( (Mawlana laughs) Subhan! Sultan!

O religious people! Tell this to your followers. O Christians! O Jewish people! O Salafi people and the Wahabi people! Say, declare what He Almighty making me to address to you . And I am the last and weakest one through mankind and it is a grant from my Lord to address to you in such a way, in such a powerful declaration to understand who is He! He and Hu! He! He! He! Huu Huu Huu Huuuu. Unknown! Unseen. Unknown. Allahu Akbar!

Say, O religious ones. Living through the 21st C but before and before and before the beginning of mankind on this planet only the the Creator knowing, but you are using that calendar. You are saying this calendar, real calendar you are leaving, I must address to you in such a way that you can understand. 2009 we are saying it is a beginning calendar. I must say, doesn't matter through 2000 years, now we are reaching beginning of another millennium. You are saying that you are understanding, getting to be more wide, more powerful. And therefore such a weakest servant that I am, never claiming that I am knowing something. No. What it is put through my reality I may speak to you.

O people! Now we are saying that the understanding of mankind just changed and we are saying that we are

living in time of ignorance. Now everyone claiming that they reached top level of understanding. Therefore they are making such a weak servant to address to them and say what do you know about your Lord! Therefore I am addressing to religious people. Who they are most authorized one through their beliefs, through their religious systems, say about your Lord, Lord of Heavens who He is and how He is. You don't know! Ask that tree. It says much more than you. It knows much more than you and it obeys much more than you its Lord's command; that palm tree, obeying and it is obedient. And it's Creator, it's Lord saying to palm tree, "Be a palm tree. That is My order to you. Don't be a pine tree, but be a palm tree." And it was saying, "O my Lord, as You like. I am ready." And it was palm tree.

So many kinds of creation. Saying to orangutan, "Orangutan", Its Lord just ordered to that one, "Be orangutan"! and it is saying, "I am ready, O my Lord, as you like," and it is being orangutan. And saying to its brother (and sister) ancestor?, "O gorilla continue to be gorilla, and as long as this world going on, you should be gorilla. I created man. You are not a man, I am the Creator, I created you as a gorilla. I am not making from you a man. I am that One who from My Divinely Hands and Divinely Will, I designed man! I am not designing man from you - you are going always (to be) gorilla. I created with My Divinely Hands." Say to people, O gorilla, speak to them, address to them whom they are claiming to be your ancestors. Spit on them and say to those people who are claiming that they are your brothers and sisters, say to them and spit, ptuu ptuu! Say, "how are you claiming this? Ptuu"! Once again, and every time they are looking.

(Mawlana singing)

O our listeners!
Marhaban, welcome to you.
Welcome to you!
dome dome dome dome dome dome dome dome

Even gorilla spits on those no-mind-people. And someone said to me that this gorilla every time, making like this (spits) "ptuu, ptuu, ptuu"! And asking me, "O shaykh, why doing in such a way, ptuu, ptuu, ptuu"? You are learned people. Ask to high school and university academic professors, science men, ask them what is the reason? So many people I asked, "Why this gorilla, same type? Why O that apes always eating then makes, ptuu, ptuu, ptuu." I asked so many, even I asked Pope and he is saying, "I don't know." I say, "O Pope, it is

written in your book and you shall find this in your holy books, Old Testament. Look you should find this because holy books giving news from beginning and from end also. Not books that you are writing. Like a mirror you are changing but it is book from past, from the beginning of this creation to the end of life, that is a holy book. Not like we are writing books; that is not books. Book, Holy book, you may look from one side and you may see up to beginning and second side you may see what is going to happen.

Pope, religious people, bishops, reverends, so many that they are saying, "we know everything." I am asking whole religious people and also rabbis. Once I am asking to rabbi, rabbi he was sleeping and waking, but just I have been ordered to be seen in front of that rabbi.

"Where you come? From where you are coming? Really! But I am very anxious, fearful from you."
"Don't fear! I was with you so many years, following you to catch you and ask you a question."
"What is that? Which question"?
"I am asking why apes always making pttt, pttt, pttt, spitting, why?
"One moment." (shuffles pages of book, looking)..
"You can't look that book even one year. How 'one moment I must say from book' "
"Because Holy book will give for such a question a right answer. I know it because Holy book, it is like a mirror for past time and also for coming times. Therefore, I am famous rabbi. I must look. Just I find."
"What you find? Because that gorilla always is making like this (spits), and I was wondering also".
"But just I find it because... O my guest, from where you are coming? Door was closed and windows closed. From where you are coming"?
"You are rabbi and you are not knowing the answer"?
"I must look that book."
"Leave this book, to look this book. Every time looking at this book. What is that? You are reading and reciting in it, Old Testament"?
"Yes I am, so many hundreds of tales of prophets written in it".
"Say to me"
"Yes-sir. Just I am not remembering, I must look once again this book."
"Say to me. If you not knowing, say to me, it is honour for man to learn? Yes, you may say. You are rabbi and who is your prophet"?

"Our prophet was Moses and he had been granted Old Testament and through Old Testament there was so many hikaayaat stories of prophets.
"Yes-sir"!
"Who is that one? I never looking and seeing such a..ajaaib, curious person."
"Yes-sir, I know. I am saying to you something about how I am here now, and you are saying, 'From where you are coming? From window or door?' No, I am coming just here and it is written through your holy book, leave that. This book not holy book what we are speaking on it."
"We are speaking on Old Testament."
"O bishop"
"I am not bishop"
"Yes I know, I am making a mistake, your Holiness."
"I am not your Holiness."
"Who are you"?
"I am representative of Moses."
"You ever recite Old Testament?"
"I think so"!
"Leave...leave that! (touching book) and speak to me. Up to next year we are not finishing that book."
"I shall speak to you, yes."
"I am nothing, but sometimes coming to my memory something. And I am asking, you are speaking, doors closed, windows closed. Who are you? Leave that book! And I am saying to you, do you remember that once Sayyidina Dawud Sallallahu Alayhi Wasallam was sitting on his throne and looking in front of him two persons there"?
"Who are you"?
"I shall look (in this) book, you must leave and I will look (in this) book."
"Just remember now that one day Dawud, nabi, sultan came down and was sitting and coming two persons in front of him."
He was wondering, "How you are here, doors closed and windows closed? Yes-sir, you are a true one."
"I am trying to be a true one. My master ordered to me to speak on that point, you understand? Don't ask me now how you can be here.. doors closed, windows closed! You have shaahid, proof in the Old Testament! I am asking a question."

"What is your question, what was it "?
"That monkey, gorilla and its tribe; people saying that man coming from gorilla. And you are saying that, 'How it can be I am here?' I am coming to speak to you on that important point."
"Yes-sir! Must be through Holy books one sign for this, yes. "
"I am saying to you that how scientists and researchers looking after animals, looking and saying that apes and gorillas always they are making pttt pttt pttt. It is written what is the reason? "
He said, "I don't know. I may look once again. You may say to me, from where you are coming"?
"I am coming from entrance and we speak on that important point, because what I am understanding, from my teachers granted to me that apes and gorillas are very angry with those people whom they are claiming that man coming from them. From where is man coming? Therefore animals always making pttu pttu, to those foolish ones (evolutionists)."
"Don't ask me, I am a weak servant. I shall speak this week at our synagogue about that point. About Darwin that whole gorillas making on him, pttt pttt pttt."
" 'Why you claiming this, that you are coming from our line (apes telling man)'? making on him and spitting on them. That is the reason for their spitting! Allah the Creator, that He creating everything. How you are saying that man is coming from apes? They are spitting on you, pttu pttu. And nighttime particularly, in the jungle, all animals are sleeping, only gorillas are awake. Every time it is coming to their memories, and they are saying ptttu, ptttu, ptttu." (Mawlana laughing).

Oh people! What we shall say. I am speaking about Holy books and you are not understanding. Don't blame me for such a thing that I am knowing something and people knowing something else. O people! Try to correct your beliefs and try to correct peoples' beliefs. Man is created as man. Sultan is sultan and sultan's son is crown prince. Just granted honour from Heavens. Leave that batil nonsense, but Shaytan making them to catch it so firmly, not to come to truth, to say wrong things always and wrong theories. May Allah forgive them. O people! I know nothing. But they are making me to speak from east to west. I must speak and address whole nations. If they are not listening their design going to be changed to apes. Can be! Yes. I may continue with that rabbi tomorrow about that important point to understand holy books. May Allah forgive me

(sings)

## Why Do We Have Holy Rules?

Allah wants us to use our energy to praise Him. We should not waste it. It is important for everyone to exist only for Him. It is the top target of our life. Everything belongs to Him. Whatever we do we must be concerned to praise the Lord and show our greatest respect. We must please Him. He is the Only One Who has absolute rights to get every kind of worship, glorification, praise and respect. Only He.
We must live for Allah and we must die for Allah. With every action, thought, movement and silence you must remember that point and be with Allah. If you lose it, you will lose your Lord and end up with your ego which will tell you, that he is your lord and you should obey him. When your ego is your commander it will take away every control from you and make you his servant.

It is the most important rule in Islam not to let your ego control you in any way. This is why the Prophet* was begging his Lord not to leave him with his ego even for a moment. It will kill you because you will lose your faith to the point of zero. If the Angel of Death comes to such a person, he will die without any faith. This is why every religion practises different ways of serving the Lord. The first prophet was given some rules for his children so that they would be able to control the dragon of their egos. As time passed on, one prophet after another came, all with the purpose of helping people to control their dragons, their terrible egos. They came to save people.

Electricity is a power which can kill you if you don't know how to use it. But mankind knows. If it was out of control, it would kill you. But even so, we need it, because it helps us. The ego is also dangerous, but if under control it can be like Buraq. You must learn how to use it. If someone gives you a helicopter but you don't know how to fly it, what is the use? Even if you would be able to fly, where would you go? It is useless if you don't know how to use it. So don't ask why Allah gave us an ego. If it was useless He would not have given us one. It has so much wisdom. It can take you from earth to Heavens. Don't ask why.

The Prophet said that we should not be the same two days in a row. Today must be better than yesterday and tomorrow must be better than today. You must come closer and closer to the Divine Presence of Allah every day. Every day we should be approaching our destination. We don't know which is going to be our last day. The person who understands the real meaning of serving their Lord, of religions and of Heavenly Commands is lucky.

Why do we have Heavenly Rules? To bring us closer to our Lord and far away from our ego. Hell is for those who are with their ego and Paradise for those who are coming closer to Allah, the Almighty. Cursed are those who run away from Him, they are fully heedless. Those who are moving closer and closer every day towards their Lord are blessed.

## Why the Islamic World is Suffering

Discussion with Shaykh Hisham at Breakfast

(Mawlana Shaykh comments to Hajjah Naziha.) Also, in Beirut the amount of service your husband (Mawlana Shaykh Hisham) and his family have done for us, no one has done! May Allah give them salamaat, peace and safety, and be well pleased with them. May Allah bless his ancestors.

Fatihah.

(...)

They expelled the khalifah! There is yet to come upon the Turks for kicking out the khalifah from their place of land which they rightfully took sword. Even to the extent of prohibiting a nursing child, they made so much zhulm, oppression. Neither Sham nor Baghdad accepted them. Then they went to Hijaaz, where the Sharif wanted acceptance of the khalifah, but they refused! It is for this reason that the whole Islamic world is now suffering: Egypt, Hijaaz, Yemen, Baghdad, and Sham are all suffering because they rejected the Ottomans, the khalifah, and cheated them by saying they will form a big Arab Empire.

Allah Almighty said:

••••• •••••••••••• •••••• ••••• •••••• •••••••••

Wa la tu’minoo illa liman tabia` deenakum. And do not trust except those who follow your religion. (Aali `Imraan, 3:73)

Allah Almighty said, “O Muslims! Do not trust those who are not of your religion, your madhab, your way.” You have left a Muslim, a great khalifah, rejected him, hence the reason for all these afflictions. Allah does not send something without cause.

Allah Almighty said:

••••• ••••• •••••••••• ••••••••••••

wamaana bithallamin li ‘l-`abeed. And never will I be unjust to the servants. (Qaf, 50:29)

••••••• ••••••• •••••••••••• ••••••••••••

wa laakin kaanoo anfusahum yazhlimoona. But they were unjust to themselves. (Rum, 30:9)

Allah is saying, “Never do I oppress my servants, but they oppress themselves.” You strayed from the right path? Then finished; you fell into afflictions! Do you think someone who loses his way and falls off the cliff will remain the same?

Hajjah Naziha: He will be dashed to pieces.

Mawlana Shaykh Nazim: Everyone is in pieces now! But the khalifah will arrive, inshaa-Allah.

Mawlana Shaykh Hisham: From Selim, to Selim!

Mawlana Shaykh Nazim: Selim is the first one to take the khilafat from Egypt, last of the Abbasids, and he brought the amaanat to Istanbul. For the past 400 years, every 24 hours there was a qaari reciting Qur’an non-stop, completing it! It didn’t stop until these traitors came and put an end to it, these people in Turkey. Ill will befall them!

Mawlana Shaykh Hisham: (Reciting in Topkapi Palace) where Amaanat al-Muqaddas, the Sacred Relics are kept.

Mawlana Shaykh Nazim: Certainly, in the saray al-`ateeq, Topkapi Palace. From its majesty and grandeur, no one is able to come near them; even the Ottoman sultans used to stand at a distance when visiting. But this one, whose statue they raised and worship, said, “I will go and see.”

They said, “O, but our pasha! This is not an ordinary place to be taken lightly; no one can enter here.”

He said, “I can go!”

They said, “Okay, as you like.”

He took one step and in the second, the awliya slapped him right in the face, moving his mouth all the way to his ear! He began moaning, “Ooooh! Ooooh!” Neither his hand nor his feet were moving. They looked and said, “This is not something a doctor can fix. Then what are we to do with him, constantly moaning like this? Let’s have a holy person who understands these things come and find a solution.”

He said, “I don’t want a holy person!”

“Sir, there is one person; let’s call him so he can take a look.”

So they called that holy person, and as soon as he arrived he took out his shoe and smacked him in his face! Immediately his face straightened and they dragged him out of there. After this incident, do you think he would go there a second time? So that is his situation. May Allah give us good endings.

Since they denied and rejected the khalifah, the whole Islamic world has now fallen into fitna and all kind of sufferings. There is now one person left from his bloodline: Selim is taking shelter in Europe, as the Muslim world has also rejected him.

Tawbah yaa Rabbee, astaghfirullah! Tawbah yaa Rabbee, astaghfirullah! Amaan yaa Rabbee! Amaan yaa Rabbee! Amaan yaa Rabbee! Yaa faarija ‘l-hamm wa kaashifal gham, mujeeba da`wat al-mudtarri ajib da`watee yaa Rabbee! O our Lord! Bring over them an oppressor who is more oppressive than them! azhlam minhum, yaa Allah Anta ‘l-Qaadiru ‘l-Muqtadir w ’a`fuw `annaa.

Forgive us, yaa Rabbee! Forgive us, as we have no other way out. Send us a sultan who will destroy the sultanate of Shaytan. Now they are struggling to establish Shaytan's kingdom on Earth; that is their show, but against them will come a saahib who will destroy it!

Fatihah.

What to do? Now we too are on the border. He alone knows when our turn will come. May we also be honored with the coming of the sultan of End Times. Sayyidina `Isa (a) will come and rule for forty years, and seven years for Mahdi (a). After that no wali or no nabi will be on the Earth, and Allah will send the last great Signs of the Hour, and then the souls of every believer will be taken, leaving only unbelievers committing sins, and the Hour will rise upon them.

(Du`a)

Fatihah.

## Why People Become Tired

Dastoor, madad yaa Sultan. (Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Nahnu `abeedhuk irhamna fa laa n`abudoo ill 'Llah yaa Rabb! Yaa Rabbana zid habeebaka `izzan wa sharafa nooran wa suroora, ridwaanan wa sultaana. Zidhu yaa Rabbana, saa'iri 'l-anbiya wa 'l-awliya fa man tabi`ahum bi-ihsaan ila Yawmu 'l-Qiyyamah. Irham da`fana irham dun lana. Yaa Rabba'l-`izzati wa'l-`azhamati. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Allahuma qawwee d`afanaa li ridaak, "O Allah! Give us strength in our weakness." (Mawlana Shaykh sits)

Thumma as-salaamu `alayka yaa Saahib al-Waqt, yaa Qutb al-Mutasarrif a`eenoona bi `awnillah yaa rijaalAllah, we are weak servants. O holy ones, give us heavenly support and help us to be on the right way, to keep the holy orders of our Lord, our Creator. Subhaan Allah! Sultaan Allah!

O our Attenders! As-salaamu `alaykum. You must keep some advices a little bit. If you are not able to keep all of them, we must try to keep some.

O Salaafiyoon, Salafi `ulamas! Marhaban bikum, "Welcome to you!" Marhaban for whom? You may say, marhaban, marhaban, yaa shahr as-siyaam, the month of fasting. Marhaban, marhaban, yaa shahr al-qiyaam, the month of standing in supplication. Marhaban, marhaban, yaa shahr al-ghufraan, the month of forgiveness! Marhaban, marhaban!

O Believers! Change your direction in this holiest of the twelve months. Don't make this holy month as other holy months or ordinary months. Holy Ramadan has a specialty that heavenly beings and angels become happy, happier and happiest in this holy month! What is that reason to be the holiest month? O Salafi `ulamas, say! Say! What is the reason that shahr ar-Ramadan, the holy month of Ramadan, is going to have a special status among other months? Make it clear for the servants of our Lord. All of us are servants. That is our highest honor that we have been granted from our Lord, Almighty Allah: to be His servants. Servanthood is the most highly respected level for all Mankind and all nations, beginning from Adam (a) to the Seal of all Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits)

O People! Who is working for Allah (swt) is never going to be tired. You are tiring daily. Why are you tiring? Do you know?

O Salafi `ulamas! Why are you not saying to people why they are tiring? Answer! I am asking, what is the answer for that question? For what is Mankind tiring? That is an important point. Say clearly to your mulook, shaykhs, rich ones, and those who are tiring, "For what are you tiring?" His Majesty is also tiring; even the Sultan of Brunei is tiring. Why? Which thing making sultans to be tired? Say, `ulamas in Brunei that are running to be Wahhabi ones on the wrong way. Before His Majesty the Sultan was taking much care and becoming more pleased by the celebration of the birthday of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) But those around His Majesty are so many Wahhabi people who are saying, "O Sultan! That is bid`a. Don't do this; leave it, leave it." That is their advice and His Majesty is slowly, slowly, slowly making that celebration not to be seen, and not to be heard, making the birthday of the Seal of Prophets (s) as an ordinary day. No!

O Salafi `ulamas! You are advising His Majesty not to make a birthday celebration for the Seal of Prophets (s), but you are saying nothing if His Majesty is making a celebration for his honored princes and princesses. No one is saying, "That is bid`a, that is not true," but to make a celebration for the Seal of Prophets (s) they are saying, "No, it is not true." Allah Almighty will send on your head a headache that no physician may find a cure for you! Coming to you, coming to your heads that you will drink a full bottle of head tablets, but it is not stopping because you are such people against the most glorified one in the Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands) For his birthday you are saying, “That is bid`a, it is not true." (Mawlana Shaykh sits)

But are you are not saying anything if His Majesty Sultan is making a ceremony for his crown prince! You are running for that celebration and saying, "O congratulations and long life and long happiness for his Highness the Prince or Princess!" Allah Almighty will send on you, O Salafi `ulamas in Brunei, pain on your head that no one will find a way to stop! That is suitable for you, yes. You will understand what is the true way and the wrong way. You will understand! Give your most high honor and glorifying for the Seal of Prophets, Sayyidi 'l-Awwaleen wa ’l-`Akhireen (s)! But what are we saying? We are saying, why are you tiring? Why are you tiring? Say to your attenders!

O our Attenders! As-salaamu `alaykum. Beware! Hear, listen, and keep heavenly advising. Which thing is making a person to be tired? Say to people! You can’t say. We may say, bi `idhnillah, because you are not doing everything for your Lord's pleasure. You are following your egos, to make your egos happy. If anyone is running to make his ego happy, that effort, that work is making you to be tired. Everything that is not for the sake of the Lord of Heavens is a heavy burden on the shoulders of kings, queens, princes, princesses, governors, presidents, and so on.

O People! You must know why you are getting tired. Sleeping? Why are people tiring? Because they are not working for Allah, Jalla Jalaaluh. (Mawlana Shaykh stands) Subhaanahu wa ta`ala Rabba `ama yushrikooon, (Glory be to Allah above what they ascribe to Him) (Mawlana Shaykh sits) Which thing is making people to be tired? You must understand and you must ask to Azhar ash-Shareef `ulamas, doctors of Shari`ah, `ulamas, and Salafi `ulamas, why is Man tiring? And usually Mankind is never going to be tired.

O Salafi `ulamas! Say, if at any time on any day or at any hour the Seal of Prophets (s) said, "I am tired." Say! He never said it. Are any hadith books writing that Prophet (s) said, "I am tired." He was never tired. But we are tiring, including myself also, and I am asking forgiveness and I am tiring. Anyone who is working for Allah (swt) is never tiring. The whole Muslim world and humanity must know that if they are working for Allah, they are never going to be tired. They will always be like giants, powerful! Their hands are powerful, their bodies are powerful, their heads are powerful and every organ is powerful! I must say this because kings, princes, umaraa wa 'l-mulook, [princes and kings] shaykhs, and rich ones are all tiring. If a man is tiring that means every organ from him is tiring, never making shahadah, always down. Good understanding, shaykhs and mulook, because you are not doing for Allah, therefore your organs are weakened. If you are working for Allah, you are never going to be tired, like the Seal of Prophets (s)!

But your tent pole has just broken down. You may run to the east and to the west to find a cure, but you can't find it, because if you are tiring, every organ is tiring, finished. When you are tiring, you must understand. Where are you, Salafi `ulamas? Say to people in Arabic, in Turkish, in Persian, and in Urdu. People are tiring because they are not living for Allah, because they are not working for Allah, because they are agents of Shaytan, because they are working for Shaytan, and they are going to be tired here and Hereafter! May Allah forgive us. That is an important point. Allah, Allah. Allah, Allah. Therefore, I am making du`a for those who are coming against me to be tired, that doctors from the east to the west can’t find any cure for them. Don't make an assault on me! I am sometimes an easy one, sometimes I am a very hard, difficult one.

That is a celebration khutbah, it may be a declaration for the honor of the holy month. Ramadan Mubarak, Ramadan Kareem! If you are not listening, you are eating, and you are going to be tiring, halfway you are going to be tired. Take care, O mulook, shaykhs, rich ones, umaraa and others. If you are asking to always be in haqq and in power, try to do everything for Allah, and you will never become tired.

Therefore, they are making me say to you, to ask if the Seal of Prophets (s) said, "Oh, I am tired." Which hadith? No! Beware of a heavenly cursing, heavenly punishment! Do everything for Allah and you are never going to be tired. You may be 90 or 100 years, but you will not be tired. You may be 18, 20, 25 but if you are

not working for Allah (swt), you are going to be tired. Your physical being is going to be melting, melting. That is the reason for countless hospitals and for countless shaykhs, umaraa, mulook, and presidents entering them. For what? For visiting, because they are feeling, "We are tiring. O my doctor, can you find any new medicine? Take away my inability. Please sir, you must check." Finished! You are tired because you lived for Shaytan, not for Rahmaan, so you are going to be melted, finished! May Allah forgive us. Aaman yaa Rabbee!

Tonight is the first night of the holy month of Ramadan. Try to do everything for Allah, then you are not going to be hungry, angry, thirsty, or tired. Give and take! If you are not giving for Allah, you can't take anything back! May Allah forgive me and forgive you also.

Fatihah.

For the honor of Ramadan's awwal layla, "first night". SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. No one is addressing people in such a way from the east to the west, giving them first-class advice.

Allah Allah, Allah Allah, Allah Allah, Allah Allah.

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah

Dome, dome, dome, dome.

Dome, dome, dome, dome.

Dome, dome, dome, dome.

Dome, dome, dome, dome.

Allah Allah, Allah Allah, Allah Allah, Allah Allah.

Subhaan Allah,Subhaan Allah, Subhaan Allah, Sultaan Allah

Dome, dome, dome, dome.

Dome, dome, dome, dome.

Dome, dome, dome, dome.
Dome, dome, dome, dome.

Dome, dome, dome, dome.

Dome, dome, dome, dome.

Dome, dome, dome, dome.
Dome, dome, dome, dome.

Allah yaa Rabbee, Tawbah yaa Rabbee!

Fatihah.

Never finding this knowledge in books!

(37 minutes) Mashaa-Allah (829) SubhaanAllah. If not attending, I am tying their organs. No, leave them. Don’t come, don’t listen, I have a high-level order.

(Mawlana Shaykh prays two raka`at Salat ash-Shukr.)

Lefke, 09.08.2010

## WHY TARIQATS?

Sharia gives the commands, the orders and the rules. Tariqat gives the adab to all these rules. Tariqat makes people to love Islam. Tariqat makes people to be able to taste Islam. Tariqat take people to the meanings of Islam.Tariqat take people to the wisdom of Sharia. Sharia gives advice, tariqat take people to the wisdom of the advice. Sharia can show a picture of the person, but tariqat will take you to the person. People are so often objecting and are asking what tariqats are good for. These are the reasons for tariqat.
Pakistan - 21.11.1991

## Why Tornadoes Are Appearing on Earth

Mawlana Shaykh Nazim: Tornado! I am fearing it will completely engulf them and toss them in the air, including everything inside it. There is no safety! This is new information coming to me. I am a zero person, but when I'm distressed or irritated, there it is. Do you think awliyas are there in vain? Tornadoes! I am fearing. Today is the 3 Jumada al-Akhir, and in these past few months, particularly beginning in America, tornadoes hit various places around the world, which was never seen before.

Bismillahi 'r-Rahmaani 'r-Raheem. Now even if we say there must be khayr in these events, those living on Earth have such dirty lives that it incites Divine Anger. On the face of the Earth, there no longer remains a person who lives a clean life; they know neither halaal nor haraam. That is why (punishment) is coming from above like a whip. Allah Almighty destroyed the People of `Ad with a tornado. How much did He open of punishment? There was an angel overseeing those tornadoes, and he sent the wind of punishment through a single point as small as a needle's eye. How much can pass through a needle's eye? From the place of the treasure of storms, the angel who is responsible opened a hole only as small as a needle's eye over the Nation of `Ad. The People of `Ad were big, and tall like minarets, but it carried them up from below, then slammed them to the ground!

It is a must to fear Allah. Amaan, yaa Rabbee, what punishment this is! Now the time we are living in is such

that from amongst all people living on Earth, these are the most sinful, violating Allah's commands and living their lives as sinners. They have become worse than the People of `Ad, the People of Lut, and the People of Thamood! We seek refuge in Allah! Blatancy (in committing sin) has reached an extreme. Therefore, the tornadoes occurring now in various places are not a good sign. There are reports, "Two-hundred people missing." If He Almighty sends one tornado, it is enough to pull them up like a forceful pump and toss them at random, because shamelessness has reached its limit and is unprecedented; past nations did not do all this. Therefore, the news of tornadoes is dangerous and frightening.

There was also a recent tornado in New Zealand. Allah Almighty is showing us, saying, "We are not blind! We see all that happens on Earth, and for sure We will discipline you. Build yourselves up (in obedience) or, if not, in an instant I will blow away this whole world!"

This is the case and this is very important. Even here in our tiny island of Cyprus, how many tornadoes were there this year? A tornado took them along with their animals, all destroyed. This carries a deep meaning: you are not worshipping and on top of that you are listening to Shaytan's every word, you are not following any of your Creator's commands." Therefore, He Almighty is saying, "I will discipline you!" This has nothing to do with the "economical crisis;" that is something which remains as a zero on the left side. Having houses and people wiped out is not something that can be defined as an economical crisis.

As dunya is running toward its Final Hour, many different things will manifest. We seek refuge in Allah.

Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah!
Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah!

May Allah forgive us.

Fatihah.

Cameraman: So is this the haasiban (as Allah mentions)?

•••• •••••••• •••• ••• ••••••••• ••• •••••••• •••••••••• ••••••• •••••••••••••••• •••••• •••••••

Am amintum man fee 's-samai an yursila `aalaykum haasiban fasata`alamoona kayfa nadheer. Or do you feel

secure that He Who is in Heaven will not send against you a violent tornado (with showers of stones) so that you will know how (terrible) was My warning? (Al-Mulk, 67:17)

Mawlana Shaykh Nazim: What He Almighty is referring to by “haasiban” is something that comes from the skies. This is haasib `alaykum, coming from above.

•••••••••••••••• •••• •••• ••• ••••••• ••••••••

fasata`alamoona man huwa fee dalaalin mubeen. And in time you will come to know which of us was lost in manifest error. (Al-Mulk, 67:29)

You will soon come to know who is on the Right Path and who is swerving from it. He will pick and choose whom He doesn’t want to punish and Earth will hold them tight. The rest will be like autumn leaves; He will take and throw them like leaves. You must fear Allah! Tawbah, yaa Rabbee! Finished! He will sweep them away. HafazhanAllah. I am also fearing.

May Allah protect us from falling into the hands of our bad egos and keep us away from following Shaytan. He who follows his own egoistic desires will not be in good shape. Prophet (s) said, “If you see people following their desires, then look for Judgment Day.” (Hadith Qudsi).

Everyone is in their own ways; no two people have minds aligned on the same point. Everyone is attacking each other like hungry wolves.

Wa min Allahi ’t-tawfeeq.

Lefke, 03.05.2011 (Translated from Turkish)

## Why we Lose our Peace

People can more or less reach their desires through technology, but they are losing their inner peace, even though they are asking for real peace. I do not think that common people want to fight or to have wars. They want continuous peace. The way to peace passes through our inner peace. If you can reach peace within yourself, the community will reach peace and general peace will come. The way to reach this peace is to come to the level of simplicity.

- 01.01.1997

**Why we must go back to the States away from you, Sheikh Effendi, and your teachings?**

One day, after the Dhuhr (mid-day) prayer, Shaykh Nazim told his murids that they could ask whatever questions they wished. The group consisted mainly of Europeans and Americans, and so they used this opportunity to question the Shaykh about difficulties they had encountered trying to practice his teachings in their own countries.
<b>„Shaykh Nazim, what is our job in America? Why is it that we must go back there to live, away from you and your teachings?"

"Allah Almighty created this world," replied the Shaykh. "You can see here, all around you, the city of Damascus. Perhaps there are One hundred thousand houses. Each house has some people. Those people are not distributed without an arrangement but are appointed, each to a private place. These people must live in this place next door to some other people. They cannot be in this place too. Also, in each p1ace, there may several rooms; in each one there must be different persons.
The Holy Prophet (peace be upon him) said, 'Allah created people, and made for each a private station.' Therefore, Allah decides for Syrians to live in Syria, Turks to live in Turkey, Americans to live in America, and so forth. In each state; some. In India, Madagascar, in every place, must live whoever Allah has appointed. He Almighty decided. He Almighty appointed. Our Lord decides movement, travel, also. Some travels are temporary, same are permanent. All are directed by Divine Wisdom.

Allah Almighty appointed our breaths for us - when, where, and how many. We must be there, where He has appointed those breaths.
Therefore, you will be in your homeland, as your Creator has appointed for you to be there. The important thing for every servant who knows his Lord, who believes in his Lord, who loves his Lord, is to be with Him everywhere and always! When a servant is with his Lord, with love, with belief, and with obedience, his Lord will be with him always, with His mercy, with His protection, and with His help! Enough?"

„Then why do we become disturbed in our hearts?" asked a disciple.

Shaykh Nazim answered, "Disturbances come when you are forgetting your Lord's relationship with you, when you are forgetting His mercy. When people forget that they are in mercy oceans, all disturbances and sufferings come into their hearts. They are like fish out of water oceans. To be happy, you must always remember that you are in mercy oceans. This is a fine point, an important matter (Dhaqiq). You must be careful."

„I know it in my head, but I don't always know it in my heart."

"Yes! . . . insh' Allah."

„Is there anything specific that we could do, like teaching?"

"Teach yourself!" returned Maulana. "Teach yourself that you are in the mercy ocean, forever! No teaching another! This is a job for all people, not just Americans. You will be like a fish swimming in the ocean, joyful in the water, for outside it will die. Why are you coming out of that ocean? You are mad people!"

„What if people ask us about what we are doing?"

"You are swimming in mercy oceans. Therefore, you are happy everywhere."

„Shaykh Nazim, are these teachings, these words, just for ourselves? Are they just for your murids, or may anyone read them?"

"They are for everyone, because no one will come to hear these teachings, or to read these words unless he

has a promise from Allah Almighty in the spiritual world. This promise was made on the Day of Promise, in the Divine Presence, before we came into this world. No one can listen to these words, nor can he read them, unless he is from our group. Don't be worried about that!"

„In other words, if someone comes to read this, is it a sign?"

"You must know that he is sent," replied Shaykh Nazim. "Whoever is sent will come to you. He will come to listen to us because it is his destination. He will come, he will listen, and he will take it! Clear enough?"

„Thank you. Now I have a question about how we should dress. Should we wear sunnah clothes, turbans, and so forth, when we are back home in our country?"

"When you are in your home, with your Lord only, you will dress like this (he indicates his own clothing; loose pants, jacket, and a turban). When you are with other people, dress like them. He who is working for Allah alone is free to dress as he likes. He who must work in the world, with other people, must be like them. For Jumma, for worship, and when you are alone with your Lord at home, you may put on turbans and sunnah dress."

„Shaykh Nazim, as it is written in hadith, and as you have explained to us, there are signs in the world now that the great war is coming quickly. What preparations can we make for this terrible event? Shall we try to build some kind of a shelter, community, or retreat?"

"We are saying," said the Shaykh, "that shelter will be for everyone who is with his Lord. We are asking shelter with Allah Almighty. Any other shelter will not be enough, not at all enough during that war. Our 'Noah's Ark' is in our hearts! You cannot find any shelter without our Lord's shelter."

„What can we do for concentration? Are there any techniques you can recommend to us to keep from forgetting that we are in the mercy oceans?"

"As we are beginners," the Shaykh replied, "we must keep in our hearts, fifteen-hundred times, 'Allah, Allah, Allah....,' every twenty-four hours. Once, daily, you must listen to you heart's dhikr. When you listen, you can hear your heart saying 'Allah, Allah, Allah.' "

„Is this dhikr separate from the wird that we say ever day?"

"This is a wird also," said Maulana. "This is an important wird, more important than our tongue's dhikr. This gives concentration for all of the body."

„What is the best time of the day to do this wird?"

"After midnight; tahajj'ud. First make two rak'ats, then sit and listen to your heart's dhikr fifteen hundred times. For tahajj'ud prayer, the minimum is two rak'ats, and the maximum is eight. For witr prayer, we are praying after isha. Perhaps it may be that we cannot awaken before the time for witr goes away. Therefore, it is a precaution to pray witr immediately after isha; it is better. You may pray tahajj'ud after witr. It is permissible. When you listen to your heart's dhikr as I have told you, your concentration will grow from this point to where that dhikr, the remembrance of your Lord, will be with you twenty-four hours a day! Yes, this is the beginning! I am giving you permission as my Grandshaykh gave me permission for that."
„Thank you."

"Permission; it means to take that 'electricity' from the center they are opening for us. When my Grandshaykh gave me permission, he was opening, from his heart to my heart, such power."

„This may be too big a question for a beginner, but I'll ask it anyway."

"What is that?"

„When I first met you, in London, they told me that you could appear to me wherever I am, and to experiment with this. I have tried various things, but so far, with no success. Can you tell me how to do it?"

"Ah, yes! You may do that. You may do it with your heart. When you are in need of something, your heart may be in connection with me. Anytime!"

„There are no special words I have to say, or any special technique I have to do?"

"You can call, 'O, my Shaykh! O, my Grandshaykh! Reach to me, I am in difficulties, I am in need of your help!' Your Grandshaykh is Abdullah Daghestani (may Allah be pleased with him). It is enough to call him."

„How shall we make ready for you to come to America? Should we arrange for lectures, TV? We haven't talked to Hollywood yet!"

"Cinema? Some people came to Cyprus, once, and made a huge photo of me with my turban. Then, some filmmakers came to find me to make a film of Moses! Fortunately, I was absent. If I had been in Cyprus, they would have caught me and taken me to America to make a film with me!"

„Better than Charleston Heston?"

Shaykh Nazim stroked his long white beard; "Much better!" He then continued, "We ... our way, is to step after Allah opens the way for us. Therefore, we are not using so many programs, so much planning to do this and that. We are living as our Lord's demands appear, and He sends us toward His will. Therefore, if we are coming to America, it will become clear, little by little, how we shall act. We are not going to decide from now, but a decision will come as soon as possible from our Lord's Will. Therefore, we do not worry about that point. It is easier for us."

„If it is a question of us doing something for you, we'll do it. If it is a question of us getting money to send you a ticket and saying, ‘Shaykh Nazim, come!' we'll do everything for you; we'll do it."

"Thank you. When my Lord wills to send me to your country, He will send me, also, a ticket! I am waiting for His command."

„What are our wives' responsibilities?"

"Three times shahada, every day, and to be clean always. And, for beginners, one sajdah, five times a day, at the time of the regular prayers. At each prayer, only one sajdah. It is enough. "

„What if they want to do the whole prayer; is it all right?"

"For beginners, one sajdah is enough. As they are stepping forward, they will ask. This command is from my Grandshaykh. Also, they should love only believers, not unbelievers. They should sit with believers, and not with unbelievers."

„What about parents? What if parents are unbelievers?"

"I meant to say for other people. Your parents, you must respect them forever!"

„I had been doing a lot of physical training - running, lifting weights, and so on. Is this good?"

"Why are you doing this, to be stronger than animals, quicker than animals? If it were an honour to carry heavy loads, then we shall give medals to donkeys! Why this stupidness, this foolishness?"

„I think you've answered the question!"

"This is not to say that we shouldn't play, or practice games of war. This is sunnah. Walking, swimming, riding horses, swords and shooting - those are sunnah. But the most beautiful game is the game with your wife!"

„How about the martial arts, karate and judo?"

"It is too much. You must use your strength for useful things. When you are free, you must set apart a time for a useful thing, like gardening and planting, for instance. This is very good. In Islam there is no waste of time. Every action must bring a benefit. It is a bad thing to sit down. All or at least most illnesses come from sitting too long without moving. Therefore, games and useful work will be beneficial for you. Also, every weekend you must gather in a good place with friends for talking and doing halal. Not preaching! Not tabliq! It must be a simple gathering, a meeting of friends. It is enough simply to make friends. If people like you and respect you, they will come. If we are preaching, the load will be too heavy for their egos to bear! We are not Jammat al-Tabliq! People cannot carry heavy loads."

„Can you tell us when the war will happen?"

"Allah knows well. But it will happen, maybe, within two years. Our Prophet (peace be upon him) gave to us knowledge of the Last Days' signs, and as he said, those signs indicate that huge event is nearly upon us now. Afterwards, there are some other big signs for Qiyama, the Resurrection Day. This is what we are saying."

„But within two years, not longer?"

"Within two years. It is waiting. It is expected."

„Is Mahdi (peace be upon him) supposed to come before, or after this war?”

During.

„And Dajjal?"

"Same time."

„I read a hadith that there would be a fire from east to west. Is that referring to the war?"

"No, that is after."

„Are there any signs that we can look for?"

"For Mahdi (peace be upon him) coming, there are two signs. The first is that Turkey will become communist. Then, the great war will break out. That is the second sign. Then, Mahdi (peace be upon him) will come. I just now heard this from my Grandshaykh. And Turkey is going to be communist very quickly now. I first heard this from my Grandshaykh over forty years ago, when you couldn't find even one communist in Turkey. And now, . . ."

„Maulana, how do the saints receive their knowledge?” </b>

"It is through the Prophet (peace be upon him).”

**Wichtige Botschaft***

(engl.: ImportantMessage)

Meded Ya Rijalallah Madad!
Meded Ya Rijalallah Madad!

Liyel...Lisharafinnabiyyi-Alimus-Sahib

Mashayikhina Hadrati Sheikhina Sahibuz-Zaman Hazretlerine.

Salatu Selam olsun! Bize da imdad olsun!

(Mawlana steht auf)

Elfu-s-selat, Elfu-s-selam, ala Habibillah Seyyidil Ewwelin Wal Akhirin.
Allahu Akbar we Ejell we A'dham we Akbar!
Subhanuh, Sultanuh we Mulkuhu La Yentehi.

Audhubillahiminasshaytanirrajim. Bismillahirrahmanirrahim.

(Mawlana setzt sich)

As Salamu Alaikum Eyyuhel...Nas, Eyyuhen-Nas, Eyyuhen-Nas!

Das ist unsere wahre Ehre, der Herr der Himmel, durch seine geehrten Diener, ruft er seine Diener. Nicht durch das Heilige Protokoll. Subhanallah! Gerichtet an die Menschheit, übermittelt durch seinen meistgeliebten Diener Sayyidina Muhammed (SAW)
(Mawlana steht auf und setzt sich wieder), um die Menschen aufzurufen:

Eyyuhen-nas! O Ihr Menschen, Menschen, gewöhnliche Menschen!

Jeder... Jeder Einzelne in der Heiligen Gegenwart...Ghuluses..Ghishel. Er kommt mit seiner unendlichen Barmherzigkeit und seiner unendlichen Grosszügigkeit (Ikram),
Er der Allmächtige, Allah! Subhanehu wa-Taala (Mawlana steht auf und setzt sich),
ist schöpfend und ehrend und ...Yukhatib...ansprechend. Er der Allmächtige, spricht Seine Geschöpfe an.

O Ihr Menschen! Ihr könntet verstehen, wenn ihr ein kleines bisschen Verstand hättet, ein kleines bisschen Verstand. Ihr wäret gezwungen niederzufallen, um eure Köpfe nieder zu senken und sie nicht mehr zu erheben, denn der Herr der Himmel, -Sultanlar Sultani- (Der Sultan der Sultane), Melik-il Muluk, Allah (Mawlana steht auf) Jelle ve Jalaluh (Mawlana setzt sich), richtet sich an Euch und wir laufen davon, die ganze Menschheit.

Ptuuh! (Mawlana richtet sich wütend nach vorne spuckt) auf solche Menschen, welche nicht kommen, um zu sagen „O unser Herr!“, um in die Sajda zu niederzufallen.

Millionenfach „Ptuuh“ auf diese Menschen, welchen der Herr der Himmel Salaams und Grüsse und Ehre schickt und solche Geschöpfe laufen einfach davon
(Mawlana schlägt mit seiner rechten Hand auf sein Schenkel). Denkt darüber nach!!!

O Ihr Menschen, denkt ja nicht, dass sie sagen, dieser Mensch spricht täglich so viele, so viele (Mewdhu‘) Themen an. Es ist nichts! Es ist nichts! O Ihr verständigen Menschen! Es ist nichts...

Astaidhubillah (Mawlana steht auf) Astaidhubillah:

•••• •••• ••••• ••••••••• ••••••• • •••••••••••• •••••• •••••••• ••••••••• •••••• •••• ••••••• ••••••••• ••••••

Transliteration: „Kul Lew Kanel Bahru Midaden Li Kalimati Rabbii Le Nefidel Bahru Kable En Tenfede Kelimatu Rabii Ve Lew Ji'na Bi Mithlihi Midada"

Surat-ul Kahf (Surah 18 – Vers 109): „Sprich: «Wäre das Meer Tinte für die Worte meines Herrn, wahrlich, das Meer würde versiegen, ehe die Worte meines Herrn zu Ende gingen, auch wenn Wir noch ein gleiches zur Hilfe brächten.»"

(Mawlana setzt sich.)

Und soeben wurde etwas seiner Kapazität entsprechend geschenkt. Allah der Allmächtige gestattet immer alles,
welches dafür passend ist. Das Verständnis einer Ameise kann nicht das Verständnis eines Elefanten sein. Deshalb, denkt ja nicht, das Allah der Allmächtige darüber spricht, über Seine Majestät, dieses Bahr (arabisch: Ozean).
Ein See, wenn er größer ist, ist es ein Ozean. Ein Ozean. Wenn wir die Kalimatullah (arabisch: Kalimatullah=Worte Allahs)
benutzen, die göttliche Ansprachen, wenn der Pazifische Ozean, der Atlantische Ozean, der Indische Ozean, der Nördliche Ozean, der Südliche Ozean, wenn wir diese als Tinte zum Schreiben benutzen würden, diese Ozeane würden aufgebraucht werden, aber die Worte des Herrn (SWT), seine Worte würden niemals enden.
Bringt sab'in (arabisch: sab'in=siebzig) Ozeane, bring sab'in (arabisch: sab'in = siebzig) millionen Ozeane, lasst Diese und bringt 70 milliarden Ozeane, bringt 70 milliarden..nein..trillionen Ozeane...

O Ihr Menschen, seid nicht stolz! Seid nicht stolz! Stolz gebührt nur Seiner Majestät. Es ist ein himmlisches Attribut.
Es ist ein heiliges Attribut. Nicht für Euch!

Subhan, Subhan, Subhan,
SubhanAllah, SubhanAllah, SultanAllah
(Mawlana steht auf und setzt sich) SultanAllah SultanAllah, Sultan, Sultan-ul Mutlak!

O Ihr Menschen, was wollen wir sagen? Wir sagen nichts. Der Allmächtige bittet nur darum, dass wir unsere wahre Stellung halten.
Legt Euch, O Menschheit, eine Anstecknadel an und schreibt darauf „Wir sind des Herrn schwache Diener!“. Macht so eine Anstecknadel und steckt sie euch an euer Revers. Ihr könnt es als eine Geschäftsmöglichkeit für Euch machen.

Möge Allah mir vergeben.

Das ist genug.

As Salamu Alaykum.

Shaykh Hisham Effendi: Mawlana, sie alle danken Ihen vielmals, dass Sie ihnen jeden Tag eine Ansprache geben.

Sultan al-Awliya: Dank dem Herrn, Allah!

Shaykh Hisham Effendi: Wird es eine Öffnung für mehr Ansprachen geben, InsaAllah?

Sultan al-Awliya: Was für Ansprachen?

Shaykh Hisham Effendi: Morgen, übermorgen, überübermorgen?

Sultan al-Awliya: Sobald Er wünscht! Sobald Sein Geliebtester, eine Erlaubnis erteilt.

Shaykh Hisham Effendi: Mawlana Hadratake (Eure Exzellenz) Sie erwähnten den Hadith „Ya Abdi Ata'ni Aj'aluke Rabbaniyyan.“. Das wurde unter den Schülern thematisiert. Sie fragen.

Sultan al-Awliya: Diejenigen die fragen, diejenigen Wenigen... Wenn eine Inspiration kommt, werden wir möglicherweise wieder sprechen.

Shaykh Hisham Effendi: InshaAllah. InshaAllah!

Sultan al-Awliya: As Salamu Alaykum! Wenn die neuen Befehle kommen, da wird es so viele, Allahs unzählige Diener geben, die sprechen werden.
Es ist nicht notwendig, dass immer nur ich spreche. Möglicherweise wird ER jemanden schicken, der Seine Befehle, seine Grüße
und seine Ehrerweisung der Menschheit zukommen lassen wird.

Möge Allah mir vergeben.

Es ist eine kurze Ansprache. Ab heute und künftig, vielleicht gibt es eine Ansprache. Es ist keine Verpflichtung. Sprechen ist nicht meine Verpflichtung.
Es schließt sich eine Tür, um eine andere zu öffnen. Wir sind nur kleine und schwache Diener. Aber ich bin glücklich, dass es eine Erwachung gibt.
Denn himmlische Worte müssen Ihre Fragen berühren und ich denke, nicht denken, sondern es ist eine wahre Nachricht, dass der Jüngste Tag sich
annähert, unaufhaltsam. Und es geht weiter für Allah. Alles muss weitergehen. Und auch dieses weltliche Leben gelangt zu seiner Bestimmung.
Das Jüngste Gericht nähert sich, es gibt einige Zeichen, die wir alle kennen und Allah der Allmächtige sagt:

(Mawlana steht auf)

•••••• ••••• •••••••••••••

Transliteration: „Astaidhubillah. Fa Kad Jae Ashratuha“.

Suratul Muhammed - Surah 47 Vers: 18: „Sie warten nur auf die «Stunde», daß sie plötzlich über sie komme. Die Zeichen dafür sind schon eingetroffen. Doch was wird ihr Erinnern ihnen nützen, wenn sie über sie gekommen ist?“

15 JH zuvor sagte Allah, dass die Zeichen der letzen Tage schon angefangen haben. Deshalb müssen die Menschen, ein wenig ihrer Zeit für
ihr Leben im Jenseits geben.

Möge Allah uns vergeben.

O Ihr Menschen, wenn notwendig, wird der Herr Euch einen Diener schicken, um Euch aufzuwecken. Oh Ihr Menschen Ihr müsst
darum bitten, sich ein wenig Zeit für Euren Herren zu nehmen, um Euren Gottesdienst zu machen. Vielleicht könnte diese Welt ein
Paradies werden, wenn Menschen den Befehlen des Herrn folgen, wenn sie das nicht tun, Schwierigkeiten und Probleme, unendliches
Elend wird mit Ihnen sein. Vielleicht wird es von Zeit zu Zeit Botschaften geben...damit sie darüber nachdenken! Betet darum und
betet auch für mich. Ich bin schwach. Und Er weiß, der Herr der Himmel weiß alles. Ich bitte meinen Herren, Allah den Allmächtigen
(Mawlana steht auf) um Vergebung und um Fürsprache für mich, vom Heiligsten Sayyidina Muhammade (SAW). (Mawlana setzt sich)

Ich bitte um Unterstützung durch die Awliyaullah, den Heiligen. Sobald sie sagen, Allah kann seinen Dienern 100, 1000 Befehle senden.
Sh. Hisahm sagte mir, dass als ich sagte, die Ansprachen zu stoppen, dass sie geschockt waren. Nein.

Talabana Wajadana. (arabisch: Er suchte uns und fand uns).

O Menschen, wenn ihr sucht und zuhört, dann werdet ihr noch viel mehr finden. Sammelt Euch etwas, zieht Euch ein wenig zurück

von dieser Welt, und versucht mehr Zeit für den Herrn der Schöpfung zu verbringen. Die Schöpfung des Herrn ist unzählig.

Assalamu Alaykum.

Shaykh Hisham Effendi: Herzlichen Dank Mein Herr! Das ist eine sehr sehr starke Nachricht. Eine furchteinflößende Nachricht.

Sultan al-Awliya: Ich übertrage nur. Ich bin ein wenig schwach. Ich bat um etwas Unterstützung, und vielleicht können wir weitermachen.

Shaykh Hisham Effendi: InshAllah Mein Herr!

Sultan al-Awliya: Fatiha!

Shaykh Hisham Effendi: Sayyidi mögen Sie ein langes Leben geniessen und die Unterstützung des Propheten (SAW), Sayyidina Mahdi (A.S.) und die
Unterstützung Allah's erhalten. Möge Allah Ihnen Kraft geben und möge der Kufr (arabisch: Kufr=Unglaube) unter Ihren Füssen sein.

Sultan al-Awliya: Allah...Ihr mögt nun das Essen servieren...Dastoor Ya Rijalallah! Madad Ya Rijalallah!

Lefke, 23.10.2010

## Wie ein Fisch im Ozean

Eines Tages nach dem Zuhr-, dem Mittagsgebet, erlaubte Sheikh Nazim seinen Muriden, alle Fragen zu stellen, die sie wollten. Es waren vorwiegend Europäer und Amerikaner, die die Gelegenheit nutzten, den Sheikh über Schwierigkeiten zu befragen, denen sie in ihrer Heimat beim Versuch begegneten, seine Lehren in die Tat umzusetzen:
„Sheikh Nazim, welches ist unser Job in Amerika? Warum müssen wir dorthin zurückgehen und dort leben, entfernt von dir und deinen Lehren?“

„Allah der Allmächtige erschuf diese Welt“, so antwortete der Sheikh. „Hier um euch herum seht ihr die Stadt Damaskus. Hier gibt es vielleicht einhunderttausend Häuser. In jedem Haus gibt es einige Menschen. Die Leute sind nicht ohne Anordnung verteilt, sondern dazu bestimmt worden, jeder auf seinem eigenen Platz zu sein. Diese Leute müssen an jenem Platz Tür an Tür mit einigen anderen Leuten leben. Sie können nicht auch an diesem Ort hier sein. An jedem Platz mögen wohl auch verschiedene Räume sein, und in jedem Raum verschiedene Leute. Der heilige Prophet, der Friede sei auf ihm, sagte: „Allah erschuf die Menschen und gab einem jeden einen eigenen Platz.“ Deshalb entschied Allah für die Syrier, daß sie in Syrien leben, für die Türken, in der Türkei, für die Amerikaner, in Amerika zu leben, und so weiter. Jeder in seinem Land. In Indien, Madagaskar, an jedem Ort lebt einer, den Allah dorthin bestimmt hat. Er, der Allmächtige, hat es entschieden. Er, der Allmächtige, bestimmte sie dazu. Unser Herr bestimmt auch, wenn sie sich von dort

wegbewegen, das Reisen ebenso. Einige Reisen sind zeitlich begrenzt, einige fortwährend. Alle werden durch die Göttliche Weisheit geleitet. Allah der Allmächtige bestimmte unsere Atemzüge – wann, wo und wie viele. Wir müssen dort sein, wohin er diese Atemzüge bestimmt hat. Deshalb wirst du in deinem Heimatland sein, so wie dein Schöpfer für dich bestimmt hat, dort zu sein. Wichtig für jeden Diener, der seinen Herrn kennt, an Ihn glaubt und Ihn liebt, ist es, überall und allzeit mit Ihm zu sein! Wenn ein Diener in Liebe, mit Glauben und Gehorsam bei seinem Herrn ist, wird sein Herr immer mit ihm sein, mit Seiner Barmherzigkeit, Seinem Schutz und Seiner Hilfe! – Genug?“

„Warum werden wir in unseren Herzen dann gestört?“ fragte ein Schüler.

Und Sheikh Nazim antwortete: „Störungen kommen, wenn ihr die Verbindung zu eurem Herrn vergeßt, wenn ihr Seine Barmherzigkeit vergeßt. Wenn die Leute vergessen, daß sie in Meeren der Barmherzigkeit schwimmen, geraten alle Störungen und Leiden in ihre Herzen. Sie sind dann wie Fische auf dem Trockenen. Wenn du glücklich sein willst, mußt du dich immerfort daran erinnern, daß du in den Meeren der Barmherzigkeit bist. Dies ist ein schöner Punkt, eine wichtige Sache. Ihr müßt aufpassen.“

„Ich weiß es von meinem Kopf her, aber in meinem Herzen weiß ich es nicht immer.“

„Ja! ... insha’allah.“

„Gibt es etwas Besonderes, was wir tun könnten, z. B. lehren?“

„Lehrt euch selber!“ entgegnete Maulana. „Lehrt euch selber, daß ihr euch für immer im Meer der Barmherzigkeit befindet. Nicht andere belehren! Das ist ein Job für alle Leute, nicht nur für Amerikaner. Du wirst wie ein Fisch im Ozean sein, der voller Freude im Wasser schwimmt, denn außerhalb wird er sterben. Warum verlaßt ihr dieses Meer? Ihr seid verrückte Leute!“

„Was ist, wenn Leute danach fragen, was wir tun?“

„Ihr schwimmt in Meeren der Barmherzigkeit. Deshalb seid ihr überall glücklich.“

„Sheikh Nazim, sind diese Lehren, diese Worte, nur für uns? Sind sie nur für deine Muriden oder können auch andere sie lesen?“

„Sie sind für alle. Denn niemand wird kommen und diese Lehren hören oder diese Worte lesen, wenn er nicht ein Versprechen von Allah dem Allmächtigen in der spirituellen Welt hat. Dieses Versprechen wurde am Tag des Versprechens in der Göttlichen Gegenwart gegeben, bevor er auf diese Welt kam. Niemand kann diesen Worten zuhören noch sie lesen, es sei denn, daß er zu dieser Gruppe zählt. Macht euch über das keine Sorgen."

„Mit anderen Worten: Wenn einer dies liest, ist es ein Zeichen?"

„Ihr müßt wissen, daß er geschickt wurde", so Sheikh Nazim. „Wer geschickt wird, wird zu euch kommen. Er wird kommen und zuhören und es nehmen! – Ist das klar genug?"

„Danke schön. Ich habe jetzt eine Frage dazu, wie wir uns kleiden sollen. Sollen wir Sunna-Kleidung tragen, Turbane und so weiter, wenn wir zurück in unserem Land sind?"

„Wenn ihr in eurem Haus seid, mit eurem Herrn allein, kleidet euch so (er deutet auf seine eigene Kleidung: lockere Hosen, Jacke, Turban). Wenn ihr mit anderen Leuten zusammen seid, zieht euch wie sie an. Wer nur für Allah arbeitet, kann sich kleiden, wie er will. Wer in der Welt arbeiten muß, mit anderen Leuten, muß wie sie sein. Zum Jum'a, zum Gottesdienst und wenn ihr zu Hause seid, allein mit eurem Herrn, könnt ihr Turbane aufsetzen und Sunna-Kleidung tragen."

„Sheikh Nazim, es ist in den Hadithen geschrieben, und wie du uns erklärtest, daß es jetzt Zeichen in der Welt gibt, daß der Große Krieg schnell näherkommt. Welche Vorbereitungen können wir treffen für dieses schreckliche Ereignis? Sollen wir versuchen, eine Art von Schutz aufzubauen, eine Gemeinschaft, einen Rückzug?"

„Wir sagen", so der Sheikh, „daß es Schutz für jeden geben wird, der mit seinem Herrn ist. Wir bitten um Schutz bei Allah dem Allmächtigen. Ein anderer Schutz wird nicht ausreichen, er wird überhaupt nicht ausreichend sein während dieses Krieges. Unsere ‚Arche Noah' ist in unseren Herzen! Du wirst keinen Schutz ohne den Schutz unseres Herrn finden."

„Was können wir für unsere Konzentration tun? Kannst du uns irgendwelche Techniken empfehlen, die uns vor dem Vergessen bewahren, daß wir uns in den Meeren der Barmherzigkeit befinden?"

„So wir Anfänger sind“, entgegnete der Sheikh, „müssen wir alle vierundzwanzig Stunden 1.500 mal in unseren Herzen ‚Allah, Allah, Allah ...‘ erinnern. Einmal täglich sollst du auch deines Herzens Dhikr hören. Wenn du ihm lauschst, kannst du dein Herz ‚Allah, Allah, Allah ...“ sagen hören.“

„Ist dieser Dhikr von dem Wort unterschieden, das wir jeden Tag sagen?“

„Es ist auch ein Wort“, sagte Maulana. „Es ist ein wichtiges Wort, wichtiger als der Dhikr unserer Zungen. Dies gibt dem ganzen Körper Konzentration.“

„Welches ist die beste Zeit dafür?“

„Nach Mitternacht; tahajjud. Mach zuerst zwei Raka’at, dann setz dich hin und lausche 1.500 mal dem Dhikr deines Herzens. Minimum für das tahajjud-Gebet sind zwei Rakaʻat, das Maximum acht. Das witr-Gebet beten wir nach ‘isha’. Vielleicht können wir nicht erwachen, bevor die Zeit für das witr-Gebet vorbei ist. Deshalb beten wir witr vorsichtshalber direkt nach ‘isha’, das ist besser. Man kann tahajjud nach dem Witr beten. Das ist erlaubt. Wenn ihr, wie ich euch erzählte, dem dhikr eures Herzens lauscht, wird eure Konzentration wachsen, bis dahin, daß dieser Dhikr, die Erinnerung eures Herrn, vierundzwanzig Stunden am Tag anhält! Ich gebe euch Erlaubnis, wie mein Großsheikh mir dazu Erlaubnis erteilt hat.“

„Danke sehr.“

„Erlaubnis – das heißt Erlaubnis, von der ‚Elektrizität‘ aus dem Zentrum zu nehmen, das sie uns eröffnen. Als mein Großsheikh mir Erlaubnis gab, öffnete er solch eine Kraft von seinem Herzen zu meinem Herzen.“

„Dies ist vielleicht eine zu große Frage für einen Anfänger, aber ich stelle sie trotzdem.“

„Was für eine?“

„Als ich dich erstmals traf, in London, erzählte man mir, daß du mir erscheinen könntest, wo immer ich bin, und ich es ausprobieren sollte. Ich habe verschiedene Dinge versucht, aber bislang ohne Erfolg. Kannst du mir sagen, wie ich es machen soll?“

„Ah, ja! Du kannst das machen. Du kannst es mit deinem Herzen tun. Wenn du einer Sache bedarfst, mag

dein Herz in Verbindung mit mir treten. Jederzeit!“

„Gibt es da keine speziellen Worte, die ich sagen, oder irgendwelche besonderen Techniken, die ich anwenden muß?“

„Du kannst rufen: ‚O mein Sheikh! O mein Großsheikh! Erreiche mich, ich bin in Schwierigkeiten, ich bedarf deiner Hilfe!‘ Dein Großsheikh ist ‘Abdullah ad-Daghistani – möge Allah mit ihm zufrieden sein. Es reicht, ihn zu rufen.“

„Was sollen wir für Vorbereitungen treffen, wenn du nach Amerika kommst? Sollen wir etwas einrichten für Lectures, TV? Wir haben bisher noch nicht mit Hollywood gesprochen!“

„Kino? Einmal kamen einige Leute nach Zypern, die ein großes Photo von mir mit Turban machten. Dann kamen einige Filmemacher und suchten mich, um einen Film über Moses mit mir zu machen! Glücklicherweise war ich abwesend. Wenn ich in Zypern gewesen wäre, hätten sie mich geschnappt und nach Amerika mitgenommen, um einen Film mit mir zu machen!“

„Besser als Charleton Heston?“

Sheikh Nazim strich über seinen langen weißen Bart: „Viel besser!“ Dann fügte er hinzu: „Wir – unser Weg, ist es, Schritt für Schritt Allah zu folgen, Er öffnet uns den Weg. Deshalb benutzen wir nicht so viele Programme, planen wir nicht so viel, dies oder das zu tun. Wir leben dementsprechend, wie die Befehle unseres Herrn erscheinen, und Er schickt uns Seinem Willen entgegen. Deshalb wird es, wenn wir nach Amerika kommen, Stück für Stück klar werden, wie wir handeln sollen. Wir werden nicht jetzt entscheiden, sondern eine Entscheidung wird so bald wie möglich durch den Willen unseres Herrn kommen. Deshalb machen wir uns über diesen Punkt keine Sorgen. Das ist einfacher für uns.“

„Wenn es an uns liegt, etwas für dich zu tun, wollen wir es tun. Wenn es darum geht, Geld zu besorgen, um dir ein Ticket zu senden und zu sagen: ‚Sheikh Nazim, komm!‘, wollen wir alles für dich tun; das werden wir.“

„Danke! Wenn mein Herr mich in euer Land schicken will, wird Er mich senden, und auch ein Ticket! Ich warte auf Seinen Befehl.“

„Worin liegt die Verantwortung unserer Frauen?“

„Darin, jeden Tag dreimal Shahada zu sagen und jederzeit sauber zu sein. Und, für Anfänger, eine Sajda, Niederwerfung, fünfmal am Tag zur Zeit der regulären Gebete zu machen. Zu jedem Gebet nur eine Niederwerfung. Das ist genug.“

„Was ist, wenn sie das ganze Gebet machen wollen, ist das in Ordnung?“

„Für Neue ist eine Sajda ausreichend. In dem Maße, wie sie fortschreiten, werden sie fragen. Dieser Befehl ist von meinem Großsheikh. Auch sollten sie nur Gläubige lieben, keine Ungläubigen. Sie sollten mit Gläubigen zusammensitzen, nicht mit Ungläubigen.“

„Was ist mit den Eltern? Was ist, wenn sie Ungläubige sind?“

„Was ich sagte, bezog sich auf andere Leute. Eure Eltern müßt ihr immer respektieren!“

„Ich hatte eine Menge Körpertraining gemacht – Laufen, Gewichtheben und so weiter. Ist das gut?“

„Warum tust du das – um stärker zu sein als Tiere? Schneller als Tiere? Wenn es eine Ehre wäre, schwere Gewichte zu heben, dann würden wir Medaillen an Esel verleihen! Warum diese Dummheit, diese Verrücktheit?“

„Ich denke, du hast die Frage beantwortet!“

„Das heißt nicht, daß wir nicht Spiele machen oder Kriegsspiele üben sollten. Das ist Sunna. Gehen, Schwimmen, Pferde reiten, Schwerter und Schießen – diese sind Sunna. Aber das schönste Spiel ist das Spiel mit deiner Frau!“

„Was ist zu Martial Arts zu sagen, Karate und Judo?“

„Das ist zu viel. Du mußt deine Kraft nützlichen Dingen widmen. Hast du frei, mußt nützlichen Dingen einige Zeit geben wie zum Beispiel gärtnern und pflanzen. Das ist sehr gut. Im Islam gibt es keine Verschwendung von Zeit. Jede Handlung soll einen Nutzen bringen. Es ist schlecht, herumzusitzen. Alle oder wenigstens die

meisten Krankheiten kommen daher, daß man zu lange herumsitzt, ohne sich zu bewegen. Deshalb werden Spiele und nützliche Arbeit gut für euch sein. Auch müßt ihr euch jedes Wochenende an einem guten Platz mit Freunden versammeln, um miteinander zu reden und halal, Erlaubtes, zu tun. Nicht zum Predigen! Kein tabliq! Es muß ein einfaches Treffen sein, ein Treffen von Freunden. Es ist genug, einfach Freunde zu gewinnen. Wenn Leute euch mögen und respektieren, werden sie kommen. Wenn wir predigen, wird die Last für ihre Egos zu schwer sein! Wir sind nicht Jamat al- Tabliq! Leute können keine schweren Bürden tragen! Damaskus - 01.01.1979

---

## After the Long Journey Will the Door Open for You?

(Mawlana Shaykh addresses a group of Italian mureeds.)

Allahu, Allahu, Allahu Haqq! 3x
Haqq al-Haqq subhaanahu wa Ta`alaa!
Allahuma thabitna` ala 'l-Haqq!

Fatihah.

May Allah give you happiness here and Hereafter with your children. We hope that when Mahdi (a) comes and seven big nations will come to Islam, I hope inshaa-Allah that Italians will be, from beginning up to end, saying, "Laa ilaaha illa-Llah Muhammadun Rasoolullah," to be Muslim! May Allah bless you! Happy days for you, you are very welcome and if anyone is asking to stay longer you may stay, or if your tickets are fixed you must follow your tickets and have a safe, happy journey and a good future for you inshaa-Allah! All Italians coming to say, "Laa ilaaha illa-Llah Muhammadun Rasoolullah."

Look around yourself for the good ones. Allah is blessing you! (Mawlana Shaykh gives baya') Allahu, Allahu, Allahu Haqq! Happy days.

(A group of Spanish mureeds arrive.)

Happy journey, you are welcome! Keep the ways of Heavens, because finally we are moving from here up to Heavens. Therefore, keep on training your physical being to help your spiritual being, as that gives your spirituality much more of a chance to be for your heavenly being. But people now are trying to make their physical being happy and enjoyful, and they are leaving their spiritual being, not looking after it.

Therefore, all of you must try to give much more time and work for your spiritual being, because we don't know when we are going to be called by Heavens. Some people are reaching up to their heavenly station and asking to enter, but they are not given permission to go in. It is not opening because they were giving all their energy for their physical being, and therefore those doors to their heavenly being are never opening. So, give much more time and activity for your spiritual being and then the doors are going to open, and you may say, "Bomborido!" or you may say to those doors, "Kick them down!" and they open.

May Allah forgive you and forgive me, and make us to be servants to the Lord of Heavens! That is our way. We are not quarrelling with people of other religions, we are only saying something that is written in their holy books also. Everyone is going up! Their souls are reaching the Heavens and then the doors are either opening and they enter, or they are thrown down and the doors stay closed on them and they may do anything, as they like.

Fatihah.

Do you have anything to ask or say? Are you happy with us? We hope that He Almighty is going to be happy with you and blessings come over us all!

Fatihah.

This is enough for everyone. (Mawlana stands and, at their request, gives some guests shahaadah. they present gifts.) May Allah give you heavenly grants; as you are giving me gifts, may Allah give you heavenly gifts to be happy! Are you happy with us? (Yes!) I am weak and I need rest, but so many of our brothers and sisters are coming, and I am trying to be with you as much as possible.

(A German woman asks should she accept our way.)

She took shahaadah already. Laa ilaaha illa-Llah, Musa Rasoolullah! Laa ilaaha illa-Llah, Muhammadun Rasoolullah! We accept all prophets and their holy books. The first prophet was Adam (a) and the last prophet is Muhammad (s)!

(I love you!) We love you!

## Will you be patient?

Patience is fighting all that the nafs likes. There are three types of patience: Patience with physical discomforts, such as getting up on cold mornings for prayer, having cold water for washing, waiting in line, being uncomfortable during illness, completing difficult tasks, and so forth. To remain patient and steadfast in your worship in spite of these difficulties is very valuable in the sight of Allah.

Even more valuable is the patience to refrain from forbidden things. A Hadith says: “To live as a servant and to keep away from forbidden things is more valuable than the worship of all the angels, men and jinn throughout the ages.”

The third type of patience is the best of all. It is to be patient with the people who trouble you. The Holy Quran says: “We are trying some of you with others of you.”

Patience is the most necessary thing in the life of man. If you have patience, all goodness is with you. Allah’s Eyes are on you...will you be patient?

- 01.04.1999

## The Wird of the Mureed Ahmad

Recite:

Bismillah shareef ;

40 times Salaat al-Munajiyya;

100 times hHasbun ’Llah wa ni`ma ‘l-wakeel;

10 times Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem;

100 times yaa Wadood.

You may continue with these, so don't stay idle. This is the basic wird: 100 times Laa ilaaha illa-Llah; 100 times Hasbun ’Llah wa ni`ma ‘l-wakeel; 100 times Allah, Allah, Allah, Allah! When they are free they may recite these. Whoever has time and knows how to read Holy Qur’an may recite it. If there are people here asking to learn to recite Qur’an, you may teach them for an hour daily. (...)

(Mawlana Shaykh narrates a story.)

“Recite 1,000 tawheed, Ahmad!” Then Ahmad runs through the whole tasbeeh without counting individual beads, again looked from the door and said, “I have finished, O Master.”

“Have you finished the 1,000?”

“Yes, I have.”

“Now read 2,000 and come back!”

He said, “Okay,” and left. (Mawlana runs his fingers across his tasbeeh without stopping at individual beads.) To recite, “Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah” didn't even take Ahmad five minutes and he came back. May Allah make his abode Paradise. Again, he came to the door to listen and talk to Grandshaykh, saying, “O Master, I have finished.”

“Have you finished the 2,000?”

He said, "I have finished 2,000 and more!"

Grandshaykh (q) told him, “Okay Ahmad, I have more things to write. Complete 5,000 and then come,” to keep him away for a while.

Ahmad went away and returned in less than five minutes, saying, “I have finished, O Master.”

“How many?”

“It has been 2,500 up to 3,000 ‘Allah, Allah.’

“Complete it to 5,000 and come back. I have some writing to do now.”

“Okay, O Master, as you order.” Ahmad left and said his tasbeeh up to 50,000 until Grandshaykh finished writing his letter, then again came back to his door.

Grandshaykh (q) said, “I wanted to have a look at how he does that. He went from the first bead all the way to last bead at one go, without counting individually, reciting, “Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa

ilaaha illa-Llah....” He continued like that and returned to Grandshaykh (q), who said, “Ahmad's wird is like this.” May Allah make their abodes Paradise!

May Allah make us be with good servants in dunya and under the flag of the Prophet (s) in akhirah, in Jannatu ’l-Firdaus or in whichever Paradise Allah Dhu ‘l-Jalaali wal-Kamaal puts us! If we can step into one of them, there will be no need to ask, “Which Paradise is it?” because when He says, “Put him in Paradise,” the matter is finished! Are we like those who prefer their comfort to be first class, second class...? We don't distinguish and He may put us wherever He wants; even if He puts us on the doorstep, it is still fine. May Allah treat us with His mercy and endless grants. If He treats us with His justice, no one will be saved, but for the honor of our Prophet (s), He Almighty may let all of us in, ordering, “You may enter through the door of Paradise!” Even if millions, billions, trillions, quadrillions of people await near the doors, hoping for the mercy of Allah Almighty, the doors will open and they will all enter! Even if we are from the ones who enter last, how good is it? How great is He, Huwa al-`Aliyyu ‘l-`Alaa!

May Allah Almighty not make us fall into Hell! People cannot tolerate even the simplest disease in the dunya. I am thinking, how is the situation of the previous nations? How did the torment reach them? It is not easy to stay in pain and torment, but what can we do? Amaan yaa Rabbee, amaan yaa Rabbee, grant us safety, O my Lord! We cannot tolerate even the lightest pain and it is an extremely intense pain that is very hard to stay in constantly.

Amaan yaa Rabb, tawbah yaa Rabbee, yaa Arhamaa ‘r-Rahimeen. O our Lord! You know, You know, You are Arhamaa ‘r-Rahimeen, Most Merciful of the Merciful! (du`a).

Fatihah.

Shukr yaa Rabbee.

## Wir existieren nur einen Augenblick

(RememberYourLordInHolyDays, engl.)

Labbaik allahuma Labaik ... (Maulana Sheikh Effendi beginnt mit dem Begrüßunglied der Hajjis).

Assalamu aleikum, oh ihr Hathirun. Himmlische Begrüßung für die Leute, die an Ihren Schöpfer glauben, den Herrn der Himmel. Abertausender Lob und Majestät an Den, Der alles für seine Ehre und Majestät erschuf. Oh ihr Zuhörer, himmlischer Segen auf diejenigen, die für die Dienerschaft ihres Herrn leben. Oh ihr Menschen, ihr wurdet nicht erschaffen, um eure Egos zu geniessen - das ist nichts. Die uns gewährte Ehre ist das Lobpreisen und Ehren, und die wirkliche Stellvertreterschaft Allahs. Allah der Allmächtige braucht unsere Lobpreisung und Ehre nicht, Seine Herrschaftsgebiete sind endlos, zahllos; diese Welt und alles, was sie enthält, ist weniger (wert) als ein Atom. Die Ehre wurde euch vom Herrn der Himmel nur gewährt, er wollte euch Ehre geben und verlangt von Seinen Dienern, dass sie Ihm, Seiner Majestät und Seinem himmlischen Wesen ihre höchste Ehre erweisen. Und was machen wir? Nichts. Wir sind wie Betrunkene und rennen unserem Ego hinterher und seinen Vergnügungen. Alles vom Anfang bis zum Ende ist wie (winkt mit dem kleinen Finger) ein Augenblick, ein Fünkchen. Allahu Akbar.

Wir befinden uns in den heiligen Tagen und Allah der Allmächtige hat uns mehr Ehre und Lobpreisungen

gewährt. Seid nicht betrunken, oh (ihr Angehörige der) Menschheit, wacht auf! Frage, wer dich erschaffen hat, was Er von dir will. Versuche zu lernen, was Er durch seine Stellvertreter offenbart hat. (Selbst) die Tiere wissen es, aber nun, in diesem Jahrhundert, die Menschen nicht. Wer hat uns in die Existenz gebracht und wer nimmt uns wieder da heraus? Wir erscheinen nur für eine kurze Zeit und verschwinden dann wieder; alle Menschen existieren zwischen Erscheinen und Verschwinden.

Gestern, ihr habt alle die kleinen (Kinder) gemocht. Alle kamen wir aus den Schössen unserer Mütter. Sie sagen, er wurde mit 3kg geboren, manchmal (werden) vier Kinder (geboren), manchmal Zwillinge, d.h. 3 + 3 kg, also 6 kg. Und die Shaitan-Leute fragen sich, woher diese gekommen sind, und sagen es gäbe keinen Schöpfer. Ptuh!! Sie sind unter meinen Füßen! Folge ihnen nicht und gehe nicht auf ihre Schulen, wo sie keine himmlischen Lehren unterrichten. Das ist haram, verboten. Ebenso die Universitäten. Das sind die größten Lügen, die sie verbreiten, sie sind verflucht.

King Fahd Universität, was lehren sie, was ist das für eine Universität? Kein Gott!? Warum machen sie solche Shaitan-Zentren? Große Schande und Fluch kommt auf sie, auf alle arabischen Länder (zählt sie auf). Sie fürchten Allah den Allmächtigen nicht. Der Quran kam vom Himmel zum Siegel der Propheten, dorther müßt ihr euer Wissen holen, nicht vom so genannten "positiven", dem shaitanischen Wissen des Westens. Es gibt keine Entschuldigung für euch, denn im heiligen Quran steht alles drin! Oh ihr Menschen von Ost bis West, ich rufe euch zu!

Ihr Niveau ist unter dem niedrigsten Level, sie verlangen nicht danach, aus der Dunkelheit ins Licht zu kommen, in das erleuchtete Universum. Sie wollen immer unter der Erde bleiben, in Dunkelheit. Was machst du gerade? „Ich beende nun Oxford und mache mein Magister“. Hala alayhum, das verstehen die Araber. Und sie hoffen, die Menschheit hofft, in der gleichen Weise auf diesem Planeten in Hoffnung, Glück und süßem Leben zu leben. Niemals! Niemals! Schließt diese Universitäten, oh Könige der Araber, Präsidenten und Diktatoren. Ihr Araber, betretet den sicheren Weg zum Paradies, indem ihr die Lehren aus dem Quran nehmt oder euer Leben wird vergiftet sein. Wir leben nun in den heiligen Tagen, ..., warum geht ihr dorthin? Warum? Damit ihr Hajji genannt werdet? Hajji Mehmet, Hajji Ahmed, Hajji ... Ahmed Bier? Eure Bärte werden geschoren und ihr nennt euch Hajji. (Dabei) seht ihr aus wie Frauen! Woher nehmt ihr diese Sitte!? Und nennt euch Hajjis! Oh unser Herr, laß sie nicht ihre Bärte abschneiden, dass sie nicht aussehen wie meine Großmutter.

Sagt Amen (alle lachen) Assalamu aleikum, ya Rabbi, alle von Ost bis West, von Süd bis Nord. Möge Allah mir und euch vergeben, Fatiha.

## Wir fliehen vor Shaitan und rennen zu Allah

Destur ya sayyidi, Madad ya Sultan ul Awwliya. Madad ya Rijal Allah. Audhu billahi mina shaitani-r-rajim. Bismillahi-r- Rahmani-r-Rahim.La hawla wa la quwata billahi l-azeem. Wir fliehen vor Shaitan und rennen zu Allah. Wir fragen den Allmächtigen um seine Unterstützung. Ich schäme mich, nach seiner himmlischen Unterstützung zu fragen, es ist zu viel. Du kannst dir die Menge, an himmlischer Unterstützung einfach nicht vorstellen. Ein Atom von göttlicher Unterstützung wäre zuviel, um die ganze Existenz Mrd.-Fach zu tragen. So klein und doch trägt sie die ganze Existenz. Die ganze Größe liegt außerhalb unserer Vorstellungskraft. Allah hu akbar., keiner kennt die Größe Allahs. Denn er ist der Schöpfer und wir die Geschöpfe. Man kann es auch mit dem Menschen und dem Computer vergleichen. Denkt ihr ein Computer kann sein Hersteller verstehen? Nein, sie haben keine Ähnlichkeiten. Wie kann es dann zwischen Schöpfer und Geschöpf eine Ähnlichkeit geben? Nur aus unserer Ignoranz, fragen wir nach dem wie. Damals kam ein Jude zu Sayyidina Ali r.a. und fragte ihn, wer denn sein Herr sei. Es liegt nicht in unserer Fähigkeit, Aufgabe und Autorität danach zu fragen, wer denn unser Herr sei. Es gibt keine Ähnlichkeit zwischen dem Allmächtigen und seinen Geschöpfen. Er hat so viele verschiedene Arten von Geschöpfe erschaffen und kein einziger gleicht dem anderen. Wie können wir dann fragen, wo oder wer er ist? Der Jude fragte ihn ein weiteres mal und diesmal fragte er wo der Herr sei? - Wer das All erschafft, nachdem kannst du nicht fragen. Überall wo du hingelangst, wirst du etwas von seiner Schöpfung finden. Er schuf das hier, dort und irgendwo. Er hat es

nicht nötig hier oder dort zu sein. Allah hat eine Ameise erschaffen, seine ganze Schöpfung ist wie eine Ameise. Wie können wir dann so aus uns hinauswachsen und fragen wo er ist ? Wir haben ein Atom, daß wir von Allah geschenkt bekommt haben, aber wir können seine Herkunft nicht festlegen. Alles was in Existenz ist, muß eine Basis in seiner Existenz besitzen, um gesehen zu werden. Wir haben 4 Hauptwindrichtung und 4 weitere Abzweigungen, aber außerhalb dieses All, gibt es unzählige Richtungen und jedes hat seinen eigenen Namen. Nur sein Schöpfer kennt alle diese Namen. Alles ist in Bewegung, nichts bleibt fest in seinem Stall. Nur der Herr bleibt unverändert, er weiß wer, wo, warum, was und wie ist. Er weiß auch was in der letzten Sekunde passiert. Auf diesen Planeten weiß nur er, wer und wie jemand unterstützt wird. Wer sind wir unterstützt zu werden? Allahs Unterstützung hat so viele Ebenen, aber du kannst nur bis zu einer Grenze kommen, die du erklären kannst. Aber Jenseits dieser Grenze sind wir im Dunkeln. Einem wurde diese Unterstützung gewährt, ohne ihn wäre nichts erschaffen worden, wäre keiner in Existenz. Die Unterstützung die ihm gewährt wurde, könnte ausreichen die ganze Menschheit zu stützen. Wir reden über eine solche Dimension, damit wir das Verstehen der Menschen stärken, denn sie haben ihre himmlische Verbindungen und Persönlichkeiten verloren. Sie denken das ihr materielles Sein ihre Person trägt, aber dies mindert ihren Wert. Sie müssen versuchen ihre spirituelle Persönlichkeit zu finden, damit wir von der wirklichen Realität in der wir jetzt leben, etwas bekommen. Aber über die Persönlichkeit von Allah etwas zu erfahren, dies ist nur dem geliebten Propheten s.s.w. gewährt. Allein das was er bekommen hat reicht aus , um die ganze Menschheit über die Himmel zu informieren. Damit kann man die himmlischen Ozeane erreichen, die dich in Zufriedenheit und Frieden bringen. Wenn du dich aber davon lossagst, ist es unmöglich irgend etwas davon zu erreichen. Aber die leeren Köpfe von Muslime und Dr. der Scharias verstehen diese Punkt nicht und ebnen ihren Platz auf Treibsand. Aber jeder weiß das dis unmöglich ist. Sie wollen den Islam auf Treibsand plazieren, aber dies ist unmöglich. Diese Art von Verbindung , bringt unseren Stolz hinunter. Denn wir denken das wir etwas sind. Sie denken das man Ehre durch Kleidung und Auszeichnung bekommt, aber gegen die himmlischen Auszeichnung ist es nur Blech. Sie benutzen shaitanische Lehren und keine himmlische Lehren

Möge Allah mir vergeben und euch segnen, für die Ehre des Geehrtesten in göttlicher Gegenwart, dem Propheten Rasulullah s.s.w.

This page doesn't exist yet. Maybe you want to create it?

This page doesn't exist yet. Maybe you want to create it?

**Wir sind hier, um zu verstehen**

Dastur ya Sayyidî ya Rasûlullah, Dastur ya Sultan al-Auliya,
Dastur ya Sultan al-Auliya, Dastur ya Rijâlallah
Al-Munkirûn fî hâdha l-ard zalzilûhum, zalzilûhum
Ya rabbî zalzil aqdâmahum hattâ la yathbutu qiyâm
li-anna idhâ qâmû yahijûma ´alâ l-muslimîna wa l- islâm
Bi-hurmmati hadha schahra l-mubârak ya rabbî,
zalzil aqdâmahum! zalzil aqdâmahum!

A´ûdhu billahi min a-schaytâni-rajîm
Bismillahi-Rahmâni-Rahîm
La haula wa la quwwata illa billahi l-´Aliyyu l-´Azîm

Ein Gläubiger fürchtet Allah den Allmächtigen. Teil unseres Glaubens ist, daß Allah alles in Seinem Griff hält. , Nâsiyatuhum bi-yadillah' , Nâsiyatunâ bi-yadillah' , Allah der Allmächtige ergreift Alles. Denkt nicht, daß jeder tun kann, was er oder sie oder es will! Und Schaytân ist nur ein Geschöpf unter Seiner Herrschaft (auf türkisch: woher ich auf einmal dieses Wort ‚Dominion' habe, weiß ich selber nicht. Als ich es gesagt habe, fing ich plötzlich an, zu zittern). Als wir das gesagt haben, hat es uns geschüttelt. Allah, Seine Herrschaft, o Allah! Er (Schaytân) ist nur so ein kleines Geschöpf. Und es ist falsch, sich angesichts Desjenigen, der endlose Herrschaft besitzt, vor diesem Geschöpf zu fürchten, doch es ist Sein Befehl: „Schaut, diese Kreatur versucht, euch unter seine Kontrolle zu bringen und Ich habe nichts ohne eine Weisheit erschaffen. Um fahren zu können braucht ein Auto keinen Tachometer, der die Geschwindigkeit anzeigt, trotzdem hat jedes Auto einen solchen Tacho, der sicheres und gefährliches Tempo anzeigt, damit man nicht in den roten Bereich überhöhter Geschwindigkeit kommt. Schaytân wurde dazu erschaffen, damit die Menschen ihre Handlungen kontrollieren können. Schaytânische Werke bringen einen Diener dazu, auf gefährliches Gelände zu geraten,

diese Verirrung bringt Unglück über diese Person und verursacht dadurch Leid. Schaytân hat von Allah dem Allmächtigen die Erlaubnis, mit den Kindern Adams zu tun was er will. Die Werke Schaytâns bringen ans Licht, was an einem Diener richtig und was an ihm falsch ist. Wenn Schaytân nicht erschaffen worden wäre oder nicht diese Erlaubnis bekommen hätte, wüßten die Menschen nicht, welche Handlungen ihnen die Möglichkeiten geben, das Wohlgefallen Allahs des Allmächtigen zu erwerben. In diesem Sinne hilft Schaytân allen Menschen herauszufinden, welches der beste Weg für sie ist. Er fordert durch sein Vorbild, seine Taten und Aufforderungen die Menschen dazu auf, ihm zu folgen, doch die himmlischen Befehle, die zu den Gläubigen kommen, zeigen, daß diese Handlungen Schaytâns euch in dieser Welt und im Jenseits in endloses Unglück und grenzenloses Leid stürzen. Das bedeutet: „Hütet euch vor Schaytân!“ Er wird immer versuchen, euch nahe zu kommen um euch auf seine Irrwege zu führen, doch der rechte Weg wird erst sichtbar durch den falschen Weg. Wenn es keinen Irrweg gäbe könntet ihr nicht den richtigen Weg erkennen. Ohne Nacht könntet ihr nicht den Tag erkennen. Und ohne Tag könntet ihr nicht die Nacht erkennen. Ohne Leben könntet ihr den Tod nicht kennen und ohne Tod nicht das Leben. Wenn es keine Dunya gäbe, könntet ihr kein Âkhirat kennen , ohne Âkhira keine Dunya . Ohne Propheten wüßten wir nichts von Allah und erst durch die Propheten können wir etwas von Allah wissen. Ihre Existenz lehrt uns: was in verborgenen unsichtbaren Welten ist, können wir so verstehen. Und in diesem Leben ist euch diese eine Möglichkeit gegeben worden, die Möglichkeit, zu verstehen. Dazu seid ihr hierher geschickt worden: um zu verstehen. Wir alle kommen aus der spirituellen Welt, der Welt der Seelen. Bevor wir nicht in diese physische, materielle Welt gekommen sind, konnten wir nichts über die spirituelle Welt wissen. Allah wollte die Seelen etwas lehren, was sie, selbst wenn sie Tausende, Millionen oder Milliarden von Jahren in der spirituellen Welt verbracht hätten, dort niemals hätten verstehen könnten.

Es gibt Leute, die sich aufs Tiefseetauchen spezialisiert haben. Um in der Tiefe tauchen zu können, benutzen sie spezielle Taucheranzüge, mit gewöhnlichen Kleidern wäre das unmöglich. So lange ihr auf der Erde umherlauft, selbst wenn ihr aufs Meer hinaus fahrt, sind diese normalen Kleider ausreichend, aber es ist unmöglich, damit tief ins Meer hinab zu tauchen. Um das Meer zu erforschen haben sie besondere Anzüge und Apparaturen, die speziell für das Tauchen in diesen Bereiche angefertigt werden. Nur mit diesen ist es möglich in der See zu tauchen, weil sonst der Druck des Wassers eine große Gefahr darstellen würde. Und wegen des hohen Drucks können sie auch nur bis in eine bestimmte Tiefe vordringen, wenn sie noch tiefer tauchen würden, könnte ihr Körper dem Druck nicht mehr standhalten. Dies ist ein Beispiel für unser

Verständnis. Wir waren in der göttlichen Gegenwart, niemand kennt den Anfang und das Ende der spirituellen Welt und unserer Seelen. Und es hat Allah dem Allmächtigen gefallen, unseren Seelen etwas anderes, etwas vollkommen von ihrer Welt verschiedenes, zu zeigen. Und Er wollte ihnen etwas von Seiner Größe und von seiner endlosen Herrschaft zeigen, nur so viel davon wie der Ausdehnung eines Punktes entspricht. Von dem ganzen riesigen Universum wollte Er nur einen winzigen Punkt Seiner Herrschaft zeigen, und die Ausdehnung dieses Punktes ist und wird für immer gleich Null sein. Kein Geschöpf wäre in der Lage auch nur das winzigste Teilchen von der Herrschaft Allahs des Allmächtigen zu tragen, geschweige denn das ganze Universum und die gesamten Universen. Und Seine Herrschaft, subhanallahi l-´Aliyyu l-´Azim , der Bereich der absoluten Herrschaft Allahs, Allahu akbar! inmitten dem wir uns jetzt befinden, wir können ihn uns nur vorstellen aber wir können niemals wirklich eindringen in diesen Bereich der absoluten Herrschaft Allahs, es ist vollkommen unmöglich. Und Allah will den Seelen aus der spirituellen Welt etwas von diesen Bereichen Seiner endlosen absoluten Herrschaft zeigen, etwas, was tatsächlich nur der Vorstellungskraft der Seelen entspricht, denn in das wirkliche Reich seiner grenzenlosen Herrschaft einzudringen ist den Geschöpfen unmöglich. Selbst zum winzigsten Punkt davon können sie niemals vordringen, weil die Wirklichkeit unseres Dasein als Geschöpfe nur die von Schatten ist. Oder wir sind Spiegelbildern vergleichbar, die man zwar sehen kann, die man aber nie tatsächlich erreichen kann. Auch wenn sie für uns ganz und gar real erscheinen, in Wirklichkeit ist doch nichts da. Und die Reiche Seiner Herrschaft, keines von den Geschöpfen kann je das Reich der Herrschaft des Erschaffers erreichen! Sie sind nicht darin und sie sind nicht außerhalb davon. Das ist sehr wichtig, „lam yalid wa lam yûlad“ , sie sind nicht innerhalb des Herrschaftsbereiches noch sind sie außerhalb. Dies ein Teil der neuen Eröffnungen von den Meeren des heiligen Qur'ân! Sie werden vollständig geöffnet werden, wenn al-Mahdî – auf ihm sei der Friede – erscheint. Ihr müßt etwas erfahren und lernen, deshalb sendet Er die Seelen hierher, denn Er will, daß diese Universen, die Er erschaffen hat, das heißt, die Er sichtbar gemacht hat, gesehen werden. Und das Geheimnis der Erschaffung kennt nur Er allein. Und was das Erschaffene ist, weiß keiner außer dem Schöpfer. Was aber das Erschaffene anbelangt, so bleibt es immer im Bereich der Vorstellung, denn es erreicht niemals die Wirklichkeit des Schöpfers, nein! Nein, denn das ist unmöglich. ´Âlim al-Lahût , die zum Bereich der absoluten Herrschaft Allahs gehört und alles ist innerhalb dieses Bereiches. Glaubt nicht, daß Sein Thron etwas erschaffenes sei. Ein erschaffener Thron kann niemals den Erschaffer tragen. Diese dummen Wahhabîs sagen solch falsche Dinge über Allah, wie daß Er darauf säße. A´ûdhu billahi! Weil sie so eifersüchtig sind und es nicht ertragen können, wenn ich sage: „Dieser Thron ist für Sayyidinâ Muhammad –

Allah segne ihn und schenke ihm Frieden“ werden sie wahnsinnig. Das ist das Ende für sie. Und ich sage: „Doch, es stimmt, ‚Maqâm ul-mahmûd' , die höchstgepriesene Rangstufe gehört Sayyidinâ Muhammad – Allahs Segen und Friede seien auf ihm. „´asâ an yab´athuka rabbuka maqâman mahmûda“ , wo soll das wohl sein? Wer soll auf dem Thron sitzen? Wer wohl? Denkt ihr, der Schöpfer sitzt auf etwas das Er erschaffen hat? Wie soll das möglich sein? Sein Reich absoluter Herrschaft ist unbegreifbar! Dieser Thron ist nur für Seine Diener erschaffen und der unter Seinen Dienern meistgeehrte, ihm gebührt dieser Thron, egal ob es ihnen gefällt oder nicht. (Maulânâ lacht) Sie denken Ibn Abdul Wahhab säße darauf. A´ûdhu billahi!

Von wo kommt nur heute dieses Wort ‚Dominion'? Allahu akbar! Alle Himmel sind darin, im Reich der absoluten Herrschaft Allahs! Allahu akbar! Haqîqatan! Dieses Wort ist wirklich so gewaltig, voller haybat . Nur Allah der Allmächtige, der Schöpfer, kennt als Einziger das Geheimnis des Erschaffens und die Geheimnisse der Geschöpfe kennt auch nur Er. Er gibt den Geschöpfen kein Teil von sich, denn dann würde Er ja weniger. Und die Geschöpfe können Ihm nichts geben oder hinzufügen, so daß Er ein bißchen mehr würde. Nein, nein! „Lam yalid“ , keiner gibt Ihm etwas, fügt Seinem Bereich absoluter Herrschaft irgend etwas hinzu, nein, dieser Bereich absoluter Herrschaft ist unerreichbar und Ihm ganz allein vorbehalten. „Wa lam yûlad“ , keiner kann Ihn erreichen, um Ihm etwas zu geben! Er ist viel zu rein und erhaben, um Eigenschaften, Charakteristika oder Besonderheiten der Geschöpfe zu besitzen. Er schickt die Seelen hierher, auf daß sie etwas verstehen sollen. Und auch in unseren Jahrhunderten untersuchen Seine Diener die Universen, um etwas von Seinem Reich zu begreifen, denn die Universen sind in Seinem Herrschaftsbereich, doch sie besitzen keine tatsächliche Wirklichkeit, sie sind nur zum Ansehen da, so wie Spiegelungen in einem Spiegel. Sie wollen immer mehr lernen über all diese gewaltigen Universen, doch jenseits Seines grenzenlosen, endlosen Bereiches absoluter Herrschaft existiert nichts. Nichts! Nichts! Doch Allah will, daß wir hier auf der Erde etwas verstehen lernen. Er will, daß die Menschen nachforschen. Und die Europäer erforschen Ameisen, Bienen, Skorpione, Bären oder Delphine. Forscht nur weiter! Und forscht danach, wer sie erschaffen hat! Aber sie forschen nicht nach Dem, der sie alle erschaffen hat.

Allahu akbar! Allahu akbar! Allahu akbar! Wa lillahi l-hamd!

Dies ist eine Gelegenheit für die Seelen, um mehr zu bitten und mehr zu bekommen. Und das was uns gegeben wird macht uns so glücklich, denn es ist unmöglich zu dem zu gelangen, den ihr im Spiegel seht, doch es macht euch solch große Freude. Allah hat also die Seelen in ein besonderes Gewand gekleidet, um

damit auf die Erde zu kommen und forschen zu können. Wir sind nur aus diesem einen Grund auf die Erde geschickt worden: um zu verstehen. Ihr müßt versuchen, etwas zu verstehen! Und in euren Gräbern und am Tage der Auferstehung, am tag des Jüngsten Gerichts werdet ihr befragt werden, was ihr verstanden habt. Wenn ihr nichts verstanden habt, werdet ihr in bestimmte ‚Forschungszentren' geschickt, um verstehen zu lernen. „Schickt sie ins Feuer, in die Höllen, damit sie etwas verstehen! Sie haben ihr irdisches Leben nicht genutzt um etwas zu verstehen, schickt sie jetzt in einen andere Art von ‚Zentren', damit sie verstehen!“ Denkt nicht, daß sie in den Höllen nur im Feuer brennen, nein, sie werden dort auch etwas verstehen lernen, denn dafür sind die Höllen erschaffen worden.

Möge Allah mir vergeben und euch segnen! Versucht, zu verstehen! Hier ist die Gelegenheit für die Menschheit etwas zu verstehen. „La burika lî fî yaumin lam asâd fîhi ´ilman“ hat der Prophet – Allah segne ihn und schenke ihm Frieden – gesagt, und er meinte damit: „Ich bin nicht glücklich und gesegnet an einem Tag, an dem ich nicht mehr Verständnis über das Reich meines Herrn erlangt habe.“ Deshalb müssen wir uns bemühen, so viel wir nur können, jeden Tag mehr zu verstehen und Er weiß, was Er uns letztendlich an Verständnis gewährt. Die Seelen lernen!

O Rabbî , o Allah, Du bist Allah, und Du besitzt endlose, grenzenlose Herrschaft in Deinem göttlichen Königreich, unbegrenzte Herrschaft, Allahu akbar! Vergib' uns und gib' uns mehr Gelegenheit um mehr zu verstehen! Sende uns schnell al-Mahdî und Jesus Christus– auf ihnen sei Friede! Um der Ehre des Meistgeehrten in der göttlichen Gegenwart willen, Sayyidinâ Muhammad,

al-Fâtiha
Al-Munkirûn fî hâdha l-ard zalzilûhum, zalzilûhum,
Ya rabbî zalzil aqdâmahum hattâ la yathbutu qiyâm
li-anna idhâ qâmû yahijûma ´alâ l-muslimîna wa l- islâm
Bi-hurmmati hadha schahra l-mubârak ya rabbî,
zalzil aqdâmahum! zalzil aqdâmahum!

Die Übeltäter auf dieser Erde, laß' sie erbeben, laß' sie erbeben! O mein Herr, laß' ihre Beine (wörtl.: Fersen) erbeben, bis sie nicht mehr aufstehen können, denn wenn sie stehen, greifen sie die Muslime an und den Islam. Bei der Unverletzlichkeit dieses gesegneten Monats (Ramadhân), o mein Herr, laß' ihre Beine erbeben,

laß' ihre Beine erbeben!

Lefke, 11.11.2003, transcribed and translated by Abd al-Hafidh Wentzel

## Erklärungen:

- Nâsiyatuhum bi-yadillah' , ‚Ihre Stirnlocken sind in der Hand Allahs'
- Nâsiyatunâ bi-yadillah' , ‚Unsere Stirnlocken sind in der Hand Allahs'
- Maulânâ benutzt hier und im Verlauf dieser Suhbat immer wieder das englische Wort ‚Dominion', das sowohl ein beherrschtes Gebiet als auch die absolute Herrschaft darüber bezeichnet und das hier je nach Zusammenhang mit ‚Herrschaft', ‚Reich' oder ‚Bereich absoluter Herrschaft' übersetzt wird.
- Dunya , das Diesseits, Âkhirat , das Jenseits
- "lam yalid wa lam yûlad“, „ Er zeugt nicht und wurde nicht gezeugt“ , Qur'ân 112:3
- Alim al-Lahût , die Welt dessen, was unmöglich gesehen werden kann
- „ ... ´asâ an yab´athuka rabbuka maqâman mahmûda “ „ ... es mag sein, daß dein Herr dich zu einer höchstgepriesenen Rangstufe erhebt“, Qur'ân, 17:79
- Allahu akbar! Haqîqatan! Allah ist am größten! In Wirklichkeit!
- Haybat , Macht und Würde ausstrahlend
- „La burika lî fî yaumin lam asâd fîhi ´ilman“ , „Für mich ist ein Tag nicht gesegnet, an dem ich nicht an Wissen zugenommen habe“

# Wir sind solche idiotischen, dummen und blöden Leute

Destur ya sayyidi, Madad ya Sultan ul Awwliya. Madad ya Rijal Allah. Audhu billahi mina shaitani-r-rajim. Bismillahi-r- Rahmani-r-Rahim.La hawla wa la quwata billahi l-azeem. Wir sind solche idiotischen, dummen und blöden Leute.

Es ist eine menschliche Versammlung. Keine amtliche, denn amtliche Versammlungen nimmt jede Aufrichtigkeitn. Man kann von den Beamten keine Aufrichtigkeit bekommen, denn sie arbeiten für Shaitan. Wir benötigen aber Aufrichtigkeit, mehr als alles andere.

Die Geologen untersuchen jede menge Material und geben dem Material ihren Wert, je nachdem ob sie wertvolle Edelmetalle enthalten. In der gleichen Weise, schaut der Allmächtige auf die Arbeit seiner Diener. Er sieht wieviel Aufrichtigkeit in ihnen steckt, denn nur der Wert ist in der göttlichen Gegenwart gefragt. In der göttlichen Gegenwart wirst du entsprechend dieser Skala bewertet. Ikhlas. Aufrichtigkeit. Sie bedeutet so etwas wie, für Allah sein. Ein Sahaba fragte den Propheten, was die Aufrichtigkeit bedeutet. Der Prophet daraufhin den Erzengel Gabriel, danach fragte er Mikail und Asrail. Keiner konnte ihm es erklären. Dann fragte er den Allmächtigen, der ihm dann zutrug das es der verborgenste Schatz ist und diesen Schatz überließ er auch nur für einige seltene Diener. Sowie wir es verstehen, ist dies nicht jedem gewährt. Er gibt es nur einigen von uns.

Allah hat dem König Salomon a.s. den Ring der Kraft gegeben, nicht seinem Vater sondern König Salomon a.

s.. Es wäre gut es jedem zu geben, wenn die Qualität die gleiche wäre. Jetzt gibt es selten welche, vielleicht nur einen. Man muß die Fähigkeit des Ringes erkennen, aber dies ist auch nicht jedem gewährt. Die Kraft kann nur hinter einem Schleier benutzt werden.
Ich habe gefragt durch welche Kraft sich die Planeten bewegen, welche Kraft steckt dahinter. Es sind die göttlichen Ozeane der Kraft, und diese Kraft ist nur Einem gewährt. Nicht jede kann mit solchen Kräften etwas anfangen, wenn man z.B. einem Kind einem Bonbon und
einem Rubin hinwirft , wird er dir den Rubin zurückwerfen. Dies kann man mit allen vergleichen. Es ist ein verborgener Schatz. Am Tag der Auferstehung wird jeder ein Haufen von Gottesdienst, daraus werden dann die Rubine ausgesiebt. Wie die Berge die in Gemikonagi mal gestanden haben, sie wurden ausgesiebt und die wertvollen Edelmetalle
ausgesondert. Aufrichtigkeit ist wichtig und das amtliche kann keine Aufrichtigkeit tragen. Sie tagen nichts, deswegen versuchen wir diesen versteckten Schatz zu erreichen, zumindest für unseren Gottesdienst. Wenn keine Tat die wir vollziehen, nicht ein bißchen Aufrichtigkeit besitzt, kann man sie gleich wegschmeißen. Wir sitzen hier und versuchen eine station zu erreichen, wo nur wertvolle Edelsteine zu finden sind. Versucht auch diese Orte zu erreichen, oder ihr könnt aus der göttlichen Gegenwart geschmissen werden. Vielleicht wird das Feuer ihre Edelsteine aus ihren Mühen holen. Man kann Aufrichtigkeit nicht auswählen, sondern ist nur einigen Leuten gewährt. Die Prophten haben die Schlüssel zu uns gebracht und wir können aussuchen ob wir sie benutzen, oder nicht.
Damals sind die Sahabas losgezogen, konnten nur Arabisch und trotzdem haben sie die Menschen angezogen, deswegen mußten sie auch das Schwert benutzen, denn um so größer die Karawane wurde, um so mehr Skorpione und Schlangen kamen angekrochen. Nur um sich zu Schützen haben sie ihr Schwert gezogen. Die Schlangen wollten verhindern, das die Ströme der Liebe die Leute erreicht..
Möge Allah uns gewähren mit den Leuten zu sein, die das Erbe des Siegel des Propheten besitzen. Für die Ehre der geehrtesten in göttlicher Gegenwart, Rasulullah s.s.w.

Fatiha.

## Wisdom is the Essence of Knowledge

In our days it is unusual to find young people interested in mysticism. Nevertheless it is necessary for everyone to think about their spiritual life. We know that we are not only a physical being. A person can fall into water and drown. Then people will try to rescue him by turning him upside down to let the water run out. Still that person will not live, even though every part of the body is still sound. So why won't it live? What is the secret of life?
We are not only a physical being weighing 10, 12, 15 or 20 stones. There is something alive in our body which makes it able for us to stand up, walk, catch, speak, hear, feel or do.

Traditional knowledge informs us that we have something else which is part of the unseen worlds within ourselves. You cannot say that man can see everything. No! Our vision is limited. Beyond our vision there are unseen worlds which we cannot reach, see or hear.

That unseen world gives every creature power to move. When the limit has been reached, the power will cease to be transmitted and the person will die. There are so many tape-recorders standing here. They all function with batteries. We cannot see that power, but we notice that it sometimes is finished. The Creator created everything. No-one can claim to have created the earth, sun, moon, oceans, trees or the universes. But even if you did not see the creation, you cannot claim that it was created by itself. That would be foolish,

only an idiot could do such a thing. Sometimes I see planes flying, but I cannot see the pilot. The moon is on its orbit, so is the sun and the moon. Are they doing that by themselves? Just like a plane has to be directed, so do the planets.

Thoughts like these have been lost in this century, because atheism has poisoned the minds of the young people. It denies the Creator. Materialistic people claim that everything has been created through itself. Science says, that the world is a piece of the sun which has been thrown away. For millions of years it was supposed to have been a globe of fire. It then cooled down and became materialised. They say, that the moon came into existence in the same way. So why doesn't the earth and the moon have exactly the same elements?

When we look on this earth, we see countless kinds of plants and creatures. But no-one who reached to the moon even found a leaf or an ant there! Why? We also know, that if you don't plant, no plant will grow. So who was the first one to plant? Who was the first farmer making barley, potatoes, tomatoes, figs, nuts, pears and apples to grow? Who was it?

Sometimes you see pine-trees growing on the edge of high mountains, even if you would go there by helicopter, you wouldn't be able to reach it. Who planted those trees there? Scientists do not comment this. They never ever want to mention a Creator. This is the main reason for the restlessness and the struggles going on. It causes misery and every sort of suffering in our days. But even the people of the church keep quiet, because they are living in a secular society.

God is not allowed to enter the universities. What foolishness! Scientists are causing this. What do they know? If I ask them to sit down and tell me what they know, so that I can write it down, they wouldn't be able to fill even one notebook. But they think they know everything and that they have reached every secret in nature. They think, that just because they own millions of books, they have so much knowledge. If a professor were to write a book from morning to evening, he would have to look in this book and in that. That is not considered to be knowledge.

Real knowledge is a grant from the Lord of Heavens. It is impossible for a person to have every knowledge which has been granted since beginning of time until today. Billions of information, impossible to remember. Even if you spend your whole life in university, what can you learn? 50 books, 60 books? I was once a student and did my A levels and O levels, but I have forgotten all that.

You are young. Don't claim that there is a limit for knowledge just because you don't know it. Always be humble. It is impossible for someone to know everything. Our knowledge does not reach far, even though there are oceans of knowledge.

After knowledge comes wisdom. That is the essence of knowledge. It is something else. It is the power of knowledge. It makes you move in this world and in the next. Wisdom is the authority which has been granted from the Lord of Heavens to enable his servants to move from earth to heavens. If you have not been given such wisdom, you are like a bird without wings, or a plane without engine, or a plane with an engine but no petrol. What you are learning now is beyond knowledge. Knowledge is an ocean within itself. You must pass that ocean safely to reach to the oceans of wisdom. The oceans of wisdom will give you the authority to move.

Within the countless creatures of this world, we, mankind, have been given the grant of a free will. There are countless animals and creatures, but no-one has been given will power and a mind with which to sit down and think. Did you ever see a cow thinking? They only think about eating and drinking. If someone wants to be like that, you may.

You must try to reach the essence of knowledge: wisdom. In particular you should try to learn traditional knowledge. It is full of wisdom. But when you have learned that, it is not enough. The question is how you are going to use it. A pharmacist has thousands of medicines in his shop, but he cannot give them without prescriptions.

Holy people have been given the license to pass from one world to the next, just like the prophets did on their night-journeys. You can only get into Heaven by special permission. Just like if you want to get into Buckingham Palace, you will only be permitted by a special pass. Holy people and prophets have a special license to pass between Heaven and earth in whichever way they want. If anyone is interested in their spiritual life, they can find a way, step by step to reach Heavens, just like Jesus* did. But if you prefer to stay on the ground like a lizard, you are also free to do that. May Allah bless you. Try to give your daily service to your Lord every day. That is important for your life and the biggest support for your future.

## The Wisdom Behind Satan - Nothing Created without Benefit

Our Grandsheikh was speaking about Alauddin AI Bukhari, the khalif of Shah Naqshbandi, the main pillar of the Naqshbandi Order. Our Grandsheikh said if Shah Naqshbandi had not existed, there would be no order. Grandsheikh was praising Alauddin, saying that he was a big man and he knew the secret wisdom of the existence of satan in the universe. Only a few people know. He was one of them in his time among the Ulema. All Awliya know, but as for ulema, only a few know. Grandsheikh asked: “What is the benefit to know the wisdom of satan's existence?” If a man is knowing this, he is able to conquer Satan. Whoever is not knowing this cannot conquer; he must be under his rule. This is an important point in every religion. Every Prophet and saint knew this, and this enabled them to fight and put Satan under their control.
When knowing, this, you may be on Satan, ego, this world and vain desires, their commander; not them commanding over you. These four are enemies. If not controlled they are terrible. If you can control, they give endless benefit. As with electricity, if not contained in protected wires, it is dangerous, a killer. If controlling these four, they are most useful for you; you may ride on them to the heavens. Allah never created anything without benefit. Americans asked for the secret power of electricity, and Allah gave it to them. To anyone asking, Allah promises to give. If you know the way to use it, everything has benefit.

There are so many creatures, visible and invisible. Satan is invisible, not seen by ordinary eyes, but seen by Prophets and saints. Before, he did appear before people, but after the time of the Prophet, Satan was

prevented from appearing.

Sayyidina Ali was one of the most respectful people to all persons. He would never walk in front of an old man. Once in the time of the Prophet, he opened his door to go to the mosque for the fajr prayer, just then he saw an old person walking slowly ahead of him. For his respect Ali walked slowly behind him until reaching the mosque. But seeing the man not entering the mosque and turning away, and seeing the Prophet inside rising from the first rakat's prostration All understood that the old man was Satan, coming to make him late for prayer. Quickly he grabbed him by the neck and put him under a big stone. After the prayer the Prophet said: “0 Ali, what happened?” He replied: “0 my Prophet, you know what happened. The enemy of Allah tricked me today into losing one rakat”. Coming out with the Prophet and companions in order to look at Satan squirming under the rock, Ali was very angry. That one rakat behind the Prophet was more valuable to him than the whole world. He said: “My intention is to leave him here up until the last day, but I am ready for your command 0 my Prophet”. “0 All, don't be a robber. If keeping him you will cut the ways of my nation to their stations in the Divine Presence, to their fighting degrees. Don't be worried about him; he is only a servant to my nation. So many will reach to a high degree because of fighting him”. He means that we are more powerful than that satan, and he is indicating to us the secret wisdom that Satan is the main reason for improvement in spiritual life. You can accept him and also benefit from him. Ride on him and go; you may reach any station in the Divine Presence.

Our Grandsheikh said that if you know that in every happening is a secret wisdom, and you are looking after that, then you may find in yourself peace and satisfaction. If people knew that there is wisdom in every happening, then there would be no troubles between them on earth. Allah never gives permission for anything to appear without wisdom. Our Grandsheikh told of Saiyed Jamaluddin Ghumuqi, he was once sitting; a mureed in front of him and a plate of apples between them. He took one apple and tossed it up in the air, and before it came down tossed up another, catching them both and putting them back. The mureed said: “0 my lord, I know you are not playing, and that there is no action of yours without wisdom. What is the wisdom of this, 0 my lord”. He said: “0 my son, just now Divine anger was coming with the Angel of Death to two persons known to us. Throwing the apples made the Divine anger go away and mercy came in its place. Now they are coming to inform us”. Then came a knock on the door, announcing that two people had just died, would he please attend the funeral prayer. Know, that in every action is the will of the Creator. You

must keep this good manner and then this good manner will keep you. For one looking for the wisdom in a happening, Allah keeps him, no harm comes to that person. Every time ask for the wisdom in every happening around you. When man takes from this wisdom, he may find in himself peace, no disturbance.

## Wisdom is Like a Shining Sun

Allahu Akbar Allahu Akbar la ilaha illAllah Allahu Akbar Allahu Akbar wa li'Llahi'l hamd!

All praisings and endless glory for You, O our Lord, our Creator. We are Your weak creatures. Leave us to reach to Your servanthood and bring Your endless blessings to let us to be on the level of servanthood. O our Lord, forgive us! We are giving our most high respects and salutes to Your most Beloved, most Glorified, most Honored representative Sayyidina Muhammad (s). You are giving his name O our Lord, more and more and more from pre-Eternal up to Eternal. We are so happy and we are so endlessly happy and glorified to be from Your most Beloved one's nation.

Give us, O our Lord, more and more glory from Your endless Glory Oceans through Your Heavens to be Heavenly glorified servants. Alfu 's-salaat alfu 's-salaam to you, our most respected and beloved Prophet (s). We are proud to be from your nation and we are saying A`udhu billahi min ash-Shaytani' r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem, biggest honour that our Creator, the Lord of the Divinely Existence, that our Lord just created us to be for our most Beloved one's nation. And we hope to be under his (s) holy flag here and Hereafter. Ask, o people, to be from those ones whom they shall be sheltered under the most high flag through Creation! That most praised flag through Heavens!

O People! As-salamu `alaykum wa rahmatallahi wa barakatuh! It is only a short association daily we have been granted through our Holy Master, who is looking after this nation through the last period of life on it. Because after a short while, this world going to reach the Day of Resurrection to be Judgment Day. And after it is going to reach what it is appointed by its Creator to be. May be said to it:, "Get in through My Endless Power Oceans" and disappearing. And whom they were living on it, they are going to be either to Paradise or either they are going to Hells. And the book of this world, it is going to be closed down, taken away.

O People! Give a time daily, a time for your Lord, for your Creator, to hear about Himself Almighty. That gives to you more honor! As much as you are going to give a time to be with your Creator, you are taking much more honor and praisings. Please, O People! O People living on this planet! Try to give a time for your Creator. It is normal. If anyone that he has a normal understanding, it is easy to understand what had been said now through one weak servant's tongue.

I am knowing nothing, but whom they have been granted Holiness, they have been granted also some Heavenly attributes because they are understanding for what they have been created. If a person not knowing for which purpose he has been created and he is in existence, not knowing that their level under the level of animals. Animals, even an ant, knowing for what it is created. Nothing can be in existence and not knowing for what they are created, and they are in existence. What about Mankind? Mankind that they are on top, most highest level through Creation! How they are not knowing? Or why they are not asking, for what we have been in existence? And how we are being in existence? How is our beings beginning in existence? That, a little bit understanding, given one, must know it or must ask it!

We have been granted an understanding, yes! If an ant, it has an understanding according to its position, or according for its creation, rabbana ma khalaqta hadha baatila. The Lord of Heavens saying through Holy books, through the understanding of Holy ones. He is teaching them and they are teaching people and saying, "Subhanak! You are that One, that it is impossible to be known." Only maybe, you maybe granted from your Creator something, and that something must give to you an understanding, and you are getting to understand, "For what I am in existence?" Nothing created without understanding.
That is a tree; so many kinds of trees and so many kinds of roses, so many kinds of flowers. Everyone knowing for what they are in existence. Must know. If not knowing, a palm tree never giving dates. If a pine

tree not understanding for what it is created it is going to be like a palm tree. If a wolf not knowing for which purpose created, going to be cats. And cats, if not knowing for which purpose they are in existence, going to be a mouse.

Everything must know for what or for which purpose they have been in existence. That is wisdom! And wisdom is not such a grant that you may reach it through material things, no! Wisdom is something else. Through that wisdom, you may say it is like a shining sun. If no sun, the world is in a darkness. Sun coming and making it clear. And wisdom has been granted from our Creator, it is like the sun. That means it is a noor, light, lightening, lightening! When lightening opening the curtain on darkness, on happenings, on Creation.

You are not understanding anything, you are going to be a blind one; a blind person like (any) other person but only blind! No lights to look, to see, to understand. But you, you have been granted a noor, lights, that making you to look and to understand. Therefore, wisdoms is a so high and precious gift from our Lord to His deputies. Deputies, they have been granted, and if they are looking through that Holy grant, understanding and seeing why Creation is Creation.

Creatures understanding why they are in creation. Yes. Therefore, most important purpose for mankind that they are on top level through Creation. They have been granted a praised level that they are going to be through lights. They are like lightening, looking, seeing and understanding and running after it.

Therefore, man, they are on top level of creation and they have been granted such a noor, lights that just is a grant from the level of Heavens. Upon that Heavenly levels there is levels of Divinely Lights. No one knowing it, only Allah Almighty and only one reaching that Divine Wisdoms and Real Beings, only that one, only one. No a second one. No second one. Therefore, (Sultan stands up) Sayyidina Muhammad (s), he is only one. You must believe. If you are not believing and giving such a respect to him, no iman, no Islam, no value, no lights for them. (Sultan sits)

Therefore, it is important to look once again. Heavenly warning to whole religions to look once again to see who is Muhammad (s), who is that one. If they are looking at skies and saying, "This is gigantic galaxy, we are looking and seeing but not understanding for what that galaxy is in existence. What is the reason"? Without

reason or without a wisdom, how that galaxy is there? We are saying millions of years distance, of light speed. For what? Why you are not asking? For whom prepared Heavens? For angels? No. Angels, they are on their ways of creation. Heavens for whom?

Our people they are not even asking about this planet. For whom created? Why not asking? They are saying, "We are PhD." Hah! PhD, ...alaykum, (Arabic word, swearing.) If you are PhD, why you are not knowing for Whom this space is created and Who created? Must be for some reason, for some wisdom of Creation. Creator never creating without wisdom. He is not in need for His creatures. Hasha! Never! No. He may say, "Be", coming such a space; billions and billions and trillions and trillions and quatrillion and pentrillion galaxies. He is Creator! He is not in need for that. But He is Lord of Heavens, created Mankind and giving to them an understanding so that they must ask.

"Yes, O my brother," for this planet running through space. "O my brother, how this solar system on its perfect position in existence?" Or saying, "O my teacher, you are following harakaat, movements of that solar system. Do you think that it has been in existence by itself? And do you think that everything in existence is under a law? Our solar system running after Alpha Star and that star may be like our galaxy, much bigger? And what thing making our solar system to move towards that star?"
Why you are not asking, why our solar system moving towards that Alpha star? Billions and billions stars, it means there is a Mighty Command that we can't see. Must be Someone Who has mighty power that you can't imagine its limits. Unlimited Mighty Oceans must be for Someone that He is making this our solar system and ordering it to move towards Alpha galaxy, Alpha star.

We are speaking about this only on lowest level, we can't speak more than this up, no. We are asking answers from those people who claiming we are knowing everything. If knowing, give answers for this point, who arranged the solar system? Then, whom making our solar system to move to a direction? And you may ask for understanding, why is our solar system running on that direction and through space you can't find a direction? Direction east, west, north, south, up and down, left and right. There you can't find this and through which thing they are running? Space, what is space? How they are moving with a fuel? Fuel, or they have captains? What is the name... showing through planes. They have radar. Must be radar, because without radar, plane can't move. What is your opinion? This solar system making its way towards alpha stars. Such a

question is only to make people to wake up and not to live drunk, no.

And therefore, they're making me to speak on such a point and to call people for an understanding, to call people to ask and understand for something. Don't make yourself as a rock. Rock also has understanding, but not like us. You are Mankind! Human nature on this planet. They are looking for other planets and are seeing nothing. They are seeing nothing on other planets, but for the greatness of Allah Almighty, they are going to be able to think in such a small size thing that we are knowing; it is in existence, but we are not knowing what it is.

Therefore, O people, living on earth through east and west, don't waste your most precious life. Don't be like blind people, deaf people or non-understanding people. What you have been granted, use it to reach some realities. People now they are saying we are living in 21st century. I am asking what you learned about this world? About what we are asking now to learned people? Say it. Your biggest telescope on this earth is like a piece of match, so small, and you are looking through that. Do you think that if you can do that million times bigger than such a telescope, you are even reaching any result? Only to say subhanAllah, Glory to the Creator. And you may run to sajda (prostration) saying, Allahu akbar, Allahu akbar, Allahu akbar!

Final point. Therefore, in our days, the captain or master for this planet looking on Preserved Tablet. They are looking and seeing. They are not in need to look through gigantic telescope. That it is nothing compared to greatness of this planet. It is nothing. But those whom they are tafteesh, searching beyond their minds, they are looking and understanding on Preserved Tablet, what is written on it and what is going to be finally, what was their beginning and how should be their final positions.

O People! You have been created to reach more and more wisdoms. Wisdoms are Heavenly lights to show you countless realities, one after one. Your honor getting more and more as long as you are using that Divinely wisdom lights. O People! Try to give a time for your Lord Almighty Allah. That grants to you a honor. That always getting more and more; always you are reaching more and more pleasure and more and more lights. I am a weak servant and they are making me to address everyone and to myself also. I am asking forgiveness from our Lord Allah Almighty, as well as His blessing and to forgive us.

Therefore, people, say (singing):

dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,

Always enter Truth
singing through unknown territories.
This is the most simple
music that we are saying:
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
dome, dome, dome, dome,
Only for You,
O our Lord!

Fatiha. (45 minutes)

It is okay, alhamdulillah. Allah gives much more lights and honor for listeners! They should be shining stars or they should be some stars shining. Some stars going to be without shining, unseen, through darkness. This Heavenly music is giving us some shining for our realities, to move and to make tools around ourselves to reach more and more.

Lefke, 29.09.2009

WebSufiLive

## The Wisdom of One Small Ant

Madad yaa rijaalallah. Dastoor (Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Allah Allah, Allah Allah, Allah Allah, Qaadir Allah

Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

zid wa baark Yaa Rabbi 'l-`izzaati wa 'l-`azhamati wa 'l-Jabaroot,habeebika swa habeebi 'l-`alameen a Sayyidi 'l-Awwaleen wa 'l-Aakhireen Sayyidina Muhammad wa `ala aalihi wa as-haabihee ajma`een, `izzan sharafan wa nooran surooran hunaa wa hunaak mina 'l-azali ila 'l-abad. Dastoor. (Mawlana Shaykh sits)

Dastoor.

We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Madad yaa Saahib al-Imdaad, yaa Sultan al-Awliyaa, yaa man huwa bi yadihi tasarruf al-mutlaq `ala haadhihi 'd-dunya iltaja'ana ilayk. We are regretting to You and running to You from every wrong one for using his existence for

shaytanic purposes. We are running to the Controller of this World! Marhaban. And we are saying, Bismillahi 'r-Rahmani 'r-Raheem! Allah. (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem afrigh `alayna barakaat, yaa RijaalAllah! (Mawlana Shaykh sits) Allah, Allah.

We are trying to take away mabbaaratu n-nafs. We are asking to kick away everything from shaytanic tricks. Therefore, we have been ordered to say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Without a`oodhu billahi min ash-Shaytani 'r-rajeem no one can defend himself from attack, of Shaytan or our egos. May Allah grant us and give His heavenly protection for those whom declare His existence and who try to give their most high glorifying, most high majesty, most high praising. When you are saying it, it is so small beside the Creator's Adhamat, Glory and Greatness! It is nothing and will always be nothing, because He Almighty is granting that glorification to be an honor for us! We can't give any honor or glory for Allah! (Mawlana Shaykh stands) Subhaan Allah! Sultansin, yaa Allah! (Mawlana Shaykh sits)

Everything in existence is running to glorify Huuuuuuw Allah! We are nothing, we are nothing. Yet, He Almighty is granting us such a secret power that with it we may look and understand something, and it is not for His Divinely Existence, dhaat, His Essence, no. We are at a level that he Lord of Heavens created all Creation, only to know Him and glorify Him! This is because He likes to give from His endless Glory Oceans to those He created. For example, He has created oceans and within them countless creatures. And for everything there is an aim, Shaykh Hisham Effendi. asta`eedh billah (Mawlana Shaykh stands)

•••••••• ••• •••••••• •••• ••••••••
Rabbanaa maa khalaqta haadhaa baatilaa.
Our Lord! You have not created (all) this without purpose! (3:191)

“Oh our Lord, You didn’t create this with no meaning.” (Mawlana Shaykh sits) Subhaan Allah. Baatil (falsehood), with no meaning, no wisdom or necessity, is haasha, impossible! Allah Almighty is saying in aayatul-kareema:

•••••••••••••• ••••••• •••••••••••• ••••••• •••••••••• ••••••••• ••• ••••••••••

Afa-hasibtum annama khalaqnakum abathaa wa annakum ilaynaa laa turja`oon.
Did you think that We had created you only for play and that you would not have to return to Us? (23:115)

The Lord of Heavens is saying, “Did you think that We created you without meaning?” He Almighty is only asking every creature to keep their honor that was granted to them, and with that honor, glorify Him. All creatures must glorify Him according to their beings, and for every being there is a kind of glorifying. Allahu Akbar, Allahu Akbar!

O our Attenders! Today is the day of shaytans. "What is that?" people ask. Open your eyes, today is Sunday! Sunday! People are running to enjoy themselves because it is Sunday; to eat and to drink and to do what their rides are asking. This day, Sunday! Sunday! Its name is beautiful, "Sun Day," which means the sun is shining. Yes, also saying, "Today we are free!" Do you like to be free as an honored one's freedom, or are you asking to be free as a car carrier, as a donkey or as mules or horses, where its owner takes the reins and leads them through the meadow to do everything? It is the biggest ajaa`ib, shame to you that you are making Sunday to be free for Shaytan, to make yourself under Shaytan's command, and Shaytan is making you do so many ajaa'ib, so many curious harakat, actions. Shaytan is saying, "I am never going to be happy except on the day of Sunday because people are leaving their horses, their rides, to do everything just as a car man; when he reaches to his inn, he takes away his horses and says, 'Do everything!'" Shame on Mankind a thousand times and more!

O Salafi `ulamas! Why are you not saying to the nation of Sayyidina Muhammad (s) that he was saying: (Mawlana Shaykh stands):

❍ #1605;• •••• •••• ••• ••••

man tashabbaha bi-qawmin fahuwa minhum.
Who imitates a people is one of them.

(Mawlana Shaykh sits) And here, we are saying something, that people are asking tukhalid, to imitate the level of animals. Why are you not saying? O People! Bil `arabee, you are saying `utla, holiday. Europeans and

non-Muslim people are using holidays because they are giving hurriyah mutlaqa, absolute freedom for their egos and their egoistic desires. Like when animals come to their inns, their owners take everything from them and say, "Now you are free," and then they run and do everything as an animal does. It is not an honor for Mankind to be like animals or to come down to animals' level. What difference is there that it's going to be Sunday? What is different for this day? They are saying, "Sunday is our free day. We can do everything that our egos are asking to do." Mashaa-Allah. It is a shame for you Muslims; you are not ashamed to follow the non-Muslim world and you are giving your egos, your rides to do everything as you like. Who is giving you that freedom?

O Salafi `ulamas! Why are you not opening your mouths to tell those people, that big mass of Muslims, that are feeling Sunday is a holiday for them, because it is a holy day for the non-Muslim world? Why are you not saying to the Muslim world that it is haraam?•••••• ••• • •••••• ••• Al-halaalu bayyin wa 'l-haraamu bayyin, “The permitted is clear and the forbidden is clear.” That is the Seal of Prophets' (s) command and declaration. Why are you not saying this? Where are you finding that to say as-salaatu wa 's-salaamu`alayka yaa Rasoolallah is haraam, and you are not saying anything to the non-Muslim world who are doing everything they like on Sunday? Why are you not saying that is haraam? Are you not ashamed? Then you are claiming, “We are Salaaf us-Salih `ulamas.” What is the value of your knowledge?
And Allah Almighty is ordering:

•••••••••••• ••••••••••••••• •••••••••••• •••• •••••••••••

Tamaroona bil-ma`roof wa tanhawna ani 'l-munkar.
Enjoining what is right, forbidding what is wrong. (3:110)

Amar bi 'l-ma`roof, wa anhaa `ani 'l-munkar, “Call to do what is good and leave the forbidden," a holy command of the Lord of Heavens. Why are you not doing that? When you are going to die something will come to you as a cobra snake or serpent surrounding your necks and will come in front of you. When you are crying and in fear, that cobra will catch you by the throat; your mouth will open and your tongue will stick out and that cobra will bite it. You may see such punishments also before you leave this life, when your bodies are in your graveyard. When they are putting you in it, so many serpents, scorpions, and poisonous spiders will

be coming on you. You must believe! You must try to stop all shaytanic orders in Islamic nations; leave the other nations, but you are responsible for the whole Muslim community, everywhere! Wa dhakkir, you must remind them. If you can't do it everyday, do it on the day of pleasure for them, Sunday!

O People! Keep your honor as Muslims. Don't try to be like unbelievers who feel they are totally free ones to do everything: drinking, dancing, and playing! Why are you not saying anything when your Muslim ladies are dressing every week with a new fashion to show their bodies, that it is haraam to show their bodies to men? Why are you not opening (a broadcast) to say such a thing every weekend? Allah bidu yasa'l, Allah Almighty is going question you. You are following the commands of your wives, your daughters, and your female friends. You are not saying anything, but you are going to claim, "We are Salafi `ulamas." Salafi `ulamas are like you? With which broadcasting are you saying such a thing? And you are blaming such a person saying 100% the truth; no one can object on it, not Wahabi people also! Why do you make haraam, halaal and halaal, haraam? Allah will ask you and send on you a punishment! You are the first ones to be held responsible. Don't fear from your rulers, but keep your fear for heavenly ones, so something will not touch your head!

Therefore, from Arabian countries, after the summer season, people run to Europe to doctors to get a check up for their health. What is the reason that you are going to be shikayat, complaining? What is the reason and why are you not speaking? Speak and don't fear from rulers, because rulers must also have the fear of the Lord of Heavens, that He may send on those who are not preventing people from haraam, their families, their children, and their schools. You must come back to Islamic education and you must throw away everything coming from western countries. You must keep to the ways of all the prophets and you are not in need of protection from the western countries' weapons, no. Allah Almighty will never leave you under the "protection" of their weapons!

Allah Almighty, Huwa, He is the Guarantor! That is a very good word, “Guarantor,” Allah Almighty. They are not believing that Allah Almighty is Mutlaq, Absolute Guarantor for Muslims. Why are you running to find planes, so speedily flying and so speedily running and bombarding? Don't trust western weapons.

••••••• ••••••••• •••• ••••••• W 'allahu ya`asimuka min an-naas, “Don’t worry, your Creator is protecting you from the people.” (5:67)

(Mawlana Shaykh stands)

Allah Almighty is saying for His most beloved servant, w 'allahu ya`asimuka, “O My beloved one! (Mawlana Shaykh sits) Don't worry about those unbelievers who may do something on you. Allah ya`asimuka min an-naas, 'Allah will protect you from people.' Your Creator is protecting you. You may be under His protection. With this, there is protection, no weapons can yirtamak, penetrate, get through, touching this and passing away, not touching to you, no. W 'allahu ya`asimuka min an-naas, don't worry."

O Muslim World! Come back! If you like to be honored ones on Earth and on the Day of Resurrection, come to the ways of the Seal of Prophets (s)! Leave technology; it will never make your life sweet. Leave that. O kings and presidents of Arabs! O number-one shaykhs, leave that. You must believe that Allah Almighty’s guarantee is the best and unchangeable. Weapons can't jump and come to you, no. But you are not believing; you are saying, “We are Salafi `ulamas,” or, “We are Muslims because we are going to Jumu`ah." Yes, you may go to Jumu`ah, it is a sign of Islam, but it is not enough. You must believe in that One to Whom you are making sajdah, that He is your Protector. Nothing can touch you from adhaab here and Hereafter; nothing can harm you, but you are not thinking.

•••• ••••• ••• •• ••••• ••••• •••

Tafakkur sa`a khayrun min `ibadati saba`eena sannah.

Contemplation of one hour is better than worship of 70 years.

This is also a hadeeth ash-shareef. No one is trying to think. It is enough for the Arab world to know and to think that Allah Almighty is the Guarantor for Muslims. His territories, and Glory Oceans are countless, but He is making one for protecting you and making one to be guarantor for you. If He likes, Allah Almighty is saying, (Mawlana Shaykh stands), “I may make one ant.”

••••••• •••••••• ••• •••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• •••
••••••••••••

Qaalat namlatun yaa ayyuha 'n-namlu adkhuloo masaakinakum laa yahtimannakum Sulaymanu wa junooduhu wa hum laa yash`uroon
One of the ants said: "O ye ants, get into your habitations, lest Solomon and his hosts crush you (under foot) without knowing it." (27:18)

One ant is saying, "O ants! Enter your houses." Allah Almighty is making that one ant as guarantor for the Wadi 'l-Naml, Valley of Ants. Allahu Akbar. Allahu Akbar! How are we believing? (Mawlana Shaykh sits) And you are getting angry with a poor and weak servant; every day they are swearing at me. The One Who is the Guarantor on this planet, that One is making me, which now I'm reaching to 90 years alhamdulillah, to speak as an ant reaching to all ants' valleys and warning them.

O People! Don't think in that aayatu 'l-kareema, that holy verse, that Allah Almighty is making qusas, stories for people! No, you must say, "The wisdom of a small ant." And Holy Qur'an is saying that Sayyidina Sulayman (a) was hearing that ant and then he was smiling.

O People! Believe in the Holy Qur'an and ask for those servants who have been granted something for the benefit of Mankind and for all creatures, that they may get a benefit here and Hereafter. May Allah (swt) forgive me and forgive Salafu 's-Saalih `ulamas, the mulook al-Islam, and wa li ruasaa'ahum, their heads. We are only warners and nothing else. I am one weak servant. The Lord of Heavens is making a weak servant, perhaps the weakest servant on Earth, to reach to your understanding, to take care of yourself, and to take care of your honor that the Lord of Heavens granted you. May Allah forgive us.

O People! May Allah forgive me and forgive you also, for the honor of His most honored one, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits)

Fatihah.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr)

(45 minutes)

Mashaa-Allah! Alhamdulillah! Thank Allah (swt) for putting on our heads the crown of Islam.

Lefke, 04.07.2010

**With Adnan Hoja**

---

A.H. I am kissing your hands & feet, O my beloved!
M. Astaghfirullah, may your hands & feet be kissed. May your end be in a good way.
A.H. I am your slave.
M. May your glory reach from East to West May your rank be known among people, may your glory increase. You are making good service, masha Allah.
A.H.I am a slave at your door, my beloved Shaykh. May Allah grant you long life. May Allah never leave us without you. May He grant us to be with you in paradise also. May Allah grant you a very, very long life.
M. What is he saying?
H.F. He says may Allah grant you long life & we be together be in paradise also".
M. Insha Allah, we hope so.
A.H. Do you have any orders for me?
M. We have not become the sahib al-amr/ master of command, O son, we have not. We are only a person who is thrown away like rubbish.
A.H. O my beloved, you are our crown! You are our Sultan.
M. Astaghfirullah, May Allah crown you with the crown of Islam, it is the crown of Islam! I am very pleased, that you remember us & honour us in many ways and I am praying for you- I am praying that you reach goodness. May the nur of your face increase & may we gather under the flag of the Prophet.
A.H. Masha Allah, Masha Allah, may Allah make your Nur more, our beloved Shaykh. Everybody loves you very much.
M. I become happy when I see you.

A.H. Alhamdulillah. Metin Bey is here, insha Allah tomorrow your grandson Ahmad Nazim will come also. They are coming to me with a very precious gift-your holy turban. Allah bless you!Even a smallest piece from you makes me very happy & pleased. You are the most beautiful person in the world, the holiest person. The world is in need of you.
M. Astaghfirullah.
A.H. May Allah grant you a long, healthy life & make your joy permanent.
M. Allah bless you.
A.H. May He (swt) grant you the best of everything.
M. May Allah protect you in dunya & in akhirah. May you also sit with the most beautiful ladies. What can we do, he is our son. Is it not like this? We are not tied, are we?
A.H. Masha Allah. Hearing your voice was a miracle from you. I was seeing it very far, Alhamdulillah I felt as if I saw you & was there in your presence.
M. Masha Allah.
AH. A good, pleasing state is dressed on me when I heard your voice. There was a joy dressed on me earlier. It was the blessing of My Shaykh,it is your miracle M. Astaghfirullah.
A.H. Pray for me my Shaykh, I am at your command. May Allah grant you goodness & beauty & the best of everything.
M. May Allah enlighten your forehead, your face. I am kissing your enlightened forehead & make dua for you.
A.H. Masha Allah, Alhamdulillah, Alhamdulillah.
M. I am honoured since you address a humble, worthless servant like me. May Allah increase your honour, increase your service, may we also be collected under the flag of Hamd.
A.H. Alhamdulillah, Alhamdulillah.
M. Shukur, shukur. May Allah also allow us to meet soon.
A.H. Alhamdulillah. What I want the most are, O Master, to go to Quds al-Sharif & to sit right beside you. Insha Allah Allah will grant me both.
M. InshaAllah.
A.H. Allah is granting you health. Your happiness makes us happy.
M. You are making us shy with your great service, Allah bless you. I am also sending salams to the Doctors, all my prayers are with your doctors also. For the honour of Prophet Joshua... For

the honour of Prophet Joshua, for the honour of Abu Ayyub Sultan, may Allah grant you power may you be successful in all your doings, at all times & be the flag bearers of Islam.
A.H. Masha Allah, Alhamdulillah.
M. What can we do? My voice is a bit stronger, why? Because they made me eat a little bit of desert tonight. If they did not make me eat desert I was going to swear a lot but.. Tonight for the first time they gave me desert & my voice is a bit strong. So I said "I may give salam & after it swear on these .... that they made everywhere upside down.
A.H. Masha Allah, may Allah grant you long life.
M. Allah bless you. We are keeping you busy, excuse us for this.
A.H. Astaghfirullah, astaghfirullah. I am your slave.
M. May Allah increase your ranks.
A.H.You are the most beatiful one in the world, the world is around you.
M.I will destroy this unbelief insha Allah. I am a man who is zero but if the zero is infront of 1, it is valuable. If it is behind 1, it is 0. I wish to be a 0 in front of 1, or to be 2 zeros, or to be 3 zeros. The power will still reach. If it is left behind the 1 0 has no value. But if it stays in front of it, it has a value. Hear this, say this. You are given permission.
A.H. Masha Allah, Alhamdulillah. Insha Allah Hz Mahdi will also kiss your hand, with the permission of Allah.
M. What is he saying?
H.F. He says "may we also reach to Mahdi & Isa (as) together"
M.Insha Allah it is our hope, with the grant of Allah Almighty. May I also see you riding on a horse, with your sword insha Allah.
A.H. O my Shaykh, I am very worried about making you tired. I am very worried about preventing your rest. I don't want to leave your presence. I want to listen to your beautiful sohbat till morning but I am very shy about tiring my Shaykh. Insha Allah if Allah allows me, I will call you again, from time to time & hear your voice.
M. Ok, we may tell you a few words of the appearances reaching to us. I entrust you to Allah. May your enemies disappear- may our exterior & interior enemies be ruined. You will raise the flag of Islam. Insha Allah you become among the ones who open the Hagia Sophia mosque. It will be opened. This nation's fate is not straightened until it opens! Ok son, my beloved son. I

entrust you to Allah & send salams to everyone there, I pray for you.
A.H. Alaikum salam, Allah bless you. May Allah never leave us without you.
M. He said like this: "O Glorious Sultan! Step into the stirrup of the horse strong like a man! The high commanders & viziers there would call to the Sultan like this when he comes to the mounting stone, "O glorious Hunkar/Sultan! Step into the stirrup of the horse strong like a man!" And the Sultan would draw his sword, say "Allahu Akbarul Akbar" and the people would follow him.
A.H. Masha Allah, Alhamdulillah. I am not able to leave your sweet presence. Allah bless you.
A.H. If he feels uncomfortable, I may not speak.
M.If we also start to swear on the other .... from the other side we won't be able to stop because everywhere is full with them. What can we do? Allah Shukur, this is Safar al-Khair. You may do more charity/goodness. 3x Shahada, 70 Astaghfirullah, this is a heavy month. Also for sadaqa, give even if it is only 1 sadaqa for a poor person.
A.H. Masha Allah, insha Allah. Allah bless you. I kiss your hands & feet.
M. Astaghfirullah, astaghfirullah! We kiss the ground where the holy feet of the Prophet (sas) stepped.
A.H. Insha Allah.
M. You become from them insha Allah.
M. I entrust you to Allah. As-Salamu Alaikum wa Rahmatullahu wa Barakatuhu, wa izzatuhu. Walhamdulillahi Rabbil Alamin. As-Salamu Alaikum.

**Mit Adnan Hodja**

---

AH: Ich küsse deine Hände und Füße, o mein Geliebter.
M: Astaghfirullah, mögen deine Hände und Füße geküßt werden. Möge deine Ende gut sein.
AH: Ich bin dein Sklave.
M: Möge dein Ruhm von Ost nach West reichen. Möge dein Rang unter den Leuten bekannt sein, möge dein Ruhm größer werden. Du tust einen guten Dienst, masha'Allah.

AH: Ich bin ein Sklave an deiner Tür, mein geliebter Shaykh. Möge Allah dir ein langes Leben geben. Möge Allah uns nie ohne dich sein lassen. Möge Er uns auch im Paradies mit dir zusammen sein lassen. Möge Allah dir ein sehr, sehr langes Leben geben.
M: Was sagt er?
HF: Er sagt: Möge Allah dir ein langes Leben geben und uns auch im Paradies mit dir sein lassen.
M: Insha'Allah, das hoffen wir.
AH: Hast du irgendwelche Befehle für mich?
M: Wir sind kein Sahibu l-Amr, Meister des Befehls geworden, mein Sohn. Wir sind nur jemand, der weggeworfen wird wie Müll.
AH: O mein Geliebter, du bist unsere Krone! Du bist unser Sultan!
M: Astaghfirullah. Möge Allah dich mit der Krone des Islam krönen. Es ist die Krone des Islam. Ich bin sehr zufrieden, daß du unserer gedenkst und uns auf viele Weisen ehrst, und ich bete für dich. Ich bete, daß du Gutes erlangst. Möge das Nur deines Gesichtes zunehmen und wir uns unter der Flagge des Propheten versammeln.
AH: Masha'Allah, möge Allah dein Nur vermehren, unser geliebter Shaykh. Alle lieben dich sehr.
M: Ich werde glücklich, wenn ich dich sehe.
AH: Alhamdulillah. Metin Bey ist hier, insha'Allah morgen kommt auch dein Enkel Ahmad Nazim. Sie kommen zu mir mit einem sehr kostbaren Geschenk: deinem heiligen Turban. Allah segne dich! Selbst ein kleinstes Stück von dir macht mich sehr glücklich und zufrieden. Du bist der schönste Mensch der Welt, der heiligste Mensch. Die Welt braucht dich.
M: Astaghfirullah.
AH: Möge Allah dir ein langes gesundes Leben geben und deine Freude bleibend machen.
M: Allah segne dich.
AH: Möge Er (swt) dir das Beste von allem geben.
M: Möge Allah dich in Dunya und Akhirah beschützen. Mögest du auch mit den schönsten Frauen sitzen. Was können wir tun? Er ist unser Sohn. Ist es nicht so? Wir sind nicht gebunden, oder?
AH: Masha'Allah. Deine Stimme zu hören, war ein Wunder von dir. Ich sah es von sehr weit

weg. Alhamdulillah. Es fühlte sich an, als ob ich dich sah und dort in deiner Gegenwart war.
M: Masha'Allah.
AH: Ein guter, angenehmer Zustand wurde mir zuteil, als ich deine Stimme hörte. Eine Freude kam vorher auf mich. Es war der Segen meines Shaykhs. Es ist dein Wunder.
M: Astaghfirullah.
AH: Bete für mich, mein Shaykh. Ich stehe dir zu Diensten. Möge Allah dir Gutes und Schönheit geben und das Beste von allem.
M: Möge Allah deine Stirn, dein Gesicht erleuchten. Ich küsse deine erleuchtete Stirn und mache Dua für dich.
AH: Masha'Allah, Alhamdulillah, Alhamdulillah.
M: Ich bin geehrt,da du einen demütigen, wertlosen Diener wie mich ansprichst. Möge Allah deine Ehre vermehren, deinen Dienst vermehren, mögen wir auch unter der Fahne von Hamd versammelt werden.
AH: Alhamdulillah, Alhamdulillah.
M: Shukur, Shukur. Möge Allah uns auch erlauben, uns bald zu treffen.
AH: Alhamdulillah. Was ich am meisten wünsche, o Meister, ist, nach Quds ash-Sharif zu gehen und genau neben dir zu sitzen. Insha'Allah wird Allah beides gewähren.
M: Insha'Allah.
AH: Allah gewährt dir Gesundheit. Deine Freude macht uns glücklich.
M: Du machst uns befangen mit deinem großen Dienst, Allah segne dich. Ich sende dir auch Salams an die Ärzte, all meine Gebete sind auch mit deinen Ärzten. Um der Ehre des Propheten Joshua willen... Um der Ehre des Propheten Joshua willen, um der Ehre von Abu Ayyub Sultan willen möge Allah dir Kraft geben. Mögest du erfolgreich sein in all deinen Unternehmungen, die ganze Zeit, und der Fahnenträger des Islam sein.
AH: Masha'Allah, Alhamdulillah.
M: Was können wir tun? Meine Stimme ist ein wenig stärker. Warum? Weil sie mich veranlaßten, ein wenig Nachtisch zu essen heute Abend. Hätten sie das nicht getan, würde ich jetzt viel schimpfen, aber heute Abend haben sie mir zum ersten Mal Nachtisch gegeben, und meine Stimme ist ein bißchen stärker. Also sagte ich: 'Ich gebe Salam und danach schimpfe ich auf diese, daß sie alles auf den Kopf gestellt haben. AH: Masha'Allah, möge Allah dir ein langes

Leben geben.
M: Allah segne dich. Wir halten dich auf Trab, entschuldige dafür.
AH: Astaghfirullah, Astaghfirullah. Ich bin dein Sklave.
M: Möge Allah deinen Rang erhöhen.
AH: Du bist der Schönste der Welt. Die Welt umgibt dich.
M: Ich werde diesen Unglauben zerstören, insha'Allah. Ich bin ein Mann, der Null ist, aber wenn die Null vor der 1 ist, hat sie Wert, wenn sie hinter der 1 ist, ist es 0. Ich möchte eine 0 vor der eins haben, oder 2 Nullen oder 3 Nullen. Die Macht wird dich trotzdem erreichen. Wenn sie hinter der 1 bleibt hat die 0 keinen Wert. Aber wenn sie davor bleibt, hat sie Wert. Höre das, sage das. Du hast die Erlaubnis.
AH: Masha'Allah, Alhamdulillah. Insha'Allah wird Hz Mahdi (as) dir auch küssen mit der Erlaubnis Allahs.
M: Was sagt er?
HF: Er sagt: Mögen wir auch Mahdi und Isa (as) zusammen erreichen.
M: Insha' Allah. Es ist unsere Hoffnung mit der Gabe Allahs des Allmächtigen. Möge ich dich auch auf einem Pferd reiten sehen mit deinem Schwert, insha'Allah.
AH: O mein Shaykh, ich bin sehr besorgt, dich zu ermüden. Ich bin sehr besorgt, dein Ausruhen zu behindern. Ich möchte deine Gegenwart nicht verlassen. Ich möchte deinem schönen Sohbat zuhören bis zum Morgen, aber ich scheue mich, meinen Shaykh zu ermüden. Insha'Allah, wenn Allah es mir erlaubt, rufe ich wieder an von Zeit zu Zeit und höre deine Stimme.
M: Okay, wir erzählen dir ein paar Worte über die Erscheinungen, die uns erreichen. Ich vertraue dich Allah an. Mögen deine Feinde verschwinden, mögen unsere äußeren und inneren Feinde zugrundegehen. Du wirst die Fahne des Islam hochhalten. Insha'Allah gehörst du zu denen, die die Hagia Sophia Moschee wieder öffnen. Sie wird geöffnet werden. Das Geschick dieser Nation ist nicht gerichtet, bis sie öffnet. Okay, mein geliebter Sohn. Ich vertraue dich Allah an und sende allen Salams dort. Ich bete für euch.
AH: Alaykumu s-Salam, Allah segne dich. Möge Allah uns nie ohne dich lassen.
M: Er sagte das: 'Glorreicher Sultan! Steige in die Steigbügel des Pferdes stark wie ein Mann!' Die Oberkommandierenden und Wesire riefen dem Sultan so etwas zu, wenn er zum Aufsteigestein kam. 'O glorreicher Hunkar, Sultan! Steig in die Steigbügel des Pferdes stark wie

ein Mann!' Und der Sultan zog sein Schwert und sagte: Allahu Akbaru l-Akbar! Und die Menschen folgten ihm.
AH: Masha'Allah, Alhamdulillah. Ich kann deine süße Gegenwart nicht verlassen. Allah segne dich.
M: Wenn er sich unwohl fühlt, spreche ich nicht. Wenn wir auch noch auf die anderen zu schimpfen beginnen... von der anderen Seite werden wir nicht aufhören können, weil es überall voll von ihnen ist. Was können wir tun? Allah Shukur, dies ist Safaru l-Khair. Ihr könnt mehr Wohltätigkeit und Gutes tun. 3x Shahada, 70 Astaghfirullah, dies ist ein schwerer Monat. Auch Sadaqa, selbst wenn es nur eine Sadaqa für einen Armen ist.
AH: Masha'Allah, Insha'Allah. Allah segne dich. Ich küsse deine Hände und Füße.
M: Astaghfirullah. Astaghfirullah! Wir küssen den Boden, wo die heiligen Füße des Propheten (saws) gegangen sind. AH: Insha'Allah. M: Du wirst von ihnen sein, insha'Allah. Ich vertraue dich Allah an. As-Salamu Alaykum wa Rahmatullahu wa Barakatuhu, wa Izzatuhu. Wa l-Hamdulillahi Rabbi l-Alamin. As-Salamu Alaykum.

## With Every New Day, New Sustenance

Madad ya Sultaan.
(Mawlana stands)
Stand up! Our precious listeners, all of us (are) servants for our Creator, Allah Almighty. Everything from Him Almighty. How (come) you are not standing up? How (come) we are getting to be lazy for standing up? We must stand up, up to Eternity, and it is going to be nothing, O people!

Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar wa lillahi 'l-hamd! And we are giving our highest respect for our Lords' most honored and highest servant in the Divinely Presence. All the other ones (are) on the level of heavens. O people, and we are saying A'oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Allah's grant to His servants, He created us to be weak, but He is never leaving us to be weak, He is fortifying us to be powerful to say bismillahi 'r-Rahmaani 'r-Raheem. Even if saying once, will never be leaving, and will be coming in the Divinely Presence and saying,"O our Lord, let us be in Your Mercy Oceans, give that to me!" Hayyyyyy. (Mawlana sits.)

And we are asking heavenly support through the master of this world, that we have seen the pole, the qutb. Believe in holy ones, O Mankind! You are weak, and no one can give you a grant except only through the way of that one. They are saying that NASA (National Aeronautics and Space Administration) has a main brain

center. Every knowledge coming to that center and every orders according to their capacity or their ability. Just they are trying to send through east and west on earth, as well as sending through space. That is one center that it has that power.

We are weak ones, what we shall do? Center. Now we have also through spiritual dominion, we are asking on that center, through master of this world, you must believe, O believers. You may believe through heavenly books, Old Testament, New Testament, and who following any heavenly message, they must believe that there is connection from Earth to heavenly spaces through such a people whom they have been granted spiritual power. How they reached spiritual power? We must say first of all, as-salaamu 'alaykum.
O listeners! You may be on some ranks for beliefs on Earth, and to address to them it is much more suitable. You know, O our listeners, particularly for Muslims or Arabs, yawmu jadeed (new day)? The holy director of Shaytan understand this Arabic very well! I am a weak servant that people bringing that orchestra dish, instrument in front of me, saying, "Speak". I am saying "I don't know." The first meeting of most glorified, most honored, most majestic one, servant of the Lord of Creation (Mawlana stands), Sayyidina Muhammad (s). Jibreel (a) coming to him first, saying, "O Muhammad (s), iqra, read!" That is teaching whole good manners; you may understand from that beginning of Islam. (Mawlana sits.) Beginning of Islam. "Iqra bismi rabbika alladhee khalaq - Read in the name of the One Who created," (Suratu'l-`Alaq, 96:1) it is true.

(...audio from broadcast is lost here for 2.5 minutes...)
Something that it is so wrong that camel it is knowing, and Salafis, if you are giving honor, try to be in his presence saying salawat. Saying for Muslims, "You are mushrik, you are mushrik (idol worshippers)," then you are following Shaytan, not following that one. But everything in existence giving their highest respect to him, Sayyidina Rasulullah, Sayyidina Muhammad (s)!(Mawlana stands and sits.)

Saying:
••••••• ••••••• ••••••• ••••••• •••••• •••••• •••••••••••• •••• •••••• ••••••• ••••••••• •••••••••••• ••••••• ••••••• •••••••••••• ••••••• •••••••••••• ••• •••• •••••••••
Iqra bismi rabbika alladhee khalaq, khalaq al-insana min `alaq. iqra wa rabbuka al-akram alladhee `allama bil-qalam, `allama al-insaana ma lam ya`lam.
Read in the name of thy Lord and Cherisher, Who created. Created man, out of a (mere) clot of congealed blood. Read! And thy Lord is Most Bountiful; He Who taught (the use of) the pen,Taught man that which he

knew not. (Suratu'l-`Alaq, 96:1-5)

What greatness, `azhamah. You can’t give any measure for the power of heavenly words that Gabriel (a) is bringing. Yet our Jewish brothers are not understanding. They are understanding, but not accepting; they must accept. If Allah Almighty giving an honor to someone, don’t be jealous; He is your Lord. He is giving that honor through His most beloved one. He was knowing nothing, and the Lord of Heavens making him to know and to teach and to reach to whole people whom they are carrying something from ‘aql (intelligence).

Make us understand why they are insisting not to accept, and Christian brothers also, because whole Mankind is one family. Islam is the main tree trunk and growing on it through its branches, some of them saying that is Christians, that is Jewish, another branch saying, "We are Muslim." Yes. On same root, we are coming. Christians saying Islam not true and Jewish people saying Christianity not true. All of them from the same root. What is the sign? At least a person must understand that this Islam as it has been sent before, through Abraham (a), Moses (a), Jesus (a). But Shaytan saying, "Don’t accept." Why? All of us from same root of humanity. We must correct our understanding. We must use a mentality for understanding about the Seal of Prophets (s), most beloved and most glorified one!

Yes, Archangel Gabriel (a) coming and saying, “Stand up and recite, ya Muhammad!" (Mawlana stands.)
"What I may recite? What I may recite?" (Mawlana sits.)
"You recite, repeat what I am saying. We know that you never went to any school. You never learned in front of any teacher; we know it. But Lord of Heavens sending me to you for teaching. Even you are most high-ranked from whole angels, heavenly beings, but I have been ordered to give to you what you are going to recite, to know, to carry, and to keep through your memory."

Yes, O people, as-salaamu 'alaykum! Anyone from Mankind whom they are using their good understanding and mentality, is going to say that Archangel Gabriel (a) bringing to him, going to say (Mawlana stands) la ilaaha illa-Llah Muhammadan Rasulullah. Is his power finished? What do you think? O Christians, what do you think? O Jewish people, what do you think? What do you think, O no-mind people??? Working this power, on or not? Sayyidina Muhammad’s (s) power is on, even making weakest servant to speak to whole nations. YOU MUST BELIEVE!! If not believing, cursing coming. (Mawlana sits.)

I know nothing, but O people, you must try to learn! That learning going on, going on, up to end of this world. And we have a chance to look after reality of Islam. I am sorry to say that our Muslims, learned people, our authorities in Islamic knowledge, they are now unable to show Islam as it is to whole nations. They are fearing. From whom they are fearing? Fear from your Lord, Allah Almighty! Don't fear from those people; all of them, their life is between two breaths. But they are fearing and are taking imitated titles, or to be killed, if the Lord of Heavens not sending Azra`il (a) (Angel of Death), no one can kill you. But they are not getting deeply to understand the identity of Islam.

We are so idiot ones, Holy Qur`an's verses are so open, and we are not able to give to people to say to them. And they are looking for themselves, saying, "We found our ancestors following this way and following that way, and we are not going to live our ancestor's beliefs and obedience." Now it is the time that we are getting in the last period for this world. The Lord of this world sending us one to introduce Islam, its real understanding. Then whole nations should say (Mawlana bows), "We believe what the Seal of Prophets (s) just brought to us, his message and he is just messenger."

I am knowing nothing, therefore I am saying bismillahi 'r-Rahmaani 'r-Raheem. We have been created so weak, but Lord of Heavens is saying, "I am supporting you. You are physically so weak, but I am supporting you from My Heavenly Present to you. I am making you enough capacity that you can understand what is granted from Allah Almighty to his most beloved servant, and beloved and glorified one in his Divinely Presence." You must understand! He is getting proud if I am saying, "My brother, Pope." He is one of all of us, (we are) brothers. But they are understanding something, and we are trying to show what is true understanding and what is wrong understanding. Yes, I am sitting here. So many books. So many books when I am beginning to know something more, coming to me a headache. But the Master of this world that this globe and ourselves are under His (swt) control.

(Mawlana imitates a comical conversation.)
I said to someone, "What is flying there?"
He said to me, "You don't know it is a plane, flying?"
"What is that? How it is flying?"
"You are looking as an idiot one. You don't know that is a plane, there are pilots, there is a captain for this plane and sending it to its last target, last station." "Thank you. Thank you sir, don't follow me because my

mind not too much to understand."
"O shaykh, you may learn. You never been in a flight?"
"So many times, O my son."

The first time I traveled in an airplane, I was about 22 or 23 years old; you are not created then. I was knowing that airplane only for fighting purposes through WWII. No any airways or civil service for airplanes. And I may say to so many people that 1945, 1946, 1947, that the first transport was beginning on Earth. I was first one through Cyprus taking airplane from Nicosia to Beirut, for visiting of Damascus, and visiting Holy Land also. I know that it is not flying by itself, but I am asking to you another question.

I said, "This airplane--you say and I know that it has been commanded on a special direction that they must go on it, I know this--but that flight was lead by a captain, a pilot. So what do you think for our globe, which is so big and running through space? Do you think it has no captain, no pilot?"
He answered to me, "I never heard such a question!"
"Hear and learn. If for one plane you are not accepting for it to move by itself, how your mentality saying that this planet, this globe, is running by itself, turning by itself, without a commander on it? How you are saying this to me?"
“Never teaching us such a thing, O my shaykh.”

Yes they are not teaching you, but they will be on the Day of Resurrection when they will be thrown through hells, because they are not teaching you from reality! You are saying "nature", you are saying "planet", you are saying "sun, solar system". Who is putting that solar system? By itself, it can’t be. Yes, I am knowing nothing, I know. And now I’m speaking something to whole people, "Come and use your mentality!" If anyone may say that I am wrong, they are wrong! And I am making an introduction for today, addressing to my Lord’s servants. They are making me to speak in such a way.

And just I began to say yawmun jadeed, rizqun jadeed (new day, new sustenance). Every day coming a new appearance through Creation. Even most high learned people, never knowing what going to appear tomorrow or after one hour. Therefore, they make me to speak on yawmun jadeed, rizqun jadeed. Everyday is a new day, everyday coming new appearances. From where coming? Don’t ask me this. Ignorant ones they cannot understand. Ignorant ones are never looking, never seeing, never hearing. And those who are unbelievers,

don’t make yourselves to be tired from insisting to teach them something! It is impossible. But for understanding people, you must say, yawmun jadeed, rizqun jadeed. Every day new appearance from heavenly center with a remote control. They are understanding "remote control" is here for everything, but they never accepting that this world is also a remote control. This is our fighting with those people who are not understanding reality of Islam and other heavenly religions. Remote control, I learned something new, O my listeners! (smiling)

You are escaping, saying, "We have something to do, tomorrow we may listen what that old person is saying." Don’t do this; give time through 24 hours. They are making me to reach up to a 100 years, making me sit here to speak to you, and you are not giving respect! Listening to such a strange subject. You are running away. This speech going to be from Far East to Far West. And I am a weak servant, and old age, sitting for the honor of His most honored one here. Asking forgiveness, and as the Shaykh of al-Azhar Shareef knows that yawmun jadeed, rizqun jadeed. Every day the Lord of Heavens through His beloved one, sending such a very weak addressing. If some of those heavenly identity people on Earth speaking, whole nations should be listening to everything and trembling.

I am weakest servant, not claiming I know something, no! I am sitting here and they are making me to address to you. Today we reached to a new understanding and new understanding taking my listeners, taking the weakest one's addressing to them. And I am asking, "O my Lord, they are listening; give them more love to Your most beloved one first, and then to our Lord Almighty Allah (swt)."

## With My Shaykh

(Dt.: MitMeinemScheich)

Bismillahi r-Rahmani r-Rahim.

I came to Sham al Sharif from Homs. And to Homs, I came from Istanbul. I came from Istanbul to Aleppo, and from Aleppo to Homs. From Aleppo... What is that city before Homs?
H.R. Hama.
M. Hama. I stayed in Hama. Then came to Sham. To Homs, then to Sham. It was the year 1944... 1942, no. I think it was the year 1943. When I came, I still remember Shaykh Hassan Hz...H.R Hassan al Jibawi. M. Jibawi Hz. When Sultan Selim was passing in front of him, they asked "who is this?" "This holy one is Hassan al Jibawi Hz. He is mustajab al du'a (whose dua is answered)". The Sultan dismounted his horse & visited his turba. They destroyed that place years ago, to build a road. May their graves be opened. May Allah give what they deserve.
Anyways.. I came there. The Shaykh who taught me in Homs...
H.R. Shaykh Yunus?
M. Shaykh Yunus's father taught. Shaykh Jabi, taught many ulamas/scholars but.. He who watched & protected us, may Allah makes his abode paradise. We came together with him, knocked the door & opened. I

saw that Shaykh Effendi Hz was in his mintan/shirt & with his takkiya, according to Sunnah. It immediately came to my heart that "he was sent from Istanbul". I still remember that day. How many years has it been? 60 years? It has been 70 years. Allahu Akbar ul Akbar. Muhammad Sibai, Shaykh Sibai Hz showed me his house & said: "Ya Sayyidi, this young man is in Homs for all this time. His desire is to go to Madina al Munawwara mujawirin/settler. Shaykh Effendi Hz had a look at me. He said "I will present him tonight in the Presence. He will do according to what his (sas) answer will be. He may come tomorrow morning".

We left him there & went back. The next morning... I already couldn't sleep all night long & went there early in the morning. He said, I showed you to the Prophet (sas). "This is my son. There is nothing he will do here now if he comes to Madina al Munawwara, O Shaykh Abdullah. Shaykh Abdullah, give him permission to collect my Ummah & send him to Cyprus". Year 1944. Finished. He said nothing, no words. He said "I know the time to come here". He advised me like this.

So I came to Cyprus from there, through Beirut. Such astonishing hals/states Allah Almighty (jwa) Hz made me reach that day. Shukur to Him. We were like a bird with a broken wing, like a baby bird - in such a situation. And the people here, all of them.. That side, the supporters of that one whom they worship (Ataturk), they boiled. Anyways, we completed our suffering with them. And they left. Now we are left here. Whole world (knows me). Who am I? With the power of the Grand shaykh whole world knows me. Or else how will they know? Nothing - we are a man at zero level.

May Allah not make us lose health. May He give long life, for you as well. My desire is that I may see Sahib Al Zaman Hz; reach him, be in his service. Also may our residing in Sham be permanent, may the land of Sham accept us. We accompanied my Shaykh Hz for about 40 years & tried to do his service here and there as much as we could. Allah granted us this. And He appointed marhuma (Hj Anne) for us, to be our family. And with her came our marriage and our offspring. And Masha Allah our offspring, Wisdom of Allah.

And salams to all the Prophets, especially to the Master of Prophets (sas), and to all prophets & awliya. We also send our salams to Sahib al Zaman Hz. And we kiss the threshold of my Shaykh Hz, and all mashayikh. They protected us till now. I hope that they continue to protect us from now on as well. May I go to Sham again. They sent me to all over the place.

May Allah show you good days. May you have good children, grandchildren. May they keep their ways. May they continue on Allah's way, for pleasing Allah & for pleasing the Prophet (sas); for pleasing the awliya & mashayikh. We may read a Fatiha that they accepted us. This is enough. If we say the details..

H.R. May take until evening, until morning.

M. This is enough. This is enough. My Shaykh Hz said like this: "Nazim Effendi, I made 7000 sohbats for you". May Allah sanctify his secret. And Shaykh Effendi Hz built Jami Al Mahdi & Maqam al Isa together. And I watched, he didn't let me work in it. Kurds came to work. He himself would work on it as well. But he never let me work there. He wouldn't let me do hard work. I would watch & Shaykh Effendi would laugh.

The rocks... You remember the stairs, behind it was all rocky. He would bring out rocks. And sometimes he would miss them & they would fall down. I would laugh. Shaykh Effendi Hz would mention it too much. "You had nothing else to do other than laughing when I dropped the rocks" he said. He didn't let me touch it. May Allah sanctify his secret. Ya Sayyidi, a power & being presented in the Presence of Rasulullah (sas). This is my prayer". You gave us the good tidings of Mahdi (as).

It has been 70 years since Istanbul, since 1940. I say, may I not go before I see him. May it be granted to my children as well. Fatiha.

**Mit meinem Shaykh**

---

Bismillahi r-Rahmani r-Rahim. Ich kam nach Shamu sh-Sharif aus Hums. Und nach Hums kam ich aus Istanbul. Ich kam von Istanbul nach Aleppo und von Aleppo nach Hums. Von Aleppo.. Wie heißt diese Stadt vor Hums? H.R.: Hama. M: Hama. Ich blieb auch in Hama. Dann kam ich nach Sham. Nach Hums, dann Sham. Es war das Jahr 1944, 1942, nein, ich glaube, es war das Jahr 1943. Als ich kam.. Ich erinnere mich noch an Shaykh Hassan Hz. H.R.: Hassan al Jibawi. M: Jibawi Hz. Als Sultan Selim vor ihm vorbeiging, fragten sie: Wer ist das? Dieser Heilige ist Hassan al Jibawi Hz. Er ist Mustajabu d-Du'a - dessen Du'a beantwortet wird. Der Sultan stieg von seinem Pferd und machte seiner Turba einen Besuch. Sie haben diesen Ort vor Jahren zerstört, um eine Straße zu bauen. Mögen ihre Gräber geöffnet werden. Möge Allah

ihnen geben, was sie verdienen. Jedenfalls, ich kam dorthin. Der Shaykh, der mich in Hums lehrte... H.R: Shaykh Yunus? M: Der Vater von Shaykh Yunus lehrte. Shaykh Jabi lehrte viele Ulama - Gelehrte, aber.. Er, der über uns wachte und uns beschützte, möge Allah das Paradies zu seinem Aufenthalt machen, wir kamen mit ihm zusammen, klopften an die Tür, und er öffnete. Ich sah, daß Shaykh Effendi Hz in seinem Hemd und mit seiner Takka war gemäß der Sunna. Es kam sofort in mein Herz, daß "er von Istanbul gesandt war". Ich erinnere mich noch an den Tag. Wieviele Jahre ist das her, 60? Es ist 70 Jahre her. Allahu Akbaru l-Akbar. Muhammad Sibai, Shaykh Sibai Hz. zeigte mir sein Haus und sagte: 'Ya Sayyidi, dieser junge Mann ist in Hums die ganze Zeit. Sein Wunsch ist, nach Madina al Munawwara zu gehen, um dort zu wohnen. Shaykh Effendi Hz. sah mich an und sagte: 'Ich werde ihn heute abend der Gegenwart vorstellen. Er wird das tun, was seine (saws) Antwort anzeigt. Er soll morgen früh wiederkommen.' Wir ließen ihn dort und am nächsten Morgen.. Ich hatte schon die ganze Nacht nicht schlafen können und ging früh am Morgen dorthin. Er sagte: Ich zeigte dich dem Propheten (saws). 'Dies ist mein Sohn. Er wird jetzt hier nichts tun, wenn er nach Madina al Munawwara kommt, o Shaykh Abdullah. Shaykh Abdullah, gib ihm Erlaubnis, meine Ummah zu versammeln und sende ihn nach Zypern.' Das Jahr 1944. Schluß. Er sagte nichts, kein Wort. Er sagte: 'Ich kenne den Moment, hierher zu kommen.' Er gab mir diesen Rat. So kam ich nach Zypern von dort, über Beirut. So erstaunliche Zustände. Allah der Allmächtige (jwa) Hz ließ mich diesen Moment erreichen. Shukur für Ihn. Wir waren wie ein Vogel mit gebrochenem Flügel, wie ein Babyvogel. In so einer Lage. Und die Leute hier, sie alle... Diese Seite, die Unterstützer dieses einen, den sie anbeten (Atatürk), sie siedeten. Jedenfalls vollendeten wir unser Leiden mit ihnen. Und sie gingen.

Jetzt sind wir hier zurückgelassen. Die ganze Welt... Wer bin ich? Durch die Macht von Großshaykh kennt mich die ganze Welt. Wie sonst sollten sie mich kennen? Nichts. Wir sind Null. Möge Allah uns nicht die Gesundheit verlieren lassen. Möge Er langes Leben auch für euch geben. Mein Wunsch ist, Sahibu z-Zaman zu erreichen, in seinen Dienst zu treten. Auch möge unser Aufenthalt in Sham dauerhaft sein. Möge das Land Sham uns annehmen. Wir begleiteten meinen Shaykh Hz. ungefähr 40 Jahre lang und versuchten ihm zu Diensten zu sein hier und da, so viel wir konnten. Allah gewährte uns das. Und Er bestimmte Marhuma (Hj. Anne) für uns, unsere Familie zu sein. Und mit ihr kam unsere Hochzeit und unsere Nachkommenschaft. Und masha'Allah unsere Nachkommenschaft, Weisheit Allahs... Und Salams an alle Propheten, besonders an den Meister der Propheten (saws) und an alle Propheten und Awliya. Wir senden unsere Salams auch an den Sahibu z-Zaman (as). Und wir küssen die Türschwelle meines Shaykh Hz. und aller Shaykhs. Sie schützten

uns bis jetzt. Ich hoffe, daß sie uns weiterhin schützen werden, auch von jetzt ab. Möge ich wieder nach Sham gehen. Sie haben mich überallhin geschickt. Möge Allah euch gute Tage zeigen. Möget ihr gute Kinder und Enkel haben. Mögen sie den Weg einhalten. Mögen sie auf Allahs Weg weitergehen, um Allah (swt) zu gefallen und um dem Propheten (saws) zu gefallen. Um den Awliya zu gefallen und den Shaykhs. Wir lesen eine Fatiha dafür, daß sie uns angenommen haben. Das ist genug. Wenn wir Details nennen würden... H.R: .. würde das bis zum Abend, bis zum Morgen dauern. M: Es ist genug. Das ist genug.
Mein Shaykh Hz sagte es so: 'Nazim Effendi, ich machte 7000 Sohbats für dich.' Möge Allah sein Geheimnis heiligen. Und Shaykh Effendi Hz baute die Jamiu l-Mahdi und den Maqamu l-Isa zusammen. Und ich guckte zu. Er ließ mich nicht daran arbeiten. Kurden kamen zum Arbeiten. Er selbst arbeitete auch daran. Aber er ließ mich nie dort arbeiten. Er ließ mich keine harte Arbeit machen. Ich sah zu und Shaykh Effendi lachte. Die Steine.. Du erinnerst dich an die Stufen, dahinter war alles steinig. Er brachte Steine heraus und manchmal verfehlte er sie und sie fielen herunter. Ich lachte dann. Shaykh Effendi Hz. erwähnte es sehr oft. 'Du hattest nichts besseres zu tun, als zu lachen, wenn ich die Steine fallen ließ.' Er ließ mich sie nie anrühren. Möge Allah sein Geheimnis heiligen. 'Ya Sayyidi, Kraft und der Gegenwart Rasulullahs (saws) vorgestellt zu werden, das ist mein Gebet.' Du gabst uns die Gute Nachricht von Mahdi (as). Das war vor 70 Jahren... seit Istanbul, seit 1940. Ich sage: Möge ich nicht gehen, bevor ich ihn gesehen habe. Möge es auch meinen Kindern gewährt werden. Fatiha.

## Without Adab you are like grass, with Adab like a tree...Meded is the basis

Without Adab you are like grass, with Adab like a tree...Meded is the basis. The Prophet sws came as a help for the Sahabas; he was full of heybet. Who didn't take help from him finished. And at every time there are his spiritual inheritors who also have heybet. Allah has granted them greatness, and no one can make them down. Who is made down by Allah, no one can make him high... Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim, Destur, ya Sayidi, Meded...Beliefs belong to Heavens, they are not mind products, but belong to the unseen worlds that belong to the spiritual world. Belief is based on spirituality, without spirituality there can't be beliefs. Therefore in the materialist world there is no need for a person to believe anything, because it is based on positive knowledge, they say. The limits of their knowledge in comparison with the knowledge of Heavens are like a square millimetre. The moving area or the orbit of all the knowledge of the 21st century that scholars or technologicans are so proud with in comparison to the heavenly knowledge is like one square millimetre, no more. And I am giving more also, because their minds don't accept less than a millimetre, and their imagination cannot reach, otherwise I would even say their moving area is one-millionth part of a square millimetre.

But the knowledge oceans belonging to Heavens, which are granted to mankind if asking to move in, are unlimited. And unlimited to our understanding also, because the knowledge, which belongs to Heavens, and in which spiritual people are swimming in, is not the same (like other knowledge).

And for everyone there is a special opening and a special ocean, which belongs to you. If he reaches it, there is another opening for him, and another ocean, that he can move in up to eternal. And if he is asking more he is given more; as long as he is asking, he is granted more and more.

Therefore- who believes enters heavenly oceans and enjoys, and he reaches more enjoyment by reaching more wisdom, by reaching more wisdom he reaches more peace, when reaching more peace, he reaches more beauty, and through endless beauty oceans he reaches eternal perfection oceans- eternal perfection and beauty oceans for the Lord of Heavens. And all this is only like a spot in the divinely Oneness, the Existence of Allah Almighty; never going to be more than a spot., sometimes appearing, sometimes disappearing...

Marifatullah- sometimes they grant us something to prepare your understanding for the Existence of Allah, His Attributes and holy Names, and then from His holy Names to Actions- endless. But the ignorance that just covered the whole world now is the thickest veil for mankind to reach to those unlimited oceans. People are only interested in the sewage; it is not clean, it is the dirtiest thing. The number one interest of the people of the 21st century, who claim that they reached the top of the civilization, is to continue their life through the sewage- nothing else. If you say: 'Get out and look', they say: 'No, we don't accept anything beyond this sewage. We are so happy, our life is in the sewage, we are not asking any other enjoyment. We are so enjoying to be in the sewage.'

And now, when the channels that run to the sewage get less, they get crazy. The whole world now is getting crazy. For what? Because the channels that supply the sewage are getting less, and people get crazy and say: 'Economic crisis, because our sewage is getting less and less and we fear that one day it is going to dry out and we will die.'

They reached to that point. Through their knowledge they reached to that limit, because that sewage is closed. Getting narrow and finishing. They don't ask what is beyond that. The hereafter is not important for them, they are not interested in the true Paradises, they don't believe in Hells, but they say: 'Everything is here. Our Paradise is here, our Hells are here. Paradise is for who can find much more dirty sewage to run in, and Hells are for those people who don't find enough room in the sewage.' That is their life philosophy; nothing else. Everyone is working on it now...Allah, Allah...

Therefore Allah Almighty is asking to destroy the sewage channels, and the heavenly bombardment is now coming with spiritually powerful people. They come now to destroy that sewage, to make it dry, to clean it and take it away, so that people may look what is there beyond this. Who is blind here, never seeing beyond seen worlds to unseen worlds, is blind, and all prophets come to take that veil from our eyes and to make us

to look what is beyond this material world.

That is moon. It belongs to the material world, but where is it settled? The moon represents material; it is a mass, it is only in limits. What is around it? We say there is only the seen world. We understand. But beyond you say there is no unseen world. Why you say this? Look the skies, space. Millions of stars are settled through a dark darkness. What is space? Does it belong to the material world or you may say another name for it? Millions of stars and suns and galaxies run in it, they are settled in it. In which thing they are settled? In nothing? If it is nothing, we are nothing. If it is nothing, how can be something in it that you can see, you may touch, you may hear? What is that?

You must say that there must be unseen worlds, that space represents the unseen universe, the unseen existence. And these stars approve the existence of the unseen universe. You are looking to the unseen universe. If you wouldn't see stars, you wouldn't accept an unseen universe. But when we see millions and billions of stars in it, we must say that there is this darkness, there is another universe, an unseen universe, which our eyes can't see, our power can't reach to and our knowledge can't reach to know about. Only our vision and understanding reaches to these lights that we see and call stars or galaxies, billions of suns and gigantic stars. If not (for these lights), we would not understand the existence of an unseen universe.

Allah Almighty just veiled it from His servants to know. What you are seeing from the material world through space, you must think on it- it can't be by itself here or there or there, because we know that for every material there must be a base to be on: it must have a seat. What is the seat of the stars? The unseen universe, you must say, it is sitting in it.

In the unseen universe you can't reach to anything through your materialist ideas; no, it is forbidden for blind people to understand the unseen universe, which belongs to Allah Almighty's power oceans, endless power oceans. No comment on the unseen world, it is prohibited. Our mind can't carry, it says: 'I finished, I can't get up from earth even one foot. If I could, I would reach, but by myself I can't get up from my seat even one foot, because the heaviness of my material prevents it. If I could use my spiritual power I might take my material to the end of this material universe and also beyond.'

Therefore science and its theories is all wrong, based on false, on wrong seats, which are never going to be real. They must tell me what is the seat of the universe, where it is sitting. We sit on earth, but this universe, where it is sitting? You can't say: 'On nothing'; mentality is not accepting that. If there is something there must be a seat. What is the seat for the material universe? That is the unseen universe, keeping it, and it is only giving signs to people.

If darkness is not coming, daytime you can’t see the Sultanate of the skies. Darkness makes you to see millions of stars. If tat is taken, there are no signs. Darkness gives signs through the stars for the unseen worlds. The sun is shining. It is so near to our earth in distance as Astronomy shows; it is so funny. Astronomy sees the sun and the earth in such a distance, so close, that you can’t imagine the sun to be seen here in such a way to cover everything and clean everything between us and sun and us to take away all darkness. And we say: ‘Nothing’...So many things...

Therefore we try to destroy false theories and wrong ideas that are given to students against religions and against heavenly knowledge. And we hope that their lies and cheating will appear soon. People should curse them and they should reach to their real positions. When they understand their real position and know about themselves, it is going to be so easy for them to reach to their destinations, to their real beings.

But as long as they build huge walls around the mind of youngsters they prevent them from looking beyond these walls what is there. We hope that in the 21st century there is going to be a full opening for mankind to see reality, to know about it and to try to reach it.

May Allah forgive me and bless you and give His most high respect to His most honoured Prophet S. Muhammad sws, bi hurmati-l Fatiha.

May Allah protect us from coming blind and going blind.

Lefke - 23.01.2002

---

**Without associations man never reaching to their real target of this life**

Destur ya Sayyidi, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Subhanaka, la ‘ilma lana illa ma ‘alamtana...

This is an association- the way of Prophets, the way of Salihien, the way of Awliya, Saints. Without (a) Prophet and without associations (with him) which means (the Prophet) to sit with common people, man (is) never going to reach to their real target of this life.

Everyone coming, (being) born, knowing nothing; then, day-by-day, we are learning something that we can reach to support our physical being: how we can live, with which means we can live. And that knowledge we are saying (is the) knowledge of (the) level of animals. Animals don’t speak to each other; they are just directed to those targets that they (are) created for. They are under divinely direction, they are directed.

Man also is directed through their parents; (they are) learning something that with that knowledge they can continue to live on this planet up to their last moment, that just Allah Almighty (is) giving them a limit for their life. Up to that limit they are learning something and they continue on that way. That knowledge belongs to our physical being that our physical being belongs to (the) animals world. What animals need for living and bringing their generation to continue, on (that) same level mankind is learning. First of all (they are) learning from their parents. Day-by-day, when (they are) growing, they are learning.

Now we are looking and seeing that (there are) so many kinds of knowledge just on act and people (are) running to learn something- but what they are learning? They are leaning what is concerning their physical being. You may say now nations have hundreds, thousands, ten thousands (of) elementary schools,

secondary schools, gymnasiums, universities, academies and so on- what they are learning through these thousands and thousands of schools? What they are asking to learn and which thing schools are teaching people? It is an important point!

Someone may be a physician, someone an architect, some (other) one (is) going to be artist, someone engineer...learning, learning- through universities and schools (there are) so many knowledges and also people (are) learning handcrafts- (but) all of them for what? It is only for one target: People (are) asking to live and reach higher levels of this life, (that) all of them belong to our physical being, (asking): “How I can be able to reach a satisfaction with my efforts, to (reach a) high level life for my physical being?” Thousand kinds of schools, universities, people are saying: “We learned in Indonesia. It is not enough, we must go to London University”, some others (are) saying: “We must go to Harvard university”- for what?

I was looking in a newspaper yesterday and it was written that now the Turkish Prime Minister’s son is learning through Harvard University, they are saying. “Where is it? On moon or on earth?” I am asking. “My son is in Harvard University.” These foolish ones here also running to reach high-level life. It is no good to be in Caribbean island, we must do a long jumping from (the) Caribbeans to England or from England to US university (of) Harvard!” Jumping.

(The) Prime Minister (is) very proud that his son (is now) learning in Harvard university. What you are learning? For your stomach, for your physical being, and what is the result? (A) Harvard doctor is not going to toilet? He must not go to toilet, WC! And he is graduated from Oxford! What is the result? I am asking: “Not going to WC?” Everything (they) may learn, but (the) last point is to reach to WC. Whole efforts of people, what is its last station? WC station! What is the benefit? All that knowledge (is) making people to reach even (a) high life, (as) they are saying- but (they are) coming from high life to ‘WC life’. Whole knowledge’s final point, final limit, is (the) WC. They learnt and its summary (is) that they must go to that place to look the summary of their knowledge...

Then there is common knowledge for everyone; without learning through universities they are learning it, only they are claming to have a diploma for it, but (the) result (is the) same. (Even) who has not learned anything, he (also) knows what the physical being is asking. If a person is bringing a diploma from Harvard or Oxford- (it is) not giving anything else, (but it is) same. Same result for all of them. (For) that knowledge

they wasted their time, but if a person is not knowing anything, (he has the) same result.

Allah Almighty is giving honour to you, oh man, and your honour is with some knowledge. Allah Almighty is not honouring you through your ride; (He is) not giving honour to you through your ego, not giving to you honour with your outlooking, with your colour, with your height or shortness or to be big. (He is) not looking (to) that. Allah Almighty is never giving honour to you looking to your creation. He designed everyone as He likes! No one can object on it. It makes Allah angry to say: “I am short, I must be tall”. “I am so fat, I must be thin”... No one can say: “My colour, I don’t like it.” Pu! on that person who is saying this, fighting (his Lord)!

“Yusawiyu fi arhama ma yasha”- Your Lord is giving your model and design to be man or woman- black, white, yellow, red- don’t speak on it! That is foolishness. Everyone in divinely Presence is honoured- through their souls, not through these forms, and people are running to make their forms (like) ‘model’, ‘mannequin’: “Oh my Darling, how I can do? If I am dressing such mannequin dress?” What is that foolishness? This (physical being) is a dress (that) Allah dressed on us, but He is asking and He granted us another honour, not looking to your colour, your sex, your dressing, no! Something He granted. People (are) never taking care for that honour, running after outlooking forms to make it another: every year, every month (dressing a) new fashion, thinking that if they are dressing every month another fashion (they are) going to be another personality. No mind people! Now full all (the) world (with them) and that is (the) reason of fighting, wars- (it is) only for their physical being.

Allah Almighty was teaching Adam a.s. all (of His) Names; something that He is saying (for it) ‘Names’, but every Name is leading to an ocean for our souls, for our real being. That knowledge Allah Almighty was giving and teaching Adam and giving honour to Adam over (the) Angels for that reason. When Allah Almighty was saying: “If you are looking and seeing (that) Adam that I created him, he is not suitable for this honour, you come and say what you are knowing!” What Adam knows that is another knowledge that is giving more honour to our real being. Now people lost it, they forget it, they are running after this physical figure and its desires, that (are) finishing.

Allah Almighty was sending Prophets to teach people some knowledge that is so precious! Through that precious knowledge you can be in divinely Presence closer to His divinely Presence and you are going to be more suitable for His divinely service.

People now (are) running on a line that (is) never reaching to an end; (they are) never changing their level, all of them (are) on (the) same level, no one (is) asking to go up. No one (is) running after the teachings of (the) Prophet sws. You know any university teaching heavenly knowledge? They are saying: “It is banned to speak in our university (about) heavenly knowledge, traditional knowledge. We are not accepting.” As Nimrod was saying: “I am on earth and your Lord is on skies”- mankind (is) now on (the) same characteristic and Allah Almighty should take them away, giving their punishment from someone to others, from others to someone. No peace! If (they are) not changing their level to ask real knowledge from their Lord that (He) just granted (to) us through His Prophet, (there will be) no peace, no rest, no satisfaction no blessings here and Hereafter also.

The Day of Resurrection (when) Allah Almighty (is) calling one after one, asking: “Oh My servants, what you learned?” - what you are going to say? “What you learned? “Oh my Lord, I learned how I can built a palace” or: “how I can be a good engineer”, or this or that, something...”Leave that! Did you do anything for your Creator, for Me? What you know about Me? What you learnt? If you say: ‘I learnt’- did you give for Me your best praising and thanks? Where it is? How many times you are bowing in My divinely Presence? Where it is (your worshipping to Me)? You are bowing in front of ladies, in front of your tyrants, you were kissing their feet- but for Me- you ever once bowed for Me?” “No.” “Take him! This one lost his biggest chance that I granted to him to know Me and I honoured them (with that knowledge) -they lost it. Take him!”

Oh people don’t be cheated for this Dunya! Dunya (is) cheating you and it is the main aspect that Shaitan is using to make you to fall in troubles here and in punishment through the Hereafter. Think on it before coming your last breath, your last day, that you should be taken from here. Try to make your Lord pleased with you and give (your) most high effort for His praising and glorifying.

May Allah forgive me and bless you! For the honour of the most honoured one in His divinely Presence S. Muhammad sws, Fatiha... That is knowledge that everyone is asking to know and to walk on it.

Lefke, 06.06.2004, transcribed by Khairiyah Siegel

## Without Beliefs Human Values Cannot Survive in the Hearts of People

Faith prevents men and women from being lazy. Faith gives believers hope. Faith gives people courage, love and trustworthiness. Faith makes the life of human beings sweet. Meetings like these are like supermarkets, you can get in, buy something, or leave it and get out. In this market we have the values of mankind on display. We are trying to bring our pearls or diamonds or rubies or emeralds to you. When you discover a precious stone, you may try to buy it, according to how much money you have. You can also pretend that it is plastic.
We have a saying in our language, that if you hang up some liver a cat will come, jump and try to catch it. But it can't, because people who buy liver wouldn't hang it that low. When the cat realises that it cannot reach it, it will console itself by imagining that the meat has a bad smell, and that is what it will tell other cats. If people do not want to reach any real human values, they will come out of meetings like these, and say that they are no good.

We are living in a time unlike any time before. It is the most difficult period mankind has ever experienced. In my high age I am following the events patiently, waiting for mankind to find happiness and to get rid of their problems. When I was in my teens, there was only one secondary school, and I thought, that if people would learn more, they would be happier. Nowadays the Turkish side of Cyprus only has a population of 200.000 people. But there are 10 secondary schools and after that there are several universities, even though

the island is so small. Everyone is reading and studying excessively, but the problems are not decreasing. On the contrary, problems are increasing, enmity and envy is growing amongst people. Violence and unbelievers are on the increase from day to day. Craziness is on the increase. Fornication is increasing. People are drinking non-stop. It is very sad to watch your own community fall into such circumstances. And why, even though people are learning so much?

Then I look at what they are learning. No-one is teaching them about the values of mankind and that they are a result of belief. If there is no belief, values cannot survive in the hearts of people. Values are like fish. If there is no water, fish cannot survive. In that way, beliefs are like water for the values of mankind. This is just a small example from my homeland. When I walk around noon time the roads are full of students. But what is the benefit of any study, if it doesn't teach our children about beliefs? If the studies do not give values to our students, it is only a sorrowful event. When young people grow up without any knowledge about the values of mankind, the result can only be terror. In spite of that, most people are very proud of the 20th century. When people's values have been taken away, what remains? Farmers produce milk and send it to the factory. the factory takes the whole cream. So what remains? Water! It has no value.

## Without Reins

Welcome, welcome... I am praying two Rakats before our gathering to be mubarak/blessed. Allahu Akbar... Dastur Ya Sayyidi Allahu Akbar, Allahu Akbar Allahu Akbar wa Lillahi Al Hamd. Allahumma Salli 'Ala Sayidina Muhammad wa 'Ala Alihi wa Sah'bihi Ajmai'n. Salatan Da'iman bi dawami.... La Ilaha illa Allah Sayyidina Muhammad Rasulullah...
we are honoured by the presence of a professor of the protected Egypt, Shaykh Abdul Jalil.

Water brings life. "Wa Ja`alna Mina Al-Ma'i Kulla Shay'in Hayyin"(21:30) We hope from our Lord (jwa) "And We have made from the water every living thing." (21:30) But the water is not the one that we are drinking. "And We have made from the water.." (21:30) From the water. Alif Lam/ the definite article "the" indicates what is inclusive, it indicates the specific, and it indicates specifically the word water, what is that water? And our Lord (jwa) Subhanahu wa Ta'ala says "And We have made from the water every living thing." (21:30) We gave life to everything from water. But that water is not the water that we drink. This is something that our Lord says "Mina Al-Ma'i"(21:30) "Al", indicates a type it indicates continuity, and it defines it.

Allahu Akbar Al Akbar! And we want... Allahu Akbar, Allahu Akbar wa Lillahi Al Hamd.
We want something so we may understand. Our Lord (jwa) He Knows, but He (swt) gave something for those who understand, who has a mind and may understand according to it what is "life". Allahu Akbar Al Akbar! O listeners! May Allah (swt) bless you and may He (swt) grant you blessing from Earth & Heavens to the listeners & the ones who understand & the ones who follow, and those who consider. O believers! Masha'Allah days are running...passing by. No one knows when this world started or when it will end. La Ilaha illa Allah Subhanahu wa Ta'ala, Jalla

wa 'Ala. And to stand up is nothing, our standing up is nothing. The angels are always standing up, constantly glorifying and praising The Lord (swt). Some are standing and some are bowing, some are in prostration for the Greatness of Haqq (jwa). This is according to our understanding.

And we say by Divine order astaizzu Billah min al shaytan al rajim and so we say Naudhu Billah min al shaytan al rajim. The devil deceived, deceived and tyranized, an incredible creature... he managed to spread in the world and everywhere & every place, nothing stops him. It is said that.... Bismillahi Al Rahman Al Rahim. Bismillahi Al Rahman Al Rahim (swt). Allah (swt) says "Faqsusi Al-Qasasa"/ And relate the stories (7:176) Some of the scholars they do not like the stories. Why? Allah (swt) says"Faqsusi Al-Qasasa" /And relate the stories (7:176) The scholars they claim "we are doctors, we are not story tellers." "No, we are the people of knowledge.

Stories are for what?" "For the majority of people", "No!" Allah (swt) says "Faqsusi Al-Qasasa, /And relate the stories La`allahum Yatafakkaruna" (7:176) /perhaps they may reflect. Tamam. Therefore stories, any kind of stories there should not be anything to prevent telling it. Anything forbidding? shaytan he may get what he deserves. There is nothing forbidding him to enter any gathering except, if there is one who recognizes him & throws him out. Or it is not possible for him to be present in the meeting where that servant is present.

Sayyidina Aba Yazid... Sayyidina Aba Yazid, may Allah (swt) raise his station, he was present in the mosque in Madinat Al Munawwara, in Haram Al Sharif. As he was going out of the mosque, he saw the devil. His eyes (Aba Yazid's) could see what we do not see.... we do not see. Aba Yazid, said "O devil, what are you doing here?" "I am waiting for my jamaat." "What is in your hand?" "Reins", his hands were full of reins. "For what are these reins?" The devil said "I am waiting for my jamaat so i may put reins on them." The mounts of the devil. Then Aba Yazid said "Is there is one for me?" "O Aba Yazid, you do not need reins, without reins i may ride you." The devil is clever.

One day in the valley of 'Aqiq the rain water was running & the Prophet (saws) used to go & look for anyone to go & look at the river in the valley 'Aqiq. Any person who goes & looks with the intention of doing what the Prophet (saws) used to do will be happy, his heart will open just at the

view of the valley of 'Aqiq. One day it rained, and every person was walking lifting his clothes and walking. An old man, was waiting at one side of the stream. "Why are you not walking?" And he said "I am old. I am old. I am not able to cross." "I will carry you. I will carry you." He carried him, Aba Yazid. He carried him, and when they reached halfway across the river he said "O Aba Yazid, did i not tell you that i will ride you with no reins?"

Subhanallah, Allah (swt) does not like pride. All pride is for Allah (jwa) we are servants. We are servants. No matter what they did & gained in this world they left it here. Pride & Greatness is for our Lord (jwa). Subhanahu wa Ta'ala. We are servants and our honour is in servanthood.

Our mission in this world is servanthood. We were not created except for this. "And I created not the jinn and humans except they should worship Me." (51:56) "Except to worship Me." "I seek not any provision from them,nor I ask that they should feed Me"(51:57) "I seek not any provision from them". (51:57) Allah (swt) This thing that shaytan deceived the children of Adam (as). They should look at this holy verse. The reason for creating mankind is in this verse. "And I created not the jinn and humans except they should worship Me."(51:56) Not for this world & not for what is in this world for us and not for you to be proud among you. Being proud "I am this and you are this". This is what they recited but they forgot it they forgot it "And I created not the jinn and humans except they should worship Me."(51:56)

We repent & turn to You, appoint for us a king to obey You. A Sultan O my Lord, Sultan You are Sultan, "appoint for us a King, a King so we may fight in Your way." (2:246) Those who stand against Your orders and encourage people to not worship You and drag people to dunya so they leave Hereafter & live for this world, and this world is a carcass & only dogs ask for it.

(Hadith) The Muslim religion is honoured, honourable. And there is nothing like it, the glory of Islam. From Allah (swt) to His Beloved Al Mustafa (saws) His Lord (swt) sent it, the precious Book. Who follows it becomes precious to The Lord & His Prophet (saws), precious in this world & precious in the hereafter. He (swt) sent the Glorious Quran to teach the servants, what their duties are & what they have to do. Everything they should appreciate & what they have to leave. The Muslim religion is honoured. It has honour. It has honour, the religion of Islam! O ignorant

ones who... are running after making a constitution. A constitution, masha'Allah what a claim!

What ignorants to say "we want to make a constitution." Your constitution is for animals like yourselves. But Allah (swt) sent to His faithful servants a Divine constitution from Heavens, the Sharia Gharra'un Ahmadiya. Where are you? You run after because you became like animals and therefore you need a constitution that suits animals. But Allah (jwa) sent the mighty Sharia, the Sharia of Allah (swt) for believers and for the perfect human being, to perfect the perfection of the human being.

We have reached at the end of the world and the spread of ignorance among "believers" that are only by name. They went astray, completely astray from the glory of Islam. They say "we want grass. We do not want baklawa/sweet dessert." Ok, take! Eat! Allah (swt) let them be, "do what you like!" Do what you like "Fasayara Allahu Amalakum" (9:105) on Judgement Day. He left them. This is what happened, whatever happened that's it. Let them be busy, fighting one another. They have honour, the honour of human beings is with Islam, with the worship of their Lord, obeying their Lord & His Prophet Al Mustafa (saws). O people take wisdom otherwise...otherwise death is behind you, will harvest you. The angel of death will harvest you by thousands, by millions and none of you will reach happiness here or in the Hereafter. Take wisdom and if you do you will gain benefit, O believers! This is your last chance for you to grab the mighty rope of Allah (swt), The Holy Quran. It will save you in this world & in the Hereafter you will be honoured. Otherwise you will be humiliated here and in the Hereafter. This is the way to be saved especially for the believers and generally for all people.

May Allah (swt) protect us. O Lord make us from the ones who listen & obey the words of Al Haqq. My Arabic is little by I think it is understood, it is understood. They may correct it and distribute it to people... among people. O believers ask for a Sultan. Without a Sultan all your matters will not get solved. And therefore Sharia's order is, if a King Passes away, another King has to come. Inheritance for kingdom, Absolute Kingdom is for Allah (jwa). Al Salam Aleikum. This poor one is weak, ill... ill, otherwise if it was possible I would explain more & more. But first of all I ask forgiveness, forgiveness from my Lord (jwa), not from you, from my Lord (jwa) from His Beloved (saws). May He forgive me & forgive you and may send us a King. "Min Bani Isra'ila

Idh Qalu Li Nabiyin Lahum Ab`ath Lana Malikan" (2:246)

People should ask for a King, not for democracy which is false. It was invented by the devil & his like. May Allah (swt) punish them in this world & in the other. Otherwise the order of Allah (swt) is a teaching. The children of Israel asked their Prophet, appoint for us a King so we may fight in Allah's way" (2:246). Allahu Akbar! There are no better words & there is no better teaching. The teaching of our Prophet (saws). May Allah (swt) grant him more praising & honour. Appoint for us a King, O our Lord! Ya Rabbi...

My declaration I think is understood by every mind and the scholars may appreciate. The ignorant ones they do not appreciate and therefore they fall from one valley to a harder one. Huuu My Lord... we are asking Your forgiveness. This addressing is brief but is enough not for only one world, but 70 worlds. It is enough, it is enough.

May Allah (swt) reward you for coming here & the baraka of S. Abdul Jalil, professor. Teacher for people is an attribute of the Prophet (saws), the teacher of goodness to people.
There are some papers they bring me, paper 50 notes, what is 50 papers/money. They have no consideration O professor! One man, for 40 years he ruled over all the Muslim countries by himself. Sultan Abdul Hamid, may Paradise be his abode, for 40 years the Muslim world used to kiss his hand & obey him because he was the Khalifa, the Khalifa of the Prophet (saws). He alone with none of these made up constitutions. His constitution was the Mighty Sharia. And gold was distributed among the citizens, not paper like a magazine you print it & give. 50 Euros, 50 sterling. Look & take wisdom. The Arabs they did not understand. They dishonoured him. The Turks also dishonoured him & Allah (awj) dishonoured them here & in the Hereafter. This is the curse that is coming over the Muslim world because they dishonoured the rightful place of the just Sultan Abdul Hamid, may Paradise be his abode. They used to kiss his hand & fear him.

May Allah (swt) forgive us, we are ignorant ones. We are ignorant ones, they did not teach us anything.

This is enough. Teach your boys how the Muslim world was. Russians were only fearing the Ottoman Empire. They were not fearing any other, only the Ottoman Empire. When the Sultan

put his foot on the ground, people were standing up. Sultan, the Sultan whose kingdom was granted from Heavens not from earth, carrying the message of the Prophet (saws) and he was his Khalifa. May Allah (swt) make his abode Jannat Al Ridwan next to the Prophet (saws).

Ya Rabbi "appoint for us a king so we may fight in Your way." (2:246) He is coming insha'Allah. Fatiha. Every person had in his pocket gold coins during the Ottoman Empire, Hamidi or Majidi silver. One Majidi was enough for a family for a whole month. Baraka & honour! Allah (swt) granted them glory & honour. Think O Muslims. May Allah (swt) forgive me & forgive you. Bi Hurmat Al Habib, Bi Hurmat Al Fatiha. Astaizzu Billah "O assembly of jinn and men! If you have power to go beyond the heavens & the earth then go. But you will never be able to, except with a Sultan." (55:33) This is the truth. There is no Sultan, there is no way out of this hardship. Never! What is this constitution? Your constitution is for the toilet. You know the toilet? Your constitution is there, read it there. Not in the field. I like him. I like him. These words were kept for his sake, for who understands them. Forgive me O Shaykh Abdul Jalil.

I am weak, I cry. They ask me "for what are you crying?" I cry. If you could see what I see you would also cry.

Allahu Akbar! Allahu Akbar! Allahu Akbar! Wa Lillahi Al Hamd. Alf alf salat, alf alf salam 'Ala Rasul Al Haqq! Sayidi Al Awwalin wa Al Akhirin, Sayyidina Muhammad (saws). Fatiha.

**Ohne Zügel**

---

Willkommen, willkommen... Ich bete zwei Rakats vorher, damit unsere Versammlung mubarak, gesegnet sei. Allahu Akbar... Dastur ya Sayyidi, Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Allahumma Salli ala Sayyidina Muhammad wa 'ala Alihi wa Sahbihi Ajmai'n. Salatan Da'iman bi Dawami... La ilaha illa Allah Sayyidina Muhammad Rasulullah... Wir sind geehrt durch die Anwesenheit eines Professors des geschützten Ägyptens, Shaykh Abdul Jalil. Wasser bringt Leben. "Wa Ja`alna Mina l-Ma'i Kulla Shay'in Hayyin" (21:30). Wir hoffen von

unserem Herrn (jwa) 'und Wir haben aus dem Wasser alles Lebendige gemacht.' (21:30) Aber das Wasser ist nicht das, was wir trinken. 'Und Wir haben aus dem Wasser...' Aus dem Wasser. Alif Lam, der bestimmte Artikel 'das' weist auf das hin, was eingeschlossen ist, es weist auf das Besondere hin und es weist besonders auf das Wort 'Wasser' hin. Welches Wasser? Und unser Herr (jwa), Subhanahu wa Ta'ala, sagt: 'Und Wir haben aus dem Wasser alles Lebendige gemacht' (21:30). Wir gaben allem Leben aus dem Wasser. Aber das Wasser ist nicht das Wasser, was wir trinken. Das ist etwas, was unser Herr (jwa) sagt "Mina al-Ma'i", "al", weist auf einen Typus hin, es kennzeichnet Fortbestand und bestimmt ihn. Allahu Akbar al Akbar! Und wir wollen... Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Wir wollen etwas, damit wir verstehen können. Unser Herr (jwa) weiß, aber Er (swt) gab etwas für jene, die verstehen, die Verstand haben und demgemäß verstehen können, was 'Leben' ist. Allahu Akbar al Akbar!

Zuhörer, möge Allah (swt) euch segnen und möge Er (swt) euch Segen von Himmel und Erde gewähren, den Zuhörern und denen, die verstehen, und denen, die folgen, und denen, die überlegen. Gläubige! Masha'Allah, die Tage rennen... vergehen. Niemand weiß, wann diese Erde begann oder wann sie endet. La ilaha illa Allah, Subhanahu wa ta'ala, Jalla wa 'ala. Und aufzustehen ist gar nichts, unser Aufstehen ist gar nichts. Die Engel stehen immer, lobpreisen ständig und rühmen den Herrn (swt). Manche stehen und manche verneigen sich, manche sind in der Niederwerfung vor der Größe von Haqq (jwa). Das ist übereinstimmend mit unserem Verständnis. Und wir sagen auf Göttliche Anordnung hin, Astaizzu Billah mina sh-shaytani rrajim, und so sagen wir: Naudhu Billahi mina sh-shaytani r-rajim. Der Teufel verleitete, verleitete und tyrannisierte. Ein unglaubliches Geschöpf... Er brachte es fertig, sich in der Welt breit zu machen, überall, an jedem Ort, nichts hält ihn auf. Es heißt, daß... Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim (swt). Allah (swt) sagt: "Faqsusi l-Qasasa" - und erzähle die Geschichten (7:176). Manche der Gelehrten mögen die Geschichten nicht. Warum? Allah (swt) sagt: "Faqsusi l-Qasasa" - und erzähle die Geschichten. Die Gelehrten behaupten, 'Wir sind Doktoren, wir sind keine Geschichtenerzähler. Nein, wir sind Leute des Wissens. Geschichten wozu?' 'Für die Mehrheit der Menschen.' 'Nein!' Allah (swt) sagt: "Faqsusi l-Qasasa" - und erzähle die Geschichten. "La`allahum Yatafakkaruna" - vielleicht werden sie nachdenken (7:176). Tamam. Deshalb, Geschichten, jede Art von Geschichten, nichts sollte es verhindern, sie

zu erzählen. Verbietet es irgendetwas?

Shaytan mag bekommen, was er verdient. Es gibt nichts, was ihm verbietet, jedweder Versammlung beizuwohnen, es sei denn, es ist einer dabei, der ihn erkennt und hinauswirft. Es ist nicht möglich für ihn, anwesend zu sein in einer Versammlung, wo dieser Diener dabei ist.

Sayyidina Aba Yazid... Sayyidina Aba Yazid, möge Allah (swt) seine Stufe erhöhen, war anwesend in der Moschee in Madinat al Munawwara, im Haram al Sharif. Als er die Moschee verließ, sah er den Teufel. Seine Augen (Aba Yazids) konnten sehen, was wir nicht sehen... Wir sehen es nicht. Aba Yazid sagte: 'O Teufel, was machst du hier?' 'Ich warte auf meine Jamaat'. 'Was hast du in der Hand?' 'Zügel', seine Hände waren voller Zügel. 'Wofür sind diese Zügel?' Der Teufel sagte: 'Ich warte auf meine Jamaat, damit ich ihnen meine Zügel anlegen kann.' Die Reittiere des Teufels. Da sagte Aba Yazid: 'Gibt es welche für mich?' 'O Aba Yazid, du brauchst keine Zügel. Ich kann auch ohne Zügel auf dir reiten.' Der Teufel ist schlau. Eines Tages im Tal von 'Aqiq lief das Regenwasser, und der Prophet (saws) pflegte zu gehen und zu schauen. Jeder, der geht und auf den Fluß im Tal von 'Aqiq schaut, jeder, der geht und schaut in der Absicht zu tun, was der Prophet (saws) zu tun pflegte, wird glücklich sein. Sein Herz wird sich öffnen einfach bei dem Anblick des Tales von 'Aqiq. Eines Tages regnete es und alle Menschen gingen und hoben ihre Kleider hoch beim Gehen. Ein alter Mann wartete auf einer Seite des Wasserlaufes. 'Warum gehst du nicht?' Und er sagte: 'Ich bin alt. Ich bin alt. Ich kann nicht hinübergehen.' 'Ich trage dich. Ich trage dich.' Er trug ihn, Aba Yazid. Er trug ihn, und als sie halbwegs durch den Fluß gegangen waren, sagte er: 'O Aba Yazid, habe ich dir nicht gesagt, daß ich ohne Zügel auf dir reiten werde?'

Subhanallah, Allah (swt) mag keinen Stolz. Aller Stolz gehört Allah (jwa). Wir sind Diener. Wir sind Diener. Egal, was sie taten und in dieser Welt errangen, sie ließen es hier. Stolz und Größe gehören unserem Herrn (jwa). Subhanahu wa Ta'ala. Wir sind Diener und unsere Ehre ist in der Dienerschaft. Unsere Aufgabe in dieser Welt ist die Dienerschaft. Wir wurden nur dafür geschaffen. 'Und Ich habe die Djinn und die Menschen nur dazu erschaffen, damit sie Mir dienen' (51:56). 'Nur damit sie Mir dienen'. 'Ich will weder von ihnen Versorgung, noch will Ich, daß sie mir zu essen geben' (51:57) 'Ich will von ihnen keine Versorgung', Allah (swt). Diese

Sache, daß Shaytan die Kinder Adams (as) täuschte. Sie sollten sich diesen heiligen Vers ansehen. Der Grund für die Erschaffung der Menschheit ist in diesem Vers. 'Und Ich habe die Djinn und die Menschen nur dazu geschaffen, daß sie Mir dienen'. Nicht für diese Welt und nicht für das, was in dieser Welt für uns ist und nicht für euch, damit ihr stolz untereinander seid.

Stolz: Ich bin dies und du bist das. Das ist, was sie rezitierten, aber sie vergaßen es. Sie vergaßen es. 'Und Ich habe die Djinn und die Menschen nur dazu geschaffen, daß sie Mir dienen'. (51:56) Wir bereuen und wenden uns Dir zu, bestimme für uns einen König, der Dir gehorcht. Ein Sultan, o mein Herr, Sultan, Du bist Sultan. 'Bestimme für uns einen König, einen König, damit wir auf Deinem Weg kämpfen.' (2:246) Diejenigen, die gegen Deine Befehle stehen und die Menschen ermuntern, Dir nicht zu dienen, und die Leute in die Dunya ziehen, so daß sie das Jenseits außer Acht lassen und für diese Welt leben. Und diese Welt ist ein Kadaver und nur Hunde verlangen danach (Hadith). Die muslimische Religion ist geehrt, ehrenwert. Und es gibt nichts Gleichwertiges, die Herrlichkeit des Islam. Von Allah (swt) an Seinen Geliebten Al Mustafa (saws) sandte es sein Herr (swt), das kostbare Buch. Wer ihm folgt, wird dem Herrn und Seinem Propheten (saws) kostbar, kostbar in dieser Welt und kostbar im Jenseits. Er (swt) sandte den Glorreichen Quran, um die Diener zu lehren, was ihre Pflichten seien und was sie zu tun hätten, alles, was sie wertschätzen sollten und was sie zu lassen hätten. Die muslimische Religion ist geehrt. Sie hat Ehre. Sie hat Ehre, die Religion des Islam.

Ihr Unwissenden, die hinter dem Machen einer Verfassung her sind. Eine Verfassung, masha'Allah, was für ein Anspruch! Was für Ignoranten zu sagen 'Wir wollen eine Verfassung machen'. Euere Verfassung ist für Tiere wie euch selbst. Aber Allah (swt) sandte Seinen treuen Dienern eine Göttliche Verfassung von den Himmeln, die Sharia Gharra'un Ahmadiya. Wo seid ihr? Ihr lauft hinterher, weil ihr wie Tiere geworden seid und deshalb braucht ihr eine Verfassung, die Tieren angemessen ist. Aber Allah (jwa) sandte die mächtige Sharia, die Sharia Allahs (swt) für die Gläubigen und für den vollkommenen Menschen, um die Vollkommenheit des Menschen zu vervollkommnen. Wir sind am Ende der Welt angekommen und die Verbreitung der Ignoranz unter den 'Gläubigen', die es nur dem Namen nach sind. Sie gingen in die Irre und entfernten sich vollkommen von der Glorie des Islam. Sie sagen: Wir wollen Gras.

Wir wollen kein Baklava. Okay, bitte sehr! Eßt! Allah (swt) läßt sie. Tut, was ihr wollt. Tut, was ihr wollt. "Fasayara Allahu Amalakum" (9:105) Am Gerichtstag. Er ließ sie. Dies ist, was geschah, was auch immer geschah, das ist es. Laßt sie geschäftig miteinander kämpfen.

Sie haben Ehre, die Ehre des Menschen ist mit dem Islam, mit dem Dienst an ihrem Herrn, dem Gehorsam gegenüber ihrem Herrn und Seinem Propheten al Mustafa (saws). Leute, nehmt Weisheit an, sonst... sonst, der Tod ist hinter euch, wird er euch ernten. Der Engel des Todes wird euch ernten zu Tausenden, zu Millionen, und niemand von euch wird das Glück erreichen hier oder im Jenseits. Nehmt Weisheit an und wenn ihr das tut, wird es zu euerem Vorteil sein, ihr Gläubigen. Das ist euere letzte Chance, das mächtige Seil Allahs (swt), den Heiligen Quran, zu erfassen. Es wird euch in dieser Welt retten, und im Jenseits werdet ihr geehrt werden. Sonst werdet ihr erniedrigt hier und im Jenseits. Dies ist der Weg der Rettung, besonders für die Gläubigen und generell für alle Menschen. Möge Allah (swt) uns schützen. O Herr, mach uns von denen, die hören und den Worten al Haqqs gehorchen. Mein Arabisch ist gering, aber, ich glaube, verständlich. Es wird verstanden. Sie können es berichtigen und verbreiten unter den Menschen... unter den Menschen.

Gläubige, verlangt nach einem Sultan. Ohne Sultan wird keine euerer Angelegenheiten gelöst werden. Und deshalb ist es der Befehl der Sharia, wenn ein König dahingeht, daß ein anderer König kommen muß, das Erbe des Königreichs, Absolutes Königstum ist Allahs (jwa). As-Salamu Alaykum. Dieser Arme ist schwach, krank... krank, sonst, wenn es möglich wäre, würde ich mehr und mehr erklären. Aber zuerst einmal bitte ich um Vergebung, Vergebung von meinem Herrn (jwa), nicht von euch, von meinem Herrn (jwa), von Seinem Geliebten (saws). Möge Er mir und euch vergeben und möge Er uns einen König senden. "Min Bani Isra'ila Idh Qalu Li Nabiyin Lahum Ab`ath Lana Malikan" (2:246). Die Menschen sollten nach einem König verlangen, nicht nach Demokratie, die falsch ist. Sie wurde vom Teufel und Seinesgleichen erdacht. Möge Allah (swt) sie bestrafen in dieser Welt und in der nächsten. Ansonsten ist der Befehl Allahs (swt) eine Lehre. Die Kinder Israels fragten ihren Propheten: Bestimme für uns einen König, damit wir kämpfen auf Allahs Weg.' (2:246) Allahu Akbar! Es gibt keine besseren Worte, und es gibt keine bessere Lehre. Die Lehre unseres Propheten (saws). Möge Allah (swt)

ihm mehr Preis und mehr Ehre gewähren. Bestimme für uns einen König, unser Herr! Ya Rabbi...

Meine Erklärung wird, glaube ich, von jedem Verstand verstanden, und die Gelehrten mögen sie richtig einschätzen. Die Ignoranten würdigen sie nicht und deshalb fallen sie von einem Tal in ein härteres. Huuu, mein Herr... Wir erbitten Deine Verzeihung. Diese Ansprache ist kurz, aber genug nicht nur für eine Welt, sondern für 70 Welten. Es ist genug, es ist genug. Möge Allah (swt) euch dafür belohnen, daß ihr hierher gekommen seid und die Barakah von S. Abdul Jalil, Professor. Lehrer für Menschen ist ein Attribut des Propheten (saws), des Lehrers des Guten für die Menschen. Es gibt hier Papier. Sie bringen mir Papier, 50 Noten, was ist 50 in Papiergeld. Sie haben keinen Verstand, Professor. Ein Mann, herrschte 40 Jahre über alle Muslimländer allein. Sultan Abdul Hamid, möge das Paradies sein Aufenthalt sein, 40 Jahre lang pflegte die muslimische Welt seine Hand zu küssen und ihm zu gehorchen, weil er der Khalifa des Propheten (saws) war. Er allein ohne eine dieser erfundenen Verfassungen. Seine Verfassung war die Mächtige Shariah. Und Gold wurde unter den Bürgern verteilt, nicht Papier wie eine Zeitschrift, die gedruckt wird und ausgegeben. 50 Euro, 50 Pfund Sterling. Seht und nehmt Weisheit an. Die Araber haben es nicht verstanden. Sie entehrten ihn. Die Türken entehrten ihn auch und Allah (awj) entehrte sie hier und im Jenseits. Dies ist der Fluch, der über die muslimische Welt gekommen ist, weil sie die rechtmäßige Stellung des gerechten Sultan Abdul Hamid, möge das Paradies sein Aufenthalt sein, entehrten. Sie pflegten seine Hand zu küssen und ihn zu fürchten.

Möge Allah (swt) uns vergeben. Wir sind Unwissende. Wir sind Unwissende. Sie lehrten uns nichts. Das ist genug. Lehrt euere Jungen, wie die muslimische Welt war. Die Russen fürchteten nur das Osmanische Reich. Sie fürchteten niemand anders, nur das Osmanische Reich. Wenn der Sultan seinen Fuß auf den Boden stellte, standen die Menschen auf. Der Sultan, dessen Königreich von den Himmeln, nicht von der Erde gewährt wurde, trug die Botschaft des Propheten (saws), und er war sein Khalifa. Möge Allah (swt) seinen Aufenthalt Jannatu r-Ridwan sein lassen, neben dem Propheten (saws). Ya Rabbi 'bestimme für uns einen König, damit wir auf Deinem Weg kämpfen.' Er kommt, insha'Allah. Fatiha. Jederman hatte in seiner

Tasche Goldmünzen während des Osmanischen Reiches, Hamidi oder Majidi Silber. Ein Majidi war genug für eine Familie für einen ganzen Monat. Barakah und Ehre! Allah (swt) gewährte ihnen Ruhm und Ehre. Denkt, o Muslime. Möge Allah (swt) mir und euch vergeben. Bi Hurmati l-Habib, Bi Hurmati l-Fatiha. Astaizzu Billah 'O ihr Gesellschaft der Djinn und Menschen, wenn ihr die Macht habt, aus den Bezirken der Himmel und Erde hinauszudringen, dann geht doch. Aber ihr werdet niemals dazu in der Lage sein, außer mit einem Sultan.' (55:33) Das ist die Wahrheit. Es gibt keinen Sultan. Es gibt keinen Ausweg aus diesem Elend. Niemals! Was ist diese Verfassung? Euere Verfassung ist für die Toilette. Kennt ihr die Toilette? Euere Verfassung ist dort, lest sie dort. Nicht auf dem Feld. Ich mag ihn. Ich mag ihn. Diese Worte wurden um seinetwillen aufbewahrt für den, der sie versteht. Vergebt mir, o Shaykh Abdul Jalil.

Ich bin schwach, ich weine. Sie fragen mich 'Warum weinst du?' Ich weine. Wenn ihr sehen könntet, was ich sehe, würdet ihr auch weinen. Allahu Akbar! Allahu Akbar! Allahu Akbar! Wa Lillahi l-Hamd. Alf alf Salat, alf alf Salam 'ala Rasuli l-Haqq! Sayyidi l-Awwalin wa l-Akhirin, Sayyidina Muhammad (saws). Fatiha.

**Without saying: 'Bismillahi-r-Rahmani-r-Rahim' no action is good, and Shaitan is interfering 7o x in it to spoil it**

Without saying: 'Bismillahi-r-Rahmani-r-Rahim' no action is good, and Shaitan is interfering 7o x in it to spoil it. To forget the Besmela means
to forget Allah, and without Allah there is no foundation and no support for
anything.
Bismillahi-r-Rahmani-r-Rahim has been granted to the Prophet's Ummah of the
Last Days, and it is the biggest mercy. When Allah created the Tablet and
the Pen and ordered the Pen to write B.r.r., it needed 7oo years for this
magnificient writing. Who can say B.r.r. with ta'ziem gets the reward of 7oo
years.
Now all ways are closed except the way of B.r.r., no matter what is to do.
If you use B.r.r. all doors open, if not, they are closed and of no use.
When they took away the Besmela everything went down. So now they are asking: What is going to become of us? Their way is toward Hell, for them it is finished in Dunya and in
Akhirat.
Write B.r.r. everywhere- on your house, over the door, that people may go in
with the blessings of the Besmela, write it in the car- write and don't be

afraid, with B.r.r. nothing bad can happen. They are asking you to have a strong faith.

Allah was saying that the Holy Quran is the reason for some nations to rise and for others to fall down to ‚Asfala safilien'. Yesterday the Quran was our crown and the reason for the Ottomans to reign for 7oo years. Now they are gone and down, disrespected, because they are not respecting Allah's Word. It means they don't respect Him, and therefore Allah has made them dishonoured. Our grandfathers were honoured, and the grandchildren became dishonoured.

Sultan Mahmoud (jannat makan) passed by a place where two blind men were sitting making Dhikr: One was saying and repeating: ‚Ya Ma'bud, ya Ma'bud...' , the other one: ‚Ya Mahmoud, ya Mahmoud...'. The Sultan was pleased with the one who called his name, and so he ordered him to be rewarded. He sent a chicken stuffed with gold. As that man was not hungry and he didn't discover the gold inside, he asked the other one: 'If you like to take this chicken, I am selling it to you for two pieces of money.' The other one agreed. When he discovered the gold inside, he quickly excused himself, went home, ate the chicken and hid the gold. Then he returned and with full power continued his Dhikr: ‚Ya Ma'bud, ya Ma'bud.' The other one also continued his Dhikr. When the Sultan passed again by the place to see what happened to the man he rewarded, he was surprised to find the other man making his Dhikr with full power, and his favourite being the same like before. So the Sultan asked his soldiers if they had not given the gold to him. As they said they did, he ordered them to give more gold to him. The same happened. As the Sultan's favourite was not so exited about the chicken, he offered it again to his neighbour who took it home quickly and hid the gold. Coming back his Dhikr was more powerful than ever. The Sultan was very surprised. As he didn't understand what was happening, he oredered his favourite to be brought into the palace, so he could reward him there. They brought him and told him to take the shavvel and take as much gold as

he could. As he was blind, he held the shavvel the wrong way and no gold stayed in it- everything fell down and he was left with nothing... So finally the Sultan understood, that whoever is not calling Allah, will never be successful...

So Allah is not giving to people now. They are fighting Him and He is not pleased with them.,Inna li-llahi wa inna ilayhi rajiun'- may Allah keep us far from those people...

S.Mehdi a.s. will invite to his table. The chosen ones will use keramet, miraculous powers, and with the second step they will arrive... Some others will come just by opening and closing their eyes and they are there...

Another group just thinks and wishes in their heart to be there, and it is enough to bring them. It depends on their rank...

We have the power to save people, who say: ,Meded, ya Rasulullah' , or who call my name. Even they say that this is Shirk...Holy ones can change their appearance, not to be recognized, like Ubaidullah Ahrar, a big wali, who was dressed the attribute of Jalal, and used to appear in different forms to people. Once they tried to make a case for him, but they couldn't decide which one of his appearances was to be punished... Like this holy ones may dress and who calls them for help, may be saved.

## With pleasure, oh my Lord!

If a man is going to do anything, worship, or any other action, it must be done voluntarily and gladly. If he is not pleased with that action, he must not do it, for there will be no good result for him from it. If there is no pleasure in it for you, there will be no pleasure in it for Allah Almighty. For worship, it is important to realize that we are speaking of the soul's pleasure. When we are worshipping, our nafs is not pleased, but our souls are. We must look to the pleasure of our soul. Actions may be easy or difficult. What is the secret? For the one who finds an action easy, it is because it gives him pleasure, while for the one who finds it difficult, it is because he is forced to do it. Easy actions make people happier, while difficult actions make people unhappy.

## Meeting with Spanish Mureeds

Gracias, Gracias. Are you happy? Very well, Bon Venido!

Bismillahi 'r-Rahmani 'r-Raheem.

O People! O my sons, grandsons, granddaughters, you are coming from long distances and you are asking for Allah Almighty's pleasure. If a person is asking to make His Lord pleased with him, Allah Almighty is making him pleased all his life. If a person is asking to live in a good position here, he should reach good and pleasure here and Hereafter. Therefore, I am happy that you are coming from long distances, and I am nothing. I hope that you will go to visit the Seal of Prophets, for Rasoolullah (s) to be happy with you. Have you been for Hajj? Anyone?

(Yes.)

Shaykh Salahuddin?

(In Ibiza, Shaykh.)

He is a very good host, he is making such delicious food, to make me happy...

(My wifes's barakah and she is sending you a humble gift, Mawlana.)

You are sending? Which one?

(My wife is not here.)

(I am new.)

Your first time here? What is your name?

(Maarookheen.)

Are you married?

(Yes, with children and grandchildren.)

Three children?

(Two.)

Where is the father of the children?

(One father is dead and the other is in England.)

Then where is your husband?

(I am divorced.)

You should find one who is also divorced, for you. She is divorced, you should find an unmarried divorced one.

(She is also new...)

Coming for the first time? From Mexico?

(Yes Mexico, but living in Spain.)

Mexico, north of South America.

(Yes.)

You are a professor?

(Yes, I am a teacher.)

Teach me something!

(Maybe!) (Laughs)

I am a student. What was she teaching?

(Balance of the electro-magnetic field.)

That is very good. Balance, in the space of our world and up there. There must be a balance between space and our globe that is the attraction that is keeping our world in orbit. She must be very clever, yes very.

(Thank you very much.)

How many galaxies are there?

(A lot of them.)

A lot means millions, billions, trillions, quadrillions?

(There is no number.)

No number, infinity?

(Yes.)

No beginning, no ending. Eternity! Eternity, eternity. Oh! Everything is asking for eternity, eternity, eternity.

Everyone is asking to be in the eternal life. Allah! But Mankind are asking to live more and more and more on this planet. Yet it is impossible because our material is not suitable for eternity. Therefore, we are going to be changed. When changing a new being is coming to our souls and it is suitable for eternity. Still people are running on this planet, and are asking to be much more here, or to taste from something that our physical being is enjoying. They are not asking for spiritual pleasure. But our physical beings pleasure is going to be cut, and our spiritual beings pleasure is forever.

But people, I am sorry to say, that people are cheated, they are cheated for this very short time's pleasure although it is nothing. Therefore, the Lord of Heavens is sending selected ones, chosen ones, to teach people and to inform them that beyond our material life will be another life that belongs to the Heavens. But people are drunk, they are never thinking. In the Holy Qur'an, the Lord of Heavens has sent us more than a hundred times saying, "O People try to think on it, try to think about what I am sending to you!" But people are not taking care and are giving their care for nonsense.

You are Espagnoles; we are from the Ottomans; they are from the Arabs; they are from Germans; they are from the French. All of us are from Adam and Eve (a)! But the Lord of Heavens is giving us uniqueness, because the Lord of Heavens never uses a photocopy machine. No, everyone is only one of a kind. Everyone's personality is only one. He is not making a copy, no. This is the greatness of the Lord of Heavens. Creation is going on from pre-Eternal up to Eternal, going on without stopping. The Lord of Heavens is asking from ourselves, "O My servants, think about yourselves, think about where you were before, and think about where you will be after a while!"

Are you understanding what I am saying? My English is limited. May Allah bless you and may Allah open to you understanding from spirituality. People are running after material aspects that have no value. If the whole globe was golden; if the walls of the globe were from diamonds, what is it going to give you? Nothing, nothing. O my daughters, granddaughters, grandsons please give some time from your life to think about something beyond our understanding, asking to know some more, beyond your physical being. Also we must try to know something about our spirituality and our spiritual being. May the Lord of Heavens dress you with heavenly honor dressings. May Allah forgive us.

Sing now! (As-Salaatul Badriyya)

Mashaa-Allah, BarakAllahu feekum. Inshaa-Allah we should be under the Holy Flag of the Seal of Prophets (s).
Fatihah. Put your hands (Mureeds hold onto Mawlana Shaykh Nazim's (q) cane)

Allahu Allahu Allahu Haqq, Allahu Allahu Allahu Haqq, Allahu Allahu Allahu Haqq.
HasbunAllahu wa n`ima 'l-wakeel wa laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem
From pre-Eternal up to Eternal. Laa ilaaha illa-Llah Muhammadun Rasoolullah.
Allahumma thabitna `ala al-haqq Allahumma thabitna `ala al-Haqq
Allahumma thabbithum `ala al-Haqq
Bi jaahi anzaltahu alayhi Suratu 'l-Fatihah

Shahaadah:

Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan `abduhu wa habeebuhu wa rasooluh

The Lord of Heavens is praising him. He is a good one and a powerful one. Yahya, I hope that he should see Jesus Christ (a). His ancestors were clean ones. Yahya, if he is asking (a name) Ahmad, Yahya is also ok. Try to be with Allah, don't forget that He is with you. You can't move your eyes without Him. You can't breathe without Him. You can't speak without Him. You can't live without Him.

Laiqa is the name of Sayyiddina Ishaq's (a) wife. I was visiting him, here was Ishaq (a) and here was Laiqa (a). (Mawlana Shaykh Nazim gestures that they are side by side). I like that name! Good, very good. It is a sweet name. Fatimah, after the Holy Prophet's (s) holy daughter, Fatimah. Allah is opening a special entrance in Paradise and she is going first and taking with her everybody whose name is Fatimah. May Allah give you happiness here and Hereafter, to be with you inshaa-Allah under the holy flag of the Heavens, here and Hereafter.

(Bismillahi 'r-Rahmani 'r-Raheem. She is working as a clown, Muharish, to make children happy, she is asking blessings for her job.)

Very good, she is just blessed! You are working for small ones and with the small ones there are special angels to protect them. What is your name?

(Fatimah.)

You are Fatimah also. Mashaa-Allah, very good. My grand-mummy is Fatimah. No questioning, enter to Paradise. Pray for me, pray for me.

Fatihah.

## Women In The Age of Fitna

(Mawlana watched the news about the two Riyadh fuel track explosions)

Prophet (saws) ordered in his last khutba "Inna Allaha Ya'muru Bil-Adli Wa Al-Ihsani Wa Ita'i Dhi Al-Qurba Wa Yanha Ani Al-Fahsha'i Wa Al-Munkari Wa Al-Baghyi Ya`izukum La`allakum Tadhakkaruna" (16:90) In every Khutba they used to recite this verse but they have left this order and the world has been destroyed or corrupted. Every khutba they recited this verse "Verily Allah orders you to justice and kindness and giving to the near ones and forbids filth, evil & rebelliousness. He advises so you may take heed." (16:90) Every khutba they recited this. Happened or not happened there is an explosion here an explosion there. You are Arabs, Muslim nation, Allah (swt) says, and His Prophet (saws) also, mankind is indebted by goodness.

Don't you know Arabic, or is this Turkish? Give, give "to the near ones and forbid filth, evil " (16:90). They filled the world with filth, especially the women. They filled the world with filth. "Inna Allaha Ya'muru Bil-Adli Wa Al-Ihsani Wa Ita'i Dhi Al Qurba... Ya`izukum La`allakum Tadhakkaruna" (16:90). ...Wa Yanha Ani Al-Fahsha'i Wa Al-Munkari." "filth, evil" is from women. They are not in control of their dealings with women. Men became slaves to women. They want women to rule.

The kings, "the slave owns the Master" how can anything can be corrected? This is a great matter, the principle of corruption and especially... and all filth and evil comes from this. Allah (swt) says "And stay in your houses" (33:33) All the corruption spread from East to West nothing will correct it until a King comes & orders that women "stay in your houses" (33:33) Otherwise there is no way for correction because the reason for corruption, the state of corruption is,

women. Keep it "and stay in your houses" (33:33)

Women are ruling men, are ruling Kings & Princes. How can then the situation be corrected? "Wa Yanha Ani Al-Fahsha'i Wa Al-Munkari." (16:90) This is a deep ocean. Finished! Kings are in the hands of women. The whole world is ruled by the orders of women. Allah (swt) says "and stay in your houses." (33:33). Finished! No corruption and no reason for corruption. It is not possible anymore, finished! Women took over leadership, they rule over the Kings also. A King on his sword is like this, people shake when they see them. These..... kings are the playthings of women. But now they are only there to please women. And women are the traps of shaytan. If shaytan wants to do something, he uses women for it. Finished!

How has this happened? Finished! Nothing except the coming of Mahdi (as). Who follows the orders of Allah (swt). "Verily, Allah orders you to justice & kindness and to give to the near ones." (16:90) There is no cure for their illness but to obey. Finished! Finished! We want S. Mahdi (as), finished! Finished! Women are ruling now. Women are weaker in reason. "Men have responsibility over women" (4:34) What men have responsibility for women now? Finished! We want Al Mahdi (as) Finished!

Tawba Ya Rabbi, tawba astaghfirullah Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Fatiha.

**Frauen im Zeitalter der Fitnas**

---

Der Prophet (saws) befahl in seiner letzten Khutba: "Inna Allaha Ya'muru Bi l-Adli wa l-Ihsani wa Ita'i Dhi l-Qurba wa Yanha Ani l-Fahsha'i wa l-Munkari wa l-Baghyi Ya`izukum La `allakum Tadhakkaruna" (16:90). In jeder Khutba rezitierten sie diese Verse, aber sie haben diesem Befehl jetzt den Rücken gekehrt, und die Welt wurde zerstört oder verdorben. In jeder Khutba rezitieren sie diesen Vers: 'Allah gebietet Gerechtigkeit, gütig zu sein und den Verwandten zu geben. Er verbietet das Schändliche, das Verwerfliche und die Gewalttätigkeit. Er ermahnt euch, auf daß ihr bedenken möget.' (16:90) In jeder Khutba rezitieren sie das. Geschehen oder nicht geschehen.

Es gibt eine Explosion hier, eine Explosion da. Ihr seid Araber, Muslimnationen. Allah (swt) sagt und Sein Prophet (saws) auch, die Menschheit schuldet Güte. Könnt ihr kein Arabisch? Oder ist das Türkisch? 'Gebt den nächsten Verwandten und verbietet das Schändliche, das Verwerfliche' (16:90). Sie füllten die Welt mit Schändlichkeit', besonders die Frauen. Sie füllten die Welt mit Schändlichkeit. "Inna Allaha Ya'muru Bi l-Adli wa l-Ihsani wa Ita'i Dhi l-Qurba... Ya `izukum La`allakum Tadhakkaruna" (16:90). "...wa Yanha Ani l-Fahsha'i wa l-Munkari".

Das 'Schändliche und das Verwerfliche" kommt von den Frauen. Frauen. Sie haben nicht die Kontrolle in ihrem Umgang mit Frauen. Die Männer wurden die Sklaven der Frauen. Sie wollen, daß die Frauen herrschen. Die Könige... 'Der Sklave besitzt den Meister'. Wie kann irgendetwas richtig sein? Das ist ein großes Thema, das Prinzip der Verderbtheit und besonders... und die ganze Schändlichkeit und das Verwerfliche kommt davon. Allah (jmk) sagt: 'Und bleibt in eueren Häusern' (33:33). Die ganze Verderbtheit breitete sich von Ost nach West aus. Nichts wird sie zurechtrücken, bis ein König kommt und befiehlt, daß die Frauen 'in ihren Häusern bleiben'. Sonst gibt es keinen Weg der Richtigstellung, weil der Grund für die Verderbtheit, den Zustand der Verderbtheit, die Frauen sind. Haltet euch daran 'und bleibt in eueren Häusern' (33:33). Frauen herrschen über Männer, über Könige und Prinzen. Wie kann die Lage denn so richtig gestellt werden? "Wa Yanha Ani l-Fahsha'i wa l-Munkari" (16:90). Das ist ein tiefer Ozean, Schluß!

Die Könige sind in den Händen von Frauen. Die ganze Welt wird beherrscht von den Befehlen der Frauen. Allah (swt) sagt: 'Und bleibt in eueren Häusern' (33:33). Schluß! Keine Verderbtheit und kein Grund für Verderbtheit. Es ist nicht mehr möglich. Vorbei! Die Frauen haben die Führung übernommen. Sie beherrschen auch die Könige. Ein König auf seinem Schwert ist so, die Menschen erzittern, wenn sie ihn sehen. Diese Könige sind die Spielzeuge der Frauen. Sie leben nur zu dem Zweck, Frauen zu gefallen. Und Frauen sind die Fallen Shaytans. Wenn Shaytan etwas tun will, benutzt er Frauen dafür. Schluß! Wie ist es so weit gekommen? Schluß! Nichts als die Ankunft Mahdis (as), der den Befehlen Allahs (swt) folgt. 'Allah gebietet euch Gerechtigkeit und gütig zu sein und den Verwandten zu geben' (16:90). Es gibt keine Heilung für ihre Krankheit. Schluß! Schluß! Wir wollen S. Mahdi (as). Schluß! Schluß! Frauen herrschen

jetzt. Frauen haben weniger Vernunft. 'Männer haben Verantwortung für Frauen' (4:34). Welche Männer haben jetzt Verantwortung für Frauen? Schluß! Wir wollen Al Mahdi (as). Schluß! Tawba ya Rabbi, Tawba Astaghfirullah. Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Fatiha.

## The Women Who Lost Themselves in the Beauty of Joseph

(Mawlana Shaykh stands) Dastoor yaa Sayyidi, madad. (...) heavenly grants. If not coming from the Heavens, they are not going to hear, listen, understand, and learn. All of them are special grants for Mankind. And we are saying, Bismillahi 'r-Rahmani 'r-Raheem, (Mawlana Shaykh stands and sits) asking from Allah Almighty that we can understand and keep on the right direction to His enlightened dominions.

O People! Give your attention, and also try to reach daily new levels in heavenly positions. All of us know nothing. What we had yesterday just passed away, and today also they are taking our shares from this life according to a heavenly scale. An ant, a bee, and a bird are all taking their share. Daily there is a heavenly grant, for everything in existence must reach heavenly Grant Oceans to take their shares. Grant Oceans, we can't add them to say, "First one, second one, third one, fourth one." Heavenly Grant Oceans are up to infinity, and nothing is going to be less; it is getting to be more but never going to be less!

When a baby is born, the first day he may take from his mother's breast a little bit, the second day he may take more, the third day is coming more and more and more, coming for our physical beings. But there is a heavenly grant, a`taa, for a baby that comes more and more and more, as Allah Almighty likes. A mom is going to be happy when her child is growing and eating and drinking. However, the Lord of Heavens is going to be much more happy when His servant asks for heavenly grants. For our physical being that is nothing, but

Allah Almighty is asking that we ask for more and more heavenly grants, which will never be similar to earthly grants; they are nothing (in comparison)!

O our Attenders! As-salaamu `alaykum. I think you are understanding what I am understanding, but Salafi `ulamas are saying, "We can understand more and more heavenly grants." Pleasure to you if you can reach more and more understanding daily! We may only understand from grants, but the most important is to be able to understand Saahib al-`ataa, Who is granting to us. It is not important if that grant comes to our physical being, but most important is Who is granting it; that is on the Way for understanding about our Lord, Almighty Allah. Why is He giving us from His grants? To make us understand Who is granting!

O People! Everything you can find in the Holy Qur'an! Say, Salafi `ulamas! Perhaps never your memory is hearing such a thing in hundreds of years. That is coming from Heavens; it is not from me, no. Everything that is necessary for Mankind is just shown to Mankind, and every letter of the Holy Qur'an is giving something to Mankind. What we are saying now is about heavenly grants. It is not important to look at those grants, but it is important for Mankind to look at Who is sending His grants. Therefore, big ones or those whose spirituality belongs to heavenly positions are not looking at grants, but they are looking from Whom grants are coming.

Asta`eedhu billah. Qur'an al-Kareem is showing everything. Asta`eedhu billah. When Sayyidina Yusuf (a) came and Egyptian ladies saw him, `Azeezi Misr, who was the most honored one's wife, that we may say "the first lady of Egypt," ordered him to first bring apples for her guests, the prominent ladies of Egypt, and she gave them very sharp knives. They were sitting and looking and beginning and when they were taking the sharp knives, the first lady of Egypt said to Sayyidina Yusuf (a), "O heavenly Sayyid! You are not a servant, you are our master, come in!" When he entered that assembly:

•••••••• ••••••••••• •••••••••••• •••••••••••• ••••••••••••••

Falamma ra'aynaahu akbarnaahu wa qata`na aydiyahunna. When they saw him, they glorified him (for his beauty) and (in their astonishment) they cut their hands. (Yusuf, 12:31)

Everything is in the Holy Qur'an. No one is thinking on that point, that heavenly grant for people. Who is not occupied with heavenly grants, their level may be the level of animals. If putting straw in front of an animal, it

will not look at who is bringing that straw, but it will look only at the straw! That is the level of animals! But those who understand their heavenly beings also understand from Whom all things come to them!

Falamma ra'aynaahu akbarnaahu. When Sayyidina Yusuf (a) entered, those guests forgot the apples and cut their fingers. 'Akbarnaahu. It was too astonishing for them to see such beauty, such an enlightened personality, and then his heavenly lights appeared, and:

•••••••• ••••• •••••• ••• •••••• ••••••• •••• •••••• •••••• •••••• •••••••

wa qulna haasha lillaahi maa haadhaa basharaan in haadhaa illa malakun kareem. They said, "How perfect is Allah (or, 'Allah forbid')! No man is this! This is none other than a noble angel!" (Yusuf, 12:31)

They said, "He is not like common people!" Common peoples' interests are only for their physical being, but the Lord of Heavens opened a heavenly grant for those ladies, a kind of understanding that no one understood before them. They looked at Sayyidina Yusuf (a), saying, 'in haadhaa 'illaa malakun kareem. They were not looking at something physical to make them happy. They lost that grant; they changed and said, "He is not like other men, but he is malakun kareem, sent from Heavens. He is not from this world; he is something else! We lost our physical `ataa, grants, and now we are on a level looking. All of us left everything from this world and every pleasure that we have been granted for our physical being, and we are throwing them away and looking, in haadhaa illa malakun kareem!"

O Salafi `ulamas! What do you think about that tafseer, commentary? Look at the difference between people whose interest is only for material aspects and material pleasures, and look when a person is just changing through an opening from Heavens. Sayyidina Yusuf was dressed with something from Heavens. Therefore, they are saying, wa laysa ka'l-bashar, "He is not as we heard, that he is like ourselves." Maa hadhaa bashar, bal huwa malakun kareem. They lost every taste from this life and they have been taken from this life's pleasures. And they were cutting their hands because nothing else interested them. What was put in front of them they lost, and they were looking, "That is a heavenly one. He is not from our world. He is a heavenly being. Malakun kareem, noble angel or king."

O `ulamas! You can find everything in the Holy Qur'an showing that if a person is approaching from heavenly beings and coming an appearance from Heavens to them, they are losing everything from material aspects and pleasures, and they are going to be interested with nothing else and cutting their hands! If they are

cutting their heads also, they are not feeling it! They aren't feeling their heads cut off when they are looking at that. That is the lowest level to make people understand about heavenly pleasures. That means, don't occupy yourselves with grants, but occupy yourselves with Who is granting to you! From His Beauty Oceans and His delicious feelings and heavenly grants, you may understand the difference between heavenly grants and earthly grants! Therefore, all prophets are knowing something about heavenly grants. They became prophets and others are all belonging to animals' levels. And a holy command from Heavens is, "Give those animals what they are going to be happy with and give to Me those whose pleasure is with Me! They are not looking to what I am granting to them, but their pleasure with Me is open and showing!"

O Salafi `ulamas! Where are you, what is your position for showing such an understanding in the Holy Qur'an? The Holy Qur'an is oceans, oceans, oceans! But because we are asking for pleasure in this dunya, it is forbidden to know and to taste the real taste of heavenly grants! And heavenly grants are showing people Who is granting to them!

O People! Don't run to collect grants that put you on the same level with animals. Leave animals' level and try to come up to the levels of heavenly ones! Therefore, Allah Almighty is sending prophets, to give good tidings to you about heavenly grants and calling you to that!

Therefore, Allah blessed the Sahaabah (r). They fasted, and opened their fasting with a date or half a date, or with a cup of water or milk, and they were happy because they were not interested in material aspects, they only asked to be closer to Allah Almighty! Therefore, at the time of opening their fast they did not try to satisfy their physical beings, but they asked for heavenly pleasure for their souls.

O People! O Salafi `ulamas! Try to find some one's who understand such things, as it has been said, man dhaaqa `araf. "Ask who was tasting from that heavenly honey." Others have no value, but you must ask someone who tasted from heavenly honey, as that one may carry you to taste heavenly honey's pleasure. Therefore, the Lord of Heavens said through His Holy Prophet, "Who fasts has such a pleasure at the time of opening their fasting, that no one knows." One group takes that taste for their physical being, but those who are asking for heavenly pleasure taste something else.

O People! Reduce your interest for this life!

O Salafi `ulamas! Leave decorating your clothes and try to be humble servants, only covering your physical bodies with anything. Our interest for fasting is not to eat too much, and not to make too much enjoyment for our physical beings, as that is the level of animals. Come and listen, and try to understand! Holy Qur'an teaches everything!

May Allah forgive me and forgive you, for the honor of the Seal of Prophets (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(40 minutes) (936 viewers) Today is a holiday, people must come. Allah Almighty is asking to grant us some tasting from heavenly grants. Yaa Rabbee, shukr! (Mawlana Shaykh performs sajdah of shukr) Shukran laka, yaa Rabb.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

Fatihah.

(Mawlana Shaykh speaks to Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

## WOMEN IN ISLAM

In Islam woman is respected.
Woman is not a slave - but she is like a queen and her husband like a king. How a King respects his wife, that is the right order in Islam of families.

But ignorant people do not respect - only ignorant ones do not keep respect. A man must respect his wife and the wife must respect her husband like a king and queen. That is the true way. A king never shows disrespect for his queen or a queen disrespect for her king. That is the real situation for families in Islam.

Islam orders the man (the husband) to keep his wife only for himself and he is not permitted to force his wife to cook or clean or look after the children - not even to breast feed. Islam says - if you want to know - that the child belongs to the father. Therefore the father must care for the child. Even if he orders his wife to feed his child he must pay his wife. If the wife says - "I'm not feeding" then the man must find someone to feed the child. He must not do a bad deal with his wife. No. Sharia says to men you must make your wife pleased - even in the matter of feeding your child you must make her pleased - you must pay her.

As much as you can you must look after your wife and make her pleased. That is Sharia. They may check I am saying what is in Sharia. The man must be responsible for everything in his home, cooking, cleaning, washing - the man is responsible - he may bring someone to do all this or else he must do himself. But woman (the

wife) does it by themselves. Yes, Almighty Allah will reward, all ladies because they do things which are not necessary for them - it is not their obligation to do everything in their home. Allah will reward them with paradise.

European people - what are they doing now ? They are forcing women to work and they are cruel. Men are working - at the same time women are working then both of them come home. The man sits and reads the paper and calls "Bring a Cup of Tea" "Bring food" - and they say they are civilised people and they blame Muslims for treating women badly. Where are their laws for looking after women as Islam does. They should show us. If they are able to look after their ladies as queens in their homes then they may be civilised. They must cast blame on Islam - that Islam makes women slaves. Astagfitullah.

They are liars!

Islam keeps women in such a way as to put the onus on the man to cook and clean and everything. Women must be served like queens.

Western people say Islam is no good and that they give women their rights. No work for women out of their homes and at home also men must look after them. Bring provisions, cook, bring servants, your wife is your queen. That is Islam.

QUESTION - If you have a man who doesn't understand?

ANSWER - Put in Jahannam (Hell). Put that man in a stable.

What I am saying is for those who claim to be Muslims and I am telling Western people who are blaming Islam for putting women down. Western people say they are raising women - what are they doing? They are making slaves of women - all day working outside and then coming home and working at home while the men just go drinking.

## A Word of Haqq

(Dt.: WortDerWahrheit)

Bismillahi Al Rahman Al Rahim Allahu Akbar, Allahu Akbar Allahu Akbar Wa Lillahi Al Hamd. Allahu Akbar Kabira wa Al Hamdulillahi Kathiran Wa Subhana Allahi Bukratan wa 'Asila, La Ilaha illa Allah wa Allahu Akbar! Allahu Akbar wa Lillahi Al Hamd. Allahumma Salli wa Sallim wa Barik 'Ala Habibika Sayidi Al Awwalin wa Al Akhirin Sayidina Muhammadin (saws). wa 'ala Alihi wa Sah'bihi wa man Tabi'yhu ila Yawm Al Din. Astaghfirullah, astaghfirullah, astaghfirullah from every sin and from everything that is against the rules of Islam.

O Allah Almighty grant us understanding. We are living in the most difficult days. And the events are indicating the closeness of Judgement Day. Allah (swt) says Astaizzu Billah "Aqtarabati As-Sa`atu Wa Anshaqqa Al-Qamaru" (The Hour (of Judgment) is near and the moon is split. 54:1) People some of them understand and some of them
on the contrary, they do not understand. Allah (swt) made clear to the Prophets (as) that the Hour will rise (Judgement Day will happen) and people will be called for Judgement Day. This is mentioned in all the Holy Books. And all the Prophets (as) also said it and explained it, and made clear to the servants of the Lord what will become of all humanity at the end; and what reached

us from the Prophet (saws), Master of the beginning & the end. He is a Prophet (saws) and a messenger and has the prophecy and the Message.

The Holy Quran, O people! Audhu Billahi min al shaytan al rajim Bismillah Al Rahman Al Rahim. And especially for the Arab believers since the Prophet (saws) said about the Holy Blessed Quran two simple words: "In it is news about the previous nations & about coming nations."(Hadith) Finished! O Arabs think about this matter. That, "in it is news about the previous nations". From the beginning of humanity, how it started. Sayidina Adam (as) and his descendants how it began & how it spread. It is mentioned in details. And also it is known how at the beginning of the world, mankind came to earth & how it started from Heavens. A thousand books would not be enough to describe the details of the beginning of humanity. From the beginning of the time of the Prophet Adam (as) to our time now, the news is in the Holy Quran.

Also the Prophet (saws) from his Prophecy gave news from the unseen of what will come upon people in this world; how situations and people will change from one state to another. Then also how they will end up. It is mentioned in the Heavenly Books and all the Prophets (as) specifically mentioned & gave the news. The four Holy Books, the sacred books: The Holy Blessed Quran The Honourable Torah, The Honourable Bible, The Psalms, mention about the matters of this world from the beginning until which direction and at what point it will reach & where it will stop. How it started & how the matters of this world will end.

Everything, all humanity, the believers they know and all the religious people they know this. No one from the people of the Holy books can deny this, hasha! All of them they know & understand it & believe in it. Subhana Allah Al 'Aliyi' Al Azim. And now we are in the time of the Prophet (saws) of the end of times. This is his (saws) time, since it will reach its end when the Trumpet will be blown for Judgement Day. We are in the time of the Prophet (saws) of the end of times.

Our Lord didn't leave anything hidden, or veiled, or without explanation. Everything is understood, not closed, from the beginning of Dunya, and the life of this world ends at the Day of Judgment. Then, The Lord of Heavens judges His servants and judges who will go to Heavens and who will go to hell. This is the conclusion. But, O believers, shaytan is not sitting and doing

nothing! He is running after people, after believers and Prophets (as), Saints of Allah, and Heavenly books. Meaning to corrupt the children of Adam (as); to ruin their lives, and their beliefs, and so that they end up in hell fire! This is the quest of shaytan and those with him, his students.

It is mentioned in the Prophecy of the Prophet (saws) of the end of times, that there will be this & that, this & that... O believers, take your guard. For what to be careful? Be careful... Take your precaution from shaytan and his associates and their deception. Be careful so that no harm can touch you in your worldy life or on Judgement Day. This is the conclusion of all that scholars can talk about. This matter that all believers believe in! This is a detailed description of, or a summary that is mentioned. And Prophet Adam (as) and all his children, Noah (as), Ibrahim (as) and his children and grandchildren, till the end of time. This is mentioned and required from all people to believe in. A duty on them to know how it all started with humans and how it will end. The end of humanity in this world. La Ilaha illa Allah Sayidina Muhammad Rasulullah (saws).

Say La Ilaha illa Allah, Muhammad Rasulullah (saws). you will be saved.. You will be saved here and in the Hereafter. These are few words to remind all of humanity in general. This maybe is 10 minutes that we spoke to remind all humanity. Let every person arrange his situation here and Hereafter. Whoever wants to be happy in his life and be from the inhabitants of Heavens forever "Inna Al-Ladhina Amanu Wa Amilu As-Salihati Kanat Lahum Jannatu Al-Firdawsi Nuzulan" (18:107) "Khalidina Fiha La Yabghuna Anha Hiwalan" (18:108)

O people believe in it and you will be saved in your worldly lives and in your Hereafter. O our Lord grant us tawba and grant us understanding, and following, and grant us belief and faith that came upon Prophets (as), specially the Prophet (saws) of the end of times. Al Hamdulillah Rabbi al Alamin.

Fatiha.

Behind this there are things that I cannot carry now. Insha Allah there will be a chance and Madad from the owner of Madad, to speak and I remind all humanity to be from the inhabitants of Heavens forever for eternity. O people, listen and understand, and if you understand then you

must benifit.

Fatiha.

## Heed the Words of Jesus in Holy Qur'an

(Mawlana Shaykh stands)

Dastoor yaa Sayyidi yaa Mawla, madad yaa Sultan. Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah. Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Anta Subhaan! Anta Sultan! tu` izzu man tasha' wa tudhillu man tashsha' Subhaanak, narju rahmatak wa nakhsha adhaabak inna ibaadaka d`uafa yaa Rabbana bi rahmatika bi fadlika bi jaahi nabiyyina Muhammad alfu, alfu, alfu salaatu wa 's-salaam.

(Mawlana Shaykh sings) Welcome to you! Welcome to you! Welcome to you!

I am a weak servant, as everyone is a weak one. Don't think that if you are a king or emperor or malik or sultan, you are going to be a strong, powerful one, no. The level of all Mankind is level of weak servants. And we are saying a` oodhu billahi min ash-Shaytaani 'r-rajeem, because we know we are weak ones. Our enemy is also a weak one but he can do countless trips and traps to make Mankind, the Children of Adam, pbuh, to be caught through its traps. Therefore, we have been ordered to say a` oodhu billahi min ash-Shaytaani 'r-rajeem.

O People! Don't trust your physical body’s strength or your treasures. O People! Don't trust your sovereignty.

You think that such things are making you strong or powerful? No. We must say and accept that we are weak servants. Allah, Allah. Nahnu ` abeeduka 'd-d`uafa. We are saying, "O our Lord, we are Your weak servants," because our lives are between two breathings, one entering and one going out. If you are putting your head under water, or a rope around your neck for five minutes, you are finished. How are we saying we are powerful? How? Yes, we must say, "We are weak servants." That is important and that is the real description of servants. Servants, can't be powerful. (It is for the One) Who created them, not for you. Don't say, "I am a king, an emperor, or padishah." That is a title and it is cheating you. Man is created and his creation is weak; that is his description. He may trust his out-looking (appearance), showing himself a hero, leave him. Therefore say, a` oodhu billahi min ash-Shaytaani 'r-rajeem. When we say a` oodhu billahi min ash-Shaytaani 'r-rajeem, we are accepting that we are weak ones and we are running away. And Shaytan is running after you as a dog is running after a boy, who is asking to escape. Shaytan is just like this, a dog running after you, asking to bite you. Therefore, the Lord of Heavens is knowing and ordering, "O My servants, you must know your weakness and ask some support for saving you from Shaytan's dog."

People, everywhere now, are never saying a` oodhu billahi min ash-Shaytaani 'r-rajeem because they are friendly with Shaytan, and if friendly, why are they going to say a` oodhu billahi min ash-Shaytaani 'r-rajeem? The sign of our servanthood is to ask protection from our Creator. We are saying, "O our Lord, we are Your weak servants. We can't do anything." Almost every trouble, every crisis, every suffering, every misery is only from shaytanic trips or traps. Shaytan is making people to fall into troubles. He is so happy if he is seeing Mankind in troubles, or if he is seeing that Mankind is coming to a cross-way and not knowing which way to go. Shaytan is coming and saying, "O wondering people, follow me! Follow me!" And ignorant ones, who are not taking any care or any lesson from heavenly messages are saying, "Oh, that must be our savior, we must follow that one." They are following him and falling into trouble on troubles, trouble on troubles. SubhaanAllah 'l-`Aliyyi 'l-`Azheem. A` oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.

O our listeners! Listen, this is an addressing to people from east to west and from north to south. Allah Almighty can do as He likes. He may bring a small one for warning. Yes? Is it mentioned through the Holy Qur'an? Say? O Christian world and Israeli world! What are you knowing about Jesus Christ, what are you thinking? O our Salafi `ulama, what is your opinion about Jesus Christ? And he was in his bed, a small baby. The looking (view) of Muslims is something, the looking of Jewish people for that baby is something else and

the Christian world's looking is much more different. Say! O Salafi `ulama, why Allah Almighty made Jesus Christ speak and address everyone around himself? Then that circle was getting bigger, bigger, bigger, bigger. Why did Allah Almighty make Jesus Christ speak when he was in the cradle?

The Holy Qur'an (it is written) oceans, oceans and addressing all people according to their levels. Why did Allah Almighty create Jesus Christ and no father? A materialist or a naturalist person may say that is impossible, dhaalika mablaghuhum min al-` ilm, that is the last horizon they are knowing. Why are you not saying from the beginning, that one drop of water is coming together from a man and a woman, making a baby. Why are you not saying about that one? You are saying it is impossible. He Who may make possible to create a man from two drops, may create a man from one drop also. How it can be? (It) may be! He may put through one drop two kinds of living ones to reach each other to make one egg. He may do as He likes. Without using two drops, through one drop He may put male and female spots and therefore, may create. Nothing prevents Allah Almighty!

•••••••• •••••••• ••••• ••••••• ••••••• •••• ••••••• •••• •••• •••••••••

Innamaa amruhoo idhaa araada shayy'an an yaqoola lahoo kun fayakoon. Verily, when He intends a thing, His Command is, "Be," and it is! (36:82)

He is Allah. If He is asking something to come in existence, He may do that, saying, "Be a man, one drop. I am that One that just programmed your life to move forward. I am mussabiba 'l-asbaab, without anything, I created Adam. I ordered one drop to carry at the same time a male and a female spot, making through that one a baby, Jesus Christ."

He can do as He likes, fa` alullima yureed (85:16). No objecting on Allah Almighty's shu` oon, as He likes. He Almighty is asking from one drop that a female is carrying to bring a child and He ordered that child to be male, not female. This is for all nations who are believing in Allah Almighty and in His endless quwwat (power), He may do everything. Accepting. Qaadiru Muqtadir. And He created Sayyidina `Isa, pbuh, Jesus Christ to come from one drop as a man, without his mother touching any male. The Lord of Heavens was making this according to His will. Allah Almighty was bringing that baby in front of people and all nations and saying, "Just new, created," and that baby was coming and sitting ( ... ) warning whole Mankind that time, "O People! I am now speaking to you".

•••••••••••• •••••••• ••• ••••••••• ••••••••• •••••• •••••••••••••

Wa yukallimu 'n-naasa fi 'l-mahdi wa kahlan wa mina 's-saaliheen. "He shall speak to the people in childhood and maturity and he shall be (of the company) of the righteous." (3:46)

Why did He say kahla? Allah Almighty was teaching His servants, "They are coming after Jesus Christ," for the nation of the Seal of Prophets, Sayyidina Muhammad (s.) (Mawlana Shaykh stands.) The Lord of Heavens can do that; a warning that people can't be able to understand and (at the) same time the Lord of Heavens, the Creator of Jesus Christ was saying, "I can do anything as I like. Don't put limits or conditions on My Will. I am that One Who can do everything." Don't say this and that. Keep your good adab, manners. Therefore, Allah Almighty was making a warning at that time.

Don't say, “Who is that one who is shouting every night and saying something? And we are not understanding from where he is speaking." O Salafi `ulama! Are you thinking that Jesus Christ was going to school through his mom's womb and coming out and speaking? If you are saying, "We are Muslims," are you believing in the Holy Qur'an? Why are you not asking how Jesus Christ without going to school became an `alim? Believe in Allah! Don't say, “How is this person coming every night and speaking to us, saying this and that?” I am nothing. I am like a cane. If full inside, it can't say anything. If you are making a hole and making like this (mimics musical notes, singing a tune), "Now I can't say," but with this you must say that this is our Lord's servant and antumu 'l-khalaaiq, kullu naas, (you, o people, are the creation, all mankind):

nahnu al-khalaaiq kulluna `abeed, (we are the creation, all of are servants)
w'al-ilaahu feenaa yafa`al maa yureed, (and our God with us, will do as He pleases)

Anything wrong? Not wrong. Every wrong thing belongs to ourselves, it never belongs to our Creator! He can do anything!

I am saying therefore that that servant is like a cane and he is blowing that cane and so many things are coming; some of them you are understanding, and some you are not. O Salafi `ulama, be ready for understanding. If you ask, you may be granted and if not asking, you haven't been granted. Therefore, something that has been granted to us is a warning for whole nations; why have they been falling through endless troubles and miseries? And you are saying you never like it. Understand! Allah knows, Allah knows.

This is a warning, as the Lord of Heavens says, His warning is coming through a newborn boy. And they say from that time up to today, 2000 years, that small one's warning is going on but they are not taking the right meaning and Shaytan is making them to go to this side or that side.

O People! We must be believers and if you like to be in safety and be under heavenly protection against every badness and misery, you must follow the Holy Qur'an. Look there. Look! The Lord of Heavens is warning all nations (through `Isa (as.)) "O People! My Lord created me, I am His servant." Addressing Jewish people, "O my people, I am from you but I am saying that I am the warner for my nation, warning them from Shaytan. That is my Lord's will, and from so many tricks and traps if you are not coming and believing, you shall be ashamed on the Day of Resurrection."

You must believe the Lord of all Creation can do anything as He likes, and if making a small one for warning, what about an old one to say something? And making me a warner for all nations; not only for Muslims, not only for Christians, not only for Jewish people! The Last Day is approaching, take your care! And finally, "I am that one, only speaking to you, I am on that one, (from the) mahd, cradle. I am speaking now to make it 100 percent satisfaction through yourself. I am coming once again kahlan, 40 years and more. That time I am speaking to you." And no doubt a 40-year-old person may speak, but he had been raised to the heavens in that period. He was speaking to people, saying, “I am a servant to my Lord, and He has made me address you, and in a miraculous way I am speaking to you and I am warning you. I am going to the heavens and I am coming once again through My Lord's order when the Last Days are approaching, to address people and to warn them. That shall be the last warning. If you are not accepting, you shall go down to hells. If accepting, I am coming a second time to speak to you and I shall not be an old man but 40 years old."

This is a humble association that they are ordering a weak servant saying, "You are sitting down and we are sending." I don't know. O People! Marhaban, marhaban, marhaban! O Listeners! Take something, even one sentence, that you can be saved by the honor of that one who had been honored from pre-Eternal to Eternal. Jesus Christ was saying, "I am coming, giving good tidings to you about Sayyidina Muhammad (s) (Mawlana Shaykh stands), and he is coming for all time."

May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Dome dome dome dome, Dome dome dome dome 4x

Fatihah.

(53 minutes)
Oh, mashaa-Allah, mashaa-Allah. (Mawlana Shaykh laughs.) How many people? (503,000)
May Allah forgive us.

## WORK & EMPLOYMENT

We say, give your worker his right. You must make a contract before taking employment with employer. You must ask, how much do you want to do this, and he says I may do this for this amount. Before he finishes, you may pay him. Islam says, if a worker tells you I will do this for you for ten pounds, when he finishes, give him one pound extra. That is the perfection of Islam, not less - extra must be given, it is obligatory for faith. When you please a worker, he works better. As long as you are giving less workers are not happy. Make your worker happy and he works better. If you do not make him happy, it is impossible for that worker to make you happy. Look after workers, because we can't do without workers. However, Islam does not promote worker armies, no unions. It is no good in Islam to make unions of workers, it means civil armies. Most problems for the State are from unions active in states. You won't be able to control them. Therefore, in Islam small factories instead of gigantic factories. Islam is against huge factories. There must be small ones and they must have only a few people, so that they may be more easily controlled. No worker armies. Worker armies are the biggest problem for every government. They are always shaking governments and economy of countries or states. As much as you give them, you can't make them satisfied.

A Muslim worker should fear his Lord not to make something false, not to cheat. Islam says, if a person cheats us, he is not of our community. Fear of God should prevent him from cheating. Therefore, a real Muslim worker would be preferred and employers must chose between Muslim workers and non-Muslims, or

believers and unbelievers.

Work/Employment

A Muslim worker should fear his Lord not to make something false, not to cheat. Islam says, if a person cheats us, he is not of our community. Fear of God should prevent him from cheating. Therefore, a real Muslim worker would be preferred and employers must try Muslim workers and non-Muslims, or believers and unbelievers. In Islam court cases are not too long, but should be held after one month, after two months. It is not good in Islam to make cold cases. When it is hot, when it is cooked, serve it for eating, don't delay it. Therefore, if anything happens, any criminal case, that person must be punished quickly. Judgement must be given quickly. Secondly, everyone must defend himself. If he needs someone, the jury must help him. There must be thousands and thousands of laws to let people escape. No, a criminal must be brought quickly before the judge and what he did must be punished.
Bismillahir Rahmanir Rahim. As we said, Islam brought a perfection for the life of mankind in all activities he is involved in - only Islam brought perfect activities. Islam makes from one day, from twenty-four hours - eight hours for working. Those eight hours are the limit for working people. And eight hours for their Lord. Sixteen hours are for a man for working, every day sixteen hours for his life, for his provisions, for his family, for his nation, for humanity and eight hours for the servanthood of Allah Almighty, the Creator. And eight hours he is free for resting and sleeping. This becomes twenty-four hours.

The eight hours a person works are for himself, for his family. If he is asking to work more than eight hours - one hour, two hours, three hours - it is not for himself, it should be for Allah or for the sake of Allah.

-

---

# THE WORLD IN YOUR HAND, ALLAH IN YOUR HEART

We must be a little bit patient. This place here is very crowded, but on Resurrection Day there will be 1000 people trying to put their feet on 1 square foot. Compared to that, this is a very wide place, thanks to God! In the beginning when you plant, you need water. It is the water of life. You must also repeat it so that the plant will be firm and grow up. In the same way every authorised Sheik gives his spiritual powers to those present who are opening up their hearts. Those who have closed hearts will not receive anything.

The Prophet, may peace be upon him, used to speak, and many people listened to him; Jews, Christians and idol worshippers too. It was not a question of who they were, but if their hearts were open, the Divine Words would enter. I am saying this, because I hope no-one is here who does not want to be here. I myself do not want to be with people who I do not like. Even if you give me £1000.- I would not like to look into the face of someone who doesn't like me. In the same way I hope that no-one will come and look at me, if they are not pleased with me.

I hope you are happy with me. If you are happy with me, you are also happy with Grandsheik. If you are happy with Grandsheik, you are also happy with the Prophet, may peace be upon him. If you are happy with him, you are happy with Allah Almighty. For us the Prophet is the Sultan, for Allah he is the servant. Allah Almighty made him His Representative for all creation. Whoever has doubt is not a believer. It is impossible

to reach the level on which he should be praised. Nothing is enough. He is forever the Praised-one. Who has praised him? Allah!

What are the jealous Wahabis saying when we want to praise him? Shirk? Allah is praising him! The meaning of his name Muhammad is the Praised-One. By whom? By his Lord! That is what we believe in. In spite of those foolish people who do not understand. No-one had been given the name Muhammad before him. And from pre-eternity to eternity he will be the Praised-One.

Oh, wrong-ones, correct your belief! Don't let this bida stay with you, it will ruin your faith. The Prophet warned his people, "Beware of satan, oh my nation! Because he will try to go against me by creating so many different ways. He will come to you and tell you that this is the right and the correct way. Use this way and not another one." Don't listen to satan. Beware of him! Oh, people, you must take your care if you want to keep your faith. We want to have closeness to holy people. That is our level. If we come closer to holy people we will be closer to our praised Prophet, may peace be upon him. You cannot jump over that station and go straight to the Prophet. That is the protocol, just like there is a protocol at official occasions, there is also protocol in Islam. It means that there is good behaviour which we must try to keep.

Who are we to think that we could jump past the holy people straight to the Prophet? Holy people are the entrance to the Prophet, who in his turn is representing the Lord. He is not dead. Dead are only those who say that he is dead. He has been granted life from pre-eternity to eternity. As long as his name is mentioned on the Throne of Allah, 'La illaha il'Allah, Muhammadun Rasul'Allah', we must know that he is alive. Allah Almighty would never put the name of a dead-one there, would He? He was saying that even when Allah Almighty was forming Adam out of clay, "I was looking, I was with Allah and Allah was with me. Allah was with me since the time when there was no time."

It is so important that we have the correct understanding, but nowadays people have knowledge like cassettes, just repeating and not understanding what they are saying. There are so many scholars who do not come to Islam. They know so many things, but they have not been given the real understanding, wisdom. This has only been granted to some people by Allah Almighty. He looks to our hearts whether He should put the wisdom into it, or not. If you put milk into a dirty pot, the whole milk will be spoiled. Milk will never accept even a little dirt. In the same way Allah Almighty will never put Heavenly Wisdom, milk, into your

heart if it is not pure.

So if people do not try to purify themselves, they will not be clean. If someone comes without being clean, he cannot enter paradise. There is one main-gate to paradise, but according to holy people there are 700 000 doors under the 8 main gates. If you have even the smallest dirtiness with you, it is impossible to find any of those entrances to paradise. Because dirt may not enter paradise. Absolute purity is necessary. That is our mission, and it is the main mission of the Prophet, may peace be upon him, to clean people and to prepare them for the Divine Invitation. Allah Almighty invites his people to come through the Gate of Peace to his Divine Presence. That is why every Prophet tried to make people clean. If they are not clean they cannot be present in the Divine Presence.

Muhammad, may peace be upon him, taught his people the perfect methods of being clean. This is also the mission of every tariqat. Just like today when we are invited to Woking, I will first of all ask, 'Where is Woking? And how can we get there?' That is because we have been invited. The Lord, Almighty Allah has also invited us to His Divine Presence. So the next question is how to get there. If Her Majesty the Queen would invite you, you would be very cautious with all the preparations: what to wear, although it would be written clearly in the invitation. But no-one asks what to wear for an invitation with Allah Almighty.

Allah Almighty is not interested in whether you are wearing gold or not, He wants you to come with a most clean and pure heart. That is what we are doing, cleaning hearts. People may ask how that is possible. I can only say that we have methods from the Prophet, may peace be upon him, and that you must be patient. All tariqats are praying for purification, fasting for purification, go to Hadj for purification, make zikr for purification, recite the Holy Quran for purification, make charities for purification. Everyone is doing that within the tariqats, but they are all using their special methods. You must be trained by someone who has reached that purification so that you can become clean. That is our intention. I do not come here to collect worldly goods, that is under my feet.

In Divine Presence the worldly goods are so cheap. It has no value. So whoever runs after that will only reach dirtiness coming from it. That is why we are trying to take it away from our hearts. If we are able to do that, then we will have Allah in our hearts. Our hearts will be pure. As long as we have the world in our hearts it will be like a toilet for satan. Anytime he needs to unload, he will put it in the heart of the person who is filled

with worldly desires. You can have worldly desires but don't put them in your heart, put them in your hands and leave your hands open. If anyone wants to come and take some, let them. Give it to them. If anyone wants to put something, they can do that. If you are tight-fisted no-one can take and no-one can put anything inside. Grandsheik was telling me that his mother had always advised him to leave his hands open.

If you are in a vessel in the ocean, the water surrounding you is vast, but it doesn't matter, as long as you don't enter it you will be safe. If you try to go inside, you will drown. In the same way worldly goods may surround you, that doesn't matter, but if it enters your heart you will be jealous and start to quarrel.

That is why you must look after your heart and ask for protection from Allah Almighty that He may take the worldly desires away from you and that your heart may belong to Him. When the worldly desires leave our heart, the love of Allah Almighty will be there. When Divine Love gets in, we will be in love with everyone who has Divine Love in their hearts. But when our hearts are full with the love of the world, everyone will be your enemy. But with His Love we will be friends with each other.
WOKING - 01.04.1993

## This World is a Carcass

Suhbah after Jumu`ah

As-salaamu `alaykum, dastoor yaa Rijaalullah, madad. (Mawlana Shaykh stands) Allahu akbar, Allahu akbar, laa ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! That is `Azheem, that is for Allah Almighty. We are trying to give our highest respects and glorifying

to our Lord Allah Almighty. Therefore, we are saying, alfu salaat, alfu salaam `ala Sayyidi ‘l-Awwaleen wa ’l-akhireen wa `ala kulli ... ajma'een ... as-salaatu as-salaam ... (Mawlana Shaykh sits).

Dastoor yaa Rijaalullah, madad! We are sending our salutes and high respects for those people who are in the Divine Presence. They have heavenly honors; they are not running to reach earthly honors. They are not interested in that which interests others, but 99 percent of people are now are interested in a WC production and they run after it, saying, "How can I reach a WC production that is more than his?" Those people are going to be buried in WC productions!

A`oodhu billahi, we are running away from such foolish ideas and I am asking protection. I am ashamed to address the Lord of Heavens, saying, "O my Lord! Save me from a WC production." That is never good adab;

that is the worst manners from people. Now, who comes asks, "O Shaykh! Ask for us because our company is going to be bankrupt." You are going to be bankrupt also. There is nothing else for people now except thinking about and running after a WC production.

A`oodhu billahi min ash-Shaytani 'r-rajeem. I am saying, “O my Lord! O our Creator! We are running to You, asking only for You and Your Holy Prophet (s)! We are asking for good ones and we are running after good servants.”

People are not taking good manners from good people, but rather they are running to take bad manners from WC people. Everyone is fighting, but for WC productions. What are Libya, Tunis, Egypt fighting for? They are fighting to reach more WC productions. Syria and Turkey are the same, and also Arabian countries are running to reach much more WC productions. What is the Seal of Prophets (s), Sayyidi ‘l-Awwaleen wa ‘l-akhireen, saying? (Mawlana Shaykh stands)

Ad-dunya jeefatun wa tulaabuha kilaabuha.

The world is a carcass and its seekers are dogs.

(Mawlana Shaykh sits) There is no honor for them; ptuuh (spit) on them! Angels are spitting on those who run to reach more WC productions, saying, “There is no honor on you, neither here or Hereafter!”

You must understand the fighting going on between people. Some are saying, "I am going to be on the top point and must control everything in this area!"

Others ask, “What is your goal?”

"My goal is to increase in WC productions."

There is no honor or value for those people, here or Hereafter. There is no honor for all Mankind now from east to west, from north to south. From above, the angels are looking and saying, “Such people are WC cleaners, so happy to reach more WC productions!” And it is not only Mankind's WC productions, but Shaytan's also; he is making so much to be dirty, saying, "Come on! That is my production and it is better than yours. Leave that and follow me. It is free! Run to take it!"

Now all nations are running after Shaytan's dirtiness and it is such a sorrowful thing that people are living for that and fighting now, in Libya, Yemen, Sham, Iran, Turkey, Baghdad, Lebanon, Africa, Sudan and Egypt. They are only running for a big collection of that dirtiness. That is the biggest blame for Mankind, that they have been honored to be deputies of the Lord of Heavens, Who is saying, "I have not created you to be collectors of Shaytan's WC productions and that is the biggest shame for you!”

If you are not paying heed to this message, you will be different parties fighting and killing each other for WC productions! I am a weak servant; I am not saying something that to which the prophets or the Seal of Prophets (s) would object. The angels are never going to reject what I am saying. No one can say, “That weak servant is saying wrong things,” but they can only say, "What that weak servant is saying is 100 percent true!"

O Misryoon! O Shamiyoon! O Turkiyoon! O Lebanoniyoon! People will come on the Day of Resurrection dressed in very strange clothing, and the order will come to the angels, "Take the clothes they are wearing on Judgment Day, when they come for the judgment of their Lord!" The angels will take people’s clothes, and only our forms will appear, which are not from Earth but rather from Shaytan’s dirtiness!

Then there will come a group of thousands of ladies wearing beautiful ornaments and clothes, and their followers also, who hosted fashion shows nightly. They are dirty-smelling people, saying, "If we are going to be nothing, we may as well smell Shaytan’s dirtiness!" O Ladies! (...) Don't run after new fashions! That is like running after sewage.

Don't look too much at people’s hearts or they will run away, so dirty is their smell and they will be taken away quickly on Judgment Day. Some say, “We will always dress as we like, according to new fashions." They will find a new fashion in the Divine Presence, where they will have the dirtiest forms and people will run away from their bad smell and ugliness!

O People! Allah Almighty is not joking. He created you for divine service and you are running away, but you will be sent to fire for cleaning. From north to south, east to west, leave fashions! The angels will be happy with only one dressing, that of servanthood! May Allah forgive us.

One of our brothers came from Damascus and he was swearing at what is happening now in Syria and

cursing them. I said don't curse the leaders of countries, because an-nasu `ala deeni mulookihim, “People follow the religion of their kings.” If you are saying instructions, if you are going to be like them you will do as they do (and that badness will now be from you). You must try to make your way on the right way.

•••••••••• ••••••••• •••••••••• •••••••••• •••••••• •••••••••• ••••••••••

wa qaaloo sami`na wa ata`na ghufraanaka rabbanaa wa ilayka ‘l-maseer. And they say, "We hear, and we obey. (We seek) Thy forgiveness our Lord, and to Thee is the end of all journeys." (al-Baqara, 2:285)

People now are running out of their homes, shouting in the streets, and that is not the Islamic way.

wa shadidoo amr min fawqu ’s-samawaat

Try to be right ones and everything will be right for you. If you are going on the wrong way, everything is going to be bad and you will never be happy in anything. Therefore, people ask heavenly people, "Pray for us to be saved from zhulm, oppression."

••••• •••••• ••• ••••••••• ••• •••••••• •••••• •••••••••••• ••• •••••••••••••

inna Allah laa yughayyiru maa bi-qawmin hatta yughayiru maa bi anfusihim. Verily Allah will not change the condition of a people until they change the condition of themselves. (Ar-Ra`d, 13:11)

He is an `alim from Damascus, saying to me, "O Shaykh! Make a du`a.” If they are going on the wrong way, du`a lam yustajaab, (that) invocation is not accepted. Allah Almighty is sending (that test) on them, as mentioned in Holy Qur'an:

••••••• •••• •••••• •••••••••• ••••••••• •••••••••• •••••••• •••••• ••••••• •••••• ••••••• •••••••••• ••••••• •••••••••• ••••••• ••••••• •••••••••

ba`athna `alaykum `ibadan lana oolee baasin shadeedin fajaasoo khilaala ad-diyaari wa kaana wa`dan maf``oolan. When the first of the warnings came to pass, We sent against you Our servants given to terrible warfare. They entered the very inmost parts of your homes and it was a warning (completely) fulfilled. (17:5)

Bani Israa'eel was very happy, saying, "We are chosen people in the Divine Presence and we have value." Then they left the right way and took the wrong way, thereafter asking, "What is happening to us? O our Lord, save us!” When Bani Israa'eel went against heavenly laws, Allah Almighty sent on them. They ran

around homes in villages, cities and towns, looking for someone who remained of those people, and then they killed them.

Now people are saying, “We are only in need of tawbah,” but no one is thinking to repent. Women, men and children are all running through the streets (in protests). First of all, nisaa, women are forbidden to go out (in protests). Allah Almighty is saying:

**••••••••• ••• •••••••••••••• ••••• •••••••••••• ••••••••• ••••••••••••••••• •••••••••**

qarna fee buyootikunna wa tabarraj tabarra al-jaahiliyati ’l-oola. And stay quietly in your houses, and make not a dazzling display, like that of the former Times of Ignorance. (Surat al-Ahzab, 33:33)

Why are you going out? Which ayat, holy verse or or holy hadith is giving you permission for the women to go out and shout with the young people? Do you think there is no shaytan in that crowd of people? For everyone, one, two, three; for women, five.

O People! Come and think about it, that Allah Almighty is making you learn about servanthood and how it should be. Servants must listen to their Lord's orders! If one of them opposes this, angels are not coming. Women can’t run in the streets, crying and shouting. No! Qarna fee buyootikunna.

I was in Sham seventy years ago and I know how the ladies of Ahlu ’sh-Sham were dressing. You couldn't hear their voices and they weren't able to go out alone. Now they are sleeping but those looking for `ibaadAllah are not sleeping. We need to be obedient servants. Allah Almighty is saying:

**•••••• •••••••• •••••••**

Wa in `udtum `udnaa. But if you revert (to sinning), We shall revert (to chastising you). (Surat al-Isra, 17:8)

That is a heavenly whip to make you go on the right way. “If you are returning to that which I ordered you, We will return and make you follow on the right way!"

May Allah forgive us.

Fatihah.

Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah.

Yaa ghaaliban ghayra maghloob, yaa qareeban ghayra ba`eed, yaa shaahidan ghayr ghaa'ib!

O Victorious, Never-Defeated One, O Near One (who is) Never Far, O Witness (who is) Never Absent.

Fatihah.

## The World Is A Carcass

Allahu Akbar, Allahu Akbar La Ilaha illa Allah, wa Allahu Akbar Allahu Akbar wa Lillahi Al Hamd. Allahumma Salli 'ala Sayidina Muhammad Habibika wa Rasulika, wa Nabiyuka. Shafi' Al Mudhnibin Sahib Al Maqam Al Mahmoud Sayidina Muhammad (saws), Zid'hu Ya Rabbi 'Izzan wa Sharafan Nuran wa Surura wa Ridwana wa Sultanan Subhana Allah! We say audhu Billah min al shaytan al rajim Bismillah Al Rahman Al Rahim.

We start to speak with Your Name O our Lord and with salams & salat on Your Beloved Al Mustafa (saws) to glorify him. Everything is dressed with greatness if Allah (swt) grants it greatness. Everything becomes glorified & great. This is enough. Religion teaches how Allah (swt) dressed His Prophets (as) with greatness. And first duty for us is to learn to glorify the ones Allah (jwa) glorified. Who does not glorify will be brought down and once he is down he is under the feet of people. And who appreciates what Allah (swt) appreciates, he is glorified. If you glorify what Allah (swt) glorifies with such greatness, you will find that glorification in Malakut/Heavens. Because the glory in this world has no value, no value. But we have been ordered to put all our effort to gain glory in Heavens.

Who are the most foolish ones? The ones who run after people to glorify them in this world. That

man has no mind and no value in this world or in the Hereafter. And therefore O people, O Muslims and believers, the first order is to follow whom Allah (swt) glorified and glorify him (saws). You will find this glorification in Heavens. And the glorification of Heavens is the target. This world what is its value? This world is a carcass. Truly this world is a carcass & those who want it want wordly pleasure & ranks and richness and high ranks in this world. Who wants this world is asking for this world. The honourable Hadith of the Prophet (saws): "This world is a carcass & dogs ask for it." Enough! And unfortunately in our days now we say Audhu Billah min al shaytan al rajim, Bismillah Al Rahman Al Rahim.

What is religion? To glorify what Allah (swt) glorified. And what is disbelief? To value and ask for what Allah (swt) has dishonoured. O people, O believers, do you understand Arabic? You don't? Translate it so you understand. "This world is a carcass & dogs ask for it." Who wants something from this world & expends all their efforts to reach it, his attributes are like the attributes of dogs, filthy, filthy with no value. Dogs run after carcasses. And who wants this world & runs after it his attributes are like the dogs who look for carcass, carcasses.

Unfortunately in our times now the majority of people are asking for carcasses, young people & old ones, educated ones & ignorant ones, all of them are running after carcasses. Especially if it is a carcass thrown in the desert. People start plotting to get the carcass so it is all for them. Take it! O leaders of nations spend all your efforts to get it so you reach it. What did the first tyrant in Egypt gain? What did the second tyrant reach with his presidency? What did the third one from Egypt reach? And he was running after a carcass. All of them put all their efforts to take as much as possible from the carcass, carcasses. And they spent all their efforts for this goal. Which one of us can get more chance, more chance from the carcass...

Especially Egypt is a fat carcass. After the Kings the carcasses left were fat, and people put all their efforts to take it. Some of them were more eager than others and they did what they must to get the carcass, the Egyptian carcass. What happened to them? They didn't get it. First one, second one, third one what happened to him, Allah (swt) knows. O people, Egyptian people think, pay attention. If you do not take consideration of what happened to them, it may happen to you too. What was waiting for them, will await you also. At the end where you will be buried

Allah (swt) knows. And after burial in their grave how they will be treated Allah (swt) knows.

O people religion is based on advice. Take the advice. So what happened to them in their life in this world... and not knowing what happens to them in Barzak. So consider this, O scholars of Azhar Al Sharif. Teach people. Let them learn what is for them & what is needed for them in this life in the world. As the Prophet (saws) of the end of times said "contentment is a never ending treasure." The opposite of it is greed, which has no benefit for you. The Pharaohs hundreds of them were greedy & what happened to them? Go and look in the museums what their end was like.

Take wisdom people of sound minds. The straight way and as the Prophet (saws) of the end of times said "Religion is advice". This advice is for today and it is enough for everyone. If they don't learn their end will be like the end of the past Pharaohs or the new ones. Naudhu Billah from following our egos and running after the carcass of this world.

May Allah (swt) forgive us & save us & pardon us & have mercy on us and grant us goodness, and guide us. Your guidance is the best. O people ask for what is best. Don't run after what is filthy & dirty. You will win & you will be happy & you will be raised in your station and your affairs in this world & in the Hereafter. Look at the end of the tyrants, what happened to them & what will happen to the armies of tyrants.

May Allah (swt) keep us to follow the way of righteousness O Egyptians, and all the Muslims.
May Allah (swt) forgive us & save us & forgive us & have mercy on us & grant us guidance & correct our situation & of all Muslims & grant us victory over the tyrant people.
Bi Jahi man Anzalta Aleyhi Surat Al Fatiha.

**Die Welt ist ein Kadaver**

---

Allahu Akbar, Allahu Akbar, La ilaha illa Allah, wa Allahu Akbar. Allahu Akbar wa Lillahi l-Hamd. Allahumma Salli 'ala Sayyidina Muhammad Habibika wa Rasulika wa Nabiyuka. Shafi' l-

Mudhnibin Sahibu l-Maqamu l-Mahmud Sayyidina Muhammad (saws), Zid'hu ya Rabbi 'Izzan wa Sharafan Nuran wa Surura wa Ridwana wa Sultanan, Subhana Allah! Wir sagen: Audhu Billahi mina shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Wir beginnen zu sprechen mit Deinem Namen, unser Herr, und mit Salams und Salat auf Deinen Geliebten Al Mustafa (saws), um ihn zu preisen. Alles ist mit Großartigkeit bekleidet, wenn Allah (swt) ihm Großartigkeit gewährt. Alles wird verherrlicht und groß. Das ist genug. Die Religion lehrt, wie Allah (swt) Seine Propheten (as) mit Großartigkeit bekleidete. Und unsere erste Pflicht ist es, zu lernen, diejenigen, die Allah (jwa) gepriesen hat, zu preisen. Wer nicht preist, wird herabgestuft, und wenn er erst einmal unten ist, ist er unter den Füßen der Menschen. Und wer würdigt, was Allah (swt) würdigt, ist gepriesen. Wenn ihr preist, was Allah (swt) preist, mit solcher Großartigkeit, werdet ihr diesen Lobpreis im Malakut, in den Himmeln, finden. Weil der Ruhm in dieser Welt keinen Wert hat, keinen Wert.

Aber uns wurde befohlen, all unsere Anstrengungen darauf zu richten, Ruhm in den Himmeln zu erlangen. Wer sind die Dümmsten? Diejenigen, die hinter Leuten herlaufen, die sie in dieser Welt rühmen. Dieser Mensch hat keinen Verstand und keinen Wert in dieser Welt und im Jenseits. Und deshalb, Leute, Muslime und Gläubige, ist der erste Befehl, dem zu folgen, den Allah (swt) gepriesen hat und ihn (saws) zu preisen. Ihr werdet diesen Lobpreis in den Himmeln finden. Und der Lobpreis der Himmel ist das Ziel. Diese Welt, was ist ihr Wert? Diese Welt ist ein Kadaver. Wahrhaftig, diese Welt ist ein Kadaver, und jene, die sie wollen, die weltliche Vergnügungen und Rangstufen und Reichtümer und hohe Rangstufen in dieser Welt wollen. Wer diese Welt will, verlangt nach dieser Welt. Das ehrenwerte Hadith des Propheten (saws): 'Diese Welt ist ein Kadaver, und Hunde verlangen nach ihm.' Genug! Und leider in unseren Tagen...Wir sagen: Audhu Billahi mina sh-shaytani r-rajim, Bismillahi r-Rahmani r-Rahim. Was ist Religion? Zu preisen, was Allah (swt) preist. Und was ist Unglauben? Zu schätzen und zu verlangen, was Allah (swt) entehrt hat. Leute, Gläubige, versteht ihr Arabisch? Nicht? Übersetzt es, damit ihr versteht. 'Diese Welt ist ein Kadaver, und Hunde verlangen nach ihm.'

Wer etwas von dieser Welt will und all seine Anstrengungen darauf richtet, es zu erreichen, dessen Attribute sind wie die Attribute von Hunden: schmutzig, schmutzig, ohne Wert. Hunde

laufen Kadavern hinterher. Und wer diese Welt will und hinter ihr herläuft, dessen Attribute sind wie die der Hunde, die Kadaver suchen. Leider verlangt die Mehrheit der Leute in unserer Zeit nach Kadavern, junge Leute und alte, gebildete und ungebildete, sie alle laufen hinter Kadavern her. Besonders wenn es ein Kadaver ist, der in die Wüste geworfen wurde. Die Leute beginnen Pläne zu schmieden, um den Kadaver zu bekommen, so daß er nur für sie ist. Nehmt es! Führer von Nationen, setzt all euere Anstrengungen darauf, ihn zu bekommen, so daß ihr ihn erlangt. Was wollte der erste Tyrann in Ägypten? Was erreichte der zweite Tyrann mit seiner Präsidentschaft? Was erreichte der dritte von Ägypten? Und er lief einem Kadaver hinterher. Sie alle setzten all ihre Anstrengungen darauf, so viel wie möglich von dem Kadaver zu nehmen. Und sie richteten all ihre Anstrengungen auf dieses Ziel. Wer von uns kann mehr Gelegenheiten bekommen, mehr Gelegenheiten von dem Kadaver? Besonders Ägypten ist ein fetter Kadaver. Nach den Königen waren die hinterlassenen Kadaver fett, und die Leute setzten all ihre Anstrengungen darauf, sie zu nehmen.

Manche waren begieriger als andere und taten, was sie mußten, um den Kadaver zu bekommen, den ägyptischen Kadaver. Was geschah mit ihnen? Sie bekamen ihn nicht. Der erste, der zweite, der dritte, was mit ihnen geschah, Allah (swt) weiß es. Leute, Ägypter, denkt nach, paßt auf. Wenn ihr nicht berücksichtigt, was mit ihnen geschah, kann es euch auch geschehen. Was auf sie wartete, wird euch auch erwarten. Am Ende, wo ihr begraben werdet, Allah (swt) weiß es. Und nach der Beerdigung in ihren Gräbern, wie sie behandelt werden, Allah (swt) weiß es. Leute, Religion gründet auf Ratgeben. Nehmt den Rat an. Also, was ihnen im Leben in dieser Welt geschah und ohne zu wissen, was ihnen im Barzak geschieht, bedenkt das.

Gelehrte der Azharu sh-Sharif, lehrt die Leute. Laßt sie lernen, was für sie ist und was sie brauchen in diesem Leben in der Welt. Wie der Prophet des Zeitenendes (saws) sagte: 'Zufriedenheit ist ein nie endender Schatz.' Das Gegenteil davon ist Gier, die euch keinen Nutzen bringt. Die Pharaonen, Hunderte von ihnen, waren gierig, und was geschah mit ihnen? Geht und schaut in den Museen, wie ihr Ende war. Nehmt Weisheit an, Leute mit gesundem Verstand. Der gerade Weg und wie der Prophet des Zeitenendes (saws) sagte: 'Religion ist Ratgeben.' Dieser Rat ist für heute, und er ist genug für jeden. Wenn sie nicht lernen, wird ihr Ende wie das Ende

der vergangenen oder neuen Pharaonen sein.

Naudhu Billah davor, unseren Egos zu folgen und hinter dem Kadaver dieser Welt herzulaufen. Möge Allah (swt) uns vergeben, uns retten und vergeben, barmherzig mit uns sein, uns Gutes gewähren und uns führen. Deine Führung ist die beste. Leute, bittet um das, was das beste ist. Lauft nicht dem hinterher, was schmutzig ist. Ihr werdet gewinnen und glücklich sein und erhoben werden in euerer Stufe und eueren Angelegenheiten in dieser Welt und im Jenseits. Seht auf das Ende der Tyrannen, was mit ihnen geschah, und was mit den Armeen der Tyrannen geschehen wird. Möge Allah (swt) uns auf dem Weg der Rechtschaffenen halten, Ägypter und alle Muslime. Möge Allah (swt) uns vergeben und uns retten und vergeben und uns Gnade erweisen und Führung gewähren und unsere Lage und die aller Muslime richtigstellen und uns den Sieg gewähren über die Tyrannen. Bi Jahi Man Anzalta Alayhi Suratu l-Fatiha.

## The World Is A Carcass

As-Salamu Alaikum O attending ones. O our attending jama'at; our children, our brothers, our friends. May Allah's Salam and safety, may His Prophet's intercession and mercy and may the awliyas' heavenly support be upon you. May the dirtiness of this filthy dunya not rub off on us. May we live clean. May we live clean. Whosoever loves dunya, he is not clean. Whosoever loves the Lord, he is clean, pure. And his face is clean also. His face is enlightened and his heart is pure.

Ya Rabbi shukur, that we are servants to our Lord Who is the Rabbu-l Jalil, Most Majestic. Who are servants to the Rabbu-l Jalil cannot be wretched. Even the servants of a magnificent Sultan have an imposing appearance, have a majesty, have a beauty. They have a familiarity, they have a Nur, they have a majesty. Even the servants of a simple Sultan... Madad, madad O our GrandShaykh Hz who is the Sultanu-l Awliya. May you help us. Here, to say a few words; we may give something from you to the attending ones, to who want to listen. We may listen, hear, receive honour, receive strength, receive majesty and receive Nur. We may greet with Salam, As-Salamu Alaikum O believers. Salam; being in Salam, peace and safety is a big thing. Especially if that Salam comes from the Malakut. No one from the common people can appreciate its honour. And there are some who can appreciate it according to their levels.

We may say O believers, we may remember the Ismu-l Jalal (Majestic Name) and stand up for our Lord: La ilaha illa Allah Sayyidina Muhammadu-r Rasulullah (sas). May You grant Nur to our faces and happiness to our hearts, O Lord. We want to make service, be servants to Allah Almighty. If we are to ask for something, we can't ask directly from the Lord; there is no such a power that we can directly ask from Allah Almighty. You want something from Allah Almighty, from the Prophet, what is the adab for it? Stand up and say "For the right of La ilaha illa Allah

and for the honour of Muhammadu-r Rasulullah". Let us say Bismillahi r-Rahmani r-Rahim. Leave all the treasures of the earth. Dunya, "Ad-dunya jeefah". What is the illustration of dunya in the view of awliyas? "Ad-dunya-l-jeefatun". Dunya is a carcass. "Wa taleebuha kilab". Who run after dunya are dogs. Really it is like this. For this, the Bismillah is the key that opens the honourable doors of the Mulk and Malakut. The mulk (dominion) of dunya has become apparent. Therefore there is no need to consider it and say Bismillah for it. But out of adab, to have our servanthood sealed by Allah Almighty (we say it). He (swt) looks, "What is My servant doing, is he saying it?" We are saying O our Lord, Bismillahi r-Rahmani r-Rahim. Display it: "This one accepted My servanthood, that he confirmed, he acknowledged My servanthood. And he is remembering Our Ismu-l Jalal, the Bismillah".

You can't say the Bismillah and ask for dunya. The Bismillah can't be said for dunya. Can the Bismillah be recited for a carcass? How is that? "Ad-dunya jeefah". Dunya is a carcass. And who desire it are the dogs that run after carcasses. What it means by kilab are dogs. Who run after it are them. Has Man ever run after a carcass and sought to take his share from it? No. Men want clean things, Men want clean provision. Who run after the carcasses are dogs. O Man! Know your honour, keep your honour and ask your honour to increase. The Bismillah can't be recited for the carcass of dogs. No.
We said the Bismillah, Bismillahi r-Rahmani r-Rahim. Allah Almighty made us say it. O our Lord! O Who created us! O the Sultan of Heavens and earths, our Allah! Accept us to Your servanthood. "What did this servant of Mine come with?" "He came saying Bismillahi r-Rahmani r-Rahim". "Ok, very good. Write: He claimed My servanthood. He said Bismillahi r-Rahmani r-Rahim". Ya Rabb! "Bismillahi-lladhi la yadurru ma`a Ismihi shay'un fi-l ardi wa la fis sama'i"
To mention that Great and Magnificent and Majestic Lord's Holy Name and still saying "I am sick" is not suitable. Such a person doesn't get sick. Because He (swt) is the Rabbu-l Jalil, the Lord Who is Most Majestic. His servant can't be zaleel (wretched), O son. There can't be any wretchedness associated with that Holy Name Jalil. There is such a barakah in the Al-Jalil Name, we say Allah Jalla Jalaluhu. From our Lord who is Al-Jalil: "Allah Ya Jalil, Allah Ya Jalil, Allah Ya Jalil". Make this dhikr. Recite at least 99 times "Allah Ya Jalil". That servant can't be

wretched. That servant is the accepted one in Allah Almighty's Divine Presence who remembered His Majestic Name, "Allah Ya Jalil".

Bismillahi r-Rahmani r-Rahim. O our Lord Who is Al-Jalil, we remember Your Name. May You accept our servanthood O Lord with Your Divine Grants. We are trying to be servants to You. You don't need our servanthood, but there is honour for us in it. We are in need of You O our Lord". "O My Angels, My servant acknowledged Me. He acknowledged me and accepted Me as his Lord. I accept him to My servanthood, write him as My servant. Because he said Bismillahi r-Rahmani r-Rahim. Write him as My servant. Who didn't say, write him; write his name as jeefah. Write him on the list of those who run after carcasses. He remembered Me, said Bismillahir Rahmani r-Rahim. He is My clean servant. He is My clean servant. I am pleased with him, so you serve him also".

How beautiful. Bismillahi r-Rahmani r-Rahim. "O our Lord. Don't make me from the heedless ones". "I won't" says Allah Almighty. "You remembered My Name, you can't be written as heedless ones anymore. As long as you say Bismillahi r-Rahmani r-Rahim you won't be written as heedless ones. After My servant says Bismillahi r-Rahmani r-Rahim, I don't make that servant of Mine to be crushed. I don't make him wretched. I don't make him a slave. I don't make him like those who search and collect from the trash. I keep him in My Presence. I keep him in My Presence." O people, run to the Divine Presence of Allah. They will ask "What did he come with?" "He recited Bismillahir-Rahmani r-Rahim" "Open, show him his place". Li kulli maqam... Each station, has its inhabitants. "Li kulli insani maqam". Everyone has his own station. The key in his hand to reach that station is Bismillahi r-Rahmani r-Rahim. Don't forget! They said "Li kulli insani maqam wa li kulli ormani chakal". (Every person has his station and every mountain has its jackal). The scholars said "Li kulli maqami maqal, wa li kulli ormani chakal". One of them said "Every person has a station" and the other confirmed "wa li kulli ormani chakal". When Man is upon adab, he has a maqam (station). Who has a station is respected. And the other one said, "wa li kulli ormani chakal". People didn't understand what it is, "wa li kulli ormani chakal" and he said "that rhymes with it". "Li kulli maqami maqal". For every station, there is a speech. You should speak according to a person's station. For who don't understand? He said "wa li kulli ormani chakal". And in every mountain... Arabs call it wawi; wawi is jackal, hyena. There are such ones also and there is a speech for them also. For Man,

there are words according to their stations. It is according to each one's station; you say Bismillahir-Rahmani r-Rahim and a door according to your station opens. You say Bismillahir-Rahmani r-Rahim and another door opens that is suitable for you.

What is its title? Bismillahir-Rahmani r-Rahim. O people! Be aware of your humanity! Direct yourself to your Lord and make sajda to Him. Say Takbir for Your Lord and an appreciation reaches you from Your Lord. An Affarin (Bravo) may reach you. Whoever says Bismillahir-Rahmani r-Rahim angels say "Affarin! This one remembered our Lord's Majestic Name". What can we do? This is the Bismillah. Bismillahir-Rahmani r-Rahim How beautiful. It gives life to the body. Say it at least seven times. After that, say 70 times, 100 times, if you want say 1000 times. For each time you are paid, you find comfort. Ya Rabbi, Bismillahi r-Rahmani r-Rahim. The beautiful Bismillah.

What is the trouble and misery today's people suffer? They forgot Who created them. If they didn't forget, they would say Bismillahi r-Rahmani r-Rahim. Who says Bismillahi r-Rahmani r-Rahim is the honoured servant who didn't forget His Lord, who wants to be with Him, who wants His acceptance. There is no honour for who doesn't say it.Even if you have all the medals of the world on your cap, on your chest, on your back, no value. Honour; honour is what descends from the Heavens! Look, look to that honour.

The Prophet (sas), our Master who is the Prophet of the End of times, the Sultan of the Prophets, Hz Muhammad Mustafa (sas). He never saw his father. For this I feel pity for him; for my son-inlaw; he too has never seen his father like him. Our Prophet (sas) has such a rank; that his father, Hz Abdullah passed away when his mother was pregnant with him. Then he lost his mother also at the age of seven. He was orphaned in the middle of the desert, in the middle of unknown deserts. He was an orphan child who lost both his mother and father. And how much did Allah Almighty honour him? Today the religion he brought is shaking the world. Let alone the world, it can even move the creation from its place! When you say "La ilaha illa Allah Muhammadu-r Rasulullah" earths and Heavens tremble! Ignorant ones don't say it. Shaytans don't say it. Who listen to, who follow shaytan don't say it. Have you ever seen a person who follows shaytan saying the Bismillah? Saying Bismillahi r-Rahmani r-Rahim does not suit them.

"Shaykh Effendi, did you go senile?" they told me. How come we go senile? Do I have senility in me? "What are you saying then?" "I say that today's people don't ever recite the Bismillah".

"Shaykh Effendi, it doesn't suit them". It doesn't suit them! Only clean mouths can say it. The unclean mouths can't say it. For this they don't say the Bismillah. Because their mouths are not clean, their hearts are not clean at all. O our Allah! O our Lord Who is Jalil. May You send the powers that will destroy those who don't say Allah. Aman Ya Rabbi, we are saying Bismillahi r-Rahmani r-Rahim, Your Ism al-Jalal. May You accept it.

At night it said in the news, that our Turkish government has 8 million students. 8 million... Did you make even one of them say Bismillahi r-Rahmani r-Rahim? What benefit does your education have? What is it that you teach? What you teach is trash, it is filth. Why don't you tell them... 8 million small children are handed over to you. Why don't you say: "Say O children the Name of Who created us. Say Bismillahi r-Rahmani r-Rahim!" And they will grow up to be lions. The Bismillah is the pillar of the universe which rests on it. Allahu Akbarul Akbar! Allahu Akbarul Akbar! "They make them sing anthems, Shaykh Effendi". "What anthem is it?! "Well, it is something like: We came to our schools. We drink our early morning milk, we don't know if it is goat or cow milk. Then we started our class, first of all we started with remembering "that one"s name and learned our subjects..."

Masha Allah. "Did they say the Bismillah?" "What is the Bismillah?" The child doesn't know. It is not taught. For this people fight each other. What do the people without the Bismillah become? They become bandits. The country is filled with bandits. They can't take control of them. They have no prisons left to take them. All over the country everyone is fighting, killing, crushing each other. It is a chaos. Why? They were not made to say the Bismillah. There is no mercy left in their hearts. Everyone is shooting, killing... Who grants the life takes the life. What is this, that everyone kills each other? What kind of a nation, government is this? "It is like this now in all the world, Shaykh Effendi. It is the new fashion". Then let's not say anything. They will finish each other by fighting, killing each other. Allah!

There is a black wind scorpion. We call them camel spiders, black spiders.Its babies find their way out by eating their mother. There is nothing to nurse them, they finish their mother by eating it and they, themselves appear. There is nothing left from their mother. The people now became like this; those they raise eat them! If it is like this, what will happen? What is your rule? What is the measure you take? It is not with money or anything. Because you don't say the Bismillah. You hang a portrait, you don't hang the Bismillah. You don't say Bismillahi r-

Rahmani r-Rahim. There is no barakah in your home, in your business, in your government or in your country. They forgot Allah and they are finished.

"We are waiting". "What are you waiting for?" "Well the Americans are bringing cannons They bring what they call missiles. They will protect us with it". "Are you this stupid?" "Wa-Llahu yudafu 'an ibadihi". Allah Almighty protects His servants. He (swt) doesn't leave you in need of unbelievers at His door of servanthood. Can the cannons of unbelievers protect you? Why don't you make these children accustom to it (the Bismillah)?" They aren't. Ok, you will suffer. May Allah send us a Master soon who will show us the right way. Lying is the capital of people. A lie and a snake are the same things. A lie or a snake! Those who lie are different kinds of snakes. They try to bite each other, eat each other, swallow each other. In the huge parliaments, saying "you are this, I am this", they want to eat each other. Why? Neither that one nor this one says the Bismillah. For this, before in the old times when there was a harmful, bad person, what would our ancestors call him? "Beware of this one, he is without Bismillah". Now all of them became without the Bismillah. Can they ever find goodness?
Say Bismillahi r-Rahmani r-Rahim and you get saved, you find honour. O Muluk! O Kings, O Amirs, O Malik, O Sultans! Say Bismillahi r-Rahmani r-Rahim and you will find honour. Allah protects you. Otherwise saying "America is protecting us, Russia is on our side..."Shame on you for saying this! O our Lord, may You send a Master who will make us walk on Your Way. Don't make us from those who forget the Bismillah. We may say Bismillahir-Rahmanir-Rahim. They removed it and barakah is gone from the nation. Our every valuable thing is gone. We are left all poor and dry. May Allah forgive us. We may say Bismillahi r-Rahmani r-Rahim. Ya Rabbana ya Rabbi-ghfir wa-rham wa Anta khairu-r Rahimeen.
Ad-dinu nasiha. This is an advice. Who accepts, accepts. Who don't accept may struggle. Who don't accept will suffer. Allah Allah Allah, Subhan Allah Sultan Allah. Rabbu-l Jalil, the Majestic Lord doesn't leave as wretched those who make service for Him O son. They are strong. May Allah not expel us from His door. May we live with His Majestic Name and find strength, dress in majesty. O who say "We are Muslims", don't forget! They want to make us forget our religion, they are inventing new ways. All of them are without the Bismillah. Because they are without the Bismillah none of them take root, all of them are like trash. Allahu Akbar Allahu Akbar Allahu

Akbar wa Li-Llahi-l Hamd. Tawba Ya Rabbi. Tawba Ya Rabbi, tawba Astaghfirullah. Bismillahi r-Rahmani r-Rahim: The key that opens the closed doors, that opens the treasures. O Allah, may our nation, our people wake up. May they wake up and not forget the Bismillah. May who forgets remember. Wa min Allahi-t tawfiq, al-Fatiha.
We are not the people to be offended with. We are not a single man here. Sometimes they make a dua and that man goes to his grave in three days. If he is not straightened, he will go into graveyard in 40 days. Straighten your way, or else you will be taken one by one. They should refrain. Tawba Ya rabbi, tawba Ya Rabbi tawba. Fatiha. Amin Ya Rabbi. As-Salamu Alaikum O servants of Allah. May Allah show you good days.
Did you read for me, Sh Mehmet Effendi? Read for me O son, Allah bless you. Take off my burden. Bismillahi r-Rahmani r-Rahim. Can there be a nikah (marriage) without mahir?
S.M. No, can't be.
M. Now people got used to doing it. There can't be marriage without mahir. When you want to marry someone, you should put a mahir.
S.M. We are warning them, saying "there should be mahir".
M. You say it. Without mahir, it can't be nikah. Appoint their mahir for them. If she gives it up voluntarily, it is ok. But it is the right of Shari'at. May you be in safety O son. May we see your faces in goodness. May you be lions. Don't fear. Rely on the Bismillah and it can make it all upside down.

## Diese Welt ist ein Kadaver

---

As-Salamu Alaykum, Anwesende. O unsere teilnehmende Jama'at, unsere Kinder, unsere Brüder, unsere Freunde. Möge Allahs Salam und Schutz, möge Seines Propheten Fürsprache und Gnade und möge die himmlische Unterstützung der Awliya auf euch sein. Möge der Schmutz dieser dreckigen Dunya nicht auf uns abfärben. Mögen wir rein leben. Mögen wir rein leben. Wer immer die Dunya liebt, ist nicht rein. Wer immer den Herrn liebt, ist sauber, rein. Und sein Gesicht ist auch rein. Sein Gesicht ist erleuchtet, und sein Herz ist rein. Ya Rabbi Shukur, daß wir Diener unseres Herrn sind, Der Rabbu l-Jalil, höchst Majestätisch ist. Die Diener des Rabbu

l-Jalil sind, können nicht elend sein. Selbst die Diener eines prachtvollen Sultans haben eine beeindruckende Erscheinung, Majestät, Schönheit. Sie haben Vertrautheit, sie haben Licht, sie haben Majestät. Selbst die Diener eines einfachen Sultans.. Madad, Madad, o unser Großshaykh Hz, der Sultanu l-Awliya ist, mögest du uns helfen. Hier, um ein paar Worte zu sagen, können wir etwas von dir an die Anwesenden geben, an die, die zuhören wollen. Wir können zuhören, Ehre empfangen, Stärke empfangen, Majestät empfangen und Licht empfangen. Wir können mit Salam grüßen, as-Salamu Alaykum, ihr Gläubigen. Salam, im Salam, Frieden und Schutz zu sein, ist eine große Sache, besonders wenn dieses Salam vom Malakut kommt.

Niemand von den gewöhnlichen Leuten weiß seine Ehre zu würdigen. Und es gibt welche, die können es würdigen ihrer Stufe entsprechend. Wir sagen, o Gläubige, wir können den Ismu l-Jalal, majestätischen Namen, erinnern, und steht auf für eueren Herrn: La ilaha illa Allah, Sayyidina Muhammadu r-Rasulullah (saws). Mögest Du Licht auf unsere Gesichter und Glück in unsere Herzen geben, o Herr. Wir wollen Dienst tun, Diener Allahs des Allmächtigen sein. Wenn wir etwas erbitten sollten, können wir den Herrn nicht direkt bitten. Es gibt keine Macht, so daß wir Allah den Allmächtigen direkt bitten könnten. Du willst etwas von Allah dem Allmächtigen, vom Propheten, was ist der Adab dafür? Steht auf und sagt: Für das Recht von "La ilaha illa Allah" und zu Ehren von "Muhammadu r-Rasulullah" laßt uns sagen "Bismillahi r-Rahmani r-Rahim." Laßt alle Schätze der Erde, der Dunya, "ad-Dunya Jifah". Was ist die Darstellung der Dunya vom Blickwinkel der Awliya aus? "Ad-Dunya jifatun". Die Dunya ist ein Kadaver. "Wa Talibuha kilab". Wer hinter der Dunya herläuft, sind Hunde. Es ist wirklich so.

Deshalb ist das Bismillah der Schlüssel, der die ehrenwerten Türen von Mulk und Malakut öffnet. Mulk, der Herrschaftsbereich der Dunya ist offensichtlich geworden. Deshalb ist es nicht nötig, ihn zu bedenken und Bismillah dafür zu sagen. Aber aus Adab, um unsere Dienerschaft von Allah dem Allmächtigen besiegelt zu haben, sagen wir es. Er (swt) schaut: Was tut Mein Diener? Sagt er es? Wir sagen: Unser Herr, Bismillahi r-Rahmani r-Rahim. Zeigt es: Dieser hat Meine Dienerschaft angenommen, er bestätigte, er erkannte Meine Dienerschaft an. Und er erinnert Unseren Ismu l-Jalal, das Bismillah. Du kannst nicht das Bismillah sagen und Dunya verlangen. Das Bismillah kann nicht für die Dunya gesagt werden. Kann das Bismillah für einen Kadaver rezitiert werden? Wie ist das? "Ad-Dunya Jifah". Die Dunya ist ein Kadaver. Und die

nach ihr verlangen, sind die Hunde, die hinter Kadavern herlaufen. Was gemeint ist mit Kilab, sind Hunde. Wer hinter ihnen herläuft, sind sie. Ist ein Mensch jemals hinter einem Kadaver hergelaufen und hat versucht, seinen Anteil davon zu bekommen? Nein. Menschen wollen reine Dinge, Menschen wollen reine Versorgung. Wer hinter den Kadavern herläuft, sind Hunde. O Mensch! Kennt euere Ehre, bewahrt euere Ehre und strebt nach Mehrung euerer Ehre. Das Bismillah kann nicht für den Kadaver von Hunden rezitiert werden. Nein.

Wir sagten das Bismillah. Bismillahi r-Rahmani r-Rahim. Allah der Allmächtige sorgte dafür, daß wir es sagten. O unser Herr! O Wer uns erschuf! O Sultan der Himmel und Erde, unser Allah! Nimm uns an in Deiner Dienerschaft. Womit kam dieser Mein Diener? Er kam mit den Worten Bismillahi r-Rahmani r-Rahim. Okay, sehr gut. Schreib: Er beanspruchte Meine Dienerschaft. Er sagte: Bismillahi r-Rahmani r-Rahim. Ya Rabb! "Bismillahi Lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i". Den Heiligen Namen dieses großen, prächtigen und majestätischen Herrn zu nennen und doch zu sagen 'Ich bin krank', ist nicht angemessen. So ein Mensch wird nicht krank. Weil Er (swt) der Rabbu l-Jalil, der Herr, Der höchst Majestätisch ist, ist, kann Sein Diener nicht zalil, elend, sein, mein Sohn. Es kann kein Elend in Verbindung mit diesem Heiligen Namen Jalil geben. Es gibt solche Barakah im Al-Jalil Namen, daß wir sagen Allah Jalla Jalaluhu über unseren Herrn, Der Al-Jalil ist. Allah ya Jalil, Allah ya Jalil, Allah ya Jalil. Macht diesen Dhikr. Rezitiert wenigstens 99x Allah ya Jalil. Dieser Diener kann nicht elend sein. Dieser Diener ist der Angenommene in Allahs des Allmächtigen Göttlicher Gegenwart, der Seinen Majestätischen Namen Allah ya Jalil erinnerte. Bismillahi r-Rahmani r-Rahim. Unser Herr, Der Al-Jalil ist, wir erinnern Deinen Namen.

Mögest Du unsere Dienerschaft annehmen, Herr, mit Deinen Göttlichen Gaben. Wir versuchen, Deine Diener zu sein. Du brauchst unsere Dienerschaft nicht, aber es ist Ehre für uns darin. Wir brauchen Dich, unser Herr. Meine Engel, Mein Diener hat Mich anerkannt. Er hat Mich anerkannt und als seinen Herrn angenommen. Ich nehme ihn auf in Meine Dienerschaft, schreibe ihn als Meinen Diener. Weil er Bismillahi r-Rahmani r-Rahim gesagt hat, schreibe ihn als Meinen Diener. Wer es nicht gesagt hat, schreibe ihn, schreibe seinen Namen als Jifah. Schreibe ihn auf die Liste derer, die hinter Kadavern herlaufen. Er hat Mich erinnert, Bismillahi r-Rahmani r-Rahim gesagt. Er ist Mein reiner Diener. Er ist Mein reiner Diener. Ich bin zufrieden mit ihm, also dient ihm auch. Wie schön! Bismillahi r-Rahmani r-Rahim. O unser Herr, mach

mich nicht von den Achtlosen. Nein, sagt Allah der Allmächtige, du hast Meinen Namen erinnert, du kannst nicht mehr als achtlos geschrieben werden. Solange du sagst Bismillahi r-Rahmani r-Rahim, wirst du nicht als achtlos geschrieben. Nachdem Mein Diener Bismillahi r-Rahmani r-Rahim gesagt hat, lasse Ich ihn nicht mehr vernichtet werden. Ich mache ihn nicht elend. Ich mache ihn nicht zum Sklaven. Ich mache ihn nicht wie die, die im Müll herumsuchen. Ich behalte ihn in Meiner Gegenwart. Ich behalte ihn in Meiner Gegenwart.

O Leute, lauft zur Göttlichen Gegenwart Allahs. Sie werden fragen: Womit kommt er? Er hat Bismillahi r-Rahmani r-Rahim rezitiert. 'Öffnet, zeigt ihm seinen Platz.' Li kulli Maqam.. Jede Station hat ihre Bewohner. "Li kulli Insani l-Maqam." Jeder hat seine eigene Station. Der Schlüssel in seiner Hand, um diese Station zu erreichen, ist Bismillahi r-Rahmani r-Rahim. Vergeßt es nicht! Sie sagten: "Li kulli Insani Maqam wa li kulli Ormani Chakal". Jeder Mensch hat seine Station, und jeder Berg hat seinen Schakal. Die Gelehrten sagten: "Li kulli Maqami Maqal wa li kulli Ormani Chakal." Einer von ihnen sagte: Jeder Mensch hat eine Station, und der andere bestätigte "wa li kulli Ormani Chakal." Wenn der Mensch Adab zeigt, hat er einen Maqam, eine Station. Wer eine Station hat, wird respektiert. Und der andere sagte: "Wa li kulli Ormani Chakal." Die Menschen verstanden nicht, was es ist: "Wa li kulli Ormani Chakal." Und er sagte: Das reimt sich. "Li kulli Maqami Maqal". Für jede Station gibt es eine Rede. Du solltest gemäß der Station einer Person sprechen. Für den, der nicht versteht? Er sagte: "Wa li kulli Ormani Chakal." Und auf jedem Berg... Die Araber nennen es Wawi, Wawi ist Schakal, Hyäne. Es gibt auch solche, und es gibt auch für sie eine Rede.

Für den Menschen gibt es Worte in Übereinstimmung mit seiner Station. Es ist gemäß jedermans Station. Ihr sagt Bismillahi r-Rahmani r-Rahim, und es öffnet sich eine Tür entsprechend euerer Station. Ihr sagt Bismillahi r-Rahmani r-Rahim, und eine andere Tür öffnet sich, die angemessen für euch ist. Was ist der Titel? Bismillahi r-Rahmani r-Rahim. Leute! Seid euerer Menschlichkeit gewahr! Richtet euch auf eueren Herrn und macht Sajda vor ihm. Sagt Takbir für eueren Herrn und eine Anerkennung erreicht euch von euerem Herrn, ein Affarin (Bravo) erreicht euch. Wer immer Bismillahi r-Rahmani r-Rahim sagt, dem sagen die Engel "Affarin! Dieser erinnerte den Majestätischen Namen unseres Herrn. Was können wir tun? Das ist das Bismillahi r-Rahmani r-Rahim. Wie schön. Es gibt dem Körper Leben. Sagt es wenigstens sieben Mal. Danach sagt es 70x, 100x, wenn ihr wollt 1000x. Für jedes Mal werdet ihr bezahlt, findet ihr Trost. Ya Rabbi,

Bismillahi r-Rahmani r-Rahim. Das schöne Bismillah. Was sind die Probleme und das Elend, was die heutigen Menschen erleiden? Sie haben vergessen, Wer sie erschuf. Hätten sie es nicht vergessen, würden sie Bismillahi r-Rahmani r-Rahim sagen. Wer sagt Bismillahi r-Rahmani r-Rahim, ist der geehrte Diener, der seinen Herrn nicht vergaß, der bei Ihm sein will, der Seine Anerkennung will. Es gibt keine Ehre für den, der es nicht sagt. Auch wenn ihr alle Medaillen der Welt auf der Kappe, der Brust, dem Rücken habt, es hat keinen Wert. Ehre, Ehre ist, was von den Himmel herabkommt! Seht, seht auf diese Ehre.

Der Prophet (saws), unser Meister, der der Prophet des Zeitenendes ist, der Sultan der Propheten, Hz Muhammad Mustafa (saws), sah niemals seinen Vater. Deshalb tut er mir leid, für meinen Schwiegersohn, auch er sah niemals seinen Vater, wie er. Unser Prophet (saws) hatte so einen Rang, daß sein Vater, Hz Abdullah, dahinging, als seine Mutter mit ihm schwanger war. Dann verlor er auch seine Mutter im Alter von 7 Jahren. Er war Waise inmitten der Wüste, inmitten der unbekannten Wüsten. Er war ein Waisenkind, der sowohl Vater als auch Mutter verloren hatte. Und wie sehr ehrte ihn Allah der Allmächtige! Heute erschüttert die Religion, die er brachte, die Welt. Nicht nur die Welt, sie kann sogar die Schöpfung von ihrem Platz bewegen! Wenn ihr sagt: La ilaha illa Allah, Muhammadu r-Rasulullah, erzittern die Erden und Himmel. Die Ignoranten sagen es nicht. Die Shaytane sagen es nicht. Die auf Shaytan hören und ihm folgen, sagen es nicht. Habt ihr jemals jemanden, der Shaytan folgt, das Bismillah sagen sehen? Bismillahi r-Rahmani r-Rahim zu sagen, ziemt sich nicht für sie. Shaykh Effendi, bist du senil geworden? sagten sie mir. Wie kommt es, daß wir senil werden? Habe ich Senilität in mir? Was sagt ihr dann? Ich sage, daß die heutigen Menschen niemals das Bismillah rezitieren. Shaykh Effendi, es ziemt sich nicht für sie. Es ziemt sich nicht für sie! Nur reine Münder können es sagen. Die unreinen Münder können es nicht sagen. Deshalb sagen sie das Bismillah nicht. Weil ihre Münder unrein sind, sind ihre Herzen erst Recht nicht rein.

O unser Allah! O unser Herr, Der Jalil ist, mögest Du uns die Macht senden, die jene zerstört, die nicht Allah sagen. Aman ya Rabbi. Wir sagen Bismillahi r-Rahmani r-Rahim, Deinen Ismu l-Jalal. Mögest Du es annehmen. Heute Nacht hieß es in den Nachrichten, daß unser türkischer Staat 8 Millionen Studenten hat. 8 Millionen! Ließet ihr auch nur einen von ihnen Bismillahi r-Rahmani r-Rahim sagen? Welchen Nutzen hat euere Erziehung? Was lehrt ihr eigentlich? Was ihr lehrt, ist Müll, Dreck. Warum sagt ihr ihnen nicht.. 8 Millionen kleine Kinder werden euch

übergeben. Warum sagt ihr nicht: Sagt, Kinder, den Namen Dessen, Der uns erschaffen hat. Sagt Bismillahi r-Rahmani r-Rahim! Und sie wachsen heran als Löwen! Das Bismillah ist der Pfeiler des Universums, auf dem es ruht. Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Sie lassen sie Hymnen singen, Shaykh Effendi! Was für eine Hymne ist es? Nun, es ist etwas wie: Wir kommen in unsere Schule, wir trinken unsere frühe Morgenmilch, wir wissen nicht, ob es Ziegen- oder Kuhmilch ist, dann beginnen wir unsere Klasse, zuerst einmal beginnen wir mit dem Erinnern des Namens von 'Diesem' und lernen unsere Fächer.. Masha'Allah.
Sagen sie das Bismillah? Was ist das Bismillah? Das Kind weiß es nicht. Es wird nicht gelehrt. Deshalb bekämpfen die Menschen einander. Was werden die Menschen ohne das Bismillah? Sie werden Banditen. Das Land ist voller Banditen. Sie können sie nicht unter Kontrolle bringen. Sie haben keine Gefängnisse mehr, sie aufzunehmen. Im ganzen Land sind alle am Kämpfen, Töten, Vernichten. Es ist ein Chaos. Warum? Sie wurden nicht dazu gebracht, das Bismillah zu sagen. Es gibt keine Gnade mehr in ihren Herzen. Alle schießen, töten.. Wer das Leben gewährt, nimmt das Leben. Was ist das, daß alle sich gegenseitig töten? Was für eine Nation, Regierung ist das? Es ist jetzt so in der ganzen Welt, Shaykh Effendi. Es ist die neue Mode. Dann wollen wir nichts sagen. Sie werden sich gegenseitig erledigen durch Kämpfe und Töten. Allah! Es gibt eine schwarze Walzenspinne. Wir nennen sie Kamelspinnen, schwarze Spinnen. Ihre Babys finden ihren Weg nach draußen, indem sie die Mutter fressen. Es gibt nichts, um sie zu nähren. Sie erledigen ihre Mutter, indem sie sie fressen, und erscheinen selbst. Es bleibt nichts übrig von der Mutter. Die Menschen sind jetzt so geworden, jene, die sie aufziehen, fressen sie. Es ist so.
Was wird geschehen? Was ist euere Herrschaft? Was sind die Maßnahmen, die ihr ergreift? Es ist nicht mit Geld oder so. Weil ihr das Bismillah nicht sagt. Ihr hängt ein Porträt auf, ihr hängt nicht das Bismillah auf. Ihr sagt nicht Bismillahi r-Rahmani r-Rahim. Es ist keine Barakah in euerem Haus, in eueren Geschäften, in euerer Regierung oder in euerem Land. Sie haben Allah vergessen und sind erledigt. Wir warten. Worauf wartet ihr? Nun, die Amerikaner bringen Kanonen. Sie bringen, was sie Flugkörper nennen. Sie werden uns damit beschützen. Seid ihr so dumm? "Wa Llahu Yudafu 'an Ibadihi." Allah der Allmächtige beschützt Seine Diener. Er (swt) überläßt euch nicht der Notwendigkeit von Ungläubigen an Seiner Tür der Dienerschaft. Können die Kanonen der Ungläubigen euch schützen? Warum gewöhnt ihr die Kinder nicht daran

(Bismillah)? Sie sind es nicht. Okay, ihr werdet leiden. Möge Allah uns bald einen Meister senden, der uns den rechten Weg weist. Lügen ist das Kapital der Menschen. Eine Lüge und eine Schlange sind dasselbe. Eine Lüge oder eine Schlange! Die lügen sind eine andere Art von Schlangen. Sie versuchen, sich gegenseitig zu beißen, zu fressen, zu verschlingen. In den riesigen Parlamenten sagen sie: Du bist das, ich bin das. Sie wollen sich gegenseitig auffressen. Warum? Weder dieser, noch jener sagt das Bismillah.

Deshalb, was sagten in der alten Zeit unsere Vorfahren über einen schädlichen, bösen Menschen? Hütet euch vor dem. Er ist ohne Bismillah. Jetzt sind alle ohne das Bismillah. Können sie jemals Gutes finden? Sagt Bismillahi r-Rahmani r-Rahim, und ihr werdet gerettet. Ihr findet Ehre. O Könige, Muluk, Amire, Malik, Sultane! Sagt Bismillahi r-Rahmani r-Rahim und ihr werdet Ehre finden. Allah schützt euch. Stattdessen sagen sie: Amerika schützt uns, Rußland ist auf unserer Seite.. Schande auf euch dafür, daß ihr das sagt! Unser Herr, mögest Du einen Meister senden, der uns auf Deinem Weg gehen läßt. Laß uns nicht zu denen gehören, die das Bismillah vergessen. Wir sagen: Bismillahi r-Rahmani r-Rahim. Sie schafften es ab, und die Barakah der Nation ist weg. Unsere einzige wertvolle Sache ist weg. Wir sind ganz arm und trocken. Möge Allah uns vergeben. Wir sagen: Bismillahi r-Rahmani r-Rahim. Ya Rabbana ya Rabbi ghfir wa rham wa Anta Khayru r-Rahimin. Ad-Dinu Nasiha. Dies ist ein guter Rat. Wer ihn annimmt, nimmt ihn an. Wer ihn nicht annimmt, mag sich abmühen. Wer ihn nicht annimmt, wird leiden. Allah Allah Allah, Subhan Allah, Sultan Allah.

Rabbu l-Jalil, der Majestätische Herr, läßt diejenigen, die Ihm dienen nicht elend, mein Sohn. Sie sind stark. Möge Allah uns nicht von Seiner Tür weisen. Mögen wir mit Seinem Majestätischen Namen leben und Stärke finden, mit Majestät bekleiden. O, wer sagt 'Wir sind Muslime', vergeßt es nicht! Sie wollen uns unsere Religion vergessen machen. Sie erfinden neue Wege. Sie sind alle ohne das Bismillah. Weil sie ohne das Bismillah sind, faßt keiner von ihnen Fuß. Sie sind alle wie Müll. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Tawba ya Rabbi. Tawba ya Rabbi, Tawba Astaghfirullah. Bismillahi r-Rahmani r-Rahim: der Schlüssel, der die verschlossenen Türen öffnet, der die Schätze öffnet. O Allah, mögen unsere Nation, unsere Leute erwachen! Mögen sie erwachen und das Bismillah nicht vergessen. Möge, wer es vergaß, sich erinnern. Wa min Allaha t-Tawfiq. Al Fatiha. Von uns muß sich niemand angegriffen fühlen.Wir sind kein einzelner Mensch hier. Manchmal machen sie ein Dua, und dieser Mann kommt in 3

Tagen ins Grab. Wenn er nicht aufrichtig wird, geht er in 40 Tagen zum Friedhof. Richtet eueren Weg aus, sonst werdet ihr einer nach dem anderen genommen werden. Sie sollten es unterlassen. Tawba ya Rabbi, Tawba ya Rabbi, Tawba. Fatiha. Amin ya Rabbi.
As-Salamu Alaykum, Diener Allahs. Möge Allah euch gute Tage sehen lassen. Hast du für mich gelesen, Shaykh Mehmet Effendi? Lies für mich, mein Sohn. Allah segne dich. Nimm mir die Last. Bismillahi r-Rahmani r-Rahim. Kann es eine Hochzeit, Nikah, geben ohne Mahir? SM: Nein. M: Jetzt haben sich die Leute daran gewöhnt. Es kann keine Hochzeit ohne Mahir geben. Wenn du jemanden heiraten willst, solltest du ein Mahir setzen. SM: Wir warnen sie und sagen: Es sollte ein Mahir geben. M: Du sagst es. Ohne Mahir, kann es keine Nikah geben. Bestimme ihr Mahir für sie. Wenn sie es freiwillig aufgibt, ist es okay. Aber es ist das Recht der Shariat. Mögest du geschützt sein, mein Sohn. Mögen wir euere Gesichter mit Gutem sehen. Möget ihr Löwen sein. Fürchtet euch nicht. Verlaßt euch auf das Bismillah. Es kann alles auf den Kopf stellen.

## The Entire World in Less than an Atom

••• ••••••• •••••• ••••••• •••••• •••••••••••

L`a yusalu `ammaa yaf`alu wa hum yusa'loon. He cannot be questioned for His acts, but they will be questioned (for theirs). (al-Anbiya, 21:23)

••••• ••••••• ••••••• ••• •••••

inna Allaaha yaf`alu maa yashaa. Allah carries out all that He wills. (al-Hajj, 22:18)

••••• •••••• ••••••• ••• •••••••

inna Allaaha yahkumu maa yureed. He commands what He wills. (al-Ma'ida, 5:1)

Our Lord says, "It shall be like this!" Can we then say to our Lord, "It shall not be so!" Can that happen? What tark adab, bad manners! Men like us ask this and that from Allah Almighty. Is He a store, that He gives you this and that? He is Allah, Jalla `azhaamatuhu wa laa ilaaha ghayruhu!

He orders an atom, "Give what the whole universe asks!"

Allah (swt) is making us go around inside an atom. The world is like an atom, 70,000 times smaller and 70,000 times lower than an atom. Allah Almighty can even create something 70,000 times smaller than that,

and the whole world can run or walk around in it, as He is Allah Almighty!

••••• ••••••• •••••••• •••••• •••••••

inna rabbaka fa`aalun limaa yureed. Your Lord is the (sure) Accomplisher of what He plans. (Hud, 11:107)

I am ashamed, O my Lord! O Lord, O Allah! May You assign one of Your servants who may guide us to and teach us Your Way as we don't know; we have not learned anything. Each one coming made us confused and we have fallen into this confused way. If You will, even one of Your ants can guide us to You, O our Lord! Allah, Allah Subhaana Hu! Laa ilaaha illa-Llah Muhammadun Rasoolullah!

O Mankind! Mankind is so ignorant!

•••••• ••••••••• •••••••••••• ••••• •••••••••••• •••••••••••• •••••••••••• ••••••••••• ••• •••••••••••• •••••••••••• ••••••• •••••••••••• •••••••••••• ••••••• ••••• •••••••• ••••••••

Inna aradnaa 'l-amaanata `ala 's-samawaati wa 'l-ardi wa 'l-jibali fa-abayna an yahmilnahaa wa ashfaqna minhaa wa hamalaha 'l-insaanu innahu kaana zhalooman jahoola. We did indeed offer the Trust to the Heavens and the Earth and the Mountains, but they refused to undertake it, being afraid, but Man undertook it. Verily, he has proved a tyrant and a fool. (al-Ahzab, 33:72)

"Zhaalam" is "oppressor," while "jahoola" means "extreme ignorance," the ignorance of all Mankind! Both are attributes of the ego, nafs. What can we do? Tawbah yaa Rabbee, tawbah, astaghfirullah, astaghfirullah. Bismillahi 'r-Rahmani 'r-Raheem.

## Worlds of Imagination and Dreams

Dastoor yaa Sayyidee, yaa Sultan al-Awliya! Madad, yaa Saahib al-'Imdaad. A`oodhu billahi min ash-Shaytani r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.

We must hurry to begin, saying, Bismillahi 'r-Rahmaani 'r-Raheem, because it must be the title for every meeting, and every meeting must be for the pleasure of the Lord of Heavens, Allah Almighty. You must not be heedless. Therefore, Prophet (s) is advising and ordering his nation to begin everything, every action or every moment, with Bismillahi 'r-Rahmaani 'r-Raheem. Bismillahi 'r-Rahmaani 'r-Raheem makes a servant to be an awakened servant, not heedless. Heavenly support never reaches heedless people. If one is not saying, Bismillahi r-Rahmani r'Raheem, he is heedless and, therefore, left to himself or herself. What can he or she do with his very short possibility, very short activity, very short power?

Everyone has been given a battery to use in this life, but if he is not asking to reach heavenly power stations, day by day the power of that battery becomes less and less, until you are going see that person as finished, like a walking dead figure. Now, generally speaking, people are dead figures, not alive, because their batteries have reached the limit of their physical beings which only gives limited support. After that they finish, and the battery loses power. Therefore, those who are imprisoned in their physical beings are never thinking or never interested in spiritual, heavenly support. They are going to come down and down until they are

finished and vanish. Now you may say 99% of people are in such a way, like dead figures walking on Earth, day-by-day coming down and finishing. But for those to whom heavenly support comes for their spirituality, they are living batteries asking to reach toward Heavens, to touch and reach their main positions where divine, heavenly power runs in them. Therefore, they do not get tired nor do they show a vision of a dead figure, no.

All prophets and awliyaa, saints, never show a vision of a dead figure. Others do, and day-by-day they are coming down. Therefore, I am hurrying to say first, a`oodhu billahi min ash-Shaytani 'r-rajeem, to clean the way. Then saying, Bismillahi 'r-Rahmani 'r-Raheem. That it is to first put a switch there to have running power. Therefore, all dead figures' representatives will be taken away in Armageddon, finished! Living dead figures will be taken away. Satanic powers can only affect dead figures; satanic teachings or drive never work on people if they are not dead figures. Satanic affects, movements, or activities pass only on dead figures, and for living figures it is prevented, never giving a way to assault you with satanic hegemony, no.

Therefore, ahraar, free people, awliyaa, are free from any satanic affect; they cannot be affected. That is a preface for Shaykh Abdul Jalil, may Allah bless our meetings and give us good understanding, which can only come through the ways of saints. You can't reach the skies without a plane, with which your figure goes up. If you are not using a plane, you can't go up. If you are not using spiritual power from saints, you can't reach your heavenly stations. SubhaanAllah! Endless, absolute glory is for Allah Almighty, Ta'ala, the Most Exalted! Now we are asking from our heavenly headquarters to give us, to awaken our spirituality. Sometimes I am looking, seeing two cars close to each other and a wire is connected from one to the second one. And you can see or hear nothing but after five minutes, they are saying, "It is okay now." Before five minutes, it was not moving but after that, it starts to move. Unseen, untouched, unheard power comes through that wire, from one car to the other. We can't see it, hear it or touch it, but after a while we say, “It's okay and moving."

Therefore, in these associations, when you are making rabitah, keeping your hearts with our grandshaykh--Saahibul Majlis, Owner of the Association, by whose name this meeting is coming into existence--you may ask, "Why are you not saying this meeting is going to come in existence by Allah?" Allah (swt) is so big, so great, beyond your imagination! Allah Almighty granted Mankind a mind, and from it all people of the world indulge in their mindly productions! Twenty-first century people use their imaginations to make an imaginary world for children with figures seen on TV and computers. They are making so many things from

their imaginations for children, and cartoon cinema. They are never thinking that if their imagination was useless, Allah (swt) would not have given it to Man!

Why is He giving us the power of imagination if it is useless? He may close that mind and no one can imagine anything, but that means there must be something about it. You have never heard this point before. Is it true, professor?

•••••••• ••• •••••••• •••• ••••••••

Rabbana ma khalaqta hadha baatilan,
O our Lord, You have not created this world purposeless", (Al-`Imran, 3:191)

"Worlds of imagination," for what is it created and granted to Mankind, if it is without any benefit? Allah (swt) is saying, "I created everything for some purpose and benefit for Mankind because they are My caliphs on Earth." But now people are imprisoning themselves through their five senses and making orders or rules, and pressure on their people, saying, "You must not think beyond this positive knowledge." Yes, finished. By force, you must think that beyond the five senses there is nothing!

Allah Almighty refuses this by giving us unlimited, untouched worlds of imagination. And imagination gives Man endless areas to run on, to live in, to be in that imagination. But they are forcing people by saying, “Beyond our positive knowledge you must not believe anything.” What about dreams? Dreams are another world, untouched. Anyone can see without using his eyes, can hear without their ears, can run without their legs, can touch and catch without their hands. What is that, I am asking. How are you forcing people to say that there is nothing beyond positive, touched worlds, to ignore that? What about the world of imagination and dreams, which have philosophical basis. This is a way so people understand. I am going to destroy the falsehood of those "positive-thinking" people! If there is no meaning for dreams, Allah Almighty would never grant them to Mankind! Animals and no other creatures, not even angels, dream. Only Mankind has dreams, and when they awaken, if it was useless then Man would have never been granted the ability to imagine! Therefore, there is another untouched world for imagination.

We are coming to this point: we said Allah Almighty's Greatness is beyond and beyond and beyond! If you can link countless "imagination worlds" to each other, you may find Allah Almighty's Reality is beyond that.

Any point you reach where you conclude, "At this point I know Allah," He is not that, because anything you can understand cannot be Allah (swt)! He is beyond our imaginings! Therefore, even if you link the imagination of countless people and creatures to give a sample of Allah Almighty's Greatness, you still can't reach it, because that greatness is never the same as the Greatness of Allah Almighty! It can never and will never be!

Therefore, don't say Allah Almighty will give that power to His servants. The grant to one blessed person is like an atom from endless oceans of power from Allah Almighty, and that smallest point from endless oceans may drown everything. From endless Greatness Oceans, the smallest of the smallest points, smaller than an atom, may fill universes, and through that smallest mass of an atom, billions or trillions or quadrillions of universes swim! This is just to give an example for His Greatness on our level to understand; you can't speak more than that. Haddi 'l-makhlooq, the limit of the creature can never reach, hadda 'l-Khaliq, the Reality of the Creator, even through imagination! Everything is granted to us only on our creatures' level, and that will never be at the Creator's level.

May Allah forgive me.

Therefore, the perfect adab for everyone is to ask for and look for an authorized person. You can't find all the springs; you must search for where they are, for they are not everywhere, no. The heavenly springs are only on the level of Creation, not beyond. Millions or billions or trillions of Heavens may come into existence solely by His order, "Be!" People, particularly Christians, make posters to show our Lord, astaghfirullah, trying to make the Creator on the level of creatures! What is that? Finished! And now Muslims can't understand what we are saying, and their thinking is like the Christians' thinking.

May Allah forgive us. Allahu Akbar, Allahu Akbar, Allahu Akbar wa lillahi 'l-hamd, for the honor of His most beloved servant, Sayyidina Muhammad (s)!

Fatihah

## The Worldwide Loss of Mercy

(Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah. As-salaatu wa 's-salaam `ala jamee`il-anbiyaa wa 'l-mursaleen, salawaatullahi wa salaamullahi `alayhim ajma`een, wa man tabi`ahum bi-ihsaan ila yawm ad-deen. (Mawlana Shaykh sits) Madad yaa... madad ... mala'ika... (arabic) ... ikraamihi wa ... bi saahibul waqt. thumma salaatu was-salaamu `alaykum yaa RijaalAllah, yaa `ibaadAllah. We are asking support from Allah, from awliyaa, and from Qutb az-Zamaan, to bring forth Sahib az-Zamaan and to bring down unbelief in this dunya!

As-salaamu `alaykum, yaa `ibaadAllah! Most people in this world understand English; therefore, if we are speaking a little of bit English, they may understand, if they are not drunk. Mostly western people are drunk and eastern people are in-between being drunk and not. Some of them are saying, "We must be drunk," and others are saying, "We must not be drunk. " When they are drunk, we may take everything from their pockets! They must understand, they are drunk because they are drinking the love of this life that is not permanent. It is a temporary life making western people drunk, and after them it is making the Muslim world to be drunk, also. And if you are looking you will see from east to west, from north to south, that Shaytan is making them to drink from the love of this temporary life and to be drunk. Very few people are not drinking,

they are refusing, but Shaytan is going around saying, "O, you must taste this drink! It is such a strange and powerful medicine to take away your sorrows and unhappiness. Taste a little bit!" When they taste it they will be drunk, na`oodhu billah!

O People! From east to west, north to south, the first command from the beginning of life for the Children of Adam, from that day the first prophet, Adam (a), said, "O my children! I did a wrong thing. I was happy in Paradise, but I listened and heard, and I thought Shaytan was my best friend. He advised me, and I kept him as my adviser, but I was wrong to make Shaytan my adviser. I was in Paradise, living an ever-sweet life, whose beauties, pleasures, and tasteful ni`mat, favors of Allah you cannot imagine! Then that one came to me and said, 'O Adam! Keep me as your adviser. For what? I am coming to say something that is not clear for you. Your Lord is preventing you from eating from that holy tree in Paradise, and I know the secret behind why Allah Almighty made it forbidden for you to eat from it. This is shajarat al-khuld, the Tree of Eternal Life, that is never going to be finished! It will be there forever and its secret, from which your Lord is preventing you, is that if anyone eats from it, they will never die and never get out of Paradise, they will always be here! Therefore, He made it haraam, forbidden for you to eat from it. Eat and you will be here forever, never getting out!'"

That was the adviser coming to Sayyidina Adam (a), but he said, "No, it can never be!" And when it was hopeless with Adam, Shaytan came to our mother and said, "O Hawa! I advised Adam and he did not accept from me, but you can make him believe in me. If you eat from that tree you will be in Paradise forever, never dying or passing away!"
Our mother said, "I cannot do it."
"Please, listen to my advice. If you only take one bite without swallowing, only tasting, it is enough."
Then Eve, our mother, said, "O Adam! What is your opinion about that adviser?"
He said, "O Eve! Get away! The Lord of Heavens prevented it, so why are you insisting on it?"
"O Adam! Please, only one bite!" she said.

Laa hawla wa laa quwatta illa billah. Laa hawla wa laa quwatta illa billah. That is Shaytan's advice to our grandmother and grandfather. All holy books teach that incident in order to inform Mankind. It is written in the Old Testament, the New Testament, Psalms and the Holy Qur'an. Ptuuh (spit) on Shaytan!!! I am shouting at him because he wants to bring people to Hell!!! Everything that was covering their bodies fell

down. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. And everything was shouting at Adam and Eve when they became disobedient to their Lord, Allah Almighty! (Mawlana Shaykh stands and sits) Allah Almighty said, "O Adam! You were a disobedient one to My order, get out!" And everything in Paradise said, "Get out, O disobedient one! You have no respect for your Creator and you are following Shaytan, so get out!"

That was Shaytan's advice to the first man. Therefore, Adam (a) said to his children, "O my children! I did wrong because I did something against the holy commands of my Lord. I did it and listened to the advice of Shaytan, but now I regret it. You must not listen to Shaytan! I was in Paradise, but now I am in this world full of troubles! Only those who are against Shaytan will be under heavenly protection, and they will be happy here and Hereafter! If not, you are going to be punished here and Hereafter."

That is the advice of Adam to his sons and grandsons up to the end of this world, but now what is happening? We are living near to the Day of Resurrection. Yawm al-Qiyamah is approaching and you are looking from east to west, from north to south, that all of Mankind is in endless trouble. They are unhappy and under heavy pressure from the Earth, on their physical beings and on their souls. And you see all Mankind has just fallen into an ocean of troubles, because Shaytan is making them drunk, saying, "Be drunk a little bit to save yourselves from trouble, as without drinking you cannot save yourselves."

Everyone is running after prohibited things. If you are saying, "It is haraam," they are saying, "You don't understand!" You will understand what will happen when your soul is taken out from your physical being and you will see when you are put in your grave, but it is going to be too late! No one is listening now. The whole world is drunk, asking to save themselves from troubles and miseries by following Shaytan's advice to drink. Some of them are shouting like dogs, like donkeys, like wolves, or like so many kinds of animals. They think, "Ohhh, we are on a high position! Every trouble has left us and we are happy now." That is happening now on Earth! They are not coming to obey their Lord's holy command, "Don't be drunk with the urine of Shaytan." Whoever drinks alcohol is drinking the urine of Shaytan! Every night Shaytan leads them to drink, tawbah. What shall we do with the Turks? They are all drinking!

In the time of the Ottomans they never gave any permit for selling or consuming spirits, but now people are running to be westernized. What are they doing? Our government says, "You may do this," and now in countries throughout the Islamic world, you my find that they are making drinking halaal, permitted! And all

of them are also running to be westernized people and governments. Wait a little, and there will come on you what never came on other nations. I am not sending from the Heavens or from under their feet, but I am making you enemies to each other. Even in a home, a wife sees her husband as an enemy, a husband sees his wife as an enemy, and children are enemies to their parents in such a way. There is no more mercy in their hearts!

O Mankind! Time is over and now a heavenly punishment is approaching all people. Only those who are running to Allah Almighty will be saved and others will be punished here in the graveyard and on the Day of Resurrection! May Allah forgive us.

O People! After one week it is going to be the New Year for the Muslim world, Hijri, migration, and the year 1432 is coming. Muharram is coming loaded with unexpected punishments, and not millions but billions of people will be taken away! Beware, O Mankind! Come and obey your Creator, Allah Almighty, (Mawlana Shaykh stands) and try to obey the holy order of the Heavens through the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh sits) May Allah forgive us.

Yaa Rabbee! Give us a sultan to save the Muslim inhabitants, and send us madad as-samaa, heavenly powers to support us against Shaytan! Send us a sultan to destroy everything Shaytan puts in front of people, making them not believe and not follow the ways of prophets. May Allah forgive us.

Fatihah.

(Baya`)

## The Worst Characteristic Is to Say, "I Am Here"

Allah, Allah. SubhaanAllah. Madad yaa RijaalAllah, dastoor. (Mawlana Shaykh stands.)
Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Dastoor.
Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana.

And we are saying, "As salaamu `alaykum, (Mawlana Shaykh sits) yaa Saahibu 'l-Waqt, who has been granted full control on this planet, dunya. We are asking also for his permission to address all nations, as a warning from heavens to all Mankind. And we say, "As salaamu `alaykum yaa `ibaadullahi 's-saaliheen." We are giving our salute to all who are following the holy orders of the Lord of Heavens, our Creator, Allah jallah jalaallahu. (Mawlana Shaykh stands and sits.)

O our Attenders! As-salaamu `alaykum! You may attend or not. If you are coming to attend this humble declaration, you will be happy. Just going to be taken from you... (a child walks through the holy assembly.)
•••••• •••••• ••••••••• •••••••• •••••••••
Inna lillaahi wa inna `ilayhi raji`oon,
verily to Him do we belong and unto Him shall we return. (2:156)

If someone in our meeting making useless things, it is cutting the heavenly connection. Don’t do things that

are cutting down heavenly connections!

O People! We must keep a discipline that has just been sent down from Heavens to Mankind, and it is from heavenly discipline to say, a`oodhu billahi min ash-Shaytaani 'r-rajeem, and then to say, Bismillahi 'r-Rahmani 'r-Raheem. That is also a heavenly discipline that we have been ordered to keep, because Mankind has been created as proud ones, meaning, they are not easily leaving their pride and coming to follow someone. The most difficult thing is for Mankind to follow someone or to be on a second stage; that is the most difficult thing for our egos. And we are saying now, a`oodhu billahi min ash-Shaytaani 'r-rajim. That is heavenly discipline for all Mankind beginning with the prophets, and it includes everyone in this Creation; they must keep that discipline and they must learn, because servants can't do everything they like. A servant is that one who follows his owner; servants are under the commands of their lords. The Lord of Creation is Allah Almighty (swt)! He has Absolute Lordship; it is only for Him Almighty! (Mawlana Shaykh stands and sits).

O People! The Lord of Heavens is the only One Who may grant some of those among His creatures something from His Lordship as He likes. No one can be lord or can have lordship from themselves. That is mentioned through all holy books and it is also mentioned in the Last Message from heavens to Mankind, through the Last Messenger, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) He was granted the Holy Qur'an, a last message to teach people about their positions, because through Man's creation a shaytanic touch is coming on them and Shaytan is trying to make everyone say, "'Ana, I am this one! This means you say I am the Lord!" Impossible! That is the worst characteristic from Mankind, to say, "I am here." But Shaytan is insisting to make people say, "I am this one, I am that one." That means, "I am also a lord!" They haven't the right to say, "I am this one," or, "I am that one," yet they are claiming this because shaytanic teachings are on that point, to say, "I am this one." Shaytanic teachings only make people claim, "I am that one." Why? “Because I am a king,” or, "Because I am president," or to say, "Because I am commander-in-chief," or, “Because I am chief of all armies, I am saying that I am a Lord!" You are not a lord! Every teaching now on Earth is to making that point, to make people say, “I too, am a lord!” Absolute Lordship is only for Allah (swt)! (Mawlana Shaykh stands and sits.) We are only slaves. Until you say, "I am a slave," you are going to be with Shaytan and be his follower. You are going to be a supporter of Shaytan, and that is the most important point.

O `ulamas! Are you teaching your students or your followers that point or not? If you are not teaching them, you are going to be punished on the Day of Resurrection. Learned people, `ulamas, carry the first responsibility. That responsibility was given to them to teach, "O People! Your egos claim that you are a lord, you are claiming that you are lord, do you think that a lord needs a WC?" You are claiming to be a VIP? You must still ask, "Where is the WC?", so how can you claim to be a VIP? What is that? You are such an important person, that means you are a lord; if you are a lord then why are you going to the WC? Teach people! Salaf us-Saalih, teach them in such simple words to make them understand that they must stop being proud! Teach them that Allah Almighty is never happy for someone to be proud. If he is proud, he can't enter Paradise. Yes, you must say something that is important for people to learn and to know about themselves, and to know about their Creator, Allah Almighty! (Mawlana Shaykh stands and sits.) Every teaching now is only to make youngsters claim, "We have a certificate from Oxford... we graduated from Nelson... we are from Cambridge University." That means you are claiming, "We are VIPs." Because Shaytan is blowing through their bodies and with that shaytanic blowing, they are getting bigger and bigger and bigger, and then they think, "We are something!"

O Muslim `ulama! And those Salafi `ulama who claim, "We are Salafi `ulama," why are you not making Man's position clear? Do you think that holy books were sent to give Mankind artificial greatness? Why are you not making clear, “O People! When you are claiming greatness, it is artificial." Real ones belong to heavens and as long as you are on Earth, Shaytan is pumping through you that you are someone, that you are such big ones, such important ones, that you are lords on Earth. Yet the reality is to say, "The only Lord is Allah Almighty, no one else!" (Mawlana Shaykh stands and sits). Shaytanic claims are artificial, they are not real. You must try to break that egoistic greatness; you must break it down and take it away from people. For that purpose, Allah Almighty is sending His holy ones from the heavens, to break down imitated greatness and imitated titles from Mankind, and to bring them to their true level, of saying, "O our Lord, we are Your servants!"

Allah Almighty says in the Holy Qur'an about the grandfather of prophets, Sayyidina Ibraheem, peace be upon him, and his work that he did, that `Ibraheem's nation, the nation of Nimrod, were keeping idols that represented their egoistic pride. And Sayyidina `Ibraheem (a), said, "O my nation! I am going to break down your idols!"

O Learned People! Doctors of Shari'ah, `ulama Azhari 'sh-Shareef! Do you think that Allah (swt) was telling fairy stories through His holy books? No. Through Sayyidina Ibraheem's (a) story, He was saying what really happened. Sayyidina Ibraheem (a) said, "I am going to break down all idols, because through those imitated idols you are claiming you are lords but there is only one Lord, Allah Almighty (swt)." (Mawlana Shaykh stands, Mawlana Shaykh sits). Allah Almighty was not sending holy books as fairy tales or storybooks, but for teaching.

O People! Because everyone has idols within themselves; they are keeping them and looking after them carefully, so that no one touches their idols. So that means until they are breaking your idols, they will fight and kill if anyone tries to break their idols. And the Lord of Heavens is teaching that you must break down your ego's idols. "If not, you are not My servants, you are slaves of Shaytan. Go away!"

O People! Mutlaq, Absolute Lordship, is only for Allah Almighty (swt), Who never created His servants for them to say, "I am also a lord." No, no, it can't be! Therefore, when Seal of Prophets (s) was returning from battle, he would say, "O my Companions! We have just finished wars with armies that are on the wrong way, and we have been granted victory from Allah Almighty (swt)! Now we are returning victorious, but we are beginning a new fight with an enemy that is the worst among enemies."
"O Rasoolullah! O our beloved Prophet! Whom are they?"
And the Seal of Prophets (s) said, "We are making that jihaad an-nafs."

O `ulamas! Did you ever try yourselves to fight against your egos? No, and that is making people here without respect from heavenly beings! And on the Day of Judgment you are going to be thrown in the Fire for your bad actions and your bad intentions!

O People! Leave claiming this or that for your ego! Don't think that the clothes you are wearing give you a right to say, "I am this one," or, "I am that one." No! Leave that and dress in the dress of servants. Then your Lord, Allah Almighty, jalla jalaallahu, will dress you in the dress of servanthood that He likes for us, and He doesn't like any other dress. May our Lord forgive us. As-salaamu `alaykum.

Fatihah.
(40 minutes)

(Mawlana Shaykh prays two raka`ats shukr.)

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

## What is the worst thing in any religion?

What is the worst thing in any religion? Kufr. That is the worst. What does this mean? To cover, to conceal Reality so that no one sees it. In other words, the worst thing in any religion is to tell lies. Every religion declares that God Almighty has cursed liars, "That curse is for liars. This is from beginning up to end, and this is right" (la'nat-llahi 'ala-I-kad-hhibin).
The second rightly-guided caliph, 'Umar ibn al-Khattab, may God bless him, said, "Even during the time before I became a Muslim I never told a lie. Then how could I tell a lie after I accepted Islam? I would think, 'What is the value of a lie?' Nothing. No value for a lie. When a person tells a lie, his value, when it is known he is lying, becomes nothing. Therefore I never told a lie before coming into Islam, and it is correct that whoever lies, his value becomes nothing."

Islam says that faith never goes together with lying; one of the two must go. If a person has faith, you can't find him lying. If he lies, he has not faith. Therefore, lying is cursed by every religion and God curses liars. I am asking Divine protection from being liars in our faith and in our actions, our deeds and our dealings, from all the troubles which appear from lying. Lying is the source of troubles among people. If everyone keeps to truth, not lying, there will be no more problems among people and among nations and among religions.

Then, on the same level, kufr means to cover, to conceal reality, to cover truth. If anyone covers truth and

realities, we must say that he lies and, therefore, he will be cursed by God Almighty. Now, all religions in our time, what do they say about the Prophet (saws) of Islam? What are their ideas?

When they deny the prophethood of Muhammad (saws) they are lying and curses are landing on them, from beginning to end. They also say that Muhammad (saws) was a wise man. Yes. They accept that he was a wise man, and that is true. Therefore, when they say that he was not a prophet, they are lying. When they say that he was a wise man, they are being truthful. They can't deny that he was a wise man, because any wise person must accept that he had wisdom, that he brought wisdom. If a person brings only one bit of wisdom, he is considered to be a wise person. What about beloved Muhammad (saws) who brought millions of pieces of wisdom?

They claim that Muhammad (saws) dictated the Qur'an from himself. Leave aside millions of Traditions, each Tradition bringing so much wisdom just about the Qur'an, the Glorious Qur'an. Yet, they must say that he was a wise person. If they say that he brought the Qur'an from himself, even that is enough to say that he was a wise person because no one who is not wise can bring such a book.

When a verse would come to him, he would recite it at the walls of the Kabah, the House of the Lord, the House of the Lord of Abraham. This is well-known in other religions. The Jewish people know it and Christian bishops know it. Even if common people do not know it, still bishops and rabbis know that it is the House of the Lord of Abraham, although they write in their books, "The House of the Lord of Jacob." Before Jacob, He was the Lord of Abraham. but they want to change it. If they said "The House of the Lord of Abraham," then it would be well-known, but they are covering it up.

That is kufr. It is not a lie, but covering truth and showing it in another way. Jacob was the grandson of Abraham, peace be upon them both, and Abraham built the House of the Lord of Makkah. The descendants of Abraham from Ishmael came to that House. They were poets, well-known poets. They would hang up the most famous poems by the most famous poets. For so many years one of their poems hung on the Kabah. No one could bring anything like that poem. But when the Qur'an began to come and the Prophet (saws) recited the first verse when it came, then they took down that poem, saying, "This new one is like the sun of writing and this is like a candle." Beside God Almighty's words, it was no more than a candle by the side of an endless, shining sun. Therefore, they quickly took it down. The Qur'an is such a glorious Book that no one can

produce even one verse, one sentence, like it. It says, addressing all people, all the children of Adam, "I am the word of your Lord. You must believe in me because no one can produce anything like me. If you are unable to do that, you must believe that I have been sent by your Lord, from your Lord's Divine Presence." Therefore every wise person must believe that it has been sent by the Lord of the heavens because people can't produce even one verse of it, and it is filled with wisdom.

Now in Europe, in museums, so many precious books are kept. Here also, in the British Museum and other famous European museums, they have manuscripts of the Holy Qur'an and writings about the Holy Qur'an's meanings. See what was the situation before the coming of the Qur'an and what happened after it came, so that no one can deny that Muhammad (saws) was a wise man. If they accept that he was a wise person, it is part of wisdom not to be a liar because wisdom keeps a person from lying.

This must be well known. If you are a wise person you can't tell a lie. Then what about that person, Muhammad (saws)? His sayings and actions generated millions of Traditions, sayings, all of which contain perfect wisdom. He brought a Book filled with wisdom and endless knowledge. As a sign of the endless wisdom and knowledge in the Qur'an, in libraries in the Islamic world, you can now find millions of books (and millions more were also destroyed for various reasons) whose base is the Qur'an. We have now millions of precious books, precious wisdom and knowledge, and the main source is Umm al-Kitab, the Mother of Books, which means the Mother of All Knowledge, the Mother of Wisdom, as a source. that is the Qur'an. Then how can you say about that person who brought it from his Lord that he may be a liar?

They are saying it. Muhammad (saws) said, "I am the prophet of your Lord." How can you say about him, "You are liar," when that person has spoken millions of pieces of wisdom? If a person brings only one piece of wisdom you can't say that he is a liar.

Then what about these people, Christians and Jews, who deny his prophethood? They must be wrong-minded people or they must be envious people, as mentioned in the Qur'an. Yes. They are envious people. Therefore, a curse has come upon them, and the result of that curse is that the Devil's kingdom has been established on earth because they are supporting satans by saying about Muhammad (saws) that he is not a prophet. If they say that he is a prophet, they must follow him.

Therefore, all troubles that have appeared on earth and are continuing will go on to now become a fire-

festival, a fire-celebration, over the whole world. As Nero burned Rome to enjoy himself, now all the satans who have established their kingdom throughout the East and West will burn the whole world with fire that can't be extinguished by water or anything else. For this reason, a Grand Shaykh, who is well-known in western countries, Muhiyuddin ibn al-Arabi, a giant-sized saint, a worldwide personality, was saying in his books, books which are full of wisdom (I am taking from his oceans, from Muhammad's oceans (saws). I am taking wisdom that still western scholars can't understand, never finding a solution for that wisdom - he was saying that at the end of this world, when the Last Days are approaching, there will be a fire, a fire burning on earth. If all the oceans could fall upon that fire, it would be impossible to extinguish it. Only the swords of a Divinely-appointed Sultan, ruler, can extinguish that fire.

The Holy Books also mention the Messenger Muhammad (saws). Every Holy Book before the Qur'an also mentions him. People may be liars, but even they can't change the realities in Holy Books. They can't hide the realities in Holy Books. It is impossible. There is a saying in our language that if there is a spear in a sack, you can't keep it there. It must cut its way out. Therefore, they may want to hide it, but it is well-known that a Sultan will come at that time to extinguish that fire from earth because it is going to burn our planet. And that is the reason why they are lying about Prophet Muhammad, (saws) and that is the punishment for them - fire.

Therefore, God Almighty fights against liars. All the prophets, peace be upon them all, fought against liars. All believers have fought against liars. A curse falls upon liars. The Prophet (saws) said, "The one who deceives or cheats us is not from our nation" (man rashana fa laisa minna). If the Prophet (saws) says he is not from his nation, he is not going to be from the nation of any prophet, and thus he is going to be from the nation of the satans.

Therefore, the biggest sin on earth in the Divine Presence is to lie, to conceal realities, to cover truth, and to change the direction of people. The Kabah is on this side, but you show it to be on the opposite side. People are asking to reach their Lord's Divine Presence but you say, "This is not the right way." Then what is? Such people are not from the nation of any prophet but they are from the nation of satans and that is all.

Western people must look once again at the personality of beloved Muhammad (saws), particularly now in our time. They must think about it. At every time they want a new way of thinking, looking for so many ways

to take the whole of mankind out of miseries, but each time they are unsuccessful, just as God Almighty mentioned in His Book, the Glorious Qur'an, that when the children of Israel were rebellious to their Lord, their Lord imprisoned them in the desert of Sinai. And they said, "What kind of a prison is this? There are no walls surrounding us, no guards (like in Berlin, watching people, nor barbed wires ). We are free. We can go anywhere. We can escape. Who says we are not in prison? Let us move from this place and get out." Then, they walked from morning up to night time, walking, walking, walking. In the evening they came tired, sweating. Then the sun set and they saw that they were sitting at the same place from which they had started.

What has happened? The whole day we have been walking, walking, to escape, and now we have come back to the same place where we started. Tomorrow we must change our direction. Today we started from this. Tomorrow morning we must go from that side. We must escape. Then going, going, walking hard up to sunset. At sunset they sat down, waiting, so tired, at the same station where they started. What is this - going, turning, coming back to the first station? For forty years they were imprisoned, every day starting but never getting out and always coming back to the first station.

People now claim that they are wise, but they are not such wise people because every time they move they do not search for the true path to go on it. They try every way, try every idea, except that which Muhammad (saws) brought. They do not try that way. Yes, try, up to the end of this world, To where will you come? You will come back to the same troubles, falling into the same pit, falling into the same hell, always falling; yes, trying to climb out and then falling down. As the Prophet (saws) said, "As long as nations go against my way, there will be only degradation (dhillat) and dispiritedness (maskanat) for them." The beloved Muhammad (saws) is true in his every word, every saying. That is all. I am asking forgiveness for me, for you, for them, and saying, "I seek God's forgiveness" (istighfar Allah). We are giving our endless praises, highest praises, to our Lord Almighty and saying, "Praise belongs to God, praise belongs to God and thanks be to God" (al-hamd Allah, al-Hamd Allah wa shukr Allah).

# Ein Wort von Haqq

(Engl.: WordOfHaqq)

Bismillahi r-Rahmani r-Rahim. Allahu Akbar, Allahu Akbar, Allahu Akbar Wa Lillahi l-Hamd. Allahu Akbar Kabira Wa l-Hamdulillahi Kathiran Wa Subhana Allahi Bukratan wa Asila, La ilaha illa Allah wa Allahu Akbar. Allahu Akbar wa Lillahi l-Hamd. Allahumma Salli Wa Sallim Wa Barik 'Ala Habibika Sayyidi l-Awwalin Wa l-Akhirin, Sayyidina Muhammadin (saws). Wa 'ala Alihi Wa Sah'bihi Wa Man Tabi'yhu Ila Yawmi d-Din. Astaghfirullah, Astaghfirullah, Astaghfirullah wegen jeder Sünde und wegen allem, was gegen die Regeln des Islam ist. O Allmächtiger Allah, gib uns Verstehen. Wir leben in den schwierigsten Tagen. Und die Geschehnisse deuten auf die Nähe des Gerichtstages hin.
Allah (swt) sagt, Astaizzu Billah: "Aqtarabati s-Sa`atu Wa Anshaqqa l-Qamaru" (54:1). Von den Leuten verstehen einige und andere dagegen verstehen nicht. Allah (swt) machte es den Propheten (as) deutlich, daß die Stunde erscheinen wird (der Gerichtstag wird stattfinden). Und die Leute werden zum Gerichtstag gerufen. Das wird in allen Heiligen Büchern erwähnt. Und alle Propheten (as) sagten es und erklärten es und machten es den Dienern des Herrn deutlich, was aus der Menschheit am Ende werden wird. Und was uns erreichte vom Propheten (saws),

dem Meister von Anfang und Ende. Er ist ein Prophet (saws) und ein Gesandter und hat die Prophezeiung und die Botschaft, den Heiligen Quran. Ihr Leute! Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Und besonders für die arabischen Gläubigen, da der Prophet (saws) über den Gesegneten Heiligen Quran zwei einfache Dinge sagte: 'Darin sind Nachrichten über die vorherigen Nationen und die kommenden Nationen.' (Hadith) Schluß! Ihr Araber, denkt darüber nach. 'Darin sind Nachrichten über vorherige Nationen.'

Vom Beginn der Menschheit, wie es begann, Sayyidina Adam (as) und seine Nachkommen, wie es begann und sich verbreitete. Es wird im einzelnen dargestellt. Und es ist auch bekannt, wie am Anfang der Welt die Menschen auf die Erde kamen, und wie es begann in den Himmeln. Tausend Bücher wären nicht genug, um die Einzelheiten des Beginns der Menschheit zu beschreiben. Vom Beginn der Zeit des Propheten Adam (as) bis zu unserer Zeit jetzt sind die Nachrichten im Heiligen Quran. Auch gab der Prophet (saws) in seiner Prophezeiung Nachrichten vom Unsichtbaren darüber, was über die Menschen kommen wird in dieser Welt, wie die Situationen und Menschen sich wandeln von einem Zustand in den anderen und dann auch, wie sie enden. Es wird erwähnt in den Himmlischen Büchern und alle Propheten (as) sprachen besonders darüber und übermittelten die Nachrichten. Die vier Heiligen Bücher, der Gesegnete Heilige Quran, die Ehrenwerte Torah, die Ehrenwerte Bibel, die Psalmen sprechen über die Angelegenheiten dieser Welt vom Anfang bis dahin, in welche Richtung es geht und bis zu welchem Punkt es gelangt und wo es aufhört. Wie es begann und wie die Dinge dieser Welt enden werden. Die ganze Menschheit, die Gläubigen und alle religiösen Menschen wissen das alles. Niemand von den Leuten der Heiligen Bücher kann das leugnen. Hasha! Sie alle wissen und verstehen es und glauben daran. Subhana Allahi l-Aliyi l-Azim.

Und jetzt sind wir in der Zeit des Propheten des Zeitenendes (saws). Dies ist seine (saws) Zeit, die ihr Ende finden wird, wenn die Trompete geblasen wird zum Tag des Gerichts. Wir befinden uns in der Zeit des Propheten des Zeitenendes (saws). Unser Herr ließ nichts im Verborgenen, verhüllt oder ohne Erklärung. Alles ist verstanden, nicht verschlossen, am Beginn der Dunya, und das Leben dieser Welt endet am Gerichtstag. Dann richtet der Herr der Himmel Seine Diener und bestimmt, wer in die Himmel und wer in die Hölle gehen wird. Das ist der Schluß. Aber, ihr Gläubigen, Shaytan sitzt nicht herum und tut nichts! Er verfolgt die Menschen, die Gläubigen und Propheten (as), die Heiligen Allahs und die Himmlischen Bücher mit der Absicht, die

Kinder Adams (as) ins Verderben zu stürzen, ihr Leben und ihren Glauben zu zerstören, so daß sie im Höllenfeuer enden. Das ist das Streben Shaytans und derer mit ihm, seiner Schüler.
Es wird erwähnt in der Prophezeiung des Propheten (saws) des Zeitenendes, daß es dies und das geben wird, dies und das... Ihr Gläubigen, seid auf der Hut. Weshalb vorsichtig sein? Seht euch vor.. Ergreift Vorsichtsmaßnahmen gegen Shaytan und seine Verbündeten und ihre Täuschungsmanöver. Seid vorsichtig, so daß euch kein Schaden treffen kann in euerem weltlichen Leben oder am Gerichtstag. Das ist die Schlußfolgerung von allem, über das die Gelehrten sprechen können. Diese Angelegenheit, an die alle Gläubigen glauben. Dies ist eine detaillierte Beschreibung oder eine Zusammenfassung dessen, was gesagt wird. Und der Prophet Adam (as) und all seine Kinder, Noah (as), Ibrahim (as) und seine Kinder und Enkel bis zum Zeitenende. Das wird gesagt und muß von allen Menschen geglaubt werden. Es ist eine Pflicht für sie zu wissen, wie alles begann mit den Menschen und wie es enden wird, das Ende der Menschheit in dieser Welt. La ilaha illa Allah, Sayyidina Muhammad Rasulullah (saws). Sagt: La ilaha illa Allah, Muhammad Rasulullah (saws) und ihr werdet gerettet. Ihr werdet gerettet hier und im Jenseits.
Dies sind einige wenige Worte, um die ganze Menschheit im allgemeinen zu ermahnen. Dies sind vielleicht 10 Minuten, die wir gesprochen haben, um die Menschheit zu ermahnen. Jeder soll seine Lage hier und im Jenseits einrichten. Wer immer in seinem Leben glücklich sein will und für immer zu den Bewohnern der Himmel gehören will, "Inna l-Ladhina Amanu Wa Amilu s-Salihati Kanat Lahum Jannatu l-Firdausi Nuzulan" (18:107) "Khalidina Fiha La Yabghuna Anha Hiwalan" (18:108) Ihr Leute, glaubt daran und ihr werdet gerettet in eurem weltlichen Leben und in euerem Jenseits. O unser Herr, gewähre uns Tawba und gewähre uns Verstehen und Gefolgschaft und gewähre uns Glauben, der auf die Propheten (as) kam, besonders den Propheten des Zeitenendes (saws). Alhamdulillahi Rabbi l-Alamin. Fatiha. Dahinter sind Dinge, die ich jetzt nicht tragen kann. Insha'Allah gibt es eine Gelegenheit und Madad vom Eigner der Madad, um darüber zu sprechen und die ganze Menschheit zu ermahnen, zu den Bewohnern der Himmel zu gehören für immer und in alle Ewigkeit. Ihr Leute, hört zu und versteht. Wenn ihr versteht, muß es euch zugute kommen. Fatiha.

**Wrong directions are wrong ways**

Destur, ya Sultanu-l Anbiya, Destur, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...By the Name of Allah Almighty, all Merciful, most Beneficent and most Magnificent...

It is an association. May Allah grant us something from His endless Favours to keep ourselves on His servanthood level, not to go on wrong directions. Wrong directions are wrong ways, reaching to Dunya.

When the Children of Israel were getting disobedient to their Lord, (when) they were refusing the Holy Commands of Allah Almighty, Allah Almighty (was) punishing them 4o years through the dessert of Sinai. 4o years. They did wrong and therefore they had been imprisoned. If you are not doing wrong, (you are) not going to be imprisoned. And it was their jail, prison.

They were sleeping in that prison, (it was the) first night, then they were saying: “Oh, now (the) sun (is) rising, we are looking and seeing everywhere, every direction. We are seeing (that) this place is a free prison- no guardians, no wires, no barbed wires, every direction we are looking it is an empty land, we are seeing that it is not a prison that Moses (is) saying (that) his Lord (is) imprisoning us through this land. We are looking it is not an ordinary prison, that means it is only as a symbol- outlooking looking like prison, but it is not (really a prison). Symbolic prison. Name is prison but it is not real prison.” They were sitting like you, heedless people, heedless heads and they were saying, big Rabbis: “We must not be here, we must move to get out”... each ones beard more than X’s beard...”We must move to find our ways from this prison, to make ourselves free! So that, oh tribes of Children of Israel, free march, we must move!” And they were beginning. Coming their provisions from Heavens, eating, drinking and they were saying: “We must not sit here, we must try to find our way out from this symbolic prison.” And they began. Beginning, from morning marching, walking,

running to find their ways out of that land of Sinai. They were going, going, going, and beginning from sun rising to sunset. (Then) they were coming, looking: “Oh, we are on same place.” Then they were saying: “We must look tomorrow other directions, we are (yet) not using that direction, we must use another direction to get out”, and second day they were beginning a new march to get out from that symbolic prison. But really it was a real prison.

(The) first wrong thing of them was to think that it is a symbolic prison, they were not thinking that the Lord of Heavens has Power and Will to do everything as He wills! They were not thinking on it that who is saying that place to be prison for them that is not like themselves. Wrong thing! And they were running to get out and to jump or to get over the Will of their Lord- to jump and to run away. They were thinking to run away from that prison.

Another sin, another wrong, another big mistake, another big sin for them (was) to think that they may jump over the will of that One who (was) imprisoning them there. They were not thinking, they were saying: “We may get out.” Another bad manner, big sin; they were not coming to say: “Tubna wa raja’na illa-llah! We are mistaken, our Lord, You save ourselves!” Saying: “No, it is only symbolic prison, we may get out!” Allah Allah! Look! And they were under the teachings of S.Moses, Musa, a.s. And Musa a.s. was knowing that (the) punishment must continue, but they were not coming to say: “Musa, we are going to get out. What you are saying? What is your opinion?” No, they were saying like democratic people: “Get out, no need to ask Prophet!” And 4o years every day (they were) making another mistake, another wrong thing that (was) making the punishment from Allah Almighty to be fixed on them, not to be taken up, until all of them died and (were) buried on that land.

(The) biggest wrong or (the) biggest mistake for them what was it? (The) biggest mistake, (the) biggest fault for them? They were asking a direction, a way for their physical beings to be free; they were not asking the ways that (are) reaching to their Lord Allah Almighty! If they were asking (that), just that (same) night they should find themselves out of that prison! But 4o years they were asking a way to save themselves from that land to another land for the pleasure of their physical being, because they were unrest, unhappy and (there was) no peace for them. That feelings (that) are coming to every prisoner, just fell on them and they were thinking only for their physical being to save their physical being from that heavy burden, from that dark place, from the atmosphere of prison; they were asking only for their physical beings pleasure and peace. They were never asking... that all was wrong way, every direction they were moving was similar to the past direction and they were all moving on (the) same wrong direction. Even they were using

different ways, but it was wrong directions; only were asking to save their physical being from that dessert and to be free with their physical beings to reach pleasure of their physical desires and to ask for their physical being a peace.

They (were) never thinking on (the) right direction that (the) right direction was only one: to Allah! Without moving 4o years on 4o.ooo directions- if 4o million directions, all directions were wrong directions! And (the) right direction, true direction for saving themselves from the heavy burden of prison, to make them free from that prison, was only to direct themselves towards their Lord Allah Almighty. One (way), no need (a) second (way)!

And now, oh people, (the) whole world (is) imprisoned on this globe and (they are) making everything global, and (they are) using hundred or thousand kinds of directions that their imagination (is) bringing them into their minds and they are looking to find a way to save themselves (from) what now (the) whole world fell in it- Allah Almighty (is) imprisoning (the) 21st century people. All of them and all governments (are) running to find a way to release themselves from the heaviness and darkness and violence that they (are) saying: "Violence (is) climbing for the reason of terrorism" and everywhere terror seeds (are) just planted and growing up and they are not knowing what they can do; they are using so many ways to stop it- it is impossible. From (the) beginning (they are) on wrong ways, therefore no result. As long as looking and seeing: instead to come down, that (terror is) growing up, because they are using countless imaginated directions through their mentalities to stop it and it is impossible.

(The) only right way, right direction (is) to turn to the divine Presence of the Lord of Heavens and to say: "Oh our Lord, save ourselves!" As long as they are not coming to say: "Oh or Lord, save ourselves", Allah Almighty is leaving them as He left the Children of Israel through the dessert of Sinai. All of them passed away and then (He brought a) new generation. Allah Almighty (was) ordering to be taken away (every disobedient one) and (then those), whom (they were) asking their Lords pleasure, their Lord's pleasement, their Lord's peace, (when they were) doing this, that time (for the) new generation Allah (Almighty was) sending them (Prophet Yusha a.s.) and taking them away from that prison and giving them honour, because they were saying: "Oh our Lord, save ourselves!"

21st century people all of them (are) heedless- Muslim world and Non-Muslim world, because they are not asking, not taking up their hands to say: "Oh Lord of Heavens, save ourselves from this bad situation, worst situation, from terrorism and violence!" As long as they are not saying (this), all of them should pass away. That time (the) Children of Israel were (only) one handful people, now (the) all world (is) on wrong direction,

asking to save themselves, (but) it is impossible. Wrong directions countless, right direction only one: to say: “Oh our Lord, save ourselves!”

They are so proud people living now on earth. Everyone (is) claiming to be a Nimrod from king-size to miniature-size. Allah should take them away and (should) remaining on earth only (the) new generation, whom they are asking Lords pleasure and contentment, asking their Lord’s favours. They should be saved and granted what they were asking.

May Allah forgive me and bless you to understand that point that never going to finish. That is the key what we are saying now.

You heard (about) the prison of Sinai but today’s inspiration coming on it is just the declaration of truth and also it is a warning, heavenly warning for mankind on earth, that they should be under heavy punishment from Heavens to come on them and to save themselves, to carry themselves from this life to graveyard, as people whom they were with Prophets were saved and others just taken away.

Now a handful people asking from Allah Almighty (from) His endless Power Ocean to involve and to take away that ’sharr’, that cursing, to close down cursing, because cursing (is) coming from Heavens and (it is) growing under the feet of mankind.

I was hearing today that there was a hurricane coming to the capital of Turks- that never take any care for their Lords Commands- coming and taking one area away. That is a warning, that means: “Oh mankind, we are here! Any time we may come on you and we may take all of you! If I am sending a big hurricane, (it is) taking all of you inside and carrying you to an ocean, to sea, and leaving you inside and going to be your capital empty, and your houses empty and in ruins!” That is big warning that happened to Turkish government firstly.

May Allah forgive us and send us for His chosen and powerful, heavenly powered servants to take away wrong ones and to bring people (to the) right direction and (the) right direction (is) only towards their Lord Allah Almighty. For the honour of the most honoured one in His divine Presence, S.Muhammad sws, Fatiha.

Lefke, 20.06.2004, transcribed by Khairiyah Siegel

## Wrong Steps, Right Steps

We must try to correct our steps if they are wrong. Satan was the one who started to step in the wrong direction. People who use wrong steps will be thrown away. Allah the Almighty never lets people go without punishment if they use wrong steps. Divine Justice records and registers everything. If anything is wrong with you, it will be punished. In the same way you will be rewarded for every right step. Allah asks you to step in the right direction. He knows that we are very weak servants. When you feel weak, you must ask for Divine Help.
When Muhammad* was in the Divine Presence he begged Allah , "Don't leave me in the hands of my ego. It is so powerful and forces me to do wrong steps. Please grant me right steps!" This is what you must ask for. If you do, you will get whatever you ask Allah for, here and in the hereafter.

Once Harun Rashid was with his beloved servants and said to them, "Take whatever you want from here!" It was a huge hall full of treasures. They ran to get what they could. Only one of them got a hold of Harun Rashid and said that he was not interested in anything else but to be with him.

Ask what you want from Allah, but those who are on a perfect level will only ask for Him. Whoever loses the main aim is on a wrong path. The people of the 20th century are very far away from this. They only want this life. They are like cattle content with a little grass. They think that they are civilised, but they have the level of

animals, instead of angels. They prefer the toilet to Heavens. When will they start to think about Allah the Almighty and His Divine Presence? May Allah grant us to ask for that which is precious.

## Wrong Ways

...He is like a lion. I will destroy shaytan and his followers, with the permission of Allah. As-Salamu Alaikum O our holy listeners! Of course those who listen to holy words receive their blessings and become holy.
Shukur Allah, shukur Allah, He (swt) made us wake up alive and healthy. I have a prayer: O Lord, may You not make us confined to bed Ya Rabbi! You created us for Your servanthood. May You grant us power for Your servanthood. You are the Sultan from pre-eternal up to eternal. Who are we? What are we? O our Lord! You still glorified us and called us "My servants". We call You "Our Sultan". Our Sultan, Our Subhan. You are the Subhan, You are the Sultan, You are the Most Glorified One O Lord! A group of people belonging to shaytan who have no value, no honour are out to disgrace Islam! Let them try. They will see what will come on them from now on.
Salam Alaikum. Bismillahi-r Rahmani-r Rahim, we may draw the sword of the Bismillah. Draw its sword and don't fear. Allah Almighty granted us the sword to repel shaytan and his followers. Bismillahi r-Rahmani r-Rahim. O our Lord, la ilaha illa Anta Subhanak! Wa qina adhaba-n nar. O Lord, power and qudrah and magnificence belong to You. What are we? Bismillahi r-Rahmani r-Rahim.
Shaytan, says "No, I will make Your servants animals for myself". Really? So dunya is given into your hands? People come and beg "Accept me! Write me in your book". Since they come and apply for it, since they come and beg to shaytan "write me also in your book" so he writes. And onto each one of them he puts a saddle and then releases them, "Go now". "What will we do?" Your work is corruption". "Yufsiduna Fi -l 'Ardi" (2:27). "'Ataj`alu Fiha Man Yufsidu Fiha Wa Yasfiku Ad-Dima'a" (2:30). Angels knew. Angels said "O our Lord! A nation which will make

corruption and will make the earth upside down is coming among them". "I know" He (swt) says. "I know" says Allah Dhul Jalal. You are Subhan O Lord. "I know, but there are servants whom I will appoint to discipline them, to teach them adab". All of them came with the sword of Bismillahi r-Rahmani r-Rahim; the Prophets (as).

He (Adam) said the Bismillah and landed on Sarandib. Prophet Ibrahim said Bismillahir-Rahmani r-Rahim and was saved from the fire. Prophet Noah said Bismillahi r-Rahmani r-Rahim and was saved from drowning. Among the past nations Prophet Abraham, the father, the ancestor of the Prophets (as), was saved from the fire of Nimrod by saying Bismillahi r-Rahmani r-Rahim. And Noah (as) was saved by saying Bismillahir-Rahmani r-Rahim. "Bismi Allahi Majraha Wa Mursaha" (11:41)

O Allah, Your Name is the most high. Who keeps Your Order is Your servant. When a person makes service for such a Sultan, can he ever have troubles? They ask "Whose friend is he?" "This one is the government's man. He is the man of the ruler, or the Bey, or the Pasha". They take pride in this. What is their work? What is their pride? His pride is in being "the man of the president, or the man of the minister, or the man of this mayor, or the man of this Pasha..." They say like this: Don't lean against a wall, it can collapse. Don't lean against a tree, it can tip over. Don't rely on Beys or Pashas, they can pass away. (Rely on) Allah Jalla Jalaluhu and those whom He (swt) sent. The people like us have no attribute, no power. But the Prophets He (swt) sent, and the distinguished servants; try to be close to them. They teach you adab. They may teach you the Bismillahir-Rahmani r-Rahim and I turn the world into a garden of roses instantly. Wa Huwa `Ala Kulli Shay'in Qadir. Our Lord, our Subhan, our Sultan. Bismillahir-Rahmani r-Rahim. Before it reaches to the nun, Kun Fayakunu. He (swt) says "Be!" and it becomes before kaf reaches to the nun.

This is a word according to the level we are in, O son. We can't go beyond it. This is an ocean. For this we say; if one spoke about the Bismillah for a thousand years, for a million years, for a billion years he spoke for the endless power oceans of the Bismillah... Bismillah, the Holy Name of Allah Dhul Jalal. Allahu Akbar. O our Lord, mankind leaves this now and accepts being animals. They don't make sajda but accept being animals to shaytan. Can they ever find goodness then? They call it madjaz. What they call madjaz is that they put the grapes which got old in a cube and they compress it. They crush it, press it...With some of it they make dessert, or

with some of it, they make vinegar. We call this crushed, compressed thing madjaz. There is no more grape bunches left in it anymore, all of it is in that cube. Some of it becomes a provision which is halal. Some of it becomes the drink that Allah Almighty prohibited. Now dunya also has became madjaz Shaykh Mehmet Effendi, our son. Shaytan made the world as madjaz. Who speaks is not obvious, who listens, who understands is not obvious. Who works is not obvious. There is no one asking who he is, there is no one who asks, "To Whom am I related? I exist in this existence. Who is He that brought me into this existence? Who is my Master?" Even animals know their masters. They know their owners. But the great Man does not accept Who created him. If you don't accept, you become madjaz. Whole world is madjaz now. They turned the huge world into an unusable place. This huge earth; if you collect all the people on earth and put all of them next to one another, they can't even fill Arabia. The rest would be left empty. Along with this, they became madjaz. "It will be yours, it will be mine..." Yahu "Wa Lillahi Mulku As-Samawati Wa Al-'Ard- And to Allah belongs the sovereignty of the Heavens and the earth". Why do you claim it? Something may hit him all of a sudden and that person falls dead. Finished! What is this wildness? "What can we do Shaykh Effendi? Shaytan put us in the place of animals, took the whip in his hand too and he continuously whips us. We have no strength left from his constant whipping. We are all in a terrible situation because of his constant whipping".

Allah did not create you to be animals to shaytan. Allah Dhul Jalal made you His Deputy on earth. He (swt) ordered His Holy Name to be mentioned, He (swt) ordered His Holy Name and His Holy Orders to be kept. And He (swt) made you descend to earth with the rank of honour, calling you "My Deputy". And you leave this, you go and become an animal to shaytan, become a donkey to shaytan? "What can we do, we are bewildered". Well, shaytan has 'bawl', they call it urine. Who drinks it becomes drunk. And when he gets drunk, shaytan gets on his neck and starts whipping; he whips until he falls exhausted. O Man! You are created to be the Hazrat al-Insan, who is made to have a distinguished station among the creation, who is created as the Deputy of Allah on His earth. The rank you will be given... The rank that will be given to you on earth is zero! Allah Almighty already dressed you, He (swt) already dressed you a rank. "Wa 'Idh Qala Rabbuka Lilmala'ikati 'Inni Ja`ilun Fi Al-'Ardi Khalifa"(2:30) Allah Almighty said to the angels: "I will make a Deputy on earth". We can't say beyond this. There is power in this. "Fi Al-'Ardi

Khalifa". He(swt) did not say "Khalifati". "I will make a deputy on earth". It means, I will create an honoured creation who keep My order and will send him to earth Allahu Akbar.
Mankind, "Wa lakad karramna Bani Adam. We have honoured the Children of Adam. I dress on them the rank". You leave this and be an animal for shaytan! You enter the hell shaytan appointed. You enter the dirty life and then call it "high society life"! The high society life is the life which is the WC of shaytan, that shaytan does all over their heads. He doesn't leave any of them. "You, come here and I get on your back! You, come here..." Women and men, all of them became animals to shaytan. Shame on them! "No! Don't listen to him" says shaytan now. "You are making my service. I give you honour. I dress on you the honour of dunya". And he did, dunya became madjaz. Aman Ya Rabbi. May You save us from this humiliation.
We are calling now: "Is there anyone who can save us?" There is, there is. But they can't think of looking for them yet. They look for them on earth but they come from the Heavens. Such holy ones will be sent who are appointed from the Heavens, who know about the Realm of Malakut, to correct the earth. The rest will be swept and thrown away. Finally Gog and Magog will eat them. When Gog and Magog come, they won't leave anything behind from the mankind. They will eat all of them. May Allah not show us those days. What can we do? This is a sohbat, they make us speak to create some awareness. It is not that I look and study from books and prepare something. But they call it tuluuat (inspirations), they call it appearances. We have advice ready to be spoken which can make the world reach safety. The permission is given to such a helpless servant like us to speak the words that will be heard.
We may say Bismillahi r-Rahmani r-Rahim. How beautiful! How beautiful, how nice. There is no trouble or sorrow left in us. I am My Lors's servant! I am a small servant of My Lord Who is the Absolute Owner, Absolute Sultan of the earths and Heavens. I am a small soldier of that Sultanate, to make all that shaytan wants to do and his corruption of mankind fall on his own head! This is my mission. I don't live for anything else, only to keep my Lord's order and to destroy shaytan's sultanate. With what can you destroy? Bismillahi r-Rahmani r-Rahim. Allahu Akbar Allahu Akbar Allahu Akbar wa Lillah al Hamd. When he draws his sword with Takbir, their techonology becomes zero in the first Takbir, becomes ashes. Their planes won't fly, their fleets won't float. Their soldiers, cannons, weapons; he cuts them off instantly. It is soon.
Shaytan made the nations go too wild. He will make them kill each other and then sit on the top

saying "Well done! I took my revenge from the children of Adam. I made them injure one another and corrupted all of them like this. They can go to hell now if they like. I took my revenge" says shaytan. He strives for this.

May Allah protect us from the evil of shaytan. We have power. Even if there are 1000 shaytans, when you say Bismillahi r-Rahmani r-Rahim, when you say "audhu Billahi min-ash shaytani-r rajim", even if there are 100 000 shaytans, they will all be under our feet. But people don't listen to the Prophet's word (sas). They become madjaz and they will become even more. New generations will come. This is a rubbish generation, they will throw away these ones. Allah Almighty will send a new generation, all clean. When you look at their faces, you will see men who shine like the sun. When Mahdi (as) comes, it will change. When Prophet Jesus comes, whole dunya will be in such a happiness and merriment for 40 years. Don't even ask. May Allah make us reach those happy days.

No matter how much we spoke of the Bismillah, it is impossible to finish its blessings. It is not possible! Shukur our Lord that He (swt) inspires us and makes us recite the Bismillah Prophets recited. "Iqra' Bismi Rabbika Alladhi Khalaqa", was it not like this? "Read! In the Name of your Lord" it says, but these people read in the name of shaytan. Can they ever find goodness? He(swt) will make them madjaz. Birds and insects will eat their dead bodies. We hope that Allah will not make us from them, as well as all mankind. For this I am calling to them: say Bismillahi r-Rahmani r-Rahim. Say! Say and you get saved. Allah (swt) sends from His unseen armies. Mercy is descending. It will come down strong, Sh Mehmet Effendi. No need to plant, grow anything. The Maidah/table will come down. The table will come with such prosperity and blessings that no one can imagine. With what? Bismillahi r-Rahmani r-Rahim and here you go, the table comes down.

The Christian nation... Look at the lack of mind in the disciples. These ones show great respect for the disciples, look at the minds of the disciples. What did they say? "Can Your Lord send down a table from Heaven?" Did your Lord make a kitchen upstairs? Is there a restaurant upstairs that He (swt) sends down to you and you eat? We hit them too, we speak about those mindless disciples too. What is this? He (Jesus as) is such a great Prophet and you ask him this? They say "Your Lord", they can't say "Our Lord". Their ways are wrong. Who say now "We are the nation of Jesus", all of their ways are wrong. They draw the disciples in Heavens. Look at

their minds first! Such a great Prophet that we cannot describe his glory no matter what we say. And you come and tell him "Can your Lord send down a table for us?" Is there a kitchen upstairs? Is there a kitchen or restaurant upstairs? And they draw the disciples in the Heavens. This is how little mind the disciples had.

The 12 disciples, this is how little their minds were. They said "Your Lord", they couldn't say "Our Lord". They couldn't say "Our Lord" but said "Your Lord". "Hal Yastati`u Rabbuka 'An Yunazzila `Alayna Ma'idatan Mina As-Sama'i" "Rabbuka", they couldn't say "Our Lord". Don't you have anything else to ask for? You asked the Lord Almighty for a table. Is that what you should ask for? So this is what Christianity is. They are still running on it. Your ways are wrong! All the disciples said "Your Lord". They couldn't say "Our Lord"! They didn't say "Hal Yastati`u Rabbuna", but "Rabbuka" to Prophet Jesus, they are asking him. And look at what they asked: "Can He (swt) send down a table for us?" Is there a restaurant upstairs? Whose table was it that you ate at downstairs? Whose table was the one downstairs? Was it shaytan's? Allah Dhul Jalal's table is in front of us everyday. They still ask from the Heavens. It is coming down from the Heavens! Wrong! The path of Christianity is totally wrong! There is nothing right about it. Even the disciples said "Your Lord", they couldn't say "our Lord". Allah Allah, you couldn’t get used to saying "Our Lord?" What kind of thing is this?
And now whole world says "Christianity". What is Christianity? What power do you have? Is this with your weapons? If we say "Allahu Akbar" once, it can make it all upside down! The power of the simplest believer, Shaykh Mehmet Effendi. "Hal Yastati`u Rabbuka". Say "Rabbuna"! Say Rabbuna. They couldn't say. Everywhere disciples are mentioned with his name. Always disciples, disciples... What disciples? Their mind is this much! Look at what they wanted! They asked for a table from the Heavens. What you have downstairs is not enough that you ask from the Heavens? Is there a restaurant in the Heavens? Why do you still ask from him? Whose table is it that we eat every day? "Wa Ma Qataluhu Wa Ma Salabuhu" (4:157) Then they attacked him, to kill him. They think it is an easy thing, and he was crucified. What crucification? Allah Almighty would allow His Great Prophet to be crucified, Allah Dhul Jalal will allow this? Astonishing. They made a cross and the man on the cross, they said "Here, this is your god" Wrong, dunya is on the wrong way.

There is nothing right in the Christian World. The Jews go on and off. They are like a candle that goes on and off. Islam has the Sun which never goes off. It has a sun. We are lions! We can destroy! "Who are you?" "I am nothing.I am nothing but there are those who can". But He (swt) allows it now to discipline the people: "Fight each other. Become madjas. Then Gog and Magog come and eat you". You don't recite the Bismillah? Ya'juj and Ma'juj, is it Gog and Magog? Let them come and eat you. They are coming. They will eat them. O Muslims, open your eyes. Allah dressed you the highest honour. He (swt) dressed it on the others too but they made it all messed up. All of the Prophets had the Bismillah. Can't be without the Bismillah. O our Lord! The glory of Your Beloved (sas) is in the Seven Heavens. Your Dominions cannot be measured. All of them have the seal of "Muhammadur Rasulullah". But they don't appreciate it, especially these Turks. "Ittakhadhu min DuniLlahi aliha" They left Allah and took (aliha) gods for themselves. Therefore even if its expression is hard, they make us say it: they will be madjaz. You will either raise, raise the flag of our Glorious Prophet (sas) or all others outside of his flag will be madjaz.

O people! I am nothing but look to Who makes me speak, not to who is speaking. There are dragons. We are nothing, I only have the power of an ant. But there are dragons. There are dragons of the Muslims, of Islam who sit quietly like this, upon adab. He sits upon adab, he is a dragon too (Sh Mehmet Effendi). He doesn't sit in vain, when he comes he hits me (inspires). So there is power. When he says "Fire!", it reaches from East to West and dunya is finished. Ya Rabbi tawba Ya Rabbi, tawba Ya Rabbi.
May Allah Almighty not make us from the ignorant ones, not from who forget the Bismillah. "May we remember your Name first, O Allah! it is obligatory in every action for the servants. Whosoever remembers Allah's Name first, Allah makes his every act easy for him". Say this O who claim to be Muslims. Say Bismillahi r-Rahmani r-Rahim. I don't know, I was told Muslims have some meetings. I don't know if they say the Bismillah or not. There is no goodness in the people who forget the Bismillah, they became trash. O our Lord, tawba Ya Rabbi. Tawba Ya Rabbi, tawba Astaghfirullah. You dressed a glorious dress on us O our Lord. For the honour of the Beloved; he (sas) said "Be Muslims" and we became Muslims. Our honour and glory lie in Islam, but our huge nation removed the name Islam. They don't say "Muslim". What do they say? "Diyanat (Religious) Affairs". What is Diyanat Affairs? Does it have the name "Muslim"?

Sultans would show the highest respect for the Shaykhu-l Islam. With the fatwa of Shaykhu-l Islam, a Sultan could leave his throne. We removed the Shaykh-ul Islam and now call it"President of Religious Affairs". "What authority does he have?" "Zero, Shaykh Effendi what can he have?" Zero. Why? Because peoples' religion went down to zero level. Zero.
Every day fires, every day hurricanes, every day floods. Every day snows, disasters, earthquakes but they can't wake up. While they are rushing there, another man appears here; a man whom shaytan prepared, whom shaytan made drunk, goes and throws a bomb. Now whole nation has nothing else to do other than questioning: Why did this man throw this bomb? If he threw a bomb, take care of the situation and return. Why do you still investigate? "No, I will find out!" What will you find out? One day they find out about you also. That man exploded himself outside, in front of the door. But shaytan can prepare another man like him and he can explode you in your office or in your home too. We seek refuge in Allah. All of them are warnings. What do they call it? Warning, they are warnings. Come to your senses. One day they can explode in front of you also. Because shaytan has many men. There are many men who lost their minds. There are many men who lost their faith because you didn't leave any Islam. You didn't leave and take it now; you run from here to there, there to here... Every day fires, every day all kinds of disasters, accidents... May Allah make us far from it. O Lord, forgive us O Allah.
O Muslims, say Bismillahi r-Rahmani r-Rahim and have no fear. La ilaha illa Allah hasni, wa man dakhala hasni, amin min adhabi. Say "La ilaha illa Allah. It is my castle. Who enters inside My castle will be safe from My punishment". Now sit and say "La ilaha illa Allah" in Ka'aba Al-Muazzama and how many ignorant men come instantly to say "this is bid'ah"? Spit on you! Spit on you and your bid'ah! Is saying La ilaha illa Allah bid'ah? He (swt) will discipline. Now each one of their turns will come. Don't listen to me! Look to Who makes me speak, not to who speaks! All their disciplining is ready. May Allah forgive me and forgive you.
We may say Bismillahi r-Rahmani r-Rahim. O Lord, La ilaha illa Allah hasni, wa man dakhala hasni, amin min adhabi. "La ilaha illa Allah is My castle. Whoever enters in it is saved from My Wrath in dunya and in akhirah" He (swt) says. They say "No, bid'ah! How can you sit and recite La ilaha illa Allah!"? Yahu people became foolish. How can a Muslim say this? If 3 men sit in Ka'aba and recite La ilaha illa Allah immediately they come like zabaniyyah and say "what are you doing? This is bid'ah!". It is fardh! Saying "La ilaha illa Allah" is fardh! How can you say it is

bid'ah? Does BaytuLlah belong to you? How can you come and interfere? But one day your intestines tangle, don't untie and you die. May Allah forgive us.
Al-Fatiha.

## Ya GharataLlah

Audhu Billah min as-shaytan ar-rajim. BismiLlahi r-Rahmani r-Rahim La Hawla wa La Quwwata illa BiLlahi l 'Aliyi-l 'Azim. Ya Rabbi Your weak servant - Strengthen my weakness in the way that You accept. BismiLlahi r-Rahmani r-Rahim Allahu Akbar! Allahu Akbar! La Ilaha illa Llah, wa Llahu Akbar Allahu Akbar wa Lillahi-l Hamd. O Divine Jealousy reach us O Divine Jealousy reach us.

Our way is in association & goodness is in the gatherings. Shah Naqshband Hz. all his life he spoke saying "our way is in association & goodness is in the gatherings." We are seeking & asking to obey with the adab of our Naqshbandi Masters, those who learned good manners From Siddiq (ra) & Siddiq (ra) from Rasulullah (saws). We have reached a time that is very difficult. My Sultan reminded me about many news. First of all O Shaykh Adnan and the presence of Shaykh Bahauddin (Naqshband). In the year 1940 the first meeting or presence of one of them, was in Islambol. One from 313 Saints. The number of Prophets (as). I was astonished, my first vision of these people. They were all wearing turbans with beards; dressed with the dress of Islam. He was maybe over 80 years old. I prayed Tarawih in his mosque. My chest opened and I liked that meeting, that Shaykh Suleyman Al Zurumi, Shaykh Suleyman Effendi.

In his speech he said "Every night you should expect to be Laylatul Qadr & every person to be Khidr (as)." "O brothers, you should know that any night could be Laylatul Qadr, and so you may take its blessings. And every person that you meet could be Khidr (as).Whoever sees him would say it is S.Khidr (as) pay respect to him. Respect the nights & respect the servants of Allah (swt). He was forbidden by the tyrants to give addressings, to make it known he was dressed, the dress of the traditional dress of Sheikhs. On Sunday he used to get up in the Mihrab, standing although he was over 80 years old. He used to say a few words. The first time I heard about S. Al

Mahdi (as) it was from him. I was astonished! He used to say, "O brothers, look, or wait for the appearance of Sahib Al Zaman, Mahdi (as). From the signs of his coming, there will be a war that will be over the whole world, and there will be killing, butchery, fierce battles. It will.....
The world will be divided into two groups and between them there will be a great war. And the people that will be killed are uncountable. Then that big fight will shake Allah's (swt) Jealousy GharataLlah/ Divine Jealousy. The fighting will touch GharataLlah and then Sahib Al Waqt will appear & say "Allahu Akbar! Allahu Akbar! Allahu Akbar! Finish! All weapons will stop. This news is like, what is happening now. I remember he used to say,"wait for that year that year when the war a great war, Armageddon. Then Mahdi (as) will say Takbir & then he will appear."
How many years have passed?
S.A.: 60, 70 years.
Maybe 100 years, 70 years. He used to say... That war, he used to say "that war that war will bring down the Jealousy of Allah (swt). And Allah Dhul Jalal then will Order Mahdi (as) to make Takbir: Allahu Akbar! Allahu Akbar! Allahu Akbar! That is the solution, immediately! The worst of unbelievers are counting on their weapons but, they will not function. With the Takbir of Mahdi (as) it will stop. All that the non-believers are counting on is their weapons, they will stop. Planes will not fly, navy boats... not tanks, navy boats also will not move. All of them will not function.
Order means that, these words are just a preface. The Saints are waiting for the big war "The hour will not come until 2 great powers fight each other & their claim is the same." (Hadith) The Saints are waiting for this. A great war will take place between them. A war that will touch Divine Jealousy. O Divine Jealousy! Reach us! The Saints are calling like that. They are waiting for that time to come. He used to say "wait until between 2 parties there will be a great war that will touch Allah's (swt) Jealousy." It is Arabic. Allah (swt) ordered His Beloved, and His Beloved will order Mahdi (as) to say Takbir! And his Takbir will stop all the weapons that the nonbelievers are relying on. Our words are about GharataLlah/Allah's Jealousy.
How is Mahdi (as) ordered to say Takbir? I was waiting for the Wali to say how, he was the only one in Istanbul, he was not going out of his house, because they forbade him. The tyrant of the Turks, forbade him to wear... to wear the turban, the crown of Arabs, meaning the crown of Islam. He used to say this & he was waiting. The days that we are in, are the days when Imam

Mahdi (as) will appear. A big war will spread all over the world. After a great war, world war, that will touch GharataLlah, then Allah (swt) orders S.Mahdi (as) to say Takbir! And once he says Takbir, all weapons will stop functioning, which the non-believers are relying on. There, there will be a great war - armageddon in the valley of Amuq. (Sham) From the West side will come the Banu Asfar. You know Banu Asfar? The Russians, will come with 80 divisions and under every banner 12.000 soldiers, against the Muslim soldiers, coming from the side of Sham, also 80.000 divisions.

Between them will be a great fight at that time. And Allah (swt) will support the Muslim people and the nonbelievers will retreat, because they are counting on the doings of shyatan. And therefore the Saints are calling - O Divine Jealousy reach us! They will say "The soldiers of shaytan have tortured us. Reach us O Divine Jealousy!" O Divine Jealousy! O Jealousy of Allah (swt)! This is what I am asking for the people to recite. I would like for people to call "O Divine Jealousy reach us! Against the evils of shaytan & of the non-believers. Against the badness of evil people. Reach us!" Let the people say this. O Divine Jealousy! Teach the people in your areas to say "O Divine Jealousy support us! Out of the hand of the worst of nonbelievers, tyrants like Nimrods & Pharaohs." This is what we were asking to teach. This teaching I want to tell you about it, to you O Shaykh! Do not fear. I am a weak servant, I flee from an ant, but you masha'Allah, you are Awliya', you are the soldiers of Allah (swt). Junudullah! The soldiers of Allah (swt). Reach us O soldiers of Allah (swt). They have destroyed Sham & the people of Sham, the tyrants. Support us O Lord! With the soldiers... the soldiers of S. Mahdi (as). Ya Rabbi! Support us O our Lord! O servants of the Lord, O servants of Al Rahman, those who, if they say "Kun Fayakunu"(2:117)... Support us O Rabbaniyin. If you say for something "to Be, it is." (2:117)

But Divine Jealousy, He (swt) wants to take revenge from both sides. Those who are Muslims... Muslims who left Islam & the non-believers who attack Islam, so that they may learn a lesson. This order is ongoing, there will be a fight. Until they gather under the Liwa' of the Beloved. Salawatu-Llah wa Salamu aleyhi. And now it reached my heart, in my soul, like that Saint was waiting, may Allah (swt) raise his station. The war, battle until the Takbir of Sahibu l Zaman (as) & his soldiers that will stop them.

But they are thinking, the Western people, the non-believers, the people of.... the Christians, the

people of the book, that they will succeed. Allah (swt) will show them that Islam is above all, and that they are under our feet. One Takbir, will stop all machinery that the non-believers are counting on. "Bushra Lana Mash'aral Islami Inna Lana Minal 'Inayati Ruknan Ghaira Munhadimi" (Qasida) O Muslim people where are you? Say "O Divine Jealousy reach us!" "O Divine Jealousy reach us! Those worst of unbelievers have tortured us! Call this: O Divine Jealousy reach us! Let them call this there will be a reply. There is a reply, it is coming close.. It is coming close - Armageddon in the land of the valley of 'Amuq. (Sham) 'Amuq, there is not one step further the non-believers will take to enter Sham, it is forbidden.

Teach people to say "Ya GharataLlah Adrikuna!" "O Divine Jealousy reach us!" "Ya GharataLlah Adrikuna!" And Sultan Al Awliya' our Sheikh Hz., based on this he said "there will be a great war, in the valley of Amuq, then the Muslim soldiers will come from Sham. Insha'Allah you become from its pillars. They are coming with Takbir! And all the weapons will stop, stop working & give the good & do not be reluctant. O Divine Jealousy let them call with this, nothing else. Allah Subhana Allah! Support us O servants of the Lord, O servants. Rabbaniyin, Rabbaniyun support us! Repent to Allah (swt) O servants of the Lord & say O Divine Jealousy! Reach us O Divine Jealousy. Do not say anything else except Divine Jealousy, it will reach them.

Mahdi (as) is coming. Those whose steps are crooked, there will remain no trace left of them. The angels will say "How could you be Muslims? The Muslims are dishonouring Muslims? They are dishonouring the Muslim people, killing them. How are you Muslims? Allah's (swt)Mercy will not come down on you but rather His Wrath is on you." How, the enemies of Islam... the enemies of Muslims & Islam, their actions are Batil! False! First of all the afflictions will come down on them. May Allah (swt) protect us. We are from the people of Sunnah & Jamaat. And our calling is "Ya GharataLlah Adrikuna!" That holy one, that Saint in Asitana in Istanbul, my Mawlay sent me there. He sent me there. My first vision, I knew him. So many Shaykhs I have seen, but they didn't leave a trace in my heart. Mawlana Shaykh opened his door to Maqam Hassan Al Jibawi to see, so I said that is what I wanted. So many Shaykhs I met in Aleppo, Hums, Halab my heart was not touched by them, except when I saw Mawlay, Subhana Allah he was wearing a hat on his head & his beard was white. Mubarak! He is an inheritor of the Prophet (sas).

He was an authorized one at the time. When I asked to go to Madina Al Munawwara, he said " I will not give an answer until tonight when the Prophet (saws) gives an answer." He said in the morning, "let him come." In the morning I went at the beginning of fajr. I gave salams & kissed his hand. I never kissed anyone's hand before, all Shaykh, shaykh! But he said I presented you to for Hadrat Al Habib (saws) "O son" said the Prophet (saws) you have no work in my presence but send him to his country with our permission." Make him ready." And from that time on Umm Hiram, Umm Hala Sultan accepted us." I was 7 years old when she placed her hand on my head. For that reason Umm Hiram she is looking at me & correcting my situation. Thanks to our Lord & the Prophet (saws).

O Divine Jealousy support us - say it & nothing else. Ok Adnan Effendi, it is enough for us. It is enough for us, this world is under our feet. Ya Sultan Al Awliya'. O Mubarak S. Suleyman Hz. He sent us there. At that time he was saying to his people he is Qudbiya, hasha! I am nothing. (refering to S. Nazim) Aman Ya Rabbi, tawba Ya Rabbi! We reached this condition & situation. At that time he made me write, Sayyidina Sultan Al Awliya', concerning Jordan, that they will be the weakest country but at the end they will be the strongest. King Abdullah will be... will have 10 countries under his command, including some in Hijaz also. It is a pending right due to the previous one (King Abdullah). Now it is the turn of this King Abdullah II. We ask our Lord to establish & give him strength and to support his orders so he may rule over the Muslim countries up to the holy lands of Hijaz. Jerusalem, The House of Allah (swt) all the Maqams, their keys will be in his hands and when you look at his picture, he has glory!

That message I wrote at the Sharkaz Mufti Effendi, to the late King Abdullah - an advice from RasulaLlah (saws) through Mawlana Shaykh. I wrote it. He told him not to go out for Juma or in public with groups. But he made a mistake and one day he went out to Juma in the Mosque of Al Aqsa, and he was killed, therefore the definite destiny. Insha'Allah we ask our Lord that, it will be the son of his son King Abdullah to be him, the owner of the key to these 10 countries and with him will be Mahdi (as). May Allah(swt) support him & glorify him. Bi Jahi man Anzalta 'Aleyhi Surat Al Fatiha.

And Allah (swt) is witness to what we are saying. May He (swt) accept our duas. I beg Allah (swt) to support me with power so I may reach to Sahib Az Zaman, Mahdi (as). I have passed what was entrusted to me to you. Ya Rabbi Shukr! This, what I have said, is a little clarification about

O Divine Jealousy reach us! Reach us! Say this & nothing else. We do not need cannons nor weapons. Teach people Ya GharataLlah! Allahum... We are sinners but You are Al Qadir Muqtadir. With a mosquito You destroyed Nimrod. Wa Ma Dhalika 'Ala Allahi Bi 'Aziz, who are those? Allahu Akbar! Wa Lillahi L-Hamd. Send us Shah Mardan (ra), Hz. Mahdi (as). Fatiha.

## Ya GharataLlah

---

Audhu Billah min as-shaytan ar-rajim. BismiLlahi r-Rahmani r-Rahim La Hawla wa La Quwwata illa BiLlahi l 'Aliyi-l 'Azim. Ya Rabbi Dein schwacher Diener - stärke meine Schwäche auf dem Weg den Du akzeptierst. BismiLlahi r-Rahmani r-Rahim Allahu Akbar! Allahu Akbar! La Ilaha illa Llah, wa Llahu Akbar Allahu Akbar wa Lillahi-l Hamd. Oh Göttliche Eifersucht erreiche uns Oh Göttliche Eifersucht erreiche uns. Unser Weg liegt in der Gemeinschaft und Gutes ist in der Versammlung. Shah Naqshband Hz., sein ganzes Leben sprach er und sagte "unser Weg ist in der Gemeinschaft und Gutes liegt in der Versammlung." Wir suchen und bitten darum, mit dem Adab unserer Naqshbandi Meister zu gehorchenm diejenigen die gutes Benehmen lernten von Siddiq (ra) und Siddiq (ra) von Rasulullah (saws). Wir haben eine Zeit erreicht, die sehr schwierig ist. Mein Sultan erinnerte mich an viele Neuigkeiten. Zu allererst oh Sheikh Adnan und die Anwesenheit von Sheikh Bahauddin (Naqshband). Im Jahr 1940 das erste Treffen oder die Gegenwart von einem von ihnen war in Islambol. Einer von 313 Heiligen. Die Anzahl der Propheten (as). Ich war erstaunt, meine erste Vision von diesen Leuten. Sie alle trugen Turbane mit Bärten; gekleidet in das Gewand des Islam. Er war vielleicht über 80 Jahre alt. Ich betete Tarawih in seiner Moschee. Meine Brust öffnete sich und ich mochte dieses Treffen, diesen Sheikh Suleyman Al Zurumi, Sheikh Suleyman Efendi. In seiner Rede sagte er "Jede Nacht sollt ihr erwarten, dass es Laylatul Qadr ist, und bei jeder Person, dass sie Khidr (as) ist." "Oh Brüder, ihr sollt wissen dass jede Nacht Laylatul Qadr sein könnte, und so könntet ihr ihre Segnungen erhalten. Und jede Person die ihr trefft, könnte Khidr (as) sein. Wer immer ihn sieht, würde sagen, dass es S. Khidr (as) ist, zeigt ihm Respekt. Respektiert die Nächte und respektiert die Diener Allahs (swt). Es war im von den Tyrannen verboten, Ansprachen zu halten, es bekannt zu machen dass er sich kleidete, in das Gewand der traditionellen Kleidung der Sheikhs. Am Sonntag pflegte er in den Mihrab hinaufzusteigen, zu stehen obwohl er über 80 Jahre alt war. Er sagte ein paar Worte; das erste Mal dass ich

über S. Al Mahdi (as) hört war von ihm. Ich war erstaunt! Er sagte, "Oh Brüder, schaut, oder wartet auf das Erscheinen von Sahib Al Zaman, Mahdi (as). Von den Anzeichen seines Kommens wird es einen Krieg geben der auf der ganzen Welt sein wird, und es wird Töten und Abschlachten geben, erbitterte Schlachten. Es wird... die ganze Welt wird in zwei Gruppen geteilt sein und zwischen ihnen wird ein großer Krieg sein. Und die Leute die getötet werden sind unzählig. Dieser große Kampf wird schließlich Allahs (swt) Eifersucht GharataLlah/Göttliche Eifersucht erschüttern. Das Kämpfen wird GharataLlah rühren und dann wird Sahib Al Waqt erscheinen und "Allahu Akbar! Allahu Akbar! Allahu Akbar! Schluss" rufen. Alle Waffen werden stoppen. Diese Nachricht ist wie das, was heute passiert. Ich erinnere mich, dass er sagte, "wartet auf dieses Jahr, das Jahr wenn der Krieg, ein großer Krieg, Armageddon, sein wird. Dann wird Mahdi (as) Takbir sagen und dann wird er erscheinen."

Wieviele Jahre sind vergangen? S.A. 60, 70 Jahre. Vielleicht 100 Jahre, 70 Jahre. Er sagte... Dieser Krieg, er sagte "dieser Krieg dieser Krieg wird die Eifersucht Allahs (swt) herabbringen. Und Allah Dhul Jalal wird Mahdi (as) befehlen, Takbir zu machen. Allahu Akbar! Allahu Akbar! Allahu Akbar! Das ist die Lösung, sofort! Die schlimmsten der Ungläubigen zählen auf ihre Waffen, aber sie werden nicht funktionieren. Mit dem Takbir von Mahdi (as) werden sie stoppen. Alles worauf die Ungläubigen zählen sind ihre Waffen, sie werden stoppen. Flugzeuge werden nicht fliegen, Marineschiffe... nicht Panzer, auch die Schiffe der Marine werden sich nicht bewegen. Sie alle werden nicht funktionieren. Befehl heißt, dass diese Worte nur ein Vorwort sind. Die Heiligen warten auf den großen Krieg "Die Stunde wird nicht kommen bis 2 große Mächte einander bekämpfen und ihr Anspruch der gleiche ist." (Hadith) Die Heiligen warten darauf. Ein großer Krieg wird zwischen ihnen stattfinden. Ein Krieg, der die Göttliche Eifersucht berühren wird. Oh Göttliche Eifersucht! Erreiche uns! Die Heiligen rufen auf diese Weise. Sie warten darauf dass diese Zeit anbricht. Er pflegte zu sagen "warte bis es zwischen 2 Parteien einen großen Krieg geben wird der Allahs (swt) Eifersucht berühren wird." Es ist Arabisch. Allah (swt) befahl Seinem Geliebten, und Sein Geliebter wird Mahdi (as) befehlen, Takbir zu sagen! Und sein Takbir wird alle Waffen auf die sich die Ungläubigen verlassen, stoppen. Unsere Worte sind über GharataLlah/ Allahs Eifersucht. Wie wird Mahdi (as) befohlen, Takbir zu sagen? Ich wartete darauf, dass der Wali sagte, wie, er war der einzige in Istanbul, er ging nicht außer Haus, weil sie es ihm verboten hatten. Die Tyrannen der Türken verboten him, zu tragen... den Turban zu tragen, die Krone der Araber, das heißt die Krone des Islam. Er pflegte das zu sagen und er wartete. Die Tage in denen wir sind, sind die Tage wenn Imam Mahdi (as) erscheinen wird. Ein großer Krieg wird sich auf der ganzen Welt

ausbreiten. Nach einem großen Krieg, einem Weltkrieg, der GharataLlah berühren wird, wird Allah (swt) S. Mahdi befehlen, Takbir zu sagen! Und wenn er Takbir sagt, werden alle Waffen aufhören, zu funktionieren, auf die sich die Ungläubigen verlassen. Dort, dort wird ein großer Krieg sein - Armageddon im Tal von Amuq (Sham). Von Westen werden die Banu Asfar kommen. Kennt ihr die Banu Asfar? Die Russen werden mit 80 Abteilungen kommen, und unter jedem Banner 12.000 Soldaten gegen die Muslimischen Soldaten, die von der Seite von Sham kommen, auch 80.000 Abteilungen. Zwischen ihnen wird ein großer Kampf stattfinden zu der Zeit. Und Allah (swt) wird das Muslimische Volk unterstützen und die Ungläubigen werden sich zurückziehen, denn sie zählen auf die Werke Shaytans. Und deswegen rufen die Heiligen - oh Göttliche Eifersucht, erreiche uns! Sie werden sagen "Die Soldaten Shaytans haben uns gefoltert. Erreiche uns oh Göttliche Eifersucht!" Oh Göttliche Eifersucht! Oh Eifersucht Allahs (swt)! Das ist es was ich die Leute bitte, zu rezitieren. Ich möchte dass die Leute rufen "Oh Göttliche Eifersucht, erreiche uns! Gegen das Böse Shaytans und die Ungläubigen. Gegen das Schlechte der bösen Menschen. Erreiche uns!" Lass die Leute das sagen. Oh Göttliche Eifersucht! Lehrt die Leute in euren Gebieten, zu sagen "Oh Göttliche Eifersucht, unterstütze uns! Aus den Händen der schlimmsten der Ungläubigen, Tyrannen wie Nimrods und Pharaos." Das ist es worum wir bitten, dass es gelehrt wird. Diese Lehre, darüber will ich dir erzählen, oh Sheikh! Hab keine Angst. Ich bin ein schwacher Diener, ich fliehe vor einer Ameise, aber du mashaAllah, du bist ein Auliya, ihr seid die Soldaten Allahs (swt). Junudullah! Die Soldaten Allahs (swt). Erreicht uns oh Soldaten Allahs (swt). Sie haben Sham zerstört und die Bewohner von Sham, die Tyrannen. Unterstütze uns Oh Herr! Mit den Soldaten... den Soldaten S. Mahdis (as). Ya Rabbi! Unterstütze uns oh Herr! Oh Diener des Herrn, oh Diener des Al Rahman, diejenigen, wenn sie sagen "Kun Fayakunu" (2:117)... unterstütze uns oh Rabbaniyin. Wenn du zu etwas sagst "sei, und es ist" (2:117). Aber Göttliche Eifersucht, Er (swt) will Rache nehmen an beiden Seiten. Die die Muslime sind... Muslime die den Islam verlassen haben und die Ungläubigen, die den Islam angreifen, so dass sie eine Lektion lernen mögen. Dieser Befehl ist andauernd, es wird einen Kampf geben. Bis sie sich unter dem Liwa' des Geliebten versammeln. Salawatu-Llah wa Salamu aleyhi. Und nun erreichte mein Herz, in meiner Seele, als würde ein Heiliger warten, möge Allah (swt) seine Stufe erhöhen. Der Krieg, die Schlacht bis das Takbir von Sahibul Zaman (as) und seinen Soldaten sie stoppen wird. Aber sie denken, die Westlichen Leute, die Ungläubigen, die Leute von... die Christen, die Leute des Buches, dass sie erfolgreich sein werden. Allah (swt) wird ihnen zeigen, dass Islam über allem steht, und dass sie unter unseren Füßen sind. Ein Takbir wird alle Maschinen stoppen auf die sich die Ungläubigen verlassen. "Bushra Lana Mash'aral Islami Inna Lana Minal 'Inayati Ruknan Ghaira Munhadimi" (Qasida) Oh Muslimische

Völker, wo seid ihr? Sagt "Oh Göttliche Eifersucht, erreiche uns!" "Oh Göttliche Eifersucht, erreiche uns! Diese schlimmsten der Ungläubigen haben uns gefoltert!" Ruft das: Oh Göttliche Eifersucht, erreiche uns! Lasst sie es rufen, es wird eine Antwort geben. Es gibt eine Antwort, sie kommt näher... Es kommt näher - Armageddon im Land des Tales Amuq (Sham). 'Amuq, es geht keinen Schritt weiter für die Ungläubigen die Sham erobern wollen, es ist verboten. Lehrt die Leute zu sagen "Ya GharataLlah Adrikuna!" "O Göttliche Eifersucht erreiche uns!" "Ya GharataLlah Adrikuna!" Und der Sultan Al Auliya, unser Sheikh Hz. sagte basierend darauf "es wird einen großen Krieg geben im Tal von Amuq, dann werden die Muslimischen Soldaten von Sham kommen. Insha'Allah werdet ihr von seinen Säulen sein. Sie kommen mit Takbir! Und alle Waffen werden stoppen, aufhören zu funktionieren, und gebt das Gute und seid nicht widerwillig. Oh Göttliche Eifersucht, lasst sie das rufen, sonst nichts. Allah Subhana Allah! Unterstützt uns oh Diener des Herrn, oh Diener. Rabbaniyin, Rabbaniyun unterstützt uns! Tut Buße bei Allah (swt) oh Diener des Herrn und sagt Oh Göttliche Eifersucht! Erreiche uns oh Göttliche Eifersucht. Sagt nichts sonst, außer Göttlicher Eifersucht, es wird sie erreichen. Mahdi (as) kommt. Diejenigen deren Schritte krumm sind, von denen wird keine Spur zurückbleiben. Die Engel werden sagen "Wie konntet ihr Muslime sein? Die Muslime entehren die Muslime? Sie entehren die Muslimischen Völker, töten sie. Wie seid ihr Muslime? Allahs (swt) Gnade wird nicht auf euch herabkommen, eher ist Sein Zorn über euch." Wie, die Feinde des Islam... die Feinde der Muslime und des Islam, ihre Taten sind Batil! Falsch! Zuerst wird das Elend auf sie herabkommen. Möge Allah (swt) uns beschützen. Wir sind von dem Volk der Sunnah und Jamaat. Und unser Ruf ist "Ya GharataLlah Adrikuna!" Der Heilige, dieser Heilige in Asitana in Istanbul, mein Maulay schickte mich dorthin. Er schickte mich dorthin. Meine erste Vision, ich kannte ihn. Ich hatte so viele Sheikhs gesehen, aber sie hinterließen keine Spur in meinem Herzen. Maulana Sheikh öffnete seine Tür zum Maqam Hassan Al Jibawi um zu sehen,

also sagte ich dass ist es was ich will. Ich traf so viele Sheikhs in Aleppo, Hums, Halab, mein Herz war nicht berührt durch sie, außer als ich Maulana sah, Subhana Allah er trug eine Mütze auf seinem Kopf und sein Bart war weiß. Mubarak! Er ist ein Erbe des Propheten (sas). Er war autorisiert zu der Zeit. Als ich ihn darum bat, nach Madina Al Munawwara gehen zu dürfen, sagte er "Ich werde dir keine Antwort geben bis heute abend, wenn der Prophet (saws) eine Antwort gibt." Er sagte am Morgen "Lasst ihn kommen." Am Morgen kam ich zu Beginn des Fajr. Ich gab Salams und küsste seine Hand. Ich hatte nie irgenjemandes Hand zuvor geküsst, allen Sheikhs, Sheikh! Aber er sagte ich präsentierte dich zum Hadrat Al Habib (saws); "Oh Sohn" sagte der Prophet (saws), "du hast in meiner Gegenwart keine Aufgabe außer ihn mit unserer Erlaubnis in

sein Land zu schicken. Mach ihn bereit." Und von dieser Zeit an akzeptierte uns Umm Hiram, Umm Hala Sultan. Ich war 7 Jahre alt als sie ihre Hand auf meinen Kopf legte. Aus diesem Grund schaut Umm Hiram nach mir und korrigiert meine Situation. Dank unserem Herrn und dem Propheten (saws). Oh Göttliche Eifersucht, unterstütze uns - sagt es und nichts sonst. Also gut Adnan Efendi, es ist genug für uns. Es ist genug für uns, diese Welt ist unter unseren Füßen. Ya Sultan Al Awliya'. Oh Mubarak S. Suleyman Hz. Er schickte uns hierher. Zu dieser Zeit sagte er zu seinen Leuten, er ist Qudbiya, hasha! Ich bin nichts. (bezogen auf Sh. Nazim) Aman Ya Rabbi, tawba Ya Rabbi! Wir erreichten diese Bedingung und Situation. Zu dieser Zeit ließ er mich schreiben, Sayyidina Sultan Al Auliya, bezüglich Jordanien, dass sie das schwächste Land sein werden, aber letztendlich werden sie das stärkste sein. König Abdullah wird... wird 10 Länder unter seinem Kommando haben, einige von Hijaz eingeschlossen. Es ist ein schwebendes Recht was auf den Vorgänger zurückgeht (König Abdullah). Nun ist König Abdullah II. an der Reihe. Wir bitten unseren Herrn, ihn zu etablieren und ihm Kraft zu geben und seine Befehle zu unterstützen so dass er über die Muslimischen Länder herrschen möge bis hin zu den heiligen Ländern von Hijaz. Jerusalem, das Haus Allahs (swt), all die Maqams, ihre Schlüssel werden in seiner Han sein und wenn ihr sein Bild anschaut, hat er Ruhm! Diese Nachricht schrieb ich bei Sharkaz Mufti Efendi, an den alten König Abdullah - ein Ratschlag von RasulaLlah (saws) durch Maulana Sheikh. Ich schrieb es. Er sagte zu ihm dass er nicht hinausgehen solle zum Juma oder in der Öffentlichkeit mit Gruppen. Aber er machte einen Fehler und eines Tages ging er zum Juma in der Moschee von Al Aqsa, und er wurde getötet, deshalb das eindeutige Schicksal. InshaAllah, wir bitten unsern Herrn, dass es der Sohn seines Sohnes sein wird, dass es König Abdullah sein wird, der Besitzer der Schlüssel zu diesen 10 Ländern und mit ihm wird Mahdi (as) sein. Möge Allah (swt) ihn unterstützen und ihn ehren. Bi Jahi man Anzalta 'Aleyhi Surat Al Fatiha. Und Allah (swt) ist Zeuge davon, was wir sagen. Möge Er (swt) unsere Duas akzeptieren. Ich bettele zu Allah (swt) dass Er mich unterstützen möge mit Kraft so dass ich Sahib Az Zaman, Mahdi (as), erreiche. Ich habe an dich weitergegeben was mir anvertraut wurde. Ya Rabbi Shukr! Das was ich gesagt habe, ist eine kleine Klarstellung über Oh Göttliche Eifersucht, erreiche uns! Erreiche uns! Sag das und sonst nichts. Wir brauchen weder Kanonen noch Waffen. Lehrt die Leute Ya GharataLlah! Allahum... Wir sind Sünder aber Du bist Al Qadir Muqtadir. Mit einem Moskito hast Du Nimrod vernichtet.

Wa Ma Dhalika 'Ala Allahi Bi 'Aziz, wer sind diese? Allahu Akbar! Wa Lillahi L-Hamd. Schicke uns Shah Mardan (ra), Hz. Mahdi (as). Fatiha.

**Ya Ma'bud! Ya Mahmud!**

---

Bismillahi r-Rahmani r-Rahim. Unfortunately the whole world, the Muslim World also, has forgotten Bismillahi r-Rahmani r-Rahim. Allah Almighty Jalla Jalaluhu created the Holy Pen. From the Greatness of His Glance upon it, the nib of the Pen cracked. The Ink, the Pen asked: "What should I write, O Lord?" He (swt) said "Write Bismillahi r-Rahmani r-Rahim". Bismillahi r-Rahmani r-Rahim." O our Lord do not make us from those who forget the Bismillah. Let us be remolded with the Bismillah, then we will be decent ones. "What should I write, O Lord?" When Allah Almighty looked upon it with His Greatness, the nib of the Pen opened. The Ink came. He (swt) said "Write, Bismillahi r-Rahmani r-Rahim".

May we stand up with the Bismillah & sit with the Bismillah. What a great honour. He (swt) said: "Write Bismillahi r-Rahmani r-Rahim". Therefore "Kullu dhi amrin lam yabda'a bi Bismillah, fa huwa abtar". Is it not the Hadith? Whatever act starts without the Bismillah, it is cut off. It is of no use. They removed the Bismillah, they forgot it. Allah Allah. Then, some narrations say that, 700 years passed till the Holy Pen wrote Bismillahi r-Rahmani r-Rahim". The Bismillah, this should be made known to the people- Put the Bismillah on your doors, in your homes, in your offices, in your cars & have no fear! Even if the world becomes upside down, that person will have no fear. Allah Allah! Allahu Akbar! How beautiful. Therefore let them say the Bismillah for 40x at least, let them recite. The best is to recite the Bismillah 100x, you know it. The blessings flow like this. The Mercy rains like a rushing river. What should we do?

They write many books about this, that.. They can't say, they don't know the essence of the matter. This informs- "Kullu amrin lam yabda'a bi Bismillah, fa huwa abtar" Before, the

beginning of every book was Bismillahi r-Rahmani rRahim, taazim. You can't finish the miracles of the Bismillah even if you write loads of books Sh Mehmet Effendi, it won't finish. Allahu Akbarul Akbar. O Lord, may You forgive us. O Lord, may You forgive us. O Lord, may You send us from Your holy servants who will teach us, who will teach us these things. We are left bewildered. Tawba Ya Rabbi, Tawba Ya Rabbi.

For this they would take the children to the maktab(school), to the presence of the Hoja with a big crowd accompanying them. They would make it like a ceremony. And the Hoja would first say "Say O son, Bismillahi r-Rahmani r-Rahim. Rabbi Yassir wa la tuassir, Rabbi tammim Bil khair". What a beautiful beginning, what a beautiful adab. Mercy would rain on them.

Now we are under the manifestation of Wrath. I seek refuge from it, I seek refuge from it, I seek refuge from it. I seek refuge from it. O Allah, O Lord, may You send us a Master. The people who should teach these, things,Sh Mehmet Effendi, the maktabs.. These ones filled everywhere with maktabs from concrete. They call school. Before our maktabs were in such a way that every mosque in a neighborhood had a room. Hoja Effendi there would teach the children- would teach "alif, ba", would teach the Holy Quran. If one needed further education, they had madrasas- maktab madrasas. Every child taught in these maktabs would know the Bismillah, would not be without the Bismillah. Now people are raised without the Bismillah. They became without the Bismillah. Who forgets the Bismillah will be forgotten. There is not even a drop of Heavenly Support for them. Even if they bury him in gold, he will get up with his hands empty. That Sultan...

Before one man said "Ya Ma'bud, Ya Mahmud", you know it? Many times the Sultan stuffed a chicken, or a duck with gold & send it out to be given to whoever calls "Ya Mahmud" (name of the Sultan). So they gave it to two men, both of them were blind. First man looked at it & said "What is this? Give me a few coins, they sent a chicken here so I may give it to you, because I am not hungry". Who called "Ya Mahmud" said like this to the one who called "Ya Ma'bud". So he took it & looked (who said "O Ma'bud/O Lord") & gave him (the one who called Ya Mahmud) a few coins. The Sultan again sent his men, asking "how are these men doing?" They said"Again one is saying 'Ya Mabud' but saying it with love. The other one says 'Ya Mahmud, Ya Mahmud,

Ya Mahmud' (in a weak voice)" They sent to him again. Again he looked at it. "O my friend, something came again. I don't know if it is a chicken or a duck. Give me a few coins & take this".

So he took it & looked. He saw that it is full inside. Sultan Mahmud asked again "What does this man do?" "Still he calls 'Ya Mahmud'". He said "Bring this one to my treasury & I give him from my treasury". So they gave him, that one who calls "O Mahmud", "take this shovel, whatever you can fill it with from the treasury, it is yours" they said. The poor one was blind, he held it from the wrong side. So when he shoveled like this, only 2 were left on it. Empty!

So the people have become like this. They are not calling to Allah. They are not calling to Allah. "We will do business, we will study, we will do this, that.."You make a mess! Finish, they have become zero. Our ancestors' majesty is lost. Still that one who calls to Mahmud- Who calls to dunya calls to shaytan- Still he is all alone having nothing. Before people were not obsessed with education like now. One would go to maktab & learn, who wants more would go to madrasa.

Now they removed the maktabs & madrasas. Everywhere is full with new schools, etc.. They can't manage with the teachers- the huge government falls short of money to pay all these teachers. Maybe 100 000 teachers wait for payment but this is of no use. Even if you give them everything, they still say "we are hungry". Because the work without the Bismillah has no result. So these ones are like this. Our religion is the most high, Islam.

Islam teaches everything but they are not learning, they are not teaching. They go after shaytan, worship him & forget Allah. And because of this reason they are never saved from troubles, miseries. Even if Turk's whole land was from gold, still they would be left with the attribute of the poor, of the beggar. Because they don't say Allah. Ok, don't say. The Mercy taps are in the Heavens- Mercy, khair taps descend from the Heavens. But these ones look for them on the earth. Looking & looking, what did they find? They found sewages! They looked, is there anyone in the sewages? There is. The big ones, what do they call those that live in the sewages?

S.M: Rat.

M. Rat. So they found from those big rats, walking in the dirty waters. They said "How nice are

these, what a nice life is this. Everywhere is open as we like. We should wander around like them too". So they all rushed in it saying "Ya Allah, let's enter in this". They didn't say "Ya Allah" but I said to illustrate it. "Let's get in this. These rats wander around very happily in this, we may also get in it". So they got in it & can't get out- the tasteless, dirty life. They fell into the dirty life. Shame on them. Allahu Akbar.

For 40 years on his own Sultan Abdul Hamid Han ruled, may paradise be his abode. Everyone had gold in their pockets, son. These ones now don't even have paper in their pockets. Allah Jalla Jalaluhu (said) "You leave Me & live for your ego. Take it. Who live for Me, I provide them with everything".

Aman Ya Rabbi, Tawba Ya Rabbi, Tawba. Wa min Allah at-tawfiq, Al Fatiha.

Lefke, 06.01.2013

**Ya Ma'bud! Ya Mahmud!**

---

Bismillahi r-Rahmani r-Rahim. Leider hat die ganze Welt, auch die Muslimwelt, Bismillahi r-Rahmani r-Rahim vergessen. Allah der Allmächtige, Jalla Jalaluhu, erschuf das Heilige Schreibrohr. Von der Größe Seines Blickes auf es, brach die Spitze des Schreibrohrs. Die Tinte, das Schreibrohr fragte: Was soll ich schreiben, o Herr? Er (swt) sagte: Schreib 'Bismillahi r-Rahmani r-Rahim.' Bismillahi r-Rahmani r-Rahim. O unser Herr, mach uns nicht von denen, die das Bismillah vergessen. Laß uns mit dem Bismillah umgestaltet werden, dann sind wir annehmbar. 'Was soll ich schreiben, o Herr?' Als Allah der Allmächtige es ansah mit Seiner Größe, brach die Spitze des Schreibrohrs auf. Die Tinte kam heraus. Er (swt) sagte: 'Schreib Bismillahi r-Rahmani r-Rahim.' Mögen wir aufstehen mit dem Bismillah und uns setzen mit dem Bismillah. Was für eine große Ehre. Er (swt) sagte: Schreib Bismillahi r-Rahmani r-Rahim. Deshalb "Kullu Dhi Amrin lam Yabda'a bi Bismillah, fa Huwa Abtar". Ist es nicht das Hadith? Welche Tat auch immer ohne Bismillah beginnt, ist abgeschnitten. Es nützt nichts. Sie entfernten das Bismillah. Sie vergaßen es. Allah Allah. Dann, sagen einige Berichte, vergingen 700 Jahre,

bis das Heilige Schreibrohr Bismillahi r-Rahmani r-Rahim schrieb.
Das Bismillah, das sollte den Menschen bekannt gemacht werden: Tut es an euere Türen, in euere Häuser, in euere Büros, in euere Autos, und habt keine Angst! Auch wenn die Welt Kopf steht, wird diese Person keine Angst haben. Allah Allah! Allahu Akbar! Wie schön. Deshalb laßt sie das Bismillah wenigstens 40x sagen, laßt sie rezitieren. Das beste ist, das Bismillah 100x zu rezitieren, das wißt ihr. Die Segnungen fließen so. Die Gnade regnet wie ein reißender Fluß. Was sollen wir tun? Sie schreiben viele Bücher darüber, daß.. Sie können es nicht sagen, sie kennen die Essenz der Sache nicht. Das informiert: "Kullu Amrin lam Yabda'a bi Bismillah, fa Huwa Abtar." Früher war der Beginn eines Buches immer 'Bismillahi r-Rahmani r-Rahim', tazim. Du kannst die Wunder des Bismillah nicht beenden, auch wenn du einen Haufen Bücher schreibst, Shaykh Mehmet Effendi. Es findet kein Ende. Allahu Akbaru l-Akbar.
O Herr, mögest Du uns vergeben. O Herr, mögest Du uns vergeben, mögest Du uns von Deinen heiligen Dienern senden, die uns lehren, die uns diese Dinge lehren. Wir sind verwirrt zurückgelassen. Tawba ya Rabbi, Tawba ya Rabbi. Dafür brachten sie die Kinder in die Maktab (Schule), in die Gegenwart des Hoja in Begleitung einer großen Menge. Sie machten es wie eine Zeremonie. Und der Hoja sagte zuerst: Sag, o Sohn, Bismillahi r-Rahmani r-Rahim. Rabbi Yassir wa la Tuassir, Rabbi Tammim bi l-Khayr. Was für ein schöner Beginn, was für ein schöner Adab! Gnade regnete auf sie herab. Jetzt sind wir unter der Manifestation von Zorn. Ich suche Zuflucht davor, ich suche Zuflucht davor, ich suche Zuflucht davor. Ich suche Zuflucht davor. O Allah, o Herr, mögest Du uns einen Meister senden. Die Leute, die diese Dinge lehren sollten, Sh. Mehmet Effendi, die Maktabs.. Jene füllten alles mit Maktabs aus Beton. Sie nennen es Schule. Früher waren unsere Maktabs so, daß jede Moschee in einer Nachbarschaft einen Raum hatte. Hoja Effendi unterrichtete die Kinder dort. Er lehrte "Alif, Ba", lehrte den Heiligen Quran. Wenn einer weiterer Erziehung bedurfte, hatten sie Madrasen, Maktab Madrasen. Jedes Kind, das in diesen Maktabs unterrichtet wurde, wußte das Bismillah, war nicht ohne das Bismillah. Jetzt werden die Leute ohne Bismillah aufgezogen. Sie wurden ohne das Bismillah. Wer das Bismillah vergißt, wird vergessen sein. Es gibt auch nicht einen Tropfen himmlische Unterstützung für sie. Auch wenn sie ihn in Gold beerdigen, wird er mit leeren Händen aufstehen.
Dieser Sultan... Früher sagte ein Mann "Ya Ma'bud, Ya Mahmud", kennst du es? Oftmals stopfte

der Sultan ein Huhn oder eine Ente mit Gold und sandte sie hinaus, damit sie dem gegeben würde, der rief "Ya Mahmud" (Name d. Sultans). So gaben sie es 2 Männern, beide blind. Der erste Mann sah es an und sagte: 'Was ist das? Gib mir ein paar Münzen. Sie sandten ein Huhn, also kann ich es dir geben, weil ich nicht hungrig bin.' Der rief "Ya Mahmud" sagte das zu dem, der rief "Ya Ma'bud", o Herr. Also nahm er, der sagte "Ya Ma'bud", es und schaute und gab ihm, der "Ya Mahmud" rief, ein paar Münzen. Der Sultan sandte seine Männer wieder und fragte: Wie geht es diesen Männern? Sie sagten: Wieder sagt einer "Ya Ma'bud", aber er sagt es mit Liebe. Der andere sagt "Ya Mahmud, Ya Mahmud, Ya Mahmud", mit schwacher Stimme. Sie sandten wieder etwas zu ihm. Wieder sah er es an. 'O mein Freund, es kam wieder etwas. Ich weiß nicht, ob es ein Huhn oder eine Ente ist. Gib mir ein paar Münzen und nimm es.' Also nahm er es und guckte. Er sah, daß es innen voll war. Sultan Mahmud fragte wieder: Was macht dieser Mann? Er ruft immer noch "Ya Mahmud". Er sagte: Bringt diesen in meine Schatzkammer und gebt ihm von meinen Schätzen. Also gaben sie ihm, jenem, der rief "Ya Mahmud". Nimm diese Schaufel. Was immer du kannst, fülle es von dem Schatz, es ist dein, sagten sie. Der Arme war blind. Er hielt sie falsch herum. Als er also so schaufelte, blieben nur 2 darauf. Leer!
So sind die Menschen also geworden. Sie rufen nicht Allah an. Sie rufen nicht Allah an. Wir machen Geschäfte, wir studieren, wir machen dies und das... Ihr stiftet ein Chaos. Schluß. Sie sind Null geworden. Die Majestät unserer Vorfahren ist verloren. Doch der, der "Mahmud" ruft, die Dunya ruft, Shaytan ruft, ist immer noch allein und hat nichts. Früher waren die Menschen nicht so besessen von Erziehung wie jetzt. Man ging zur Maktab und lernte. Wer mehr wollte, ging in die Madrasa. Jetzt entfernten sie die Maktabs und Madrasen. Alles ist voller neuer Schulen, etc. Sie kommen nicht zurecht mit den Lehrern: die riesige Regierung hat zu wenig Geld, um all diese Lehrer zu bezahlen. Vielleicht 100.000 Lehrer warten auf ihre Bezahlung, aber das hat keinen Zweck. Selbst wenn du ihnen alles gibst, sagen sie immer noch: Wir sind hungrig. Weil die Arbeit ohne Bismillah keinen Erfolg hat. Diese sind also so.
Unsere Religion ist die höchste, Islam. Islam lehrt alles, aber sie lernen nicht. Sie lehren nicht. Sie folgen Shaytan, beten ihn an und vergessen Allah. Und aus dem Grund werden sie nicht vor Schwierigkeiten und Elend geschützt. Selbst wenn das ganze Land der Türken aus Gold wäre, würden sie doch das Attribut der Armen, der Bettler behalten. Weil sie nicht Allah sagen. Okay,

sagt es nicht. Die Gnadenhähne sind in den Himmeln, Gnade, Khayr-Hähne kommen von den Himmeln herab. Aber diese suchen nach ihnen auf der Erde. Sie suchen und suchen. Was haben sie gefunden? Sie fanden Abwasserkanäle. Sie guckten, gibt es jemanden in den Kanälen? Ja. Die großen Ratten. Also fanden sie von diesen großen Ratten, die im schmutzigen Wasser herumliefen. Sie sagten: Wie schön sind diese, was für ein schönes Leben ist das! Alles ist offen, wie wir es mögen. Wir sollten auch herumlaufen wie sie. Also stürmten sie alle hinein und sagten: Ya Allah, laßt uns eintreten. Sie sagten nicht "Ya Allah", aber ich sagte es, um es zu verdeutlichen. Laßt uns eintreten. Diese Ratten wandern herum sehr glücklich. Wir können auch hinein. Also gingen sie hinein und konnten nicht mehr heraus, aus dem geschmacklosen, schmutzigen Leben. Sie fielen in das schmutzige Leben. Schande auf sie! Allahu Akbar. 40 Jahre lang regierte Sultan Abdul Hamid Han, möge das Paradies sein Aufenthalt sein. Alle hatten Gold in der Tasche, Sohn. Diese jetzt haben nicht einmal Papier in der Tasche. Allah Jalla Jalaluhu sagte: 'Ihr verlaßt Mich und lebt für euer Ego. Nehmt es. Wer für Mich lebt, den versorge Ich mit allem. Aman ya Rabbi, Tawba ya Rabbi, Tawba. Wa min Allaha t-Tawfiq. Al Fatiha.

**Ya Rasul Allah**

---

Sh Mehmet Effendi is not from the common people, he is a murshid masha Allah. He has power. Don't fear! Say "I will be a lion. I will be a lion in the way of Haqq!" We will destroy that shaytan, we will scare him and make him run away. Shaytan will not rule dunya after today! Dunya won't be left to him to do as he likes! I give permission, go on! The permission is not from me but the spiritual energy (faydh) of the holy ones that comes from above can destroy even if there are shaytans equal to the number of men. Have no fear!
Sit comfortably, lean on something. Sit on something, Mehmet. Don't look to such things. The common people attribute... As-Salamu Alaikum, O clean servants of Allah. To find a clean servant...There is none left now but Al Hamdulillah our children who were sent to us are clean, our brothers are clean. As-Salamu Alaikum! Salam be upon you, may you be honoured, may Nur come to our assembly. May Nur come down! May our troubles leave us and fall upon those who are connected with shaytan. What can we do? Asbahna wa asbahal mulku Lillah wa Al Hamdulillah, wa nahnu abidan Lillah. And we are from the nations of His Beloved, of His Beloved Habib (sas). Shukur Allah, Ya Rabbi.
As-Salamu Alaikum. This is the greeting of the people of paradise; to greet with Salam. Greeting with Salam dresses that person with the dress of safety. Dastur Ya Rijal Allah, madad Ya Sayyidi wa Mawlay Sultan al-Awliya. Yawm al-jadid, rizq al-jadid. There is something appointed for each day and what is appointed comes. Every day comes what is newly appointed. "What does he want?" "He wants pearls and diamonds". "What does he want?" Wheat and barley. Ok then! "Ati kulli dhi haqqin haqqa". Give! Order from the Malakut: "Who wants pearls, diamonds, gold, who wants ruby, give them!" "This one wants barley". "Give! Give and he eats!"
As-Salamu Alaikum O believers! We may say Bismillahi r-Rahmani r-Rahim. We may

remember the Holy Name of our Lord Almighty. He (swt) granted us to recite the Bismillah. Shukur Allah, shukur our Lord. Al Hamdulillah. Our GrandShaykh would say "Even if it is only two words, even if it is only for a time of milking two sheep make a sohbat when you meet each other". We also...What can we do? We also speak according to our capacity, whatever it is that is appointed for us. They also send us what we seek. First we will open our assembly with Salam. We greeted with Salam. May safety be upon you. Even if whole world is on fire nothing comes on a man who greets with Salam. "Wa La Ya'uduhu Hifdhuhuma" (2:155). It means over all of them; men & jinns, to protect them is not tiring for Him (swt). Hasha! Hasha thumma kalla. The Lord Almighty (swt), O All-Rich Sultan, O our Allah Who created us! Allah Allah... "May we remember Your Name first, O Allah". What a beautiful teaching. "Wa Dhakkir!" He (swt) says "Remind them", "Fa'inna Adh-Dhikra Tanfa`u Al-Mu'uminina" (51:55). "We listen to this everyday?" Yes, you listen every day. You take a new strength every day. The manifestation of the Bismillah you say today, belongs to this day. The manifestation of yesterday's belonged to yesterday. The manifestation of tomorrow's belongs to tomorrow. The virtue of the Bismillah and the Nur it will dress are countless. O our Lord, O Lord of Baytu l-Atiq! In Kaba Al-Muazzama, the dress of the virtues of the Bismillah is dressed on the believers who come to visit. Ask for it! Even if you are in the West or in the East ask for it everyday.

Ya Rabbu l-Baytu l-Atiq! This Bayt that You sent... No one knows when it was built. But this Bayt is not empty, O son. It is not empty. If it was empty why should we go there? It is loaded. What is the key of the Baytu l-Atiq? Bismillahi r-Rahmani r-Rahim. O our Lord! May we remember Your Name and find strength. He (swt) says "Ask for it. Ask from there and I grant you. It is loaded there, Kaaba Al-Muazzama, Baytullah. Different virtues come on the Nation (Ummah). Ask for it and I dress you" says He (swt). O our Lord, may You dress us from the Nur of the Bismillah, from the virtues of the the Bismillah. We may say the Bismillah first, we may say Bismillahi r-Rahmani r-Rahim. How beautiful it is, how beautiful it is. How beautiful it is to say Bismillahi r-Rahmani r-Rahim. This day of ours is a new day. We remembered Your Holy Name O Lord. We sent Salatu Salam on Your Beloved. Allahumma Salli wa Sallim wa Barik ala Sayyidina Muhammad, Sayyid al Awwalin wal Akhirin. Who wants to find honour should glorify His Beloved who is the most honoured servant of Allah. Send Salatu Salam (salawat) on him and have no fear. Have no fear.

Astaizu Billah "'Inna Allaha Wa Mala' ikatahu Yusalluna `Ala An-Nabiyi"(33:56) Allah (jwa) Himself and His angels send Salatu Salam on His Beloved. So what does this mean? What a great honour is this! O shameless people! They order "Don't make salawat after the adhan". May it collapse on your heads! May what they built collapse over their heads! It is not even a mosque, not a minaret! They removed them saying "it is innovation, imitated". What imitation, O foolish ones? Allah Almighty... It is mudhari, isn't it? "Yusalluna `Ala An-Nabiyi" Does it not point to a continuation, Shaykh Muhammad Effendi? "Yusalluna `Ala An-Nabiyi" Allah Jalla wa Ala (swt) Himself says: "I send salatu salam on My Beloved! Whosoever prevents it, I will overcome them! I will send them a creature which is not visible to the eye, that makes them lose their minds! Ala' ad-dawam, "Yusalluna `Ala An-Nabiyi.I continuously send Salatu Salam" He (swt) says. "Ya 'Ayyuha Alladhina 'Amanu Sallu `Alayhi Wa Sallimu Taslimaan". O who believe, continuously send salatu salam on him! Even if a person doesn't do anything else but says this, his dunya and akhirah will be prosperous.

They say "There can't be salawat after the adhan! You can't recite salawat in the mosque" Where do we recite salawat then, in a church, in the bell tower? You should recite it everywhere! Look at the power, Sh Mehmet Effendi! It is heavy bombarding on them! Who makes them go astray is shaytan. For Our Prophet, Sultan al-Qawnayn, Allah Almighty says that Allah Himself sends Salatu Salam on His Beloved and you say "don't do it"? Allah will make you suffer. Don't trust the little money you have. Don't trust a few golden coins or the lamp oil you have. Your imitated titles can't save you either. Allah orders, informs. Inna li tahqiq, is it not so?

"'Inna Allaha", Aman ya Rabbi, tawba Astaghfirullah. Tawba Astaghfirullah, tawba Astaghfirullah. It is for tahqiq, "Allah Dhul Jalal Wa Mala' ikatahu Yusalluna `Ala An-Nabiyi" Allah! Allah! How crazy these people from the Arabs and Turks became! They came against Allah's Order, saying "There is no Salatu Salam". May you disappear! Ala' ad-dawam (continuously)"Yusalluna `Ala An-Nabiyi" says in Holy Quran. Is this Turkish? Arabic. Don't you understand Arabic? They say "There is no salawat on the Prophet" May you disappear! How can it not be? Allah Dhul Jalal says He continuously sends Salatu Salam, and His angels too. Alam al-Malakut is busy with sending Salatu Salam on the Prophet (sas). How beautiful! "What are you teaching these people, O you aged one!" I am aged but my mind does not age. Because I say "the earth that Prophet (sas) stepped on is more honourable than me". I glorify,

show such a high respect for that Prophet (sas).
So salawat on the Prophet should be within limits according to your understanding: "say one time and it is enough?" How can one time be enough? Mudhari indicates to continue. When we say Sallallahu Alayhi wa Sallim, He (swt) "Yusalluna `Ala An-Nabiyi" What an honour! Go on speaking on this and don't fear Sh Mehmet Effendi! Whosoever sticks his nose up, his nose will be broken! Allah Dhul Jalal will humiliate, degrade whoever lacks the glorification, respect to our Prophet (sas) who is His Beloved, such a person will suffer greatly! Come to your senses, Arabs and Turks! Masha Allah, this is an ocean. Don't give any other wird, tell them "Recite salawat. Make 100 salawat and 100 doors of paradise open for you". Allah Allah. Allah Allah. May the troubles leave us for the honour of these salawats O Lord of the Heavens! May we be a lion. But these ones have become snails! There is lion-ness but shaytan says, "Don't make salawat. Don't let the people make!" Because he knows that who recites salawat on the Prophet becomes a lion! He (sas) is our Master, he is the Master of the Creation. He is the ONLY creation who is accepted into the Presence of the Lord Almighty! "COME O My Beloved!" said the Almighty Lord. He (swt) invited him to His Arsh Ar-Rahman in the night of Mi'raj. All the great angels said salawat forthe Prophet, "Sallallahu Alayhi wa Sallam, Sallallahu Alayhi wa Sallam, Sallallahu Alayhi wa Sallam..." The rotten, corrupted sects prohibit the making of salawat! May their lives become haram! And whosoever prohibits the salawat on the Prophet may not ever be at rest! May they lose their honor! Aman Ya Rabbi! Tawba Ya Rabbi, tawba... We can't know how our faith is, how much our faith is. You (swt) send Salatu salam on Your Beloved. Then some foolish, ignorant ones among us say "Don't recite it, don't do it..." May all of them disappear O Lord! May who don't glorify, who don't show respect for Your Beloved as You want, disappear O Lord!
Prophet (sas) says "Ana sahib liwa al-Hamd! I am the owner of the flag of Praise. Who don't recite Salatu Salam on me cannot enter under my flag!" This is an ocean! This is the ocean they opened for us today. If you want honour, say salawat. Say 100, say 1000. Say 10 000. And let them look at your face. Let them look at your face! Such a Nur will come. If you look in majesty,they will tremble. There is such a power in it: Astaizubillah "'Inna Allaha Wa Mala' ikatahu Yusalluna `Ala An-Nabiyi Ya 'Ayyuha Alladhina 'Amanu Sallu `Alayhi Wa Sallimu

Taslimaan" It points to a continuation. They say "There will be no salawat after adhan! No salawat inside the mosque..." Where should it be then? Where will we recite the salawat then? We recite Salawat, Salatu Salam on him who is Beloved to the Owner of the Religion everywhere, every moment!

I will destroy the unbelief with this Salatu Salam. I have no weapons or cannons. No need! I don't need it! People should not abandon reciting at least 100 Salawat everyday. They should recite 100 or more. Instead of speaking empty words, say "Allahumma Salli ala Muhammadin wa ala. Allahumma Salli ala Muhammadin wa ala..." Troubles will be lifted off you. Sadness and hardness leave you. Illnesses, troubles leave you. Ya Rabbi! We send Salatu Salam on the Prophet You love. May You give strength to our body. May You grant us honour and our honour rise. Whosoever glorifies the Prophet gains honour. Who forgets the Prophet is dishonoured. Who speak against him are unbelievers!

Allahu Akbar. Allahu Akbar. Allahu Akbar Allahu Akbar! May our army be ever victorious. Allahu Akbar. (Ottoman anthem) They would call it Gulbank Muhammadi and recite it. (Dua after mahtar) The castles would tremble when the Ottoman army came, erected their flag and started reciting the Gulbank Muhammadi; the castles would tremble and be destroyed, without even firing cannons. It has such a power! There are forty holy ones now, who are appointed for this. They will destroy all this unbelief (with the) Salatu Salam and Takbir. Takbir; Allahu Akbar Allahu Akbar Allahu Akbar Allahu Akbar. May You grant us the sword of glory and power and we pass over destroying the sultanate of shaytan.

O our Lord! How beautiful, our hearts opened. We were sitting here lazy. I am opened, masha Allah it opens. This is not with eating and drinking, it is the power that comesfrom above. How beautiful is our assembly; look at Sh Mehmet Effendi, he is like a moon. Kiss his hand! Shaykh Mehmet has Nur on him, masha Allah! Go on! Haji Mastan would say like this, go on! You are authorized Shaykh Mohammad Effendi, our son. Our son is Shaykh Muhammad Effendi, I kiss his hand as well as his feet! He is now being given faydh (spiritual energy).

Allah Ya Rabbi. We may say Bismillahi r-Rahmani r-Rahim. We may say "Sallu `Ala An-Nabiyi"! Allahumma Salli ala Sayyidina Muhammad. Sayyidil Awwalin wal Akhirin. Allah! O Beloved! May You grant me strength, I will destroy this unbelief! I have no strength but they say "even if it doesn't rain, let it at least roar". So I am also like this, calling. A person won't be

dressed with strength if he does less than 1000 Salawat daily. Recite Salawat. Recite more and your majesty, your strength be more. We may say Bismillahi r-Rahmani r-Rahim. O our Lord! O our Lord! Qawwi dha'fi fi ridak. O our Lord, may You take away our weakness in the way of Your Rida (acceptance) and grant us the power to make whole world tremble O Lord! May You grant us the power to destroy the sultanate of shaytan and destroy those who are with him O Lord. I have nothing but... They make me roar! I didn't even have the strength to open my mouth today! I am gaining majesty. I am gaining majesty! O our Lord!

Those who come against Your Holy Orders, if He (swt) did not have the Holy Name As-Sabur, He (swt) would burn and destroy them. He would destroy! What is the meaning of a minaret if Salawat is not recited? Why do they build minarets? The are built for the honour and glory of our Prophet (sas), to send Salatu Salam on him. It is called Adhan al-Muhammadi! You should recite the Adhan and then recite Salawat after it. Allahu Akbar! Allah bless you! I know what I am speaking! And I can teach it also with the permission of Allah, with the order of Allah, with the honour of the Beloved of Allah! O Glorious Prophet! Grant us from your compassion and intercession. May I raise your flags, at every point across the whole world: La ilaha illa Allah Sayyidina Muhammad Rasulullah. I make them recite Salawat. Allahu Akbar wa Lillah al Hamd. Fatiha.

May Allah increase your strength, your love. O listeners, listen! You get saved from every trouble. You are saved from every torment. He is from their lions. La yadurru ma'a Ismihi shay'un... May you have no heaviness left on you. May you be a lion! May your roaring be as the roaring of the Heavens for the unbelief, from East to West. Fatiha. Go on strong and have no fear! Recite Salawat. In the mosque they should recite Salawat before the Adhan and after the adhan. Let these people who don't want it see it! When those who prevent reciting of the Salawat for the Prophet die, shaytan blows on them saying "may your fire be plenty". Aman Ya Rabbi, may You not leave us into the hands of shaytan and our ego. May You not seperate us from being under the flag of the Glorious Prophet. This is the barakah of our Umm Hiram Sultan for me.

Fatiha for her soul, for our Umm Hiram Sultan Hz.

Lefke, 03.02.2013

**Yawm at Mashar - If Allah Allmighty will ask His angels to find one person who during his life had so much pleasure, who was most pleased with this life, every enjoyment for himself - Look for that one**

"God Almighty will ask His angels to find one person who during his or her life had so much pleasure, who was most pleased with this life, every enjoyment for himself or herself - look for that one..."
The greatest good tidings for the people of faith (ahl al-iman), the people of paradise is that when they enter into paradise, angels come and say, "You are welcome to be in these paradises eternally. Whoever enters never goes out."

That is the greatest good tidings for them, the Divine guarantee that they will never leave. The greatest sorrow, however, is for the people of hellfire. They enter and never leave. If you could count as many as the whole universe has atoms, and also has electrons, for each electron you may be in it for one million years and then you come out. But still they are happy because it is a period of time which is counted and it is going to be finished one day. The hope of that one day gives them peace, even if they are in hellfire. It is such a huge, huge number of years, but they are still going to be happy and say "Praise belongs to God (al-hamd Allah), it is not eternal." There is going to be nothing, nothing, nothing beside eternity. Therefore, the people of hellfire, when they hear that they will stay in it eternally, that is the deepest suffering. And they ask to be taken out of hellfire, even one moment of it is so difficult.

Then, on the Day of the Gathering (yaum al-mashar), the Day of Resurrection, God Almighty will ask his

angels to find one person who during his life had so much pleasure, who was most pleased with his life, every enjoyment for himself - "Look for that one." And they will bring a person who lived 1,700 years. He had been king of all the world. He had been given everything of enjoyment. That person will be brought and God Almighty will order, "Take this person into hellfire for one second. Put him in it and then bring him here."

They will put him and then bring him there. Then God Almighty will ask, "Oh My servant, what thing that you tasted throughout your life of more than one thousand years during which time you were given everything - what thing from those pleasures and enjoyments is with you now?" He will say, "Oh my Lord, I swear by Your Name that I have tasted nothing, nothing. That one second I was put into hellfire and taken out just finished everything that I tasted during the thousand-and-so years of this life." Then, what about being in hellfire for thousands, millions of years, billions of years, not finishing, not ending, no hope? That is terrible! Therefore, so many believers' eyes do not sleep from the fear of hellfire, the fear of the anger of their Lord.

Then He will order the angels to find one person among all the people in on that Day of Gathering who suffered so much. God Almighty will command, "Take this person for one second into paradise." The angels will put him in it. Then God Almighty will ask, "What kind of suffering did you have during your life?"

"Oh my Lord, nothing! Nothing for me, finished!" Nothing does he remember because of that paradise. If all the prophets, saints, and religious scholars, were to sit together from the beginning of this world up to the end and speak about paradise, it would be impossible for them to give a description of it. They could speak about only one drop from an ocean.

What would you think if the last person who enters paradise should be given ten-times of this world? In this world, out of four parts, one-fourth is continents and three-fourths is oceans. Of the continents, also, half of them are deserts or forests where no one lives. However, ten-times of this world is filled with every favor of our Lord Almighty. That is just for the last person who is to be given from paradise. Then what about for the others? Yes, this is also our life, counted days or months or years. It is going to finish. Every breath takes us towards the Day of Judgment, toward Eternal Life. Keep your breaths for your Lord, Almighty God, and say, "God! God" (Allah! Allah!). If you do not say it by your will, still your breath each time says, "Huwa. Huwa. Huwa. Huwa. Huwa. Huwa."7 This is going on, "Huwa" with each breath whether you like to say it or not,

this "Huwa. Huwa. Huwa. Huwa" must be. May God Almighty call us to His remembrance (dhikr).

BookTheDivineKingdomVolume1

## Ya Wadud...- The Fountain of Love

All creatures appeared through Allah's Divine Love. He loved them and they appeared; therefore everything in existence carries its share of Divine Love in it. The electrons of atoms turn around the nuclei with the speed of light, because they are alive with the Divine Love Power that their Lord has granted them. It is Allah who, through His Holy Name 'Ya Wadud', the All-Loving, gives His Divine Love to everything in the Universe. Those electrons spin at such high speed around the nuclei because they are drunk with Divine Love. That is how the influence of that Love is manifested by them. Through the Divine Name, 'Al Wadud', real, never-changing, permanent love is granted to us by the Lord. When we say 'Ya Wadud', we are opening ourselves up to that Divine Love, asking our Lord to awaken that unlimited and eternal love. I have been ordered to teach and advise people to call on our Lord, saying: "Ya Wadud", as this will enable the sincere to attain real love of their Lord Allah Almighty and to love everything around themselves for the sake of the Creator who loves all of His creation.

This love is the essence of all success in the way of spiritual purification. To realize that love, to come into contact with the Divine Love Oceans, is the challenge and fulfillment of human existence. We seek to awaken permanent love. Practices, prayers and rules are of no use in our time without that love, because the ego easily attaches itself to practices and uses them, so that they serve our vanity.

Everyone has a circle of friends, relations, acquaintances. Starting from those closest to us, our wives or

husbands, parents and children, brothers and sisters, we must be generous in giving of our permanent love, making peace with them. Giving of our permanent love is the most important practice for our time. The lower self of man, the selfish ego, never wants to give permanent love to anyone exept himself. But Man has been created to love all creation, as he represents his Lord on Earth and has the greatest reservoir of Divine Love with him. He can be a great means of expression for that Divine Love in this world, a fountain of love that every creature may drink from.

**Yesterday just passed away**

Meded...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Yesterday just passed away. This is a new day. Tomorrow this new day is going to be disappeared and tomorrow is going to be a new day. So many days, so many weeks, months, years, centuries, thousands of years passed away. Where they are now? Finished! Through passing time millions or billions of Children of Adam they disappeared also. Once upon a time they were in existence, living, working, fighting, running, asking to reach something that it is not possible to reach that targets. For example, we may say: Everyone that they were passing, (that) they passed away, they are (like) such a person who was asking to reach (to the)moon, and he was giving his whole effort (for that) and making (this) his main target. To reach to (the) moon, main target. And he was trying to build a building that that building only to be steps. Trying to make steps (and) he is thinking that: “With steps it is going to be possible to reach to (the) moon. Very good!” Another one (is) saying: “What are you doing?” “Just I am trying to reach to moon, because I heard that (the) moon (is) full with treasures and I heard that on each diamond (it is) just painted on it miraculously the picture of Archangel Gabriel. On each diamond or jewel it is painted miraculously Archangels Gabriel’s picture and I am trying to reach that.” “Oh, if you are trying, why we are going to sit down? We must try also to reach that treasures...”

It is an example; people they are not asking to reach to moon, but they are asking to reach treasures on this world and they are making their main target to reach as much as possible from (the) treasures of this world. What (is) happening? (This is) their target and (like) those people millions or billions of people just ran after

it. It was their main target, they were saying: “Our main aim is to reach as much as possible much more treasures from this world.” “Okay, no one (is) saying: don’t do. Do it. You may do.” And they did. And finally, what happened to them? Perhaps they reached (something) from treasures and (the) most (successful) ones who reached to treasures they were Kings, Emperors, beginning from Pharaohs and Nimrods.

They were most powerful people to reach (to) golden treasures and jewel treasures. They collected, and what they did finally? They built pyramids and just carried what they collected from treasures of this planet, (of) this world and (they were) putting (these treasures) in it. And they were knowing that one day they must pass away and they were saying: “If we are passing, it is not our last life. Our life is never ending. It is (just) a changing from this life to another life. Therefore we must prepare for ourselves as much as possible treasures. We must carry (them with us).” Therefore they were loading and filling pyramids with treasures and finally they were making their bodies mummy. They passed away, but they never touched these treasures but another (one) after their generation, thousands of years (later). Coming new generations that they were looking, searching a way to reach to that treasure to what is in that pyramids and they reached and they found (the) treasure under pyramids. And (they were also) finding Pharaoh that (was) buried through that pyramid as a mummy; you can’t look at it- so ugly, so dirty shapes! You can’t look it; if you are looking perhaps you may loose your sleep or (that shape is) coming to you through your dreams (and) it is going to be trouble maker for you through your life... They passed away. They are now in passed time. Their existence just became imagination no one (is) saying (anymore) that: “That mummy was Pharaoh, King of Egypt and he did this or that...” Finished!

Now- what we are doing today, tomorrow (it is) going to be imagination, no reality. Reality is stable, not changing. Reality never changed; beyond reality everything is imagination. And imagination- if you can keep a sea, (the) surface of (an) ocean on (the) same situation, on (the) same condition even (for) one second, then you can keep passed time (also), or, beyond reality, imagination (is) going to be reality. (But) it is impossible (for) an ocean to be (the) same through even not seconds, thirds, fourths, fifths (of a second), (and further) down you can come- you may use your imagination to make (the) unit of time smaller- (you) can’t find (the) surface of (an) ocean to be same. You can’t keep (it). Therefore imagination is like that, changed, not stable. But reality (is) just stable, never changing.

Therefore everything (is) going to be changed, because (there is) no reality for their existence. Their existence is not a real existence. Real Existence (is only) for Allah Almighty, no changing (for Him). If (he was) changing, finished, (He) comes to the level of creation. He is (the) Creator, never changing, (and) everything that He is creating, (is) changing, Subhanallah! Finished. Yesterday just passed away, becoming an imagination, and we are in an imaginated life. Until we are reaching to Allah Almighty's Unity Oceans we are in trouble, struggling, and asking to reach an existence through ourselves and it is impossible. When reaching to Unity Oceans- Unity Oceans (are) never changing, never accepting to be more or to be less. Solid, "Allahu Samad". 'Subud'(means:) never changing, finished.

But people they are thinking to reach something day by day. They are not looking what they are loosing. Every day they are loosing one day and asking from another day and they are saying: "We may reach something tomorrow" and when they are reaching tomorrow they are looking that: "We reached nothing also tomorrow" and: "We are looking if we can find (that) after tomorrow" or they may say: "This week we can't reach anything. We hope to reach (something) next week", or: "We are thinking to reach (it) next month" or: "We are thinking to reach what we are asking from real existence. Perhaps we may reach to a point that it is going to be (the) past point of our imagening and we may reach to a stable level that we may say: 'Oh, I reached to my target, now I am in peace'..." "Innaka qadiun ila rabbik"- always people (are) running, running to reach something, personally, commonly, nationally and whole worldly. They are running, asking to reach to something and they can't reach, because it is in (the) limits of (their) imagination, they are not in reality.

And everything that you are asking, it is through the limits of imagination. And you (are) never getting out of that limits for reaching to reality, because you are not preparing yourself to reach a stable ocean that (is) never moving, never changing, but you are running through your imaginations, through your imagening; you are not asking reality. That is (how) Shaitan (is) cheating people and people (are) running after Shaitan and finally they are understanding, when they reach the last point of their lives. (Then) they should understand that: "We ran after our imagination, our imagening, and we were thinking that it was a water there (on that horizon), but (now) we reached (there) and we (are) looking and seeing that it is (not an) oasis, (but a) mirage! Oh, we lost every chance for reaching (the) reality that it was with our Lord's divinely Presence. We

lost it and we have been cheated that (our) whole life just passed away ‘rah suda’, without any fruits. We lost it, finished!”

Therefore we are saying: Oh people, don’t run! Don’t run with your whole capacity or ability or your full effort after Dunya, because it is a mirage. It is an imagening, and one day Allah Almighty is saying for this planet: “How you came, from where you are coming in existence, go back to unexisted world, Unexistence Oceans, disappear!” La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

That is (the) main problem for mankind that we must understand and we must change our way from mirage to reality. Whole nations (are) running after imagening. Thousands of years Emperors, Kings, Sultans- everyone they gave their whole efforts and finally they were reaching to nothing. Only prophets- peace be upon them- and their followers they were turning their faces from imagination to reality. Reality (means): the Existence of our Lord Almighty Allah. And He is saying: “Fa ayna ma tuwalu fathabba wajhullah (?)...You may find Him, His Reality (everywhere)... Every direction (that) you my turn your face you may find His eternal divinely Face. Everywhere, but you are not looking to Him, you are looking (to) imagening worlds that it is going to be nothing.

May Allah forgive us and bless you, for the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

## You and I Are All Servants of Our Lord

O our Lord, we ask that on the Day of Judgment You resurrect us under the flag of Prophet (s). Prevent them from seeing any hardship in dunya and in akhirah. Without being questioned, destine for us to pass over the bridge of Sirat as fast as a bird, and to enter Paradises with dukhooli awwaleen. Increase their noor, lights! Keep them from decaying in graves! Have them answer the questions of Munkar and Nakeer (the angels of the grave) right away, with no difficulty. Render their graves as gardens of Paradise. Grant them good destinies and make Jannat al-Firdaws be their final destination, yaa Rabbee!

Fatihah.

(Baya`)

All shaykhs are lying in maqaams. This is what we will say in the Presence of Allah (swt): all awliya, sultans, holy ones are inside. Their palace is enormous! And as for me, you know, there is this wooden box where they put vegetables in, right? So these holy ones took me and put me in front of that palace with this wooden box, saying, “O Shaykh Nazim, you sit here. You are sufficient here; just amuse those who come and go.” But all the sultans are inside! The time has not come yet; when it comes, then you will see the real Sultan! Huuu! They are like dragons. What do you think? As soon as a dragon sets one glance, it will burn and destroy!

However, those holy ones are there waiting in silence. May Allah sanctify their secrets.

Fatihah.

Amaan yaa Rabbee!

Send many salaams to all our brothers in Germany.

(Mawlana Shaykh addresses another mureed:)

Shaykh Mehmet's wife is from Kayseri too. What to do? He's like your brother-in-law. Go and take a look at what has become of him now (Mawlana Shaykh laughs.) So yes, Shaykh Mehmet's wife is from Kayseri.

(...)

They used to recite Surah al-Fath everyday. You opened up a dargah in Bielefeld? (Yes, Effendim, with your blessings.) Whoever is responsible in that area should recite one Surah al-Fath each day. Surah al-Fath is very important; it is a great, majestic surah. Therefore, keep up with that practice and do not fear. What was your name? (Ibrahim.) Because we are unable to keep things in our memory as was before, so it becomes necessary for us to ask several times. Please excuse me for this. Where are you from? (Frankfurt.) Who is the imaam in Frankfurt? Is there an imam? Even if there isn't, whoever it may be, let him recite one Surah al-Fath at the masjid everyday, because the world has entered into a very tough and difficult point. The only way to overcome this will be through the power of imaan. Those with no imaan will fall off. We seek refuge in Allah.

Safeguard your eyes! Don't go out on the streets needlessly. Don't leave your homes. Don't leave your women alone at home. Don't let your children go out at night after maghrib prayer. Don't send your daughters to schools where boys and girls are mixed. You must pay attention to what I've said, as these are what it truly means to be a Muslim.

(Guest: O my Sultan! Do not severe us from your door; send us your support! These people would like to take baya` from you.)

Let them take. Let them also take from Shaykh Mehmet Effendi. He is a perfect shaykh! Don't look at how he is showing himself; he is a highly charged person; his himmah (zeal) is very high. All great shaykhs have sent their gaze upon him. We have nothing. What are we? We are like a dry leaf. However, especially now, there are five awliya endowed with full power who will be in service; they are five big saints. Among the awliya, they are known as Rijaal ul-Ishraaqiyoon; in sainthood there is no other rank above theirs. He (Shaykh Mehmet Effendi) is one of them.

(Guest: May Allah Almighty give you more power, Effendim. May he keep you with us.)

What are we to do with power now? Ride on a horse or a donkey? Haasha! All I want from Allah Almighty is not be imprisoned in bed, and not suffer from mental impairment and lack of imaan. And I am asking Allah to prevent us from falling under an attribute that will cause people to have hatred toward us. Amaan, yaa Rabbee!

(Guest: May Allah grant you to see Mahdi (a), Effendim.)

Our Prophet, `alayhi 's-salaatu wa 's-salaam, mentions of "good fate." May Allah make us to have good fate. Neither should we suffer, nor should we make others suffer. May Allah be pleased with you and grant you long life.

(Baya`)

A pure life and a pure death. May we enter from a pure house into a pure grave. May we appear in the Presence of Haqq with a face, unblemished and glowing, yaa Rabbee, for the sake of Your Beloved! We have remained as fuqara, poor ones. May Shaytan and its followers be destroyed, be taken away! Send us those who invite us to Your Way, yaa Rabbee! Send us a Sultan who will destroy Shaytan's kingdom, yaa Rabbee!

Fatihah.

May Allah bring us together in good days ahead. Take good care of our brothers and sisters! You are responsible in your area, but now there are people spread out everywhere and they are in need of someone to lead them. You are looking after the place where you reside, but who looks after the second dergah? So that is what is needed. Let someone watch over the dergah, to host those who come and go, and to serve them in

zhaahir and in baatin, outwardly and inwardly. (Inshaa-Allah, Effendim.) Of course there is a place, but there is no one in it, and no one who can handle a word from anyone. Everyone who comes should at least say, “Let me hear one word.”

And we too have come here to say “Allah!” to be servants to Allah Almighty, not to make a show that we have come. A person who says “I am this” or “I am that” has no value. Our value depends on servanthood to Allah. So many people say, “Shaykh! Shaykh! Shaykh!” but that doesn’t matter. Your name may be “Shaykh,” but what is the status of your servitude in the Presence of Allah? We are in a tough situation. Our duty is to be servants to Allah. Do not forget this, and teach it to others as well.

Don’t say, “I am better than you,” but say, “I am your servant.” You and I are all at our Lord’s service, as we are servants. We are at our Prophet’s service, and at the service of saints; this is our honor. If not, whoever is disconnected from an awliya, he is Shaytan’s dog, Shaytan’s slave, and Shaytan’s donkey. May Allah protect us from being one of them. May Shaytan be kept far away from us!

A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Yaa Rabbee! Yaa Allah! Allahumma ‘j`al jam`ana hadhaa jam`an maghfoora wa tafarruqana ba`dihi tafarruqan ma`sopma. Wa laa taj`al feena shaqiyyan wa laa mahrooma. Allahumma zidna wa laa tanqusnaa wa`atinaa wa laa tahrimnaa wa akrimnaa wa laa tuheena wa laa tuhsir `alayna wardina wa warda `anna w ’a`fuw anna w ’aghfirlana warhamna wa tub `alayna wahdina wa ‘skina wa ‘s-sir sha`nana sha`nal muslimeen wansurna `ala ‘l-qawmi ’l-kaafireen. W ’ansur sultaanana sultana'l-muslimeen... sultanal-insi wa ’l-jinn, gather us under the flag of Sayyidina Mahdi (a)!

May Allah be ever pleased with you. May you kiss the Ka`bah! May Allah open your heart and the heart of all of you. We are the Ottomans! Say “Ottomans,” not “Turkish Muslims.” Okay, in peace you go. Amaan, yaa Rabbee! Blow on me too.

**You came with Khair, may you go with Khair**

As-salamu alaikum wa rahmatullah wa barakatuh... You came with Khair, may you go with Khair... Allahumma salli ‘ala S.Muhammad wa ‘ala alihi wa sahbihi ajmain. Ya Rabbi, ya Allah, grant us the Shafa’a of Your beloved one, ya Allah!...

O people, welcome to you! As-salamu alaikum wa rahmatullah wa barakatuh! We are weak servants and we are asking a support from Someone that He can support everything! If He is not supporting, even an atom can’t be in existence, because nothing can be in existence by himself, by herself, by itself. Therefore- everything (is) supported by their Creator Allah Almighty.
May Allah bless you and forgive us and we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

We are weak servants and we are sitting here, asking from our Lord Allah Almighty heavenly Support. Really everyone must ask heavenly Support; if not, no one can support another one or no any nation can support another nation, no.
I am surprising that people, weak ones, (are) asking from a powerful one a support and also I am looking some small group of nations asking a support from another country.
As we are on this island Cyprus; we are a handful inhabitants here and we are asking support from Turkey. And about 4o years Turkish government (is) trying to give a support to this handful group of people in Cyprus,

but as much as Turks (are) asking to support this small group of people living on this island, that small group (is) going to melt. Melting, coming down, coming down, coming down and nearly going to disappear. Because our people that (are) living here, their beliefs it is so weak. You may say that (it is) so weak that they are loosing their beliefs to the Lord of Heavens.

Everyone (is only) looking and asking a material support and material (is) never giving a nation or a person or a group of people a support. But yet they are insisting (and thinking) that: “If we are going to be rich ones, we are not in need any support (from Heavens).” They are thinking or believing that only material aspect may support persons or companies or business or states or governments. No, never, it is so far away (from reality)!

Yes. Now there is (a) patron state on earth, US. Americans, they are fighting in Baghdad, in Iraq, but...! They are putting every possibility that they have to be able to control a small area in Iraq, because (it is) their beliefs, they are thinking, that weapons or ultra power weapons, nuclear bombs and so quick planes, fighters, may help them, but (they are) never helping (them), impossible. They are surprising: “How we are not able to control a handful people in Iraq?” Yes- but they are not asking. Ask, come and ask to me, I should say to you: “Because you- Americans, or Russians, or Turks or British or Chinese or Japanese people- their trust (is) on material aspects.“ But never helping that material aspects to them, no! Yet they are surprising, astonishing: “How we can be able to be winners? First we did something and we thought that we winned, we are victorious, but...(then)...” Yet (since) two years or more, they are looking and seeing that they can’t be able, they are not victorious.

In front of them (there are) no armies, in front of them (there are) some single people that they are not like an army to come face to face

for fighting, (and) therefore it is so difficult to bring a good result. They (were) so quickly conquering Iraq, but they are not able to put their hegemony on people, to keep them silent, to keep them obedient! They are now thinking on it...
And I am sending my message to whole nations and their leaders:

"O people, don't trust your armies, don't trust your unknown special bombs, don't trust on material aspects!
You must believe that spirituality (is) always winning and always material aspects (are) going to be under the feet of spirituality and spiritual powers!"

And now, (in the) Islamic world also, their beliefs (are) nearly coming to the point of zero. After a while (they) may be under zero, their beliefs- they are finishing also.
They are also trusting for their richness, for their monies, for their oils, for their soldiers, armies, but no, even now their hearts (are) trembling. They are saying: "What is going to be tomorrow?" No one can be able to give a news from tomorrow, what is going to happen! It is just shut down, closed. There is a heavy veil, curtain, you can't see, you can't listen, you can't (do not with your) mind, you can't know what is going to happen tomorrow! And Allah Almighty (is) saying: "...Kulli yaumin Huwa fi sha'an..." Every day that opening, every day don't think that it is same; (that) today is same or a copy of yesterday! Don't think that tomorrow (is) going to be a copy for today! Every day (is) coming in an unexpected events, because Allah Almighty (is) saying: "I am doing for every day a new projects, new happenings. New everything, (so) that (today) can't be same as yesterday!"
And man- until now they are not thinking on it to say that: "Tomorrow we are going to be winners" or not yet mankind they are thinking that they

should be able to make their hegemony on coming days and only Allah Almighty He is giving every creation to be under His (Hegemony)- that it is (a) heavenly Hegemony on everything- Dominions for Allah. No one can be able to reach His Dominions.
We are so weak, only we can find a power through our spirituality. And people just left to learn spirituality, to learn about themselves and people (are) running after nonsense things, and (they are) dying and killing, destroying and (being) destroyed...

O people, you may reach not 21st century- (even the) 21.000th century, if passing, that rule (is) never going to be changed: always material (is) going to be under (the) hegemony of spirituality. And (a) very simple example: you have physical body and spirituality. When your spiritual power (is) leaving your material being, it is going to (be) useless; a person, when he is dying, the power that (is) making (him) to act, every act going through this life (is) cut off from our material being (and) our material being it is going (to be) so nonsense, so useless, so dirty. Therefore people (are quickly) taking that dead body (away) and burying (it is the) burial places. (It is) nothing, no any power!
But people are not thinking on it, Ya Hu, what is going to be (with) that person that yesterday was running, speaking, doing everything and today he is lying, not seeing, not hearing, not speaking, not knowing, not catching... They are not making a research on it.
They are making nonsense research, asking: “How many kinds of ants? How they are making their sexual work...?”... Yes, you know, how that ant (is) bringing (its) generation?... They are looking (after) such a things, for example, but not looking who is man, who are you, who we are? They are not asking, no. We forget ourselves and we are occupied (with) everything around ourselves. Ya Hu- first look for yourself!

If I am saying: “How you are looking?” “ I am opening my eyes and... (it is) so simple!” “How this hand (is) getting up? How this (is) going to move, (the) hands? Without any support, how it is?” “(If) my will (is) leaving it, (it is) falling down, (if) my will (is) ordering ‘Get up’, (it is) getting up. My willpower (is) saying ‘Walk’ and you can walk, ‘Run’ and you can run”... like rabbits...

(We are) not looking (to) ourselves, but we are wasting our energy and power, every possibility that we have been granted by Allah Almighty for nonsense. You must look after yourself first, who are you? We are not knowing our identity! Yes. “Who are you?” “I am the son of Niyazudin”, “I am the son of Perwin”, “I am the son of Ahmad”... that is your personality? Who are you? I am asking to you: “Give a description on yourself who are you!”... (Understanding?... Why looking to the wall? Look to me!...)

Who are you? You must know, who are you. Very simple answer:

“I am Adams generation, I am (a) member of (the) big family of humanity, belonging to Adam physically, belonging to our Prophet, (the) Seal of Prophets, S.Muhammad spiritually!

And my nationality (is) Millati Ibrahim, (the) nation of Ibrahim. That is our nationality. And we are from Zurriyati Adam, from his children, (the) generation of Adam.

And from the Ummah of S.Muhammad sws and we are also from the nation of Abraham.”

Christian can’t say that: “We are not from the nation of Abraham”, no!

If they are saying: “I am German”, “I am English”, “I am Swedish”, “I am Greek”, that is wrong. I am not asking your tribe and (the) tribe is not important. Important (is) that (which is) giving to you an honour: To be (a) member of the Children of Adam Safiyullah that Allah Almighty dressed him (the) honor to be Caliph on earth! That is biggest, one biggest honor that we have been granted.

But people (are) not saying (this). They are saying: “We are German”, “English”, “Russian”, “Turkish”, “Arab”... No, Allah (is) not giving honour to your tribes! Honor (is) that you have been honor to be (from) the children (of Adam a.s.), one member... of (the) big family of mankind, I am one member”. “And from which nation?” “ Nationality, (the) real (one), (is) to belong (to the) Prophets group and we are also from the nation, from (the) Ummah of S.Muhammad sws. -That we have been honoured, even Anbiya a.s. they were asking to be one member of Ummah of S.Muhammad sws. We have been honored!- And, 3rd, (our) nationality, (our) real (nationality, is to be) Millati Ibrahim, from the nation of S.Ibrahim a.s.

Allah (is) not, never saying: “Ya ayyuha-l Arab”, “Ya ayyuha-l Atrak”, “Ya ayyuha-l Ajam”, “Ya ayyuha-l Rus”, no, (but): “Ya ayyuha-l-ladhina amanu! O My honoured, most honoured servants! I am granted to you to be from the generation of Adam and to be from the Ummah of S.Muhammad sws and from the nation of Millati Ibrahim, Ibrahim Khalilullah!” We are not knowing our identity yet, they (are) never teaching this. Before they were teaching, now they are saying: “We are like other animals living on earth, next (to them), as nextdoor to our neighbors...” This is not honour!” (The) honour that granted Allah Almighty (is) to be from Adam- alayhi salat wa salaam- (to be from his) children and from the Ummah of S.Muhammad sws and from the nation of S.Ibrahim- may be greetings and blessings on them, peace be upon them, and honour be upon them!

Who is asking to be with them, should be granted that honour more and more!

Mankind now they are on (the) wrong way. Their education (is on the) wrong way, their teachings (are on the) wrong way, they are using, everyone (is) using satanic methods and they are deceiving themselves and people. Real reality (is) what Allah Almighty (is) sending and ordering to you to believe!

O people, it is a very short life that we are in it. Years so quickly (are) running, because time is running. Time (is) running, you can't stop it, and you must try to take something! For example: There is cars on airports, they are standing on it and without walking (they are) taking you from one side to another side. Now (it is the) same for reaching for ourselves: they are thinking that we are not walking, but time (is) taking ourselves- from month to years, from years up to old age of a person...

May Allah forgive us and grant us a good understanding! Because people (are) drinking and they are getting to be drunk ones. They are learning something that you may say wholly they are satanic teachings, that also making people to be more drunk.
Come and wake up! O people, wake up! Before your eyes (are) closed down, look and understand your position here and Hereafter!

May Allah forgive us! For the honour of the most honoured servant of Him, much more granted glory, glorified one in divine Presence S.Muhammad sws.
For his honor Allah (is) dressing you and me, for every believer, to be dressed Nur, Lights, here and Hereafter. Bi hurmati-l Fatiha...

**You don't give drugs to a hungry donkey... Or: Depression is a spiritual problem**

As-salamu alaikum wa rahmatullah wa barakatuh!
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim,
la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim!
By the Name of Allah Almighty, All-Merciful, Most Beneficent and Most Magnificent!
Welcome to you!

(Sheikh is making a short Dhikr using:)
Allah ya Daim...
Allah ya Jalil...
Allah Dhul Jalal...
Subhan Allah, Sultan Allah...
Subhan Sensin, Sultan Sensin...
Ma sha Allah! Ma sha Allah!
Every time you may do Dhikr, (it is) as (with) a tree: When it is dry and (you are) giving (it) water, how (it is) opening, we also; every time that we are making Dhikr, from heavenly Rains (it is) raining on ourselves, making ourselves to be enough powerful for everything, for every attack of Shaitan! Therefore don't forget! Must be your tongue wet with Dhikrullah!

Welcome to you!
Anything to say, Sheikh Abdul H.?.... he was in (the) forest with Ahmad

K., making Dhikr and a big beast (was) coming in front of them, like (a) cat sitting (down) in front of them, like this...understand?... Sheikh Abdul H.... (a) beast, (a) lion, (was) coming, when they are making Dhirk through (the) jungle, coming and sitting... looking...Kiss his hand!... Where is Ahmad K.? (In Dubai) Never asking me...

Ya Rabbi, Shukr! Welcome to you! Welcome to those people, who are asking to be welcomed from Heavens. You are coming to a meeting that this meeting (is) only for last day... This is a meeting for Allah. You are coming from long distances, to reach some spirituality, because spirituality (is) making you to stand up and to be able to do something for Allah. It is not easy for anyone to make heavenly Service, without reaching such a spiritual meetings.

May be our attenders one person, two persons, more or less, but all of them they are asking Allah Almighty's Pleasure. Who (is) asking Allah Almighty's Pleasure, (is) getting up and going with pleasure. "Al jazau min jinsi-l amal". You are trying to make your Lord Allah Almighty pleased with you, you are trying to send (to) His divinely Presence pleasure, and Allah Almighty (is) returning, what you are sending. You are sending according to your size and Allah Almighty no size! Can't be! Who is going to be from eternal up to eternal, how you are asking (about a) size for Him- audhu bi-llah! You are sending according to your size a pleasure, you are trying to make your Creator, your Lord, Lord of Heavens, Lord of Creation, you are trying to send pleasure.

An ant, what (it is) bringing to a thirsty person? But... an ant, if running to a thirsty person and it is saying: "Just I am running to make that thirsty person to be free from thirstiness and to reach a pleasure and to make him happy, because he is so thirsty one, I must reach to him!" What reaching, what he, it, can bring to you? If one billon ants

(are) bringing (water), only it can be one billion ‘zarra’, atoms, or more or less; (and) if you are collecting one billon ants’ water through your mouth, do you think that a thirsty person (is) going to be satisfied? It is impossible, but that one (is) just (going to be) rewarded through its intention and through its efforts that (it was) running to save a thirsty person.

And we also; according to our sizes, what we can send to (the) divinely Presence from our effort that we are doing? Only our intention to make our Lord pleased with us!

And Allah Almighty (is) rewarding back and saying: “Grant, o my Angels, to My servants, whom they are asking to make Me pleased and they are sending their pleasure to Me, make their lives to be in happiness, in peace, in pleasure, in satisfaction, in honour!” That is. What we are doing, what we can send? Zero, under zero! But the Lord of Heavens (is) going to be happy with us, pleased with us, and (the) most important thing for man through his life (is) to try to send more pleasure from himself, from herself, from itself, from themselves to (the) divine Presence so Allah Almighty (is) saying: “Oh! My creature (is) just sending to Me, as it can do, he can do, she can do, pleasure to Me!”

People now living in fire, (the) fire of Hells, no pleasure. They may have billions or trillions Dollars or Euros or Pounds, but that (is) never bringing to a person a pleasure, no, perhaps (it is) making them much more to be sad. No pleasure, because always they are thinking: “Tomorrow what is going to happen? May be a flood and may take my treasures... may be (an) earthquake and making everything from my so big buildings to be on earth...may touch to my skyscraper towers, may touch something like this and in seconds it is going to disappear...”

Therefore you can't find anyone from those people (to be in peace)... May be President and may say: "Today I am President, tomorrow I don't know what is going to happen. Perhaps people (are) saying 'We don't like such a President' or they (are) becoming a crowing and saying that: 'We don't like an opposition'; people may come, may carry our power, we are remaining without anything..."

Such a thinking is giving to them sadness. They are not happy, no, because: "May be I may sleep through my home and may reach morning (to be) in prison. Or may be sleeping in my house now, tomorrow morning may be I am buried in a graveyard." Therefore they (are) never going to be happy, they (are) never reaching any satisfaction or pleasure or pleasement through their lives, because they have only material aspects. Soo much, but never (that is) giving to them a pleasure.

But if a person (is) trying to do something, observing that: "If I am doing his, maybe my Creator, my Lord, going to be happy with my effort, with my doings", he may be in pleasure! Yes, everything that you are making, doing for your Lords Glory, you should reach much more pleasure from Allah Almighty, much more pleasement from Allah Almighty, much more satisfaction! Much more lightening, much more glory, much more honour from His divinely Presence (is going to be) granted to you!

But people, they are 'jahil', ignorant; they are thinking that their level (is the) highest level through centuries, but they are fully wrong ones! Because they (are) never taking any care for their Lords pleasure, or pleasement, never (it is) going to be (possible for them) through this life to reach a pleasure or to reach a pleasement, no.

That is (the) biggest 'bela', cursing for them; because they forget their Lord, their Creator, and they also just forget their Lords

pleasure for them, and then this darkness (is) covering them. Therefore now (there is) just increasing a kind of illness- really it is not (an) illness, (because) illness that belongs to your physical being- depression.

Depression it is a new 'illness', but it is not really an illness (because illness) belongs to our physical being, it is something else. And psychology people now their number (is) growing, growing, growing, because people, their depression (is) growing up. And those psychologists or such a people, they are not reaching to make something with them, only they are saying: "Use this!" What is: 'Use this'? It is not something from (the) material world, no, it is something in our lives (that) belongs to our spiritual being and for spiritual restlessness you can't make a treatment with material medicine. But they (are) also never knowing about this, and (they are) saying: "Take this! Take this, to make your nerves (calm)..." making it...

Think, for example: If a donkey is shouting and never resting, what about, if you are not giving to that donkey barley or wheat or corns and you are saying: "O my brother!"
"Do you think that I am brother?" "I think that you are my brother in law..." Tauba, Astaghfirullah... "What is matter of yourself that you are always shouting 'iaaah'?"
"O my master, even I don't know..." "Let me to give to you some medicine, to make you silent, giving to you rest..." "Eh, we may try..."
(And he is) giving to (that) donkey some (of) this medicine...what is the name of this?... Drugs! (All of you like that donkey...!) Drugs! Saying:

"O my Darling, I may give to you a kind medicine that makes you to be calm and after a while you are not going to be able to be on your legs, you must sit down... After, another pill from drugs I am giving you,

making more powerful drug, and you should feel that you can't be able to open your eyes and your are going to sleep, taking your rest..."

And (that) donkey needs barley, (tht) donkey is hungry! It is not in need for drugs, it needs barley, because it is hungry! When he is hungry, (he is) getting to be angry, when (he is) angry, (he is) shouting and kicking, who (is) coming (nearby to him)! And coming that vet- ya Hu- (he is) never understanding the reason of donkey why (it is) shouting, crying and kicking! They are thinking that it is something wrong from its nervous system and it can't be able to say: "I am hungry!"

And those people now in our time that (it is) increasing that depression... Day by day (it is) increasing, and those psychiatrists (are) saying: "Don't worry, I shall give to you a very good" - drug not saying, pill- "I shall give (you) a pill. Use it morning once, evening once. If it is not getting a good result, make it two-two. If (there is) no real result, make it 3-3 and if not good, make it 5-5..." And finally (he is saying): "Make it 1o..." Haaaaa... falling, passing away... "Oh, now you are reached real rest, my friend! O my Darling, you passed away...vai, vai, vai...!"

(They are) not asking what is (the)real reason from depression!

Yesterday (in) a newspaper I am looking there it is written: 'Stress'- Turks (are) saying 'stress'- Stress- no treatment: "No treatment for stress." I am saying: "Why?" Why? Because you are using something that it is not for that illness! It is something not from your material being coming, but it is something that our spirituality (is) giving trouble, because you are not giving anything, you never taking any care for your spirituality, therefore it is going to be 'stress' or 'depression'.
Saying one lady (who was) writing this article that: 'No any treatment

for stress'. That is their knowledge that reached there! As we said now: (the) donkey is hungry and shouting and kicking, (and) they are saying: "O my friend, don't be worried, I am giving (you) something to make you to be rest, happy! Take this!" Taking and sleeping a little bit, then awakening...

That is (the) treatment of psychologist people now, because they are using something from (the) material world for (the) treatment of spiritual problems.

And they are doing big sentences (centers), carrying people for treatment. So many Europeans (are) coming and saying to me: "My son (is) in such a center." Because he was using big amounts from drugs, therefore they are taking and imprisoning him in a big place and not giving, making that drugs-dosage down, down, down... then sending him away. And it is not true!

May come here some people, so many people (are) coming, they are drug-addicts; (and they are) coming and leaving and going! Because the Lord of Heavens He is (the) only One who (is) knowing about yourself and (He is) sending (knowledge) to His Prophet and His Prophet sws (is) teaching, how they should treat such a people!

(The) first reason (that is) bringing that big problems from youngsters (is) that they are not believing in anything. That (is) making them to fall in a deepless well and to fall in a darkness place, (so that) they are not knowing (their) left hand from (their) right hand.
That is.

Therefore we are trying through this small and humble association, so humble meeting, to make people to believe that: If you are not going to make pleased your Lord, you can't reach a pleasement! If you are not

trying to make your Lord in pleasure, (there will be) no pleasure for you with any material aspects! Therefore we are saying: “O people, try to do something for the Lord of Heavens! Nothing from Dunya aspects may save you, no!”

(There is) no pleasure for mankind, if they are not trying to make their Lord pleased with them! Or, if they are not sending a pleasement to your Lord, (they) can’t be to be in pleasure or in satisfaction!

That is (a) very important speech, keep it! From East to West, from North to South, (the) whole world people must know this! This is a reality: You can’t treat something that belongs to our spirituality with material drugs- finished!

May Allah forgive us! Aman, ya Rabbi! Tauba, ya Rabbi!
Please, ya Rabbana, keep ourselves, not to fall in such a terrible whirlpool! If not, no hope...That is only- for saving people from every crisis, from every badness-: People must come and must listen and must follow heavenly Directions- finished!

Don’t ask wars, fightings- (they are) never bringing any good result, no, finished! Don’t think on it, to change (the) government- opposition or other people, governing body, governing party... (The) opposition (is) saying: “You are wrong”; if they are coming (into power), (the) others should say: “You are wrong also” and that fighting (is) going on. It is impossible, no rest, because people (are) going now to be into two groups: One group (is) saying: “We are right”, another group (is) saying: “You are wrong”- it is impossible! Birbirbirbirbir... speaking, speaking, speaking...! You are opening that shaitanic instrument, looking (that) everyone (is) speaking, speaking, speaking... What is the benefit, what (it is) bringing to people? (Is it) bringing to them a safety, a safe

life, a save future? No! They must come to Allah Almighty's heavenly Orders! If not, they should be taken away...

May Allah forgive us and bless us! For the honour of the most honoured one S.Muhammad sws, Fatiha.

Allahumma salli wa sallim 'ala, Nabiyina Muhammad alayhi salam,
Salatan tadumu wa tuhda ilay, mamarra layali wa tula dawam.

## You must know that you have been created alone

Audhu bil-Lahi min ash-shaytan ar-rajim Bismillah hir-Rahman ar-Rahim
was-salaat was-Salaam 'ala RasulAllah
wa 'ala Alihi wa Sahbihi ajmaeen
Meded ya Rija'ullah. Destur ya Sultan al Awliya.
We are asking for Holy Support, Heavenly Support, Divine Support. Holy Support comes from Awliyas, Heavenly Support comes from Rasulullah, salAllahu alayhi wa sallim, Divine Support comes from Allah Almighty.
You must know that you have been created alone. Alone, that is how you were created, through your mother's womb and you came from her alone. You think that you are not alone because we are sitting here with so many people, but we are alone, each one with himself or herself.
When you are working, you are alone.
When you are eating, you are alone.
When you are sleeping, you are alone.
When you are ill, you are alone.
Even if you are with hundreds of people you are still alone among them. No

one is with you. You are by yourself and you are dying alone. They will say of him, "She is alone...being carried in her coffin...alone and buried, all alone in her grave."

This is an important point, most people are heedless of this reality. Don't say "I am with my wife, I am with my children." Everyone is with themself and everyone is alone. Now if a person is healthy and wealthy, he or she thinks they are not alone but when some disliked things come on them, either in their business or with their health, then they realize they are alone. Husbands are not able to be with their wives nor are wives able to be with their husbands.

Perhaps when his wealth goes away, people will also run away from him. People were circling him when he was rich, he was a big person but when he lost those reasons, people ran away from him, he is looking and seeing even his family and closest ones leave him. They don't like to be with him anymore. They say, 'We must take him to the hospital or to an old folks' home. We must put him where there are so many old ones, where he will be happier, we can't carry this heavy burden anymore...'

They were crowding around him when he was healthy, but now when he is losing his wealth they are running away. They are thinking, "There is nothing with that person, leave him alone." Loneliness at that time is going to be clear, particularly with unbelieving people. At the time that person arrives at the old folks' home, he will look around and they will ask, "Who are you?"

He will say, "I am so and so."

"Did you have children?"

"Once upon a time, yes."

"Living?"

"Yes."

"Where are they?"

"At home, they brought me here..now I am alone."

That is the end result of materialism, atheism, humanism, socialism,

feminism. It brings people to that point. All are false ideas, shaitanic teachings. And a Heavenly Order, a Heavenly Command, says, "Oh My servants! Be more kind to your parents, children, neighbours, humanity." This is what Islam says. The anti-Islamic view says, "No, we are not accepting."

What is more perfect than Islam? Islam brought perfection. But atheism, communism, humanism, socialism, feminism...all are batil, false ways. If you are healthy and wealthy they say "Welcome!" If not they are kicking you out to an old folks' home or to hospitals or mental houses or prisons "to be happy". Only Islam is bringing perfect kindness to people, teaching us how we should be with each other.

And when their parents are dying, they quickly call the undertaker to come and prepare him or her, then they ask to be told when the body is ready so they can run behind the coffin to the cemetery. They dress in black clothes, men and women, and with a white handkerchief in their hand show that they are so sorry...

"Oh! Oh dad...oh mum!" they cry. They bring flowers and write on it "Dad" or on another one "Mum".

Ha!

That is their civilisation!

Shaitanic teachings teach the worst way. Shaitanic teachings are against Heavenly Teachings and dying people are going to understand this when they are so lonely. If they realize this before their time comes, they will ask to keep themselves from such a bad situation at the end.

They have children and grandchildren and no one is coming to see them. They are only cheating their mothers and fathers by giving one day for "Mother's Day" - where they may take flowers and say "Mum it is your day". Once a year they come to their Mums and once a year they come to their Dads. That is their civilisation.

And Islam is saying "Keep your old people -- keep respect for your Mums and Dads, because I (Allah) am giving them My blessings." Allah is saying "My blessings are on old people. Keep them in your homes, so that My blessing comes on you also." If you are sending away your old Mum and Dad, those blessings will be cut down. Maybe your family will no longer be blessed. Therefore family problems are increasing. They are not going down. But shaitanic teachings say, "No! Take them away, so there are only young ones." They are taking those who are old and close to death away, and now Muslims are also learning shaitanic ways from Europeans, from Western countries. They are sending their sick parents quickly in an emergency ambulance, to take them to a hospital, so they do not die at home. That person who made that building and put everything in it. Their children can't even carry their mothers or fathers for even two hours up to death. Saying, "No, it is no good for a person to die in their home, let them go to the hospital and then the cemetery." That is civilisation?

There are curses on such a civilisation. There is a curse of seventy times on those who say that is civilisation. Humanity is finished, now only robots. No feeling, no kindness to each other. Perhaps much closer ones understand they are alone, but now so many people are not feeling this, but are saying, "It is okay, we are not alone".

But after a while they will understand that they are alone. But by then they will be taken from their beds, from their families, and from their children. They will be taken by force, shouting and crying, not happy to go but but they will be forced, taken and carried to another wild place to be there up to their death.

Therefore, now in our days, Rahma (Mercy) is cut off from Heavens. Mercy is coming in a few drops for some reasons for some people. It is not coming generally, but only specially for some people and some places. Therefore in our days living people have no pity for anyone. If they do not have pity for their own parents and next of kin, then what about other peoples and

nations? If they are not taking care of weak ones and running to others, how can you believe they have pity in their hearts for anything? Their hearts are just empty of mercy. Their hearts are like rocks and nothing can enter them. The whole crisis that is coming is because people aren't giving their mercy and pity even for their most closest ones. Pity and mercy are going, and wildness and terrible (Divine) revenge is coming on them. Every where you look now, you will find signs of the revenge of Allah Almighty.

For the past three or four months I am hearing, "Flood! Flood! Flood!" Rains are coming and carrying away hundreds of people and houses, taking away so many fields, and carrying away so many things that they were going to use and eat. That is the result of not having pity for weak ones, and Allah Almighty is punishing them for such things. Europeans are claiming they are such civilised people, even more than Americans, U.S. They are saying this, but whole floods came on them this summertime.

Everything went underwater. Rivers came over bridges and destroyed everything. Hundreds of people drowned, but they said there were only twenty to twenty five deaths. No! Hundreds of people were carried away and hundreds of thousands of animals were carried away and centuries old houses and furniture and their books and everything they are keeping for hundreds of years are carried away by the flood. It is not a sign of mercy! It is not a sign of satisfaction or pleasure from Allah Almighty. That means Allah Almighty is angry with them, particularly Europeans.

European countries, why have there been so many floods there for so many years now? Now something is coming. It is a sign of anger of the Lord of Heavens because Europeans are running after false ways and saying 'democracy', that is false. Saying 'humanism', that is of no reality. Communism is worst. Socialism is worst. Capitalism is worst. Every 'ism' that is coming is making the Lord of Heavens angry with them, because Allah Almighty sent to them His Divine Rules to arrange the lives of mankind

peacefully with pleasure, but they are sending them away. They are coming against the Lord's rules.

And now Allah Almighty is hitting them with a whip, whipping them, yet they are not saying "Oh Allah! Oh our Lord! Oh our Lord! We are asking for Your Forgiveness!" They are not saying that. I never heard of people coming to churches and cathedrals in Europe to say "We repent ya Rabbi, forgive us!"

No. People are saying that they are natural, natural events...natural events?

We must look at what at these "natural" events really mean.

May Allah forgive us. It is coming. I was not going to speak on this, but our Grandsheikh is sending me such an association to reach to the whole of mankind, so that they may say, when they are asked in the Divine Presence, "Did any warning

come to you or not?"

They will be forced to say, "Yes, but we did not heed those warnings."

They are claiming that all of these events are from nature. No, it is not from nature. But it is from their Lord's side, from Allah Almighty.

May Allah forgive me and bless you!

Bi hurmatil Habib, bi hurmatil Surah al-Fatihah!

## You Have Been Created to Pray

The foundation of knowledge which everyone should know, is that we are creatures, created by the Creator. If this is not being taught, those huge centres of learning, the universities, will be the centres of ignorance. If they do not teach that we have been created by a Creator, they are not teaching anything. The professors of the university are usually very proud people. Where were they 100 years ago? Did they create themselves? If so, tell them not to die! In 100 years no-one of us will be here. In 100 years you will be nothing. Try to learn something from this wisdom. Don't be cheated through your youth, wealth and titles. Even if you are professors, you will forget everything by the time you are 80 years old. Whoever created you, will make you come down.

Try to know about yourself before you start learning about your surroundings. Science today is the opposite. They want to know about everything but themselves. We are so occupied by everything around ourselves. This makes our belief weaker and weaker and our troubles reach a top point. Whenever the belief comes down, troubles will increase, because there is no balance to carry the heavy burdens of life without a belief. Even an elementary belief will give a person support. A cane can support a hat, but not a building. Man must ask for a belief which is firm enough not to fall down. The base for that belief must be according to the understanding of the people and both should be able to grow.

The Creator knows about the nature and characteristics of his servants. No-one can know more about us than

He does. Which is why He sent Heavenly Messages through His Heavenly Servants to his people to teach them how to perform Divine Services, how to worship Him. That is what we have been created for. If you do not do that, you are nothing. If you want to be acceptable in Divine Presence, you must fulfil your Divine Services.

You find Divine Services within every religion. It is the strong base which should be well-known and protected by everyone. If people do not keep that rule, to do their Divine Services daily, they are wasting the honour of being humans. You do not tire eating so many times a day, but even praying once seems to be too difficult for most people. Divine Service is the highest honour which we have been given from our Lord. If a King would offer you a highest service and you would refuse, what would that mean?

Allah is hiding Himself, but He is nevertheless asking us to serve Him. It is not less than if a King would ask us. He is not less majestic, less glorious. He has ordered us to come to the Divine Service. You have not been created to fight each other, you have been ordered to pray.

The 20th century started with atheism which then reached its top point in materialism. The two world wars wanted to destroy everything, and now a third one is being prepared. Everyone is a servant. I am a servant, Her Majesty is a servant, the ministers, the sultans... all of them are servants. Prophets and saints are servants. They are proud to be servants to such a powerful and glorious king.

Everyone should have another look at themselves and see which destination they have. They should try to glorify their Lord as much as possible, try to stay away from evil in the community. Within mankind you can find so many representatives of devils whose only aim it is to make all religions support them instead of worshipping their Lord. They must be defeated.

Every day you hear on the television what they have accomplished. This is not what we were created for. We have been ordered to support humanity on earth, not to destroy it. But that is what the devil and his supporters want to do. Try to be with the true and trustworthy ones and you will reach peace on earth and the pleasures in the hereafter.

**You have to fulfill everyone's right...and the one who has rights on us before all is Allah Almighty**

You have to fulfill everyone's right...and the one who has rights on us before all is Allah Almighty. Our biggest duty is towards Allah...

History, Ilm ul tarih, is important, because it contains teaching and lessons for mankind. We are learning from the Holy Quran, because it contains the story of past nations as a summary. And the Holy Prophet gave the details.

The Quran is called Umm ul Kitab- the mother of books, because millions of books were inspired by the Quran. The Quran is like the ocean, and what we have from knowledge out of it is like a drop from that ocean. Who could be able to write a book nowadays that would fill libraries with the knowlege it contains? The Quran is the mother of books- everyone can draw something out of it, because it is the Word of Allah. And it needs no other proof. And every letter in it has a minimum of 24.000 meanings. If the holy ones would not getting at least so many meanings, their heart would explode.

I was reading a book, nutkun, about 3oo-4oo pages, in 36 hours. It is taken from the Dar ul Khilafa in Istanbul.

It makes the mind to work and gives light. But no one can read it anymore, because they changed the language from the original one to an imitated one, unreal one...

The electric power is working in the whole world. 2oo years ago Allah gave the permission to an Israeli to make this invention, because it was Allah's Will to fulfill the signs of the end of time. Therefore that knowledge was opened to man and fasad began. Nothings functions anymore without the power of electricity. And all nations had a spiritual power, energy, but now it is only working for Muslims. We have spiritual power in Islam. Other religions are out of date since the arrival of the last prophet. And the Jews are ennemy to Islam, but no technology can do anything against Islam. And the Christians are more stupid in their jealousy towards the Prophet. So many times he called them to accept Islam, but they wouldn't let go of their Prophet Jesus and still they try to missionate the world for Christianity to become the world religion n this century... As the Jews their heads are like squares, the Christians represent stupidity and their heads are empty. Everywhere they put pictures or statues of Jesus and

Maria, and show Jesus on the cross. Only here in Cyprus they knew people wouldn't accept an almost naked prophet on a cross to be worshipped. So they dressed him clothes and put a crown on his head and gave him a stick and Maria also got a crown on her head. They put majestic pictures so that people would worship them...And they say one is three and three is one- who can believe and whose mind can accpet something like this?! But people don't think anymore...And the Jews are closer to the Christians than to the Muslims. That is the fault of the Muslims, not of Islam, because people look to us Muslims now, not to the source of Islam. Jesus and Maria ate food, Allah says in the Quran. What does it mean? It means that they also had to go to the toilet. How can they be gods?!

Rome and Istanbul will be opened for Islam, the Adhan will be called there...There were other Nimrods before who were destroyed, like the one who

was eaten by a mosquito...But people don't know...And the Wahabis will disappear. I am asking: ,I want to destroy Batil and the Sultanate of Shaitan. Oh Allah, send us Your servant who will unroll the flag of Islam!'

## You Must Be Happy You are in the Age of Sayyidina Muhammad

(Mawlana Shaykh stands)
Your most beloved one! Give to your most beloved one endless honor and leave him to enter Thy endlessly Lighten Ocean, Noor Oceans! Please accept, Allah, our so useless obedience! O our Lord, forgive us, forgive us for the honor of that Holiest one, for the honor for that most beloved one! O You are our Lord, O Rabbuna! All praisings, all lights, all glory is for You, O our Lord! We are surrendering to You! We are carrying our disobedient egos to be on Your heavenly service! O our Lord, forgive us and grant us much more power! Alfu 's-salaat wa alfu 's-salaam `alayka wa ashaabika ... mina 'n-Nabiyeen! ... Give your intercession for us! We are knowing nothing! Make through a weak servant to make this world to be trembling, trembling! We are asking to destroy everything under the name of baatil (falsehood); that is our only target, never-changing target, to make batil and Shaytanic sultanate down under our feet!
O our Lord! Please accept our so weakly declaration, weakly liyaramak! We are humbly asking; we are nothing; support us! I am ashaming to address to You, O our Lord, and to ask You to support us! O our lord! there is only one biggest creature that may destroy Shaytan and its followers. I am ashaming, but You are the Lord of Heavens! Therefore, I am feeling honor when I am addressing to You, O my Lord!
(Mawlana Shaykh sits)
O People! I am a weak servant. (Mawlana Shaykh puts on glasses). Some people saying to me put eyeglasses

to see that a smallest one who can take away batil (falsehood) and changing everything look for it. I am looking where it is, and one of masters addressing to me, "You may see through this eyeglasses!" And I am saying doesn't matter because if Allah Almighty asking to show something to His servant, it is so easy with eyeglasses or without, He may show it.
Thanks, endless thanks to my Lord that He is never leaving me to be in need (of) such an instrument, al-Hamdu Lillah. Countless, endless glory with my weakly desire; also not to take from me what He granted to me, Astagfirullah! I am asking forgiveness to say this also, that is a very bad claiming to say that your Lord not to take from you what He granted to you, Astaghfirullah. Forgive us, O our Lord! When You are giving something to Your servant, You are not taking it back, but closing it down (leaving it permanently with them).

O People through east and west, listen! And first, I am shouting to my dirty ego. You must accept that our egos, dirty ones, perhaps dirtiest one! Its Creator saying about our egos, "dirtiest one." Ego has no discipline; it is accepting and it is most dirty one, asking to come against its Creator, Allah Almighty. Dirtiness from where coming?

O People! If you are washing yourself, not once daily, even 70 times daily, you may take a bath or a shower, but you can't be clean until you are teaching, making your ego to come down. The Lord of Heavens whole glory and whole praisings to Him! He is mentioning everything through Holy books, Heavenly messages. O People! I am nothing, but I am so speedy, quick to enter some Knowledge Springs. I am not saying that I can enter through Heavenly Oceans of Reality, but I am trying to reach very, very small spring to put my feet in it, to take a new power; that means new life, and for it new Heavenly support. I am so (Turkish) rushing, yes, asking to reach. I have been, through my spiritual being, asking to enter in it; through today, also, I am asking from my Lord. My Lord, my Lord (Mawlana Shaykh smiling) forgiveness and because I was so hurry to begin to step, or to jump, into Heavenly Springs of wisdoms, and I am making to say A`udhu billahi min ash-Shaytani' r-rajeem....late, late! But they are making me to speak, and I can't be able to stop it, but I must keep adab.

Adab, Divinely Heavenly protocol, must be first to run away from badness, from evil and devils. Firstly, you must do this. I am looking for any devils (Mawlana Shaykh puts on eye glasses). Don't approach! And the fire that coming, burning you Man, or from jinns, haha, don't approach; this is a protected area. O bad ones! You

can't live here. The lights that coming from Heavens through my master burning them. As Holy Qur'an saying, if a bad soul--that means jinns--rushing from earth, asking to reach first level of Heavens to hear what has been said, but Heavenly order there is around Heavenly territories (protecting). There are so many guardians, as the soldiers of Shaytan, Sadanas are asking to run in it, and they have been thrown out by shahaab. Sometimes people seeing that night time one star running (shooting stars) and then finish. They are not stars, but as Holy Qur'an saying, they are stones thrown on bad souls, bad followers of Shaytan, to make them away.

Therefore, we also here sitting for the honor of our most honored prophet (peace be upon him), Sayyidina Muhammad! (Mawlana Shaykh stands) Despite Salifiyeen and Wahhabiyeen, I AM STANDING UP 70 YEARS AND MORE, UP TIL THE RESURRECTION! THIS GIVES ME HONOR. Never Allah Almighty asking me, "Why you are standing up when you are mentioning the name of My servant?" And he is (I am) answering, "O my Lord! You are giving most honor! How I can sit down (when his holy name is mentioned)? O my Lord, forgive me!!" (Mawlana Shaykh sits).

They are thinking we are making theater; no! These first appearance of Heavenly guardians movement against those people whom they are not giving their most high honor to that one, Sayyidina Muhammad. (Mawlana Shaykh stands) ONCE AGAIN, 70 TIMES! 70 MILLION TIMES I AM STANDING! O PEOPLE, STAND UP! (Do the opposite of Salafis and Wahhabis!)
(Mawlana Shaykh sits).

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

One night Rasulullah, the Seal of Prophets (s), most beloved one and king, was walking without a companion, without any official one with swords giving honor. (And some are thinking), "That one, a king, walking without bodyguards with their swords?" They are no-mind people, Wahhabis and Salafis, that it is never going to be what they are saying! Without any bodyguards? His (s) body guard Heavenly coming! Where he is moving he has any end? Allah, Allah ... We are saying Bismillahi 'r-Rahmani 'r-Raheem, Bismillahi 'r-

Rahmani 'r-Raheem! (Mawlana Shaykh stands) Dress us in the honor and power of Bismillahi 'r-Rahmani 'r-Raheem, O our Lord! (Mawlana Shaykh sits)

O People! Hear and listen and obey and believe through spiritual orders, and with spirituality you have been moved from Heavenly powers! Don't think that your moving, going, coming, looking, hearing, and speaking is by yourself, no! But Heavenly powers are circling you, surrounding you; therefore, you are speaking (like) they are making me to speak. And I am asking, Bismillahi 'r-Rahmani 'r-Raheem! That Bismillahi 'r-Rahmani 'r-Raheem has, for every unknown oceans, endless oceans, and you may enter in it by saying (chanting, in rythym of dhikr) Bis-millah-ir-Rahman-ir-Raheem, Bis-millah-ir-Rahman-ir-Raheem, Bis-millah-ir-Rahman-ir-Raheem, Bis-millah-ir-Rahman-ir-Raheem, opening and coming to you!

O people! O my brothers or sisters or grandsons! I am not saying "my grandfather" because I am going to be grandfather for many people (smiles), but as to be understood, I am saying, "O people that are surrounding me and asking to hear what shaykh is speaking, shaykh is knowing nothing!" But you must ask, "Who is making that old servant to speak? Who is that one, who is that one?" And I am saying, "I am nothing." Oooh, oooh, whole glory and honor from divinely, just presented to one who had been granted one Night of Journey (Laylat al-`Isra wal Mi'raj), taking Archangel Gabriel's hand and flying, but not like our flying! Allah, Allah, SubhanAllah! Their flying much more quicker than our quickness, through our bodies. He may reach from one level of Seven Heavens through another level in the blink of an eye! Allah was sending Sayyidina Gabriel (a) with Sayyidina Rasulullah (s), and there was a parade in widely areas at every station (so huge that) you cannot see where it is reaching!

They have arms, but not like arms of dirty people on earth. Their arms are not special, and they are passing so quickly, and from here for every row, they can't see end of it! And they are like wind, wind, running and giving salute, and that parade for whom? I am asking to Wahhabi and Salafi people, that parade was for whom? Or are you thinking only parades are for your kinds, but for sultans and most elected ones, chosen ones, no parade for them? FOR EVERY PROPHET THERE IS A PARADE! A most glorified parade for the Seal of Prophets (s), most honored one, most beloved one! And Archangel Gabriel (a) standing and saying, "O, our Lord's most beloved one! Give them your salute! They are saluting you! This parade is for your honor!"

O doctors, new doctors, do you know such a thing through Holy books? You only know to say, "We are Doctors of Philosophy!" Even they are not happy to say, "We are doctors from Islam."
"Here is a certificate (proclaiming) that I am a Doctor of Philosophy, and we learned something about Islamic philosophy."

I am saying (whether) you are hearing or not, Islam is not a philosophy! Islam is bringing Realities, not your imaginings! What you are imagining bringing, and we are never accepting them! We are accepting Islamic Realities through Heavenly beings and earthly beings! Islam just coming with full, complete or perfect Reality. Qul Ja'a-l Haqq,Truth, Reality from heavens! And baatil that philosophers are thinking on it (is) philosophers' imaginings. Therefore, no any accept for philosophy and no any honor to be granted an imitated title and you are doctors of philosophy, but "doctors of philosophy" no value, nothing! Try to be an `alim or learning from Holy Qur'an our Islamic Realities; that gives honor.

But now Our servants going to Cambridge or Toronto or Oxford or Foxford (laughs) or Cambridge, or in Berlin there is famous academy for religions; (all of them are of) no value! Value is what Islam bringing! Come towards Islam, and look to what reality it brings! And when you are looking at that one, you are kicking your ideas away.
O people! Marhaban, marhaban! O Listeners! Listen to me; you are not listening to me. If you are listening, you are remaining always poor but if you are listening to a representative from Heavenly knowledge, then you are reaching to that level no one can reach! Yes sir, and standing up the Seal of Prophets' parade granted from the Lord of Holy Throne to be made for His most beloved one, His Almighty's mutlaq, absolute representative. That parade for him, for every prophet, when they are coming to higher levels of Heavens, so they will be giving salute and welcoming those parades, saying, "To whom they are making that salute?" (And the answer comes) "O beloved one! O our Lord! For Your honor this is! Thousands years I am here and I am looking, and this parade going on for someone and now I understand You are that someone!"
(Mawlana Shaykh stands) Masha'Allah, Masha'Allah.
You must be happy that you are living on his time; the Day of Resurrection coming on his time. Be happy, O People! Be happy that you are from his (s) nation and give your endless love and respect and glory to that most glorious one of the Lord of Heavens, for the Lord of Heavens is Only One in His Divinely Presence, from pre-Eternal up to Eternal, and no one can enter there.

(Mawlana Shaykh stands) Allahu Akbar! Ay Rabbi Malik (O my Lord, Sultan), give us some understanding! (Mawlana Shaykh sits) But it is good sign that this year they are mukalaf; they're kallafoonee (appointed me) a weakest servant to address to whole world to declare from some Realities as a drop from endless Oceans. There is nothing else we are doing. O Mankind, be happy! O Mankind, be glorified, to be beloved ones through our Lord's most beloved one in His Divinely Presence, that he is presenting his Lord! Keep your highest respect and give him your highest respect, as well as deepless love, deepless honors to him. That is what we are understanding from our grandshaykhs to speak, and that is a good sign that this world must be changed and going to be changed! Every wrong understanding about the Seal of Prophets (s) must be corrected, and every one must give highest honor and appreciation to that one. O People! Come to be honored ones in Divinely Presence of divinely ones. May Allah forgive us!

O People! O People! I am not knowing, but trying to learn. I am only a weak servant, but if Allah Almighty asking a weak one to threaten a world full of worldly creatures, He may do! He can do! He may ask an ant to be dangerous to whole living on this planet! O People! We' re not making joking. I am the lowest one and from that they're making me to speak, or else I am nothing.

(Mawlana sings)
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

Allah Almighty, never He is
in need to hear singings, no.
And Allah Almighty's Real Being
is deepest darkness that
no one can be in it.
He is Only One and nothing else,
and He is with nothing else,
but we they're making me to say: (smiling)

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

If ones' second hearing
a person on that heavenly music,
they may fall down deadly because
their soul rushing and entering
to that heavenly singing!

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

O Pope and our Grand Mufti,
Grand `ulamas, grand living ones
east and west, think, stop and listen.
What thing or which thing coming into your heart,
O Rabbis' leader, what you are saying?

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Fatiha.

(Message to Mawlana Shaykh: Shaykh Hisham Effendi is sending salaams and saying you look very beautiful in your glasses! They are leaving for Montreal today.)

**YOU MUST BE MUSLIM**

Fa'lem annahu: La ilaha ill-Allah... (Sheikh is making a short Dhikr)... La ilaha ill-Allah... La ilaha ill-Allah... Sayyidina wa Nabiyina wa Maulana Muhammadun Rasulullah salla-llahu alayhi wa salim... wa sharafa wa makarram, wa majalla wa maazzam wa mujalla wa jamman (?)...

Allahumma, zid Habibika 'izzan wa sharafa, wa nuran wa surura, wa ridwan wa sultana!

Meded, ya Rijalallah! O holy ones, we are asking your support! You are supporting Heavens. Without your supporting, Heavens coming on, falling on people.

Audhu bi-llahi mina shaitani rajim... our Lord we are running to You from Shaitan and Shaitan's tricks and traps, not to fall in any trap, because it is putting everywhere its traps.

Bismillahir Rahmanir Rahim. Big honour, endless honour you are going to be dressed, when you are saying: 'Bismillahir Rahmanir Rahim'! Kings' and Emperors' dressing it is going (to be as) a dressing of (a) worker through sewages! Allah Almighty (is) dressing you; when you are saying: "Bismillahir Rahmanir Rahim", just you have been dressed (the) dress of being His servant! You are signing that: "I am (a) servant of Heavens", when you are saying: "Bismillahir Rahmanir Rahim." Who is not saying 'Bismillahir Rahmanir Rahim', he is signing himself that: "I am belonging (to the) sewage! I am not belonging to Heavens, I am

belonging to (the) sewages that rats (are) running in it...“ Who is not saying: ‘Bismillahir Rahmanir Rahim’, he is saying: “I am that one through channels, sewage channel.” People (there) they (are) never seeing lights through that channel, they (are) never smelling good things, only dirty things. Therefore these people (are) going to be taken away; they can’t enter the holy Level of Heavens! (They are) just kicked down!

Therefore, o people, say ‘Bismillahir Rahmanir Rahim’! That is the sign of being Muslim, the sign that you are belonging to heavenly Service on earth!
May Allah forgive us! La haula wa la quwatta illa bi-llahi-l ‘ Aliyu-l ‘Adhim!
O our Lord, keep our feet on Your right Way! (The) right way (leads) towards Heavens, (the) wrong way towards Hells! Right steps (lead) to Heavens and heavenly Lightening Areas, wrong steps (are) taking you to shaitanic channels! That sewages, there (is) every kind of dirtiness (in it)!
O people come and listen, come and surrender!

Some people (are) coming and saying (to me): “O Sheikh, we are asking to go to Heavens, but... we like to be Naqshibandi or to be on the steps of Heavens, (but) without becoming Muslim.” “Who (is) teaching (you that)? Who (is) teaching you that foolishness? That dirty words, who (is) teaching you? Without Islam, how you are asking to reach to Heavens? Which Prophet (was) saying that he is not Muslim? Any Prophet (was) saying: “I am not (a) Muslim”? Without saying: “I am Muslim”, how they are going to be Prophets, how they can be Messengers of Heavens? How they can be enlightening people, without becoming Muslim?

What is (a) Muslim?

They (are) never asking: “What does it mean?”, only they are allergic. That word (is making) allergy for them; (they are) saying: “Muslim? I can’t!” Go to Hells! Without accepting Islam, how you are going to Heavens, how you can be able to

enter Paradise?

They (are) never asking: “What does it mean?” But the word that Shaitan (is) working on it, never (they are) going to be happy. “I can be Muslim?” Yes, you must be Muslim! If you are Christian- Jesus Christ was Muslim! Haha! Pope- he is (a) Muslim? If not, he can’t reach to Jesus Christ! Hakam Bashi...Chief Rabbi, if he is not Muslim, (he) can’t enter Paradise, no, (it is) forbidden! “Stop! Checkpoint!”... (They are) asking (for the) identity card... “Muslim?... Pass, go!”... “No Muslim?... Take, get back, go away!”... Huuu!...
They (are) never asking: “What does it mean ‘Muslim’?” ‘Muslim’ means (someone,) who (is) surrendering to Heavens! “ ‘Aslamtu’, just I am giving my own will for the heavenly Peoples’ Orders. (There is) no any will for me without their wills! I am trying to be like them!” If you are trying to be like them, you must be, you must give your willpower, you must leave your willpower and you should be like them and you may pass! If not, no!

From where coming to your country democracy? You are Pakistani? Allah (is) sending democracy or Allah (is) sending (the) Holy Quran, (the) Holy Shariat? Where is your Ulema, learnt people? What is that foolishness? As well as Turks also, they are (saying): “Democracy, democracy...!”... (It is) like milk... (cream?)...so beautiful... People (are) making (it on bread), spreading (it)...putting on it first butter, then putting honey...(delicious!)... Now for people democracy (is delicious) like this... Therefore (they are) eating themselves...

Allah (is) saying: “O My Beloved one! If they are getting to be against My Holy Orders from Heavens, I making them to be enemies to each other! And they should eat each other; they should kill each other, (there should be) no peace for them and no ‘amna aman’!” That means, it is forbidden for them to live peacefully; (there is) no peace for them, always they should kill each other, giving each other (harm), harming each other. They should say: “That is the best way!”

Congratulations, Pakistan people, democracy for you! And Turks- congratulations! Americans- congratulations! Iraq- congratulations! Iran- that they are claiming that they are Muslims (and they are) making democracy- congratulations! That you are going to Hells!

A group of people they are selling democracy for nations, but they (themselves) are not democrats! There is one nation that they (are) never saying: “We are democrats”, but they are saying to people: “Come and take this poisoned food! Eat, you should find so happiness and pleasure through yourself!”

As Shaitan (was) advising to S.Adam and Eve, saying: “Eat from this tree, you should be so happy! Without eating this, you can’t be reaching to the top of your (pleasure)...(It) can’t be complete, your pleasure, if you are not eating from this! Eat and (it) should complete, (it is) going to be complete your pleasure in Paradise!”

And they (were) eating and quickly Archangel Gibril (was) taking the crown from the head of S.Adam and Archangel Mikhail (was) coming and taking this holy Robe, (the) glorious Robe. Taking and (they were) going to be like new fashion people that they are running to be naked... They are so regretting that: “Why we are not like animals? Animals, no anything for them- for what we are dressing? We must try to be like zoo-garden people that they are our ancestors!”... Gorilla or chimpanzee or Orang-Utan... Malaysian people, where are you? You have Orang-Utan? Eh... (The) Orang-Utan (is) looking like this... who (is) coming, to jump on him... “Why we are not like animals, naked?” They are trying to be like animals; they never like to be put any dress (on them)! And dress of Honour, Allah (was) dressing Adam a.s. and his wife. When he is getting to be disobedient, (it was) taken away and they are looking, looking to themselves: “(Oh, we are) so ugly!”

Dressing (is) giving to people identity. If without dressings, how should be

those people? So dirty, so ugly!
What we are saying...(The) heavenly Dress (is) covering you. (The) heavenly Dress (is) covering your shame, but people (are) running after democracy, saying: “Democracy (is) giving us a full freedom! Therefore we are trying to be like animals, to do everything and we are not ashaming. We are saying just we reached the top of civilization!”

O people, surrender (to the) holy Commands of Allah Almighty that He grants you, dressing you (a) dress of Honour and crowning you also (with the) crown of being like Kings through (the) whole world, through other creatures!

But Shaitan (is) making people not to ashame and not to think and not to accept any good thing that (is) coming from Heavens. Everything (that is) coming from Heavens that is most perfect! Everything now that... people are not accepting heavenly Customs, they are dressing (a) dress of ugliness, (the) dress of Shaitans. And now- therefore I am saying- Pakistan, Turkistan, Ajemistan, Afghanistan, Hindistan, Arabistan they are eating themselves... That is their civilisation! Allah Almighty (is) giving them honour and sending them heavenly Orders to continue their honours. When they are leaving (that), they are going to be (the) worst creatures on earth!

May Allah forgive us! O people, come and accept Islam, that means: To surrender to your Lord Allah Almighty!“O My Beloved one, most beloved one, o My most glorified, glorious servant! Ifthey are not listening (to) My heavenly Orders and running after their most dangerous enemy Shaitan, Sadanas, I am making them to be enemies to each other, to kill each other and (there should be) no safety for their lives and no pleasure for their lives and no peace for their lives!” And now we are in it!
We are saying: “Democracy (is the) best” and (we are) leaving (the) holy Shariatullah, (the) holy Commands of Heavens and people now (are) killing themselves, and making every dirty thing and (be)coming more ugly, more dangerous ones! Who (is) ordering to a person to put (a bomb) on their stomach

and to make (it) to explode? Who is saying (this)? Which Prophet said (this) to them? Jesus Christ said (this)? S.Musa said (this)? Rasulullah -alayhi salat wa salam- said (this)? Abraham is saying (this)? Noah (is) saying: “Kill yourself! Put something and kill yourself and others!”? What is that foolishness? That is from heavenly Teachings or shaitanic teachings?

Sorry and sorrow for mankind that they are on (the) wrong way! Therefore from 5 people one (is) going to live, 4 (are) going to die... (People are) killing themselves... That is... The last and most terrible War should be that it is mentioned in Islamic books (as) ‘Melhametu-l Kubra’, as well as it was mentioned through other holy Books before Islam (as) ‘Armageddon’. Armageddon (is) coming and killing... from every 5 people (it is) killing 4, remaining one. ..
Therefore, o people, come to Allah! Run to His Prophets, to take you to Allah, to your Creator! Give your Creator (your) most high respect! As much as you can do, do it- you should be in safety and under divinely Shelter! If not, you know... you know...!

May Allah forgive us and send us quickly a heavenly identity Person to carry away people from falling into (the) worst position here and Hereafter! Amin!
Wa salamun ‘ala-l mursalin, hususan ‘ala-l Sayyidi-l mursalin! Wa-l hamdu li-llahi Rabbi-l ‘Alamin! Wa salamu alaikum! Fatiha... Oh, ya Rabbi!...
Allahuma salli wa sallim ‘ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilay, mamarra layali wa tula dawam... Fatiha!

Lefke, 23.9.2008 Transcribed by Khairiyah Siegel

## You must be powerful for Islam

May Allah bless you and give you strong Iman and powerful actions, so that you are powerful members of Islam. This is important, as the Holy Prophet sws was saying: “A powerful person in Islam is better than a weak person.”... Audhu bi’llahi mina shaitani rajim, Bismillahir Rahmanir Rahim... We are in need of powerful Muslims, not weak Muslims. If we are powerful then Shaitan should run away, because he fears from powerful people in Islam. And there are two kinds of powerful people: according to their belief, and according to their physical body. So many physically powerful people fall down quickly and never give any benefit to Islam. And sometimes you may see a weak person, but he is powerful in his faith, not in his physical body.

Power comes from the Heavens, and Heavens grant you as much power from the Power Oceans as you need. Spirituality is much more powerful than your physical body. The physical being has a temporary existence and you may ask: “How old are you?” But for the spiritual being no one can speak about it, or ask how old it is, no. No one knows the age of our souls except the One who created them.

To be powerful is an order from the Saints, and particularly from Rasulu’llah sws. They are asking for powerful Muslims, and the most powerful Muslim is the one who can catch the reigns of his ego. Who is not able to keep the reigns of his ego, his ego will throw him away.

Therefore every association gives a kind of power to the attenders- whether they know it or not. That power is

running, but you can't see it and you can't hear it. Allah, the Creator; Allah, the Great One- supreme Power Oceans are for Him, and eternity is for Him! Everything is coming from Allah into existence, from pre-eternity up to endless eternity... Allah Almighty... No part of this life, no piece of material can make His power less...

You must ask for much more power from Allah Almighty to be strong believers, Mu'mins. It is important to be powerful. But don't try to be strong by eating and drinking- cows and oxen are much more powerful than you! If you want to plough, you need ten people on the right hand and ten people on the left to carry the plough through your land...

Another point is to keep the power that you have been granted. A power from Allah Almighty may reach you and you become powerful, but for some reason you may lose it. And this means there is something wrong on your side, something wrong in the sight of the Divine Presence of Allah. And then even the smallest one of His creatures will make your power under zero... Keep yourself with power!

It is not easy, because Shaitan is always attacking you in order to make you weak in front of your ego. Don't listen to Kafir Shaitans- they may carry you to a bad place, and all your power may be taken in one or two minutes, and you will be left with nothing.

Therefore sometimes doctors put a patient who is in a very dangerous situation in a room by himself. He may be very ill and weak. If someone comes in without permission he may catch what that person is carrying. Therefore always keep yourself strongly, so that Shaitan and shaitanic orders can't affect you, and you should be free... May Allah bless you... You are coming to me from the furthest place on earth, Argentina. Even Australia is not so far, and Allah rewards you for every step, with so many rewards in Paradise. And for your honour, because you have been on Hajj visiting the House of the Lord, Allah rewards you double from born Muslims. And also because you have been here in this holy month, Muharram, He will reward you with much more, and will open for you the doors of Islam. If you can call, ten, one hundred, or thousands and tousands of people may run after you...

Keep yourself from Shaitan, be careful of his traps or tricks, so that you don't fall in them. If you feel that you have been caught by Shaitan, quickly take a shower and pray 2 Rakaats. Ask Allah Almighty for much more power, so that those black and narrow, terrible and nonsense thoughts, coming to your heart, should be taken away from you. Then that bad situation will leave you, and you may continue on your way to Allah Almighty. If anyone asks you what you are doing, you may say: "We are travellers to Allah Almighty's Divine Presence."... Hasbi Allahu wa niamal Wakil, la haula wa la quwatta illa bi'llahi'l 'Aliyu'l 'Azim.

## You Must Take Away Sadness from People

Bismillahi ‘r-Rahmaani ‘r-Raheem. Madad yaa Sayyidee, yaa Sultan al-Awliya, madad.

(Mawlana Shaykh stands.) Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! Alfu salaat, alfu salaam `ala Sayyidina Muhammad. Sayyidi ‘l-awwaleen wa’l-aakhireen, habeebul ‘alameen, yaa Rabb. (Mawlana Shaykh sits.)

As-salaamu `alaykum, ‘ibaadullah. As-salaamu `alaykum, servants! O our Lord (swt). Then, as-salaamu `alayka yaa Sahib az-Zamaan, thumma as-salaamu `alayka yaa Qutub az-Zamaan, thumma as-salaamu `alayka, Qutub al-Mutassarif fee kulli umoor. Happening on this world, who he is responsible for everything and they are masumiya, masumi, just protected because they are doing everything on the name of the Lord of Heavens. Therefore, they must be under special protection. They can’t do anything wrong, they are only looking on the Preserved Tablet and they are going on it. They are protected ones, not to do wrong things.

As-salaamu `alaykum! Our listeners who are listening and asking to learn something, such a meeting is very

rare in this world, that they have a responsibility for the nation of Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.) Allah Almighty is never leaving His most beloved one to be hazeen, sad; yes, He never leaves. Therefore, everything that is happening here, when it is going to be presented through heavenly stations, never going to be left in such a way that making Habeebullah to be sad, no. Allah Almighty is never leaving His most beloved one to be sad. Here we may see some people who are sad ones, and if we can do something to help those ones, we try to do. We are `ajiz, the weakest creatures; we can't do anything and we are going to be sorrowful also. If anything is making anyone to be sad, it is making us sad also.

And the Seal of Prophets (s), the most beloved one in the Divinely Presence, what do you think Salafi `ulamas? What do you think about that point? Is Allah Almighty leaving His beloved one to be sad? If leaving him to be sad, that means He can't do anything. Allah Almighty is He who does everything as He likes, and He Almighty is going to leave His most beloved one to be sad?

"For what are you sad, O My beloved one? O My beloved one, in the Night of Journey, O My beloved one, you are always saying, 'Ummati, Ummati.' I am looking and seeing that you are worrying so much about your nation. You know Me? Who am I? O My beloved one, do you think that I am not able to take away everything from your nation that is making you to be sad? I am that One!!!"

(Mawlana Shaykh stands.) Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! (Mawlana Shaykh sits.) Oh, this is one ocean that you can't find a beach or end or any deep, this. "O My beloved one, I am not leaving you to be sad. Don't worry, don't worry." Alhamdulillah yaa Rabbee, shukr.

O People! Come and listen, come and try to understand. We must come and we must try to learn even something for the value of the Seal of Prophets, Habeebullah (s). We must try to learn something from his greatness, honor, love, and glory that has been granted to him. (Mawlana Shaykh stands.) La ilaaha illa-Llah.

La ilaaha illa-Llah. La ilaaha illa-Llah. Sayyidina Muhammad RasoolAllah . (Mawlana Shaykh sits.)

And we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Shaytan is trying to make people to be sad, very sad. And when we are feeling sadness, you must know that it is from Shaytan; he is asking to make you sad. If you like not to be sad, what is the cure? The Lord of Heavens is saying, “O People! If you like not to be sad, if you are finding someone sad, try to take that sadness from that one and I am taking away your sadness.” Allah, Allah.

This is a teaching for whole nations! Now the whole world is in sadness, everywhere there is sadness. What do you think about that sadness? How can we take away sadness from people? We are sending for Haiti, countries and UN sending its wealth, because they are hungry and thirsty and no place to come under it and to protect themselves. They are fearing another earthquake coming on them also.

O People! What are you doing to take away sadness? SubhaanAllah, Sultan Allah. SubhaanAllah, Sultan Allah. We are saying bismillahi ‘r-Rahmaani ‘r-Raheem. “Say bismillahi ‘r-Rahmaani ‘r-Raheem, and I am taking away your sadness.” We must say bismillahi ‘r-Rahmaani ‘r-Raheem. Sadness never leaves a person with gold or with high ranks to be president, kings, or sultan, no. Such ranks can never save people from sadness. What is the way? Why are you not saying, Salafi `ulama? Why are you not saying what is the cure for this? And you are looking and seeing that people are in trouble through miseries, through adhab and troubles; people are like someone they were trolling through an ocean and their sailing boat just sank down, destroyed. How are they going to be on that ocean, saving themselves? It is so simple.

Besides, now people, all of them, are now falling in trouble in Misery Oceans, Suffering Oceans, Difficulty Oceans, and Cursing Oceans. They are in it from east to west, from north to south. Why are you not saying, “Islam is bringing everything?” Li kulli dain dawaa, "for every illness there is a cure." Why for people giving troubles and miseries and making them under high positions, what is the key to save them?! Is it not mentioned through the Holy Qur’an?

> • #1605;••• ••••••••••• ••• ••••••••• ••• ••••••

maa faratna fi' l-kitaabi min shay.
Nothing have we omitted from the Book, (6:38)

And Allah Almighty (swt) is saying, “Never leaving anything that saving My servants from troubles, from miseries, from sufferings, from difficulties, from problems. Just I mentioned the way of their saving from miseries and difficulties through their lives.”

Yes. I am saying, don’t waste your time by saying, “That is bida`, that is shirk, that is haraam.” Give them what is necessary—give them! People now are in need, they are endlessly needy to save themselves from troubles, from miseries, from problems, from difficulties! Somewhere earthquakes, somewhere winter coming, somewhere hurricane coming, so many places people fighting to each other, killing innocent ones also. Why are you not saying? You only know how to say salaatu salaam is bida``?

And you are putting your hands on the windows of the most beloved one? Leave them not to say shirk. Everything that Man is in need of, I just mentioned. I am just teaching people, wa ma qalana fee kitaab shaee. “I am not sending only that book. I am sending book for the teacher of all nations, My Habeeb, most beloved one, most glorified one. I am sending him for teaching everything that people are asking for.”

What is the cure for sadness? Say! Heavenly addressing is coming, saying, “O My beloved one, I am not happy that you should be sad. No, no. I am doing everything that you like it. I am your Creator, I am your Lord. Why are you getting so sad? Don’t be sad. If I am getting sad, you may be sad.”

Is Allah going to be sad? Salafi `ulamas, what are you saying, with your face making (a sour look)? Try to make your faces handsome and enlightened. The Lord of Heavens is asking not to be like this (sour look) not

like African apes. What is that??

“I am sending you to make people more sad? Are you not reciting My holy book that I am sending My most beloved one, yaa Habeeb? I am sending you basheeran wa nazeera, inna arsalnaka shaheedan wa mubashiran wa nazeera. O My Habeeb, I am sending you first of all shaheedan that you should be witnessing for whole nations and their prophets, that I am sending to them My holy commands from the heavens. Shaheedan, that you are going to be witness in My Divine Presence. (Mawlana Shaykh stands.) And I am saying to you, My beloved one:

> • #1608;•••••• •••••••• •••••••• ••••••••• •••••••• •••••••

wa kafaa billahi shaheedan Muhammad rasulAllah.
And Allah sufficeth as a witness. Muhammad is the Prophet of Allah. (48:28-29)
Salafi people, where is the pope, where are the rabbis, where is the Patriarchy, where are the bishops? You don’t know this? Where are the religious people? (Mawlana Shaykh sits.)

“I am witness for My most beloved one’s prophecy, shaheed, and mubashiran wa nazeera, awwal `amal,” first command, prophets and sultans of prophets going to give good tidings to people.

O People! Don’t be sad! Don’t be hopeless! Don’t be heedless! Come and hear what your Lord is saying, “I am coming to give good tidings to you forever.” Yes, which prophet is not giving good tidings to Mankind? What is the hikmah, wisdom to give mubashiran, good tidings? Because that is the most effective medicine to take away sadness from people! Is it clear what we are saying, Salafi `ulamas? Are you happy with this or are you angry? I am a simple servant; you are also a simple servant. What are you looking to me from up, making me down? If my Lord is making me down, okay, but you can’t do this. You must make people who are on a down station, to make them up. That is your mission, mubashir. SubhaanAllah.

What was Allah Almighty saying when the Seal of Prophets (s), most beloved one, most glorified one for the Lord of Heavens, when He was saying, “O My beloved one, for what are you sad with your nation? I am your Lord. I am the Lord of the whole Creation and I am not happy that you should be sad, no. Look in that direction.” Holy command, and going and looking on endless plain, and it is not a plain from rocks or sand, but plain of amwaaj, waves, like this, countless, unlimited distances. There is one tree, on that tree one small bird, and through its beak there is a little bit mud.

And saying, “O My beloved one, I am not happy that you should be sad. Look that you are looking and seeing?”

“O my Lord, that is a tree and on it is a small bird and through its mouth is a beak.”

“Are you understanding what that is, O My beloved one? That tree is the world that your nation is living on it, and that bird through its beak is carrying a small amount of mud. That tree is signing (symbol of) Creation, that bird signing (symbol of) your nation, and that beak that you are looking and seeing a small spot from mud is your nation’s sins. This, that you can’t see any end, that ocean, that is My Mercy Ocean, one Mercy Ocean! What do you think, that this ocean can’t take this away? Why are you going to be sad?”

Allahu akbar!!! (Mawlana Shaykh bows.) Allahu akbar!!! (Mawlana Shaykh bows again.)

“O My beloved one, don’t be sad. If anyone wants to reach this station, he must take away sadness from My servants. Give them pleasure, take away sadness. That makes Me happy and I am going to make them happy forever!”

Salafi `ulamas, you listen and pope, patriarchy and Damascus, Jerusalem, and east and west, whole chiefs of religions, hear what I am saying! If you are saying to people, “That person lying, lying, not true speaking,” up to morning, no one lives; you must be sent to graveyard, cemetery! This is a very heavy warning! We must try

to take sadness from people, then our Lord makes us very happy! O Habeeb al- akram, ummati.

We are happy with such declarations from the Divinely Presence to Your most beloved servant that He is granting us. Forgive us and bless us, for the honor of that most beloved and most praised one, Sayyidina Muhammad (s), yaa Allah! (Mawlana Shaykh stands and sits.)

Dome dome, dome dome
Dome dome, dome dome
Dome dome, dome dome
Dome dome, dome dome

So many people, particularly Salafi `ulama are getting angry when I am saying,

Dome dome, dome dome
Dome dome, dome dome
Dome dome, dome dome
Dome dome, dome dome

Dome dome, dome dome
Dome dome, dome dome
Dome dome, dome dome
Dome dome, dome dome

I am asking to make people's hearts with such singing that we may say it belongs to heavenly singing!

Dome dome, dome dome
Dome dome, dome dome

Dome dome, dome dome
Dome dome, dome dome

(45 minutes) 45, okay, enough. Yaa Rabb, yaa Rabbee.

My English is so bad, but I am saying Shakespeare English, but Shakespeare English never knowing such English! Doesn't matter.

(540 thousand)

Allah Allah, Allah Allah, Allah Allah, Allah Allah
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah

(Hajjah Naziha on the phone with Mawlana Shaykh.) I am kissing his beard, Shaykh Hisham Effendi.

Lefek, 28.01.2010

Astonishing! Astonishing! Allah! With the power of the spirit (...)

••••••••••••••• •••• •••••••• •••• •••••••• •••• •••••• •••••• ••••• ••••••••• •••• ••••••••• •••••• •••••••• ••••••••

wa yasa'loonak `ani 'r-rooh quli 'r-roohu min amri rabbee wa maa uteetum min al-`ilmi illa qaleelan. Say (O Muhammad), "The soul is from the affair of your Lord, but what you have been given of knowledge is very little (O men)." (17:85)

Human beings have such power that their vision can reach galaxies or any distance in an instant. Allahu Akbar! The deputies of Allah (swt) have been created with different abilities. SubhaanAllah. They say the light of the North Pole star reaches the Earth after forty light years and that is how our power reaches.

••• •••••••• •••••••••••• ••• ••••••• ••••••••• ••••••••••

Yaa ‘ayyuha ‘l-’insaanu maa gharraka bi Rabbika ‘l-Kareem. O Man! What has made you careless concerning your Lord, the Bountiful? (al-’Infitaar, 82:6)

SubhaanAllah! Our bodies are considered as nothing, but the power Allah (swt) granted from His bounty to servants is astonishing! You may ask about this matter, but what can you understand of it? You do not

understand and the only answer is, “Say, ‘The spirit comes by the command of my Lord.’” Allahu Akbar al-Akbar. Allah, Allah! Galaxies are described as being millions, trillions, or quadrillions of light years away. So far their light doesn't reach us, but with the vision of human beings who are just one step higher, he can see that galaxy!

•••••••• •••••••••• ••••• •••••

wa laqad karamna Bani Adam. We have honored the Children of Adam. (Surat al-'Israa, 17:70)

Allahu Akbar al-Akbar! SubhaanAllah. Sultan Allah. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee.

Tawbah, astaghfirullah. The human being must value himself; now he does not value himself or any other human being. They think we are worthless and of course we are not!

••••• •••••••••• ••••••••• •••• •••••••• •••••••• •••••••

Haadha `ataa’una famnun ‘aw ‘amsik bi ghayri hisaab. This is Our gift to grant or withhold. (Surat as-Saad, 38:39)

SubhaanAllah! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Now the human being does not value himself or any other human. Allah (swt) granted human beings something of which even they, who are granted generously from their Lord, are not aware! If he knew what he has been granted, he would not oppress or disagree with anyone (as he would respect all others). Allah (swt) has granted value to the Children of Adam, but between themselves they do not value that!

Subhaanahu wa ta`ala. Yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah. He does not get occupied with one matter over any other! Who has the right from among the Children of Adam? Some are dressed with an order, and they value themselves and others. This value cannot be measured with a scale or other forms of measurement; rather, we must look to ourselves, who have been created by Al-Haqq (swt)!

•••• ••••••• •••••••••••• ••• •••••••••• •••••• •••••• ••• ••••••• •••••• •••• •••••••••• ••••••••••

Huwa ‘l-ladhi yusawwirukum fi ‘l-’arhaam kayfa yashaa’u. He is Who shapes you in the wombs as He pleases. (Aali-`Imraan, 3:6)

Who is Huwa, “He”? He (swt) has no limit: "He is Who shapes you in the wombs as He pleases.” He did not say, "Allah is the One Who..." but He said, "He is the One Who..." Where is He?

One time a Jewish man asked Sayyidina `Ali (r), "Where is Allah?" and he replied, "The One Who created 'where' has no 'where.'"

"Where" is from the creation of Allah (swt). To define realities for Man from the Unlimited Ocean is considered nothing (so small in the Divine scheme). Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd!

It is a pity that human beings in this time do not put any effort into knowing about things related to Heavens, but instead they are busy with things that they have no chance to attain. No! Allah (swt) has put boundaries and limits for everything. It is impossible for you to go beyond your boundary. Your vision is something and his vision (pointing to someone) is something else.

Allahu Akbar! Subhaanahu wa Ta`ala, yaa Rabbee! Teach us, so we may stop the pointless and tasteless arguments between ourselves. Why are there wars and arguments between people and for what reason are they divided? They are divided from beginning to end, but then they leave or are taken away and they drop everything. No one will take anything from this material world to the spiritual world, no! When Man's spirit is fully active then he can say to something "Be!" and it is. What would he want from the whole world when he is in that state?

One day a young graduate of the University of Damascus knocked on the door. I opened it and he said, "I wanted to visit you, O shaykh."

I said, “Welcome to you.” He told me about himself, and then I said to him, "If you have graduated from the University of Damascus, tell me one hadith or something that you have learned."

•• •••• ••••• ••••• •••••• •••• ••• •• •••••

Yaa `abdee ati`anee aj`aluka Rabbaniyyan taqoolu li shay'in kun fayakoon. O My servant! Obey Me and I will make you Rabbani, you can say to a thing "Be!" and it will be.

He said, "Allah (swt) said through the Prophet (s), ‘O My servant! O My servant!’” (To be addressed by Allah) is an endless honor! "O My servant! Obey Me. I will make you Rabbani." (Hadith Qudsi) He will make you Rabbani. Then the Prophet (s) explained Al-Haqq's words to His servants by saying, “If you say to a thing ‘Be!’ it will be."

"I will make you Rabbani." "Rabbani" is related to the Lord, but a human being can be Rabbani and say to a thing "Be" and it will be! However, human beings in our time now, which is the time of the first ignorance and the worst also, do not look at the hadith that Allah (swt) granted to the Prophet (s). He (swt) said, "O My servant! Obey Me and I will make you Rabbani. If you say to something 'Be,' it will be." Laa ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah (s).

Now people in our time are busy with useless things. They say, "We are in the era of technology. We do everything with the technology that we have." Haqq (swt) says, "O My servant! Obey Me and I will make you Rabbani. I will give you knowledge. O My servant!” That knowledge could make a person of zero value reach to a level where if he says to something “Be,” it will be. There is no need to exhaust yourself with technology, no! Obeying the Lord will open for you an area that you never thought about or that you can ever understand. Allahu Akbar! Forgive us, O Lord.

Fatihah.

## Good Actions and Bad Actions are Your Companions in The Grave

Dastoor Ya Rijaal Allah, Madad.
Allahu akbar, Allahu akbar, la ilaaha illa-Llah w 'Allahu akbar, Allahu akbar wa lillahi 'l-hamd!
Allahu akbar, Allahu akbar, la ilaaha illa-Llah w 'Allahu akbar, Allahu akbar wa lillahi 'l-hamd!
Allahu akbar, Allahu akbar, la ilaaha illa-Llah w 'Allahu akbar, Allahu akbar wa lillahi 'l-hamd!
Allahu akbar kabeera wa 'l-hamdulillahi katheera wa SubhanAllahi 'l-azheem bi hamdi hi 'l-kareem bukratan wa asila.
La ilaaha illa-Llah Allahu akbar, Allahu akbar wa lillahi 'l-hamd!
Thumma salaatu as-salaam; alfu salaat alfu salaam `ala sayyidi 'l-awwaleen wa'l-akhireen sayyidina muhammadin sall ' allahu a`layhi wa sallam.
Huwa shafee`oona ...zidhu yaa Rabbee `izzan wa sharafan wa nooran wa surooran. Allahuma alhimna rushdana bi jaahi 'l-kareem ya Rabbee 'l-`alameen.

We are giving our salutes, salaams to our Master, master of this world. Everything just going on under his order; and his order coming from Heavens directly to his pure heart. He has such a power to change East to West and West to East, North to South and South to North. He has been granted such a majestic power through the seal of Prophets for the honour of the nation of Sayyidina Muhammad (s) and we are saying for

our listeners as-salaamu alaykum.

We are asking a protection here and Hereafter and who asking protection through this imitated life and more glory from heavens, they must know, and they must learn. The teacher is ready and his teachings going on. We are weak servants, perhaps weakest servants.

Then, we are saying now; first order, Heavenly order to everyone living on this planet, to say: aoodhu billahi min ash Shaytaani 'r-rajeem. That he is qat`a tareeq, cutting our ways that we are asking to move towards heavens. That one coming, asking to cut it. So you must know the mission of Shaytan. When he was getting disobedient to his Lord's holy command, just thrown away. His mission was reaching, taking him to high levels of Heavens but when he was objecting holy commands of the Lord of Heavens, he was thrown away, falling in a dangerous position; just changed his out-looking and also his mind just changed on wrong direction.

O People, therefore you must first say: a`oodhu billahi min ash Shaytaani 'r-rajeem, because that is important. If you are not saying, if you are not running from that Shaytan, you can't find a way here or Hereafter and no more pleasure for you here or Hereafter. Therefore O Mankind, whole mankind who are living on this planet must know what is the way to their pleasure here and Hereafter and to be against Shaytan. If you are not against him, you are going to be friendly to most dangerous enemy for the Children of Adam. You are going to lose everything because that one carrying you to Hells.

Someone saying, O Sheikh, we are in such a terrible condition now and daily getting more and more troubles for mankind. Day by day their miseries getting more and more and day by day their sufferings increasing. And you are saying something and we are understanding something else. You are saying something that now through 21st century people they are not listening. If you are saying such a things, mostly people saying, "fairy tales." Fairy tales? If you are saying for realities that it is fairy tales, day by day you must get down and your position going much more difficult and darkness getting more and more around yourself as well as that darkness rushing through your heart and making your heart to be in a dark-darkness territory. People saying, "our positions getting more and more worse."

We are saying according to holy commands that making a weak servant to make an announcement for whole nations. O the Chilrden of Adam, O servants of the Lord of Heavens: qif, stop and listen what your lord saying. O People, beware of Shaytan because Shaytan leading you to darkness dominions. You can't find any small light. Therefore the Day of Resurrection, so many billions of people should be in darkness. Whom, they were listening and obeying holy orders, holy commands of the Lord of Heavens, they should be granted a light and that light going to be according their beliefs and its strength. And it is a Heavenly knowledge that the Day of Resurrection, most or weakest light should be for a person through his thumb. Here going to appear a light; once opening, another minute closing. Opening and closing, opening and closing. But it is going to be enough for them to walk on; the ways that they should be happy.

Someones, their lights should be like lightening. Lightening, opening and coming. Some of them like stars, some of them like moon, some of them they have a light like sun shining. Some of them going on their hands and knees; and they are happy because they can't stand up. They are so weak through lives on this planet. They are so weak for hearing and obeying therefore, they can't be able to walk. To walk strongly needs a strong belief. If a person just granted a strong belief, he has strong feet for stepping. He may step strongly; some of them like an ordinary person, some of them as a running person, some of them like a person riding on horse, running. Some of them they are like jet planes. Some of them like the speed of light also. Should be...whoom, reaching, because distances through Heavens is not like distances that we are here.

O People, so try to listen and obey that you should be granted such a miraculous stepping. And miraculous stepping they are never giving a tiring, no, no. And more speed never bringing a danger. On this life more speed bringing together also a danger. May be...buuu, explosion and finishing away. Their situation is something else. As much as you have been granted; much more speed, no any danger. But, you may feel much more satisfaction and safety. As much as your speed getting more, you are going to be much more in safety. Also your feeling getting more and more. As much that speed getting more, giving to you refreshment and pleasure and you are asking, "oh may be, my speed more than this." Because they are passing through channels according; for everyone they have a special channel that he must move in it and he may look someones, their speed much more and they should say; "oh, if we had such a speed."

Also as much as your speed getting more, your views getting much more; and as much as that speed coming more, your vision getting much more beautiful and giving to you countless pleasure. You may ask, "oh, if we

can have or if we had such a speed, speedfully moving, stepping, we should be so happy.
O People, O Mankind, don't be donkeys. Don't be like horses, don't be like oxen, don't be like crocodile. How it is out-looking? Everyone making not to see them. Those people whom they lost their chance to look or to step through Heavenly position, their beauty just taken away from their faces. Therefore, going to make for everyone, another ugly appearance. SubhaanAllah, whole glory for Allah,

You can find ugly creatures through this life. That is in a limit but there, they can't be able to step even one step up. Their out-looking going to be changed. Countless ugly faces just dressed on them. Allah Almgihty's power is endless. His ability, capacity is endless. Therefore His command only to say for anything to come in existence, "Be" and coming. Not million, billions of people, their out-looking going to be changed in such an ugly form. Countless. Each one looking to another one; getting so bad condition and that looking to that one and saying, "What an ugly creature." And that one also much more ugly from him.

O People if you are not listening Heavenly orders, that ugliness beginning on your faces and in your physical being. So many people their faces changing. Look for example, dead bodies. Everyone's face getting another form. Clean faces, they have been granted such a beauty even if their physical being finished. Whom they never obeying holy commands and not following Heavenly commands, their ugliness beginning through their imitated lives on this planet. Therefore you may look now in our time you can see that easily. So many people after 20 their faces are beginning to be changed. Particularly for women, their beauty quickly leaving them because the looking of people, looking of men to women, taking beauty from them and leaving them to turn to be an ugly one.

O People, Look! Whom they should be on earth and not getting up to Heavens; they should be changed, everyone in an ugly face. Even we may say more than crocodiles-looking. That very terrible ugly out-looking, crocodiles and some other creatures. I think that Darwin going to be like a gorilla. He is going to ask, "This for whom?" because through aalami 'l-mithal, the fashions level; that every time according Heavenly appearance, they are are changing on that level. One level, that whole moving-creatures, they have so ugly appearances. One here, that not taking care with holy commands of Allah Almighty when she is passing from this life, just dressed such an ugly appearance. I think that Darwin and his followers just prepared for them countless appearances that if you are looking 4o years you can't eat something. Also their smelling; each ones

smelling making others to be disturbed and everyone asking to run away. Each ones from other and everywhere running finding much more dirty smellings.

Allah! O people, beware what we are saying. I am not saying to you something that I am thinking and speaking to you. No, but Heavenly ones ordering me and sending me such a warnings to you for keeping your physical being here and Hereafter. Here, nothing going to be so beautiful. When you are getting real position through Heavenly levels you should find your out-looking and you are asking to run away. It is written through Holy Books. It is mentioned through prophets' advising; if a person passing, that means dying and just taken to his grave, just covered and people leaving him and getting back, suddenly, an entrance opening to that one's grave and looking; looking, if that person acting according to Heavenly commands and giving high respect for keeping Heavenly commands, should come inside such a handsome or such a beautiful one, entering, through that entrance to that graveyard. That person looking and saying,

"Welcome, welcome, you are so sweet one. You are so beautiful one. You are so handsome. Come!"
"Oh! thanks to my Lord, who is that one? Who are you?
"O new guest for this cemetery, new guest for this grave," he or she answering and saying,
"We have been sent by holy command of the Lord of Heavens to be with you, not to leave you alone. We are coming with high command of the Lord of Heavens to be with us."

So familiar, and that person going to be so happy, so in pleasure that you can't imagine. When he is asking,

"Who are you?" and he should say,
"I am your good steps, good works, good actings. You never left to do good things. You never forgetting holy commands of your Lord and following them. Then the Lord of Heaven created like me to be with you from every goodness you did. I am your good actions, good praying, good servanthood."

He is going to be so happy. Then another one may be buried but he was not keeping any Heavenly orders. They are saying, "We are coming from nothing, going to be nothing. We are coming from earth going to be earth."

Never accepting their real being that had been sent from Heavens to their physical being. Then when he was

buried an opening coming; and he was looking and seeing a very ugly and wild face entering. With worst smellings on that one and that one saying, "Oh, I am running away from you!"

He can't say I am running to my Lord because he never remembering that he had been created by the Lord of Heavens. Never giving any respect to his Lord. He was never believing in such a things and when entering he was coming to cover him and saying,

"Don't be surprised for you, I am your bad conditions, bad intentions, bad actings. You never hearing holy commands; Who created you and you were always following your most dangerous enemy, Shaytan. Your Lord created me from your worst actings. I am from you and you from me. Now I am coming to you."
"Oh, oh, oh, so badness for me. So bad luck one."
"Don't run away, I am going with you, because you are always getting with haram like this. Now I am coming with you up to the Day of Resurrection."

O People, enough to be drunk ones. If that day not coming tomorrow, coming day after tomorrow. If not coming this week, coming next week, if not coming this month, coming next month, if not coming what you are waiting this year, next year coming. You must look for that. Don't think, "Economical crisis, economical crisis!" It is not important. Important finally who is coming to be with you up to Day of Resurrection.

May Allah forgive us. O People, it is a holy night. Keep yourself for this holy night. Take a bath, clean yourself and if you can find a mosque go there and ask forgiveness. If you can't find, put a prayer carpet through your home and say, "O, my Lord, just I was oppressor on myself. Please, O my Lord forgive me. Make me clean here; not to be there to be in such an ugly vision with ugly ones. O my Lord, forgive me." Try to be morning `Eid prayer. Come and make sajdah and ask forgiveness and mercy form your Lord, Allah Almighty.

O our Lord, we are asking. We must ask, everyone must ask their Lord's pleasure. Try to make your Lord pleased with you. Try to make your Lord pleasured with you. Try to be with your lord happy. Happy that that is going to be forever. Never ending up to eternity. Up to eternity. O People, so beautiful, so sweet to be in eternal life. Eternity; never ending life just prepared and just promised. That is your Lord's promising. He never leaving His promise; His promise coming on you. May Allah forgive us. O our Lord. Tauba ya rabbi, tauba ya rabbi, astaghfirullah. Make our feet to be on right path, O our Lord. Help us to make you happy.

Happy with You, to make You happy with us, O our Lord.

Allah, Allah, Allah.

dome, dome, dome, dome
dome, dome, dome, dome

dome, dome, dome, dome
dome, dome, dome, dome

Heavenly music, if you are listening and hearing perhaps your soul should run away. Should come out to reach and to hear Heavenly singing through Heavenly levels. Tauba ya rabbi, tauba astaghfirullah. Fatiha

(50 minutes )

For `Eid, Fatiha

(346 )

Masha Allah, Alhamdulillah. Everyone must hear bi idhnillah. We are weakest one, coming masha Allah gigantic, powerful ones that their teachings shaking whole world. We are like ants in front of elephant or small sardine... shark or marina, whale. We are so weak ones, we cant carry more.

## Your Conscience comes from Heavens

As you do not use your conscience, you fall into endless sufferings. This is why I implore you to even for a moment to be with your conscience every night. Make a check-up and ask, "Tell me honestly, was I with Haqq, with Truth, today, or not?" Take your answer from your conscience! It will be pure. Your conscience comes from Heavens. It cannot cheat you. It cannot tell lies. It will tell you the truth.

- 01.01.1997

## YOUR LEVEL SHOWS ON YOUR FACE

Our way is the way of association, said Shah ul Naqshband, may Allah bless him. For his honour we are being blessed. Holy ones like him are true and trustworthy ones. Allah Almighty promised his beloved servant Sayidina Muhammad, may peace be on him, that until the end of the world, until the last days, there would be within His Nation such true ones. Even if the amount would not be more than the numbers of fingers on your hand, they would be there. That is, so that people will not become hopeless. True ones are good ones, they are trustworthy people, they are holy. So if anyone needs help, they can ask and they will find. Even if they don't have an adress like Harley Street or St Ann's road, they can be everywhere. They do not need passports. They don't need tavelling documents. They don't need to pass borders. They do not have to be recorded in computers. They do not need visas. They are free. The whole world is under their hegemony, it is the territory of Allah Almighty and they are servants of Him. So they may move on earth as they like, but they like what Allah likes. They do not have any likes or dislikes. Whatever Allah Almighty likes, they like. Whatever Allah Almighty doesn't like, they also don't like. They are true servants who are happy with the Will of their Lord. They never claim any desire or any will infront of the Will of their Lord. They are with Allah like you are with your own shadow: moving after you and never leaving you and never moving except if you do. So they do not need a special adress, because it could be difficult to reach that adress, but it is so easy for them to reach someone who is asking for a quick help. If they have been called by a needy voice, "Oh, my Lord's

servant, save me, save me and protect me!", they will reach to that person before a second. People like that will always be on earth until the end of time. When you are in need and your hope is cut off from everything and everyone, you may call them and they will reach you. If that person is really a good servant, or if he is a candidate to be a good servant and he really needs help, he will reach him. We ask for some of their spiritual powers to reach us.

It is not important what I am speaking to you, it is only a means to keep you here. If I wasn't speaking to you, you would not be here and I know that very few people will keep any of my advice to force their ego and to keep it well. But it is important to keep you here and to call the Heavenly Powers to reach this community. The Heavenly Help of these people comes through their eyes. When they look at our meeting it helps and supports us and gives us much more opportunity to worship, love of worshipping, love of holy ones, love for the Prophet, may peace be with him, love of Paradise, love of eternal life, love of Prophets and love of good-ones. It makes us to love goodness and to be with good ones. It makes us to think of good things. It makes us to prefer to worship our Lord. It gives us honour by being servants of our Creator, Allah Almighty.

That is why we are coming here. Our souls are thirsty, so we are coming. We hope that Allah Almighty will give us refreshment and blessings and that you may forget the heavy burdens and you can keep your hope and not be hopeless. To be hopless means to be an unbeliever, because it means that you do not believe in eternal life. Like that you have to be hopeless from the beginning and then from day to day that darkness covers their heart and they will become more sorrowful and painful and full of suffering. Because the darkness will become thicker from day to day and they lose their hope concerning this life as they see death approaching. So they fall into an endless Ocean of Suffering. That is a punishment because they do not believe.

The hope of whoever believes will grow from day to day. With this the pleasure will grow and from day to day you will feel that you are coming closer to eternal life. You will feel that this temporary life is finshing and that you are coming closer to the eternal life. So that will make you much happier and full of hope. The refreshment of the eternal life will come into your face and into your heart. You will not become sad from day to day and to think of bad things and of how you should be able to save yourself from the suffering, sometimes even to ask to kill yourself.

You see, a hopeless person like that cannot even carry a young one. Once they lose their hope for living, they will try to take away themselves quickly. But it will not finish. So unbelievers fall more and more into darkness, hopelessness, sufferings from day to day. And they will lose the real taste of life more and more.

They might be eating, but they do not enjoy it. They drink, but they do not enjoy it. Everything has become a routine: eating, drinking, dancing, but there is no taste. Because taste is a grant from Allah Almighty to his servants, but not to unbelievers. They may eat the most delicious food and they may drink as they like and have excellent cars, private trains, private planes, castles, palaces, yachts, everything! But the taste to enjoy comes from Allah alone, not from yachts or gold or jewels or ranks or Rolls Royce or limousines. These people actually think that limousines give taste to their lives!

Allah Almighty has taken that taste away from the unbelievers. Even if they have made it into their routine to have everything firstclass, they do not have the real taste of life. It has been taken away from the unbelievers. Because the taste of life is a grant fom Allah Almighty to his servants. In Sri Lanka so many people only have a piece of cloth around them, no shoes, only dry rice as food and they sleep infront of buildings on the ground. But they are tasting this life with pleasure. They are happy with their lives. But so many people living in palaces with everything under their command without believing in their Lord or without taking care of their Lord's worshipping, are being punished by their Lord: the taste of happiness has been taken away from them.

Allah Almighty gave the description of the faces of those who are believers in the Holy Quran: they will be smooth, not like the Germans never smiling, like the English! It will be clear in their faces. If you look at their faces, it will be clear that they are happy, very happy. Their faces will express, "I am happy with my Lord! He granted me a taste of this life as a beginning of the endless taste of eternal life." A life with a frowing face is difficult. May Allah grant us a face that shows that the owner is happy with the Lord and the Lord is happy with the owner.

London - 01.03.1994

## Your Lord Wants to Honor You!

La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah Muhammadun Rasoolullah, `alayhi salaatullah (s), wa salaamuh wa `ala saa'iri 'l-anbiya'i wa 'l-mursaleen, wa aalin kullin `ajma`een, atadeeana lahum bi ihsaanin ila yawmu 'd-deen, maashallaahu kaan, wa maa lam yashaa lam yakun. Allahuma 'ghfir lanaa w 'arhamnaa, wa tub `alynaa w 'ahdinaa w 'asqinaa w 'aslih shaananaa wa shaana 'l-muslimeen, w 'ansurnaa `ala 'l-qawmi 'l-mufsideen, w 'ansur sultaananaa, sultana 'l-muslimeen, sultanu 'l-insi wa 'l-jinn, Sayyidina Mahdi (a), azharahullah, ayyadahullah, amadahullah, zaadahullah,`izzan wa sharafan, ija`alnaa rabboohoo ma`ahoo, tahta liwaa'ihi, yaa Rabb, As-salaamu `alaykum, yaa `ibaadAllahi 's-saaliheen.

Heyy...heyyy..heyy! (Mawlana hums.) Thumma as-salamu `alayk yaa Saahib az-Zamaan, thumma as-salamu `alayk yaa Qutb az-Zamaan, thumma as-salamu `alaykum `ibaadillahi 's-saaliheen, thumma as-salaamu `alaykum li 'l-mo'mineen wa 'l-mu'minaat, wa 'l-muslimeen wa 'l-muslimaat. Zadahumullahu imaanan wa yaqeenan, wa tawfeeqan, wa nooran, wadiyaan, wa `izzan, wa karaman.

O our attenders, As-salaamu `alaykum wa rahmatullahi wa barakaatuh. Qooloo a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. That is our sword, that has been granted from Heavens to mu'mins and Muslims for defending themselves against enemies, against Shaytan's assaults. And to be a defense against those who are against Islam. And against the real beings of this planet. And also particularly

or especially salaam to `ulamas. Maybe there are some `ulamas from Ahlu ’s-Sunnah, maybe there are some `ulamas who are not saying they are Ahlu ’s-Sunnah, but are Salafi `ulamas.

Say! "We are `ulamas of Ahlu ’s-Sunnah!" Why are you making such a difference? Making another position for yourself. Why? Ahlu ’s-Sunnah wa ’l-Jama`ah has `ulamas, if you are Ahlu ’s-Sunnah wa ’l-Jama`ah, why are you making that difference to say, "We are Salafi `ulamas." How many people are claiming that they are Salafi `ulamas? Write their names that we may ask them, "Where are you? Come and listen, come and say something for the ummah, the Nation of Sayyidina Muhammad (s)."

Stand up! Stand up O Salafi `ulamas when his name is mentioned and declared! A change is coming now, a renewal for Islam. And now a new mawja, a wave or power of the renewal of Islam is coming to show people what real Islam is. Because people now are in doubt. No-mind people are getting surprised and saying, "What is Islam and what is it for?" Islam is really a heavenly declaration coming from Heavens. Its last message is through the Holy Qur'an, through Sayyidina Muhammad (s).

Stand up! Give your highest respect to Sayyidina Muhammad (s) and say allahuma salli wa sallim wa barik `alayh! Islam is built on real respect and honoring. Islam is coming to declare to people that it is bringing to them a heavenly respect. And all the prophets brought that declaration of "respect" to be given to people. Our religion is built on respect, honoring, and glorifying. We have been told to be respectful ones. We have been ordered to be the ones who give honor, and the ones who glorify the heavenly beings. To be respectful towards those who are coming from Heavens on Earth, honoring them, and glorifying them. That is the main teaching from Heavens to Mankind, to teach them to be a respectful, honoring and glorifying servant. Anything wrong, Salafi `ulamas? Say marhaban! You must accept, raghman ala anfikum, you must accept this. You can't say anything against this. And I am asking from Azhar `ulamas. Are they accepting what we are saying, or are they refusing? If you are refusing, then you are also someone who is never understanding real Islam and its real purpose. The real purpose of Islam is that the Lord of Heavens wants to honor His servant, and thirdly, Islam calls people to be glorified ones in the Divinely Presence. Because we have been called to the Heavens by the Lord of Heavens, and He Almighty is inviting us. What does it mean;

••••••• ••••••• ••••• ••••• •••••••••

Bismillahi 'r-Rahmaani 'r-Raheem. W 'Allahu yada`u ila daari 's-salaam. And Allah invites you into the Abode of Peace. (10:25)

They are not asking for your opinion, no! They are not speaking about opinions. There is one understanding. Say, what did the Lord of Heavens say, wallahu yada`u ila daari 's-salaam! He is asking His servants to come to the most honored Paradises in the Heavens. Therefore, we have been invited to be on the best position. To be the ones who look the best and do the best. Whatever is the best aim, we must try to reach it. We have been invited to Heavens. Our Lord Almighty Allah is inviting us.

Therefore, He offered to His servants through His respected ones, the prophets, to teach them what is necessary for them to know about how to be on that day. The Lord of Heavens invited us, and we must know how we must be. Look, Salafi `ulamas, people now in our days, are trying to give their respect to some aspects that belong to this life, and that is not Islam. That is not acceptable in Islam. Islam is something else. Islam is calling you to be a high level, respectful one for heavenly invitation. And the Lord of Heavens is sending His beloved, respected, honored, and glorified servants. All prophets have received heavenly respect and they have been honored and glorified by the heavens.

Therefore, the Lord of Heavens is asking from His servants to be in front of those people with best manners and good adab. You must know that they are coming through their Lord's Divinely Level, coming to us, and giving us so much honor. No one can understand or imagine that honor that the prophets have been dressed with, and are coming to people. Don’t look at their clothes, no! These clothes are nothing, but they have been dressed with heavenly honor dressings and heavenly glorified dressings. And first of all you must welcome them as they are representing their Lords invitation. Coming to people and saying, "O people, who created you from nothing? And gave you warriq, an existence? That is His Grant to you. Therefore you must try to be ready for being dressed in heavenly dressings of honor and glory, because your Lord Almighty is inviting you."

O People! First of all, come and clean yourselves. O people, come and make a cleaning for:
wa thiyaabaka fatahhir. And your raiment purify, (al-Muzzamil, 74:4)

that you must understand Salafi `ulamas, wa thiyaabaka fatahhir. Clean your body from every dirtiness. With that dirtiness it is impossible to reach the Divine Presence of the Lord of Heavens. Be clean. All prophets were coming and saying, "O people, your Lord wants to honor and glorify you. To come and clean you, and to grant to you from His endless karam, Generosity Oceans. Asking you to come to Him." Allahu Akbar, Allahu

Akbar, Allahu Akbar! (Mawlana Shaykh stands) Subhaan Sen yaa Rabb, Sultan Sen yaa Rabb. (Mawlana Shaykh sits) But Man is not understanding, or they are not trying to understand. They are thinking that we are like other animals. For a while we are living and then dying, and will be thrown away. No, no! You have been created to be representatives of heavenly ones. For everyone, there is one representative. If you are reaching to that point and you are going to be ready, that representative through heavenly beings will be dressed for you, and you should be taken up through this life. If not, then you are going to be like a carcass, thrown away.

O People! Listen and think on it. O `ulamas, you must know this and you must say to people. If not, your body is going to be giving a bad smell. It is going to be thrown away. And it is a pity for a person be a carcass and thrown away. Try to reach that honor that has been sent through prophets to you, and then prophets' representatives reaching to you in every time. Try to reach what is granted to you from heavenly honors. Take it and be an honored creature Here and Hereafter.

O Salafi `ulamas, why are you not saying to your mulook? Why are you not reminding them of such a realities? If your tama`a, greediness, is for dunya, then you are also going to be a carcass. But you must try to be a pretty one, that when you are leaving this life, then angels should come and welcome you to your heavenly positions, heavenly maqaam, stations. That is all. They are making me address people, and I am addressing to my ego. If you like to take, take; it is free! We are not asking for money or dunya’s treasures, no, no. If you are running after this life’s treasures, you are always going to lose. Come and ask for heavenly treasures, heavenly honors, and heavenly glorifying in the Divine Presence.

May Allah forgive us and grant to His Seal of Prophets (s) more and more honor and glorifying. (Mawlana Shaykh stands) Allahuma salli wa sallim wa baarik `alaa habeebika Sayyidi 'l-awwaleen wa 'l-akhireen, Sayyidina Muhammad (s)!

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha.)

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## Your Lord Will Certainly Give You (93:5)

---

Let's say: Ay Yaran Shah Mardan. Welcome, Yaran of Shah Mardan. May our day be a good & happy one. May your hearts be filled with nur (lights). May your faces shine with the lights of heavens. So you will not be bent; bend down (prostrate) to Allah only. Let's perform Ruku (bowing) & Sajdah (prostration). Each time... more lights are dressed on you. We will not be crushed, we stand strong, Mashallah. Ya Rabb, accept our servanthood... for the sake of Your Beloved (sws).

Come, Ay Yaran Shah Mardan. The ones who are following the way of Allah's Lion... and those who want to (follow). O trainers of lions... Who is a lion? Lions are those who are dressed with characteristics of a lion. Assalamu Alaikum Ay Yaran Shah Mardan. May our day and our work be good / blessed. Dunya (this world) is under our feet and our hereafter is flourishing We want to be under the flag & banner of Your Beloved (sws). This is our honor.

Today is a new day. The awliya (saints) have said that our way is by sohbah (association). What is sohbah (association)? Now...whatever Shah Mardan says, that is what we say. The first command: Assalamu Alaikum. Ay Yaran Shah Mardan - O Shah Mardan's beloved ones - salam to you. Whoever starts the day with Salam, their work will be successful. Those who forget Salam, their work will be upside down. Very Well. Welcome to our assembly. Ay Yaran Shah Mardan, those who... love the way of Allah's (swt) Lion. Those who are brave. What is bravery? It is to join the way of Shah Mardan.

Today is a new day. Yawmun Jadid, Rizqun Jadid. A new day, and a new rizq (provision). At the Sultan's door... at the Sultan's dinner table... leftover food is not served, it is freshly made. They don't keep stale food. It is new. Yawmun Jadid, Rizqun Jadid. A new day, and a new divine table - rizq. InnaAllaha Huwa r-Razzaqun Mubin. Ar- Razzaq,the Absolute All-Provider is Allah

Food from the day before is not befitting of the glory of Sultans. It is not their way to serve leftovers to their guests. Who is a Sultan? A Sultan... sets a new dinner table every day. When he draws his sword, his is the lion that cuts off the heads of satans, that is a Sultan. A Sultan must be a lion. Can a fox be Sultan? No. How can a fox be a Sultan? Does a fox look suitable as a lion? The fox only looks suitable as a fox. Well, are you a fox or a lion? Look at yourself.
Assalamu Alaikum o attenders. Ay Yaran Shah Mardan, Mashallah. How nice. Let's say: Bismillahi r-Rahmani r-Rahim and doors of heavens will open for us, and the places we step will serve us. If we throw (seeds) and say, Bismillahir Rahmanir Rahim... if you plant a handful of seeds in a field... at least 10, 20... 30, 40, 100, 1000...you will be given. He is Allah (jj). Ayyuhal Jahilun, o ignorant ones! We hope Allah (swt) doesn't make us from ignorant ones. Those are the ones who forget Allah (swt) and... run after this world; they don't gain anything. What's the only thing they gain? The troubles of dunya. What is their job in dunya? To be like animals. Those who forget Allah (swt)... what are they? They are those who lost themselves in dunya. Dunya rides on them. They become dunya's animal. They become the animal of dunya.
Instead of being an animal to dunya... why don't you come and surrender to Shah Mardan? Shah Mardan, who is... following the way of the Owner of the heavens and earth, Allah (swt). For the sake of Habibullah, the Pride of all universes... he sacrifices himeslf for him. He is that holy person. That is Shah Mardan. If you want blessings... say: Bismillahi r-Rahmani r-Rahim. If you want to do good, say: Bismillahi r-Rahmani r-Rahim. If you want your work to go smoothly, say: Bismillahi r-Rahmani r-Rahim. If you run around saying, "my work is not going well"... "My troubles don't leave me", you will be full of distress. In the 'pot of worries', you can find all troubles. Those who say, Allah, have no troubles left. Those who say, Bismillahi r-Rahmanir Rahim, have to worries left.
Those who glorify their Lord... Those on Shah Mardan's way, Ay Yaran let's say: Bismillahi r-Rahmani r-Rahim. Shukr to Allah that he allows us to say. Let's pull ourselves together. Our way... is the way of Shah Mardan's associations. He... Fahri Kainat (sws), his cousin, who is the City of Knowledge... and he(S. Ali) is the door. The City of Knowldege's (sas)... doorman. He knows who enters and who leaves. Shah Mardan Habibur Rahman. MashaAllah. Inda dhikru sulahai tanzilu Rahma O scholars of Egypt, Damascus, O scholars of India, Turkey, Are you saying, Allah? Inda Dhikru Sulaha, If you mention the names of... His righteous servants, then

mercy comes down... Imagine what descends on the assembly of those who mention Allah's Name!

Where are you o scholars of Egypt, to come out to the square and say: Allahu Allah Allahu Allah Allahu Rabbi Allahu Allah Allahu Allah Allahu Hasbi. La Ilaha Illa Hu, Allahu Allah Allahu Allah Allahu Rabbi Allahu Hasbi. Go out to the square. Say: Bismillahi r-Rahmani r-Rahim. It is such a sword, that if you strike earth, it will split into 2. What power there is in Islam! Well, they are not using it. "Well", they are saying... "we have weapons". Where did you get them from? "From America." Who did you get them from? "From Russians." Who did you get them from? You got them from satan. Your power: Innal Quwwata Lillahi Jami'a. When all power belongs to Allah, why are you searching for it elsewhere? What stupidity is this? Get up... and come to the assemblies of those who are Shah Mardan's beloved ones. Allah's Lion's beloved ones... go to their assemblies and associations, because... only lions can walk with lions. Lions walk with lions, foxes walks with foxes, wolves walks with wolves, bears walks with bears, donkeys walk with donkeys Dogs - hasha minal huzur - walk with dogs. If you want to be a lion, how can you go near dogs?

Islam is a Lion. It is the religion of Allah (swt). Listen to Shah Mardan. Islam - "Innad dina 'ind'Allahil Islam" (3:19) The religion of Allah is Islam. Aslam Taslam. Enter Islam, and find salvation. If not, even America won't help you. Forget the world of kufr, there is no one on this side that can help you. No. If you don't say, Allah, no one can reach (help) you. Shah Mardan is a lion. At least call him. Yes. "Wala taqulu liman yuqtalu fi sabiliLlahi amwata." (2:154) O Azhari scholars, why don't you say! O scholars of Turks, India, Damascus! For Allah's sake, the one on Allah's way - aren't they called shahid(martyr)? Don't call them dead, Allah (swt) is saying. Those who died for Allah's way, don't call them dead. "Bal 'Ahya'un `Inda Rabbihim yurzaqun." (3:169). They are at their Lord's dinner table... the ones being offered from His table. Be from them.

Europe cannot offer you anything. This group, this party - they cannot give you anything. Their only job is to take advantage of the money in your pocket. Not to give you, but to take what is yours. This is satan's group. The democracy that everyone is talking about is this (...) To take from your pocket and give you manure. Islam has honor; go on the minbar and say. Go out to the square and say - O... people! Come to Allah. Call to Allah. So that He will send you

help/support. He will send you help/support. He will bring you to safety/salvation. The divine support that is sent... not the pieces of metal the disbelievers depend on... airplanes, missiles, etc... not these things. With one signal, it can destroy all of them. Islam has power. Before Resurrection Day, this power will be seen.
O Shah Mardan - the arena is yours, go ahead. He's saying, one person from our lineage will come in last days, when... kufr (disbelief) will become more and more terrible, that even... heedless Muslims will get scared from them, and wait for their help. And at that time, from our pure lineage... a person will come. Our Master, Hz. Ali (ra) Shah Mardan, is informing us. Muslims' and Islam's power, mightiness, majesty... Those Muslims who have forgotten, heedless Muslims... someone will be sent to them, because heedless Muslims... are afraid from Europe's weapons, China's cannons, Russia's soldiers, I don't know who's airplanes...Why are you afraid? O My Habib, I sent you 1,000 soldiers. That is enough. 1,000 soldiers. Near Resurrection Day... at a time close to Resurrection Day, even if the whole world... is in disbelief, if the whole world claims to be powerful and... fall for satan's seduction & tricks... they join & follow its low ways...at the time when people are oblivious... a force will be brought from heavens.
I(swt) will send. It will come. A power will come. and on their foreheads is written: "Jundun Min JunuduLlah" when this group comes down, they can turn world upside down in an instant. O scholars, speak about the Greatness of Islam! O princes & kings, why are you afraid to confront oppressors? in the old days, when two sides started to battle... when two sides came face to face, Allah (swt)... whichever side He approved, angels would come down to them... and turn the other side upside down. Wal Izzatu Lillah; Allahu Dhul Jalal izzah and those following him. Disgrace is for those who forget Allah, and those who follow satan's way. Don't pay attention to what satan scares you with. It says: I'll burn this, destroy this. Don't pay attention, it is empty talk. Fear Allah (swt)! Fear Allah (swt) O Muslims! O our Lord, Your promise to Your Habib... send us the soldiers from heavens that were promised, Ya Rabbana, they say. Subhan Allah.

If Shah Mardan lets out one call... Ya Jabbaru Ya Qahhar. If he calls out saying that, help/support comes down that can destroy the whole world. Why don't you say, o scholars! If kings are not aware... "Wa Dhakkir! Fa'inna Adh-Dhikra Tanfa'u l-Mu'minina"(51:55) Remind them. From Allah's (swt) Greatness... mention... a phrase that has a close meaning, "Wa la sawfa

Yu'tika Rabbuka Fatarda" (93:5) I won't leave you, O My Habib. I won't leave you. I'll give you such an honor, they won't be able to call you: Abu Talib's orphan. I will give you such a high rank that you will have authority on earth... and in the hereafter you'll be given the rank of Maqami Mahmud, O My Habib.

We are from the nation of such a Glorious Prophet... Why aren't our scholars mentioning this? Why kings aren't saying and are afraid? Why are you afraid! Why are you afraid of oppressors? If they are oppressors, their heads will be hit with oppression. Tyrants' power decreases, and it will decrease now. They passed the limit. Oppressors have crossed their limit. Their limits will be shown now. It is coming, coming closer.

Ay Shah Mardan! Go ahead! May our day be a good one, Ay Yaran Shah Mardan, O Shah Mardan's beloved ones, may your day be a good one. Wherever you step, they will tremble. Say Allah. Those running in the streets like animals escaping the barn, those running in the streets, do they say Allah? What mindless people! Maybe unbelievers don't know, but what about Muslims? They don't know either? Why aren't scholars saying? "Wa Dhakkir! Fa'inna Adh-Dhikra Tanfa'u l-Mu'minina"(51:55) It's saying this to inform. Those who know should teach others. We cannot speak about the Greatness of Allah (swt). We can't undertand what Prophet (sws) says either. Only those like S Mardan... can understand. Ay Yaran Shah Mardan, How nice you are.

May your day be a good one, those who say Allah. Those who say: Ay Habibullah, Ay Shah Mardan. Stand up. Behave for Allah. This earth... don't leave it in the hands of the disbelievers. Put up the banner of heavens everywhere. This is your duty. To put everywhere... the flag & banner of heavens. On earth... no disbeliever will remain, no churches, no synagogues. "waada Allahi haqqa"(4:122) Allah's promise is Haqq (truth).

What can we do, O Shah Mardan. Make my assemblies everywhere, he is saying. These assemblies - Yaran, full of love - let them be everywhere - in 1,000 places, in 100,000 places. So people can come to life; so angels can dress you with the dress of power from heavens, and dress you with the dress of mightiness, so others cannot look in your direction; so oppressors will look for a place to escape but they won't find one, because: "Man zalam zulam". He will send an oppressor to afflict another oppressor; Allah will punish them. I am not accepting oppression, Allah Dhul Jalal is saying. I will send down armies that will overcome oppressors. Oppressors will

suffer their own oppression. I'll make them suffer. Oppressors are inflicted with oppression, He says. Be just, keep the way of Shah Mardan. I am ashamed to say: keep the way of Allah (swt). But we have permission to mention... Shah Mardan's orders and his mightiness - Dhul Fiqqar (sword) was seen in his hand, but now... there are holy ones with his rank who follow his way... their swords are hidden for now... Tomorrow it will be out in the open.

Let's say: Bismillahi r-Rahmani r-Rahim O Shah Mardan! How beautifully you are speaking. Ay Yaran Shah Mardan - The people who Allah's Lion loves. You have no fear on earth or in the hereafter. You are honorable, and you are lions. Islam, Muslims are lions. There is one creature that we are forbidden to eat... the other nations, those coming against Islam... they have its characteristics. Whoever leaves Islam, which is Haqq, and imitates those who are against Islam... will be from them. O oppressors... leave oppression. O Oppressed ones, I will certainly keep my promise. The angels have orders... the oppressors and their oppresssion... armies are waiting to crush and finish them. Don't hold a gun and think you are something. "Kun ma'Allah wa la tubali, is that right? Be with Allah (swt), and don't worry. Don't be afraid or sad about anything, no, be at ease.

Let's say for Allah (swt): Bismillahi r-Rahmani r-Rahim O our lord, accept us. Send us someone who'll wake up heedless ones & give faith to faithless ones. Send us Hz Mahdi (as), whom the Prophet (sws) foretold with good tidings... and he is Shah Mardan's grandson. He has Dhul Fiqqar in his hand. What we are saying are words of truth for all people. Those who say it wrong or untruthfully won't reach Ramadan. Those who don't say it's right, won't reach Easter either. This is a threat. It is a warning to the Pope also. Caution, Caution, Beware! Don't be proud that you are Pope, no. Be Allah's servant. Being pope doesn't save anyone. Say you're Allah's servant so you be saved. If not, being pope won't save you. Being king doesn't save you.

Asadullah Al-Ghalib... Allah's Lion the Victorious - those on his way are firm. They will destroy... they'll destroy disbelief & oppression. They'll finish off disbelievers & oppressors. Stand up o Muslims! Stand straight everyday, don't bend down to anyone. Don't be beggars at the doors of governments. Allah (swt) has already appointed everyone's provision. Wherever He has apppointed your provision, go there and collect it. They give salaries by law... what are your laws & your salaries? They have no value. Be firm on your way, Allah (swt) is saying. "wastaqeemu" - stand firm, I will send you your provision. People have honor. Their provision is sent to them.

Don't leave your place. In Turkey they are saying... there are 20 million people in Istanbul. The government is bewildered. How can we manage all this? So many countries have millions like this.
"Innal ardi wasiatun fa'iyyaya fa'budun" (29:56) The earth that I gave you is a wide/spacious earth, not narrow. Wherever you are, I'll send your provision, with the condition - "fa'iyyaya fa'budun" that you be My servant, carry out your service. You are running to be slaves of governments just for a little money. Allah (swt) is saying: I made this earth... spacious and everything in abundance. "fa'iyyaya fa'budun" so serve Me. He's says, there's no one who serves Me whom I leave hungry. I give provision to the ants too. And I give provision to those smaller than ants too. Keep my servanthood, respect Me. Say, 'O my Lord', so I can open the doors of rizq/sustenance from everywhere. O people who claim to be Muslims but have forgotten Islam, Shah Mardan, Sahib Maydan, Habib ur-Rahman –
Listen to Shah Mardan. Don't wander the streets. Don't go to doors of governments, don't be obligated. Return to your villages. Stay at your job, your provision will come. If not... neither your stomach nor eyes will be satisfied. This is how people are now. Even if their stomachs are full, their eyes aren't satisfied. Why not? "Inna ardi wasiatun" He is saying, I made the earth spacious. "Fa'iyyaya fa'budun" Only serve Me, I will provide your sustenance. If not, whatever you plant will be taken away by tornado or floods, or eathquakes or huricanes, and you will be left hungry. You'll be left under water. Acknowledge Me o people! This is an addressing from Allah (swt) to all people. They are running in the streets saying they are hungry. Shame! A person with faith would never say this. How can someone at the door of the Sultan be hungry? Did the dinner tables become empty, finished? He is sending our sustenance everyday.
Allah (swt) is saying, search for your provision from good ways. Right? 'Utlubu r-rizq Ut'imakum min haythu la ta'lamun. Ask for your provision by the ways that I taught you... and I won't cut off your sustenance. I created you along with your sustenance. Get your head straight; leave drunk ways; stop following satan. Live a peaceful life, or else - eat one another from your arrogance. O our Lord, for the sake of Rajab Shahrullah... the month You say is Your month... for the sake of Rajab Sharif, send us as-Sahib/ the master. Ya Rabbi. One who will tell us the truth and overcome oppressors. Send us Sultans, Ya Rabbi. Those who are occupied with their own sultanate - keep them away from us O Allah (swt). O kings, be careful - "Anfiq unfaq alayk"

O My servant - Give and I will provide for you, He is saying. Why are you hoarding? Qarun did that, earth swallowed him &his treasure. Don't you learn the lesson, o people who read Quran? Huu Rabbi La Yazal Ay Shah Mardan! Look down on us. Even if we have little (money), we want to be on right path. We want Sultans to come who will overcome oppressors. We want a Sultan. Who is a Sultan? One who protects Allah's servants. One who fears Allah (swt). One who is provided by Allah (swt). "Sultan dhilluLlah fil ardi" - Allah's (swt) khalifa/ representative on earth. You got rid of Sultans and brought satans to be your leaders and satan has brought you to this situation. Allahu Allah, Allahu Allah Allahu Rabbi, Allahu Allah Allahu Hasbi, Allahu Allah de yuru. May your day be a good one, May your honor increase. It's not (important) to have a full stomach, but ask to have your heart filled with nur/ lights. It is down here, our stomach & tripe. To have it filled is not important, but your heart desires divine lights. That's what's important. Animals can fill stomachs too, but you're human. If you only think about tripe, you are an animal too. Turn your heart toward your Creator, so that... you'll be from servants dressed with honor. O our Lord, forgive us.
Let's say: Bismillahi r-Rahmani r-Rahim Ay Shah Mardan Your holy words wake us up... May they give our body strength and give our spirituality strength and give us mightiness. Let's say: Ay Allah Let's say: Ya Rabbana Ya Rabbana. How nice. How nice, how beautiful to call Allah. Who says 'Allah' has light on his face. Those with ugly faces or those who forgot Allah (swt).

Know this. Beloved ones of Shah Mardan have beautiful faces, they have mightiness. We hope Allah (swt) doesn't deprive us of that nur/ light. Ilahi Ya Rabbi, May a Sultan be sent to us, so the banners of Islam will be raised.
Fatiha

Lefke, 14.04.2013

## Don't Leave Your Material Being Free to Do As It Likes

Dastoor yaa Sayyidee. (Mawlana Shaykh stands.) Yaa Rabbana, yaa Rabbana. Yaa Rabbana, yaa Rabbana. Anta Rabbuna. Anta Hasbunaa. Ni`m al-Mawla anta Yaa Rabbana. Zid Habeebika `izzan wa sharafan, nooran wa surooran, sultaanan wa ridwaana. Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah! (Mawlana Shaykh sits.)

Madad yaa Saahib' l-Imdad. We are asking your support, O Grandshaykh! He is responsible for this assembly as well as making this declaration reach to east and west, and from north to south. Give more honor, yaa Rabbana, to our supporter.

A`oodhu billahi min ash-Shaytani 'r-rajeem. The first one whose aim is to destroy that heavenly support is Shaytan. His aim is to destroy it, to cut it, and he is making so many attacks in order to prevent this declaration from reaching people.

O Our Attenders! As-salaamu `alaykum. First of all, our declaration is to `ulamas who are claiming, “We are authorities for religious knowledge.” That is their claim, and it is not true. And we are saying, bismillahi 'r-Rahmani 'r-Raheem. That is heavenly support. The ego’s relationship is with Shaytan, who has a negative power in our physical being preventing us to get up, and to rise towards heavens. Therefore, first of all,

whomever is asking to reach heavenly Power Stations must first throw away that heavy aspect from themselves and then can be so light to reach those stations. Because with our heavy material being, we can't be able to even rise from the surface of this world even one foot! Look, if a person may stand up on even one foot on Earth, that means he has an authority and a possibility to reach heavenly stations. When a plane is landing, they are tying it to the Earth, not to move like this, like that. When it is ready for flying, those ties are taken away, then the plane runs on the runway. And everyone also who is asking to reach heavenly aspects must be free, free, free! Allah, Allah.

People are asking for freedom, for what? To do what our material beings are asking. Now, from east to west, from north to south, people are running and shouting, "Freedom! Freedom! Freedom!" Freedom for what? They are asking for freedom for their material being to do everything that their material being is asking. That is not genuine freedom, because Man is not only a material being; he is combined to be a material being and a heavenly being! If you are leaving your material being to be free, you are destroying your heavenly being and your spirituality will finish.

But people are now running after "freedom." What are you asking, more than this freedom? What is their opinion or what are their aims from freedom? They are free for what their physical being is asking. Beyond that, what are they asking now? They are saying, "We are running after a nizaam, an order, that gives us mutlaq, absolute freedom to do everything." The Seal of Prophets (s) said that when the Last Days approach, people are going to be without any order, in chaos, running after freedom, and they will be in such an atmosphere that they will be doing everything, including men and women sleeping (with each other) in the streets. That is what will be, and beyond that, they are still asking for freedom. What is freedom for them?!

They have reached the last point of freedom, but they are not understanding and they are becoming like animals. And animals are not understanding freedom because they know their positions and they are not asking for any freedom. But Mankind is not understanding even about themselves, and asking to break down every order, commands, and rules of heavens, which is shaytanic teachings! They are not happy to be with any religion, or any belief that makes people to follow heavenly rules. Now the whole world has been given absolute freedom for their egoistic desires. What is beyond that? The real freedom that everyone must ask for is rising from Earth to heavens, and that freedom can't be attained with our physical freedoms. You are asking to be satisfied with your physical being's desires and at the same time you are asking to be rising to

heavens. How can it be, when your ego is tying you so can't lift even your one foot up. It is impossible! But they are insisting.

Therefore, now Mankind is insisting to reach such a freedom that they do not even understand. Through earthly freedoms, we are imprisoning our souls and not giving our souls a chance to be free to do as they are ordered. Therefore, there is chaos throughout east and west and no difference now between the Muslim world and the non-Muslim world. All of them are on the same desire and the same way, claiming, “We are not in need of heavenly orders.” It can’t be! “But we are going to make freedom for our physical desires.” It can't be! How can it be? You are like a person who, without using a plane or a missile or a rocket, is claiming, “Without using a rocket, we must go up.” You can't, it is impossible! But they are insisting, saying, “No, we can!” And that is the cause of all troubles now are on Earth, as they are asking for more freedom. How much more freedom? You are eating as you like, drinking as you like, acting as you like, and doing everything as you like. What else is beyond this freedom? Now our foolish Muslim world is running to make more freedom. No! For what do you want this? Leave that and take the safe way! Why is Allah Almighty sending holy books!?

O Christians! O Jewish people, Israeli people, and Christian world! For what has Allah, the Lord of Heavens, sent holy books? For coming to church and reciting one page or two pages and finishing? What is that? Your Holiness the Pope, you must look after such a position! And the chief rabbi, you must look for what has Torah Shareef been sent! O Muslim world. Muslim leaders, including kings and republic presidents, why is the Lord of Heavens sent the Holy Qur'an? O `Ulamas! Why are you not reminding kings and presidents and all those people keeping zimam ul-ummah, controlling the ummah? Why? Are you thinking that holy books are only coming for your dead people? You are only bringing a dead body to the cemetery and bringing that holy book and reciting on the dead? Why only reciting on a dead person? For what, they are finished! Why are you not reciting for living people to correct their steps?!! Why are you not doing this!? And Muslims, why are you coming after some one's burial and sitting and making khatm of Qur’an al-Kareem? For what? Why are you not reading Qur'an al-Kareem on that person while he was living?!! Why are you not following the holy orders of the heavens? O Rabbis, you are also coming and reciting for dead people.

What are holy books for, for dead people or for living people? Allah (swt) will ask you "Why did you not teach people how to rise up to heavens?" Are you not fearing Allah? Are you fearless people? Do you have no fear from your Creator? That is our biggest chaos which is running on people, and now they are not successful;

they can't save themselves either here or after death. Angels come down in graveyards and catch that dead one to make him stand up, and their interrogation begins, "What was the holy command of your Lord? Say! What obedience did you do for your Lord, and what charities did you do for your Lord's Creation? What is this, what is that, why this, why that?"

O People! We have been invited not to be on Earth. When Sayyidina Adam (a), the father of Mankind, was sent away from Paradise, the Lord of Heavens said, "My guidance is going to reach to you, Adam, and your children. Whoever is following, they may come back to My Paradise. If not, then they are never going to be in My Paradise or will never reach My heavenly Mercy Oceans. If not, you will be thrown away with Shaytan."

May Allah forgive us!

O Salafi `ulamas! Why are you not warning people of this? O Azhar `ulamas! Everyday why are you not making a declaration to wake up the Muslim world, to stand up? O People! You must know that if not today, then tomorrow, if not tomorrow, then after tomorrow we will be leaving this world and going back to where we came from. ••••• ••••• Ad-deenu naseehat, "Religion is advice," the Holy Prophet (s) said, "Ad-deenu naseehat." Why are you not saying this? (Mawlana Shaykh stands.) And Allah Almighty is saying:

••••••••• ••••••• •••••••••• ••••••• •••••••••••••

Wa dhakkir fa inna 'dh-dhikra tanfa`u 'l-mumineen.

And remind (by preaching the Qur'an) for verily, the reminding profits the believers. (51:55)

(Mawlana Shaykh sits.) Why are you not making that declaration daily? And awliya are looking that the Muslim world is on the wrong way because they are following non-Muslims. It is a blame to you (O `ulamas) to follow the non-Muslim world and their characteristics! Why are you not saying? You will be most punished on the Day of Resurrection, as it is mentioned in holy books:

•• ••• ••••• •••••• ••• ••••••• •••• •• ••••• •••• •••••

ashshadun naas `adhaaban yawm al-qiyaamat al-`ulama,

The worst punishment is for scholars on Judgment Day, (those whose knowledge did not benefit them).[1]

Yes, most terrible punishment is for those who were `ulamas and they were not reminding people of the ways of heavens. They are not teaching to their nations the ways to Paradise. O People! We are just ending now because nabiyyuna nabi akhiru 'z-zamaan, because our Prophet is the Last Prophet (s) and Qiyamah, Judgment Day, is coming on His nation.

O People! Think on it. Don't run away. If anyone is running away, and is not listening to heavenly naseeha, advice, then they should prepare their coffins,because death is running after them, catching them, and then imprisoning them under the Earth.

O People! That is ad-deenu naseeha. I am saying this to my ego as well. Anyone who may listen and obey, and they will be happy; if not, they will repent. O Allah! O our Lord, don't leave us in the hands of jaahil people, ignorant ones, ignorant `ulamas, ignorant kings, emirs, and sultans. Everyone will be asked and they cannot save themselves if they are not taking Shari`atullah. Don't follow western fashions, but follow heavenly fashions. Men, and particularly women, every time they are using so many things to be seen as beautiful ones, that gives them much more ugliness! And when they are in their graves, no will be able to approach them because such a bad smell will be coming from them!

May Allah forgive us!

O People! I am shouting to my ego. If you are accepting, good. If not accepting, then it is for you. O my Lord! Send us someone able to collect the hearts of Your servants to take them to Your Divine Presence! Forgive us! We are hoping for Your blessings and that You will send us someone to destroy every shaytanic idea and break down the shaytanic building, and to raise up the Islamic building. May Allah forgive me and you also.

Bi hurmati 'l-habeeb, bi hurmati 'l-Fatihah. Ameen.

(40 minutes.) Enough, enough.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.

(Mawlana Shaykh sings.)
Dome, dome, dome, dome.
Dome, dome, dome, dome.
Dome, dome, dome, dome.
Dome, dome, dome, dome.

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

[1]•••• ••• •••• •••• •••• (••••• •••••: ••• ••• •••••• •••• ••• •••• ••••• ••• •••• •••• •• ••••• •••• ••••• ••••••
And in a similar vein, the Prophet (s) said, "Knowledge is of two kinds: Knowledge (brought forth) on the tongue is Allah's proof against His creation, and Knowledge of the heart; that is the beneficial knowledge."

## Your Provision has been written for you

Take that which has been written for you. Don't run after everything else, wanting it for yourself. Before Allah created us, he created our provision. This was 60 000 years ago. Everything was prepared before He sent us here. No one can get that which is written for someone else. Even if you are sitting around a pot of rice, only that which has been written for you on the Day of Division will come to you. Not even one grain of that rice can be taken away from you.
Be happy with that which has been granted to you in your life. Be happy with that which Allah has given to you. Then you will be blessed. If you are ungrateful, you will not be blessed. Don't look at others what they eat, or what they waste. Be happy with your own dry bread.

- 01.01.1997

**Yusuf Islam (Cat Stevens) Visits Sultan al-Awliya**

(...) going to be suitable for our bodies. Therefore, we must try to run after natural medicines because Allah Almighty created everything with some benefits. You can't find anything that is without benefit.

Alladheena yadhkuroon Allaha qiyaaman wa qu`oodaan wa `ala junoobihim wa yatafakkaroona fi khalqi 's-samawati wa 'l-ard. Rabbanaa maa khalaqta hadha baatilan subhaanaka faqinaa `adhaab an-naar.

Men who celebrate the praises of Allah, standing, sitting, and lying down on their sides, and contemplate the (wonders of) Creation in the Heavens and the Earth, (with the thought), "Our Lord! Not for naught have You created (all) this! Glory to You! Give us salvation from the penalty of the Fire." (Aali-`Imraan, 3:191)

"Hadha" shows everything; hadha, hadha, hadha, everything is coming under that one word. It means, "O my Lord! You created this for something and You created this for something else." We are not in need of artificial medicines. For a short while they make people think, "It is good for me," but it is really not. Therefore, we are saying that as much as scientists make countless medicines under countless names, (they are) artificial medicines under artificial names.

I am sorry that a person who believes in God may say, "This (holy book) is not good, and this (holy book) is

good." No, you must look at everything. Our honored guests are Ahlu 'l-Kitaab, People of the Book, and they believe in the Old and New Testaments. (Mawlana Shaykh gives miniature copy of the New Testament to Yusuf Islam) This is the New Testament that if you like to keep, you may. It is good, but so small that I can't read it.

Particularly (good) are the sayings about prophets who passed away, and one was Luqman al-Hakeem (r). Yes, he is a well-known prophet, also well known as a hakeem, wise man. He looked and knew, "This tree is good for that, that plant is good for that." He knew, but now people are throwing that knowledge away and running after artificial products; they will become artificial beings more than real representatives of Mankind. Now they are trying to make everything artificial.

I heard that people are asking for artificial ladies. (Laughter) They are going around saying, "At this time you must prepare a beautiful wife for me," and then another one comes and says, "Welcome, O our lady! What is your taste?"

I went to Greenwich, London to look around and in the street I saw a shop with so many ladies heads. I asked, "What is that? Is it a museum?"

They said, "No, O Shaykh! Where are you coming from?"

"(I am coming from Heavens)."

"Is this your first time coming here?"

"No, it is my second time, but I never saw such a fair."

"O Shaykh! These models or ladies are for hair dressings. Yes, if anyone enters this shop, we show these models and she may say, 'I like my hair to be like this one.'" (Laughter)

Yusuf Islam is a very serious person, never smiling, but he is laughing now and very happy! People ask to find such a factory, to enter and say, "I like this model of lady," and old ones come and say, "I like this beautiful husband." (Laughter)

People are so artificial, running from east to west, from west to east, never using natural things, throwing them away, using only artificial things. Therefore, a person who is ill is first asking to go (...)

“Where are you going?”

“O my darling! I am going to Harley Street. Yes, sir.”

“For what?”

“I need a check up, and afterwards I will fill my doctor’s prescription. I hope that my hair grows in once again as it was before!” (Laughter)

English people are very, very serious ones; therefore, I am speaking on serious subjects for them, but they are unable to control themselves and they make, “Heh, heh, heh!” Marhaban! What shall we do?

Yusuf Islam: We are very happy to see you.

Mawlana Shaykh Nazim: You are never coming to me, only running after new models! (Laughter)

(Mawlana Shaykh sings in Turkish)

Ey Hakka tâlib, ol ashka râgib.
Hem nefse gâlib, ol ir murâde,
Hem nefse gâlib, ol ir murâde.

O the seeker of Truth, become a seeker of Love.
Overcome your ego and attain your desire.
Overcome your ego and attain your desire.

Our honorable guest is a famous and a very serious singer of Islamic songs throughout the east and west, “Yusuf Islam”! Therefore, I am also trying to sing as he sings, and he is only about five years younger than me! (Laughter) Welcome to you, sir.

Yusuf Islam: Shall I sing a song for Shaykh Nazim?

Mawlana Shaykh Nazim: Yes, yes.

Yusuf Islam: In English?

Mawlana Shaykh Nazim: No, in the language of jinns! (Laughter) Yes, sir.

Yusuf Islam: (Mawlana Shaykh also sings.)

Tala` al-Badru `alayna,
min thaniyyati ‘l-Wada`
wajaba ‘l-shukru `alayna,
maa da'a lillahi da'.

O the white moon rose over us,
from the valley of Wada`
and we owe it to show gratefulness,
where the call is to Allah.

Ayyuha al-mab'uthu feenaa
ji’ta bi ‘l-amri ‘l-muta`
ji`ta sharrafta ‘l-Madinah.
Marhaban, yaa khayra da`

O you who were raised amongst us
coming with a work to be obeyed
you have brought to this city nobleness!
Welcome, Best Caller to God's Way!

Tala`al-Badru `alayna,
min thaniyyati ‘l-Wada`
wajaba ‘sh-shukru `alayna,
maa da`a lillaahi da`.

Mawlana Shaykh Nazim: Mashaa-Allah. (Applause) Applaud for me also! (Laughter) Ahlan wa sahlan!

Yusuf Islam: I am going around the world doing songs. We just performed in Germany, Austria, Paris, Rotterdam, Brussels, Sweden, and before that Australia.

Mawlana Shaykh Nazim: Mashaa-Allah.

Yusuf Islam: Mashaa-Allah. I have a very, very strong feeling for going back.

Mawlana Shaykh Nazim: Through our brother Yusuf Islam, ihtadahum, non-Muslim people find their ways to Allah Almighty!

Yusuf Islam's Wife: In Australia, when he did a show and a husband and wife became Muslim after the show.

Mawlana Shaykh Nazim: Very good! May Allah reward him.

Yusuf Islam: Inshaa-Allah, make du`a for us.

Mawlana Shaykh Nazim: Everyday, to be famous you must cut one sheep and eat it!

Yusuf Islam: Please don't make it an obligation!

Mawlana Shaykh Nazim: I see he is becoming so thin, and he must (gain weight). Did you never see Saudi people, how big they are? (Laughter)

(Yusuf Islam introduces his cousin from Paphos. Mawlana speaks to him and his wife at length in Greek language.)

Mawlana Shaykh Nazim: The most beautiful part of our island is on that side, Paphos, with their forests, waters, fruits, and always people from that side are more clever!

Yusuf Islam: There are too many English people.

Mawlana Shaykh Nazim: With no minds! Do you know what is lambaro? It is a scarecrow! He knows.

(Laughter) Now I am lost; I forgot, you are 10 years younger than me. We lost it. People were so happy during the time of the British colony. Now some fanatic people are coming from there and on our side another fanatic people, to this beautiful, peaceful and holy island. The maqaam of St. Barnabas, one of the disciples of Sayyidina `Isa (a), is here. Did you visit there yet? You may visit from Famagusta; it is 45 minutes from there. There is a monastery and he is buried there. When I am strong enough, I often visit him and his spiritual power catches me, saying, “Shaykh Nazim, come to me!” I visit his tomb, which is underground, and the monastery. St. Barnabas and the apostle Andreas were both disciples of Sayyidina `Isa (a), but the spirituality through St. Barnabas is stronger than through the apostle, Andreas. (You receive) sakinah, serenity. Whenever I passed by St. Barnabas said, “Come to me.” Now I very rarely pass there, but when I do he calls to me and I go down (to the maqaam). May Allah Almighty’s blessings be on him.

The Archbishop of Cyprus discovered St. Barnabas’s Bible in his grave. There is an independent building for him and behind it a monastery with so many drawings. That archbishop dreamt St. Barnabas was saying to him, “I am buried under that olive tree. Open my grave and keep it.” He was sleeping there and when he saw that vision, he quickly woke up and sent his farmers to quickly open that place, and they found St. Barnabas there. His body was unchanged, perhaps after one-thousand years in his grave. On his chest was the Injeel, New Testament.

The Archbishop of Cyprus took that Bible to the Byzantine emperor, who accepted that and dressed him as majestic, and in return he honored the Church of Cyprus. That archbishop may sign with red ink as no one else can; that is reserved for emperors and it was an honor granted to the Church of Cyprus. There are drawings on the walls of the monastery. I am asking my brother, Shaykh Yusuf, to go see it and take photographs of that very good, holy place. St. Barnabas was buried for 2,000 years and his body never decomposed. It is easy to find his place.

Yes sir, I am happy with you, but I am keeping you too long! We have a place for eating, drinking, sleeping, and dancing! (Laughter) What shall we do? Very few people know these details, very few. He knows, He knows! What shall we do?

Yusuf Islam: I wrote a song for children called, “I Look, I See.”

I look, I look, I look, I see

I see a world of beauty
I touch, I touch, I touch, I feel
I feel a world around so real

And everything I do
I dedicate to You
Cause You made me
I am for You

I listen, listen, listen, I hear
I hear the words of God so clear
I read, I read, I read, I know
It helps my knowledge grow

And everything we do
We dedicate to You
Cause You made us
We are for You

I listen, listen, listen, I hear.
He sent the Prophet to show us the way
He made Religion perfect that Day
Peace be upon him, upon him we pray
Salatullah wa salaamu `alayh.

Mawlana Shaykh Nazim: An encyclopedia of songs; I am also an encyclopedia! If our guests are happy to stay, we have rooms and food. For Allah! It is not a burden on me (to host you); what Allah is giving we are eating. The archbishop invited me and I was there one day. We like each other. Now our guests are most welcome to stay, as they like. They are also free to look around (sight see) and you may collect for them oranges and lemons as a small gift, as they came all the way here.

(Guests brought two boxes of gifts.)

Mawlana Shaykh Nazim: You put three boxes! (Laughter) What shall we do? Thank you, sir. Allah, Allah. Yaa Rabbee. Amaan yaa Rabbee. (Mawlana Shaykh stands) I am now finishing my eighth decade, running to 90.

Yusuf Islam: Allahu Akbar!

Mawlana Shaykh Nazim: What shall we do?

Yusuf Islam: Wait for the meeting with Allah!

Mawlana Shaykh Nazim: Pray for me. Come, come, come. (hugs) Mashaa-Allah Yusuf, you may come any time; (this is) your home (and you are) like my son or grandson. Welcome, welcome, and send my salaams!

## Zeichen der Endzeit

Heute ist der letzte Freitag im Monat Saffar, morgen ist der erste Tag des Monats, in dem der Prophet* geboren wurde. Es ist eine große Ehre für uns, zur Gemeinschaft (umma) von Muhammad* zu gehören. Alle Propheten haben, als ihnen das Prophetentum gegeben wurde, zu Gott gesagt: Wir geben unser Prophetentum dafür her, wenn Du uns zu einem gewöhnlichen Mitglied der Gemeinde Muhammads* machst.

Wir können uns die Stufe der Propheten nicht vorstellen. Die Ehre der Menschen enspricht der ihrer Propheten. In dem Maße, wie Allah dem Propheten* Licht gegeben hat, bekommen auch wir Licht und Rangstufen. Doch Allah hat den Propheten geantwortet: Ihr seid die Überbringer meiner Botschaft. Wenn mein geliebter Muhammad* zu eurer Zeit erscheint, dann seid ihr nicht mehr Propheten, sondern dann müßt ihr ihm folgen. Jetzt gibt es die umma von Mose oder Jesus nicht mehr, nur die umma von Muhammad*. Wenn Jesus oder Mose jetzt lebten, würden sie der Gemeinde Muhammads* angehören. Unsere umma ist das Volk der Endzeit, und der Jüngste Tag wird über sie hereinbrechen. In diesem Monat sind es 1461 Jahre her, daß der Prophet* in diese Welt kam. Er zeigte einmal am Beispiel des Längenunterschiedes der letzten beiden Finger seiner Hand, wie wenig Zeit der Welt noch verblieben ist bis zum Jüngsten Tag. Er sagte: Ich bin gesandt worden zu einer Zeit, die noch so lange ist, wie die Zeit zwischen dem Nachmittags- und dem Abendgebet (im Vergleich zum ganzen Tag). Solange meine umma auf dem geraden Weg geht, ist ihnen ein

Tag gegeben von Allah. Wenn sie dann ihren eigenen Vorstellungen nachlaufen, wird ihnen noch ein halber Tag gegeben. Ein Tag bei Allah ist tausend Jahre auf der Erde, ein halber Tag fünfhundert Erdenjahre. Muslime töten jetzt Muslime, und das ist kufr (Unglaube). Der Zustand der islamischen Welt ist allen bekannt. Wenn ein Gläubiger einen Gläubigen tötet, wird er zum Ungläubigen. Wer zeigt in unserer Zeit noch den geraden Weg? Deshalb sind ihnen noch fünfhundert Jahre gegeben.

Neunddreißig Jahre sind noch übrig, bis die fünfzehnhundert Jahre voll sind. Hunderte von den vorhergesagten Zeichen sind eingetroffen und zur Vergangenheit geworden. Jetzt ist das Ende der Welt nahegerückt. Nur noch zehn große Zeichen sind zu erwarten. Das letzte noch fehlende von den kleinen Zeichen ist ein großer Krieg. Es dauert nur noch ein bißchen. Die große Explosion wird schrecklich, wer davonkommt, hat großes Glück gehabt. Nur bei Allah findet ihr Schutz, fi fadl'illah (Er ist der einzige Beschützer). Vorhergesagt war, daß die Welt in zwei Seiten gespalten sein wird. Und jetzt gibt es so viele, die Streichhölzer anzünden, um die Welt in Brand zu setzen.

Bleib auf Allahs Weg, denn wer links oder rechts abweicht, ist in Gefahr. Mach die Augen auf! Gehörst du der Welt oder dem Herrn? Wenn du für den Herrn sein willst, mach die Augen auf. Der Krieg wird alle, die zu sterben verdienen, wegräumen, und die Welt wird sich erholen. Bis zum Jahr 2000 wird der Krieg zu Ende sein, auch das Erscheinen von Mehdi (a.s.), das Erscheinen des Antichristen und die Herabkunft von Jesus Christus erwarten wir noch vor Beginn des 21. Jahrhunderts.

- 01.01.1987

## Das Zeitalter von Mahdi (as)

(Engl.: AgeOfMahdi)

Dastur ya Sahibu z-Zaman (as). Madad ya Rijal Allah (swt). As-salamu alaykum. Ihr Gläubigen und Muslime. Alhamdulillah, daß Er (swt) uns den Monat Rajab al Murajjab gewährte, den Monat Allahs (swt). Möge er ein gesegneter Monat für euch alle sein, für die muslimische Welt und besonders für die Leute Ägyptens. Möge Allah (swt) uns vor der ganzen Fitna - Verderbtheit - schützen. Ich bin ein schwacher Diener. Es kam mir in den Sinn, zu den Leuten Ägyptens, den Muslimen Ägyptens zu sprechen. As-salamu alaykum, ihr Leute Ägyptens, des größten Landes, des größten und stärksten Landes in der muslimischen Welt. Ägypten! Misru l-Mah'rousa - das geschützte Ägypten. Geschützt seit der Zeit des Propheten (saws) bis in unsere heutige Zeit. Sie halten am Islam fest und glauben und danken Allah (swt) für Seine (swt) Gunstbezeugungen für sie, daß sie die Religion des Islam angenommen haben. Und sie verteidigten den Islam gegen die Nicht-Muslime, die Ungläubigen und Verderbten, bis zum Jahr 1952. Sie verteidigten die Sharia des Islam und verherrlichten sie. Wir bitten Allah (swt), daß sie in dieser Sache unterstützt werden und daß sie zurückkehren zu dem, wie sie waren vor der satanischen, glaubenslosen Revolution. Diese Teuflischen! Weil sie gegen die Muslime waren und den König Faruk ins Exil trieben aus seinem Land und die Kontrolle übernahmen mit falschen Versprechungen. Sie unterstützten Shaytan, den schlimmsten Feind des Islam. Diese Leute, die die

Revolution in Ägypten verursachten, veränderten die Geschehnissen von Anfang bis Ende. Und sie brachten ein System, ein lumpiges System Shaytans. Sie waren die schlimmsten Feinde der Muslime von verschiedenen Religionen und Nationen. Und sie kamen mit falschen Versprechungen, bis es zu dem Punkt kam, an dem wir jetzt sind.

Ihr Leute Ägyptens, ihr seid die Ehre der Muslime, mit ihren Gelehrten, ihren Königen, mit allem, mit dem sie umgingen im Namen des Islam. Sie setzten all ihre Bemühungen in die Einhaltung der islamischen Sharia. Dann, ihr Muslime, Leute Ägyptens, kam der Abend der Lailatu l-Raghaib im Rajabu l-Murajjab, Raghaib - Wünsche. Raghaib - Wünsche kam. Vielleicht ist heute der 10. oder 11. Tag des Monats. Möge er voller Segnungen für euch sein! Wir bitten Allah (swt), daß in diesem gesegneten Monat euere Situation richtig gestellt wird in Übereinstimmung mit der mächtigen Sharia. Das ist unsere Hoffnung für die Leute Ägyptens. Ich erinnere euch daran, ihr Muslime, weil Allah (awj) sagt: "Wa Dhakkir.." (51:55) Erinnere - das war an den Propheten (saws) gerichtet. Zu erinnern, es ist wichtig zu erinnern. Und wir sehen die Situation, was im vergangenen Jahr geschehen ist. Shaytan und seine Unterstützer pflanzten den Samen des Unglaubens im Land, in den Ländern. Und bis jetzt durch die Tyrannen und jene, die ein tödliches Gift in die Gedanken der Muslime einleiteten und sie in Gruppen spalteten. Ihr Leute Ägyptens, ihr versteht Arabisch. Was hat der Prophet (saws) gesagt? 'Meine Nation wird in 73 Gruppen gespalten werden. Sie werden alle in der Hölle landen bis auf eine.' Sie fragten: 'Wer sind sie, ya Rasulullah?' Er sagte: 'Sie sind jene, die mir und meinen Sahaba (as) folgen. Diejenigen, die mit mir und meinen Sahaba (as) sind.' Das ist sehr klar. Und alle anderen, die verderbten Leute, sind Leute der Hölle.

So möge der Monat des Rajabu l-Murrajab, der Monat Allahs (jwa) für die Leute Ägyptens gesegnet sein. Und ich sehe die Situation jetzt, daß die Leute diskutieren und einander bekämpfen, um einen Präsidenten zu wählen. Eine Eingebung kam zu mir, und ich frage mich wegen dieses Präsidenten, kam der Befehl vom Präsidenten der Himmel? Ihr Leute Ägyptens, glaubt ihr, daß der Herr der Himmel ein Präsident ist oder ein Sultan? Allah (jwa) ist der Absolute Sultan, der König der Könige, der Schöpfer der gesamten Schöpfung. Er (swt) ist Einer. Wurde Er (swt) gewählt? Von woher brachtet ihr dieses Präsidentialsystem? Ich spucke auf die, die befürworten, daß es in Ägypten einen Präsidenten geben sollte. Hasha! Er wird nie Erfolg haben. Um Erfolg zu haben müssen sie einen König bringen, um zu herrschen mit dem, was Allah (jwa) befohlen hat. Das ist genug für uns als Ratschlag für alle, weil wäre ihnen befohlen worden, einen Präsidenten zu wählen, wäre das vom Präsidenten der Himmel gekommen. Wir würden das anerkennen, aber in den Himmeln gibt es einen Sultan, keinen Präsidenten und keine Wahlen. Diese Dinge wurden von den schlimmsten der

Ungläubigen gebracht. Schande auf sie! Schande auf die Gelehrten von Ägypten. Weil sie sie nicht aufklären über diese Angelegenheit, daß in den Himmeln ein Sultan ist für die Himmel und die Erde. Wie könnt ihr da argumentieren, einen Präsidenten zu wählen. Schande auf euch, Leute von Ägypten. Schande auf euch! Nicht nur 1x, 70x!
Kehrt zur Shariat Allahs (swt) zurück. Damit ihr einen König in Ägypten bekommt, der dem Khalifa entsprechend den Prinzipien des Propheten (saws) folgt. Von Sharif zu Sharif. Und genau das trifft auf den König von Jordanien zu, Seine Königliche Hoheit, König Abdullah. Er ist der letzte der Nachkommen des Propheten (saws). Es ist verpflichtend für die Muslime, ihm zu folgen und ihm Baya zu geben, weil er das Banner des Islam trägt. Er wird es tragen bis zum Erscheinen von Mahdi (as). Ihr Gelehrten Ägyptens, mein Arabisch ist gering, aber ihr versteht davon eine Menge. Und dieser schwache Diener erinnert euch daran, daß Allah (jwa) sagte: "Wa Dhakkir Fa'inna Adh-Dhikra. Tanfa`u l-Mu'uminina" (51:55). Wenn das, was ich sage, falsch ist, ist meine Strafe von Allah (swt). Wenn es stimmt, dann werden Allah (awj) und Sein Prophet (saws) mich belohnen. Ihr Gelehrten von Ägypten, ihr Gläubigen, laßt das und spaltet euch nicht. Allah (jwa) ermahnt euch. Ihr Leute, "Wa A`tasimu Bihabli Allahi Jami`an Wa La Tafarraqu" (3:103). Wie kommt es, daß ihr verschiedene Parteien macht in Ägypten? Habt ihr keine Religion, keinen Glauben, keine Tugend, keine Ehre? Wie könnt ihr das annehmen? Wie könnt ihr die Befehle Allahs (swt) ablehnen, wenn Er sagt: 'Und spaltet euch nicht' (3:103)? Wenn ihr dem nicht folgt, wird Allah (swt) euch eine Lektion erteilen, eine Lektion, die es noch nie vorher gegeben hat.

Diese Ansprache wurde in mein Herz eingegeben, einem schwachen Diener und auch noch ungebildet. Ihr seid die Gelehrten. Wehe den Gelehrten, die gegen die Befehle Allahs (swt) verstoßen. Die schlimmste Strafe am Tag der Auferstehung ist für die Gelehrten. Ihr Gelehrten, bewahrt euere Ehre, zeigt, was wahr ist und kehrt zur machtvollen Sharia zurück und laßt diese Präsidentschaft sein. Schluß mit den Wahlen! Ich warne euch! Ich warne euch! Seid gewarnt, sonst "Inna Batsha Rabbika Lashadidun" (85:12). Er (swt) wird euch eine Lektion erteilen, Er (swt) wird nicht einen von euch übrig lassen. Die Rache nähert sich, die Rache vom Herrn der Himmel und der Erde. Ihr gewöhnlichen Leute Ägyptens, seid nicht stolz auf diese Leute, die noch immer den Fußstapfen jener schlimmsten Ungläubigen hinterhertappen, die die Macht des Islam und seiner Leute nicht erscheinen sehen wollen. Er wird erscheinen! Die Zeit ist gekommen für Mahdi (as) zu erscheinen. Und seine (as) Rache ist mächtig, weil seine (as) Rache von Allah (swt) ist. Wa Min Allaha t-Tawfiq.

Ich bin schwach, ich bin müde. O mein Herr, vergib uns und nimm die Lasten von uns. Sende uns einen König, damit wir auf Deinem Weg kämpfen können, o unser Herr, o unser Herr, o unser Herr.. Wehe uns, wenn wir nicht auf Deine Befehle hören, o unser Herr. Tawba ya Rabbi, Tawba ya Rabbi, Tawba ya Rabbi... Ihr Heiligen Ägyptens, Nujabaa, Ya Budala', erreicht die Muslime in Ägypten. Ihr Männer Allahs (swt), ihr Männer Allahs (swt), seht die schlimmsten Leute. Wir erbitten Sicherheit vor ihnen. Vergib uns und sei barmherzig mit uns, o unser Herr, o unser Herr, o unser Herr. Ya Sayyidi l-Awwalin wa l-Akhirin, Ya Habib Allah (swt), ya Rasulallah. Laß zu dir uns wenden, sende uns den, ya Rasulullah, der alle Dinge regeln kann, der alles an seinen Platz stellen wird. Sende uns Mahdi (as), den Gerechten König. Bittet um den Mahdi (as), sagt keinen Unsinn über Mahdi (as), die Rache der Himmel wird sofort über euch kommen. Keiner der Leute, die gegen diese Worte sind, wird diesen Gesegneten Ramadan erreichen und dieses Gesegnete Fest. Tawba ya Rabbi. Ich habe erklärt, was mir in mein Herz gegeben wurde. Dank sei dir, o Prophet (saws) Allahs (swt). Tawba ya Rasulallah, ya Rabbu l-'Izzati wa l-'Azama. Herr der Himmel. O unser Herr, um Deines Geliebten Propheten (saws) willen Wa Bihurmati l-Fatiha. Tubna Wa Raja'ana Ilayk Ya Rabbana.
Das ist mein Arabisch. Wer versteht, mag verstehen und hat die Erlaubnis, es für die Zuhörer zu korrigieren und es zu bearbeiten und den Muslimen zu präsentieren. Möge Allah (swt) sie alle mit Gutem belohnen, besonders den Shaykh der Az'har ash-Sharif und die übrigen Gelehrten, deren Hände wir küssen, wenn möglich auch die Füße. Ich würde sie küssen, weil sie Leute des Wissens sind. Sie sind geehrt und gepriesen. Tawba ya Rabbi. Fatiha. Alle Nationen sind bankrott, erledigt. Die Herrschaft muß zurück an die Könige gehen, mit Allahs (swt) Erlaubnis, mit dem Befehl Allahs (swt). Es ist nicht möglich für irgendeine Macht, sie anzuerkennen und wieder in ihre frühere Stellung einzusetzen. Das wird allen muslimischen Ländern geschehen. Und unterstützt jetzt den König von Jordanien, der von den Nachkommen des Propheten (saws) ist und dem wir Baya', den Treueschwur gegeben haben, weil er den Familienstammbaum des Propheten (saws) vertritt in unseren Tagen jetzt. Und unsere Tage sind jetzt die Zeit Mahdis (as).

Möge Allah (swt) ihm Macht und Ehre und Lobpreis geben. Denn er trägt eine große Verantwortung. Möge Allah (swt) ihn unterstützen. Möge Allah (swt) ihn ehren. Möge Allah (swt) ihn preisen um Seines (swt) Propheten (saws) willen. Kehrt um und gebt ihm Baya' - den Treueschwur. Wer ihm nicht Baya' gibt, hat Baya' mit Shaytan und seinen Anhängern. Wehe ihnen! Ich ermahne euch. "Fadhkuruni" - Deshalb erinnert Mich, "Adhkurkum" - Ich werde euch erinnern. (2:152)
Allah! Subhansin ya Rabbi. Sultansin ya Rabbi. Du bist kein Präsident einer Republik! Ist Er das? S.N:

Hasha! M: Oder ist Er Sultan? Ihr Gelehrten, was sagt ihr? Ist Allah (swt) Präsident in den Himmeln oder Sultan? Sultan der Welten. Allah (swt) bekleidete den Propheten (saws) damit, Sultan der Welten zu sein. Kehrt zu ihm zurück und hört auf ihn, dann werdet ihr gerettet und geehrt. Allah (swt) wird euch mit Ruhm und Ehre bekleiden hier und im Jenseits. Schärft euere Schwerter an denen, die gegen die Muslime sind. Fatiha. Willkommen den Leuten Ägyptens. Ärgert euch nicht über mich, denn 'Wahrlich, die Rache Deines Herrn ist Mächtig.' (85:12) Geht gegen euer Ego und euere egoistischen Wünsche an. Geht gegen euer Ego und euere egoistischen Wünsche an. Ihr versteht, ihr Gelehrten. Masha'Allah, Masha'Allah! Ich bin glücklich, daß die Leute Ägyptens meine Ansprache annehmen, und wer diese Ansprache nicht annimmt, wird den Monat Ramadan nicht erreichen. Dies ist eine Warnung für sie. Fatiha.
Mein Herz ist voll, aber meine Lage ist schwach. Ihr Leute Ägyptens! Mein Großvater ist auch aus Ägypten! Von Yusuf Pasha Surughi. Er ist mein Großvater. Aus Alexandrien. Ich habe die Ehre, zum ägyptischen Volk zu gehören, weil sie ein Volk sind, das Wissen hat, Würde, Kraft und Festigkeit. Und sie haben hohes Streben. Allah! Allah (jwa) erwählte Sayyidina Yusuf (as), König über sie zu sein, nicht Präsident. Ihr solltet euch schämen, Leute von Ägypten! Sayyidina Yusuf (as) nahm vom Pharao und tat sein bestes für die ägyptischen Leute. Sayyidina Yusuf (as) tat sein bestes. O Ägypter, wacht auf! Allah (awj) erwählte Sayyidina Yusuf (as), König für euch zu sein, nicht ein gewählter Präsident. Erinnert euch und wacht auf, ihr Leute Ägyptens! Ihr Gelehrten, wehe euch, wenn ihr nicht aufwacht! Fatiha. Das beste der Länder ist eueres, Ägypten. Ich liebe Ägypten. Warum? Masha'Allah, wegen ihres Adels, ihrer Großzügigkeit und ihres Mutes. Und ihres Adels... Adel, sie haben ihn. Und sie haben Mut und Tugend. Allah (jwa) gewährte es euch. Wehe dem, der dies leugnet, und gute Nachrichten denen, die glauben, der größte Lohn. Kommt zu Haqq! Und nehmt es an und seid Verteidiger der Wahrheit. Haqq zu verteidigen ist nicht wie Falschheit zu verteidigen. Naudhu Billah! Naudhu Billah! Möge Allah (swt) den Leuten Ägyptens eine Öffnung geben. Ärgert euch nicht über mich. Ich bin ein schwacher Diener, aber niemand kennt die Nähe eines anderen zu seinem Herrn. Korrigiert meine Ansprache. Dies sind nicht meine Worte. Und erklärt den Dienern des Herrn zwischen Ost und West. Subhana Allah! Subhana Allah! Sultan Allah! Subhana Allah! Sultan Allah! Unterstützt uns, Männer Allahs (swt)! Unterstützt uns, Männer Allahs (swt)! Unterstützt uns, Männer Allahs (swt)! Unterstütze uns, Sahib az-Zaman (as). Fatiha. Möge Allah (swt) euch mit dem besten Lohn belohnen. Ich bete 2 Rakat für diese Ansprache. Ij'alna ya Rabbina fi Huzfika wa Amanika min Sharri sh-Shayatin Wa Min 'Azabi n-Nar Yawma l-Qiyamati. Fatiha.

## Canakkale – die Zielscheibe aller Christen

Das ganze System wird sich ändern. Der Baum ist innen verfault. Er wird umfallen. Es wird nicht so weitergehen.
Bis zum Rajab sind es noch fünf Monate. Es wird vielleicht dann sein, wenn bei euch Wahlen sind.
Rabbiul evvel, Februar, Rabbiul ahir, März, Jumada al Awwal, April, Jumada al akhir, Mai. Vier Monate.
Im fünften Monat, wenn die Wahlen stattfinden, ist Juni.

Dann ist Rajab. In dem Monat wird etwas passieren. Ich weiß nicht. Sie werden sich in Normalität wähnen aber etwas Anormales wird geschehen. Vielleicht wird kein neues Parlament mehr ernannt werden. Vielleicht wird das Wahlsystem aufgehoben. Vielleicht wird ein Einziger in der Türkei regieren und das Amt des Ministerpräsidenten wird abgeschafft.

Es wird aufgedeckt, wie man zum eigenen Vorteil mit dem Volk gespielt hat. Diejenigen, die sich gegen die Religion verbündet haben, hinterhältig sind, Leute reinlegen, werden verschwinden.

Zum Besucher: Darum wissen die, wie Sie heißen. Mit Ihnen sind Allahs Geschöpfe, die Sie beschützen.
Das sind starke. Wir – wir sind sowieso nichts. Wir werden sie dort benachrichtigen, wenn wir können.
Herrn Remzi werden wir auch erwähnen, wenn es geht, aber viel wird es nicht sein, denn wir kümmern uns

um die Leute hier.

Wenn derjenige dort unterschreibt und fragt, wie soll es sein Scheikh Efendi, werde ich sagen: macht es wie ihr denkt. Ich werde zu den Gesegneten sagen: greift an. Solche Leute findet man kaum und ich mische mich nicht ein. Ich werde nicht mehr zur Rechenschaft gezogen aufgrund meines Alters, wenn ich meinen Mund aufmache ....Was soll's. Beschäftige dich nicht damit. Kümmere dich ausschließlich um deine Aufgabe.

Besucher: Inshallah, inshallah.

Scheikh Nazim: Tu was du kannst.

Besucher: Ich werde tun, was Sie wollen, jedem Befehl gehorchen.

Scheikh Nazim: Erwarte nichts dafür.

Besucher: Natürlich nicht. Nur für Allah tut man das, mit Seiner Erlaubnis.

Scheikh Nazim: Für wen arbeiten wir? Für das Volk oder für den Schöpfer?

Besucher: Erst für den Schöpfer, dann für das Volk.

Scheikh Nazim: Für den Schöpfer! Dann ist unsere Arbeit leicht.

Ich werde sofort unterschreiben und man wird sie hinfort nehmen. Mir reicht es mit diesen Parlamenten. In jedem Land, nicht nur bei uns. Es geht immer darum was sie machen werden, wie sie es machen sollen. Die Osmanen hatten Pläne und wussten was sie tun wollten. Sie hatten großartige Pläne für ihr Reich. Warum wurde so viel Blut vergossen. Allah hätte ihnen nicht geholfen, wäre es für diese Welt gewesen. Da es aber für Allah war, hat ER ihnen geholfen. 700 Jahre lang haben sie regiert, auf drei Kontinenten. Die Osmanen hatten einen Plan.

Was wurde in der Republik geleistet? Man hat sehr viel Schlechtes gemacht, was uns nicht entsprach. Sie haben uns alles aufgezwungen und alles durcheinander gebracht. Die Osmanen hatten ein Ziel. Als die Soldaten auf Kizilelma (osmanische Bezeichnung für Moskau) zu marschierten, fragten sie, was ist Kizilelma. Als die muslimischen Soldaten, die Janitscharen, das fragten, hieß es: es ist das Land auf

den das Pferd unseres Sultans seinen Fuß gesetzt hat. Das ist Kizilelma! Dort ziehen wir ein. Was will die Türkei? Welchen Plan hat die Türkische Republik? Das Erbe ist in ihren Händen. Was haben sie damit gemacht? Was haben sie jetzt vor? Nichts, gar nichts. Es ist wie mit einem verfallenen Haus, das bald einstürzt. Und dieses Gebäude hat 700 Jahre überdauert. (Zum Besucher): Was ich Ihnen vorhin dort hinten gezeigt habe, birgt ein wichtiges Geheimnis.

Es gab einen Höhepunkt und dann änderte sich alles. Der Aufstieg ist etwas anderes als der Zerfall. Wir waren auf dem Höhepunkt, danach ging es langsam bergab. Die 700jährige Herrschaft des Sultanats auf Erden sollte beendet werden und dafür musste man Truppen mobilisieren. Zuletzt haben sie in Canakkale ihre ganze Kraft vereint, um das Reich zu zerstören. Es ist ihnen nicht gelungen. Danach haben sie unter Verlust des Blutes von 250.000 Märtyrern den Bosporus geöffnet und gesagt: bitte sehr, kommt herein.

Warum habt ihr diese Schlacht geführt! Enver, Talat und der andere war Cemal. Wenn ihr den Bosporus sowieso öffnen wolltet, warum habt ihr 250.000 Menschen geopfert? Hättet ihr den Bosporus geöffnet und sie wären dann hereingekommen, wäre es ehrenvoller gewesen. Du hast die Ehre mit Füßen getreten, den Bosporus für die Ungläubigen geöffnet, damit sie die islamischen Gärten betreten. Es wurde so viel falsch gemacht. Danach war der Hauptpfeiler des Islams das Ziel der Christen. Ein Zelt ohne Hauptpfeiler stürzt ein. Als sie mit Canakkale fertig waren, haben sie dafür die Tore geöffnet. Und ganz zum Schluss haben diejenigen, die ganz Anatolien mit Statuen ausgestattet haben, in sieben Minuten das 700jährige Osmanische Reich aufgelöst. Was bedeutet das? Ist das etwa dein Recht?

Ein Parlament hat dir nicht genügt. Du musstest auch noch das Sultanat auflösen! Der Beschluss kam, dass das Sultanat aufgelöst werden sollte. Das Sultanat wurde aufgehoben und die Republik ausgerufen. Wer hat dir die Erlaubnis dazu gegeben? Hat das Volk sie dir gegeben?

Hat das Volk sich geopfert, damit das Sultanat gestürzt wird? Und es war ein islamisches Sultanat. Es gibt kein Sultanat mehr. Es gibt kein islamisches Sultanat mehr in der Türkei. Es ist ein wertloses Land. Die Leute sind wie halb totgeschlagen. Unseren Kadir Misiroglu kennst du? Er

schreibt die Wahrheit über die Vergangenheit. Das 700jährige Reich wurde in 7 Minuten aufgehoben. Der Sultan ist durch himmlischen Befehl gekommen. Er wurde nicht gesandt, um das Sultanat auszulöschen. Mit den Russen hat man sich geeinigt. Ismet fuhr zum Verhandeln nach Russland und danach wurden von dort Waffen geliefert.

Sie kennen sich besser aus. In den Geschichtsbüchern sind die starken Waffen der Russen zu sehen. Sie kamen rechtzeitig gegen die Griechen. Es war die Kraft des Glaubens, aber es kamen viele Waffen. Darüber gibt es drei Geschichtsbücher und wir haben sie gelesen. In der ersten Klasse das allgemeine Geschichtsbuch, in der zweiten Klasse das osmanische Geschichtsbuch, in der dritten Klasse das Buch über die Reform.

Ich erinnere mich daran. Nicht mit meinem Verstand erinnere ich mich, sondern durch spirituelle Kraft erinnern sie mich daran. Wir werden die Leute retten. Die anderen werden wir bloßstellen, ihre Lügen aufdecken und das, was sie den Leuten antun wollten. Es werden genügend Leute darauf vorbereitet. Sie werden alles aufdecken. La hawla wa la quawwata...

Grausamkeit ist nicht von Dauer. Wenn Grausamkeit fortbesteht, zerstört sie, verwüstet sie. Die Grausamkeit dauerte bis zu einem bestimmten Punkt. Das Volk wird die Zeit erreichen, wenn die Grausamkeit sich auflösen wird. Es wird sein wie ein gestrickter Strumpf, den man wieder aufmacht.

Allah soll uns vor schlechten Dingen, schlechten Taten, schlechten Leuten, dem Schlechten unserer Nafs, schützen. Es gibt so viel und wir wissen es nicht einmal.

Fatiha

## Zu anderen sei tolerant und vergib

Alle Propheten sind nur gesandt worden, um die Menschen auf den rechten Weg zu führen. Unser Ego ist auf dem falschen Weg, weil es alles so haben möchte, wie es ihm gefällt. Es akzeptiert niemals, dem Befehl von jemand anderem unterstellt zu werden, es erhält nicht gerne Befehle. Es möchte frei sein und alles tun können, was und wie es will. Und von den Milliarden von Menschen möchte jeder etwas anderes, hat jeder andere Ansichten, andere Sehnsüchte und Verlangen, andere Absichten. Jeder hat verschiedene Absichten, und du kannst keine zwei Leute mit derselben Absicht finden. Das Ego möchte immer allein sein, der Einzige sein. Es kann es nicht ertragen, daß jemand anderes wie es selbst ist. Kein Arzt will, daß ein anderer so ist wie er, kein Anwalt möchte einen Teilhaber, er möchte unabhängig sein. Der General wünscht, daß ihm keiner gleichkommt. Jeder Geschäftsmann will der erste sein. Aus diesem Grund unterscheiden sich die Sehnsüchte und Absichten jedes einzelnen von denen der anderen, so viel es auch Menschen geben mag. Wenn man nun jeden tun und lassen ließe, würde diese Welt ins Chaos stürzen, und es wäre unmöglich, in solch einer Welt zu leben. Deshalb hat Allah die Propheten gesandt mit einem Weg, auf dem zu gehen sie die Menschen lehrten, damit sie nicht auf verschiedenen Wegen sich verlieren würden, denn es gibt eine endlose Zahl an verschiedenen Wegen, aber nur einen geraden Weg. Die Zahl der falschen Wege ist endlos. Jeder Prophet kam also, um die Menschen zum wahren Weg zu rufen. Der wahre Weg ist nur einer, die falschen Wege sind unzählig. Gemäß eurer Ansichten oder Absichten gibt es endlos viele Wege, doch der wahre richtige Weg ist

nur einer. Das bringt die Egos dazu, ungehorsam zu sein, und sie mögen es niemals, gehorchen zu müssen. Das Ego möchte seiner eigenen Meinung folgen, es will sich keiner Disziplin unterwerfen müssen. Es verlangt nach absoluter Freiheit, es muß ihm frei sein, alles zu tun. Das Siegel der Propheten kam mit einer himmlischen Botschaft, mit der alles erklärt und festgelegt war, was wahr ist, denn für alles gibt es ein Richtig und Falsch. Er brachte einen Maßstab, indem er den Leuten zeigte und sie lehrte, was wahr ist und was falsch ist. Wir leben in Gesellschaften zusammen, und es entstehen Schwierigkeiten im Zusammenleben, wenn man mit jedem auf beste Weise auskommen will. Man muß fähig sein, mit Menschen in Güte umzugehen, wenn man von den Menschen um sich herum auch nicht mit Güte behandelt wird. Man muß dennoch gut mit ihnen verfahren.

Großscheich hat immer gesagt, ein Murid muß so sein: „Wenn von einem der Brüder oder Schwestern innerhalb von vierundzwanzig Stunden vierundzwanzig unliebsame Dinge zu einem kommen, soll man sie sich nicht merken, sondern mit ihm oder ihr in Güte verfahren, ohne irgendeine Veränderung stattfinden zu lassen.“ Und sagen: „Das ist mein Bruder, meine Schwester, und wenn das wahr ist, dann kann nichts meine Beziehung zu ihm oder ihr verändern nur wegen ein paar unliebsamer Handlungen.“

Das ist die höchste Ebene von gutem Charakter, fähig zu sein zu verzeihen, fähig zu sein, Entschuldigungen gelten zu lassen. Wenn jemand sich entschuldigt, lehne ihn nicht ab. Du liebst ihn um Allahs willen, und Er hat ihn so geschaffen. Der Herr ist glücklich mit Seiner Schöpfung, warum bist du es dann nicht? Wenn Er nicht glücklich damit wäre, hätte Er ihn nicht geschaffen. Er ist glücklich mit jedem. Und Er hat seine Freude an Seiner Schöpfung und kennt unsere Schwäche. Wir verhalten uns nicht immer gut ihm gegenüber, Er weiß, daß wir größtenteils alles falsch machen. Und doch geht Er mit den Dienern auf beste Art und Weise um.

Ein Murid muß diese Haltung Allah gegenüber haben. Auch wenn die Menschen nicht beten, schneidet Allah sie nicht von Seiner Gnade und Seinem Segen ab, Er behandelt sie dennoch auf beste Weise. Jedes Feuer, jede Krise, alles Leid ist von den Menschen selbst verursacht. Es ist alles verursacht durch unser schlechtes Ego. Es verhält sich mit anderen Menschen auf die schlechteste Weise, zeigt keine Toleranz und nimmt ihre Entschuldigungen nicht an.

Doch Allah akzeptiert immer die Reue und schenkt Vergebung. Deshalb ist der unter den Menschen der Beste, der am meisten Toleranz und Vergebung gibt, er ist der beliebteste unter den Dienern und der am nächsten Gestellte in der Göttlichen Gegenwart.

Rasulallah, sall allahu alaihi wa sallam, hat dreimal einer Person die gute Botschaft gegeben, daß sie von den

Paradiesbewohnern sei. Drei Tage hintereinander, und einer der Sahabas fragte diese nach dem Grund dafür. Er sagte darauf: „O mein Bruder, wenn ich mich abends hinlege, sage ich: ‚O mein Herr, wenn irgend jemand heute mich schlecht behandelt hat, verzeihe ich ihm‘, und bis zum Morgen vergesse ich und begrabe ich die Erinnerung daran, ohne sie jemals wieder herauszuholen. Wenn man ein Grab öffnet, steigt ein schlechter Geruch daraus hervor. Ich begrabe die Schlechtigkeit von den Leuten und komme nie mehr darauf zurück. Und ich bitte meinen Herrn um Vergebung. ‚O mein Herr, ich brauche Deine Vergebung.‘“
Das ist die beste Qualität von Menschen, die keine Möglichkeit für Satan offen läßt, seine Freundschaft mit dem Ego fortzusetzen. Satans Ratschlag ist immer, die Feindseligkeit aufrechtzuerhalten, und die meisten Menschen hören auf Satans Rat.
Großscheich sagte: „Wenn vierundzwanzig Verletzungen täglich zu dir kommen, hebe keine auf bis zum nächsten Tag. Sie müssen alle begraben werden. Der heilige Prophet lehrt uns, was das Beste für uns ist hier und für das nächste Leben. Feindseligkeit ist äußerst unerwünscht, Allah mag sie überhaupt nicht. Seid tolerant und großmütig im Verzeihen mit den Leuten. Es muß unter uns immer Ignoranten geben, doch ihr selbst dürft deswegen nicht ignorant werden. Wenn ihr euch für etwas rächen wollt oder antwortet, dann kommt ihr von hoch oben auf seine Ignoranzebene herunter und macht euch selbst dadurch zu Ignoranten. Haltet eure Herzen in Erleichterung und Erleuchtung. Geht mit Güte miteinander um, und Allah ist gütig zu euch.

## DIE ZUFLUCHT

Am besten ist es für den Menschen, mit Allah zusammen zu sein. Deshalb sagt Er im Koran: Lauft zu Allah. denn der Mensch kommt oft in die Lage zu fragen: Wohin soll ich mich nur flüchten? Allah gibt die Antwort: Flüchtet euch zu Mir, und ihr findet Ruhe und Rast, Trost und Sicherheit. Den Satz "La ilaha ill Allah" auszusprechen, hat einhundertundeine verschiedene Auswirkungen, von denen die geringste ist, daß der, der es ausspricht, vor der Bestrafung im nächsten Leben gerettet wird. Wenn Unglauben das Herz verdunkelt, dann muß man sofort diesen Satz sprechen, um in Schutz genommnen zu werden. Wer sich fürchtet, wer sich erschrickt, soll sofort "La ilaha ill Allah" sagen. Die Sahabas flüchteten sich im dichtesten Gefecht im Krieg an die Seite des Propheten (FSmi), denn dort fanden sie Schutz und Geborgenheit.
Ein Schwiegersohn von Großscheich wurde in Damaskus von der Geheimpolizei gesucht, und sie fanden heraus, daß er bei Großscheich war. Damals töteten sie Tausende und häuften sie auf zu Hügeln. Nach dem Nachmittagsgebet trank unser Großscheich immer Tee. Als ein Wagen voller Soldaten ankam und sie die Treppe hinaufstürmten, kam der Großscheich heraus und fragte: "Was wollt ihr? Wird euch dieser Mann etwa stürzen, habt ihr Angst vor diesem Mann, weil ihr seinen Namen bekommen habt?" und er zeigte auf seinen zitternden Schwiegersohn. "Nein", sagte der Kommandant schlotternd vor Angst und Respekt, "wir wollen nur wissen, wo er ist, er soll in eurer Obhut bleiben." Vor Großscheich zitterten diese Soldaten wie nasse Hunde.

Als Dagistan von den Russen eingenommen wurde, wollten sie Abu Ahmed as-Sughuri nach Sibirien deportieren. Er stieg in den Wagen ein und sagte: "Fahrt doch los!" Von den Hufen der Pferde sprangen Funken, doch der Wagen bewegte sich nicht. Sie spannten zwei weitere Pferde ein, doch nichts tat sich. Sie luden ihn in den Zug ein und die Räder drehten leer durch. Schließlich ließen sie ihn wieder frei. Einer seiner Muride kam zu ihm und bat ihn um Hilfe, als Soldaten ihm sein Eigentum weggenommen hatten. Er nahm ihn bei der Hand und ging zum Kommandanten der Russen. Als der Großscheich dem Kommmandanten sagte, er solle dem Jungen sein Recht gewähren, zitterte jener mächtige General vor Angst und sagte: "Wie du befiehlst, mein Herr." Als man ihn später danach fragte, was geschehen sei, antwortete er, er hätte zwei schreckliche Untiere neben den Schultern des Großscheichs gesehen, die drauf und dran waren, ihn anzufallen und zu zerreißen.

Der berühmte Imam Hasan al-Basri wurde eines Tages von Soldaten verfolgt und suchte Schutz bei Habibul Acem, welcher ihn in einer Truhe versteckte. Als die Soldaten eintraten und fragten, wo er sei, sagte Habibul Acem: "Dort, in der Truhe." sie durchsuchten alles und tappten dabei mehrmals auf Hasans Kopf, doch sie bemerkten ihn nicht. Als sie weg waren, kam er heraus und fragte Habibul Acem: "Wieso hast du mich in Schutz genommen und dann verraten? Allahs Freunde sind furchterregend. Man muß sich bei ihnen in Schutz begeben." - "Lügen steht mir nicht zu", sagte Habibul Acem, "aber wer sich in unsere Obhut flüchtet, den werden wir nicht enttäuschen."

BookGenerelleAntwortaufalleFragen

## Zum Mond oder nicht zum Mond

Ya Allah ... medded ya sultan al-anbiya' Wir müssen diejenigen Leute um Hilfe bitten, die Allah dem Allmächtigen nahe sind, die Freunde Allahs und Freunde Seines geliebten Dieners Muhammad (s.a.s.). Ihr müßt sie um Hilfe und Unterstützung bitten, denn ohne ihre Hilfe könnt ihr nichts erreichen. Es ist wie mit einer Batterie, auf der geschrieben steht: „Diese Batterie reicht nur für vier Stunden" – oder zehn Stunden oder einen oder zwei Tage, mehr oder weniger. Wenn diese Batterie nicht in Verbindung zu einer wirklichen Kraftstation steht, wird sie langsam schwächer werden und ihre Ladung verlieren, bis sie ganz leer ist.
In unserer heutigen Zeit achten die Leute nicht auf diese wichtige Sache. Sie setzen voraus, daß wir allein durch materielle Mittel erhalten werden, und glauben nicht, daß es jenseits des Materiellen einen spirituellen Unterhalt gibt. Mit dem Ende des Jahres 2000 hat diese Kraft ihren Höhepunkt erreicht, jetzt beginnt sie langsam – mit jedem Tag – abzunehmen. Die Unterstützung, um die sie baten, ist, gemäß ihren Vorstellungen, ökonomischer Natur. Sie dachten, daß das Wirtschaftswachstum der Motor ihres Lebens wäre, der ihre Zivilisation und ihr gegenwärtiges Leben vorantreibt. Sie hofften auf ungehindertes wirtschaftliches Wachstum und glaubten, dieser Aufstieg würde ewig so weitergehen. Sie dachten, daß ihre Zivilisation und im besonderen ihre Technologie, die ausschließlich auf materiellen Aspekten beruht, andauern würde, so daß sie voranschreiten und Kraft gewinnen würden ohne Ende, solange ihre Wirtschaft sich ausdehnte. Dies war ihre Idee: eine stetige Entwicklung und Verbesserung, Ausdehnung, Wachstum und

Vermehrung. Sie dachten, wenn sie einen Stein auf den anderen setzten und einen dritten darauf und einen vierten, fünften, sechsten, siebten, achten ... hundertsten, tausendsten, zehntausendsten, hunderttausendsten jeweils oben auflegten, und nicht aufhörten, Steine, Millionen von Steine, aufeinander aufzutürmen, daß dieses Wachsen endlos weiterginge und sie auf diese Art vielleicht sogar den Bereich der Himmel erreichen würden. Ihre materialistische Planung sieht vor, diesen Ort in den oberen Luftsphären der Erde zu suchen. Sie sagen: „Wir brauchen keine Flügel. Wir könnten eine große Pyramide bauen, mit deren Hilfe wir nach ganz oben gelangen. Außerhalb dessen, was unser materielles Potential zu bieten hat, brauchen wir nichts. Nichts anderes.“ Das ist ihre Vorstellung, ihre materialistische Ansicht. Deshalb versuchen sie ständig, ihre Macht durch ökonomische Anstrengungen und Ideen zu vergrößern. Sie glauben, alles erreichen zu können, von der Erde bis zu den Himmeln. Jetzt haben sie die Spitze ihrer Technologie erreicht, die auf wirtschaftlicher Macht beruht. Das Jahr 2000 ist beendet, und Allah der Allmächtige möchte ihnen zeigen, daß all ihre ökonomischen Programme jenseits dieses Punktes sich nicht weiterentwickeln können.

Es begann abzunehmen, und jetzt sieht die ganze Welt einer Krise entgegen, einer ökonomischen Krise. Das ist ein Zeichen, daß der Grund seinen Aufbau nicht mehr tragen kann und das ganze Gebilde zu fallen beginnt. Dies geschieht nicht nur in Ländern wie der Türkei oder Syrien, Ägypten oder Rußland, Deutschland oder England, oder nur im Osten oder nur im Westen, sondern es ist ein allgemeiner Zusammenbruch, denn die Basis kann das wachsende Gewicht nicht länger tragen. Das, was ihre Vorstellung nährt, ökonomische Macht lasse sie alles erreichen, was sie im Kopf haben, beginnt sich zu überdrehen. Jetzt schauen sie und sehen, daß es zu Ende ist. Das Gewicht ist so enorm, daß selbst wenn der Grund aus stärkstem Granitgestein errichtet wäre, er durch die Schwere des Gewichts wie Sand herunterrieseln würde.

Allah der Allmächtige wünscht der Menschheit deutlich zu machen, daß sie die höchste Stufe von Stolz durch ihre Technologie erreicht haben, die vollkommen auf ökonomischer Unterstützung beruht. Er wünscht ihnen zu zeigen, daß all ihr ökonomischer Bestand nichts bedeutet. Wenn sie eine Rakete starten, kostet es sie Milliarden Pfund oder Dollar, doch im Austausch dafür bekommen sie nichts zurück. Sie geben vielleicht mindestens eine Milliarde Dollar dafür aus, einen Satelliten hochzuschicken, es kostet das Budget eines ganzen Landes. Alles, was sie dafür zurückbekommen, ist dieses Geräusch: ...wuuuuschsch ..., ... wuuuuschsch ..., da geht unsere Million Dollar dahin. Das können sich deshalb nur gößere leisten, aber keine

kleinen Staaten, und nicht einmal mittelgroße Staaten, nur supergroße Staaten wie wir, Deutschland oder Frankreich, England oder Rußland oder Japan ... Und wie lange können selbst die „king size“ Staaten solche Auswüchse des Unsinns tragen? Im letzten Viertel des 20. Jahrhunderts wurden so viele Raketen hinaufgeschickt, aber jetzt wird es weniger, weniger und weniger. Und mit der Zeit werden sie den Leuten nur noch einen alten Film von Raketenlandungen zeigen und sie betrügen. Sie werden keine neuen Raketen starten, sondern den Leuten nur erzählen, daß ein neuer Start stattfinden würde. Nach einer Weile werden sie nur noch so tun als ob und eine Computersimulation vorführen und vorgeben, sie hätten gerade den Mars erreicht. Allerorts werden die Kinder die Landung auf dem Mars verfolgen. „Wir erwarten, auf dem Mond Diamantenminen zu finden“, sagen sie, „so machen wir unsere Taschen bereit und geben sie diesem Mondfahrzeug mit, so daß sie aus den Minen gefördert und hierher gebracht werden können und wir einen großen Diamanten-Verkauf veranstalten. Aber statt desssen finden wir nur Staub ...“ Das sagen sie, aber ich glaube nicht, daß es so ist, wie sie sagen.

Ich werde einen Handel mit ihnen machen: Wenn sie akzeptieren, daß das Siegel der Propheten, der Friede sei auf ihm, in einer Nacht in die Himmel gefahren ist, dann werde ich glauben, daß sie den Mond erreicht haben! Amantu billah – oder ist es einer der Pfeiler des Glaubens, zu glauben, daß die Russen oder Amerikaner den Mond erreicht haben ...

**Orders for nafila prayer by MaulanaSheikhNazim**

**Every Day**

"It is a good advice for everyone to pray every morning before Fajr, "Subhana Rabbi-l wal hamdi, subhan alathi wa'staghir'ullah..." Do this 100 times between sunna and fard prayers in the morning." IlluminateYourHeart

"After morning praying, till sun rising, make 1ooo x 'Bismillahir Rahmanir Rahim'. Continue on it 4o days, then going to appear to you some rays of Nur, heavenly Lights. For every 4o days that rays going to be more stronger, till you can look and see what is in Malakut, Heavens! Who can do may do, through 4o days, must appear a ray from Heavens to his heart." BasisOfTrueServanthood

"Try it! Free! Trying is free; make it for one day that: 'I am going to say and to work on something today, to say: Bismillahir Rahmanir Rahim!' And finally look yourself at the end of the day and one day that you (are) never saying the holy Name of Allah, to say: Bismillahir Rahmanir Rahim." FashionsAndThings

"Astaghfirullah- We have to say this at least 100 x daily for Allah to accept our request for forgiveness." FriendsOfAllahLookAfterThousandsOfWorlds

"Therefore- at least daily you put your forehead for your Lord for Sajdah and at least you must say 70x : Astaghfirullah, Astaghfirullah, Astaghfirullah... O our Lord, forgive us!" HeavenlyWarningHearListenAndObey

"Audhu bi-llahi mina shaitani rajim ... at least 40 x daily you must use it, to be powerful, (because) that Shaitan (is) rushing on you!" MubarakForNewBeginning1429

"Therefore, I advise you all to awaken sometime during the last third of the night: even for five minutes. You must, however, be in a state of ritual purity. Then you must address your Lord: Oh my lord, come to me, as I can't come to You." PerfumeOfAttraction

Say at least 70 Astaghfirullah everyday. Send salatu salams 70 times. Say 70 times La Ilaha Illa Llah. WalkingCastle

**Rabbiul Awwal**

To glorify our Prophet (sas), say not less than 1000x salawat daily. MonthOfMawlidStarting

**Muharram**

"In the month of Ashura, everyday make 40 salawat shariff tunjina: 100 times, Hasbuna Allah Rabbuna Allah. 100 times say Bismillah er Rahman er Rahim. 100 times Ikhlas al Sharif. 100-1000 Salawat al Shariff." Muharram

**Safar**

"We have been ordered to make at least two raka`ats sajdah for our Lord and to ask forgiveness, even two raka`ats, and to say 300 times astaghfirullah." InstructionsForSafar

"Safar is the heaviest of months and I am fearing something happens through this month. As a protection, our grandshaykh (q) was saying that daily you must keep three times (recite) Kalimatu 'sh-Shahadah and 300 times astaghfirullah, and give sadaqah of even one penny (small daily charity), and keep at least one sajdah daily and pray for Ummah of Sayyidina Muhammad (s)." HonorIsToKnowWhatAllahLovesMost

**Rajab**

"I like whom they are going to be here to fast Thursday and Monday and keep yourself a little bit more saying, laa ilaaha illa-Llah Muhammadun Rasoolullah, and Darood Shareef. And try to make a khatm (one full reading of Holy Qur'an) while you are here; it is good for you." GuidanceForRajab

**Rajab and Shaban**

"Wenigstens könnt ihr euch eine halbe Stunde vor dem Morgengebet bis zum Sonnenaufgang und nach dem Nachmittagsgebet bis zum Abendgebet eine halbe Stunde (zum Rückzug) hinsetzen und zwischen Abend-

und Nachtgebet ebenfalls nur eine halbe Stunde."

- 17-19 Like this we punished them because they were unbelievers and never did We punish in such a way except those who are unbelievers. And We placed between them and the towns which We had blessed, towns easy to be seen, and We made the stages of journey between them easy. Travel in them safely both by night and day. But they said, our Lord! Make the stages between our journey longer. And they wronged themselves, so We made them as stories. SuratSaba
- 19 ... and We dispersed them all, totally. Verily, in this are indeed signs for every patient grateful person. SuratSaba
- 20 ... and, indeed, the devil did prove true his thought about them and they all followed him, except a group of true believers.

SuratSaba

- 21 ... and he (the devil) had no authority over them except that We would know who believes in the Hereafter from him who is in doubt about it. SuratSaba
- 21 And your Lord is Hafiz (Guardian) over everything. SuratSaba
- 22 Say (O Muhammad), “Call upon those you claim (as deities) besides Allah!” SuratSaba
- 22 They possess not an atom's weight, either in the Heavens or on the Earth, nor have they any share in either, nor is there from Him any supporters from among them. SuratSaba

### Sura 35 Al-Fatir

- 3 Hal min khaliqin ghayrullah. StopThem
- 6 Behold, Satan is a foe unto you, so treat him as a foe. He but calls on his followers to the end, that they might find themselves among such as are des-tined for the blazing flame. OurLordIsSufficientForUs
